## Board Delays Action On Township Hall Move

A decision on whether to move township offices to the city-located old library building or remain and expand facilities on Franklin road was delayed by the township board Tuesday night until a study of comparative costs can be determined.

Supervisor R. D. Merriam said he expected to have the details for board consideration at a special meeting called for Monday evening, November 27. When the move was first proposed two weeks ago, only Treasurer A. M. Lawrence expressed strong opposition. He has since informed the supervisor that he would conduct his business in his home rather than move his office

into the library, across from city hall. He did not make this statement at the Tuesday board meeting, however.

Supervisor Merriam admitted that his attitude had changed on the issue. "I had been very anxious to move, but there's been much comment, you must walk up stairs into the building and that's not good for old people, and now Bob Haass has offered us a four-room building free," the supervisor stated in introducing the subject to the board.

Before opening the matter to discussion Merriam noted that the city owns or has options on much of the property in the block and that he had heard a report on a plan for develop-

ment of the block.

He said that the four-room building could be moved and attached to the township hall for \$6,000 or \$7,000. "This would probably be good for 10 years, then we have a five-acre plot across Six Mile promised us at no, or little, cost by Thompson-Brown," the supervisor added.

Treasurer Lawrence pointed out that there was no parking available and then made reference to a city plan to "charge \$600 per space for parking." Supervisor Merriam said he had investigated this report and found it to be untrue, but Lawrence insisted it was accurate.

He also noted that the board of education had removed an air conditioner. "I'm more interested, frankly, in township people than ourselves. The inconvenience of having to go into the city is not in the interest of the people," the treasurer added.

Lawrence maintained that the old library building has no value, that "a modern complex for the block is in the making and if we move in there now we'll be out in a year or two."

He then proposed that the township, if legally possible, "donate its 46 per cent interest in the building to the city for one dollar... let them do their own developing with our blessing."

His arguments were challenged by Trustee Bernard Baldwin, who also questioned whether the four-room addition could be moved and attached to the township hall for as little as \$7,000.

"We can't give away township property," said Baldwin. He said the property would have considerable value if sold for development and that the township was entitled to 46 per cent of the sale price of the building and property.

"You're suggesting giving away a building that would satisfy our needs and then spending \$7,000 or more," Baldwin continued. He said he had experienced "no gross inconvenience in parking in the city" and pointed out that township residents were now being inconvenienced by not having adequate offices.

"I'd rather walk half-a-block and talk in privacy with the supervisor if I had a complaint than stand in front of everyone in this room," Baldwin stated. He said the move to the old library would be a temporary measure and suggested that specific figures should be presented on cost of moving or attaching an addition.

Trustee James Tellam pointed out that there was a possibility the township could lose its present site, owned by the school district, if the proposed Thompson-Brown subdivision forced the school to use or dispose of the land for a new school site in the area.

Clerk Eleanor Hammond expressed concern over election accommodations at the old library and it was decided to check the possibility of moving one of the precincts into the old junior high school building. The other township precinct presently votes in the adjoining community building.

Trustee Gunnar Stromberg pointed to the possibility of the township selling its share of the old library and using the money for expansion of the present township offices.

Before the board decided to delay action, several members of the audience made comments — one proposing purchase of a new township hall site at Sheldon and Six Mile, another noting that there is precedent for having township offices within the limits of a city.

Supervisor Merriam said he would check all costs, including what the board of education wants for its installation of offices in the library building. He said he had not met to negotiate with the superintendent of schools on the question.

A letter from City Manager Frank Oltendorf was read offering city cooperation should the township decide to move into the jointly-owned building. An agreement similar to the contract given the school system by the city and township was suggested — one dollar per year plus maintenance and insurance costs.

## Constable's Quick In Robbery Reply

Fourteen minutes after Northville police received a report of the robbery of Clark gas station, 510 South Main, early last week Wednesday morning, three suspects were caught by two Northville township officers on Beck road south of Seven Mile.

## Planners OK Rezoning For Downs

Property owners adjacent to Northville Downs won some concessions in the stretch but it was the track out front at the finish line Tuesday night as the city planning commission voted to recommend rezoning to permit construction of a new barn.

The recommendation, which goes now to the city council for another public hearing and a final decision, was reached quickly when John Carlo, executive manager of the track, and property owners indicated they had reached agreement over other track matters.

Specifically, the commission recommends a zoning that will permit the Downs to erect a second horse barn on the west side of River street, which Carlo pointed out is necessary in view of new state procedures for testing horses following races.

Planners had adjourned the original public hearing to allow Carlo and property owners time to resolve complaints expressed by property owners.

Of primary concern was the track's failure to live up to a contractual agreement in 1965 to erect a greenbelt along the track property on River street.

Carlo agreed publicly Monday to immediately install the greenbelt of evergreens and six-foot high chain link fence from Beal street to Seven Mile road.

Among other concessions won by property owners were track agreements to reduce noise created by trucks after races and by vehicles cleaning the track early in the morning, reduction of light glare in the barn area, better control of rats and flies — particularly after the racing season, regular pickup of manure to reduce odor, and better gate restrictions.

While these agreements pleased property owners, they nevertheless opposed the rezoning to permit the barn, which would be located next to the existing facility.

## Griddle's Hot

"Put those bibs on folks, there's some good eating in the works!"

That's the word from officials of the Lloyd H. Green American Legion post here as they prepare for their annual Pancake Breakfast Saturday.

Held annually on Veterans Day, the breakfast features a complete morning meal served up by the veterans in the basement of the American Legion building from 5:30 to 10 a.m.

tendant, Theodore F. Mills, 225 Church, 19, the three were arraigned before Judge Philip Ogilvie and examination was set for November 27. They were freed on \$750 bonds each.

A plea of innocent was entered for Scott A. Anderson, 8315 Dixboro, South Lyon, 20; Michael K. Mills, 411 Jean, South Lyon, 18; and James F. Burnett, 15455 Ashurst, Livonia, 19. All stood mute.

Theodore Mills, who was treated for cuts above the left eye at St. Mary's hospital, reported that a youth in a light jacket came into the station asking for gas about 2 a.m. He said he went to the rear for a can and when he came back two other youths entered and said they needed gas.

The first youth, Mills stated, then grabbed him and forced him to the floor, demanding the key to the safe. "Tell me where the key is, or I'm going to kill you," Mills said he demanded. Then all assaulted him, he continued, and removed the money from his pockets and the coin changer.

Summoned immediately, Northville police said they found Mills staggering in the station with blood dripping from the cut over his eye.

It was estimated that \$35 to \$40 was taken.

Sergeant Louis Westphal, who arrived at the station a minute or two after Northville police were called by Mills, called for an ambulance.

In response to a general broadcast sent out via the city police dispatcher, Constable Melvin R. Mitchell and Officer Ronald Nisun pulled over the three youths and returned them to the Northville police who placed them under arrest.

Mills had \$13.20 in his pocket and \$108 in his wallet, which he said was a loan; Burnett had \$26 and Anderson, \$8.55.

**NOVI'S CHOICE** — Raymond H. Evans, former chairman of the Novi planning board, was appointed to the Novi village council Monday night to fill out the unexpired term of Joseph Crupi who resigned last month in protesting the position of fellow members on a controversial sewer fee formula. Evans lives in Echo Valley subdivision.

A suit brought against the city of Northville by Randolph street residents protesting the levying of assessments for paving of Randolph street was dismissed this week by Wayne County Circuit Judge Joseph A. Moynihan, Jr.

The judge ruled that the city had "acted in good faith" and that the street improvement did constitute a "substantial benefit to the abutting property owners" and that the assessment charges were therefore properly levied.

Some 49 residents of the street, representing 29 of the 49 properties on the assessment roll, joined in the action against the city. Plaintiff named in the suit was Paul H. Steenken, 562 Randolph.

Although the total project, which included paving, widening, curve-removal, storm sewers and curbs and gutters between Center and Eight Mile road, cost some \$150,000, the total assessment levied against property owners was \$14,242.22.

Normally, the city assesses abutting properties at the rate of 25 per cent per front foot for street improvements. Several unusual improvements, such as the curve removal, use of concrete instead of asphalt and the storm sewer, were not included in the assessment, thus accounting for an assessment total less than 25 per cent of the project.

Residents opposing the assessment notified the city in April, 1966 that legal action would be taken. At that time they maintained in their complaint that the improvement project was of benefit to the general public, not especially the abutting property owners, that it would be detrimental to the residents of the street, that the present paving was adequate and that only repair and maintenance was required, that the project would reduce property values on the street and that the project would increase the danger of accidents on the street.

The residents were represented by Ferris H. Fitch, a Detroit attorney, while the city's position was defended by Philip Ogilvie, then city attorney and now municipal judge.

Judge Moynihan's opinion went beyond declaring the city's legal right to levy the assessment it did by suggesting that storm sewer improvements and land cost to remove the curve could have been included in the bill. "Indeed, it would seem to this court that the plaintiffs benefitted by this improvement and should be required to pay what this court believes to be a very fair special assessment for that improvement," the opinion stated in referring to the sewers and land cost for curve removal.

In further stating that the testimony against the assessment did not support the contention of the plaintiffs, the judge noted:

— traffic counts dispute the contention that since the improvement an increase of traffic has been experienced;

— this court is satisfied that the removal of the dangerous curve was of distinct benefit to the abutting property owners;

— in this case it is believed that the record amply supports the proposition that the improvement herein was a substantial benefit to the abutting property owners.

## Two Meetings Set For Unsettled Issues

The Northville township board scheduled a busy month for itself Tuesday night by setting two more special meetings — Tuesday, November 14 and Monday, November 27.

Next Tuesday the board hopes to settle the matter of compensation for the positions of building official-inspector and electrical inspector.

Previously, the jobs were held down by two persons. Supervisor R. D. Merriam has proposed paying Glenn Salow, now performing all three assignments, the same amount previously paid to two inspectors. This would total \$400 in salary and from \$200 to \$500 monthly in fees depending upon the number of inspections made.

Trustees Bernard Baldwin and James Tellam questioned the action after comparing salaries of other area inspectors. They proposed consideration of a flat salary and contended that the position might get out of line if tied to building activity.

Others, including the supervisor, Clerk Eleanor Hammond and members of the audience, supported the

## UF Near Goal

By the noon deadline Wednesday for the Northville residential United Foundation campaign, Northville was within \$100 of its goal of \$2,596. Mrs. David L. Longridge, Jr., division chairman reported.

Mrs. Longridge said she hoped last-minute collections would take the campaign "over the top" before she had to turn in her final report to Mrs. David Vincent, regional chairman.

With 61 per cent of commercial and business calls completed, this portion of the campaign was within 68 per cent of the \$1,195 goal, Frank Oltendorf, chairman, reported. To date \$776 had been collected.

## Opposes More Restrictive Designation

# Retirement Village Satisfied with Zoning

Another chapter was written last week in the tale of zoning woes surrounding a 40-acre parcel on Seven Mile road slated for development as a retirement village and doctors' clinic-professional center-nursing home complex.

At a public hearing called by the township planning commission planners heard Attorney James Littell protest vehemently a proposed change in zoning from the present RM (multiples) to RM-1, a newly adopted classification.

Last March Littell clashed with planners when they recommended holding up RM zoning on the site, located near Marilyn road. They proposed granting an OS-1 (office-professional) zoning at the front of the site to permit construction of the clinic, while holding up the RM zoning classification until a new zoning designation could be adopted. The new zoning (now proposed as RM-1)

would be designed to provide for developments of less density, such as housing for the elderly, the planners argued.

While Littell was willing to guarantee that the property would be confined to elderly housing use, he protested any delay saying that RM zoning was needed immediately to insure financing. His arguments met with deaf ears at the planning commission level, so he took his fight to the township board.

By a 3-2 vote last March 7 the board over-ruled the planning commission recommendation and granted the RM zoning.

Meanwhile, planners continued to work on the new zoning designations, RM-1 and RM-2.

Upon their own motion planners called for a public hearing to change the zoning on the parcel from RM to RM-1. Littell pointed out that the new RM-1 zoning was more restrictive and would

reduce the number of units that could be built.

Both Planning Chairman Gunnar Stromberg and Planner Bernard Baldwin pointed out that the new restrictions would permit construction of the plan as proposed by Littell and his client, Dr. W. E. Gizynski. They maintained that Littell had agreed last March to the proposed low-density zoning to insure the township that the site would be confined to use for elderly housing, and not an ordinary multiple dwelling development.

Littell denied that he had agreed to a lower density designation, only to assurances that housing for the elderly would be constructed. He opposed the new RM-1 designation and asked that the zoning be left as it is (RM) or changed to the new RM-2, which is essentially the same as the present RM zoning.

The attorney argued that further restrictions imposed on the parcel would "take away something already given by the original zoning."

Chairman Stromberg called for adjournment of the hearing until November 28 when he said the board would reconsider the matter.

Planners also adjourned a hearing on a proposed new ordinance controlling the storage of certain vehicles, aircraft, boats and disabled vehicles in residential yards.

They heard a protest from Frank Plush, 42200 Five Mile road, who pointed out that under the proposed ordinance a resident could store a house trailer of any length on any lot, but he could not store his 19-foot boat on an acre lot.

He suggested to the board that boats up to approximately 24 feet can be hauled on a regular trailer and should

be approved for yard storage. The board had placed a 16-foot length as the maximum. The board promised to consider his suggestion on boats and to look into the matter of storing house trailers.

## 911 Dwellings...

In final business the board reviewed Thompson-Brown development company's plat proposals for property at Six Mile and Bradner roads. A company spokesman said 911 dwellings are proposed for property formerly owned by Robert Haass and operated as Farm Crest Farms. To be called "Northville Commons" the development will provide 345 single family residents on 175 acres on the south side of Six Mile with the remaining units on the north side. Some of the dwelling units on the north side will be in multiple developments.

For Mothers' Club

# Speaker to Discuss Teenagers' Ethics

Ethics and morals in respect to teenagers — and adults' affect on teenagers — will be discussed by Dr. Owen W. Morgan, faculty member and director of the Skillman Center program at the Merrill-Palmer Institute of Human Development and Family Life in Detroit, at the meeting of Northville Mothers' club at 8 p.m. Monday at the home of Mrs. John Moorhead, 20021 Woodhill road.

Dr. Morgan, who is a member of the National Council on Family Rela-

tions and the American Association of Marriage Counselors, is married and the father of three teenagers — who are 15, 16 and 17.

He also is a member of the advisory council of the Institute for Rational Living, past president of the Pasadena, California, Planned Parenthood committee and past chairman of the Pasadena Group for Intellectual Freedom.

He came to his present Detroit position in 1966. From 1962 to 1966 Dr. Morgan was director of Parent Education Leadership Training, Pacific Oaks college, Pasadena, and consultant in parent education to the Los Angeles county health department. He was a faculty member of the Merrill-Palmer Institute from 1957-62, and a faculty member, department of family relations and child development, Oklahoma university, 1954-57.

He received his BA degree from Grinnell (Iowa) college, majoring in psychology; his MA from Omaha university in sociology; and his Ph.D. from University of Nebraska in educational psychology. He was a Fellow for advanced study in marriage and family counseling and family life education, Merrill-Palmer Institute, 1952-54.

Mrs. Frederick Hartt is in charge of program arrangements for the meeting, which is a guest night.

Assisting Mothers' club hostesses are Mrs. Samuel McSeveny, Mrs. Edwin Mueller, Mrs. George Zerbel and Mrs. A. L. Wistert.

## Delta Gamma Plans Auction

"Going, going — gone!" The Farmington area alumnae association of Delta Gamma will hold its annual talent auction at the home of Mrs. William Gravias, 31805 Coronet, Farmington, at 8 p.m. Monday. Co-hostess will be Mrs. John Harward of Farmington.

All items to be auctioned are handmade by members with proceeds to go toward aiding area blind children. In October the chapter made 12 nightgowns for blind-retarded girls at the Plymouth state home. They will be given at Christmas time.

All Delta Gammas from Farmington, Livonia, Northville and Plymouth are invited to the Monday auction and are asked to bring a guest.

## Newlyweds Receive Church Blessing

Wearing a white satin empire gown with appliques of alencon lace, beaded with seed pearls and rhinestones, Kathy Dianne McNeiece, daughter of Mr. and Mrs. James H. McNeiece of Woodhill drive, Northville, repeated her marriage vows with Daniel U. Collins in a 7 p.m. candlelight ceremony at St. John's Episcopal church in Plymouth Saturday, November 4.

The Reverend David Davies officiated at the ceremony, which was a church blessing following their marriage June 30 in Detroit City hall. The bridegroom is the son of Mrs. Lila Collins and the late Fred Collins. Palms and bouquets of green fugi mums and white mums decorated the altar.

The bride's gown was fashioned with a separate coat train with long pointed sleeves trimmed in lace and pearls. A beaded tiara headpiece held her fingertip veil. Her bouquet was of cascading green fugi mums, white mums and white roses, centered with clusters of lime green grapes.

Mrs. James Chappell was matron of honor in a green brocade empire gown with matching floral headpiece. Linda Allen, maid of honor, and Bonnie Aldrich and Cynthia McNeiece, bridesmaids, wore gold brocade empire gowns with floral headpieces. They carried cascading arrangements of green fugi mums, bronze mums and clusters of green grapes.

Shelia McNeiece, the bride's youngest sister, was flower girl in a long white taffeta and chiffon gown and a floral, veiled headpiece. Tom Bongiovanni was best man. Ushers were Douglas Clark, Roger Smith, Skip Howell and James McNeiece, Jr.

For the ceremony and reception for 250 guests following at Wixom union hall the bride's mother wore a long gown of pink peau de soie with beaded midriff and short matching jacket trimmed with silver beads. Her accessories were avocado green, and her corsage of green cymbidium orchids and white rosebuds harmonized.

The bridegroom's mother wore a bright coral ensemble with bronze beaded accessories. Her corsage was a green cymbidium orchid with peach roses.

Palms and green-and-white mums decorated the reception room where the buffet dinner was served. Dancing followed.

Both graduates of Northville high school, the newlyweds who had taken a wedding trip to New York in July now are making their home in Northville.

## In Our Town

By JEAN DAY

WITH CHRISTMAS just six-and-a-half weeks away new ideas for holiday decorating are of top interest.

Members of the Northville branch, Woman's National Farm and Garden association, will see a demonstration of holiday arrangements at their dessert meeting at 12:30 p.m. Monday in the meeting room of Northville Presbyterian church.

Presenting the program will be G. Dewey Gardner, new owner of Lila's Flower and Gift shop, 115 East Main street. There also will be a display of Christmas season decorations by the arts and crafts committee of the branch.

Mrs. F. S. Jennings is social chairman of the day, assisted by Mrs. C. E. Ratliff, Mrs. R. Douglas Lorenz and Mrs. Gerald McKenna. It will be a guest day.

Program chairman Mrs. C. W. Whittiesey has been checking final meeting arrangements in free minutes between trips to Detroit where she has been tapped for Wayne county jury duty.

WHITE GLUE and shell macaroni may not sound like the holly-and-greens Christmas season, but these are the ingredients Schoolcraft college faculty wives plan to use this week to fashion gilt wreaths that will decorate the student center next month.

Wives of all faculty members were invited to a workshop session being held at 8 p.m. Wednesday, November 8, in the nautical room of the student center on campus. The three-year-old group meets five times during the school year and hoped to have more than 30 members working on the paper-plate wreaths this week. When gilded, they will provide decorations at the center.

In December the wives will give an annual Christmas party at the center for all faculty families.

All wives of faculty members are invited to participate in the wreath project, with wives of new faculty members especially invited.

A LUNCHEON-fashion show, "Harvest of Fashion," featuring the bright fall designs of leading designers was attended by four Northville women last Tuesday. At the Detroit Latin Quarter the benefit event was planned by the woman's auxiliary to the Wayne county medical society which is celebrating its 40th anniversary.

Guests of Mrs. H. Lorne Dyer were Mrs. Arthur Schnute, Mrs. Donald Van Ingen, and Mrs. Paul Mack.

They heard Lila Radway, midwest editor for Harper's Bazaar, comment on fashions for all ages — for morning through evening wear. The auxiliary provides funds for a medical scholarship to each of the following schools: Wayne State university, University of Michigan and Michigan State University. It also gives two three-year nursing scholarships with alternate among Detroit nursing schools.

TOWN HALL celebrity luncheon reservations deadline is this Friday for the second program in the 1967-68 series which will bring Dr. Albert Burke to the P and A theatre at 11 a.m. November 16 with "Ideas in Conflict."

The luncheon, which is by prepayment reservation only, will follow at Meadowbrook country club. Reservations go to Mrs. Duane Butler, Box 93, Northville.

Introducing Dr. Burke, whose television program "Probe" has made him well-known as a scientist, economist and expert on world affairs, will be Dr. Eric Bradner, president of Schoolcraft college.

Luncheon hostesses will be Mrs. Donald Hannabarger, chairman, Mrs. Richard St. Jean, Mrs. Allen Ingle and Mrs. Harold Wright. Theatre hostesses will be Mrs. Lawrence Wright, Mrs. Nelson Hyatt, Mrs. Richard Mar-

tin, Mrs. George Neisch and Mrs. John Doheny.

Mrs. Robert Brueck, Town Hall chairman, reports that she is getting inquiries regarding the booklets and recording sold after psychologist Murray Banks' lecture last month. Dr. Banks, who explained that the proceeds from these sales are donated to mental health work, "sold out" after the program. The recording of his TH talk at \$5.98 and his booklets, including "How to Live With Yourself" and "How to Rub Shoulders With Happiness," at \$1 each can be ordered from Murmill Associates, Incorporated, 8 East 63rd street, New York, 10021.

TH programs for next year now are being planned, Mrs. Brueck adds, noting that the committee will welcome any suggestions. Program planners are Mrs. Brueck, Mrs. Nelson Hyatt, Mrs. Robert Lang, Mrs. W. Leonard Howard, Mrs. Bernard Baldwin and Mrs. Alexander Nelson.

The Bruecks are just back from a fall trip through Indiana to Chicago. They returned in time to participate in Dad's Day activities at Western college in Kalamazoo where their son James is a senior in engineering.

THIRTY-TWO members of Northville's Mizpah chapter, King's Daughters, visited University of Michigan children's hospital in Ann Arbor Monday and toured the school area where an average of 130 children are taught by the hospital teaching staff of 11.

Mrs. Douglas Bolton reports that fall decorations of pumpkins and pilgrims dispel the hospital atmosphere. In addition, the visitors observed that the dresses and daytime clothes worn by the youngsters, which King's Daughters helps supply, further add to normal classroom atmosphere — even if the youngsters arrive in wheel chairs.

This week Mizpah members are baking for the bake sale to be held from 10 a.m. this Friday at the Northville branch of Manufacturers National Bank on Main street. For children there will be popcorn balls, candy and cookies. Members also are making Scotch shortbread, holiday fruitcake in cupcake portions, bread and fruit bread.

Members who need to have baked goods picked up are asked to call Mrs. Earl Lohamer, 349-1209, or Mrs. Maxwell Austin, 349-0325.

Proceeds from the sale will be used to help provide Christmas packages for all children in the hospital. The King's Daughters also will participate with other groups in seeing that every woman and child patient in the wards receives a robe.

At home he joins two brothers, Steven and Bobby, and a sister, Robynn. Maternal grandparents are Mr. and Mrs. C. F. Logeman, and paternal grandparents are Mr. and Mrs. Mark Bell, Sr., all of Northville.

## Announce Engagements

Margaret Rae Marshall

Mr. and Mrs. R. R. Marshall of Denver, Colorado, announce the engagement of their daughter, Margaret Rae, to James Petrock, son of Mr. and Mrs. Joseph Petrock of West Main street, Northville.

The bride-elect, a senior at the University of Colorado, is a member of Delta Gamma sorority and Mortar Board. Her fiancé, a Michigan State university graduate, is a senior in the University of Colorado law school and a member of Phi Alpha Delta, legal fraternity.

Mary Rita Hyle

Mr. and Mrs. Theodore Hyle of Cincinnati, Ohio, announce the engagement of their daughter, Mary Rita, to Second Lieutenant Robert Wetterstrom, son of Dr. and Mrs. R. G. Wetterstrom, 46376 West Seven Mile road.

The bride-elect is a 1967 graduate of Mt. St. Joseph college, Cincinnati. Her fiancé was graduated from Xavier university in Cincinnati in 1966 and now is stationed at Fort Campbell, Kentucky.

## Senior High P-TA Plans Classroom Visitations

Classroom visitations are planned for Northville senior high school's first general P-TA meeting of the current school year at 8 p.m. Thursday, November 16.

There will be a short business meeting at which time the 1967-68 budget will be presented to the P-TA membership for approval. Barton Harper, who was sent to Lansing Boys State by the P-TA last summer, will describe his experiences.

After the business session parents will follow their children's classroom schedules on a condensed version. Teaching methods will be explained.

President John Harper says that parents also will be invited to inspect

## Double Up!

Fearing a "severe parking problem" at tonight's Northville junior high school P-TA open house meeting, P-TA President Donald Williams and Principal Donald Vaningen are asking neighbors to double up and share-the-ride as parking space is limited in front of the new building on Taft road.

Following a brief business session at 8 p.m. parents will follow a condensed version of their youngsters' classroom day, meeting their teachers in the classrooms.

Mrs. Joseph Kluesner, P-TA membership chairman, and her committee will sell memberships at the meeting.

portions of the new school addition. Refreshments will be served in the cafeteria.

## Monthly Films Set for Youth

A monthly "Sunday Night at the Movies" program has been inaugurated at Northville First Presbyterian church for senior high young people.

A variety of movies ranging from primarily entertainment type to those that examine Christian problems is planned. The young people help select the films.

"The Blackboard Jungle" opened the series October 29. "Gentlemen's Agreement" will be shown November 19. Rated by Parents' magazine as excellent for children, young people and adults, the movie relates how a magazine writer finds out what anti-semitism is when he pretends to be a Jew in order to write a story.

The academy award winning "How Green Was My Valley," which tells the story of a 19th century Welsh mining family caught in the disintegration of life because of the mines, will be shown December 17.

## GOP Women To Aid Children

"Operation: Christmas For Kids"—a Michigan Republican-sponsored campaign to provide Christmas gifts of clothing and toys for more than 700 underprivileged children in the core city of Detroit—was launched in Northville this week.

Mrs. Roy Phelan, president of the Northville-Plymouth Republican Women's Federation, announced that the gift collection program will be carried out here during the month of November.

The Federation Membership tea on November 9 at 1 p.m. at Plymouth Republican headquarters will feature Mr. John Marttila.

All Republican women in Northville are invited to the tea.

## Beautification Council

# Elects Bea Carlson Secretary

Councilwoman Mrs. Beatrice Carlson was elected corresponding secretary of the Beautification Council of Southeastern Michigan here Friday afternoon.

She will join officers from six other communities in leading the BCSM in 1968. Others elected at the luncheon meeting in the social hall of the First Methodist Church are:

Mrs. John M. Kennedy of Southfield, president; Robert E. Teller of Trenton, vice-president; Mrs. R. W. Barrow of Warren, recording secretary; Gerald D. Stone of Lathrop Village, treasurer; Walter Bezz of East Detroit and Mrs. Ruth McNamee of Birmingham, two-year terms as director; and Mrs. Clarence J. McInerney of Detroit, one-year term as director.

Out going president of the organization is Mrs. G. Sam Zilly, who was presented with flowers from the Beautification council and a floral arrangement from the Northville branch of the Women's National Farm & Garden association.

The latter presentation was made by Mrs. William R. Slattery, who also made similar presentations to the president-elect and Mrs. Carlson.

Mrs. Carlson, who has been serving as a director of BCSM, also is chairman of the Northville Beautification commission which sponsored Friday's luncheon meeting.

Other members of the local beautification commission are Mrs. James Dingwall, secretary; Mrs. E. O. Whittington, treasurer; Mrs. L. Eaton, Ed Welch, Essie Nirdler, Jerry Rotta, Mrs. Geraldine Soule and John Wortman. City Manager Frank Ollen-dorf and Planning commission member Charles Freydl are members at large.

A. Malcolm Allen, Northville mayor, gave the welcome address; Rev. S. D. Kinde, pastor of the First Methodist Church, the invocation; and Rotta, who also is Cub Scoutmaster of Pack 721, the pledge of allegiance.

Floral arrangements were prepared for the tables by the Garden club, apples were compliments of Foreman Apple Orchards and cider was provided by Parmenter Cider Mill.

The Beautification council was conceived by representatives of 14 municipalities from Wayne, Oakland and Macomb counties in 1963 and later the same year was formally organized with 25 cities represented.

In 1966 it formally accepted Keep

Michigan Beautiful invitation to be an integral part of that organization, with the counties of Lenawee, Monroe and Washtenaw added to the area represented.

Purpose of the organization is to motivate and assist municipalities in the area to establish anti-litter-beautification programs of their own

and to distribute materials and suggestions and to discuss, suggest and coordinate projects.

Now in its fourth year, the council has 61 members each paying \$10 annual membership dues. Member communities from this area, in addition to Northville, are Wixom, Wolverine Lake, South Lyon, Livonia, and Plymouth.

PRESIDENT—Mrs. G. Sam Zilly addresses members and guests of the BCSM luncheon meeting. At her left are Mayor A. M. Allen and Councilwoman Mrs. Beatrice Carlson.

## Senior Citizens To See Slides

A travel program will follow the business session of the Northville Senior Citizens club meeting at 7:30 p.m. Tuesday, November 14, in the Scout-recreation building.

Slides taken by Mr. and Mrs. E. A. Chapman on their trip to Egypt and Greece will be shown and narrated by Mrs. Chapman (Elizabeth Lapham.) Refreshments will follow.

### WE'RE PROUD TO RECOMMEND...

We DON'T have two acres with  
a nice modern three bedroom  
house for \$15,000.

BUT we do have in Northville:  
\*A beautiful one acre lot with  
lovely big trees in a quiet neigh-  
borhood. A modern 3 bdrm brick  
ranch with 2 baths and many  
features. \$39,900.

\*A tri-level with three over-  
sized bdrms., 2 1/2 baths on a 1/2  
acre lot, all rooms, extra large.  
Immediate occupancy. \$35,400.  
Good assumption.

\*On a one acre lot with running stream and trees, a  
lovely Colonial Cape Cod with field stone fireplace,  
\$62,500. This is a beauty.

If you know about a nice, modern 3 bdrm. house  
for \$15,000 please give me, Betty Tam, a jingle on  
the phone.

## In Masonic Role

# Father Follows Son's Footsteps

Reversing the usual role of a son following in his father's footsteps, Donald L. Tiffin, retiring high priest of the Northville Union chapter 55, Royal Arch Masons, was followed into office by his father, Louis R. Tiffin.

At installation ceremonies Saturday evening in the Northville Masonic Temple, Donald Tiffin, 522 West Dunlap, saw his father, Louis Tiffin, 39969 Eleven Mile road, Novi, take over high priest office. He earlier had brought his father into the Masonic order.

C. Ray VanValkenburg, past high priest, who gave the invocation, commented that the incidence of a father following his son was most unusual and

that he knew of no other such case. Herbert J. Famuliner gave the address of welcome.

Other officers installed were Wayne E. Turton, king; T. Paul Mullen, scribe; H. Thomas Quinn, PHP, treasurer; Lawrence M. Miller, PHP, secretary; Charles T. Rogers, captain of the Host; Edward D. McCarthy, principal sojourner; James Williamson, Royal Arch captain; Harold W. Penn, David H. Brown, Charles Lawther, masters of the third, second and first veils, respectively; VanValkenburg, sentinel; Charles Mullen, chaplain. Donald Tiffin will serve as a member of the Masonic board.

## With Our Servicemen

NCOC Kenneth VanSickle returned last weekend to Fort Benning, Georgia, where he will be in NCO school for 12 weeks, after a 15-day leave spent with his parents, Mr. and Mrs. Ralph Van Sickle, 365 North Rogers.

A graduate of Northville high school, he took his basic training at Fort Knox, Kentucky, graduating August 19 and going on to Fort Polk, Louisiana, for ATT training.

After his 12 weeks of advanced training at Fort Benning he expects to go to basic training camp for eight or nine weeks. His address is: NCOC Kenneth VanSickle, US 54967855, 84th

Co. 8th Student BN., Fort Benning, Georgia.

Memphis, Tennessee — Aviation Electronics Technician Airman Gene K. Graham, USN, son of Mr. and Mrs. Kenneth L. Graham of 9830 West Seven Mile road was graduated from the Aviation Electronics Technician Navigation school at the Naval Air Technical Training Center in Memphis, Tennessee.

He studied the use and maintenance of airborne communication and navigation equipment. The course also covered the use of test equipment, adjustments and troubleshooting procedures.

Before attending this course, he completed the two-week aviation Familiarization School and the 19-week Aviation Electronics Fundamentals school at the center.

FT. KNOX, KENTUCKY — Army Private Michael J. Sissem, 19, son of Mr. and Mrs. Clarence Sissem Jr., 319 Ely Drive, Northville, Mich., fired expert with the M-14 rifle near the completion of basic combat training at Ft. Knox, Kentucky, October 20. The expert rating is the highest mark a soldier can achieve on his weapons qualification test.

## Then Works Past Midnight

# Council Whips Through Short Session

Northville's city council moved through an agenda of routine matters in rapid fashion Monday, then adjourned into a work session that lasted until after midnight.

Most of the agenda items were postponed, including a request from the Oakland county supervisors' human relations committee that the council consider adoption of an open housing ordinance. The request was turned over to the city manager for review with the comment from Mayor A. M. Allen that the council would watch with interest state legislation now pending.

A recommendation from Police Chief Sam Elkins that parking be removed from both sides of South Center street between Cady and Main was turned over to Councilman Del Black and City Manager Frank Ollendorff for investigation and recommendation.

Mrs. Louise Cansfield was re-appointed as a city representative on the library advisory commission. A request for a private party at Northville Lanes on New Year's Eve was set over until the city attorney could review

regulations of the liquor control commission on such matters.

A suggestion by Mayor Allen that a decision on hours for closing city-owned parking lots be delayed was declined by the council. Later the mayor joined in supporting a motion by Councilman Charles Lapham that all parking lots be closed from 2:30 until 7 a.m.,

the same hours that apply to all streets in the city. The prohibition has been adopted to permit snow removal crews to operate.

The new ban will take place on lots as soon as signs are completed and posted. The all-night ban became effective on streets on November 1.

## Art Club to Sponsor Detroit Poet's Lecture

A Detroit poet and sculptor, Oliver LaGrone, will present a public lecture, "Image Making in Words and Earth," at 8 p.m. Tuesday, November 14, in the Plymouth high school auditorium. His appearance is sponsored by the Three Cities Art Club.

The poet-sculptor attended Howard university and the University of New Mexico, graduating with majors in sociology and fine arts. With an assist from columnist Ernie Pyle and his nationally syndicated column he became the first negro to be accepted to study at Cranbrook art academy.

At Wayne State university he did graduate work in art and special educa-

tion. At present he teaches arts and crafts in the Detroit public schools. He has had one-man sculpture shows in New Mexico and Michigan. Among other cultural activities he has headed the art juries for the Russell Woods-Sullivan annual art shows.

Ever since the depression years LaGrone has been expressing his thoughts seriously in verse. The Michigan Poetry society granted his poem "The Limited" first prize in its annual poetry contest in 1966. His publications include the books, "Footfalls" and "They Speak of Dims". His poems appear also in other publications and anthologies. Admission to his lecture is free.

The council was cool to a request to purchase a five-acre, city-owned parcel on Novi road for an apartment development. The site now houses one of the city's water wells, no longer used since the switch to Detroit water.

But an offer to purchase a city-owned lot on Randolph near the curve at Eight Mile road received a warmer reception. Procedure for the latter possibility will be examined by the city manager and attorney.

Because of concern over drainage from a 75-acre area, partially in the city and township, into low land north-west of the Main-Rogers street intersection, Manager Ollendorff said that temporarily the city policy will be to withhold issuing building permits in the area until the developer shows provisions for handling the water runoff. He said the city and township will attempt to come up with a long-range solution, but that the temporary restrictions on permits seemed the best move in the interests of all residents in the area.

In its late-hour work session the council wrestled with problems involving providing adequate parking for businesses interested in purchasing business sites now used for public parking (see Speaking for The Record, page 8-B).

Novi Stops Ypsi Drive at 6 Yard Line

## Wildcats Nip Ypsi, 19-13 In Thrilling Come-Back

Wildcats with webbed feet and the brawny determination of water buffalos?

Characteristics of an imaginable creature perhaps, but Novi's Wildcats displayed signs of both in splashing to a thrilling 19-13, come-from-behind triumph over Ypsilanti Roosevelt Friday night in the soupy Eastern Michigan university stadium.

The victory was the second for the young Novi team which closed out its first season of league competition, and it was the second straight game in which the Wildcats had to battle the elements as well as a gridiron opponent.

Despite snow, water and mud, the thrills of football dominated Friday's game as Novi fought back from a 13-point deficit to grab a thin fourth quarter lead and then muster a hair-raising defensive stand that smothered Roosevelt just five yards short of a tying touchdown.

Actually, Roosevelt was twice in

scoring position in the closing minutes of the game—once from the 5 and once from 17. But the defensive unit that yielded two easy touchdowns in the first half stiffened its back.

Blanked in the first quarter of play, and down later by 13 points, the Wildcats closed the gap in the second as Quarterback Gary Boyer hauled in a kickoff on the Novi 25, skirted a pond in the center of the field, shuffled through Roosevelt's defensive straight-jacket and galloped 75 yards for the TD. The extra-point kick fell short of the uprights.

The Wildcats launched a 64-yard sustained drive for the tying tally with the opening of the second half, marching from their own 36 in 14 plays—all on the ground except for the coup de grace.

Boyer made the last play count, on fourth down, by firing an eight yard pass to End Doug Earl in the endzone, and then the 153-pound quarterback raced around the left end for the point after touchdown.

The all-important winning touchdown came in the opening minutes of the final quarter. Tailback Jon VanWagner set the stage by intercepting a pass at the Roosevelt 10. In the first play from scrimmage, Tailback Ken Osborn steamed over the center to the 4 and then cracked over for the TD on the second down. VanWagner's extra-point end run was stopped short.

From that point on it was Novi's defense that sparkled.

Roosevelt pushed to Novi's 15 for a first-and-10 situation, was tossed back to the 20 and then struggled to the 6 before running out of steam.

Then with little more than 5 minutes to play, the Wildcats moved the ball back to the 15 in three plays. Now, two-inches short of a first down deep within their own territory, the Wildcats gambled in a quarterback sneak that gave them two yards and the first down.

A second gamble, this time one-foot short on their 26, and with but 2 minutes to play, fizzled and Roosevelt took possession in a final, desperate attempt to pull the game out.

But Novi's defense rose to the occasion, stopping the host squad one yard short of a first down on the 16 with 30 seconds to go.

Roosevelt sandwiched an unhampered drive between two five-yard Novi penalties in scoring its first touchdown following the opening kickoff. Dave Gessert, who rushed for 120 of his squad's 199 yards on the ground, smashed over from the 1 for the TD. The extra-point kick was wide of the mark.

A 24-yard streak up the middle of the field by Dave Keller late in the second quarter gave Roosevelt a

commanding, two touchdown lead, and an extra point kick padded their score.

## JH Eleven Loses, 6-0 On Runback

Northville's junior high school grid-ers put on a sparkling defensive performance last week in closing out their '67 season—but a 70-yard kickoff runback ruined the outcome.

The local eleven lost to Clarenceville, 6-0, but considering the results of the opening clash between these two squads the loss was a morale victory.

Clarenceville swamped the JH team, 28-0, in the earlier contest.

"Our boys played an excellent defensive game," said Coach Omar Harrison. "Except for the runback we kept them in their own territory throughout the game. It was a mental lapse, I guess, that hurt us."

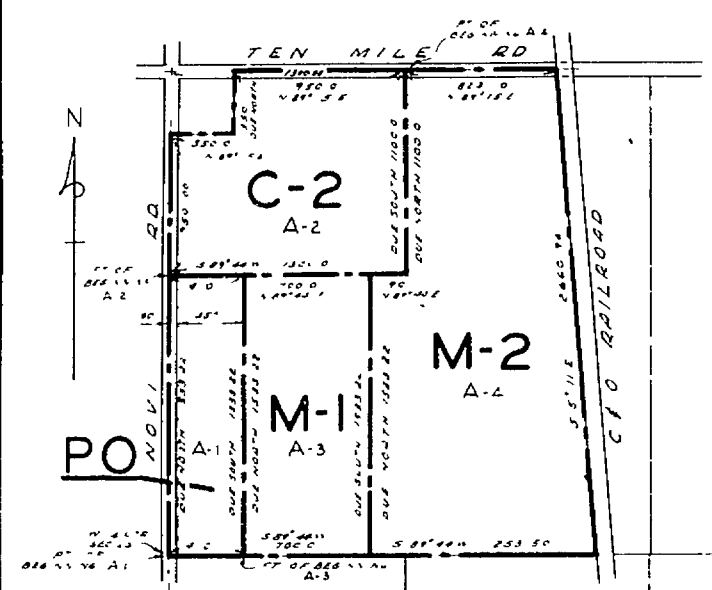

The loss gave the JH squad a 3-2 record for the season.

## Frosh Grid Coach Sees Season As 'Good to Poor'

"Good to poor" is the way Coach Peter Johnson, Northville freshman football mentor describes the performance of his squad this season.

Coach Johnson, new to the Northville school system this year, says it's difficult to label that performance in light of past performance but "I'm convinced they could do better."

"Sometimes they looked real good," he points out, "and sometimes they didn't look so good."

The coach singled out several players for special praise. These include Bernie Bach, end on both offense and defense; Brad Conklin, tailback on offense, and defensive end or middle line-backer; starting quarterback, Steve Utley; and second-string quarterback and flanker, Rick Sechler.

One of the biggest problems for Johnson this season has been one of injuries. John Stuyvenberg suffered a broken finger, Jim Darnell a twisted knee, and Jim Frogner a broken wrist.

The season record included a 12-12 tie with Pierce in the opener, a 34-18 win over Marshall, a 6-6 tie with Lola Valley, and a 24-12 loss to Pierion.

Northville split its final two games, losing to East Farmington, 31-7 and clipping Plymouth East last week in the season finale for a 2-2-2 record.

Conklin scored the lone TD against East Farmington on a seven-yard sprint after a pass from Utley to Bach set the stage for the score. The freshmen were behind 13-7 at the half, but "we fell apart," commented Johnson.

In its final game, Northville led 7-6 when Kerry Cushing grabbed a Plymouth fumble and galloped 45 yards for an insurance touchdown. Utley's defensive move in knocking the ball from the quarterback's hands led to the score.

Conklin scored the opening touchdown from 15 yards out after a consistent drive. Dave Mitchell ran over the extra point.

#### OFFICIAL NOTICE OF SALE

\$300,000.00  
NORTHVILLE PUBLIC SCHOOLS  
SCHOOL DISTRICT WAYNE, OAKLAND AND WASHTENAW COUNTIES, MICHIGAN

TAX ANTICIPATION NOTES  
Sealed bids for the purchase of tax anticipation notes of Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, of the par value of Three Hundred Thousand Dollars (\$300,000) will be received by the undersigned at the Board Office, 107 South Wing Street in the City of Northville, Michigan, until 8:00 o'clock, p.m., Eastern Standard Time, on the 22nd day of November, 1967, at which time and place said bids will be publicly opened and read.

The notes will be dated November 1, 1967, will mature June 1, 1968, and will bear interest at a rate or rates not exceeding four per cent (4%) per annum. Both principal and interest will be payable at a bank or trust company located in the State of Michigan to be designated by the original purchaser of the notes, which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government, subject to approval of the school district. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

The notes shall not be subject to redemption prior to maturity.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from 12/1, 1967, to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder

whose bid on the above computation produces the lowest interest cost to the School District. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the operating tax, due and payable December 1, 1967.

A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the notes. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, 2500 Detroit Bank and Trust Building, Detroit, Michigan, which opinion will be furnished without expense to the purchaser prior to the delivery thereof, approving the legality of the notes. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered without expense to the purchaser at a place to be designated by the purchaser.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Notes".

# Mustangs Down Trojans In Grid Lake 'n Points

They may have treaded water for the first quarter, but there-after the hungry Mustangs churned up rooster tails like Detroit River power boats in harvesting an easy victory over the cellar dwelling Trojans here Friday night.

The 32-0 rout was a savored delicacy for the Northville eleven, which last season played philanthropist in handing Clarenceville its first victory over

Northville in 10 years.

In gaining a measure of revenge, the Mustangs also hammered together a winning season record and anchored themselves on a piece of fourth place in the Wayne-Oakland league.

Sharing the fourth-spot with the Mustangs are the Barons of Bloomfield Hills, who Friday afternoon smashed West Bloomfield's hopes for at least a share of the W-O title.

The Lakers finished the season in the runner-up spot, while Clarkston, mauled by the champs from Milford, settled for third place. Behind Northville, in order of their finish, are Holly, Brighton, and Clarenceville.

Northville's season record, not counting the non-league loss to Plymouth, stands at 4-3 - just the opposite of last year's slate. Significantly, Northville defeated third-place Clarkston and throttled the squad with whom it must share fourth place. The two top teams, however, and fifth-place Holly whipped the Mustangs.

Playing Friday on its own field soaked with snow and rain, the Mustangs grabbed three touchdowns in the second quarter and added two more in the third. Quarterback Joe Andrews passed for two six-pointers and ran for 40.

Northville marched from its 40 to the Clarenceville 34 from where, on first down, Andrews rifled a pass to Greg Carr for the initial score. Pat Cayley added the extra point.

Five plays later, Northville scored again after snagging a Trojan fumble on the opponents' 13-yard-line. Craig McDermaid carried to the 9, Barry Deal to the 4, and Andrews ran in for the TD, with Cayley adding another extra point.

Clarenceville took the kickoff, pushed to the 34 and then turned the ball over to Northville. Deal promptly sped upfield 28 yards and Andrews, with but 15 seconds to play in the half, fired to Carr for still another touchdown.

Cayley's extra point kick went wide, but the Mustangs held a comfortable 20-0 lead at the intermission.

With the start of the third quarter, Andrews returned the kick to the 45, Deal carried to the Northville 48, and on the next play Ev Grear broke loose for a 24-yard romp but a Northville holding penalty nullified the long gainer. Andrews uncorked a pass to Bob Hubbert who carried to the Clarenceville 10 and Deal smashed through the line to the 2 and then dived in for the TD. A bad pass from center spoiled the extra point attempt.

Once again Clarenceville had the ball, but this time the Trojans were shoved backwards two yards in three plays and then punted to the Northville 42. Deal ripped through the line to the Clarenceville 40 where Stan Nirider wasted no time in galloping the remaining distance for the final tally.

The extra point kick was blocked. Clarenceville crossed the mid-stripe but five times in the game, its deepest penetration carrying to the Northville 23.

Clarenceville crossed the mid-stripe but five times in the game, its deepest penetration carrying to the Northville 23.

## In Soccer Tournery Opener

# Schoolcraft Draws Delta

Schoolcraft college will meet Delta College and Jackson Community College will face Lorain (Ohio) County Community College in first round contests of the National Junior College Athletic Assn.'s Region XII soccer tournament to be played at Schoolcraft Friday and Saturday.

The pairings were announced by Schoolcraft Director of Athletics Marvin Gans. The Schoolcraft-Delta game time is noon on Friday, Nov. 10. The Jackson-Lorain contest will start at 2:30 p.m., Friday.

Losers of the first-round tests will meet in the consolation game at 10:30 a.m., Saturday, and the championship game will start at 1 p.m. The tournament winner will be in line for a bid to the NJCAA invitational tournament at Buffalo, N.Y., on November 18.

On the strength of season performance to date, Lorain still rates the pre-tournament favorite. The Ohioans will bring a 6-2 record to the tourney, including a victory and a tie in a pair of contests with Schoolcraft.

The Blue and Gold, with a 7-2-2 season mark, not including a Nov. 4 game with Jackson, will go into the tournament without the services of Co-captain Paul Hartge, and Coach Marv

Gans may not be able to count on full-time, full-speed performances from two other key players: left wing Dan Robinson, and left inside Bahram Fahramand.

Hartge, outstanding on defense at fullback all season, had barely recovered from a previous leg injury when he injured his left knee in a touch football game last weekend, according to Gans, is out for the balance of the year.

Robinson injured his right ankle during Schoolcraft's 4-1 win over Concordia on Halloween Eve; and Fahramand, who has added considerable punch to the Blue and Gold attack this year with eight goals, is still at peak

from following a left injury earlier in the year.

Schoolcraft walloped Delta, 7-0, in the season opener, back in September, but according to Gans, the up-staters are a greatly improved team and could give the Blue and Gold trouble on Friday. Jackson, an unknown factor, at this writing, has a strong squad and Gans is not ruling out the possibility of their upsetting Lorain.

The Blue and Gold attack will be led by All-American Joop Doorn, who has accounted for 15 goals to date, Doug Morrison, who has seven goals to his credit, and Fahramand.

## Municipal Court

Beer drinking and possession of alcoholic beverages were the subjects of five out of six cases before Northville Municipal Judge Philip Ogilvie Tuesday.

Three 17-year-old minors from Livonia were found guilty of being in possession of beer October 28 on High street and were fined \$25 and \$2.50 state costs each. They were Thomas E. Garrett, Jr., 14146 Bentwood; Robert Lee Myers, 15105 Garden; and Daniel E. Moritz, 15824 Alexander.

Richard W. Miller, 47843 West Seven Mile, 35, was arraigned August 16 and stood mute on the charge of consuming beer on a public highway (West Dunlap). Case was adjourned until Tuesday when on motion of the city attorney the added count of drunk and disorderly was given with the defendant pleading guilty. He was fined \$50 and \$5.

Eugenia M. Parks, 3309 Montgomery, Detroit, was fined \$40 and \$4 on the charge of possession of alcoholic beverages when an employee of Maybury Sanatorium May 2, 1967.

Glen Sola, of the Cue-Ball Pool hall, 120 West Main, pleaded guilty of violating a pool room ordinance by having the blinds down October 6 and was fined \$10 and \$1 state charges.

## Justice Court

A motorist who pleaded innocent of leaving the scene of a property damage accident at 811 South Lake drive was found guilty October 31 by Novi Justice of Peace Robert K. Anderson.

Anderson fined Orman S. Hodges of 345 East Cady street \$50 in the case.

Other justice court cases before Anderson and Emery Jacques, Jr. last week included:

Terrence A. Frader of 929 Jeffrey drive, Northville, was fined \$25 for speeding 45 miles per hour in a 30 MPH zone on Novi road between I-96 and Grand River and \$10 for disregarding a red traffic signal at Novi road and Grand River.

Clayton H. Peters of Walled Lake was fined \$10 for improper passing on Grand River at Taft, and Gary L. Stone of New Hudson received a \$15 fine for driving without due care and caution on Novi road at Eight Mile road.

## 5 Arrested For Burglary

Five arrests have been made by Northville police in the larceny of Asher Pure station, 357 South Rogers, October 24.

After arraigning Edward Trieskey, 17, of Livonia, October 30, police, as a result of his arrest, picked up Andrew Pringle, Ed Willhite and Thomas Luttermoser, all 17 and all of Livonia. They also arrested a 16-year-old juvenile in the same case.

Like Trieskey, who is in Wayne county jail pending examination November 27, Willhite is charged with intent to commit larceny. Pringle and Luttermoser are charged with receiving merchandise. All have examinations set for November 27 before Northville Municipal Judge Philip Ogilvie.

Police said the charges were different since apparently two cars were used, with Trieskey and Willhite charged with actually taking the full and half-full cases of oil, tools and a chest.

**JUST AN APPETIZER**—Suddenly the sun disappeared, the sky darkened, and the snow struck. The white stuff came down with the fury of an angry storm and in

minutes a thin blanket covered the community early Saturday afternoon. For one citizen it was an unpleasant appetizer of things.

## Police Chief Tips Hat For Quiet Halloween

Egg and paint vandalism complaints were the most serious received by Northville police Halloween night and immediately following the holiday.

Police Chief Samuel Elkins said the six complaints represented an extremely light number of offenses and that he felt the community could be pleased that there was little destruction.

Among those reporting paint destruction was Mrs. Theodore Reynolds, 1075 Allen, who said profane comments were written on the rear of the family's garage. W. A. Stoddard, 503 Maplewood, reported that his car, parked at his home October 31, was sprayed with paint.

Egg complaints continued to be the most prevalent of the seasonal mischief. Carl Taylor reported that an egg thrown through the open window of his car on Hines drive at Seven Mile Halloween night smashed and "made a mess" of the interior. Mrs. Mary Asher, 502 Grace, reported an egg thrown at her window Halloween night broke the window and made a mess on the draperies and rug.

William Brown, 200 Rayson, reported that eggs and tomatoes were thrown

at the front of his home for three consecutive nights—October 31, November 1 and 2.

Mrs. Harry Luehrs, 21183 Chig-widden, called police when she went out to her car Thursday evening and eggs hit her on the temple and also were thrown at the car.

## Police Nab Drug Suspect

A Detroit man, apprehended by Novi police Friday, has been charged with possession of a stolen prescription by the State Police.

Jailed was Frederick Herring, who authorities said tried to obtain drugs from the Novi Drug store on Grand River with a forged prescription.

Herring and three companions, who were released later, were apprehended by Novi police upon a tip by Norm Sommers of the drug store. Herring had earlier tried to obtain drugs from the store owner, George McCollum, but was asked to return later by McCollum who suspected the prescription was a forgery. When Herring returned, Sommers called police. Three companions were waiting for Herring inside a car parked in front of the store when police arrived.

The prescription, police said, is believed to be one of several stolen from a Detroit hospital recently.

## Boy Faces 2nd Theft Charge

A 14-year-old Novi boy, awaiting a hearing for theft of an automobile last month, faces still another car theft charge this week.

Four other boys also were involved in either the theft or drove the stolen car of Robert Jones of Walled Lake last week, Novi police said.

The car was recovered in a wooded area northwest of 12 1/2 Mile and Dixon roads — the same location where the first stolen car was recovered. Police said the boys had taken turns driving it about the woods and one of them had attempted to remove a stereo tape player from the vehicle.

Police received a tip on the stolen car from a father of one of the boys.

# Dr. Snow's Wife Dies

Mrs. Sophia Barbara Snow, 70, wife of Dr. Linwood W. Snow, Sr., died suddenly Saturday, November 4 at the couple's Bradenton, Florida residence.

Dr. and Mrs. Snow were in the process of selling their Florida residence and planning to return to their Northville home at 508 West Main street at the time of her death.

Born February 2, 1897 in Superior township, Washtenaw county, she was the daughter of Gottlieb and Barbara (Alber) Switzer.

She was married to Dr. Snow on

November 27, 1919 in Ypsilanti — the same year in which she graduated from the University of Michigan School of Nursing.

The Snows moved to Northville January 20, 1921. Mrs. Snow was a member of St. Paul's Lutheran church of Northville.

Besides her husband, Mrs. Snow is survived by one son, Linwood W., Jr., a daughter, Mrs. Betty Hoffman, both of Northville, and four grandchildren.

Funeral services were conducted Tuesday, November 7 from St. Paul's Lutheran Church, with the Rev. Charles

Boerger, pastor, officiating. Arrangements were handled by the Ebert Funeral Home.

Burial was in Highland Cemetery in Ypsilanti.

Mrs. Linwood W. Snow, Sr.

## Amateur Artist Found 'A Little Color' in Life

A 58-year-old engine expert who traded wrench and grease for an artist's brush and paints two years ago following a vicious heart attack died suddenly last Thursday at Northville Convalescent Center — his home and studio.

Mr. John C. Bough, who found two years of happiness in Northville as an amateur artist after emotional despair threatened to snuff his desire to live, was a familiar figure in the streets of the community as he tried capturing on canvas landmarks of his adopted hometown. "Painting. It's all I have. It's putting a little color in my life," he said last winter.

Today, many of his paintings are hanging in Northville homes as well as the Northville city hall.

Born July 17, 1909 in Evansville, In-

diana, he was the son of Louis and Caroline (Shiffman) Bough. During his lifetime, he was a weight-lifter, boxer, semi-professional football player and a much sought-after engine trouble shooter for nearly all of the big automobile and trucking giants.

A resident of Detroit for 40 years, he was a service manager of a retail automobile dealership for many years.

Mr. Bough is survived by a daughter, Mrs. Caroline Ann Amos of Detroit; two brothers, Elwood of Jeffersonville, Indiana and Fred of North Terre Haute, Indiana; and one grandchild.

Visitation was held Thursday at Ebert Funeral Home, with funeral services conducted in Evansville Saturday, November 4.

Burial was in Lotus Hill Cemetery, Evansville.

## FREDA MAY LEMMON

Freda May Lemmon, 54-year-old doctor's assistant at the Doctor's Clinic here, died suddenly October 31 at her home, 439 Duvar street.

Born April 5, 1913 in Evart, she was the daughter of William and May (Peterson) Price. Her husband, Forrest, survives her.

Mrs. Lemmon was a member of the First Methodist Church of Northville and the American Red Cross auxiliary of Northville. She moved to Northville in 1930.

Besides her husband, she is survived by her mother, Mrs. May Peel of Millersburg, Michigan; a daughter, Mrs. Norbert (Carole) Radzialowski of Detroit; a son, Marvin Lemmon of Northville; grandmother, Mrs. Minnie Peterson of Evart; a sister, Mrs. George Kimball of Millersburg; five brothers, Paul, Norman, and Bruce of Onaway, Wayne of Livonia and Leo; and one grandchild.

Funeral services were conducted from Casterline Funeral Home on Friday, November 3, with the Rev. S. D. Kinde officiating.

Burial was in Rural Hill Cemetery.

## HENRY M. (CURLY) STRANGE

Henry M. (Curly) Strange, salesman for Rathburn Chevrolet here, died November 1 at the VA hospital in Ann Arbor after an illness of three years.

Mr. Strange was born October 18, 1918 in Bradenburg, Kentucky to Henry M. and Lettie (Logsdon) Strange. His wife, Armande, survives him as do three children, Mrs. Betty Barnard of Charlotte, James of Plymouth, and Glenn of Northville, and three grandchildren. A resident here for the past 30 years, Mr. Strange was a member of the Veterans of Foreign Wars Post 4012 in Northville.

Funeral services were conducted Saturday, November 4 from Casterline Funeral Home, with the Rev. Robert Spradling, pastor of the First Baptist Church of Northville, officiating.

Burial was in Rural Hill Cemetery, under the auspices of VFW Post 4012.

## FERN D. PECK

Funeral services will be held at 1 p.m. today for Miss Fern D. Peck, 72, who died at West Trail nursing home in Plymouth Monday. She had been at the nursing home for four years. Prior to that time she lived in Northville at 405 Horton.

Born March 13, 1895, in Battle Creek to Lillian Brown and Daniel Peck, she leaves several nieces and nephews: Charles and Harold Peck, Mrs. Lillian Potter and Shirley Hanusik.

Dr. W. Leslie Williams of Farmington First Methodist church will officiate at the service at Heeney-Sunquist funeral home in Farmington. Interment will be in Oakwood cemetery, Farmington.

## HOLT KEITH

Holt Keith, brother of Miss Florence Keith, 393 First street, died Tuesday, October 31, in Goshen, Indiana. Funeral services were in Goshen with burial in North Dakota.

### *She Makes Music A Fun Course*

It's American Education Week and pretty Sandra Lou Finn, Northville's Moraine elementary music teacher, symbolizes today's teacher whose combination of informality and professionalism is so much a part of our modern schools. Miss Finn, who holds both BA and MA degrees, will study in Germany next year under a Fulbright scholarship. On November 15 she'll sing a classical composition by Hans Werner Henze, contemporary German composer, on Michigan State's educational television Channel 10. Though she has appeared on TV frequently, she is at her best performing for her attentive pupils. That's an auto-harp she's playing.

## from the PASTOR'S STUDY

Reverend Gib Clark, Pastor  
First Baptist Church of Novi

### THE WORD OF GOD

The concept of the Word of God has depth that is often overlooked. As used in the New Testament, it means the written Scriptures, but it also means much more. It is the creative Word that God spoke the world into being (Genesis 1). It is the message of God which came to inspired prophets, from Noah to John the Baptist. It is primarily the truth about Jesus Christ who was the very Word become flesh. The writer of the Hebrews summarized the whole history of God's revelation when he said, "In many and various ways God spoke of old to our fathers by the prophets, but in these last days He has spoken to us by His Son, whom He appointed the heir of all things, through whom also He created the world." (Hebrews 1:1,2)

Just what is the Word of God? It is God making Himself known; not His will or His law or His wisdom, but Himself. Other religions claim to have a message from God, but not in the same sense. Christ is the final, unique complete manifestation of God. When we know Him we know God. This is not claimed by any other religion on earth.

Many seem to have overlooked the greatness of the Christian idea of revelation. God speaks to us! He is not telling us simply how to behave or where we are going or even where we came from. He is telling us about Himself and His relation to us. We are made in His image when we receive Christ as our Saviour. We become sons of God - "God is our nearest relative." He speaks to us! This leaves us free. He does not coerce, overwhelm, or browbeat us. He does not sneak in the back door of our minds. He respects us and, therefore, comes to us in sincerity and straightforwardness.

He speaks to us! The very idea demands a response. We may ignore, doubt, deride, or accept Him, but the Word implies a human response. When Jesus was here on earth men had to take sides. Which side they took, for,

or against Him, revealed themselves. John put it clearly: He that believeth on Him is not condemned; but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God. And this is the condemnation, that light has come into the world and men loved darkness rather than light, because their deeds were evil. For every one that doeth evil hateth the light, neither cometh to the light, lest his deeds should be reproved. But he that doeth truth cometh to the light, that his deeds may be manifest, that they are wrought in God. (John 3:18-21)

There we have it. We are not sent to Hell because of ignorance, but because we reject the Light which we are given. How do we know that God is speaking? How would you know whether a person you meet in the park is a genius or a lunatic, or is feeble minded? The Christian holds that when Christ is properly presented to men, they know that they have met God. Their pride may keep them from admitting it; self deception may cause them to postpone responding to Him. But they know, deep in their hearts, that God has spoken. We must find God where He chooses to be found.

This brings us to the part that the Word of God plays in our lives. The claim made here is that its place is unique. Earlier quotations in the Bible point this out. We cannot be saved without the Word, and it is all that is needed. By it we are confronted with the all-powerful, all-loving, all-forgiving God. By judging ourselves and coming to Him, (repentance and faith) we experience life. "Faith cometh by hearing, and hearing by the Word of God." (Romans 10:17). "He that heareth my Word, and believeth on Him that sent me, hath everlasting life." (John 5:24). Each conversion is a creative act of God. After a person has become a child of God by faith, the Word of God is used to grow him.

## ON THE AVENUE

Every fall when the leaves turn red, I pay a visit to New York City. There's magic there for me. A pulse of excitement rides the autumn air and no matter what I'm doing, riding the bus on the avenue or browsing in a bookstore, I'm invigorated.

I see exciting plays, visit art galleries and indulge in my love for museums. Shopping in large department stores intrigues my woman's heart. Each year I save some time to sit on a bench and watch the people go by.

I return home refreshed for another year—determined to work harder at my typewriter and improve my work. I am inspired to perfect my craft.

Church-going does the same thing for my inner life. An hour of meditation and worship sends me home with a fresh outlook and a firm resolve to reflect God's love more clearly in the coming week. I am inspired to perfect my life.

Your church is the key to a full life.

# OUT OF THE PAST

## One Year Ago...

...A parking plan for the city of Northville that included metered lots for business district employees was presented to the city council by the parking authority.

...At a crossroads in their study, the Northville citizens advisory committee decided to ask the city manager to come up with a feasibility report on four possible north-south routes through the city.

...Traditional Republican majorities prevailed in Northville township with Incumbent Supervisor R. D. Merriam turning back Democrat Joseph Florilli, 784-495, and Mrs. Crispin Hammond, GOP candidate for clerk, downing Democrat Mrs. Eugene Guldo, 890-356.

...Reconstruction of a short stretch of Base Line road at the eastern limits of the city and acquisition of right-of-way property on Sheldon road were included in the Wayne county department's 1966-67 budget.

...In what officials have termed an "excellent turnout" for an off-year election, Novi and Wixom voters joined the state and national ingiving Republican candidates a sweeping majority.

...The constitution of the newly organized Connemara Homeowners association was approved by the membership.

## Five Years Ago...

...Novi and Oakland county maintained their characteristic Republican vote completions, while Wixom kept its usual slight Democratic edge, as new records were set in both local communities as well as throughout the state.

Some 2,024 of Novi's 26,644 registered voters - or about 77-percent - cast ballots, setting a new non-presidential election voting record. And in Wixom, 569 of the city's 775 registered electors - about 73 percent - went to the polls to register a similar record.

...Novi township Supervisor Frazer Staman resigned after 10 years ahead of the Novi township government.

...The news was encouraging. City Manager Bruce Potthoff told city councilmen following his return from Chicago where he submitted the city's application for matching fund to construct a new city hall.

...The highest award that can be given a volunteer scout worker at the state level was presented to Philip Ogilvie of Northville.

...Northville Township Supervisor George L. Clark told township board members that he would not be a candidate for re-election the following spring.

## Fifteen Years Ago...

...Roberta Malott was chosen football queen in voting by Northville high school students. Members of her court were Jackie Keyes and Carolyn Ratliff.

...Newly elected officers of the Novi Boys 4-H club were Ronny Randall, president; Jack Shaw, vice-president; Jim Clemens, secretary; Neil Jones, treasurer; and Ronny Randall, Ray Stillwell, and Don Wimmer, reporters.

...A military funeral was held for Corporal Richard W. Arndt at the Casterline Funeral Home. He was killed in action August 13 in Korea while serving with the First Marine Division.

...Livonia officials held cornerstone ceremonies at the site of that community's proposed \$280,000 city hall. Marguerite Coykendall was commissioned by the First Baptist Church of Northville as a missionary to serve under the Sudan Interior Mission in Nigeria, Africa.

...About \$20 was taken from the safe of the Chesapeake and Ohio railroad depot, reported Chief of Police Joseph Denton.

...The slim margin of an extra point kicked from placement by Jurgen Bonnet, German Exchange student attending Northville high school, separated Northville from Oxford, 7-6, at Ford Field.

## Twenty Years Ago...

...Schrader's Furniture store was holding a television party Friday and Saturday and invited everyone to come in and see television as it portrays football games and other events of interest.

...Dr. Howard McClosky was guest speaker at the 21ers banquet at the Methodist church.

...At the meeting of Novi community council the previous year's officers

were re-elected: Robert Davis, chairman; Don Archambeau, secretary; and Mrs. Charles Trickey, Sr., chairman.

...Damage to the spillway at Phoenix caused by high water and constant rains were repaired by the Ford maintenance and construction department.

...The Northville Kennel club was organized and the following persons elected as officers: Mrs. J. P. Malley, president; Mrs. Carl Johnson, vice-president; H. L. McVeigh, secretary; and Mrs. E. C. Westcott, treasurer.

...A group of women, formerly schoolmates in Northville, were guests of Mrs. D. H. VanHove. The guests included Mrs. Katherine Hubbard Manners, Mrs. Mary Litsenberger Whipple, Mrs. Pearl Little Dunn, Mrs. Lora Bristol Barry, Mrs. Bessie Seeley LaRue, Mrs. Mabel Stark Checketts, Mrs. Elizabeth Christensen Welfare, Mrs. Helen Dole Ross, Mrs. Minnie Ditsch Lyke, Mrs. Iva Hubbard Christensen, and Mrs. Celia Withey Richardson of Northville.

## Thirty Years Ago...

...Northville's industrial Ford factory was object of a tour of inspection by some 50 Ford dealers and their friends from Germany.

...Wounds received from a 12-gauge shotgun which discharged as he dropped it were fatal to Artemas A. Fisher, 46, a summer resident in Novi at Walled Lake.

...Winning recognition for outstanding work in the Michigan-Kansas game, Nelson Schrader was named acting captain of State's football squad for the game with Templeton university at Philadelphia.

...Dr. H. H. Burkart, Northville village mayor, appointed F. J. Cochran, village attorney, to head the national unemployment census which was to begin here.

...Death claimed William Wain, former village night watchman, following a heart attack.

...Mrs. Eber Ward Lester reported that the response to the local Red Cross drive was \$100 below the previous year, 1936.

...The Northville community suffers morally when it turns its back on the church," Dr. Thomas W. Smith, local Presbyterian Church minister said. "The low moral tone is due to the men who ignore the church."

## Forty Years Ago...

...With snow falling and darkness fast approaching, the last of the concrete base for the paving work was done. The finish of the work took place on Eaton drive, Thayer boulevard. A portion of the surfacing was finished, too, on Cady.

...Postmaster Frank Neal was advised that establishment of city delivery service was to begin January 1. Two carriers were to be appointed to do the work.

...Outside of the exceedingly small vote cast in Northville, most interest centered in the Detroit election for mayor. Early returns indicated a lead for Johnny Smith were received with dismay in this section. However, when late returns showed that John Lodge had been elected by a safe majority, there was general rejoicing. Northville's interest in the fight was heightened by the prominent part played in it by William H. Maybury, one of the chief backers of the new mayor.

...By a vote of 99 to 39, the voters of the Novi school district accepted what is known as the Gilra property on the east side of the Walled Lake road, just north of the village, as site for a new school.

# Development Center Appoints Chaplain Here

Rev. Fred G. Lapham

Dr. Pasquale Buoniconto, medical superintendent at the Wayne County Children's Development center, Northville, (formerly called Wayne County Training school) announces the appointment of the Reverend Fred G. Lapham, the center's interfaith chaplain, as community relations and volunteer services coordinator. The Reverend Lapham is a resident of Plymouth.

One of the first steps in the new volunteer program, Reverend Lapham reported, will be orientation classes directed by William DelCampo of the center.

Among the first group of volunteer students from Henry Ford Community college are Janet LaPointe, Carol Belvitch, Marilyn Walton, Scottie Henderson, Ted Varas, James Parzuchowski and John Ringelspaugh.

Reverend Lapham said college volunteers will be utilized in activities within individual cottages and they will work with various size groups all over the center, especially on week ends. They will serve in arts-and-crafts, recreation and social activities.

He said that other volunteers will be welcomed and are needed to work with children and young people during the week.

# Salem Bible Church Plans Vietnam Film

"Vietnam Profile," a dramatic documentary film produced by Dr. Bob Pierce for World Vision International will be presented in a special showing at Salem Bible Church on November 19, at 7:30 p.m.

The sound-color documentary, 80 minutes in length, takes the viewer through war-torn Vietnam portraying "the drama of God at work in the midst of war."

"Vietnam Profile" shows the people of the war-torn little country—the colorful aboriginal mountain tribespeople as well as the Vietnamese people themselves. It takes the viewer into scenes of actual combat. It follows missionaries and Vietnamese Christians in their faithful and often heroic labors for Christ. It depicts the ministries of a typical U. S. chaplain.

Narration and most of the filming were done by Dr. Pierce personally, assisted by Cameramen Nguyen van Duc of Vietnam and Y. B. Tang of Hong Kong. Ralph Carmichael composed and directed original music for the film.

World Vision, with its international headquarters in Monrovia, California, cares for over 22,000 needy children in 19 countries. It has launched an all-out aid program in Vietnam, building refugee centers, providing hundreds of crutches and wheelchairs for war amputees, distributing countless thousands of relief packets and supporting war widows as well as blind students, orphans and other needy children.

The annual Missionary Conference at Salem Bible Church will be held November 29 through December 3 this year.

Guest speakers will be Dr. Raymond Saxe, a former missionary to Africa and present pastor of the Grace Bible Church in Ann Arbor, and Rev. H. Gregory Adams, Director of Evangelical missions to converted priests and nuns.

Displays will be set up in order to show the mission work being done in various fields. All are invited to share in this conference.

# Presbyterians Prepare Confidential Pledge Plan

"What the Church Offers and What the Church Needs" will be the sermon by the Reverend Lloyd G. Brasure, pastor of Northville Presbyterian church at the 9:30 and 11 a.m. services Sunday.

A new plan for the financial support of the church, a personal covenant card, will be put into effect for 1968 at this annual stewardship call.

With the new plan, approved by the church board of deacons, the usual pledge cards will be replaced with a personal covenant card which the church member keeps as a confidential and personal reminder.

New church officers elected at the

congregational meeting October 30 are: Elders - Mrs. Elden Biery, Mrs. George Jerome, Kalin Johnson, Charles Hook; Deacons - Mrs. John Blackburn, Mrs. William Kleinsorge, Cloyce Myers, Carl Stephens; Trustees - Dr. Stuart Campbell, Ivan Ely, Mrs. Cass Hoffman and Mrs. Edwin Langtry.

Impala Custom Coupe

From Impala, world's most popular car  
**The silent ride of quality for '68**

Now there are more good reasons than ever why people should prefer Impala. Like all regular Chevrolets, it's even further ahead for '68!

**A more hushed ride**  
Among other things, we refined and improved everything about the ride to make it surprisingly smooth and silent. Just try it and see. You'll find that our

engineers used electronic computers to pinpoint places where noises might develop, and installed a special network of rubber cushions to keep squeaks and rattles from disturbing your comfort. We doubt that you've ever driven a car that moves so noiselessly.

**The look you like best**  
People have always preferred Impala's looks. So for 1968 we made it even more beautiful. We gave the grille a more massive and masculine look. We gave the hood sweeping new lines and tucked the wipers neatly out of sight. We designed the taillights right into the rear bumper for a look you're sure to like.

**We owe you the best**  
We figure we owe people more than other car makers do. Because it was people who put us in first place in the first place, and who keep us there year after year. We appreciate it.

**CHEVROLET** Be smart! Be sure! Buy now at your Chevrolet dealer's.

All Chevrolets are priced for greater value! The lowest priced 1968 Chevrolets are (models not shown): Corvair 500 Sport Coupe \$2,220.00; Chevy II Nova Coupe \$2,199.00; Camaro Sport Coupe \$2,565.00; Chevelle 300 Coupe \$2,318.00; Chevrolet Biscayne 2-Door Sedan \$2,558.00; Corvette Convertible \$4,320.00. Manufacturer's suggested retail prices including Federal Excise Tax, suggested dealer delivery and handling charges. Transportation charges, accessories, optional equipment, state and local taxes additional.

### News Around Schoolcraft

The Festival Dancers, directed by Harriet Berg, will present a modern dance demonstration at 11 a.m., Thursday, Nov. 9, in the Schoolcraft college library, on the college's fall term concert series. The performance is open to the public. There is no admission charge.

The company of seven dancers has performed at Wayne State University, Cranbrook, Christ Church, Temple Israel in Detroit, and elsewhere in the metropolitan area.

Among the works to be presented on Thursday will be "Mostly About Women," which was prepared under the direction of Charles Weidmann, when that nationally known exponent of modern dance served as artist in residence with the group in September. The work is set to the music of Paul Bowles.

\*\*\*\*\*  
Poet David Ignatow will speak during the afternoon and give a reading of his poems in the evening on the Schoolcraft College fall term lecture series on Thursday, November 9.

A rare thing in American letters today, Ignatow is a businessman who is also a poet of distinction. Both his appearances are scheduled in the Library. At 3 p.m., Ignatow will read poems and answer questions on poetry and letters, and at 8 p.m. he will read selections of his poetry. There is no admission charge for either session.

Ignatow completed high school during the depression and supported himself in a variety of ways—as a free-lance publicist and WPA writer, a civil service clerk, a shipworker, and a hospital clerk—before "graduating" into office management.

All along he has been a poet, writing in the evening after a full day's work, "with the experiences of the day echoing in mind and occasionally growing into a theme for a poem," as he describes it.

Ignatow has been editor of the Beloit Poetry Journal for 10 years, and his poems have appeared in the Saturday Review, Nation Poetry, and Commentary. His books are "Poems," "The Gentle Weight Lifter," "Say Pardon," and "Figures of the Human."

One thing about the Plymouth high school Class of '68.

They plan ahead.

Looking ahead to the evening of May 25, 1968, the senior class has reserved the Lois L. Waterman Campus Center at Schoolcraft college for its senior prom.

The Plymouth high graduates-to-be thus may become the first class from a high school within the college district to use the college's Waterman Center for a social function.

Marvin Gans, director of physical education, and two other members of the Schoolcraft college physical education staff—Tom Roncoll and Jack Washka—attended the annual convention of the Michigan Assn. of Health, Physical Education and Recreation at Grand Rapids on November 2-3.

# Salem OK's Commercial Airport

## Schmidt To Air Issues

The Salem Board of Appeals made a decision last week that could accelerate the development of this thinly populated, rural township, and especially, trigger industrial building.

The board granted a conditional use permit to Ronald Shoebridge for operation of a commercial airport on the fringe of what is now the heart of Salem township.

Russell Knight reported that he and two other appeals board members, Chairman Arthur Graham and Fred Verran, reached their decision—unanimously—last week Tuesday after two weeks of deliberation.

An elated Shoebridge was informed Wednesday of the board's decision. It brought to an end the Salem asphalt

paver's quest for over one year for a commercial airport.

In granting the petition, the board laid down five provisions applying to the airport:

(1) The airport shall not be used as a school for instruction of student flyers.

(2) The airport shall be surrounded by a woven wire farm fence at least four feet high except that the Six Mile road frontage shall be a chain link fence at least four feet high with metal posts.

(3) No structures or building of any kind shall be erected on the property without a building permit having been first obtained from the township. Furthermore, all sewer and water facilities

must be approved by the township and the Washtenaw county board of health.

(4) Operation of the airport must comply with township ordinances and with general rules of the department of commerce, Michigan Aeronautics commission.

(5) The permit shall not be construed as authorization for any conduct which would be a nuisance to community residents or result in injury or damage to those in the vicinity of the airport.

Perhaps the most important restriction as seen by area residents who favored and resisted the commercial move is the exclusion of a flight or aviation school. Residents felt that un-

tried pilots would endanger lives in the area.

Prior to the board's decision, Shoebridge had agreed at the October 10 public hearing that he would not operate a flight school against the township's wishes.

Besides erecting a fence in compliance with the board's provisions, Shoebridge said, "I plan to put up an attractive sign on Six Mile road and to landscape the immediate area for pleasant appearance." Eventually, he added, the farm out buildings on Six Mile road would also be torn down to improve the entrance appearance.

Already, there have been reports that

developers are eyeing the vast township acreage for industrial development, primarily near the Chesapeake and Ohio railroad line that cuts through the northeast corner of the township.

Shoebridge said construction of two five-plane hangers and a small administration building would commence some time in November. Plans are now in the hands of architects.

Furthermore, he said, work would continue on extending the north-south asphalt strip on his 47-acre parcel that fronts on Six Mile road, just west of Chubb road. Fifty feet wide, the strip spans approximately 2,500 feet and eventually will be lengthened to 4,000 feet.

Immediate plans for construction of an east-west runway have been shelved, pending eventual acquisition of adjoining acreage.

Shoebridge informed The Record that a sore spot with residents had already been rectified through the granting of the commercial permit. No longer is Salem designated as a practice area for beginning pilots. Instead, the five-mile pattern has been shifted five miles south of the community.

The October 10 public hearing, attended by some 100 persons, marked the third time that Shoebridge had approached the appeals board for a conditional use permit in approximately one year. The overwhelming majority of persons at the hearing backed Shoebridge's petition to change his private airport into a commercial operation.

A discussion of legislation being considered at the special session of the state legislature will be conducted Thursday evening, November 16 by State Representative Louis Schmidt at a meeting of the Greater Northville Republican club.

In addition to open housing, the new district court plan and the good roads tax package, Representative Schmidt is expected to comment on Detroit Mayor Cavanagh's "satellite city" proposal.

The meeting, slated for 8 p.m. in the downstairs meeting room of Detroit Federal Savings, will also be open to a question and answer period.

The Special meeting of the Northville City Council was called to order by Mayor Allen at 8:10 p.m. at the Northville City Hall.

Present: Allen, Carlson, Lapham and Nichols. Absent: Black (excused).

Also present: Wm. Boyd, Thomas Quinn, Dempsey Ebert, John Canterbury, Donald Lawrence, Paul Folino, John Carlo.

Mayor Allen asked that Waver of Notice be signed by all Councilmen at this meeting had only been designated as a work session.

Moved by Carlson, support by Lapham, to pay bills in the following amounts:

General - \$45,346.52.

Water - \$14,244.55.

Unanimously carried.

Agreement for Proposed Improvement and special assessment for International Diamond Tool Company:

City Manager explained that this agreement was at the request of Mr. M. Sczypanski of International Diamond Tool Co. and that this method of Special Assessment would save the cost of a public hearing. City manager assured council that the C & O Railroad has only asked that their property be restored to its original condition after running this line. (\$2407.85 and tap of \$600).

Moved by Carlson, support by Lapham, to approve agreement for proposed improvement and special assessment for International Diamond Tool Co. Unanimously carried.

Authorize city manager to issue temporary parking permits:

Moved by Nichols, support by Carlson, to approve authorizing the city manager to issue temporary permits for on-street parking overnight in hard-ship cases. Unanimously carried.

Direct attorney to prepare Junior High school sanitary sewer pay-back agreement:

City manager explained that the city sewer will serve the area from Taft road to the Junior High School property anytime the Junior High School so desires. (This area is 20 acres - 10 acres of school property). The school's figure is \$43,708 (115 additional dwelling units that could use this line - \$370). The attorney was directed to prepare agreement identical to the one we have with Thompson-Brown Company. The easement will be turned over to the city. This agreement is to come to council for approval.

Authorization for fish hatchery property application for purchase:

City manager reviewed the application for the fish hatchery property purchase. He stated there would be a service charge to users; higher charge for non-resident users. He also stated that Northville township and the Northville school board have indicated that the proposed plans are o.k. but they have not committed themselves to any definite amount of money.

Moved by Carlson, support by Lapham, to authorize the city manager to make formal application for purchase of fish hatchery property as outlined at this meeting. Unanimously carried.

Mayor Allen spoke about burning of leaves on city streets - there is to be a notice in the Northville Record regarding prohibiting of leaves being burned on city streets.

Donald Lawrence, 417 Welch road, reminded Council that there are still no signs for Welch road. He also stated he was reminding Council that there was a petition filed for the paving of N. Center street (under 100% assessment).

There being no further business, council was adjourned at 10:05 p.m. and went into a Work Session regarding various phases of Parking restrictions.

### Meet Your Bus Drivers

Mrs. David McLaughlin

Mrs. Carol McLaughlin, who is driving a school bus for the first time this year, is married and has five children, Dennis, 12, Tom, 11, Connie, 9, Carol, 7, and Matthew, 6. All attend Amerman elementary school except the two older children who are students in the new junior high school. A crossing guard last year, Mrs. McLaughlin still assists Brownies in crossing the Eight Mile and Center street intersection. Mr. McLaughlin is a supervisor for Cox Instruments company. Prior to moving to their home at 816 North Center a year ago, the McLaughlins lived in Hatboro, Pennsylvania.

Mrs. Robert Richardson

Now in her fourth year as a bus driver for the Northville school system, Mrs. Norma Richardson and her family moved to this community eight years ago from Detroit. She and her husband, a supervisor for General Electric, and three sons live at 19151 Meadowbrook. Son Robert, 19, attended Schoolcraft for one year prior to taking a job. Marty, 17, is a senior at Northville high school, and Todd, 12, is a seventh grader here. In addition to being a mother, housewife and bus driver, Mrs. Richardson finds time with her hobby of playing a guitar and organ — "but strictly as a amateur."

## SPEAKING

## for The Record

By BILL SLIGER

It's been said that one appreciates a personal achievement more than an outright gift.

Maybe this is the reason the city council has heard so many complaints from businessmen about the offstreet parking in the shopping area.

In the main it has been provided from general fund monies. Few local businessmen have contributed towards public parking in the business district.

It can be argued, of course, that businesses pay taxes and part of their tax dollars should be spent for public parking. Few communities, however, can match Northville for dollars spent for public parking.

Somewhere between the extremes of total city participation and complete private financing lies a reasonable middle ground that one day soon must be reached in Northville.

The responsibility for proposing a cooperative program for joint business-government financing of parking rests with the city's parking authority and the council. Businessmen cannot be blamed for not contributing to public parking if they are not asked.

Those closest to the objectives of the central business district plan know that if property now held by either the city or the Northville Area Economic Development Corporation (and in some instances currently used for parking) is ever to be sold for new development, the responsibility for providing adequate parking cannot be left entirely up to the new development.

Financially, this would be impossible. And the new business that is interested — and can be attracted to downtown Northville — would be forced to consider cheaper land in border area shopping centers.

The central business district plan is designed to avoid this by providing retail

space in the center of town surrounded by adequate parking.

The Northville area is on the brink of a population boom that is unmatched in the history of the community. One need only look at developments under way or plans near approval for proof of this.

Planners, the parking authority, the council, retailers and the Northville Community Chamber of Commerce have little time to get down to serious consideration of a long-range plan and program of financing for future parking needs — if the objective of the central business district plan is to be realized.

That objective, incidentally, is survival.

Our Gal, Winona Woods, who runs the office out at Inter-City Press, Inc., in Novi, received a pleasant surprise in the mail last week.

The letter started out... "you expect more from Standard, and you got it!"

The "it" was a new Mustang, one of the prizes being given away by the company's gasoline stations.

In any profession there's no satisfaction quite as self-rewarding as the recognition from within your own industry that you're doing the best at your job.

Northville Piano-Tuner George Lockhart must be quietly enjoying this inner-satisfaction.

He's been selected by the Steinway company to tune all their pianos for concert artists appearing in Detroit this season.

He prepared the piano for the initial concert of the Detroit Symphony orchestra and will perform the same service for Arthur Fiedler, when the concert pianist appears at the University of Detroit November 10.

feel the emptiness because a loved one is far from home fighting. There is not a family that has not shared the sorrow of war or the privileges gained by the many battles. In every battle the blood of our men has been spilled to safeguard our right to enjoy the many freedoms of our country. Regardless of our personal feelings about the issues of today we are still very proud of our country. We hear about those who oppose this and oppose that, those against this and against that, but in how many countries could they or would they dare to speak out against anything? Those proud of this country don't feel it necessary to proclaim their pride because it is our heritage. One which has been earned by those who sacrificed to preserve it for us. Yes, the veteran of the past wars.

Once more our young men have been called upon to go into battle by our country, they are doing what they think is right just as those before them have felt. Has the blood of these many battles been spilled in vain? Have we lost our desires to keep this, our country, the proudest in the world? We have the same reasons, the same pride and the courageous young men are still doing their share. Can we do less?

Let us take Veterans Day to stop and say "To the lads in Vietnam, right or wrong, our sympathy and our prayers". Each one over there is someone's loved one. From daylight to midnight on November 11 let every home in Northville — forget their differences, turn on your porch light and drive with your headlights on, to visibly show we DO appreciate their sacrifices and are proud of them. Not every home has a flag to display but let us light the lamp of loyalty in Northville and show them the minority demonstrate but the majority are proud of them. A flick of the switch will do more than all the demonstrations against our boys in Vietnam.

## New Image

By ROLLY PETERSON

For unadulterated suspense, few television programs can surpass the FBI, which has and is holding its own opposite that perennial favorite, the Ed Sullivan Show. The program itself is testament to the adage that fact is as compelling as fiction.

The Bondage thriller is a potpourri of the absurd, cruelty and gadgetry — all part of the violence syndrome. Coquettish females prance willy-nilly in the super spy thrillers, brutish males are shown at their diabolical best, while settings have that futuristic look of a celluloid society.

Not so with the FBI, if the narrator can be believed. The stories are taken from real cases, with only the names changed to protect the innocent, and, of course, the story is worked into dramatic form. The product is usually a taut suspense.

Efrem Zimbalist, Jr. plays the role of Erskine, the erstwhile detective who matches wits with the underworld's slipperiest criminals and wiley communist conspirators. Zimbalist comes across as an exemplary FBI man, cool and cagey, who always gets his man.

Erskine's unflappability, while enhancing the reputation of the FBI, undermines somewhat the proposition that the program is indeed based on fact. Chances that America's elite force is impeccably correct in every respect defies the facts.

Another drawback, dramatic this time, is the shallowness of the characters. Perhaps the nature of the show

does not permit portrayal of character in depth, but nonetheless the characters are cast to type, rather than to part. The result is a wearisome string of culprits with little to set them apart, except the circumstances.

But the plots are engaging and suspenseful, and devices used to snare the outlaw are thoroughly within the realm of plausibility. Take last Saturday's case, for instance. None of the bit parts take any distinct form, but that's not important.

A Communist General named Erik Salzman, has decided to defect to the United States. The key to his escape from the Iron Curtain is the safety of his wife, Ida, who has already landed in America. She's far from safe.

There's a Communist conspiracy afoot, and nearly succeeds, except for the vigilance of the FBI. Erskine and his cohorts, picking up bits and pieces, finally recover the kidnapped wife and the general is safe to declare his dissatisfaction with a country we assume is Russia.

The cast filling last Sunday's playbill would fill any Hollywood's Who's Who. It includes Edward Franz as the general, Viveca Lindfors as his wife, John Van Dreelen as Brown, a conspirator; Dana Wynter as Sylvia, the Mexican Mata Hari, and John Kerr as Morgan, one of Erskine's FBI helpmates.

Their appearance attracts viewers to the program. But is the seriousness with which any one case is approached and the fidelity to investigate methods that make each episode suspenseful and compelling.

Yes, that's me.

I'm Miss Whatshere name from your Favorite Department Store and I'm afraid we forgot to get a credit report from you.

Oh, I think you've mistaken me for someone else. We're buying carpeting but plan to pay cash for it.

Yes, I know, but we still must have a credit report.

Why?

Because it's our policy.

Well, we've purchased other things from your store, always paying cash, and never had to have a credit report first.

Yes, I'm sure you have but we must have a credit report this time. Can you stop by our credit office?

Well... I would, but the baby just burped all over my blouse and my husband's got the car. Besides, your advertisement said you offered "in home

service" and you sent over a salesman, didn't you?

Yes, that is a service of ours. But I'm afraid the salesman neglected to get a credit report while he was there.

Look, I haven't got much time and I'm sure you're busy, too, can't you take down the information over the phone?

That's a bit irregular, I don't think...

Please.

Alright. First, please give me your name.

My name? Didn't you call me? Didn't you ask for me by name?

Yes, but I'm just trying to follow this form. Alright, let's skip these first questions. Now, here's an important one. What is your husband's weekly salary?

He isn't paid weekly.

Then, how much does he earn in a month's time?

I don't think it's any of your business.

ness. Ask me another question.

Mrs. Carpet Purchaser, please, you must cooperate if we are to get a credit report. Can you please give me a list of some of your creditors?

But we don't have any creditors. We've always paid cash for the things we buy.

Oh, you must have credit someplace.

No we don't.

Well, Mrs. Carpet Purchaser, I'm terribly sorry but I'm afraid we won't be able to get your credit rating through. It just can't be approved without some credit references.

You mean we can't buy the carpet with cash? We must have credit first?

I'm not certain. Why don't you stop in our office tomorrow. Maybe we can work something out.

Oh, forget the whole thing. I'm sure Goodwill will take cash for one of their used rugs. Thank you, goodbye.

Are you the master or the victim of convention? Some of us are so busy being like "the crowd" that we have lost sight of our own powers of individuality. Granted that the world would be a confusing place if we were all "odd balls," it would also be dull if we were all "stick-in-the-muds." Victim or master? Pick up your pencil and see.

## DESIRABLE ANSWERS:

If you are to be different, you will have given YES answers to all questions except 9, 10, 13, and 18. If you answered YES to these questions, you are TOO daring for the following reasons:

- A conscientious care of money, without being a slave to it, shows good judgement. Careless use will land you in trouble.
- Do not live a self-centered life or you may find yourself alone and forgotten.
- Laws, even signs, are made for a good reason. If you said yes, you are not daring to be different, but challenging authority which was set up for your protection.
- If you said yes, you are using your "difference" as a front, very likely a shield for some feeling of insecurity. "An unlearned carpenter of my acquaintance once said, 'There is very little difference between one man and another; but what difference there is, is very important'."

Group Therapy: Key to Recovery, Incorporated

LANSING — Fifty mental patients were waiting to see Dr. Abraham A. Low, a psychiatrist, as he walked through the doors of the University of Illinois Medical School. Realizing that he could not possibly give an hour to each one, Dr. Low conceived the idea of helping them in a group.

That was in 1937. Shortly thereafter, Dr. Low realized that patients who have largely recovered from their psychoses can be helpful to others who have been dismissed from mental hospitals

but still get upset and frightened. He founded Recovery, Incorporated, a "club" composed of laymen who have largely or completely recovered from their mental problems and who aid others in need of help.

THIRTY YEARS later Recovery, Inc. has a membership of over 10,000 and has helped many thousands more overcome their mental problems. There are 157 chapters in Michigan alone; 36 states and three Canadian provinces have local chapters.

It is a self-help organization of people whose extreme nervousness interferes with their lives. For some it's a means of recuperating from a nervous breakdown. Members meet regularly in small open meetings with the reading of a chapter from Dr. Low's book, "Mental Health Through Will Training," followed by panel discussions. Members relate personal experiences, report how Recovery helped them handle their difficulties.

First names only are used unless

the person wishes to reveal his last name.

Anger is always at the root of nervous upsets, according to Recovery philosophy. Either the nervous person is angry at someone he feels is wrong or he is angry with himself for failing to live up to his own expectations. In Recovery members learn to value their mental health over the symbolic victories they might win if they bristled at every small annoyance. Instead, they remind themselves that there is no right or wrong in a triviality.

Because they are laymen, members make no attempt to counsel each other on major crises or give advice. They merely give examples of how they have practiced the Recovery Method in facing and handling specific difficulties.

One of the goals of Recovery members is to develop a sense of humor. Part of their problem is taking trifling matters too seriously. They learn to laugh together about things that would have sent them on a crying jag before Recovery.

quarters was set up in Chicago. A small paid staff operates at 116 S. Michigan Ave., Chicago, Illinois, but all other Recovery leaders are volunteers and receive no pay. The organization is self-supporting through voluntary contributions, memberships and income from the sale of literature and records.

A small but important step was taken this fall in solving the nation's doctor shortage. Michigan State University's College of Human Medicine was one of five new medical schools admitting students for careers in medicine.

Some of the existing 94 medical schools are increasing their enrollments. The result is an increase of first-year medical students to an estimated 9,280 compared with 8,964 last year.

The new schools should be fully operative by the mid-1970's and be graduating an additional 1,000 medical students annually. U.S. Medical schools will then graduate about 10,000 students per year.

THE SHORTAGE of physicians in Michigan is felt in many communities. The immediate needs are 300 additional doctors per year. Michigan currently has three doctors for every 2,000 people, one of the highest doctor-to-population ratios in the nation. It is beginning to show an alarming change.

MSU's new facility is now categorized as a "two year" school. Its program is considered a "continuous six-year experience," with "Medical school" training starting in the fourth year after three years of undergraduate work. The school is aiming for an enrollment of 64 students per class and is completing plans for an \$11.8 million Life Sciences Building.

Wayne State University's medical school is also expanding under the new "medical complex" planned for the university. University of Michigan medical school, already the largest in the nation, has filed detailed expansion plans with the state board of education and the legislature.

Study Predicts Big Growth In Family Income by 2000

BABSON PARK, Massachusetts — The year 2000 no longer looms like an imaginary time in science fiction. In fact, most people 45 years old or younger have a very good chance of still being active by the year 2000, — and beyond. It's only about 32 years distant, but the changes between now and then will be spectacular in a great many ways.

A new study of the year 2000, supported by the American Academy of Arts and Sciences, the Carnegie Corporation, and the Corning Glass Works Foundation, takes more than a casual view of what the workers of the nation and their families can anticipate for the beginning of the next millennium. Many of the projections are worth contemplating, especially by those young enough to become socially and economically involved in what lies ahead when the 20th century gives way to the 21st.

First off, family income is expected to be substantially higher, with enough people in the upper brackets to create a kind of "gentleman's" class... those with sufficient means to lead a life

of leisure. Even those who do work may be on the job only four days a week, and for a lot shorter day. This will come as a shock to the businessman of today who is so high-pressure that he doesn't even take time off for vacations. But the study figures that by the year 2000 employees will be working 147 days a year, getting 218 days off!

DISPOSABLE income will continue to be the key to the degree of one's prosperity and level of living standards. While we have seen tremendous advances in this factor in recent years, far more solid gains are likely by the end of the century. Disposable income per-capita by the year 2000 may range from \$4,900 to \$9,000. Import of this forecast is that the typical family is expected to be as well off then as the relatively high-income family is today.

Filling up leisure time to advantage will be a big problem, and youngsters will be encouraged to take up interests outside their career choices. Sports, music, theater, and art will be widely pursued. It is even implied that museums, theaters, and other cultural centers may be at such a premium that

time will have to be rationed to make them available for all interested.

SO MUCH has been seen in the way of transferral from a cash retail economy to a credit-card system that the study's projection in this line may not be so surprising. Housewives are likely to have pushbutton houses making wide use of computers. Department stores and supermarkets will accept the housewife's credit card by computer, and the bank will pay her bills the same way. Women will make up a higher proportion of the labor force, particularly in view of the availability of innumerable pleasant part-time jobs.

There will be big jumps in transportation, far beyond even the supersonic jet travel already on the horizon. Flying platforms could be in use for local trips, even for calls on neighbors. It may be easy to take a half-hour rocket trip to Europe. Travel wardrobes — as well as "street wear" — will be largely made of paper, to be thrown away after a few wearings. This is already being tried out, but will be prevalent by then.

Wide immunization against more and more diseases will have lengthened the life span even further. Health programs and dietary controls will be workaday, plus the more frequent resort to artificial or transplanted organs and automatic heart devices. People could be living to the age of 150 by the year 2000, or very soon thereafter; and the population of the U.S. may well total 318 million persons.

PURINA HORSE CHOW CHECKERS

COMPLETE!...NO HAY NEEDED!

Here's the product horse owners have been waiting for... Purina's revolutionary Horse Chow Checkers... with built-in hay.

It's tailor-made for folks where hay is a problem. Roughage is built right into the product—no extra hay is needed.

Because hay is built right in, extra hay feeding is eliminated. Horses like Purina Horse Chow Checkers almost as well as sugar and it's economical.

If hay is no problem, ask for Purina Omolene, long-time favorite of horsemen the country over. But, if you don't want to bother with extra hay, feed Purina's new Horse Chow. Available now at our store in easy-to-handle 50-lb. bags.
