## Geake Wins Schoolcraft Post

For \$3 Million, Says Detroit

## Maybury Available

Battling heavy odds, Dr. R. Robert Geake of Northville Township scored a major upset Monday in winning a six-year seat on the Schoolcraft Community College Board of Trustees. Geake polled the second highest vote total in the at-large race for two six-year terms. The other Northville college candidate, Dennis Dildy, finished far down in the army of 16 candidates seeking the two posts.

Locally, Incumbent Trustee Glenn Deibert, unopposed for a four year term on the Northville Board of Education, was returned to office by garnering 196 votes of the 256 ballots cast here.

Geake and John M. LaRue, who picked up the largest number of votes (2,849) as opposed to Geake's second-place finish with 2,829, will represent the entire Schoolcraft district which includes five secondary school systems. Geake will join one other Northville resident on the board—William Secord, who was elected a year ago as Northville's representative on the college board.

Geake, who polled fewer votes (155) in Northville than did board of education candidate Deibert, nevertheless did surprisingly well in Plymouth and Livonia. Dildy came in with a total of 291 votes—89 of them from Northville.

Very likely one of the major reasons for Geake's strong showing was that nearly all of the other candidates hailed from heavily populated Livonia, thus splitting the vote in that city. However, in Plymouth where there were no at-large candidates, Geake came in with a whopping 1,205 votes—fewer than Calvin Strom of Livonia (1,366) considerably more than the other 14 candidates.

In Livonia he did better than all but two of the Livonia candidates. For the totals by district for each candidate see Page 14-A.

While the heavy Livonia weighted slate of candidates may be one of the big reasons for Geake's strong showing it couldn't have been the lone reason. Northville's Dildy, who had the same "advantage", failed to benefit by this split.

Detroit Controller Bernard Klein told representatives of the Northville community that they can stop worrying about what's going to happen to the 900-acre Maybury Sanatorium site between Seven and Eight Mile roads.

The community can have the property — for \$3 million.

That's the price tag placed on the rolling country-side, buildings and all. Detroit's common council set the value

and included the \$3 million in the 1969-70 budget. It's Klein's job to find a buyer and get the money so the budget can be balanced.

Klein met with Township Supervisor Gunnar Stromberg, City Manager Frank Ollendorff, School Board President Stanley Johnston and Donald Lawrence, president of the Northville Area Economic Development Committee.

Specifically, Klein said the city of

Detroit didn't want to "do anything to foul up your nice area". He made this statement after hearing Johnston outline the school's concern at the prospect of high-density zoning in the area that would more than double the present school enrollment.

Actually, there's some difference of opinion between local officials on how the land should be used. Right

## School Tables Tax Levy

Decision on whether to levy the extra mill allowed in the City of Northville by the board of education was tabled at Monday's meeting until the board knows the exact state equalized valuation (SEV) figures and

the state aid formula.

The action, however, was far from unanimous with Board President Stanley Johnston voting with Eugene Cook, Richard Martin and Robert Froelich to break a tie.

Those voting against the measure wanted to table the matter until the next regular meeting of the board.

Superintendent Raymond Spear, saying the district "will not levy until we know if we need it to balance the budget," pointed out that the board has until September 15 to approve the 1969-70 Wayne County Millage allocation.

Discussion was opened by Glenn Deibert, who had been absent at the last meeting, who commented he "was not one to take the potential loss of \$60,000" (estimated amount the extra mill would have brought) lightly. He asked if it would be possible to have an election to approve re-instatement of the one mill.

Spear pointed out that by action of the county board the district can't take more than 7.9 mills from the township. Deibert questioned whether it wouldn't be possible to "take one more mill across the board while assuring the extra wouldn't be levied in the city" in an election. Dr. Orlo Robinson suggested that the board get an opinion on legality of such a move.

Cook, who had made the motion to table the decision originally, stated he wanted to wait to see what the income was to be.

Deibert said the \$60,000 back in the budget would put "a librarian back in each school." Pointing out that the

## Principals Get Pay Hike

Northville Board of Education Monday approved increases for Northville principals and assistant principals upon recommendation of the board salary committee of Robert Froelich, chairman, Andrew Orphan and Glenn Deibert.

A new base of \$13,500 was voted. Last year's was \$12,200. (Principal salaries are based on a 48-week work year.)

New salary ranges are: Assistant JH — \$13,500 to \$17,000; elementary and assistant high school — \$15,000 to \$18,600, JH — \$15,500 to \$19,000; and senior high — \$16,500 to \$20,100.

Specific principal salary increases: Fred Holdsworth, high school, \$18,200 to \$19,500; Ronald Horwath, JH, \$16,000 to \$17,000; Milt Jacob, Moraine, \$16,700 to \$19,200; Donald VanNingen, Main Street, \$17,300 to \$18,600; Richard Norton, half-time teacher, half-time JH principal assistant, \$12,800 to \$14,700; David Longridge, high school assistant, \$14,300 to \$16,200; and William Craft, Amerman, \$14,900 to \$16,800.

In making recommendations Froelich pointed out that in the light of the question of organization of the principals (which the board did not recognize last month), the new scale was in relation to the second year of teacher contract scale. Amerman Principal William Craft, now on a one-year probationary term, was given a one year contract.

The request of the principals' association for a vote authorization by the Michigan Labor Relations Board is expected to have a hearing in August or September.

## Mrs. C. F. Carrington Critically Injured

Two motorists, including the wife of a Northville businessman, were injured — one critically — last week Wednesday night in a three-car crash on Novi Road near the entrance to Brookland Farms subdivision.

Reported in critical condition following brain surgery at Wayne County General Hospital is Mrs. Charles F. (Oneita Fern) Carrington of 220 Hill Street.

Hospitalized for observation of a possible concussion but later released was Charles I. Wentworth of 8423 Tower Road.

The third driver, Karl H. White of 1069 Grace Court, and three occupants in his car were uninjured.

According to Novi police, Mrs. Carrington was southbound on Novi Road when White attempted to turn right onto Novi Road from Cottisford (Brookland Farms road) at about 10:30 p.m. It was raining and the road was slippery, police said.

White and the occupants of his car said he had stopped before attempting the turn, saw Mrs. Carrington's car as he started the turn, and turned towards the west ditch of the road to avoid a collision.

Mrs. Carrington's car struck the left front of White's car, skidded sideways nearly 50 feet plowing into the northbound car of Wentworth. The force of the impact hurled Mrs. Carrington from her car to the west shoulder of the road, and Wentworth's car skidded into the ditch on the opposite side of the road.

Wentworth and Mrs. Carrington were alone in their cars.

Occupants in the other vehicle, besides the driver, were Gail Smith and Deborah Parkinson, both of Plymouth,

and Mark P. Appleby, 1013 Grace Court.

NEW LOOK — Trotters race and workout against a new backdrop at Northville Downs these days. Installation of steel framework has been completed on the track's new tri-level clubhouse. The lower-level will be ready for the track's first winter meet in December, as will the remainder of the \$2 million improvement program — enclosing and airconditioning and heating the grandstands.

GRADUATION HISTORY — Northville's centennial commencement exercises became a page in history Tuesday evening as 183 high school seniors were awarded diplomas. It was 100 years ago in 1869 that Northville graduated its first senior class — a single senior, Alice Beal Collins. Other commencement pictures together with pictures of the senior party that followed graduation will be published next week.

DON'T BE surprised if the Northville council calls for an advisory vote on a city income tax late this summer. A council study committee is impressed by its findings thus far and feels that property taxes could be reduced substantially by instituting an income tax. If the public favored the tax reform package, it would start January 1. First, however, the study committee must inform and convince fellow councilmembers.

NOW OFFICIALLY chartered and incorporated, the Northville Civic Association, Inc., has reaffirmed its objections to the rezoning of property at Allen drive and Novi road to permit construction of a service station. The council is still weighing the matter and, as reported previously, it appears that the rezoning will be approved providing protective covenants as proposed by civic association representatives ("just in case the council votes in favor of the rezoning") are adopted by the petitioner (Marathon Oil Company).

★ ★ ★

THREE INCUMBENTS and one newcomer were elected to the Novi Board of Education Monday. President Bruce Simmons and Trustees Claude Earl and Raymond Warren retained their posts, while Robert Wilkins, who garnered the largest number of votes of those who faced competition, earned a seat on the board.

★ ★ ★

APPLICATION to organize an independent national bank in the "vicinity of Ten Mile Road and Novi Road" in Novi has been submitted to the federal comptroller of currency it was revealed this week. Harry M. Nayer, an attorney and agent for the seven other applicants, said negotiations for a specific bank site will begin immediately if the application is approved. Two of the applicants are executives with the Michigan Bank but the proposed new bank, said Nayer, will be independent of any existing bank. The other applicants are either executives or owners of industrial or construction firms in the Detroit area.

★ ★ ★

PROPERTY OWNERS of the whittled-down Township of Novi Monday night voted to maintain township status and not seek annexation to the new city of Novi. In a highly unusual public meeting, set up by the Oakland County Board of Supervisors, the property owners elected a new slate of township officials. All of the officers are residents of Brookland Farms subdivision, one of eight unconnected areas within Novi that are not part of the city.

★ ★ ★

INSTALLATION of a traffic light at Ten Mile and Novi roads has been authorized by the Oakland County Road Commission. It'll be installed "sometime this summer", said Road Commissioner Frazer Staman.

★ ★ ★

HOW ABOUT that new rear entrance at Stone's Gamble Store? Other businesses making or contemplating improvements or additions in Northville include Cloverdale Farms Dairy (new front), G. E. Miller Sales (remodelled exterior, and new paved used car lot), and John Mach Ford (addition to service department). And in a completely new location, McAllister's House of Decorating, moved across the street at 324 East Main.

THE CENTENNIAL class of Northville High School has its share of industrious-and-enterprising students, as much as classes of decades past, observed Assistant Principal David Longridge as records were completed on 183 seniors.

He then cited two young men — Ronald Baggett and Bill Sullivan — who while still in school have developed after-hours work into flourishing businesses. Both Bill's window washing business and Ron's lawn service have come to the aid of local housewives.

Ron, the son of Mr. and Mrs. Othal Baggett, 20516 Westview, "really started by cutting lawns and trimming shrubbery when he was 12," his mother recalls. Town residents such as Miss Hazel Parmalce, Fred Gotts and Dewey Gardner were regular customers.

From this beginning, the young man who became 18 on May 29 has developed a lawn and grading business with equipment assets "easily worth \$4,000 to \$5,000." Included are a 1966 dump truck with trailer and a tractor with front-end loader. The truck is Ron's third, as he progressively upgraded.

From cutting lawns and trimming shrubbery, Ron began working with a tractor when he was 15 and a ninth grader. His Dad financed the purchase, but Ron paid him back as he began rough grading, hauling black dirt and seeding.

Specializing in lawn work, Ron installed the lawn of the new Ida B. Cooke Junior High as well as those of several new homes in Northville Estates subdivision — and even that of his high school principal Fred Holdsworth.

On larger projects Ron has had other boys helping him.

Most of the work had been on week ends and after school until he enrolled in the co-op program at the high school, working for himself. In the winter he bought and repaired tractors and plowed snow.

Now he's graduating to a growing business — his own.

BILL SULLIVAN'S window washing business, on the other hand, is about to close following graduation. His parents, Mr. and Mrs. Frank J. Sullivan, 20249

Woodhill Road, are moving this summer to Greenfield, Massachusetts.

When he began washing windows about two years ago, Bill found a ready market of housewives and enlisted the help of other students at the busy seasons.

As he bought a car and his own ladders, Bill expanded by running Record want ads.

Most recently Bill used his organizing ability to organize and promote the senior class canoe trip with Mark Gazlay.

DAVID FILKIN, a Northville High School graduate of 1961, is a young man who has accomplished much in the eight years since receiving his diploma. He has added other degrees, receiving his MA degree in education and administration from Kalamazoo College.

Then he served as a Peace Corps worker in Nepal, India.

He showed slides and related experiences there at the meeting Tuesday of Northville Senior Citizens.

Before returning home, David spent six months in Germany where he married Uta Rosenbrock, the daughter of Mr. and Mrs. Martin Rosenbrock, in her home town of Koenigstein, near Frankfurt.

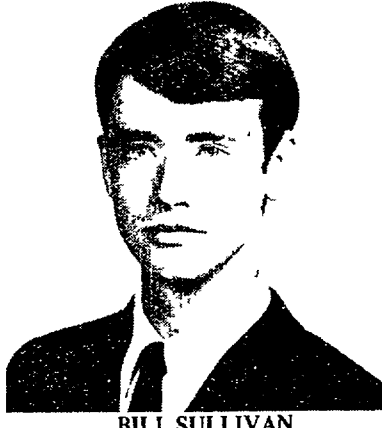

As an exchange student here in 1961, Uta had lived with David's parents, Dr. and Mrs. Lawrence E. Filkin, 621 Fairbrook.

She had earned her bachelor's degree and now is working toward another degree at Eastern Michigan University, as is her husband. She also has been substitute teaching at Schoolcraft College while her husband taught junior high in Livonia.

New Cookbooks Arrive For Jaycette Sale Here

A new shipment of cookbooks has just been received by the Northville Jaycettes, Mrs. Ross Totten, who has

them for sale, announced Monday.

A national project, compiled by Jaycee wives all over the country, the cookbooks are in three editions. The dessert book includes party beverages. The meat book includes seafood and poultry; and the salad edition includes a section on appetizers. They are priced at \$2.95 each.

Mrs. Totten points out that local Jaycettes using the books testify that the chosen recipes are "excellent" and suggests that the books make "wonderful gifts" for brides, or as bridge prizes. They may be obtained by calling her at 349-5124.

## Newlyweds Choose Home in Belleville

Following a honeymoon in Pennsylvania's Poconos Mountains at Birchwood Lodge, newly wed Mr. and Mrs. James Gray are making their home in Belleville. Mrs. Gray is the former Linda Nolte, daughter of Mr. and Mrs. Kermit Nolte, 30181 Kent Lake Road, South Lyon, and formerly of Northville.

They were married in an evening ceremony May 16 at St. Joseph Catholic Church in South Lyon with the Reverend Father Edmund Battersby officiating at the altar decorated with white mums.

The bridegroom is the son of Mr. Leonard Hilton of Ramona, California, and L. M. Gray of Paris, Tennessee.

Given in marriage by her father, the bride wore a white lace gown, fashioned on colonial Southern Belle lines with wide lace tiers forming the hooped skirt. The fitted bodice had a portrait neckline edged with lace scallops. A petal cap embroidered with seed pearls held her shoulder veil of illusion. She carried white carnations and rosebuds centered with a white orchid.

Mrs. Ted Bates was matron of honor. The bridegroom's sister, Dorothy Gray, and Jeanne Barnes were bridesmaids. The matron of honor's gown was blue, the bridesmaids' yellow. Of satin and lace, they had portrait necklines and half-sleeves edged with a ruffle. Matching hair bows held tiny veils.

They carried carnations tinted to match their gowns.

## 'Little Miss' Contest Set By Jaycettes

The third annual Little Miss contest is to be sponsored by the Northville Jaycee Auxiliary in conjunction with the Jaycee festivities on the Fourth of July, officials announced this week.

The first 10 entries in the contest will be eligible for the Little Miss title to be awarded on July 4. All 10 of the contestants will ride on a float in the parade. The Little Miss will receive a \$10 gift certificate from The Little People Shoppe, a \$5 gift certificate from Brader's Department Store plus a crown of flowers. All 10 misses will receive recognition gifts.

Girls between the ages of three to five may be entered in the contest. To enter, the child's name, age, address, phone number and parents' names, plus a recent photograph, must be sent to Mrs. Robert Hilton, 43785 Dorisa Court, Northville, by June 16. Only the first 10 entries received will be eligible.

Once the 10 entries have been determined, pictures of the little girls will be attached to canisters placed in downtown stores. Penny votes will determine the winner.

Names of the 10 contestants and the locations of the canisters will be announced later.

## Surprise Harpist Greet May Bride

A harpist retained by the bridegroom to surprise his bride on their wedding day enhanced the ceremony May 24 uniting Nancy Harmon and Samuel J. Chizmar in marriage.

Held at 3 p.m. in the First Methodist Church of Columbus (Indiana), the ceremony was performed by Dr. James W. Keith and Dr. Ard Hoven.

Besides engaging the surprise harpist, Miss Jane Ann Ryan, who provided preludes and the recessional, the bridegroom also was the arranger for the processional. In addition, soloist Mrs. Ernest Smith sang the early American Hymn, "How Firm A Foundation" and Bethoven's "Ich Liebe Dich."

Prior to the wedding the wedding couple had been living in Columbus where he works as an organist-choirmaster at the First Christian Church. His parents are Mr. and Mrs. William Chizmar of 19360 Maxwell Road. Parents of the bride are Mr. and Mrs. Kermit W. Harmon of Milltown, Indiana.

The bride was given in marriage by her brother, Mr. David E. Harmon. She wore an Italian Silk-Linen floor length gown trimmed with wide lace. Back panels tapered to the floor from a high waist. Her veil consisted of a pill box covered with lace trimmed tulle. Daisy trimmed long gloves and white satin shoes completed the outfit. The bride designed and fashioned her own ensemble. She carried a cascade bouquet of stephanotis and daisies intertwined with ivy.

Serving as maid of honor was Miss Marilyn Kendall, the bride's roommate. She wore a floor length dress of yellow shan faille. It was trimmed at the high waist with yellow lace. She wore matching shoes and lace gloves trimmed with a delicate yellow ribbon. Miss Kendall wore a crown of daisies and greenery, carrying a wicker basket of daisies.

From Saline, Michigan, Mr. William Chizmar, brother of the bridegroom served as best man. Acting as ushers were Mr. Minoo Inamdar from Warren, Michigan and senior high boys from the First Methodist Church.

Other attendants served at the wedding reception which followed in the church fellowship hall. They included Miss Rhonda Adams, of New Salisbury who attended the guest register. Mrs. Harold Abraham of Columbus served cake and Miss Ann Fisher of Evansville and Mrs. Tim Chambers of Columbus served punch. Some senior high girls from the First Methodist Church also assisted at the reception.

The bride is a 1966 graduate of the University of Evansville. She is now employed as educational director at the First United Methodist Church. The bridegroom is a music major who graduated with distinction from the University of Michigan. He is presently the organist-choirmaster at the First Christian Church.

The couple will make their future home at 510 10th Street in Columbus.

## DAR Potluck Scheduled Monday

The Daughters of the American Revolution will meet Monday, June 16, for a general meeting to discuss the 1969-70 DAR resolutions. The potluck picnic will be held at noon at the home of Mrs. D. H. Baumhart, 35011 Munger in Livonia.

## Couple Speaks Vows In Private Ceremony

In a family wedding at the home of her grandparents, Kathy Denene Hodge married Edward C. Huyck on May 24. The private, double-ring ceremony was performed by Reverend Lloyd Brasure at 6:30 p.m.

The bride is the daughter of Mr. Homer Hodge and the late Madeline Hodge. Her grandparents are Mr. and Mrs. Harvey M. Hodge of 734 Spring Drive. The parents of the bridegroom are Mr. and Mrs. Edward C. Huyck of Detroit.

For the wedding, the home was decorated with white flower arrangements and palms by candlelight in front of the fire place.

Given in marriage by her father, the bride wore a street-length white brocaded dress with white accessories and pearl earrings which were a gift of the groom. The bridal bouquet was made up of tiny white roses and carnations with a white orchid in the center.

Attending the couple were Mr. and Mrs. Peter Huyck, brother and sister-in-law of the groom. She was attired in a peach colored dress with peach accessories and white carnation corsage. For her son's marriage Mrs. Huyck chose a pink dress and coat ensemble with pink accessories.

Following the ceremony a reception was held at the Lake Point Village Club House for about 125 guests. There the reception table was set with a hand made table cloth, fashioned by the bride's great great grandmother, and a three tier wedding cake made by the bride's aunt Mrs. Gene Densmore.

On May 5th of this year the bride graduated from the University of Michigan in Ann Arbor. The bride groom has returned home from 4 years in the Green Berets and is now attending school at Wayne State University.

# Chyral Linn Baker Marries

At one p.m. in the Plymouth Assembly Church of God, Chyral Linn Baker married Kynis Maynor Jr. on May 10, with the Reverend John Walasky performing the ceremony before an altar decked with candelabra and white flowers.

The bride is the daughter of Mr. and Mrs. Clifford Baker, 18915 Balden Avenue in Northville. The bridegroom's parents are Mr. and Mrs. Kynis Maynor Sr. of Detroit.

The bride was given in marriage by her father. Music was provided by

soloist Mrs. Mary Spragg who sang "Till the End of Time," "Whither Thou Goest," and "The Wedding Prayer."

Five bridesmaids were gowned in different pastel outfits to carry out the theme of a rainbow wedding. They were Mrs. Arnie Wiatrowski, Miss Debra Smith, Miss Noama Kent and Mrs. Mike Medwid, with Miss Jayne Walasky serving as maid of honor. Their gowns were in pastel shades of pink, green, apricot, lavender and yellow.

Each attendant wore a sleeveless, high waisted gown of chiffon with a wedding ring neckline and a floating over skirt. The gowns were trimmed in blending Venice lace down the center bodice and around the waist. A row of self-covered buttons graced the front of each bodice. They carried white daisies with streamers to match their dresses and daisies were fashioned in garlands to form headpieces.

The bride's gown featured a silk organza floor-length A-line silhouette skirt which was banded with Peau d'Ange lace. The same lace sprinkled with seed pearls outlined a portrait neckline. A chapel veil of French illusion was also bordered with Peau d'Ange lace. The bride carried a floral arrangement of white roses and lily of the valley.

Acting as best man was Ronnie Maynor, brother of the bridegroom. Other groomsmen included brother Dwight Maynor, Dave Ruyle, Brian Baker, Arnie Wiatrowski and Harry Maynor, a cousin of the bridegroom.

For her daughter's wedding Mrs. Baker chose a pink organza dress with an embroidered jacket and pink accessories. The bridegroom's mother wore a green dress and coat ensemble with matching accessories. Both mothers had flower arrangements of pink rose buds and lily of the valley.

Following the wedding a buffet dinner was held at the Temple Baptist Church of Detroit. About 250 guests attended from Florida, North Carolina and around the Detroit area.

For a wedding trip to Miami, Florida and New Orleans, the bride chose a pearl gray dress and coat ensemble with accessories of white and dark grey.

Previously, the bride attended Northville High School and Schoolcraft College. She was employed by the Western Electric Company in Plymouth. The bridegroom is a graduate of Pershing High School in Detroit and Michigan State University.

Presently a lieutenant in the army, he is now taking flight training at Fort Walters, Texas. The couple plan to make their new home in Mineral Wells, Texas near Fort Walters.

## Barbecue Fetes Novi Minister

A chicken barbecue will be held Saturday, June 14 at the home of Robert Wilkins, Ripple Creek Road, in honor of the Reverend Arthur Norris and his wife Evelyn, who will be leaving the Willowbrook Church next week to begin a new charge in Owosso, Michigan. All members of the church are invited.

**GIRL STATERS** — Getting ready for their Girl State adventure — the annual experience in learning government first-hand sponsored by the American Legion Auxiliary — are five lucky Northville-Novi high schoolers. Meeting Saturday with Mrs. Robert Pohlman, auxiliary co-chairman of Girls State locally (left), Mrs. Robert Miller, the other co-chairman, and Mrs. Charles Denune,

auxiliary president, four of the five girls went over Girls State plans. They are (l to r) Denise Tafraian, representing the Novi Mothers Club, Pat Hoffman, Allison Crump, and Debbie Luckett. Allison represents the Business and Professional Women's Club, Debbie the Mothers Club and Pat the Legion Auxiliary. Missing was Carol Bruce, who represents the Willowbrook Community Association.

## Northville Presbyterian Pastor

# Hits Black Demands, Church Seizure

Hitting hard at the take-over of the Presbyterian headquarters in Detroit by white supporters of black demands, a Northville minister this week labeled the militants' actions and demands as bordering on treason and blackmail.

The Reverend Lloyd Brasure, pastor of the First Presbyterian Church of Northville and a member of the Presbyterian synod's general council, said Monday he is "infuriated" that no action has been taken to oust the People Against Racism (PAR) who have occupied the headquarters and black militants who have seized an unused inner city church building.

Occupying the church were members of the National Black Economic Development Conference (NBEDC) who "liberated" the unused church and demanded \$50,000 from the synod to establish the church as the conference's national headquarters and

to run a school of community organizations.

The white PAR seized control of the Presbyterian headquarters as a supporting move to the blacks' demands. The PAR also took control of the headquarters' telephone switchboard.

Reverend Brasure who has spoken out against the "violent" actions of black militants and timid Presbyterian leadership from the pulpit here for the past two Sundays, urged fellow synod council members at a special meeting Saturday to take action to oust the militants. His motion failed to win support, however.

Reverend Norman Reidesel, pastor of the South Lyon Presbyterian Church was away on vacation and unavailable for comment.

The "Black Manifesto" of the NBEDC, said Pastor Brasure, is "ridiculous, actually treasonable."

The manifesto states in part:

"We are therefore demanding of the white Christian churches and Jewish synagogues which are part and parcel of the system of capitalism, that they begin to pay reparations to black people in this country. We are demanding \$500,000,000 from the Christian white churches and Jewish synagogues. This total comes to \$15 per nigger. This is a low estimate for we maintain there are probably more than 30,000,000 black people in this country..."

"...We say ... think in terms of total control of the U.S. Prepare ourselves to seize state power. Do not hedge, for time is short and all around the world the forces of liberation are directing their attacks against the U.S. It is a powerful country, but that power is not greater than that of black people. We work the chief industries in this country and we could cripple the economy while the brothers fought

guerrilla warfare in the streets. This will take some long range planning, but whether it happens in a thousand years is of no consequence. It cannot happen unless we start..."

Reverend Brasure said he has been warned that James Forman, who spoke at the national conference of the NBEDC, predicts a takeover of the Northville church.

I have considered myself a loyal Presbyterian for the 31 years of my ordained ministry," said Reverend Brasure. "Right now I find myself a part of a group in my own denomination that is deeply disturbed by recent events that are official positions and the results of actions by our leadership."

He said that in earlier confrontations involving black demands he did not openly oppose them but that the most recent developments require him to take a stand.

## Just A Myth?

# Betsy Didn't Make Stars and Stripes

This Saturday, June 14, the United States will celebrate the passing of a resolution by the Continental Congress on June 14, 1777, stating that "the flag of the United States be 13 stripes alternate red and white, that the union be 13 white stars in a blue field representing a new constellation." Saturday is Flag Day.

Where did life begin for the American Flag? You've all heard the Betsy Ross story. She's the flagmaker who sat up night after night handstitching our first flag to the light of a kerosene lamp.

Upon researching the American Flag's origin, it has been discovered that crediting Betsy Ross of Philadelphia with having made the first American Flag with stars and stripes seems to have little foundation, in fact.

Betsy Ross did make flags for the government but there is no evidence that she either designed the stars or stripes or made the first one.

As a matter of fact, one source tells us that the story of Betsy Ross making the first American Flag with Stars and Stripes at the request of George Washington, Robert Morris and George Ross is a family tradition first made public by her grandson, William Canby, in a paper read before the Historical Society of Pennsylvania on May 29, 1870.

Furthermore, the representation of this flag in later paintings seems to be purely imaginative. The exact origin of the stars and stripes is not known.

The first flag used officially as a national flag during the Revolutionary War was the so-called Grand Union or Cambridge Flag, first displayed in 1775. This was the first flag to use stripes alternate of red and white to represent the thirteen colonies.

Other flags were in local use at the time, notably the various Pine Tree flags of New England and the rattlesnake "Don't Tread on Me" flags carried by South Carolina and Virginia units and by naval elements.

Various claims have been made for the use of the Stars and Stripes on land as a battle flag, but they are of doubtful authenticity. The general practice was for military units to carry flags of their own choice.

No army unit was given the right to carry the Stars and Stripes until 1834, when this privilege was accorded the artillery. The infantry received the same privilege in 1841, the Marine Corps in 1876 and the Cavalry in 1887.

The use of the Stars and Stripes as a garrison flag has been more general and can be traced back to 1790 when

eleven stripes were used. Fifteen stripes were provided for by Congress in 1794, after the admission of Vermont and Kentucky, and it was such a flag flying over Fort McHenry in Baltimore Harbor that inspired the poem by Francis Scott Key that later became known as the Star Spangled Banner.

In 1818, Congress passed a third act in relation to the stars and stripes that provided for the original alternating thirteen, with one star to represent each state.

The U.S. Flag was first referred to as "Old Glory" by an American sea captain, William Driver of New England in 1831.

Yet, with a history as glorifying as the American Flag boasts, some people appear hardly aware of its existence.

There seems to be a general lack of respect for the Star Spangled Banner and what it represents.

This in turn indicates a lack of patriotism for our country.

In an intensive effort to revitalize the respect once given to our flag, and to renew the patriotism that was once felt for our country, the Brighton J-Cees and Jay-Cettes have lodged a campaign to have a flag flying from every home in Brighton by the 4th of July.

They are selling flag kits, of which each includes a 3 by 5 American Flag, for \$3.00. According to Mrs. Mary Richmond, this is strictly a non-profit project in an attempt to make available Old Glory to every local family.

To impress upon youngsters the importance of the American Flag and our country, the Brighton J-Cees and Jay-Cettes have just completed a flag poster contest for Brighton students, grades one through six. The judging of the posters will be held this Thursday at City Hall.

Commemorate Flag Day this Saturday, be sure you display your American Flag.

## New Police Weapon

# 'Nutcracker' Replaces Night Stick

The policeman's night stick may end up on the scrap pile some day soon if a newly redeveloped old weapon continues to grow in popularity.

That's the opinion of Corporal Dale Gross of the Novi Police Department, who currently is teaching area departments in the use of the "Nutcracker", a small but effective gadget that may be centuries old but only recently redesigned for police

work.

The Nutcracker or police karate stick is already used by dozens of police departments across the country and many others have voiced interest but have taken a "wait and see" attitude as the result of citizen opposition — particularly in the Detroit area.

"Sure it's a weapon," says Gross, "but it's no more dangerous than the

night stick, the riot baton, blackjack, the sap, or iron claw that are used by policemen today. It's no more dangerous...but it's certainly a lot more versatile and effective."

The karate stick operates on the same principle as the conventional nutcracker in the cupboard drawer. Composed of two 12-inch long sticks made of a very tough, almost indestructible synthetic material, it is hinged together by nylon cord with a breaking point of two tons.

"It's more convenient to carry," the officer explains, "and it just about eliminates the need for all other weapons in use except for firearms."

He demonstrates its versatility by showing —

—that by twirling it (holding one stick and allowing the other to swing free), crowds can be controlled more effectively than by using a riot stick;

—that by using it as a pincher, suspects can be held by the wrists, fingers or neck while handcuffs are being applied;

—that by using it as a quickly applied pincher, a wouldbe blow can be caught and stopped before landing, or a resisting drunk, because of momentary but temporary pain, can be easily subdued;

—that it can be used as a policeman would a night stick or a blackjack in striking blows;

—that it can be used to jab a countering blow;

—that by holding it in both hands it can ward off blows from clubs.

"I think what opposition there has been to its use comes from those who would rather police use nothing at all. You can't tell me it's any less humane than a blackjack or a riot stick, for

example."

Gross, a member of the Korean Karate Club, Inc., began training police officers several months ago after Russell Hanke, a third-degree Black Belt holder for the club, and Sergeant Lawrence McDonald of the Southgate Police Department designed the weapon for police work. A patent is pending.

In addition to Novi, other area departments already using the karate stick include Farmington Township, Royal Oak, White Lake Township, Keego Harbor, Red

The Novi officer has trained men of his own department, Farmington Township, Royal Oak, White Lake Township, Keego Harbor, Sylvan Lake, Oakland County Sheriff's Department, troopers from the Redford State Police Post and a few officers of the Detroit Police Department. However, State Police and the Detroit department have not yet authorized its use.

"None of the instructors," emphasizes Gross, "teaches anyone but policemen. That's because it is a weapon and it's just as illegal for a citizen to carry one as it is for him to carry a blackjack."

According to the officer, the karate stick "goes back centuries to Okinawa," I guess. It was originally used for threshing rice. But when the Japanese occupied the island, it was developed as a weapon.

"What Hanke and McDonald did was to take the idea and redesign it for police use here in this country. And judging from the response they've been getting from all over the country the old night stick is going to become a thing of the past."

## Schoolcraft Names Security Supervisor

Appointment of Fred W. Wrenbeck as supervisor of Security at Schoolcraft College has been announced by Business Manager E. F. Petersen, Jr.

A member of the Detroit Police Department for 33 years, Wrenbeck will retire with the rank of lieutenant next month. He is 58.

According to Petersen, Wrenbeck will organize the security department of the five-year-old public community college which serves northwest Wayne County. The department presently consists of two full-time officers, supplemented from time to time by part-time officers.

Wrenbeck fills a newly created position authorized by the college board of trustees earlier this year. The position carries a salary of \$10,500. Wrenbeck will be responsible to

Petersen in the college's organization structure.

# After 25 Years Beaming Faces Look Familiar

GRACE POLLOCK LOVES 'EM ALL

When Miss Grace Pollock looks into the bright, smiling faces of some of her kindergarten pupils at Main Street Elementary School there's something very familiar about them.

And it isn't because after 25 years of teaching kindergarten in the same school children begin looking alike.

Not at all, smiles the affable teacher while hugging one of her young charges, "It's probably because I taught some of their mommies and daddies, too."

Miss Pollock, who lives at 120 West Street, came to Northville in 1943 — a World War II year — from Minnesota, her native state where she had taught three years in a rural school and two years in a mining town school.

She received her BA degree from St. Paul's Teachers College and her master's degree from Wayne State University.

Looking back over her quarter of a century here in Northville, she says wistfully, "I loved them (children) all. But sometimes when they got a little wild and I got cross I'm not so sure they loved me."

There are many adults, however, who do not agree. For them Miss Pollock was their first love away from home and she remains a treasured possession of their memories.

# Committees to Review Dress Code

Two separate committees of citizens, parents, school administrators and students to re-evaluate the Northville High School dress code and to evaluate present lunch practice were outlined for the board of education by Superintendent Raymond Spear Monday night.

The dress code again became the most lengthy discussion on the board agenda with both board members themselves and some of the audience questioning the amount of board time being devoted to this aspect of education.

Criticisms of the present code, of the students' proposed code presented at the May board meeting, and of the size of the committee being suggested (a modification of the student

suggestion) were levied on both sides of the board table.

While the board looked at non-academic problems, Eugene Cook asked also for "a written report in terms of conduct, etc., of the senior trip, which if not sanctioned by the board officially still is a concern."

In announcing structure of the committees, which he approved on the basis of student recommendations, Spear said he would like to have the students on each of the committees chosen either by the student council or by general election before the school year ends.

Then, he said, they can meet throughout the summer with the rest of the committee to have decisions made before school starts again.

The dress code committee will

have 29 members, the open lunch proposal committee, 37. The latter includes, in addition to the students (five chosen by themselves, three by the administration), 12 citizens, two board members, superintendent, an administrator, two teachers, representatives of such organizations as the VFW, Rotary and the Jaycees and also junior high representation.

The lunch evaluation committee is similarly composed.

Some of the audience of about 16 questioned both the size of the committees (whether so large a committee would be unwieldy) and also "values" — whether too much importance was being given to dress by the board and administration.

Agreeing that "We're where we have no place being," board member Richard Martin explained, however, that the board was forced to "fill a vacuum."

## College Week Theme To Focus on Women

Annual College Week for Women, sponsored by the Cooperative Extension Service of Michigan State University June 24-27 at the university is open to all interested women of the area, as well as extension study club members.

This year's theme will be "Dialogue for Today," centering on today's problems facing women and families.

Mrs. Vivian Seden, 402 Randolph, 349-3371, of the Northville home extension study club, has reservation forms and information for interested women. Registration, lodging and meals for the four-day program is \$34. Commuter registration is \$7 and Young Homemakers' Day, Thursday, June 26, is \$4.

Specific discussions are: June 24, "Woman as a Person," "Society's Pressures on Women," and "Woman's Role in the Family;" June 25, "Racial Unrest," "Student Unrest," and "Unrest as It Is Reflected in the Church;" and June 26, "Abortions," "Divorce," and "The Sex Education Law."

The dialogue forums will consider roles, social unrest and value considerations and the law and will be held at mid-day. Each day also is to include three one-and-a-half hour classes dealing with subjects ranging from foods and packaging, garden and home plants, Michigan history and interior design to family travel.

## NOTICE

To the Supervisor and Clerk of the Township of Northville, Wayne County, Michigan.

Sirs:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on June 5, 1969, decide and determine that the certain portion of county road described in the minutes of said meeting of said Board should be absolutely abandoned and discontinued as a public highway, and that the abandonment of another portion of said county road be denied.

The portion of the minutes of said meeting fully describing said portions of county road is attached hereto and made a part of this notice, which is given under and by virtue of Act 283 of the Public Acts of 1909, as amended.

In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 5th day of June, A.D. 1969.

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN  
William E. Kreger, Chairman  
Michael Berry, Vice-Chairman  
Philip J. Neudeck, Commissioner  
By Donald R. Kring  
Secretary and Clerk of the Board

RESOLUTION

Commissioner Neudeck moved the adoption of the following resolutions:

WHEREAS, pursuant to petition and in accordance with the provisions of Section 18, Chapter 4, Act No. 283 of the Public Acts of 1909, as amended, this Board by resolution dated November 9, 1967, set a date of hearing on said petition and directed a Hearing Examiner to hold said hearing; and

WHEREAS, said hearing was held at the time and place appointed, and the Board has considered the findings of fact as reported by its Hearing Examiner concerning the advisability of absolutely abandoning and discontinuing:

Part of the right-of-way of Northville Road as originally established in the N. E. 1/4 of Section 10 and in the N. W. 1/4 of Section 11, T. 1 S., R. 8 E., Northville Township, Wayne County, Michigan, described as beginning at a point on the westerly line of said right-of-way distant N. 4 degrees 05'54" W., 1360.13 feet along the west line of Section 11 and S. 85 degrees 54'06" W., 17.68 feet from the west 1/4 corner of Section 11 and proceeding thence along said westerly line in a southerly direction as follows; on the arc of a curve of 1465.69 feet radius, concave easterly, for a distance of 256.19 feet to a point of tangency, the chord of said arc bears S. 11 degrees 57'35" E., 255.91 feet; thence S. 16 degrees 58'05" E., 131.60 feet to a point of curvature; thence along the arc of a curve to the left, radius 511.34 feet, for a distance of 226.25 feet to a point of tangency, the chord of said arc bears S. 29 degrees 38'38" E., 224.41 feet; thence S. 42 degrees 19'10" E., 170.63 feet; thence leaving said westerly line of the original Northville Road, 66 feet wide, and proceeding thence along the westerly line of Northville Road as now established N. 28 degrees 27'48" W., 137.78 feet to a point on the center line of the original 66 foot right-of-way of Northville Road; thence along said original center line N. 42 degrees 19'10" W., 36.87 feet to a point of curvature; thence along the arc of a curve to the right, radius 478.34 feet for a distance of 211.65 feet to a point of tangency, the chord of said arc bears N. 29 degrees 38'38" W., 209.93 feet; thence N. 16 degrees 58'05" W., 107.22 feet; thence leaving said original center line and proceeding thence along the westerly line of Northville Road as now established on the arc of a curve of 1969.86 feet radius, concave easterly for a distance of 279.69 feet to the point of beginning, the chord of said arc bears N. 19 degrees 09'07" W., 279.46 feet;

be absolutely abandoned and discontinued, and that said county road is absolutely abandoned and discontinued.

BE IT FURTHER RESOLVED that the portion of the petition for the absolute abandonment and discontinuance of:

That part of the easterly 33 feet of the originally established right-of-way of Northville Road, 66 feet wide — in the N.W. 1/4 of Section 11, T. 1 S., R. 8 E., Northville Township, Wayne County, Michigan — which lies westerly of the now established westerly right-of-way line of Northville Road and which is described as follows: Beginning at a point on the center line of the said original 66 foot right-of-way distant N. 4 degrees 05'54" W., 1360.13 feet along the west line of Section 11, S. 85 degrees 54'06" W., 17.68 feet and S. 19 degrees 09'07" E., 279.46 feet from the west 1/4 corner of Section 11 and proceeding thence along said center line S. 16 degrees 58'05" E., 107.22 feet to a point of curvature; thence along the arc of a curve to the left, radius 478.34 feet for a distance of 211.65 feet to a point of tangency, the chord of said arc bears S. 29 degrees 38'38" E., 209.93 feet; thence S. 42 degrees 19'10" E., 36.87 feet to a point on the westerly line of Northville Road as now established; thence along said westerly line N. 28 degrees 27'48" W., 170.84 feet to a point of curvature; thence along the arc of a curve to the right of 1969.86 feet radius for a distance of 180.14 feet to the point of beginning, the chord of said arc bears N. 25 degrees 50'49" W., 180.08 feet;

be and the same is hereby DENIED.

The motion was supported by Commissioner Berry and carried by the following vote:

Ayes, Commissioners Kreger, Berry and Neudeck. Nays, None.

## It's Paper Towels For Another Year

For another year students in Northville gym and swimming classes will be drying off with paper towels.

Again, the decision was a monetary one by the board of education as it considered the alternative of purchasing 350 dozen cloth towels at a cost of \$3,727 to supplement the 140 dozen it now has. The present supply of cloth towels is used for team sports and laundered by the custodian.

For a few moments there appeared a return to thread-count towels might

result as Eugene Cook admitted he had "mixed emotions about paper towels — I've tried them." He introduced a motion to table the decision until the board knew better how much money will be available in the fall.

It was defeated after Dr. Orlo Robinson questioned, "Why vacillate now when we were convinced it was a good idea a year ago?" Andrew Orphan was the only other cloth-towel supporter, but Robert Froelich suggested that any paper towel improvements should be reviewed.

WIXOM'S NEW SUBDIVISION'S A PLAYGROUND

## New Subdivision Opens in Wixom

A unique "open space community" subdivision, featuring homes in the \$30,000 price range, was opened in Wixom recently.

Called Highgate "on the Green", the 73-lot development features three New England style model homes by Douglas Homes, Inc. It is located on Loon Lake Road off Benstein near West Maple.

In the planning stage for more than two years, the development reportedly is the first development with the open space concept in its particular price range.

The subdivision encompasses a 4½ acre improved park with 2,000 feet of six-foot wide asphalt bike trails and a 6,000 square foot concrete patio with two circular sunken sand boxes. The sand boxes are built around three sculptured climbing devices for children, and the bike trails connect to the adjacent Loon Lake Elementary School and are laid out so that no child need cross a main street to get to school.

More than 100 new trees have been added to the existing wild cherry trees in the park.

Another first is the underground utility system in which all utilities, including the electrical transformers, are buried under the street right of way, thus eliminating poles and wires. This "T" tap completely buried system is the first of its kind in Michigan, Douglas Colwell, president of Douglas Homes, Inc., said.

The "spacious feeling of openness" of the development, explained Colwell,

was made possible because of Wixom's "open space ordinance." The ordinance permits 80-foot frontages to be reduced to 65-foot fronts — provided no more homes with 65-foot front footages are built in the subdivision than would be with 80-foot lots.

The individual lot size savings, said Colwell, has been put into the improved park area. Restrictions will prohibit fences abutting in the park so that the open spaces remain.

A Highgate "on the Green" association composed of property owners has been formed to maintain the parks at an individual cost of \$3 to \$4 per month. The cost includes 20 cuttings of the 4½ acre park lawn, tree trimming, clean-up and maintenance. The individual homeowner will have one-third less lawn to cut, trees to trim and clean-up.

The subdivision planning and the architecture of the homes was inspired by the 19th Century New England towns where homes were built around a "commons" or "village green".

Three New England style model homes feature what Douglas Homes calls "the uncommon touch." The design of the homes incorporates a steep pitch roof, narrow 4-inch siding, generous use of bay windows, cove fireplaces, authentic louvers, box chimneys and strap hinge garage doors.

The three homes are the Wyeth, a 4-bedroom, 1½ bath, full basement Colonial with a 2-car garage. The home has a total of 1711 square feet and features a separate dining room and a 300 square foot family room with

fireplace and bay window. The home is priced at \$34,950.

The 5-bedroom Wallace is a split-level with 2200 square feet of living space. It features 1½ baths upstairs and ½ bath down, separate family room, dining room and sun deck. The price is \$30,950.

The Williamsburg, a Cape Cod ranch, is priced at \$28,450. It has three bedrooms, 1 bath and a full basement. The family room and cove fireplace adjoin an island kitchen with a bay window. A one-car garage is also included.

## Marihuana Cigarette Found in Shirt Pocket

A rash of relatively minor irritations plagued the Northville police department this week.

An assault and battery complaint was lodged by David Nichols, 22301 Napier, last Wednesday at Northville High School. Nichols was struck in the mouth by an unknown assailant as he was leaving school at 2:45 p.m.

According to Nichols he was leaving the building when three unknown students followed him down the hall and accused him of making vulgar signals with his hands. As he reached the door, one of the boys broke away from the group and slugged him in the mouth.

Nichols was taken by his mother, Mrs. C. Nichols to Annapolis Hospital in Wayne for stitches on a cut lip. He

was unable to describe his assailants.

On the same day a parked vehicle rolled into the plate glass window of Krogers store here. The auto was owned by Lowell Stafford of Ypsilanti, who said he parked his car just east of Dr. H. Lorne Dyer's office. The vehicle rolled downhill and smashed into the 43"x59" window.

Trouble of a different nature occurred Friday when Richard Ritchie of Northville Laundry and Cleaning discovered a marihuana cigarette in the pocket of a shirt. Ritchie told investigating Patrolman C. Martin that he was turning out the pockets to check for lint and loose tobacco when he discovered the cigarette, which was hand-rolled and appeared to contain marihuana.

## Louis Lanning Gets VFW Post

Appointment of Louis W. Lanning, 608 Reed Court, Northville, as National Aide-de-Camp, Recruiting Class, V.F.W., was announced this week.

In appointing him, Commander-in-Chief Richard Homan commented, "A successful membership campaign requires help from qualified comrades who are sincerely dedicated to V.F.W. principles."

"To promote the interest of a prospective member, leaders of our organization must have, among other qualities, knowledge, confidence, loyalty, dedication and enthusiasm. Membership strength assures us of the continued success of our many national and local programs, both for veterans and their families and for the communities of our nation."

"I congratulate Mr. Lanning for his membership support and because he exemplifies the highest principles of the members of our organization."

## Army General To Visit Here

Brigadier General Hal B. Jennings, Jr., who has been nominated by President Nixon to be surgeon general of the army, effective October 1, will be a mid-June guest here as he plans to visit Mr. and Mrs. F. S. Jennings, 4411 Eleven Mile Road, Novi, on his return from Vietnam.

A former Toledoan, he is Mr. Jennings' nephew. He also is a cousin of Stanley Johnston of Northville.

Mrs. Jennings will visit with him. They also were here before General Jennings left last year for Vietnam.

General Jennings' promotion carries a promotion to the rank of Lieutenant General. Born in Seneca, Michigan, he was graduated from Toledo schools and received his medical degree from University of Michigan, joining the army in 1942.

He was plastic surgery chief at Walter Reed Army Hospital and then commanding officer of Martin Army Hospital, Fort Benning, Georgia, before being sent to Vietnam.

**BURGLARY** — Novi Detective Sergeant Richard Faulkner is continuing his investigation this week of a burglary of the Lewis D. Crusoe estate home at Nine Mile Road and Center Street over the weekend. Crusoe was away at the time. Faulkner said the first and second floors of the large home were ransacked and an undetermined number of items were believed stolen. He said it would be difficult to estimate the loss until after the owner returns. Entrance was gained by ripping a screen and breaking a window near the front door.

## Cyclist Suffers Leg Fracture

It was all over but the pain for Charles Plumley, 291 Sherrie Lane, the moment he started to rub his eyes.

The cyclist lifted his hands from the handle bars, his Honda Super Hawk swerved into the curb and bounced against several trees along Eight Mile Road, east of Randolph.

Plumley was then taken to St. Mary Hospital Monday night for a compound leg fracture.

## SPEAKING for The Record

By BILL SLIGER

The concern over the status of some 900 acres of Maybury Sanitorium property and what the city of Detroit might do with it points up the crying need for a vehicle for improved communication, understanding and planning between the city, township and school district of Northville.

That vehicle should be an official body, possibly named the ICC (inter-community committee), which should meet regularly every month.

This is not an impulse proposal; and it is not for suggestion to create "just another committee".

In my opinion the ICC would be as important to the welfare of the total Northville community as any single elective body.

It should be composed of at least five, and possibly nine members.

Included should be representatives of the city council, township board, board of education, city and township planning commissions and the township supervisor, city manager and superintendent of schools.

Meeting the third or fourth Thursday of each month the group should elect officers, hire a paid secretary to take and submit complete minutes. These should be mailed to every member of the bodies which the ICC committee represents.

What would this committee discuss?

There are a thousand things. But first, and of foremost importance, a clear-cut communication line would be established. Information passed between bodies would not be left to a single person's interpretation, or a series of interpretations.

The school board's concern for rapid-growing areas and its ability to provide classrooms while maintaining a high-level curriculum could be outlined directly; the township's predicament of being swamped with development projects and requests for rezoning could be explained; the city's efforts to improve its business district to serve the township growth and the township's desire not to create direct competition for the city's central business district could be discussed; the hope of the city and school district that more industrial zoning might be established within the township could be explored; there would be no misunderstanding concerning the city's long-range plans for the fish hatchery property and what kind of cooperation is sought from the township and school district in development of the site; if the city-located township hall is pressed for parking places, the committee would get the story direct and take action to find a solution; if there's a piece of the Levitt development in the township hanging over into the city, the ICC would propose a solution; there'd be fewer rumors, more facts, better decisions.

The ICC wouldn't dilute the identity or authority of any of the three individual units. It would merely provide a better basis for understanding between them.

\*\*\*\*\*

A case in point to support this need was the recent meeting in Northville between officials of Detroit and representatives of the township, city, school board and Northville Area Economic Development Committee.

Long-range development of the Maybury property under discussion was viewed quite differently through the various local representatives.

Township Supervisor Gunnar Stromberg sees the tract as residential — townhouses and single-family units ... or possibly as a state park where vacationers from throughout the country visiting the sights of Detroit would station their trailers for up to two weeks.

Other community representatives see a park, including a golf course, an area for homes and a small commercial center, plus an industrial development.

Detroit officials don't care what happens to the property. They just want \$3 million to balance their budget.

The upshot is that the township's planning consultants, Vilican & Leman, have been directed by Supervisor Stromberg to come up with a proposed plan for development of the beauty spot.

What happens eventually is anyone's guess. It's reported that several developers have already offered the \$3 million for the property. But it will go up for public bidding, unless the local governments can come up with a proposal that could convince the Detroit common council to waive bids and in a gesture of cooperation sell to the Northville community at a figure around \$3 million.

There's a good chance state and/or federal funds are available for a portion of the acquisition if park and recreation development is proposed.

While on this same subject — community planning and cooperation — I hope city officials look carefully at the application of Vilican & Leman Associates when they consider retaining new planning consultants.

Personally, I do not hesitate to tread where we're uninvited and stamp a seal of approval on this firm.

Not only is it logical that the city and township should employ the same planning consultants, but George Vilican has demonstrated on many occasions his ability to translate planning intricacies so that they are logical and easily understood by concerned, and sometimes, hostile audiences.

I can think of no other area of greater importance to the community of Northville in the immediate future than good planning — undertaken cooperatively.

## Readers Speak

# Trustee Mitchell Blisters Critic

**EDITOR'S NOTE** — Two weeks ago Eugene Guido, chairman of the township police study committee, severely criticized the township board for hiring a police officer for \$9,500 per year by a 4-2 vote. Trustee Richard Mitchell was the chief target of Guido's attack. Trustee Mitchell answers Guido in the following letter.

To the Editor:

Mr. Guido's comments in the Northville Record May 22, 1969 are deliberately misleading concerning the action of our township board when we appointed a full time police officer. The true facts are as follows.

Our police officer was not hired by this action, but in fact, has been a part time employee whose status was merely changed to full time when the need arose and he was given a justifiable living wage. Why? Because the citizens of our township demanded enforcement of ordinances (which the township board had passed and for which the township electors had voted). Instead of being forced to wait, two to four days or even longer for action to be taken by a part time officer.

Guido's statement: "The board's action hiring a police officer is a slap in the face to the citizens asked to serve on the police study committee," is erroneous.

The action of the board to increase one employee's hours should not have any bearing on the study committee.

The State Police and Sheriff Department does not make it a practice of enforcing local ordinances on regular patrol. That would mean, no township ordinances would be enforced. If this was the case, in my opinion, our township ordinances would not be worth the paper they're written on and it was a waste of time passing them.

Guido stated in that article, "I am incompetent and stupid." When I ran for office, I made it very clear that I was in favor of township government and I was elected with the highest vote given to any candidate for trustee. This indicated to me that our people also believed in township government. I have kept this mandate in mind and have, and will continue to vote in this manner until the people of our township decide that they do not desire these services and do not wish our laws to be enforced. If Guido wishes to push us into becoming a city, calling me names in the newspaper is a stupid way to do it.

A member of the previous police study committee who was present at the April first township board meeting said that, "If we put on a full time officer the state police would withdraw their services." This conversation is on record in the township hall and this

statement was loudly concurred with by Guido at that meeting.

The truth is, as Guido well knows, is that the State Police WILL NOT withdraw their services and I have letters from them to prove it.

The Northville Police Chief said, "It would be assinine for them to put

one man on full time in the township because, after the city officer was off duty, citizens would be calling the city police department for an officer and the city could not supply one.

In the case of the township officer, the township police vehicle is equipped

Three Emmy's, television's highest award, were won Sunday night by the original drama, "The People Next Door," which appeared last October on CBS Playhouse. The following review was written immediately following the production that focused on a crucial problem of our times.

"CBS Playhouse" launched its second season last week Tuesday with J. P. Miller's drama, "The People Next Door." And if the first production is any indication, "Playhouse" will once again reach the television pinnacle as the best dramatic series of the year.

Miller's drama came on like a visceral nightmare, clothed in the garb of Every family. It was a trip for every parent watching into the unreal world of long hair, guitar plunking, incense, dope and perversion. It was a trip that every parent could be taking, except...

By name alone, Miller indicates as much — "The People Next Door." That's the story. It always happens to the other guy. Only his kids go way out, get hung up in a uptight situation. Ours? Hardly. That is, until "The People Next Door."

The drama centers around middle class parents (Lloyd Bridges and Kim Hunter), who, for all intents and purposes, are regular people. They have a nice home. They provide their kids with all the advantages. Maybe Bridges is a little too boisterous. Maybe he slaps too many fannies and drinks a little too much. But then, everybody's entitled to a few excesses.

Overnight, life in this middle class household, this bedrock of our society, is torn apart. Whereas son Artie resorts to guitar strumming and hippy dress, and irritable father and his dream of respectability, daughter Maxie, that 16-year-old paragon of virtues, that sweet innocent girl, takes a trip on LSD.

Lying on her confessional bed, Maxie, played brilliantly by Deborah Winters, lays open her sordid life of dope, sex and perversion and spurns the phony life of her parents as they stand dumbfounded at her bedside.

Still, she is not beyond the pale. Her life can be retrieved. But where she yearns for honesty, love and understanding, she receives from her parents only weak-kneed excuses and evasive answers that in no way satisfy her emotional demands.

The pitiful fact is mom and dad are emotional cripples. They cannot understand their daughter or son because they are unwilling to understand. Rather than painfully admit their shortcomings, they simply cast about for excuses, anything that will sustain their life of pretension. They are unwilling to admit, for instance, that dad has been unfaithful, that their marital life is a shell of its former self.

Miller doesn't leave off with impaling mom and dad on the thorn of truth. His message goes beyond a middle class family and its values and galls full weight on society, or "the establishment" as some call it.

The message is conveyed through inclusion of "The Family Next Door" — a teacher and his alcoholic wife, who liberally spray praise over their college son. What else? He is an 'A' student in pre-law and can do no wrong.

He is also the contact, the middleman who sells dope to Maxie. When the truth is discovered, his teacher-father turns him into the police. But the son finds a loop-hole in the law and is freed by the society which he condemns.

Ironically, it is Maxie's father — the symbol of that society — who finds himself condemned by society, after he tries to strangle the boy next door. Bridges is taken into custody and booked on assault.

## Familiar Scene

Far and away Northville's most accident-prone corner, Main and Center streets was the scene of another two-car crash Monday. The crash was identical to previous crashes: a south-bound car making a left-hand turn, a north-bound car coming up over the crest of the Center street hill. Fortunately, neither of the two women drivers were hurt, but Mrs. C. D. Anderson's north-bound car incurred damages estimated at \$1,200. Nearly two years ago the Northville city council voted to prohibit left turns onto Main street by south-bound cars on Center. The city manager reports that the Wayne county road commission is still trying to determine the type of sign to erect. We think it should read: "NO LEFT TURN".

The "testing area" sign should have been warning enough but I blindly followed my host, Robert Froelich, up the stairs and into the experimental laboratory where strange things are happening.

Bob's vice-president of the Northville Board of Education by night, an executive for Oakland County Community College by day. Enamored by the college's unique student-oriented learning process, he showed me about the Orchard Ridge Campus Friday, explaining how students there do most of their studying on their own and with only a minimum of classroom instruction.

At Oakland the instructor is secondary to the learning process; he serves only as a stimulus.

Anyway Bob's tour seemed to naturally gravitate towards the testing area where, upon introducing me to the overseer of the unique experimentation, it occurred to my host that the best way to explain what the testing was all about would be for me to

sample a quiz. So before I had time to politely excuse myself they pushed me to the starting gate.

Pointing to a crooked line on the floor, they asked me to walk to the end of it, heel to toe, and back to the starting point. It was obviously a sobriety test ... and I swear I hadn't touched a drop.

Whether I passed or failed the test was never satisfactorily explained. But judging by the snickers of a student monitor who watched the exhibition on closed circuit TV it must have been a miserable attempt. I walked the line and returned, naturally skirting a chair that someone forgot to remove from a portion of the line.

The chair, it turned out, was purposely placed in my way. Some people, I was told, remove the chair while others step over it. My action in walking around it apparently meant I'm inclined to ignore a problem rather than solve it. Which pretends, says my wife, why I pretend not to notice that

the grass of our lawn is ankle deep.

Next I was asked to belly up to a table, topped by a sheet that screened testing apparatus on the opposite side. The object here was to stick my hands through a slot in the sheet, feel the location of three pegs with my left hand, and to duplicate a similar peg arrangement with the right hand.

It was a case of my right hand not knowing what my left was doing. (My left hand has never been very bright and my right is even less intelligent. It takes both of them to drive a nail — one to raise the hammer and the other to raise blood blisters).

Finished, I peeked at the right's handiwork. It was disgraceful. While the left had been caressing a triangular peg arrangement the other had been inventing new geometry.

The coup de grace was still to come.

They served up a platter of building blocks, mixed them up and then asked me to reassemble

them in something like 90 seconds. It was a mistake even to attempt it. After five minutes of fumbling that indicated probably that I was an imbecile, Bob and the embarrassed overseer suggested that since working with my hands obviously wasn't my thing I probably would do very well on conventional intelligence tests. Fortunately, they didn't pursue the matter because ordinary intelligence tests scare the dickens out of me, too.

What's the purpose of these new experimental tests?

"By testing a student and learning about his study habits and psychological makeup we hope to be able to assign him to an instructor with whom he can best assimilate."

Which means, naturally, that instructors eventually must take the tests, too.

All of which led my wife to conclude later, "Can you imagine the instructor they'd have to marry you up with? He'd have to be a high school dropout."

# Spring Commencements Focus on College Grads

JEANNE S. BARNES

Jeanne S. Barnes, daughter of Mrs. Constance L. Barnes, 860 Allen Drive, is a June graduate of Grace Hospital School of Nursing. She was graduated in ceremonies last Friday and received her cap June 2. She is a 1966 Northville High School graduate.

★★★

Lucinda Ann Masson of Northville is one of 250 candidates for bachelors degrees at Alma College's 82nd year Commencement on Saturday, June 14.

Miss Masson, a 1965 graduate of Redford Union High School, is the daughter of Mr. and Mrs. William Masson of 977 Novi Street.

Principal speaker at the Alma Commencement, which begins at 11 a.m., is Dr. William B. Boyd, president of Central Michigan University and former dean of the faculty at Alma College.

Other addresses at Alma's Commencement Week programs will be given by the Rev. Dr. Carl Gordon Howie, minister of Westminster Presbyterian Church in Detroit, and Gilbert H. Davis, president of the Michigan State Bar Association.

Dr. Howie will speak at the college's Baccalaureate service on Sunday, June 8. Davis, an alumnus of Alma College, will speak at the Honors Convocation on Wednesday, June 4.

★★★

Susan A. Balkwill, 46141 Pickford, received a bachelor of arts degree at the University of Wisconsin's June commencement Monday.

Lynn Anita MacDermid, daughter of Mr. and Mrs. William MacDermid, 44050 Stassen Street, was graduated from Hillsdale College June 1, receiving an A.B. degree in sociology. She is a graduate of Northville High School.

Commencement speaker at Hillsdale was U. S. Senator P. Griffin, who discussed the "constructive and refreshing aspects" of college and university student unrest, but cautioned that he and fellow legislators are undertaking an in-depth investigation of Students for Democratic Society (SDS) and "other extremist groups which have been involved in campus disorders."

Bachelor degrees are scheduled for more than 2,950 students, while about 1,100 are scheduled for higher degrees and 235 for law or medical degrees. The graduating students come from homes in 370 Wisconsin communities

throughout the state, from 47 other states and the District of Columbia, and from 61 foreign lands scattered throughout the world. The 1969 June commencement brings to over 183,000 the number of degrees granted by the University of Wisconsin at Madison during its 120-year history.

★★★

Two undergraduate degrees were awarded Northville students at Saturday's commencement exercises at Central Michigan University. The ceremony was held in the University's Alumni Field with CMU President William B. Boyd presiding.

The commencement address was delivered by James L. Farmer, assistant secretary in the U.S. Department of Health, Education and Welfare. An honorary doctorate of public services degree was conferred upon Farmer, a founder of the Congress of Racial Equality (CORE).

Among candidates for degrees from this area were Arthur Forth, of 727 Thayer Blvd., who received a B.A. degree in business administration. Also, Mary Lou Langtry of 712 Thayer received an undergraduate degree.

★★★

Twelve students from Northville were among the 4,585 to receive degrees at commencement exercises Sunday at Michigan State University.

The degrees were awarded by MSU Acting President Walter Adams, following an address by Dr. Calvin Hastings Plimpton, M.D., president of Amherst College in Massachusetts.

The students receiving degrees from this area included Richard A. Hart, 945 North Center, B.A. in personnel administration; Rosalyn Lee, 42250 West Eight Mile, B.S. in retail textiles and cloth; Bonnie Martin, 50285 West Seven Mile, B.A. in the educational intern program; Janice Mattison, 39861 Six Mile, B.S. in mathematics;

Gail Nirider, 985 Grace, B.A. in history; Jeffrey B. O'Neill, 18414 Jamestown Circle, B.A. in social science; Frederic Barnes, 20248 Woodhill Drive, B.S. in landscape architecture; Paul Schleicher, 18493 Jamestown Circle, B.A. in financial administration; and Lynn Tipton from Northville who received her B.A. in English.

Graduating with honors were Denise White, 22000 Haggerty, with a B.A. in English and Marjorie Cook, 38176 Tralee Trail with a B.A. in accounting.

Also receiving a degree was Gale Fones, 23872 Lebest in Novi. She was awarded a B.A. degree in the educational intern program.

★★★

Margaret Kupsky Messer, daughter of Mr. and Mrs. Floyd Kupsky, 318 Yerkes, was graduated June 1 "cum laude" from Marshall University in Huntington, West Virginia. She received an AB degree in art education from the university's teachers college.

A student must maintain a 3.3 to 3.6 standing on a 4-point basis at Marshall to earn the "cum laude" designation.

Mrs. Messer and her husband, Glen, now are with her parents until they relocate.

**RUTGERS GRAD** — A Northville youth is one of eight Michigan students who are candidates for degrees at Rutgers State University on June 4. He is Michael W. Horner, 351 South Rogers, a candidate for an AB degree.

★★★

More than 300 Ferris State College students, including one from Northville, were honored by the college Wednesday, May 21, for academic excellence. Fifty of the group received special academic awards at the 11th annual Academic Honors Banquet.

Speaker for the evening was Marilyn Jean Kelly, former vice president of the State Board of Education, who urged these "excellent students to inform themselves of political, religious, and educational innovations and to participate in these activities."

The students were recognized for their academic achievement by Ferris President Victor F. Spatthelf and vice president for instruction Robert Hoxol. The academic awards were presented to the students by the academic deans.

The student honored from Northville was Charles O. Somers, who received a Merck Award for pharmacy.

★★★

A record 1,301 students graduated from Marshall University. Of these, 95 were honored Summa Cum Laude, Magna Cum Laude, and Cum Laude.

Commencement speaker was the Honorable Arch A. Moore, Jr., governor of West Virginia.

Those receiving honorary degrees at the 132nd Commencement at Huntington, West Virginia are Governor Moore, Charles Yeager, first man to break the sound barrier, and Sol Hurok, world renown impresario.

A Northville girl who received a diploma is Margaret Ann Lupskey Messer, A.B.

★★★

Gerald P. Clearman of Northville received a bachelor of science degree in industrial management at Lawrence Institute of Technology on Sunday, June 1.

A 1951 graduate of Cooley High School in Detroit, he received his associate degree in electrical and electronic technology from LIT in 1961.

He is a sales correspondent and liaison engineer for Numatics, Inc. where he has been employed for four years.

Clearman and his wife, Cecilia, live at 344 Sherrie Lane.

# Northville Man Ordained Catholic Priest Saturday

The Reverend Dennis M. Fallon, a 1959 graduate of Northville High School and a June graduate of nearby St. John Provincial Seminary, was ordained a Catholic priest Saturday, June 7, in Blessed Sacrament Cathedral, Detroit, by John Cardinal Dearden, archbishop of Detroit.

He offered his first Mass on Sunday in Our Lady of Victory Parish here at Thayer Boulevard and Orchard Drive.

Son of the late Mr. and Mrs. Henry M. Fallon, Father Fallon attended the University of Michigan following his graduation from Northville High School. He entered Sacred Heart Seminary, Detroit, in September 1961.

He graduated with honors, summa

cum laude, from Sacred Heart in June, 1965 and has pursued a four-year course in sacred theology at nearby St. John's. He received an M. A. degree in theology from the University of Detroit.

Oldest of three children, Reverend Fallon's sister is in the Sisters of St. Joseph, Nazareth, Michigan (Sister Elizabeth Fallon), and his youngest sister, Kathleen, is a high school senior at St. Joseph Academy in Adrian.

While a student at Northville High School, he was active in basketball and tennis. His family were members of Our Lady of Victory.

During the past year Father Fallon was a deacon in service at Our Lady of Sorrow Parish in Farmington.

# Record Enrollment Seen

Schoolcraft College, anticipating a record enrollment in excess of 5,300 students this fall, is getting a strong assist in that direction from seniors who will graduate next month from eight public high schools in the college district.

According to records of the college Admissions Office, applications from college-bound high school seniors have increased more than 27-percent over the figure for the same time last year.

"We've had applications from 960 high school seniors in the college district," said Director of Admissions Barbara Geil. "At this time last year our records showed 753 applications. Granted that the combined graduating class is larger this year, the earlier action by the resident college-bound student is encouraging."

Total applications received from all prospective new students is 1,957, an increase of 273 over last year, according to Miss Geil. Of these, the college has accepted 1,404 for admission in the fall.

OBITUARIES

Izetta VanHorn Succumbs

Mrs. Izetta Cavell VanHorn, 312 West Main Street, a lifetime Northville resident and one of the community's first telephone operators, died June 6 at Meadowbrook Nursing Care Facility at the age of 79 after an illness of five months.

Mrs. VanHorn and her first husband, the late Dr. Edwin Brooks Cavell, a well-known veterinarian, had one of the first cars in Northville.

Funeral services were held Monday at Ebert Funeral Home with the Reverend Lloyd Brasure of Northville First Presbyterian Church, where Mrs. VanHorn was a member, officiating. Interment was in Rural Hill Cemetery.

Pall bearers were Edwin Brooks Cavell III of Plymouth and Elton R. Eaton II, both grandsons; Richard Palmer of Plymouth and Edward Jonanson of Doughton, New York, both grandsons-in-law; Max VanHorn of Garden City and Harry VanHorn of Royal Oak, both step-sons.

Mrs. VanHorn was born here October 1, 1889, to James and Ida Mae (Garfield) Cook. She married the late Dr. Cavell May 23, 1907, in Windsor, Ontario, Canada. They celebrated their golden wedding anniversary the year before Dr. Cavell died. He had practiced veterinary medicine in the Northville area for more than 50 years.

Mrs. VanHorn married LaVern VanHorn in February, 1962. He died May 7, 1969. He was the brother of the late Mrs. Elton R. Eaton, Mr. Elton Eaton was a former owner of The Northville Record.

Mrs. VanHorn also was a member of Mizpah Circle, King's Daughters; Northville Woman's Club; Northville Branch, Woman's National Farm and Garden Association; and was a former board member of the King's Daughters home in Redford.

She is survived by a son, Dr. Edwin Brooks (Ted) Cavell, Jr., Tawas City; two daughters, Mrs. Robert (Marilyn) Casady of Novato, California, and Mrs. Sterling (Ida Rose) Eaton of Plymouth, whose husband was publisher of the Plymouth Mail. She also leaves seven grandchildren and eight great grandchildren.

MRS. IDA M. AVERY

Funeral services were held Saturday for Mrs. Ida M. Avery, 84, who died June 4 at her home in Ypsilanti. She, and her late husband, Stephen Avery, lived on Six Mile Road in Salem before moving to Ypsilanti in 1930. He died June 26, 1939.

Mrs. Avery was born December 28, 1884, in Dundee to Harvey and Lucy Eads Briggs.

She leaves three sons, Henry G. of Milan, Elmer O. of Salem, Edwin of Whittier, California; three daughters, Mrs. Edith Harcourt of Adrian, Mrs. Ida M. Parker of Ypsilanti, Mrs. Newton (Eleanor) Ammerman of Ypsilanti with whom Mrs. Avery made her home. Also surviving are 37 grandchildren, 80 great-grandchildren and two great-great-grandchildren. A son, Noel, preceded her in death in 1967.

The Reverend William R. Shaw

Mrs. Izetta Cavell Van Horn

officiated at services at Stevens & Bush Funeral Home with burial following at Rural Hill Cemetery, Northville.

O. EDWARD MCGINNIS

After an extended illness, O. Edward McGinnis, 66, of 24193 Willow Brook Drive died on June 2.

As a retired milk distributor Mr. McGinnis and his wife, Dorothy Drew McGinnis, lived for 10 years in the Novi community.

Funeral services were held on June 5 at 10 a.m. in the Thayer Funeral Home of Farmington with Father John J. Wittstock of Our Lady of Victory Church in Northville officiating. Burial was in the Holy Sepulchre Cemetery.

Survivors include wife Mrs. Dorothy McGinnis and three children. They are daughter Mrs. Donald Moore of Akron, Ohio, and sons James McGinnis of Pontiac and Donald McGinnis of Ft. Lauderdale, Florida.

Mr. McGinnis also left one brother, Herman McGinnis of Livonia, one half-brother, Victor Perkins of Roseville, and eight grandchildren.

MINA KENNEDY

Mrs. Mina Kennedy, the mother of Mrs. Charles (Onita) Carrington of Northville, died Sunday after an illness of three years. Originally from Livonia, she was 76 years old.

Mrs. Kennedy was born on November 30, 1892 in Peck, Michigan. Her parents were John Moriarty and Mary Jane Gates. She was preceded in death by her husband, Claude Roy, who died in 1967. Recently she had

been living in the Ardmore Nursing Home.

Among the survivors is one sister, Mrs. Jennie Reis of Bradenton, Florida. Others included four children, two sons and two daughters. They are Mrs. Onita Carrington of Northville (injured seriously in an automobile accident last week), Mrs. Lenore Rabout of Livonia, Stanley Kennedy of Detroit and Glenn Kennedy of Walnut, California. She had nine grandchildren and four great-grandchildren.

Throughout much of her life, Mrs. Kennedy was a member of the Redford Presbyterian Church. The Reverend Adam J. Westmass from that church will officiate at the funeral. It will be held tomorrow, June 13, at 1 p.m. in the Casterline Funeral Home. Interment will be in Rural Hill Cemetery in Northville.

JOHN STARKWEATHER, JR.

John Douglas Starkweather, Jr., 32, died June 4 in California from injuries suffered in an automobile accident. He was the son of Mr. and Mrs. Douglas Starkweather of 22949 Novi Road.

He was a mechanical engineer, a graduate of Yale University. He had lived in Newport Beach, California, for the last six years and had achieved an outstanding record in racing sailing yachts.

He was born in Detroit, November 25, 1936. His family moved to the community while he was in college.

In addition to his parents he is survived by his sisters, Susan, Betsy and Nancy.

Services were held in Newport Beach last Friday.

NINA B. PARKER

Mrs. Nina B. Parker, 89, died Sunday at the White Hall Nursing Home. She had been ill for two years and lived in the nursing home since March 11, 1968.

Formerly of Williamston, Michigan, Mrs. Parker had lived 75 years in the community. A housewife, she made her home at 49600 Pontiac Trail in Wixom. She was a member of the First Baptist Church of Wixom.

Pastor Robert Warren officiated at the funeral services which were held Tuesday, June 10, at the Richard-Bird Funeral Home in Walled Lake. Mrs. Parker was then buried in the Oakgrove Cemetery in Milford.

She leaves one daughter, Mrs. Everett (Eula) Pearsall of Wixom. The family suggests memorials be given to the First Baptist Church of Wixom Building Fund.

Chance Meeting Ends Search for Suspect

Coincidence led to the arrest last week of a Warren fraudulent use of a card on a charge of fraudulent use of a credit card.

Novi police had been searching unsuccessfully for Arthur W. Palenkas, against whom Homer Whitfield, president of Condeco Automation of Novi had filed a complaint. Palenkas is a former Condeco employee.

Then a week ago while on business in Buffalo, New York a Condeco field representative spotted the wanted man, informed his home office, and Palenkas was arrested by Novi police as he stepped from a plane at Wayne County Metropolitan Airport upon returning.

Palenkas was arraigned immediately before District Judge Martin Boyle and an examination was set for June 20. Meanwhile, Novi police have turned the suspect over to the

Roseville Police Department which also has a fraudulent charge against him.

District Court

Three men paid fines totaling \$273 in Judge Dunbar Davis' district court June 3.

Cloyse Montgomery, Lincoln Park, was fined \$128 on a reduced charge of driving while his ability was impaired. He was ticketed May 31.

Eddie Howard, Hawkinsville, Gea, paid \$48 on a charge of careless driving causing an accident and \$28 for having no proof of insurance. The charges stemmed from an accident May 26.

A Detroit man, Clinton Huggins, was fined \$28 for driving without a license, \$28 for improper license plates and \$13 for speeding. He was ticketed May 26.

Flag Salutes Draw Praise

To the Editor:

In this day when so many people believe that patriotism is "old hat", and disrespect for the American Flag seems to be coming fashionable, it was with a deep sense of appreciation that I noted that our Northville policemen do not share these feelings.

I've participated in or watched hundreds of parades, but never have I seen every policeman salute the Colors as did the Northville policemen during our Memorial Day parade. Obviously to them patriotism and the Red, White and Blue still has real meaning.

I salute them, and may our Flag wave forever!

## Merchants Grab First Season Win On Two-Out Triple

A two-out, bases loaded triple in the bottom of the seventh gave the Northville Merchants their first victory of the season Saturday — a 7-6 decision over Village Rambler.

In the second game of the double-header, however, Hubert Realty of Livonia defeated the local nine on a one-hitter.

After taking a 4-2 lead in the fourth inning over Rambler on three walks and three singles by Jerry Imsland, Chris Holman and Jim Carron, Hurler Bob Chidester ran into some control problems and by the last half of the seventh VR led, 6-4.

In that decisive seventh, Ray Thibodeau walked, Don Cuicchi, leftfielder from U of D stroked a singled, and Holman walked to load the

bases.

That's when Bob Abrahams, Merchant third baseman from Port Huron Community College came to bat. He took two strikes and then smashed his three-run triple.

Bill Diemer, who pitched 1 2/3 innings of hitless ball, was credited with the victory.

### Fires Hole-in-One

David Utzinger of Dearborn fired a hole-in-one Monday evening at Brooklane Golf Course — the third ace carded there this year.

Utzinger used a six iron to hit the ball 160 yards into the seventh green cup. His shot was witnessed by John Wortman.

## Coach Redmond Elated

# '70 Looks Bright for Mustangs

Northville Track Coach Ralph Redmond, with the 1969 season behind him, couldn't be happier as he looks forward to the '70 season.

A majority of his young thinclads, who helped post a 6-2 record in the Wayne-Oakland League and an 8-7 overall record, will be back next year tougher than ever — and that's enough to make any coach beam.

Redmond's losing only four seniors. These include Phil Kennedy, Greg Marshall, Glen Heffner and Fred Hicks.

Because they were able to get a jump on many teams in early practice, the Mustangs scored two surprising and important showings early in the season — sixth in the Huron Relays and fifth in the Spartan Relays.

As the season progressed, however, and the "other teams started coming along we lost our early edge," admits the coach. Nevertheless, the early fine showing proved to be an impetus for his thinclads and they were able to perform better than might otherwise have been expected in view of strong competition.

"It was a good season," he says, "and we should have a real fine team next season with a lot of experienced juniors and sophomores." Redmond will build his '70 squad around two or three underclassmen and seven seniors. The 1970 seniors will include Brian Dyke, Paul Bedford, Richard Lamp, Brian Myers, Dave Veresh, Jeff Dawson, and Jim Armstrong.

Recently elected co-captains of the

'70 squad were Paul Bedford, a co-captain this season; Brian Myers, who "improved a good deal" in shot this season; and David Wright, a first-season product who cut his season start in the half mile from 2:27 to 2:06.9 by season's end.

The Most Valuable Award was voted to Sophomore John

Stuyvenberg, who over the course of the past season garnered 164 varsity points — the second highest in the history of the school — and he did it despite missing two meets because of an injury. The record was set by Tom Darling, now a coach, at 169 points.

Greg Marshall was elected the Outstanding Senior. Marshall holds the

880 yard run record (2:00.1), set the 440 record this season (51.4), and was the anchor leg in the high school's record relay team (3:30.7).

The Most Improved player award went to Fred Hicks, whose '68 best put was 46'10" and whose best effort in '69 was 51' 3" — another school record.

## Thinclads Take First, Fourth

In their final competition of the season, Northville's upperclassmen took fourth in the W-O League track meet while the underclassmen took first place.

The upperclassmen finished behind first-place Milford (host team), Bloomfield Hills Andover, and West Bloomfield. The Redskins garnered 63 points, the Barons 46 points, the Lakers 40 points and the Mustangs 36.

In fifth place with 17 points was Kettering, followed by Clarkston (6), Brighton (4) and Clarenceville (0).

Big gun for Northville was John Stuyvenberg who collected 15 of the Mustangs' 34 points — the best individual performance in the history for Northville in the league meet.

Stuyvenberg set a new league record in the long jump (21' 1 1/4") even though it wasn't his best of the season. Other results included:

440 yard run — Greg Marshall, first with a new school record (51.4) held previously by Dick Biery who posted his record mark in 1957.

100 yard dash — Stuyvenberg was barely edged out of first by Don Smith of Milford as the two finished at 10.3 and 10.3 plus.

220 yard dash — Once again Smith edged out Stuyvenberg for first, 23.3 against 23.3 plus.

5 mile run — Phil Kennedy ran his best race of the season but finished second at 4:39.9.

Two mile run — Rick Bell finished fifth at 10:28 flat.

880 yard relay — (Glen Heffner, Dave Mitchell, Greg Marshall, and Stuyvenberg), second place at 1:34.0.

High jump — "The real surprise for us"

was a fourth-place tie between Rick Pickren and Jim Armstrong at 5'6".

Shot put — Fred Hicks, third at 49'7".

\*\*\*\*\*

The underclassmen (involving no seniors or varsity players who scored a point fraction in earlier league meets) scored 66 points to lead second place West Bloomfield (57) and third-place Clarkston (51 1/2) at Clarkston.

Here's the results:

Long jump — Jim Darnell, second (17' 8").

Shot put — Richard Ruland, fifth (37' 7").

Twomile — Richard Lamp, first (10:41), and Guy Dixon, second (11:04).

880 yard relay — (Robyn Byrge, Dave Veresh, Brian Dyke, and Jim Darnell), third (1:40.3).

5 mile run — Paul Bedford, first (4:51).

High hurdles — Veresh, first (16.8).

880 yard run — David Wright, first (2:07.8) and Phil Guider (his best time, 2:09 flat), second.

440 yard run — Brad Cole, first (55:3), and Greg VanDrie, second (55.4).

100 yard dash — Dyke, fifth (11.4). Dyke and Robyn Byrge, however, ran the fastest preliminary time at 10.7, but Byrge came up with a pulled muscle and Dyke tightened up in the last 30 yards of his race.

Low hurdles — Veresh, first (21.9).

220 yard dash — Darnell, fourth (25.1), and Dyke, fifth (25.3).

5 mile relay — (Paul Bedford, VanDrie, Brad Cole and Wright), first (3:43.0). Wright ran the best and most exciting leg, taking the baton seven yards behind the leading Clarenceville thinclad and overtaking him in the last turn.

## Local Athletes Star

# 2,500 Compete in Olympics

Several area students streaked to track victories in the seventh annual Kiwanis Junior Olympics at Walled Lake Saturday.

Two of them — Jim VanWagner and Rick Gault of Novi — won the coveted Horace Hatfield Trophy awarded to the six outstanding competing boys.

Sponsored by the Walled Lake-Wixom-Novi Kiwanis Club, this year's event attracted the largest field of competitors in history — 2,500 boys and girls from more than 20 elementary and junior high schools.

Thousands of fans turned out, too, reported Kiwanian C.A. "Sonny" Behm. "The club would like to thank all of the physical education teachers, coaches, students, and everyone who helped make our annual junior olympics so successful. Without their wonderful assistance our club couldn't have a project of this type," he said.

Behm noted that several jackets, coats, etc were left at the stadium and that those missing these items should call 624-3568.

Among the other local competitors and schools that did well Saturday

were:

Orchard Hills placed second in the elementary shuttle relay for girls; the elementary shuttle relay team for boys from Orchard Hills (Jeff Pelchat, David Piotrowicz, Rick Gault and Mike Collins) took first place, while Loon Lake took fourth.

In the same event for junior high girls, Novi took second, while the boys from Novi took third.

Of the competing junior high girls, only one — a girl from Clifford Smart Junior High School — managed to break an existing record.

Three junior high boys from Novi however, set new marks this year. They are: Jim Wilenius, Class A 75-yard low hurdles (9.6); Jim VanWagner, Class B high jump (4' 11"); and Larry Eggleston, Class C 880 yard run (2:16).

Among the other outstanding local junior high girl competitors were: Kim Polak, Harriet Needham, and Debbie Cox, 50-yard dash; Kathy Radtke, 100-yard dash; Ellen McLaughlin, Natalie Hare, and Deanne Hildebrand, low hurdles;

Carol Padgett, Kim Polak, Karen Lukkari, Deanne Hildebrand, and Kathy Marick, 220-yard dash; Carol Polak, Carol Padgett, Candy Beach, Marsha Price, Dawn Crowell, and Peggy Morrison, softball throw;

Carol Padgett, Deanne Hildebrand, Natalie Hare and Kathy Radtke, long-jump and Marsha Price, high jump.

Other outstanding boys were: Jim Wilenius, 100-yard dash; Steve Petchat, Pat Boyer and Tom Karch, 220-yard dash; Jim VanWagner, Jim Wilenius, and Gary Collins, low hurdles;

Jim VanWagner, Jim Cook, Gary Collins, and Pat Boyer, high jump; Jim VanWagner and Jim Wilenius, long jump; Gary Collins, shot put; Steve Lukkari and Les Branch, pole vault; and Steve Lukkari, Larry Eggleston, and Thurman Ridenour, 440-yard dash.

## Rain Washes Out Six Little League Games

Rain and wet fields forced postponement of six of the 10 games scheduled in Little League competition (major) at Novi last week.

Highlighting the four games played was a 25-3 bombardment of B&V Earthmovers by Wroten Brothers.

Gary Canfield was the winning hurler, adding a triple and a single at the plate. Rick Gault also tripled for the winners and Glen Gault came up with a double. But the big blow of the game was the three-run homer off the bat of Mark Orzechowski.

The Earthmovers took it on the chin again June 5 — but this time it was only by a two-run margin as Carl's X-Way took the contest, 11-9. Robert McMurray was the winning pitcher.

Mark Orzechowski came up with his second homer of the week for the Earthmovers, while Jeff Pickeral, Tim Reske, and Mike Roscoe added doubles

in the Earthmovers' losing effort. Thomas Goers doubled for the winners. Both teams came into the contest seeking their first win of the season.

Pink Builders took advantage of eight hits in blasting the Jayhawks, 19-3, as the winning pitcher, Dave Pitrowicz gave up six hits.

Doug Abraham and Kevin LaFleche doubled for the Jayhawks, and Larry Pink clubbed three doubles for the winners.

Both teams had only three hits June 6 as Novi Rexall edged Michigan Tractor, 3-1. Ed Brown garnered pitching honors.

Eric Hansor came up with two of Rexall's three singles, while Dennis Burnham added the third. Ken Beers doubled for Michigan Tractor and Sean O'Brien and Jeff Davey each cracked out singles.

## Moms Organize to Help Boost Novi Little League

A "Ladies Auxiliary" to help support the Novi Little League organization was organized last week, with the following officers elected:

Florence Pantalone, president; Diane Alexander, vice-president; Marcie O'Brien, secretary; Jacie Blackwell, treasurer; and Mary Davy, sergeant at arms.

Several projects aimed at helping the league have been started. A ladies softball team is being formed and all women (they need not have a son

playing in Little League competition) are invited to join.

Meetings are to be held each Tuesday evening, at 8 p.m., in the Novi school library. Women of the community are invited to join the organization but they are not expected to play ball unless they choose to do so.

Persons wishing additional information are asked to call Mrs. Pantalone (476-8580) or Mrs. O'Brien (474-7131).

HIGH JUMPERS — Novi's Liz Ruland and Jim Miller try clearing bar in Saturday's Junior Olympics at Walled Lake.

## 29 Novi Seniors Win Final Honors

Awards, honors and scholarships were presented to 29 members of the Novi senior class at the senior honors convocation Thursday.

The honor citations from 26 organizations were presented by their representatives to senior recipients during the annual recognition ceremonies.

Three awards for over-all achievement throughout their high school careers were presented to three senior boys. The single citation for perfect attendance was presented to David Bingham. Thomas Holmes received the Citizenship award and Gary Boyer was cited for leadership.

Recognition of achievement in special department activities was awarded a number of graduating students. Senior Thomas Holmes received both the English award and the journalism award. Judith Durling received the yearbook award and Melinda Needham, the art award. The Commercial award was presented to Marguerite Little, the dramatics award to JoEllen Steinberger and the homemaker award to Carol Thompson.

John Perkins received the industrial arts award and Rolf Parta received one in mathematics. Winners of the physical education citations were Joseph Morrison for the boys and Patricia Ling for the girls. Recognition in science was given to Marjorie Marque, social studies to Susan Vivian and speech to Katherine Vusick. Marjorie also received the John Phillip Sousa Band Award.

Along with the departmental awards there were seven different scholarships presented to graduating students.

Three grants from Alma College were presented to Judith Durling, Suzanne Gerou and Candice Zarish. JoEllen Steinberger was awarded the Novi Education Association Scholarship. The Evans Scholarship was presented to Jeffrey Adams and the Richard Erwin scholarship went to David Bingham and Joseph Morrison.

Nine students also received competitive scholarships. They are George Beach, Virginia Bosak, Judith Durling, Thomas Hildebrand, Thomas Holmes, Karen Jarmol, Marjorie Marque, Rolf Parta and Levon Taffarian.

Finally two scholarship awards were presented to Marjorie Marque. She received grants from both the Michigan State University Alumni and the Michigan State University Club of Oakland County.

Also at the honors convocation 23 seniors were recognized on the honor roll for maintaining a three-point (B) or higher average during their four years in high school.

Cited among the honor students were Jeff Adams, Leonard Beadle, Laura Beadle, Virginia Bosak, Virginia

Clift, Glenda Diem, Judy Durling, Patricia Erwin, Suzanne Gerou, Tom Hildebrand, Tom Holmes, Karen Jarmol, Marguerite Little, Marjorie Marque;

Melinda Needham, Cynthia Ortwell, Karen Padgett, Rolf Parta, John Perkins, Kent Smith, JoEllen Steinberger, Katherine Vusick and Candice Zarish.

The 30 students recognized at the honors ceremony represented a little more than half of the total number of students going on to school. In all 56 students from the Novi graduating class are planning to further their education at a college or university.

The list of college bound students shows a large number attending Oakland Community College. Among them are Renee Barnum, Randy Beach, Chris Bowman, Charles Colbeck, Robert Collins, Paul Faulkner, Tom Hildebrand, John Kaminski, Paul Lutz, Don Make, Melinda Needham, William Osborn, Andy Pantaleo, Barbara Politi, Jim Poole, Lee Snow, Sue Vivian, Ken Warren, and Charles Hatcher.

Eastern Michigan University claims the next largest group of students. Heading for Eastern are Laura Beadle, Lenny Beadle, Gerald Courtney, Dennis Galbraith, Thomas Holmes, Sandy Knoll, Karen Padgett, Joe Morrison, Donelea Rock, Kent Smith, JoEllen Steinberger, Jon VanWagner, and Kathy Winner.

Michigan State has also attracted a large number of graduates. Among them are David Bingham, Virginia Bosak, Virginia Clift, Pat Erwin, Karen Jarmol, Robert Kelly, Marjorie Marque and Kathy Vusick.

Four other state colleges have attracted Novi graduates. Barbara White and Cindy Ortwell will be attending Northwestern Michigan, Lev Taffarian is heading to Oakland, and Jeff Adams and Rolf Parta will enroll in the University of Michigan. Also, Alana Padgen will attend Ferris State College.

Deborah Auten will be attending Lawrence Institute of Technology. Gary Boyer, Judith Durling, Sue Gerou and Candy Zarish plan to attend Alma next fall. And Glenda Diem, Marguerite Little, Lyda Munro and Pat Tews are going to Cleary, while Patricia Ling will be attending Olivet Nazarene College.

## Class of '59 Plans Reunion August 16

A reunion of the Northville High School Class of 1959, — the school's first class to go by bus on a senior trip to Washington, D. C. — is being planned for August 16 at the Statler Hilton Inn in Ann Arbor.

Reservations are to be sent to Mrs. Richard Henderson, 40655 West Ten Mile Road, Novi. They are \$16 a couple or \$8 a single reservation. Those

now it's zoned R-1 and R-2, which would permit construction of about 1,825 single-family homes. This would produce more than 2,740 children, close to the present enrollment.

## Board Accepts 'Chemistry' Gift

While pondering if and how to accept an "earmarked" gift — in the case in question, an air conditioner for Northville High School students in chemistry classes to be used in the chemistry lab — Northville Board of Education members went from theory to fact as they learned the air conditioner actually had been installed for a month and was circulating fresh air regularly.

Eugene Cook moved that the air conditioner, which represented the donation of about 172 chemistry students, be a gift to the board of education to be left installed in the chemistry lab — with thanks from the board. The motion was passed with the board. Andrew Orphan the sole dissenter.

Supervisor Stromberg sees a slight reduction in the number of children and an increase in assessed valuation by permitting a mixture of townhouses with single family units. He suggested that a major developer might under take such a project.

(See "Speaking for The Record", page 10-A).

Other local officials suggested a mixture of open space area, probably to include a municipal golf course, some single family units with a service commercial area, and an industrial site.

They advanced the theory that state and federal monies might be available for recreational use. And Controller Klein admitted that "if part of the acreage is used for public purposes, we'd sell that part for a nominal price".

Stromberg called the prospect of an industrial development "wishful thinking". But he said that he had asked the township planning consultants, Vilcan and Leman, to develop a proposed plan for use of the area.

Meanwhile, Klein indicated that Northville had about 90 days to come up with a proposal. It's possible, he said, that public auction of the property would be waived by the common council if Northville offered a package for either total or partial purchase.

## Northville Approves Teacher Contracts

Contracts for three teachers for the 1969-70 school year, including one for the district's fourth and final intern, were approved Monday by the Northville Board of Education.

Michael White of Ann Arbor was hired for the high school at a salary of \$7,811. He has a year's teaching experience, a BS degree and expects an MA degree in August from Eastern Michigan University. His majors are math and physics.

Miss Sharon Payne of St. Clair Shores was hired as a high school replacement at a salary of \$7,475. She is a 1969 Wayne State University graduate with majors in Spanish and English.

Intern teacher is Mrs. Judith Pariseau of Detroit who is majoring in elementary education at Michigan State University and expects to receive her BA degree in 1970. Her salary is \$4,500.

experience was hired as an elementary replacement at \$8,162.

Jeree Bachelor of Farmington, who is to receive a BA degree from Michigan State University in 1970 in elementary education, was hired as a replacement intern teacher, fourth intern for next year, at a salary of \$4,500.

All were recommended by Superintendent Raymond Spear and unanimously approved.

## Car Wash Set Here by Jaycees

Northville Jaycees will stage a fund-raising car wash Saturday and Sunday, June 21 and 22, in an effort to raise money for their big July 4th community celebration.

The car wash will be held at Novi Road Robo-Wash, located next to the Pepper Tree restaurant. Prices will be 75-cents for wash and 25-cents for drying services.

Continued from Page 1-A

budget already was passed, Cook said he personally "wouldn't approve spending one cent more than approved."

The vote then tabled the question. Earlier the board had heard a letter from the City of Northville giving reasons it felt the levy should not be differential.

The city also accepted payment for the payment of the Taft Road assessment.

A budget report from Earl Busard indicated that the district shortly will end its year with 3/4 of 1 percent surplus. All major categories are in line with only such items as increased costs by Blue Cross going over, he noted.

Communications from the city included a response to the board request for paving of Base Line road to

take some of Center Street traffic. City Manager Frank Ollendorff said that the sealcoat would not be feasible but that more frequent grading would be done. The board instructed that a copy of the latter be sent the Northville Chamber of Commerce.

A summons from Oakland County Circuit Court indicated, Spear pointed out, that abandonment of the Barnhardt drain beneath the junior high property, which the district had sought, was going forward.

Regular board meeting for June 23 was cancelled because the amount of pending business does not warrant a meeting.

## DEADLINE FOR CLASSIFIED ADVERTISING

IS 5 P. M. MONDAY

Our want ads are better than  
ever

But the deadline for inserting a  
classified advertisement is also  
earlier than ever ... Monday at 5  
p.m. to be exact.

That's because all our want ads  
now appear in four newspapers ...  
The Brighton Argus, South Lyon  
Herald, Northville Record and Novi  
News.

Want ad users get this broad area  
coverage for a single low rate, 12  
words for \$1.25 (10 per cent less  
for cash).

You can place a fast-working,  
result-producing want ad in The  
Argus-Record-Herald and News  
simply by calling 229-9500,  
437-2011 or 349-1700.

But remember to do it before 5  
p.m. Monday.

IT ONLY TAKES ONE CALL TO PLACE A  
WANT AD IN THE  
RECORD—NEWS—HERALD AND ARGUS

What do you  
think of...  
when you  
see a Church?

To almost everyone, the sight of a slender steeple raised to the sky evokes certain emotions—awe, perhaps, nostalgia, maybe—the sense that by not going to church lately, you've been missing something!

Next time you see a church, take a good look... and let yourself really feel what you see. If that makes you decide not only to look at the outside but also to go inside, that will be all to the good. For no matter how lovely a home you may live in, it can't compare with God's House. If you open the door, you'll find that, no matter how long you've been away, the welcome is warmer and more wonderful than you'll find anywhere else.

## from the Pastor's Study

Rev. T. D. Bowditch  
Brighton Wesleyan Church

Communities throughout America today are suffering from an unprecedented crime wave, social upheaval, violence, and discord. The one who would deny this is not even aware of the fact that there is "a game on" to say nothing of what the real score is. Community leaders, school administrators, law-enforcement officers are concerned. But more than this, thoughtful parents are concerned. And well they may be since the key to the moral and social problems we are facing today are, in a large measure, in their hands.

The topic is a challenging one. Within it are certain implications that can scarcely be overlooked by those who have long since passed their teenage years. Despite what we may choose to call the "Generation Gap" no parent in America can afford to be content to take a position of pointing an accusing finger at the teenager and saying, "There is the problem."

Such a statement may contain an element of truth. However, the great truth that we must face up to is that within that teenager lies our greatest potential. It was only a few short years ago that astronauts Lovell, Borman, and Anders were in this category. It is believed that David may have been a teenager when he dared to accept the challenge of Goliath

and lead the armies of Israel to victory. Despite the protests of King Saul who reminded David, "thou art but a youth," he still had faith and confidence that as an instrument in the hand of God, he could turn defeat into victory for Israel. Daniel was still in the years of his youth when he used his influence and knowledge to reveal to a pagan king that "there is a God in heaven that revealeth secrets." Countless other names could be added to the list of youthful persons whose influences have been for truth and for righteousness and for God.

Perhaps a full understanding of the many issues at hand would convince us that youth can be challenged to high ideals and noble accomplishments if they are properly motivated by concerned parents. It is the firm conviction of this writer that when there are parents who have the concern they ought to have, then we will have youth who are thus committed. When James A. Johnston, for many years warden of Alcatraz Prison, that forbidding institution on a rock in San Francisco Bay that was closed a few years ago, was asked to comment on the crime rate in our country, he said: "The crime problem is a boy problem, and the finest prisons in the world are only monuments to neglected

youth."

David Wilkerson, in his book entitled Parents On Trial tells about a young man named Larry. Born and reared in a Midwest suburb, Larry and his family lived in a rambling English Tudor-style home with a three-car garage, cook, housekeeper, and a gardener. His father was an executive for a large manufacturing firm and had little time for his family, but provided well for their care and comforts.

Very early in life Larry became involved with the law and developed a crime record that included nearly everything from stealing automobiles to pushing narcotics. He spent several months in prison. One day, after spiritual and physical therapy, Larry received a letter from his father, a portion of which he shared with Mr. Wilkerson. It read "Received your letter and am happy to hear that you are getting along. I hope this is finally it."

Larry paused for a moment, looking at Dave Wilkerson very carefully, said, "It took him all these years to learn to care."

On another occasion Larry was heard to say, "I can't be sure what would have happened if my father had kept me at home, but I have a feeling if he had put his arm around my shoulder and said a few kind words and spent some

time with me, my life might have been a lot different."

It is just that simple. When we find concerned parents, we will find a committed youth. But it is not sufficient merely to be committed to idealism and high moral standards however fine they may be. This would be to build a house without an enduring foundation; an automobile without a motor; a tree without roots; a life without the necessary moorings. There must be that total commitment of the life to the One who said, "I am the way, truth, and the life."

It was the saintly Apostle Paul who, after many years of dedicated service to the Lord Jesus Christ, wrote to a young friend by the name of Timothy, "For I know whom I have believed, and am persuaded that he is able to keep that which I have committed unto him against that day." (II Timothy 1:12)

One of the great needs of every community in America today is parents who have a concern to the extent that they will set the pattern of true righteousness and godliness that will be a challenge to the youth of our day. The Bible distinctly and clearly teaches that one of the inevitable laws of human nature is: "Whatsoever a man soweth, that shall he also reap."

## Herald's Herald

By MARILYN HERALD

Okay girls get out your buckets and cloths and/or sponges. The spring cleaning isn't done yet. After you've prettied up the house, according to a recent news release, you are expected to take on that gas eating monster of the garage — the family car.

Here I am still up to my elbows in the winter dirt of four years ago. Each year as summer has overtaken me with the house only half safe from dirt, I have thrown up my hands and said well its too late for "spring cleaning" now. Come to think of it, I never get to it in the fall either.

Taking on the responsibility of our horseless carriage is just too

much. Apparently, we're not even to have the able assistance of the commercial car wash in this little endeavor because we're supposed to use a de-greasing agent which you mix in a pail of water. I doubt that you could pour it in the car along with your quarter at the do-it-yourself wash and trying to stuff it in those little hoses would be pretty difficult too.

I'm not about to feed it to the "Robo" either. It would probably give him indigestion. It's alarming enough to have him run around the car spouting water like a fire breathing dragon, without taking a chance on him regurgitating his new diet all over

the windshield.

This news directive, which obviously came from the de-greasing producer, says be sure to clean the underside of the car to remove mud, salt, etc. That sounds logical but how do you do it if you don't patronize a car wash? A bucket of water and a swab just doesn't appear to be the answer. Even a hose doesn't help too much with today's road hugging cars unless you are adept at ground groveling.

"Now that you have it all clean, be proud, show it off! Take it for a spin around the block".

Well, that blows it, two sides of our "block" are bounded by

gravel roads which are at their best dusty and rough and at their worst full of pot holes and water. No use taking that sparkling car out for a spin under those conditions.

Frankly, I plan to confine my car cleaning abilities to the same area that I have in the past. That is — grab the nearest dry rag and wipe off the cat's muddy foot prints (she travels the gravel roads). This is not because it bothers me to drive a car which looks like it lives in a barn. I just want to protect my pet from strangulation at the hands of a certain male member of the family. He doesn't like to be known as "cat man."

# Mental Hospitals Called 'Firetraps'

LANSING — Dilapidated buildings and patient overcrowding have been uncovered in a comprehensive survey of Michigan's far-flung state-operated mental health facilities.

Some structures were described as "firetraps," and a 95-year-old building at the Kalamazoo State Hospital was found to contain no heat or electricity in patients' rooms.

Survey results were released by Director William H. Anderson of the State Mental Health Department and Gov. William G. Milliken.

\*\*\*\*\*  
"MICHIGAN'S STATE HOSPITALS for the mentally ill and state institutions for the retarded are housing a majority of their patients in obsolete and inadequate buildings," Dr. Anderson reported.

"Equally important, though less apparent, is the fact that many buildings are overcrowded with patients," he said.

Milliken, who ordered an immediate inventory of mental health facility needs for 1970-71 budget purposes, told of visiting the Pontiac State Hospital and finding certain conditions deplorable.

"I saw some patients housed in antiquated buildings with rooms which lack electricity and get only the heat that comes from the corridors," the Governor said. Dr. Anderson said state

facilities for the mentally retarded now house 2,500 patients more than state fire marshall standards permit, representing "overcrowding of serious proportions."

\*\*\*\*\*  
CONDITIONS were described as poorest at the Lapeer, Caro, Coldwater and Fort Custer State Homes. At Lapeer, Dr. Anderson said, many buildings now in use are dilapidated beyond repair and should be razed.

"Lapeer has a resident population 60 per cent (1,190 patients) above permissible fire safety standards," the director added.

"At Caro overcrowding is more than 32 per cent, and at Coldwater nearly 40 per cent, and the age and condition of the buildings in use are comparable to many of those at Lapeer."

Dr. Anderson said plans are under way to close the Fort Custer Home but that it will be nearly five years before evacuation can be completed.

\*\*\*\*\*  
THE SURVEY SHOWED, Dr. Anderson said, that facilities at the state mental hospitals are also unacceptable, though overcrowding is not a major problem. New treatment techniques and improved staffing resulted in a 60 per cent patient load reduction and elimination of some obsolete buildings over the past six years.

The hospitals at Kalamazoo,

Pontiac and Traverse City — Milliken's hometown — were singled out in the report for deteriorating physical facilities.

Dr. Anderson said of the 7,000 patients in these hospitals, less than 40 per cent are housed in buildings constructed since 1910. He said some 3,000 are in buildings opened between 1875 and 1900.

"One of the buildings constructed at Kalamazoo in 1874 is still occupied," Dr. Anderson said. "It has no heat or electricity in patients' rooms."

\*\*\*\*\*

IT WAS NOTED that Newberry State Hospital, opened in 1895, has had only one new building for mentally ill patients since 1917.

By comparison, Dr. Anderson said, the other state mental hospitals — Hawthorn Center, Lafayette Clinic, Ionia, NORTHVILLE and Ypsilanti — are in acceptable condition.

Milliken said he has assigned mental health construction a "high priority" in his 1970-71 capital outlay budget that will be submitted to the Legislature next January.

# Auto Parts Show Significant Gains

Wellesley Hills, Mass. —Aided by continued growth of the replacement parts market and the fast selling pace of new automobiles, the auto parts industry registered significant gains during 1968. Other factors which favorable influenced results in this field were expanded government safety programs, good foreign demand, increased efficiencies from recent capital programs, a better price structure, and a sizable volume from nonautomotive products.

With many of these favorable trends continuing into the current year, most companies within the industry have recorded further gains during the first quarter of 1969.

THE NEAR-TERM outlook, however, indicates that the smart gains of 1968 will not be matched in the current year. Although sales for the first half of 1969 will probably be ahead of the same year-earlier period, the sales pace may prove difficult to maintain in the second half. The letdown will probably occur in the original equipment market — an area sensitive to economic changes.

Although new car sales continue at a brisk pace, heavy dealer stocks make automobile production schedules vulnerable to future cutbacks. At the same time, anti-inflationary moves taken by the Federal Reserve and the new administration may soon begin to show results. Consequently, some slippage in shipments of auto accessories to the original equipment market seems likely in the second half. To some extent, however, this will be offset by continued growth in the replacement market and further penetration of foreign markets. Thus, full year results will probably present a mixed sales picture.

PROFITS to a great extent will resemble the trend of sales, but full year results should show some further gains over 1968 results. However, rising costs and continuation of the surtax will be restraining factors and most gains will be slim. Companies heavily

dependent on shipments to the original equipment market will be vulnerable during the second half of 1969 and into the opening months of 1970. Profits of these companies could be caught in a squeeze of rising costs and slower sales.

Looking ahead, the trend of both sales and earnings, although subject to fluctuation, should be up. The original equipment market will be influenced by the cyclical swings of new motor vehicle production while the replacement market faces a continuation of steady growth.

In the years just ahead, auto sales and production will be favorably influenced by rising disposable incomes, the trend toward multi-car families, a steadily rising scrapage rate, and anticipated growth in family formations. Other influencing factors will be style changes, consumer trends regarding optional equipment, government safety requirements, new technology, and the degree of integration by motor vehicle producers.

DEMAND for replacement parts is primarily dependent upon the number of motor vehicles in use. This segment of the parts business has been in a steady uptrend, and since 1944 registrations of privately owned vehicles in the U. S. have tripled. The longer term outlook for this market is further enhanced by state inspection requirements and adoption of new products as standard equipment.

Because over-all earnings are expected to be only slightly higher this year, we are currently recommending purchase of only two companies — Kelsey-Hayes and Echlin Mfg. Co. — in the auto parts industry. Kelsey-Hayes, a leading producer of wheels, hubs, and drums mostly for the original equipment market, is a major factor in disc brakes and should benefit substantially from the growth of this market. Echlin is a small but aggressive manufacturer of parts for automotive systems concentrating primarily on the expanding replacement market.

## Take It From A Pro Who Should Know — And Does

DANIEL W. HODOWANEC of Warren was selected Driver of the Year last February by the Michigan Trucking Association. He has driven 21 years for Chrysler Corporation between plants in heavy city traffic for over a million miles without a blemish on his record.

## Michigan's Truck Driver of the Year Says:

# CONCENTRATION is the Key to Safe Driving

This little quiz Danny sometimes gives friends gives them a pretty good clue as to what kind of driver they are. Want to try it?

The last time you took the car out for a spin, did you:  
— leave parking lights burning upon your return?  
— leave a turning signal blinking unnecessarily?  
— drive off without sufficiently wiping or scraping windshields in inclement weather?

If you just happened to answer "yes" to all three — watch your step. They're common enough, everyday lapses, to be sure. But, says Hodowanec — these are signs of a driver "not concentrating and a driver not concentrating is not doing his best to drive safely."

"If you want to be a good driver and a safe one, you've got to CONCENTRATE on being one," according to Michigan's No. 1 truck driver. He wheels a big semi through Detroit's busy traffic about 100 miles a day between plants. There are a lot of stops and starts and plenty of tight cornering. He has to CONCENTRATE!

Got time to read and think about one more little tip from Michigan Truck Driver of the Year? It's a good one and all of us should heed it every day, Danny says. Here it is: "Always stay clear-headed and never get behind the wheel in a depressed state. A wife can be very helpful to her husband by seeing that he doesn't leave home each morning with a lot of problems on his mind."

So, when you're driving, just concentrate on driving and nothing else, says this No. 1 professional driver. That's really all you've got time to do . . . safely. Right?

# 91,284 Fires Claim 306 Lives In 1968

Michigan's record number of 91,284 fires claimed 306 lives in 1968 and caused a new high loss of \$87.3 millions in property damage, according to the annual summary of the State Police fire marshal division.

The deaths included 208 adults, 96 minors and two firemen, the total being 18 less than the record 324 in 1967. Not included in the count were the deaths of 35 persons in fires which followed crashes of cars, planes or boats.

The previous record in the number of fires was 90,877 in 1966 while the total in 1967 was 78,135.

The former high mark in property loss was \$86.6 millions in 1967.

Property damage included losses of \$49.5 millions in buildings and \$34.6 millions on contents.

The Michigan per capita fire loss in 1968 was \$10.56 compared with \$11.07 the year before.

There were 124 large loss fires (over \$50,000) with damage totaling \$26 millions. Eighteen of the fires with losses amounting to \$1.9 millions were attributed to arson while causes were undetermined in 30 fires with damages of \$5.2 millions.

Incendary fires reported included 2,090 charged to minors and 1,357 attributed to adults.

The breakdown of fires included grass 26,780, dwellings 21,969, autos 13,934, house trailers 835, schools 576, bulk storage plants 242, aircraft 187, dry cleaning plants 127, theaters 59 and miscellaneous 26,575.

Total fire alarms answered numbered 120,180. About a fourth of them, 28,896, were false, an increase of 4,000 over 1967.

Carelessness caused the greatest number of fires, 24,308, or about 26 per cent of the total. Included were rubbish burning 12,535 and careless smoking, careless use of matches 6,610.

Most deaths again occurred in home fires, 162 of the adults and 92 of the minors.

Fires caused by heating units killed 19 adults, 16 minors.

Smoking in bed and other careless smoking resulted in the deaths of 76 adults, eight minors. Clothing catching fire killed 32 adults, one minor. Cause was not determined in deaths of 41 adults and 19 minors.

Most adult deaths were attributed to careless smoking and clothing catching fire, most minor deaths to defective heating units and playing with matches.

# 227 Die In May Traffic

Michigan traffic deaths in May numbered 227 which was 12 or five per cent less than the all-time high of 239 recorded for that month last year, State Police provisional figures show.

It was only the third time since record keeping began in 1933 that May deaths have topped the 200 mark, the other time being in 1966 when 207 were counted.

The May total was 37 more than the average of 190 for that month in the five years 1964-68.

The deaths brought Michigan's traffic toll for the first five months this year to 858, which was 28 or about three per cent more than 830 in the same period a year ago.

The May count, included more than half of the Memorial Day holiday weekend toll of 33.
