LIGHTNING IGNITES BLAZE-Lightning set ablaze a Nine Mile Road barn during the height of Tuesday afternoon's thunder storm, completely destroying the large wooden barn. Called to the scene by a neighbor, firemen of Northville and Lyon Township were unable to save the barn but poured water on an adjoining building to prevent it from catching fire. The barn, located on Nine Mile near Currie Road, is owned by Dr. Robert Lehmann, who was not home at the time. The barn, containing only straw and hay, was partially

City Tax Bills **Sent to 1700**

The "good old summertime" has its darker days. Like when city property owners receive their tax bills.

Some 1,700 summer tax notices were mailed out last week by the city treasurer. This year's tax rate is 13 mills, up nearly four mills over the 1967 rate of 9.25.

The 13-mill rate means that city property owners pay \$13 per thousand dollars of assessed valuation as shown on their tax bills. For example, a house and lot assessed at \$10,000 (assessments are figured at 50 per cent of market value) would have a tax of

The total tax levied by the city this year is \$261,283.32. Of that total \$180,675.26 is on property in the Wayne county portion of the city, and \$80,608.06 in the Oakland county

Tax bills are now payable at the city hall. Deadline for payment without penalty is August 31.

Bidders Scarce On Taft Paving

The city of Northville will open bids Monday night for the paying of Taft road from Eight Mile to the city limits, a distance of one-half mile.

At least City Manager Frank Ollendorff hopes there will be bids to open. None had been submitted by Tuesday and most concrete paving contractors capable of handling the job report a backlog of work due to the recent strike in the building field.

The council is anxious to have the project completed by September when school opens, therefore it is unlikely that bidding will be delayed unless none are received or those submitted issue of open housing passed unanimously at the regular monthly meeting last week.

The township ordinance is identical to the ordinance adopted by the city council last month, except that the penalty for violation is a \$100 fine and/or 90 days in jail. Townships are limited to \$100, while cities can fine as high as \$500. (See complete text of the township open housing ordinance on

Consideration of an open housing ordinance first came before the township board last month. Supervisor Gunnar Stromberg introduced the measure noting that "some citizens have requested that the board take such action".

Trustee Bernard Baldwin strongly endorsed the action and urged the board to instruct its attorney to check the ordinances of the cities of Northalle and Plymouta to see if Northville township could use the same

Attorney John Ashton recommended the Northville ordinance and, in answer to a question from Trustee Thomas Armstrong, explained that any violations of the local ordinance would be prosecuted through local courts by the township. "They would be handled in the same manner as violations of any other local ordinance", the attorney stated.

Clerk Eleanor Hammond asked if the new ordinance became effective upon adoption by the board or if a vote of the citizens was necessary. Attorney Ashton noted that a vote was not necessary, but that like any other ordinance, citizens could petition to bring the measure to a vote if so desired.

Trustee Baldwin made the motion for adoption of the open housing ordinance and the proposal was seconded by Trustee Armstrong. Although Trustee James Tellam was absent, Armstrong reported to the board that Tellam had indicated he approved the proposal and would vote

Stanley Johnston, former teacher here and now owner of the Northville Realty Company, was elected president of the Northville Board of Education Monday night.

He succeeds Eugene Cook, who was re-elected to the board last month. The new president, who during the past year served the board as

vice-president, and the other newly elected officers were unanimous, unopposed choices.

Other newly elected officers include Robert Froelicit, vice-president; Dr. Orlo Robinson, secretary; and Andrew Orphan, treasurer. Dr. Robinson, who was elected to his first board term in June, succeeds Glenn Deibert, and Orphan suceeds Richard

wondered aloud how permanent the It's 2 Mills Again

It's official: the July 29 Northville school election proposition will ask voters to decide the same two-mill question they defeated on June 10.

The board of education, which had been treading water on just how many mills it would seek, approved the two-mill levy Monday night. Three weeks ago it had set the date for the

Newly elected President Stanley Johnston was absent, but since he has been one of the chief supporters of the millage request Monday's vote could be considered unanimous.

Voters defeated the proposition by a vote of 484 to 470 at the regular June election and, ironically, elected Dr. Orlo Robinson, who supports the request, by the biggest vote.

action of the board would be if it voted, as permitted under the provision of the third class district, to extend board terms to six years. Can a later board change the terms of office back to four years? they asked.

Although the board did not vote on the extended terms, the general concensus of members is to maintain

the current, four-year terms of office.

Concerning the election date, it was noted that there are both advantages and disadvantages of scheduling school elections to coincide with city elections as is permitted under third-class status.

Cost savings, automatic expansion of the number of polling places, and perhaps a larger voter turnout were cited as advantages. A major disadvantage, it was noted, might be the confusion resulting from having voters decide both municipal and school propositions at the same election.

During the board discussion of the matter (no decision was reached). Business Manager Earl Busard pointed out that a bill in the State Legislature proposes to require combined elections. Such a requirement, he suggested, might prohibit special school millage elections and require that all such issues be placed on the ballot at the regular election period.

The board also designated Manufacturers National Bank of Detroit as the official school depository, and it accepted \$500 donations from both the Northville Downs and the Northville Driving Club for operation of the summer band program. Letters of appreciation have been sent to both organizations.

School Changes District Name

The official, long-as-your-arm name of the Northville school system was shortened Monday-but it's still a mouthful.

Board members voted to chop two words from the name, thus changing it "Northville Public Schools, School District, Wayne, Oakland and Washtenaw Counties, Michigan" to "Northville Public Schools, Wayne, Oakland and Washtenaw Counties, Michigan."

Tacking on the names of the three counties, it was explained, is a legal requirement.

A salary schedule for the dual job of fispute of long-standing on the board. Since last November a board majority has insisted that the job should be paid on a salary, not a fee basis.

> Last week Glenn Salow, who performs both the duties of electrical and building inspector for the township, appeared before the board to defend his request for fee payment. He produced an agreement, signed last March by the late supervisor, calling for a \$400 per month retainer, \$4.00 fee per building inspection and, 75 per cent of electrical fees. He said he preferred to continue to work under this "free agent" agreement with a limit of \$15,000 annually placed on the dual job.

> Board Trustees Thomas Armstrong and Bernard Baldwin have been outspoken advocates of a salary basis for inspections and since last November the board majority position has been that the dual job should be paid at the rate of \$8,000 annually for building inspections, \$3,000 for electrical and \$50 per month for car use, or a total annual sum of \$11,600.

Armstrong pointed out that last year, using the fee system, the township had paid out \$7,600, the

thighest ever. He indicated that the boost to \$11,600 was generous.

Baldwin pointed out that the increase in building activity in the township demanded a fulltime inspector on duty in the office to serve the public. He said in the light of the approaching urbanization it would be unwise to pay an inspector on a fee

Salow objected to the fulltime basis, pointing out that he worked for the city from 8 a.m. until 9:30 a.m. daily. He said he was "not interested" in the township job if he had to give up working for the city; he further argued that the board did not realize the responsibility that the combined building-electrical jobs entailed; and he suggested that if the board was not living up to the contract he now had with the former supervisor "why should I think this contract is good"?

Trustee Baldwin proposed adoption of the new salary schedule (\$11,600) effective September 1 and pointed out that the present inspector was not being removed and that if he accepted the new salary-"which is more than a 50 per cent increase"-that the job was his.

"You'd better put an ad in the paper", Salow replied.

With Trustee James Tellam absent, Trustees Armstrong and Baldwin voted in favor of the new salary set-up. Clerk Eleanor Hammond and Treasurer Alex Lawrence voted against it. Both pointed to the difficulty in finding qualified inspectors, and noted that Salow is uniquely qualified both in the electrical and building fields.

Supervisor Stromberg joined Trustees Armstrong and Baldwin in approving the new salary schedule.

The board quickly tabled another request on a similar issue-this one coming from the plumbing and heating

Presently the job, which reportedly requires an average of 21 hours work per week, pays fees averaging \$300 per month. The inspector has requested a \$100-per-month retainer in addition to the fees.

Supervisor Stromberg voted with Clerk Hammond and Trustee Baldwin to break a 2-2 deadlock when Trustee Armstrong and Treasurer Lawrence opposed making Blue Cross hospitalization insurance available to fulltime employees.

The rest of the fringe benefit package for employees was adopted unanimously. It includes vacations, sick leave, six paid holidays, a pension plan and group life insurance. Annual cost of the program to the township for 1968, excluding the hospitalization, will be \$5,361.57.

In other business the board appointed Trustee Baldwin and H. O. Evans, newly appointed member of the recreation committee, to a committee to study proposed uses and financing of the newly-acquired fish hatchery

Retire Maybury's Dr. Howard to

Dr. W. L. Howard, one of the nation's pioneers in the field of tuberculosis, has announced his retirement next month as director of Maybury Sanatorium in Northville

Township. The 67-year-old physician will be officially retired at the end of August but because of accrued vacation time, he will leave his post during the first week of August.

He and his wife will move from Northville to North Muskegon where on August 19 he will become medical superintendent of the Northshore Hospital, formerly the Muskegon County Tuberculosis Hospital.

The City of Detroit, which operates Maybury, has not yet announced a replacement for Dr. Howard. It is conceivable, because of the steady decline of patients at both Maybury and Herman Keifer Hospital, that a single director will be named to

supervise both TB hospitals. Father of two married children and grandfather of three, Dr. Howard has been director of Maybury since June of 1947, He replaced Dr. Henry S.

Since joining Maybury as director, the number of tubercular patients has decreased considerably, and the disease

itself, which at one time was one of the three top killers in the nation, has nearly been conquered. So few people die of TB today that medical journals no longer list it separately but lump it together with other diseases at "the bottom of the list."

A decade ago Maybury had a patient census of 807 patients Today the sanatorium houses only 280 patients, most of whom will spend only a fraction of the time in the hospital as once was required.

The death rate dropped from 22 percent in 1946 at Maybury, to 17.9 percent in 1950, to 6.3 percent in 1953, and to 3 percent last year. No child has died at Maybury since April,

Average length of stay at Maybury dropped from 16 months in 1950 to five months in 1967. It may very well drop below five months this year, according to Dr. Howard,

Aside from giant advancements in medication, major reasons for the successful combat against tuberculosis has been more accurate case findings, earlier diagnosis through X-rays and TB tests, and more effective therapy, he

When Dr. Howard first entered this field in 1924, the chief treatment for

the disease was "bed rest and prayer." Rest meant up to three years in bed; prayer meant just that, as 25 to 30 percent of the TB patients were doomed.

Beginning his TB work at the Muskoka Hospital for Consumptives at

DR. W. L. HOWARD

Grandvenhurst, Ontario, Dr. Howard moved to the Michigan State Sanatorium at Howell. Later, he went to New York City, returning as chief resident at Herman Keifer Hospital. Except for a brief period at Maybury while in Michigan, Dr. Howard spent most of those early years as director of the TB Sanatorium at Battle Creek and of the American Legion Hospital in the same city.

Over the years, he has won many accolades from professionals in and out of the TB field for his work in helping to stamp out the disease. Most recently, he took pride in early successes with an experimental alcoholic treatment program at

"We'll miss Northville," said Dr. Howard, "it's been a good place to live and raise a family. But the opportunity to continue working at North Muskegon is too attractive to pass by."

Northshore is itself a living example of the successful battle against TB, he noted. Once, Northshore was a large hospital filled with patients from throughout Muskegon County and neighboring communities. Today, its beds are occupied by both TB patients and patients with other medical

Andrea Jo Sarto Pledges Vows

First Presbyterian Church, Andrea Jo Sarto pledged her vows to Robert Joseph Heck on June 29. The couple were married at 2 p.m. with Reverend Lloyd G. Brasure and Reverend Barney D. Roepcke performing the ceremony.

The bride is the daughter of Mr. and Mrs. Jorma O. Sarto of 7560 Honeysuckle in Orchard Lake. The bridegroom's parents are Mr. and Mrs. Raymond H. Heck of Birmingham.

The church was decorated with arrangements of Fiji mums, blue asters, and baby's breath. White daisies and chrysanthemums completed the decorations. The music chosen for the wedding processional was Purcell's

Trumpet Voluntary in D. Other selections included the Air in.D by Bach and Handel's Aria in F Major.

The bride, given in marriage by her father, wore a floor length wedding dress of white taffeta. A white organza sheath covered the simple A-line silhouette. The gown had a portrait neckline with a long train falling in the back. A flowered headpiece of pearls secured a straight fingertip veil. The bridal bouquet was an arrangement of white roses and stephanotis mixed with split carnations and forget-me-nots.

Mary Fran Sarto served as the maid of honor. She wore an ice blue silk shantung with an empire waist and

an A-line skirt. Her flowers were a bouquet of yellow daisies and forget-me-nots. The bridesmaids, Elma Sarto and Susan Perkowski wore outfits similar to the maid of honor.

Serving as ushers were Paul Holody, James Kleinsorge, Arthur Koga and Harold Schwartz. Louis Tremonti acted as best man.

Mrs. Sarto, the mother of the bride, wore an outfit of coral printed voile. The groom's mother wore a turquoise and white brocade.

Following the ceremony a reception was held for 200 guests in the Fellowship Hall of the church. Friends and relatives attended from

Michigan, Hawaii, Idaho, Chicago, Ohio, and Switzerland.

For her going away outfit, the bride chose a lime green outfit with a white short jacket. The newlyweds made their wedding trip up the Transcanada Highway to British Columbia. From there they journeyed to California and back across the United States.

The new Mrs. Heck is a junior at Michigan State University. Her husband, a graduate of the University of Detroit, received his PhD. in physics at Michigan State. The couple plan to make their future home in East Lansing, and then move to Montreal in

The bride is the daughter of Mr. and Mrs. Don Lanning of 10029 West 12 Mile Road. Parents of the bridegroom are Mr. and Mrs. H. R. Smith of Plymouth.

Music was presented by soloist Bob Lemon, who sang "Hand in Hand," and by Betty Lazor, who sang "Because."

Given in marriage by her father, the bride wore a two-piece white satin gown with a train. The dress was worn previously by her mother. Her veil of fingertip length was held in place by a white crown fashioned from pearls. She carried a cascading bouquet of white gladiolas, carnations and red roses.

Betty Lazor of Northville served as the maid of honor. The other bridesmaids were June Lazor, Beverly Edmister, and Mary Smith, the junior

Pupils Plan A Circus

Northville children will stage a summer circus Thursday, July 18 and they're asking other youngsters to come out to enjoy the fun.

It's especially appropriate for children under 12 and their parents,

Sponsoring the circus, to be held at Moraine Elementary School beginning at 10:30 a.m., will be the students enrolled in the Northville Summer-Prep Program-a pilot study program financed by the Federal government.

They carried bouquets of white carnations with tinted centers to match each gown.

Louis Lanning, brother of the bride, served as best man. The ushers were John Davis, Calvin Michell and Mike Gelunde.

For her daughter's wedding Mrs. Lanning chose a mint green lace dress with a corsage of white carnations and red roses. The bridegroom's mother had pink carnations to go with her outfit of Navy blue chiffon.

Following the ceremony, a reception was held for 250 guests in the parlor of the church. Friends and relatives attended from Plymouth. Detroit, Brighton, Salem and New York State.

The new Mrs. Smith is a 1967 graduate of South Lyon High School. Her husband, a graduate of Plymouth High School, is now stationed at McConnell Air Force Base in Wichita. The couple will reside there for a short time until he leaves for Thiland on tour of duty August 21.

Here's how it was launched:

Meeting in a number of planning sessions at the outset, the teachers polled their students to learn what subjects they preferred to study. Answers were as peculiar and diversified as one might expect from third graders bones, newspapers reptiles and languages.

Undaunted, the teachers met again to come up with a program broad enough to cover most of these interests. Archeology seemed like a good bet.

Most actively involved in developing the program were three third grade teachers-Kay Dinsmore, Helen McCarthy and Marge Sliger. Together they worked with William Case, art teacher; Mernie Hines, librarian; Joan May, music teacher; and others within the school system.

First step-arousing the children's interest-was accomplished in several ways. Students heard talks by Dr. Donald Hegge, past president of the Michigan Archeological Society, and Mrs. Kate Edgerton, participant in the Canadian digs on Manitoulin Island. They read legends and saw several films dealing with archeology. Finally, they divided into small groups and took "detective walks" through the community in search of historical evidence.

Once students became fully involved in the subject, they found they could relate it to almost every subject they had studied earlier in the

Maps of the playground were made together with time-lines dating back over 13,000 years. Case taught them to make vacuforms and artificats such as ancient pottery. They also studied gliffs, pictures found inside tombs. Some drew pictures depicting the current age, and some even wrote poems in hieroglyphics.

During their detective walks, students visited the cemetery, noting destruction of some tombstones, and some visited Fort Wayne and the Cranbrook museum.

Then followed a lesson in letter

writing to both the mayor and the newspaper editor. Other English skills were polished by research reading and vocabulary study. Archeology study also involved music, with students learning dinosaur dances and a special choral reading.

Later, the excited students gathered in the field just west of Ida B. Cooke Junior High School to conduct their own dig in search of arrowheads and other Indian artifacts. Here, mathematics played a role as the area was carefully divided in squares, roped off, and recorded.

Although students failed to discover any Indian artifacts, they did find several fossils which they took back to the school.

Finally, utilizing an abandoned classroom in the basement of their school, the children established their own museum. In it they set up displays of their dig finds and their classroom projects ranging from rock collections, maps, and vocabulary lists to strata charts and dioramas.

Even here professionalism continued to mark their work as several students, having studied to become guides, showed other students through the little basement museum,

Was the extra work and study worth the effort?

Both teachers and students think so. In fact, some students were a little disappointed that the closing of school meant the end of the program.

But come next fall, Main Street will enroll a number of students with more than a passing interest in paleontology and a large number of fourth graders with thore than an average knowledge of archeology. And those third grade teachers who are likely to find themselves facing a demanding crop of new third graders.

BASEMENT MUSEUM-It was a strange collection of rocks, bonès, charts and even a "mummy"-but the basement museum resulting from a special Main Street School project was an educational place for elementary youngsters such as Kathy Houghton, who inspected each stone for telltale signs of fossils.

Girl Scouts Attend Camp

Girl Scout resident camp, Camp Linden, is now in its second session of the 1968 season with four Northville girls attending. The session began July 3 and will continue until July 17th.

Cadette Scout, Kathy Sechier, 34600 Six Mile Road, is enrolled in the Indian Heritage unit at the camp. With other girls from the four-county area served by the Huron Valley Council, she is learning how Indians of Michigan lived. With several teepees as living quarters, they are doing Indian arts and crafts, learning primitive living and cooking skills, and studying Indian

Northville Scouts enrolled in 'the general program units are: Sandra Lee Bacsanyi, 44262 Wyngate; Cheryl Earehart, 623 Randolph; and Lori Smith 355 Orchard Drive.

The Fourth of July observances at the camp included an all-camp flag ceremony with the Scouts reaffirming their Girl Scout Promise of doing their duty to their country.

A new feature at Camp Linden this summer is the swimming and boating beach, developed with profits from the annual Girl Scout cookie sale.

Counselors Rejoin Schoolcraft College Staff

Two former counselors who have rejoined the Schoolcraft College Office of Student Affairs staff after a year's absence are among the names on a list of personnel additions announced by Vice-President for Student Affairs Edward V. McNally.

Returning to the college in an

administrative position as Director of Financial Aids and Placement is Russell S. Bogarin. Bogarin had served as a counselor and placement officer at Schoolcraft until he joined the counseling staff at Eastern Michigan University last year. While at EMU Bogarin continued his graduate studies.

He holds an M.A. degree from the University of Michigan.

Bogarin's return to Schoolcraft fills a vacancy on the staff created when John Cansfield left the Office of Student Affairs in January to become Dean of Students at Southwestern Michigan College in Dowagiac.

Returning to the college counseling staff is James E. McCarthy who resigned last year to continue his graduate work at Indiana University under an NDEA fellowship. McCarthy holds an M.A. degree from the University of Michigan.

A new addition to the college counseling staff is Mrs. Gayle Sumner, who comes to Schoolcraft from Northeast Missouri State College, Kirksville, Mo., where she was an academic counselor for two years. Mrs. Sumner holds an M.A. in guidance and counseling from Northeast Missouri State and a B.S. in Education from the same institution. An art education major in her undergraduate years, Mrs. Sumner taught art in the secondary

schools in Monroe City, Mo., for one

McCarthy's return and the addition of Mrs. Sumner brings the Schoolcraft counseling staff to nine, McNally said.

Odd ambitions tend to haunt the shadows of one's mind, but it often takes an empty summer to force these whims to surface.

For Anne Sarnes of 20248 Woodhill, the month of June brought the realization of a long suppressed desire. She has just begun taking judo lessons at the Budakan Judo Club in Detroit.

Anne, who will be a high school senior in September, has enrolled in lessons with Cheryl Gall, another senior in Northville. Together they attend class every Saturday for lessons in this

ancient art of defense. The instructions are mostly given by Frank Hubbard, the president of the club.

Although Anne hopes to learn a measure of self-defense, she admits that she enrolled in the course mostly to satisfy a personel interest. With a membership in the club she should have plenty of opportunities to increase her experience. After eight weeks of semi-private lessons, the girls will be elibible to attend any of the practice sessions held throughout the week. Then working through competitons, they will go on to earn the different colored belts.

So far the lessons have been strenuous but practical. Anne reports happily that she has become slightly stiff trying to master the art of falling correctly.

Others with less exotic ambitions, have been taking lessons at the Young Men's and Women's Christian Associations of Metropolitan Detroit. Several students have enrolled in guitar lessons and classes for painting and drawing. These subjects are offered along with others in such fields as ballet, teenage, sewing and self-defense.

Several Swimming classes are taught at Greenfield Village with different levels for all abilities. The association has a complete life-saving program for anyone interested in earning a life-saver badge. Classes have just begun, and another term is scheduled to start on July 25.

Anyone interested in more information concerning the association is invited to write for a flier containing a list of classes and prices. The letters should be addressed to the YMCA, 12330 Middlebelt Road in Livonia.

lilky Way Dominates July Sky

The Milky Way, unusually bright in the summer, dominates the July night skies, says University of Michigan astronomer Hazel M. Losh.

The reason for its heightened brightness, Professor Losh explains, is that "we are believed to be located two-thirds of the way between the center and edge of our galaxy, and in the summer night sky we are looking toward its farther border, and therefore through a greater number of stars than during our winter."

Professor Losh has retired this month from her teaching duties at U-M, but will continue to write her monthly astronomy notes.

The Milky Way-made up of myriads of faint stars, nebulae, star clouds, and dark dust clouds-comes into view in the early evening and rises higher as the night hours and the summer progress, the U-M astronomer

"Through the years, Professor Losh says, "the Milky Way has borne many fanciful titles, but the idea of its being a pathway has been a very prevalent one, for it is easy to imagine it a starry path, a glistening river, a heavenly snake, or-according to an Indian legend-dust kicked up by a buffalo and horse racing across the

Beginning in the north with Cassiopeia-the great "W" in the sky-this stream of stars makes its way to Cygnus, popularly known as the Northern Cross

It then divides into two directions: the lower or eastern branch through Aquila (the Eagle) to Sagittarius (the Archer); the western branch through

Ophiuchus to Scorpius.

The eastern branch from Cygnus, Professor Losh continues, extends through the Summer Triangle of Deneb, Vega, and Altair. Along the same branch is Sagittarius with bow outstretched, aiming a shaft at the heart of the Scorpion.

"If one has difficulty in making out the Archer," says Professor Losh,

"It may also be identified by its position in the Milky Way, as a little 'Milk Dipper,' the handle of the teapot being the bowl of the dipper and the handle of the dipper extending into the

Lawmaker Sees Disparity In State Aid for Colleges

Representative Louis Schmidt, who cast a "no" vote on appropriations for higher education, took to the floor of the House recently to emphasize that "we need some study of the way we are financing our community colleges."

He contended that "there are a number of factors to be taken into account in considering the needs of the different community colleges such as valuation, type of program, area to be serviced, and ability of the area to support a community college.'

His comments were sparked by a

change made in the higher education appropriation which revised certain practices regarding financing new community colleges.

It has been the practice that the state in the first years provides 50-percent of the operating costs in order to assist the new colleges in getting started. The conference committee of the House and Senate decided continued assistance was necessary to certain community colleges and extended the 50-percent assistance program to all those started after January 1, 1962, rather than the original bill's 1965 date.

By comparison, Schoolcraft College will be in the approximately 35-percent group.

Representative Schmidt said he intends to discuss the need for a study of community college financial needs with legislative leaders at the July meetings of the Legislature.

"Four-year colleges receive over twice as much per pupil in the smaller state colleges, and over four times as much in the larger universities," Schmidt said. "There is a justification for some differential, more especially in graduate degree granting institutions. However, the state must meet the problem closer to the people in community colleges where the costs are not so great to all, including students and parents."

"If we do not provide more adequately for the community colleges on a formula basis," he continued, "we will continue to have our first two years of four-year colleges serving many who could be well served by community colleges in general education and terminal course areas.

"The proposal is in no way an effort to undermine existing institutions but is an attempt to make possible more rapid growth of community colleges, and permit four-year institutions to place greater emphasis on the junior and senior years, as well as graduate and post-degree work."

He concluded by noting that "more students provided for at a community college would result in substantial savings to the state and to parents and students who might otherwise have to attend four-year colleges for all four years."

Windows Broken

Northville police reported finding two windows broken during the early morning hours Monday - one at Northville high school and the second at Stone's Gamble Store on Main street.

In neither case was entry gained or any theft reported. A bottle was thrown through the Gamble store window. The school window was broken in a door, leading police to believe that entry may have been made. Nothing was disturbed inside, however.

In other police matters last week the theft of a tachometer and temperature panel from a car parked at the Northville Marathon station on Seven Mile road was reported. The car was owned by Esther Budd of Northville.

A bicycle was reported stolen from the yard of Mark Hosbach, 524 Rouge, on Thursday afternoon.

Crash Kills **Detroit Driver**

A 45-year-old Detroit motorist was fatally injured in a spectacular expressway crash in Novi Tuesday afternoon involving two trucks, a bus

The victim was John H. G. Graham, who died at 12:35 a.m. Wednesday at Botsford General Hospital.

Two persons remain at Botsford in serious condition, five others were treated and released. All are from the Detroit area.

The crash, which occurred just before 3 p.m. in a driving rain, actually involved two separate accidents growing out of a single incident on I-96 west of Taft Road

A charter bus, reportedly carrying children from Kensington Park and headed east on I-96, crashed into the rear of a dump truck and then nosedived into the ditch. The dump truck overturned in the media. Only one passenger, Loraine Evans of Detroit, age unknown, was injured. She suffered rib fractures and possible internal injuries.

The bus driver, Charles Lee Payne, 44, of Detroit, suffered bruises, and the truck driver, Ben Dixon, 67, of Detroit was X-rayed and released.

Seconds after this crash, the victim, also east-bound apparently swerved his car on the wet pavement to avoid colliding with the truck, skidded completely, across the medium and into the path of a State Highway Department truck, driven by Richard Holmes, 43, of Detroit. Holmes' truck, west-bound, crashed head-on into Graham's car and then flipped over on the north side of I-96.

Two passengers were injured in Graham's car. Eddie Johnson, 29, of Detroit suffered multiple rib fractures and a collapsed lung, and Eugene Blackmon, 34, of Detroit was treated for bruises.

Tom Pinkos, 20, of Warren, a passenger in highway department truck, was treated for a right leg injury.

State Police, the Novi police and fire departments, and the Oakland County Sheriff's Department policed the accident. Casterline ambulances carried the injured to Botsford.

The accident tied up traffic in both directions for more than a half

State Police are continuing their investigation. Because many of the passengers from the bus were immediately transferred to another bus and moved from the scene, it is unknown if any other persons were injured, troopers said.

pay of the new 26-member Board of Supervisors, which is due to take office

A recently-enacted state law gives the new 26-member board total discretion in setting its own compensation. There has been speculation that the new board might declare itself a full-time legislative body and match for itself the \$15,000 annual pay of state legislators.

The top policy body of the present board, the Committee of Chairmen of Standing Committees, acted Friday, June 28, to head off such a move.

Those present unanimously adopted a resolution recommending that the present Board of Supervisors limit the compensation for new board members in adopting the budget for the county's next fiscal year, beginning

It was recommended that board members receive \$25 per meeting, with an annual total salary maximum of \$2,500. Members of the present board receive \$15 per meeting, with no annual maximum.

The committee recommended that the board chairman receive \$30 per meeting, with an annual maximum of

In its resolution, the committee noted that the new 26-member Board of Supervisors will not have any powers or duties different from the present board, and stated:

"Based on the experience of the existing board, we believe that the new board should not be on a full-time basis, and that there exists no good reason to expend additional montes for compensation of new board members.'

Northville Rotary Club Installs New Officers

Split Votes in Township

Continued from Page One

property with representatives of the city and school district.

It also ordered the township attorney take legal action against Arthur Jahn, owner of the Northville road, A & W Root Beer stand for allegedly violating a permit issued for landfill and consequently disturbing

the flow of a stream.

Treasurer Lawrence and Trustee Baldwin were named to attend a meeting for the purpose of considering the operation of the new district court with representatives of the other communities in the court district.

The board took no action on a county request for support from the board on a renewal of one mill for county operations. The measure will appear on the August 6 ballot.

Because the August primary election falls on the first Tuesday of the month, Clerk Hammond noted that the next regular meeting of the township board would be held on Wednesday, August 7.

ROTARY INSTALLATION-Newly elected officers of the Northville Rotary Club were installed Tuesday-and serving as the installing officer was the club's most distinguished member, Past District Governor Russell Amerman who hands the club's gavel of authority to the new president, Herman Moehlman. Other officers and directors are (1 to r) Robert Webber, director; Robert Geake, secretary; Jack Hathaway, director and immediate past president; Kenneth Rathert, director; and Raymond Spear, first vice-president. Missing are Al Laux, second vice-president, and N. C. Schrader,

In Knothole Hardball

Yankees, Giants Tied for First

In one of the finest pitching displays in early-season competition, Jim Curl of the Yanks and Ed Pawlowski of the Astros both excelled, with a three-run homer in the last inning giving the Yankees a 4-2 victory.

The Astros were leading 2-1 when Jim Curl smashed the homer. He and Dennis Clarke both had a pair of hits. In other knothole hardball action:

Spagy Giants blanked Del's Shoc Twins, 15-0. The Giants picked up 16 walks and several timely hits to chalk up the victory in the opening game of

Walks and a big blow by Kevin Herter, a pitcher, was the big story of the Asher Pure Angels' 20-8 triumph over the Casterline Indians. Five Indian pitchers could not find the plate as the Angels scored in every inning. Todd Owens and Steve Kleckner each scored three times.

With the score tied 2-2 going into the seventh inning, Dennis Weatherford, Ed Hosbach and David Mayer singled consecutively to give the Giants a 5-3 win over the Northville

Record Dodgers. Rick Norton scored two runs and picked up two hits as he tried hard to give the Dodgers the

In a rain-shortened game, the Angels walked over the Dodgers, 15-1.

The Yankees won again on the arm of Jim Curl and the hitting of Mark VanDrie who drove a ball to the fence with the bases loaded, scoring three runs. The Giants took it on the chin, 13-3. Robbie Clarke had a long single later that also scored three runs.

The hapless Twins, who have yet to score, continued to be plagued by walks as the Astros picked up a 12-0

VFW Giants kept pace with the Yankees by chalking up a 6-1 win over the Angels behind the strong pitching of little Norm Boerger. Dennis Weatherford delivered a bases loaded single to give the Giants all the runs they needed. Boerger allowed only one hit-a long double by Kevin Herter.

A late rally by the Dodgers fell short as the Indians edged 'em, 6-5. The Indians picked up five runs in the third, most of which resulted from a triple off the bat of Kevin O'Brien and a double by Rod Baird.

Rams Lead in Softball

A double by Jeff Norton, a triple by Leslie Elody and two hits by Brian Vradenburg gave Pitcher Greg Suckow the support he needed-after allowing three early runs-to pick up an opening, 10-4 victory for the Colts over the Cubs in the Knothole Softball

The Tigers nipped the Panthers, 3-2, as Doug Marzoni hurled and batted the Tigers to victory. He picked up two hits and batted in all the runs.

A big six-run inning for the Cougars on walks was the story of the Cougars' 10-6 triumph over the Pumas. Dennis Singleton pitched well and Andy Gellner looked good at first.

Although the Pumas outhit the Lions, they could not push across enough runs and thus lost, 4-3. The Lions scored all their runs in the first inning on walks and errors.

In the best game of the still infant season, the Rams blanked the Cougars, 2-0. David Heckerl set the Cougars down for seven innings, facing only 31 batters and allowing one hit-a single by losing hurler Dennis Singleton, who also pitched excellent ball. Don Dales scored both Ram runs and Paul Knapp

drove them both in. Each had two hits. Jim Wright was no less than sensational at second base for the Cougars.

Walks! That was the name of the game as the Tigers swept past the Cubs, 15-1. Bruce Eaker picked up two hits and Tim Goss blasted a grand-slam home run for the victors.'

The Panthers collected five consecutive singles in the final frame to edge the Colts, 4-3. The Colts had jumped off to an early lead on hits by Leslie Elody and Jeff Norton. Tom Loeffler led off the five-hit barrage and scored two runs. Raymond Allen drove in the winning run.

A three-run first inning by the Rams, sparked by hits off the bats of Kurt Mach and David Heckerl, gave them a 4-2 win over the fighting Pumas. Actually, the Pumas hit the ball better than the winners.

A bases loaded triple by Peter Wright was the big blow in the Cougars' 14-3 win over the lions. Bruce Ely, Scott Spear and Jim Wright all scored three times. Duane Reeves had two hits for the losers.

The Colts managed to pick up only two hits as the Cougars swept to a 15-0 victory. Captain John Pawlowski had three hits and Jim and Peter Wright both had two and each scored three times. Pitcher Dennis Singleton did not even allow a Colt threat.

The Rams blanked the Panthers, 13-0. The Panthers just couldn't penetrate the strong defense of the Rams, who have given up only two runs in three games. Dave Heckerl fired a fine game for the winners and came up with three hits to boot. Don Dales, Kurt Stevens, Paul Knapp and Jack Lancaster each had two hits.

Finally, the Cubs defeated the Pumas via the forfeit route.

Tune Up Turtles!

Tune up those turtles, kids, the big race is just a few days away!

That's the word from the Northville Recreation Department which is making preparations for the annual event slated for next Tuesday

beginning at 10 a.m. Last Saturday recreation department personnel caught some 20 turtles for those youngsters who may not have their own. They'll be given away at the Scout-Recreation Building on Friday and Monday, from 8 a.m. to noon.

It's first come, first serve. Judging will be for the largest, smallest, best decorated and most originally decorated turtle beginning at 9:30 a.m. in the rear of the Scout-Recreation Building.

DEALER NIGHTS AT DOWNS-July 4, 5 and 6 were Northville "automobile dealer nights" at Northville Downs. Each of the local dealers presented awards to the winners of feature races of the evening. In the top picture Ford Dealer John Mach is shown with Downs Executive Manager John Carlo and Don Hall, who drove "Hakaking" to victory. In the middle picture Craig Rathburn of Rathburn Chevrolet Sales presents the winner's trophy to Clarence Ayotte and "Little Dominion" as Carlo looks on. On Dodge night, July 6 G. E. Miller Sales and Service was represented by Mr. and Mrs. George Miller, Mr. and Mrs. Glen Schrock and and Mr. and Mrs. Mickey Flanigan. That's Jim Merriman with "Philip Brian" receiving the award as Carlo looks on.

Junior Riders Lead Field

Crowds flocked to the fence Saturday night to watch two thirteen-year-old's lead the horses to the post at the Northville Downs.

The youngsters were David Earehart and Melanie Cole riding their horses Pebbles and Punctuality. Both junior members of the Justin Morgan Horse Association which sponsored the eighth race of the evening.

Saturday 75 members of the association met at the home of Mr. and Mrs. Robert Cole of 356 Fairbrook for a potluck dinner. They then adjourned to the races where the two young people led the horses to the post for the seventh and eighth race, Royal Allen, winner of the eighth, was presented a blanket by the board of directors.

Northville Takes Third In Tourney

Two victories in three games isn't a bad record on anybody's diamond. And in this case it meant a third place consolation trophy for Northville's 'Connie Mack baseball team.

Northville took third in a mid-season tournament at Livonia over the Fourth of July weekend.

In the opener, the local squad edged Phillipi Service, 4 to 3, with Fred Holdsworth on the mound. Later the same day they lost out to Bryant Walker, 4-2, in the sudden-death tourney and dropped to the consolation bracket. Jeff Taylor was the hurler for the local nine.

Then on the following day, July 7, Northyille came back to edge Earl Morrall Sporting Goods, 4-3, with Bill

Skelly on the mound. Northville, which includes many of the varsity high school players, competes in both the Connie Mack and the Free Press Leagues.

Stretches Lead at Novi

Party Store Notches Three Wins

With three more victories under their belts, Novi Party Store moved into a more comfortable lead in the Red Division of the Novi Little League with a record of 13 wins against four

Meanwhile, the Rexall Rangers continued to enjoy a big lead in the Blue Division with 14 wins against only one defeat-thanks to a six run, one hit victory over second-place Michigan

On July 1, with Chuck Foley on the mound, Party Store blasted Paragon Bridge & Steel, 18-4. Party Store picked up a dozen hits enroute to the victory, while holding Paragon to just

Mike Alexander, Larry Taylor, Ron Buck and Mike Collins each doubled and singled for the victors. Mark Schoof doubled and Stephen

Wrathell pounded out three singles for Paragon.

Two days later, Jerry Fulcher fired a one-hitter as Party Store downed Wroten Brothers, 10-2.

Party Store picked up just four hits, however, including a single and a double off the bat of Larry Taylor, a double by Ron Buck and a single by Courtney Lyttle. Craig Love picked up Wroten Brothers' lone hit, a single.

An over the fence homer together with a double-both off the bat of Ron Buck was the batting highlight of Party Store's 6-2 'victory over Michigan Tractor on July 6. Larry Taylor was the winning hurler.

Party Store collected six hits enroute to the triumph, while second-place Michigan Tractor came up with four. In addition to Buck's stellar performance at the plate, Mike Collins collected two singles and Bob Pierce and Taylor singled. Two singles came off the bat of Michigan Tractor's Roger Provo as well, and Dan Assemany and Tom O'Brien also singled for the losers.

In other action last week, Carls X-Way Shell defeated Mobarak Jayhawks, 7-3, and Michigan Tractor,

In the first contest, Pete Anderson gave up five hits while John Anderson doubled and singled to give Carls the triumph. Singles also were turned in by Mark Goers, Kevin Tobel, Jim Campbell and Greg Ary.

Chris Polack doubled for Mobarak, while Ron Frisbie and Glen Garner each collected a pair of singles.

Pete Anderson was again the winning hurler over Michigan Tractor. This time Anderson, Kevin Tobel and Greg Ary each doubled, while Mark

Goers collected three singles and John Anderson, two. Roger Provo came up with three singles for Miclugan Tractor, and Tim Assemany and Dan Clark

picked up a single each. Tim Assemany's triple was the lone hit for Michigan Tractor in its loss to Rexall Rangers, 6-1. Dave Brown

was the winning pitcher. Eric Hansor doubled and tripled, Joe Green tripled and singled for Rexall. Singles also were added by Terry Butler, Roger and Jeff Pelchot.

Craig Love was the winning pitcher for Wroten Brothers' 7-6 victory over B-V Earthmovers on July 2. Big hits for the winners were turned in by Tom Tyler, who doubled, and Rick Gault. who tripled. Love and Chuck Mannila also singled for Wroten. B-V's Mike Roscoe and Mark Adams each singled to account for their team's two hits.

Driver's Only 19, But Tough

Joe Owen is only 19, still in vet school, but he's getting his share of thrills training and driving standardbreds at Northville Downs.

Joe is the son of Russell Owen, of Sherwood, Michigan, a small village just south of Battle Creek. His dad has been in the harness business most of his life.

Joe hasn't won in half a dozen starts this season but he isn't discouraged.

"I remember last season I got off to a terrible start," the youngster said. "I lost my first 18 races but came back to win 35 dashes before the year was

Owen's pride and joy this year is Clem's Choice, the 13-year-old trotter who has lifetime earnings of \$62,000. "If I can keep him sound and flat we'll win a few this summer," Owen said.

Owen is driving for Norm Smith of East Lansing who has four head in training at Mason.

'OUT OF' THE FEEDBAG: Jim Knapp, 22, was a new name on the program the other night..."I'm from Canada," he said with a smile. "I've been with Ted Taylor as second trainer for less than a month. After failing to win with four of his horses tonight I hope he doesn't fire me."...Where was Taylor?...Ted was in Cleveland for a stake race.

"When are you going to finally drive?" someone asked young John Merriman the other night... "Talk to him," John said with a wave of the hand toward his dad Jim, Sr..."He's the boss!" The elder Merriman just turned away with a smile.

Rotary, Chamber

Two more "special nights" will be held this week at Northville Downs for local organizations.

Nights at Downs

Friday evening the Northville Rotary club will be honored with a special race and its members will be the guests of the track.

Saturday will be Northville Community Chamber of Commerce night at the track.

On both evenings officials of the two local organizations will present blankets to the winner of the feature race of the evening.

Area Morgan Horse Owners Eye Big Weekend Show

Twenty-one area Morgan horse fanciers will be exhibiting their stock at the 16th Annual All-Morgan Horse show at the Michigan State Fair Coliseum in Detroit Saturday and Sunday, July 13 and 14.

South Lyon's mayor, John E. Noel and Detroit's Mayor Jerome Cavanaugh have designated the week of July 14-20 as "Justin Morgan Horse Week".

South Lyonites showing their horses will be. David and Barbara Batton; Walter Kane and daughter, Maria; Martha Kreeger; Razz La Rose; Virgil Moore; Nancy Patterson; Amos Stackhouse, and Judy Verbos. From Northville, entries will be. Melanie Cole, the Ed Earehart family, Lois Godfrey, Fred Hembry, Ray Mudge, and Cameron Buchannon.

Others from this area are Basil Hiner, Marguerite Little, and Milo Measel, all of Novi; and Dean and Sally Kapp of Whitmore Lake.

Show times are Saturday 9 a.m., in hand classes; 1:30 p.m. and 7:30 p.m., performance classes, Sunday 9 m., in hand classes and 1:30 p.m., performance classes.

This spectacular show with 78 different classes will feature such memorable highlights as the Cavalcade Americana, history relived, a Cutting Exhibition, a true demonstration of cow savvy, and the great Morgan Versatility Class in which this breed of horse shows his strength and stamina.

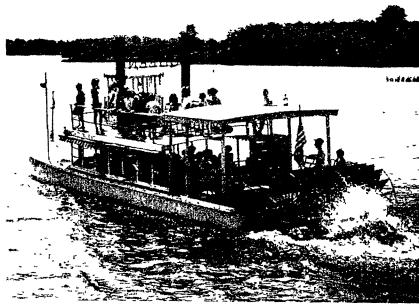

The Morgan horse is the oldest of the American breeds and was developed quite unwittingly in New England by a Vermont schoolteacher-farmer, Justin Morgan. In 1795 he brought back from

Impala Custom Coupe

Massachusetts in part payment of a debt, a two-year old bay colt, who became known as "the Justin Morgan horse", the only horse to found a breed which bears his name.

First appreciated as trotting

horses, the Morgans were mostly used for general light utility work until recent years when the emphasis has been placed on the saddle and show type, with a more refined head and

ISLAND QUEEN-One of the most popular attractions at Kensington Metropolitan Park is the ISLAND QUEEN, a paddle-wheel excurison boat which makes 45-minute trips from noon through 6 p.m. Wednesday through Sunday, during the summer months. More than 275,000 persons have enjoyed the water cruises since the Island Queen began operations at Kensington Park in 1956. The 60-foot stern wheeler, a replica of an old Mississippi Riverboat, weighs 10 tons, has two decks and carries 60 passengers per trip. Over 22 miles of shoreline can be viewed as the boat tours Kent Lake in the 4,300 acre park. Charges are 25 cents for children and 50 cents for adults. For additional information phone Kensington Metropolitan Park-685-1561.

State Survey Reveals

Teenage Motorists Top Novi Injury List

A greater percentage of young drivers between the ages of 14 to 20 are involved in injury accidents here than elsewhere in the state.

That's the word from the Automobile Club of Michigan which recently completed a study of 1967 injury accidents handled by 40 Michigan police agencies—including Novi

Statewide, 28.1-percent of all accidents occurred in this age group, while in Novi nearly 50-percent of all accidents involved young motorists in this age bracket.

Percentage-wise, more female drivers were involved in injury accidents here last year than the state average disclosed. In the state, 73.3 percent of the accidents involved males, while in Novi 66.6 percent involved males.

Recause of the expressway through Novi, the percentage of accidents involving drivers 25 miles or more away from home was greater here than was the case elsewhere in the state. The state average is 7.4-percent, while it is 33.4-percent in the village.

A greater percentage of single car accidents occurred in Novi last year than in the state—42.8-percent versus 55.5-percent.

More accidents were directly related to wet pavement here than in the state, which may be blamed on the fact that the village has a greater percentage of expressway than the state average.

Motorcycle accidents are more prevalent in Novi than in the

Sidewalk Sale Set August 3

With the annual sidewalk sales project just a few weeks away, reservations for exhibit and display spaces were begun this week by the Northville Retail Association. The sale's slated for Saturday, August 3.

The day-long activity, which annually draws throngs of people to the downtown area, is this year under the direction of Charles Parton.

Persons wishing to reserve space are urged to contact Parton at 349-3677.

Meanwhile, preliminary planning is underway by Northville retailers who expect to spotlight hundreds of outstanding values. Most merchants use the sidewalk sale to clear their shelves of summer merchandise to prepare for the fall season.

Fingerprints Lone Clue in Burglary

With a set of fingerprints as their only clue, Novi policemen are investigating a burglary last week of a Nine Mile Road home.

While the William Pintal family, 47707 Nine Mile Road, was away on vacation, someone broke into their home and stole more than \$300 worth of jewelry, a Winchester rifle and a box of shells.

state—3.9-percent to 7-percent. Also, more of the injuries are passengers here than in the state.

Fewer accidents — percentage-wise — involve alcohol was present in 286.8 - percent of the Novi accidents, whereas 65.9-percent of the state-wide accidents did not involve alcohol.

Novi involved motorists who were enroute home -60-percent, and 73.6-percent of them were reported to be "on time" and not especially in a hurry to reach their homes. Only 34.6-percent of the state average involved motorists enroute home, with 57.3-percent reported "on time."

Interestingly, 19-percent of the injury or fatal accidents here involved motorists or passengers who wear seat belts, while the state average is 10.4 percent. Furthermore, a greater percentage of cars involved in accidents in Novi have seat belts available than is true elsewhere in the state.

Obituaries

RICHARD KRIDER

A former resident of Northville, Richard Krider 19, died suddenly on Friday, June 28, at his home in Warren, New Jersey. He had been ill for the last five years with an acute case of Hotchkins disease.

Born in 1949, he was the son of Mr. and Mrs. John F. Krider of Warren, New Jersery. He is survived by an older brother, Scott, and a younger sister, Kathy.

Residents of Northville until 1964, the Kriders left Northville to enter Richard for treatment in the Sloan Institute in New York. He graduated from high school there and had enrolled in drafting school.

While living in Northville, Richard attended Northville High School and was a member of the First Presbyterian Church. During the summer he was employed by the Northville Swim

Funeral services and burial were conducted at the family home in Warren.

KENNETH COE

Kenneth V. Coe, 52 of 51105 West Seven Mile Road died July 2 at Providence Hospital.

Born March 3, 1916 at Salem, he was the son of Lewis M. and Beatrice Coe. A life-long resident of the area, he was a tool and die maker, working for Triple Seal Company in Farmington.

Mr. Coe was a member of Northville Lodge No. 186 F&AM and of the Lloyd H. Green Post 147, American Legion.

Survivors include his parents of Northville; two sisters, Mrs. Lenne Eggloff of Plymouth and Mrs. Maxine LaRue of Northville; and two brothers, William and Max, both of Northville.

Funeral services were conducted July 5 from Casterline Funeral Home, with the Rev. Timothy Johnson of the First Presbyterian Church of Northville officiating

Burial was in the Walled Lake

Cemetery.

County Services Hang on Renewal Of One-Mill Levy Says J. L. Canfield

Wayne County voters will be asked to renew a one-mill property levy for another five years at the August 6 primary election, according to John L. Canfield, chairman of the board of supervisors.

Without renewal, the chairman declared, all county government agencies, including the Wayne County Child Development Center, will be forced to close or their services will be "drastically cut."

The extra mill levy was first approved by the voters in 1964 for a five year period. Renewal would mean the millage would continue through 1974.

"Proposition No. 1 (the millage proposal)," explained Canfield, "would merely continue a modest amount which the majority of Wayne County voters in 1964 judged to be necessary to adequately finance vital public services.

"The one mill (\$1 per \$1,000 of equalized property valuation) means only about 50 cents a month to the average homeowner. But it produces more than \$9 million annually to meet pressing human needs."

According to Canfield, approval of the proposition is "essential" to maintain adequate public services for Wayne County's 2.7 million citizens in the fields of juvenile delinquency, hospital care, public health, child care, mental health, law enforcement, justice, education, libraries and parks.

Rising cost of goods and services, he said, coupled with tremendous population growth, has forced Wayne County government to reduce programs to the point where further cutbacks would imperil the health and safety of all citizens.

"In 1964, the lack of funds," he said, "forced closing of a 60-bed ward at Wayne County General Hospital, which annually serves more than

100,000 patients from every community, including Detroit. This could happen again. The average psychiatric patient stay at the hospital has been reduced to 44 days in recent years. This mark will be impossible to maintain if funds dwindle."

Despite rising traffic death tolls, the Sheriff's Road Patrol, he continued, "has discontinued adult traffic safety classes due to the shortage of deputies, and has only two traffic safety cars patrolling 280 square miles where there should be at least eight patrol cars. The Prosecuting Attorney, with little additional staff in recent years, is trying to cope with an 80-percent increase in felony warrants in Circuit Court and a 60-percent increase in Detroit Recorder's Court."

Futhermore, he declared, "failure of County Proposition, No. 1 could close the Wayne County Child Development Center, depriving many

mentally retarded children of the chance to become productive members of the community. The Foster Home program—the only chance for a normal home life for thousands of neglected children and orphans—would face curtailment."

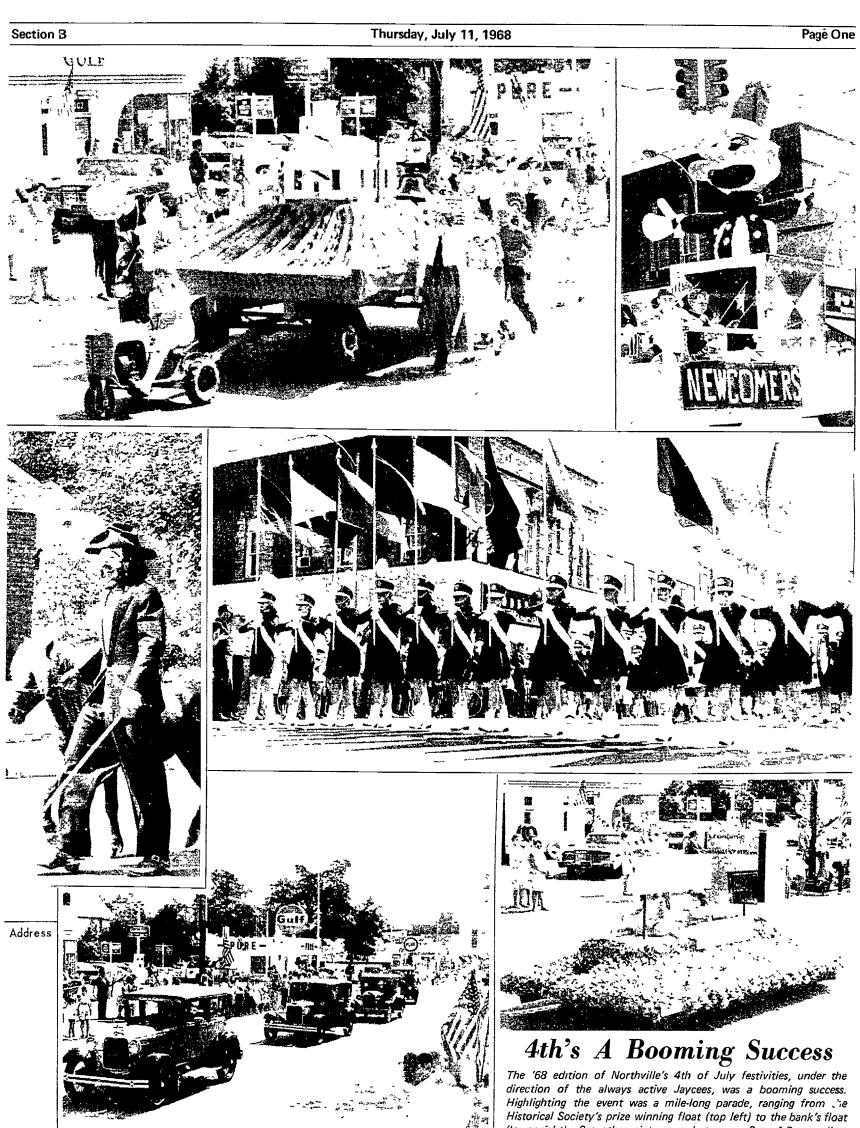

Likewise, library service would be trimmed, including those services for the blind and for patients at Wayne County General, Herman Kiefer and Maybury Hospitals, he said.

"Your Wayne County officials continue to work diligently to achieve long-term solutions to the county's financial problems—problems which stem from unrealistic, state-imposed dependence on the property tax, and from the state's failure to meet its full responsibilities to the people of Wayne County. There has been some improvement in this area. But the gains have been more than offset by increasing costs," he concluded.

Pastor's Study

from the

Rev. S. D. Kinde First Methodist Church of Northville

EDITOR'S NOTE-Following is the final Pastor's Study column written by the Reverend S. D. Kinde, who has moved to Clio to become pastor of the Methodist Church there. Rev. Kinde has been replaced here by the Reverend Gunther C. Brandstner.

The last paragraph of the 13th Chapter of First Corinthians begins with these words, "Love never ends." The closing thought is beautifully expressed; "So faith,

hope, love abide, these three; but the greatest of these is love."

A young student boarded with a New England couple in a small Cape Cod village. He observed that this husband and wife were very inarticulateseldom expressing their thoughts and emotions to one another. It was suspected however that they deeply loved and respected each other.

One Saturday morning the woman died and friends came to console the old New England sea captain in his loss. They sat with him for hours mentioning the womans fine points. That she was an excellent cook with the ability to make the best in Boston Baked beans.

They pointed to her kindness-how that she had always gone to her neighbors to encourage them in their times of trouble and distress. They pointed to her neatness, cleanliness, and stately beauty. The pastor was there and expressed her good character, her unbending faith, her loyalty to God and the Church. To all of these the sorrowing husband nodded his head indicating his agreement with all of these statements about his wife.

Finally the old captain looked at the minister and admitted that he had a deep love for his wife and made this statement. "I loved her so much that at certain times I come mighty near tellin' her about

That may sound a bit strange to some of us until we recall that on occasion we too have made the tragic mistake of not expressing some kindly impulse in saying a good word to someone; to tell some one close to us of our love; to write a friendly letter when we felt that someone deserved it. We are all guilty of not expressing our best thoughts and emotions-often because we agree to wait for a more opportune time-We stiffle our deeds by good intentions-never carried out. In the Christian religion we take note of the fact that in the darkest era of human history-God expressed his great love toward man. We might have delayed this act

through good intention but we read in His word, God so loved the world that he gave his only begotten Son, that whosoever believeth on Him, should not perish but have everlasting life.

In the Roman Empire that boasted of its progress-leaders thought their Civilization had everything-riches, wine, business, slaves, luxuries—but there was no faith, no hope, no love-then Jesus came-bringing with him hope, faith and love.

These are the things which must infilter our hearts and lives today and the greatest of these is love. When all else fails; when all else shall pass away-love remains and those who love abide forever, for in loving they become loving; and loving character is the need of the hour.

Let's not be like the Old sea Captain who said, "I loved her so much that at certain times I come in mighty near tellin' her about it."-but let us put love, into action today just as God did when he gave his Son-

I recall Major Geo. Williams of the Salvation Army saying "One small act is worth a thousand good intentions." Let each of us put love into acts today. Whittier said-

"O brother man, fold to thy heart thy brother. Where pity dwells the peace of God is there-To worship rightly is to love each other, each smile a hymn, each kindly deed a prayer-Follow with reverent steps the great example of Him whose holy work was doing good. So shall the wide earth seem our Father's temple, each loving life a psalm of gratitude."

Municipal Court

Two persons were arraigned in municipal court last week on charges of traffic violations.

Harold Lee Noggle of Pontiac was charged with failure to yield to oncoming traffic thus causing a property damage accident. Noggle pleaded guilty and was fined \$15 or three days.

Oscar Joseph Barnes Jr. of Detroit was charged with driving with an expired chauffers license along east bound Eight Mile at North Center. He pleaded guilty and was fined \$5. He also was charged with having improper license plates, pleaded guilty, and was fined \$15.

Ten more persons were arraigned with the usual charges of disorder and alcohol misuse-several on or near Northville Downs property.

Jackie Lee Elwell of Ypsilantı was arrested on July 4 and charged with being drunk and disorderly. He pleaded guilty and was sentenced to \$40 and \$4

Kenneth Higgens of Detroit pleaded guilty to being drunk and disorderly, was fined \$20 and \$22 in costs or eight days. John Megas of Lincoln Park also

was charged with being drunk and disorderly, pleaded guilty and was sentenced to \$20 and \$22 in costs or eight days.

A charge of being disorderly and fighting was made out to Donald Gay of Ann Arbor. Accused of fighting in a parking lot at 120 Fairbrook, he pleaded guilty and was sentenced to \$40 and \$4 cost or eight days.

From Grosse Pointe Woods, Alvin Breecher was charged with being drunk and disorderly. He pleaded guilty, a fine was suspended, but he was sentenced to \$40 in costs or eight days.

Kenneth Schaufele of Plymouth was charged with being drunk and disorderly at Main Street and Center. He entered a plea of guilty and a fine was suspended, but he was sentenced with costs of \$30 or six days.

Another charge of being drunk and disorderly on Main Street and Center was made out for Edward Hillaker of Livonia. He too pleaded guilty, had his fine suspended, and was faced with \$30 costs or six days.

A plea of innocent was entered by Dennis James Foltyn when charged with drunken driving along Eight Mile at Center. He changed his plea to guilty on the added count of driving while ability was impaired and was fined \$100 or 20 days. At the same time Foltyn was charged with being a minor in possession of alcohol. He again pleaded guilty and was fined \$20 plus \$7 cost or five days.

Finally a groom at the Downs stables, Howard West of Georgia, was charged with being drunk and disorderly at the corner of Cady and Church Street. He was arraigned July 5, pleaded guilty, and sentenced to \$40 and \$4 cost or seven days. He chose the jail sentence and was committed to the Detroit House of Correction.

Huge Crowd Sees Parade

2. Estimates of the crowds ranged widely from 1,000 to 5,000-but one thing's certain. one of the largest crowds in history turned out to watch the Jaycees annual Fourth of July parade along downtown Northville streets.

The parade itself was nearly a mile long, including horses, floats, bands, kids, bikes, clowns, marching units, and even a flower-munching goat.

Following the parade, adults and children gathered in the city hall park where Jaycees served up their usually delicious chicken barbecue dinners-a growing tradition of the Fourth festivities here.

Only marring event of the entire day-long festivities occured in the evening during the fireworks display at the high school. With a huge crowd sitting and standing in the fields, yards, streets and parking lots in the area, two misfiring crackers streaked into

the air and then fell to the ground and exploded within a few yards of spectators. One dropped on the Eight

Mile Road overpass, where just minutes before, children had been walking. Fortunately, neither exploding cracker caused any injuries.

Three judges viewed the parade from in front of the city hall and picked six winners. First prize-a trophy-for floats went to the Northville Historical Society, which entered a decorated wagon carrying a scale model of the Northville Township Hall. Children dressed in the costumes of eras represented by the nearly 125-year-old building walked along side the float. Purpose of the float was to attract interest in saving the building for use as, a community museum.

The building replica was built by E. A. Chapman with the assistance of John Burkman and Eural Clark.

Second place in the float category went to the Newcomers Club which entered a giant jack-in-the-box.

First place in the band category went to the Marching Angels of Sarnia, Ontario, second place to the Highlanders of Redford Township. The Melvindale Majorettes

won first place in the marching unit category, and the Allstate Security Agency won first-place for its entry of precision-marching horses.

Judges were the Rev. Timothy Johnson of the First Presbyterian Church, Mrs. Mary Ware, and George Clark.

Human Relations Council Discusses Role of Schools

A lively discussion concerning human relations and the school curriculum headlined a meeting of the Northville Human Relations Council yesterday (Wednesday) at 8 p.m. in the Waterman Center of Schoolciaft

Participating in the discussion, which was open to the public, was Raymond Spear, superintendent of Northville schools.

Efforts are being made to interest more Northville citizens in the activities of the council, with hopes of attracting more participation at its meetings-the last two of which were held at Schoolcraft College.

On the theory there is no better place to study the subject, 16 Schoolcraft College students are touring Western Europe this summer on a seven-week geography field trip course.

Teaching the course and conducting the tour as the group makes its way through a looping route from the Netherlands to England, is Schoolcraft Geography Instructor Ralph E. Miller.

Designated as Geography 280, the course offers six hours of credit toward a degree from the college. Cost to the students includes the regular college tuition fee and transportation and tour expenses.

The group arrived in Amsterdam on June 26 to start, the tour. The itinerary calls for three days in The Netherlands before proceeding to 15 other stop-over bases before the group completes the seven-week tour in London on August 14

, A veteran of conducted instructional tours of foreign lands, Miller has been a member of the Schoolcraft geography department since the fall of 1966.

Enrolled in the class and participating in the tour are: Margaret Hayes and Paul B. Robinson, both of Garden City; Bernard B. J. Lack, Michael A. McNeece, and Sherry Quaries, all of Livonia; Linda Secord and Dorothy Widmaier, both of Northville; Cathy Kimble and Jana Zambaros, both of Plymouth; Hildegarde McCaleb, Farmington; Shirley Byrd, Lynn Fisher, Nicholas Maraska, Sandra Rohn, and William R. Stevens, all of Detroit; and David Hurd, Wyandotte.

Schoolcraft College has received federal grants totaling nearly \$22,000 under separate programs authorized by the Higher Education Act of 1965, Dr Eric J. Bradner, president of the college, has announced.

A grant of \$10,749 was received under provisions of Part A, Title VI, of the Act, and will assist the college in acquiring laboratory and other special equipment and materials for the improvement of instruction.

The grant will be matchedby college funds, making a total of \$21,459 available for the purchase of materials and equipment for instructional use in the specific subject areas of psychology, foreign languages, music sculnture and art education,

A second grant totaling \$11,136, will be used to acquire additional books and materials for the college library. Awarded under provisions of Title II-A of the Higher Education Act, the federal award consists of a \$5,000 Basic Grant, which must be matched by the college from its own funds, and a \$6,136 Supplemental Grant which is an outright award and need not be matched by the college.

Dr. Bradner pointed out that the library grant marked the third consecutive year in which Schoolcraft College has received a Basic Grant under this title of HEA, and the second consecutive year in which the college has received a Supplemental Grant.

CENTENNIAL FARM-The farm owned by Mr. and Mrs. Ross B. Northrop, Jr., 43911 West Six Mile Road, recently was designated a centennial farm by the Michigan Historical Commission. In the possession of the family since 1824, the farm was originally obtained in that year by Joshua Simmons, great-great-great grandfather of Mr. Northrop, through a government grant. A marker saluting the farm was presented to the Northrops

at a luncheon program in Botsford Inn recently by officials of the Detroit Edison Company. At the presentation (1 to r) are Clayton Wight, Edison farm service advisor; G. S. Zilly, Detroit-Wayne Edison division zone manager; W. P. Scott, Northville Edison manager; Mr. and Mrs. Northrop; and Ralph Surrell, marketing promotion manager for the Detroit-Wayne division.

SPEAKING

for The Record

By BILL SLIGER

Northville's city council is to be commended for demonstrating a willingness to assume a .. responsibility that could have ... been sloughed-off,

Specifically, I speak of the council's endorsement of two millage requests—one by the school district for two mills and "' the second by Wayne county for renewal of one mill previously voted but now slated to expire.

One might argue with convincing logic that both issues fall outside the province of city business.

But on the other hand, where would one find a higher authority on matters of government financing than those officials elected to the job by the

It is, I believe, the responsibility of local elected officials to make themselves informed on all public issues within their community and to pass along their best advice to the people who elected them to office.

Probably the most difficult of all assignments is the endorsement of any proposal that would require more tax support from the public-particularly when it is the same pocketbook that must support city, as well as county and school programs.

But, would the elected, official be performing in a fully responsible manner if he passively permitted the services that depend upon necessary tax support to be curtailed?

In effect, the city council has informed its constituents that the county needs renewal of its one mill if even minimal services are to be continued in the fields of law enforcement, libraries, child care, parks, etc.

The council also believes that the school district needs an additional two mills to provide the level of educational service that city residents should expect

in their schools. Therefore, the council has endorsed the requests and called upon city voters to support the

millage bids. In contrast the township board "received and filed" without comment an appeal from Wayne county for local support for the one mill renewal. And it has never discussed the school millage proposal.

The latter is understandable. An endorsement was not sought. But the inaction on the county

proposal smacks of timidity that borders on failure to perform a

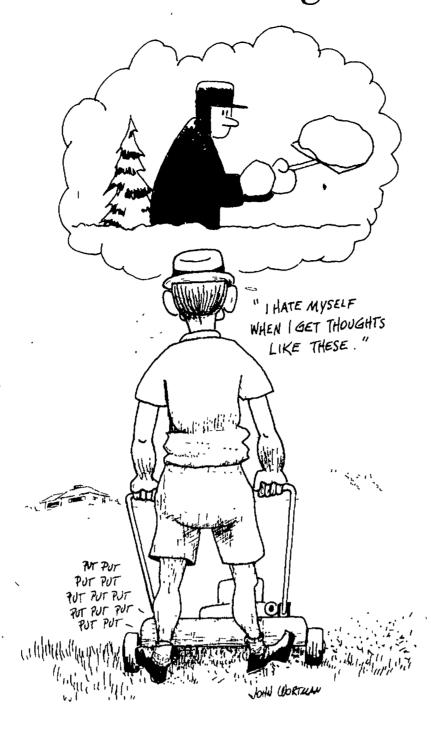

To a far greater degree than the city the township is dependent upon county services. Its citizens must look to the county for nearly all public. services, including police protection, street grading, dust control, etc.

The board's failure to take any action on the request for support would lead one to believe that board members oppose the one mill renewal. If this is so, they owe it to their constituents to tell them to vote "no", and to advise them of their reasons.

Personally, I endorse the one mill renewal because I believe it is acutely needed and without it the level of service that already stands criticized will be even more sharply reduced.

Further, I believe it is proper expect the township supervisor, who represents our township on the county board of supervisors, and his board of trustees to speak up on this important county issue.

Lest We Forget

It was the first transplant on TV, but the patient isn't expected to survive. With luck, the patient will die before the summer's out and the public will be spared the anguish of a prolonged experimental stage.

Actually, it was James Bond who was transplanted. Now he's traveling under the pseudonym of Lassiter, and posing as a writer for a well-known national magazine. His mission: "I write for a magazine...about places where there's trouble..and how trouble looks from the inside."

Somebody was bound to do it-but a James Bond-type figure behind a typewriter, capitalize on the glamorous life of a writer. And it was Richard Alan Simmons who had the meagre imagination, and the guts, to create "Lassiter" for CBS.

It premiered Monday night at 10 p.m. For one long hour I watched Burt Reynolds as Lassiter go through the motions. And I couldn't help wondering-just where did I go wrong that I should not have heard of such a job.

There's nothing but glamor attached to it. Could be that I don't fulfill the requirements; tall, dark and handsome, natty dresser, flippant, worldly wise. All of the things Hollywood would prescribe for a successful writer.

But whereas Lassiter is nothing but muscle and gumption, the script was as weak as a skinny-kneed addict, anemic and hardly sturdy enough to stand the rigors of reality, or the illusion of it.

We pick up Lassiter as he's about to debark from a bus in a little southwestern town called, "Grand Lake," and dubbed "America's Heartland." A:op eyes Lassiter carefully when he gets off the bus and asks him his name. Lassiter replies, "Eddie Clark," and immediately we assume our hero is working undercover or just being

He's working undercover to get the inside story in a wrongway town, with officials, from the dealer at a local casino to the governor's mansion, getting a payoff from illegal gambling operations.

The police are involved in the operation; led by Lieutenant Dave Brandon. But there's bound to be an honest guy somewhere in Grand Lake willing to stand up to the organization. The DA, an only old acquaintance of know-everybody Lassiter, is our man, lacking only a little support.

To make a long story short, a long tedious story, Lassiter breaks the ring, justice prevails in "America's Heartland" and all's right with the world.

Lassiter, of course, gets his inside story. The transplant is completed. We're wearied by ennui, but wishing writing would be so glamorous.

Readers Speak

Zero In on Schools, 4th of July Parade

To The Editor:

I have been of the opinion that civic responsibility, obviously a factor important to the well-being of any community, ought to remain a personal matter. I am thoroughly disgusted, therefore, to read that the superintendent of schools has asserted his authority to the extent that he has studied the voting register to ascertain the number of those Northville school employees who neglected or were unable to vote in the recent millage election, and further to publicly slap their hands for not doing so.

One's profession does no him to exercise his privilege to vote; nor should it be used to coerce him to cast his ballot-either in favor of or to defeat an issue. With such confusion of personal and professional responsibilities we most definitely infringe upon rights of personal choice, and we further alienate persons whose support is vital.

Yours very truly, Mrs. Richard Ruiter

To the Editor:

In the last few weeks, several letters have appeared in the Northville Record trying to persuade us to vote an additional 2 mills increase in our real estate taxes for operational expenditures in the schools.

Parkinson's Law states simply that if a qualified person exists, a position will be created. Once a position has been created and occupied, the position becomes "essential". Parkinson's Law not only pertains to bureaucracy but also to the expenditure of tax money. If funds are available the money will be spent. The recent property reassessment greatly increased school revenue above any loss in state equalized valuation just last year. On occasion, every administration should be forced to practice frugality.

As a result of the property ssessment, more tax money has been automatically taken for the school system without a general vote. The school board informs us that we are fortunate because the new tax assessment leaves the school system only 2 mills "short". Inflationary cost, about 6 percent per year, has been adequately covered by the revised tax assessment, of almost 20 percent. The addition of new family dwellings adds real estate tax money as well as more children.

Any tax increase would be well received if the increased money went to improve the quality of our children's education in the form of paying competitive salaries to well qualified teachers even to the doctorate level.

Continued tax increases to feed an

over-grown and ever growing administrative bureaucracy and to finance building of exotic schools, instead of simple practical educational structures, with only the tax residue going to teacher salaries, should be met with considerable restraint.

If the school board insists on additional funds, consideration should be given to finding new sources of revenue besides the property tax.

It is futile to ask, if the millage had been passed by 14 votes, with only 20 percent of the registered voters actually voting, would a new election be deemed necessary? Apparently a referendum is needed when the decision of the electorate is not compatable with the desires of the administration. The referendum would limit the time period before new millage can again be requested. During the vacation period the school board has the opportunity for special interest groups to tip the balance in favor of the millage.

Ronald G. Hicks

To the Editor:

Congratulations and thank you to the Northville Jaycees for an extremely enjoyable and impressive Fourth of July program.

I can certainly appreciate the

amount of work involved for such a small group of people.

Glen C. Long 411 E. Baseline Road

I was most interested in the article on the college-bound high school graduates which appeared in the July 3rd issue.

Of the 176 college-bound graduates, 49, or about 28 percent, indicated they will attend Schoolcraft College in the fall. This was by far the largest single group of students headed for any of the 45 separate institutions, or groups of institutions, named in the article.

Thus the impact of Schoolcraft College on the community of Northville is quickly apparent. It was for this reason that the citizens of Northville voted to join the college district and why they have continued to support the college.

We expect enrollment in excess of 4,000 when the fall semester opens in late August, which will more than double the enrollment when the college first opened its doors in August, 1964. Sincerely,

Howard Kahn Assistant to the President To the Editor:

As I again think of my vote for the special school millage election on July 19, I cannot decide whether to vote yes or no this time.

I realize the school district needs money and the 2 mills does not amount to that much personal additional tax money. My concern is the unequal and unfair school services offered. Namely, the shuttle bus. Since the junior high opened, a shuttle bus has been provided with Main Street and west of Rogers Street being the boundary. There was no consideration as to distance as some riding the bus to i geographically live closer to the school than some of those not allowed to ride. Girls and boys only eleven years old (ten if born in the fall) have to walk in the dark (7:15 in the winter to get there on time) through the mud and slush of the football field which I feel can be dangerous.

I contacted both Mr. Spear and Mr. Busard but they seem to feel a boundary is a boundary. I feel a service is a service and when it involves all of us paying for it (state aid did not enter into this) we all should be offered the

Perhaps this is one of the reasons some people voted no in the first election.

An Undecided Voter

"Good gracious, woman, it's only a knife," I sputtered.

"That's just it," argued the boys' mother, "not just one knife-but two very sharp ones. Why in the world do they need knives?'

Her question caught me off guard so I tossed out a weak, unpolished answer: "To ward off the wild animals naturally."

It was a blunder.

"What was that! she gasped. "What wild animals? My little boys with wild animals? Not on your life!"

Wait a minute. Pull up your reins. Before you jump to the wrong conclusion, let me say again that I'm not packing them off into the woods alone. I'll be with them and so will the dog.'

"I know, but you and that sissy dog are afraid

of your shadows."

Nothing can hurt a man's masculine pride more than a biting comment about his alleged fears. Particularly, if it's based on half-truths about some forgotten experience. And in this case, there's hardly any foundation for such a charge. Sure, I've been caught wobbly-kneed when lost in Michigan's northern woods at night. But who

· What started as a simple plan to take my sons on a camping trip into the back country of Algonquin Provincial Park in northern Ontario had suddenly become a massive maneuver to convince their mother that it would be a safe, wholesome adventure.

First, it was taking the boys from their snug feminine surroundings. "They'll get homesick and miss their sisters and mother."

Then came objections to our selection of a wilderness camp hundreds of miles from home. "There's nothing wrong with the Proud Lake Recreation Area.'

When we admitted plans to hike beyond the regular campground area, perhaps setting up our tent in a totally primitive spot in the woods she came up with one of those instinctive female arguments: "But there won't be any toilets. Where will they brush their teeth and shower?"

She didn't like the idea of there not being a store around the next tree, "Where will you buy a loaf of bread?"

"Will there be any telephones close by?"

Finally, she came up with the objection about the new knives I bought for the boys.

It was time, I figured, to unloose one of those

stunning, incredulous blows. "Let's get something straight," I said, "there's absolutely nothing to worry about. The park provides emergency air drop service. We won't antagonize the bears or wolves or moose or snakes. We'll use the knives only in self-defense. We won't hike too many miles into the woods. We'll use our compasses in case we get lost. We'll learn to send smoke signals before leaving. The boys will wear

by JACK W. HOFFMAN

life-preservers in case the boat flips over. I'll teach the dog not to chase bears. We won't set up camp, in any flash-flood area. If the tent leaks we'll build ourselves a waterproof lean-to of branches. We'll take along basic staples and supplement it with a main diet of the protein-rich fish we catch. And, of course, I'll write a will before leaving.'

A long silence followed. Then, "You're kidding, aren't you, sweetheart. It isn't that bad of a place, is it?"

"Certainly not," I replied, suggesting that she

pack pillows for us. Later, much later, the boys and I stuffed the knives, life-preservers, snake-bit kit, and first-aid equipment into the bottom of the duffel bag, re-read the exciting park literature about remote, primitive areas filled with wildlife and then shoved the whole works into the trunk of the car.

Pillows, indeed! Even my young sons know a

Great Lakes Offer Rare Opportunities

LANSING-Natural resources in the Great Lakes provides one of the rare opportunities of our time, according to Dr. Wayne H. ample parks and recreational facilities, will build the tourist trade. The introduction of coho salmon to Lake Michigan has already increased lakefront property values some 10 percent, he stated.

"In the future we can expect the catch of large sport fish such as coho and chinook salmon, lake trout and steelhead to reach a few million fish." he predicted, "Many millions of days annually will be spent by people in the pleasant pursuit of these trophy fish. When we sprinkle the effect of this new recreation on our urban population, it predictably will have a measurable influence on the problems that we now face of social unrest and disorder. I

think that this effect will be immeasurably valuable to our society," he concluded.

THE DECLINE of valuable predatory species began with extensive commercial fishing operations in the post-Civil War era, Lake trout, whitefish, blue pike and walleye were sought, and in those days brought a fine market price. Exploitation of natural resources for profit was not confined to the Great Lakes. Destruction of forests, strip mines and other misuse of resources by private enterprise was consistent with the times.

Exploitive commercial fishing leveled off and remained fairly

A Sound Investment in Future

constant until 1940. Sea lamprey then invaded the Great Lakes, almost completely eliminating the few remaining gamefish. Lake Huron today is full of low-value fish. The lake is dominated by the alewife. There are few whitefish, essentially no lake trout and only a remnant of walleyes.

Whenever any fish of high value appears, Dr. Tody stated, commercial net fishermen immediately concentrate on them. The fish harvest is high for a year or two, and then declines to the previous low level.

LIMITS on the catch and supplementing natural spawning with fish raised from hatcheries can restore

the former balance of fish life. Once rehabilitation is complete, the production and yield can equal or excel that of former years.

The 1968 Legislature gave the conservation department various authorities to control and regulate both sport and commercial fishing in the Great Lakes.

Sea Lamprey control has been accomplished, but a continuing program is needed. New hatcheries are needed to artificially produce salmon smolts and other species of predatory fish.

Fish passage around dams and other barriers in rivers and streams must be provided, says Dr. Tody. Cost of this

development is estimated at \$2.5 million over the next 10 years. Because of the growing number of enthusiasts, public access sites, boat launching facilities, marinas, harbors and other developments will be needed. Estimated cost: \$10 million for land, \$80 million for construction.

Financing of such projects is a frajor stumbling block, especially in face of current federal cuts in spending. One solution has been proposed: a \$435 million bonding proposal will be on the November ballot with \$100 million earmarked for recreational facilities and \$335 million for water pollution

VACATIONERS who wish to spend leisure time in Michigan might be sufprised to know they can choose from ' many special events and attractions alfeady planned for summer or early fall. Between June and October, more than 200 celebrations of one sort or another are planned, some for every portion of the state.

Attractions range from the Michigan State Fair in Detroit, through the Ionia County Free Fair (largest of its kind in the world), to the Saginaw Fair and many others.

There are art shows, antique auto shows, coin shows, rodeos, carnivals, showboats, fishing contests, canoe races, saiiboat races.

There was even a mid-summer "Sno Show and Snowmobile Drag Races" scheduled for July 4-5 in East Jordan.

As a result of this dialog, last finally, the deep cleavages stemming month the United Nations General Assembly adopted the U.S.-Soviet draft disparity. treaty for the nonproliferation of nuclear weapons. By a 95-to-4 vote (21 abstentions), the nations agreed to prohibit nuclear powers from distributing nuclear weapons, or

knowledge, to others. They also agreed to bar nonnuclear powers from building atomic weapons. In addition, the treaty provided for a full exchange of information looking toward wider utilization of nuclear energy for peaceful purposes. Of course, the nuclear treaty is not yet operative. It must still be signed and ratified by the U.S., Britain, and

the Soviet Union, as well as by some two-score nonnuclear countries. But it represents a step toward peace and good will which probably could not have been taken if there had been no UN to sponsor and encourage the necessary dialog.

There are many obstacles to peace: The conflicting aspirations of more than a hundred nations; the ancient rivalries between countries within a given region; the differing approaches of the haves and have-nots to the agricultural, economic, and social problems that confront them; and,

from racial, cultural, and language

But there are plus factors too, not the least of which is the universal yearning for peace. The UN has not found the key to peace in the Middle East. Indeed it cannot fully enforce the cease-fire it ordered. It has not resolved the Korean impasse. Nor have the parties to the Vietnam conflict permitted it to come to grips with the situation there.

However, the UN is still a force for peace and progress in today's world. So long as there is a General Assembly and a Security Council there is reason for optimism. Also there are many good things which the UN is doing upon which practically all nations are in basic agreement. These include the championship of human rights; the conquest of disease; the exchange of information on food and agriculture: the promotion of educational, scientific, and cultural goals; the fostering of tariff and trade

agreements; the encouragement of monetary stability; and closer international co-operation in the fields of aviation, postal, and telecommunication services. Many critics of the UN complain

that it costs too much and isn't worth it. They say, too, that the UN provides-at our expense-a place where conspiracy, petty intrigue, and propaganda flourish. The truth is that the basic UN budget is less than \$150 million a year-actually a trifling sum when compared with the U.S. outgo. for Vietnam alone. Of course, we also spend several million dollars in contributions to UN-related agencies, such as UNESCO, UNICEF, GATT, the World Bank, and the International Monetary Fund.

By and large, it is a sound investment in the future of the world and in our own future, paying rich returns in dollars and otherwise. Peace still eludes us; but we cannot afford to abandon our search for it.

Michigan School Districts

OK Record Number of Millage Issues

Michigan school districts passed a record number of renewals and increases in taxation rates for operation, President Frank Heselton of the Michigan Association of School Boards revealed this week.

The highest millage passed, reported to the state office, was at Bessemer for 35 mills. The largest number of millages were passed for \$1

to \$1.99 per \$1,000 of valuation and the next largest for \$5 to \$5.99 per

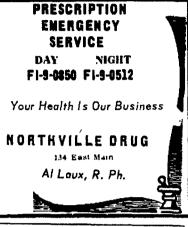

Meanwhile, the Michigan Education Association revealed that the number of teacher contract settlements this year seem to be running a little ahead of last year. Two-hundred and eleven MEA untis have now reported agreements reached in their districts. Approximately the same number of agreements was reported on August 1, 1967.

According to the MEA, approximately 60 of the more than 300 unsettled school districts are using the services of the State Labor Mediation Board. In a few districts-including Northville-negotiations have been suspended and will resume in August.

In its own report on millage issues, the MEA said that 277 of the 300 millage issues on June 10 were approved, 83 turned down.

"There is much concern by all parties over proposed "cut programs" as a result of some of the millage failures," reported the MEA. "Elections will be held again this summer and early fall in some of the

As of June 27, the only districts reporting teacher contract settlements in this area are Novi, Waterford and Bloomfield Hills.

Avery Assemblage Speaks Up

DARYL HOLLOMAN

Those of you who scoffed at the closing paragraph of my column last week need read no further; however, for those who did not scoff I wish to inform you that I did obtain an exclusive interview with The Stuart Avery Assemblage.

I completed most of the interview before they performed on stage at The Cavern Friday night, and finished it after the show.

c. The Assemblage is made up of Stuart Avery as the lead vocalist, "The Snake" Jim Borisen on bass, Dave Harrison playing second lead guitar, "The Wizard" Paul Kingery on lead guitar, Tim Lambert punching the electric piano, the "Baby John" Orlick in charge of the driving drums.

- The Assemblage currently is in the producing stages of an album on a Detroit subsidiary label of RCA. They're writing their own material, and have thus far completed one side of

Stu, Tim, and The Wizard are in charge of writing the songs but everyone contributes. For example, Baby John is credited with one line of one verse to one of their original compositions.

Two selections to be used by the musicians from Manchester on their forthcoming LP are "Stuart Avery Meets Peter and the Wolf," and "Tinker Taılor."

I was informed that The Stuart Avery Assemblage will be going on the road upstate, but will be at The Grande Ballroom July 21 with The Fever Tree.

The Assemblage also has played alongside The Yardbirds and The Blues Magoos, the latter having appeared at The Cavern last May when the audience bestowed upon the SAA an equal if not better reaction and ovation which was received by The Magoos,-making them a smashing hit for the evening.

Having been together a year this coming August, Stuart Avery feels that "We have been very lucky so far.

"We have a very big following despite the fact that we have had no recordings to date. The scot Richard Case and The Amboy Dukes are leaving, so there are no big name area

"With this in mind, we hope to hit it big by September when our album comes out, so as to keep at least one name band in the local area.'

Before going on stage for their set, I asked The Assemblage how they came upon the name of The Stuart Avery Assemblage.

'Stu spoke up saying, "I'm Stuart Avery, and they were The Assemblage. They're there and I was here-it was

When The Stuart Avery Assemblage appeared on stage for their performance at The Cavern the six man group picked up where The Frigid Pink left off, making it one of the most outstanding Cavern Bash performances in a good while.

When you speak of showmanship, you speak of The Stuart Avery Assemblage. As was The Frigid Pink equipped with a light show to enhance their own performance, The Assemblage followed right in step with their own branded style of heavy-rock

During their first piece blue smoke began pouring forth from behind an amplifier as The Wizard and Stuart Avery guided its flight through a series of hocus pocus gestures and motions.

The audience was nearly packed in as they crowded around the stage to become a part of the following paying strict attention to The Assemblage.

A standout performance by Stu himself was constant throughout the entire remainder of the evening as he pointed to individuals in the crowd and sang to them, moving back and forth across the stage as he sang to each person in turn.

An added highlight of their unique showmanship was a crew of equipment managers leaping on stage during the performance to assist in the function of

One assistant scurried on stage with furniture polish, and began spraying and polishing The Wizard's guitar to keep his fingers from losing their all important grip.

Yet another dashed around from the stage wings, tea kettle in hand, issuing liquid refreshment as requested by each member, whether he be Baby John, The Wizard, Stuart Avery, The Snake on bass, Dave Harrison backing up lead, or Tim Lambert engineering the electric plano.

Still another would leap on stage from the midst of the crowd to set up Baby John's drum cymbals, catch Stuart Avery's falling microphone, or to aid with someone's amp adjustments.

All in all it was, in my opinion, a

great performance by The Stuart Avery Assemblage, a truly unique group which may very possibly make their fifth appearance at The Cavern next

The Stuart Avery Assemblage, as a group sentiment, made a very favorable and fond remark regarding The Cavern and the types of teens both from Northville and out of town who attend the dances:

"We'd like to thank the kids at The Cavern because they are the ones who started us off and gave us the needed boost.

"This is our fourth appearance at The Cavern, and we feel that the kids here are comparable to the ones at The Grande Ballroom, because we get as nice and decent reception at The Cavern as we do at The Grande. "Everyone else at other teen clubs

seem to be conceited in that they expect the world of every group which performs for them. They won't appreciate a band unless the music is of the quality and the consistency of the nationally acclaimed groups."

Before closing this week's Troglodytes, I remind you that this Friday night The Cavern hosts The Woolies ("Who Do You Love?") along with The Nickel Plated Express-a group which has been performing at clubs around the state.

Admission is \$1 members, \$1.50 non-members to a Cavern Bash once again featuring heavy rock and music you can dance to
