

# Local Schoolcraft Trustees Split on Student Demand

★ ★ ★

**EDITOR'S NOTE** — A proposal to sit a student representative on the Schoolcraft College Board of Trustees remains unsettled since the board is split 4-3 on the matter. Even the two trustees from Northville, Robert Geake and William Secord, are on opposite sides of the fence on this controversial issue. The proposal was first defeated 4-3 several months ago, then it subsequently drew a 4-3 favorable vote. But because approval requires a majority vote of five of the eight members (one member James Boswell of Livonia has not attended a meeting in several months and fellow members do not know of his whereabouts or if he plans to return) the measure failed to pass. To acquaint area residents with the issue, The Record invited both Geake and Secord to write their views on the matter.

Trustee Secord (left) favors giving students an advisory seat on the Schoolcraft Board, while his fellow Northville Trustee Geake opposes this request of students.

## Robert Geake

In April, 1970 the Board of Trustees at Schoolcraft College was presented with petitions signed by 900 of the college's 4,763 students "demanding" a non-voting advisory seat on the Board.

The students argued that representation on the Board would improve communication between the student body and the college's governing board to the benefit of both, and that the counsel of a responsible student representative could be used to

replace the time consuming testimony and opinions now heard during some board meetings from any student in the audience who wishes to speak.

They also argued that, since their tuition fees pay almost one third of the total operating budget of the college, they should have a direct voice in how the money is used.

No college trustee anywhere favors close student-board communication more fervently than myself, and few colleges can boast a higher degree of student

Continued on Page 9-A

## William Secord

All across this country there is a growing realization by college administrators, faculty and governing boards that the college students of today are not merely tuition paying numbers but are sincere young adults who are taking a much greater interest in their education, the future of this country and even perhaps the destiny of our world than any of us did when we were their age and going through school.

It appears that some members of the Schoolcraft

Board of Trustees fail to realize that our students are genuinely concerned about the future of Schoolcraft College and wish to do all they can to advise and assist the Administration, Faculty and our Board in planning and running their school. You notice I stated they wish to ADVISE and ASSIST, not tell or demand, and this I feel is the most important single fact that must be considered.

We have on campus a Student-Faculty-Administration Council made up of appointed

## NEWS BRIEFS

**THE CAVERN**, Northville's popular teen club, will close for the summer months. Sponsors note that club activity is down during the vacation season and that remodeling work in the gymnasium area of the Cavern also restricts use of the facility. Cavern activities will resume again in the fall.

★ ★ ★

**NORTHVILLE WOULD LIKE TO BUY** a chunk of the scenic Maybury Sanatorium property for a municipal park but so would a score of other government agencies, speculators, and developers. Along with Northville's proposal to purchase the property, proposals for use of Maybury land and facilities for a juvenile home, job corps center, Metropolitan Detroit Park, and senior citizens home have been advanced. Latest proposal is the suggestion of the Michigan Association of Chiefs of Police that the state purchase some 120 acres for use as a state law enforcement center. None of these proposals have been given the green light by Detroit, which owns the nearly 1,000 acre site in Northville Township. Detroit officials insist they are still trying to decide how best to sell it, at what cost, and to whom.

★ ★ ★

**THE CITY** council will meet Monday night with members of the council-appointed ad hoc committee on parks, open space and recreation. The citizens' study committee, chaired by John Canterbury, will discuss with the council its recommendations for property acquisition and park development. The public is invited to attend the 8 p.m. session at the council chambers of the city hall.

★ ★ ★

**LILA'S FLOWERS**, 115 East Main, will move to 149 East Main "about August 10", says Dewey Gardner, owner of the flower and gift shop. The new site is being constructed by Del Black and adjoins his own shop, Del's Shoes. Gardner notes that the new building will provide nearly double the floor space and permit him to expand his gift as well as cut flower and plant business. He promises some unique displays including a fountain. Black now plans to lengthen his shoe store in the rear to expand his own floor space. Lila's and Del's will be connected by a walk-through archway. Joseph Spagnuolo, owner of the building in which Lila's is now located, says he has several prospects for the building but has not yet signed a new tenant.

★ ★ ★

**WITH THE PRIMARY** election just weeks away, Northville Township Clerk Mrs. Eleanor Hammond has launched a search for election inspectors from both political parties. "Because we've added a third precinct (to be located in Tanger Elementary School on Five Mile Road) we're short of inspectors," she explains. Any registered voter is eligible and may apply at the township hall or call the clerk for additional information (FI 9-1600). The job, which includes inspection for the August primary and the November general election, pays \$1.50 an hour.

## Teacher Contract Negotiations

# Talks Enter Mediation As Bitter Charges Fly

Contract talks between the Northville School District and the Northville Education Association (NEA) will enter mediation July 14 after an apparent breakdown in negotiations.

The action was taken at the close of the July 1 negotiation session in a memorandum from Robert Benson, chief negotiator for the district, to the NEA team. The memorandum stated mediation was scheduled for July 14 "in an attempt to avoid any hardship or confusion for students and parents of Northville and to facilitate reaching a Master Agreement for the school year 1970-71."

No prior indication of a breakdown in talks had been given by either Benson or Cyril Nichols, NEA chief negotiator. Both maintained a congenial atmosphere existed at the table and they were optimistic the contract would be settled soon.

NEA President Robert Sharrar charged that "apparently mediation time had been arranged with the mediator prior to the July 1 meeting" and he said "obviously the district had never intended to seriously consider the NEA package" presented July 1, which Sharrar said contained concessions on most of the NEA's earlier proposals.

"I ordered mediation," Superintendent Raymond Spear said. "A month ago I told Benson that if negotiations were not pretty well resolved by early July, I would order mediation by July 15 and fact finding by August 1."

"I am not going to sit on the outside and watch the same games played as were played the last three times," Spear countered. "This year there is twice as much on the table as in previous years. I will not confront the parents and students of this district with a strike after Labor Day."

Commenting on the NEA proposals made July 1, Spear said there "was no significant change in the situation at the bargaining table."

Among issues still unsettled is the salary schedule, with the district offering \$8,000 for beginning BA to a MA maximum of \$14,800. NEA proposed \$8,100 to a top of \$15,600 at the July 1 meeting.

In addition, the NEA has on the table for consideration agency shop (all teachers must join NEA or be fired), bad weather closing, extra-curricular activity salary schedule, additional medical, life and dental insurance, length of work day and elementary preparation time, fixed class size and sick leave and long-term disability pay.

Unsettled items presented by the district include dues deductions for NEA members, definition of grievance, number of business days granted to staff and additional reasons for dismissing tenure teachers.

Both sides have yet to approve the 1970-71 school calendar.

Tentative major changes in the contract include completion of professional growth forms; a time limit of five days for a principal to keep a grievance; teachers may not continue grievance after they have resigned.

Extra credit pay of \$350 for 20 hours beyond a BA degree and \$200 for each group of 10 hours until MA plus 30 has been reached; lay-off policy will follow seniority; bereavement leave expanded to include parental grandparents; complaints against a teacher must be put in writing.

## At 37.5% Rate

# Council to Assess Repaving

An assessment of 37.5 per cent was adopted Monday night by the city council for street resurfacing.

It marks the first time the city has entered into a repaving program and the assessment to be charged to abutting property owners is one-half the assessment used for original paving projects.

Only Councilman Paul Folino voted against assessment. Councilman Charles Lapham is on vacation and was absent Monday night. A motion by Folino proposing that no assessment be levied for resurfacing projects died for lack of support.

Mayor A. M. Allen and Councilmen Wallace Nichols and Kenneth Rathert supported the 37.5 per cent levy.

It was the contention of the majority that benefit is derived by abutting property owners and 100 per cent payment from general funds for resurfacing would either cause an increase in taxes or a slowdown in completion of needed resurfacing projects.

# Well Site Sold For Apartments

The city of Northville entered into an agreement Monday night with Alvin B. Rottman to sell its 3.2-acre Novi road ex-well site property for development as a 40-unit apartment complex.

Rottman, a builder of homes and a partments in the Northville-Farmington area, agreed to pay \$35,000 for the land and to submit his plans for approval by representatives of the neighboring Northville Civic Association of Village Green as well as the city planning commission.

The council waived bids to accept

A teacher-administration committee will review the contract at monthly meetings; driver education pay increase from \$1,000 to \$1,365 per section and approval of the teacher intern program.

In a letter sent by the NEA to all district teachers, NEA officials charged the district with "bringing up the idea of a strike in the fall with comments like, 'If the business day policy is to remain as it is, it will be a late September before school opens,' or, 'If

you want agency shop, you will have to strike to get it'."

"Neither of these comments have been made," Spear countered. "They are slanderous statements regarding the school district."

"Agency shop meant a strike two years ago," Spear said.

"The fact that the teachers struck three times has not gotten them any more. It only serves to create hard feelings on the part of teachers,"

Continued on Page 12-A

council had actually inspected the street and suggested that another area of Allen drive was also in good condition and could just as well be repaved instead of resurfaced.

The insinuation rankled Councilman Folino who informed Vernon that "I am not like the man who took off his clothes and jumped into the cactus patch."

"I'll have you know that I have personally inspected every item that appears on our agenda before each meeting ever since I've been on the council. I've looked at Allen drive carefully and I've agreed to eliminate the first block from resurfacing because it can be repaired and this will save city taxpayers money...not because it just seems like a good idea to vote that way."

"If you'd prefer that I change my vote and call for resurfacing the whole street, I'll do that," snapped Folino.

Another public hearing will be held in August at which time specific assessments for each property involved in the resurfacing program will be provided.

In other business Monday night the council declined to change its action against issuing a beer and wine carry-out license to Northville Pizzeria, 168 East Main, and postponed any action on the request for a liquor by the glass license for Little Joe's Bar, 157 East Main.

# Novi Pair Chooses Northern Honeymoon

A camping trip in Northern Michigan followed the wedding of Pamela Ann Marvin and Christian C. Bowman III on June 27 in the Kenwood Church of Christ in Livonia. The Reverend Lee Baltzer performed the double-ring ceremony at 6 p.m.

The bride is the daughter of Mr. and Mrs. Neil T. Marvin of 41740 Aspen Drive in Novi. The bridegroom's parents are Mr. and Mrs. Christian C. Bowman, Jr., of 23058 Gilbar in Novi.

For the candlelight wedding the church was decorated with vases of white gladiolus and mums on each side of the altar.

The bride was given in marriage by her father. She wore a Juliet style gown of white silk organza, with a chantilly lace yoke and fitted cuffs. More chantilly lace was used to trim the train.

She wore a shoulder length veil

attached to a flowered head piece, and she carried a Juliet bouquet of white roses with two white orchids in the center.

Debra Laatz, cousin of the bride, served as maid of honor. She wore a lavender whip cream dress with puff sleeves and an empire waist. A stand-up collar was trimmed in mother of pearl as was the waistband. She carried a Juliet style bouquet of matching carnations.

The bridesmaids were attired in outfits similar to the maid of honor's but in different colors for a rainbow color scheme. Leslie A. Shirley, cousin of the bride, wore a yellow outfit and Andrea Rose wore a pink outfit.

Susan Dudley served as flower girl in a soft aqua dress. Ring bearer was Robby Bowman, the bridegroom's brother. Serving as best man was Timothy Marvin, brother of the bride. Ushers were Timothy and Andy

Bowman, the bridegroom's brothers, Richard Marvin, the bride's brother and Robert Collins.

For her daughter's wedding Mrs. Marvin wore a soft green outfit and Mrs. Bowman was attired in beige. Both wore white orchid corsages.

A reception was held following the ceremony in the VFW Hall in Farmington. About 160 guests

attended from California, New York, Texas, Oklahoma, Louisiana and Northern Michigan.

For their wedding trip to Northern Michigan the bride chose a light blue dress with white accessories. She wore a double white orchid corsage.

Both the bride and the bridegroom graduated from Novi High School, he in 1969 and she in 1970.

## Lyke - Maddox Vows Spoken in Afternoon

In an afternoon ceremony at St. Paul's Evangelical Lutheran Church Rebecca Elizabeth Lyke became the bride of William James Maddox. The Reverend Charles F. Boerger performed the double-ring ceremony on June 20.

Two altar bouquets of white gladiolus and mums were used to decorate the church along with pink pew bows. Music was provided by organist Mrs. Christine Lehl who played "Solemn Processional" by Handel and "Psalm 19: The Heaven's Declare" by Marcello. As the mothers walked up the aisle she played "Aria in F Major" by Handel.

The bride is the daughter of Mr. and Mrs. Wardell H. Lyke of 46300 West Twelve Mile. Parents of the bridegroom are Mr. and Mrs. James Maddox of Midland.

Given in marriage by her father, the bride wore an ivory silk organza gown overlaid with chantilly lace. A shoulder-length veil fell from the Juliet cap trimmed with pearls. She carried a round bridal bouquet of white roses with pink baby's breath and pink ribbon.

The bride's sister, Alison Lyke served as maid of honor. She wore a floor-length gown with an ivory lace bodice, pink trim, and a navy blue chiffon skirt. In her hair she wore clusters of pink baby's breath with seed pearls, and she carried a round bouquet of pink roses, light blue baby's breath and light blue ribbon.

Serving as bridesmaids were Ellen and Jennifer Lyke, sisters of the bride, who wore outfits identical to the maid of honor's. Jane Maddox, sister of the bridegroom, served as junior bridesmaid. She wore a floor length dress of pink dotted swiss.

Best man was Mark Maddox, brother of the bridegroom. Ushers were Scott Farnham, Phil Wilcox and Jack Maddox, also brother of the groom.

Mrs. Lyke wore a light blue silk street length dress with a matching lace coat. The bridegroom's mother had a yellow street-length dress with a matching coat.

Following the wedding a reception was held in the Coach House at Botsford Inn. About 175 guests attended from Ohio, Arizona, Indiana, Wisconsin and Michigan.

For a honeymoon in Northern Michigan the bride chose a beige crocheted dress with brown accessories and a pink rose corsage. She is a graduate of Northville High School and Michigan State University.

The bridegroom also is a graduate of Michigan State University and is employed by the international

department of the 3M Company. Their future home will be in St. Paul, Minnesota.

## BIRTHS

Announcing the birth of a baby daughter named Danielle Jeanne are Mr. and Mrs. James Riley of 384 Wing Street. The little miss was born on July 5 at Oakwood Hospital in Dearborn, weighing eight pounds and two ounces.

Grandparents are Mr. and Mrs. Jack O'Callaghan of Westland and Mr. and Mrs. Ward Riley of Northville.

\*\*\*\*\*

Specialist 4 and Mrs. Joseph Bell are parents of a new daughter named Tracy Lynn, born on July 4 at St. Mary Hospital in Livonia. Their first child, she weighed eight pounds and six ounces at birth.

The baby's father has been serving in Vietnam since November 1969. Her mother is the former Connie LaRoque of Northville, who is now living in Detroit with her parents, Mr. and Mrs. S. LaRoque.

Paternal grandparents are Mr. and Mrs. Joseph Bell of 539 Grace Street.

Paternal great grandfather is Roy Buckner of Dexter.

## Couple Weds in Manchester

St. Mary's Catholic Church in Manchester was the setting for the wedding in which Evelyn Marie Budlong and Robert M. Punches exchanged vows. They were married on June 20 at 3 p.m. by the Reverend Father Raymond Schlinkert.

She is the daughter of Mrs. Josephine R. Budlong of 4188 Quince Drive in Novi, and his parents are Mr. and Mrs. Robert M. Punches of Manchester, Michigan.

Musical selections played during the ceremony included "Ave Verum," "On This Day," "O Beautiful Mother," and the "Wedding March." Bouquets of white carnations were used to decorate the church.

The bride was given in marriage by her uncle, Herman Coual of Ann Arbor. She wore a traditional white lace wedding dress with long lace sleeves, a lace bodice and a full hoop skirt.

Her fingertip veil was attached to a white petal headpiece. She carried a cascade bouquet of white carnations intertwined with ivy and a string of pearls.

Debbie Kuick of Novi served as

### Class of '60

### Plans Reunion

Northville High's class of 1960 is planning a 10-year reunion to be held at the Thunderbird Inn on Saturday, August 8.

Ten years have misplaced several class members, however, who still need to be contacted. They are Bonnie Boretti, Tom Bush, Shirley Dicken, David Earl, Carole Lambath, Gary Thompson, Nancy LaSalle, Dennis Madigan, Bob Mitchell, Kathy Palmer, Bob Pietras, Ann Shoemaker, Jim Wharton and Janice Wilkie.

Anyone knowing where these people might be contacted may help by calling Janet Juday at 427-5037. Any faculty friends of the class interested in attending may also call her by July 30 to arrange their reservations.

## Ends History of Family Service

# Miss Lockman Leaves Post

Esther Lockman, a resident of Northville for the past 50 years, received a letter of appreciation from Mayor Roman Gribbs marking her upcoming retirement from Detroit's Department of Health following 42 years of service.

On August 1 she will officially retire from her position as senior stenographer at the TB clinic at Herman Kiefer Hospital in Detroit.

Her retirement marks the end of a long history of service which her family has had with the health department. Miss Lockman, her father and her brother worked a combined total of 93 years for the department, all but one of these years served at Maybury Sanatorium.

"I'm just taking honors for my family posthumously," Miss Lockman said Friday upon receiving the letter from Mayor Gribbs in the mail.

In the letter the Mayor praised her work as a "model of professionalism and efficiency." He also noted that

"Few families can claim such a durable association with the operation of a municipal department."

ESTHER LOCKMAN

Her father Edward, an engineer, was present at the groundbreaking at Maybury in 1920. The family occupied a home on the Maybury grounds where he was employed until his retirement in 1944.

Her brother Edmond, also an engineer, retired in 1952 after 26 years of service at Maybury.

Miss Lockman graduated from Northville High School and attended Marygrove College before going to work as a secretary in charge of medical records at Maybury. She moved to Herman Kiefer when Maybury closed last year.

In addition to the letter from Mayor Gribbs, she will receive a retired service and award certificate of appreciation, signed by the Mayor and the Common Council.

"Right now I think I'll just take a little rest and think about what I want to do next," Miss Lockman said regarding her retirement. She has been a member of Our Lady of Victory Church in Northville for 50 years.

## Schoolcraft College

# Music Festival Plans Told

Schoolcraft College announces its fourth annual Summer Music Festival, which this year will comprise two series of concerts.

The three-concert Chamber Music Series will feature members of the faculty of the Schoolcraft College Summer Music School as well as prominent Detroit musicians. The Court Orchestra Series, under the direction of Wayne Dunlap, conductor of the Plymouth Symphony and director of the Summer Music School and Festival, will consist of three open air concerts.

As in previous seasons, the Summer Music Festival will highlight the music of two outstanding composers, one representing the "standard" repertoire, the other a distinguished composer of the 20 century. This year's composers are

Beethoven (celebrating the bi-centenary of his birth) and Benjamin Britten. Past combinations have featured Haydn and Hindemith, Schubert and Poulenc, and last year Mozart and Stravinsky.

Dunlap contends that such program building gives a point of view and a direction that is missing from many of the larger music festivals around the country.

Several soloists of distinction will be heard throughout the month of July. James Tocco, recently a finalist and fifth place winner in the Tchaikovsky Piano Competition in Moscow, will be heard twice. He performed with members of the School Faculty the Brahms Piano Quartet in G minor on the opening Chamber Concert yesterday. He will be heard again on July 15, when he performs the

Beethoven Third Piano Concerto with the Court Orchestra in that series' opening concert.

Millard Taylor, concertmaster of the Chautauqua Symphony and a distinguished member of the string faculty of the Eastman School of Music in Rochester, NY, will perform the Beethoven Violin Concerto on the second Court Orchestra Concert on Wednesday, July 22.

The nationally known Kenneth Jewell Chorale will perform three works on the closing Court Orchestra Concert of the series, on Wednesday, July 29. Britten's Cantata Misericordiam will receive from them what is believed to be that work's local premiere. They will be joined by Detroit Symphony violist David Ireland in a performance of the rarely heard Flos Campi by Ralph Vaughan Williams, and the concert will conclude with the Gloria from Beethoven's Missa Solemnis.

Detroit tenor Edward Kingins will be accompanied by pianist Lawrence LaGore in a recital of song by Beethoven, Britten, and Robert W. Jones, composer-in-residence at Schoolcraft College, on the second Chamber Music Concert tomorrow. They will be assisted by Mario DiFiore, cello, and Karen Nixon, French horn.

The final Chamber Music Concert, on Friday, July 17, will be performed by members of the Summer Music School Faculty. Emily Mutter Austin, member of the Detroit Symphony and concertmaster of the Plymouth Symphony and the Court Orchestra, will be accompanied by Robert W. Jones in a performance of the Beethoven Third Violin Sonata.

Schoolcraft College is located on Haggerty Road between Six and Seven Mile Road. Admission to the Chamber Music concerts, which will be played in the Theatre of the Liberal Arts Building, is \$1.50. The Court Orchestra Series will be played in the open air in the South Court of the Forum. Admission to the Orchestra Series is \$2.

All concerts begin at 8:30 p.m. Further information may be obtained by calling the Summer Music School and Festival office at Schoolcraft College, at 591-6400.

## Receives Degree

Mrs. Karen Weaver McFadden, daughter of Dr. and Mrs. A.W. Weaver of 49285 Ridge Court, Northville, was graduated from Andrews University, Berrien Springs, on Sunday, June 7, with a bachelor of science degree in nursing.

# Society Seeks Data On Historic Homes

Compilation of historical data pertaining to Northville homes and property is now underway under the auspices of the Northville Historical Society.

In order to expedite this project, persons who have data available are urged to contact the Society's committee on historical preservation, 349-3443 or 349-2556, immediately.

The Society is anxious to complete this project to qualify Northville for entry in the National Registry of historical homes and property.

The Society also has repeated rules for homes that are eligible for historical plaques. These include:

Age limit - A 50-year-old minimum.

Authenticity - The committee will take into consideration the quality of restoration and/or the amount of exterior remodeling which may have changed the building from its original form and use.

Geographical limit - Any home of the proper age and condition within the area of Northville's settlement of the 1830's and 1840's is eligible.

Acceptable proofs - Such records of the building's age as family records and/or pictures; newspaper articles referring to its erection; physical evidence such as construction details; official records; and any other evidence which the committee considers authentic.

Persons wishing additional information are asked to call one of the telephone numbers listed earlier in this story.

The architecture class of Professor

Richard Daugherty, sponsored by the Historical Society, is planning four field trips during the summer.

These trips, officials emphasized, are not limited to members of the class but are open to anyone who is interested in houses and commercial buildings of historical significance.

The first trip—to Detroit—is scheduled July 18.

On July 26 a trip to Sidney and Springfield, Ohio is planned, and on August 2 a trip to Marshall, Michigan is slated.

The final trip is scheduled for August 8 and 9 and will take in the communities of Milan, Norwalk and Monroeville, Ohio.

Reservations must be made one week in advance of each trip. Persons wishing additional information are asked to call Mrs. John Burkman, 349-3443, or Mrs. Elmer Schubert, 349-2556.

## LIT Names Two To Honor Roll

Two area residents have been named to the Dean's Honor Roll at the Lawrence Institute of Technology for academic excellence during the past term. They maintained better than a 3.5 scholastic average out of a possible 4 points.

The students are Jamie Jameson, 400 Plymouth Road, a graduate of Northville High School who is currently studying Industrial Management; and Joseph Howard, 23970 Woodham, a Cooley High School graduate who also is studying industrial management.

# Newcomers Picnic Planned for Sunday

The annual summer picnic of the Northville Newcomers Club will be held on Sunday, July 12, at the home of Mr. and Mrs. Ken Rosselot, 19730 Beck Road between Seven and Eight Mile.

Members and anyone interested in joining Newcomers are invited to bring their families and "join in the fun of badminton, jarts, croquet and volley ball."

The picnic is slated to start any time after 2 p.m. Those attending are asked to bring their own meat, place

setting and a passing dish. Mrs. Rosselot may be contacted at 349-4622 for any further information.

At least two of clubs interest groups are still going strong this summer reports Mrs. Martin Rinehart, president of Newcomers. The men's softball teams and the women's golf league have met regularly every week.

The picnic will be the club's last official activity until fall, however. In September the Newcomers will begin their membership drive and reorganize the interest groups.

# Local Artists Exhibit At Street Art Fair

Exhibits by five local artists will be on display at the Ann Arbor Street Art Fair, July 15 - 18.

The fair will include craftsmen's demonstrations of unusual handicrafts such as glass blowing, weaving and macrame, and lost wax casting. There will also be art activities for children.

Among the area artists who will exhibit work is Kate Edgerton of Northville, weaver and instructor at the Edgerton Studios. She will give demonstrations of spinning.

Jessie Hudson, painter, craftsman and teacher at Plymouth High School will also operate a booth. Her booth will feature batiks, and creative stitchery, with demonstrations in batik wax and dye technique at regularly scheduled intervals.

Mrs. Hudson and Mrs. Edgerton are members of the Three Cities Art Club and have work on display regularly in the Hartley-Powers Gallery in Northville.

Other area artists who plan to display work include Dick Saunders, potter and teachers in Plymouth, Stewart Ashlee, painter and Roy Pedersen, potter and art teacher at Northville High School.

The fair covers several blocks of South and East University streets in the area of the Engineering Building and

the Campus Theater. It runs from 10 a.m. to 9 p.m. on Wednesday, Thursday and Friday, and from 10 a.m. to 5 p.m. on Saturday.

## Bible School Begins Monday

"My Country Under God" is the study theme chosen for this year's annual vacation Bible school at the First Presbyterian Church. Children of the church and community are invited to attend the classes which will run from July 13 through July 23 from 9 - 11:30 a.m. daily in the Christian education wing of the church.

Classes for children will be offered starting with those entering public kindergarten in the fall up through those who have just completed the sixth grade. A closing program is planned for Thursday evening, July 23.

Children from the Wayne County Child Development Center will attend the Bible school classes this year. Under the direction of the chaplain, the Reverend Fred Lapham, they will attend classes daily with children of the community.

This new venture is designed to link the Northville community with the Center, the chaplain said.

## Northville Hardware Gets New Owner

"I had considered businesses out west, but we knew we'd like Northville as soon as we saw it."

This came from Forest Hawkey, new owner of the Northville Hardware Store at 107 Center Street.

Hawkey and his wife, Dorothy, along with their two children, 11-year-old Georgia, and eight-year-old Dale, have just returned from a three-year stay in England where he was production planning service manager for Roots Motors Limited, a subsidiary of Chrysler Incorporated.

Arriving in the United States last April, Hawkey moved to Northville in June, and bought the Hardware store formerly owned by Claude Smith, effective last Wednesday.

Smith had had the business for 3 years.

"We're Missourians who've lived in Michigan for 15 years," said Hawkey, a 13-year employee of the Chrysler Corporation, who had been with Ford before that, "and it's our home."

The Hawkeys have settled at 218 Ely Drive and look forward to "doing good business in Northville."

## TARs Gear Up For Campaign Trails

Northville's Teenage Republican Club hummed with activity last week as members geared themselves for the upcoming state elections.

Club President Mari Egbert has just returned from a week-long national Republican Leadership Conference in Washington D.C. Mari was one of three young people who represented the statewide TAR organization in Washington.

Carl Pursell, candidate for state senate, addressed the group on Tuesday. It was followed by a discussion and question period.

On July 4 several TAR's campaigned for Pursell, including Eileen Egbert, Karen Glenn, Karen Zywiec, Claire Saurer, Betsy Ballish and Joan Deoroswitz.

Other club members to campaign over the holiday were Allison Lamb, working for Robert Swanson in Northville, and Jan Miller, Sheri Hackman, Eileen Egbert, Karen Glenn, Karen Zywiec and Joan Deoroswitz working for Lenore Remney in Plymouth.

The TAR's have elected new officers who will serve a one year term until next August. They are: Mari Egbert, president; Allison Lamb, first vice president; Sheri Hackman, second vice president; Jan Miller, secretary, and Gary Glenn, treasurer.

In the next few weeks the TARs will concentrate their efforts by working in Pursell's campaign for a senate seat. The club welcomes all interested young people to attend their meetings on the second and fourth Tuesday of every month at 7 p.m. in the Township hall.

Interested persons are asked to call Mari Egbert at the Pursell Headquarters, 477-3167.

## News Around Northville

Returning Sunday from a two week tour of Spain were Mrs. Helen Rieger and Mrs. Lena Hammond of Northville. They visited Madrid, Majorcan, Barcelona and Algiers, Algeria while traveling on a tour sponsored by the American Legion.

Especially interesting for them were the tours of old Spanish castles and homes, reports Mrs. Rieger. "Between the confusion of a foreign language and money system we had a lot of fun," she said.

\*\*\*\*\*

When Henry Schnute celebrated his 93 birthday on June 22, friends and relatives attended a small evening party in his honor. Songs were sung and refreshments served, including a three-tier birthday cake made by Schnute's daughter-in-law, Mrs. Alvin Schnute of Munger, Michigan.

Although Schnute has been ill during the past year, he has regained his health and he is still giving music lessons at Schnute's Music Studio.

Guests who attended the party included the Robert Thomas family, the Gerald Schnute family of Livonia, Mr. and Mrs. Tom Gregory of Livonia, Mrs. Ann Susick of Warren, Mr. and Mrs. Elmer Kroeger, Mr. and Mrs. Frank Colchane and Mrs. Frank Mayer with children Wendy, Robin and Timmy.

Also attending were Mr. and Mrs. James Huff, Mrs. Emma Copeland, Mrs. Minnie Korzon, Mrs. Fred Sterner, Sr., Mr. and Mrs. Harry Larkins, and Selma Schnute. Mr. Milton Schnute of Hot Springs, South Dakota, Mrs. Florence Schnute and Mr. and Mrs. Alvin Schnute of Munger, Michigan.

\*\*\*\*\*

Mr. and Mrs. Peter Gross of 625 Novi Street have just returned from a three week vacation to California. They were accompanied by their grandsons, Peter and Gary of Williamston, and Gross's aunt, Mrs. Katherine Hahn of Cincinnati, Ohio.

Mrs. Arthur Cox, state conservation official, will be featured speaker at the annual summer picnic of the Women's National Farm and Garden Association next Monday.

The potluck luncheon will begin at 12:30 p.m. at the home of Mr. and Mrs. William Walker, 39900 East Eight Mile. Members are reminded that it is guest day. Bring a passing dish for yourself and your guest.

Social chairman for the day is Kay Ratliff, assisted by Alice Eaton, Louise Bryan and Thelma Schoulz.

\*\*\*\*\*

Kim Kozak has been named to the Dean's List at Michigan State University where she is majoring in special education for the physically handicapped. She is in her junior year and has accumulated a 3.86 grade average on a four point scale.

Kim graduated from Northville High School in 1968. Her parents are Mr. and Mrs. Andy Kozak of 18509 Jamestown Circle.

\*\*\*\*\*

Mrs. Howard Dixon and her son Jeffrey returned Monday to their home in Leesburg Florida after visiting in Northville for three weeks at the home of Mr. and Mrs. Dana Briggs of Yerkes Avenue. During their stay they visited many friends and relatives living in Michigan.

## Trip Goes to Mrs. Barnes

## Parade Winners Announced

Thousands of spectators turned out under threatening skies Saturday morning to watch an hour-long Fourth of July Parade and then returned in the evening to take in a fireworks display at the high school athletic field.

First place award in the bands category went to the newly formed Clan MacRae Pipe Band of Detroit. Second place went to the Chemical Valley Fife & Drum Corps of Sarnia, Ontario.

In the marching units category, the Moslem Temple Motorcycle Patrol of Detroit took first, and the Pace Setters Marjorette Corps & Color Guard of Taylor took second. Third place trophy went to the Suburbanettes Majorette Corps of Taylor.

The equestrian category was won by the Farmington Township Mounted Police, and the float award went to the Farmington VFW for its Liberty Bell float.

First place in the antique automobiles category was won by Elmer Rohn of Farmington for his 1915 Model T Ford. Second place went to Tom Clark of Northville for his 1935 Bentley.

Serving as parade judges were Mayor A. M. Allen, City Manager Frank Ollendorff, School Superintendent Raymond Spear, and District Judge Dunbar Davis of Plymouth.

Climaxing the Fourth of July festivities, which included the Jaycee's

chicken barbecue in the city hall park, was the awarding of an all-expense-paid trip to Freeport, Grand Bahama Islands

to the winning ticket holder. Jaycees reported the award was won by Mrs. Grace L. Barnes of 515 Novi Street.

FOR ONLY A DOLLAR — Mrs. Grace Barnes of 515 Novi Street in Northville never imagined that she'd spend three days this summer in the resort town of Freeport on Grand Bahama Island, but that's where she's going. Thanks to the Northville Jaycees and their July 4th raffle, she and her daughter Margaret Enright of Detroit will leave September 4 for the Kings Inn Hotel in Freeport. They are entitled to round trip, meals and golf fees for three days. Mrs. Barnes says "I'm sure going to play nine holes of golf." Paul Vandenberg of the Jaycees presents the prize winning ticket to Mrs. Barnes.

## Planners OK Levitt Proposal

A revised request of Levitt & Sons that would reduce the number of single family homes in its 400-acre subdivision was recommended for approval by Northville Township planners last week.

The request goes now to the township board for the final decision.

Approved by planners was a proposed zoning change that would permit Levitt to build between 128 to 130 single family homes, rather than the 350 houses that it originally proposed and for which it received necessary zoning changes. It also provides for 1,306 townhouses and 400 apartments.

The latest plan is seen as a "satisfactory" compromise, since Levitt earlier had requested that it be permitted to eliminate all houses and substitute multiples in their place. Then, on the heels of strong public objections at a public hearing in April, the developer suggested a 100-house plan.

Planners approved the latest measure on grounds, after hearing a report from the township engineer, that development of the originally planned 350 houses would be next to impossible because of the rough terrain (a gravel pit area). Forcing the developer to build the 350 homes, they concluded, would result in unsatisfactory home sites.

Besides the original 350 houses it planned to build, Levitt planned 914 townhouse units and 400 apartments. Its request to eliminate all houses would have provided for 1,414 townhouse units and 400 apartments, and its 100-house plan would have meant 1,314 townhouse units and 400 apartments.

The approved request would

# Police May Take Their Contract Demands to People

Unless there's "a change in attitude" of city officials, Novi police officers are determined to carry their fight for "equitable salaries and minimal police strength" to the people.

That's the word from Corporal Gordon Nelson, president of the Novi Police Officers Association, who says his organization is "perfectly willing to rise or fall on the decision of the people."

Specifically, he indicates that the association is considering doing what the city council has refused to do: Call for a special election to ask citizens for a millage increase earmarked for the Novi police department. Officers are prepared to do this by petition if necessary, says Nelson.

Meanwhile, however, negotiations between police and the city have

reached an impasse and arbitration is slated to begin soon. Mayor Joseph Crupi has been named to the arbitration panel representing the city, Officer Robert Starnes representing the police association. These two men are to choose the third, state-provided member. But that choice awaits the return of Crupi who is vacationing.

The Novi Police Department contract expired last week.

"We didn't want this thing to go to arbitration," insists Nelson. "But the city leaves us no other choice. It's a waste of taxpayers' money. Why not let the people decide once and for all what kind of police department they want? But the city doesn't want the issue to go to a vote. They don't even want the people to know what the issues are. It's bad publicity, they say."

Nelson concedes that the city is in a financial bind because of its new budget that went into effect July 1. "Let's get something straight though: We began negotiations early so the council could provide for our demands in their new budget. We asked them to ask for millage for the police department. They didn't want to do that. So they can't argue that they haven't got the money. They never tried to get it."

Although Nelson contends police officers are "madder than blazes," he insists the officers have no intention of staging a "blue flu" walkout.

The crisis issues, as the association sees them, are salaries and manpower. Only agreement on three or four minor issues were reached before the decision to go to arbitration. At arbitration,

concessions made to date, according to Nelson, "go out the window and we start with the original demands."

That means the association is back to demanding a starting salary of \$11,400, with a top salary of \$13,200 after three years. Top salary now is \$9,100, which according to Nelson is among the lowest in the metropolitan Detroit area.

As for manpower, the association's original demand was for an additional 15 male police officers and one female officer.

Prior to arbitration, the association had dropped its top salary demand to \$11,900, while the city was offering \$10,100, says Nelson. In the area of manpower, the association had dropped to a "rock bottom" additional five police officers, he says, while the

city was offering to increase the force by three officers.

Presently, Novi has a force of 12 men (including the chief). Association demands, if granted, would boost the force to 27.

Nelson defends more than doubling the strength of the force by noting that even 27 men would be below the minimum strength recommendation of a police force serving an estimated 10,000 people. The FBI, he explains, recommends a minimum of one-man-around-the-clock police service for each 1,000 people. It takes three men on three-shifts to provide such service, thus meaning Novi should have a "minimum" of 30 men.

Northville, he says, with only a fraction of the area to cover

(approximately 32-square miles versus 2-square miles) has about the same number of men as Novi, which has approximately 300 miles of expressway, highways, streets and roads.

"Crimes increased about 14-percent in the suburban areas...and we're getting a different, more dangerous kind of crime," he argues. "How in the world can they expect us to provide adequate service with a force that's only a third as large as the minimum recommended?"

"Figure it up. An officer spends two to eight hours a week in court; he spends a half-hour writing up reports on each case; he's transporting prisoners; he's finger printing and everything else. He just doesn't have

Continued on Page 7-A

**HOUSE EXPLODES** --The would be future home of Dominic Mele and his family of Farmington was destroyed last week Wednesday by an unexplained explosion that blew the side wall some 30 feet away. The house is owned by Charles Cova of the Bob-O-Link Golf Course on Grand River. Mele was to move into the rented home Saturday. See story below.

## Presnell Charges Census Count Off

There is reason to believe, according to City Councilman Edwin Presnell, that many citizens in Novi have not filled out census forms.

(Preliminary 1970 census of Novi

has been pegged at 9,526. Local officials believe the census figure is probably closer to 10,000).

The census, taken last March and April, probably did not include several of the subdivisions that were under development then and have since been completed, Presnell said Monday night.

Presnell pointed out that four mailing addresses within the city, Northville, Novi, Farmington and Walled Lake, caused confusion on the part of census officials and resulted in the faulty addressing of several census packets. These packets, some 200 in all, were sent back unopened, said Presnell.

Certain tax refunds from the state to the city are based on census figures. "It's important that they be accurate, I'm not sure that they are," Presnell said.

Citizens in Novi who have not yet filled out a 1970 Census questionnaire are asked to fill out the form, published on Page 12-A and return it as directed. Questions about the census should be directed to Clerk Mabel Ash or City Manager Dallas Zonkers, FI-9-4300.

## Blast Spoils

### Family's Plans

An unexplained explosion last week Wednesday leveled the house at 26867 Beck Road in Novi.

The two story house, owned by Charles Cova of the Bob-O-Link Golf Course, was to have been occupied Saturday by the Dominic Mele family of Farmington.

Mele and his wife had spent two months in redecorating the interior of the house.

The house had been vacant for two months when the explosion occurred early Wednesday morning. Glass and debris were hurled 180 feet in every direction according to police. One speculation is that a gas leak may have caused the blast, but investigating Novi police have not yet ruled out the possibility of arson.

## Voting Place Sought

# Township Officials' Re-election in Bag

The primary's still weeks away but all incumbents of the Novi Township Board can claim an early victory—they're all unopposed.

The candidates are Leo Kalota, supervisor; Boyd Armstrong, clerk; Irene Bacanyi, treasurer; and Ralph Luckett and Donald Hackman, trustees

Meanwhile, the big problem locally is finding a polling place for the township election, which will determine, as will the city of Novi's separately run election, political nominees for county, state and national offices.

A spokesman for the township indicated last week that the election may have to be held in a garage.

City incorporation of Novi left several small, unconnected sections of Novi in the township. These sections, which include part of Brookland Farms subdivision and several farm properties near the southern and northern boundaries of Novi, operate independently of the city.

As a township, representing approximately 2-percent of the entire community of Novi, it is governed by its own board of trustees, sets its own assessments and tax levies, and conducts its own elections.

While its elections procedures appear to disagree with those followed by all other cities and townships in this area, county and state election officials indicate state laws "apparently"

exempts Novi Township.

For example, all other municipalities must publish and/or post registration deadline and election notice material. Novi Township, according to an old law, apparently needs only to post similar data even though state officials admit the law appears to conflict with other sections of the amended election laws.

The old law provides that township with fewer than 200 registered voters (Novi Township reported 75-registered voters to the county last spring) may post notices of elections in lieu of publishing.

While the law makes no similar provisions for notices of registration deadlines, state elections officials told

## Rotarians To See Film

A slidefilm showing Sister Elizabeth Kenny's work and its continuation in the field of rehabilitation will be shown to members of Novi Rotary Club Thursday, July 16, when they meet at Quality House restaurant at noon.

W. E. Snider, director of field activities for the Kenny-Michigan Rehabilitation Foundation, will present the film at the meeting.

The color film, titled "Hands of Hope — The Kenny Story," is narrated by J. P. McCarthy of WJR and depicts the life of the late Sister Kenny.

The film shows how the Kenny Foundation, a Torch Drive agency, continues Sister Kenny's work today, providing rehabilitation for victims of stroke, accident, arthritis, multiple sclerosis and other disabling diseases.

## County Gets Novi OK On Sewer Arm Project

In a time pinched move Monday night, the Novi City Council authorized Oakland County to solicit bids and to construct an extension to the existing trunk line sewer in the area of Nine Mile and Novi roads.

According to the provisions of a \$1 million federal grant, action had to be taken by the first of July. An extension of that deadline, until Monday night, had been obtained, however.

Construction must start on the project by fall.

The proposed addition, including a retention reservoir located south of Nine Mile between Novi and Meadowbrook roads, will cost an estimated \$2,300,000, according to John Mills of the Oakland County

DPW. County officials are confident Novi will receive more than \$1 million in federal funds for the project.

The bond program is to be supervised by the county, and after approval by the Municipal Finance Commission, and the bond sale, the remaining financial debt is to be paid off by the city over a period of 40 years.

The proposed addition will serve the natural drainage area of which Novi is a part, it was pointed out by Charles Fenske of the consulting engineering firm of Johnson and Anderson.

This area includes parts of Walled Lake. Councilmen were concerned that Walled Lake citizens could bring legal action to enforce restrictions on the addition that are not in the interest of Novi. Fenske assured council that, being the one to pay for it, Novi would have control over the system.

The extension is to run within an area bordered by Twelve Mile, Nine Mile, Taft and Meadowbrook roads. It will service school property on Taft.

There was a good deal of discussion by council concerning the retention reservoir and whether or not it should be covered.

Fenske pointed out that his company had included in the design of the project a flow and draw tank that would empty itself approximately every 18 hours. He mentioned devices built into the system that would constantly aerate the sewage, thus preventing it from becoming septic. He said that dangers from gas and odor are not appreciable while sewage is fresh. It was also mentioned that, should there be a problem with an open air tank, the sewage could be chemically treated in alternate ways.

In other action Monday night the

council accepted a bid on gasoline prices submitted by the Sinclair (Atlantic Richfield) Oil Company in the amount of 17 cents per gallon, and 16.4 cents per gallon for diesel fuel. The contract runs for three years.

Chairman of the park committee, Peter Alcalá, submitted his report on the status of Novi's Community Park, which was officially opened Saturday. Still forthcoming is final approval of the water in Walled Lake for

swimming. Alcalá reported that of eight samples taken by the county recently only one showed bacteria. "This is very satisfactory," he commented.

Tasks that need to be completed involve primarily additions to equipment in the swimming area, repair of buildings, particularly the rear toilet facility, and the graveling of the driveway and a portion of the parking lot.

## Screening Continues For Wixom Chief

Screening of 25 applications for the post of police chief is continuing, Wixom Mayor Gilbert Willis reported this week.

Doing the screening personally, Willis said he is searching for police experience and information on the applicants' background and job habits.

"We're not training men here," Willis said, "we want a police chief in every sense of the word."

Willis reported he had applications

from throughout Michigan and one from Ohio.

Meanwhile, former police chief, Thomas McGuire, has accepted a post as assistant professor at the University of Illinois. He will teach in an extension division of the university. McGuire holds a law degree from Indiana University and is experienced in law enforcement.

He resigned from Wixom's police force last April, and the post is being filled temporarily by Larry Beamish.

**FATAL APPARATUS** — Divers from the Oakland County Sheriffs Department recovered Friday the body of 17-year-old Harold Turner from the gravel pit near Eight Mile and Napier where he and his nephew were playing with a makeshift breathing apparatus. The instrument consisted of a long piece of garden hose with plastic canisters taped on either end. See story on Page 7-A.

# NOVI HIGHLIGHTS

By Mrs. H.D. Henderson  
349-2428

The Arnold Bell family, Mr. and Mrs. John Schub and family, and Mr. and Mrs. Richard Bureau and family spent the Fourth of July weekend at Mitchell Lake near Cadillac.

Mr. and Mrs. Gordon Winaka have returned from their vacation in Tennessee where they visited Mrs. Winaka's mother, who came back to Michigan with them.

Surprise company at the home of Mr. and Mrs. James Erwin last week were their friends, Mr. and Mrs. Charles Bisbee of St. Petersburg, Florida. The Bisbees had just attended the wedding of their son in Ohio.

Mr. and Mrs. Russell Race and grand-daughter and husband, Mr. and Mrs. Steve Fisher of Birmingham, left Thursday for Ada to spend their holiday weekend with Mr. and Mrs. Russell Race, Jr. They all attended church in Grand Rapids and visited places in Greenville and Belding.

Mr. and Mrs. Michael Schultz are

vacationing at the Cecil La Fond cottage at Bell Lake in the Upper Peninsula this week.

Mr. and Mrs. Louis Tank spent the Fourth of July weekend with their relatives, Mr. and Mrs. Clarence Gehl at Lower Straits Lake.

Mr. and Mrs. Cecil La Fond took their mother, Mrs. Marie La Fond, out to breakfast at Botsford Inn Sunday morning. Later they went to Union Lake to visit the Donald La Fond.

Last weekend Mr. and Mrs. Jack Anglin visited Mrs. Anglin's mother, Mrs. Nora Setteman, at Sanbury, Pennsylvania.

On the Fourth of July Mrs. and Mrs. Anglin were the guests of the former parents, Mr. and Mrs. Elmer Anglin at Garrett, Indiana.

Mr. and Mrs. Earl Hicks of Ripple Creek celebrated the Fourth of July with a "bang". It was their 30th wedding anniversary and Mr. Hick's birthday. It was also the birthday of his mother, Mrs. Margaret Petri of Detroit, who was 75 years old.

House guests at the Hicks' home are Mr. and Mrs. Frank Petri from Detroit. Other guests were Mrs. Hicks' parents, Mr. and Mrs. Carl Nowalki.

Mr. and Mrs. Earl Hicks and his parents, Mr. and Mrs. Frank Petri, are visiting their son and his wife, Mr. and Mrs. Roger Hicks, and their daughters, Lauri and Karen, at Alma this week.

Mr. and Mrs. Lloyd Coleman attended a birthday dinner for Mrs. Coleman at the Detroit home of their daughter, Mrs. Ronald Slobor, last Friday, all the members of the family were present for the occasion.

Mr. and Mrs. Ed Callan and their daughter, Rita Killeen, and son Sean, spent the Fourth of July weekend at Bay Mills in the Upper Peninsula, where they were camping on the Callan property. They brought back their son, Roy, from Camp Co-Be-Ac.

Miss Sandra Green of Reidsville, North Carolina is the house guest of Linda and Marsha Cook for the coming two weeks.

Miss Joyce Ireland, who has been a nurse in the Pioneer Home at Sitka, Alaska for the past seven years, is back in Novi for a short time to visit her parents, Mr. and Mrs. Floyd Ireland on Twelve Mile Road.

Mr. Neil Jensen and son, Lenny of Hamlet, Indiana, spent the holiday weekend with his brother-in-law and sister, Mr. and Mrs. Gerald Pomeroy.

When the Jensens returned to Hamlet, they took back with them the Pomeroy's son, Scott, for a month's vacation. They also took back Scott's sister, Sharla, for a month's vacation with her uncle and aunt, Mr. and Mrs. Fred Jensen, who also live in Hamlet. The Pomeroy's niece, Desiree, who has been their guest for the past month, also returned with her uncle and aunt to her home in Hamlet.

Mr. Gerald Pomeroy is a patient at Botsford Hospital in Farmington.

A Fourth of July get-together was held at the home of Mr. and Mrs. Owen Bellinger. Twenty members of the family were present.

On Sunday the Owen Bellingers' guests were a sister and her husband, Mr. and Mrs. Fritz Schlosser of Bay City. Also, guests were present from Royal Oak.

Mrs. Russell Button and daughter Rose were called to Winter Park, Florida last week by the death of Mrs. Button's 16-year-old nephew, David Perkins, who met his death instantly in an automobile accident last week Tuesday. David's brother, John Austin, who is living here in Michigan, also made the trip to Florida with Mrs. Button. David's sister, Tricia, will be remembered here as the Novi Methodist Church organist.

A family picnic was held at the home of Bob Slentz in Milford on the Fourth. Present were the parents, Mr. and Mrs. Ted Slentz and Mr. and Mrs. Bill Trotter and son, Billy of Plymouth.

Michael Slentz is staying with his grandparents, Mr. and Mrs. Ted Slentz, this week.

Mr. and Mrs. Russ Alles and daughter, Amy, and grandson, Scott, went up to Clear Lake for camping over the Fourth of July holiday. Tina Wilkins was their guest.

Tom Wilkins, son of Mr. and Mrs. Robert Wilkins, went on a bike hike from Machinaw City to Flint. He went with several from throughout the state and it took them one week's time.

Brian Rackov, son of Mike Rackov of Fonda Street, was seven years old on

the Fourth of July. He celebrated with several of his playmates. Mrs. Lulu Whitington brought Brian a beautifully decorated Fourth of July cake with flags and candles and he received a bicycle from his father.

Mr. and Mrs. Andy Kozak are proud to report that their daughter, Kim, has been named to the Dean list again this year. She had 3.86 point average. She is a junior at Michigan State University.

The F'Gepperts of Fonda Street hosted a picnic on the Fourth. Guests were Mr. and Mrs. Andy Kozak and Mr. and Mrs. Russell Taylor.

Patty Erwin is visiting an exchange student, Jan McKintock, at Ever Health. England, for two months this summer. Patty is a Michigan State student.

Kathy Erwin and a group of students from the University of Michigan are on a two-months tour of Europe. They will visit England, France, Italy, Sweden, Greece, Yugoslavia, Austria, Germany and Denmark. Both Patty and Kathy are daughters of Mr. and Mrs. Edward Erwin.

Mr. and Mrs. Homer Kent enjoyed their Fourth of July celebration with Mr. and Mrs. Henry Wessel in Ann Arbor.

On the holiday weekend, Mrs. and Mrs. William Fox, and her sister and husband, Mr. and Mrs. Bub Matthews and family of Wolverine Lake, went to Cadillac to be with another sister and husband, Mr. and Mrs. Basil Moore.

Mrs. Herbert Farah entered Providence Hospital last week and underwent major surgery on Monday of this week.

Mr. and Mrs. Anthony Skeltis and family and Mr. Skeltis' mother, Mary Skeltis, returned last week from two weeks of vacation spent in Florida, Cape Hatteras, Washington D.C., Pennsylvania, and the Smoky mountains.

For the holiday, weekend the Skeltis family went camping at the Proud Lake Recreation Area.

Mrs. Hildred Hunt entertained a group of friends from Ann Arbor at a luncheon on Wednesday of this week.

## BLUE STAR MOTHERS

Novi Chapter 47, Blue Star Mothers held their July meeting at the home of Helen Burnstrom in Northville with 14 members present.

On Tuesday this week the mothers, including Alma Klesner, Dolly Alegiani, Laney Henderson, Jerry Kent, Hazel Mandik, Helen Burnstrom, Myra Ward and Betty Sigbee, went to the Veterans Hospital in Ann Arbor and put on a picnic for the veterans. They carried over hams, potato salad, spaghetti, baked beans, green beans, relishes pickles, jello, cup cakes, water melon, coffee and lemonade.

On Thursday of this week several of the mothers will do shopping for the veterans during the day and put on a bingo party in the evening.

The August meeting will be held at the home of Alma Klesner on Beck Road on August 6.

All of the mothers are now working on their projects for the bazaar in October.

## NOVI REBEKAH LODGE

The last lodge meeting until September will be held at the hall tonight, July 9.

The annual Rebekah Club picnic was held at the Hunt home on Eleven Mile Road on Monday, July 6. There were 11 members present.

## NOVI BAPTIST CHURCH NEWS

The young people of the church will be taking their annual canoe trip from Thursday through Saturday this week. Beginning at Gaylord they will canoe south on the Au Sable River. Adults accompanying the group are Mr.

and Mrs. Joe White, Mr. and Mrs. Kenneth Roberts, Mrs. James Wilnius and Mr. Dan Thomas.

The church, under the sponsorship of the men of the church, recently completed the project of putting carpeting in the parsonage. Flowers for the sign planter on the front lawn were planted by Mrs. Vern Grimes.

The Workers Conference was held Tuesday of this week. An orientation for the staff on the new prospect absentee record system was presented by Pastor Cook.

The Quarterly Business Meeting will be held on Wednesday, July 15, at

## NOVI UNITED METHODIST CHURCH

Sunday's altar flowers were a gift of Mr. and Mrs. Richard E. Glime, who were married in the sanctuary Saturday evening.

Whitehall Worship Service was held at the Home on Sunday at 2:30 p.m.

On Sunday, July 12, at 7:30 p.m.,

there will be a special session of the Charge Conference followed by a Congregational meeting to discuss the proposal of the Board of Trustees to lease out (with an option to buy) the building and property on Grand River Avenue, (former Methodist Church).

Nursery help still is needed: "Sign up on the sheet on the bulletin board when you are able to help," officials urge.

Clothing is still needed. Members are asked to leave light-weight used clothing and all kinds of blankets in the Narthex. Gifts of money may be left on the offering plate to help with the shipping and processing. Surplus funds will be sent to Church World Service to purchase new blankets.

The Upper Room and the Michigan Christian Advocate can both be found in the literature rack. Please leave a coin to help with distribution costs.

Sunday morning greeters were — Mr. and Mrs. Vincent Gillett, and the Acolytes were Mathew Bumann, Philip Henderson and Thomas Wilkins.

For the summer, morning worship is held at 10 a.m. Also, Church Schoolers, except the very young, will attend the worship service until classes begin.

## HOLY CROSS

### EPISCOPAL CHURCH MISSION

John Steimel again substituted at the organ for the church services.

Sunday morning early service is held at 7:30 and regular church service at 11:15 a.m.

Nursery and kindergarten facilities are provided.

The young people will not be

## Wixom News

GRACE BYRD  
624-1714

Mr. and Mrs. John Lambert of 1907 Charms Road have moved away from their beautiful landscaped home they built in 1953. Moving here from Detroit, they purchased the land in 1946. Planting fruit trees and later evergreens, they ran a small nursery business as a side-line to Mr. Lambert's regular job at General Motors. They were members of the Methodist Church in Milford, and he served on the Planning Commission here in Wixom for a short time. Mrs. Lambert was active in the Garden Club at Milford. Saying their last goodbyes to their friends and neighbors this last week, they left for their new home in Mena, Arkansas.

Mr. Jesse Byrd, also of Charms Road, has returned home from a 17-day confinement at St. Mary Hospital in Livonia. He wishes to express his appreciation for the many cards he received from the friends and neighbors who helped to cheer him during his stay there.

David Rickard and Margaret McCullough were united in marriage at the Royal Oak Presbyterian Church on Saturday, June 27. David is the son of Mr. and Mrs. Robert Rickard of Beck Road, Wixom, and Margaret is the daughter of Mr. and Mrs. Calvin

McCullough of Royal Oak. The couple is living at Sylvan Lake. He is employed by General Motors and she plans to teach school in Pontiac.

All Senior Citizens are invited to attend a meeting at the Wixom Elementary School, Thursday July 10, time 11:00 a.m. A pot luck dinner will be served. In addition, there will be games of entertainment for everyone for the afternoon.

A July 4 weekend gathering at Boyne Mountain Lodge, Boyne Falls, featured a mixture of training and recreation for 140 presidents and vice presidents of Michigan credit unions, 100 spouses, 65 children and six visitors from Tanzania. The occasion is the annual Credit-Union Presidents Conference.

The credit union officials took time off from an otherwise full training schedule to join their families in a variety of recreational activities and to hear Detroit's Mayor Roman S. Gribbs speak at the July 4 banquet which climaxed the July 1-5 conference.

Attending from this area were Joseph Carter and Eleazer Boyer, vice-president and secretary, respectively, from the Wixom Credit Union.

CITY OF NORTHVILLE  
COUNTIES OF WAYNE AND OAKLAND  
STATE OF MICHIGAN  
1970 SPECIAL ASSESSMENT BONDS  
(District Nos. 68-3 and 69-3)

Scaled bids for the purchase of the above bonds will be received by the undersigned at his office in the City Hall located at 215 W. Main Street in the City of Northville, Michigan, until 8:00 o'clock p.m., EST Time, on Monday, the 20th day of July, 1970, at which time and place said bids will be publicly opened and read.

Said bonds will mature serially, without option of prior redemption as follows:  
\$3,000.00 September 1, 1970;  
\$4,000.00 September 1st of each of the years 1971, 1972 and 1973;  
\$3,000.00 September 1, 1974;  
\$4,000.00 September 1st of each of the years 1975, 1976 and 1977;  
\$3,000.00 September 1, 1978.

Interest on said bonds will be payable on September 1, 1970, and semi-annually thereafter on March 1st and September 1st of each year.

Said bonds will be dated April 1, 1970, will be coupon bonds of the denomination of \$1,000.00 each, will be numbered consecutively in direct order of maturity from 1 upwards, and will bear interest from their date at a rate or rates not exceeding six per cent (6%) per annum, expressed in multiples of 1/8 or 1/20 of 1% or both. The interest rate for each coupon period on any one bond shall be at one rate only and each coupon period shall be represented by one interest coupon. None of said bonds shall bear interest at a rate per annum which is less than 50% of the rate borne by any other bonds of this issue. Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser of the bonds subject to the City's approval, and which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government. Accrued interest to the date of delivery of such bonds must be paid by the purchaser at the time of delivery.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from August 1, 1970 to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the City. No proposal for the purchase of less than all of the bonds herein offered, or at a price less than their par value will be considered.

The bonds are issued in anticipation of the collection of special assessments on Special Assessment Rolls No. 68-3 and 69-3 and are to be issued for the purpose of defraying part of the cost of street improvements in the aforesaid Special Assessment districts. The liability of each of the Special Assessment Districts shall be limited in the manner provided in the said bond-authorizing resolution. In addition to the foregoing, said bonds pledge the full faith and credit of the City of Northville for their payment.

A certified or cashier's check in the amount of \$660.00 drawn upon an incorporated bank or trust company, payable to the order of the Treasurer of the City of Northville, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or be registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock & Stone, attorneys of Detroit, Michigan, approving the legality of the bonds, which opinion will be furnished without expense to the purchaser of the bonds prior to the delivery thereof. The City shall furnish bonds ready for execution at its expense. Bonds will be delivered at a place mutually acceptable to the City and the purchaser. The usual closing documents including a certificate that no litigation is pending affecting the issuance of said bonds will be delivered at the time of delivery.

The right is reserved to reject any or all bids.  
In the event that prior to delivery of the bonds the interest received by private holders from bonds of the same type and character shall be taxable by the terms of any Federal income tax law, ruling, regulation or court decision, the successful bidder may, at his election, be relieved of his obligations under the contract to purchase the bonds, and in such case, the deposit accompanying his bid will be returned.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

# Police Contract

Continued from Novi, Page 1

time to be out there patrolling the whole city. One man, even if he didn't have to be in court or any of those other things, can't patrol the whole city in one eight-hour shift. Our guys sometimes are running behind three or four complaints so when they go off duty they're left for the next guy and so on.

"There are places in this city that don't see a patrol car for 24 hours or even 48 hours or more.

"What it amounts to is that we've got a police force that makes arrests but can't do much about preventing crime."

Nelson contends the city's offer of three additional men is really only one additional man for around-the-clock service (based on three shifts).

"We were willing to settle for five even though we know it is a heck of a

lot less than we need. They won't even give us what the chief recommended." (Chief Lee BeGole reportedly has recommended an increase of five additional men. BeGole and Detective Sergeant Richard Faulkner are excluded from bargaining because of their supervisory capacity).

The association president argues out that the city took advantage of a police "gift" in the just expired contract.

"The association knows officers have to work overtime so we agreed to work a half hour without time and a half. The ink's not even dry and the city puts a clamp on all overtime. So what happens? Our guys work 8 1/2 hours and then are told to clear out...orders from the council. We figured it up that half-hour has saved the city \$12,000.

"Well, the contract's ended and we'll work only eight hours from now on. They can kiss that extra, free half-hour goodbye."

## Highlights

Continued from Page 6-A

meeting again until September. The women of the church are working on their projects for the annual bazaar.

### EAST NOVI SCHOOL REUNION

As of this year the East Novi School Reunions are to be discontinued. The reunions have been held every August for the past 45 years.

### NOVI CUB SCOUTS

Members of Novi Cub Scouts Troop No. 54 are planning to attend the Tiger - Baltimore ball game at Tiger Stadium in Detroit this coming Saturday, July 11.

Scouts are to meet in front of the Novi Community Hall at 10:30 a.m. Transportation will be provided.

A committee meeting will be held at Mr. Arthur Neil's home on Tuesday, July 14 at 7:30 a.m.

### NOVI LITTLE LEAGUE MOMS

There will be a meeting of the Little League Moms on Tuesday, July 14, at 8 p.m. in the Novi Community Building.

## Police Blotter

# Youth Drowns in Novi Gravel Pit

In Novi . . .

It was a nice day. A hot, muggy July 3— just the kind of day for swimming.

A flooded gravel pit northeast of the intersection of Eight Mile and Napier Road in Novi, was a convenient though dangerous place for Harold Turner and his 13-year-old nephew, Shawn Turner, to beat the heat.

Turner, 17, of 56000 Ten Mile in Lyon Township was surface diving with his nephew, trying to touch the bottom in 10 feet of water. They were 25 to 30 feet from shore.

On one dive Turner didn't come up.

When he did, according to Novi police, he was so out of breath he couldn't stay up. The nephew tried to hold him up, but he couldn't. He tried to pull him to shore but Turner began to pull him down, too.

Shawn swam to shore and told a young girl to call police for help. She ran a quarter mile to get help.

At 12:04, Oakland county sheriff's diver Dennis Nash, recovered Turner's body from where it lay on the bottom.

Turner, an outstanding athlete at South Lyon High School, and his nephew, had been using a home-made snorkel tube, made of a garden hose and plastic canisters, earlier, police said, but it was not being used when the drowning occurred.

Ruth Fry of 1354 East Lake, in Novi reported Friday a quantity of fishing tackle stolen from the premises.

Thomas Trammell, of Detroit, was sent to Sinai Hospital in Detroit Monday afternoon when a motorcycle he was riding collided with a car driven by Angela Rackov of 43456 Fonda in Novi.

The accident occurred when Trammell ran into the Rackov car as it was making a left turn at Grand River and Novi Road.

Trammell, 20, suffered an injured leg.

Neither driver was ticketed.

Mitchell Hollon of 2755 West Maple in Wixom, and Monty Antcliff, 17, of Redford were both injured on Grand River east of Taft Road Thursday when Hollon attempted a left turn in front of Antcliff's vehicle. Both were treated at Botsford Hospital.

Ivan Sundman of 1189 East Lake Drive, received minor head bruises Tuesday when he ran his motorcycle into the right rear of a car driven by Carlton Oldford of Farmington.

In Northville . . .

Northville police arrested Ronald L. LaValley, 24, of Dearborn Heights, on a charge of possession of narcotics June 30 at Northville Downs.

LaValley was arraigned on the charge July 1 before Judge Dunbar Davis in 35th District Court. He pleaded "not guilty" and was released on \$1,000 bond to appear August 6 for examination.

Items valued in excess of \$450 were stolen from cars parked at Northville Downs between July 2 and 4.

Harold W. Cottom, Midland, told police clothing and miscellaneous articles valued at \$233 were taken from his car July 3 between 8:30 p.m. and midnight. According to reports, thieves broke a window to enter the car.

More than \$200 in golf equipment was taken from Leslie Balyo, Detroit,

on July 2 between 8 p.m. and midnight. Balyo told police the items were taken from the trunk of his car.

A battery valued at \$20 was stolen from a car owned by John J. Gebhardt, Ypsilanti, between 9 p.m. and midnight July 4. Gebhardt told police attempts were also made to take the stereo tape player from his unlocked car.

A cash box containing \$326 was taken from the Clark Service Station, 560 South Main Street. The theft occurred July 3 between 11 p.m. and midnight, according to police reports.

Two persons received minor injuries in an accident Monday afternoon at the intersection of West Dunlap and Wing streets.

According to police reports, Joyce E. Jackson, 21485 Silchester Drive, suffered minor back injuries and Judy Jackson, a passenger in the car, suffered neck injuries, when struck by a car driven by Andrew G. Cussons, 48905 West Nine Mile Road. Both refused medical attention.

Cussons was southbound on Wing Street when he ran a stop sign, striking the Jackson vehicle which was eastbound on Dunlap Street, pushing it into a parked car owned by D. G. Heichman, Wayne.

Police ticketed Cussons for disobeying a stop sign.

A 125 horsepower outboard boat motor valued in excess of \$1,500 was stolen from Thomas Slavens, 519 Horton Street, between 1 a.m. and 5 a.m. July 2. Slavens told police he found the hydraulic lift hose assembly had been cut.

Bernard Fitzpatrick, Mount Clemens, told police his wallet containing \$67 and miscellaneous papers was stolen from him July 2 at Northville Downs. The theft occurred between 8:30 p.m. and 9:30 p.m.

A Detroit man who identified himself as John Jordan, was arrested July 2 at the Downs after he allegedly attempted to take a wallet from Harley Cole, 248 South Center Street.

Jordan was arraigned July 3 before 35th District Court Judge Dunbar Davis on a charge of attempted larceny from a person. Jordan stood mute and a plea of "not guilty" was entered by the court on his behalf. He was released on \$1,000 bond to appear for examination July 9.

Two tires and wheels were stolen July 2 from a car owned by James Kreger, 440 Gardner. The theft occurred while the vehicle was parked at 20800 East Chigwidden, according to police reports.

Northville Lanes reported a door window valued at \$100 was broken at 10 p.m. June 30.

Vandals damaged six grave markers in Oakwood Cemetery on Cady Street June 29 around midnight, police said.

A storm June 30 downed wire and set a utility pole on fire at 132 South Center Street at approximately 7:16 p.m. The fire siren at the police station was reportedly hit by lightning the same evening.

### COURT NEWS

A charge of statutory rape against Bruce E. Cinader, 41695 Eight Mile Road, was dropped Thursday with the Wayne County prosecutor and defense attorney agreeing to nolle prosequi the case, meaning they will proceed no further in the case. The action came at a preliminary examination before 35th District Court Judge Dunbar Davis.

However, Northville police have

since obtained a new warrant from the Oakland County prosecutors office charging Cinader with taking indecent liberties with a minor.

On June 30 before Judge Davis, Cinader was found guilty on a charge of excessive noise and fined \$38.

A Detroit man, Richard C. Lake, was found guilty of driving under the influence of liquor, fined \$128 and his drivers license was revoked for 90 days.

A reduced charge of driving while ability impaired resulted in a \$128 fine for John Elliott, Detroit.

Woodrow Wade, South Lyon, was found guilty of disorderly person conduct (non-support) and fined \$28, placed on one year probation, ordered to pay probation costs of \$5 per month and pay his wife \$100 now and one-quarter of his pay or no less than \$15 per week.

Four men found guilty of drunkenness were fined \$53 each. They are Tackett Stedham, Jr., Detroit; Odel Yates, Detroit; Charles J. Mallo, St. Clair Shores; and Clarence Lisk, Southfield.

Found guilty of no operators license on person, Larry R. Emmons,

Northville Downs, was fined \$13.

On July 3 before Judge Davis, Issac A. Kelly, Plymouth, pled guilty to a charge of driving on a suspended license and was fined \$78 and given a three day jail sentence. He was given three days credit on the sentence for time served in the city jail.

THE NORTHVILLE RECORD--NOVI NEWS

Page 8-A

Thursday, July 9, 1970

## SPEAKING for The Record

By BILL SLIGER

Formal consideration will be given Monday night by the city council to the recently-completed study on parks, open space and recreation made by a citizens' committee.

The report is specific. It sets forth definite needs, exact sites that should be acquired and developed.

It looks forward into the not-too-distant future and urges the council to act promptly to acquire a commodity that will be non-existent in perhaps a decade.

While this suggests that we cannot afford to wait, the report does not propose that the city should over-spend. It carves out exactly what is needed and concludes that acquisitions can be made within the current tax levy with the exception of a 240-acre site at Maybury Sanatorium and possibly the Ford mill pond property, where bonding programs are proposed.

The emphasis is on buying now and developing later so that the community will not be caught in an impossible squeeze.

It's evident that the council majority is sympathetic towards the proposals of the report.

But councils are elected by the people and they must be sensitive to the voice of the voter.

Too often a vocal minority can upset the will of a silent majority. If the council is to adopt a program for parks and recreation as sweeping as the one recommended by its study committee, it must have public support.

It is hoped that the council will receive strong support for this important program for the future either by appearance at the Monday night meeting or through calls to the city manager, mayor or a city councilman.

★ ★ ★

Mr. and Mrs. S. H. "Stu" Robinson, 895 Grace, will move from their home in Northville this week where they have resided since 1936.

Both have retired, their two daughters are married, and now they are looking forward to a leisurely life at their new home on beautiful Black Lake near Onaway.

Mrs. Robinson has been employed at Northville State Hospital for 17 years. Stu is a printer who is hanging up his line gauge after a 40-year career.

There's nothing particularly unique about a couple retiring and moving north (or south). It happens every day.

But there are two reasons why I would like to use a few lines of this column to give a little extra recognition to Stu's departure.

First I view his retirement as another sign that an era has ended; secondly, Stu Robinson was a craftsman at his trade and those who knew him during his many years at The Record and The Plymouth Mail would agree such skill deserves recognition.

From 1936 until 1952 Stu worked as printer and job shop superintendent for The Record. In that time he was responsible for composition of hundreds of pages of this newspaper as well as commercial job printing.

I met Stu when he joined our shop at The Plymouth Mail, where I was employed in 1952. We soon learned that Stu Robinson was no run-of-the-mill printer. He was an artist... fast, accurate, proud of his work.

Like most artists, a little temperamental, too. But if you were selling ads, you wanted Stu to do the composition because you knew it would be a first-class job. And sometimes you took advantage of this talent and speed. You ran out of excuses for "late copy" and would resort to "sneaking" layouts into the shop for Stu to set. Many evenings I kept Stu working overtime so that my late copy could meet publication deadlines.

He'd complain, sometimes even threaten not to set another line. But when press time arrived, his ads were set, page forms locked up and the job done right.

Stu was a "hot-type" man, that's why his passing marks the end of an era. I doubt if there's another hot-type printer at The Mail. Many times he'd set his own type on the hot-metal Ludlow and Linotype machines, then do the composition of the ads and finally put the pages together.

In these days of offset printing with cold-type computer compositors and departmental specialization you rarely see an all-around printer with ink on his hands.

You'll never see a better one than Stu Robinson.

Dr. Kenneth C. Young

YES...

To combat the economic problems of today—high interest rates and sky-rocketing prices, along with increasing unemployment, the Nixon administration simply proposes more of the same: a tight monetary policy (never mind if people can't get mortgages for homes) and a restrictive fiscal policy (the unemployed should understand that they are put out of work for the good of the country). Yet the administration's goal of dampening inflation might be achieved more quickly and fairly by installing temporary price ceilings while allowing cost-of-living increases in wages.

According to the peculiar logic of orthodox economic policy, a deliberate policy of increasing unemployment as an indirect means of slowing down inflation and cooling the money markets is sensible and just (presumably the unemployed are not consulted on the matter), but a policy of directly attacking the problem through the limitation of price increases and profits is considered heresy.

Why is this so? If, because of weaknesses in its fundamental structure, our economy must occasionally go through these periods of "painful readjustments" wouldn't it be fairer to place the temporary burden of adjustment on stockholders (who, as a group, are better able to bear it) than on the workers who get laid off?

Temporary price controls, by acting directly on the problem of inflation, would have fewer unwanted side effects than current policies. Admittedly, corporations would suffer smaller profits, but these, by dampening bull market expectations in the nation's money markets, would lead to lower interest rates, setting the stage for future economic growth.

# Stempien Rips Justice Black

To the Editor:

With some dismay and much surprise, I read that which was not printable in the Detroit Free Press was good copy in the News. The office of the Supreme Court is one that I respect both as a citizen and as an attorney who is an officer of the Court.

I refer to the recent letter to the "Public Letter Box" of the News in which Supreme Court Associate Justice Eugene Black reacted to the action of my House Appropriations Subcommittee to deny him a state-paid second office outside the State Capitol.

It is unfortunate that Justice Black chose to make an attack on my professional standing because of a decision I made as an elected representative of the people. As Chairman of the Appropriations Subcommittee on the Supreme Court budget, I am responsible for in-depth consideration of all expenditure of taxpayers dollars by the Court. My activities as a member of the House of Representatives has nothing to do with my professional career.

Justice Black's disregard for the real issue here, the right of the public to an accounting for public funds, and his attack on my person instead is not an unusual tactic on his part. It displays a nature on the part of the

Justice that has created much discord over the years, between him and his associates, both on the bench and in other government agencies. It is reminiscent of his reaction to many other lawful decisions of government authorities with which he disagreed.

As for the real issue at hand, it is refreshing to see Justice Black agree that, over the years, his court has done less than an adequate job of administering Michigan courts. His attempt to avoid responsibility for that by pleading that he has but one vote is a poor excuse in view of the fact that he has been holding a place on the highest court for 15 years. Any thoughtful citizen knows that the full burden of responsibility for the failures of the Supreme Court in both administration and expenditure of public monies properly falls on the incumbent Justices, particularly Justice Black, who have been in control over the years.

One thing I have learned from my earliest years is that I must carry out my clear responsibility. In this instance, as the elected representative of the people and Chairman of the Appropriations Subcommittee responsible for the Supreme Court budget, I must continue to make searching inquiry into the expenditure

of the public funds with which I have been charged. I cannot be intimidated from doing my job by unjustified attacks on my reputation or threats of retribution in my profession as an attorney appearing in the courts.

And yet, Justice Black's action and attitude does bother me some little bit. His arrogant denial of the public's right to an accounting for his expenditure of taxpayer's dollars smacks of abuse of power. His admission of complicity in

the poor administration of the courts, at least to the extent of one vote for 15 years, indicates a basic lack of understanding of the administrative responsibility of the high court. And yet, he sits on the court. That is — he sits on the court until 1972, when he has to face the electorate who shall demand an accounting.

Marvin R. Stempien, Chairman  
Appropriations Subcommittee  
on General Government

## Jaycees Thank Parade Boosters

To the Editor:

The Northville Jaycees wish to publicly thank all those persons and firms who assisted the Jaycees to carryout the July 4th festivities this year. In particular, we wish to express our appreciation to NORTHVILLE LUMBER CO. for their donation of materials and paint for the Jaycees float; Mr. TOM WHEATON for his

complete sound system and lighting for the float; WHITLOCK, INC. for the portable electricity generator and ANGER MANUFACTURING for the use of their shop facilities for the completion of the float.

The Northville Jaycees are also appreciative of the cooperation of the NORTHVILLE DOWNS for the use of

## Top of Deck

# If At First You Don't Succeed . . . .

by Jack W. Hoffman

NOTE—The writer is camping again, this time with all seven members of his family in the Upper Peninsula. Following was a report in 1968 of a 10-day campout in Northern Ontario with two sons.

"What's that?" they chorused as the heavenly aroma wafted from the big black pot and romanced the pines and birches.

"That, my boys, is 'hobo's delight'. It's the kind of stuff woodsmen wrestle bears for. Wipe the grease off your tins and get ready for the best meal of your lives."

After a whispering huddle, one of them volunteered, "Daddy, we're not really hungry yet. Couldn't we just have a peanut butter sandwich?"

I'm an understanding, compassionate father, so I handled this situation with diplomacy. "Shut up and hand me your tins. You had peanut butter for breakfast, peanut butter for lunch, but now you're going to eat a real meal!"

This second day in the woods had started early—and suddenly — when our daily visitor, the bear, nuzzled the

side of our tent and sent the dog into a frenzy of action as she tried to burrow into my sleeping bag.

"Get outside and guard us," I shouted, trying to unzip the zipper in the damp darkness. "Stupid dog, zipper, bear," I mumbled. "If the bear eats me he'll have to chew through this confounded bag. Get off my face, you confounded dog."

Winded, I relaxed and counted to ten. At nine, the bundle next to me stirred and the kid inside whispered, "Daddy, you're snoring."

That did it! With renewed vigor I tackled the zipper, ripping it from its track. As I crawled out the dog crawled in.

Unsheathing my knife, I stuck the blade out the door of the tent before stepping outside. Don't ask me why. Just precautionary. Maybe I figured that the first thing to come out of the tent was on his menu. Or maybe I figured it would signal anything outside that the guy inside was mean, real mean. Anyway, when nothing chomped on the gleaming metal I staggered out, knife in one hand, an ax in the other.

I must have been terrifying

because the "bear"—a weak-kneed ground squirrel—stuck his foot in the coffee spout and, toppled the works into the camp stove in making his escape.

I walked down to the lake's edge where the day before the boys had built an icebox of rocks. In it we had stored our eggs and other refrigerated food.

The icebox lacked a cover, and a weasel had discovered the shortsightedness. He was standing on the rocks when I arrived. Egg dripping from its teathy mouth, he eyed me—the unwanted breakfast guest. Like a warhawking Comanche, I heaved the ax at him, scalping what remained of the eggs and splintering the ax handle.

Now, reduced to knife, egg shells and an empty coffee pot, I started breakfast just as the shower came. I've always wondered how woodsmen build fires in the rain. Now I know: they don't. So when the boys wiped the sleep out of their eyes and asked, "What's for breakfast?" I shoved peanut butter sandwiches at them.

Same thing for lunch.

But now the rain had stopped and I'd whipped up a hot meal—the second since arriving at this wilderness home. And they had the nerve to suggest peanut butter.

"I wish mama was here," said one. "I do, too," said the other.

"Okay, okay. Starve if you like. Eat your peanut butter. But the dog and I are gonna eat this good stuff." The dog wagged her tail. The boys made their sandwiches and left for the lake.

"You get half," I told the dog, shoveling out a big portion of 'hobo's delight.' "But no more. I get the rest." She sniffed at it, her tail stopped wagging, and then she, too, left.

"Daddy, you must have really been hungry," one of the boys said as I joined them at the lake. "You ate the hobo stuff and now you're eating a sandwich."

"You betcha," I said, "but I left a little bit for the bear."

Later, after an evening of fishing we returned to the tent. Stupid bear hadn't touched his 'hobo delight' either—but he'd polished off the peanut butter.

Leonard Woodcock

NO...

In the late Forties, Charles Wilson, then president of General Motors, said that it was not wages that push up prices, but prices that pull up wages.

We in UAW fully subscribe to that view.

We also believe in, and have always been committed to, the maintenance of reasonable price stability by methods consistent with full employment and with equity for all sections of the population.

We believe there are more effective and more equitable means to cool inflation than wage and price controls.

The impact upon labor and management, respectively, of a simultaneous freeze on prices and wages is by no means as even-handed as it may appear. In fact, the effects of such a freeze are grossly inequitable, enriching employers at the expense of workers.

The tendency of productivity to rise is not affected by a wage-price freeze. But the wage freeze would deny workers their share of the fruits of increased productivity.

Instead of a wage-price freeze, the UAW proposes the creation of a Price-Wage Review Board. Since prices in many major industries are set administratively by corporate giants which dominate their industry, rather than by give-and-take economic forces, fact-finding hearings on proposed price increases would be held by the review board with a Consumer Counsel representing the public interest.

However, we regard our proposal for a Price-Wage Review Board and a Consumer Counsel as merely one element — although an important element — in the arsenal of just, selective economic weapons needed to maintain price stability simultaneously with full employment.

Leonard Woodcock  
UAW President

# Jaycees Thank Parade Boosters

Continued from Page 8-A

their parking areas for the parade marshalling and termination; the City of Northville and the Northville Police Department for their cooperation and assistance in the routing and crowd control for the parade as well as the Northville Volunteer Fire Department for their participation in the parade.

We are particularly appreciative of the facilities and refrigeration truck provided by Guernsey Farms Dairy for the preparation of the Jaycees Chicken Bar-B-Que. Again, the Jaycees are indebted for the City of Northville's cooperation for the use of the City Hall Park as the Bar-B-Que site. We

thank the Northville Board of Education for allowing the use of the high school grounds and the athletic field for the fireworks display. Again, the Northville Police Department and the Fire Department are commended for their fine assistance in controlling traffic and safety during the display.

All the many participants in the parade are thanked for their fine performances and cooperation towards making the 1970 parade one of the best held in Northville by the Jaycees. The Northville Jaycees express their gratitude to all those wonderful people who attended the parade, barbeque and fireworks display in spite of the weather...for which we can only hope that next year may be more favorable. We thank you all for the splendid opportunity we have had this year to make your July 4th a memorable event.

The Northville Jaycees  
J.C. Morin, P/R Chairman

## Praises Parade

To the Editor:

I would like to thank the people of Northville for the warm reception they gave me during the 4th of July parade. The parade itself was most inspiring and an example for other communities to follow. The Jaycees did an excellent job of organizing the parade and were most courteous to those of us who participated. The people of Northville are indeed fortunate to have among them an organization as civic minded as the Northville Jaycees.

I only regret that the 1,000 flags I brought were insufficient to give one to every child. I will plan on bringing a larger quantity next year.

Bob Swanson,  
Republican Candidate  
State Representative.

## Where's Band?

To the Editor:

An Open Letter to The Northville High School Band—

A hometown parade without the hometown band left a great many people asking — "Where was our band, what happened?" These same people are the citizens of this community who support you as students, directors, and band members.

We would like an answer from those in charge of this program (the reasons given up to this time have not answered the question — where was our band????).

Wes and Sally Hennikson

# Says Police Share Blame For Death of Son's Dog

To the Editor:

I would like to thank the Novi Police for their assistance in having, "Rusty", our beautiful Irish Setter, pet of our son's destroyed.

They received two calls to have him picked up, failed to inform us of this fact or even suggest we call the Pontiac Dog Shelter, where the dog was taken.

Continued from Record, Page 1

members from each group. They meet weekly and discuss any problems or differences that may have come up. This Council has worked extremely well and many misunderstandings and problems have been ironed-out immediately and to everyone's satisfaction.

There are many more problems and/or decisions that can only be determined by the Board of Trustees. Before the Board can take action on any subject it must have as much information as necessary from all sources. We have presently sitting with us, as advisors, the President, three Vice-Presidents and the Business Manager. Why then is it so wrong to ask the Student President to also sit with us and to advise and assist us in our decision-making? The student representative on the Board would be in an advisory capacity only. He would have no voting power but would be able to assist the Board on those subjects pertinent to the students. There is much being said about the "communication gap" and the many problems it causes.

I am confident that these young men and women at Schoolcraft are sincerely interested and concerned about their education and the future of Schoolcraft College and we should be paying much more attention to what they are asking and saying! They do not want to take over Schoolcraft College. They just wish to sit with us as equals and know they are being listened to.

There was a very timely quote in the Sunday Free Press last week by Mr. John E. Sawyer, President of Williams College and I would like to close my statement with that quote.

"The great majority of reasonable and constructive young people care intensely about the best in America and are desperately worried about where it is heading.

"If the leadership of this nation does not stop and listen to them, it is simply playing into the hands of the extremists by undercutting the basic trust of youth in the processes of government and even the traditional goals of our society."

## Geake

Continued from Record, Page 1

participation in college affairs than can Schoolcraft. Students sit on most planning committees of the college, run their own newspaper, and have equal voting power with the faculty and administrators on the College Council — the advisory body to the president.

At the Board level, the student Senate is provided with an agenda (and package of background material and data pertaining to agenda items) well in advance of every meeting. Students, as well as other

concerned parties, are invited to speak before and after the Board sessions, as well as during the sessions on any items of interest to them. It is hard to imagine how communication could be more available.

There can be no question but that the student body is a special interest group with a direct stake in the decisions of the Board of Trustees. The stake is so substantial that the Attorney General has ruled that a student

may not be a full voting member of a college governing board at the same time he is a member of the student body, for such double membership would constitute an illegal conflict of interest. Seating a student in a non-voting "advisory" capacity, while technically not illegal, raises in many minds the same question of

propriety.

Other special interest groups at the college might just as reasonably be entitled to advisory seats on the Board, once the precedent were set. These include the bargaining units of faculty, clerical, and maintenance employees, department heads and division chairmen, the college alumni association, and even major contractors and suppliers to the college.

All may argue correctly that they are substantially affected by decisions of the Board of Trustees and that their advice might from time to time be helpful to the Board in making decisions. In fact, the college faculty bargaining team has already included such an advisory seat in its package of demands. How any governing body, be it school

board, city council, or legislature could function with representatives of special interest groups lobbying throughout all their meetings has not been explained.

The financial contribution argument seems to me to be completely without merit. Tuition is charged to help cover the cost of operating the college and is paid by the student in return for a given number of class hours of instruction—not for the right to participate in running the college.

This leaves the single spokesman argument. We have maximum communication when any student who is interested enough to attend Board meetings is allowed to be heard. This is the policy now and should not be abandoned in favor of having a single student representative.

# Water Line Gets OK

Construction of several miles of water lines in Northville Township moved a step closer this week as the township board enacted a resolution Monday approving the wording of a contract for the acquisition, construction and financing of the project.

(The complete resolution and the proposed contract approved at the special meeting appear on Page 8-B.)

Actual construction isn't likely to begin before the year is out, however.

Still to be completed is adoption of the bond ordinance, application for approval of the bond sale by the Michigan Municipal Finance Commission, advertisement for bids, and sale of the bonds. Earlier, the board requested the county to join with the township in pledging its full faith and credit in payment of the project, and the county subsequently agreed.

The project involves installation of three water lines in the vicinity of Eight Mile Road near the Yerkes Cemetery, Sheldon Road at Six Mile, and Seven Mile at Northville Road.

City Engineer L. W. Mosher and Bond Consultant E. Price Kimbrough have estimated the maximum cost of the bond project, including a maximum revenue from sale of water to the state

(Northville State Hospital) and present and potential private customers is seen as \$3,318,000 — far more than needed to insure that the township will be able to meet its obligations, the two officials emphasized.

While it was noted Monday that the proposed contract suggests ownership of the water lines goes to the county upon completion of payment, Township Attorney John Ashton, Mosher and Kimbrough expressed confidence that the county has no intention of retaining ownership but, as in previous similar cases, will formally turn over ownership to the township. Suggested county ownership, it was noted, is intended to enhance the bond sale.

Even should the county decide to maintain ownership in 1992, it will have no right to sell water in the township, Ashton noted. Furthermore, it could not prevent the township from continued use of the lines.

When asked for his guess as to what the bonds might sell for, Kimbrough estimated the interest at between 7 1/4 to 7 3/8 percent. Recently, similar bonds were selling at 7 3/4 percent, he said.

"This is an excellent bond issue," Kimbrough repeated while emphasizing that he sees no likelihood that the township might later be forced to levy a special millage to pay off the water bond indebtedness.

## MUTUAL FUNDS

Have you considered them?

If you haven't, you should know more about this prudent, modern way of investing in American industries' growth possibilities. Just call me. As a registered representative, I'll gladly give you the information.

©VOLKSWAGEN OF AMERICA, INC.

You're missing a lot when you own a Volkswagen.

A VW has fewer major parts than most other cars because it needs fewer major parts.

It doesn't need a long drive shaft to transfer power to the rear wheels. Because our engine's in the rear for better traction.

It doesn't need a radiator. Or a water pump, or hoses or antifreeze. Because the engine's air-cooled.

The parts a VW doesn't use, it doesn't have to haul and waste gas on. Which is one reason it gets about 26 mpg.

And the parts you don't buy, you'll never repair. So you can't waste money on that.

Of course, what you do get with a new Volkswagen makes up for what

you don't get.

You get a new, longer-lasting engine that's stronger than any other beetle engine.

You get an electric rear window defogger. And double-jointed rear axles for a smoother ride.

You get four free VW Diagnosis checkups. With each checkup, your VW gets an X-Ray like examination by incredibly fast and thorough diagnostic equipment. It can actually detect little problems before they become big problems.

You get a—well, you get the point.

You're missing a lot when you don't own a Volkswagen.

**VANDALISM** — Six grave markers in the Cady Street Cemetery were damaged last week when vandals knocked over the markers, breaking several of the stones. Residents in the area told police they heard noises in the cemetery around midnight June 29. Vandals were back again early this week causing more damage, angry citizens reported.

## It's A Bad Week for Reef

Reef's two entries in the Livonia-sponsored Adray and Connie Mack leagues won one contest but dropped five in baseball action last week.

In the Adray League, Reef posted a 3-2 victory over Farmington, and lost 2-0 to Redford Union and 3-2 to Hubert Realty.

In the Connie Mack League, Reef took it on the chin three times—6-0 to the Plymouth Elks, 3-2 to the Cardinals, 7-2 to Novi's B-V Construction.

Last week Tuesday's 6-0 loss at the hands of the Elks was called in the fifth

inning after the Elks had scored three runs in the third and three in the fourth.

Scott Evans pitched for Reef until the third when, with two outs, he was replaced by Jeff Moon.

Terry Mills, David Coe and Steve Utley supplied the hitting attack for the Reef battery but no runners got beyond first.

Thursday Bernie Bach lost the 3-2 squeaker to the Cardinals, giving up nine hits, one walk and striking out three in going the distance.

Cardinal scoring came in the first with one run on three hits, and in the fifth with two runs on a double, single and a walk.

Northville pushed across its two runs in the sixth on a double off the bat of Coe in a bases loaded situation.

Bill Rice claimed the victory for Livonia.

Novi posted its triumph over Northville in a July Fourth contest at Northville High School. Novi unleashed its scoring blitz with six runs in the fourth on five hits, two walks and two errors, and wrapped it up in the sixth with a single run on a single and a walk.

Both of Northville's runs came in the seventh on singles by Rick Asher, Terry Mills and Rick LaRue and a double by Steve Utley.

John Crane started for Northville and gave up eight hits, two walks and six runs in four innings. Evans replaced him and with the seventh Novi tally in giving up one hit and one walk while fanning four.

## In Men's Slo-Pitch

# League B All Stars Triumph

A seventh-inning threat was cut short Saturday night as the all-stars of the Men's Slo-Pitch League B edged the League A all-stars in a 8-7 thriller.

## Holdsworth Notches Win

Fred Holdsworth, June graduate of Northville High School and ace Mustang hurler, picked up his first victory last week with the Detroit Tiger's Appalachian League farmclub—Batavia.

Son of High School Principal and Mrs. Fred Holdsworth, Sr., the Northville star was relieved in the seventh with two outs and bases loaded. He gave up five hits, walked one and fanned 11 as his team posted a 2-1 victory.

Holdsworth, who will attend the University of Michigan in the fall under a Detroit Tiger scholarship, is expected to be a prime Tiger pitching prospect upon his graduation.

Harry Hartshore, hurler for the Newcomers II, was credited with the victory, while Dave Grimers, South Lyon Jaycee pitcher, took the loss.

League A scored two runs in the seventh to move within one run of its opponents, but with bases loaded Jim Tanner was tagged out at the plate to retire the side and nip the rally.

League A came back from a three-up, three-down first inning to score two runs on three hits in the second. But League B's Ross Totten smashed a bases-empty homer in the third and his squad picked up four more runs on three hits and two errors in the fourth.

In that same fourth inning, however, League A came back with two more runs, making the score 5-4.

Bill Hogg smashed a bases empty homer over the center field fence in the sixth for League A, but not until after B had pushed across three runs in their half of the inning on two singles, a double and an error.

Other action last week, Monday thru Friday, looked like this:

### MONDAY, JUNE 29

Perkins Engines defeated Pyles Industry, 24-11, with the help of back-to-back homers. Perkins' two big innings were the second and seventh, in which they sent 12 and 11 men to the plate.

Thanks to improved infield play Erie Trailer edged Newcomers II, 8-7, for its first win of the season.

### WEDNESDAY, JULY 1

South Lyon Jaycees lost a squeaker to Plymouth State Home 8-6, Newcomer's Club I lost to Northville Lumber, 7-1.

Northville Lumber also defeated the Newcomers a second time, 11-3, in a raincheck game Wednesday night.

### THURSDAY, JULY 2

Northville Drug and Casterline took

Northville Jaycees for an 11-3 ride with the help of two homers and a triple.

Pyles Industry forfeited to Casterline, not being able to muster enough players.

### FRIDAY, JULY 3

League leaders in A and B, Northville Drug and Northville Lanes, met with Northville Drug coming out on top 13-9. A six hit third inning helped the Lanes but not enough. Power for Northville Drug was

supplied by Bill Yoder who turned in two home runs.

South Lyon Jaycees demolished Novi Inn, 21-4, with the help of an 11 run fourth inning that included four home runs.

South Lyon Jaycees edged Plymouth State Home, 10-9, in a game also marked by home runs. Five homers came off the Jaycee bats, the others by Plymouth's battery.

## Trotting Derby Makes Return

Headed by five-year-old Trevor Hanover, who boasts a winning effort this year in 2:03.3, a field of 10 or more of the nation's better trotters was expected to go postward in the 16th renewal of the Michigan Trotting Derby Wednesday (yesterday) at Northville Downs.

The stake, one of two early closing events sponsored by the 'Downs', has a value of \$15,000 added and expected was a purse estimated at \$18,000. The Michigan Pacing Derby, second of the big races, is slated for Wednesday, July 22.

Racing Secretary Harry Peterson termed the list of 30 nominees as the finest ever for the Derby and already has received assurances from 11 owners that they'll enter their trotters.

Trevor Hanover, from the Frog Redden Stable of Mayfield, Kentucky, has been on the grounds for the past 10 days preparing for the stake. He has shown excellent form in his most

recent workouts.

Others expected to be in the starting field were: D.J.'s Annie, owned by Wildred Dunkel of Grand Blanc, Mich.; Good Pals Billy, Good Pal Farms of Caledonia, Mich.; Hassie Blaze, Dave Steiner, Lima, Ohio; Highland Pick, Roscoe Hodge of Pontiac; Jiles Pride, Robert Chapman, Pinckney; Justly Ann, Beatrice Tomicic, Grosse Pointe.

The others are: Lady Missile, Richard Packard, Ann Arbor; Mystic Boy, Dr. Robert Johns, Wooster, Ohio; Oak Grove, Stanford Rubach, Northville; Portfolio, Koehler Brothers, Findley, Ohio; Smokey Lee, Wallace Harrison, Franklin, Mich.; and Speedway Jackie, Dorothy Amend, Dearborn.

The 1969 winner was Little Master, driven by Gene Riegler of Greenville, Ohio, in 2:04.3. Record for the stake is held by the famed Proximity with a clocking of 2:02.4 in 1948.

## Snow Stalls, Mario Climbs

Mario Sinacola climbed to second place this week on the strength of two shut-outs dealt to Shubnell and Snyder in Novi Babe Ruth action as the league prepared for Monday's all star game.

Top flight Snow's Standard boosted its record to 4-1 by taking a narrow 4-3 victory over J.R. Snyder.

A total of three games were played, they read like this:

### MONDAY, JUNE 29

Hurler Gene Reske saw Snow through a squeaker with Snyder, 4-3, allowing three hits and fanning 14.

Three runs came for Snow in the first inning when Reske and Karch both walked and came home on a double off the bat of Joe LaFleche.

LaFleche got into scoring position by stealing third, and tallied the run on a wild pitch by Snyder's Gary Colton.

The second through the sixth innings were quiet except for singles by Reske and Karch both of whom were left stranded.

Snyder's big inning came in the third when Dave Ward led off with a single and then stole second. Colton was hit by a pitch, and Gary Staub got on through an error.

Two more walks forced in Ward and Colton before the side retired.

Snyder's third run came in the fifth

when Staub socked a bases-empty home run, tying the score.

In the bottom of the seventh, Joe LaFleche scored the winning run from first base off a triple by his brother Kevin.

Colton took the loss, allowing five hits, six walks, and fanning seven.

### WEDNESDAY, JULY 1

Sinacola began its climb from the cellar with J.R. Snyder in a 3-0 shutout by John Pantalone that saw only one Snyder hit.

Sinacola scored its runs in the fifth when Gary Canfield and Roger Pelchat walked and were knocked in on a double from Pantalone.

Pantalone closed the scoring when he came across on a triple smacked by Dave Brown. The side retired leaving Brown at third.

Snyder's lone hit was a single by Gary Colton in the third inning that left him on. Gary Staub took the loss for Snyder fanning 10 and walking five.

### THURSDAY, JULY 2

Sinacola clinched second by downing third place, Albers Shubnell 8-0.

The shutout was engineered by Dave Brown who fanned 13 men while allowing two hits and two walks.

Pat Boyer took the loss for Shubnell giving up five walks, eight hits and fanning 11 men.

## Schoolcraft Takes Fifth

Schoolcraft Junior College placed fifth in the state in all sports competition for the year, it was announced June 16 at the annual meeting of the athletic directors of Michigan junior colleges held at Higgins Lake.

Schoolcraft gained fifth place by compiling honors in golf and soccer.

The Schoolcraft linksters won all of their duel and triangular meets for the season finishing as champions of the southeastern Michigan division with one tie and eleven wins.

Schoolcraft's soccer team posted three players in all conference honors, one who won all region honors.

## Downs Up

The halfway mark has been reached in the 54-night meet at Northville Downs and business continues to increase.

Through the 28th night last Saturday the local harness racing track had attracted 140,486 fans, up 15.2 per cent over the same period for 1969.

And on Saturday night fans bet a near-record \$500,644 to bring the total handle for the season to \$10,527,946, up 9.8 per cent over last year. Average nightly mutuel handle this year is \$375,998.

## OPEN LINE

Q How does this downhole safety valve work?

If a drop in pressure occurs, the downhole safety valve works, within seconds, to seal in the gas in the underground storage fields.

Q What could cause a drop in pressure in the gas storage fields?

A Wellheads stand above the ground, so they are exposed to the elements and to the possibility of accidental damage by aircraft or surface vehicles. If a well-head should be damaged or ripped away, a drop in pressure would occur. The downhole safety valve would react automatically.

Q What about gas pipelines? How does Consumers Power guard against pipeline leaks?

A The company uses mobile leak detection units to survey 15,000 miles of natural gas transmission and distribution mains each year. These units sniff out a leak or break in the system and mark it for repair. Each year the company also digs up, cleans, inspects and re-tests many, many miles of older gas pipelines.

Q Are these safety precautions adequate to prevent any interruptions in gas service?

A These are just a few of the company's safety measures. Most importantly, the gas control center in Jackson oversees the company's entire gas distribution system. Within this center, a complex data acquisition and control unit scans 600 checkpoints in the gas system throughout the 12,512-square mile gas service area. Every two minutes, this electronic watchdog checks gas pressure, flow, density, temperature and specific gravity at each checkpoint. It alerts technicians before a serious problem has a chance to develop.

## Don, John, Gary and Roger are gas company men, but they provided you with insurance.

When our Consumers Power crew installed this odd-looking valve, they insured 64-billion cubic feet of natural gas reserves. The device is a "downhole" safety valve. Forty of them have been installed in our three underground storage fields to protect them from accidental damage by aircraft or surface vehicles. It's another way of insuring a safe, dependable supply of gas whenever you need it. ■ Consumers Power Company is planning, building — and innovating — today, for Michigan's tomorrow. Because we care about making life better for all of us.

**FINALLY** — Saturday, the Fourth of July, saw the long delayed opening of Novi's City Park. With all difficulties out of the way and only final approval of the swimming water forthcoming from the county, park committee Chairman Peter Alcalá felt safe to order the official opening. Watching mayor pro-tem Denis Berry cut the ribbon are (left to right) Mrs. Alcalá; Tom Marcus, member of the park committee; Alcalá; Dean Bainard, president of Novi Jaycees; Berry; Chuck Collins, Jaycee representative on the park committee; Mabel Ash, city clerk; City Councilman Edwin Presnell; and City Councilman Raymond Evans.

## Baseball, Softball Crowd Program

Results for seven games in Northville Recreation competitive softball and baseball make last weeks action look like this:

**KNOTHOLE SOFTBALL**  
The Tigers defeated the Bears 9-4 to move into a four way tie for fifth place. The Tigers had a five run second inning in that game.

The V.F.W. Rams took sole possession of fourth place at the expense of the Choo Choo Car Wash Chief, 2-1. The Rams big inning came in the bottom of the fourth when batsmen exploded with two singles and a double to push across both runs. Karl Kohs pitched the win.

The Cardinals lost what had been a close one with the Jets, 4-2.

Into the seventh inning it was 2-1, with the Cardinals in the lead, but a rally in the

bottom of that inning scored, pushed across three runs to give the Jets the victory.

Pressure plays highlighted the contest between the Panthers and the Little Squirts that, until the fifth inning was a scoreless ball game. The Little Squirts won it, 1-0.

Dan Brewer punched out a single for the Little Squirts, Kevin Lindley moved him to second and Brewer scored the winning run on a single by Peter Cartwright.

## Party Store Climbs Notch

Party Store hurler Brad McQuiston boosted his team into first place in the Novi little league majors last week by engineering a 7-3 victory over Jayhawks.

The victory gave the Party Store the 11-3 record it needed to displace the Tractors and go on to meet Wroten Brothers in the world series to be played next week.

There were no homers in that game, but it was packed with extra base hits at crucial points. Danny Baldwin socked a triple for Party Store, then went on to frost the cake with three singles. Gary Ford picked up a double and a pair of singles, while Bill McAllister and Jerry Beemer each hit a double.

Dennis Waldenmeyer took the loss for the Jayhawks, and Mark Sinacola supplied the batting punch with a single and a double.

Action in the Novi little league will close with the world series except for an all star game to be played July 25.

Cutting from a field of approximately 40 boys began Tuesday. A team of 14 players is to be selected.

## First Golf Classic Slated

The first annual Lem Barney Invitational Golf Tournament will be held tomorrow, Saturday and Sunday at Dun Rovin Golf and Country Club, according to pro Manager Earl Myers.

Sanctioned by the PGA, the tourney will offer a pro purse of \$6,000 with a first prize of \$1,500. Tournament action also will include amateur play with prizes for first, second and third place.

Six flights for men, and four for women will be provided in 54 holes of medalist play over the three days.

Tee off is 10 a.m.

**KNOTHOLE HARBALL**  
The only action reported last week saw the Padres take the Dodgers 9-1, and the Twins engineer a 2-0 shutout over the Angels.

Padre Dave Wilson worked a two hitter against the Dodgers. Two homers off the bat of Frank Defina helped the Padre cause.

Carl Poloski and Tom Marzoni led the Twins to their victory over the Angels. Poloski pitched four and one third scoreless innings, allowing three hits. He was relieved by Marzoni who finished the game.

**GIRL'S E SOFTBALL**  
The fourth-placed Half Pints met first placed Northville and fell, 11-6. The Northville effort was boosted by two home runs off the bat of Sheila Corcoran.

Standings throughout the recreation program looked like this as of Saturday:

## In Northville Rec Derby

# Turtles to Race Tuesday Morning

A turtle race, arts and crafts show, and a nature hike in Kensington Park will highlight activities in the Northville Recreation Program next week.

All day camp participants will meet at the Scout Recreation Building

## Drama Plans Include Play

The Recreation Department, under the direction of Prom, will sponsor a program in instructional dramatics beginning Monday, July 13, and running until August 5.

Featured will be training in stage direction, voice, acting, pantomime, make up and acting with song. A dramatic presentation will mark the closing of the program in August.

Those interested are invited to attend an introductory meeting at the Scout Recreation Building on Cady St. at 1 p.m. Monday.

Sessions will run for an hour each Monday, Wednesday and Friday for two weeks at which time play rehearsal will begin.

Participants must be registered with the recreation program. This may be done at the Scout Recreation building.

on Tuesday to participate in Northville's annual summer turtle race.

Prizes will be given for largest, smallest, most originally decorated and best decorated turtles. Judging will begin at 9:30 with the race following at 10 a.m.

Participants are urged to secure their own turtles although the recreation department does have a limited supply. Snapping turtles are not permitted.

A nature hike is scheduled for Kensington Park next Thursday to begin at 1 p.m. Buses will leave the Scout Recreation Building at 12:30.

The trip is limited to 35 persons. Reservations may be made at the Day Camps, or by phone at the Recreation office, 349-0203 between 8 a.m. and 12 noon any day.

Ribbons will be awarded to the winners in various categories at arts and crafts exhibitions to be held in each of the three day camps, Amerman and Moraine Elementary schools, and the Scout Recreation Building, Friday July 17.

Recreation Director Robert Prom, reminds parents of 12 openings in the third and fourth swimming sessions to be held July 13 thru July 24 and July 27 thru August 7.

## Novi Plans Second Summer Sports Boost

In an effort to reach a summer goal of \$4,000 the Novi Parks and Recreation Board will hold its second fund raising pancake supper next Saturday, July 18, at the Novi Community Hall.

The dinner will begin at 4 p.m. and continue until 7 p.m. "Admission is a dollar and participants can eat all the pancakes and sausages they want,"

Cherfoli said the program is "going great under program director Douglas Thrush." The two playgrounds are filled, and 250 youngsters are registered, he added.

reported James Cherfoli, representative of the recreation board.

The program needs \$600 to complete financing of summer activity.

The Northville Record / THE NOVI NEWS

The Brighton Argus

THE SOUTH LYON HERALD

Wed.-Thurs., July 8-9, 1970

Page I-B

Anyway you look at it Fourth of July was a big day for spectators as the biggest turnouts in history were recorded in three different communities-- Northville, Brighton and Whitmore Lake. The big attractions were the parades which featured dozens of bands, floats, marching units, and political.

In Northville where several thousands lined the mile-plus parade route, key attractions were the band and marching units from Taylor and Canada (below and bottom left). Floats were popular, too, with the Farmington VFW "Liberty Bell" entry winning first place (below) along with the floats of the parade sponsoring Jaycees (left top) and the Newcomers' "Sesame Street" (above), which proved to be real crowd pleasers.

Marching veterans and the home-town band (right) were big favorites in the annual Whitmore Lake parade as were floats and numerous clowns.

As elsewhere, rain held off long enough in Brighton for that community's "biggest Fourth of July parade ever," and here, too, floats such as the third-place Jaycee entry (top right) and some unusual entries, such as the pavement water skier (bottom right), drew laughs and applause.

## WE'LL PAY DAILY RENT ON YOUR MONEY

FOR AS LONG AS YOU LET US USE IT!

A WEEK • A MONTH  
OR OVER THE WEEKEND

YOU COLLECT

5%

INTEREST

Beginning the day you bring money in -  
Until the day you take it out.

Example: If you have \$5,000 idle in a checking account or a low-yielding savings account, bring it to First Federal until you decide what you want to do with it. In one week, it will earn \$4.86. In a month, \$20.88. Take it out anytime you wish - although you may like the way it's growing and decide to leave it for a while. But that's strictly up to you. We pay you while we use it. All you have to do is leave \$10 in the account so our computer will remember you at the end of the quarter; we'll send you a check for the "rent".

First Federal pays 5.00% interest on passbook savings, compounded daily and paid quarterly. The BIG PLUS is: date of deposit to date of withdrawal. You don't have to leave money at First Federal one second longer than suits you. It earns at the full rate every day we have it.

If your savings goals are longer term, we offer 5.75% Certificates (minimum 1 year) and 6.00% Certificates (minimum 2 years). All savings are insured by the Federal Savings & Loan Insurance Association.

## 1-Card of Thanks

The family of Alfred D. Cameron would like to express their deep appreciation and thanks to all our good friends and neighbors for their kindness and to the women of the First United Methodist Church and the Wesleyan Church for their thoughtful deeds.

I would like to take this opportunity to extend my appreciation to my friends and relatives who paused long enough during their busy schedules to think of me during my recent stay at Detroit Osteopathic Hospital. Your cards, phone calls, visits, flowers and prayers all contributed to my recovery. My sincere thanks.

Mrs. T.H. Leith

TOWNSHIP OF NORTHVILLE  
COUNTY OF WAYNE, MICHIGAN  
RESOLUTION 70-32

Minutes of a Special Meeting of the Township Board of the Township of Northville, County of Wayne, Michigan, held at the Township Hall on the 6 day of July, 1970, at 8:00 o'clock p.m., Eastern Standard Time.

PRESENT: Trustees Baldwin, Straub, Mitchell, Lawrence, Hammond, Stromberg.

ABSENT: Trustee Smith.

The following preamble and resolution were offered by Trustee Baldwin and supported by Trustee Mitchell:

WHEREAS, there exists an imperative need to acquire in the Township of Northville, as a part of the Wayne County Metropolitan Water Supply System, water extensions and improvements as hereinafter in the contract more particularly set forth; and

WHEREAS, preliminary plans and estimate of cost of said improvements have been prepared by Mosher Associates, consulting engineers of Detroit, Michigan, which said preliminary plans and estimate of cost have been reviewed by this Board; and

WHEREAS, this Board has determined that it is necessary for the public health to acquire said water extensions and improvements in accordance with said preliminary plans and estimate of cost; and

WHEREAS, Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended, authorizes the execution of contracts between municipal units and the proper county agency providing for the acquisition, construction and financing of water improvements; and

WHEREAS, the County of Wayne, acting by and through its Board of Supervisors, in accordance with Act 342, Public Acts of Michigan, 1939, as amended, by resolution adopted by majority vote of its Board of Supervisors on October 9, 1939, authorized and directed that there be established a system of water improvements and services to be known as the Wayne County Metropolitan Water Supply System, and did designate the Board of County Road Commissioners of the County of Wayne, as the agency for the County, to acquire, operate, maintain and improve the System with all the powers and duties conferred upon such agency by statute; and

WHEREAS, this Board determines it to be in the best interest of the Township to acquire said water extensions and improvements and to finance the cost thereof in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended; and

WHEREAS, a contract between the Township of Northville and the Board of County Road Commissioners of the County of Wayne, providing for the acquisition, construction and financing of said water extensions and improvements, and such matters as are deemed necessary thereto, has been prepared;

NOW, THEREFORE, BE IT RESOLVED THAT

1. The Township Board of the Township of Northville hereby determines it to be necessary for the public health and safety to acquire the water extensions and improvements set forth in the contract herein included as a part of this resolution.

2. This Board deems it to be in the best interest of the Township to finance the cost of such improvements in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended.

3. The Township Board hereby approves the preliminary plans and estimate of cost of said improvements prepared by Mosher Associates, consulting engineers of Detroit, Michigan.

4. The Township Board does hereby approve the following contract for the acquisition, construction and financing of water extensions and improvements:

CONTRACT

THIS CONTRACT, made and entered into this ..... day of ..... A.D., 1970, by and between the BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, Michigan, a public body corporate, acting for and on behalf of the County of Wayne, Michigan, party of the first part, hereinafter referred to as the "BOARD," and the TOWNSHIP OF NORTHVILLE, a municipal corporation in the County of Wayne, State of Michigan, hereinafter referred to as the "TOWNSHIP,"

WITNESSETH:

A-1. WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD, as the duly designated agency of the County, has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; said water distribution mains and facilities being designated as the Wayne County Metropolitan Water Supply System (hereinafter, for brevity, referred to as the "County System"); and

A-2. WHEREAS, the BOARD and the City of Detroit, by its Board of Water Commissioners, have under date of August 3, 1959, entered into a contract and agreement whereby in the interests of unified management and operation of all water supply and distribution facilities in the Detroit Metropolitan Area, the management and operation of the County System has been taken over by the Board of Water Commissioners of the City of Detroit, the BOARD, however, retaining jurisdiction over the County System for the purpose of financing necessary improvements and extensions thereto under the provisions of Act 342, Public Acts of Michigan, 1939, as amended. That said contract and agreement was duly approved by the Board of Supervisors of the County of Wayne and the Common Council of the City of Detroit. The water through the supply mains of the County System is now supplied through contract by user municipalities directly with the City of Detroit, by its Board of Water Commissioners, rather than by contract with the BOARD as was formerly the case, although title to the County System remains with the BOARD as the agency of the County; and

A-3. WHEREAS, the TOWNSHIP and the City of Detroit, by its Board of Water Commissioners, have, on June 2, 1964, entered into a contract for the supply of water from the Water Supply System of the City of Detroit to the TOWNSHIP through the mains and facilities of the County System, which contract assures an adequate supply of water for a period of not less than thirty (30) years from the date thereof; and

A-4. WHEREAS, Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended, provide an additional and alternative method of financing water improvements authorized by said Act independent of other means provided in said Act, by the terms of which the BOARD and the TOWNSHIP are authorized to contract for the acquisition, construction and financing of necessary water improvements as authorized by said Act, and the County, pursuant to appropriate action by its Board of Commissioners, is then authorized to issue bonds to provide funds therefor, secured primarily by the contractual pledge of the full faith and credit of the TOWNSHIP and secondarily by the full faith and credit pledge of the County, if authorized by resolution of its Board of Commissioners; and

A-5. WHEREAS, to preserve and protect the public health, safety and welfare of the present and future residents of the TOWNSHIP, which in turn will be for the benefit of the general health, safety and welfare of the entire County of Wayne, there exists an imperative and urgent need for additional water distribution mains and appurtenances in the TOWNSHIP to make available to its citizens and residents an adequate supply of filtered water, which said water distribution mains and appurtenances are generally described and located as set forth in Exhibit A attached to this contract and made a part hereof; and

A-6. WHEREAS, a blueprint plan showing in detail said water improvements is on file in the offices of the BOARD; and

A-7. WHEREAS, the BOARD has caused plans, specifications and estimates of cost of said proposed water distribution mains and facilities to be prepared by Mosher Associates, consulting engineers of Detroit, Michigan (hereinafter referred to in this contract as the "consulting engineers"), which estimates of cost, including contingencies, engineering, legal and financing expenses, and interest on bonds to be issued for a period of one (1) year, is in the sum of Nine Hundred Twenty-five Thousand (\$925,000.00) Dollars (which said estimate of cost is hereinafter referred to in this contract as "estimated cost"); and

A-8. WHEREAS, the execution of this contract has been authorized by resolution of the Township Board of the TOWNSHIP adopted on July ..... 1970, which said resolution has been published in a newspaper of general circulation in the TOWNSHIP, and more than thirty (30) days have elapsed since such publication and no petition for referendum concerning said resolution or this contract has been filed with the Township Clerk of the TOWNSHIP;

NOW, THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:

1. The BOARD and the TOWNSHIP hereby approve and confirm the new water distribution mains and appurtenances to be acquired and constructed as set forth in Exhibit A of this contract, and agree that the same shall be acquired and constructed in the manner provided by and pursuant to this contract. The BOARD and the TOWNSHIP further hereby approve and confirm the preliminary plans for said water distribution mains and appurtenances prepared by the consulting engineers and the estimated cost as set forth in the preamble hereto. The acquisition and construction of such water distribution mains and appurtenances herein approved are hereinafter in this contract referred to as PROJECT TO BE FINANCED.

2. The PROJECT TO BE FINANCED and the estimated cost thereof in the sum of \$925,000.00, as set forth in the preamble to this contract, include all surveys, plans, specifications, acquisition of property for right-of-way, including consequential and abutment damages, if any, and interest on awards, physical construction necessary to acquire and construct the water improvements approved and confirmed in Section 1 of this contract, the acquisition of all materials necessary to acquire and construct said water improvements, and engineering, supervision, administrative, legal and financing expenses necessary in connection with the acquisition and construction of said water improvements and the financing thereof, including interest for a period of one year on the County bonds to be issued.

3. The TOWNSHIP shall acquire all necessary property for right-of-way for the PROJECT TO BE FINANCED, and consents and agrees to the use of any of its lands and public property for such PROJECT TO BE FINANCED.

4. The BOARD will acquire and construct the water distribution mains and appurtenances approved and confirmed in Section 1 of this contract, and for that purpose will take bids for the acquisition and construction of such improvements prior to the time that any bonds are issued for the purpose of financing the cost of said improvements. The BOARD shall in no event enter into any final contract or contracts for the construction and acquisition of said improvements where such contract price or prices will be such as to cause the actual total cost of the PROJECT TO BE FINANCED to exceed the estimated cost, as

set forth in the preamble to this contract, unless the TOWNSHIP, by resolution of its Township Board, approves such increased total cost and agrees to pay the excess over the estimated cost, either in cash, or by specifically authorizing the maximum principal amount of bonds to be issued as provided in Sections 6 and 7 of this contract, to be increased to an amount which will provide sufficient funds to meet said increased total cost, and a similar increase in the installment obligations of the TOWNSHIP pledged under the terms of this contract to the payment of such bonds. The water improvements shall be acquired and constructed by the BOARD in accordance with the plans and specifications therefor based on preliminary plans approved by this contract. Provided, However, that minor variations from said plans and specification may be made without the approval of the TOWNSHIP if such variations shall not materially affect said plans and specifications. All matters relating to engineering plans and specifications, together with the making and letting of final construction contracts, as well as inspection, construction supervision and approval of work and materials for the water improvements specified in Exhibit A of this contract shall be in the exclusive control of the BOARD.

5. Upon completion of the water improvements specified in Exhibit A of this contract, the TOWNSHIP shall operate and maintain said improvements for and on behalf of the BOARD, at its sole expense. The TOWNSHIP shall be obligated to continue to pay for all water furnished pursuant to the provisions of the water supply contract with the City of Detroit referred to in paragraph A-3 of the preamble hereto. The TOWNSHIP shall have all the rights specified in either Act 342, Public Acts of Michigan, 1939, as amended, or Act 94, Public Acts of Michigan, 1933, as amended, or any other applicable law, relative to making charges or rates to users of said additional water improvements.

6. To carry out and accomplish the PROJECT TO BE FINANCED, in accordance with the provisions of Act 342, Public Acts of Michigan, 1939, as amended, the BOARD shall take the following steps:

(a) The BOARD shall immediately take all steps necessary to take bids for and enter into and execute final construction contracts for the acquisition and construction of the water improvements specified in Exhibit A of this contract in accordance with the plans and specifications therefor based on the preliminary plans as approved by this contract. Said final construction contracts shall specify a completion date of the water improvements.

(b) The BOARD will require and procure from the contractor or contractors undertaking the actual construction and acquisition of the water improvements, necessary and proper bonds to guarantee the performance of the construction contract or contracts, and such labor and material bonds as may be required by law, in such amount and such forms as may be approved by the BOARD.

(c) The BOARD will submit to the Board of Commissioners of the County of Wayne, an ordinance or resolution, providing for issuance of bonds in the aggregate principal amount of Nine Hundred Twenty-five Thousand (\$925,000.00) Dollars (representing the present estimated cost of the PROJECT TO BE FINANCED), said bonds to mature serially, as authorized by law, and to be issued in anticipation of the installment payments to be made by the TOWNSHIP as hereinafter provided in this contract, and to be secured primarily by the contractual obligation of the TOWNSHIP to pay the installments due, plus interest, as hereinafter provided in this contract, and secondarily, if approved by a majority of the members-elect of the Board of Commissioners, by the full faith and credit of the County of Wayne. After due adoption of the bond ordinance or resolution, the BOARD will take all legal procedures and steps necessary to effectuate the sale and delivery of said bonds.

(d) The BOARD, upon receipt of the proceeds of sale of the bonds, will comply with all provisions and requirements provided for in the ordinance or resolution authorizing issuance of the bonds and this contract relative to the disposition and use of the proceeds of sale of the bonds.

7. The entire cost of the water improvements, referred to in the preamble to this contract, and specified in Exhibit A, shall be charged to and paid by the TOWNSHIP to the BOARD in the manner and at the times herein set forth. The cost thereof (presently estimated at Nine Hundred Twenty-five Thousand (\$925,000.00) Dollars shall be paid to the BOARD, as the agency of the County, in nineteen (19) annual principal installments, plus interest and other expenses as hereinafter provided. The principal installments shall be as specified in Exhibit B (or any revision thereof made pursuant to paragraphs 8 or 9 of this contract) attached to this contract and made a part hereof by reference.

It is understood and agreed that the bonds of the County heretofore referred to will be issued, in anticipation of the payment of the annual installments herein provided, and as set forth in Exhibit B, with principal maturities on May 1st of each year, commencing with the year 1974, equal to the principal amount of the annual installments due on the preceding April 1st of such year, and bearing interest at the rate or rates determined on public sale thereof, payable on May 1st and November 1st of each year.

It is further understood and agreed that the TOWNSHIP shall also pay to the BOARD, as the agency of the County, in addition to the principal installments as specified in Exhibit B, on April 1st and October 1st of each year, as accrued interest on the principal installments remaining unpaid, an amount sufficient to pay all interest due on the next succeeding interest payment date (May 1st and November 1st, respectively), on said County bonds from time to time outstanding. From time to time as the BOARD is billed by the paying agent or agents for the County bonds to be issued for their services as paying agent, or registering bonds, and as other costs and expenses accrue to the BOARD from handling of the payments made by the TOWNSHIP, the BOARD shall notify the TOWNSHIP of the amount of such paying agency fees and other costs and expenses, and the TOWNSHIP shall, within thirty (30) days from such notification, remit to the BOARD sufficient funds to meet such paying agency fees and other costs and expenses.

The BOARD shall, within thirty (30) days after the delivery of the County bonds heretofore referred to, furnish the TOWNSHIP with a complete schedule of said installments, and the interest thereon due on the dates above set forth, and shall also, at least thirty (30) days prior to the due date of any such installment of principal and interest, or interest, advise the TOWNSHIP, in writing of the exact amount due on said date. The failure to give such notice shall not, however, excuse the TOWNSHIP from making its required payments when due under the provisions hereof.

If any installment payment as herein provided is not paid when due, the amount so not paid shall be subject to a penalty, in addition to interest, of one-half of one per cent (1/2 of 1%) thereof for each month or fraction thereof that the same remains unpaid after the due date.

8. If the proceeds of the sale of the original County bonds authorized by this contract are for any reason insufficient to complete the acquisition and construction of the PROJECT TO BE FINANCED in accordance with the plans and specifications therefor, the BOARD shall, if necessary, submit to the Board of Commissioners of Wayne County a resolution providing for the issuance and sale of additional County bonds in an amount necessary to provide sufficient funds to complete the PROJECT TO BE FINANCED, in which event the duties and obligations of the BOARD and the TOWNSHIP as expressed and set forth in this contract shall be applicable to such additional issue of bonds as well as the original issue, it being at all times fully recognized and agreed that the payments to be made by the TOWNSHIP in the manner specified in paragraph 7 of this contract shall be based upon the cost of the PROJECT TO BE FINANCED. Any such additional bonds shall mature serially on May 1st, and the installment maturing on the April 1st preceding said May 1st, as shown by Exhibit B, shall be increased by the principal amount of such additional bonds maturing on said May 1st. All the provisions of paragraph 7 of this contract shall be applicable to said increased amounts. Immediately upon the issuance of such additional bonds, the BOARD shall furnish and supply the TOWNSHIP a document entitled "Revised Exhibit B" specifying the new schedule of installments, increased as herein authorized, which shall be substituted and take the place of the present Exhibit B and the installment therein specified.

9. In the event, by reason of favorable construction bids received, it is not necessary, to issue the County bonds in the full amount of \$925,000.00 based upon the present estimated cost, but such bonds are authorized and issued in such lesser principal amount as may be necessary to pay the local share of the cost of the PROJECT TO BE FINANCED, the installment payments of the TOWNSHIP as provided in paragraph 7 and Exhibit B of this contract shall be reduced proportionately so that the installment payment due on April 1st of each year shall correspond to the principal amount of the bonds maturing on the next succeeding May 1st. All the provisions of paragraph 7 of this contract shall be applicable to said reduced installments, the same as though such installments were originally in said reduced amounts. In such event the BOARD shall furnish and supply the TOWNSHIP a new "Exhibit B" specifying the new schedule of installments, reduced as herein authorized, which shall be substituted and take the place of the present Exhibit B and the installments therein specified.

It is fully understood and agreed by the BOARD and the TOWNSHIP that the principal amount of the annual installments, as specified in Exhibit B and due on April 1st of each year, shall at all times correspond to the principal amount of the bonds due on the following May 1st.

10. The TOWNSHIP, pursuant to the authorization of Section 5a of Act 342, Public Acts of Michigan, 1939, as amended, irrevocably pledges its full faith and credit for the prompt and timely payment of its obligations expressed in this contract, and, except as hereafter provided, shall each year, commencing with the year 1970, levy an ad valorem tax on all the taxable property in the TOWNSHIP in an amount which, taking into consideration estimated delinquencies in tax collections, will be sufficient to pay its obligations under this contract becoming due before the time of the following year's tax collections. Such annual levies, by virtue of the authorization of Section 6, Article IX, of the Michigan Constitution of 1963, shall be without limitation as to rate or amount, being for the purpose of providing funds to meet the contractual obligations of the TOWNSHIP, in anticipation of which the County bonds, heretofore referred to, are issued. Nothing herein contained shall be construed to prevent the TOWNSHIP from using any, or any combination of, the means and methods provided in Section 5a of said Act 342, Public Acts of Michigan, 1939, as now or hereafter amended, for the purpose of providing funds to meet its obligations under this contract, and if, at the time of making the annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligations due prior to the next tax collection period, then such annual tax levy may be reduced by such amount, or if sufficient of such funds are so on hand and earmarked to provide for the full payment of the contractual obligations due prior to the next tax collection period, then no tax levy need be made for such year.

11. The TOWNSHIP may pay in advance any of the payments required to be made by this contract, in which event the BOARD shall credit the TOWNSHIP with such advance payment on future due payments to the extent of such advance payment.

12. The TOWNSHIP may pay additional moneys over and above any of the payments specified in this contract with the written request that said additional funds be used to call bonds for redemption prior to maturity, in which event the BOARD shall be obligated to apply and use said moneys for such purpose. Such moneys shall not then be credited as advance payments under the provisions of Section 11 of this contract.

13. In the event the TOWNSHIP shall fail for any reason to pay to the BOARD at the times specified, the amounts required to be paid by the provisions of this contract, the BOARD shall immediately notify, in writing, both the County Treasurer of the County of Wayne and the Township Treasurer of such default and the amount thereof, and if such default is not corrected within ten (10) days after such notification, the County Treasurer or other official charged with disbursement to the TOWNSHIP of funds derived from the State sales tax levy under the law, and payable to the TOWNSHIP pursuant to Section 10, Article IX, of the Michigan Constitution of 1963, is by these presents specifically authorized by the TOWNSHIP to withhold funds to the maximum amount necessary to cure said deficit, derived from such sales tax levy and returnable to the TOWNSHIP, and to pay said sums so withheld to the BOARD to apply on the obligations of the TOWNSHIP as herein set forth. Any such moneys so withheld and paid shall be considered to have been returned to the TOWNSHIP within the meaning of the Michigan Constitution of 1963, the purpose of this provision being solely to voluntarily authorize the use of said funds owing to the

TOWNSHIP to meet past due obligations of the TOWNSHIP due under the provisions of this contract. In addition to the foregoing, the BOARD shall have all other rights and remedies provided by law to enforce the obligation of the TOWNSHIP to make its payments in the manner and at the times required by this contract.

14. It is specifically recognized by the TOWNSHIP that the payments required to be made by it pursuant to the terms of Section 7 of this contract are to be pledged for and used to pay the principal of and interest on the bonds to be issued by the County, as provided by this contract and authorized by law, and the TOWNSHIP covenants and agrees that it will make its required payments to the BOARD promptly and at the times herein specified, without regard to whether the PROJECT TO BE FINANCED is actually completed or placed in operation.

15. Nothing herein contained shall in any way be construed to prevent additional financing under the provisions of Act 342, Public Acts of Michigan, 1939, as amended, or any other law, for the purpose of constructing all or any portion of additional necessary water improvements.

16. After completion of the PROJECT TO BE FINANCED and payment of all costs thereof, any surplus remaining from the proceeds of sale of bonds shall be used by the BOARD for either of the following purposes at the option of, and upon request made by resolution, of the Township Board of the TOWNSHIP, to wit: (a) for additional water improvements in the TOWNSHIP, subject to approval of the BOARD, or (b) credited by the BOARD towards the next payments due the BOARD by the TOWNSHIP hereunder.

17. All contracts for connection to the water improvements, whether such connections are made during construction or after the water improvements are placed in operation, shall be made by the TOWNSHIP. The actual costs of such connections shall be paid by the TOWNSHIP except to the extent that the costs of such connections are included in the cost of the PROJECT TO BE FINANCED.

18. The obligations and undertakings of each of the parties to this contract shall be conditioned on the successful issuance and sale of bonds pursuant to Act 342, Public Acts of Michigan, 1939, as amended, and, if for any reason whatsoever said bonds are not issued and sold within three years from the date of this contract, this contract, except for payment of preliminary expenses and ownership of engineering data, shall be considered void and of no force and effect. In the event that said bonds are not issued and sold, all preliminary legal and engineering costs shall be paid by the TOWNSHIP, and the TOWNSHIP shall have ownership, possession and use of all plans and specifications, surveys and other engineering data and materials prepared.

19. The water improvements acquired and constructed in accordance with the provisions of this contract shall be a part of the County System. The TOWNSHIP shall at all times maintain the water improvements to be acquired and constructed hereunder at its own expense for and on behalf of the BOARD. If at any time during the term of this contract the TOWNSHIP refuses or neglects to properly repair or maintain any of the facilities required to be maintained by it hereunder, the BOARD shall in writing order the TOWNSHIP to perform all necessary items of repair and maintenance and, in case of non-compliance with such order within thirty (30) days, the BOARD may proceed with such work and the TOWNSHIP agrees to reimburse the BOARD for any expenses incurred thereby.

20. The BOARD and the TOWNSHIP each recognize that the holders from time to time of the bonds issued by the County under the provisions of Section 5c of Act 342, Public Acts of Michigan, 1939, as amended, to finance the cost of the PROJECT TO BE FINANCED, will have contractual rights in this contract and it is, therefore, covenanted and agreed by each of them that so long as any of said bonds shall remain outstanding and unpaid, the provisions of this contract shall not be subject to any alteration or revision which would in any manner materially affect either the security of the bonds or the prompt payment of principal or interest thereon. The TOWNSHIP and the BOARD further covenant and agree that they will each comply with their respective duties and obligations under the terms of this contract promptly at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the said bonds, the security therefor, or the prompt payment of principal and interest thereon. It is hereby declared that the terms of this contract, insofar as they pertain to the security of any such bonds, shall be deemed to be for the benefit of the holders of said bonds.

21. This contract shall remain in full force and effect for a period of forty (40) years from the date hereof, or until such lesser time as the bonds issued by the County are paid in full. At such time within said forty-year term as all of said bonds are paid, this contract may be altered or changed by consent of the parties hereto or may be terminated by such consent. In any event, the obligation of the TOWNSHIP to make the payments required by Section 7 of this contract shall be terminated at such time as all of said bonds are paid in full.

22. The TOWNSHIP shall defend, indemnify and save harmless the BOARD from and against any and all claims of any nature whatsoever, including damage to property of the BOARD or injury to or death of employees or agents of the BOARD, arising out of the construction, operation and/or maintenance of the PROJECT TO BE FINANCED.

23. This contract shall run to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this contract to be executed this ..... day of ..... 1970.

EXHIBIT A  
Project Description

Section A:  
Connection with City at Detroit supply main in Eight Mile Road, approximately at the West line of Sec. 1, T. 1 S., R. 8 E.

18" Meter in meter well at connection with Detroit main.  
Approximately 8,000 feet of 20" water main extending south, from above connection with Detroit supply main, in easement and Marilyn Avenue, to Seven Mile Road; thence west in Seven Mile Road approximately 680 feet; thence southerly approximately 2050 feet, in easement through Northville State Hospital grounds, to a point near the existing Northville State Hospital elevated water storage tank.

Approximately 3,700 feet of 12" water main in Eight Mile Road, extending approximately 1600 feet west and 1900 feet east from the above described 20" water main, and in connection from the metered 20" water main.

Approximately 100 feet of 12" water main extending from the southerly end of the above 20" water main to a connection with the existing Northville State Hospital water supply line.

12" Meter in meter well, at connection to Northville State Hospital.  
Section B:  
Approximately 10,900 feet of 16" water main extending south-easterly in easement through Northville State Hospital grounds, approximately 900 feet from the end of proposed 20" water main, near the existing Northville State Hospital elevated water storage tank, to the East Quarter corner of Sec. 11, T. 1 S., R. 8 E.; thence south in easement abutting the east line of Sec. 11 to Six Mile Road; thence west in Six Mile Road to Sheldon Road.

Connection with City of Detroit supply main in Sheldon Road, at Six Mile Road.

16" Meter in meter well at connection with City of Detroit main.  
Section C:  
Approximately 7,100 feet of 12" water main extending west in Seven Mile Road from a point approximately 680 feet west of Marilyn Avenue, to Northville Road; thence southeasterly in Northville Road approximately 1800 feet to a point opposite Jamestown Circle North.

EXHIBIT B  
Principal Amount of \$925,000.00 to be paid by TOWNSHIP to the BOARD in annual installments on April 1st in the year and in principal amounts as follows:

Year	Principal Amount	Year	Principal Amount
Due	Amount	Due	Amount
1974	\$10,000	1984	\$55,000
1975	20,000	1985	60,000
1976	20,000	1986	65,000
1977	20,000	1987	70,000
1978	20,000	1988	75,000
1979	25,000	1989	80,000
1980	30,000	1990	80,000
1981	40,000	1991	80,000
1982	45,000	1992	80,000
1983	50,000		

The TOWNSHIP shall also pay to the BOARD interest on the principal installments unpaid at the rates and at the times specified in paragraph 7 of the contract.

5. A copy of this resolution shall be published in the Northville Record, of Northville, County of Wayne, Michigan, within ten (10) days from the adoption of this resolution.

6. The Supervisor and the Township Clerk of the Township of Northville are authorized to execute the contract approved by this resolution upon the expiration of thirty (30) days from the date of publication of this resolution; unless, under the provisions of Section 5b of Act 342, Public Acts of Michigan, 1939, as amended, said execution is stayed by reason of the necessity of prior approval of said contract by the qualified electors of the Township.

7. All resolutions and parts of resolutions insofar as the same may conflict with the provisions of this resolution be and the same hereby are rescinded.

AYES: Trustees Baldwin, Straub, Mitchell, Lawrence, Hammond, Stromberg.

NAYS: Trustees none.

RESOLUTION DECLARED ADOPTED.

Eleanor W. Hammond,  
Township Clerk

I hereby certify that the attached is a true and complete copy of a resolution adopted by the Township Board of the Township of Northville, County of Wayne, Michigan, at a Special Meeting held on June 9th, 1970, and that public notice of said meeting was given pursuant to Act No. 261, Public Acts of Michigan, 1968, including in the case of a special or rescheduled meeting notice by publication or posting at least 12 hours prior to the time set for the meeting.

Eleanor W. Hammond  
Township Clerk

## The Revolution?

Pastor Geo. Tiefert Jr.  
Immanuel Ev. Luth. Church

America — a nation born in revolution; and now, unhappily, a nation that is itself experiencing the venom of revolutionary sons and daughters. Can Christians participate in this revolution?

The teachings of the Apostles and Prophets, sent by God, as well as the precepts of Our Lord himself, guide us Christians in the matter of revolution and/or civil disobedience. But are there still Christians around, who are unsophisticated enough to believe that the doctrines of Holy Scripture apply to them?

It goes without saying that believers in the Father of Christ will always be concerned for reform and the promotion of justice, as well as care for the poor and the prisoners. "He

who has two coats, let him share with him who has none" (St. Luke 3). Nor does a true Christian shrink from losing all, rather than obey a law that commands him directly to sin (Acts 5,29).

But for a world and a society that is under God's judgment, and in which poverty and war are perpetual, because of "the evil that is in the world," — for such a world the Christian doctrine is remorseless and unrelenting in its insistence upon the sacredness of established government. Yes, Established.

Of the rotten, oppressive, slave-ridden governmental structures in his day (Nero was emperor), the Apostle Paul wrote: "Let every person be subject to the governing authorities.

For there is no authority except from God, and those that exist have been instituted by God. Therefore he who resists the authorities resists what God has appointed, and those who resist will incur judgment." (Romans 13).

Who today can bear to hear such a doctrine? Only that person who knows that "the appointed time has grown very short" and the "the form of this world is passing away" (1 Corinthians 7). He has put his confidence in the saving work of God, and washed his sins away by being baptized in the name of Jesus (Acts 22, 16). Christ's death and resurrection alone clear us with our Maker. In this hope the Christian waits for "new heavens and a new earth, in which righteousness dwells" (2 Peter 3).

Huge gears turn ponderously — meshing with others which turn still others, and power is born, energy released.

Today more and more gears and gadgets make living more and more luxurious. There are machines to do almost everything. Appliances entertain us, teach us, train us.

## and GADGETS

One thing remains individual. There's no "dial-a-matic" gadget for God, no pushbutton gimmick. Man's search for meaning in his life is still his own responsibility.

When man only dreamed of flying and the fastest way to travel was by horseback, God's Church was the source of all goodness and joy. It's no different today. In a world where man races for the stars, the Church remains the well-spring of truth.

Attend your church. Find faith and the good life.

# Quick Action Saves One Lightening Kills Golfer; Two Hurt in Wixom

A thunderstorm and an umbrella spelled death for Kay Kimmel of Wixom, while the quick thinking of Novi basketball Coach James Ladd saved the life of his partner, George Perry, Thursday as a lightening bolt turned a late afternoon of golf into tragedy.

Mike Leahy, Wixom neighbor of Kimmel, Ladd and Perry, stood with two of his companions under a tree near the ninth hole of Wixom's Hickory Hill Golf club. They'd run for cover when a rainstorm overtook them on the fairway.

Ladd took cover under another tree 40 feet away.

"I noticed Kay had a putter and I said to him, 'Kay you shouldn't have that putter,'" Leahy said later. "He gave it to me and I threw it over with our bags." The men had left their bags on the green.

Leahy noticed Kimmel also had an umbrella. He told him to throw it away also. Kimmel laughed and folded the umbrella down. He jabbed playfully at Leahy's stomach.

"He must have missed me by a good four or five inches, but he caused me to jump back."

"I'm sure in another two or three seconds he would have dropped the umbrella."

But two or three seconds was too long to wait.

Leahy regained consciousness on his back, 20 feet from the tree where he'd been standing.

"At first I thought I'd been disfigured in some way and I felt all over my head, looking for blood. Then I saw Ladd, and I'll never forget the expression on his face. It was a cross between total terror and shock. I turned around and saw Perry he was only a few feet from me, I thought he'd had a heart attack. I still had no idea of what happened."

"Then I saw Kimmel and I knew we'd been struck by lightning."

Ladd, who had turned around just in time to see Leahy and Perry catapulted through the air, immediately began mouth to mouth resuscitation on Perry and Kimmel.

"Should I go for help?" Leahy asked.

"Run," shouted Ladd.

It was 10 minutes or more before Leahy could get back to Ladd.

The four were taken to Pontiac General Hospital where Kimmel was pronounced dead on arrival. Perry was put in intensive care.

Ladd's fast action was credited with saving Perry's life.

"I just wish somebody would say something about Kay," Leahy said. "He wasn't a pushy guy at all, yet he was concerned for his community. He wanted to be friends with everybody. He was a good father and wanted to be with his family all the time."

The four were neighbors on Hopkins Drive in Wixom's Palmer Lakes Estate. Kimmel was running unopposed for president of a new citizen's association. He has two children, Craig 5, and Kevin 7. He'd recently bought a boat rather than spend the money to join a country club, according to Leahy, "because the boat gave more opportunity to be with his family."

"In another two seconds, I'm sure he would have thrown away that umbrella," Leahy repeated.

## Here's Some State Tips For July Vacationers

Vacation travelers with an eye for the unusual—that something different which makes a trip memorable—will find it in Michigan in July. Then the uncommon becomes commonplace in

**ISLAND QUEEN** — One of the most popular attractions at Kensington Metropolitan Park near Milford, is the Island Queen, a replica of an old Mississippi Riverboat that makes 45-minute tours around Kent Lake from noon through 6 p.m. Wednesday through Sunday only. Charges for the tours are 25 cents for children and 50 cents for adults. More than 300,000 persons have enjoyed the Island Queen tours since the cruise ship began service in 1956.

## ALONG THE Campaign Trail

### Governor

Governor William Milliken will be the featured speaker at the July 14 meeting of the Republican Committee of Oakland County.

County Chairman Robert Webster urges all area Republicans to attend the session and meet the Governor at Groves high school, 13 Mile and Evergreen in Birmingham at 8 p.m.

### U.S. Senate

Senator Phillip A. Hart's "slow reflexes" are cited as a matter of grave concern to Michigan voters by State Senator Robert J. Huber (R-Troy), candidate for the Republican nomination to unseat Hart.

"Two years ago, Senator Hart voted against the Omnibus Crime Control and Safe Streets Act," Huber told an Ottawa County Republican audience. "Now, after taking two years to get the message that his constituents are concerned, Hart suddenly sees the light and calls for billions of Federal dollars to fight crime."

"Any politician heeding public sentiment had every reason to know two years ago that citizens are bitter over government failure to make streets, homes and campuses safe from threat of crimes against the person," Huber continued.

"If it took Phil two years to learn that obvious fact," Huber said, "I'm

afraid his reflexes are too slow for Hart to serve Michigan effectively in the U.S. Senate."

These events, along with an historical pageant, a steam rodeo, water

carnivals, numerous county fairs and more than fifteen festivals are among some seventy community activities and events listed for July in the summer edition of the Events Calendar, compiled and distributed by the Michigan Tourist Council.

Indian culture, tribal dances, the arrival of the missionaries—all combine to bring history to life during the Baraga County Historical Pageant in L'Anse, July 24-26. Members of the local Ojibway Tribe portray the Indian characters in this drama, typifying the era when the Indian owned and inhabited the forests. Authentic Indian Pow-Wows, log birling, canoe races and a sunset boat parade on Keweenaw Bay also will be featured during the three-day event.

Steam spewing from giant boilers signals the coming of the parade of engines at the annual Steam Rodeo to be held July 31 — August 2 in Hastings. Hurling relics of a bygone era will engage in races, pulling contests, a tug-of-war and ramp climbing. Operated by both men and women, the antique engines also will be used to demonstrate threshing, baling and sawing as it was done in the early days of mechanized farming.

Water-oriented sports enthusiasts can look forward to the Sunfish-Sailfish Regatta, Tawas Bay, July 11-12; the annual Troutarama, Baldwin, July 23-25; and Regatta Ypsilanti, Ypsilanti, July 24-26.

Art lovers and antique collectors have several Michigan shows to choose from, including those offered by the communities of St. Joseph, July 12, Grand Haven, July 17-18, Cadillac, July 18, Lapeer, July 18, Alpena, July 24-26, and Wyandotte, July 31 — August 2.

Other events in store for Michigan travelers in July include a Water Festival in White Cloud, July 8-11, the Upper Peninsula Soap Box Derby at Hancock, July 11-12, the Munger Potato Festival, Munger, July 23-26 and a Venetian Festival in Charlevoix, July 25-26.

Pairs, fruit festivals, centennial celebrations, an old time riverboat show, a championship rodeo and a gem and mineral show round out the listing of warm-weather events in the calendar.

### Nature Class Ends at Kent

Thirteen persons, including a Northville teacher, will conclude their course in Nature Interpretation Workshop at Kensington Metropolitan Park's nature center near New Hudson.

The course this year, the 12th annual year it has been offered, was taught by Miss Suzanne Stephens, a summer instructor at Eastern Michigan University.

The local participant is Mrs. Judith A. Lucas, 60501 Grand River, a teacher at Main Street Elementary School.

Continued on Page 11B

**JULY TRAGEDIES** — Two were drowned and four died in a car-train crash in area communities during the first three days of July. A mother and three of her children were killed Wednesday when their car (below) was hit by a freight train near Hamburg, a four-year-old drowned in a septic tank in Hamburg Township Thursday, and a 17-year-old Lyon Township boy drowned in a Novi gravel pit on Friday. Killed in the car-train crash were Mrs. Lynne E. Schill of Manchester and her three children, Lee Ann, 13, Andrew Thomas, 6, and Timothy James, 5. The engineer of the Grand Trunk Railroad train saw the Schill's car approaching the crossing on Merrill Road and

assumed it was going to stop, police report. The train was only 40 feet from the crossing when the engineer realized the car was not going to stop. The diesel engine dragged the car some 70 feet from the crossing. The father and two other children were not in the car. Nicholas L. Mendler, 4, drowned when he opened a septic tank cover and fell into the septic tank at 7380 Teehan Road. The boy's father discovered his body an hour later. Harold Turner drowned (above) as he and a nephew swam in a gravel pit at Napier and Eight Mile Roads. The youths, according to police, were using a home-made garden hose snorkel at the time.

## Bulletin Offers Gardening Tips

A home garden is a symbol of achievement for many suburban and rural homeowners. Rows of productive vegetables, colorful flowers, and a table set with food "fresh from the garden", is the fruit of the homeowners efforts.

All too often, though, the beauty of a garden disappears when a summer thunderstorm pours rain down on the bare soil, making gullies in sloping land and leaving mud in low areas where the runoff water stands.

Whether you're planning to start a garden, or already have one, you might ask yourself these questions. Does rainwater from your neighbor's property drain onto your garden? Is your garden on a slope so that water rushes off and is lost to the plants, taking soil with it? Is your garden on a steep slope where you want to plant perennials, shrubs, or azaleas? If your answer is 'yes' to any of these questions, you should think seriously of planting your garden on the contour or perhaps building a terrace.

A contoured or terraced garden does not erode. Because water is

channeled across the slope instead of down, the soil absorbs more rainwater and is less susceptible to drought. Contouring not only controls erosion but distributes water evenly. This pays off in better yields and higher quality vegetables or flowers.

To help you establish contours or build terraces the U.S. Soil Conservation Service has released a new bulletin called "Gardening on the Contour." This bulletin gives helpful do-it-yourself tips on contouring or terracing. To get this bulletin, contact your local Soil Conservation Service office or write to Soil Conservation Service, Box 642, Wayne 48184.

## Trailer Park Is Major Item

A stand on a proposed trailer park on Silver Lake will be one of the actions taken Friday at the Silver Lake Improvement Association's annual meeting.

## State OKs Edison Hike

LANSING — Electric bills for the average Detroit Edison Co. residential customers will increase 1.8 percent under the utility's new electric rates approved recently by the Public Service Commission of the Michigan Department of Commerce.

The Commission approved a \$6,514,872 rate increase for Detroit Edison on April 22 and directed the utility to file new rate schedules to accomplish the increase.

It is the first rate increase Detroit Edison has had in 21 years.

The PSC said the average residential customer who does not have an electric water heater will experience no change in his electric bill which is now \$10.31 per month for 368 kilowatt hours of electricity.

Electric bills for customers who have electric water heaters will increase an average of \$2.71, increasing from \$10.28 to \$12.99 per month for 700 kilowatt hours of electricity.

Detroit Edison's industrial customers will have a 1.5 percent increase in their bills while rates for commercial customers will go up an average of four-tenths of one percent.

The PSC said the increase in industrial and commercial was small because these two categories did not receive rate reductions as large as residential users received between 1959 and 1967 when the PSC directed the utility to reduce rates four times.

The largest rate increase will be for municipal street lighting which will go up 22.3 percent under the new rate schedule.

Of the \$6.5 million increase, residential customers will pay \$3 million, industrial customers \$1.8 million, municipalities \$1.2 million and commercial customers \$455,000.

The new rates will be charged for electricity used after June 15.

## Michigan Mirror

## Justice Raps Court Procedure

LANSING — Michigan may have the most unusual method of picking its Supreme Court members of any state in the union.

Candidates for the court are picked in political conventions held after the primary in August. In November the candidates then are placed on nonpartisan ballots and selected on a theoretically

nonpartisan basis.

This is, according to a high court member who is seeking re-election this year, "probably the poorest method in the nation" for selecting members of the court.

Former Chief Justice John R. Dethmers, when asked about the Michigan method, said "I think it's a very poor system."

MANY OTHER members of the legal fraternity, as well as Dethmers, have been pushing for years for adoption of the Missouri plan for selection of judges.

Under the Missouri plan, judges from the state Supreme Court on down to the district court level are nominated by a commission made up of persons appointed to it by the courts, the bar association and the Governor. The commission nominates three persons for any judicial vacancy which occurs, and the Governor then names one of the three nominees to the post.

AFTER A PERIOD of time, the person appointed as judge is placed on an election ballot along with the question, "Shall this judge be continued in office?" If the majority of voters say yes, then he is retained. If they say no, he is cut.

"That system takes the judges out of politics and the politics out of the judges, so to speak," Dethmers said. "I have gone around urging that for quite a few years. I did it at the constitutional convention, but I wasn't successful."

The constitutional convention is responsible for the current selection method. The committee handling the question of election of judges was able to agree on a nonpartisan election of judges.

But it deadlocked on how to nominate judges and finally decided to leave it up to the Legislature. The Legislature also decided to do nothing. As a result, the method in operation before the new constitution was adopted: nominating by political convention was retained by default.

DETHMERS finds himself in a rather unusual position as he begins his campaign for re-election to the high court.

Though he has been on the state Supreme Court for 24 years, he is much less well known than any of the three candidates the Democrats probably will field.

The Democrats are expected to make their choice between former Governors G. Mennen Williams and John Swainson and former Lt. Governor, now Chief Justice of the Court of Appeals, T. John Lesinski.

"My name hurts me, there's no doubt about that," Dethmers conceded. "My strategy this year has to be to get known. When I was first elected in 1947 after two years as attorney general, I was well known, but the position is not one which throws you in the limelight and a lot of water has crossed the dam since then."

THE ONLY WAY a candidate can get known is to spend money and this presents a problem, too, since judges can't solicit funds like other candidates.

"I won't solicit funds, but I expect the Republican Party had better come up with some," he said. "In 1947 I spent (only) a nickel to get elected, and in 1953 I got practically nothing."

"In 1961 I got \$1,700 — they got real generous," he said. "Well I can tell you it's going to take more than that this year."

A LIMITED bear hunting

season in the northern lower peninsula will be allowed again this year by the Department of Natural Resources.

The season will be from October 8-14 and will be limited to 850 permit holders. DNR officials hope it will result in a kill of some 50 bears, the same as last year's season.

DNR will also set a September 10 through November 5 bear season in the upper peninsula, the same as a year ago, and tracking dogs will be permitted.

DNR sets the seasons with the aim of allowing hunters a chance to go into the field and kill a bear, while at the same time protecting the state's bear population from losses which it might not otherwise sustain in the winter and spring as a result of disease and other factors.

PARADE SPECTATORS—Fourth of July parades are favorites of just about everyone but they're especially exciting for youngsters who probably out-numbered adults in record-breaking attendance at parades in Northville, Brighton and Whitmore Lake Saturday.

## Along The Campaign Trail

Continued from Page 10B

problems of his constituents by voting to spend a half-million dollars to set up more public access sites on lakes in Oakland County.

"Bureaucrats in Lansing are running rough shod over the rights of lakeside property owners by establishing public access sites without even consulting the communities involved," Pursell said. "It is time the legislature put a stop to this practice by amending the state law governing acquisition of land for public access sites."

"As a state senator, I will introduce an amendment to the Marine Safety Act that will require public hearings in any community where a public access site is proposed. Furthermore, my amendment will prohibit the state from acquiring land for a public access without a formal vote of approval from the local governing body of the community involved," Pursell explained.

Pursell pointed out that Senator Kuhn has ignored the effects of unlimited public access acquisitions on his district.

Paul Kadish, democratic candidate for State Senate in the 14th District has called for citizen support of a graduated state income tax.

Speaking before a meeting of supporters in Farmington Township on July 1, Kadish called the "graduated income tax" the answer to the financial dilemma facing the state of Michigan.

"The graduated income tax combined with a statewide millage limitation and a constitutional amendment repealing the unjust annual equalization on private property, will provide the answer to the financing of our schools and other state services, while at the same time relieve some of the tax inequities now borne by homeowners, parents of school-age children, senior citizens, disabled veterans and permanently disabled civilians," Kadish said.

"The present system of taxation puts the greatest burden on the homeowner, while giving fast tax write-offs to large industry for tools, dies, jigs and fixtures."

## State House

Vowing to run as if he had to "beat the devil," Richard Fay officially opened his campaign here for the House of Representatives seat in the 51st District.

"Since it's an uphill race, I figured we might as well start as low as we could," Fay said.

"Hell is a good place to start our crusade because it symbolizes both how tough the opposition is and how hot the battle is going to be," Fay added.

Fay, a 34-year-old insurance executive, is challenging Representative Thomas Sharpe for the House seat. The district includes Livingston County and part of Washtenaw County.

Fay is basing his campaign on the theme that citizens in the District are tired of the "old politics" and want a fresh, vigorous spokesman in Lansing. Fay was greeted at Hell's Gate by the town's official Devil, Kem Charboneau, who is appointed by the Hell Chamber of Commerce.

Dressed in his red and black silk costume, Charboneau made it plain that he was neutral in politics.

"Besides, I doubt that any politician wants my endorsement," quipped the Devil.

A newcomer to the political scene, Fay is a veteran who served in Korea before returning to his home in the Howell area.

## County Commission

Larry D. VanderMolen, Democratic candidate for Wayne County Commissioner from Northville, recently charged that "the Wayne County Child Development Center is in need of drastic reforms. It is an example of the waste and inefficiency that characterize Wayne County government."

VanderMolen, appearing at a meeting of the New Democratic Coalition, said "the center accommodates 300 children, and the cost per child is about \$10,000 annually. This drastic waste of money should be changed within the near future."

"I suggest that of establishing a committee to study the administrative

structure of the organization within the near future," VanderMolen contended. The New Democratic Coalition also endorsed VanderMolen for Wayne County Commissioner. The meeting was held at the home of Paul Endicott in Livonia.

\*\*\*\*\*

Plugging his candidacy for re-election as Oakland County commissioner for this area, Lew L. Coy revealed this past week that because of his interest in county drain matters, a new Farmington Township drain is to bear his name.

He has been notified by Robert F. Patnales, chairman of the drainage board, that "because of the deep interest you have shown over the past two years as a member of the Oakland County Board of Commissioners in the drainage problem not only in your particular area but as it applies to the entire county, it was determined on the 1st day of May, 1970 that a new drain to be located in Farmington Township be named the Coy Drain."

Subsequently, the drain was established and it now carries his surname.

## Babson Report

## Cigaret Market On Two-Year Dip

BABSON'S REPORTS Inc. Wellesley Hills, Mass. — The steady growth that characterized domestic consumption of cigarettes during the 1950's and early 1960's was transformed into a two year decline in 1968 and 1969 as the anti-cigarette crusade gained momentum. Substantial increases in state and local taxes on cigarettes also contributed to the reduction in domestic consumption.

Helping to offset this cutback in domestic demand is the international market, which is growing at a rate of 4% a year. This market — about three times as big as that in the U.S. — is expected to receive increasing promotional emphasis and attention in the years ahead. For although diversification into non-tobacco products is proceeding at a rapid pace, the manufacturers are not overlooking the importance of tobacco to their operations (with most major producers, tobacco products still account for the biggest chunk of earnings). They are making every effort to maintain and possibly increase their tobacco business. To this end, the search for a "safe" cigarette continues to draw substantial research and development spending.

A RECENTLY enacted law prohibits advertising of cigarettes on radio and television after January 1, 1971. It is likely that the absence of TV and radio ads will make it more difficult to

introduce new brands, and the shifting of consumer preference from one brand to another may become less frequent. This could lead to some substantial cost savings for the industry. Spending on radio and television by the cigarette makers is estimated to exceed \$200 million. Although a part of this spending may be shifted to print media such as newspapers and magazines, it seems likely that a large portion of the money will be used to help finance further diversification moves and some of it will undoubtedly filter directly into company earnings.

The latest round of cigarette price boosts, to as high as 45 cents a thousand cigarettes, is the first general increase since May 1969 when the manufacturers raised their prices 35 cents a thousand. It has been

Out of the Horse's

Send your comments, questions, and horse show news to, "Horse's Mouth," c/o South Lyon Herald, South Lyon, Mi. 48178.

Michigan's 18th All-Morgan Horse Show, featuring nearly 300 of the finest park and pleasure Morgan Horses, will be held in the Michigan State Fair Coliseum in Detroit, July 11 and 12.

Gov. William G. Milliken has proclaimed July 11 and 12 as "Justin Morgan Horse Days in Michigan," and Mayor Roman S. Gribbs named the week of the show as "Morgan Horse Week" in Detroit.

Prize money totaling \$2,200 will be distributed over 80 classes with 500 participants aged three to over 60 years competing.

Show times are: Saturday at 8 a.m., 1 p.m., and 6 p.m. and Sunday 9 a.m., 1 p.m., and 6 p.m.

Show chairmen for 1970 are Ed Earehart, Northville and Basil Hiner, Novi. Tickets are on sale in advance through Morgan Club members, at J.L. Hudson stores, Grinnell's ticket centers, and the General Motors Girls Club.

Area champion and past champion Morgan horses and their owners:

Carousal, owned by Dar-Vale Farms of Howell; Mar-Jo's Redigo, Floyd Voss of Howell; Green Hill's Pecky Su, Walter Carroll of Farmington; Punctuality, Melanie Cole of Northville; Pebbles, Eddie Earehart of Northville; and Ricci Shauwn, Florence Schwemmin of Ann Arbor.

Outstanding area equitation riders:

Melanie Cole, David, Carrie and Danny Earehart, all of Northville; Andrea Eckler, Kathy Holt, and Sue Racz, all of Plymouth; and Debbie Loos of Belleville.

Miss Kelly Batton, South Lyon, riding "Lady Austin Mar-Lo" won first place in the walk, trot class at the Linden Horse Show, June 27. Miss Dawn Detgen, South Lyon, received third in English pleasure and third in English equitation riding her mare "Spring Breeze."

David Earehart, Northville, won first in both the stockseat and saddleseat equitation championships at Kalamazoo, June 26-28.

Mr. and Mrs. Robert Cole, Northville, were hosts to the members of the Justin Morgan Horse Club for a pot luck dinner, followed by an evening at Northville Downs, Friday, July 3.

Equine Dictionary:

APPUYER - a French term meaning to move in two directions at once forward and to the side. It is also known as "two-tracking" or "traveling on two paths." Learning this increases the horse's flexibility.

Sally Saddle.

Babson

Continued from Page 11-B

estimated that the latest round of increases will add about 35 cents to 40 cents a share this year to earnings to the major cigaret companies.

Profit margins should also get a lift from the first-half reduction of the surtax to 5% and the second-half elimination of this tax. In 1971, full-year absence of the surtax plus the twelve-month benefit from recent cigaret price boosts and the filtering down of savings from the TV and radio ban should lead to still higher earnings for the leading cigaret companies.

CURRENTLY, most cigaret stocks provide generous yields. Dividend increases have been frequent in the past; this year higher earnings are likely to lead to still further dividend boosts on the part of many of the outstanding manufacturers.

Ratio of prices to earnings for cigaret stocks ranged up to more than 20 times in the early 1960's.
