Snappy music, high-stepping marching units, colorful floats, barbecued chicken and a spectacular display of fireworks will highlight Northville's Fourth of July celebrations tomorrow (Friday).

The Jaycees annual Fourth of July parade will kick off festivities at 10 a.m.

Northville Historical Society which will sell Michigan flags during the day, a float built jointly by the Little League Football and Village Green associations, Manufactures National Bank float and a float entered by the Northville Record.

The parade route will begin at Beal and South Main, travel north on South Main and west on Main Street to Rogers Street, then south on Rogers to Cady, east on Cady to Wing, south on Wing to Fairbrook, east on Fairbrook and end in the Downs parking lot.

Township OKs Water Plan

A water line master plan was approved by the Northville Township Board Tuesday night thus setting into motion efforts to get at least one

Detroit water line link started yet this year.

Township officers took their action after learning that the master

plan is a requirement of the Detroit Water Board before approving sale of water to the township. The plan was prepared by the township's engineer, William Mosher.

According to Supervisor Gunnar Stromberg, the township hopes to float a revenue bond issue soon for construction of the first water line arm, stretching from the existing Detroit Main on Eight Mile Road near Meadowbrook Country Club south to the Northville State Hospital property. A contract between the township and the Mental Health Department for supplying water to the hospital has already been inked, Stromberg said.

"We're hoping to get it (the first line) started by September," he said.

Eventually, the line will be extended to Six Mile, west to Sheldon Road, north to Seven Mile Road and then east creating a water line loop. The master plan also provides for eventual extension of lines to areas near this loop.

Other action taken by the board at the special meeting included approval to purchase eight arm chairs from Schrader's Home Furnishings at a cost of \$50 each plus shipping charges; agreement to purchase a used one-ton air conditioning unit for the basement of the township hall for approximately \$100.

Appeal Denied

An appeal for permission to erect a Boron Oil service station at the northwest corner of Five Mile and Haggerty roads was denied by the Northville Township Board of Appeals Tuesday night.

The petition was denied on the grounds that the proposed station would be located less than 400 feet from the Plymouth Elementary school located on Five Mile Road. Denial represents the second time a service station petition has been turned down for this location.

Garbage Packer Purchased by City

Northville moved a step closer to entering the garbage pick-up business this week with the purchase of a garbage packer to be mounted on a city truck.

City councilmen accepted the recommendation of City Manager Frank Ollendorff and unanimously voted to purchase the 20-cubic-yard packer from Pezzani & Reid Equipment Company of Detroit, which submitted a low bid of \$5,935.

The purchase was one of three made by the council Monday night upon review of bids received earlier by the city. Other equipment purchases included a 1969 one-half ton pickup truck and a tractor with loader and backhoe.

If the city is unable to use one of its existing truck chassis for the new packer, bids for a new chassis will be sought.

According to Ollendorff, the city will take over garbage pick-up for the business district this next year upon expiration of the present service contract. If successful, he said, the council will be asked to consider a proposal to have the city take over residential garbage pick-up as well. Three companies submitted bids on two different size units, with Pezzani coming in with the lowest by (\$55).

Contracts for the pickup truck and the tractor also were awarded to the low bidders by unanimous action of the council.

Low bidder on the pickup was G. E. Miller Sales with a net price of \$1,650 including trade-in of a 1965 pickup.

Contract for the tractor with loader and backhoe went to Ford Broquet Tractor for a net price of \$8,700 with trade-in.

Sing With MYI

Students Tour Japan, US

Five Northville students left Detroit early Saturday morning with Musical Youth International for a five week singing tour throughout Japan and the Western United States.

The students are part of a Michigan choral and instrumental group which affiliates with People to People, an international exchange organization. In an attempt to foster good international relations through experiences in the arts and family living, the organization sponsors an annual tour for selected high school students from ages sixteen to eighteen.

Students from Northville included in Musical Youth International are Doug Waldren, Janice Dagher, Pat Jones, Robert Shafer, and Stacey Evans. Of the five, Pat is the only one ever to have traveled before with MYI. Last year she participated in a tour of South America with performances at the Hemisphere fair in Texas.

The MYI objective is "to present to other countries a vivid demonstration of the region's public school music program while experiencing for themselves the family and community life of their host nation."

Since early spring the group has been meeting weekly in Saline to rehearse for their summer performances. Included in their formal concerts are vocal of both classical (Brahms and Monteverdi) and popular (Funny Girl) nature. In addition the MYI band will present instrumental numbers ranging from Bach to John Philip Sousa. Bob Shafer from Northville will accompany the band on bass for two numbers.

For formal and informal concerts, the students will wear uniforms of grey blazers with white skirts or pants.

After an early arrival in Seattle Saturday, the group remained for three days sight-seeing and giving concerts. On Tuesday they flew to Japan where they plan visits to Yokohama, Kyoto, Tokyo and five other Japanese cities. During part of their stay each student will live with his own "host" Japanese family. They also will stay for a while at Japanese youth Hostels and have scheduled meetings with several groups of Japanese students.

On July 20 they return to Seattle and begin a series of concerts winding toward Michigan. This includes stops in South Dakota, Montana and Yellowstone National park. On August 3 at 2:30 p.m. they will present their

final concert in Hill Auditorium in Ann Arbor, Michigan.

Founder and past director of Michigan Youth Internal was Dr. Lester McCoy, former conductor of the University Musical Society, who died suddenly last April. Another prime MYI supporter, Dwight D. Eisenhower, also died. McCoy was replaced by

Raymond Voorhees, a former MYI staff member. Under his direction, the group will pay tribute to both McCoy and Eisenhower in their concerts this summer.

The 1969 band will be conducted by Russell Reed, the director of instrumental music at Grosse Pointe High School.

Jaycee Auxiliary Plans Gala Days Food Booth

Gala Days was the main topic of discussion at the Novi Jaycee Auxiliary meeting held last Wednesday at the home of Mrs. Thomas Marcus, 40976 Hollydale.

For Gala Days the auxiliary will again operate a food booth. As an added public service the auxiliary also

plans to sponsor three health units for hearing, heart, and diabetes.

Slated for July 23 by auxiliary members is the "Summer Orientation Tea," to held at the home of Mrs. Ronald Cowden, 41679 Sycamore. The tea is considered as an open invitation to all young wives interested in community involvement.

Hikers Help Combat Hunger

Sole power, the shoe leather type, will be put into action August 10 when the "Hunger Hike" comes to Northville.

The "Hunger Hike," organized locally by St. Paul's Youth Group, is an effort to raise money to stamp out starvation in the United States and foreign countries.

Businessmen, merchants and friends are invited to sponsor young people for a given amount of money per mile.

The marchers will carry cards that are punched by a member of the "Hunger Hike" steering committee for every mile they hike. The cards showing the marchers' mileage will be returned to the sponsor who pays the marcher for the trip.

The money collected in Northville's "Hunger Hike" will be sent to the International Walther League (Youth Group) Headquarters and distributed from there to needy areas of the United States and throughout the world.

Kenneth Rathert, young adult adviser, believes, the "Hunger Hike" provides an excellent opportunity for the young at heart of Northville to transfer their idealism into action.

Everyone is invited to participate

in the hike as a sponsor or as a hiker.

For more information contact Pat Long (349-0084), Colleen Deibert (349-0285), or Lynne Rathert (349-5497).

Similar marches have been tried in Chicago, in Milwaukee where \$150,000 was raised and in Boston where \$30,000 was collected.

This week the group drew up a statement of conviction:

"In an era of unprecedented prosperity, it has come to the attention of Americans, including that of Christian Americans, that there are literally millions of people who live each day in search of food, spend each night in fitful, hungry sleep only to awake to uncertain dawns of

continuing starvation.

"To our horror and often in the face of our ignorance, these starving millions include fellow citizens who live in the Appalachian hillcommunities and in the teeming ghettos of our cities.

"Since we can no longer plead ignorance, we unequivocally endorse the 'Hunger Hike' sponsored by St. Paul's Walther League which will be held on Sunday, August 10, 1969, in the hope that this will be a first step taken on the long road to a truly just society in which hunger will be only a memory in the minds of the old.

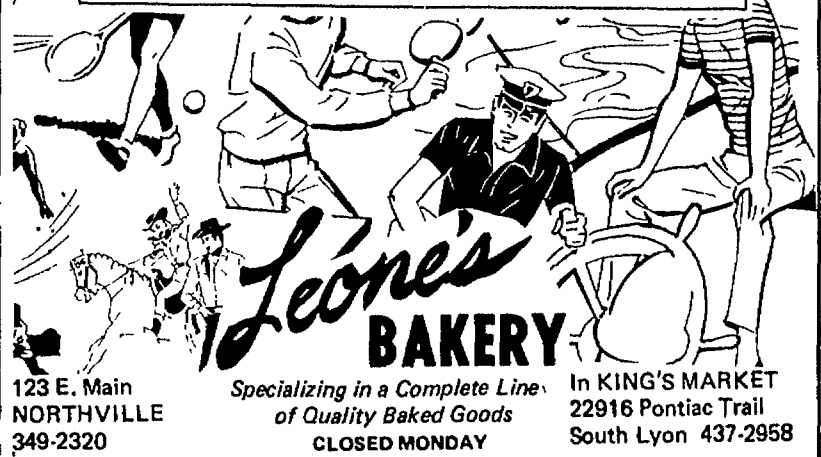

The "Hunger Hike" has been endorsed by numerous local civic and business leaders.

THEY WIN AGAIN—Northville's High School cheerleaders returned with three ribbons and two trophies from Camp All-American in Walden Woods, Hartland. It was the tenth time Northville cheerleaders won a trophy at the camp. The girls placed third overall out of 25 squads to win a team trophy. Colleen Deibert received a fifth place trophy for outstanding individual among the 180 girls who participated in the camp. Ribbons were collected for second and third place in cheers and pom pom. The cheerleaders, all seniors, were at the camp from June 23-27. Pictured left to right, front row, are Jane Forrer, Bev Forsyth, Sherry Zayti. Back row: Kim Taggart, Colleen Deibert and Nancy Funk. Miss Patricia Dorian is the cheerleading coach.

LIBRARY AWARDS—Accepting awards that will pay for their attendance at a library workshop at Western Michigan University are Richard Shank,

son of Mr. and Mrs. H.L. Shank, and Debby Masson, daughter of Mr. and Mrs. W. Masson. Making the presentations are Mrs. Clifford

Rollings, high school secretary and member of the sponsoring Mothers Club, and David Biery, president of the Optimist Club.

Librarians Attend WMU Workshop

Once again two student librarians are looking forward to "an exciting and stimulating program" for library assistants at Western Michigan University.

This summer two students were chosen by Mrs. Marian M. Sullivan from the high school library staff to attend the six-day workshop at WMU. Sophomores Debby Masson and Richard Shank have been selected to represent Northville at the program lasting from July 6 to July 12. They are treasurer and president of the library club and will be juniors next fall.

The two will be sponsored by two local organizations. The club expressed its appreciation for the community organizations and interested citizens who have continued to sponsor and pay the expenses of the student librarians since 1963. This year the Northville Mother's Club offered to sponsor Debby, and the Optimist club is sending Richard.

This one-week workshop, sponsored by the Department of Librarianship, is planned for students who are serving as library assistants and who plan to continue during the next school year. Students from throughout Michigan are invited to participate, and

at least eighty registrants are expected.

Featured at the workshop will be daily discussions and demonstration groups on such topics as audio-visual equipment, publicity and exhibits, book-mending and favorite books. Also a planned program of recreation as well as tours to the public library and other places of interest will be included.

This experience of living, working and playing together, with the unifying background of library assistants study groups, continues to be of value to the individual schools and libraries represented. It also provides an opportunity to recruit for the profession.

Flying Orphans Given a Home

Several orphaned babies were taken in by the Ray Jackson family recently but with any kind of luck they'll be evicted soon.

The tiny mixed breed—reduced row to a robin and two sparrow-like birds—were discovered near the Jackson home at 21485 Silchester by 14 year-old Judy Jackson who gathered them up with her school books and took them home after learning the mother had been killed.

Since then the Jacksons' daily routine has been changed considerably, what with daily safaris for worms and flight instruction for the babies. Two birds died shortly after they arrived, but the remaining birds are growing rapidly.

On a trial run this past week the robin managed a low pass over the backyard but the two other birds haven't begun solo training yet.

They'll probably get their "wings" in two or three more weeks, says Mrs. Jackson, who admits they're a little reluctant to fly the coup because of all the loving their children are showering on the orphans.

Township Fees Changed

Female Dogs Get Equal Rights

"Equal rights" were granted Northville Township female dogs Tuesday night as the township board approved a new licensing fee of \$2 for either female or male dogs next year.

Action by the board followed Clerk Mrs. Crispin Hammond's report of fee schedules of neighboring communities. Presently, dog licenses in the township cost \$1.50 for male dogs, \$2.00 for females.

Although the board decision was unanimous by those present, Treasurer Alex Lawrence stated he favored raising the fee to \$5 since it had been determined that even \$2 will not cover clerical expenses. He recommended that the fee schedule be reviewed again later.

A letter from Representative Marvin Stempfen relative to a recently enacted law regarding enforcement of state laws was tabled pending an interpretation by the township's attorney.

Board members heard a written report by Attorney John Ashton that the township could legally establish its own ambulance service or contract for this service. Earlier, Fred Casterline, who operates an ambulance service here, requested some kind of financial assistance because of a new law that, because of its restrictions, makes operation of such service too costly to continue. Following the attorney's report the matter was tabled.

Supervisor Gunnar Stromberg reported that a new electrical inspector, Donald Caza of Taylor, has been hired to replace Russell Fox who resigned because he considered the salary insufficient. Caza was hired at the \$4,500 salary approved by the board.

The court suit against Arthur Jahns, owner of the A&W rootbeer stand on Northville Road, has been settled out of court, the supervisor

reported. Jahns was cited for filling a flood plain area adjacent to his business place. He has since removed the fill to the satisfaction of the township engineer, Stromberg said.

The board approved the 1968-69 audit report and accepted recommendations of the township auditor. Among his recommendations was the suggestion that transferring of funds from one account to another be first approved by the board. The recommendation grew out of recent administrative action of transferring

\$20,000 from the general fund to the water and sewer department because of a shortage of cash in the latter department. The \$20,000 "loan" was approved after the fact Tuesday, with an agreement that it will be repaid later this month.

Concerning work at the township hall, the supervisor informed board members he will obtain bids for painting of the hall and take steps to have a township hall sign, in keeping with the historical significance of the building, erected soon.

Police Chief Sought

Wixom Tests 10 Candidates

Examinations for "about 10 or 12" candidates for chief of police will be held at Wixom City Hall next Thursday with an appointment likely by August 1, according to Mayor Wesley McAtee.

The position has been vacant since Chief D'Arcy Young's resignation February 28 with Officer Lawrence Beamish serving as acting chief since June 17.

Mayor McAtee upon announcing

Young's resignation, revealed that he didn't expect the vacancy to be filled by a member of existing department.

Beamish explained earlier this week that "to the best of my knowledge, no one here has made application." The present department is a five-man operation.

Deadline for submitting applications for the post was June 23. City Council has retained the

International Association of Police Chiefs' to act as a recruiting and screening agency for the administrative candidates. The mayor reported earlier this week that he had been advised that "10 or 12" candidates will be brought to Wixom on July 10 for written and oral examination.

Young's resignation was received amongst rumors that he had been fired although the council emphasized that

the decision had been the chief's. Serving as chief since December 22, 1964, Young and the council had clashed last year over a departmental matter.

"We're shooting for an August 1 appointment," Mayor McAtee stated.

"We're just here waiting for a new chief," Beamish observed.

Haller Appoints William Dunn

William M. Dunn has been appointed assistant director of the Haller Research Center of Federal-Mogul Corporation. In making the announcement John Haller, director, said this is the first step in preparing for a significant expansion of the center in the near future.

Dunn joined the company in September, 1958 as manager of engineering for the Microtech Division. In October, 1965 he was appointed manager of research and development, BCA Division, and in August, 1966 was promoted to manager-product engineering and manufacturing staff.

Dunn attended Loughborough University and Coventry Technical College in England where he received degrees in Engineering and Business Administration.

MOVING DAY — Northville's school administrative and board of education offices were moved from the old junior high school to new quarters Tuesday in the former city community building next door to the city hall "right on schedule." The entire west side of the building, former home of The Cavern teen club, has been remodeled and converted to offices and work space. (The gymnasium portion of the building is still under lease to Schoolcraft College). In addition, officials revealed that the former community building stage will be turned into the board auditorium in time for Monday's informal board meeting.

Police & Courts

City of Novi Police are investigating a breaking and entering which occurred last Thursday at Nick's Groceries, 2206 Novi Road.

According to detectives, owner Nick Pashigan reported the apparent entry Friday morning. He stated that merchandise valued at \$65 was missing.

Entry apparently was gained through a rear window, detectives said.

A motorcycle was reported missing on Thursday from Sky Tool Co. at 40750 Grand River Avenue by its owner, Peter Wycinsky. The vehicle apparently was taken sometime the day before, according to Wycinsky.

City of Novi Police Detective Gordon Nelson arrested Gilbert Jones of 40611 Pontiac Trail, Wixom, last week Wednesday on charges of possession of a stolen credit card.

Jones reportedly was attempting to use the card at Snow Standard Service, Novi Road at Ten Mile Road, when an attendant notified Nelson. The detective apprehended Jones at the scene and on Thursday the suspect was arraigned before District Court Judge Martin Boyle.

He presently is in Oakland County Jail.

A 22-year-old Novi resident, apparently wanted on more than a \$100-worth of parking tickets by Detroit City Police, was arrested by City of Novi Police on last week Wednesday on charges of driving on a revoked license and allowing an unlicensed person to drive.

Terrance Schmidt, 22, of Buffington St., Novi, was stopped by police when he was riding on the hood of an automobile. Schmidt apparently was listening to the sound of the car's engine, according to police.

Upon investigation, officers found he had a revoked license and that his wife, who was driving the auto, had no license. Later it was learned that he had numerous delinquent parking tickets from the City of Detroit.

Schmidt's wife was charged with driving without a license.

Theodore Leigh, 28, James Heathfield, 19, and Stephen Pino, 19, all of 1611 West Lake Street, were fined \$15 plus costs each by Judge Martin Boyle last week Tuesday on charges of illegal dumping.

The trio was arrested by City of Novi Police last week Sunday on West Road in Lyon Township where they were reportedly dumping trash.

Larry Nance, 25, of 200 Angel Court, Novi, was fined \$75 by District

Court Judge Martin Boyle last week Tuesday after pleading guilty to entering without permission.

Nance was arrested by City of Novi Police after he reportedly broke in through a window at 1611 South Lake Drive.

Northville police were called to the home of Robert Freydl, 207 North Rogers, on June 29 to investigate a report of vandalism.

Two thermopane windows had been shattered when a cherry bomb firecracker was thrown at the house. The frame and screen were also damaged. No estimate of damage was given.

Albert L. Traywick, Taylor, paid \$103 on charges of drunkenness in Judge Dunbar Davis' district court June 24. Charges of violation of city fire ordinance and resisting arrest were dropped.

Careless driving resulted in a \$78 fine for William J. Bennett, Union Lake.

Harry W. Hagelbert, Detroit, paid \$28 for careless driving.

Charles E. Bates, Wyandotte, paid \$38 for drunkenness.

John F. Boesen, 18479 Jamestown Circle, paid \$28 for displaying improper plates and \$13 for speeding.

Robert Goldsmith, Louisville, Kentucky, forfeited \$50 bond when he failed to appear in court on charges of drunkenness.

Jack F. Moffitt, Northville, was sentenced to ten days in jail June 19 on charges of drunkenness.

A Detroit man, Stephen F. Tracy, pled guilty to a charge of drunkenness and paid \$28.

Harry Bushart, Garden City, paid \$28 when he pled guilty to a charge of drunkenness.

Samuel H. Phillips, 374 South Wing Street, was sentenced to jail in lieu of \$300 bond for reckless driving and fleeing from police. He will face the charges in court next week.

SPEAKING

for The Record

By BILL SLIGER

Once approved, good ideas shouldn't be cast aside so long that the sparkle which accompanied their invention loses its glitter.

For example: whatever happened to the development coordinator the city council okayed to help promote new business in the commercial district?

Is the Wayne County Road Commission still trying to decide what kind of a "no left turn" sign to hang up for southbound Center street traffic at Main street?

When will meaningful progress be made towards development of the fish hatchery site for community recreation?

And what happened to Councilman Folino's idea for beautification of the south side of Main street at Center?

Twice this week I had to drive to Greenville in connection with work on color negatives for our forthcoming Centennial Edition.

It reminded me of how many cars (many pulling campers or trailers) travel our highways at terrific speeds.

It also recalled a release from Secretary of State James Hare I had read recently.

In pointing to vacationers Hare warned: "Unless these motorists realize and accept their own physical and emotional limits and the mechanical limitations of their automobiles, many of them and their families could be headed for trouble instead of happiness as they begin their summer travel."

Hare describes the average vacationer as a driver who for perhaps 50 weeks in a year confines himself to daily trips of a few miles to and from work... completely unprepared for expressway and turnpike speeds and hazards, and distances of several hundred miles in a day."

"Yet these same motorists try to squeeze three to four thousand miles into a two-week vacation, fixing daily timetables for themselves that often would make a professional truck driver think twice."

He notes that a recent University of Michigan study revealed that after about 250 miles of driving, the average motorist develops definite symptoms of drowsiness and other forms of fatigue. If he continues to drive without rest, he may begin to suffer from hallucinations.

It's an old story, but sadly it continues to be true. Thousands are killed on our highways each year. During my trip north I heard a radio commentator state that 150 persons are killed daily on American highways. That average toll will certainly be surpassed this Fourth of July weekend.

Let's keep the Northville- Novi-Wixom area off this statistic list.

If you are planning a trip, why not read and adhere to this advice for motorists from Secretary Hare:

1 - Schedule daily trips of no more than 250 miles, if possible. If you must drive farther, take frequent rest breaks after the first 150 or 200 miles.

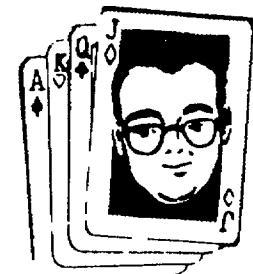

2 - When you start traveling expressways, build up speed gradually, getting the feel of this different kind of driving, before you begin running steadily at the posted speed limit.

3 - Have all tires checked thoroughly before starting your trip and take no chances on a doubtful tire. Also have all running gear and steering mechanism parts tested.

4 - Keep your windshield clean and wear sunglasses during daylight driving.

5 - Maintain a periodic check on all lights.

6 - And, wear seat belts or shoulder harnesses.

If you're like me you envy those slim jims who eat what and when they please with absolutely no fear of triggering midsection roll but you do nothing about it.

The irony of it all is that most of us—years ago, of course—were skinny boppers who gobbled up starches just to rid ourselves of the 97-pound weakling roles. But once we got things started we couldn't turn off the switch. Like a runaway assembly line, the pounds kept coming, manufacturing new and bigger wrinkles until one day we discovered we could no longer watch television lying on our backs.

Even worse we found ourselves with bigger bustlines than our wives.

It was a startling discovery. Frightening. So we mustered our courage and battled back. We dieted.

Oh, how we dieted. We tried 'em all—carried calorie counters, soaked our coffee in artificial sugar, drank the Air Force menu, padlocked the icebox, even took a correspondence course with Fats Anonymous.

Starvation failed. The pounds kept appearing geometrically and disappearing arithmetically.

A plump radish could wreck a 10-day fast.

A single fish stick could accomplish what previously had required a dozen Baby Ruths.

Then we tried harnessing the fat. They make belts to hold up trousers. But we bought 'em to

Old Glory to Evoke Memories
When She Marches Past Friday

To The Editor:

Remember me? Some people call me Old Glory, others call me the Stars and Stripes; also I have been referred to as the Star Spangled Banner. But, whatever they call me, I am your flag, or as I proudly state, the flag of the United States of America. There is something that has been bothering me, so I thought that I might talk to you about it. Because it is about you and me.

I remember some years ago, I think it was on Memorial Day. People were lined up on both sides of Main Street to watch the parade. The town's high school band was in back of me and naturally I was leading the parade. When your daddy saw me coming along waving in the breeze, he immediately

removed his hat and placed it against his left shoulder so that his hand was directly over his heart. Remember?

And you, I remember you. Standing there straight as a soldier, you didn't have any hat, but you were giving me the right salute. They taught you in school to place your hand over your heart. Remember little sister, not to be outdone, was saluting the same as you. I was very proud as I came down the street. There were soldiers there on leave and they were standing at attention and giving me the military salute. Ladies as well as men were all paying me the reverence that I deserved.

Now I may sound as though I am a little conceited. Well, I am. I have a

right to be, because more than one aggressive nation tried to have me down, but they felt the fury of this freedom-loving country. You know you had to go and defend me, and a mighty fine job you did too.

What happened? I'm still the same old flag. Oh, I have a couple more stars added since you were a baby. A lot more blood has been shed since that Memorial Day so long ago. Dad is gone now. Northville has a new look. The last time I came down Main Street, I saw some of the old landmarks gone. In their place, shining majestically in the sun, were a number of new businesses and homes. Yes, the old town sure has changed. But now, I don't feel as proud as I used to. When I come down your street, you just stand there with your hands in your pockets... and then look away.

When I think of all the places I have been: Anzio, Guadalcanal, Vietnam, who knows where I will be next. Then I see children running and

shouting. They don't seem to know who I am. I saw one man take off his hat and then look around. He didn't see anyone else with their hats off, so he quickly put his back on.

Is it a sin to be patriotic anymore? Have you forgotten all the battlefields where man has fought and died to keep your nation free? Have you forgotten what I stand for?

Take a look at the Memorial Honor Rolls sometime. Look at the names of those that never came back. Some of them were friends and relatives of yours. You probably went to school with some of them. That's what you are saluting... not me!

Well, tomorrow I'm coming down Main Street again. So when you see me; stand straight, place your hand over your heart, and you'll really see me waving back my salute to you.

And then I'll know that... YOU REMEMBERED!

Thanks from Loser

To the Editor:

I wish to take this opportunity to thank all who gave me their votes and particularly those who labored so hard in my behalf. Two fine Trustees-at-large have been selected who will, I am sure, serve with distinction for their complete six year terms of office.

Each of us who was unsuccessful in his quest for the position of Trustee must now seek that method by which

we, individually and collectively, may be of service to Schoolcraft College and by which we may help improve our public school system in general. For myself, this method will be the re-activation of the "Citizens Against Parochialism" committee in the immediate future. I invite all similarly concerned citizens to contact me.

Car buffs and especially hot rodders will probably tab "Winning" the movie of the year. Movie buffs who simply like to be entertained indiscriminately will be entertained. Anybody else will find "Winning" a drag.

Not even the presence of Paul Newman, the modern-day Don Juan, and his comely wife, Joanne Woodward, recently of "Rachel, Rachel" fame, can make anything more out of "Winning" than a low-grade story and high-grade PR release for the Indianapolis 500.

The clincher is Robert Wagner, the non-actor who returns to the screen as a non-actor. He's his cinema self: a play-boy whose penchant for the high life and soft beds make him the complete decadent.

As Wagner put it, or I should say Lou Erding, the racing fiend, he pushes too hard and ruins everything he puts his hands on. He is, so the movie would have us believe, the embodiment of racing life, which is often faster off the track than on.

But I go too fast.

Winning is the only thing a driver understands. After all, he's got a living to make and an ego to support, as well as a wife and possibly kids. In Frank Capua's (Paul Newman) case, he has a new wife and ready-made family, for Elora (Joanne Woodward) was married before and has a 15-year-old son, Charley.

Being married to a driver has its drawbacks, as Elora finds out. Frank rides the circuit, which is no life for a girl, since a driver must spend some 14 to 18 hours a day either behind the wheel or in the shop pampering his car.

It's an inverse relationship. The more time Frank spends with his racing machine, the less time he has with his family, and vice versa. The crackup is bound to come and does. The rest of the movie concentrates on how to seal the breach without either party losing face.

The same inverse relationship makes "Winning" a loser. The scenarists have gone heavy on the racing, so much so, in fact, that the human side of the story lolligags as the race goes on. What little there is of the human side is spread thinly over an adventure on wheels.

The climax to all this tommyrot is the "punch" scene between Wagner and Newman, alias Erding and Capua. Everyone knows a scoundrel should get his comeuppance, and that a manly hero must assert his manhood. Predictably, our hero Newman punches scoundrel Wagner and all's right with the world.

Better that Newman would have resisted the temptation, foiled the predictable and perhaps have rescued the movie from its stereotyped plot.

hold back obesity only to discover that the more you cinch up the more you hang over.

We punched so many extra holes in the leather it looked like Gene Autry's gun belt.

Fat, we learned, is suffocating. We died a thousand deaths every time we sucked in our bellies and swelled our chests when passing the girls on the corner.

Then we exercised. Oh, how we exercised.

We joined the YMCA, par-boiled ourselves in steam rooms, rubbed ourselves raw on chain-saw like belts, pulled and pushed springs, and twisted our bodies into pretzels.

And when it was over we were exhausted, knee deep in our own perspiration, but we crawled

onto the scales and watched, unbelieving, as the needle raced around as if it were playing Monopoly on its way to Go.

What once were big rolls of fat were now big rolls of muscle. Under a shirt or beneath a belt you can't tell the difference.

"There's only one way to exercise," friends admonished. "Just push yourself away from the table."

We tried it. Wrecked the table but developed skinny wrists.

Then one day, on the cliff of despair, we made another startling discovery: thick or thin, once you hit 40 nobody looks twice anyway. So now, even though we envy the slim jims, look wistfully at old photographs of what used to be, we just sigh and loosen our belts another notch.

Babson Report

Demand for Oil Outpacing Discovery Of New Reserves

WELLESLEY HILLS, MASSACHUSETTS — There is a growing awareness in the petroleum industry that demand for its products is outpacing the discovery of new oil reserves. Ideally, each year new petroleum finds should exceed consumption, assuring a predictable future supply. This is not the case today.

With thousands of additional cars coming on the road each year and increasing numbers of jumbo jetliners in the air, petroleum products are being gobbled up at a tremendous rate. At the same time, anti-pollution restrictions eliminate certain grades of oil as fuel and foster demand for other grades low in pollutants. Babson's Reports does not by any means fear running out of oil, but substantial new reserves must be constantly searched out to meet the growing needs of the future.

To meet these requirements and maintain an orderly economic distribution pattern, the oil industry now explores in almost every corner of the globe. Only limits restraining the industry are the water depths offshore beyond the continental shelf, and these will doubtless be conquered. With today's advanced seismic techniques, the industry has been able to "map" potential oil-bearing acreage in places never before dreamed of. As such locations come into production, the entire economies of nations are altered.

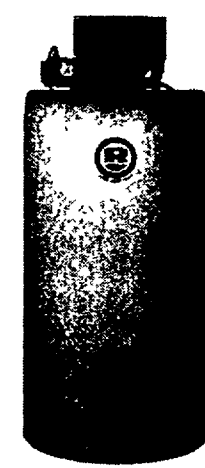

The wealth of the Arab countries is well known. Libya — in arid North Africa — not only recently became a beneficiary of oil royalties, but is also utilizing a tremendous reservoir of underground water discovered by Occidental Petroleum. Nigeria, in West Africa, is another undeveloped country that could eventually prosper from huge oil production. Australia and New Zealand will become more self-sufficient in petroleum if promising onshore and offshore exploration proves productive. Lastly, there are indications of a sizable pool of oil beneath the China Sea between Japan and Taiwan. Development here could involve complex international political moves since Communist China could logically be a claimant to this oil.

At home, the Alaskan North Slope has been much in the news with a 5-to-10-billion-barrel pool of oil awaiting production. Even further to the north, the Canadian Arctic islands could be even more prolific. The problems of extraction and distribution from these regions will be massive and costly, but eventually this wealth of "black gold" will have a marked effect on world petroleum markets.

A N I M P O R T A N T consideration in pursuing continuing world-wide exploration is the degree of economic and

political stability a region possesses. This explains the current interest and activity in Indonesia, which — although long a significant oil-producing country — has achieved political stability only in recent years. Prior to that, oil concerns either were not permitted to operate in the area or were reluctant to commit capital because of the unhealthy political climate. The Middle East and South America must also be considered somewhat unstable, with an ever-present risk of expropriation or stringent royalty terms. However, Babson's Reports feels that the abundance of oil reserves in these areas tends to offset such risks.

Most of the major oil companies have diverse world-wide exploration and development programs. Investors looking at these companies should closely examine the potentials and pitfalls of foreign operations, as well as the basics of the firms involved. As in the case of the Alaskan North Slope, many spectacular discoveries will be a long time translating into earnings per share. Among companies the staff of Babson's Reports now favors for purchase are Continental Oil (acreage in Indonesia, Africa, Canada, etc.), Standard Oil of California (Venezuela, Alaska, Canada, Middle East, etc.), and Standard Oil of New Jersey (Canada, Australia, Alaska, Libya, etc.).

Here's Tips For Driving

What should you do if a violent summer electrical storm catches you in your car? Unless the storm causes poor visibility, there is no need for a motorist to stop his car, according to the Automobile Club of Michigan.

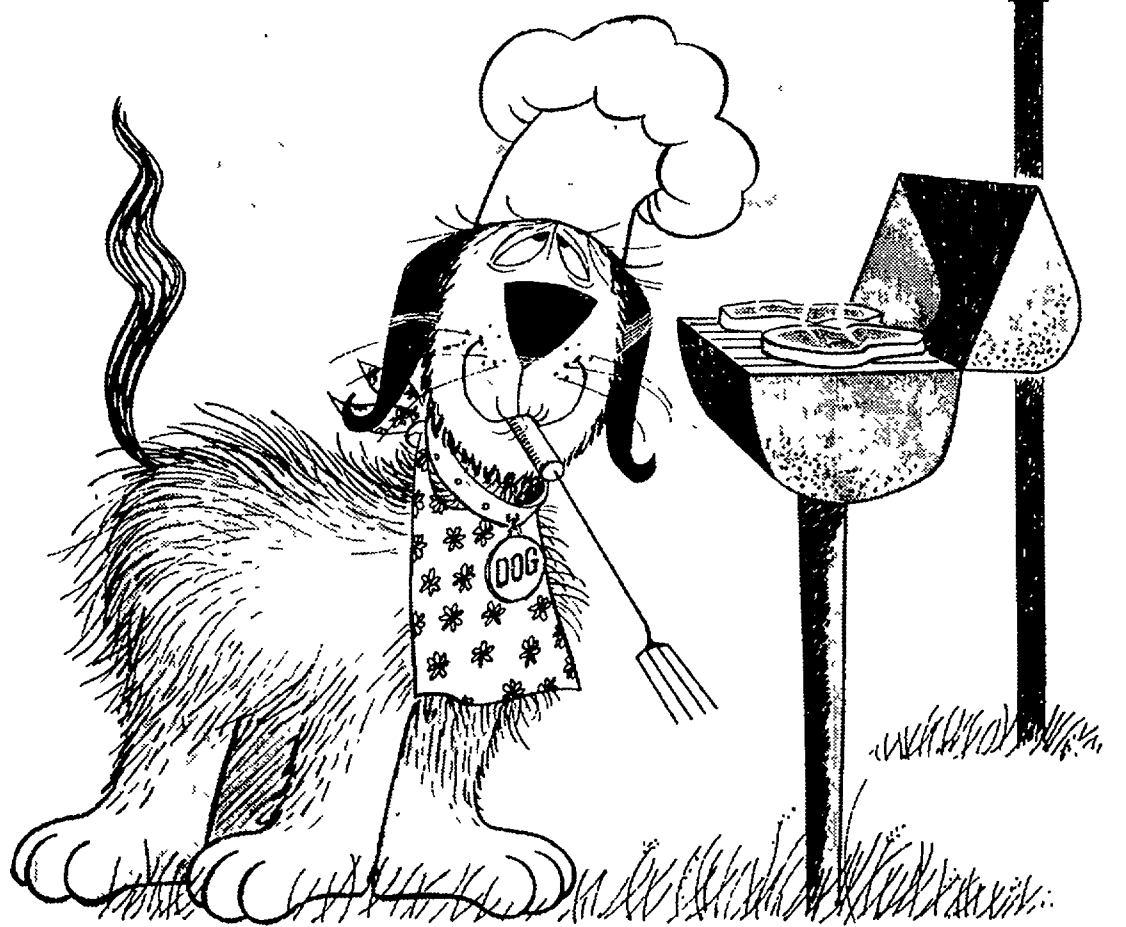

If you are forced to pull over and wait out a storm, one of the safest places to avoid lightning is in your car and in the open.

Rubber tires insulate a car and keep the current from grounding the vehicle, so there is little danger that lightning can harm passengers, the Auto Club advises.

If you decide to pull over and wait for the storm to pass, these safety suggestions should be followed:

...Don't park under a tree or pole. If struck by lightning, it might fall on top of your car.

You just light it and cook. It gives you that same wonderful charcoal flavor without any of the charcoal mess. Choose your "Patio Pair" from a variety of styles and start grilling with GAS by a gaslight tonight!

Reef Claims First Round Title in Area Loop

Reef Manufacturing of Northville — starting fast and winning games with surprising ease — landed a berth in the rugged Free Press League playoffs last week and established itself as a strength in the rugged sandlot loop which now turns to its final round of play.

Manager Dick Willing's team beat defending league champion and national contender Redford Township last week Wednesday, 6-2, and then gained momentum winning a forfeit Friday before claiming the first round title by splitting a doubleheader with Livonia Cardinal Decorating on Sunday.

The loss in Sunday's nightcap was the first setback of the summer season for Reef which ended first round action with a 9-1 record. Redford and Cardinal entered play

last week within striking distance of the local team but now the two rivals each have two defeats and two games to play while Reef has completed its first round with only the one loss.

Willing was to send his squad into second round competition yesterday (Wednesday) playing Garden City Darin Construction at Garden City. Reef also this week is scheduled to play a special Fourth of July game at High School Field against Farmington Keating Realty beginning at 6 p.m.

On Sunday, Reef meets Redford again in a doubleheader at Thurston beginning at 1 p.m. and on Wednesday it plays Nankin Interns of Wayne at Henry Ford field. (6 p.m.).

The split Sunday made the local team first round champion

and assured it of a playoff spot for the season title. If Reef also wins second round honors, it will automatically claim the championship eliminating the need for a playoff with the second round victor.

Reef set the stage for Sunday's big victory when it beat Redford, 6-2, on Wednesday before being awarded a decision by forfeit from Wayne Nankin Interns on Friday. Jeff Taylor pitched for the local team on Wednesday relieving

THIS WEEK'S GAMES

Wednesday: Reef vs. Wayne Nankin at Henry Ford Field — 6 p.m.

offensive support from Fred Holdsworth and Craig Turnbull. Taylor allowed five hits over the seven innings, struck out seven and walked two.

Holdsworth, who had three RBI's swatted a triple and single while Turnbull had two runs-batted-in.

"It was a really outstanding defensive game for us," Willing observes. "We made the plays in the field."

Holdsworth's triple in the second inning accounted for the game's first run although Redford came back in the third scoring twice and taking the lead.

Reef rallied for four runs in the fourth on five hits and a walk and scored once in the sixth.

The score was deadlocked, 1-1, entering the fifth inning of Sunday's opener with Cardinal when a throwing error allowed a Reef runner to score from third with two outs.

Cardinal had taken a 1-0 lead in the second frame but Willing's squad scrambled back to tie the score in the fourth with the help of three infield errors by Livonia.

Former Northville High School athlete Denny Primeau, now a Livonia student, tangled with Holdsworth on the mound with the Cardinal's five errors serving to be his downfall.

Holdsworth allowed four hits — as did Primeau — and he struck out 11 while walking two. Suffering an apparent letdown

after gaining the title, Reef could only get four hits and committed as many errors in losing the nightcap to Cardinal, 6-1. Taylor worked on the mound and it was his fourth-inning single that scored the only run.

Livonia jumped off to a three-run lead in the first frame of the second game and scored three more times in the second inning.

Tractor Extends Lead in Novi LL

Red Division leader Michigan Tractor edged Novi Party Store in Novi Little League action on Sunday, 6-3, to maintain its lead with Party Store falling 4½ games back in second place.

Scott Parsons was the winning pitcher while teammate Randy Selep had a double and single. Party Store's Ron Buck had a triple, double and single in the contest.

On Friday, Tractor beat General Filters, 11-9, and Wroten Brothers defeated Pink Builders, 5-1. Craig Davey got credit for the pitcher victory in the Tractor-General tilt and he also had four singles at bat.

Dan Assemany, Scott Parsons, Ken Beers and Mark Langkil each had two hits for Tractor while Luke Chevrefils had three for General.

In the Pink-Wroten contest, Gary Canfield worked on the mound for the winning Wroten and Brian Wroten had a double and single.

Novi Party Store blasted Paragon, 17-5, and Mobarak Jayhawks defeated B & V Earthmovers, 13-8, on Thursday. Mike Collins was the winning pitcher for Party Store allowing only two hits.

Mike Alexander had two doubles for Party Store while Jerry Fulcher and Ron Buck each had a pair of singles.

Don Waldenmeyer had two singles and a double to lead Jayhawks past B & V with Rick Davison getting credit for the pitching victory. Dennis Tuck had two singles for the winners and B & V's Paul Bosco had two doubles.

On Wednesday of last week, Wroten blanked Rexall Drug, 6-0 with Craig Love tossing a one-hitter. Love also had a double and Brian Wroten had two singles.

Also on Wednesday, Dan Assemany tossed a two-hitter against Carl's X-way Shell as Tractor won, 3-0. Scott Parsons had a double for the winners and Louis Bannatz doubled for Carl's.

In two games last week Tuesday, Pink defeated General, 10-6, and Mobarak trounced Paragon, 11-1, on Kevin LaFleche's no-hitter.

Bill Smiley was the winning pitcher for Pink while teammate Randy Gunn had two hits. General's Jerry Connor had a triple, double and single.

LaFleche also had a double for Mobarak and Don Waldenmeyer had a double and singles. Dennis Waldenmeyer had two singles for the winners.

Monday of last week Party Store's John Henson tossed a no-hitter and his teammates had a big day at bat romping past B & V, 34-0.

Tough Road Ahead

Mackers Still Unbeaten

Reef Manufacturing's Mackers of Northville added two victories — one a pitchers' duel and the other a wide-open offensive affair — running their undefeated string to five last week and now is confronted with a tough four-game schedule in the next seven days.

The Mackers scored seven runs in the sixth inning last Thursday to win a robust affair from Livonia's B. J. Ratigan, 12-7, just two days after they had edged Farmington's Coleman-Moss, 4-1, in a contest which included only eight hits.

Tonight (Thursday) Coach Art Adams' squad continues Connie Mack League competition playing Redford Big Boy at Thurston and Saturday it hosts Stevenson Spartans at high school field. Both games start at 6 p.m.

On Tuesday the local team travels to North Farmington to meet Chelsea Industries and next Thursday it hosts Livonia Phillippi Service at high school

field. In previous encounters, the Mackers defeated North Farmington, 2-0, and dued Phillippi for nine innings before a curfew ended the contest deadlocked at 0-0.

Adams reports that both Redford and Stevenson appear strong on the heels of good high school seasons while Phillippi is expected to be tough a second time making the coming week a big one for the Mackers.

Thursday's game with Ratigan's was played at Cass Benton with the local team using 12 hits to score 12 runs and compensate for six errors in the field.

Bernie Bach started on the mound hurling six innings before being relieved by Fred Holdsworth in the seventh.

Bach, getting credit for his third victory of the season, allowed six hits and seven runs while striking out five and walking three. Holdsworth retired the opposition in order in the seventh striking out one. None of Livonia's runs were earned.

Holdsworth and Craig Turnbull shared honors at the plate each accounting for four runs-batted-in. Turnbull went four-four-four — two doubles and two singles — while Holdsworth had a triple, double and single.

Mackers trailed 7-5 entering the sixth inning when they exploded for seven runs with Holdsworth swatting a two-run single, Turnbull a three-run double and Bach a two-run single.

Last week Tuesday the Mackers also had to come from behind against Coleman-Moss at high school field for

their 4-1 victory. Holdsworth pitched the distance allowing three hits, striking out 14 and walking two.

Catcher Pat Cayley provided his batterymate with the runs to win it when he stroked a two-run homer about 327 feet over the leftfield fence in the fourth.

The Mackers added a pair of tallies in the sixth when Steve Utley hit a single with the bases loaded. Cayley had a single besides his home run to lead the attack while Utley, Terry Mills and Rich Adams each had a single.

Battin' the Breeze

Summer Booming on Sandlots

I can still remember Chicago White Sox scout Pete Melito, wearing his familiar straw and talking out of the side of his mouth, observing:

"They just don't play enough baseball anymore. We'd rather have a boy go on to college so we can watch him play. But even then, you often find yourself having to take a big chance in signing a boy because he really doesn't have the opportunity to prove himself."

Pete related that the better ballplayers were coming out of Detroit because the City was one of the few areas providing a program which would allow a youngster to play enough to show himself as a prospect.

But now, and you can bet that the scouts were the first to know, better sandlot baseball is right before your eyes with Greater Northville Area maturing into prominence through an ambitious summer program.

In times when organized baseball in many communities seems to abandon a youngster in his late teens, Reef Manufacturing of Northville is sponsoring entries in the Connie Mack League and the Free Press League —

both being co-ordinated through the Livonia Recreation Department.

The nucleus of both teams is the Northville High School squad with Mustang mentor Dick Willing coaching the Free Press unit and Art Adams managing the Mackers. Age requirements for both leagues are similar allowing youngsters to participate in both programs and play an average of five games per week.

And for a boy anxious to improve himself in a sport, there's nothing better than playing as often as possible in a well-organized league and under good coaching.

Almost as an added benefit, an adult team has been organized under the support of the Northville Merchants and is playing in the rugged Stan Musial League, also operating out of Livonia.

So a local youngster who has grown close to baseball now has the opportunity to enjoy it as he grows into manhood rather than suddenly being left with time and energy which might be wasted just hanging around on the threshold of trouble.

And the scouts have better

baseball prospects to use in building bigger sports attractions. But more importantly, and this might be a little dramatic, a community is building better men allowing them to learn the lessons of life playing baseball rather than by turning to delinquency.

The extensive summertime baseball program being enjoyed here is lending support to a standing proposal to schedule the high school season from June through August rather than in the springtime. It's being done with some success elsewhere in the state and appears to have several advantages although its a new concept which might be hard to get conferences of six or eight schools to agree upon.

"If I had it my way, this is the time they'd play the high school season," Adams explains. "The weather is so much better and it's easier for spectators to get to games which start in the early evening rather than after school."

The Twin Valley Athletic Association in south central Michigan — including entries from Hillsdale, Coldwater, Marshall and other points along US-12 west — has played its baseball during the summer months for several years and found it to be very satisfactory.

Athletic directors from the association praise the arrangement as

an administrative dream because the more agreeable weather eliminates the chore of rescheduling games which often times cause many league titles to go undecided with school ending before the bad weather.

Another important factor is that warmer weather is much easier on young arms.

Merchants Rally Once . . . But Lose

A come-from-behind bid was only a momentary success for Northville Merchants on Sunday as they saw Village Rambler of Livonia rally in late innings to defeat the local team, 7-4, at Cass Benton Park.

The Merchants, slated to play Monday and Wednesday of this week before a holiday break through next Wednesday, are now 4-0 for the season in the Stan Musial League.

Rambler ramblod off to a 2-0 lead in the first inning Sunday but then Manager Bill Primeau's squad rebounded with four runs on four hits,

an error and a hit-batsman in the third. But the Livonia team scored three runs in the fifth and two more in the sixth while blanking the Merchants over the last four frames.

The local squad committed seven errors in the field during the seven-inning contest.

Jim Carron, Don Cuocchi, Paul Dieder and Roy Thubedeau each had singles in the third inning for the Merchants and teammate Chris Holman accounted for the other hit when he singled in the fourth.

Next outing for the Merchants will be Wednesday when it meets Redford Township in a 6 p.m. contest at Thurston.

Prices Slashed as Area Stations Join Metropolitan 'Gasoline War'

Nine service stations in the greater Northville-Nowi area have reduced their gas prices since the start of a metropolitan 'gas war' last week.

The stations include those which operate franchises for Standard, Gulf, Marathon, Clark and Shell oil companies.

The 'war' was kicked off by Standard which dropped its wholesale prices to stations in an effort to "stabilize" gas prices in the Detroit area.

First station locally to reduce prices following Standard's announcement was Cook's Standard in

Northville, which chopped five cents per gallon Friday.

Other service stations have cut from between three cents and five cents on the gallon. Northville stations hit a low of 31.9 cents while Novi recorded 32.9 cents on regular gasoline early this week.

Oil company dealers have cut from three to three and a half cents per gallon, asking the station owners to contribute the other cent and a half.

O. W. Britton, spokesman for the Gas Dealer's Association of the Detroit Metropolitan area, said Monday he asked the owners not to drop gas prices more than the amount the oil companies have granted.

Britton said the owners should not reduce their own profit margin, taking a loss during the gas war.

However, one Northville station reported a sales increase of 1,700 gallons per day since it reduced prices.

The price reduction was met with mixed emotions from area service station owners.

One said he thought prices would fluctuate for a few weeks and then return to what they were before the gas war. He said he did not feel a gas war was the solution.

Another owner said if oil companies would do away with stamps and games, all stations could compete

on their own merits and lower prices would result.

Several station owners said increased sales would make up for the money lost from lower prices. They said steady customers also would benefit by getting more gas for their money.

When asked if they wanted to see the gas war continue, many said they hoped it would, while others felt a prolonged gas war could seriously reduce their profit margin and possibly drive them out of business.

Service stations in the southern United States are also involved in a gas war.

Deadline—Monday 5 p.m.

It's your privilege ...

Here in America no one tells you that you have to work. Of course, when you do, you and your family enjoy self-respect as well as material benefits.

No one tells you, either, when or how you must play. But, when you take time for occasional recreation, you become refreshed, alert and ready for more work.

And no one tells you that you must worship the Lord, your God, regularly. But, when you do, you and your family are immeasurably blessed.

His mercy and loving-kindness will embrace your life. Knowledge of His infinite goodness and confidence in His eternal vigilance and love will sustain you at all times.

These blessings, and more, are yours so long as you keep alive the glorious American privileges of freedom to work, play and worship as you choose.

from the Pastor's Study

EDITOR'S NOTE — Reverend Bruce Stine presented the following resolution which was adopted by the Tri-Lakes Baptist Church of Brighton on June 29 as his Pastor's Study. The resolution expresses Reverend Stine's and his congregation's sentiments regarding Patriotism.

WHEREAS we have cause to be thankful for our country and the freedoms we enjoy in the United States of America, and

WHEREAS the free world exists today only because of the great strength and moral leadership of this country in the family of nations, and

WHEREAS our nation is assailed by internal enemies who vilify its name, corrupt its institutions, and see the overthrow of its government, and

WHEREAS the Bible enjoins

Christians to submit to the authority of government and to honor those who rule over us.

BE IT RESOLVED that the messengers of the General Association of Regular Baptist Churches, gathered in national assembly, June 23-27, in Fort Wayne, Indiana, express their gratitude to God for this fair land and the moral and spiritual principles on which it was founded, and

BE IT FURTHER RESOLVED that we give voice to our sincere love of country and pledge to it the loyalty, support, and encouragement of patriotic hands and hearts.

The above resolution was passed by a unanimous vote of the congregation of the TRI-LAKES Baptist Church of Brighton on June 29.

MIRRORED LAKE — For Frank Seger, former publisher of The Brighton Argus, this picture has special meaning. It's Brighton Lake as he would always like to remember it — crystal clear, cool blue, tranquil and a favorite fishing haunt. On a clear day in which he took

this picture, conditions were perfect and Seger framed the lake in the spruce trees that line its shore; captured the soft clouds and sky in the lake mirror.

Herald's Herald

By MARILYN HERALD

What happens to an otherwise happy household when the headman and breadwinner decides to spend his vacation at home "getting caught up on some chores"?

There are two ways this ill-conceived plan can go—both astray—and both guaranteed to send Mrs. Housewife into a state of hysterics.

Either Dad will tire of his resolution after the first half day with the paint brush or hammer or he'll, zealously, carry through to the bitter end leaving in his wake a trail of disorder, short tempers, and harangues over tools "somebody" lost.

If he quits on the first day, he'll grab up his golf bag or fishing tackle and with an, "I don't know when I'll be back but it's too hot to work", slip quietly away.

The other thing which might

occur and I shudder to think of it, is that he may actually start all those projects you've been asking to have done for the past year or two.

There's that shower you wanted in the bathroom. He can't just put it in, it requires changing a closet and maybe retiling the floor and before you know it, he's unhooked the unmentionable and you're forced to go to the neighbors.

Worse yet, he is sure to turn off the water and unless your plumbing is strictly modern and individually piped, you won't even be able to get a drink of water or do the dishes.

Surely, before the project is more than in the tearing up stages, he will discover he's short a piece of trim or some other little indispensables and you will be elected to get it, or them, at frequent intervals. If a part is not readily available, Mr. Fix-it will move on to painting the kitchen

or sanding the bedroom floor and the whole house will begin to look like the day after the tornado struck.

If, by unlucky chance, he should progress as far as tiling the shower stall, don't under any circumstances put your head on the block by uttering that irretrievable phrase, "I'll do the grouting, dear, as soon as you're finished".

From bitter experience, let me inform you, that grouting is a time consuming, tedious and thankless task. All you get from other members of the family are little encouraging queries such as, "when can we start using the shower, Mom?" You tell them gently, but firmly, that the grout

has to dry three weeks after it's finished and they respond with "why don't you hurry and get done then?"

Would you believe this type of conversation has been repeated on and off since Thanksgiving without one offer to assist mom in her task? Once in a while they glance into that vast ceramic morass and shake their heads.

If you are unable to persuade father that travel is the only way to spend a vacation, load the trailer, and the kids, and take to the open road for the duration. The day dad returns to his nice neat job where all the equipment is well placed and everything is efficiently accomplished is the day you clean house and start breathing again.

Lansing 'Progress' Desputed

LANSING — Their first major deadlines behind them, Michigan legislators moved into the second phase of the 1969 session with mixed feelings about their progress, or lack of it.

"What progress?" asked House Republican Minority leader, Robert E. Waldron of Grosse Pointe. "So far we've done nothing major ... mostly just housekeeping bills."

Democratic Majority Floor Leader George F. Montgomery of Detroit defended the House progress so far as "reasonable for this time of year."

"WE HAVEN'T sent as great a number of bills to the Senate as in other years, but the ones we sent are vital," Montgomery added. "And we have a head start on next January because we have 150 bills ready to work on when we return."

Retorted Waldron: "The major things we've done are the things we do every year. I think our performance is the worst I've seen."

The "things" Waldron talked about included the public school aid appropriation and executive budget bills, and a \$285 million water pollution control program.

THE ENTIRE Legislature faced a new problem this year in addition to its other work: the House is controlled by Democrats; the Senate by Republicans.

Waldron was forced to give up the reins of control as speaker when Democrats took over the House numerically and elected Detroit Rep. William A. Ryan as top man.

Senate majority leaders are satisfied with the progress of the Republican-controlled upper chamber, although they criticized the speed of the entire Legislature as inadequate.

Minority leader in the Senate, Sander M. Levin of Berkley, has been especially critical of Gov. William G. Milliken as responsible for any "lag" in

processing potential laws.

He has reportedly said Milliken's supposed failure to take a leadership stand on many issues has caused a "laziness" in the session and not given it a true sense of direction.

Levin's position in the Democratic party makes it mandatory to criticize the governor, who is a Republican.

IN TERMS of numbers alone, each chamber met its first deadline with an almost identical total of bills approved.

Senators introduced 1,073 bills and approved 308 of them. The others were either killed or sent back to committee. Members also processed scores of resolutions.

Bills were sent to the House to raise the interest rate ceiling on home loans to nine per cent, totally revise the banking code, permit law officers to "eavesdrop" (wiretap) and set up legal procedures for human organ transplants.

A MASSIVE MEASURE to consolidate the state penal statutes into one criminal code never emerged from committee. A controversial bill to liberalize the state's 115-year-old abortion law failed to win floor approval.

Jointly with the House, senators approved the anti-water pollution bond bill, worked on the allocation of \$100 million in recreation bonds, and passed one-half of the executive \$1.5 billion budget.

In the House, representatives sponsored 1,875 bills and passed

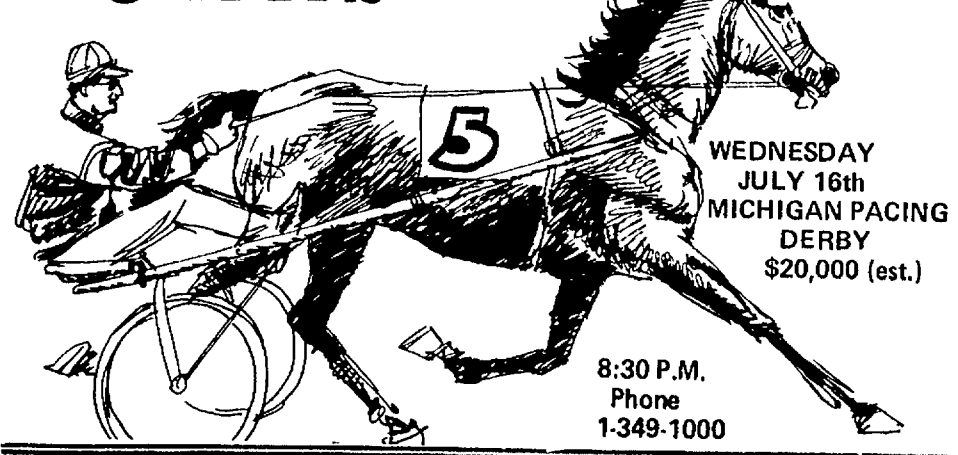

some 300 of them.

Focal point of the House, however, lies more in what was defeated than what was approved. The main time-consumer was the aid to nonpublic schools legislation. Other major bills defeated include a permit for greyhound racing, and the outlawing of retail contests.

Major bills passed include a repeal of the one-man grand jury system accompanied by a strengthening of the multi-member citizens' grand jury, permission for Detroiters to elect councilmen by districts, setting several holidays on a Monday, removing the \$1 uninsured motorists fee, and requiring motorcyclists to wear helmets.

The deadline for passage of all legislation is July 11.

Big Events Coming Soon In Michigan

Michigan vacation travelers with a burning desire to attend a frisbee tournament should pack their frisbees and head out for Calumet-Laurium, July 5-6, the place and date of the International Frisbee Tournament, according to the Michigan Calendar of Events.

The Frisbee Tournament, an old fashioned river-town showboat, a fly casting and tying competition, more than fifteen festivals and twenty county fairs are among the wide variety of unique community activities and events listed for July in the Summer edition of Events Calendar, compiled and distributed by the Michigan Tourist Council.

With lights flashing, whistle blowing and the colorfully costumed cast singing, the Chesaning Showboat will dock to offer family entertainment on the shores of the Shiawassee River, July 14-19. The Showboat, a community project, features a 100 voice chorus and professional acts.

Four big parades, free stage shows, fireworks, cherry pie eating contests and nightly performances at the Cherry County Playhouse are just a part of the entertainment in store for visitors to the National Cherry Festival, Traverse City, July 7-13. Gaylord's Alpenfest, July 16-19, offers the fun and flavor of a true old world festival. The Charlevoix Venetian Festival, July 26-27, features a street parade, sidewalk booths and a boat parade.

Among the other listings for July are the Summer Festival, July 9-13, Ironwood; the Sugar Beet Festival, July 11-12, Sebewang; the Blue Water Festival, Port Huron, July 12-19, and the Greak Lakes Forestry Exposition, July 24-26, Mio.

Sports enthusiasts can look forward to the National Fly Casting and Tying Tournament, Grayling, July 11-13; exciting boat races at the Top-O-Michigan Marathon, Topinabee, July 12-13, and the Annual Troutarama, July 24-26, Baldwin.

Among the several communities listing art shows and markets during the month of July are Lexington, Saugatuck-Douglas, St. Joseph, Dundee, Pentwater, and Quincy. Fairs, rodeos, flower and antique shows and carnivals account for many of the warm-weather events listed in the Calendar.

The June-September edition of the Michigan Calendar of Events and other Michigan vacation planning information are available free from the Michigan Tourist Council, Stevens T. Mason Building, Lansing 48926.

Concerts To Feature Violinist

The Meadow Brook Special Events series presents pianist Vladimir Ashkenazy and violinist Itzhak Perlman in a duo performance Tuesday, July 8, and vocalists Jennie Tourel and Jon Vickers with the Meadow Brook Orchestra Wednesday, July 9.

Both concerts are at 8:30 p.m. in the Baldwin Pavilion at Oakland University, Rochester. Ashkenazy and Perlman will perform piano-violin sonatas by Prokofiev and Beethoven and a rondo by Schubert in their Tuesday concert.

Miss Tourel, a mezzo-soprano long associated with the Metropolitan Opera, returns to Meadow Brook for the second season. In 1968, she appeared with the Meadow Brook Orchestra and conducted master classes at the Summer School of Music.

Tenor Vickers, a regular with the Metropolitan Opera and the Royal Opera of Covent Garden, joins Miss Tourel in the performance of Mahler's "Das Lied von der Erde" with the Meadow Brook Orchestra.

Information about tickets can be obtained by calling Oakland University, 338-7211, extension 2201.
