

Parade, Barbecue, Fireworks to Highlight Fourth

It'll be a bang up time, literally. That's the word from the Northville Jaycees as they make plans for the annual Fourth of July parade, festivities and a climaxing display of fire works next Tuesday.

Here's a sampling of what is on tap:

---Parade of 20 or more floats, bands and marching units beginning at 10 a.m.

---A chicken barbecue from about 11 a.m. until 8 p.m.

---Awarding of prizes to the Little Miss winner and the runnerup.

---Free rides for children on the "Redford Locomotive".

---Giant fireworks display at the high school beginning at 10 p.m.

There's still time to enter antique

cars, old buggies, or floats in the parade, Jaycee parade officials emphasize. They may be entered by individuals, groups, or business places. Trophies will be awarded for the best entries.

Persons who wish to enter are urged to call either T. J. Schaal, 349-5686, F. J. Zillich, 349-4042, or R. P. Norton, 349-2467.

Theme for this year's parade is "This is Our Country".

The parade will assemble at the Northville Downs parking lot at 9:30 a.m. or earlier, move along Beal to Main street, on Main west to Rogers, turn right onto Rogers to Dunlap, and Dunlap to Center street and the Kroger parking lot where it will disband.

The judges stand will be located at Dunlap and Center streets in front of the American Legion hall.

Immediately following the parade, the Jaycees will begin operation of their chicken barbecue kitchen in the park behind the city hall. Chicken dinners for the entire family will be available until approximately 8 p.m.

Rides for children on the locomotive will be available at the same time starting in the vicinity of Wing and Cady streets. Awarding of prizes to the Little Miss winner will take place during the barbecue.

One of the features of the parade this year, will be a float sponsored by the Jaycee auxiliary. The Little Miss winner will ride on the float as will

Lynn Tiflikka, who won the Jaycees' Junior Miss title several months ago. The Little Miss winner will be crowned prior to the parade. A penny vote contest to determine the winner ends Saturday. Persons wishing to vote for one of the 10 entries in the contest may cast penny ballots at Del's Shoe Store today and at Cloverdale Farms Dairy tomorrow and Saturday.

Contestants include Susan Bailey, Marianne Balaha, Lisa Fendt, Lori Ann Hammond, Stacey Lynn Lusk, Kelli Anne Meyer, Susie Roberts, Cindy Sue Stowe, Kristin Valentine, and Cory Westphal.

Spectators may watch the fireworks display from the high school and American elementary parking lots and from the Swim Club.

20,000 Readers

Fireworks are scheduled for 10 p.m. at Northville high school.

For \$32,750 or Half-Price Fish Hatchery Offered to City

The city of Northville learned this week that it can acquire the Seven Mile road fish hatchery property and name its own price — either \$32,750 or \$16,375.

That's the price tag placed on the 13-acre parcel on the south side of the road.

For the 2 1/2-acre parcel including

Tax Notices In the Mail

Some 2,000 city property owners will receive their 1967-68 tax notices this week.

They're payable between July 1 and August 31 without penalty.

Because of reassessment of all real property at the state-required level of 50 per cent, the city's millage rate has been reduced from 12.5 mills to 9.25 mills.

But the 9.25 mill levy will produce \$175,023.87 in real and personal property tax revenues compared to \$157,500 from 12.5 mills last year.

The Wayne county portion of the city of Northville has an assessed valuation of \$12,974,830 producing city tax revenues of \$120,019.18. The Oakland county portion of the city is assessed at \$5,946,350 and provides \$55,004.69 in taxes.

Payment may be made at the city clerk's office in city hall, which is open daily until 5 p.m. and Saturdays until noon.

two houses and a garage on the north side of Seven Mile road the price is \$41,100.

City Manager Frank Ollendorff said the figures had been confirmed by telephone by federal agency officials handling the surplus property.

The city council has expressed no interest in the 2 1/2-acre northern parcel. But application was made on behalf of the school district, which has considered acquisition of the two houses. If the price is not acceptable to the school district, Ollendorff said that the federal government would sell the site to private bidders.

There's little question that the city will acquire the 13-acre south side. City, school and township officials have agreed it should be obtained for recreation purposes. Whether the cost will be shared is not clear.

Presently, the city must decide if it prefers to purchase the property outright — at \$32,750 — with no federal strings attached (just so long as it is used for public purposes); or whether it should buy at half-price and meet the requirements of the department of the interior bureau of outdoor recreation, which determines the manner of development and uses of the property for "open space programs".

The council indicated Monday night that it would wait and learn "what strings are attached" to the half-price acquisition before deciding how to proceed.

Duplex Projects Beat R-1 Rezoning

Efforts by residents in two areas of Northville to gain zoning changes from R-1 (single family residential) to R-2 (two family residential) to prevent construction of two-family dwelling units appear, in both cases, to have fallen short.

In both instances application for building permits were submitted before the proposed zoning changes reached the city council. In one case a permit for two duplexes has been issued; in the second, a request for a permit to construct three two-family units is being reviewed.

A July 17 hearing has been set by the city council to consider the R-1 zoning in Millview subdivision in the Butler-Pennell area. The planning commission has recommended the change. Meantime, however, the construction of two duplexes has begun on the southeast corner of Pennell and Griswold. If the zoning change is approved, the two-family units merely become non-conforming.

Petitioners representing 16 properties in an area covering some 25 lots northwest of the Rogers-Main street intersection gained planning commission approval for rezoning of the lots from R-2 to R-1 last week.

But Tuesday an application was received to construct three two-family units on lots located behind (and west) of houses facing Rogers. Previously, the request for a building permit had been denied because of inadequate

frontage along the west side of Rogers to provide access to the interior lots.

But the new application Tuesday showed acquisition of a 60-foot lot on Rogers and plans indicated a 30-foot entrance into the proposed two-family residences.

City Manager Frank Ollendorff has stated that if the application is in order and meets all building requirements under R-2 zoning that a permit must be issued.

Manager Ollendorff proposed to the council Monday night that it set July 17 as date for public hearing on the zoning request, the same night the Pennell-Butler area hearing is scheduled.

"I don't see any urgency in calling the hearing", Councilman Charles Lapham stated. Manager Ollendorff replied that the petitioning residents did, and pointed out that it was necessary for the council to call a hearing and that setting a date did not commit them to a decision.

Councilman Lapham said he was also concerned with others in addition to the petitioners and he would like more time for study. He won support from Councilman Del Black, who had just returned from vacation and said he hadn't expected the item on the agenda.

Presumably, the council will set a hearing date for the Main-Rogers area rezoning request at its next regular meeting July 17.

School Board Buys Off Supt. Nelson's Contract

Spear Gets Post On Interim Basis

Ray Spear (left) takes over for Alex Nelson.

For Principals OK Pay Hikes

A policy calling for two-year contracts for principals together with a salary schedule that provides substantial salary increases was approved by the Northville board of education Monday night.

Under the schedule adopted by the board, the following salaries will be paid effective July 1:

Frederick Holdsworth, high school principal, \$15,000; Ronald Horwath, assistant high school principal, \$12,500; Donald VanNgen, junior high school principal, \$14,000; Milton Jacobi, Moraine elementary principal, \$13,500; and Harry Smith, Main street elementary principal, \$14,500.

Excluded temporarily from the scheduled salary of \$12,500 was the contract of Amerman Elementary Principal Robert Stafford. The latter contract approval awaits satisfactory establishment of an "equivalency" increment for his 32 hours beyond a master's degree.

Also, the salary approvals carry the stipulation that the principals may withdraw signatures from their contracts, which were signed Friday, if they find a change in the salary policy — made Monday night — unsatisfactory.

Early Copy

Like most local businesses, The Northville Record offices will be closed Tuesday, July 4.

All advertising and news copy for the Record and Novi News must be submitted early for next week's edition.

Deadline for all classified advertising will be 1 p.m. Monday; display advertising and news copy must be submitted by 4 p.m. Monday.

The Record office will be open Saturday morning for early copy. Both The Record and The Novi News will be published as regularly scheduled on Wednesday with delivery Thursday.

A two-year rocky tenure as superintendent of Northville schools came to an end Monday night with the termination of Alex Nelson's contract by mutual agreement of Nelson and the board of education.

Nelson, who had another year to serve under his first three-year contract, will be replaced by Assistant Superintendent Raymond Spear who assumes the title of acting superintendent on an interim basis "until such time as the board makes a definite decision on the superintendency."

The termination agreement, apparently reached last week, was officially ratified by a 6-1 vote of the school board at its regular Monday meeting. It calls for separation payment of \$16,200 "in full settlement" of his contract.

Nelson, who was not present at Monday's meeting, could not be reached for comment following the meeting and on Tuesday.

Board President Wilfred Becker, who perhaps was Nelson's closest ally on the board, cast the lone "no" vote. But, ironically, he said he voted the agreement because of the \$16,200 separation payment. He told The Record later that the money represented two and one-half teacher salaries and that he opposed pouring this money "down the drain."

While termination of his contract was made official this week, The Record learned several weeks ago — prior

to presentation of petitions calling for his removal in May — that the board had decided, at least informally, to terminate the contract.

The board kept the matter private, however. Thus, when the petitions were presented to the board, it had already made its decision, and several members indicated privately that the petitions came at an inopportune time. They feared termination of the contract would appear to have been sparked by the petitions which they found undignified and valueless, particularly because they contained no specific charges.

Actually, the petitions themselves were voluntarily withheld from presentation by their circulators because of private word that the matter would be resolved. But when it appeared to the circulators that termination might not reach formal stage, the petitions were presented to the board.

In explanation of the termination later, Becker said it was apparent during Nelson's two years here that he did not have the full backing of the public and as a result the board began negotiating to terminate his contract in the best interest of Nelson, the public and the educational system.

Treasurer Eugene Cook added that it should be noted that these negotiations started back in January and that in March a letter stating the board's position had been sent to Nelson.

As superintendent here, Nelson came under fire frequently in private — mostly, in widely circulated rumors — and less frequently in public. Criticism initially centered around his support of a proposed ungraded school system and later was sparked by a number of resignations by administrators and teachers.

Most vehement of these criticisms was voiced by E. V. Ellison, administrative assistant, upon his resignation earlier this year.

Continued on Page 10-A

King Takes Almont Job

Eugene King, administrative assistant for the city of Northville and a former chief of police, will take up duties Monday as manager of the village of Almont, Michigan.

The 1,600-population village is located on M-53 between Romeo and Im-lay City and some 60 miles northeast of Northville.

King has been employed by the city of Northville for more than 13 years and his career was marked by two spectacular events.

In May, 1959, shortly after he had been promoted to the position of chief of police, an air force reserve jet crashed into the backyard area of his residence on Rogers near Cady. Two of his youngsters, David and Elizabeth, then nine and three, were severely injured by flaming jet fuel. Elizabeth still faces major surgery as a result of the burns.

In February, 1965, King was shot in the abdomen by a man who was later arrested and convicted of robbing Detroit Federal Savings office in Northville.

After his recovery and return to duty King became an administrative assistant. The council decided this year that the position would be abolished.

King, 50, becomes the first manager of Almont, which anticipates incorporation under its own charter in the near future.

He expects to move to Almont when a suitable residence can be located. Meantime he'll retain his home at 512 West Dunlap with his wife and seven children.

Contract Talks Set

Six dates for further teacher contract negotiations were agreed upon by representatives of the Northville teachers and the board of education Friday.

Dates and times are:

Fridays, July 14, 21 and 28, from 5 p.m. to 11 p.m.; Saturdays, July 15 and 22, from 9 a.m. to noon and from 1 to 5 p.m.; and Sunday, July 30, from 1 to 5 p.m.

Northville and parts of Novi will begin receiving fluoridated water on August 1, Gerald J. Remus, general manager of the Detroit Department of Water Supply, announced this week.

Nearly all users of Detroit water, Remus told this newspaper, will receive water at a ratio of one part fluoride to every million parts water. The exception, he explained, is in the southwest section of the county, where changing pressures will mean users will receive fluoridated and unfluoridated water intermittently.

Mixing of liquid fluoride to water, he said, will be done by licensed chemists in a new \$550,000 building near Dearborn.

"We expect the building to be operational in late July," Remus said.

"Laboratory facilities at our Springwells, Water Works Park and Northeast stations will provide a continuous check of the fluoride content. In addition, water samples will be taken throughout the system at regular intervals."

The northern boundaries of Allen Park, Lincoln Park and Ecorse, plus Van Born road to the western limit of Wayne county, form a line along which fluoridation will fluctuate, he said. This area, he added, does not include Northville or Novi.

DWS currently supplies water for 3.5 million residents of 65 communities in southeastern Michigan.

Fluoridated Water Coming to Northville

Dale Sommers Takes Bride

Kathleen Sue Johnson and Dale H. Sommers were married Saturday afternoon at Trinity Lutheran Church, Grand Rapids. The Reverend Raymond A. Heine performed the ceremony. A white bouquet decorated the church. The processional was "Largo"

by Handel and Wagner's wedding march, and the recessional was the wedding march. Solos were "The Greatest of These Is Love" by Bitgood and "O Perfect Love" by Barnby. The bride is the daughter of Mr. and Mrs. Leon E. Johnson of Grand Rapids.

The bridegroom is the son of Mr. Harry C. Sommers Jr. of 46041 Nine Mile. The bride, given in marriage by her father, chose a peau de sole gown with fitted bodice with princess line, a bell-shaped skirt, scooped neckline and elbow length sleeves. Applique decorated the neckline, sleeves and skirt.

A chapel length train and illusion veil held by a flat bow completed her outfit. She carried a cascade bouquet of daisy mums.

Marcia L. Johnson of Grand Rapids, the bride's sister, was maid of honor. She wore an empire line gown of yellow crepe with a scooped neckline and elbow length sleeves. White lace and yellow velvet ribbon trimmed waistline and sleeves. Her flowers were a cascade of white daisies.

Bridesmaids were Judy Sommers of Alexandria, Virginia, the sister of the groom, and Suzanne Lojowski of Detroit. Their gowns were the same as the maid of honor's.

Bestman was Herman Esch of Plymouth, while ushers were Carl Heldt of South Lyon and Mark Johnson of Grand Rapids, the bride's brother.

For her daughter's wedding Mrs. Johnson wore an aqua linen sheath with lace coat. The groom's grandmother Mrs. Harry Sommers Sr. wore a beige suit of lace over taffeta.

A reception followed in the church parlor with 200 guests from Michigan, Illinois and Virginia.

The bride designed and made the light blue A-line dress with navy blue embroidered initials on a neckline yoke which she wore for her going away outfit.

They left for a honeymoon trip through central and upper Michigan.

Both are graduates of Michigan State University, where the bridegroom was a member of Delta Sigma Pi, professional business fraternity. They will make their home at 243 Orchard Hill S.E., Grand Rapids.

Mrs. Dale H. Sommers, Jr.

Lieutenant and Mrs. Frank H. Bosak, Jr.

Hubbert-Bosak Speak Vows

Susan Louise Hubbert and Lt. Frank H. Bosak, Jr., USAF, were united in marriage with a Nuptial High Mass in a double ring ceremony at Our Lady of Victory church, on June 10. The Rev. Paul P. Harbrecht, SJ, Dean of the University of Detroit Law School, officiated.

The bride is the daughter of Mr. and Mrs. Gordon F. Hubbert of 325 Pennell and the groom is the son of Mr. and Mrs. Frank H. Bosak, of 43000 E. Nine Mile.

Given in marriage by her father, the bride wore a silhouette gown of Chantilly lace with a scoop neckline,

sweeping chapel train, and shoulder length veil. She carried a cascade of white roses and snow-drift mums, centered with a white orchid and white prayer book, which belonged to the groom's grandmother.

Mrs. Gordon Hubbert, Jr., sister-in-law of the bride, was matron of honor. Bridesmaids were Mary Heslip, of Northville and Sandra Brand, cousin of the bride, of Downers Grove, Illinois. They wore identical dresses of pink shantung, carrying cascades of pink miniature carnations, variegated deep pink carnations and purple studios, and wore matching flower head bands.

Sara Brand, cousin and godchild of the bride, was flower girl.

Serving as best man was Robert Bosak, brother of the groom. Ushers were Gordon F. Hubbert, Jr., of Garden City and Robert Trombley of Ypsilanti.

For her daughter's wedding the mother of the bride wore a blue sheath dress with lace coat and matching accessories. The mother of the groom chose a beige three piece dress with matching accessories. Both mothers wore corsages of white orchid with pink sweetheart roses.

Following the ceremony a buffet luncheon was served in the social hall of Our Lady of Victory church. One hundred thirty-five guests attended.

Mrs. Marie Berberich, of Downers Grove, Illinois, was present to witness the marriage of her granddaughter. Other out of town guests were from Kentucky, Minnesota and Illinois.

The new couple spent a week sight seeing in Washington, D.C. and are presently enroute to their new home in Cheyenne, Wyoming. Lt. Bosak is stationed at the Air Force Base there.

Lynn Mogridge Weds June 8

In a candlelight ceremony at the First Methodist Church of Northville, Lynn Susame Mogridge became the bride of Douglas F. Downs June 8.

The bride, daughter of Mr. and Mrs. Harold Mogridge of 41750 Eight Mile, wore a white silk, street-length dress and carried a white daisy nosegay.

Her sister, Sandra, was maid of honor in a pink silk dress. She carried a pink daisy nosegay.

The daisies again appeared in the corsages worn by the mothers.

The bridegroom, son of Mr. and Mrs. Douglas J. Downs of Detroit, had his father as best man. The bride's brother, Jon, served as usher.

A reception followed the wedding at Botsford Inn.

The bride is a Northville high graduate and is now attending Wayne State University. Her husband attended Michigan Tech in Houghton and graduated from Wayne State with a degree in civil engineering.

He is now stationed with the Army at Ft. Balfour, Virginia. They will make their home in Washington D.C. while he is in the service.

about WOMEN

13 'Rainbow' Members Attend 39th Assembly

Thirteen girls of the Northville Rainbow Assembly No. 29 attended the 39th Grand Assembly in Grand Rapids on June 1, 2, 3, 4 staying in the Pantland Hotel.

Miss Enid Penn received the appointment as Grand Representative to Alaska, Miss Cathy Davies was ap-

pointed Grand Love of the Grand Assembly, Miss Shona Davies was re-appointed chairman of Fraternal Relations, and Mrs. Ida B. Cooke was re-appointed to the State Arc committee.

Girls attending the assembly were Linda Jones, Worthy Advisor, Carol Stewart, Shelley Sweetman, Arvil Green, Susan Famullner, Cathy Davies, Pat Stock, Lynn McCormick, Ann Bonner, Jeanette Terpstra, Terry Sweetman, Enid Penn and Shona Davies.

Mr. and Mrs. Harold Penn and Mrs. Herbert Famullner, mother advisor, accompanied the girls.

Enid Penn, Cathy and Shona Davies, Susan Famullner, Mr. and Mrs. Harold Penn and Mr. and Mrs. Robert Davies also attended a dinner, reception and initiation at the Battle Creek Rainbow Assembly No. 23 on Saturday, June 24.

Mrs. Theodore G. Kletzka

Miller-Kletzka Exchange Vows

Jo Ann Miller and Theodore Gordon Kletzka exchanged wedding vows June 23 at St. Williams Parish, Walled Lake. The evening service was said by Father Raymond Jones.

Two vases of white gladiolus, baby white mums and white carnations decorated the church.

The bride is the daughter of Katherine Davis of 43100 Eleven Mile, Novi and William A. Miller of 439 Chester Court, South Lyon. The bridegroom's parents are Mr. and Mrs. Theodore Gordon Kletzka of Dearborn Heights.

Given in marriage by her father, the bride wore a chiffon gown with lace embroidery. Her nylon veil was held by a petal crown. She carried white roses and carnations formed in a ball.

Maid of honor was Mary R. Miller, the bride's sister, wearing a melon chiffon floor length gown and a net hairpiece. She carried a ball of yellow daisies and white carnations.

Bridesmaids were Mrs. Thomas Colbert, Marsha Miller and Mary Kay Jendrisak. Their gowns were the same

as the maid of honor's but they carried balls of yellow carnations and white daisies.

Serving as ushers were Ron Rakay, Andrew Rubus, Eugene Kuhlmann, Dick Drzinski, Robert McKinley and Vern Davis.

The bride's mother wore a blue silk organza sheath and a yellow rose corsage. The bridegroom's stepmother chose a mint green knit sheath. Her corsage was a white, carnation with green tip.

A reception for 225 guests was held in the I.O.O.F. Hall in Dearborn. Guests came from Michigan, Pennsylvania, Ohio and Illinois.

The bride wore a blue and white linen suit for a wedding trip to Miami, Florida.

The new Mrs. Kletzka is a 1963 graduate of Northville high and is employed by MBT. The bridegroom is a June, 1961 Dearborn High graduate and has served with the United States Air Force.

Their home will be in east Dearborn.

WINNERS AGAIN - Northville's varsity cheerleaders won top honors again this year at Camp All American, a national cheerleading camp near Hartland. Four of the five girls who attended the

camp are shown here with three trophies they brought back. They are (l to r) Julia Williams, Vicki Elkins, Hope Hahn, Luanne Godfrey, and Marcia Lipa. Missing is Donna Bissa.

Cheerleaders Win 3 More Trophies

For the eighth consecutive year, Northville cheerleaders have copped major awards in Camp All American competition.

The latest trophies awarded Northville were:

--First place for the prettiest cheerleader in camp.

--Second place for team performance.

--Third place for individual outstanding camper.

Quipped Pat Dorian, cheerleader coach for Northville high school, upon the girls' return from the one-week national cheerleading camp near Hartland:

"I'm very greedy when it comes to trophies."

Individual winners and other representatives for Northville were: Vicki Elkins, Marcia Lipa, Hope Hahn, Donna Bissa, Julia Williams, prettiest cheerleader, and Luanne Godfrey, outstanding camper.

The girls returned from the national cheerleading camp, directed by Pauline Hess, who coaches cheerleaders at Michigan State university, on Saturday after four days of rigorous competition. Besides learning new cheers and practicing steps, the girls competed with 30 squads from throughout the Midwest in winning the honors. Approximately 200 attended the camp, one of three like it held in the United States.

Some 10 sessions are conducted at the Hartland facility during the months of June and July.

Girl Staters Hear Talk By Mrs. George Romney

Four local representatives to Girl's State returned Sunday from a busy week of activities on the University of Michigan campus. The annual event, held by the American Legion and Auxiliary, was attended this year by Susan Jenesel, Kyle Stubenvoll, Patricia Lonn and Kathy LeButt.

They were sponsored by the Lloyd H. Green American Legion Auxiliary of Northville, the Business and Professional Woman's Club, Willowbrook Civic Association and Northville Woman's Club.

Upon arrival the 462 delegates, all high school seniors, were divided into cities in the campus dormitories where they stayed. Three cities then formed each county and the counties formed a state.

It was set up like its male counterpart, Boy's State, held earlier at Michigan State University.

The first few days were spent mainly within the cities, as the girls campaigned for offices and invented ways to bring fame to their city. A daily paper carried news of the attention-seeking devices, such as decorating the hallways, creating songs and cheers to advertise the city or, as Pat's city did, holding a carnival.

Toward the middle of the week the cities divided into counties where officers were again elected. Federalist and Nationalist party conventions were also held.

All four local girls were elected to city or county offices. Susan and Kyle were both elected city councilwomen. Kathy was county treasurer, while Pat was both city director of public works and county drain commissioner.

Besides the campaigning and elections, there was a continuous round of meetings and speeches for the delegates to attend. Mrs. George Romney, Lt. Gov. Milliken, Senator Beebe and

other representatives of various aspects of government spoke before the group.

The President of Boy's Nation and the governor of Boy's State also spoke, and received a warm welcome from the over 400 girls.

Other activities included bus tours of the campus, an inauguration ceremony followed by a reception for new officers, a skits night and an awards ceremony at which Girl's Nation delegates were announced.

The girls report that their week at Girl's State was a valuable and enjoyable experience. They agree they not only learned a great deal about government, but had "lots of fun" besides.

Swim Club Plans Picnic on Fourth

The Northville Swim Club will hold a picnic for club members the Fourth of July. Picnickers will view the fireworks display from box seats provided on the club grounds.

An informal diving and swimming display will also be presented by members and club personnel.

Members are asked to bring a picnic supper along or purchase hot chicken box lunches from the Jaycees in town. Coffee will be provided.

Members are encouraged to bring prospective members along for the picnic and swimming. Host families must sign the guests log book.

All guests must be accompanied by an adult member.

News Around Northville

Mr. and Mrs. John D. Gustaff of 350 Debra Lane renewed their marriage vows on their Silver Wedding anniversary at Our Lady of Victory Saturday at 8 a.m. Father John Wittstock, pastor of OLV, performed the lovely ceremony.

Robert Nickels, a 1961 Livonia Bentley graduate, received his master's degree in marketing this June at Michigan State University. He also holds a bachelor of science degree in mechanical engineering.

He has accepted a position with Proctor and Gamble, Chicago. He and his wife, the former Carol Johnson, a 1961 Northville high graduate, are moving to 4532 North Claremont, Chicago.

The Reverend and Mrs. Wayne Smith and their four boys of Altamonte Springs, Florida arrived at Mrs. Smith's mother's, Mrs. William Cansfield of Dunlap Street, home on Tuesday afternoon. After spending a couple days here, they will journey north to St. Joseph Island where they will spend the month of July at the Cansfield cottage.

Ed Beard, son of Mr. and Mrs. Paul Beard of 41261 Eight Mile, has left for Tripoli where he will work at the American embassy this summer. He is employed by the U.S. State Department. Last summer he worked in Washington D.C. in the Jordan department of our State Department, so he is well acquainted with the problems of this area. In the fall he will continue work toward a doctorate degree in international affairs at Columbia university.

Former Northville residents, Mr. and Mrs. Sherwood B. Stevens, are arriving this Friday from Scottsdale, Arizona for a two month stay with their son and his family, the Donald Stevens, of 23030 Chubb road, Lyon township. The Stevens were very active in local groups while they lived in Northville.

Sue Entz, daughter of Mr. and Mrs. Eugene Entz of 20300 Beck road, pledged Alpha Xi Delta sorority this past year at Albion college. She joined her roommate, Connie Crump, daughter of Mr. and Mrs. William Crump of 46735 Timberlane, who was already an active member of the sorority. Sue is now in Japan studying in Tokyo for 14 months.

Mr. and Mrs. Clifford Smith of 19235 Maxwell road participated in the Golden Wedding anniversary celebration Saturday at Mrs. Smith's parents, who have lived at 19191 Gaylord, Detroit for the past 46 years. All of their living children were present as well as many of their 33 grandchildren and 12 great grandchildren.

The Smiths went to Detroit Saturday, June 17 for the funeral of Mrs. Smith's grandfather, who was 98 years old.

Mrs. R. L. (Linda) Lee of San Antonio, Texas is the houseguest of Mrs. James F. Green, 126 East Cady. Mrs. Lee's husband once owned the bowling alley on Main street, and the Lees were residents here for many years. Mrs. Lee will be visiting until early July.

Kenneth Grieger, son of Mr. and Mrs. Donald Grieger of 15926 Northville road, recently graduated from Western Michigan university with a bachelor of science degree in industrial education.

He has accepted a teaching position in the Portage Public Schools and will also do graduate work.

Announce Engagements

The engagement of their daughter, Suzanne B. Doub, to Randolph Jacques is announced by Mr. and Mrs. Gerald Doub of 625 Fairbrook. He is the son of Mr. and Mrs. Alfonse Jacques of 21551 Napier road.

Both are 1964 graduates of Northville high and are now seniors at Michigan State university. She is majoring in elementary education, while he is an accounting and financial administration major.

A December wedding is planned.

Mr. and Mrs. Frank J. Sullivan, 20249 Woodhill, announce the engagement of their daughter, Patricia, to Mark Wilson, son of Mr. and Mrs. Bruce R. Wilson of 24151 Lynwood. No date has been set for the wedding.

Mrs. Louise Selva of 481 East Street announces the engagement of her daughter, Betty Daniels, to P.F.C. David A. Cook, son of Mr. and Mrs. Kenneth Cook of 44239 Twelve Mile road, Novi.

The wedding date has not been set.

Dr. and Mrs. Russell M. Atchison, South Rogers street, announce the engagement of their daughter, Roxanne Marie, to Ray J. Casterline II, son of Mr. and Mrs. Fred A. Casterline, West Dunlap street.

The bride-elect attends Central Michigan university. Her fiancé is a student at Schoolcraft college.

No wedding date has been set.

Girl Scout News

Junior Troop 562 went on their first overnight tenting trip Friday, June 9 behind the scout building. Two senior scouts, Pat Kampman and Carol Harper, went along to help.

After pitching their tents they held their campfire inside the building because of rain. Despite the rain, they still slept out in their tents.

Saturday morning they went to the park for a jungle breakfast. During the day they made litter bags for their fathers as gifts.

Cadette Troop 407 held a father and daughter potluck Thursday, June 15. Each girl brought a dish.

The program consisted of a few selections performed by a group of girls who belong to the band. The girls also sang with their fathers.

June 7 the troop visited Sanders Bakery and had a grand tour. At the end of the tour each girl and mother received a one-half pound of candy.

Cadette Troop 209 ended its year with a tea for their mothers at the scout building on May 31. Each mother was presented with a gaily decorated burlap yardstick holder as a gift.

The girls took care of all details including making punch and decorating tables and cakes. They used their newly acquired knowledge of cake decorating, which they had learned the week before.

Susan L. Smith Completes Class

Susan L. Smith of Novi is one of 314 Western Michigan university undergraduate students in the education curriculum who completed a seven week session of practice teaching at various high schools, junior highs, and elementary schools throughout Michigan.

The directed teaching assignments are designed to provide the students with insight into some of the practical aspects of their future profession as classroom teachers.

During the spring session the students learned good teaching methods under the guidance of experienced educators and were able to put their previous university training into actual practice in the classrooms.

The Smith girl has been assigned to Leonhard elementary school in Southfield.

Accepted by Many!
MODEL OF NEW MINIATURE HEARING AID GIVEN
A most unique free offer of special interest to those who hear but do not understand words has just been announced by Clear-tone. A true-life, actual size replica of the smallest Clear-tone ever made will be given absolutely free in addition to a free hearing test to anyone answering this advertisement. Wear - test it without cost or obligation of any kind. It's yours to keep, free. The size of this Clear-tone is only one of its many features. It weighs less than a third of an ounce and it's all at ear level, in one unit. No wires lead from body to head. Here is truly a new hope for the hard of hearing. These models are free while the limited supply lasts, so we suggest you call or write for yours now. Again, we repeat there is no cost and certainly no obligation.
BETTER HEARING SERVICE, INC.

Spice Cabinet
 Fruit Flavor
 For a real treat when preparing a gelatin-fruit dessert, try this handy hint.
 Instead of adding the recommended amount of water to gelatin, mix the canned fruit's syrup with water and add the recommended amount of this mixture. Give the dessert new zest.

Oilers, Braves Trail In Class "F" Race

The Ely Oilers and the Casterline Braves, two of Northville's entries in Class F of the Western Wayne county league trail leading Bill's Market by one game after two weeks of play.

The Oilers and Braves had 2-1 marks' Bill's is 3-0. Gates Realty is also 2-1.

After winning their opening game 22-1, the Oilers then clashed with the Braves and beat them, 3-0.

Pitcher Jim Sanders led the Ely attack with two hits in five trips. Ken Lach had a triple and Joe Cocoran, a single.

Rick LaRue of the Braves led all hitters with a perfect four for four. The Braves' pitcher, Joe Boland, who was relieved by Jim Hostetter, had two for four.

Gates Realty, however, edged Ely, 4-3 to pin the only loss on the Northville team.

The Braves won, 4-0, over the Northville Orioles, and 15-0 over DiPonio.

The Orioles have a 1-2 record. Be-

sides the loss to the Braves, the Orioles beat the Wayne County Child Development Center, 6-2, and lost by the same score to University Litho.

Other scores were: Bill's Market 4, Gates Realty 1; Gates Realty 10, DiPonio 4 and Bill's Market 8, University Litho 0.

Clubs for Horses

Horses were traded for golf clubs Sunday when 50 horse owners, jockeys and track clerks played in a golf tournament on 32 Mile road in Romeo.

Carding the low score was Trainer Larry Drennan with a 78. Next came Jockeys R. Cave and Jack Feiselman, both with 82's. Gene Tarleton and Francois Du Puis, mutuels men, had 85's.

Sponsoring the dinner-golf get-together was area track owners, including Northville's John Carlo. Ernest Berry managed the annual event, attended by 75.

Township Meet Reset for July 5

Northville township board's regular Tuesday night meeting has been postponed until Wednesday, July 5, at 8 p.m. in the township hall because of the long Fourth of July weekend.

William Case Wins Award

William G. Case, an art teacher in the Northville elementary schools, was presented with the Ceramics Award at the Oakland Community College First Annual Juried Art Exhibit Sunday.

Case was cited for a whimsical telephone and received jury praise for subtle glaze relationships in his stone-ware planters.

He lives at 1566 Nantucket road, Plymouth.

The Northville Jazz Band, directed by Robert Williams, gave three shows at the festival. Twenty local students played in the band.

Burnett Drops Tennis Match

Randy Burnett, a member of Northville high school's net squad, was a contestant in the Fortnight Festival Tennis Tournament in London, Ontario last weekend.

Burnett teamed with Jim Hicks, a member of the University of Western Ontario team. The duo found the going tough - dropping their first match, 6-3, 6-1.

Cityhood Issue Slated for Trial

After suit and counter-suit, after conflicting opinions and a rash of delays, the Novi cityhood case is scheduled to be assigned a trial date next month.

The assignment will be made July 18, and the trial will be held soon thereafter.

That's the word from William C. Ibershof, attorney for cityhood advocates.

In Uniform

Kenneth W. VanSickle, son of Mr. and Mrs. Ralph VanSickle of 365 Northville, left Northville recently upon joining the United States Army.

A 1966 graduate of Northville high school, he will take his basic training at Fort Knox, Kentucky.

THE LANDEERS - One of Detroit's most popular groups, The Landeers will appear Friday at the Cavern dance.

Merry Go Round

 Fruit Flavor
 For a real treat when preparing a gelatin-fruit dessert, try this handy hint.
 Instead of adding the recommended amount of water to gelatin, mix the canned fruit's syrup with water and add the recommended amount of this mixture. Give the dessert new zest.

"Round trip, please!"

Tribute to Chambers Planned at Downs

The Northville Community Chamber of Commerce with the cooperation of Northville Downs is paying tribute to area chambers of commerce July 10 through 13 by inviting members to be the guest of the local chamber and the track for a "night at the races".

Invitations have been issued to the chamber organizations of all area communities. Complimentary admission and box seat tickets will be issued to all the hosted communities.

The Northville chamber, itself, will be honored Tuesday night, along with Lincoln Park. A special race will be

named in honor of the visiting chamber of commerce. Garden City and Ypsilanti chambers have indicated they will accept the invitation and their groups will be honored Wednesday and Thursday evenings, respectively. Westland's chamber will also attend, although a night has not been decided. Many others are expected to make reservations.

Northville chamber of commerce members may obtain their passes for Tuesday evening, July 11 from David Biery at the Northville office of Manufacturers National Bank.

Says Jean Day

Expo: It's Great, But Crowded

by Jean Day

"It's Man and His Crowded World at Expo this week," observed a Montreal announcer as he reported a record Tuesday attendance of 319,465 and predicted attendance figures the first week of summer would go over the two million mark.

While the 968 acres on the three islands in the St. Lawrence that hold the Expo buildings are designed to accommodate huge crowds, it's on the free Expo Express that runs between islands, on the minirails, at the popular pavilions and the restaurants that long lines form.

With school still in session in Montreal last week citizens were anticipating even greater crowds by the end of the month and the nation's official centennial day July 1.

Is Expo worth the 1231-mile trip from Northville?

By all means, yes, if you can take a strenuous vacation, for this is an international exposition with 70 countries showing their cultural worlds and theme buildings exploring man's roles as explorer, producer, creator and provider. (Eighteen nations officially participated in the New York Fair.) The exteriors of the buildings are dazzling—like the brilliant blue mosaic columns of Iran and the Thailand pavilion that is an authentic reproduction of an 18th century Buddhist shrine.

In addition, it's all done in extremely good taste. Your admission to Expo includes entrance to all the nationality and theme buildings. The amusement-park atmosphere is only in LaRonde which "swings" into the morning hours after official pavilions close at 9:30 p.m. Here, too, are many restaurants.

It's "yes" to Expo if you can walk and climb steps. There are ramps for wheelchairs but getting through hordes of people this way hardly seems worth it. The free Expo Express carries you quickly from island to island, but you have to climb ramps of stairs to board it. The minirails weave among the pavilions making specified stops, but the pavilions themselves are large areas to wander through, although some such as the major French pavilion, have upbound escalators.

Nations from all over the world have sent precious treasures for their exhibits: France has an art gallery on its fifth floor that traces the history of art and includes pieces from the Louvre;

Israel displays the Dead Sea scrolls.

It is possible to avoid some of the pavilion crowds by planning your day. La Ronde is less crowded early in the day and the nationality shops in its International Carrefour can be visited easily. Our souvenirs from here included red leather Moroccan slippers, a Russian puppet, Chinese paper parasol, oriental silver charms of good luck—nothing over \$3.

Also in La Ronde area is the Laterna Magika Czechoslovakian stage-screen synchronized show that is a pure delight. We're indebted to Cliff Hill for telling about this. You can buy tickets ahead of time and arrive at the show hour assured of a seat.

A good time to visit such popular pavilions as the U.S.S.R., Czechoslovakian, Australian, U.S., Great Britain and French is at the dinner hour and near closing times when most of the crowds have gone to LaRonde. Most of the smaller pavilions can be visited other times with little or no waiting; these include Belgian (exquisite examples of glass and lace), Swiss, Austrian, Netherlands.

Monaco is another small oasis which, like so many nations, tells its story with a color movie. Also good is the French City of Paris film and the Scandinavian pavilion film on Sweden.

You can sample foods of various nationalities, including Quiche Lorraine pie, Swiss cheeses with a hard roll, Bavarian sausages and English tea cakes by eating at the snack bars of many nations as well as in the restaurants.

In three days, my daughters and I found we had covered most of the pavilions we most wanted to see and about half of the total Expo. We were saturated and our legs ached, but eight-year-old Laurie proclaimed, "It was the most interesting thing I've done in my life!"

We do suggest buying the official \$1 Expo guide ahead of time and listing most-wanted-to-see attractions, expecting to see only some of them.

Wear comfortable clothes, especially shoes. It was a pleasant 70 degrees last week and a light sweater from our tote was welcome after dark. Also, Expo is on the river, and on breezy days a scarf is a good hair protector. They sell brimmed rain hats.

Whinnee! Three Cheers for Leo

He Bottles Liniment for Horses

If horses could speak, they'd probably give Leo Mainville a verbal bouquet of hay.

That's because the former Northville drug store owner and now part-time pharmacist at South Lyon has soothed millions of their aches and pains over the past quarter-century.

But what horses haven't been able to say, golfing's colorful Cary Middlecoff has: "He makes a horse liniment that has my sore hand 75-percent improved."

Back in 1940, just four years after

earning his pharmacist degree at Ferris Institute, Mainville started experimenting with a formula that eventually led to the horse liniment now sold throughout the United States and Canada.

"They used to come in with formulas as long as your arm," recalls Mainville, referring to horseman from the Northville Fairgrounds—predecessor of The Northville Downs, "and many of the ingredients were useless. I figured I could mix up something simpler and more helpful."

So with his pharmaceutical training still fresh in his mind, he began mixing various ingredients in the basement of the Northville Drug store.

Then when the horsemen came in for their hand-me-down liniments, Mainville pushed his own product. Reluctant horsemen tried it on their animals, found it worked and came back for more. "But those were war years," he says, "and I had trouble getting ingredients. Thanks to Con Langfield (former owner of Northville Laboratory), though, I was able to get enough to keep going."

Still not satisfied, the druggist continued compounding until 1946, "when I had the formula perfected," he enlisted the aid of Larry Fest, now dispatcher for the Novi police department, in developing an artistic label.

Because his liniment "stopped the pain", Mainville thought of the cliché "stems the tide" and decided his product would be called Stems. But because it's a "dictionary word", attorneys advised against the word and Mainville compromised with "Stemz". "Sounds the same," he explains, "but it's spelled differently." The name was copyrighted in 1946.

Demand increased rapidly and soon with word spread by horsemen making the racing circuit, he started receiving requests for liniment from other Michigan cities and Midwestern states. Eventually, requests started coming in from every state.

Somewhere along the line, someone decided that if it worked for his horse maybe it might "do the trick" for his own aches. It was probably someone like Helen Morrell of the Saratoga Raceway who wrote the following classic letter:

"One week ago today I fell out of my trailer door and landed on my hand and wrist, and within one hour's time my hand was so swollen you couldn't see between my fingers. I at

once thought of Stemz which we have in the barn at all times and had wonderful results. I started at once with it. Today I washed coolers, rub rags, bandages, stable sheets, and some rugs and took care of three horses and only a week ago I couldn't pick up a paper of matches. . . ."

Like word of its soothing affect upon swollen and strained tendons and sore muscles and bruises of horses, word of its usefulness on humans spread too.

So it was only natural when the sore-handed Middlecoff came into his store one day during the Motor City Open at Meadowbrook that Mainville would suggest his horse liniment.

Since then many other golfers and athletes have used it.

In fact, awhile back Mainville got a request from someone in Rome, and when asked where he'd learned of the

liniment the Italian wrote back: "From one of the fellows in the Olympics games here."

Today, Mainville continues to mix wormwood, menthol, camphor, thymol, eucalyptus and acetone in producing the liniment in the basement of the drug store—up to four 55-gallon drums of it weekly—and selling it to wholesalers and retailers in one-gallon, quart and 12-ounce bottles.

Why haven't others tried to duplicate the liniment? "Because," says Mainville, "the secret's in the mixing. I know how and they don't."

And if the country ever runs out of horses, then what?

"Well", he quips, "there's always the golfer and other athletes. Besides, Stemz makes a pretty good fingernail polish remover."

Israel displays the Dead Sea scrolls.

It is possible to avoid some of the pavilion crowds by planning your day. La Ronde is less crowded early in the day and the nationality shops in its International Carrefour can be visited easily. Our souvenirs from here included red leather Moroccan slippers, a Russian puppet, Chinese paper parasol, oriental silver charms of good luck—nothing over \$3.

Also in La Ronde area is the Laterna Magika Czechoslovakian stage-screen synchronized show that is a pure delight. We're indebted to Cliff Hill for telling about this. You can buy tickets ahead of time and arrive at the show hour assured of a seat.

A good time to visit such popular pavilions as the U.S.S.R., Czechoslovakian, Australian, U.S., Great Britain and French is at the dinner hour and near closing times when most of the crowds have gone to LaRonde. Most of the smaller pavilions can be visited other times with little or no waiting; these include Belgian (exquisite examples of glass and lace), Swiss, Austrian, Netherlands.

Monaco is another small oasis which, like so many nations, tells its story with a color movie. Also good is the French City of Paris film and the Scandinavian pavilion film on Sweden.

You can sample foods of various nationalities, including Quiche Lorraine pie, Swiss cheeses with a hard roll, Bavarian sausages and English tea cakes by eating at the snack bars of many nations as well as in the restaurants.

In three days, my daughters and I found we had covered most of the pavilions we most wanted to see and about half of the total Expo. We were saturated and our legs ached, but eight-year-old Laurie proclaimed, "It was the most interesting thing I've done in my life!"

We do suggest buying the official \$1 Expo guide ahead of time and listing most-wanted-to-see attractions, expecting to see only some of them.

Wear comfortable clothes, especially shoes. It was a pleasant 70 degrees last week and a light sweater from our tote was welcome after dark. Also, Expo is on the river, and on breezy days a scarf is a good hair protector. They sell brimmed rain hats.

Finally, make getting there half the fun. There is little traffic in Canada and the 1867 restaurants on highway 401 are all along the route—for meal or coffee stops. The Thousand Island area is scenic and rolling. (There was a radar set-up east of Kingston; so watch! It's 60 mph limit.)

But, don't go without a good reservation in hand—and do change your money here in Northville. You'll get a little more than 7 per cent from Mrs. Kay Hill at Manufacturers. (At Expo it seemed about 5 per cent, and it's too busy to have to bother.)

Plan on paying Quebec's 8 per cent tax on everything from meals to hotel room.

Since we're trying to squeeze another trip there, we may see you. We did meet the Kimsey Bell's in the Russian pavilion. As they commented, "By the second day, it seems less like utter confusion and everything falls into place."

BASEMENT LABORATORY—Leo Mainville mixes another batch of his horse liniment in the basement of the Northville Drug store where he started his business a quarter-century ago. It may be only a basement operation, but the product is sold throughout the United States and Canada and is inspected periodically by the Federal Drug Administration.

Festival to Feature Acoustical Clouds

No twittering birds. No babbling brooks. No rumbling trucks.

Just the warm sound of good music.

That's the assurance of the men who planned the 600-seat Court Amphitheater which will house the open-air series of four concerts of the Schoolcraft College Summer Music Festival.

The series opens Wednesday evening, July 5, and continues on successive Wednesdays through July 26. All performances are scheduled for 8:30 p.m.

To plan the amphitheater, Festival Director Wayne Dunlap used the services of Paul S. Veneklasen of Los Angeles.

Veneklasen, who designed the acoustics for the new Los Angeles Music Pavilion, proposed floating a series of free-form panels over the orchestra area in the court between the south wings of the Forum, one of the large classroom buildings on campus.

These acoustical "clouds" will be suspended from cables secured to the sweeping roof beams that have become a familiar symbol of Schoolcraft campus architecture.

The Forum, enclosing the court on three sides, forms a natural sound barrier against the intrusion of distracting

noise. The "clouds" are designed and hung to project the performance music clearly toward the audience.

Working on Veneklasen's suggestion, Schoolcraft Architecture Instructor Joseph Fleisher, a registered professional architect, designed the ceiling, and the orchestra stage.

In fact, construction of the open-air theater was accomplished entirely by

college personnel, including fabrication of the cable fixtures, development of the "cloud" panels, erection of the ceiling and the stage, and the lighting.

Concert audiences will park their cars in the spacious paved parking lot north of the campus proper. Comfortable lawn chairs, arranged on the grassy court, will provide amphitheater seating.

The concert series opens July 5 when Pianist William Doppmann will perform the Mozart Concerto No. 23 in A Major with the Court Orchestra under Dunlap's baton.

On July 12, Mezzo-soprano Leslie Eitzen will be soloist with the orchestra, and on July 19, the Kenneth Jewell Choral will perform the Haydn "Lord Nelson Mass." Violist Paul Doktor will be soloist with the orchestra for the finale of the concert series on July 26.

Music of Haydn and Paul Hindemith is featured in all four concert programs. Admission to each performance is \$1.50 for adults, \$1 for children and students. In the event of rain, a performance will be moved indoors to the Lois L. Waterman Campus center. Refreshments will be available on the landscaped mall adjacent to the amphitheater.

OATH FOR OGILVIE - Ex-Governor, now Wayne County Circuit Judge John B. Swainson made ex-City Attorney Philip R. Ogilvie's appointment as Northville municipal

judge official Monday night. Before the city council and an audience of citizens Judge Swainson conducted the swearing-in ceremonies.

He commented briefly on the responsibilities of the office and extended his personal congratulations. Marvin Stempien replaces Ogilvie as city attorney.

Council OK's New Life Insurance Plan

Northville's city council ran through a brief agenda in special session Monday night highlighted by the swearing-in of Municipal Judge Philip R. Ogilvie by ex-Governor John B. Swainson, Wayne county circuit judge.

The council cancelled its first meeting of July, which would have fallen on the July Fourth holiday, and won't meet again in regular session until July 17.

In business Monday night the council accepted the low bid of Aetna Life and Casualty for term insurance for full time city employees. The council dropped the \$50 per week sick pay benefits, which did not become effective until after regular sick leave time

had been consumed, at the request of the employees. Under the new plan employees receive \$5,000 term insurance, paid by the city, and a paid-up policy plan financed by employee payments.

Michigan Life Insurance Company, which had also bid for the term insurance, offered to reduce its bid by 10 per cent. It was noted that the company already holds a city insurance plan and could have bid lower than the regulated first-year rates but had failed to do so in its initial bid. The council declined to reconsider once bids had been opened.

Action on a peddler's license was again postponed until a suitable "peddler definition" is determined. Adoption of a new schedule of fees was also delayed and July 17 was set as a public hearing for a special sewer tap fee ordinance to provide pay-back funds to Thompson-Brown company. The development firm paid some \$140,000 to install a sewer line along Randolph street to serve the city's Eight Mile road area. Under the pay-back plan the company will receive \$70,000 or the cost of the addition needed to the sewer to serve city area other than a proposed Thompson-Brown development. The money will be accumulated through an addition of \$160 to tap-in fees in the area.

A resolution setting forth the compensation for newly-hired City Attorney Marvin Stempien was adopted. The contract calls for payment of \$3,600 annually for routine duties to include attendance at regular council meetings, municipal court appearances, etc. For exceptional legal work outside the routine additional payment at approved legal fees will be made.

Park Opens New Entrance

The main entrance along to Kensington Metropolitan Park along the I-96 (Grand River) freeway near New Hudson is now open.

The Michigan Department of State Highways has just completed improvements which provide new entrance and exit routes into the park as well as widening the bridges at the park interchange and over the Huron River and providing increased traffic lanes along the freeway.

In addition to this entrance which provides easy access to the Martindale Beach swimming site along Kent Lake in the park, persons may also use the west entrance directly off the I-96 freeway located just beyond the park's golf course.

NOTICE

THE 1967 CITY TAXES ARE NOW PAYABLE AT THE WIXOM CITY HALL, 49045 PONTIAC TRAIL, WIXOM, MICHIGAN.

THESE TAXES ARE PAYABLE WITHOUT PENALTY THROUGH AUGUST 31, 1967. AFTER THAT DATE 4% PENALTY WILL BE ADDED.

ELIZABETH WAARA
CLERK-TREASURER
CITY OF WIXOM

ADVERTISEMENT FOR BIDS

The Village of Novi will accept bids for one (1) Industrial Tractor or Mower on or before 5:00 P.M., Eastern Daylight Time, July 17, 1967. The Bids should be submitted to the Village Clerk, 25850 Novi Road, Novi, Michigan, 48050, with the envelopes plainly marked, TRACTOR MOWER BID. The bids will be publicly opened and read at the Council meeting which will convene at 8:00 P.M., July 17, 1967.

A copy of the specifications may be obtained by contacting the office of the Village Clerk.

The Village of Novi reserves the right to accept or reject any and all bids.

Harold N. Ackley, Village Manager

'Dead' Girl Saved By Novi Policeman

A dead girl was brought back to life Monday night - thanks to the alert efforts of a Novi policeman.

For 15 arduous minutes, or what "seemed like an eternity," Officer Dale Gross administered artificial respiration to 13-year-old Robin Howell.

She is now reported in satisfactory condition at Botsford General hospital, Farmington, and will be released in about a week to return healthy to her parents, Mr. and Mrs. John A. Howell of Lapeer.

At 9:40 p.m. Monday night when Gross first reached Robin after a mad two-minute dash from the Novi police station, things were decidedly different.

She had just been fished from the Robert McCoon swimming pool at 24250 Coral Lane in Willowbrook subdivision. McCoon and a friend, Richard Brady, were trying to revive the girl.

She wasn't breathing. "No pulse - nothing," Gross said.

Immediately, he began artificial respiration. With the girl lying on her stomach, Gross knelt over her, lifted her slightly and held her above the ground with his knees. With his hands, he pushed firmly against her ribs, once, twice, three times and continued the rhythmic pressure.

Still, no sign of life. Soon, however, a short gasp, another.

Within what Gross estimated to be about 15 minutes, she stopped breathing twice, but each time she responded to the treatment.

Meanwhile, Officer John Johnson, who had accompanied Gross, called to assure an ambulance was coming and went out to direct it. Later, Officer Ronald Arbour arrived.

Together, he and Gross rolled the girl over and Officer Arbour inserted a resus-a-tube in the girl's mouth

Price for Future School 'Too Much' - Northville Board

Sale price of a 10-acre proposed elementary school site on the south side of the Six Mile road near Bradner is "too much".

That's the consensus of the Northville school board, which, after having an independent appraisal made of the site, contends the \$50,000 price tag placed on the property by the Thompson-Brown company is too great to consider purchasing.

In fact, Treasurer Stanley Johnston suggested that Thompson-Brown probably ought to give the property to the school district, which must provide the school that will be necessary for the subdivision to be built on the south side of Six Mile.

During the discussion of the matter Monday night, several persons commented that schools are an attraction for subdivisions and that subdividers should perhaps provide the land for the schools.

Concerning the desirability of this site over the district's existing 17-acre site in the area, board members explained again that the 10-acre site offered by Thompson-Brown is more centrally located. To build an elementary school on the 17-acre site would mean that young children would be forced to cross Bradner road, which is to become

a major thoroughfare, they added.

It was suggested again that the 17-acre site could later be used for a junior high school or, said, Johnston, it could be sold later probably at a substantial profit.

Miss Linda Edgerton suggested that citizens and groups of the Northville school district should write Thompson-Brown, noting the value of the school to the subdivision and expressing a desire that the property be given the district or offered at less cost.

In other matters Monday, the board approved budget allocations for salaries of secretaries, clerks, maintenance personnel, cafeteria help, and lunch hour assistants. Specific salaries were not made public only the total amounts for each major classification. These include: \$65,098 for 14 secretary-clerical salaries; \$166,050 for 28 maintenance personnel; \$3,800 (partial payment) for 16 cafeteria positions; and \$2,590 for four lunch hour positions.

Upon the recommendation of the administration, the board also awarded a bus fleet insurance contract to Northville Insurance company (Mutual Insurance) for \$2,370.66 and a \$2,162.28 contract for Moraine playground equipment to the J. E. Burke company.

The insurance bid, which represents a doubling of the insurance premium, was one of two received by the school. The other was submitted by State Farm at a cost of \$2,370.66, which agent Paul Folino said came in very high because of the "poor risk" experience of State Farm. He indicated that the company paid out more for repair of buses damaged in accidents and by vandals than it received in premiums this past year.

Five companies bid on the playground equipment, but only Burke and the Michigan School Service company, which bid \$2,373.85, met all specifications.

Approval of contracts for two new teachers, Miss Eleanor Richardson and George Berryman, and acceptance of a resignation of Mrs. Elsie Freydl and approval of a medical leave of absence to Mrs. Madeleine Stillson.

In accepting the resignation of Mrs. Freydl, the board requested a letter be written to her expressing the board's appreciation for her 13 years of service in the Northville school system and 25 years in the teaching profession.

Miss Richardson of Detroit will be a replacement teacher at the elementary level, and Berryman of Plymouth will fill a partial new and partial replacement position in the area of instrumental music.

A request by Steve Jordan and Mrs. Carol Forrer to lease the west portion of the junior high school gymnasium (community building) for exclusive use by The Cavern teen club was referred to the administration for review pending a

legal interpretation.

Several board members expressed interest in the proposal, but the fact that the request asked for "exclusive" use of the western half of the facility, including the kitchen, concerned some. Nevertheless, Cavern officials were given the "green light" to explore with the administration in developing the possibility of a mutually agreeable lease.

The board decided to cooperate in a Wayne county study of needs for vocational and technical education centers by providing a teacher to work part-time in interviewing, processing data, etc., during the study.

Local participation has a built-in financial advantage, it was noted, in that Counselor John Hyde must, under a special educational program in which he is enrolled, assume some special on-the-job project for the school system, next fall. Participation in the vocational education study will fulfill this requirement, board members were told.

Final action of the board included voting to present certificates of recognition for service to the school district to President Wilfred Becker and Trustee Richard Lyon, who participated in their last school meeting. Both are leaving the board and will be replaced by newly elected Glenn Delbert and Andrew Orphan.

Farm Bureau's WORKMEN'S COMPENSATION

Agricultural Workmen's Compensation becomes effective July 1st. Northville's Farm Bureau Insurance Agent, Ray Battani, presently of Howell, can provide the necessary coverage.

For information call collect for an appointment. **RAY BATTANI** (517) 546-3730

Novi Gala Days Set for August

It's official: there's going to be a Gala Days event in Novi this summer.

Decision to sponsor the 13th annual event this summer was reached by the Novi board of commerce early last week.

Gala Days will be held on Saturday and Sunday, August 26 and 27, officials revealed.

Special events to be sponsored by the board of commerce will include a roast, corn roast, free games for children, and sale of a live Black Angus steer. Tickets will be furnished by Mrs. Florence Harris, John Cockrum, Erie Trailer Manufacturing, and the Salem Packing company.

In addition to these events, many other Novi organizations are expected to cooperate in sponsoring booths and games of amusement.

Persons or groups wishing to participate are asked to contact the board of commerce president, Russell Taylor at FI 9-2714.

Municipal Court

Six drunk and disorderly and four disorderly person cases came up in Northville Municipal court during the past week.

Clarence A. Carriveau of Livonia was committed to 10 days in the Detroit House of Correction when he failed to pay a \$55 fine. He was cited June 20 for being drunk and disorderly at Northville Downs raceway.

Thomas E. Nock of Northville Downs was assessed a \$27.50 fine and \$10 costs for being drunk and disorderly in the barn area on June 25.

George Fokken of Madison Heights was likewise slapped with a \$27.50 fine and \$10 costs for being drunk and disorderly at Northville Downs. The infraction occurred on June 25.

Alex T. Summerville, presently residing at Northville Downs, also was fined \$27.50 and \$10 costs for being drunk and disorderly in the A&P parking lot on June 25.

Raymond C. Evans of Detroit, cited June 21 at the Downs, was fined \$27.50 on a similar charge.

Joseph L. Daoust of Plymouth pleaded guilty to being drunk and disorderly

on Dunlap and Hutton streets on June 16. He was ordered to pay a \$27.50 fine and \$10 costs.

Cited for being disorderly on Eight Mile road and Novi street, Michael T. Miller of Livonia was assessed a \$11 fine and \$10 costs. Violation took place June 18.

Max L. Coe paid a \$27.50 fine and \$10 costs for being disorderly at Northville Downs on June 17. Coe lives at 151 Cady street.

For disturbing the peace on June 19 at Northville Downs, Dora L. Gagneau of Detroit paid a \$27.50 fine and \$10 costs.

Irving Jackola of Detroit pleaded guilty to also disturbing the peace at Northville Downs. He paid \$27.50 fine and \$10 costs.

SAFE BY A MILE—Larry Bogart of Phil's Pure slides easily into third base as the third baseman for the Plymouth Jaycees of the

Class E league reaches for the ball. Bogart scored moments later and the romp was on.

Leads County League with 4-0 Mark

Phil's Pure Off to Fast Start

Phil's Pure is riding high and dry in first place in the Class E Western Wayne county baseball league with a 4-0 mark.

Already, the Northville team has met what figures to be its toughest competition this year — and has beaten both University Litho of Plymouth and another Northville entry, the Spagy T-Birds.

The battle with University Litho was pitchers' dual, with Phil's Pure eking out a 1-0 victory.

Charlie Fox provided the key blow. With one man out and Ron Hubbard standing on second, Fox poked an opposite-field double to score Hubbard with the game's only run.

Otherwise, the hitting was slim pickings. Fred Holdsworth held Litho in check with only five hits, while striking out eight. His teammates had only three hits, but two came in that crucial seventh frame.

The other hit was a double by Holdsworth.

Phil's had a little less trouble with the Spagy T-Birds, but it was a battle nevertheless with Phil's coming out on the long end of a 6-3 score.

Bruce Griggs gained credit for the victory. He struck out 11 and gave up only two hits. Bernie Bach and Jerry

Crawford shared mound chores for Spagy's.

Phil's started out with a bang, scoring two runs in the second inning on Dave Coe's single, two stolen bases, walks and errors. The Firebirds added three runs in the third frame and two in the sixth.

Spagy's scored two runs in the fourth and one in the final inning. Rich Adams led Phil's attack with three for four, including a double, and drove in two runs.

In the opening game of the season, Phil's battered Ministrelli Construction, 13-1, as Holdsworth hurled a two hitter and struck out nine.

Seven runs in the third inning sealed the victory. In the frame, Kevin Valade had two singles and Coe, a double.

The Northville nine unleashed a 12-hit attack and beat the Plymouth Jaycees, 15-5, Monday.

Larry Bogart with three for four, Brian Jones with two for three, including a double, and Coe with two for four and three RBI's paced the Northville attack.

Griggs and Ron Hubbard combined to limit the Jaycees to four hits, each pitcher giving up two hits.

The Spagy T-Birds likewise got off to a flying start before being tripped up by Phil's. They beat the Novi General Filters, 7-0.

Pitcher Bach gave up only one hit and not a runner reached second base. Besides striking out 12, Bach slammed a home run in the sixth inning with a man aboard.

Other leading hitters for the T-Birds were Rich Liebold with a double and Jer-

ry Crawford with two singles.

Other scores: University Litho 15, Bloom's Insurance 0; DiPonio 11, Wayne County Child Development Center 9; University Litho 13, General Filters 1; DiPonio 9, Ministrelli Construction 8; Plymouth Jaycees 1, Bloom's Insurance 0; Novi General Filters 3, Plymouth Jaycees 2. All other games were rained out.

Sports

JAYCEE SOFTBALLERS—Novi's newly chartered Jaycee organization recently entered an area Jaycee softball league under the sponsorship of Vicete Die & Engineering of Novi. Currently in fourth place with 2-2 record, the team includes (l to r, back row) Bill Skeltes, Rick Ried, Ron Cowden, Jack Detlefs, Chuck Collins; (front row) Dick Mitchell, Don

Kerutis, Ray Mason, Tom Marcus, Dave Armstrong, and Dave Wilson. Missing are Jim Cherfoli, Carol Harden, and Red Holdeness. Cowden and Detlefs are co-managers. Novi young men between the ages of 21 and 25 are invited to join the fun by attending the club's next meeting slated for 8 p.m. July 11 at the Novi community building.

In Novi Little League

Flynn Keeps up Blistering Pace

Flynn Modernization continued their hot pace in the Novi Little League last week by hanging up three victories, while the second-place Mobarak Jayhawks were posting only one win.

Flynn has a 10-1 season mark; the Jayhawks are 7-1, one and one-half games off the pace.

Although outhit 10-7 by Paragon Steelers on June 19, Flynn rallied for four big runs in the fifth inning and two in the sixth for an 11-5 victory.

Roger Provo gained the win and also spanked a double, as did teammate Tom Ritter.

Pitcher Pat Boyer of the Steelers, however, copped hitting honors with two doubles. Craig Love, Rich Gault and Tom Shillito had a double apiece.

The game was marked by two double plays, Flynn's going from Catcher Gary Colton to First Baseman Steve Jacques, and the Steeler's going from Pitcher

Boyer to Third Sacker Dave Miller.

The Rexall Pillers duplicated the Steelers' feat by outhitting Flynn on June 20, but suffered the same fate, a 6-2 loss.

Pitcher Tim Assemany proved tough in the clutch, giving up only one run in the fifth and one in the sixth inning. Four of the seven hits off Assemany were doubles, including Mike Holroyd's, Eric Hansor's, Mike Butler's and Jim Christensen's.

Steve Jacques led the Flynn assault as he banged out two doubles. Once again Flynn executed a double play, this one resulting from a grounder to Colton at third, who threw to Jacques at first, who, in turn, rifled the ball to Catcher Roger Provo, catching a runner coming in.

Flynn finally outhit an opponent, 12-5, and posted a 12-3 victory over B-V Construction on June 23. Tom Ritter limited B-V to five hits, singles by Paul Bosco, Bob Toucher, Bill Pierce, Jeff Pickeral and Larry Smith.

Provo gave Ritter some solid backing with three hits in three trips, including two triples and a double. Colton banged out two doubles and Steve Jacques and Tim Assemany, a double apiece.

The Jayhawks won their only game by taking measure of B-V on June 22. John Pantalone hurled a two-hitter, one a triple by Pierce, the other a single by Bosco.

The Jayhawks, on the other hand, had 13 hits. Randy McGarry had two triples, David Ward and Joe LaFleche, two doubles each, Pantalone, a triple and Ron Frisbee, a double.

B-V wasn't in the doldrums all week, however, whipping the Pillers, 20-10, by coming back from a 10-3 deficit and scoring 11 runs in the fifth inning and six in the last frame.

Dale Smith gained credit for the pitching victory, while Doug Reeves with two doubles and Dave Winkler and Bob Taucher with a double apiece paced the 14-hit, B-V attack.

NOVI LITTLE LEAGUE (as of June 23, Friday)

Flynn Modernization	10-1
Mobarak Jayhawks	7-1
B-V Construction	5-6
Rexall Pillers	4-6
Novi Party Store	2-7
Paragon Steelers	1-8

The Pillers' Dave Brown, however, walked off with hitting honors. He had a perfect three for three, including a 6-2 loss.

Biggs to Race Here For \$4,000 Purse

Biggs, a speedy four-year-old son of the fabulous Knight Dream who has shipped the best at Northville Downs, moves into the spotlight Saturday (July 1) in the \$4,000 invitational — top race of the week.

The Big Bay Horse, with a mark of 202 3/5 at Lexington, Kentucky, earlier

three-run home run over the fence in the fourth frame and a double. Christensen and Butler also doubled.

Downs Handle At \$263,275

Despite another weekend rainstorm, this time on Saturday night, Northville Downs attracted enough fans to hit a mutual handle of \$316,000 for the night.

The Saturday betting brought the total wagered through the first 21 nights of the current harness racing season to \$5,528,771.

That's an average of \$263,275 nightly, down about 12 per cent from last year's average handle. Attendance is down about the same per cent.

Bike Decorating Set for Monday

Two special events are on tap for youngsters participating in the Northville recreation department summer program, Director Bob Prom announced this week.

A special bike decorating day will be held July 3 at the three day camp sites, at Moraine and Amerman schools and the Scout-Recreation building.

On July 8 buses will be off and rolling toward Tiger Stadium for a ball game. Prom urged youngsters to sign up. In addition, the department is in need of adult supervisors willing to make the trip.

St. Germain Cops Tourney

Northville's golfing whiz, Jim St. Germain, added another feather to his blossoming golf cap during the past week.

The 19-year-old youth sank a 33-foot putt in a sudden-death playoff last Thursday to win the Horton-Smith Memorial tournament for Michigan's top amateur's at the Detroit Golf Club.

His winning putt came on the third hole of the showdown, after Jim and Hunter McDonald had both parred the first and second holes. Jim finished up with a birdie two, while McDonald fired a par three.

It was a nerve racking business for the Houston university golfer. One of 55 entries, he was one of the first in the club house, and he led the field with a 71 (36-35).

About three hours later, McDonald reached the 18th. He sank a 35-foot putt to tie Jim.

For his winning effort, the son of Mr. and Mrs. C. J. St. Germain was awarded a large trophy and a \$150 golf bag.

Now, Jim's going after the biggest feather of them all — the Michigan State Amateur title, which began yesterday at Charlevoix. "He'll have to win six matches in a row," his father said, to cart off the championship.

Of 240 entries, only 64 will make the cut. For the past two years, Jim has reached the quarter-finals, only to lose out.

Rowe Hurls For Orioles

How many ball players from Northville has Lou D'Annunzio, Tiger scout, signed?

The answer came last Thursday. Besides Doug Swiss, who penned his contract recently, D'Annunzio contracted Ken Rowe, a 1951 graduate of Northville high school.

After a spell with the Tigers, Rowe became a Dodger and was a member of the Los Angeles World Championship team of 1965.

Where's Rowe now? Pitching for Rochester, the Baltimore Orioles' triple-A farm club, says his sister, Mrs. Ralph Van Sickle, 365 North Rogers street.

His record this year: 5-1. After a share of world series money, Rowe was traded to Baltimore, then was optioned down to the Rochester club.

Teacher Hiring Sparks Split Vote

By a 4-3 vote, the Northville board of education approved additions of five new teaching stations to the 1967-68 staff.

Board President Wilfred Becker, who conducted his last board meeting before leaving office, cast the deciding vote when Stanley Johnston, Eugene Cook and James Kipter voted for the measure and Richard Martin, Richard Lyon, and Robert Froelich voted against it.

Major objections to the additions at Monday's meeting and at an earlier work session included the additional cost in face of budgetary limitations and a contention that different teaching stations might be more valuable.

The new teaching stations include an elementary health and physical education teacher, an elementary art teacher, an elementary music teacher, an elementary librarian, and a half-time teacher - half-time assistant junior high school principal.

Approval of the measure carried the stipulation that the half-time assistant principalship contract be for one-year only, pending review of the situation next year.

Total cost of the five new teachers was pegged at \$30,000.

While some voiced concern over this expenditure, Johnston said administrators had found by reviewing the preliminary budget that the money appeared to be available. The word "appeared" bothered some of his fellow board members, who with him have been wrestling with budget financing.

To a warning comment by newly elected Schoolcraft College Trustee B. William Secord that the board may be putting itself in the position of approving expenditures and then having to ask the already burdened taxpayer for additional funds to cover them, Johnston said the board must provide good

education and, if it costs more money, then in the final analysis it is the public which must make that decision.

He said the board should not fear going to the public for additional monies - provided every cent can be justified - simply because the public "might" turn down the request as suggested by Secord.

Johnston referred to earlier board discussions in which additional millage was discussed. He said the board is considering a millage hike. However, no formal action in setting up the machinery for a millage election was taken, nor was there any other discussion concerning need for an increase.

Reportedly, the board, which is still working on the preliminary budget, has until mid July in which to establish a millage election date for late August - deadline for assuring the spreading of additional voted millage on the December tax rolls.

Prior to voting on the measure, Martin pressed Acting Superintendent Raymond Spear, who recommended the additional teaching stations, for clarification as to the method of computing pupil-teacher ratio. Upon learning that the types of additional teaching stations as proposed by Spear are not counted in computing ratios, he suggested that emphasis might be better placed at the classroom instructional level or on teaching stations that are counted and thus create a more desired ratio.

Spear said he considered the additional stations essential to a well-rounded educational program, and that he would not debate the relative merits of one kind of instruction over another. Earlier, especially at one of last week's work sessions, some board members had suggested that additional remedial reading teachers might be far more valuable - educationally - than the stations recommended by Spear.

Driver Jailed After Wild Chase

A 21-year-old Walled Lake man who led Novi police on a wild chase and smashed his car in the process was slapped with a 90-day jail sentence Friday.

Clyde Hallon pleaded guilty to counts of driving without a driver's license and reckless driving. The sentence covers both charges concurrently.

The chase began shortly after Novi police received a be-on-the-lookout at 1:58 a.m. for a car similar to the one driven by Hallon. Corporal Gordon Nelson and Officer George Biggs, on patrol on West road spotted Hallon driving north on West road.

When he failed to acknowledge the flashing red police light, police whipped around and gave chase. According to police, Hallon, clocked at 80 to 90 miles per hour, ran a stop sign at West Lake drive and West road.

At the intersection of Ludlow street and West road, he lost control of his car, which turned over twice and came to rest on its side, police reported.

Hallon and a passenger, Lonnie Spencer, 17, also of Walled Lake, were unscathed. Hallon was later remanded to the Oakland county jail overnight, then brought before Judge Emery Jacques the same morning and sentenced.

Novi Rotary to Install New Officers Tonight

Installation of newly elected officers of the Novi Rotary club will take place tonight (Thursday) in a special "ladies night" program at the Bonnie Brook Golf Club in Detroit.

Accepting the gavel of presidency from the out-going Rotary President Richard Bingham will be Robert Stiles. Other newly elected officers who will be formally inducted include:

George McCollum, vice president; Robert Metz, secretary; and Thomas Dale, treasurer.

The installation dinner-program will get underway at 6:30 p.m. with a cocktail hour.

President-elect Robert Stiles and Secretary-elect Robert Metz of the Novi Rotary club attended an all-day trainee conference last week Tuesday at Blenheim, Ontario.

The conference was for all presidents and secretaries within Rotary District 638 who will take office on July 1. Some 75 persons attended.

Presiding over the conference was District governor elect Erick Bentledge of Bloomfield Hills, who recently returned from a training session at Lake Placid, New York. Outgoing district governor Proctor Dick also was present.

Rezoning Asked For Development

The Novi planning commission set a July 31 public hearing date on a huge proposed development of apartments, a shopping center, motel and professional building.

Called the William Walker property, the 100-acre site is located at the northwest corner of Eight Mile and Haggerty roads. Making the request was Richard Gabel, a developer formerly with Thompson-Brown.

Now working independently, Gabel is seeking rezoning of 27 acres for multiple dwellings and about 73 acres for development of a central business district.

Gabel indicated Monday that upon approval construction would not be undertaken until construction of the proposed south extension of the I-96 expressway network was completed. State plans indicate the expressway will cut through the Walker property. The state will let expressway bids in January of next year, Gabel said he was informed, and actual construction of the Oakland county portion of the network is expected to be completed by 1970.

Another request submitted by Gabel, this one on 136 acres on 10 Mile and Novi roads, was referred to the planning consultant for an opinion. The property is owned by James Erwin.

Sought is rezoning of 65 acres on Novi road to commercial (C-2) and 68 acres on 10 Mile road to heavy manufacturing (M-3).

The planning commission also denied two requests, both by 7-0 margins.

Leonard Broquet sought the rezoning of 83 acres, located on Eight Mile road west of Meadowbrook road, from R1F to multiple (R2A). His request was refused because it would conflict with the prevailing, surrounding residential area.

The other rezoning request was submitted by B. J. Pollard. It involved the change of 60 acres on the east side of Novi road, north of Oakland Hills cemetery, from residential to medium manufacturing (M-2).

Reason given for denial was that rezoning would constitute spot zoning. Adjacent property is zoned residential.

***** In a previous meeting, the commission scheduled rezoning hearings on three parcels for July 10. Included are:

---40 acres located east of Novi road and bordering the C&O railroad tracks. Vincent O'Roy is asking that the property be rezoned from M-1 to M-2 to permit construction of a storage warehouse.

---Six acres on the north side of Grand River, west of Taft road. Owner Laura Lee Ozark asks rezoning of the front portion of her property, now commercial, to conform with the back medium manufacturing (M-2) portion.

Salary Increases

Continued from Page One

In commenting on this change, Jacobi noted that any change makes contracts signed by principals invalid since their signatures were based upon acceptance of the total policy as outlined to them Friday. However, he added that he doubted if any principal would object to the change, which Trustee Richard Martin explained was made to insure that principals are kept at a level above any future maximum salary of a teacher.

Salaries approved Monday represent substantial raises for principals over salaries granted in the budget last fall. Holdsworth moves up \$1,000; Horwath, up \$1,500; VanNingen, up \$1,500; Jacobi, up \$1,500; and Smith, up \$2,000.

The salaries are pegged within ranges established in the newly adopted salary policy. These ranges are: Assistant high school and elementary principals, \$11,500 to \$14,500 in eight years; junior high principal, \$12,000 to \$15,000 in eight years; and high school principal, \$13,000 to \$16,000 in eight years.

Other policy specifications include:

---Two-year contracts, provided the principal has previous administrative experience.

---Contracts extend from July 1 to July 30 with four-week vacations while school is not in session. This means principals will work 48 weeks instead of 44.

---Annual review of contracts by April 1 of each year.

---Provision to withhold an increment step for one year, but with the stipulation that the increment is granted the following year or the contract is terminated.

---Principal posts do not carry tenure.

---Provides that new principals may be placed on one of the first three steps of the salary schedule.

---Provides an adjustment or index of salaries if maximum teacher salaries increase significantly.

Alex Nelson

Continued from Page One

Nelson invariably accepted attacks upon himself and his role without public comment. His habit of lauding his critics infuriated some.

Nelson, who reportedly will continue work toward his doctorate degree, came to Northville in June of 1965, upon the retirement of Russell H. Amerman. The fact that he stepped into a position held by a single man for well over a quarter of a century created a greater adjustment problem for the new superintendent, some observers stated.

Prior to joining the Northville system, Nelson had served four years as superintendent of the Menominee school district. Prior to that he was superintendent of schools in Richmond (six years), Hesperia (six years) and Hershey (two years).

from the PASTOR'S STUDY

Father Edward Battersby, Pastor
St. Joseph's Church, South Lyon

What actually is the genuine Christian? What is he like? Our Lord tells us that he is known by his Fruits. What is this fruit? It is holiness. Jesus wants us all to be Saints. A not too precise definition has been offered: "A Saint is a sinner who has made good." All of us fulfill at least part of that definition; the part we lack can be subsidized by God's grace.

Few of us would regard ourselves as potential Saints because we have a false notion of what sanctity means. A saint is not necessarily one who does great and wonderful things, the fruit of holiness in our lives comes from fidelity to the little things of our state in life, from being charitable to members of our own family as well as to strangers. It results from daily kind-

ness, patience, understanding and the giving of one's self. It is arrived at by opening up our whole life: hearts, minds, personality to God by accepting His will as or own.

It has been said that "total perfection comes when a person really desires to do God's will. We mean it up to a point; but it takes a lifetime to make it a full truth."

We must want to do the Father's will. This is the main thing, and we must try not to be afraid of it. Remember: God is our Father. He loves us with all the love of His sacred heart; He is not going to allow anything to hurt us that we cannot bear. Remember: Christ is our brother. He lived God's will before us.

Presbyterians to End Vacation School Tonight

The annual vacation church school of the First Presbyterian Church of Northville will conclude this evening, Thursday, with an open house and special program at 7:00 p.m.

Students and parents will see a film entitled *The Parable*, a film produced by the National Council of Churches and shown at the New York World's Fair.

During the past two weeks about 100 students have been attending daily morning classes, supervised by a staff of 30 teachers and helpers, under the direction of Rev. Timothy Johnson.

Special events included: a trip to the Northville Record by the junior de-

partment to better enable them to publish two Bible School newspapers; a trip to Eastlawn Convalescent Home by the primary classes; a trip to Cranbrook Institute by both primary and junior departments; and a picnic for the kindergarten classes.

A very special occasion occurred when Father Tom McGuire talked with the school at an assembly program.

The money offerings collected from the daily worship services will be used to sponsor an orphaned child in a foreign country through the Christian Children's Fund. The students here will have an opportunity to correspond with the "adopted" child.

Salvation Union Plans Special 4-Day Program

A special four-day meeting program July 1 through July 4 was announced this week by the Rev. James F. Andrews, pastor of the Full Salvation Union.

Three meetings on each of these three days will take place on the Full Salvation Union's 40-acre grounds at 51630 Eight Mile road — 3 1/2 miles west of Northville.

All persons "interested in joining Jesus Christ in prayer that 'that we all may be made one — that the world may believe' is invited to attend," Rev. Andrews said.

Services will be held at 10 a.m., 2 p.m., and 8 p.m.

Area ministers, rabbis and priests have been invited to cooperate and participate in these special meetings, he said. Persons wishing additional information may call Rev. Andrews at FI 9-0056.

Goodwill Pickup

The next visit of Goodwill Industries pickup trucks to Northville is scheduled for Monday, July 3. Goodwill trucks collect household discards of clothing, shoes, and other household discards.

To arrange for a Goodwill Industries truck pickup, ask the operator for toll-free Enterprise 7002.

THE DIMENSIONS OF LIBERTY

THE CHURCH FOR ALL
ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Have you ever taken her measure?
— from base to torch: 151' 1"
— from heel to top of head: 111' 1"
length of hand: 16' 5"
index finger: 8' 0"
finger nail: 13" x 10"

But these are the dimensions of a statue only. The dimensions of liberty are greater.

And one of these is faith in God! The desire to worship faithfully and freely according to the dictates of one's own conscience inspired the birth of our Nation.

And to this day, every hymn, every prayer, every act of reverence and service and sacrifice which flows from our hearts toward God . . .

Why the big switch to electric heat?

Good news travels fast.

Talk about your bargains! Edison has again lowered the rates on electric home heat. This time, a healthy 10% over the previous rate. Altogether a 30.5% reduction in the last eight years. No wonder the big switch to electric heat is on.

The low rate's only part of it. People also like our three-year, money-back guarantee. We give you a written estimate of operating cost; your heating bill may be less than the estimate, but not a penny higher. It's guaranteed, provided installation is made by an Edison-approved contractor on Edison lines. New low rates. A three-year, money-back guarantee. Pretty good reasons to investigate electric heat. There're others. Give us a call. We'll give you all of them. And without obligation.

EDISON lowers the cost of all-electric living.

WORSHIP WITH YOUR FAMILY
AT THE CHURCH OF YOUR CHOICE

**News
Around
Schoolcraft**

Schoolcraft college recently moved a step closer to full accreditation by the North Central Association of Colleges and Secondary Schools when the college submitted a 193-page self-study - the result of a year-long project required as part of the accreditation process.

The self-study critically examines every major phase of the college from its basic philosophy to its financial resources, cites strengths and outlines efforts being made by the college to correct unresolved problems.

Largely a project undertaken by the college faculty, the self-study involved every segment of the college staff. The study was developed by seven major committees, directly involving some 50 faculty members.

Completion of the self-study places Schoolcraft on the threshold of the final phase of the NCACSS accreditation process.

If all remaining hurdles are cleared, the college, now completing its third year of operations, could achieve full accreditation next March, according to John H. Brinn, vice-president for instruction and director of the self-study.

Schoolcraft has been accredited by the Michigan Commission on College Accreditation since 1964, and last year was admitted as a candidate for accreditation by the NCACSS. In addition, the college meets all accreditation requirements imposed by the U.S. Office of Education for eligibility for various federal grants. "In a very real sense," Brinn explained, "Schoolcraft was accredited the moment it opened its doors to accept students for the first time in August, 1964."

"Our credits have always been accepted for transfer by every four-year institution in Michigan and we do not have a single instance in which a Schoolcraft graduate was denied admission to a four-year institution when his scholastic record here met the entrance requirements of the senior college.

"We are, however, extremely desirous of full accreditation by the NCACSS at the earliest possible time. The North Central Assn. is the sole regional accrediting organization, and its recognition will place Schoolcraft on a parity with every other accredited institution in the nation.

"While there are a number of steps that must still be taken, we are confident of attaining accreditation from the NCACSS next spring.

"If this is the case, Schoolcraft will have achieved accreditation in the shortest time possible under the requirements of the North Central Assn."

A final decision as to accreditation would be made by the NCACSS during its annual meeting in March.

NOVI HIGHLIGHTS

Mrs. H. D. Henderson FI-9-2428

Mr. and Mrs. George Dingman and daughters, Juli and Janet, returned this past weekend from a week of vacation spent at Niagara Falls, New Jersey and Pennsylvania.

Sunday, June 25 a double birthday celebration was held at the home of Mr. and Mrs. Louis Tank. The birthdays were for Mrs. Tank, birthday June 5 and Mrs. Henry Gok whose birthday date was June 20. There were 14 relatives present for dinner and an afternoon of games and recreation.

Mr. and Mrs. Hadley Bachert attended a graduation party for their niece, Linda Bowly at Clawson this past Sunday.

Last Friday Mrs. Hadley Bachert and Mrs. George Atkinson attended a Past Deputy luncheon at the home of Mrs. Bessie Davis in South Lyon.

Mr. and Mrs. Herbert Farah were hosts at an open house for their son Hal, who was graduated from Valparaiso University in Indiana this June. Due to the recent illness of Mr. Farah the open house was belated. Approximately 100 guests were present from Detroit, Melvindale, Lincoln Park, Dearborn Heights, Wayne, Inkster, Livonia, Harsen's Island, Harper Woods, Roseville, St. Clair Shores, Highland Park, Northville and the Novi area.

Hal, who majored in English and history, will teach at a Detroit High school this fall. He is now taking a summer course at Oakland University.

Mrs. George Mairs, formerly of Novi is reported to be on the sick list at her home on Pinckney road near Pinckney.

Mr. and Mrs. Jay Warren and daughters, Janet and Jennifer and son, Kenneth left this week on Tuesday for Butterfield, Minnesota. On Friday they will attend the wedding of their son, Jay and Sheryl Harder at the First Mennonite Church in Butterfield.

Mr. and Mrs. Hugh Crawford are the proud parents of a son, Douglas James, born in St. Joseph's Hospital in Pontiac Thursday June 22. He weighed 6 pounds and 15 ounces. The grandparents are Mr. and Mrs. James Cotter of Oakridge, Tennessee and Mr. and Mrs. Jack Crawford of Northville. The great grandmother is Mrs. Betty Cotter of Eleven Mile road.

During this past week Mrs. Ed Putnam entertained her houseguests Mr. and Mrs. Don Putnam of California at the Putnam cottage near Lewiston. They also visited the L. J. Putnams who live near Lewiston.

Several Novi Church Methodists made a trip to Detroit Sunday afternoon to visit the Cass Methodist church who under the sponsorship of the commission on missions has a social program that includes 41,000 people near Wayne State University. The pastor is Rev. Lewis L. Redmond and he has a staff of college graduates who assist in the social work. They have a small playground for children and they take care of the needy at the social hall and they are busy in many other ways.

Mr. and Mrs. George Webb attended the wedding of Mary Smith and Eugene Verrier in Tecumseh Saturday. Miss Smith was the maid of honor at the wedding of the Webbs' daughter, Georgia.

Mr. and Mrs. James LaFond of Newport and Mr. and Mrs. Ray Cosby

of Redford were visitors at the home of Marie LaFond one day last week.

The Russell Races were the guests of Mr. and Mrs. Harold Miller at their summer cottage near Rose City this past weekend. While there they called on old friends and visited the J. W. Erwins at their cottage.

Mrs. H. D. Henderson attended a pre-nuptial shower honoring her grandniece, Donna Pender of Kandelwood at the Sportsman's club on Northwestern Highway Sunday afternoon. A dinner was served to approximately 80 guests.

Mrs. Henderson spent a few days this week at the Tobias Farm home south of Williamston with her sister Mrs. Rose Young and her brother, Louis Tobias.

WILLOWBROOK NEWS
Mr. and Mrs. L. C. Richardson spent Tuesday and Wednesday of last week at Tawas City. The Richardsons recently acquired some property there.

On Sunday the L. C. Richardsons

attended the 25th wedding anniversary of their old friends, the Dean Kennedys of Hillsdale. The affair was planned by Norman, son of Mr. and Mrs. Kennedy and their daughter, Carol.

Mr. and Mrs. Errol Myers spent their past weekend at their cabin at Paradise in the Upper Peninsula.

A get acquainted picnic for the neighbors was held on the Myers extra lot on Sunday. Mr. and Mrs. William Brinker and Mr. and Mrs. John Ledlie sponsored the picnic for the Millstream Lake and Border Hills neighbors.

William Beadle Jr. of the U.S. Navy is home on leave with his parents, Mr. and Mrs. William Beadle Sr. He came home June 16 and has to be back at Long Beach July 7. He has completed his second cruise in West Pac South China Seas aboard the U.S. Navasota, Fleet oiler. He is a commissary man, cook and baker. Since October 11 he has been in Japan, Hong Kong, Vietnam and many other places.

Leonard Beadle also a son of the William Beadles Sr. has been attending the music camp at Eastern University in Mt. Pleasant. On Sunday his parents and brother, William and twin sister, Laura attended the concert held at the music camp.

E.U.B. WILLOWBROOK COMMUNITY CHURCH
Daily Vacation Bible school program began on Monday, June 26 with the theme "The Bible in the Midst of Life."

The Bible School teachers are: Nursery, Mrs. Ruth MacKay; kindergarten, four and five year olds, Mrs. Mary Wilkins and Mrs. Audrey Blackburn; primary department, first, second and third grade, Mrs. Norma Firebaugh and Mrs. Linda Gensing; junior department fourth, fifth and sixth grades, Mrs. Lucy Needham and Mrs. Charlene Hare. Helping the teachers in various ways are Mrs. Evelyn Norris in charge of music, Harriet Needham, Malinda Needham and Sharon Phillips.

Next Sunday July 2 the summer schedule will begin with unified service of worship at 10 a.m. The nursery through juniors will have Sunday school during this hour. Kindergarten through juniors will meet in the sanctuary for the first part of the service, then will be dismissed for classes. This schedule will continue until Sunday, September 3.

Bible School on Friday June 30 at 10:30 there will be an open house for the mothers at which time the children will display their craft projects they made during the week. Bible school will end with a brief reception for the mothers.

NOVI METHODIST CHURCH NEWS
The guest speaker this past Sunday was Rev. George Kind from Wisconsin a friend of Rev. Mitchinson.

The Commission on Education and the Commission on Missions had a meeting at the church Monday evening.

On Wednesday the WSCS had a cleaning bee at the church. In the evening the commission on membership and evangelism met at seven o'clock and at eight o'clock Commission on Finance and Official Board July 14-16 the Mid-summer adventure for senior youth will be held at Adrian college. Registration should be in by July 7 the cost is \$14.

HOLY CROSS EPISCOPAL MISSION CHURCH
The time change will begin next Sunday, during the summer schedule, church will begin at 10 a.m. and that

time will continue until September 2.

Flowers for the altar are needed. Anyone who has flowers and would like to contribute to the church call Mrs. Winifred Poole GR 4-6842.

All canvassers are urged to turn in their reports to Mrs. Phil Scott by Sunday, July 2.

Prayers are being said for Mrs. Mary Sturman's daughter, Bertha who is in Old Grace Hospital in Detroit for surgery. Also prayers for Mr. and Mrs. E. Elston Poole who are both on the sick list.

Work shops are continuing on Wednesday nights during the summer. Please contact Mrs. Betty Johns 474-0600 or Mrs. Winifred Poole.

It was encouraging to see so many new faces in church Sunday morning. Sunday school has been discontinued until September however, all the children are urged to attend church services.

NOVI BAPTIST CHURCH NEWS

Vacation Bible School ended last week with closing program on Friday with presentation of songs and verses learned by the various departments.

Awards were given in all the departments for memory verses learned, visitor contact, etc. In the nursery department winners were Ruth Ortwin, Judy Wilentus, Doug King, Kerin Oswell, Debby Place, Cheryl Beebe and Andy McQuinn. Primary department were: Valerie Wilentus, Denise Shipp and Dick Roberts, Junior Department were: Dan Clark, Eric Hansor and Debby Moore. There was a total of over 600 youngsters for the 5 days and an average of 179. The young people will conclude their program with a beach party this Thursday night at Kensington starting at 5:30.

Those men interested in playing ball can make plans to play with Highland at Milford on Tuesday night and then on Friday night at Wixom with Wixom.

Barakat Campers left at 1:00 Monday morning with the following adults accompanying them, Pastor and Mrs. Clark, Mrs. Bat Allen, Mrs. Doris Lorenz, Miss Sharon Allen. The next group of junior girls will leave July 3.

The Baptist missionaries to Africa, Rev. and Mrs. Vaughn will be with the Novi Baptists on July 9. The Mission committee will be entertaining them for the three days of their visit.

BLUE STAR MOTHERS

Novi Chapter 47, will not have a meeting in July since so many members are on vacation and unable to attend. However the mothers will make their once a month visit to the Veterans Hospital

in Ann Arbor. Place of August meeting will be announced later.

NOVI FARM BUREAU

The Novi Farm Bureau had a meeting and potluck supper at the Novi Community Hall Tuesday evening. They made plans for their picnic which will be held at the Willows, Cass Benton Park in August. Tuesday's meeting was the last meeting until fall.

THE TEE BALL LEAGUE

The Tee Ball Leaguers had a splendid turnout for their games Saturday. The boys played on both diamonds. For the four evenings played the scores were as follows: Redhots 30, Yellowjackets 19; Burgundy Braves 34, Green Hornets 17. Special thank you to the interested and helpful fathers. Volunteers are most welcome. The leaguers need more fathers and high school students with baseball experience, scorekeepers and a good cheering section.

The place is the Novi Elementary school baseball diamonds. Time: Every Saturday one to three p.m. The schedule will generally cover instruction, practice and a game.

IOOF & REBEKAH NEWS

The IOOF sponsored a boy, Albert Lamont for one week at the Rebekah and IOOF camp at Big Star Lake near Baldwin. On Sunday Mr. and Mrs. Glen C. Salow and Mrs. George Atkinson took Albert up to the camp.

Thursday July 13 will be the last meeting of the Novi Rebekahs until September.

Two cars furnished the transportation for the Rebekahs who attended visitation at Berkley Monday evening.

The Independent Rebekah club had a picnic at the home of Hildred Hunt on Monday this week.

News Around Wixom

By Mrs. Charles Ware
MA 4-1601

The Sunshine Social Service group met at the home of Miss Mildred Gibson on Wednesday. Eleven members were present.

There was an average attendance 250 people at the Family Bible conference which was held at the Wixom Baptist church last week. An average of 35 to 40 junior and senior high students attended the conference.

Mr. and Mrs. Earl Pearsall and Mr. and Mrs. Durwood Collar from Mason were callers at the Pearsall home on Sunday.

Miss Linda Pepperney from Randallstown, Maryland flew in from Pittsburgh and is the houseguest of her aunt, Mrs. Robert Vollmer.

On Sunday the Joseph Callahans and Robert Peppers had a surprise birthday party honoring Mrs. Inez Pepper who became 61 years old.

On Saturday evening, June 24, the Charles Wares were dinner guests of the Pat Quinns of Commerce.

On Sunday Miss Hilda Furman attended a Sibley family dinner party at the home of Forbes Sebley. The dinner was given in honor of Wesley Sebley of Palo Alto, California, who is visiting his brother, Standish Sebley of Pontiac. This branch of the Sebley family are direct descendants of the Samuel Sebley who was the first mayor of Detroit.

On Monday a group of friends had luncheon with Hilda Furman. Among the guests was Mrs. Joseph Garner of Saratoga, California.

The St. Williams Rosary Altar Society reported a profit of \$500 on its rummage sale, which was held in the church gym over the weekend.

There were more than 200 guests at the wedding of Donald Berkey and Cheryl Tempelton at the Wixom Baptist church on Saturday evening. Rev. Robert Warren officiated. The reception was held at the Wixom school.

On Friday evening the Lev Harrison were hosts at the rehearsal dinner, honoring Donald Berkey and

Cheryle Tempelton.

On Saturday, June 24 Mr. and Mrs. Herbert Abrams were in Jackson to watch a dancing recital in which their granddaughter participated.

Miss Mildred Gibson, Miss May Anson from Royal Oak and Mrs. Beryl Schoening of South Lyon entertained 17 guests at Devon Gables honoring Ruth Rose who is retiring from Royal Oak school system.

Mrs. Ronald Portor spent a few days in Fenton as the guest of her daughter, Mrs. Ruth Appling.

Truck Slides On Slick Road

Slippery asphalt on Novi road was blamed for an accident Friday morning, involving a milk truck. Broken glass on the pavement stopped traffic for one-half an hour.

David J. Martens, 51, 1288 West Lake drive, suffered multiple glass cuts, but refused medical treatment.

According to Novi police, Martens lost control of the loaded Twin Pines milk truck when it slid on the pavement just north of 12 Mile road. The vehicle slid across Novi road and rolled on its side on the east ditch, police said.

Slippery conditions were created by cars tracking chloride onto the pavement from a portion of Novi road under repair.

Cavern Holds Friday Dances

Summer hails the coming of warmer weather, but to Cavern followers it means dances every Friday night.

This Friday, once-a-week dances will begin. Spotlighted will be The Landeers, one of Detroit's top five groups, who will bring their own lighting effects to the Northville Community Building.

The Fruit of the Loom will also provide "rock" entertainment.

Admission to the 8 to 11:30 p.m. dance is \$1 for Cavern members and \$1.50 for non-members. Memberships may be purchased at the door for \$2.

Local Girl Gets Degree

Degrees and certificates were granted to 1,273 students, including one from this area, at commencement exercises at Ferris State college Sunday, June 18.

The graduates included students who had completed their programs of study in the summer, fall and winter terms, as well as in the spring quarter.

Giving the commencement address was Dr. Max Lerner, scholar and columnist.

Among those receiving degrees and certificates was Ann Helmbecker of 24760 Glenda, who received an A.A.S. library technology degree.

Community Promotion

We tell industry's decision-makers: "Michigan has more of everything!"

Because Michigan offers industry the abundant resources and facilities it needs, Michigan has the highest industrial growth rate in the nation. Consumers Power Company helps to keep our state growing. We work with Chambers of Commerce and other community groups in Michigan's Lower Peninsula to bring new business and industry into the state, to create the new jobs that keep our economy surging ahead. As in the past, Consumers Power advertising in a wide range of business publications, will tell Michigan's story in 1967 to the nation's industrial decision-makers.

Northville Township Board Minutes

Minutes - June 6, 1967, Northville Township hall. Meeting called to order at 8:00 p.m. Members present: Supervisor R. D. Merriam, Treasurer A.M. Lawrence, Clerk E. W. Hammond, Trustees: Thos. Armstrong, Bernard Baldwin, Gunnar Stromberg, James Tellam. Also present: Township Legal and engineering consultants, and thirteen visitors.

Minutes of the May 2, 1967 meeting approved as submitted.

Treasurer's report presented and approved as submitted.

Office Receipts, Township Bills Payable, and Water & Sewer Dept. Bills payable were reviewed. Stromberg moved to pay all current township bills. Lawrence seconded. Ayes: All. Motion carried.

Mr. Merriam presented both a long and a short form of the Building Dept. Report and it was suggested by the Trustees that we use the short form in the future.

Planning Commission minutes for May 17 & 24, 1967, Appeal Board minutes for May 11, 22 & 25, 1967 and the water and sewer commission minutes for May 10, 1967 were reviewed.

Correspondence: Letters from the following were read by the Clerk and ordered placed on file:

1. Delos Hamlin, President of Michigan State Association of Supervisors, regarding a Regional Conference on Crime and Delinquency.

2. Board of Wayne County Auditors, regarding the smoke problem at the Training School.

3. Sheriff of Wayne County, listing services available from that agency.

4. Wayne County Bureau of Taxation, regarding the re-assessment of the township at 50% of true cash value. Supervisor Merriam is to meet on June 7, 1967, with Mr. James Cutler and Mr. Garagosian (of the Co. Tax Bureau) in connection with this re-assessment.

Mrs. Hammond read a second letter from the Bureau regarding charges to the township for services.

5. Northwestern Child Guidance Clinic, requesting a contribution of Five Hundred Dollars toward their budget for the coming year, for services rendered to the families in Northwest Wayne County. After discussion, it was determined that this is not a direct charity contribution, and Attorney Ashton will look into the legal ability of the Board to contribute.

Old Business: Unification and Annexation: Since the joint meeting with the Northville City Council, Stromberg wondered who would lead off on further talks or committee work on these problems. Merriam stated that he would contact the proper parties.

Maybury Land Fill: Clerk Hammond read a letter from the City of Plymouth regarding the landfill. Merriam has already answered the letter.

Amendment to Zoning Ordinance: Horses. The recommendation from the Planning Commission was read. Stromberg moved that the recommendation be approved as presented, seconded by Lawrence. Ayes: All. Motion carried.

Cusumano Property: The building at the corner of Seven Mile and Northville road has not been in use for over six months, is not in proper repair, and it is felt that it is unsightly and a serious traffic hazard. Ashton stated that the township could not ask the owner to remove the building, but could prevent him from re-activating the building in its non-conforming use. He suggested that the township notify the owner that he has lost his non-conforming use status, that he is in violation of the Building Code, and that he should schedule a conference with the Building Supervisor regarding the violations. Stromberg moved that the above suggestions of the attorney be acted upon, seconded by Armstrong. Ayes: All. Motion carried.

Dog Fees: Clerk Hammond reported on a study that she had made on dog fees in adjoining areas: Plymouth, Livonia, Redford township, Garden City, Novi, Southgate, Ann Arbor, and Plymouth township. On the basis of fees in these other communities, Stromberg said that he felt our fees for licenses were sufficient, but that the penalty fees should be raised, for violators. He then moved to table the matter for further study at the next meeting, when additional material would be made available. Seconded by Baldwin. Ayes: All. Motion carried.

Township Vehicle: Lawrence presented price quotations on a vehicle for the township, from Dodge, Ford and Chevrolet. The Chevrolet bid was the lowest. Tellam moved that the township accept the bid of Chevrolet, seconded by Stromberg. Ayes: All. Motion carried.

Township Building Lease: Merriam reported that the School Board has agreed to a ten year lease on the old school building being used by the Township as an office, with the School Board attorney drawing up the new lease. The rent will not be raised, but the township will be required to furnish insurance for any new building and to cover any increase in the insurance cost on the old building.

Trash and Junk Cars: The township attorney presented plans for an amendment to the Zoning Ordinance which would deal with trash, garbage, unlicensed vehicles and so on and suggested that it be referred to the Planning Commission for study and recommendation.

Stromberg so moved, seconded by Tellam. Ayes: All. Motion carried.

Hillgas Sewer Tap: A letter has been sent to Mr. Hillgas, as he has not yet tapped into the sewer that was primarily constructed because of the unsanitary conditions that prevailed on his property. In the letter the attorney set a deadline for work to begin - June 12, 1967.

New Business:

Thompson-Brown: The Thompson-Brown plat was presented to the Board for final approval. Supervisor Merriam listed five items that would have to be cleared up before the plat could be approved. A representative from Thompson-Brown stated that all these problems should be resolved within two weeks and that the company would waive the 30 day requirement so that the township would have time to review the plans. Baldwin moved that the plat be tabled, perhaps for a special board meeting, and that the minutes should indicate that Thompson-Brown had agreed to waive the 30 day requirement. Seconded by Tellam. Ayes: All. Motion carried.

Greenspan: A recommendation from the Planning Commission said that the Greenspan Company's Northville Colony Estates Subdivision, a plat of 102 lots, be accepted, with the exception of the apartment site. Stromberg so moved, seconded by Lawrence. Ayes: All. Motion carried.

Five Mile & Bradner road - Rezoning: The Planning Commission recommends that the request for rezoning the northwest corner of Bradner and Five Mile, by Jerry Helmer, be denied. Mr. Helmer asked to be allowed to speak, and requested that the matter be referred back to the Planning Commission for further review, as he felt that he had further information to give them. Considerable discussion followed, and Lawrence finally said that he would like to take another look at the property before voting. Tellam, felt that the recommendation should be accepted, and so moved. Baldwin seconded. Ayes: Baldwin, Tellam. Nays: Armstrong, Hammond, Lawrence, Stromberg. Motion defeated. Stromberg moved that the matter be tabled for further study. Ayes: All. Motion carried.

Appeal Board Fees: A recommendation from the Appeal Board was read, asking that the ten dollar fee be raised to twenty five for Appeal Board hearings, giving the Appeal Board the right to waive the fee in hardship cases. Ashton stated that it would be illegal to leave the matter of return of fees to the discretion of the Appeal Board. Tellam moved to return the study of fees to the Appeal Board. Lawrence seconded. Ayes: All. Motion carried.

Workmen's Compensation: Clerk Hammond read a quotation from the Northville Insurance Agency, for Workmen's Compensation coverage for township personnel. Baldwin suggested that we have another quotation, and that it be submitted in writing.

Liquor License Request: The State Liquor Commission requested the township's approval on an S.D.M. license for Lakepointe Drugs, Five Mile road. Tellam asked if there were any reason why it should not be approved and hearing none, moved to grant the request. Seconded by Stromberg. Ayes: All. Motion carried.

Sign Bonds: After considerable discussion about the necessity and value of requiring \$100 bonds for construction of signs, the matter was tabled until the next meeting.

Planning Commission Recommendations:

1. Walls. A slight change was made in height of walls required, in an amendment to the Zoning Ordinance.

2. Accessory Buildings. Amended to include the storage of lawn and garden equipment in accessory buildings which do not require a special permit.

Wall Amendment: Baldwin moved to accept the recommendation of the Planning Commission, seconded by Armstrong. Ayes: All. Motion carried.

Accessory Building Amendment: Tellam moved for adoption, seconded by Baldwin. Ayes: All. Motion carried.

Water & Sewer Commission Recommendations:

The Water & Sewer Commission recommended a fee of \$150 for Detroit Water taps on the present W. Co. Tr. school lines with the township paying additional fees, if any. Lawrence moved that the resolution be adopted as presented, seconded by Armstrong. Ayes: All. Motion carried.

Recommended by the Water & Sewer

Commission that the contract for a water line to the Smokler Development be awarded to the Boam Co., Livonia, on the basis of its low bid of \$36,076.50. Stromberg so moved, seconded by Tellam. Ayes: All. Motion carried.

Special Chloridation: Chloridation of the shoulder of the road near Bohi's Restaurant was requested last year because of excessive and dangerous dust conditions. Cost: \$80.00. No complaints yet this year.

Appointment: Mr. Joseph B. Straub was announced as the new appointment to the Northville Township Board of Appeals.

Adjournment: 10:57 p.m.
Eleanor W. Hammond,
Northville Township clerk

Canterbury Heads Ohio Alumni Group

John Canterbury, regional operations manager of the Auto Assembly division of the Ford Motor company of Dearborn, has been elected President of the Ohio Northern University Alumni association for the coming year.

Canterbury, whose selection was made at the annual Alumni meeting Friday, June 9, has previously served two years as vice president and chairman of the alumni solicitation committee, and has been a district director from Michigan since 1964.

A native of Marion, Ohio, he received his AB degree from Ohio Northern in 1938, attended the University of North Carolina from 1938 to 1939, and earned his master of science degree from the University of Denver in 1941. He was awarded the A.P. Sloan Foundation Fellowship in government management while at the University of Denver.

During his years at Ohio Northern, Canterbury was a member of the varsity debate team, the YMCA, the annual year-book staff, a freshman football player, earned a letter in his sophomore year for varsity basketball, and in his senior year for varsity track. He is also a

member of Phi Mu Delta national social fraternity.

At Ford Motor company, Canterbury served as divisional organization analyst upon joining the firm in June, 1951, and rose through administrative posts to regional operations manager.

John Canterbury

Meet Your Policemen

George Biggs

Ronald Hoskins

The son of a late Detroit detective, George Biggs joined the Novi police force May of last year. A graduate of MacKenzie high school, Detroit, a former operations manager of two tire stores and a branch manager for a financial firm, he and wife Pamela have three children: Sharle Ann, 6, George Allen, 5, and Sheila Marie, 3. The 28-year-old Biggs was an Army MP in the Canal Zone, Panama. Since joining the Novi force, he has completed six credit hours in police administration at Schoolcraft Community college, has attended seven hours of seminars on various police subjects, including a criminal law seminar at Wayne State university and has received schooling at the Detroit Police Academy.

A native of Pineville, Kentucky, where he graduated from high school, Patrolman Ronald Hoskins joined the Novi police force on April 1, 1966.

He and his wife, Constance, and young son Steven, live in Farmington, but will soon move to Novi. A former Army military policeman for three years, he served in Germany, and has college credits in physiology, anatomy and English from the University of Maryland.

SPEAKING

for The Record

By BILL SLIGER

Somebody once defined a good community newspaper as a publication that "reflects the face of the town it serves".

When you look through its pages you should be able to ascertain something about the community and its people.

I scan numerous newspapers each week, many from towns I've never visited. But a pretty good idea of the town's character can be garnered from the make-up and content of the newspaper.

A sloppy newspaper, jammed with poorly-prepared advertising and containing practically no local news or pictures beyond page one tells me that the publisher is interested only in making a buck and that his advertisers and subscribers have little or no concern for the welfare of their community.

If all the news is good and complimentary, I also know that the publisher lacks intestinal fortitude, doesn't take time to dig into community problems and knuckles under pressures of advertisers and influential citizens.

He probably doesn't hire reporters. He only needs "news-takers". All the news is handed out and only those stories that local officials, clubs, churches and other organizations want to appear are printed.

This publisher really has it made. He saves the expense of a reporter, probably gathers the advertising himself and avoids most of the headaches normally associated with the business.

His main problems are setting his advertising rates high enough to make money, avoiding errors and equipment breakdowns.

Chances are his ad rates are too low. If his customers can tell him what to print, they can also tell him how much to charge.

Because he doesn't print anything controversial and never changes a word in the stories submitted for publication, he probably has few reader complaints. But errors are bound to pop up. He'll spell a name like "Clarke" without the "e" or forget that Mary Mudge is a spinster and put a "Mrs." in front of her name. And the prices on steak and hamburger will get transposed in the local grocer's 4-column by 10-inch display advertisement.

And sometimes the paper will be late. This will anger subscribers who can't wait to read what they have written.

He'll explain that the linotype broke down or somebody left a wrench on the press bed, smashing a roller and ruining page one.

But he'll never have to worry about the fact that the town's biggest industry is dumping waste into the local stream, or that the son of an influential citizen was picked-up for driving under the influence of alcohol. The fact that certain property owners are given lower assessments than others, that the school board or city council met privately to discuss salaries or tax levies, that water is being piped to certain citizens outside the city limits under a special agreement - these items don't concern him because he doesn't cover the meetings.

He prints their "official minutes" at legal rates and carries a news resume of the meetings as prepared by the clerk.

He doesn't cover the court news or the police blotter, unless the local bank is held up. The rule is simple and ironclad: if the judge or the police chief don't want it printed, it doesn't get printed.

It's a handy arrangement for the court, too. No one ever checks to see that all offenders are treated equally - or whether a few tickets slip through unpaid.

Once in awhile the nosey Big Town daily newspaper covering the county picks up an uncomplimentary story about one of Small Town's citizens who broke the law. This enjoys widespread readership in Small Town and generally gains more circulation via the gossip-line than it would in the local weekly.

And chances are it was briefed in the daily so that all the facts are not known and that makes it easy to draw your own conclusions on just how lurid the circumstances were.

Fortunately, the majority of the weekly newspapers serving Michigan communities are not like the one just described.

To the best of their abilities and resources, most weekly newspaperstry to accurately reflect the character of the communities they serve.

They seek out and print the news.

They do not "look for what's wrong", but they do not turn away when it is revealed.

Like nearly every area community weekly that I've examined The Record prints a local court news column. Some publications break each case down into individual stories carrying separate headlines; some follow The Record procedure of listing all cases (unless major in nature) under a single "court news" heading.

Needless to say, this isn't the most pleasant department in the newspaper. I'd be less than honest if I didn't admit that it had given me many upsetting hours.

It's plagued many editors. I remember the late Paul Chandler, then publisher of the Observer newspapers, running a front page story exclaiming that "all" items on the justice court docket would be published. I can only guess that he, too, had been tormented with requests to delete so-and-so from the report.

A publisher of a good-sized Michigan daily can answer his critics with the reprint of a story listing his name as a drunken driver. It's hardly a distinction of which to be proud, but I'm sure it has cut short many conversations.

What "good" or what purpose does publication of the court news serve?

I'm sure all readers would agree that certain court items should be reported. Then it becomes a matter of determining which ones.

I've tried to point out what can happen (and has) in communities where the press does not assume its responsibilities.

Freedom of the press conveys the right - which actually becomes a responsibility. If the "right" is ignored or "bent", then the freedom is meaningless.

At one time we tried setting a fine level. All fines of \$25 or more would be listed. This proved highly unsatisfactory. The court didn't like it and neither did we. Frequently, dangerous offenses, such as speeding in a residential area with small children playing near the street, went unpublished, while a less dangerous offense carrying a higher fine was listed.

We finally decided that the full docket would be published. No person or offense excepted.

We publish court news for several reasons. First of all, activities of the police and court are public information. These organizations are tax-supported and, therefore, taxpayers have the right to know how and for what purpose their tax dollars are being spent.

I also share the opinion with our judges that publication of court news serves as a deterrent to breaking the law. It makes each of us think twice about what we can "get away with".

Understandably, most of the complaints about publication of court news have come from persons whose names have appeared in the column. Some have expressed bitterness towards the police and court as well as the newspaper.

Frequently, it seems, we must remind ourselves that our law enforcement officers and our courts serve to protect each of us, sometimes even from ourselves. We breeze along to work down a residential street at a fairly fast clip without thinking. We're given a ticket and we're irate.

But what if that officer had not tagged us and what if an instant later we had hit and killed a child?

Our name would have appeared in the newspaper then. Certainly, everyone would agree that such an accident must be reported. The headline would probably read "Speeding Driver Kills Child".

If publication of court news makes one driver think twice about speeding and thereby avoids one accident or saves one life, who can say it doesn't serve a purpose?

So long as the present ownership remains, The Record will continue to attempt to publish a community newspaper that "reflects the face of the town it serves".

There's a liberal mixture of both good and bad. But there's more of the former and it's our job, just as it is yours and every other citizen, to keep chopping away at the latter.

Congratulations to the Northville Jaycees for again providing home entertainment for a safe and fun-filled Fourth of July.

Commission Says Thanks

To the Editor: Your participation in helping make Northville a more Beautiful and Cleaner City is appreciated.

Your picture coverage of the clean-up program was exceptional, per usual and because of your last year's clean-up - paint-up - fix-up pictures that were exhibited in our scrap book in Washington, D.C., we received a call from the Bureau in Washington for an article and pictures to be included in an article written for the Michigan Municipal League Magazine. Thank you, Bill and staff for your many courtesies and co-operation.

Thanks, too, to the organizations, schools, churches, businesses and the many citizens who participated in the Beautification program.

The Spring clean-up and planting is over but there is much that we didn't accomplish. Keeping a city clean is no

different than keeping a house and yard clean, in fact, the latter is part of the job and it's continuous. We hope you won't be offended if we make a few suggestions.

When putting out the garbage and trash remember the collection date in your area and don't put same out until the night before.

Have good containers and when emptied remove from curb as soon as possible.

Keep lawns and boulevard in front of your property mowed and free of litter.

A City Ordinance states the merchants are to keep their sidewalks clean - let's all help them by not littering.

Again let us thank you and continue to work with you to make Northville a cleaner and more Beautiful City.

The Northville Beautification Commission

Hits Court Reports

To the Editor:

I wish to state that I concur heartily with Mr. McAllister pertaining to the publication of the Municipal Court column. I am a native Detroitter and for twelve years was associated with the legal profession and the Detroit courts.

For seven years I have lived in Northville and wondered why this column was published. What is its purpose?

Are any of us such perfect drivers that we know we will never make a mistake? And if a parent is having trouble

with a teenager do we have to publish it in the paper and shame them further? I have seen the looks on their faces at church and at the super market. Most of the parents are trying to do a difficult job well.

I think it is small townish to publish this column and unkind in many cases.

I might add that I do not have a teenager yet.

Sincerely yours, Mrs. Joseph Marshall

Our Legislators Report

Esch...

Final action on extending the draft law was completed last week and unfortunately Congress has done little in the way of desperately needed reform. The few encouraging changes passed by the House and mentioned in a previous Washington Report were watered down or completely thrown out by the conference committee.

This is particularly discouraging to me and especially distressing to Second Congressional District families who are expected to send 108 of their sons to the August draft quota which is almost twice as many as June and July combined.

My concern for the establishment of uniform national criteria was at least partially satisfied by the House version of the bill. However, because of the adamance of Senate conferees the provision was severely weakened. It is not fair when there are two men of identical status and one is drafted and the other is not because of different policies followed by their local draft boards. The final draft law represents only a small beginning toward remedying this situation.

McDonald...

The censure proceedings against Senator Thomas Dodd of Connecticut bring to light the history of that serious action in the Congress. The Senate has previously censured six of its members while eighteen Representatives have been rebuked by their colleagues.

The motion to censure and the proceedings in each chamber vary. Censure in the House has generally carried with it a penalty such as a public censure of the member of the Speaker, a humiliating experience in and of itself.

Censure by the Senate, to the contrary, carries no penalty. If the motion passes, the tally clerk merely announces that the motion has passed and the Senate goes on about its business. There is the full exposure in the press, of course, but the censured Senator continues as a Member of the Senate with full seniority and all the rights and privileges enjoyed by all Senators.

Kuhn...

State Senator George W. Kuhn has announced that he has introduced two Senate resolutions requesting appointment of study committees covering two vital issues facing the State of Michigan.

One is the matter of "conflict of interest" affecting members of school boards, city or village councils, and county boards of supervisors, who serve simultaneously as officers or directors of financial institutions.

The other issue is the "right of petition" by citizens relative to acts passed by the legislature and initiatory petitions seeking a state law. Kuhn says, "There appears to be considerable confusion as to the requirements and procedures for filing such petitions. The recent delay and confusion relative to the handling of the Daylight Saving Time issue is a case in point. We must be able to communicate with the general public or interested groups

as to their most sacred right of referendum as provided for by the Constitution.

As to the matter of conflict of interest, in spite of the passage of Senate Bill 306 this session covering this matter, there are still many serious questions to be answered, such as: Who is a "state officer"? What is a "substantial" conflict of interest?

These are only two of the most serious questions that must be answered in order to comply with Article IV, Section 10 of the new State Constitution," said Kuhn.

Schmidt...

The proposed state fiscal reform-income tax was defeated for the second time last week. Fifty Republicans, including the Livonia-Northville Representative Louis Schmidt, voted for the tax package on June 21. As a result, fiscal reform fell six votes short on a vote of 50 to 56. The bill was reconsidered after its defeat, this keeping chances for fiscal reform alive, but somewhat dim.

Unless an agreement can be reached this week (June 24-30) on a plan that will obtain sufficient votes, the legislative emphasis will have to focus on major cuts in the Governor's recommended budget.

The legislature will be in session through the month of June in an endeavor to allow the greatest amount of time possible for the passage of taxation and appropriation measures. In the meantime the Senate-House conference committees are continuing to iron out differences on many important bills. Some bills have been reported out of joint Senate-House committees such as Implied Consent (HB2038), and the Wayne Intermediate District Community College (SB 630).

Area Dems Urge Tax Bill Support

The 2nd District Democratic Organization in Northville and Plymouth urged Democratic Representative James Tierney to support the Republican compromise program.

Several officers of this Democratic organization are residents of Northville. In its letter to Tierney, dated June 20, the Democrats wrote in part:

"The State of Michigan faces fiscal disaster. While we deplore the failure of the absentee governor to provide leadership within his own party, we believe that the needs of the state demand that Democrats stand by the Republican compromise program and beat back House GOP attempts to even greater burdens upon the consumer.

"Jim, we are aware of how difficult it must be for a responsible legislator such as yourself to fight for a Republican program when GOP Senator George Kuhn fails to do so.

"We applaud you and the responsible Democratic minority who are continuing our record of placing the welfare of Michigan above obstructionism."

Following is a Top of the Deck column written in 1964. With the Fourth of July holidays coming up, it's still timely.

For five years she stared at the ceiling.

For 61 months she smelled anti-septics and dreamed of the day when she could once again cook and care for her family.

In those 61 months she wept despondently and searched continuously for hope in the Book at her bedside. Life that once was filled with work, love, laughter, tears and sorrow was reduced to pain and hope and more pain.

For 1,825 days she watched her door open and close. She watched doctors and nurses bend over her bed in monotonous ritual. She looked into strange and familiar faces. And she studied with desperate care the lovely faces of her children and the wrinkled brow of her husband.

Her pain was nothing compared to the realization that she was not at her husband's side when their youngest child became sick, when another was graduated from high school, and when still another took himself a wife.

For 43,800 torturous hours she listened to the clock tick away precious time. Time that might have been spent visiting with a neighbor, caring for a grandchild, tending a flower garden, or just walking in the rain.

A haze of confusion hangs like an ominous, black cloud over the war in Vietnam. Conflicting reports, complex military operations, the credibility gap, the mystique of the Asian mind, the unstable Ky regime, and primarily, to most Americans, the uncertain nature of the enemy merge together in an inscrutable collage. Little is known for sure, except a war is being fought and Americans are dying in combat with the Viet Cong and Communist North Vietnam.

"Behind the Lines-Hanoi" brings some order from confusion, an ingot of truth from the hearth of ambiguity. A unique book, it was written by a respected and reliable journalist and a man of letters who had the unique and enlightening experience of visiting North Vietnam.

By now, the furor over Harrison E. Salisbury's journey to North Vietnam from December 23, 1966, to January 7, 1967, has died. How the New York Timesman became the first American, not openly sympathetic to the Ho regime, to be greeted officially north of the 17th parallel, how he unveiled the fact that American bombs were indeed killing North Vietnamese citizens, contradicting our official line, how his uncensored reports were reviled in Washington and his reputation challenged.

Although the headline fuss has died, the trip and its disclosures have by no means been forgotten. Nor are they likely to be. "Behind the Lines", a penetrating and comprehensive work, takes care of that. It not only raises a battery of questions about the implications of our involvement in the war. Through Salisbury's trained eye and recognized political acumen, the book attempts to answer questions whenever possible.

From the beginning, when Salisbury first was informed of his North Vietnam visa, one paramount question needed answering. Why had the Ho government granted the visa? Was this, indeed, an indication that Hanoi's attitude was softening, that this was the first peace feeler, that the time was ripe for truce talks? To Salisbury, through talks with Premier Pham Van Dong, foreign and Hanoi diplomats and correspondents, and his observations, the answer was undeniably, "yes." The time, now, 1967, is ripe.

But why now? What subtle change had brought Hanoi closer to the conference table? Why, specifically, had Salisbury been granted the visa, rather than an official United States representative?

For one thing, according to Salisbury, Hanoi is walking a tight rope; one slip could upset the delicate balance of relations between Hanoi and its Communist brothers, Russia and China, who are at ideological odds. They provide materials, vital to the North Vietnam war effort. One slip could mean eruption of ties with either or both allies cutting off supplies.

Furthermore the Red Guard riots are also threatening to upset the balance. The implications of these chaotic Chinese rumblings are difficult to assess. But they are fraught with danger to Hanoi. Given the right opportunity, the Chinese could flood across Vietnam's borders and trigger a no-holds-barred war, perhaps a prelude to World War III.

Any official peace encore publicly proclaimed is one such opportunity that

The sun rose and set 3,650 times but she saw only the diffused light against the ceiling. There were no stars, no sun, no moon.

For 2,628,000 cruel minutes she was reminded of her helplessness. Eating, bathing, and brushing her hair were impossible without the constant aid of another. Little things like sopping up rain from a wet window sill, scouring a greasy dishpan, and dusting the living room coffee table became nagging memories that made her painful existence unbearable.

No longer did flowers blossom; rain-drops splashed on thirsty earth and sunshine refused to feed trees and plants.

For 157,680,000 ruthless seconds she waited for the end - still hoping. Hoping her misery would end. Hoping the haunting five-year memory of screeching brakes, smashing metal, and screams of terror would be forever erased.

The seasons were gone. No winter, no spring, no summer and no fall. Just a ceiling and memories.

Finally, after five long years the end came. And buried within the newspaper a story said simply: "Mary M. Sage, 49, died yesterday of injuries she suffered five years ago in an automobile accident."

Coreless motorists author stories like this every day. Will you be next?

In the second place, Hanoi was dangling peace feelers because there is no visible end to the war. In fact, each successive engagement, each bloody clash, leads to more escalation and further diminution of chances for settlement at the bargaining table. Now, Hanoi and the Viet Cong, on the one hand, and the U.S. and the Saigon government, on the other, are both strong, both hold trumps. Both sides would be bargaining from a position of strength, which, Salisbury feels, could lead to an equitable settlement - providing Washington had the vision and imagination.

Hanoi's encore, however, should not be construed as a sign of weakness. Far from it, Salisbury says. Although U.S. air superiority is taking its toll in lives and materials, still the North Vietnamese show no signs of weakening. The reverse, rather, is true. The nation is solidified as it has never been before. Among other evidence of strength and solidarity is the fact that almost every able-bodied citizen carries a rifle, an unprecedented move in the annals of warfare. No other country, in the history of the world, has armed its populace en toto with arms that could be turned against the established regime. Yet, the Ho government has done exactly this and does not fear reprisal.

With fanatical fervor Hanoi speaks of winning, not in five years as Americans expect their forces to win, but in 10, 20 years. Escalation of the war to involve blanket bombing of Haiphong and Hanoi does not cow the North Vietnamese, Salisbury says. Nor does threatened invasion. Hanoi would simply retreat to caves to carry on interminable guerrilla warfare and ultimately, call for Chinese volunteer help.

The alternatives to peace are grave. This the pungent prose and incisive comment of Salisbury makes clear. "Behind the lines - Hanoi" his ninth book, is not only good reading, it is must reading for an enlightened populace, whether the conclusions are irrefutable or not.

Engineer Proposes Lake Channels

LANSING — Michigan may become even more a "water wonderland" if a proposal by John R. Snell is undertaken by the state.

Snell, former dean of MSU's College of Engineering and now president of a Lansing engineering company, proposes that a 300-ft.-wide channel connect a series of lakes to give Michigan an inland trans-state waterway.

Water from Lake Huron would be pumped into the channel inlet, somewhere near Port Huron. Using many available lakes and streams, the waterway would connect with the Looking Glass River near Lansing. From there it would cross above the Grand River and connect into the widened and improved Thornapple River and Battle Creek River. Eventually, the waterway would link into the Rabbit, Paw Paw, and Grand Rivers flowing into Lake Michigan at three points.

A number of other rivers would interconnect, giving Michigan approximately 900 miles of connected passages for boats and more than 1,800 miles of shoreline.

Channels would be deep enough to handle cruisers up to 50 ft. in length.

AMPLE WATER supplies for much of the state would be one of the major benefits such a waterway would bring to the state. Many communities which now suffer water shortages would be provided with an endless supply from this sparkling, fresh resource. Increased recreational facilities is another benefit. Dams built along the channel would provide hydro-electric power. A general "cleaning up" of existing lakes and rivers would accompany the construction of the channel, thus helping to eliminate current water pollution. Flood control and a boost to Michigan's tourist industry would be subsidiary benefits.

Snell estimates the cost at about \$490 million but notes that project expense could be recovered within ten years by selling the improved waterfront property for private development.

He points out that, over a longer period, sale of water to municipalities, industry and agriculture could turn the project into a profit-making venture. The state could net some \$20 to \$50 million annually, he estimates.

No estimate of time needed to complete such an undertaking has been given and Snell hastens to point out that all of his studies have been preliminary.

The first step in undertaking such

a venture would be through the legislature's authorization of more detailed engineering studies. If the decision were then to proceed, an authority much like that set up for the Mackinac Bridge, would probably follow.

UNINSURED motorists who pay \$35 each year in lieu of automobile insurance leave themselves wide open to financial hardship, notes Secretary of State James Hare.

The \$35 fee is not for their own protection. It is for the protection of the driver who suffers loss due to an accident caused by the uninsured. Victims are reimbursed by the state a maximum of \$10,000 per person for bodily injury with a limit of \$20,000 per accident. Additionally, victims can receive a maximum of \$5,000 per accident for property damage, after an initial \$200 deduction is made.

Troubles have just started for the

Roger Babson

More People 'Going Broke'

BABSON PARK, Mass. More people are going broke . . . faster, and for more money. Bigwig government economists are keeping close tabs on this disquieting trend. What is behind it . . . and where are we headed?

Through the first quarter of 1967, U.S. failures totaled 3,623. This compares with 3,256 for the corresponding 1966 period — an increase of 11.3%. Even if this still mild uptrend should not be accelerated during the remainder of the year, as we fear it may be, the number of business failures in 1967 — figured at around 14,500 — would still be cause for concern.

Dollar liability of business failures for the first three months of 1967 totaled \$340,944,000 — up 12.8% from \$302,182,000 in the first quarter of 1966. If this pace should continue, failure liabilities this year could well run to a total approximating \$1,500,000,000.

Ordinarily during the early and middle stages of a business recovery, the number of failures is small and does not seem very much from month to month, or even from year to year. At such times, consumer demand is going up faster than goods are being made, and sellers are firmly astride

the driver's seat. They immediately lose their driver licenses! License plates from all vehicles registered to the owners of the uninsured vehicle are removed. For example, a family may have three cars, two of them insured, and a son causes an accident with the uninsured vehicle. The state confiscates driver licenses from mother, father, and son and removes the license plates from all three vehicles.

The law holds driver and owners "jointly and separately" responsible. Neither plates nor licenses are returned until total reimbursement is made; or until "financial responsibility" is proven and a "realistic payment plan" is reached.

Financial responsibility can be proven by depositing \$25,000 with the state treasurer; posting a \$25,000 bond; by purchasing expensive financial respon-

sibility insurance.

Once financial responsibility is proven, the state will agree to a repayment plan as long as the amounts are paid on a regular basis and are large enough to guarantee total reimbursement within a reasonable period of time. Delinquency in payments or loss of financial responsibility will again result in loss of license and plates.

VICTIMS can take action against the uninsured driver to collect the \$200 the state does not pay. The state will refuse to return license and plate until it is paid.

If the accident is severe and the judgment exceeds the \$15,000 maximum, the uninsured motorist is still responsible for the balance.

Headaches and hardships which could result from not having liability insurance are so great that the cost of proper insurance seems small.

little effort is needed to move goods.

But it is far different when supply catches up with demand and inflated volume begins to shrink. DEMAND for all sorts of things is now lagging. That is the main factor behind the increase in failures. Hopefully, things will get better as we move into the second half of this year . . . so that by autumn over-all economic activity in the U.S. may again be on an uptick.

But even if industrial production, Gross National Product, retail sales — and other indicators of economic progress — do turn upward this autumn, businessmen must still be wary. For the cost of doing business will increase substantially between now and year's end, reflecting anticipated higher taxes and expanding wage and salary payments as well as inflated prices for materials. This means that profits will shrink further and the profit margin squeeze will intensify. Of such stuff are failures made. So, whatever the size of your business, keep a tight control on costs and avoid going too deeply into debt.

And in the case of relatively new businesses which fall by the wayside when the going gets rough, it is estimated that a very large number run into difficulties when they are faced with the necessity of going out and doing a real selling job. In the lush times of a soaring sellers' market,

HIGH SCHOOL CONSTRUCTION- Construction of the additions at Northville high school are moving along on schedule, officials report this week. The classroom section is expected to be ready

for occupancy by the opening of school, and the swimming pool (foreground) and the shop are expected to be completed sometime between September and February.

'Mail Early For Fourth'

Regular holiday schedules will be observed by post offices in Northville, Novi and Wixom on Tuesday, July 4. Acting Postmaster John J. Steimel of Northville outlined schedules for nearly all post offices with these words: "There will be regular window or delivery service. Mail will be picked up from deposit points on holiday schedules, and special delivery will be provided. "The lobby will be open from 12 noon until 5 p.m. (until 8 p.m. in Wixom) for access to lock boxes, deposit of mail and purchase of stamps from vending machines."

Kurt M. Wiley Attends Special Science Class

To learn at first hand about engineering and science, 41 high school students who will be seniors next fall - including one from Northville high school - will spend six weeks this summer in the University of Illinois at Urbana.

Participating from Northville will be Kurt M. Wiley of 41845 Eight Mile road.

They will attend the eighth annual U of I summer program in engineering and science for secondary school students, presented with National Science Foundation support to stimulate talented youth in these fields. The program is scheduled from June 26 through August 4.

During the six weeks, the participants will hear outstanding speakers, see activities in university laboratories, study the history and philosophy of engineering and science, work on individual programs and live in university dormitories.

Professor Jerry S. Dobrovolsky, head of the U of I department of general engineering is director of the program, for which the NSF has provided a \$14,785 grant. David Reyes-Guerra of the department is associate director for the program.

Northwestern Gives Degrees

Two area residents were recently graduated from Northwestern university in Evanston, Illinois.

They are John W. Schwartz, 23145 Novi road, who was awarded a doctor of philosophy degree, and Eric R. Brown, 45400 Pontiac trail, who also received a doctor of philosophy degree.

Altogether, Northwestern conferred 3,100 degrees, diplomas and certificates at its 109th annual commencement on June 17. University President J. Roscoe Miller also conferred honorary degrees on US Senator Charles H. Percy, the commencement speaker, and eight other distinguished leaders in business, the arts, science and government.

Speaking to the graduates and some 10,000 guests, Senator Percy criticized US policy in the Middle East while pointing out that "my generation is so busy getting out fires that it has no time for visions, plans or dreams."

Daryl Holloman Attends Camp

Biggest ever by far! That's the fifth annual journalism division of the Midwestern Music and Art Camp at the University of Kansas, which has attracted 137 high school boys and girls from 27 states - including one from Northville.

The local student is Daryl Holloman, 318 Orchard Drive.

Totals still are incomplete, as a second group of three-week campers is due to report on July 9. The program of intensive journalism instruction is divided into one six-week camp and two three-week camps, the first of which began last week.

In Uniform

Ft. Knox, Kentucky - Army Privates Gerald E. Bennett and Kenneth W. VanSickle are assigned to Company D, 18 Battalion, 5 Brigade, here in the United States Army Training Center, Armor (USATCA).

They will spend the next two months learning the fundamental skills of the soldier in today's, modern, action Army - firing live ammunition under simulated combat situations, learning protective measures and first-aid for chemical, biological and radiological attacks, as well as being schooled in the use of modern arms.

Interspaced with constant emphasis of proper physical conditioning, diet, rest and health habits, will be ample opportunity to utilize USATCA's many and varied recreational and religious facilities.

Following the completion of basic training, Private Van Sickle, who is the son of Mr. and Mrs. Ralph H. VanSickle of 365 North Rogers street and Private Bennett, who is the son of Mr. and Mrs. Elmer Bennett of 41631 West Six Mile will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

OBITUARIES

THELMA GLENADINE BAKER
Mrs. Thelma Glenadine Baker, 68, of 43777 West Six Mile road, Northville township, died Tuesday, June 20 at Concord Nursing Home in Detroit.

Born August 12, 1898 in Stockbridge, she was the daughter of Adney and Thelma (Hall) Baker. Mrs. Baker moved to the community 45 years ago from Stockbridge, she was a member of the First Church of Christ, Scientist of Plymouth.

She is survived by a son, William E. of Houston, Texas; two daughters, Mrs. David (Elizabeth) Fritz of Highland Park and Miss Cynthia H. Baker of Northville; three sisters, Mrs. Grace Hubert of Birmingham, Mrs. Hazel Ostrander of Stockbridge, and Mrs. Vern Leutzinger of Cadillac; a brother, Gaylord Hall of Washington, D.C.; and two grandchildren.

Funeral services were conducted Thursday, June 22 from Schrader Funeral Home in Plymouth, with Mr. Ted Hermans, First Reader, officiating.

Burial was in Riverside Cemetery in Plymouth.

ALGER MOYER
Alger Moyer, 71 of 15525 Marilyn, died June 22 at Martin Place Hospi-

tal in Detroit after a week's illness. Born July 8, 1895 in Salem township, he was the son of Charles and Ella (Palmer) Moyer. His wife, Vera, survives him.

Mr. Moyer had been a resident of the community for 25 years. He was a retired employee of the Burroughs Corporation, and he was a member of the Salvation Army of Plymouth.

Besides his wife, he is survived by several sons and a daughter, Mrs. James (Virginia) Albright of Plymouth, Emmet, Donald and Roy of Plymouth, Robert of Wayne and Merwin of Memphis, Tennessee; two sisters, Mrs. Earl Spaulding of Livonia and Mrs. Blanch Smith of Adrian; a brother, Harry of Wolverine Lake; and 11 grandchildren.

Funeral services were conducted from the Casterline Funeral Home on Saturday, June 24, with Brigadier Ernest V. Hammer of the Salvation Army officiating.

Burial was in Oakland Hills Memorial Park cemetery, Novi.

WSU Diplomas Go to 6 Here

Six area residents were graduated from Wayne State University on June 20 at commencement exercises at Cobo Hall.

They are: Joseph Muscara, 39441 Nine Mile road, bachelor of science in metallurgical engineering; William Masson, 977 Novi, bachelor of science; Sandra Kay Reynolds Craig, 300 Ely Drive North, bachelor of science; J. Daniel LaCourse, 23971 Woodham, bachelor of science; William Mark Johns, 24280 Coral Lane, bachelor of science; and Bryan Theodore Chapin of 52625 Twelve Mile road, master of arts.

President William R. Keast awarded degrees to a total of 2,946 candidates.

More Boy Staters Elected to Office

Three other boys were elected to offices at the 30th annual Wolverine Boy's State besides those listed in last week's paper.

From Northville Wayne Miller was elected Madison City commissioner of labor and industry, and Robert Beason was elected to the board of recreation. Lev Taffraian of Novi was elected assistant prosecuting attorney.

OUT OF THE PAST

FIVE YEARS AGO . . .

Northville city and township officials appeared to have reached opposite conclusions on the procedure to follow in considering the proposed entrance of Novi into the Middle Rouge interceptor sewer system.

Novi school district voters were about to go to the polls to render a decision the third millage hike requested in a year. The first two proposals were soundly defeated.

"I know I'm going to miss it for awhile. But maybe I'd miss it more the longer I'd wait," Northville's public library and its patrons were going to miss Rhea Wilcox too. At 60, the amiable, softspoken librarian decided to retire, ending nearly 23 years of service.

His students said their last goodbyes to Amerman Elementary Principal Richard Kay at a surprise assembly that opened with smiles and ended in tears.

Bruce Felker was graduated at Madison, New Jersey, receiving the bachelor of divinity degree from Drew Theological Seminary.

TEN YEARS AGO . . .

Double parking on Main street by truckers making deliveries came under sharp criticism of the city council. Mayor Claude Ely and Councilman Ed Welch led the protests with suggestions that merchants instruct the drivers to use alleys behind the stores.

High school days ended for nearly 100 Northville seniors.

New officers of the Northville Coordinating council included Mrs. William Cansfield, president; Mrs. Peter Cucchetti, vice-president; Mrs. Ernest Shave, secretary; and Miss Ruth Knapp, treasurer.

Boys attending Boys State at East Lansing were Dan Howell, Roger Cheesman, Bob Blake, Robert Starnes, Mike Petz, Bob Niemi, Mike Willis, Fred Schwarze, Bill Boyd, Bill Yahn, N. C. Schrader, and Russell Taylor.

The Salem board of education petitioned the Lyon township school board for annexation of the entire Salem school district.

Dr. J.K. Bosch announced plans to convert his residence at 302 West Main street into medical offices.

Local Road-e-o winner Dave Dahl did not place in the state meet held in Detroit.

Selected by the Northville Business and Professional Woman's club as the high school senior girl most likely to succeed in the business world, Judy Junod was honored guest at the club's final meeting.

TWENTY YEARS AGO . . .

Hugh Lockhart, son of Mr. and Mrs. George Lockhart of Orchard

Drive, was notified that he was the recipient of a four year scholarship to the University of Michigan under the United States Naval Officer Procurement plan.

Newly elected officers of the Northville board of education were: W. H. Cansfield, president; Howard Atwood, secretary; and Eural Clark, treasurer.

The Northville Methodist church prepared for its new minister, the Rev. William Hughes.

A photograph of a Northville boy, Donald A. Kerr, and a story about his professional work, was featured in the March issue of the Alumni bulletin put out by the School of Dentistry of the University of Michigan.

As the result of action taken by the state legislature on the final day's session, the ultimate construction of the Northville State hospital on Seven Mile road was assured.

Officers of the Novi Rebekah club were Mrs. Charles Rose, Mrs. Royal Snow, Mrs. Floyd Darling, and Mrs. Charles Trickey.

Jack Heslip was chosen to attend the state conservation camp at Allegan.

Rev. William Richards, Jr., son of Rev. and Mrs. William Richards, St. of Maxwell road, was ordained as a minister at the conclusion of the Methodist conference in Detroit.

THIRTY YEARS AGO . . .

Fred Werner Neal, a member of the University of Michigan graduating class, son of Mrs. F. S. Neal, accepted a position with the Business Barometer, a weekly publication headquartered in Washington, D. C.

Vern Calkins, whose cartoons appeared in The Record a half-century earlier, visited his home town from which he moved in 1904.

Named to head the Northville high school alumni for the year were E. M. Bogart, president; Mrs. Willard Ely, vice-president; Mrs. Franklin Van Valkenburg, secretary; and Harold Bloom, treasurer.

The tax rate for the village of Northville was set at \$18.32, according to Assessor Charles L. Blackburn.

Mr. and Mrs. C. L. Dubuar, who had the distinction of being the oldest graduates of the high school, were guests of honor at the alumni banquet.

The Grant Morse Electrical shop of Walled Lake was sold to Larry Gilliam.

Donovan Hoyt was appointed to the Walled Lake police department. Eastlawn sanatorium held its second annual homecoming.

RECEIVES CERTIFICATE-Mrs. Florence MacDermid of 2297 Austin Drive, Novi, (center) was one of several aides and helpers who received certificates of merit recently in ceremonies conducted by the Northville State

Hospital Patients' council. Presenting Mrs. MacDermid with her award is Jack W. Hoffman, editor of The Record, who was a guest speaker, as Miss Catherine Olerio, council sponsor looks on.

Buy now and save.

A new Volkswagen costs less than most new cars. Less in fact, than many used cars. So, if you buy a VW, you may start right out saving a bundle.

A Volkswagen goes a lot farther on a gallon of regular gas . . . about 27 miles. So, if you buy a VW, you'll save on gasoline.

A VW averages about 40,000 miles on original tires. That's about twice as far as most cars. You save on tires.

A VW is air-cooled. So you can forget about

anti-freeze, radiator repair or water hose replacement costs. More savings.

Even if you bend a VW fender, you save. It can be removed by loosening only 10 bolts. You don't pay for the whole side of the car.

License & Insurance costs save money, too.

Buy your Volkswagen now, and save even more. Come in and see us right away before new car prices go even higher! We'll save one for you.
