

A Church Goes Up

Work on the new First Presbyterian Sanctuary is progressing rapidly, with the roof scheduled to be erected later this week. Reverend Lloyd G. Brasure said the building program is on time, with completion expected in late April. Total cost of the new edifice is \$300,000.

NEWS BRIEFS

CLEAN-UP OPERATIONS began Friday at Northville High, as school administrators hired a firm to water blast vandals' paint from the school's exterior. Using only 25 gallons of water per minute, the equipment can generate up to 15,000 pounds of water pressure per square inch. Earl Busard, business manager for the district, said the process will not affect the color of the brick or the glaze, as sand-blasting would. Temperatures must be above 30 degrees for water blasting. Total cost of the operation is \$500, compared with an estimated \$13,400 for sand blasting. Obscene writing with paint, which occurred over the Homecoming weekend, October 24, remains unsolved.

A \$44,581 GRANT to the city of Northville for assistance in the development of the fish hatchery property for recreation purposes has been approved by the state legislature. The money comes from the state recreation bond fund. A city-township advisory committee has proposed a five-year program for development and maintenance of the site that would include tennis courts, ice skating facilities, scout camping sites, nature trails, a fishing pond and picnic area. To date, however, the township board has declined to share in the cost of the project, estimated at \$140,000. There's a good chance that the township could apply for, and also receive, a state grant in as much as the project has been qualified. If the township board decides against the joint recreation venture, the city has indicated it will pare down its development plans to meet city resident needs only.

THE TOWNSHIP BOARD decided Tuesday to abandon consideration of a consent judgment with Boron Oil Company in regard to that company's plans for a service station near the Five Mile-Haggerty Road intersection. Instead, the board authorized its attorney to contest Boron in court since its proposal does not meet township requirements. Specifically, the board of appeals several months ago denied Boron's permit for a service station on grounds that it is within 400 feet of a school.

WANT TO BE MORE than a number in the 1970 census? There's a job waiting for you. Northville city residents who are interested in being census workers are asked to contact E.O. Weber at 349-9971. Township residents are asked to call their Republican precinct delegate: Robert Geake in Precinct One, at 349-2319; and Richard Wolf in Precinct Two, at 349-0411. The deadline is Monday, December 15. Census workers will be needed for three or four weeks in March and April.

Building Program in Motion

Final School Plans Get Approval

Last of the final drawings of additions and remodeling of Northville schools were unanimously approved Monday night by the board of education, thus setting in motion the near \$3 million building program.

Approval was given to drawings for high school additions and remodeling of the Main Street Elementary School along with specifications on all projects.

Request for authorization to let bids on all projects was granted by the board to architects Ralls, Hamill,

Becker Associates.

The bond issue has been pegged near \$3 million by school officials. Of the preliminary figure, \$2,012,950 will be needed for additions and remodeling of the five schools in the district.

Valentine's Day, February 14, 1970, is the date selected for the bond issue vote.

Possible inclusions in the bond issue are costs for paving of old Baseline Road behind the high school, improvements of the bus loading facilities at Main Street Elementary,

screening the overpass at the high school, construction of a bus garage and site acquisitions for future building needs.

Final decision on what additional projects will be included in the bond issue will be made at the board's January 26 meeting. On that date, bids on projects will be opened and awarded.

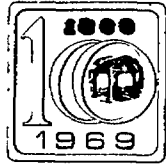

Unique in the Northville bond issue is "bid before bond idea." The district will become the first in Michigan to use this method.

In bidding the projects before the bond election, voters will know exactly how much the additions and remodeling will cost and exactly what will be included, officials have explained.

Earl Busard, business manager for the district, said the method has "built-in taxpayer protection. The school district must justify every penny in the bond application before it can be approved by the State."

Raymond Spear, superintendent of

Township Voters Veto Industrial Zoning, Park

Industrial zoning and park land purchase questions were slapped down Monday as 29 percent of Northville township's registered voters turned out for the special election.

The park question was defeated 474 to 207, while the industrial zoning was overturned 456 to 239.

Biggest margin of defeat occurred in Precinct 2 — that area of the township east of Sheldon Road — where the park question went down 253 to 69, and the zoning question, 263-66. In Precinct 1, located west of Sheldon, both questions also were defeated although by narrower margins: park, 221 to 138, and industrial zoning, 193 to 173.

A total of 704 of the township's 2,404 registered electors cast ballots, with 333 voting in Precinct 1 and 371 in Precinct 2. Only registered property owners could vote on the park question since it involved increasing of taxes, but all registered electors could vote on the zoning matter.

In voting "no" on the zoning question, electors opposed the recommendation of the planning commission and the action of the township board in rezoning large tracts of land along Haggerty Road to an industrial classification. The "no" vote returned this land to its original residential zoning.

The "no" vote on the park or millage question means voters opposed raising their taxes by 2-mills to purchase approximately 200 acres of Maybury Sanatorium property for recreational purposes. While the original intent of the question concerned purchase of Maybury property, some township board officials have stated the decision pertains to the purchase and maintenance of any park land in the township.

Even the board decision on whether or not to join with the City of

Northville in developing the fish hatchery property for recreation was delayed pending the outcome of Monday's vote.

However, Supervisor Guntar Stromberg contends the "no" vote does not affect the township's financial participation in the fish hatchery project. "We've got enough money (in the treasury) now," he told The Record following the election. "I think

it (participation) will go through," he added, noting that he has appointed trustees Bernard Baldwin and Joseph Straub to a committee directed to discuss the project with city officials.

It was Trustee Straub who was instrumental in defeat of the industrial zoning, first by leading petition a drive to place the question on the ballot and then by strongly urging defeat of the

zoning primarily on grounds that it would adversely affect property owners and that it constituted "spot zoning." He was aided in his cause by Trustee William Smith, Treasurer Alex Lawrence and Trustee Richard Mitchell.

Supervisor Stromberg, Clerk Mrs. Eleanor Hammond and Trustee

'City's Done', says Smith

Board Refutes Planners, OK's Commercial Zoning

Another industrial zoning district was scrapped Tuesday night as the Northville Township Board voted 4-3 to rezone 13 acres of industrial property for commercial development on Seven Mile Road near the C & O Railroad.

Board action followed by only one day the decision of voters to deny an industrial zoning in the Haggerty Road-Six Mile area.

Specifically, the board approved the request of Stewart Oldford to rezone nearly 13 acres of industrial land to a business classification to permit development of a shopping center on the south side of Seven Mile Road, east of the C & O Railroad.

In granting approval, the board overruled the recommendation of township planners and the planning consultant that the rezoning be denied.

A motion by Trustee Bernard Baldwin to deny the request was defeated 4-3, with Supervisor Gunnar Stromberg and Clerk Eleanor Hammond voting affirmatively. Treasurer Alex Lawrence and trustees Richard Mitchell, William Smith and Joseph Straub voted against the motion.

Despite an appeal by Baldwin to postpone approval until the matter had first been discussed with the planning commission, Smith moved to affirm the rezoning and it carried with the same split-board lineup.

Oldford first sought to commercial and multiple-housing zoning in June of a larger, 30-acre site but planners at the time recommended that a public hearing on the matter not be granted, primarily because the zoning eliminated prime industrial development property within the township.

Subsequently, Oldford appealed for reconsideration before the township board, altering his request to include only the front portion of the property for commercial development and maintaining the rear portion as industrial. The board then ordered planners to hold a public hearing. Late in October, following that hearing, the commission recommended denial.

Even before planners had reached their October decision, however,

another rezoning request - this one from Levitt & Sons - to permit erection of a shopping center on the same side of Seven Mile Road, several hundred feet east of the Oldford site was received by the commission. In this case, Levitt asked rezoning from a

multiple housing classification to commercial.

Like Oldford, Levitt proposed splitting its 33-acre site, with the front (Seven Mile) portion being used for the

Cartnapping

Portable Grills To Dirty Laundry

Cart-napping is no little problem for major grocery chains who report that thieves use the grocery carts for everything from portable grills to laundry baskets.

While theft of carts from Northville stores is not as great as in

other areas, district spokesmen for Kroger and A & P nevertheless agree that cart-napping — whether intentional theft or inconsiderate "borrowing" — is costly in nearly all suburban areas.

Hundreds of the carts are stolen annually and hundreds more are "borrowed" for trips home and then discarded on sidewalks, streets or ditches. A & P, for example, reports that more than 300 are stolen each year in the Wayne County area alone.

"Include the number of carriages that are damaged by cars in parking lots and you've got a real property loss," a spokesman said. "The sad thing is that in the long run it is the customer who pays for this loss because it's part of the store's overhead."

Carts cost about \$25 each. In some cases, company officials have found that professional thieves resell stolen carts.

Most stolen carts, however, end up on patios or in laundry rooms. "It's unbelievable what some people use them for. Laundry baskets, barbecue pits, tool carriages, you name it. People just don't realize that in doing so they've become thieves."

In the majority of cases, shoppers "borrow" carts and then just forget to return them. "It costs money just to scour neighborhoods in search of them."

Theft or illegal use of carts, officials point out, is punishable by fine and/or jail sentences.

Negro Federal Appointee:

Apathy Grows with Riot's Age

"The more we get away from 1967 — one of the more horrendous years with its Detroit riots — the less people want to do (to help the Negro)," Levi Jackson told Northville Woman's Club Friday as he expressed the fear that "we are getting back to 'business as usual'."

The Ford Motor Company executive who was first Negro captain of the Yale football team and an All-American was assigned to the New Detroit Committee by his company after the riots. Most recently, he was appointed by President Nixon to the National Selective Service Appeals Board.

Saying he didn't think there would have been a New Detroit Committee without the "lighting of a torch" July 23, 1967, the speaker described the riots as people crying out that "you haven't listened to me."

"You know what's wrong, but what can you do to correct it?" he continued as he wished everyone could be "colorblind — then we could talk on issues."

Pointing out the lack of communication between racial groups, Jackson said suburban groups, such as the woman's club, should get to know Negro groups, for the more heterogeneous groups seem to be the stronger ones.

Then, he suggested, "When you get to know a person for what he is, I don't think you will fear him."

Commenting on his service with the New Detroit Committee, Jackson cited progress of the employment and education sub-committees on which he served. In one instance, when the education committee found sixth, seventh and eighth graders in Detroit schools were sharing books and could not take them home, Jackson said, New Detroit donated money for books. He added that he felt New Detroit has helped the housing situation in getting better codes and different landlord-tenant relations. Before, he explained, "if a tenant complained of conditions, he was out; that's harder to do now."

Saying he thinks the committee has lost its effectiveness, Jackson said he asked to be taken off the committee as he "became frustrated" if things were not getting done, and, also, his

wife had been threatened.

Admittedly not quite at ease with his white, almost-all feminine audience, Jackson, nonetheless, opened his talk to questions early in the meeting.

In discussing the challenge that "Negro workers don't stay on the job," Jackson pointed out that, as a child has to be taught to eat well, they have to be trained to work. This, he added, is especially true of the Negro from the South.

"At Ford," he said, "We have to show them how to set an alarm clock."

Opportunities now are more available, Jackson said, "but they have not been before. . . . When Ford said it would hire 6,000 Negro workers, the next day there were 10,000 lined up to apply; prior to the riot they had to take an educational test at seventh grade level which was a 'screening out'."

In response to a question, Jackson added that 68 per cent of those hired have stayed on the job, a higher percentage than workers routinely hired "at the gate."

In surveying the top-echelon section of the labor market, Jackson said that there are virtually no Negroes at the top.

"Ford has been in existence since 1903, wouldn't you think," he questioned, "that in all that time there would have been one Negro in the top management, but there hasn't."

Questioned about the militant young blacks, he said he feels "black people are speaking their minds, saying how things are, not as you'd like them to be."

"You'll find more Negroes looking for identity, and this is why many would like to be called black."

"I wish I could say I think its temporary," smiled the speaker, as he was questioned about the "Afro"-type identification.

"How can you inject pride?" he returned a question, "when a black person still can't say, 'Son, get good grades, go to college and the world is yours' it's just not true."

Commenting upon his presidential appointment, Jackson candidly stated that it was made on the basis of Nixon looking for, first, a civilian and, second, a member of a minority.

'GHETTOS' SPEAKER — Levi Jackson, Ford Motor Company executive and recent Nixon appointee to the National Selective Service Appeals Board, relaxes over coffee following his talk to Northville Woman's Club Friday with Mrs. Samuel McSeveny, left, program chairman for the day, and Mrs. Leonard Klein, vice-president who presided.

Announce Engagements

MARTHA LEE MOORE

FAY ANN KAISER

Mr. and Mrs. Wesley Kaiser of Plymouth announce the engagement of their daughter, Fay Ann, to Specialist Fourth Class Timothy R. Dickinson, son of Mr. and Mrs. Wendell Dickinson, 9501 Napier Road.

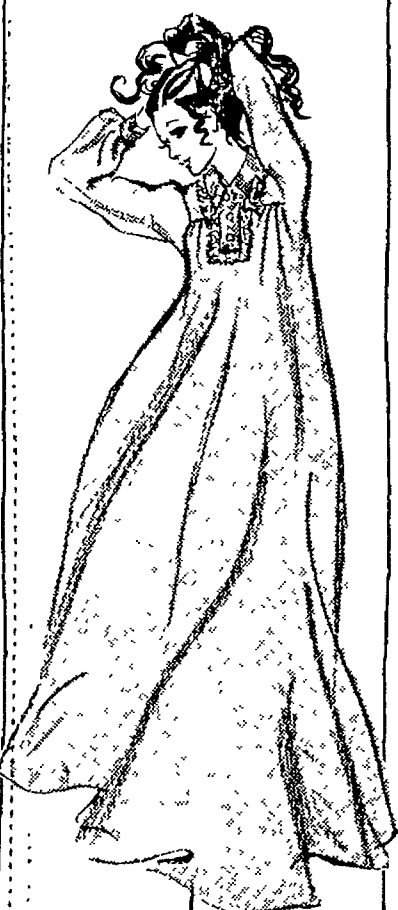

The engagement is announced while he is home on a 30-day holiday leave. He will be stationed at Fort Carson, Colorado. The bride-elect is a graduate of Schoolcraft College. A March wedding is planned.

Announcement of the engagement of Martha Lee Moore to Timothy E. Belanger was made by her parents, Mr. and Mrs. S. E. Moore, at a dinner party in their Dearborn home. The future bridegroom is the son of Mr. and Mrs. Judd Belanger, 23869 Lynwood Drive, Novi.

The bride-to-be is a senior majoring in dental hygiene at the University of Michigan. Her fiancé is a University of Michigan graduate. He presently is a U.S. Infantry sergeant stationed near Tay Ninh, South Vietnam. The announcement was made before Sergeant Belanger left for Vietnam.

No date has been set for the wedding.

In Our Town

JEAN DAY

PEOPLE ARE pausing to admire festive decorations brightening our town.

One of the first outdoor decorations to be set up was the sleigh carrying Santa, arranged beside a lighted Christmas tree on the front lawn of the Fred McKernan home at 210 South Rogers.

The red sleigh, which has been in Mr. McKernan's family since it was bought in 1908, still has its original red plush upholstery and old floral stenciling with unusual gold-leaf beaded detail.

The McKernans have had the beauty stored for three years since inheriting it from his family, who used it until 1938. After that it was stored in a driving shed in Lucan, Ontario, 14 miles north of London. Now making its debut here, the sleigh, Mrs. McKernan adds, was made at St. Catharines, Ontario, and is exactly like the ones now being reproduced there and featured in the Sears Christmas catalog.

(Unfortunately, Mr. McKernan who has been in Mount Carmel hospital with a ruptured disc for three weeks hasn't seen the sleigh on display.)

Another sleigh — piled with brightly wrapped packages — decorates the lawn of the Verne E. Magee home at 335 North Center Street.

A downtown window that's a wonderland of frosted-and-glittering decorations is Lila's Flowers and Gifts where a strong blue color combines with Christmas red and green.

SARAH ANN Cochrane Chapter, DAR, will be entertained at a Christmas tea, at noon Monday for which Mrs. William Bake is opening her home at 841 West Main Street. Her holiday decorations are in shades of pink and green, a complementary combination for Victorian furnishings.

Mrs. Harry Chapman is tea chairman.

Program topic is to be "Christmas Trees," presented by Green Ridge Nursery.

Mrs. Bake's decorations were in place early this season as she first entertained at a smaller tea for "friends you don't always see" last Wednesday.

NEW YEAR'S Eve — that traditional time of getting together with old and close friends — sometimes has proved to be a lonely night for newcomers.

This year that shouldn't be true for any member of Northville Newcomers Club, which is announcing plans to ring in the new year with a gala party that will include an evening of casino games.

In past years the club provided an early cocktail party for its members, but this time Mrs. Kenneth Rossetol, social coordinator, and Mrs. Daniel Conley, social director, decided to plan an all-evening party.

All members and guests of members are welcome to join in festivities starting at 9 p.m. December 31 at Andy's Steak

House in South Lyon. The \$10 per couple price includes games, prizes, dancing, hats and horns favors, and a complete buffet including roast beef, chicken and spaghetti and meat balls to be served at midnight.

The club has been promised the attractive fireplace room at Andy's — and can spill over into adjoining areas if need be. Reservations should be made with Mrs. Robert Hilton, 349-0583, on or before Saturday, December 27.

The club reports that its race track party the last week-end in November was a "fun" success with 40 attending.

CIRCLE OF Friendship — the 1969 Christmas card of UNICEF — and other United Nations stationery sold November 21 in the Northville post office (and November 20 in Plymouth) by the Women's International League for Peace and Freedom raised more than \$250 for UNICEF, according to Mrs. C.E. Woodruff, league literature chairman.

Painting on the card, contributed by Beatrice Tanaka of Brazil, depicts all races of children grasping hands in a circle.

A NEW ANTIQUES group, the Silver Springs Questers, has been meeting regularly this fall. Mrs. Melvin Anderson, 310 Dunlap, will be hostess for the December meeting at 12:30 p.m. next Wednesday.

Since her home is filled with clocks — from rare grandmother-type to French wall clocks and early mantel ones — she offered to speak on the family hobby while entertaining the group. Members unable to attend are asked to telephone, 349-4938.

Mrs. Leo E. Hollis, Jr., publicity chairman for the new chapter, reports that its name choice has been submitted to the state Quester organization and that the membership already is almost at the top limit of 20.

Silver Springs and another new group still in the process of formation came into being early this fall at a meeting of the Base Line Questers. Northville's first Quester chapter had been closed at the membership limit of 20 for more than a year; so, knowing the community's great interest in antiques, it invited women interested in forming a new chapter to a meeting. The result was two new chapters.

THE DIARY of a small traveler has become a treasured memento of Rachel Hill of Travel Plans.

Earlier this fall she took her nine-year-old granddaughter, Jodi, daughter of the Clayton Pethers of Beck Road, on a trip to Vancouver and Victoria.

A stipulation was that Jodi was to keep a diary. She dutifully began such notations as, "On a bus tour we saw a totem pole and other things."

Then, in Vancouver, she noted: "Went on a scary bridge my gramie would not go on it because she was a chicken." The bridge was the narrow Capilano suspension bridge, 230 feet high and 450 feet long.

A NORTHVILLE history note with a Yorba Linda, California, origin tells of a two-by-three foot bell weighing 850 pounds being moved to the new Friends' church there after hanging in the old church tower for 55 years.

Ordered from the 1912 Montgomery Ward catalog, the bell was cast by the American Bell Foundry in Northville. The story adds that among those making the original installation was Francis Nixon, President Nixon's father.

VISITING SANTA — Four-year-old Suzanne Clawson, daughter of Mr. and Mrs. Glenn Clawson, discusses important business with Santa Claus who holds pre-Christmas court at his Northville workshop in Del's Shoe Store. A special feature of his appearance this year are the \$1 color Polaroid pictures that members of the Northville Jaycettes are snapping of Santa and his visitors at the request

of parents. Jaycettes and their camera will be on hand Saturdays, December 13 and 20, from 10 a.m. to 6 p.m. Santa will be present to visit with his little friends from 10 a.m. to 8 p.m. on Saturdays and December 19, 22 and 23. Other Thursdays and Fridays he will hear wishes from 4 to 8 p.m. He also will be in his workshop Christmas Eve from 10 a.m. to 4 p.m.

Bell Choir Plays At Luncheon

Twelve members of the Birmingham First United Methodist bell choir will play 49 handbells imported from England at the Christmas luncheon of the Christian Women's Club at 12:30 p.m. next Thursday, December 18, at Lofy's restaurant in Plymouth.

Second part of the dual program will be "Drama of Christmas," presented by Mrs. Nila Anderson.

Pointing out that "the versatility of the instrument permits a variety in programming," the bell choir will play sacred music, old favorites, folk and classical music.

Reservations should be made by Tuesday. Guests are invited. More information is available on the club and also on nursery facilities by calling 349-2759 or GL 3-6228.

Vocal Concert Tonight at NHS

The sounds of Christmas will fill the Northville High School auditorium tonight, Thursday, when the vocal music department presents their Christmas concert.

Both sacred and secular numbers are on tonight's program.

The concert begins at 7:30 p.m. There is no admission charge.

Northville Man Receives Honor

Lawrence A. Wright of 40241 Fairway Drive has been selected to be awarded an "Honorary Award Certificate" and listing in the 1970 "Register" of the National Register of Prominent Americans.

The Register, explained C. Maxwell Stewart, executive secretary, is an international information center listing prominent men and women.

YOUTH FORUM — Representatives from Northville High School participated in the Second Bi-annual Youth Forum at Eastern Michigan University December 6. The forum was sponsored by Congressman Marvin L. Esch of Michigan Second District. Shown above are Joe Hines, Congressman Esch and Mike Fitzpatrick. The students examined and discussed national priorities including environment, education, welfare and human needs and housing.

News Around Northville

Robinann White was guest of honor at a miscellaneous bridal shower given last Sunday by Mrs. Robert Wilczewski at her home on Lynwood. Guests were present from Redford, Livonia, Detroit, Farmington, Plymouth, Ypsilanti and Lansing, as well as Novi and Northville.

The bride-elect is the daughter of Mr. and Mrs. Robert White. She has set January 31 for her marriage to Patrick Hall, son of Mr. and Mrs. Donald Hall

Annual Potluck Christmas dinner and party of the Northern Lites Family Living Study Group will be at 6:30 p.m. Monday at the home of Mrs. William Brown, 200 Rayson.

Mrs. William Underwood is in charge of entertainment and the exchange of handmade gifts. Members unable to attend are asked to call Mrs. Harold Seden, 349-3371.

Northville Senior Citizens will meet for a cooperative dinner at 6:30 p.m. Tuesday, December 16, at Northville Presbyterian Church. The date has been changed because of the holiday. Members are to bring gifts costing not more than 50 cents for an exchange. A surprise program is planned.

BIRTHS

Mr. and Mrs. William Trotter, Plymouth, announce the birth of their first child, William Patrick.

Born November 18 at St. Joseph Mercy Hospital in Ann Arbor, he weighed four pounds, eight ounces.

Mrs. Trotter is the former Marion Slentz of Novi.

Grandparents are Mr. and Mrs. Edward Slentz and Mr. and Mrs. Gerald Trotter all of Novi.

Everyone from toddlers to adults — has been asked to bring a pair of mittens in his own size to decorate a mitten tree in the fellowship hall. Later the mittens will be sent to

Cass Community House in Detroit's inner city.

Carols will be sung and the Bible-story of Christmas told. Junior high members baked and decorated cookies to be served with punch.

Chairman of the lower grades Sunday school is Mrs. Charles Castillo; high school chairman is Lester Phillips.

Local Nurses Attend Program

Four major subjects relating to nursing care of medicare and medicaid patients — rehabilitation, medications, communications and government regulations — were the focus of study by 46 licensed practical nurses enrolled by their employers in a four-day institute offered by the Michigan League for Nursing and held at Fisher Center, Southfield.

The Southfield institute, held on four successive Wednesdays, closing

December 3, is the eleventh short-term training program the League has offered in different parts of the State.

Northville nurses registered for the Southfield institute were Mrs. Mary Rice, LPN from the staff of Eastlawn Convalescent Home and Mrs. Georgina Homer, LPN from the Northville Convalescent Center.

Police Blotter

Marihuana Confiscated

Northville police investigated a report of a juvenile patron smoking marihuana at Cloverdale Farms Dairy on Monday afternoon.

An employee of the Dairy confiscated the cigarette and turned it over to police. The cigarette has been sent to the state laboratory for analysis.

Neal Hays McClain, 236 Church Street, was found dead at his home December 8 at 6 a.m. Investigating officers found no evidence of foul play. An autopsy showed McClain, age 52, died of a heart attack. He lived alone.

Two persons were injured December 7 in an accident on Seven Mile and Ridge roads.

Taken to St. Mary Hospital were David Denis and Julia Howard, both of Dearborn Heights.

Denis suffered a gash in his right arm and Miss Howard received leg and back injuries.

Wayne County Sheriff's Department is investigating the accident.

A Detroit man, Edward Ramsey,

was injured December 6 near Northville Downs on South Center Street when the car in which he was riding was involved in an accident.

He was treated at Ford Hospital for back injuries.

International Diamond Tool Company, 21141 Novi Road, was broken into over the weekend.

Reported missing were a two-speed power unit valued at \$255; a rotary vacuum motor, \$11; and a magnifying glass, \$10.

G. E. Miller Sales and Service reported a tire and wheel were stolen from a car parked in the sales lot over the weekend.

Five youths leaving Dino's Pizza, 1053 Novi Road, ripped a wiper blade off an auto owned by a Detroit man. The incident occurred shortly before midnight Monday.

A tape deck valued at \$150 was taken from a car parked at G. E. Miller Sales and Service Used car lot. The theft occurred between 9:30 p.m. December 1 and 9 a.m. December 2.

A Detroit man, Orphanides Theodoros, reported \$20 was taken from him while he was at the ticket booth at the Northville Downs December 2.

Ed Kalko, Redford Township, told police he returned to his car December 2 and found a broken key in the ignition and the rubber window molding cut. The incident took place while the car was parked at the Downs.

COURT NEWS

A Garden City resident, Morris W. Stothers, was fined \$78 for violation of the financial responsibility act. The fine was handed down by Judge Dunbar Davis in 35th District Court last week. Stothers also was fined \$48 on a reduced charge of careless driving, \$13 for displaying improper license plates and \$10 for defective headlights.

Albert J. Marzejka, Detroit, was fined \$128 on a reduced charge of driving while his ability was impaired.

Gerald M. Combs, 42770 First Street, was given two days in Detroit House of Correction, already served, and a fine of \$78 for violation of the financial responsibility act.

William Potts, Detroit, was fined \$78 for drunkenness.

Driving with a suspended license brought a three-day jail sentence in Detroit House of Correction, already served, and a \$48 fine for Warren G. King, Detroit.

Steven Pauli, 508 Gardner Street, was fined \$28 for careless driving.

Closed Sessions: Plus or Minus?

Newspaper reporters traditionally have opposed executive sessions when instituted by boards or councils or commissions elected or appointed to act in the best interest of the public.

Your immediate reaction is to take it personally concluding that you've either got to start brushing after every meal or switch deodorants.

And then you take it professionally and you're offended because you feel that your job — in the best interest of the public — is to inform citizens what their officials are doing and why.

Meanwhile, in attempts to appreciate reasoning supporting such a practice, I nevertheless conclude that if I'm acting in the best interest of the public, it's in my best interest that they know what I'm doing and why.

The issue raises itself here and now because the Novi Community Schools' Board of Education took action this week establishing the first Tuesday of every month for executive session and because the City of Novi Council recently has indicated favor for handling several matters in an after-hours meeting of their own.

It usually begins that the sessions are called to consider matters involving personnel and it often grows to a point where meaningful discussions evolve on other issues with positions established in order to avoid the embarrassment of public disagreement on an issue.

But I feel that if a person assumes public office, then it's the public's right to assume that that official can account for his actions without fear of being embarrassed by and opposing viewpoint.

And as a public official, I would want to make my position known on an issue — especially if it was in opposition — rather than having it known only as it is compromised after action within an executive session.

I feel confident at this point that both the board and the council are considering executive sessions with good intention but I fear that the practice will evolve into a crutch for weak officials and a burial site for too many good ideas which failed in their initial attempts to win favor

Board Tables Action

Principal Asks to Step Down

Council Returns Request

A request to rezone property on Pontiac Trail west of Wixom Road from residential to light industrial Tuesday was referred by the Wixom City Council back to the Planning Commission in order to study better control of storage yards.

The commission originally had recommended that the request of The Boam Company, a construction firm now located in Livonia, be denied on the basis that it would represent spot zoning. The firm proposes locating an office, repair shop and storage yard on a parcel which is presently zoned residential and is surrounded by other residentially-zoned properties.

In accordance with the Master Plan, the area has been designated for eventual use by light industry although in making their recommendation against the Boam request, the commission emphasized that it preferred rezoning to proceed in an orderly fashion from west-to-east.

After discussing the request, Mayor Wesley McAtee recommended that it be returned to the commission for consideration of rezoning the entire strip to industrial and for study of modifications possible in order to allow more control on the use of a storage yard.

One Pontiac Trail propertyowner Tuesday explained that she felt the only objection to the proposed rezoning was the indefinite nature of use for the storage yard. A petition including the signatures of eight propertyowners in the area had been presented to the council prior to Tuesday's session.

In other business, the council awarded an acquisition appraisal contract within its Urban Renewal preliminary survey program to Ralph Wenger & Company of Grand Rapids. The lowest of three bids presented, the \$6,900 contract complies with study requirements necessary in preparing information to determine the value of Urban Renewal for the downtown business district.

Cost of the appraisal service will be fully assumed by the federal government unless the City of Wixom decides to execute an UR project.

Annual Concert On Wednesday

The Novi Senior High School Band's annual winter concert will be held next Wednesday in the commons beginning at 8 p.m., Band Director Richard Stannard has announced.

Power—Gas—At Issue In January Election

An additional election date made its way onto the calendar for the City of Novi on Monday and the issue to be decided is one of power — natural gas, not political.

The City of Novi Council unanimously passed a motion Monday approving a franchise request for the use of public property by Consumers Power Company in extending their gas service into the community and set January 26 as the election date for citizens to consider ratifying the agreement.

Law requires that citizens approve the arrangement by a three-fifths plurality at a public election. The contract proposed between the city and the utility is for 30 years.

Expense of the election, including necessary legal notices, is to be assumed by the applicant. The council had been addressed by Consumers with the request last month with a public hearing on the proposal continued from last week Monday.

Thirty-years is a standard term of contract for franchising utilities allowing use of public property in extending facilities to provide public services.

Final day to register for participation in the election is December 26, according to City Clerk Mabel Ash.

Joint Effort Considered For New Sanitary Line

The City of Novi Council has indicated its interest in considering the possibility of combining efforts with a private developer to construct a \$150,000 sanitary sewer line to service existing and future development within the southeastern section of the community.

Local propertyowner Leonard Broquet and a representative of Smokler & Company, prominent area developer, previewed their plan before councilmen Monday and received an expression of interest.

The developer is planning to locate a major townhouse project on property now owned by Broquet at West Eight Mile Road and Meadowbrook Road and the spokesman explained Monday that his company would be willing to share the cost of constructing a major sanitary line to service the area on a unit-of-benefit basis with the city. It was stated that besides servicing the residential development planned by Smokler, the sub-trunk line could also be employed with an additional pump station to accommodate future needs in the southeastern section of the community.

Mayor Joseph Crupi reported that he had been approached by Broquet previously and had advised him to address the council formally on the matter. The mayor emphasized that it is expected the project could be completed more economically by a private developer, in conjunction with the city, rather than through bids.

The spokesman for Smokler explained that his company would provide the engineering, in accordance with city specifications, and install the line with financing proposed to be assumed on a fair-share basis as determined by the Oakland County Department of Public Works.

The line is proposed to travel from the West Eight Mile area north down Meadowbrook Road to Nine Mile Road and then west on Nine Mile to the Walled Lake Arm.

The mayor referred the proposal to City Manager Dallas Zonkers with plans for the council to meet informally next Wednesday after Zonkers has discussed the matter with engineering consultants Johnson & Anderson.

In other business Monday, the council tabled action on proposed salary increases for Police Chief Lee BeGole and Sergeant Richard Faulkner. Councilman William Duey and Councilman Donald Young, Jr. proposed that the council enact salary increases rather than make a special overtime allowance for the administrators in order to maintain a pay differential between them and officers who benefit from overtime payments.

Originally, the council had been considering an increase in salary or special overtime allowance for Faulkner but the two councilmen assigned to the matter eventually recommended raises for both administrators in order to maintain a differential between the chief and sergeant.

Supervisor Proposes Terms of Division

Conditions of a settlement as informally proposed by Novi Township Supervisor Leo Kalota in the lingering division of assets with the City of Novi received favorable reviews from councilmen Monday increasing the chances that the issue will be resolved shortly and without further litigation.

Mayor Joseph Crupi informed the council Monday that Supervisor Kalota has proposed the township exchange all of its public assets if the city will assume its financial liabilities, return \$1,000 in cash and supply a five-year fire protection contract.

The mayor explained that the supervisor had informally made the proposition last week Wednesday and that he was going to discuss the offer with the remainder of the township board sometime this week.

The division of assets between the two governments has been pending since February when a major portion of the original Novi Township became a part of the new City of Novi. The action, which by state law was to be completed by late May, was delayed while the township re-organized and then was taken into court by the city in September when negotiations between Mayor Crupi and Supervisor Kalota failed to reach a settlement.

The court then ruled that the

township should act without delay in dividing assets with the city. The township appealed the ruling but meanwhile the supervisor and mayor have been holding weekly sessions to appraise possessions in attempts of advancing towards a settlement.

Due to the re-organization of the village into a city effected by last February's election, the city is to receive about 97 percent of combined assets in proportion to its increased valuation through annexation. The township's three percent has been

estimated at about \$16,000, according to city officials.

Supervisor Kalota's proposal comes as somewhat of a surprise although he and other representatives of the township had recently approached the city, the City of Wixom, City of Northville and City of Walled Lake seeking fire protection but without success.

In reports by the mayor, it appeared that negotiations recently

On Proposed Site

Appraisal Favors District

Appraisal of a controversial elementary school site put an offer of \$60,000 right in line with property values, it was revealed Tuesday at the Novi Community Schools' Board of Education meeting.

The 10.41 acre site in the southeastern portion of the district was appraised by City Assessor Howard Ackley and James Cutler, Northville realtor, and indicated that the \$85,000 price put on the land by Kaufman and Broad developers is excessive, according to Superintendent Thomas Dale.

Ackley said the property is worth an estimated \$64,440, including roads, water and sewer. Without sewer, the same property was valued at \$44,800, the assessor has stipulated.

Cutler said a price of \$57,255 for the parcel is reasonable, including roads, water and sewer. Kaufman and Broad's price did not include sewers.

The board decided to meet with representatives from Kaufman and Broad next week to continue negotiations for the elementary site.

Publication of a prospectus to aid the district in selling \$4,475,000 in bonds approved by the voters this fall was delayed.

Dale said: "We will hold up publication to see if things change."

"It appears some buyers are waiting for our bonds. As soon as they are presented they may be sold, but this is no guarantee."

"Bond sales have been going in such a manner that it may not be wise for us to put \$2,000 in a prospectus now if we can sell them by eye-to-eye contact," he continued.

Dale said it would be about six weeks before the bonds would be put up for sale.

The board adopted a monthly executive session, heard reports on the high school - junior high fire alarm system, approved a request for release from contract and approved a three-day camping trip for mentally handicapped children.

Final Touches Put On Ackley Dinner

Final preparations were being completed early this week for a special dinner planned for Saturday to honor longtime area government official Harold Ackley.

The potluck dinner, to be held at the Novi Senior-Junior High School commons, will begin at 6 p.m. with all interest citizens and associates of Ackley invited to attend.

Ackley recently stepped down as city manager to assume duties as city assessor.

Attorney Gene Schnelz will be

Says Gap In Talks

After a 61-minute executive session, the surprise resignation of Novi Junior High School Principal Jack Jordan was tabled Tuesday night by the Novi Community Schools' Board of Education.

It was revealed Tuesday that Jordan, an ex-teacher in his second year as principal of the junior high, had submitted a memo to school officials last month disclosing that he was displeased with the "lack of communication between the administrators and board members." He also expressed within that memo his desire to be relieved of his principal's responsibilities as of June 30, 1970, but to retain his teaching tenure.

Superintendent Thomas Dale reported Tuesday, that the memo had been returned to Jordan and a formal letter of resignation requested before the board could take formal action.

At Tuesday's meeting, Jordan again mentioned the alleged communication gap and said he resented "bus drivers, cooks and teachers contracting (bargaining) for their salaries."

Board President Bruce Simmons said the "board has never refused to communicate when asked to."

The meeting then was immediately recessed while board members, Dale, Assistant Superintendent Richard Hendrickson and Jordan went into executive session.

When the session concluded, Dale recommended the board table and defer action on Jordan's resignation until its next scheduled meeting, December 23.

The motion, moved by Trustee Vern DeWard and seconded by Trustee Robert Wilkins, won unanimous support from the board.

When the master contract with the Novi Education Association was approved August 26, a formula for determining principals' salaries was also established.

The formula used the maximum MA degree teacher salary, adding 10 per cent to the base for senior high principal, seven per cent for middle school (junior high) and five per cent for elementary.

A standing executive session held on the first Tuesday of every month was adopted by the board. It was felt that the board would have the time needed for discussion of issues not available in regular meetings.

Mrs. Patricia Binkle, kindergarten teacher at Orchard Hills, was released from her teaching contract effective at the end of the first semester. Her husband has been transferred to California.

Dale said several replacements are available and interviews for the position have begun.

guest speaker at the event which is being organized by the Chamber of Commerce. Schnelz, a former municipal judge for the City of Walled Lake, is city attorney for several area municipalities including the City of Wixom.

Mayor Joseph Crupi and members of the City of Novi Council are also scheduled to be special guests at the program.

Ackley, 64, has served the city and township in a variety of capacities during his administrative career.

NOVI HIGHLIGHTS

MRS. H. D. HENDERSON 349-2428

Mrs. Harry (Marie) Newman formerly of Novi, and now of Livonia, had the misfortune to fall and break her hip. She is now a patient in St. Mary's Hospital, Livonia.

Tuesday afternoon at 4:00 p.m. Kelly Kerutis, daughter of Mr. and Mrs. Donald Kerutis of Rockwell road, celebrated her sixth birthday at a party. Her guests were Scott Hare, Delores Shady, Gerri Peterson, Kelly, Kathy and Peggy Wilson, Jeffrey Thorpe, two new neighbor girls, Valerie and Heidi, and Cindy Bell.

The Dwight Jordans of Maude Lee Circle have just returned from two weeks of vacation in Florida.

New neighbors in Willowbrook are Mr. and Mrs. Richard Bureau and their five children from Inkster.

The Jack Anglins visited the former's parents, Mr. and Mrs. Elmer Anglin in Garrell, Indiana over the Thanksgiving weekend.

Mrs. Ruth Gillispie, mother of Mrs. Arnold Bell, is a patient in Mt. Carmel

Hospital, Detroit. This will be her third week there. Mr. and Mrs. Ted Slentz honored their daughter, Nancy Slentz, and their son-in-law, Bill Trotter at a joint birthday dinner this past Sunday.

Mrs. Robert Wilkins is back home again after a week's bout with pneumonia in Botsford Hospital.

Mrs. Russell Race was hostess at a pre-Christmas luncheon for her card club this past Sunday. The guests were Mrs. Marie Nutter, Mrs. Ruth Starkweather, and Miss Helen Watkins of Northville and Mrs. Gertie Lee of Walled Lake and Mrs. Laney Henderson, Fonda Street, Novi.

On Sunday, Dawn Putnam celebrated her fourth birthday at the home of her parents, Lafray and Nancy Putnam. All of the relatives including grandparents aunts and uncles were there for the celebration.

Edwin Putnam spent the weekend with friends at the Putnam cabin in the woods near Lewiston.

Friends of Mr. and Mrs. L. J. Putnam will be interested to know that they are spending the winter months at Bullhead in Arizona.

Mrs. L. C. Richardson is spending some time with her mother who is ill at her home in Milwaukee, Wisconsin.

Guests of Mr. and Mrs. Sam Paolucci on Fonda Street Thanksgiving were the former's father, Mr. Antonio Paolucci of Detroit, and his brother, John Paolucci from Hazel Park.

Miss Corinne Story of Coldwater is spending a few days with her niece, Mrs. Larry Smith and family.

Mr. and Mrs. Larry Smith and

daughter, Darlene, and Mr. Roy York, spent Monday evening at the Ford Auditorium where Mrs. York will be singing in the Detroit Bible College Oratorical choir.

Mr. and Mrs. Don Kamen of Garden City visited the Larry Smiths last Friday. Mr. Kamen is the Educational Director at Ward Memorial Church in Garden City.

Richard and Judy Sigsbee and infant daughter, Rachel and Arthur Sigsbee spent the weekend with Judy's mother in Plainwell.

UNITED METHODIST CHURCH NEWS

The altar flowers on Sunday were a gift of Mr. and Mrs. Errol Myers given in loving memory of Mr. Walter Apple, father of Mrs. Myers.

The greeters on Sunday were Mr. and Mrs. Charles Boyer. The Acolytes were James Stine and Thomas Wilkins and the ushers were Charles and Thomas Boyer.

Next Sunday the Methodist men's breakfast meeting. All men and young men are urged to be present at 7:45 a.m.

December 21 at 7:00 p.m. church school Christmas Program.

December 24 at 7:30 Christmas Eve Service.

December 24 at 11:00 p.m. Christmas Eve Service.

The committee on Finance is seeking to have the pledges toward the 1970 budget all turned in by next Sunday at the latest. On the afternoon of the 14th visitors will be sent out to all members who have not yet responded.

Chancel choir rehearsal Wednesday evening at 8:00

The Women's Society of Christian Service held a Christmas party at the home of Miss Lucille Heavner, on Mill Stream Lane at 8:00 p.m. on Monday.

Sunday in Church: 9:30, Morning Worship; 10:30, Fellowship time (coffee and cookies); 10:45, church school classes for all ages; 2:30 p.m. Whitehall Worship Service; 6:30, United Methodist Youth Fellowship.

FIRST BAPTIST CHURCH OF NOVI

Mrs. Bea McQueen and Linda King were the winners of Scofield Bibles for bringing the most people in last week's revival.

Mrs. Elaine McCulla, missionary to Japan, presented a program "Feast and Famine," to the Vera Vaughn Circle last Tuesday evening. Mrs. Claude Beachy, missionary intern, was the recipient of a surprise Christmas gift.

Green lights were burning last Sunday for the eleventh and twelfth boys and girls classes for perfect attendance. Mrs. Bea Diem and Joe Whyte are the teachers.

The Workers Conference will meet Thursday, December 11 at 7:30 p.m. to finalize Christmas plans for the Sunday School.

Mrs. Joe Whyte, Linda Cook, and Janet Warren were given a birthday party by the young people last Sunday evening after Church at the home of Mr. and Mrs. Joe Whyte.

HOLY CROSS EPISCOPAL CHURCH

Sunday, December 7, the church was glad to welcome Reverend Paul Mancarrow, resident director of the Diocesan Conference Center and assistant Director of Diocesan School of Theology, Brighton, Michigan, in the absence of the Vicar who conducted a youth retreat this past weekend.

At the service George Simmons,

Jr., was the crucifer and Randy and Brad Huber were the acolytes.

Prayers were said for James and Howard Halpin, father and brother of Bob Halpin, who are ill.

Due to the weather conditions and absence of teachers the Sunday School had to be cancelled.

The Bishops committee met at the church on Monday, December 8th.

Anyone wishing altar flowers for Christmas call Mrs. Alice Tank. It is important that the order be placed early.

Coffee hour in the absence of the committee. Ann Sauvage and Alice Tank acted as hostesses.

The E.C.W. bake sale was a huge success in spite of the weather. There will be another bake sale in two weeks.

Rev. Leslie Harding and Mrs. Nancy Little braved the elements this past weekend to transport the young people to the retreat at Ortonville, Michigan.

The E.C.W. has a gift table in the Narthex of the Church. Check there for your Christmas gifts.

FIRST BAPTIST CHURCH OF WIXOM

Last Wednesday evening the church body voted to call Mr. George Mackey as Youth and Music Director. Mr. Mackey's ministry will begin December 14.

Sunday morning at the close of the worship service 13 new members were officially received into the church. Mr. and Mrs. Frank Bochet and daughter, Jan, Mrs. Barb Daigis, Mr. and Mrs. Brad Henton, Mr. and Mrs. Erwin Kirkland, Miss Jackie MacAtee, Mr. and Mrs. Mike Michelson, Mr. and Mrs. Frank Partin and Mr. and Mrs. George Wahrod.

This week will be very busy with the Primary Sunday School Department. They will have a Christmas party Monday evening.

Tuesday at 10:30 a.m. the C.B.A. Ladies Missionary Meeting was held in Pontiac with Jill Renick speaking.

Tuesday at 7:30 p.m. the C.W.F. had their Christmas "White Elephant" party at the Church. Everyone brought a batch of their favorite Christmas cookies and the recipe for exchanging.

Wednesday at 7:00 p.m. Family Night including Bible Study and Prayer meeting, Boys Brigade and Pioneer Girls. Adult choir rehearsal at 8:00 p.m.

Saturday, "Sunday School" Christmas program practice for Primaries and Teens 1:00 to 2:30 p.m. At 7:00 p.m. the Fellowship Class will have their Christmas Party at the Michelsons in Walled Lake.

Sunday, December 14, Rev. Dan Harvey with Trans World Radio, Bonaire will bring a special service including slides, for the Teen Department during the 9:45 a.m. Sunday School hour, and also speak during the 11:00 Worship hour.

Sunday afternoon at 4:30 the Adult Sunday School Christmas program will be rehearsed.

The Jr. and Sr. High Youth groups will meet as usual at 6:00 p.m. "A Trip to the Holy Land at Christmas" via colored slides and narration by Mrs. Inez Twaddle will be presented at 7:00 p.m.

Dec. 16, Jr. Department S.S. Christmas Party - Dec. 17, Election of new church officers for 1970 - Dec 20 - Teen Caroling and refreshments - Dec. 21 - deadline for annual Teen Retreat, also annual S.S. Christmas Program.

NOVI REBEKAH LODGE NEWS

The regular meeting of the Rebekah Lodge will be held tonight, December 11 - Election of officers.

Thirteen members will be honored and presented with 25 year membership pins.

Blanche Clutz and Georgia Miles are the refreshment committee.

Miss Carol Bruce of Novi High School will be present to tell about her week in New York with the 20th annual United Nation's Pilgrimage for Youth, sponsored nationally each year by the Independent Order of Odd Fellows.

Carol won this trip through interviews, questionnaires and public

speaking competition. In New York Carol was a semi-finalist winner in competition. More than 1000 students from Canada and the United States joined in the Pilgrimage. Mrs. Jean Alex of Berkley, chairman of the U.N. Promotion committee will be present to present Carol an achievement certificate.

Novi Rebekah Lodge sponsored Carol. Mary Ann Atkinson is the Noble Grand of Novi Lodge.

BLUE STAR MOTHERS

Chapter 47, Blue Star Mothers had their annual election of officers and Christmas party last Thursday at the home of Florence Wyatt in Plymouth.

The meeting was held at 11:00 a.m. and the following officers elected and installed - President, Lucy Needham; First vice-president, Dolly Alegnani; Second vice-president, Frances Neilson; Secretary, Laney Henderson; and Treasurer, Gertie Lee. The officers were installed by past president, Hazel Mandilk and Chaplain Carolyn McCollum.

After election a beautiful lunch was served by the hostess Florence Wyatt and assisted by Hildred Hunt. The sixteen members and one guest then spent the afternoon playing buncos. Prize winners were Carolyn McCollum, Jerry Kent and Florence Loynes.

Several mothers plan to make a trip to the Veterans Hospital before Christmas for a tree trimming party for the Veterans.

The January meeting the first Thursday in the New Year will be held at the home of Laney Henderson on Fonda Street.

NOVI GO BETWEENS

Junior and Senior High School parents will hold their monthly meeting on Tuesday December 16, at 8:00 p.m. in the Novi High School Library.

Topic for discussion will be on sex education in our schools with Jr. and Sr. High School Principals and Supt. Mr. Dale.

All parents of Junior and Senior

students are urged to attend this meeting.

NOVI GOODFELLOWS

The Novi Goodfellows had their annual paper sale last Friday. They had a good day and sold all of their papers so it wasn't necessary to sell again on Saturday.

The workers were local policemen - Officers - Grubbs, Starnes, Brower, Gross, Pratt and Flubant. Also Pete Alcala, Ken Bassett, Russ Taylor, Roy Crites, and Leon Dochot, chairman.

Call in names of needy families to MA 4-1248, Ma 4-5622 or FI 9-6216 so that "No Child in Novi Shall Be Without a Christmas."

WILLOWBROOK COMMUNITY ASSOCIATION

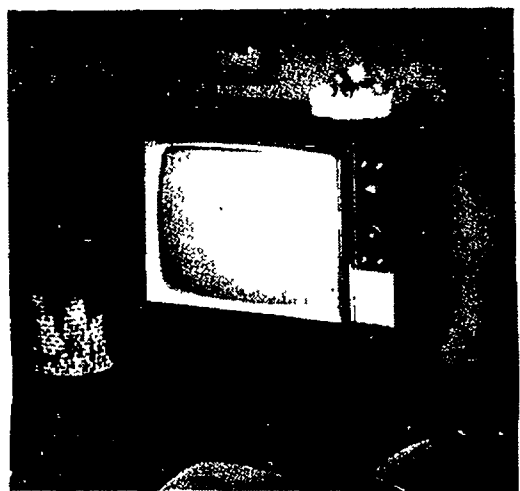

Mrs. Gross, secretary of the Willowbrook Association, announces that the next Board of Directors meeting will be held at the home of Mrs. Marcia O'Brien - 41131 MacMahon Circle, December 15 at 8:00 p.m.

NOTICE OF SPECIAL ELECTION

AND OF

REGISTRATION OF VOTERS

TO THE ELECTORS OF THE CITY OF NOVI:

NOTICE is hereby given that a special City election will be held at Novi City Hall (Prec. 1), and Community Bldg. (Prec. 11) in the said City, upon Monday, the 26th day of January, 1970, at which there will be submitted to the vote of the electors of the City, the question of ratifying a certain public utility franchise contained in an ordinance adopted by the City Council at its meeting held upon the 8th day of December, 1969, which said ordinance is entitled as follows:

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the CITY OF NOVI, OAKLAND COUNTY, MICHIGAN, for a period of thirty years.

On the date of said election, the polls will be open at 7 o'clock in the forenoon, or as soon thereafter as may be, and will be kept open until 8 o'clock in the afternoon, Eastern Standard Time, when they will be finally closed.

The City Clerk will be in his office Monday thru Friday, and on Saturday, the 20th day of December, 1969, between the hours of 8 a.m. and 5 p.m., the closing of registration for said election which is not a legal holiday, and on the 26th day of December, 1969, between the hours of 8 a.m. and 8 p.m., Eastern Standard Time, said date being the fifth Friday, as determined by statute, preceding the date of said election, for the purpose of reviewing the registration, and registering such of the qualified electors of the City as shall appear and apply therefor.

Mabel Ash, City Clerk

BY ORDER OF CITY COUNCIL

HOUSE RAZED - A vacant house at the southeast corner of Grace and Lake streets, labeled a fire and safety hazard by neighbors and condemned by the city, was razed by city personnel early this week.

According to City Manager Frank Ollendorff, cost of demolition will be borne by the owner, Mrs. Peter Wooton, who is living with a member of her family.

20 Booths Set for Bazaar

Twenty booths will be filled with a wide variety of items for holiday giving at the three-day bazaar of the Novi Jaycee Auxiliary to be held Friday, Saturday and Sunday in the Novi Community Building, 26360 Novi Road.

A feature of the Christmas bazaar will be the appearance of Santa and Snoopy.

Bazaar items include hand-tooled purses, glassware, decoupage, baked goods, Christmas decorations, candles, ceramics, hand-painted china, feather dogs and decorated rocks.

Among outside groups manning booths will be Novi United Methodist Youth Fellowship, Novi High cheerleaders and students and the American Youth Hostel group.

Hours are 6 to 9 p.m. Friday, 9 a.m. to 6 p.m. Saturday, and noon to 6 p.m. Sunday.

Last Meeting Set

The Wayne County Board of Supervisors will hold the last in a series of four evening meetings scheduled to test public interest at 7 p.m. Thursday, December 18, in the auditorium of the City-County Building.

The four evening meetings were suggested by the board's rules committee to give citizens who work during the day an opportunity to attend.

Post Office Announces Longer Holiday Hours

With the holidays just around the corner, Postmaster John Steimel reminded Northville area residents of hours parcel post and stamp windows will be opened through December.

Today and tomorrow, the post office will be open from 8:30 a.m. to 6 p.m., Saturday from 8:30 a.m. to 5 p.m., and on Sunday, from 1 to 4 p.m.

The same schedule will continue through next week Saturday, but the post office will be closed next week Sunday.

Post offices hours will be from 8:30 a.m. to 5 p.m. Monday, Tuesday and Wednesday (December 22-24). It will be closed Christmas day, reopening on Friday, December 26, from 8:30 a.m. to 5 p.m. on Saturday, December

27, it will be open from 8:30 a.m. to noon. Closed Sunday, December 28, it will be open from 8:30 a.m. to 5 p.m. during the final three days of December.

OLV Slates A Youth Day

A Youth Day program will be held at Our Lady of Victory at 7:30 p.m. Monday in the church hall.

After a short introductory presentation, students are to divide into 14 discussion groups to explore "What's Happening?" All youth of the church are invited to attend and participate in the discussions.

Whistle Turns Works Against Orange, 58-53

A two-game winning streak for the Mustangs was whistled to a stop Tuesday at Fenton in a basketball contest which unexpectedly turned to rough-and-tumble with the visiting Orange suffering the consequences.

League competition on Friday when they host Milford.

"As far as I'm concerned we played an outstanding ballgame," Kucher observed. "I feel it was a best game of the season and although our kids are disappointed about losing, I think we'll be ready by Friday."

The Mustangs, after a 20-point effort in the third quarter, saw a seven-point lead and two regulars vanish in the final period as the home team scored six points on free throws in the last minute of play to claim a 58-53 victory.

Fenton jumped off to a 16-13 lead at the end of the first quarter but then the Mustangs held their opponents to seven points in the second period and proceeded to tie the score at halftime, 23-23. The visitors turned in a 20-point performance in the third quarter and were leading 43-37 when the last period began.

The setback was the first in three games for Coach Bob Kucher's squad while the Tigers, a member of the Metro League, are now 3-0. The Mustangs resume Wayne-Oakland

The Tigers made nine of 14 free throws in the last quarter - six within the last minute - while Mustang regulars

Ron Hubbard and Bernie Bach were both ejected from the contest when referees declared they committed flagrant fouls.

Hubbard led all scorers in the contest with 24 points while Junior Center Kerry Cushing had 12 for the Mustangs. Rick Adams had 15 points for Fenton while teammate Leroy Lantzy scored 11 - seven of which were scored in the last period.

In the jayvee preliminary contest, the Little Mustangs suffered their second straight loss, 61-52.

The Mustang varsity was charged with a total of 23 personal fouls - 12 in the last quarter. Fenton committed 12 personal fouls in the first half and four in the last.

Bach had 11 rebounds and Hubbard 10.

Wrestlers Eye Initial Campaign

Wildcat Coach Rick Trudeau uses sophomores Pat Ford, middle, and Stan Jackson to demonstrate a technique for his wrestling squad, the first in the

history of Novi High School. The Wildcats launch their 12-meet season tonight (Thursday) when they host South Lyon.

Rally to Beat Clarenceville

Sluggish Mustangs Survive

The Mustangs spent a majority of their playing time Friday convincing a lot of people that their Wayne-Oakland League basketball opener was going to be a disappointment. And then they took a few minutes to unconvince a lot of people and disappoint the surprisingly-strong Clarenceville Trojans.

visitors snatched the lead from Clarenceville when Center Kerry Cushing popped in a short jumper while being fouled in the process.

Cushing's field goal gave the Mustangs a 38-37 advantage with his ensuing free throw extending the margin to two points. And within the next six minutes the visitors out-scored the Trojans 13-2 increasing their lead to as much as 13 points - 52-39 - in their charge to the finish.

Despite a sluggish start which lingered well into the third period, Coach Bob Kucher's squad fashioned a rags-to-riches finish thumping the Trojans, 52-43.

Junior Forward Bernie Bach, a workhorse throughout the contest, accounted for 15 points and 17 rebounds to lead the Mustangs while

Acting Captain Ron Hubbard had 12 points. Trojan Forward Steve Scholes and Center Ron Lamontagne each had 15 points and Scholes grabbed 15 rebounds.

Both teams pressed at the beginning of the game but the Mustangs had the most trouble adjusting to Coach Ralph Weddle's 1-2-2 zone. After exchanging the lead early in the period, Hoover sank his short hooker and then Scholes intercepted a Mustang pass and connected on a jumper to put the Trojans ahead, 10-6.

Kucher switched from a man-to-man to a zone defense in the third period forcing Clarenceville's height - Lamontagne and Scholes - off the boards and thwarting offensive efforts which previously keyed off of the pivot.

Trailing 37-34 as they entered the last period, the Mustangs narrowed the difference to one point when Hubbard connected on a 16-foot jumper from the right. Seconds later Cushing scored to put the visitors ahead for good as they proceeded to hit on seven-of-ten field goals while holding the Trojans scoreless from the field until the contest reduced itself to three seconds.

Clarenceville managed only six points in the final stanza while the Mustangs scored 18 with Hubbard, Bach and Rich Adams accounting for four-points each.

The visitors made 20-of-51 from the field for about 40 percent after recovering from a seven-for-24 first half. Clarenceville made 15-of-53 from the field for 28 percent. The Mustangs were out-rebounded, 39-38.

The contest, played before about 800 people at neighboring Clarenceville, was the first in the conference for both schools and the first of the season for the Trojans. The Mustangs, having opened last week Tuesday with an impressive 70-55 decision over South Lyon, are not 2-0 with their second non-league tilt scheduled for this Tuesday at Fenton.

The Orange will resume Wayne-Oakland play Friday when it hosts Milford (0-2).

The game Friday was nearly four minutes old before the first field goal was scored and then with three minutes remaining in the period, Trojan Guard Jim Hoover canned a short hooker to give the home team an 8-6 lead which they doggedly protected until early in the final quarter when the Mustangs turned from the near-dead to the deadly.

With 6:16 to play in the game and after having trailed by as many as seven points, the

Squeaker Destroys Win String

The Little Mustangs dropped a 35-34 decision to Clarenceville last Friday snapping a 26-game winning streak compiled since 1967.

Brad Cole had 10 points in the contest for Coach Omar Harrison's squad. The Little Mustangs ran into foul trouble early in the contest and fell behind only to see their late rally fall one-point short.

A desperation shot from three-quarter court with two seconds to play by a Little Mustang bounded off the backboard and into the front of the hoop before falling unconverted.

The Little Mustangs' last defeat was on January 12, 1967 when they were handed a 53-50 setback by West Bloomfield.

A tip-in by Cushing of a missed Bach free throw pulled the visitors to within one point - 14-13 - at the quarter mark. The Mustangs shot five-for-16 from the field in the first period with Hubbard scoring four points while Bach had seven rebounds. Lamontagne had six of his eventual 15 points in the quarter.

The Trojans extended their lead to as much as 20-13 in the second quarter as the Mustangs scored a modest six points - all by Bach.

HOURS: 9 6 P.M. DAILY 9 9 P.M. FRIDAY

Going Gets Tougher for Wildcat Cagers

Scramble for Rebound

Wildcat Forward Rick Hill (44) and Guard Tom Boyer (22) battle for a rebound during Friday's game against Southeastern Conference rival Dexter at Novi. Also in position to rebound is Wildcat Tim Bowman, at left. The Wildcats suffered a 78-47 setback in the contest, their second loss of the week. Coach Jim Ladd's squad travels to Milan on Saturday to resume league play.

Weekend Strong

Action Picking Up For Jackson Here

With three more weeks of racing on the agenda, Jackson's action at Northville Downs is giving every sign of swinging upward in both attendance and mutual handle before the December 30 finale.

The real breakthrough arrived over the weekend. On Friday a turnout of 3,140 pushed \$250,021 through the mutuel machines and Saturday's top crowd of 4,253 wagered \$308,753 on an excellent 10-race program.

"Our average is \$195,611 and barring the worst possible weather, we should finish strong. It is obvious the weekends will be our best action but if the mutuel handle maintains a respectable level during the week, we might hit a \$250,000 average," said Leon A. Slavin, president of Jackson Harness Raceway who is conducting the current winter session at Northville. Slavin admitted that the attendance has been hurt because the triple-decked clubhouse isn't completed in its entirety.

"Our switchboard has been hopping with requests for dinner reservations nightly. Regrettably, we cannot take them since only the lower level of the clubhouse is being used right now. However, it will be ready in 1970 and you certainly will notice the difference."

The racing executive, who enjoyed an all-time record season in the recent Jackson Harness Raceway meeting, also reminded the adoption of Tuesday as Ladies Night should give the gate an early week lift.

"Women are becoming as knowledgeable as men in the sport. And when they see our new heating and air conditioning system through out the plant, they are certain to keep coming back. We maintain a constant temperature of 70 degrees," he said.

Director of racing Gary Buxton, instrumental in bringing good fields together in balance, is now working on a marathon series and will make the first presentation next Saturday with a one and one-half miles assignment. The track record for this distance among pacers goes back to 1945 when Little Jack made the trip in 3:15. It has not been contested at Northville for trotters.

Performance-wise, it was another outstanding week at Northville Downs. Buxton presented a mile and one-quarter for trotters last Tuesday and Howard Watkins' Prince Manuel out of Livonia established a record of 2:46 3/5. The 11-year old gelding scored his ninth win, beating Super Matc by three-quarters of a length.

Vans Adoway, piloted by Ron Sket, won the Southfield Pace the same night in 2:07 4/5, gaining his eighth win of the year for Carolyn Howard and Evna Burden of Marshall.

D.W. Yates, racing for Charles Pontius of Ceresco, Michigan, became the first triple winner of the meeting December 4, beat Pride's Rusty and Frisky by a neck. Orves M. Ramseyer's Orphan Horse posted his 18th win of the year, capturing the Macomb County Invitational in 2:08 1/5.

After its first week of competition in the Southeastern Conference, the feeling of belonging for the Wildcats has been offset somewhat by the numbness incurred through two consecutive defeats for Coach Jim Ladd's squad.

The Wildcats, having lost last week Tuesday to Chelsea, 58-49, were trounced by the impressive Dexter Dreadnaughts on Friday, 78-47.

Now 0-2 for the season, the local team travels to Milan on Saturday to resume conference action before meeting the Mustangs on Tuesday at Northville.

The visiting Dreadnaughts pulled to a 20-10 first quarter lead which they increased to 38-22 at halftime. And then the visitors scored 25 points in the third period allowing themselves a healthy 63-33 lead going into the final quarter.

Dexter's ability to dominate the boards and force the Wildcats into turnovers kept the home team from threatening its opponent.

Dreadnaught Dan Arbour led all scorers with 22 points while teammate Mike Kinascuk had 14 with Greg Ianni and Tom Snyder collecting 12 and 11, respectively.

Junior Guard Tom Boyer, with four field goals and two free throws, led the Wildcat attack with 10 points while Phil McMillan had nine.

Tankers Claim Victory

An historic opener for the Mustang swimmers on Friday turned into an emphatic victory as Coach Ben Lauber's squad won nine of 11 events in posting a 66-35 decision against Milan. The contest, held at Milan, marked the interscholastic debut of the Mustang swim team.

Juniors Tom Thompson and David Wright and Senior Ed Zywiec claimed two firsts each for the Mustangs with teammates Marty Tuck, Glynn Simmons and Mark Dixon also turning in top performances.

The local tankers launch their home season this Friday when they host River Rouge in a meet to begin at 4 p.m.

Thompson finished first Friday in the 200-yard individual medley and the 100-yard butterfly while Zywiec won the 50-yard freestyle and the 400-yard freestyle. Wright was first in the 100-yard backstroke and the 200-yard freestyle with Tuck placing first in the 100-yard breaststroke, Simmons in diving and Dixon in the 100-yard freestyle.

Tuck also finished second behind Thompson in the 200-yard individual medley.

Grapplers Breeze To Win

Matched against an opponent in its first year of competition, the Mustang wrestlers took advantage of five forfeits in breezing to a 43-10 victory last week Wednesday against Churchill. The match was the first of the season for both squads and represented the home opener for the Mustangs.

Sophomore Dave Griffin and Senior Jim Armstrong both scored pins for Coach Jack Townsley's grapplers while Brian Jones and Mike Petteys won decisions.

The Mustangs were to wrestle at Farmington this week Tuesday and are entered in the Dexter Invitational scheduled for Saturday.

Griffin, competing at 123-pounds, pinned his opponent within the first minute while Armstrong, at 137, scored his fall at 4:38. Jones won by a 6-4 decision and Petteys blanked his opponent, 5-0.

Kevin Hartshorne (98-pound class), John Fialon (107), Chuck Cook (165), Brad Conklin (185) and heavyweight Rich Ruland all won by forfeits while Senior Randy Marburger (175) scored a 2-2 draw.

All Visitors Victorious

Conference Schools Winners on the Road

Playing on the road can't be all bad - at least in Wayne-Oakland League basketball competition.

The 1969-70 conference race opened last Friday with visitors posting victories in each of the four games with defending champion West Bloomfield and favorites Andover and Northville amongst the winners with darkhorse Brighton.

League action resumes this Friday when Northville hosts Milford, Kettering travels to West Bloomfield, Clarkston plays at Andover and Clarenceville is at Brighton.

Next Tuesday, in non-league contests, Kettering hosts neighboring Mott and Clarkston travels to Hamtramck.

West Bloomfield's Don Johnston, a 6-5 junior center, took an early lead in the individual scoring race as he contributed 28 points to the Lakers' 71-58 victory over Clarkston.

Northville came from behind to beat Clarenceville, 52-43. While Brighton employed a balanced attack to defeat Kettering, 68-60. Andover, with all-league forward Dick Souther scoring 21 points, handed Milford a 67-58 setback.

Johnston had 17 rebounds along with his 28 points in the contest at Clarkston. The Wolves rallied late using a pressing defense which enabled them to narrow the score to 50-46 early in the last period but the visitors proceeded to out-score them, 24-18, for the quarter.

Rick Prasil had 13 points and Dan Brown 12 for Clarkston while teammate Steve Warman had 11. West Bloomfield's John Hanull scored 12 points and Bill Bullock had ten.

A strong performance from the free throw line in the first half compensated for a poor showing from the field for Andover which took a 30-25 lead on the strength of 18 free

SPORTS

Thursday, December 11, 1969

Page 9A

throws. The Barons then proceeded to out-score Milford, 37-33, in posting their 67-58 decision.

Besides Souther's 21 points, John Schmidt had 14 and Larry Allingham had ten. Gary Neighbors had 16 for Milford while teammate Mike Monnier scored 14.

Junior Bernie Bach scored 15 points and had 17 rebounds to lead Northville by Clarenceville. Teammate Ron Hubbard also reached double

figures with 12 points while Trojan Steve Scholes had 15 and Ron Lamontagne scored 13.

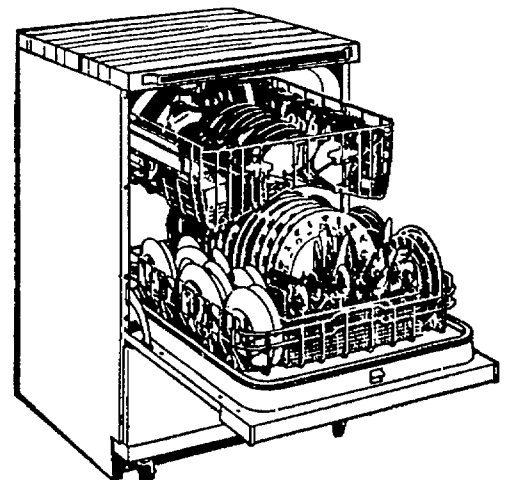

Coach Bob Mark's Brighton Bulldogs had four players scoring 12 points or better in their victory over Kettering. Six-four Bruce Ritter had 16 points while Eddie Gardner and Tony Bybee had 15 each and Dave Harriob scored 12. Mark Goodman scored 19 points for Kettering while Sophomore Don Allen had 16.

Township Election

Continued from Record, Page 1

Bernard Baldwin supported both the park question and the industrial zoning.

According to Township Attorney John Ashton, Monday's election does not prevent rezoning of Haggerty Road property to an industrial classification in the future. A property owner, he indicated, may petition for rezoning at any time.

Concerning the small parcels of business zoning that were included along with the industrial zoning on the election map, Ashton said all but one of them revert to their original classification (residential) because of the "no" vote. One parcel on Five Mile Road, however, was zoned to business prior to rezoning of the Haggerty Road property and hence will retain its business classification even though it appeared on the map.

Asked about the industrial decision, Stromberg said he believed property along Haggerty could again be rezoned to industrial "but they'll have a tough time getting it approved."

"What we've got to do now," said the supervisor, "is try to find some other places for industry."

Since Monday's special election included only the two questions, paper ballots were used instead of voting machines.

Planning Seat Stirs Board Controversy

Northville Trustee William Smith was forced from the planning commission Tuesday night in an unusual 3-1 vote of the township board that saw three members abstaining.

The action came as the board took up the recommendation of the planning commission on a replacement for Smith. Most officials assumed Smith would resign his planning post following his appointment as board trustee since Trustee Bernard Baldwin also sits on the commission as the board's appointed representative and has seniority.

Township Attorney John Ashton has interpreted the law to mean that only one member of the board may sit on the planning commission. To permit additional board representation on the commission, he said, might lead to a law suit and ultimately jeopardize township decisions.

However, when asked if he would step down as a planner, Smith declined saying that he preferred the matter be settled by board vote.

"I'm sorry this has happened," Clerk Mrs. Eleanor Hammond, told Smith, "I just naturally assumed you would resign since you are the junior member (of the planning commission)."

Trustee Baldwin said, when asked if he wished to delay the hearing until he had prepared his case for remaining on

the commission, he did not intend to get into an argument over the matter. He said he was an elected trustee and a six-year member of the commission and would "stand on this record."

Trustee Joseph Straub argued that "it would be more proper" to delay the matter in an attempt to resolve it without board dispute. Later, he took the position that, despite the attorney's interpretation of the law, two board members should be able to serve on the board.

Treasurer Alex Lawrence noted that when Smith was appointed, he (Lawrence) voted for him because he offered an "outside", "fresh" viewpoint.

When asked for his views, Trustee Richard Mitchell said he had no comments.

Supervisor Gunnar Stromberg spoke in favor of retaining Baldwin as the board's planning representative, noting that he had "served faithfully" in this capacity. "I have nothing against Mr. Smith," the supervisor added.

Following the vote and criticism of Mrs. Hammond by Smith for assuming he would resign, the board voted unanimously to appoint Kenneth Sewell, 18320 Laraugh, to fill Smith's vacancy on the commission. Sewell was recommended for appointment by the commission.

School Board OK's Final Plans Here

Continued from Record, Page 1

Northville schools, said the previous method did not work that way.

"I can give a good example by looking at the Amerman Elementary addition," Spear said.

"With the previous method, voters would have approved \$426,000 for the addition, what the architect estimated the building would cost. When bids were let after the bond issue, it would have been discovered through soil borings that we would need an additional \$25,000 for footings.

"But because we already had \$426,000, it would be necessary to somehow reduce the costs by \$25,000. This might mean cutting the size of classrooms or eliminating some part of the addition," Spear commented.

With the "bid before bond," this cannot happen, he said.

Broken down by projects, Main Street Elementary will cost approximately \$111,030 for remodeling; Moraine Elementary, addition, \$310,280; Amerman Elementary, \$51,000; Cooke Junior High, \$421,640; and Northville High, \$719,000.

A copy of the prints and how the addition will be built on to the building is on display at each of the schools.

Architects said the projects would be bid on two or possibly three proposals: the high school will be bid separately with the four elementary schools on the same proposal. The

elementary schools can also be broken down into groups of two.

Contractors will bid on the construction of the buildings and the built-in equipment. No other equipment is included in the specifications.

School administrators said that 15 months from the bond election, all projects will be completed.

Board OK's Commercial Zoning

Continued from Record, Page 1

shopping center. But Levitt planned multiples in the rear of his land, for which it is zoned, whereas Oldford plans industry for the rear of his land, for which it is zoned.

Approval of the Oldford plan all but rules out any chance that the Levitt proposal, now under consideration, could be realized.

Furthermore, there is a strong possibility — based on comments of trustees Smith and Treasurer Lawrence — that the rear industrial portion of the Oldford property may now be considered by the board for rezoning to commercial or professional offices.

Arguing that commercial development represents more tax dollars than does industry, Smith's smoldering anti-city anger surfaced as he took potshots at the city's commercial center. "It's landlocked," he repeated, and "is done as far as I am concerned." He and some members of the audience, most of whom were residents of King's Mill who strongly supported Oldford's request, viewed the city business section as a stagnant, antique-oriented center having little concern for major shopping.

Baldwin disputed the contention of Smith and James Ginn, attorney for Oldford, that commercial development represented a greater tax base than would industrial development. If that were the case, he argued, communities would be clamoring for commercial development and not industry.

Major reason given in support of the Oldford proposal by Ginn was that his client was ready to begin development relatively soon thus assuring the township tax dollars that it might not receive for years based on speculative industrial development.

Ginn and Oldford indicated, without divulging names, that several tenants — including a supermarket were ready to sign leases. National Bank of Detroit, which has temporary quarters across the street, has indicated it will become part of the development, although an NBD representative, James Miller, told board members Tuesday that his firm probably wouldn't move to the new location until 1972.

Oldford's plan proposes that a wide boulevard road he built south from Seven Mile Road, past the commercial development to the industrial park in the rear. Cost of the development, including "some" industry, was conservatively estimated at more than \$3,300,000.

Among other arguments by the petitioner, his client, citizens of King's Mill and the board in support of the rezoning were:

While the commercial development would certainly increase traffic, it would create less of a hazard than would industrial development using large, slow trucks.

Business and industrial development are compatible, and with commercial along Seven Mile it would serve as a buffer between Levitt's housing development on the north side of Seven and the proposed industrial development to the rear of Oldford's shopping center.

The land is now idle and

unproductive and has been for many years.

A need exists for a neighborhood shopping center to serve King's Mill and Levitt's housing development.

Besides the township planners who opposed the rezoning, other opposition came from the Northville Economic Development Corporation, a non-profit organization interested in encouraging industrial and commercial development, and the C & O Railroad.

Major objection to the proposal

was that it eliminated prime industrial zoning in a community where very little land for such purpose exists and that the proposal could adversely affect the development of adjacent industrial land.

Another major objection concerned traffic safety, and argument ridiculed by Ginn and members of the audience because of one planner's written contention that early morning sun, together with the C & O Railroad crossing and the nearby Northville Road intersection, created a blinding condition for motorists traveling east. The commercial development would generate additional traffic in this area and thus compound the hazard, planners concluded.

The day development is government by sunrise, proponents argued, the township is lost.

Mrs. Hammond reminded the board that in view of the defeat Monday of the industrial zoning on Haggerty, the township is left with less industrial zoning and that the Oldford plan would reduce it still more.

(Ironically, the same board members who opposed the Haggerty Road industrial zoning because most of it was located within the Plymouth School District supported the reduction of industrial zoning on Seven Mile, although all of it is within the Northville School District).

Baldwin urged the board to review with planners their reasons for objecting to the Oldford plan, pointing out that Levitt proposed a similar development just east of the Oldford site and outside of the industrial zone.

Division of Assets

Continued from Novi, Page 1

were being hindered by the inability to agree on appraisals of common property. In fact Mayor Crupi had indicated as recently as last week Monday that it appeared the division would have to be returned to court for a settlement.

Supervisor Kalota's proposal asks that the fire protection be extended to the township at a rate of \$200 per run. The arrangement, if executed, would become effective the day of settlement with the city to assume designated financial liabilities incurred to that date.

Combined assets, which the city would receive in total under Supervisor Kalota's proposal, include the City-Township Hall, Community Building, Township Park and Public Library.

It is expected that the township would continue to levy one-half mill for support of the library while maintenance of the other facilities would become the sole responsibility of the city.

Meeting Cancelled

The Northville Board of Education voted unanimously Monday to cancel its meeting December 22 "in the spirit of the Christmas season."

The next regularly scheduled board meeting will be January 12 at 8 p.m. in the board of education offices.

**'I
Feel
Great'**

Nineteen-year-old Van L. Harper, III and his father, Van L. Harper, Jr., beam while looking over the young man's high lottery number - 331. The brother of a Vietnam veteran, Van originally expected to be drafted either in September or October of this year before President Nixon ordered manpower cuts. And now receiving the high number, it's likely that the young man - an employee at O & S Bearing in Whitmore Lake - will not be drafted.

"I feel great; now I can plan something," he explained.

Harper lives with his parents at 7215 Rickett Road, Brighton.

Inquiries Swamp Draft Boards

This nation's first draft lottery since the early 1940's has come and gone leaving some happy people, some sad people and some confused people behind.

Officials at Farmington, Plymouth and Howell boards of Selective Service report being swamped with inquiries seeking clarification following last week Monday's drawing to determine order of call for eligible males into the military service.

For some it made their draft status definite - be it good or bad - while a portion of the potential candidates find that they are classified in an area of uncertainty despite the new system's design.

This year's lottery affected all young men born between January 1, 1944 and December 31, 1950 and with 1-A or 1-A-O classifications. Men now deferred or exempt will retain their place in the determined order if they should later assume 1-A or 1-A-O classifications.

Future lotteries - to be held every year in either November or December - will be concerned with only those eligible candidates who observe their 19th birthday within that year. All candidates retain their order of call number, despite possible deferral, from the time of the lottery which classifies them.

And a deferred candidate who loses his deferment immediately assumes that number - and order of priority - within the year he is re-classified.

"Deferments are being allowed on the same basis as before," a Selective Service spokesman from Farmington explained. "Occupational deferments - for teachers and such - will continue to be honored."

The order of call was determined by drawing birth dates from a bowl through the 366 days of a Leap Year and then by drawing the 26 letters of the alphabet. The birth dates began at September 14 and, proceeding in random order, end at June 8 with "J" the first letter of the alphabet to be designated and "V" the 26th.

Therefore, if you're a physically able male between the ages of 19 and 26 and your birthday is September 14, you can now be assured of being drafted. And if you were born on June 8 and your last name begins with "V", you now can be assured that you won't be drafted.

Provided for further clarification, Selective Service officials stated:

- Those whose birthdays are in

the first 122 dates pulled are almost certain to be called for induction in 1970.

- For those in the middle 122 drawn (from 123 to 244), the outlook is uncertain with the ones in the top of that category more likely for drafting than those drawn later.

- And the final 122 (from 245 through 366) probably can plan on not

being required for any military service whatsoever, barring national emergencies.

The Defense Department has also stated that in 1970, it expects 290,000 of the eligible 850,000 1-A registrants to volunteer leaving an estimated 250,000 to be drafted under the new lottery. The remaining 310,000, therefore, would not have to serve.

However, if the number of volunteers falls below estimates, then the number of draftees will have to increase.

The January draft quota - the first under the lottery system - is about 625 for Michigan with about 40 percent - or 210 - to be provided by Wayne County and seven percent - or 44 - from Oakland County.

Here's the Answer

Yummy Yuletide Recipes

HARD CANDY:

1 Cup of white karo syrup
 1 Cup of water
 4 Cups of sugar, boil to 300
 Add flavor and coloring (cake) and pour on a cookie sheet that has been dusted with 4X sugar. Pour in thin strips on pan, (can pour quite close, as hardens rapidly) cool, and cut with scissors in tiny pieces and odd shapes. These can also be made in greased cookie cutters, such as a Santa cutter with a popsicle stick or skewer layed in middle to make a lollipop. Flavorings can be purchased at Drug Stores. Favorite flavors and colors are as follows:

Anise, use blue coloring; wintergreen, pink coloring; spearmint, dark green coloring; cinnamon, red coloring; orange, orange (3 drops of red and 3 of yellow); lemon, yellow; lime; light green (3 drops of yellow and 1 drop of green); root beer, brown (5 red and 4 drops of green).

CHRISTMAS FRUIT DAINITIES

Cut up 1 small package of dates, 1/2 to 1 cup of walnuts, and 1 small package of candied cherries. Sprinkle (5 tablespoons of flour mixed with 1 teaspoon of baking powder, 1/2 pinch of salt) over the above mixture. Beat 2 eggs well and add 3/4 cup of brown sugar, 1 teaspoon of vanilla. Add this to the fruit mixture. Put all in an 8" x 8" greased pan and bake at 325 for 45 minutes to 1 hour. Frost with favorite green icing, decorating with red cherries, etc. This is a very rich cookie; cut in small pieces.

BROCCOLI CASSEROLE

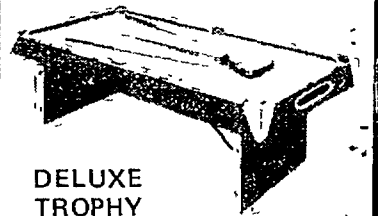

Saute 1/4 C. finely, chopped onion, 4 T. butter (or oleo)
 Stir in: 2 T. flour
 Add and bring to boil over low heat, stirring constantly: 1/2 C. water.
 Add: 1 (8 oz. jar of cheese spread)
 Add: 2 pkgs. frozen, well drained, chopped broccoli.
 Beat and add: 3 eggs (optional)
 Mix and sprinkle over broccoli. 2 T. butter or oleo, 1/2 C. cracker crumbs, pour into 1 1/2 Qt. casserole, bake at 325 degrees for 30 minutes.

CORN PUDDING

2 eggs
 1 t. brown sugar
 1/4 t. salt
 1/4 t. pepper
 4 C. canned corn or frozen, well drained
 1 C. milk
 1 t. butter, melted
 Beat eggs in 1 1/2 qt. baking dish, add sugar, salt and pepper. Stir in corn, milk, and butter. Bake at 250 degree oven for 40 minutes. Brown under broiler for few minutes before serving, if desired. Serve hot with ham slices and string beans.
 Yield: 6-8 servings.

Babson Report

Motor Carriers Enjoy Excellent Growth Record

WELLESLEY HILLS, Massachusetts - Excellent long-term growth has been enjoyed by the motor carrier industry. Meeting the demand from shippers for speed, convenience, and flexibility, motor carriers have achieved one of the best earnings records in the entire transportation field. As high borrowing costs have made large inventories almost prohibitive, trucks have become "warehouses on wheels" to many companies providing fast, dependable, and frequent service.

Small shipments known as LTL (less-than-truckload) provide between 65 percent and 75 percent of revenues for most truckers, and this type of service brings freight rates in the top category. We expect that LTL shipments will continue their long-term expansion, meaning extensive future benefits for the trucking industry.

The interstate highway system has also contributed to this growth. Overnight deliveries and frequency of service are trucking's prime advantages for its customers, and the burgeoning highway system has greatly extended the geographical boundaries. Greater uniformity and liberalization of size and weight laws in the individual states have been beneficial. These revisions have permitted the motor carriers to achieve earnings gains through the use of more efficient equipment and cheaper operating procedures.

IN RECENT years there has been a sharpening trend toward mergers. Trucking is a highly fractionalized industry involving more than 15,000 carriers, with only 50 publicly held. As more truckers follow the merger or acquisition route, they will be in a better position to achieve important economies. For example, Consolidated

Freightways during one six-year period made a total of 52 acquisitions to become a nationwide carrier from coast to coast and border to border.

WHILE LONG-RANGE prospects are bright, the near-term outlook is cloudy. In 1970 the trucking industry will be facing a trio of difficult problems involving the possibility of an economic slowdown, sharply higher wage levels, and repeal of the investment tax credit. These could restrict the industry's progress, but there are probable compensations. During any economic slowdown, freight that had been ordered by the truckload during more prosperous times would doubtless be reduced to LTL shipments carrying more profitable rates. Also, the labor force of the truckers could be reduced.

THE ICO HAS allowed truckers in New England and the Middle Atlantic states to up rates an average of 10% on shipments under 500 pounds to most other parts of the country. This is the first time large increases have been permitted on this type of shipment and may lead to a restructuring of the nation's freight rates. More importantly, this new rate will more realistically reflect the truckers' high cost of handling these smaller shipments. There may be some companies under pressure during 1970, but well-managed truckers should continue to make healthy progress - especially over the longer term.

THE RESEARCH staff of Babson's Reports at this time recommends purchase of the speculative grade stock of Consolidated Freightways for appreciation over the intermediate to longer term. CF is primarily a holding company with subsidiaries engaged in various forms of trucking (two-thirds of revenues) and manufacturing (one-third of revenues). Its operations include not only motor transportation services but also manufacturing of trucks, parts, and allied transportation equipment. The carrier division is the largest domestic trucking company in terms of both route miles and revenues.

Last year, Consolidated's sales rose 24%, net income 25% - the most successful year in the firm's history.

Sky Offers Christmas Decoration

"For Christmas decorations, the eastern horizon is host to some of the most striking and colorful constellations of the whole year," says University of Michigan astronomer Hazel M. Losh.

"Auriga, the large five-sided figure ruled by the bright yellow star Capella, rises in the northeast around sunset," she notes. "The Pleiades, followed by the rest of the constellation Taurus, rise at about the same hour as Capella."

The winter constellations, according to Professor Losh, center mostly around Orion with his two Hunting Dogs - Canis Major and Canis Minor - and the Hare, or Lepus, below him.

The three stars in Orion's belt point downward to Sirius, which as been "watched, admired, and revered from time immemorial, rising as it does in the early evenings around Christmas. It was the 'Star of the East' pointed to by 'Three Wise Men of Orion.'"

Canis Major, Professor Losh explains, resembles "a wooden sawhorse, so one can see how the ancients depicted a dog in this figure."

Canis Minor contains only two naked-eye stars of any importance, the U-M astronomer says. "In ancient times, the Little Dog was thought to be a water dog. It stood on the border of the Milky Way which was thought to be a river in the sky."

An imaginary line drawn from Rigel to Betelgeuse in Orion points to the two bright stars, Castor and Pollux, in Gemini, marking the heads of the Twins, Professor Losh says. Pollux is now the brighter of the two, but it is believed that in earlier times Castor was the brighter.

"Fittingly, the Northern Cross (Cygnus) has steadily moved toward the west, and may be seen to splendid advantage on Christmas Eve, standing upright against the western sky," Professor Losh says.

"The full moon occurs on the 23rd, which means we shall have plenty of moonlight for Christmas Eve and Christmas."

Michigan Mirror

School Reform Proposals Attract Wide Attention

LANSING - The dramatic educational reform proposals unveiled earlier this year by Gov. William G. Milliken caused quite a stir in Michigan. Reaction to them will continue through the 1970 elections.

With all the clamoring within the state about the proposals, most persons have missed the fact that quite a few other states are watching to see what happens here.

This interest in other states, which also are having their own educational troubles, is exemplified in the various editorial comments which appear in papers outside Michigan.

Comments have been both favorable and unfavorable. Some have been merely expressions of interest and curiosity in the plan. But they all show Michigan is being watched closely to see how she handles the educational problems which are hitting many other states besides herself.

FOR EXAMPLE, the Boston Evening Globe said the Governor's proposals involve "what most states probably will be forced to consider in the next decade: the takeover of public school financing from local communities."

It also indicated support for the parochial proposals, which it said recognize that "an intolerable burden would be thrust on the communities if parochial schools were compelled to close."

The Christian Science Monitor was less enthusiastic. It said "Michigan's school money problems are a little too complicated for its Governor's new school tax reform plan to handle."

"What's more, it said, "a provision for aid to private and parochial schools all but drags its worthier proposals under."

THE NEW YORK TIMES printed a favorable review of the plan written by Fred H. Hechinger. Hechinger concluded passage of the statewide funding proposal would mean "school

boards would be able to spend their energies on improving the schools instead of worrying about how to pay for them."

He said Milliken's proposal for statewide funding of public school systems was much the same as one drawn up for the first time three years ago by Dr. James B. Conant, one of the country's leading school reformers.

"Although the Conant-Milliken approach is dramatic," Hechinger wrote, "it is not as complete a break with realities as it seems. The states are already deep in local school financing," he said, noting already 25 of the 50 states pay more than half the total cost of education from state funds.

GOV. WILLIAM G. Milliken hasn't always found himself in agreement with President Nixon or Vice President Agnew, and one instance of this occurring brought some rather candid remarks from the Governor at a recent news conference.

Milliken was asked whether he agreed with Agnew's criticisms of various news media.

"As long as I've been here in this Capitol, I've recognized the fact that what you report, how you report it, what you say - more importantly perhaps, what you do not say - can have a vital bearing on legislative outlook, and on the political fortunes of an individual," the Governor said.

"Frankly," he said, "on occasion I have wished that I could do something to manipulate the news to make it more favorable from my point of view. I know I cannot do that. I know that I should not do that. I know that if we had that kind of a system, it would be unfortunate in the extreme."

"I would much rather," he concluded, "I think, have censorship by the press of the government than I would censorship by the government of the press."

Conflict Solution: Lake Restrictions

The best way to decrease the number of conflicts between boaters and fishermen on Michigan lakes may be to place restrictions on lake activities, according to a Michigan State University researcher.

Robert W. Dittrick, researcher in MSU's Department of Resource Development, says consideration should be given to:

- 1) Limiting a lake to certain uses.
2) Splitting lakes into zones - fishing in southwest section of lake and boating in northeast and southeast sections. This would leave the quieter areas to the enjoyment of fishermen.
3) Limiting time and use in the zone specified - have fishing in the mornings and evenings with no motorboating allowed at these times; have motorboating in the afternoon with no fishing allowed.
4) Correlating boat speed to size of lakes - larger lakes can handle faster speeds. Set maximum speeds on all lakes. "In the final analysis," says Dittrick, "the answer may lie in the

rotation of uses. One year a lake might be designated for high-speed boating only, the next year have all motors banned.

This approach would also have advantages for fish management in that it would allow a lake to be unfished for a period of time.

Troopers Get 'Eye in Sky'

A new "eye in the sky" promises to give welcome support to Michigan State Police traffic safety officers patrolling several thousand miles of state highway, said Col. Fredrick E. Davids, Director, in announcing arrival of the department's first helicopter that is already flying traffic control missions.

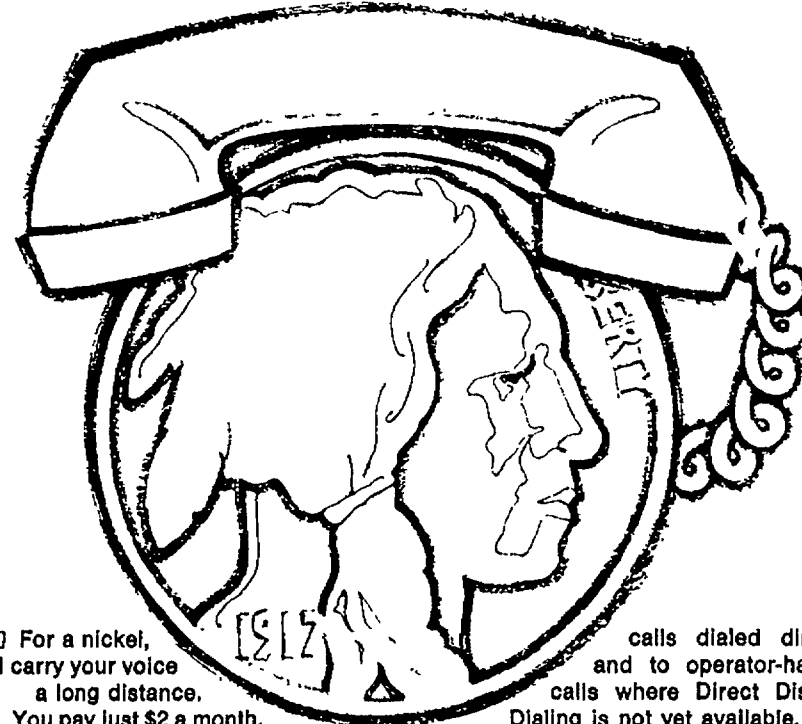

In accepting delivery of the Fairchild-Hiller machine, Davids said, "While drivers, vehicles and miles of highway continue to increase, we can still only apply enforcement controls 24 hours a day. This helicopter should give us some real flexibility in selective enforcement areas that demand immediate attention."

Purchased through a Federal Government grant, the five-passenger, turbine-powered craft is expected to log several hundred hours per year on highway surveillance.

The utility jet helicopter, according to Davids, has amphibian capability too.

Wintertime Key Events Scheduled

Snow action keys events for wintertime visitors to Michigan during the months of December through March and communities throughout both peninsulas are gearing for their role as hosts.

The Michigan Tourist Council advises that one of the best cues for winter hangups and armchair woldrums is to get out in the snow where the action is. The new December-March Michigan Calendar of Events, now ready for distribution, lists more than one hundred Michigan community events.

Popular winter sports activities make up the bulk of the listings, with snowmobile gatherings leading the pack. Beginning with the Olympus Snowmobile Competition, Ironwood, December 12-14, and winding up with the Snowmobile Championship Races, tentatively set for March 7-8, at East Jordan, at least one snowmobile event is scheduled each week through the winter.

Skating, skiing, dog sled races, ski jumping contests, as well as a Sports Car Ice Run, Grayling, February 21-22, add to the excitement of Michigan's wintertime fare. Ice fishing festivals, winter carnivals and a variety of shows balance off the listings.

Offerings of Christmas shows, displays and holiday events dominate the December listings in the calendar. The Christmas Carnival, Cobo Hall, Detroit, December 10-28, was planned with the kids in mind. Other Christmas oriented events include, Christmas Trees Around the World, Nature Center, Kalamazoo, December 8-28, The Henry Ford Museum Christmas Exhibit, December 13-January 4, Dearborn, and Christmas at Greenfield Village, December 19-31.

Carnivals and festivals are among the many other popular snow-season activities. Tip-Up-Town U.S.A., Houghton Lake, January 17-18, is a fun-filled tribute to ice fishing and includes contests and fishing competition. The Clare County Winter Sports Carnival, Clare-Harrison-Farwell, January 28-30, boasts a variety of unique activities from square dancing on the ice to winter golf played in the snow. Other festivals scheduled are the Winterfest, Bessemer, December 26-28; Ducky-Winter-Weekend, Lewiston, January 17-18.

Copies of the Michigan Calendar of Events, listing community events from December through March, are available without charge from the Michigan Tourist Council, Stevens T Mason Building, Lansing 48926.

Take Mail Farm Census

For the first time, farmers will be requested to fill out and mail back their census reports, notes Don Juchartz, Wayne county extension director.

Previously, census takers called on all farm operators to complete and pick up the report forms, said Juchartz. The mail method allows farmers to complete the report at their convenience with the aid of their records.

The 1969 farm forms will be mailed out in January, 1970. Since response is required by law, farmers who do not return their reports for the census will be contacted to obtain the missing data.

The 1969 census of agriculture is designed to provide information needed by farmers and those who serve farmers.

Several new items are on the 1969 census form. Farmers will be asked to give the age of selected items of equipment, expenditures for key items such as pesticides and tons of commercially mixed formula feeds and estimates of the market value of their machinery and equipment.

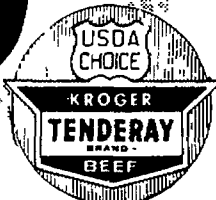

Specialized operators, who produce most of our food and fiber, will be asked for additional information about major trends in production methods.

Ribbon Winners Named

350 Attend Garden Club's Christmas Flower Show

It was "Christmas everywhere" at the Christmas flower show and sale of the Northville Branch, Women's National Farm and Garden Association, last Friday in the VFW hall.

Thirty-four first-place blue ribbons were awarded at the "Deck the Halls" flower show, which Mrs. H.J. Frogner, chairman, reported was "most successful" with more than 350 attending. Proceeds from the show, the first in three years, and from six Christmas boutiques will go to the branch scholarship fund.

The kitchen cupboard and bake shop boutiques as well as the greens mart were emptied of their wares early in the day.

The show was judged by out-of-town official judges of the Farm and Garden Association. Ribbon winners were:

SECTION 1, CLASS 1
(Exterior Door or Doorway Arrangements) — blue; Mrs. William Switzler, Mrs. Charles Clark, Mrs. Donald Ware; red, Miss Taryn Cushing, Mrs. Werner Hess, Mrs. Frank Whitmyer; yellow, Mrs. Gene Cushing, Mrs. Clyde Whittlesey.

SECTION 1, CLASS 2
(Wreaths) — blue, Mrs. Ruby Begonia, Mrs. George Kohs, Mrs. Jack Scantlin, Mrs. George Miller, Mrs. Donald Ware, Mrs. Lena Dilts; red, Mrs. H.J. Frogner, Mrs. Rachel Hinman,

Mrs. Fred Sterner; yellow, Mrs. Whittlesey.

SECTION 1, CLASS 3
(Entrance Hall Arrangements) — blue, Mrs. Scantlin, Mrs. Whitmyer, Mrs. Tina Walker, Mrs. Kohs; red, Mrs. Kohs, Mrs. William Bates; yellow, Mrs. F.S. Jennings, Mrs. Ware, Mrs. Whittlesey.

SECTION 1, CLASS 4
(Topiary Trees) — blue, Mrs. Orson Atchinson, Mrs. Whitmyer; red, Mrs. R.N. Dilts, Mrs. H.C. Noffz; yellow, Miss Betty LeMaster.

SECTION 1, CLASS 5
(Incorporating Candles) — blue, Mrs. Atchinson, Mrs. Sterner; red, Mrs. Charles Brosius, Mrs. Harold Schmidt; yellow, Mrs. Richard Martin, Mrs. Warner Krause.

SECTION 1, CLASS 6
(Dried Materials) — blue, Mrs. John Begle, Mrs. John Burkman, Mike Hunt, Mrs. Clare Genitti; red, Mrs. Horn.

SECTION 1, CLASS 7
(With Religious Figures) — blue, Mrs. Whitmyer, Mrs. Whittlesey; red, Mrs. Charles Ely, Mrs. Kohs; yellow, Mrs. Gerald McKenna.

SECTION 2, CLASS 1
(Corsages) — blue, Mrs. Ware, Mrs. Cushing, Mrs. Donald Hoover, Mrs. Whittlesey; red, Mrs. H.J. Frogner, Mrs. Alfred Millington, Mrs. Janice Zayti.

SECTION 3, CLASS 1
(Table Arrangements) — blue, Mrs. Ware; red, Mrs. Burkman, Mrs. Roger Pyett.

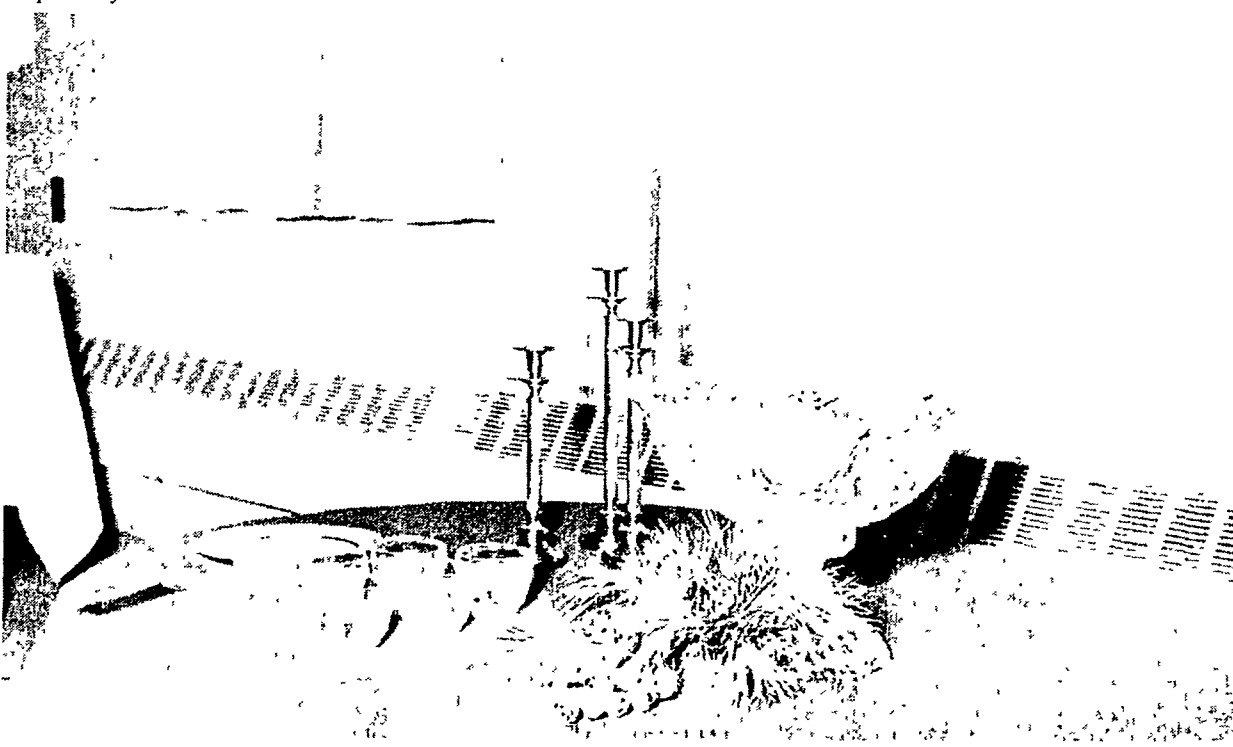

SECTION 4, CLASS 1
(Junior Division) — blue, Marianne Thompson (2), Gayle Davidson, Roberta Day.

SECTION 5, CLASS 1
(Horticulture) — blue, Mrs. Ernest Wood, Mrs. Herbert Frogner; red, Mrs. H.F. Wagenschutz, Mrs. Whittlesey.

Special exhibits in conservation education and arts and crafts were prepared under chairmanship of Mrs. Hiram Pacific and Mrs. Cushing, respectively.

'AROUND THE HOLIDAY PUNCH BOWL' — MRS. WARE

MSU Grads Get Degrees Saturday

Michigan State University awarded degrees to 1,614 students, including several from this area, at its fall commencement exercises Saturday on the MSU campus.

The total includes 968 bachelor's, 404 master's, 188 doctorates, nine educational specialists, one advanced graduate study and 44 doctor of veterinary medicine students.

Speaker for the ceremony was Kingman Brewster, Jr., president of Yale University and a leading spokesman for American higher education. He received the honorary Doctor of Laws degree.

Dr. John Hope Franklin, chairman of the department of history at the University of Chicago, and Dr. John A. Garraty, professor of history at Columbia University, were awarded honorary Doctor of Human Letters degrees.

Graduates received their diplomas from Acting President Walter Adams. Students from this area receiving degrees included

Northville — Ralph L. Hay, 383 North Rogers, BS in fish and wildlife*; Jeffrey A. Mills, 3990 Sunbury, BA in marketing*; and Nancy J. Slatery, 46812 Dunsany, BA in English.

Now — Dennis R. Anchors, 2395 Meadowbrook, BA in hotel-restaurant management.

Walled Lake — Bernard M. Bullard, 2142 Hemsford, BA in general business administration, Barbara K. Gerard, 1701 Bolton, BA in elementary education, J. Patrick Godfrey, 769 Laguna, BA in general business administration, Dennis L. Rogers, 2502 South Commerce, BS in building construction; and Jane C. Ruminski, 1100 Vollmer, BA in audiology and speech science*.

* means the student was an honors graduate.

'WINTERGREEN WELCOME' — MRS. SWITZLER

'A HOLIDAY BRUNCH' — MRS. BURKMAN

SHOPPERS THROUGH CHRISTMAS BOUTIQUES

Here's A Gift FROM **Lapham's** FREE **A HANDY GUIDE For Tying Ties . . .** Plus a chart for color coordination

Does he struggle with the New Wide Ties? How's his Windsor or Half-Windsor? Could he use 'color help', too?

The Windsor Knot

- 1 Start with wide end of tie on your right and extending a foot below narrow end
- 2 Cross wide end over narrow and bring up through loop.
- 3 Bring wide end down, around behind narrow, and up on your right
- 4 Then put down through loop and around across narrow as shown
- 5 Turn and pass up through loop and . . .
- 6 Complete by slipping down through the knot in front. Tighten and draw up snug to collar.

The Half-Windsor Knot

- 1 Start with wide end of tie on your right and extending a foot below narrow end
- 2 Cross wide end over narrow and turn back underneath
- 3 Bring up and turn down through loop
- 4 Pass wide end around front from left to right
- 5 Then, up through loop
- 6 And down through knot in front. Tighten carefully and draw up to collar

The Four-in-Hand Knot

- 1 Start with wide end of tie on your right and extending a foot below narrow end
- 2 Cross wide end over narrow, and back underneath
- 3 Continue around, passing wide end across front of narrow once more
- 4 Pass wide end up through loop
- 5 Holding front of knot loose with index finger, pass wide end down through loop in front
- 6 Remove finger and tighten knot carefully. Draw up tight to collar by holding narrow end and sliding knot up snug

The Bow Tie

- 1 Start with end in left hand extending 1 1/2" below that in right hand
- 2 Cross longer end over shorter and pass up through loop
- 3 Form front loop of bow by doubling up shorter end (hanging) and placing across collar points
- 4 Hold this front loop with thumb and forefinger of left hand. Drop long end down over front.
- 5 Place right forefinger, pointing up, on bottom half of hanging part. Pass wide end behind front loop and . . .
- 6 Poke resulting loop through knot behind front loop (see illustration). Even ends and tighten.

(ABOVE IS A PARTIAL REPRINT OF THE FREE GUIDE WAITING FOR YOU AT LAPHAM'S)

HE'LL LOOK SHARP AND FEEL SHARP, TOO, WHEN HE KNOWS HIS TIE'S RIGHT AND COLORS COORDINATED

Remember . . . We're Open Evenings Til Christmas!

So when you stop in for your Tie and Color Coordinate Guide . . . we'll be glad to show you colorful shirts, sport coats, slacks, suits and ties, too!

* We have our own alteration shop.

SPEAKING for The Record

By BILL SLIGER

It's trivia time...

Like do you know the difference between hamburger and ground beef?

It's 10 per cent.

That's right. Michigan law says that the maximum amount of fat in hamburger is 30 per cent and in ground beef, 20 per cent.

Furthermore, both hamburger and ground beef must be made from skeletal meat only — no livers, lungs or hearts. The only additive allowed is monosodium glutamate (sounds tasty). Michigan is the only state to prohibit any other additives.

I'll take a hotdog with mustard and onions.

Think of all the hamburgers Dr. Orlo (Bud) Robinson can dish up from that 200-pound, 12-pointer he bagged ... and dragged. He also "bragged" a little about its size in front of mighty hunter Chuck Altman (who managed a skinny 135-pounder this year).

Altman is telling everyone who will listen that the doctor experienced "beginner's luck" and further, that it's his opinion middle-aged hunters should avoid dragging such heavy game long distances. "Bad for the heart," advises Altman.

A new invention designed to save time: an alarm clock with seven permanent settings, one for each day of the week.

No more having to take time to pull out the alarm pin every day.

Just think of the extra minute of sleep per week that users of such a timepiece can enjoy.

A progressive California college introduces a new educational program under which students "negotiate a contract" to complete an individual curriculum over a four-year period. The only ground rule, explains a faculty adviser, is that all ground rules are negotiable.

Students will have the opportunity to study abroad or take part in various domestic programs relating to their fields of endeavor during their "enrollment" at the college. The plan stresses "interdisciplinary, interpersonal, intercultural, international approaches."

Next thing you know they'll invent a post-high school program advocating complete freedom from the confines of the campus or classroom. They'll probably call these "students" self-made men, products of the "college of hardknocks", or something revolutionary like that.

All's right with the world again, Arnie's back on his game. Which reminds me of a golf story for a closer to this highly informative collection of fiddle faddle.

St. Peter and St. Thomas were having a round of golf. St. Thomas stepped up to the tee on a 500-yard hole and hit his drive into the cup for a hole-in-one.

This infuriated St. Peter. "Alright, Tom," he said, "knock off the miracles and let's play golf."

STRICTLY FRESH

The person who suffers most from a cold is the fellow working next to the victim.

Levitt Request Called Shocking

To the Editor:

We were shocked by the revelation that the Levitt "team" announced their desire to have the Township replace that area of their massive site reserved for single-dwelling residential with a zoning accommodating multiple development. We understand the reason for this request is the apparent "raging" competition they face with others to super-saturate the area with this type of development.

The only substantial "competing" multiple development of which we have knowledge in the City of Novi is a 90 acre tract to be developed by Smokler in the area between Meadowbrook and Novi Roads. This project shall absorb 90 of a possible 151 acres zoned for multiple purpose in this area. The remaining possibilities are just that — possibilities. We presume that the people of Novi share our concern about runaway multiple developments and will act accordingly to halt the situation.

If the Levitt people are concerned about the balance of development, then we are of the opinion that the Township might be more receptive to a substantial increase in the size of the single dwelling area. We feel that the future risk that less children will come from an area of single dwellings with one quarter the number of dwelling units that multiple development provides is one that makes sense. It appears more predictable that more eggs will come from eight chickens than from two.

If the Township finds it necessary for this new request to be re-heard, then perhaps the entire rezoning should be re-assessed. This would be a legitimate question.

The Township has, in our view, extended themselves quite far enough to ease the problems of this developer and now we await with interest their performance. We hope we will not be disappointed.

We have one further comment with regard to any special treatment for water or sewer taps for land developers. Why should the Township act to deny themselves any normal and usual fees for such taps? The income is needed and such action may establish a precedent. After all, these fees, as well as any and all other development costs, are spread among the ultimate consumers.

Yours truly,
James L. Nowka
15707 Bradner Road

Not From Here

To the Editor:

The Northville Record of December 4 carried my letter critical of the setup and tactics of the State Bar

of Michigan. Although I cannot at the present time reveal the name of the lawyer or the company involved in my complaint to the bar, I must state that the lawyer does not live in nor does he do business in Northville. I make this statement because I do not wish to ruin the reputation of anyone.

John Springer

Clothing Drive Gets Support

To the Editor:

The Orchard Hills Baptist Church would like to sincerely thank you for printing our appeal for clothing to be given to the needy families in the inner city of Detroit. The response on the part of the people in this area was superb! We would like to thank everyone for their generous and unselfish contributions to the clothing drive!

Fred Trachsel, Pastor
Orchard Hills Baptist Church

Novi Jaycees Say Thanks

To the Editor:

This open letter is to thank the Novi News for their concern and involvement in reporting and publicizing events in our growing city.

As chairman of the Novi Jaycees "Ask the Council night" I was somewhat disappointed in the small number of people that turned out for the event but I did find that I was more than impressed with the quality of questions, the sincerity of the answers and the integrity and farsightedness of the Council. However, it was recognized that the 30 or so people who were there represented a majority of the 13 recognized community associations in the city of Novi. We, of the Jaycees, again wish to thank all the citizens of Novi, the Council, Mayor, City Manager, and the Novi News for their involvement.

C. M. Collins

EDITOR'S NOTE: This newspaper welcomes letters to the editor. We ask that they be received at this office by Monday noon for publication the same week and that they be limited to 500 words. All letters must contain the signatures of the writer, but names will be withheld on request. This newspaper reserves the right to edit letters for brevity and to avoid profanity or libelous statements.

Top of the Deck
by JACK W. HOFFMAN

I'm reminded of my children who, on a rainy day, cannot agree on what game to play to break up the monotony of watching an uninteresting television show. They are full of suggestions but because they cannot agree on any one substitute they continue to watch the TV show that none of them approves.

Kids are like that.

So is the state legislature.

Most lawmakers agree year after year that something must be done to improve our educational system and particularly the method of financing it. But because they cannot agree on the "game" to play they continue along the same stale path of doing nothing.

The public acts similarly. Annually, taxpayers demand improvements — citing case after case of educational and taxing inequity — but because they cannot agree on the new "game" they continue to send back to Lansing those lawmakers who would rather tread water than move forward and risk disfavor.

Educators, of all people, act most like children. They, like my children, are extremely jealous creatures who carp about millage failures and of inequities but who encourage the status quo by

opposing the substitute that admittedly does not contain all of the rules of the game that each of them demands.

"If you don't play my game or my, way then I won't play at all," my children argue...and so argue the lawmakers, the public, and the educators.

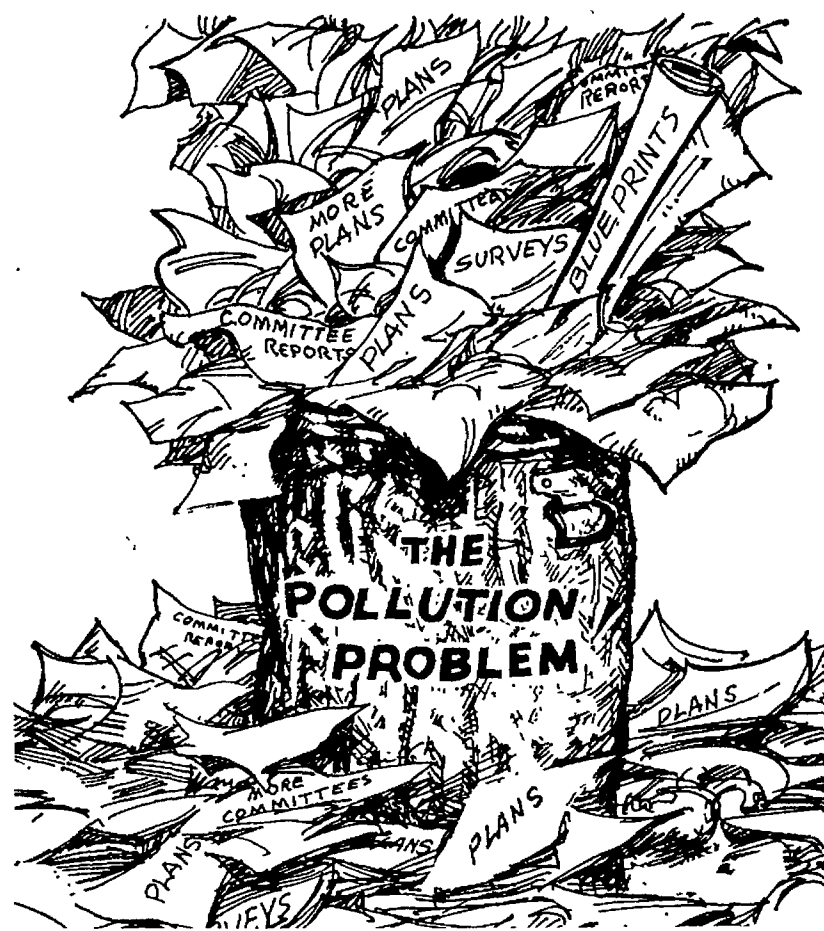

Most political prognosticators predict Governor Milliken's educational package will not reach fruition in the legislative halls at Lansing despite some recent encouraging signs. For politically expedient reasons lawmakers will continue to play the old game. The public, tossing barbs at rules they dislike, will contribute to inaction. And educators, for selfish reasons, will accept more aid in lieu of a package that takes the first significant though not totally acceptable step towards improvement.

When the bickering between my youngsters reaches the proportion it has at the state level, I simply turn off the TV set. It's surprising how quickly kids can reach agreement at that point.

Governor Milliken has suggested similar action. He has stated he may veto the school aid bill if lawmakers refuse to implement his recommendations.

I hope he's not bluffing.

"Progress" Report

Speaking for Myself

Should Santa's Secret be Told?

NO...

What is the truth about Santa Claus? Does he exist? Of course he does. Maybe the jolly man with the white beard and red suit doesn't actually slide down chimneys with a bag full of toys, but there is a Santa Claus.

Santa is not as much human as he is a figurehead for an idea. The idea may be love, charity, goodwill or what ever one wishes to call it. Santa is like the good fairy who leaves a dime under the child's pillow each time he loses a tooth. No one ever saw the good fairy, but she exists in the mind of the child.

Remember when you were a child? Remember how you worried how Santa would get to your home when there was no snow on Christmas Eve? Remember the excitement of getting up Christmas morning and seeing the trimmed tree with presents under it?

Santa is a child's way of understanding the intangible ideas of love and charity. As he grows older and is capable of comprehending the real meaning behind Christmas, he will discover the "truth" about Santa. And when he does, he'll love his parents all the more for not bursting his Christmas bubble at a too early age.

Sally Anne Burke

YES...

Overheard while watching a group of mothers waiting in line with their children to see a department store Santa:

"Don't let him shove you out of line!"

"Well, then, push him back."

"Don't dawdle, dummy, or you'll never get to see him."

"Quit that bawling, do you want Santa Claus to know what a bad boy you are?"

"If you hit your brother one more time, I'll clobber you."

"Why'd you do a stupid thing like that?"

Thus, the nation responds to the Christmas holiday. While Mama's child waits to sit on Santa's knee, the scene throughout the rest of the store is much the same, with Mama's contemporaries pushing, shoving, gouging — all in the interest of goodwill.

We aren't teaching children brotherly love, belief in their fellow man, respect for the rights of others, or for that matter, belief in themselves.

Yet we continue to perpetrate the Santa Claus myth.

I suggest that if parents spent half their time developing those humane traits they do keeping Santa Claus alive, the world would be a far better place in which to live.

Come to think of it, maybe the Santa Claus tale isn't so bad after all.

A kid ought to believe in SOMETHING.

Mary Ann Belyea

A Mystery Photo

Here's another in a series of mystery photos taken from the unidentified glass negative file of the Northville Historical Society. The three youngsters are believed to be from the Northville area, although neither they nor the garden have been identified. Best guess is that the picture was snapped about the turn of the century. Anybody recognize them?

On Year-Round School

94 See Filmstrip

During the first week of the year-round school filmstrip, 94 people have attended showings.

This is almost double the number that viewed the slide presentations offered by the Northville School District last month.

With the increased demand for showings, Raymond Spear, superintendent of Northville schools, has extended the showing dates through January 9, 1970. Originally, the filmstrip presentations were available only through December 24.

The only public filmstrip presentation scheduled for the coming week is Monday, December 15, at 9:30 a.m., in the home of Mrs. Thomas Schaal, 319 Sherrie Lane.

Arrangements to have the filmstrip shown to clubs or neighborhood groups can be made by calling Spear at 349-3400.

After each presentation, viewers are asked to fill out a short questionnaire on the filmstrip.

Of the 94 who attended presentations last week, approximately 82 returned questionnaires.

Seventy-six said the filmstrip helped them better understand the year-round school concept, while six said it did not. Seventy people said the concept is worthy of further consideration by the Northville board of education, though 11 felt it was not.

Most said they wanted to know more about curriculum changes resulting from the year-round school.

Spear said the most common question is will children from one family be on vacation at the same time?

"We hope that all children from one family will be able to have their vacation at the same time, but this depends on the cooperation we get from the community," Spear commented.

One of the questions included in the survey to be conducted by the Mothers' Club is the families vacation preference.

"If everyone wants their vacation in the summer, then the year-round concept is unworkable in Northville," Spear said.

He said a student's vacation schedule would most likely rotate

among the four quarters of school, but not necessarily to the following quarter. If a student had his vacation during the third quarter one year, he may not have his vacation during the fourth quarter the following year.

Final vacation schedules will be worked out after the survey. Spear said it will take about four years to implement a truly year-round concept in the Northville district.

The survey for the concept will be conducted by the Mother's Club and has been tentatively scheduled for January 13-23.

Of the 1454 families in the Northville district, 725 will be asked to complete the 25-question survey.

On January 6, representatives from the social research center in Ann Arbor will conduct an instruction session for Mothers' Club members participating in the survey.

We write insurance on cars and houses and businesses. We write it for people. That's what we mean by personal service.

Traffic Congestion

Mass Transit Seen As Solution

A regional mass transportation system to balance private automobile travel appears to be "the only feasible solution" to the growing problem of traffic congestion, four Wayne County officials have concluded from a three-city study tour.

"Massive and immediate" efforts to develop the system, including a bus network and rapid transit lines, in this region are called for in a report on their trip. The County Board of Supervisors received the report Dec. 4.

The four — three supervisors and a department head — accompanied Michigan Legislators and officials from four other states on a five-day trip to Seattle, San Francisco and Los Angeles.

Wayne County's delegation consisted of Edmund Bizek, of Romulus, D-District 24, chairman of

the supervisors transportation, industrial and commercial development committee; Detroit supervisors George F. Killeen, D-Dist. 2, and Thomas P. O'Rourke, D-Dist. 14; and Richard L. Szelc acting director of the County Office for Industrial and Commercial Development.

In their 23-page report, the four call for development of a balanced transportation system, stating:

"Therefore, we need freeways, we need a good surface feeder bus system, we need truck terminals, airports, docks and waterways; but in addition, we need the ways to move masses of people safely, quickly and comfortably if our urban areas are to exist."

I believe our major conclusion is that we are already dangerously behind in development of a mass transportation system," Bizek stated in commenting on the trip. "Traffic congestion and the lack of good public transportation in many areas are already a problem."

San Francisco's \$1.3 billion Bay Area Rapid Transit (BART) system is scheduled to start operating in 1971. Seattle has completed design of a \$1.5 billion system and Los Angeles has plans for a \$2.5 billion system. But in both latter cases, financing is yet to be approved by the voters.

Other conclusions of the report are:

• "The well-being and economic health of any urban area hinges on its ability and desire to provide itself with an efficient transportation system."

• All levels of government — city, county, state and federal — must support the effort to develop a regional mass transit system in this region.

• The Wayne County Board of Supervisors "should continue its full

and active support of the Southeastern Michigan Transportation Authority," which has been assigned the rapid transit task in this region.

• Construction of the rapid transit system in the San Francisco area has stimulated economic development, with new hotels, numerous office complexes and a convention center being built "within a few minutes of BART's turnstiles."

Gains Honor

Thomas K. Wright, son of Mr. and Mrs. Lawrence Wright, 40241 Fairway Drive, Northville, Michigan has been named to the Dean's List for Fall Term at Northwood Institute. He is a junior in business management.

Northwood Institute is an independent, co-educational residential college with campuses located at Midland, Michigan; West Baden, Indiana; and Cedar Hill, Texas.

Perkins Announces New Appointments

Perkins Engines, Inc. of Wixom, a major supplier of diesel engines, has announced new assignments for five members of its marketing staff.

Derek J. Knowles, manager of the company's Western Division, with offices in Oakland, California, has been appointed manager of national accounts. In his new post he is based at the company's North American headquarters here.

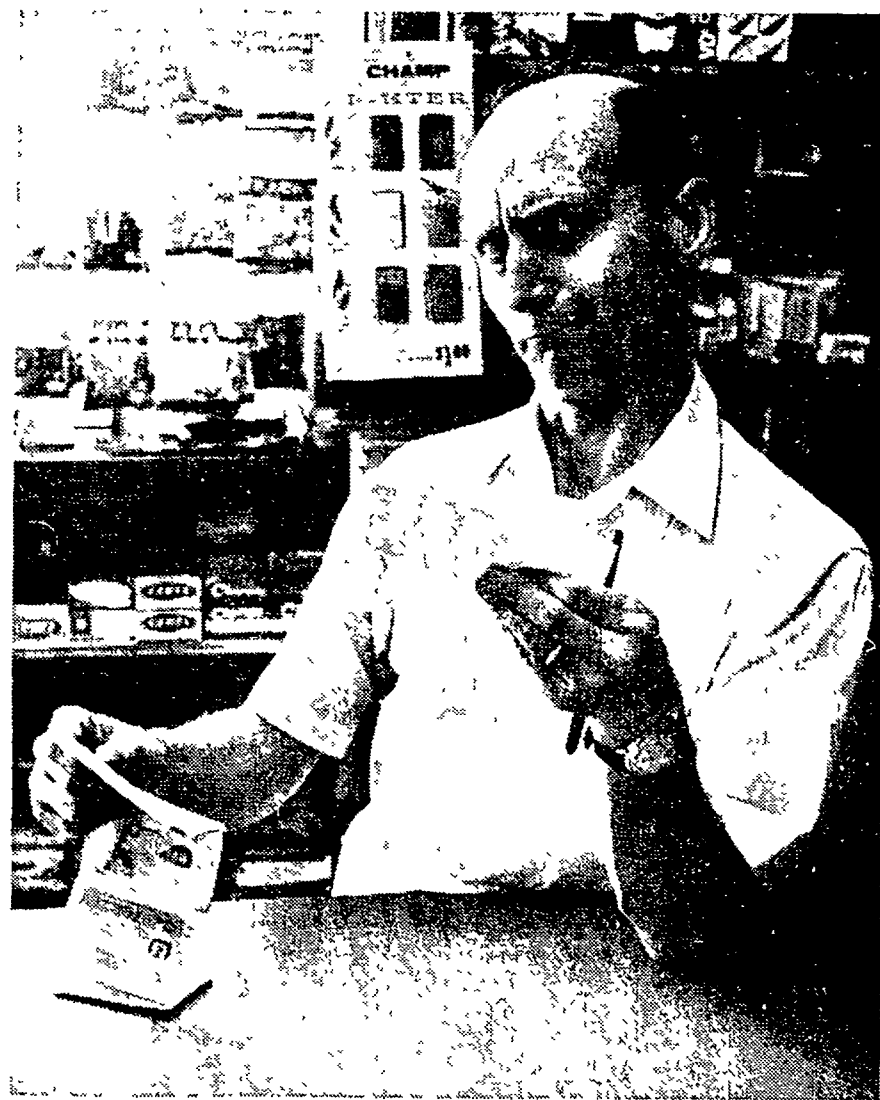

Brian Hughes, Perkins' Western regional sales manager in Canada, based in Vancouver, has been named to succeed Knowles as manager of the

Western Division.

William O. Young, manager of the Eastern Division office at Cherry Hill, New Jersey, has been appointed sales manager of national accounts, and Steven J. Barczewski, who has been regional sales manager of the Eastern Division, is replacing Young.

W. M. Vollendorf has been named administrative assistant to Vice President — Marketing Derek J. Wheeler. Vollendorf will continue to supervise the company's advertising, sales promotion, and distributor operations.

Our Master Charge helps you cash checks where your honest face isn't enough.

When's the last time you tried to cash a check where they didn't know you from Adam? It's not all that easy, right? And even with your driver's license you generally can't make your check out for more than \$25 or the amount of the purchase.

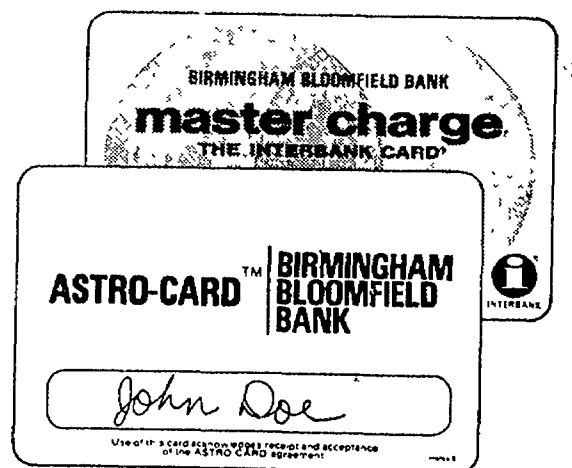

The Astro-Card features we've added to Master Charge have changed all that with a check guarantee. All you need is your charge card and a personal check from our bank. Just show them to a participating Master Charge merchant and he knows your check is good. Because the Astro-Card side assures him that we guarantee your check to \$100. And that says more about the

checks you write than your driver's license ever could.

And since it's so valuable, we insure you free against loss or theft of your Astro-Card. Just let us know when you notice your card is missing.

Master Charge lets you charge almost anything almost anywhere in the country—including a \$50 to \$100 cash advance at any Master Charge bank. With our Astro-Card banking features it does even more.

Stop in soon for your application. We're the only bank in town that can give you the most complete charge card anywhere. Master Charge . . . with special Astro-Card features.

Dr. Donald Harris Joins Clinic Staff

Dr. Donald M. Harris, a staff psychiatrist at Northville State Hospital since 1967, has joined the staff of a family mental health clinic at Albion under the sponsorship of the Calhoun-Branch County Community Health Board.

The first year's \$28,000 budget comes from the county and the State Department of Mental Health on a 25-75 percent division. Office facilities are provided by Albion College rent-free for the first year through its Center for Community Advancement.

A native of Lewistown, Montana, Dr. Harris attended the University of Omaha and then went on to the University of Nebraska to earn his B.S. and M.D. degrees. He also has studied at the University of Michigan School of Public Health, where he earned a master's degree.

Besides his position at Northville, he served as medical director of the Branch-Hillsdale District Health Department from 1952-1967, in private practice in Nebraska, district medical director for the Iowa State Health Department, medical director of the Chippewa-Luce-Mackinac District Health Department, commissioner of health for Gary, Indiana, and director of health and welfare for the U.S. Department in Western Germany.

ROBERT M. SURDAM

Robert Surdam Heads JA Drive

Robert M. Surdam, president and chief executive officer of the National Bank of Detroit has been named general chairman of the 1970 Fund Drive for Junior Achievement of Southeastern Michigan.

Announcement of the appointment was made by J.A. President Robert S. Olson, chairman of the board of Ford Motor Credit Company.

Surdam will lead a fund raising team of over 700 businessmen in a campaign which will officially begin on February 2, and continue through March 17.

Over 8,000 business firms in Southeastern Michigan will be contacted during this fund drive to enable the young adult organization to continue expansion of its practical economics education program in future years.

The J.A. program in Southeastern Michigan was started in 1949 and has grown to be the largest among 200 J.A. areas in the nation with 26 business centers serving approximately 7,500 students.

Novi High School

To Host Alma Choir

Alma College's A Cappella Choir will sing in three southeastern Michigan churches and two high schools - including Novi - on a three-day pre-Christmas tour.

On Monday, December 15, the Alma Choir will present an assembly program at Novi High School and an evening concert in Lakeshore Presbyterian Church, St. Clair Shores.

NOTICE OF PUBLIC HEARING

TOWNSHIP OF NORTHVILLE
PLANNING COMMISSION

At a meeting of the Northville Township Planning Commission to be held in the Northville Township Meeting room on DECEMBER 30, 1969, a public hearing will be held at 8:00 p.m. to consider the following:
AMENDMENT TO THE NORTHVILLE TOWNSHIP ZONING ORDINANCE

ARTICLE VIII-A
B-3 REGIONAL BUSINESS DISTRICT
(See attached description)

All interested parties will be given an opportunity to participate in the hearing and at the close of the hearing, all comments and suggestions of those citizens participating will be considered by the Northville Township Planning Commission before making its decision.

A copy of the item scheduled for hearing is on file in the office of the Township Clerk during regular office hours for public examination.

NORTHVILLE TOWNSHIP PLANNING COMMISSION
Leonard Klein, Chairman

ARTICLE VIII-A
B-3 REGIONAL BUSINESS DISTRICT

PREAMBLE:

The B-3 REGIONAL BUSINESS DISTRICTS are designed to cater to the needs of a larger consumer population than is served by Local and General Business Districts and are characterized by an integrated or planned cluster of establishments served by a common parking area and generating large volumes of vehicular and pedestrian traffic. Because of the greater building height, intensity of land use, and associated high volume of vehicular traffic, it is intended that this District be located only in the proximity to major traffic arteries having convenient access to freeway interchanges.

SECTION 8.5 PRINCIPAL USE PERMITTED:
In a Regional Business District, no land or building shall be used and no building shall be erected except for one or more of the following uses, unless otherwise provided in this Ordinance:

- (a) Any retail business whose principal activity is the sale of merchandise in an enclosed building.
- (b) Any service establishment that requires a retail adjunct or performs personal services on the premises.
- (c) Restaurants, or other places serving food or beverages, except those having the character of an "open front store" or "drive-in" establishments so called.
- (d) Hotels and motels.
- (e) Theaters, assembly, concert halls or similar places of assembly.
- (f) Office buildings for any of the following: executive, administrative, professional, accounting, writing clerical, stenographic, drafting, and sales.
- (g) Medical office, including clinics.
- (h) Other uses similar to the above uses upon approval by the Township Board.
- (i) Accessory structures and uses customarily incident to the above permitted uses.

SECTION 8.6 REQUIRED CONDITIONS:

- (a) All business establishments shall be retail or service establishments dealing directly with customers. All goods, produced on the premises, shall be sold at retail on the premises where produced.
- (b) All business, servicing or processing, except for off-street parking, loading and those open air uses indicated as being subject to Special Conditions in Section 8.7, shall be conducted within completely enclosed building.
- (c) All off-street parking plans shall be computed separately for hotels, motels, office buildings, medical offices and clinics, and restaurants, except as SECTION 12.12 (e) of this Ordinance is found to be applicable.

SECTION 8.7 USES SUBJECT TO SPECIAL CONDITIONS:

The following uses shall be permitted subject to the conditions hereinafter imposed:

- (a) Retail sales of plant material not grown on the site, and sales of lawn furniture, playground equipment and garden supplies all enclosed with a fence. Said area shall not be used for bulk storage.
- (b) Automobile service centers, when developed as part of a larger retail use designed so as to integrate the automobile service center within the site plan and architecture of the total shopping center; and provided further that a building permit shall not be issued separately for the construction of any automobile service center within the B-3 District.

SECTION 8.8 AREA AND BULK REQUIREMENTS:

See ARTICLE XI, "SCHEDULE OF REGULATIONS" limiting the height and bulk of buildings, the minimum size of lot by permitted land use, maximum density permitted, and providing minimum yard setback requirements.

SECTION 11.1 LIMITING HEIGHT, BULK, DENSITY AND AREA BY LAND USE:

Use District	Minimum Size Lot Per Unit		Maximum Height of Buildings		Minimum Yard Setback			Minimum Floor Area Per Unit (sq. ft.)	Maximum Percent of Lot Coverage (Area of All Structures)
	Area in sq. ft.	Width in ft.	In Stories	In Feet	Front	Side	Rear		
B-3 Regional Business			(p)	(p)	75 (p)	75 (p)	75 (p)		

Notes: (To Section 11.1)

(p) There shall be no limit relative to building height other than the restriction that the building shall not be nearer to the property line than seventy-five (75) feet or a minimum for all yards determined in the following formula, or whichever is greater:

$$Y = \frac{L + 2H}{8}$$

The symbols used above shall be defined as follows:
Y = required yard formed by building wall and property line.
L = the total length of that portion of a lot line from which, when viewed directly from above, line drawn perpendicular from said lot line will intersect any part of the building.
H = height of building.

(q) Off-street parking shall be permitted to occupy a required yard after approval of the parking plan layout and points of ingress and egress by the Planning Commission provided that there shall be maintained a minimum landscape setback of twenty (20) feet between the nearest point of the off-street parking area, exclusive of access driveways, and the nearest property line.

NOTICE TO THE TOWNSHIP OF NORTHVILLE TAXPAYERS

PAYMENT OF THE 1969 REAL AND PERSONAL TAXES MAY BE MADE NOW

BY CHECK OR MONEY ORDER

MAILED TO:
THE TOWNSHIP OF NORTHVILLE
107 South Wing
Northville, Michigan 48167

or paid in person to the Treasurer at the Manufacturers National Bank, Northville, Friday of each week, during banking hours.

You may, also, make Tax Payments to the Manufacturers National Bank, Northville, Monday thru Friday of each week at the Teller windows.

Thank You,
ALEX M. LAWRENCE, TREASURER

One of the many hats of Consumers Power

JOB-MAKER

COMMUNITY PROMOTION

Each time a new industry moves into Michigan, it creates new jobs for the people living here. More jobs result in more income for all types of business in a community. More jobs and more business income result in more tax revenues for the state. The fact is, Michigan needs 100,000 new jobs each year, just to keep pace with its growing population.

There's a small group of men at Consumers Power who work at job-making. They are our Area Development specialists. They visit industry leaders around the country, talking about the advantages of locating industry in Michigan. They help businessmen find industrial sites here.

Year in and year out, these job-makers of Consumers Power's Area Development department help keep Michigan's economy booming.

New Teachers Get Contracts

Three changes were approved in the teaching staff for Northville public schools at the December 8 meeting of the Northville Board of Education. A request for release of contract from Mrs. Linda Harneck was approved, effective the end of the working day January 22, 1970. She teaches math at the junior high.

Teaching contracts were approved for Mrs. Holly Elie and Philip Demski.

Mrs. Elie will teach second grade at Mann Street. A student at Eastern Michigan, she will receive her B.A. degree in elementary education in January, 1970. She will begin teaching January 26 with a salary of \$3757 for the remainder of the school year.

Demski will teach fifth grade at Moraine Elementary. A student at Eastern Michigan, he will also graduate with a B.S. degree in elementary education in January, 1970. He begins teaching January 19 with a salary of \$3955 for the remainder of the school year.

Drivers Warned

Accidents Caused By Poor Visibility

Expressing concern over the many traffic crashes caused by poor visibility, area police officials have issued a pointed warning to motorists:

"A police officer has the legal responsibility to stop drivers whose cars — front, side or rear — are obscured, or who are driving too fast for visibility conditions," a spokesman said, "and we intend to discharge that obligation!"

They noted that there are two major causes for winter visibility problems: (1) longer hours of darkness this time of year, and (2) snow, sleet, misty fog or frost clinging to windshield or windows.

"It's obvious that a driver knows when he can't see properly," he continued. "Therefore, it's only common sense for motorists to try and correct the situation."

He added: "Keep the windshield completely clear — inside and out.

Start the car and let the heater-defroster warm up before you take off. That means having defrosters that really work."

Not only windshields, but side and rear windows and all mirrors — inside and out — must be unobscured, drivers were warned.

And when you clean off the windows also clean the headlight, taillight and directional signal lenses as well. Good scrapers, clean rags and spray de-icers in the car can make these jobs a lot easier.

Wiper arm tension should exert sufficient pressure to wipe away slush and snow, he explained. If wiper arm pressure equals an ounce to the inch of blade length, and streaking still occurs, it is recommended that wiper blades be replaced with live new rubber.

"Wipers that smear a coating of grime before your eyes are worse than none at all," he said.

Gun Law Revision Eliminates Records

It no longer is necessary for dealers to keep records of certain ammunition sales, the Internal Revenue Service announced this week.

Newly enacted legislation eliminates the need for dealers to keep records on sales of shotgun ammunition, ammunition suitable only for use in rifles, and component parts of these types of ammunition. Purchases of ammunition interchangeable between rifles and handguns, such as .22 caliber rifle ammunition, continue to be subject to the recordkeeping requirements. Previously, the Gun Control Act of 1968, required records for all ammunition sales.

IRS stressed, however, that no other aspect of the act, which is

administered by the Alcohol, Tobacco and Firearms Division of the IRS, was changed by the legislation.

Persons engaged in selling ammunition still are required to be licensed under the act.

Anyone under 21 years of age cannot purchase handgun ammunition. However, individuals at least 18 can buy rifle and shotgun ammunition. Dealers must still require purchasers to identify themselves if there is doubt about their age.

Felons, persons under indictment for a felony, fugitives from justice, unlawful users of drugs, mental incompetents, and persons under 18 continue to be prohibited from purchasing ammunition of any type.

New Hardware Open in Novi

A former church hall on Meadowbrook Road just north of Ten Mile has been converted into a site for a new eastside business.

Kevin Yzquierdo opened Kevin's Hardware, 24300 Meadowbrook Road, on November 1 with a grand opening scheduled for February. Yzquierdo, who also owns Everett's Hardware, Southfield, is a Redford Township resident.

The building has been extensively remodeled to accommodate the hardware which features homeowner, builder, and industrial supplies.

Weekday store hours will be from 9 a.m. to 7 p.m., 9 a.m. to 6 p.m. on Saturdays and 11 a.m. to 3 p.m. on Sundays.

CAVERN CHRISTMAS PARTY — Members of the Cavern Teen Club played host to children from Northville at a Christmas Party Saturday afternoon. At the top, magician and ventriloquist John Osborne and his side-kick entertained children. Below, parents and children watched Sergeant Sacto from Channel 50 TV and Santa Claus who were also present at the party. The following day, the Cavern held an open house for those who helped with the club's fund drive. December 13, the Cavern has booked the Wilson Moore Pursuit musical group for a dance beginning at 8 p.m.

Swimming Sign-ups Get Extra Time

Registration for the Walled Lake Consolidated School District's new community swim program has been extended through December 13.

Tots to senior citizens may register for the wide variety of programs at the time of the class at the community pool built as part of the Western Senior High School near Wixom or by contacting Robert Duff, Director of Community Education, 624-0202. The

complete swim program schedule may also be obtained by calling his office.

The cost for lessons is \$5 for 10 sessions. Cost for open swims is 50 cents per person while the family swim charge is \$1 for the entire family to encourage swimming together.

Programs include lessons for children and adults as well as a variety of family and open swim periods. Children must be 50 inches tall for every program. The only exception to this height requirement is the aqua tot program for children from three to five in age who must be toilet trained. Height restrictions are waived since one parent must accompany the child in the pool.

RP Chippewa humidifiers
stop indoor dryness
completely automatically

Don't spend another winter plagued by the many problems of too-dry air in your home. With a Chippewa Humidifier on your furnace, all you do is set a dial in your living area, and the proper humidity is constantly furnished, automatically. No water to carry. No pans to fill. Ideal for compact furnaces... rust-proof Phenolic housing... no "white dust"... and uncomplicated, trouble-free operation.

FOOTBALL ASSOCIATION SALE - The annual sale of Christmas trees by the Northville Junior Football Association is taking place this year on the old city well site, located on the Novi Road

curve just north of Eight Mile Road. Proceeds from the sale are used to help finance the group's football program for youngsters of the community.

SCOUT SALE - Another big batch of Christmas trees were moved onto the lot of Novi Boy Scout Troop 54 Saturday afternoon. Trees are being sold

by the Scouts at Trickey's Hunting & Fishing store, 43220 Grand River, to help raise money for a new troop bus.

For Welfare

Supervisors Seek More Aid

Wayne County's Board of Supervisors has launched a campaign to increase Federal responsibility for the cost of welfare beyond what is proposed by the Nixon Administration. The County legislative body, meeting December 4, adopted unanimously a resolution which criticizes the proposed Family Assistance Act of 1969 and urges

creation of a Michigan task force to draft improvements.

The task force would be created by the Michigan Association of Counties, meeting in Lansing December 8-11, and would be headed by Wilbur Cohen, former U.S. Secretary of Health Education and Welfare who is now at the University of Michigan.

Wayne County Supervisors are pressing for adoption of the resolution at the Lansing meeting.

The resolution, sponsored by Paul Silver, of Detroit, D-District 11, declares that the Administration program encompasses "extremely complex" welfare changes, but "does not appear to be in the total best interests of the people of the State of Michigan."

Instead of improving welfare programs, Silver told the supervisors, the proposed program "would mean very little for Michigan, if anything at all."

"It could even mean a loss of Federal funds in Michigan, particularly for counties," he added.

In supporting the resolution, Robert E. FitzPatrick, of Detroit, D-Dist 13, declared

"We believe, as does Dr. Cohen, that poverty is a national problem and that the Federal government should seriously consider underwriting the total cost of welfare."

Under the State cost formula,

Wayne County will spend about \$11 million to support the Federal-State welfare program this year.

In other actions, the Board of Supervisors:

- Approved the hiring of the consulting and accounting firm of Touche, Ross & Co. to develop plans for computerized record keeping at the County jail. The system study, which will cost a maximum of \$62,500, was approved by a vote of 17 to 2, with 6 abstentions, following lengthy debate.

- Approved a \$10,454,746 operating budget for Detroit Metropolitan Wayne County Airport for the 1969-70 fiscal year. At the same time, legal opinions were requested from the Prosecuting Attorney regarding whether the supervisors have the power to make changes in the airport budget as submitted by the County Road Commission.

- Earmarked a maximum of \$20,000 for the hiring of consultants to assist in a study of the possible need for changes in the County governmental structure. The study is being conducted by a special committee of the Board of Supervisors.

- Appropriated \$17,000 "for the purpose of allowing the Southeast Michigan Council of Governments to immediately proceed to assume full responsibility for the Transportation and Land Use Study and develop a transition budget in connection therewith."

Out of The Past

New Gym Gets First Workout

ONE YEAR AGO...

...A last-minute agreement between the Northville driving club, owner of the Northville race track, and the Northville Downs, racing operator, assured there would be winter racing at the track in 1969.

...With the Northville probation department completing its charter year, Alvin L. Wistert was named head of the local division. The probation department was formed under the new district court system.

...Northville board of education took under consideration moving the sixth grade classes from Cooke Junior High to the old junior high school on Main Street. The move was expected to be completed by the fall of 1969.

...Northville school administrators were authorized to secure sale price costs for up to 40 acres of the Maybury Sanatorium. The property is owned by the City of Detroit.

...Novi and New Hudson were scratched from a list of potential missile base sites.

FIVE YEARS AGO...

...Northville City Council hired a consultant "to assist the city with an analysis of the comprehensive business district plan." Specifically, the council expects the consultant, Ralph J. Stephenson, to decide whether or not the shopping mall and circular traffic pattern designed by Northville's planning commission and its consultants is feasible for the community.

...New equipment was installed at Northville Laboratories to speed up the process of filling jars of fudge and butterscotch topping for ice cream. An automatic machine was purchased that fills two jars at a time.

...Novi village council unanimously passed a water ordinance and instructed its attorney to prepare a contract purchase agreement for the Willowbrook water system. Costs were pegged at \$210,000 to bring Detroit water to area homes, including \$62,500 to buy the Willowbrook system.

TEN YEARS AGO...

...A "Football Field Lighting Fund" was set up by Northville school board members, beginning the first step towards a \$40,000 to \$50,000 project. Field lights and bleachers were eyed for the facility.

...Northville high school's new gym saw its first varsity basketball game when the Northville cagers battled Clarenceville. Clarenceville came out on the winning end of a 55-46 score.

...The first step in building an addition to Northville's first Baptist Church was taken when the parsonage was sold and moved to a site on Beck Road, just north of 11 Mile. Construction completion was scheduled for the following spring when the church celebrated its 125th anniversary in Northville.

...An emergency telephone line for incoming fire alarm calls only was installed in Novi village offices.

...Two Novi village issues were taken to circuit court. Village residents were attempting to block a 12 Mile Road landfill operation. In the second case, a circuit court trial was scheduled to settle a controversy over the re-zoning of the Arthur Heslip property on Nine Mile Road. The property was re-zoned industrial from agricultural.

TWENTY YEARS AGO...

...The public was invited to tour the old Northville Opera House, on the corner of Center and Dunlap streets. The building was to be torn down to make way for the construction of the new Center Building, which would include four stores and seven apartments.

...Brownie troops boarded the Streamliner train in Plymouth to travel to Detroit. They toured Hudson's toyland and the Detroit News.

...Parking meters were installed in Northville's business district. Each 12 minutes cost a penny.

...Winter tax rates were announced by township officials. The county rate was \$6.18 per thousand and the township rate was \$1 per thousand.

...Northville police released their activity report for the month of November: 91 calls answered, 73 traffic violations issued and 9 accidents investigated. A total of \$512 was collected in fines.

...A second in a series of Early American dances was presented at the Presbyterian church house.

...Northville Optimists Club sponsored two new programs in boys work. The club underwrote the cost and helped supervise the programs.

FIFTY YEARS AGO...

...Plans and specifications for the new building to be erected for the Detroit Tuberculosis sanatorium west of the village were completed and accepted by the board of health of Detroit.

...A quiet wedding took place at the home of Mrs. Jennie White, Saturday, December 6, when Mrs. Mattie Cunningham was united in marriage to Dean F. Griswold.
