

Authored: 'It's Great to be Alive'

# Local Seminary Student Drowns

A 23-year-old seminarian, who saw new hope in the tragic riots of Detroit and who helped deliver food to the riot area from Our Lady of Victory church, drowned Saturday, the victim of a canoe accident.

James Lavigne, a third-year student at St. John's Seminary on Five Mile road, lost his life at Camp Santa Maria near Gaylord where he was vacationing with other seminarians. A non-swimmer, Lavigne was canoeing with

friends after dinner when the accident occurred. He was the only victim.

Seminarian Lavigne had written an article which appeared in Sunday's Our Lady of Victory church bulletin. It was entitled: "It's Great to be Alive".

Just three weeks ago Lavigne helped organize collection and delivery of food-stuffs to the Detroit area through Our Lady of Victory church in Northville. He made several trips to the riot area, where he had lived and worked last summer because "I felt the church was removed from grass roots ... I wanted to make its presence felt in this slum area".

In a story appearing in the August 3 edition of The Northville Record-Now News Lavigne expressed a belief that "the people are hopeful as never be-

fore. They're optimistic about the future. They anticipate a tremendous rebirth. It took something this violent to bring this about. There is suffering now, yes, but before the riots there was suffering too - only quietly. The violence is not justified. It's evil. But above this something good will come".

In his first trip to deliver food to the area Lavigne reported the following experience:

"We had stopped to unload the truck (filled with goods donated by OLV), and bullets started whizzing around us," he said. He took refuge in the Store Front Baptist church nearby and watched as police, national guardsmen and paratroopers surrounded the building where three snipers were dug in.

Helicopters swooped low over the

building, snipers and law enforcement officers exchanged heavy fire, and two tanks rumbled up and down the street. "They went up and down constantly to create an atmosphere of tension and fear," Jim said, "the whole earth shook."

Two hours later, the snipers were routed out. One Negro was wounded. Another Negro and a white youth were uninjured. "They were young boys, 19 or in their early 20's," Jim stated. "Their eyes were glazed, they looked high, like so many I've seen on narcotics."

"But the people are hopeful..."

The oldest of 10 children Seminary Lavigne was from Grosse Pointe Park. Funeral services will be held today at 11 a.m. at St. Clair Montefalco in St. Clair Shores.

Seminarian Jim Lavigne

## School Launches Bold Bus Schedule

With fingers crossed, Northville school officials will launch an almost all-new bus transportation scheduling calling for almost exclusive travel on major north-south, east west roads.

That's the word from Business Manager Earl Bussard, who says the new schedule represents a real attempt to reduce congestion and bus transportation costs while providing for the safety of students.

Bussard indicates the schedule as published in The Record this week will be followed throughout September. At the end of September, after evaluation of problems, adjustments will be made "where absolutely necessary."

All high school and junior high school students who are bussed will be discharged or picked up on the athletic field drive off Eight Mile road, north of the high school. In addition, buses will travel on major roads only - except where safety and travel convenience necessitates other routes. Thus, many subdivision routes, under the new schedule, will be eliminated this year in an attempt to curb the costly, time-consuming and sometimes dangerous practice of entering side roads and then doubling back to the main thoroughfares, he notes.

Some parents, particularly those in subdivision areas, may be dissatisfied with this arrangement, Bussard admits but with 32 square miles of area to cover the school must do something to cut down

unnecessary costs and speed up the transportation of children.

Tuition students outside the district in the Wash-Oak area of Salem township will be required to meet their buses at the edge of the school district. Buses will no longer travel outside the school district.

In and out-bound junior high school buses will use the athletic fields drive, dispatching and picking up junior high school students at the western end of the drive and senior high school students at the eastern end.

Only one bus will use the Taft road entrance to this drive. All others will enter off Eight Mile road, turn around and leave by the same location. Cars driven by parents, teachers or students will not be permitted to use this drive.

No buses, under the schedule, will use the high school drive. Bussard explains, in an attempt to eliminate some of the traffic congestion at the high school and provide more parking space. Buses will park in a new garage compound area adjacent to the athletic fields drive, south of the new junior high school.

Concerning student parking at the high school, the school board is considering the possibility of launching a restrictive student driver regulation to further reduce traffic congestion at the high school.

This year for the first time no buses will transport any pupils attending Amerman elementary school. All pupils there will walk to school.

A bus shuttle service will be provided for all junior high school students living on Main street or south and those in the Griswold area. They will be required to assemble at the community building where a bus will pick them up and shuttle them to the new school.

Junior high school students living north of Main street will either walk up High and East streets; past the high school, over the Eight Mile overpass, and along the athletic fields drive; up Center street to the high school drive, on to the overpass and over to the new school; or walk through Northville Heights subdivision to the end of Larry street, up a stairway, and across a blacktopped pathway to the new school.

Bussard has announced that four more drivers are urgently needed. Anyone interested in applying for one of these positions is urged to contact him at FI 9-3400.

## No Decision On Randolph

A decision on the Randolph street assessment suit is expected next week.

The suit was heard in Wayne county circuit court beginning May 22 and concluded in June. It involves a protest by some residents of Randolph against paying the 25 per cent assessment for improvement of the street.

The protesting residents claim that the paving did not constitute an improvement for the residents and that the street is a main thoroughfare used by the entire community and should therefore be paved solely from general tax funds.

The clerk for the court of Judge Joseph B. Moynihan said Tuesday that the judge is expected back from vacation this week and a decision would probably be rendered early next week.

## On Bradner Road

# Objectors Fail To Halt Paving

The controversial paving of Bradner road in Northville township probably won't begin until next spring.

That's the word from Wayne county road officials who predict advertising for bids will take place this fall or during the winter - when contracting rates are likely to be lower.

Actual construction of the road is expected to take about two months.

County road officials decided to go ahead with the project - despite the objection of most smaller property owners - following the second hearing on the proposal. A third hearing, this one to air assessment rates established following the awarding of the contract, will be held sometime before next spring.

According to William LaGosh county spokesman, the concrete pavement will be 37 feet wide, include curb and storm drains, and will stretch from Five to Six Mile road. The improved roadway will include a quarter-mile rerouted entrance to Six Mile road, thus eliminating a hazardous curve now existing at the intersection.

Because the roadway is 10-feet wider than most two-lane residential highways, to permit two moving lanes and two parking lanes, the county will pay for the additional width, LaGosh said. The remainder of the roadway will be paid through special assessment of property owners along the road - based on an unusual "unit" cost formula.

This unit cost formula, LaGosh explained, was developed to ease the tax burden on the smaller property owners and place more of it on the two principal developers, Thompson-Brown and Greenspan, who had requested the road improvement along with others. It means, he said, that property will be assessed not only on front footage

but on total acreage as well. Thus, the developers will pay a larger share of the cost because they own a great deal more property. Although specific assessments cannot be established until after the contract is let, LaGosh said estimates place unit cost at \$19.30.

Concerning the area in which Bradner will be rerouted, Thompson-Brown will pay all of the paving cost.

LaGosh said unit cost formula made the smaller property owner happier, "but they still did not want the pavement. They contend that they moved because they like the rural atmosphere. That's fine, but is it worth the price of progress? You can't hold up development."

Explaining the purpose of the second hearing, LaGosh said the county's attorney determined that too much time had elapsed between the time petitions calling for the improvement and the hearing. Between the two hearings, he added, the state law had changed reducing the percentage of property owners needed to sign petitions. Thus, a lesser percentage on the second petitions was required than on the first. Both sets of petitions, however, contained the necessary number under the existing laws, he added.

## Councilman Nichols Home After Surgery

City Councilman Wallace Nichols is recuperating at his home following surgery at St. Mary hospital last week. Councilman Nichols underwent a hernia operation.

He missed Monday night's council meeting, but for more reason than his health. He managed to leave home long enough to attend his daughter's wedding at St. Paul's Lutheran church.

# The Northville Record

IF IT'S NEWS...AND IT HAPPENS IN NORTHVILLE...YOU CAN READ IT IN THE RECORD

Vol. 98, No. 15, 24 Pages, Two Sections • Northville, Michigan - Thursday, August 24, 1967 • 10¢ Per Copy, \$4 Per Year In Advance

It's September 5 - If?

# Question Marks Cloud Local School Opening

There are some mighty big "ifs" stirring as officials of the Northville public school system prepare to open doors for a record number of students on Tuesday, September 5.

Those "ifs" include -  
---If the new junior high school is completed.

---If a new teachers contract is completed and approved.

The latter "if" (see related story) alone could delay the starting of school because without a master contract teachers are not expected to return to school.

However, assuming the contract is approved and if the new junior high school is completed prior to September 5 as planned, an anticipated 2,800 students will start school in three elementary buildings, the new junior high school and the enlarged high school. Last year 2,665 students were enrolled.

Besides a record enrollment, opening of school also will mean a record number of teachers - 139 or 17 1/2 more than were on the staff at the close of the last school year.

In addition to the new junior high school, new facilities expected to be ready for the opening bell will be three new classrooms at the high school. The new high school shop, resources center and swimming pool are not expected to be ready until January or February.

Also greeting students will be expanded curriculums on both the secondary and elementary levels.

And there'll be a new bus pickup procedure - one that attempts to limit bus transportation to major east-west, north-south roads, eliminates unloading and pickup at the high school, and one that will very nearly eliminate all bus transportation on Taft road.

One last major change: School will open without an official superintendent of schools. Serving as acting superintendent in the place of Alex Nelson, who was removed, is Raymond Spear.

According to Spear, the record student enrollment will include "about" 900 high school students, 650 junior high school students, and 1,250 pupils in the three elementary schools. Of the 900 high school students, from 85 to 90 will be tuition seniors from Novi. This year will be the last that any Novi tuition students will be attending school here because next year Novi will operate a K-through-12th grade system. Presently, its high school goes only through the 11th grade.

A total of 17 classrooms will be operated at Amerman elementary, 16 at Moraine and 14 at Main street. That represents five additional classroom teachers, plus employment of full time art, music, remedial reading and library teachers served the three schools.

Also, this year a single physical education teacher will serve the three elementary schools. Last year there was none.

Amerman elementary for the first time in a dozen years will be filled to

capacity with all "walkers." No pupils who are bussed will be attending this school.

For the new Moraine elementary

\*\*\*\*\*

## Teachers File 'Unfair' Charges

Charges of unfair labor practices filed by the Northville Teachers association have been vehemently challenged by Acting Superintendent Raymond Spear.

Spear was informed Friday by mail from state officials that the local teachers' association charges that the board "unilaterally" distributed a school calendar prior to settlement of the 1967-68 master contract and that issuance of the calendar constitutes "planned harassment" by board negotiators.

Teachers contend that the calendar is a negotiable item and therefore should not be issued until the master contract is resolved.

"It's ridiculous," said Spear upon learning of the charges, "to think we could prepare for school without a calendar. The calendar was approved by the board before school closed and after I had twice conferred with teachers about it."

The calendar, he declared, calls for 180 attendance days as required by state law. It originally called for 180 attendance days as required by state law. It originally called for 181 attendance days and was cut to the new lawful minimum. Previously, the law required a minimum of 180 membership days, which represents fewer days than "attendance."

In addition to the 180 required attendance days for students, the calendar calls for eight additional days for teachers. These include two days for Michigan Education association conferences, two days at the end of the semester for record keeping, two days at the end of the school year for record keeping, and two days for pre-

school, where many pupils will be bussed, a graveled walkway is to be provided from Taft Colony and Whipple Estates subdivisions so that pupils

\*\*\*\*\*

from these areas can walk to school. And all elementary pupils from Northville Estates subdivision will walk to school, using the new Eight Mile road overpass that was finished at the conclusion of school in June.

The walkway from Whipple Estates and Taft Colony will be of a temporary substance (gravel) because it crosses private property and the property owner agreed to permit use but did not give the school an easement. A fence will be constructed on either side of the walkway where it crosses through a wooded area.

Fencing along Moraine's Eight Mile road boundary will be provided this year to deter pupils from crossing Eight Mile road from Northville Estates other than by the overpass.

In addition to five more teachers, the junior high school will provide additional counseling service, Spear said, and classes this year will be more departmentalized, thus permitting teachers to specialize their instruction to a greater extent.

Biggest change, however, will be the new quarters on Taft road, north of Eight Mile road. As of this week, the contractor was still confident that the school will be ready for the September 5 opening. However, construction of the sewer line had not yet begun by Friday, Spear said. The school reportedly will be ready for movement of equipment by next Monday.

A meeting of school officials, the architect and contractor is to take place today at which time a more definite completion date is expected to be determined.

If it is determined that there may be a week's delay in completion, the school board may, at the suggestion of the acting superintendent, delay starting junior high classes for one week rather than start classes in the old building and then move to the new facilities a week later.

With the opening of a new shop and home economics facilities, officials predict a much more comprehensive program in these areas. They note, too, that the addition of a full-time remedial reading teacher and a new half-time assistant principal, half-time teacher post - to be filled by Richard Norton - will enhance the curriculum.

Board and teacher negotiations were to resume yesterday (Wednesday).

## Tax Deadline One Week Away

Nearly half of the city's property tax revenues remain to be paid, although the deadline is just a week away.

City taxpayers have until Thursday, August 31 to pay their property taxes without penalty. Four per cent is added to the bills after the deadline.

To date the city has collected \$92,738.30 from a total roll of \$180,000.

## 'Torch' Chairmen Named; Area Boundaries Set

Four area chairmen have been named by Mrs. David L. Longridge Jr. of 523 Reed Avenue, Torch Drive division chairman for Northville.

The women will assist her in enrolling, training and directing volunteers for the 19th annual Give Once for All fund-raising campaign here.

The chairmen are Mrs. Herbert J. Frogner, 51300 West Seven Mile; Mrs. Harold W. Schmidt, 20117 Woodhill; Mrs. Robert S. Kucher, 43796 Park Grove; and Mrs. Charles W. Fountain, 46119 Pickford.

Mrs. Frogner will head the drive in Area One, which is bounded by Eight Mile, Beck, Five Mile and Napier roads. Mrs. Schmidt was named chairman of Area Two, which lies between Center street, Seven Mile and Beck road north to the city limits.

Mrs. Kucher will lead the campaign in Area Three, bounded by Center street north to the city limits, Seven Mile, Haggerty and Eight Mile roads.

Mrs. Fountain will serve as chairman for Area Four, bounded by Seven Mile, Beck, Five Mile and Haggerty roads.

The 1967 Torch Drive will raise money for the operating budgets of over 200 health and community services in the Wayne, Oakland and Macomb County Torch Drive area.

## During 75th Anniversary 52nd Year Pin On 80th Birthday

When Mrs. John Christensen joined the Northville Woman's Club in 1915 she had to walk from her home in Novi to attend the meetings in town. In those days club members took turns at presenting programs, usually book reviews, instead of inviting outside speakers as the club does now.

Fifty-two years later, Mrs. Christensen is still an enthusiastic member of the Woman's Club. She was honored Saturday on her 80th birthday by the club for her half-century of membership.

A pin bearing the club monogram was presented to her. The club also is celebrating an anniversary this year, its 75th year of activity.

Only one other club member, Mrs. C. M. Chase, who died earlier this year, had been a member for 50 years.

Mrs. Christensen is a past president of the club, serving in 1922-23, and was made a life member in 1940.

She was born Iva Hubbard on August 19, 1887, the daughter of Dow Hubbard and Lydia Glympe. She attended Northville schools before moving to Northville in 1902.

After graduating from Northville high school in 1905, she lived for a time in Superior, Wisconsin where she attended college for one year.

She later attended and graduated from Michigan State Normal College (now Eastern Michigan university) at Ypsilanti. She received her life teaching certificate in 1909.

She taught in Battle Creek until 1913 and then taught at the Old Chapman school at Taft and Nine Mile roads.

On April 13, 1919 she married John Christensen. They had two children, Robert and Helen.

Doctor Robert Christensen is now an obstetrician in Kinsport, Tennessee and has four children. Helen is Mrs. Richard Shipley now and has three children and one grandchild. She lives in Reverton, New Jersey.

## about WOMEN

MRS. JOHN CHRISTENSEN, a member of the Northville Woman's Club for 52 years, was presented with a pin bearing the club monogram on her 80th birthday August 19. Making the presentation was Mrs. Blake Couse, vice president of the club.

"NORTHVILLE FAMILY SHOE STORE"

Some things are good about school. Like going home on the bus with the other kids. Or acting casual about your first-day, brand-new Stride Rites. OPEN FRIDAY 'TIL 9

## News Around Northville

Sharon Thomas, 14-year-old daughter of Mr. and Mrs. Jack Thomas of 6333 Beck road, topped the third-runner up position in the Majorette Queen of the World Contest Friday at Cleveland, Ohio.

Miss Thomas competed against 19 girls in her age bracket in winning special honors.

Earlier this summer she won the Miss Dream Girl title in Ohio, thus qualifying her for the national Dream Girl competition at Atlantic City in December.

To win the honors last Friday, she competed in twirling, strutting, and modeling.

The meeting to organize the 6:45 bowling league is tonight (Thursday) at 7 p.m. at Northville Lanes. All women bowlers are welcome to attend.

Cathy Utley of 777 Grace street has received a tuition scholarship from the Michigan Higher Education Assistance Authority to Michigan State University.

Miss Utley is a transfer student from Schoolcraft college and will be majoring in theatre at MSU. She received an associate degree in liberal arts from Schoolcraft.

Mrs. Fred VanAtta of 136 Cady recently visited her two sons and their wives for two weeks. She visited Mr.

and Mrs. Fred VanAtta Jr., in Wayne, Pennsylvania and Colonel and Mrs. Ward H. VanAtta in Alexandria, Virginia.

## Here's New P-TA Officers

New PTA officers will take over their duties after Northville schools reopen in September. Officers of the various school PTAs will be:

Northville high school - Mr. and Mrs. John Harper, president; Mr. and Mrs. Paul Robinson, vice president; Mr. and Mrs. John Morehead, secretary and treasurer; Mr. and Mrs. Robert Taylor, representatives.

Northville junior high - Mr. and Mrs. Don Williams, president; Mr. and Mrs. Glenn Jordan, vice president; Dr. and Mrs. Charles Fountain, secretary; Mr. and Mrs. Bruce Thomas, treasurer.

Amerman Elementary - Mr. and Mrs. G. Michael Abbott, president; Mr. and Mrs. Richard Dougherty, vice president; Mr. and Mrs. Gerald Stopper, secretary; Mr. and Mrs. James Allen, treasurer.

Moraine Elementary - Mr. and Mrs. Robert Bogart, president; Mr. and Mrs. Donald Pickens, vice president; Mrs. Walter Carter, secretary; Mrs. Mitchell Pitak, treasurer; Mrs. J. Robert Honecker, teacher vice president.

Main Street Elementary - Elected last year for two year terms are Mr. and Mrs. Robert Arlen, president; Mr. and Mrs. Robert Ballash, vice president; Mrs. Sue Wright, secretary; Mrs. Charles Fountain, treasurer.

## Schedule Hours For Book Store

Mrs. Marian Zayti, secretary and bookkeeper at Northville high school, announced the new bookstore hours this week.

The hours will be from 7:30 a.m. to 1:30 p.m. for students this year. Seniors are to report Tuesday, August 29; juniors, report Wednesday, August 30; sophomores, Thursday, August 31; and freshmen, Friday, September 1.

Students are reminded that they should bring last year's book receipt in order to purchase new books.

Bookstore hours were announced this week for Northville junior high school.

The store will be open from 8 a.m. to 11:30 a.m. and from 1 p.m. to 4 p.m., with eighth graders slated to pick up their books on Friday, August 25 and seventh graders on Monday, August 28.

Sixth graders will obtain their books when they report for the opening day of school.

# It's Sign up Time for Bridge Marathon

Only a week remains to sign up for the fifth annual Bridge Marathon sponsored by the Northville Mothers' club. A few openings exist in the women's afternoon tournament, and several spots are open in the night mixed couple's groups. Games are played once a month, from September through May.

Scores and \$1 per person are sent each month to the Mothers' club Marathon group. Cash prizes are awarded in May.

Persons who enjoy bridge just for the fun of it, for the challenge it presents, or for the fine opportunity it gives area residents to meet new people are invited to participate.

Bridge Marathon rules include: ---Play 20 consecutive hands in an evening.

---Only two consecutive redeals permissible. If the third deal is also passed, it is counted as one of the 20 hands and both couples take a score of zero.

---All hands bid must be played including one bid.

---Doubling, but no redoubling.

---Score as for rubber bridge: 700 for two-game rubber; 500 for three-game rubber; 300 for one game; 50 for part score; usual points for honors; bonus of 50 points for fulfilling doubled contract.

---The Official Encyclopedia of Bridge by Richard Frey will be used as the final authority for rules covering marathon bridge and players are encouraged to confirm any question with the general chairman.

---Prizes will be awarded the final month to each group as follows: first, \$50; second, \$20; and third, \$10.

---The nine games should be played one a month as scheduled.

---One person of each couple keeps score.

---Both scores with totals must be

signed by all four players, since no score may be changed by players after they are turned in.

---Each player should keep a record of his own score.

---The hostess is responsible for collecting \$1 per person each time, and turning in two original, not copy, scores

and money immediately to the group chairman.

Persons interested in additional information or who may wish to sign up for the Marathon are asked to contact Mrs. Bernard Bach at 349-2306 or Mrs. Blake Couse at 349-3069 before August 31.

All proceeds earned by the Mothers' club from the tournament go entirely for school needs.

## Celebrate Anniversary

An anniversary Mass was said this morning (Thursday) at Our Lady of Victory church for Mr. and Mrs. Jim Spagnuolo, 113 East Main street, who are celebrating 30 years of wedlock.

Officiating was the Rev. Father John Wittstock.

Mr. and Mrs. Spagnuolo were married 30 years ago today on August 24, 1937 at Our Lady of Victory. The wedding ceremony was performed by the Rev. Father Kelly, who at that time was chaplain at William H. Maybury Sanatorium.

Later today the couple will enjoy an anniversary dinner and still later they will entertain their family and friends at their home on Main street.

The couple are parents of five children and 13 grandchildren.

Mr. Spagnuolo one of the oldest living businessmen in Northville, opened an

John Ramsey Baldwin, Jr.

## Evening Wedding Held at St. Paul's

Elizabeth Anne Nichols became the bride of John Ramsey Baldwin Jr. Monday evening at St. Paul's Lutheran church. The ceremony was said by the

Reverend Charles Boerger.

The bride, daughter of Councilman and Mrs. W. Wallace Nichols of 219 Ely drive, wore a short A-line lace dress with linen trim and bell sleeves. She carried an orchid-centered nosegay corsage.

Maid of honor was Susan Eastland, wearing an aqua dress. She carried a nosegay bouquet. The bridegroom is the son of Mr. and Mrs. John Ramsey Baldwin Sr. of Arcadia, California, formerly of Northville and Farmington. Serving him as best man was Randal Burnett, the bride's brother.

A reception for the family followed the wedding at Thunderbird Inn. The couple left for a honeymoon in northern Michigan.

The bride is a junior at Central Michigan. The bridegroom attended Michigan Tech before he went into the United States Army. A member of the 18th Engineering Brigade, he leaves August 29 for duty in Vietnam.

The bride's father, W. Wallace Nichols, a member of the Northville city council, just barely made it to the wedding to give the bride away. He had just returned the day before from the hospital where he underwent surgery this past weekend.

## Her Father, Uncle Perform Ceremony

The First Methodist church of Northville was the setting for the August 19 wedding of Kathryn Wessel Kinde and Dennis Lloyd McCreary.

The bride is the daughter of the Reverend and Mrs. S. D. Kinde of Northville and the bridegroom's parents are Mr. and Mrs. Raymond A. McCreary of North Hollywood, California.

The marriage was performed by the bride's father and the Reverend Grant H. Wessel of Flint, an uncle of the bride.

A service of music preceded the procession. Mrs. Richard Somers, organist, played "At Dawning" by Cadman, "Ich Liebe Dich" by Greig, "On Wings of Song" by Mendelssohn, "Traumeri" by Schumann, "Serenade" by Schubert, "Walk Hand in Hand" by Cowell, and "Andante" by Schubert.

David Neal McCreary, the bridegroom's brother, sang "If Thou Suffer God to Guide Thee" by Neumark, "Oh, Blest the House Where'er Befall" by Bach and "The Lord's Prayer" by Forsyth.

The procession was "Trumpet Voluntary" by Clark.

The bride wore a classically styled gown of crystal white mousseline de soie over taffeta with Alencon lace. The fitted bodice was designed with oval decolletage and long tapered sleeves. Fronds of Alencon lace, centered with a French bow-knot, feathered through the front waistline.

The skirt, scattered with floral lace medallions, was floor length and swept to a full bow-topped court train. A cluster of organza petals and loops, traced with seed pearls and marked with a center aurora crystal drop, held her tiered veil of silk illusion. She carried a classic cascade bouquet of phalaenopsis and stephanotis.

As a recessional the organist played "Let the Merry Bells Ring Round" by Handel. Postlude was "The Rejoicing" and "With Trumpets and Horns" by Handel.

The bride's attendants were Miss Judith Ann Johansen of Lombard, Illinois, the maid of honor; Mrs. Toby Berk of Lafayette, Indiana, bridal matron; and Joan Christine Edwards of Mt. Clemens, bridesmaid. They wore identical dresses in frost green chiffon

over taffeta and matching headpieces and shoes. They carried bouquets of yellow carnations.

Leslie Kent McCreary, brother of the bridegroom served as best man. Ushers were Dennis Frady and Kurt David Kinde, a brother of the bride. Junior ushers were George and Jon Wessel of Flint, cousins of the bride.

The bride's mother chose a dress of sky blue lace over taffeta with matching accessories. The bridegroom's mother chose a pink sheath dress with a matching lace coat. Both mothers carried identical flowers of white carnations and stephanotis on their purses. Mrs. George M. Wessel of Saginaw, grandmother of the bride, selected a light beige knit suit trimmed in pink. Her flowers were pink sweetheart roses.

As guests entered the church they registered with Sue Nicholson of Lakewood, Ohio who was in charge of the guest book.

Guests 250 in all, came from several states and Michigan cities to attend the wedding and reception held in the church Fellowship Hall. White gladioli, white and yellow mums arranged with lemon leaves, and urns of white gladioli and mums decorated the church and social hall.

Mrs. Dennis Frady attended the lighted ice punch bowl decorated with yellow and green flowers frozen into the ice. Four aunts of the bride poured coffee and tea from the tables flanked by candelabra. Those serving were

Mrs. Howard Wessel of Saginaw, Mrs. Rob C. Gatewood of Columbia, S. Carolina. Mrs. Grant Wessel of Flint and Mrs. M. R. Kinde of Battle Creek.

For her going away outfit the bride chose a hunter green linen suit with white accessories. Her corsage was fashioned with flowers from her bouquet.

Mr. McCreary, a graduate of California Institute of Technology in Pasadena, and of Columbia University, New York, will teach at his alma mater in Pasadena while working toward his doctorate in chemistry.

The new Mrs. McCreary, a graduate of Albion college, attended Tuft's University in Boston and plans to teach in the Los Angeles city school system this fall.

Mrs. Patrick Finerty

## Diane Hooper Wed In Nuptial Mass

Diane Hooper and Patrick Finerty exchanged wedding vows at a noon nuptial mass Saturday, August 19 at Our Lady of Victory church. The double ring ceremony was performed by the Reverend John Wittstock.

The church was adorned with white gladioli, stock and majestic daisies. Anita Wetterstrom was organist and Karen Wetterstrom was the soloist.

The bride is the daughter of Mr. and Mrs. Philip Hooper of 20601 Westview drive. Parents of the bridegroom are the Clemence Finertys of Adrian.

The bride, given in marriage by her father, wore a silk organza, empire waist A-line gown featuring a chantilly lace bodice with scalloped neckline, elbow length sleeves and a watteau chapel length train of net and chantilly lace flowing from the shoulders.

Her spray headpiece of net, chantilly lace and scattered pearls held a bubble illusion shoulder length veil. She carried a cascade bouquet of white phalaenopsis orchids and stephanotis accented with pale yellow roses.

Maid of honor was her sister, Janet Hooper, wearing a yellow chiffon over taffeta, A-line floor length gown with an empire waistline and slightly belled sleeves trimmed with daisies.

She also wore a daisy headpiece with net veiling. Her cascade bouquet was of white mums and yellow daisies.

Susan Eastland, Gloria Goeltzenleuchter and Pam Hunt were bridesmaids. Their gowns and flowers were

the same as the maid of honor's.

Best man was Ray Forsthoefel, with Robert Johnson, John Clauda and Larry Konec serving as ushers.

The bride's mother wore a three-piece light aqua suit ensemble with lace overblouse, and matching accessories. She had a corsage of yellow sweetheart roses centered with a white gardenia.

Mrs. Finerty chose a mint green dress with matching accessories and a corsage of yellow sweetheart roses and yellow miniature carnations.

A buffet luncheon for 100 guests followed the wedding at Livonia Knights Inn. The guests came from Michigan, Ohio, Indiana, Florida and California.

The newlyweds left for a honeymoon in Corpus Christi, Texas on the Gulf of Mexico. The bride's going away outfit was a green three-piece ensemble with a double breasted jacket and black patent leather accessories. She also wore a gardenia and stephanotis corsage.

The bride is a 1963 graduate of Northville high, her husband a 1962 graduate of Catholic Central High school in Adrian. Both also graduated from Michigan State University, Diana with a degree in education and Pat an accounting and finance degree.

They will make their home in San Antonio, Texas where the bridegroom is stationed with the United States Army at Fort Sam Houston. The bride will be an elementary school teacher there this fall.

## Antique Mart Set in Plymouth

The fifth annual Antique Mart sponsored by the Plymouth Symphony League will be held September 8, 9, and 10, at the Grange Hall and the Community building, both located on Union street, Plymouth. Hours will be from noon until 10 p.m. on Friday and Saturday and from noon until 7 p.m. on Sunday.

## Street Dance Meeting Set

Another meeting for all those interested in a community street dance on Saturday, September 30 will be held tonight (Thursday) at 8 p.m. in the Our Lady of Victory social hall.

Coffee and refreshments will be served.

Mrs. Charles William Bethea

## Newlyweds Tour Smokies

Georgina Susan Hess became the bride of Charles William Bethea at the First Presbyterian Church of Northville. The bride's parents are Mrs. Oliver H. Kirk of Orchard Lake and George W. Hess of Milford.

Parents of the bridegroom are Dr. and Mrs. John Hardee Bethea of 20145

Beck road. After a wedding trip through the Smoky Mountains the newlyweds will live in Alma.

The bride is a June graduate of Michigan State University. The bridegroom is a graduate of Alma College and Michigan State.

Mrs. Edward H. Marino

## Marries Airline Pilot

Bonnie Lyn Wilson and Edward H. Marino were married Saturday, August 19 at the First Presbyterian church of Miami, Florida.

The bride is the daughter of Mr. and Mrs. Ian H. Wilson of Miami and Northville. She graduated from the University of Miami in Coral Gables.

The bridegroom, son of Mrs. Laura Marino and the late Mr. A. Marino of Boston and Miami, graduated from Florida State University. He is a pilot for Eastern Airlines.

After a honeymoon in Mexico, the newlyweds will live in Miami Springs.

## Terry-Wiley Speak Vows

Mrs. John V. Wiley, Jr.

Martha Jane Terry and John V. Wiley, Jr. exchanged wedding vows Saturday, August 19 at the First Methodist Church of Northville.

Officiating at the 2 p.m. wedding in the presence of the couple's family was the Rev. S. D. Kinde, pastor.

The bride is the daughter of Mr. and Mrs. I. Paul Terry of 825 Carpenter street, and the bridegroom's parents are Mr. and Mrs. John V. Wiley, Sr. of Toledo, Ohio.

Betty Jo Terry, sister of the bride, was the maid of honor, and Christopher Hill of Toledo served as best man.

A dinner was served after the ceremony for the wedding party at the Thunderbird Inn.

The newlyweds left for Florida for a two-week honeymoon before returning to their home in Toledo where he is a student at the University of Toledo.

## 2 Local Girls To Attend Conference

Two Northville girls will be among the more than 5,000 students from colleges and universities around the world attending the three-day conference at the denominational headquarters of the Christian Science church in Boston beginning today.

Dianne Wedemeyer, who attends Michigan State University, and Carol Yahn, a student at the University of Michigan, are the local girls who left Wednesday for Boston.

They will discuss everything from premarital chastity and the "identity crisis" to the problems of emerging nations and world peace.

From a modest beginning 12 years ago, these student conferences have developed rapidly into a major biennial event. Chartered buses, planes, and group flights have been arranged by many of the students coming from distant points, including England, Germany, and Australia. Previous conferences have also drawn students from countries of Eastern Europe, Africa, Asia, and Latin America - with 887 colleges and universities of 36 nations represented. More are expected this year.

During the three-day period, some 18 hours will be spent in assembly sessions, with most of this time given to student papers and discussion.

One of the objectives will be to explore the relevance of Christian insight as a radical healing force in the whole range of human experience. Among the subjects scheduled for consideration are: cheating, drugs, the "new morality," birth control, the "death of God" theology, spiritual values in the creative arts, resolving social conflicts and leadership in government.

A special guest speaker will be Dr. Harrell Beck, Professor of Old Testament at Boston University. The keynote address will be given by Erwin D. Canham, editor in chief of The Christian Science Monitor.

A number of Christian Scientists distinguished in various professional fields will also participate. The list includes Alan Young, actor and entertainer; George Hamlin, Associate Director of the Loeb Drama Center at Harvard; Dr. F. Karl Willenbrock, Provost of the State University of New York at Buffalo and former Associate Dean of Harvard University's Applied Physics Department; and Sir James Butler, one of Great Britain's leading historians, in charge of World War II archives.

Most of those attending will be members of Christian Science organizations that have sprung up under student leadership on some 460 campuses since the beginning of this century. There are several hundred additional informal groups.

The first organization to be officially recognized was at Harvard in 1904. By 1910, seven more had been added, stretching across the country from Columbia University to the University of California at Berkeley - and including Cornell, University of Michigan, University of Illinois, University of Minnesota, and University of Kansas.

## Announce Engagements

Pamela Sue Grill

Mr. and Mrs. James Thomson Grill of Hudson have announced the engagement of their daughter, Pamela Sue, to Kenneth Brian Grossmann, son of Mr. and Mrs. Armin J. Grossman of 18436 Donegal Court.

A September 23 wedding is planned.

Marguerite Jeannette Miller

Mr. and Mrs. Willis R. Miller of Novi announce the engagement of their daughter, Marguerite Jeannette, to Dewey J. Perry, son of Mr. and Mrs. H. O. Perry of Blakely, Georgia.

A February wedding is planned.

Clare Elaine Stanley

Mr. and Mrs. Clarence L. Stanley of Clearwater, Florida, formerly of Dearborn, Michigan, announce the engagement of their daughter, Clare Elaine, to Paul Edmund Beard, son of Mr. and Mrs. Paul M. Beard of 41261 Eight Mile road.

Miss Stanley graduated from Dearborn high and the University of Michigan. Her fiancé is a graduate of Northville high and the University of Michigan, and is now studying for a Ph.D. in international affairs at Columbia University.

The wedding will take place in late September after Ed returns from Tripoli, Libya where he is presently associated with the American Embassy.

The couple will live in New York City.

## Singer to Renew Friendships Here

A 23-year-old Northville high school graduate, now singing professionally, will renew old acquaintances here on Friday, September 1 when she appears with a nationally famous dance band.

Mrs. Marycarol Brown will appear with The Spike Drivers when that group

plays at the weekly dance sponsored by The Cavern Teen Club.

In a telephone conversation with The Record Friday, Mrs. Brown, who is the former Marycarol Oglesby, turned professional singer after attending Michigan State university. She was

graduated from Northville high school in 1962.

She and her husband, Sid, have been members of The Spike Drivers since the group's formation two years ago. Besides singing, she plays several instruments.

Her husband is the band's lead guitarist. Other members of the group include Larry Cruse, drummer, Marshall Rubinoff, rhythm guitarist and bass, and Ron Cobb, bass, organ, piano, flute and saxophone.

It's a busy, exciting life, the former Northville resident said. Besides traveling throughout the United States in making appearances, she and her husband operate a studio in their Detroit home.

An album of the group's numbers is slated to appear later this month.

"Most of our material," she explained, "is our own compositions. We call it folk-electric. It's a danceable kind of music with lots of depth."

In addition to playing in New York, Vermont, Ohio and other states, The Spike Drivers have appeared in numerous clubs in Michigan. Locally, they've appeared at the Rooster Tail, Raven Gallery, The Living End, The Grande Ballroom, The See, and others.

The group will be traveling to Northville from Ohio, play the Grande Ballroom on the 27th and then head for a two-week performance at a ski resort in Vermont.

## At Battle of Bands Cavern Eyes New Attendance Record

A sell-out crowd of 600 teens set an attendance at the Northville Cavern dance Friday night. The previous attendance mark of 596 paid admissions had been set just three weeks previous.

Big attraction at last Friday's dance was the music of "The Rationals" and "Corsairs".

The Cavern is pointing for another full house this Friday night with the popular "Battle of the Bands" featuring no less than 10 bands.

The teen-age Mothers' club-sponsored Cavern is solely operated by teens, although adult chaperones and police attend all dances. Thus far the Cavern has shown a profit of more than \$3,000 from its dances. The money is being saved to help finance their

own club headquarters.

The first step in this direction was achieved when the Northville board of education granted the Cavern exclusive use of the cafeteria portion of the community building under a one year lease. The club will continue to hold its bi-monthly dances in the gymnasium.

Now the young members plan to turn their attention to converting the cafeteria area into a "real club atmosphere". This will include lowered ceiling, soft lights, pool tables, ping pong and other games.

Plans call for a director on duty during the afternoon when the club is open. A variety of activities, that will not conflict with school affairs, is being planned.

# Grads to Hit Books Again

When colleges reopen this fall, more than 67 per cent of the 1967 Northville high school graduating class will be members of freshman classes at schools throughout Michigan and the country.

A total of 136 students out of this year's 202 graduates will be enrolled for college. Of this number 59 per cent will attend four-year colleges and 41 per cent will attend two-year colleges.

Among the four-year colleges, Michigan State University will have the most new Northville students, 17 in all. Ferris State will be second with 10 students and the University of Michigan third with eight.

The other state universities will also have several local students. Western Michigan will have seven, Central and Eastern six each.

Local enrollment at two-year schools will be headed by 44 students at Schoolcraft College. Five will attend Oakland Community college and three Moody Bible School.

Sixteen students will be going out-of-state to school, enrolling at colleges across the nation from the University of Arizona to Harvard in Cambridge, Massachusetts.

A nearly complete list of the students who will be attending various colleges follows:

ADRIAN - Susan Wisner.  
ALBION - Keith Mueller.  
ASSUMPTION - George Kohs Jr.  
BOB JONES UNIVERSITY - Shirley Lamp.  
BUTLER UNIVERSITY - Dianne Hester.  
CENTRAL MICHIGAN UNIVERSITY - Constance Cook, Dwight Hopper, Mary Louise Langtry, Lynn Tihlikka, Donna Tymensky, Patricia Wachtel.  
DELTA COLLEGE - Duane Virgin.  
DENISON UNIVERSITY - William Sliger.

EASTERN MICHIGAN UNIVERSITY - Diane Donner, Arlene Douglas, Daley Hill, Chris Holman, Mary Houck, James Long.

FERRIS STATE COLLEGE - Nancy Andres, Gregory Adams, Gerald Beebe, Daniel Doub, Linda Findling, Patrick Hill, Robyn Moon, Joel Symmes, Robinann White, James Zayti.

GENERAL MOTORS INSTITUTE - William Forsyth, Roger Kline.

GRAND RAPIDS SCHOOL OF BIBLE AND MUSIC - Calvin Mitchell.

GRAND VALLEY STATE COLLEGE - Thomas Frounteller.

HANOVER COLLEGE - Prudence Hartt.

HARVARD UNIVERSITY - Glen Deibert.

LAWRENCE INSTITUTE - Mark Chadwick.

MADONNA COLLEGE - Patricia Zimmerman.

MICHIGAN STATE UNIVERSITY - Susan Bosak, Jack Crawford, Michael Hlohinec, Susan Jones, David Karrer, Lynn McCormick, Katherine Miller, Jan Moorhead, Eric Nutter.  
Ardis O'Toole, Marilyn Pubanz, Linda Steehcken, Joyce Stuckey, Brian Tabor, Karen Tucker, Thomas Wilson, Cheryl Witzke.

MICHIGAN TECHNOLOGICAL UNIVERSITY - Richard Davis.

MOODY BIBLE SCHOOL - Dianne Crawford, David Clark, William Main.

NORTHERN MICHIGAN - Richard Comito, Narda Foreman, Clifford Smith, Penny Thomas.

NORTHWESTERN MICHIGAN - Martin Willacker.

NORTHWOOD - Kevin McLain, Thomas Wright.

OAKLAND COMMUNITY COLLEGE - Jean Dobek, Herbert Harbin, Bonnie Lutz, Susan Morse, Barbara Trombley.

OAKLAND UNIVERSITY - Chris Winkler.

OLIVET NAZARENE COLLEGE - Lynn Elkins.

SCHOOLCRAFT COMMUNITY COLLEGE - Larry Beller, Ted Budek, Kathleen Bulmon, Mike Chabut, Carolee Clark, Dan Clarke, Cathy Cross, James Darnell, Greg Dawson, Douglas Dingwall, Sue Burnham, Michele Forster, Linda French, Rene Gatrell, Margaret Godley.

Mark Gredell, Kathleen Haley, Mary Horsfall, Dale Lewis, Elaine McLean, Kathy McNeice, Kathy Martin, Enid Penn, Donna Petseys, Richard Pierce, Robert Procter, Valerie Richmond, Lynda Ricketts, Paul Romanow, Beverly Rorabacher.

Susan Schillef, Jacquelyn Shoner, Fred Skellenger, Cynthia Smith, Marcia Snyder, James Spagnuolo, Pamela Kehr, Donald Kushmaul, Ralph Lanphar, Kerry Luedtke, Michael Utley, Dennis Wilkie, Myrlyn Yudashkin, Deborah Williams.

TAYLOR UNIVERSITY - Cynthia Haynes.

UNIVERSITY OF ARIZONA - Thomas Dixon.

UNIVERSITY OF MICHIGAN - John Bunn, Kathleen Erwin, Michael Grant, Susan Murany, Douglas Swiss, Alan Whitmeyer, Susan Yoder.

UNIVERSITY OF WISCONSIN - Steven Jordan.

VINCENNES UNIVERSITY - Mark Alexander.

WAYNE STATE UNIVERSITY - Caroline Collacott.

WESTERN MICHIGAN UNIVERSITY - Connie Bannan, Barbara Bogart, Douglas Guido, Steven Kehrer, Kurt Kinde, Patricia Moase, Colleen Thomas.

\*\*\*\*\*  
The 65 members, or 33 percent of the 1967 Northville graduating class not enrolling for college this fall have plans of their own. As of June, 46 of the students, or 22 percent of the entire class, planned to work.

# College Ratification Near On Record Salary Package

Ratification of a proposed Schoolcraft teaching contract, calling for across the board \$1,000 salary hikes, is expected this week.

The proposed contract, finally hammered together after more than a half-year of negotiations, was to have been presented to the board of trustees yesterday (Wednesday) for ratification, and the faculty probably will act on it tomorrow.

Agreement on the proposal was reached late last week, thus bringing to an end months of bristling debate that saw teacher picketing, state mediation, and charges and counter-charges on both sides.

According to a college spokesman, the economic package calls for a 36-week contract for full-time faculty members, with a \$1,000 across the board raise together with regular earn-

ed increments ranging from \$200 to \$500.

In addition, the package also provides college payment of half the cost of insurance for teachers' dependents and continuation of full payment of insurance for teachers themselves. Previously, the college provided one-dollar per month for dependents' insurance.

# Parochial School Schedule

Several new teachers and programs will welcome parochial students back-to-school this fall at St. Paul's Lutheran and Our Lady of Victory schools.

St. Paul's opens Tuesday, September 5 with an 8:45 a.m. church worship. Our Lady of Victory begins its new school year the following day, September 6.

About 65 students are expected to attend the first day of classes at St. Paul's. A full-day of classes is scheduled with the new school hours being 8:45 a.m. - 3:30 p.m.

Students will register prior to the opening day. Registration day is September 1, 9 a.m. - 4 p.m. Parents unable to register their children at this time should make arrangements with the school office before September 1.

Warren Zabell continues as principal. New teachers are Mrs. Edna Huff, Mrs. JoAnn Krause, and Mrs. Lorraine Boerger.

The school will be departmentalized this fall. Mrs. Huff and Miss Dorothy Bartush will teach the language arts program. Mrs. Krause will instruct all grades in science.

Mr. Zabell will be in charge of the mathematics and social studies programs. Mrs. Boerger and Mrs. Dorothy

Wroten will develop and instruct the art program.

Several new programs will be initiated. A new social studies program, the "Mankind in Time and Place" series, published by the Silver Burdett Company, will be used in Kindergarten through grade six. The seventh and eighth grade texts will be added as they become available.

This year the seventh and eighth grades will be taught United States History, using the text published by Laidlaw Brothers.

The Zaher-Bloser handwriting series will also be introduced. Casebound texts will replace the consumable-type materials used in the Greater Cleveland Mathematics Program which has been used for the past three years.

There are still several openings in the kindergarten through eighth grades. Any parents interested in enrolling their children may call the school office, 349-2868, or the church office, 349-3140, for an appointment.

Our Lady of Victory students will meet for a half day session September 6. Thursday and Friday grades three through eight will be in session for a full day.

Sister Marion Therese will be principal again. Enrollment is 339 students this fall.

New faculty members are Sister Jeannine Therese, first grade; Sister Francis Dominic, second grade; Mrs. Francis Johnston, third grade; Sister Francis Patrice, sixth grade; Sister Rose Genevieve, seventh grade; and Sister Joan William, eighth grade.

## Northville Schedule

Here's the schedule for those first few days at the opening of the public school system:

Monday, August 28 - Freshman orientation, 9:30 a.m. in the high school auditorium.

Tuesday, August 29 - 9 a.m., new faculty meets with the superintendent in the junior high school library; 11 a.m. district tour; noon, faculty luncheon; 1:30 p.m., new faculty meets with principals.

Wednesday, August 30 - 9 a.m. to 3:30 p.m., new faculty meets in assigned buildings; 11 a.m., teachers association meeting; noon, faculty luncheon in the high school cafeteria; 1:30 p.m., faculty meetings in assigned buildings.

Wednesday, August 30 - 9 a.m. to 3:30 p.m., new faculty meets in assigned buildings.

ed buildings.

Thursday, August 31 - 9 a.m., all faculty meets in the high school auditorium; 11 a.m., teachers association meeting; noon, faculty luncheon in the high school cafeteria; 1:30 p.m., faculty meetings in assigned buildings.

Friday, September 1 - 9 a.m. to 3:30 p.m., faculty reports to assigned buildings.

Tuesday, September 5 - classes begin, 8 a.m. to 2:45 p.m. in the junior and senior high schools, and 8:45 to 11:30 p.m. and 12:40 to 3:30 p.m. in the elementary schools.

Seniors are to report to the auditorium, juniors to the boys gym, sophomores to the girls gym, and freshmen to the cafeteria.

# They Wait for Teacher Pact

## Coaches: No Contract, No Practice

The Northville football squads will get off to a slow start this year, with coaches refusing to issue uniforms until teacher-negotiating pacts are settled.

Athletic Director Dave Longridge told The Record Monday morning that there will be no issuing of uniforms and no practice sessions set until the teacher-negotiating pact is settled.

According to state rules and regulations regarding sports a team must have three weeks of practice before entering the first game of the season.

Northville's first football pits the Mustangs against the Plymouth Rocks on September 15 here at Northville. This means that practice sessions must be started by August 28, or Northville will have to pass up the first game of the season.

Longridge said all games could be re-scheduled at the end of the season if both teams could agree on a specific date.

Head Football Coach Alex Klukach has given Jerry Asher, a returning letterman from last year's squad, the go ahead on organizing a "Captain's Practice".

Asher, a senior, has varsity candidates working out in Cass Benton Park every afternoon at 7:30 p.m. "I don't think that any of the fellows are mad

about it (possible delay of practice), Asher said Monday. We're here practicing everyday trying to get into shape so that we are ready to go when the pads are issued." Asher said that although coaches, are taking an official 'hands off policy', they usually are available every afternoon at Cass Benton to give advice as needed.

This year's coaching staff will include:

Ralph Redman, who will work with the tackles and ends on offense and the linebackers on defense; Dick Willing, who will work with the guards, centers, and interior linemen on defense and offense; and Klukach, who will work with the offensive and defensive backs.

Klukach said that there would be one more addition to the coaching staff but no definite decision has been made as yet.

The head coach said he expected about 24 lettermen back for the varsity - about 50 candidates for the varsity, 40 candidates for the junior varsity and about 30 candidates for the new freshman squad.

"My strongest point should be defense since I have more returning lettermen with experience in this area," he said.

Klukach declined to make long-range predictions. "We will take them one at a time." He said more information on starting lineups will be available after

the first two weeks of practice. "No positions are positive. Every kid will get a chance to earn a starting position."

# Sports

**BLEACHER REPAIRS**—Athletic ville athletes this week: "Will Director Dave Longridge (left) Northville's football season open confers with Paul Rebitzke who as scheduled or will the teacher is repairing bleachers at the high contract negotiations force delay school. The empty gridiron seen or cancellation of one or more over their shoulder seems to ask games?" the question on the minds of North-

## But Post 2 Victories

# City Champs Lose Tourney

**CHAMPS** - The Northville City Champs, Ely Oilers, are shown here left to right, top to bottom: Don Heffner, Rick Asher, Peter Kunst, Jim Sanders, Jim Hostetler,

Kurt Sukow; Brad McAllister, Glenn Strange, Randy Hall, Don Hicks, Ken Lach, Joe Corcoran, and John Fielon; Steve Mohr, Norm Guild, and Jeff Jones.

"They were a credit to the game as well as to the city of Northville." That's how Manager Robert Mohr summed up the Ely Oilers performance in tournament play, which included two victories and one defeat. "All of the players were good sports and played with all their hearts," he said.

The Oilers, who grabbed the Northville championship balanced on a 9-5 record, edged past the Westland Cardinals in the opening round, 3-2, shutout Wayne, 3-0, and then dropped a 4-3 squeaker to Livonia.

A home run off the bat of Ken Lach got things started for the Oilers in the opener. Tied for the next four innings, the Oilers cracked open the game in the sixth with hits by Rick Asher, Jim Hostetler, Norm Guild, and Peter Kunst.

Lach was credited with the victory. Jim Sanders took the mound for the full route against Wayne, picking up the shutout. Hits by Hostetler, Steve Mohr, and Lach and a homer off the bat of Jeff Jones led the Oilers' hitting attack.

Three Oiler hurlers teamed up against Livonia but were unable to stave off the defeat. They were Jim Sanders, Lach and Hostetler.

## State Fair to Tell

# What's up Down on The Farm?

The farmer and his wife will get a chance to compare their products with those of their neighbors, while city folks can get an eyeful of what's going on down on the farm.

Where? At the Michigan State Fair which opens in Detroit Friday, August 25, and runs through Labor Day, September 4.

There'll be more cattle, horses, swine, sheep, poultry, canned goods, cakes, needlework on exhibit than ever before.

Among the many entries will be:

William A. Foreman, 49824 West Seven Mile road, fruit; Ralph Foreman, Jr., 50050 West 7 Mile road, veg-

etable, fruit; Narda Suzanne Foreman, 49824 West Seven Mile road, fruit; Billy Foreman, 49824 West 7 Mile road, fruit, Gary Foreman, 49711 West 7-Mile road, fruit, vegetables; Gary and Joanne Downer, 9850 West 7 Mile road, Horse-Morgan; Yermeh Arabian Farm, 9300 Napier, Horse-Arabian;

Steven Darcey, 46250 West Nine Mile road, Horse-Quarter; Water Cress Farm, 6646 West 6 Mile road, dairy cattle; Mike & Bill O'Brien, 17191 Ridge road, Quarter Horse; Lois M. Godfrey, 9300 Napier road, Horse-Morgan; Foreman Orchards, Ralph F. Foreman, 50050 West 7 Mile road, fruit; Jack Haight, 58191 West Eight Mile;

Palamino, Parade Horses, Barrel racing;

Mr. and Mrs. Roger Fendt, 20030 Westview drive, horse-Arabian; Ray Mudge, 53375 West 8 Mile road, Horse-Morgan-Appaloosa; Dave Pink, 49680 West Eight Mile road, Horse-Morgan-Kent Maynard, 44700 Thornapple Lane, Horse - Appaloosa, Equitation; Eddie Earehart, John Parker, 9666 Chubb Horse-Morgan;

Eddie Earehart - 9666 Chubb, Horse-Morgan.

Eddie Earehart - Harry Lindbergh, 9666 Chubb road, Horse-Morgan. Michigan Morgan Horse Breeders Futurity (c/o Theresa Measel, Sec., treasurer, 41377 West 12 Mile road, Horse; Hycrest Farms, 41377 - 12 Mile road, Horse, Arabian, Morgan; Basil E. Hiner, 26817 Beck road, Horse-Morgan; and Eugenia Sharrard, 55555 - 12 Mile road, poultry.

## Soccer Practice Set Monday

A nucleus of four returning lettermen and a quartet of four newcomers may tell the tale of Schoolcraft college's success on the soccer field this fall, as Coach Marvin Gans announced a call for practice for Monday, August 28.

The Blue and Gold turned in an 8-0 record last year in its first season of intercollegiate competition. But things may be different this year.

First, Gans has booked a 12-game schedule, that includes a match with the Michigan State University freshman team and a home series with Oakland University.

Second, the Blue and Gold has lost 10 men from the undefeated 1966 team, including Olindo Iacobelli and Wilson Grier.

Third, Gans has yet received no word on whether Junior College All-

American Joop Doorn will return to school in the fall. The 20-year-old star returned to his home in The Netherlands this summer and Gans is concerned that Doorn may not come back to Schoolcraft.

Gans will be making his debut as the Blue and Gold soccer mentor this season. He took on the coaching assignment following the resignation from the staff last spring of Bob Leggat who took a coaching position with a two-year college in Virginia.

Other than Doorn, Gans will build his 1967 team around three other returning lettermen: Paul Hartge, Livonia, Doug Morrison, Garden City, and Cliff Peach, of Redford.

Gans is also counting heavily on a pair of freshmen who come to Schoolcraft by way of Bentley High. They are Boguslaw Lotko, a Norwegian exchange

student; and Joe Pekarski, a native of Germany. Another freshman with high potential is Ron Lowe, who was voted the Most Valuable Athlete at Plymouth High on the basis of his performances in football, basketball and track.

Another candidate is Bahram Farahmand, a 20-year-old sophomore from Iran who did not play soccer last season. Gans hopes he can convince Farahmand to join the squad this year.

In addition to the regular 12-game season, Gans is looking ahead to competing in the National Junior College Athletic Assn. Region 12 tournament and the NJCAA Invitational tourney in November.

Gans said he is hopeful that arrangements can be completed for conducting the regional competition at Schoolcraft on November 10 and 11.

## Schoolcraft Names Coach

Schoolcraft college cross-country fortunes will be directed this fall by Tom Roncoli, whose appointment to the college's physical education staff has been announced by Physical Education and Athletic Director Marvin Gans.

## Swimming Dangers

The danger of drowning from extended breath-holding underwater was emphasized by Mark Smith, water safety chairman, Oakland region of the Southeastern Oakland chapter of the Red Cross.

Smith said his warning was addressed to children and teenagers who compete with each other to see who can stay underwater the longest.

"Youngsters who play this game are simply asking for trouble—and possible tragedy," Smith said.

"Hyperventilating — taking several deep breaths before going underwater — is a dangerous practice. This is what happens physiologically," he continued. "Before going underwater an individual takes several deep breaths in order to build up as much oxygen in the lungs as possible. This deep breathing, called hyperventilation, does increase the oxygen, but it lowers the carbon dioxide in the system.

"After a period underwater, because the carbon dioxide does not build up fast enough to trigger the breathing urge, the swimmer tends to stay under too long and may black out. Then, unless help is at hand to get him to the surface quickly, drowning will result."

He urged that parents make these facts known to their children and instruct them not to play the "holding-the-breath" game.

The same principles apply to swimming underwater for long distances, according to Smith.

Roncoli comes to Schoolcraft after eight years as head football coach at Wayne High, where he also served as assistant track coach.

His first coaching assignment at Schoolcraft will be to take over the cross-country team which last year posted a 21-1 record and won the Michigan Community and Junior College Athletic Conference championship. Roncoli succeeds Tony Rizzo, a geography instructor who has relinquished coaching duties this year.

Prior to this service at Wayne High, Roncoli spent more than four years as physical education instructor and basketball, football and track coach at the Armed Forces Dependents School in Kaiserslautern, Germany.

Roncoli will begin assembling his 1967 squad on August 28 when a nucleus team of four returning lettermen and some promising prospects from Redford Union High are expected to answer his call.

But three top runners from last year's winning team will not be on hand. Dan Ryan of Livonia, and Howard Stuedeman of Plymouth, who provided a good share of the Blue and Gold team strength in 1966, have failed to meet eligibility requirements, and Bill Manion of Livonia, is still convalescing from a serious automobile accident earlier this year. Another member of the 1966 team who won't be back will be Chuck Lysett, who has entered the

armed forces.

Returning lettermen are Larry Buchheit and Fred Neil, both former Clarenceville High runners, and Joe Vitale and George Jackson, both of Livonia.

A quartet of former Redford Union runners hopefully will help Roncoli survive the loss of Ryan, Stuedeman, et al. The newcomers are Ron Mazurek, who placed in the 1966 Schoolcraft Invitational Meet; Mike Borg, who has posted a 1:58 half-mile; Gary Leads, a 4:29 miler, and Ron Plescoe.

The schedule calls for four triangular meets, three dual meets, one four-way test and a six-way meet during the regular season. Five of the nine meets will be run on the Schoolcraft course.

## JH Boys Need Examinations

Seventh and eighth grade Northville junior high school boys were reminded this week that they must have physical examinations before they can participate in football.

According to Principal Donald Van Ingen, the boys may pick up physical examination cards at the junior high school office, 405 West Main street.

**BRING ON WHITMORE** - Novi's new football field is fast taking shape—all for that first fall game between the Novi Wildcats and the Whitmore Lake Trojans. The sod is in place, the bleachers are up and workmen are ready to begin putting in the cinder track that will circle the gridiron. Practice begins Monday.

# Novi Sets Hearing On Road Paving

Novi Heights subdivision moved a step closer to surfaced roads Monday night as the village council set the first of a series of special assessment public hearings.

By a 5-0 vote the council set Tuesday, September 5 as the initial hearing date to consider establishment of the assessment district.

Citizens of the subdivision have requested surfaced roads and, according to officials, are willing to pay for the surfacing through special assessment.

As envisioned by the council, the special assessment will not involve borrowing money requiring approval by the Michigan Finance Commission. Presumably, the cost of the project will be borne initially by the village which will then spread these costs on the assessment rolls of the affected property owners.

Council members indicated a preference for a less cumbersome assessment procedure so that construction can get underway as quickly as possible. That, too, was the reason for deciding to hold the first hearing soon.

According to preliminary estimates gathered by village officials, cost of sealcoating, with a bare minimum of ditching and other related improvements, was pegged at \$7,500 or about 60-cents per front footage per property owner.

Estimate of blacktopping with major related improvements, including drains, was put at \$86,000.

Councilmen also decided to hold a special meeting next Monday night, at the same time the planning commission is slated to meet, to discuss proposed ordinances, a contract with the village engineers for work on the Novi share of the Walled Lake sewer system, and several other matters.

Concerning the engineering contract, councilmen quizzed an engineering representative about the proposed contract trying to establish if costs exceeded those charged for earlier sewer and water projects. They appeared satisfied that the contract rates were justified but deferred taking action to approve it until after conferring with the village attorney.

In another 5-0 vote, the council agreed to advertise for bids for a new police car based upon specifications

established by the village. The vote followed a suggestion of Donald Fuller that in future car-purchase cases the council consider such things as maintenance and parts warranties as part of the specifications.

A good warranty, he suggested, could offset a higher initial cost.

In a heated discussion concerning the procedure for making application and receiving approval for liquor licenses, councilmen finally decided to confer with the state liquor commission in determining whether liquor applications should first be made to the village for approval or disapproval or if applications must be first made to the commission and then referred to the council for approval or disapproval. Furthermore, the council directed the clerk to ask the commission if Novi qualifies for another class C license (liquor by the glass).

The discussion was sparked by John Poxon, who asked the council to give him a recommendation for a license which he then could present to the liquor commission. Councilman Leo Harwood argued that Poxon was correct in making the request of the council, while Councilman Joseph Crupi and others argued that in such cases the council can either recommend approval or disapproval only upon being requested to do so by the commission.

Concerning an appeal of Leonard Broquet for rezoning of some 80 acres of his property off Eight Mile road for a multiple dwelling classification, the council directed the planning commission to reconsider his request and set public hearing on the matter "at their earliest convenience."

At the request of the Brookland Farms Improvement association for a meeting to discuss sewer plans for that section of the subdivision in the village, the council decided to hold the meeting on September 18.

## OBITUARIES

MYRTLE McLAUGHLIN

Myrtle McLaughlin, of 409 High street, who has lived in Northville all her life, died Sunday, August 20 at Wayne County General Hospital.

Born June 13, 1878 in Northville, she was the daughter of William and Alfareta (Bloy) Phillips. Her husband, Daniel McLaughlin, preceded her in death by 35 years.

Mrs. McLaughlin's parents were a pioneer family of Wayne county and Northville.

She is survived by one niece, Mrs. Yvonne Rollings of Northville.

Funeral services were conducted, Wednesday, August 23 from the Dempsey Ebert Funeral Home, with the Rev. Lloyd G. Brasure officiating. Interment was held at Woodlawn Cemetery, Detroit where she was cremated.

DALE D. BAUMAN

Dale D. Bauman, 35 of 15362 Maxwell road, Northville township died August 18, at his home.

Born June 17, 1932, he was the son of William and Myrtle (White) Bauman. He is survived by his wife, Arlene F.; a son and daughter, Gary and Barbara; a stepfather, Michael; and a sister and two brothers, Mrs. Howard (Jeanette) Schryer of Plymouth and Claude and William of Plymouth.

Mr. Bauman was a truck driver. Funeral services were conducted Monday, August 21 from the Schrader Funeral Home of Plymouth, with the Rev. Herbert C. Brubaker, D.D.

Burial was in Parkview Memorial Cemetery.

## Notice of Public Hearing

At the Regular Council meeting, to be held on Tuesday, September 5, 1967, at 8:00 P.M., EDT, at the Village Hall, 25850 Novi Road, Novi, Michigan, a Public Hearing will be held for the purpose of determining the necessity of establishing a Special Assessment District to defray the cost of street improvements to the following:

Grand River Street, Whipple Street, Eleven Mile Road, Clark Street, Stassen Street, Durson Street and Marlson Street, located in Novi Heights Subdivisions and abutting acreage, all in the Village of Novi, Oakland County, Michigan, at which time and place interested persons shall be heard. Dated this 22nd day of August, 1967.

VILLAGE OF NOVI  
Mabel Ash, Clerk

## Smiths Purchase Northville Hardware

The sale of Northville Hardware, 107-109 North Center street, to Mr. and Mrs. Claude Smith was announced this week by Essie Nirider, owner of the hardware since 1955.

Mr. and Mrs. Smith currently own and operate Smith's Sport Shop, 105 East Main. They will move their sporting goods equipment into Northville Hardware and handle sales of sporting goods in conjunction with hardware.

The change in ownership of the hardware becomes effective September 1. Nirider said he will remain to assist the new owners for three or four weeks.

Carl Johnson, local real estate agent, revealed that the Main street building previously owned by the Smiths had been sold to Robert Groves of Birmingham.

The building also houses the Little People's Shoppe and second floor offices. Groves could not be reached for details on the new renter of the sport shop area, but remodeling is taking place.

Nirider purchased the hardware from George Clark. He said he has no plans for the future, but expects to remain as a resident of Northville. He has been active in community as well as retail affairs having served as president of the Retail Merchants Association and the chamber of commerce.

Mr. and Mrs. Smith have owned their sports' shop for the past three years. Smith, a gunsmith, said he will take over active management of the hardware. The Smiths reside at 47850 Seven Mile road.

NEW SWIMMING POOL-Northville high school will open September 5-an estimated four months before completion of the school system's first swimming pool. The new shop and library also will miss the

opening of school, but two new labs and three classrooms reportedly will be ready for occupancy.

## Council Agenda Takes Little Time

Northville's city council whizzed through a brief agenda in two hours Monday night.

Included in the routine of business handle was:

---Notification by the Southeast Michigan Council of Governments of membership fees. The city has expressed its interest in the association of local governments, but postponed action on approval of the \$180 annual membership fee. The fees range from \$100 to \$20,000 annually, depending upon the size of the governmental unit. Councilwoman Beatrice Carlson stated "there are organizations fighting this group".

City Manager Frank Ollendorff recommended payment of the fee, but Councilman Del Black suggested delaying a decision until the next regular meeting.

---An amendment to the zoning ordinance requiring hard-surfaced or dust-free non-residential parking lots was postponed until a suitable definition of the term "useable" is provided by the city attorney.

---Foundry Flask & Equipment company was granted a portion of its request to erect a fence near its Cady street-Park Place plant. But no action was taken on closing Park Place or fencing near Main street until definite plans and greenbelt area are provided.

---The council approved engineering plans for extension of the Detroit water line from Baseline at Grace to a proposed new subdivision in Novi in the North Center street area. A letter was to be prepared by the city manager and attorney indicating the city's interest in the drainage system that must be provided for the area to be served by the water lines. It was suggested that final approval for the water line

could not be given until the drainage was resolved.

---A house-to-house solicitation by Aisac, an organization supporting St. Jude's children's cancer research hospital, was approved for Sunday, September 17 from noon until 2 p.m. In past years the council has declined approval on the basis that the community supports one major drive, the United Foundation.

---Changed the date of the next regular meeting from Monday, September 4 (Labor Day) to Tuesday, September 5.

## Steal Boat To Transport Stolen Motor

Thieves apparently stole a boat to transport a stolen motor across Walled Lake Saturday.

At least that's how Novi police see separate reports of a stolen boat and a motor at 595 South Lake drive Saturday.

The first report, turned in by Richard Shupe of the South Lake address, concerned a missing eight-foot pram stolen from a dock in Walled Lake. A chain tying the pram to the dock had been broken.

Later, a 12-year-old boy seen with the pram said he found it floating in a weedpath along the shoreline.

Still later police learned of another theft, this one concerning a missing 45-horsepower motor from a boat also docked on Walled Lake at 595 South Lake drive. The motor, valued at \$225, has not been recovered.

Police believe thieves used the stolen boat to transport the motor to a secluded section of the lake shore and then carried the motor to their car, abandoning the pram.

## Breaks Leg

A seven-year-old Novi boy suffered a left leg fracture Tuesday in a fall from a tree near Orchard Hills elementary school.

Hospitalized at Botsford General was Scott Fitzpatrick, son of Mr. and Mrs. Harry Fitzpatrick, 41047 Mallott Drive.

# How to Save 10 Seconds: Don't Stop for School Buses

...But it May  
Cost a Life

School bus drivers report that many motorists fail to observe the state law requiring cars to stop when the bus stops. The law holds for both trailing and approaching motorists.  
With school opening soon it's hoped the above portrayal serves as an effective reminder.

Thanks to Charles Kehrer and 12-year-old Scott Stephens for their assistance in staging this picture.

## from the PASTOR'S STUDY

Rev. Roger Merrell  
First Methodist Church of South Lyon

"He that had received the five talents went and traded with the same, and made them five other talents," (Mat. 25:16)

God calls upon us to do the best we can with what we have. The number of our talents is not the important thing; our responsibility is to make the most of what we have, to do our best.

Collis P. Huntington, founder of one of the world's great shipbuilding companies, encouraged his workmen always to do their best. He is responsible

for the following statement displayed on a bronze tablet in the shipyard he founded: "We shall build good ships here, at a profit if we can, at a loss if we must, but always good ships." These words have helped to inspire good workmanship.

The safety and welfare of other lives depend upon how each of us does his work. The best assurance we can give ourselves that we shall do our work well is to consider it as service for others performed as unto God Himself.

### PRAYER

O God, help us to do our best where Thou has placed us, for the happiness and future of others depend upon the care and skill with which we do our work. May we so live and serve this day that we shall hear Thy "Well done, thou good and faithful servant." AMEN.

## NOTICE

There will be a Bible Study and Worship at 2 p.m. Sunday, August 27 at the General Baptist Mission, Gordon and Elmhurst north of Cherry Hill Road, south of Ford Road, two blocks east off Sheldon.

## THE EXPERTS REMIND US:

### NOW IS THE TIME TO PLANT GRASS SEED!

Extension-Research Information  
Department of Information Services  
Michigan State University, East Lansing

### Seed New Lawns Now

One of the hottest times to be out in the yard is between August 15 and September 15. It's also the best time to seed your new lawn.

Weather conditions are ideal at this time, and those hot temperatures are excellent for proper seed germination, according to James Tyson, soil scientist with the Michigan Cooperative Extension Service. Also, there are few hard rains which can wash away the seed during this period.

The soil needs to be moist to develop a good stand of grass. "Don't let the surface soil dry out after the seed once begins to germinate," cautions Tyson.

The development of good turf is much easier with generous fertilizer applications. A soil test will accurately determine just the kind of fertilizer to be used. One pound of nitrogen per 100 sq. feet of lawn should be applied to Kentucky Bluegrass three times during the growing season. Merion Bluegrass requires twice this amount of nitrogen.

Home owners seeding a new lawn this fall can get some timely tips and hints from County Extension Service offices. Just ask for extension folder-211—entitled "Making a New Lawn".

## happiness is a high hill

It had been a long climb. For various reasons, we were all glad to get to the top of the hill. Jackie rolled down, over and over, to the inviting creek at the bottom. Sally bolted off to climb the neighbor's fence and croon to the colts pastured there. Baby saw the buttercups and struggled to get down. Jack dreamed over the rich soil of the south forty, while I was drawn by the tall-spined church in the valley.

We're happy in the home we've built on that hill. We've a dog and a cat and swings for the children. Summers, we race down the hill to cool off in the creek. Winters, we get the sled out and take it singing down the slope.

The kitchen windows frame a lovely view of the valley and our church. On Sunday mornings, when its deep-throated bells call us clearly to worship, we go down the hill together to its doors. We enter reverently and joyfully, knowing that much of our happiness and security stems from God's love.

Wherever your church may be; in valley, on hill, or city street, you will find the same glorious opportunity to sustain and strengthen your faith.

# Our Legislators Report

## Esch...

A bipartisan bill which has been introduced in the House of Representatives will go far in helping some 23 million older Americans on Social Security meet rising living costs.

The legislation was worked out in the House Ways and Means Committee and provides a general increase of 12.5 percent in benefits and a minimum increase of at least six dollars a month. These increases will take effect two months after passage of the bill, which is expected in this session of Congress. Here are some other highlights of the bill:

--Maximum benefits of 168 dollars eventually payable under present law would rise to 189 dollars.

--The amount a person may earn without having his Social Security benefits withheld would be increased from 1,500 dollars annually to 1,680 dollars. I believe this to be only a minimal increase. A good case can be made to eliminate this provision entirely.

--For Social Security benefit purposes, the pay of a person in the armed forces would be counted as 100 dollars a month more than actual earnings. Additional cost of paying benefits would be met from general revenues.

--New Medicaid restrictions are provided to protect the system against the cost resulting from State expansion of services to a large proportion of their populations.

--Incentives to seek work are written in for some categories of welfare beneficiaries.

--The amount of earnings which would be subject to tax and could be used in computation of benefits would be increased from the present 6,600 dollars a year to 7,600 dollars, effective January 1, 1968.

An increase in Social Security payments is essential for our older citizens on fixed incomes. They are tragic victims of the inflation spiral. That is why the Congress must enact increases this session -- and I, for one, intend to do what I can to secure favorable action now.

"And then they tried to lay the blame" is the best way to describe the post-riot mood here in Washington. The Vice President says it's the fault of "Congressional inaction." Vocal civil rights advocates cry "police brutality." The other extreme sees a vast "black power conspiracy." And everybody accuses everybody else of injecting politics into the dispute.

Next come the solutions. Congress and other officials have spewn forth a morass of proposals in a matter of only a few days giving some credence to government critics who claim our elected representatives act only in times of crisis rather than attempting to head off disasters before they occur. The proposals -- some worthy, some not -- unfortunately offer little new and could easily take the form of more executive and legislative studies and more spending to enhance existing structures which have obviously not done the job. Let's hope that's not the case.

Lest I appear to be completely pessimistic, let me point out that, in the midst of blame-placing and solution-searching, we have indeed learned much.

## McDonald...

It took Congress 93 years to effect a change in the method of government for Washington, D.C. And when that change came, the make-up of the governing body reverted back to a similar plan which had been abandoned in 1874. During the three years prior to 1874, the nation's capital was ruled by a mayor and eleven councilmen appointed by the President, plus a twenty-two member House of Delegates and one representative in the United States Congress elected by the D.C. residents.

The new setup will provide a full-time commissioner and a part-time nine-man council, all of whom will be appointed by the President. The powers of the new government will be basically the same as those of the three man commission which is currently responsible for governing Washington. The only new powers will be authority to consolidate existing agencies without congressional approval and transfer money between agencies.

Though Washington remains the Federal City and in the final analysis the real governing power will continue to reside in the President and the Congress, the new system should provide a greater degree of efficiency and present the residents of Washington a form of government similar to that enjoyed by most other cities.

The residents of Washington have long voiced their disapproval of the existing system stating that a three member commission is so wrapped up in the day-to-day operation of the community that there has been little time devoted to establishing lines of communication between the commission and the residents. The troubles which have beset so many of the cities in this country during the last three summers have often been a result of the lack of communication. Increasing the number of government positions will expand the number of listening posts.

The nine councilmen appointed by the President must have been Washington residents for three years prior to appointment while the commissioner is to be the best man available and no residency requirements have been imposed.

Recently, Public Law 90-40, providing for the extension of the Universal Military Training and Service Act, was signed into law by the President.

This Act as it exists does not provide for a standard national criteria on the classification by local draft boards of the men in the draft-liable age group. As a result of the inconsistency in draft classifications some pertinent facts have recently come to light.

As an illustration, permit me to make some comparisons between Michigan and Texas. These two states are similar in many relevant socio-economic characteristics. For example, the median educational attainment in Michigan is 10.8 years; in Texas 10.4 years. In unemployment, Michigan's 1965 level was 3.9%; in Texas it was the same. In 1966, Michigan had an unemployment level of 3.5%; Texas was 3.2%. Yet, despite these and other similarities in socio-economic composition, Texas, with a total population of 10,752,000 (and 1,042,416 men in the draft-liable age group) has had draft calls totaling 15,779 for the past year. Michigan, with a total population of 8,374,000 (and 763,218 draft age men) has had draft calls totaling 16,166 for the past year.

As another example, Pennsylvania with a median educational attainment of 10.2 years is similar to Ohio, with a median educational attainment of 10.9 years. Unemployment in these two states is similar. Pennsylvania's unemployment rate in 1966 was 3.4 percent and Ohio's 3.1 percent. Yet, one finds Pennsylvania with 1,076,396 men in the liable age group -- but drafting only 14,839 over the past year. Ohio (with 992,810 men in the liable age group) has drafted 15,367 in the past year.

Such inconsistency visits a serious

hardship on the draft-liable young men in our state. They, obviously, are expected to pull not only their own weight in the large monthly draft call, but also to pick up the slack for some of the larger states.

In an effort to correct this inequity, I have joined with all of my Michigan Republican colleagues in the House to request the President to investigate these draft allotments and to issue an Executive Order requiring that the classifications be made uniform by all local draft boards.

## Schmidt...

A resolution relative to the "ability to pay" tuition plan adopted by Michigan State university.

Whereas, the board of trustees of Michigan State university has recently adopted a unique tuition fee plan based on a student's family income and ability to pay plan; and

Whereas, This undergraduate resident tuition plan is both unique, unworkable and undoubtedly constitutionally objectionable; and

Whereas, in adopting this unusual tuition fee plan, the Board of Trustees of Michigan State university has attempted to establish a principle unknown by any other institution of higher learning and untried by any other college or university, either public or private, and is unsound because it cannot be determined how much additional funds will be received by Michigan State university under the plan; and

Whereas, Such a plan is unworkable because it fails to substitute a dollar limitation as a guideline for the payment of tuition charges and imposes an additional and undemocratic principle of requiring each student to reveal his family's income, which is contrary to the American basic principles of family secrecy; and therefore be it

Resolved by the House of Representatives, That the members of the House deplore the action taken by the Michigan State university board of trustees in adopting a sliding scale tuition plan based on a family's ability to pay without regard to various individual family factors and without regard to graduate student fees; and be it further

Resolved, that the Michigan House of Representatives urge the Michigan State University Board of Trustees to abandon this tuition fee plan based on the family's income concept; across the board increase or to make adjustments in individual tuition fees based on a set amount and not to be determined by individual family incomes and the graduated scale of one's ability to pay; and be it further

Resolved, that a copy of this resolution be transmitted to the Michigan State university board of trustees.

# NOVI HIGHLIGHTS

## Mrs. H. D. Henderson FI-9-2428

Miss Virginia Race, daughter of Mr. and Mrs. Gerald Race was honored at a pre-nuptial shower last Wednesday evening at the home of Mrs. John Chisholm in South Lyon. There were approximately 35 friends and relatives present.

Mr. and Mrs. Erwin F'Geppert and daughters Noel and Sue and their little houseguest, Ellen McCaslin have just returned from a week's vacation at the home of Ellen's parents, Mr. and Mrs. Daryle McCaslin in Virginia (Danville). They also spent some time with Mr. and Mrs. Ray Southard at Oakridge, Tennessee.

Mr. and Mrs. Russell Taylor Sr. helped their granddaughter, Patty Sue, daughter of the Russell Taylors Jr. to celebrate her 5th birthday August 21.

Mrs. Ora Shaw, mother of Mrs. Russell Taylor Jr. passed away Sunday morning after a long illness at her home in Farmington. Mr. and Mrs. Shaw were former residents of Novi.

Mrs. Hattie Garlick and her friend, Mrs. Daisy Roberts of Detroit were entertained for several days last week by Mrs. Roberts' son-in-law and daughter, Mr. and Mrs. James Thomson. The places they visited were on a trip to Canada.

Orville Whittington flew to Lincoln, Nebraska where he will spend a week with his mother.

Don't forget Gala Days coming up this coming Saturday and Sunday August 26-27 at the Novi Community hall and school grounds.

Mrs. Hadley Bachert is on the sick list at her home on Fonda street.

On Tuesday Mrs. George Atkinson and Mrs. Hattie Garlick attended the funeral of Mrs. Clayton Doyle at Marlette. Mrs. Doyle was the aunt of Mrs. Atkinson and the sister-in-law of Mrs. Garlick.

Mr. and Mrs. Glen C. Salow spent this past weekend at their cabin near Lewiston.

Sunday dinner guests of Mr. and Mrs. James Mitchell were Mr. and Mrs. Donald Gilcrest of Pontiac and Mr. and Mrs. Hantz Frommert of Rochester.

Among the returning vacationers were Mr. and Mrs. Robert Hansor who spent last week at Otter Lake in Canada. Their children also had a good time staying with their grandparents, Mr. and Mrs. William Hansor during the absence of their parents.

Mrs. William Barber of Pickford, in the upper peninsula recently spent a week with her mother Mrs. Hiram Holmes and she also visited her father who is very ill at the University hospital in Ann Arbor.

Mr. and Mrs. Hames Haas and family of West Grand River attended the Orville Donaghue family reunion in Redford. Mr. and Mrs. Donaghue are the parents of Mrs. Haas. Out of state relative who attended the reunion was Mrs. Bernice Donaghue of California. There were approximately 60 relatives present.

Mr. and Mrs. Louis Tank have just returned from Cleveland, Ohio where they attended the golden wedding anniversary of Mr. and Mrs. Andrew Black. The open house, which was a complete surprise, was promoted by the three sons of Mr. and Mrs. Black. On their return trip Mr. and Mrs. Tank stopped off in Toledo, Ohio to visit the latter's sister and her husband, Mr. and Mrs. E. Straughnan.

Miss Cynthia Farah, daughter of the Herbert Farahs will become the bride of Skip Klocke of Novi at the Salem Lutheran Church in Detroit on Saturday, August 26 at a 7 o'clock ceremony.

The Gerald Race family and Mr. and Mrs. Russell Race Sr. attended the wedding of Linda Race, daughter of Mr. and Mrs. Russell Race Jr. and Steve Fisher, Saturday afternoon at the Methodist church in Greenville and the reception which was held at the country club following the ceremony.

On Sunday Mr. and Mrs. Russell Race attended a dinner party at the home of Mrs. Roger Mash in the Twin Village subdivision honoring Mrs. Mash's aunt, Mrs. Wendall Ramsmeier of La Crecenta, California. There were 50 guests present.

James Lyon, son of Mr. and Mrs. Russell Lyon of Novi road, entered the service August 10 and he is stationed at Fort Knox for basic training.

Mr. and Mrs. Edward Rix of Plymouth and Mrs. Harold Henderson attended the wedding of Mrs. Henderson's grandniece, Donna Pender and Gary Forte at the Methodist church in South Farmington Saturday evening. They also attended the reception at Devon Gables.

Mrs. Harold Henderson spent a couple of days this week visiting relatives in Webberville and Fowlerville. WILLOWBROOK NEWS

Weekend houseguests of Rev. and Mrs. Arthur Norris were Mr. and Mrs. Raymond Merz and children Gregg and Lisa of Troy, Ohio. Mrs. Merz and the children will remain as houseguests for the rest of this week.

Sunday afternoon visitors at the Norris home were Mr. and Mrs. Sheldon Redlinger of Erie, Michigan and Mr. and Mrs. Ken Norris of Ida, Michigan. Mr. and Mrs. L. C. Richardson took a trip to Algonac on Sunday where they had dinner at Sid's.

After three weeks of vacation at their cabin at Paradise, in the upper peninsula, Mr. and Mrs. Errol Myers

returned to their home in Willowbrook Sunday evening. Guests at the Myers cottage were Mrs. Myers' brother-in-law and a friend from Mundellian, Illinois.

Mrs. Vern Pierce of Pinellas, Florida is visiting her daughter, Mrs. William Beadle and her other children in Detroit for a few weeks this summer.

September 12 is the date that the Willowbrook Community Association will meet and have their annual election of officers.

## E.U.B. WILLOWBROOK COMMUNITY CHURCH

Saturday, October 26 the Youth Outing which was canceled this past week, will be held first by meeting at the church at 7 o'clock and then taken to Lakeside Camp. Be sure to bring bathing suit and sack lunch. Beverage will be furnished.

Saturday evening the married couples of the church are invited to a burger and corn roast at the home of Mr. and Mrs. Harold Firebaugh at 8:30 p.m. For reservation call Norma Firebaugh, or Audrey Blackburn 474-8504.

Next Sunday morning a 10 o'clock morning worship service will observe the Sacrament of Holy Communion.

Sunday evening August 27 the final Vesper service will be held at Lakeside Park at 7 p.m.

## HOLY CROSS EPISCOPAL MISSION

More and more vacationers are re-

turning and are welcomed back into the church.

Rev. and Mrs. David Christianson and son were the guests of Rev. and Mrs. John J. Fricke and attended church on Sunday. Rev. Christianson graduated from the seminary at the same time as Rev. Fricke and he now has four churches on the Indian Reservations in Minnesota.

The E.C.W. is still looking for bazaar items. Contact Mrs. Betty Johns. The bazaar will be held some time in November.

Mrs. Berna Nash and her mother, Mrs. Mary Sturman are still both on the sick list.

## NOVI METHODIST CHURCH

The Daily Vacation Bible school this past week was well attended.

Rev. Mitchinson and a group from the church held services at the Whitehall convalescent home Sunday afternoon. After the summer vacation, choir rehearsal was resumed Wednesday evening, August 23 at 7:30 p.m. in the church.

Next Sunday, August 27 is promotion day for the church school. The service will begin at 9:30.

## NOVI BAPTIST CHURCH NEWS

Sunday after the evening service there will be a dessert social honoring the young people of the church who are going away to college. They are: Bob Lorenz, Steve Lorenz, Rex Story,

Dave Clark, Sandy Thomas, Gloria Bugni, Phil Presnell, Donna Tate and Judy Button.

The Baptist Sunday picnic was held at Cass Benton Park on Saturday with 40 young people and children present. Ten young people took the Monday night cruise to Bob-Lo.

This coming weekend the young people, numbering 10, plan to take a canoe trip down the Au Sable River for a 6 hour trip beginning at Roscommon. Some of the young people will leave Thursday night and others on Friday and they will return Saturday night. The Vera Vaughn Circle will continue their canning project for the Southland Bible College on Thursday (today). They will be at the church at 9 o'clock a.m.

## BOY SCOUT NEWS

Novi Boy Scout Troop #54 will take part in the Gala Days August 26 and 27. They will have a camp site set up and a camp display. All are welcome to visit the camp site, view the display and ask questions regarding scouting.

## NOVI HIGH SCHOOL BAND

The first of the pre-school rehearsals will be held on Monday, August 28 from 10-12:00 a.m. and will continue every day through Friday, September 1 (school starts on Tuesday, September 5). The first hour (10-11) will be devoted to a playing rehearsal inside, hopefully in the new band room. The second

hour (11-12) will be spent drilling on the football field.

Varsity football players who expect to be playing in the games are not required to attend the marching drills but will be expected to be at the playing rehearsals each morning from 10-11.

In a short time the Novi High school Wildcat Marching band will be beginning its 1967 season.

Uniforms will be handed out to you on one of the pre-school rehearsal days. Only expense will be to purchase a pair of white gloves and a pair of white spats which are available from the school for \$2-3.

## Bulldozer Runs Over Workman

Making an adjustment beneath a large bulldozer Thursday afternoon, a Walled Lake man was seriously injured when a fellow workman started to drive it away.

The vehicle stopped as John Prieskorn screamed, pinning and crushing his legs. He was rushed by ambulance to University hospital. The accident took place at the Munn Contracting company landfill at 50250 Eight Mile road.

According to Novi police, Michael Bodnar of Detroit did not realize that Prieskorn was beneath the dozer when he climbed aboard to drive it away. The motor was running and he probably did not hear the sound of the repair work, police said.

Only the fact that the earth was "spongy" saved the man from even more serious injury. As it was he suffered severe fractures.

## Legal Notices

STATE OF MICHIGAN  
Probate Court  
County of Oakland  
No. 93,741

Estate of ALBERT L. BUCKS Deceased.

It is ordered that on September 12, 1967 at ten a.m. in the Probate Courtroom, Pontiac, Michigan a hearing be held on the petition of Elizabeth A. Dunn formerly Elizabeth A. Legato for the admission to probate of an instrument purporting to be the Last Will and Testament of said deceased, and for the granting of administration of said estate to petitioner the executrix named therein or to some other suitable person and to determine who are or were at the time of death the heirs at law of said deceased.

## New Uniforms Arrive

# Band Practice Starts Monday

Band practice for the Novi high school will begin Monday, Director Keith Rolston has announced.

Students will practice about two hours daily, he said, in preparation for the first performance at the September 22 football game here with Whitmore Lake.

With 82 new uniforms now on hand, students will be issued uniforms during the first week of practice.

The high school concert band, he said, probably will include "about 72" members, but because a number of bandmen will play football the marching band for fall games will consist of only 64. Football playing bandmen, however, will be issued uniforms and will participate in Band Day at the University of Michigan.

In addition to the concert band, Rolston anticipates a 50-piece eighth grade band and a 45-member seventh grade band. The latter will include mostly beginners who got in a month of practice at the sixth grade level prior to the closing of school.

Bandmen will be occupying sparkling new quarters in the high school addition, which features among other things a stepped band room with special acoustical apparatus and sound equipment.

The first meeting of the Band Boosters club is slated for September 12. Boosters will handle the football concession stand this year, Rolston said.

UNIFORMS ARE HERE—Novi band uniforms, the first ever, have arrived and are awaiting bandmen who will begin a daily two-hour practice session Monday. According to Band Director Keith Rolston, who inspects the new uniforms,

the only items missing are plumes for the hats and boots for the drum major.

## Ironed With A Dryer

Shirts, slacks, sheets, pillow slips, blouses, skirts — if they're made of durable press, you can forget about ironing them — that is if you have a new gas dryer!

The gas dryer provides an exact temperature that prevents overheating or overdrying, and it has an automatic setting that's designed especially for these miracle fabrics. Your durable press garments dry with a professional "finishing touch" that completely eliminates the ironing board.

Why not see your gas appliance dealer today? While you're there have him show you the automatic settings that do your ironing for you!

## News Around Schoolcraft

Nearly 100 apprentices and journeymen from manufacturing firms in north-west Wayne county "got the word" last week at an orientation session at Schoolcraft college as they prepared to start a three-and-a-half to four-year educational program geared to their trades.

The newcomers will join nearly 300 other apprentices and journeymen already enrolled in the fast-growing Schoolcraft program when school opens on August 31.

Sponsored by about 150 manufacturing firms in the area, the apprentices receive classroom instruction related to one of 23 different manufacturing trades.

From now until he completes the required 11 semesters of study, an apprentice enrolled in the program will spend a recommended minimum of four hours a week in class, studying just like any other college student.

If he follows the recommended pace, an apprentice can complete his classroom training in about three and one-half years by going to college three semesters a year.

At the orientation session last Tuesday night (Aug. 15) Schoolcraft Apprenticeship Coordinator Ronald J. Montette told the newcomers:

"The courses you will be taking are designed to permit you to succeed in your trade. Each program is tailor-made to your needs. Your employer, in many cases with the active cooperation of your union, has agreed to take part in the program by sponsoring you for this training.

"But your success is up to you, and will depend on how well you apply yourself. Good luck."

The apprentices also heard welcoming remarks from Dean of Technical-Vocational Instruction Jon P. Adams, and Fred Stefanski, director of the college evening program.

Following the orientation session during which procedures used in the program were explained, Montette and Joseph Yuhasz, one of the 17 instructors assigned to the program, assisted enrollees in scheduling classes.

The Schoolcraft apprenticeship program has grown in one year from an initial enrollment last fall of 135 to an anticipated enrollment of about 400 this fall. A total of 36 classes have been scheduled for the fall term, most of them during the evening.

The program provides related instruction in 23 manufacturing trades in four main areas.

### SAFETY-MINDED HOMEOWNERS...

make sure that heating systems are in good condition and that electrical circuits are not overloaded. They practice good housekeeping too, so that fires can't find a place to start.

### SAVINGS-MINDED HOMEOWNERS...

recognize the value of a State Farm Homeowners Policy... the low-cost, package policy that provides all the protection most homeowners will ever need for home and belongings... plus protection for themselves in case of lawsuits. If you're savings-minded, but need big protection too, ask me about a State Farm Homeowners Policy

# Northville Gets 40 New Teachers

Of the 139 teachers who will staff the Northville public school system this fall 40 of them will represent replacement or new positions.

According to Acting Superintendent Raymond Spear, one junior high school shop position and possibly two elementary teaching posts remain to be filled. The latter two are for posts resigned by teachers - after the deadline for submitting resignations - so unless replacements are found the board of education probably will not accept the resignations, Spear said.

Following is a list of new or replacement teachers and the posts they will fill:

Robert Benson, high school math; George Berryman, instrumental music; Joyce Brodien, elementary; Frances Chambers, high school; Diane Cooley, elementary; Susan Decker, elementary; Judith Dickinson, elementary; June Emerson, visiting teacher; Laura Eschelman, elementary;

Barbara Fenzl, junior high school social studies; Jean Findlay, elementary intern; English; Sandra Finn, elementary music; Nancy Gray, elementary; Larry Greenway, Type A; Ann Haase, elementary; Jamie Haley, junior high; Norman Hanneveld, junior high; Phyllis Hinkel, elementary music; Harold Hooten, junior high; Shirley Hosler, elementary; James Hudson, high school; Judith Humphreys, elementary;

Karen Janchick, elementary; Peter Johnson, junior high school math; Larry Krabill, junior high; Marilyn Kaestner, kindergarten; Barbara LeBoeuf, high school; Stanley Markavitch, speech correction; William Mills, elementary; Alta Olson, high school; Dennis Palmer, high school biology;

Eleanor Richardson, elementary; Muriel Ross, elementary; Cecilia Rohrer, elementary; Wayne Saunders, high school; Irene Taylor, junior high school music; Michele Whitaker, elementary; Charles Yahne, high school (returning from leave of absence); Mariann Zander, elementary art; Coral Zalma, elementary intern.

## Here's List For Novi

Following is a list of new teachers in the Novi School system. Two positions remain to be filled, one an English post at the senior high level and the other a math post in the junior high school.

Nathan Charney, sixth grade at Novi elementary; Nancy Alice Hoffman, high school English; Mrs. Maralan S. Haseltine, high school Spanish/social studies; Mrs. Rosemary Crippen, high school French/Spanish; Peggy L. Shabro, high school art; Mrs. Evelyn L. Jones, first grade, Novi elementary;

Mrs. Mary Ludsten, elementary music; Mrs. Irene McCormick, fifth grade, Novi elementary; Malcolm McQuillan, high school counselor; Norman Norgren, high school history; Morris Risenhoover, high school vocal music/English; Jeanne Reitz, high school general science; Mrs. Sherry Shindler, third grade, Orchard Hills;

Jeanne Mae Laverty, third grade, Orchard Hills; Mrs. Sheron Snyder, high school chemistry/math; Mrs. Carol Sullivan, high school librarian; and Mrs. Dorothy VanSickle, third grade, Novi elementary.

## 'Molester' Film Seen in Township

A film, The Child Molester, was to have been shown Wednesday, August 23 at Northville township hall beginning at 8 p.m.

The film was arranged for showing by Northville township mothers through the cooperation of the Harry J. Will Funeral Home of Detroit.

According to a spokesman, the factual film was taken from the files of the Ohio state police department. It describes crimes against children in such a manner as to make it understandable to both children and adults.

It provides instructions for children and adults so that parents are shown the dangers and how to instruct their children as well as pointing out dangers to children and how they should react to them.

Questions and Answers

What is the approximate number of servings of boneless cooked meat one may expect from a roast with bone?

Generally a six-pound roast, for example, with the bone in will yield about half its weight in boneless cooked meat. That quantity will provide six to eight servings.

## Schoolcraft Nearing Accreditation Goal

Schoolcraft college has cleared another major hurdle in the lengthy accreditation process with the announcement that the North Central Association of Colleges and Secondary Schools has accepted without reservation its year-long self-study.

Dr. Eric J. Bradner, Schoolcraft president, said the regional accredita-

tion association informed him that its executive board accepted the self-study earlier this month and has authorized an accreditation examination for the college.

The examination, involving an inspection visit by a team of qualified educators, is to be scheduled sometime between December 1, 1967, and January 31, 1968.

"We are much encouraged by this latest development," Dr. Bradner said. "The acceptance without reservation of our self-study is a tremendous complement to the college and particularly to the members of the faculty who worked for one year developing and preparing the material contained in the study."

Schoolcraft had been admitted to candidacy by the North Central a year ago following a preliminary inspection and the self-study was the first major step required in the final, critical phase of the accreditation procedure.

Had the NCACSS raised questions about the study, the college would have had the option of deferring its accreditation attempt or of pursuing the effort after making indicated improvements.

The inspection team, yet to be named, will submit a report and a recommendation on accreditation to the NCACSS in February. A final decision on Schoolcraft's accreditation will be made by the NCACSS at its annual meeting in March.

Between now and the time of the inspection visit, the college will be required to complete a series of forms covering basic institutional data which provide information pertinent to accreditation.

The self-study which paved the way for the inspection visit was developed by seven major committees composed of some 50 faculty members. The study was coordinated by Dean Emeritus Lois L. Waterman.

Schoolcraft has been accredited by the Michigan Commission on College Accreditation since 1964, when the college opened. College credits earned at Schoolcraft have been accepted for transfer by all four-year institutions in the state.

"We stand now at the threshold of full accreditation by the North Central," Dr. Bradner said. "Assuming the success of our efforts, attainment of this status next spring will mean the college will have joined the select company of accredited institutions in the shortest time possible under North Central requirements."

## Offers Course In Computer

The ability to talk to a computer in a language it can understand is one which is much in demand by industry, and in the coming fall semester, Schoolcraft college will offer training in Data Processing.

Oscar Poupart, an instructor with 15 years experience in the field, has been brought to the campus to instruct students in what he terms a "Hands-On Program," one which will utilize the new computer, an IBM, Systems 360, Model 20.

One of the main reasons why such a program has been brought to the college officials explained, is that the United States Department of Labor has reported that, in 1965, 250,000 persons were employed in the field of data processing, but, by 1980, 10 million persons will be in this type of employment. Various industries in the area have already made known their urgent need for graduates trained by Community Colleges to perform this work.

Poupart said the courses will include instruction in the variety of languages developed to program computers. Training in four of the widely used languages will be emphasized, and, secondly, the problems dealing with writing programs and the searching out of problems which might arise will be included.

The various courses offered will be slanted toward commercial applications, or toward the business world.

## Municipal Court

Nine men were arraigned and fined in Northville Municipal Court last week.

Fined for being minors in possession were Irwin Louis Panter, of Detroit and Joseph LeRoy Bell, of 593 Grace street. Panter entered a plea of guilty and was fined \$25 plus court cost. Bell also pleaded guilty and was fined \$30 plus court cost.

Three men were fined for disorderly person/drunks. They were Joe Louis Lamire, who entered a plea of innocent but was convicted and fined \$50 plus court cost; Ronald Erwin Jones, 640 Reed Court, who pleaded guilty and was fined \$10 plus court cost; and Richard Lewis Tarrow, Livonia, who also entered a plea of guilty and was fined \$50 plus court cost.

Fined for traffic infractions were Christopher Paul Dulas, 623 Fairbrook street, Denis Richard Jones, 46155 West Seven Mile road, and Roger Bruce Smith, 445 Grace street.

Dulas was fined for excessive muffler noise at West Main between Wing and Rogers. Cost was \$10. Jones was fined \$100 for reckless driving at West Main between Wing Street and Seven Mile. Smith was fined \$25 for failure to yield right of way and causing property damage.

Charles Vernon Young, 146 North Center street, was charged with driving under the influence of liquor May 5. At the time of arraignment he pleaded innocent. Trial date was set for May 9, and he was placed under a \$100 bond. He failed to appear at his trial, however, and his bond was forfeited. A bench warrant was issued for his arrest the same day. The defendant appeared voluntarily at the Northville Police station August 15, and he entered a plea of guilty as charged. He was fined \$100 plus two days in the Detroit House of Correction.

## Novi Justice Court

Three Detroit youths and one from Union Lake were tagged with healthy fines in Novi justice court Thursday on drinking charges.

Judge Robert K. Anderson handed out the fines when Terrell Broughton, Leopold J. Davis and Frank D. Lawrence of Detroit and Dennis R. Bakery of Union Lake pleaded guilty of being minors in possession of alcoholic beverage at the intersection of 12 Mile and Novi roads.

Broughton and Bakery were fined \$25 each, and Davis and Lawrence, repeat violators, were given stiffer fines of \$100 each.

Jack H. Rogers of 1209 East Lake drive, who pleaded innocent upon arraignment for violation of the village fire burning law, changed his plea to guilty at his trial and was fined \$40.

Fined \$20 for operating a car with a noisy exhaust was Benny Neal of Detroit. Earl J. Faraday, 315 Duana, pleaded guilty to a reduced charge of careless driving and was fined \$100.

For soliciting without a village per-

## Novi Gets Rubble

Dumping rubble from the Detroit area in Novi cost a Lincoln Park trucker \$100 last week.

Donald E. Hutchins paid the fine in lieu of a jail sentence in justice of peace court proceedings Thursday before Judge Robert K. Anderson.

Police nabbed the driver after he dumped rubbish at 24615 Novi road from a tandem truck on August 11.

## Holstein Tested

Brattleboro, Vermont — Iseelt Anne Laura 6044162, a two-year-old registered Holstein cow owned by Frank F. Geiger & Sons, South Lyon, has produced a noteworthy record of 16,480 lbs. of milk and 557 lbs. of butterfat in 365 days.

Michigan State University supervised the production, weighing, and testing operations, in cooperation with the official breed improvement programs of the Holstein-Friesian Association of America.

This level of production may be compared to the average U.S. dairy cow's estimated annual output of 8,513 lbs. of milk containing 315 lbs. of butterfat.

**PURINA!**

Horses really go for Purina. Now you can choose from two great Purina horse feeds—new Purina Horse Chow Checkers with built-in hay or Purina Omolene, a favorite of horsemen for almost 50 years.

Purina Horse Chow Checkers are a revolutionary idea in feeding horses. The hay is built in, eliminating the fuss and muss of hay. For those who prefer to feed hay there's the horsemen's standby—Purina Omolene.

We offer both of these research-developed Purina horse feeds in handy 50-lb. bags at our store with the Checkerboard Sign.

## Eliminate peak winter heating bills!

We'll estimate the total amount of Gulf Solar Heat® oil you'll need for the season, then divide the total into easy, equal monthly payments.

It's the easiest thing on the pocket-book today. No interest, no carrying charges. And no peak, mid-winter heating bills to face.

For convenient, equal monthly payments on Gulf heating oil and equipment service, call us today.

## English Travelogue on Tap First

# Rotary Slates Adventure Series

The Northville Rotary club this week announced the cast of its seventh annual travel and adventure series, which will feature six artists presenting color motion picture travelogues narrated in person.

The series begins Wednesday, October 18 with Jonathan Hager presenting "London to Land's End". Each of the travelogues will be shown at the Northville high school auditorium on either a Wednesday or Thursday evening.

Rotary Chairman Dick Lyon said that tickets, which will cost \$6 for a season ticket, are now available from all Northville Rotarians, or at the C. Harold Bloom Insurance Agency, Northville Drugs, Travel Plans, Northville Insurance Agency, Manufacturers National Bank or The Northville Record.

In addition, Lyon said that members of the Northville high school band will be selling the travel series tickets and will receive a commission for their band fund.

Other artists who will appear in the 1967-68 series are Joe Adair, Robin Williams, Romain Wilhelmsen, Leroy Crooks and Ed Lark.

All programs will begin at 8 p.m. The artists and their programs are as follows:

Jonathan Hager, "England from London to Land's End", Wednesday, October 18 --

Mr. Hager was a newspaperman for more than 20 years. As London correspondent for The Stars & Stripes, he covered the coronation of Queen Elizabeth and wrote a guide book for American servicemen on the Cities of the British

Isles. He is a former sports writer, police reporter and feature writer. For eight years he was Picture Editor of the St. Louis-Globe-Democrat. With an undiminished zest for travel and adventure, he now devotes his entire time to the lecture platform and to the production of travelogues and educational films.

He made his first tour of England in 1949 -- on a bicycle, and has visited every English county as well as 30 countries in Europe and North Africa. A graduate of the University of Missouri School of Journalism, he is married to a former British newspaperwoman, Mary Munro.

"London to Land's End" captures in an intimate color portrait the land and people that contributed the most to the making of America. Great cities, quaint villages, rolling downs and rugged coasts are revealed in all their charm and glory. The English, young and old, at work and play, come to the screen in a person-to-person tour of the region between the River Thames and the English Channel.

The film opens in London with spectacular views of Piccadilly Circus, Trafalgar Square, the Houses of Parliament, Westminster Abbey, St. Paul's Cathedral, and the Tower of London. Crowds throng the colorful street market in Petticoat Lane, while children enjoy a puppet show at the famous Little Angel Theater or play happily in Kensington Gardens.

A close look at historic Canterbury Cathedral and a visit with an unusual blacksmith-artist are followed by a

hilarious sequence on lawn bowling and a journey to Portsmouth, where rare close-ups show Queen Elizabeth disembarking from the Royal Yacht.

Other highlights include a thatcher at work, a personally conducted tour of his stately home by the Marquess of Bath, and visits to Wells, Plymouth and some of England's most picturesque villages. This colorful and exciting journey ends in London, for a fashion show at Hardy Amies, dressmaker to the Queen, and the Changing of the Guard at Buckingham Palace.

Joe Adair, "Norwegian Panoramas", Thursday, November 30 --

Mr. Adair is one of America's youngest travelogue lecturers. However, he has lived, worked, or traveled in 30 countries on five continents, and his love of people and his capacity for absorbing new and varied experiences will equip him for his profession. He is a graduate of the State College of Iowa and its graduate school. He was a contributing author to the book Letters from the Peace Corps, an organization in whose ranks he has served in Africa.

Two of the scenic wonders of the world belong to Norway -- the fjords and the midnight sun. Nature, in a frenzy of creativity, has wrought an incomparable blend of earth and sea. "Norwegian Panoramas" encompasses the vastness of Norway and the moods of her people. From the fragrant fjords in springtime to the forbidding but fascinating northlands, Norway offers great variety and diversity of latitude and scenery. And in the activities and pur-

suits of her peoples, we find a zest for life coupled with spontaneous hospitality for the visitor. The magic of the color camera carries us along from lofty mountains to fertile valleys, from towering waterfalls to sleepy glaciers, and from busy south to far, frigid north as we sample the unique and fascinating flavor of Norway. The scenic splendor of the "Land of the Midnight Sun" is surpassed only by the promise of a wonderfully warm reception by the hospitable Norwegians who take a personal interest in the success of our visit. A youthful and fun-filled view of Norway is portrayed in this spectacular film.

Robin Williams, "Austria", Wednesday, January 10, 1968 -- Mr. Williams is an enthusiastic and vibrant young fellow who makes his home in Laguna Beach, California and began his education in the Laguna Beach Public Schools. After attending private schools, he advanced his education at Orange Coast College and the University of Arizona, in Tucson. After touring Europe in 1958, he organized tours around the world, the Mediterranean, and cruises on the chartered yacht "Wigeon of Fern". His business experience consists of being the Owner-operator and originator of Coast Delivery and Phone-a-meal in Laguna Beach and Honolulu.

Austria, even in its geography, roughly shaped like a key, is in many respects a key country of Europe. For centuries Vienna, at the crossroads of the Continent, has been its cultural capital. Seat of empires, fought over, won and lost, setting for royalty, and more recently as an escape channel to the West, Austria has been a key to much of Europe's greatness. In this all-color motion picture, the past of Austria is unlocked and we peer into its future. In sweeping panorama, Austria unfolds from the Alps to Zell am See. From the highest village in Europe to the beautiful banks of the Danube, there is a procession of magnificent scenery, art, people and history. From its great traditions of imperial splendor, Austria is portrayed as it was under cen-

turies of Hapsburg rule, to its proud status as a peaceful democracy today. Half surrounded by communist countries, it is a key example of an eminently successful democracy at the very edge of the Iron Curtain.

Romain Wilhelmsen, "Timbuktu and Beyond" (Africa), Thursday, February 5, 1968 -- Wilhelmsen's residence is in East Lansing. He attended St. Joseph's College, in Indiana, and is a graduate of Pasadena Playhouse, California -- training school for the stage. He started his film-lecture career in 1953, and, to date, has completed seven lecture films. He estimates that he has appeared, in person, before more than 2,000 audiences. Starting his professional career on the stage, he enjoyed two successful seasons on Broadway. Having adventure and exploration in his blood, he left the theater and at that time became interested in the "wild" parts of Mexico, Central and South America.

Timbuktu and Beyond begins in deepest Africa, west of the Mountains of the Moon and last of the old slave pens of Dakar is the ancient city of Timbuktu, as remote as Tibet, as legendary as Carthage to the north. A thousand years ago this city was one of the two most important cities of inner Africa. Yet today there is a majority of people who believe there is no such place. In 1963 France gave up her centuries old colonies in French Equatorial Africa. New independent nations with improbable names, such as Senegal and Mali, were formed. Through these countries with their strange and colorful customs, Wilhelmsen traveled to reach the fabled Timbuktu. There were the Tarzan-like jungles along the Niger River and dead silence of the Sahara Desert, the pagan mosques of Mopti and the awesome crags of the Atlas Mountains, lands only now emerging on the map of history after a thousand years' sleep. And north of Timbuktu, way out in the vastness of the Desert is the Oasis of Tafilalet. Not far from there is the so-called "Lost City of Af-

SPEAKING

for The Record

By BILL SLIGER

There's more than one reason why the city council of Northville called for a report from City Attorney Marvin Stempfen on the power of the city to condemn.

But the one they're admitting right now was expressed by Councilman Charles Lapham. The alert young businessman noted that condemnation is generally not considered desirable, but with the amount of development planned for the area "the city must explore all avenues for development within the business district rather than forcing business outside".

He pointed to a number of shopping centers of varying sizes on the planning boards for future development on Northville's borders. "Unless we can show developers a package within the city, we'll lose our identity", Lapham explained.

Stempfen told the council it possesses powers of condemnation under both state and federal law.

For purposes of planning land may be obtained under the urban renewal act. This method requires from six to eight months, the attorney explained.

Another method, abatement of non-conforming use, is also open to the council. In this instance, a building may be condemned if its use is non-conforming to the area as presently zoned (residential in a business district, for example).

Attorney Stempfen also noted a "quick take" method that prevents one property owner from blocking a desirable community development.

But he emphasized that condemnation provides for "payment of reasonable compensation" to the property owner based on present market value as determined by three qualified appraisers.

\*\*\*\*\*

The importance of the council's exploration into condemnation procedure lies in the fact that it reveals its determination to move forward in a

program of improvement of the central business district.

For years the planning commission has been outlining a master plan for parking and commercial development; a plan that is designed to maintain the identity of the city's business district against the threat of bordering shopping centers.

Meanwhile, the Northville Area Economic Development Corporation has been quietly acquiring business area property as it becomes available. It has, in fact, put together a "package" that has attracted the attention of major commercial developers.

While no definite commitments have been reached, there's new enthusiasm and confidence that new and desirable private enterprise can be attracted to the community.

The secret has been the ability of the non-profit development corporation to acquire property at fair prices, and then hold it for useful redevelopment without a profit objective.

Outside promoters have expressed surprise and delight at the existence of such an organization that eliminates the need for negotiations with a number of private property owners.

Those close to city planning are excited about the prospects of new development. They can see fruits of their efforts and they are gaining reassurance in their objectives.

Instead of slipping, their sights have been raised a level and it is not likely that a "second class" development will be accepted just for the sake of promoting business activity.

The development committee, planners and city officials and councilmembers who have devoted countless hours to the improvement of the community's business district deserve both support and encouragement in their efforts.

The support, especially, may be needed as specific projects come forward for official approval.

Red Cross Says Thanks for Blood

To the Editor:

The Southeastern Michigan Red Cross Blood Program would like to

**EDITOR'S NOTE:** This newspaper welcomes letters to the editor. We ask that they be received at this office by Monday noon for publication the same week and that they be limited to 500 words. All letters must contain the signature of the writer, but names will be withheld on request. This newspaper reserves the right to edit letters for brevity and to avoid profanity or libelous statements.

thank the many generous donors who responded to our plea for blood during the recent crisis.

Standing in line to donate on a hot day is not the most pleasant way to spend an afternoon, but close to 4,000 people did just that, without complaint.

Over 3,000 pints of blood collected kept our hospitals in adequate supply of blood. Of that, 567 pints were used by hospitalized riot victims.

Again our most sincere thanks to donors who made this possible.

Sincerely yours,  
Frank R. Ellis, M.D.  
Director  
Southeastern Michigan Regional Red Cross Blood Program

SELF ANALYSIS QUIZ

How Do You Rate As A Teacher?

By Jane Sherrod Singer

It has generally been acknowledged that teaching is one of the most subtle arts because it is involved with dealing with the intangible mind and soul. It is not, nor cannot be, an exact science, yet research and observation give us some clues as to the characteristics of a good teacher. How would you answer the following questions?

	YES	NO
1. Are you prone to lecture to your classes telling them what is right and what is wrong?	( )	( )
2. Do you maintain high standards of dress and conduct for yourself?	( )	( )
3. Do you enjoy teaching?	( )	( )
4. Are you well-prepared for each class session? (Materials as well as your command of subject matter)	( )	( )
5. Have you devised ways of making your students want to learn?	( )	( )
6. Do you know your students physically, mentally and spiritually?	( )	( )
7. If you cannot answer a question, do you try to bluff your way out of the situation?	( )	( )
8. Do you encourage each child to compete with himself rather than with others?	( )	( )
9. Do you avoid putting a child or children		

- DESIRABLE ANSWERS:
1. NO "Telling is not teaching." The truth must be arrived at by the learner through the guidance of the teacher.
  2. YES "Whatever you would have your children become, strive to exhibit in your own lives and conversations." (Lydia Sigourney)
  3. YES: It is seldom that we do well what we dislike. If you do not enjoy teaching, try to make your contribution to society in another field of endeavor.
  4. YES: "The secret of successful teaching is to teach accurately, thoroughly and earnestly; this will impart interest to instructions and awaken attention to them." (C. Simmons)
  5. YES: "Do not train young people to learn by force and harshness; but direct them to it by what bemuses their minds, so that you may be better able to discover with accuracy the particular bent of the genius of each." (Plato) "To awaken interest and kindle enthusiasm is the sure way to teach easily and successfully." (Tyron Edwards)
  6. YES: "Be understood in thy teaching, and instruct to the measure of capacity. Precepts and rules are repulsive to a child, but happy illustration wins him." (Tupper)
  7. NO: A popular preacher once said, of his pulpit efforts: "I always roar when I have nothing to say." The statement, "I do not know, but let's find out together, works like a charm."
  8. YES: When a student himself wishes to improve, half the battle of learning is accomplished.

Top of the Deck

by JACK W. HOFFMAN

Someday, I've always imagined, my sons will streak across the finish line, pull in a touchdown pass, or blast the ball over the fence. So it was with a mixture of chagrin and sorrow that I fielded an explanation of my oldest the other day.

His mother had just clamped a hand over her mouth upon seeing the gapping holes in the knees of his pants when I came to his defense. "He told me he was playing football," I said. "So long as he learns the game, he can rip all the holes he wants. It's all part of becoming an athlete."

Then turning to my hero I said, "So you've been playing football? That's great. What position were you playing?"

"I was the guy with the bat."

Struck dumb, I was slow to recover. The snickering of my wife brought me to my senses. "Laugh," I said, "go ahead and laugh. I want athletes and you raise boys that play with dolls. How's it gonna look for the sons of one of the greatest athletes to come out of the Flint area to flunk sports?"

"That's strange," she said, "I don't recall that you were so great. In fact, I can't recall you ever playing in high school or college."

She was touching a sore spot, taking up emotional wounds that have raked years to mollify. It hurt because she was right. I had been a great athlete but none of my coaches recognized it. And those few letters I'd managed to win as a high school and college student manager went up in smoke one horrible afternoon when a sister thought she was burning trash.

But despite these shortcomings, like all athletes I've had my moments of glory. Even if I didn't excel in any one sport, at least I tried 'em all and there was at least one triumphant moment in each.

For instance, there was the time I struck out the high school's top hitter during a practice session, a time when I won a second place in ping pong, when I

was named an "all-star" on the junior college intramural touch football team after ripping the dummy from its fetters with a jolting practice block that sidelined me for the remainder of the season, when I out-drove the club pro's son using a putter, when I defeated a rotund Saginaw police detective at pad-dieball and won a consolation YMCA tourney, when while wearing lineman's spurs I won a race to the top of a telephone pole but was unable to get back down, and when I was marble champ of the neighborhood.

All these and many others. Yet one stands out.

It happened during one of those county track meets that draw big athletes and even bigger crowds. As usual, I was a second or third stringer for two or three events and not scheduled to see any action.

"But coach," I had persisted, "let me try. I know I can win."

"Another time, maybe, not today."

We need our top men to take this one."

As it turned out even the top men could not stave off our school's disgraceful performance. We were consistently taking last in every event.

When the mile event rolled around, a half dozen fleet-footed, spike-shod racers lined up. I wasn't among them. But for one reason or another, a friend and I decided we'd pace the runners by clomping through the weeded field that surrounded the oval. We were wearing tennis shoes and baggy sweat pants.

Amazingly, I managed to keep just behind the runners despite the wide sweep around the track, dodging holes, weeds and fans. As we passed the starting line for the second or third trip around, I can't remember which, my friend dropped out to watch the "real" runners. There was no stopping me, however, as I gulped in that once-in-a-lifetime second wind. The gap was closing between us as we neared the three-quarter mark and as I inched closer and closer to the cinder track.

Then I heard the crowd screaming, my mind went blank and I crossed over onto the track itself about 10 yards behind the leaders and ahead of several stragglers. Oh, what a great day it was! I pushed past the leaders, eating up the applause I felt certain was for me, and broke the string as the horrified officials looked on.

I'd "won" a mile race - the first I'd ever entered, officially - and fell gasping into the arms of the coach.

"Hoffman, you stupid idiot," he screamed, "Why? Why didn't you tell me you could run like that," he laughed and cried and screamed, hugging what he thought certainly was the find of a lifetime. "You're stupid but you're great."

It was the greatest moment of my athletic career.

From then until the next meet, the coach hovered over me like a mother goose over her goslings, giving me those important pointers needed for extra special performance. Then the big day arrived and his prodigy lined up - on the cinders this time - to bring home an official triumph.

I'd like to say the unofficial race had been the stepping stone to racing fame. I'd like to but I can't. For in the official race, I dropped breathless to the ground before even crossing the finish line, writhing like a beached fish.

Needless to say, I never won another race.

So now, years later, with brief moments of glory titillating my memory, I imagine my sons as athletic giants. And then my oldest tells me about his football play with a bat and I realize, finally, how a track coach felt when a miler dashed his dream of greatness.

Oh, well, my sons play dolls as well as any girls on the block.

## Roger Babson

# 'Don't Postpone House Buying'

BABSON PARK, Mass., Right now, people in practically every community in the United States are trying to decide when is the best time to buy a home. A good many of them are shying away because of high costs ... not realizing that postponement will gain them little or nothing.

Parcels of land in some sections may be slow to appreciate, but prices for most large tracts in the United States are firmly locked in a long-term uptrend. Advancing population and industrial expansion, as well as the encroachment of superhighways and sprawling airports, are causing higher land tags generally — almost from month to month.

Of course these values could dip in time of widespread economic re-

cession. Also, parcels in certain localities could weaken because of a deteriorating neighborhood or business district. So, if you have been holding up on plans to build or buy a home because you expect a worthwhile slide-off in land prices, forget it!

And unless you should eventually happen upon a lucky deal, there's not too much chance either that a postponement will get you any great cutback in building costs or in the price of an existing home. Quotes for labor and materials are trending upward, reflecting costlier wage and fringe-benefit packages obtained by employees in the building trades and reflecting also the impact of heavier taxes and more liberal minimum-wage laws.

In the case of existing houses, there has been a fairly steady uptrend in prices in recent years. Used houses sold in May of this year brought a median price nearly \$700,000 above that attained a year earlier, according to a country-wide survey made by the National Association of Real Estate Boards. Chances are that prices will rise as much or more in the year ahead.

THE PRESSURES of the Vietnam War and of the government's ambitious Great Society programs plus record expansion in expenditures for new and updated plant and equipment, have created an excessive demand for capital. This has raised mortgage rates to the highest levels in many a decade. There is only scant hope that they will

decline more than fractionally anytime soon.

But mortgage rates and the availability of mortgage money do vary considerably from area to area, and even from bank to bank in the same area. In June, the average interest rate on new mortgages was 6.29%, — up from 6.28% in May; and in many parts of the country mortgages can be negotiated at rates closer to, or even below, 6%. Of course, as a general rule you will pay a good deal more in the West, where rates have ruled much higher for many years. The important point is: If you shop carefully, you can probably get a better mortgage deal than you expect ... even in these days of high interest rates and tighter availability.

WITH THE EXCEPTION of the very newly married, whose resources may be too slender to warrant building or buying a home at this time, conditions probably are not such as to warrant your postponing the building or purchase of a home which you need or could use to good advantage right now. In the matter of a home, personal considerations should rule. Any time is the right time to build or buy if the investment will result in healthier, happier living for family members.

But whether you build or buy, investigate carefully, plan wisely, "cutting your cloth" — and the size and over-all cost of the house — to what you need for gracious (not extravagant) living and what you can afford without going too deeply into debt.

## Michigan Mirror

# Michigan Boasts Two Kinds of Freeways

FEW MICHIGAN motorists realize there are two kinds of freeways in Michigan — Interstate freeways and state freeways.

"The only difference between Interstate Freeways and state freeways is in the financing," Chairman Ardale W. Ferguson of the State Highway Commission says.

"Interstate freeways are financed with 90 per cent federal funds and 10 per cent state funds while state freeways are financed on a 50-50 basis."

The 41,000-mile Interstate Freeway System was approved by Congress in 1947 but construction didn't get underway until adequate financing was made available by Congress in 1956.

Michigan is one of the leading states in construction of Interstate freeways. It has built 807 miles of the 1,080 miles of Interstate freeways allocated to Michigan.

An 850-mile State Freeway System was established by the State Legislature in 1955 to complement Michigan's Interstate Freeway System.

Ferguson reports that 482 miles of state freeways are now open to traffic and that it will cost more than \$700 million to build the remaining 368 miles of state freeways.

The \$700 million estimate is more money than it cost to build the state freeways now in use.

Major state freeway routes include

US-23 from the Ohio line to Flint, US-131 from the Indiana line to Cadillac, US-31 from the Indiana line to St. Joseph and from Holland to Ludington, US-127 from the Ohio line to Lansing, M-53 from Detroit to Inlay City, M-78 and M-21 from Lansing to Port Huron and US-27 from Marshall to Grayling.

A MASTER highway classification plan, which calls for construction of an additional 1,400 miles of state freeways during the next 20 years, was recently approved by the State Highway Commission.

This proposed expansion of the State Freeway System calls for extension of US-31 from Ludington to the Mackinac Bridge and US-131 from Cadillac to Traverse City.

Other major additions to the State Freeway System would be US-2 across the Upper Peninsula, US-23 from Standish to Alpena, M-35 from Menominee to Marquette, a freeway paralleling I-94 through Michigan's southern tier of counties and a freeway paralleling I-75 from Detroit to a point north of Bay City.

About 1,100 miles of other routes have been designated as "principal state highways" — mostly in Northern Michigan — and a third classification —

JUSTICE COURTS will go out of business by Jan. 1, 1969. It still isn't definite what sort of system will replace the old Justice of the Peace not how

well the new plan will work.

Most difficult of the questions involving the "District Courts" are:

— Will the local community, the state, or a combination of the two pay expenses of maintaining the District Court?

— What limits will be placed on the types of cases the new courts can handle?

— Will laymen be allowed to act as judges, or will it be required that only lawyers can serve in this capacity?

The legislature was given five years from the date the new Constitution took effect. There are only 18 months left.

"area service highways" — was designated for the remaining 5,000 miles of state highways, Ferguson noted.

The Commission Chairman said Michigan will have more than 1,300 miles of Interstate and state freeways open to traffic by the end of this year and will pass the 1,500-mile mark by 1970.

"Our studies show we'll need to build another 1,500 miles of freeway between 1970 and 1980 if we are to meet our growing highway needs," he said.

"Unless we get additional revenue, we'll fall far short of that mark. Even with an increase in revenue, we may not hit the 3,000-mile mark by 1980 because of the uncertainty of what the federal highway financial picture will be after the Interstate System is completed in 1972."

# 250 State Schools Without Contracts

## Pre-School Activities Doubtful

With 250 Michigan schools still without teacher contracts, including several from this area, some are announcing that there will be no pre-school activities until after contract ratification.

That's the report by the Michigan Education association to the state's news media.

(As of Monday, no settlements had been reached in Northville, Novi, Farmington, and Whitmore Lake school districts, and only a tentative agreement had been reached in the South Lyon Community Schools district).

According to the MEA, "some of the teacher organizations have determined that they must know their conditions of employment before they can properly begin their duties with the school district this fall. This might mean, in some districts, that no school activities will begin until agreement is reached in negotiations."

Since football practice normally begins prior to the opening of school, this activity probably will be affected, the MEA said. Northville coaches, for example, will not conduct practices until the teacher contract is settled.

Following is a list of the schools in MEA regions 2, 3, 7 and 8 where teacher-school board negotiations are incomplete:

Region 2 - Wayne County - Cherry Hill (Inkster P.O.); Crestwood (Dearborn P.O.); Dearborn Heights; Dearborn #8 (Dearborn Hts. P.O.); Garden City; Huron Twp. (New Boston P.O.);

Lincoln Park; Nankin Mills (Garden City P.O.); Northville; River Rouge; Riverview; Romulus; Southgate; Van Buren (Belleville);

Region 3 - Jackson County - Brooklyn; Concord; Jackson CC; Northwest (Jackson P.O.); Springport; Vandercook Lake; Western (Parma P.O.);

Lenawee County - Blissfield; Britton-Macon (Britton P.O.); Deerfield; Morenci; Onsted.

Monroe County - Airport (Carleton P.O.); Bedford (Temperance P.O.); Dundee; Ida; Jefferson (Monroe P.O.); Mason (Erie P.O.); Monroe City; Summerfield (Petersburg P.O.); Whitford (Ottawa Lake P.O.);

Washtenaw County - Dexter, Saline, Whitmore Lake.

Region 7 - Oakland County - Berkeley, Birmingham, Bloomfield Hills, Clarkston, Farmington, Ferndale, Holly, Huron Valley, Lake Orion, Madison Madison Hts. P.O., Novi, Oxford, Pontiac, Rochester, Southfield, Troy, Waterford (Pontiac P.O.); W. Bloomfield (Orchard Lake P.O.); Oak Park.

Region 8 - Clinton County - DeWitt, Ovid-Elsie (Ovid P.O.); St. Johns.

Eaton County - Olivet.

Ingham County - Holt, Williamston.

Shiawassee County - Corunna

## Adventure Series

Continued from Page 9-B

rica" or as the traders of Morocco call it, "The City of the Dead". Shunned by the wandering camel caravans as a sacred spot, Sijilmassa is the lonely abode of desert creatures and the deadly Tsetse fly. Five hundred years ago the capital city of Africa, today it is a forgotten area of Arabian Night monumental ruins. And somewhere in these ruins, in a hidden mud-adorned tomb, lies buried Mulai Reshed, the sultan who conquered Morocco in 1668. His treasures have never been accounted for.

Leroy Crooks, "Appalachian Trails" Wednesday, March 13, 1968 - Crooks, professional photographer and commercial film producer, is no newcomer to the travelogue platform. During the late thirties and early forties he traveled with his adventure films, "Captain Kidd's Gold" and "America's Heritage". His World War II years were spent in the Navy as a specialist photographer with the Photo Branch of the Office of Strategic Services. His duties were split between Washington, D.C. and Hollywood, California, where he was stationed at 20th Century-Fox Film Studios. Attached to California Institute of Technology, Crooks was part of a small team filming tests on the launching of our nation's mightiest rocket—the giant Saturn at Cape Kennedy. Returning to civilian life, after the war, was also a return to commercial film production, rather than to the travelogue field.

Camping in the great outdoors is the theme of our adventure in the Southern Appalachians. From the historic Shenandoah National Park down the scenic Blue Ridge Parkway, the scenery is outstanding. Mile-high vantage points offer panoramas of the autumn foliage. From the Blue Ridge Parkway, we will see Happy Valley and rising from the multi-colored valleys, Grandfather Mountain near Linville, North Carolina will loom before us. Also in North Carolina, there will be the spectacular view of Mount Mitchell from rhododendron gardens atop Roan Mountain. We will again see Mt. Mitchell from Buck Creek Gap on Blue Ridge Parkway in North Carolina. Along the Parkway there are many stop-off points for you to stop and take a breathtaking view in many directions. One such is Bear Den Overlook.

Ed Lark, Ceylon - The Magic Island, Thursday, April 11, 1968 - To many ancient mariners the large spice island off the southern coast of India was the most exotic and picturesque port along the trade routes of the East. Here the visitor beheld enchanting scenery—lush, green rain forests shrouded in a perpetual mist; jungles so dense that even animals could scarcely penetrate the undergrowth. There were wondrous mountains and extravagant tropical flowers that led one to believe one was standing on the threshold of Paradise—until suddenly startled back to reality by the trumpeting of an elephant or the sight of a dragon reptile slithering across one's path.

The inhabitants of the island were a small, handsome dark-skinned people who often fought among themselves or with the Portuguese, Dutch and English colonialists. Many of their customs, rituals and celebrations were strange to Western eyes.

Twentieth Century Ceylon has changed considerably from the days of the ancient mariners. Jungles have been cleared for planting tea, rubber and spices. Modern industries are producing a variety of manufactured goods. But Ceylon still has an incredible variety of strange plants and animals that so startled ancient traders—insects being devoured by carnivorous plants; perch hopping out of the water, moving over the ground on their flippers to climb a tree.

Even with the many advances toward a Twentieth Century society, Ceylon's ancient and colorful past has not completely disappeared. Elephants continue to be used as beasts of burden.
