APRIL SHOWERS? — They don't mean snow in the song, April Showers, but that's what Northville got late Sunday night and early Monday morning. This wintry

scene shows the one to two inch accumulation that bent limbs under its wet weight and closed the petals of a cold, lonely tulip barely visible in the foreground.

School Acts to Halt Bus Vandalism

Plagued by recent vandalism, Northville school officials have ordered that all buses be parked at Amerman school as a temporary stopgap measure.

Overnight parking at Amerman was begun Tuesday.

Meanwhile, school and police investigation into several acts of bus vandalism that have occurred since Easter is continuing.

At the suggestion of School Business Manager Earl T. Busard, police have widened their investigation to include the possibility of adult involvement — either inside or outside the school system.

Busard told The Record it is "unfair" to prejudge teenagers since there is just as much evidence to suggest that adults may be involved as teenagers. He did not elaborate, but he noted that high schoolers themselves have volunteered their services as watchmen because of the stigma the student body is suffering.

He suggested the public stop pointing its finger at teenagers until it is proven that they are involved.

After checking the sequence of events concerning the vandalism, Busard said, it seemed "reasonable" to expect a possible recurrence of trouble. Therefore, he requested a "stake-out" of the high school parking lot Sunday night. Police checked the area at least every 30 minutes, he said, but no vandalism occurred.

Just completing his first full week on the job, Busard reported to the board of education Monday night that he has investigated several ways of resolving the bus situation and that the parking arrangement at Amerman is but a temporary one.

He said he had discussed parking at Amerman with the police department and found that observation of the buses can be made better here than at the high school. The buses will be parked on an angle with their hoods close to the Eight Mile road fence, he said.

Furthermore, steps are being tak-

en to have lights installed in the Amerman parking area, Busard said. The police chief, he added, has pledged his full support.

"I also met with the city manager and received his assurance of complete cooperation of the city in any way possible. During the course of our conversation, we briefly touched upon the possibility of the construction of a mutual garage to serve both the city and our school district. I believe this possibility bears further investigation, prior to a final decision being made as to the site or extent of any garage facilities.

Busard also noted:

— That burglar alarms would cost approximately \$100 per bus and that they are not recommended by Guardian Alarms of Detroit;

— That parking of buses at the race track is discouraged because of complaints of citizens about lights;

— That parking at Eight Mile and Beck roads, although still a possibility, does not afford complete protection because the area is not fenced;

— That a request for suggestions from the administrative staff and citizens' groups at a meeting Friday did not result in a consensus of opinion.

— That David Soule, transportation specialist at Eastern Michigan university, recommended that some location be found immediately for parking where lighting and lights are available, and then to move as rapidly as possible in the direction of constructing a permanent fenced compound and garage.

Calling Candidates

Only a little more than two weeks remain for filing of nominating petitions for the Northville board of education. Deadline is 4 p.m. on Saturday, May 13.

Petitions are available at the board offices for the three seats up for election in June. Two seats are for four-year terms, one for a two-year term.

\$50,000 Fire Hits Home Second Time

Fire — the second in three years — gutted an Echo Valley home in Novi Saturday. Damage is being estimated at upwards of \$50,000.

Owners of the charred tri-level home at 23910 Woodham, Mr. and Mrs. George Lindoerfer, were not injured in the blaze. They were working at the time the fire was reported by neighbors at 12:52 p.m.

But smoke snuffed out the lives of the Lindoerfers' two prize poodles, one a rare and valuable, perfect runt. The dogs were found suffocated in the furnace room.

Faulty wiring in a passageway between the garage and the recreation room was singled out by Novi firemen as the cause of the fire.

Flames were primarily confined to the middle of the house, the family and recreation rooms and the upper-level, master bedroom, but the intense heat from flames that leaped 12 feet high from windows badly scorched the kitchen, dining and living rooms.

Two upstairs bedrooms were not

affected, except for smoke. Some furniture can be salvaged, said Paul Folino, local insurance agent.

Seven fire trucks and firemen from Novi, Northville and Walled Lake responded to the alarm. Four hours later, at 4:52 p.m., the fire trucks left the scene after extinguishing the last wisp of smoke.

One Novi fireman, Skip Newton, suffered minor leg burns when he was reportedly atop the roof, fighting the blaze.

This marks the second time fire has gutted the Lindoerfer home. On the night of December 20, 1964, flames burst out in the opposite end of the house and caused \$30,000 damage.

Cause of the 1964 fire was never determined. Folino reports that it began in the dining room and also gutted the kitchen, front room and upper rooms.

While contractors are determining the exact extent of damage, Mr. and Mrs. Lindoerfer will be living in apartments in Farmington. They will rebuild and return once more to their home.

For All Employees

City OK's Pay Hikes

Negotiations Go Smoothly With Police

An estimated \$30,000 salary increase and fringe benefit package has been approved by nearly all city employees, City Manager Frank Ollendorf revealed Tuesday.

Agreement was reached Monday although settlement over police department improvements came last week following completion of the first formal negotiations between the city and the newly organized police association.

Ollendorf, who pegged the overall cost of the improvements at \$30,000, said an "extremely tight budget" is in the offing. He said the city hopes to keep the total budget within a 9-mill levy — a figure that corresponds to last year's 12.5 millage outlay because of increased assessments.

Salary and fringe benefit improvements, he said, probably will not result in a tax increase nor will they mean any service cutbacks. However, he said they will prevent the city from increasing services and probably will mean fewer dollars for capital outlay.

The agreement with the police association provides an overall 10.5 percent salary increase for patrolman this year, 11 percent for sergeants, and a \$900 base pay increase for the police chief — from \$8,593 to \$9,500. Salaries for police clerical and other city clerical help will increase approximately 8 percent.

Hourly wages of department of public works employees will increase 12 cents, with the superintendent receiving a \$900 base pay increase. Base pay does not include longevity and additional payment for additional services such as the case of DPW Superintendent Herman Hartner who also is fire chief.

One of the major points in the agreement covering the police department and all other city employees concerns a longevity plan, Ollendorf said. Employees will receive a \$100 automatic salary increase after five years, with an additional \$20 annually each year thereafter.

Among fringe benefit improvements that will go to all employees will be full employer payment of Blue Cross and Blue Shield coverage, 12 days sick leave instead of 10, increased vacation time, pension plan improvement at no additional cost to the employee, and eight paid holidays instead of six as now provided under the city's employment policy.

In addition, all employees except those in the department of public works, will receive increased overtime pay. This benefit excludes the DPW which received overtime pay hikes last year.

Besides increasing the number of sick days, the city also will permit accumulation of up to 120 days and it now provides for payment of one-quarter of accumulated days upon retirement.

Under the new vacation schedule, employees will be given two weeks upon completion of one year of work and one additional day for each additional year of work up to five years. In other words, all employees will receive three weeks of paid vacation after five years of employment.

Employees also will now have an option of either money or vacation time for overtime.

Also, term life insurance for women was increased from \$2,000 to \$5,000, bringing it up to the level that has been provided male employees.

Dog Clinic Set

A vaccination clinic for Northville city and township dogs will be held Saturday, May 13 at the fire hall.

Dr. Thomas Heslip will administer the shots against rabies between 9 a.m. and noon at a cost of \$4 each. A special two-year vaccine will be used.

Officials also reminded dog owners that licenses may be obtained at the city hall on the day of the clinic. They must be purchased on or before May 31. License fees are \$1.10 for males and spayed dogs and \$2.10 for females.

WELL PUMPERS—Rotarians conferred with Robert Heckler (left) and Wayne Claypool, well digger, in discussing plans for drilling for water at Northville's historic well. Others present (l to r) were Jan

Reef, Carl Johnson, Mayor A. M. Allen and Robert Webber. Presently, Detroit water is flowing from the 'Old Spring'. Still 'city folk' bottle it and carry it away convinced that you can't beat its flavor.

New Well Sought At Spring

Still pumping for rejuvenation of Northville's historic but deceptive well on Northville road, members of a special Rotary committee disclosed plans this week for locating a new water source.

According to Carl Johnson and Jan Reef, co-chairmen of the committee, plans are still in the drawing stage but nevertheless well enough along to lead them to predict that "real" Northville water will be flowing from the well sometime this summer.

"If all goes well," explained Johnson, "we plan to drill 200 to 300 feet deep a short distance from the well in hopes of striking the vein of water that originally fed it. And even if it isn't the same vein, chances are it will be the same tasty water we had before the well dried up."

He said Rotary is spearheading the drive to obtain the funds necessary for drilling and installing a pump and supply tank.

The well, which for many years attracted people from throughout the metropolitan area, now flows with Detroit water. Even so, many people are so conditioned to obtaining water from the well that they still travel here from surrounding communities — even Detroit — to fill their jugs with what they are convinced is Northville's own water.

Last Thursday, the Rotary committee met with a representative of the Chesapeake & Ohio railroad to map plans for drilling the well immediately adjacent to the railroad tracks — on or near the railroad right-of-way.

Representing C&O was Robert L. Hecker, supervisor of bridge and building water service for the company.

Before water from the new source can be used, however, it will have to be inspected by health officials, Johnson cautioned. If for any reason the water is found to be unhealthy, he said, the line will be capped and use of Detroit water will continue.

"But we're convinced good water will be found. We have to find it because it's deceptive to have people come to Northville for water when it's the same kind they get out of their own taps.

Schoolcraft Profs Picket for More Pay

"We're a little more optimistic now that the administration knows we're serious."

That's how Anthony Rizzo, chairman of Schoolcraft college's Faculty Forum negotiating team, summed up the teachers' position as the college prepared to submit a compromise economic package tomorrow (Friday).

He noted that negotiations, which have been underway since early in January, reached a turning point last Wednesday and Thursday as instructors picketed the school.

Sixty-three instructors picketed inside and outside of the college during Wednesday night's monthly board of trustees meeting, and on the following day 60 picketed at noon.

The demonstrations, he contended, showed the administration and the board "that we're serious about our demands for improved salaries." He said college officials made no economic concessions at last week's negotiation table but "seemed a little more receptive."

Rizzo said major agreements have been reached in non-economic areas but that there have been no agreements in money areas. He withheld comment on any action that the Faculty Forum might take, pending tomorrow's meeting of the two teams.

The Faculty Forum's team offered a "scaled down" proposal last week which reportedly trimmed the initial proposed package from \$400,000 to \$200,000. The college was to "cost out" the latest proposal, he said, and come back tomorrow with a "compromise offer."

He said his team had rejected an earlier counter-offer by the college which would have meant about a \$600 across the board salary increase. He argued that this increase "would really mean less than \$300" because instructors would still be required to pay a portion of their hospital and medical insurance costs.

Rizzo said instructors are dissatisfied with the college's merit system, noting that only 10 percent of the faculty can reach the maximum \$13,000 pay level by 1970. He said the Forum is seeking a "lock" step plan calling for automatic pay hikes.

Included in the Forum's latest proposal, Rizzo said, is an improved overtime pay plan. Presently, he noted, instructors receive "only one-half of the regular rate for overtime."

Negotiations at Schoolcraft represent the first attempt to secure a master contract for instructors. Presently the 91 full-time faculty members are working under individual contracts that expire May 8.

Pinconning Picked

Pinconning, a northern Bay county city, has been selected as the exchange community with Northville for Michigan Week.

Selection of the community famous for its cheese production was made this past week as a substitute for the original selection of Iron River which was deemed too far away to permit exchange

of officials. Officials of Pinconning and Northville will trade places on Monday, May 20 for the traditional Our Government Day festivities of Michigan Week, which opens Saturday, May 20 and closes Saturday, May 27.

Details concerning the exchange of officials have not yet been announced.

50 Points Extra for 5 New Subscriptions

'Bonus' Added to Contest

A special bonus will be awarded during the final two weeks of the Northville Record-Now News subscription contest, Contest Manager Mary Ware announced this week.

Under this bonus program, all contestants who report at least five new single or two-year subscription sales this coming weekend or the following final weekend will receive an additional 50 bonus points — in addition to the regular 10 bonus points for reporting sales.

In other words, explained Mrs. Ware, a contestant can earn an extra 120 points during the final two weeks: 50 points for each of the two weeks in which five or more new sales are reported and 10 points for each of the two weeks in which any sales are reported.

"These bonuses," she emphasized, "will give late starters an opportunity to catch up if they really get out and sell the last two weeks."

Their work is cut out for them, Mrs.

Ware said, pointing out that 11-year-old Jackie McAtee, daughter of Wixom Mayor and Mrs. Wesley McAtee, zoomed into the weekly and overall lead last Saturday by reporting a whopping 24 two-year subscriptions and one one-year subscription for a total of 425 points.

Jackie McAtee
New Leader

Jackie is now leading contestants with a total of 520 points, followed by Steven Baluha with 435 points, Richard Alspaugh with 325 points, Debbie Arlan with 300 points, and Ian Dingwall with 275 points.

Contestants may still sign up at The Record office, 101 North Center street in Northville on either Friday afternoon or on Saturday.

Top prize in the contest is a 23-inch Coronado color television set. Other prizes include a portable TV set, power lawn mower, AM FM clock radio, and fish rod and reel and line plus 10 transistor radios.

A point system will determine who wins the top prizes, but all contestants will be paid 50 cents for each new subscription or two-year renewal sold. For each new two-year subscription the contestant will get 75-cents.

A new one-year subscription is worth 10 points, a two-year subscription 15 points and a two-year renewal of an existing subscription five points.

Announce Engagements

Martha Lane

Mr. and Mrs. Harold L. Lane of 20172 Whipple Drive announce the engagement of their daughter, Martha Leslie, to John Steven Beechler, Birmingham.

Miss Lane attends Western Michigan university and her fiancé is a senior in the engineering school at the University of Michigan. An August 5 wedding is planned.

Carol Ratcliff and D. J. Ware

Mr. and Mrs. Leon D. Ratcliffe of Grosse Pointe announce the engagement of their daughter, Carol Ann, to Donald John (D.J.) Ware, son of Mr. Donald A. Ware, 229 Hutton street, and Dorothy Ware of Grosse Pointe.

The bride-elect was graduated from Michigan State university where she was a member of Kappa Delta Sorority. She is now an elementary teacher with the Garden City school system.

Her fiancé was graduated from Adrian college where he was affiliated with Alpha Tau Omega fraternity. He is presently in the executive training program with the J. L. Hudson company. A June wedding is planned.

Roberta Adams

Mr. and Mrs. Thomas O. Adams of Gary, Indiana announce the engagement of their daughter, Roberta, to Stuart J. Schlieff, son of Mr. and Mrs. William Schlieff of 43540 West Six Mile road.

The bride-elect attended Horace Mann high school in Gary and Michigan State university and is now an assistant buyer for Higby's Department store in Cleveland.

Mr. Schlieff attended Northville high school, Michigan State and Eastern Michigan universities.

The engagement was announced at a family dinner. The wedding is to be held in Northville on July 22.

In Wixom

Mrs. Charles Ware - MA-4-1601

Mrs. Helen Vincent from Royal Oak was a dinner guest of Miss Mildred Gibson on Sunday April 23. On Sunday evening Dr. and Mrs. Nyal Carpenter from Farmington were callers at the Gibson home.

The 74th annual May Festival sponsored by University of Michigan Music Society is being held this week in Hill Auditorium, Ann Arbor. Miss Hilda Furman has attended all of the concerts.

Miss Beulah Gay, Mrs. Conrad Osberry, Mrs. W. S. Lovejoy from Coldwater spent one week with Miss Hilda Furman.

On Monday April 24 both Mr. and Mrs. Louis Harms of Charms road, Wixom were buried in Oakland Hills cemetery from Richardson-Byrd funeral home, Milford. The Harms who had been ill for a long time died in a nursing home hours apart. They are survived by two daughters, Mrs. Evelyn Burke of California, Mrs. Florida Ford of Wixom and a son Clarence Harms of Fowlerville and six grandchildren.

Mr. and Mrs. Howard Coe were in Kalamazoo over the weekend to visit with their son Doug who is a junior at Western Michigan university.

The Keenan family of North Wixom road were in Chester, Pennsylvania last week to attend the funeral of their brother Joseph Keenan who died suddenly. He is survived by his wife Elizabeth and one daughter, Mrs. Mary E. Seman and one grandchild.

The Cyrell Abbotts attended the Grand Ole Opera at Cobo Hall on Sunday.

Mr. and Mrs. Ervin Bohs from Toledo are house guests of Mrs. Lottie Chambers.

In Our Town

By JEAN DAY

BEST DRESSED - "How wonderful to have the reputation for being outstanding and individual in your own community," observed Town Hall speaker - American fashion designer Bill Blass to Northville women last week.

Thus was born the idea for a local "best dressed" list of women who are considered outstandingly dressed for their Northville-Midwest-America way of life. Because they are in a position to see women who participate actively in local activities, representatives of six women's clubs were polled for their preferences.

All stressed that there are many other women who certainly exemplify the same attention to clothes but the ones named are "in the right place at the right time", as Blass mentioned those on the international lists must be. They also were guided by his dictum that "Cosmetics, hair, hose and shoes are more important than ever in the total fashion picture."

THE COMPOSITE LIST INCLUDES: Mrs. R. M. Atchison - "She wears wonderful lavender and pinks to enhance her coloring."

Mrs. Walter Couse - "She symbolizes gracious elegance in clothes that are current but never faddish."

Mrs. E. V. Ellison - "She has high-fashion clothes sense, can tailor and accessorize beautifully."

Mrs. Robert Hallam - "Her clothes are 'very today'."

Mrs. Donald E. Hannabarger - "She is adventuresome with flair."

Linda Nelson - "The collegiate daughter of Mrs. R. G. Nelson 'has inherited her mother's fashion ability and has a true clothes sense.'"

Mrs. Hiram Pacific - "She selects smart fashions for her figure and coloring."

Mrs. Stan Schaefer - "A younger woman, she has a fashionable American Girl look; chooses tweeds but with suede trim, etc."

Mrs. Al Wistert - "She represents the woman who wears classic clothes - complementing her coloring and figure."

Completing the list (which is alphabetical) was a three-way tie among Mrs. D. J. Allan, Mrs. William Davis and Mrs. Leonard Klein, all of whom were cited as "always looking appropriately and becomingly dressed and groomed."

SIGNIFICANTLY, as nominations were made for the list, the phrase recurred, "She always looks 'well dressed.'" The more mature women on the list were lauded for "not running around town in slacks" - and Blass concurred that none of us looks very sharp in them!

More objectionable to most members of the group was the practice of "running into town in curlers."

But we can all take a bow as the representative of Newcomers club commented, "This really is a very well-dressed community."

RETURNING TO last Thursday's full-house Town Hall: TH committee members revealed a fashionable Northville for Designer Blass. Hostess Mrs. Donald Ware accessorized her yellow and white pane check with a matching silk paisley-floral beret while Mrs. Duane Butler wore a vivid yellow shell with her navy cape suit. Mrs. William Soellner's pink suit was Blass-approved as he suggested a different way to loop the belt - (and Mary wished she didn't have to take it off, ever!) Chairman Mrs. Robert Brueck was in unbeatable navy, red and white. Mrs. William Slattery wore her "Florida" jacket of gay stripes with a flaring skirt, fashionably short.

(Blass suggested, in this matter of skirt lengths, that "when in doubt, choose shorter rather than longer.")

Only jarring notes to a day that scored, another hit for Town Hall was the eagerness of some TH goers to get to Meadowbrook (and good luncheon seats) too quickly. They began leaving before Mrs. Brueck had a chance to thank the outstanding designer - and later an undercurrent of conversation marred his celebrity luncheon observations. This was unusual for Northville

- and undoubtedly was just too much enthusiasm.

LOOK-AND-DO, an antique show for children (and adults, too), is being presented from 1 to 5 p.m. Saturday and Sunday at Marian Sober's Joy Road Studio in Plymouth under sponsorship of the Sarah Ann Cochrane chapter, DAR. While giving today's children a glimpse of what it was like to tie a quilt or hook a rug 100 years ago, the show proceeds (50 cents for adults, 25 for children) will benefit Indian work in Northern Michigan.

Three Northville residents who will demonstrate in the show are Mrs. K. H. Babbitt, who is preparing three doll-houses, one from 18th century Bavaria; Mrs. W. H. Canfield, who will weave on a rug loom; and Donald Nutten, who will demonstrate cabinetmaking with a wood plane. After they've ridden the big bike and tried the loom youngsters can munch on a big sugar cookie.

Mrs. Babbitt Mrs. Canfield

The Kingsley Purtons and the Clyde Vadners, who are moving to New Jersey and Philadelphia respectively, were surprised with decorated cakes as 90 Newcomers club members gathered for a spring steak fry at the Vadner home Saturday evening. As a "thank you" for her outstanding efforts as Newcomer club president (which helped in bringing out many new members last week) Mrs. Purton was sent a bouquet from the club.

NEWCOMERS CLUB will hold a dinner-dance Saturday, June 10, at the Mayflower hotel in Plymouth, Mrs. Halton Axtell, new president, announced. It will be preceded by a get-acquainted cocktail party at the home of Mr. and Mrs. Thomas Handy. All new residents of the community are especially invited and are asked to call Mrs. Axtell, 349-5959.

THIS WEEK-END'S Calendar is a "plum pie" of tempting events in our town - and proof that there's lots to do in Northville!

Saturday night in the high school auditorium the Northville Presbyterian Men's club will sponsor a concert by the Orpheus club of Detroit, which also will include numbers by the Northville Presbyterian Bell Ringers under the direction of Bill Williams, at 8 p.m. (Tickets \$1 adults, 50 cents children).

"Swing Into Spring" is the theme for the dinner-dance being given the Nineteenth District Republicans at 6:30 p.m. Saturday at the Wayne Civic Center. Mrs. Stuart Campbell reports there will be an 18-piece orchestra for dancing and that tickets are available from her or from A. T. Gillahan at \$10 a couple. Door prizes include a color television.

Sunday is a day for which Susan Yoder, daughter of Dr. and Mrs. Robert Yoder, has prepared for a year and a half. She will be presented in a graduation piano recital by her teacher, Mrs. Leland Mills, at 3:30 p.m. at Northville Methodist church.

MOVING DAYS for Northville residents who are re-locating in the East or South have occasioned spring parties. Mrs. Hugh McKay, who leaves this week with her family for a new home in Miami, was honored at a small luncheon given last Tuesday by Mrs. L. H. Robertson at her Pinebrook road home.

Mrs. Charles Yahn entertained last Friday at a luncheon at her home on Eaton drive for Mrs. Kimsey Bell who plans to move with her family when school is out to a 100-year-old home north of Boston.

Susan Yoder to Give Piano Recital Sunday

Miss Susan M. Yoder, piano student of Mrs. Leland Mills will be presented in a recital Sunday in the First Methodist Church of Northville beginning at 3:30 p.m.

Daughter of Dr. and Mrs. Robert Yoder, Susan will be graduated in June from Northville high school where she is a member of the National Honor Society, the high school band and its jazz band. She also is a winner of the National Merit Scholarship and was a runner-up in the recent Northville-Jay-

cee's Miss Teenage America contest.

The recital will include works by Bach, Haydn, Debussy, MacDowell and Grieg. A special feature of the program will be a woodwind quintet of which Susan is a member as clarinetist. Other members include Dianne Hester, flute; Shirley Lamp, horn; Robyn Moon, bassoon, and Kyle Stubenvoll, oboe.

Miss Hester and Susan Murany will assist as ushers.

In Novi . . .

The Mothers club will have a rummage sale May 8, 9, 10 preceding the Fair at the Novi Community building. Rummage may be brought over to the school at any time. Proceeds go to the School Fair.

The School Fair will be held at the Orchard Lake school May 12 beginning at 6:00 p.m. A ham dinner with all the trimmings will be served from 5:00 to 7:00 p.m. - so why cook at home.

The Fair offers something for every one young and old. Games and toys for the children, bake goods, jewelry, plants and beautiful gifts for all in the family.

A perfect chance to get that Mother's Day gift. Do come and join your neighbors at an evening at the Novi School Fair.

The go-ahead signal for formation of a community swim club in Novi was given Monday by the Willowbrook Community association.

The vote to launch the club was made at a general membership meeting of the association.

Appointment of a general chairman of the club was to be made by the association's board of directors within a week.

'Brown's in,' Says Blass

American fashion designer Bill Blass enunciated his "today and tomorrow" fashion philosophy Thursday

for his full-house Town Hall audience at Northville high school while his original from Saks Fifth Avenue were

modeled.

"Every woman should have one 'shock' outfit," he commented, as a long-legged model in fishnet hose and matching shoes wore a brown summer dress with deep circle cutouts extending from underarm to almost mid-back ... and front.

Brown, he said, is destined to be the "in" color for summer. For fall, he predicted a return of black, but not the "little black basic." It will be dramatic black, he emphasized. The black will be sparked with red or white, which always are good contrasts, he continued, pointing out that to dress well today a woman must be aware of her cosmetics, hair, hose and shoes.

He suggested looking for shoes with lower, but slim heels to balance short skirts—and Blass definitely likes shorter skirts. Questioned at the Meadowbrook luncheon afterward regarding the appropriateness for young fashions for the matron, he denied there needs to be a different look for older women, smilingly saying, "You must all stop at 39." He did advocate choosing from among today's trends those which "become you as an individual."

While he stressed the importance of hose and shoes as accessories, Blass verbally threw gloves out, declaring they were not necessary today (and none of his models wore any.).

Blass called this "the period of the leg" in fashion, and in a black silk dress with Chinese influence emphasized the model's long, slim leg with a skirt slit. A flowing tent dress in brilliant stripes demonstrated his feeling that clothes should "move."

Wearing a deep olive suit with wide gold shadow checks, Blass predicted that men's clothes will become more colorful and revealed that in June he will be showing fashions for men for the first time.

Other Bill Blass observations: Argyle will be the next big interesting texture.

Black patent is year-round, but not for evening.

Paper is in its infancy and is amusing as a one-shot deal.

At night women should and do dress for men—in flowing dresses, daring hostess pajamas, Empire bodice dresses.

AMERICAN FASHION DESIGNER BILL BLASS demonstrates today's "fluid fashion lines" on a model for Town Hall committee members Mrs. B. W. Baldwin, left, and Mrs.

P. J. Wegeng. Speaking to a capacity audience at Northville high school last Thursday, Blass' lecture concluded the 1966-7 Northville Town Hall series.

APA CONVENTION HOSTESSES—Inspecting a program for the national convention of the American Psychiatric association to be held in Detroit May 8-13 are, from left, Mrs. F. F. Ishac, Mrs. Charles

Fountain (seated), Mrs. E. G. Yudashkin and Mrs. Calvin Chen. As wives of area psychiatrists they will be serving on welcoming committees as the Michigan branch of the APA hosts the event.

PTA Picks Poster Winners

Winners of the junior and senior high schools poster contest sponsored by the P-TA Carnival committee were named this week.

Winning high school posters were drawn by Carl Stevens, Dan Stoddard, Joel Symmes and Leslie Weston. Junior high school winners are Barbara Long, Ricky Whitesell, Rick Ambler, Margaret Morse and William Myers.

Competition was conducted among the art classes of the junior and senior high schools.

According to Mrs. Charles Guider, carnival publicist, many interested and unusual posters were submitted in support of the community carnival. They will be used to generate attendance at the carnival by posting them in schools and local business establishments and by distributing them in several neighboring communities.

"The carnival committee suggest you watch the windows to see the fine talent our young local artists are capable of displaying," Mrs. Guider said.

Methodist Men Set Auction Saturday

The Methodist Men of Orchard Methodist Church, Farmington, are organizing their 4th annual Auction-Rummage Sale. It will be staged at the church on Saturday, April 29 from 9 a.m. to 2 p.m. The Auction will begin at 10 a.m.

The youth groups will sell light refreshments and hold a bake sale. All profits from this eventful day are used for church-related projects.

RED CROSS VOLUNTEERS—Fifteen women, members of the Northville branch of the American Red Cross, are shown here ready to depart for Highland Park. There they

participated Tuesday in the staffing of a blood bank at Chrysler. On May 26 they will hold the annual Northville blood bank.

PRINCIPAL BOOSTERS—Students at Northville junior high school are agreed that their principal, Donald VanNgen, is tops. They entered him in a Principal of The Year contest sponsored by a Detroit area radio station and, despite overwhelming odds, came up with 400,000 signed ballots by deadline Saturday night to boost him into an unofficial fifth place position. Earlier last week, the students turned in 200,000 votes only to learn that other schools were turning them in "by basketsful". Meeting then in one of the student's homes and again Satur-

day at the community building, the junior high schoolers frantically filled out another 200,000 ballots—still too few to give VanNgen top position but enough to show he's tops with the students here. "Their enthusiasm was terrific," said VanNgen upon expressing his appreciation.

Line Up Items For JC Pick-up

Just 2 1/2 weeks remain to complete spring cleaning in order to have the Northville Jaycee auxiliary pick up household items, clothing, books, and other unwanted articles.

Contributions will be sold in the auxiliary's annual rummage and book sale to be held May 13 at the American Legion Hall.

Persons wishing a pick up of items they no longer need are asked to call Mrs. Richard Norton at 349-2467.

She'll Receive Nursing Degree

Mary Jean Wetterstroem, daughter of Dr. and Mrs. Robert Wetterstroem, 46376 West Seven Mile road, will receive a Bachelor of Science degree in Nursing at the Annual Commencement Exercises of Mercy College of Detroit in McAuley auditorium, Sunday, May 7. Baccalaureate degrees are scheduled to be awarded 143 seniors at commencement.

She is a graduate of Ladywood high school. She was a member of Theta Alpha Chi, nursing sorority during and in her four years at Mercy, in her senior year was vice-president of the Dorm Council.

Commencement at Mercy college of Detroit will be the earliest in its history due to the adoption of the modified semester plan.

Pitchers Steam Along

Rocks, Weather Cool Mustangs

The Northville Mustangs batted a miserable .400 against the weather during the past week. Only two of a scheduled five ball games were played. Rain and 30-degree temperatures and would-you-believe-it snow wiped out Saturday's doubleheader with Redford Union and Monday's Wayne-Oakland Conference clash with West Bloomfield.

"Water was all over the field Saturday," Coach Bob Kucher moaned. "There was no way of getting on it. The soil can't take any more water." Sunday night's and Monday morning's snow added more moisture.

What the rain and snow do to the field, however, don't worry Kucher half as much as what the forced layoff might do to his ball players. They were just rounding into shape, the Northville mentor moaned.

Northville split the two games it played before the wintry onslaught, dropping its first game in four starts, 3-1 to Plymouth, then bouncing back for a 4-0 extra-inning victory over Holly.

The games pointed up a weakness in Northville's attack — inability to hit in the clutch. But there was good news, too, like the hitting of Pat Hall, the play of newcomer Stan Nirider and the pitching of Dennis Primeau and Steve Kehrer.

In each encounter, Northville left 10 men waiting on the base paths for the hit that never came. That was the story, especially, in a losing cause against Plymouth.

In the first inning, Hall and Primeau walked and advanced a base on Catcher Doug Swiss' grounder. The next two men struck out. Ad infinitum, inning after inning.

A mental lapse and three errors also hampered Northville's chances and nullified Kehrer's sterling pitching performance.

Northville scored its long run in the bottom of the seventh. Nirider, playing his first varsity game, lined a single to right and advanced when Pinch hitter Bob Hubbard's grounder was fumbled for an error. Hall then hit a fly ball to deep right and Nirider took third. Primeau singled to right, scoring Nirider, but Swiss popped out to end the ball game.

Not all was chagrin against Plymouth. The pitching of Kehrer cheered Kucher, who has been fretting for a second pitcher to spell Primeau. Kehrer, whose "ball moved better," gave up six hits, walked only one and struck out two.

With Primeau hurling a two-hitter, Northville scored four runs in the top of the eighth inning at Holly to break a scoreless deadlock and to keep North-

ville's slate clean in the W-O league with a 2-0 mark.

Sophomore Nirider provided the key blow in the uprising. He lined a single down the left field line to score Swiss, who had doubled leading off, with the go-ahead run.

Junior Randy Pohlman then gave Northville two insurance markers when

he slammed a double over the center fielder's head. Junior Doug Anglin's safe bunt down the third base line scored Pohlman with the fourth and final out.

Primeau wasn't home free yet. Two errors on easy chances in the bottom of the eighth put runners on first and second with two out, but Primeau got

Jeff Reagan to pop out.

Before the blow-up, it was strictly a pitchers battle between Primeau and Holly's Mike Beelby.

Only one runner reached third on Primeau and he died there. The Northville ace struck out seven, walked only two and gave up but two hits, both bloopers to Holly's Dennis Walters. In addition, Primeau fielded 10 chances errorlessly.

Beelby, mixing assorted slow stuff, was equal to the task for the regulation seven innings, giving up no runs and three hits. "We were hitting the ball," Kucher said, "but couldn't score."

Holly then relieved the tiring Beelby and Northville jumped all over Reliever Mike Carnes for four runs and five hits in the explosive eighth.

Kucher was particularly pleased by the performance of Primeau and Nirider. Nirider collected two singles in three tries, as did Hall who is hitting at a .500 clip on six hits in 12 at bats.

The defense also elated Kucher. "The fielding looked real good," he said. "We're improving. Anglin played his first real good game at shortstop." But then the weather....

Clarkston Downs High Flying Netters

The high flying Northville netmen were shot down Monday.

The equally high flying Clarkston Wolves unloaded a barrage of well-placed tennis balls and scored a 4-1 triumph.

It was close. For a while it looked like Northville might keep its unbeaten record intact. Number one singles man, Jim Long, disposed of his opponent, Marck Erickson, 6-4, 6-3.

But that's all she read.

The undefeated Alexander boys, Mark and Dane, got shot up. Mike Daugherty, Clarkston number two gun, blasted Mark, 7-5, 6-1. Dane put up a better fight but succumbed to Kirk Beattie, 6-4, 2-6, 2-6.

Ken Boerger and Randy Burnett, number one undefeated doubles combo, received the same rough treatment. They lost to Tom Bullard and Kim Beattie, 2-6, 8-6, 1-6. Number two doubles team of Bruce Durham and Jon Eberhart lost to Jack Sanson and Brian Gallipio, 5-7, 4-6.

With that salvo, Clarkston gave notice to the league that it's the team to beat in the Wayne-Oakland Conference. An all-veteran team, Clarkston is now 2-0. Northville and Bloomfield Hills, the other two serious contenders, are 1-1.

Northville Coach Dick Norton conceded "Clarkston is the team to beat." But he's not granting anything else. "We'll be waiting for them. We're looking forward to the rematch," he stated firmly.

May 5 is the date Norton is eyeing. Looking too far ahead could be disastrous. Bloomfield Hills, which Clarkston defeated 4-1 in a close match, will be coming to town Friday. "They'll be tough," Norton said.

Although the bubble of invincibility was burst, Northville still sports an enviable 7-1 dual meet record, and has

won 50 of 63 individual matches. Unfortunately, however, most of the winning has been against non-league competition.

Within the past week, for instance, Northville whipped three consecutive opponents, including a blue chip team from Ypsilanti Roosevelt.

To beat previously undefeated Roosevelt, Northville was pushed to the limit before pulling out a 3-2 victory.

Taylor Tops Foul Shooters

From the free throw line, there was no beating Sophomore Jeff Taylor—not among Northville high school cagers.

Taylor, a starter on the junior varsity during the past season, led the freshmen, junior varsity and varsity players by sinking 50 of 60 free throws for 83 percent.

For his accuracy, Taylor will receive a small trophy and his name will be inscribed on a plaque as the top free throw shooter for the 1966-67 season. The annual awards are donated anonymously by a Northville resident to encourage accuracy in the vital department of foul shooting.

Call Goes Out To Men, Boys

Bob Prom, Northville recreation director, issued the call this week for boys as well as men to sign up for summer ball.

Applications for the proposed senior men's softball league and six-pitch league are still being accepted, Prom said. Interested men may sign up at Lapham's Men's Wear or by calling Prom at 349-2287.

Youngsters wishing to play class F or Knothole baseball are asked to report to the large baseball field in Cass Benton park at 9 a.m. Saturday, April 29. Boys who will be 10 years old before September 1, 1967, and will not have reached their 14th birthday before by that date are eligible.

Prom requested that interested boys mark baseball gloves, jackets, and other personal gear to avoid confusion and possible loss. Prom stressed that no baseballs or bats are to be brought to the field.

Booster Club Planned

Community to Back Athletics

Plans for forming a Northville Booster club, an organization supporting school athletics, were unveiled at a meeting of the board of education Monday night by Essle Nirider.

The proposed club drew the official backing of the board, which also approved plans of the still unofficial organization to install dugouts on the high school baseball diamond.

Nirider said plans for the formation of the club started several months ago when coaches, parents and persons interested in sports met to explore the possibilities of such a group here.

He noted that other communities smaller than Northville have supported their school athletic teams in this manner with great success.

He listed the following reasons for formation of the club:

1. To encourage and uphold the high ideals and traditions of Northville high school.

2. To help in maintaining superior level of good sportsmanship, clean living, and the development of sound bodies and alert minds.

3. To establish method of recognition, such as banquets, and their financing for all sports.

4. To assist in providing special projects relating to sports that are not otherwise provided.

Nirider told board members the club would in no way set policy, precedent or

interere with school counseling, coaching, or athletes. It will not, he emphasized, become a pressure group to influence coaches or the school board.

Business of the organization, he said, would be conducted by not less than five men, with monies dispursed by co-signers.

He said letters will go out to fans of Northville athletics asking them if the would like to become a part of such an organization.

Thinclads Splash To 4th Place Finish

Nether tornado watches, nor hail the size of peanuts, nor gale winds of 30 miles per hour could stop the improving Northville track men from sprinting to a fourth-place finish in the Howell Relays Saturday.

"It wasn't an ideal day," Coach Ralph Redmond said. And that's understatement, gross understatement.

The weather was more fit for running an Alaskan dog race or scooting Kyaks across the frigid Siberian straits. Nevertheless, the relays were held and Northville did itself right proud, beating out four other Wayne-Oakland Conference teams, including usually powerful Milford.

The Mustangs, in carrying off 15 medals, scored a total of 27 points, bested only by Fenton's 31, Grand Blanc's 43 and host Howell's 52. Twelve teams braved the cold to compete.

"When they told our boys to strip down," Redmond said, "they just stood there, amazed. Winds were whipping around and tornado warnings were out."

Northville didn't win a first, but they took enough seconds, thirds, fourths and fifths to finish ahead of W-O foes West Bloomfield, Holly, Brighton and most significantly, Milford.

Junior Ron Gloetzner, who broke Northville school marks in the pole vault and low hurdles the week before, once again paced the local thinclads. He took two seconds and was a member of the 880-relay squad that took a third.

He vaulted 11'2", second to Rick Madden's (Fenton) mark of 11'6". Pat Eaton of Howell won the low hurdles with a time of :20.4, beating Gloetzner who was clocked in :20.55.

For the second time in three days, Junior Bill Harrison was forced to settle for second place in his specialty, the 880. Once again Holly's Roy Reece edged the fleet Harrison. Reece ran the distance in 2:04.5 to Harrison's 2:05.5

Although the weather was slightly better last Thursday, Northville whipped up a storm of its own and blew Holly right off the track with a lopsided 89-29 decision.

Highlighting the meet under the lights was the record shattering performance of Northville's Jim Peterson in the high jump. The lanky junior cleared the cross bar at 5'10" to wipe out the old school mark of 5'8 3/4", held by Dave Filkin and set in 1961.

That makes three school records broken within the past two weeks — the pole vault and low hurdle by Gloetzner and now the high jump.

The dual between the top 880 men in the conference, Northville's Harrison and Holly's Reece provided the night's most exciting race. Reece, a senior, edged the Northville ace by posting a time of 2:01.5 to Harrison's 2:04.

But that was one of the few bright spots for the Broncos, who, incidentally, beat Brighton earlier this year. Otherwise the picture was pretty grim.

Northville won 12 of 14 firsts, seven of 12 seconds, eight of 12 thirds and slammed the 100-yard dash, the pole vault and the low hurdles.

Crawford walked off with individual honors, winning three firsts, including the 100 in :10.8, the 220 in :24.8 and the long jump with 19'5". Furthermore, he was a member of the winning 880 relay team that posted a time of 1:37.7.

Northville Golf Team Drops First 3 Matches

There's trouble on the links. The Northville golf team has dropped its first three matches.

The seniors aren't hitting their form and "one bad hole" is tripping up the underclassmen, says Coach Al Jones. The faltering seniors are Keith Mueller and Mike Hohenic; otherwise Jones' hopes rest on Sophomores Tom Fagan, Billie Thomas, and George Neisch.

West Bloomfield, in a dubious match, edged Northville at Meadowbrook Country club, 183-185. The validity of one score turned in by West Bloomfield is questioned.

Northville's number one man, Mueller, shot a horrendous 50, Hohenic fired a 45, Thomas a 42 and Fagan a 46.

Further complicating Northville's task was the weather. Within approximately 30 minutes, the temperature dropped 20 degrees to 45, Jones said.

Livonia Stevenson next took the measure of Northville, 172 to 184, last week Wednesday at Brae Burn Country club.

Friday it was Brighton's turn. The Bulldogs, who earlier beat Wayne-Oakland Conference favorite, Bloomfield Hills, posted a winning 162-174 margin.

Kindergarten Roundup Set for May 5 in Novi

Novi's annual kindergarten roundup is scheduled to take place Friday, May 5, school officials announced Tuesday.

Purpose of the roundup is to permit parents to register their kindergarten children who will enroll next fall. To qualify for registration, a child must have reached the age of 5 before September 1, 1967.

Northville Realty Promotes Johnston

The appointment of Stanley Johnston as sales manager of Northville Realty, 160 East Main street, was announced this week by George Clark, owner of the firm.

Johnston will head up a sales staff composed of L. M. Eaton, Kay Keegan and Harold Church. Clark said the appointment is the beginning of an expansion program that will include added office facilities.

Johnston joined Northville Realty on a fulltime basis in February, 1965. He taught in the Northville public school system from June 1952 until June 1959, when he became associated with Prudential Insurance Company. He still retains a broker's license with Prudential.

Over-anxiety Pays Off \$403

Over-anxiety paid off handsomely for a Novi resident last week — to the tune of \$403.

The windfall was actually the result of over-zealousness of two men working for a local department store who broke in the front door of a Novi resident to reclaim a television set.

A neighbor, thinking thieves were at work, reported the men to Novi police, who arrived in time to nab the culprits with the television set in a trailer.

They were brought to the police station and the homeowner, who was in arrears \$403 in payments, was notified. Illegal trespass, police said.

An agreement was struck: Impending charges were dropped and the department store marked the TV set "paid in full."

Fire Destroys 'Pioneers' Cabin

A flash fire destroyed the log cabin of Northville's pioneering family this month, The Record learned this week.

Mr. and Mrs. Perry Taylor of 340 Pennell avenue received word of the fire recently in a letter from Jerre and Margie Wills, who moved to Alaska in 1959 with the much publicized '59 Caravan from Detroit.

In a letter postmarked April 10, the Wills wrote: "Misfortune has struck us. Our log home burned completely to the ground Friday morning. We save nothing — but no one was hurt. We were to have put the roofing on our new addition that morning, but now there is nothing. I guess we will start building right away."

On April 1, the Wills wrote the following message to the Taylors: "Jerre returned from his last

hunt with two wolves. He quit work across the Inlet and we are building on our addition. We now have all the walls up and the inside partitions are going into place now.

"Our motor on our furnace burned out and we had to order the part from Seattle and it isn't here yet. It's not too cold in the house as we have our fireplace but it is usually about 50 degrees."

Area residents will recall that the Wills and their children left this area in a small house trailer to homestead in Alaska. The Wills claimed 80 acres in Kaslof on the lonely Kenai Peninsula, then later added another 40 acres, to become owners they had to clear 11 acres.

The Wills were members of St. Paul's Lutheran Church in Northville and had lived in a small home on Nine Mile road in Lyon township.

Men's Club to Present Concert on Saturday

At its annual spring concert Northville Presbyterian Men's club will present the Orpheus club of Detroit in a program of familiar and sentimental songs at 8 p.m. Saturday in Northville high school auditorium.

The 67-year-old Orpheus club has been acclaimed as one of America's leading male choral ensembles. Its 40 voices are under the direction of William Koerper, supervisor of music in the Detroit public schools.

The program includes such songs as "Sentimental Journey," "Meet Me in St. Louis, Louis" and "Mandy Lee."

Although considered an amateur organization, the Orpheus club is compared with professional groups. Presidents, corporate officers, lawyers, educators, shop men and clerks are among the club members who gather for "the sheer joy of making music together." Members must undergo a rigid test of musical ability before being admitted to the club.

The club annually presents two major concerts with a spring one scheduled for May 3 at Masonic auditorium.

Saturday's program also will include the appearance of the Northville Presbyterian Bell Ringers under the direction of William Williams.

Proceeds from the concert will be

used for church youth work. Tickets at \$1 for adults and 50 cents for children are available from men's club members and at The Record.

Justice Court

Four Union Lake youths caught with liquor in the possession on Qwenton street behind Duke's bar were found guilty, fined \$35 and placed on three months probation in Novi Justice court.

Trial for Steven C. Oliver, David C. Lucas and Richard G. Dissmore, all 17, and Michael A. Penny, 18, was held Thursday before Justice Robert K. Anderson.

Three boys and a girl pleaded guilty to having liquor in their possession near Nine Mile and Beck roads. Apprehended while Novi police were chasing two escapees from the Whitmore Lake Training School for Boys, Lila Jean Connelly, 20, Karl E. Loomis, 19, and James R. Rowe, 18, all of Detroit and Quentin E. Abert, 19, of South Haven, Minnesota, were fined \$20 apiece.

John E. Potts, 20, of Southfield also pleaded guilty to having liquor in his possession on 11 Mile and Taft roads. He was fined \$20.

John A. Friendt, 21, of Farmington was fined \$25 for furnishing beer to minors. The infraction occurred at the intersection of Novi and Grand River.

A 36-year-old Union Lake man, Raymond A. Gauthier, was fined \$100 on the reduced charge of reckless driving on Novi road near 12 1/2 Mile road.

Horace G. White, 28, of 26960 Beck road in Novi was fined \$50, also on the reduced charge of reckless driving on Novi road near the expressway.

A fistful of speeders and drivers of vehicles with defective exhausts were also arraigned in Novi justice court. Earnest W. Benfield, 30, of Cleveland, North Carolina, paid a \$20 fine for speeding 80 miles per hour in a 55 zone on Grand River from Haggerty road to Coachenfour street.

Ronald G. Brasgalla, 19, of 290 Shamrock street was ticketed for speeding 55 in a 40 zone on Novi road near 12 1/2 Mile road. He was fined \$20.

For speeding 50 miles per hour in a 30 zone on Novi road near the expressway, Thomas M. Quaine, 22, of Farmington was fined \$25.

Stanley E. Sawyer, 22, of Berkley was fined \$30. He was detected speeding 70 in a 50 zone on 12 Mile road at Haggerty road.

Novi Baptists Set Campaign

An evangelistic campaign, featuring the Rev. Raymond Childress, is underway at the First Baptist church of Novi, 45301 West Eleven Mile road.

Rev. Childress, president of Southland Bible Institute at Pikesville, Kentucky, is well known in the United States, Canada and the Caribbean Islands as a scholar, conference speaker, and evangelist.

Special music for the campaign is provided by local and outside talent. Nursery will be open at all services.

Weeknight services, except Saturday, are slated for 7:30 p.m. and Sunday services at 9:45 and 11 a.m. and 7 p.m.

The public is invited to attend.

Child Molestation Film Available for Showing

A child molestation prevention and education film is being sponsored in Northville by the Dempsey B. Ebert Funeral Home.

Ebert announced that his firm is making available to interested adult groups in the area a public service film dealing with the ever-present problem of child molestation. The film was shown Tuesday at the Rotary club meeting and is scheduled again Tuesday at 8:30 p.m. in the basement of Our Lady of Victory church.

Ebert said that the 16 mm. sound-and-color film entitled "The Child Molester" stresses the importance of adults alerting - without alarming - children between the ages of 4 and 14 to the dangers of molestation. It also reveals how an education program can be successfully and safely taught to the children of a community.

The film was produced by the Highway Safety Foundation of Mansfield, Ohio, in conjunction with the Ohio State Police. Using professional actors, the film depicts an actual child molestation crime. The case history was taken from Ohio police files.

Reservations are now being accepted for a showing of "The Child Molester" film. There is no charge and representatives of interested local adult groups may call FT 9-1010 for more information.

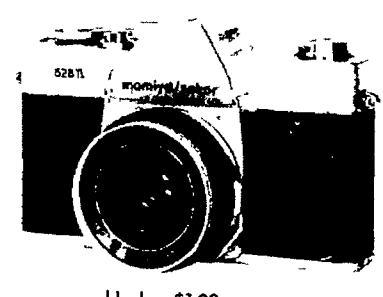

Policemen Gain College Credits

Two Northville police officers completed a six-week course Friday at Oakland Community college, the first police class for college credit to be given at that institution.

Ronald Wankowicz, with an average of 98.8, was among the top third of the class. Roger Beukema also finished high with an average of 95.8.

The patrolmen picked up nine college credits by attending class for eight hours a day, five days a week. Normally a 10-week course, it was crammed into six weeks.

Generally, subjects studied included police administration and investigation, traffic control, physical, judo and fire arms training and other police work.

Obituary

RUTH M. CHASE

One of Northville's most prominent women, Ruth M. Chase, died suddenly Friday, April 21 at her home at 19818 Clement road.

A memorial service for Mrs. Chase, who was 79, was held Monday at the First Presbyterian Church where she had been active for many years. During the service the body was taken to Rural Hill Cemetery where the family and friends met for graveside services, with the Rev. Lloyd Brasure, pastor of the church, officiating.

A retired school teacher, Mrs. Chase was the first president of the Northville Historical Society, a member of the Northville Senior Citizens club, the Northville Woman's club, the Woman's association of the First Presbyterian Church and an elder of the church.

Born March 13, 1888 in Alpena, she was the daughter of Charles and Catherine (Dubar) Williams. Her husband, Cassalis, preceded her in death in 1950.

She moved to this community 70 years ago.

Surviving her are a son, Philip Chase of Northville, a daughter, Mrs. Marjorie Crawford of Coalinga, California, and five grandchildren.

Funeral arrangements were under the direction of Casterline Funeral Home.

LEONARD F. NICHOLS

Leonard F. Nichols, 69, of 686 Herald street, Plymouth, died at Wayne County General Hospital on Friday, April 21. He had been ill for the past six years.

Born September 8 in Bridgeport, Conn., he was the son of George and Marilla (Allis) Nichols. His wife, Clara, preceded him in death.

Mr. Nichols moved to the community in 1946. He was retired from the J. L. Hudson company, Detroit. He was a member of St. John's Episcopal Church of Plymouth.

He is survived by two sisters, Mrs. Alice M. Vanderveen of Plymouth and Mrs. Mable Wicks of Stratford, Conn., and by several nieces and nephews.

Funeral services were conducted Monday, April 24 from the Casterline Funeral Home, with the Rev. David T. Davies officiating. Burial was in Cadillac Memorial Gardens West, Westland.

MYRTLE M. SMITH

Mrs. Myrtle M. Smith, 75, of 25065 Novi road, a member of the First Baptist Church of Novi for a half-century, died suddenly Thursday, April 20.

Born November 14, 1891 at Pennibog, Michigan, she was the daughter of Mr. and Mrs. Hiram Wolf. Her husband, Herman, preceded her in death in 1963.

Mrs. Smith had lived in Novi since 1921, moving to Plymouth two months ago.

She is survived by three sons, Hiram, Rex and Herman of Novi; two daughters, Mrs. Helen Shoemaker of Milford and Mrs. Mary Swartz of Pontiac; two sisters, Mrs. Mary Asher of Northville and Mrs. Ida Kinde of Bad Axe; and 13 grandchildren and 16 great grandchildren.

Funeral services were held at the Novi Baptist church on Saturday, April 22, with the Rev. Gib Clark officiating. Services were under the direction of the Casterline Funeral Home.

Burial was in Oakland Hills Memorial Park Cemetery, Novi.

MYRTLE STEINHEBEL

Mrs. Myrtle Steinhebel, 76 of 16800 Meade road died Sunday, April 23 at the University Convalescent Home in Livonia after an illness of one year.

Born January 14, 1891 at White Lake, she was the daughter of Calvin E. and Ellen (Juell) Thomas. Her husband, Charles, preceded her in death.

A life-long resident of the community, she is survived by a daughter, Mrs. Louise Waterman of Plymouth; a son, Charles of Northville; a sister, Mrs. Adline Nairn of Plymouth; and one grandchild and two great grandchildren.

Funeral services were conducted Tuesday, April 25 from the Casterline Funeral Home, with the Rev. S. D. Kinde, pastor of the First Methodist church officiating.

Burial was in Oakland Hills Memorial Gardens, Novi.

WILLIAM A. SULKOWSKI

William A. Sulkowski, 70, a retired Salem farmer, died Monday, April 24 at St. Joseph Hospital in Ann Arbor. He had been ill for the past two years.

A resident of 9822 West Six Mile road, he was born July 27, 1897 in Farmington to Michael and Caroline (Siphor) Sulkowski. His wife, Mae, preceded him in death in 1964.

Mr. Sulkowski was a resident of Salem for 20 years and was a member of Emmanuel Lutheran Church of South Lyon.

He is survived by a daughter, Mrs. Winifred Bannerman of Wixom, two grandchildren and five great grandchildren.

Funeral services will be conducted today (Thursday) from the Casterline Funeral Home at 1:30 p.m., with the Rev. George Tiefel, pastor of Emmanuel, officiating.

Burial will be in Salem-Walker Cemetery.

LET'S DO SOMETHING TO STOP CHILD MOLESTATION

We have come upon a program that we believe will be a big step in the right direction. It consists of a 30-minute film that every adult should see and a booklet that every pre-teenage child should have. The film employs professional actors and is a 16 mm. sound-and-color production. The booklet helps prepare children for the hours they must spend away from home by showing them how to tell "Good" people from "Bad" people. It speaks to them in their language and teaches them carefully, without frightening them.

This entire program is enthusiastically approved by PTA groups, law enforcement agencies, church administrators and parents. It is available to all civic, church, and fraternal organizations with our compliments.

RESERVATIONS
for a showing of this revealing film may be made by contacting us. We hope you will take advantage of this public service.

Horse Ordinance OK'd Citizens Battle Zoning for Clinic

A barrage of public protest was aimed at a proposed clinic Tuesday night as the Northville township planning commission considered a zoning change request for property at the northwest corner of Five Mile and Bradner road.

Following the request of Jerry Helmer to rezone the 100 x 525-foot parcel from R-4 (residential) to OS-1 (office service zoning), the commission closed the public hearing and took the matter under advisement.

A decision is expected at the next regular meeting of the commission on May 23.

In other action Tuesday, the commission recommended approval of a zoning amendment dealing with the keeping of horses; denied a request for a public hearing on a zoning change at Bradner and Franklin roads; approved plans for a car wash on Northville road; and tabled several other matters.

With a capacity crowd on hand, the commission heard the request of Helmer and the resulting protests and support. Of the 11 citizens who spoke, only one had a favorable reaction.

Those protesting listed the following primary reasons for objecting:

The proposed clinic would degrade adjacent property, create additional traffic hazards at the intersection, create a lighting nuisance, and disturb the country atmosphere of the vicinity.

These citizens also noted that sufficient zoned property exists on which to build clinics, that the property in question, if sold in smaller parcels, would be attractive to homeowners, that some homeowners had recently moved in to the neighborhood and in some cases upgraded their property because the area was zoned for residential use and that the proposed clinic could become an eyesore.

Aside from Helmer himself, only one resident supported the zoning change, noting that adjacent property owners had an opportunity to buy up Helmer's property in years past to ensure "good use" of the property but that they had failed to do so.

In proposing the zoning change, Helmer contended the property has been unseizable as residential land, even though it had been listed for sometime. He said he intends to sell it to Bud

Gould, who would build and lease one clinic type facility immediately and, as the population grows, later add two more buildings. He said they would be attractive, one-story structures meeting all regulations of the township.

Helmer also noted that long-range plans call for widening of Five Mile road thus reducing the attractiveness of the property for residential use, that the facility would substantially increase the township's tax base, and that it would provide professional services to nearby proposed subdivisions.

The horse ordinance amendment met no public opposition — a far different reaction than resulted from the original amendment which sparked a storm of protests. The new amendment, a compromise between planners and a citizens group representing township horse owners, permits the keeping of more horses than originally permitted. The ordinance now permits two horses for the first two acres, with one additional horse for each additional acre.

Under this ordinance, non-conforming existing uses may continue until horses have not been kept for 12 consecutive months.

The ordinance also sets up regulations for fencing, accessory buildings, and appearance and odor.

The commission approved the plans of Donald Thompson to erect a car wash on Northville road just south of Seven Mile road.

Alex Gordon's petition for a public hearing on rezoning 33 acres at the southwest corner of Bradner and Franklin roads from an R-4 single dwelling classification to R-M multiples zoning was denied — although Commission Chairman Gunnar Stromberg noted that Gordon had installed a sewer at considerable expense and deeded it to the township.

In voicing objection to the plans for multiples on the property, Planning Consultant George Villikan argued that the entire area did not necessarily lend itself to multiple development. If fully developed for multiples, he said, the area would become an extremely high density one.

Northville School Board Commend 2 Teachers, Student

Three separate resolutions commending two retiring teachers for years of service and a high school senior for special achievement were adopted by the Northville board of education Monday night.

Recipients of the resolutions are Miss Kathryn Giltner, who will end 30 years of teaching here next June and a total of 43 in the educational field; Miss Louva Waterman, who will retire after teaching 12 years in the Northville system and after 26 years in the educational field; and Glen Deibert, who recently won state and national honors in the American Legion Oratory and Extemporaneous Speaking contest.

The board also approved the hiring of three replacement teachers and three new ones, while accepting the resignations of three teachers and approving a leave of absence for another.

The replacement teachers are Phyllis Hinkel of Ann Arbor, Shirley Hosier of South Haven and Cecilia Rohrer of Ann Arbor. All three are 1967 graduates of the University of Michigan. They will teach on the elementary level.

Teachers filling new positions are Joyce Brodien of Plymouth, elementary; Jamie Haley of East Lansing, junior high; and Karen Janichick of Plymouth, elementary. Mrs. Brodien was graduated in 1954 from Olivet Nazarene college and has nine years experience in Illinois. The other two were graduated from college this year.

Resignations of Judith Lucas, Marilyn Huber and John E. Bentley, who are moving from the area, were accepted, and the board granted a maternity leave of absence to Judith O'Brien.

Extensive blacktopping of parking, drive and play areas at Moraine elementary school at a cost of \$11,710 was approved as was the installation of poles and lighting at a cost of \$4,212.

A leasing arrangement with the Detroit Edison company for lighting at Moraine was sidestepped because no "tie-in" with city or township street lighting is available.

The board also voted to accept the low bid of Visual Craft, Inc. of Detroit at \$1,891.75 for draperies at Moraine. The company volunteered to install draperies for the school's multi-purpose room at no additional cost.

Dismissal of high school teachers to attend the Schoolmasters conference at Ann Arbor on May 12 was approved, with Trustee Richard Martin casting a lone no vote.

The event was not part of the school calendar, officials noted.

In other business Monday, the board -- Heard a report from representatives of the McFadden corporation concerning the firm's bus replacement program, which was taken under advisement;

-- Heard a written report from Township Supervisor R. D. Merriam that the township board has not taken any

action on annexation of the Moraine school property to the city pending a decision by the city as to the amount of land it desires to annex;

-- Agreed to meet with the bargaining representatives of the teachers organization on May 4 as requested by the teachers. Purpose of the meeting, the board was told, is to permit the

teacher representatives to present their basic bargaining position.

According to Assistant Superintendent Raymond Spear, the two sides have met four times thus far -- primarily for the purpose of establishing guidelines for negotiations.

Municipal Court

Two Northville youths were fined heavily in Northville Municipal court for driving recklessly.

Bruce G. Allan, 18, of 18238 Shadbrook paid a fine of \$75 and \$15 costs on a charge of reckless driving on West Main street from Wing street to Clement road. He pleaded guilty to the charge.

Daniel L. Cobb, 19, of 438 Yerkes was assessed a \$75 fine and \$5 costs. His driving infraction occurred on Eight Mile road. He likewise pleaded guilty.

A passer in the car with Allan, Douglas J. Dingwall paid costs of \$25 for interfering with the ticketing policeman in the performance of his duties. Fine against Dingwall for withholding keys demanded by the officer was suspended. Dingwall, 18, lives at 225 Ely drive.

Fine of \$25 and \$5 costs were levied against William D. Yerkes, 17, of 504 Dunlap street. He was found guilty of speeding 60 miles per hour in a 35 zone on South Main street.

Two local youths were fined \$27.50 apiece for having liquor in their possession at the Seven Mile cut-off. They were Grant A. Webb, 18 of 23500 Beck road, Wixom, and Douglas E. Burton, 19, of 48000 11 Mile road, Novi.

Keith D. Mueller, 18, of 46210 Foner court was ordered to pay a \$35 fine and \$5 costs for careless driving on West Dunlap street. He pleaded guilty.

33 Complaints Investigated

Thirty-three juvenile complaints, involving 44 youngsters, were investigated in March, Novi Detective Sergeant Richard Faulkner, juvenile officer, announced.

Twenty subjects, 18 males and two females, were repeaters. Twenty-nine unofficial hearings were held and six youths were referred to juvenile agencies.

School Orders Spending Cuts

A financial squeeze is fast becoming acute in the Northville school system.

That's the report of School Superintendent Alex Nelson was issued an "austerity" order Monday putting the clamps on spending.

Meanwhile, the board of education Monday night refused to approve the hiring of three additional new teachers for the 1967-68 school year, suggesting that the proposal of Assistant Superintendent Raymond Spear await the next meeting of the full board.

Three members were absent Monday.

Also, Trustee Richard Martin, as with an earlier teacher hiring proposal, cast a lone vote against hiring teachers who the board had earlier authorized as part of Spear's recommended new teaching positions.

Martin emphasized that his "no" votes were a matter of economics and were not, as an earlier Record story had suggested, "reservations" about any one teacher.

Because Martin contends the financial situation of the school district for the next fiscal year is uncertain, he voted against the proposal several weeks ago that gave Spear authority to begin hiring 12 additional teachers for the next school year.

Thus, when hiring approval for five teachers — four replacements and a new one — came up three weeks ago, Martin maintained his position and voted no. Monday night he did the same when six more teachers — three replacements and three new ones — came up for board approval.

Originally, Spear had recommended 21 1/2 new teaching positions. This list was trimmed to 12 by the board. Monday night, however, Spear recom-

mended the new teaching positions be stretched to 15 because of the obvious need at the junior and senior high school level next year.

The board tabled the recommendation because three members were absent.

Of the 12 new teaching positions authorized by the board, eight have been filled thus far, Spear told The Record, including five at the elementary level and three at the junior high level.

Concerning the spending curtailment order, Nelson said an analysis by the new business manager had shown that a deficit of more than \$20,000 will occur by the end of the current fiscal year. This deficit, he said, is in addition to an outstanding deficit of \$80,000 carried over from previous years.

Nelson said he opposes deficit spending, particularly now in view of the fact that little additional state aid is expected next year and because an increased tax base locally probably will not offset increased expenditure in the next fiscal year.

He said he had ordered that all non-emergency school purchases be "frozen", that all non-essential travel be discontinued, that overtime for custodial and maintenance personnel be discontinued, that all extra-curricular trips be frozen, that outstanding purchase orders be reviewed and those found non-essential be cancelled, that each school building staff share office and instructional supplies where possible, and that staff members use leave time sparingly.

Ideally, the school district should come up with a balanced budget (discounting the outstanding \$80,000 deficit), Nelson said, so that the financial squeeze in the next year's budget won't be as painful.

from the PASTOR'S STUDY

Reverend Gib Clark, Pastor
First Baptist Church of Novi

Somewhere there is a line of poetry which says, "when the rose decks herself, she adorns the garden." My obligation to be an attractive, stable, worthwhile christian is certainly a primary one. I may work hard in the church or in the community; I may provide so far as service is concerned - but if I am not the kind of person who is a good example of my religion, I am missing my greatest opportunity. Is not that the meaning of I Cor. 13? It is simpler in the case of the rose it grows automatically, so far as we human beings know. In our case, life will not stand still. We never step into the same stream twice, as the ancients have put it. Life changes, we change. Even after we get right we have the problem of staying right. Today, I may be comparatively poised, happy and useful. Tomorrow, I may be overwhelmed by tragedy, may be whimpering and dejected. There are mood swings within and weather conditions, wars, and economic depressions without. There is tremendous social pressure, conscious and unconscious, that envelops us on the one hand; there are wild, irrational, biological and ego-centric drives which arise from within on the other. Sometimes we hanker for a social group which would control us although we never quite put it in these words; some stable, non-threatening, directing institution or social setting where we will not have so many conflicts and so many decisions to make. Instead our world is in a state of flux. Urban and town people go away to college and to war. City people, young and old, are living next door to people they do not know, if they do, they do not like. On religion, social customs, morals and education we do not agree, and we do not feel close to one another. We need more of a sense of belonging, but, at present and in the near future, it is very unlikely that we can depend on that personal support. Jesus said, "A new commandment I give unto you, that you love one another even as I have loved you."

ROMANCE... AND A BENT STRAW

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When you're in high school and going steady, two can often live as cheaply as one. But who's thinking of economics?

What is important is that when Karen and Dave want to look into each other's eyes - while sharing a milkshake - something just has to give. Karen's straw, of course!

Through the dreamy days of this budding romance they've been learning that lesson over and over. They know how to adjust to each other's moods . . . and cares . . . and ambitions . . . and hopes.

Have they learned the greater lesson - the one that is taught in our churches, and in those homes where religion is real? Have they learned reverence for the spiritual and moral principles on which the sacred institution of marriage rests?

Fleeting romances can endure for a while on bent straws. But honest, blossoming, maturing love demands of a boy and girl convictions that do not bend.

Modernizing?
New Heating System?

Decisions. Decisions. Decisions.

(May we help you with an important one?)

Your choice of a heating system is one you'll live with for a long time. So, naturally, you'll want to make sure you get a system that won't cost too much to own. That's where our new electric heat guarantee comes in.
Before you start the job, consult with Edison. We'll see that you get a written estimate of heating costs—before you buy. Then, your monthly bills may be less, but they won't be one cent higher than the estimate. We guarantee it.
If the installation needs adjustments to meet the guaranteed cost figure, we'll see that it's done. And if at the end of three years, the system is still not operating within our estimate, we'll remove it and refund your money.
Before you make any more important modernizing decisions, get the facts on modern electric heat. You can't lose!

Nab 3 Youths On Stolen Bikes

Three Walled Lake juveniles were apprehended last week Wednesday as they were riding stolen bikes away from the scene of one theft at Novi high school.

Aged 13, 14 and 16, the three youths were referred to juvenile authorities not only because of larceny of bikes, but also because of home conditions. Detective Sergeant Richard Faulkner, Novi juvenile officer, said.

The boys were seen driving a stolen bike away from Novi high school and the theft was immediately phoned into police at 11:19 a.m. Police said they found the youths riding the bicycles north of Grand River on Beck road, approximately two miles from the high school.

Aside from the bike taken from Novi high school, there was one stolen from a Northville grade school and one put together from assorted stolen parts, police said.

Police Crackdown On Novi Junk Cars

Among other things, March was a banner month for removing junk cars in Novi. Continuing its crackdown, the Novi police department removed 81 inoperative vehicles.

"Removal of the cars necessitated 16 court cases in order to force unwilling owners or tenants to comply with police orders," Novi Police Chief Lee BeGole said. Issuing of a ticket for junk cars may also result in fine.

"Last Month," BeGole noted, "we reported that the department handled more cases than in any previous February in the history of the department. Same story this month. In March 1967 we had 317 cases; in March 1966 it was 210 cases. This is an increase of over 100 cases."

Patrol time for March was slashed because of increasing demands of investigation and court time. "The more time we spend working on cases which have already occurred," the chief stated, "the less time we have to spend on preventing new cases. And after all, prevention is our real job."

Of 317 cases handled, 243 were closed, including 17 of 20 delinquent minor cases, two of six breaking and entering, 17 of 18 dog complaints, 14 of 15 family trouble, six of 10 malicious destruction of property, two of three felonious assault, three of three simple larceny and 15 of 19 traffic violation complaints (not tickets).

Total number of violations issued to drivers was 177, a decrease from March of last year of 15 and 84 below the record March of 1965. A breakdown of tickets revealed 58 were written out for defective vehicles, 12 for violation of operator's license and 11 for speeding.

Total fines collected in March by Justices Robert K. Anderson and Emery Jacques equalled \$2321, \$747 less than the same month last year and \$1,820 less than the peak March of 1965.

The eight-man Novi police force worked a total of 1,391 hours in March, with Chief BeGole topping the list 235 hours.

Name Wendell Peterson District GOP Director

Wendell A. Peterson, 7 Arbor Way, Country Estates, is the new Republican director for the 60th legislative district, Oakland County Republican Chairman Joseph Farnham announced this week.

The appointment, by 19th Congressional District Chairman John Cartwright, puts Peterson in charge of Republican Party activity in the townships of Novi, Milford, Holly, Brandon, Lyon, Commerce, Groveland, Highland and Rose and the cities of Walled Lake, Wixom, South Lyon and Northville. He succeeds Alan Hill, who resigned because of increased business responsibility.

A member of the 19th Congressional District committee, Peterson

has been active in the Republican Party since 1964. Before that time he was chairman of the Kalamazoo College Young Republicans. He is currently serving the party as city captain for South Lyon, a precinct director and delegate and a member of the Oakland county convention and procedures committee.

Peterson is a graduate student at Wayne State university. A native of Muskegon, he earned his A.B. Degree at Kalamazoo college, following a summer at the University of Bonn, Germany where he studied on a Merit Scholarship. Prior to returning to college in 1965, he was employed as a research technician by the Upjohn Company of Kalamazoo.

Boy Scouts Camp Out

Rain and biting winds failed to halt a weekend camp-out by 22 Boy Scouts and six adult leaders of Northville Troop 731.

Postpone Novi 'Trial' Hearing

A pre-trial hearing involving a dispute between the committee of Novi and the Novi township board slated for last Thursday was postponed until Thursday, May 4.

The camp-out took place at Hudson Mills recreation area on Friday, Saturday and Sunday.

Five boys went on a "back-pack", as part of their first-class rating, Saturday night. During their overnight hike they had to carry enough equipment and food to sustain them for 24 hours.

Other boys went on a five-mile hike Saturday as part of the second-class requirement.

The next outing of Troop 731 is tentatively scheduled for the weekend of May 19. It will involve a weekend canoe trip.

News Around Schoolcraft

Eighteen area businessmen and women recently received certificates of completion at the conclusion of a 10-week business management seminar at Schoolcraft college.

The seminar for owners and managers of small businesses was sponsored by the college, the Small Business Administration and chambers of commerce of Garden City, Livonia, Northville, and Plymouth. Fred Stefanski, evening college director, was seminar coordinator.

Plymouth Mayor James Houk was the main speaker at a banquet for the seminar group at its final session.

Dr. Eric J. Bradner, president of Schoolcraft college, presented the certificates of completion to C. Phelps Hines, Carl H. Johnson, E. Nirdler, Ben Richardson and Harvey B. Ritchie all of Northville; and Edward W. Vahlbusch of Novi.

A group of 20 students enrolled in the architectural technology program at Schoolcraft College attended the annual convention of the Michigan Society of Architects at Lansing on April 14.

The students were accompanied on the field trip by Richard Reinhold, A.I.A., and Howard Sims, A.I.A., architecture instructors.

The students attended convention's sessions on personnel in architect's offices, and the use of the computer in structural design. A number of the students arranged employment interviews with practicing architects attending the convention.

Sims proposed to the convention that a session relating to architectural education be included on the program for the MSA summer conference at Mackinaw Island.

Among the students attending the convention was Gary Pratt of Northville.

John Webber, assistant dean of student affairs at Schoolcraft College, has been named president-elect of the Michigan Personnel and Guidance Assn., for 1967-68. Webber will become president of the MPGA in 1968-69. The state association is a branch of the American Personnel and Guidance Assn.

Tornado Injures 4

Four children of the Al Busch family, formerly of the Northville area, were injured when last week's Illinois tornado struck their school bus.

Hospitalized were Jane, 15, with back injuries; William, 14, fractured ribs; John, 13, cuts and bruises; and Cheryl, 12, brain concussion.

The children reportedly were boarding the bus outside Belvidere high school, six miles from their home in Garden Prairie, when the tornado struck. The driver of the bus was killed.

Mr. Busch is an employee at the Chrysler plant which also was struck by the tornado.

Our Legislators Report....

Republican State Representative Louis E. Schmidt is offering free of charge to senior citizens of the Livonia-Northville District a booklet outlining state programs of benefit to Michigan's senior citizens.

The handbook was prepared by the Michigan Commission on Aging and is available by writing Schmidt at the State Capitol in Lansing. It gives general information on county councils on aging, recreation programs, educational and employment opportunities, health care, financial and housing assistance, legal aid and many other programs conducted by the State.

Representative Louis Schmidt reports "considerable consternation" developed this past week over a proposal to reduce the lawmakers salaries by 15-percent if fiscal reform legislation fails.

The proposal was suggested by several freshmen legislators.

The resolution, explained Schmidt, was sparked by Governor George Romney's proposal to cut state services by as much as 15 percent to balance the budget unless tax reform is enacted.

The resolution was referred to the House Policy committee.

It was not exactly received with overwhelming support by either Democrats or Republicans, he said.

State Senator George Kuhn says he will support a legislative resolution calling for a federal constitutional convention.

Purpose of the federal con-con would be to modify U.S. Supreme Court decisions requiring "one man, one vote" reapportionment of state legislative bodies.

Ringleader of the federal con-con movement is U.S. Senate Minority Leader Everett Dirksen of Illinois. So far, 32 states have passed resolutions asking Congress to call a federal con-con; two more are needed. Michigan could be the key state.

"I'm whole-heartedly in support," Kuhn said last week. It can pass in the State Senate, and I think we have the votes in the House."

Kuhn said a federal con-con "could get the Supreme Court out of legislative work. We need changes in the U.S. Constitution for clear lines of authority between the executive, the legislative and the judicial. The Supreme Court has usurped power."

A federal con-con would presumably be dominated by persons wanting to modify the "one man, one vote" court decisions and allow one house of a state legislature to be apportioned on a basis other than population. Rural interest favor an area basis.

Any amendment proposed by a federal con-con would have to be ratified by three-fourths of the states (38 of the 50).

Dirksen chose the federal con-con path after his plans to have Congress submit a proposed constitutional amendment to the states were defeated.

Senator Kuhn is also author of a proposed amendment to the Michigan constitution that would eliminate the eight-man, bi-partisan Apportionment commission.

Kuhn seeks to return the apportionment power to the Legislature, which had the authority under the 1908 state constitution.

Kuhn points out his amendment provides for an alternative in the event the Legislature fails to apportion itself, as it did many times under the 1908 constitution. Kuhn's plan says that, if the Legislature can't agree on an apportionment plan, the job would be handed to a five-man non-partisan Apportionment Commission appointed by the governor.

The odd number assures some chance of agreement. The current Apportionment Commission, Kuhn notes, deadlocked along partisan lines.

AWARD WINNERS—Roberta Byrd and Carl Stephens display their winning entries in the Southeastern Michigan Regional Scholastic Art Awards exhibition. Roberta received a gold key award and

Carl, a certificate award. Their paintings were two of 1,026 chosen for display from 6,000 entries, representing 112 schools. The exhibition was held at Crowleys in downtown Detroit last month.

SAFETY WINNERS—Four girls and five boys were named as safety patrol boys and service squad girls of the month by Northville elementary schools. Receiving the honors were (l to r) Patti Sank of Main Street; Kimberlee Simcheck, Mor-

aine; Sand Crishon, Amerman; Wendy McIntyre, Moraine; Scott Hempe, Moraine; Jon Sewell, Main Street; Kevin Kelly, Moraine; Pete Sylvain, Amerman; and Tim Belcher, Amerman.

ORATORICAL WINNERS—Accepting their cash prizes for winning the oratorical contest sponsored by the Greater Northville Republican Club Thursday night are Carolyn Collacott, who was judged first, and Rick Sechler, who was the runnerup. Third-place honors

went to Douglas Waldren. An 800 to 1,000 word oration was presented by each contestant. Making the award presentation is Wilma Campbell, president of the club, and Jean Arlen, adult advisor of the newly organized Teenage Republican club.

Schoolcraft Plans Sunday Graduation

Schoolcraft College will award associate degrees and certificates of program completion to members of the college's second graduating class at public commencement exercises at 2 p.m., Sunday, April 30, in the Lois L. Waterman Campus Center.

Dr. Harold E. Sponberg, president of Eastern Michigan university will deliver the commencement address.

One hundred fifty-two students are candidates for graduation.

The ceremony will open with a procession of faculty and administrators in academic regalia and the singing of the national anthem. Rev. Roger Storm, chaplain of Campus Christian Life, will deliver the invocation.

After a choral selection by the Schoolcraft College choir under the di-

rection of Wayne Dunlap, platform guests will be introduced by Eric J. Bradner, president of Schoolcraft college.

Northville area candidates for graduation at Schoolcraft college at commencement ceremonies on April 30 are:

Associate Degree in Arts—Gerald W. Beaver, Gloria Lynn Dicks, Gale Linda Fones, Mary Katharine Godley, Beth Ann Grayson, Jerry Wayne Hayes, Bonnie Lu Rorabacher, Denise Jean White and Betty J. Willis.

Associate Degree in General Studies—Clifford Hirst Wilson.

Associate Degree in Science—William E. Gallagher and Danny Edward Larkin.

Associate Degree in Business Studies—Judy S. Sommers.

Registration Meet Set For Northville Parents

An information meeting for parents of children who will enter kindergarten next fall will be held at the Northville junior high school gymnasium (community building) Monday, Superintendent Alex Nelson has announced.

During the meeting, which will begin at 7:30 p.m., school officials will answer the questions of the parents and formally register their children.

According to Nelson the meeting was purposely scheduled during the evening so that fathers as well as mothers can attend. The meeting will not be suitable for children, however, although an attempt will be made to have some baby sitters present.

"We aim to make the meeting as brief and as informative as is practical but we shall not bore parents with long winded speech makers," he said.

To complete registration, parents should bring proof of the birth date of their children. A child entering kindergarten next fall must be five years of age by September 1, 1967.

On May 15 children who have been registered for kindergarten will be invited to school in small groups to become acquainted with their teacher, room and building, Nelson said.

Working Prisoners Succeed

LANSING — Rehabilitation of inmates has been a major factor in programs of the Michigan Corrections Department for a good number of years. The department now has a good yardstick to measure the success of its various efforts toward rehabilitation of prisoners. Some years ago, Michigan initiated a sleep-in, work-out program for certain inmates. It appears to be most successful.

Employers, the real indicators of the success, reported general satisfaction with the prisoner-workers they hired. About 75 per cent of the employers gave performance ratings of "good" or "outstanding" to the inmates they hired in the past year. Only 156 men were involved in the program, partly because of its newness but partly by design within the department administration. Only jobs that cannot be filled by the local work

force can be taken by inmate labor. To be eligible for the program prisoners must be also within a year of parole consideration, be good security risks and have no background of mental illness, sexual deviation or assault records. Only 11 of 156 men involved in the semi-parole program last year were removed from their jobs. Now the department is considering extension of the program to allow

prisoners to find work in their home communities, rather than just in jobs specifically located by department officials. If the program were changed in this way, prisoners would be allowed to serve their non-working time in local county jails. Idea behind the home-town job project would be to provide an additional transitional step from prisoner to private citizen since many inmates return to their former communities when released. SURE SIGN of spring is the almost irritating number of yellow flashing lights seen in cities and on open roads of the state. Flashers mean that work is under way to get rid of Michigan's annual winter "hang-over." This is the term given by cleanup crews to the work they face each year to rid Michigan's roadways, roadside parks, rest areas and picnic table sites of the litter accumulated during the snowy season. It includes picking up tons of debris cluttered along the roads; clearing ditches and culverts to insure needed drainage. Pavements marred by freeze-thaw damage must be patched, and damaged signs and reflectors replaced. The state ordered 40,500 pounds of grass seed, 610,000 pounds of fertilizer, 4,205 gallons of weed sprays and similar amounts of other items needed to improve roadsides and rest areas. This is a sizable planting operation but necessary to keep Michigan green. "Let the buyer beware," remains a good watchword for consumers despite the many government regulations designed to protect the public from unscrupulous dealers in products and services. A typical spring activity, landscaping, planting shrubs and flowers, provides a good example that all the laws in the nation cannot protect the unwary buyer. Michigan has a nursery stock law designed to protect the buyer. The law requires that nursery stock must be stored and displayed so as to maintain the certified conditions. "Quality is a factor in determining price and purchasers are unlikely to find high quality items at give-away prices," emphasizes B. Dale Ball, director of Michigan Department of Agriculture. Extravagant statements about merchandise or claims by salesmen that their products represent sensational developments in the horticultural world should bring a raised eyebrow to the prospective purchaser. Agents who solicit sales of nursery stock are required to get a permit from the Agriculture Department. Department officials encourage prospective buyers to ask for this permit before signing landscaping contracts or making purchases from door-to-door stock salesmen.

Banker 'Tests' Gold Policy

BABSON PARK, Mass., — The other day a vice-president of a huge N.Y. bank dropped a "bombshell" into international banking circles. He suggested that if foreign governments holding deposits here should insist on turning them into gold, the U.S. just might refuse to honor their requests. That we would simply sit on our \$13-billion hoard. The fixed price of \$35 per ounce, at which the U.S. agreed to redeem the dollar for foreign holders ever since the end of World War II, would be no more. In a word, we would divorce our dollar from gold! Some immediately said that the banker's "trial balloon" had been handed to him for release by none other than the Secretary of the U.S. Treasury. It has long been known that official Washington has been "all steamed up" because foreign nations — whom we rescued from the brink of economic disaster a few years ago — are continually exchanging their dollar holdings for gold. Such resentment has applied especially to France. Others, however, held that the startling statement was only the opening gun in the battle to give greater liquidity to all Free World currencies. This financial Armageddon is slated for Rio de Janeiro in September at the meeting of the International Monetary Fund. Whatever the intent, whoever the instigator, the effect was electric. The price of gold shot up in London. Long dormant and bumping bottom, gold

shares in New York were sparked to life. Economists great and small were eagerly sought for press interviews. The central bankers of Europe shuddered. And we can guess that the "Gnomes of Zurich" laughed. IT IS SAID that you can count on the fingers of one hand the men in this country who really understand international money and its ramifications. Even this may be an overstatement. However, the smoke now belching from the banking and political capitals of the Free World does have a source in some serious financial fires. The two major ones are: (1) The now accelerating plunge of the U.S. into debt to the leading nations of Europe; (2) the failure of gold supplies to climb rapidly enough to accommodate a global credit expansion sufficiently large to finance ever higher levels of world trade. On count number one we stand at least partially guilty. For years, the U.S. has spent, lent, invested — and just given away — more to other nations than they have spent, lent, etc., in this country. It has been our dollars that our allies have been glad to amass. Why not? For Uncle Sam has said, ever since Bretton Woods in 1944, that he would redeem them for foreigners any time at \$35 an ounce. And there's the rub! When we had over \$20 billion in gold, the bottom of the barrel looked far away. But now that our gold stock is down to \$13 billion — and foreigners

hold nearly 30 billion of our dollars — they ask us ever more insistently: "How Long?" Surely, we cannot go on forever flooding the world with dollars. The law of supply and demand would steadily force the dollar's value down. But the huge outflow of dollars has enabled our allies to finance their economic expansion and to support a world trade boom. It is only recently that doubts about the dollar have threatened world prosperity. THE REAL JOB for the U.S. is twofold: (1) Restore confidence by slowing down our dollar hemorrhage; (2) work co-operatively with the other nations at Rio in September to establish a broader base than just the dollar for greater international liquidity. Our Allies must help us to achieve the first, and we must sacrifice some prestige to attain the second objective. Admittedly it will be hard for us to "give ground" at Rio. When the International Monetary Fund was formed, we were king. That is not so now. As creditor we could call the tune. As debtor we must find a solution fair to all. And we shall have to learn to limit our world commitments ... or slip deeper toward bankruptcy. Surely we must shun the suggestion of the N.Y. banker with regard to dishonoring our commitments. For the result would be devaluation and a train of financial and economic events with consequences that no man can foresee and that few would care to contemplate.

VETERANS OF FOREIGN WARS OF U.S.
LOYALTY DAY PROGRAM, MAY 1

The Veterans of Foreign Wars sponsors Loyalty Day programs during the May 1 weekend. Parades, flag ceremonies, speeches and other public demonstrations emphasize love of country and American ideals. One of the best ways to show your loyalty to these ideals is to display a flag on this and all patriotic holidays. So if you don't have an outdoor flag, get one, and join those who are already the proud possessors of one in flying your flag this important weekend.

Nobody's got a family plan like Chevrolet.

And in the spirit of all family plans, you get more for your money.

Plan I—Impala Sport Sedan (foreground)—First off, Chevrolet is the roomiest car in America (source: Automotive News 12/26/66). Second, it's got exclusives like acrylic lacquer finish and Body by Fisher. Third, you get Chevrolet's traditional high resale value. Three reasons why Chevrolet is selected by more

families than any other car. Plan II—Camaro Sport Coupe (rear left)—The widest, lowest, heaviest adventure car at its price. Comes with bucket seats, carpeting, a fully synchronized 3-speed transmission, and a big Six computer can't match. Plan III—Chevy II Nova Sport Coupe (rear right)—Nobody's

been able to copy the six-cylinder efficiency or protective features like flush-and-dry rocker panels you get in our stylish economy car. Plans IV, V and VI—Chevelle, Corvair, Corvette (not pictured)—You can see them all at your Chevrolet dealer's. Stop in soon. Bring the family.

Chevrolet's outstanding worth is another reason you get

that sure feeling

SPEAKING for The Record

By BILL SLIGER

Spring may turn a young man's fancy to thoughts of pretty maids, but for Northville's leading senior citizen it means digging into a bigger and better clean-up campaign.

Beatrice Carlson ... councilwoman, local chairman of the Red Cross volunteers, charter member of the senior citizens' organization, member of the board of directors of World War I veterans, active in American Legion, VFW auxiliaries, and the BPW ... is chairman of the Northville Beautification Commission.

Busy Bea claims that right now she's most concerned with kicking-off the community beautification campaign. Oh, she has a few other irons in the fire ... like a BPW meeting Monday night at Jenny Turnbull's where she hinted that the club might buy a few attractive trash containers for the business district; and then later the same evening a council work session on the new budget; then Tuesday at 8:45 a.m. a gathering of 15 local Red Cross volunteers at Bea's house before embarking for the Highland Park Chrysler plant to staff a blood bank; a VFW flag presentation Wednesday at 6 p.m. at the veterans' memorial in the cemetery; a meeting of the nine-member beautification at city hall later Wednesday evening; the 10th birthday celebration Sunday of the World War I veterans organization; Arbor Week tree planting, special trash pick-up, council meeting Monday, etc.

At 70 (she admits to 21) Bea can keep a fair-sized newspaper staff jumping. Just when you think that it might be possible to skip one of the events, Bea comes up with a new twist ... like asking me to plant a tree for Arbor Week ... "and we must have a picture, it's important to our scrapbook for the national clean-up contest, you know".

Kind of sneaky. I can't even find time to plant a tree at home.

But when Bea tells you that she's not interested in publicity for herself,

she really means it. She's devoted to making a beautification campaign work in Northville, all year 'round.

In addition to the tree-planting ceremony, there will be a city-wide trash pick-up on Monday, May 8. This suggests that Bea and her beautification commission expect residents to do some cleaning-up around their homes on May 6 and 7.

May 20 is designated as Civic Pride Day. It's suggested that community officials and merchants show their pride by shampooing Main street at 7 a.m. with brushes and buckets.

Awards are planned for the business places showing evidence of most improvement and a couple of Bea's committee workers will be taking "before and after" pictures to provide evidence of the improvements.

There's probably no single, worthwhile project in any community that depends more upon citizen participation for its success than a beautification campaign. Everyone can do something to help.

If each homeowner makes it his business to clean up his own yard, results are immediate. Individual effort can also be employed throughout the community. Papers can be tossed into containers instead of the street; loose debris throughout the business area or countryside can be removed or reported to the beautification commission; little things, like cigarette butts, gum wrappers, lunch sacks, apple cores, orange peelings can be deposited in containers instead of tossed into the gutters.

Community beautification is everyone's business - not just a single senior citizen's and her nine-member clean-up commission.

And besides, I see little chance of concentrating on anything else until Bea has the community looking spic and span.

Watch His Right!

A LOOSE LEAF

By ROLLY PETERSON

There'll be spies in the sky when we die.

Not so far fetched, the phrase applies succinctly to the rash of omnipresent spy yarns on television and in the movies. Take a look at the lineup: Mr. Terrific, Girl from UNCLE, I Spy, Secret Agent, Get Smart, Man from UNCLE, and an endless and somewhat wearying strain of flicks ala James Bond. Genus Excitus, they're not to be confused with Genus Inspidus - Batman, The Green Hornet and Superman.

All spy thrillers have something in common: no penetrating message, no development of character and little resemblance to real life. In fact, forget the actors. Any reasonably good actor or actress could play the part demanded by a spy thriller. There's only two standards and two standards only: angularity of plot and suspense.

On this basis, CBS' Saturday night splash, "Mission Impossible," is the unqualified winner. The story line is as convoluted as the stripes on a peppermint stick, as complex as an IBM computer and as monumentally absurd as a fly swimming the Atlantic. Yet it makes for spanking good stories, a guessing man's guessing game filled with suspense.

"Impossible" begins every Saturday with little out of the ordinary. Dan Briggs, head of the Impossible Mission Force, receives the assignment from an anonymous voice, deep and resonant. The message comes over a micro-box at a drive-in movie, through the telephone or over a tape recorder cleverly concealed. And each time, poof, the message self destructs. Nothing unusual about that.

Next, it's time for Briggs to chose the highly trained specialists who will carry out the impossible mission. He flips dramatically through a portfolio of agents, dropping their pictures one by one on a table. His team chosen, they develop the plan of attack. Only one thing is certain - the mission will be accomplished and our heroes will emerge unscathed. Still, nothing unusual about that.

It's how the mission will be carried out that taps our ingenuity. What exactly is the brilliantly conceived plan? The guessing game has begun. Nine times out of ten, we lose. Throughout, the suspense, the other essential ingredient of any spy pie, permeates the plot.

Essentially, the task of the "Impossible" writers is made easier and the stories more exciting through one simple, yet master stroke. Rather than one or two super agents executing the plan, there is a flock of them, each a bird of a different feather, working at his specialty. This yields a welter of plot possibilities.

While one agent is displaying it straight as an ambassador, coolly approaching the villain, another is cutting cables, another is crawling through tunnels, another is assuming a carefully disguised role. There are enough meanwhites to keep the viewer impaled on the point of anxiety.

The plot is meticulously conceived. In fact, a trip to the kitchen for a piece of pie can be disastrous. A vital fact may be missed. To stick with it, the viewer must stay glued to the TV set (to the elation of sponsors) to watch every move of the elusive plot. That, in a nutshell, is what makes Mission Im-

possible a unique spy yarn.

Whether it is a spoof, as has been claimed for so many spy pies, is really not germane. Who cares? The fact is "Impossible" keeps the imagination bubbling along trying to win the game of wits. And there is the usual spy paraphernalia to titillate the viewer - easesdropping devices, special weapons voluptuous women, you name it.

All of which makes Mission Impossible a frothy, exciting bit of escapist viewing.

Seek Enforcement Of Smoking Law

To the Editor:

Early last fall, our student council attended a leadership conference workshop in Ann Arbor. At this gathering, a professor named Weaver addressed us and said that student councils should stay away from the "trivia" (sponsoring bake sales, dances, etc.) that they have been doing in the past and focus their attention to solving some of the problems of our school. It is under this precept that our student council, combined with the other councils in our league, have decided to attack one of the major problems facing high schools today. That is the problem of students smoking on campus.

The present laws in Michigan designate school property as some sort of sacred ground. Minors smoke at home, on the street, in fact, anywhere an adult can smoke. All of this is forbidden by law, but nothing is done to enforce the law. Nobody gets upset or tries to do anything when they see the twelve year old kid smoking on the street. At most, they say, "That's awful." But, let a few people get wind of student smoking in school and soon there is talk of the administrators losing their jobs for neglecting their duty. School seems to be the only place that the laws are expected to be enforced. This is what we are protesting.

Over the last few weeks, representatives from our league from Bloomfield Hills high school have worked in Lansing and have finally gotten this problem to the floor of our state legislature. We are hoping something will be done, during this session of congress, to correct this problem.

Specifically, we are looking for reforms like these:

1. Either the laws regarding smoking be enforced as they read today, updated, so as to obtain laws that are possible to enforce, or repealed. The laws as they stand today are contradictory and almost impossible to enforce. New, revised laws would alleviate this problem.

2. We would like to see a uniform punishment for breaking the rules. Not a twenty day suspension in one school and a three day suspension in another. If a state law and there should be a state-wide penalty.

I believe you can see that the present laws cause quite a problem, not only for our school, but for all high schools.

The bride and bridegroom sitting on chairs on top of a table dodging assorted flowers and fruit tossed at them by wedding guests while a soon-to-be plucked rooster shared the table and crowed lulling melodies.

A scene from the Lil' Abner comic strip?

Not at all. It's the kind of real-life adventure that only a guy like Northville's rotund attorney-travel agent, Cliff Hill, could dig up in his world-wide journeys.

Recently returned from a trip to Japan, Taipei, Hong Kong and exotic places like Bangkok, Kuala Lumpur, and Cameron Highlands, Hill kept notes of his latest experiences and passed them on to the newspaper.

The comic wedding was one of those experiences. It was, wrote Hill, "a Javanese style Moslem wedding last night out in the New Territories adjacent to Kowloon."

According to Cliff, the wedding took place in a rather ramshackle house. "As soon as the groom arrived he was literally dragged in by relatives to the center of the group where three Moslem priests lectured him on the grave responsibilities he was about to undertake."

A long-tailed Javanese rooster was perched on the wedding table piled high with fruits and foods and coconuts.

As soon as the bride was dragged in from an adjoining room she and her husband-to-be pelted each other with a small package of sticky rice - probably, says Hill, "to signify the many battles to come." One of the priests put a raw egg on the floor and the groom stomped on it, whereupon the bride knelt and bathed his foot clean with perfumed water.

"I'm told they originally used a pile of cow dung, but modern women's rights being what they are the priests now use a fresh egg and believe me that's messy enough."

Following the egg ceremony, the couple sat on chairs on top of the table "while the guests pelted them with flowers at first and then as the guests got really stoned they threw oranges, bananas, and, alas poor wedding couple, they were dodging coconuts and pineapples."

Mr. rooster lost most of his tail feathers to souvenir hunting relatives and as the party took on the character-

istics of a riot, Hill and his companions departed, agreeing that it "isn't often nowadays that you can attend a swing-eroo like that."

Curious about the strange English names of some of the businesses in Hong Kong, Hill discovered that they were the result of an "Irishman with a fine sense of humor" who was in charge of the assumed name division of the city hall years ago. When a Chinese businessman wanted an English name for his enterprise, the Irishman assigned some lulus, says Hill.

That's why today travelers do a double-take whenever they come across business signs such as Glory in Heaven Diaper Service, Closed Fly Pants Company, Fat Bottom Trucking Company (Ltd), Fling Hi Kite Mfg., Dam Soft Mattress company, and the Tired Eyes Book Sellers.

Concerning Kuala Lumpur, Malaya, where Cliff discovered that Hotel Merlin picks up its guests' laundry each morning and returns it neatly washed and pressed the same day free of charge, he says he felt right at home - a nation-wide teachers' strike had closed or crippled all public schools.

While watching a funeral procession in Hong Kong, Cliff said he was amazed by the perfectly executed cadence of the mourners. With the body up front half-reclining in a jeep, it was followed by a chartered bus, about 20 pedicabs or three-wheel bikes, a couple bands, and a group of about 50 professional mourners.

"The mourners would run about half a block then stop in perfect unison and walk for perhaps 200 feet - then on some magic instinct begin to run again. They did this so perfectly I was sure it was governed by some mystic cadence."

Curious, he quizzed a bystander and received this reply: "Run awhile. Get tired. Must walk again." Simple as that.

Sign in a dress shop: "Ladies have fits upstairs."

One of the favorite Oriental expressions, Cliff found, was one of doubt. "I was telling a hotel clerk about an earthquake in Japan that killed 200,000 people and burned most of Tokyo early in this century. His reply as he shrugged his shoulders, 'Nevah happen!'"

While in Japan, Cliff bought an antique sword with a Japanese inscription. A Tokyo Hilton hotel clerk translated it for him: "This blade was tested by passing it through the bodies of 2 1/2 felons (convicts)."

Says the attorney: "What I can't determine is whether the blade became dull on that one-half body or the executioner got tired."

Obviously a champion of foods, Cliff says Tokyo has the most varied culinary abilities in the world. He suggests that travelers adventure out beyond the hotel dining rooms for good, reasonably priced menus.

One of his favorites is the Chinzanso Garden Restaurant where a Mongolian barbecue is served at different little pavilions about the grounds of the old estate.

"Tie a yard-wide bib under your collar," he says, "and see if you can successfully eat at all 10 stations. It's wonderful but let me suggest that you take it easy on the hot sauces - those old time Mongols must have had east iron stomachs."

Japanese Kobe beef, generally appeals to the American Steak eater and gourmets agree it is the finest beef in the world, it's no wonder: the cattle are hand rubbed.

Explains the attorney: "Each farmer raises only three or four at a time. The cows are kept in individual, darkened, heated pens. Each cow is exercised separately to keep its appetite up. These cattle are not bred, raise no calves, and are fed beer whenever they refuse to overstuff themselves. I suppose a smart cow would undereat in order to get more beer allowances."

Cliff says the cows are massaged daily in order to distribute the fat evenly throughout the carcass.

But the myth of the farmer spitting sake (rice-wine) on the cow's hide before the rub-down, he explains, is only incidental to the farmer enjoying his work.

"He probably does more swallowing than anything else."

This is why we are aiming our efforts against this problem. But, our goal will never be reached without the interest and support of adults. This is why I am writing to you. As editor of the paper I am hoping that you might give us some of the publicity which we need so much.

An article, or, if possible an editorial towards our project will be a service we would always be in debt to you for. Any assistance you could give us at all, Mr. Sliger, would be greatly appreciated.

If you have any questions or comments to me personally, I'll be glad to have them.

Thank you for your time and trouble.

What About Spanking?

To the Editor:

It appears that vandalizing school buses has become the latest fad among the teenage set. I would think that after 4 such acts it is time to do something - something that will impress the kids that adults still hold some authority.

I, therefore, propose that any kids apprehended and convicted of malicious destruction of school property be sentenced to a public spanking administered by the school authorities.

It is my belief that this punishment would be far more effective than expulsion, fine or jail sentence. Also, it would not precipitate school drop-outs as would expulsion or a jail sentence.

I realize that this proposal may be considered archaic, cruel and not in keeping with the modern way, but show me a better way when parents will not take the time to teach their kids the difference between right and wrong.

When social workers are so overloaded with problem children that they cannot spend adequate time with the children and when, within 25 miles of Northville, it is not safe to walk down the sidewalk after dark, I think it is time to try something old fashioned.
