

# Flu Bug Hits Schools, Game Cancelled Friday

What Do You Bid?

## Hatchery Houses Placed on Sale

Bids are now being accepted by the United States government on 2.11 acres of the Fish Hatchery property located on the north side of Seven Mile road, Congressman Jack McDonald revealed late last week.

The land, which does not include the larger parcel of property on the south side of Seven Mile road that the city of Northville is attempting to acquire for recreational purposes, has been declared excess by the bureau of sports, fisheries and wild life of the Department of Interior.

The 2.11 acres includes two frame houses and a garage.

Sealed bids will be opened at 3 p.m. on January 18. Any citizen or business may bid on the property.

Bid packages, containing description of the property, may be obtained by writing Norman H. Berky, Regional Director, Property Management Disposal Service, General Service Administration, U.S. Court House and Federal Building, 219 South Dearborn Street, Chicago, Illinois, 60604.

Specific bids are to be addressed to the same office.

## Township Adopts Pension Program

Christmas arrived a little early for township employees and board officers.

At a special meeting Monday night the board approved a pension plan for all township employees and the super-

visor, clerk and treasurer.

In addition, the board approved a recommendation by Supervisor R. D. Merriam to award five per cent pay hikes to four office employees.

Supervisor Merriam pointed out that pay scale in the township office was below average and suggested that all salaries should be reviewed again before drafting the next annual budget in March.

While the board was not unanimous in its opinion on the matter of current rate of pay in the township, it did agree that a pension plan was a necessary fringe benefit "to help attract and hold employees".

## Overture to Opera Scheduled Here

Next spring Northville for the first time will be included among the 20 Metropolitan Detroit and suburban areas to have an Overture to Opera performance, Dr. David Dichiera of Oakland University, Overture producer, announced this week.

The performance, with a complete cast and scenery, will be at 8:30 p.m. April 6 in Northville high school auditorium.

The inclusion of Northville in the popular and growing Overture series, which is under the direction of the Detroit Grand Opera association, is due to the efforts of Mrs. Donald Ware, who has agreed to serve as Overture chairman, and Mrs. Ernest Shave, who has served as Northville area Grand Opera committee member since the Metropolitan began its spring appearances in Detroit.

Last season Mrs. Ware joined the committee as Mrs. Shave's assistant and became interested in the Overture project, which began with one performance in 1962 and by last season had grown to 20. Originated to increase interest in the Metropolitan's appearance in Detroit, the Overture series no longer follows the program of the Met but includes a varied program each season. However, the same program is repeated at each appearance, being shortened for school groups.

An Overture committee to assist with planning for the April 6th appearance has been named by Mrs. Ware. Serving on it and meeting at Mrs. Ware's for the first time this afternoon are Mrs. Paul Hughes, Mrs. Stan Schaefer, Mrs. Harold Wright, Mrs. Ben A. Zayti and Mrs. Charles Wheatley.

Ticket prices will be decided by the committee, Mrs. Ware said, adding that it also will consider the possibility of having the appearance be a benefit.

It is planned that tickets will be available by advance sale only.

"I'm so thrilled I don't know what to do," Mrs. Shave commented at the news of the spring appearance here, adding that she hopes "this can be the start of quite a few things... such as an afternoon appearance for students as well as an evening one in another year."

Because she and Mary Ware wanted to bring Overture to Northville so badly, she explained, they were willing "to take the risk of underwriting the appearance." With 600 seats in the high school auditorium, they are hopeful of filling all of them April 6.

## Downs Gets 'Best' Dates

Fifty-four racing dates were awarded the Northville Downs for the 1968 season by the state racing commission Tuesday.

Racing will begin here Thursday, May 30 and close Wednesday, July 31, the commission disclosed, thus giving Northville the same number of racing days as during the past season.

Wolverine Raceway will open the '68 harness racing season Friday, March 22 and close 58 days later on May 29.

Following Northville's dates, Hazel Park will open August 1 and close Saturday, October 5, for a 57-day meet, and Jackson's 54-day season starts October 7 and ends Saturday, December 7.

John Carlo, executive manager of the Downs, expressed pleasure with the Northville dates, calling them the "best" in the harness racing circuit.

Winter's just a week away, but there's still a pesky bug flitting about that is making life more miserable than a hot, mosquito-infested summer night.

A biological misfit, the flu bug has sapped the strength of from 10 to 20-percent of the students of the Northville and Novi public school system.

Parochial schools have been hit, too, as have the teaching staffs at nearly all schools in the area.

While the highly contagious flu may not have reached epidemic proportions here, such is not the case in some other Southeastern school systems. Brighton school district closed its schools Tuesday and cancelled its basketball game with Northville slated tomorrow, and Howell Schools closed earlier.

Locally, physicians report they are

treating a growing number of flu cases, particularly among children. These cases are pretty evenly divided between those with the milder stomachupsetting flu and the upper respiratory variety that causes severe congestion, difficult breathing, sore throat and high temperature.

It is the latter variety that can lead to complications, even pneumonia, if not treated properly.

In South Lyon, where 151 of 687 high school students were absent last week, doctors report the largest number of patients in memory. They have been forced to extend their office hours to treat the large increase.

Oddly, relatively few employees of major industries are absent from work. Northville's Ford Valve plant, for example, had only two absent employees Friday.

Approximately 110 Northville high school students were absent last week where normal absenteeism is about 45. The junior high school had 102 absent on Friday — or about one-sixth.

Forty pupils, five teachers, one custodian and one secretary were absent Friday at Moraine elementary; 40 were absent at Main Street; and nearly the same number were absent at Amerman.

Some 130 of the 518 Novi high school students were absent last week. Several teachers and secretaries and Superintendent Thomas Dale also were absent. Varsity Coach Jim Ladd, home sick, was unable to be present for his team's game Friday at Manchester. Normally, student absenteeism at the high school is about 45.

Relatively few students were ill at Orchard Hills elementary — about 35 of more than 400 youngsters. But a num-

ber of teachers were sick.

Only about a half-dozen more students were absent than usual last week at Wixom elementary school where student enrollment stands at 335. One teacher was sick.

At Our Lady of Victory, about 10-percent of the 317 students were absent last week. In the eighth grade alone, only 10 of the 37 pupils reported to school.

St. Paul's reported an alarming absenteeism of from 15 to 20 percent.

How do you combat this pesky bug? "It depends on the severity of the case, said one doctor. If it produces a high fever and chest pains the patient is advised to see his doctor immediately. In less acute cases, the doctor advised rest, adequate fluids, aspirin, and confinement indoors.

"Stay away from those who have it," he emphasized.

## Board Approves Feasibility Study

A study to determine the feasibility of a year-round school program in the face of a projected student population explosion was approved by the Northville board of education Monday night.

Board members are to outline guidelines of the study and possibly appoint members to a citizens advisory committee that is to conduct the study at its regular meeting in January.

Decision to approve the study, which came in the form of a resolution, followed a report by Trustee Andrew Orphan and Treasurer Richard Martin on proposed housing developments in the district that will result in a greatly expanded study body within two or three years.

Board President Eugene Cook, in noting that it has not yet been determined what a year-round school year would entail, emphasized that the resolution calls for a study only — not board endorsement of year-round school.

It was explained that a year-round school year could mean a number of things: a tri-semester program over a full 12 months with two-thirds of the student body in school at all times as suggested by Orphan, a quarter-semester program, a summer educational enrichment program, or perhaps an 11-month school year.

Orphan, in making his report on building activity, particularly that proposed by Thompson Brown on both sides

of Six Mile road in Northville township, concluded that in his opinion the district has but two major courses open to it:

Set bonding and millage machinery in motion to provide additional facilities and operational money, or implement a year-round school year that could mean up to one-third more students adequately served by the existing facilities.

In calling for the study, the board indicated that citizens who might wish to serve on the committee should contact the school board office. Persons serving on the previous citizens committee also are invited to participate.

Specifically, the resolution as adopted by the board calls for a membership of the school administration, the teaching staff and citizens of the community. Specific committee framework and work agenda has not yet been determined.

The resolution specifies only that the study "encompass a thorough evaluation of all available information and research on the year-round school, the areas of the present instructional program which would be affected by a change to the year-round school approach, the development of the necessary steps to be taken in a transition to this program, and a thorough cost analysis of the operation of a year-round school versus that of our present program, both present and future."

Officers Remove Dead Ducks

## Local Trout-Planting Program Threatened

## Spilled Oil Kills Ducks, Fish

An oil tank truck that rolled over on an entrance ramp to I-96 last week set off a chain of events that brought death on a large scale to ducks, fish, and other wild life in the Novi area. It involved personnel from the Michigan Conservation department, Water Resources Commission, the Gulf Oil company, and Novi police in a struggle to prevent serious pollution of a water network extending from I-96 to Phoenix Lake in Northville township.

According to Novi police, a tandem-trailer tanker owned by the Guardian Oil company, Lansing, had taken on a load of No. 2 fuel oil at the Gulf Oil company bulk plant in Novi Monday afternoon. As Driver Earl E. Carl of Williamston began a turn onto the westbound entrance ramp to I-96 at Novi road, a pair of wheels on the rear four-wheeled trailer locked, causing the trailer to turn over and spill most of its 4,250 gallon load along the roadway.

The trailer was righted and removed from the scene and the Novi Fire department flushed the oil from the roadway.

First indications that a major pollution problem was shaping up appeared Thursday.

Mrs. Ruth E. Luke found a number of dead and dying ducks among a large flock that reside on a small pond on her at-

tractively developed property at 41700 Eleven Mile road, near Meadowbrook. The flock numbered about 200, including about 40 tame Indian Runners, who resided full time on the property, and large numbers of visiting wild ducks, including mallards. All eventually died as fuel oil entered the pond.

Mrs. Luke notified the Novi police, who then notified conservation officers and officials of the Water Resources

commission, the top state agency dealing with pollution.

Conservation officers from Wayne and Oakland county, along with personnel from the Water Resources commission, began immediately to determine the location and extent of pollution, slow its progress, and remove the contamination.

A prime concern for conservation of-

program now underway at Phoenix Lake. According to Wayne County's conservation officer, Claude LeValley, the trout planting program at Northville only recently became possible after considerable time and effort were spent to bring the water to clean enough condition to permit such programs. The trout planting program at Northville is the first and only such program in Wayne county.

"If the oil moving along the flow of

## Yulelight Contest

Plans for the annual Christmas decoration contest sponsored by the Northville Jaycees were announced this week.

According to Jim McCarthy, Jaycee chairman of this year's event, judging of homes in the city and township of Northville will take place on December 22 and 23.

The winning homeowner will be contacted by the Jaycees and a specially engraved plaque will be awarded to him or her.

It is not necessary for the homeowner to enter his home in the contest, McCarthy said. All homes in Northville city and township will be surveyed by several Jaycee teams.

# Northville Girl Married in Farmington

Linda Allen of Northville became the bride of James Bedson of Livonia in a Saturday afternoon wedding ceremony at Farmington, December 2.

The Rev. Walter C. Ballagh, pastor of the First Baptist Church of Farmington where the ceremony was held, officiated. White, red and pink vase flowers decorated the church.

Mrs. William Williams was the organist and her husband was the soloist. Wedding numbers included the Wedding Prayer and O Perfect Love.

Parents of the bride are Mr. and Mrs. Grant Allen of 1953 Clement road.

The bridegroom's parents are Mr. and Mrs. Cecil Bedson of 20330 Hugh street, Livonia.

Given in marriage by her father, the bride wore a floor length gown with an empire waist, white peaudesoie with chantilly lace applique. Her veil was made of silk illusion, and she carried a bouquet of white roses, white carnations and white snowdrift mums.

Matron of honor was Mrs. Cynthia Hartman, sister of the bride. She wore a pink velvet, floor-length gown, with an empire waist, and she carried pink carnations with a red velvet ribbon on a white bunny muffs.

Serving as bridesmaids were Miss Judy Hall, Mrs. Kathy Collins, and Miss Mary Lou Langtry. They wore red velvet, floor length gowns with empire waists, and they carried red carnations with a pink velvet ribbon on white bunny muffs.

Megan Hartman, niece of the bride, was the flower girl. She was dressed in a floor length, pink velvet gown, and she carried a basket of pink imitation roses. The ring bearer was Bryan Allen.

The bridegroom's best man was Leslie Swartz. Ushers were Marvin Beyer, Terry Rogers, and Gary Allen.

For her daughter's wedding, Mrs. Allen wore a two-piece melon silk dress and jacket, olive green shoes and hat. The bridegroom's mother wore a navy blue and white wool dress with matching shoes, gloves and hat.

A reception followed at the bride's home, with some 170 guests attending.

The new Mrs. Bedson is a 1967 Northville high school graduate and her husband, now serving in the United States Navy, was graduated from Clar-

enceville high school in 1965.

The newlyweds will live in Bainbridge, Maryland where the bridegroom is stationed.

Mr. and Mrs. James Bedson

## In Our Town

By JEAN DAY

BECAUSE OF her desire and determination that the Jaycettes should continue as a Northville service organization for women nine months ago, Mrs. Richard Norton, Jaycette president, is being honored this week with her own organization's Outstanding Young Woman community award.

She was chosen last Saturday by a group of three outside judges as the recipient of the Northville chapter's second annual award. She was nominated by her fellow officers for the award in recognition of her willingness to serve as president of the tiny group that had dwindled to five and then a precarious three members last March. Under her leadership the group has grown to 11 members, most of whom are in their twenties.

Lane Norton, whose husband is Northville's Ida B. Cooke junior high assistant principal, is the mother of four children, ranging from two to ten, and is expecting a fifth. The family lives at 325 Ely drive.

Mrs. Norton also has juggled housewife duties to serve as a substitute teacher in the Northville schools. Besides being chairman of the Jaycette Christmas and Thanksgiving projects last year, Lane Norton served the Amerman P-TA as service girl chairman (1966-68), the Methodist WSCS as circle president (1967-8) and as secretary (1963-4). She was a division chairman this year for the Michigan Cancer Crusade.

A member of the Jaycette auxiliary since 1962, she first served as JA representative to the city coordinating council (1963) and then as Michigan Jaycette Auxiliary district coordinating project head (1967-68). It was she who introduced the Helping Hand project to the Northville Jaycettes and urged sponsorship.

Above all, 32-year-old Lane Norton was nominated because she is a "dedicated mother serving the auxiliary."

Auxiliary vice-president and Outstanding Young Woman award committee chairman Mrs. Omar Harrison, in announcing the selection of Mrs. Norton, added that the Jaycettes were pleased to have received nominations of other outstanding young women in the community from both the Methodist WSCS and the Presbyterian Women's association.

She mentioned that nomination forms were sent to 12 local organizations, but that many had older memberships and had no one to nominate in the 21-35 age group. Actually, the main reason the award is given is to stimulate and recognize community activity and service by young mothers and housewives.

Mrs. Beatrice Carlson, one of the Judges and Northville councilwoman, declared she was delighted that "we have this opportunity to honor a woman who was instrumental in reviving this group which is an important part of this community."

The other two judges were Mrs. Robert Brueck, Northville Town Hall chairman, and this column writer ... which gives me the chance to tell you that all nominations were outstanding, as was the Jaycette committee working on the award project.

Chairman Claudia Harrison is the young mother of four-month-old Christie, who welcomed the judges and com-

mittee with smiles and gurgles. Committee members are also young wives, Mrs. Michael Janchick and Mrs. Delbert Burson. All are wives of Northville teachers. They will honor Mrs. Norton and the other nominees at a coffee Saturday afternoon.

CHRISTMAS is a time of remembrance; so a program recalling early-day happenings of Northville Mothers' club was planned for the annual potluck party re-scheduled for Tuesday evening at the Beck road home of Mrs. Clifton Hill.

Charter and life members were to be honor guests for the program, which also was planned to honor five new members and a returning member who had come into membership during the past year.

Mrs. Stan Schaefer, program chairman for the evening who is a second generation member of the club (her mother was Tecla Owen), asked Mrs. T. N. Kampf to relate the club's early beginnings as the Mothers' Study club in September, 1936.

While providing a milk fund for children in the schools soon became a major project of the little group, she remembers, it was not the reason for its coming into being.

With Mrs. Kampf, Mrs. E. H. Wood remembers early meetings when members presented papers on such subjects as "Child Conservation."

Mrs. Donald Hannabarger, club president, was to bring old and new members up-to-date on current club projects. Mrs. C. A. Hoffman, vice-president, was to present corsages to charter and life members present and to the new members Mrs. Kalin Johnson, Mrs. Richard Huston, Mrs. Samuel McSevery, Mrs. John Moorhead, Mrs. Leroy Ordning and to returning member, Mrs. George Murany.

SARAH ANN COCHRANE chapter, DAR, members are anticipating a special Christmas tea program next Monday when Christmas movies and slides of the Washington National Cathedral will be presented by Mrs. Harold Beatty and Mrs. G. Mennen Williams of Grosse Pointe Farms.

Mrs. Beatty is chairman of the National Cathedral association for the Michigan diocese, and Mrs. Williams, wife of Michigan's former governor, is a member of the publicity committee.

The meeting will be at noon at the home of Mrs. Kenneth Hulsing, 12619 Beacon Hill court, Plymouth. Assisting hostesses are Mrs. Fred Harrison, Mrs. A. G. Fairman, Mrs. Sanford Bloomberg, Mrs. R. C. Utter.

The chapter has set January 15 for its birthday luncheon at Hillside Inn in Plymouth.

NORTHVILLE BUSINESS and Professional Women met Sunday afternoon for a Christmas coffee at the Fairbrook street home of Mrs. Beatrice Carlson, Club vice-president, who presided for Mrs. Mildred Cuchetti, president, who is ill.

Members brought unwrapped gifts to be placed in the local Christmas box at the city hall.

Plans for an invitational membership drive to be held in January were discussed.

"ANGELS OF CHRISTMAS" will be the program theme of the Northville Woman's club annual holiday tea at which new members are honored. It is to be at 2 p.m. Friday in the meeting room of First Presbyterian church.

Mrs. William Yalme is to present the program. Mrs. John Moorhead is chairman of the day.

"IN THE HEART OF NORTHVILLE"

# about WOMEN

## News Around Northville

A Christmas concert, featuring both the Northville high school choir and band, will be held Monday, December 18 at 8 p.m. in the high school auditorium. Admission will be \$1 for adults and 50¢ for students.

Airman First Class John Gibson, Jr. and his wife, Nancy, are home on leave for the Christmas holidays. When they return, they will go to Key West, Florida where he is to be stationed.

A Northville high school alumni open house will be held Thursday, December 21 from 12:30-2:30 in the high school library. All former students are invited to attend and meet with their former classmates and teachers.

The second annual Christmas open house is sponsored by the counselling department at the high school.

The pre-school classes at Our Lady of Victory Church have been hard at work carrying out their own special Christmas project. The four and five-year-olds have been collecting toys to send to the children at Northville State Hospital.

The children will also have a Christmas party this Sunday during the 10:30 Mass.

Dr. Stuart F. Campbell attended the annual meetings of the American Academy of Optometry in Chicago. While there he attended a few of the 92 post-graduate courses that are offered, then convene in the regular meetings of the Academy convention.

The Amerman P-TA will meet Thursday, December 21 at 8 p.m. A "Christmas Musical" will be presented by the first and second graders.

Mr. and Mrs. Michael A. Martin of Meadowbrook road were guests at the baptism of their niece, Kristen Suzanne Martin, first born of Mr. and Mrs. John B. Martin, at Our Lady of Good Counsel, Plymouth.

## Cancer Cards On Sale Now

Christmas cards are now being sold by the Michigan Cancer Foundation. Contributions will go to further cancer research.

To order the cards or to obtain information, contact the Western Wayne County office, 1112 North Telegraph, Dearborn, Logan 5-1440.

Cards are available with two greetings and with either printed or unprinted names.

## Hospital Sets Auction Sale

A special note of thanks was extended to Northville area residents by Northville State Hospital patients who report their recent holiday bazaar was a "big success".

Patients raised nearly \$250, selling hand-made gifts. However, some of the handwork of the patients still remain, reports a spokesman, and an auction will be held Saturday afternoon to sell the remaining items.

The auction, open to the public, will be held in "F" building at the hospital from 1 to 4 p.m. Signs will direct visitors to the correct building.

## At Henry Ford Museum

# Toys, Dolls Set Christmas Theme

If you and your family pause during the holiday season to enjoy the spirit of Christmases past by visiting the "Toys and Dolls" exhibit at the Henry Ford Museum or by viewing traditional decorations of "Christmas at Greenfield Village," chances are that your guide may be Beth Ann Grayson of Northville.

Beth Ann, who is the daughter of Dwight Grayson, 18909 Ridge road, has been a guide at the Henry Ford Museum and at Greenfield Village since last January.

Working full-time in the village in the summer and either in the museum or in the village on week-ends during the school year, she feels she has about the perfect job for anyone interested in history.

"I just love it," she enthuses, as she explains how well it ties in with her intended major in history. A graduate of Schoolcraft college, Beth Ann expects to begin her junior year on the University of Michigan Dearborn campus next fall.

The young guide began her education in the first grade of Our Lady of Victory Catholic school and was graduated from Ladywood high school. Because she can play the organ in the Martha-Mary chapel in the village, she usually is stationed in the village area during the summer.

The staff is shifted to various buildings; so she has had experience in different buildings and in the museum. She was one of 20 girls selected for her training class from 200 interviewed last December. Last summer Frances Jaynes of Seven Mile road, Northville, also was a guide. She now is a student at Eastern college.

Beth Ann explains that one requirement for her job is at least a year of college. She celebrated her 20th birthday December 6.

During the winter only about two-thirds of the village buildings are open, she says. This Friday, December 15, the Christmas season officially opens in the village as several of the historic homes are prepared for the yuletide season as they were during the past

300 years. One village stop is the 19th century Clinton Inn, decorated with holly, and offering the hospitality of hot cider.

The "Toys and Dolls" exhibit in the museum included playthings from the 20th century, highlighted by a group of more than 100 dolls recently acquired by the museum.

In this collection are figures that resemble famed people in American history—Betsy Ross, Mrs. Herbert Hoover, Charlie Chaplin and Shirley Temple, plus several antique American and European dolls.

Joining the dolls in the quaint display are wood and metal toys from earlier days.

Elsewhere, along the museum's avenue of shops craftsmen using time-honored techniques demonstrate skills in tin, pewter, candlemaking and glass-blowing.

Rounding out the holiday program the Greenfield Village Players will offer a live production of "Cinderella" in the museum theater, beginning December 22 in a 7:30 p.m. performance. Performances will be at 2:30 and 7:30 p.m. daily except December 24 when there will be no evening one.

The museum and village displays will be open 9 a.m. to 5 p.m. weekdays and the museum remains open until 6 p.m. on weekends. They continue through December 31, closing on Christmas Day.

ON EXHIBIT - An enchanting Christmas exhibit, "Toys and Dolls," recalls what youngsters looked forward to finding Christmas morning in years gone by.

## Newlyweds Make Home In Alpena Following Trip

Mr. and Mrs. Roger F. Hicks have returned to Alpena after a wedding trip to Washington, D.C. and other areas of Eastern United States.

The couple exchanged marriage vows on November 24th in Alpena.

Mrs. Hicks is the former Jill Lutes Frederickson, daughter of Mr. and Mrs.

G. A. Austin Lutes of Alpena. The bridegroom is the son of Mr. and Mrs. Earl E. Hicks of 283685 Ripple Creek, Novi.

Mr. Hicks is the grandson of Mr. and Mrs. Carl F. Nowacki of 23949 Ripple Creek road.

A small wedding dinner was held for the couple by the bridegroom's parents.

The new Mrs. Hicks is secretary of the Michigan Blue Cross-Blue Shield office in Alpena. Her husband is special representative of community and customer relations in the northern region for the Michigan Blue Cross-Blue Shield.

**RECEIVES AWARD**—At an evaluation meeting for top leadership of the Western Wayne community residential campaign, Mrs. Arthur Hempe (left), unit chairman, presented a Torch Drive volunteer award to Mrs. David Vincent of 584 Reed for her outstanding efforts as a campaign region chairman. The evaluation meeting was

held in Mrs. Hempe's home, 46246 W. Fonner Court, Northville. The Western Wayne unit raised \$98,776 or 105.4 percent of quota in the 19th annual United Foundation drive. Benefiting will be nearly 200 health and community services in Wayne, Oakland and Macomb counties.

**VACATIONERS** — Mr. and Mrs. Harold Schmidt (left) and daughter, Barbara, 14, take time out during their visit to Marco Island, Florida, to pose with George Corcoran, resident professional at the Marco Island Country Club. The Schmidts, who live at 20117 Woodhill, have just returned from the 10,000-acre

semi-tropical Marco Island located on the Gulf of Mexico.

## What's Cooking

At Northville High School

Following is the Northville high school menu for the week of Monday, December 18-Thursday, December 21.

Monday — Chili, meat sandwich or bread and butter, molded fruit salad, pears and milk.

Tuesday — Meat roll and gravy, buttered corn, salad, muffin and butter, variety of fruit and milk.

Wednesday — Coney Island on bun, French fries, relishes, peaches and milk.

Thursday — Christmas dinner and all the trimmings.

Alternate menus for Monday-Wednesday are hamburgers on bun, French fries, salad, dessert and milk. Soups offered are chicken-noodle on Monday, bean soup on Tuesday and split pea soup on Wednesday.

## Rings Stolen From Noder's

Twelve rings, valued at \$720, were stolen December 6 from Noder's Jewelry Store, 101 East Main.

The rings, described as mens' white gold star sapphire rings, were taken from a ring showcase in the front of the store.

A black felt ring holder containing the rings was lifted out of the showcase. The only identification on the rings was the word "Dason" stamped on some of them.

Several smaller larcenies have occurred recently also. A battery was taken from a car owned by Gordon Coler, while the car was at the Phil's Pure Station December 2.

Several Christmas light bulbs were stolen from the outside of the Cecil Taggart home on 610 Oakland, and two wreaths were taken from the doors of the Presbyterian church.

An air-conditioner cover of canvas, valued at about \$20, was taken from the second floor apartment of Leo Mainville on 132 East Main.

## At Christmas Party Here Milky the Clown on Tap

**MILKY THE CLOWN**, star of "Milky's Party Time" on television, will appear at the children's Christmas party sponsored by The Cavern December 23. He will bring Gloria Peebles and her Busy B's to the party with him.

A children's Christmas party, sponsored by The Cavern, will be held Saturday, December 23 from 3:30 to 5:30 in the community building. Milky the Clown will appear with Gloria Peebles and her Busy B's (seven dogs and two monkeys).

Hank Kress will play the organ. Santa Claus may also attend for part of the afternoon.

Doors will open at 3 p.m. Cost per child will be 25¢. Children under five must be accompanied by an adult or teen.

Other Cavern news includes a Christmas dance this Saturday night from 8 to 11:30. Members will be admitted free, but non-members must pay \$1.50. Membership cards may be purchased for \$2. The card will entitle the new member to attend the Christmas dance for free and all other dances for 50¢ less than non-members.

The Vernor Highway Band from Detroit will be the featured band, with the Intrigue from Allen Park making a repeat performance.

## "Christmas Is In The Air Give Loved Ones A Special Care"

New ballet, tap, baton classes forming now for January 1968

Parades and programs will be coming up soon. Give your child or grandchild a chance to develop personality, poise and keep them busy with ballet, baton and tap lessons.

Call 349-0350 or 349-2215

Come on teenagers, it's never too late for the dancing and baton. Just work hard at it and you'll catch up soon.

# School Board Gives Green Light For Closed Circuit Television

An experimental closed circuit television setup for Northville high school neared reality Monday as the board of education authorized the administration to establish specifications and seek bids for the equipment.

Superintendent Raymond Spear, who recommended purchase of a "starter unit", estimated cost at from \$1,500 to \$2,000. It would include, he said, a video-tape recorder, camera, video-tapes, zoom lens, and a TV set.

"I am sure that the purchase of such a unit would create an excellent

stimulant to our instructional program," he said, "and will facilitate an expansion and broadening of staff interest in providing a more challenging instructional program."

Miss Florence Panattoni, high school speech teacher, also recommended the purchase, noting that "if recent signs have any significance, there is definitely a quickening interest in the use of video in the speech classroom."

Board members also approved an insurance agreement that fulfills one of the concessions of the 1967-68 master

teaching contract calling for \$1,000 of paid life insurance.

Fourteen firms bid on the life insurance program and the contract was awarded to Aetna Life and Casualty out of the Northville Insurance company at a cost of \$2,289.60 for life insurance and \$2,442 for an accidental death benefit rider covering 212 employees.

Board members passed over the three lowest bidders on grounds that the first did not meet specifications, the second showed a history of little discounts, and the third was a Canadian

firm. The remaining bidders, Business Manager Earl Busard noted, were within \$245 of each other, and only Aetna were serviced through a Northville office.

The Northville Teachers association also served notice that it wished to open "items of concern" in the 1967-68 contract thus making an early effort to negotiate next year's contract. Preliminary negotiations are to begin in January.

Miss Panattoni will head up the teachers' bargaining team next year.

Also approved was a proposal authorizing an administrator to attend each of the following out-of-state conferences: American Association of School Administrators at Atlantic City in February; National Association of Secondary School Principals at Atlantic City the same month; National Department of Elementary School Principals at Houston in March; and the North Central Association at Chicago in March.

## Voice of Democracy

# VFW Names Contest Winners

Local winners of the VFW Voice of Democracy contest were announced this week. Northville's VFW Post 4012 and Auxiliary #4012 sponsored contests at

both Northville high school and Ladywood High school in Livonia.

At Northville high, senior Pamela Smith was first place winner. Other

winners were senior Claudia Nieber, second place; junior Meredith Hartt, third place; and sophomore Dorothy Shipley, fourth place. Miss Florence Panattoni coached the students.

Ladywood first place winner was senior Cindy Patrell. Second place honors went to sophomore Denise Parry and third place to junior Laura Wallace. Sister Mary Janine helped the Ladywood students.

Both first place winners will now go on to compete in the Fourth District contest. For winning first place honors, they will be presented with a \$500 savings bond from the Post and an engraved trophy from the Auxiliary. A duplicate trophy will go to each school.

Second place winners will receive \$100 savings bonds from the Post, and all winners will receive engraved plaques.

Presentation of awards will take place in February.

The local contests lasted several months with grades 10, 11 and 12 participating. The students researched and wrote their speeches and then taped them for the contests.

The Post and Auxiliary want to thank all the students who participated. Chairmen of the contests were Doris Paquin, Auxiliary chairman, and Tom Moxie, Post chairman.

Mrs. Paquin is also chairman of the 4th District Auxiliary and will be working with Edmund Guwra, Contest Chairman for the 4th district.

# Oakland College Enrolls 5,455

Oakland Community college's fall enrollment of 5,455 includes 3,616 transfer students, 1,153 career students and 686 special students, S. James Manilla, director of educational services, revealed this week.

Transfer program students are those taking freshman and sophomore courses in business administration, education, engineering, math and science, and liberal arts prior to transferring to a four-year college or university for their baccalaureate and advanced degrees, Manilla said.

Career programs are those of one-

or two-year duration which provide the student with technical skill needed to obtain immediate employment. Enrollments in some of the more popular career programs are:

Accounting - 46; automotive technology - 66; commercial art - 109; data processing - 108; dental assisting - 38; drafting - 47; electronics technology - 72; executive secretary - 95; food service technology - 31; landscape technology - 34.

Also, law enforcement - 109; library technology - 34; mechanical design technology - 52; medical laboratory technology - 32; medical office assistant - 18; professional nursing - 203; recreational supervision - 35; and retailing - 11.

According to Manilla, special students are those carrying less than seven credit hours.

Applications are now being accepted for the winter session which begins on January 8. Registration will be held at all of the college campuses on January 2-4.

Tuition is \$9 per credit hour for college district students and \$12 per credit hour for in-state, but out-of-district students.

Oakland Community college is presently operating three campuses; Auburn Hills in Auburn Heights; Highland Lakes in Union Lake; and Orchard Ridge in Farmington township.

For information regarding the winter session, call 647-6200.

## Delta Gamma Plans Party

The Farmington Area association of Delta Gamma and their husbands will celebrate the holiday season with a Christmas Cocktail Party.

The party will be held at the home of Mr. and Mrs. Richard Boysen, 16412 Ronnie Lane, Livonia, Friday, December 15, from 9 to 12 p.m.

Co-hostesses for the evening will be Mrs. Robert Jones, Mrs. Jack Sinclair, Mrs. Jerry Upp and Mrs. Dan Webster.

All Delta Gammas from Plymouth, Northville, Livonia and Farmington who are able to attend are asked to call Mrs. Richard Boysen, 425-7999.

## GOP Sets Dinner Date

Republicans in the Wayne county section of the 2nd Congressional District are busy planning the annual Lincoln Day dinner to be held on Thursday, February 8th, at the Mayflower meeting house in Plymouth.

All Republicans in Northville township, Plymouth township and the city of Plymouth are being invited to attend the program.

## TO SELL YOUR HOME

If you can meet all these requirements then you don't need us:

1. A Realtor must know what price comparable homes sold for in the neighborhood in the last three years—price actually sold, not asked.
2. A Realtor must be an expert in negotiating.
3. A Realtor must know what lending institution to go to for the particular mortgage needed.
4. A Realtor must know where to get an FHA or VA mortgage if necessary.
5. A Realtor must know what all lending institutions will look for in passing on credit.
6. A Realtor must know how to keep a prospect from getting discouraged and quitting after being turned down by a lender.
7. A Realtor must know how to get a prospect to say exactly what he thinks is wrong with the property and then be able to offset it.
8. A Realtor must be able to reopen negotiations on a lower price without making the prospect feel the owner is getting desperate.
9. A Realtor maintains an office which is convenient for prospects.
10. A Realtor always accompanies a prospect to see a house, so the owner runs no risk of being alone with a stranger.

But if you can't meet these requirements then call us. We will be happy to serve you.

## SELF ANALYSIS QUIZ

### Are You Really A Skillful Driver?

by Jane Sherrod Singer

In this modern age young and old should know how to drive and be able to cope with an emergency. Some drivers are artists behind the wheel while others are apparently working for the department of splints, plaster-casts or, even worse, the morgue. There are some do's and don'ts that, once they become a habit, will make our over-packed highways and byways safer and more pleasurable.

On trips a good driver plans ahead. Know what you need to take along because nothing is more frustrating, or dangerous than to swing around and dash back for a forgotten item. Next, have a clear idea of the route to take. In unfamiliar territory, this means studying a map or asking a local person. This simple step can save hours and miles in case of detours, etc.

When you start your car be sure the emergency brake is on. Check your tires, cleanliness of all windows, adjust the rear-view and side mirrors. Test the windshield wiper, brakes and lights, being especially careful to check the taillights. (After inspecting nearly 3.5 million cars and trucks in 1963, the U.S. National Vehicle Safety-Check reported more defects in taillights than anywhere else.)

When parking the car, put things in places where they will not slip, slide or fly through the air in case you are forced to stop suddenly. Arrange articles so they will not block your vision. Keep items you need in the seat next to you where you can reach them by feel without looking. Change for toll roads, bridges, etc. should be readily available in your glove compartment.

Passengers should lock the doors, fasten their seat belts, stay out of your line of vision and remain seated at all times. When you are at the wheel, driving requires your full attention. It is no time for intense conversation, questions, horse-play or love-making.

A good driver learns to watch for curves, hills, road obstructions. You should be able to note the erratic behavior of the car ahead and slow down. Don't tailgate. Glance to the right and left to watch for other drivers, pedestrians, crosswalks and intersections. The safety committees say that the better the driver, the less he uses his brakes for any purpose other than making full stops when designated or in case of emergency.

Like an airline pilot, you glance regularly at your instrument panel to see if the car is operating correctly. Enough gasoline, motor temperature, oil gauge, and etc. Speed within the lawful limits and slow down in case of rain, fog, ice, not according to speed limit signs.

You, like your automobile, should be in good condition. Your hearing and vision should be checked at regular intervals, and a reliable doctor's advice should be heeded if he suggests you wear a hearing aid or glasses for driving. Coronary cases, diabetics and those who suffer from epilepsy should also seek the advice of medical authorities before attempting to drive. There is little point in lying about these physical problems when you get your driver's license because you may find yourself lying in another way later - in a hospital bed.

Anyone who drives when he is tired or extremely worried is a poor risk at the wheel. Some of the greatest artists with cars have been involved in fatal accidents because they were preoccupied with problems of health, finance or their families. Boredom, especially on long monotonous stretches, can be a hazard; so it is wise to make frequent stops, at least every two hours. Pull off the road, stretch, stand, eat or have a drink of some non-alcoholic beverage.

Last but most important, is your attitude toward others when you are driving. To be challenged, to think you can outwit, outdrive, be braver, faster, than the other person is not just asking for trouble - it's begging for it. Speeding, changing lanes, cutting in and out, racing, rude behavior of any kind, are sure signs of immaturity regardless of chronological age. There is no such thing as your having the right-of-way when that way is the road to the hospital.

Today's driving demands skill, alertness, intelligence, courtesy. The more you have of each, the more certain you are to enjoy it.

HAPPY DRIVING!!!

## School's Out Half Day Early

School board members approved a change in the Northville school calendar Monday, calling for only a half-day of school on the Friday before Christmas.

The calendar originally called for a full day of school.

Two board members were reluctant to approve the measure, but Superintendent Raymond Spear explained that teachers have agreed to use two scheduled Saturday workdays for curriculum study thus eliminating four half-day sessions scheduled for this purpose

early next year.

Half-day curriculum study days, which would mean half-day classes for students, will be eliminated probably in January, February, April and May, he said.

Only Secretary Glenn Deibert declined to vote for the measure. He abstained.

Board members also approved dropping of the regularly scheduled special meeting of December, which this year falls on Christmas day. The next regular meeting of the board is set for January 8.

## Willoughby Critical After Train Crash

Robert D. Willoughby, Plymouth shoe store owner known throughout the area, was reported in "very serious" condition at St. Mary Hospital Monday following an accident Friday morning when his car struck a train near Five Mile and Napier roads.

Owner of Willoughby Shoe Store, 322 South Main, Plymouth, he underwent surgery and Monday appeared "to be holding his own but is still in very serious condition," hospital officials said.

He reportedly suffered multiple fractures and severe cuts.

According to Wayne county deputy sheriffs, Willoughby was alone, driving south on Napier when his car struck the side of an engine of an east bound Chesapeake & Ohio freight train.

The initial collision pinned the car

between the railroad sign and the train and nearly 70 cars sideswiped the car before the train was able to stop, they said.

Willoughby was pinned inside the wreckage, and rescuers worked for nearly an hour before freeing him. The Plymouth township fire department assisted.

There are no warning flashers at the crossing. The train's engineer, Arthur Miller, said his engine had cleared the crossing when he heard the collision.

## Concert Set By Novi Band

The instrumental music department of Novi high school will present its annual Christmas concert on Thursday evening, December 21, at 8:00 p.m.

Three bands will perform including the 70 piece high school band in their new concert uniforms. A coffee hour will be held following the concert compliments of the Novi Band Boosters.

All members of the community are invited to attend. There will be no admission charge.

## Obituaries

ELTON GEORGE SECHLIN

Elton G. Sechlin, 72 of 26245 Novi road died Friday, December 8 at Beaumont Hospital in Royal Oak. He had been ill for the past year.

Born March 24, 1895 at Bay City, he was the son of George and Kathleen (Shannon) Sechlin. His wife, Lucile, preceded him in death in 1956.

Mr. Sechlin, a postman, was a Northville-Plymouth area resident for 28 years. He was a former member of the Northville Methodist Church and the Northville Lodge 186 F & AM.

Survivors include a daughter Judith (John) Cary of Los Gatos, California, a son, David of Farmington, and four grandchildren.

Funeral services were conducted Monday, December 11 from Casterline Funeral Home, with the Rev. S. D. Kinde, pastor of the First Methodist Church, officiating.

Burial was in Forest Lawn Cemetery, Detroit.

**NEW LOOK** - Northville school board members sat down to a spanking new table Monday night—the product of skillful employees.

The corner table that includes storage cabinets is located in the old junior high school library which now is the official board meeting room.

In 1969

## Northville Eyes New Sports' Loop

Possibility is growing that Northville high school may scrap its affiliation with the Wayne-Oakland League in favor of a six-team league composed of schools nearer to Northville.

That's the word from Principal Fred Holdsworth, who said the new league may become a reality by the beginning of the 1969-70 school year in his report to the board of education Monday.

However, the principal emphasized that the matter is only in a discussion stage at this time.

Schools now under consideration for the new league, in addition to Northville are: "Old" Plymouth high school, the new Walled Lake high school under construction in Wixom, Waterford Mott, the new Farmington high school, and Novi or Livonia Churchill.

Affiliation with such a league, it was explained, would affect, besides

sports activities, vocal and instrumental music, debate, girls athletic programs, etc.

Primary reasons for considering withdrawal from the W-O league, he said, include the long distances between member schools and the rapidly growing size of other schools within the league.

Holly, a member of the W-O League, plans to withdraw next year and Waterford Kettering is slated to replace it. Other smaller W-O schools, including Brighton, are considering withdrawal, he said.

With Kettering's membership, it was pointed out, four of the members will be of Class 'A' size. These are Clarkston, Milford, Bloomfield Hills, and Kettering. And West Bloomfield is rapidly nearing Class 'A' size.

Of the new schools presently considered for the new league, Holdsworth said, only Waterford Mott is located considerable distance from Northville.

The overall purpose of forming a league of schools in close proximity to one another, he said, is that it would provide more income because of better game attendance and tie together schools of relatively the same size.

## Famuliner Becomes Worshipful Master

Frederick G. Kirby, the Right Eminent Grand Commandery of Michigan will be the installing officer Saturday evening for the 102nd Installation of Northville Lodge 186 F&AM at the Northville Masonic Temple beginning at 8 P.M.

Warren Bogart will be the retiring Worshipful Master and Herbert Famuliner will be installed as the new Worshipful Master.

Other officers to be installed will include:

Senior warden, Herman Reinhackel;

junior warden, Kenneth Pelto; treasurer, Frank Dunsford P.M.; secretary, Robert Coolman P.M.; chaplain, Dean Sanford; senior deacon, Charles Mullen; junior deacon, Dave Brown; steward, Alex Salow; marshal, Barney Sissom; tyler, Ray VanValkenburg K.Y.C.H.; and organist, Howard Fuller.

The other installing officers will be H. Thomas Quinn P.M., installing marshal; Lawrence Miller P.M., installing secretary; Donald Green P.M., installing chaplain; Mrs. Betty Willing, installing organist and the Rev. S. D. Kinde, invocation and benediction.

Herbert Famuliner

## Install New JH Lockers

Those long awaited lockers for the new Cooke junior high school are about ready for coats and books.

Superintendent Raymond Spear told board members Monday that the lockers arrived this week and probably will be completely installed by tomorrow or early next week.

The superintendent also revealed that Detroit Edison is preparing plans for outdoor lights at Cooke and Moraine elementary schools. Installation of the lights will begin soon — once these plans are complete, he said.

# Mustang Five Zips Past Milford In Fired-Up, 77-60 Performance

Gregg Carr (30) and Doug Powers Soar High for Jump Ball

Like a jack-in-the box, Northville's varsity basketball team bounced up from mediocrity to startle Milford in the opening quarter and then coast to an easy 77-60 victory Friday night.

The Mustangs piled up 25 points in that opening stanza — one of the best quarters ever turned in by a Northville squad.

And although their shooting spree cooled off in the remainder of the game — particularly in the second half, the Mustangs gave Coach Dave Longridge plenty to smile about.

"They played a much better game," commented Longridge who saw little to excite him in the earlier two games in which his team garnered triumphs.

"The boys came back after the exceptional first half with a let-down. But I was really pleased with them."

The Mustangs commanded the boards in the first half, blistered the net with a variety of shots including a couple of dazzling hooks, and completely befuddled the Redskins with a full-court press.

In the second half, with its shooting mark off, Northville had to fight desperately to maintain its comfortable edge as Milford sharpened its shooting eye and emphasized the fast break.

Northville's 18-point half time edge (45-27) slipped to 13 points (63-50) at the three-quarter mark before the Mustangs pushed their lead to 17 points at the final buzzer.

Friday's victory gives Northville a 3-0 record (two triumphs over Wayne-Oakland League opponents) as they prepare for tomorrow's W-O contest at Brighton.

Brighton schools were closed Tuesday afternoon and tomorrow's game with Northville was cancelled because of widespread flu sickness, David Longridge, Northville athletic director and basketball coach revealed. (See flu story on Page 1). Longridge said the Brighton game will be rescheduled later in the season. The next game for the Mustangs will be here against Clarkston on Tuesday.

Although the Bulldogs split their opening two games in W-O competition, their 73-59 triumph over Clarenceville last week was considerably better than the Mustangs' 49-41 win over the Trojans a week earlier.

Brighton lost to Holly in its first league game, 68-60.

Despite last week's win over Clarenceville, Brighton Coach Bob Marks says his squad has not hit its stride. "We just haven't been coming up to expectation," he told The Record. "We're still making some foolish mistakes. Even against Clarenceville we played three quarters of bad ball."

Three quarters of bad ball, maybe, but they nevertheless came up with 73 points — 24 more than Northville could muster in battling Clarenceville.

That's why Northville's shooting spree Friday is encouraging for Coach Longridge. It may take a blistering shooting effort to tame the Bulldogs — the same kind of effort exhibited by his cagers here against the Redskins.

The Mustangs netted 52-percent of their field goal shots and an even 50-percent of their charity shots. And they came up with 48 rebounds, 28 on offense and 20 on defense.

Leading the way was Forward Jim Peterson who picked up 22 points — boosting his early season output to 50. Runner-up scoring laurels against Milford went to Forward Randy Pohlman, who flipped in seven field goals and made all four of his free throw shots for a total of 18.

Floor leader Joe Andrews and Left Forward Ken Boerger each tossed in 13 points.

### Box Score

Northville	Milford
Peterson 22	MacFarland 13

## Wildcats Lose In Final Minutes

Leading by three points in the closing minutes of the game, Novi's varsity saw victory snatched away Tuesday night as Ypsilanti Roosevelt streaked ahead at the finish, 44-43.

Coach Jim Ladd, who noted an improved performance by his players, nevertheless was disappointed by a number of costly mistakes—particularly in those closing minutes.

High point scorer for the Wildcats was Mark Gilbert with 13.

The Novi junior varsity quintet also lost to Ypsilanti, 60-46, with Doug Schott taking scoring honors with 19 points.

Next game: Tomorrow night at Novi against Whitmore Lake.

## Face Grosse Isle Tonight

# Northville Wrestlers Lose to Redford

The Mustang wrestlers tested a Class A high school, Redford Union, last Thursday night and came out on the short end of a 32-12 team score. The Northville grapplers won four matches and made a strong enough showing in other matches to ease, slightly, the sting of defeat. The record is now one and one.

Redford took the first four matches, winning by falls at 95 and 120 pounds and gaining decisions at 103 and 112. Early bright spots for Northville were evident in well-wrestled match by an improving 112-lb. Bill Krist and Bob Baber, at 120, who got a first-round takedown on Redford's finest wrestler.

With his team down 16 points, John Tam, at 127, came out after six tough minutes of wrestling with a decision win to gain three team points for

Northville. Curt Olewnik, at 133, was next on the mat. Olewnik was after a pin and the five team points that go with it, but emerged with a decision win after six minutes of wild action.

Marty Richardson, at 138, kept it going for Northville with a decision win in another action-filled match during which Richardson had his Redford man on his back but could not flatten him for the pin.

Redford came back strong, winning by a pin at 145 and taking decision wins at 154, 165 and 180. Northville's heavyweight, Dan Conklin, brought the evening to an end on an upset by working to decision win.

Mustang Coach Jack Townsley is looking to tonight's dual meet at Grosse Isle and a quadrangular meet at Dexter Saturday afternoon for continued improvement from his squad. Townsley

favors the four team affairs, where each man gets to wrestle twice the same day.

Clinton and Saline will join Dexter and Northville for the meet, scheduled to start at 2:00 P.M.

## Wrestling Schedule

December 16	Dexter Quadrangular (Dexter-Saline-Clinton)	Away

March 8-9	Finals	

# Manchester Clips Wildcats, 84-46

The handicaps of limited manpower were in evidence as a fast, experienced Manchester basketball team handed Novi an 84 to 46 loss last Friday night.

Novi's all-junior team played what appeared to be two games in one. Good hustling basketball kept Novi right with Manchester for the first and second quarters but the two platoon operation employed by Manchester took control and broke the Novi game plan in the second half.

While Coach Jim Ladd rested at home, a victim of the flu that swept the area schools last week, JV Coach Mike Obrenovich filled in and guided the varsity and the JV's. He had an interesting evening.

Riding on some hot shooting by Lee Snow and hustling aggressive play led by Tom Boyer, Novi trailed by two points at the end of the first quarter and by five at the half. They appeared to be very much in the ball game.

In the second half, Manchester brought out its second unit which succeeded in breaking the Novi game by running, running, and running with a race-horse style until they succeeded and forced Novi into an attempt to run with them.

Extending the five-point, half-time lead to a 30-point margin during the third quarter, Manchester kept the running game going to build a winning margin of 38 points.

Obrenovich pointed to 24 missed free throws, Novi hit on only 14 of 38 chances, defensive errors and losing

control of the pace of the game in the second half as key factors in the game. Foul trouble also hampered the Wildcats. They finished the game with only four men on the floor, as Boyer, Mark Gilbert, Jon VanWagner, Ken Osborn, and Dave Bingham departed before the buzzer.

The Wildcats did gain some experience against Lakeland "C" conference opponent that employed a variety of offensive and defensive alignments. Novi's patterns were working with good success against Manchester's 1-2-2 zone in the first half, and the Wildcats were holding their own on the boards. In the second half a full-court press and man-to-man defense in combination with a deep bench playing race-horse basketball took the game away.

Novi lost the JV game 57-39 in much the same pattern. Trailing by only a few points and with victory very much possible, the JV's fell behind in the final quarter. Tom Boyer scored 23 points on 11 field goals and 1 free throw. He was followed by Doug Schott with seven, Rick Hill with five, Denis Deim and Tom VanWagner each contributed two points to the JV cause.

### Box Score

	Manchester	Hartland
Lee Snow	20	6
Jon VanWagner	8	20
Dave Bingham	7	3
Gary Boyer	5	4
Mark Gilbert	3	11
Ken Osborn		7

# Red Hot Colts Eye 3rd Crown

Based on their performance in their first three games, the Northville Colts seem bent on grabbing their third straight championship.

That's the way Coach Bob Kucher sees his junior varsity basketball team — fired with enthusiasm and determined to win.

Last Friday against Milford, the Colts held a 52-23 lead at the three-quarter mark and then coasted to an easy 65-35 victory.

In its first two games, the Colts swept past South Lyon, 64-36, and then dumped Clarenceville, 50-28.

Kucher has been placing most of the playing emphasis on six key cagers: Guards Rick Adams and Terry Mills, Forwards Fred Holdsworth and Ron Hubbard, Center Marc Sheffer, and alternate center-forward, Brian Myers.

Adams was spotlighted in the game with South Lyon, grabbing 20 points, Mills came up with an equal number against Clarenceville, and five cagers shared scoring laurels in a balanced effort against Milford. Hubbard and Holdsworth each had 11 points, Adams 10, Mills 9, and Sheffer 8.

# Marshall Battles Frosh Five Today

Northville's freshman basketball team will take on Marshall this afternoon in its first home game of the season.

Game time: 4 p.m. in the high school gymnasium.

The local cagers will enter the game with two early season victories under their belts — a 58 to 27 romp over Milford Muir on December 1 and a 50-41 triumph over Pierce junior high school last Thursday.

Coach Omar Harrison, obviously pleased with his players' successful start, said it's still too early to determine the real strength of his squad. The opening game was a runaway against a team with little cage ability and two Northville players played on the heels of a flu battle in the second contest, he explained.

A Milford, the frosh held a 42-12 lead at half, and Omar played his reserves throughout the second half. Top scorers were Bernie Bach and Steve Utley, forwards, with 22 and 16 points, respectively, and 6'3" Center Kerry Cushing.

Bach, Utley and Cushing took scoring laurels in the second game with 18, 15, and 9 points, respectively. The three cagers also performed well on the boards, with Bach grabbing 11 defensive rebounds, Cushing 6 and Utley 5.

The only pre-game information Harrison has concerning today's opponent is that Marshall nipped Lola Valley, 42-39, earlier in the season. Interestingly, Lola Valley is coached by Art Adams, father of the Colts' Rick Adams.

## '68 Football Receipts Down

Football gate receipts were down this year. Athletic Director Dave Longridge reported to the board of education this week — primarily because of "terrible" weather condition for the Brighton, Clarkston and Clarenceville games.

Receipts hit \$2,695.39 this year while last year they hit \$4,294.57. Biggest revenue producer proved to be the Plymouth-Northville game which netted \$2007.35. Brighton was next at \$1,012.20.

Expenses this past season for football workers, junior varsity workers and officials for the two teams totalled \$922.50.

Longridge made the following recommendations:

— Blanket insurance for everyone playing tackle football as given players in surrounding schools.

— Transportation must be more effective.

— Improved supervision of younger children attending home football games.

— Seeding of the football field. The field is in poor shape because of bad weather this year.

— Open facilities at the junior high school for fans.

— Lights need adjusting and replacement.

— Scoreboard needs complete overhaul.

— Practice areas are needed for all teams. The game field is used for practice.

THEY'RE COUNTERFEIT—Here's two sides of counterfeit ten dollar

bills passed in Northville this past week.

## Bogus \$10 Bills Show Up Here

Several counterfeit \$10 bills appeared in Northville this past week prompting police to issue a warning for businessmen to watch for others.

The first bill was noticed Saturday night at Northville Gunsell Drugs, not long after the Northville police department had received a warning from the Wayne County Sheriff that counterfeit bills had appeared in the area.

Patrolman Roger Beukema, who has handled the case, reports that he was called to the drugstore Saturday where Manager Harry Watson told him that at about 8 p.m. a lone man had entered the store and made a purchase with a \$10 bill from the clerk, Kathy Lamont.

The clerk later described the man as about 6 feet tall, white, needing a shave, wearing a plaid shirt and blue jeans.

Watson told Beukema that he suspected the bill was counterfeit because of its color and the creases in it, which differed from other \$10 bills.

Another bill was almost passed within minutes later that night when a man entered the Northville Hardware and attempted to pass a \$10 bill for hinges.

Claude Smith, owner of the hardware, told police that he refused to take the bill because the man looked suspicious.

However, a cashier in the hardware accepted a counterfeit bill on Monday

## News Briefs

# Vietcong Shells Miss Senator

Senator Charles Percy, on a tour of Vietnam, escaped a Communist mortar barrage in the devastated village of Dakson Monday. Shells crashed within 15 to 20 feet of the Illinois Republican and four men with him, but no one was hit. The Senator suffered some minor scratches, however, in crawling along the jungle floor to safety.

American Motors corporation and Gulton Industries disclosed details of an electronic automobile, shaped like an arrowhead, that reportedly will have a cruising speed of 50 miles per hour and a range of 150 miles without recharging. An operational model is to be tested within a year.

Vice President Hubert Humphrey called for legislation designed to get people out of teaming, trouble-plagued United States cities in a speech at the "Communities of Tomorrow" symposium in Washington, D. C.

West Berlin Mayor Klaus Schuetz told his constituents that the Red wall separating East and West Berlin will not be opened for Christmas. East Germans blocked a citizens' agreement with the demand that West Berlin formally recognize the East German government and accept the eastern standpoint that West Berlin is an independent territory with no legal ties to the west.

Anti-poverty boss Sargent Shriver was given congressional authorization to spend \$4.16 billion over two years in a bill sent to the White House Monday. However, because Congress appropriates on an annual basis, his agency may wind up with far less money.

The Common Market's executive commission Tuesday defied President Charles de Gaulle of France and insisted the trade block must negotiate for British membership or face a "grave crisis".

The death toll rose to 115 Tuesday following an earthquake in southwest India. There were estimates that as many as 200 may have died. The quake rocked the Koyanagar area 150

miles southeast of Bombay before dawn Monday. Many were killed when houses built of granite blocks collapsed on them as they slept.

Soviet officials refused Monday to say what has become of the four United States Navy deserters who spent three weeks in Moscow protesting the American war effort in Vietnam. A spokesman for the Soviet Peace Committee, which was taking care of the sailors, declined to answer questions about them.

Dr. William B. Schockley, who shared a Nobel Prize in 1956 for helping to develop a transistor, has proposed a sweeping birth control plan that includes temporary sterilization of all women and governmental approval before each baby.

Justice Department efforts to smooth out differences between it and Selective Service Director Lewis B. Hershey collapsed as Hershey clung to his position urging a drive to draft some anti-war protesters.

Black Power Militant Stokely Carmichael arrived back in the United States, after a five-month trip to Communist-controlled countries, and the United States promptly picked up his passport. Meanwhile, Congressman began consideration of possible penalties for U.S. citizens who travel to forbidden nations.

Negotiators worked overtime this week as they attempted to reach a settlement between General Motors and the United Auto Workers union before tonight's midnight deadline. One of the major issues reportedly separating the two sides was that of working conditions at GM plants across the nation.

Secretary of State Dean Rusk reportedly has flatly and finally refused to testify in public on Vietnam war policy. Rusk's position was announced Monday by Senator Albert Gore of Tennessee, a Vietnam policy critic and a member of the Senate Foreign Relations Committee, which has been pressing the secretary to testify publicly before it.

Timeouts called for the sole purpose of showing commercials on television

were booed loudly Sunday by fans at the National Football League game between the Baltimore Colts and New Orleans in Baltimore. It was raining hard and the temperature stood at 37 degrees.

Bowling Green State (Ohio) University launched a search for a new head football coach following the resignation of Robert Gibson, who had compiled a 19-9 record during his three years as head coach of the Falcons.

## Municipal Court

Several cases of traffic violations were heard this week in Northville Municipal Court by Judge Philip Ogilvie. Ovid Dayton Bellinger of Detroit was arraigned November 25 on charges of driving under the influence of alcohol. He pleaded innocent at arraignment. His trial was heard December 9. He pleaded guilty to an added count of reckless driving and was fined \$100. Reckless driving charges were levied against Pearlle Jean Herndon of Plymouth November 19. She pleaded innocent upon arraignment November 28, but changed her plea to guilty at her trial December 12. She paid a

\$60 fine. Charles Swinney of Brighton was tried December 12 on charges of speeding 35 in a 25 mph zone. He had pleaded innocent upon arraignment November 28.

A verdict of guilty was reached at his trial and he was fined \$10. Michael Priest of 46500 West Eight Mile paid a \$30 fine after pleading guilty to careless driving at arraignment December 12.

James Hamilton of Milford was arraigned December 12 for careless driving. After pleading guilty, he was issued a \$60 fine.

## Township Adopts

Continued from Page One

The plan, which has the endorsement of the Michigan Townships Association, gives credit for past service up to 10 years.

Cost of the program will be split on a 50-50 basis between the township and the benefitting employees although the township will pick up the entire cost for past service.

The total annual premium for the three officers and seven employees involved will be approximately \$3,100. The township will pay half this amount. Cost for past service, which must be continued for 10 years, will be \$1,400 annually.

Benefits at retirement under the present proposal range from \$14 to \$62 per month, or paid-up cash values of from \$2,000 to \$9,000.

Initially, it was proposed that the four trustees on the board be included in the plan. All declined, however. The program was made effective December 1. To become official, however, it must be accepted by three-fourths of the employees.

Generally, the board approved the interim five per cent pay hike to cover

the cost to the employee for the new pension program. Hourly wages for clerical help in the township office now range from \$1.75 to \$3.00.

Trustee Bernard Baldwin noted that the board must soon turn its attention to a longer work week, now at 30 hours.

"We've talked about a heavy work load, but we work a leisurely-hour week and the hours are not convenient for the public", he noted.

Township offices are open from 10 a.m. until 5 p.m. Monday through Friday.

Supervisor Merriam agreed that "it's about time to think about longer office hours". He suggested that it might be done when the offices are moved into the old library building in the city.

It was Baldwin's position that part-time help is frequently paid less on an hourly basis than regular fulltime employees.

In other business the board deferred action on a proposed life insurance program.

## Dead Ducks

Continued from Page One

water in Bassett Drain entered Meadowbrook Lake it could pass through the lake and eventually be carried into the trout plantings at Northville. Two years work could be wiped out," LeValley said.

A combination of events complicated the situation. According to LeValley, lower temperatures at the time of the accident provided something of a natural dam, as ice-covered grasses and brush among swampy areas near the accident site held the oil in a drainage ditch about 600 feet long that runs along I-96 near Novi road. Rain and rising temperatures melted the ice barriers and contributed a flow of water that started the oil on its journey along the water network.

When Mrs. Luke found her stricken ducks, the task became one of locating scattered pools of oil, holding it and removing it from the waters. Knowledgeable manpower, bales of straw, and a pumper truck dispatched to the scene by the Gulf Oil company were the primary tools.

The straw bales were used to erect a series of baffles at several key points along the wandering route from I-96 to Nine Mile road. The series of straw baffles acted to retard the oil while filtering water through. The pumper truck then pumped from pools of oil-covered water that formed behind the straw baffles.

There was much wet, cold work involved in tracking down the patches of oil, erecting the straw baffles, and disposing of dead fish and the ducks from the Luke property. Total extent of damage has not yet been determined.

## Doors Damaged At Moraine

Vandals broke into Moraine elementary school early Tuesday morning, Business Manager Earl Busard reported, but nothing was taken.

Entry was gained by breaking a glass sliding door, he said. Once inside, the vandals broke open the office door and a door to a storage room. The latter room contained valuable audio visual equipment.

Apparently they were just interested in wrecking things or were scared off before taking anything, Busard said.

"N" CLUB INITIATES—Hazing is a poor description of what happens to the nearly 30 initiates of Northville's "N" club because these young fellows, under the direction of their club tutors, combine fun with service to win their laurels.

Take for instance their Saturday morning exercise at the fire station. They washed practically every city-owned vehicle in sight and, note city officials, did a fine job.

### For Saturdays Game

## *Faculty Drills in Secret*

"Okay, hotshots, we're ready for you."

That was the word from Northville teachers this week as they tuned up for Saturday's basketball contest with the Harlem Diplomats.

Sponsored by the Northville Boosters, the 8 p.m. classic will be staged in the high school gymnasium for the

amusement of young and old. Proceeds from the game will be used by the Boosters in sponsoring an all-sports banquet next spring.

Practice sessions were being conducted in private, but a spokesman revealed that the faculty cagers are planning a razzle-dazzle defensive and offensive attack that's aimed at cutting the Diplomats down to size.

They're not saying specifically what they have in mind, but the Record-News photographer managed to come away with this sneak preview.

Last year the teachers' squad barely missed an upset victory. This year they're promising an even better performance, one that's sure to please the whole family, Boosters note.

## An Experiment in Religion

THE CHURCH FOR ALL . . .  
. . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

We met a chemist some years ago who was planning to experiment with religion.

"Some Sunday," he said, "I'm going to go to Church and see if it makes any difference in my life."

"Doctor," we asked, "How does a chemist begin his experiments in a new field?"

"With research," came the reply. "He studies the findings of other men in that field—determines what has been proven—what is unknown."

"That's a good way to begin your experiment with religion," we suggested. "It would hardly be 'scientific' to judge Christianity, or your need for it, on the basis of one visit to Church. But a few months of faithful attendance, and many thoughtful evenings with the Bible will give you a clear understanding of what others have found in Christianity. You'll discover spiritual truths which centuries of experience have proven, and gain a faith that can bridge the Unknown."

At last report, our chemist was making fine progress in his experiment. In fact, he no longer thinks of his religion as experimental!

## from the PASTOR'S STUDY

Gary L. Herne  
Salem Congregational Christian Church

Today, we find ourselves in the midst of another Christmas season, when we honor the birth of the Christ—Jesus, the Son of God. Through the years, we have developed a special procedure for celebrating Jesus' birth by involving certain customs in our celebration. To name a few, we enjoy sending and receiving:

### THE CHRISTMAS CARD

In 1844, an outstanding artist named William Dobson, of Birmingham, England sent a special hand-drawn card to a dear friend at Christmas time to cheer him and convey to him a spiritual message. His first card was a great success. The following years brought more cards from the artist's hand to an increasing number of his friends. The idea of Christmas cards spread rapidly.

Perhaps the angel's announcement sums up the greeting which best describes the real meaning of Christmas: "Fear not; for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord" (Luke 2:10-11).

### THE CHRISTMAS TREE

Stories of the origin of the Christmas tree are many and they vary widely. One of the favorites is that Martin Luther, walking under the star-studded sky on Christmas eve, sought for a way to bring home to his children the beauty of the sky that night the Christ-child was born. Suddenly he thought of a large tree gleaming with candles. He cut down a tree and took it home to decorate for his delighted children. An evergreen tree was used to represent the kind of spiritual life which Jesus provided for the human race when he

died on the tree—life which lasts for ever.

Whatever the origin, a tastefully lighted tree pictures for us the light that broke into a darkened world at the birth of Jesus Christ. And the Christmas tree reminds us of the light shed abroad in men's hearts by the coming of the Saviour.

### THE CHRISTMAS CAROL

This traditional song of simple character has been associated with Christmas since the fifteenth century. The Christmas carol reminds us of the joy of the Christian at the coming of our Lord. Long before the fifteenth century, the angels announced the Saviour's birth with the first carol, "Glory to God in the highest, and on earth peace, good will toward men" (Luke 2:14).

### THE CHRISTMAS GIFT

The custom of gift giving dates back to the Wise Men, who brought their gifts to the infant Christ. But we have not told the whole story if we leave it at that. Gift giving goes back into eternity itself, where God in His love for mankind gave "his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16). So the Christmas gift reminds us of the gift of Christ. He left Heaven's best to come to this world to be the Saviour of mankind.

Begin this Christmas season with Christ, by accepting the gift of God, which is eternal life through Jesus Christ. "For by grace are ye saved through faith; and that not of yourselves: it is the gift of God." (Ephesians 2:8).

elementary schools during the month of November. They are (l to r) Brent Ashby of Main Street, Larry Goss of Moraine, Sheron Ringle of Main Street, Janice Jack-

son, Moraine, and Pamela Rick- rode of Amerman. Home sick and unable to attend was Ken Skelly of Amerman.

## Says Legislator

# Surveyed Citizens Back Abortion, State Lottery

Legalized abortion, a state-wide lottery and operation of schools on a 12-month basis are supported by a majority of the 761 persons questioned in a survey conducted by Representative Louis Schmidt.

As a matter of fact, only one of six proposals — that of open housing — drew favorable response.

In answer to the question, shall the governor's open housing proposal become a law, 63.47-percent of those questioned said no. Favorable reaction came from 217 persons — or 28.51 percent, while 8.02 percent or 61 persons failed to answer.

Of those answering the question, shall a provision be made to legalize abortion, 69.65-percent or 530 said yes and 27.20 or 207 said no. Twenty-four or 3.15 failed to answer.

More than 64-percent of those questioned (489) favored a state-wide lottery for additional funds for education. Nearly 29-percent or 219 said no. Failing to answer the question were 53 or 6.96-percent.

On the 12-month school proposition, 385 or 50.59 said yes while 270 or 34.48 percent said no. One hundred and six or 13.93 per cent did not answer.

Two hundred and nine parents answered the 12-month school proposal in terms of preference on three months for vacation.

These preferred vacation months were:

January-March, 14 or 6.70 percent first choice; 22 or 10.53 percent second choice.

April-June, 30 or 14.35 percent first choice; 59 or 28.23 percent second choice.

July-September, 152 or 72.73 percent first choice; 29 or 13.875 second choice.

October-December, 13 or 6.22 first choice; and 29 or 13.875 second choice.

Seventy parents or 33.49 percent gave no second choice.

Other questions and the responses included:

Shall the local municipal court be abolished and a district court established? Yes, 337 (44.28 percent), no, 264 (34.69 percent), no answer, 160 (21.03 percent).

Two district judges in Livonia? yes, 386 (50.72 percent), no, 102 (13.40 percent), no answer, 273 (35.88 percent).

Northville combined with Plymouth and the townships for a district judge? yes, 221 (29.04 percent), no, 134 (17.61 percent), no answer, 406 (53.35 percent).

Shall we change our holiday pattern to place holidays on Monday? Yes, 380 (49.93 percent), no, 335 (44.02 percent), no answer, 46 (6.05 percent).

## About Our Servicemen

U.S. Air Forces, Thailand — Airman First Class Gerald W. Henderson, son of Mrs. Dorothy Robertson of 9422 Chubb road, is on duty at Udorn Royal Thai AFB, Thailand.

Airman Henderson, a navigation equipment repairman, is assigned to a unit of the Pacific Air Forces. Before his arrival in Thailand, he served with the 75th Armament and Electronics Squadron, Bergstrom AFB, Texas.

The airman, whose father, Edward Henderson, lives at 9363 Peer road, South Lyon, is a graduate of South Lyon high school.

Ft. Knox, Ky., November 28—Army Privates James C. Boyer and Roger D. Hopkins are assigned to Company B, 8th Battalion, 3d Brigade, here in the United States Army Training Center Armor (USATCA).

They will spend the next two months learning the fundamental skills of the soldier in today's modern, action Army—firing live ammunition under simulated combat situations, learning protective measures and first-aid for chemical, biological and radiological attacks, as well as being schooled in the use of modern arms.

Interspersed with constant emphasis of proper physical conditioning, diet, rest and health habits, will be ample opportunity to utilize USATCA's many and varied recreational and religious facilities.

Following the completion of basic training, Privates Boyer and Hopkins will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

Private Boyer is the son of Mr. and Mrs. John P. Boyer of 450 Gardner, and Private Hopkins is the son of Mrs. Anna R. Hopkins of 19320 Gerald.

Aberdeen Proving Ground, MD.—Army Private Patrick T. Garrigan, 17, son of Mrs. Joy E. Garrigan, 162 Walled Lake road, completed a wheeled vehicle mechanic course November 17 at Aberdeen Proving Ground, Maryland.

During the course, he was trained to repair internal combustion engines and wheeled vehicle chassis components. Instruction was given in the fundamentals of electrical and transmission systems.

**LIP SMACKIN' GOOD**—Nineteen-year-old David Wilder, home on leave from the United States Navy echoed the sentiments of all guests who turned out Saturday evening for the annual Hunters Dinner sponsored annually by the Northville American Legion Post 147. Legion cooks, under the professional eye of chief chef Howard Wright, served up everything from bear and venison to raccoon and

squirrel not to mention a few tasty but less popular game meats in between. The meal included all the trimmings to boot.

We write insurance on cars and houses and businesses.

We write it for people.

# Rouge Pollution Revealed

A water quality evaluation report by the State Water Resources commission shows that areas of Novi and Northville are contributing to the "deterioration" of the Middle Rouge River basin.

Specifically, the report points to the village of Novi where untreated sewage is discharged by businesses into the upper portion of the Middle Rouge.

In addition, raw sewage is discharged directly into the river from individual homes and commercial buildings located along Northville road, between Edward Hines drive and Five Mile road in Plymouth township, the report says.

Bacteriological analyses of samples collected in Novi revealed a high degree of sewage of human origin. Similar findings were shown in samples in the Northville road area.

Several area industries and businesses were mentioned in the report, with observations of materials from them that flow into Middle Rouge streams or drains. No attempt was made to show the seriousness of the effluent, however. These included:

-Paragon Bridge & Steel company of Novi. Samples of effluent showed a turbid discharge that was odorless.

-General Filters, Inc. of Novi. A turbid discharge with yellow color and a heavy blanket of sludge was observed.

-Parmenter's Cider Mill. Apple pulp wastes are dumped on the river bank, and heavy rains could wash these deposits into the river, thus adding to a high BOD load to the river.

-Northville Ford Valve Plant. "Their only discharge to the river is air compressor cooling water."

-Hallier Division of Federal Mogul corporation, Northville. An oil film was observed on the water surface from the discharge and oil deposits were evident along the banks of the ditch. The report attributes defacing of the Rouge to dumping of trash and rubbish in and along the streams. "This problem," the report says, "is particularly serious in the Novi area but is also bad in the reach from Northville to Plymouth."

Concerning the dumping of rubbish, the report shows the problem is not as serious in the Cass Benton Park area because of clean-up programs such as those conducted this past spring by Northville and Plymouth Boy Scouts.

In summary, the report concludes that the water quality in the Middle Rouge, particularly in the lower reaches, "is seriously degraded."

# NOVI HIGHLIGHTS

## Mrs. H. D. Henderson FI-9-2428

Don't forget to buy your papers from the Novi Goodfellows on Friday the 15th and Saturday the 16th this week.

Mrs. Clarence (Jerry) Stipp is back home again recovering from a major operation at the Detroit Osteopathic hospital. It will be at least two weeks before she returns to work at the Village Hall.

Chief of Police Lee BeGoie is still convalescing from major surgery which he underwent at Jennings Hospital recently.

Novi Police officer, George Biggs also had major surgery and after an absence of six weeks he is back on the Novi Police force again.

Holiday visitors at the home of Betty Cotter were her son and daughter-in-law, Mr. and Mrs. James Cotter and daughters Nancy, Barbara and Jeanette from Oakridge, Tennessee. Also, Mr. and Mrs. Hugh Crawford and son.

Mrs. Betty Cotter entertained her pinochle club Friday evening. Mrs. George Mairs of Pinckney was recent visitor at the Cotter home.

Mr. and Mrs. Lloyd Coleman announce the birth of a grandson, John Ronald Slobor. John Ronald was born to Mr. and Mrs. Ronald Slobor of Detroit at St. Jo Hospital on the boulevard on Monday, December 11, which is also his father's birthday. The paternal grandmother is Mrs. Helen Slobor of Detroit.

Mr. and Mrs. Louis Tank attended funeral services for their niece on December 2. The niece, Mrs. James Abbott died while enroute to Florida with her husband. They were visiting Mr. Abbott's sister at Greenville, North Carolina. Mrs. Abbott who was an organist and choir director at the Northwestern Baptist church died while playing the organ to entertain her relatives in the sister's home.

Mr. and Mrs. Clarence Gehl flew back from Florida to attend the funeral of their cousin, Mrs. James Abbott, after which they were the guests of Mr. and Mrs. Louis Tank for a few days before returning to their winter home in Florida.

Mrs. Virginia Burnham and children and her mother, Mrs. Taylor are vacationing at Orlando, Florida. They will be staying until after the holidays.

Saturday visitors at the home of Mr. and Mrs. William Rackov were their son and his wife, Mr. and Mrs. John Rackov and son Johnny of Brighton.

Sunday dinner guests of Mr. and Mrs. Lawrence Boyd were Mrs. Boyd's niece and family, the James Watts of Westland.

Among the many folk in Novi to have the flu has been the Sana Paolucci family of Fonda street. Daughter Lu was so ill she had to spend a few days in the hospital.

Out of town Sunday guests of Mr. and Mrs. Larry Smith were the latter's mother, Mrs. Gertrude Story and her son, Robert from Howell.

Among the adults who attended the Max Davey concert at the Ford Auditorium in Detroit Saturday evening were Mr. and Mrs. Ray Warren, Mr. and Mrs. Les Clarke and daughter Karen, Mr. and Mrs. Bruce Place, Mr. and Mrs. Ed Presnell and daughter, Sue and Mr. and Mrs. Lawrence Smith.

Mrs. Bill (Lorraine) Gray and daughter, Deanna arrived by plane from California Sunday evening. Mr. Gray is on his way to Michigan with a truck load of furniture. The Grays will be making their home in Michigan.

Laura Little, daughter of the James Littles of Novi road is back in school again after spending a few days in the hospital.

Novi school has been having a serious epidemic of the flu. There were over 134 students out of school last week, even several of the teachers and the superintendent were absent.

Mrs. Daniel Sigsbee was honored at a baby shower at the home of her parents, Mr. and Mrs. Guy Boatman given by Diane Edo Sunday evening. Mrs. Harold Sigsbee and daughter, Sharon were among the guests.

Mrs. Sheridan Hawk honored her sister, Miss Marguerite Miller at a pre-nuptial miscellaneous shower last

Friday evening. There were 18 friends and relatives present.

Miss Miller and her fiancé, Dewey Miller attended the annual Christmas party of the Star Cutter company at the Meadowbrook Country club Saturday evening.

Novi Chapter 47, Blue Star Mothers had their annual Christmas party at the home of Mrs. Gertie Lee in Walled Lake on Tuesday this week. After a potluck luncheon they played games and had a gift exchange.

WILLOWBROOK NEWS

Mr. and Mrs. Robert Wilkins attended a Christmas dinner-dance at Cobo Hall Sunday evening.

Mr. and Mrs. Ted Coan of Mallott street are the parents of a son, Peter Christian, born December 4th at St. Mary's hospital. He weighed 7 pounds and 13 ounces. The Coans have four other children Bruce, Marian, Anne and Tommy.

Jeffrey Lavery, son of the Robert Laverys celebrated his seventh birthday Sunday with his grandparents and family. Later Jeff's school pals joined him for games and fun with a birthday cake and all the trimmings.

Mrs. William O'Brien chairman of social studies at Southfield High school was an educator guest of the National Association of Manufacturers at their 72nd annual convention held in the Waldorf Astoria in New York City. Mr. O'Brien's participation at the convention was sponsored by Guy Peppiat, chairman of the N.A.M. and the chairman of Federal Mogul, Southfield.

The convention was held Wednesday Thursday and Friday of last week and topics discussed were Urban Crisis, International Relations, and the Generation Gap. Among the prominent speakers were Dean Rusk and Richard Nixon.

E.U.B. WILLOWBROOK COMMUNITY CHURCH

Friday, December 15 Jr. Fellowship final practice of choir before singing on Sunday, December 17.

At 7:30 the Youth Fellowship will also meet at the church for special

practice for the Christmas eve service.

At 8 p.m. the adults will meet at the church for their annual Christmas workshop to decorate the church and Christmas trees. Sunday December 17 the Junior choir will sing at the morning service.

Sunday evening December 17 at 7:30 the annual family Christmas program will be held in the church. The primary department and junior choir will provide the special music the story of "When the Little Camel Kneled" will be the feature theme of the evening program in the sanctuary. Following this part of the program everyone will recess to the Fellowship hall where they will celebrate the annual birthday party for Jesus. Every family is encouraged to take part in these activities.

Wednesday at 8 p.m. adult choir rehearsal at the church.

NOVI METHODIST CHURCH

The first Christmas program, rehearsal was held at 3 o'clock Sunday afternoon. Sunday evening the MYF attended a carol sing at the Commerce Methodist church.

Saturday afternoon the youth of the church decorated the church for the holiday and put up two Christmas trees one in the entrance hall and the other one in the basement.

Tuesday at 7 p.m. Commission on Social Concern meets and at 8 p.m. meeting of Worship Commission.

Wednesday at 6 p.m. full dress rehearsal for the Sunday school program and at 7:30 choir practice.

Saturday evening the JC's will have a party for underprivileged children in the church.

Sunday December 17 an offering will be taken to help with boxes for shut-ins such as: cookies, candy, fruit or money. The Christmas program will be held the same day at 5 p.m. After the program a light lunch will be served. Christmas caroling Tuesday 19th at 7 p.m.

Bring mittens or socks for the mitten tree before next Sunday, also any other items you may have for the Cass Avenue Community center.

FIRST BAPTIST CHURCH OF NOVI

Approximately thirty ladies thoroughly enjoyed the annual Vera Vaughn Christmas dinner at Guffins History House near Brighton last Tuesday. Miss Helen Kornfield, counselor at Missionary Internship, Farmington, was the speaker.

A big cleanup day is scheduled at the church Thursday, December 14. The Junior High group will be going to the Skipper's Table restaurant for their Christmas dinner on Friday, December 15 and a party to be held afterwards at the church. Mr. and Mrs. Leo Jude are the sponsors.

A second Christmas program practice will be held at the church at 1:00 p.m. Saturday afternoon, December 16. Mr. and Mrs. John Maxwell, Missionary Interns, and Mrs. Carl Evans are directing the program. A combined youth Christmas party with Salem Bible church will be held on Saturday, December 16, at the Salem Church. All the youth from Jr. High up will participate.

Pastor Clark brings the third message in the Christmas series on the subject, "Was Christ God" at the 11:00 a.m. worship service. The choir will sing, "Go Tell It On the Mountains."

Wednesday December 20 Midweek Missionary Service. A colored slide and tape program by Rev. & Mrs. Roscoe Lee, Missionaries serving under the Africa Inland Mission, will be presented.

HOLY CROSS EPISCOPAL CHURCH MISSION

Sunday December 10 the Rev. Canon James G. Widdifield, Rector Emeritus of St. Paul's Memorial church in Detroit assisted Rev. Fricke at the morning service.

A group of singers, "Retired Men's Fellowship club of Detroit" sang at the service Sunday morning. Thomas Simpson was the organist, the choir was directed by Mr. Grayson East. The wives of several members of the club were also present which was much appreciated. This was one of the times when the Fellowship Hall was overflowing with guests and members of the church, for the coffee hour following services.

Wednesday Acolyte training at 7 p.m. Young people will meet at the church the same evening to decorate for the bazaar. Nancy Liddle Director. The church bazaar - Friday, December 15 from 3 to 8 p.m. in the church. The ladies will be serving food all afternoon so they won't have to cook at night. Be sure to see the afghan made by Mrs. Winifred Poole and all the Christmas items for sale.

Loyalty Sunday, December 17 at 11 a.m., Holy Eucharist, at 4 p.m. joint meeting of the Bishops committee with Vestry at St. Stevens Church in Hamburg.

December 24 at 11 a.m. Christmas pageant. Please note Christmas eve service hour changed to 7 p.m. Carol service at this time.

NOVI REBEKAH & IOOF NEWS

The next meeting of the Novi Rebekah Lodge will be held tonight Thursday December 14 in the hall as usual.

The next IOOF meeting will be held on Tuesday, December 26. The Past Noble Grands had a good turn out for their Christmas dinner at the Canopy in Brighton Tuesday evening.

NOVI BOY SCOUTS

Boy Scout Troop 54 is planning for a Polar Bear event in January with dog

sled, compass reading, first aid, knot tying, fire building and estimate.

They had a committee meeting Wednesday evening, December 13 to talk about their new charter for 1968.

NOVI GIRL SCOUTS

Brownie Troop 351 had an Investiture service last Tuesday December 5. The following girls were invested - Vickie Witke, Cindy Johnson, Kathy Morrison, Cheri Koster, Julie Tobel, Linda Harrison, Tammy Hall, Polly Ridenour and Michelle Martin.

The older girls put on a flag ceremony and the mothers of the invested girls were guests. They were served cookies and punch.

NOVI SCHOOL MENU

DECEMBER 18-22

Monday - Beef stew, with meat, vegetables, bread, butter, relishes, fruit, milk.

Tuesday - mashed potatoes, hamburger gravy, bread and butter sandwiches, orange juice, vanilla pudding milk.

## Meet Your Bus Drivers

Mrs. Roger Christensen

Mother of two children, Winifred Christensen lives at 39720 Nine Mile road. She has been driving a bus for the Northville school system for the past three years. Her children are William, 17, a senior at Northville high school, and James, 12, a junior high school student at Novi. Originally from Cleveland, Ohio, Mrs. Christensen has lived in this area for the past 17 years. She dabbles in ceramics, and her husband is a farmer.

Mrs. John Gibson

Betty Gibson, who has been driving a bus for the past school year, actually received her bus indoctrination nine years ago when she drove a bus for about a year. During those nine years she worked as a receptionist in the Doctor's Clinic here. She retired and decided to go back to driving. Mrs. Gibson, who likes to paint and sew, has two children—John Jr., a married serviceman, and Peggy, who presently is working in Detroit. Her husband also is a school bus driver here. She is a graduate of Northville high school, having lived here since the age of 12. Her home is at 44420 West Six Mile road.

Charles Kehrler

A native of Wayne, Kehrler has been with the Northville school system for the past 11 years working in about every bus transportation capacity—from driving to supervising. Presently, in addition to servicing the buses, he is in charge of the scheduling. He was operating his own garage here when he joined the system full time. For the past two years he has lived at 46090 Norton. Prior to that he commuted from Wayne. A World War II veteran, he has six children: Steve, a college freshman, Karen, a junior at Northville high school, and Ted, Robin, Lance and Parker, all students at St. Paul's here. His wife is also a bus driver.

## Police Activity Climbs

Northville police activity is running ahead of last year, Police Chief Samuel Elkins revealed in announcing the report for the month of October.

However, much of this increase, he said, results from a more complex reporting system.

Through the month of October 5,038 calls to the police department had been received this year as compared to 4,904 last year. For the single month of October, the number was up from 471 to 492.

Of these calls for the year through October, 4,383 originated inside the city, while 421 came from the township.

The October monthly report showed 10 escapes from the Wayne County Children's Development Center, 10 from the Detroit House of Correction, and 33 from Northville State Hospital. There were three state escapes for the corresponding month of 1966.

Of these escapes, the report shows that 14 were recovered this year, 30 for the same month last year.

Township fire calls were down from four in October of 1966 to two this year. None of the township calls were answered, the report showed.

Other activity for October and the corresponding activity last year included:

Missing persons, one and three; recovered persons, one and three; stolen bicycles, one and four; recovered bicycles, none and three; animal complaints, 22 and 18; doors open, seven and seven; windows open, 14 and seven; teletypes, 107 and 73; city fire calls, 13 and nine; DPW calls, 11 and 10; cat bites, none and three; dog bites, one and two.

Major crimes: Assault and battery, two and none; larceny of \$50 and under, five and eight; burglary, three and one; auto theft, two and one; provokers, two and three; insufficient funds, four and none; carrying concealed weapons, none and one.

Others: Family trouble, four and three; liquor law violations, one and none; minors in possession of alcoholic beverages, seven and none; disorderly person, one and one; drunk, nine and four; vagrancy, one and none; vandalism, 13 and 29; juvenile complaints, three and seven.

Traffic: Total automobile accidents, 21 and 12; pedestrian accidents, none and one; bicycle accidents, none and one; property damage accidents, 21 and 10; injury accidents, five and four; fatal accidents, one and none; off street injuries, six and four; number of persons injured, six and four; number of persons killed, two and none.

Moving violations, 86 and 56; non-moving violations, 25 and eight; parking violations, 146 and 37; drunk driving, three and none; juvenile traffic violations, three and one; courtesy violations, 11 and none; dog violations, one and none.

Several areas of activity in the drivers' license department was down from October of last year.

Northville Township Board Meeting  
December 5, 1967  
Northville Township Hall  
Meeting opened at 8:05 P.M.

Present: Supervisor Merriam, Clerk Hammond, Treasurer Lawrence, Trustees: Armstrong, Baldwin and Stromberg.  
Absent: Trustee Tellam.  
Also present: Engineer Mosher, and Visitors: 6.

Minutes of the Township Board Meetings of November 7, 14, and 27, 1967 were submitted and approved. Treasurer's report submitted and approved.

Office Receipts and Bills Payable for the Township and for the Water and Sewer Department for the month of November were reviewed. Supervisor Merriam commented that the Draugellis and Ashton bill showed charges for the Lapham trial. The trial has been completed and the Judge has viewed the premises and his ruling should be forthcoming in a month or two. Stromberg moved that all current bills be paid, seconded by Baldwin. Ayes: All. Motion carried.

Building Department report was submitted and approved.

Planning Commission minutes of November 28, Appeal Board minutes of

November 9, and Water & Sewer Commission minutes of November 1 and 11, 1967 were reviewed.

### CORRESPONDENCE

1. Clerk Hammond read a letter from the Detroit Edison Company regarding the renewal of their franchise. The letter requested that our minutes show that Mr. Lawrence did not vote on the renewal of the franchise because of a possible conflict of interest, due to his ownership of stock in the company. Mr. J. E. Menig of the Detroit Edison Company was present and stated that the franchise can only be granted for a term of 30 years. The State Constitution requires the renewal of these franchises for the right to do business on the public property of the township such as streets, alleys, etc. It is in Ordinance form and necessitates the passing by the Board before being put to a vote of the people. Action was deferred until the next meeting to give the attorney time to review the petition.

2. A letter from the Township Board of Appeals suggested:

The following charges are recommended to the Northville Township Board for Appeal Board hearings. \$20.00 - Regular Meeting, \$75.00 - Commercial, \$150.00 - Industrial. No refunds.

Armstrong moved that the new fees be adopted as recommended above, seconded by Baldwin. Ayes: All. Motion carried.

### OLD BUSINESS

1. Pension Plan - Mr. Flower, the representative from the pension plan firm, would like to present his report on the plan to the Board members on Thursday, December 7, 1967. The meeting will be held at 47100 Timberlane, as there is an Appeal Board meeting in the Township Hall that evening. (It is an Executive Session only.)

2. Move to Old Library - Mr. Merriam presented the following list of original costs of partitions, etc. in the old Library, as made by the School Board:

Paneling, doors, etc. - \$592.96  
Lighting, fixtures - \$297.00  
Labor - \$320.00  
Electrical work - \$300.00  
Total - \$1,509.96

The School Board used the building for four years, and are asking \$800.00 for these improvements. The locks on the building have been changed. Mrs. Hammond asked if we could sell the improvements to the School Board which we have made over the years to the building we now occupy, owned by said Board. Baldwin suggested that Merriam work out an arrangement with the School Board not to exceed \$800.00.

3. Planning Commission Membership - Mr. Ashton has found that the original Ordinance did not specify a certain number of members for the Commission. The State Law calls for not less than five nor more than nine members. Therefore, we do not need an amendment to the ordinance.

### NEW BUSINESS

1. Planning Commission recommendations:

a. Thompson-Brown Preliminary Plat - Northville Commons # 3. The plat submitted bears the date May 19, 1967. No objections to it from Mr. Mosher. Vilcan has reviewed the general arrangement. Stromberg moved that the Board accept the recommendation of the Planning Commission and approve the preliminary plat dated 5/19/67 for Northville Commons # 3, containing lots 71 - 106, only. Seconded by Armstrong. Ayes: All. Motion carried.

b. Trash Ordinance - As the members have not had a chance to review the Trash Ordinance as presented by the Planning Commission, Stromberg moved that the matter be tabled until our next meeting, seconded by Hammond. Ayes: All. Motion carried.

2. Greenspan - Final Plat. Mrs.

Hammond read Ashton's letter regarding Northville Colony Estates in which he stated that he found all the documents in order. The letter of credit is for six months only and the amount is proper. Mosher said that at the end of the six month period, a new letter of credit can be secured on a lower amount to cover only the work that has not been done. He also noted that the lot sizes had been changed from the preliminary plat, though the number of lots is the same; some are smaller and some are larger. Lawyer Hamill produced maps and explained the reasons for the changes. He then submitted a letter of credit from Detroit Bank & Trust Co. in the amount of \$230,000.00 which covers lots 1 - 102 and is good until June 1, 1968. Stromberg moved that we accept the Greenspan final plat for Northville Colony Estates Subdivision, lots 1 - 102, and outlot A as presented, and authorize the Clerk to execute it for the Township. Baldwin seconded. Ayes: All. Motion carried. The Township will require the \$60.00 fee before the plat can be submitted to Wayne County.

### APPOINTMENTS

1. Library Board - No names were submitted for appointee, so Mr. Merriam tabled the matter for the next meeting.

2. Water & Sewer Appointment - Baldwin moved that Mr. Richard Brown be appointed by the Supervisor to fill the vacancy on the Water & Sewer Commission until 1970. Stromberg seconded. Ayes: All. Motion carried.

In further business, Mr. Merriam and Mrs. Hammond commented on the meeting of Supervisors, Attorneys and Clerks which they had attended in Lansing that day. Mr. Parisi had highly recommended that all townships become Charter Townships as soon as conveniently possible. A copy of the brochure on Charter Townships will be sent to each Board member to study.

Mr. Merriam states that the water contract with the Northville State Hospital has now been signed by us and has been forwarded to the State for its signature.

Adjournment at 9:35 P.M.

Respectfully submitted,  
Eleanor W. Hammond, Clerk

## Regional Planning Tied To SEMCOG

Members of the Detroit Metropolitan Area Regional Planning commission have voted to reorganize as the Southeast Michigan Council of Governments (SEMCOG).

R. J. Alexander, chairman of the RPC, announced that members of the commission, by mailed ballot, have voted for the change in name and adopted a new set of by-laws revising the organizational structure so that the agency "can more effectively serve the people of Southeastern Michigan".

Fifty-six of the 71 RPC commissioners returned marked ballots, all approving the change, he said.

Four counties - Wayne, Oakland, Macomb, and Washtenaw - presently are members of the RPC, Alexander said, and the boards of supervisors of two of the four counties must approve the proposed change. Macomb county supervisors voted approval earlier this month, he said, and supervisors of other member counties are expected to act on the proposal at meetings scheduled before January 15.

Besides changing the name of the RPC, the changes approved would:

Expand the existing RPC geographical area from the four counties (Wayne, Oakland, Macomb and Washtenaw) to include also Monroe and St. Clair Counties.

Adopt the by-laws developed for the Southeast Michigan Council of Governments (SEMCOG).

Change the organizational structure to provide for direct representation of all units of local government which elect to participate. RPC members were limited to county governments with appointments made by the governor.

Alexander, director of Public Works for Oakland county, who is serving his sixth term as chairman of RPC, said: "Members of our commission, by their vote, have agreed the changes will provide the most effective way of achieving the goals of both RPC and the Council of Governments."

"The changes are in accordance with the provisions of Act 281 of 1945, the State enabling legislation under which the RPC was originally created in 1947."

"Approval will enable all of us to do a better job of developing plans and recommendations for the benefit of all of the people of the region."

Alexander emphasized that SEMCOG's authority will be no greater than that already granted the RPC - primarily a fact-gathering and coordinating agency with capacity only to suggest and propose.

L. Curtis Potter, mayor of Royal Oak and temporary chairman of SEMCOG, said the vote for the change "will meld the more than 20 years of experience of the RPC with the new concepts envisioned by the more broadly-

based Committee of 100 and the Council of Governments."

SEMCOG's by-laws provide that it is a "voluntary organization of local governments in Southeast Michigan to foster cooperative effort in resolving problems, policies, and plans that are common and regional, with maximum efficiency and economy".

These provide also that any city, village, county, school district or township included in the six counties shall be eligible for membership and that participating local units can select and remove their representatives at will, or can withdraw at any time on 90 days notice.

The by-laws further provide that "no member government will be bound by any action of the council without its consent", and that the council "may enter into whatever cooperative program activities the membership shall select...."

## Free silver tray.

Open any new account of \$100 or more during our annual Silver Celebration and take home this handsome International Silver tray. Just right for holiday cakes, cookies or hors d'oeuvres. Come in soon. This offer ends January 10. Limit, one to a family. We're holding yours for you.

## From Out of The Past

# Wayne Incorporated As A City

One Year Ago...

A technical question concerning the two general contracting bids on the high school addition resulted in delaying action by the board of education Monday.

However, bids were let on related projects, including library equipment and electrical and mechanical work. ...A one million dollar addition to the Ford Motor company's Northville

Valve plant awaited approval of the Northville board of appeals. It is estimated that cost of the building and new equipment will total \$1 million. ...Lynn Susan Thilikka, daughter of

Mr. and Mrs. Henry R. Thilikka, 20300 Westview, won the honor of representing this community, upon being crowned the Junior Miss queen in the first annual pageant sponsored here by the Northville Jaycees.

...Northville held its annual football banquet complete with a dinner, speeches and awards. Pat Hall was named back of the year, Jim Zayti most valuable player and honorary captain and Roger Kline named lineman of the year as well as sportsmanship winner for the second year in a row.

Five Years Ago...

...Although a number of petitions are known to be in circulation, only one set has been turned in to the Northville township clerk by a candidate for office in the spring election.

...Appointment of C. Oscar Hammond, 511 North Center street as a general member of the American Legion's National security committee was announced by Joe Paul, Commander of the Michigan Department of the Legion.

...Northville's Planning commission approved a proposed zoning change Tuesday night to permit construction of facilities for a swim club in Northville.

...Novi Township Supervisor Hadley J. Bachert, appointed last month after the resignation of Former Supervisor Frazer Staman, received his first official task from the county.

Fifteen Years Ago...

...Creation of the City of Wayne, with boundaries to include nearly three times as much territory as now included in the present village, was ordered last week by the Wayne village council.

...The musical revue, "Funs-a-poppin'", given by the patients at Northville State hospital netted more than enough in free will offerings by the audience to buy a television set for one of the wards.

...Shirley Snow of Novi was named as one of four Senior Girl Scouts in the state to represent Michigan at the All-States Encampment at Buffalo Bill Youth Camp near Cody, Wyoming next summer.

...The Kroger store in Northville was named this week as one of three winners in the nine-week inter-store sales competition among the more than 150 stores in the Kroger chain. Store Manager Ed Barnes was awarded a 10-day trip to New York and Washington, D. C. for himself and Mrs. Barnes.

Twenty Years Ago...

...Mrs. Hans Tetzlaff, a German refugee and her family of four children arrived recently directly from a refugee camp in Copenhagen, Denmark. The family is living temporarily at the home of the Alfred Glasers at 475 River street with the hope that a home may be built for them later.

...The handling of Christmas mails can be greatly facilitated by careful preparation by the sender", Advises Postmaster Fred Van Atta.

It should be particularly remembered in the addressing of Christmas cards mailed at the 1 1/2 cent rate as these cards can be neither forwarded nor returned.

...The Northville basketball squad opened the season at home with a double victory over Brighton, avenging the football defeat of early fall. The varsity took Brighton easily 41 to 22, with the second team playing the last six minutes.

Thirty Years Ago...

...Don Hamilton, one of the newest members of the Northville Rotary club, gave his "maiden speech" at the last meeting. Although his talk was short it was so well given it inspired Fred Foreman to get to his feet and recite a touching poem.

...The Northville school board held its regular meeting at which the members discussed the advisability of installing a stoker in the grade school building. A committee was appointed to look into the matter.

...Young Tom Carrington walked away with top honors at Michigan State Normal college at Ypsilanti. He will represent the normal in inter-collegiate contests throughout the year.

...The Central Methodist church, Detroit, honored its organist, Guy C. Filkins of Northville, when it celebrated the beginning of Mr. Filkins 20th year as organist and choir director.

## SPEAKING for The Record

By BILL SLIGER

When the state of Michigan switched to the new system of photographing driver's license applicants (in living color), it found that a number of communities were reluctant to cooperate.

The expense and additional help required to provide the service caused many police departments to stop issuing driver's licenses. They suggested that if the state picked up the cost tab, they would re-open the service.

Northville's city council took the opposite view. The members agreed that issuing driver's licenses was a service to citizens and that, despite the expense, should be provided. In addition, the council reasoned, the service would tend to keep prospective shoppers at home rather than sending them to another community where they might be attracted to a competing business district.

It's done more than that. Because it is one of the few license stations in the area, it has attracted more customers than the police chief thinks the department can handle.

Issuance of licenses locally has increased four-fold.

Meanwhile, the state has come to the conclusion that it should take over the business exclusively. Now it is urging communities, like Northville, to drop the service.

A newly established state facility in Livonia is sufficient to serve the area, the state maintains.

And so it will probably be. The station cannot be operated locally exclusively for Northville residents; and under present conditions it shows evidence of interfering with important police routine.

But even as one understands, it is not easy to accept. It marks the removal of another local convenience and promises to create still another huge governmental station at the heaviest population center where long lines and impersonalized service are trademarks.

To purchase license plates Northville area residents must go to Plymouth.

## STRICTLY FRESH

The fellow least likely to stumble is one who is honestly humble.

Strange, isn't it, how much more active youngsters are when you're a grandparent than when you were a parent?

When they talk about a housewife's free time, they mean she does her work for nothing.

If you can recall vividly the good old days, chances are you're mistaken about a lot of other things, too.

Teen-agers are in a constant state of perpetual emotion.

No matter the state of their personal fortunes, all

nudists lead a bare existence.

Efforts to obtain a secretary of state's office here have found little sympathy at the state level. Although the community had an office for many years until the death of the local agent, it is now maintained that there is not sufficient demand.

Unless one understands politics, it is not easy to figure out why the city had a secretary of state's office 10 years ago but is not entitled to one today.

And isn't it ironic that when the state was pleading with cities to install driver's license stations in its police departments that Northville was one of the very few area communities to respond?

Maybe we can work out a swap.

One driver's license station for a secretary of state's office.

A call to Jim Hare with the proposition was futile. His assistant was also busy. But his assistant told me that only county seats were entitled to secretary of state offices.

Hail Plymouth, new county seat of Wayne.

# Slaps Parking Ban

To the Editor:

It's a little before 5:00 a.m. Sunday morning and I could not sleep. We have a small place of business here in Northville and are very well known throughout the community. We have been in business here for over thirty-six years, do all our buying here, pay our bills on time and feel very much a part of Northville's growth.

Yesterday our daughter received a

## He Questions 'A Just War'

To the Editor:

As an agnostic I enjoy the Christmas story as a delightful, seasonal myth.

As a human being I see in the life and teachings of Jesus of Nazareth a clear path and pattern for living with my fellow man.

As a citizen of the United States of America I witnessed killing twenty three years ago in a "popular" cause.

Today, in the season for both joy and moral stock-taking, I am saddened by the cruel irony in the phrase - "a just war".

Isn't it frightening that today "the fire descends from heaven" marked. "Made in USA"?

Signed - "A dove of peace-not of Picasso"

## Wants Prices Cut for Movies

To the Editor:

I would like to comment on the price of admission to movie theaters.

I have four children, two are young teens. If they decide to attend the movie, nearly all their allowance goes for price of admission. So, seldom do they attend as they don't like being broke all week.

Possibly the management could insert a "junior's" admission, say half-way between children (under 12) and adult admission. I'm sure they would see a greater teen attendance and this would be to the theaters profit.

A Northville Resident

## Bulb Snatcher Gets Greetings

To the Editor:

We wish the person who stole the light bulbs off our Christmas Tree a Merry Christmas and hope they enjoy the lights very much.

Cecil Taggart

## LOOSE LEAF

By ROLLY PETERSON

Movies are meant to entertain. Beyond this rather obvious observation, however, are the ingredients that make a movie first rate, second rate and so on down the scale to trash. The latter is a travesty, a movie whose story isn't worth telling or seeing.

"Banning", starring Robert Wagner, an actor distinguished for his non-acting, barely misses the trash category. The story is weakly conceived, the acting is comical at best and the camera work is colorfully plain.

"Banning", as you may have guessed, is none other than Wagner himself. His first name: Mike, a name that conjures up an image of virility by its sound alone. And the mental picture coincides with the movie version.

Mike is one of those gorgeous creatures - bronzed, well manured, magnetic, a catalyst who sets female hearts to beating like a trip hammer. "Action" is his nickname, not really, but in fact. When he strolls into a room, women get weak in the knees.

At least that's the opening gambit as Wagner walks onto the scene, straight out of Hollywood Romance magazine. Women dotting the pool of the El Presidente Country club in Arizona swivel their heads compellingly to peek at this tempting creature. Mike's appeal isn't only to the young, frivolous things. The older matrons playing cards half their activities to feast their eyes on this grand creature.

Right away, you know "Banning", the movie, is a winner. Successive episodes confirm that suspicions as Mike blackmails his way into a job as assistant pro and proves that Arnie Palmer is an amateur and his army second to Mike's.

"Banning" is fashioned in the modern vogue. It is an expose' with one appeal - sex in the country club. As we all suspected, the country club sets oodles of money can lead only to decadence, a decline of morals that led to the fall of Rome. The country club is just a symbol of moral decrepitude.

These are the filthy rich bored by life and looking for a twist which will yield that drop of excitement. The treatment is very blaze, very revealing and very boring. Wagner has done it again.

Surprisingly, the ending is quite good. Rather than walking off with the misty eyed beauty who deserves something better than this, Wagner actually

plays it true to form. He leaves with a promise that he, perhaps, will change his profligate ways and become involved to the point of becoming disgustingly normal.

"Games" is the second half of this double-header playing at area theatres. Whether it is the main attraction or the preliminary show is not exactly clear, but it does furnish a diversion of a different sort. It's a movie thriller, designed after "Psycho."

Unfortunately, the terror that pervaded "Psycho" escapes "Games," primarily because, from the beginning, the movie seems unreal. And in a way, "Games" is a better movie, but more disappointing than "Banning."

The reason we never are really in the grip of terror is the fact that the story is a bit far removed from reality. The setting is the home of Paul and Jennifer Montgomery. Their abode in downtown New York might be called "an Op house."

It's strictly unconventional, with its comic strip art, plaster manikins, stripped off and conglomeration of bric-a-brac. Colors clash rather than harmonize.

The most interesting room - and the most unbelievable - is the Palace of Joy, the recreation room. In it are carnival games, a shooting gallery and a pin ball machine called "Turnpike," which flashes "You're dead" to the winner. Paul Montgomery, a professional art collector, says, "the games represent our American culture."

Into this macabre setting walks the star of the show, Simone Signoret, otherwise distinguished for her Oscar part in "Room at the Top." She brings her sloop-eyed appeal to the screen, her touch of the mysterious, but her acting is tawdry in a shallow part. A cosmetic saleswoman, she faints in the house, apparently from heat exhaustion and becomes a member of the family.

She brings with her a penchant for games. Paul, played by James Caan, and Jennifer, played by Katharine Ross, join her in make believe, wherein they try to dupe each other. It leads to death and a show at bloody terror.

There's a weird twist at the end, with Jennifer being carted off to a hospital in deep despair. But the actors, unconventional setting and creaking doors cannot make "Games" anything more than second rate.

\$5.00 parking ticket for parking in front of our place. During the past two years we have been up to the City Council meeting three times expressing the need for parking in front of our business. Twice the no parking signs were taken down.

We feel the new no parking action is unjustified because the reasons of "heavy traffic" and "snow removal" have lost their validity. The traffic is light and the snow removal is inefficient if not almost non-existent.

We wish to express our concern and perhaps stimulate the concern of others over unnecessary and uncalled for civic regulations.

Sincerely,  
Mr. & Mrs. William C. Bailey

**EDITOR'S NOTE:** This newspaper welcomes letters to the editor. We ask that they be received at this office by Monday noon for publication the same week and that they be limited to 500 words. All letters must contain the signature of the writer, but names will be withheld on request. This newspaper reserves the right to edit letters for brevity and to avoid profanity or libelous statements.

## Seek Patient Gifts

To the Editor:

Each year at this season we receive requests from people interested in remembering our patients here at Northville State Hospital. Volunteers, of course, assume the major responsibility of remembering our patients. There are limited number, however, without relatives or friends. If any of your readers would wish to remember our patients, please let us know.

Often of much greater value and of a durability beyond the Christmas Season itself are worthwhile gifts to ward areas and hospital departments - Gifts which make much more effective our efforts in patient care and treatment. Appliances of many kinds, musical instruments, sewing machines, recreational equipment - these are a few which have been received. Or a group may wish to provide a cash donation which, in combination with others, can result in the purchase of a real resource for an effective treatment plan.

If interested in our hospital's 1967 Christmas please call or write a card

or letter to our Community Relations Department.

Sincerely,  
Louis J. Schult, Director  
Community Relations Department

## Soldier Thanks GOP Teens

To the Editor:

I am one of the many in the U.S. Army that is in the Republic of Vietnam. I just received a Christmas card from one of the members in the Northville Teenagers Republican Club. I want to thank all the members of this club for the wonderful job they are doing and for thinking of the men that are away from home.

Thank you,  
SP/5 James R. Lee  
Son of  
Mr. and Mrs. J. C. Lee  
240 Burroughs  
Plymouth

Christmas is an extra special time for children - even those confined to a hospital bed.

So it was for a youngster named "Mike" who last year felt the growing excitement of the holiday season despite his antiseptic surroundings.

Christmas was coming and he worried.

"How will Santa Claus find me here?" he asked his parents.

The natural parental explanation is obvious. But what does a parent say when medical bills have trimmed the family budget to the bone?

You stutter a little, maybe, and tell your son that perhaps, because of the big Christmas list, Santa Claus won't have enough presents for every child who wants one.

You say it and mean it.

But little boys won't agree.

And for three-year-old Mike belief in Santa Claus remained intact. "But all I want is a tractor. Nothing else."

So you worry, too. You worry about a sick boy and his special Christmas problem. And then, several days before Christmas, your worries increase. A jolly St. Nick visits your son, as he does all children, and tells him Santa never forgets.

It's a little shattering to hear your son say, "Santa Claus said he'd give me the tractor."

Your own best Christmas present is delivered just before the big day when Mike comes home, well and happy but still believing. And now his sister believes, too.

## Self Analysis Quiz

### A Quiz For Ship Travelers

Planning an ocean cruise? Don't be a land lubber on the sea - the reverse of a fish out of water! Try this quiz

- 1 How do you know when a ship is about to leave port?
- 2 When on shipboard, how do you refer to the front and rear sections of a ship?
- 3 What are the sides of a vessel called? What colored lights designate each?

ANSWERS:

1. When a ship is about to leave harbor, a blue flag with a white center is hoisted. This is called the "Blue Peter," a corruption of the French verb partir, meaning to leave.
2. The front of a ship is the "bow" or "prow." Anyone going in that direction is said to be going "up forward." The rear of a ship is the "stern" and a person going in that direction is said to be going "aft."
3. If you stand facing the bow of a ship, the right-hand side is called "starboard" and is identified with a green light. The left side is "port" and is identified by a red light. The same designations are used with aircraft.

## Top of the Deck

by JACK W. HOFFMAN

Christmas morning comes and a knock at the door awakens the still believing children. They came thundering to the door and there, with Mike's tractor and a gift for sister, is Santa.

"See, I told you he would come."

Now, another Christmas is approaching and in at least one home, both children and parents are believers.

\*\*\*\*\*

A Northville mother told me her story of how Santa unexpectedly visited her home last year and brought happiness to her son who refused to doubt. She told it, she said, because she wanted the people to know of the unselfish service provided by one of the community's youth groups - Ugashonton, and its leader, Leonard Bogotaitis.

Naturally, I rang up Leonard, who works over at Stone's Gambles store, to pass on the message.

I asked him if he and his club would play Santa Claus again this year. There was a long silence and then Leonard said, "No, I guess not."

"The club broke up this fall - after eight years - because, well, we couldn't interest enough new boys. One by one the older ones dropped out until there weren't enough to keep going. We still have money in the bank and I'd like to get the club going again if the boys.."

So Ugashonton, a club for teenage boys who like to travel and "do things for the community", is gone. And its leader, who annually played Santa Claus, will stay home this year, hoping as did Mike that someone won't forget.

## State Tourism Down 5-Percent

LANSEING — Shattered hopes for a record spring-summer tourist season came with the announcement that Michigan's tourist industry suffered a five percent drop from 1966's record high year. William McGraw, director of the Michigan Tourist Council, blamed a combination of dead fish, bad weather, riots, strike threats and Expo 67 for the decline.

Matters are worse when one considers that tourism increased five percent nation-wide. Michigan suffered a greater loss in tourist business than is reflected in the five percent figure.

Tourism in the state has been increasing at about 10% per year. It reached an all-time high of \$1.065 billion in 1966.

SOME GLOOM is lifted when annual figures are considered. The Tourist Council is confident that 1967 will register more than \$1 billion in tourist spending. Figures are not in for autumn but last winter's business, lead by an upsurge in skiing, increased \$6.5 million over 1966. This autumn is expected to show an increase.

### Roger Babson

## British Pound Devaluation May Not Cure Financial Ills

BABSON PARK, MASS. — Not quite four weeks have passed since Great Britain's dramatic 14.3% devaluation of the pound sterling. The relatively smooth adjustment of governments and financial institutions to the decline ought to blind us to the fact that this is scarcely a sure-fire cure-all for the ailing British economy, or assurance that the dollar will escape unscathed.

In many circles, the day on which England announced devaluation is referred to as "Britain's moment of

Questionnaires covering autumn and annual tourist sales are being prepared. Seasons are classified in three categories: winter, December through April; spring-summer, May through August; and autumn, September through November. About 70% of total business is done in the spring-summer season.

ADVERSE factors which caused the 1967 decline are mostly uncontrollable, the council feels. Effects of bad weather, strikes and riots cannot be overcome by advertising and promotion. McGraw says it was unfortunate all these conditions occurred during the same season. Things look brighter for next year, he thinks.

The alewife die-off, which received wide-spread publicity, is expected to be a less severe problem next year. McGraw stated that many out-state vacationers did not realize the alewife problem affected only parts of Lake Michigan beaches. Many were discouraged from visiting Michigan because they thought all of the Great Lakes suffered die-off. Some even

thought the problem extended to inland lakes, he said.

Expo 67 was a mixed blessing for the state's 40,000 tourist establishments. Some areas, such as Ironwood, reported as much as 20% business increase due to Expo-bound traffic. Ishpeming had a 25% decrease, however, and other areas attributed tourism declines to Expo's attraction.

Bright spots in next year's outlook are, for the most part, "iffy" and dependent upon factors outside of council control.

James Hall, council chairman, feels independent businessmen must play a bigger part in tourist promotion. He notes that competition from other states and Canada was a major factor in the 1967 business decline.

Hall also notes that the council requested a \$2 million appropriation from the Legislature, almost double the present figure, for increased advertising and promotion.

Success of introducing Coho salmon to the Great Lakes has already stim-

ulated some tourist business and more should follow.

Tolls on the Mackinac Bridge are slated to be reduced from the present \$3.75 per passenger car. If this reduction becomes effective before the 1968 spring-summer season, it could accelerate tourism in both the UP and Lower Peninsula.

If there are no riots next year, and if strikes are kept at a minimum and the alewife don't create too big a problem, Michigan may move from its number five spot in tourism towards the number one position.

IT IS NOT enough to want to be a good driver. Anyone who has driven behind "a woman driver," watched a "draggin'" teenager, or waited for an unsure person to drive into an intersection knows it.

It takes Competence, Consideration, Care, Caution, and sooner or later Cash.

All of these, to one degree or another, can be developed by most drivers. With more and more cars on the road, it is necessary that all of us work at it.

## IS YOUR HOME REALLY COMFORTABLE?

The drain prevents problems

Mineral deposits cause problems—and with ordinary humidifiers you can't escape them. And they all add up to frequent service, frequent maintenance, inferior operation. Not with the Aprilaire Humidifier—it traps them... or they're discharged down the drain.

Aprilaire HUMIDIFIER

save the day. For England to recover a good measure of what she has already lost economically and fiscally, British labor must not only agree to live with a lid on wages, but must accept a sizable cutback in the buying power of the wages it now earns. Rising prices and labor excesses are two stumbling blocks upon which the success of Britain's devaluation could be dashed unless reason and prudence prevail in the time ahead.

DEVALUATION of the pound points up the need for new world monetary techniques. The monetary pact reached at Bretton Woods, New Hampshire in 1944 was based on the idea that the world could maintain a fixed system of foreign exchange rates. As such a system grew in stability and prestige it was hoped that controls by individual governments over the movement of capital abroad could be removed. And as capital movement expanded, it was calculated world trade would widen and the world economy would flourish.

All these calculations were based on the assumption that the key currencies — the British pound and the American dollar — would remain stable. In the case of the pound, this has not happened.

THE FALL of the pound put immediate pressure on the dollar, the sole surviving major world currency. So far, the dollar has weathered the storm; but it would be folly to assume that the storm signals can be taken down. Although it should not be necessary for the U.S. to strain so hard to help bolster a devalued pound, actually the ability of the pound to survive will not depend upon the credits England may get from her neighbors... but upon her ability to build up a trade surplus.

Ours is still the strongest economy in the world and our trade with other nations has until now been trending up. While devaluation will lead to increases in some imports and make it harder for us to sell goods abroad and compete in world markets, our technical know-how is still tops, and if we move promptly and decisively to defend the stability of the dollar all may yet be well.

HOWEVER, we ought not to feel smug if we succeed from month to month, or even year to year, in preserving the dollar's value in terms of other world currencies. It would be an empty (and short-lived!) victory if not bolstered by moves toward more responsible fiscal management. For, like the pound before November 18, our dollar has been undergoing devaluation of another type. As the cost of living has gone up, the value of our dollar has gone down. Obviously, the U.S. is overspending... both at home and abroad. The Vietnam war is hurting more and more, and we are well on the fiscal road which Britain has been traveling. In truth, the dollar gap is every bit as great a threat to our security and prosperity as is Communist totalitarianism.
