IF IT'S NEWS...AND IT HAPPENS IN NORTHVILLE...YOU CAN READ IT IN THE RECORD

Vol. 100, No. 49, 26 Pages, Two Sections Northville, Michigan - Thursday, April 16, 1970 • 15c Per Copy, \$5 Per Year, In Advance

## Park Plan for Hatchery Gets Council Approval

Northville's city council proved it can get things done even when it's short-handed.

Meeting in special session Monday night three of the five members took action on three significant matters:

--Approval of plans for development of the 13-acre fish hatchery property into a community recreation site;

--Approval of preliminary plans for extending Griswold Street to Beal along with an okay for engineering plans for widening and straightening Beal to South Main Street as well as a go-ahead on negotiations to purchase property for the Griswold extension right-of-way;

--Setting of a public hearing to consider special assessments for a double-deck parking facility on Cady Street and a public parking lot on Dunlap street.

Mayor A.M. Allen and Councilman Paul Folino were absent. The other council members, Mayor Pro Tem Wallace Nichols and Councilmen Charles Lapham and Kenneth Rathert, took the position that each of the issues under discussion had been given thorough study by the full council and that further delay was unwarranted.

The fish hatchery recreation plans are still plagued by a major "IF". Councilman Rathert referred to this condition when he moved for adoption of the development plan (see drawing).

"I'd like to see progress on this so long as we have, township cooperation", he stated in making his motion. Whether or not the city and township will undertake the park development program together still remains to be determined.

Township Supervisor Gunnar Stromberg has indicated that he will ask for a joint meeting of the township board and city council to discuss the proposal.

A state grant totaling \$43,000 is available for use in development of the site as a community park if the city and township join together in the project. Alone the city would be given a grant of about \$20,000.

The plan submitted by City Manager Frank Ollendorff and approved by Recreation Director Robert Prom would cost an estimated \$135,000. This includes the \$18,800 spent by the city in purchasing the site from the federal government as well as some \$6,100 already spent on the site.

Manager Ollendorff estimated that completion of the park development would require between two and three years.

The plan, approved by the council, provides for five tennis courts, one skating area (the courts would be flooded in the winter and would be lighted) one fishing and boating pond, two ball diamonds, a fall sports field, a camping and picnic site, a hiking, wildlife and nature area.

It is known that the council has considered developing the park exclusively for city use if the township chooses not to assist in development

costs. But doing it alone the city might reduce the size of the project or extend the length of development time.

Referring to the Griswold extension as "the first step in an eventual north-south route through Northville, Councilman Rathert moved to approve plans and to contract with the engineer for plans on widening and straightening of Beal. He also called for the council to authorize its real estate committee (composed of Mayor Allen,

Councilman Lapham and the city manager) to begin negotiations for purchase of some 10 properties needed for right of way in the extension of Griswold.

The approved plans call for extending Griswold southward two blocks to Beal just west of the Detroit Edison facility. Beal would be widened and re-directed south-easterly to South Main street (Northville road) rather

CAUGHT IN TIME—Firemen extinguish a blaze at Mergraf Oil Products Company, 175 Railroad, that began last Thursday morning when an oil tank ruptured. No extensive damage was done to the building or tank, officials reported. Firemen are shown ripping insulation from the tank to reach the rupture.

### NEWS BRIEFS

SOUNDING the fire siren Friday afternoon intermittently for 40 minutes was due to repair crews working on the siren. Repairman found the long, low tone emitted by the siren were caused by a stuck valve and too many weights. After remedying the situation, the siren was back in to normal, in time for the rash of weekend grass fires.

MRS. HELEN McCLATCHEY, director of the Northville library for the past five years, has accepted the position of children's librarian in the Plymouth library, also a part of the Wayne federated system. Appointment of a new Northville director is to be made by May 1.

SCHOOL BUS safety week, proclaimed by President Richard Nixon and Governor William Milliken, has been set for April 20 through 25. Earl Busard, business manager for the schools, urged parents and children to "follow safety rules for school buses throughout the school year." Sixteen local bus drivers travel 780 miles each day, carrying 1,800 children for a total of 140,400 miles each year and a total of 324,000 children. In addition, Busard said, buses are provided for 150 field trips and travel 6,000 miles carrying 8,000 students.

COMPLETE TEXT of the articles of incorporation of the newly established Northwest Wayne County Sanitation Authority appears on Page 8-A. The authority, representing the city and township of Northville, the city and township of Plymouth, and Canton Township, was formed to provide collection and disposal of refuse.

A POLICY DECISION on an assessment formula for repaving of city streets is expected to be made soon by the city council. Chances are the formula will call for a percentage considerably less than the 75-percent figure used on new pavement. Look for a figure of from 25-percent to 50-percent. If it's 25-percent, property owners along streets that are eventually repaved will be required to pay 25-percent of the cost with the city picking up the remaining 75-percent.

## Armed Police Disclosure Stirs Township Protest

Adopting a police ordinance with "fundamentally different" powers from present operations by a 4-3 vote, Northville Township Board Monday also split sharply as Trustee Bernard Baldwin objected to the fact that Police Chief Ronald Nisun and his five reserve officers are carrying arms on duty.

Saying he had never been notified of the practice and viewed it as a policy-making one that should have been made by the board, Baldwin pleaded in vain for time to set specific standards for police officers and their training in the ordinance proposed by Richard Mitchell.

A \$98 bill for a pistol and another for \$39 at Tony's pistol shooting range brought the arms-carrying practice to Baldwin's attention. Board attorney James Ashton also expressed concern, pointing out that the resolution under which the township had hired the chief was to protect township ordinances only and was written at the time hunting was prohibited.

He warned that the township could not "put forth officers or establish a police department" as it had apparently done under the resolution. After he pointed out it required board vote to legalize the five auxiliary officers, Mitchell moved to do so, the

motion passed with Stromberg and Baldwin opposing.

The police ordinance passed by yes votes from Mitchell, William Smith, Clerk Eleanor Hammond, Treasurer Alex Lawrence and was opposed by Baldwin, Joseph Straub and Supervisor Gunnar Stromberg.

The new ordinance is to take effect in 90 days or as soon as minimum standards for all police personnel are established by a committee of the board to be named by the supervisor. This provision was added to his motion by Mitchell after Baldwin objected to the lack of specifics.

Attorney Ashton, who had put the ordinance into form, declared it is "in no way adequate except that it establishes a police department... it needs meat."

He explained it provides for enforcement of local ordinances and state statutes and authorizes a police department to do so. The chief of police is to be hired by the township board, but he shall hire his officers with salaries to be set by the board. The attorney said that in addition to traffic enforcement criminal statutes will be covered.

Saying that he could envision a force of 30 or more in the future, Mitchell pushed for a vote on adopting the ordinance, adding "I have faith in the chief."

Baldwin argued the board was "putting the cart before the horse" and that "it's just good sound business to have the rules laid out."

Clerk Hammond read a report by Chief Nisun on the police reserve

Continued on Page 14-A

## Petitions Available For Township Posts

Petitions for the posts of Northville Township supervisor, clerk, treasurer and two trustees now are available in the township office and must be filed by June 16.

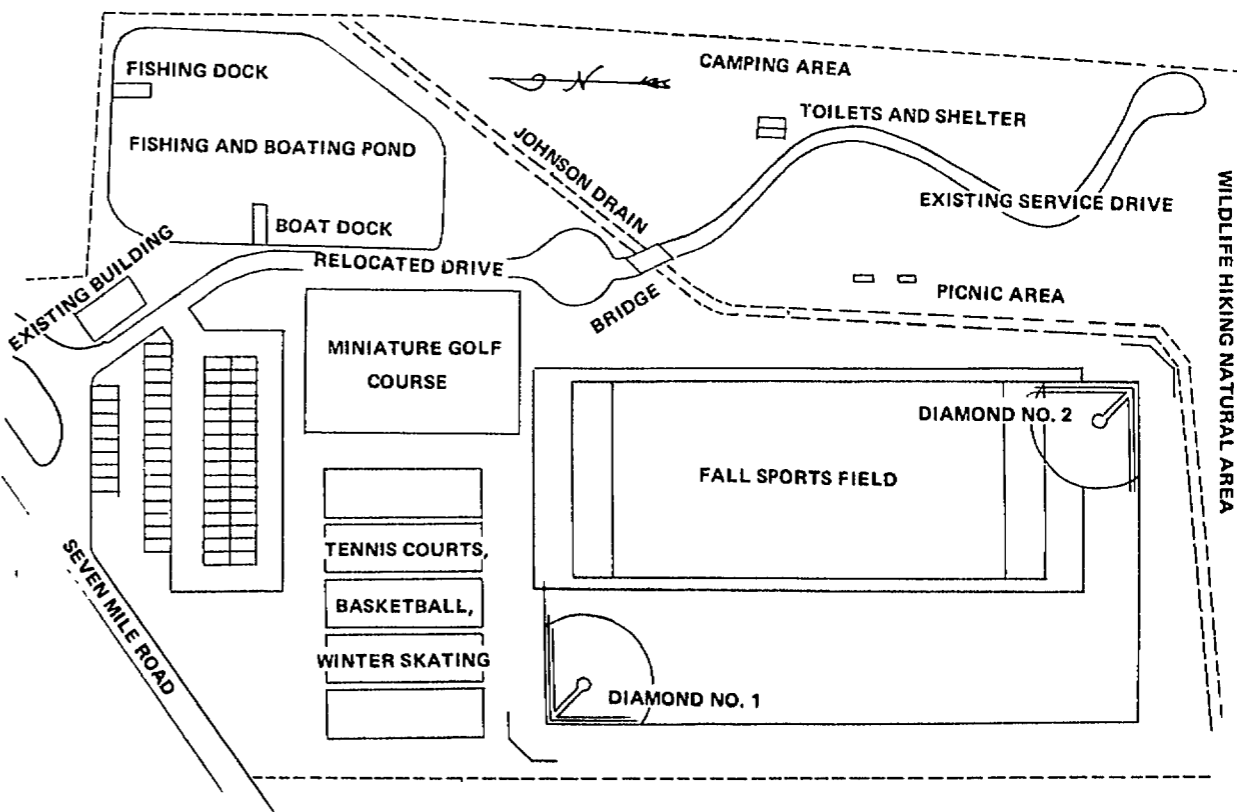

Twenty-three signatures are needed on the petitions for the positions currently filled by Supervisor Gunnar Stromberg, Clerk Eleanor Hammond, Treasurer Alex Lawrence and trustees William Smith and Joseph Straub. The primary will be August 4. Precinct delegate petitions must be filed by May 26.

At the Northville Township board meeting Monday an increase in water meter connection charges to range

from \$105 to \$345 depending on meter size was approved after it was explained that meter purchase costs had risen.

A request from the building inspector to raise permit fees, which still will make the township's among the lowest in the area, according to Supervisor Stromberg, was tabled until the inspector could be present. Proposed rates of \$10 for the first thousand, \$5 per thousand to ten, and \$2 for each additional thousand (up from \$1) valuation are suggested, as well as a new fee of \$5 for a zoning check. It is this fee the trustees wanted clarified.

### Development Plan for Fish Hatchery Land

### Students Focus on Pollution

## Earth to Get A Boost

Plans are shaping up for local observance of "Earth Day" Wednesday, April 22, as the nation focuses on alerting citizens of problems of air, land and water pollution.

Guest speakers, special projects, film presentations, posters, seminars and write-ins are planned in Northville to inform citizens of what they can do to combat pollution.

Active in Earth Day programs are all public school students, kindergarten through twelfth grades.

"But Earth Day programs will not end on April 22 in the Northville Public Schools," Miss Florence Panattoni, curriculum coordinator and Earth Day spokesman said.

"The students will be participating in other clean-up and beautification programs with the Northville Beautification Committee under the direction of Mrs. Beatrice Carlson. "Some high school students have

already made plans for a 'Day in May' clean-up program," she said.

In addition, Miss Panattoni said, the science curriculum development committee is in the process of developing a school-wide program which incorporates understanding of the prevalent pollution problems.

Earth Day plans at the high school include a morning program of slide talks presented by Daniel Kesselring, district conservationist for the United States Department of Agriculture.

Representatives from government and industry will also be on hand.

Student-developed film strips and slide talks, professional films and slides, youth involvement meetings and "cause-effect" programs will be open to students.

The high school art department is preparing a sketch on pollution problems with a Charlie Brown touch and the Girls Athletic League will be

selling "Give Earth a Chance" buttons.

During the afternoon, classroom programs are planned, with statistics left to the math department, write-ins to the English department and seminars planned by the science and social studies departments.

The high school committee includes faculty members Robert Sharrar, Miss Patricia Dorrian, Miss Barbara Le Bouef, David Johnson and Wayne Saunders. Student representatives are Sue Diesley, Lynne Rathert and Carol Terry.

"The social studies department of the junior high was developing their celebration of Earth Day long before the movement gained momentum in the school district," Miss Panattoni said. "With the increased interest, all departments joined in preparation for the activities."

Included in plans at the junior high

**Draws Mixed Reactions**

**Town Hall Hosts Jet-Setter**

A French jet-setter with ideas about women variously amused or irritated Northville Town Hall goes last Thursday as they heard a talk as breezy as the day.

The Marquis de la Passardiere, international theatrical producer who now heads the international department of Martin Goodman productions, spoke on "The Remarkability of Women" to a filled auditorium at the high school.

Mrs. Nelson Hyatt, Town Hall chairman, who introduced the speaker, and her committee meeting him personally realized as he kissed their hands in greeting that this definitely was a Continental Man. While obviously using the procedure as a trademark, the Marquis did so with ease, explaining that he had been kissing hands ever since childhood when he was prodded with a strategic pinch by his English nurse.

Declaring that men want to cherish — not compete with — women who are "life's most precious ornament", the Marquis wondered "why doesn't woman understand she loses her power when she apes men's clothes and mannerisms?"

He went on to call woman's "greatest imperfection" her hate, distrust or dislike of other women. Women also, he declared, "take little liberties with the truth." He compared intellect in a woman to "the accessory to a beautiful dress."

He charted the needs of women as "love and care" in infancy, "fun" in childhood, "romance" in the twenties; "admiration" in the thirties; "sympathy" in the forties, and "cash" in the fifties.

Wearing a steel grey silk suit, deep wine vest, black buckle shoes and gold identification bracelet, the Marquis seemed to be referring more to his jet-set group than to his Midwest audience as he defined success. A successful man, he said, is one who can make more money than a woman can spend — and a successful woman is one who has caught such a man.

The Marquis, whose ancestors were relatives of Napoleon, is married to French Chanteuse Lilo. They have no children.

When Mrs. Hyatt announced next season's tenth anniversary program, the

audience burst into applause. A ripple of approval greeted her announcements of the stellar attractions, Sam Levinson and Mike Whorf. With the season price remaining at \$10 for four programs,

Mrs. Hyatt added that the TH committee is "hoping for a sell-out." Other programs will be a Towbari fashion show and a wine-tasting expert, Walter Rosenberg.

'CHAPEAUX AND CHARM'—Marquis de la Passardiere, last Thursday's Northville Town Hall speaker, embraces his committee hostesses, from left, Mrs. James McNeiece, Mrs. Nelson Hyatt, chairman, and Mrs. Henry Belanger. The sunny, spring day and topic, "Remarkability of Women," brought out more feminine hats than have been seen in several seasons.

**News Around Northville**

Among the active, "Go-Getter" volunteers for the 1970 Channel 56 Auction which supports operation and expansion of Detroit's public television station is Mrs. Judy Goodman, 4874 Thorntree, Walled Lake. Volunteers are seeking \$225,000 worth of goods to be auctioned on the air during a week-long marathon June 1-7.

Northern Lites Family Living Study Group will meet at 7:30 p.m. Monday at the home of Mrs. Harold Marks, 9545 Napier Road, for a lesson on "Plants In and Out of the Home." It is to be given by Mrs. Harold Sedén and Mrs. Marks.

Paul Folino, 20556 Clement Road, was honored at a three-day convention for outstanding State Farm agents April 13-15 at the International Hotel in Las Vegas, Nevada.

Folino, Northville State Farm agent at 115 West Main, was to participate in conference sessions with home office executives. State Farm President Edward B. Rust and Washington Redskins football coach Vince Lombardi were to deliver the two main addresses.

Carol Dyer, 44536 Chedworth Court, is to model sportswear in a spring fashion show for young juniors at Livonia Mall this Saturday. Carol is a sixth grade student at Cooke Junior High.

Northwest Suburban Alumnae Association will hold its April meeting at the home of Mrs. Robert L. Jones in Plymouth at 8 p.m. Monday with election of officers to be the first item on the agenda. Members will spend the evening sewing stuffed animals for the Caro Association for Retarded and Epileptic Children.

Kappa Delta Alumnae of the area wishing to participate are invited to call Mrs. Harry Hayward, president, 261-2758.

**Births**

Mr. and Mrs. John K. Brugeman, 46040 West Nine Mile Road, announce the birth of their first child, Beth Ann, April 7 at St. Joseph Mercy Hospital, Ann Arbor. Their new daughter weighed nine pounds, two ounces at birth.

Birth of their third child and first daughter is announced by Mr. and Mrs. Douglas Whitaker, 1068 Grace Court. The baby, named Mary Elizabeth, was born April 4 at St. Mary Hospital. Her birth weight was eight pounds.

She joins two brothers, Stephen, 9, and Daniel, 8, at home. Grandparents are Mr and Mrs. H. C. Nordgaard of Brainerd, Minnesota, and Mrs. P. D. Whitaker of Litchfield, Minnesota.

**Student Speaks of Unrest**

BY JEAN DAY

A HUMANISTIC approach to education was advocated by Brad Matthews, Wesleyan University student who flew in from Middleton, Connecticut, to talk to the guest night meeting of Northville Mothers' Club Monday.

Matthews related his opinions on student radicalism, student frustration with both education and politics and on the establishment generally which he had gained during a 29,000 mile, nine month trip to more than 16 colleges across the country. It began at Kent State University near Akron ("which had the best-organized SDS organization in the country") and included University of Michigan and Wayne State, UCLA, Berkeley, San Francisco State Duke, Columbia, Boston University and Harvard.

Since his trip he has been serving in official capacity as an advisor on student radicalism to the Wesleyan administration.

A young man with an unusual ability to verbalize, Matthews, with long hair, beard and fitted suit, did not look at all like the sweated student picture of him in last week's Record.

Matthews viewed the teacher as "a resource" in the educational process who should "try to serve a student's educational desires." He added that he feels most of today's classrooms are "detaining prisons for young people...as school does not relate to individual needs of the student."

"Kids learn what they want to learn," he emphasized, stressing the need for "programs that excite them."

He cited the problems in communication between students and educational administrators as well as with the community. Highly critical of the Nixon administration, Matthews doubted that President Nixon would put money into experimental education, conceding that he is the first president to talk about developing a program for education.

"A political malaise is being generated," he said, as he spoke on his Orwellian theme, "Where Will You Be in 1984?" He felt the Nixon administration was trying not to rock the boat but that "change is coming although there is an unwillingness to change from the comfortable status where we are now."

A YOUNG Michigan State University student, John Duff, related his experiences in Honduras in an International Farm Youth Exchange-Youth Development program at the Tri-Club meeting of the Northville branch, Farm and Garden Association, Monday at Northville Presbyterian Church.

The MSU junior in agriculture-economics explained that the year-program in Honduras, a 4-H Extension, had advantages over Peace Corps-type ones in that he lived in homes of Honduras residents—doctors and ranchers.

Duff worked directly with native students as they planted, tended, fertilized and harvested. In one experiment, he related, the boy and his father each had an-eighth acre plot to plant with corn (with CARE implements). The father did so in the traditional way while the son, working with Duff, used new methods and fertilized. The result—the son's plot yielded 80 100-pound bags of corn; the father's, 30.

About 100 members of the Northville, Plymouth and Rosedale Gardens branches attended the tea meeting and were welcomed with the springtime centerpiece of wicker baskets filled with French pussy willows, yellow daffodils and other blooms. All 22 had been fashioned by Mrs. George Kohls and Mrs. William Switzer.

THE NORTHVILLE RECORD—NOVI NEWS  
Page 2-A Thursday, April 16, 1970

the fashion show for men and women being sponsored by the Novi Jaycee Auxiliary at 7:30 p.m. this Friday at the Mayflower Meeting House in Plymouth.

A diagonal zipper on one white jersey tunic trimmed with red leather unzips to reveal a matching red leather bikini in the bathing suit sequence. Equally newsworthy from the Hughes and Hatcher showing are bathing suits of the 1920's for men.

As a creamy yellow bell-bottom outfit, a beige knit jumpsuit, a knit maxicoat are paraded those attending the Jaycee Auxiliary benefit can relax. To help, the Jaycee women have arranged organ music by Dave Armstrong and an open bar. A strawberry shortcake will be served and everyone attending will receive impressive perfume favors and a free dinner invitation.

The committee reports some tickets still are available at \$3. For information call 477-9817.

\*\*\*\*\*  
OLD WORLD Treasures, the DAR benefit for Michigan Indians being sponsored by the Sarah Ann Cochran Chapter, has an active general committee, headed by Mrs. Donald Sober who is donating her Joy Road Studio at 48234 Joy Road in Plymouth for the event May 2.

Working with her are Mrs. T.R.

**Area Women Attend Jubilee**

Several delegates and guests from this area were scheduled to attend the 75th annual convention of the Michigan State Federation of "Junior" Woman's Clubs as representatives of the Western Suburban Junior Woman's Club, which is being held in Lansing this week.

Mrs. Dale Starr, Mrs. Donald Baxter, Mrs. James Clarke, Mrs. James Dunn, Mrs. Ronald Kelly, Mrs. Wesley Kleven, Mrs. Ronald Owen, Mrs. Richard Fox and Mrs. Gary Walters were to attend the diamond jubilee festivities that conclude today. Highlights included tea at the governor's mansion hosted by Mrs. William G. Milliken, a talk on drug abuse by Judge Mary Coleman and a dinner speech by NBC Correspondent Robert St. John.

**Final Concert Set Saturday**

Plymouth Symphony Orchestra's final concert of its 24th season will be at 8 p.m. this Saturday in Plymouth High School with guest artist to be Canadian Pianist Muriel Kilby.

A graduate of the Toronto Conservatory and the Juilliard School of Music, Miss Kilby achieved her musical education with more than 14 scholarships. She has appeared as soloist with the Toronto, Detroit and Dearborn Symphony orchestras and also has made numerous radio and television appearances both here and in Canada.

Conducting the program will be Wayne Dunlap, director of music and chairman of the humanities department of Schoolcraft College, who has been the symphony's conductor since 1951. A graduate of the Eastman School of Music, he studied with celebrated French Conductor Pierre Monteaux and was a Fulbright Scholar in Vienna.

Lovett, exhibits; Mrs. Felix Hoheisel, publicity; the Reverend Miss Elizabeth Etz, hospitality; Mrs. Donald Stobbe, coordination. Others are Mrs. D.H. Baumhart, Mrs. Harry Deyo, Mrs. Paul Robinson, Mrs. Frank Mantin and Mrs. James Randall.

Northville exhibitors in the international displays include Mrs. Walter Couse, Ireland, Mrs. Denise Volpert, France, Mrs. William Swank and Mrs. Bruce Thomas, Switzerland.

Ticket Chairman Mrs. Donald Hiller, 349-0022, has tickets at \$1 for adults and 50 cents for children. She also has rates for groups of 20 or more.

\*\*\*\*\*  
LOCAL women are being invited—yep, urged—to "gadabout" for culture and good causes during the next few days.

The Women's Association of Northville Presbyterian Church promises "much more than clothing" (puzzles, dishes, cookware) at its sale from 9 a.m. to 6 p.m. Friday and 9 a.m. to noon Saturday.

Madrigal Club members from Northville, Mrs. Kent Mathes, its president, and Mrs. Ronald Hellier, are hoping many will attend the 55-year-old singing group's spring concert at 8:30 p.m. Monday in the Detroit Institute of Arts. Tickets at \$2 (students 50 cents) will be sold at the door.

Mrs. Gloria Werner, a member of Cranbrook Academy of Art Alumni group, points out that the Artists' Studio Tour from noon to 5 p.m. this Sunday will have studios of 10 professional artists—painters, jewelry makers, sculptors—open. Tickets are \$5 each or \$7.50 a couple.

**Bake Sale Set For Travelogue**

King's Daughters Mizpah Circle is repeating a success. It will hold a bake sale again in the foyer of Northville High School auditorium next Thursday, April 23, as the final Rotary travelogue of the current series as shown at 8 p.m.

The program, "Inside Passage and Aleutian Islands," by Dennis Cooper, is expected to draw a large audience. Baked items will be sold before, at intermission and after the show.

King's Daughter members are asked to bring baked items to the school by 7:30 p.m. or to leave them at Bloom Insurance Agency or at the home of Mrs. Oscar Hammond, 511 North Center Street, during the day.

\*\*\*\*\*  
Plans for the Mizpah Circle's 75th anniversary luncheon were announced at its April meeting. The luncheon is to be held May 5 at Northville Methodist Church. Reservations for members and guests are to be made by April 27 with Mrs. Paul Beard, 349-0018, or Mrs. Oscar Hammond, 349-1039.

**PTA to Swing Partners Here**

"Swing your partner and dos-a-dos" will echo through the gym Friday, April 24, when Main Street Elementary PTA presents family square dancing.

Scheduled for the board of education office building gym at 303 West Main Street, dancing will last

from 7:30 to 10 p.m. Admission is \$1 per family.

Soft drinks will be served and a sing along will be held during intermission.

Dave Palmer will be calling the dances.

**JOHNSON MARIONETTES**—An unusual children's show being sponsored by the Northville Jaycettes at 1:30 and 3 p.m. Saturday, April 25, at Cooke Junior High will give youngsters a chance to see lively marionettes manipulated by Ed Johnson just as if they were backstage. "Applesauce" and other Johnson characters that have been on local television will be on view.

## Jaycettes Schedule Marionette Show

"Pulling Strings," an unusual marionette show by Ed Johnson and his Johnson Marionettes, is being sponsored by the Northville Jaycettes with performances at 1:30 and 3 p.m. Saturday, April 25, at Cooke Junior High.

Tickets at 50 cents will be sold at all elementary schools next Thursday, April 23, and at the door.

The Ed Johnson Marionettes performed on television for six years on Milky's Party Time program with a series known as "Willy Doct" with Gee Whizzer and Applesauce as the two most famous characters.

Johnson, who pioneered the idea of working a marionette show entirely alone, now has eliminated the traditional curtain hiding the marionette manipulator. He will be in plain view all through the show so that

youngsters can see how he works the figures.

"Pulling Strings" will be divided into two parts. The first, a variety-type show, includes a "funny clown who is pretty good on the trapeze, a spooky act at night in a cemetery with a skeleton, a team of acrobats, and — as always — Applesauce."

As in the past Johnson will be performing the entire show himself without help. After a brief intermission, youngsters will see a two-act play, "The Three Wishes."

This is the well-known story of the woodcutter chopping down a big tree, and, after the tree falls, a strange little creature pops from the stump. He is so grateful for being released from the tree where he has been stuck for many years that he grants the amazed woodcutter three wishes. The woodcutter and his starving wife delightfully plan wonderful things.

The plays are all Johnson originals, designed to teach the child audience something of value — in geography, nature, science or plain lessons on living together. He founded the Detroit Puppeteers Guild in 1946 and has been president of it and also of the national organization, Puppeteers of America.

Additional information about his April 25 appearance may be obtained from Mrs. John Buckland, 349-0773, of the Northville Jaycettes.

## Engaged

### KAREN SUE NORMAN

Mr. and Mrs. Melvin Norman of Clarkston, Michigan, announce the engagement of their daughter, Karen Sue, to Keith D. Mueller, son of Mrs. Edwin E. Mueller of 18513 Jamestown Circle, and the late Dr. Mueller. Until his death, Dr. Mueller was medical director at Maybury Sanatorium.

The bride elect, a sophomore at Albion College, is a biology major. The future bridegroom is a 1967 graduate of Northville High School and now is a junior at Albion where he is a bio-chemistry major.

The wedding ceremony will be at 7:30 p.m., August 29, in the First Methodist Church in Clarkston.

## Season Finale

# Rotary Travelogue Visits Alaska

"Inside Passage and the Aleutian Islands" will be presented by Dennis Cooper, well-known travel speaker, as the final program of the current Northville Rotary Travel and Adventure Series at 8 p.m. next Thursday, April 23, in the high school auditorium.

A story of the Northwest coast from Seattle to the Bering Sea, the color film was taken by Cooper as he and his brother Don bought a fishing boat and proceeded up the Inside Passage to Alaska.

Included are scenes of the beautiful Montana Rockies and the lakes. Going westward to the Pacific, they stop at Spokane, eastern Washington city. Highlights of the growing seaport and the scene of the World's Fair are shown. Here the Coopers bought their fishing boat, admitting the selection "was dictated by budget rather than taste," meaning the boat was not in very good shape.

They set sail for Alaska through Puget Sound, passing old-world Victoria, B.C., Prince Rupert, B.C., to arrive at Ketchikan, salmon capitol of the world.

Ambitious to "make a year's wages in 60 days," the brothers unlimber fishing gear with results more humorous than profitable.

In Alaska they explore Alaskan fjords, glaciers, cataracts and towering walls of rock creating "scenery unsurpassed anywhere else in the world." Since their fishing proved profitable only to the fish, they took jobs in a logging camp, enabling them to continue to Sitka, Cordova and Valdez.

Informative sequences are shown on the taking of King Crabs and catching shrimp. At Homer they filmed a homesteader's mecca. They continued to Anchor Point where Captain Cook lost his anchor, Cook Inlet, bordered by the Redoubt and Iliamna volcanoes, and Anchorage.

The trip ends in the Aleutian Islands, a chain forming a 100-mile barrier separating the Bering Sea from the Pacific Ocean. On one of these barren, windswept and sparsely populated islands is the mating ground of the highly-prized fur seal, a spot to which few travel.

Cooper was born in Spokane and recalls that "almost before being able to walk," he retreated from the city to the lumber camps of his father, the late Senator George R. Cooper. He loved the woods and mountains and his father almost had to drag him off to study engineering in college.

He returned to the mountains of western Montana where he and his brother ran a logging and sawmill operation for several years. Always interested in photography, he decided to photograph trees rather than saw them." Trading the chain saw for a camera, he and his brother entered the field of travel photography. Their films range from the Arctic to the Tropics.

Cooper's quiet humor and factual presentation have earned him much popularity.

Tickets for the program will be available at the door at \$1.50 and at the student rate of 50 cents.

DENNIS COOPER

ALASKAN 'SPECTACULAR'—Aboard a rugged fishing boat Dennis Cooper and his brother sail up the inside passage to Alaska in the final color travelogue of the current Northville Rotary Club series at 8 p.m. next Thursday in Northville High School auditorium.

## Library Buys Safety Collection

An extensive collection of books, pamphlets, films, tapes and film strips on public safety for use by Northville police and fire department personnel has been purchased and organized by the Wayne County Federated Library System, Mrs. Helen McClatchey, Northville library director, announced. The printed materials are available

for loan to policemen and firemen whose communities are members of the Wayne Federated Library System. The materials are intended not only to improve the quality of public service in these areas but also to assist individuals to advance in these professions.

The bibliography was prepared by Walter H. Kaiser, system director, and

includes criminology, firearms, human relations, patrol techniques, fire inspection, cardiac resuscitation and training aids. Study outlines and typical civil service examinations are included in the collection.

Requests for materials should be made to the Northville library.

## Christian Women To Hear Author

Mrs. Gladys Hunt, a wife, mother and author, will speak on two themes at the April meeting of the Christian Women's Club at 12:30 p.m. Thursday, April 23, at Lof's Restaurant in Plymouth.

Author of "Does Anyone Here Know God," she will speak on an inspirational theme and also will give pointers on choosing good literature for children.

Special music will be provided by Alice Jounson and Doreen Volpe. A nursery is available for pre-schoolers. Reservations for the luncheon-talk and nursery will be taken until noon next Tuesday at 349-2759.

A group, which meets the fourth Thursday of each month, invites all area women interested in friendship and spiritual uplift to join.

HONDURAS-to-NORTHVILLE—John Duff, Michigan State University student who participated in an International Farm Youth Exchange program to Honduras, admires the basket of spring flowers at the Tri-Club meeting sponsored by the Northville branch, Michigan Farm and Garden Association, Monday with Mrs. William Switzler, left, program chairman, and Mrs. Clyde Whittlesey, president. The MSU junior related his experiences for the 100 women attending.

## Curtain's Up on Northville's Production of 'Anything Goes'

The curtain went up here last night on a musical that, according to those who had a sneak preview, may be the finest production ever staged by Northville High School students. The second of four night performances of Cole Porter's "Anything Goes"

starts tonight at 8 p.m. in the high school auditorium. Same time tomorrow and Saturday. Leading roles in the musical, directed by Robert Chapel, include Jan Zayti as Reno Sweeny; Jennifer Thomas, Hope; Robert Shafer, Moon; David Kenger, Evelyn Oakley; Jim

McNeiece, Billy; and Michelle Rody, Charity. Advance tickets (\$1.75) are available at the high school during school hours and at the door (\$2) but don't wait, student salesmen caution, because a sellout's in the offing.

## Churches Join OLV In Organ Dedication

Choirs from the First United Methodist and First Presbyterian churches of Northville will join Our Lady of Victory Catholic Church choir Sunday in dedication of OLV's new custom-built pipe organ.

Dedication services begin at 7:30 p.m. at Our Lady of Victory, 770 Thayer Boulevard. The services are open to the public.

Joining the Reverend Father John Wittstock, pastor of Our Lady of Victory, will be the Reverend Lloyd Brasure, pastor of the Presbyterian church.

Guest organist will be Dr. David

Straker Bowman, music director for the Methodist church.

Bowman, a native of Chattanooga, Tennessee, holds a bachelor of music degree "cum laude" from the University of Kentucky and a master of music degree from Syracuse University. He recently completed his doctor of musical arts degree at the University of Michigan where he holds a teaching fellowship in music theory.

In 1963, Bowman was awarded a Fulbright scholarship to study organ with Professor Helmut Walcha at the State Academy of Music in Frankfurt, Germany. Professor Walcha is widely recognized as an outstanding authority on the keyboard works of Johann Sebastian Bach.

Bowman will be at the keyboard of the church's Wick custom-built pipe organ, composed of seven ranks and three main divisions.

Among the selections he will be playing are "Tocatta Minot" by Max Reger; two chorale preludes, "We All Believe in One God" and "Rejoice, Beloved Christians," J. S. Bach; "My Life Is a Pilgrimage" and "A Mighty Fortress Is Our God," Helmut Walcha; "Theme and Variations," Jean Langlais; and "Tocatta in F Major," Charles-Marie Widor.

Coffee and refreshments in the social hall are planned immediately following the service.

A REAL THRILL—Arriving home Thursday night after 11 months in Vietnam, 23-year old Roy Alford, Jr. 15120 Bradner Road, "couldn't have been more surprised or more thrilled" when he found his house bathed in lights and sporting

welcome home signs—all the work of his excited father and "wonderful neighbors." Roy, who lives alone with his father, served two years with the United States Army.

## DAR Plans Benefit Day For Indians

Exhibits representing 11 countries, including four by local residents, are being planned for the Old World Treasures DAR benefit for Michigan Indians to be given May 2 at the Joy Road Studio of Mrs. Donald Sober in Plymouth.

Mrs. Sober, general chairman, announced that Northville exhibitors will include Mrs. William Swank and Mrs. Bruce Thomas, with Swiss treasures, Mrs. Walter Couse, Irish, and Mrs. Denise Volpert, French.

Other exhibits will feature treasures from Japan, China, Poland, Sweden, England, Denmark, Lithuania and Norway.

Demonstrations of basket weaving, origami, egg decorating and pewter work also are planned. Dance demonstrations will be given by Polish costumed dancers from the Polish-American Folk Theatre, Chinese dancers and American Indians. Also coming in costume will be Edward Johanssen, royal Swedish consul.

Committee chairmen working with Mrs. Sober are Mrs. T. R. Lovett, exhibits; Mrs. Felix Hoheisel, publicity; Mrs. Claude A. Crusoe, hospitality; and Mrs. Donald Stobbe, benefit coordination. Project captains are Mrs. D. H. Bawnhart, Mrs. Harry Mayo, Mrs. Paul Robinson, Mrs. Frank Martin and Mrs. James Randall.

Tickets now are available from DAR members and will be sold at the door.

## Travel Club Plans 'Pacific Holiday' Film

Northville Travel Club will meet at 8 p.m. today in the scout-recreation building to see the film, "South Pacific Holiday." The movie includes scenes of Australia, New Zealand and the Fiji Islands. The public is invited.

**NEW MAYOR TAKES OATH** - Wixom's newly elected mayor, Gilbert Willis, is sworn into office by Clerk Mrs. Elizabeth Waara, thus becoming fourth chief executive in the city's history. Also taking offices at swearing in ceremonies Monday were Wixom Councilmen Robert Dingeldey, Elwood Grubb and Dr. Val Vangieson; and in Novi Mayor Joseph Crupi, and Councilmen Denis Berry, Raymond Evans, and Edwin Presnell.

# Wixom Council OKs Apartments

The new Wixom city council took up the reins of government Tuesday after official swearing-in ceremonies were conducted Monday night.

Three newcomers, Mayor Gilbert Willis and Councilmen Robert Dingeldey and Dr. Val Vangieson, joined veteran councilmembers Elwood Grubb, Gunnar Mettala and Mrs. Mary Parvu to consider a rezoning request for a 112-unit apartment development at the Tuesday night meeting.

Rezoning from RA-2 to multiple classification won unanimous approval of the council, although several citizens

questioned the project and one said he would prefer commercial development of the site.

Specifically, the MIG Corporation of Southfield through its spokesman, Andrew Sroka, presented a plan for the construction of 14 two-story buildings containing 112 one and two-bedroom apartments on a seven-acre site fronting on the north side of Twelve Mile road just east of Wixom road.

The planning commission had recommended approval of the rezoning. In answer to the suggestion that commercial development would be

preferable Sroka explained that a deed restriction prohibits any zoning other than residential on the seven-acre parcel. He said a detailed site plan for the project would be presented for approval once rezoning was gained.

In other business the council adopted unanimously and enacted immediately amendments to the zoning ordinance that will provide for control of outdoor storage areas and the screening of such facilities.

In its only matter of business Monday night the council postponed

until its April 28 meeting the designation of an official newspaper to carry the city's official notices and set council meetings for the second and fourth Tuesdays of the month. Mayor Willis replied in answer to an inquiry on the subject of an official newspaper Tuesday night that public opinion on the matter would be welcome and considered in the selection.

Monday night Councilman Grubb moved for delay of the selection until cost and circulation comparisons could be made.

Page 5-A

# School Board Approves 3-Mill Bond Tax Hike

An additional three mills will be tacked on winter tax bills for residents of Novi school district as a result of action taken by the board of education April 8 to hike school millage for bonded indebtedness from 7 to 10 mills.

The three-mill increase will be used for debt retirement of the \$4,475,000 bonds approved by the voters in September, 1969, raising the total school millage from 28.13 to 31.13.

The operating millage remains the same at 21.13.

The additional bond millage need not be put to a vote of school district residents since the September issue was for unlimited millage to cover the bonds, administrators explained.

In 1969-70, with a millage of 28.13 and property in the district valued at \$35,417,602, the district levied \$995,855.18 in taxes.

Based on projections for 1970-71 with the millage increased to 31.13 and

an estimated state equalized value of \$38,000,000, the estimated tax levy would be \$1,182,940.

Trustees also approved a preliminary school budget calling for an outlay of \$1,325,200. The budget was to be submitted to the Oakland County Allocation Department this week.

Based on estimates of next year's income and expenditures which are

unconfirmed, administrators said "expenditures over our income will be approximately \$60,000."

In other action April 8, trustees said they expect an increase in the district's enrollment of nearly 200 students but do not see the need to use portable classroom units.

"Right now we have a very low teacher-pupil ratio," T. Richard Hendrickson, assistant superintendent,

commented.

"We hired more teachers this year than we actually needed since our enrollment did not reach the anticipated 1,800," he said.

Hendrickson told the board the current enrollment is 1,716, an increase of four students from the September count. "At the beginning of the second

# Township OKs 'Assets' Package

A division of assets between the city and township of Novi drew close to reality this week as the township board approved Monday an agreement that needs now only to be ratified by the city.

While there is no assurance that the city council will approve the agreement, best bet is that it will get the council approval provided the wording has not been substantially changed, a spokesman said.

Basically, the agreement as approved by the township, according to Supervisor Leo Kalota, calls for assumption of all township assets and liabilities by the city with a cash settlement of \$1,000 going to the township. In addition, the township is to receive a five-year fire protection contract costing \$200 per call.

Figuring on the basis of a 93-3 percent split, the township could have

asked for approximately \$10,500 in cash but instead decided on the \$1,000 and the fire contract, Kalota explained.

Among real assets going to the city will be the township hall and fire fighting equipment.

Kalota conceded that the five-year contract is an indication that township property will continue to remain outside of the city "at least for the time-being." The people have elected not to join the city at this time, he said.

Only 3-percent of the property within the boundaries of Novi is included in the township but not the city. Part of the township area is located in Brookland Farms subdivision, while the remaining property consists of disconnected farm lands.

The settlement agreement does not call for police protection of the township area, Kalota said.

# Council Chambers To Get New Look

Minor remodeling of the Novi council chambers are in the works.

At the initial suggestion of City Manager Dallas Zonkers, the council decided to investigate the cost of repainting the interior of the room, air-condition it and possibly offices elsewhere in the city hall, installing

drapes, perhaps purchasing an overhead projector, and purchasing a "more professional" council table.

Also being considered is the purchase of a tape-recorder so that council meetings can be fully recorded.

Additional remodeling, particularly as it might involve permanent fixtures, was seen as unwise in the event a new city hall becomes a reality.

The council also directed Zonkers to come up with complete plans for a DPW garage, to be located in the rear of the DPW offices on Grand River. It was decided to start with full plans along with total costs so that the council could then trim off those items it feels are too expensive or unnecessary.

A city hall sign, replacing the old township hall sign, reportedly will be erected within a week or two.

In other business Monday, the council adopted a planning fee schedule as recommended by the planning board several months ago, agreed to meet Saturday with representatives of insurance companies to discuss various employee retirement programs, accepted an invitation to tour the facilities of the city's engineering firm, Johnson & Anderson, and tabled several items involving sewer taps, a building performance bond schedule, a sewer rate schedule, and a National Bank of Detroit payroll service proposal.

# Suspect Arson In House Fire

A house fire that gutted the interior of a home at 111 Duana Street early Friday morning is believed to be the work of a burglar, Novi police reported Tuesday.

According to Detective Richard Faulkner, "there's no doubt it's a case of arson" - probably set by a burglar who was trying to destroy evidence of his breaking and entering. Faulkner said a suspect has been questioned.

The house is owned by O.J. Kramer of Port Richie, Florida. Kramer was renting the house to a family away on vacation at the time of the fire. Banks containing money, radios and other household items were believed stolen, Faulkner said.

The fire was discovered by Police Officers Jack Grubb and Gerald Burnham as they were making a routine door check of the Boron Oil service station nearby.

# School Site Terms Set

School board trustees delved into the land contract terms with Kaufman and Broad Developers, April 8, and agreed to finalize the contract.

Trustee Ray Warren, chairman of the building and site committee, and the board's attorney were directed to meet with developers and wrap up contract items for the 10.41-acre elementary school site in Village Oaks subdivision.

Trustees agreed to pay the developers \$40,000 of the \$64,440 purchase price at the execution of the land contract. The remaining \$24,440 will be paid upon the developer's completion of conditions of sale established by both parties.

Developers time schedule set in the contract includes grading of the adjacent property by July 1; installing sewer taps and water service by February 1, 1971; cleaning the drain and furnishing fill by July 1, 1971; and completing the roads before the opening of school in September, 1971.

Trustees agreed to have the architect study cost estimates of moving the site of the middle school 500 feet north, south or west. The middle school will be built on the district's 80-acre site on Taft Road south of the present high school.

The action came when it was discovered the original area where the new school would be built could not bear the weight of the school. Soil borings will be taken in areas surrounding the site.

Trustee Robert Wilkins questioned what would happen to the projected elementary school on the same site.

Administrators said the 80-acre parcel is large enough to allow construction of the elementary school even if the middle school placement is changed.

# Ray Warren Enters Race

Ray Warren, incumbent Novi school board trustee, has announced he will run for re-election in the June 8 school election.

Petitions for the four-year term on the board are available at the board of education offices Monday through Friday until 4 p.m. Petitions must be

# Council Seeks Formula For Road Paving Payment

Citizens of Novi, two weeks ago defeated a road millage proposal but the problem of how to finance local road improvement lives on.

City councilmen, including one newly installed member, wrestled with the road problem Monday night in discussing proposed improvement of Nine Mile Road and briefly weighing estimated costs of surfacing Meadowbrook Road.

Re-elected Mayor Joseph Crupi, who had hoped voters would approve the millage issue (three mills for 10 years), urged the council to develop some kind of road program—one that originated with the council backing.

He reaffirmed an earlier position that road improvement without taxation is virtually impossible.

Concerning the Nine Mile proposal, calling for a 24-foot wide asphalt pavement from Novi Road to Ennshire, City Manager Dallas Zonkers was directed to ask industrial property owners along the roadway if they would be willing to accept 80-percent of the improvement cost with residential property owners picking up the remaining 20-percent cost.

Cost of the project has been estimated at \$172,800.

Earlier Zonkers met with property owners and came up with what he thought would be an acceptable ratio, involving payment of 80-percent of the paving cost by both residential and industrial property owners (on the basis of road frontage) and 20-percent by the city.

His formula apparently was not satisfactory to the council, however, even though he sees it as a platform for getting a road program underway on Nine Mile Road and elsewhere.

The manager voiced concern with any proposal that would involve less than 20-percent of the cost being assumed by the city. Without this minimum amount of financial participation, he explained, the Michigan Municipal Finance Commission and bonding attorneys are likely to view the project unfavorably.

By their comments, councilmen seemed to support some kind of financial participation by the city but they were reluctant to discuss amount

# Nothing New On MDCDA

City officials have "heard nothing" from the Metropolitan Detroit Citizens Development Authority (MDCDA), it was reported Monday night.

Last word received by City Manager Dallas Zonkers from Edward Robinson, director of the authority, was that his organization "was a long ways" from submitting its proposal to the planning board.

**FAIR BOOSTERS**—Hard at work selecting a few of the decorations for the upcoming school fair at Orchard Hills Elementary School are (l to r) Mrs. Ted Felegy, Mrs. Ralph Arbour, Mrs. Robert Collins, and Mrs. Robert Gillick. Sponsored by the Orchard Hills Booster Club, the fair will be held Friday, April 24. The women shown here are members of the club's steering committee.

# NOVI HIGHLIGHTS

**By Mrs. H. D. Henderson**  
Miss Mary Kay Rowe of Fort Wayne, Indiana spent the weekend with her uncle and aunt, Mr. and Mrs. Jack Anglin.  
Mr. and Mrs. Robert Wilkins returned on Wednesday of this week from a five day National School Convention in San Francisco, California.

After a few days visit to the Columbia College in South Carolina, Miss Linda Lippert returned on Monday to her home in Novi.

Mr. and Mrs. Gordon Kagle of Port Austin are the house guests of Mr. and Mrs. William Fox.

Mr. and Mrs. Ramon Garcia celebrated Mr. Garcia's birthday recently by going to the Fisher Theatre to see "Hello Dolly". This past Sunday they celebrated Mrs. Garcia's birthday as the guests of their children for dinner at the Evergreen Chinese Restaurant.

Mrs. Lee Marini of Dixon Road entertained her high school classmates at a reunion on Sunday. They also celebrated the birthday of Mr. Marini.

Mrs. George Atkinson and Mrs. Hattie Garlick called on Mrs. Eva Gleason, who is a patient in the Convalescent Home at Ten Mile and Meadowbrook on Monday last week.

Mr. and Mrs. Michael Deaton and daughter, Kelly, spent the weekend visiting their grandfather Mr. Benjamin Benson at Indianapolis, Indiana, and their sister and brother-in-law, Mr. and Mrs. Earl Dozier at Greenwood, Indiana.

Mrs. Richard Bureau gave her mother, Mrs. Ruth Geddsie, a surprise birthday party last Friday evening. Approximately 35 were present, including 10 of her 13 children.

Mrs. John Lorang and three of her sisters from Woodstock, Canada, Charlevoix, and Allen Park visited their sister in Arizona for four weeks. While there they visited Mexico, the Mission, Old Tucson and several other places of interest. On Wednesday, Mrs. Lorang entertained her pinocle club of eight.  
Mr. and Mrs. Cecil LaFond of Wixom were the Sunday dinner guests of the former's mother, Mrs. Marie LaFond.

Mrs. Dolly Alegnani, Mrs. Wilma Wagonis, Mrs. Hildred Hunt, and Mrs. Laney Henderson left last week on Monday for Washington D.C. arriving at Falls Church, Virginia that evening. Mrs. Henderson stayed with her son and his wife, Mr. and Mrs. Victor Rix at Brilyn Place, while the others visited places of interest and toured Washington. They spent Thursday at Montecello, home of President Jefferson. They all left on Friday for Gettysburg where they had a guided tour of the battle ground. On Saturday they visited Niagara Falls and arrived home Sunday afternoon.

After living for a year in Burbank, California, Mr. and Mrs. Bill Gray and daughter, Deanna are back in Michigan to stay. For the present they are at the home of Mrs. Gray's parents, Mr. and Mrs. Floyd Darling.

Miss Corinne Story from Coldwater, Michigan is the guest of her niece and husband, Mr. and Mrs. Larry Smith.

Mrs. Larry Smith and Davy and Bret visited Mrs. Ethel Smith, Edith and Ralza in their new home at Tecumseh on Saturday April 11th.

On Sunday, Mrs. Gertie Lee visited her sister, Mrs. Blanche Seabaldt at Wolverine Lake to wish her a happy birthday.

## UNITED METHODIST CHURCH OF NOVI

Rev. Donald E. Hall supplied the pulpit this past Sunday. Mr. Hall is the program director for radio station WMRP in Fling, owned and operated by the Detroit Annual conference of the United Methodist Church. He is also the pastor of the Bethel United Methodist Church near Holly. Rev. Hartoog was the speaker at Rev. Hall's church this Sunday.

The altar flowers were given by Mrs. Russell Button and daughter, Rose, in honor of the birthdays of Russell Button, Sr. and Russell, Jr.

The greeters were Mr. and Mrs. William Fox, and the acolytes were Russell Button and Scott Faulkner and Thomas Wilkins.

Choir rehearsal is scheduled at 8 p.m. on Wednesday, Church School Workers Conference on Thursday at 8 p.m.

Next Sunday, April 19, the guest speaker at the morning worship hour will be Mrs. S. P. Kirm of Cass City. Mrs. Kirm and her late husband were missionaries in China under the mission board of the former Evangelical United Brethren Church. For some years they served in the Michigan Conference of the E.U.B. Church after health forced them to give up active work in China. Mrs. Kirm has, however, kept herself informed on the country and will share her observations with Novi guests. This is part of the Month of Missions program. China is one of the themes for this year.

The Administrative Board meeting is scheduled for April 20, at 8 p.m.  
**FIRST BAPTIST CHURCH OF NOVI**

Mr. Jonathan Gaines of Transworld Radio was the speaker at last Wednesday's evening service.

The Cradle Roll, First Grade, Third Grade, Fourth Grade girls, and Senior Ladies classes won green lights last Sunday for perfect attendance.

The church will be participating in the Jack Van Impe Crusade in Ann Arbor this week. The church bus will be going Saturday night. After returning to the church, the young people will be treated to a pizza party in Flint Hall.

The fathers and sons will be treated to a Buck Dinner on April 25 at 6 p.m. For reservations call the church office.

## HOLY CROSS EPISCOPAL CHURCH MISSION

On Saturday, April 11 at 7:30 p.m. Greg C. Fernandez and Elaine D. Vahlbusch were joined in holy wedlock at a candlelight service by Reverend Leslie Harding.

At 12 noon after Sunday services a spaghetti dinner was served to approximately 85 adults and children. Chairman Jewell Radcliffe and Nancy Little are to be congratulated on a job well done. They wish to thank all who helped, with special thanks to Mr. and Mrs. James Simpson who stayed on after the dinner to get St. Thomas Hall back in order.

A little child was christened during church services. Sunday School children witnessed the event.

The Bishops' committee met on Monday. On April 15th a census training session was held in the afternoon followed by the Jr. Confirmation Class at 4:30 p.m.

Rev. Harding will be at St. Stephens Church in Hamburg on Thursday, April 16.

On Friday, April 17, the women of the church will be setting up their rummage sale, beginning at 1:00 p.m. Donations are sought at this time. Volunteers are needed for Saturday, April 18 from 10 a.m. to 2 p.m. on the day of the sale. Those who wish to help are asked to contact Mrs. Marcia Hooser at 437-1091.

On Tuesday, April 21, the annual meeting of the Grand River Convocation is to be held at St. Paul's Memorial Church on Hubbard Avenue in Detroit beginning at 10 a.m. A film will be shown on the reason for the United Thank offering. All women of the church are invited to attend. Reservations for the luncheon must be made by April 16.

Items and donations are needed for Camp Chickagami. Presque Isle, Episcopal Boy Camps. Donations of all kinds are needed. Those wishing to participate are asked to call Mr. William Price at 476-0498.

All other E.C.W. news will be posted on the bulletin board in the Narthex of the church.

Mr. Robert Halpin, chairman of the pledge committee, is urging everyone to bring pledges up to date. He would also like couples or anyone who would like to help with the maintenance of the church to call 476-0704 or sign up on the bulletin board.

Mr. Louis Tank is home from the hospital and improving every day. Mrs. Wilma Young is expected back in church soon.

## FIRST BAPTIST CHURCH OF WIXON

On Sunday evening the pastor brought the second in a new series of messages on the Gospel of John entitled: "In Him Was Life". Special music was presented by Mrs. Hazel York.

The new church membership class meets in the pastor's study at 9:45 a.m. on Sunday.

The CWF meeting including a filmstrip and discussion on family relations, election of officers and a shower for Co Be Ac is scheduled on Tuesday at 7:30 p.m.

On Friday the ladies leave for

retreat at 8:30 a.m. at 6:30 p.m. the Pioneer Girls "Pal and Gal" supper is planned. Please sign up immediately.

On Saturday the Billy Walker Teen Rally will be held at 6:15 p.m.

On Sunday Mr. George Mackey will be preaching at 11 a.m. and also at 7 p.m.

Coming events:  
April 21 - Christian Education Board meeting at 7:15 p.m.  
April 25 - "Teen Tract Attack" 11 a.m.

April 26 - Holy Land slides to begin on Rome at 7 p.m.

May 9 - State Youth Rally at Lansing; also Mother and Daughter banquet.

May 10 - Dedication of children - Mother's Day.

The church board expresses their appreciation to the many who gave of their time and energy to build the lovely new parsonage.

## NOVI SCHOOL MENU

Monday - Roast Beef, whipped potatoes, gravy, bread, buttered carrots, brownies and milk.

Tuesday - Bologna and cheese sandwiches, french fries, catsup, cold slaw, fruit and milk.

Wednesday - Porcupine meat balls, mashed potatoes, gravy, bread, butter, buttered beets, cookies and milk.

Thursday - Hot dogs on buttered buns, potato chips, cottage cheese with pecans, pineapple upside down cake and milk.

Friday - Pizza, meat and cheese, lettuce wedges, fruited jello and milk.

## NOVI REBEKAH LODGE

Approximately 110 were present at the visitation last Thursday, April 9. Thursday evening (tonight) at 7:30 practice will be held at the hall for the District Meeting coming up at Berkley on April 28.

There were 19 present at the Independent Rebekah Club meeting on Monday of this week.

The rummage sale date has been set for May 8-9 at the Rebekah Hall. Save for the sale. Help is needed.

The regular lodge meeting is scheduled next Thursday, April 23.

Novi Rebekah's Degree and Initiatory Team initiated Milford Rebekah at Milford on Wednesday evening this week.

# College Pre-Planning Help Given at High School Session

While Michigan is "wealthy" in the quality and the quantity of higher education institutions in the state, enabling almost every student living within its boundaries who qualifies to enter college, it does take pre-planning in high school years.

Northville High School sophomores and juniors and their parents heard pre-planning suggestions from the high school counseling department and from speakers from Hope College and Schoolcraft Community College recently.

Charles W. Curry, director of admissions and financial aid at Hope, stressed that it's grades that carry the most weight in helping a high school student get into the college of his (or her) choice with high school tests a part of almost every institution's entrance requirements.

He added that Michigan students are in the fortunate circumstance of being able to get into a state college if grades warrant and if required tests have been taken.

Miss Barbara Geil, director of admissions at Schoolcraft Community College, pointed out that 50-percent of Michigan college freshmen are in

community institutions, many in night programs.

Advantages of the community college, she said, include small classes with instructors taking a personal interest in students' progress, a help to the student who may not have applied himself well in high school. Generally, such community colleges as Schoolcraft will admit students within their districts with a C average.

Miss Geil cited Schoolcraft's ratio of two males for each female student, attributable in part to the fact that 50-percent of the enrollment is in night classes.

Accompanying her and telling of their Schoolcraft experiences were two students, a young man in night classes and a freshman girl who had worked before entering college.

Both speakers stressed that many students benefit from having a work experience and increased maturity before entering college.

Students themselves, not parents, should take the initiative about finding out about college, Curry emphasized. He told parents that the choice should be left to the child, who usually does better work if he has chosen the school.

Usually students apply to the college of their choice the first semester of their senior year, he said, adding that by then they should have taken tests required by the college.

Students, it was noted, must apply to their counselors to take needed tests. Most are given at specific times; so it is important to check dates.

Curry suggested that a student make arrangements to spend some time on the campus of his choice before definitely deciding upon the institution. Visit a Northville student who already is there, he urged, or if none is known, write the admissions director asking to have a visit arranged. He stressed the value of a couple of days spent with students of the college.

He added that any student qualifying should not have to worry about expenses. There are many scholarships available, and students should check with their counselors and with the college. However, he said, entrance tests must be taken to qualify; so that juniors should be well aware of Northville test days.

In certain fields, such as teaching, he continued, there are government loans, some without interest or with low rates that need not be paid until after graduation. Some industries, such as Ford, also have programs for children of employees.

The speakers were introduced by Mrs. Alta Olson of the counseling department. Students were encouraged to visit her, Mrs. Violet Bradford and Jack Wickens of the department for help.

Catalogs and application blanks for institutions most commonly chosen by Northville students are available in the counseling office.

These include Northwood Institute, Schoolcraft, Adrian, Albion, Alma, Ferris State, Grand Valley, Hope, Hillsdale, Kalamazoo, colleges and Central Michigan, Eastern Michigan, Northern Michigan, Michigan State, Oakland and Wayne State universities, as well as University of Michigan.

**NEW OFFICERS** - These new officers of the Michigan Brown Swiss Breeders Association were elected during Farmers' Week at Michigan State University (March 23-27). They are (left to right) De Waive Bienz of Eaton Rapids, vice-president, Dorothy Heisler of Springport, secretary-treasurer, and Oscar Hirth of Northville, president.

DAVID M. SEROTKIN

## Serotkin to Speak Against Pollution

"Pollution" will be the topic of a talk by David M. Serotkin, state representative of the 75th district, to be given at 8 p.m. May 21 in the city council chambers under sponsorship of the Greater Northville Republican Club.

Serotkin, a resident of Mount Clemens, is an attorney associated with Matthews, Nank and Spier in Mount Clemens. He was elected to the House of Representatives in 1967 and re-elected in 1968. He serves on committees on judiciary, mental health and urban affairs.

He received his AB degree cum

laude from Princeton University in 1960 and his JD degree from University of Michigan Law School in 1963. He was president of the law school there in 1962-63. He was admitted to the Michigan State Bar in 1964. He also is a member of the Macomb County Bar Association.

He serves as vice-chairman of the campaign committee of the Republican State Central Committee and is a member of the Macomb County Republican Executive Committee, St. Clair County Republican Executive Committee and is past chairman of the Macomb County Young Republicans.

Representative Serotkin's civic activities in Mount Clemens include Kiwanis Club, Jaycees, Action Committee for Social Justice as well as serving on the board of directors of Big Brothers of Macomb County and being a participating Big Brother. He also serves on the board of directors of Friends of the Clinton River, Spirit No. 8, Metropolitan Club of America and the Air Force Association.

LAWRENCE J. BIRECKI

## Novi Man Promoted To V-P Post

Lawrence J. Birecki, 22483 Ennshire, Novi, has been elected vice president of operations at C. B. & S. Electrical Company, Inc., Dearborn.

Birecki joined the firm in 1964, after having served with the Bank of Dearborn. Prior to his promotion, he had been operations manager at C. B. & S. He will now be in charge of all re-building and manufacturing operations.

C. B. & S. is Michigan's leading electrical motor and transformer rebuilding firm, and serves the major electrical equipment needs of industry. It also manufactures resistance welding transformers and is a distributor for Westinghouse welding equipment and for Westinghouse large lamps.

Michigan's traffic deaths in March numbered 150, which was 23 or 13 per cent less than 173 in the same month last year, according to State Police provisional figures.

## Commissioners Eye Rouge Clean Up

Wayne County's Board of Commissioners is studying the complex problems of how to clean up the serious pollution of the Middle Rouge River.

The solution will not come easily because of the multiple governmental jurisdictions encompassed by the 117-square-mile Middle Rouge drainage basin.

A dozen cities and townships in western Wayne and Oakland counties lie wholly or partly within the area drained by the 31-mile-long Middle Rouge. Some 200,000 persons live within the basin.

## Women Form Safety Group

Michigan Women For Highway Safety, a newly formed, state-wide group whose slogan is "Womanpower comes from the heart," has recently announced the appointment of Mrs. Roy Schultz, 7854 Lilley Road, Plymouth, as Wayne County committee chairman for Region I.

The new organization, the only woman's group in the state devoted solely to traffic safety programs, has the sponsorship of 25 women's organizations, the Michigan Office of Highway Safety Planning, Traffic Safety for Michigan, and Michigan State University's Highway Traffic Safety Center, which is acting as secretariat.

Michigan Women For Highway Safety was formed to institute and support programs and legislation designed to lessen the rising toll of traffic accident victims and fatalities.

Any woman interested in joining the organization should contact Mrs. Roy Schultz.

The Middle Rouge runs into the Rouge River, thus contributing to the pollution of the Detroit River and Lake Erie.

A special committee of the county board met April 9 with local and state officials and representatives of County departments to discuss how to approach the problem.

Also attending was Wayne E. Denniston, of the Michigan Water Resources Commission.

County Drain Commissioner Henry V. Herrick said that his office has the legal power to build the multi-county facilities necessary to alleviate the pollution and recommended that he be given the job.

The County Road Commission recommended that a Middle Rouge Watershed Council be established to coordinate cleanup efforts.

The commissioners' committee decided also to explore the possibility of working with the Huron River Watershed Council before deciding which direction in which to move.

The headwaters of the Middle Rouge are in the Walled Lake area in Novi in southwestern Oakland County. Communities which lie wholly or partly within the drainage basin include Walled Lake, Novi, Northville city and township, Plymouth city and township, Livonia, Westland, Garden City and Dearborn Heights.

Because of the jurisdictional complexities, the meeting was held by the Committee on the County Reorganization of the Board of Commissioners. Board Vice Chairman James DeSana, of Wyandotte, is committee chairman.

The meeting was requested by Commissioner Carl Pursell, Plymouth, R-District 26, whose district includes Northville.

Pursell reported that he was satisfied with the "start" made by the county regarding fixing responsibility for cleaning up the Middle Rouge. "I was amazed that we do not have a single agency responsible for the Middle Rouge," said Pursell. "It is long overdue."

Those in attendance from this area included Northville Township Supervisor Gunnar Stromberg, Township Clerk Mrs. Eleanor Hammond, Citizen Arthur Jahn, and Northville City Manager Frank Ollendorff.

## College Honor Society Picks New Members

Eleven new members were initiated into the Schoolcraft College Alpha Iota chapter of Phi Theta Kappa, national scholastic honorary society for two-year colleges in ceremonies at the college recently.

In addition to the initiation ceremony chapter members elected five new officers for the 1970-71 year.

## Bag Sale Set By Jaycees

With an eye towards the annual clean-up, fix-up, paint-up campaign next month in May, the Northville Jaycees have launched a sale of trash-can liners.

The 20-gallon, heavy gauge liners come in 100-bag dispensers and are being sold for \$5 per dispenser. They may be ordered for delivery by calling either Robert Hilton, 349-0583, or John Buckland, 349-0773.

Proceeds from the sale will be used for the Jaycees' annual Fourth of July parade.

## Board OKs 3-Mill Hike

Continued from Novi, Page 1  
semester we had 1,763 and have dropped since then.

"New subdivisions in the district have not generated as many students as was expected and we are conducting a school census now which will be completed in May," he told board members.

Trustees also approved continuing tenure for 41 teachers, placed 16 teachers on tenure, 24 on probationary levels and recommended three teachers not be reemployed. The three, all secondary instructors, are Bernard Blair, Mrs. Jeanne Dagher and Arthur Johnson.

The resignation of Mrs. Zelta Donaldson, junior high English teachers was accepted by the board, effective June 12. She and her husband are expecting a baby.

The next regular meeting of the board will be held April 28.

**SECOND WEEK'S WINNERS**

Eva Lee Reynolds—Northville

**Here's How You Can Win**

Pick up your free entry ticket at the Kountry Katerer Pizza Place, 140 N. Center Street, Northville — next door to Cloverdale, fill out the stub & drop in the entry box.

Each Saturday afternoon at 5 p.m. for the next four weeks, 10 tickets will be picked for that week's prizes. First ticket drawn each week will be eligible for one of the Grand Prizes to be given away on the final day, May 9th.

All prizes will be on display in stores in the Northville business district throughout the contest.

Be sure and visit these merchants & see what you can win.

# Levitt Promotes Irwin M. Adler

Two regional managers who directed Levitt and Sons' successful entry into Detroit and Chicago housing markets, Irwin M. Adler and Arthur B. Gingold, have been promoted to vice president.

"Our operations in the Midwest are expanding," said Richard M. Wasserman, president and chief executive officer of Levitt and Sons, Incorporated. "And we are exceedingly optimistic about future programs already developed for growing regional markets. Our management members are young, innovative and, like Adler and Gingold, are generally promoted from within the company to positions of greater responsibility."

Adler, 37, has been promoted to vice president for the Detroit Region. A graduate of Syracuse University, Adler had been president of a condominium construction firm in south Florida before he joined Levitt and Sons in 1966 as manager of Levitt's first town house project — Rittenhouse Park.

Sales at the town house community in Willingboro, N. J. reached \$1-million within three weeks of the opening date.

Adler was transferred to Detroit in January, 1969, to plan and execute Levitt's entry into the Michigan housing field. Within six months homes at Windmill Pointe, Levitt's first community in Michigan, had been opened. Sales of \$3.5-million were recorded during the first month.

Locally, Adler has been involved with the planning of Levitt's giant Northville Township Subdivision proposal.

IRWIN M. ADLER

# Orchard Hills Boosters Plan School Fair

A fun-packed adventure spiced with an international flavor will be served up Friday, April 24th by the Orchard Hills Booster Club as it presents "the biggest event of the school year" — Expo '70 Fair.

Preliminary planning has been completed and Boosters are busy now coordinating a large number of projects including the decoration of each classroom to carry out the international theme.

Among the designations for some of the classrooms will be:

Japanese Gardens: East India Game Room, Roman Gift Shoppe with selected student paintings, Iceland Golf Room, Danish G-Around (cake walks), Hawaiian Room (deserts, coffee and soft drinks), Egyptian Mummy Room, "Zoolu" Room, Mexican Game Room, Irish Sweepstakes, Parisienne Pastry Shoppe, Spanish Game Room, and

Dutch Shoppe (white elephant, jewelry, etc.).

Highlighting the fair, lasting from 5 p.m. to 9 p.m. at Orchard Hills Elementary School will be a pancake dinner in the multi-purpose room from 5 to 7 p.m. Dinner, featuring "all you can eat", will include pancakes, sausages, applesauce and coffee or milk.

Price for the dinner has been set at 50-cents for children through 12 years

of age, and \$1.50 for older children and adults.

"And one of the real crowd-pleasers," says Publicity Chairman Mrs. Dolores Laverty, "will be the Red, White & Blue Review taped and presented by none other than the Orchard Hills teacher group."

Pre-event sale of tickets will take place during the week of April 20 at all Novi schools. Tickets will sell for 10-cents each or 11 for \$1.

## ARTICLES OF INCORPORATION OF THE NORTHWEST WAYNE COUNTY SANITATION AUTHORITY

Articles of Incorporation adopted for the purpose of creating an Authority under Act No. 179, Michigan Public Acts of 1947, as amended.

**ARTICLE I. NAME**  
The name of this Authority is the "Northwest Wayne County Sanitation Authority."

**ARTICLE II. CONSTITUENT MUNICIPALITIES**  
The names of the municipalities creating this Authority are: The Charter Township of Canton, the Townships of Northville and Plymouth, and the City of Plymouth, all in Wayne County, Michigan, and the City of Northville, in Wayne and Oakland Counties, Michigan.

**ARTICLE III. PURPOSE**  
The purpose of this Authority is the collection and/or disposal of refuse.

**ARTICLE IV. GENERAL POWERS**  
This Authority shall have all powers granted by statute and by these Articles and all powers necessary to carry out the purpose of its incorporation and all powers incident thereto. The enumeration of any powers in these Articles shall not be construed as a limitation upon such general powers. This Authority shall be a body corporate with power to sue and be sued in any court of this State. It shall have a corporate seal. It shall include all of the territory embraced within its constituent municipalities.

**ARTICLE V. BOARD OF DIRECTORS**  
(a) **GOVERNING BODY.** The governing body of this Authority shall be a Board of Directors (sometimes hereinafter referred to as the Board) and shall be vested with the management of its business and affairs.

(b) **HOW CONSTITUTED.** The board shall consist of one (1) Director from each constituent municipality. Within thirty (30) days after this Authority shall become effective, the governing body of each constituent municipality shall appoint its Director, who shall serve for the remainder of the current fiscal year, as established in Article XI, and within forty (40) days after such effective date the Directors shall meet to organize the Board for the balance of such fiscal year. The time and place of such meeting shall be fixed by a majority of the members of the Board and a member selected by them shall give notice to the other members in the manner provided in paragraph (e) of this Article and shall serve as Chairman pro tempore. Thereafter, on or before the 15th day of June of each year, the governing body of each constituent municipality shall appoint and certify to the Secretary of the Authority its Director who shall serve during the next fiscal year following his appointment or until his successor is appointed and certified. No appointment to the Board shall be invalid because not made within or at the time specified in these Articles.

(c) **ALTERNATE DIRECTORS.** The governing body of each constituent municipality shall, at the time of appointing its Director, also appoint an Alternate Director who shall have the right to act in place of the Director therefrom in the event of the latter's absence from any meeting of the Board, but his authority shall be limited to the conduct of business of any such meeting.

(d) **VACANCIES.** In the event of a vacancy on the Board, the governing body of the municipality represented by the vacancy shall appoint and certify its successor Director for the unexpired term. Any Director or Alternate Director may be removed at any time by action of the municipality which he represents.

(e) **MEETINGS AND NOTICE THEREOF.** The Board shall elect the officers and determine other organizational purposes at the first regular meeting date in July of each year. Regular meetings shall be held at least bi-monthly, and at such times and places as shall be prescribed by resolution of the Board, and special meetings may be called by the Chairman, or any two (2) Directors, by serving written notice of the time, place, and purpose thereof upon each Director and Alternate Director personally or by leaving it at his place of residence, at least twenty-four (24) hours prior to the time of such meeting, or by depositing the same in the United States mail at least seventy-two (72) hours prior to the time of such meeting in a sealed envelope, properly addressed to him at his home or office address with postage fully prepaid thereon. Special meetings of the Board at which all Directors are present shall be deemed to be valid even though no written notice thereof may have been given as herein prescribed. Any Director may waive notice of any meeting either before or after the holding thereof. A majority of all the Directors shall be required for a quorum. If all Directors consent in writing to any action by the Authority such action shall be valid as though authorized at a meeting of the Board. The Board may adopt rules and by-laws not in conflict with State or these Articles, governing its procedure. The Board shall keep a journal of its proceedings which shall be signed by the Chairman and the Secretary. All votes shall be "Yea's" and "Nays." The journal shall show how each member voted and the number of votes to which he was entitled.

(f) **VOTING BY DIRECTORS.** The Board shall act by motion, resolution or ordinance and for the passage of any such measure there shall be required the affirmative vote of Directors possessing more than one-half of the total voting power of the entire Board except where a larger vote is required by these Articles. Until the first July 1st following one full year's operation of a disposal plant or business, each Director shall be entitled to one (1) vote. On and after said July 1st following one full year's operation, each Director shall be entitled to one (1) vote for each one-thousand (1,000) tons or four thousand (4,000) cubic yards, or major fraction thereof, of refuse delivered from the municipality which he represents to the disposal site of the Authority during the preceding fiscal year; provided, that each Director shall be entitled to at least one (1) vote. The Authority shall determine which unit of measure, tons or cubic yards, shall be used in distributing votes, provided, that the unit of measure used shall be the same for all constituent municipalities.

(g) **OPERATING COMMITTEE.** At its initial meeting and at each of its subsequent annual organization meetings the Board shall select two members thereof who, with the Chairman, shall serve as an Operating Committee. The Operating Committee shall, in conformity with the policies and directions of the Board, carry out special projects and studies and perform such other duties as may be delegated to it by the Board from time to time.

**ARTICLE VI. OFFICERS AND EMPLOYEES**  
(a) **OFFICERS.** The board shall select at its initial and each subsequent organization meeting, a Chairman, a Vice-Chairman, and a Secretary, who shall be members of the Board and a Treasurer, who may but need not be a member of the Board. Such officers shall serve until the organization meeting of the Board next following their selection or until their respective successors are selected. An officer may be removed at any time, however, by action of the Board. A vacancy in any office shall be filled by the Board for the unexpired term. In case of temporary absence or disability of any officer, the Board may appoint another person to act temporarily in his stead, except that, in the event of the temporary absence or disability of the Chairman, the Vice-Chairman shall so act. No selection of an officer shall be invalid because not made within or at the time herein specified.

(b) **CHAIRMAN.** The Chairman of the Board shall be the presiding officer thereof and of the Operating Committee. Except as otherwise provided in these Articles, he shall not have any executive or administrative functions other than as a member of said Board and said Operating Committee.

(c) **VICE-CHAIRMAN.** The Vice-Chairman shall perform the duties of the Chairman in the latter's absence or disability.

(d) **SECRETARY.** The Secretary shall be the recording officer of the Board and of the Operating Committee.

(e) **TREASURER.** The treasurer shall be custodian of the funds of the Authority and its chief accounting officer. He shall, at the expense of the Authority, give bond, conditioned upon the faithful performance of the duties of his office. All monies of the Authority shall be deposited in a bank to be designated by the Board and all checks or other forms of withdrawal therefrom shall be signed by the Treasurer and countersigned by either the Chairman or the Secretary.

(f) **ADDITIONAL FUNCTIONS AND COMPENSATION.** The Board may by resolution or by-law further define the powers and duties of the officers and may confer additional functions upon them. The Board may also appoint such other officials, employ such additional personnel, and secure such services as may be required for the conduct of the business of the Authority. Members of the Board shall serve without compensation but the Board may fix and pay such compensation to the officers who are not members of the Board and to the employees of the Authority for services rendered to the Authority, as it deems just and proper: Provided, however, that no officer or employee of any constituent municipality shall receive any compensation from the Authority if receipt thereof is prohibited by the ordinances or regulations of such municipality or if such payment is not approved by the vote of two-thirds of the total voting power of the entire Board. The Board may, however, reimburse any person for expenses reasonably incurred on behalf of the Authority.

**ARTICLE VII. PROPERTY**  
The Authority may acquire private property by purchase, lease, gift, devise or condemnation, either within or without its corporate limits, and may hold, manage, control, sell, exchange or lease such property. For the purpose of condemnation it may proceed under the provisions of Act No. 149 of the Public Acts of 1911, as now or hereafter amended, or any other appropriate statute.

**ARTICLE VIII. CONTRACTS**  
The Authority and any municipality which shall be a part thereof, shall have authority to enter into contracts for the collection or disposal, or both, by the Authority

of refuse originating in such municipality, for a period not exceeding 30 years. The charges specified in such contract shall be subject to increase by the Authority, if necessary, in order to provide funds to meet its obligations. Such Authority may also enter into contracts with cities, villages, and townships, which are not a part thereof, which contracts may provide for charges greater than those to the municipalities which are a part of the Authority, but no such contract shall be for a period longer than thirty (30) years and the charges thereunder shall be subject to change from time to time. The Authority shall have the further power to contract with any person, firm or corporation for the performance by the latter of any part of the work of collection and/or disposing of refuse.

**ARTICLE IX. ISSUANCE OF BONDS**  
For the purpose of acquiring, improving, enlarging or extending facilities for the collection and/or disposal of refuse, this Authority may issue self-liquidating revenue bonds, in accordance with the provisions of Act No. 94 of the Public Acts of 1933, as now or hereafter amended: Provided, that no such bonds shall be a general obligation of the Authority but shall be payable from revenues only. The Authority shall have no direct taxing power.

**ARTICLE X. DEFICIENCY CHARGES**  
If for any reason the Authority's total income from the disposal operation during any fiscal year shall not be sufficient to satisfy the obligations resulting from the disposal operation during such year, including payments to be made to the Bond and Interest Redemption Fund if revenue bonds are outstanding, then the amount of any deficiency shall be pro-rated among the constituent municipalities, in accordance with either of the following:

(a) the tonnage of refuse delivered to, or the minimum tonnage contracted for with, the Authority, whichever is greater, during such fiscal year; or  
(b) the cubic yardage or refuse delivered to, or the minimum cubic yardage contracted for with, the Authority whichever is greater, during such fiscal year.

The unit of measure, either tons or cubic yards, used in pro-rating such deficiency shall be determined by the Authority: Provided, that the unit of measure used shall be the same for all constituent municipalities. The amount of deficiency so pro-rated shall be considered as an additional charge for disposal services.

If for any reason the Authority's total income from the collection operation during any fiscal year shall not be sufficient to satisfy the obligations resulting from the collection operation during such year, including payments to be made to the Bond and Interest Redemption Fund if revenue bonds are outstanding, then the amount of any deficiency shall be pro-rated among the constituent municipalities, in accordance with either of the following:

(a) the tonnage of refuse collected by, or the minimum tonnage of collection contracted for with, the Authority, whichever is greater, during such fiscal year; or  
(b) the cubic yardage of refuse collected by, or the minimum cubic yardage of collection contracted for with, the Authority, whichever is greater, during such fiscal year.

The unit of measure, either tons or cubic yards, used in pro-rating such deficiency shall be determined by the Authority: Provided, that the unit of measure used shall be the same for all constituent municipalities. The amount of deficiency so pro-rated shall be considered as an additional charge for collection services.

In determining independently the sufficiency of refuse disposal revenues to meet the obligations of the disposal operation, and the sufficiency of refuse collection revenues to meet the obligations of the collection operation, the Authority shall distribute between the two operations all obligations which properly should be allocated between them, according to accepted accounting standards and practices.

**ARTICLE XI. FISCAL YEAR AND AUDITS**  
The fiscal year of the Authority shall commence on the first day of July in each year and end on the 30th day of June of the following year. The Board shall cause an annual audit to be made of its financial transactions by a certified public accountant, and shall furnish a copy thereof to each constituent municipality.

**ARTICLE XII. EXPULSION**  
If any constituent municipality, having been tendered a contract for the disposal of its refuse through the facilities of the Authority, shall refuse or neglect to enter into such contract, then the Board by the vote of members thereof possessing at least two-thirds (2/3) of the total voting power of the entire Board, may expel such municipality as a constituent part of the Authority. The Board may not modify or cancel any contracts upon which its revenues are based, if the same would impair the obligation of any bond contract.

**ARTICLE XIII. AMENDMENT**  
Any village, city or township may become a constituent municipality in the Authority by amendment of these Articles, such amendment being adopted by the governing body of such city, village or township and by the governing body of each then constituent municipality. Other amendments may be made to these Articles if adopted by the governing body of each constituent municipality. Any such amendment shall be endorsed, published and certified printed copies filed in the same manner as the original Articles, except that the filed printed copies shall be certified by the Secretary.

**ARTICLE XIV. DISSOLUTION**  
This Authority shall continue in existence until dissolved by law or by action of the governing bodies of constituent municipalities whose Directors possess seventy-five (75%) percent of the total voting power on the entire Board: Provided, however, that this Authority shall not be dissolved if any bonds issued by it shall be outstanding or if such dissolution would operate as an impairment of any of its contracts.

**ARTICLE XV. PUBLISHING AND FILING**  
These Articles shall be published once in a newspaper or newspapers circulating within the Authority. One printed copy of these Articles, certified as a true copy thereof, with the date and place of publication, shall be filed with each the Secretary of State and the Clerk of the County of Wayne, within thirty (30) days after execution has been completed. The City Clerk of the City of Plymouth, Michigan, is hereby designated as the person to cause these Articles to be published, certified and filed as aforesaid. In event he shall be unable to act or shall neglect to act, then the Township Clerk of the Township of Plymouth, Michigan, shall act in his stead.

**ARTICLE XVI. PRELIMINARY EXPENSES**  
The undersigned constituent municipalities shall advance to the Authority the sum of five hundred dollars (\$500.00) each to cover preliminary expenses. Payment of such advancements shall be made to the treasurer of the Authority within ten (10) days after notice received from him. The amounts so advanced shall be repaid by the Authority to the advancing municipalities without interest from the proceeds of the sale of any bonds which may be issued pursuant to Article IX. The Authority shall prepare a preliminary budget, and may request additional advance payments from the constituent municipalities on the basis of such budget. Additional advance payments shall be repaid to the constituent municipalities in the same manner as provided above for the initial advance payments.

**ARTICLE XVII. EFFECTIVE DATE**  
This Authority shall become effective upon the filing of printed copies of these Articles as provided in Article XV.

These Articles have been adopted by the several constituent municipalities, so hereinafter set forth in the following endorsements, and in witness whereof the Mayor and Clerk of the Cities of Northville and Plymouth, and the Supervisor and Clerk of the Charter Township of Canton and the Townships of Northville and Plymouth have endorsed hereon the statement of such adoption.

The foregoing Articles of Incorporation were adopted by the Council of the City of Northville, Wayne and Oakland Counties, Michigan, at a meeting held on the 2nd day of February, 1970.  
A. M. Allen Sgd.  
Mayor of the City of Northville  
Martha M. Milne Sgd.  
Clerk of the City of Northville

The foregoing Articles of Incorporation were adopted by the Commission of the City of Plymouth, Wayne County, Michigan, at a meeting duly held on the 2nd day of February, 1970.  
James B. McKeon Sgd.  
Mayor of the City of Plymouth  
Eugene S. Slider Sgd.  
Clerk of the City of Plymouth

The foregoing Articles of Incorporation were adopted by the Township Board of the Charter Township of Canton, Wayne County, Michigan, at a meeting duly held on the 10th day of February, 1970.  
Philip Dingeldey Sgd.  
Supervisor of the Township of Canton  
John W. Flodin Sgd.  
Clerk of the Township of Canton

The foregoing Articles of Incorporation were adopted by the Township Board of the Township of Northville, Wayne County, Michigan, at a meeting duly held on the 10th day of February, 1970.  
Gunnar D. Stromberg Sgd.  
Supervisor of the Township of Northville  
Eleanor W. Hammond Sgd.  
Clerk of the Township of Northville

The foregoing Articles of Incorporation were adopted by the Township Board of the Township of Plymouth, Wayne County, Michigan, at a meeting duly held on the 27th day of January, 1970.  
John D. McEwen Sgd.  
Supervisor of the Township of Plymouth  
Helen Richardson Sgd.  
Clerk of the Township of Plymouth

## Legal Notices

To the Supervisor and Clerk of the Township of Northville, Wayne County, Michigan.

Sirs: You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on March 19, 1970, decide and determine that the certain section of county road described in the minutes of said meeting of said Board should be absolutely abandoned and discontinued as a public highway, reserving therein the easement set forth in said determination, and that the abandonment of another section of said county road be denied.

The portion of the minutes of said meeting fully describing said sections of county road is attached hereto and made a part of this notice, which is given under and by virtue of Act 283 of the Public Acts of 1909, as amended.

In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 25th day of March, A.D. 1970.

**BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN**  
William E. Kreger, Chairman  
Michael Berry, Vice-Chairman  
Philip J. Neudeck, Commissioner

By: **Donald R. Kring**  
Secretary  
Of the Board

**RESOLUTION**  
Commissioner Neudeck moved the adoption of the following resolution:

WHEREAS, pursuant to petition and in accordance with the provisions of Section 18, Chapter 4, Act No. 283 of the Public Acts of 1909, as amended, this Board, by resolution dated June 22, 1967, set a date of hearing on said petition and directed a Hearing Examiner to hold said hearing; and

WHEREAS, said hearing was held at the time and place appointed, and the Board has considered the findings of fact as reported by its Hearing Examiner concerning the advisability of absolutely abandoning and discontinuing:

All that part of Elk Road, 30 feet in width, as dedicated to the use of the public in AMBROSE ESTATES part of the S. E. ¼ of Section 14, T. 1 S., R. 8 E., Northville Township, Wayne County, Michigan, as recorded in Liber 68 of Plats on Page 12, Wayne County Records, lying between the east line of Bradner Road, 86 feet in width, and the west line of Robinwood Drive, 60 feet in width. Said part of Elk Road being adjacent to lots 1, 2, 25 and 62, and

WHEREAS, the premises were viewed in accordance with said statute.

WHEREAS, it appears from said hearing and view of the premises that it is desirable to maintain as a county road a portion or the above described county road petitioned to be absolutely abandoned and discontinued.

NOW, THEREFORE, BE IT RESOLVED, that it is in the best interest of the public that the section of county road or portion thereof described as:

All that part of Elk Road, 30 feet in width — as dedicated to the use of the public in AMBROSE ESTATES part of the S. E. ¼ of Section 14, T. 1 S., R. 8 E., Northville Township, Wayne County, Michigan, as recorded in Liber 68 of Plats on Page 12, Wayne County Records — lying between the east line of Bradner Road, 86 feet in width, and the west line of Portis Road, 60 feet in width and being adjacent to lots 1 and 2; be absolutely abandoned and discontinued, and that said section of county road be absolutely abandoned and discontinued, reserving therein an easement for public utility and sewer purposes.

BE IT FURTHER RESOLVED that the portion of the petition for the absolute abandonment and discontinuance of:

All that part of Elk Road, 30 feet in width — as dedicated to the use of the public in AMBROSE ESTATES part of the S. E. ¼ of Section 14, T. 1 S., R. 8 E., Northville Township, Wayne County, Michigan, as recorded in Liber 68 of Plats on Page 12, Wayne County Records — lying between the west line of Portis Road, 60 feet in width, and the west line of Robinwood Drive, 60 feet in width, and being adjacent to lots 25 and 62; be and same is hereby DENIED.

The motion was supported by Commissioner Kreger and carried by the following vote:

Ayes, Commissioners Kreger and Neudeck, Nays, None.

**NOTICE**

All interested citizens are advised that the Michigan Department of State Highways is planning to construct modern building installations at the existing rest area on Eastbound I-96, in the city of Novi, between Beck and Taft Roads in Oakland County. The proposal may require the acquisition of additional property.

Under provisions of federal law, any citizens who would be affected by the proposed plan may request in writing that a formal public hearing be held, concerning the social, environmental and economic effects of this proposal.

Such a written request should be made to G. Robert Adams, Public Hearings Engineer, Michigan Department of State Highways, State Highways Building, Drawer K, Lansing, Michigan 48904. The request must be received on or before May 8, 1970.

**Obituaries**

**ALMERON W. BIDWELL**

Almeron W. Bidwell, 216 Church Street, a retired letter carrier and lifetime area resident, died last Saturday at the age of 80 as a result of injuries in a two-car automobile accident that day at Shelton and Canton Center roads. He died at Wayne County General Hospital.

Funeral services were scheduled for 1 p.m. Wednesday, April 15, at Casterline Funeral Home with the Reverend Lloyd Brasure, pastor of Northville Presbyterian Church, officiating. Interment was to be in Wixom Cemetery.

Mr. Bidwell was a charter member of Lakeside Lodge F & AM, Walled Lake, and a 32nd Degree Scottish Rite Mason; a life member of Novi Oddfellows; and a member of Groves Walker Post, American Legion, in Farmington.

He was born August 28, 1889, in Lyon Township to Albert and Effie (Morey) Bidwell.

He is survived by his wife, Hazel; a son, Albert H. of Livonia; two daughters, Mrs. Freida Malosh of West Branch, Mrs. Joanne Kremkow of Livonia; two brothers, Wilford of Farmington, Howard of Bay City; four sisters, Mrs. Louise Bowers of Howell, Mrs. Helen Reiner of LaJolla, California, Mrs. Agnes O'Rourke of Pontiac, Mrs. Estler Lane of South Lyon; and five grandchildren.

\*\*\*\*\*

**THOMAS J. CROTEAU**

Funeral services were held Saturday for Thomas J. Croteau, 62, of 233 South Union Street, Plymouth, who moved there from Northville in June, 1969. The Reverend Father Francis C. Byrne officiated at the service at Our Lady of Good Counsel Church, Plymouth. Interment was in Riverside Cemetery, Plymouth.

Mr. Croteau, who died suddenly at his home, leaves his wife, Mrs. Dagne Viola (Sandstrom) Croteau. He was born November 25, 1907, in Hancock, Michigan, to Zepherin and Mary (Crowley) Croteau. Mr. Croteau, a butcher, was a member of Our Lady of Good Counsel.

In addition to his widow, he is survived by three daughters, Joanne of Utica, Mrs. George (Phyllis) Richards of Salem, Mrs. William (Helen) Horan of Manhattan Beach, California; two sons, Thomas M. of Ontonagon and Richard J. of Westland; three sisters, Mrs. Herman (Helen) LaJoy of Wayne, Misses Norne and May of Hancock, three brothers, Joseph and John of Hancock, Zepherin of Wayne; and 11 grandchildren.

# Uncommon "Commons"

A great place for children to play

No motorized vehicles, please. Just the clear, happy voices of children at play on the "Commons".

What is a "Commons"? It's acres and acres of park area (exclusively for use of residents of our subdivisions) landscaped with trees and shrubbery... miles of winding paths for strolling, jogging and bicycling. It's a nostalgic, quiet place where families gather for recreation, picnics and active sports.

There's a community shelter with huge open fireplace, tennis courts, basketball pad and shuffleboard courts. It's ice skating in winter. If the gang wants a softball game, there's plenty of grassy area where they'll be undisturbed. And the folks who live in Thompson-Brown communities *know* where their children are. Come on out to any of our unique "Commons" for a stroll and a look at our furnished model homes.

## SPEAKING

## for The Record

By BILL SLIGER

Want to help improve our environment?

Toss a brick in your toilet tank.

Don't laugh. When I suggested to Mrs. Dale Beltz that some of the "26 Ways" suggested by the Citizens for Environmental Action to improve life on earth were, well, somewhat humorous, she didn't think it was funny.

Like many other citizens who are worried about the environmental problems facing our nation and the world, Mrs. Beltz is deadly serious and deeply concerned about life on earth in the future. And the environmental action group she is helping to launch will seek ways that we, as individuals, may help combat pollution as well as other man-created obstacles to healthful living on earth.

"It's not all industry's fault. Why, if industry cleaned up all the water and air it's responsible for polluting, the problem would still be huge," says Mrs. Beltz.

The idea of the environmental action group would be to involve area organizations in Northville, Plymouth, Livonia and Farmington. The core group would supply speakers, suggest projects and answer questions. It is hoped that Schoolcraft college might serve as a center for information and perhaps provide a "hotline" service for the area. Biology department members at the college are already active in the program and have offered their services.

Our environment is threatened by more than dirty air and polluted streams and lakes, points out Mrs. Beltz. One study indicates that if something isn't done to reduce the growing noise level in large cities that city-dwellers will be stone deaf by 1984. The resulting tension from such noise is still another problem, Mrs. Beltz notes.

Next Wednesday, April 22, has been designated as "Earth Day" throughout the nation. Locally, thanks chiefly to our schools and the newly-forming environmental group, the day will be recognized with a variety of classroom projects.

Actually the day is a reminder to each of us that we're all responsible for the condition of the earth we live on and that each of us can do something to reverse the trend of things.

And, oh yes, that brick in the toilet tank?

Well, according to the "26 Ways You Can Give Earth A Chance", if every person living in the city of Ann Arbor, for example, were to place a brick in his toilet tank thus displacing water and using less water in flushing, 30,000 gallons of water would be saved daily.

The list, which came from the University of Michigan, has since been greatly expanded and will be published in booklet form.

Here are the other 25 ways as provided by the local Citizens for Environmental Action group:

- Keep your car tuned.
- Ride a bicycle or walk whenever you can. (automobiles cause 60% of the air pollution) Drive the car less, pool rides when possible and don't let the motor idle while waiting for someone.
- Use white tissues (the dyes are harmful to water systems, human tissues, and small animal and plantlife in our waterways)
- Cut out, or cut back the use of fertilizer, herbicides, pesticides.
- Do not burn leaves, incinerators, or fires in your home.
- Make a compost heap for fertilizer and mulch.
- Do not use any kind of plastic wrapping, use wax paper. If you have plastic wrapping or containers reuse them as often as possible before throwing away.
- Buy your milk in bottles.
- Buy soft drinks, etc. in returnable bottles.
- Do not depend on paper towels — use a sponge or cloth towel.
- Eliminate as many of your paper products as possible — paper plates, cups, napkins. Reuse paper bags often before throwing away. Use cloth napkins.
- Use fewer electrical and motor run appliances.
- Use baking soda and a scouring pad instead of strong commercial cleansing powders.
- Use detergents low in phosphates (40% of phosphates in water pollution come from detergents) Better yet use soap.
- These products are without or very low in Phosphates: Soap Powders (Lux, Ivory Snow, etc.); Dishwashing Liquids (all OK); Borax (e.g. Borateem); Washing Soda (e.g. Arm and Hammer); Use scouring wires, Curly-Kate, pumice, and baking soda.
- Wash clothes with only as much water as is necessary and only when necessary.
- Don't leave water running while you brush teeth.
- Do not buy shampoos, lotions, etc., in plastic containers.
- Do not smoke. (Yes, there are a half million tons of tobacco pollution annually)
- Do not use sun tan or body lotions when going swimming in lakes, etc.
- When shopping check labels for extra unnecessary chemicals. (Secretary of the Interior Udall says that although his department is feverishly working on the problem, only one-third of one per cent of all food products that reach the hands of the people are federally inspected)
- Buy food in bulk or larger quantities when possible and refuse to buy products that have extra packaging that is unnecessary.
- Grow your own vegetables and fruit if possible. There are publications available to help with organic gardening.
- Plant trees (while humans inhale oxygen and exhale carbon dioxide, trees take in carbon dioxide and discharge oxygen, greatly helping to purify the air)
- Write to your congressman or senator demanding environmental action. Don't be afraid to speak out! The future of our environment and our lives does not just depend on the other guy. It depends on You!
- Don't throw away this paper! Remember these things — pass it on to a friend. Remember the more empty the garbage can, the more you are aiding in controlling pollution.

*"I am only one,  
But still I am one.  
I cannot do everything,  
But still I can do something.  
—And because I cannot do everything,  
I will not refuse to do the something  
That I can do."*

RICHARD HOFFMAN

YES . . . .

There has probably been no single issue affecting education that has aroused as much interest and ire as this busing problem. Everyone from the President of the United States on down is expressing his views on the issue either vocally or physically or both.

The ironic thing about it is that busing to achieve integration should even be necessary in a country founded on democratic principles. But it is.

Beneath the surface of most objections raised to busing is a basic reason — prejudice. Realizing that prejudices are learned, we must afford our children the opportunity to judge others individually based on personal contacts rather than on hearsay. As of now the public school is the only social institution through which we can provide children this opportunity.

Many, including myself, have been in favor of the neighborhood school. But until such time that we have communities that are truly open to all, our concept of "neighborhood" will have to be expanded.

Ultimately, we must each decide which is most desirable — to give our children an incomplete education in an isolated environment or a complete education, which will include not only the academic areas but more importantly, a true lesson in democracy.

RICHARD HOFFMAN  
ELEMENTARY PRINCIPAL  
(brother of Jack Hoffman)

## Speaking for Myself

Is Busing to Achieve  
Integration Necessary?

JACK HOFFMAN

NO . . .

While the guy on the other side of this question and I agree that integration is a necessary solution to many of our social ills, the tonic he recommends is neither practical nor solvent. It suggests the classroom be used to experiment with defacto segregation while ignoring the root cause, the disease carrier—the adult. It suggests an expensive, even damaging substitute for our failure to integrate the neighborhoods of the North.

Like many educators, he starts with the false premise that the school is a social institution and then proceeds to build his case for social order through education, arguing, really, that since we cannot teach old dogs new tricks let's concentrate on the ocean of pliable young.

School systems everywhere are faced with mounting financial problems. Many of these problems have resulted from the steady dilution of education with a myriad of non-academic functions. And now it is suggested—and ordered—that the school accept still another non-academic duty, inter-neighborhood busing, when really we should be calling for the abolishment of existing school bus transportation.

Since adults are not likely to vote monies for inter-neighborhood busing the cost of this new function must necessarily eat away some of the school's existing program. And when that happens, unfortunately, neither black nor white student benefits.

## Needed: Weapons to Match the Monster

## Top of the Deck

## Fishermen Snag Pollution Blame, Too

Several years ago while assisting in the preparation of a television filmclip on commercial fishing, I spent a few days with one of the veteran fishermen out of Port Clinton, Ohio. He was a bitter man whose livelihood had been shattered by pollution of Lake Erie.

What once was a lucrative business was then rapidly becoming an impossibility. He, like others of his trade, had sold most of his boats and nets and was ekking out a living by catching catfish and carp by trotlines and selling his catches live to operators of private pay-ponds in Ohio, Kentucky and Illinois.

While checking his lines for the cameraman, he spoke of the atrocious polluters out of Detroit and Monroe who had driven the poor Ohio fisherman to the brink of starvation by killing off most of the lake's table fish.

When the filming for the day had ended and before heading back to port, our star washed down the deck, sweeping lunch leftovers and the accumulation from the boat's head into the polluted waters.

The point of all this is that the fisherman—commercial and sports—is angered, and rightly so, because of the recent disclosure that our lakes are contaminated with harmful deposits of mercury

To the Editor:

In desperation, as I read the Governor's reaction to the "Abortion Law Reform," I thought, "Have we reached the final degradation? Have we so rationalized our desires and selfishness, have we become so immune to the horror of killing that now we can (in the person of our governor whom we elected) publicly and calmly consider legally killing the little children before they even have left the protection of their mothers' bodies?"

His reasoning is not understandable. Is he saying that because our laws are not deterrents to murder, we should change the laws to state that it is alright to murder? How does any person have the right to take another's life, whatever the reason might be?

Granted that some children are unwanted. Is killing the only way for individuals to be rid of them? Couldn't we find some place where they could at least be fed, if not loved? This would take the burden of caring for the child off the individual family. The unwed mother already needn't worry about stigma. There isn't very much and probably soon will be none at all. In any case, at least she could be proud she didn't murder. Could not our scientists spend their wealth of knowledge, talent and money devising means of feeding that everyone might enjoy life without preying on someone else's right to live?

I wondered, looking at the little boys playing together on the court in the sunshine of spring, "Does it really matter who kills them, or how, or

when, or where, or which are killed?"

For the awful knowing is there: some of them will be killed. Does it matter if it is in the beginning, as they lie innocently waiting in the mothers' wombs with the unconscious hope that is part of the eternal-cycle of life, that they are killed? Would it be better if the killing comes later, either through the selfishness of some that causes others to die (be it the death of the body or the death of the longing that is called soul — the moral fibre that makes life livable) or through the destruction of the very basic natural cycle of the action of air, sun, water and soil that is necessary if any life is to live? Would it be better if the killing comes through the ancient rite or War — War that man, to feed his greed, inflicts upon man? All these forms of murder are already legal and accepted by many. Does it really matter if we add another? Is life really sacred or was that idea just a myth?

It should matter. To each person, his own life is sacred. Why not that of others? What if your Mother had not wanted you and had had the right to murder you? Is the life of the child within the womb not sacred because he is not able to plead for it? We should be spending our energies trying to eliminate these other legal means of killing rather than trying to add another.

It is with doubt that this letter is written — doubt that it can really change anything. It is with great sorrow that I feel the hopelessness of my effort, that I see the ills of mankind,

Continued on Page 11-A

from Big Bad Industry. But like so many of us who are concerned about pollution he practices little of what he preaches.

Industrial pollution disturbs me but the fisherman's garbage angers me because the angler, more than any other, knows the consequences of dirty water.

Most of the streams and lakes I've fished in Michigan, Ohio and Ontario show signs of pollution—but they are signs of the fisherman himself, not industry. I've never taken Walleyes on the St. Clair River or fished for bass in Lake St. Clair without seeing an angler toss a beer can into the water; I've never netted smelt at Pt. Pelee or the Singing Bridge without tripping

over the fisherman's garbage; I've never tossed a perch line into Lake Michigan or into Lake Huron without seeing the fisherman's flotsam.

The sign of the fisherman is everywhere: from the strip mines of southern Ohio, to the waters of the Muskegon River, and north to the secluded lakes of Ontario. It's not a pleasant sign.

Industrial pollution angers the fisherman—and that's great. I'm glad he's boiling for a fight. I'm delighted he's so wrapped up in the pollution battle. But let's not blow all our ammunition on the industrial dragons and ignore the giants of pollution—you and me.

**Northville Police Blotter**

**Two Injured in Eight Mile Crash**

Two men were injured in a one-car accident Saturday morning when their car left Eight Mile Road and slammed into a tree near the entrance to Northville Estates.

Taken to Botsford Hospital, Farmington, were John V. Stepp, age 29, of Whitmore Lake, driver of the car, and Dennis C. O'Brien, address unknown, passenger.

Police arrived at the scene at 7:26 a.m. and found Stepp and O'Brien unconscious and bleeding from head and mouth injuries.

Police have been unable to talk with either man and the details of the accident are still incomplete.

Two-year-old Patrick Wagner, 663 Thayer Boulevard, was injured when he darted from between parked cars into the path of another auto, police reported.

He was taken to Dr. R.M. Atchinson for observation, and no cuts or bruises were found.

A .22 calibre rifle was found in the back seat of a car parked at Convenient Food Mart, Novi Road, on April 10.

Police discovered the rifle after noticing the car was parked in the lot after the store had closed. Police remained at the scene until 1 a.m. but reported the driver did not return.

Two apartments at 316 Griswold Street were entered during the day, April 10, according to reports.

A portable television valued at \$75 and a portable stereo valued at \$150 were taken.

Police said a key was used to gain entry or the lock was picked, since no signs of forced entry were found.

The same day another resident reported someone had forced their way into an apartment, police said.

Missing are a portable television valued at \$40, am-fm radio valued at \$30, a sewing machine worth \$150 and jewelry.

An attempted break-in and entering of a home at 424 North Center Street was reported to police April 7.

Investigating officers found pry marks on the door but said no entrance to the home was gained. The incident took place April 5 and 7.

The theft of a tape recorder from Northville High School was reported by a student April 9.

Police said the tape recorder, valued at more than \$70., was taken from a classroom between March 25 and April 6.

A Northville high school student reported a coronet valued at \$165 was taken from the band room between March 27 and April 6.

Wires were disconnected from a car in an apparent attempt to hot wire a vehicle parked at 929 Jeffrey Drive between April 13 and 14, police reported.

Radio knobs were missing, the headliner had been ripped from the dome light and the glove compartment was found open, reports said.

A city limits sign was removed from posts at Taft Road and the city limits. Police reported the sign missing April 13.

A resident of 505 Griswold Street reported a male got out of dark blue

car and threw a stone at the home, damaging the front. The incident took place at 10.15 p.m. April 13.

Township police reported two incidents of dumping without a permit. Over 20 loads of rocks and wood were dumped April 8 on property on Park Lane.

In another case, police found two men dumping trash from a truck at 39955 Six Mile Road on April 3. The men were ordered to remove the trash from the area.

Township officers rounded up three loose horses April 11 near 42152 West Seven Mile Road.

**COURT NEWS**

A Belleville man, Orville L. Neal, was fined \$128 and placed on one year's probation for driving under the influence of alcohol.

The sentence was handed by 35th District Court Judge Dunbar Davis on April 7.

Convicted of minor in possession of alcoholic beverages, Michael R.

Williams, Livonia, was placed on three days work detail, ordered to pay \$12 per day supervisory cost and given six months voluntary probation.

- April 13 - 8:19 p.m., false alarm, kitchen fire.

**Father—Son Campout Planned by Scouts**

The annual father-son campout of Boy Scout Troop 731 of the First Methodist Church of Northville is slated this weekend (April 17, 18, 19) at the Charles Howell Scout Reservation in Brighton.

Fathers of the scouts are urged to participate—and are being reminded that heated cabins have been reserved. Cost is \$4 per boy, with no additional fee for the fathers.

The troop will meet at the Methodist Church, corner of Center and Dunlap streets at 7 p.m. Friday. Transportation will be provided by the

fathers willing to drive.

On Sunday Catholic boys will attend Mass in Brighton, and Protestant services will be held at the camp.

According to Harry E. Hartshorne, publicity chairman, fathers intending to go are asked to call Jerry Rotta, 349-4088, immediately so that adequate supplies can be purchased. "If you can't decide 'til the last minute come anyway."

"Last year we had a turkey dinner and it was a tremendous success. Fathers unite. Don't let the boys outnumber us. If you would like to go but can't make it by 7 p.m. let us know and we'll accommodate you."

Bunks and mattresses are provided. Each person must bring their own utensils and blankets. Sleeping bags are ideal.

**Moraine PTA Sets Program**

A demonstration program entitled, "Old Fashion Schoolhouse Days," will highlight a meeting of the Moraine Elementary School PTA today (Thursday) at 1:30 p.m.

Teachers, students and some of the parents will take part in the program to show how school life has changed from years ago to today.

Following this part of the program, Miss Florence Panattoni, the school system's curriculum coordinator, will discuss some of the recent educational changes and some of the future changes that can be expected.

**JUNIOR HIGH CONSTRUCTION** — Charles Kehrer inspects the trenching operation at Cooke Junior High School (above) as construction of the addition moves into high gear. Jim Wilhelm, job superintendent, and Dale Beamish, general superintendent for the W. E. Schulz Company, review plans (below) for the addition prior to staking out the building.

**Baseball Nine Raps Sports Predictions**

To the Editor:

We wish to write this letter to inform you as to the incapability of your sportswriter to predict the outcome of baseball games. According to the aforementioned writer, the hometown nine, its own Northville Mustangs, was predicted to lose to crosstown rival, South Lyon "three times Southeastern Conference champions."

An angry crew of Mustangs took the field and in the hour it took to play the first inning, went out into the field leading by the mere score of 14 to 0. By games end, the score reached 25 to 0.

We would also like to comment on their "five returning .400 hitters."

\*\*\*

**Abortion**

Continued from Page 10-A

that I know there could be solutions to our problems but then to know no way of doing anything about any of them. In my "impossible dream" world, it would be so easy. If each person would think as much of others as he does of himself — that's all it would take.

Yet I am writing this letter directed at Governor Milliken, knowing that my voice alone can change nothing, but hoping that it may add a little to the voices of the many others crying for the sake of "humanity." There must still be some faint glimmer of hope and faith in "humanity" — in "life," whatever "life" really is. There must still be some belief that somewhere, somehow there will be a miracle that will save us from ourselves — that will give all the children a right to live and maybe even grow up knowing how to have a good life for everyone everywhere.

Sincerely,  
Frances Caughey

Where were they? They must have been left in the lockerroom. These five demons with the stick produced a mere pop fly single in the seventh inning and a total of 2 baserunners as they batted only the breeze a total of 14 times.

We would also wish to inquire as to what basis was this prediction made? In the past three years, this "area powerhouse" has yet to score a run against us. The scores have been 4-0, 1-0 and 25-0. Let us give a little greater consideration to who is the area's powerhouse, Northville or South Lyon.

We are not bitter. Oh, no! On the contrary. It's not too often you beat an "area powerhouse" 25-0 in six times at bat. We ask only that this aforementioned sportswriter "cool it" on the predictions. (You're making Hal Schramm look like Isaiah the prophet.)

Affectionately yours,  
Northville Mustang Baseball Team

**Asks Repair Of Roadway**

To the Editor:

I am writing this letter as a concerned student and citizen of Northville. I would like to point out to you, that the road in the rear of the High School is in very bad condition, and is getting worse day by day. I have been told, that neither the High School or City officials will claim or fix this road. The driveway is plowed only once in a while but when the spring thaw comes around and the road gets considerably worse no one will take care of it. I would appreciate any information or results that will come about by the readings of this letter.

Sincerely,  
Mark Young

UP 'N OVER—Brad Cole (center) soars over a high hurdle on his way to a second-place finish Thursday in competition with hurdlers from Waterford Kettering and Livonia Churchill. Cole

came in with a time of 16.8, a notch behind Dave Bell's 16.7 time for Kettering. This photo was snapped by Joe Corcoran.

### Down Kettering, Churchill

# Northville Thinclads Win Triangular Meet Easily

Northville thinclads chalked up their first league victory of the season Thursday, zipping past league rival Waterford Kettering and non-league Livonia Churchill.

The Mustangs came up with 68 points to Kettering's 50 and Churchill's 30 in a windy, cold afternoon of competition.

Coach Ralph Redmond was delighted with his squad's second season performance, particularly in view of the icy wind. "Overall, for the day, it was a real gutty performance," he said of the triangular effort.

Northville picked up six firsts in its winning effort—in the shot, long jump, 880 yard relay, 100 yard dash, 440 yard dash, and the 220 yard dash.

Sophomore Joe French, in an excellent effort, came up with his best put of the season in taking first in the shot with a toss of 45' 6 1/4".

John Stuyvenberg took three

firsts, easily taking top honors in the long jump (22' 4 1/2"), and breezing across the finish line out front in the 100 and 220 yard dashes.

His 22.5 mark in the 220 was the best of his career, eclipsing his best effort of last season (22.8) and coming close to one of the oldest school records—a 22 flat effort turned in by Jim Petrock in 1960. In the 100, he crossed the finish line in 10.3.

Jim Darnell, who continues to build up his own confidence while raising the hopes of his coach, took first in the 440 by taking a razor thin first at 55.8.

The other Northville first was turned in by Northville's 880 yard relay squad, which came in with a good time of 1:37.6—in front of second-place Kettering's 1:41.1. The squad includes Dave Mitchell, Darnell, James Carter and Stuyvenberg.

**POLE VAULT** — Meyers (K) 11'; Armstrong (N) 11' (more misses); Pillow (K) 10'; and Dale (C) 10'.

**LONG JUMP** — Stuyvenberg (N) 22' 4 1/2"; Foltz (K) 19' 5"; Mitchell (N) 18' 11"; and Watson (C) 18' 3".

**880 YARD RELAY**— Northville 1:37.6; and Kettering 1:41.1.

**880 YARD RUN** — Wiski (C) 2:09.5; Wright (N) 2:10.5; Brunsete (K) 2:11; and Guider (N) 2:15.2.

**120 YARD HIGH HURDLES** — Bell (K) 16.7; Cole (N) 16.8; Ojace (C) 16.9 and Mitchell (N) 17.6.

**MILE RUN** — Reabe (K) 4:44.5; Bedford (N) 4:58.9; Burrell (C) 5:09.3 and Enders (N) 5:17.

**100 YARD DASH**— Stuyvenberg (N) 10.3; Maloney (C) 10.5; Foltz (K) 10.6 and Carter (N) 10.8.

**440 YARD DASH** — Darnell (N) 55.8; McAfey (K) 55.8 plus; Bokers (K) 58.2; and Dale (C) 59.9.

**180 YARD LOW HURDLES** — Bell (K) 21.1; Mitchell (N) 21.4; Ojace (C) 21.5; and Cole (N) 21.8.

**2 MILE RUN** — Kurtis (C) 10:41.1; Bell (N) 10:54.1; Dickson (N) 11:23.7; and Lamp (N) 11:32.2.

**220 YARD DASH** — Stuyvenberg (N) 22.5; Maloney (C) 23.5; Foltz (K) 23.5; and Carter (N) 23.6.

**1 MILE RELAY** — Kettering 3.47; and Northville (Wright, Peterson, Bedford and Guider) 3.49.

**KETTERING'S BEST**—Kevin Reabe, Kettering's ace runner who Saturday smashed a Mansfield Relays record in the 880-yard run, strides along in the mile run Thursday in easily winning over Northville's top miler, Paul Bedford, who was saving his energy for Saturday's event, crossed the finish at 4:44.5. Bedford was timed at 4:58.9.

## John's Jump Short But Takes Fourth

Northville's long jumping ace, John Stuyvenberg, was disappointed but his coach and teammates were elated.

Stuyvenberg returned Saturday from the Mansfield Relays with Northville's first points ever racked up in the Mansfield event that annually draws the cream of tracksters from five states and Canada.

"He wanted to do better," said Coach Ralph Redmond, "but we were proud of his fourth-place...the best we've ever done at Mansfield."

Stuyvenberg fell short of his best mark in placing fourth behind Larry Hill of Dayton Roosevelt. Ron Trotter of Ecorse and Delmar Williams of Flint Northwestern. His jump of 22 feet was

five inches of his career best, a 22' 5" mark set in setting the Sparton Relay record two weeks ago.

He competed against 176 jumpers in a snow flurry, fouling on two jumps of close to 23 feet.

In winning at Mansfield, Hill jumped 22' 8", while Trotter came in at 22' 3" and Williams at 22' 2". Stuyvenberg had previously beaten both Trotter and Williams.

One of the big performances of the day was turned in by Waterford Kettering's speedster, Kevin Reabe, who set a Mansfield record in the 880-yard run with a mark of 1:53.6.

Reabe in a tune-up for the relays here Thursday took an easy first in the mile run at 4:44.5.

# It's Great Opener for Northville, Novi!

ONE OF 12 — Right fielder Tom Singer cracks a single in his first time at bat — one of 12 hits collected by the Mustangs as they bombed South Lyon in Thursday's opener, 24-0!

## Mustangs Bury Lions, Kettering

Northville will travel to West Bloomfield this afternoon riding high on two season opening victories, then host Livonia Franklin in a twin bill Saturday afternoon.

With Fred Holdsworth hurling shutout ball, the Mustangs had no difficulty in polishing off their first two adversaries.

First to fall victims to the Mustang punch was the highly touted South Lyon nine that returned home Thursday trying to forget they had played a baseball game. Anyone seeing the score, 24-0, might guess Northville Coach Chuck Shonta had returned to professional football.

Then Monday afternoon, Waterford Kettering found itself on the losing end of a 7-0 score here.

Holdsworth, who along with Catcher Terry Mills drew special praise from the Mustangs' elated new baseball mentor, gave up just four hits in gaining credit for both victories.

The senior right-hander came close to a no-hit performance against South Lyon, giving up just one bing — a single off the bat of Norm Bishop. And two singles and a double was all the plate power Kettering could muster.

Holdsworth fanned 13 and gave up one walk against South Lyon, then struck out 14 walking none, against Kettering.

While the Northville pitcher was setting down both teams with ease, he and his teammates were pounding out 12 hits against South Lyon pitchers and seven hits against Kettering.

Big sticks for the Mustangs were Holdsworth, Steve Utley, Mills, Rick LaRue, Rich Adams, and Ken Lach. Holdsworth had four hits in nine trips to the plate, Utley three hits in seven times at bat, and the others each came up with two hits.

Berne Bach picked up only one hit in his first two games — but it was a four-bagger in the third inning of the Kettering game. Other extra-base hits included a triple by Adams and doubles by Rick LaRue and Holdsworth.

Besides the 19 hits garnered by the Mustangs in the two games, the Northville nine also picked up 22 walks.

"Holdsworth looked great — just great," beamed Coach Shonta in reviewing the game. "And Terry Mills did an excellent job at catching, filling in for Dave Coe who has a sore shoulder. We put Coe in the field where he didn't have much throwing."

SAFE AT THIRD — Novi's Rick Dale slides safely into third on a stolen base play. Reaching out to catch the late throw is Brighton's third sacker, Vince Demsky.

### For New Novi Coach

## Beating Brighton's A Great Feeling

Back a few years ago when Fred Gerhardt played on his father's South Lyon High School squad, the team both Gerhardts wanted to beat more than any other was Brighton.

Little has changed today. Except now, after putting on a few years, young Gerhardt is coaching Novi in this his first season as the varsity mentor.

So when the young coach made his varsity debut here Friday against the Bulldogs a lot of that earlier rivalry was on the line. Even Gerhardt's father, now a Nebraska college coach, was on hand for the game.

By the time the game ended, the smiles of father and son were a mile wide: Novi had clobbered the Bulldogs in the Wildcats' first start of the season and young Gerhardt's coaching baptism.

Playing at Cass Benton Park because of poor diamond condition at Novi, the Wildcats had little difficulty in handcuffing Brighton, 17-7, behind the five-hit pitching of Bob Pisha (credited with the victory) and Southpaw Steve Bosak.

Gerhardt, who replaced John Osborne who assumes control of Novi's first golf team, was reserved in his comments on his squad's performance — but he couldn't hide his delight. Nor could his father.

"Our boys did a real good job running the bases," the coach said. "We left only three on. Our fielding left a little to be desired but they're the kind of mistakes we can correct."

A nine-run fourth inning wiped out a 6-4 deficit and gave Novi an insurmountable 15-4 lead. The Wildcats added two runs apiece in the fifth and sixth frames to pad the lead.

Phil McMillan paced the Novi attack with two hits in three trips to the plate, including a double. Rick Dale had two for four, while Pisha, Jack

Smith and Bosak each had a single.

It was a typical opener in many respects. Brighton, for instance, committed 11 errors and Novi five. Ten of those 11 Bulldog misques were throwing errors.

Of the 24 runs scored, only seven were earned — four by Novi and three by Brighton.

In a jayvee contest between the same two schools, Brighton nipped Novi in a free-scoring contest, 12-10.

Novi's junior varsity nine lost to Brighton 12-10.

### It's Walled Lake 6-1 in Opener

Northville's tennis squad took it on the chin in its opener last week against Walled Lake Western, 6-1. Lone individual win for the Mustangs was a doubles triumph notched by Vince Parent and Bill Pink, 6-4, 6-1.

BRUSHING THE BATTER — Northville's Catcher Terry Mills hits the dirt as South Lyon's starting pitcher, Norm Bishop had difficulty keeping the ball in the strike zone.

### Colts Lose Twice

Northville's junior varsity nine lost its opening two games. South Lyon claimed a 10-7 triumph, while Waterford Kettering edged the Colts 4-3.

### Little League Auxiliary to Meet

A general meeting of the Novi Little League Ladies Auxiliary is slated to take place Tuesday, April 21 — first effort of the season to boost little league activity in Novi.

Women of Novi are urged to attend the meeting scheduled to begin at 8 p.m. at the Novi School library.

Announcement also has been made that a Babe Ruth tryout sessions will

be held Saturday, April 18, at Novi High School beginning at 10 a.m.

# Hatchery Park Plan OK'd

**BIG PUSH**—Bulldozers started moving mounds of earth this week that had served as banks surrounding ponds at the fish hatchery. There was some apprehension as to whether the drained ponds would provide sound footing for the huge bulldozers, but operators reported "no trouble". The earth will be moved to the rear of the Seven Mile road site and new landfill will be brought in to assure proper foundation for construction of tennis courts and other recreational facilities on the site (see map, Record page one).

Continued from Record, Page 1

than the north-easterly direction it now follows.

The new Griswold and Beal streets would permit fast exit for Northville Downs traffic both in the northern and eastern direction as well as provide for the beginning of a north-south route through the city.

It is anticipated that properties along the south side of Beal and east of the Griswold extension would have to be acquired to complete the Beal project.

Finally, the council decided to jump full force into the long-discussed offstreet parking problem.

Following the advice of its Parking Authority the council has called for a public hearing on April 27 to establish the need and set forth estimated assessments against some 52 business properties in the business district for the construction of a double-deck parking facility and a major parking lot.

The parking deck is proposed for a site on the north side of Cady just west of Center street. The second lot would be located on the south side of Dunlap midway between Center and Hutton streets. The former would provide space for 155 cars and the Dunlap street lot for 75 cars.

Total estimated cost of the project is \$350,000 with 50 percent of the cost to be assessed against owners of buildings within 500 feet of the lots.

Specifically, some 52 buildings are in line to be assessed. The assessments are based on a formula that is derived from consideration of the distance from the parking lots and floor space of the buildings.

The largest estimated assessment is about \$10,000 and the smallest \$190. The assessments would be made over a 10 year period at six per cent interest. Manager Ollendorff said plans call for construction of the parking facilities to begin late this year.

begin late this year.

"It's cheap insurance for the merchant to protect his business against the coming shopping centers and for the tax-paying public in the city to protect its tax base", commented Councilman Lapham.

"I think the parking additions will not only maintain, but increase,

property values", added Councilman Rathert.

The councilmen acknowledged that they will probably "face a barrage" at the public hearing, however.

The council's objective would be to remove all parking meters from off-street lots once the additional parking is provided.

# Earth Gets Boost

Continued from Record, Page 1

are speeches by students to elementary schools, bulletin board and case displays, hourly news flashes, songs, four short plays presented by traveling troupes, posters for downtown stores science experiments in noise pollution and sprays, flower planting on school grounds and project "New Northville."

Chairing the program are faculty members Miss Susan Barrie and Miss Carol Grill, with principal Ronald Horwath and the entire staff working to develop the program. Teams from the Junior High Annex are working with Richard Norton, assistant principal, to plan the day's activities.

Elementary schools have planned a day of "Appreciation for Earth" for Wednesday, considering what is happening to the over-used environment, Miss Panattoni said.

Activities will include field trips, finding pictures showing the beauty of nature, developing murals, skits, posters, science experiments, write-ins to congressmen and factories, guest speakers and slide presentations.

Moraine Elementary is planning a "teach-in" for parents and students. Chairman of the day is Philip Demski, faculty member, and the entire staff, along with Milton Jacobi, principal,

and Mrs. Virgil Matheus, Moraine parent.

Main Street Elementary programs have been planned by Mrs. Helen McCarthy, faculty member, Donald VanIngen, principal, the entire staff and Main Street parent Mrs. D.K. Wright.

Amerman Elementary programs have been planned by Mrs. Coral Adas and Mrs. Sue Karschnick, with William Craft, principal, the staff and Amerman parent Mrs. Dale Beitz.

Second graders at Amerman in Mrs. Adas' class, will also take a field trip to Kensington Park to help pick up litter, learn about ecology and the use of trees.

"The theme for Earth Day," Miss Panattoni said, "is 'The world is the best place that we have to live in. Let's keep it that way.'"

# Child Drowns In Icy Creek

Former Northville residents, Mr. and Mrs. Al Smith, Jr., lost their only daughter, Kimberly Ann, three years old, after she broke through the ice in a creek behind their home in Greenbush, Michigan, April 8. Death was attributed to accidental drowning.

Funeral services were held Saturday in St. Anne's Church in Harrisville with the Reverend Father Charles Klingshirn and the Reverend William L. Stone of Oscoda Methodist Church officiating. Burial was in St. Anne's cemetery.

Surviving are four brothers, Craig, Kevin, Scott and Randy, and grandparents, Mr. and Mrs. Alfred Smith, Sr., also former Northville residents who now live in Greenbush.

# McAtee Feted At Testimonial

Wesley McAtee, Wixom's just retired mayor, was feted at a testimonial banquet in Plymouth Friday night by a capacity turnout of friends, municipal associates, and county and state officials.

Toastmaster for the evening dinner program at Lofy's Restaurant was Wixom's city attorney, Gene Schnelz. Past and present council members joined McAtee and his wife at the head table.

program, detailing the study the five volunteers were given before they were sworn in and the requirements for reserve officers. It included a study manual compiled by Nisun for the officers.

# Friends Collect Books for Fair

The Friends of Northville Library again are collecting books for a book sale. Mrs. Virginia Orban reports that the group plans to have a book booth at the OLV Antique Show at the end of Michigan Week on May 23 and 24.

Proceeds of the sale will be given to the library for the purchase of extra materials.

Persons wishing to donate books may deposit them in a box at the library or, if there are a large number, call Mrs. Orban, 349-5322, or Miss L. K. Edgerton, 349-3040, for pick-up.

# Boosters Set Meeting Date

The Northville Boosters will hold their next meeting Tuesday, April 21, at 8 p.m. in the home of President Bernard R. Bach, 20336 Woodhill.

A report on the millionaires party will be given and plans for the awards banquet will be finalized. The nominating committee for next year's officers will be selected. Club members are urged to attend.

# Novi Police Blotter

A construction sign valued at \$450 was reported stolen early Monday morning from the site of the sanitary disposal plant of West Road, south of South Lake. The large plywood sign was reported stolen by Ike Brown of Lerner & Linden, Inc. construction company.

Fifty quarts of oil were reported stolen Saturday from Al's Sunoco service station on Novi Road at the I-96 expressway.

Novi policemen, now carrying oxygen tanks in their patrol cars, had their first opportunity to put them to use Saturday morning when responding to a possible heart-attack call at 41609 Sycamore. Oxygen was administered to Peter Rankella, who was then taken to New Grace Hospital.

Open alarms, neither resulting from robberies, were investigated over the weekend at the new National Bank of Detroit branch office at Haggerty and Eight Mile roads.

A watch was reported stolen by Jean O'Dierne from the house at 27900 Summit Drive Sunday afternoon.

Police apprehended a 16-year-old runaway Northville girl over the weekend. The girl was referred to the county juvenile home.

Officers are investigating the report of a larceny from a pickup truck parked at the Clayton Thomas residence at 240 Shamrock Hill Sunday night. Taken was a brief case with important papers, \$60 worth of cement drills and an electric plane valued at \$125. Total value of equipment and papers stolen was put at \$500.

Golf equipment valued at \$160 was reported stolen Sunday afternoon from the garage of John Tolan, 23790 Maude Lea Circle.

Two shooting complaints were investigated by Novi police Sunday, one occurring in Pioneer Meadows subdivision and another on 11 Mile Road near Taft.

Two persons suffered minor injuries in separate automobile accidents this past week. Injured were Carl Miller, 2400 Novi Road; driver of a car involved in an accident Saturday evening on Beck Road at the I-96 ramp, and Mike Sharkins, 16, 2270 West Maple Road, a passenger in a car involved in an accident Saturday on 12 Mile Road.

Sharkins was one of three young passengers in a car driven by Richard Josephson, 1735 East Lake Drive. According to police, Josephson's car hit the rear of a car driven by Raymond E. Putansu, 46735 West 12 Mile Road, as he (Putansu) was making a turn into a driveway.

Miller's car collided with another vehicle, driven by Robert C. Daniels of Union Lake. Daniels, according to police, was attempting to turn left onto the expressway ramp when he drove into the path of Miller's car.

Vandals damaged a 1958 Pontiac Firebird car, owned by the Guardian Photo company, 43043 Nine Mile Road, Monday night. The windshield and back window of the car, parked near the front corner of the plant, was smashed and an attempt to steal gasoline from the car's tank was made, officials said.

**FIRE CALLS**  
 12:59 p.m. Sunday, field fire on Herman Street.  
 10:23 a.m. Sunday, field fire on DeGross Street.  
 10:00 a.m. Saturday, heart-attack rescue call to 41609 Sycamore.  
 5:33 a.m. Saturday, house fire at 111 Duana Street.  
 2:33 p.m. Friday, grass fire at Henning and South Lake Drive.  
 6:08 p.m. Wednesday, fire at Inter-Lake Window on Novi Road.

# Wheels on The Move

Novi has been plagued with a case of running wheels lately.

It started a few weeks ago when a truck going down I-96 had both its back wheels scoot from underneath it.

One went rolling along until it came to the home of Myrtle Flannery, 47850 12 Mile Road. There it made itself right to home in Mrs. Flannery's bathroom.

When she returned home from work Mrs. Flannery found her bathroom demolished. The truck company paid for the damages.

But then last week William Babynk of Logan, Ohio, was driving down Grand River when his front wheel spurted out and bounced up through the windshield of a car driven by Allan Wing of Farmington.

Wing escaped injury but he needs a new windshield. Novi Police Chief Lee BeGole says the force is making an extra effort to stop the epidemic. "But exactly how do you handle a thing like this?" he asks honestly.

There is an exciting new home that is designed for a new mode of living in America. It's the leisure home. These homes provide for the casual, carefree way of life. Built of solid white cedar they require no maintenance. Interiors are warm and charming. Even though these leisure homes are of top quality construction for year round, all-climate living they make day-to-day living seem like a vacation. These leisure homes belong where your dreams are. On the beach. Along a stream. In the woods. In the mountains. In Suburbia. Or out in the country. Stop dreaming and start living. Investigate the new leisure home. This newspaper will arrange for you to receive full information. Write Box 402 in care of The Northville Record, Northville, Michigan 48167, or phone 349-1700 and ask for details to be mailed to you.

# Population Must be Stabilized to Control Pollution

LANSING — The first step which must be taken if pollution is really going to be controlled is stabilization of the world's population, according to an environmental expert from Michigan State University.

"And a population is stabilized only when its birth rate matches its death rate," says Dr. William E. Cooper, associate professor in MSU's Department of Zoology.

"If we can't play with death rates — and no one wants to," he says, "then we have to attack the problem at the other end of the scale and bring the birth rates down."

"CONTRARY to popular belief there is no possible way science can support an ever increasing population," says Cooper.

"The idea is something people resort to who don't want

to face the fact that they have to solve the problem themselves," he said.

"Programs to send food to India, for example, only buy more time to solve the problem," the environmentalist says. "If such countries don't institute wide-scale birth control education programs during that time, we have accomplished nothing."

"We merely have 500 million hungry people instead of 200 million."

Japan and some of the countries of western Europe have successfully stabilized their populations through free and widespread distribution of birth control materials and liberalized abortion laws, according to the zoologist.

"A MAJOR BARRIER to effective birth control in the United States is the fact that our whole social, political and

economic system is built on the premise of an expanding population, which supports a burgeoning gross national product," Cooper says.

"Our pollution problems to a great degree are caused by asking industry to supply all sorts of goods at competitive prices to meet the increased demands of more and more people," he adds.

"We must make economists and businessmen understand that

material consumption cannot go on expanding indefinitely. Our environment is telling us it can't," is Cooper's contention.

THE SO-CALLED "silent majority" is going to have to get vocal if the world's environment is to be saved from pollution, says an ecological expert.

"The silent majority is the key to the problem," Dr. Julian Smith, an outdoor education authority for the National

Education Association, told a meeting on the MSU campus. "A public conscience must be developed."

Smith lauded the teach-ins which already have started on the nation's campuses concerning pollution.

"We can educate a new generation to be concerned about the outdoors," he said. "The fact these are being held indicates

some are already concerned enough to do something about it."

SMITH has campaigned for years on benefits of educating people about the need to preserve the environment and the benefits of outdoor recreation.

## Babson Report

# Few Hopeful Economy Signs

Wellesley Hills, Mass. — As a result of anti-inflation monetary and fiscal measures, industrial activity, building, and retail trade have been in serious straits for many months. Moreover, corporate profits have been less satisfactory, and unemployment is now a source of concern. When final tally is made for this second quarter of 1970, a further period of lack-luster economic conditions will doubtless be revealed. Here is how the key economic areas for this quarterly period will shape up, according to the staff of Babson's Reports.

The prime prerequisite for an improvement in the economic picture is a further shift in monetary policy. Although the reduction in the prime rate by many of the commercial banks reflects the less constrictive attitude on the part of the Federal Reserve Board, the credit easing thus far is grossly inadequate to expand business. However, with new wage boosts and with prices still trending upward, it is very doubtful that the money managers will turn on the credit spigot to a great degree all at once.

But despite the

determination of the Administration and the Federal Reserve Board to quench the fires of inflation, they cannot ignore the sag in business and the jump in unemployment. Just as considerable time was required for the dampening monetary and fiscal moves to take hold, the nation's leaders are well aware that anti-recession stimulants must be applied without waiting too long. Hence, it would not be surprising, to see further credit easing moves. But, with the pent-up demand for long-term credit, it is unlikely that long-term interest rates will ease abruptly and substantially.

Factory output slipped lower in March, marking the eighth successive month of sub-seasonal performance. With new business inflow to manufacturers reflecting inventory retrenchment, odds now favor a downward trek in factory activity.

WITH MORTGAGE money available only at very costly rates, new building and construction expenditures will do well to match seasonal norms in the second quarter. Nothing definite has yet emerged in regard to assistance for home building, and any stimulus applied over the next three months will be of little help until after midyear.

Despite the rise in unemployment and the reduction in manufacturing employment, total employment has remained very high. However, the expected further ease in industrial activity should exact a greater toll in coming months. The unemployment rate is likely to approximate 5% of the seasonally adjusted civilian labor force by midyear. Though still trending upward, personal income has already commenced to level off. However, new pay boosts should forestall any downturn in personal income during the period from April through June.

Price tags are expected to be marked up further, but due to the

letdown in production and consumer resistance to high prices, hikes are likely to be selective and less steep than in the past year. Corporate profits after taxes have been declining since the second quarter of 1969.

## Trim Down, Shape Up Feel Great THE BILL EMMERTON WAY

Bill Emmerton, World's Greatest Runner Recommends this New Low-Priced Jogger, — only \$995 —

Bill Emmerton is the world's longest distance jogger—the only man known to have run 105,000 miles in his lifetime! At 55, he's as trim as a 30-year-old. In 1968, he made international headlines with an incredible run through Death Valley. He enthusiastically recommends the Executive Jogger.

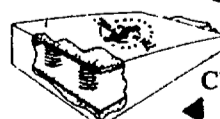

Now you can use it to jog indoors, and get in shape! Get all the form-trimming and health-giving benefits of real jogging without the effort of going outdoors, exposing yourself to the weather, unfriendly dogs, or neighbors' stares! The amazing Executive Jogger is scientifically built, with unique coil springs specially embedded in a proportionately constructed high-density foam, to duplicate the "action-reaction" of outdoor jogging. Provides all the spring of an open field.

Start the Emmerton Way Now to Trim-Down — Shape Up — Feel Great

Bill Emmerton says that only three minutes in the morning and three minutes in the evening on the Executive Jogger will give the same benefits as jogging two miles. Use the Executive Jogger anywhere you like. Takes little room. Its unique action helps you get the most out of your exercise. The secret is the slant and the spring construction. Jog on it for just three minutes—and you've done your body as much good as jogging a mile. It's a fun, simple way to provide health-giving, body-toning recreation for the whole family... take it from a champ. Use the coupon below to get your Executive Jogger now.

FARM BUREAU INSURANCE GROUP

from the Pastor's Study

How Liberal Are The Liberals?

by The Rev. Ivan E. Speight Salem Bible Church

The lost sinner on the street could care less about how liberal the liberals are, or how conservative the conservatives are in religious matters.

The Bible says, "Taste and see that the Lord is good." If your religious camp is liberal in the sense of dishing out an abundance of the meat of the Word, and salvation by faith in Jesus Christ...

preaching, watering down the deity, virgin birth, blood-atonement, resurrection, and soon-coming of Christ, then you are in a very dangerous way.

If the righteous have the foundations of their faith destroyed, what will be left for the lost sinner? Do you blame the unsaved for having no confidence in the church having its foundations of faith crumbling?

through the Word of God. By having an experience of the New Birth, and a Holy Spirit given understanding of the Word of God, he ought to be able to tell whether his religious camp is liberally dishing out the faith once delivered to the saints...

While apostate churchmen are liberally destroying the faith, the sinner or the saint may still lift up his heart to Jesus Christ with full confidence that neither the Son of God nor the Word of God will fail in this day when other foundations are failing.

**Out of the Horse's Mouth**

Send your questions and comments to "Horse's Mouth", care of The South Lyon Herald, South Lyon, Mi48178.

Rusty Ferris of South Lyon, riding "Mac's Laddie", took second place in the cloverleaf and fifth place in the English equitation at the Colonial Acres Quarter Horse Show in Ann Arbor on April 5.

Lynne Prieskron of Colonial Acres, South Lyon, riding her Quarter horse gelding "Ojibway" placed fourth in a senior western pleasure class of 39 horses at the same show.

There were well over 300 horses at this show, some from as far away as Texas and New Mexico.

Show Ring P's and Q's continued POLISH AND QUALITY.

In a horse show - whether the class is an open class, in which the horses alone are judged, or an equitation class in which the riders alone are judged, it will pay the exhibitor to turn himself and his horse out in the best possible fashion.

1. - The horse should be groomed to perfection; tack should be clean; the rider should be well attired.

(A) - Have neat, fine leather on the bridle rather than wide heavy leather.

(B) - Never ride into the ring with a tie-down.

2. - Selection of Clothes - When riding English a midnight blue saddle suit will serve almost any show occasion, although a white summer riding coat, dark brown, dark green or dark grays also lend themselves well. Light colored clothes may be pretty and perfectly fine for showing horses, but they are a poor selection for equitation rider's as the light colors tend to show up every defect in the rider's form and performance.

For Western rider's, again clothes may not make the rider, but well-fitting clothes of a subtle color will add much to the over-all appearance of horse and rider in the show ring. They will help to impress the judge that this exhibit is one of quality, presented as a top show horse and rider should be.

3. - The Equitation rider should seek to stay as quiet in the saddle as possible, and to achieve all aids with a minimum of movement. The head should be held erect and rider should face straight ahead, using only his eyes to look to the side or up and down.

When individual figures are required, the rider MUST stay on the figure. He must not let the horse carry him off course. If the horse fails to take a canter lead in a figure eight for example; he should be restrained, almost in place, until he does take it. Some forward movement may be necessary, but the rider should keep the horse on the pattern required, immediately stopping and correcting the horse when necessary, rather than proceeding on a wrong lead or in a wrong direction.

4. - Overly ambitious, amateur riders, may ride well off the rail, riding in circles so close to the judge that he never can get a good picture of the horse. It is true that in a class of 15 or more, it becomes necessary to get off the rail at times, to be in a position where the judge can see the entry. On the other hand, if a position can be obtained on the rail where the horse is not completely covered all the time, the judge will respect that rider's mastery of the situation.

A dignified presentation of the horse is essential, as well as smart placement of the mount to show him to the best advantage before the judge. It requires very good judgement to determine the best place to show the horse to the best advantage in the show-ring.

PRESENCE, POISE and POLISH then, are very important P's to remember in show ring riding. They all add up to a perfect picture in the saddle.

# A LOOSE LEAF

By ROLLY PETERSON

Take any kind of movie, put a ban on it, and overnight you have an instant box office success. The more hoopla, the more people will flock to see the movie out of curiosity.

That's why the financial success of M\*A\*S\*H (complete with asterisks as advertised) is guaranteed. The armed services, as I understand it, have made the movie "off limits."

M\*A\*S\*H hardly needed the box office boost. It is one of the wisest — and savage — spoofs ever to hit the screen and there have been some really funny ones about the military service.

The story centers around a Mobile Army Surgical Hospital (MASH) somewhere in Vietnam, just three miles from front-line action. Scores of wounded troops are flown in by helicopter for immediate operation.

It could be a grim story, what

with all the blood and the torn human flesh. But in true, black humor style of "Catch 22", a cast of crazy characters rescue the movie from utter anguish and elevate it to hysterical nonsense — almost.

Funny as the movie is, the satirical point is never lost — that war itself is insane. And but for the humor as a safety valve, we might all bleed to death on the sharp edge of reality. This is probably what got to the military brass that banned the movie. Too much truth shows through.

Donald Sutherland and Elliott Gould, as Captain Hawkeye Pierson and Captain McIntyre, two very offbeat surgeons, carry off their parts as if they were made to order. They drop lines like water-filled balloons from the heights of absurdity with rank and spit and polish as the target.

In the operating room, they keep up risqué conversation while

submerging their hands in a bloody mess. The army, nurses, stitches, events of the day are fit subject for conversation.

Off duty they're just as crazy, cracking off-color jokes, making passes at the nurses, trumping up a ritual to help a dentist friend re-assert his virility, racing to Tokyo for a little golf and geisha and playing in a slapstick football game.

It's one round-robin of hilarity and pathos, one which should lead to several Academy Award nominations for M\*A\*S\*H and Sutherland and Gould.

Here's the Answer

### JOHNNY WETS HIS BED...JOHNNY WETS HIS BED...JOHNNY WETS HIS BED...JOHNNY

When children discover a playmate wets the bed—the result can be merciless teasing. And serious psychological problems. Even the entire family can be affected. The cost and work of taking care of a bed-wetting child can cause friction and irritability among parents. Walter C. Alvarez, M.D., Prof. Emeritus, Mayo Clinic, says: "Bedwetting... is hard on the unhappy child and on the mother... even if his parents do not scold him, he cannot help feeling that he is a terrible nuisance and a disgrace to the family." But now bedwetting, when not caused by organic defect or disease, can be ended. Safely. Permanently. Pacific International has ended bedwetting for tens of thousands of children and adults from ages 4 to 57 in the past two decades. Available are a limited number of valuable 16-page brochures. "Is There A SOLUTION?" Mail coupon NOW for your free copy. No obligation.
