FULL PRODUCTION NEAR—Half-way through their move from Detroit to giant new headquarters on Nine Mile road just east of Novi road, ABC Photo Finishing com-

pany and related corporations have already begun limited operations. Full scale production, ABC's president Warren Coville said Tuesday, is expected to begin

within a month. Besides the processing of amateur films, the plant houses chemical sales, consulting, and data processing operations.

Proof Someone Cares

What Good's Probation?

EDITOR'S NOTE—The following article was written by Dennis R. Dildy, new appointed chief probation officer of the Northville Municipal Court. Subsequent articles will be submitted by Dildy outlining the function of the new department of the city's court.

The city of Northville and its citizens are currently working on many different levels and approaches such as school programs, recreational programs, youth guidance services and now, probation agency services, to help our youth and young adults to achieve their full potential within our community and society.

On first view, one may be tempted to think that only a small minority of our community will ever need the services of the probation agency now to be established as a part of the Municipal City Court; and yet a survey taken by Presi-

dent Johnson's 1967 Crime Commission shows that 91% of a sample from all parts of society demonstrates that "...they might have been put in jail... for things they had done..." at one time or another. The ones we see caught most often, however, are those we call juvenile delinquents.

At one time it was thought that certain kinds of youth, who did certain things, were on their way to becoming delinquents. Actually, as Edwin Lemert indicates in his essay on "Juvenile Justice—Quest and Reality", there are no factors isolated to be a sure indicator of delinquency. Today any child of any up-bringing can find himself in trouble on the wrong side of the bench. Luckily, most youths outgrow their pre-delinquency and low disrespecting stages. But the few who are caught for the first time, and the repeated violator, stand in need of concerned human beings.

In Northville, the Probation Department hopes that concerned people will

be Volunteer Probation Sponsors. For as Lemert also says: "The harassed juvenile court judge is not a father; a half-way house is not a home; a reformatory cell is not a teenager's bedroom; a cottage matron is not a mother".

What Is Probation?

Technically 'probation' is a system of letting young offenders or first offenders of the law go free without receiving punishment to which they are sentenced, unless they commit a further offense. Ideally during this time, the probationer would receive guidance and positive alternatives to his problems as he meets them, his character change being continually evaluated from time to time and reported back to the court up to his time of release from this testing period.

This alternative program of the court, as opposed to sending the offender to jail, can be a key factor as

Teacher View of Year-Round School

'Helps Student Experience'

EDITOR'S NOTE—Following is the third of a series of articles on the year-round school concept, which currently is receiving a good deal of attention in Michigan as school districts face critical financial problems that ultimately can affect the education of children.

"Of course our schools should be in session all year. Most of the 'reasons' given against it are nothing but excuses.

"What is so bad about our schools that youngsters should not attend more than 180 days each year? If some parts of the school experience are so bad that students and teachers can't endure a longer or different schedule, then perhaps we should look for that which is so bad and try to correct it."

This is one teacher's response to the current interest in year 'round school operation. He is now on a year-'round schedule, working for a county intermediate district that involves him with teaching, counseling, and program development.

While his work schedule is longer, and his salary larger than most teachers on the conventional school schedule, his response is similar to that of other teachers questioned. Teachers usually weigh the idea with a view of improving

the school experience for students.

This view differs from the motivation behind the current and growing interest in the four-quarter year 'round plan. Reports from Lapeer, Portage, and Ann Arbor all stress the financial advantages of enrolling only 75-percent of the total enrollment during any one quarter of a four-quarter school calendar.

One point usually made by classroom teachers and counselors is that any relief that might be gained in the present crowded schedule and curriculum, such as a summer term, should provide the student with opportunity to take courses he might need and want but cannot get under present conditions. The elective subjects—home economics, industrial arts, art, and business education—are usually mentioned as courses that many students must by-pass to keep in step with the sequence of courses and to meet college or graduation requirements.

This particular difference in objectives, improvement in the students' programs or financial efficiency by reducing the number of youngsters enrolled for any one quarter of a four-quarter year, might be resolved by some permissiveness on attendance during a fourth quarter.

This appeared to be the intent of a bill introduced in the Michigan House

last year. The bill proposed amending the Michigan School Code to read: "Any district may divide its school term into four quarters of 60 days each quarter. Pupils shall be required to attend three of the four quarters but may attend all four quarters."

If such a measure became law, it would provide local districts with permission to adopt the four-quarter calendar and the authority to schedule students for attendance for any three of the four quarters. It also would protect the student's right to attend the fourth quarter, which might satisfy the educators who view an extended school year as opportunity to provide a higher quality school experience.

Educators voice concern with the optional fourth quarter, noting that students could use it to graduate at an earlier age. Those graduating today who do not go on to college find it difficult to obtain employment. Graduation at an even earlier age, they argue, would make the problem of finding employment even more difficult.

Such a measure written into state law might prove critical, for the teacher's willing cooperation is important to thorough exploration and discussion of the schedule, before any attempts to implement such a schedule.

City Holds Up Taft Road Paving For School OK

An interesting bit of inter-play between the city council and board of education has left the fate of the proposed Taft road paving suspended in indecision.

Monday night the council took the position that it will pave Taft road this summer ... if the school board agrees to pay the full front-foot cost at its junior high school site.

Similar assurances have been obtained from the Thompson-Brown company, owners of the majority of the Taft frontage.

An exchange of communications between the council and school board seems to have created confusion in the Taft road paving matter. Originally, the board sought a formal request from the city along with proof that Thompson-Brown would pay a 100 per cent assessment.

But in its reply to the council's request for school participation in the project the board added a qualifying sentence to its position statement.

Specifically, the board stated that it "would be willing to participate in the cost of paving Taft road ... subject to change of position based on the method of assessment".

Monday night the council took a dim view of this reply. With Mayor A. M. Allen and Councilwoman Beatrice Carlson absent Mayor Pro Tem Del Black stated that he was not ready to spend money on engineering (estimated at \$6,000) until the school board gives positive assurance that it will pay 100 per cent of the cost in front of its property.

In an obvious reference to the school board's installation of a sewer line serving the junior high school site Councilman Charles Lapham agreed and noted that "at least our road will be up for competitive bids".

City Manager Frank Ollendorff defended the board's position, however, noting that an agreement to participate in the cost had been given. He said he did not interpret the reply as meaning the school might drop out if it doesn't agree with the method of assessing private property owners on Taft road.

"I think you're asking more of the school board than other property owners", said the manager. He later acknowledged, however, that both the council and the board had requested the same assurances from Thompson-Brown.

Councilman Wallace Nichols was more outspoken. "Frankly, I don't think how we assess private property owners is any of their (the board's) business. But the plain fact of the matter is, if the school won't pay its share, we can't afford to pave the street".

It was finally agreed that the city manager would obtain a "broader explanation" from the school board re-

garding its position. Engineering approval was postponed.

Although a final decision has not been reached, the council appears to be near agreement in establishment of a new city-wide assessment policy for street improvements.

Best bet is that the percentage of assessment for all street improvement projects in all portions of the city will be somewhere between the 25 per cent used in original city areas and the 100 per cent now applied to newly-annexed city portions.

Petitions containing 27 signatures

from residents of Northville Heights subdivision (north of Amerman elementary school) were read Monday night. They opposed the dual system of assessments and urged 100 per cent assessments for all property owners for new paving.

In other Taft road business Monday night the council tabled the matter of sidewalk installation and rejected a planning commission suggestion that the intersection of Taft and Eight Mile road be moved some 300 feet eastward to coincide with the intersection of Randolph and Eight Mile.

Recreation Budget Going Up in '68

The 1968-69 budget for the Northville recreation department was presented to the city council Monday night by Director Robert Prom. It won approval, despite a hike to the city coupled with a reduction to the township.

Prom explained that city and township support of the program is based on percentage of use. "Until three years ago the ratio of city-township participation in the recreation program was 60-40", he noted. During the last two years the participation by city residents has grown to 67 per cent.

To meet higher costs, give some wage increases and provide more equipment for the various recreation pro-

grams Prom presented a budget of \$19,940 for the coming year compared to \$16,911 last year.

The city's share will be \$12,120.30 and the township's \$5,969.70. Last year the city paid \$9,303 and the township \$6,202. Registrations account for \$1,250 and rental of the recreation building brings in another \$600.

Registration fees for residents will be hiked from 75 cents to \$1.25 and for non-residents from \$8 to \$10.

Year-Round Study to Open

The first meeting of the Year-Round School Study committee will take place Monday in the board of education room, 405 West Main street, beginning at 8 p.m.

Topping the agenda will be the Northville board of education's charge to the committee, selection of the sub-committee chairmen, and a brief meeting of the subcommittees.

Purpose of the latter get-together is to determine the desired immediate direction and scheduling of the first subcommittee meeting and work session.

The meeting is open to the public.

Job for Jack

The annual Michigan Week celebration in Northville will be chairmanned again this year by Jack W. Hoffman, managing editor of The Record.

Appointment was confirmed by the city council this week. The week-long state tribute is held in May.

RIISING FAST—Stepped up timetable for King's Mill townhouses between Northville road and the

parkway drive calls for total occupancy of the proposed 450 units within two years. Already, 120

units have been started. Of these, 60 are now occupied and by March 1 the total will jump to 85.

Township Polls Moved

Clerk Eleanor Hammond is reminding township residents this week that both precincts for all registered voters are now located in one place: the gymnasium in the basement of the old junior high school building on Main street. Previously, precinct one residents

(west of Sheldon road) voted at the community building. Precinct two polls were at the former township hall building on Franklin road.

Clerk Hammond said the new arrangement provides more room for voters and is more convenient for

election workers tabulating results. Parking is provided at rear of the building near the entrance to the gymnasium.

First test of the new polls will be the special Detroit Edison "franchise election" slated for April 29.

Carol Werdehoff Wears Velvet for Ceremony

Newly wed Mr. and Mrs. Ray Edwin Graham now are making their home in Plymouth. The bride is the former Carol Louise Werdehoff, daughter of Mr. and Mrs. Albert B. Werdehoff, Jr., 919 Carrington drive. Her husband is the son of Mrs. Patricia Greenhoe of Novi.

The couple exchanged vows in a candlelight ceremony January 20 at the altar of Northville First Methodist church, which was adorned with white gladioli and chrysanthemums. The Reverend S. D. Kinde officiated.

The bride's floor-length gown of velvet was cut on A-lines with a high neckline and long sleeves. A fur headpiece held her full-length veil. She carried a white fur muff to which was pinned a

nosegay of white carnations and red sweetheart roses.

Susan Werdehoff, who was maid of honor for her sister, wore a floor-length gown of deep red velvet with a scoop-neckline and long sleeves. The Empire waist was accented with a satin ribbon which formed a bow in back. Her headpiece was a matching Dior bow of red velvet. She also carried a white fur muff adorned with white carnations and pink sweetheart roses.

Ted Budek was best man. Charles Laraway, brother of the bridegroom, ushered.

A wedding trip to Niagara Falls, Canada, followed.

Sentiment Plays Part In Miller-Perry Rites

Marguerite Miller, daughter of Mr. and Mrs. Willis Miller of West Grand River, became the bride of Dewey Perry in a 2 o'clock ceremony Saturday, February 17, in the Northville Presbyterian church. The bridegroom is the son of Mr. and Mrs. D. D. Perry of Atlanta, Georgia, who attended the

wedding with their daughter, Julia. The Reverend Lloyd Brasure officiated at the double ring ceremony. A reception followed at the home of the bride's parents.

Given in marriage by her father, the bride wore an Empire-styled gown with a white lace bodice and long sleeves. The skirt was of bridal satin. The bridal gown and those of her attendants as well as the bride's mother's dress were made by the bride's sister, Mrs. Sheridan Hawk, who was matron of honor.

The bride's fingertip veil was held in place with a crown of seed pearls and lace. This as well as the headpieces of the attendants was made by the bride's mother. The bride carried a bouquet of white carnations.

Two other sisters of the bride, Janeen and Pamela, were bridesmaids. The attendants' gowns were pink, fashioned in lines similar to the bride's gown, only with short skirts. They carried matching pink carnations.

Best man for the bridegroom was Captain Sheridan Hawk. Stanley Arzechowski and Harry Dekoning seated the guests, who attended from Livonia, Farmington, Novi, Detroit and Atlanta.

After a honeymoon at Niagara Falls the newlyweds will be at home in an apartment at 46489 West Grand River. The bride is employed at Star Cutter in Farmington and her husband is with U-Haul in Novi.

Mr. and Mrs. Ian Richard MacDonald

Sisters Attend Bride Vicki Lonn

Vicki Lonn, daughter of Mr. and Mrs. Victor O. Lonn, 40733 Appolo road, became the bride of Ian Richard MacDonald in a double ring ceremony January 19 in Dunning Park chapel, Detroit.

The bridegroom is the son of Mr. and Mrs. Archie MacDonald of Royal Oak. For the candlelight ceremony at which Mr. James Wallace officiated the church was decorated with gladioli and chrysanthemums. John Hyde sang, and Gayle Cramer was organist.

Escorted down the aisle by her father, the bride wore an A-line gown of tissue taffeta with nylon overlay. It was fashioned with a portrait neckline and long sleeves that extended in points at the wrist. Lace applique adorned with seed pearls outlined the Empire bodice.

The design matched the petal-crown headpiece that held her shoulder veil. She carried a cascade bouquet of white stephanotis and carnations centered with a white orchid and tied with long streamers.

Patricia Lonn, sister of the bride,

was honor maid in a floor-length gown of ruby-red velvet. She carried a cascade bouquet of deep pink carnations centered with red roses. Mrs. Robert Annett and Elizabeth Lonn, also sisters of the bride, wore gowns matching that of the maid of honor and carried deep pink carnations.

Greg MacDonald was his brother's best man while Bob Swickle and Dave Steel ushered.

Victor J. Lonn escorted his mother down the aisle. For her daughter's wedding she chose a pink suit-dress ensemble and patent accessories. Mrs. MacDonald wore a yellow brocade matching coat and dress with patent accessories also. Both mothers wore white orchid corsages.

The bride is a 1965 Northville high school graduate now employed at the Visual Arts corporation in Berkley. Her husband is a 1963 graduate of Kimball high school in Royal Oak and is employed at the VKR corporation, a division of Detroit colortype company.

The newlyweds are making their home in Birmingham.

Wixom Slates Dance

The annual spring dance sponsored by the Wixom Chamber of Commerce will be held on March 2 at the UAW Local 36 union hall, beginning at 8:30 p.m. and lasting until 1 a.m.

Music will be provided by the Harmonica Hi-Lites who have played at the previous two chamber sponsored dances.

Special feature of this year's dance is the theme: "Wearing of The Green". Party hats and favors will be furnished to all persons attending. Refreshments will be served throughout the dance and at Midnight sandwiches will be served.

Tickets are available from all chamber members and from the Wixom General Store, Flowers by John, and at Aunt Jemima's Kitchen.

The union hall is located at 28700 Wixom road, across from the Lincoln plant.

Seek Volunteers For Cancer Work

An urgent appeal for volunteer help is being issued by the Plymouth service branch office of the Michigan Cancer Foundation. The office serves the Northville-Plymouth area.

Cancer pad cutters are needed. The office says even an hour a week in a simple cutting operation will help. Anyone interested may call Mrs. Louis Dely, 453-0151, to arrange a time.

In Our Town

By JEAN DAY

MEMBERS OF Northville's Base Line Quarters society will arrive at next Monday's meeting bearing antique curiosities for a "show and tell" program.

Hostess for the dessert meeting at 1 p.m. is Mrs. Robert Bretz, 47133 Nine Mile road. Members have been asked to bring novel items from their own collections — either to explain or to glean information from fellow members' antique lore.

Mrs. Paul Beard, president, announces that the by-laws committee has completed proposed revisions which will be presented at the meeting and then voted upon in March.

Today two cars of Quarters members are going to Toledo to view the Toledo museum's exhibit of VanGogh paintings. Many, according to Mrs. Thomas Lovett, trip chairman, are from private collections and rarely on public display.

Mrs. Robert Froelich and Mrs. Glenn Jordan already have driven to Toledo to see the exhibit and report it is well worth the trip. Mrs. Froelich adds that the museum also has fine VanGogh reproductions available — she acquired four.

A POSSIBLE conflict with the World Day of Prayer program next Friday, March 1, is being eliminated by Northville Woman's club. Mrs. Elroy Ellison, woman's club president, has announced she will delay the start of the meeting a few minutes so that members can attend both functions.

The Understudies, a repertory group from the Hilberry Classic theatre sponsored by Wayne State university, will present a program that is to be another high light of the club's 75th year celebration. Advance arrangements have been made by Mrs. Hiram Pacific. Mrs. Leonard Klein will introduce the Hilberry company.

Because of the group's growing

reputation, the woman's club board by request voted to have the meeting be a guest day.

(Incidentally, Mr. and Mrs. Arthur Hempe of Fanner court west, have been serving this season as sponsors of the Hilberry classic theatre at Wayne.

Rosa Lee Hempe reports that the productions are "remarkable" and also are popular with their son Bob, who was enthusiastic about last weekend's production of Hamlet.)

Four new Woman's club members were announced at last Friday's Youth Day meeting. They are Mrs. Paul Butz, Mrs. Calvin Chen, Mrs. William Davis and Mrs. Jack Dewsbury.

ALL WOMEN of the community are invited to participate in the annual World Day of Prayer program from 1:30 to 2:30 p.m. next Friday in Northville Methodist church.

It is being sponsored jointly by the women of the host church and of the Northville Presbyterian and the Willowbrook E.U.B. - and Methodist churches. Mrs. Paul Beard, chairman of the Northville Methodist women, says she feels there is special inspiration in knowing that women all over the world will be meeting and giving the same prayers for the needs of the world.

TOWN HALL last Thursday morning brought out a full crowd of members, many in bright-colored winter costumes as if to defy the temperature. Mrs. George Merwin, transportation hostess to the speaker, Willem Oltmans, wore a tiny gold angel on the shoulder seam of her bittersweet wool coat.

Just back the night before from a three-week vacation in the Virgin Islands and the British West Indies was Mrs. Nelson C. Hyatt, of Northville Estates, a luncheon hostess.

The Nelson C. Schraders of Orchard drive returned last weekend from a trip south. After meeting friends and spending a week sightseeing and sampling the French food of New Orleans, they flew on to Fort Lauderdale and Naples, Florida.

Announce Engagements

Brenda Lee Seeley

Susan Kaye Turner

Mr. and Mrs. Harold Seeley, of West Bloomfield township announce the engagement of their daughter, Brenda Lee, to Dennis Esper, son of Mr. and Mrs. Gregory Esper of Dearborn.

The bride-elect is a graduate of Albion college and currently is teaching in the Wayne community schools. Her fiancé received his B.S.M.E. from Western Michigan university and now is with Ford Motor company.

A June wedding is planned.

Mr. and Mrs. Lloyd Turner, Jr., 43767 Park Grove, announce the engagement of his daughter, Susan Kaye, to Jeffrey A. Connelly. The bride-elect also is the daughter of Mrs. Joseph Co-vietz of Milford. Her fiancé is the son of Mr. and Mrs. John Connelly of Milford.

The bride-to-be is a 1966 Northville high school graduate and presently is completing her final year at Oakland community college. Her fiancé was graduated from Oakland community college in 1967 and is employed by the Michigan Consolidated Gas company while attending Eastern Michigan university.

An April 26 wedding is planned.

Women Plan Prayer Day

Annual World Day of Prayer services will be held at 1:30 p.m. March 1, the first Friday in Lent, at Northville First Methodist church.

The observance is sponsored jointly by the women of the Methodist, First Presbyterian, and Willowbrook E.U.B.-and-Methodist churches.

Participating in the event, which dates from 1887, will be groups in 126 countries and territories of the world. Prayer for the needs of the world and giving for world-wide missions are the primary purposes.

Chairmen for World Day of Prayer local arrangements are Mrs. Paul Beard, First Methodist; Mrs. Leon Blackburn, Willowbrook E.U.B.-Methodist; and Mrs. John Moorhead, First Presbyterian.

Orientation

For Frosh Set

An orientation program for all students who will become Northville high school freshmen next fall and their parents will be held Tuesday in the high school auditorium beginning at 7:30 p.m.

Discussion will include selection of classes, and explanation of high school programs by department chairman and other members of the staff. Following these, a tour of the high school will be conducted.

Officials emphasize that both incoming freshmen and their parents are invited to attend. This includes, they point out, students transferring from parochial schools and those graduating from Northville and other junior high schools.

Novi Approves School Pool

Installation of a coin-operated pool table in Novi high school was approved by the board of education last week.

Upon the request of the high school girls' physical education teacher, Miss Florence Pangborn, the board granted permission to have the pool table installed on a trial basis in the school for use by students during lunch periods and after school hours.

Receipts from the table will be shared by the rental firm and the school's student council. Play will be under faculty supervision.

Most board members agreed to a trial period, noting that playing pool in the school constitutes a far healthier environment than in a private business place.

Acting President Bruce Simmons opposed the table's installation at the school, pointing out that children already have enough "outside interests" to take their minds off study.

TOWN HALL COMMITTEE members pause with Dutch journalist Willem Oltmans who discussed world trouble spots Thursday in the third program of the current season. From left are Mrs. Nelson

Hyatt, luncheon hostess; Mrs. Robert Brueck, TH chairman; Oltmans; Mrs. Duane Butler, luncheon reservations; and Mrs. Wilson Tyler, theatre hostess.

SLEEPING BEAUTY—Mrs. David VanHine as the good fairy waves her magic wand as she and Mrs. Roger Rinaldi, the queen, and Mrs. Jack Maas, the nanny, rehearse their roles in the upcoming four performances of "Sleeping Beauty" to be staged by the American Association of Univer-

sity Women in the Plymouth high school auditorium Saturday at 9:30 and 11 a.m. and at 1 and 2:30 p.m. An original script, based on the age-old favorite, was written by the AAUW play group members, which includes this Northville trio.

News Around Northville

Northville Senior Citizens club will meet at 6:30 p.m. Tuesday for dinner and a social hour in the fellowship hall of First Presbyterian church.

Three new officers were elected to the board of the Northville Swim club at the annual meeting last week. Elected to three-year terms were Kenneth Dodds, Dave Bery and Harry Weiser. The annual report was presented by Bernard Bach, retiring president.

James Straus of Beck road recently returned to his home after a 10-day stay at St. Joseph's hospital, Ann Arbor, where he underwent surgery. He will be confined to his home for quite some time and will welcome friends' calls.

World Day of Prayer will be observed at the next meeting of the Plymouth chapter of the Woman's Christian Temperance Union at 1 p.m. Friday, March 1, at the home of Mrs. Howard Baker, 9224 Oakview street, Plymouth. All interested women in the Northville-Plymouth area are invited to attend, especially younger women who would like to know more about the work of the group.

The Retail Merchants Division of the Northville Chamber of Commerce met this morning at 8:00 a.m. (Thursday) at Lapham's Men Shop.

Bill Cerroni, owner of the Paris Room Beauty Salon spent Sunday, Monday and Tuesday last week attending the International Beauty Show at the Sheraton Cadillac Hotel, Detroit.

The featured speaker at the show was Vidal Sassoon, a hair stylist with an international recognition for being a trend-setter in the field.

In Town Hall Lecture

Reporter Raps War Policy

Washington, D.C., was pinpointed as "our worst trouble spot" by Dutch correspondent Willem Oltmans at Northville Town Hall last Thursday.

"Nothing else is so bad for Americans than the fact that they can't believe their own government," the speaker declared, illustrating what he termed the "mess" in Washington with President Johnson's State of the Union message that the South Vietnamese were being brought under control. Four weeks after, he continued, 37 cities were taken over by the Viet Cong.

Oltmans, as foreign correspondent for Dutch and Belgian papers, has traveled to Asia, Africa and Cuba with his Dutch passport—and cosmopolitan viewpoint — to garner first-hand opinions.

Americans, he said, do not "sense" the Asian mind or philosophy. Commenting that administration mandates about Asia "make no sense," Oltmans related this to Walt Whitman Rostow's lack of knowledge about Asia. Rostow, he added, has served as principal advisor on Asia to both the late President Kennedy and President Johnson.

Among American blunders in the past is Cuba, he continued, stating that three months before the Bay of Pigs invasion he had gone on record warning the American Congress that there would be no uprising of Cubans against Castro.

He warned Thursday that "there are 10 times as many Russian missiles in Cuba now as there were before the Bay of Pigs, but you won't hear again about Cuban Communism because America can't do a thing about it."

In Indonesia, the Netherlands-born, Yale-educated journalist declared, Communists are "working around the clock ... you hear nothing because it would be confusing."

"The day will come," Oltmans predicted, "when we will find out that no torrent of dollars—or rubles, for that matter—will buy friends."

"We're breeding hate by keeping these crooks (such as head of the Indonesian oil company) in power," Oltmans told his full-house Town Hall audience.

The Pueblo, he said, was another situation in which Americans "made fools of themselves."

The Communists, he warned, choose the spots, the time to make their gains. The United States, in Oltman's opinion, should never put men on the mainland of Asia. There are now 550,000 American fighters without protection and supplies, he continued, "who can never do the job the President assigned."

"If Vietnam is settled, you will be extremely surprised to be confronted with another Vietnam somewhere else in Asia."

"Americans must stop thinking in terms of power ... You cannot conquer Asia and get them to do what you want ... Leave them alone."

At the celebrity luncheon following at the Mayflower Meeting House in Plymouth Oltmans told members that "China is the mischiefmaker in Asia today; and, we are not defeating Communism in Asia."

"China is as sick as Japan was in 1945 ... Why don't we destroy Chinese nuclear installations and immobilize them for a number of years?"

Oltmans warned that the United States should not wait until China develops her nuclear weapons. He emphasized that "the Chinese sense of superiority is greater than that of the Germans before World War II ... the Chinese have a philosophy loose of material things; spirit and religion are strong."

On other topics:

"The racial situation in the United States is out of focus in the world (if Africans could see how three million American Negroes live here, you would have three million more if they could be admitted.)"

His ultimate hope for peace in the world: When all people can live together as human beings regardless of color.

Mentioning that he had talked with Jim Garrison last week in New Orleans regarding his investigations of President Kennedy's death, Oltmans questioned why there have been no further Congressional probes.

Pointing out that a recent Gallop poll indicated over 70 per cent of the American people don't believe they have been told the truth by the government,

Sally Winner Wears Wings of Stewardess

Miss Sally Ann Winner, daughter of Mr. and Mrs. Gilbert Winner, 24005 Heartwood street, has been awarded the silver wings of an American Airlines stewardess and has now been assigned to flight duty out of New York City. She received her wings as a graduate in the first class this year at the American Airlines Stewardess college, Fort Worth, Texas.

Miss Winner, who was born in De-

troit, graduated from Northville high in 1965. She attended Central Michigan university.

Prior to joining American Airlines, she was employed at the Ford Motor company in Wixom.

She is 5'3" tall with brown hair and blue-green eyes.

Miss Winner studied more than 100 different subjects during her seven weeks' training at American's Stewardess college. Subjects ranged from make-up and grooming to in-flight food service and theory of flight.

1-Card of Thanks

Our heartfelt thanks to all of our friends and relatives for the many kind remembrances extended during our recent bereavement. Our thanks also to Rev. Kinde for his help and kindness and to the Lloyd H. Green Post #147 American Legion and to the Casterline Funeral Home.

The Fred A. Walker family

We wish to express our appreciation, to all the wonderful friends for help given us during the illness and loss of our husband, father and grandfather. Sincerely,
The Bradley Family H8p

I would like to thank each and everyone who helped out while I was in the hospital.
Mrs. Marie Black H8cx

I wish to thank friends and relatives for the gifts, visits and cards I received during my stay in the hospital.

What Good's Probation?

Continued from Page One

to whether or not he is ever again involved in a crime.

Some research has shown that court processing in some ways helps to fix and perpetuate delinquency. This is especially true if a child is sentenced for a term on his first appearance in court, and his view of himself now is "confirmed" by society that he is a criminal and so he acts like one, leading to further involvement with the court.

How Can the Volunteer Probation Sponsor Help?

In the city of Northville's Probation Department, as in other similar state-city set-ups, there would be a need for one volunteer sponsor adult to every one offender on probation. The role of the probation volunteer would be two-fold: 1-To give guidance to the probationer; 2-To keep the court informed of the probationer's progress.

The specific work done under each of these two headings would be dependent upon the factors involved in an individual case. While it would be expected that the volunteer contact the probationer in person at least once every month, the volunteer would have the unlimited services of the court judge and the chief probation officer of the city of Northville. The volunteer would meet with these people once a

month for communication purposes.

What Are the Qualifications for A Volunteer Probation Sponsor?

Any adult man or woman, may apply to be a probation sponsor. The most crucial qualification is simply a willingness to act as a warm objective guidance counselor based upon your own natural experiences as a human adult, similar to the attitude of a Big Brother or Big Sister program.

The Probation Department hopes to have on call up to at least 50 such volunteers. Similar volunteer sponsors have been found the most effective ways to achieve progress in many different areas such as education. For the last 6 years, Elmont, New York has used successful mothers as volunteer teacher-moms to work one to one with seriously disturbed children in the Elmont school system. These children otherwise could have never been successfully treated in the public schools.

Judge Ogilvie hopes to have as many volunteers as possible apply at the Northville Municipal court office by February 29. The first organizational meeting of these volunteer sponsors will be held early in March. For further details you may write Mr. Diddy, Chief Probation Officer, Northville Municipal Court, Northville.

PUBLIC HEARING

MONDAY, MARCH 4

8:00 P.M.-NORTHVILLE CITY HALL

There will be a Public Hearing at the Northville City Hall on the above date to review the proposed following ordinance:

THE CITY OF NORTHVILLE ORDAINS:

1. That there is hereby created a Sanitary Sewer District, to be known as the Public Schools' Sanitary Sewer District, which shall include all of the following described territory:

Land in the City of Northville, Oakland County, Michigan described as

Part of W. 1/2 of SW 1/4 Section 34, beginning at S.W. corner of Section 34, thence N 0 degrees 42' 45" W. 1764.85 feet, thence S 89 degrees 48' 17" E. 935 ft., thence S 81 degrees 02' 34" E. 123.17 feet, thence N 0 degrees 25' 24" E. 125.28 feet, thence S 89 degrees 34' 36" E. 60 feet, thence S 0 degrees 25' 24" W. 96.42 feet, thence S. 3 degrees 04' 24" W. 400.48 feet, thence S 3 degrees 41' W. 808.89 feet, except that part taken for relocation of Eight Mile Road, thence S. 89 degrees 51' 57" W. 253.21 feet, thence along curve to left, Radius 2964.79 feet, chord bears S 58 degrees 18' 30" W. 326.72 feet, thence S 55 degrees 09' W. 155.54 feet, thence S. 3 degrees 02' 20" E. 48.21 feet, thence S. 53 degrees 01' 23" W. 138.34 feet, thence along curve to right, radius 656.20 feet, chord bears S. 53 degrees 56' 27" W. 21.02 feet, thence along Highway R/W line on curve to right, Radius 656.20 feet, chord bears S. 64 degrees 47' 22" W. 226.31 feet, except that part taken for relocation of Eight Mile Road, thence S 87 degrees 20' 13" E. 33 feet to West Section Line, thence S 3 degrees 02' 20" E. 76.22 feet to point of beginning. -34.11 Acres

2. That at the time of application for a building permit for construction within said District there shall be paid to the City a special tap charge as follows:

A. For each single family residential building a charge of \$280.00.

B. For all other types of construction a charge shall be established by the City Manager, or his agents, said charge to be based upon the single family residential building charge and to be directly proportionate to the amount of sanitary sewage, which will be discharged from said construction as compared with that discharged from a single family residence.

3. This tap charge shall be in addition to the regular sanitary sewer connection charge as established under Chapter 4, Section 402(A) of the Code of Ordinances for the City of Northville, and in addition to the special sanitary sewer connection charge as established under Ordinance #140.

4. The tap charges collected in accordance with this Ordinance shall be paid to the City Treasurer and shall be deposited by him in a separate bank account, and shall be used solely for the liquidation of outstanding liability of the City for the Capital cost of the sanitary sewer located in the Northville Public Schools property, in the City of Northville, which serves the area described in paragraph 1 of this Ordinance.

Martha M. Milne
City Clerk

Year Round School

Continued from Page One

There is some evidence to indicate that the schedule might find support among teachers. There is often competition for summer teaching jobs in those districts having a summer session offering remedial and enrichment courses. Why? "Because the extra pay is good and often badly needed," one teacher said.

Other facts of teaching life support him. A study by the National Education association a few years ago that documented the types of part time and summer jobs teachers held found many working at the low-paying, least desired jobs that industry and business tend to fill with temporary or part-time personnel.

Another feature that has bearing is the increasing number of men in teaching. About six years ago the number of men teaching in secondary schools grew to equal the number of women in high-school teaching positions. With more household heads earning livelihoods from teaching, it reasons that some would prefer to work more weeks per year in their chosen profession, for a larger salary, than a shorter schedule for shorter pay coupled with brief periods of work outside their field.

The question of larger salaries seems no longer an issue. Ray Kehoe, of the University of Michigan's Bureau of School services said, on viewing the continuing drive for higher teachers' salaries in relation to year 'round operation, "During the next five years

we are going to increase teachers salaries by 30 percent. We might as well have their services on a longer work schedule."

If Kehoe is correct, it might be that any savings accomplished by reduced construction and transportation might be wiped out by salary increases, unless the reduced enrollment per quarter permits a comparable reduction in numbers of teachers required.

In any event a four-quarter, year 'round schedule would impose a drastic change on the teacher's pattern of living. Teaching might lose its attractiveness for those who were drawn to it because of the long summer recess. But for the great part those supporting the plan say that provisions can be made to reconcile most differences that would appear.

Contracts could be drawn for three of the four quarters for teachers who do not prefer a full year schedule. This method would serve also for the time teachers need to return for on-campus college study. Continuing study in night and weekend and summer classes is nearly a fixture in the teacher's life now. Any schedule change must consider this.

For a time there would be a heavier burden of work on the entire faculty and on administrators.

With shorter terms, course schedules and materials would have to be adjusted. With more stopping and starting to complete the cycle of an academic year, there would be heavier demands, at least at the outset, to coordinate all the record keeping and operating procedures that have long been geared to two semesters.

An opportunity to get some indication of how teachers might respond if presented with possibility of year 'round schedule appeared last week in Ann Arbor. A school board member asked consideration of the schedule as a possibility of reducing new school construction.

Interviewed by this paper, Donald Newstead, president of the Ann Arbor Education association commented on several of the implications the proposed schedule has for teachers.

"I have an open mind about the idea, which isn't new. I would like to see it investigated thoroughly. Every time we have an election on school finance proposals the criticism is made that the schools only operate part of the year. 'The teachers only work part of the year. Why should they need more money? Why don't they keep the schools open all year?'

"If an investigation by qualified people can answer some of the questions such as: 'Is it cheaper to operate year 'round? Is it better for the community and the children?' If the investigation can provide accurate answers, then I want to see it made."

Newstead has experience with what approximates a year 'round teaching schedule, having taught mathematics for five years in summer sessions. Serving mainly as a remedial program, the summer program enrolls about 1,300 junior high and high school students.

Newstead said that he taught this past summer, his fifth straight, because of a shortage of applicants for summer mathematics instruction.

"I didn't really want to teach the last summer session. It gets quite hot in a room filled with youngsters. With a remedial program, many of the youngsters would rather be somewhere else, out to the lake, or wherever their friends are having vacation fun. It makes for a more difficult teaching scene."

Newstead said that one feature of any investigation of year 'round operation should include an evaluation of teacher performance. He suggests that such an evaluation could be carried out in those schools having summer sessions now by evaluating the teachers who have only two or three weeks break between the end of summer session and the beginning of the fall term.

"I don't have a great concern about the mental health aspect," Newstead said. "But despite how it might appear to those outside the teaching profession, it is a demanding work. Teachers need time away from the classroom to get 'charged up' again to do their best work. This is one of the things that such a study should investigate. Is there a decline in teaching performance without the 'lift' that students and teachers get from looking forward to the summer vacation?"

"If a complete investigation is made and it shows this is the best way, and if a community wants such a school schedule, then, speaking for myself, I don't think teachers would fight it. We're completely open-minded about it, and all for a complete investigation."

Justice Court

A South Lyon man who failed to keep a date in Northville municipal court in July 1966 made an appearance last Friday and drew a sentence totaling \$165 in fines and costs or 27 days in jail after pleading guilty to four different violations.

Thomas M. Wade, a resident of the South Lyon hotel, was cited by state police for careless driving, having no operators license, no vehicle registration, and failure to report a personal injury accident. The complaints stemmed from an accident on Napier road, June 28, 1966.

Wade was arraigned on the charges last Friday after voluntary appearance in the court clerk's office.

After pleading guilty, Wade was sentenced by Judge Phillip Oglvie to fines of \$50 and \$10 costs or 10 days on each charge of careless driving and having no operators license, a \$20 fine and \$10 costs or four days for having no registration, and a \$10 fine and \$5 costs or three days on failing to report.

Among other cases heard last week, John H. Estes, Royal Oak, and Joseph A. Welker, Port Huron, were each sentenced to \$20 fines plus \$5 costs each or five days and \$2 costs after pleading guilty to soliciting without a permit. The complaint was filed by Northville police on February 5, charging that the two were soliciting house-to-house in the 400 block of East Main as representatives of a publisher of encyclopedias.

Clay Sirls, 19351 Gerald avenue, was sentenced to a \$30 fine and \$3 costs or six days, after a guilty plea to being a disorderly person.

Harold W. Ward, 45518 West Eight Mile road, was found guilty of operating a vehicle with improper license plates at his trial last Wednesday. Ward stood mute at his arraignment earlier.

POOL IS THE GAME Cavern club teenagers are playing this week on the professional table delivered last Friday to the club headquarters on West Main street. Watching while Cavern teens, from left, Bob Shafer, Chick VanFlossen, Gary Becker and Leo Cherne try it out are Mothers' club representatives, Mrs. A. L. Wistert, purchase chairman, left, and Mrs. Gordon Forrer, Cavern representative. The table was purchased with funds raised at the Mothers' club Candlelight benefit ball last November.

GIRL SCOUT THINKING DAY, marked by 160 Northville Girl Scouts and Brownies last Saturday morning, receives international emphasis as local scouts don native costumes. Diane Flis, represents England; Sharon Chrishon, Mexico; Jennifer Thomas, India; and Gloria Bland, Switzerland. The program was arranged by Mrs. Richard Brown, a troop leader, to point up the fact that, because scouting is international, scouts can contribute to world understanding.

Municipal Court

A Walled Lake man, who was involved in a collision on East Lake drive early in February that dealt minor injuries to seven occupants of the other car, was found guilty of drunk driving in Novi Justice Court last week.

Judge Emery Jacques sentenced Estelle Hinkle, 3268 Pontiac Trail, to pay a fine of \$100 and \$15 costs or serve 30 days in jail on the charge brought by Novi police.

Among other cases, Louis S. Chrismark, 23980 East LeBost, was fined \$15 after pleading guilty of improperly passing another vehicle on Novi road near Grand River. On a second charge of speeding 45 in a 30 MPH zone, Chrismark paid a fine of \$20.

M. C. McCullings, Detroit, also cited for two violations, paid \$20 in fines and costs for driving on a revoked license and operating a defective vehicle.

Gary R. Pope, Ferndale, pleaded guilty to driving without a Michigan operator's license. His sentence was a \$15 fine plus \$10 costs or five days in jail.

Oliver N. Malloy, 311 Duana, Walled Lake, was sentenced to pay a \$10 fine plus \$10 costs after pleading guilty to speeding 55 in an area zoned for 40 on Novi road.

Dorothy M. Keach, Warren, paid a \$20 fine plus \$5 costs after pleading guilty to operating a defective vehicle.

A Farmington man faced charges of burning without a permit in Novi justice court recently. Cited by Novi police for a violation that took place near 4026 Grand River, Allan J. Frenet of Farmington was sentenced to pay a fine of \$10 after pleading guilty to the charge.

A defective vehicle citation brought, a stiff penalty to Neil D. Farver, Dexter. After pleading guilty to operating a vehicle with defective exhaust, he was sentenced to pay a fine of \$10 and \$15 costs.

A three-day jail sentence was handed down to Richard T. Dice, Westland, for driving while his license was revoked. The sentence included a \$50 fine plus \$15 costs, or 30 days.

Gerald R. Laho, Baraga, was fined \$35 plus \$15 costs after pleading guilty to driving 80 miles per hour in a 55 zone on Grand River.

Phillip A. Ellis, Westland, was fined \$40 after pleading guilty to speeding 55 in the area zoned for 30 between I-96 and Grand River.

Jesse James Thorpe, 125 Wainwright, Walled Lake, received a five day jail sentence after being found guilty of being a minor in possession of alcoholic beverages.

OBITUARIES

FRED A. WALKER
A 45-year-old Northville father, Fred Arthur Walker, 539 Rouge street, died suddenly Wednesday, February 14 at Providence Hospital in Southfield.
Mr. Walker was born September 30, 1922 in Northville to Clayton and Myrtle Walker. His wife, Geraldine, survives him.
A life-long resident of Northville, he was an accountant for the Basic Ready Mix corporation, past commander of the Lloyd Green American Legion, Post 147, and a member of the First Methodist Church of Northville.
Besides his wife, he is survived by one daughter, Eva, two sons, Clayton and Richard, and a sister, Earline Gaffield of Northville.
Funeral services were conducted Saturday, February 17 from Casterline Funeral Home with the Rev. S. D. Kinde, pastor of the First Methodist Church of Northville, officiating.
Burial was at Oakland Hills Cemetery, Novi, under the auspices of the American Legion.

MABLE MILLER
Mrs. Mable Walker Miller, 87 of 21101 Cambridge drive, died Sunday, February 18 at Whitehall Convalescent Home in Novi. She had been ill for the past six months.
Born March 29, 1880 in Detroit, she was the daughter of James H. and Harriet (Burton) Walker. Her husband, Jacob B. Walker, preceded her in death.
A resident of this community for the past 28 years, she was a member of the First Presbyterian Church of Northville, and the Kings Daughters of Northville.
She is survived by one sister-in-law, Mrs. Viola Walker of Northville.
Funeral services were conducted from the Casterline Funeral Home on Tuesday, February 20, with the Rev. Lloyd Brasure, pastor of the First Presbyterian Church of Northville, officiating.
Burial was in Woodlawn Cemetery, Detroit.

ALICE H. CANADAY
Mrs. Alice H. Canaday, 44 of 49449 Pine street, Plymouth, died at St. Joseph Hospital, Ann Arbor on Friday, February 16. She had been ill for the past six months.
Born March 24, 1923 in Grant, West Virginia, she was the daughter of John and Elizabeth (Haught) Morrison. Her husband, Herbert, survives her.
A resident of Plymouth for 24 years, she is survived also by a son, Herbert of Plymouth; two daughters, Mrs. Minnie Ann Watson of Northville and Miss Linda Lee Canaday of Plymouth; two sisters, Mrs. Martha Sharp of Northville and Mrs. Betty Carpenter of Abundale, Florida; and four brothers, John Morrison of Clearndon Hills, Illinois, Charles Morrison of Fairmont, West Virginia, James Morrison of Export, Pennsylvania, and Paul Morrison of Woodbridge, Virginia; and one grandchild.
Funeral services were conducted from the Casterline Funeral Home on Monday, February 19, with the Rev. S. D. Kinde, pastor of the First Methodist church of Northville, officiating.
Burial was in Riverside cemetery, Plymouth.

Six Flee House Fire On East Lake Drive

Fire seriously damaged a house on East Lake drive Thursday, forcing a family of six to flee their home.

Except for the time of the blaze, which brought an alarm while the Novi fire department was holding a meeting, the house would have been destroyed. The entire department was enroute to the fire in less than a minute.

According to Novi's Police Chief Lee BeGole, the fire at the Odds Honner home at 1313 East Lake drive, was first noticed about 8:30 p.m. last Thursday. Mrs. Lois Honner said that her nine-year-old son, David, awakened her to say the house was on fire.

David first smelled smoke, then saw it entering the home from under a rear door. The boy woke his mother who gathered three other younger children, including a 10-month infant, and fled the house.

Judge to Speak To Optimists

Northville Municipal Judge Phillip R. Oglvie will be guest speaker next Wednesday at a dinner meeting of the Northville Optimist club.

In addition to Judge Oglvie's discussion of the court and the activities of its budding probation department, the meeting will be highlighted by the awarding of the second Youth of The Month plaque to a Northville high school student. This will be a ladies night program.

The meeting will take place at the Thunderbird Inn where all meetings of the Optimists are held, beginning with a 6:30 p.m. dinner.

Cited for Grades

Thomas Wright, 18, son of Mr. and Mrs. Lawrence Wright, 40241 Fairway III drive, recently was named to the dean's honor roll at Northwood Institute in Midland. A 1967 graduate of Northville high school, he is enrolled in an advertising curriculum at Northwood.

Priced Right and Fully Guaranteed

from the Pastor's Study

Rev. S. D. Kinde
First Methodist Church of Northville

The majority of people I know pray and feel that prayer is helpful. Prayer is a privilege open to everyone. We can pray any time, wherever we happen to be.

Probably the most important prayers of our lives are little sentence prayers, or brief prayers, offered in moments of crisis. We pray for guidance when the whole of our thinking is indistinct and murky, and behold, in a flash the truth is upon us. We pray for protection in times of danger and we become aware that we are not alone to face our problem. We pray that we may be delivered in the time of extreme temptation and there comes an inner strength to stand against the evil. We pray for health in the time of illness and God whispers to us, "My grace is sufficient for your needs." We utter a prayer for our loved ones, and behold, they tell us later of something that makes us realize our prayers were answered. We pray for our enemies and prayer destroys our hostilities.

Regular prayer, daily prayer, pray-

er that becomes a natural expression of a thankful heart, this is all part of a faithful mans life. Prayer in church. Prayer on the highway. Prayer in the office between conferences and consultations—these all have their place in life, and so does that instant prayer offered up when we can not see the next step we ought to take. These are as significant as the longest prayer any devout saint ever offered or uttered.

Pray any time, anywhere, for any purpose (save an evil purpose)—this is the proper pattern of prayer and meets every requirement.

Richard C. Trench once said of prayer, "Prayer is not overcoming God's reluctance, it is laying hold on His highest willingness."

Let us take to heart the words of Him who said, "Ask and it will be given you. Search and you will find. Knock and the door will be opened for you. The one who asks always receives; the one who is searching will always find, and the door is opened to the man who knocks."—Matt. 7:7-8.

Ann Arbor Eyes Year-Round School

(See third of series on year-round school on Page One.)

An Ann Arbor school board trustee proposed Thursday that his district scrap a spring bonding election and substitute a referendum on the establishment of a year-round operation.

William C. Godfrey said his suggestion resulted from a "certain unrest among the people concerning taxes" and their apparent unwillingness to approve more tax hikes for school construction and operation.

It followed a suggestion three weeks ago by the administration that a three-part school bonding proposal—an \$8.5 million total outlay—be put to the voters on May 13.

Arguing against the vote, Godfrey said year-round operation of the schools would "increase our existing schools' capacities by one third," and would have the same effect as building \$18 million worth of new school buildings.

The trustee's proposal also called for an increase in teachers' salaries on a straight line basis, with a one-third increase for teaching 240 days a year instead of the now required 180.

Superintendent W. Scott Westerman, Jr. and several other trustees expressed doubt as to the value of the proposal. They noted such disadvantages as family disruptions regarding scheduling of vacations, increased school maintenance and the possible inability of teachers to adjust to a 12-month school year.

Westerman said that although the

Ohio OKs Year-Round School Bill

The Senate approved bill permitting year-round school operation received the approval of the Ohio House of Representatives last week. The measure passed by a vote of 57-32.

Senate passage of amendments to the bill by the House was expected soon to speed the bill to the governor for signature.

The measure had failed to win enactment in three previous sessions of the legislature.

Passage in the House followed more than an hour of floor debate during which former school administrators warned that adoption of permissive quarterly or tri-semester systems would be disruptive to pupils and teachers.

Representative Barry Levey, co-sponsor of the year-round bill, argued that the new system would permit up to 50-percent more enrollment in existing facilities with little additional operating cost over a two-year period. "It will help schools without room or funds for additional facilities," he said.

Representative Mark C. Schinnerer, a former school superintendent, disagreed. He said costs would be high, families would be inconvenienced during vacation periods and he asserted "any superintendent who put it into operation would lose his job."

PRAY FOR PEACE

Precious Gift

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a schoolhouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

She's a lucky little girl. Though she's only five years old, she knows how to pray. It is perfectly natural for her to kneel by her mother's side at bedtime and "talk to God."

She has a head start over children who have never experienced this kind of communion. For there are many youngsters throughout our land who have never learned to pray, simply because no one has ever taught them. For that matter, she's ahead of a good many grown-ups, too!

No one, of course, is ever too old to learn how to pray. But those who learn young are fortunate, for constant prayer builds a faith that will sustain them all their lives. Give your child the gift of prayer by taking him to church, by enrolling him in church school, and by listening to his prayers at home, each and every night.

Wildcats Cop First Loop Tilt

It's been a long, hard season for Novi's basketball Coach Jim Ladd, but he's probably wishing secretly that the season was a little longer.

Winless in their first nine starts, the Wildcats shed their doldrums and roared to their first conference triumph Friday at Grass Lake, 57-52, and then came on strong in the final two quarters Saturday only to lose to one of the league's strongest teams, Columbia Central, 77-63.

Hustle and an improved defense were key factors in Novi's victory over the Warriors, who earlier in the season throttled the Wildcats here, 75-61.

"We played much better—all around — than in the Roosevelt game where we had the lead and then blew it. We didn't lose the ball on our mistakes but we managed to force them into a few mistakes," said Ladd.

Lanky Jon VanWagner, who led Novi in scoring with 24 points, seemed to jump higher, blocking important Grass Lake shots that had an unsettling effect on the host five. VanWagner hit 11 of 14 from the field, and Gary Boyer came up with several key steals in the final stanza.

Novi jumped off a 15-13 first quarter lead, treaded water through the sec-

ond to maintain a two point edge at the intermission, 26-24, and then rocked the hoop for 17 points in the third quarter while limiting Grass Lake to 10 points.

The Warriors battled back in the final stanza, out-scoring the visitors, 18-14, to shave the final margin to five points.

At the free-throw line, Novi had a decided edge, flipping in seven of 13 shots while Grass Lake managed only four of 11. Novi scored only one more field goal, however, 25 to 24.

Back home Saturday night, the Wildcats spotted the Golden Eagles a 26-point lead in the first two quarters of action and then roared back to out-point the visitors by 12 in the final half. The rally, though pleasing to partisan fans, fell far short of overtaking the hot-shooting Eagles.

The quarter scores were 24-14, 50-24, 61-45, and 77-63.

Columbia hit for a 69-percent clip during its first-half blitz. Guard Bruce Coeffelt led that attack with 20 points. But he scored only four points in the final half.

VanWagner nearly duplicated his Friday night performance, firing nine baskets and two charity points to lead his squad in scoring.

The Eagles picked up 30 field goals to Novi's 25, and flipped in 17 of its 25 free throws for 68-percent. The Wildcats hit fairly well at the free throw line, though off the visitor's pace, coming up with 13 of 23 attempts for a 56-percent clip.

In their first meeting of the season, Columbia defeated Novi, 69-48.

Local Wrestlers Host Tourney

Seven Seniors will be making their final home appearance this Saturday when the Mustang wrestlers host the league tournament to decide individual and team championships.

The Mustangs, winding up their second winning season in a row, are in contention with Clarenceville for the team title and have several men who should contest for individual titles in the championship round.

The seniors include heavyweight Dan Conklin, Bob Baber, John Tam, Rick Sukow, Don Sass, and Marty Richardson who have established themselves as top competitors.

The Mustangs dropped their last dual meet, 27-21, last Thursday against an improving Willow Run squad that saw a few close matches go to the Flyers for the narrow margin in team points. Mark Griffin (95), Bob Baber (120), John Tam (127) Don Sass (145), Dan Conklin (hwt.), all were winners for the Mustangs.

The preliminaries for the Saturday tournament begin at 1:00 p.m. Consolation finals start at 6:30, with the championship round scheduled to start at 8:30.

Novi JV Quintet

Drops Two Straight

Novi's junior varsity quintet watched a 12-point halftime lead go down the drain Friday night as Grass Lake rallied to win in the final two quarters, 69-63.

That loss was followed by an even more disastrous one the following night when Columbia Central bulldozed over the local JV's, 84-44.

Picking up 18 points in the first quarter and 20 more in the second, the junior Wildcats led Grass Lake, 38-26 at the intermission.

Grass Lake bounced back in the third stanza, however, firing an even two-dozen points to Novi's 12, thus setting the stage for the decisive fourth quarter.

Rick Hill picked up 20 points for his team's losing cause. Next high for Novi was Doug Schott with 16 points.

The Novi JV's simply were no match for the Eagles Saturday night as the

Northville Slips to Second Lakers Clip Mustangs, 58-53

Waiting too long before launching its rally Friday night, Northville's varsity quintet dropped a crucial 58-53 contest to West Bloomfield and slipped to second place behind the pace-setting Lakers in the Wayne-Oakland League race.

Both teams have two remaining games, but the Lakers' schedule appears to be the toughest, thus prompting Northville's Coach Dave Longridge to comment, "There's still hope."

While the Mustangs are entertaining Holly here tomorrow night, West Bloomfield will be tangling with its arch-rival, Bloomfield Hills, on the Barons' court. Early next week, the two teams will wind up regular season competition with the Lakers hosting Clarkston Wednesday, February 28, and Northville hosting Clarenceville Thursday, February 29, in a make-up game.

Going into tomorrow's games, West Bloomfield leads the pack with a 9-2 record and Northville holds down the second place position with an 8-3 record.

The Lakers will have to get by the Barons tomorrow if they hope to retain the W-O lead. To do so, they'll give away the advantage of home-court action and take on an opponent that is camped in third place tie with a 6-5 record. The Barons will be particularly tough, trying to make up for their humiliating loss to last-place Brighton Friday.

West Bloomfield's opponent next week — Clarkston — has been getting stronger as the season progresses. Two weeks ago the Wolves, now in fifth place with a 5-6 record, knocked off the red-hot Mustangs in a double-overtime triumph.

Northville's final two opponents — Holly and Clarenceville — though considered less formidable nevertheless cannot be considered lightly. Clarenceville is tied with the Barons with a 6-5 record and Holly is locked in a two-way tie for last place with Brighton at 3-8.

Colts Win Another Gulp...Spine-Tingler

Northville's Colts squeezed out a one-point, double-overtime win over West Bloomfield last Friday night to get by a tough obstacle enroute to top place in the league.

Coach Bob Kucher's five won it with a steal by Fred Holdsworth and a pass to Jim Penrod who made the big two points to shove the Colts in front.

The winning basket was Penrod's sixth field goal, with all 12 points coming at crucial times.

Penrod came into the game in the second quarter, after two men were in foul trouble as a result of the pressing defense the Colts mounted all the way.

The score was tied 50-50 at the end of regulation time, 54-54 at the end of the first overtime.

Kucher had praise for guards Rich Adams and Terry Mills for helping the Colts keep their poise in the pressure contest. Mills came up with a stingy

defensive effort that held West Bloomfield's top scorer to one point in first half. Along with a good floor game, Rich Adams hit for seven points, with two big free throws coming in the second overtime.

Ron Hubbard again led the scoring with 21 points, getting 11 in the fourth quarter and overtime periods.

Lakers came back with a duplicate effort, giving them a 51-42 lead at 5:19.

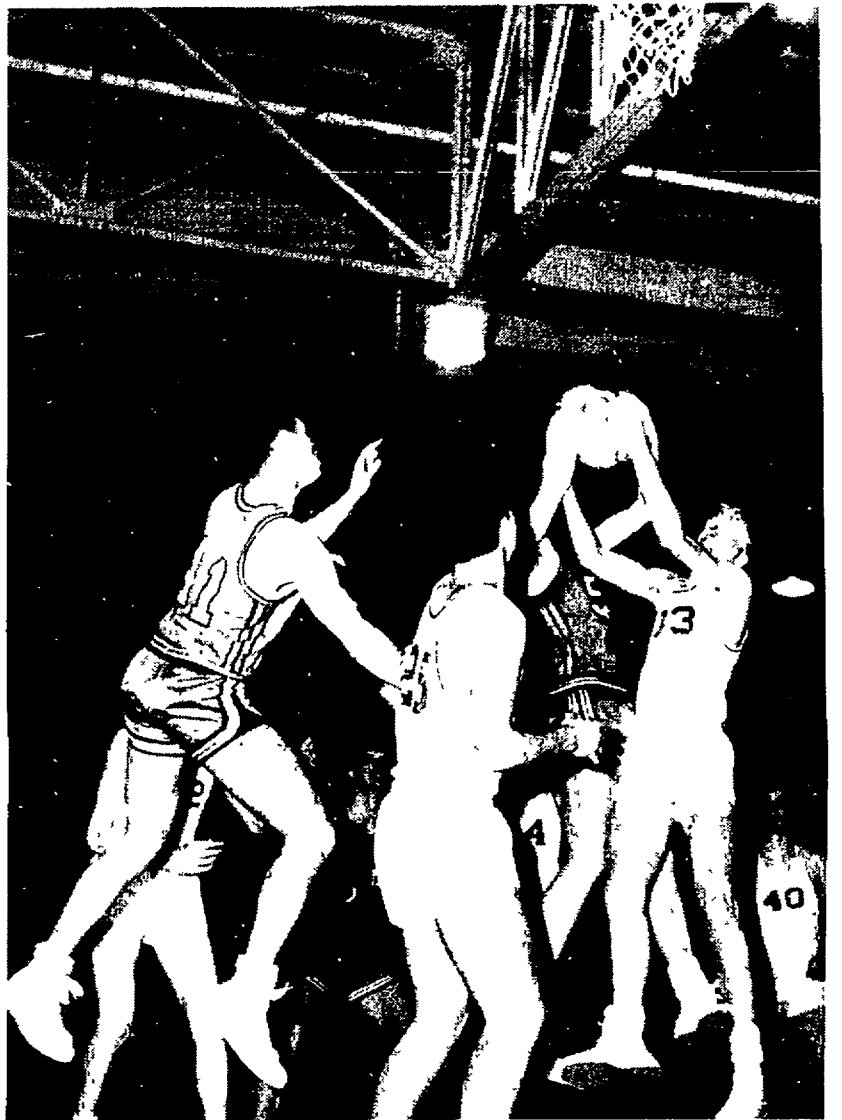

Another rally starting at the 4-minute mark pushed the Mustangs to within two points of the Lakers. The score was 53-51 with 3:14 to go. Two free throws in the final minute of play, however, was all Northville could muster, in the remainder of the game.

In a game marked by some rough play that apparently escaped the attention of officials, West Bloomfield took advantage of early shooting accuracy to build a comfortable lead that eventually proved decisive. The Lakers hit on 22 of their 46 shots for 47 percent, while Northville could manage only 19 of 51 attempts.

At the free-throw line, the Mustangs converted on 15 of 21 attempts, while the Lakers came up with 14 points in 18 tries.

Big Dave Karlson, who was involved in several scrapes before he finally fouled out in the final two minutes of action, led his squad in scoring with 15 points. Randy Pohlman took scoring laurels for the Mustangs with 19 points.

In other W-O action Friday, Holly edged Clarenceville, 50-45, Clarkston defeated Milford, 69-58, and Brighton upset Bloomfield Hills, 61-52.

Mustangs — Lakers Fight for Possession

'Slim' Classes Start Monday

The spring session of the Woman's Slim and Trim classes will begin Monday at 8 p.m. in the Ida B. Cooke junior high school gymnasium, Recreation Director Robert Prom announced this week.

Registrations for the 10-week series, costing \$6 per person, may be made at the beginning of the first class or by mailing the registration check to the Northville city hall.

Each class involves about one-half hour of exercises and 1 1/2 hours of volleyball.

Women wishing additional information are asked to call Prom at FI 9-2287.

Official Minutes of the Northville Board of Education

Minutes of the Regular meeting January 8, 1968 — The meeting was called to order by President Eugene Cook at 7:32 p.m. in the Board of Education Offices at 405 West Main street, Northville, Michigan.

Members present: Mr. Eugene Cook, President; Mr. Stanley Johnston, Vice President; Mr. Glenn E. Deibert, Secretary; Mr. Richard Martin, Treasurer; Mr. Robert Froelich, Trustee; Mr. James Kipfer, Trustee; Mr. Andrew Orphan, Trustee, Mr. Raymond Spear, Superintendent, Mr. Earl Busard, Business Manager.

Administrators present: Mr. F. Holdsworth, Mr. D. Van Ingen, Mr. H. Smith, Mr. M. Jacobi, Mr. R. Stafford. Teachers present: Miss F. Panattoni, Miss L. K. Edgerton, Mrs. R. Luitink, Mr. R. Rusche, Mr. J. Hyde. Visitors present: Mrs. K. Edgerton, Mr. W. O. Zabell.

President Cook declared that a quorum was present and directed the board to proceed with the regular order of business.

President Cook indicated two communications to be added to the agenda:

1. Communication - Northville township Supervisor.

2. Communication - Card of thanks. Communication No. 1, letter from R. D. Merriam, Township Supervisor was directed for inclusion under Communications, Item 6a, on the agenda for discussion and possible action.

Motion No. 68-154 by Mr. Johnston, supported by Mr. Orphan, that the agenda be adopted as amended. Motion carried.

Mr. Orphan requested that paragraph 3, page 5, of the Minutes of December 11, 1967, be stricken from said Minutes as this may be inaccurate information; the paragraph worded as follows: "According to Mr. Orphan, this Planning Commission meeting disclosed the proximity of other future housing developments within the District, also."

Motion No. 68-155 by Mr. Orphan, supported by Mr. Kipfer, that the Minutes of December 11, 1967 be approved as corrected. Motion carried.

Secretary Deibert noted a letter from Mrs. Robbie Durbin, requesting release of contract effective January 5, 1968.

Secretary Deibert read a letter from Mrs. Ida B. Cooke, expressing appreciation for the honor of having the new Junior High school named the Ida B. Cooke junior high school.

Secretary Deibert noted a letter from the Michigan State Board of Education, calling attention to its joint policy statement with the Civil Rights Commission on equality of educational opportunity and a Resolution by the State Board supporting an open housing bill in Michigan.

Secretary Deibert called attention to a memorandum from the Michigan Association of School Boards indicating their Annual Spring meeting will be held in Ann Arbor, Michigan, on Friday, March 8, 1968. Arrangements for registration should be referred to Superintendent Spear.

Secretary Deibert reviewed a letter from the National School Boards Association which presented information relative to their Annual Convention scheduled for March 30 through April 2, 1968, in Detroit.

Secretary Deibert summarized a letter from Mrs. Marian Sullivan, stating her desire to return to her assignment on a part-time basis following a health leave of absence granted her on October 24, 1967.

Secretary Deibert read a letter from the Northville Township Supervisor in which he notified the Board of Education of the Township's desire to cancel its lease agreement for the property at 16860 Franklin Road as of January 5, 1968.

Motion No. 68-156 by Mr. Kipfer, supported by Mr. Johnston, that Mrs. Robbie Durbin be released from contract effective January 5, 1968. Motion carried.

Superintendent Spear was directed to write a letter of "appreciation and regret" to Mrs. Durbin.

Motion No. 68-157 by Mr. Kipfer, supported by Mr. Orphan, that Mrs. Marian Sullivan be reinstated as a teacher in the Northville Public Schools School District, effective immediately, contingent upon a letter from her physician as to her readiness to return to work, with her renewed contract terms to be determined by the Superintendent in accord with her return to work on a full-time basis. Motion carried.

Motion No. 68-158 by Mr. Froelich, supported by Mr. Deibert, that teaching contracts be approved for Miss Barbara LaBeau, Mrs. Frances Caughey and Mrs. Betty Knapp. Motion carried.

Mr. Busard, Business Manager, informed the Board of Education of the agreement between the Township of Northville and the School District for lease by the Township of property located at 16860 Franklin road, Northville township, until 1969. Mr. Busard confirmed that the property has been vacated and the keys to same turned in.

Motion No. 68-159 by Mr. Johnston, supported by Mr. Martin, that the Township of Northville be excused from lease of the property located at 16860 Franklin Road, Northville Township, for the balance of its agreement with the Northville Public Schools School District. Motion carried.

Motion No. 68-160 by Mr. Martin,

supported by Mr. Froelich, that Bill Warrants and Payroll be approved as follows: General Fund - \$234,276.82; Bookstore \$313.19; Building and Site \$166,228.94; Cafeteria Account \$8,391.12; Stadium Fund \$340.08; TOTAL: \$409,236.96. Motion carried.

A brief review of the Budget Report for December 31, 1967 indicated the following statistics:

38.2% of the Total Budget Expended to Date

88.3% of the Total Budget Expended or Encumbered

81.0% of the Total Budget Unexpended Balance Encumbered

19.0% of the Total Budget Unexpended Balance Unencumbered

The Board gave consideration to the scheduled 28th Annual Convention of the National School Boards Association to be held in Detroit, March 30-April 2, 1968. Board members noted the request for several categories of assistance during the Convention and concurred that the Board could send one or two interested Senior High School students to act as messengers. Mr. Froelich pointed out the value of learning while serving if the opportunity were offered for a student, or students, to attend. President Cook directed that the matter of student attendance at this Convention be left to the Superintendent's discretion.

Superintendent Spear informed the Board of Education that the dedication of the Ida B. Cooke Junior High School is scheduled for January 28, 1968, at 2:00 p.m. The Superintendent presented the board with a tentative program for this dedication for their review and consideration.

Mr. Martin presented a brief oral report on his, Mr. Orphan's and Superintendent Spear's attendance at a meeting of the Northville Township Planning Commission held on December 28, 1967, at which time Thompson-Brown Company requested rezoning of acreage for a proposed development of 91 units, both multiple and single dwellings, north and south of Six Mile road near Bradner Road. At this meeting, Mr. Carey, President of Thompson-Brown, indicated the donation of a 10-acre site on the south side of Six Mile road to the Northville School District as a school site. Mr. Martin pointed out that details of the meeting had been well covered by the newspaper.

Board discussion revealed that no provisions have as yet been made for a school site to serve future development on the north side of Six Mile road. Mr. Cook requested that Superintendent Spear arrange for Mr. Carey's presence at the February 12, 1968 meeting of the Board of Education to pursue further discussion along these lines.

In additional comments to the Board, Superintendent Spear reported contact with representatives of two other development companies indicating a total of five potential building projects now in the community.

Brief reference was made to a Report submitted by Mr. Donald Oakes, Management Consultant, on the Economic Impact of the Thompson-Brown Unit Development on Northville Township, in that some statistics presented therein appeared to be questionable. Mr. Cook indicated future reference to this report is indicated.

President Cook called attention to a memorandum from the Superintendent in which Mr. Spear reviewed past and present thinking of the board relative to a memorial honoring the late Edward Angove, member for one and a half terms on the Northville Board of Education.

Because Mr. Angove displayed keen interest in athletics during his tenure on the board, it was suggested that a fitting tribute to his memory would be a dedicatory plaque in his name at the new Northville High School Swimming Pool. It was pointed out that the pool would be known as the Northville High School Swimming Pool although dedicated to Mr. Angove.

Motion No. 68-161 by Mr. Johnston, supported by Mr. Kipfer that the Northville high school swimming pool be dedicated to the memory of Mr. Edward Angove with an appropriate plaque installed so indicating this dedication. Motion carried.

Subsequent comments by Mr. Froelich indicated the desirability of developing a board policy listing concepts and/or criteria governing dedications, naming of schools, and other similar conditions. President Cook concurred in the need to establish some guidelines in this area. Superintendent Spear was requested to develop a recommended policy covering this concern.

Superintendent Spear initiated discussion of the Year-Round School Program by informing the Board of results of a telephone survey on January 5, 1968, which indicated 14 of 26 school districts contacted are considering the Year-Round School concept. Board members' suggestions included an objective approach to a concept best suited to Northville, not necessarily bandwagon in nature with other districts; completion first of a study to determine direction and ramifications with regard to tax dollars, parochial schools in the District and general economics involved; a patient, thorough study but with some adherence to a time schedule suggested by the Superintendent.

The board accepted an outline prepared by Superintendent Spear as guide-

lines for areas of consideration in the Year-Round School study, along with proposed establishment of a Steering Committee and subcommittees on Research; Concept and Implementation; Pupils, facilities, Staff and Finances; Survey and Publicity. Mr. Spear indicated that if committees were established in accordance with his outline, representation would involve 7 board members, 9 administrators, 19 teachers and 26 citizens, with the president of the Board of Education and the superintendent acting as ex-officio members of all subcommittees.

Board members indicated their preference to serve on the various committees outlined by Mr. Spear. Audience response to requests for committee volunteers was unanimous.

Names of possible citizen committee members were submitted to Mr. Spear by board members. Mr. Zabell, Principal of St. Paul's Lutheran School, suggested from the floor that contact be made with the Principal of Our Lady of Victory school and, in turn, laymen of both churches for possible committee participation in the Year-Round School Study.

Business Manager Busard informed the board of education that sale of 1956 Chevrolet 4-door sedan, procured by the District from Federal Surplus in 1966, has been completed. The title to this equipment was transferred to the highest bidder for the sum of \$35.

In an oral report by Mr. Busard, the board was informed of \$11,000.00 additional reimbursement revenue which would be forthcoming to the District as a result of a revision in reporting expenditures for transportation for 1966-67. Since this \$11,000 was not included in the auditor's figure of \$14,000 of revenue earned over expenditures last year, the amount of revenue earned over expenditures should be increased to \$25,000.

Superintendent Spear reported on the status of the position of Curriculum Coordinator, indicating that 23 letters of interest had been received with 14 resulting applications filed. According to Mr. Spear, the screening committee, composed of five building principals and two teachers, has reviewed the applications of 14 candidates. Mr. Spear subsequently consolidated comments of all committee members and submitted same for review and recommendation by the committee. The Superintendent indicated the screening process would narrow the candidates to two or three applicants and invited review of these by the Board Subcommittee on Administrative Affairs.

Business Manager Busard reported on the status of the District's building program:

--Main Street School: relighting completed; Architects preparing estimates for proposed additional remodeling; teachers' committee submitted proposals for renovation of gym, said report being reviewed by Administration.

--New Junior High School: School is complete except for minor interior corrections and adjustments yet to be made; bids on bleachers received and recommendations to be made at next Board meeting; final completion of shop expected within week to 10 days; exhaust for kiln in art room, which was overlooked by Contractor, will be installed this week; folding door corrections are being made as required by Contractor; locker installation completed this week; combination locks master-keyed to High School system have been ordered, to enable student use through Junior and Senior High School; lighting layouts in 10 days.

--High Schools: carrels installed, ready for occupancy this week; completion of shop expected this week; continuing work on swimming pool with completion anticipated March 15 to April 1, some progress at the bus compound until work stalled by cold weather, although installation of transformer for lighting expected within 10 days.

--Moraine School: Corrections to folding doors being investigated to insure proper resealing.

Mr. Busard provided information to the board relative to approved or anticipated approval of reimbursable programs for 1967-68, indicating total anticipated Vocational Education revenue would be \$14,701.00 and total Special Services reimbursement would be \$27,620.00.

Vice President Johnston opened a discussion of the Waterford School site and building by indicating the advisability of taking immediate action on the disposition of the building and/or land involved. Mr. Johnston suggested three alternatives for consideration: 1) Raze building and consider land as part of adjacent parcel already owned by the District. 2) Sell land as one parcel together with the building. 3) Retain land contained in the site and either raze building or offer it for sale and removal from the site. It was recommended that the property contained in the .88-acre site be retained and the building be sold and removed from the premises, leased, or demolished.

Motion No. 68-162 by Mr. Orphan, supported by Mr. Froelich, that the building known as the Old Waterford School, located at 16860 Franklin road, Northville Township, be advertised for lease or for sale to move or demolish. Motion carried.

Motion No. 68-163 by Mr. Martin, supported by Mr. Deibert, that the parcel of land described as Lot No. 15, Plat

No. 1, Section 32, Northville Township, containing .88-acre and site of the old Waterford School, be retained by the Northville Public Schools School District. Motion carried.

Superintendent Spear presented excerpts from Board Minutes of November 28, 1966, wherein the Board of Education adopted a Resolution requesting the Board's membership and participation in the Southeast Michigan Council of Governments, in connection with Board consideration of an Intergovernmental Agreement and Resolution for full membership in the Southeast Michigan Council of Governments. Mr. Kipfer indicated he had been in contact with officers of the Council on two occasions and provided information relative to the Southeast Michigan Council of Governments. Superintendent Spear summarized the purpose of such membership in the council as benefits resulting from consultations with other units of local government in southeast Michigan "as to policies, problems, and plans that are of mutual interest and concern."

Mr. Martin registered concern that the board is confronted from time to time with commitments made by previous boards and questioned the advisability of establishing similar commitments by the present board which were not anticipated and for which funds were not allocated in the Budget. It was pointed out that the obligation for membership in the Southeast Michigan Council of Governments is on a year-to-year basis.

Motion No. 68-164 by Mr. Froelich supported by Mr. Johnston, that the Agreement and Resolution with the Southeast Michigan Council of Governments be adopted as presented. Motion carried, with Mr. Martin abstaining. (Appendix I to these Minutes).

President Cook indicated an added agenda item was an expression of appreciation from the family of the late Mrs. Lenore Upthegrove.

There being no further business, the meeting adjourned at 10:00 p.m.

Glenn E. Deibert, Sec.

The meeting was called to order by President Eugene Cook at 7:30 p.m. in the Board of Education offices at 405 West Main street, Northville, Michigan.

Members present: Mr. Eugene Cook, President; Mr. Stanley Johnston, Vice President; Mr. Glenn E. Deibert, Secretary; Mr. Richard Martin, Treasurer; Mr. James Kipfer, Trustee; Mr. Andrew Orphan, Trustee, Mr. Raymond Spear, Superintendent, Mr. Earl Busard, Business Manager. Members absent: Mr. Robert Froelich, Trustee.

Administrators present: Mr. Fred Holdsworth; Visitors present: Miss L. K. Edgerton, Mrs. K. Edgerton, Mr. Art Adams, Mr. G. V. Harrison.

President Cook declared that a quorum was present and directed the board to proceed with the regular order of business.

Treasurer Martin indicated that he would be absent during the month of February, 1968, and requested President Cook to appoint an Acting Treasurer for the purpose of auditing monthly reports during his absence. President Cook appointed Mr. Andrew Orphan as Acting Treasurer during the month of February, 1968.

Motion No. 68-165 by Mr. Johnston, supported by Mr. Kipfer, that the agenda be adopted as amended. Motion carried.

Secretary Deibert summarized a letter dated January 9, 1968, from Mr. Robert Stafford, Principal of the Amerman Elementary school, requesting release of contract effective the end of the first semester, 1967-68 school year.

Secretary Deibert paraphrased a letter from Miss Florence Panattoni Chief Negotiator for the Northville Education Association, requesting an organizational meeting with the District sometime in the month of February.

Prior to board action regarding Mr. Stafford's request for release of contract, Mr. Martin questioned whether Mr. Stafford "is under contract," in light of Mr. Stafford's statement that he was not legally under contract. Superintendent Spear assured the board that Mr. Stafford is under contract although Mr. Stafford's proviso for recognition of an Education Specialist Degree Equivalency was denied when the board approved his present contract. Mr. Spear indicated that Mr. Stafford had been informed by letter on June 27, 1967, of board action relative to his contract and requested proviso. Mr. Martin and Mr. Orphan questioned the worth of a contract as such if it were binding only upon the district and permitted the other party to terminate the agreement upon request during the life of the contract. Mr. Cook and Mr. Johnston suggested the main purpose of a contract is to protect the individual and set forth the terms under which he is employed by the school district.

Superintendent Spear pointed out that it is not uncommon for a request for release of contract to be presented when the requesting party is seeking professional advancement; further, it is his best judgment that when it is within reason, such release be granted for the benefit of all concerned although the board retains the right to accept or reject the request.

Motion No. 68-166 by Mr. Johnston, supported by Mr. Kipfer, that Mr. Robert Stafford, Amerman School Principal be released of contract effective

January 29, 1968, as per his letter of January 9, 1968. Motion carried, with Mr. Martin abstaining.

Motion No. 68-167 by Mr. Orphan, supported by Mr. Kipfer, that the budget for the 1967-68 school year be revised as presented in Reference No. 3, Motion carried. (Appendix I to these Minutes).

Motion No. 68-168 by Mr. Kipfer, supported by Mr. Johnston, that the Bid for Bleachers, Scorer's Table and End Ralls for the Bleachers at Cooke Junior High School be awarded to McFadden Corporation in the amount of \$3,871.00 installed. Motion carried.

Mr. Busard reported on the status of arrangements for exterior lighting at Moraine School, Cooke Junior High School, and the bus compound. The Business manager informed the board that in accordance with board action of an earlier date, the Administration had received proposals from the Detroit Edison company relative to exterior lighting on the above-mentioned sites, and that the District could expect completion of these lighting projects 30 to 45 days following administration approval of the proposed layouts. According to Mr. Busard, the cost to the district will be \$4 per month for each 175 watts of light.

In discussing plans for overhead exterior wiring at the Moraine school, the board did not object to this procedure but requested the business manager to further investigate the feasibility of Edison's utilizing underground conduit at the Moraine site prior to a definite commitment on overhead wiring.

The administration pointed out the possible need for more exterior lighting at other school sites in the district, and was directed by President Cook to explore the need for additional lighting at Amerman School and the Main Street complex, in conjunction with existing plans for exterior lighting at areas designated in this report.

In an oral report to the board, Superintendent Spear informed the board that he and Business Manager Busard spent four hours in conference with Mr. Robert Carey, President of Thompson-Brown Company, on January 22, 1968, discussing Thompson-Brown's proposed housing development on Six Mile road near Bradner road. Mr. Spear indicated Mr. Carey would be available at the February 12, 1968 board meeting and requested board members to determine what specifics they wish to discuss with Mr. Carey at that time. The superintendent reported that after reviewing Mr. Carey's publicly stated intent to donate 10 acres to the Northville Public Schools School District in the area to be developed on the south side of Six Mile road, it was his opinion that the District could count on this if Thompson-Brown is permitted to develop the full area as planned. The donation could be either the 10-acre site previously chosen by the Board for an option agreement, or one more centrally located near that portion of the acreage designated for parks.

Mr. Spear pointed out the urgency of a board decision on a preferred location for the free school site in order for Mr. Carey to proceed with purchase of the land parcel containing the chosen school site.

To aid the board in its decision, Mr. Spear cited projections of student population to an elementary school on either of the suggested school sites offered by Thompson-Brown. The Superintendent expressed a preference for the more centrally located site under consideration, which could accommodate an elementary school with a projected enrollment of 700 pupils. Mr. Spear pointed out that no discussion was concerned with Thompson-Brown development north of Six Mile road and a possible school site in that area, inasmuch as no major development is anticipated there until 1969-70.

Following his report on Thompson-Brown's proposed Six Mile road development, Superintendent Spear referred to Thompson-Brown plans to construct

60 single-family housing units south of Eight Mile road and west of Randolph street during the latter part of 1968, as well as plans for 54 single-family dwellings north of Cooke Junior High school and 52 west of Taft road, with a test section of 255 multiple dwellings to be started sometime in 1969. In addition, Mr. Spear pointed out other proposed developments by Slatkin on both sides of Center street to Nine Mile road, and by Greenspan on Six Mile road south of the Thompson-Brown development.

Mr. Spear expressed personal responsibility to see that the Board anticipates potential housing development programs within the school district and their approximate impact on the School system, thus moving to provide adequate classrooms for pupils in order to avoid a crisis of half-day sessions, utilization of teacher lounges for classrooms and/or similar measures.

Relative to the foregoing oral report by Mr. Spear, Mr. Martin called attention to a comprehensive study on school financing recently completed by the State of Michigan. Mr. Spear indicated the availability of a copy of the summary report on this study for board review. Superintendent Spear commented on a statement in the summary report which noted that, of 900-plus school districts in Michigan, Northville was one of 107 which met three major criteria for existence of a school district: 1) K-12 program; 2) enrollment of 2000 or more; 3) SEV per pupil not less than \$13,000.

President Cook indicated the addition of two items to the agenda:

1. Soliciting of Bids - Waterford School building.

2. Communication - Waterford School building.

President Cook directed the administration to proceed with Mr. Busard's proposal for soliciting of bids for the purchase for demolition for salvage, or removal from its present site, of the former Waterford School building located in Northville Township, at 16860 Franklin road. (Appendix II to these minutes)

President Cook requested that the party in communication relative to the Waterford School building be advised to proceed with his offer through bidding procedures outlined by the Business Manager in Added Agenda Item 1.

President Cook announced that the Board of Education would move into executive session concerning negotiations, additional site acquisition comments, and personnel matters immediately following adjournment.

There being no further business, the meeting adjourned at 8:45 p.m.

Glenn E. Deibert, Sec.

Minutes of the Special meeting January 22, 1968, 11:00 p.m. All members of the Board of Education being present, action was taken to call a special meeting of the Board of Education at 405 West Main street, Northville, Michigan.

Motion No. 68-169 by Mr. Johnston, supported by Mr. Kipfer, that a Special Meeting of the Board of Education be called at 11:00 p.m. at 405 West Main street, Northville, Michigan, for the purpose of appointing a Curriculum Coordinator.

Roll Call Vote: Ayes: Mr. Kipfer, Mr. Froelich, Mr. Martin, Mr. Deibert, Mr. Johnston, Mr. Cook. Nays: Mr. Orphan. Motion carried.

Motion No. 68-170 by Mr. Kipfer, supported by Mr. Froelich, that Miss Florence Panattoni be appointed to the position of Curriculum Coordinator, effective upon the appointment of a qualified replacement for her present position, at a salary of \$13,200 per year prorated from date of employment through and including June 30, 1968. Motion unanimously carried.

Meeting adjourned at 11:12 p.m.

Glenn E. Deibert, Sec.

NOTICE

To the Township of Northville TAXPAYERS

FEBRUARY 1968

is the FINAL MONTH

for the payment of 1967 Real and

Personal Property Taxes, WITHOUT PENALTY.

Thank you,
ALEX M. LAWRENCE, TREASURER

More Crime Control Measures Supported in Lawmaker's Poll

An overwhelming percentage of persons answering State Representative Louis E. Schmidt's recent 35th District survey favor giving law enforcement agencies greater power in dealing with crime.

In revealing the results of his poll, Schmidt, a Republican representing citizens of Northville, pointed out that the results were based upon a total of 741 replies received as of January 31.

Following are the questions asked and the percentage of yes, no and no opinion answers:

CRIME---

1. Would you favor giving law enforcement agencies greater power in dealing with crime? 93.9 percent yes, 4.4 percent no and 2.6 percent no opinion.

2. Would you favor higher salaries for law enforcement officers by state established minimums? 78.4 yes, 12.8 no, and 8.8 no opinion.

3. Do you think the increase in

violent crimes is a major problem? 95.3 yes, 2.7 no, and 2.0 no opinion.

4. Should the legislature establish minimum and maximum penalties for violent crimes? 72.9 yes, 15.5 no, and 11.6 no opinion.

5. Should the legislature permit greater use of parole and probation for convicted criminals? 11.7 yes, 73 no, and 15.3 no opinion.

6. Should judges make greater use of probation? 13.4 yes, 69.1 no, and 17.5 no opinion.

7. Should penalties for violent crimes be increased? 88.9 yes, 5.3 no, and 5.8 no opinion.

Insurance Sought For Garage Fire

Wixom has filed an insurance claim for damage to its new city garage that was nearly destroyed by an explosion and fire recently.

Wixom Attorney Gene Schnelz said Friday a claim had been filed against the insurance company for an equipment rental firm, which supplied an apparently defective heater that is believed to have exploded, causing the fire.

The heater was rented by the city from Earle Equipment company of Romulus to thaw the soil in preparation for pouring concrete floors, Schnelz said.

Following the January 27 blaze, which was not discovered until the following Monday morning after it had burned itself out, an investigation was launched to determine if there might be any connection with bombings in recent years.

A fire inspector was hired, Schnelz said. 'Arson has been ruled out. The investigation and fire inspector's report settled that.'

Construction of the building had not been completed when the fire occurred. Damage was estimated at about 50 percent of the construction cost of \$10,800.

Collegians Get Honors

Twenty-three Schoolcraft College students -- 14 freshmen and nine sophomores -- were inducted into Phi Theta Kappa, national scholastic honorary society for community colleges, in ceremonies at the college on Sunday, February 11.

The new members were chosen by a faculty selection committee on the basis of their academic records. Other qualifications for membership are that the applicant be a full-time student and

that he be on a transfer curriculum working toward a baccalaureate degree from a senior college.

One of the highlights of the induction ceremony was the transfer of the president's gavel from outgoing president, William Pfeiffer, to the new president, his brother, Theodore.

Two members from Northville are-- Karen Hembrey, 9300 Napier road, and Robert Prodder, 208 North Ely, freshmen.

Northville City Council Minutes

The regular meeting of the Northville City Council was called to order by Mayor Allen at 8:00 p.m., Monday, February 5, 1968 at the Northville City Hall.

Present: Allen, Black, Carlson, Lapham and Nichols. Absent: None.

Minutes of the regular meeting of January 15, 1968 and Special Meeting of January 22, 1968, were approved.

Moved by Carlson, support by Lapham to approve payment of bills in the following amounts:

General --\$24,077.56; Water--\$2,917.10. Unanimously carried.

Communications:

Announcement of Michigan Municipal League meeting on Thursday, March 14 at Bloomfield Hills.

Request received from American Cancer Society to solicit in Northville for their annual campaign during April 23-24-25 from 4-7 p.m. This is to be considered at February 19th meeting.

Letter from J. R. Potter, 726 Spring drive, relative to paving of Grandview, Spring Drive and Scott Avenue at 25% assessment.

City manager briefed the 3-page letter from Earl Busard, Business Manager of Northville Public Schools, to City of Detroit regarding Maybury Sanitarium property and its possible use.

Communication from Citizens:

Mr. Paul Vernon, Allen drive, distributed letters to council members concerning an organization meeting for a Northeast Civic Ass'n. on February 15th at the Amerman School. Mr. Vernon stated the Association hoped to come before council with a proposal for sale of Novi Well Site property.

Communications (City Manager):
City manager read letter from Thompson-Brown Company, relative to new Plat Act and splitting of property; this referred to city attorney for answer.

City manager mentioned he had received 3 or 4 inquiries regarding city's plans for protection of its citizens in case of disaster or riot. City manager is to send a copy of this letter to council members.

Board and Committee Minutes:

City manager asked that January 23 Planning Commission minutes be held over to tie in with Item 12 on Agenda (Taft road relocation).

Northville Police Department Report for December, 1967:

City manager briefed this report for Council; he feels that statistics being kept by Police Department are more comprehensive than those of a year ago.

Consideration of Application for SDM Liquor License for Convenient Food Mart:

City manager reported that Chief of Police has not finished report on applicants; also City Manager to determine if liquor license is open at this time.

Appointment to Municipal Parking Authority, replacing Charles Altman: This is to be considered at a Work Session.

Amended Resolution for Tax Anticipation Warrants:

City manager explained that on December 1, 1967, Tax Anticipation Warrants were submitted in the amount of \$50,000. This amount was to be finally determined after January, 1968. The application has been approved and the state is waiting for date of sale and amount of money needed. City manager reported funds on hand and expected revenues to be sufficient to carry through until April 1, 1968. He suggested April 1, 1968, as sale date; recommend borrowing in the neighborhood of \$40,000- \$50,000 but said \$21,000 would suffice for a rigid "austerity budget".

Request School District Assessment Approval -- Taft road:

City manager reported that Northville Board of Education have requested the paving of Taft road.

Moved by Black, support by Nichols, that city manager be directed to make official request of the Northville School District for participation in paving assessment. Unanimously carried.

Taft Road Relocation:

City manager reviewed the request from Romer and Weber, Gordon and LaFrance for approval of use of Lot 443

for ingress and egress and greenbelt; also the 2nd meeting with Wayne County Road Commission. City manager is to obtain cost estimates on proposed relocated Taft road.

North Center St. Special Assessment #68-1:

City manager reviewed the Special Assessment #68-1 up-to-date and stated that the Resolution accepting the City Manager's report is the next step to be taken. There is to be a Work Session on Feb. 12 for formulation of program on paving assessments and North Center street paving.

Junior High School Sewer Payback Agreement and Ordinance:

City attorney explained the Sewer Payback agreement and ordinance.

Moved by Black, support by Nichols, to publish proposed Ordinance creating a sanitary sewer district to be known as Public Schools' Sanitary Sewer District; Public Hearing to be held on Monday, March 4, 1968 at the Northville City Hall, 8:00 p.m. Unanimously carried.

Deviation from Agenda:

Judge Ogilvie explained in detail the proposed new Lower Court Reorganization legislation.

Steencken Property Sewer and Water charges:

The city clerk read a communication from city attorney explaining briefly the background on the agreement between the City of Northville and Martha and Joseph Hehl relative to use of city water. He recommended a written document recognizing the decision of past Northville City (Village) officials regarding this matter. The city attorney will report back on this matter to council.

Mrs. Carlson reported the Beautification Commission has received a letter stating City of Northville had received a Distinguished Award in National Clean-Up Contest from Washington, D.C.

Council did not feel that they could at this time approve Mrs. Carlson's trip to Washington, D.C. to receive the award.

There being no further business, the council meeting was adjourned at 11:40 p.m.

Respectfully submitted

Martha M. Milne

City Clerk

The Special meeting of Monday, February 12, 1968 was called to order by Mayor Allen at 8:00 p.m. at the Northville City Hall.

Present: Allen, Black, Carlson, Lapham and Nichols. Absent: None.

Moved by Lapham, support by Nichols, to pay bills in the following amounts: General --\$4,564.34

Water --\$384.02

Other Government -- \$50,000. Unanimously carried.

Bids for Fleet Policy Insurance opened:

The city clerk read the advertisement for fleet insurance bids as it appeared in the Northville Record.

The city manager opened the following bids:

State Farm Mutual (Paul Folino)--\$1,977.24 (1 yr.) (membership fee included).

Northville Insurance Agency (Rathert)--\$1,255.02 (1 yr.)

Council asked city manager to check these and be prepared to award bids at next meeting.

Novi Storm Sewer Engineering: City manager reported on amount of engineering work involved in the Novi Storm Sewer Engineering, time required for L. Penn's work and reviewed his contract for this job.

After some discussion, moved by Nichols, support by Lapham, to approve the engineering contract for the Novi Storm Sewer Line as amended (insert -- "or such other Persons as the Council may approve" -- "at a rate not to exceed \$75.00 per day") by the City of Northville, subject to Novi's approval of same.

Unanimously carried.

There being no further business, the meeting was adjourned at 9:15 p.m. to go into a Work session.

Respectfully submitted

Martha M. Milne

City Clerk

Wixom News

Miss Alexis Smith -- 48656 Pontiac Trail -- MA-4-1908

The Walled Lake high school basketball teams will play Farmington on February 23 at Farmington. The Walled Lake high school wrestling teams will participate in a league meet on February 24.

Mr. Orville Gross of War Creek, Kentucky, is visiting Mr. and Mrs. Robert Gross of 48380 Pontiac Trail. He arrived on Sunday, February 11.

Mrs. John Lahde of 2210 Orland, who was employed at the Wixom city hall, has resigned in order to care for her small children. Mrs. Robert Whaley of 2643 Loon Lake road is the new member of the city hall office staff.

The Eastern Star friendship night was held at the Masonic Temple in Walled Lake. There were about 250 persons attending including Mr. and Mrs. Eldon Blazie of 2380 Loon Lake road, Mrs. Frank Robinson of 2540 Potter road, Mrs. Jesse Byrd of Charns road, and Mrs. John Chambers of 49085 Pontiac Trail.

The Sunshine Social service met at the home of Mrs. John Nichol 3384 Theodore on Wednesday afternoon.

The Walled Lake chapter of the

Eastern Star is sponsoring a card party, bazaar and a bake sale on February 29 at 12:30 p.m. at the Masonic Temple in Walled Lake. A luncheon will be served.

Mrs. John Chambers of 48095 Pontiac Trail was visited by her sister, Mrs. Fred Clemens for the past month. Mrs. Clemens arrived January 24 and left for her home in St. Paul, Minnesota on February 21. Mrs. Dewey Schnieder, of Lamberville, Michigan Mrs. Chambers' niece, also has been visiting here. During their visits they took a brief trip to Canada on February 8.

The Kiwanis club of Wixom-Walled Lake-Novl observed World Service day, Sunday, February 18. Members all attended the church of their choice in honor of the day. Mr. and Mrs. John Finlayson of 48733 Pontiac Trail and Mr. and Mrs. John Nichol of 3384 Theodore attended the Willowbrook Community church.

Phone Transfer Closer in Wixom

The day when all Wixom citizens, including city councilmen, can call their city hall without placing a long distance call has moved a bit closer.

James Skoog, Milford district manager for the General Telephone company, when interviewed by The Novi News Friday said that filing of an application for a transfer of services to the Michigan Bell Telephone company was imminent.

Monday Skoog informed the News that the application, a joint procedure involving both firms, had been filed with the Michigan State Public Service Commission that day.

News Around Schoolcraft

If you are a geography bug with a yen to travel, the Schoolcraft college geography department is offering a 52-day field trip to five Western European countries that may be just the way for you to satisfy both desires this summer.

Offered as part of the department's curriculum, Geography 280 will carry six hours of college credit during the summer session, and will emphasize rural as well as urban geography of Europe.

The course has been in the planning stage for a year and a half and will send its first class of students to Europe via prop jet charter aircraft on June 25.

The 16-city tour will include stops at Amsterdam, Munich, Rome, Paris and London, as well as small agricultural villages along the Rhine River of Germany and to such cultural centers as Heidelberg and Florence.

What's more, according to Ralph Miller, geography instructor who will lead the tour, you need not be presently enrolled in college to take the tour.

The course is open to all residents of the Schoolcraft college district who have high school certificate or its equivalent, and who can meet the requirements for the course.

Miller, who joined the Schoolcraft faculty a year ago, has conducted a number of geography tours of Europe for Wayne State university.

Travel on the Continent will be by first-class rail coach, and by river and channel steamer. Lodging will be in university hotels or small European-style hotels.

According to Miller, the tour plan assures constant contact with foreign students and people.

Total cost for transportation, lodging and meals for the 52-day trip is \$1,025, plus college application fee and tuition fees for the six hours of credit. Students now attending other colleges are eligible for the tour and transferable college credit, Miller said.

Details are available from Ralph Miller, Schoolcraft college, 18600 Haggerty road, Livonia, Mich., 48151, phone 591-6400.

An exhibit of photographs by Robert F. Webber is on display in the lower level of the Lois L. Waterman Center at Schoolcraft college. The exhibit of 45 photographs will continue through February and is open to the public.

Webber turned to professional photography after a long-time interest as an amateur. A former Latin American operations coordinator for the international division of the Ford Motor company, Webber now operates a photography business in Northville.

A member of the Photographic Guild of Detroit, he has contributed prints and color slides to domestic and international salons for many years. Webber has been active in the Plymouth Symphony Society, serving for a time as its president, and is president of the Northville Chamber of Commerce.

Editorials... a page for expressions ...yours and ours

SPEAKING for The Record

By BILL SLIGER

A meeting called and hosted by Our Lady of Victory school board last week resulted in some frank and open discussion.

Guests of the OLV board were the boards of education of the Northville public schools and St. Paul's Lutheran, as well as the administrative heads of the respective systems.

Host Emery E. Jacques, Jr., wasted little time in getting to the point of the meeting.

He explained that non-public schools are facing a cash crisis. He noted that a bill is currently being considered by the state legislature to provide financial aid for non-public schools. And he said that he wished to apprise the group of the plight of the non-public school; to discuss the problem openly and "exchange honest candid views".

The proposed legislation to which Jacques referred has been accompanied by a mail campaign that has swamped legislators. It has been given such strong support that some lawmakers are already predicting passage.

But what the final bill will contain is still an uncertainty. One measure would give to parents of non-public school children up to \$50 per elementary school child and \$100 for each high school pupil.

Jacques handed out a list of statistics concerning non-public schools, among them these:

- one of every seven children in Michigan attends a non-public school;
- non-public school enrollments at the elementary and high level have declined by 28,000 students in the last three years;

- teacher ranks in non-public schools are increasing and improving;

- the two major reasons for tremendous increases in instructional costs in the non-public schools are the desire of non-public schools to pay competitive salaries and the increase in the number of lay teachers in Catholic schools;

- some non-public schools won't open next fall, thus the cost to taxpayers to educate children who could be attending non-public schools will increase.

Jacques said the only alternatives open to non-public schools are either closing, state aid or higher tuition. He said tuition rates are already becoming prohibitive.

Our Lady of Victory school has 331 students through eighth grade. Ninety-one of these reside in the Novi public school district.

Based on the fact that any exchange of ideas and viewpoints is beneficial, the meeting called by Jacques was successful. It did stimulate an exchange. It couldn't be expected to achieve agreement.

Public school officials are old hands at dealing with cash crises. On that basis they don't make very sympathetic audiences. They know that any state money diverted to non-public schools is just another cut out of the same pie they're trying to slice.

Superintendent Ray Spear expressed a position popular with many public school administrators. He called for an expansion of the "shared time" approach. This calls for more use of public school facilities by non-public school students, particularly in the areas of special services, art, remedial reading, swimming, etc. It was also suggested that better working relationships could be established between public and private schools in purchases of books and other supplies, thereby saving money.

Those holding the position expressed by Superintendent Spear would ask the state to grant the additional money sought by non-public schools to the public school system so that it might expand its already established short-funded programs and share them with the non-public schools.

In the coming weeks this question will be a strongly debated issue in our state legislature. Its implications strike closely at the long-cherished American principle of separation of the church and state. It is certain, therefore, to create an atmosphere of potential hostility, both locally and at the state level.

Copies of the proposed bill are not yet available. When it is complete, we'll pass along specific details of the measure as well as personal comments.

Meanwhile, interested citizens may contact their state officials and express their views. In addition, why not write a "letter to the editor".

Attempts to gain county and state support in construction of an alternate north-south route through Northville have run into a road block.

The Citizens Advisory Committee, appointed by the city council to study the need, possible location, cost and feasibility of the route, is convinced the project is hopeless.

The members reached this decision after meeting with Wayne county road commission officials and State Representative Louis Schmidt.

Specifically, they were told:

- Northville has no problem compared to other areas;
- there's not enough traffic;
- improvement of Beck road and the expressway near Haggerty will help any problem that exists.

With the door closed by the county road commission and the information that there would be no state funds available the advisory committee, chaired by the Reverend Lloyd Bra-sure, dropped the study.

The advisory group compiled a great deal of information that may yet prove helpful if the day ever comes when traffic experts acknowledge that a bottleneck exists on Center street.

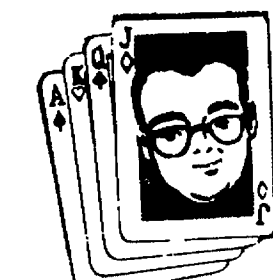

Four possible routes were considered. Two were finally discarded. The preferred route would parallel the C & O railroad taking north-south traffic from Novi road to South Main street in the vicinity of the Old Spring well site. The secondary proposed route emptied traffic at Griswold and South Main and made more use of Griswold street.

The estimated cost, which will undoubtedly increase as time passes, was \$1,740,000 for the preferred route -- obviously a project the community cannot finance without county or state assistance.

County officials did have a suggestion for relief of the Center street truck traffic. They offered to contact trucking companies using Center street and request them to use other routes.

The advisory committee is compiling a list of companies and independent truckers most frequently using Center street and it will be passed along to the county.

Meanwhile, the city manager has pointed out that the extension of Wing street through to Hines drive may give some traffic relief on Center street. And he's suggested that the advisory committee might give some thought to a circular drive in the downtown area.

Today, February 22, is the birthday of the first President of the United States. A few words about this man seem appropriate, particularly in our house where the majority know him best as "the man who cut down the cherry tree."

Did you know...

- ..That he was born on the shores of the Potomac River, on a plantation, the first-born child of his father's second wife, and that his father died when he was but 11 years old?

- ...That his mother, Mary, and her five natural children were left none of

their father's land, but that this went to two sons by his first wife?

- ..That he had little education, and that many of the legends about his early life were the product of an imaginative biographer, Parson Weems?

- ..That it was his half-brother, Lawrence, who, after the death of their father, took him to live at Mount Vernon, which he (Lawrence) inherited from his father, and that Mount Vernon was named after Admiral Vernon, under whom Lawrence served as a soldier?

- ..That his lone trip outside of the continent was to the island of Barbados

Top of the Deck

by JACK W. HOFFMAN

where his half-brother Lawrence hoped to cure his (Lawrence's) tuberculosis, and that during this trip on a small sailing vessel young George almost died of smallpox?

- ...That he inherited Mount Vernon from Lawrence, who died of TB a year after the trip to Barbados?

- ..That as a youngster of 16 he earned up to \$50 a week as an assistant surveyor of land "beyond the Blue Ridge Mountains"?

- ...That he was a pioneer, a scout, a pathfinder, an Indian fighter, and a hunter of buffalo?

...That at the age of 20 he was one of four adjutants-general of Virginia with a rank of major?

- .. That he is credited with the dubious honor of starting the Seven Years' War in Europe by killing the leader of a French reconnaissance party in the "jungles" of the Ohio River area?

- ...That at the age of 26, a commander-in-chief and veteran of many battles, but sick of war, he resigned from the army?

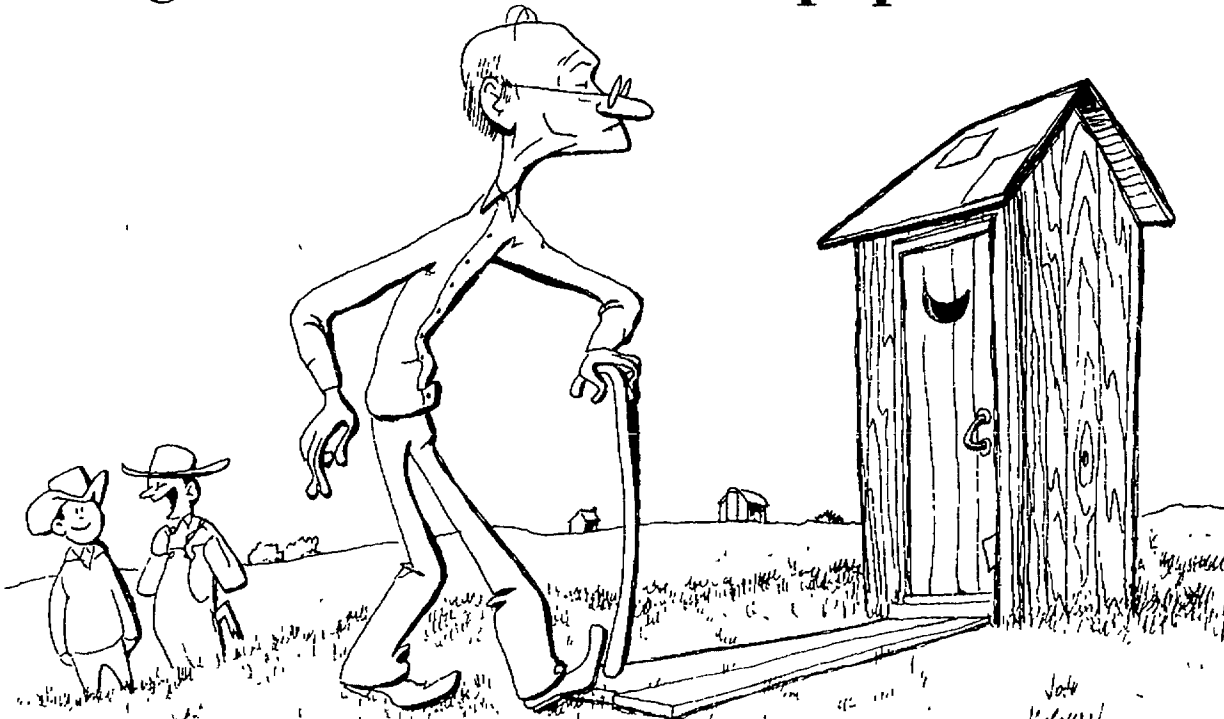

- .. That he married a rich widow with two children, Jack and Martha, and that he never had any children of his own?

- ...That he once wrote in a letter, "But in all matters of great national moment the only true line of conduct, in my opinion, is dispassionately to compare the advantages and disadvantages of the measure, and decide from the balance", and that this letter was written to Henry Lee, father of another great general who was to cause President Lincoln years of anguish?

- ...That after his unanimous election in 1788, the new Congress debated at great length as to how he should be addressed, that the Senate selected the ponderous title, "His Highness the President of the United States and Protector of the Rights of Same," that Vice-President John Adams considered this title too plain, and that Representative James Madison settled the matter by observing that the Constitution had already given the chief executive his title -- "President of the United States"?

- ...And finally that it was George Washington who put his signature to the bill creating the federal city -- Washington, D.C., that he selected the exact locations for the Capitol and the White House, but that this man, who led armies in vicious combat, died of a cold on December 14, 1799 -- a year before the White House was first occupied?

Forgotten Man of Newspaper Strike

"Sure will be glad when the daily newspaper strike ends--Grandpa's wearing out those Sears catalogs."

LETTERS TO THE EDITOR

Warn Township Officials

This newspaper welcomes letters to the editor. We ask that they be received at this office by Monday noon for publication the same week and that they be limited to 500 words. All letters must contain the signatures of the writer, but names will be withheld on request. This newspaper reserves the right to edit letters for brevity and to avoid profanity or libelous statements.

To the Editor;
We have just returned from another township meeting where we were told, in effect, that Dr. Glzynski's "medical" complex will be built on Seven Mile -- in whatever manner will most profit Dr. Glzynski.

We were told, in effect, that we are expendable.
As one township official was quoted in the Northville Record, recently, "Dr. Glzynski has \$50,000. The least we can do is give him what he wants."

Our petitions for water and sewers in this area have been repeatedly denied by the township. So, each year the money that would pay for the water mains, is poured down our dry wells to maintain a minimum amount of very hard water. Will our next petition for sewers be refused because Dr. Glzynski's apartments have used up the quota of sewer taps allotted to this area? Undoubtedly!

However, most of us are still raising families. We like the quiet area, and the lack of traffic hazards for our children. So, we stay.

No, we are not trying to stop progress. We ask only for reassurance that the township will not allow more than

three hundred families to be crammed into a few buildings; with no "spill-over" area except our neighboring yards. We ask that the township deny the proposed outlet that would dump all the excess traffic into our four quiet streets; destroying the major advantage of our area.

Most of the older houses have been bought by young families who are very busily restoring them, and increasing the home values (as a look at their last tax statements will quickly show). We hope that they will not be driven out, and this area be allowed to backslide and depreciate. Surely, our township officials realize that it is the homeowners that raise community values; not the apartment dwellers.

Despite our pleas and protests the township tells us that the complex will go through as planned.

To all the township residents who can look up from this letter, and see a small, open piece of land somewhere near your home; a word of warning. Our township officials say that you are expendable.

The citizens of Five Mile road were. We are.
So are you!

EDITOR'S NOTE--The only quote that can be found in Record news stories regarding money and Dr. Glzynski by a township official appeared in the March 9, 1967 edition. Mrs. Rita Young, then clerk, was quoted in reference to the proposal "has been kicked around a lot...for a man who trusted us with \$100,000 to build a sewer, he hasn't received very good treatment".

A LOOSE LEAF

By ROLLY PETERSON

Ever since Ramparts blew the lid off the CIA's involvement in college student organizations, using them as a front for espionage activities, and attacked Michigan State university for its involvement with the CIA in Vietnam, the monthly magazine has been gaining readership.

It hasn't reached the popularity of Newsweek or Time magazines -- nor is it likely to -- but the fact is "Ramparts" must be reckoned with as the official organ of the noisy left, which, while tooting the liberal line still gives out with some reasoned explanations and interesting features.

"Ramparts" makes no bones about its liberal bent. From front page to back, the emphasis is on moral issues and self determination, from Carl Oglesby's "A Program for Liberals" and an editorial, "The Repression at Home" to psychedelic full-color Beatle posters to "Women Power."

Basically, the establishment is under attack: the government, primarily, our economic system for its ruthless advocacy of survival of the fittest, the new president of the University of California, the United States as a nation, and anything or anyone with conservative leanings.

Surely, one wouldn't expect to find much else in a liberal magazine that backs draft card burning, civil demonstrations, pulling out of Vietnam, peaceeniks and love-ins, and adheres to what it claims is a fundamental policy of civil disobedience articulated by a founding father, Henry David Thoreau.

What is surprising is the zealotry with which issues are presented and what, for me, marks a shift in the attitude of die-hard liberals. Where before they advocated a policy of change through peaceful means, now there seems a more overt, aggressive attitude.

For instance, there's an article, "How the Pentagon Stopped Worrying and Learned to Love Peace Marchers" in which Author Allen Woode quite candidly -- and I hope with tongue in cheek -- advances two plays for a successful demonstration march on the Pentagon.

The first method is setting a car afire on one of the access roads to the Pentagon, thus leading to a massive traffic jam and paving the way, I assume, for demonstrators to successfully demonstrate without being quelled by MP's or Capital guards of any sort -- until too late.

The second method, called the "My-God-I'm-Patriotic Play" involves dressing in establishment clothes, wan-

dering into the Pentagon, and quietly, at first, writing protest phrases on Pentagon walls when no-one is looking; in order to bring about arrest and an ensuing Washington embarrassment, or arming the demonstrators -- 30,000 strong -- with American flags and hoping for a crackdown by law enforcement officials to arouse public outrage.

Woode leavens his article with some humor, but underlying every word is a deadly seriousness based on complete knowledge of the law's organized activities last October which nipped the Pentagon demonstration before it led to favorable coverage for the demonstrators.

Oglesby, in his article, says he does not agree with liberals who espouse not inciting police to action. He points out that the style of activists of the New Left threaten liberal intellectuals.

"The business of the left is not its own self-preservation, but the liquidation of social inhumanity," he says. He advocates action that will "bridge all the old contradictions and close the wounds of America" which will pacify the right-wing fury and the New Left.

No demonstrable steps for accomplishing this end are spelled out. But Oglesby closes with these words: "It is a time, rather, to drink lots of orange juice, do 50 push-ups a day, turn on to one another with our fullest gaiety and love, and transform every attack upon ourselves into a still happier and more piercing attack upon those whose crimes created us."

Late State Income Tax Filing May Delay Refunds

LANSING — You need not file a state income tax form if the amount you owe is less than \$5, reminds State Treasurer Allison Green. This provision is not mentioned on either the tax form or in the instruction booklet. Forms were compiled so quickly after the new tax law was passed that the provision was omitted.

Green said he is "quite pleased" with the number of returns filed in January but warns taxpayers who will claim refunds that last minute filing may delay receiving a refund check. Refunds are processed in the order they are received.

Contrary to rumors, the state will refund overpayment this year. Green feels the rumor was started because of provisions which do not allow certain deductions for 1967 tax purposes. On 1968 returns there will be allowances made for payment of city income tax, property taxes, and renter credits, year." Milliken ranked the other eight areas in the following order of priority.

COURT REORGANIZATION. The new Michigan Constitution requires that by

next January Justices of the Peace be phased out of existence and replaced by another system of local courts.

CRIME CONTROL. As an aftermath to last summer's riots and as a result of mounting crime rates, improved crime control will be a center of attention in the months ahead. A series of recommendations have been made to insure further protection of lives and property against lawlessness and violence. They range from anti-riot measures to improved weapons in the battle against organized crime, and they require action now.

HOUSING. "One of the great challenges before our state," says Milliken, "is that of providing greater opportunities for adequate, decent housing for low income citizens. Above all this means full legal support for the equal opportunity of all citizens to buy or rent property without regard to color, creed or national origin. But it also means a fully operative State Housing Authority, better housing code enforce-

ment, and a strengthening of tenants' rights."

PUBLIC EMPLOYMENT. Events of the past two years clearly demonstrated the ineffectiveness of existing laws in dealing with the organized efforts of public employees, says Milliken. Whether the fault lies with employers or employees, we cannot condone the interruption of vital public services. The only answer is a basic revision of our Public Employment Act to provide a satisfactory, workable means of resolving these contract disputes.

NATURAL RESOURCES. The Lieutenant Governor believes that a bonding program is a necessity if the state is to clean up lakes and rivers before more serious harm is done. A \$435 million bond program is proposed. When combined with \$1.3 billion of federal money, a sufficient fund should be available.

FIRST REFUND check was released Feb. 2 to a taxpayer in Walled Lake. Green estimates that some million re-

fund checks will be issued for the 1967 taxable period, October through December. This number may reach two and a half million in subsequent years, he said.

The tax is yielding far more revenue than anticipated, Green stated. But deductions allowed in 1968 and thereafter will probably bring revenue more in line with original estimates. He said a major problem facing the department is to anticipate how large a bite deductions will take from current yield.

Largest state budget in Michigan history was listed foremost for legislative consideration by Lt. Gov. William Milliken when he recently "boiled down" Governor Romney's State of the State message.

The \$1.3 billion budget was one of nine "key areas" outlined by Milliken as deserving "attention and action this

INSURANCE POOLING and veteran tax relief. Because citizens and businessmen in certain areas, those where riots have or might take place, find

it nearly impossible to buy insurance to protect their property, the Governor's message asks that insurance companies set up a pool which can spread the risk without undue problems for only a few companies. A revision of veteran tax relief laws is also urged. The changes would recognize the degree of disability

of the veteran and provide the greatest help for those who have the greatest need.

EDUCATION. Increased state support is proposed for all levels of education from kindergarten to graduate school. Since there is special need among disadvantaged children in central city areas, special assistance has been proposed to them.

Trading Hours Irk Brokers In California

BABSON PARK, Massachusetts — Last month's decision of the nation's leading securities exchanges to lop an hour and a half off each day's trading session has created some new problems and may have only partially solved old ones. Designed to give brokerage houses and the exchanges themselves a chance to catch up with and keep abreast of a rising volume of paperwork, the early closings have irked brokers and investors in California and other West Coast States.

The discomfiture and frustration of California brokers who now must man their offices beginning at 7 a.m. and work at breakneck speed to get the bulk of the day's work done by the 11 a.m. (Pacific Time) closing hour of the New York exchanges may one day prove to have been a major factor in determining new hours for these exchanges. Already, the disenchantment out West has revived an idea which has been toyed with from time to time—but never taken too seriously—namely, abandonment of the four continental U.S. time zones in favor of a two-zone arrangement calculated to draw the whole nation closer together.

Of course, a two-zone system would present some difficulties of its own. For example, under such an arrangement, Boston's winter sunrise could come after 6 a.m., with the sun setting in mid-afternoon and darkness of night falling before 4 p.m. And East Coast summertime sunrise could be as early as 3 a.m., with New York's only minutes later. By contrast, sunrise and sunset times in California would be less extreme, though winter sunrise could come as late as 8 a.m.

TO AMERICANS born in this century, our present four zones (Eastern, Central, Mountain, and Pacific) seem to be so traditional as to defy change. And they may well prove to be. But just to keep the record straight, it should be acknowledged that these time zones are not exactly hoary with age. Only gradually did they win acceptance during the 19th century following the opening of transcontinental railroad service. Before that time, local option ruled, with resultant confusion and frustration.

THE IDEA of tinkering with time is not confined to the clock, but extends also to the calendar. A good many business interests — catering to leisure-

time needs or desires — are active in advocating calendar reform. Other proponents stress their belief that a general overhaul of the calendar would cut costs for many businesses. In very recent years, the idea of calendar change has attracted widespread attention, a fair measure of support, but no real groundswell of assent from the public.

Those who want calendar reform fall into two groups: The advocates of a sweeping change which would realign our months so that each would be of uniform length, and the advocates of a plan which would reshuffle our major holidays so that each of these would be observed on a Monday to provide a three-day weekend.

THE DAY when broad agreement on any reduction of our present time zones will be reached would appear to be some distance into the future. Nor will sweeping calendar reform be enacted any time soon. However, support for the Monday holiday idea is growing steadily in selected business circles and among labor leaders. Despite opposition from traditionalists and from those who feel that a move toward three-day weekends would only compound present traffic problems in the air and on the ground, this is the change most likely to become a reality, possibly in the early 1970's.

In any event, we are headed for further increases in leisure time. Already, both summer and winter vacations are more common, the number of families having leisure-time homes is expanding, and travel and camping are being brought within the reach of more and more people. As our horizons broaden and our choices increase, the focus will be on making the best use of our increased leisure time.

Out of THE PAST

5 YEARS AGO...

...South Lyon Jaycees challenged members of the Northville Jaycees to a walk-athon between the two communities. The two clubs tentatively set March 17 as the contest day and the Northville Record said it would provide a trophy for the winning club. In a "warm-up" stroll from Plymouth and back, the best time for the Northville Jaycees was 2 1/2 hours.

...Northville's board of education agreed to accept Novi's 70 to 80 ninth grade pupils for the 1963-64 year.

...Negotiations were authorized by the Northville board of education for acquiring the Ford field property, located at Hutton and Dunlap streets, from the Ford Motor company.

...Sixteen homeowners in the Roberta-Lakeside area in the extreme southern portion of Northville township, who reported they were nearly out of water, appealed to the township board for an extension of the Detroit city water supply to the area.

10 YEARS AGO...

...Wixom's proposed city charter, which would put the year-old village in business as a city, was scheduled to go before the voters on May 19, 1958. At the same time voters were to elect a mayor and city council to serve only if the charter was approved.

...A suit filed by the low bidding construction firm protesting the school board's selection of Walter L. Couse & company as contractor for the new high school was dismissed in Wayne county circuit court.

...A primary list of 12 committees and 39 projects was drawn up for the proposed "Keep Northville Beautiful" campaign by the Coordinating council.

...More than 100 Northville residents received Salk polio shots at a special polio clinic in Novi. More than 750 persons were inoculated at the clinic.

...Northville firemen worked for two hours to douse a blaze that destroyed the second story of a house at 127 East Cady. The loss was estimated at \$8,000.

...Contracts totalling \$531,746 were awarded for construction of Novi's new elementary school to be located near Willowbrook subdivision.

20 YEARS AGO...

...Four employees of the Ford plant in Northville were honored for completing a combined total of 105 years of service with the local industry. They were Roy Matheson, George Stanford, William Liebetreu and Walter Mielbeck.

...George R. Simmons, American Legion district commander, announced formation of a new post in South Lyon to be known as Tri-County Post No. 560.

...Plans for the annual bird house contest in Northville schools, sponsored by the Woman's National Farm and Garden association were announced.

...Milk bottles were to be placed in downtown stores for the purpose of collecting money for the school milk fund under the sponsorship of the Mothers' club.

...Under chairmanship of Robert Davis, Novi township was asked to raise \$850 for the 1948 Red Cross fund drive to begin on March 1.

...A 17-year-old youth was arrested shortly before midnight after he had kidnapped a nurse at the Wayne county training school and forced her to drive him away from the institution.

25 YEARS AGO...

...Three Northville residents received awards for their contribution to farm war production at Michigan State college's annual Farmers' Week program. They were E. M. Bricker, Arthur Dufree, and C. J. Jolly.

...William J. (Bill) Dowling, an assistant commissioner since parimutuel wagering was legalized in Michigan in 1932, was appointed State Racing commissioner by Governor Kelly.

...The rivalry between the Plymouth and Northville high schools burst into flames in an entirely new bed of coals with Northville holding the bellows. Results of the war stamp and bond contest waged between the two schools and announced between the halves of the Plymouth-Northville game showed Northville the winner, selling \$17.14 per pupil as compared to Plymouth's \$3.20 per pupil.

...Coupons marked period 4 were good for 11 gallons of fuel oil through April 17. Charles coupons were good for the full face value.

...Servicemen named as American Heroes in The Record were Chales Reid, James LaRue and Alvin Killean.

...Plans were nearing completion for a big civilian defense rally.

65 YEARS AGO...

...The Detroit Tribune was doing earnest campaigning in the interest of the proposal to connect the dominions of Uncle Sam and King Ed via Detroit and Windsor, and published a very interesting "bridge edition" showing clearly and conclusively the long felt necessity for such a commercial convenience as a railroad suspension bridge united these cities would be.

...The "Citizens" caucus was held and the present incumbents of the various offices were nominated. These included: Dr. R. M. Johnson, president; T. E. Murdock, clerk; Ralph Pomeroy, treasurer; A. H. Kohler, S. W. Knapp, and F. N. Perrin, trustees; and C. A. Sessions, assessor.

Initial nominees for the "Workmen's" party included:

C. L. Dubuar, president; I. E. VanAtta, clerk; E. H. Lapham, treasurer; William Cattermole, W. J. Lanning, and R. R. McKahan, trustees; and W. J. Lanning, Jr., assessor.

2 Doctors Re-elected

Two local physicians have been re-elected to active membership in the American Academy of General Practice, the national association of family doctors.

They are Dr. R. G. Wetterstrom, 46376 West Seven Mile road, and Dr. Orlo John Robinson, Jr., 501 West Dunlap.

Re-election signifies that the physicians have successfully completed 150 hours of accredited postgraduate medical study in the last three years. The Academy, the country's second largest national medical association, is the only medical group that requires members to keep up with medical progress through continuing education.

The Academy, founded in 1947 and headquartered in Kansas City, Missouri, currently is spearheading a movement to create a new specialty of family medicine that will enhance the ability of the family physician to provide comprehensive, continuing care to the public. The foundation of this specialty will be the Academy's postgraduate education program.

Year-Old Guidelines

Teachers Receive Discipline Policy

A student behavior policy, adopted by the Northville board of education nearly a year ago, was recently compiled and distributed to faculty members.

It outlines the responsibility of school personnel, students and parents, spells out punishment for misbehavior, and establishes guidelines for suspension and exclusion from school.

Specifically, responsibilities of parents include:

1. Support schools in requiring students to observe rules and regulations and accepting responsibility for any willful misbehavior on their part. Send students to school with proper attention given to health, personal cleanliness and neatness of dress.

2. Maintain an active interest in the students' daily work. Make it possible for them to complete assigned homework, particularly by providing a quiet place and suitable conditions for study.

3. Comply with the school's requests, including reading carefully all communications and signing and returning them as requested.

4. Cooperate with the school in attending conferences set up for exchanging information on the student's progress in school and for planning for its continued maintenance and improvement.

Student responsibilities, under the policy, include:

1. Quality of work. Students must do their best each day and complete assigned lessons, including homework and assignments missed because of absence.

2. School rules. Each student must conform to school rules and regulations and accept the leadership of teachers, school officials and others who have been assigned leadership ability. Students must also conform to school rules at all times when they are on the way to and from school or participating in any school-connected activity.

3. Attendance. Students must be regular and punctual in attendance. In case of an absence, a satisfactory explanation from the parents or guardians must be provided to the school.

Students must remain on the school grounds during the entire school day unless permission to leave has been granted by the building principal.

4. Relation to others. Good citizenship in school as well as elsewhere includes respect for the rights and privileges of each person in school.

5. Personal standards. Students must dress appropriately, meet standards of health and cleanliness; be honest, courteous and moral; use only acceptable language, and refrain entirely from profanity and obscenity.

Concerning punishment, the policy states that corporal punishment (spanking) must be administered only by or under the direction of the principal or acting principal. Group punishment, says the policy, for the offenses of a few is not justified.

Teachers have freedom to use a variety of procedures in disciplining students. This includes withholding privileges, lowering of citizenship grade, assigning detention or special tasks, sending student to the principal or delegated authority, and using physical force to restrain students in emergency situations.

When it is necessary to punish a child, states the policy, the punishment must be suited to the offense. In no case shall a pupil be punished or corrected before other children in a method designed to humiliate him.

Interrogation by police representatives must be done in the presence of the parents or guardians of the child.

Concerning suspension, the policy provides that when behavior exceeds acceptable limits set by the school or when repeated action requires measures involving outside resources, the principal may suspend a student for up to three days on his own prerogative, or up to 15 days with the approval of the superintendent.

In cases for possible exclusion, the superintendent will request the guidance department to appraise the situation and determine first if all positive measures have been taken by the school to assist the student and parents. When these have been taken, the recommendation for exclusion is to be transmitted to the superintendent for presentation to the board of education.

With Our Servicemen

Marine Private Bruce G. Allan, son of Mr. and Mrs. John F. Allan of 18238 Shadbrook drive, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot in San Diego, California.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

Saigon, Vietnam - Army Private John W. Newton, 20, son of Mr. and Mrs. James R. Newton, 41099 Malott drive, Novi, took part in the fierce fighting during the recent Viet Cong attacks on Saigon, Vietnam.

The soldier is assigned with the 716th Military Police Battalion's Company B.

He and his comrades fought by the side of South Vietnamese Army elements in suppressing the communist onslaught. Although his unit suffered numerous casualties, not one of the positions it defended was overrun by the enemy.

Pensacola, Florida-Naval Reserve Ensign Robert T. Hallam, son of Mr. and Mrs. Robert L. Hallam of 21456 Summerside Lane, Northville, has completed courses in basic aerodynamics and aviation physiology at the Navy's Flight Preparation school at the Naval Air Station, Pensacola.

In addition, he received courses in air operations, air navigation, power plants and accessories, as well as physical fitness and swimming.

After completing his next phase of training under the Naval Training program he will receive his "Wings of Gold".

Whether it's Homeowners-Auto Business-Life or Retirement Programming...

Ken Rathert, C.P.C.U.

Cadillac

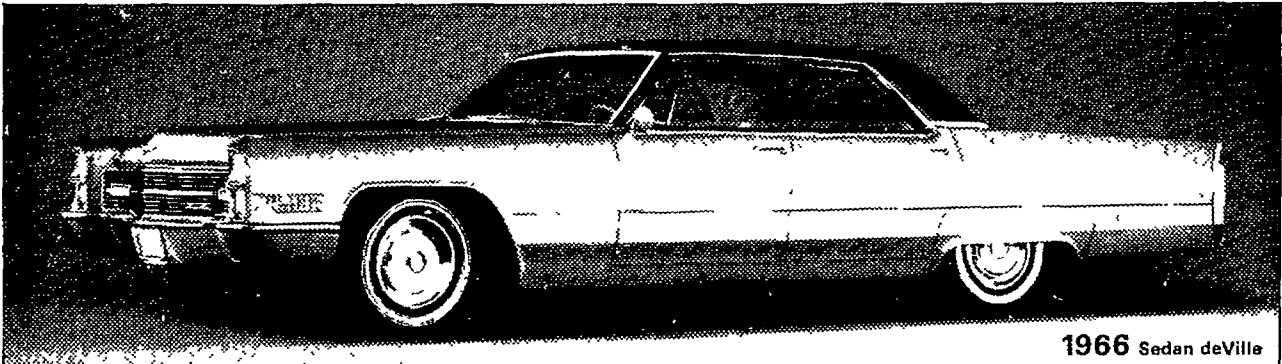

Standard of the World

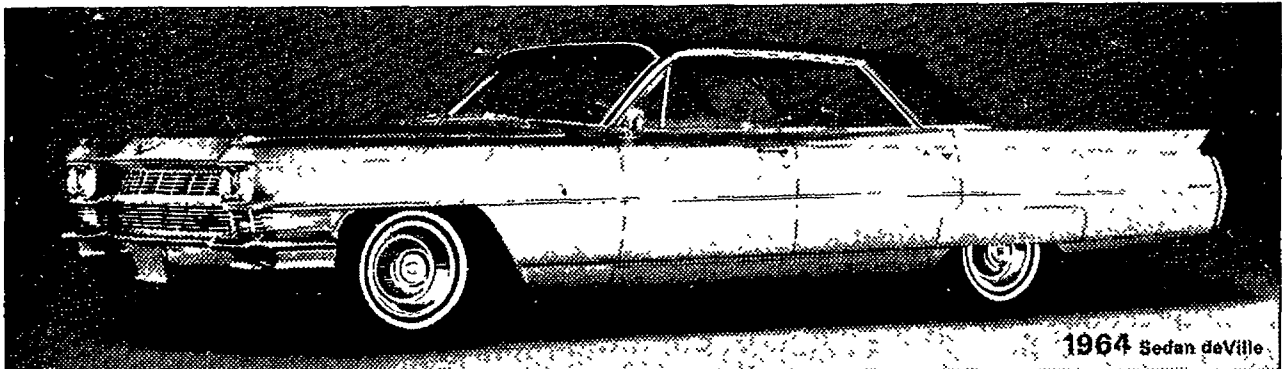

1968 Sedan de Ville

First choose Cadillac.

1966 Sedan de Ville

Then choose the year.

1964 Sedan de Ville

Your dealer has one for almost any budget.

When you think of value, luxury and distinction, the one car that comes first to mind is Cadillac. It has been that way for as long as anyone can remember. If you select a new 1968 model, you will enjoy the response of Cadillac's all-new 472 V-8—the biggest, smoothest V-8 in passenger car production. And Cadillac is the Standard of the World in used cars, too. With a previously owned Cadillac,

you can look forward to driving pleasure that is unsurpassed at the price. New or previously owned, Cadillac provides a host of power conveniences—and luxury—in the true Cadillac manner. Your authorized dealer is anxious to accommodate you. So start your Cadillac years now, with a new or previously owned Cadillac. You'll find a new world of motoring pleasure that is priced for almost any family.

See your authorized Cadillac dealer while his selection is at its best.

PROFILE OF POWER:

POWERLITE
PL-5 AND PL-5 AUTOMATIC

Come in and see the PL-5 in action. You'll be impressed with the power of this 13 lb. engine, famous for its fast starts and high level of performance in continuous cutting.

- 4 cu. in. engine
- roller bearings throughout
- exclusive roller nose guide bar
- up to 26" bar
- prices start at \$199.95

Guaranteed for two full years. PL-5 Automatic—Just like the PL-5, but with the added convenience of an adjustable automatic oiling device.

Tool kit at slight additional cost. FREE operator's manual.
