## Our Council's All Heart

The city's purse strings may be tight, but the councilmen's heart strings are not!

Last week because the city is having fiscal problems and must borrow money the council declined to appropriate \$150 to send Councilwoman Beatrice Carlson on a three-day trip to Washington, D. C.

Councilwoman Carlson is chairman of the beautification commission. Her committee is slated to receive a Distinguished Achievement Award in the National Clean Up contest for its year-long beautification program. The presentation will be made February 20 during the three-day Cleanest Town conference in Washington, D. C.

This week a number of local businessmen were asked to make a small donation to "send Bea to Washington". Mayor A. M. Allen and Councilman Del Black spearheaded the quick campaign and presented the cash and their best wishes for a happy trip to their fellow councilmember.

Appropriately, the gift came on St. Valentine's Day!

## School Board Split On Taft Paving

Northville's board of education gave its endorsement to a proposed assessment district for the paving of Taft road Monday night - but not without considerable debate and qualification.

In response to a request of the city, the board voted 4-1 to share a fair cost of the project "based upon tentative specifications and subject to a change of position regarding the method of assessment."

Voting against the measure was Glenn Delbert, who took the position that it would be unfair to support a proposal calling for 100-percent assessment of adjoining private property when other sections of the city are assessed at different percentage rates on street improvements.

Trustee Andrew Orphan, who also questioned the city's proposed assessment formula as it affects private property owners and who expressed a fear that tentative figures might later be considerably increased, as in the case of sewer connections, abstained.

He, Delbert and Trustee Robert Froelich opposed the original motion which did not qualify the board's agreement. With the revision of the motion, Froelich voted favorably.

Specifically, the board was informed by City Manager Frank Ollendorff that tentative cost figures based upon 100-percent assessment would mean the major property owner - Thompson-Brown company - would pay approximately \$57,000; five private property owners a total of \$20,000; and the school district about \$7,500.

Paving, not including curbs and gutters, are proposed from Eight Mile road to the city limits at about the 8 1/2-mile line.

Secretary Stanley Johnston, who urged the board to take action immediately so that the project can get underway, argued that it is not up to the board of education to judge the city's assessment formula as it affects non-school property. Furthermore, he emphasized that neither the formula nor the cost has yet been definitely established by the city. Final cost figures, he pointed out, will not be known until after bids come in.

Froelich took somewhat of a similar viewpoint, noting that if private property owners along Taft are concerned as to the severity of the assessments they should take the matter up with the city council - not the school board. However, concerning the school's share, he insisted that the motion be subject to the tentative figures supplied by the city. Any significant change in these figures might later prompt a different board position, he suggested.

In other action Monday, the board approved an application for a \$60,000 loan from the school bond loan section of the state board of education to cover 1968 debt retirement bonds; rejected a single, \$10 bid from Bruce's Nursery & Landscaping company for removal of the old Waterford school building; and approved bills for payment totalling \$603,498.23.

Following the meeting, the board went into secret session to discuss site purchase proposals.

## Year-Round Study to Start

Kickoff meeting for the citizens year-round school study committee has been set for Monday, February 26 beginning at 8 p.m. in the Northville board of education offices.

The meeting, which is open to the public, replaces the regularly scheduled special board meeting slated that night.

According to Superintendent Raymond Spear, 25 of the 38 citizens who were invited to participate in the study have accepted. Six indicated they cannot participate and the remainder have not yet responded.

At the February 26 meeting, the board of education will formally charge the new study group with its responsibilities, review the avenues of study, and perhaps assist in the group's organization into several subcommittees.

## Land Values Up 5 Times

# Township Assessments Increased \$6 Million

Completion of reassessment of real property (land and buildings) in Northville township by Wayne county has resulted in an increase in valuation of 43 per cent.

The assessed value of real property in the township has been boosted to \$21,586,920, compared to a state equalized valuation in 1967 of \$15,038,648.

The new assessments are based on 50 per cent of the market value, as now required by state law.

Supervisor R. D. Merriam stated that personal property (machinery, inventories) reappraisal has not been completed. However, he predicted that last year's valuation would be increased by approximately \$1 million, bringing the total assessed valuation of the township to more than \$28 million - a hike of more than \$6 million over last year's total equalized valuation of \$20,250,000.

Adoption of the new assessments means that the equalization factor, formerly applied against local assessments to bring them to the state-required 50-per cent level, will be dropped.

## Review Board Meets March 5

Because every property assessment in Northville township has been changed, individual property owners will not be notified of their new assessments.

The assessment books are open to public inspection, however, and are now available at the township hall.

Board of review meetings are scheduled at the township hall beginning March 5 (see official notice on page 4-B).

These hearings are conducted for the purpose of reviewing assessments with property owners who may wish to protest. The three-member board has the power to grant reductions in cases where inequities can be substantiated.

The boost in assessed valuations, however, will mean an increase in taxes to every property owner even at the same millage rate levied last year.

Owners of vacant acreage will be hardest hit by the new assessments. Many tracts of 50 to 200 acres were increased in valuation 4 1/2 times.

Typical state equalized assessments on raw land in the township last year were from \$170 to \$190 per acre. The new assessments on larger parcels range from \$800 to \$850 per acre, thereby placing a market value on the acreage of \$1,600 to \$1,700 per acre.

**\*Speaking for The Record\*  
Comments on the Township Assessments, Inspects Individual Tax Increases and Points Out School's Share of Hike - Page 8-B.**

Supervisor Merriam noted that smaller parcels of five, 10 or 15 acres were assessed higher per acre.

The supervisor, aware that the assessment boosts will bring a rash of citizen protests to township hall and cause standing-room-only conditions at the March board of review hearings, emphasized that every one of the nearly 1,800 parcels of property in Northville township has been inspected by an appraiser and county assessor.

"Each of their assessments was based on recent sales' records," he stated.

The supervisor acknowledged that the new assessments, by increasing some tax bills nearly five-fold, would force some property owners to sell at least a portion of their land.

"It's like being poor, but owning nearly a million dollars worth of property," Merriam noted. He said that he would recommend reductions in certain instances where the principle use of the land was for farming and represented the livelihood and industry of the owners.

Very little of the increase in valuation can be attributed to new building

in the township. So most of the 43 per cent increase applies to existing land and buildings.

While undeveloped land was given the biggest boost, individual houses and lots did not escape the sweeping increases.

Most homeowners will find their assessments up over last year's equalized assessed valuations at least 10 per cent, many 25 per cent, some more. Relating this to dollars and cents, it

means these taxpayers will pay 10 to 25 per cent more in school, county and township taxes at the 1967 millage rate of \$42.90 per thousand dollars of valuation.

Supervisor Merriam will feel the bite of the increase at his own Beck road residence. Previously, the two acres of land on which his house is located was assessed at \$520. The new assessment for the two acres, not including buildings, is \$2,150.

Supervisor Merriam - Lull before the storm

## 4-Quarter School Advantages Cited

**EDITOR'S NOTE - Following is the second of a series of articles on the year-round school concept, which currently is receiving a good deal of attention in Michigan as school districts face critical financial problems that ultimately can affect the education of children.**

"The end of the school year today assumes the proportions of a mass jailbreak. Last year the schools released 46,000,000 children onto the streets at once."

Those are the words of Jeri Engh in an article in Saturday Review, presenting information gleaned from work of the National School Calendar Study committee. Engh and the committee form only a small voice in the growing chorus discussing pros and cons of year 'round school operation.

While the discussion grows, there is little in the way of action at the elementary and high-school levels. What we might be witnessing is the evolution of year 'round school operation via the growing numbers of schools with expanding summer programs that at the outset sought only to offer remedial and enrichment programs.

Many colleges and universities are already well established with year 'round operations, having made the transition in response to many of the same conditions that pressure local school districts. These include rapidly increasing enrollments, rising costs of construction, rising teacher salaries,

over crowded curriculum and public impatience urging more educational mileage from tax dollars.

While the schedules for year 'round operation are many and varied, there is quite general agreement that one offers the most promise of improved financial efficiency for a local school district. The four-quarter plan that enrolls only 75 percent of the total enrollment in any one term is getting attention today. It holds promise of reducing construction needs and saving dollars that would go for construction and interest paid by bonding the district's taxing power.

Could such a schedule be adopted successfully at the local district level? While there are many differences between operations of a small college and a local public school district, here is an example of how it worked at the college level.

Antioch college, Ohio, began year 'round operation with the year 1958-'59, offering an eight-week summer quarter for the first three years. Enrollments for the 1959 summer term were 187, for 1960, 184. This compared with fall term enrollments of 754 and 795. In 1961 the summer quarter was extended to 11 weeks, making four quarters' approximately the same length. At the same time, the college began admitting freshmen during the summer quarter. Summer enrollments for 1961 were 683, reached 698 the next summer, as compared with 699 and 772 for respective fall enrollments.

Change to the quarter or trimester

Continued on Page 10-A

## Dildy to Direct Probation Agency

A 25-year-old special education instructor at Hawthorn Center was named to the part-time post of chief probation officer for the municipal court of the city of Northville.

He is Dennis R. Dildy of 429 Lake street.

Judge Philip R. Ogilvie said the selection of Dildy from a field of six candidates was made by a three-member committee after conducting personal interviews.

Members of the interview board were: Morris W. Shaw, district supervisor, Bureau of Field Services, Department of Corrections for the state of Michigan; S. Lee Gravin, deputy chief probation officer, Wayne County Probation Department; and John Elmquest, assistant deputy director, Bureau of Field Services, Department of Corrections for the state of Michigan.

Judge Ogilvie said that the review board reported all candidates qualified and commended all six as possessing exceptional talent for the post. Interviewed for the position in addition to Dildy were: Alvin L. Wistert, sales representative, Owens Illinois company; J. Brian Ehrle, assistant executive director, United Fund and Community Services of Greater Ann Arbor; William J. Pinal, instructor of biology at Schoolcraft college; Robert N. Foster, claims adjuster, Crum & Forster group of insurance companies; and the Reverend James Andrews, pastor, Full Salvation Union church.

Dildy has been a resident of the Northville area for six years. He received his BS degree in special education at the University of Michigan in 1965 and expects to obtain his masters degree in special education, emotionally disturbed, at the U of M this spring. For

two years he was a special education teacher in the South Lyon system. He also worked summers in a fresh air camp for juvenile delinquents and emotionally disturbed youngsters.

Dildy and his wife, Mary, have a 19-month-old daughter. Mrs. Dildy is also a teacher and serves as a substitute in the Northville system.

Judge Ogilvie and Dildy expect to meet this week and map plans for operations of the probation department beginning March 1.

Both emphasized the need for volunteer "sponsors" to work with young probationers. Applications for these posts are now available in the office of the court clerk at city hall.

## 'Retirement' Zoning Still in Air

Northville township planners probably will recommend one of two existing multiple family residential classifications for the Seven Mile road property of Dr. W. E. Gizynski at their next regular meeting.

A proposal to give the property - on which Dr. Gizynski plans to build a retirement village complex - an RM-2 designation was tabled Tuesday night following a public hearing before the planning board.

Earlier the board tabled a proposal to give the property an RM-1 designation, which also refers to multiple family residential zoning but which restricts development to fewer dwelling units.

With both proposals now on the table, planners must decide which of the two should be recommended to the township

board for approval.

Dr. Gizynski's property presently is zoned for multiples, but under the old RM designation which has been replaced in the township zoning ordinance by RM-1 and RM-2. Actually, the RM-2 designation is the same as the old RM.

None of the multiple designations, however, please homeowners in the area, who turned out in capacity numbers for Tuesday's hearing. While homeowners voiced no objections to the proposed retirement village itself, they argued that restrictions should be written into the multiple classification to force the developer to fulfill his plans. They voiced fear that without specific restrictions the property might later be developed for less desirable type apartments.

E. Kirk Atton, president of the

Grandview Acres association and spokesman for many of those present, lent weight to his position by presenting a petition that opposed multiple zoning without specific restrictions concerning Dr. Gizynski's property. It carried the names of 87 persons, he said.

James Littell, legal representative of Dr. Gizynski, emphasized that it would be economically impossible to develop the retirement village under the more restrictive RM-1 classification.

In a related matter Tuesday, the board considered a proposed change from RM to RM-2 for property owned by Lee Walker and J. D. Horvath. It is located on the south side of Seven Mile road between Northville road and Northville State hospital. No objections were voiced to the proposal and it, too, was tabled.

# Ellen Lorenz to Serve As African Missionary

Ellen Lynne Lorenz, 20, daughter of Mr. and Mrs. Felix A. Lorenz, Jr. of 44640 West Seven Mile, has been chosen by Columbia Union college to serve as a student missionary for three months this summer in Libya, North Africa.

Ellen, a junior at CUC, is majoring in nursing. Her minor is secondary education. In Africa she will work at the Benghazi hospital and assist at the Center program, which will include teaching English, participating in public meetings, and providing evening social activities. She will leave Northville in May.

At CUC Ellen has had many extra-curricular activities which includes superintendent of the College Sabbath school, Girls' club president, member of the student senate, assistant editor of the college yearbook, Golden Memories, junior class secretary and member of the college choir.

Columbia Union college is one of 14 liberal arts colleges and universities in United States owned and operated by the Seventh-day Adventists. The student missionary program which sends students into many areas of the world, was inaugurated eight years ago.

Ellen Lorenz

## Teens Attend Peace Parlay

Four young people from the Northville Methodist Youth Fellowship participated in a New York-Washington, D.C., Peace Seminar the last week in January.

Linda Gotts, Gary Becker, Wayne Miller and David Kenger joined 130 other youth and 20 adults in the seminar sponsored by the Detroit conference board of Christian Social Concerns.

In New York they had dinner at the Salem Methodist church in Harlem, and heard a speaker on Black Power. They attended Riverside community church in Spanish Harlem, toured the United Nations and had conferences at the U.N. church center.

Gary and David, who are to be representatives of Ghana in a model U.N. at the University of Detroit in March, had a special interview with the delegate from Ghana. Linda Gotts talked to a woman observer to the U.N. from Malaya.

In Washington the group toured and met with Representatives Marvin Esch and Jack MacDonald.

## Lament-McFall Rites Held at Novi Methodist

Kathleen Lamont, daughter of Mr. and Mrs. Albert Lamont of Whipple street, Novi, became the bride of Richard M. McFall in a double ring ceremony January 27 in Novi Methodist church. The bridegroom is the son of Mr. and Mrs. R. A. McFall of Plymouth.

The Reverend Robert Mitchinson officiated at the afternoon ceremony, which was followed by a reception for 150 guests at the Wixom UAW hall. Escorted down the aisle by her

grandfather, Charles Caldwell, the bride wore a bouffant gown fashioned of layers of delicate lace, extending into a sweep train. The bodice was styled with long sleeves extending to the wrist in points. A crown headpiece held her shoulder veil. She carried a bouquet of white mums and carnations tied with satin streamers.

Her sister, Susan, soon to be a bride herself, was honor maid in a pink gown of chiffon over satin with matching headpiece and flowers. Another sister, Hope, was bridesmaid in a matching light green ensemble.

Nancy Haws, a cousin of the bride, was flower girl in a long pink dress. She carried a basket of rose petals. Another cousin, Richard Dobransky, was ring bearer.

Tom Rodes, of Des Moines, Iowa, was best man. Jerry Booth of Milford was an usher. Junior ushers were Albert Lamont, Jr., and Pat McFall.

For the ceremony the bride's mother wore a turquoise A-line dress and matching coat and accessories. The bridegroom's mother wore a pink dress with matching lace jacket and accessories. Both wore white carnation corsages, as did the bride's two grandmothers.

OVERTURE SOLOISTS—Appearing here in the Overture to Opera performance April 6 in Northville high school will be Philip Zaugg and Emily Derr, who last week won Grinnell foundation awards in Detroit. Zaugg, a baritone from Toledo, Ohio, won the top \$2,500 scholarship award. Miss Derr, a

soprano from Lansing, was a runner-up. Both will sing leading roles in Act One of La Boheme, which is to be presented in conjunction with The Medium. Tickets for this Northville "first" are available from Mrs. Ben Zayti or any member of the Overture committee.

## What's Cooking

At Northville High School

Following are the Northville high school and junior high menus for the week February 19-23 with hamburger on bun and French fries offered as a main course alternate daily at the high school only:

Monday - Chili, cheese wedge sandwich or bread and butter, relishes, applesauce, milk; soup line main course alternate, chicken vegetable.

Tuesday - Doggie in blanket, potato salad, relishes, cherries, milk; or soup, beef vegetable.

Wednesday - Chuck wagon steak, mashed potatoes and gravy, corn, rolls and butter, pumpkin pie, milk; or soup, split pea.

Thursday - Stew, molded fruit salad, biscuit and butter, cupcake, milk; or soup, chicken noodle.

Friday - Pizza, lettuce-apple marshmallow salad, prune plums, milk; or soup, tomato.

With the soup each day is a meat sandwich.

# In Our Town

By JEAN DAY

WHILE TAKING Off Pounds Sensibly, Northville's own TOPS club is becoming involved in other activities. As a result of a January collection of articles for the Child Development Center, Fred Lapham from the center will be a guest speaker at the next meeting at 8 p.m. Monday in the teachers' lounge at Amerman school.

In announcing the upcoming meeting, club officers stress that guests always are welcome and that anyone interested in either "slimming down" or hearing about the center is invited.

Primary goal for the club is encouraging each member to slim down by discussing personal weight problems and the current motto is "We'll do great in '68 and lose weight."

New officers for the year are Mrs. Herbert Bissa, leader; Mrs. Claud Sechler, co-leader; Mrs. Peter Sylvain, secretary; and Mrs. Ron Cates, treasurer.

"ACCENT ON YOUTH" is the theme of the Northville Woman's club program at 2 p.m. Friday in the high school auditorium. As part of the club's annual youth day program, Roy Pedersen will present a display of art students' work in the lobby. This will be on view at 1:45 p.m.

The high school choir under the direction of Don Valentine will present three selections and a series of multiple readings will be given by students who have been in Miss Florence Panattoni's classes. The finale will be numbers by the high school jazz band ensemble under the direction of Robert Williams.

Mrs. Leonard Klein, program chairman, will introduce the program, which is the final guest day for the year. However, since the meeting is at the high school, there will be no tea afterward.

ORIGINAL WORKS of Mrs. Theodore Slabey, Northville's talented musician-composer, will be performed in a solo program by the Farmington Musicale at 12:30 p.m. next Wednesday at St. John's American Lutheran church on Gill road in Farmington.

In observance of the fact that February is American music month, Farmington Musicale planned a program based entirely upon the works of its own member.

Charlene Slabey, who has been composing for 20 years, was graduated from the Detroit Institute of Musical Art where she obtained her piano teacher's certificate, and attended the University of Detroit and Wayne State university.

Now, while raising three children—Ted, almost 11, Marcla, 9, and two-and-a-half year old Melinda — she is keeping her interest in music nurtured as a member of the Farmington group. The Slabey family has lived in Northville on Horton street almost four years.

A highlight of the one-woman program will be the performance of a cantata, "The Creation." Also on the program will be a set of three Chinese pieces, entitled "Pieces of Jade," with the first being subtitled, "A Friend Expected," and based upon lyrics of an ancient Chinese poet. Another will be "Tranquility."

For a change of pace the program includes "A Hurry Song — a silly song with a message." Others are Carl Sandburg's "Lost" and Robert Frost's "Stopping by a Woods on a Snowy Evening." Mrs. Slabey also has given new music to the Twenty-Third Psalm.

Mrs. James Allen, another Northville member of the Farmington Musicale, will sing in the cantata. Mrs. Melvin Walck is the director. "The Creation" also is to be performed by Delta Omicron International musicfraternity April 28 at Wayne State university alumni house. All pieces on the program have been performed previously, some on station WQRS when Northville's composer had a one-woman show.

The concert with a tea following is open to women interested in music. Special guests will be members of the Birmingham, Royal Oak and Dearborn Musicale groups.

TICKETS for "Fashion Spectacular," annual benefit event at Our Lady of Victory church, are selling well. Mrs. Fred Ishac, co-chairman with Mrs. Robert Isom, reports this week. She emphasized that they will be sold at the door on George Washington's birthday (February 22) only if seats are available.

Success of the ticket sale may be due in part to the attractive posters created by OLV seventh and eighth grade students. First, second and third poster prizes will be awarded at the show to Janice Zayti, Kim Reska and Clare Saurer. Tickets are available from Mrs. Al Korte and Mrs. Andrew Pelto as well as all Our Lady's League members.

Young fashions from Sears will be modeled by Kathleen McDermott, Sarah Kunst, Judith Korte and Carol Alspaugh. Wearing hair styles by Rene will be Mrs. Earl Egbert, OLV league president, and Mrs. Scott Krause, Mrs. Jack Doheney, Mrs. Dean Kampan, Miss Bonnie Phillips and Mrs. Robert Gouin.

Other models are Mrs. Frank Korte, Mrs. Ralph Arbour, Mrs. John Malone, Mrs. Donald McDonald, Mrs. Carla Jackson and Miss Julie Faustyn.

MEADOWBROOK COUNTRY CLUB is to be the setting for the annual symphony ball to be given by the Livonia Youth Symphony society May 18.

Proceeds from the ball are used to support the three orchestras maintained by the Livonia Youth Symphony society. Joan Whitmyer, daughter of the Frank Whitmyers of Dunsany road and a ninth grade student at Northville high school, is a violinist with the junior symphony.

A VALENTINE tea table where white love birds nestled next to a lace-tied red heart under a large glass dome greeted members and guests of the Northville branch of the Woman's National Farm and Garden association at their dessert meeting Tuesday afternoon in the Presbyterian church.

The quaint centerpiece was the creation of Mrs. William Crump — the "Victorian-looking dome" was a large brassy snifter.

Mrs. C. W. Whittlesey, program chairman, introduced Gurdon Dennis, district extension horticultural agent for Michigan State university, who spoke and showed slides on newer types of shade trees for home planting.

An April 23 date was announced for the annual tri-club luncheon with Plymouth and Rosedale Gardens clubs at which the latter will be hostess. Mrs. E. O. Whittington announced that the workshop to make topiary trees, knit hats and velvet roses which was postponed last month will be held Monday at the home of Mrs. William Switzler.

ETA PSI CHAPTER of Beta Sigma Phi sorority has chosen Mrs. James (Carol) Wick, 433 Pacific, Plymouth, its Valentine Queen for 1968.

Carol has been an active member of Eta Psi for the past five years. Three years ago she was chosen Chapter Girl of the year. She currently is serving as vice-president.

Criterion for selecting a Valentine Queen was "beauty from within." Mrs. Wick will be honored at a party Saturday at the home of Mrs. Paul Daoust, 9481 Ridge road.

Mrs. James Wick Valentine Queen

## Announce Engagements

Mr. and Mrs. Joseph E. Jendrisak, 986 Grace avenue, announce the engagement of their daughter, Mary Kay, to Dennis R. Assenmacher, son of Mr. and Mrs. A. L. Assenmacher of Monroe.

Miss Jendrisak attended the University of Detroit where she was affiliated with Sigma Sigma sorority. She presently is employed with Ford Motor company.

Her fiance was graduated from the University of Detroit where he was a member of the varsity football team and was affiliated with Tau Kappa Epsilon social fraternity, Blue Key honorary fraternity and Alpha Epsilon Delta pre-medical honorary fraternity. He is now a junior in the University of Michigan school of medicine.

A June 1 wedding is planned.

Mary Kay Jendrisak

'VOICE OF DEMOCRACY' WINNERS are presented with their bond awards or plaques by sponsoring Northville VFW post 4012 and its auxiliary in a special assembly last Friday at the high school. Pam Smith, seated, a Northville senior, accepts \$500 first-place U. S. Savings bond award for an unprecedented third successive year. For the second time she also was district winner. From right, Claudia Nieber, a

senior, accepts the \$100 second place bond award; Meredith Hartt, an eleventh grade student, third place plaque; and Dorothy Shipley, a tenth grade student, fourth place plaque. Mrs. Ray Paquin and Tom Moxie, VFW sponsoring representatives, also presented a trophy to the school. Similar awards in the contest, "What Democracy Means to Me," were presented by the VFW at Ladywood school.

AWARD WINNERS - Top safety patrol boys and service girls for the month of January visited with Northville Police Chief Samuel Elkins this past week. They are (l to r) Lori Handy of Main Street, Linda Stenger of Moraine, Kim

Stelmach of Amerman, Blair Robinson of Moraine, Robert Bloomhuff of Main Street, and Steve Gurney of Amerman.

## about Women and the family

### Benefit Game Slated Tuesday

A benefit basketball game between Northville junior high faculty and St. John's seminary is scheduled for 8 p.m. Tuesday in the old community building gymnasium on Main street.

This event again is being planned by Donald Vaningen, Ida B. Cooke junior high principal, to aid the March of Dimes.

It is open to the public with tickets at 50 cents for adults and 35 cents for students.

Collections in Northville's 1968

March of Dimes rose this week to \$1,352.36, John Steimel, general chairman, announced.

This includes an additional sum of \$86.75 from last Thursday's benefit high school jazz band concert and \$10.61 more from the Mothers' March.

Steimel pointed out that the special events which this year also included a Battle of the Bands Cavern dance have made it possible to eliminate store canister collections.

### Trading Stamps Sought For New X-Ray Machine

An estimated 50 trading stamp books have been collected by patients at Northville State Hospital during the first month of a campaign to collect 15,000 books to purchase an x-ray machine.

### Women Plan Meet Tonight

The February meeting of the Plymouth-Northville branch of the American Association of University Women, will be held today (Thursday) February 15 at 7:30 p.m. in Junior High West, 4440 1/2 Ann Arbor Trail, Plymouth.

An invitation to attend this meeting is extended to the husbands of members.

The speaker for the evening will be Dr. Leroy Augenstein. Dr. Augenstein is chairman of the Bio Physics department of Michigan State and is on the State Board of Education. He will speak on the topic, "Who Speaks for Whom?"

Mrs. Thomas Powell is chairman of hostesses for the coffee hour, assisted by: Mrs. James Irvine, Mrs. Albert Rogers and Mrs. John Culotta.

### Citizens Plan Civic Association

An organizational meeting to form a civic association in the northeast section of the city of Northville will be held tonight (Thursday) at Amerman school beginning at 8 p.m.

Purpose of the organization, which is to be legally incorporated, is to promote a collective voice in matters affecting interests of property owners and residents in that section of Northville.

It will take up such problems as snow removal, street maintenance, traffic control, abutting land development, etc.

### CALENDAR

- Feb. 15 - Northville Town Hall, 11 a.m. P & A Theatre.
- Feb. 15 - Rotary Travelogue, 8 p.m., high school.

CIRCUS FANCIERS - About 60 Northville young-at-heart senior citizens board the bus for a matinee performance of the Shrine circus at which they were guests of local Shriners last week.

nee performance of the Shrine circus at which they were guests of local Shriners last week.

### Northville Hires 2 Replacement Teachers

Contracts for two replacement teachers were ratified Monday night in the wake of recent reassignments in the Northville teaching staff.

Approved by the board of education were contracts for Charles Shonta, former Northville teacher and coach who plays professional football with the Boston Patriots, and Rebecca Muller of Livonia.

Salaries for the two teachers for the remainder of the school year were set at \$3,074.58 and \$2,942.34, respectively.

Shonta replaces Alex Klukach, who moves from the junior high school to take over the physical education classes of David Longridge, who recently was named temporary assistant principal of the high school.

Longridge replaced Ronald Horwath who was moved to Amerman elementary school to replace recently resigned principal Robert Stafford.

Mrs. Muller, who has one year of

teaching experience, replaces Florence Panattoni as English and speech teacher in the high school. Miss Panattoni recently was named to a new administrative post as curriculum coordinator.

Miss Pat Dorrian has been named to replace Miss Panattoni as chairman of the high school English department.

### Birthday Ball Set Saturday

Northville Commandery No. 39, Knights Templar is sponsoring an All-Masonic Washington's Birthday Ball Saturday at 8 p.m.

Invitation is extended to the membership of all Masonic orders, their ladies and friends, to participate in the festive celebration which is to be held in the Masonic Temple in Plymouth.

Refreshments will be served, following the Grand March, and drawings are to be held for several door prizes.

All Sir Knights of the commandery are requested to wear Templar dress uniform without chapeaux and sword. Formal dress is preferred, but not mandatory, for the ladies of the commandery as well as guests from all other Masonic Orders.

Information and reservations may be had by contacting Eminent Commander Herman A. Wedemeyer at 45189 West Nine Mile road or by calling 349-0149.

### 1-Card of Thanks

Thank you to all relatives and friends for the many cards and flowers received during my recent illness.

Zada Riley

Earl Reed would like to thank his many friends for their kind thoughts, prayers and the many beautiful cards and flowers he received while he was in the hospital. He is now at home recuperating.

Our heartfelt thanks to all of our friends and relatives for the many kind remembrances extended to us during our recent bereavement. We wish, also, to express our appreciation to our neighbors for the food brought in and to Rev. Roger Merrell for his help and kindness.

The Charles Cogger family

**In Quadrangular Here**

**Northville Wrestlers Finish Second**

"A few little things went wrong at critical times but it was a good meet for us," Coach Jack Townsley said after his Mustang wrestling team finished 10 points behind Royal Oak Kimball in the Northville Quadrangular last Saturday.

Northville suffered a setback in the 165-weight class when Brad Conklin, fighting off an illness, lost decisive

points in the last 30 seconds of his first round match after leading all the way. Conklin was unable to compete in the final round.

In the 95-pound class, the Mustangs had another setback while Kimball gained momentum when Jim Sass was nudged from a first-place finish by a single point earned by his opponent's advantage in riding time.

The four-team affair did give the Mustang's wrestlers more mat experience under conditions similar to season-ending tournaments that are now just two weeks away. The other two teams, Livonia Bentley and Lutheran West, finished far back from the leaders. Bentley was third with 65 team points, Lutheran West, fourth with 47.

In everything but team points the meet was virtually a standoff between the Mustangs and Royal Oak. Kimball, a large class A high school with an enrollment of about 3,600, put nine men in the final round. The Mustangs had the same number.

Kimball saw four of their finalists win championship matches. The Mustangs also had four men win in the final round. Each had five second place spots. Kimball got the margin in team points by getting third-place spots.

Bob Baber (112), Marty Richardson (127), Don Sass (138), and Dan Conklin (hwt) all were double winners, with Conklin the top point scorer by pinning his men in both the first and final rounds. Jim Sass (95) and Bill Kriss (103) made it to the finals on first-round byes.

In the finals, Bob Baber got the first win for the Mustangs, handing out a lot of punishment to a fine Kimball wrestler who made a real battle for the opening minute but gradually wore down under a hard ride.

After winning his first match, John Tam (120), met Kimball's Bob Reagan who has string of 43 victories. Tam lost by a third-round fall.

Marty Richardson (127), won his first round match by a first-round fall, then with no difficulty won a 4-0 decision over a Kimball man in the final round.

After having his man in real trouble in the second round, Curt Olewnik (133) lost a tough battle to lose by a fall in the third.

After Don Sass (138) picked up a 3-0 win over a Livonia Bentley finalist, Rick Suckow (145) lost a close one, 5-4, after leading all the way.

In the final match of the event, heavyweight Dan Conklin again ended things on a winning note for Northville, pinning his man from Kimball.

In what amounted to a tune-up for the Saturday quadrangular, Northville overwhelmed Clarkston in a dual meet last Thursday night. The Mustangs won 11 of the 12 weight classes to pile up a 39-3 gap in team points.

The Mustangs travel to Willow Run tonight for a dual meet with a Flyer squad that is strong in many of the same middle weight classes where the Mustangs are strong.

Next Saturday Northville will host the league tournament, when all teams in the league will assemble for an all-day affair to determine the team and individual champions.

**Scott Bergo Faces Judo Test Sunday**

Scott Bergo, 17 of Northville, recent winner in the state judo matches is set to carry Michigan laurels into regional judo competition Sunday at the Detroit Judo club.

Should he win Sunday in the open division, he'll go on to the national championships later this year at Sacramento, California.

Bergo, Northville high school senior, is the youngest first-degree black belt holder in Michigan. To earn the honor he had to perform before a panel of judges made up of high ranking black belt holders who evaluated contestants in much the same way figure skaters are judged.

The highest rank in the United States is an eighth-degree black belt worn by a man with "childhood" exposure to the sport in the Far East. Degrees range from one to 10 in the world-wide rating system.

Bergo developed an interest in the sport after his older brother became a devotee at a suggestion from his father, Dr. Howard Bergo, 19351 Meadowbrook.

"Dennis wanted to take up boxing. I wasn't very much in favor of that so I encouraged him to look into judo," Dr. Bergo says.

Why would he encourage his sons to give large amounts of time to study and practice a form of self-defense? "Because," he explains "it teaches restraint...it provides a physical activity that emphasizes disciplining oneself."

Like a conscientious football quarterback or a basketball forward, Scott is dedicated to his special sport, which since World War II has sparked a growing interest among boys and young men in the United States.

As a black belt, he must compete in open division competition. At 5'11" and 200 pounds, he describes himself as "one of the little fellows" in the open division.

With the Michigan title already tucked safely under his belt, the "little fellow" will test his ability against judo experts—some of whom are as big as 6' 7" tall and weigh 250 pounds, from throughout the midwest on Sunday.

**FIREMAN'S NEMESIS**-Northville Fireman Richard Holloway lies on the floor to get fresh air in the smoke filled Donald G. Morgan house at 633 Reed court Monday afternoon. Fire broke out in the basement and ate through a bed-

room floor before firemen were able to quench it. Cause of the blaze has not yet been determined. Standing in the doorway are Assistant Fire Chief Louis Westphal and Alvin Daniels.

**Police Watch It Happen**

It was only a short journey to an accident site for Sergeant David LaFond and Patrolman Phillip Young of the Northville police. The wild journey of an auto that left the road terminated in the parking lot of the restaurant in which the policemen were seated.

While seated in the Bel-Nor restaurant at 12:30 a.m. Thursday, the officers saw a car leave the road at the intersection of South Main and the Seven Mile Cut-off. The car hit a road sign, narrowly missed a utility pole, crossed the median onto south-bound South Main and came to a halt in the restaurant's parking lot.

Elmer E. Smith, 41320 West Seven Mile, driver, was charged with drunk driving following a breath analysis at the Redford State Police post.

**Novi Expands Little League**

Novi Little League will be enlarged to two teams in the senior-Babe Ruth division - for boys 13 to 15 years old this spring.

The teams are to play in the same Northville, Plymouth, Novi competition as last year. Jeff Crawford, 349-2712, again will manage a team. The newly added team is to be managed by Bob Budlong, 455-1730.

A general meeting will be held next month for all interested Novi boys. Any boy between age 13-15 who will not be 16 before September 1 is eligible. The teams will have new sponsors and new uniforms.

Boys interested may call either manager.

**With Our Servicemen**

Daniel Smith, 21, son of Mr. and Mrs. Rex Smith of 48800 West Nine Mile road, has been promoted from Specialist Fourth Class to Specialist Fifth Class with the United States Army.

Stationed at Ft. Hood, Texas, he has been in the service since October, 1966. A graduate of Northville high school, he is a cook at Ft. Hood.

An Khe, Vietnam - Army Warrant Officer William L. Russell, son of Mrs. Florence Russell, 300 East Liberty street, Plymouth, received the Air Medal January 7 near An Khe, Vietnam.

WO Russell earned the award for combat aerial support of ground operations in Vietnam.

WO Russell, whose father, Frank V. Russell, lives at 625 Carpenter street, Northville, is assigned as maintenance officer in Company B of the 1st Cavalry Division's 15th Transportation Battalion near An Khe.

His wife, Roberta, lives in Enterprise, Alabama.

Great Lakes, Illinois (PHFNC)-Seaman Apprentice James R. Bredemeyer, USNR, 19, son of Mr. and Mrs. Godfred Bredemeyer of 7710 Curtis road, has completed his two weeks of annual active duty for training at the Naval Training Center, Great Lakes, Illinois, and has returned to his local Naval Reserve unit.

Naval Reservists receive training in subjects such as naval history and organization, customs and courtesies, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty. A vigorous physical fitness program rounds out the training.

Returning to his local unit, he will be provided with modern educational and technical facilities, and training under regular Navy officers and petty officers to enable him to become proficient in one of the many Navy technical fields.

# Title Bent Mustangs, Lakers Clash Friday

An entire season of title hopes rides on tomorrow's "game of the year" as Northville invades Keego Harbor to do battle with its chief Wayne-Oakland league adversary - West Bloomfield.

Discounting Tuesday night games, the two teams were locked in a tie for the Wayne-Oakland league lead with identical 8-2 records.

## 30-Foot Shot Beats Barons

Northville's Ken Boerger, taking a pass from Joe Andrews in the final two seconds of play here Tuesday night, fired a 30-foot side bank shot to win a thrilling 56-55 win over Bloomfield Hills. The Mustangs trailed 53-48 with 1:22 seconds to go, then combined some fine ball hawking with clutch shooting to overtake the Barons at the finish.

Victory tomorrow for either team could mean the conference championship. The game is the last this season in which the two teams will meet in regulation play.

Coach Dave Longridge, who viewed his squad's double-overtime loss to Clarkston Friday as "one of those games in which we played well but just couldn't make it," said the Mustangs plan no change in floor play in tomorrow's game. "We'll just play like we did in the first game."

In that first tussle between these two high-flying clubs, Northville came out on top, 60-48. Defensive rebounding and ball snatching beneath the Lakers' basket in the second half of the game was a key factor in the Mustangs' triumph.

The Mustangs potted 20 of their 31 shots from the floor for a sizzling 65-percent performance in defeating the previously unbeaten West Bloomfield five.

**WRESTLING MATCH**—The unidentified Clarkston cager may think he's got the ball, but Northville's Randy Pohlman has both ball and player in a battle beneath the Mustangs' basket. That's Jim Peterson (35) standing guard over the action.

## Northville Falls; Shares W-O Lead

Most workers get special compensation for working overtime, but Northville's varsity cagers who twice this season have punched the overtime clock only to be docked for effort.

The latest injustice took place Friday night in Clarkston's athletic plant where the Wolves snatched a 66-60 double-overtime victory from the title bent Mustangs.

The loss dropped the Mustangs back into a two-way tie for first with West Bloomfield. Both hold identical 8-2 records in the Wayne-Oakland League.

Just three weeks ago Northville led the loop with a 7-0 record. Then cellar dwelling Milford came up with an overtime upset to force the local squad to share the lead with the Lakers at 7-1. Two weeks ago Milford, cast as the spoiler, knocked off West Bloomfield and Northville was again on top of the race.

Northville might still be there but for the razzle-dazzle efforts of a determined Clarkston club that successfully fielded a second-quarter Northville rally and then battled the Mustangs to a 58-58 tie at the end of regulation play.

Neither team scored in the first three-minute overtime period, although the Mustangs came up with a shot at the buzzer that bounced off the rim and nearly caused panic among the partisan crowd.

In the final overtime, Clarkston's Mark Erickson, the Wolves' leading scorer, plunked in a two-pointer with the extra period barely under way. Twice Clarkston went to the free throw line and failed to convert. But with 22 seconds to go, Erickson scored to boost his team's lead to four points and almost put the game out of reach of the Mustangs.

Clarkston, which trailed the visiting Mustangs through most of the first quarter, pushed ahead at the buzzer.

14-13. Northville bounced back in the second quarter and was out front by seven points before the Wolves clawed away at the opponent's lead until only one point separated the two teams with 30 seconds away from the intermission. But a field goal in those final seconds gave Northville a three-point, 33-30 lead at the half.

In the final, wild stanza, Northville's Randy Pohlman pushed the Mustangs into the lead, 57-56 with a two-pointer at 1:20. Jim Peterson followed it up with a charity shot that gave Northville a 58-56 lead with less than 45 seconds to play.

Clarkston's Kurt Maslowski upset Northville's late bid for the victory by knocking the score with two free throws. Then, with seconds to go but with enough time to score, Northville worked the ball towards the basket only to have the play spoiled by a wild toss resulting in a jump ball. Northville took the jump - with four seconds to go - and came up with the shot that nearly ended the game.

Northville's floor leader, Joe Andrews, fouled out of the game with the opening of the fourth quarter, thus giving the Wolves an important edge.

Erickson led his squad in scoring with 24 points, while Pohlman took honors for Northville with 20 points.

## Colts Win 62-51, Take First Place

Coach Bob Kucher's Colts moved into first place among league JV teams by beating Clarkston 62-51 last Friday night while the Brighton JV's lost.

Concerned about possible weakness in late stages because of recent illness among team members, Kucher's squad played a more conservative style than usual.

"It's the first game in three years that we haven't used the press," Kucher said.

Balanced scoring, with three men in double figures and a fine defensive effort by Terry Mills provided the victory margin. Mills, who is becoming something of a defensive specialist, held Clarkston's high-scoring guard to five points the first three-quarters, shutting him out the first half.

Aided by a good floor game by Ritch Adams and effective rebounding from both boards by Marc Shepherd, the Colts came up with a big 26-point second quarter while holding Clarkston to 15. Coming after a close first quarter that saw the Colts with a narrow 10-8 margin the big second quarter provided a bit of room for the Colts to play their conservative second half.

Clarkston kept it fairly close, out scoring the Colts 18-14 in the third quarter while each team scored 12 in

the final quarter. But the Colts managed to keep an eight to 10 point lead.

In the second quarter, Terry Mills, Ron Hubbard, and Fred Holdsworth got 24 of the 26 points. "Which points up the power of balanced scoring," Kucher said. "They can't concentrate on stopping one man. If they do, then we get points from two others."

## But Loses Again to Ypsi

### Novi Boosts Point Total

Nine Novi basketball players scored here Friday night as the Wildcats came up with 61 points - 18 more than they netted in their first encounter with Ypsilanti Roosevelt.

But the offensive barrage was more than matched by the Rough Riders who grabbed a three-point first quarter lead and then nursed it to a 68-61 triumph.

In the first game between these two squads, Ypsilanti squeezed past Novi, 44-43.

The victory was the fourth for Ypsilanti, giving the visitors 4-4 record in the Lakeland C race. For Novi it was the ninth straight loss in the league.

Despite the loss, Novi came up with a fairly even scoring effort. Only four Ypsilanti players scored, but Forward Dick Swanson blistered the hoop with 25 points and the other three Rough Riders each flipped in 12 or more points.

While the Wildcats were picking up 15 free throws for a 65-percent conversion rate, Ypsilanti made only four

charity shots. In the all-important field goal category, however, the Rough Riders scored 32 two-pointers to Novi's 23.

After taking a three-point first-quarter lead, Ypsilanti hung on at the intermission, 31-29, then stretched its

margin to seven points going into the final stanza. In that last quarter both sides came up with a 20-point splurge.

Leading the way in the Wildcats losing cause was Mark Gilbert with four field goals and five of six free shots.

## Wildcats Face Triple Header

Three big games are in the offing for Novi's varsity cagers beginning tomorrow with a return match with the Grass Lake Warriors at Grass Lake.

On Saturday night, the Wildcats will entertain league leading Columbia Central, which tomorrow will battle title contender Clinton, and then on Tuesday Novi hosts Boysville.

In their first game with Grass Lake, the Wildcats lost 75-61, and against

Columbia they fell, 69-48.

Other games on tap tomorrow include that big game between Clinton and Manchester at Ypsilanti Roosevelt; on Saturday Grass Lake travels to Manchester and Whitmore Lake hosts Ypsilanti.

Last Friday, Whitmore Lake downed Manchester, 79-65; Clinton rolled past Grass Lake, 70-69; and Columbia topped Napoleon, 77-46.

## Novi JV Downs Ypsi For 5th Win of Season

Taking advantage of a comfortable half-time lead, Novi's junior varsity quintet held off a third quarter Ypsilanti rally to coast to a relatively easy 66-57 triumph here Friday night.

The junior Wildcats led 19-13 at the end of the first quarter, 38-25 at the intermission, and 54-44 going into the final quarter.

Ypsi bested the Novi players percentage-wise at the free throw line, 55-percent to 47-percent, by the local squad nevertheless came up with more conversions - 14 to 11. Novi scored 26 field goals to Ypsi's 23.

Rick Hill led Novi's attack with 16 points, followed by Rick Dale with 15 and Phil McMillan with 14.

Friday's victory was particularly sweet for the Novi players who took a 60-46 licking at the hands of Ypsilanti in the first contest between the two squads this season. It was the fifth win of the season for the Novi quintet against seven defeats.

## Board Grants Use of Field

Northville junior football players will use the high school football field on four or five Sunday afternoons next fall.

The board of education, upon the request of the recently organized Northville Junior Football association, directed Superintendent Raymond Spear to arrange for the use of the field - subject to legal regulations - by the young football players.

Under the requirements of the revenue bonds which financed the high school facility, all organizations using the field must charge an admission fee. In the case of an organization such as the football association, however, the administrative may establish that fee, the board told representatives of the association.

Trustee Robert Froelich, who suggested that the board encourage more public use of school facilities, asked that the school's policy relative to use of school facilities, including the high school swimming pool now under construction, be reviewed for possible changes to effect a closer public-school relationship.

# 4-Quarter School Seems Best

Continued from Page One  
system by other colleges, with many making the change during the past few years, show rather clearly that as far as college students are concerned there is no formidable resistance to attending classes during the summer.

Details of faculty salaries, vacations, and study also appear well along to solution.

Can, and should it be done, at the local school district level is a far more imposing question because of the intricacies of family and community life in which the present school schedule is rooted.

If any change in a school's schedule is to be successful, it must have a strong measure of acceptance and support from the families whose living patterns will be affected. Repercussions usually follow even a slight change in the daily schedule, such as dismissing school early or altering a bus schedule.

Whether patterns of daily family life are inextricably meshed to the September to June school calendar or if family living patterns are now free from nature's dictates concerning the number of frost free days is one question bearing hard on the matter of year 'round schools.

Recognition of this was made in the report the Lapeer Board of Education made to the House Education committee: "... (year 'round schools) can work, but the community must be willing to accept the change or it would result in misunderstanding, chaos, and confusion."

How would a year 'round four-quarter schedule affect family and community life? The big change would be that if a school district enrolled 4,000 students from kindergarten through grade 12, then 1,000 of those students would always be on vacation.

Instead of 4,000 youngsters being released from school in June only 1,000 would be on vacation while the other 3,000 took vacations in groups of 1,000 each during other quarters of the year.

## Pastor, Wife Get Briefing

The Rev. and Mrs. Timothy C. Johnson, of Northville attended a special conference for ministers and their wives conducted by the Synod of Michigan of the United Presbyterian church in the U.S.A. at Northland Inn, Detroit, Monday and Tuesday.

Mr. Johnson is assistant pastor at Northville Presbyterian church.

More than 75 participated in the sessions to orient the Presbyterian clergymen who have come into this Synod from other parts of the country during the past year.

Supporters of the four-quarter, year 'round schedule point out these advantages: Students who work during vacation would not face such hot competition for available jobs, demands would be lessened for the community to provide summer recreational programs, and, applying particularly to large urban centers, the community is not faced with having its entire population of young people suddenly cut loose with large chunks of idle time.

Opponents of the schedule suggest that the practice of working the soil during the summer months has been replaced by the practice of going on vacation to such a wide extent that any plan requiring summer attendance is unworkable.

Articles and reports that make rebuttal say that only relatively few families in high income brackets vacation the entire summer, that the majority of families have only a few weeks, that winter vacationing is gaining in popularity, and that attendance policy could provide that families with several children in school would not have to have some children on vacation and some in school unless desired.

For the students the greatest change would also be for some to accept going to school in June, July, and August and vacationing in September, October, and November or one of the other three month periods.

One advantage usually mentioned is

that students who lose a great deal of time from illness or other emergency would not lose an entire semester or year of study. They would simply pick up their schedule at the start of the next quarter. This results because the four-quarter plan requires breaking the practice of starting courses in September and finishing in June. Introductory classes, at least in the basic subjects such as math and English would be available during each quarter.

Discussions usually note advantages a summer quarter offers for some subjects. In climates such as Michigan's, the summer is an ideal time for biology and other science subjects that could benefit from outdoor study.

Music, art, physical education, and sports activities are others mentioned as having features that fit well with a summer session.

The schedule would have to be adapted by a large number of schools before interschool summer sports competition could develop. Baseball, golf, tennis, and track are listed as sports that are hampered presently by unreliable weather conditions.

But such development resides in the more distant future.

Much closer is the question for Mom: How would you like to have little Johnny around the house during January, February, and March while his older sister could either go to school or join you and Johnny at home during those months?

## Novi Justice Court

Several young persons, including two 17-year-old girls, involved in a disturbance at Novi and 12 Mile roads late in January were fine by Novi Justice Emery Jacques.

Sherry Jean Martin, Southfield, was sentenced to fines totaling \$60 plus \$15 costs on charges of being a minor in possession and being a disorderly person. Lesley Marie Booke, Milford, paid a \$20 fine after pleading guilty to being a minor in possession. James F. Kelly, Southfield, was fined \$25 for possession.

Among other cases, Robert Earl McFadden, South Lyon, received a \$50 fine for speeding 90 miles per hour in a 55-mph zone on Grand River west of Taft road.

A guilty plea to drunk driving last October brought a \$100 fine to Fred C. Ely, Ypsilanti.

Thomas L. Raymer of Walled Lake, also was fined \$100 after pleading to drunk driving charges.

Driving after his license had been revoked brought a sentence of \$35 fine, \$15 costs plus three days in jail, or

30 days in jail to Ronald C. Cruz, Detroit. The three-days were suspended. Cruz also pleaded guilty to consuming beer on the highway, which resulted in a \$15 fine plus \$10 costs or 15 days in jail.

After pleading guilty to driving in violation of a restricted license, Alfred F. Brousseau was sentenced to pay a \$35 fine, \$15 costs and three days in jail. The jail sentence was suspended.

George H. Knipple, Jr. of Livonia, who was the object of a high-speed pursuit along Novi, 10-Mile and Meadowbrook roads on February 4, pleaded guilty to reckless driving and paid a fine of \$100. Charges of simple larceny, concerning driving from a service station without paying, were dismissed.

## Car Hits Train; Two Injured

Two Cass City young people were injured shortly after noon Monday when their car struck a slow-moving train on the Lincoln Plant spur line of the C & O railroad.

Clarence Palmer, 19, and Mabel Andrews, 20, were hospitalized for injuries suffered in the crash and released after treatment.

The front-end of their car was damaged extensively. Wixom officers who policed the accident reported the train was estimated to be moving about 10 miles-per-hour at the time.

## Jail, Stiff Fine Await Vandals

Investigation into the destruction of several mailboxes and mail contained in them on Nine Mile road last week is continuing this week.

According to Mrs. Richard Kerwin of 47915 West Six Mile road, her mail box and several pieces of mail were damaged by vandals. Several other Six Mile road residents reported similar vandalism.

Destruction of the Kerwin mailbox has occurred several times previously. The latest act of vandalism, postal officials said, was caused by placing "cherry bomb" firecrackers inside the box.

Postal authorities warn that conviction of persons damaging either mailboxes or mail carries a sentence of up to \$1,000 and three years in jail.

Federal law provides: "Whoever willfully or maliciously injures, tears down or destroys any letter box or other receptacle intended or used for the receipt or delivery of mail on any mail route or breaks open the same or willfully or maliciously injures, defaces or destroys any mail deposited therein shall be fined not more than \$1,000 or imprisoned not more than three years."

## Marijuana User Gets Jail Term

A 22-year-old Northville man, sentenced to 10 days in jail Monday, February 5 for possession of marijuana, returned to court last week Wednesday where Judge Philip Ogilvie reviewed the sentence and then granted defendant permission to serve the remaining six days on consecutive weekends.

Kenneth P. Bunn of 361 East Cady street and a 16-year-old were arrested on Saturday, February 3 when Northville police, armed with a search warrant, raided Bunn's apartment.

Subsequently, on the basis of information supplied to police by Bunn, a raid was made in Detroit where several persons were arrested for possession of marijuana.

The 16-year-old later fled from his home in violation of probation and, in company with the boy's father, police apprehended him at 228 Church street. Police subdued the youth after he attempted to strike approaching officers. He was taken to the Wayne county youth home by Officer Philip Young.

Bunn, who pleaded guilty upon arraignment, was fined \$90, \$9 court costs and a 10-day jail sentence. Earlier the same day he was fined \$75 and \$7.50 court costs in lieu of a 15-day jail sentence, upon pleading guilty to contributing to the delinquency of a minor.

At the time of his arrest, Bunn, who is married and has a child, was serving probation for unlawfully driving away an automobile. According to Police Chief Samuel Elkins, Bunn and his young companion were smoking marijuana cigarettes purchased in Detroit.

Actually, Bunn could have been charged under a felony act but the county prosecutor's office recommended a lesser misdemeanor charge.

Judge Ogilvie, who later permitted Bunn to serve his jail sentence on weekends, told Bunn if his fines were not paid he would have to serve a total of 26 days in jail on consecutive weekends.

## OBITUARIES

### MINNIE LYKE

Mrs. Minnie Olive Lyke, 80, former resident of Northville died Saturday, February 10 at Pompano Beach, Florida where she lived at 740 North East 23rd Court street.

Funeral services were held yesterday, Wednesday, February 14 at Kraeer Funeral Home, 200 North Federal Highway in Pompano Beach. Burial was in that city.

Born in Wayne, she was the widow of Frederick W. Lyke. She is survived by two daughters - in - law, Mrs. Robert K. Lyke and Mrs. Jayson F. Lyke, both of Florida, four grandchildren and one great grandchild.

## 2 Face Court For Disturbance

Damage to the interior of a Northville police car, a pair of broken handcuffs, and charges of being disorderly person charges against a young man from Northville and one from Livonia resulted from a fight at the Cavern Dance last Saturday night.

According to Northville police, Officer Lawrence E. Towne quelled a disturbance on the dance floor by separating William L. Wilcox, 17, of Livonia, and Joel F. Symmes, 18, Northville.

When removed to the lobby and informed a police car had been called to take them to the station, Symmes reclined on the floor and refused to accompany police.

On being removed to the car by Towne and Officer Roger Rathburn, Symmes attempted to leave the vehi-

cle. With Symmes handcuffed and placed in the rear seat, Patrolman Robert Pankow and Rathburn were enroute to the station, when Pankow left the vehicle to investigate a car filled with occupants driving without lights.

Symmes, police said, began pounding his head against the ceiling of the car, damaging interior lights and tearing the headliner. After throwing himself into the front seat where he seized a mount for a shotgun fixed to the dash and succeeded in bending and twisting the mount and its fittings. The handcuffs were broken during the action.

Both Symmes and Wilcox were later released on \$100 personal bonds. They are scheduled to face charges of being disorderly person in Northville municipal court February 21.

## Municipal Court

A Northville man charged with assaulting a police officer last Thursday evening was held in jail overnight and drew a sentence of \$77 in fine and costs or 14 days in jail after pleading guilty at his arraignment in municipal court Friday morning.

The charge resulted when Northville Officers Roger Beukema and Robert Pankow were dispatched to a residence at 729 Horton street on reports of a disturbance.

Frank M. Santangelo met the officers at the door. At the officers' request to come from the house and explain the disturbance, Santangelo struck a glass storm door with his fist and mixing profanity with threats of doing physical to the officers emerged from the house and attempted to strike Beukema, Northville police report.

Santangelo was subdued and lodged in jail until his appearance before Judge Ogilvie Friday morning.

In other municipal court action last week, Donald E. Hall, 350 East Cady street and Lawrence A. Norris, North

Aurora, Illinois, entered guilty pleas to being disorderly persons. The charges grew out of a fight in the 100 block of West Main street about 6:30 Monday evening, February 5.

Norris was sentenced to a fine of \$50 and \$5 costs or 10 days. Hall drew a \$30 fine plus \$3 costs or six days.

Judith A. Bingham, 23906 East LeBost, Novi, was fined \$20 after pleading guilty to improper passing last January 31.

Daniel D. Vance, 257 Hutton street, drew a sentence of \$15 fine after pleading guilty to operating a vehicle with defective equipment. He was cited for the violation last December 17.

Maxine J. Casteel, 649 Horton street, charged with disobeying a red traffic signal at North Center and Dunlap streets was fined \$20 after pleading guilty to the charge.

James M. Franklin, Livonia, drew a \$30 fine, \$3 costs or six days in jail after pleading guilty to being a disorderly person.

## New Improved Appian Way: the pizzeria pizza you make with a mix!

New improved Appian Way Pizza mix comes closest to pizzeria pizza. The new spread-easy, one-step crust is pizzeria light and tender. Bakes up crisp and even. The zesty tomato topping is rich and thick, slow-simmered to give it true Italian flavor. The package suggests 14 delicious ways to top it off to your taste, from anchovies to pepperoni. New improved Appian Way—the pizzeria pizza you make with a mix. Regular or Cheese. Magnifico!

Thursday, February 15, 1968

Section B

Construction is expected to begin this year on Slatkin housing-apartment development on both sides of Center street in Novi. The development calls for construction of 302 homes and 180 apartments and relocation of Center street to facilitate development of the property. It and the Thompson-Brown developments in the city and township of Northville (see drawings on pages 4-B and 5-B) are expected to generate a population of 1,000 people for each of the next 10 years. Construction of homes in West Ridge Downs subdivision, also located in Novi, has already begun.

# Area Church Directory

Sunday School, 10 a.m.  
Wednesday evening service 7:30

## from the Pastor's Study

Rev. Robert Beddingfield  
First Baptist Church of South Lyon

"And the serpent said unto the woman, Ye shall not surely die: For God doth know that in the day that ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil." (Genesis 3).

Today, man does not only think that he has become as wise as God with his modern knowledge, but that he has superseded him; yet the devil continues daily to outsmart man.

We swallow his line of beguilement, almost hoping that his cunning argument, which he will convince us that wrong is right. While out of one side of his mouth he hands us the old adage, "Eat, drink and be merry", on the other side, "Ye shall not surely die."

Did you ever see a liquor advertisement that depicted the 'life of the party' as a dead corpse on the highway? Or a man on an operating table having his voice box removed because he started smoking in Junior High? Have you noticed that the movies that are too filthy for teenagers are being labeled with the enticement: "Adults Only?"

Isn't it amazing how God continues to reveal the devil and his devices exactly as he is; and man being deceived and receiving one another!

Yet, some would seek to do away with God and with his Word; but man would be about as well off to break the mirror that reflects their image as to do away with even the parts that makes them uneasy in their sins.

Still the Bible has become scarce in every kind of public institution, the author has been declared dead, the

virgin Birth has been pronounced a myth, the Deity of Christ, the Atonement, and Second Coming sounds foreign to the ears of too many churchgoers. And no wonder. Individual redemption has given way to the preaching from the pulpits of social redemption. They preach a new morality and twist the commandments. In some churches, jazz and hootennays have replaced hymns; and prayer meetings have given way to card parties and dances.

As long as the Bible reveals man as he is, in his depraved nature, only the word is sufficient with its promise; "Ye may become partakers of divine nature." As long as our loved ones and children lay in the throes of some dreaded disease, it will continue to be our source of comfort.

As long as man must still come face to face with physical death, we need the Blessed Hope. We need it to make us "wise onto Salvation" and a consciousness of eternal punishment.

And while man flounders in anxieties and fear of civil unrest and national disaster, we need the peace that it affords us: "Not as the world giveth, give I unto you;" but received because of a faith in Christ and a God much wiser than you or I.

How God must laugh at puny little man as he shakes his fist in the face of his Maker; who, in times past had winked at the ignorance of man "but now commandeth all men everywhere to repent."

## FOR THOSE WHO FOLLOW

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support.

Plan to go to church regularly and read your Bible daily.

Work in picking your way along a frozen wilderness trail.

You're bitterly cold, but see no sign of human habitation, mile after terrifying mile.

Then, thanks to someone who's already gone this way, you come upon a crude shack. Even with shelder you could still freeze to death, but you find wood already gathered for a fire.

Later, before venturing on, you too pile high more wood for someone yet to come.

No matter who you are—or where—your life marks a trail that someone is following. Along that way is the Church—a haven from storms of the world.

Yet the building alone is not enough. It must have people to work in it and to gather fuel for the fires of faith.

Begin today to support and strengthen the Church for those yet to come.

# You'll buy a new furnace maybe once in your life. Here's how to do it right.

First, call Edison. We'll give you the names of electric heat contractors near you. Each has been Edison-approved as capable and reliable.

Next, the contractor will check your home, review your needs, and recommend the type of heat best for you. He will estimate both installation and operating cost and give you them to you in writing. All without obligation. We'll check the quotes if you like.

Then, after your new electric heat system is installed, Edison and your contractor will make any adjustments necessary to the system if operating cost exceeds the original estimate during the first three years of use. At the end of this time, if operating cost still exceeds the estimate, and you aren't satisfied, Edison will remove the system and refund your original price.

That's our new Three-Step Protection Plan. Remember the first step. Call Edison.

Now you can **RENT** **SOFT** **WATER** the carefree way!

Now, for the first time, you can RENT a famous multi-purpose REYNOLDS Fully-Automatic Water Conditioner... the softener that removes iron the "Carefree" way. NEW LOW RENTAL PRICES Standard size only \$6.00 per mo. Large size only \$8.00 per mo. Rentals applied toward purchase, when desired. Investigate the very best in water conditioning—no obligation. Call...

# Out of the Past

## 5 YEARS AGO...

... Donald E. Brooks of 29230 Beck road, Wixom, former Wixom mayor, died suddenly.

...With one Oakland county "sniper" in custody, police continued to comb the area in search of the "other sniper" who shot at a Novi housewife.

...Officials of Northville Downs huddled with Jackson Trotting association owners to determine the advisability of joining in a state supreme court suit seeking an order to switch the Jackson harness race meet to Northville.

...Newest on the list of candidates for the Northville city council was Ed Welch, a former city councilman with a long record of participation in community affairs.

...A strongly-worded resolution to the road commissioners of Wayne and Oakland counties concerning the "dangerous curve and traffic bottleneck" where Novi road joins the Eight Mile road cut-off was adopted by the Northville city council.

## 10 YEARS AGO...

...One of scouting's highest honors — the God and Country award — was presented to Jon Batzer, 15, in recognition of his outstanding service to his church and practice of Christianity.

...A total of 13 candidates sought five charter commission seats as voters looked ahead to the March 17 election to make Novi a village.

...Walter L. Couse and company of Detroit was named general contractor for the new Northville high school by the board of education. The late Mr. Couse was the third lowest of 18 bidders for the contract at \$1,034,000.

...Big Jeff Goodrich, sidelined for several weeks with mononucleosis, was expected to return to the Northville basketball lineup as Coach Stan Johnson's quintet prepared for the remainder of the W-O season.

...Dusty Diana, Michigan's most famous pony of late, returned to Northville Downs. She had been the object of a court struggle between her owner, Hoyt Wilson, and her trainer, Ben Simmons.

## 15 YEARS AGO...

...Philip R. Ogilvie was named the new president of the Northville Rotary club by its board of directors.

...Otis Tewksbury purchased the former Seyfried Jewelry store on East Main street and assumed active management of it.

...Charlie Freydl returned from a flying visit to Germany where he and young Charlie, stationed with the army at Stuttgart, were able to take a vacation together.

...Final tabulation of March of Dimes collections showed that a grand total of \$1,548 had been contributed in Northville and \$1,026 in the Novi township drive.

...Elected in the Novi township primary were: Frazer Staman, supervisor; Russell Woodworth, treasurer; Bernard Kitson and Frank Clark, trustee; Earl Banks clerk; Vern Loeffler and Hallie Foster, constables.

...A Netherlands Relief Bake sale

was launched here in the wake of Holland's worst disaster in more than 400 years. Some 1,300 persons were killed and tens of thousands left homeless in floods.

## 20 YEARS AGO...

...Smarting under a previous defeat, Northville's Mustangs defeated Plymouth by a score of 24-21.

...Rev. Horace A. White, a Negro leader, was guest speaker at a meeting of the Northville Exchange club.

...Elroy Ellison, principal of the Northville grade school, was a speaker at a meeting of the Nellie Yerkes auxiliary.

...Fifteen hundred Northville community calendars were prepared for distribution by the Northville Coordinating council with the cooperation and help of local societies and businessmen.

...Clifton D. Hill of Northville was the popular toastmaster at the annual Republican Lincoln Day banquet held in Pontiac.

## 25 YEARS AGO...

...Northville servicemen, named as American heroes in The Record were Fred J. Robinson, Rex L. Dye, and Del Martin.

...George R. Simmons, war fund chairman of Novi, announced that a meeting to organize a Red Cross drive would be held soon.

...The Record's roll of honor of the names of men in the community serving in the armed forces had grown to 409.

...A new course in blueprint inspection, part of a defense course program here, was launched.

...Stamp 17 in War Ration Book One was good for one pair of shoes until June 15. Stamps could be interchanged among members of one family. House slippers and soft-sole infants' shoes were exempt. Special concessions were made in specific cases.

...In a telegram received here, signed by the adjutant general, Ralph C. Lawrence was reported missing in action in the western European area as of February 16.

...Serving on the Northville defense council committee were: E. E. Perrin, chairman; George Locke, medical corps; Alex Lyke, fire department; Chub Smith, co-ordinator; Mrs. Molly Lawrence, township; Mrs. A. M. Lawrence, Red Cross; Barton Connors, chief air ward; and R. H. Amerman, treasurer.

## 60 YEARS AGO...

...Edward S. Horton died at his home in this village. Mr. Horton was born in Warwick, Mass., September 2, 1844. He came to Michigan and to Northville in 1856 and had lived here most of the time since. At 18 he enlisted in Co. D, Fifth Michigan cavalry, recruited by his uncle, Captain E. K. Simonds, and served until crippled by his horse falling on him while fording the river at Bradywine Station, Virginia, as he was carrying dispatches in 1864.

Mr. Horton was postmaster of Northville for 23 years, and served two terms as supervisor of Plymouth township before its division and was also township treasurer for three years.

Mr. Horton before entering the army had learned the blacksmith trade but he could not follow that vocation afterward. He worked as clerk in a drug store for a time and later dealt considerably in real estate. A large number of the best residences in Northville were built by him. In 1868 he was married to Frances Dubuar, daughter of Rev. James Dubuar, for many years pastor of the Presbyterian church here. Four children were born to them, only one of whom was living in 1903.

**MADE IN NORTHVILLE**—A new acquisition of the Northville Historical society is this Northville-manufactured bell, donated by Irene Meyers, an employee of Northville Coach Line and a resident of 19548 Hillcrest, Livonia. The bell, which had been owned by the family for 20 years, originally was located in a country schoolhouse in Barry county. The

historical society will hear a program on the history of Northville churches at its meeting at 8 p.m. Tuesday with Mrs. William Cansfield, 404 West Dunlap. The program is to be presented by Mrs. E. A. Chapman, Mrs. John Burckman and Mrs. Cansfield with members asked to bring any pictures of old churches in the community.

## Ken Rathert Studies At Cambridge, England

Kenneth A. Rathert, son of Mr. and Mrs. Kenneth R. Rathert, 450 Maplewood, is one of the first 20 Valparaiso university students who are spending spring semester at the newly-established VU Study Center in Cambridge, England.

Rathert is a sophomore. On Friday, February 2, 46 VU undergraduates left O'Hare Airport, Chicago, for Amsterdam, Holland, from which 26 went to the VU study center at Reutlingen, Germany, near the University of Tuebingen and 20 went to the

study center at Cambridge, England. Dr. Alfred H. Meyer, distinguished service professor of geography and geology, and Mrs. Meyer accompanied the group to Reutlingen where Dr. Meyer will spend eight weeks teaching the geography course at that center.

Dr. Walter E. Bauer, distinguished service professor of history at VU, is director of the German center.

Dr. Donald C. Munding, dean of the VU College of Arts and Sciences, is director of the Cambridge center.

Both Dr. Munding and Dr. Bauer will teach two courses at their centers. British scholars will present other courses at Cambridge and German scholars have been appointed to the Reutlingen faculty.

At both centers, VU is offering courses regularly given on the Valparaiso campus. Whenever appropriate, the courses will emphasize matters pertinent to the European geographic and cultural settings in which they are being given.

Prof. Martin H. Schaefer, assistant professor of history, is director of the overseas program. Students must have completed at least one academic year at VU in order to be eligible for enrollment.

## Local Students Cited at WMU

More than 1,100 students are included on the Dean's List for the fall semester at Western Michigan University. To be included in the select group a student must have compiled a 3.5 grade average (4.0 is all A's) while enrolled in at least 14 hours of class work.

Those from Northville are Kurt D. Kinde, 139 West Dunlap and Margo Elaine Harper, 350 West Main street.

## James Crampton Attends Clinic

James W. Crampton, 465 Welch road, local representative for 3M Company's medical products division, recently took part in the division's fifth annual clinical conference at Hollywood Beach, Florida.

New diagnostic tools, sterilization systems to reduce hospital infection rates and hospital supplies for improved patient comfort were among the subjects covered. Technical and professional participants at the meeting included Dr. David Littmann, assistant professor of medicine at Harvard Medical School and developer of Littmann stethoscopes, and Dr. M. I. Hewitt, 3M's director of clinical research.

## Oakland College Offices Moved

All central administration offices of Oakland Community college have been temporarily moved to the OCC Orchard Ridge campus from the George A. Bee Administrative Center.

The operations which are now located at Orchard Ridge include admissions, records, accounting and personnel.

The telephone number and mailing address remain the same: 647-6200, 2480 Opdyke road, Bloomfield Hills, Michigan 48013.

The OCC office of community services will retain that same mailing address but new telephone numbers are 689-3981 or 689-3982.

The Administrative offices will remain at Orchard Ridge during the period that the alterations are being made to the administrative center.

## Jury Selects O'Dell, Hewlett

Two Plymouth school district schools designed by O'Dell, Hewlett and Luckenbach, Birmingham architects, have been selected by a jury of architects and school administrators as outstanding examples of new school designs.

The architectural firm has designed schools in Northville, Novi and South Lyon.

We write insurance on cars and houses and businesses.

We write it for people.

## Three Cadets Win Honors

Three cadets, students in the Roosevelt Military Academy at Aledo, Illinois, were cited for excellence at special ceremonies honoring award winners for the second quarter of the school year.

They are Cadets Linwood Snow, son of Mrs. Elaine Snow, 130 West Cady street; Michael Pressly, son of Mrs. Patricia M. Pressly, 413 Ely Drive South; and Patrick Sisseem, son of Mr. and Mrs. Clarence Sisseem, 319 Ely Drive South.

Cadet Snow was presented awards for excellence in academics, military and athletics; Cadet Pressly for military; and Cadet Sisseem for military and band.

The awards were presented by Colonel Glen C. Millikan, superintendent of Roosevelt Military Academy which is located in Northwestern Illinois and has an enrollment of 170 cadets.

Cadet Snow has attended Roosevelt for two years, the other two cadets for one year.

# 2 Giant Developments to Spark Population

## African Trip Set Tonight

"Timbuktu and Beyond," fourth travelogue in the 1967-8 Rotary series, will be presented at 8 p.m. tonight in the Northville high school auditorium by Romain Wilhelmsen.

Rotary chairman Dick Lyon announced that anyone not holding a season ticket for the six-program series may purchase individual tickets at the door for \$1.50.

Wilhelmsen begins his adventure, "Timbuktu and Beyond," in deepest Africa, west of the Mountains of the Moon. Last of the old slave pens of Dakar is the ancient city of Timbuktu, "as remote as Tibet, as legendary as Carthage to the north."

A thousand years ago, Wilhelmsen points out, this was one of the two most important cities of Inner Africa. yet today a majority of people believe there is no such place! To reach the fabled Timbuktu Wilhelmsen traveled through Tarzan-like jungles along the Niger river. He crossed the "dead silence" of the Sahara desert, and north of Timbuktu in the vastness of the desert found the Oasis of Tafilet.

Not far from there is the so-called "Lost City of Africa," or as traders of Morocco call it, "The City of the Dead." Shunned by the wandering camel caravans as a sacred spot, Sijilmassa today, Wilhelmsen found, is the abode of desert creatures and the deadly Tsetse fly.

Wilhelmsen, a resident of East Lansing, estimates that he has appeared before 2,000 audiences since 1953.

### NOTICE CITY OF WIXOM

THE ASSESSMENT ROLL WILL BE ON FILE FOR PUBLIC EXAMINATION AT THE CITY CLERK'S OFFICE, WIXOM CITY HALL, 49045 PONTIAC TRAIL, MARCH 4, 1968 THROUGH MARCH 11, 1968 FROM 9 A.M. TO 5:30 P.M., EACH WEEK DAY.

### ADVERTISEMENT CITY OF WIXOM PAVING PROJECT

The City of Wixom, Oakland County, Michigan, will receive sealed bids until 8:00 P.M., E.S.T., Tuesday, February 27, 1968, at the City offices, 49045 Pontiac Trail, Wixom, Michigan, for the paving of Flamingo Road, Fairbury Drive, Bogie Drive, and Theodore Road at which time and place all bids will be publicly opened and read.

The project consists of the following approximate quantities:

- 14,500 sq. yds. of 27 ft. back to back deep strength asphalt paving with concrete curbs.
- 3,400 lineal feet of 12" to 24" storm sewers and appurtenances.

Plans and specifications will be on file at the offices of Hubbell, Roth, & Clark, Inc., Consulting Engineers, 2709 Telegraph Road, Bloomfield Hills, Michigan, and copies may be secured there. A deposit of ten dollars (\$10.00), CHECK ONLY, will be required on the project plans and specifications which will be refunded upon their return in good order within ten (10) days after the opening of bids.

A certified check or bank draft payable to the City of Wixom, or a satisfactory bid bond executed by the bidder and a surety company in an amount equal to five percent (5%) of the bid for the project shall be submitted with EACH BID.

The successful bidder will be required to furnish satisfactory insurance certificates and policies, performance, labor and material, and maintenance and guarantee bonds.

The City reserves the right to reject any or all bids and to waive any irregularities in bidding.

No bid may be withdrawn after the scheduled closing time for receiving bids for at least forty five (45) days. Also, no proposal will be received unless made on blanks furnished and delivered to the City Clerk on or before 8:00 P.M. Tuesday, February 27, 1968.

CITY OF WIXOM  
Donna J. Thorsberg, Deputy Clerk

"PROTECTION FOR OUR CHILDREN"

# Boom in City and Township of Northville

Two giant housing developments, calling for construction of 600 homes and 732 apartment units, will get underway this year in the city and township of Northville.

According to the developer, Thompson-Brown company, the township project — to be located on the north and south sides of Six Mile road near Bradner — will be totally developed over a 10-year period. It calls for a total of 434 single family dwellings and 477 apartments.

The city development, to be located on both sides of Eight Mile road, east and west of Taft road will include 166 homes and 255 apartments.

The two Thompson-Brown projects, together with the proposed Slatkin development on both sides of Center street south of Nine Mile road in Novi, are expected to generate a population of 1,000 or more people each year for the next decade.

Rezoning for Thompson-Brown's township project already has been approved by the Northville township board. And just recently, the preliminary plat was presented to the city planning commission as Thompson-Brown's initial procedures in gaining approval for its unit development project in the city.

The township development, to be called Northville Commons, includes a 10-acre site on the north side of Six Mile road for a future township office complex and a 10-acre site on the south side of Six Mile road for a future school site. The 20 acres are to be donated to the township and the school system.

Northville Commons, like the city project, will be developed in stages. Initial construction will take place on the south side of Six Mile road (right side of the drawing on this page), where 343 homes will be built. However, according to Robert Carey, president of the company, there is a possibility that development of the shopping center area, along the north side of Six Mile road, may get underway before all 343 homes are built. Completion of homes on the south side of Six Mile is pegged at 3 1/2 to 4 years.

Later construction will take place on the north side of Six Mile where all 477 apartment units will be built together with 91 more homes. (Northville State Hospital is located in the top left of the picture).

The city development, to be called Lexington Commons, calls for 60 homes on the south side of Eight Mile road, just west of the Taft road intersection (bottom right hand side on the opposite page); 52 homes and 255 apartment units at the northwest side of Eight Mile and Taft roads; and 54 homes on the east side of Taft road, north of the new Ida B. Cooke junior high school.

Homes on the south side of Eight Mile road are to be developed first. Pilot apartment units, to test the market and demand for numbers of bedrooms, will follow. Completion of the total development is expected to take five years.

Homes in both the township and the city developments are expected to be priced in the \$40,000 class.

Besides homes and apartments both projects provide for large park areas. In Lexington Commons 20.2 acres has been allotted for parks or open space, while Northville Commons calls for 20.9 acres is set aside for open space.

Northville Commons—A 911 House-Apartment Development on 336.7 Acres of Township Land.

## Optimist Club To Hear Talk On the Cavern

Leo Cherne, president of The Cavern teenagers club in Northville, will be the guest speaker at a meeting of the Northville Optimist Club on Wednesday, February 21.

He will discuss The Cavern's weekly activities and the organization's current project of redecorating the cafeteria area of the community building for use as a clubroom.

The Optimist club meets weekly at The Thunderbird Inn, beginning with a 6:30 p.m. dinner.

Last week Kevin Barnes reported his experiences as a Northville Optimist representative to Wolverine Boy's State in Lansing. He was elected representative last June and spent a week at Boy's State.

## Diane Westphall Wins Honors

Mary Diane Westphall, daughter of Mr. and Mrs. Raymond F. Westphall, 227 North Rogers street, a senior in the school of religion at Bob Jones university in Greenville, South Carolina, is among 41 students from Michigan included on the dean's list for the first semester.

# Not having a reason to save is one of the best reasons for starting a savings account.

Saving is in style:

More and more people are saving . . . and, not necessarily saving for a specific reason. To be sure, there are still a number of those who have a savings objective; retirement, college, or whatever. But there's a steady increase in the number of people who are saving just to have that good "money in the bank" feeling.

If you're not now putting your money in the bank, NBD can help you. Start with as little as ten dollars. Then deposit a little each week. And watch it grow. Save ten dollars each week, for example, and you will have almost \$2,300 in just four years, based on the current rate of interest.

NBD has more than 95 offices. So, there's bound

to be an office near your home or work. NBD pays and compounds an annual rate of 4% interest, quarterly. This encourages you to keep your savings where they belong . . . in the bank and continuing to earn.

And you can save automatically by having money transferred into Savings from your Checking Account. You don't even have to come in to make a deposit. NBD does it for you.

Get that good savings habit, now, at Michigan's largest bank. Open your Savings Account at the nearest office of NBD. You'll find we treat your money as if our business depended on it. It does!

At the National Bank of Detroit.

## REGISTRATION NOTICE

TO THE QUALIFIED ELECTORS OF THE CITY OF WIXOM, COUNTY OF OAKLAND, STATE OF MICHIGAN:

Notice is hereby given that in conformity with the Michigan Election Laws, the final date for registration in order to vote in the General City Election to be held in the CITY OF WIXOM on Monday, April 1, 1968 is:

**FRIDAY, MARCH 1, 1968**

Notice is further given that any qualified elector who is not already registered in said City may register in the office of the City Clerk, City Hall, during the regular office hours, beginning February 21, 1968 each week day from 9:00 A.M. to 5:30 P.M. and the LAST DAY, Friday, March 1, 1968 from 8:00 A.M. to 8:00 P.M.

In addition to the hours listed above the clerk's office will be open for the purpose of receiving registrations during the following hours:

**SATURDAY, FEBRUARY 24, 1968 — 8:00 A.M. to 5:00 P.M.**

Those persons who have already registered in the City of Wixom under the permanent registration system and have voted within the last two years do not have to reregister.

Donna J. Thorsberg  
Deputy City Clerk  
City of Wixom

News Around Schoolcraft

Dr. Eric J. Bradner, president of the college, and two members of the board of trustees will head a group of six representatives from Schoolcraft college at the 48th annual convention of the American Assn. of Junior Colleges, February 26 to March 1 at Boston.

Attending from Schoolcraft, other than Dr. Bradner, will be Mrs. Jane Moehle, Plymouth, vice-chairman of the board of trustees; Trustee Dr. George Martin, Livonia; John H. Brinn, vice-president for instruction; Jon P. Adams, dean of technical-vocational instruction; and Robert A. Stenger, dean of academic instruction.

They will be among 1,500 administrators, faculty members and governing board members from two-year colleges throughout the country attending the meetings in the Sheraton-Boston Hotel.

The association, which represents a majority of the country's two-year colleges, will consider issues and problems in higher education related to junior college development.

Among topics to be considered are those dealing with faculty development, facilities planning, federal aid to education, new curriculums, and the response of the two-year college to new social needs.

John Macy, chairman of the U.S. Civil Service commission, will be among the major speakers.

In addition to attending the three convention general sessions a series of nine special-topic sessions, Mrs. Moehle and Dr. Martin will attend a meeting of trustees and board members of local, public two-year colleges and state board members on Tuesday afternoon, February 27.

Alastair Sim heads a British cast of familiar comedy favorites, including Terry-Thomas, in "The Green Man," a crazy-quilt film about a man dedicated to blowing up people, to be presented on the Schoolcraft College Winter Film series at 8:30 p.m., Friday February 23.

William J. Pintal, biology instructor at Schoolcraft college, has been selected as a botany judge for the Detroit Metropolitan Science Fair to be held at Co-bo Hall, Detroit, in April.

Pintal, 33, joined the Schoolcraft faculty last year after teaching at Marygrove college, Detroit. He received his B.S. degree from Michigan State, and took graduate work at the University of Colorado, MSU, the University of Detroit, and the University of Michigan before receiving his masters degree in biology from the University of Detroit. He served as an instructor in the Army in 1957-58.

Pintal and his wife live at 47707 West Nine Mile road.

# SPEAKING for The Record

By BILL SLIGER

Somehow the new assessments in Northville township bring to mind an old story about a fellow with an arrow sticking through his chest.

When he was asked if it hurt, he replied, "only when I laugh".

The new township property assessments will seem like arrows in the chests of most taxpayers, except for the fact that they're more permanent. While there's little that can be said to soften the blow of assessment hikes, they can be explained.

If understanding helps, consider this.

First, and most important, the program of reassessment had to be undertaken. Supervisor R. D. Merriam and his board of trustees did exactly what the law requires. It was their unpleasant responsibility to have all property assessments established at 50 per cent of market value.

Complete, township-wide reappraisal was long over-due. As a result, low assessments, particularly on vacant land, were causing the township's equalization factor to increase annually.

Last year the factor was 1.376; this year it would have been 1.63 or more.

"Equalization factors" are anything but equalizers. Instead, they exaggerate inequities by making them more extreme. They are multiplied against all property assessments alike, when in reality some are much lower than others.

Consolation can be drawn from the fact that 1968-69 township assessments will not be multiplied by a factor. The millage levy for school, county and township taxes was 42.9 in the township last year. If this rate remains the same, it means that property owners will pay \$42.90 per thousand dollars of actual assessed valuation, not equalized.

Even if this year's millage rate remains the same as last year's, there isn't a township property owner (yet detected) who will escape a tax increase.

The owners of large parcels of land will be hurt most severely. Their assessments have been increased by four and five times. In several instances land that had a state equalized valuation of between \$175 and \$190 per acre last year, now is assessed at between \$800 and \$850 per acre.

This means that in the eyes of the county assessors, the land is worth between \$1,600 and \$1,700 per acre on the market today.

It also means that the owners will pay taxes that are nearly five times higher than last year, if there is no increase in millage.

In one specific example, a tax of approximately \$1,200 was paid last year on some 150 acres. This year the tax will be \$5,300.

Undoubtedly in some instances the new tax burden will force owners of large parcels of land to sell at least a portion of their holdings. Supervisor Merriam has said that where the land is being actively farmed, assessment reductions will be recommended.

He noted, however, that state taxing authorities take the position that there's no sale of land in Wayne county for farming purposes. Therefore, market value of the land must be considered at what it is worth for subdividing.

The huge increases in land values serve to point up what township officials have known for a long time; namely, that the average homeowner has been picking up the tax tab for the large landowners in Northville township for many years.

It is not a happy situation when reassessment forces a landowner to sell. But it is exactly what happened to MSU's President John Hannah in East Lansing, who had to sell his reassessed property - reportedly for

a million dollars.

In percentages, Northville township was given a 43 per cent increase in land and building valuations...from \$15 million to \$21 1/2 million. Very little of this could be attributed to new buildings.

Personal property (equipment, machinery, inventories) is expected to bring the total assessed valuation of the township to more than \$26 million, a hike of more than \$6 million.

Obviously, the average homeowner won't be hit by a tax increase of 43 per cent. But 10 to 25 per cent won't be unusual.

As a result, capacity crowds can be expected at the March board of review hearings. That's when the public has its opportunity to object and seek an assessment reduction.

The test of your argument is this: would you sell your house or property for twice the assessed valuation?

If not, your argument may fall on deaf ears.

There is another argument, however. It has nothing to do with whether or not assessments are fair. It is simply the average homeowner saying he cannot afford the high taxes on his property.

The argument is not new, but its supporters are being heard more clearly at each school millage election.

In Northville township 80 per cent of the tax dollars collected go for support of schools. Most taxpayers give willingly for education, but they are frustrated by the ever-increasing tax situation and they strike back where they can. There is no election on income taxes, but school millage must face the ballot box.

"Tax reform" is an oft-used phrase in the chambers of our state legislature. Hopefully, it was supposed to come with the new state income tax.

If a formula to relieve the burden on the property owner isn't effectively employed, our schools most certainly will suffer. Ironically, the taxpayer is forced to hit the wrong target for his revenge.

The six-million-dollar-plus hike in township valuation means at least an additional \$150,000 in operating funds for the Northville school system - without a tax boost.

Superintendent Ray Spear has predicted nearly twice that much will be needed next year.

Hopefully, increases in state aid and the remaining assessed valuation in the school district will remove the necessity of seeking a millage increase as now planned.

The board of education is challenged to take a long, hard look at its 1968-69 budget.

One final comment on the reappraisal of Northville township.

It was necessary; it was thorough; and it was professionally and expertly accomplished.

The test of its expertness is best exemplified by a record of 46 sales of property in Northville township that have taken place since reassessment began last fall.

These 46 properties sold for \$1,180,710. Their total assessed valuation, as newly established last fall, was \$84,190, or 49.48 per cent.

The law says that the assessment should be 50 per cent of market value. How close can you get?

Undoubtedly, individual inequities will be discovered. That's why the board of review hearings are conducted.

In the main, however, Supervisor Merriam, has hired appraiser and the county assessor accomplished a job of assessing that deserves recognition for being well done.

### A Dangerous Diet

Philip McKinsey, special correspondent of the Christian Science Monitor, writing from Washington, says, "the Administration is moving ever closer to serving the last ties between money and the dwindling United States stock of gold and silver. By mid-1968, the United States may have a currency that is linked to neither metal."

Since time immemorial, money has been linked, however tenuously, to a commodity of high intrinsic value... gold. The sleight-of-hand financial operation of modern governments have been gradually serving in the public mind, the historical relationship between gold and silver and the currency we use in our every day transactions. For most people, even the balance of payments problem and the outflow of this country's gold stocks to other nations is no more than an academic matter.

There are very few people walking the streets today who have ever seen a \$20 gold piece, and yet we frequently still hear the use of the expression "cold" or "hard" cash. These terms go back to the days of hard money. Hard money, of course, had weight and value in itself. Paper currency has never been more than a promise expressed or implied that somewhere hard money stood ready to redeem the currency. This promise of redemption is becoming clouded with the increasing threat that the dollar does not have the proper security backing that it should have.

It could be entirely possible, this day and age, that we are something like the horse whose owner started mixing

sawdust with his feed. About the time the owner thought he had the perfect formula for a cheap food for his horse, straight sawdust, the horse dropped dead. When it comes to money, we are very near a diet of straight sawdust. *The Benzie Record*

# A LOOSE LEAF

By ROLLY PETERSON

Most adults have a roseate view of adolescence and young adulthood, because time has a strange but wonderful way of leaving a sediment of pleasant memories. From our adult pinnacle, youth's problems hardly seem the cause for great concern and we can romantically chide, "Now, when I was young." Truth of the matter is, however, there is no comparison between the present generation and that of 20, 30 or 40 years ago. Things have changed and with them, the problems of youth.

The movie, "The Graduate", goes a long way toward saying how much - in an exceedingly vivid and risible way, somewhat in the satirical manner of Henry Fielding. The circumstances imaginatively portrayed in the movie may seem remote, but underlying the story of Ben Braddock is the potential tragedy of our times.

Ben, so the story goes, has just graduated from college, where he distinguished himself as a scholar, athlete and BMOC. Now that Ben has a sheepskin, he only needs to decide what to do and take his place in a man's world. Ben has followed the patent process for success.

There's one problem. Ben, like so many other 20-year-olds fresh out of college, can't make up his mind. He has been following a pre-determined course through college, which required no decision on his part. Now, the incubated life must be left behind.

Uncertain, frightened and confused, Ben is non-plussed at the society that spawned him and wanders aimlessly into a mess with the wife of his dad's partner. Mrs. Robinson (Anne Bancroft) is the implacable sort who commandeers Ben as she would a docile pup. The real education has begun.

Not that it's not fun for Ben or the audience. His innocence contrasted with the blatant intrusion of his circumstance makes for biting satire. Ben bumps, trips and fumbles his way through incongruous scenes which leave us in stitches - until his experiences take on a deadly flavor.

It's not so much the story that makes "The Graduate" one of the finest flicks this side of Tweedle Dum. It's the superlative acting of Dustin Hoffman as Benjamin and the directorship of Mike Nichols that work the alchemy of turning a brassy story into artistic gold.

In his first major part, Hoffman virtually steals the show. In appearance, at least, he is the closest thing to an American Peter Sellers. He looks like a loveable lad, hair hanging lazily over his forehead, nose jutting out like an arch de triumph and mouth backing into a firm jaw.

The face is made for subtle humor - a blank stare, a wry grin, a soft grimace, a raised eyebrow. The voice is shy and quietly masculine. Hoffman, in the movie, is the antithesis of his surroundings - which are lavish, loud and synthetic.

When we first see Benjamin close up, he is sitting in his room in front of his aquarium. Simon and Garfunkel sum it up thematically, "Hello, Darkness, my friend," and "the sound of silence." Ben is as a fish, looking out at his elders who speak a silent language. He is suspended in his own reflective medium.

The fish image occurs and re-occurs as Ben greets his guests who have gathered in honor of his graduation, as Ben sinks into the family pool festooned in complete diving gear, a gift of his parents, as Ben floats lazily in the noon-day sun, oblivious to the sound of adults surrounding him, as Ben waits in his girl behind a glass partition at his girlfriend's wedding.

The languor of Ben's summer days are conveyed by impressionist techniques, swirling traffic lights, the lazy sun, the undulating refraction of light from the water. Together with sudden scene changes and overlapping dialogue, the obscurity of Ben's thoughts become apparent.

The message is made clear, too: no one is getting through to Ben. He is a waif adrift, without any discernible course. Finally, Elaine (Katharine Ross) breaks the sound barrier. The daughter of Mrs. Robinson, she is the only one who can bring Ben firmly to shore.

"The Graduate" is a stinging slap at adults, who place emphasis on things, rather than on people and especially, their own children. Unless the child is given anchor in the real world, he can graduate cum laude from college, but flunk life.

## Lighter Side

The fellow who invented the "formula" television show undoubtedly flunked chemistry.

We have a friend who's a methodical drunk - he puts thirst things first.

A clean desk may be the sign of a tidy mind, but it's comforting to recall that the most of nothing is found in a vacuum.

Bud Guest, who most assuredly would beat out his WJR sidekick, Bob Reynolds, in a beauty contest nevertheless feels compelled whenever he makes one of his frequent speaking engagements to apologize for not looking "like you sound." Bud's admittedly no Gregory Peck, but then neither was his father and he generated as much female electricity a generation ago as did Rudolph Valentino.

He may not look like he sounds, but when he speaks it's the same

Bud Guest  
No Gregory Peck

Sunny Side of the Streeter who many of us have enjoyed for nearly 20 years.

Edgar Guest, Sr. did it with what a college English teacher degradingly used to refer to as "jingles" not poetry. His son does it with words, too, but in warm, "old fashioned" stories that younger listeners probably find square and unworthy of comment.

What Bud lacks in looks, he made up with interesting homilies the other night in speaking to members and guests of the Novi Board of Commerce. His stories ranged from recollections of the early years of his children, anecdotes about his grandchildren and peculiar relatives, to a discussion about his new-found hobby, collecting antique stories.

Of all of them, though, the funniest concerned Judge David C. Vokes, who two weeks ago was a guest speaker at the 75th anniversary "Gentlemen's Evening" buffet of the Northville Woman's club. Bud insists it is a true story.

It seems, said Bud, that Judge Vokes is some kind of a health nut. Some time ago he read that the healthiest garment in which to sleep is a night-shirt. So he went out and promptly

bought himself one. Let Bud finish the story:

"And he went to bed and slept like a child... until about half-past 2 in the morning when he's aroused in that farm house of his by the sound of wings beating over his head. He turned on the bed lamp and there's a bat flying around in his bedroom.

"Out of the bed he leaps in his night-shirt, his bare legs hanging out, and races into the next room to get a broom. He comes flying back into the bedroom with the broom - or on his broom - to battle the bat. With the first swish of the broom - as luck would have it, he cleaned off the top of his bureau.

"Now he's mad. The bat's laughing at him. He wacks at him with a pretty good sock and the bat flutters and drops to the bedroom floor. He falls away at him a half-dozen more times and he comes to rest with the broom on top of the bat, pinning it to the floor. Now he wants to know if the bat is dead. Well, how's he gonna learn that? He's gonna have to pick up the broom, which he does.

"As soon as that broom came up that bat came to life. And it flew

up UNDER the night-shirt. And he says there was some fierce excitement. Ever since that night the judge has been a pajama man. Now he's not as healthy as he might have been."

Bud concludes his story by pointing out that Judge Vokes, now serving his fifth term on the Detroit common pleas court bench, is the only "pajama man I know who goes to bed at night wearing bicycle clips."

Judge Vokes  
A Pajama Man

# Can Riots be Controlled with New Laws?

LANSING—Can riots be controlled? If new riot-control laws could do it, Michigan could be free from uprisings. The truth of the matter: laws can be passed more easily than they can be implemented and enforced.

Twenty-seven bills have already been introduced in the current legislative session to deal with rioters. These proposals would:

—Make it a felony to interfere with a fireman in performance of duties.

—Consider a person killed by a mob the same as one who was lynched, holding people in the mob equally guilty of first degree murder.

—Classify as a felony any attempt to

obstruct or resist police, abuse or molest militiamen in riot area.

—Carry penalties for failure to disperse from a mob when ordered or to refuse to help in suppressing a riot.

—Make participation in a riot punishable by a minimum five-year sentence.

—Prescribe conditions under which police may stop, question and detain for two hours.

—Stiffen penalties for attempting to escape while under arrest.

—Describe circumstances under which "suspicious" persons can be searched.

—Broaden sections of law dealing with explosives.

—Increase penalties for attempted murder, assault, entering without breaking, malicious burning, intent to maim or disfigure, rob and steal while unarmed.

Many crimes, formerly considered "misdemeanors," are classified as felonies under the proposals. Conviction of a felony carries a sentence of more than a year.

If voted into law, these proposals must be implemented and enforced. This may prove difficult. There simply are not enough police, courts and jails to quell rioting through legislation alone.

If the people of our state do not support law and order because they believe it

is the right thing, legislative action has little value.

AN INCREASE in hit and run accidents may result from the new implied consent law which requires drivers to submit to a chemical test for alcohol level or lose their licenses. This is the worry of traffic safety officials. Detroit police report a higher-than-average number of such accidents in the last two months of 1967. A study of records for the whole state is underway.

The situation becomes more difficult when you realize that conviction for hit and run in minor accidents often carries less penalty than drunken driving.

The test seems to work. In the first two months after it became law, it was given to 1,384 drivers. Of these, 996 showed blood alcohol levels above the .15% allowed under law. Five were unable to take the test because of physical conditions, one was found to be under the influence of barbituates, and 149 refused to take the test at all.

Serious problems exist in dealing with those who appeal conviction of drunken driving. Secretary of State James M. Hare, whose office is charged with handling these convictions, asked for \$60,000 to finance the operation. The legislature did not appropriate the sum, apparently concluding the office

should use previously appropriated funds.

Hare considers his staff is handling an "impossible situation" in dealing with these cases. A backlog of 160 cases has already built up because of a shortage of help and equipment. The problem is more severe because of a ruling by Attorney General Frank Kelley that the procedure must be the same as in a court and the same, complete records must be kept.

BULLETINS for blind Michigan citizens are published quarterly by the Michigan Council of the Blind, and are available free of charge. Articles include information on pending legislation for sightless people at state and federal levels as well as recent laws which affect them. Agencies which assist the blind, ideas to help them help themselves and information about new gadgets is also printed.

Subscriptions are free and should be addressed to Miss Evelyn Weekerly, editor, The Michigan Council Bulletin, 3711 Henry Street, Apt. 113, Muskegon 49441. Specify either print or braille.

Michigan ranks second among states in per capita manufactured exports, according to the U.S. Department of Commerce. The latest Commerce study also shows Michigan ranks fifth among states in total export volume. The Detroit metropolitan area moved ahead of Los Angeles into second place in exports of manufactured goods, the report concluded. Copies of the full report are available for 50¢ from the Detroit Field Office, 445 Federal Building, Detroit 48226.

**Roger Babson**

## Economic Squeeze Threatens Farm Industry

Babson Park, Mass.—Between 1940 and 1965, the nation's population increased from 132 million to about 195 million... a gain of almost 50%. During this same period, our farm population declined from 30 1/2 million to less than 13 million... a drop of nearly 60%.

About 100 years ago—when we numbered not much more than 30 million people—some 60% of all Americans lived on farms. Today our farm population is less than 7% of the total. In the late 1800s and in the forefront of the present century, the exodus from farms to urban and suburban areas was gradual as the U.S. shifted from an agrarian to an industrial society. But since 1940, the pace has been vastly accelerated... as farm efficiency soared.

Now, normally when productivity increases, earnings also rise, in step, or more. But this has not been true of farming during the past quarter century or so. Our national income has multiplied eightfold since 1940... bal-

looning from \$81 billion to \$653 billion. Net farm income, however, has made only about a threefold gain... from \$4.2 billion to \$14.6 billion. And the farmer's share in the national income has dipped from 5.2% to 2.2%!

Despite this severe income squeeze—and the increasing displacement of manpower by machines—farming is still the nation's Number One employing industry. We have over 5 million farm workers... or more than the total work force in the transportation, public utilities, auto and steel industries combined. Yet the number is declining each year as capital in the form of mechanical power, machinery, fertilizer, and bought feed, seed and livestock are increasingly substituted for manpower and farm-produced inputs.

For several years the average investment per farm worker has been rising steadily. Some observers feel it is now significantly above \$25,000. This means that an investment of as much as \$100,000 may be required for a farm big enough to yield a

net money income of only about \$4,000. Farms once large enough to produce a decent living for their family owners are now simply too small. So the owners have had to get out of farming if they could not enlarge their farms and/or their investment in them.

Administration after administration has proposed remedies calculated to improve the farmer's lot and boost his income, but farmers are still a long way from receiving anywhere near parity prices for what they produce and market. As we move deeper into this presidential election year, diminished purchasing power of the American farmer presents a serious economic and social challenge to the nation

...a problem which directly affects the comfort and happiness of several million farmers and ex-farmers in rural areas, and one that involves the stability of our largest single industry.

As the squeeze has tightened, farmers have showed renewed interest in market bargaining arrangements as supplements to, or replacements for, national farm programs. However, the possibilities of improvement through such arrangements are at best limited because of the very diversity of farm production and the consequent inability to exercise sufficiently tight control over market offerings.

MEANWHILE, the impact of the

| 7. Have you taken time out to evaluate your talents and limitations? | ( ) | ( ) |
| 8. Are you consistently alert to ways of improving your work?        | ( ) | ( ) |
| 9. Can you take criticism without becoming angry?                    | ( ) | ( ) |
| 10. Do you take good care of yourself physically?                    | ( ) | ( ) |

DESIRABLE ANSWERS: All should be YES.

SCORING: 9 to 10 correct answers: Your personality has all the prerequisites for success in your ventures. "The difference between failure and success is doing a thing nearly right and doing it exactly right." (Edward C. Simmons.)

5 to 8 correct answers: You are efficient and capable. Very likely you succeed in those things in which you are very much interested. "We can do anything we want to if we stick to it long enough." (Helen Keller)

2 to 4 correct answers: We suspect you of having a sloppy attitude toward life. Success is not a part of your thinking. "The surest way not to fail is to determine to succeed." (Richard Sheridan)

0 to 1 correct answers: It seems obvious that you have a "don't care" attitude. Perhaps you agree with Anthony Hawkins who said, "Who wants to get on? ... It is only changing what you are for something no better."

Here's the Answer

# Moderation Means Secret of Living To Angina Victim

It's how hard you do a thing rather than how long that causes the pain of angina; this applies not only to physical activity—running for example—but massive meals, excitement and emotional blow-offs.

In other words, the secret of living with angina is moderation, says a new booklet, "If You Have Angina," issued by the American and Michigan Heart associations.

Many Americans suffer from angina, which manifests itself with recurring pain, ranging from discomfort to agony, usually in the chest, but sometimes in the arms, neck, jaws or upper back. Most anginas are caused by a partial blockage in the arteries that feed the heart, a condition which also underlies most heart attacks. The two conditions, however, are not the same.

Written in simple terms, the 12 page publication emphasizes that only doctors can diagnose angina. Some persons who have recovered from a heart attack develop angina, many do

not; while many have angina without ever having had a heart attack.

Angina occurs when the supply of blood to the heart is not sufficient to meet its needs. Because digestion, like exercise, makes the heart work harder, the booklet suggests lighter meals, "perhaps four instead of three a day, and rest afterwards."

A section headed "A Miracle Drug," describes nitroglycerin as able to work wonders in easing anginal pain. Patients should be very sure to carry the drug at all times for emergencies. Angina frequently may be alleviated by medical care, or vanish completely "even after it has been with you for a long time."

The booklet is available free on request to the Michigan Heart Association, 13100 Puritan, Detroit, Michigan 48227, a Michigan United Fund agency or its local offices in Ann Arbor, Battle Creek, Birmingham, Flint, Grand Rapids, Jackson, Lansing, Saginaw, Traverse City.

**Special CARPET**

**— HEAVY-DUTY CARPET —**  
Made of DuPont 501 Nylon with double back.

No pilling or fuzzing...Extra long wearing.

Completely installed with tackless installation and sponge rubber pad.

**Schrader's**  
111 N. Center Northville 349-1868

Sq. Yd.
