Northville, Michigan Thursday, October 19, 1967

• 10¢ Per Copy, \$4 Per Year In Advance

HOMEcoming QUEEN Luanne Godfrey waves from an open, and slightly damp, convertible during halftime ceremonies at Friday's Homecoming game. That's her father riding in the front seat. For more Homecoming pictures and happy results of the game, see pages 7-A, 1-B and 7-B.

Youth Panel To Continue

Although Northville juvenile problems appear to have dwindled they nevertheless still exist and warrant continued study by the Youth Services committee.

That was the conclusion of some 35 parents, teachers, and public officials who met in the high school cafeteria Thursday night to hear and discuss a progress report of the committee that grew out of incidents involving drugs and vandalism among teenagers last winter.

Decision to establish a permanent citizens forum to study problems and attempt to resolve them received tacit approval by those attending Thursday's meeting.

The forum will meet regularly, perhaps once a month, the group decided, with announcements of the meeting dates to be made at least twice prior to the meetings. Date for the next meeting has not yet been set.

High School Principal Fred Holdsworth, one of the members of the initial committee which last June was instructed to investigate means of implementing specific programs and procedures to combat delinquency, reported that the committee had investigated operation of youth protective associations in Novi, Walled Lake and South Lyon; discussed formation of some kind of "Big Brother" movement here; received an opinion by a university professor that an outside study of local problems is probably unnecessary; and discussed the possible addition of a full-time

It's Coming Down

House Declared Menace

A vacant First street house will be torn down as the result of a warning from the city of Northville that it is "a menace to the health and safety of the public".

City Manager Frank Ollendorff investigated a complaint about the house and instructed City Attorney Marvin Stempfen to issue a warning to the owner, Jack McCrumb of Plymouth.

Unsanitary and unsafe structural condition of the house was cited and the owner was instructed to "abate the nuisance prior to noon, October 23, 1967".

Manager Ollendorff said the owner agreed to have the house torn down, although it may require an extension beyond the deadline.

Citizens Ask At Hearing

When Will Track Buy Our Homes?

A Northville Downs-Driving Club request for rezoning of River street property to permit construction of a new barn brought strong response from residents of the area Tuesday night at a planning commission hearing.

The residents, particularly along the west side of River between Seven Mile and Beal opposite the track property, told the commission:

--that the track had not lived up to its agreement following construction of an identical barn three years ago;

--that the city has ignored residents' complaints;

--that expansion of track property nearer their homes is depreciating values;

--that they want to know when the track management intends to expand and purchase their homes.

Despite the frustration, bitterness and anxiety expressed by the property owners, they agreed unanimously with a proposal by Planning Chairman George Zerbel that the group meet with John Carlo, executive manager of the track, and try to resolve differences.

Zerbel said he would direct complaints concerning the city to the manager and council and he guaranteed the group that terms of the contract involving construction of the original barn would be enforced.

The planning chairman asked the property owners if they would have objections to rezoning for construction of a second barn, "if we can resolve these differences".

No one objected.

Carlo told the commission and audience of 16 property owners that the racing commission had notified the track that it must construct more stalls. He said that the commission had objected to the number of "ship-ins" racing at the Downs. "Winners must be tested after every race," Carlo explained. "If one of the tests were positive, the horse could be gone from the track." The Downs has stalls for 650 horses, while the other two metropolitan tracks have 1100 and 1400. He added, however, that they need more for runners than is required for harness racing alone.

The new barn would be built next to the existing facility and would be the same size, 86 by 152 feet, providing 50 stalls.

The planning commission adjourned the hearing until November 7 when planners will make a recommendation on the proposed zoning change. The proposal must then go to the city council for a second public hearing and official action.

Among the complaints registered by the citizens was the failure to construct a greenbelt along the River street fence, housing of horses in the barn during winter months, truck traffic on River street, noise, dust, odors and laundry on clotheslines.

Carlo said the greenbelt had not been installed because the city manager (in 1964) had told him to wait until the street was paved.

Use of two gates only at the ex-

treme north and south ends of River street would reduce truck traffic, the residents noted, and Carlo agreed. It was pointed out that trucks are not allowed on the street, but the city has not signed or enforced the regulation.

The idea for a meeting between track management and area residents was proposed by one of the property owners to "improve relations and air differences". The residents were also obviously concerned about the track's plans for future expansion.

Carlo said he could make no promises, but he was certain the track would eventually "need all the land in the area". He added that values always seemed to be very high when he inquired about purchases.

Council Disagrees On Parking Rules

Northville councilmen do not see eye-to-eye on the city's newly adopted parking regulations.

This became more evident Monday night as one councilmember rebuked proposals for special concessions in the business district, while another rebuffed that the restrictions had narrowly passed, 3-2.

The controversy was sparked by an inquiry from Councilman Charles Lapham concerning notices from the parking authority to Northville businesses.

The notices outline rules governing city-owned parking facilities. Merchants were urged to make use of the 25-cent metered lots for their employees so that non-metered lots will be available for customers. A map of the designated lots was included along with notification that employee lots would be closed to parking from 2:30 a.m. until 7 a.m. and customer lots from 2:30 a.m. until 9 a.m.

Councilman Lapham said it was his understanding that the council intended to reconsider both the 9 a.m. hour in the customer lots and the matter of parking sites for apartment dwellers in the business district.

City Manager Frank Ollendorff said the notices had been sent out because the council had approved the new restrictions and that if changes are to be considered due to specific hardships they were to be discussed between the council and the parking authority.

Councilman Wallace Nichols took a firm stand on the restrictions. "Why should taxpayers provide parking for apartment dwellers in the business district?" he asked. He said it was the responsibility of the apartment owner to provide parking, just as it is the homeowner in residential areas.

Under the new restrictions parking will be banned on all city streets, residential and business, from 2:30

until 7 a.m. beginning November 1. Lapham argued that building permits were issued in the business district to construct buildings "on 100 per cent of the land". He said practically this left a problem of no place to park for apartment tenants in the business district.

Three businessmen have appeared before the council to complain about the parking bans, two because of the restriction until 9 a.m. on customer lots and one because apartment tenants will be without parking spaces overnight.

Councilman Del Black, serving as mayor in the absence of A. M. Allen, reminded Nichols that the vote for parking restrictions had not been unanimous. Both Black and Lapham opposed the 2:30-9 a.m. restriction in customer lots, suggesting that the ban be lifted at 7 a.m. to accommodate businesses opening earlier than 9 a.m. Black also argued that it was not his belief that the council must always accept recommendations of appointed commissions in full.

Propose Change

In a Tuesday night meeting the city's parking authority decided to recommend to the city council that it open the customer parking lot near the Methodist church at 7 a.m.

Other unmetered customer lots will remain closed from 2:30 a.m. until 9 a.m.

No recommendation was made regarding overnight parking of apartment tenant cars.

Members of the parking authority are John Stubenvoll, Charles Altman, Duane Butler, Jack Ruland and Richard Lyon.

FIRST REPORT - Northville's United Foundation volunteers refused to be "rained out" as the annual Torch drive began Tuesday. That's Mrs. David Goss turning over her first day collection to Mrs. Herbert Frognier, one of Northville's four area chairmen. Despite the weather, Mrs. David L.

Longridge, Jr., local division chairman, reported an opening day total of \$1,219.50. Besides Mrs. Frognier, area chairmen reporting Tuesday collections to Mrs. Longridge were Mrs. Harold Schmidt, Mrs. Charles Fountain and Mrs. Robert Kucher. The drive ends November 8.

Appeal for City Vote Filed by Novi Group

Tripped up by conflicting Oakland county circuit court decisions, citizens and the village of Novi are carrying their fight for city incorporation to the Michigan court of appeals.

Village Attorney Howard Bond, who

Monday night received council authorization to represent the village in the court of appeals, and C. A. Smith, chairman of the citizens incorporation committee, revealed that an appeal had been filed last Friday in Detroit.

Specifically, the appeal is based upon a Circuit Court favorable incorporation ruling of Judge James S. Thorburn, which was subsequently set aside by Judge William Beer.

Thus, in a nutshell, the village and the citizens group will argue, among other things, that Judge Beer erred in "tossing out" the ruling of Thorburn, who favored an incorporation election despite the fact that the village population does not meet the 500 per square mile requirement.

The citizens group contends the state population requirement is antiquated one and that the decision as to whether or not Novi should become a city should be put to the people in a vote on the question.

Smith has stated that his group is prepared to go to the Supreme Court, if necessary, in order to "secure the people's right to vote."

Opponents of incorporation - the township of Novi and its chief administrators - fought the incorporation attempt in a number of major circuit court battles. They won on the first, lost on the second (Judge Thorburn) and finally succeeding in getting a "composite" ruling from Beer that all but ruled out any further circuit court action by the village or the citizens group.

Smith said the latest appeal was filed at the "last minute" to prevent township officials from coming up with a counter suit before the appeals court heard the matter.

A decision by the appeals court, according to attorneys, will take from two to four months. Meanwhile, pending litigation prevents annexation of parts of Novi by neighboring communities until after the court matter has been resolved. Still on file with the village council are the citizens petitions requesting an election.

Killed in Crash

An 82-year-old Detroit woman was fatally injured in a traffic accident on I-696 west of Haggerty Sunday evening.

Clara Belle Stone, a passenger in the accident car, died the following day enroute from Botsford General Hospital to the Women's Hospital in Detroit.

According to Novi police, the woman received severe facial injuries when the car, driven by Edith M. Nelson, 78, also of Detroit, crashed through a guard rail and slammed into an abutment beneath the I-96 overpass.

The driver was seriously injured, taken to Botsford and later transferred to Sinai Hospital in Detroit.

Novi police said the dead woman was partially pinned between the seat and the dashboard of the car.

OPEN AGAIN - It was business as usual Saturday for the Northville Kroger store, closed for 12 days due to a strike. Although settlement came Wednesday last week, it took Manager Ed Barnes (center above) and his crew two days to restock shelves. "Everybody's back now, clerks and customers," beamed Barnes.

about WOMEN

Congressman Esch's Wife Describes Life in Capitol

In an informal talk to the Northville-Plymouth Republican Women's Federation, Mrs. Marvin Esch described life in Washington for a congressman's family. The Federation meeting was a morning coffee October 13 at the Plymouth Credit Union.

Northville and Plymouth women heard Mrs. Esch recall an evening at the White House and the thrill of having dinner at the historic home of presidents. Mrs. Esch described her duties which range from acting as interpreter for ambassador's wives to entertaining wounded soldiers from Vietnam.

The mother of three children, Mrs. Esch spoke of her children's interest in Washington's international atmosphere.

Mrs. Esch expressed appreciation for the response to Congressman Esch's recent questionnaire.

Mrs. Esch answered questions from the audience which reflected the growing concern over Vietnam and national affairs.

The next meeting of the Federation will be a membership tea at 1 p.m. November 9 at the Plymouth Credit Union. All Northville Republican women are invited to attend.

HALLOWEEN PARTY—It takes plenty of courage to touch a witch on Friday the 13th but that's what Carol Cheek (left) and Sheila DeJohn did last week as they admired the costume modeled by Mrs. Peter Lindholm in anticipation of the Newcomers Halloween Party slated Saturday, October 28 at Silverbrook Riding Stables located on 10 Mile road,

Novi. Committee members planning the party, to include a hay ride, are Mr. and Mrs. Lindholm, chairmen, Mr. and Mrs. David DeJohn, Mr. and Mrs. David Cheek, and Mr. and Mrs. Charles Plumley. Reservations, costing \$4 per couple and the hayride at \$1.50 per person, must be made prior to October 21 by calling Mrs. Lindholm at 349-1596.

News Around Northville

Northville Mothers' club will hold a business meeting at 8 p.m. Monday, October 23, at the home of Mrs. C. A. Hoffman, 16181 Homer road, Plymouth. Co-hostesses are Mrs. Leroy Ording and Mrs. John Canterbury.

Mizpah circle of the King's Daughters of Northville will be hosts to the Wayne county convention to be held at Northville Presbyterian church Monday, October 30. Brunch will be served at 11 a.m. Reservations may be made with Helen Schofield, 349-0742.

Northern Lites family living study group will meet at 7:30 p.m. Monday, October 23, at the home of Mrs. James Miller, 24466 Glenda. Co-hostess will be Mrs. William Underwood.

The lesson study will be "Financing a Home." It will be presented by Mrs. Andrew Orphan and Mrs. Robert Horner.

Moraine Elementary PTA will begin

its year with an open house at 8 p.m. Thursday, October 26.

Parents will be welcomed by Milton Jacobi, Moraine principal, and will visit in classrooms with teachers who will outline class work for the year.

Earlier this month Moraine room mothers were entertained at a tea given by the PTA. They were greeted by Mrs. Robert Bogart, PTA president, and entertained by first and third grade music pupils.

Eta Psi chapter of Beta Sigma Phi will meet at 8 p.m. today with Mrs. Charles Bobler, 9870 Doris, Livonia, for a program on cosmetics being given by Mrs. James Arnold.

Two Northville boys spent several days in Washington, D.C. this week as winners of The Detroit News top newsboy competition. They are Steven Heintz 767 Carpenter, and Steven Baluba, 463 Maplewood. The all-expense paid trip by train started Sunday and the boys were to return home on Wednesday.

In Our Town

By JEAN DAY

LIKE MANY efficient top officers of Northville woman's organizations, Mrs. Robert Brueck, Town Hall chairman, has an office at home—with her "filing cabinet" located in the linen closet.

From this headquarters she worked this week, checking details for today's opening of the 1967-8 Northville Town Hall series which features Dr. Murray Banks, speaking on "What To Do Until the Psychiatrist Comes."

He is being introduced at the 11 a.m. lecture in the P and A theatre by Northville psychiatrist, Dr. F. F. Ishac.

Dr. Ishac is chief of female admissions at Northville State hospital and has his own practice in Livonia. Born in Cairo, Egypt, he received his medical degree in Cairo, served an internship in Cincinnati and a three-year residency at Northville State hospital.

Theatre hostesses will be welcoming many "first-time" Town Hall members today, Mrs. Brueck reports, as a special effort has been made to interest newcomers in T.H. Hostesses are Mrs. Paul Hughes, Mrs. Robert Willoughby, Mrs. Robert Cole, Mrs. Harry Wagenschütz, and Mrs. Roy Mattison.

Hostesses at the luncheon following at Meadowbrook country club are Mrs. John Canterbury, Mrs. Donald Lawrence and Mrs. C. A. Hoffman. Again this season Mrs. Duane Butler is serving as chairman of luncheon reservations. She received more than 200 for this celebrity "opener."

Known for his "sugar coating" of serious-and-everyday problems, Dr. Banks says he tries to make people "think logic — and laugh." His T.H. escort is Mrs. George Mervin.

BASELINE QUESTERS society members will see famous restoration slides at their October meeting — and will take a field trip to two Pontiac-area restorations November 1.

A guided tour of the home of Moses Wisner, who was governor of Michigan from 1859-61, is the first stop on the all-day trip arranged by Mrs. Thomas Lovett. Members and guests will leave from her home at 46274 Pickford at 9 a.m.

From the Wisner home, which now is headquarters for the Oakland county pioneer and historical society, the Questers will go to Keatington, the Scripps family farm on Joslyn road west of Pontiac. Mrs. Lovett predicts that this stop will be especially popular with the antique-browsing group as former tenant homes on the property have been restored and now house yarn, dress, bakery and crafts shops. The barns are being filled with antique dealers' wares — and there's even a portrait shop.

Questers should make reservations with Mrs. Lovett, 349-4717.

Slides of Williamsburg, Virginia, will be shown Monday at the October meeting of the Baseline group which

begins with dessert at 1 p.m. at the home of Mrs. Herbert Frogner, 51300 Seven Mile road.

The slide-talk will be given by a friend of Mrs. Frogner's, Mrs. Noreen Markey of Oak Park.

NORTHVILLE NEWCOMERS club now has a total of a dozen special interest and crafts groups getting acquainted with each other while playing bridge, furniture refinishing, studying home decorating, gardening and even skiing.

Serving as interest group chairmen are Mrs. Edward Suckow, Mrs. Joseph Kluesner, couples bridge; Mrs. Robert Goodwin, ladies evening bridge; Mrs. George Spencer, afternoon bridge; Mrs. Fred Wagoner, needlecraft; Mrs. Hazel Coon, home decorating (including seasonal decorations as pine cone wreaths); Mrs. David DeJohn, furniture refinishing; Mrs. Giles Wanamaker, bridge lessons; Mrs. Alfons List, gardening; Mrs. Robert Wilkins, skiing; Mrs. Charles Plumley, couples dancing lessons.

Membership chairman of Newcomers, Mrs. Graham Woolston, 349-5409, invites any new residents of the area interested in the club's activities to call her. The group's treasurer, Mrs. Robert Harrison, now is collecting the annual dues of \$3. Another committee chairman, "lying together" the large club, is Mrs. Frank Ollendorff, telephone.

Mrs. Walter Carter, social chairman, has been organizing an all-club Halloween hayride and party for October 28.

"BLENDING The Old With The New" — a talk on interior decorating — is the topic for the Northville Woman's club guest day and tea meeting at 2 p.m. Friday in the Northville Presbyterian church.

Speaker will be Mrs. M. S. Fruthey of Brighton, a graduate of the New York school of interior design and an active member of several antique clubs.

The wife of a sales engineer and the mother of four children, she says she has been a professional decorator "off and on" for 18 years. She was born in Scotland, and came to Michigan from Philadelphia.

NORTHERN LITES home extension group will be hosts at the annual Christmas craft display and demonstration program to be held from 10 a.m. to 3 p.m. Thursday, October 26, at Geddes road hall, Geddes road between Sheldon and Canton Center roads, Plymouth.

The Northville club is one of the groups in district two of the organization having special displays of decorative and gift items. As always, the event is open to everyone without charge. About 80 area women attended last year.

A feature of this year's Northern Lites contribution will be a demonstration of wire candlestick making by Mrs. Gene Cushing. Another demonstration will be the making of corn husk wreaths.

Working on arrangements are Mrs. Harold Seden, Northern Lites president, and Mrs. Harold Marks.

Oct. 18 — Rotary Travelogue, England, 8 p.m. high school.
Oct. 19 — Town Hall, 11 a.m., P and A theatre.
Oct. 20 — Woman's club, 2 p.m. Presbyterian church.
Oct. 23 — Questers, 1 p.m., Mrs. Herbert Frogner, 51300 Seven Mile.
Oct. 23 — Mothers' club, 8 p.m., Mrs. C. A. Hoffman, Plymouth.
Oct. 24 — Senior Citizens, 6:30 p.m. dinner, junior high building.
Oct. 26 — Moraine PTA open house, 8 p.m.

Girl Scouts

Northville's annual Girl Scout uniform exchange, being held this year from 2 to 4 p.m., this Saturday and last at the scout-recreation building, has had a very good response, according to Mrs. James Conway, chairman of the project.

Uniforms are available for sale or exchange with brownie, junior and a few cadet uniforms available. Mrs. Conway reports that more used brownie uniforms are needed. Uniforms are sold for \$2 and accessories, 25 cents.

Exchange Vows in Plymouth

Before an altar decorated with arrangements of white and green fugi mums, champagne and tangerine carnations, Susan Berryman and Dewey Gardner exchanged nuptial vows Saturday, September 30, at the Calvary Baptist church in Plymouth.

The Rev. Robert Spradling performed the double ring ceremony

assisted by the Rev. Patrick Clifford.

The bride, the daughter of Mr. and Mrs. Wilbur Berryman of Plymouth, was escorted to the altar by her father. She wore a semi-fitted floor length A-line gown of peau de soie with imported handmade Chantilly lace yoke front and back and three-quarter length bell shaped lace sleeves. A cathedral

length matching lace train was pleated onto the back yoke of the gown. Her headpiece was a Chantilly lace mantilla with scalloped edges and scattered Australian rhinestones. The bride's ensemble was made by her sister, Mrs. Kaye Rowe.

The bridal bouquet was a cascade of variegated greens with Phalaenopsis orchids.

As matron of honor, Mrs. Rowe was gowned in lime green crepe with fitted bodice and A-line skirt in front and full back from neckline to floor. The dress was styled with elbow length sleeves and draped portrait neckline. Her flowers were a cascade of variegated greens, natural wheat, green grapes, green fugi mums and champagne carnations.

Bridesmaids were: Mrs. Carolyn Davis, sister of the groom; Mrs. Muriella Berryman, sister-in-law of the bride; and Miss Diana Black, junior bridesmaid.

Their gowns were identical with that of the matron of honor and they carried similar floral arrangements. All of the bride's attendants wore hair arrangements of green leaves and green snow-drift mums.

Kathy Sauber was the flower girl and Billy Sauber, the ring bearer.

Donald Gardner was his brother's best man. Groomsmen were Daniel Thompson, George Berryman, and Richard Rowe. William Sauber was head usher, assisted by John George, Calvin Davis, Ronald Lahr, and James Darnell.

John Hyde sang "Sheep May Safely Graze" and "O Lord Most Holy". He was accompanied by organist, Margarette Fink Eby. An oboe interlude was played by Rick McCoy. Mrs. Carol Thompson played "Jesu Joy of Man's Desiring" as a violin solo. The wedding procession was Purcell's Trumpet Voluntary with trumpet solo played by George Berryman, brother of the bride.

For her daughter's wedding, Mrs. Berryman chose an olive green lace gown with olive and ivory accessories.

Mrs. Gardner wore aqua embroidered chiffon. Both mothers had corsages of cymbidium orchids. The grandmothers corsages were white gardenias and sweetheart roses.

Following the reception for 300 guests in the church fellowship hall, the couple left for a trip to New York. For traveling the new Mrs. Gardner wore an avocado wool sheath dress with matching coat and brown accessories.

The bride graduated from Plymouth High School and attended Detroit Bible college. The groom is a Northville High school graduate and attended Wayne State University and the University of Alaska. They are residing in Northville.

Mrs. Dewey Gardner

Couple Wed in Home Of Bridegroom Here

In a home ceremony before New York friends and members of the family Paul Edmund Beard claimed Clare Elaine Stanley as his bride. The Reverend S. D. Kinde of Northville Methodist church officiated at the September 30 ceremony at the home of the bridegroom's parents, Mr. and Mrs. Paul M. Beard, 41261 Eight Mile road.

The bride is the daughter of Mr. and Mrs. Clarence Stanley of Clearwater, Florida, who are former Dearborn residents. For the ceremony the bride

wore a white lace, street-length dress, an A-line style with long sleeves, and a shoulder veil.

Attendants were Ronald Burns of Grosse Pointe and Jeanne O'Toole.

The bridegroom, who is in his second year of graduate school at Columbia university, New York, has just returned from a summer assignment for the U.S. state department in Tripoli. This followed a 1966 prerequisite summer internship in Washington, D.C. He is a graduate of the University of Michigan and now is in the school of internal affairs at Columbia. His bride is a U. of M. business administration graduate.

After a week's visit here the newlyweds returned to New York.

Announce Engagements

Judy Sommers

Announcement is made of the engagement of Judy Sommers, daughter of Harry C. Sommers, Jr., 46041 Nine Mile road, Northville, and the late Mrs. Sommers, to Richard W. Smith, son of Mr. and Mrs. Wayne Smith of East Haven, Connecticut.

The bride-elect, who now lives in Alexandria, Virginia, is a 1965 graduate of Northville high school and a 1967 graduate of Schoolcraft college. She currently is employed by the federal government in Washington, D.C.

Her fiancé is a sergeant in the U.S. Marine Corps, stationed at Quantico, Virginia.

A December wedding is planned.

Sharon Stinson

Mr. and Mrs. Arthur Stinson of Dearborn announce the engagement of their daughter, Sharon, to William Weldner, son of Mr. and Mrs. William Weldner, 627 Fairbrook.

The bride-elect was graduated from Dearborn high school and Michigan State university. She now is teaching in Dearborn Heights. The bridegroom to-be is studying marketing in graduate school at MSU.

No wedding date has been set.

What's Cooking

At Northville High School

Following are the cafeteria menus for the Northville high and junior high schools for the week of October 23:

Monday — John Marzetti, lettuce wedge, rolls and butter, Chipmunks, milk.

Tuesday — roast chicken, mashed potatoes, gravy, green beans, roll and butter, peaches, milk.

Wednesday — Sloppy Joe on bun, Brownie potatoes, cheese wedge, relishes, apple kuchen, milk.

Thursday — ham loaf and gravy, mashed potatoes, peas, bread and butter, orange pudding cake, milk.

Friday — toasted cheese sandwich, tomato soup, carrot and pineapple salad, bread pudding, milk.

In the soup line with a sandwich each day are: Monday, split pea; Tuesday, vegetable beef; Wednesday, chicken; Thursday, bean; Friday, mushroom. All are with salad or relish, dessert, milk.

At the high school only hamburger on bun with French fries, relish or salad, dessert and milk are offered daily.

Teacher Talks At Ladies Night

A program titled "Stone Age Man in a 20th Century World" was to have been presented yesterday (Wednesday) at a ladies night meeting of the Northville Optimist club.

Mrs. Fran Chambers, a Northville high school teacher, showed slides and displayed artifacts related to her presentation.

Mrs. Chambers spent a year working with primitive natives in New Guinea. Presently, she and her husband are planning a trip through the Panama Canal into the Pacific on their 54-foot ketch.

Plan October 30 Lecture

"Who Is Your Brother's Keeper?" is the title of a Christian Science lecture by Neil H. Bowles, C.S.B., who will speak in Plymouth on Monday, October 30 under the sponsorship of First Church of Christ, Scientist.

The lecture will begin at 8:00 p.m. in the church edifice at 1100 West Ann Arbor Trail.

Mr. Bowles is on tour as a member of the Board of Lectureship of The First Church of Christ Scientist, in Boston,

Massachusetts.

A native of Chicago, Illinois, Mr. Bowles withdrew from business in 1942 to devote his full time to the public practice of Christian Science healing. Since becoming a member of The Christian Science Board of Lectureship in 1958, he has traveled widely in Europe and other areas as well as the United States and Canada. His present home is Atlanta, Georgia, where he is also a recognized teacher of Christian Science.

Employment Office O & S BEARING & MFG. CO. Whitmore Lake, Michigan "AN EQUAL OPPORTUNITY EMPLOYER"

OPPORTUNITY GALORE!

The largest Photofinishing Company in the state of Michigan and one of Detroit's leading Drug wholesalers are moving to Novi!! Tremendous growth and expansion have created unlimited employment opportunities in the rapidly growing and exciting field of photofinishing and pharmaceutical drug wholesaling. A long-range, continuing expansion program means security and career opportunity for you.

GOOD STARTING SALARIES—GOOD BENEFITS THIS CAN BE YOUR CHANCE-OF-A-LIFETIME! —CHECK THESE IMMEDIATE OPENINGS—

CODERS Working as a coder is exciting and only requires some knowledge of pharmaceuticals...and we will train!

BOOKKEEPING Perhaps you have limited bookkeeping knowledge and have been held back by firms requiring experience or perhaps you have office skills and are interested in the reliability of a bookkeeping position. This offer is truly exceptional. We will train you in these valuable skills. Only office skills and limited bkgk. knowledge is required. This is an unusual opportunity.

PHOTO LAB WORKERS Possibly you desire a more active type job. If so, photo lab work may be what you're looking for. We are in immediate need of film rackers, slide mounters, film cutters, mach. maint. technicians, printers, inspectors, sorters, and many others. Absolutely no experience required. Many benefits including weekly bonuses, paid vacations, insurance and definite wage increase program. We will train! Don't miss this opportunity to become part of America's fastest growing industry.

PLANT SECURITY

Man with plant security experience. Must have or be able to obtain Michigan gun license.

KEY PUNCH OPERATOR Key punching school or experience required. We will train.

TRUCK DRIVER Light vehicle driving, must have experience. Must be bondable. This job means security for you.

'Seal' Society Taps C. A. Smith

A Novi businessman and member of the Northville Rotary club has been elected to a two-year term on the Easter Seal Society of Western Wayne county board of directors.

Charles A. Smith, who has served as director in the past, was elected to the post at the society's annual election on Monday, October 9.

Newly elected president of the group is Carl E. Licht of River Rouge. Edwin H. K. Erdmann of Garden City is the first vice-president, T. F. Kuckelman, Belleville, remains as second vice-president, and Alfred Husse, Dearborn, continues as treasurer.

FLIPPED-Chief flapjack flippers for the Presbyterian Men's Club at its annual pancake supper served prior to the homecoming game Friday were Ed. Langtry and Jan Reef. They didn't keep track of their flips, but nearly 600 customers were served. One of the waiters was Judge Philip Ogilvie, shown on duty at right.

Attends Conference

Northville City Attorney Marvin R. Stempien was among more than 500 legal counsel attending the 32nd annual conference of the National Institute of Municipal Law Officers at Detroit's Sheraton-Cadillac hotel, Sunday through Wednesday, October 8-11.

During the meeting Stempien and other city attorneys from across the nation explored in depth the many problems

affecting cities today through workshop sessions centered on subjects such as city disturbances, computers and municipal law, federal-city relations, inter-municipal cooperation, city-state relations, ordinances and ordinance enforcement, housing, building codes, transportation and parking, and urban renewal.

7-Point Victory 'Dethrones' Wolves Mustang Triumph Turns Rain to Sunshine

Neither rain nor an underdog rating could spoil Northville's homecoming as the mud-splashed Mustangs nipped Clarkston, 7-0, here Friday night amid the splendor and pageantry of pretty girls, former Northville greats, and impressive floats.

The victory boosted the Mustangs

into a two-way tie for third while stripping the Wolves of their share of the Wayne-Oakland league lead.

And it set the stage for tomorrow's all-important showdown with Bloomfield Hills. Both squads share third place with identical 2-2 records.

Playing heads up ball—the kind that

led to three important interceptions—Northville refused to roll over and play dead in the face of Clarkston's top-rated position. The Mustangs hung in there until late in the final quarter before pushing across the game's only touchdown.

Sophomore Terry Mills, who hardly tips the scales at 130, carried the pigskin home from 10 yards out on a reverse that had the Wolves' defenders streaking for passers that just weren't there.

Clarkston had plenty of reasons to suspect a pass, however, since the Mustangs hurled the ball 19 times in slippery, wet weather that usually discourages aerial attacks. But by mixing up passes with their ground game the Mustangs managed to keep the Wolves off balance.

Take, for example, the series that produced the winning tally:

Back Ron Gloetznar set things up by intercepting a pass on Clarkston's 44. Then, combining a couple of ground gainers with two shots, one a pass over the middle from Quarterback Joe Andrews to eligible Tackle Fred Hicks for 13 yards and another to End Greg Carr for three yards, the Mustangs were within a dozen yards of a TD with three plays to make it. It took but two.

Another tackle, Scott Berge, split the uprights for the extra point.

As the score would indicate, neither team rolled up impressive yardage on the ground or in the air. Northville netted 74 yards on the ground,

Clarkston 45. And in the air, the Mustangs picked up 49 to Clarkston's 28. Clarkston garnered seven first downs, Northville five.

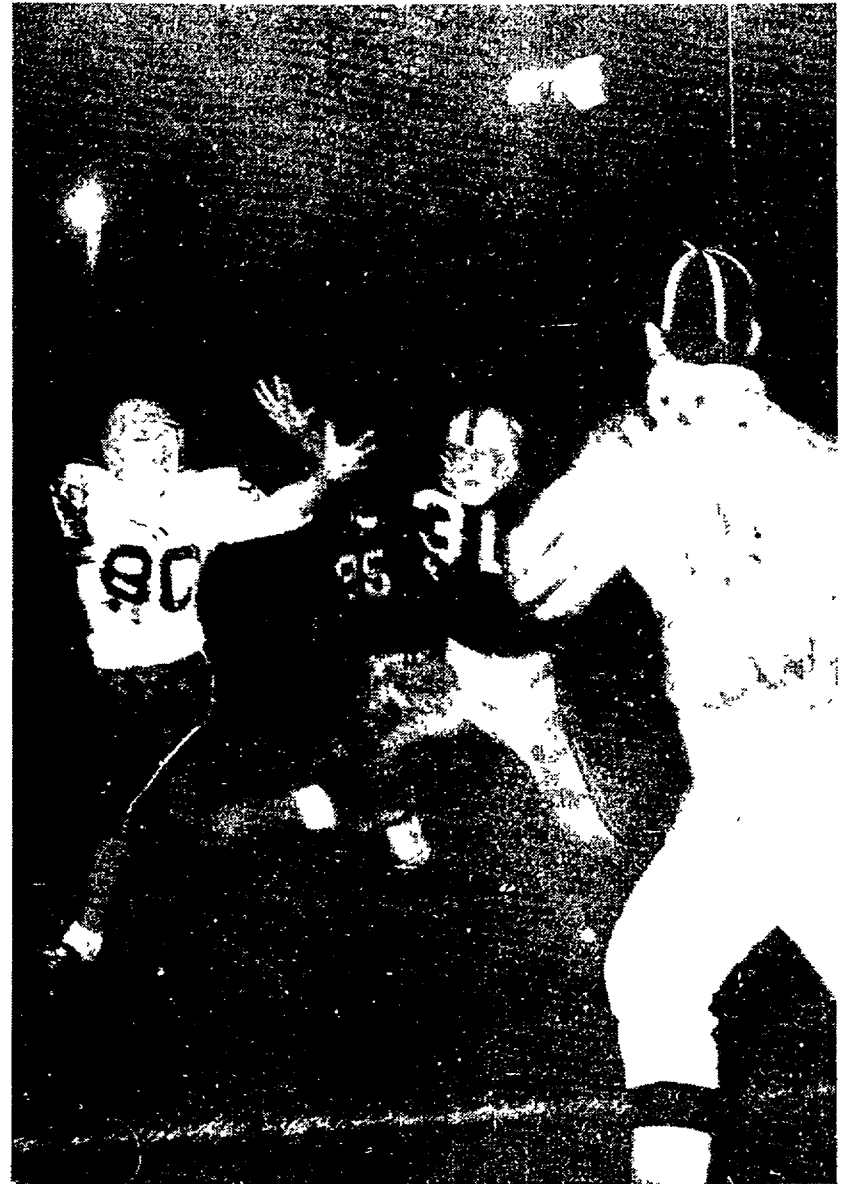

Despite a drizzle, there were few fumbles—and only Northville lost the ball once.

Throughout the game, Clarkston was working its plays deep within its own territory. Only once did the Wolves penetrate Northville's half—and it carried to the Northville 23 in the second quarter. With first down at that point, the Wolves were driven backwards 10 yards until they made a desperate fourth-down pass that went wide of the mark.

Northville invaded Clarkston's territory a half dozen times, the deepest going to the Clarkston 7 as the final quarter opened. The Mustangs had taken a weak Clarkston punt on their opponent's 34 yard line, treaded water briefly, and then came within easy reach of the goal line on a pass interference penalty at the 13. But three passes and a ground play could not push them beyond the 7.

The Wolves took possession, picked up two first downs in moving out to the 30 before Gloetznar picked off that all-important pass.

Clarkston's last attempt for a score, with less than three minutes to play, carried to the mid-stripe where Northville regained possession and ate up the ball in savoring its second victory of the season.

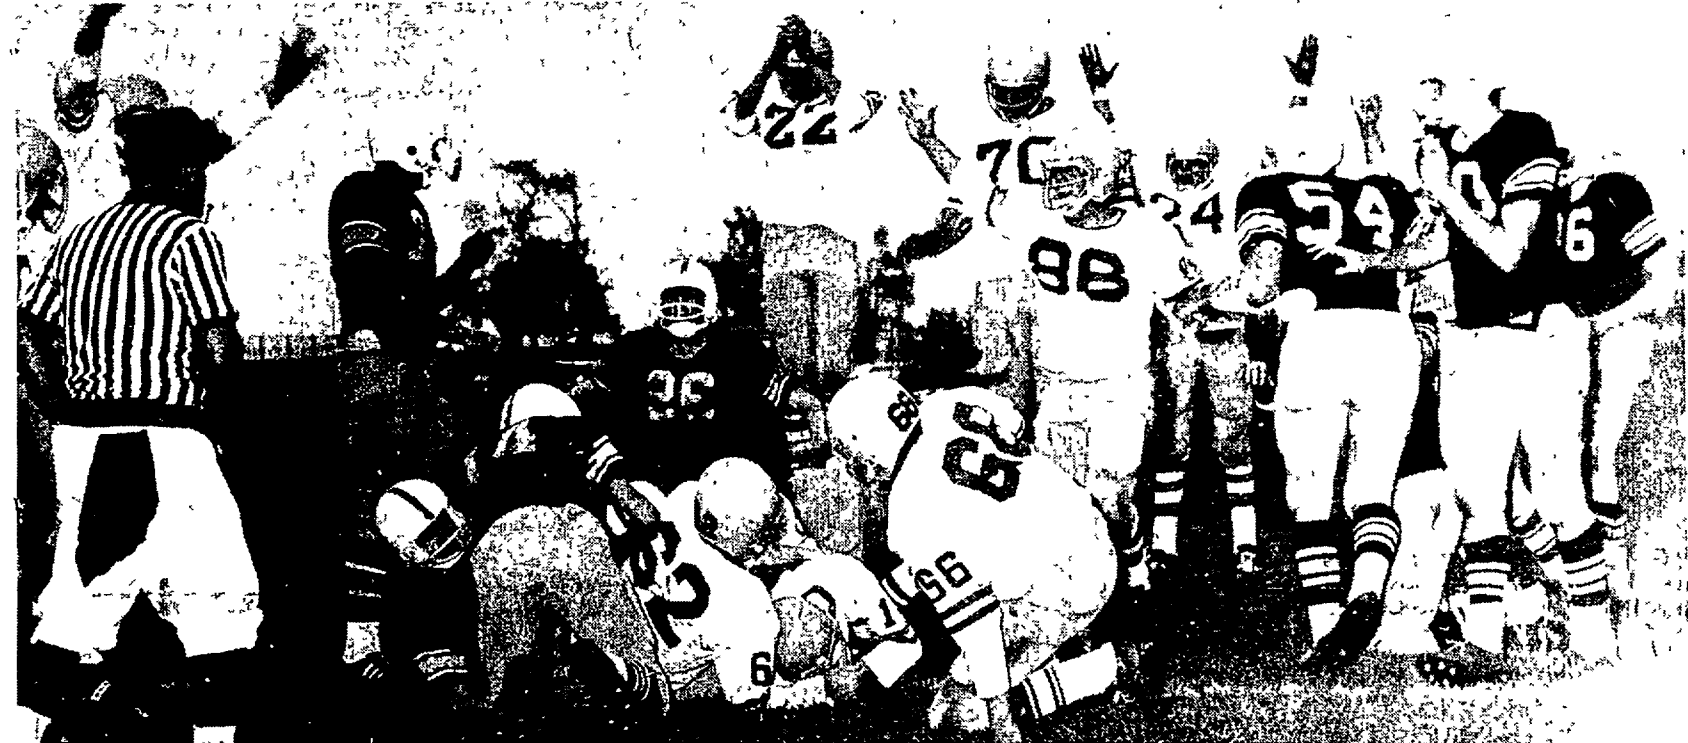

REACHING SKYWARD for the slippery pigskin, Northville's End Greg Carr is about to receive a crunching body blow from Clarkston's pass defender, Mark Erickson.

"IT'S A TOUCHDOWN, Ref, it's a touchdown!" jubilant Novl gridders scream at Referee Andy Bertoni

as Quarterback Gary Boyer slammed across the goal line to score the first TD in Friday's game between

the Wildcats and Columbia Central. Boyer dove into the end zone for another TD later, too, but the

local eleven, playing its finest game this season, lost, 19-13.

But Drop Heartbreaker, 19-13

Wildcats Display New Strength

It hurts to lose but Novl's young football team has little to be ashamed of in dropping a 19-13 contest with Columbia Central here Friday afternoon.

Defensively and offensively, the Wildcats played a superior game against a bigger and more experienced eleven but a couple of critical fumbles dashed their hopes for a victory in the Lakeland C League race.

So tomorrow Novl will travel to Grass Lake still searching for its first triumph and remembering what might have been. But they'll be tough, determined to win that first game, says Coach John Osborne, who praised his squad's performance Friday.

"We played the way we should have been playing right along," Osborne said. The coach was particularly pleased with the offensive and defensive play of Backs Jon VanWagner and Gary Boyer and the defensive performance of Dave Bingham and Dale Pohlman. But others did well, too, he added. "It was a team effort."

Statistically, Novl was the victor last week, out-rushing Columbia, 110 yards to 109 and grabbing 85 yards in the air while limiting the invaders to 51 yards.

Playing before a sparse home crowd, the Wildcats scored first—early in the second quarter—after successfully

stopping a Columbia drive deep into their territory in the first stanza.

In the first quarter, Columbia smashed to the Novl 14 before the fired-up defenders pushed 'em back to the 24 and took possession. Novl was unable to unleash an attack of its own, but a fourth-down punt forced Columbia back to its own two-yard line, setting the stage minutes later for the Novl touchdown.

After Novl regained possession at the 26, VanWagner sliced off tackle in short but steady drives toward the goal line. Then on third down, one yard out, Boyer ripped over the right tackle for the TD. VanWagner kicked the extra point.

Still another Novl threat seemed to be in the making minutes later when the Wildcats grabbed a Columbia fumble. But on third down, Columbia's End Bill Devine scooped up a Novl fumble and galloped 45 yards for a six-pointer. An extra-point groundplay was stopped.

Now, still leading by a single point,

Novl took the kick only to lose the ball on another fumble. This time Columbia moved from the 15 to the 5 in two plays before Doug Brown snagged a pass in the end zone. Columbia picked up the extra point in a play over right tackle.

Novl tied the score at 13-13 in the third quarter as Ken Osborne grabbed a Columbia punt and scrambled to the 49. Columbia was nipped for 15 yards, giving the Wildcats first down on the opponent's 36 yard line. Novl moved the ball to the 19 and fumbled twice before VanWagner took a pass from Boyer and streaked to the one-foot line before he was pulled down. Once

again it was third down when Boyer cracked over for the tally.

In the next series of plays, Columbia picked up three first downs, pushing upfield from its own 39 to the 1 where Kurt Green pushed the ball across for the winning TD.

Novl made one last, desperate attempt for victory with less than a minute to play. Recovering a Columbia fumble on its own 28-yard line, the Wildcats fired two incompletions before Doug Schott snagged a beauty and raced to the Columbia 28 before he was hauled down. Schott grabbed still another only yards from the TD as the game ended.

Obituary

South Lyon Man Dies in Local Jail

A South Lyon man, John Harrison Miller, 27333 Pontiac Trail, died in the Northville jail Monday, October 9, becoming the first such casualty in the building, erected in 1963.

He was arrested October 7 on the charge of being drunk and disorderly at the Wing street 24-hour parking lot.

A decision on the cause of death is pending from the Wayne county medical examiner's office but is not expected for four to six weeks.

The deceased, who was 49, leaves a nephew, James Fulmer of Farmington. Services were scheduled for Tuesday at Pleasant, Virginia, with burial to be there.

AMY F. HOLMES, 84, a former resident of Northville, died Monday in Bradenton, Florida. She was a retired nurse formerly employed at Maybury Sanatorium.

Funeral services will be at 2 p.m. today, Thursday, at the Casterline funeral home. A complete obituary will be in next week's Record.

ROBERT K. LYKE

Robert K. Lyke, who moved to Pompano Beach from Northville 12 years ago, died in that city Monday. Funeral services were scheduled for 3:15 p.m. Wednesday from the Kraer funeral

Stolen Novi Guns Found in Livonia

A 39-year-old Livonia man, accused of collecting antique guns in Novi by the sackful, faces examination in Livonia next Tuesday.

Arrested and jailed last Thursday by Livonia police and the FBI was James E. Nelson, who was caught by showing his "collection" to two men he had met in the Crestwood Bar, 27885 Plymouth road.

Forum

Continued from Page 1

juvenile officer to the Northville police department.

The latter suggestion met with the approval of Police Chief Samuel Elkins, who said existing agencies could work with the officer in combating problems as they arise.

Citizens concluded that existing after-school activities, such as the weekly Cavern dances, successfully meet the needs of many teenagers but that it does not "hit at that 5-percent" who are involved in most of the difficulties. To interest this small percentage in some worthwhile activities is the toughest and perhaps should be the most important aim of the forum, citizens concluded.

One of the most persistent problems locally, Mrs. Gordon Forrer, adult advisor for The Cavern teen club, emphasized, is "drinking." She said the Northville police department has successfully combated drinking within the city limits but that youth "get around" city surveillance by drinking in the township where no regular policing exists. One method of resolving this problem, she suggested, would be a single police department for both the city and the township of Northville.

Police Chief Elkins concurred, pointing out that drinking and other "contagious" problems do exist. He said he was not at liberty to reveal the nature of the "other" problems at this time.

Other matters discussed and general comments made last week included:

---Plans for an expanded winter program sponsored by the Northville Recreation department (including hockey and gun club activities).

---Tentative plans of the high school P-TA to establish a forum through which youth can discuss their needs and problems with adults.

---Plans for establishment of a club-room in the community building cafeteria (the room has been leased from the school).

---Some parents of teenagers, who want to keep their children home in the evenings, object to after-dinner activities that may put pressure on parents to permit their children to participate.

---What adults may consider as "serious" problems, teenagers do not interpret them as such.

---Activities that require youth formulation and self regulation—together with adult warning that such activity will be abandoned upon misuse—may be one method of keeping youth in line.

---Student organizations should be more directly involved in policing activities through club expulsion, etc.

---More attention should be given to good activities of youth and outstanding performance, thus emphasizing the positive image of teenagers.

Vandals Hit School Work

A fire started about 8 a.m. Monday on the Northville high school property near the science building resulted in the destruction of 80 bags of mortar, six shovels and a hose, all belonging to a school contractor, C. H. Reisdorf and Sons.

The Northville police list the incident as malicious destruction of property.

Also reported to police Monday was vandalism at the Edison company building at 208 North Center. Two window panes were broken.

Legion to Host Girl-Boy Staters

The Lloyd H. Green American Legion Post will fete seven Girl and Boys Staters at a banquet at the legion hall next Tuesday evening.

The dinner program will get underway at 6 p.m.

Those feted here were either sponsored directly by the Legion post here or were sponsored by a number of business places who are joining with the legion in honoring the students.

THE BIBLE SPEAKS TO YOU

CKLW 800 KC

Sunday 9:45 A.M.

"HELPING CHILDREN PLAY"

Part I

Novi police who have been investigating the theft from the Village Arcade, located at the southwest corner of 12 Mile and Novi roads, early in August, said 59 guns were recovered from the trunk of Nelson's car parked at the bar.

All of them were identified by the owner, Philip Preuss of Plymouth, who said they were stolen from his Novi antique shop.

The guns have a retail value of \$6,000, Preuss said.

Novi police also revealed that two young Detroit men, Varnell Hannah, 17, and James Martin, 20, pleaded guilty before Oakland County Circuit Court Judge Farrell Roberts Thursday of burglarizing Ward's Standard gasoline station at Grand River and Beck on April 26.

Sentencing has been set for November 11.

The two men admitted breaking into the service station and stealing some \$30 in coins from the cash register, a wristwatch and cigarettes.

Novi police, who had stopped the pair minutes after the burglary on a traffic violation, released them, discovered the theft and quickly radioed an alert to neighboring police. They were apprehended a short time later at I-696 and Inkster road by state police.

Drinkers Use School Path

Several complaints of Taft Colony area residents about cars parked on the gravel path that leads from Fomer road dead-end in the subdivision to the school have been received by the Northville police department recently, Police Chief Samuel Elkins said Monday.

Noting that the area bothered by the parking for what is reported to be car beer parties at night is in the township, Chief Elkins says such callers are referred to the Wayne county sheriff's department, 721-2222.

Players Guild Opener Nearing

Northville Players Guild is in full rehearsal for its production, "And Then There Were None," an Agatha Christie murder mystery, to be given in the Northville high school auditorium at 8:30 p.m. October 27 and 28.

Gary Webb, who is handling publicity for the group, reports that the play was chosen partly for its unusual ending. It is set on Indian Island off the coast of Devon, England, with the plot revolving around the wish of one person to take justice into his own hands. He deals out "capital punishment" to ten people he has invited to the island under false pretenses. Each death, in the play, fits the line of a poem, and with each an Indian statue topples off the mantel.

Police Report 32 Escapees

A total of 32 escapees from institutions surrounding Northville was reported for the month of September by the Northville police department.

The break-down by institutions is Wayne county training school, 11 in September, bringing the total to date this year to 117; Detroit House of Correction, 7 in September, for a total of 62 to date this year; Northville state hospital, 14 in September, for a total of 232 to date this year.

Police Chief Samuel Elkins says September's count was average with several of the escapees being apprehended in Northville and returned.

Finally there is one left. Tickets will be available at the door at \$1.50 for adults and 75 cents for students.

Tom Slattery Joins Corps

Thomas R. Slattery, son of Mr. and Mrs. William R. Slattery, 46812 Dun-sany, left October 6, to begin special training with the Peace Corps.

After a three-month training period in Escondido, California, he will be sent to Colombia, South America, for two years. His studies will include a brush-up course in Spanish, to refresh the language training he had at the University of Michigan. Following his graduation from U. of M., he has been teaching for a year in Miami, Florida.

HOME COMING... But but Happy!

Rain failed to dampen spirits Friday night as Northville students celebrated their homecoming with floats and pretty girls. Homecoming Queen Luanne Godfrey takes the spotlight above as her father Dr. H.G. Godfrey and Band Director Robert Williams escort her across the football field. At right are the class floats in order (top to bottom) of their place in float judging, Senior, Sophomore and Junior. Members of the queen's court were Julia Williams, Alisen Lyke, Peggy Lepper, Julia Brown and Bonnie McKinney. See Frosh float, 7-B.

THE CURSE ON THOSE WHO CONTRIBUTE TO ANOTHER'S DOWNFALL

Habakkuk 2:15-16 — Text Verse: 15
"Woe unto him that giveth his neighbor drink, that putteth thy bottle to him, and maketh him drunken also,"

The Bible, God's Word, says "wine is a mocker, strong drink is raging and whosoever deceived thereby is not wise." In present day english, we could paraphrase the above scripture thus, "beverage alcohol will mock and bring to shame the person who drinks it; not only so but will also bring about mental instability ranging from idle senseless talk to insane raging. In view of the mockery, shame, and insane raging a person who uses it, is self-deceived and is not using his God given ability to exercise wisdom.

We see then lack of wisdom for a person to use beverage alcohol. This is a bad situation to say the least; but let us notice our text verse.

"Woe unto him that giveth his neighbor drink," "That giveth his neighbor drink," it is a sad thing to see a person ruin his life by drink, but sadder still when he sets out to destroy someone else's life also. Especially when it is the life of a teenager. Today teenagers have little trouble getting alcohol. Some is sold over the counter by unscrupulous business people, some bought for them by adults, some given to them in private

homes. It matters little how they receive it, the fact that they are getting it is what is important. God says, "Woe" to that person who aides them in procuring it. God says that person shall be filled with shame and God will turn his right hand to that person in judgement. There is a law that always works, it is the law of retribution, "as ye sow, so shall ye reap". If you ruin someone else's life, you will come to ruin also. So we see it is contrary to Gods Word to give the bottle to another and make him drunken. It is also against the law of the land to "contribute to the delinquency of a minor" and if convicted can bring a jail sentence of 90 (ninety) days or 100 dollars (\$100.00) fine or both.

God says "All have sinned and come short of the glory of God, and the wages of sin is death." Drunkenness is a sin, just as lying is a sin or stealing is a sin, it is coming short of what God expects of us, just plain missing the mark. What can we do about it? One must be sorry for his sin and have a desire to turn from it. Then accept the sacrificial death of Lord Jesus Christ as your own death. He died for you teenager, he died for you adult, will you turn your life over to Him? Not only did He pay the price for your sin on the Cross but He arose the third day from the tomb. He is living today to help those live right who trust Him. May God bless you.

Bishop to Confirm 21 At Holy Cross Sunday

The Rt. Rev. George Rhys Selway, Bishop of Northern Michigan, will make a visitation to the Episcopal church of the Holy Cross, 46200 West Ten Mile,

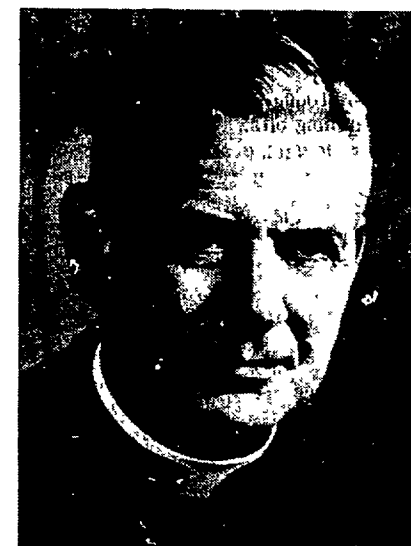

to confirm a class of 21 and to receive one person from another communion. The service of confirmation will take place at 4 p.m. in the church.

The Bishop is a native of Ohio and served his first years of the Priesthood in the Diocese of Ohio, after being graduated from Kenyon college and Bexley Theological seminary.

He came to the Diocese of Michigan to serve as Rector of St. Paul's church in Lansing from St. Mark's in Toledo.

While in Michigan Bishop Selway served for some years as president of the standing committee. From Lansing Bishop Selway was called to be dean of Trinity Cathedral in Phoenix, Arizona, a post which he held until he became bishop of Northern Michigan on October 1, 1964.

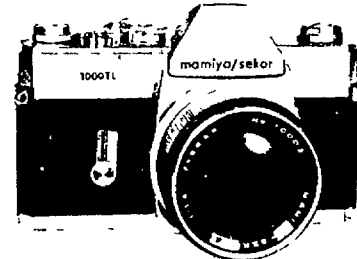

As bishop of Northern Michigan his jurisdiction includes the entire Upper Peninsula of the state, together with the islands lying east of the mainland. The Cathedral at Northern Michigan, together with the Bishop's office and residence, is located in Menominee, Michigan.

THE FIRST PAGE OF Adventure

THE CHURCH FOR ALL...
... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

I have to confess that once I thought mothers read to their children to entertain them—and keep them quiet. But it wasn't long before I began to see the results of storytime in my own youngsters' interests and understanding.

Obviously a child's imagination just keeps pace with the growth of his mind and body. Apparently it is in well-chosen stories that he first encounters the challenging adventures that will later become part of his own life.

Now I fully appreciate the skill and experience that underlie my Church's program for moral and religious training. Bible stories aren't some harried teacher's solution to a disciplinary problem. They are fundamental steps in the development of character and conviction.

So I am grateful to God who has given us the cherished narratives of man's spiritual discoveries. For my youngsters they have been the first page of adventure... and of faith!

Our Legislators Report...

Esch...

Charges and countercharges about political campaign finances only serve to highlight the need for a complete overhaul and updating of laws in this area. There is no doubt in my mind that current campaign spending regulations are almost meaningless. Rather than protecting the public trust they encourage dubious practices and are sufficiently vague so as to cloud the activities of a man attempting to operate on an above board basis.

As I testified before the Committee on Standards of Official Conduct earlier this month, the most urgent need is for total disclosure of campaign expenditures. State and federal reporting procedures are so riddled with loopholes that it is impossible to know the full story on how much was raised from whom and how it was spent. And this is true even when the letter of the law is followed. The public has a right to know these facts and a candidate should welcome the opportunity to make them known.

We must require all candidates to file a full accounting of all contributions and expenditures. The same should apply to committees working on behalf of candidates for much of the confusion and contradiction in reporting comes from the many committees contribution to campaigns at all levels. These full reports should be filed in one central point so that they are readily open for public scrutiny.

On a federal level, a proper authority to receive and maintain these records would be the Comptroller General—a nonpartisan figure not subject to the influence of shifting political majorities. His staff of accountants and lawyers are trained investigators fully equipped to handle the responsibility of uncovering an illegal or improper activity.

McDonald...

George Orwell's "Big Brother" may be just around the corner.

The unseen but all-seeing "hero" of "1984" could reside in a huge bank being considered by government officials and Congress.

Proponents of the data bank point out that it would provide a centralized storehouse for all the facts and figures applying to individuals that could possibly be of legitimate concern to the government.

They insist that enough safeguards would be erected to prevent misuse of the data bank.

Opponents aren't so sure. They've said that while one administration might stick to the rules, there's no certainty that all would.

House critics have expressed fear the data bank could be used to intimidate citizens.

The "streamlining" argument of proponents of the data bank is that in an advanced technological age—when the average American has been reduced to a bank number and an area code—the government should try to keep step.

It would seem to me that while better handling of data—including the obvious end of duplication—is a laudable goal, Congress should move very slowly in an area where the privacy of the individual citizen is at stake.

Schmidt...

The President apparently is ready to play with the lives of the American people in his effort to club Congress into giving him a tax increase.

Coaxing and arm-twisting have failed. Now come the brass knuckles in the form of a thinly veiled threat by the Department of Transportation to cut in

half this year's \$4.4 billion highway fund outlay.

The excuse is that such a reduction would be in line with the House's demand that the administration cut back nonessential spending.

This latest chapter in the credibility gap is appalling.

The highway program, as President Johnson himself has said, "is not costing the general fund of the United States Treasury a single cent."

Those so-called "federal" funds actually come from federal taxes on gas and oil, tires, batteries, new trucks, busses and truck trailers, and actual use by trucks of the nation's highways.

To cut those funds back won't knock a penny off the Johnson administration's impending \$29 billion deficit—and the President knows it. He is trying to hoax the public and cow Congress.

The President refuses to cut those gray train programs he finds politically profitable.

At a time when the nation's highways are claiming some 50,000 lives a year—and when the President's own projections show 8,500 of those lives could be saved under the highway program—any reduction in this program would be criminal.

It is inconceivable to me that the President would rather take this risk than reduce those programs not vital to the nation's welfare.

Smart...

State Representative Clifford H. Smart has announced that the Michigan Water Resources Commission will hold a public hearing on proposed watercraft pollution rules on Thursday, October 26th, in Lansing. The hearing is scheduled for the Terrace Room of the Lansing Civic Center, beginning at 10:00 A.M.

"Due to the tremendous interest in boating throughout Oakland and Genesee counties", Smart said, I hope many people from our area will take the opportunity to express their views on these proposed pollution control regulations."

The disposal of waste and the creation of litter by irresponsible people has become a major factor in the pollution of our waters.

Smart said the main objective of the proposed rules is to regulate the use of marine toilets. Toilets on boats will be outlawed, as the rules are now written, unless equipped with a device to retain all waste material or treat it so it is rendered non-pollutonal. Types of pollution control devices to be used on boats will have to receive the approval of the Water Resources Commission before installation is allowed.

Representative Smart said that the commission had requested that persons wishing to testify at the October 26 hearing submit a written summary of their views and evidence in advance. This, however, is not mandatory and adequate time will be given for the expression of all views and opinions on the proposed pollution control regulations.

Klapka went from college to oil field mapping and surveying as a trainee. During World War II, he trained pilot instructors at Randolph Field in San Antonio, Texas.

A musician who plays most reed instruments as well as the piano, he has been a singer, director, actor, secretary and chairman of the amateur Rose-dale Park Players. Last year he received an award in Detroit's Junior Achievement.

A past commander of an American Legion post, he is a member of the American Institute of Mining, Metallurgical and Petroleum Engineers and the Northwest Mining Association.

Karl Klapka Gets Diamond Tool Post

KARL KLAPKA

Karl J. Klapka, a northwest Detroit, has been named sales manager for the International Diamond Tool company of Northville, which manufactures among other products, diamond masonry drills and mining bits.

Inventor, musician, amateur actor, woodworker, engineer and sales executive—all are credentials of Klapka, who for the past 20 years has worked as a chief engineer in the oil and mining fields, in sales management and masonry engineering.

Here at International, his main job will be to expand domestic and overseas markets for the company.

A mining graduate of the University of Wisconsin in 1940, Klapka met his wife, the former Margaret Knott, during his college days. She is the daughter of a professor who also was general editor of Webster's International Dictionary.

In Schoolcraft Poll

Romney Slips, Kennedy Gains

Are Schoolcraft college students an accurate weather-vane in Michigan politics? On the national scene? Could be.

Last year, the community college students picked Governor Romney by a big majority over his Democratic opponent, Zoltan Ferency in a straw vote taken a month before the Michigan gubernatorial election. Romney won reelection handsily.

In the same straw ballot, the students preferred Sen. Robert Griffin in his contest with former Governor G. Mennen Williams. Griffin won.

Last week during the course of a Student Senate election, a political straw vote showed student preference for New York Senator Robert Kennedy, among a list of Democrats and Governor Romney among a list of Republicans.

The choice of the two men repeated a preference indicated by the students

a year ago. But, significantly, Kennedy's popularity over President Johnson among the Democrats increased this year to better than 3.5 to 1, from less than 3-to-1 a year ago, while Romney's popularity slipped, as two conservative Republicans, Richard Nixon and California Governor Ronald Reagan made a strong showing.

Among three Democrats on the straw ballot, Schoolcraft students gave Kennedy 176 votes, to 49 for Pres. Johnson, and 26 for former Alabama Gov. George Wallace.

Among Republicans, with students voting on both sides of the preferential ballot: Romney polled 97, Reagan and Nixon, 45 each, New York Gov. Nelson Rockefeller, 37, and Illinois Governor Charles Percy, 29.

A year ago Romney swamped his GOP "opponents" with 155 votes against 32 each for Nixon and former Arizona Sen. Barry Goldwater.

The students again remained "hawks" on a question on the Vietnam war. The poll showed, on the "Hawk" side: 124 favoring escalation, and 65 favoring maintenance of the present U.S. policy on the war; and on the "dove" side, 63 favoring complete withdrawal from the war, and 20 in favor of de-escalation.

On matters closer to home, the students approved mini-skirts as proper attire on campus by a 216 to 58 margin, and expressed disfavor with a proposed tuition increase this winter by a 169-109 vote.

On still another issue, the students approved the jailing of Teamster Union leader Jimmy Hoffa by a 217 to 49 vote.

The straw vote, as well as the Student Senate election, was conducted on a regulation voting machine provided without charge to the Senate by the City of Garden City.

With Our Servicemen

Ft. Knox, Kentucky — October 9 — Army Private Michael W. Daleo is assigned to Company E, 11th Battalion, 3rd Brigade, here in the United States Army Training Center, Armor (USATCA).

He will spend the next two months learning the fundamental skills of the soldier in today's modern, action Army — firing live ammunition under simulated combat situation, learning protective measures and first-aid for chemical, biological and radiological attacks, as well as being schooled in the use of modern arms.

Following the completion of basic training, Private Daleo, who is the son of

Mr. and Mrs. Dan Daleo of 48190 West 10 Mile will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

Seaman Apprentice Marlin R. Sutton, USN, son of Mr. and Mrs. Luther M. Sutton of 46187 Bloomcrest drive, Northville, Michigan is attending the Navy's basic 18-week Fire Control Technician School at the U.S. Naval Training Center, Great Lakes, Illinois.

Fire control involves plotting the path of a projectile or missile from weapon to target by means of radar and electronic computers. In learning

to do this he will use the mathematics of geometry and trigonometry, basic electricity and electronics, and analytical and digital computers. Also taught will be methods of compensating for natural forces which affect the projectile's or missile's course, such as ship's motion, wind and target movement.

After graduation he will serve as a fire control technician aboard a ship.

Daniel Smith, son of Mr. and Mrs. Rex Smith, 48800 West Nine Mile road, has been promoted from Private First Class to Specialist 4. Stationed at Ft. Hood, Texas, Specialist Smith is a cook, having entered the United States Army one year ago. He is a graduate of Northville high school.

Reveal Postal Deadlines For Mail to Servicemen

The suggested mailing deadlines for Christmas mail were announced by postal officials this week. "It's not too early to begin planning for the holiday season," they said. "In fact, the post office departments plans to handle the rush of mail have already been completed. Now it is up to the public."

"If people mail early, the expected record breaking volume of well over 9 million pieces of mail to be delivered during the holiday season will arrive at its destination on time and without a serious hitch."

They noted that special attention will again be placed on the delivery of mail to servicemen in Vietnam and the surrounding area.

The deadlines for mail to all members of the Armed Forces abroad are:

- Gifts weighing more than five pounds sent by surface postage rates --November 11.
- Gifts five pounds or less, plus letters and greeting cards sent at surface rates. (These go by air on a space available basis) — December 1.

— Air mail gifts and greetings — December 11.

Deadlines for domestic military and civilian mail are:

Domestic Surface Mail — Gifts to distant states — December 4.

—Greeting cards to distant states — December 10.

—Gifts and greeting cards to nearby areas — December 13.

Domestic Air Mail — —Gifts and greeting cards — December 19.

Deadlines for overseas civilian mail are:

Overseas Surface Mail — —Far East — October 15.

—Other areas — November 1.

Overseas Air Mail — —Remote areas off main air routes — December 1.

—Areas on heavily traveled air routes — December 10.

beat Dodge fever BELIEVER

IF YOU BELIEVE THAT A compact ought to be roomy and good-looking to really be a bargain, the Good Guys couldn't agree more. And they have the car to prove it—the beautiful '68 version of Dodge Dart—America's best-selling compact. It has more room, more comfort, and more luxury than other compacts, but still sports a compact price. So see the Dodge Boys and their new Dodge Dart. They'll make a Dodge Fever Believer out of you.

NOVI HIGHLIGHTS

EDITOR'S NOTE: Mrs. H. D. Henderson, *Novi News* correspondent, is on vacation. During her absence news items for *Novi Highlights* should be telephoned to Mrs. Herbert Farah, FI-9-5194.

For the past two weeks Mr. and Mrs. Homer Kent have been entertaining guests from South Carolina. They are Mrs. Kent's sister and brother-in-law, Mr. and Mrs. Goff.

Mr. and Mrs. Royal Snow will spend this weekend with Mr. and Mrs. Ben Ford and family of Orion, Illinois. This is their son-in-law, daughter and grandchildren.

Mr. Leon Dochot is attending the Oakland County Law Enforcement meeting at Saratoga Farms on Tuesday, October 17.

Mrs. Kay Buck won a first place trophy after playing in a three day, nine hole tournament at Lakeland Golf & Country club in Brighton.

Mrs. John Pantalone and her niece Sharon Renn joined Mrs. J. F. Buck last Wednesday to enjoy the Lakeland Golf & Bridge trophy luncheon and style show.

Mrs. Harold Sigsbee, daughter Sha-

ron, Warren Faulkner and Bob Wishaw took part in bow and arrow deer hunting at Houghton State Forest. Mrs. Sigsbee's luck does not compare to her gun hunting in 1964 when she brought in an 8 point buck.

Marilyn Hawk, daughter of Mr. and Mrs. Willis Miller leaves for Hawaii on October 24 to meet her husband, Capt. Sheridan Hawk, of the helicopter rescue division. He will be on a rest and recuperation leave. He has been in Vietnam since January of 1967 and has received the distinguished flying cross.

A baby shower was given for Mrs. Shirley Harrison none too soon as the shower was held October 10 and Mrs. Harrison delivered October 11. Held at the home of Mrs. Joan Tobel the ladies attending were Elaine Bischof, Diane Luftman, Janet Madley, Charlene Rom and Lois Potts.

Mr. and Mrs. Dave Harrison are proud parents of a 5 pound 11 ounce daughter they have named Amy Jo.

Also of Pioneer Meadows Subdivision, Mr. and Mrs. Fred Luftman have a new baby boy born October 14. Mark Frederick weighed 7 pounds 14 ounces. Visitors at the home of Mr. and Mrs. Clifford Kirkland were Mrs. Kirkland's

parents and sister, Mr. and Mrs. George W. Williams from Youngstown, Ohio.

Mr. and Mrs. Gary Price and sons, Todd and Kurt went weekend bow and arrow hunting at Harrison, Michigan. They were accompanied by Mr. and Mrs. Stuart Price and children.

Mr. and Mrs. Kent Mathis spent the weekend in Canada at Expo 67. They particularly enjoyed the individual atmosphere generated by the displays of the smaller countries. They returned through the New England States and seemed to feel more richness of color was apparent than in our own fall scenery.

A cooperative garage sale by five neighbors was held at Mrs. Donald Thorpes. There are some usable baby items, clothing, left to be donated if someone knows where they could be used.

Corp. James Needham of the USMC spent 30 days at the family home at 41066 McMahon. He left for Vietnam October 12 to resume duties at Da Nang. He completed a year in August and is returning for an additional 6 months for which he volunteered. He graduated from Northville high school in 1965.

Very proud parents are Mr. and

Mrs. Roger Pelchat of their son Steve who won a trip to Washington as a participant in a contest for Detroit News carriers. The only carrier in Novi to be so honored, he left October 15 with 600 boys from all over the State of Michigan for 3 days in Washington. He expects to view the capitol buildings and landmarks, the FBI building and the Smithsonian Institute. Steve and his parents live in Orchard Hills.

NOVI METHODIST CHURCH

Services were held at Whitehall convalescent home on Ten Mile road at 1:00 p.m. last Sunday. Communion was served.

The Junior MYF met at 6:00 p.m. Kathy Bell had charge of the program and Gary Gillette had charge of recreation. Refreshments were in charge of Rose Button and David and Leslie Branch.

The Senior MYF met at 7:00 p.m. The program chairman was Kim Kozak. Tuesday, October 17 the Commission of Finance met. The Commission on membership and Evangelism met at the same time. An official church board meeting takes place at 8:00 p.m. Wednesday there will be choir rehearsal at 6:45 p.m. Both Junior and Senior MYF will join in a Scavenger Hunt on Saturday evening.

October 25 the WSCS will have their regular meeting and include a United Nations luncheon.

There will be a special program with the speaker, Mrs. Marvin Richert of Pontiac. Her husband was the former pastor of E.U.B. church of Willowbrook. November 1 is "Every Member Visitation Dinner" at the church at 6:00 p.m.

A future annual event being planned is the WSCS Bazaar and Luncheon held at the community building.

Two members of the church confined in St. Mary's hospital in Livonia are Jo Ellen Steinberger and Rudolph Wendland.

WILLOWBROOK E.U.B. COMMUNITY CHURCH

The officers of the Women's Society of World Service attended the Fall Institute and Officers Training at the Magnolia EUB church in Southfield on Tuesday evening, October 17.

Friday, October 20 the Junior Fellowship will meet at the church at 4:00 p.m. This is for boys and girls ages 3-6. A reminder to all: Junior choir rehearsal takes place during this hour.

Saturday October 21 there will be a New Curriculum conference workshop held at the St. Matthews church on Six Mile road, Livonia. This is for Sunday school teachers and helpers from the children's department. It introduces the new Sunday school material. You are asked to bring a sack lunch for the noon meal.

Next Tuesday, October 24, the Detroit area EUB ministers will meet at the Willowbrook church for the monthly fellowship breakfast and meeting.

Thursday, Oct. 26 has been set as our "Church clean up Day". Men, women and young people are needed to help give the inside of the church a thorough fall cleaning.

BOWLING LEAGUE

The Novi Mixed bowling league meets every other Sunday at Country Lanes in Farmington at 6:00 p.m. The officers are president, Ed Butler; vice president, Bud Gault; treasurer Bob Collins; secretary, Doris Holroyde and Sgt. at arms, John Pantalone.

Chairmanships are co-chaired. Banquet, Mr. and Mrs. J. F. Buck, Mr. and Mrs. Roger Pelchat and Mr. and Mrs. Norman Gagneur. The prize, Mr. and Mrs. Ron Fisher, Mr. and Mrs.

Will Lambert and Mr. and Mrs. Les Ward. Trophy committee, Mr. and Mrs. Bruce Simmons and Mr. and Mrs. Ken Cookson.

Cadet troop 149 is newly organized and meets every Wednesday evening 7:00 till 8:30 p.m. at Willowbrook Community church. Girls 12 years to 14 or in the 7th, 8th or 9th grades may still join if they live in Novi.

Troop 54 of Novi Boy Scouts meet every Wednesday night at the Community building. Scouts and their leaders will leave Friday for 3 days at the Ottawa Fall Camporee at Camp Agawan held on October 20, 21 and 22.

If you have not seen the Novi Jr.-Sr. High school band uniforms, an opportunity presents itself at the last home football game on October 27. The game is scheduled for 4:00 p.m. and the band marches before the game and at the halftime. Proud band members, the Band Booster Club and the Band Director thank you again for your support.

Cubmaster J. F. Buck and son, Ron and new Webelo leader Jim Wratchell and son, Stephan attended the Webelo outing at Camp Agawan.

BLUE STAR MOTHERS

About 140 men at the Veterans Hospital in Ann Arbor were entertained at a party on October 12 in the evening. The Novi Chapter Blue Star Mothers do this regularly as they do the shopping service once each month. This month Lillian Miller, Helen Burnstrum, Irene Webb and Alma Klaesner spent all day doing shopping service. They were assisted in the evening for the party by Hazel Mandilk, Hilda Little and Dolly Allegheny. Mrs. Klaesner has been doing this type of service for ten years and is at present working in the TB ward where the patients are confined to the ward.

HOLY CROSS EPISCOPAL MISSION CHURCH

Funeral services were conducted for Mr. August Letzring of South Lyon, by Rev. John Fricke in Detroit, Michigan and burial services at Roseland cemetery. Prayers were said for the family and the departed on Sunday. Many of the congregation knew Mr. Letzring and were sorry to hear of his death - he was 89 years young.

Reverend Maddock from St. Paul's Memorial church, Detroit, conducted services at our church on Sunday and Rev. Fricke was the exchange minister for St. Paul's.

On Sunday, October 22, we will have Morning Prayer at 11:00 a.m. and Holy

Baptism.

Right after church services we will have choir practice - those who will sing in the choir please stay. At 4:00 p.m. in the afternoon we will have the Sacrament of Confirmation - Bishop Selway will be here to officiate. After confirmation, tea and cookies will be served by the ECW women.

On Monday October 16 Communion services were held at the church at 10:00 a.m. for the Grand River Convocation of the Episcopal Women - a talk was given by Mrs. Belle Hargraves - afterwards a luncheon was served for over sixty women. Much thanks is due all the women of the ECW of the church.

Confirmation classes are still scheduled for this week - 7:00 p.m. Junior class - 8:30 p.m. Adult classes - Wednesday Oct. 18.

NOVI BAPTIST CHURCH

The Sunday School Staff will be making calls on absentees this Sunday, October 22 from 2-4 p.m. for the "Reached Our Enrollment Day" on October 29 at 9:45 a.m. Mr. Robert Taylor of the Christian Education committee is in charge of this program. At the 11 a.m. worship service Pastor Clark will speak on the subject "Believers works". Four children's church services are in session at this time. The Primary and Junior age will be continuing the study on "The Life of William Carey."

The Junior age 4th-6th grades will start their youth program at 6 p.m. with John and Marlys Maxwell as sponsors. This will make four youth groups that meet at this hour. "Family Night" will be observed at the 7 p.m. Service this Sunday night. A gift will be given to each child who brings the whole family out. Pastor Clark will use his ventriloquist doll for the children, and his message of the evening will be "A Thorough Marriage". The music will be provided by Glenda Diem and Sue Presnell. This Saturday evening a delegation from the church will be attending the Billy Walker Youth Rally at the Davidson High in Southfield. Cars will be leaving the church at 6:30 p.m. It will be a special Hiawatha Camp night featuring Mr. Hilding Halvarson, the Oak Park Trio, camp staff and Billy Walker. Refreshments will be served after the program. The Vera Vaughn circle will be mailing Christmas boxes to eight servicemen. A box is provided in the church foyer for contributions.

NOTICE OF HEARING ON SPECIAL ASSESSMENT IMPROVEMENT BY NORTHVILLE TOWNSHIP BOARD

TO THE OWNERS OF THE FOLLOWING DESCRIBED PROPERTY:

Parts of the S.W. 1/4 of Sec. 13, T. 1 S., R. 8 E., Northville Twp., Wayne County, Michigan described as follows:

Beginning at a point in the W'ly. line of Marilyn Ave. (60' wide), located 270' N'ly. from the S. line of Sec. 13; thence W'ly. along a line parallel to the S. line of Sec. 13, 300' to the W. line of Sec. 13, thence N'ly. along the W. line of Sec. 13, 1716.52'; thence E'ly. 300 feet to the W'ly. line of Marilyn Ave.; thence S'ly. along the W'ly. line of Marilyn Ave., 1713.19' to the point of beginning. Also Beginning at a point in the E'ly. line of Marilyn Ave. (60' wide), located 270' N'ly. from the S. line of Sec. 13; thence N'ly. along the E'ly. line of Marilyn Ave., 1711.79'; thence E'ly. 300'; thence S'ly. along a line parallel to the E'ly. line of Marilyn Ave., 1649.86'; thence W'ly. 198'; thence S'ly. along a line parallel to the E'ly. line of Marilyn Ave., 60'; thence W'ly. 102' to the point of beginning. Also Beginning at a point in the W'ly. line of Fry Ave. (60' wide), said point located 200' N'ly. from the S. line of Sec. 13; thence W'ly. along a line parallel to the S. line of Sec. 13, 192.50'; thence N'ly. along a line parallel to the W'ly. line of Fry Ave., 1773.20'; thence E'ly. 192.50' to the W'ly. line of Fry Ave., thence S'ly. along the W'ly. line of Fry Ave., 1773.39' to the point of beginning. And also Beginning at a point in the E'ly. line of Fry Ave. (60' wide), located 273' N'ly. from the S. line of Sec. 13; thence N'ly. along the E'ly. line of Fry Ave., 1700.45'; thence E'ly. 192.50'; thence S'ly. along a line parallel to the E'ly. line of Fry Ave., 1700.64'; thence W'ly. along a line parallel to the S. line of Sec. 13, 192.50' to the point of beginning.

Please take notice that the Township Board of the Township of Northville has tentatively declared its intention to make the following-described improvement:

Water mains to serve the following-described lands:

Parts of the S.W. 1/4 of Sec. 13, T. 1 S., R. 8 E., Northville Twp., Wayne County, Michigan described as follows: Beginning at a point in the W'ly. line of Marilyn Ave. (60' wide), located 270' N'ly. from the S. line of Sec. 13; thence

and has tentatively designated the special assessment district against which the cost of said improvement is to be assessed as consisting of all the lots and parcels of land set forth above.

Plans and estimates have been prepared and are on file with the Township Clerk for public examination.

Take further notice that the Township Board will meet on October 24, 1967 at 8:00 o'clock p.m. at 16860 Franklin Road in the Township of Northville for the purpose of hearing any objections to the petition, to the improvement and to the special assessment district therefor.

Eleanor W. Hammond,
Clerk of Northville Township

Minutes of the Northville Board of Education

Sept. 11

In the absence of President Eugene Cook, Mr. Johnston, Vice President, assumed Chairmanship of the Board. The meeting was called to order by Vice President Stanley Johnston at 7:34 p.m. in the Library of the Junior High School Building.

Secretary Glenn Deibert being absent, Mr. Johnston appointed Mr. James Kipfer, Acting Secretary for this meeting.

Members present: Mr. Stanley Johnston, Vice President; Mr. Richard Martin, Treasurer; Mr. Robert Froelich, Trustee; Mr. James Kipfer, Trustee, Mr. Andrew Orphan, Trustee.

Members absent: Mr. Eugene Cook, President; Mr. Glenn Deibert, Secretary.

Others present: Mr. Raymond Spear, Acting Superintendent, Mr. Earl Busard, Business Manager.

Visitors present: 11 (see register). The Vice President declared that a quorum was present and directed the Board to proceed with the regular order of business.

Motion No. 74 by Mr. Martin, supported by Mr. Froelich, that the agenda be adopted as amended. Motion carried.

Motion No. 75 by Mr. Johnston, supported by Mr. Froelich, that Item 14, Ratification, be moved to first place on the agenda. Motion carried.

Following action by the board to consider Item 14 first on the agenda, discussion of the Master Agreement between the Northville Education Association and the Northville Public Schools School District was opened by Acting Superintendent Spear, who directed attention of the board to minor corrections and/or changes in the text of the Agreement subsequent to the original version provided for board members prior to the meeting. The board recommended several instances of rephrasing to insure proper interpretation of certain clauses in the contract.

The major disappointment expressed by Board members was in the inability of the Board to obtain more than a one-year contract.

In reviewing the Master Agreement, Mr. Froelich labeled it as somewhat "cumbersome" due to "verbiage," and questioned whether a contract of this nature might rather be drafted with more brevity in general terms and thereafter administered within specific guidelines of established board policies. Mr. Spear explained that the Master Agreement is of necessity a lengthy document because the spelling out of specifics is a vital part of the negotiation process; and further, that after ratification, the Agreement itself does in fact become board policy for all areas covered therein.

Mr. Johnston offered the opinion that detailed spelling out of individual items in the contract represents security for the teachers. He expressed satisfaction with this product of the many long hours of negotiation.

Mr. Orphan commented on the fact that he had observed as many of the teacher-board bargaining sessions as possible and felt the resulting Agreement to be an adequate and well-written instrument between the parties, providing both protection for the teachers and freedom for the board.

Following this discussion, Mr. Spear recommended that the 1967-68 Master Agreement ratified by the teachers on September 5, 1967, be ratified by the Board of Education.

Motion No. 76 by Mr. Orphan, supported by Mr. Martin, that the 1967-68 Master Agreement between the Northville Public Schools School District and the Northville Education Association be ratified as presented. Motion carried. (Appendix to these minutes)

Motion No. 77 by Mr. Kipfer, supported by Mr. Martin, that the Minutes of August 7, 1967, be approved as published. Motion carried.

Mr. Johnston indicated that two more letters had been received relative to a name for the new Junior High School.

Speaking for the board subcommittee charged with the responsibility of recommending a name for the new Junior High School, Mr. Johnston reported that he and Mr. Orphan hereby submit the following recommendation for consideration and action at the next Board meeting: that the new Junior High School be named the NORTHVILLE JUNIOR HIGH SCHOOL with dedication to Ida B. Cooke and plaque in her name to be mounted in an appropriate area of the building in recognition of her years of service in Northville, in the field of education, thus honoring both Mrs. Cooke and the Board's desire not to name new school buildings after persons.

Mr. Kipfer read a letter from Mr. Arthur Braun of Hazel Park requesting that his son be accepted on a tuition basis by the Northville Public Schools School District in order that he may complete his senior year at Northville High School. Mr. Froelich and High School Principal Holdsworth recommended that, in view of the circumstances related by Mr. Braun, this request be granted.

Motion No. 78 by Mr. Kipfer, supported by Mr. Froelich, that Rodney A. Braun be accepted as a tuition student on a probationary basis by the Northville Public Schools School District for the 1967-68 school year. Motion carried, with a letter written by Mr. Kipfer read a letter written by Mr. Spear to Mr. Conrad Langfield,

expressing appreciation on behalf of the Northville Public Schools for Mr. Langfield's donation of \$1500 to the Northville High School Board in memory of his father. Mr. Johnston noted that the Langfields were instrumental in the formation of the Northville High School band some years ago and have been most generous in their donations to the band program over the years. He further emphasized that this \$1500 is the second donation of considerable size from the Langfields within the past six months.

Motion No. 79 by Mr. Froelich, supported by Mr. Martin, that the donation of \$1500 to the Northville High School Band by Mr. Conrad Langfield in memory of his father be accepted by the Northville Public Schools School District and dedicated to the purposes for which it is intended. Motion carried.

Motion No. 80 by Mr. Orphan, supported by Mr. Froelich, that Mrs. Sandra Domine be released of contract with the Northville Public Schools in accord with her request of August 11, 1967. Motion carried.

Mr. Spear recalled to the board his concern for an unfilled fourth grade position at Amerman school, which was expressed at the August 28, 1967, board meeting. He indicated that he has since secured the services of a fully certified and well-qualified teacher who will be able to fill this position for the first semester of the 1967-68 school year, and recommended approval of a contract for Mrs. Robbie Durbin in this assignment.

Motion No. 81 by Mr. Froelich, supported by Mr. Kipfer, that a teaching contract be approved for Mrs. Robbie Durbin. Motion carried.

At 8:15 p.m. Mr. Martin requested permission of the board to be excused for personal reasons. Permission granted.

Motion No. 82 by Mr. Froelich, supported by Mr. Kipfer, that in accord with the Superintendent's recommendation, Mr. Earl Busard, Business Manager, be sent to the Association of School Business Officials Conference to be held October 13-20, 1967, in Miami, Florida. Motion carried.

Motion No. 83 by Mr. Froelich, supported by Mr. Kipfer, that obsolete buses No. 2 and No. 3, declared unusable, be sold to Mr. Maurice Brandman of Westland, Michigan, for \$200 each; a total of \$400. Motion carried.

Mr. Busard reported that a State Labor Board hearing is pending within the next two weeks to determine a bargaining unit representative as petitioned by at least 30% of Northville Public Schools' maintenance and custodial employees, plus one bus mechanic. Mr. Busard indicated that the Administration and Board Labor Relations Attorney Schwarze were of the opinion that the bargaining unit ought not to be restricted to the groups mentioned in the petition, but should include all non-certified personnel, including cafeteria and bus personnel, with the exception of clerical employees.

In an oral report of the present enrollment status of the Northville Public Schools, Acting Superintendent Spear cited figures which indicate that student membership is currently 92 below that of 2800, the anticipated District enrollment upon which the 1967-68 Budget was established, representing approximately \$27,000 less in expected State Aid.

Attention was directed to notification from the Wayne County Road Commission of a Special Assessment against School property, the 17-acre site located on Bradner road, as a result of the Bradner Road improvement from Six Mile road to Five Mile road, via relocation. In this connection, the board considered the obligation of the School District to participate in this assessment. The board conceded some moral obligation to pay an assessment if and when the property is utilized as a school site in the future. Mr. Orphan called attention to a legal opinion expressed by Miller, Canfield, Paddock and Stone in a letter to Mr. Spear, pointing out the exemption of the School District from this Special Assessment under Section 354 of the School Code, although they may enter into an agreement to so pay if they deem it desirable.

Motion No. 84 by Mr. Froelich, supported by Mr. Kipfer, that in accord with Section 354 of the School Code, the School District not agree at this time to pay a Special Assessment for pavement of Bradner road as levied against the District's 17-acre Bradner Road Site. Motion carried.

Mr. Spear reported on the status of plans for occupancy of the new Junior High School. At a September 7, 1967, meeting of the Architect, General Contractor and subcontractors, hope was held out for a September 25 deadline in spite of a tight schedule. Mr. Spear pointed out that the sewer permit had been received, signed, and returned on September 11. The Administration registered extreme dissatisfaction with the delay in receiving lockers from the company awarded the bid. Mr. Busard informed the board that when the locker bid was awarded, this company assumed timely delivery but now sets mid-November as the earliest it can complete. It was suggested that initiating a crash program to install old Junior High School lockers in the new building would alleviate this problem temporarily.

Mr. Orphan gave a brief oral report on the results of his and Mr. Martin's representation of the board at a meet-

ing of the Northville Township Planning Commission on August 8, 1967, and a meeting of the Northville City Planning Commission on September 5, 1967, regarding the board's request for inclusion of dedication requirements in the Planning Ordinance which would facilitate the District's acquisition of future school sites. Although no positive results were evident in this regard, Mr. Orphan expressed confidence that at least communication had been established between entities with assurances of arrangements for an early meeting date between the Novi Township Planning Commission and two members of the Northville Township Planning Commission, the Northville City Planning Commission and the Northville Board of Education, respectively, to further explore means in the direction of the Northville School Board's above-mentioned request.

At the recommendation of Mr. Spear, the following items were added to the agenda:

Item 15: Michigan School Board Election Ballot.

Item 16: Change in School Calendar.

Item 17: Amerman School Lunch program.

Acting Secretary Kipfer reviewed candidates presented on an Election Ballot from the Michigan Association of School Boards. The Northville School Board's choices were indicated for 7 of 9 candidates for three-year terms as MASB Directors at Large, and 1 of 2 for a two-year term as Director at Large.

Mr. Spear recommended two changes in the School Calendar adopted in May; namely, December 22, 1967, as an attendance day to compensate for the loss of September 5, 1967, as a student attendance day; and the scheduling of January 20, 1968, and June 8, 1968 (both Saturdays) as teacher work days to compensate for the loss of August 31 and September 1, 1967, with the understanding that teachers who reported for work on August 31 and September 1, 1967, would be excused from reporting on January 20, 1968, and June 8, 1968.

Motion No. 85 by Mr. Kipfer, supported by Mr. Froelich, that the amended School Calendar recommended by Acting Superintendent Spear be adopted as recited. Motion carried.

Mr. Spear summarized his current study of an Amerman School lunch hour program to enable walking students at Amerman School to remain for lunch if necessary, and the establishment of a board policy to govern same. He reviewed the results of a survey made by Amerman School Principal, Mr. Stafford, in August which revealed that of 15 families representing 21 children needing a lunch program at school regularly, 13 would be willing to pay a fee; of 9 families representing 17 children needing a lunch program at school often, 8 would be willing to pay a fee; of 36 families representing 52 children needing a lunch program at school occasionally, 27 would be willing to pay a fee. Mr. Spear estimated that the cost of such a lunch hour program with hired supervision would be approximately \$800. Mr. Spear requested additional time to continue his study in order to establish equitable fees and recommend a suitable Board policy for the entire District.

There being no further business, the meeting adjourned at 9:15 a.m. Glenn E. Deibert, Sec.

September 25, 1967

Minutes of the Regular School Meeting. The meeting was called to order by President Eugene Cook at 7:32 P.M. in the Library of the old Junior High School Building.

Members Present: Mr. Eugene Cook, President; Mr. Stanley Johnston, Vice President; Mr. Glenn E. Deibert, Secretary; Mr. Richard Martin, Treasurer; Mr. Robert Froelich, Trustee; Mr. James Kipfer, Trustee; Mr. Andrew Orphan, Trustee.

Others Present: Mr. Raymond Spear, Acting Superintendent; Mr. Earl Busard, Business Manager.

Visitors Present: 17 (See Register.) The President declared that a quorum was present and directed the Board to proceed with the regular order of business.

Motion No. 86 by Mr. Johnston, supported by Mr. Kipfer, that the agenda be adopted as amended. Motion carried.

Motion No. 87 by Mr. Martin, supported by Mr. Deibert, that the Minutes of August 28, 1967, be approved as published. Motion carried.

Secretary Deibert summarized a letter from Northwestern Child Guidance Clinic of Wayne County requesting that the Board give urgent consideration to a contribution for the Clinic based on 20¢ per school enrolled child, for the fiscal year beginning July 1, 1967. In brief, the letter stressed the need for funds for the Clinic in view of a cut-back in Mental Health Act-54 funds from the State of Michigan, and pointed out that the previous check from the Northville School District was received in August, 1965.

During a lengthy discussion which followed the review of this letter, several related circumstances were brought out:

A contribution from the District on the basis, requested by the Clinic would amount to approximately \$500, which sum would be tripled by the State, making a total approximate con-

tribution of \$2000 to the Clinic as a result of Northville's participation.

A 1967-68 contribution to the Clinic was not provided for in the Proposed Budget for 1967-68 since a similar item did not appear as an expenditure in the 1966-67 Budget upon which the 1967-68 Budget was predicated.

It was the Board's understanding that such a contribution had been authorized by action of the Board for the 1966-67 fiscal year, but the Administration indicated that no record of payment had been found.

The Boarding general was agreeable to remitting the unpaid contribution for 1966-67 if the official Minutes for that year indicate such authorization, but several Board members were unwilling to participate in the Clinic's program for 1967-68 because of non-inclusion of this item in the Proposed Budget.

Seventeen referrals have been made from Northville to the Clinic during the three years of the District's participation in this program.

Acting Superintendent Spear called attention to the planned working relationship between Northwestern Child Guidance Clinic and the Northville School District for 1967-68, with a representative from the Clinic scheduled to meet twice monthly with the district's psychologist and counselors to assist in meeting the District's needs in this area. Mr. Spear encouraged continued participation in support of the Clinic.

Motion No. 88 by Mr. Kipfer, supported by Mr. Johnston, that a contribution be made to the Northwestern Child Guidance Clinic of Wayne County in an amount equal to 20¢ per enrolled school child for the fiscal year beginning July 1, 1967. Ayes: Mr. Kipfer, Mr. Johnston, Mr. Cook, Nays: Mr. Orphan, Mr. Deibert, Mr. Froelich, Abstention: Mr. Martin. Motion defeated.

Secretary Deibert noted a letter addressed to Architects O'Dell, Hewlett & Luckenbach from the Department of State Police, indicating preliminary inspection has been made of the High School addition, and construction to date was found to be in compliance with the law.

Secretary Deibert read a letter from City Manager Frank Ollendorff relative to items which the City maintains should be disposed of prior to acceptance of the Junior High Sanitary Sewer line. After inspection and approval, the City requires easements on which the line is located if they are to maintain the line in the future. Further, the regular tap fee to a City main is \$1,000, and the Trunk Sewer connection carries a special tap fee, payable at the time the taps are made, at a cost of \$6880 for the School site only. The letter suggested the possibility of the District's recouping part of their own construction costs by making the line available to adjacent property owners.

The Administration questioned whether the Board would be agreeable to granting sewer line easements to the City and also the legality of the District's charging special tap fees if such easements were granted.

President Eugene Cook directed the Administration to explore jointly with the City the suggested possibilities and relative merits of what must be done regarding the Junior High Sanitary Sewer line.

Secretary Deibert read a letter from Mr. Spear to City Manager Frank Ollendorff describing the need for improvement of Taft Road in relation to the new Junior High School, and requesting the assistance of the City in providing improvement of this roadway from Eight Mile Road to the School site.

Mr. Deibert followed this by reading a response to Mr. Spear from the City Manager in which Mr. Ollendorff indicated the Department of Public Works would be grading Taft Road regularly in an attempt to keep it passable. Mr. Ollendorff further indicated that investigation is being made into the possibility of paving in the near future and inquired as to whether the School Board has discussed sharing in the cost of this project.

Mr. Cook requested the Administration to consult with the City as to when Taft Road would be paved and the cost for same on a fixed-price basis. Secretary Deibert called attention to a bulletin from the Wayne County Association of School Boards relative to the State Convention held in Detroit September 19-22, with a list of the names of WCASB officers and service contacts included for reference. A request by the WCASB to the Northville School Board to act as host for one of their monthly meetings was not encouraged by the Northville Board at this time.

Secretary Deibert read a letter from R. D. Merritt, Northville Township Supervisor relative to maintaining liaison between the Township and the Board of Education in an attempt to arrive at some workable procedure that would assure the availability of school sites in the future.

Mr. Spear called attention to a similar letter just received from the Township of Plymouth, indicating that the Plymouth Township Board sympathizes with the Northville School Board's search for a method of apportioning the cost of future school sites among homeowners serviced by such sites, but felt Supreme Court decisions prohibited such action. Reconsideration might be given to this matter if the

Northville School Board can suggest ways of overcoming these decisions.

Mr. Cook requested Mr. Orphan and Mr. Martin to consider the next step in further movement to meet with planning boards to restate the District's problem. They will report their progress in this direction at the next meeting of the Board of Education.

Secretary Deibert referred to a memorandum from William A. Shuck, Superintendent of Wayne County Intermediate School District, to Superintendents of Wayne County Schools, notifying such Superintendents of plans for the formation of area vocational education districts starting in October.

In a public hearing on the Proposed Budget for 1967-68, prepared by Acting Superintendent Spear and Business Manager Busard, it was pointed out that the School District assessment appearing on the December 1967 tax rolls would remain the same as for December 1966. The total Proposed 1967-68 Budget of \$1,913,406.00 represents an increase of \$283,842.00 over the 1966-67 Budget. The apparent decrease in administrative salary expenditures budgeted for 1967-68 is attributed to retirement of the former Superintendent's contract during the fiscal year 1966-67. Mr. Spear responded to a question from the floor by reiterating the Administration's plans for utilization of the old Junior High School Building as outlined in the Minutes of the August 7, 1967 Board meeting.

Motion No. 89 by Mr. Froelich, supported by Mr. Martin, that the District enter into a lease agreement with the Northville Teen Club, sponsored by the Northville Mothers Club, for use of portions of the Community Building in accord with the agreement as presented. Motion carried. (Appendix I to these Minutes)

In accordance with the Board's direction at the September 11, 1967, board meeting, Mr. Spear indicated that he had formulated a policy governing an Elementary Noon Hour Program following several weeks of study and a parent survey by the Amerman school Principal. Mr. Spear informed the Board that a letter of notification, together with a copy of the policy, would be forwarded to parents, from Elementary Principals should the proposed policy be adopted by the Board.

Motion No. 90 by Mr. Johnston, supported by Mr. Kipfer, the Board Policy 354.61, Elementary Noon Hour Policy be adopted as presented:

Children living within walking distance from the school of their attendance are permitted to bring their lunch and remain at school, IF (1) their personal health is under regular medical supervision and or treatment, or (2) both parents are required to be away from home during the noon hour and the home is unsupervised by an adult. Special supervisors are hired to supervise children who must remain at noon. A charge is made to help cover the cost of the supervisors as follows:

1. Children approved to remain regularly at school during the noon hour are charged 10¢ per day.

2. In the case of exceptional circumstances, children within walking distance from school are occasionally allowed to remain at school at the discretion of the principal at a fee of 15¢ per day. Principals should be notified at least one day in advance.

3. Children who ride buses to their school of attendance are allowed to remain at noon without payment of the fee.

Motion carried, with Mr. Deibert registering a "no" vote and Mr. Orphan abstaining.

Action by the Board was deferred concerning a proposed policy on an Education Specialist Degree, based on guidelines submitted by Acting Superintendent Spear as requirements for an Ed. S. Degree equivalency for principals. Such a policy would be in conjunction with Board Policy 2210 relative to principals' salaries, which establishes an additional \$500 in salary upon the completion of an Ed. S. Degree or its equivalency. The Board concurred that the listed requirements fulfill those of an Ed. S. Degree with the exception of a research report. Mr. Cook suggested that the completion of a thesis on an assigned and supervised topic would be desirable as an additional requirement for the equivalency. Mr. Martin raised the question as to the desirability of a Board member sitting on the Review Committee. These aspects of the matter were referred to the Superintendent for further study and recommendation.

Motion No. 91 by Mr. Kipfer, supported by Mr. Johnston, that Item 11 on the agenda, Naming of New Junior High School, be tabled until the next official Board meeting to allow further consideration of the Board's desires as to the type of name to be selected. Motion carried.

Mr. Busard, Business Manager, reported that a State Labor Board hearing will be scheduled between October 5 and October 10 to determine a bargaining unit representative for certain non-certified personnel of the Northville Public Schools. He indicated that there is no change in the Administration's position that such a bargaining unit should represent all non-certified personnel excluding clerical employees.

Mr. Spear reported that, after spending two hours on site on Friday, September 22, it was his judgment

that it would be impossible to consider opening the new Junior High School on September 25, 1967, due to several problems: electrical work needing attention; cafeteria unfinished; gym two weeks from completion; shower and locker rooms behind; lockers not expected until November; four folding doors yet to go on—ready by end of week. In light of these circumstances, Mr. Spear directed attention to a parent letter sent out by the Superintendent on September 22, which set the opening date as October 2, 1967, plus a letter from Mr. Busard regarding a shuttle bus service to be provided for Junior High students eligible therefor. The Acting Superintendent cited the fire Marshall's approval of the building for occupancy and expressed confidence that things would be in excellent shape by Monday, October 2.

In a discussion of bids submitted for approval relative to business machines for the Central Office and the Business/Vocational Education Departments at the High School, Board Members Deibert and Froelich expressed concern that all equipment items, singly or in quantity, are not purchased through a sealed bid procedure. It was their opinion that the recommended awarding of bids for the proposed equipment purchases did not meet these specifications. Mr. Spear indicated that he did not find this procedure was contrary to Board policy.

Motion No. 92 by Mr. Kipfer, supported by Mr. Johnston, that the bid for a Duplicating Machine, Roneo No. 865, be awarded to Frankel Manufacturing Co. in the amount of \$819.00. Motion carried, with Mr. Deibert and Mr. Froelich registering "no" votes.

Motion No. 93 by Mr. Johnston, supported by Mr. Orphan, that typewriter purchases for the 1967-68 school year be made with Remington Rand company through the Office Supply House, Inc., of Ann Arbor @ \$125 each for manual typewriters and \$295 each for electric typewriters, not to exceed a total of \$14,820.00. Motion carried, with Mr. Deibert and Mr. Froelich registering "no" votes.

Motion No. 94 by Mr. Froelich, supported by Mr. Martin, that the bid for a Learning Laboratory be awarded to Howard and Smith Company for the Dage-Bell equipment not to exceed \$16,000.00. Motion carried, with Mr. Deibert registering a "no" vote.

Some discussion took place prior to action on a proposed agreement to provide laundry service for towels, uniforms, etc., for the coming school year. It was pointed out that present High School laundering equipment is obsolete and inadequate in light of an expanded load due to the anticipated swimming facilities, and that the cost of new equipment and additional personnel would be of major proportions. It is the Administration's judgment that the availability of a local laundry service is the best solution, with anticipated student fees adequate to offset the major portion of the cost of such service.

Motion No. 95 by Mr. Martin, supported by Mr. Johnston, that the Administration be authorized to enter into an agreement with the Ritchie Brothers Laundry to provide laundry service for towels and uniforms from the period October 1, 1967, through June 30, 1969. Motion carried, with Mr. Deibert registering a "no" vote. (Appendix II to these Minutes)

Mr. Spear reported that an evaluation of the policies contained in the present Board Policy Manual has been completed, together with recommendations for additions, deletions and changes. The Board consensus was that rewriting existing policies and formulating new ones could best be done by the Administration. President Eugene Cook directed the Superintendent to proceed with the charge of weeding out the obvious, plus rewriting and/or drafting other policies for consideration and evaluation in light of Board philosophy. It was suggested that a Board policy governing all purchases be included on the list.

Motion No. 96 by Mr. Froelich, supported by Mr. Martin, that the Budget presented by the Superintendent and the Business Manager for the 1967-68 school year be approved as presented. Motion carried. (Appendix III to these Minutes)

Motion No. 97 by Mr. Kipfer, supported by Mr. Johnston, that reconsideration be given to Item 6 on the agenda, Northwestern Child Guidance Clinic Request. Motion carried.

Discussion reopened on the merits of honoring a request for the District to participate in the Northwestern Child Guidance Clinic's program for 1967-68. Mr. Kipfer indicated a moral obligation existed to fulfill the 1966-67 contribution to the Clinic if the official Minutes for that year reveal such action was authorized by the Board. He further stressed the desirability of meeting the present request from the Clinic for Northville's participation in their 1967-68 program as well. Members Deibert and Orphan emphasized that they concurred with the moral aspects of fulfilling the 1966-67 contribution, but could not support a 1967-68 contribution because of its omission from the 1967-68 Budget.

Motion No. 98 by Mr. Deibert, supported by Mr. Johnston, that if official Board Minutes show it exists,

Continued on Page 7-B

Northville Township Board Minutes

Northville Township Board meeting minutes of October 3, 1967, Northville Township hall.

Meeting called to order at 8:00 p.m. Present: Supervisor R. D. Merriam, Clerk Eleanor W. Hammond, Treasurer Alex M. Lawrence, Trustees: Thomas Armstrong, Bernard Baldwin, Gunnar Stromberg, James Tellam. Consultants: Attorney John Ashton, Engineer L. W. Mosher. Visitors: Mr. and Mrs. M. Cayley, Mr. Greenspan, Hamill, Guido, Lamb, McDermott, Smith, 2 constables and 6 residents.

Minutes of the Township Board meeting of September 5, 1967 were approved and filed.

The treasurer's report for September was submitted and approved.

Office receipts for September, Township Bills Payable and Water & Sewer Bills for September were reviewed. Tellam moved to pay all current township bills, supported by Armstrong. Ayes: All. Motion carried.

The Building Department report was accepted as presented, compiled by the Permit Clerk in the absence of a Building Inspector. Mr. Salow, Deputy Building Inspector has been handling inspections.

The Water & Sewer Commission minutes for September 20, the Planning Commission minutes for September 26, and the Appeal Board minutes for August 31 and September 7, 1967 were accepted.

Correspondence

1. Clerk Hammond read a letter from the Good Will Industries requesting the township board to proclaim a "Boy Scout Good Turn Day". Armstrong moved that the proclamation be signed as presented, seconded by Lawrence. Ayes: All. Motion carried.

2. A resolution from the Township of Plymouth was read pertaining to the raising of limits for exemption for senior citizens to \$15,000 property value and \$8500 annual income. Matter tabled for further discussion after the results of the current reassessment of the township are known.

3. The letter from the City of Detroit was read regarding the minimum

usage requirement of the Water Board contract. It was the consensus that the township not accept the settlement it contained until we have a firm commitment from the State for water from Northville township to serve the State hospital. It is our position that the Detroit Water board does not have the right to sell water directly in our township.

Old Business:

1. Library equipment - In a letter from Mr. Ollendorff, of the City of Northville, he suggested that the township contribute one third the cost of additional equipment needed by the library. Mr. Ashton felt that some record should be kept on the equipment bought. Supervisor Merriam said that the township has a list of the original equipment. Baldwin moved that the township allocate one third of the cost (\$320.00) toward the purchase of the equipment as listed in the library advisory committee minutes of April 6, 1967. Seconded by Armstrong. Ayes: all. Motion carried.

2. Drainage problem - A letter from Stempin, City attorney, requested the township to go on record as recognizing the problem occurring in the natural drainage area near Main and Rogers streets in the city of Northville. Some of the drainage comes from township areas to the north and west. Mr. Merriam asked the township attorney to meet with Mr. Stempin to discuss this matter, and he also asked Mr. Tellam to attend this meeting since he is a resident of the area in question.

3. Library Building - Mr. Merriam stated that the old Library Building will be vacated by the School Board in October. The original agreement with the school board was that they would make all improvements to the building. Now that they are leaving the building, they would like to sell the partitions, etc. No action was taken, pending another letter which is to be forthcoming from the school board.

4. Marilyn-Fry Roads - Water Petition - Mr. Mosher submitted drawings and reports on the cost of the proposed new water district. The estimate was made sufficiently high so that

the township would not be faced with bids for construction far in excess of the estimate. Tap-in fees are not included in this estimate, but individuals may pay them over a period of years. Lawrence moved that the Board continue this project and that the hearing date be October 24, 1967 at 8:00 p.m. in the township hall, seconded by Stromberg. Ayes: All. Motion carried.

5. Census - Mr. Ashton reported that a census now would not be practical for our purposes as the Sales Tax Revenue distribution is based only on the most recent Federal Census and a state or local census could not be used.

6. Unification Committee - Mr. Merriam read a list of members who have been appointed to the sub-committees of the Unification Study Committee and mentioned that probably two more people, representing large land owners would be appointed. Baldwin asked for a copy of the objectives of the committee, which will be mailed to each board member, along with a list of committee members.

7. Dun Rovin - In a written opinion from the township attorney, it was stated that Dun Rovin Club, because of its existence prior to the adoption of the new Zoning Ordinance, could not be forced to build a fence. Mr. Merriam will meet with Mr. Charest, their attorney, to see if they will consider building the fence on a voluntary basis.

New Business:

Water & Sewer Recommendations - a. The Water & Sewer Commission recommended a new domestic rate of 40¢ per gallon of water, an increase of 5¢ to users, beginning November 1, 1967. Mr. Lawrence moved to accept the increase, as set forth in the Water & Sewer minutes of September 21, 1967, seconded by Stromberg. Ayes: All. Motion carried.

b. The Water & Sewer Commission recommended that no building permit be issued until sewer plans are approved by the State Health Department. Long discussion followed. Mr. Greenspan is requesting permits on only two buildings of the proposed complex at present. The delay in getting plans from the

State Health Department was caused by the right-of-way for storm drains on Bradner road, which must be secured before the plat can be recorded. Mr. Mosher said that all the risk would be Greenspan's, that the township's interests would not be jeopardized, and that the O.K. from the state would probably come through before the first of the year. The site plan has already been approved by the township engineer.

Mr. Stromberg moved that the board approve building permits for Northville Forest Apartments, buildings A & B of the S.E. 1/4 of Section 14 as shown on the plan dated September 5, 1967. Supported by Lawrence. Ayes: All. Motion carried.

c. The W. & Sewer Commission recommended that the township board negotiate a contract with a competent contractor to make repairs and taps to township utilities. Bids will be sought.

2. Service contract for office machines - The cost of a service contract for the older of the township's Remington machines would be \$42 per one year. This would include two inspections and two ribbons per year. It was decided to continue to pay repair bills as they arise.

3. Meters for Quik-Pik stores - The owner of the stores wants five individual meters for the separate units. The township feels that one meter per line is sufficient. However, the owner may meter and bill his tenants on his own if he wishes.

4. Building Official - The township is presently without a full-time building official. Mr. Merriam asked that members of the board continue efforts to help secure such a person.

5. Northville as a Satellite Suburb - Mr. Merriam commented that the township has not officially received any word of such a thing as "skip-development" from the City of Detroit, but such a thing would be impossible at present, under State law, because the city does not adjoin our area.

6. Charter township - Under the new state law we can become a Charter Township with our present population and it might be wise to have our attorney study this problem to see if it would be advisable for us to make the change.

7. Terrill - On Monday, October 9, 1967 at 2:00 p.m. at Northville City hall, there will be presented to Mrs. Roy Terrill a proclamation issued by the Michigan State House of Representatives commending Mr. Terrill for his long term of service in township government.

8. No hunting enforcement - Constable Mitchell requested that R. Nisun be appointed as a temporary township police officer for the duration of the hunting season only, to work during the day while Mitchell is unavailable. This appointment is necessary as Mr. Nisun is a Wayne County Constable, and as such does not have the power to enforce local ordinances. Merriam felt that we must make a resolution to form a Police Department, in order to do this. He asked Mr. Ashton to check into the matter and render an opinion before the 15th of October so that a special meeting could be called to take care of it before the hunting season opens on October 20, 1967.

9. Voting machines - Mr. Merriam said that he would investigate the security of the voting machines which are stored in the community building since it is no longer being used as a school building.

10. Township vehicle - Armstrong asked Mr. Merriam to write another letter to Captain Lewis of the Wayne County Sheriff's Department in order that he be fully cognizant of the fact that our township vehicle is to be used only to enforce the dog and hunting ordinances.

Meeting adjourned at 11:05.

Respectfully submitted,
Eleanor W. Hammond,
Clerk

Minutes of the Northville City Council

The regular meeting of the Northville City Council was called to order by Mayor Allen on Monday, October 2, 1967, 8:00 p.m. at the Northville City hall.

Present: Allen, Black, Carlson, Lapham and Nichols. Absent: None.

Minutes of the regular meeting of September 18 and Special Meetings of Sept. 25 and 28 council were approved with one correction: Sept. 18 minutes - page #3 (bottom of page) - motion - voting "Nichols - nay".

Moved by Carlson, support by Nichols, to pay bills in the following amounts: General - \$23,890.42; Water - \$1,825.62. Unanimously carried.

Communications:

The city clerk mentioned five (5) resolutions which had been received previously from different municipalities that had been discussed.

City manager is to write letter endorsing toll-free telephone calls for Oakland County offices.

Letter received from Dempsey Ebert President of the Northville Community Chamber of Commerce; relative to a resolution they had adopted commending the council for undertaking a Unification Feasibility Study.

A copy of a letter sent to Russell Harrison, Wayne County Road Commission from the Oakland County Road Commission (R.W. Osgood, Traffic Engineer), was read; this letter stated that the traffic light installation at Eight Mile road and Sheldon road had been approved by Oakland county, providing there was no expense to Oakland county. The letter also mentioned their recommendation regarding "proper Flaring treatment". City manager commented that he had written to Oakland County traffic division asking that they pay a portion of this expense but had not received a reply.

A petition from residents of the Village Green area had been received requesting that North Center St. from S. Ely drive to N. Ely drive be paved as soon as is possible. Mr. Donald Lawrence, 417 Welch road, was present to speak to the petition. He noted that with the exception of 3 families who were not home, there are 100% signers of residents of Welch road, Maplewood, Horton and Grace Court on the petition.

He feels that this should be done on the same basis as this subdivision was - 100% assessment.

Mayor Allen replied that Council hoped to do something about this in the 1968 construction season and that the petition would be placed on file. Mr. Lawrence also stated because of the traffic situation at Novi St. and Novi road, North Center street was being used as an exit street and thus paving and also a traffic light at Eight Mile and Sheldon road was needed.

Communications from Citizens:

Mr. Wm. Boyd, Ramsey's Bar on North Center street, was present to voice objection to "No Parking" from 2:30 a.m. to 9:00 a.m. on parking lots as he opens at 7:00 a.m. This ruling in conjunction with the "No parking" from 6 a.m. to 9 a.m. on the west side of N. Center street creates a definite problem for their business.

John Poulos, owner and operator of the Northville Restaurant, Bar and Hotel on W. Main street was present to protest the new hours for parking. Councilman Black mentioned that perhaps hardware business, real estate and insurance companies may have a problem as do apartment dwellers; City Manager noted that he has not heard from anyone in the above categories at the present time.

City Manager is to review the above-mentioned places and also present hours for no parking. Councilman Nichols mentioned that under the present Zoning Ordinance, parking should be provided by merchants.

Mr. Tom Quinn, N. Center street, feels that there is a problem created for apartment dwellers and landlords. He also asked if the 15-minute meter in front of his store (beauty shop) could be removed. City manager reported he had a similar request from a local drug-store.

After considerable discussion, Council instructed the city manager to review the entire program and report back at the October 17th Council meeting.

Mr. Donald Lawrence reported the need for a street sign on Welch road.

Commission minutes:

The minutes of the Planning Commission meeting of September 19 were

Minutes of Northville Board of Education

Continued from Page 6-B

the 1966-67 obligation to Northwestern Child Guidance Clinic of Wayne County be paid as authorized. Motion carried, with Mr. Martin abstaining.

At the recommendation of President Eugene Cook, the following item was added to the agenda:

Oral Report by Mr. Froelich, Chairman of Board Subcommittee on Administrative Salaries and Procedures.

Mr. Froelich reported that his committee has met and is studying the following areas: 1) the ratio of administrators - teachers - students; 2) problems of line as related to staff; 3) policies, salaries and fringes; 4) compensation and responsibilities; 5) the need for recommendations on ad-

ministrative salaries. Mr. Froelich indicated that a meeting with all Administrators was held last week, at which time the previous meeting of the subcommittee was reviewed, along with management organizational structure. The Administrative Salaries / Job Specifications Committee will continue its study of these areas as charged. Mr. Froelich added that administrative salaries would be discussed in executive session following this Board meeting.

President Eugene Cook called for an executive session to deal with administrative salaries immediately following adjournment.

There being no further business, the meeting adjourned at 10:48 P.M. Secretary, Glenn E. Delbert

placed on file.

Consideration of school building lease renewal:

The lease is being drafted by Northville Township Attorney and is not available at this time.

Discuss Citizens' Advisory Committee recommendations:

The city manager reviewed the determination of the proposed North-South Route; Planning Commission and Citizens' Committee are in agreement on this route. City Manager recommended accepting the report, providing no engineering money will be spent until Wayne and Oakland County approve sharing cost or the committee finds alternate means for raising same; also that if within a reasonable amount of time, the committee have not come up with a practical and reasonable plan, that they then will consider the Griswold route (per Memo #67-37). Council accepted the report with the above qualifications.

Quarterly Financial report:

The preliminary figures show that we will be within 5% over or below the quarterly budget.

Appointments to be made to various Committees and Commissions:

Council look these over at a Work Session before the October 16th meeting.

Approval of Fish Hatchery Proposal:

City Manager reviewed the "program of Utilization" as he has prepared it. Council instructed City Manager to meet with Northville township and the Board of Education on this matter.

Consideration of Fencing Ordinance: This was referred to the city attorney for language and council is to review the content. This to be on next agenda.

Randolph Street Final Approval. The City Manager reviewed the final figures and details for Council and after discussion, the city manager is to ask the city engineer to write a letter of final inspection report to council for this job.

Certification of Employee Representative delegate and alternate to Michigan Municipal Employees' system annual meeting, October 18, 1967:

City Manager reported the result of the balloting amongst employees as follows: Marian LeFevre, delegate; David LaFond - alternate delegate.

Moved by Carlson, support by Nichols, to certify Marian LeFevre as delegate and David LaFond as Alternate Delegate to the Michigan Municipal Employees' Retirement System's annual meeting on October 18, 1967. Unanimously carried.

Councilwoman Carlson spoke regarding plans for the annual Recognition dinner for which she is chairman this year. Alternate dates of Wednesday, November 8 and Thursday, November 9, 1967 were decided for the dinner. Mr. Paul Folino offered his services if it was decided to have a spaghetti dinner.

There being no further business, the meeting was adjourned at 11:20 p.m. Martha M. Mitne, City Clerk

HOME COMING PARADE - Although rain may have disappointed residents who turned out for Friday's homecoming parade through town, the lively band performance

(top), the floats—including the freshmen float shown (below)—pretty girls and Northville's 7-0 win over league-leading Clarkston made for plenty of sunny enthusiasm.

SPEAKING

for The Record

By BILL SLIGER

If House Bill No. 2001, in its present or amended form, finds its way through the current special session of the Michigan state legislature, Northville will lose its municipal court by January 1, 1969.

The legislation would establish a new district court system, abolishing the justice of the peace and municipal courts.

It would appear to be a good bet that district court legislation will be adopted, otherwise municipal courts would be left to handle areas now served by justice courts. Under the new constitution the latter must be abolished.

To some Northville officials the passing of the local court will be met with regret. They will remember that it was established five years ago, and that through their efforts it received strong voter support.

The city court replaced the old fee-system justice of the peace court with one that provided that the judge must be licensed to practice law and a resident of the municipality. It also did away with fees and placed the judge on salary.

Drafters of the municipal court hoped that it might survive the ax that al-

STRICTLY

FRESH

All states limit a woman's working hours, except the state of matrimony.

If a married man wants to get in the last word, he has to do it in a crossword puzzle.

Before television, no one knew what an upset stomach looked like.

Most folks who love to be in crowds are trying to lose themselves.

A tactful person refrains from saying what everyone else thinks.

If you want to give your wife a sleepless night, buy her a present when it isn't her birthday, anniversary or Christmas.

One pleasure of retirement is that you never have to be in a hurry; one of its regrets is wondering why you ever were.

Some folks who try to keep up with the Joneses forget they also have to keep up with the payments.

One advantage of the modern dances is that even a clumsy chap can't step on his partner's toes.

Quick now—how many times have you broken your firmest New Year resolutions?

Behind every successful man is a gang of unsuccessful knew-him-whens.

ready hung over the head of the JP courts.

In general, most cities as well as the Michigan Municipal League stand opposed to the district courts, not as they abolish JP courts, but because they appear to cut away another slice of home rule authority.

There have also been objections aimed at inconvenience, loss of local revenues, uncertainty of the location of the court and residency requirements of presiding judges.

House Bill No. 2001 answers many of the questions that have been raised by Northville officials. Their objections have been based mainly on the fact that (until this week) there has been no evidence of the exact provisions of the district court proposal.

As it now stands, the district court legislation provides:

- that the cities and townships of Northville and Plymouth would have one judge (and be designated as the sixth division of the eleventh district, Wayne county);
- that the judge shall be licensed to practice law and be a registered elector of the district and election division in which he seeks office;
- that salary of \$20,000 will be paid by the state with additional salary permissible by the county, not to exceed a total of \$27,500 annually;
- a district judge shall not engage in the practice of the law other than as a judge;
- judges shall be nominated and elected on nonpartisan judicial ballots;
- the county board of supervisors must provide suitable places to hold court;
- all fines, other than those imposed for violation of a penal law of the state, shall be paid to the political subdivision whose law was violated;
- any city, with the approval of the district judges, may establish a parking violations bureau to accept pleas of guilty in parking ordinance violations and collect fines and costs as prescribed in such ordinances, the expense of such bureaus to be borne by the city.

Under these provisions Northville is assured that it would have a fulltime court operating at least as close as Plymouth.

The rebate of fines for local violations would offset financial losses, although this is difficult to measure exactly. This year the court will contribute some \$10,000 to \$15,000 to the general fund above its own cost of operation, about \$10,000 annually.

Under the new system, however, the cost of operating a court locally would be eliminated.

It's also true that a fulltime judge and court is preferable to a parttime system.

City Attorney Marvin Stempfen, who admits strong support for the fulltime court, still warned the city council that the district court would mean "that you're losing your court". He urged a home-rule prerogative provision in the legislation that would guarantee holding of court in each city within a division, if the city so desires and provides adequate court facilities.

It's possible, of course, that the Northville-Plymouth district court could be located in Northville. But it could be presumed the city of most population would probably be designated.

At any rate House Bill No. 2001 clears up many doubts that previously caused apprehension about the proposed district courts.

Based on its provisions one might now argue that Northville would have improved court service with a district court that it would share with Plymouth.

Readers Speak

Don't Ignore 'Satellite' Threat

To the Editor:

Perhaps we should expand the 'Satellite City' that has received much attention during recent weeks to include all of the small communities around Detroit. We have metropolitan planning for transportation, water, sewage, etc. Certainly the Cavanagh policy is directed toward getting everyone else to pay for Detroit's problems. We hear of repeated trips to Washington to ask for federal funds for this, that and the other thing. Detroit now collects income

"To Sir, With Love" is no ordinary movie by any standards. Starring Sidney Poitier, it focuses on one of society's most complex problems, what educators euphemistically call "the culturally deprived." What results is a beautifully moving story, a romance between teacher and his student that is firmly implanted in the sodden earth of reality.

In this movie, James Clavell, the producer, director and scenarist, has put succinctly the means of reaching today's fringe youth, those far removed from the accepted precepts of modern society. Clavell has, in other words, succeeded in one-upping today's educators, and he does it graphically.

Reams of material has been written on how to reach the culturally handicapped. University education schools, which abound in theory, discuss the niceties of the classroom and urge the adoption of sound teaching methods. Yet, a gap exists between theory and practice, intention and accomplishment.

Upon finding himself in the classroom, the new teacher discovers, as

does Poitier, that, putting it mildly, the slow learner, the disheartened and rejected student, is difficult to communicate with. Normally, the result is predictable: confusion, frustration and failure for both teacher and students. But the problems are not insurmountable as "To Sir, With Love" indicates.

The story takes place in a North Quay school, situated in one of London's more squalid parts. We might call North Quay a slum that breeds socio-economic disaster. "Normal family life" is as scarce as watermelon in December. And the sad part, of which we are familiar, is that young people are the victims. They are tomorrow's dispossessed parents of broken homes. The classroom is envisioned as their only hope.

Reform is nearly impossible. Thackeray discovers quickly that reading, riting and rithmetic are purely academic, better relegated to the Ivory Tower, than visited on indifferent students. Not that the spoon fed three R's don't lead to a better life. It's simply that the students, the socially handicapped, reject them completely as having little or no relevance to their lives. In short, they want bread and butter answers, not canned abstractions.

Until realizing this, Thackeray is close to resignation. Then he determines he will teach them, "about life". He throws the textbooks into the wastebasket and comes down from his lofty, academic perch. First, he determines to treat the students as adults, and second, he decides that anything goes in classroom discussion.

Slowly, Thackeray's new approach works its marvelous chemistry. He engenders awareness of the most elementary things: the role of the male and female in marriage, how to cook, dress and apply make-up and what is expected of a man and woman. The students respond, suspiciously at first, then with growing interest. For the first time, an adult is speaking to them as adults. Their enthusiasm becomes electric and Thackeray becomes affectionately known as "Sir."

Says Letter

Makes Sense

To the Editor:

Who is the person who makes sense in the community? His last week's letter regarding the backward thinking in the area is the best thing published since Governor Romney said "Brain-washed." Forward thinking and planning does not necessarily mean you condone or are looking forward to the invasion.

If any of the local subjects missed the injection of truth serum, they should ask for a reprint and then take off the blinders they are wearing. Blinders work very well on horses at Northville Downs.

Bruce H. McAllister

Northville

Lunchroom Policy

Unfair to Walkers

The board of education is unfair to the walking children to the Main street school.

Why should the walking children pay to eat in the lunch room when the bus children eat without charge. It is not enough that children have to walk to and from school in bad weather morning and evening. But they want them to come home at lunch time, too. But if they can't come home they have to pay to eat in the lunch room.

EDITOR'S NOTE: This newspaper welcomes letters to the editor. We ask that they be received at this office by Monday noon for publication the same week and that they be limited to 500 words. All letters must contain the signatures of the writer, but names will be withheld on request. This newspaper reserves the right to edit letters for brevity and to avoid profanity or libelous statements.

The board of education thinks they are baby sitting for the walkers. But if they stop and think maybe they are baby sitting for bus children, too.

Why should one pay and not the other. Don't the walkers and bus parents pay the same amount of school taxes?

Also, the children that use the bus for transportation are using school money, for buses, gas, and labor of the drivers. This is costing the school to have these children come so why don't they pay to stay and eat lunch? The children that walk don't use the bus and school money so why do they have to pay? Unfair. The school is actually discriminating against the children that walk, but have equal rights just as those who ride the bus.

Where does this money go? Maybe the teachers get a free lunch or free doughnuts and coffee in the lounge. I'm sure that not only myself but other equal tax paying citizens would like to know as well.

Mrs. Watkins

Clavell does not present us simply with a patethic and cream formula. Problems still exist, natty ones at that. A girl becomes infatuated with Thackeray, but unlike the teacher in "Up the Down Staircase" who dismisses the girl's infatuation as puerile fancy, Thackeray treats her emotions sincerely.

Respect he has imbued in the students for society's behavioral codes poses problems also. Either one plays by the codes or one doesn't. When a student's white mother dies, the girls decline to enter the home with a bouquet of flowers. After all, no decent white girl should be seen alone with a Negro man. The problem resolves itself, only after some soul searching.

The problems are manifold, but Thackeray, brilliantly played by Poitier, is equal to the task, primarily because his background is similar to the students'. A Negro born in British Guinea, he came from a submarginal home. Determined, he obtained an education, thinking this was a pipeline to success. It's not. The color barrier is concrete.

NATIONAL NEWSPAPER ASSOCIATION AFFILIATE MEMBER

Superintendent.....Robert Blough

Advertising Manager.....Samuel K. Stephens

Managing Editor.....Jack Hoffman

Publisher.....William C. Sliger

In this business you get all kinds of phone calls so we're kinda conditioned to them. And since it was a sweet sounding gal on the other end of the line I answered her questions.

"Your name, Jack Hoffman?"

Yes.

"Jack W. Hoffman?"

Yes.

"You're a bachelor, aren't you?"

No ma'm, I said, I'm married and have five children.

The receiver banged down, probably permanently damaging my ear drum. No more questions, just my own, unsatisfied curiosity and the ear injury.

Awhile later, the same sweet gal was on the line. This time she inquired if someone, I can't remember the name, worked with the newspaper. My

by JACK W. HOFFMAN

negative reply was met with still another, rude bang.

So, naturally, when she rang up the third time I switched to the other ear as sort of a defensive move.

"Ever been in New Hampshire?" she asked this time.

No. But I've been in New York, I volunteered.

"But never New Hampshire, are you sure?"

No, never.

"How tall are you? What color is your hair?"

I answered, tossing in my weight, gratus.

One question led to another until she dropped the bomb:

"You had amnesia six years ago, didn't you?"

Well, not that I remember, I replied. Why do you ask?

"Because," she said with conviction, "you're my husband. We were married six years ago."

Now, no matter how conditioned a guy is for the unusual, a statement like that is rather unsettling. It's like being caught in an open field with a tornado galloping up in your direction; like finding ground glass in your bologna sandwich; or like the beginning of a Alfred Hitchcock mystery.

Madam, I said keeping my cool, I'm afraid you've got the wrong guy. I've been married to the same woman for nine .. ah... 11... no, 14 years.

"You're wrong. You had amnesia and just don't remember it. You've got curly hair, haven't you? Thick glasses?"

Well, I guess....

"Just a minute, she said, "there's a picture of you hanging in the hall.

Let me take a look at it to be sure."

And then she was gone, leaving behind the phone that banged against a desk or telephone booth or maybe it was the healthy eardrum popping in amazement.

Then she was back.

"My gosh," she exclaimed almost in tears, "it's you! You're my husband!"

Sorry, lady, you've got the wrong man. I'm already married, have five children and I don't know you.

"Yes you do. You're my husband and you've just got to come over here and get this thing settled. You have to."

By now I had a hunch where "here" was, so I suggested she visit The Record office instead.

"I would," she pleaded, "but they won't let me out."

Michigan Mirror

Offset Printing: Major Newspaper Trend

LANSING — Special columns, cartoons and stories were carried last week by many Michigan newspapers commemorating 1967 National Newspaper Week, Oct. 8-14. The central theme, "Newspapers Get Things Done", accurately describes day-to-day activities of this state's 350 daily and weekly newspapers.

Successful publications thrive on getting things done for their communities and readers. This is only part of the Michigan newspaper story.

Change to offset printing is a major industry trend. As contrasted to the conventional letterpress process, offset printing uses no linotypes, molten lead or other materials usually associated with newspaper printing.

Instead, imprinted strips of paper are pasted to large sheets; the sheets are photographed and a thin aluminum plate is made from each negative.

During printing the image is transferred from offset plate to a rubber

roller and back onto the newsprint. The plate never touches newsprint.

ADVANTAGES of offset printing are numerous. Clear, sharp pictures and more flexibility in page makeup; neat and clean composing rooms with a minimum need for skilled tradesmen; lighter work, better reproduction; offset methods have brought these and other benefits to newspaper and reader.

In 1962, 15 Michigan weeklies and one daily newspaper were printed by offset. By 1965 this number had increased to 49 weeklies and three dailies. This year there are 141 weeklies and 13 dailies printed by the offset method.

Accompanying the change to offset has been a move to centralized printing. Offset presses are expensive. It makes little sense for a newspaper to invest thousands of dollars for a press it will use only an hour or two each week.

Because of this investment publishers who purchase machinery sell "press

time" to other newspapers. The system works well for both parties.

Newspapers with offset presses receive a good return on their investments and may keep the presses humming five, six and sometimes seven days a week. Newspapers which buy press time at central plants can invest capital in other areas of expansion and devote more time to improving their products.

HEALTHY and getting better and stronger every day, Michigan's expanding newspaper industry reflects the professional planning and foresight of publishers.

From 1965 to 1967 circulation of weekly newspapers increased 3.6%, from 1,207,438 to 1,251,047 subscribers. Circulation of dailies increased 2.5%, from 2,368,965 to 2,429,547.

College graduates now occupy key staff positions on many newspapers and

find their work stimulating, exciting and financially rewarding.

Processed color in newspapers appears more frequently and "hi-fi" and "Spectacolor" advertisements compete with quality of magazine reproduction.

Modern technology will soon bring many more electronic advances to newspaper production. Already some newspapers have computerized areas of operation. One new typesetting machine can set a full newspaper page of type in two minutes; the same machine handles all routine systems in billing and scheduling classified ads.

MISUNDERSTANDING of newspapers' roles and responsibilities still exist. Editors and reporters take much abuse, some of it justified, most of it not. Too often public officials forget the newspaper personnel represent the

public and the public's "right to know".

A Kentucky editor wrote a prize-winning column in which he listed 12 sentences guaranteed to shade the complexion of any newspaper editor.

"Please use the story as I've given it to you. We want it for our group scrapbook."

"How come it wasn't in the paper?"

"You're invited... and bring your camera."

"Are you busy?"

"I know it's Sunday, but won't you..."

"We want you to be our publicity chairman..."

"My uncle is one of your big advertisers and he'll..."

"For \$25 would you keep it out of the newspaper?"

"You should have known about it..."

"Our publicity chairman sent you..."

"You used her name and not mine..."

"The wedding was only two months ago..."

Watch 'em go for...

PURINA!

Horses really go for Purina. Now you can choose from two great Purina horse feeds—new Purina Horse Chow Checkers with built-in hay or Purina Omolene, a favorite of horsemen for almost 50 years.

Purina Horse Chow Checkers are a revolutionary idea in feeding horses. The hay is built in, eliminating the fuss and muss of hay. For those who prefer to feed hay there's the horsemen's standby—Purina Omolene.

We offer both of these research-developed Purina horse feeds in handy 50-lb. bags at our store with the Checkerboard Sign.

'Brain Drain' Siphons Talent of U.S., Others

BABSON PARK, Mass. — More and more we have been hearing the complaint that talented people from all over the world, but especially from Europe, are lured to the United States by the prestige of our educational facilities.

This talent drain is nothing new. Canadians have long deplored the fact that many of their most promising young people have come to the U.S. for greater educational or job opportunities, and then elected to remain here. The exodus from Canada has included some world-renowned artists, musicians, scientists and businessmen.

In more recent years there has been an increasing flow to the U.S. of very talented people from many other countries. Britain, especially, has felt keenly the loss of outstanding men and women in a variety of fields who have sought permanent residence here or actually become U.S. citizens. Nowhere is this American attraction of talent more manifest than in medicine.

BUT EVEN within the United States and among our own people, the brain drain has become quite a problem. Urbanization has proceeded at a very rapid pace and is still going on. The number of residents in our standard metropolitan statistical areas — by definition, at least one central city of no less than 50,000 persons together with the surrounding area economically oriented to it — increased by 10.4% from April 1960 to July 1965.

From the farms and from the more isolated small towns, people have been moving in ever greater numbers to the larger urban and suburban areas. This migration has been most keenly felt in rural areas, where scarcity of teachers, managerial personnel, and medical talent has been especially pronounced.

Almost simultaneous with the migration of people from farms to urban areas has been migration from the core cities of metropolitan areas. In the very vanguard of those who have forsaken the large cities for residence in the suburbs have been the more successful and talented, whose affluence permitted greater freedom of choice than was available to their less fortunate neighbors.

Thus have the large core cities lost what they need most — persons of vision and ability, with an interest in city problems and a will to make personal contributions and the sacrifices necessary to implement solutions.

IN TODAY'S fast-changing, highly mobile world, we can't possibly insulate ourselves against drains of talent from particular communities or areas within our borders. But there is another and perhaps more serious brain drain than we can take steps to remedy. It is reliably estimated that, in the U.S. alone, five million talented and creative young people of school age just aren't receiving from their teachers the attention and

challenge they need to develop their full potential.

No one knows how much talent has been lost to the nation because of our neglect of the gifted child. To give such children the educational break they deserve will involve a good deal of planning and an increase in expenditure. Smaller classes, more sympathetic and creative teachers following a more modern and realistic curriculum, will be needed. It is indeed time for all of us to ask ourselves: What is my community doing to help its gifted children educationally? What will it do? The answer depends on our interest and on the depth of our concern.

Students Attend Shakespeare Play

Approximately 180 Northville High School English students and five teachers attended the Seventh Annual Stratford Shakespearean Festival at Stratford, Ontario October 10 to see the Shakespearean play, Antony and Cleopatra.

The all-day formal trip was attended by tenth, eleventh, and twelfth grade English students who left the high school at 8:30 a.m. in five Greyhound buses, and returned at approximately 10:30 p.m. that night.

Antony and Cleopatra is not often produced. It probably presents more difficulties than most of Shakespeare's plays, because of its complicated political background, its treatment of a very adult love affair, and to some extent its length.

The following are short interviews with various students and teachers, on their impression of Antony and Cleopatra:

Mrs. Chambers, teacher-chaperone — "Cleopatra was very excellent, although she was a different type of Cleopatra. Christopher Plummer was

weak as Antony. He did a superficial job. The production was very good, but students laughed in serious parts. As a whole, students were very receptive towards the production."

Ron Barnum, senior — "It was a pretty good play, but it could have been better. Cleopatra's fainting spells looked superficial."

Amy Hannert, junior — "It wasn't one of Shakespeare's best plays. The plot was hard to understand, and wasn't as interesting as his other plays. Everyone wanted to see Christopher Plummer because he was a name star."

Steve Kaake, sophomore — "I didn't enjoy it that much. It wasn't as enjoyable as the majority of Shakespeare's works. Cleopatra wasn't a good actress because her voice was harsh. If it wasn't for Christopher Plummer's name, you could have mistaken him for any actor. The death scenes were cool."

Tom Kraughter, senior — "The play doesn't hold your emotions or interests as the play should. I didn't feel that Antony, (Christopher Plummer), and Cleopatra, (Zoe Caldwell), were convincing in their portrayal of lovers... they seemed insincere. Cleopatra's voice was harsh and nagging. I thought this portrayal was out of character because she was not regal."

Darlean Murphy, junior — "It was worth the money. The play was interesting, and had good costuming. Cleopatra was sweet when she wanted to be. She used her beauty when it would benefit her; otherwise, she was harsh and cruel. Antony was torn between devotion of country and love of Cleopatra."

Frank Weir, senior — "I found Shakespeare's Antony and Cleopatra a bit slow and complicated for teenage audiences; however, the acting was excellent... especially the performance of Christopher Plummer."

Kurt Wiley, senior — "It was well acted, although the last scene seemed rather drawn out. Some parts were funny. It was more humorous than I expected, because I expected more high drama."

Mr. Yahne, teacher-chaperone — "I enjoyed it. It was well done, and I was pleased at the students' reactions to it."

JH Science Room's Got It

Snakes, Monkey... You Name It

Mr. Norman Hannewald's science room in the Ida B. Cooke Junior High school has become a menagerie of wildlife. Amidst the array of aquariums filled with snakes, salamanders, turtles, frogs, crayfish, and a hamster are found two main attractions... a squirrel monkey and a boa constrictor.

Jocko, the squirrel monkey, was the first addition to the science room. She belongs to Mr. Hannewald, who keeps her in a large cage complete with a swing and perch for exercising.

Jocko measures approximately two feet in length from the end of her nose to the tip of her tail. She is seven or eight months old, and is growing big canine teeth.

Squirrel monkeys are fairly active, and according to Mr. Hannewald, "Jocko likes to eat meal worms and suck hard candy." She really gobbles up the meal worms.

The only reptile in the room that comes close to Jocko as an attraction is the 4 1/2-5 foot boa constrictor that Mr. Hannewald purchased at Arlan's Pet Shop in Ann Arbor. According to Mr. Hannewald, "Everyone kicked in a dime to help purchase it."

Boa constrictors are widely distributed in the jungles of Central and South America. The average length of the adult boa constrictor is 10-11 feet; Mr. Hannewald's specimen is six to seven years old, and should grow six to eight inches per year.

The boa constrictor is reddish gray, with a longitudinal ladder of broad, dark stripes. His eyes are getting milky colored, which means he's beginning to shed his skin.

Although the boa constrictor is fed a rat every two weeks, Mr. Hannewald commented that, "He hasn't been fed yet by me." This was due to the fact that the snake was purchased recently and fed at the pet shop.

The boa constrictor is encased in a glass aquarium, complete with gravel, a tree branch, a pan of water to lay in and drink from, and a light for warmth.

The rest of the wildlife in the science room were brought in by various science students, except for a box turtle of Mr. Hannewald's. "Box turtles are real good pets," commented Mr. Hannewald, "they are harmless and easy to keep. They eat peeled bananas."

A hamster was submitted by Christy Sorenson, a seventh grade student. Christy wanted one as a pet, but her mother refused to keep one in the house. Her mother consented to let her have one, on the condition that Christy keep it at school in the science room.

The snake collection consists of garter snakes, milk snakes, DeKay snakes, and the boa constrictor.

The turtle collection is comprised of painted turtles, a snapping turtle, and the box turtle.

Crayfish and four tiger salamanders

ers make up yet another collection in the science classroom.

The final collection is made up of bullfrogs and leopard frogs. Some are used for feeding the snakes; whereas, the remainder will be used for dissection later in the school year. Jim Curl, an eighth grade student, donated a refrigerator to the science room for the hibernation of frogs to be dissected in the spring.

Mr. Hannewald expressed the need for National Geographic Magazines and stuffed animals, (such as a deer head), that citizens in the community no longer want. "These articles would be appreciated for use in the classroom," commented Mr. Hannewald.

Any interested parties should leave their names with Mr. Hannewald at Ida B. Cooke Junior High school, or contact Daryl Holloman, 349-3025.

EASY DOES IT — Probably the most popular teaching aids in the Northville junior high science classroom these days are the

boa constrictor and monkey that Jerry VanHellemont and his teacher, Norman Hannewald admire.

Debaters At WMU Prep Clinic

Northville high school debate teams opened their season's activities by attending the Western Michigan university clinic for high schools on October 16th.

Some 800 debaters from over the state were present. At the clinic Pam Smith, Northville varsity member, acted as one of the five-man investigation committee who questioned lawyers and police administration on this year's debate topic: "Should Congress Establish Uniform Regulations to Control Criminal Investigation Procedures?"

Questions directed to the authorities involved such topics as Supreme Court decisions, practices in wiretapping, state codification, etc. Purpose of the clinic was to inform debaters on the topic.

One of Northville's varsity debaters, Cris Becker, attended a summer clinic in debate, rated as top debater of the clinic and received a four-year scholarship.

Varsity debaters will compete in two leagues this year — the Wayne-Oakland County League and the Champion League made up of Kalamazoo, Lansing, Ypsilanti, Coldwater, Jackson and Northville high schools.

Novice debaters will participate in the Detroit-Area Novice League whose members are Dearborn, Belleville, University of Detroit, Grosse Pointe, Country Day, Dominican and Northville high.

In addition varsity and novice teams will attend several tournaments on Saturdays.

This year the debate squads have decided to wear uniforms. Girls will wear black jumpers and white blouses and boys will wear the traditional black blazer and grey trousers. Both girls and boys outfits will be ornamented with an adopted N.H.S. emblem.

Varsity debaters with experience are starred:

Seniors — Pam Smith*, Bob Armstrong*, Bruce Mach, Scott Bergo, Diane Holdsworth, Virginia Round, Kevin Barnes, Marcia Lipa, Bill Christensen;

Juniors — Cris Becker*, Pam Witzke*, Jeanette Gensley*, Phil Kennedy, Bill Lamphar, Dan Condon, Ann Sarnes. Sophomores — John Balkwell, David Kenger, Rick Sechler, Mark Black. Freshmen — Paul Johnston, Barbara

Schmidt, Janet Westphall, Cecile Olevinik, Bruce Greenshields, Diane Folino, Debbie Duey.

The debate coach is Florence Panattoni and the assistant coach, Barbara LeBeauf.

Art Club Plans Holiday Projects

Northville high school Art club is off to a fine start this year. Many projects are in the making; and field trips are planned for later in the year.

There are three major projects that the Art club is undertaking for the Halloween and Christmas seasons.

The first project for the Halloween season, according to Club President Sue Jarvis, consists of "Carving pumpkins for retarded children in various children's homes."

The second project, which will be done during the Christmas season, will be for the various members to paint Christmas murals on the Northville State Hospital windows.

The Art club's third project, also during the Christmas season, will be to finish the Christmas scene which will be displayed at the high school. The scene consists of three men caroling underneath a lamp post.

"We started it last year," commented Jarvis, "we cut them out and painted them. This year we'll finish the painting and put the props on."

Individual work by Art club members this year consists of ceramics, jewelry, painting, and pottery.

When questioned if there were to be any other Art club projects, Jarvis ventured, "We will be doing stage

construction if there are any school plays this year."

Art club membership includes Sue Jarvis, president; Chuck Olewnik, vice-president; Lynn Macri, secretary; Nelda Hosler, treasurer; Mr. Roy Pederson, advisor; Joy Barnum, Amy Hannert, Barton Harper, Gary Harper, Sandi Hartshorne, James Hay, Joe Hines, Virginia Munro, Darlene Murphy, Jill Pauler, Curt Saurer, and Ellen Thomas.

Top Students

Two Northville students have been initiated as members of Schoolcraft college chapter of Phi Theta Kappa, national honorary scholastic society for two-year colleges.

They and their grade point averages are Larry A. Forth, 21718 Kilrush drive, 3.066, and Cass J. Kershaw, 330 North Center street.

'The Thyme' In Spotlight At Cavern

This Saturday, October 21, The Cavern will be hosting The Thyme and The Ashmollyan Quintet. Both of these popular Ann Arbor bands have a unique style, and were well received during their first engagement at The Cavern.

The Thyme has a certain great singing style; whereas, The Ashmollyan Quintet has a unique style of performing on stage during their numbers.

The dance will be held at the Community building from 8:00 p.m. to 11:30 p.m. Tickets: \$1.00 for members, \$1.50 for non-members. These bands should attract a large crowd.
