## Novi Recount

A recount of votes in the recent Novi election was informally requested by Philip Anderson, charter member of the village council, who was defeated by a single vote.

According to Clerk Mabel Ash, Anderson requested the recount and was advised that he must submit a sworn statement of his intentions to the clerk within six days of last Friday's board of canvassers' findings.

That means, she said, Thursday (today) is the deadline for submitting such a statement to the clerk.

Anderson lost out in his bid for reelection to William L. Duey, who polled 242 votes to Anderson's 241. Two others, Raymond H. Evans and Donald C. Young, Jr. were elected by votes of 274 and 272, respectively. Another narrow loser was Miss Eugenie Choquet, who polled 239 votes.

## Rent-A-Space

City Manager Frank Ollendorff announced this week that monthly parking stickers will be issued for business district employees wishing to use day-long metered lots regularly.

The parking permits will be sold for \$5 per month. Cars displaying the permits may use any space in the 25-cent metered lots in the business district without inserting coins in the meters.

Manager Ollendorff said that specific spaces would not be reserved, however. "It's possible that we will adopt a reserved space system if there's enough demand," he stated.

## Ritchie Injured

An accident last week Wednesday morning at his laundry hospitalized Harvey Ritchie, 821 Spring Drive. Falling from a ladder, he hit the edge of a counter and broke a rib. He was taken to St. Mary hospital, but Mrs. Ritchie expected that he would be released by the middle of the week.

A long-time member of the Northville planning commission, Ritchie is co-owner with his brother of Ritchie Brothers cleaners and Northville laundry.

### Township Budget Set for Annual Airing

Northville township put the finishing touches on its proposed budget for 1968-69 in a "settlement day session" lasting until midnight Tuesday.

But board members were still not satisfied that all figures corresponded with the past year's recently completed audit. So a meeting with the auditor has been scheduled before the board meets the public to explain its budget at the annual meeting March 30.

Budget estimates for the coming year call for expenditures of \$126,790, it's the biggest township budget ever, but only up about five per cent over last year's budget of \$120,361.06.

Although the proposed budget was given board approval, the action was not unanimous.

Treasurer A. M. Lawrence declined to support the document. He admitted that his displeasure was in the amount of raise he received.

All board officers - supervisor, clerk and treasurer - were given salary increases amounting to six per cent over the past two years.

Supervisor R. D. Merriam's salary will be hiked from \$5,700 to \$6,405; Clerk Eleanor Hammond's from \$5,000 to \$5,618; and Treasurer Lawrence's from \$4,500 to \$5,057.

Lawrence asked for a \$1,000 raise and said he "won't accept less." The treasurer reminded fellowboard members that he "works for the people, and with the board." He took note of the fact that salaries may be increased by action of the citizens (qualified electors) at the annual township meeting.

In its estimated budget the township lists income from all sources

other than property taxes as \$106,475, compared to \$95,824.15 last year. One of the major new sources of income in this category will be the state income tax, estimated at some \$13,000 in returns to the township.

Income from property taxes is estimated at \$26,315 based on the new assessed valuation estimated at \$26,000,000, up \$6 million over last year.

The property tax revenue is based on a one mill levy (\$1 per thousand

dollars of assessed valuation).

It would appear that the \$26,315 estimated income from property taxes might be extremely conservative. With the same millage levy last year against property valuations that were \$6 million less the township budget shows it raised some \$29,903 (see complete proposed budget compared to 1967 actual on page 9-A).

Approval of the budget will be the major item on the agenda at the annual meeting, although citizens may initiate inquiries and, in some instances, take action on a variety of matters. Reports of past year's activities will be made by board officers, as well as chairmen for the planning commission and water and sewer department.

The meeting is scheduled for 1 p.m., Saturday, March 30, at the township hall.

## Mobile Home

### Suit Appealed

The Wayne county circuit court decision upholding Northville township's refusal to issue a permit for a mobile home park will be taken to the court of appeals.

Supervisor R. D. Merriam said the township had been notified of the appeal action this week. He did not know when the appeal would be heard.

Judge George T. Martin supported the township's position against the proposed Aaron Valley mobile home village in a decision rendered last month. He ruled that the residential zoning classification was reasonable.

The suit was filed by Charles and James Lapham, Rodney Grover and Gilbert Pearson. Their proposed mobile home village would be located on a 50-acre site on the northwest corner of Six Mile and Beck roads. It would include 275 mobile home sites. Total cost of the development is estimated at \$650,000.

## Construction Closes Bradner

Two major subdivisions were given approvals by the Northville township board Tuesday night so that they might proceed with construction.

Final plats were okayed for Thompson-Brown's Northville Commons subdivisions one and two. They're located on the south side of Six Mile road at Bradner. Some 122 homes are involved in this portion of the total 911-dwelling units proposed by Thompson-Brown. A company spokesman said 50 or 60 homes would be completed this year.

Meanwhile the Fred Greenspan company was given permission to install sewer lines for its 300-home development, Northville Colony Estates, just south of the Thompson-Brown project on Bradner. Final plat approval is still pending. Greenspan expects to complete 100 homes this year.

The board was notified by the Wayne county road commission that Bradner road will be closed between Five and Six Mile roads until April 26, or until installation of sewer lines along Bradner to Northville Commons is completed.

Bradner road is slated for paving this summer, probably in June.

## County Eyes Wider 8-Mile

Improvements on Eight Mile and Novi roads are listed in the 10-year program of Oakland county as revealed to the city council this week.

Northville officials were asked to "rate the importance" of the proposed projects and to indicate to what extent the city would participate financially on the portions of the roads within the city limits.

The projects include widening of Eight Mile road to four lanes from Novi road to North Center street with installation of curbs, gutters and turning lanes at Center street; widening of Novi road to four lanes; and resurfacing of Eight Mile road from Taft to Beck road.

Manager Frank Ollendorff and the council agreed that in importance, the Eight Mile road widening rated first. The council declined, however, to indicate how much city money might be available for the projects.

In other business on a short agenda Monday night reviewed proposed state legislation that might effect the city, and decided not to defend a suit brought against Northville and some 40 Michigan cities calling for discontinuance of the use of DDT in spraying for Dutch Elm disease (see Speaking for The Record, page 8-B).

## Soft Ice Claims

### Life of Boy, 7

A seven-year-old boy met death by drowning Sunday afternoon when he and his two brothers fell through the softening ice of Walled Lake.

While all three boys struggled in about four feet of water after the ice gave way under them, a neighbor succeeded in pulling two of the boys safely ashore, Novi police said.

The rescuer was unable to locate William A. Turner. His body was recovered after a boat was brought to the scene. Although police and firemen attempted mouth-to-mouth respiratory aid and the fire department's resuscitator was employed, the boy was pronounced dead at 12:41 by Dr. William Padelford of South Lyon.

Son of Mr. and Mrs. William Turner of 901 South Lake drive, the victim was with his brothers Thomas, 11, and James, 8, playing on the ice near shore at Buffington street and South Lake drive.

William was a student at Walled Lake elementary school. He is survived by five brothers and two sisters and his parents, and grandparents who live in Kentucky.

Funeral services were held Tuesday, with services conducted by the Richardson-Bird Funeral Home

Northville Senior Citizens' club has changed the meeting place temporarily for its cooperative dinner meeting because of a conflict with the lenten dinner schedule at the Northville Presbyterian church.

The Senior Citizens will hold their cooperative dinner and social evening at 6:30 p.m. Tuesday, March 26, at the old junior high school building on Main street.

## BIRTHS

Mr. and Mrs. Joe Gotro of Fry road announce the birth of a son, Derek R. Gotro, March 13 at St. Mary hospital. The baby, who weighed 5 pounds, 9 ounces at birth, joins a sister and two brothers at home.

Paternal grandparents are Mr. and Mrs. Howard Biegert of Northville and maternal grandparents are Mr. and Mrs. Harold Hunter of Pleasant Ridge.

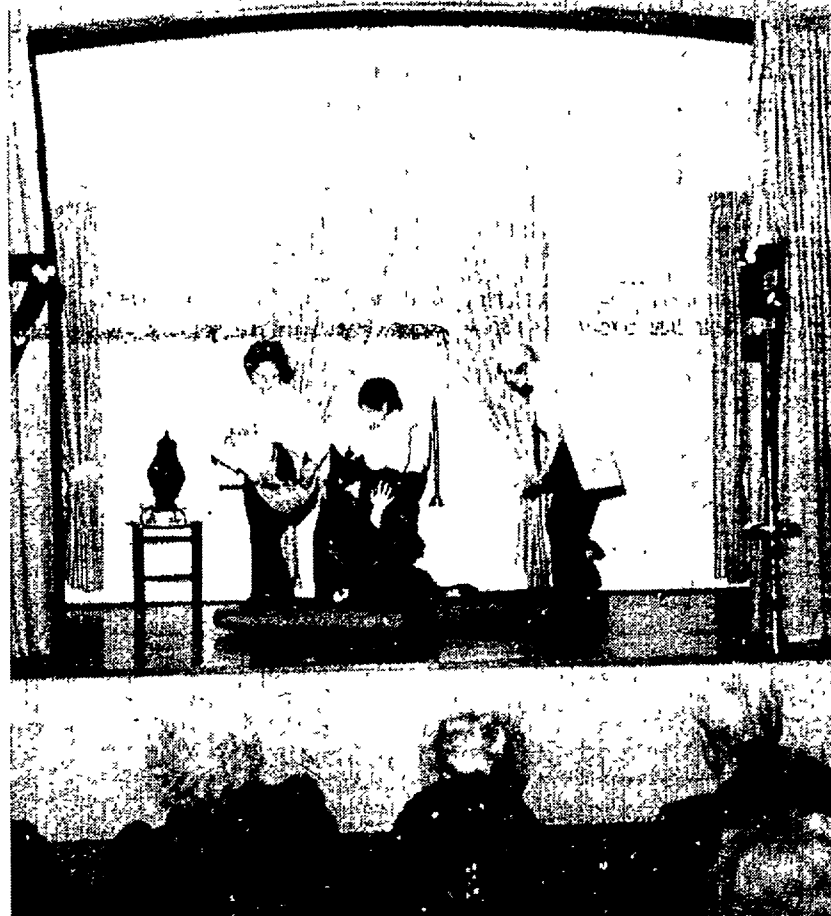

\*\*\*\*\*

Mr. and Mrs. Robert DeBoutte, 117 Rogers, are parents of a son, Robert, Jr., born March 13 at Garden City hospital. He weighed 10 pounds, 8 ounces at birth. His maternal grandmother is Mrs. A. J. Funke, 31 Brookside.

A LIFE MEMBERSHIP in Northville Woman's club is conferred on Mrs. Elroy Ellison, left, retiring president who now has been a club member for 25 years. Mrs. Blake Couse adjusts the congratulatory

corsage at the final luncheon of the season last Friday. At the annual meeting concluding the club's 75th year Mrs. Ellison turned over the presidential gavel to Mrs. Couse.

A FAIRY-FALE, oriental style, is presented by new members in the traditional "fun" skit, concluding the Northville Woman's club's annual tureen luncheon at the Presbyterian church last Friday. Mrs. F. A. Waggoner was in

charge of the program. New members participating were Mrs. Donald Keith Wright, Mrs. E. C. Hopper, Mrs. Alex Johnson, Mrs. William Heffner, Mrs. E. C. Ordling, Mrs. Herbert Weston, narrator, and Mrs. J. Hardee Bethea.

## In Our Town

NORTHVILLE BUSINESS and Professional Women's club is planning a festive birthday party to mark the organization's 20th anniversary.

Guests and prospective members are receiving gay-daisy printed invitations to a dinner March 26 at Hillside Inn. Their green-and-yellow scheme, the club's colors, will be repeated on the special anniversary cake already ordered, Mrs. Mildred Cucchetti, president, reports. She explained that the party program is planned to tell newcomers the history of the organization.

It was April 2, 1948, that the club had its installation dinner with 99 members present to receive the charter from New York. It was held at the Methodist church house with guests including the state president from Ann Arbor.

Mrs. Beatrice Carlson was installed as first president. Other officers were Nellie Barry, vice-president; Mary Alexander, recording secretary; Ruth Knapp, corresponding secretary; and Ida Blucher, treasurer. (We note that the ladies "professionally" used their first names and no titles in reporting the occasion.)

Mrs. Carlson still is an active member of the organization and with Mrs. Hester Gow, past president, has been in charge of anniversary party arrangements. Twenty years ago Mary Babbitt and Mary Jones were decorations chairmen. Clara Broda, Velma Freydl and Florence Keith were the by-laws committee.

This year's program will include a talk by Miss Barbara Freatman of Ypsilanti, district nine director of the Michigan Business and Professional Women. Members will trace the club's 20 year-history.

Planning the program are Miss Margaret Rager, Mrs. Mabel Cooley, Miss Leona Parmalee and Mrs. Gow. In charge of invitations are Mrs. Marlan Kellogg, Mrs. Lucille McKinney and Miss Mizzie Markham.

BASE LINE QUESTERS' antiques society members are being limited to 25-to-40 word paragraphs each on a "Potpourri" program covering a variety of yesteryear objects from greeting cards, signs, maps, bridges and newspapers to apothecary measures.

The program will be at 1 p.m. Monday, April 25, at the Eight Mile road home of Mrs. William B. Walker, "Happy Acres." The lane leading there is marked by a sign just before Haggerty road.

Mrs. Walker's daughter, Mrs. Paul Beard, will be hostess for the meeting and tour of the historic country home. Mrs. Charles Ely is in charge of program arrangements.

AN OPERA staging in miniature is giving Northville shoppers a preview of the setting for "La Boheme" this week. Displayed in Lapham's window, the miniature is complete with figures and is the work of members of the Detroit Grand Opera association.

Designed to create interest for the 1968 Overture presentation, which will be Saturday evening, April 6, in Northville high school auditorium, the setting is a "traveling exhibit" going to areas where Overture is scheduled. Mrs. Harold Wright, Northville's Overture publicity chairman, hopes that everyone coming into town will take a moment to inspect the charming reproduction of this attic scene.

In cooperation with the local overture committee, Lapham's is selling tickets to the performance.

LAST OFFICIAL action of Northville Woman's club as it concluded its 75th year last Friday at a tureen luncheon at the Presbyterian church was to donate \$150 for the purchase of a large tree to beautify the community. The civic gift was made at the request and recommendation of Mrs. L. M. Eaton, civic improvement chairman.

Two 25-year life memberships

Set for Friday, March 29 from 5:30 to 7:30 p.m. at the Novi high school, Eleven Mile and Tavit roads, the all-you-can-eat supper is open to the public.

Tickets will be on sale at the door or they may be obtained from band members. Seventh grade and younger children may get tickets at half price.

were announced — Mrs. H. H. Brown and Mrs. Elroy Ellison, retiring president. Mrs. Ellison's corsage marking the milestone was presented by Mrs. Blake Couse, to whom Mrs. Ellison gave the club gavel at the annual meeting. Two new members were announced by membership chairman Mrs. H. A. Boyden. They are Miss Ione Palmer and Mrs. George Spencer.

About 100 members attended and saw the oriental skit presented by new members under the direction of Mrs. F. A. Waggoner.

GOLFING VACATIONS have lured Northville residents south. Mrs. Hiram Pacific's lovely tan, apparent when she attended the Woman's club meeting Friday, was acquired at Ocean Springs, Mississippi, where the Pacifics spent their time golfing.

Enroute south they visited for a couple of days with the Reuben Jensens at their home in Indianapolis. Mrs. Pacific reports the Jensens are settled in their spacious Georgian colonial home now.

ARTHUR HEMPE, Jr., had that rare, satisfying experience on his golfing vacation in Jamaica where they leased a villa. This is the fourth year they have spent a late-winter vacation at Runaway Bay.

The Hempes returned last week from a 17-day stay in Jamaica where they leased a villa. This is the fourth year they have spent a late-winter vacation at Runaway Bay.

A TWO-FOLD PURPOSE was served by the trip south taken last week by Mrs. Floyd Kupsky, 318 Yerkes, and her son Floyd, Jr. As national president of the All-States Hobby club she conducted a national board meeting at Durham, North Carolina, where plans were completed for a three-day national convention to be held in that city in July.

Mrs. Kupsky explains that the All-States Hobby club embraces both creative and collective hobbies and that at one count had over 200 different types of hobbies listed. The convention, she adds, is designed to encourage and display hobbies and is open to anyone without charge. Mrs. Kupsky became interested in the group as she has been a postcard collector for many years.

At Huntington, West Virginia, they visited Mrs. Kupsky's daughter, Mrs. Glen Messer (the former Margaret Kupsky), who is a senior at Marshall university. A graduate of Northville high, she is majoring in art and plans to teach it upon graduation. She received a scholastic certificate of achievement at the end of the winter term.

A five-week trip south took Mrs. Beth Lapham to both sides of the Florida peninsula and to Nashville, Tennessee, where she visited Mrs. S. K. Stevens, a former Northville resident.

## Local Women Honored By Red Cross

Four Northville women were among those honored Sunday at Cobo Hall in Detroit for their service to the Southeastern Michigan Chapter of the American National Red Cross.

Chester E. Blanton, chairman of the executive committee, presented the recognition awards to Mrs. Herbert Brown, 25 years service, Mrs. A. C. Carlson, 15 years, Mrs. Jessie Boyd, 10 years, and Mrs. John Miller five years.

The recognition dinner and program was attended by 750 men and women active in American Red Cross service.

## U-M Executive To Assess Crises

Robert G. Forman, executive director of the University of Michigan Alumni association who is just completing a world tour, will be guest speaker at the next meeting of the Northville Mothers' club at 8 p.m. Monday, April 8, at the home of Mrs. Donald Schwendemann, 45907 Grasmere.

Forman, who has been talking with Michigan people in places around the globe, will report their opinions of U.S. actions throughout the world. With the sons of several club members of draft age, he also is being asked to comment on the situation in Vietnam.

Forman received his master's degree in public administration from the U of M in 1957 and his B.A. from MSU in 1953. Between 1953-55 he served as a first lieutenant in the U.S. Army. He previously served as an executive with Bendix Systems division.

He is a trustee of the Washtenaw Community college. Active in community affairs, he has been chairman of the Ann Arbor United Fund campaign and a member of the Michigan United

Fund. He is a member of Michigan Welfare League executive committee. A Rotarian, he is a member of the board of directors of the Ann Arbor chamber of commerce. In 1962 he was selected Ann Arbor's "Outstanding Young Man."

The meeting is a guest night.

## Moraine P-TA To Discuss Math

An explanation of Modern Math will be the program for the next P-TA meeting at Moraine elementary school Thursday, March 28. The meeting will be an afternoon session beginning at 1:30 p.m.

Mrs. Patti Flanagan, Moraine staff member, will present the program. The slate of officers nominated for next year will be presented. Voting will be at the next open meeting.

Child care services will be available at the school for children three and over.

## Announce Engagement

Deborah Lyn Older

Mrs. Louise D. Older of Northville and D. Drake Older of Highland Park have announced the engagement of their youngest daughter, Deborah Lyn, to Dr. Charles Hall. Dr. Hall is the son of Mr. and Mrs. Allen Hall of Elizabethtown, New Jersey.

The bride-elect is a 1964 graduate of Northville high school and currently is a senior in the University of Michigan school of nursing. Dr. Hall attended Cornell university and the University of Michigan Medical school. He now is with the department of neurology at University hospital in Ann Arbor.

A May 24 wedding is planned.

## Miss Schoolcraft

# Peggy O'Neill Rules Campus

In tune with the times, a panel of judges named Peggy O'Neill, 18-year-old freshman student from Detroit as Miss Schoolcraft in the college's annual beauty pageant.

Although the judges may have been influenced by the approach of St. Patrick's Day, there was no question of the choice after Miss O'Neill completed her interpretive reading of "The Spider and The Fly," during the talent section of the competition.

First runnerup was Linda Barnard, 20-year-old sophomore of Livonia. Second runnerup was 19-year-old Eileen Gendernalik, Livonia.

Completing the Queen's Court were Katie Casey, Novi; Barbara Couturier, Detroit; Sandra Sowa, Livonia; and Margaret Zisler, Detroit.

Miss O'Neill is majoring in secondary education and plans to transfer to Western Michigan university to complete work on a bachelors degree after her sophomore year at Schoolcraft.

The new Miss Schoolcraft, a dark blonde with blue eyes, succeeds Kinoku Nagase, who has returned to her native Japan after two years at Schoolcraft.

Miss O'Neill received her crown from Beverly Spiejak, last year's runnerup.

The pageant was sponsored by the Schoolcraft Student Senate.

MEET MISS SCHOOLCRAFT - Sweet Peggy O'Neill, center above, was the choice of the judges as Miss Schoolcraft, 1968, in a college-wide contest. Two Livonia girls, Linda Barnard, left, and Eileen Gendernalik, right, were runnersup. 18-year-old Peggy, whose real name is Margaret, lives in Detroit and is a graduate of Immaculata high school.

## Two Northville Women Receive Key U-F Posts

Two Northville residents have received leadership assignments with the United Foundation Recruitment corps for the 1968 Torch Drive.

Unit chairman for recruitment in Western Wayne is Mrs. Arthur R. Hempe Jr., of 46246 Fanner Court West, who was chairman of the area's residential campaign for the 1967 drive.

Mrs. David Vincent, of 584 Reed Ave., region chairman responsible for last year's residential campaign in Northville, Livonia and Redford, will assume recruitment responsibilities for the region this year.

Their appointments were announced this week by the U-F's 1968 Recruitment corps chairman, Mrs. Robert F. Sullivan of Grosse Pointe.

"I am pleased these experienced and capable volunteers will assume these important positions", Mrs.

Sullivan said.

"In promoting the enrollment of women volunteers, they will undertake a task essential to the Torch Drive's success," she continued. "Their experience and skills will be an invaluable asset."

Mrs. Sullivan said some 60,000 volunteers will be needed to ring doorbells during the twentieth annual U-F campaign.

The volunteers will call at residences throughout the metropolitan area to explain the objectives and services of the U-F and its agencies.

They will provide housewives, the retired and the self-employed—all individuals not afforded an opportunity to give at work—the chance to make their personal contributions.

## Donations Hit \$416 In Easter Seal Drive

Second report in the 1968 Easter Seal campaign of Western Wayne county reveals that Northville residents have contributed a total of \$416 in the current campaign which runs until April 14. From the general seal mailing \$256 has been received. Special letter responses have added \$160.

To date a total of \$15,092 has been raised in the Western Wayne district.

Since 1934 the work of the Easter Seal society founded by an Elyria, Ohio industrialist, Edgar Allen, has been

largely supported by funds donated in the annual campaign. The society now provides education and treatment services for some quarter million handicapped children and adults.

Mrs. Jane Devereaux, executive secretary of the Western Wayne society, announces that a new booklet is available from the Easter Seal society for parents and others who work with hearing-handicapped pre-school children. In simple language it gives specific points to emphasize or to avoid to help the child to his best adjustment. It was prepared by Jean Utley Lehman, Ph.D., professor of special education at California State College.

Titled "Do's and Don'ts for Parents of Pre-School Deaf and Hard of Hearing Children," it includes such suggestions as:

Do let him see that his whole family loves and needs him. Do talk to him in a normal voice. Don't exaggerate your lip movements.

Copies of the booklet are available from the WW Seal headquarters, 2545 Hyde Park drive, Inkster, or by telephoning PA 2-3055.

## Helping Hands Needed in Novi

Helping Hand volunteers still are needed in Novi. The sponsoring Jaycee auxiliary is accepting application forms that can be obtained from Novi stores displaying the Helping Hand sign in their windows.

The emblem indicates immediate help is available within for any child. Anyone interested in participating in the program and wishing more information may call the Novi Jaycee auxiliary at 476-2596.

# Novi's Mrs. Richard Ritter

## She's Pen Pal of 20 Servicemen

Most of all, a serviceman wants news from home, and that's what Mrs. Richard Ritter, 26201 Taft road, Novi, has been supplying to Novi-area servicemen for the last 15 months.

The list of servicemen with whom she corresponds has grown to 20 with almost every one receiving a handwritten letter, a tape or a package from her every week. Many are in Vietnam.

Among the servicemen on her mailing list has been the Ritters' own son, Wayne, who has just returned from Japan, where he has been serving with the U.S. Navy. Home for the first time since he entered service, Wayne was honored with an open house at the Ritter home last Friday evening. The occasion also brought together four other young servicemen or ex-servicemen to whom Mrs. Ritter has been writing.

More than 40 relatives and Novi-area friends attended the open house. During his leave Wayne will be marrying Judy Snelgrove March 23 at Novi Methodist church. The couple attended school together.

A church project for Christmas, 1966, began Mrs. Ritter's letter writing. She headed a committee sending prayerbooks to Novi Methodist servicemen. The mother-of-five then began writing in answer to their thank-you notes.

The boys have sent pictures and souvenirs from the areas in which they are stationed. Some, with tape

recorders, have sent tapes, and she answers on tape, encouraging members of her own family to add their comments.

Detroit relatives save cigar boxes which Alice Ritter finds just right for small packages going overseas. These are filled with chocolate chip cookies or crackers-and-cheese or a pizza mix. Incidentally, her daughter-in-law points out, Mrs. Ritter has discovered that cheese in aerosol cans travels well and keeps unrefrigerated.

An amazing number of welcome items can be tucked into a letter envelope, Mrs. Ritter has found. In almost every letter she places a couple of sticks of gum or a wash-and-wipe packet — the latter being helpful in "fungus-breeding" areas where washing water is scarce, servicemen have reported.

Mrs. Ritter does most of her letter-writing at night while watching television. Daytimes she works six to eight hours each school day for the Novi schools in food preparation.

Among the servicemen to whom Mrs. Ritter has been writing is Dennis Pierce, Army infantry specialist, who was reported injured in the Saigon area February 19. It is her hope that more citizens will begin sending letters to servicemen like Denpy as the response to her letters has convinced her and her family that they are most welcome. (Denny presently is addressed through Hospital Section, APO SF 96381.)

Among those at the open house was Robert Dale, son of Novi superintendent of schools Thomas Dale. He now is out of service but was "introduced" to Novi by Mrs. Ritter as his parents moved here while he was away.

Other servicemen who had not known Mrs. Ritter before they started receiving her letters while away also hurry to see her almost as soon as they arrive home.

Knowing that Alice Ritter is fully aware of the moral support offered by her letters-from-home, her family, when queried by the Novi News about this activity, offered the information about her continuing project as a tribute to her — and also because they know how much she would like to encourage others to write servicemen, especially those overseas.

MRS. RITTER AND HER "BOYS"—Five of the many Novi-area servicemen with whom Mrs. Richard Ritter, 26201 Taft road, has corresponded during the past 15 months, pose with her at the open house held last Friday evening in honor of her son Wayne, second

from left, who is home on leave from the Navy. From left are Mike McNabe, just back from Vietnam and now out of service; Wayne; Charles White, an Army man; Randy Caligiuri, corpsman with a Navy tech rating; and Robert Dale, an ex-serviceman.

JUNIOR SCOUTS of Troop 234 display the certificate they received last year as champion cookie sellers as this year's annual cookie sale concluded last week-end. The troop selling the most boxes this year will be an-

nounced when the cookies are delivered during the week of April 22. The troop this year solicited sales trying to win the honor for a second time while studying Indian lore for the annual scout birthday party presentation.

## Busy Girl Scouts Report

The Girl Scouts had their birthday party last Saturday and a good time was had by all. The skits each troop put on showed much preparation and weeks of hard work. This is just one phase of their year round program and so that you may become more acquainted with them, we of troop 222, the senior troop, will try to keep you abreast of their activities.

Preparations for the Girl Scout birthday party have dominated Brownie troops this past month. All of the local troops have selected songs and games and dances from the foreign country of their choice. Troop No. 149 has delved into it even further and is planning to make a large activity out of their research.

Some troops, such as No. 205 and No. 220, were able to have their ice skating and sledding party before the weather changed. Now quite a few of the other troops are waiting to have theirs. Troops No. 211 and 223 are among those disappointed Brownies.

Troops No. 214 and 220 have been busy keeping Northville's bird population healthy. Both troops have made bird-feeders for their backyards. Along with their bird-feeders, troop No. 214 has been learning a must in scouting — knots. Good luck, girls!

The main event of troop No. 236 has been the investiture of the 17 girls who make up the troop into scouting. All the older scouts of the community wish to welcome you into our organization. A new co-leader was also welcomed into the troop, Mrs. Mahoney, who was given her pin by Mrs. Warner Krause, Brownie Organizer.

The Junior Girl Scouts are making the most of this year's winter activities. No. 336 had a sledding party, but No. 331 were sadly disappointed as their skating plans fell apart but were substituted with a two-mile winter hike down Deer Run, a trail in New Kensington

Park. All of nature's wonders were keenly observed by the girls.

All junior troops took part in Thinking Day. Two troops went to the circus February 9. Tray favors were arranged artistically for a convalescent home on Valentine's Day.

In the future, troop No. 361 plans a trip to the telephone company. A bike hike will take place in the spring for troop 336, and Mrs. Dodd's juniors are looking forward to lodge camping March 15-17, with two senior girls going along to help.

Mrs. Jester's cadette troop has been making tray favors for Eastlawn along with planning the overnight they took just for fun to Ivory Farms. They went ice skating and went on a sleigh ride while there.

Cadette troop 371 was given the responsibility for Thinking Day. The Sandpiper Patrol decided to take on the responsibility as a challenge for social dependability. They decided to emphasize the international aspect of scouting with the message that Girl Scouting is a very positive way girls of all ages can contribute to world understanding and, hopefully, world friendship. Two of the girls from the troop were involved in the Thinking Cap for the Cadet Look Wide and have been attending meetings regularly in Ypsilanti since October. Ten of the girls attended the Look Wide. All of the girls have received their first aid badge as a result of a course given by their leader, who is a doctor.

Senior troop 222 has had its annual parent's dinner and this year returned to its original idea of only inviting the fathers. It consisted of a planned pot luck, each patrol being responsible for one course. The theme was valentines, and the girls put on a skit for after-dinner entertainment. We closed with the singing of songs by the fathers and their daughters, and all agreed that it had been highly successful. The girls also went on a two-night overnight to Ivory Farms where they had a fire engine ride (which broke down) and they all froze waiting for a wrecker to come to tow them home. One of the troop members introduced the scouts to the world of enameling, and most girls made a piece of jewelry to take home as a souvenir.

The girls also attended the Senior Planning Board banquet, that was chairedman by one of our own members, Pat Kampman, at OLV social hall, Scouts (senior and cadette) from all over the Huron Valley Council attended. There were about 150 in all, and it was a great night.

"You can see by this that the girls in Northville are living scouting every day."

## Student Survey Aids Skill Center

Some idea of how high school youngsters regard the world of work will be gained from a survey being taken among more than 10,000 students in grades 9-12 in the seven school districts that will send students to the planned Walled Lake Area Skills Center for skill training for specific occupations.

The survey was conducted in Novi and South Lyon high schools. Both districts will send students to the center.

Information from the survey will be used in planning curriculum and courses for the Skills Center.

As presented to the students, the

survey form organized 61 different occupations under 10 major headings. Named the "galaxy approach," each of the major headings, such as building construction, hospitality service, and industrial was followed by a list of (galaxy) of specific occupations within that work field. For example, hospitality service included airline hostess, bakers and cooks, hotel-motel management, waitress and waiter.

Personal services headed the specific occupations of cosmetology, interior decorating, pre-school nursery, and tailoring.

The industrial galaxy included the highest number of specific occupations, listing 21 different work areas of drafting, machine shop, electrical and mechanics.

Other galaxies in the survey were building construction, business, distributive education, paramedical, data processing and graphic arts.

After the information obtained from the students is tabulated at the individual schools, it will be brought together and used by the steering committee that is now at work developing plans to place the Skills Center in operation in 1970.

Although the fall of 1970 might seem the distant future to many, for members of the steering committee the 1970 date means working under deadline conditions.

The committee is hard at work developing recommendations for courses and operational policies, including admissions standards for students, to guide Walled Lake school officials who must determine the site, erect a building, and ready a staff for the Skill Center that will serve students from seven area high schools.

The steering committee, formed of representatives from each of the seven "sending schools" including Gerald Hartman, principal of Novi High school, and William Adams, principal of South Lyon high school, is working under direction of Murray Adams, coordinator of secondary education for the Walled Lake district.

## Teachers Back Spear's Request

Northville Education association — the teachers' organization has gone on record as favoring a recommendation of Superintendent Raymond Spear for seven additional teachers in 1968-69.

A position statement relative to the teachers' support was released by John Hyde, chairman of the teachers' negotiation team, on Tuesday. It follows:

The Northville Education association was pleased to read of Superintendent Raymond Spear's recommendation for seven additional teachers in 1968-69. It is our hope that the board will approve this recommendation and seek to further expand the professional staff in our school.

Teachers are acutely aware of the importance of smaller classes in order that individual problems of learning may be dealt with adequately. As Superintendent Spear accurately pointed out, Northville enjoys a favorable teacher-pupil ratio and the addition of seven teachers would do much to preserve this.

There are, however, many instances of overloaded classes that cannot be understood by the discussion of average class size or pupil-teacher ratio. According to teachers at the high school, for instance, physical education classes for both boys and girls are overloaded by as many as 15 students. Basic science classes are twenty per cent larger than the recognized maximum for adequate instruction. Science teachers also feel that such classes as chemistry have more students than the lab can safely accommodate. Several classes in government (required for all students by law) have 34 or 35 students — much too large for proper instruction in so vital an area.

In junior high school, the physical education overload is even greater. There, classes meet on alternate days because the total enrollment is greater than the staff and facilities can handle on the normal five day schedule. In many junior high academic areas, there are problems as well. Some teachers have classes of 30 or more in rooms too small for over 25 students. Others have average class sizes of 30 in such difficult subjects as math, English and science.

These are but a few of the difficulties which illustrate the wisdom of

Complaints were received this week at Northville's Cooke junior high school and The Record that students living east of the school have been cutting through the yards of residents living on Jeffrey drive instead of using the steps and walk constructed for them.

Explaining that their new lawns were being ruined by the steadily increasing traffic through them, one property owner appealed to the paper to ask parents of students living in Northville Heights and Village Green subdivisions to check the routes they are taking to school.

# Northville City Council Minutes

The regular meeting of the Northville City Council was called to order by Mayor Allen at 8:05 p.m., Monday, March 4, 1968 at the Northville City Hall.

Present: Allen, Black, Carlson, Lapham and Nichols. Absent: None. Minutes of the regular meeting of February 19, 1968, were approved as submitted.

Moved by Carlson, support by Nichols, to pay bills in the following amounts: General—\$15,590.09; Water—\$3,135.58; Other Government—\$75,895.96. Unanimously carried.

## Communications:

(a) Letter from 1968 Exchange Committee announcing Northville has been paired with Hastings, Michigan, for Mayor's Exchange Day.

(b) Letter from Dr. Dale Kiser requesting permission for Northville Rotary Club to solicit on April 5 and 6 for their annual Lily Parade—Permission granted.

(c) Request from Alsac (Leukemia Research) to solicit in their annual drive on September 15, 1968, 12 noon to 3 p.m. granted.

(d) City Manager briefed the petition from group of Auxiliary Police requesting equipment, etc. City Manager explained he had answered this and stated such requests should come through the Police Department.

(e) Letter of congratulations from Governor Romney to the City of Northville on their Distinguished Award designation in National Clean-up, Paint-Up-Fix-Up Contest.

(f) As was requested at February 19th meeting—Council was reminded of the State-Wide Housing meeting in Lansing on Saturday, March 9, 1968.

(g) Michigan Division of American Cancer Society's request to solicit in City of Northville in April was denied for door-to-door solicitation.

(h) Request from Little League Football Ass'n. to have a banner on Main street advertising their "Las Vegas Night" was denied; possibility of City manager working with them on some solution.

(i) City manager briefly discussed HB3482 concerning Race Track Revenue and Dog Track Racing. City manager and city attorney are to pursue this—reflecting Council's opposition to this bill.

## Minutes of Board and Commission Meetings:

Minutes of the February 1 Library Commission and February 20 Planning Commission were filed. City manager announced a Public Hearing to be held March 5, 1968 by the Planning Commission on approval of the Preliminary Plat for Lexington Commons #1.

## Consideration of Request for SDM License:

Moved by Nichols, support by Lapham, to approve request of SDM Liquor License for Convenient Food Mart, 1051 Novi road. Ayes: Allen, Lapham, Nichols, Nays: Black, Carlson. Carried.

Public Hearing on Public Schools' Sanitary Sewer District: Clerk read the notice of the Public Hearing for creation of Public Schools' Sanitary District. After some discussion, moved by Black, support by Nichols, to adopt the resolution creating Public Schools' Sanitary Sewer District; and an agreement to be executed between the City of North-

ville and Northville Public Schools; furnishing the city with an easement and stating manner of payment to school for tap fees as they are collected. Unanimously carried.

## Proposed Amendment to City of Northville Subdivision Ordinance:

City Manager explained the proposed amendment to Title 6, Article III of the Subdivision Ordinance—Sec. 6-406H. Moved by Carlson, support by Black, to set the Public Hearing on proposed amendment to Subdivision Ordinance for Monday, April 1, 1968, 8:00 p.m. at the Northville City Hall. Unanimously carried.

## Northville Downs Agreement for General Street Maintenance:

City attorney explained reasons for an agreement with Northville Downs for general street maintenance. Councilman Black raised question of feasibility of this type of agreement in view of present 1% revenue from racing. Cemetery Bridge Repair:

A letter from Wayne County Road Commission engineer was read which stated the unsafe condition of Rural Hill Cemetery Bridge. City manager to look into this and report at a future meeting.

## Taft Road Engineering:

City manager reported on letter received from Northville School Board relative to the paving of Taft road (containing several qualifications). Moved by Black, support by Nichols, to approve Taft road engineering contract with Harold Penn (changes to be made in last paragraph on page 1 of agreement regarding inspection); ask Northville Board of Education for clarification on their letter regarding Taft road paving. Unanimously carried.

## Miscellaneous:

City clerk spoke about proposed Dog Clinic for this spring.

City attorney explained latest developments in the Lower Court Reorganization Bill. He also discussed the law-suit in which Northville was named, along with 40 other cities in Michigan, by Environmental Defense, Inc. for use of DDT in tree-spraying program. City manager has asked John Miller of Green Ridge Nurseries to explain the present program and possibility of alternates.

City manager announced Annual Marksmanship Event conducted by Mr. Prom and showed samples of recognition badges.

City Manager was granted permission to prepare a cost estimate for the damage in Northville Heights #2 sub, from drainage problem there.

Councilwoman Carlson reported on her trip to Washington, D.C. to receive City of Northville's award in National Contest—Michigan received 7 of the 61 awards designated from 213 entries; and Mrs. Carlson thanked all persons and groups who made this trip possible.

Mrs. Carlson said there would be a Beautification Committee meeting in the city hall council room on Saturday, March 16.

There being no further business, the meeting was adjourned at 10:05 p.m. Respectfully submitted

# High Court Justice to Resign in July

**EDITOR'S NOTE**—Following is a statement issued by Supreme Court Justice Theodore Souris explaining his intentions to resign the post next July.

It is my intention to resign from the Michigan Supreme Court on or about July 1, 1968, after the Court's current term ends.

My decision to resign is based principally upon two considerations:

First, I always have intended to return to the private practice of law at some time in my career. The calendar dictates that this is the time for me to do so.

The legal profession offers many opportunities to participate in the challenging public affairs of our times. My resignation from the Supreme Court now, at age 42, will not only permit me to satisfy a deeply felt professional desire but, at the same time, it will permit me to explore such other opportunities for public service as may arise. If I were to be re-elected this fall, on the other hand, I would feel honor bound to serve out the new eight-year term which would end in 1976. At that time I would be 51 years of age, an age at

which, even in professional life, there are fewer options than there are now.

Second, by resigning at this time, rather than simply declining to run again, I will be implementing the intent of the people of Michigan to reduce the number of Justices in the Michigan Supreme Court from eight to seven. Our new Constitution provides that the first vacancy on the Court created by death, retirement or resignation shall not be filled, thereby reducing the number of Justices to seven and eliminating the possibility of four-to-four decisions of our Court, as presently constituted, in cases and administrative matters of significant public importance. Although I would not leave the Court for this reason alone, it adds weight to the decision I have made.

I am aware that others are preparing to run for my seat on the Court, which will disappear with my resignation. To spare everyone campaign expense and effort is one reason I felt impelled to make this decision now and to announce it as early as possible.

A matter of honor remains for disposition. Last October almost 900 of my friends attended a dinner for the purpose of raising funds to be used in my behalf in the event I became a can-

didate for re-election. A total of almost \$18,000 was realized after all expenses were paid. At that time it was announced at my request that, if I did

not become a candidate for re-election, the proceeds would be contributed to charitable causes.

Accordingly, I am asking the dinner committee to carry out that commitment. Letters will be mailed to those who purchased dinner tickets offering a refund of their pro-rata share of the net proceeds. Except to the extent that donors request such refunds, the balance of the fund will be contributed in equal shares to the Neighborhood Service Organization and Northeastern Wayne County Child Guidance Clinic. Both of these agencies are supported by public funds as well as private. I have had the honor of serving on their Boards of Directors for the past several years.

I am deeply grateful to the people of this state who have permitted me to serve during the last eight years as a member of their highest court. I believe my decision to resign from the Supreme Court is in my family's best interest and in the best interest of the public. It is my hope that my friends will understand my decision to leave now before the river of time carries me further.

In any event, the decision was mine to make, and I have made it.

## Novi Appoints Fred Hanert

Fred Hanert, teacher of history and civics at Novi high school, last week received appointment to a counseling position for the school which will graduate its first senior class next year.

Now in his third year of teaching history and civics at both the junior high and senior high level in Novi, Hanert will continue to teach. His teaching load will be reduced to two classes next year as the need for counseling services grows with progress of the school reaches a full complement of high school classes.

Hanert, presently working towards a master's degree in counseling at Wayne State university, holds a bachelor's degree earned at Michigan State university. The 25-year-old counselor-teacher and his wife Holly, presently live in Plymouth.

**GOOD BUY**—Fire Chief Bud Hartner inspects one of more than two dozen surplus fire extinguishers being offered to downtown business places, through the coopera-

tion of the Retail Merchants association, at \$5 each. A businessman wishing one placed in his store is asked to call Charles Lapham, FI-9-3677.

## Board OKs JH Principal

A Novi high school teacher, Jack Jordan, has been picked by the board of education for the new position of junior high school principal.

Formal acceptance by Jordan, however, awaits the board's action in fixing the salary for the position.

The board delayed action on the salary last week until March 27. In discussing the matter, members reached agreement to delay action until they had decided "some kind" of salary formula upon which to base their final decision.

From last week's discussion, it appeared that the board is considering a salary in the neighborhood of \$10,000 to \$11,000. Under his present teaching contract, Jordan would receive \$8,945 next year without any increases that the teachers' organization might win in current negotiations, it was noted.

More than 20 applicants were received for the principalship.

Also slated for decision at the special meeting next week will be establishment for new salaries for Novi's other three principals.

Acceptance of two teacher resignations, involving Malcolm McQuillan, high school counselor, and Mrs. Peggy Harris, high school art teacher, were accepted by the board. Effective date of the resignations is the close of the current school year.

## Northville Township Board Minutes

Northville township board meeting, March 5, 1968, Northville Township hall. Meeting called to order at 8:05 p.m. Present: Supervisor Merriam, Clerk Hammond, Treasurer Lawrence, Trustees: Armstrong, Baldwin, Stromberg. Absent: Trustee Tellam.

Also present: Attorney Ashton, Engineer Mosher, William Sliger, Mr. Menig, Mr. Russell, 4 township residents.

Minutes of township board meetings of February 6 and 28, 1968 approved. Treasurer's report for February 1968 read and accepted.

Office Receipts and Bills Payable for the township and for the Water & Sewer Department for February were reviewed. Baldwin moved that all current bills be paid, seconded by Armstrong. The building department report was accepted.

Planning Commission minutes of February 13 and 26, 1968, Water & Sewer Commission minutes of February 6, 12, and 22, 1968, and Library Commission minutes of February 1, 1968 were all received.

Correspondence

1. Liquor Commission - A letter from the State Liquor Control Commission stated that the Quik-Pik Food stores had applied for a transfer of their SDM License from Alfred W. Serpa to Ira Wilson & Sons Dairy Co. and a resolution form was enclosed. Mr. Ashton commented that these matters are usually approved unless there is some specific reason for disapproving. There being none, Stromberg moved to approve the transfer as requested, seconded by Lawrence. Ayes: All. Motion carried.

2. City of Northville requests - A letter from the City requested information on our experience with outside water meters, and Mr. Merriam has already talked with Mr. Ollendorff about this. The letter also expressed concern about financial loss due to destruction of jointly-held equipment, in case of an incident beyond either party's control. No action taken. Mr. Merriam will also discuss this with the city manager.

3. Detroit City Water - Mrs. Hammond read a letter from the City of Detroit Water Board regarding their minimum bill requirements in which was enclosed a copy of the minimum

bill. The city restated the December 1968 deadline for securing the hospital as a township customer. Mr. Ashton is to get a copy of this letter and is to see what he can do to expedite the approval of the contract with the Ad Board in Lansing.

4. Cemetery Bridge - The Wayne County Road Commission states that the access bridge from the Rural Hill Cemetery to Seven Mile road is unsafe, and recommended that the bridge be either closed or repaired. A copy of the letter has been sent to Mayor Allen and Mr. Ollendorff.

Old Business  
1. Detroit Edison Franchise Election - Mr. Menig from the Detroit Edison company explained the procedure for a special election, held every thirty years, to renew their franchise. Trustee Lawrence may not participate in the discussion nor vote on this matter because of his ownership of Detroit Edison stock. Two resolutions were presented to the board by Mr. Menig, which he read aloud in their entirety. Stromberg moved that the resolution #1 be adopted as read, supported by Armstrong. Ayes: All. Motion carried. (Mr. Lawrence abstained.)

The second resolution accepts the proposed election date for April 29, 1968 which allows time for the necessary publications, registration of voters, etc. Armstrong moved that the resolution authorizing April 29, 1968 as the election date be adopted, seconded by Baldwin. Ayes: All. Motion carried. (Mr. Lawrence abstained.)

Mr. Menig then accepted the franchise commitment from the township for Detroit Edison, pending the election outcome, and gave the clerk a check in the amount of \$500 to defray the expense of such election. If this is not a sufficient amount, the Edison company pledges to pay any expense above this amount.

2. Water Assessment District - Mr. Ashton read a standard resolution setting forth the Township's intentions to issue bonds to cover the expenses of the project, Special Assessment District #3, to construct water mains on Maxwell, Fry, Marilyn and Park Lane, near 5 Mile road. There has been some difficulty of late in selling municipal bonds because of the limitation on interest to 5%, but our counsel did not feel that we would have too much trouble because of the good reputation that the township has had in paying off its bond issues. Baldwin moved that the resolution on Special Assessment District #3 be adopted as prepared. Seconded by Stromberg. Ayes: All. Motion carried. New Business

1. Building Department Recommendations - The building department presented a list of five recommendations for additions to the local building code. After a change in wording of the second recommendation to read "Exhaust, including range hoods, shall be ducted to the outside air", and elimination of the fourth recommendation, Mr. Stromberg moved to adopt the code changes,

as altered, seconded by Baldwin. Ayes: All. Motion carried.

2. Kennel Licensing - Mr. Merriam read a portion of the Plymouth Township regulations for licensing of dog kennels. After discussion, tabled for further study.

3. Water and Sewer Recommendation - By resolution, the township has been charging \$3 per unit for water to be used during construction of new buildings. A considerable discrepancy has become apparent on the first three months comparison readings of the Kings' Mill meters. Therefore, it is recommended by the Water & Sewer Commission that the township board adopt an increase in construction water charges from \$3.00 to \$10.00 on individual homes and \$6.00 per unit on multiples, amending Resolution 67-23.

4. Guarantee for Northville Commons - Letter from Mosher, Mr. Mosher explained the security requirements in the subdivision ordinance where water and sewer are required in a subdivision as a condition of its approval. They may be in the form of a surety bond, certified check, or a letter of credit. As township engineer, it is his duty to estimate the cost of these improvements as a basis for the guarantee requirement. He suggested that the township could authorize a release of these guarantee funds on a pro rata basis as the work progresses. Mr. Ashton said that a resolution would not be necessary since the ordinance already requires that this be done.

5. Announcements - The 19th of March is Settlement Day; Meeting to be held at 8:00 p.m. The Annual meeting of the township is to be held on Saturday, March 30, 1968 at 1:00 p.m. in the Northville Township hall, 107 S. Wing.

6. Recommendations from the Planning Commission - The Planning Commission recommends that the township board rezone the property of Dr. Gyzynski, located on Seven Mile road, from RM to RM2, and all property presently zoned RM be rezoned to RM-2. A lengthy discussion followed and Mr. Merriam asked if the board felt the matter should be returned to the Planning Commission, but the consensus was that a decision should be made at this time. Armstrong moved that that portion of Dr. Gyzynski's property zoned RM be redesignated RM-1; and that all other properties in the township presently designated at RM be re-designated to RM-2, seconded by Baldwin. Ayes: Baldwin, Armstrong, Lawrence. Nays: Hammond, Stromberg. Motion carried.

The Planning Commission further recommended that the fees for rezoning applications be changed to \$150 plus an acreage fee of \$5 per acre or fraction thereof. The money shall only be refunded if the application is rejected at a regular meeting of the Planning Commission and there is no public hearing. This will amend Township Resolution #60-6.

7. Thompson-Brown request - Mr. Russell of Thompson-Brown stated that the Township subdivision regulations adopted in January 1967 state that no installation shall be commenced before the final plat has been recorded; and further, that in cases of undue hardship, the Board may allow a subdivisor to proceed. At present his company is ten weeks away from final recording and yet they must get their water and sewer lines in before the Wayne County Road Commission begins to pave the roads in June, 1968. He asked for a waiver to proceed with construction because this delay could easily cost six months, or a full building season.

Mr. Merriam stated that Mr. Villan is presently working to change the ordinance to conform more closely with the new Plat Act. Baldwin moved that the board authorize variance from the regulations contained in the subdivision ordinance in accordance with

Sec. 9 as soon as the proper easements are submitted and are approved by our township engineer and attorney, limited to Northville Commons #1 and 2. Supported by Stromberg. Ayes: All. Motion carried.

Mr. Russell submitted the inspection deposit in the amount of \$26,810.58 for both subdivisions, with the approval of both plats to be included in the agenda of the board meeting on March 19, 1968.

Appointment - Supervisor Merriam formally appointed Mrs. Laura Kerr to the Library commission, replacing Mrs. Wm. Sliger. This is for a three year term, commencing January 1, 1968.

Meeting adjourned at 10:55 p.m. Respectfully submitted, Eleanor W. Hammond, Clerk

## Citizen Hits Early Opening Of New Store

A Northville resident, concerned with the opening of the Convenient Shopping Center at Novi road and Allen drive prior to fulfillment of all building and land development requirements, carried his objections to the Northville planning commission Tuesday night.

Specifically, R. D. Isom, who lives in an adjoining Village Green home, questioned the wisdom of permitting the grocery store to open before all requirements had been met, and he asked the commission if it approved of such procedures.

He referred specifically to incompleteness of fencing, paving, drainage, lighting, sidewalk construction, and planting of a greenbelt, which he said inconvenienced the neighborhood.

Commission Chairman George Zerbe said it was the commission's intention in recommending rezoning that all of the requirements be fulfilled prior to opening, and he said he would have preferred that the matter be referred back to the commission before occupancy was granted by the city.

However, he said he could appreciate City Manager Frank Ollendorff's position in granting "conditional occupancy".

Ollendorff, who was present, explained that the city holds performance bonds on all the items cited by Isom, that the owner has agreed to complete all of them within a specified period - the last no later than June 1. He noted that occupancy was requested last month but was not granted until this month.

Asphalt paving was not possible earlier because asphalt plants have not yet opened, he said. Furthermore, he noted that planting of a green belt was similarly impossible, that he had prevented the owner from installing parking area lights because plans for these had not been approved by the commission, and that the owner had agreed to complete all items as quickly as possible.

Concerning Isom's point that the air-conditioning unit located on the rear roof of the building was disturbing the peace of the neighborhood, Ollendorff said the matter had been discussed with the owner and that the latter had ordered a unique baffling device to cut down noise.

Isom also stated that paper and trash is not being properly cared for. He was assured by the manager that the occupant will be forced to keep the property clean.

Under the conditional occupancy permit, Ollendorff explained, failure to comply with these agreements can result in closing of the store.

## Jon VanWagner Tops in Scoring

Jon VanWagner, Novi's state high jump champion, led the Wildcats in scoring over the recently ended basketball season with 301 points.

The Novi senior flipped in 121 field goals in 224 attempts and 59 of 105 free throw attempts through 19 games, according to statistics compiled by Coach Jim Ladd.

Other top scorers included:

Lee Snow, 75 of 259 field goals attempts and 47 of 76 free throws for a total of 197 points; Mark Gilbert, 67 of 211 field goal attempts and 40 of 50 free throws for 174 points; and Gary Boyer, 49 of 150 field goal attempts and 42 of 84 free throws for 140 points.

In those 19 games, the team scoring totals were 422 of 1,166 field goal attempts, 240 of 437 free throws, for a total of 1,084 points.

VanWagner also was the team leader in offensive and defensive rebounding. He came up with 55 on offense, 129 on defense.

Other high rebounders were:

Snow, 41 and 113; Snow, 31 and 72; Dave Bingham, 14 and 25; Gilbert, 14 and 23; Tom Boyer, 17 and 11; and Ken Osborn, 11 and 13.

Gary Boyer led the team in steals with 28, followed by Snow with 17 and

VanWagner and Gilbert with 12. Snow, VanWagner and Gary Boyer tied for total number of interceptions at 11 each.

Other team statistics included: Tips, 29; violations, 72; bad passes, 147; fumbles, 87; personal fouls, 319; offensive rebounds, 205; defensive rebounds, 442; steals, 99; interceptions, 55; and recoveries, 38.

Other player scoring totals include: Tom Boyer, 27 of 73 field goal attempts and nine of 18 free throws for a total of 63 points; Donald Maki, eight of 30 field goal attempts and four of five free throws for 20 points; James Poole, seven of 26 field goal attempts and no free throw conversions in one attempt for 14 points;

Lev Taffalian, three of 13 field goal attempts and two of six free throws for eight points; Joe Morrison, no field goals in one attempt and no free throws in three attempts; Pat Haley, 26 of 78 field goal attempts and 10 of 25 free throw attempts for 62 points; Doug Keith, 18 of 48 field goal attempts and four of 13 free throws for 40 points; Bingham, nine of 28 field goal attempts and 16 of 32 free throws for 34 points; and Osborn, 12 of 40 field goals and seven of 19 free throws for 31 points.

## Champion Colts Fire 1122 Points

Northville's championship junior varsity basketball team outscored its opponents by 261 points in the recently completed cage season, Coach Bob Kucher revealed this week in his wrap-up report.

The Colts scored a total of 434 field goals and 254 free throws (1122 points) during the season, while their opponents scored a total of 319 field goals and 223 free throws.

Northville averaged 56.7 percent at the free throw line for the season, while its opponents averaged 53.2 percent. Average score per game for the Colts is 62.3 points, 47.8 points for their opponents.

The three leading scorers for Northville were Ron Hubbard (274 points for an average of 15.2), Terry Mills (209 and 11.6) and Fred Holdsworth (198 and 11.0). The three cagers are bracketed in the same order in most field goals. Hubbard was first, Rich Adams second, and Holdsworth third in most free throws made.

Best free throw percentage was turned in by Mills with 63. Adams with 62.8 and Holdsworth with 61.

Hubbard scored the most points in a single game (Ecorse), 25 points. The most team points was turned in against Holly - 83, setting a new junior varsity school record.

During the season, Northville won 14 games, lost 4. In Wayne-Oakland league competition, the Colts won 12, lost 2. Their four losses included: Brighton, 59-58; Lincoln Park, 59-56;

Ecorse, 72-59; and West Bloomfield, 53-50.

Following the loss to West Bloomfield, the Colts won its remaining eight games in a row. They opened the season with a 63-36 whitewash of South Lyon and closed it with an easy 69-41 win over Clarencéville.

Total points scored by all players: Adams, 176; John Balkwill, 26; Holdsworth, 198; Hubbard, 274; Tom Hutcherson, 10; Dave Johnston, 10; Mills, 209; Brian Myers, 31; Dale North, 10; Jim Penrod, 72; Marc Sheffer, 77; Dave Veresh, 8; and Rex Balko, 21.

## Early Racing Starts Friday

Racing fans will be treated to the earliest season in history tomorrow when Wolverine Harness Raceway, located at Middlebelt and Schoolcraft roads, opens its doors.

For an entire month, Wolverine will be the only race track-harness runners - operating in Michigan. The meet will continue through May 29 night except Good Friday, April 12 and Sundays.

Northville Downs will open on Thursday, May 30 and remain open until Wednesday, July 31.

# 50 Thinclads Tune Up for Huron Relays

"You can say I'm pretty optimistic," said Northville Track Coach Ralph Redmond Monday as his 50 hopefuls tuned up for the first competition of the spring season.

"Overall, the team looks like it will have a lot of depth. We'll have a real fine senior squad, and a number of younger fellows are looking good and, if they continue to improve, they should give us some valuable extra strength."

First big test will take place at Eastern Michigan university when some 65 Class "B" schools from Michigan and Ohio compete in the Huron Relays on March 29 beginning at 1 p.m.

Redmond hopes to enter boys in "just about every category." Last year the Mustangs piled up enough points to earn a commendable 11th-place position. "And they're really working to improve the '67 showing," Redmond added.

With but one week of practice (mostly indoors) under their belts, many track candidates have already impressed their coach as he looks ahead to the Huron Relays.

Especially strong will be Chuck Keegan in the 60-yard dash, said Redmond. The speedster has turned in times of 6:3 and 6:5 already this spring. The record at Huron Relays, established in 1961, is 6:3 for this event.

Ron Gloetznor, who has vaulted over 12 feet several times in early indoor practice, is a sure bet to represent the Mustangs in this slot.

A "good choice" for the 65-yard high hurdles appears to be Jim Peterson.

In the shot: "We're going to hear a lot about Bill MacDermid this year. He's in good shape, having lifted weights this winter."

Seven candidates are competing for the six positions in the two-mile relay. Bill Harrison looks like a definite starter, and Phil Kennedy, George D'Haene, Paul Bedford, Ralph Robinson and Chuck Totten all are likely candidates.

Four runners are working towards positions in the shuttle hurdle relay. They are Peterson, Gloetznor, Randy Simpson and Barry Campbell.

With Keegan leading the way, the Mustangs' 880 relay team "should be especially strong," said Redmond. Eight sprinters are aiming for slots. They are: Keegan, Greg Carr, Don Beller, Simpson, Gloetznor, John Stuyvenberg, and Al Earehart.

Anchoring the distance medley relay will be Chris Kline and Richard Lamp.

Among the younger hopefuls pinpointed by the coach are Dave Mitchell, who looks good in sprints and hurdles; Dale Orphan, who appears to be on his way to match his brother Dave's performances in distance running; Ed Beller, who is doing well in sprints; and Jeff Dawson, who is working hard in the hurdles.

"Really, we've got these fellows and several other youngsters who should help out this year."

The 1968 Mustang squad will be captained by three seniors, Harrison, Carr and Peterson.

**LEAPING INTO SPRING**—Action plus practice sessions are in full swing at Northville high school as track hopefuls tune up for the upcoming Huron Relays at Eastern Michigan university—first proving ground for Coach Ralph Redmond's thinclads. Hard at practice in the high hurdles here are (l to r) Randy Simpson, Jim Peterson, Ron Gloetznor, and Barry Campbell.

## New Coaches Drill Hopefuls

It's still far too early to say who has the inside track in the race for the nine starting positions on the Mustang baseball squad, but with 50 players out and all but three starters back from last year's championship squad a "tougher than ever" team is predicted.

Pitchers and catchers have been working indoors since last week, and Monday afternoon with the first warm,

sunny weather, all 50 candidates reported for outdoor drills.

Division of the candidates into varsity and junior varsity rosters is expected to take place today or tomorrow.

With a large number of returning starters and a good number of players from last year's junior varsity squad shooting for varsity positions this year, Coach Dick Willing doubts that any freshmen will get a crack at the varsity squad.

Missing from the starting lineup of last year — which was billed as a rebuilding season even though the Mustangs snagged the Wayne-Oakland League championship — are Catcher and Captain Doug Swiss, who signed a semi-

pro contract while attending the University of Michigan, and Outfielders Pat Hall and Chris Holman.

Another absentee is former varsity coach Bob Kucher, who has stepped down as the baseball mentor to give him more after-school time with duties as scout for the St. Louis Cardinals.

Willing, a former varsity catcher here himself several years ago, moved up to the top spot with Kucher's withdrawal. Willing also is an assistant football and wrestling coach.

Last year's junior varsity coach, Bob Powell, who moved to Gaylord, has been replaced by Dennis Palmer.

No doubt, Swiss' loss will be felt behind the plate where he was one of the top prep catchers in the state, as team leader and at the bat.

The task of filling Swiss' shoes probably will fall to Randy Pohlman, last year's first sacker and captain of this year's squad.

## For Novi

## Spring Sports To End League

As far as interscholastic athletic competition is concerned, Novi high is a school without a home for next year.

Following the disbanding of the Lakeland C Conference with conclusion of spring sports schedules this year, Novi will play as an independent until membership in a league can be developed.

This is not an easy matter, said Novi's athletic director, John Osborne, who is presently engaged with building schedules for the various sports for next school year.

"Especially for a new high school, scheduling and becoming a member of an old league or a new one is difficult," Osborne said.

"The major problems are with finding schools of the same size within reasonable travel distance. Since most older schools are already members

of established leagues, and since schedules are built years in advance, the possibilities become few for getting a school that meets all the requirements to schedule a contest for a specific night."

Some of the difficulties are reflected in next year's football schedule. Osborne has scheduled seven games for next year with only two home games. Presently at work trying to schedule two more games, Osborne is hoping he can make them home contests.

Life is not so tough in scheduling basketball games, Osborne said. "The teams play many more games than football and league members must go outside the league to complete a schedule."

One success for Osborne has been scheduling the Wildcats' basketball team into a Christmas tournament at Milan.

As for future membership in a league, Osborne said that there are several possibilities on the horizon as there is some shifting about and reformation among schools in other leagues in the area.

Osborne said that the situation will be vastly improved in a few years as Novi high school grows to a size that will place it in athletic competition with a larger number of schools in the area.

"In the meantime, we will miss the stimulation that goes with league title races and the awarding of trophies and all-conference honors for individual athletes."

## Little League 'Signing' Set

Registration for the 1968 Little League season in Novi will be held at 7:30 p.m. Monday, March 25, in the Novi community building.

All area boys interested in playing on teams must register, including those who played on teams last year. They must be accompanied by their fathers.

Teams for boys between the ages of 8 and 16 are planned. There are to be eight Little League teams, two Babe Ruth teams and a T-ball league.

## Burglars Rob Two Homes Here

Northville Police are investigating burglary of two Northville homes that occurred during early evening hours last Friday and Saturday. In both instances the intruders made off with sums of money and ransacked rooms in the dwellings while searching for valuables.

John George reported to police that his home at 641 Reed court was en-

tered sometime between 7 and 9:15 p.m. last Friday. Investigation revealed that entry was gained by breaking a window in a sliding glass door at the side of the house. Approximately \$50 in change contained in a child's savings bank was taken. Broken fragments of the bank were found outside the home.

In the second breaking and entering, \$20 in cash and a pendant watch were among items taken from the home of Lyman Warnock, 215 Ely drive. The case was reported to police at 8:55 p.m. Saturday.

In both cases, bedrooms were ransacked and clothing and other effects strewn about in disorder. Eight silver dollars were among the cash removed from the homes.

## Cars, Drivers Keep Police Busy in Novi

Cars and errant drivers continued to keep Novi police busy last week. Juveniles with a stolen auto that became mired in the Novi high school lawn, a motorist who abandoned his car on Seeley road when the engine fell from its mounts onto the roadway, and a hit and run driver who weaved and smashed a path through a long line of cars at a railroad crossing were among cases handled.

Patrolman Ron Arbour answered a call from Novi high school last Saturday afternoon that reported a car stuck on the lawn. Arbour found a 1968 sedan occupied by four juveniles from Detroit badly mired, with a series of deep ruts telling of unsuccessful efforts to free the vehicle.

A check of registration contradicted the youngsters' story that the car belonged to their grandfather and that they were using it with his permission. Both car and license plates attached were stolen.

The four juveniles, including two who said they were simply along for the ride with no knowledge that the car was stolen, were turned over to Detroit police.

Information is incomplete as to amount of damage to the school lawn and possibility of obtaining payment for repair.

The hit and run accident, and ensuing pursuit, began at the Chesapeake and Ohio crossing on Novi road and ended on 10 Mile road when David L. Sikkila, 18, of 203 Henning, was turned over to Chief Lee BeGole by South Lyon police officers.

Sikkila, according to the police report, was in a south-bound line of cars waiting for a train to clear the crossing at about 5:00 p.m. last Friday. When the train cleared the highway, Sikkila weaved his way along the north and south-bound lines of traffic, utilizing both lanes and both shoulders of the roadway. He struck two cars enroute, inflicting extensive damage to both, and continued driving south.

With other area police alerted, Chief BeGole, accompanied by the driver from one of the damaged autos, pursued the fleeing auto. It was halted by South Lyon police on 10 Mile road.

Returned to Novi, Sikkila was arraigned before Justice Emery Jacques on charges of reckless driving and leaving the scene of a property damage accident. He received a sentence of a \$35 fine and 15 days on the reckless driving charge. No disposition, pending further investigation, was made on the second charge. Sikkila was released to his brother on a \$200 personal bond.

In the case of the abandoned car with the engine missing, BeGole came on the vehicle halted in the roadway on Seeley road near Washington. The engine from the rear-engine vehicle was on the pavement nearby.

The vehicle was towed away by police order. Investigation of ownership is being made.

## Rape Suspect Bound Over

Dennis Bradenburg, 411 East Main street, charged with raping a 19-year-old Plymouth woman, was bound over to circuit court for trial Monday.

In default of bond he was re-committed to the Wayne county jail.

# Planners OK Plat, Plan

Recommendations for approval of the residential unit development plan and a preliminary plat concerning Thompson-Brown company's Eight Mile-Taft road development and the establishment of two public hearings on unrelated rezoning requests highlighted a meeting of the Northville planning commission Tuesday night.

The unit development plan and preliminary plat recommendations of approval go now to the city council for final action.

Specifically, the unit development plan concerns the total proposed development of 117 acres of property for 160 single family lots, 255 multiple family units, and nearly 20 acres of open space or park land on both sides of Eight Mile west of Taft and on the east side of Taft north of the new junior high school property.

## What's Cooking

At Northville High School

Following are the cafeteria menus for the Northville high school and junior high for the week of March 25-29.

Monday - chili, cheese wedge, bread and butter or sandwich, relishes, pears, milk. Soup-sandwich alternate: chicken-and-star.

Tuesday - doggie in blanket, German potato salad, relishes, prune marble cake- whip cream, milk. Soup: vegetable beef.

Wednesday - chicken noodle, molded orange section salad, fruit muffin-butter, pineapple bar, milk. Soup: bean.

Thursday - Salisbury steak, mashed potatoes-and-gravy, green beans, rolls-butter, applesauce-and-cookie, milk. Soup: potato.

Friday - fish-and-French fries, cole slaw, rolls-butter, cherry cobbler, milk. Soup: mushroom.

**BIG BOOST**-Jerry Rotta, representing VFW Post 4012, presented Councilwoman Beatrice Carlson with a \$270 check Saturday at a meeting of the Northville Beautification commission and representatives of local organizations who have been asked to assist in the spring clean-up, fix-up, paint-up campaign. The money kicks off a drive for purchase of 12 at-

tractive trash receptacles costing some \$60 each. In addition to seeking group participation in spring cleanup, the commission asked for volunteers for monthly cleanup of the railroad bank along South Main street, urged planting of trees, and reviewed activities during the past year which netted Northville a national award.

## • OBITUARIES •

**MAURICE P. KENNEY**  
Funeral services for Maurice P. Kenney, 64, of 39000 West Seven Mile road, Livonia, will be held at 10 a.m. today at Our Lady of Victory church with the Reverend Father John Wittstock officiating.

Mr. Kenney, who died Monday at Henry Ford hospital after an illness of two weeks, was retired production manager of Detroit Gear company, Norge Corporation.

He leaves his wife, Hattie, and a daughter, Joanne. He was born April 28, 1903, in Detroit.

Rosary was to be recited at 9 p.m. Wednesday at the R. G. and G. R. Harris funeral home. The body will be at the funeral home until 9:15 a.m. today.

**REGINA JACKSON**  
Funeral services will be held at 8 a.m. today at Our Lady of Victory church for Mrs. Regina Virginia Jackson, 66, who was found dead, apparently of natural causes, at her home at 533 Rouge street, Monday.

Rosary was scheduled for 8:15 p.m. Wednesday at Casterline funeral home. The Reverend Father John Wittstock will officiate at the services. Burial will be in Oakland Hills Memorial Park cemetery in Novi.

A resident of Northville for 45 years, Mrs. Jackson was a member of Our Lady of Victory church. She was born February 12, 1902, in Canada. She was the widow of Harry Jackson, who died in 1954.

She leaves a son, Harry, of Northville, 11 grandchildren and 4 great-grandchildren. She was preceded in death by one daughter.

**HELEN KENNARD CHAPMAN**  
Memorial services are being held at 2:30 p.m. today for a former Northville resident, Mrs. Helen Kennard Chapman, 82, at the Ross B. Northrop and Son funeral home, 22401 Grand River, Redford. The Reverend Lloyd Brasure will officiate.

Mrs. Chapman and her family lived on Dunlap street for almost 30 years, from 1925 to 1955. She died at Hyattsville, Maryland, March 18 after an illness of four years. She was the widow of Worthington F. Chapman, who died here in 1955.

Mrs. Chapman was born in 1886 in Illinois. She was a member of the Northville Woman's club and the Northville Presbyterian church.

She leaves a daughter, Mrs. Lois Houghton of Washington, D.C.; two brothers, George Kennard of Florida and Hunter Kennard of Tacoma, Washington; and five grandchildren.

Interment was at Grand Lawn cemetery in Detroit.

**CORA I. McDONALD**  
Mrs. Cora I. McDonald, a sixty-five year resident of Novi, died March 13 at the age of 92. Funeral services were held Saturday from Casterline funeral home with the Reverend Robert A. Mitchinson of Novi Methodist church officiating. Interment was in Oakwood cemetery in Farmington.

Mrs. McDonald was preceded in death by her husband, Frank, who died in 1934. Her home had been at 43021 Eleven Mile road, Novi. She died at Novi convalescent home, having been ill for five years.

She was born December 10, 1875,

at Alpena, Michigan, to Mary and Wesley Stoner. She leaves several nieces and nephews.

## High School Break-in Told

Northville and Michigan State police are investigating a break-in at Northville high school which occurred sometime between midnight Monday and 6:50 a.m. Tuesday morning.

A window in the language laboratory was broken to gain entry and a locked door to the principal's office was broken.

While school officials were still attempting to determine items stolen, a stolen car recovered in Ypsilanti Tuesday uncovered microphones and records which are believed to have been taken from the school. The car was stolen in Westland.

Police and school officials do not feel the break-in was the work of teenagers. Desks in the office had been rifled and the safe searched but school funds remained untouched in it.

State police have taken fingerprints and made footprint casts. Earl Busard, school business manager, determined that the break-in must have happened between the hours stated as custodians were on duty until midnight.

## New Police Car Gets New Color

The white top on the new Novi police car is a departure from markings Novi police have been using. Chief Lee BeGole says the department will be using the black body, with contrasting white doors and top, for other police equipment.

"We want our cars to be highly visible, so that people can know when we are in an area and as they can be helped by ready identification when citizens have need to flag down a moving car."

BeGole said that in earlier years the black cars with small door shields were frequently confused with cars of other law enforcement agencies in the area. The large shield on the white doors helped to a degree, but the white top is currently being recommended for its high visibility.

## Novi Justice Court

A Walled Lake resident who surrendered his drivers license following conviction on a drunk driving charge, and a snowmobile driver who pleaded guilty to operating his vehicle in a manner disturbing to the peace were among cases heard before Justice Emery Jacques in Novi Justice Court.

Carlton Harrower, 1631 Westlake, Walled Lake, pleaded guilty to driving under the influence on a complaint issued March 8. He drew a sentence of \$100 fine or 90 days and surrendered his drivers license to the court.

Richard Takas, 23770 Meadowbrook,

charged with disturbing the peace in the Meadowbrook Lake area on February 27 while operating a snowmobile, pleaded guilty to the charge. He was sentenced to pay a \$10 fine and \$5 costs.

George D. Pace, Pontiac, pleaded guilty to reckless driving. He was sentenced to pay a \$75 fine or serve 10 days in jail.

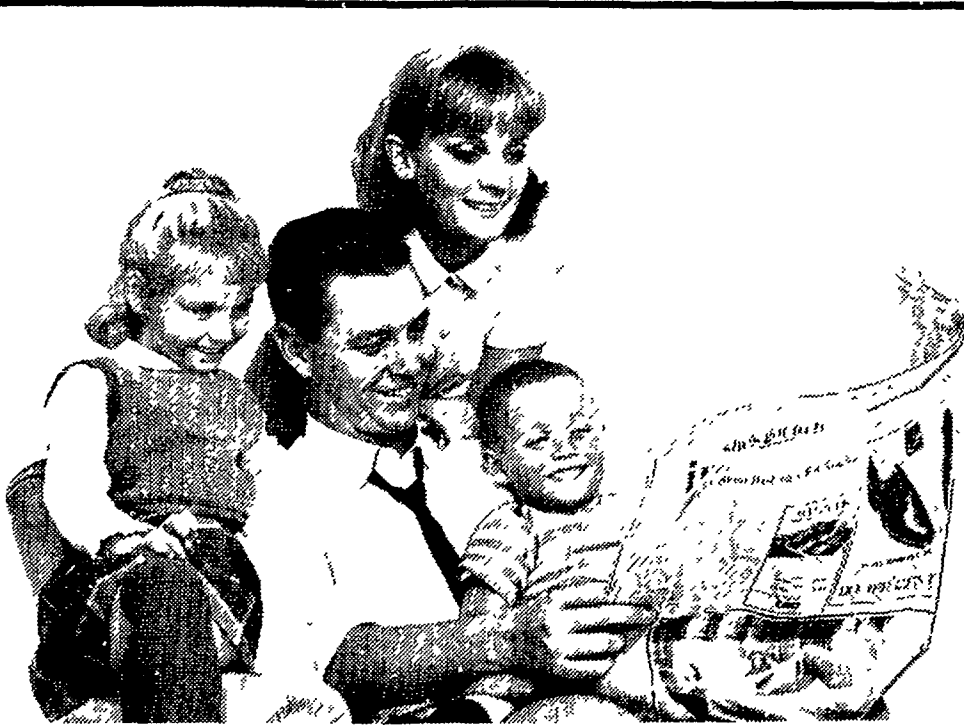

Paul J. Mashon, Redford township, charged with being a minor in possession of alcoholic beverages, pleaded guilty and drew a sentence of a \$50 fine or 15 days. Dwayne M. Morrison, also of Redford township, also pleaded guilty to MIP. His sentence included a 15 day jail sentence, and a \$50 fine or 90 days in jail.

Dillard H. Middleton, Farmington, cited for operating a truck with an uncovered load, drew a \$10 fine after pleading guilty.

Albert W. Marley, 28660 Summit, Novi, pleaded guilty and paid a \$30 fine for speeding 50 in a 30 mile per hour zone.

Dana R. Sturdavant, Bloomfield Hills, pleaded guilty and paid a \$20 fine for speeding 70 in an area zoned for 55.

Stanley H. Domin, Union Lake, was sentenced to three days in jail and a \$100 fine or 15 days, after pleading guilty to driving after his license had been revoked. The three day jail sentence was suspended.

## *Northville Ducks: A Stubborn Breed*

This is the time of year when ducks and geese are supposed to leave their southern camping grounds and fly north on the crest of spring. But the only flying

some 200 or more mallards are doing here is winging from one side of Northville's Ford millpond to the other. Many of them flatly refused to fly any further south than

the city limits for the winter. And they're just stubborn enough to stick it out here through the summer—maybe venturing as far north as Walled Lake or Kensington.

## from the Pastor's Study

Rev. Robert K. Spradling  
First Baptist Church, Northville

Are you on your way to Heaven? This is the most important question any person could ever be asked. And yet, many people are not sure they are going to Heaven when they die. Every man hopes that in some way God will take him to glory without regard to the kind of life lived here on earth. However, this kind of wishful thinking has no Biblical basis. The Bible says that only persons who know Jesus Christ as Lord and Saviour are going to Heaven: "Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me." John 14:6.

How can a person be sure of going to Heaven? This writer has witnessed many occasions when persons have

been assured of Heaven by praying a prayer similar to this:

"Lord, I am a sinner, And I don't deserve to go to Heaven, But I believe Jesus Christ died for me, was buried and rose again. I now receive Him as Lord of my life."

If any reader should doubt that a matter of such importance could be so simple, let him sincerely pray such a prayer and see what happens.

"But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name." John 1:12.

## BARBED WIRE and Babbling Brooks

Spring sun shines on babbling brooks—and barbed wire. A bird song jilts prettily on fragrant air—and a sniper shot splits the silence. New green burgeons through brown winter grasses—and red blood drenches jungle earth.

One's description of the season depends upon location. In some parts of the world there are happy people, enjoying the spring, looking forward to Easter services. Other faces of this globe find suffering people, anguished by the sunshine, hungry, afraid, lonely, dying.

Centuries ago on black Calvary hill, Jesus of Nazareth demonstrated perfect love. Down through the ages, His life and teachings have pointed the way for mankind to heal the ills of the world.

So, in this Lenten season let us offer ourselves—our time and talents—to the service of His Church, in its task of making His kingdom come upon earth.

# You'll buy a new furnace maybe once in your life. Here's how to do it right.

First, call Edison. We'll give you the names of electric heat contractors near you. Each has been Edison-approved as capable and reliable. (And, right now, each will give you a \$150 trade-in on your old furnace if you convert to electric heat.)

Next, the contractor will check your home, review your needs, and recommend the type of heat best for you. He will estimate both installation and operating cost and give them to you in writing. All without obligation. We'll check the quotes if you like.

Then, after your new electric heat system is installed, Edison and your contractor will make any adjustments necessary to the system if operating cost exceeds the original estimate during the first three years of use. At the end of this time, if operating cost still exceeds the estimate, and you aren't satisfied, Edison will remove the system and refund your original price.

That's our new Three-Step Protection Plan. Remember the first step. Call Edison.

## 'Golden' Plans Underway

# Legion Celebrates Its 49th Birthday

The 49th birthday anniversary of the Lloyd H. Green Post 147 of the American Legion will be celebrated Saturday evening.

Hosting the celebration will be the Legion auxiliary, with preparations made by Auxiliary President Mrs. Charles Denune and her husband, Post Commander Dave Bell, and Past Auxiliary President Mrs. C. Oscar Hammond.

Plans call for a 6:30 p.m. cooperative dinner, followed by a program and later by dancing to the music of the Jerry Hoelscher orchestra.

Guest speaker will be Wayne Squire of Trenton, candidate for Department Commander, who will be introduced by the toastmaster, Kernst Kol of Plymouth.

The celebration will kick off year-long preparations for the post's golden milestone in 1969.

Post 147 dates back to late 1919--the same year in which the nation-wide Legion organization was established. Immediately after World War I, in March of the year, General John Pershing decided to seek advice of National Guard and reserve officers to see what could be done to bolster the morale of returning troops of the American Expeditionary Forces.

Theodore Roosevelt, Jr., son of

Teddy Roosevelt brought up the idea of a veterans organization which should originate in the expeditionary forces, then organize in the United States, taking in all who served in the Army, Navy and Marine Corps.

A caucus was held in Paris in March, 1919 and there the American Legion was formed and grew to be the largest veterans organization in the world.

The Michigan department was organized two months later and its first convention was held in Grand Rapids in October. From that time on posts throughout Michigan were organized in rapid succession.

The Northville post was formed in late 1919 and was named for Lloyd H. Green, the first casualty among Northville's servicemen. He served in the 120th Machine Gun Battalion of the 32nd Division and was killed in France while on duty as a runner on October 2, 1918.

Charles Murphy, now residing in Florida, was the first commander of Post 147, and Con Langfield was its first junior vice commander.

Forty-six commanders have since served the post, 19 of whom are now deceased. Thirty-three presidents have served the auxiliary of whom eight are deceased.

# Area Dems Take Sides In Primary Battle

In the wake of Senator Robert Kennedy's announcement that he would seek the Democratic Presidential nomination, Northville area Democrats are taking sides in what could shape as the fight of the year.

Committees for both Senator McCarthy and Senator Kennedy have been formed.

The McCarthy for President committee was announced by William Kinaird of 17888 Beck road, Northville township. Orville L. Tungate, 14041 Ridgewood drive, Plymouth township

## George G. Davis Wins Honors

The College of Wooster had named 613 students, including George G. Davis of Northville, of the total 1575 enrollment to the dean's list for the first semester.

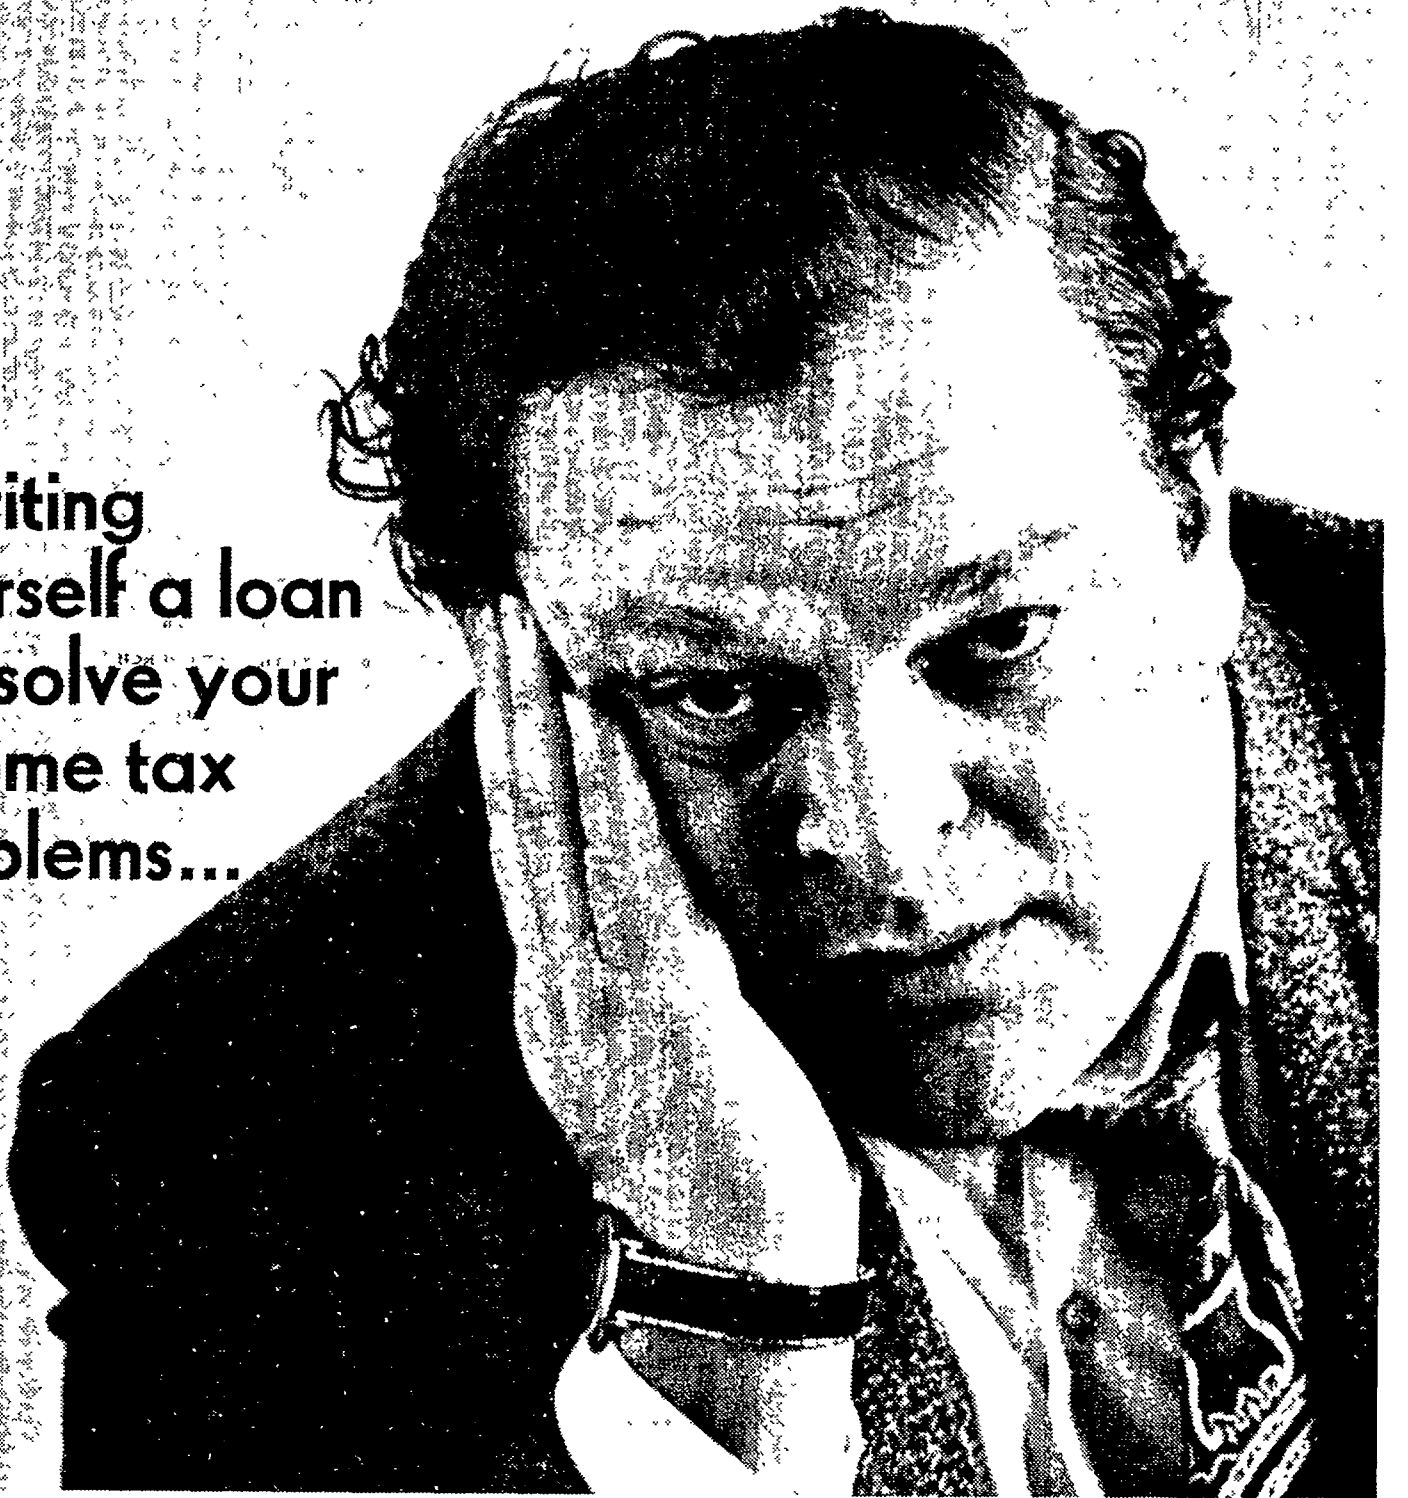

George is the son of Mr. and Mrs. William E. Davis, 352 Orchard,

proclaimed the forming of the Kennedy group. Both indicated that they will seek members from the Plymouth-Northville area.

Wayne II Democratic Chairman, Robert Dwyer declared that even though the official organization was on record endorsing the renomination and re-election of the Johnson-Humphrey ticket, "there is plenty of room for everyone in the Democratic party. The major single reason for our party being the majority party for so many years is that we care about people and what they think. We are not a monolithic organization.

"We do not write platforms behind closed doors and ignore them. Rather than read people out of the party for dissent, we welcome discussion and disagreement which after all is what political parties are for. It seems to me that any Democrat with strong feelings about the nomination should join the Democratic party and get to work for his candidate.

## In Face of 'Taxpayer Revolt'

# Schools Ask State Tax Revision

In the face of a "taxpayer revolt" resulting in 83-percent of millage election defeats, a study committee made up of school officials from Oakland, Macomb and Wayne counties last week aimed charges of inaction at lawmakers and issued recommendations for sweeping changes in school financing.

These recommendations include:

- Cigarette tax increase.
- Statewide levy of property tax.
- Uniform assessments.
- Revenue - producing properties of tax exempt organizations added to tax rolls.
- Charter millage for local districts.
- Larger bargaining units.
- Larger taxing authorities.

The report declares that unless action is taken, the Governor and the legislature "must assume the risk for the shambles that will occur in September of 1968."

With expenditures of \$33 more per pupil than revenues in 1967-68, the report predicts a shortage of \$110 per pupil for the 1968-69 school year, or a total of \$105,339,000. It had special reference to 941,404 public school students (almost half of Michigan's public school students) in the 87 school dis-

tricts of Oakland, Macomb and Wayne counties.

It calls attention to "a general taxpayer revolt" since the beginning of 1968, and it emphasizes that the proposed increase in state aid of \$24.50 per pupil (Governor Romney's proposal) will take care of only 22 percent of the expected 1968-69 increase in expenditures.

It contends that taxes for bonded indebtedness have increased, that state and federal revenues have been reduced, and that local tax rates do not equalize per pupil revenues.

The report is the result of a study, beginning with a meeting of 20 school officials in Clawson last February. Its purpose is to show legislators and the governor the financial conditions of school districts in the three-county area and the projected needs for the 1968-69 school year.

To gather data for the study, a questionnaire was prepared and circulated among the 87 school districts in the tri-county area. Results showed, says the report, that erosion of quality education has already begun.

#### PER-PUPIL EXPENDITURES

Per-pupil costs in the 87 districts is expected to average \$669 for the 1967-68 school year. Average per-

pupil revenues on the other hand are expected to be only \$636, or 5.2 percent than per-pupil costs.

Of the 87 school districts, 49 expect to end the school year with a cash balance totaling \$10,940,955, six expect to end with a zero balance, and 32 expect to end up with deficits totaling \$20,579,962. Total expenditures over revenue for the 1967-68 school year were pegged at \$30,734,192.

#### SCHOOL TAX RATES

Median school tax rate for bonded indebtedness within the 87 districts was put at 6.44 mills for 1967-68, with a range of zero to 12 mills. Average tax rate, the study shows, is 5.35.

"It should be noted, says the report, that the more wealthy districts, based upon per-pupil valuation, were the districts which had the lowest tax rate for bonded indebtedness. Conversely, those districts which had the lowest per-pupil valuation generally had the highest tax rate for bonded indebtedness."

#### STATE AND FEDERAL REVENUES

During the 1967-68 fiscal year, says the report, the tri-county areas experienced a loss of revenue over 1966-67 in the remedial reading appropriation of \$3,400,000. "This loss of revenue resulted in the reduction of 50 remedial

reading teachers on the one hand and added costs to retain the program by some districts on the other hand. School officials indicate that further reduction in remedial reading program is expected in 1968-69."

#### MILLAGE REQUESTS

Between September 1, 1967 and March 5, 1968, 10 of 12 millage propositions for additional funds were rejected by voters in Oakland and Macomb counties. In Wayne county, between January 1, 1968 and March 5, 1968, five out of six elections for additional operating funds failed to win voter approval.

"In conclusion, then, the millage elections held in Oakland, Wayne and Macomb counties during the last seven months were turned down by voters in 83 percent of the cases."

#### TAX EQUALITY

"Simple arithmetic reveals that excessively high tax rates applied to low per-pupil valuations simply does not provide sufficient money to equalize educational opportunity. Of the districts levying the highest total millage for operation, from 28.5 mills to 32.6 mills, only two were found to be among the 10 with highest per-pupil revenues. Fifty-eight or two-thirds of

## \$240 Million Yearly

# Grocers Get Stuck With Bad Checks

From the Wall Street Journal

PITTSBURGH — There's a sign in a lot of little mom-and-pop grocery stores across the country that says something like this: "We have an agreement with the bank. They don't sell groceries and we don't cash checks."

The stores don't know how lucky they are. They might have a bit of trouble if banks did start selling groceries, but they would have a whole lot more if they started cashing checks. That, at any rate, is the lesson being learned by many supermarkets and other big retailers. They're finding that more and more shoppers are paying by check, and they're finding that this is producing more and more headaches. The deluge of checks causes stores to run out of cash at awkward moments, swells administrative costs and, worst of all, leaves merchants stuck with piles of bad checks.

What's more, stores don't know what to do about the problem. The only real solution is to quit cashing checks, but retailers fear such a move would cost them valuable business. As a stopgap measure, they are trying to screen

check-writers better — though a Chicago drugstore admits it cashed a check signed U. R. Stuck.

Acme Supermarkets Inc., a Philadelphia-based chain of more than 900 stores, says it loses about \$4.7 million a year from bad checks, equal to 0.4% of its annual sales. The chain's pretax profit is only about 1.6% of sales.

Colonial Stores Inc., a 422-supermarket chain based in Atlanta, estimates its bad-check losses, coupled with the administrative expenses of check-cashing, total more than \$1 million a year. That's a hefty sum — especially when compared with the chain's pretax profit of \$14 million.

Supermarkets suffer most from bad checks. The Federal Bureau of Investigation says that supermarkets are hit for about 40% of all bad check losses in the U.S., indicating they were taken for about \$240 million in 1966, the latest year for which figures are available.

Customers as well as stores are hurt by bad checks. "There's no doubt that the cost of check-cashing (losses and administrative expenses) is reflected in the price of food," says J.

E. Fain, vice president of Colonial Stores. John C. Colleton, detective sergeant in charge of the New York police's forgery squad, also says that losses "are reflected in the retail price of many consumer goods."

Some retailers bitterly blame their predicament on banks. They say that banks are so eager to attract checking-account business that they accept poor risks, and then the stores are stuck with having to cash these poor risks' checks. Banks, says Edward Deeb, executive director of the Associated Food Dealers of Greater Detroit, are becoming irresponsible. Bankers report that retailers are careless in screening check-writers, and they say that the retailers don't have to cash checks.

It's true retailers don't have to cash checks, but many of them say that if they didn't, their customers would go to check-cashing competitors. For people apparently don't like to cash checks in banks. Some 70% of the \$6.5 trillion of checks written last year were cashed in retail stores, up from 50% in 1960, according to an estimate by the American Bankers Association.

"It's the most convenient thing to do," says a Mt. Lebanon, Pa., man who in the past six months has cashed 25 personal checks totaling \$1,164 at A&P and Kroger food stores in his neighborhood. "We have to buy groceries anyhow, so why not cash a check to give us enough money to last until the next time we buy groceries?"

Many of Safeway Stores Inc.'s 2,200 supermarkets cash \$60,000 to \$90,000 of checks a week, says A. Russell Griffith, vice president of the chain. He points out that those totals far exceed the \$30,000 in weekly sales posted by the average Safeway. The manager of a suburban Pittsburgh A&P store cashed so many checks on one recent payday that he didn't have enough cash left to pay his own employees.

The owner of a woman's specialty store in Pittsburgh says, "We used to provide a convenience check-cashing service as a courtesy for our customers. Now, they're simply using us as a bank, period."

Even bankers are cashing their checks at the corner store. Carl Junker, a systems analyst for City National Bank of Detroit, has an identification card on file at a drugstore near his downtown office so he can cash checks there. "I use it on those frenzied Fridays when I haven't had time to get to the teller's window during the workday," he says.

Simply having more cash on hand also means more expense for retailers. Money tied up in cashing checks can't be put to work buying merchandise. And companies that insure against holdups and employ dishonesty charge by the amount of cash on hand.

### News Around Schoolcraft

Jon P. Adams, dean of technical - vocational instruction at Schoolcraft college, has been appointed as a member of the Automobile Manufacturers - American Vocational Association Planning council.

The appointment was announced by Lee W. Ralston, Los Angeles, vice-president for Trade and Industrial Education of the A.V.A. Ralston said appointment to the council is given "to selected individuals whose experience and wisdom are in demand."

The planning council is currently engaged in such projects as development of standards for associate degrees in automotive service and management technology, keeping current the standards of automotive instruction at the high school level, and practices of teacher educational institutions in recognizing industrial institutes for academic credits.

Adams joined the Schoolcraft staff in 1966. Long associated with vocational instruction at the college level, he had served for many years at Ferris State college, and with the U.S. office of education in its regional office at Denver, Colorado.

Robert A. Stenger, dean of academic instruction at Schoolcraft college has been appointed to a three-year term as a member of the commission on instruction of the American Association of Junior Colleges.

The commission is one of five within the AAJC, which represents more than 750 of the more than 900 two-year colleges in the United States.

Stenger's appointment was announced by Edmund J. Gleazer, Jr., AAJC executive secretary, at the recent AAJC annual convention in Boston, Massachusetts.

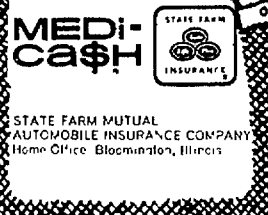

The 16-member commission is presently developing plans for a seminar for great teachers during the summer of 1969. The plan calls for bringing together for an intensive 10-day seminar-workshop 100 of the best two-year college instructors in the country.

Purposes of the seminar would be to identify, analyze and propose solutions for the most pressing problems of instruction in the two-year colleges, to identify, develop and evaluate innovative teaching ideas, and to publish the findings of the seminar for distribution among all two-year colleges.

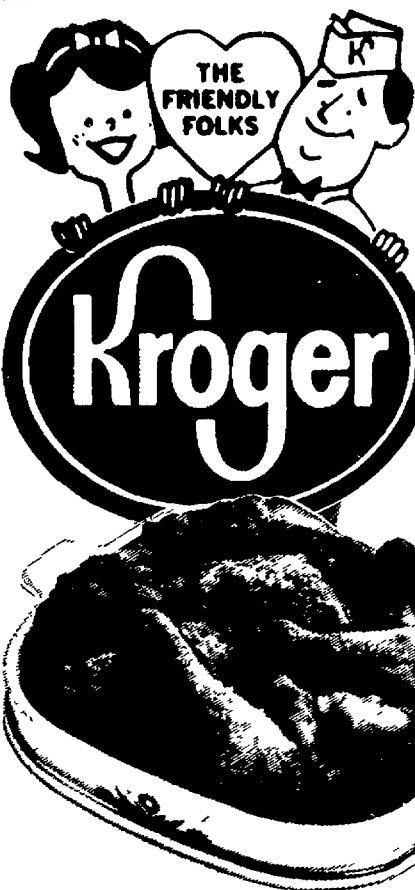

Stenger was a member of the original faculty of the college and taught in the English division. He was appointed Acting Dean of Academic Instruction in 1966 and received the full appointment to that position last year.

## TOWNSHIP OF NORTHVILLE COUNTY OF WAYNE

THE TOWNSHIP OF NORTHVILLE ORDAINS:

**SECTION 1**-Permission is hereby granted to THE DETROIT EDISON COMPANY, incorporated under the laws of the States of Michigan and New York, its successors and assigns, to construct, maintain and operate in the public streets, highways, alleys and other public places in the Township of Northville, Wayne County, Michigan, all needful and proper poles, towers, mains, wires, pipes, conduits and other apparatus requisite for the transmission, transforming and distribution of electricity for public and private use, and to transact a local electric business within said Township, subject, however, to all conditions and restrictions hereinafter contained.

**SECTION 2**-The conditions of the foregoing grant are as follows:

A - The grantee shall do no injury to any street, highway, alley or other public place, or to any shade trees, or in any manner disturb or interfere with any water or gas pipes, or with any public or private sewer, now or hereafter laid or constructed by any authorized person or corporation.

B - The Township may, in its discretion, grant permission for the trimming of trees when necessary to make the lines safe and accessible, such trimming to be done under its supervision.

C - The construction of the said lines shall be in accordance with the rules and regulations of the Michigan Public Service Commission or its successor.

D - The said grantee, before entering upon any street, highway, alley or other public place for the purpose of erecting and constructing any poles, mains, wires, pipes, conduits, or other apparatus, shall in writing notify the Township or its representatives of the proposed construction, and shall, if the Township so requires, file with them a sufficient plan and specification, showing the nature and extent of the proposed erection and construction.

E - No street, highway, alley or public place shall be allowed to remain open or encumbered by the construction work of the said grantee for a longer period than shall be necessary to execute the said work, and the grantee shall at all times conform to all ordinances of the Township, now or hereafter in force, relative to the fencing and lighting of obstructions and excavations.

F - The grantee shall save the Township harmless from any judgment that may be recovered against the Township by reason of the wrongdoing or negligence of the said grantee in the erection and maintenance of said poles, mains, wires and other apparatus and construction.

G - Said grantee shall make due provision upon forty-eight hours' notice in writing by raising its wires or otherwise, for the passage of barn, building or other structure on or over any street, highway, or public place occupied by the mains wires, poles and apparatus of said grantee.

**SECTION 3**-In consideration of the granting of this franchise, grantee agrees that its rates and charges for electric service in the Township of Northville shall not exceed its rates and charges for like service elsewhere in its service area, evidenced by its uniform rate schedules at the time on file with and approved by the Michigan Public Service Commission. It is understood that the grantee is subject to regulation by the Michigan Public Service Commission. It is understood that the grantee is subject to regulation by the Michigan Public Service Commission and that any order, rule, or regulation by that Commission, or its successor, will prevail over any regulation herein contained or provided for in case of conflict.

**SECTION 4**-This grant shall take effect if said grantee shall, within fifteen days from the date of the passage of this ordinance, file with the Township Clerk its written acceptance of the terms of the same, and upon the confirmation of this grant, by the affirmative vote of a majority of the electors of said Township, voting thereon at a special election to be held on Monday, the 29th day of April, 1968, as provided for by the Statutes and the State Constitution.

If not confirmed by the electors voting at said election, this ordinance shall be null and void.

**SECTION 5**-This Franchise and Ordinance shall be and remain in force for thirty (30) years from and after the date of its confirmation by the electors of the TOWNSHIP OF NORTHVILLE, Wayne County, Michigan.

**SECTION 6**-Nothing in this grant shall be construed to alienate the title of the public in and to any street, highway, alley or public place or any portion thereof, neither shall anything herein be construed in any manner as a surrender by the TOWNSHIP OF NORTHVILLE of its legislative power with respect to the subject matter hereof, or with respect to any other matter whatsoever; nor as in any manner limiting the right of the said TOWNSHIP OF NORTHVILLE to regulate the use of any street, avenue, highway or public place within its jurisdiction.

Dated this 5th day of March, 1968.

R. D. Merriam, Supervisor  
Eleanor W. Hammond, Clerk  
Gunnar D. Stromberg, Trustee  
Thomas D. Armstrong, Trustee  
Bernard W. Baldwin, Trustee

# Bess Myerson to Open 1968-9 Town Hall Series

Bess Myerson

Heading the 1968-9 series of Northville Town Hall lectures announced today will be the appearance of Miss Bess Myerson, popular television personality and former Miss America. She is to appear on the first program, October 17.

Others will be Dr. Lester Coleman, physician-lecturer, November 21; African correspondent John Peer Nugent, February 20, 1969; Dr. Kenneth McFarland, "Americanism" speaker, March 20; and Mme. Genevieve Dariaux, fashion authority, April 17.

Tickets for the upcoming season will be on sale following today's announcement of the new series at Town Hall in the P & A theatre. The price for the five lectures remains the same for the eighth season: five lectures for \$10, according to Mrs. Robert Brueck, TH chairman. Sold only by the series, they may be purchased by mail - Box 93, Northville Town Hall.

Dr. Lester Coleman

John Peer Nugent

Dr. Kenneth McFarland

Mme. Genevieve Dariaux

BESS MYERSON "Distaff Side" is the topic for Miss Myerson's talk on the "social forces that guide our destinies." A combination of charm, beauty, intelligence and poise has made Bess Myerson one of the nation's most popular television personalities. These characteristics, together with a sensitivity to the concerns of others and a deep, sincere social conscience have helped develop a large following of fans.

Using the transient fame that came with the Miss America title she developed recognition as one of the warmest persons in television. She was a regular panelist on "I've Got a Secret," co-host on "Candid Camera," co-star on "The Big Payoff," commentator of "Macy's Thanksgiving Day parade" and for eight years of the CBS annual "New Year's Day Tournament of Roses" broadcast. She also has been on the "Today" show and on Ed Sullivan and Jackie Gleason's programs.

She has had a record album issued by MGM in recognition of her abilities as a pianist. She earned her way through Hunter college by teaching piano and playing the flute, obtaining her BA degree in 1945. While pursuing a master's degree at Columbia university, she organized and conducted an all-girl orchestra. In 1946 she had the distinction of being guest piano soloist with the New York Philharmonic orchestra at Carnegie Hall.

At this point she decided to pursue her television career professionally and continued to enjoy music in her private life.

In the area of social responsibility she has been the recipient of many awards-including membership on the advisory board of the Eleanor Roosevelt memorial foundation.

DR. LESTER COLEMAN "Is It All Psychosomatic?" asks Dr. Lester Coleman, past president of the Academy of Psychosomatic Medicine and presently attending surgeon at Manhattan Eye, Ear and Throat hospital, as he speaks here. "Face fear frankly--it first must be recognized, then ways must be sought to alleviate the condition, as with any problem, physical or mental," explains Dr. Coleman.

Acutely aware of the psychosomatic aspects of medicine, Dr. Coleman feels that fear is one of our society's greatest enemies. Much of his distinguished career has been devoted to helping man free himself from this "crippling parasite." In his lectures, columns and practice he is dedicated to replacing anxiety with hope by emphasizing the victories of science over disease, while replacing fantasy with fact.

Creator and director of the first national television program on medical education, "Here's to Your Health," he is reputed to be the first surgeon in the country to devise a psychological preparation technique for children facing surgery. His work in this field has been reported in Reader's Digest, Look and Parent's magazine. In 1963 he was asked by the State Department to train doctors and nurses in his techniques for ear surgery.

He writes a syndicated health column, "Speaking of Your Health," which appears in more than 300 newspapers. He is the author of "Freedom From Fear" and co-author of the children's book, "A Visit to the Hospital."

JOHN PEER NUGENT "Africa" will be discussed by the third Town Hall speaker next season. Now a free-lance correspondent, John Peer Nugent was Newsweek's first chief African correspondent. Because of his knowledge of Africa and his cordial relations with leaders of its various nations he recently was chosen to write and produce a series of "Great Explorations" TV specials, including a major documentary researched and authenticated by World Encyclopedia in which Nugent and Astronaut John Glenn retrace on foot the route Stanley took in the search for David Livingston nearly 100 years ago.

"When it comes to hustling the Africans, Red China is making both the East and West look like kids," Nugent warns.

Since 1961, John Peer Nugent has travelled black Africa from one end to the other. He has faced firing squads in Zanzibar, to be saved by an urgent cable to the British government from Dean Rusk; imbibed with Kenyatta; been deported from South Africa for his interview with Nobel prize winner, Chief Albert Lutuli; survived beatings and cannibal attacks; and mistakenly had his car blown up by the U.N. forces. He was on hand when Guinea became the first black land to accept and then reject Communism.

He reported the story of emerging Africa in his book, "Call Africa 999."

DR. KENNETH MCFARLAND "Selling America to the Americans" has gained Dr. Kenneth McFarland recognition as the nation's most eloquent and effective exponent of what is commonly known as the "American System."

To his concept of basic Americanism he gives the label of "progressive conservatism." He declares he wants "to conserve constitutional government, to conserve free competitive enterprise and to conserve individual freedom under both."

Dr. McFarland has been heard by many as guest lecturer for General Motors corporation and serves in a similar capacity for the American Trucking association, Washington, D.C. The demand for Dr. McFarland as a guest speaker has caused him to be designated as America's number one air passenger, and he was presented with a special award by Captain Eddie Rickenbacker.

For more than two decades he has criss-crossed America and has developed a deep appreciation of what it means to be an all-around American citizen. He declares that America is the land that "literally dumps the horn of plenty on the common man." But, he adds, the system is not foolproof. He states it must be operated intelligently by people who understand it and have faith in it.

Dr. McFarland has a bachelor's degree from Pittsburgh State Teachers college in Kansas, a master's degree from Columbia university, and his doctorate from Stanford university. He lives with his family on a horse farm at Topeka, Kansas.

MME. GENEVIEVE DARIAUX "Elegance on a Budget" will bring to Northville Town Hall ticket holders next April 17 (1969) advice about some of the more elusive "do's and don'ts" of attire and current and future fashion trends from Mme. Genevieve Antoine Dariaux.

"Elegance is as elegance does" applies to the directrice of the world-renowned couture house of Nina Ricci, who currently also is associated with the New York designer, Arnold Scaasi.

She is the author of "Elegance" published by Doubleday in 1964, and now is in its seventh printing. She since has written another best-seller, "Entertaining With Elegance." In her forthcoming book she deals with "The Men in Your Life."

Her interest in fashion first took form through a talent for designing

costume jewelry. Since then, daily experiences with a glamorous international clientele added authority to her innate knowledge of elegance. Her talk will be interspersed liberally with amusing anecdotes about her exciting career and the famous client-friends she has made.

She is known as a woman of great warmth, a sense of humor and appreciation of simplicity. She is "refreshingly specific," giving, specific, sound rules that cover all contingencies.

## Optimists Plan Program Events

A trip to the Ford plant at Wixom yesterday did not materialize and members of the Northville Optimist club were shown a film instead.

Next Wednesday a business meeting is slated at which time several projects will be proposed by John Carlo and Dave Biery.

Other upcoming events:

April 3 - Oratorical contest, Mrs. Becky Muller, Bob Coolman's daughter, reports that 18 students are competing for the five final places.

April 9 - District oratorical contest, with a ladies night dinner program in the high school cafeteria.

April 17 - John Steimel will host a program featuring police dogs trained for criminal investigation.

April 24 - Waldo Johnson will host Harold Putnam, a professional photographer, who will present slides on the wonders of Michigan.

## Swim Club Elects President

Edward Zywiec has been elected president of the Northville Swim club for the 1968-9 year.

Other officers elected following the annual meeting last month are D. G. Day, re-elected vice-president and membership chairman; Mrs. Fred Sterner, re-elected treasurer; Dave Biery, secretary; Glenn Delbert, Harry Wiser, pool and grounds.

New trustees are Phelps Hines, Kenneth Dodds and Kenneth Rathert.

## LATEST REPORTS FROM THE PHOTO. WORLD

### One camera: two meter systems

LOS ANGELES—A first: the 1000 DTL: Mamiya/Sekor designers claim to have "resolved" conflict between averaging and spot-metering advocates by offering a 35-mm SLR with both features. Users of new 1000 DTL flip a switch to take either full-field, or six-degree area reading; a pointer inside finder indicates whether camera is set for averaging or spot measurement (latter's field is delineated). Present look-alike model 1000TL takes ten-degree area reading only. New DTL employs two photo-cells, bordering its pentaprism, for full field; and single, independent photocell back of its reflex mirror for spot readings.

Both metering systems are cross-coupled to camera shutter speeds and diaphragm mechanism for all automatic lenses with Praktica-Mamiya/Sekor mounts. Film-advance lever switches metering system on. Lever is pushed back flush with housing when camera is not in use, its electrical circuit interrupted to save drain on silver-oxide battery (Eveready S-76). Finder has micro-diaphragm center spot, surrounded by groundglass, with fresnel outer field. Shutter speeds range from 1 to 1/1,000 sec; self-timer offers a variable delay.

## PUBLIC HEARING MONDAY, APRIL 1, 1968 8:00 P.M. NORTHVILLE CITY HALL

There will be a Public Hearing at the Northville City Hall on the above date to review the proposed following ordinance:

THE CITY OF NORTHVILLE ORDAINS:  
TITLE 6  
ARTICLE III

That Title 6, Article III, shall be amended by adding the following:  
Section 6.406B - Partition or Division of Lots Into Not More Than Four Parts:

(A) No lot, outlot or other parcel of land in a recorded plat shall be partitioned or divided into more than four parts unless all provisions of this Ordinance are complied with.

(B) No lot, outlot or other parcel of land in a recorded plat shall be further partitioned into two parts until the City Manager determines that such a division complies with the City of Northville Zoning Ordinance and the City of Northville Improvement Ordinance.

(C) No lot, outlot or other parcel of land in a recorded plat shall be further partitioned or divided until the City Council determines that such a division complies with Article IV of this Ordinance as well as the Zoning Ordinance of the City of Northville and the Improvement Ordinance of the City of Northville.

(D) In no case shall land in a recorded plat be further partitioned into more than four parts. Any lot, outlot or other parcel of land not served by public sewer and public water systems shall not be further partitioned or divided if the resulting lots, outlots or other parcels are less than the minimum width and area provided for in the Michigan Subdivision Control Act.

## SPEAKING for The Record

By BILL SLIGER

As sure as the swallows return to Capistrano and the vultures to Hinckley, Ohio, a bill regarding the regulation of pari-mutuel horse racing appears in the state legislature each spring.

This year it's in the form of a dog racing proposal that would create eight tracks in the state. Sounds harmless enough if you believe that the best way to increase revenues to the state is through legalized gambling.

But the fine print in the bill neglects to provide for rebates to cities where tracks are located, and that includes horse-racing tracks. Instead, it provides that the lucrative rebates go to the "counties" in which the track is located, as well as the state.

The bill would cost the cities of Livonia and Hazel Park half a million dollars each annually, Northville about \$150,000 and Jackson something less.

That's why the city council of Northville has taken action to inform its state senator and representatives that it opposes the dog racing act.

The measure is scheduled to come up for a vote in the House this week.

Northville is one of more than 40 cities named as a party defendant in a suit filed by an organization known as the "Environmental Defense Fund, Inc.," which opposes the use of DDT in spraying trees for Dutch Elm disease.

Specifically, the suit has been filed to halt cities from using DDT because of its harmful effect on nature and wildlife.

The city of Northville won't oppose the action; instead it used to control a change in the chemical used to control the elm tree disease in the city.

Monday night John Miller of Green Ridge Nursery told the council that the action against the use of DDT was proper. He said it had now been definitely established that the insecticide is harmful to wildlife.

He emphasized, however, that until this year the state department of agriculture has approved its use. In fact, Miller stated, the state has not issued a ban on DDT but has recommended that it not be used for spraying after this year.

Miller explained that DDT is a "hard material" that doesn't break down, therefore its potency lingers. It has now been proven, he reported, that some 700,000 coho salmon were lost due to DDT and that traces of the chemical have been found in penguins at the South Pole.

"And nobody's ever sprayed for Dutch Elm disease down there," Miller noted.

Northville, like most other communities, will switch to "methoxychlor", an organic phosphate that does break down and that has no ill effects on wildlife.

He emphasized the need for continued spraying of the elms and noted that despite surrounding areas where sprays are not used to control destructive beetle, city-owned trees are surviving. He expressed hope that eventually — with the loss and removal

of untreated trees — the disease will come under control.

In an address entitled "Democracy and Dollars" Wayne County Circuit Judge George E. Bowles, former one-man grand juror, has called for strong reform measures governing election campaigns.

To substantiate the need Judge Bowles reviewed the direction in which our democratic elections are drifting.

He noted that when Abraham Lincoln ran for Congress in 1846 his contributions amounted to \$200, and he returned \$199.25 unspent.

When the late John F. Kennedy ran for President in 1960, his party spent about \$11 million. And before the convention Kennedy spent \$912,500, exclusive of a \$385,000 airplane. In 1964 Nelson Rockefeller spent \$5 million personally in an unsuccessful bid for presidential nomination. And in 1966 Governor Brown and Reagan, his challenger, spent more than \$5 million in the California governorship campaign.

Judge Bowles warns "if the present system continues, if only the rich or those who have access to great sums can run for public office, then our democracy is deprived of the rich talents of many, perhaps the best potential leaders. We rejoice that men and women of means do devote themselves to public careers. But if we allow the system to continue, can we convince our young people that it is working fairly; that all have an equal opportunity to rise and to give the best they have in talent and energy to the affairs of government?"

In calling for campaign expense reforms he suggests:

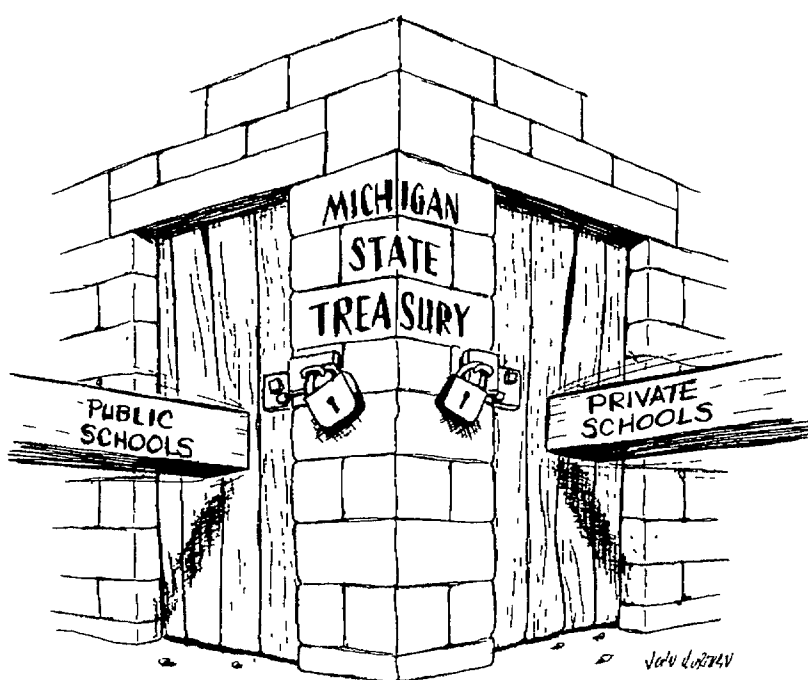

- an enforceable limit on spending;
- full reporting of sources of contributions;
- proper identification of campaign expenditures;
- full reporting by state central committees of the national political parties;
- enforceable requirement for reporting fund-raising affairs during off years, between elections;
- full reporting of persons involved in paying off election debts;
- full disclosure by office holders and office seekers of their income and assets.

It seems little to ask of our lawmakers, who devote a great portion of their time to making certain that the average citizen conducts himself properly.

More importantly, and more seriously however, it is far past the time that we turn our attention to reforms that guarantee continuance of strong "representative government" and encourages broadest involvement in government.

In this regard, it should be noted that Judge Bowles proposes more local-level, get-out-the vote drives, more individual citizen support for political parties through payroll deduction plans and the recognition, at least at a minimal level, of political contributions as deductible under income tax laws.

### LETTERS TO THE EDITOR

## Catholic Dissents

To the Editor:

We Catholics have been encouraged to write to our state legislators to solicit their support of the proposed aid to non-public school students. As I disagree with the proposal and have no other ready means for public discussion of the subject with my fellow Catholics, I seek this avenue of expression.

The constitutionality of such aid may have to be decided ultimately by the courts. The argument on the basis of distributive justice is weak, but is impressive when applied to the poor who can't elect to do much of anything that involves discretionary dollars, because they just don't have any. However, these arguments are not the subject of my immediate concern.

Is aid to non-public students the solution to our problem? Admittedly it is a joint problem. As private school children transfer to public schools the costs will increase, even though school income is based on attendance rather than student population. All of us will have to come up with more to provide for the increase so it is important for all to know the saving realized through the existence of private schools.

But what is the basis of the problem? I submit that it is not only the inability of some to support the private system as the proponents of the bill proclaim, but the refusal to do so of many who can and should.

There are at least two reasons for this. First is a general apathy because of a lack of motivation and leadership. The affluent community won't even support its own system let alone that of the neighbor in need. Should we call upon the state to discharge the communal Christian responsibility?

To the Editor:

Spring is here and so is the Novi Little League season. This will bring out the boys, most of the mothers, aunts, cousins, brothers and sisters. But where are the fathers?

The women are out in full force, we yell and scream, make a lot of noise and have a darn good time. It's true, sometimes we don't know what we are yelling about, but we are there.

Did you ever hear a little nine year old yell, "I got a hit, I got a hit, but gee I wish dad were here." It doesn't make a bit of difference that the ball was hit foul or that it flew right to the second baseman's glove. He got a hit! He is tickled that mom saw it but he wishes dad was there.

There are so very few men in Little League that are trying to teach so many many boys how to play baseball. They could use some help. They don't expect you to be out there seven days a week but if every father would come out once a week to umpire or help the managers it would be appreciated. The women were scorekeepers last year because the men were too busy or didn't have time. Now the ladies may be able to keep score but could you picture them umpiring a ballgame or showing a boy how to slide into third base? Recently these same few men

Secondly, many parents have removed their children from parochial schools because they are dissatisfied with the quality of religious education. Admittedly, much improvement has been accomplished in this regard especially in the Archdiocese of Detroit. However, many have ceased looking upon the public school system as a negative religious influence. Many are calling for an end to what they see as a needless duplication of a very expensive effort. A better solution to the problem might well be found in the Shared Time experiment that is being conducted in many parts of the country.

Aside from these pros and cons let's consider the result should the proposed aid be enacted. A major claim is that many don't use the private school because they can't afford it. So next fall let us say forty new students show up at the local school with their \$50 in hand. This is the maximum class size as directed by the Archdiocese, therefore we need a new classroom and another teacher. It's difficult to see how this could be accomplished with \$2,000. Oh, but the proponents will say, the existing 400 students will also have this extra \$50. So now we have plus \$22,000. Or do we? Does Mr. Jones with four children in school continue to pay the same tuition as before and contribute on Sunday as before or does he substitute the \$200 from the state for some of his giving?

From this voter's view the last state will be worse than the first. Let's tackle the problem first by becoming more truly what we profess to be.

## Where Are Dads?

under the leadership of Mr. Ed Butler contacted all the business places in Novi asking for financial support. These business people responded whole heartedly, some of these people do not live in Novi nor do they have children in the Little League system. Yet, they have helped, can a father do less?

I understand that registration day is to be March 25 so come on all you fathers, get from in front of the TV set and show your son that you are there. If you can't do anything else we will let you root and holler with us mothers. We have a good time, why don't you?

## Novi Vote Seen As Anti 'City'

To the Editor:

Just a little word of caution. Results of the Novi village election for councilman, should give some indication of how the citizens of Novi feel about CITYHOOD, since Charles Smith, chairman of the citizens incorporation committee and a strong advocate of CITYHOOD only received 68 votes.

By ROLLY PETERSON

Here we go again.

Another ride on that scintillating merry-go-round that leads directly to the cinema citadel, Hollywood, and all its glitter — Academy Award night, which will probably be another empty spectacle.

For sure, Bob Hope, who annually MC's the extravaganza, will be on hand to put life into an otherwise listless show of teary-eyed dollies, adorable actors and austere business-type producers, directors, photographers, ad infinitum, while they clutch their Oscars and pump their super-egos.

Only the chosen will be invited to attend in person. Which is quite marvelous for millions and millions who will be watching on TV. They, at least, can rather unceremoniously tune-out at any given moment. And there will be a lot of moments, about four hours worth, with the show lasting until about 1 a.m.

But that's another story. Right now, we're in the middle of the build-up, escalation Hollywood style, wherein every movie within the area is getting top billing for its Academy award nominations. Some movies have seven and even 10 nominees.

I picked out one of the lesser pictures the other night. It had only one nominee — "Best foreign film." Standing alongside those giant American productions, I thought, this movie might just go unnoticed and yet prove to be of superior quality. It's happened before.

Furthermore, the critics had been kind, the New York critics who can turn the movie, "Giant" into a Midget, with a flick of the quill. Take these quotes from the New York Times, or what were reputed to be quotes from the New York Times: "Primal sex ... Earthy humor ... Wonderfully sly ... Charming and poignant comprehension of the psychology of sex."

Curiosity got the best of me, so I tripped over to the local theatre to see the movie with the unlikely name of "Closely Watched Trains." Others had taken the same cue and the theatre was packed.

Aside from being a member of the Communist bloc nations, not much is known about Czechoslovakia, unless you majored in Balkan history. And "Closely Watched Trains" won't add to your

knowledge, nor your appreciation of Czechoslovakian movie talent.

The story is not new, although leaving a serious subject — a youth's introduction to sex — with humor is infrequently attempted on screen. The story involves a boy, tall, ungainly and slack in appearance, who dons a suit worn by all railroad employees and sets out for the station to report for duty.

Working at the station is a humdrum job, given to hours of idleness and speculation with the opposite sex. For the older hands, that is. Our hero, decked in a new, oversized suit that has him beaming, is the timid, shy type, who fails to assert his manhood in the company of girl friend and takes it to heart.

Apparently overwrought — for we never really know — the defeated young man takes a hotel room, draws a hot bath, immerses himself, places two razor blades on a bench, slices his wrists and waits for life to slip away.

It doesn't. The suicide attempt is botched, as are most other things he attempts. Our hero is rescued by a worker who is working on the plaster in the hotel and — quite by accident — punches a hole in the wall and into our hero's bathroom.

Eventually he is introduced to the wonders of sex by a co-worker, who, in a moment of selflessness, does her duty for man, humanity and the fatherland, as any loyal European woman is wont to do. Now, our hero can walk on equal ground with other men.

This is the story, with sex, as it often does in real life, providing the opportunity for fun and games. But the antics of the veteran station agents hardly touch the funny bone, although this is their intended purpose.

The English is dubbed in, and perhaps, with all fairness, in translation Czechoslovakian loses its tartness and poignancy. But there have been other foreign productions which have struck home with as much impact in English as in the native language.

Bring on the Academy Awards.

By JACK W. HOFFMAN

The card said, "We're leaving on March 29. Be home on the 31st."

I hope it means "We've had a marvelous time. It'll be nice to get home. We'll do something like this again next year."

But I'm afraid it meant, "Retirement is no fun. We miss you, our home and our work."

For 35 years my parents struggled to raise their children. They scratched for survival during the Depression; they lived through the agony of death as two of their six children died of Scarlet Fever at ages six and seven; they suffered "endless" paydays during the Flint Sitdown Strike; they gave up their small rented Michigan home in an attempt to start life anew in the West only to have it end in failure; they returned to build their own beautiful home, board by board, as a weekly small paycheck would allow; and they helped three children through college.

Thirty-five years of sacrifice.

But they were years of happiness, too, filled with present-day satisfaction and dreams of the day when work ends and leisure relaxation begins.

None longed for their retirement more than their children, who had loads of suggestions: "Travel through Europe ... boat to Hawaii ... see Alaska ... learn Spanish and live in Mexico ... join the Peace Corps ... buy a cottage and live in the North during summer, in Florida in the winter." These and many more.

When retirement came finally late last summer, they spent a month traveling through the states and then turned southward for a winter of fishing and relaxation in Florida.

Their first letters were exciting ones, filled with descriptions of "wonderful" places, tales of fishing adventures, and comments on the advantages of peaceful relaxation.

Then came letters, tempered somewhat, telling us that they were having fun despite bad weather, fishing was good even though their fishing equip-

ment was not working properly, sea-shells were plentiful but shells were beginning to "look alike", and relaxation was wonderful but "goodness, the hours go by slowly."

When Christmas came, their first away from home, a special kind of sickness obviously took its toll. "We probably won't go South until after Christmas next year," they wrote.

In recent weeks: "Dad can't wait to get back to his woodworking ... we feel like part of the year has passed by ... just a month to go ... only three weeks more..."

And, finally, word that it will take them but three days to drive north.

A concerted effort to keep retired parents "on the go" — at least until after workless days became commonplace — may have failed, we fear.

But if happiness is home, four children and a dozen and a half grandchildren, why spoil it?

Besides, we miss them, too.

# Continued Economic Growth Seen in State

LANSING — Michigan compares quite favorably with the national average in economic growth, and all indications point to continued expansion during the next decade. These are findings of the Michigan Office of Economic Expansion in its annual report for the year ended June 30, 1967.

Growth accelerated in 1963 and has increased at a rate "well above the national average," the report discloses. Michigan excelled in family spendable income, total labor force, capital investments and Gross State Product.

Population figures for 1966 show Michigan with an estimated 8.5 mil-

lion residents. Although the birth rate fell, Michigan added 117,000 people that year. Many were attracted to the state because of the favorable economic climate, the OEE maintains.

THE AUTO INDUSTRY accounted for 80,000 new jobs in the four year period 1963-66, but other sources brought an additional 240,000 jobs to the state's economic climate. Major expansions in mining, chemical, wood, cement, electronic, furniture and other industries indicate that Michigan will continue to benefit from programmed growth in years to come.

Defense contracts pushed military

spending over the \$1 billion mark, the first time since the Korean War that defense spending exceeded \$600 million. During 1966, some 450 companies announced plans to expand facilities, construct new sites or move new production facilities into the state.

The OEE notes that a considerable amount of expansion was stimulated by legislative action and cooperation between the state and industrialists. Legislation has been enacted which assists industry to meet competition from other areas in the nation in production costs. Tax recognition was granted to industries which have excessive

costs in tool and design changeovers. A municipal bonding act now permits communities to build and equip plants for lease to industry. Funds were provided for research which denotes economic advantages in various areas of the state.

The growing Department of International Trade and Port Development and others serve to stimulate industrial expansion and economic growth. Coupled with natural resources, technical know-how, and an ample supply of skilled labor, it is easy to see why Michigan industry has made such an impressive record.

LETTERS to legislators can have an

important impact on pending laws. Lawmakers are generally sensitive to feelings of their constituents and many look to mail from "the folks back home" before deciding whether to support legislation or oppose it.

This is especially true if the issue is "hot." Last year's Daylight Savings Time and abortion bills are good examples. Letters ran so strongly against legalizing abortion that the bill never got out of committee.

The volume of mail on a particular bill is very important. It is estimated that between 70,000 and 100,000 letters have already been received in support of the current aid to non-public schools issue. Letters opposing the legislation arrived later. While lawmakers do not have time to personally assess every bill, several thousand letters will assuredly bring a second and closer look at proposed legislation.

PERSONAL insults serve no purpose in letters and may cause a negative reaction, the lawmakers agree. Letters are usually more effective

than telephone calls or telegrams. They should be personally written. The best letter will point out exactly what action is requested and why, in terms the lawmaker can understand and consider reasonable.

Concerned citizens may wonder what will happen to the state's unemployment benefit fund if a large number of workers are ever unemployed. Some 94,000 more people were employed in Michigan in 1967 than in 1966.

Nonetheless, payments to the unemployed rose 80% in that one year, from \$62 million to \$111 million! The Michigan Employment Security Commission attributes the increase to three major factors: liberalizing eligibility and length of pay periods; raising the ceiling of payments; cutbacks in automobile production with accompanying layoffs.

All three factors resulted in more claims for benefits in '67 than in 1966. Most of the increase came from the Metropolitan Detroit area.

# Don't Forget: Vets Entitled to Old Jobs

BABSON PARK, Massachusetts — When a worker has been away in military service for several years, it is easy for an employer to forget his legal responsibility to that veteran if he wants his job back when he returns. But the draft law spells it out, and the Supreme Court has brought down some decisions on special cases that are worth reviewing now that veterans are returning in substantial numbers.

First and foremost, the draft law specifies that young men discharged from the service must be treated exactly as though they had been on a furlough or leave of absence. Upon request, they must be given back their old jobs with no loss of seniority. Any fringe provisions must be theirs on the same basis that applies to employees granted leaves of absence by their company. In other words, such young men must not be deprived of any benefits accruing to their jobs while they were absent serving their country.

Personnel executives in companies both large and small should be well versed in the legalities and ethics of treating returning veterans who want their jobs back. Misunderstanding of the intent of the draft law and ignorance of subsequent court findings can cause embarrassment all round, plus possible tensions that may seriously damage labor relations as a whole. For unionized concerns, it is advisable for personnel officials to confer with labor representatives on such issues, especially if there are any uncertainties. Otherwise, the unions' may later question management's actions.

THE HIGH COURT has made it clear that seniority must in no way be lost or lessened when a man is away in the service. Upon his return, a veteran must be treated precisely as though his employment had been continuous during his absence. Any changes affecting his position while he was in the service must apply to the job when he reclaims it. In at least one instance, even the elimination of their jobs through a labor-management agree-

ment while the men were on duty did not release the employer from responsibility. The Supreme Court found that their stint for their country should be counted as working time in determining severance pay based on length of job tenure.

Recently, a returning veteran claimed a paid vacation that he had nearly accrued when he went into the military. The employer gave him back his position without controversy, but in-

sisted that the employee would have to start anew in order to build up qualifications for holiday and vacation pay. Interest in the case was stirred when a federal appellate court (admittedly divided in its decision) backed the employer in his stand. The High Bench, however, reversed the appellate decision by merely pointing to an earlier precedent which had supported the stand of the workers.

IT IS NOT ALWAYS a simple question of giving back to the veteran the job and rating he had when he left for his military term. Consideration must sometimes be given to any upgrading in his position that would doubtless have occurred had he remained on his company's staff without interruption. In one recent instance, a draftsman resuming his job after his service duty claimed that restitution of his former rating was not enough. He argued that a union agreement required virtually automatic promotion as long as there was an opening on a higher level. Had he been there on the spot, he persisted, his qualification would have resulted in his achieving a more satisfactory rating. Here again, the court went along with the veteran pressing for somewhat hypothetical advances.

For management to be mindful of the best interests of returning veterans is to avoid charges of callousness, or at least carelessness. Even though it may create temporary difficulties in evening out rating differences between workers upgraded during the absence of servicemen and the returnees themselves, careful meshing of the strands of differences will prove to be very much worthwhile.

the school districts were among those receiving less per pupil than the state average for last year, \$636 per pupil.

"On the other hand, of the 10 districts levying the lowest total millage for operation, 11.11 mills to 18.1 mills, two were among the 10 with the highest per-pupil revenues."

1968-69 FINANCIAL NEEDS —

A minimum increase of \$105 million, or \$110 per pupil is needed for the 1968-69 school year, officials declare, to maintain the existing program. This increase, they note, includes anticipated deficits together with upcoming increases in operating revenues of \$57,000,000 for instructional salaries and \$8,000,000 for non-instructional purposes.

The estimated increases in cost, say officials, are based on experience over the past two years. Instructional salaries, comprising 75 percent of the operating budgets of the 87 districts,

have increased approximately 12 percent per year for the past two years.

Operational expenditures for 1967-68 are estimated at \$63,000,000 with about \$472,000,000 of this being for instructional salaries.

"If the increases granted this year approximate the 12 percent figure of the past two years, the operating costs will be increased by about \$57,000,000. Assuming that the balance of revenues are affected by a 5-percent increase, an additional \$8,000,000 cost will be encountered."

The report concludes: ---Average state aid increase of \$24.50 per pupil, as proposed by the Governor, amount to 22 percent of expected need.

---The state income tax legislation has not given promised tax relief for local property owners.

---Local school millages for operation are not solving educational needs.

---The need for evaluation of state and local fiscal programs is not being recognized and carried forward.

---Low valuation districts have the lowest per-pupil revenues.

---The state income-tax legislation has not provided enough funds to provide for inflated school costs.

## State Opposes Road Money To Townships

LANSING — The State Highway Commission reports that it is opposed to the diversion of motor vehicle highway funds from the Department of State Highways to Michigan townships for local road purposes.

The diversion, as proposed in two bills before the Roads and Bridges Committee of the State House of Representatives, would reduce the Department's share of the fund from 46 to 44 percent, about \$7 million annually, the Commission said.

The bills also propose diversion of motor vehicle funds from the counties to the townships, reducing the county share from 34 to 32 percent.

Under the new distribution formula established by the Legislature last year when the Good Roads Tax Package was enacted, the Highway Department receives 46 percent of the fund, counties 34 percent, and incorporated cities and villages 20 percent.

The Commission urged the Legislature "to defeat these measures and any other proposal which would reduce the funds allocated to the Department of State Highways by Act No. 51, Public Acts of 1951, as amended."

## Dial direct and let the savings roll in.

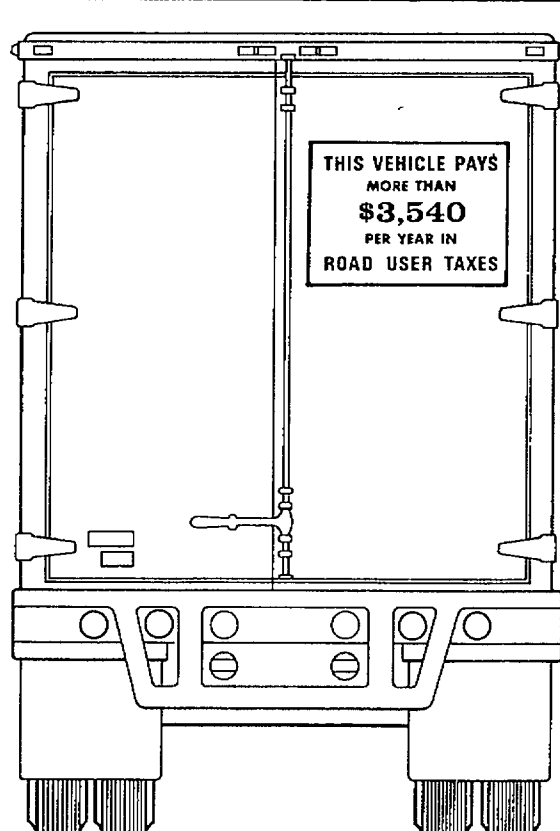

If you'd like to save some money, you'll be interested in Direct Distance Dialing. It's a more economical way to call Long Distance because direct dialed calls are all Station-to-Station instead of Person-to-Person.

It's easy, too. Just dial "1", then the Area Code, if it's different from your own, and the number you want. For an idea of how much you can save, here's an example. A 3-minute Person-to-Person call between Detroit and Chicago costs \$1.30 at the day rate. Dial direct and the cost is only 85¢.

So whenever you're reasonably sure the party you're calling will be there, dial direct and let the savings roll in!

Michigan Bell  
Part of the Nationwide Bell System

This truck is actually building a highway. One out of every three miles of Michigan's street and highway system is paid for by trucks. One large truck pays as much in highway-user taxes as do 30 automobiles. Heavy trucks (28,000 pounds or more), comprising 1% of all vehicles, pay 16% of all highway costs. Our interest in good highways is for real. We want to pay our fair share.

Highway users pay in advance, for roads yet to be built, and generally, in proportion to the use they derive from them. Highways cost the Federal government nothing, they have no effect on the Budget. If expenditures for highways are cut back, the tax paid by users still accrues in the Highway Trust Fund, which was created by Congress to finance the world's finest highway improvement system, and is by law earmarked for highway purposes only.

Interstate highways, built for reasons of national defense (but with not one penny from the Defense Budget), have been of great benefit to all motorists. The trucking industry has certainly benefited. But once and for all, let the record show:

THERE IS NO SUBSIDY FOR HIGHWAYS!

**MASTODON** - Walter A. Matulis, chairman-Life Science department of Oakland Community college,

and April Robinson, OCC secretary inspect mastodon bones discovered in Oakland county.

## Mastodon Bones Found in Oakland

A collection of parts of the skeleton of a mastodon (*Mammot americana*) unearthed last weekend during a construction excavation at White Lake township is presently housed at the Highland Lakes campus of Oakland Community college.

The find consists of a section of the cranium containing teeth and the openings which contained the tusks, 10 ribs, 11 vertebrae, the heel and those large bones comparable to the human's femur, tibia and ulna, according to Walter Matulis, chairman of the Life and Health Science division Highland Lakes, who has been supervising the assembling of the skeletal parts.

The mastodon, which roamed the Oakland county area between 6,000 - 14,000 years ago, was approximately 9 feet in height at the shoulder, 12 feet long and weighed in at about 6 tons.

The skeleton was uncovered during excavation for a housing development by Minot Harlow, 5085 West Walnut Lake road, Walled Lake, who operates a crane for Groleau Brothers Construction company, Union Lake.

Harlow, who said that he had never come across anything approaching such a discovery in his 25 years in heavy equipment, said that he thought that what ultimately turned out to be the mastodon's femur was a log until he discovered the prominent ball and socket joint, which obviously was not part of a log.

At that point, he contacted one of the owners, Wayne Groleau, who in turn called Matulis at the college.

Matulis will send samples of bone, peat and wood which were present in the excavation to a carbon-dating laboratory in an effort to pinpoint the date of the mammal's existence.

Members of the OCC faculty are assisting Matulis in the digging in an attempt to discover the remaining parts of the mammal. According to Matulis, the skeleton parts are in extremely good condition because of the ideal conditions of the peat bog in which the mastodon died. He is unable to determine at this time whether the animal died a natural death or was the victim of Indians who resided in the area at that time.

**LOCAL RESIDENT HONORED**—Fred Tuck, left, of Northville, was honored by the Shell Oil company for his outstanding job performance last year. As a result of his achievements in 1967, Tuck was chosen for membership in the company's Galaxy Society, an exclu-

sive honorary job performance group. He is shown receiving congratulations from W. R. Loren, field assistant to the Central Marketing Region vice president. The annual event was held recently at the Conrad Hilton Hotel in Chicago.

## Out of the Past

### 5 YEARS AGO...

...Best times in the Northville to South Lyon in the Jaycee walkathon were turned in by Paul Palmer, Bob Prom, Bob Pratt, Cal St. Clair and Maurice Giles.

...The Northville city council decided to advertise for bids for demolition of the old city hall.

...Clarence R. Davis, president of Davis Tool and Engineering company and Davis-Stamping company and a well-known civic leader, died at Henry Ford Hospital.

...Not since 1958 had two girls won top honors at Northville high school. But it happened in 1963 when two Novi girls, Duna Penn and Rosemarie Kaminski, were named valedictorian and salutatorian, respectively.

...Completion of a job that was nearly five years in the making was completed when the city published a 339 page publication of the city charter and code of ordinances.

...Jim Juday, a constant scoring threat and a stellar rebounder, was chosen the most valuable player on the Mustang cage squad.

### 10 YEARS AGO...

...Northville was almost assured of an incorporated neighbor on the north after Novi township approved village status by a slim 67 votes. At the same time, they gave a strong endorsement to the original incorporation committee by naming four of its members—headed by Walter Tuck. The vote was 509 to 442.

...Twelve Northville students shared in the groundbreaking ceremony for the new Northville high school. Taking first crack at the shovel was Student Council Mayor Dick Stuber.

...Arthur J. Gotts, well-known building contractor, died at the age of 62.

...A State Senate bill that would have eliminated all city profits from racing in Northville was killed in the House of Representatives. The measure, which won 22 to 9 approval in the Senate, was tabled by the House and Representative Sterling Eaton had earlier predicted it would get nowhere.

...Harold Hartley, 16, was officially notified that his photos took three of 25 first places in the annual Scholastic Awards contests.

...First place honors in the annual Northville Optimist Oratory contest went to Chuck Hix.

### 15 YEARS AGO...

...Arguments waxed hotter in the city versus village controversy in Northville, with speculation regarding whether a vote in favor of becoming a city would prevent or delay the opening of a 55-acre gravel pit at the northwest corner of Center street and Baseline road overshadowing interest in legal efforts to block holding the election.

...Bruce Turnbull purchased part interest in the Northville Electric Shop on East Main street, previously owned by his father, C.B. Turnbull.

...Commissioner A. Malcolm Allen told The Record that he personally favored incorporation of Northville as a city, although he took the position that in his official capacity he could not endorse the city incorporation committee's plan.

...Ch. Guntire of Franfield, orange and white pointer of J. P. Malley of Beck road took top honors in the pointer breed in an all-breed dog show at Flint.

### 20 YEARS AGO...

...Named valedictorian and salutatorian at Northville high school were Patricia Johnston and Edward Lanning, respectively.

...Northville Commissioner Schoultz, as the head of the commission,

handed the gavel of authority to the new president, Con Langfield, who thanked the community for the majority given him at the election.

...It was a case of splash for cash as slick Chick Harbert, golf pro at Meadowbrook Country club, came up with his first tournament victory of the winter golf season at Jacksonville, Florida.

...Mr. and Mrs. Arthur Carlson of Northville appeared on the "Hi Neighbor" program broadcast over radio station CKLW.

...Four volumes of records dating from 1829 to 1903 were deposited at the Michigan Historical Collection at the University of Michigan by the elders of the Northville Presbyterian Church.

### 25 YEARS AGO...

...Listed as American heroes in the Northville Record were these four servicemen: Charles Mankin, Keith Avery, Henry Rebitzke, and Fred Walker.

...Clarence J. Holman, husband of Catherine Bongiovanni Holman, was reported missing in action somewhere in Africa. His parents were Mr. and Mrs. Joe Holman of Beck road.

...Two of the leading candidates at the April 5 election carried the hopes of the Republican Party to continue sweeping state-wide gains. They were Charles M. Ziegler, a state highway commissioner candidate, and Dr. Eugene B. Elliott, a candidate for re-election as superintendent of public instruction.

...Point rationing of meats, butter, cheese, canned fish, and edible fats and oils was to start March 29. The red stamps in War Ration Book 2 were to be used, although the points values had not yet been established.

### 65 YEARS AGO...

...After 10 years of daily rounds as a milkman, Monroe Thornton of Northville retired. During the previous decade Thornton had traveled 200,000 miles, chiefly with one equine which was still in good repair. It was with admiration that one contemplated the old horse, whose 10 years' travel would girdle the earth eight times. Yet he continued to step off without his joints cracking.

...B. A. Wheeler offered Jewel Lard for 10-cents per pound and rice at five-cents. Oranges were being sold for 30-cents per dozen.

...Harry S. German, former resident of Northville, signed a contract with the Toledo League baseball club at a salary of \$250 a month and expenses.

...Head clerk of the new VanAken & Rider grocery store was Steve Safford. A new phone—No. 703—was placed in the store by the Northville telephone company.

## Municipal Court

Five young men charged with being minors in possession of alcoholic beverages were among defendants appearing before Municipal Judge Philip Ogilvie in Northville municipal court.

Patrick J. Elliott and James G. Stong, both of Detroit, pleaded guilty when arraigned March 9 on MIP (beer) charges. Each received a sentence of \$20 fine plus \$5 costs or four days in jail and \$2 costs.

Stephen C. Kremetz, Detroit, who was released on \$100 personal bond after being arrested for being a minor in possession of liquor in the community building parking lot on March 9, entered a guilty plea when arraigned March 13. He was sentenced to pay a \$20 fine and \$5 costs or four days in jail and \$2 costs.

William D. Bagley, Detroit, pleaded guilty to being a minor in possession of beer on March 9. He also drew a \$20 fine plus \$5 costs or four days in jail and \$2 costs.

Willard A. Spencer, Milford, pleaded guilty to being a minor in possession of beer on March 2, when arraigned last Wednesday. He was sentenced to pay a \$50 fine plus \$15 costs or 14 days and \$5 costs.

Among other cases heard last week Wednesday, Frank W. Rezeppa of the Eastlawn Convalescent Home pleaded guilty to charges of being a disorderly person and disturbing the peace on a complaint brought by Beverly Overby of Eastlawn Convalescent Home.

Rezeppa stood mute, an innocent pleas was entered for him by the court. After being found guilty, he was sentenced to a \$40 fine and \$5 costs or 10 days and \$4 costs.

Cecil E. Crowe, 116 South Church street, pleaded guilty to being a disorderly person (drunk) at West Main and Rogers streets on March 3. He was sentenced to a \$50 fine and \$15 costs or 14 days and \$5 costs.

William E. Plaspohl, New Baltimore, pleaded guilty to being a disorderly person (drunk) on March 2. Plaspohl was sentenced to a \$50 fine plus \$15 costs or 14 days and \$5 costs.

Delmar D. Caldwell, 249 Hutton

street, pleaded guilty to charges of assault and battery stemming from a complaint by Ethel Dolores Caldwell on February 24. Caldwell was sentenced to a \$40 fine and \$4 costs and placed on probation for six months.

James R. Turner, Walled Lake, pleaded guilty to being a disorderly person (drunk). His sentence was a \$50 fine or 10 days and \$5 costs.

J. H. Gardner, 16908 Franklin drive, pleaded guilty to charges of reckless driving on February 28. Gardner was sentenced to pay an \$80 fine or 16 days in jail.

Richard D. Brevik, Livonia, pleaded guilty when arraigned on charges of being a disorderly person (fighting) at the community building March 9. He received a suspended sentence but was assessed \$10 costs.

Ulysses Buchanan, Inkster, pleaded guilty to escaping from DeHoCo January 10. He was sentenced to 60 days in jail.

Lyle J. Thompson, Walled Lake, stood mute when arraigned on charges of being a disorderly person (drunk) in a municipal parking lot on March 11. At his trial last week, he changed his plea to guilty and was sentenced to a \$30 fine and \$15 costs or 10 days and \$3 costs.

'Wait Until Dark'*It's "Lights Out" For Final Scene*

EFREM ZIMBALIST, JR., is cast as Audrey Hepburn's husband in "Wait Until Dark."

Movie-goers attending "Wait until Dark," the new Technicolor suspense-thriller starring Audrey Hepburn, which opened Wednesday at the Penn Theatre, will be treated to something different during the last eight minutes of the film. Lights throughout the theatre will go off for the climactic final scene where Miss Hepburn, portraying a blind woman, fights for her life against a maniacal killer, personified by co-star Alan Arkin. No one will be seated at the Penn Theatre for the interval of this scene.

"Wait Until Dark," released by Warner Bros.-Seven Arts, is based on the long-run stage hit by Frederick Knott. Together with Miss Hepburn and Arkin, the film stars Efrem Zimbalist, Jr., Richard Crenna and Jack Weston, and introduces model Samantha Jones and youngster Julie Herrod in their motion picture debuts. The film was produced by Mel Ferrer and directed by Terence Young. The musical score and a theme-song, "Wait Until Dark," are by Henry Mancini.

ALAN ARKIN terrorizes AUDREY HEPBURN in the new suspense-thriller from Warner Bros. Seven Arts, "Wait Until Dark." The Technicolor drama, which opened Wednesday at the Penn Theatre, tells the story of a frantic search by three criminals, played by Arkin, Richard Crenna and Jack Weston, for a cache of smuggled narcotics. They believe that Miss Hepburn, who plays a blind housewife, is hiding the musical doll stuffed with heroin. The climactic battle is fought by the crazed Arkin and sightless Miss Hepburn in near total darkness.

"Wait Until Dark" opens Wed., March 27 at the P&A in Northville.

That's Steve Allen*Comedian,  
Starmaker,  
Songwriter*

Steve Allen, the inventor of late-night television, now brings his unique brand of humor and entertainment to Channel 4 viewers on weekday mornings. The all-new, hour-long Steve Allen program which began Monday, is televised 9:00 to 10:00 AM, Monday through Friday.

Originating in Hollywood, "The Steve Allen Show" features the kind of free-wheeling comedy, entertainment and conversation that has made Allen one of television's greatest all-time stars.

Allen's new show spotlights a daily line-up of guests ranging from top name personalities to musical and variety performers to the unusual, often unknown, people for whom Allen is famous.

As a starmaker, Steve Allen is virtually unequalled. The list of entertainers whom "Steverino" has started on the way to stardom reads like a show world "Who's Who."

Among them are: Andy Williams, Steve Lawrence, Eydie Gorme, Don Knotts, Bill "Jose Jimenez" Dana, Don Adams, Jim Nabors, Louis Nye, Tom Poston, Pat Harrington, Jr., and Tim Conway.

Allen's TV credentials date back to 1954 when he started NBC's "Tonight" show. Although there had been several ill-fated efforts at late-night programming, Steve Allen, with his offbeat entertainment and provocative conversation, established a program formula that has since become the biggest money-maker in television. It was Steve Allen's bright format

that lit the way for Jack Paar, Johnny Carson, Woody Woodbury and dozens of others.

Steve Allen also served a stint as permanent panel member on "What's My Line?" and as emcee of "I've Got a Secret". More recently, he was host of his own nationally syndicated, late-night "Steve Allen Show" and "The Steve Allen Comedy Hour" summer show on CBS last year.

A multi-talented individual, Steve has made his mark as an author, humorist, poet, playwright, musician, songwriter, and movie actor.

He has written a half-dozen books dealing with various facets of humor, and at one time he was nominated for a Pulitzer Prize for his poetry. He also wrote both the music and story for the play "Sophie," which played in Detroit at the Fisher Theatre in 1963.

A musician of great versatility, he plays a variety of instruments and has written more than 3,000 songs. Among his most popular are: "Picnic," "South Rampart Street Parade" and "This Could Be the Start of Something Big."

Many people wonder how Steve could have turned out so many songs. Singer Frankie Laine was skeptical, too, until several years ago when he bet \$1,000 that Allen could not write fifty songs a day for an entire week. Allen won the bet, hands down.

Among Steve Allen's best-remembered movie roles was that of Benny Goodman in "The Benny Goodman Story," which co-starred Donna Reed.

## Writing for Children

Irene Hunt teaches school in Illinois. She also writes children's books that have made her one of the most widely read and important children's authors in America. On Sunday, March 24, at 11 A.M., WJBK-TV2 will present "Writing For Children With Irene Hunt," in which Miss Hunt reads from her books and answers questions posed by eight young critic-fans.

In 1967, Miss Hunt won the Newberry Prize, the highest award a children's author can win, for her book Up A Road Slowly. In addition to the Newberry Prize, she recently won the Charles Follett Award for children's literature with Across Five Aprils, a Civil War story situated on a Southern Illinois farm.

On arriving in Mobile to compete in the 11th America's Junior Miss Pageant televised Friday over Channel 4, Michigan's Junior Miss Pamela Smith of Northville discovered a "home away from home." She was met at the Mobile airport by Pageant officials and driven in her official convertible

to meet her host family, Captain and Mrs. Blake Moore, 33 Kingsway. Here in front of the Moore home, Captain and Mrs. Moore greet Pamela (left) and Florida's Junior Miss Bonnie Folkers (right) of Pensacola, who also was assigned to the Moore home.

Parental love is expressed by Linda and Bruce Doscher as they look at their newborn daughter, Kimberly, in New York's Flower Fifth Avenue Hospital. The de-

livery of Mrs. Doscher's baby was filmed for the ABC News color documentary HOW LIFE BEGINS Tuesday, March 26 (7:30-8:30 p.m.), Channel 7.

## MEADOWBROOK LAKE

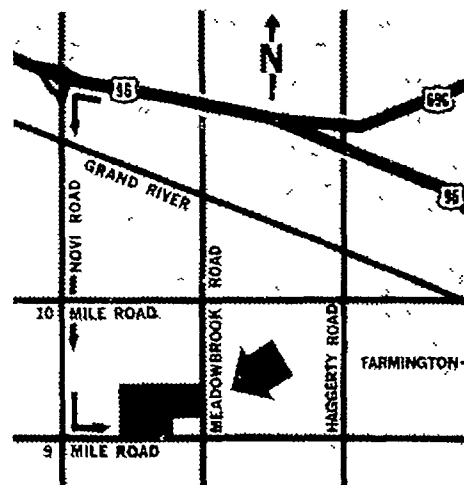

*A Thompson-Brown community  
created just for the joy of living*

Now you can enjoy the charming and delightful atmosphere of a lakefront community in an outstanding and convenient suburban location. This new dimension in living is available to you in Meadowbrook Lake, located just south of the I-96 Freeway in Novi, west of Farmington.

You and your family will enjoy nearby riding stables, harness racing at Northville Downs, sailboating, fishing, swimming and skating on Meadowbrook Lake

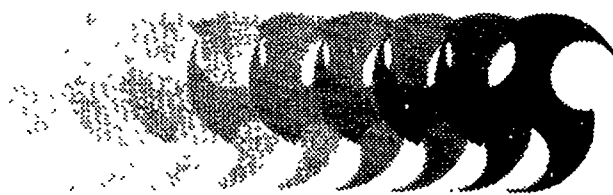

and at the many lakes that are close by. Golfing is available at several adjacent public courses. Residents have exclusive use of two community parks and a private beach area.

In addition to all of these opportunities, you'll find many lovely homes from which to choose, lake-front lots, paved streets, Detroit water and sewer system, and much, much more! Isn't it about time you visited Meadowbrook Lake? Drive out this weekend for sure!
