

GIANT POPGUN — Either April Fool's day still has some kick in it, or Northville pranksters are trying to take the kick out of guns. Whatever the reason for turning cannons into mammoth pop-guns, area residents were treated to an imaginative routine-breaker this past week at the expense of American Legion Post 147's artillery piece guarding the hall at 100 W. Dunlap. The cannon, slugged up by person or persons unknown, earlier this year was painted with peace symbols.

ONLY FIVE nights of racing remain in the 54-night meet at Northville Downs. The curtain falls next Tuesday night and won't open again locally until Jackson Raceway brings its winter meet here October 15. Through the first 46 nights of racing the Downs has averaged \$373,291 at the mutuel windows nightly. That's up 8.4 per cent over last year. Attendance is up 10 per cent. Through last Saturday night 228,683 fans attended races at the Downs.

A MEETING to discuss possible purchase of four sites for neighborhood parks will be held by the city council Monday night at 8 p.m. The council is inviting interested persons to attend and has noted that the potential park sites recommended by a citizens' study committee are in the Maplewood-Hill street area, Carpenter at Baseline, in Northville Estates and on North Ely drive near the Bell Telephone company building.

TOWNSHIP POLICE are now taking applications for volunteer police reserves, with classes in law enforcement and the use of firearms slated to begin in the fall, Police Chief Ron Nisun said. Applicants must be township residents between the ages of 22 and 40, in good physical condition, a minimum of five feet eight inches tall with corresponding weight, high school graduate or equivalent and have a good driving record and no police record.

TOWNSHIP PLANNERS Tuesday night reviewed seven alternate plans presented by Stewart Oldford for the alignment of the main entrance to his shopping center off Seven Mile and the entrance to the Levitt development north of Seven Mile. The alternates were referred to the township planning consultant, engineer, Oldford and Levitt to work out a final compromise. Planners set a special meeting August 18 for approval of the shopping center plans.

SIX ITEMS REMAINED unresolved in contract talks between the Northville Education Association and the School District as both teams yesterday (Wednesday) moved into what has been termed the last mediation session. "We're awful, awful close," Superintendent Raymond Spear revealed.

Sidewalk Sales Set Saturday

Some 50 outside antique and art dealers will join local merchants and citizens in staging what probably will be the largest Sidewalk Sales day in history Saturday.

According to Charles Lapham, spokesman for the sponsoring Retail Merchants Association, "We've had to turn down applications for more than 10 booths because we just didn't have the room for them."

As in the past, Center and Main Streets will be closed to vehicular traffic during the sale—from Dunlap to Main on Center, and from Center to Hutton on Main—to permit shoppers easy access to the booths that will line the sidewalks and streets.

The sale will open at 9 a.m. and conclude at 7 p.m.

Antique dealers will occupy booths on Center Street, arts and crafts

Township Races Top Tuesday Primary Ballot

One of the hottest off-year election battles is shaping up in Northville Township as voters in both the city and the township prepare to cast their ballots in Tuesday's primary.

City voters will be picking political nominees for county, state and national posts as will township voters. But in the township, voters also will be choosing Republican nominees for township treasurer and two trustee posts.

(See page 1-C for location of polling places and a description of precincts. Also a complete list of candidates appears on page 4-C.)

Despite the interest in the township races, Republican Township Clerk Eleanor Hammond (who is herself an unopposed Republican candidate for re-election) says a turnout of 30-percent or less of the registered voters is likely. City Clerk Martha Milne predicts a similar turnout.

A total of 2,567 are registered to vote in the township, 2,577 in the city. Through last week, 12 persons had taken out absentee ballots in the city, and 17 were out in the township.

In the township board race involving all Republicans (the lone Democrat, Joseph Fiorilli candidate for trustee is unopposed), two men are seeking the nomination for treasurer and six for two trustee posts.

Incumbent Treasurer Alex Lawrence faces a challenge from Joseph Straub, who now serves on the township board as trustee. Party nomination in Tuesday's primary will constitute election to the post since there are no Democrats seeking nomination for treasurer.

Republican candidates for the two trustee posts (including the one held now by Straub) are Incumbent William Smith, Halton Axtell, Richard Dunchock, Leonard Klein, Charles Schaeffer and Wilson Tyler.

Although Smith holds an elective office, he was appointed to the trustee post last year following the resignation of Thomas Armstrong. Only Tyler has held an elective post in the past (trustee). Klein, who serves as chairman of the township planning commission, was appointed to that post.

Because Clerk Mrs. Hammond and Republican Supervisor Gunnar Stromberg are unopposed for nomination in Tuesday's primary their election in the November regular election is assured.

In voting for candidates, voters must select the party of their choice and vote only for those candidates in that party. Voters cannot split their ticket in the primary.

Aside from the township board races, greatest interest locally appears to center on the Republican race for the State Senate and two different county commission contests.

Incumbent Republican Senator George Kuhn is facing another challenge from Carl Pursell of Plymouth, an unsuccessful opponent of Kuhn four years ago. Also in the race is Al Smith of Farmington and Donald VonRase of near Pontiac.

Pursell presently is serving as Wayne County Commissioner for the Wayne County section of the city and Northville Township. (See biographies on Page 6-A. A complete list of all candidates appears on Page 4-C.)

Seeking the Republican nomination's for Pursell's county commissioner seat (26th District) are Harvey Moselke, former Livonia mayor, and Dale Welling. (See biographies on Page 8-A.)

On the Democratic side of the battle for nomination to the Wayne County commission are Larry VanderMolen, a Schoolcraft College instructor who lives in Northville's Kings Mill development, and Robert Dwyer of Plymouth.

Only those voters from the city living in the Wayne County section will vote for Republican or Democratic commission candidates in the 26th District.

In the Oakland County section of the city, voters will be choosing between two Republican candidates for the Oakland County Commission (27th District) —Incumbent Lew Coy of Wixom and former Wixom Mayor Wesley McAtee (See Novi, Page 5-A).

Year-Round Foes Spark Heated Board Argument

The school board meeting exploded into a heated argument over year-round school Monday night as a handful of members of the Committee Opposed to Year-Round School, led by president R. Duane LaMoreaux, demanded the board "immediately stop the study of year-round school and the expenditure of funds."

Repeated accusations from LaMoreaux that the "people of the community are alarmed, alarmed over year-round school," resulted in Superintendent Raymond Spear admonishing "Duane LaMoreaux, you are feeding alarm to the community."

LaMoreaux told the board that the petition drive being conducted by the Committee Opposed has "indicated overwhelming support for our position. Ten percent at the most indicate a strong support of year-round school," he said.

"But we cannot hope to publicize our position as well as you," he told the board, "because we do not have funds from the state to conduct our campaign."

He expressed the fear that the school board, on direction from Spear, would decide to implement year-round school even though the majority of the people in Northville were opposed to it.

Trustee Eugene Cook, repeating a statement made previously by the board, said the "board is not committed to implementing year-round school in Northville at any pre-conceived date."

Richard Clegg asked the board to "put the question to the voters now. If they are opposed to year-round school drop any further study."

Board President Dr. Orlo J. Robinson said, "You are trying to stifle our attempt to get all the answers and give them to the community and then let them decide if they are in favor or opposed to the concept and that's undemocratic."

Spear said phase two of the study, just completed by the district, proved the concept "is feasible, not acceptable, but feasible in Northville. Phase three, which is now beginning, will determine whether year-round is acceptable to the district."

"And you can't tell me if it is

acceptable or not," Spear told the Committee Opposed, "because I don't even know all the facts yet."

Both Clegg and LaMoreaux again hinted the board may implement year-round even though the community does not favor it, prompting Spear to declare, "I have enough problems as superintendent without recommending year-round school when the people are against it."

Louis F. Mortenson compared year-round school to the "ungraded school system a few years ago. It split the district, the board, we lost a superintendent and you," he told the board, "lost the taxpayers' support. You are going down the same road now."

Trustee Stanley Johnston told

Mortenson that "When three millage requests were turned down we honestly tried to take on a study of how we could relieve financial burden on the district," he said explaining why the year-round school study was initiated in 1967.

"We did not do it to split the community and when people come here and say that, it's the embryo of a split. We will not refuse to continue the study if we can save money for future generations," Johnston said.

Mortenson said he would like the study taken out of the hands of Northville and put on the state level.

"Who is the state?" Trustee Richard Martin asked him. "You and I

Legal Battle Possible

Regional Center Appeal Weighed

Elaborate regional shopping center plans emphasizing a "unique and costly" buffer zone were detailed Thursday night by representatives of Leonard Brooks who threatened court action unless their client's proposal receives the "same consideration" as the Nate Shapero regional center plan.

The public hearing before the Northville Township Board was held in the school board auditorium to air the Brooks' proposal which earlier was opposed by the planning commission. The commission had recommended approval of the Shapero rezoning petition (for B-3) and denial of similar zoning for Brooks.

Major centers are proposed on the property of both men—at Eight Mile and Haggerty on the Shapero property and at Seven Mile and Haggerty on the Brooks property. The former suggests a

about 700,000 square feet.

(Livonia Mall involves about 560,000 square feet).

Property value of the Brooks center was placed at approximately \$17 million.

Following the hearing, the matter was taken under advisement by the board, and Supervisor Gunnar Stromberg indicated a meeting would be held (the date has not been set) between the board and the commission before a final decision is made on either rezoning request.

Earlier commission action is advisory only. It is the board that renders final decision on rezoning matters.

On hand for the meeting, in addition to representatives of Brooks and Shapero, were residents of Meadowbrook Estates Subdivision and their legal counsel, Philip Ogilvie.

News Around Northville

Mr. and Mrs. Lawrence Kupsky of Plymouth and Mrs. Floyd Kupsky, Jenny and Floyd Jr. of 318 Yerkes in Northville attended the 22nd annual convention and hobby show of the National All States Hobby Club on July 2 and 26 at the Jack Tar Hotel in Lansing.

During the convention Mrs. Kupsky, a past president of the organization, was elected to the office of three-year trustee. She also was presented an award for bringing in the most new members during the past year.

The 1971 convention and hobby show will be held in Louisville, Kentucky.

Visiting Northville from Shenfield, England this week, are Mr. and Mrs. Robert Green and their four children. The Greens moved from Northville to Shenfield last year, where he is employed with the Ford Motor Company.

Until they return on August 7, the Greens are staying with his brother's family, Mr. and Mrs. Michael Green of 8700 Napier Road. They will be moving back to Northville in a year or more.

Mrs. George Merwin and daughters Mimi 14 and Jacki 12 of 43461 Cottisford have just returned from a four day regional meeting of the Children of the American Revolution in Lexington, Kentucky.

Also attending from this area were Mrs. Robert Willoughby and her son Larry of Plymouth, Lisa Hopp, and Terry Lapham of Northville.

During their stay members visited the home of Henry Clay and a horse farm, and talked with Colonel Saunders, the legendary founder of Kentucky fried chicken. They also met with the new national officers and reviewed work projects for the coming year, which included such things as plans for patriotic education week and refurbishing a board room in Constitution Hall, Washington D.C.

John M. Miller of Green Ridge Nursery, Northville, has been attending the 95th annual convention of the American Association of Nurserymen held July 18-22 at the San Francisco Hilton Hotel in California.

As the national association representing the nursery industry, the association's convention featured speakers on the important role of plant material in environmental improvement and how the industry can best play its part to improve our land.

Mrs. Linda Lee of San Antonio, Texas is visiting old friends in Northville this week while she is the house guest of Mr. and Mrs. James Green of Cady Street. Formerly, Mrs. Lee and her husband lived in Northville where he operated the bowling alley and pool room on Main Street.

Mrs. Lee arrived here last Saturday for a week's visit before traveling to Europe.

Karen Sue Norman who is engaged to marry Keith Mueller of Northville was honored at a bridal shower on July 23 in the home of Mrs. H. O. Evans, 20311 Woodhill.

The wedding party and friends of the future bridegroom's mother from Detroit, Grosse Pointe and Northville attended the miscellaneous shower for which Mrs. Glenn Diebert was co-hostess.

Miss Norman is the daughter of Mr. and Mrs. Melvin Norman of Clarkston and her fiancé is the son of Mrs. Edwin Mueller of 18513 Jamestown Circle and the late Dr. Mueller. Both are attending Albion College where she is studying biology and he is majoring in bio-chemistry. They plan to be married on August 29 in Clarkston.

Marjorie Marquie, daughter of Mr. and Mrs. Gerard Marquie of 24030 Glen Ridge Court, was among the 117 students to be admitted to the Honors College at Michigan State University during the spring term. A sophomore majoring in astrophysics, she is a graduate of Novi High School.

Membership in the Honors College is open to those students who attain a 3.5 (A-minus) grade point average during their freshman or sophomore years. Honors College students are academically ranked in the top five percent of the student body.

The college is designed to give superior undergraduates an opportunity to develop intellectually according to their own academic interests and goals.

Summer amusements have launched into full swing at Meadowbrook Country Club this season.

Coming up soon is the men's invitational golf tournament on August 13-15 which follows the one-day women's invitational held on July 31. On August 7 a fish fry buffet dinner will be held for families in the club house.

James Aittama Honored by MTU

James C. Aittama of Novi, who received his degree in June, was among 118 students who achieved placement on the spring quarter Dean's List at Michigan Tech University by earning a grade point average of 3.5 or higher. Dean of Students Harold Meese reported that 24 of the students earned straight-A averages of 4.0.

TREAT FOR VETERANS—Novi Blue Star Mothers, Chapter 47, brought cheer to veterans at the Veterans Hospital in Ann Arbor with the donation of two bed-side television sets. Mothers delivering the sets were (l to r) Mrs. Hazel Mandilk, chairman of Blue Star volunteer service, Mrs. Homer Kent, and Mrs. John Klaserner, past president of the Novi chapter. Accepting the TV

sets is Harold Nordley, director of voluntary service at the hospital, which is primarily a general medical and surgical facility with a 428-bed capacity. Gifts such as these are greatly appreciated by the veterans and the hospital, said Nordley, who praised the Novi chapter for its dedicated voluntary service over the years.

LINDA ELLEGOOD

Engaged

The engagement of Linda Sue Ellegood to Randy D. Brandenburg is announced by her parents, Mr. and Mrs. William L. Livingston of 23941 East LeBost Drive. He is the son of Donald Brandenburg of 41750 Aspen Drive and Mrs. Bratcher of McMinnville, Tennessee.

Both the bride-elect and her fiancé are 1970 graduates of Novi High School. He is employed at Carl's Expressway Shell station in Novi.

No wedding date has been set.

BIRTHS

Mr. and Mrs. John H. Britton of 224 Linden announce the birth of their first child, a son named John Westley. He was born on July 22 at St. Mary hospital in Livonia.

Grandparents are Mr. and Mrs. Gerald W. Mandler of Plymouth and Mrs. D. Harper Britton and the late Mr. Britton of Northville.

A son, named Randy Scott, was born to Mr. and Mrs. Richard William Svatora Jr. of Plymouth on June 27 at Garden City hospital.

The baby, their first child, weighed 6 pounds, 12 ounces at birth. He also is the first grandchild of both Mr. and Mrs. Marroni and Mr. and Mrs. Richard William Svatora Sr. of Northville. The child's mother is the former Beverly Marroni of Northville.

For Children

Free Immunization Clinic Scheduled

A local area immunization clinic, part of a special program sponsored by the Wayne County Department of Health, is scheduled Wednesday, August 12.

The free rubella immunization clinic to be held in this area will take place at the Allen School (Plymouth School District), 1100 Haggerty Road, from 9 a.m. to 7 p.m.

Other one-day clinics have been or are to be held in other sections of Wayne county as well, according to Celia Chapin of the health department.

The August 12 clinic, said Mrs. Chapin, will enable parents to meet the requirements set down in a new law that states all children entering kindergarten and those that are new entrants to Michigan must present proof of protection against this disease.

Before bringing in their children for free immunizations, parents should be aware of the following information:

1 Rubella (German measles is not to be confused with 10 day hard measles) is ordinarily a mild three day infection.

2. Vaccine is available only for those children scheduled to enter kindergarten September, 1970 (first grade if parochial school) at these clinics.

3. The child must have no other immunizations for a month following and within the month before the injection or the rubella injection will not do any good.

4. Child must be free of any active disease or condition such as fever, rash, sore throat, asthma, diarrhea, stomach aches or other complaints.

5. Child must not be subject to convulsion or seizure.

6. Child must not be under treatment with cortisone type drug.

7. Child must be accompanied by an adult eligible to sign parental consent and answer required questions.

8. Child should not be living with an adult female in the first four months of pregnancy.

For further information call 274-2800 or 721-0200, extension 6886.

Senior Citizens Outing Set

The Northville Senior Citizens were kept hopping last week as members enjoyed two different excursion trips. On Friday a small group of seniors took a bus downtown to the Tiger Baseball game. Saturday about 42 members enjoyed a Bob-lo boat cruise with senior citizens from around the state.

Following the cruise they toured Belle Isle by bus before returning to Northville.

The Grand Hotel on Mackinac Island will be the site of the third annual Senior Citizen's get-together, sponsored by the Michigan Recreation and Park Association.

The three-day outing on September 6, 7, and 8 is open to senior citizens of the Northville area at a cost of \$64 per person.

Activities planned at the hotel during the get-together include cards, bingo and dancing with a live orchestra. An informal Western Party is slated for the second night which will include square dancing and awarding prizes for outstanding western style clothing.

Golf and a carriage tour of the island will also be available at an additional cost.

Accommodations are limited. Interested persons should call Mrs. Mary Anderson at 455-2607.

Co-op Nursery Elects Officers

Plans for the new cooperative nursery school to be operated in Novi this fall were polished up last week with the selection of the school's first officers.

The four women elected to office were Mrs. Zoe Ann Price, president; Mrs. Judy Killick, vice president; Mrs. Jeannette Flannigan, secretary; and Mrs. Julie Read, treasurer. Appointed officers were Mrs. Connie Podolski, membership chairman, and Mrs. Millie Parker, council delegate.

The co-op nursery will begin on September 17 and operate with two groups. One group will meet on Monday, Wednesday and Friday and the other on Tuesday and Thursday. For applications or further information contact Mrs. Podolski at 476-2083.

BE SURE TO VISIT BOTH MEN'S AND WOMEN'S STORES

SUNKEN TREASURES - Beginning swimmers dived for pennies last Wednesday as their part in the swimming show given for parents by students

enrolled in the Northville summer enrichment program.

Federally Funded

Summer School Program Benefits 40 Youngsters

Extending the horizons of some 40 youngsters has been the major goal of the summer enrichment program, a federally funded pilot project organized by the Northville Public Schools system.

Children have been receiving assistance in mathematics and language arts areas preceded by swimming or dance lessons in the six-week program which culminates Friday.

From 8:30 a.m. to 9:30 a.m. on four days a week the children have been busy learning how to swim or improving their swimming. Pride in their progress has been noted by four capable high school student life guards, teachers and principal Donald Van Ingen.

Climax of the swim activity came last week Wednesday when the children demonstrated their talents for their

parents in a variety of relays. Following the swim competition several of the parents joined their children in a free swim time.

The children then returned to the Main Street School building for two hours of academic work. Here again the learning was made exciting for them by using the Sullivan Individualized Reading Program, composing their own books, and playing drill games in math and vocabulary building.

Younger children, not tall enough to swim in the pool, have spent their recreation hour in a dance program learning body coordination. This was followed by speech therapy to meet their individual needs, language arts exercises and a reading readiness program.

Their summer program culminated with a performance and tea for their parents.

Both students and teachers have been most enthusiastic about the program according to Van Ingen, director of the program and Miss Florence Panattoni, curriculum coordinator. Both also felt that pre and post testing conducted by Mrs. Betty Sellers should show beneficial effects on the children.

Novi Jaycee Auxiliary Plans Membership Tea

A candy sale and a tea for prospective members have kept the Novi Jaycee Auxiliary humming with activity this summer.

On Saturday, July 25, members sold home made fudge at Waterford's Sesqui-Centennial Fair. Chairman for the project, Mrs. Dean Bainard said that profits would be used for community service projects in the fall.

A tea for prospective members was held on Wednesday, July 29 at the home of Mrs. James Cherfoli. The ladies enjoyed parfait desserts and viewed the filmstrip "Patch the Pony," the film shown to all Novi Elementary children as part of the auxiliary

EMU Hosts Local Students

Some 750 high school students including two from Northville who expect to enroll as freshmen at Eastern Michigan University in September attended one-day orientation programs on the campus last week (July 13-17).

During their visit, they received individual and small group counseling and registered for the fall semester. A campus tour, an opportunity to meet other freshmen in residence hall surroundings and 24 hours to become acquainted with campus routines were other parts of the program.

A special parents' orientation was held twice daily. The parents heard talks by University personnel and had a chance to ask questions.

The local students are Mark Griffin, son of Mr. and Mrs. Jack Dewsbury, 20391 Woodhill, and Lynn Loeffler, daughter of Mr. and Mrs. George Loeffler, 38849 Fermanagh.

Fair Preparations Underway

60 Enjoy 4-H Picnic

When the Lyons 4-H club held its third annual family picnic Sunday, about 60 people enjoyed a potluck and swim party at the home of Cheryl Visnyak, 50855 West Nine Mile.

Recently, club members have been busy preparing their entries for the Oakland County 4-H Fair, to be held on August 4 - 8 at the corner of Pontiac Road and Perry Street - in Pontiac. Sixty-four trophies will be awarded at the fair along with red, white and blue ribbons.

Youngsters from the Northville area who plan to enter exhibits at the fair include Cheryl Visnyak, Deanna, Cindy and Rex Balko, Neal and Lynn Nichols, Glenn, Robin and Bill Justices and Jerry Bostwicks.

Their exhibits will be made in such categories as leatherwork, cooking, sewing, art, photography, insect collections and livestock.

"Whether you are participating in

this fair as a spectator or as an exhibitor," Governor William Milliken has said, "you will find it a splendid showcase of agricultural, education and individual displays."

The Lyons 4-H club is seeking more members between the age of 10

- 18 from the Northville area. The club has regular meetings on the third Tuesday of every month, with special weekly meetings for project groups.

Anyone wishing additional information is asked to call Mrs. Esther Balko at 349-0968.

Former Teacher At Novi Weds

A former business teacher at Novi High School, Frances Lee Clement, married David Michael Anderson on June 27 at the Our Lady of Victory Church in Northville.

She is the daughter of Mr. and Mrs. Robert Lundquest of Milford, and his parents are Mr. and Mrs. C. Wayne Anderson of Fort Wayne, Indiana.

Immediately after the wedding a reception was held in the UAW Hall in Wixom where dinner was served to 300 guests. Several of the bride's former students assisted at the reception as Debbie Brown, Barb Reska, Sharon Sherrard and Bonnie Brown served punch and cut the wedding cake. Linda Ellegood, another student, helped with the guest book.

After a 10-day honeymoon in Hawaii the couple made their new home at 1025 East Main Street in Montpelier, Ohio. She is a graduate of Graceland College in Iowa and he graduated from International College in Indiana.

A GOOD BOOK - Mrs. Clare Thomas, of 18800 Valencia, 90-year-old believer in good health says her secret is to "enjoy what you do and to live a good life." What does Mrs. Thomas enjoy most? "Reading the Bible," she says.

Spiralling Costs Motivate Year-Round Study

Editor's Note: Following is the second in a series of excerpts from the book "Year-Round School, Is It Feasible?" published by the Northville School District with funds from a \$19,565 grant received in March, 1969, from the State Legislature. The grant was used by the district to study the feasibility of year-round school in Northville. Included in the series are highlights from the report in an effort to further acquaint citizens with the findings of the study. Copies of the book are available on loan from the Board of Education Offices.

A REVIEW OF LITERATURE ON THE YEAR-ROUND SCHOOL: ITS IMPLICATIONS TO THE NORTHVILLE FEASIBILITY STUDY

Ever-increasing enrollment, the spiralling costs of education and the recent trend of emphasis on accountability to the public for moneys expended motivated the superintendent of the Northville Public Schools, on direction of its Board of Education, to pursue the study of the Year-Round School Concept. One of the several standing committees established to assist such a study was the Research Committee whose charge was to investigate the

history of Year-Round Schools in the hope that history would disclose (1) reasons for failure of school districts to adopt Year-Round Schools in the past, (2) reasons for school districts who initiated a Year-Round School program to drop the concept, (3) directions to pursue and pitfalls to avoid should such a concept become necessary and palatable to the Northville School District.

Up until the middle of the 1960's with the pilot studies of the New York State Schools, little or no thought or planning was given to the measurement of effect on the instructional program, children in the program, teachers, or community. Even the measurement on financing a Year Round School in contrast to the traditional school year was extremely inadequate and ineffectively reported.

The stand that research divulges little upon which one can base judgments is based on the following premises: (1) In most cases Year-Round School programs were adopted in the face of financial crises for expediency reasons only and were dropped when money became more plentiful. Little, if any, preconceived plans for evaluation of even the effect on finances much less the effect on the child, the teacher, the program or the community were

considered. (2) Literature reports, for the most part, "hearsays" of school superintendents, principals or the public who have built-in prejudices pro and con on the concept. (3) Literature is replete with contradictory reporting in aspects of effect on the child, program, community and finances. (4) Concepts are confused to the extent that reports of the same program refer to it as summer school, mandatory or voluntary programs servicing all children or specialized groups of children; thus, school districts contemplating a specific type of program find it difficult to base judgment on research.

LITERATURE, FOR THE MOST PART, REPORTS "HEARSAYS" OF SUPERINTENDENTS, PRINCIPALS, OR THE PUBLIC WHO HAVE BUILT-IN PREJUDICES PRO AND CON ON THE CONCEPT.

Case in point — Newark, New Jersey, instituted in 1912 a so-called Year-Round School concept in two schools. By 1922 practically all Newark schools were in the all-year plan. A change of superintendents brought review of the plan and the recommendation that it be discontinued. The Board of Education accepted the recommendation and then reversed its opinion and requested a study be made by Farrand and O'Shea along with other educators. The study, which was partially based on data submitted by the superintendent and principals revealed data that supported continuance of the program. Yet in 1931 the concept was dropped because it failed to be sufficiently appropriate, adaptable and serviceable to the needs of the community and students. 6 Through 1922 under a supportive-of-the-concept superintendent, reporting reflected success of the program; following the change of superintendents, reporting reflected the failure of the program.

A similar situation is reflected in the literature referring to the Aliquippa experience with Year-Round School. Reporting under the superintendent who initiated the program presents a success story both in financial and educational advantages. However, the direct opposite is true during the superintendency when the concept was dropped. One superintendent reports savings in capital outlay for new schools and related services, while another reports that maintenance became too costly. The report of a let-down in the work of both teachers and pupils during the summer session was not consistent with that of the superintendent who served during the time the schools operated on the four-quarter plan.

LITERATURE IS REPLETE WITH CONTRADICTORY REPORTING IN ASPECTS OF EFFECT ON THE CHILD, PROGRAM, TEACHER, COMMUNITY AND FINANCES.

In one case a feasibility study indicated that the health of teachers and pupils in the all-year school was apparently not affected but not researched as to validity. 8

In Newark, New Jersey, it was reported that students in the all-year program showed no damaging physical effects, did advance more rapidly and the drop-out rate decreased.

Ambridge, Pennsylvania, another system operating on Year-Round School, found "the percent of failures in summer quarter was lower than any other quarter." 10

"After a five-year analysis, Aliquippa found that its summer quarter ranked first in attendance." W. Scott Bauman contends that the Aliquippa schools experiments discovered that children achieved more under the quarterly plan

Nashville's story regarding the effect on students and teachers is just the opposite — "according to an unlisted source reported in the Utica, Michigan study of January, 1970 "more student failures occurred in the summer than in other quarters, and not surprisingly, teachers were found to lack vigor and motivation during the summer."

In reality no evidence exists upon which we can honestly judge the effect of the Year-Round School on the child or on the teacher. Reports run the gamut of no evidence to success or failure stories on effect of year-round programs on child and teacher.

Even more contradictory are the reports concerning the effect of Year-Round Schools on finances. In the case of Nashville, Tennessee, "one source indicated that summer school costs per pupil in attendance were 64% higher than in other quarters; another report indicated that Nashville didn't even bother to compute financial data." 14 Newark, New Jersey -- reported no economical feasibility according to one source; while another source reported that "Newark, New Jersey found that it cost \$562.00 per year for the all-year school to graduate a student, and \$800.00 for the nine-month school graduate."

However, the picture is not consistent. While some districts claim financial savings, others report the opposite.

California districts found the four-quarter plan difficult and expensive according to H.S. Yivisaker.

"Atlanta in 1957 concluded that the four-quarter plan would cost more to operate than the cost of building new schools. The Atlanta study found that whereas the four-quarter plan would cost \$8,804,000, the traditional school year, including cost of new construction, would cost \$7,617,000."

"Other cost analyses showing the four-quarter plan to cost more than new plans were: Fulton County, Georgia, \$2,098,000 against \$2,772,500 for the 12-month plan; De Kalb County, \$1,714,000 against \$2,280,000 for the 12-month plan."

An analysis of literature on Year-Round programs makes it apparent that there is no consensus on financial feasibility nor are there reliable statistics to prove or disprove the financial feasibility. In addition, frequently mandatory and voluntary plans are lumped together making it impossible for the reader to distinguish the type and the true cost figure for the specific plan.

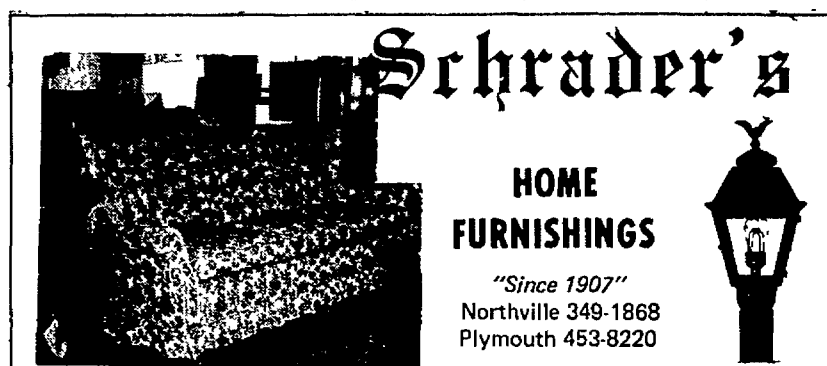

CONCEPTS ARE CONFUSED AND FOR THE MOST PART IRRELEVANT TO DISTRICTS CONTEMPLATING A MANDATORY FOUR-QUARTER PLAN.

Considerable confusion exists in literature on the Year-Round School concerning the concept being reported. Most programs referred to as four-quarter plans were nothing more than summer school programs. The term all-year school as applied in the literature refers to the four-quarter system on a mandatory basis or on a voluntary basis, to a summer school program, a vacation school, an extended year, summer programs for professional personnel, or to combinations of any of these or other concepts. However, descriptions are vague and, hence, the data presented is invalid.

Rochester, Minnesota's exciting Year-Round School plan which provides programs for teachers is in reality an enrichment program on a voluntary basis. Dr. James Moon, Superintendent of Schools, says "We believe that Rochester's Voluntary program or some variation of it, is a valuable step forward." 22 Although the program provides valuable evidence to support educational programs conducted in the summer months, there is little upon which a district contemplating initiating a mandatory four-quarter plan can base judgment. Literature on Year-Round School depicting similar examples is copiously profuse. Substantiated by the above evidence we contend that at least until the 1960's literature has little to offer those who look to it as a basis for determining whether a District should initiate the four-quarter concept.

In 1963 New York State launched on a major movement in Year-Round Schools. Unfortunately, the New York State experiments offer little in its research to any district pursuing the staggered four-quarter plan. The 1963 request of the New York State Legislature to the State Department of Education stipulated that they design demonstration programs and conduct experimentation to discover the impact of rescheduling the school year from a thirteen year system to a twelve year system. The organizational patterns are unlike the proposed four-quarter plan in that the New York plan permits students to graduate in fewer years while in the Northville Public School District's proposed four-quarter plan, this may be true for only an occasional student. In addition financial savings in the New York State plans are realized more slowly because of the structure of the plan students graduate in fewer years, whereas under the four-quarter plan, building costs decrease immediately because one fourth of the student body are on vacation at all times. Therefore, although the experimental research of the New York studies is excellent, the results are irrelevant as guidelines for a four-quarter plan.

The most worthy of recognition in Year-Round School programs in recent years is the Atlanta, Georgia plan which is in its second year of operation. A recent article called it a "living laboratory for the year-round school." 24 The focus of the plan is curriculum improvement and in that aspect will provide valuable direction for school districts adopting a year-round concept. However, the plan is not the mandatory plan proposed by the Northville Public School District and promulgators claim no financial savings, in fact, they estimate increased expenditures.

Coy, McAtee Battle for Commission Nomination

LEW L. COY

LEW L. COY

I deserve my constituent's continued support because I have given full time service in a supposedly part-time job. Persons interested in their local government know me personally as they have met me at their local council meetings. They can witness to my interest and endeavors. My attendance has been better than perfect as I have sat in on many committees of which I am not a member. The advantage I have because of my 25 year pension from the Detroit Fire Department puts me in a position that cannot be equalled, as I do not have to divide my efforts between two jobs. You the voters are the beneficiary of my past labors as well as my present efforts.

Continued on Page 14-A

EDITOR'S NOTE — Incumbent Lew Coy and his opponent, Wesley McAtee, for Oakland County Commissioner in the 27th District, covering among other communities the Oakland County portion of Northville, Novi and Wixom, were asked to write a statement as to why they believe they should be elected to office.

★ ★ ★

LEW L. COY

Incumbent commissioner, he is a retired Detroit fire department captain, a graduate of Oakland Community College and Wayne State University mortuary school; a World War II veteran, he is a past director of the Detroit Fire Department Association, and presently serves as a member of several county committees, and is vice-president of the Human Resources committee. He lives at 2942 Loon Drive in Wixom.

WESLEY E. McATEE

Former mayor of Wixom for eight years, McAtee owns and operates an office supply firm in Plymouth and is a representative of the Howard T. Keating Company. He became active in government a dozen years ago. He was a candidate for village president, was a member of Wixom's charter commission, the village charter committee, and he has served on the industrial development commission. He lives at 3031 West Maple Road in Wixom.

WESLEY E. McATEE

My qualifications, hopefully, have preceded me to some extent in the communities that the 27th District encompasses.

Experience gained in the hundreds of meetings with the Wixom City Council, in the numerous meetings and conferences with the Oakland County Department of Public Works and the Road Commission, and during the many hours of assisting legal counsel at the county level in producing a successful sewer contract for my own community can, I believe, be of value to all communities within the 27th District.

I take pride in the fact that citizens of Wixom were provided a fair and equitable sewer program

WESLEY E. McATEE

New Resignation Plagues Wixom

The city of Wixom is still without a parks and recreation director.

Latest attempt to fill the post was James Nissen who resigned following his appointment by Mayor Gilbert Willis at the Wixom council meeting Tuesday night.

Referring to Willis' appointment of two board members without consultation with the board, as per prior agreement, Nissen complained that "when a man tells me one thing and does another, I don't see how I can work with him."

At its last meeting, July 14, council was swamped with resignations from the seven members serving on the board.

Resignations came from Nissen, Bonnie DuFresna, Fred Evans, Irene Rollo, John Ruggles, Fred Warra, and Phylis Russett.

The resignations were not accepted and a special meeting was called between council and the board in an effort to resolve differences arising from Willis' earlier decision not to reappoint Tom Burke as director. Burke had been serving for nine years prior to Willis' entry into office last April.

Reported results of meetings held within the last two weeks saw Nissen as director, and Burke, Sandra Evans,

Severance Pay Called Illegal

Oakland County Commissioner, Lew Coy, charged Tuesday night that the Wixom City Council had broken state law in granting severance pay to former police chief D'Arcy Young.

Coy charged that the benefits had been granted in an unpublished executive session held last summer.

Under the law all sessions of a legislative body and all records of the municipality must be made public, he said.

Mayor Gilbert Willis stated that to his knowledge there were no minutes anywhere in the city's files granting severance pay to anyone.

City Attorney Gene Schnelz concurred, mentioning that he knew of no check issued by the city listed as

Continued on Page 14-A

Fred Evans, Irene Rollo, Bonnie DuFresna and Robert Trombley as members.

Ed Ruggles, Ron Parvu and Lottie Chambers were the appointments added by Willis Tuesday night that Nissen said he knew nothing about.

Nissen complained that Willis had agreed to discuss any new board appointments with board members prior to bringing them before council. Prior to Tuesday's meeting, there were still three vacancies to be filled.

"I admit I was wrong in appointing them," Willis said, "but I wanted to get it over with."

Willis admitted his error and then urged Nissen to remain, but without success.

Lottie Chambers, former councilwoman, had been discussed by council in earlier sessions as an agreeable selection to serve on the board as liaison with Wixom's senior citizens. Parvu, son of Councilwoman Mary Parvu, was Willis' first choice to replace Burke as director.

Calvert Issue Still Unsettled

Former Wixom building inspector, Ralston Calvert, was officially defined Tuesday night as a former "parttime employee, who acted as an official within the DPW."

An amendment to the long awaited ruling stipulated that as a parttime employee he not be denied any fringe benefits incurred while in service to the city.

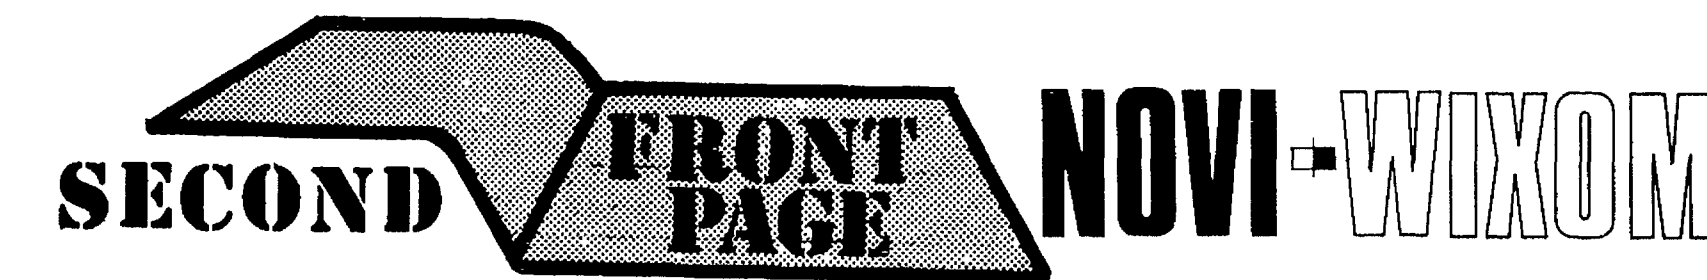

Lone dissenting vote in the council action was Councilwoman Mary Parvu. "I just don't see," she said, "how you can be a parttime employee and an official, too."

Calvert stated that he did what he had to do to complete his job but, that while in the employ of Wixom, he never "rose above the ranks of inspector."

Answering Mrs. Parvu's charge that he was sworn in and was therefore a department head, Calvert said that "in order to enforce city codes, I had to swear an allegiance to the city the same as any police officer."

He has requested a hearing to resolve the issues.

City Attorney Gene Schnelz

THE NORTHVILLE RECORD-NOVI NEWS

Page 5-A

4,083 Qualified to Vote For Tuesday's Primary

Election attention probably will focus on three races when electors of Novi and Wixom go to the polls Tuesday.

Voters will cast their ballots at the city hall in Wixom, at either the fire hall or community building in the City of Novi, and at a home in Brookland Farms subdivision in the Township of Novi.

(See Page 1-C for location of polling places, a description of precincts. Also a complete list of candidates appears on Page 4-C).

Three of the races with heavy interest here involve local candidates. Hottest of these pits Incumbent Oakland County Commissioner Lew Coy (27th District) against Wesley McAtee for the Republican nomination. William Roberts is unopposed for the Democratic nomination. Both Coy and McAtee are residents of Wixom where often they have been on opposite sides of local issues. (See statements and biographies above).

Coy won his commission seat in a slim victory over Democrat Raymond Lahti, also a Wixom resident, in the November, 1968 election. However, the final vote tally was not forthcoming until January of 1969—after a recount in which Coy picked up five additional votes, winning 5,614 to 5,559.

In another race involving old foes, Incumbent Republican Representative Clifford Smart of Walled Lake (60th District) is challenged by William Todd of Holly. Local residents will recall that two years ago Smart defeated Todd, then running as a Democrat, in the Presidential election.

Todd, whose avowed association with the John Birchers and ultra right philosophy led to his political ouster from the Democratic Party in Oakland County, is running this time on the Republican ticket. Interestingly, Todd's Democratic opponent in the primary two years ago, who lost in a squeaker, is running unopposed this time. He is E. Joseph St. Aubin of Milford.

Incumbent U.S. Representative Jack McDonald is unopposed for the Republican nomination, but Novi industrialist Franklin Z. Adell of Adell Industry, is battling three other Democrats for the nod in the 19th Congressional District.

The Democrats battling Adell are Fred Harris, Ronald B. Hecker and H. Patrick O'Neill. Hecker and O'Neill are from Livonia, Harris from Farmington.

There are no local municipal races involved in either Novi or Wixom. Incumbent Republican officials of Novi Township are unopposed for re-election.

A total of 3,192 persons are registered to vote in Novi, 891 in Wixom. Polls open at 7 a.m.; close at 8 p.m.

Pollution Cited Bathing Beach Request Denied

A permit application to operate a swimming beach on Walled Lake was denied by the Novi Council Monday night in a three-hour session.

The application was made by Herman W. Bohannon, 42935 Fourteen Mile Road.

Basing its decision on a letter from the Oakland County Health Department describing lake water off the Walled Lake property of Bohannon as "heavily polluted," the council turned down the applicants bid to operate a bathing beach at 1106 East Lake Drive.

However, clarification of city responsibility awaits an opinion from City Attorney Howard Bond who was not present at the meeting.

The county letter recommended that the property be locked up and posted as unsafe for swimming.

Councilman Raymond Evans complained that the city's responsibility as well as its power to do

anything about people swimming at the site is unclear.

"Is it a city matter to keep people out?" he asked.

City Manager Dallas Zonkers was directed to get an opinion from Bond concerning the responsibility of the city and to order Police Chief Lee BeGole to post signs declaring the area unsafe for swimming.

In other business Monday, the council authorized the spending of \$600, in conjunction with monies provided by the Novi school system, for repair of the Novi Community Building roof.

Work on the community building involves a section of the roof on the north side of the building and over the front entrance. A moisture release vent, as well as a galvanized gutter are also to be installed. Cost of repairs has been put at \$1,198.

Council gave Mrs. Evelyn Natzel, deputy treasurer, access right to the city's safety deposit box, over City Manager Zonkers' recommendation naming Comptroller Mrs. Francis Gow.

Discussion of the matter showed councilmen taking the position that duties concerning the depository, where financial and other important city papers are kept, belonged with the treasurer's office.

Zonkers said he preferred Mrs. Gow because, as comptroller, she doubles as deputy clerk and has charge of records.

City Clerk Mrs. Mabel Ash pointed out that in reality the comptroller handles no money.

In still other business Monday, the council—

— Referred two resolutions to Bond for approval of the legal work done by city bonding attorneys Miller, Canfield, Paddock and Stone.

The resolutions concern paving of 9 Mile Road between Novi and Enishore and the installation of sewers in the area of Grand River and Novi Roads. The latter grows out of hearings of necessity held earlier this month, the former is still subject to a report by Zonkers concerning plans and specifications.

— Resolved to move out of the DPW storage garage currently being rented on 11 Mile Road before rent comes due the beginning of August. The city's new facility on Taft and Grand River is ready for occupancy.

Board Lacks Quorum

New School Plans Aired

Without a quorum present Monday night, the Novi Board of Education was forced to limit its action to receipt of reports and bids.

Only President Bruce Simmons and board members LaVerne DeWaard and Russell Taylor were present at this the first session since the board switched its regular meeting nights to Monday. Other members were vacationing or out of town.

Topping the discussion was a report by an architectural representative of Lane, Riebe, Weiland of Ann Arbor on plans for the proposed new elementary school to be located east of Meadowbrook Road. The school site is adjacent to Kaufman & Broad's Village Oaks Subdivision.

Following the report and questions from the floor, the members indicated their satisfaction with tentative plans and informally recognized a need to consider air conditioning on an alternate bid basis.

The suggested 16-room school

building, for which working drawings have begun, is to be primarily of brick construction and a minimum of glass and colored paneling.

Still unresolved matters, the architect reported, include written assurance that Kaufman & Broad will provide and maintain an access road to the school site during construction, a determination of grade levels adjacent to subdivision streets, and a clarification as to whether or not a holding pond in the flood plain area on the property will be necessary.

The outcome of these, it was noted, could affect not only the drawings but the bids by contractors.

Bus body and chassis bids on two vehicles referred to Superintendent Thomas Dale for review and recommendation at the next meeting. (A special meeting of the board is to be held Tuesday, August 11 for opening of bids on the proposed new middle

school, to be located near to the present high school).

Bids were received from seven different firms—some on both body and chassis, others on only chassis or body. Bids also included alternates. Without final compilation, most appeared to be within the \$8,500 to \$9,500 range (per vehicle).

In his report to the board, Dale said his initial estimate of the cost to the district resulting from the Supreme Court's recent decision prohibiting book and supply rentals and fees was considerably less than what the actual cost likely will be. Cost is likely to approximate \$40,000, he said, or some \$20,000 more than he originally estimated without thorough study of Novi's book rental system.

The added cost of having to pick up cost of books and supplies normally charged off to students is being "worked into the budget," Dale said. That budget has yet to be approved.

NOVI HIGHLIGHTS

By Mrs. H. D. HENDERSON
Phone 349-2428

Mr. William Fox spent last week's vacation making a short trip with his wife and family. The highlight of their vacation was a trip to Cedar Point last Tuesday.

On Sunday Mrs. William Fox attended a pre-nuptial shower in honor of bride-elect Judy Croft at the Northwest Sportsman's Club in Detroit. There were approximately 150 guests. Miss Croft will become the bride of "Skip" Glasson of Farmington, August 28.

Last Tuesday Mr. and Mrs. Robert Slentz and three children and Mr. and Mrs. Ted Slentz, had a day's outing at Cedar Point. Betty, daughter of the Robert Slentz's, was the guest of her grandmother for the remainder of the week.

Mr. George Simmons was injured in an automobile accident last week Monday. He sustained several broken ribs but he is getting along fine and expects to be back home soon.

Mr. Ollie Deaton and son, Johnny, are at Crystal Falls in the Upper Peninsula for a week of fishing.

Ronald Deaton has finished his N.C.O. schooling at Fort Knox, Kentucky and has been sent back to his base at Virginia Beach.

Mr. and Mrs. Martin Willacker and family and Mrs. Martin Willacker III and daughter, Valerie, are vacationing at the Willacker cottage at Duck Lake, Interlochen. In the meantime, Martin III is home this week. He is recuperating from two broken legs he received in the service at Vietnam.

Mr. and Mrs. James Erwin have returned from 10 days of vacation visiting relatives and friends in New Hampshire and New York state. They visited Mr. Erwin's sister, Mrs. Edna Hill, and a niece and Mr. and Mrs. Milton Hanks and family at Romney, New Hampshire, and Mrs. Erwin's sister, Mrs. Lyle Brown and many other relatives at Alexander, New York.

Mr. and Mrs. Errol Myers celebrated the latter's birthday last weekend with their daughter and husband, Mr. and Mrs. Don Hoffman in Clawson.

On Sunday Mr. and Mrs. Errol Myers were the guests of the former's sister and brother-in-law, Mr. and Mrs. Richard Fredricks at White Lake. They celebrated the birthday of Mrs. Myers and Michelle Signac of Midland.

Mr. and Mrs. William Rackov were the Sunday dinner guests of Mr. and Mrs. John Rackov and family in Brighton. The John Rackov's son, Johnny, was five-years-old on Monday of this week.

Mr. and Mrs. Lloyd Coleman returned Sunday from a week of camping on White River, near Elliot, Ontario, Canada. Others on the camping trip were Mr. and Mrs. Donald Coleman of Wolverine Lake and Mr.

and Mrs. Frank Saunders of Wayne.

Mr. and Mrs. James Wilenius celebrated their 17th wedding anniversary this past weekend at East Tawas. They went sight-seeing and on the way home stopped off at Pinconning.

Mr. and Mrs. Phil Craig, who have been the house guests of Mr. and Mrs. L. C. Richardson for the past month, are now at Elkin, North Carolina, Radio Ham Center. Before leaving Michigan they visited Mrs. Richardson's father, Mr. Albert Shultz in Milwaukee, Wisconsin.

Miss Rene' Ann Gattrell, daughter of Mrs. Lyle Gattrell of 11 Mile Road, recently spent 10 days vacationing in Mexico City, Acapulco and other places of interest in Mexico.

Mr. and Mrs. Dan Kennedy of Willowbrook Drive took a bike ride to Detroit on Saturday, July 25. They left Willowbrook at 5:40 p.m. and arrived at the home of friends in Detroit at 7:45. They were homeward bound at 9:40 p.m., arriving at 12:20 a.m. The round trip was a distance of 28 miles which was a good days work.

Saturday, July 18, Mr. and Mrs. John A. Richter and Mr. David Hiltz of Plymouth attended the Great Lakes A.K.C. License Trial at Otisville, Michigan. They ran 274 dogs at this trial.

Mr. and Mrs. John A. Richter of Taft Road attended the A.K.C. License Beagle Trial at the Border Beagle Grounds at Stockbridge from July 24 to 30. They camped on the grounds since they are members of this club.

Mrs. Iris White and son, Ronald, have returned from a visit with relatives in Arkansas.

Visiting Mr. and Mrs. John French this past week were Mr. and Mrs. Eugene Dallas and son, Roger, from Arcola, Illinois. (Mrs. Dallas and Mrs. French are sisters.) Mr. and Mrs. Dallas also visited her brother and family, Mr. and Mrs. Carl E. Green and sons at Walled Lake, Mr. and Mrs. Delmer King and daughter of Novi, and Natalie Green and Tracey at Walled Lake.

Mrs. Sylvia Green of Tuscola, Illinois has been visiting her son-in-law and daughter, Mr. and Mrs. John French for the past three weeks.

Dinner guests of Mr. and Mrs. Delmer King and daughter Christina Monday evening were Mr. and Mrs. Eugene Dallas and sons from Arcola, Illinois, and Mr. and Mrs. John French of Novi.

Mr. and Mrs. Arthur Hazen of Commerce were among the visitors at the home of Mrs. Marie LaFond last week.

The nation-wide fad to squeeze into a small Opel G.T. was tried out in the Meadowbrook Subdivision last week by the following children: Wes Sensoli, David Quinn, Stan Sensoli, Randy Rice, Larry Planck, Ron Birou, Tod Birou, Paul DeBrule, John DeBrule, Danny Quinn, Gregg Quinn, Mike Rice and the cat, Butterball.

Mrs. Dorothy Farah, who has been a patient in the Providence Hospital, is now home convalescing. Her health is much improved.

UNITED METHODIST CHURCH OF NOVI

Next Sunday at 2:30 p.m., a Whitehall worship service is planned. Come, give your services for an hour at the Whitehall Convalescent Home, urges the pastor.

On Sunday, August 9, an unusual motion picture called "Hands" will be shown, in place of the sermon. This is a product of "Trafco," United Methodist Audio-Visual department. Invite your friends to attend.

Daily Vacation Church School opening date is August 17. Mrs. Roger Pelchat is the director. Let her know if you are willing to help. Call 349-3096.

Sign up on the bulletin board sheet provided for women and high school girls who wish to help in the nursery during worship service.

July-August issues of the Upper Room, a guide for personal and family devotions, is available in the literature rack in the Narthex.

The Michigan Christian Advocate recent issues may be found in the literature rack. Keep informed on affairs in Michigan Methodism, members are advised.

The altar flowers were the gift of Mrs. Charlene Hare given in memory of her parents-in-law, Mr. and Mrs. Herbert Hare.

This past Sunday members were greeted by Mrs. Duane Bell. The acolytes were Robert Brow, Mark Bumann, and Steven Bell. Mr. Leon Blackburn was the lay reader.

During the summer months morning worship and nursery are held at 10 and church school for children also at 10.

FIRST BAPTIST CHURCH OF NOVI

Pastor Cook is delivering a series of sermons from the Book of Acts on Sunday evenings at 7.

The girls' trio made up of Barbara Bellefeville, Carolyn Sammes, and Janet Warren provided special music for both services last Sunday.

Mrs. Clara Hazen is placing fresh flowers in the church from her garden during the summer months.

The church will be giving a farewell party for Jean Harwell next Sunday evening after the service, in Flint Hall. Miss Harwell, who has been the teacher of the sixth grade Sunday School class, is leaving to join the staff

of the Brookdale Christian Day School in Brookdale, New Jersey, where she will be teaching the fifth and sixth grades.

Coming events: August 21 — Fellowship corn roast; also in August visit from the Robert Vaughn family (missionaries to Africa).

HOLY CROSS EPISCOPAL CHURCH MISSION

At 7:30 a.m. Holy Eucharist was celebrated by Father Harding. Deaconess Robinson from Hamburg conducted the 11:15 service. Brad Huber was the acolyte.

The congregation was pleased to have Miss Alice Suder as organist this past Sunday.

Prayers were said for Alfred Long who was killed in Vietnam. Alfred, who had lived in Pleasant Ridge, was a close friend of parishioner, Mary Sturman.

Father Harding and family are away for a month's vacation in Northern Michigan. Until he returns, the Sunday early service will be at 7:30 a.m.

Anyone having garden flowers for the altar is asked to contact Mrs. Tank at 349-0878. Flowers will be much appreciated.

Congratulations to Bob Halpin and his committee for a fine job cleaning the church.

Workshops are being set up for the bazaar. Mr. Marcia Hooser is president of the E.C.W. and Mrs. Nancy Liddle is chairman of the bazaar. Anyone with ideas for the bazaar is asked to contact

these women at 437-1091 or 349-2219.

The men who are working on the kitchen cupboards report that they hope to have them installed before September.

NOVI SENIOR CITIZENS

Novi Senior Citizens, numbering 17, had a picnic at the Willows in Cass Benton Park last week on Wednesday. After a bountiful pot-luck dinner they spent the afternoon playing games and reminiscing. They will not meet again until September.

BLUE STAR MOTHERS

Novi Chapter 47, Blue Star Mothers will have their August meeting at the home of Mrs. John Klaserner on Beck Road. They will meet at noon on Thursday, August 7. Bazaar business will take up a big share of the business session. Bring a sandwich and your own table service. Dessert will be furnished as will tea and coffee.

While in Ann Arbor delivering the TV sets, Mesdames Mandilk, Kent and Klaserner did some shopping for the veterans.

Gym Floor Sinkage Gets Board Action

Floor settlement problems at Cooke Junior High gym and boys locker room topped the Northville School Board business Monday night.

Through soil borings taken at the junior high, Testing Engineers and Consultants Incorporated told board members improper fill, backfill and compacting has caused the floor to settle at the south end of the gym and in the locker room.

E. E. Powell, general contractor of the building built in 1969, recommended the district further observe the floor to see how much more it will settle or to "mud jack" the floor and release the contractor from any further obligation.

Through mud jacking, wet fill sand would be forced under the floor, lifting it to its normal level. Mud jacking had also been done in January, 1969.

Representatives of the building architect, O'Dell, Hewlett and Luckenbach Incorporated, told the board Monday night that the floor may settle in the future after mud jacking. The architect has recommended the floor be removed, all the fill taken out and put back with correct compaction. It has been estimated fill nine feet deep should be removed.

Trustees recommended the problem be turned over to the district's attorney and a course of action be decided.

Superintendent Raymond Spear told the board through further analysis he feels the district stands to lose "at least \$75,000 through the Supreme Court ruling that schools provide free textbooks and supplies to students."

Spear said the district must provide "any supplies and materials

used in required or elective courses."

According to the district attorney's interpretation, tennis shoes, swim suits and gym suits need not be provided as long as the district does not require a specific color or style. Spear indicated the text books would be given to the students on a loan basis, the deposit amount to be established.

"It's a \$75,000 loss to the district," he commented, "but we can work it out so it does not become a hardship to the district."

Board members indicated they favored a book deposit with a rebate to the student, provided the books are in

NOTICE

FINAL DATE FOR ABSENTEE BALLOT APPLICATION FOR PRIMARY ELECTION

Final day to pick up absentee ballot applications and ballots for the Primary Election is Saturday, August 1, 1970, at the City Clerk's office 215 W. Main St., Northville. The office will be open until 2 p.m.

Martha M. Milne
City Clerk

Wixom Area News

Grace Byrd

624-1714

Mr. and Mrs. Merle Gidley, Sr. of 1987 Royalton spent Sunday at a niece's home at Whitmore Lake. The gathering was a birthday celebration for a sister of Mrs. Gidley, from Livonia. Other relatives joining the celebration were from California, Anchorage, Alaska, and Westland.

Confined to St. Joseph's Hospital in Ann Arbor is Mrs. H.N. Manning, an aunt of Mrs. Merle Gidley, who reports she will be in the hospital for a couple weeks.

At their meeting last Thursday, the Senior Citizens planned the next two meetings to be held at members' homes. The August 13 meeting will be at the home of Mrs. Leon Hayes, 1746 North Wixom Road at 11 a.m. A pot-luck luncheon will be served. On August 18, Mrs. Sardo will entertain the group at her home. This also will be a pot luck luncheon. All Senior Citizens are invited to attend.

Tuesday, August 4 is election day. Here's a reminder to all voters, to get out and vote for your favorite candidates.

Former friends from Marshalltown, Iowa, were guests this past week at the Corbin Tillman home. During their visit here, Mr. and Mrs.

Dale Smith and family and the Tillman family visited the Henry Ford Museum and were taken on a tour of the River Rouge Plant. They traveled to Canada via the bridge and through the tunnel. They spent an afternoon at Kensington Park going through the nature center and taking a ride around Kensington on the Island Queen, a small paddle boat used in the Kensington waters for visitors. On their trip back home the Smiths stopped at the Warren Sand Dunes State Park.

Mr. and Mrs. Daniel Booth of Pontiac Trail are the parents of a baby girl, born July 16 at St. Mary Hospital in Livonia. The baby was named Corry Lee and weighed 5 pounds, 15 ounces. Welcoming homy the new baby is a sister, Angela. The grandparents are Mr. and Mrs. Erwin Welfare of Pontiac Trail and grandfather, Mr. Starr Booth of Walled Lake. Great grandparents are Mrs. Clarence Welfare, of Walled Lake, and Mr. and Mrs. Jesse Byrd of Wixom.

On July 31 an All-Sports Day at the Baptist Church, involving teens from surrounding churches, is planned along with a picnic lunch for those participating in the activity. Following the sports event and picnic a special service featuring a Gospel team from Tennessee Temple will be held in the Church at 7:30 p.m.

NOTICE TO BIDDERS

CHASSIS FOR REFUSE PACKER

The City of Northville will receive bids until 11:00 a.m. on Friday, August 7, 1970, for a chassis to be used for a refuse packer. Specifications are available at the Northville City Hall, 215 W. Main St., Northville, Michigan.

Attention: City of Northville Residents

Notice of Public Meeting

The City is proposing to purchase vacant property for four Neighborhood Parks. Funds have already been budgeted. Specific sites are to be decided at a public Council Meeting on Monday, August 3, 1970, at 8 p.m. at Northville City Hall. We urge all interested residents to attend and make known their views. The general sites are as follows:

1. Maplewood—Hill Street: One block west of Novi Street.
2. Carpenter Street at Old Baseline Road.
3. Northville Estates—centrally located area, two lots.
4. N. Ely Drive—Bell Telephone Company property.

Northville Township Minutes

NORTHVILLE TOWNSHIP BOARD MINUTES OF JULY 14, 1970
107 S. WING

Meeting called to order at 8:00 P.M. by Supervisor Stromberg.

Present: Full board, Consultants Ashton and Mosher, the Press, Electrical Inspector, Chief Nisun, also seven residents.

Mitchell moved that the minutes of July 6 and June 11, 1970 be accepted, seconded by Smith. Ayes: All.

Baldwin moved, seconded by Hammond, that the treasurer's report for June be accepted. Ayes: All.

Baldwin moved, supported by Smith, that the clerk's financial report and monthly receipts be accepted and that all current bills be paid. Ayes: All.

Mitchell moved that the clerk's quarterly budget report be accepted, seconded by Smith. Ayes: All.

Baldwin moved to accept the planning commission minutes for June 22 and 30, 1970, supported by Lawrence. Ayes: All.

Straub moved that the appeal board minutes for June 15, 1970 be accepted, supported by Baldwin. Ayes: All.

Hammond moved to accept the library commission minutes for June 4, 1970, seconded by Smith. Ayes: All.

Lawrence moved that the water and sewer commission minutes for June 3, 1970 be accepted, supported by Mitchell. Ayes: All.

CORRESPONDENCE

1. BURNHAM & FLOWER AGENCY. JUNE 19, 1970. Straub moved to accept and file this letter concerning boiler insurance on the township hall, supported by Baldwin. Ayes: All.

2. TOWNSHIP OF CANTON, JUNE 30, 1970. This letter was a request from the Northwest Disposal Authority for a first payment of \$500.00, to start the activities of the authority. Baldwin moved the check be issued, supported by Mitchell. Ayes: All.

3. RESOLUTION, CITY OF INKSTER. Baldwin moved to accept and file, supported by Straub. Ayes: All.

4. STREET PROTECTION PERMIT REQUEST, COUNTY OF WAYNE. This would be a permit that would have to be obtained from the county in advance of securing a building permit, such as is the case with well and septic field permits. A bond of \$100.00 would have to be posted to assure that the street would be returned to its proper original condition at completion of building. Smith moved that it be resolved that the building inspector shall not issue a building permit for any building on a county road unless a Street Protection Permit has first been obtained from the County of Wayne on said building. Motion supported by Mitchell. Ayes: All.

OLD BUSINESS

1. ELECTRICAL CODE REVISION. Smith moved that the amendments and changes to the electrical ordinance as presented by the attorney be accepted. This

will be Ordinance 9B, Seconded by Straub. Ayes: All.

2. POLICE STANDARDS COMMITTEE REPORT, BALDWIN. Hammond reminded the board that the police ordinance had been adopted at the April 14, 1970 meeting and that the required ninety days had elapsed. It will be published this next week and become effective thirty days after publication. No report from Baldwin.

3. FIRE AND TOWNSHIP HALL REPORT, SMITH. Smith reported that he had contacted two architects and asked them to submit resumes.

4. FISH HATCHERY RECREATION COMMITTEE REPORT, STRAUB. Straub reported that he and Baldwin had toured the area with Mr. Ollendorff. More fill is being brought in. There is a question as to the source of some troublesome water seepage and he felt it would be well if our own engineer would look over the site and bring in a report to the board. Smith so moved, supported by Straub. Ayes: All.

5. SICK LEAVE AND COMPENSATION STUDY, BALDWIN. Baldwin said he had nothing to report and the matter was tabled until September.

6. PENSION PLAN. After discussion, Baldwin moved that the township accepted the plan from the Burnham & Flower Agency which would pay past service for township officials and employees in a period of three years from now instead of in ten years as was spelled out in the original plan, Hammond seconded. Ayes: All.

7. POLICE MUTUAL AID, WAYNE COUNTY.

a. MUTUAL AID PACT. WAYNE COUNTY POLICE. Ashton indicated that he had reviewed the agreement and that there were no problems with it. Hammond said that insurance companies had been contacted and that we were covered even under the conditions of the pact. Baldwin moved that the supervisor execute the Police Mutual Assistance Agreement as presented by the chief and that we pledge our participation in the Western Wayne County Task Force as outlined in the pact, supported by Smith. Ayes: All.

b. USE OF RESERVES TO PICK UP STRAY DOGS. Chief Nisun brought out that he is often called at home after he has gone off duty to return to the township to pick up a dog or dogs. He requested that he be given the authority to use the police reserves for this overtime work and that they be paid at the rate of \$3.00 per hour for same. Smith so moved, seconded by Mitchell. Ayes: All.

c. TRAINING AND PAY FOR MUTUAL AID TASK FORCE. After the chief explained the matter Baldwin moved that in conformity to the Mutual Aid Pact, the township supported the training of two men (reserves) and that they be paid \$4.00 per hour during the training period, seconded by Straub. Ayes: All.

8 and 9. BROOKS AND SHAPERO REZONINGS. Smith moved that agenda items No. 8 and 9 be tabled until a special meeting to be held on July 23, 1970 where both the board and the planning commission would be present, supported by Mitchell. Ayes: All.

10. DISPOSAL AUTHORITY REPORT. Straub said that there was no report at this time aside from the bill for the first payment to the authority.

11. EASEMENT AGREEMENT -

LEVITT'S SILVER SPRING DRIVE. Letters from Ashton and Mosher pertaining to this easement were read. Ashton recommended that this matter be made an agenda item for a special meeting, to be held on July 15, 1970. Smith so moved, seconded by Lawrence. Ayes: All.

12. OFFICE MACHINES SERVICE POLICY. Tabled.

NEW BUSINESS

1. EXCESS PAYMENT REIMBURSEMENTS. W No. 3. An explanatory letter from Ashton was read. No action was necessary.

2. RECOMMENDATION FROM PLANNING COMMISSION - LEVITT REZONING PETITION. Mr. Vose made a presentation, with colored charts, detailing the areas of their request for rezoning from R-4 to R-M for sections of the Highland Lakes Development. There would now be only 127 single family dwellings, 1306 townhouses and 400 apartments. This piece of land proved to be much more difficult than had been foreseen when originally planned he said. Also, the economy and housing in general has changed very greatly since the inception of their program. Problems simply do exist. "This program in this community, with its facilities, will be a place you will be proud of - we think it will indeed be exceptional."

Smith argued that the density and number of multiples should be maintained as shown in the township's master plan. Baldwin moved that the question be tabled for further discussion and a later special meeting set, supported by Lawrence. Ayes: All.

3. RECOMMENDATIONS FROM WATER & SEWER COMMISSION.

a. Smith moved that the board accept the recommendation of the water and sewer commission in its meeting of July 1, 1970, seconded by Lawrence. Therefore, be it resolved that the township attorneys be authorized to negotiate the terms of transfer, to the township, of the twelve inch water main which formerly conveyed water to the Wayne County Child Development Center, and to prepare necessary documents, and perform such other legal work as may be involved. Ayes: All.

b. Smith moved, seconded by Mitchell, that the board accept the recommendation of the water and sewer commission in its meeting of July 1, 1970. Therefore, be it resolved, that the township attorney and engineer be authorized to collaborate in drafting an amendment to the Subdivision Regulations Ordinance to include requirement that developers convey ownership of water mains and sanitary sewers to the township. Ayes: All.

4. TANGER SCHOOL DRIVEWAY. Baldwin moved, supported by Lawrence, that Supervisor Stromberg accept the lower bid on the repaving of the driveway at Tanger school. Ayes: All.

5. TOWNSHIP REAL ESTATE (SALE OF). The township has been asked to be willing to sell the township hall and the property where it stands, if it would be advantageous to the future development of the community. The clerk read an opinion letter from the attorney wherein he stated that the board had no authority to make such a sale. It must be put on the ballot, or decided at an annual meeting. Hammond moved to table the decision as to putting it on the ballot until the next regular meeting, supported by Straub. Ayes: All.

APPOINTMENT

Stromberg stated that he had asked Mrs. Wm Smith, Jr to serve as an alternate delegate to the S. E. M. Beautification Council and that she would be willing to serve if appointed. Mitchell moved that the board so appoint Mrs. Smith, seconded by Baldwin. Ayes: All.

Meeting adjourned at 12 midnight.

MUSIC BY STARLIGHT - Robert Williams, Northville High School band director, put his musicians through their paces last week for the benefit of any one who cared to sit on the grass behind Northville Municipal Building to listen. Among the selections were Beethoven's "Fidelio

Overture," Cole Porter's "April in Paris," and "Begin the Beguine," "Sweet Georgia Brown" and "I Got Rhythm." Williams said Tuesday that other evening concerts will depend on instrumentation he is able to muster.

OBITUARIES

CHRISTINE J. PERRIN
Funeral services were held Monday, July 27 at the Casterline Funeral Home for Mrs. Christine J. Perrin of 236 South Center Street in Northville. She died in Orlando, Florida at the age of 66, following an illness of six months.

Mrs. Perrin was born on July 1, 1904 in Perth, Canada to George and Emily Meadows Anderson. A resident of this area since 1921, she was married to Elmer E. Perrin, who died in 1960.

Survivors include two children, Mrs. Jack (Kathryn) Reinhardt of Orlando, Florida and Eugene E. Perrin of Midland. Other survivors are five brothers and two sisters. They are Philip Anderson of Northville, Mrs. Alice Knight of Connecticut, and Mrs. Beatrice Brooks, Alex, James, George and Gordon Anderson of New Brunswick, Canada.

She had five grandchildren and four great-grandchildren.

The Reverend Timothy Johnson of the First Presbyterian Church of Northville officiated at the funeral services, followed by burial in Rural Hill Cemetery.

She is survived by her husband, Clarence A. Rody; a daughter Mrs. Lois Knowl of Temple City, California; and a son, Norman Rody of Union Lake.

Funeral services were held Monday at the Casterline Funeral Home in Northville, with the Reverend Allen Manteufel of the Church of God in Ann Arbor officiating. Burial was in Acacia Park Cemetery in Beverly Hills, Michigan.

Survivors include three sons and two daughters. The are Mrs. Louise Knowl of Howell, Mrs. Ida Belle Crandall of Northville, and Carl Miller of Indiana, Howard Miller of Chelsea, and George Miller of Northville. She had 16 grandchildren and 36 great grandchildren.

Funeral arrangements were made by the Ebert Funeral Home of Northville. Services were held Monday in St. Paul's Lutheran Church where Mrs. Miller was a member. The Reverend Charles Boerger, pastor, officiated, followed by burial at Glen Eden Cemetery.

ANTHONY G. ZERLAK
A former salesman in this area, Mr. Anthony G. Zerlak of Whitmore Lake, died Monday in Battle Creek where he had recently been living. He was 77 years old.

Mr. Zerlak is survived by four children. They are Mrs. Robert (Annabell) Rehm of Montgomery, Alabama, Mrs. Ethel Mae Mottinger of Denver, Colorado, Frank Zerlak of Detroit and Walter Zerlak of Battle Creek.

Funeral rites were held Wednesday at the Spence Funeral Home in Athens, Michigan, with the Reverend Jack Wright officiating. Burial was in Leroy Congregational Cemetery.

IDA L. MILLER
Mrs. Ida L. Miller of 24500 Meadowbrook Road died last Friday in Beverly Manor Convalescent Center. Mrs. Miller, 90, had been ill for quite some time.

She was born on March 4, 1880 in Wayne to Elizabeth and August Brandt. In 1903, she married Henry C. Miller, who died in 1965. They came to Northville from Dexter, Michigan in 1940.

DOROTHY J. RODY
Mrs. Dorothy J. Rody of 9839 Currie died at home on Friday, July 24 following a month's illness. She was 57 years old.

Mrs. Rody was born on October 3, 1912 to parents Carl and Johanna Borkstrom Farnstrom. She came to this community 23 years ago and was a member of the Church of God in Ann Arbor.

good condition when returned.

"If the kids will mark all over the high school," Trustee Eugene Cook commented, "they sure won't give a hoot about books."

Trustee Glenn Deibert said "Courts are qualified to adjudicate but unqualified to legislate. They drop a bombshell on school districts and don't give us breathing room."

He indicated "Rather than being very current on texts, the nature of updating texts will be a dollar decision every year. I can see them being used two, three, four and even five years. It will have a negative effect on education."

In other action the board approved joining the Metropolitan Bureau of School Studies for a flat rate of \$60 plus \$1.25 for each teacher in the district and taking advantage of the bureau's negotiation settlement information service for a maximum of \$800.

Deibert questioned the need of expending the \$800 since "we took a wise and necessary step when we added an administrative intern to the staff. This is an added cost to the impact of negotiations."

Cook reminded him that "negotiations are not a funny type of operation. The people we are negotiating with (Northville Education Association) are backed by a multi-million dollar operation (Michigan Education Association). The school district must be just as well armed with information if not better."

Trustee Richard Martin noted that superintendents "directly passing information to one another is in violation of labor laws. This is the only way we can get the information we need."

"It's a pretty expensive way," Deibert said.

Spear said the negotiation service provides the needed information "within a short time. The only other way to get the information would be to call other districts."

Deibert indicated the administrative intern should have the time to make the calls himself. "Spear goes first class with the least amount of money," he said, "but \$800 is a bit too much."

The board agreed to join the bureau and expend the \$800 for the negotiation settlement information service with Deibert casting the lone "no" vote.

Here's Women's League Report of Area Candidates

EDITOR'S NOTE: The Northville area chapter of the League of Women Voters, a non-partisan organization whose purpose is to promote political responsibility through informed and active participation of citizens in government, has produced the following information to assist voters in making their choices in Tuesday's primary. Membership in the LWV is open to all women citizens of voting age.

Congress

U. S. CONGRESS, 19th District, 2 Year Term, Salary \$42,500:

Candidates were requested to provide biographical background, special training or experience, and answer the following questions: What do you consider the national priorities for the next Congress? Why? How would you work to achieve the goals of these priorities? What role, if any, should the federal government play in assuring all children an equal opportunity for a quality education?

FRANKLIN Z. ADELL, DEMOCRAT — Age 42, 46045 Grand River, Novi. Highland Park Junior College; 1 semester U. of D. Self-employed manufacturer.

"Expectant new tax proposals will bring to the fore the Indo-China War controversy, reallocations of distorted military spending-priorities to the needed domestic economy as an inflation-recession fight and a work program for the increasing unemployed. The current Nixon budget deficit, first estimated at \$1.3 billion, later estimated at \$8 billion, was currently predicted at \$12.5 billion by the State Chambers of Commerce Council. I think the Congress should oppose any new tax hikes. Otherwise, the repeal of the Vietnamese War Surtax a month before the primary is a political chicanery. The Vietnamese War is the principal contributor to inflation. It must end.

"In Detroit, 79 schools out of 300 have been designated as target areas for federal grants. The program is now constituted by direct federal grants which put money where it belongs in a school district for specific purposes like remedial reading, pre-school programs, providing community aides and teaching aides, a different curriculum, classes reduced to 22 students, and four teachers to a class instead of three. I believe this is a way to achieve quality education for underprivileged children. As a businessman, I don't like funds allocated in blocks. I like to see federal money spent for specific things as is now being done. I hope this is the way to do it."

FRED L. HARRIS, DEMOCRAT — Age 40, 34134 Old Timber Ct., Farmington. Hall of the Divine Child; Northwestern High School; B.A. M.S.U.; Wayne State U. J.D.; Graduate Electrician. Attorney at Law.

Member, Public Advisory Committee on Judicial Candidates, Detroit Bar Assoc.; Holy Trinity Legal Clinic; Wayne County Bd. of Supervisors; Detroit Bar Assoc. Speaker's Bureau and Public Relations Comm.; Bd. of Directors, Catholic Social Services of Wayne County; American Judicature Society; Past Precinct Delegate; Marine Corps Reserve Officers Assoc.; Parade Marshal, 1964 Labor Day Parade.

"The next Congress is going to be required to address itself and resolve, for the benefit of the citizens of the U.S., the issue of national health insurance together with the issues of rising unemployment, continuing inflation and rising taxation as well as sound and practical low cost housing programs, providing aid to senior citizens, the Indo China issue, pollution of our environment, equality of opportunities and recognition of the responsible youths of this country. I would encourage and work diligently for the passage of legislation that would bring to fruition the recognition of necessary social changes that would effect the majority of the citizens of this country.

"Since there have been established national educational standards, the federal government should assist state and local Boards of Education to establish practical educational facilities and uniform educational standards where feasible in an effort to bring to the children of this country the highest quality education possible."

RONALD B. HECKER, DEMOCRAT — Age 35, 19947 Maplewood, Livonia. Central High School Grad., 1 yr Detroit Institute of Technology. Co-owner of Household Appliance & Discount Center. Vice-chairman 19th Dist. Democratic Party; Chairman, Livonia Democratic Club.

"Peace now, full employment, racial justice and a healthy environment. Top priority would be ending the war in Indochina and moral and legislative protection against further imperialism and other types of expansion of our armed forces and weapon systems. Without war we could redirect our manpower and financial resources into our domestic needs that cry out for help. The Nixon administration looks for Peace with Honor. Well, I don't particularly give a damn about saving face. I'm more interested in saving people. I would vote for and introduce legislation to bring them about. I would also raise hell for them on the floor of Congress.

"The federal government must guarantee that no state deny the 14th amendment to any child. It must also give massive aid to impacted areas, to compensate for less than equal opportunities. The federal government already does this for the blind and physically handicapped. It does it in Headstart. Now we must follow through with it for the culturally deprived. Less than equal schooling is not only degrading to the children involved, but it is poor economy. An equal opportunity for a quality education is guaranteed by our Constitution. It also happens to be morally right."

JACK McDONALD, REPUBLICAN — Age 38, Farmington. Redford High School Grad.; attended Wayne State. Occupation, Representative in Congress. Formerly Dist. Supervisor for Census Bureau 1960 in Wayne Cnty; Supervisor of Redford Twp. three terms (1961-67); Chairman, Wayne Cnty Board of Supervisors 1965; Member House

Comm. on Public Works and on Merchant Marine and Fisheries Comm.; Member Task Force on Urban Affairs.

"Peace, or without it attempts to improve our quality of life will be meaningless. Economy, because failure to stabilize the economy affects every Federal, State and local program through increased costs which results in reduction of performance. Crime must be controlled because it not only victimizes its subjects but it also spawns the fear which undermines urban commercial areas and drives people to the suburbs. Pollution must be abated because all efforts to improve the quality of life will be wasted if the purity of our air and water is not improved immediately. I have introduced a resolution calling for total troop withdrawal from Viet Nam by July 1st, 1971. I will actively support all legislation which provides aid to local law enforcement agencies and support responsible drug control programs. I am a prime sponsor of President Nixon's pollution abatement program.

"The role of the Federal Government in assuring this generation of children a quality education is to modify its current grant program. Education has been the backbone of the nation's rise to world leadership. Lately it has been the victim of an inflation spiral in communities throughout the country. In election after election, local school boards have failed to gather the necessary support to maintain schools at the desired level. We must redirect Federal aid from categorical grants to general aid grants to the States for programs most needed by local school districts."

HECTOR MCGREGOR, AMERICAN INDEPENDENT — Age 56, 18391 Indian, Redford Twp. Harrisville High School Grad.; Detroit Institute of Technology. Employed by Ford Motor Co. since 1936, material handler for Steel Div. Annealing Dept. Member, Michigan Beekeepers Assoc.; Southeastern Michigan Beekeepers; American Forestry Assoc.; Int. Investigators & Special Police National Rifle Assoc.

"Victory in Vietnam. Any war should be won as soon as possible. Pollution and disposable containers should be dealt with sensibly. Crime and law abuse should be dealt with immediately. Property ownership and marriage should be encouraged as the American way of life. Take existing laws and strengthen the weak part and get rid of loopholes that make laws easy to disobey. Encourage all private enterprise to help solve all our problems with regulation only where necessary for benefit of us all.

"Inadequate schools and areas that don't have a large enough tax income for proper schools could be aided by the Government but the Government should have no authority over local school districts. Teacher salaries and adequate libraries could be maintained by U.S. aid."

H. PATRICK O'NEILL, DEMOCRAT — Age 37, 18360 Levan Rd., Livonia. Catholic Central Grad.; attended U. of D. Vice President of Sales, Abrams-North American. Active in citizens' groups seeking better education and a more direct representation in city hall. Serve as an appointed City official of assistance to the Mayor of the City of Livonia.

"The top priority is bringing our military misadventure in Indo-China to a rapid conclusion so we can realign our national priorities and keep the fabric of our society from being torn, then begin to attack the problem of the quality of our lives and our relationships to each other and our environment. The next Congress must come to grips immediately with a national program of health insurance that will enable the middle class as well as the rich and poor to have quality medical care when needed.

"I would work closely with those in Congress who want to re-assess the final authority that must give permission to the President before he can decide to send us on military adventures in other parts of the world.

"I would work with those who want to return more Federal tax dollars directly to the school district so they can go directly to providing programs of quality education. The Federal Government should and must withhold Federal funds from any school district unwilling or unable to assure all children an equal opportunity for a quality education. Just as an administrator is assigned by the Federal Government to a school district that is morally bankrupt or bankrupt in ideas so that it can not see that all children receive a quality education. The Federal Government should appoint an administrator in those school districts who would insist that quality education were available to all children."

State Senate

State Senator 14th District, 4 Year Term, Salary \$15,000.00:

Candidates were asked to provide biographical background, any special training or experience, and to answer the questions: What do you consider the statewide priorities for the next session of the legislature? Why? How would you work to achieve the goals of these priorities?

PAUL KADISH, DEMOCRAT — Age 34, 18687 Purlingbrook, Livonia. B.S. Wayne State University. Partner, Kadish-Friedman Insurance Associates; State General Agent, American Income Life Insurance Co.; President, Associated Group Underwriters, Inc.

"Complete tax reform in order to provide a 'quality' education for our children. Abortion Reform is a necessity in order to recognize the individual liberties of women. Legislation should be provided requiring courses in drug abuse, preferably beginning with the 5th grade.

"I have already taken the lead in promoting tax reform with a Statewide millage limitation and recommending a Constitutional Amendment calling for a graduated State Income Tax. If elected I will introduce legislation calling for liberalized abortion laws and will work diligently to see that it becomes law."

GEORGE W. KUHN, REPUBLICAN — Age 45, 7222 Cottonwood Knoll,

Birmingham. A. B. Central Michigan; Harvard Business School. Occupation, State Senator. On leave of absence from staff of Vice President, Product Development Div., Ford Motor Co.

Served 10 yrs as Mayor of Berkley; Chairman of a group of 75 Mayors to oppose the City Income Tax on Non-residents.

"Continue to fight against violent street and organized crime as the number one problem facing our state and society. We must re-examine the tax assessment structure, starting with the local assessor, board of review, and the State Tax Commission's functions.

"I strongly urge the adoption of a state-wide Stop and Frisk Law to remove the hardware from the pockets of those engaged in violent street crimes. I urge a moratorium of tax assessment increases for one year until the Governor's Tax Survey Commission can analyze the present inequities in tax assessment increases."

CARL D. PURSELL, REPUBLICAN — Age 37, 670 S. Sheldon, Plymouth. B.A., M.A., Eastern Michigan U. Occupation, Wayne County Board of Commissioners, 26th District.

Chairman of Child Development Center, Youth Programs, Crime Comm., Rules Comm.; Member, National Assoc. of Counties Law Enforcement Steering Comm.; Former teacher; Owner, Western Office Equipment; Capt. and Headquarters Company Commander, U.S. Army.

"Taxation: Total state spending increased in the 60's to 2.8 billion or \$314.00 per person. Education: 53% of state budget, most important state and local responsibility. I support local control of our schools. Leadership: Leadership in this district is essential. Other priorities: Youth, Pollution, Drug-abuse, Crime, Traffic (roads), Water Safety.

"We must limit spending, balance budget, eliminate out-dated programs, reduce waste. State must alleviate the financial burden of education and also adopt school budget early to avoid local crisis. Leadership must be responsive and be able to resolve problems in a rational, constructive manner, serve as 'catalyst' to bring all parties together."

AL SMITH, REPUBLICAN, Age 42, 21016 W. Farm Lane, Northville. B.A., B.S. New York U.; M.A., U. of M.; Ph.D. Wayne State U. Occupation, Service Engineer, Ford Motor Co.

"Narcotic control - national emergency. Tax reform - remove tax from all food. Crime control - capital punishment. New tax bases - state lottery, tax X-rated movies. Local road building programs. Spending control - no spending reform. Some means of employment for welfare recipients, such as expressway maintenance, etc.

"The local police agencies are forming an effective force to make the necessary arrests. Narcotics could be eliminated at the source level through stiffer penalties, etc. Crime control - capital punishment for cop and fireman killers and for cold blooded murder. Remove tax from food. New taxes from X-rated movies - state..."

DONALD JAMES VONRASE, REPUBLICAN, Age 39, 9260 Gale Rd, Pontiac. B.S. Northwestern U.; Occupation, Account Executive with Free Press.

Member White Lake Twp. Planning Comm. and Economic Development Council of White Lake Twp., President of PTA; Former precinct delegate; Formerly writer and account executive with Batten, Barton, Durstine and Osborn; Advertising Mgr. of Suburban Life Magazine of Rochester, Mich.

"I sympathize with the aims of the Women's Liberation Movement, the Zero Population Movement, and I believe that President Nixon should declare our aims in Indo-China achieved and that all American ground combat forces should be redeployed from that area without delay.

"I am willing to make written commitments to those groups whose aims I sympathize with. I am willing to introduce bills in the legislature aimed toward achieving the goals of the aforementioned groups."

State House

State Representative, District 35, 2 Year Term, Salary \$15,000:

Candidates were requested to provide biographical background, special training or experience, and answer the following questions: What do you consider the statewide priorities for the next session of the legislature? Why? How would you work to achieve the goals of these priorities?

MARVIN R. STEMPIEN, DEMOCRAT — 14322 Cranston, Livonia. U. of D. High School; B.A. U. of M.; LLB Detroit College of Law; U. of S. Carolina Law School; U.S. Air Force Pilot training. Occupation, Michigan House of Representatives, Acting Majority Floor Leader; Attorney, General Law offices in Livonia. Former Northville City Attorney; Former teacher, Walsh Institute of Accountancy. Two terms Michigan Legislature; Member Appropriations Committee and Higher Education Subcommittee; Chairman, Appropriations Subcommittees on General Government and on Computers. Ten yrs active law practice.

"Tax and spending revision: Michigan's real estate-oriented tax is oppressive, it fails to recognize individual taxpayer's ability to pay. Homesteads must be allowed reasonable exemption, revenue to local government replaced by measures based on ability to pay principle. Spending must be reduced through elimination of activities which prove ineffective or non-essential.

"Revision of the uniform assessment-equalization provision requires a Constitutional amendment, which I shall continue to promote. Homestead tax exemptions must be supported by a Legislative majority for enactment. I will continue to work for its enactment. Two studies of methods to reduce spending have been instituted by my Appropriations Committee."

ROBERT F. SWANSON, REPUBLICAN — Age 30, 31306 Granada, Livonia. Benton Harbor High School; AB in Education, U. of M.; Advanced Business studies at U. of Col. and Wayne State. Occupation, Unit

Supervisor of Div. of Warranty Admin., Ford Motor Co., Lincoln-Mercury Division. Member, Livonia Jaycees, Roosevelt P.T.A., School Election Board of Canvassers, Livonia Republican Club, Northville Young Republicans. President-elect 1970 Bai-Lynn Civic Assoc. 19th Wayne, Neighbor to Neighbor Chairman, 1969; Chairman, "Citizens Against Parochialism", 35th.

"Drug Control - curtailment of illegal drug traffic which will result in large reduction of crime. Constantly Rising Cost of Government - obtain more effective use of our tax dollars thus eliminating need for additional taxes. Education - reform of educational system to provide more meaningful and useful education to all.

"I will seek better enforcement of existing laws and more effective rehabilitation methods. I will insist on a thorough Cost vs. Service Provided analysis of all State programs requiring public taxation. I will work with the industrial and business community to ascertain what skills, vocations and professions are in short supply."

Commission

Wayne County Commissioner, 26th District, 2 Year Term, Salary Set By County:

Candidates were asked to provide biographical background, special training or experience, and to reply in 50 words or less to the question: In your opinion, what is the greatest problem facing Wayne County and, as a Commissioner, what action would you propose to alleviate this problem?

ROBERT E. DWYER, DEMOCRAT — Age 35, 1274 Penniman, Plymouth, 453-0591. Bentley High Grad., Wayne State University. Occupation, Branch Manager, Michigan Dept. of State Office. Formerly employed by Daily Sales Auditing, J. L. Hudson Co., F. B. Wright Co., Studebaker Packard Corp., Michigan Racing Commission.

Member, Plymouth Assembly for Equal Opportunity, Director, Plymouth Opportunity Council; Charter Member, Kiwanis Club of Colonial Plymouth; Chairman, 2nd Congressional Dist. Democratic Comm.; Member, Haber Comm on Political Reform; 1959 State Chairman of Jaycees Operation Constitutional Survey; Former Chairman, Plymouth Community School Board of Canvassers.

"Our social and physical environment: a rapid transit system by 1975; upgrading professional law enforcement. The Board of Commissioners must be made a responsive legislative body, promoting intergovernmental co-operation. All board votes must be made 'of record' and the Zak leadership ended."

JOHN J. McCANN, DEMOCRAT — Age 40, 31542 Grove Dr., Livonia, 425-7367. Bachelor of Arts, University of Toronto; Bachelor of Laws, Detroit College of Law. Self-employed attorney. Formerly Attorney for Wayne County Friend of the Court.

Served on Livonia Charter Commission 1965-67. "Also, by reason of my profession and former employment I am familiar with many County agencies."

"The greatest problem facing any governmental body is the need to spend the public funds available in the most effective manner. We need road improvements with concomitant sewers, provision of a facility for in-patient and out-patient care for drug abusers, and cessation of pollution of our air and natural waters."

HARVEY W. MOELKE, REPUBLICAN — Age 53, 31740 Curtis, Livonia, GR 4-8234. High School Grad., Certificate in Real Estate, U. of M.; one yr. at M.I.T. during military service. Self-employed, Real Estate and Insurance. Formerly, Mayor of City of Livonia for 8 yrs.

Member, Livonia Family YMCA Bd. of Management, Past President, Merriman-Six Civic Assoc.; delegate to SEMCOG, President, Michigan Conference of Mayors; Vice-chairman of TALUS; County Board of Supervisors for six yrs 9 mos; Member, Supervisors Inter-county Committee.

"Lack of communication with the people and local governments. I would propose to establish an advisory group of officials from all the communities within the county to meet quarterly to provide a forum for the exchange of ideas and propose solutions to problems affecting the county and region."

LARRY D. VANDERMOLEN, DEMOCRAT — Age 30, 18595 Jamestown Cr., Northville. 349-4337. Masters Degree in Political Science; B.A. in Social Studies Schoolcraft College Political Science Instructor.

Member, New Democratic Coalition; Michigan Education Assoc.; Schoolcraft College Faculty Forum; Co-chairman, Negotiating Team; Chairman, Schoolcraft College Public Relations Comm.; Member Pi Gamma Mu; Campaign Manager for several political campaigns.

"I am determined to reform Wayne County Government by introducing a modernized plan of reorganization and striving to bring about regional cooperation among the various levels of government in our metropolitan area. I will also attempt to provide due process and constitutional rights for the county employees."

DALE W. WELLING, REPUBLICAN — Age 42, 13969 Lyons, Livonia, 421-9401. High School Grad. Employed by Tri-State Advertising & Publications.

Member, Livonia Chamber of Commerce; Livonia Rotary Club; Livonia Elks; Livonia Boy Scouts; Livonia Little League; Livonia Human Relations Comm.; Buckingham Civic Association.

"Ever-increasing service for its residents and the lack of funds to provide it. This County should embark on a massive campaign to bring more diversified business into our industrial land areas to provide more tax revenues for the services - transportation, road maintenance, out-county police protection - the residents demand."

Township Board

Candidates for Northville Township Offices:

All candidates were requested to provide biographical background, special training or experience, and answer the question: What specific goals do you wish to achieve for the improvement of the area?

Northville Township Supervisor, (Full Time), 2 Year Term, Salary \$7,420.

GUNNAR D. STROMBERG, REPUBLICAN — Age 65, 20138 Whipple Dr., 349-0486. High School; Night School Mechanical Drafting, Architectural Drawing. Occupation, Supervisor of Northville Township. Formerly 42 yrs with Western Electric as Supervisor and Department Chief.

"Chairman, Board of Appeals 8 yrs.; Chairman, Planning Commission 8 yrs.; Supervisor, Northville Township 2½ yrs.

"Goals: To obtain water and sewer for more homes in the Township."

Northville Township Clerk, (Full Time), 2 Year Term, Salary, \$6,784.00.

ELEANOR W. HAMMOND, REPUBLICAN — Age 57, 47100 Timberlane, 349-0116. B.S. Degree, Wayne University. Occupation, Northville Township Clerk. Formerly Northville Township Building Dept. Clerk.

"Six years experience in the Township office; Volunteer work in clinic, hospitals, and school before that.

"I hope to continue working to improve the employment conditions in the office. Also, hope to further the recreation program, police program, and fire department of the Township as occasion warrants. Wish to continue our working arrangements with the City of Northville wherever possible."

Northville Township Treasurer, (Part Time), 2 Year Term, Salary \$6,169.

ALEX M. LAWRENCE, REPUBLICAN — Age 71, 16775 Meade Rd., 349-0635. Bachelor of Applied Science, Toronto University; Mech. Engr. Grad. Occupation: Treasurer of Northville Township. Formerly, Dodge Bros. Plant Engineering Dept.; Peters-Dalton, Inc., Treasurer & Engineer.

"Elected Northville Township Trustee, 1955 - 1962; Elected Treasurer 1962 to present date. Won all elections, so far. Thoroughly familiar with Township operations.

"Goals: Remain a Township and remembering that Government by the People and for of the People shall not perish. (Quote)"

JOSEPH B. STRAUB, REPUBLICAN — 39875 Six Mile Road. High School, Night class in Accounting & Auditing at Washington & Jefferson College, U. of M., Henry Ford Community College. Occupation, retired auditor.

"Employed for 14 yrs in the City Treasurer's Office, Washington, Pa. Cost Auditor for U.S. Army Air Forces; Audit Supervisor of contract termination claims, Curtiss-Wright Corp., Buffalo, N.Y. Twenty yrs. of various auditing functions with Ford Motor Co., Dearborn, Mich."

Northville Township Trustee, 4 Year Term, Salary \$20 Per Meeting Att'd.

HALTON AXTELL, REPUBLICAN — Age 38, 19600 Beck Rd., 349-5959. B.A. Kenyon College; L.L.B. New York Law School. Occupation, Employee Relations, Automotive Assy. Div., Ford Motor Co. Formerly, Labor Relations Supervisor, Salary Personnel Supervisor.

Member, Northville Area Unification Study Comm.; served on Value In Participation Comm., active in Newcomers; Member, New York Bar Assoc.

"Lack of direction and internal disagreement at a crucial point in Township development is the primary problem. It is imperative that agreement be reached on providing services and recreational facilities as required by rapidly expanding population. It is necessary to make changes in the Township Board to obtain unity and cooperation."

GRAND OPENING — Corky the clown was only one of the entertainers at the opening of the new National Pride Car Wash at 39780 Five Mile Saturday. Other notables included Dalton Jones and Mickey Stanley of the Detroit Tigers, and the Ladybirds, a popular all-girl (sometimes topless) dance band that was asked to leave the premises by Wayne County Sheriff's Lieutenant Arnold Lesinski after he judged their attire "not proper for the particular situation." What was improper? According to Lieutenant Lesinski, the strings that held the girls vests together weren't tight enough.

Northville, Novi Police Blotter

In Northville . . .

Northville police arrested 34-year-old Robert E. Miller, Detroit, on a charge of attempted larceny from a person. Officers made the arrest July 22 at Northville Downs after seeing Miller allegedly reach into the pocket of a racing fan.

Miller was arraigned on the charge Thursday before Judge Richard L. Hammer in 35th District Court. He stood mute and a plea of not guilty was entered by the court on his behalf. He was released on \$5,000 bond to appear for examination Monday in Plymouth.

Miller appeared in court Monday and the examination was adjourned to today, Thursday, in Northville.

John Swain, Bloomfield Hills, owner of Mergraf Oil Company, 175 Railroad Street, will appear in court August 11 on charges his company violated a city ordinance covering public nuisances.

Police received complaints from at least five citizens Thursday night about odors. Investigating officers found the odors emitting from Mergraf Oil and issued the violation to Swain.

Four complaints of larceny from a person were investigated by police at the Downs. On July 21, Duane Conger, Republic, Ohio, told police his wallet containing \$160 and miscellaneous papers was stolen from him. Police recovered the wallet but the money was missing.

A Dearborn Heights woman, Betty Moses, told police \$36 was stolen from her purse while she was waiting to place a bet.

On July 22, William Mackel, Warren, and Selma Plaskov, Detroit, reported wallets stolen. Missing is a total of \$40 and miscellaneous papers.

Field glasses valued at \$50 were stolen from a locked car parked at the Downs July 21. John G. Andrews, Detroit, owner of the car, told police the theft occurred between 7:50 p.m. and 8:30 p.m.

Wash valued at \$25 was stolen from Fluffo Coin-Op Laundry, 148 North Center Street. Michelle Schoen, 330 North Center, reported the theft to police July 23.

Police investigated seven reports of larceny from motor vehicles between Friday and Monday.

On Friday, Eugene H. Ryan, Lansing, told police unknown persons broke a car window and took clothing and luggage valued at \$300. A Detroit man, Herbert Barker, said a raincoat valued at \$50 was taken from his car. Both thefts occurred while the cars were parked at Northville Downs.

Paul Nitzel, 317 River Street, told police a spare tire and wheel valued at \$75 were stolen from his car while it was parked at his home.

On Saturday, a Detroit man, Howard Condon, reported a spare tire and golfclubs valued at \$90 were stolen from the trunk of his car. A spare tire valued at \$75 was stolen from a car owned by Raymond J. Fillian, Royal Oak. Both thefts occurred at the Downs, according to reports.

On Monday, Charles P. Coons, Owosso, reported a spare tire and golf clubs were stolen from his car. The items are valued at \$375. A spare tire,

rim and block and tackle valued in excess of \$100 were stolen from a car owned by George Amrdt, Detroit. The thefts occurred at the Downs.

Christos Peios, Highland Park, told police his wallet was stolen Friday night at the Downs. Missing is \$68 cash and miscellaneous papers.

A fire early Tuesday morning in a tack room at the Downs caused an estimated \$900 damage to the room and its contents.

According to police reports the fire was reported at 3:30 a.m. and apparently started when an electric fan shorted and a mattress and clothing caught fire.

There were no injuries.

An Allen Park man, Melvin J. Dourth, suffered two abrasions to his right arm Monday night when he was bit by a German shepherd at the Downs. Owner of the dog, Violet Spurlock, Detroit, was ordered to keep her dog confined by a veterinarian for ten days.

Nine-year-old Barbara Heath, 17971 Beck Road, was bitten on the right hand by a ground hog July 23. She was treated in Plymouth, according to township police reports.

FIRE CALLS

July 25 - 1:19 a.m., behind Ramsey's Bar, car fire.

July 26 - 3:38 p.m., near 515 Dubuar, car fire.

July 28 - 3:30 a.m., Northville Downs, tack room fire.

COURT NEWS

Fines totaling \$674 were levied July 21 in 35th District Court by Judge Richard L. Hammer.

Three men were found guilty of reduced charges of driving while ability impaired. Fined \$153 were Alexander Kalinowski, Detroit; and Arthur J. Kish, Ecorse. Herbert G. Mehl, Dearborn Heights, was fined \$103.

Ralph B. Powell, Jackson, and Woodrow D. Cole, Plymouth, were fined \$53 each on charges of drunkenness. A \$50 fine was levied against Arthur W. Beard, Jr., Pontiac, on a charge of drunkenness.

A charge of disorderly person (conduct) against Paul McAdory, St. Clair, resulted in a \$53 fine.

A Kibourne, Ohio, man, Roger W. Edwards, was fined \$18 after he was arrested on a warrant for prohibited left turn.

Following a pre-sentence investigation, Glenn W. Robbins, Livonia, was fined \$38 for drunkenness.

In Novi . . .

A man was arrested Thursday for carrying a concealed weapon, and his female companion was booked for possession of marijuana.

Officers were called to James Boat Livery on South Lake Drive in Novi where they questioned Eugene Carter Boykin of Detroit, and his fiancée Patricia Ann Shelman also of Detroit, in regard to a weapon Boykin reportedly had in his possession.

Asked if he were carrying a weapon Boykin surrendered a .45 Remington automatic pistol.

Miss Shelman was found to be carrying a small packet of material which upon investigation proved to be marijuana, police said.

Called earlier to tow an old car Boykin had been driving, Ruben Carroll, an employee of Herb's Standard on Grand River and Novi Road, observed what he thought to be a gun wrapped up in a blue jacket in the trunk. Carroll, after being told by Boykin that he didn't want the car towed, went to Nick's Grocery on Novi Road where he persuaded an employee to call police.

Baron James Spence of Ann Arbor and Tomas Jackson of St. Petersburg, Florida, both employees of Inner State Publishers Incorporated, were arrested Friday for soliciting without a permit.

Spence, 22, was arrested in the area of East Lake Drive and Paramount while Jackson, 17, was arrested on Ripple Creek.

Both were selling magazines.

Donald John Old of Detroit, was ticketed for failure to yield right of way in a three-car accident on Beck Road and Grand River Sunday afternoon.

Old turned onto Grand River from Beck Road into the path of Clifford Wayne Spencer of South Lyon, who was proceeding west, police said. Spencer struck Old's vehicle in the side and careened into the car of Donald Lynn McIlmurray, 46225 West Nine Mile, who with his family, was waiting for traffic to clear on the other side of the road.

Old was forced into a telephone pole on the west side of Beck.

Spencer and a passenger, Roger Hibbard, also of South Lyon, suffered multiple face cuts. Hubbard suffered arm and chest injuries.

George Miller of Union Lake reported \$50 worth of tires and hubcaps stolen from his car early Monday morning.

Charles Edwards of 701 South Lake Drive reported Monday that a check for \$700 that he had accepted as payment for a boat and motor had been returned marked "no account." The check was drawn by Cleveland Alexander Fitzpatrick of Detroit.

Novi Detectives called Detroit Police and found that Fitzpatrick had been arrested following his purchase of a pick-up truck with a bad check in Detroit and that when he was apprehended he had a boat and motor in tow.

Detroit Police were holding the boat and motor Monday pending positive identification by Edwards.

Four cases of breaking and

entering in Novi in recent months have been solved with the apprehension of Detroit's "pillow case bandit" according to Gordon Nelson of the Novi Detective Bureau.

Twenty-six year old Helen Ann Haynes of Detroit was arrested recently in connection with a series of robberies occurring over the past six months in an area ranging from Detroit to Ann Arbor.

Miss. Haynes confessed to four Novi cases, two of which occurred in March, one in April and one in July, police said.

Frank Foster of Plainwell reported the theft of \$250 worth of clothes from his locked car Thursday. The car had been standing in the parking lot of the KMH Equipment Company at 25460 Novi Road. Police estimated the theft to have taken place sometime between the hours of 6 and 10:30 p.m.

Larry Bassett of Cedar Rapids, Iowa, a companion of Foster, also reported a checkbook stolen.

Missing were a pair of suits belonging to Foster and a sport coat belonging to Bassett.

James Chappell of 26874 Gornaba was taken to St. Mary Hospital in Livonia with convulsions by Novi Police last Thursday.

Chappell had been suffering for some months due to a head injury obtained in a traffic accident a year ago, police reported.

Mrs. Marie Moore of 1502 Labenta reported last week Wednesday a light blue bicycle discovered missing from her home upon her return from vacation.

Decorating Shop Opens in Northville

There's a new interior decorating business in Northville this summer.

Ray Interiors of Farmington has opened a branch store at 131 Cady behind the Spinning Wheel fabric shop, managed by Mr. and Mrs. John Harper of 530 West Main Street. The Harpers have lived in Northville for eight years.

"This just seemed like the natural thing for us to do," said Harper explaining why he and his wife entered

the business. "I've been in the field for 25 years and used to have my own interior decorating business in Ohio."

Prior to opening Ray's last February Harper was employed by another local firm. His wife Ruth has been working for Ray in Farmington for eight years.

Now Harper manages the sales and Ruth manages the manufacturing side of the business. Ray Interiors provides complete interior decorating service, along with re-upholstery and building new furniture. They also manufacture draperies "from measuring the window to complete installment," Harper said.

The Harpers have three children who are all graduates of Northville High School. Margo Harper, the oldest, has just graduated from Western Michigan University with a teaching degree in special education.

Barton Harper is attending Schoolcraft College where he has served as both treasurer and vice-president of the student senate. Gary Harper graduated from Northville High School this summer and will be attending Schoolcraft in the fall.

Hare Enters Plane Race

Richard Carl Hare of 18443 Jamestown Circle, was among the more than 1500 entrants in the National Model Airplane Championships who registered at Naval Air Station, Glenview, Ill. The Meet, often called the "World Series" of model aviation, will run from Monday, July 27 through August 2.

The Meet is conducted by the Academy of Model Aeronautics of Washington, D.C., model aviation's governing body.

Editorials... a page for expressions ...yours and ours

The significance of the Northville township primary election Tuesday may not be apparent to many voters.

But its outcome will undoubtedly dictate the manner in which the township chooses to meet the ever-increasing challenge of population growth.

To a large measure actions by the township board in the immediate future will determine the very character of our total community, which roughly encompasses the school district.

Clearly, township voters have two alternatives in selecting their candidates Tuesday.

On the one hand there is the group chiefly composed of Trustees Richard Mitchell, William Smith and Treasurer Alex Lawrence who view their office as a responsibility to maintain, broaden and promote an independent township government.

Their dedication to this cause becomes particularly evident and intense at the suggestion of any plan that might incorporate joint effort with the city of Northville.

In short, the last thing that Mitchell, Smith and Lawrence want to see demonstrated is successful city-township cooperation that could conceivably lead to future unification.

Proof of this attitude is abundantly evident to anyone who has attended township board sessions with any regularity.

Perhaps the best case in point would be the board's refusal to consider the recommendations of a board-appointed, township citizens' committee report on police needs (it proposed, among other alternatives, contracting with the city for police protection).

The report remains tabled; the committee's request for a board meeting to review the report has not been granted.

Another example would be the treasurer's recent suggestion that the township should terminate its arrangement with the city whereby the two governments purchase fire equipment together.

The treasurer proposed instead that the township pay the full \$32,000 for a new engine. While the idea was not opposed by Trustee Mitchell, other board members refuted a plan that would cost the township twice the investment to purchase an engine that would be housed and used by a city fire department.

Finally, it remained for Trustee Smith and Treasurer Lawrence alone to express arguments of opposition to the city-township agreement for joint development of the fish hatchery for community recreation use.

The voter who believes that Northville township should think only in terms of creating a government to equal or surpass the city, can promote this cause by voting Tuesday for Smith and Lawrence.

As a township resident, and a voter, I cannot be so certain of the wisdom of a policy that excludes any alternative. Personally, I admit to a philosophy born of years of observation of local governments here and elsewhere which holds preference for a goal of ultimate unification. It is based upon a belief that city and township taxpayers can be better served by a program of cooperation rather than competition.

In my opinion a township board that wanted full and professional police service for its citizens could gain this end through hard bargaining with the city.

Such an effort has never been made; instead it is becoming more and more evident that Northville township is bent upon a course of creating its own department of safety, its own municipal offices, its own empire, its own tax burden.

I do not suggest that the candidates supported by this newspaper for nomination to township office adhere to my philosophy.

But they offer an alternative, one that is not yet married to empire-building.

We have chosen Joseph Straub (for treasurer) and Leonard Klein, Richard Dunchock or Halton Axtell (for trustees) because we believe them to be both capable and open-minded.

But, more importantly, we believe that the present course of Northville township needs new and more learned guidance.

And we hope that equally concerned township voters will express their will at the polls Tuesday.

★ ★ ★

For the first time a large, new community of homes will record its opinions at the township polls Tuesday.

Kings Mill with some 480 townhouses and perhaps twice that many voters is viewed with some concern by many candidates who have heard rumors that this strong, new voice is solidly behind a team of candidates.

Readers Speak

Gun Stifles Hope

To the Editor:

An addition has been made to the monument to war now resting on the lawn of the American Legion Hall on Dunlap Street. It is still there as of this writing.

Beneath its pretentious humor it reflects, we believe, the infantile senselessness of war, its means and ends.

"When I was a child,
I spoke as a child,
I thought like a child,

I reasoned like a child;
When I became a man, I gave up
childish ways."

I Corinthians 13:11

Could it be that this nation will not achieve manhood until it seeks to redefine its role as "Hope of the World"? It seems hardly likely today that the muzzle of a gun can do any more than stifle feelings of hope.

Yours,
Joseph Hines
Richard Adams

She Appreciates 'Cancer' Support

To the Editor:

I would like at this time to thank everyone who helped in the American Cancer Society Crusade. It was a wonderful job well done. We made over \$1200. Thanks to all the wonderful people who gave. It gives me great pleasure to know we have people who really care. Each year our crusade shows what wonderful people we do have in this world.

Thanks again to each and everyone who worked and gave to make this crusade a success.

Yours truly
Rose Hamilton
Branch General Chairman
Northville

delegates to the county convention in the off-presidential year that they have taken the only official action that a private citizen can take that leads to the nomination of the party's candidate for president. The precinct delegates elected in August will elect the delegates to the state convention in the Spring of 1972, which delegates will choose the parties' delegates to the national conventions in August of that year, at which conventions the two candidates for president will be nominated.

Likewise, when we elect our precinct delegates in August we will have done, officially, all that a private citizen can do toward the nomination of our parties' candidates for Lieutenant Governor, Secretary of State, Attorney General, State Board of Education, etc.—rather important business—BE SURE AND VOTE.

Jay Masserman

YES . . .

The United States must preserve its vital interests in the Middle East against the mounting threat of Soviet intervention. To do so, it must strengthen the hands of its only real ally in that area: Israel.

For the past 22 years, Israel has stood alone as the sole democracy in a sea of autocratic states. It has given its support to American policy where other nations in that area have shown only contempt for the United States.

There are those who maintain that American involvement in Indo-China is unwanted, yet in spite of that we continue to maintain a presence because of the Communist threat. We send not only free equipment, but our men as well, to meet that commitment.

How much more so, then, should we commit ourselves to Israel, a country which supports and respects us, and wants and needs our help. They don't want our sons, only our jets, which they are willing to pay for.

We must additionally realize the extent of Russian "advisors" in the Middle East, who are not merely advising but are actually manning jets and building missile sites.

We must practice a policy of consistency with respect to American interests abroad. It is to Israel's — and America's — best interests to sell her the jets she so desperately needs.

U-M Medical School

Our Choices

Based upon personal observation or interviews with the candidates, the staff of this newspaper has compiled a list of candidates that it wishes to recommend to its readers.

The policy of endorsements is not taken lightly, but is viewed as a responsibility to be exercised only in cases where special information is available that can be passed along to readers who may not have firsthand knowledge of the candidates they must choose between at the polls.

For your consideration our "preferred candidates" in the Tuesday primary election are:

In Northville Township

Straub for Treasurer

Joseph Straub, presently a trustee on the township board, is clearly the only qualified candidate to handle the increasingly-complicated duties of township treasurer.

An auditor by profession, Straub has a wealth of experience and has, indeed, used these talents to help correct township bookkeeping although his position as trustee does not include this responsibility.

Klein, Dunchock for Trustees

Leonard Klein tops the list of candidates for two trustee seats on the township board. He has served as a member of the planning commission and presently is its chairman.

Intelligent and thoughtful, Klein will bring new competence to a board that can use such ability.

Our second choice is Richard Dunchock, a newcomer to local politics. He's closely followed, in our opinion, by Halton Axtell, who would serve the township as trustee equally as well. Both are young, intelligent and eager to serve. Yet they are not so young that they would not bring a background of sound business experience to the board.

Frankly, we like Dunchock's enthusiasm and untiring efforts to collar people and tell them he's running for office. Such aggressiveness and energy would most certainly serve to bring township board discussions to the point and break the long silences that consistently prevail.

In Oakland County

McAtee for Commissioner

McAtee without a doubt.

Our feelings are so strong in this race for the important position of county commissioner that we'd like to make a special appeal to Republican voters in Oakland county to get out and VOTE for McATEE.

The incumbent commissioner, Lew Coy, to our knowledge has never, for example, made an appearance before the Northville city council and is unknown to the mayor and city manager. In contrast the ex-commissioner serving the Wayne county portion of the city has made regular and informative reports on matters of local importance to the council.

McAtee is the former Mayor of Wixom. His performance in that capacity was one that has provided Wixom with more advantages than it now realizes. His knowledge of local government will make him most sensitive to the responsibilities of county government to the communities he serves.

In Wayne County

VanderMolen, Moelke For Commissioner

Larry VanderMolen, a resident of Northville's Kings Mill development, is our choice as the Democratic candidate for Wayne

Speaking for Myself

Should U.S. Sell War Planes to Israel?

Dr. F. F. Ishac

NO . . .

"7/10/70 Israeli planes bombed Egyptian positions for the 55th consecutive day." "Israel's Air Supremacy Continues — Three Egyptian Migs Downed." Such a news item is heard or read every day for the last three years. Israel by a brilliant maneuver destroyed the Egyptian Air Force and occupied the Gaza Strip, Sinai Peninsula, Golan Heights, west bank of the Jordan and Jerusalem, flauntingly defying the U.N. resolution to withdraw to their borders.

It continues to amaze me what some people mean by military and strategic balance of power in the Middle East. Do they mean by it giving Israel the right to bomb Egyptian positions without the Egyptians attempting to defend themselves? When the Egyptians try to defend themselves there is an Israeli outcry to pressure the government to sell 25 Phantoms and 100 Sky Hawks to replace what they lose in bombing the Egyptian towns and factories.

In pursuing such policies over the last 20 years, the United States has succeeded in alienating 100 million Arabs. By succumbing to financial pressures brought by a rich influential Jewish minority some politicians have sold U.S. interests down the drain. As a result the Russians have made great inroads in the Middle East and Mediterranean. Where the Sixth Fleet used to sail unopposed there are Russian Ships to shadow its maneuvers.

Selling more planes to Israel will only jeopardize American position in the Middle East. It will make it a hypocrisy to say that the United States is only seeking a just peace in the Middle East.

SPEAKING for The Record

By BILL SLIGER

Continued from page 10--A

Understandably, this concentration of voters is being anxiously wooed by all candidates.

But from personal contacts, I cannot believe that Kings Mill will produce a "bloc vote".

Regardless of personal candidate preferences, all voters everywhere are primarily interested in good government. And they cast their ballots with this goal in mind.

★ ★ ★

In this regard, and in the face of the concentrated campaigning for the favor of Kings Mill, I cannot believe that good government is being promoted when a developer, promising a shopping center convenient to Kings Mill, pays out \$250 to keep a second township police car. Particularly when that developer has site plan approvals pending before the township board (the developer is not Levitt).

Officially, the board was never consulted about this "gift". But the developer was asked to make the contribution, presumably by those interested in expanding the township police force.

Now that the developer stands before the board locked in a controversy over site plan approval, it becomes difficult not to wonder whether he should not expect a favor in return.

That's what's bad about governments seeking and accepting favors from developers. That's why we've revealed and admonished such action in the past and why we'll continue to do so.

Local Republicans Endorse Pursell, Klein, Straub

At the regular meeting of the Wayne-II District Republican Statutory Committee held Thursday it was decided to formally endorse a slate of candidates for the upcoming Primary election on August 4.

As a result, E. O. Weber, chairman of the District has announced the following endorsements:

GOVERNOR: his record of accomplishment makes Governor WILLIAM MILLIKEN far and away the only choice here. His basic integrity and human decency, qualities which Bill Milliken possesses to such high degree, are rare among public-office holders. This is the type of person whom we should encourage to seek public office. Let's give him a big vote in the August 4 primary election.

SENATOR: Our preference, as she was the preference of over 95-percent of the delegates to special "convention", is Lenore Romney. A woman of unusual talent, ability and dedication she deserves your support and encouragement. The affairs of government need people of her caliber. Lenore will bring a very special quality to the U.S. Senate and will be an eloquent spokeswoman for all people of good will.

STATE SENATE: Your Committee unhesitatingly encourages your support of Carl Pursell. Although he opposes an incumbent Republican, Carl's fine record of accomplishment in public service and to the Republican Party in this area, merits your support. Many years of dedicated effective work

NORTHVILLE TOWNSHIP: For the positions which are contested, the Treasurer: JOSEPH STRAUB; trustee: Committee has a preference for: LEONARD KLEIN. Clear qualification for the positions and sustained effective service to the Republican Party are the basis for these preferences.

The Committee could not reach unanimous agreement on a second trustee candidate, and thus is not expressing a second preference.

COUNTY SHERIFF: THOMAS MAXOM is the most clearly identified qualified Republican candidate.

Weber concluded that the announcement of these preferences will be sent in a newsletter this week to Republicans in Plymouth, Plymouth Township, and Northville Township.

Our Choices in Tuesday's Primary

Continued from Opposite Page

County Commissioner in the 26th District.

While he has no previous experience, his credentials as an instructor of political science at Schoolcraft Community College and his active work in politics prompts us to select him over his three opponents. The fact that he is a local resident, who could provide a quick and efficient communication between the county and local governments, is a factor in making this choice.

On the Republican ticket for 26th District Commissioner, Harvey Moelke has our support on the basis of his wealth of experience as a former mayor of Livonia and as that city's representative on the Wayne County Board of Supervisors.

Moelke's knowledge of the needs and problems of local governments would be a great asset should he represent the 26th District in Detroit.

In District 14

Pursell for Senator

Carl Pursell, the energetic, positive thinking candidate for the GOP State Senatorial nomination in the 14th District, has our support over his three Republican opponents.

A moderate Republican who has demonstrated his ability to work constructively with members of both major political parties at the local and county levels, Pursell impressed us with his action role

Progress Reported

In College Talks

EDITOR'S NOTE: W. Kenneth Lindner, Schoolcraft College vice president for business affairs and chairman of the negotiating team representing the board of trustees, has released the following general information concerning current negotiations with faculty.

Negotiations between Schoolcraft College and its faculty have been positive and constructive since their onset last January. We feel substantial progress has been achieved, especially during this past month.

Recently, we joined faculty representatives in requesting mediation. We did this not because we consider negotiations to be stalemated, but rather because we recognize a number of key areas must yet be covered and we favor any steps which might speed the process and help effect an early settlement.

Besides salaries, about which there has been little or no discussion to date, we see four key issues yet to be resolved:

1. The question of whether probationary instructors will have access to grievance procedures and arbitration in a dismissal situation.
2. The question of whether the position of Division Chairman will remain within the faculty bargaining unit, yet exercise administrative duties.
3. The question of minimum

teaching load to insure it is consistent with legislation adopted by the state legislature during its last session. The state requires a minimum of 15 hours a week in which instructors are directly involved in teaching, or in "contact" with students. Problems arise in considering laboratory time or small-group sessions, and are further complicated by the lack of explanatory information from the state.

4. The question of wording of the clause defining academic freedom. At issue is whether academic freedom extends beyond freedom of discussion on matters within the framework of the course being taught, which is relevant to the subject under study and is within the area of the instructor's competence.

Faculty representatives have declared a recess from negotiations from July 16 until August 3, the date we've requested to meet with a mediator. We have agreed to continue negotiations in the event that no mediator is available to meet with us August 3.

We've completed a total of 24 negotiating sessions since getting underway last January, 17 of which have been conducted since June 2. In all, we've been involved in 150 hours of direct bargaining in our efforts to achieve a mutually-acceptable master contract with our faculty.

with the Chamber of Commerce and later with his performance as a Wayne County Commissioner. His county performance has been especially gratifying in view of the fact that he was but one of two Republicans on the Commission.

As a County Commissioner, Pursell has maintained excellent communication with local level governments, providing them with information about key issues before the Commission and assisting them at the county level with their peculiar problems.

We believe that Pursell, as a Senator, would maintain a similar link between the State Legislature and communities of the 14th District — a service that the incumbent, Senator George Kuhn, has failed to provide.

There is no competition on the Democratic ticket for this Senate seat.

In 60th District

Smart for Representative

Clifford Smart, GOP incumbent Representative of the 60th District, stands head and shoulders above his lone opponent, William Todd, in both experience and ability.

Todd, who shocked and disappointed us with his racism and extreme right statements two years ago when he ran as a Democrat for the same office, represents a poor choice on either party ticket. The Republicans would do well to disown him as did the Democrats two years ago.

The Democratic candidate for the 60th District nomination faces no competition in the primary election.

But Local All-Stars Win Two

Davison Halts Novi District Bid

The Novi Babe Ruth All Stars charged hard through two games last week Tuesday and Wednesday but were stopped cold Friday in a bid for championship of the fourth district.

The local nine whipped Holly 6-3 last week Tuesday, and stopped a six-run rally by Avondale to take a 10-8 squeaker last week Wednesday, but went down to Davison 7-3 Friday in a game that would have sent them to the state playoffs.

Joe LaFleche engineered the Holly victory giving up four hits, and five walks while putting away 10 men.

Gary Colton led off that game in the first inning with a single. He went to second on a error by the

centerfielder that saw Gene Reske safe at first and came home on a single by LaFleche. Jim VanWagner got on through an error and then stole second. Kim Smith got on through another error, loading the bases. Pat Boyer knocked in all three with a single and a catching error.

Novi notched another run in the fourth and closed its tally in the fifth.

Doug Jones took the loss for Holly allowing four hits and four walks while fanning three.

Novi started its victory over Avondale with a two run first inning, followed up with a single tally in the second, and scored two more in the third.

The sixth inning was the big one, however, with four runs coming across on two doubles from Reske and hurler John Pantalone, plus two singles and a walk.

Novi closed its scoring when Pat Boyer tripled in Dave Brown in the seventh.

Pantalone put Avondale away after a six-run rally in the sixth inning allowing one man on in the seventh.

Novi posted one run in the first third and fifth innings to finish behind Davison 7-3 Friday.

Reske walked in the first, went to third on Pantalone's double and came home on a passed ball. Mike Butler scored from a bases loaded situation in

the third when Jim VanWagner walked. Hurler LaFleche doubled in Pantalone in the fifth.

LaFleche took the loss allowing eight hits and four walks while fanning seven.

BABE RUTH ALL STARS — Kneeling in front are (from left to right) Gene Reske, Joe La Fleche, Tim Assemany, John Pantalone and Jim VanWagner. In the second row are Tom Karch, Dave Brown, Kevin La Fleche, Kevin Tobel and Gary Colton. Standing in the rear are Pat Boyer, Mike Butler, Manager Gene Reske, Kim Smith and Gary Staub.

No Change in Slo-Pitch Race

Standings remained the same in Northville Men's slo-pitch this past week as 2 teams failed to notch a significant gain.

Action began last week Monday and looked like this:

MONDAY, JULY 20

Plymouth State Home defeated

Pyles Industry 14-9 with the help of Ed Angner's powerful arm and a consistent hitting record.

Newcomers Club I defeated Newcomers Club II 14-9 with runs tallied in the third, fifth and sixth innings.

Barry Holmes worked the victory.

League A leader Northville Drug whipped Novi Inn 17-5 with the help of a homer from Hurler Jim Stevens.

WEDNESDAY, JULY 22

Northville Lanes defeated Northville Lumber in a 9-8 squeaker that saw Ed Bray sock the only Lane homer of the game.

Winning pitcher was Bob Smith.

South Lyon Jaycees tallied their second 30 run victory sending Erie Trailer down 30-2 with the help of pitching by Dave Grimes.

Novi Inn handed Erie Trailer its second defeat of the week 19-15 as Inn batsmen Tony Olavitch and Pat Duggan both smacked a pair of homers.

Ed Snowdon hurled the win for Novi Inn.

THURSDAY, JULY 23

Northville Lanes and Perkins Engines met with league B leading Lanes coming out on top 16-6.

Bob Smith worked the victory that saw homers from Marv Fodor, Ken Kujala and Ed Bray.

Clay Herrington took the loss.

Northville Jaycees handed Perkins its second defeat of the day 22-7 with the help of a nine run sixth inning rally.

Perkins was plagued in that game by 10 costly errors.

FRIDAY, JULY 24

John Sting engineered a 13-8 victory for Northville Lumber over Novi Inn.

Power for the Lumber came off the bats of John Kokas, Jim Turner, Don VanIngen, Joe Lineman and Mark Cushing, all of whom socked homers.

Standings looked like this at the end of last week's play.

GANG 'WAY -Novi's Rick Dale didn't stop for anything, including Northville catcher Rick Asher's outstretched leg. Dale came galloping toward home in the early innings of Novi's game with Northville Saturday intent on scoring Novi's second run. It

was a close throw but when action halted runner Dale stood up safe, and catcher Asher went on to finish the game with a ripped uniform and a sore leg.

But Not Builders

Penny Wraps Up Undisputed First

Penny Electric clinched undisputed first place in the West Division of the Walled Lake Softball League this past week while Michigan Building Components nailed down at least a share of the Eastern Division title.

Two teams, Billy G. Bowl and the Wixom Athletics, were to play a make-up game early this week. Depending on the outcome of that game, Michigan Building could either close its regular season on top of the heap or tie for first with Billy G.

Here's what happened in competition recently:

THURSDAY, JULY 23
Carpentry Engineering defeated Ultimate Precision 13-7, with Fred Kilby hurling for the winners. Bill Bailey led the hitting attack for Ultimate with four hits in four trips.

With Bill Penny hurling a three-hitter, Penny Electric shutout Walled Lake Building Maintenance 2-0.

Billy G Bowl bombarded Stricker Paint 15-2 in a game highlighted by a four-bagger off the bat of Ron Cole.

A throwing error in the bottom of the seventh brought home the winning run for Liberty Tool as the Toolers edged Imperial Molded Products 4-3. Duke Gardella was the winning pitcher.

WEDNESDAY, JULY 22
Mickey Matheson collected two triples in helping Rex Roto to an 8-7 triumph over Lawson's Manufacturing.

Wixom Athletics nipped Carpentry Engineering 4-3.

Gardella picked up another victory as his squad Liberty Tool waltzed past Walled Lake Building Maintenance 10-1.

Joe Tobias blasted a grand slam homer to give Imperial a 6-5 triumph over Copper Mug.

TUESDAY, JULY 21
Bill Bailey picked up three hits in three tries while his teammate Al McClellan was working a 4-3 victory over the Wixom Athletics.

Michigan Building shutout William's Research 5-0 as Hurler Dale Schaeffer gave

up just three hits. The Builders' Stan Laskowski collected three hits in three trips to the plate.

With Joe Burke on the mound and Fred Kowal collecting four hits in four attempts, Penny bombed Imperial 15-6.

It was Walled Lake Building 13-2 over Lawson's Manufacturing.

MONDAY, JULY 20
Liberty Tool picked up a 7-0 victory over Rex Roto via the forfeit route.

Stricker Paint picked up its first victory of the season in defeating William's Research 4-1, while Billy G edged Carpentry Engineering 4-3.

In one of the most exciting games of the season, Wixom Athletics defeated Michigan Building 8-7 in 10 innings.

The score was knotted at 4-4 at the end of the regulation seven innings. Michigan Building scored three runs in the top of the 10th to grab what looked to be a sure victory. But the Wixom squad came back with four runs of its own to win. Glenn Burke, son of winning hurler Tom Burke, drove in the tying run, while Dave Byrd drove across the winning tally.

FRIDAY, JULY 17
Wixom Athletics bombed Liberty Tool 20-1 in a game that saw Wixom score nine times in the fifth inning. Fred Waara was the winning hurler, and Don Waymure and Neal Salo each collected four hits for the victors.

Page 13-A

13 Games Played In Knothole Action

Knothole fans saw plenty of action last week as Northville teams played 13 games in hardball and softball competition.

Action looked like this:

KNOTHOLE HARBALL

The V.F.W. Athletics dumped the Northville Record Dodgers 6-1 in a game marked by the strong arm of Mark Morland.

Criss Cross hurled a 10-6 victory for Ashers Angels over the Northville Realty Astros.

The Northville Police Padres shut-out the Optimist Club Pirates 7-0 with batting punch coming from Jeff Johnson and mound work by Dave Wilson.

The V.F.W. Athletics handed the Pirates their second 7-0 shut-out with the aid of the batting performance of Rico Adams.

Northville Fire Department Little Squirts topped the Northville Optimist Bears in a 3-2 squeaker.

KNOTHOLE SOFTBALL

The Choo Choo Car Wash Chiefs dealt the Hyatt Construction Beavers a 5-0 shut-out that saw the Beavers nip

In Connie Mack

B-V Ices Playoff Berth

By Dumping Northville, 8-1

Novi's B-V Construction ices a spot in the Connie Mack playoffs by sailing past Northville Reef in an easy 8-1 triumph Saturday evening.

Big Lee Snow, firing a sizzling fast ball, gave up only five hits for the Novi nine in a game called by darkness after six innings.

B-V scored single runs in the second and third innings and then exploded for six runs in the fourth frame.

Reef pushed across its lone run in the sixth when David Coe singled, walked to second, stole third and came home on a ground out off the bat of Rick Asher.

Steve Bosak launched Novi's attack in the second with a single. He advanced to second when Dennis Fritz grounded out and came home on a single by Pat Ford.

In the third, Dan Flattery laced a single and circled the bases on singles off the bats of Phil McMillan and Tom VanWagner.

The explosive fourth saw McMillan smash a bases-loaded double and a single, while VanWagner, Rick Dale, Flattery and Fred Cox collected singles

and Fritz and Snow walked.

Other Northville hits included a pair of singles by Terry Mills, a double by John Crane and a single by Asher.

Two pitchers saw action for Reef—John Crane and Scott Evans, who took over in the fourth. Between them, they were nicked for eight hits,

six walks, and each struck out three.

Earlier in the week, both Novi and Northville took it on the chin. Northville went down, 8-0, to first-place Crowe Associates, and 8-3 to the Plymouth Elks. Novi lost a 6-5 squeaker to Garden City East and a 6-3 contest to Tom's Service of Livonia.

Reef One Game From 2nd Playoff

Livonia Adray action last week saw Reef Manufacturing post a 3-2 record to place itself within one game of a second round playoff match with Redford.

The Northville nine must win a make-up game it has with Westland to tie the 5-1 record of league leader Redford for the second round championship.

In last week's action Reef lost to Hubert Realty 6-5 on Wednesday, beat Darin Construction 2-1 on Friday, took a 7-0 forfeit from Construction on Saturday and split a double-hitter with Plymouth on Sunday.

The Hubert game saw Reef batsmen tally seven hits in the first, third and seventh innings while the Realty earned all of its runs in the second off four hits, two walks, a hit batter, and two costly Reef errors.

Don Morrison took the loss making his record 1-1.

Both Reef and Garden City Darin Construction tallied five hits and committed two errors in Friday's contest but Reef notched a one run advantage to carry the day.

In the sixth, hurler Jeff Taylor led off with a single, went to second on Stan Nirider's sacrifice and came home on a double off the bat of Pat Cayley.

Reef followed up in the seventh when Craig McDermaid got on with a walk, went to second and third on a sacrifice by Rich Adams and a single by Barry Deal and scored on a sacrifice by Rich LaRue.

Garden City tallied its lone run in the fifth on a walk, a double and an infield error.

Greg Pluches took the loss.

In the second game of that Darin series, Reef notched a 7-0 forfeit when sufficient Garden City players failed to report for the game.

Rich Adam's started what was to be a 4-2 victory in the second game of a double hitter with Plymouth Sunday by cracking his third home run of the season in the third inning.

Reef went on in the fourth to score its winning runs. Cayley led off that inning getting on through the first baseman's error. Bernie Bach singled him to second, and Tony Himmelsbach loaded the bases, getting on through an error by the shortstop. Cayley came in on a walk to McDermaid, Bach came home on Adams' single and on that same play Himmelsbach was thrown out trying for home. Nirider walked, loading the bases again, and

McDermaid closed Reef scoring when he was forced in by a walk to Deal.

Taylor took the win giving up seven hits, two walks and fanning three men.

Northville went down to Plymouth in the first game of Sunday's meet in a 12-0 shut-out that saw three Northville pitchers go to the mound.

Reef power in that game came from Jeff Taylor, Rich Adams and Barry Deal who accounted for Northville's four hit total. Nothing got past first base.

Dale Rumberger helped Plymouth considerably in the sixth when he smashed a grand slam homer.

Pet'n Dolls In Spotlight

The annual Pet and Doll show as well as tournaments in archery and tennis highlight the upcoming week in Northville recreation.

Judging will take place in numerous categories in Northville on Wednesday, with prizes to be given for the prettiest, biggest, oldest and best homemade dolls; and for dogs and cats of the blackest and whitest color, as well as those of the most varied color. Prizes also will be awarded to the most unusual pet, the smallest pet and cutest stuffed animal.

Bikes and floats also will be recognized, with prizes going to the best float for recreation, the prettiest float, most original float, and the prettiest and most originally decorated bike.

A complete list of categories may be obtained from the recreation office or by calling 349-0203.

An archery tournament in two classes — for ages 6-10 and 11 and up — will be held Saturday behind the Scout Recreation Building.

The contests will be held from 9-10:30 a.m. and from 10:30 to noon for the two respective groups. Participants are asked to bring their recreation card.

A tennis tournament will be held in Cass Benton Park for those who have participated in the recreation tennis program Monday and Wednesday.

Contestants will compete for trophies and prizes each day between nine and noon.

First Ace

Ron Little fired his first ace last week Wednesday and had no trouble finding believers.

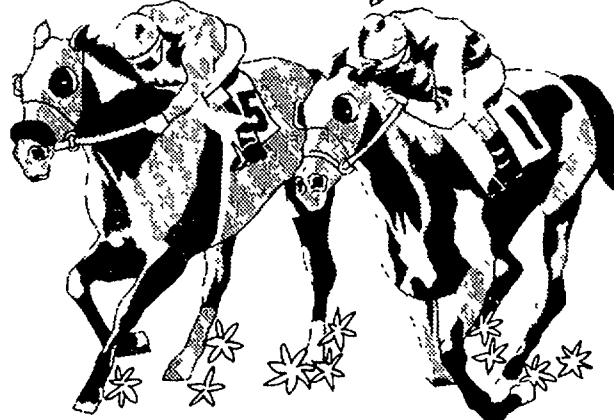

Ron, of 17 Arbor Way (Northville), had the entire WXYZ weekly golf league observe his feat as he sank an eight-iron tee shot on the 127 yard, par three, eighth hole at Redford Golf Course.

The league meets once a week on the course and this was the 12th such endeavor in the 20-week season. Ron's hole in one gave him a 45 for the round.

are. If we pay money to Lansing, they will dole it out. I maintain people can do it better locally than the state."

"I'd rather pay higher state income taxes," Mortenson said, "and let them give money to the school districts than pay property tax to the Northville School District."

"We are doing this study for the state," Cook told him, "with funds from the state."

"You're creating a problem for yourselves," Mortenson told the board. "When you want something you will not get it. The people are afraid that year-round school will be initiated next fall."

"I'm sorry for the alarm of the people in the community over year-round school," Spear apologized. "They are your schools and your children. I cannot honestly believe you do not want us to reflect what is in your best interest."

"Let the state conduct the study?" Spear said. "Look at the Supreme Court ruling (requiring districts to provide free textbooks this fall). Thank God we can somehow work it out without having to cut the staff."

"If the state conducted the study, year-round school would have to be implemented within a time limit set by the state," Spear continued. "I'd like to see the board and you make the decision when to implement year-round school and if we do."

LaMoreaux told the board "The people are alarmed and are concerned, and there will be more alarmed. It is

not because of inconvenience," he charged.

"And Mr. Spear keeps saying people are opposed because of inconvenience. Inconvenience 'H, LaMoreaux argued. There are hundreds and hundreds of reasons. The people are alarmed."

"Duane LaMoreaux, you are feeding alarm to the community," Spear admonished, as LaMoreaux complained "I resent that statement."

Spear asked the people to "temper your alarm and let us get the answers to questions we all have concerning year-round school."

Coy, McAtee Speak Up

Lew Coy...

Continued from Novi, Page 1

I have made a real practical Christian effort to hold down new positions and salaries including my own. This conservative approach has saved hundreds of thousands of dollars. Dollars the voter has worked hard to earn.

I have successfully supported evening sessions so that many interested citizens would be able to attend Commission meetings.

I have successfully supported the building of a new Law Enforcement Complex to replace the old jail condemned by the State Department of Corrections - also supported corrective measures to eliminate inhumane conditions at the present county jail.

I have successfully supported a trusty work camp for honor prisoners, which they are constructing themselves.

I opposed cash payment to ADC mothers for childrens clothing - favored continued use of county clothing store.

Successfully supported a senior citizens program. Where the seniors come together for fellowship as well as earn \$1.60 per hour assembling tie pins.

Continued from Record, Page 1

Residents of the subdivision, located immediately west of the Brooks property and southwest of the Shapero property, oppose both plans.

It was expressly for these residents that Brooks' spokesmen emphasized their plan's buffer zone. Specifically, it calls for retention of the natural heavy tree line (approximately 40 feet wide) at the west edge of the property, then for the next 80 feet east it provides for a "garden deck" with trees, shrubbery, grass and flowers above and parking beneath. This garden, it was noted, would be off limits to everyone but

shopping center caretakers. Aside from the natural and artificial buffer between the center and the subdivision, the center itself would be at a depressed elevation (taking advantage of the low topography) and thus decrease still more its view from subdivision residents, spokesmen said. The center would be of single story construction except for two-story apartment stores on either end.

The enclosed center would face Haggerty, with parking in the front and rear for 4,000 cars. It would, according to its sponsors, be of the same "elegant" design—inside and out—as

the Woodland Mall in Grand Rapids.

Donald Jones consultant for Brooks reaffirmed his earlier arguments that the location of the proposed north-south expressway (I-275) on the east side of Haggerty better suits the Brooks development than it does the Shapero center (he referred to the latter as "sub-regional"), that the Brooks' plan is more economically feasible, and that township officials should not take action on the basis which center they believe would survive and develop.

Competition, he stressed, is outside the realm of zoning.

Finally, Jones ripped apart the planning commission's recommendations (concerning the Brooks and Shapero requests) and especially the recommendations of the township planning consultant. He called them irrelevant, unfair, and arbitrary. He suggested that the planners had, in considering his client's petition, predetermined that Shapero and not Brooks should get the rezoning. They failed, he said, to give Brooks' request equal consideration based on merit.

Brooks, he concluded, has no objection if both properties are given the B-3 zoning but he does object if Shapero is granted such zoning and not Brooks. The latter action would be confiscatory and arbitrary and "our client will surely challenge it," he declared.

Attorney Ogilvie reiterated the opposition of subdivision residents, pointing out that the center will adversely affect subdivision properties. Furthermore, he pointed out that the township has no legal assurances that

the Brooks developer will "do all" that has been proposed to protect the subdivision.

Severance Pay

Continued from Novi Page 1

severance pay.

Former Mayor Wesley McAtee stated Tuesday night that the council took no action last year but "left the decision up to me. I asked for Young's resignation effective two months later, suggesting that he use the time to seek other employment."

Schnelz stated that Young was paid for his last two months of work and that such payment had nothing to do with severance benefits.

Later in the meeting Schnelz noted that there was no precedence in Wixom concerning severance pay and council adopted a recommendation from Councilman Val Vangieson that a five man citizen committee be appointed by the mayor to study the situation.

In other business Tuesday night the council complied with a state request to establish major and local road funds in which state monies, returned to the city for road improvement, could be deposited.

Also brought before council attention was a report from Schnelz that the current police negotiations may go into compulsory arbitration.

Willis told this newspaper that the city was waiting to hear from the police on its last salary offer: \$9,800 for a patrolman with three years experience in the community. "The offer falls \$75 below the police demand based on a year," Willis said.

WITHOUT assessment; that Wixom, a relatively young city, has paved roads throughout the community—and all of them built and paid for at the time of installation without bonding, without interest, and without burden to the taxpayer.

Having wrestled with and helped to resolve major problems of citizens and government in my own community, I can better appreciate those similar local-level problems elsewhere within this district.

I recognize, too, that problems of the municipality—whether it be a township, village or a city—are often times peculiar only to the local area in question. Yet they should—and will be if I am elected—responsibility of the County Commissioner who tackles them on a PERSONAL, "I AM CONCERNED" basis.

How many times can you recall the incumbent commissioner playing an active, positive, roll in your community?

How many times has he offered

assistance to your community at the Oakland County level?

How well has he kept you and your officials abreast of county issues vitally important to your community?

As I travel through the many communities of this district the key problem seems obvious: there has been little or no coordination, or liaison between the local community and the county; no personal, aggressive leadership between the local level and the county.

When so many of the citizens of the district do not know the role of the county commissioner, much less the incumbent commissioner's name, I can only conclude that something must be done to bring some life to this post, some personal, aggressive leadership so that people know the man and his abilities and will turn to him for assistance.

I stand ready and willing, with 12 years of proven municipal experience behind me, to be your voice at the county level—a voice that will be heard at the Board of Commissioners meeting in Pontiac.

Rest assured that the desires and necessities of the 27th District will be met head on—and the recognition deserved in our area of the county will become a long-desired reality should I become elected.

Of Teaching Grads

Job Shortage Dashes Hopes

"We were all unprepared. There was no hint of a shortage of teaching jobs while we were in college," commented Janet Funk Persinger, a recent graduate of Michigan State University with a degree in English, secondary education.

Janet is one of many teachers looking for jobs that don't exist. Last month she was married. "I planned to get a teaching job and put my husband through law school at University of Michigan. He starts in August and I still don't have a job."

In February Janet began inquiring about teaching positions for this fall, "but the school districts wanted my practice teaching rating so I couldn't send in applications until March."

But even with 15 applications in area districts, Janet has had only one interview (in Northville) two letters of refusal and no replies from 12 districts. "I find it hard to accept the fact I can't get a job. It's frustrating not to be able to do what you want," she said.

"If I had only found out before I student taught that I couldn't get a job I could have changed my plans. After a taste of teaching it's just so hard to accept."

Janet said she was "encouraged to go into English. The reason advisors gave was school districts can always cut music and art from the curriculum but never English."

"There's always room for teachers," Janet said she was told. "Kids I know who graduated last year didn't have this problem."

Since Janet has no experience in teaching she was also told being "lowest on the pay scale would be in my favor. Placement people said districts were looking for new teachers since they might have to release teachers to meet a budget who were higher on the pay scale."

This week she started looking for jobs outside the teaching profession. "I'm trained to be a teacher and it's what I can do best, but I have to find

JANET PERSINGER

something. I'd enjoy any job that would mean working with people."

Janet's story is not one of a kind. Many teachers have stopped looking in the teaching field and have taken jobs as waitresses, secretaries, telephone operators.

Even landing a job as a substitute teacher is now considered a stroke of luck.

And the same story is repeated by both experienced and inexperienced teachers. Mrs. S., a teacher presently in the Detroit school system wants to find a job in the area. But even with six and one-half years experience in elementary art she has not had any luck.

"A master's degree prices a teacher

Job Placements in Slump

College Grads Seeking 'Pot of Gold' Shift to 'Cup of Silver' Instead

There's a new twist today for the old admonition, "Get a college education and a good job."

College students are beginning to wonder if they might not better advise their children, "Get a college education and MAYBE you'll get a good job."

And college counselors are offering still another variation, "Get the right

kind of college education and you'll increase your chances of getting a good job."

Both variations are the result of an increasingly competitive labor marketplace. College education, the experts say, is no longer—if it ever was—a guarantee of employment. In fact, today more and more college graduates, unsuccessful in their search for the 'pot of gold', are beginning to settle for a cup of silver instead.

College-educated applicants are now having to take second and third choices of employment rather than their first choices as in the past, says Herbert Harvison, director of the non-teacher placement bureau at Wayne State University.

"Placement of graduates is very slow ... much slower than in the past," he adds in echoing the comments of placement officials at other universities.

Part-time jobs, he says, are down 70-percent, and full-time jobs are down significantly, too. While the situation in the Midwest appears to be more drastic than on either the East or West coasts, Harvison notes that jobs are tough to find throughout the United States.

Blaming the job situation on "the recession," the Wayne official hopefully predicts "we'll be out of it (recession) by the end of the year and spring (1971) placements will swing upward."

University of Michigan graduates, explains Dr. Evant Artis, director of the U-M Placement Service, didn't have quite the problem of finding jobs this year as did graduates elsewhere because of the university's tri-semester system that put many graduates into the job market before other college classes were graduated.

Nevertheless, fewer employers are begging for graduates, he admits.

Ph.D's from Michigan are particularly hurt, says Dr. Artis. Placement in this area is down 50-percent from last year, he notes, primarily because inflation has forced colleges to budget their money more closely by bringing in instructors from

research areas and by enlarging class sizes.

Hiring of Ph D's by industry has all but stopped, the U-M director says.

Overall, the situation "is one where students who want to get jobs must be more aggressive than before," he says. Students must be prepared to go into fields they may not have originally considered, he adds.

Dr. Artis says causes for "the slow-down in educational opportunities (teaching positions) are millage defeats, cutting back of federal programs, and higher salaries that force schools to hire fewer teachers in order to pay them better."

Automotive cutbacks in this area have had an adverse effect on job placement in non-teaching fields, he adds.

The job market is "rather tight," says John Shingleton, director of the

MSU Placement Bureau—largest placement bureau in the state. The market, he continues, has been deteriorating for the past six months and the erosion continues.

Hardest hit, according to Shingleton, are the technical areas, although he is careful to point out that this "is only in comparison with past years." Technical graduates still get jobs but they are now offered only one or two jobs whereas in the past they could count on seven or eight, he says.

Shingleton agrees with most placement officials in noting that the area remaining strong is the financial-management-accounting field. At MSU such students have increased their starting salaries this year by 11-percent over last year, compared to a general increase of 3 to 4 percent in

Continued on Page 11-B

High School Grads Find Luck Plays Role

As job openings grow fewer and fewer, the young people going out for

jobs after finishing school are either lucky or not.

Debbie Cobb, 17, of Northville was one of the unlucky ones.

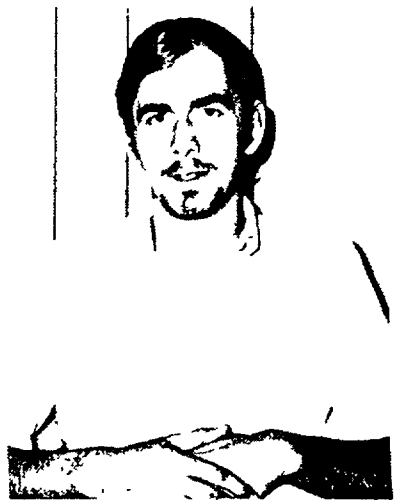

During high school, Debbie took courses in typing, shorthand and office machines, thinking that that was the way to get a job.

Just to play it safe, Debbie even worked a year as a student secretary for teacher Wayne Saunders at Northville High School.

But all this training didn't do any good.

"I wanted to be a secretary but I just couldn't find an opening," Debbie said, "Mr. Saunders helped me to get this job and we're still looking for permanent secretarial work."

Currently, all of Debbie's training is being applied to babysitting five days

Parks Spotlight
Fun for Children

Children from the counties of Livingston, Macomb, Oakland, Washtenaw and Wayne are in the spotlight this week at events staged at two Huron-Clinton Metropolitan Authority parks.

More than 2,000 boys and girls from 57 municipal recreational centers (including five districts in Detroit) will compete in the finals of the Detroit Metropolitan Area Youth Fitness Meet to be held at Kensington Metropolitan Park near New Hudson today (Thursday).

The flag raising ceremonies and lighting of the torch will take place at Playfield Area "D" at 10 a.m., preceded by march music by the Huron Valley Community School Band and assembly of contestants starting at 9:30 a.m. Mass calisthenics will start at 10:15 a.m. and youth fitness contests will begin at 10:30 a.m.

The 18th annual Children's Day will be held at Metropolitan Beach along Lake St. Clair near Mt. Clemens on Saturday, August 1.

Cozy Lodge In-The-Woods

THE SPORTSMAN

Outdoorsman? Here's a lodge you'll love! They're designed for the wilderness. Rustic. Rugged. Durable solid white Cedar. You never have to putter around these lodges. Weathering improves them. Virtually no maintenance. Pick your spot. In hunting country. Or where the fishing is best. We'll erect it in a hurry. And you can forget it except to enjoy yourself in your great out-of-doors retreat. ATH lodges are for sportsmen.

This newspaper will arrange for you to receive full information. Write Box 402 in care of The Northville Record, Northville, Michigan 48167, or phone 349-1700 and ask for details to be mailed to you.

Machine Men

William Nottenkamper
Pastor,
Salem Congregational Christian Church
7961 Dickerson,
Salem

Machines — mechanized, well-greased machines — that's all the majority of us are. Every day, day in and day out, we live a well-programmed, middle-of-the-fence existence. Life seems to hold nothing that is lasting, nothing that seems worthwhile. Society's values are pushed upon us, and we spend our short lives in pursuit of some useless, unsatisfying intangible; such as, status, prestige, community recognition, a home, a car, and a few dollars in the bank.

The prospect of waking one morning and realizing that our lives are gone and we have not yet lived is a very real probability. These facts drive half of us to some form of escape, even as far as suicide, while the other half isn't even aware of the master dupe and

goes on living the lies of a generation.

In the light of these passing illusions there are people everywhere who want an answer to life. What's it all about? Is this it? Surely there is more to existence than this. What is the answer to the glaring inconsistencies in us all and in the world? Poverty, the have vs. the have nots, racism, war, hate, violence, no respect for human life. Is it more hate, more violence, and more war that offers hope? More inconsistencies are not the answer.

Religion seems completely incapable of offering any kind of an answer. The age of not believing anything has crept into the church where the blind lead the blind. The

church looks to modern man, as often an old maid's sewing circle does — completely unable to relate to modern man's confusion. Philosophy is in such a state of flux that there is no bright sun who seems to hold a ray of light to give hope to anyone. Politicians who talked of a new society, a new world, have failed us so badly that we don't honestly know who to believe. The credibility gap is unpassable. Where to now?

Our personal lives also tell of the great need that confronts us. Each one has his hang-up, his bag painted a glaring inconsistency. Prejudice, hate, jealousy, pride, self conceit, selfishness with a capitol letter, inability to get along with husband, wife or friends are just a few of the

personal problems that drive us to seek wildly for a solution. Fear of the unknown, loneliness, and purposelessness haunt each of us. Some taste of it so deeply that they live a hell on earth. Certainly a mental institution or ward is not the answer. Shock treatments aren't the only alternative left open to us.

Two thousand years ago, a man, unique in every way, entered the human scene. He spoke a new message. He lived a new life: not violence, hate, and rebellion but love. He taught love; He lived love: He sacrificed Himself for others. The most revolutionary words ever spoken are not "overthrow the government" but "You must love your neighbor as yourself." Mark 12:31 the Bible.

This man called Jesus came to put the puzzle together. Man is and has been set on himself — not turned on to other people and their needs. Jesus came to set us on to others and still further to straighten us out with God. That void in our hearts was also part of Christ's mission. He came to bring to us a gift of harmony with God. I Timothy 2:5,6 "For there is one God, and there is one who brings God and men together, the man Christ Jesus, who gave Himself to redeem all men."

That reference mentions to "redeem" man. To redeem means to buy back. That's the problem. Man sold himself to anything that would afford a satisfaction, but, alas, it's all temporary; it never lasts. That need to be bought back or redeemed to God was caused by sin. "But your sins have separated between you and your God" Isaiah 59:2. Because the Creator loves us so much, He did something about it. John 3:16, "For God so loved the world that He gave His only son, so that everyone who believes in him may not die but have eternal life." He made the route back to Him an easy one. He did all the work.

All our part consists of laying our pride down, coming to the Creator as the created, and believing on His son and what He did for us. Acts 16:31 says, "Believe in the Lord Jesus and you will be saved." Saved from what? A life of illusion and eternal separation from God. Many of us are like a jigsaw puzzle that is nearly complete but with the main piece missing. Jesus said, "Come to me all you who are tired from carrying your heavy loads, and I will give you rest." Matthew 1:28 Christ is the missing piece in your life.

Shift to 'Cup of Silver' *Michigan Mirror*

Continued from Page 1-B

salaries. Technical-scientific fields increased starting salaries 5-percent over the past year. But Ph.D.'s are in "sad shape," he adds.

Shingleton says that offers to Ph.D.'s fell 31-percent in 1969 as compared with 1968, and this year offers are down 45-percent compared with 1969.

The person in trouble, cautions Shingleton, is the one who looks for a job the day after graduation. "If a person plans for a career six months before graduation he can still get a good job."

Running a quick check of his files, he notes that recruitment appointments at MSU for the coming season compares favorably with last year—in other words, the "situation is holding steady" except in the area of Ph.D.'s.

Education is down but seems to be rallying, he says, pointing out that some of the formerly rejected millage increases are now beginning to be passed. Teachers are still needed but they can't pick the place of employment with as much ease as they once could.

"Things started to taper off last fall, reports Richard Nesbitt, Eastern Michigan's assistant director of placements in industry and business. "Recruitment was strong in early fall but weakened substantially by December."

With no statistics at hand to back him up, Nesbitt said that spring recruitment at Eastern seemed to be larger in the number of organizations which came to recruit but that the number of jobs offered declined considerably in comparison with the previous spring.

Main reason for the slowdown, says Nesbitt, appears to be the automotive slump. This was particularly devastating at Eastern.

However, accounting has not suffered at all, he says. In fact, openings for accountants have increased, he adds.

The most difficult person to place, explains Nesbitt, is the one who has no idea of what he wants or what he is trained for. An example of such a person, he says, is the student with the bachelor of arts in archeology and a minor in sociology.

The slowdown, says Nesbitt, has forced some students to change their expectations. "Many students imagined that a good job market would continue throughout their college years and that they would get a certain job upon graduation... Most often a job was expected with the automobile companies which pay very well. These people must now accept jobs as salesmen or insurance agents."

Service side of recruitment continues steady in areas of insurance, sales, government, etc., he notes. Optimistic, he believes recruitment in other areas will improve next spring.

Meanwhile, however, offers of jobs to persons with BA degrees are down 34-percent, MA degrees down 35-percent, and Ph.D.'s down 45-percent.

Similar slowdowns are reported in the teaching field.

"Placement of teachers is running much slower this year," says EMU's assistant director of placement. "Job openings are coming in only one or two at a time when formerly they came in bunches."

"Expectations are not good," he says. "Now students are applying for as many as 10 or 12 positions where formerly a student would only have to apply to two or three schools before getting a job."

Poorest areas in teaching are the social sciences (where school districts can be highly selective), he explains, and sociology and psychology degrees. The best fields in terms of the students is industrial education, perhaps because some of these programs are federally funded and because not as many

students are studying in this field.

Still another factor in the slowdown of job offers in education, may be the fact that Michigan is one of the major teacher educating states in the nation, he says.

At Wayne State University where some 2,000 teachers are placed annually, the number of job placements are holding steady, says Dr. Chester McCormick, director of teacher placement, but the number of job offers is declining. In the past, about 5-percent of the teachers placed were in jobs outside of Michigan. This percentage of non-Michigan placements is expected to go up significantly this year, predicts Dr. McCormick, because of teacher cutbacks in Michigan.

Need for teachers in Michigan has not decreased, he contends, but because of millage failures here school districts are cutting back their staffs and/or not filling vacancies. Grand Rapids, for example, turned down its

millage and 700 teachers were released, he says.

Easy job placements are in this order, says Dr. McCormick: elementary librarians, special education, industrial education, and math and science. Worst job placements are in secondary social studies and secondary English.

A long range study of the Department of Labor suggests that the supply and demand for college students should level off by 1980. Between now and then, college graduates are likely to go through some more peaks and lows in the job market, college officials predict.

All of which means, says William Audus, assistant director of placement at the University of Michigan, that development of career planning sections at the college level are essential.

Meanwhile, the student entering college today should set his career objectives early and not leave his career to chance, concludes Audus.

Luck Plays Role

Continued from Page 1-B

a week. And even that job will close when the kids go back to school in September.

Debbie had more going against her than just the current slump in employment. She feels that the fact that she doesn't have a car hurt her chances, since she is confined to the Northville area.

"I just want to earn enough for a car and then maybe I'll move out on my own."

Steve Cason, 18, a recent graduate of Brighton High School had better breaks.

When he decided that he would need a job after graduation, Steve applied for work at more than eight businesses in the Brighton area. He found nothing.

Shortly before he graduated, Steve heard that International Paper Company in Howell might have some openings coming up. Three weeks before graduation, he was told by the personnel office that there might be a chance of a job when he graduated.

Steve kept in touch, making three trips out to Howell in the last three weeks of school. When he graduated, he was hired in full time.

Steve calls himself lucky since, as he says, "I know a lot of guys who are really scrambling for jobs."

Even Brighton's Daniel Faust, who recently graduated from Iowa State with a degree in Mechanical Engineering, knows things are getting rougher.

With a degree that a few years ago would mean a choice of well paying jobs, Dan saw some of the biggest companies in the country shut their doors to engineers.

When he started looking for a job in early fall of 1969, Dan knew that Chrysler, Bendix and Boeing were among some of the companies pouncing on graduating engineers.

"But by November," Dan said, "those three companies had cutback their recruiting programs." Boeing went so far as to cancel all recruiting on the campus.

But before graduating in November, Dan had found a job with the General Motors Proving Grounds and started there shortly after graduation.

He said that the cutbacks had not deprived engineering graduates he knew of work, "but there isn't the selection of past years."

Dan is happy with his job at the Proving Grounds and considers himself pretty lucky.

DANIEL FAUST

Baptists End 'Successful' Bible School

The South Walled Lake Baptist Chapel, 28901 Novi Road, just completed "a very successful two-week Vacation Bible School," The Reverend Fred Trachsel reports. "This is their very first Bible School at their new location. Eighty-seven were enrolled in the school."

Several months ago the Orchard Hills Baptist Church of which Mr. Trachsel is pastor began negotiating for a five-acre parcel of ground for the purpose of launching a mission type church in south Walled Lake. Having secured this site and calling a mission pastor, the initial service began June 28 in a new factory built chapel building. The congregation will meet here until future growth demands a permanent type structure to be erected on the same five-acre site.

The Reverend Joe Miller, mission pastor, has a wife and two young daughters.

Regular services are conducted at the South Walled Lake Baptist Chapel on Sundays and Wednesdays. All residents in the area who are seeking a place to worship are invited to visit any and all of the services.

Student Expulsion Rule Gives Power to State Board

LANSING — The State Board of Education has been giving sweeping powers to regulate and review acts of discipline by local school authorities.

The grant of authority came in an opinion by Attorney General Frank J. Kelley who said the state constitution empowers the board to make rules governing expulsion or suspension of students.

Any time a student is thrown out of schools, he must be reinstated if the rule under which he was thrown out conflicts with one drawn up by the state board.

The opinion upheld the state board's recent action in overruling the Oak Park school board in a controversial discipline case.

ACTING SUPERINTENDENT of Public Instruction John W. Porter said the ruling "takes a form which will be of great benefit to both the student and the school districts of the state of Michigan."

"While the questions he answered have been pending for some time, there is greater applicability now than perhaps ever before," he said.

Porter said the ruling "clears the way for prompt action on the promulgation of rules for procedural safeguards working to the benefit of both students and school districts as questions of due process arise."

ADDITIONALLY, we are now in a position to provide

appropriate guidelines for state review of decisions of local school boards when those decisions relate to compulsory attendance and the educational rights of the students," he said.

Kelly holds that the state is given supremacy in discipline cases by a clause in the constitution giving the board "leadership and general supervision of all public education."

He noted that rulemaking on discipline may well be needed to resolve potential conflict between the state's compulsory attendance law and the explicit right of schools, upheld by the courts, to suspend or expel students for gross misconduct or persistent disobedience.

In the absence of state board rules, local districts may prescribe their own disciplinary codes and many have done so.

But the opinion said once the state acts, local rules will control only if they "afford greater procedural safeguards."

EFFECT OF THE RULING appears to be to give the board the power to set up state rules for such areas as student protest or handling of students charged with violating laws as well.

"In a small town, at present, a kid could get thrown out of school for breaking a window or something like that," explained one official. "At the same time, in a large city, the kid could do something much more serious and

still stay in school."

In 1968 the state board commissioned a staff study on student rights and responsibilities that urged limitations on disciplinary powers of school authorities.

A preliminary draft was criticized by many school administrators and the issue of state intervention had moved from the spotlight until the Oak Park case and the Kelley opinion.

MICHIGAN'S FIRST banking commissioner was appointed back in 1889, when there were 80 state chartered banks in the state and they had assets of not quite \$39 million.

Today, according to the Michigan Commerce Department's Financial Institutions Bureau, there are 234 state chartered banks which have assets of more than \$10 billion.

In addition, there are 32 savings and loan associations and more than 800 credit unions with state charters.

Last year, Michigan's savings and loan associations had assets totaling \$1.25 billion while the credit unions have assets of nearly \$900 million.

Along The Campaign Trail

For Governor

Turner Hits Milliken Hard

The last week of the primary campaign will find James C. Turner, Republican candidate for Governor, running hard to get his positions known to all Michigan voters. He will cover the entire State in the last week, making at least five personal appearances daily and as many other stops as possible in his marathon-like bid to upset the Republican machine.

Turner believes the Republican party under the leadership of "milk-toast" Milliken has broken faith with the people. In fact neither party establishment offers the needed

leadership and now is the time for members of all political parties to nominate a man who can bring a fresh approach to the political process he says.

Turner is saying that there is a serious crisis in our society today and now is not the time for an apologetic sympathetic milk-toast leader, but a time for leadership of strong convictions and an even stronger courage to face up to the challenges of the seventies.

Turner believes Milliken will destroy public schools if he is not

stopped on August 4th, and he strongly criticized his opponent for the recent signing of the school aid bill which includes aid to parochial schools.

Turner has promised again and again to use the full power of the executive branch of State government to return government to the local level if he is nominated on August 4th and elected in November.

Turner has fought for two and a half years to expose the corruption in the Judicial branch of State government and feels that our boy governor has turned his back on the problems of both organized and street crime. "Justice will come to all when the laws of this state are enforced with fairness, firmness and honor and if this does not come, we are rapidly approaching a time when no laws will be obeyed," he says.

He also believes that the "runaway cost" of our state and local government must be stopped and reduced "or there will be a tax rebellion that will make the Boston Tea Party look like child's play."

FAMILIAR FACE — G. Mennen "Soapy" Williams, former Michigan governor, has emerged from "retirement" to take up the campaign challenge — this time for the State Supreme Court. Judicial elections, however, will not take place until November since Tuesday's primary is a partisan election of party nominees.

McDonald a hawk, who became a dove at the moment of filing for re-election and said that McDonald is the only Congressional dove, who is in favor of accelerating the War.

"As the Representative of Michigan's 19th Congressional District, I would work vigorously with those in Congress who are attempting to bring an end to military adventuring. I would work toward a speedy withdrawal of American forces from Indo-China. I would work to see that Congress re-asserts itself as the final authority on whether the United States commits armed forces to military forays in foreign nations. I think our spending of tax dollars is seriously askew."

Wins Congressman's Praise

Walled Lake Boy Honored

Michigan Congressman Jack McDonald today called for a nation-wide environmental campaign using as its standard bearer a Michigan youth who sent the congressman 48 cents to be used to stop pollution.

McDonald, a Republican from Farmington, Michigan made the plea on the floor of the House. He also sent a letter to President Nixon asking that the youth be made the poster child similar to the campaigns of Easter Seals and the March of Dimes.

The boy, Clayton Edmonds, of Walled Lake, told the Congressman he spent a day "picking up garbage and other stuff."

"And after that," Clayton wrote, "I went around collecting money. I didn't do so good. I got 48 cents from three houses out of five and I am sending it to you to help stop pollution."

McDonald, in remarks to his colleagues, said it would take a personal commitment such as Clayton's to make any attempt against pollution meaningful.

"The Congress can legislate against pollution by industry; the Congress can legislate against pollution by municipalities; the Congress can even legislate against individual pollution," McDonald said.

"But until the individual accepts

ELECTION BID — Republican candidates were feted Saturday at a lawn party at the home of Mr. and Mrs. Bruce Roy, 46210 Fonner Court, in Taft Colony. Senator Robert Huber, candidate for the U.S. Senate nomination, who is shown here talking to the hostess, headlined the gathering of Republican residents of the area. Others present

included (l to r) Senator George Kuhn, Northville Township Supervisor Gunnar Stromberg, and candidate for Wayne County Commissioner, Harvey Moelke. Also present but not shown was Robert Swanson, unopposed candidate for State Representative nomination.

HUD Story Aids Huber

"Exposure of plans by Housing and Urban Development department (HUD) to force integration of the City of Warren and other suburban cities may change voting patterns in Michigan

more drastically than any factor in recent history"

That is the conclusion of State Senator Robert J. Huber (R-Troy) as he winds up his campaign against Mrs. George Romney for the Republican nomination for U.S. Senator.

"Never have I seen a state campaign issue that has aroused the voters as much as this one has," said Huber. "If HUD Secretary George Romney had deliberately tried to help my campaign against his wife, he could not have alienated more voters from Mrs. Romney and driven them into my camp."

Huber says his Detroit-area headquarters were literally swamped with calls from volunteers, starting the day, after a Detroit newspaper began publishing a three-part copyright series on Romney's detailed plans for using HUD grants as leverage to force integration, first, on the City of Warren and then in other Detroit suburbs.

"My opponent defends her husband's attempt to impose Washington's will on local communities as simply following federal and state open housing laws," Huber observed.

"That short-sighted view totally ignores the greater question, which is:

should local decisions be made by Washington bureaucrats, or by local citizens acting through their elected local officials? True, there are racial implications in this specific case, but once the principle of Washington control over local matters is established, any government department might impose its will on all sorts of issues unrelated to race.

"As a former mayor of the city of Troy," said Huber, "I consider it imperative to retain the close relationship between citizens and their city government and to preserve local authority."

Huber said HUD is using badly-needed federal grants as a weapon to force integration of cities.

"The reason beleaguered cities must look, hat in hand, to Washington for funds to improve the quality of life," said Huber, "is that local governments have little of their taxing capacity left for local purposes after Washington takes its tax bite.

"Perhaps," concluded Huber, "Mr. Romney should be reminded that slavery went out more than 100 years ago in America."

Harris Blames GOP For No Tax Relief

19th District Democratic congressional candidate Fred L. Harris has criticized the present Republican holder of that office for failing to represent the needs of the suburban district's middle and moderate income families.

Speaking at a meeting at the home of Mr. and Mrs. John Wilkinson of Redford Township, Harris said Congressman McDonald had paid little attention to the growing problems faced by suburban wage and salary earners as a result of increasing property taxes, higher prices, soaring unemployment and the spiraling cost of education for their children.

"Democrats in Congress wanted to give more tax relief to the middle and moderate income group which makes up an overwhelming number of the residents of the 19th district but they were opposed in this effort by the Nixon Administration and the Republican congressional leadership," Harris said.

"At the same time McDonald voted to oppose an education appropriations bill which would have given some relief to hard pressed school districts. The failure of the federal government to assume more of the funding of local school programs is a major reason why property taxes keep going up and up in the 19th district.

"The present Republican congressman has supported Nixon economic policies which have resulted in continued inflation and growing unemployment.

"Many older citizens who looked forward to retiring on modest pensions and living out their years in their own home now find they can't afford to buy the food and medicines they need nor can they pay the soaring property taxes.

"This is a tragic way to treat our

senior citizens.

"Our young people are facing increasing financial problems in getting a much needed college education. Federal funds which should go into higher education are being spent instead on the Indo-China war, space, arms and supersonic transport."

For Representative

Stempien Ducks

Issues-Swanson

Bob Swanson, Republican candidate for State Representative from the 35th district, has accused his Democratic opponent, Marvin Stempien, of public neglect as the incumbent State Representative.

"Where is my opponent hiding?" asks Swanson, "In this campaign, while I have actively sought the people's views and opinions by door to door canvassing and in many meetings, I have yet to see my opponent!"

"My opponent is on a state salary as a legislator. As it now appears he has completely neglected to find out how his constituents feel about many of today's pressing problems." "Why this neglect?"

"Is my opponent so busy managing the gubernatorial campaign of fellow Democrat George Montgomery that he gives him preference over the people of Livonia and Northville?" "Or is Mr. Stempien too busy making alibis to the Democrats for his tax increasing and special interest legislation."

"I challenge my opponent to come out in the open, before the public, and explain his mediocre record of his last two years in the State Legislature."

For Congress

Adell Slaps GOP For Economy Slump

Working folks distressed by soaring increases in the cost of living and unemployment, the national economy sag and the never-ending Indochina war should show their pinched pocketbook displeasure during the Congressional primary and election, Franklin Zane Adell urged this week.

Adell, a college drop-out who became a self-made successful Novi manufacturer, is a candidate for the Democratic nomination for Congress in the 19th District. He has never before run for public office.

"I think the August primary and the November election provide an opportunity for an aroused electorate to avail itself with a natural referendum on the Nixon administration," Adell said.

"I believe it is time that President Nixon provides more than glowing rhetoric and first rate TV performances over the national calamity of inflation chased by a growing recession"

Adell observed that the "war in Southeast Asia is a canker on the American economy that has cost as much as \$26 billion a year and seldom less than \$10 to \$15 billion.

"This prolonged debacle has established that despite our gross national product of \$980 billion, the United States cannot afford this war," he added. "We cannot afford the war because it is a major inflationary force in our working peoples' lives and it distorts the federal priorities on spending that should save them from this."

"Rising prices and unemployment are created by overblown military spending. The Pentagon plutocrats have a 1970 budget of \$77 billion which includes a public relations allocation of \$44 million to justify by propaganda why they need all that money.

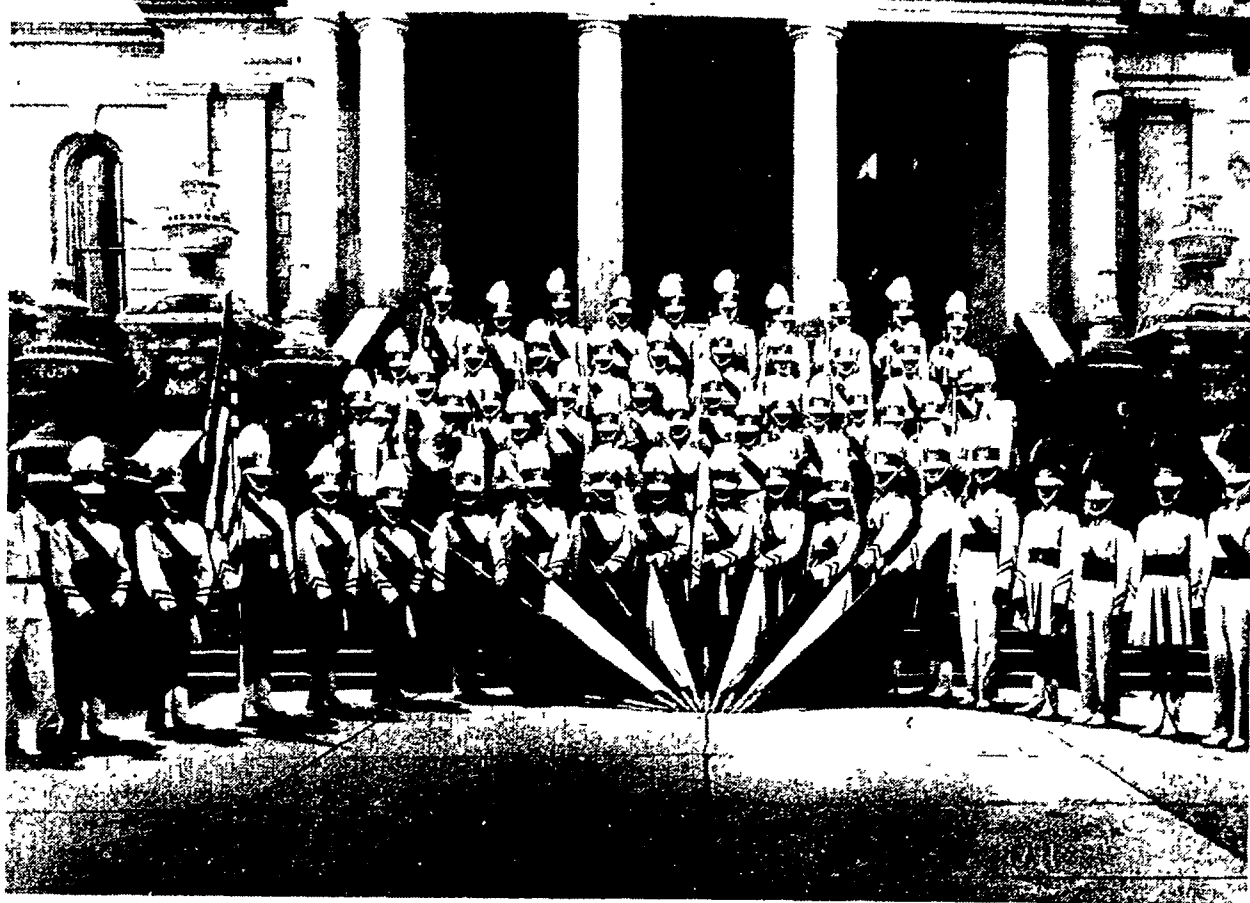

"The President has promised to cut defense spending by 16 percent in fiscal 1971. This is not enough. War spending must make way for new, necessary federal money to meet the needs of our cities, health and education, crime, transportation and pollution.

"The war must end. We can't afford it."

Adell pointed out that all economic indicators have been falling since last winter "except unemployment and prices."

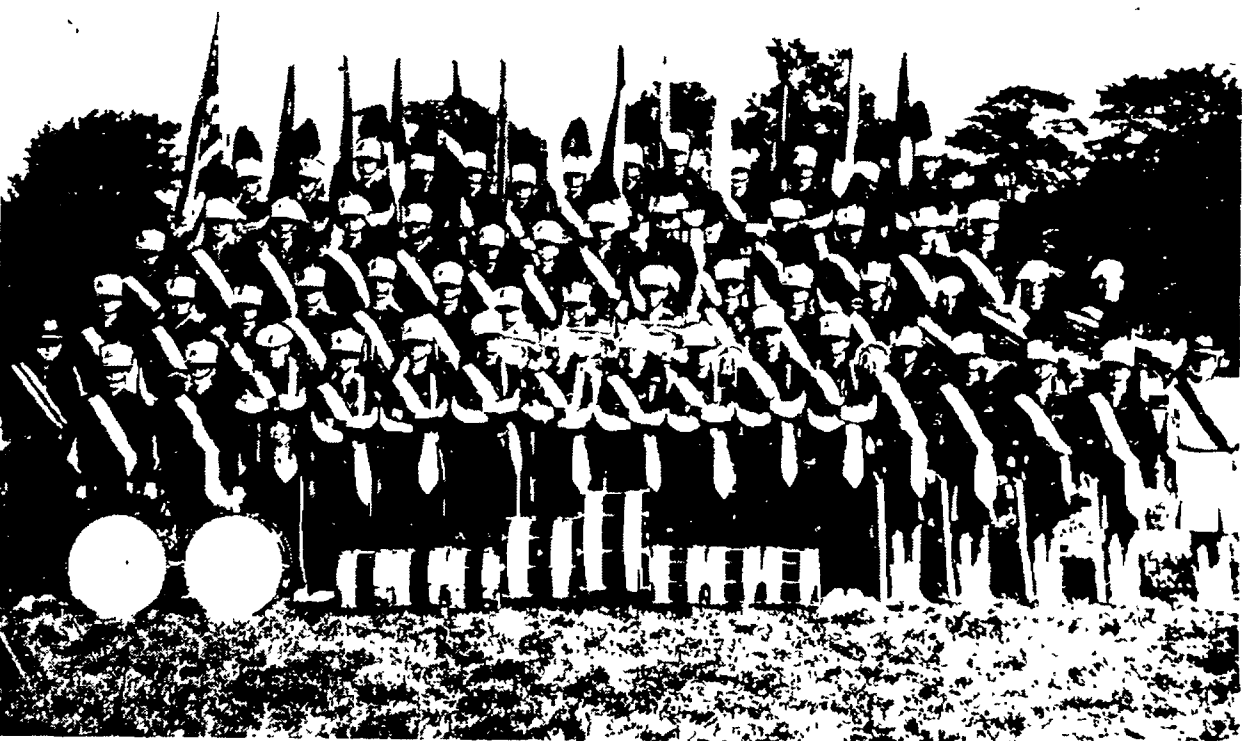

"The New York stock market," he said, "is the barometer of business with 26 million American investors. It has been caught in the worst downfall since 1937.

"The consumer price index, measuring rod of inflation, shows prices are now rising at an annual rate of six percent. This is intolerable.

BANDS TO PERFORM — Under the sponsorship of the Northville VFW Post, several outstanding bands are to perform during the Northville Fair early next month. Among them are (above) the

Marauders Drum and Bugle Corps, the 1970 state VFW champions from Madison Heights, and (below) the Royal Lancers, state champions in 1969.

Horses and Bands in Spotlight

Fair Features 4-H Show

While the return of the Northville Fair will not include the old-fashion produce and livestock shows that oldtimers recall, it nevertheless will feature a horse show sponsored by the four area 4-H clubs.

Preparations for the show to be held Saturday, August 8 — midway through the fair days (August 6, 7, 8 and 9) at Northville Downs — are well underway, 4-H spokesmen report, with plans geared mostly to junior age groups — 13 and under, 14 through 17, and some open classes for all age groups.

The show will begin at 9 a.m. It will include classes in halter, fitting, and showing; performance classes in both English and Western; and classes for ponies, Arabians, Quarterhorses, Morgans, part-Arabian, Corade, and three-gaited pleasure horses.

"We think this show will really prove popular among youngsters," says Fair Chairman Robert Webber. "But adults will like it, too."

Webber reminded area organizations that one of the primary purposes of the Chamber of Commerce-sponsored fair is to give

clubs and organizations an opportunity to conduct their fund-raising events at one place and at one time, thus taking advantage of the large anticipated crowd.

"This is not a merchants' show," he emphasized. "It merely has the backing of merchants through the Chamber. It's really Northville's show and the Chamber, which is sponsoring it as a public service, is hopeful that as many organizations as possible will take advantage of it."

The fair chairman also made another plea for volunteers to assist fair

committees. Anyone interested in "lending a hand" is asked to contact Webber during the day at FI 9-0105.

Another feature of the fair (first of its kind held here since the last "county fair" nearly 30 years ago) will be the appearance of several bands under the sponsorship of the Northville VFW post. A drum and bugle corps competition is slated to take place Friday evening following the official opening ceremony, which may include an appearance by Governor William Milliken.

Marching band units to perform will include: The Marauders of Madison Heights, 1970 VFW state champions; the Royal Lancers of Wyandotte, 1969 VFW state champions and a unit that performed for Presidents Kennedy and Johnson; the Guardsmen from Flint; the Vanguarders from St. Clair Shores; and the Marching Diplomats from Sarnia, Ontario.

Still other features of the fair will include performances by the world-famous Hurricane Hell Drivers; Waylon Jennings country music show; an antique show; the World of Pleasure Shows featuring 20 rides; skydivers and helicopter rides; and commercial and educational units.

And key to the success of the fair will be the booths and exhibits sponsored by local organizations.

The Hurricane Hell Drivers will present two shows Saturday night at 7 and 9 p.m. And Sunday, at 5 and 8 p.m., it will be country music time — Waylon Jennings style.

There will be no general admission to the grounds but admissions will be charged for the shows by the Hell Drivers, Waylon Jennings, VFW Drum and Bugle competition, and the antique show.

Proceeds from the auto and country music shows will be used by the Chamber to pay for the appearance of these two attractions, other fair expenses, and for enlarging next year's fair, according to Webber.

Babson Report

Investment Boom Seen For Tiny Circuit Devices

WELLESLEY HILLS, Mass., — Tiny electronic circuits (known as microcircuits or integrated circuits) have become a major sector in the semiconductor industry, and its investment in these devices is rapidly approaching the take-off period. The 1970s should see a bonanza for these incredibly small circuits which can combine 100 or more functions on a single chip of silicon. In the billion dollar semiconductor industry, sales of integrated circuits grew from \$15.8 million in 1963 to \$490.5 million in 1969, and may exceed \$750 million this year.

With the invention of the transistor, the solid-state age of electronics was ushered in. Transistors replaced vacuum tubes because of their unique characteristics of more power, cooler operating efficiency, less weight, longer life, increased reliability, and—most important—reduced costs. Integrated circuits quickly won a place in computers where these requirements were a must. Today these devices are available in all sizes for all types of complex tasks.

TWO PARTICULAR types have been developed which now dominate the industry. One is the monolithic integrated circuit and the other is dubbed the MOS (for metal-oxide-silicon) semiconductor circuit. The former is especially well adapted for very fast speeds and is used in giant computers. MOS is used in smaller computers (requiring less speed) and in computer terminals, calculators, and adding machines, where cost is the principal factor.

In recent years, microcircuitry has been carried one step further with the development of super integrated

circuits. These are called LSI or large-scale integration. Currently, SSI and MSI (for small- and medium-scale respectively) circuits are being produced in sizable volume. SSI incorporates up to 12 circuits on a single silicon chip, while MSI places up to 100 circuits on the chip.

MOST COMPANIES are reporting lower dollar sales in individual semi-conductors. However, those firms also producing integrated semiconductor circuits have been experiencing a resurgence in their business because of the rapid growth in use of these devices.

State Fair Extends

Deadline for Exhibits

The entry deadline for all exhibits at the Michigan State Fair has been extended from August 1 to August 10, it is announced by E. J. (Jeff) Keirns, general manager.

Keirns said his decision to extend the deadline was due to a delay in the delivery of the printed premium lists to the State Fair. These now are being mailed to former exhibitors.

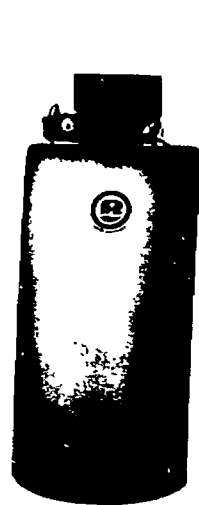

Others desiring to be placed on the mailing list may write the Michigan State Fair, Detroit, Michigan 48203. Since there are three sections of the premium book — agriculture and livestock, horse show, and community arts — requests should indicate which sections are desired, Keirns said.

An all-time high \$165,000 in premiums is being offered at this year's State Fair which will be held in Detroit from August 28 through September 7 (Labor Day).

Yet there is fierce competition, pirating of talent, relatively high production costs, and an increasing number of bottlenecks because of the extremely specialized technology involved. The industry's three leaders—Texas Instruments, Motorola, and Fairchild Camera & Instrument—are not immune to any of these problems.

There is room for smaller participants with an established base of competence. The Research Staff of Babson's Reports has singled out three lesser knowns for consideration. General Instrument (NYSE) is a leader in the second type of circuit called MOS and also has undisputed capability in the burgeoning field of cable television. National Semiconductor (OTC) is the only industry stalwart devoted exclusively to the semiconductor business and places considerable emphasis on consumer markets.

FINALLY, Sprague Electric (NYSE)—once an old-line producer of conventional electrical and electronic components—is today recognized as a broadly based manufacturer of integrated circuits. The company's past production problems are being steadily corrected. Babson's Reports—pursuing its long-term policy of diversification—recommends a package investment in all three of the stocks mentioned rather than purchase of one issue alone.

SUCCESSOR TO THE AUTOMATIC WATER SOFTENER THE REYNOLDS SOFT-SENSOR

THE WATER CONDITIONER THAT HAS A MIND OF ITS OWN
FOR SOFT, RUST FREE WATER

THAT'S RIGHT! Every night the Soft-Sensor takes its own pulse. If it needs recharging, it recharges itself. It doesn't check itself the next night. The Soft-Sensor recharges itself ONLY when it needs it and always when it needs it.

☐ No salt water you need ☐ Simple, dependable construction

☐ Saves salt maintenance cost ☐ Lifetime — all fiberglass tanks

☐ It stores when you're away from home ☐ Remarkably low cost

PURCHASE OR RENTAL PLAN

Other brands of water softeners can often be converted to the Soft-Sensor

Serving This Area Since 1931

The Reynolds Soft-Sensor is a product of

All-Arabian Show

Scheduled July 17-19

Several Northville area residents placed well at the 14th Annual All-Arabian Horse Show in Detroit July 17-19.

Fred Hembrey, owner of "Yemeh Abu Nar," placed third in Arabian Junior Park Horse and fifth in Arabian Park Horse, geldings.

"Kevan Tahti," owned by Bonnie Tiilikka, placed sixth in Half-Arabian Western Pleasure, junior horses.

Pat Heenan, riding "Ramadahn," placed fourth in Junior Equitation, saddle seat, 14-17 years.

"FP Farita," owned by Roger Fendt, placed second in Purebred Arabian Filly, Foal of 1970. "Farita" and "Donita" won the Purebred Arabian Broodmare with 1970 Foal Class.

Out of the Horse's

Send your comments, questions, and horse show news to "Horse's Mouth," care of South Lyon Herald, South Lyon, MI 48178.

At the Straw Hat 4-H Horse Show in Pontiac Miss Sue Boyer of Novi placed second in horsemanship (15 and over), first English pleasure open and first English equitation open. Sue was riding her Morgan mare "Kane's Endora".

Miss Carol Bellenir, Northville, won first fitting and showing (open) and third English pleasure, (open) at this same show.

The results of the Cherokee Riders Club Horse Show in Hamburg, July 18: Junior High Point Trophy was won by Linda Bennett, Hamburg, riding her P.O.A. mare. Linda won a total of five firsts, one second, five thirds and a fourth.

Danny Marshall, also of Hamburg, won the Senior High Point Trophy.

This was an all-timed event show and was held despite the weather, which was wet.

Dear Sally,
Many people do not know proper usage of certain bits and how they work. Many I know go out and buy the first bit they find and tug and pull at their mount's mouth. Could you please explain about bits and how they work?

The most common types of bits used in English riding are the 'snaffle' (known as a bridle when used in a full bridle), the 'curb' and the 'pelham'.

The snaffle is a jointed bit with large rings. When used without a martingale it acts on the corners of the horse's mouth and tends to make him lift his head higher. It is the least severe of the bits.

The curb bit brings pressure to bear on the horse's lower jaw. With the addition of the curb chain, which acts against the chin groove, very severe and painful pressure can be produced. This bit makes the horse bend at the poll and brings his head in toward the chest.

The pelham is shaped like a curb bit but has an upper set of rings as well as a lower and is used with two pairs of reins. Some authorities believe that the pelham is an incorrectly designed bit and should not be used in as much as when the upper reins are applied the bit is raised in the horse's mouth to the position of a snaffle at which position it would be wrong to apply the curb rein for the bit would not be resting down on the bars (lower jaw) as it should be. Nevertheless, many horses go better in a pelham than in either a snaffle or a full bridle.

The bit used on a horse depends not only on the horse but also on the rider's hands. A heavy handed rider will not be able to manage a light-mouthed animal in a full bridle or a pelham. It is better for this rider to ride the horse on a snaffle while a rider with light hands prefers either a full bridle or a pelham. The snaffle is a limited bit, however. With the full bridle or pelham one can demand and receive a much greater flexibility from the horse with much less effort.

Western bits will be discussed next week.

Arabian Show

Continued from Page 13-B

Roger Fendt, Jr. placed second in the Lead-Line Class and Lisa Fendt placed eighth in the Walk-Trot Class. This has been the first season in the show ring for eight-year old Lisa, riding her pony, "Foxy". She has entered a total of seven shows to date and has accumulated four firsts, two seconds, three thirds and two sixth ribbons.

Meet Your Northville Township Candidates

Section 6 Page 1

Thursday, July 30, 1970

The Northville Record/NOVI NEWS

Biographies

For Treasurer...

(One to be Elected)

Alex Lawrence

Incumbent treasurer, Northville Township; graduate in mechanical engineering from Toronto (Canada) University; former president of Wayne County Township Treasurer's Association, member and former treasurer of Northville Economic Development Corporation, was employed five years with Dodge Brothers engineering department, 25 years with Peters-Dalton, Inc. as treasure, designer, engineer, sales; has two children and lives at 16775 Meade Road.

Joseph Straub

Retired from the Ford Motor Company after 20 years of audit work, now serves as a township trustee; took accounting and auditing courses at Washington and Jefferson College, University of Michigan, Henry Ford College; 14 years in City Treasurer's office at Washington, Pennsylvania, was cost auditor for U.S. Army Air Forces and audit supervisor of contract termination claims for Curtiss-Wright Corporation; married, he lives at 39875 Six Mile Road.

Alex M. Lawrence

I am seeking re-election, as treasurer, to the Township of Northville Trustee Board, Wayne County, Michigan, mainly because I am thoroughly familiar with the requirements of that office.

To the best of my ability, I work in the interests of the citizens of the township, at all times and with NO deviation from the principles of good Government.

I think the greatest challenge to the Township of Northville and all townships in the State of Michigan and throughout our great nation is unfair and unjust taxation on real and personal properties.

Much work on this problem has been carried out through our Wayne County's Treasurers Association, though no definite results, as yet, are showing. Fortunately, some of our legislators are beginning to see our attitude as a good sign of public interest.

We must, all of us, remember that over-taxation has destroyed every great nation down through recorded history and will continue so to do unless corrected.

Joseph B. Straub

My term as trustee on the Township Board expires this year and being an interested citizen I wish to remain on the board as township treasurer.

After graduating from high school I studied accounting and auditing in night classes at three different colleges. I was employed in the City Treasurer's Office at Washington, Pennsylvania for 14 years, was a cost auditor for the U.S. Army Air Forces Material Command, and supervised the auditing of contract termination claims for Curtiss-Wright Corporation in Buffalo, New York. I took an early retirement from Ford Motor Company after 20 years of service, performing various audit functions in numerous company and vendor plants.

I am certain that my education and work experience will enable me to cope with any problem which may arise in the office of township treasurer, to which I aspire.

In my opinion, the greatest challenge facing Northville Township are the problems inherent with the inevitable population increase in the near future.

If elected my prime objective will be to furnish all of the services, such as fire and police protection, recreation, water, sewers, etc. which will be necessary due to this expansion in an orderly manner and as economical as possible.

Halton Axtell

I am seeking election to the Township Board because I believe it has been clearly demonstrated during the past year that the town board as presently constituted is incapable of resolving the problems which obviously must be faced in the next few years. I believe it is mandatory that individuals be elected who can constructively contribute and work with those members of the board who are continuing in office. My educational background, legal training, work experience interest and participation in community affairs qualify me for this position.

The greatest challenge facing our township is adjustment to the growth that will take place in the immediate future without destroying the factors which have made ours one of the finest residential communities in the Detroit area. We must be in a position to provide reasonable police and fire protection for a greatly expanded population. Recreational areas must be assured before all available land is taken for other users. The type of growth which occurs must be controlled by the town board. Even the form of governing body which we have must be constantly reviewed to be certain that adequate authority and control continue.

One of the factors which make the Northville area unique is the existence of a central community - residential areas surrounding the business district in the city rather than merely an impersonal array of subdivisions, apartments and shopping malls. I believe that later the city and township can benefit by assuring that the community continues to progress rather than for each to go separate ways. Although there does not appear to be widespread support for unification among residents, this certainly should not prevent cooperation between the two governing bodies in providing service and recreational opportunities. I believe the Township Board should make every

Statements

Northville Township candidates facing competition in the August 4 primary election were invited to submit statements based on the following two-part question:

"Why are you seeking election to the Northville Township Board; and what do you see as the greatest challenge facing Northville Township?"

Six Republican candidates are seeking two trustee posts and two Republicans are running for treasurer. Republican Incumbents Supervisor Gunnar Stromberg and Clerk Eleanor Hammond are unopposed. The lone Democrat is Joseph Fiorilli, who is unopposed for trustee.

effort to fully consider mutual resolution of problems rather than adoption of the extreme "separatist" policies of some members. We all will lose if the "closed mind" approach continues. Board members must fully examine all alternatives prior to making decisions permanently affecting the future of the entire community.

I also believe that all could benefit by placing township elections on a non-partisan basis, thereby encouraging anyone sufficiently interested to seek office. Election of a Town Board should be based on proposed solution to local problems rather than affiliation with a political party.

While I realize there are no simple answers to the problems which lie ahead, I feel they must be faced with an open mind. I am capable of contributing effectively through consideration of alternative actions and cooperation with other governing bodies where that course of action is beneficial to all.

Richard S. Dunchock

I think it is time the people of Northville Township heard the voice of a resident who is interested and concerned about the method and direction in which our township is preparing for its growth years.

In the growth years to come we will be called on to respond to the needs of our age...

Such problems as pollution of our environment... drug abuse... recreational facilities... police protection... fire protection... are problems that can only be solved by the township taking a more active leadership in programs that involve not only our community but our area as well...

I believe that I can add insight and fresh direction to these programs as a concerned citizen and restore harmony to the Township board, which will mean progress.

Leonard L. Klein

The years ahead are most critical for the citizens of Northville Township as we are located in an area which is very attractive and shortly will be served by a complete expressway system. These factors and others will encourage the development of our area. It is important to be sure this development takes place in an orderly fashion following our Master Plan with the fewest deviations as possible.

When an area develops such as ours, many services are required such as police protection, fire protection and water and sewer systems. It is important to the citizens of the township that they have welded together an effective team to plan and to accomplish the solutions required at a cost we can afford in the days ahead.

The decisions and policies set down now will be the guide-lines for our future growth.

I have over five years experience working within the framework of township government on the Planning Commission and Zoning Board of Appeals, the last two years as chairman. I believe this experience, together with my background as a registered civil engineer qualifies me to serve as a member of this team.

The challenges of the 70's facing the Township of Northville is to have elected officials who are interested, dedicated and have demonstrated their abilities to face up to these difficult decisions in the critical days ahead.

If I am elected to the Township Board as a trustee, I will make every effort to establish a list of priorities which will then be followed.

This list will include among other items:

Police protection, fire protection, improvement of roads within the township by the Wayne County Road Commission, garbage disposal, water and sewer expansion, and providing a sound tax base.

I earnestly request the support of the citizens of Northville Township during this significant election which

will pick the officials to work for and represent all the people of the township.

Charles L. Schaeffer, Jr.

The past two years have shown that Northville Township is truly standing on the verge on an explosive development phase. The megapolis of Detroit is now moving northwest toward our area, and we are now faced with dozens of developers, each with his own ideas for development for his particular area. Often, as painfully apparent, the developers' plans do not fit with the development plan of the township. It is when this problem arises, that it is the duty of the Northville Township Board to act in the best interests of our residents. These interests are expressed in a comprehensive, but flexible document called the development plan.

Our development plan, proposed and adopted in 1966 provides "an area of over-all agreement on policies to guide the future development of Northville Township so as to protect and preserve its natural beauty, thereby retaining its desirability as a basically residential community." It is increasingly apparent to me that these objectives have been somewhat subverted and ignored during the past two years. Large areas of land have been rezoned from residential to a lower classification of residential and residential-multiple. The small amount of industrial land we possess has been rezoned to multiples and commercial, robbing the Township of a much needed tax base. More of our residential classification is now threatened by regional shopping centers. The Township Board, over the past year has twice proposed development of large, central recreational facilities. This is in direct conflict with the development plan which provides for 13 small areas, located in each region of the township.

The Township Board, has in small steps, sought to revise the overall spirit of the development plan. Have the township residents been consulted? The Township Board has passed upon many important expenditures, ordinances, and resolutions. Have you as a resident ever been asked how you feel about them? The Township Board has not taken decisive steps to provide the township with fire and police protection. Do you live in fear of losing your home to fire because the fire department is in the City of Northville? The Township Board has been pitifully slow in acting on matters before it. Are you still waiting for action on a matter, important to you? The Township Board has no plan, providing for orderly growth of other township services. Do you wish to see another "Livonia" repeated in Northville Township?

These are questions that have plagued me since I moved to the township. It is because of these questions in my own mind that I am prompted to run for the office of township trustee. If elected I promise to - (1) Promote local government, responsive to citizens and their problems; (2) Encourage orderly development of township land through more strict interpretation of the township development plan; (3) Promote orderly growth to township police and fire protection services, as their need becomes more critical; (4) Seek to broaden the property tax base by the most efficient utilization of the remaining industrial land.

William P. Smith, Jr.

I feel that all citizens should get involved with their government, by attending board meetings, participating on commissions and committees and by being an informed voter. Non-participation in government functions makes for an uninformed citizen. I feel my education, training and experience as a professional architect can contribute much needed technical knowledge to the present and future planning of our community that will benefit all the citizens of Northville Township.

The greatest challenge facing our township today and in the future is the rapid population growth now occurring and that is anticipated for the remaining rural areas, and the necessary facilities required to sustain this growth. The following criteria will have to be reviewed, evaluated and administered in order to maintain an orderly planned community.

1. Establish good sound unselfish progressive zoning principles and concepts for the total township for residential, commercial and industrial that will be compatible to what is existing in the township today.

2. Better community planning that will maintain relative low density per acre for all types of building units that will retain the natural environmental character of our township. A more up to date and progressive master plan is required.

3. Provide for utilities (water and sewers) to our populated and open areas to encourage good sound growth in accordance with an up dated master plan. Early planning for these facilities is cheaper to the taxpayer in the long run.

4. Adhere in all respects to an up dated master plan, even though it may be challenged by those developers and others who would change it to meet their own economic desires.

5. With the growth that is now occurring and what is anticipated in the future, we should be planning and providing for sufficient township police and fire protection. A township police and fire department for our total community. These departments should be compatible with our neighboring communities.

6. Develop a good sound philosophy of government for all the citizens in the township, and elect people to office that will administer to the needs of all its citizens and not just represent their own small subdivisions or areas to the detriment of the township as a whole.

If elected to continue my present board membership, I will attempt to do all in my power as a voting member to:

1. Provide continuity in planning that will be progressive, futuristic, and compatible with the natural environment that now exists. A master plan that reflects our future needs and still respects our existing citizens priorities.

2. Reflect the desires of all township residents rather than a select few.

Wilson D. Tyler

Seeking public office is an obligation of each citizen having interests, background, experience, and capacities for serving which may benefit the community by such service. Acknowledging this obligation I believe I qualify for the position of Trustee on the basis of these criteria.

Northville Township's challenge - past, present, and for many years to come - is in providing for the most economical and efficient development of the community (not confined to the township alone). Thus more specifically refers to land use and establishment of services and facilities.

The keys to my points of view in these matters are economy and efficiency. These will require a two-way look (1) at our township and (2) other public entities to be sure we are in harmony with our surroundings and taking advantage of the best available ways, means, plans, services, and facilities. I would propose we should act and react in these matters in an orderly, measured, reasoned manner with the hope our efforts and accomplishments would properly provide for the residents of today and tomorrow.

For Trustee...

(Two to be Elected)

Halton Axtell

Age 38; industrial relations with Ford Motor Company in Dearborn; BA at Kenyon College, LLB at New York Law School; member New York State Bar Association, board of directors of Northville Swim Club, participated as committee member on Northville Unification Study, previously active in Northville Newcomers Club; married with four children, he lives at 19600 Beck Road.

Richard Dunchock

Age 34; employment at Dunchock Pharmacy in Detroit and Charles Potato Chip Company of Livonia; BS Wayne State University; member Northville Methodist Church, Kappa Psi, past president of Pharmaceutical fraternity, secretary of Westview Civic Association; married with three children, he lives at 20241 Westview Drive.

Leonard Klein

Age 49; vice-president Superior Products Company of Detroit; BS in civil engineering at Michigan State University; member St. Paul's Lutheran Church, past president of American Society of Civil Engineers, Michigan, past president Northville Republican Club, member National Society of Professional Engineers, joint committee of American Association of State Highway Officials and Prestressed Concrete Institute; married with two children, he lives at 18450 Fermanagh.

Charles Schaeffer

Age 25; employed at Burroughs Corporation, Plymouth Manufacturing Facility; BS in business administration, Wayne State University; Northville Township reserve police, Boy Scouts of America, deputy chairman of

community relations committee for Kings Mill Cooperative, Association for Computing Machinery, American Management Association; married, he lives at 18593 Jamestown Circle.

William Smith

Age 47; architect with Detroit Edison Company; two years pre-engineering at Central Michigan, graduate University of Michigan; member St. Kenneth Church, American Institute of Architects, Michigan Society of Architects, Northville Township representative to the Plymouth Adult Education and Recreation Commission, incumbent township trustee, active in Cub Scouts; married with five children, he lives at 15560 Robinwood.

Wilson Tyler

Age 54; vice-president in charge of public funds department, Detroit Bank & Trust; BA in political science and economics at University of Michigan; member Detroit Athletic Club, finance chairman for Meadowbrook Country Club, director of University of Michigan Club of Greater Detroit, vice-chairman of SEMCOG advisory committee on planning, member State Treasurer's Blue Ribbon Advisory Committee on uniform chart of accounts and audit for local units of government, member Municipal Finance Officers Association, Michigan Association Public Employees Retirement Systems, Michigan Townships Association, program participant in Michigan Municipal League, chairman of Public Affairs Committee of Greater Detroit, Chamber of Commerce; married with three children, he lives at 19772 Meadowbrook Road.

Precinct Locations

City of Northville: Precinct 1 - Base Line south along western limits to southern limits, east to Center, north to Main, Main west to High, and High north to Base Line; Precinct 2 - Base Line south along eastern limits to southern limits, west to Center, north to Main, west to High and north to Base Line; Precinct 3 - Beck from the northern limits to Eight Mile, Eight Mile and Base Line east to eastern limits, north to northern limits.

Township of Northville: Precinct 1 - All area west of Sheldon; Precinct 2 - South from Eight Mile along Haggerty to Seven, west to Northville Road, west side of Northville Road south to Six, west on Six to Sheldon, north to city limits; Precinct 3 - All other areas.

City of Novi: Precinct 1 - West of Novi Road, south of 12 Mile; Precinct 2 - South of 10 Mile, east of Novi Road; Precinct 3 - East of Novi Road, south of 12 Mile, north of 10 Mile; Precinct 4 - Area north of 12 Mile.

Township of Novi: One Precinct - All areas within township.

City of Westland: One Precinct - Entire city.

Where You Vote

City of Northville: Precincts 1 and 2 vote at the city hall, 215 Main Street; Precinct 3, at Northville School on North Center.

Township of Northville: All vote at Northville Township Office, 303 Main Street, Precinct 3 at Northville School.

on Five Mile Road, west of Haggerty.

City of Novi: Precincts 1 and 2 vote at the fire hall, 25850 Novi Road; Precincts 3 and 4 at the community building, 26360 Novi Road.

Township of Novi: All vote at 44021 Wixom.

City of Westland: All vote at the city hall, 49045 West Parker Trail.

Oakland Voters to Decide Park Millage Renewal

Within a half-hour's drive of anyone living in the Northville- Novi area are five Oakland County parks; 1,600 acres of mostly wooded, hilly land with lakes that are clean and unpolluted.

The county's Parks and Recreation Commission wants to buy additional sites for recreation uses while the land is still available.

And this it plans to do if county voters approve renewal of one-quarter mill next Tuesday. That's 25-cents per each \$1,000 of assessed valuation as equalized.

"With Oakland County's expanding population and the trend

toward more leisure time we need more land than the 1,600 acres we own," said Kenneth VanNatta, Parks and Recreation director. "The problem is to buy it now before it is priced beyond reach and taken over by commercial interests."

"All around us we see prime recreation lands being lost to other development," VanNatta said. "It will all vanish for public use unless we act now."

The county got into parks and recreation on a full-time basis in 1966 when voters approved spending one-quarter mill to acquire lands suitable for parks. Tuesday's ballot

proposal seeks renewal of the millage for five years from 1972-76.

The county's cost for acquiring the 1,600 acres was \$1,083,071. Federal grants, on a matching basis, paid the balance of \$1,094,929.

"We can all take pride in what the land has actually cost residents," VanNatta declared. "It figures out to about \$1.20 per resident and the average cost for each park is 24-cents."

"And we've been more than a little fussy over the kind of land we want," VanNatta added. "We look for choice locations that are easy to get to yet are spacious enough to offer a variety of recreational uses and have fresh,

unpolluted water."

"Because we've concentrated on getting the land we haven't as yet had the necessary funds to work on development of the parks we have," he said. "But that is being worked out."

One county park is near 75-percent complete. This is Groveland-Oaks, 194 acres on the Dixie Highway, east of I-75. Here, in summer, some 200,000 persons pitch tents, park camp trailers, picnic and enjoy the sandy beach of spring-fed Stewart Lake.

Newest acquisition is Addison-Oaks, a 700-acre tract of natural countryside, north of

Rochester and east of Oxford. It has three lakes, a wildlife sanctuary and a conference center that is ideal for civic gatherings and group meetings. The county's cost of the land was \$344,600. Commercial interests have since offered to buy it for more than \$1-million.

"It's not for sale at any price," VanNatta added. "But it gives you an idea of the value placed on Addison-Oaks."

Another park that is primitive is Independence-Oaks, 337 acres. It's on Crooked Lake at the headquarters of the Clinton River. Its natural state will be preserved in development while

providing complete summer and winter sports.

Springfield-Oaks was the county's first park. Paying only \$59,175, which VanNatta estimates cost less than seven-cents per county resident, it offers a challenging 9-hole golf course, picnic area and ball park. Plans include building another 9-holes and enlarging present facilities.

Operation of county parks is "unique" because all are designed to be "self-sustaining," VanNatta added.

"We want our parks to operate without being a continual drain on the taxpayer's pocket," VanNatta added.

'It's A New Ball Game'

Dr. Bradner Talks About His Job And The Ways It Has Changed

"New rules have caused the traditional authority of the college president to be eroded. There are now many new segments of the college that want a piece of the action, and are insisting on achieving their demands...so it's a new ball game, with new rules!"

The speaker is Dr. Eric J. Bradner, Schoolcraft College president, in remarks made Saturday at the third general session of the Michigan Community College Association's summer workshop. With over 20 continuous years in the office, Dr. Bradner is dean of Michigan community college presidents.

Among pronounced changes Dr. Bradner cites the difference in hiring a new president. "Twenty-one years ago I was interviewed for a position as chief administrator in a 'junior' college in Michigan. I saw only one man."

"I am scheduled to retire at the end of this year," Dr. Bradner continued. "The problem of my successor has concerned my board for some time. But no longer will the successful candidate have to satisfy only one person or even one group. No he is being interviewed by a committee - composed of representatives of students, alumni, faculty, administrators, townspeople and board. All these groups now have an interest in the presidency - which once was of interest to only the board. Quite a difference!"

Crisis situations and unrest have come to the campus, Dr. Bradner noted, with radical changes over the past two years. "The events that started at Berkeley have come to our campuses - crises, induced by power struggles of various groups, have caused some of our colleges to close for short periods. On some campuses there have been occasions of physical violence," the president said, "and on many campuses there have been threats of violence."

"Strikes have accompanied the organization of our faculties," Dr. Bradner continued, "and our administrators are organizing."

Dr. Bradner cited three "types" of

presidents identified in a recent issue of Chronicle of Higher Education. The older or "first generation" were trained before World War II and were largely academically oriented. Following the war came the "builders," those concerned with satisfying the physical needs of the rapidly expanding demands for higher education.

DR. ERIC J. BRADNER

He then identified the third generation of college presidents as the "crisis manager" types. Some of the crises they must manage to deal with are fragmented faculties resulting from negotiations and policies, racial issues, power demanding groups, and demands by student bodies which upset old patterns of college governance.

"Some of us, perhaps the better managers," Dr. Bradner observes, "have been able to withstand the vulgarity of the campus newspapers, the personal affronts of faculty members and the complaints of our constituents better than the rest of us." He added, "None of us enjoys this new facet of our work."

Unfortunately, many of our community colleges have had to go through all three phases in a telescoped period of time, passing from academic to crises in a few months," Dr. Bradner continued, "and some of us who were

brought in as educational experts, or as builders, now find ourselves cast in the positions of crisis managers. Believe me, and I'm sure you do, not all of us have been able to shift so nimbly and some of us have been hurt."

"So the role of the president is different than it once was," Dr. Bradner concluded. "He is now responsible to many segments of society, but finds his authority sharply limited. The times, too, have conspired to change his duties. He who approached the job with an interest in building the intellect of our youth now finds himself daily battling for his life on issues which he has neither selected nor believes in."

The Schoolcraft president had one final word: "All the problems mentioned have not been felt on all campuses, but some have, and those campuses spared so far will eventually feel the lash!"

A Letter to our Fellow Voters In Northville Township...

We are very much interested in the candidacy of Joseph B. (Joe) Straub for Treasurer of Northville Township.

• Joe Straub has been a resident of Northville Township for 15 years. He took an early retirement from Ford Motor Company after 20 years of service, performing various audit functions in numerous company and vendor plants.

Joe graduated from high school, took accounting and auditing courses in night school classes at Washington and Jefferson College, University of Michigan and Henry Ford Community College.

Prior to his Ford employment Joe spent 14 years in the City Treasurer's Office, Washington, Pennsylvania, was a cost auditor for the U.S. Army Air Forces and was audit supervisor of contract termination claims for Curtiss-Wright Corporation, Buffalo, New York.

Joe Straub is currently a Trustee on the Township Board and it is our personal opinion that Northville Township is fortunate to have a man of his background aspiring for the office of Treasurer.

We sincerely hope that you will vote for Joseph B. Straub and use your influence to elect him Township Treasurer on August 4, 1970.

Novi Township...

(Vote on all the same candidates as in the cities of Novi and Wixom, plus the following):

TOWNSHIP BOARD
Democrats: None
Republicans: Leo Kalota for Supervisor; Boyd Armstrong for Clerk; Irene Bacanyi for Treasurer; and Ralph Luckett and Donald Hackman for Trustees.

All of Oakland County...

PARK-RECREATION PROPOSITION
Oakland County residents only will vote on the following proposition concerning renewal of one-quarter mill for the purpose of acquiring, developing and maintaining parks and recreation areas in Oakland County:

"Shall the constitutional tax limitation on the total amount of general ad valorem taxes which may be

imposed each year for all purposes upon real and tangible personal property in Oakland County, Michigan, be increased as provided in Section 6, Article IX of the Constitution of Michigan for a period of five (5) years from 1972 to 1976, both inclusive, by one-quarter (1/4) mill, twenty-five (25c) cents per One Thousand (\$1,000) Dollars of the assessed valuation as finally equalized for the purpose of acquiring, developing, operating and maintaining parks and recreation areas in Oakland County, Michigan (such increase being a renewal of the one-quarter (1/4) mill increase which expires in 1971)?"

Advance Tuition Due at College

Schoolcraft College students who have registered in advance for the fall semester are reminded that payment of tuition and fees should be completed during the two week period of July 27 through August 7.

This applies to students who registered in advance either last March or during the summer months. By completing payments during this specified period, they will insure both their enrollment and class assignments. Tuition not completing payment of tuition and fees by August 7 will be required to re-register following regular registration procedures.

The cashier's window in the Administration Building is open daily, 8:30 until 4, or payment may be made

by mail providing it is received by August 7.

Students completing both registration and payment, need not appear on campus until their first class meeting. Classes begin August 27.

Six Get Grants At Schoolcraft

The Michigan chapter of the Council of Hotel, Restaurant, and Institutional Education and the Michigan Restaurant Association has awarded scholarship grants to six metropolitan area youth who will attend Schoolcraft College this fall.

GENERAL PRIMARY ELECTION

TO THE QUALIFIED ELECTORS
NOTICE IS HEREBY GIVEN, THAT A GENERAL PRIMARY ELECTION WILL BE HELD IN THE

PRECINCTS 3 & 4--COMMUNITY BUILDING, 26360 Novi Road
TOWNSHIP POLL--44021 WYNGATE
AND AT THE PLACE HOLDING THE ELECTION IN SAID TOWNSHIP AS INDICATED BELOW:

FOR THE PURPOSE OF PLACING IN NOMINATION BY ALL POLITICAL PARTIES
PARTICIPATING THEREIN, CANDIDATES FOR THE FOLLOWING OFFICES, VIZ:

STATE Governor
CONGRESSIONAL United States Senator,
Representative in Congress
LEGISLATIVE State Senator, Representative
COUNTY County Commissioner
TOWNSHIP CLERK, SUPERVISOR, TREASURER,
TRUSTEE AND CONSTABLE

and for the purpose of electing Delegates to the County Convention of each Political Party

AND ALSO TO VOTE ON THE FOLLOWING COUNTY PROPOSITION:
TAX LIMITATION INCREASE PROPOSAL

"Shall the constitutional tax limitation on the total amount of general ad valorem taxes which may be imposed each year for all purposes upon real and tangible personal property in Oakland County, Michigan, be increased as provided in Section 6, Article IX of the Constitution of Michigan for a period of five (5) years from 1972 to 1976, both inclusive, by one-quarter (1/4) mill, twenty-five (25c) cents per One Thousand (\$1,000.00) Dollars of the assessed valuation as finally equalized for the purpose of acquiring, developing, operating and maintaining parks and recreation areas in Oakland County, Michigan (such increase being a renewal of the one-quarter (1/4) mill increase which expires in 1971)?"

This proposition is being submitted in accordance with a resolution adopted by the Board of Commissioners of the County of Oakland.

STATE OF MICHIGAN
COUNTY OF OAKLAND

I, LYNN D. ALLEN, County Clerk of the County of Oakland and Clerk of the Board of Commissioners of said County of Oakland, do hereby certify that the foregoing mentioned Resolution was duly adopted by the favorable vote of a majority of the Members of said Board of Commissioners at a regular meeting of said Board of Commissioners held in the Oakland County Building.

LYNN D. ALLEN
County Clerk

COUNTY TREASURER'S STATEMENT AS REQUIRED BY ACT 593 OF THE PUBLIC ACTS OF 1947

I, C. HUGH DOHANY, County Treasurer of the County of Oakland, State of Michigan, do hereby certify that according to the records in my office, as of June 1, 1970, the total of all voted increases in the tax rate limitation above the 15 mills established by Section 6 of the Michigan Constitution of 1963, affecting taxable property in the County of Oakland, State of Michigan, is as follows:

R. BOYD ARMSTRONG, Township Clerk

ROLAND GERBER

Pyles Names Sales Chief

Pyles Industries, Inc., a Kent-Moore company of Wixom announces the appointment of Roland Gerber to a newly created position as director of sales and engineering.

Reporting to Gerber are W. C. Kremer, sales manager and Gerald Gialanella, engineering manager.

Pyles is a manufacturer of specialized pumps, meters, mixers and associated automation equipment used in the application of plastic adhesive and sealant and foam systems.

1970 Michigan Fair Seeks 'Queen of Queens' Hopefuls

A special invitation to outstate beauty queens to participate in the 1970 Michigan State Fair's "queen of queens" contest has been issued by E. J. (Jeff) Keirns, State Fair general manager.

Because the fair is held in Detroit, the metropolitan area always has been well represented in the Miss Michigan State Fair contest, said Keirns, and will be again.

"But there are pretty girls all over the state," he said, "and we are especially anxious to receive entries this year from girls who have won county fair and agricultural contests."

Each contestant must have won a sponsored, live, beauty queen contest held in Michigan since September, 1969. Applicants must be between 16 and 22 and be single. A queen who entered last year's State Fair contest but who has won a new title since September may re-enter under her new title.

Street length or cocktail dresses will be required. Bathing suits and full-length formals are not acceptable.

Deadline for entries is Monday, August 10.

As befitting a "queen of queens" contest, all entrants will receive royal treatment, with corsages, gifts, a special dinner, and other events on the

schedule. The 10 finalists will be guests at a banquet on Wednesday, September 2.

The winning queen, "Miss Michigan State Fair," will receive a crown, trophy, a \$100 bond, and other gifts. She will be a guest at various events and will represent the State Fair throughout the year.

Contest preliminaries will be held at 7 p.m. Tuesday, September 1, in the Community Arts Auditorium. The finals are scheduled for 8 p.m. Wednesday, September 2, in the Music Shell.

Information and application forms are available from Cleighton Melin, supervisor of entertainment and special events, Michigan State Fair, Detroit 48203, telephone (313) 368-1000.

The 1970 Michigan State Fair runs from Friday, August 28, through Labor Day, September 7.

WHY McATEE?

FOR 27th DISTRICT
OAKLAND COUNTY
COMMISSIONER

Wes McAtee is married and has 5 children attending school in the Walled Lake School District. He is the owner of Plymouth Office Supply and an executive of the Howard T. Keating Co., coordinating platting and zoning for all land development.

His Performance Record Supplies the Answer!

Let's Look at McAtee's PR...

- Four terms as Mayor of City of Wixom during which time 10 miles of city streets were paved without assessment... 40 miles of sewer line installed without assessment... BEST recreation and parks program in Oakland County created... retired as mayor leaving city with debt.

- Charter Commission member... PTA president... Rotarian... Businessman... Executive 12 years experience working with county at local level.

As County Commissioner He Will Know and Understand our Local Problems.

That's 'why McAtee' — We hope you'll vote for Him, too — Tuesday, Aug. 4

Out of The Past

Grenade Found Buried in Novi

ONE YEAR AGO...

...A record for the 21-year history of Northville Downs was set as the local harness racing track ended its summer season with a total mutuel handle of \$18,576,249 for the 54-night meet.

...Another vacancy on the Northville City Planning Commission occurred when Warren Stoddard, a veteran member, resigned. His action closely followed the resignation of Harvey Ritchie, from the planning commission.

...A two-year contract for Northville patrolmen calling for a salary increase of approximately 11 percent was expected to be approved by the Northville City Council.

...A perfect game by lanky righthand pitcher Fred Holdsworth powered Reef Manufacturing of Northville Mackers to an impressive 2-0 victory over visiting Redford Big Boy and on to district tournament competition in Ann Arbor-Ypsilanti.

...Lack of a quorum forced the Northville School Board to delay approval of preliminary plans for an addition to Amerman Elementary School.

FIVE YEARS AGO...

...Choosing a site for the proposed swimming pool had school board members in a quandry. Northville Record subscribers were polled by the Record to determine if they preferred the pool at the high school or at the new junior high.

...Nearly 200 unlicensed dogs were reported living in Northville Township by Township Clerk Marguerite Young.

...Harry Gilmer, head coach of the Detroit Lions, had recently purchased a home at Haggerty road near Nine Mile in Novi.

...The Northville School Board approved its biggest budget ever. Total estimated expenditure for the 1965-66 school operational budget was \$1,254,317, about \$100,000 more than the 1964-65 budget.

...Black smoke resulting from burning materials in the city dump caused more headaches than usual for many South Main Street residents.

TEN YEARS AGO...

...The late Joseph Stadnik, former Wixom mayor, was one of three Democrats seeking nomination for the state senate from the 12th District.

...A World War II hand grenade, buried in the lawn of the Novi Township Library was uncovered. State police said it was no longer dangerous.

...Charles Trickey, a former well-known Novi resident now living in Tecumseh, was named Lenawee county chairman of the Bagwall for Governor committee.

...At a special meeting of the Northville board of education, an application was approved to borrow \$100,000 against anticipated state aid. The board had borrowed \$50,000 earlier in the month to meet operation expenses.

...City manager John Robertson predicted that the city's take from state tax returns at Northville Downs might hit \$95,000 this year. Last year the city's share reached \$89,000.

FIFTEEN YEARS AGO...

...Concerned parents feared failure to pave Center Street might expose about 50 pupils at the new Russell A. Amerman school to traffic and weather hazards. Requests that the area be paved before school opens had been made to the Northville school board and the Oakland County Road Commission.

...Members of the Northville City Commission, who had wished for years that Northville were a city so it could profit from harness racing at Northville Downs, were pleased to receive for the first time a check for \$13,703 from the state auditor general.

...Results of a test taken near the end of the school year by Northville sixth graders showed a higher than average ability to read on the part of the pupils.

...Eighteen Boy Scouts returned from attending the annual camp at East Tawas under the charge of Monroe Weston, Camp director.

...A 33-passenger bus was presented by the Citizens' Auxiliary Committee of the Northville State hospital to the hospital.

TWENTY-FIVE YEARS AGO...

...Four Northville men were inducted into the army in the July quota. They were Robert L. Gotts, Dayton H. Deal, David P. Rayl and Robert L. Ware.

...Barton Connors, Mary Louise

Lee, Corine Clark and Marcia Sparling were named by the University of Michigan to membership in the all-state orchestra at Camp Interlochen.

...C. Harold Bloom, local representative of the Michigan Secretary of State's office, reminded auto owners that license plates for six months were on sale.

...Technician Maxwell F. Austin, was awarded a Soldier's Medal at Okinawa by General Stilwell.

...Sergeant Royal McCormick, the first boy to enter the armed forces from Novi Township, returned home to marry Evelyn Hill.

...A \$10,000 fire hit the home of J. J. Hetteche on Eight Mile.

...Freydl's Cleaners installed additional machinery.

FIFTY YEARS AGO...

...A three-car collision occurred Tuesday evening when the driver of a Ford car made a rapid turn at the corner of Main and Center streets. No one was seriously injured.

TAX LIMITATION INCREASE PROPOSAL

"Shall the constitutional tax limitation on the total amount of general ad valorem taxes which may be imposed each year for all purposes upon real and tangible personal property in Oakland County, Michigan, be increased as provided in Section 6, Article IX of the Constitution of Michigan for a period of five (5) years from 1972 to 1976, both inclusive, by one-quarter (1/4) mill, twenty-five (25) cents per One Thousand (\$1,000.00) Dollars of the assessed valuation as finally equalized for the purpose of acquiring, developing, operating and maintaining parks and recreation areas in Oakland County, Michigan (such increase being a renewal of the one-quarter (1/4) mill increase which expires in 1971)?"

This proposition is being submitted in accordance with a resolution adopted by the Board of Commissioners of the County of Oakland.

STATE OF MICHIGAN } ss.
COUNTY OF OAKLAND }

I, LYNN D. ALLEN, County Clerk of the County of Oakland and Clerk of the Board of Commissioners of said County of Oakland, do hereby certify that the foregoing mentioned Resolution was duly adopted by the favorable vote of a majority of the Members of said Board of Commissioners at a regular meeting of said Board of Commissioners held in the Oakland County Building.

LYNN D. ALLEN
County Clerk

COUNTY TREASURER'S STATEMENT AS REQUIRED BY ACT 393 OF THE PUBLIC ACTS OF 1947

I, C. HUGH DOHANY, County Treasurer of the County of Oakland, State of Michigan, do hereby certify that according to the records in my office, as of June 1, 1970, the total of all voted increases in the tax rate limitation above the 15 mills established by Section 6 of Article IX of the Michigan Constitution of 1963, affecting taxable property in the County of Oakland, State of Michigan, is as follows:

Schoolcraft College Dean Resigns to Take New Post

Robert A. Stenger, dean of Academic Instruction at Schoolcraft College the past four years, has resigned to accept the presidency of the Kirtland Community College in Roscommon. Stenger, 40, will head the two-year old college which serves students from Crawford, Ogemaw, Oscoda, and Roscommon Counties.

He has been at Schoolcraft since 1964 where he served as an English instructor prior to becoming dean. Schoolcraft president Dr. Eric J. Bradner said the college is losing an outstanding educator. "We're sorry to lose Dean Stenger, but the challenge at Kirtland deserves a good man, and we wish him well," Bradner said.

Stenger holds bachelors and masters degrees from Eastern Michigan University. He is working on a doctoral program in Higher Education at the University of Michigan. He has participated in the Midwest Leadership Training program, on the community college at the University of Michigan, and on innovation at Wayne State University.

Before joining the Schoolcraft

faculty, Stenger taught English in the Plymouth Community School District, at the Lawrence Institute of Technology evening school, and at the Rogers Township School District.

Stenger has published articles in the Michigan English Teacher and the English Journal. He holds memberships in a number of professional associations including the Council of North Central Junior Colleges, the American Association of Junior Community Colleges, and the Michigan Association of Junior Colleges; he is secretary of the Michigan Association of Community College Instructional Administrators, and is serving the second year of a three year appointment to the Commission on Instruction for the American Association of Junior Colleges (AAJC).

Stenger, his wife Beverly, and their five children currently live in Northville. He has been active in the Plymouth Assembly of Equal Opportunity, the Plymouth area Boy Scouts, and currently is the master of Cub Pack No. 721 in Northville.

ROBERT A. STENGER

Director Announced At Haller

William M. Dunn has been appointed director of Federal-Mogul Corporation's Haller Research Center in Northville, effective August 1, the date that current director John Haller retires from active management. In making the announcement, executive vice president Thomas F. Russell said Dunn will report to Walter T. Camp, vice president and group manager of the corporation's General Products Group.

Dunn joined Federal-Mogul in 1958 and has held a number of management positions in engineering and research. In 1965, he was named manager of Research and Development for the BCA Ball Bearing Division and, in 1966, was appointed manager of product engineering on the corporate Engineering & Manufacturing staff. Since 1969, Dunn has been assistant director of the Haller Research Center which is largely devoted to developing innovative techniques for the manufacture of powdered metal parts.

The center, recently doubled in size, and the Haller Division are both named for their founder, John Haller, a pioneer in powder metallurgy, who was retained by Federal-Mogul as director of research and consultant to management after his company was purchased in 1964.

Dunn, 46, was born in Coventry, England, and received his Mechanical Engineering degree from Loughborough University in 1943. He, his wife and five children reside at 28639 Oak Point Drive, Farmington.
