

COLD SWEAT — Caught in the grip of record-low temperatures, 35 nights of racing opened yesterday at Northville Downs. Few if any track records were expected in the bitter cold even though pacers and trotters worked up plenty of cold sweat that produced steam-room effects in the barns.

School to Seek 2.5 Mill Hike

From all indications, it looks like voters will be asked on March 6 to approve an additional 2.5 mills on top of the 17 mills up for renewal to finance Northville public schools' operational budget for 1971-72.

Superintendent Raymond Spear said he expects the board of education to approve the millage rate at its meeting Monday night.

(Monday's board meeting begins at 7 p.m., one hour earlier than usual, to allow trustees to attend the Northville Economic Development Committee meeting at the high school where the Doxiadis study will be presented at 7:30 p.m.)

"We have had several meetings on the budget for this year and have discussed what we anticipate next year's budget will be," Spear said. "The board is in general agreement that we must ask for an additional 2.5 mills."

The additional millage, if passed, will bring the total school millage to 38.4. Presently the district can levy 35.9 mills but chose to levy only 33.9 this year due to increased state equalized valuation (SEV) and increased state aid.

Spear said the extra 2.5 mills is needed (over and above the two mills voted but not levied this year) because the anticipated costs of operating the district next year "represent more money than can be raised with the anticipated SEV increase, state aid increases and renewal of the 17 mills which has expired."

The superintendent said he expects a 17 per cent increase in student enrollment for the 1971-72 school year.

Here Monday Night

Study Reveals Future

The results of a five-year study envisioning a 21st century metropolitan Detroit area will be presented Monday night at the Northville high school auditorium under the sponsorship of the Northville Economic Development Committee.

School and community officials from Northville, Novi, Salem and South Lyon have been invited to hear the report on the Urban Detroit Area Research Project commissioned by the Detroit Edison Company and widely known as the "Doxiadis" report.

Community citizens are also urged to attend the meeting which begins at 7:30 p.m. E. B. Clark, administrative

"This necessitates a 10 per cent increase in staff and 10 per cent increase in utilization of facilities," he noted.

"Coupled with this will be across the board salary increases, increasing costs of supplies, equipment, maintenance, the impact of the supreme court 'free textbook' ruling and added costs of reinstating the cuts made in this year's budget due to the loss of state aid because of the state \$168 million deficit," Spear explained.

He said the millage will be placed

City Wins 4th Award

For the fourth consecutive time, Northville's civic improvement efforts during the past year have won a Distinguished Achievement Award—this time in the 1970 National Clean Up Contest.

Michael Hunt and Ed Welch of the Northville Beautification Committee will represent the city at the 1971 National Clean Up Congress, February 21-23 at Washington, D. C. Statler Hilton Hotel, to accept the city's award and attend community improvement sessions.

Northville City Council, which had budgeted \$200 for the committee, Monday night voted an additional \$50 so that both men could attend.

Northville's comprehensive

Police Still Hopeful In Search for Kathy

LATE REPORT — Even though 60 hours had elapsed since Kathy Radtke's disappearance, Wayne County detectives were still hopeful Wednesday noon that the 17-year-old Novi girl would be found alive.

★ ★ ★

Search for the missing girlfriend of a murdered Northville youth continued Wednesday morning as Wayne County Sheriff's detectives sifted clues that might lead them to the slayer.

Missing is a Novi High School honors student, 17-year-old Kathy Lynn Radtke, daughter of Mr. and Mrs. Robert Radtke of 23931 LeBost in Willowbrook subdivision, who was last seen Sunday night with John (Jack) Milton Keyes, Jr., 19, whose frozen body was discovered Monday morning in Northville Township.

The youth, son of Mr. and Mrs. John M. Keyes of 142 Randolph Street, was "shot twice, in both cheeks," detectives said following an autopsy Tuesday. Initially, detectives suspected that the boy might have been beaten as well but the autopsy findings gave no such evidence, they said.

Detectives fear that Kathy may have been abducted, possibly killed by Keyes' slayer.

Nevertheless, they still held out hope Wednesday morning, that "we'll eventually find her alive. That's from the premise that she may have a jacket and her purse." An intensive search late Tuesday of the western part of Northville Township by area police, volunteers, and fellow Michigan Bell Telephone employees of the girl's father, failed to uncover any leads.

She was last seen wearing lavender bell bottom pants, a purple long-sleeved T-shirt like blouse that contained a Mickey Mouse drawing on the front. Described by friends as a "very pretty girl", she has long blond hair, is 5' 6" in height and weighs about 110 pounds, detectives said.

The girl's jacket was found beneath the head of her boyfriend's body, discovered inside his car parked on a country lane, more than a quarter-mile east of Napier Road and a quarter-mile north of Five Mile Road — adjacent to the Detroit House of Correction property.

The boy's jacket is missing.

According to Detective Sergeant Harry Cummings of the Wayne County Sheriff's Department, the youth's body was frozen when discovered by his brother, Christopher, 21, and a close friend, Ronald Baggett of 20825 Napier Road. The bottom half of his body was clothed, he said.

Cummings said the body was "half in the front seat of the car, half in the back."

A sleeping bag, owned by the youth, the missing girl's scarf, and a 22-caliber shell casing were found inside the 1967 Mustang, he said.

The car and all other evidence was immediately taken to the department's headquarters for study. Fingerprints were lifted from the car.

The boys who discovered the body told The Record they began searching for the victim Monday morning. They looked in the Napier Road area because, they said, Jack was known to have parked there on a previous occasion, and they feared Jack and Kathy might have been overcome by carbon monoxide. They found the car and the body about 10:10 a.m.

Both said they saw tire prints of what looked like those of a jeep near the victim's car. The driver's window of Jack's car was rolled down, they said.

Ronald Baggett and the victim were members of Northville's 1969 graduation class. "He was my closest friend," said Baggett, who last saw the

victim at the Keyes home about 7:30 p.m. Sunday night.

KATHY RADTKE

JOHN KEYES, JR.

City Moves to Ban Disposable Bottles

Joining what is expected to be a county-wide movement, the Northville City Council Monday night proposed an ordinance that would prohibit sale here of non-returnable beer and pop bottles.

The proposed ordinance will come up for public hearing on February 15.

Similar municipal action, suggested by community leaders at an intergovernmental conference last November, is expected to be taken by many—if not the majority—of the cities within Wayne County.

The county-wide movement admittedly is a means of pressuring the state legislature to enact a similar law governing all of Michigan, according to City Manager Frank Ollendorff.

Even as Northville councilmen were considering their own proposal, members of Northville's Citizens for Environmental Action Committee were

urging the ban of non-returnable bottles—as well as metal cans.

The proposed Northville ordinance does not affect cans.

Quoting a letter by City of Wayne Mayor Patrick J. Norton, Ollendorff explained

"The group (representatives from 29 county communities) that met on November 19th did agree that ordinances passed by communities on an individual basis would not properly effect a solution to the (pollution) problem. We all felt that the really important work must be done by the state legislature. However, we all know that legislation at a state level was introduced last year and failed to get proper support. Therefore, it was concluded that action taken by all or most of the communities in Wayne County would have an important affect on public opinion and there by support the legislature in taking similar steps."

According to Ollendorff, plans call for Wayne County Communities to take similar action concurrently. Thus, Northville's proposal, if approved, would ban non-returnables as of January 1, 1972, he said.

All five members of the Northville council appeared to support the proposal.

The ordinance is not likely to eliminate all pollution caused by

bottles tossed onto streets, lawns and ditches, but it will "go a long ways in helping to ease it," said Mayor A.M. Allen who sees the law as a challenge to industry and the federal government to develop pollution-free containers. "If we can do fantastic things like sending men to the moon," he said, "there's no reason we can't use the same know-how in solving this problem."

Questioned by the council, Salem G. Abraham, one of two partners who soon will reopen the former Convenient grocery store near Novi and Eight Mile roads under a different name, said the proposed ban could mean additional cost for grocery stores because of handling but he saw it as no great problem.

"The bigger (bottling) companies,"

he said, "have both kinds of bottles now."

Abraham, who Monday received council approval for a take-out beer and wine license, said he recognized the problem created by non-returnables. He doubted, however, that the ban would wipe out the problem altogether.

A letter from representatives of the United Steel Workers, District 29, noted that thousands of men and women are dependent upon the can industry for their jobs. It urged Northville not to take action banning cans.

Edward Krietz and Jean Dykstra, representatives of the Environmental Action Committee, suggested adoption of an ordinance that would ban both non-returnable bottles as well as cans.

NEWS BRIEFS

SCHOOL BOARD members will meet an hour earlier than usual Monday night with the meeting beginning at 7 p.m. Following the meeting trustees will adjourn to the high school where they will attend the Northville Economic Development Committee meeting which begins at 7:30 p.m. Scheduled for the committee's meeting is a presentation and discussion of the Doxiadis report on the urban Detroit Area Research project.

TOMORROW, FRIDAY, is the deadline for registering to vote in Northville Public Schools' March 6 millage election. Voters may register at the township or city hall in the area in which they live. Property owners and non-property owners are eligible to vote in the election with all votes counting the same, Earl Busard, business manager, said. It's almost certain the district will ask for and additional 2.5 mills over the 17 mills up for renewal.

NEGOTIATIONS with Detroit officials for emergency transfer of prisoners from the over-crowded county jail to the Detroit House of Correction (DeHoCo) have been launched by a board of commissioners committee. The transfer, if it becomes a reality, is seen as a temporary measure to reduce the county jail population while a proposed facility in Westland is established. DeHoCo is located in both Northville and Plymouth townships, on either side of Five Mile Road.

In Our Town

Astronauts Hosts to Visitors

By Jean Day
SUNDAY'S BLASTOFF to the moon of Apollo 14 held firsthand excitement for Northville residents who were in Cape Kennedy, Florida, to witness the launch operations.

Mr. and Mrs. Donald P. Boor of Woodhill Road were invited as guests of Astronaut Stuart A. Roosa. They had met Roosa and his wife, Joan, on a quail hunting trip in Georgia.

They saw Mrs. Roosa and other friends, Astronaut Ron Evans (Roosa's back-up man) and his wife at a party honoring the three moon-bound astronauts' wives Friday night. The Boors also had tentative plans to meet Robert Bogart, who was to leave from Northville Saturday, but as Fran Boor commented Tuesday on their return, "with 7,000 people there, this was impossible."

The Boors went first to Orlando, Florida, last week and then to Cocoa Beach. In the closest V.I.P. stands to Launch Pad 39, three miles away, they endured the added excitement of a brief delay for weather to clear — then came the brilliant blast.

Since Roosa was to orbit the moon while Commander Alan B. Shepard, Jr., and Edgar D. Mitchell landed on the moon, the hook-up operation that had to be repeated six times caused other tense moments.

Mr. and Mrs. William G. Quigley, Jr., of Edenderry Drive,

who also had been invited to attend the launch, took a "rain check" until the Apollo 15 launch scheduled for July. They hope then to go south with their family to see the blastoff which will be commanded by their friend Alfred M. Worden, who is from Michigan.

Last weekend the Quigleys attended the Michigan Press Association meeting in Lansing instead. (He is in public relations at General Motors.)

MEN'S NIGHT programs with husbands as special guests are becoming increasingly popular with local women's groups as they provide opportunity for husbands to be included in community events.

Northville Woman's Club, which renewed the custom of inviting husbands to a dinner meeting three years ago, has a top-quality program in The Friars, vocal octet of the University of Michigan, this Friday evening at Northville First Presbyterian Church. The evening of music is to follow a buffet dinner at 7 p.m.

Mrs. Leonard Klein, president, expects more than 125 members and husbands to attend. Mrs. Douglas Bolton and her committee are in charge of transportation and reservations. Mrs. C. T. Cuppett, Jr., and members of the social committee are in charge of table arrangements and decorations.

Mrs. Keith Wright, program chairman, will introduce the Friars, who have sung to audiences around the world as part of the world-famed University of Michigan Glee Club. Their repertoire of timeless standards, rock, pop and folk music was being heard also in New York this week as they flew there Monday to perform at NBC's banquet honoring the 50th anniversary of WWJ radio. Average age of the student singers is 20 — noted as "an important factor in the creation of the lively, exuberant performances audiences have come to expect."

KING'S MILL Women's Club is bringing the "Jills from Bloomfield Hills," honors vocal and bell-ringing ensemble from Andover High School in Bloomfield Hills, for its first men's night program scheduled for 8 p.m. next Thursday, February 11, at the clubhouse.

Northville Resident Clarence A. Luchtmann directs the Jills — who are marking their 16th anniversary. In this time The Jills have made more than 1,000 appearances, singing for more than a million people. They were featured at the New York World's Fair, at the Canadian Exposition in Montreal and recently were guest performers for the U.S. Army troops at Fort Knox, Kentucky.

Mrs. Harry V. Odle, of the King's Mill Club, adds that all adults of the townhouse are invited and that punch and cookies will be served.

AN AFTERNOON tea for the Daughters of the British Empire at the home of Mrs. Alan Brailsford, Clement Court in Northville's Lexington Commons, is planned to introduce new and prospective members to officers of the organization from 2 to 4 p.m. next Wednesday, February 10.

Attending will be Mrs. Russell Skitch, of Grosse Pointe, state president; Mrs. William Chisholm of Birmingham, past national president; and Mrs. Arthur B. Hillegas, past national vice president.

Daughters of the British Empire is a non-profit, non-sectarian and non-partisan philanthropic organization of national scope of women of British ancestry. Mrs. Brailsford notes that the ancestry can be derived from a grandparent or by

marriage. Anyone with a question is invited to call her at 349-3572.

The organization supports homes for aged Britishers in four geographical districts of the United States.

Mrs. Brailsford adds that anyone interested in working with members of the organization will be "most cordially welcomed" at the tea.

CARDS for a cause were being played this week in the Northville homes of members of the Western Suburban Junior Women's Club. Proceeds will benefit the planned new residential facility for Girlstown Loch Rio at Belleville.

Mrs. Dale Starr, club president, is hostess for four tables at her home on Thornapple Lane tonight. She is being assisted by Mrs. Robert Coates and Mrs. Lawrence Szuhly. Mrs. James Clarke, assisted by Mrs. Donald Baxter, also is opening her home on Arselot for the benefit.

MRS. PATRICIA F. BALL

Mrs. Ball In VP Post

Patricia F. Ball of Northville has been elected an assistant vice president of Metropolitan Federal Savings and Loan Association, according to Roger C. Richards, Metropolitan Federal president.

Mrs. Ball, who is personnel director at Metropolitan's main office, West Seven Mile and Evergreen, has been with the Association since 1966. She is an associate member of the American Society of Personnel Management.

Mrs. Ball, her husband Charles and 17-year-old son David reside at 18252 Jamestown Circle.

Wildflowers Topic For Garden Club

William Hopkins, chief naturalist of the Huron Clinton Metropolitan Authority, is to be guest speaker at the February meeting of the Northville Branch, National Farm and Garden Association, at 12:30 p.m. Monday at Echo Valley Clubhouse, Farmington and Twelve Mile roads.

Mrs. Douglas Straith, who lives in the Echo Valley Townhouses now, is hostess for the guest day event. Chairman for the day is Mrs. Hiram Pacific, assisted by Mrs. Gene Cushing. Mrs. William Bates and Mrs. H. J. Froger.

The naturalist will look to spring Slides will illustrate his talk.

He has been with the park agency since 1953, and under his supervision Stoney Creek, Kensington and Lower

Huron Metropolitan parks have been developed and their nature trails created for school and family use. He is a University of Michigan graduate and worked previously for the U. S. Forestry Service and the U. S. Fish and Wildlife Service.

Novi Nursery Taking Names

Applications are now being accepted for next year's edition of the Novi Co-op Nursery's fall program.

Two sessions are held, each comprising 20 children between the ages of three and five, at the Living Lord Lutheran Church 40700 10 Mile.

The sessions will run on weekdays between 9 and 11:15 a.m.

A fund raising Tupperware Party is slated for the church Wednesday February 10, according to co-op official Peggy Wixom.

Anyone requiring information or co-op enrollment forms is invited to call Connie Podolski at 476-2083.

MR. AND MRS. HERBERT WILLIAM HARBIN III

Snowmobiling Trip Follows Ceremony

A honeymoon of snowmobiling in Northern Michigan followed the marriage of Barbara Ann Trombley, daughter of Mr. and Mrs. Edwin F. Trombley, 6875 Napier Road, and Herbert William Harbin III January 16 at Northville First Presbyterian Church.

The bridegroom is the son of Mr. and Mrs. Herbert W. Harbin, Jr., 43801

Grand River Avenue, Novi.

The Reverend Lloyd Brasure officiated at the 7:30 p.m. candlelight service at the altar decorated with an all-white bouquet of fuji and snow mums and gladioli. Mrs. Edwina Langtry was organist.

Given in marriage by her father, the bride wore a white velvet gown with cotton lace embroidered with seed pearls decorating the neckline and forming the cuffs of the full sleeves. Three rows of lace embroidered with seed pearls decorating the neckline and forming the cuffs of the full sleeves. Three rows of lace applique decorated the chapel-length train which was caught-up in a bustle effect at the waist for the reception.

Her three-tier, elbow-length veil was held by a headpiece of white lace with seed pearls with white organza roses and velvet ribbon. She carried an all-white cascade of sweetheart roses, snow mums and baby carnations tied with white velvet ribbons.

The bride's sister, Maureen Trombley, was maid of honor.

Bridesmaids were Janice and Loretta Harbin, sisters of the bridegroom, and Mrs. Robert Trombley (Sandra), sister-in-law of the bride.

They wore long, straight-lined navy velvet gowns with white cotton lace at the neckline and cuffs. They carried nosegays of red carnations, and

navy straw flowers on a bed of white gladioli tied with white velvet ribbon. The honor maid's also included red roses. Their headpieces were double, short-tier veils held by navy lace with velvet flowers and seed pearls.

Donna Tymensky attended the guest book and Susanne Newton and Diann Tymensky cut the wedding cake.

The bridegroom's uncle, David Tyler was best man. Ushers were Robert Trombley, John Newton, Louis Sypula.

Dean Sanford, soloist, sang "The Wedding Prayer" in a duet with his daughter, Mrs. Kerry Bordine. He sang "Beloved, the Day Is Born" as the bridegroom's mother walked down the aisle. For the ceremony she wore a peacock blue, long gown with illusion sleeves and empire waistline with matching lace trim. She carried a purse bouquet of white roses and buttercups, silver leaves and velvet ribbon matching her gown.

"You'll Never Walk Alone" was sung as the bride's mother walked down the aisle. She wore a long, straight-lined gown in blue with illusion sleeves and lace trim. Her purse corsage was of red roses, blue buttercups and silver leaves tied with velvet ribbon.

Red, white and blue decorations were used at the U.A.W. hall in Wixom as 225 guests from the area, St. Clair Shores, Birmingham, Deckerville, Harbor Beach and from Pasadena, California, greeted the newlyweds.

Both are 1967 graduates of Northville High School and also are graduates of Oakland Community College. The bride presently is working at the National Bank of Detroit in Plymouth. Her husband is a police officer at Oakland University in Rochester. They are making their home in Child's Lake Estates in Milford.

Picture Policy

The Northville Record publishes wedding stories and pictures if they are received in the office within 15 days after the wedding date. After this deadline, only a brief story can be used without a picture.

No color pictures can be used — for wedding, engagement or anniversary news. Similarly, polaroid snapshots can be used only if the quality of prints is exceptional.

Wedding, engagement and anniversary forms are available at the newspaper office. Information must be typed or printed clearly. It cannot be accepted by telephone, but the staff will be happy to help with any questions.

As has been the Sliger newspapers' past practice, no charge is made for publishing wedding, engagement or anniversary stories or pictures, although many other papers do so.

Announce Engagements

VIVIAN CUSSON

YVONNE CUSSON

BONNIE LOU FULK

Sisters Betrothed

The engagements of both their daughters, Vivian and Yvonne, are announced by Mr. and Mrs. Andrew Cusson, 48905 West Nine Mile Road, Northville.

Vivian is to become the bride of Richard Patterson, the son of Mr. and Mrs. Ralph Patterson of Walled Lake. They are planning an August wedding.

Yvonne will marry Victor Ippileto, son of Mr. and Mrs. Veto Ippileto of Milford. They have set a July wedding date.

Vivian is a 1970 graduate of Northville High School. Her fiancé was graduated from Walled Lake High School in 1969. Yvonne is a senior at Northville High School and will be in the class of 1971. Her fiancé is a 1969 graduate of Walled Lake High School, also.

The engagement of Bonnie Lou Fulk to James Lee Marks, son of Mr. and Mrs. Harold C. Marks, 9545 Napier Road, is announced by her parents, Mr. and Mrs. Charles Fulk, Sr., of Oak Hill, Ohio.

The bride-elect is a 1967 graduate of Oak Hill High School and presently is employed at Davis Market in Oak Hill. Her fiancé, a 1968 graduate of Northville High School, attended Schoolcraft College for a year and a half and currently is employed by the Northville City Police Department.

No date has been set for the wedding.

News Around Northville

Northville Spring Chapter of China Painters will meet at 10 a.m. today in the Plymouth Credit Union building for a demonstration-lecture by guest artist Minerva Fredericks, a china painting teacher from Wyandotte, on the subject of "Pears."

Mrs. Fredericks will demonstrate a special technique in painting this fruit.

A former Northville resident, Mrs. Doris Wick, visited here Monday with Mrs. August Wicke of Fairbrook Street. Now living in Makomis, Florida, Mrs. Wick had been a Northville resident from 1934 until she moved south six years ago. She was active in St. Paul's Lutheran Church and in Northville cub scouts.

From Northville, she was going to St. Paul, Minnesota, to join her daughter, Miss Sharon Wick, for a trip to Hawaii, Tokyo, and Hong Kong. Her visit to Northville was brief as she spent 26 weeks this past summer in the Pocono Mountains, instead of her usual visit here.

Since retiring and leaving Michigan, Mrs. Wick has become a world traveler, visiting almost every state, Canada, Mexico, Montego Bay, Jamaica, the British Isles, France and Holland.

Orient Chapter No. 77, Order of the Eastern Star, will honor the

stations of Conductress and Associate Conductress at a special meeting at 7:45 p.m. Friday in the Northville Masonic Temple. Members of other chapters holding these offices will be guests. Refreshments will follow the meeting.

A business meeting of the chapter will be held at 7:30 p.m. February 19.

Northville Senior Citizens Club will meet at 7:30 p.m. Tuesday at the scout-recreation building for a business meeting, program and refreshments.

A business meeting of Northville Mothers' Club is scheduled for 8 p.m. Monday at the home of Mrs. Harold Wright, 19850 Westhill. Mrs. Ron Horwath is hostess chairman, assisted by Mrs. James Tellam and Mrs. Earle McIntosh. Members are asked to note the change in meeting location.

Western Suburban Junior Woman's Club will meet at 8 p.m. Monday at the Sword of the Spirit Lutheran Church in Livonia. At the meeting a kitchen shower will be held for the church, which has just acquired new kitchen facilities.

The Montessori method of child rearing will be demonstrated and discussed by a representative of the Children's House Montessori Center on Farmington Road.

Anyone interested in attending the meeting or who would like information about the club is asked to call Mrs. Ronald Rupert, 455-1076.

"You've Come a Long Way" will be the theme of the Alpha Nu Chapter meeting at 6 p.m. Monday at Hillside Inn. Mrs. Lucille McKinney, program chairman, is being assisted in the Status of Women group discussion by Miss Grace Pollock, Mrs. Elizabeth Glenn and Miss Ada Fritz. Miss B. Ione Palmer, president, will make the summation.

Miss Palmer has called an executive board meeting at 5:30 p.m. preceding the dinner.

Murphy Sisters Share Art Talent

Two talented sisters, Rowan and Darlean Murphy, daughters of Mr. and Mrs. Walter R. Murphy, 576 Reed, an interest in art which already has become a career for Rowan and appears destined to be one for younger sister Darlean.

Rowan, a 1965 graduate of Northville High School and a 1969 graduate of the University of Michigan with a bachelor of fine arts degree, joined the staff of Film Central as associate in graphic arts in Saline, Michigan, November 19.

Last month her sister, Darlean, was accepted as an art major at Eastern Michigan University by Kingsley Calkins, art department head. Darlean also is a Northville High School graduate, class of 1969.

Rowan Murphy joined the Saline firm to coordinate its existing graphic projects as well as create new products. She just previously spent six months in California compiling a portfolio of experiences for later graphic presentation.

She already has enjoyed acclaim as a free lance artist as her paintings are

becoming well known in the Ann Arbor area where she now has an apartment. She participated in a joint exhibition with two other artists at an Ann Arbor interior decorating salon.

In January, 1969, two of her paintings were reproduced as posters published by Seri-Graphics in Ann Arbor. Her paintings were displayed and sold at the 1970 invitational Ann Arbor Art Fair.

While still a student at University of Michigan, carrying eight hours of painting classes, she was employed full time as assistant graphic artist at the U. of M. audio-visual education center.

The quiet young artist also is a student of astrology and refers to her personal astrological chart to explain her own abilities, saying, "The moon in Aquarius indicates creative trends."

The Saline Reporter, in a December feature article, and Film Central, who introduced the artist at a Christmas-season coffee, both feel Rowan's recent sketches indicate a great deal of creativity.

'SCHOOL FOR ADULTS' - Learning firsthand about "subjects beyond the 3 R's" are Amerman PTA officers, from left, Mrs. W. James Knox, Mrs. Lawrence F. Gucken and Mrs. David Longridge. Mrs. Sandra Craig, music teacher, plays the guitar while they keep time. Parents attending the Amerman PTA Tuesday inspected the new addition, where the music room is located, and took their youngsters' places in music and art classes and donned tennis shoes to "work out" in the new gymnasium.

'JILLS' TO ENTERTAIN — A program of singing and bell-ringing by "The Jills of Bloomfield Hills," an honors vocal ensemble from Bloomfield Hills Andover High School under the direction of

Clarence A. Luchtman, the director who lives in Northville, will be presented at the first Men's Night of King's Mill Women's Club at 8 p.m. next Thursday, February 11, at the clubhouse. All adults of King's Mill are invited to attend the program, which will conclude with punch and cookies.

OPERA SUPPORTERS — Attending the annual luncheon at Detroit Institute of Arts last week to launch the 28th Detroit Grand Opera season are, above, left to right, Mrs. George Weiss, Mrs. George Jerome, Mrs. Albert Jones and Mrs. Robert Dawson. At right, are Mrs. Paul Hughes, who recently returned from England and resumed her work with the Northville committee for Detroit Grand Opera Association; Robert Shafer, Northville resident and Wayne State University freshman who has assisted the committee with Overture productions here; and Mrs. Ernest Shave, Northville committee chairman. They heard plans for the May 24-29 appearance of the Metropolitan Opera in Masonic Auditorium, and listened to final Grinnell Foundation auditions.

Senior Wins Homemaker Award

Northville High School's 1971 Betty Crocker Homemaker of Tomorrow is senior Wendy Wheaton. General Mills announced this week.

Selected for her performance in a written knowledge and attitude examination administered to senior girls in December, Wendy will receive a specially designed award from General Mills, sponsor of the annual education program. She is also eligible for state and national honors, including one of 102 college scholarships totaling \$110,000.

The national winner will be chosen this spring from 51 Homemakers of Tomorrow representing each state and the District of Columbia.

State judging centers on scores of school winners in the December test, with personal observation and interviews added factors in national selections.

All judging and selection of winners is done by Science Research Associates of Chicago which also constructed and graded the written

examination for General Mills.

Wendy is the daughter of Mr. and Mrs. C. Thomas Wheaton of 412 Horton Street.

Staman Speaks At Testimonial

Frazer W. Staman of Wixom, former Novi Township supervisor and now a veteran member of the Oakland County Road Commission, was one of the speakers at a testimonial dinner that last week feted the retired Road Commissioner Sol D. Lomerson.

Approximately 400 business and personal friends were on hand for the dinner at the Pontiac Elks Club to honor the "Orion Township boy" who was appointed to the board in 1944. Since then he had held the position of chairman for 11 terms.

Novi Jaycee Auxiliary Collects Coupons

Novi Jaycee Auxiliary will collect Betty Crocker coupons for artificial kidney machines during the weeks from March 1 to April 6, officials announced this week.

"The drive will be in conjunction with a General Mills program which has for two years exchanged coupons for

the life-giving machines," explained Mrs. James Cherfoli who along with Mrs. Dick Jensen is heading up collection for the Novi Program.

A coupon contest will be held in the elementary schools. Each grade level will compete to turn in the highest number of coupons with a reward going to the winner. Collection canisters also will be placed in the high school, as well as in local stores and churches according to Mrs. Cherfoli.

She noted that because of this campaign 14 machines have been placed in Michigan in the past. "Remember," she said, "it takes 600,000 coupons for one machine."

Thirty-six hours after 17-year old Kathy Radtke was reported missing a search party of more than 100 policemen, local volunteers, and fellow employees of the girl's father launched an extensive search of the Northville Township area

where the body of Kathy's boyfriend was found. Led by Novi Police Chief Lee BeGole, the search party was aided by helicopters and police dogs. Kathy was still missing Wednesday morning.

Parents Wait and Pray

'Perfect' Girl Missing

She's just the most perfect daughter — that's about all you can say," a tearful Novi mother said Tuesday afternoon while praying that her missing 17-year-old daughter will be found alive.

"All we can do is wait and pray," repeated Mrs. Robert Radtke as she, her husband, their son Ron, relatives and neighbors waited at their Willowbrook home for word about their daughter, Kathy.

Mrs. Radtke, a secretary at Novi Elementary School, last saw her daughter Sunday night when she left the house with her boyfriend, Jack Keyes of Northville, whose body was found the following day in Northville Township. He had been shot twice. (See story on Northville, Page 1).

Kathy was expected to return to her home with Jack about 8 p.m. to have supper with her parents.

"We didn't really start worrying until about midnight because she usually was in by 11 p.m.," Mrs. Radtke explained.

They telephoned their son, a college student, to see if he might have any idea where she might have gone. He, too, was mystified and returned home to be with his parents.

It was noon Monday when the Radtkes learned that Jack's body had been found.

When their daughter, a Novi 11th grader, was last seen she was wearing bell bottom pants, a long-sleeved T-shirt with Mickey Mouse drawing on the front, her 1972 Novi class ring, and Jack's ring.

Kathy was one-year-old when the Radtkes moved to Novi from Kansas. Mr. Radtke is employed by Michigan Bell Telephone Company in Farmington.

Tuesday afternoon fellow Bell employees of Mr. Radtke joined Novi police and others in launching an intensive search of the township area where Jack's body was found.

Meanwhile, the parents waited and prayed . . . in a house, said Mrs. Radtke, that Kathy had "always filled with happiness."

Sewer Tap Dispute Explained by Crupi

As a result of statements made recently by Guardian Photo President Warren J. Coville, Novi Mayor Joseph Crupi felt it necessary Monday night, to deliver "a clarification of the situation the city is in with Guardian Photo for the benefit of the press and public."

Crupi referred to a discrepancy

between city authorities and Coville as to the number of sewer taps the Nine Mile plant should be paying for.

Currently the facility, which uses over 30 million gallons of water a year, is operating under a permit for six sewer taps as per an agreement Coville claims he has with the city.

Crupi, who said Monday night he

had been unable to find such an agreement, or any record of it, claims the company should be charged for "in the neighborhood of 100 taps."

"I don't know anybody in their right mind," said Crupi "who would grant six taps to Guardian Photo. Even on the surface, it seems another 100 taps are necessary regardless of their claim to be dumping only 30-percent of their water into the sewer."

Coville said, in an interview last week, that prior to June 21, 1967 "Harold Ackley," (then village manager) "agreed that the village would charge our company for six sewer taps . . . in consideration of our bringing a water line from Meadowbrook Lake."

According to Coville, the water line, to which his company owns a pay-back agreement, was built in the latter part of 1967 as Guardian Industries were building their photographic plant on Nine Mile east of Novi Road.

The line cost \$46,000 according to Coville's figures, and serves residents and industry in the area. Coville admitted, however, that he only knew of one industry to tap into the line and he charged that the city had undercharged it for sewer taps.

"We'll be lucky if we realize 50-percent of our investment in that line," said Coville.

"We have a \$44,000 water treatment plant, approved by the state," continued Coville. "It's

Continued on Page 9-A

Planners Table Site Plan Request

Worried about water retention problems, Novi planners delayed last week Wednesday a request for site plan approval from Practical Home Builders for its development west of Orchard Hills subdivision along 10 Mile.

The board's main hang-up was over the possibility that drainage from the proposed development would run into the Walled Lake Creek and from there into Meadowbrook Lake — long a source of complaint from local residents because of silting and other erosion problems.

Sheldon Wagner of Practical Home was authorized to work with Robert Shadduck, representative of city planning consultant, Vilcan Leman to come up with a water retention plan.

No date was set as to when the plan would be due.

In other business Wednesday night, planners.

— Approved a site plan from Ministrelli Construction to erect a shop building on its property at Grand River and Taft Road.

The building will be used for storing trucks and equipment.

— Postponed a rezoning request from Victor Almas concerning 38 acres on Haggerty Road south of 10 Mile.

Almas requested multiple-family for the area currently zoned single family. Planners put off the motion pending a planning study of the area to determine what affect the change would have on neighboring parcels.

Business on the commissions docket for the upcoming month includes three public hearings.

Rose Requests Wixom Verdict

Wixom councilmen will consider the change of a zoning stipulation which limits apartment buildings to 25 feet at a public hearing February 23.

Councilmen will grant either the ordinance change, a variance, or a flat denial to the petition from Edward Rose and Sons of Detroit for the right to build apartment buildings in excess of the two stories mentioned in Wixom ordinances.

The Rose petition concerns a multi-million dollar apartment complex planned for the area south of Pontiac Trail and Beck Road.

Wixom planners passed the matter on to the Board of Appeals in their January meeting. The board, upon the recommendation of City Attorney Gene Schnelz, denied the request on the basis that they did not have sufficient authority to grant the variance.

At the time, conversation between the board and planners indicated to grant a variance was to "virtually rewrite the ordinance" in that it would provide precedent for cases to appear in the future.

"All we ask," said Edward Sheehan of the Rose Company, before council Thursday night, "is to get about the task at hand, which is development."

Sheehan said that his company would build either two stories or 2½ — whichever the council directed — but that he wanted to start the development as soon as possible.

"If we go to two story buildings," said Sheehan, "we will lose much of the open space currently planned for the development. As it is, there are 18 to 20 acres of park area provided, and a person can walk from the farthest extremity of the development to the community building, which is in the center, without leaving an open area."

In other business Thursday night, councilmen:

— Tabled the December budget report until Mayoral Assistant Robert Case can explain certain questions raised by Councilman Robert Dingeldey. Dingeldey questioned various items pertaining to salary and supply bills.

— Granted \$250 to the Walled Lake program of Youth Assistance.

The money according to Case will be used along with similar amounts contributed from neighboring communities, to rent office space.

— Appointed Lloyd Croft to a renewed term on the Board of Review. Croft, whose term will run for three years, is currently serving on the board.

— Granted permission to Fire Chief Robert Potter to advertise for bids on a new fire hose.

Pet Clinic Slated Here

Oakland County will operate a vaccination clinic Saturday in Novi and February 27 in Wixom.

To secure a 1971 dog license, any owner in the state must produce a certificate proving vaccination good for one year administered after January 1, 1971 or for two or three years not to expire before December 31, 1971.

Such certificates will be available at the clinics to be held between 1 and 4 p.m. in the respective city halls.

Fee is set at \$2.

Dog licenses will also be available for a fee of \$1 for males and unsexed and \$2 for females.

On March 1, 1971 license fees will jump to \$5. and \$7.50.

Committee to use the council chambers on the first Thursday of every month.

— Gave permission to the Wixom area Support Your Local Police

Council Asks For Drawings

Wixom Councilmen voted unanimously Thursday night to contract with the Oakland County DPW to prepare engineering plans on both of the new two phases of the city's sewer extension program.

The move came after councilmen had considered a letter sent to them by R.J. Alexander, director of the Oakland County DPW, estimating prices of both phases as well as a combination price. Alexander's letter included quotations of aid revenues that the city could expect to receive.

Alexander pegged the cost of building both phases simultaneously at \$671,000. Of that figure \$322,000 could be expected from grant funds, Alexander said.

Councilman Robert Dingeldey took exception to the word "expected" saying that the city would be ruined if the expected didn't happen and taxpayers were faced with the entire \$671,000 cost.

"For a town with 2,000 people in it and with the taxes we have, and as high as those taxes are, I don't see how we can even go the \$370,000 to build phase three," he said.

Alexander's estimate for construction of phase III was put at \$370,000, with \$177,550 expected from grant funds.

Mayor Gilbert Willis quoted a letter addressed to him from Representative Clifford Smart as saying that "you can be reasonably positive of your funds being granted."

Willis went on to explain that there were \$105 million earmarked in state coffers, and that of 242 petitioners requesting \$602 million, Wixom was 34th on the list.

Alexander said that should the city put off its decision for five years, prices would probably jump by 60-75

percent.

Councilman Gunnar Mettala emphasized that the city was not obligating itself to build anything by ordering engineering plans.

"If the city decides that the price is beyond our means," said Mettala, "the bonds will not be sold and we can get out of the contract."

If constructed, the two new phases would provide capacity for an additional 7,000 people.

Total engineering cost for the two projects, according to Mayoral Assistant Robert Case, is \$30,000.

In other business Thursday council voted unanimously to ask city engineers Pate Hirn and Bogue to estimate cost on engineering drawings of a drainage and retention system proposed for the area facing the southwest portion of Loon Lake.

The system, recommended by Councilman Val Vangieson on the basis of research done by his Environmental Studies Committee, calls for curb and gutter drainage in the Bell Coney-Nightingale-Flamingo area, with catch basins at regular points and a retention basin or pond to act as a final dropping out point for sediment and debris before emptying into the lake.

"The curb and gutter system was already planned for," said Vangieson. "The catch basins are extra. We'll put in chlorders at each basin and then submit the water to a final cleaning in the retention basin to take care of any sediment or debris that comes through."

"From the retention basin the water would flow gradually into the lake. One of the most important things is to slow the velocity of the water down. Up to a point the slower it flows the more particles will drop out."

Continued on Page 9-A

NEW LOOK — The Novi council sat Monday night in redecorated chambers thanks to the weekend efforts of Novi Mayor Joseph Crupi, Councilmen Louie Campbell, Denis Berry and Edwin Presnell as well as several area Jaycees. The oak-like paneling cost \$150 including trim and, of course, labor was free to the city.

NOVI HIGHLIGHTS

BY MRS. H. D. HENDERSON

Ken Blakenbaker and Paul Morrison, who are students at Michigan State University, were week-end guests of Mr. and Mrs. W. T. Gurr, Clark Street, Novi.

Mrs. Alvin Killeen and daughter Laurie, attended a pre-nuptial shower honoring Miss Ronnell Lee at the home of Mrs. Alice Psenka at Sylvan Lake Sunday afternoon. Miss Lee daughter of Mr. and Mrs. Harold Lee will become the bride of Danny Mansfield at St. Johns Church in Farmington on February 12.

Mr. and Mrs. Louis Tank attended the graduation of their grandson, James Goik at the Henry Ford High School last Thursday. On Sunday Mr. and Mrs. Tank attended an open house at the Goik home in Detroit in honor of their grandson's graduation.

Mr. and Mrs. Glen C. Salow returned last week from 5½ weeks of vacation in the West. They spent the holidays with Mr. and Mrs. Charles Nelson in California, and the rest of the time they were near Phoenix, Arizona.

Mrs. Helen Sadlor is now home from the hospital and doing very well. On Friday of last week Mrs. Sadlor and her twin sister Ellen Knocke celebrated their birthdays together.

The Wardell Lykes returned this week end from a week of vacationing in sunny Puerto Rico.

Mr. and Mrs. James Haas of West Grand River announce the birth of a daughter, Joanna Maureen, born in Mount Carmel hospital on January 22. Joanna had four brothers and two sisters to welcome her at home.

The Paternal grandparents are Mr. and Mrs. George Haas of Florida, and the Maternal grandparents are Mr. and Mrs. Orville Donaghy of Redford. The great grandparents are Mr. and Mrs. Anthony Petersmark, also of Redford.

Mrs. Florence Harris recently attended a pre-nuptial shower honoring Kathleen Ann Olson daughter of Mr. and Mrs. John W. Olson of Walled Lake at the Stonecrest. The groom's mother Mrs. J. R. Peoples, sponsored the shower. The wedding date is set for February 20 at St. Williams Church, Walled Lake.

Mr. and Mrs. Lawrence Boyd, Sr., were the Sunday dinner guests of their daughter and son-in-law, Mr. and Mrs. Gerald Dalder in Royal Oak.

Mrs. Alice McCollum celebrated her birthday on Saturday by taking her guest, Mrs. Signa Mitchell to the matinee at the Fisher Theatre after the matinee they had dinner at Topinka's.

Saturday company at the home of Mr. and Mrs. Hank Meyer were the latter's sister and family, Mr. and Mrs. Walter Fiolels and daughters from Garden City. They spent most of the day snowmobiling. On Monday a nephew, Donald Baker of Detroit was a visitor.

Steve Pomeroy has returned from a visit with his grandfather, Carl Jensen at Okechobee, Florida. Steve's parents are Mr. and Mrs. Gerald Pomeroy. Next week end Steven Pomeroy and his sister Susan will visit their Uncle and Aunt. Mr. and Mrs. Fred Jensen at Hamlet, Indiana.

Sunday dinner guests at the home of Mr. and Mrs. Harold Sigsbee were Mr. and Mrs. Richard Sigsbee and family and Miss Sharon Sigsbee.

Douglas LaFond was six years old on Sunday and he celebrated with a party at home with his parents, Mr. and Mrs. Donald LaFond. Relatives present were his grandmother, Mrs. Marie LaFond and grandparents, Mr. and Mrs. Charles Ramsey, Aunt and Uncle Mr. and Mrs. John Ruggles and cousins, Mr. and Mrs. Cameron Cogdill.

Samantha McClure celebrated her fifth birthday January 31 at the home of her parents on Austin Drive. Samantha's guests were April McClure, Billy Krumm, Martha McClure, Vicki Thompson, Chrissie Krucin, Krucin and Penny Wixom.

Mr. and Mrs. Victor Gillett and Mr. and Mrs. Vincent Gillett take twins on the week end visiting the latter's

mother, Mrs. Bertha Miller in Dansville. This past weekend Mr. and Mrs. Victor Gillett made the trip to Dansville.

Sunday afternoon and evening visitors at the Floyd Darling home were their son, Tom and his wife, Judy and family from Independence Lake and Mrs. Darling's parents Mr. and Mrs. Ed Behrendt.

UNITED METHODIST CHURCH OF NOVI

Sunday morning greeters were Mr. and Mrs. Roger Pelchat, and the acolytes were Craig Pelchat and Steven Bell.

Reverend William Ruff of the Newburg United Methodist Church was the guest speaker this past Sunday.

At 6:30 p.m. Sunday the MYF met to decorate the church for the Wednesday party.

Mr. Hines needs your help to conduct Church service for the residents at Whitehall Convalescent Home on Ten Mile Road. Won't you please help with this 2:30 p.m. Sunday Service?

Reverend and Mrs. Philip N. Seymour will be moving into the newly decorated parsonage this week.

A pantry shower was held this Wednesday at the church to welcome the new pastor and his wife, Reverend and Mrs. Seymour.

Chancel Choir rehearsal every Wednesday - 8 p.m. - at the church.

Next Sunday the new pastor, Reverend Seymour will be officiating at the morning service. Plan to be present.

Church calendars are available in the Narthex. Help yourself to one as you leave the church.

FIRST BAPTIST CHURCH OF NOVI

Scripture reading for the morning worship service last Sunday was taken from Jonah 4. The Pastor's sermon was titled "How to Face Life's Reverses." Special music was a duet by Karen Clarke and Peggy Steward who sang, "Whispering Hope."

In place of the regular evening service Sunday, there was a showing of the film "His Land." It was a film in color and sound presented by the Billy Graham Association showing Israel today as a fulfillment of Biblical prophecy. Mrs. Russell Button sang "The Holy City" accompanied on the organ by her son seventh grader, Russell. Following the service, everyone was invited to Flint Hall for sandwiches, dessert, punch, and coffee.

Deep appreciation goes to the eight grade Sunday School class for the good job done in presenting to the church and community the progress of Drugs. Over 100 were in attendance Saturday night. Thanks also to Officers Starnes and Pra't of the Novi Police Department for this most informative program.

In the annual business meeting conducted on January 27, the following were elected, deacons, Brent Munso and Royal McCormuek, deaconess, Iris White; treasurer, Cliff Ridenour; financial secretary, Sylvia Ridenour; church clerk, Geraldine Stipp; Sunday School Superintendent, Bill King; Assist, Jeanne Clarke; Christian education committee, Cathy Burton, Bill Booth, Marty Maxwell, Ruth LaPlante, Jeanne Evans, Charlotte Munro, Arbutus Bellefeuille, and Larry King. These will join with those still in office to provide the church with its leadership for the coming year.

On February 9, the Vera Vaughn Circle will meet at the home of Mrs. Mary Grimes at 40799 Grand River. Guest speaker will be Mrs. Harriet Boyer of Farmington. Mrs. Boyer represents "The Winning Women's Retreat" program and will speak on; (1) the upcoming retreat, (2) the Winning Women's Cook Book, and (3) the creative teaching class of Mrs. Jill Renich. All women of the church are encouraged to attend.

On Monday evening a linen shower was held in the parsonage basement to honor Mrs. Ricky White.

HOLY CROSS EPISCOPAL CHURCH MISSION

Saturday at 6 p.m. the Sacrament of Holy Matrimony was conducted for Miss Allison Guffin, daughter of Mr. and Mrs. Gerald Guffin of the parish, and Robert Cooper of Detroit. Father Harding of Holy Cross officiated.

Special flowers for the Sanctuary were given by Mr. and Mrs. Louis Tank in memory of Mrs. Ann Pickell.

Tuesday of this week the Feast of the Presentation of Christ in the Temple was kept by the celebration of Holy Eucharist.

The meeting of the ECW was held Tuesday evening at the home of Mrs. Lou Campbell on Lynwood Drive.

The confirmation class for young people in fifth grade or 10 years old will begin Saturday at 9:30.

Arthur Greenlee assisted Father Harding at the morning service.

NOVI REBEKAH LODGE NEWS

The Independent Rebekah Club met at the home of Mrs. Pearl Tamm on Glangery Road on Monday. There was a good crowd in attendance.

Twenty Rebekah sisters attended the installation of the Milford and Clyde officers at Milford Saturday night. The officers were installed by the Novi Lodge Installing team.

Candidates from Brighton and Belleville Lodges will be initiated by the Novi Initiatory Degree team at Novi Lodge Thursday evening. Those not contacted bring sandwiches for the lunch.

February 11, eighteen lodges of District 6 will be represented and entertained at Novi Lodge.

CHAMBER OF COMMERCE

Novi Chamber of Commerce Ladies Night is scheduled for February 13.

Jimmy Launce from WJR and other will entertain. The Frank Hunt banjo players will furnish the music for the dinner hour.

AMATEUR VARIETY TALENT SHOW

A talent show sponsored by the Novi Police Officers Association will be held Friday, March 26, at 8 p.m. in Novi High School. Tickets are available for families, adults and children at a moderate price. There will be three local judges. First prize, \$100; second prize, \$50; third prize, \$25. Most congenial person also voted upon.

All surrounding area towns will be taking part in this contest. There will be 25 finalists from which winners will be chosen.

NOVI GIRL SCOUTS

Due to the icy road conditions, most of the troops from Orchard Hills School were forced to cancel their meetings last week. However Troop 713 was able to complete a trip to the new Farmington Community Center last Thursday. The Community Center is now in the former Goodnough family residence on Farmington Road and a tour through several of the 19 rooms was interesting.

A collection of Igbo masks from Biafra were on display in the library. Helping to drive the girls were Mrs. Thomas, Mrs. Wilkins, and Troop leader Mrs. Smith. This week the troop will be making further plans for their winter campout to be held February 27-28 at Kensington Park.

The Brownies from Troop 519 enjoyed an ice skating party at the home of Robin Planck. An Automatic bowling game was played also, with high scorers being Kelly Mills, Vicki Roderick and Susan Hager. Refreshments were served by Mrs. Planck. The girls have also been busy on making 1971 calendars for home use and participated in a winter nature hike. Mrs. Robert Kessler is the new assistant leader for this troop of 17 girls.

Beginning plans are being made for a mother-daughter Banquet to be held the end of April. Mrs. John Dettles is chairman and will inform the girls on future plans.

Brownie Troop 404 was brought to order by Vice president April

Derrick, treats brought and passed out by Toni Olivich. After a little fun the girls got started on their sewing project.

Junior Scout Troop 165, The Pink Panthers, were treated this week by Sherri Robbins and Carol Newbig. They are learning the waltz for the dancer badge. Laura Farah brought treats this week for the Wildcats. They are working on their writer badge. Helen Gatrill, Diana Cook and Theresa Blankenship brought treats this week for the Road Runners. They, too, are working on their writer badge.

The annual cookie sale is now in progress. Mrs. Ridenour brought the girl scouts their cookie order blanks. The cookies are selling for 60-cents per box.

The girls had a ice skating party at Novi Elementary after school early this week.

Junior troop 713 was pleased to have as guest Novi Detective Grubb, and Fire Chief Skellinger, who came to their January 13 meeting and spoke on community and home fire safety.

Mrs. Robert Dawson is helping to teach various forms of dancing. These include several folk dances and ball-room dancing.

Mrs. Casagolis and Mrs. Beers are chairmen in charge of the cookie sale for Troop 713.

The leaders of Cadette Troop 149, Mrs. Shirley Brooks and Mrs. Annette Skellinger, attended a Farmington area Senior Cadette training meeting January 18.

Brownie Troops are busy with hand work. Troop 713 is learning more about clay modeling, while Troop 161 is practicing basic sewing stitches which they will use to make hot pads.

CUB SCOUTS

Novi Cub Scouts Pack 54 in accordance of theme of the month "American Heritage" three separate groups will be touring the Novi Newspaper plant, highlights freedom of the press. Jack Hoffman the editor, is personally planning to conduct this tour. The pack is most appreciative.

Den 1 also is planning a trip to Botsford Inn which is noted for its historical value.

MOTHER NATURE'S WORK - "It's the work of Mother Nature," insisted an angry spokesman for the Holloway Landfill, corner of Six Mile and Napier roads, on Thursday after a photographer had snapped pictures of wind-strewn paper blanketing adjacent fences, trees, roads and fields. "We can't do anything about the wind. Why don't you people tell our side of the story for a change." He explained that the wind had been blowing for

several days and that as soon as it stopped all of the paper would be picked up. Demanding the name of anyone who had complained about the blowing paper, he had called the newspaper to complain about the picture-taking and to charge newspapers in general and this one in particular with "looking for dirty stories to sell newspapers." He refused to give his name.

Students Join POW Campaign

Students in Northville Public Schools, grades three through 12, are joining with people across the country in a letter writing campaign to aid prisoners of war.

Elementary students in grades three through five will be writing letters while students in junior high will hold discussions, give reports and construct displays besides writing letters. Miss Florence Panattoni, curriculum coordinator, said.

In addition to writing letters, high school students in social studies classes will have an opportunity to talk with a woman from Southfield whose brother is a prisoner of war. They will also be exploring in depth the Geneva Convention.

BRIGHTER NEW YEAR - Northville Jaycees assured children of the Wayne County Child Development Center a brighter new year recently with the donation of gifts to the Center. Gifts included sewing machines, roller skates, baseball mitts, a guitar, etc. Accepting the gifts on behalf of the Center is Rueben Billingslea, director of the Center's recreation department (right foreground), while Jaycee President Peter Magnan makes the presentation as co-chairmen Art Bakewell (left) and Ronald Reitnour (right) look on.

About Our Men in the Service

SAN DIEGO — Navy Lieutenant Robert T. Hallam, son of Mr. and Mrs. Robert L. Hallam of 21456 Summerside Lane Northville, was advanced to his present rate while serving with Air Anti-Submarine Squadron 29 at the Naval Air Station, North Island San Diego, California.

Aberdeen Proving Ground, Md. — Private Jeffrey T. Miller, son of Mrs. Elizabeth A. Porter, 26232 Taft, Novi, recently completed a 13-week machinist course at the U.S. Army Ordnance Center and School, Aberdeen Proving Ground, Md.

He learned to manufacture, repair and modify metal and non-metal parts for the army's tanks, trucks, weapons and other combat equipment.

He entered the Army in June, 1970 and completed basic training at Fort Knox, Ky.

He is a 1970 Graduate of Novi High School.

Two area students have been appointed Cadet Airman of the Air Force ROTC Unit at Michigan Tech University, Houghton.

This promotion reflects their progress within the Air Force ROTC Program and their ability to accept increased responsibility leading to a commission as a U.S. Air Force officer.

Those promoted were: Cadet Christopher M. Burt, a freshman majoring in electrical engineering, is the son of Mr. and Mrs. H. M. Burt, 21410 Lujon Drive. He is a graduate of Bishop Neumann High School, Williamsville, N.Y. At Michigan Tech he is a member of the Grenadiers.

Cadet Leroy B. Liston III, a freshman majoring in civil engineering, is the son of Mr. and Mrs. Leroy Liston, 46222 Fonner Ct., W. He is a graduate of Lutheran High School West. At Michigan Tech he is a member of the American Society of Civil Engineers, the Michigan Tech Field Marshalls Club, and takes part in football and hockey.

Specialist 4 Richard L. Pierce, son of Mr. and Mrs. Owen Pierce of 43931

12½ Mile Road, who is now stationed in Vietnam, was promoted to his present rank on 25 January 1971. Specialist Pierce was promoted by Brigadier General Robert C. Hixon, Chief of Staff, XXIV Corps.

a 1967 graduate of Northville High School, Pierce spent four months at Fort Benjamin Harrison while training for his present position in Vietnam. Pierce as a qualified stenographer graduated from a class of 17 other personnel. His tour in Vietnam began on 17 October, 1970 and he is presently working for Brigadier General Hixon as his personal stenographer.

Specialist Pierce expects to be stationed in the states on his next assignment. Pierce will leave the service in late 1972 and plans to finish his education at Arkansas State University where he spent two years prior to his entry on active duty.

SAIGON (U.S. Naval Forces Vietnam) — Navy Lieutenant William C. Wonicker, whose wife lives in Northville, has reported here for a 12-month tour of duty in the Republic of Vietnam.

The lieutenant entered the Navy in June 1965 after graduating from Valdosta State College in Georgia and is now serving at Cam Ranh Bay as an air operations advisor for the Vietnamese Navy's Coastal Surveillance Force.

Wonicker will be spending his year in Vietnam working himself out of a job. The U.S. Navy is turning over its assets while training and advising Vietnamese navymen who are rapidly assuming a greater role in the defense of their country.

American sailors work closely with the Vietnamese, training them in the use of complicated craft and equipment. Once the Vietnamese sailors become proficient in the skills necessary to operate a modern Navy, the craft and gear are turned over to their control, thereby effectively reducing the number of U.S. naval forces needed in Vietnam.

Another program instituted by

U.S. Navy men to assist the Vietnamese in building a more viable Navy is called Operation Helping Hand. Through this program, American sailors strive to

offset the war-inflated economy and improve the austere living conditions of Vietnamese Navy men and their dependents through self-help projects.

RESEARCH AID — A \$3,000 Gulf Oil Foundation research grant is presented to Father Malcolm Carron (right), University of Detroit president, by Frank T. Odom, Gulf Oil Sales supervisor working out of the office at 40550 Grand River in Novi. The money will be used for research that may one day make the windshield of your automobile look entirely different. In sunshine, the windshield of the future will be tinted, but when the sun goes down, tomorrow's windshield will change into a clear pane of glass.

NHS Jazz Band To Play Benefit

The Northville High School Jazz Band has been selected to play at the Easter Seal musical benefit show on February 20, C. A. Smith, member of the Northville Rotary and Easter Seal Society representative, announced this week.

The show, entitled "Harmony and Humor" and presented by the River Rouge Rotary and the Rotary clubs of Western Wayne County, begins at 8-15 p.m. in Ford Auditorium.

The jazz band will perform old standards and music of today, playing throughout the show.

Also featured will be the Motor City Chorus of the Detroit Chapter of The Society for the Preservation and Encouragement of Barbershop Quartet Singing in America and the Downriver Chapter of Sweet Adelines.

Northville High's jazz band is composed of 21 students in grades nine through 12. The group played for the

local and regional Junior Miss pageants and the Homecoming Dance. The band has also been booked for the March of Dimes benefit and two dinner dances, band director Robert Williams, announced.

Tickets to the Easter Seal benefit are \$4 and \$5. They are available at Easter Seal Society of Western Wayne County, 2545 Hyde Park Drive, Inkster. For further information call 722-3055.

BUDDIES — Christmas was made a bit brighter for orphans in Vietnam when American servicemen "adopted" the children for the holiday. Specialist Fourth Class Gary F. Williams is shown with the Vietnamese boy in Tuy Hoa he helped cheer. Williams, son of Mr. and Mrs. Harold Williams of 16460 Franklin Road, is a 1965 graduate of Northville High and a 1967 graduate of Schoolcraft College. He has been in Vietnam since April 1970. Williams' address is 366-52-2055, 225th SAC, Box 1687, APO San Francisco, California, 96316.

College Sets Registration

Registration for the Winter Semester at Schoolcraft College will be held on today and tomorrow, February 4-5.

Classes begin on Monday.

Information for both new and returning students is available from the Counseling Office. The telephone number is 591-6400, extension 236.

Counselors may be contacted between 8 a.m. and 4 p.m. daily, and from 5 to 8 evenings, Monday through Thursday.

Schoolcraft offers a wide range of day and evening classes. It has courses for those wishing to develop employment skills and for those who plan to transfer to four-year institutions.

There are many evening classes which may be taken without completing formal admission requirements. The college also offers non-credit Community Service classes.

College district residents — those living in the Clarenceville, Garden City, Livonia, Northville and Plymouth School Districts — are charged tuition

of \$10 per credit hour. Non-residents pay \$18 per credit hour.

FACULTY MEETING SPEAKER:

Dr. John W. Atkinson, an associate in research and survey at the University of Michigan, will address the Schoolcraft College faculty, Friday. His topic will be "Mainsprings of Achievement Motivation." Dr. Atkinson has had considerable experience in working with motivational problems in learning, and has authored many articles related to the topic.

WAYNE DUNLAP GUEST CONDUCTOR:

Schoolcraft College's director of fine arts, Wayne Dunlap, will be guest conductor for performances of the opera "Madame Butterfly" in Norfolk, Virginia, March 19 and 21. He will direct members of the Norfolk Opera Association and Norfolk Symphony, composed of professional musicians and advanced students from Norfolk State College.

STATE SWIM CHAMPIONSHIPS:

The state Junior College

Swimming and Diving Championships will be held at Schoolcraft College on February 12-13. The host Ocelots, coached by Jack Washka, will be one of the six squads entered. Finals in the 1650-yard freestyle will be held at 10:30 a.m. and in the Individual Medley at 7 p.m. on Friday. All other events will be decided starting at 1 p.m. Saturday.

HOST NATIONAL INSTITUTE:

Schoolcraft College will host the National Scuba Instructor's "certification institute," this weekend. The institute's first day (Saturday) is devoted to classroom instructions. The next day participants move into the pool for actual use of equipment and techniques.

TO HOST MUSIC FESTIVAL:

More than 5,000 junior and senior high school musicians are expected on the Schoolcraft College campus the Saturdays of January 30 and February 6. They are participating in the Solo and Ensemble Festival for District 12 of the Michigan Band and Orchestra Association. Jack Pierson, band and orchestra director at Fordson High School, Dearborn, is chairman of the event.

Half of Northville Teachers Study for Second Degree

Nearly half of the teachers in the Northville school district have continued their education beyond the bachelor degree, and a total of 67 teachers, or 43.8 per cent, have earned at least 20 credits beyond their first degree.

These figures were released in an analysis of the district's professional staff prepared by Robert Benson, administrative intern for Northville Public Schools.

"The study provides important data relative to developing rationale for recruiting and maintaining the best qualified teachers for the students of Northville," Benson said.

"Awareness to institutional training, experience, age and sex are prerequisites when developing the proper equilibrium of exposure for children," he stated.

Of the 156 teachers in the system, 56.2 per cent have earned only the bachelor degree, 43.8 percent have accumulated at least 20 credits beyond the bachelor degree and 34 per cent, or 40 teachers, hold a masters degree.

According to the report, 7.9 per cent have 10 credits beyond the masters degree, two per cent have 20 credits beyond the masters and 1.3 per cent have 30 credits beyond the masters degree.

Leading the alma maters of the teachers is Eastern Michigan with 39 teachers graduating from the university. Michigan State has granted degrees to 23 teachers employed in Northville; University of Michigan, 16; Wayne State, 11; Western Michigan six; Northern Michigan, four; Central Michigan, Ferris, Hillsdale, Madonna, two each; and Albion, Alma, Calvin, Kalamazoo, Oakland, Olivet, Sienna Heights and University of Detroit, one each.

Thirty-six staff members have earned bachelor degrees outside of Michigan. Ohio leads the list with eight; New York, five; Wisconsin, four; Illinois and Kentucky, two each; and Arizona, California, Iowa, Louisiana, Minnesota, Missouri, Montana, North Dakota, Pennsylvania and Germany, one each.

Twenty-one elementary, 12 secondary and three special services teachers earned bachelor degrees outside of Michigan.

Of the 51 teachers holding a masters degree, 46 have earned the degree in Michigan. Eastern Michigan has granted 24 masters to Northville teachers; University of Michigan, 13; Michigan State and Wayne State, four each; and University of Detroit, one.

Five teachers have earned masters degrees in other states. University of Wisconsin, New York University, West Washington State, New York State (Buffalo) and University of Iowa have each granted one masters degree to Northville teachers.

A total of 14 elementary, 29 secondary and eight special services teachers hold masters degrees.

Of the total staff, 30.7 per cent have one to two and one-half years of teaching experience; 19 per cent, three to four and one-half years; 12.4 per cent, seven to 10½ years; 11 per cent zero to one-half year; 9.2 per cent, five to six and one-half years; and 8.5 per cent, 11 to 15½ years.

More than one quarter of the staff has been teaching in Northville for one-half to one year, with 17.6 per cent teaching in Northville between one and one-half years and two years. Nearly 18 per cent of the teachers have taught in Northville for six years or more.

Making up the staff are 113 women and 43 men. At the elementary level there are 58 women and seven men; secondary, 55 women, 35 men; and special services, 13 women and one man.

Eighteen per cent of the men are single and 24 per cent of the women are single.

The median age of elementary teachers is 27-years-old; secondary, 28; and special services, 39. Median age throughout the district is 27-years-old, according to the study.

Forty-five staff members live in Northville, the study found, while 38 live in Plymouth. Ann Arbor claims 21; Farmington, 11; Livonia, eight; Ypsilanti, six; Detroit, four; and other cities, 23 teachers.

Benson said the study will be updated each year and also used as a guide to future recruitment. "By referring to the study we can tell if we should attempt to find a man or woman to fill a vacancy, if one building has mostly teachers graduating from Eastern Michigan and so forth.

"Mixing background, experience, sex and age of teachers will help us get the best exposure possible for the students in Northville schools," he noted.

HEAD SENIORS — Top officers of Northville's Senior Citizens' Club George Lockhart, president, and Mrs. Richard Sharron, first vice-president, confer after the annual meeting and election of officers this month. Lockhart was re-elected president while Mrs. Sharron moved into the second spot.

City Council Minutes

NORTHVILLE CITY COUNCIL MINUTES
January 18, 1971

Mayor Allen called to order the regular meeting of the Northville City Council on Monday, January 18, 1971 at 8:05 p.m. at the Northville City Hall.

ROLL CALL.
Present: Allen, Folino, Lapham (late), Nichols and Rathert.
Absent: None.

ACCEPTANCE OF MINUTES.
Minutes of January 4th and Special Meeting of January 11, 1971, were accepted as submitted.

APPROVAL OF BILLS
Moved by Rathert, support by Nichols, to approve payment of bills in the following amounts:
General Fund Disb. \$20,730.06
Other Gov't Fund 263,577.36
Motor Vehicle Highway Fund
Local Street Disb. 2,047.49
Major Street Disb. 117,261.37
Pub. Imp. Fund Disb. 116,300.33
Water Fund Disb. 1,435.37
U.C.

COMMUNICATIONS:
(a) Copy of a letter to Gunnar Stromberg, Northville Township Supervisor, from Robt. P. Folino, Northville Recreation Director, relative to rent money from the Northville Cooperative Nursery School Group; \$605 from the City and \$295 from the Township of Northville. City is willing to pay this. City Mgr. has met with Northville Township regarding the possibility of sharing of the expense of the renovation necessary for the Scout-Recreation Bldg.
(b) City Mgr. read a letter from R. P. Roselle, Chairman of Surplus Real Property Committee for the City of Detroit, informing him that their mailing list was available for City use. City Mgr. has written a letter to persons on this mailing list advising them of availability of Maybury San property and City of Northville's desire to purchase a portion of it. There have been two replies so far from interested companies.
(c) A proclamation was presented for the Mayor's signature, proclaiming the last week of January in the City of Northville as POW Week.

COMMUNICATIONS FROM CITIZENS:
(a) John McCann, new 26th District Supervisor, was present and introduced himself and offered his services to the City.
(b) Mr. and Mrs. Joe Nagy, owners of Joe's Little Bar, appeared before Council regarding the upgrading of their present license. Council will have an answer for them by February 1, 1971 meeting. This was later amended to April 5th.

BOARD & COMMISSION MINUTES:
(a) Recreation Committee Minutes of December, 1970, were placed on file.

DECEMBER, 1970:
(b) Northville Library Commission Minutes of January 5, 1971 were placed on file. City Mgr. reported to Council site plans for the Northville Record and Mr. Geo. Lloyd's property on Taft Rd. (Professional District).

NORTHVILLE POLICE DEPT. REPORT —
Council unanimously agreed to go over this report at a Work Session (it is comparable to an Annual Report — could be combined with same Work Session as Auditor's semi-annual report).

SET PUBLIC HEARING:
City Mgr. explained the proposed Zoning Ordinance Amendments as recommended by the Planning Commission.

Moved by Folino, support by Rathert, to set Public Hearing date for Monday, February 15, 1971, 8:00 p.m. at the Northville City Hall to consider two different Zoning Ordinance Amendments, Article XVII, Sec. 17.02 and 17.03.

U.C.

RE-APPT STANLEY JOHNSTON TO RECREATION COMMITTEE:
Moved by Folino, support by Nichols, to re-appoint Stanley Johnston, to the Northville Recreation Committee for a 2-yr. term, ending Jan. 1, 1973.

U.C.

DISCUSS SALE OF AMBULANCE:
City Mgr. stated that a 1964 Oldsmobile had been bought by the City a year ago to use as an ambulance; it has been used twice.

Councilman Rathert and Folino commented favorably on service that is presently being furnished by two ambulance companies.

City Mgr. was instructed to obtain figures from these companies on a long-term agreement and also the total cost so far for the ambulance.

DISCUSS APPTS. FOR 1971 WEEK:
Council agreed to bring suggestions for appointment of a 1971 Michigan Week Chairman to the Feb. 1st Council Meeting.

PARKING PROPERTY ACQUISITION.
(a) City Mgr. reported that an agreement had been reached with Mr. Ahern for purchase of 1/2 A. on Silver Spring Drive belonging to the City. City Attorney was authorized to draft a Sales Agreement for purchase of 1/2 A. of City property on Silver Springs Drive in the amount of \$4,000 between the City of Northville and William Ahern, with water and sewer at site.
(b) City Mgr. reported he had talked with D & D Floor Covering owners; first step is re-zoning of 143 E. Cady to Central Business District. Council approved City Mgr. discussing re-zoning of above property with Planning Commission.
(Councilman Lapham entered Meeting at 9:10 p.m.)

GRISWOLD ST. R.O.W. CONDEMNATION:
City Mgr. read the Resolution of necessity as supplied by Miller, Canfield, Paddock and Stone.

Moved by Rathert, support by Lapham, to allow Councilman Folino's abstention on voting for above Resolution as he related to owner of one of the pieces of property involved.

U.C.

Moved by Nichols, support by Rathert, to adopt the Resolution of Necessity, instituting condemnation for Lots 60, pt. of 79 and 83 of Assessor's Northville Plat No. 1.

Ayes: Allen, Lapham, Nichols and Rathert
Nays: None
Abstention: Folino
Motion Carried.

1971 PUBLIC IMPROVEMENT PROGRAM:
City Mgr. reviewed the 1971 Public Improvement Program (from City Mgr.'s Memo No. 71-1):
1. Griswold St. Extension — okch

2. Wing St. Extension — acquisition of property on south side Hines Drive.
3. Gerald Avenue Water and Sewer — nothing at this time
4. Horton paving (Baseline to Hill)
5. Carpenter paving (Baseline to Hill)
(City Mgr. to instruct Engineer finish engineering — concentrate on Horton — drop Carpenter)

Moved by Nichols, support by Rathert, to adopt the Initiatory Resolution for the Improvement of street re-surfacing for Horton St. from Baseline to Hill St.

U.C.

6. Sidewalks — study later
7. Parking Deck lease
8. Park Acquisition — Appraisal for Mellen property possibility of Maybury San
9. Park Improvements — possibly no need for \$10,000
10. Streets — major maintenance — continue program
11. Re-surfacing of streets:
Linden
High
West (Main to Dunlap)
N. Rogers (W. Dunlap to Dubuar)
Fairbrook & First Intersection
12. Dunlap & N. Center St. Intersection
13. Cady St. Storm Sewer
Moved by Rathert, support by Folino, to authorize preliminary engineering and cost estimate for Dunlap and N. Center St. intersection and Cady St. Storm Sewer.

U.C.

14. W. Main St. Area Water Service — Councilmen Rathert and Nichols appointed to study this situation.

15. Rural Hill Bridge — Press engineer for engineering
16. Cemetery — consider possibility of more property for cemetery (new entrance); Mr. Carlo would buy lowlands for barns.
17. Baseline — Nov. St. Storm Sewer — won't know about this until engineering is done on Horton St.

NORTHVILLE DOWNS' PROPERTY EXCHANGE AGREEMENT.
February 1st Agenda
MISCELLANEOUS:
Councilman Nichols asked to be relieved of his appointment on the Fire Study Committee. Councilman Folino accepted this position.

City Clerk spoke about possibility of having a Dog Clinic this year — this matter left to discretion of Clerk.

There being no further business, the meeting adjourned at 10:30 p.m.

Martha M. Milne
City Clerk

NOTICE OF PUBLIC HEARING
CITY OF NOVI
OAKLAND COUNTY, MICHIGAN

NOTICE IS HEREBY GIVEN that a Public Hearing to consider two proposed amendments to the Zoning Map of the Zoning Ordinance No. 18, of the City of Novi will be held on Wednesday, February 24, 1971, at 8 P.M. EST., at the Novi City Hall, 25850 Novi Road, Novi, Michigan, as follows:

Estate of STEVEN HAZELEGER, Deceased.
IT IS ORDERED that on April 20, 1971 at 2 p.m. in the Probate Court room, 1301 Detroit, Michigan, a hearing be held at which all creditors of said deceased are required to prove their claims. Creditors must file sworn claims with the court and serve a copy on Antonetta G. Murray, administratrix of said estate, 23005 Gaukler, St. Clair Shores, Michigan, prior to said hearing.

Publication and service shall be made as provided by statute and Court rule.

FAMED FRIARS — The vocal octet of the University of Michigan, which has performed throughout the world, will present its repertoire of pop, rock and folk songs of today and the standards of yesterday at the Men's Night program of Northville Woman's Club following a buffet

dinner at 7 p.m. next Friday, February 5, at Northville First Presbyterian Church. The Friars, which are part of the University Men's Glee Club, have presented their "lighter side" music on national television and at the Rose Bowl, as well as before many clubs and alumni groups.

Dispute 'Explained'

Continued from Novi, Page 1

approved by the Water Resources Commission and we submit daily reports to them as to its effectiveness.

"Through it we recycle and treat 70-percent of our water, pumping only 30-percent waste into the sewer."

Crupi, on the other hand, charged Monday night that the Guardian firm had been "unable to give the county assurances of this."

Harold Ackley, now in retirement, said he cannot recall an agreement such as Coville mentioned.

"I had my heart attack on June 19

when the Guardian petition was before us," said Ackley, "and when I came back to work in August, the permit had been issued for six taps."

Crupi defined the capacity of one tap as "that amount of water which is normally used by the average family of four." He pegged that flow at between 9,000 and 10,000 gallons a month.

"Even if you figure 10,000 a month," said Crupi "that's 120,000 a year which is a good deal less than what Guardian Photo, admits to using even when you multiply it by six."

"We're not recognizing the city's claim that there is anything due," said

Coville.

In other business Monday night, councilmen:

—Passed an ordinance, which they had recently directed City Attorney Howard Bond to prepare, appointing the Oakland County Board of Health the official health board of the city.

—Opened and passed to City Manager Dallas Zonkers for recommendation five police car bids.

The lowest bid was \$3,469.67 while the highest ran to \$3,640.19.

—Postponed action on the proposed appointment of a city electrical board until names handed in by citizens at Monday's meeting could be checked out with building inspector, Earl Bailey.

—Directed Zonkers to outline the four possible methods of establishing assessment procedures for the improvement of Nine Mile Road, along with specific costs involved, so that council can choose the best solution. Zonkers is to have his report Monday.

—Decided to give commemorative plaques to all those board or commission members who have retired or will retire from city service after January 1, 1971.

—Postponed a public hearing on Walled Lake riparian rights until such time as Ethel A. Rose of Detroit can be contacted with regard to city ordinances she would be violating if she were to fill in part of her lake shore property.

It was not clear, according to Zonkers, from a letter she addressed to the council that she understood the issues involved.

Millage Hike Sought

Continued from Record, Page 1

in two separate packages for the March 6 election. Both requests are for a length of five years.

"We will go to the people to ask for 17 mills to maintain our existing program," he said, "and the added 2.5 mills to meet the additional needs of the district and increasing wages."

"The two mills not levied this year will be levied next year to continue to maintain the 'free textbooks' and reinstate some of the cuts made in the budget," he said.

Drawing Requested

Continued from Novi, Page 1

Vangieson cited a 12 inch sewer line now flowing in the area of Flamingo as main cause of a silt and chemical problem in Loon Lake.

Site Plan Postponed

Continued from Novi, Page 1

One, set for February 10 and requested by David Hagelstein, concerns property on West Road for which he is requesting a multiple zoning. An original request for mobile homes was changed by Hagelstein following planner refusal and resulting court litigation.

Attorneys for Hagelstein have told planners in recent meetings that Hagelstein now feels it "would be reasonable" to drop the mobile home request and change it to multiple. They also have indicated that should the multiples zoning be granted litigation against the city would be dropped.

Two other public hearings, both set for February 24, deal with requests for multiple family residential on Pontiac Trail west of West Road.

One is from Kaufman and Broad Homes, and the other, which includes seven acres of commercial zoning, is from Slavic-Wilson Company.

Committee member G.L. McArthur noted that the committee's research had revealed 13 contaminating flows into the lake, two of which were worse than those presently under investigation.

Another source of pollution mentioned by Vangieson was oil from nearby roads, cars, and even outboard motors running on the lake.

"If we can get the water into smaller places and treat it there, then let it flow to a larger place and treat it there, before it flows into the lake, we can provide cleaner water than what we have now," said Vangieson.

Proposed site for the retention facility is in the Bell Coney area east of Edison's plant, Vangieson said.

Wixom Newsbeat Snow Sports Soar

by Nancy Dingeldey

Wow — what a week! Broke a temperature record set way back when with an even colder — 7 degrees. By all standards, this weather is most conducive to staying close to the fire involved in a good book. That die-hard group of snow bums concentrated all thoughts on snow though, and we must admit, that's what we got. However, those blustery winds could have kept to themselves — it blew all the snow off the hills, and here we are, still praying for snow — on hills only, of course.

If one good thing came from this week, it had to be Walled Lake Western's Boys Ski Team coming through with a thrilling defeat of Bloomfield Hills Lahser for the Detroit News Invitational Ski Meet Trophy. The boys 1.2 second margin won the trophy for them for the second year in a row. This is only the second year of existence of Western's Ski Team and those boys and their coach really deserve a lot of credit for their tremendous job. Lots of rooters braved the arctic blasts last Saturday to cheer the kids on — and probably the happiest people from Wixom were the Bob Kellogg's of Bell Coney when son Wally came home with a beautiful trophy he won as part of that team.

And of all weekends to pick for a sojourn up north, it just had to be this past one — Gumperson's law? The place was Grayling and a lovely chalet and some snowmobiling for sport. Chet and Sally Zielinski instigated the idea and those joining in were the Bob Trombley's who fortunately left Thursday afternoon. The McAttee's drove up with Zielinski's Friday afternoon. But the poor souls carrying up the rear — Barb and Ralph Armstrong with the Allen Pierce's of Milford — ran into all kinds of problems. They battled the storm as far as Saginaw and had to stop. Meanwhile, back at the chalet were the finger-biters. They had their own problems to think about — snow. It had snowed every day during the week and the snow was up to the balcony surrounding the outside of the chalet — they didn't even have much luck at snowmobiling. The tail-end crew finally arrived Saturday afternoon — and the high that day managed to get to — 5 degrees. With but a few minor mishaps, the whole group managed to make it back to Wixom on Sunday and probably uttered a few sighs of relief.

The storm took its toll though, in accidents suffered by our neighbors. Mrs. Mary MacDonald of West Maple Road suffered severe injuries when she was involved in an auto accident on her way to work. She is at St. Mary's Hospital in Livonia and will be confined there for some time.

Ruth Madigan of Pontiac Trail is facing surgery as a result of a fall she took when she slipped on the ice at her home as she was returning from work Friday evening. She too, is at St. Mary's with a fractured hip. She will be remaining there for quite some time too, and both ladies would enjoy receiving cards to make their stay a little brighter.

I didn't even have a chance to offer my crutches to Guy DuFresne — he made a great and speedy recovery from his recent knee surgery.

Darlene Lahde was finally released from the hospital and is now home recuperating and enjoying the newest member of the family.

Get well wishes to Art Cronin who had to be hospitalized for surgery. Art is in the Veterans Hospital in Dearborn and will be spending quite some time

there. We're thinking of you.

And since it is the beginning of the month, I thought I might add a Community Calendar. If you think this idea might be useful, give me a call with any information you would like included prior to the first of the month, and it will be included in the calendar.

FEBRUARY

6 — Save Your Local Police Boosters Rummage Sale, VFW, 10 a.m. to 4 p.m.

9 — Council Meeting, Wixom City Hall, 8 p.m.

13 — Last day for taxes payable without penalty.

15 — Adult Education Programs begin. Check brochure for time and place of courses.

20 — Mardi Gras Ball, UAW Hall, 9 p.m.

21 — Annual General Meeting, Hickory Hills Civic Association, VFW, 4 p.m. election of officers.

23 — Council Meeting, Wixom City Hall, 8 p.m.

27 — County Dog Vaccination Clinic, Wixom City Hall, 1 p.m. to 4 p.m.

Northville Man Honored By Shoe Corporation

Oliver C. Collins, who lives at 335 First Street, Northville, Michigan, was recently honored by Knapp King-Size Corporation of Brockton, Massachusetts.

ability, cooperation, loyalty and friendship, he has received a Lapel Pin signifying his membership in the 20 years of Knapp Service Club, officials said.

Knapp is celebrating its 50th year as a manufacturer and distributor of footwear selling directly to wearers through local, independent salespersons. In such a capacity, Collins has satisfactorily served his customers in this area and in appreciation for his

The presentation was made at Knapp's 50th Anniversary sales meeting at Stouffer's Northland Inn, in Southfield. At that time Collins and 350 other Knappmen were given a preview of the new styles to be available during the Spring and Summer Season.

THE NORTHVILLE RECORD—NOVI NEWS
Page 10-A Thursday, February 4, 1971

SPEAKING for The Record

By BILL SLIGER

There's a program scheduled for next Monday night that should poll a top listening rating from local viewers.

It's live and in color; it's sponsored by the Northville Economic Development Committee and Detroit Edison Company, it's free.

You won't find it on Channel two, four, seven, nine or 50. But it's nearly as convenient as your living room, and the cushioned seats make it just about as comfortable.

At 7:30 p.m. at the Northville high school auditorium the results of a five-year study proposing patterns for orderly development of the Detroit metropolitan area will be revealed.

Entitled the Urban Detroit area Research Project, but more familiarly known as the "Doxiadis" report, the study was sponsored by Detroit Edison "to help people, governments and private and public institutions of the area solve the urban crisis... and to contribute to the successful development of the area".

It is particularly important to the communities of Northville, Novi, Salem, South Lyon and Wixom because the study hits right at the heart of our area. It pinpoints five new cities surrounding Detroit, one of them within our boundaries.

School and governmental officials of all these communities have been invited to attend the presentation. Their presence should be expected.

But just as important (perhaps more so) is a strong representation from the general public, the people who live and own property here.

When the Northville school district, for example, releases a report that conservatively projects a student enrollment double its present size in four years, it is not a statistic that we can accept and file without action.

The same condition applies to all school districts within the Grand River Corridor from Detroit to Lansing. The inevitable wave of people and development can come as a stampede or in an orderly manner.

To a large extent it depends upon the people now living in the area, the leaders they choose and how well they plan for the future.

But most of all it is essential that we know what lies in the future so that we may be better prepared to cope with it.

The "Doxiadis" report gives us that look into the future. And the experts who took part in the study will be on hand to explain their proposed program as well as to answer our questions.

The Economic Development Committee believes it can play a vital role in providing a balance in the future development of the area. And it is sponsoring the program to encourage cooperation between communities and school districts as well as support from the people.

Take a little time Monday night for a look into your future.

We Like Letters

EDITOR'S NOTE: This newspaper invites letters to the editor but reminds writers that letters must contain the signed (hand written) signatures of the writers along with addresses.

Upon request, however, the newspaper will withhold names from publication. Writers should limit their letters to 500 words or less.

Speaking for Myself

Ban Throw-Away Bottles?

Yes. . . .

Look around you — at the parks, campsites, the sides of the roads, your own garbage can, — and you will see one item which has become a major problem — the non-returnable bottle. However, banning them is more than just an "eliminate-some-of-the-litter" idea. It's a step in the direction to end planned obsolescence.

Land area and natural resources are limited on space ship earth, and with increased population, we are facing complex problems. Each individual in his life span of 70 years contributes 100 tons of solid waste. Disposal of solid waste, which includes glass containers, is increasingly costly and complicated. There are only three repositories for it — the earth, its waters, or the atmosphere. One solution is re-use (as in returnable bottles) until an item is no longer usable. It can then be re-cycled and broken down to make new bottles.

Remember — the consumer pays for the life cycle of every disposable bottle — from the time it is taken home until it is picked up (paid by city taxes) — taken to the dump (likewise), or used in land fill — where some consumer's house may eventually develop problems because it was not built on solid ground!"

Conservation means economy, but it also means salvation. Perhaps we have gotten apathetic about our resources because we have grown to expect — even demand — convenience at any cost. Perhaps we have been brainwashed by Madison Avenue. Now is the time to rethink our values. Have we gotten too lazy to carry back bottles? Are we so affluent that we will sacrifice — not only dollars — but our resources and environment — just for convenience? What will the cost be to our children, and generations to come? We must look beyond our own immediate selfish desires if we are to have a quality environment for all people.

Marie Bonamici
Northville Resident

No. . . .

Today, the average supermarket stocks an average of 7,000 items in one-way containers of one type or another, including those sold in paper, plastic, glass packages, as well as in steel or aluminum cans.

With this background, it is obvious we would be opposed to the ban of one-way packages, since by its very nature, the ban of soft drinks and beer containers would be discriminatory. It is people who litter and pollute by discarding containers of all types.

As we have stated publicly in the past, such a ban would abridge and limit consumers' freedom of choice in the market place. In the end, a ban would have only a slight effect on the much larger problem of litter and solid waste disposal which all segments of society must together begin to solve.

We of the Associated Food Dealers and the Michigan Council for Convenience Packaging, feel the "total systems approach" for developing a recycling program is the best possible way to solve the problem for all concerned. In this way glass, metal and other materials can be salvaged and reused instead of becoming ugly solid waste, and should apply to all items not just soft drink and beer products.

The answer lies in solving the total problem of solid waste disposal and litter. Government, industry and labor must, together, develop ways and means to recycle waste so that the problem can be eliminated through reuse of glass, metal, plastic and paper. At the moment, we are working with SEMCOG and have contributed to a study which is seeking to develop a solution.

With your help, an economical system will be developed.

Edward Deeb, Executive Director of
Associated Food Dealers

'Save Maybury' - Stempien

EDITOR'S NOTE — The following letter was sent last week to the Detroit Common Council by Northville area representative Marvin Stempien.

Gentlemen,

I am writing to express my concern for the preservation of the Maybury Sanatorium property as a natural resources site.

You are no doubt aware of the concern of the Michigan Legislature with the financial crisis of the City of Detroit, as displayed in last year's Grants and Transfers Bill which gave the City of Detroit \$5 million. It is expected that the City will look to the Legislature again this session for some

special financial assistance.

It appears that the decision to obtain \$3 million for the City budget through the sale of the Maybury property, as opposed to its sale to the state as a natural resource site, is one that should be made in the perspective of the grant assistance the city can reasonably expect from the Legislature in the coming fiscal year.

I urge you to do all that you can to facilitate the acquisition of the Maybury Sanatorium property by the State Department of Natural Resources. This matter will be followed with much interest and with the expectation of our joint cooperation toward the service of all Michigan

citizens.

My best personal regards to each of you.

Sincerely yours,
Marvin R. Stempien
Majority Floor Leader

As absurd as it may seem most of us will never become millionaires.

In fact economists say relatively few of us in the United States today will earn a million bucks throughout our entire working lives.

Even if you count Uncle Sam's share of the paycheck and add in the contents of the sugar bowl, the best most of us can hope for is becoming thousandaires. There's no need to panic, however. After all, a millionaire is a nobody unless someone else knows he's a millionaire.

Which brings me to the subject at hand: how to make others think you're a millionaire without really being one.

A few of us would-be thousandaires were discussing the economic ramifications of hot pants the other day when Mike Kiley, publisher of The Munising News and former entrepreneur of The Farmington Enterprise, accidentally let slip some startling information.

"Yes," he confided in a whisper, "I'm planning to buy an island."

Mike couldn't have raised more eyebrows if he had jumped off the Pictured Rocks in the nude. With that simple revelation he had stamped himself as a member of the landed aristocracy — a millionaire, if you will. Immediately, he gained new stature in the eyes of those at the table who figured anybody who can buy an island has to be a somebody.

"Where is your island, Mr. Kiley?" someone asked.

His suspicious eyes searched the room before he answered, "In Lake Superior."

Millionaires are like that, we thought. They invest wisely... and secretly.

"It's about three miles out in the lake," he added.

"Imagine that!" I exclaimed, flicking lint from his lapel. (Just being at the same table with a millionaire is infecting). "How simply marvelous. Mr. Kiley, may I ask how large it is?"

"About a mile-and-a-half square, give or take a rock or two," he replied cupping the answer in his hands.

Then some uncouth peon at the table dared ask, "How much will it cost?"

Leaning over the table the millionaire whispered, "well, if all goes according to plan and I'm able to swing it I just may be able to pick it up for the back taxes... fifty-six bucks."

"Fifty-six bucks!"

Instantly, the halo of dollar signs over his head was gone and the publisher from Munising was just plain Mike again.

"Not so loud," he cautioned. "I don't want it to get out before I have a chance to bid on it."

Whereupon Mike explained that the island (he refused to give its name and location) is but one of several islands and large tracts of Upper Peninsula mainland that the state annually puts up for sale because of delinquent taxes.

Pet Cats Aren't Harming Birds

To the Editor:

I felt I must comment about Mr. Ollendorff's statement, "Hundreds of birds fall victim to our pet cats each year." I have heard this comment from many dog owners but rarely one who has a cat.

We have had a cat or more as long as I can remember and it has never affected our bird population. Our bird feeder is occupied with all species of feathered friends 90 percent of the time. The rest of the day it's monopolized by the fattest squirrels ever! Meantime, our cat lies in luxury watching with us through the kitchen window. He decided long ago that chasing those creatures was just too much effort.

At least once a day our neighborhood panhandler howls at the door and I feed him, too. Seems we always have a cat of our own and one who arrives and stays — the last one stayed over three years. The only birds the cats do catch are ones who are sick or injured. Actually, that's a cat's instinct, you know, survival of the fit, so to speak.

I like most people, don't appreciate the midnight serenade which always seems to occur right under a bedroom window, certain times of the year, but as to harming our bird population, I really doubt they do. I'm for the cat, he walks alone!

Sincerely,
B. J.

This Bet's One That's No Gamble

To the Editor:

Gambling is illegal, but I do not consider my bet with Frank Ollendorff a gamble. I think it is a sure thing. I have bet that Northville City and Township residents are so civic minded that at least 200 people will attend the Detroit Edison presentation of what is almost certain to happen to this area, — planned or unplanned.

Several million dollars have gone into this study of the major metropolitan area, and a good portion of this pertains to Northville. Topics such as population growth, school and educational requirements, highways,

the environmental factors, parks and

Ticket Prices

Raise Question

To the Editor:

This is in regards to your Readers Speak Column a complaint by Virgil Fisher in the Jan. 28, 1971 paper.

I, too, have been driving in Northville over 15 yrs. and made a left turn in the Heart of Northville just after the No Left Turn sign was put up. My ticket was \$18 not \$14 as Virgil Fisher. I would like to know how I can go about getting my \$4.00 refund. I called the Clerk's office and the women that answered said the ticket prices were lowered, well at least, Mr. Fisher, you got a better bargain than I did. Why can't something be done about this sort of problem. I pay my taxes as well as any other citizen so why should I have to pay more for a ticket?

Frederick A. Luttman
25738 Beck Rd.

A 'Thank You'

From Wendy

To the Editor:

I would like to take this opportunity to publicly offer my thanks to some special people, without whom I could never have made it in the Junior Miss Pageant.

First, I would like to thank my piano teacher, Mrs. Geraldine Mills, for her 12 years of instruction which are beginning to pay off; Mrs. Katherine Krauter, who helped with my hairstyle which was one of the five finalists in the Breck hairstyling contest; my host families, Mr. and Mrs. Robert DeAlexandris of Northville and Mr. and Mrs. Jay Wagner of Pontiac, for their hospitality and generosity; my family, for their hard work and their time and support.

Most of all, I would like to thank the Northville Jaycees and Jayettes for their wonderful local pageant and regional pageant, for their hard work, their enthusiasm, their cooperation, the time they spent on us contestants, their support; for the flowers I received at the State Pageant, for everything they've done for me. I'm proud and happy to be the Northville Junior Miss.

Thank you,
Wendy Wheaton

It's No Gamble

Continued from Page 10-A

recreation, etc. etc. will be covered in the talk. I can't believe that interested citizens will pass up this opportunity to find out what is going to happen in the next thirty years.

So, to help me win \$10.00 from Frank, and for an informative and enjoyable evening at no cost (and with free parking) I suggest you show up at the High School auditorium on Monday, February 8, at 7:30 p.m. (Come early for a good seat)

D.B. Lawrence, Secretary
Northville Area Economic Development Committee

During the past year and a half I have been serving as paid advisor to Northville's teen club, the Cavern. My experiences in relation to the Cavern have meant a great deal to me and it is impossible for me to leave the position without making a brief statement to the community.

The funds which paid my salary were contributed by many generous individuals and community organizations. I wish to thank them personally for the interest they have shown in the Cavern. There are few persons afforded the opportunity to serve their community in such a role and the work provided me much satisfaction even though it was very time consuming and difficult for my family.

The people who deserve the most credit for maintaining the Cavern are the teens who run the day to day operation. The Cavern's Teen Board is chaired by a Northville High senior, Gary Glenn, who can be very proud of the leadership he has given since he assumed the position last September. The others who work along with Gary on the board are:

Hugh Sonk — Vice President
Reise Lenheiser — Treasurer
Nancy Nirider — Recording Secretary

Lisa Wright — Corresponding Secretary

Steve Penn — Property Manager
Mike Dresch — Door Chairman
Doug Mowat — Refreshment Chairman

John Regenhart — Entertainment Chairman

Paul Zimmerman — Decorations Chairman
Candy Boshoven — Chaperon Chairman

There is probably very little recognition in the community of the considerable amount of time and effort these teens spend in running the Cavern. They spend almost every Friday evening summer and winter working for five or six hours to enable their peers to come and listen to records, dance, play basketball, pool, and socialize. In addition they hold board meetings every week and schedule work sessions to clean and improve the facility.

Last year (Sept 69-June 70) was a year of transition from the big dance format to the small more informal coffee house. Dances continued to be held last year but were largely unsuccessful. The income from the coffee houses kept the Cavern open but just barely. Part of the difficulties can be attributed to the switch from the Community Building to the old Junior High Annex where the club is currently housed. Although the attendance at coffee houses was fair the lack of success at dances posed a significant psychological and financial threat.

Since the new teen board took over last September under Gary's leadership the Cavern has begun to prosper again. Coffee House attendance has increased from 35-40 in September to an average of 100-150. The financial picture has improved greatly and is reaching a point where a greater variety of entertainment can be provided. And perhaps most important there is a new enthusiasm among the youth

participating in activities.

Contrary to the feelings of some persons in the community the great majority of kids that attend the Cavern create no problem and come only to have a good time. I don't feel that any apology has to be made for the youth who attend the Cavern or for that matter Northville's teenagers in general. I personally feel we are very fortunate in our community to have such youth. When you get to know them will, you realize that many of their problems are a direct result of our (the adults) deficiencies or lack of concern.

Northville is a step ahead of most communities because it has a teen organization which is basically run by teens. This is probably the reason the Cavern has outlined many other organizations like it.

It is easy sometimes to look at the Cavern from the outside and attribute many of the problems associated with today's youth directly to it. I am convinced after seeing the Cavern from the inside that the Cavern makes Northville a better place to live and shows our teenagers that they have a real place in deciding things. Because I feel this way I would urge the citizens of this community to continually support the youth who are involved.

Project Help Aids Citizens

Project Help, a group of local volunteers which gives emergency service to people in need in the Northville-Novi area, has changed its name to "Fish."

"Well over 100 similar community groups around the country operate under the name "Fish" and our local group has decided to adopt this title because of its more widespread familiarity and good reputation," a spokesman for the group said.

By changing its title, volunteers hope to reach more people who may need aid.

"The Fish" began in England as an action of the Anglican Church. The first American chapter was founded in West Springfield, Massachusetts in 1964. Since then the idea of people helping each other in an organized way has caught on across the country.

The Northville-Novi group began operating in July, 1970, under the Project Help title. Numerous area residents have been aided by the local group, spokesmen said.

Small jobs such as emergency babysitting, cooking, housing, transportation, minor home repairs and other jobs, are handled by volunteers with the aid of the Jaycee chapters.

There is no charge made for assistance and the service is available 24 hours a day, seven days a week, by calling 349-4350.

Fish also provides a referral service for professional help not available from Fish volunteers.

The Fish name and symbol are almost as old as Christianity, being used in the early days of the Church for recognition and as a password.

Top of the Deck

Continued from Page 10-A

Closest Mike's been to the island is by telescope. ("I couldn't get a good look at it, though, because my rowboat kept bobbing around in the water").

"What good's an island you can't visit?" we asked. "You answered that by your interest," he said. "What would your friends think if you told them you owned a whole island? It means prestige, respect. Overnight you're a millionaire."

Later I broached the subject with the woman in our house. "Fifty-six dollars!" she screeched. "What do you think we are — millionaires? You spend that kind of money on a no good piece of land and out you go!"

She'll always be nothing more than a thousandaire. But you. Well, you can join the elite. Just write Mike, the millionaire, a note. He's trying to come up with enough loot to swing his \$56 deal.

Police, Court Blotter

In Northville . . .

An attendant at Boron Service Station, 710 Eight Mile Road, told police he was shot at by unknown persons Sunday evening shortly after 7:30 p.m.

James M. Allmendinger, the attendant, said he was working on a price sign near Eight Mile when unknown persons in a VW passed the station traveling westbound on Eight Mile.

He told police the car slowed and he saw a pistol stuck out of one of the windows and heard three or four shots fired.

Police officers investigating at the scene could find no damage done to the sign or building and theorized a blank starter pistol may have been the gun used by the youths in the car.

A seven-year-old Plymouth boy, Michael Oliver, received minor injuries in an accident shortly before 3:30 p.m. Friday.

According to police reports, the boy was in a car driven by Mrs. Mary A. Wick of Plymouth. Mrs. Wick told police she was headed south on Novi Road just south of Allen Drive when she lost control of her car, due to the slippery road conditions, and slid into the bridge.

At 4:16 p.m. the same day, police investigated another accident in the same place. There were no injuries reported.

John Mach Ford, 550 Seven Mile Road, reported a starter motor was stolen from a 1971 auto parked at the business.

According to police, the theft occurred late Thursday evening or early Friday morning.

Shaquir Osmanaj, 341 East Main Street, reported to police unknown persons entered his home and took his Yugoslavian passport.

According to reports, the theft occurred between 11 p.m. January 25 and 3 p.m. January 26.

Ten year-old Michael Sechler, 404 West Dunlap Street, was treated for bites to his face and upper lip after he was bitten by a dog owned by Mary Biery, 217 West Dunlap Street.

The injury occurred about 4:30 p.m. January 25. No tickets were issued.

Northville police officers recovered a 13-year-old youth who had run away from the Wayne County Training School. The youth was found at 111 West Main Street on January 26 and turned over to authorities at the school.

Police investigated a complaint of malicious destruction of property at 404 Welch Street on January 28.

According to reports, Mrs. Robert Fair told police a tree, valued at \$100, had been knocked down on her property. She said she believed a car had caused the damage earlier in the day.

Officers investigated a bomb threat at Northville High School on January 27.

Reports stated a young male caller phoned the threat to the school at approximately 1:35 p.m.

The building was searched and no bomb was found, police reported.

FIRE CALLS

January 28 — 2:13 p.m., 789 Thayer Boulevard, smoke in house.

February 1 — 2:25 p.m., 211 East Main Street, car fire.

February 1 — 4:12 p.m., 18214 Jamestown Circle, insulation fire.

COURT NEWS

A Northville man, Clarence Akers, 424 North Center Street, was fined \$104 and sentenced to spend 10 days in the Detroit House of Correction (suspended) after he pleaded guilty to a charge of false report of crime.

Akers was placed on 18 months' probation and ordered to pay probation costs of \$5 per month.

The action came January 28 in

35th District Court before Judge Dunbar Davis.

According to police reports, Akers had reported his home had been broken into and three firearms stolen. The report was investigated and found to be false, police said.

On January 26 three men pleaded guilty to reduced charges of driving while ability impaired.

Wilbur L. Johnson, Jr. of Plymouth was fined \$79 and sentenced to spend two weekends in the Detroit House of Correction.

Wayne N. Smith of Westland and Fred E. Willis of St. Clair Shores were each fined \$129 on the charge.

Kenneth L. Fletcher of Westland pleaded guilty to a charge of failure to yield right of way causing an accident and was fined \$39.

Following pre-sentence investigations, two cases were closed. A Farmington man, Richard J. Lockman, was fined \$19 and placed on one year's probation for contributing to the delinquency of a minor.

Steve P. Christ of Detroit was fined \$54 (suspended) for drunkenness.

In Novi . . .

Andrew Dwayne Jones, 21, of Novi and James William Wingett, 19, of Pontiac, were charged last week Wednesday by Novi Detective Jack Grubb with "assault to do great bodily harm less than murder."

Charges grew out of a fight the two were reportedly involved in January 10, at Duke's Bar, 801 South Lake, in which three Novi men and a Walled Lake man received various cuts and bruises inflicted with knives and cuedsticks, police report.

According to Grubb, Charles Hollen of Walled Lake, and Jack Boshell, of 914 LeMay were struck "without reason" while inside the bar. According to reports, Boshell was knocked unconscious and Hollen received a 14 stitch wound in his forehead.

The fight reportedly continued outside the bar where Hollen's brother Clyde received "extensive stab wounds" in the back and side from knives reportedly handled by Jones and Wingette.

According to Grubb, discussion with 23 witnesses indicates that the

NEW DETECTIVE — Starting in a capacity as full time detective this month is Jack Grubb. Thirty-one, Grubb is married with two children. He is a veteran of the Novi force with more than two-and-a-half years experience in patrolman ranks.

THE BIBLE SPEAKS TO YOU
W Q T E
Sunday 9:45 A.M.
"THE TRUTH THAT HEALS"

fight was unprovoked.

Jones and Wingett, who police said admitted the clubbing but denied the stabbing, indicate they were "being made fun of," according to Grubb.

The two were arraigned before Judge Martin Boyle, last week released on personal bond of \$2,500 and ordered to appear for preliminary examination on Monday.

The theft of a \$130 Olsen Citizen's Band Radio Transceiver was reported last week Wednesday by John Tornow of Carl's Shell 26909 Novi Road.

The radio had been in his car parked on the south side of the building, police said.

Samuel Syrian, 22 of Dearborn, and Linda Wisner, 21, of 23800 Meadowbrook, Novi, have been charged by police with falsifying a police report.

Novi Detective, Gordon Nelson received a call recently from Miss Wisner and was told that Vincent Stadnik, a Dearborn man, would be in Novi and that he would have in his possession "three stolen revolvers, some narcotics and a stolen credit card."

Nelson, along with other Novi detectives, staked out the area specified by Miss Wisner, and Stadnik's vehicle was stopped.

No weapons were found, according to police, but a search of Stadnik's car yielded various types of drugs and a pipe of the sort used to smoke hashish.

Stadnik also was found to be in possession of a stolen credit card, police report.

Through Nelson's investigation it was learned, via a confession from Syrian and Miss Wisner, that the drugs had been planted in Stadnik's car "to get him in trouble," police said.

Syrian reportedly bought the drugs earlier and Miss Wisner had planted it in Stadnik's car, police said.

Warrants are being sought this week by Novi Police against four Novi juveniles and one adult, 17-year-old Stephen White of 1590 Wren, in connection with several recent breaking and enterings, an arson and a felonious larceny.

Police indicate that the five are suspected of involvement in an arson that occurred at 45580 West Road on January 14, three breaking and enterings of construction trailers belonging to the Roger J Au construction company, in which an excess of \$10,000 in materials and equipment were stolen, and a felonious larceny occurring January 17 in which a \$300 snowmobile was stolen.

The residence of newlyweds William and Joan White was broken into last week Tuesday and nearly \$2,200 in goods, mostly wedding gifts, were stolen, police said. The theft was discovered at 4:30 p.m. when Mrs. White, a teacher, returned home.

Among the missing items, police reported were two televisions, a stereo, coffee pots, all the household's pots and pans, clocks, radios and \$100 in cash.

Entry was gained, according to Novi detective Gordon Nelson, by breaking out a pane of glass in the rear door.

Novi Blows Early Lead

Chelsea Five Rips Wildcats

If "Great Expectations" was a basketball strategy, perhaps Wildcat Coach Milan Obrenovich would at least know where to change it.

As it is, the hole in Novi's winning ability remained unplugged Friday night as Chelsea took the Wildcats for a second ride — this time 73-48.

In their first game with Novi, the Bulldogs walked away with a 65-53 victory.

The great expectation Friday night

was a 9-7 Wildcat lead at the end of the first quarter. Pressed, Novi hung onto its edge until midway through the second stanza but then let Bulldog Jim Wojcicki trim it from two points to one with a free throw at 5:13 left in the half.

Novi held on, blocking the boards successfully for a little more than a minute before Howie Treado got another free throw to even the score with 3:59 to go.

Ten seconds later Bob Vivan dunked a two-pointer to put Novi out front again but it was a futile effort as Chelsea turned on the steam and left the Wildcats 11 points behind at the half.

Chelsea out-scored the local cagers 26-13 in that disastrous quarter. It notched a nine point lead in the third, going 20-11, and a five point lead in the final stanza netting 20 points to Novi's 15.

Quarter scores in the game were 9-7, 33-22 and 53-33.

Wildcat ace Tom Boyer who accounted for 12 points. He had four baskets in three quarters of play with four free throws. Bob Vivan and John Pantalone were next high, each with seven, and Andy Bowman followed with six.

Chelsea's top man was Jim Wojcicki who netted a 22 points. He was backed up by Ron Sweeney (14) and by Howie Treado (10).

"If I'd had a man that could score consistently from 'out-court,'" said Obrenovich, "we'd have done better. As it is all they have to do is keep us away from the baskets and we're dead."

"I'm fighting a losing syndrome also. These kids have never had a winning sports season and they're starting to think that way."

"The football season was a disaster and so far basketball hasn't been any better. It's getting so these kids go from week to week, just wondering who's going to beat them next."

Novi travels to Saline Friday looking to revenge a 79-72 upset handed them in December.

Sixth Pool Triumph

Mustangs Win Two

Mustang tanksters remained undefeated this week and last as they hosted Farmington Harrison in a 58-47 victory Thursday, and drowned Dearborn Riverside in its own pool 61-49 Monday.

Thursday's victory saw Bill Maguire notch ace times in both the 50 and 100 yard freestyle events to claim double firsts for Northville.

His 56.0 time set a team record in the 100 yard event.

Gary Putrow, Ralph Luckett, Bill Witek and Don Alli started off for the local tanksters with a winning 1:55.4 in the 200 yard medley. Tom Thompson followed up with a first place 1:01.8 in the 100 yard butterfly, and Kevin Kelly, Steve Mohr, Dave Wright and Mike Ivey wound out Mustang firsts with a victory in the 400 yard freestyle relay.

Other tank action pitted Northville against Dearborn Riverside Monday in a re-scheduled meet.

The Mustangs added another notch to their record as they swam to an easy 61-49 victory.

First place honors went to Bill Witek in the 200-yard individual medley with a time of 2:30.1; Tom Thompson for his 59.7 100-yard butterfly; Bill Maguire for his 57.1 100 yard-freestyle; Joe Boland for his team record (44.7) in 400-yard freestyle; and Glynn Simmons for his team record diving showing of 164.25.

Wrestlers Split Two

In Northville...

Mustan wrestlers carded an easy victory Thursday over visiting Clarenceville, 34-13.

The victory gives the Mustangs a 5-3 record.

David Griffin (126), David Pilarz (167), and John Coleman (heavy-weight) worked falls at: 42, 3:13, and 1:59 in their respective matches.

Bryn Hartshorne (98), John Fialon (119) and Bill Norton (132) supplied points with 6-4, 7-0 and 4-1 decisions.

The Mustangs picked up some additional points by forfeit in the 105 and 138-pound divisions as Kevin Hartshorne and Carmen Jackson found themselves unopposed.

Northville has booked for a trip to West Bloomfield Wednesday and will

host Farmington's Our Lady of Sorrows, South Lyon and Willow Run Friday in the Northville Quadangular. Action begins in that contest at 4:30 p.m.

In Novi ...

If someone were to propose a category for 'almosts' in wrestling records, Novi coach Rick Trudeau would most likely go for it hands down.

Trudeau's grapplers went down to their third straight defeat Thursday against Lincoln by a narrow 28-26 score.

Trudeau was faced with a 10-point deficit even before his squad started the match. The 157 and 187-pound contests were forfeited.

"We just didn't have anybody to

put in," said Trudeau whose mat record stands at 1-9.

Bob Kovach, Pat Ford, Jack Morris and Duane Miller earned pins at 121, 128, 134 and 138.

Tom Ford and Terry Autch worked decisions at 114 and in the heavy weight contest.

Additional mat action saw Novi at the Country Day Tournament Saturday.

The Wildcats finished in the cellar with 26 points to Country Day's 60-point winning tally, West Bloomfield's 50-point second and St. Reta's (Detroit) 29-point third.

Tom Ford pinned two men to take a first at 107.

Duane Miller finished second at 138, losing out in a 2-0 decision bout with Country Day's undefeated Steve Stone.

Terry Auten, Randy McGarry and Bob Kovach each gained pins in one of two matches to earn a third in the heavyweight, 145 and 119-pound divisions.

Novi was booked into action against Airport and South Lyon Tuesday and today, and will travel to Dundee Saturday.

Victory Comes Late

Northville junior cagers took their first victory in four starts Friday night in razzle-dazzle overtime action at Clarenceville, 59-56.

For Novi, however, things weren't so bright. As a matter of fact, they were pretty dismal as the Wildcats were tagged with their 10th loss — this time by Chelsea, 80-49.

The Mustangs played an up-and-down game — mostly down — as they trailed through three quarters. Coach Bob Simpson rallied in the final stanza, however, to out-score the hosting squad nearly two to one (14-8). The game was tied at 52-all with the end of regulation time.

In the overtime period Mike

Brown and Rod Crane exploded for three points each with a one-point back up from Rick Bingley to outscore Clarenceville 7-4 and notch the three point victory.

Crane was high man in that contest with 25. He received back up support from Bart Taylor (18) and Brown (7).

Northville's triumph snapped a four-game losing streak that started in December with Clarkston.

The Mustangs were slated for action against Milford Tuesday at home before traveling to Brighton Friday.

Whatever Northville had Friday night, Novi could have used a lion's share of it. The Wildcats started out in a hole against Chelsea that got deeper and deeper as the game progressed.

The Bulldogs outscored the local five in all but the last stanza in which the hapless Wildcats managed to tie them. Point tallies in those quarters were 18-17, 29-10, 20-9 and 13-13.

"The first quarter wasn't bad," said coach Robert Weinburger, "but in the second quarter we refused to play defense. We fouled too much, we shot before the play was set up, and we just fell apart."

Ace man in that effort was Gene Spencer who netted 19. Steve Lukkari and Dave Brown followed with 10 and 9.

"One of our big problems," continued Weinburger, "is the fact that we don't have another guard to help Lukkari bring the ball up the court."

Another is that we don't get the points we should out of our forward men. They work hard but they're just not offensive basketball players. It's not their fault."

Forwards Dan Kardell, Eric Hanser and Steve Fear accounted for a combined total of eight points.

Tanksters Stretch Win Streak

Northville swimmers continued undefeated last week in both the junior high and ninth grade divisions.

The junior high tanksters (seventh and eighth graders) carded their most recent win a week ago Wednesday in an 81/38/33 triangular victory over Marshall Junior High and Redford Pierson.

The ninth graders handed Wayne Stephenson a 63-31 defeat Friday in home waters.

Junior High co-captain Art Greenlee led the way last week with double first places in the 100-yard individual medley (1:11.2).

The junior Mustangs took ace honors in eight of the 10 events as Matt Stopper, Biff Ballash, Dean Alli and Gordon Rooker turned in a team record (2:22.9) in the medley relay and Matt Ivey, Rooker Steve Luckett and David Harrison notched a 2:06 2 team record in the freestyle relay.

Harrison and Alli placed first in the 50-yard freestyle (30.5) and the 50-yard butterfly (35.2).

Robert Davis placed first in the 200-yard freestyle event with a time of 2:39.9.

The ninth graders had no trouble with Stephenson Friday as they floated to an easy 63-31 victory.

The Mustangs captured first place in every event except the final 400-yard freestyle relay in which they placed 4:54.4, 10 seconds behind the Stephenson team.

Pucksters Ice Seven Games

Northville hockey players saw action in seven different contests this week traveling to Jackson, Detroit and Fort Wayne Indiana.

By team, the action shaped up like this.

F.O.E. SQUIRTS

The Squirts came up with a 2-2 tie against Fraser in Jackson Sports Arena Saturday.

THOMSON PEE-WEES

The local squad faced two Dearborn teams over the weekend, losing to Dearborn in a 6-0 shutout Saturday at Jackson and then clipping Dearborn Heights 4-1 Sunday in Detroit.

JOHN MACH FORD BANTAMS

Bantams couldn't match a Westland blitz, Saturday that netted three goals in the second period and two in the third as the rival skaters carded a final 6-2 victory.

THUNDERBIRD INN MIDGETS

The local skaters played Thursday night in Jackson and over the weekend in Fort Wayne, Indiana.

NOTICE OF PUBLIC HEARING MONDAY, FEBRUARY 15 8:00 P.M. NORTHVILLE CITY HALL

A Public Hearing will be held by the Northville City Council, on its own petition, on the following ordinance amendment to the Northville City Code of Ordinances at the above place and time, by adding to Title Four, Chapter 1, Section 4-112.

The City of Northville Ordains:
AN ORDINANCE PROHIBITING THE SALE OF CERTAIN NON-RETURNABLE BEVERAGE CONTAINERS WITHIN THE CITY OF NORTHVILLE.

Section 1. The sale of certain non-returnable beverage containers as herein defined is hereby prohibited within the City of Northville.

Section 2. DEFINITIONS. The following definitions shall apply in the interpretation of this ordinance unless otherwise specifically stated:

a. Beverage shall mean:
1. Non-alcoholic beverage — any mineral waters, soda waters or any other carbonated or uncarbonated beverage not containing alcohol that is commonly known as a soft drink.

2. Alcoholic beverage — any beer, ale or other malt beverage containing one-half of one percentum or more of alcohol by volume.

b. City shall mean the City of Northville whether or not so designated.

c. Container shall mean any device made of glass material designed for or used for the purpose of holding or containing any beverage as herein defined.

d. Non-returnable or disposable beverage container shall mean any device made of glass material used for the purpose of holding or containing any beverage as herein defined, the title to which the seller intends to pass with the sale of the contents.

e. Sale shall mean a transaction between any individual, corporation, partnership or other entity or any other individual, corporation, partnership or entity whereby beverages are exchanged for a monetary or other consideration.

Section 3. PENALTIES. Any individual, corporation, partnership or other entity violating any provision of this ordinance shall upon conviction thereof be subject to a fine of not more than Five Hundred (\$500.00) Dollars or to imprisonment for not more than ninety (90) days, or to both such fine and imprisonment in the discretion of the court. Each day of violation shall be a separate offense punishable on conviction in the same manner as prescribed herein for the original offense.

Section 4. EFFECTIVE DATE. This ordinance shall be effective from and after the first day of January, 1972.

Section 5. ENFORCEMENT. The provisions of this ordinance shall be enforced by the police department of the City of Northville.

Section 6. PUBLICATION. This ordinance shall be published as required by law.

Section 7. SEVERABILITY. If any section, sub-section, clause, phrase or portion of this ordinance be held invalid or unconstitutional by any court of competent jurisdiction such holding shall not affect or impair any of the remaining provisions of this ordinance or any part thereof other than the part declared to be unconstitutional or invalid.

Martha M. Milne
City Clerk

Ex-Pro Takes Mustang Grid Reins

An "old pro" determined to restore an enthusiasm for winning was named Northville high school head football coach this week.

Superintendent Raymond Spear announced that Charles Shonta would succeed Alex Klukach, who resigned after losing 1-7 season last fall.

The 33-year-old Shonta is a familiar figure in the Northville public school system. Presently, he is a physical education teacher in the junior high school. He has taught and coached in the Northville public school system on a part-time basis since 1959.

For eight years following his graduation in 1959 from Eastern Michigan University Shonta played defensive back for the American Football League's Boston Patriots. In the off-season (January to June) he taught and coached in the Northville system.

He was the high school's first wrestling coach; he coached junior high school football and assisted the varsity with its defensive backs; and he coached the Northville varsity baseball team that recorded a 25-5 season last year and won the conference, Livonia tourney and Southeastern Michigan

Tournament of Champions.

Athletic Director Robert Kucher said that Shonta's selection was made after screening 26 applicants and receiving a total of nearly 50 inquiries.

Shonta was the only applicant for the job from the Northville system.

Kucher said that the 1971 Northville football team would have an all-new staff. He reported that he and Shonta would examine the list of applicants for the head coaching job and attempt to hire three assistants for Shonta from these applications.

"Several of these seeking the top job said they would consider an assistant coaching assignment in football", Kucher stated. He noted that he felt it would be best for Shonta if he could start a rebuilding job with his own staff.

Shonta comes well qualified. His personal experience record includes an outstanding career on the gridiron from high school through the top professional ranks.

At Pershing high school in Detroit he was selected to the All-City football team as an end in 1955. He was All-Conference end at EMU in 1957 and 1958 and a member of the varsity for four years. He captained his college team in 1958.

At Boston he became one of the most skilled defensive backfield men in the league and was named to the A.F.L. All-Star team in 1966.

A head injury forced Shonta to retire from active participation as a player in 1968.

He coached the semi-pro Ypsilanti Vikings in the Midwest Football League in 1968 and served as Big Ten Conference scout for the Boston Patriots.

Last year Shonta was assistant football coach at Divine Child high school in Dearborn.

Enthusiastic about his new assignment, Shonta has several ideas that he is eager to introduce next season. They include a new look for Northville in both defensive and offensive styles. While they may be simplified, they'll basically be the formations used in professional league play.

But most important, Shonta hopes to instill a winning attitude and enthusiasm for the game among youngsters. He said that he hoped to form a freshman squad that would remain separate from the JV and varsity players so that youngsters will be competing against others of their own size and ability.

The new coach indicated that the style of play would have to be adapted to the material available, especially at the position of quarterback. "Right now it looks as though we will aim at developing a strong running game", he noted.

Shonta will begin his assignment in a brand new league. Formation of the new "Western Six" league gets underway this year with Northville, Waterford Mott, Walled Lake Western, Walled Lake Churchill and Farmington Harrison. Next year the new Plymouth Canton high school will join the league.

Shonta will coach varsity baseball again this spring, but hopes to concentrate on football alone in the future.

The new Mustang football coach lives in Romulus with his wife and two daughters, Julie, four, and Dana, nine months.

ATHLETIC DIRECTOR BOB KUCHER CONGRATULATES CHUCK SHONTA (RIGHT)

Trojans Erase Earlier Loss; Nip Mustangs

Clarenceville's Trojans erupted for 28 points in the fourth quarter to hand the Northville High School basketball team a 56-45 defeat - its fifth consecutive loss - in a game played Friday at Clarenceville.

The fourth quarter fireworks negated a fine display of rugged, defensive basketball by the Mustangs, who had held the explosive Trojan offense to an identical 28 points through the first three quarters of play.

Faced with the prospects of having to stop a high-scoring forward for the second consecutive week, Coach Omar Harrison turned once again to the "box and chase" defense so effective against Kettering's Jerry Bell. Northville star Bernie Bach, his leg still heavily encased in tape, was assigned the task of throttling Clarenceville's lanky Chip Meyerills.

The strategy proved paid off through the first three-quarters of the game. Bach, hounding Meyerills' every step, held the Clarenceville ace to a meager four points in the first half.

Meanwhile, Mustang forwards Scott Evans, Kerry Cushing, Todd Hannert, and Brad Cole muscled their way to control of the backboards as Northville held the Trojans to 18 points in the first half.

Unfortunately, the Mustangs' own offense also was less than awesome. Bernie Bach, with two long, arching jump shots, and Bill Andrews, with a pair of driving lay-ups, were the only Mustangs to tally more than one field goal as Northville left the floor at the half with a 21-18 lead.

As the second half opened Chip Meyerills' began to find the range,

pumping seven points in the third quarter to lead a Clarenceville resurgence. The Mustangs kept pace, however, in spite of the fact that they hit on only 11 percent of their shots from the floor, and entered the fourth quarter still clinging precariously to a 3 point lead.

Meyerills continued his scoring in the fourth quarter. His 20-foot jumper and a lay-up by Fred Watson gave Clarenceville the lead for the first time at the 6:42 mark. The two squads then exchanged the lead with Todd Hannert scoring once and Brad Cole tallying two clutch baskets for Northville.

The score was still knotted with three minutes left in the game when the Mustangs went into a full court press to put added pressure on the Trojans. Clarenceville responded, however, by playing as though they had scrimmaged against full court presses all week. Outscoring Northville 15 to 4 over the final three minutes of the game, they turned a closely contested struggle into a romp and held a commanding 11-point lead as the buzzer sounded.

Meyerills led all scorers with 21 points. The Mustangs were paced by Bill Andrews and Bernie Bach with 11 points apiece. Brad Cole scored nine times and Todd Hannert added six more to the Northville attack. Bach and Kerry Cushing each grabbed 11 rebounds to lead the team in that department.

Coach Harrison cited Clarenceville's "ability to get the ball down the floor" against the press in his post game analysis. Equally at fault was the Mustangs' shooting, particularly in the critical second half when they hit on only 18 percent of their shots, he said.

Northville was forced to play without the services of forward Steve Utley, who suffered a torn knuckle capsule in practice. Utley will be lost to the team for two weeks.

The game marked the second meeting of the season between the two teams, Northville having won the first encounter 52-49. Both squads entered the game in a tie for last place in the Wayne Oakland League standings with identical records of 1 and 6. Clarenceville's victory gave the Mustangs sole possession of last place in the eight-team league.

Northville travels to Brighton Friday to avenge an earlier 56-48 setback handed them by the Bulldogs in mid-December. Brighton, which has a 4-4 record in league play, fell prey to Waterford Kettering by a score of 102 to 73 last week.

Statistics

	FT	FTA	PF	TP
Bernie Bach	2	7/10	0	11

Northville	12	10	14	45
Clarenceville	13	10	28	56

REBOUND - Clarenceville's high scoring Chip Meyerills (22) doesn't need the help of an extra arm in pulling down this rebound Friday. Actually the extra arm belongs to one of his teammates who has pushed his way past Northville's Kerry Cushing (35) and up Meyerills' back. Assisting Meyerills, who fired 21 points for the Trojans, is Dick Novell. Despite Northville's 11-point loss, the Mustangs were close to a second triumph over the Trojans late in the game.

Cagers Drop Two More

It was a discouraging night for area athletes Tuesday as Northville cagers lost both ends of a varsity-junior varsity double billing here against Milford, while Novi matmen dropped a match to Airport High School.

The Mustangs trailed through all four quarters in the senior edition of Tuesday's game to finish 13 points behind the Redskins who posted an easy 60-47 triumph.

Bernie Bach took scoring honors for the losing Mustangs with 14 points.

The Jayvee quintet came closer to an upset in the preliminary contest but couldn't quite turn the trick - ending up on the bottom of a 55-49 score.

It was another squeaker for Novi's wrestlers, as the Wildcats came within two points of Airport, 24-22. Bob Kovach and Terry Auten worked Wildcat pins.

Skating Clinic Slated Sunday

The Northville Recreation Department will sponsor a second hockey and skating clinic Sunday at 1 p.m. on Ford Field ice weather permitting.

Coaches from the Northville Hockey Association will oversee the instructional clinic designed to help boys 15 and under with fundamentals and techniques in both hockey and skating.

These pictures of the missing Kathy Radtke and her slain boyfriend, Jack Keyes, previously appeared in The Northville Record-Novi News. Kathy was pictured in October, 1969 when she was a member

of the Novi High School Homecoming Queen's court. Jack appeared last August painting the American flag on the garage doors of his parents' Randolph street home in Northville.

Obituaries

Longtime Area Residents Die

CHARLES RAYMOND VAN VALKENBURGH

The death of Charles Raymond Van Valkenburgh, of 261 Hutton Street brought to a close at the age of 91 a life of service to his community, church and the Northville Masonic Lodge.

Mr. Van Valkenburgh died January 27 at Garden City Osteopathic Hospital. He had been ill for the past year.

Funeral services were conducted Saturday at the Casterline Funeral home with the Reverend Lloyd Brasure and the Reverend Timothy Johnson officiating. Interment was in Rural Hill Cemetery, Northville, Michigan.

His Northville Masonic service began November 23, 1903, when he was raised in Northville Lodge No. 186. He became Worshipful Master in 1921 and Tyler for the past 25 years; he joined the Royal Arch Masons, Union Chapter No. 55, May 28, 1919,

meetings and social events as well as in neighboring churches. He sang in the Baptist and Methodist churches here before joining the Presbyterian choir.

He retired in 1945 as a supervisor for Detroit Edison Company. From 1914-1945 he was employed by Northville Municipal Lighting Company and Edison.

His Northville Masonic service began November 23, 1903, when he was raised in Northville Lodge No. 186. He became Worshipful Master in 1921 and Tyler for the past 25 years; he joined the Royal Arch Masons, Union Chapter No. 55, May 28, 1919,

until his retirement from the Northville Presbyterian Church choir in October, 1961, he had sung for 66 years in local churches as part of their Sunday services. He was honored in 1961 on his retirement by the Presbyterian choir for 43 years of service with it and for his work as a teacher of the adult men's class.

He remained active in the church, participating in the cornerstone laying ceremony for the new sanctuary last March.

At the time of his retirement from active participation in the choir, he was cited as "an active man who looks 20 years younger than he is."

He recalled days when Northville Downs was "just a cow pasture" and both Main and Center streets were dirt roads with cobblestone gutters. As part of an early-day quartet, he sang at club

becoming Exalted High Priest in 1924, he was thrice Illustrious Master, 1956, of Northville Council, Royal and Select Masters.

He joined Northville Commandery No. 39 April 20, 1920, became Eminent Commander in 1929 and recorder since 1932. Membership in the Fred H. Pocock Priory No. 22, Knights York Cross of Honor, was bestowed in 1957. He joined Orient Chapter No. 77, Order of Eastern Star, October 27, 1944, and was Worthy Patron in 1948. He also was an honorary member of the Plymouth Chapter, O.E.S.

Over the years he often served as guest soloist at Masonic events in Plymouth, Farmington, Wayne and Detroit.

He was born October 11, 1879, in Newburgh, Michigan, to Emery and Mary Jane Van Valkenburgh. He married Edith L. Clark, who survives, December 26, 1904.

In addition to his wife, he leaves a daughter, Mrs. Marie Stevens of Plymouth; a son, Spencer Van Valkenburgh of Vicksburg, Michigan; a sister, Mrs. Ethel Potts of Deerfield Beach, Florida; two brothers, Milo of Livonia and Lawrence of Bangor, Maine; five grandchildren and two great-grandchildren.

HARLEY JOHN COLE
Funeral services were held Tuesday for Harley John Cole, 71, of 248 South Center Street, a resident of Northville for the past 60 years.

Mr. Cole died Saturday, January 30, in St. Joseph hospital, Ann Arbor, after a year's illness.

Born September 11, 1899, in Pontiac, he was the son of Mary (Callow) and John W. Cole. A member of the Northville Optimist Club, he was employed as a builder.

Surviving are his widow, Ruby, a son, Robert of Northville, two sisters, Mrs. Pearl Stark of Northville, Mrs. Hazel Shafer of Eau Gallie, Florida

RAYMOND VAN VALKENBURGH, one of the Northville's oldest citizens and a member and elder of Northville First Presbyterian Church who died last Saturday, accepts the cornerstone box in this picture taken at cornerstone laying ceremonies for the new sanctuary last March.

WITH BEST WISHES — Mr. and Mrs. Joseph Revitzer admire the plaque presented to them Tuesday at a special recognition luncheon meeting of the Northville Rotary club. Sponsored by the Chamber of Commerce and the city of Northville, the presentation was made by Mayor A.M. Allen and City Manager Frank Ollendorff. Revitzer is well known to Northville residents and fellow merchants as owner and operator of Revitzer's Shoe Repair Service since 1923. He retired and sold his business in January. The plaque noted his 47 years as a businessman in Northville. A former

Rotarian, Revitzer thanked the club members, fellow merchants and Chamber and city officials. "We were just kids when we came here 47 years ago...we didn't come to make a killing, just a living", he told his well-wishers. Coincidentally, as the Revitzers were ending a long career Rotary's program for the day highlighted "careers for youngsters". Several Rotary members hosted a dozen boys and girls from the senior class during the day and familiarized them with their respective occupations.

Police Search Continues Here

Continued from Record, Page 1

Kathy, a 11th grader at Novi, was a sophomore representative on Novi's first homecoming court in 1969. Her mother is a secretary at Novi Elementary School.

Northville Township Police Chief Ron Nisum, who used two snowmobiles to scour the area in search for the missing girl throughout Monday afternoon, described the vicinity as a "parking place" for teenagers.

"It's patrolled regularly," he said, "usually at least once a day. Kids parked there and people have been using it to dump. It's always been a headache."

The winding lane itself was covered with little snow, although it was very icy, Nisum said.

The two boys who discovered the

body and the victim's father gave The Record these details leading up to the pair's disappearance:

Sunday evening Jack was at home with his parents, Kathy and the Baggett boy, planning to have a spaghetti supper later in the evening with Kathy and her parents at their Novi home.

At approximately 7:30 p.m. Jack and Kathy left the Keyes home to purchase a couple cartons of pop at the Clark service station on Northville Road. They were expected to return immediately to the Keyes home before leaving for Kathy's house.

Ron Baggett said he left the Keyes home shortly before Jack and Kathy, returning later to wait for them. He remained at the Keyes home until midnight, returning the following morning to begin the search with Chris. Mr. Keyes said he became worried when his son and Kathy did not return from the station, so later he contacted a station employee, who knew Jack and could recognize his car. His son never arrived at the station, he learned.

Kathy was officially reported missing to Novi police at 2:59 a.m. Jack was reported missing to Northville police at 7:33 a.m. The worried parents waited up all night for their return.

The distraught father said his son had been dating Kathy for about a year. The pair had met through Kathy's brother, the Baggett youth said.

Describing Kathy as a "beautiful girl", Mr. Keyes said Tuesday that he, too, feared Kathy may have been harmed. "We just don't know how their car got there (on the lane) — whether they parked there or whether somebody drove it there afterwards."

"We were expecting them to come right back. They were due at Kathy's house at 8 p.m."

Jack, who Northville school officials reported as an "average student" before his graduation in 1969, had completed his first year at Schoolcraft Community College and was planning to return to college in the fall. Recently he had been working at the Ford plant on Sheldon Road in Plymouth.

The longer the search continues for Kathy, said Detective Cummings, the more likely it becomes that she may have been killed also.

He said it is possible that the youth was slain in another location and the body transported to the Napier Road area by the killer.

Cummings indicated that they would begin checking Tuesday any possibility that an escape from DeHoCo by an inmate may have occurred recently.

"We don't have many clues," he said, "and we're checking every conceivable possibility."

Members of the Northville and Novi police departments also are investigating the murder and the girl's disappearance.

4th Award

Continued from Record, Page 1

scrapbook entry was selected to receive the award after competing with hundreds of entries submitted by other cities of under 25,000 population from throughout the United States. A specially designed award will be presented to the Northville representatives at a ceremony featuring Mrs. Nixon February 23 to climax the Clean Up Congress.

Mrs. Beatrice Carlson, beautification chairman, reports she was delighted Northville had won for the fourth time. The scrapbook, she said, keeps continuous accounts of such projects as the rebuilding of Northville Presbyterian Church, with pictures and stories detailing every step.

THE SOUTH LYON HERALD

Wed.-Thurs., February 3-4, 1971

28 Cars-Trucks Tangle in Blizzard

Police Try to Piece Together Expressway Chain Collision

"It was a mess."
With those words, Corporal Philip Nielsen of the Michigan State Police at Brighton summed up last week's chain re-action pileup on expressway I-96 that blocked eastbound traffic for 10 hours and 37 minutes.

Scores of people were involved. Only twelve were injured, one seriously with a head injury. Miraculously, no one was killed.

Estimates of damage run as high as \$200,000.

Five days after the accident, State Police were still trying to piece together the succession of events that led to what some have described as the worst accident situation they have ever seen.

"I'm still working on it," said Trooper Gregory Kimball Monday. How many cars were involved last week Tuesday in the expressway pileup near the Kent Lake road exit?

"I've got 28 so far," Kimball replied. "That's the number reported."

One person called the Brighton post last Thursday (two days after the incident), asking where his car was, said Nielsen. "We didn't even know the guy was involved in the accident. We don't know where his car is."

All available wreckers within 20 miles of the accident scene were called. Ten responded.

Five ambulances carted the injured away to Botsford General Hospital in Farmington, to McPherson Community Health Center in Howell and to St. Joseph Mercy Hospital in Ann Arbor.

How did it happen?
The weather, of course, contributed heavily to the chaotic crash. Winds of 30 to 50 miles per hour whipped a screen of snow across the expressway, reducing visibility to a mere 10 feet.

"Most of the crashes were caused by excessive speed for conditions, surmised Corporal Nielsen.

"Somebody lost control," reported Trooper Kimball, the man responsible for writing up the accident report. "The rest of them piled in. It was a big chain re-action."

Anthony Hoffman, an Ann Arborite involved in the crash, said there were two distinctly different pileups a short distance apart. Seven

Continued on Page 10-B

CALLING ALL CARS — If Northville Police Chief Samuel Elkins winced a little in reporting that no traffic accidents occurred during last week's snow storm it might have been because this police radio tower was a casualty of the high winds. To make matters worse the tower picked his car to land on.

ACCIDENT SCENE — The pile-ups occurred at the curving portion of eastbound expressway I-96 between the guard rails (right). Victims took refuge in the Mobil station (left).

A Hair-Raising Experience

Shaken Driver Escapes

For Anthony Hoffman of Ann Arbor, the multiple-car accident last week Tuesday on expressway I-96 was a nightmare episode. But it had its humorous aspects, too, as well as generous portions of human kindness and concern.

Hoffman, 28, was driving to work in Detroit at about 11 a.m. "Visibility was maybe 20 feet, if that much," he said, referring to the driving snow storm.

"All of a sudden there was no visibility," he continued. "When I did see something, cars were strewn across the highway. I hit the brakes."

Hoffman can't remember clearly whether he was hit first or whether he slammed into another car, but he was jolted twice. "Cars were on my left and right," he stated. "Everything was mucked up."

Then a car hit Hoffman's car in the rear. "I had my seat belt on," he explained. "I got up and said 'I better get out of here.'"

Whether he just ran out of the jumble of cars, or whether he scrambled over the top of another car, Hoffman can't definitely say, but he thinks he went over another car.

He then raced for the median barrier and hurdled it to safety. "Three or four others jumped the fence after me."

It was then, as he was clearing the barrier, that one of those weird, unrelated thoughts that border on the ridiculous streamed through Hoffman's mind.

He realized he didn't have his toupee. "Of all things to think about," he said, "I thought of my toupee."

Long afterward he found his toupee under a smashed car on the expressway. "I showed it to the police," he stated. "It looked like a dead rat."

Within a matter of seconds or minutes, the giant smash-up in which Hoffman was involved was over. "It was all bang, bang, bang," he recalled. "It was very quick. I couldn't tell you the time span."

Hoffman said there were two separate pile-ups within a short distance of the expressway that was flanked by safety barriers on each side. Seven cars were in the first pile-up, about 20 in the second.

Hoffman was involved in the second heap of cars. When the crashes were over and State Police had flares strung out to warn motorists, Hoffman said he and other able-bodied motorists involved in the crashes and Michigan State Police went back onto the expressway to try to help the injured.

"It was marvelous," said Hoffman. "Everybody that could walk was helping. One guy with four teeth knocked out pitched in and helped those more seriously injured."

Chief concern of the rescuers were two people in the second pile-up who were seriously injured. They were taken care of first as ambulances and wreckers appeared on the scene.

"It was colder than hell," said Hoffman. "My eyelashes were frozen."

The rest area part of nearby Novik's Mobil Service Station, according to Hoffman, was the meeting place for those involved in the accident, after the seriously injured persons were taken to one of the nearby hospitals.

Hoffman said he more or less looked after two young girls from Pinckney, Pamela and Michelle Hopkins. Their mother, Mary Hopkins, was taken to St. Joseph's Mercy Hospital in Ann Arbor with apparently serious injuries.

Later, Hoffman checked on the condition of Mrs.

Hopkins at St. Joe's. She had suffered a broken nose, along with multiple cuts and bruises, Hoffman said.

"Here's a human interest story," Hoffman said. "The Hopkins girls were about eight and 10 years of age and the younger one was trying to pacify the older one, who was upset over her mother's condition."

Hoffman won't soon forget the mishap on I-96. Last Friday, for instance, he was driving home from work in Detroit and he passed the spot where the accident occurred.

"I was gun shy," he said. "I tightened up. I felt like a little old man of 85, driving for the first time in his life. The conditions (strong winds and snow and limited visibility) were the same as the day of the accident."

Hoffman, shook, pulled up for a cup of coffee in Brighton before proceeding home to Ann Arbor.

MEMORANDUM

FROM THE DESK OF: Ray A. Kleehammer
Public Relations Director

TO: LIVINGSTON COUNTY RESIDENTS

The savings and loan business in 1970 had a very favorable net savings gain of 10.5 billion dollars, and our association here in Livingston County shared in this increased growth.

It is a part of my job to advise people in all walks of life that their money works best for them in a savings and loan association. Because this happens to be true, that part of my job is easy. The fact is, most people will do business with us, once they understand the business we are in.

Consider SAFETY. Not one penny has been lost when invested in any savings and loan association.

Our main business, of course, is supplying money for HOME BUILDERS and HOME IMPROVEMENTS. This, in itself, is the mainstay of any community.

Our SAVINGS ACCOUNT HOLDERS, now numbering 10,089, received interest payments of \$1,093,646.00 in 1970.

Whether accounts are small or large, we urge you to get the most for your money. Stop in at any one of our three offices—in Howell, Brighton or South Lyon. We are Livingston County's only Savings and Loan Association.

Here is the perfect setting for gracious living. These leisure homes invite relaxation. It's like a year 'round vacation. American Timber uses durable, solid white Cedar to make these homes virtually maintenance-free. We'll erect them in the mountains, in the woods, along your favorite lake or stream, out in the countryside or on the beach. Enjoy the fun life. Discover the art of elegant living. And it can be yours NOW.

This newspaper will arrange for you to receive full information. Write Box 402 in care of The Northville Record, Northville, Michigan 48167, or phone 349-1700 and ask for details to be mailed to you.

God Calls Everyone

Reverend Gerald A. Nitoski
St. Joseph's Catholic Church
South Lyon

"Then bringing their boats back to land, they left everything, and followed Him" (Luke 5:11).

The Evangelist St. Luke, after recounting brief glimpses of the early life of Jesus, the entrance of Christ into His public life and His initial works of healing, presents in this Sunday's liturgy of the Roman Communion, the calling of the Twelve.

Though Luke's Gospel does not detail all of the motives that influenced the men we know as the Apostles in following the Master, we can surely assume that Christ touched the life of each one of them in some particular way. Not just in a general way, as a "do-gooder" might attract followers. These men and many others of His time, in meeting Jesus, encountered the truth about themselves. They somehow saw in Jesus the person God had designed them to be.

Each person is called by God to the full "person-hood" of Jesus — to be like Him.

Religion, for so many people, means so many things. For some it means the keeping of a religious tradition, keeping faith with the religious practice of their fathers and their fathers' fathers. Some take on religion driven by fear, anxious that the neglect of religious observance may bring bad fortune, either now or in the distant future, a kind of "spiritual insurance policy". Some are members of a church for the fellowship of people. Some are religious because they are embattled and worn and seek spiritual reinforcement to keep going through the week. Some see religion as a bulwark against the threatening moral chaos of our world.

All of these motives for being religious or being a Christian are, in varying degrees, good in a general way, but they are not enough.

We — each of us, each human — are called as were the Apostles individually to a particular, personal commitment to Christ.

That call does not mean only a summons to "be a nice guy," "don't make waves," "live and let live," "don't rock the boat" and "love everybody and pay your taxes."

The call by Christ is a call to be like Him. To get involved. To rock the boat and make waves sometimes when justice is violated; when loving one's neighbor is exclusive and selective. To challenge the safe and "comfy" course that allows us to be blind at times — many times? — to the needs of others.

Christ our Savior came to serve. He called His Apostles by name and "they left everything, and followed Him" to do the same.

As Christians, can our commitment, if it is real, be any less? Only by our personal, particular commitment to Jesus can we be like Him and thus be the full persons God wants us to be.

If ever a man's job became obsolete, it was this fellow's. And what a job it was. He learned everything first, then imparted the news to others. If he had a good memory, he was usually the best informed man in town. Who else read every release and then shouted it all over town? He also was the principal advertising medium for the tradespeople and shopkeepers. He announced their products, services and special sales.

And in most communities the town crier reminded men of the appointed hour in the churches of the community.

The newspaper made the town crier a has-been. It has taken over all his functions and performed them more efficiently. That includes reminding men of the day of worship, and, through advertisements such as this, urging us to worship.

You see one thing hasn't changed. Man's need for God!

'Big Mac' Safest Highway Stretch in State

LANSING — Michigan drivers looking for a safe place to drive their car or truck would be advised to head north.

On the basis of statistics compiled during its 13 years of operation, the Mackinac Bridge appears to be about the safest stretch of highway in the Wolverine State.

An average of only one of every 300,000 vehicles crossing the bridge is involved in a collision. Most of these are the rear-end type caused by drivers

gawking at the magnificent scenery of the Straits of Mackinac instead of looking out for the car ahead.

These rear-end collisions vary in frequency from a high of 10 in 1966 down to only one experienced in the year 1960.

COLLISIONS on the fare plaza occur a bit more frequently with one recorded for every 260,000 vehicles going through.

These are attributed to such causes as bad brakes, reaching for money and not watching the road and just plain poor judgment.

There was only one of these in 1960 also while the eight experienced last year tied it with 1961, which also saw eight such accidents.

Actually, the worst thing that there is a chance of happening to you is either running out of gas or having a flat tire.

An average of one of every 22,000 vehicles crossing the bridge runs out of gas, despite the fact that it is only five miles long. The record for this was set in 1959 when 96 motorists didn't

get to the other side before their gas tanks ran dry.

YOUR CHANCES of a flat tire are even better, since one of every 19,671 vehicles get halted for that reason.

Mackinac Bridge patrolmen have assisted in the changing of 910 tires since 1958, with the peak year coming in 1959 when 125 vehicles, or one of every 10,000, didn't make it across.

The Bridge Authority supplies tire changers and enough gas to get a motorist the rest of the way across at no charge.

"But we must confess," says Bridge Authority Chairman Prentiss M. Brown, "that altruism is not our main objective in supplying these services. We are largely interested in moving vehicles off the bridge and fare plaza as quickly as possible so they will not obstruct traffic and become a danger to other bridge crossers."

THE BRIDGE also comes out high in the grimmiest of highway statistics — fatalities.

In its 13 year history not one person has been killed, despite

the fact close to 100 million vehicle miles have been driven on it. This stacks up against State Police records which show that in 1969 there were 4.89 fatalities for every 100 million vehicle miles driven over Michigan highways.

That rate would be somewhat lower for limited access highways such as interstates, but it still would not be zero.

"The fact that the bridge is lighted at night, has a median strip and is continually patrolled no doubt influences the safe driving record established since its opening," Brown says.

It seems a shame the same amount of attention and care can't be devoted to each mile of the state's highways — but then most people would probably balk at paying \$1.50 toll for every five miles they drive.

THE AERONAUTICS industry got higher off the ground in Michigan during the 1970's.

Statistics accumulated by the Michigan Commerce Department show that the number of takeoffs and landings at eight major Michigan airports nearly doubled between 1960 and 1970.

The number of landings and takeoffs at tower-controlled airports is a good indicator of total operations from general aviation at the nearly 300 licensed and approved airports, the commission said.

It said total takeoffs and landings went up from 777,751 at the eight airports in 1960 to 1,333,505 in 1970.

The airports involved in the figures were Battle Creek, Detroit City, Detroit Metro, Detroit Willow Run, Flint, Grand Rapids, Lansing and Muskegon.

Babson's Report

Congress Delays Seen

BABSON'S REPORTS, Inc., Wellesley Hills, Mass. — In a sweeping State of the Union message to Congress and the nation, President Nixon urged the adoption of proposals leading to the attainment of "six great goals": Welfare reform; prosperity in peacetime; restoration and enhancement of our natural environment; improved health care; strengthening of state governments through revenue sharing; restructuring of the Executive Branch of the Federal Government.

The recommendations the White House will send to Congress in furtherance of these goals will be numerous, complex, controversial. Although designed to offer leadership and guidance, they are unlikely to quicken the legislative pace on Capitol Hill.

The President wants very much to light a fire under Congress... urge governors, mayors, citizens to prod Senators and Representatives to act promptly on his proposals. In his eagerness for action, he seems to be putting too many logs on the fire and could be smoked out.

Traditionally, the annual State of the Union address of a President defines the condition in which the nation finds itself. Ordinarily the speech itself is intended to be a rallying force for the correction of ills. President Nixon's message failed to spell out details of the critical fundamental problems for which he will offer solutions.

And, while the President did make a bid for public support to achieve the six great goals he outlined, he gave practically no hint of the discipline and sacrifice

which will be required to reach them. He did indicate hope of effecting a better rapport between the Administration and Congress, thus setting the stage for compromises in some areas.

IN HIS message the President skirted the thorny issue of wage and price escalations as well as unemployment. But he put himself and his Administration squarely behind the idea of an expansionary (deficit) budget as a principal tool in achieving his goal of prosperity in peacetime... a move not calculated to endear him to conservatives.

He said nothing about White House jawboning, gave no hint of what he would do if management fails to curb excessive price boosts, labor unions don't scale down big raises. However, the staff of Babson's Reports feels Mr. Nixon will follow up his steel-price-rise warning with sharper criticism of future extra-large price and wage advances.

The Nixon "Welfare Reform" — Family Assistance package will finally make it through Congress this year, probably being enacted in tandem with the bill to increase social security benefits by at least five percent, up the monthly minimum to \$100. But passage won't come before spring, perhaps not until midyear, for 1971 Congress pace will be slow.

Revenue sharing with states and cities is another matter. Congress is reluctant to forfeit control over funds shared, leans strongly toward present grants system rather than a distribution with no strings attached. But need is great, governors and mayors are pressuring, so we expect passage of a compromise program late in the year.

THE PRESIDENT, however, seems prepared to send up to the Hill too many sweeping recommendations and proposals. There's no chance Congress can act on the bulk of these intelligently and constructively this year. Hearings on the Nixon measures are bound to be lengthy, disputatious; and Senate filibustering on Vietnam, foreign policy, other issues, will tend to delay action on the President's requests.

Yet we do think Congress will hammer out a health insurance program for the poor that will likely include a revision of Medicaid; vote to keep the SST alive; revamp the draft; pass even more stringent laws to curb drug abuse; and possibly raise the minimum wage from \$1.60 to \$2.00 an hour.

A PAGE ABOUT PEOPLE, PLACES AND THINGS

By ROLLY PETERSON

A LOOSE LEAF

Ecology last year was barely a word in most people's vocabulary. Since 1969 Earth Day, however, and the growing number of pollution cases being brought to public attention, ecology and environment have become every-day words.

The mounting concern with our environment has to be one of the most welcome "happenings" in this country. But like all other great issues, there are two sides to the story.

The big question at this point is whether the American public, you and me, wish to forego some of the technological advances in favor of preserving a clean environment.

Ideally, we would like to have both, technological progress and the accompanying advantages of it, and a clean environment. Unfortunately, this may not be possible.

This dilemma was succinctly stated by Dr. Theodore C. Byerly, coordinator of environmental quality for the United States, in a talk before the Michigan Press Association Friday in East Lansing.

Dr. Byerly made it clear that Americans have a choice. They may get rid of pesticides in an effort to save the environment, but they must then be prepared to put up with the pests, such as flies and various worms that feed on organic matter.

Selective breeding, and ways other than pesticide control, cannot, he said, control the number of pesticides.

If the choice is pesticides, one runs the possible risk of damaging the environment.

Dr. Byerly, at least, indicated that hopefully a happy medium could be struck. Controlled use of pesticides to control pests, so that the environment can be clean for the health of man.

Auto Insurance Headache

Affluency Blamed For Rising Costs

(EDITOR'S NOTE: The following is the first of three articles concerning the cost of auto insurance and what can and is being done about it. Articles are a condensation of stories which appear in the January issue of Motor News. Free copies of the magazine are available at any Auto Club office in Michigan.)

Close all shopping centers and malls, supermarkets and department stores, then demand that everyone buy at a corner store. This would create a situation parallel to that which Michigan's auto insurance industry is facing.

That's how Ed Daniels, general manager of Automobile Club of Michigan's insurance operations, sums up reasons for spiraling insurance costs in a Motor News article titled "Michigan's Auto Insurance Ills."

"Michigan's auto insurance industry today could be compared to a modern department store forced to operate under the rules and procedures of an old-time, small-town general store," says Daniels.

"It would charge too much, lose money, often make deliveries late or not at all, and could not remain in business long."

"It is incredible that the auto insurance business survives, or it is able to serve as well as it does, under the rules and procedures of a totally different age..." adds Daniels.

He emphasizes in the article that the automobile revolution in the U.S. did not end with the Model-T. It is pointed out that it grew much larger, though quieter, after World War II with the move to the suburbs.

The growth period after 1945 is called the second automobile revolution by Daniels since this is when the family car started becoming a necessity rather than a luxury which could be excluded from the family budget if necessary.

Daniels states that the "affluent society" and renewed "social consciousness" are most responsible for the rising cost of car insurance.

Concerning the "affluent society," he states:

* Auto population is growing twice as fast as human population.

* Distance a car is driven yearly has risen from 9,000 to 12,500 miles in recent years and is still rising.

* Collisions have multiplied much more rapidly than number of drivers and miles driven. Doubling the number of cars on the road does not double the number of collisions, it quadruples them.

* While the number of cars rose 40

Out of Horse's Mouth

Free Pony Offered

Send your questions, comments, and horse show news to Horse's Mouth, care of South Lyon Herald, South Lyon, Mi 48178. This column is open for news of all breeds of horses and ponies.

The newly formed Wixom Horse Lovers Association is planning a Valentine potluck dinner — dance February 6 at 6 p.m. at the Wixom UAW Hall, 28700 Wixom Road. All area residents are invited to attend. There will be a drawing for a free pony and door prizes awarded. Some of the prizes have been donated by E R Western in South Lyon and South Lyon Lumber and Farm Center.

Donations are \$2.50 per family and \$2 per couple. Each family is to bring their own table service, beverage, and main dish.

Tickets will be available at the door or by calling Linda Caswell, 474-6496.

A business meeting will precede the dinner, according to Christine Olewnid, publicity chairman.

How do you break a pony or horse of kicking?

First you must know the reason for his kicking. Most horses will kick in self-defense when eating or running with other horses. This is a natural instinct and very, very hard to break.

However, if your horse or pony is one that kicks at people, just to be smart or to scare someone, you may find the following of some help.

The pony or horse should be taught to be caught, try taking a bucket of grain out

when catching him. This way he will get used to walking towards you head first. This also may be used when trying to catch an animal in his stall. Stand at the door with a bucket of grain and let him come up to you.

If he kicks while you are brushing, cleaning his feet etc., then you will be able to handle the situation better.

Be sure you have a good rope to tie him with, one that will not break. Through the halter rings place a lead CHAIN, this should go over the nose and have a long leather strap. Keeping this strap in your hands at all times, but do not, unless necessary, put any pressure on it. When the pony or horse tries to kick, IMMEDIATELY give a very sharp hard jerk on the chain, then let up and proceed with what you were doing.

If he again tries to kick, repeat the above process and continue brushing, feet cleaning or whatever. Your animal should soon learn that he is punished whenever he kicks and should soon stop.

The question has also been asked, "How do you stop a horse from biting during the time you are brushing him etc.?"

I would have to say, use the same method that we have just mentioned above. Place a lead chain over the horse's nose and every time he attempts to bite, immediately, give a hard jerk and then go back to whatever you were doing. This must be repeated for several days, or weeks depending on the horse and how severe the jerks are.

Sally Saddle

Police Analyze X-Way Crash

Continued from Page 1-B

cars were involved in the first one; about 20 cars in the second.

It was in the second smash-up that persons were most seriously hurt, it was reported.

Both pile-ups took place along a curving portion of the expressway that is fenced on each side by safety barriers, which cut off vehicle escape to either the median or outside shoulder.

State Police at the Brighton post first got the report of the accident at 11:25 last week Tuesday. Twelve cars were reported involved, with people lying on the road.

Trooper Kimball was the first uniformed police officer on the scene, although an off-duty trooper reportedly was first there. Kimball said it was chaotic.

Cars, sprawled over the expressway as if they had been dumped there, were obscured by the blinding snow. People, some of them injured, were pinched in their cars by other cars.

Despite the fact that police strung out red flares for one-half mile to warn of the pileup ahead, cars continued to roll ahead.

"I had flares out one-half mile," said Trooper Richard Mundy, who directed traffic. But he said oncoming cars just plowed over the flares, barely missing him as he stood near his squad car.

One driver told Corporal Nielsen he crashed into the wreckage on the expressway and was unable to get out of his car because he was pinched in on both sides by other smashed cars.

Finally, the driver said, another car rammed the rear of his car, the rear window popped, and he crawled through the rear window space and escaped to safety over the tops of the cars.

Kimball reported that he, too, had to walk over the tops of cars to get to the injured. Wrecker and ambulance crews joined about 10 state police from the Brighton and Redford posts in efforts to extricate cars and people.

The wreckage finally abated when traffic was re-routed by the accident scene and onto nearby Old Grand River. Traffic, as a result, was reported backed up at the Old Grand River — Pontiac Trail intersection in the village of New Hudson in Lyon Township.

At about 5 p.m., the expressway near the Kent Lake exit had been cleared — except for a semi-trailer loaded with 130,000 pounds of steel that juttied onto the expressway.

But flares were placed around the semi-trailer to warn eastbound drivers, and troopers returned to their posts.

Eighteen minutes later, a report

came in about another five-car accident at the same location. Troopers again responded.

Not until 10:20 that night was expressway I-96 at that spot opened to traffic. Finally, the five cars had been

removed, and the semi-trailer with the help of a 200,000 pound wrecker from Detroit.

JUST A FEW OF THE BANGED-UP ACCIDENT VEHICLES

Why The Rate Hikes?

Continued from Page 9-B

percent in the last decade in Michigan, number of accidents rose 62 percent, fatalities 69 percent and injuries 162 percent.

Cost of auto repairs have jumped 145 percent in the past decade, from \$131 to \$322 per accident claim.

Auto accidents rank fourth in the U.S. as cause of death, up from sixth a decade ago.

While one in 153 cars was stolen six years ago, the percentage is now one in 107.

Cost of repairing people has risen 15 percent yearly, and the cost of a hospital room has soared 150 percent since 1960, now \$55 a day for an average semi-private room in Detroit.

"Social consciousness" which places greater value on the individual also has contributed to changing the situation under which auto insurance works, necessitating unmade changes in the system, and raising insurance costs, Daniels adds.

"Prior to World War II and the second automobile revolution, negligence had to be proven for a liability claim to be successful in court," says Daniels. "The concept of negligence has become blurred, and today the dollar amount of jury verdicts has been rising at 13.6 percent a year. There is a feeling that accident victims should be compensated regardless of whether they were at fault.

"And before the auto revolution, our legal system did not place as high a value as today on some serious and

permanent injuries, or even minor ones," states Daniels.

"While such social factors caused more and higher bills to pour into insurance companies for payment, during the automobile revolution, rates charged for auto insurance nowhere near kept pace with increasing costs," emphasizes Daniels.

"So auto insurance companies have lost money for most of the last 15 years, a fact hard for the average motorist to believe when he sees his insurance bill each year, particularly if he has teen-age drivers."

He points out that auto insurance, by its nature cannot be priced with certainty today as to how much it will cost for protection during the two or more years it may take to settle claims after the policy year of protection is over.

"Nobody can predict, for instance, whether you will be in an accident during your policy year and if you are, how much it will cost to settle the claims resulting from it."

"Two-thirds of disputed cases are settled without lawyers today, and still 23 cents of the bodily injury dollar goes to lawyers. Fifty to 60 cents of the BI payment goes for pain and suffering today."

"But with all these problems, up to now, the American public, through its elected representatives, has not been willing to make the changes required by our second automotive revolution." "And the auto insurance industry has borne the entire burden of this failure to make changes, partly through regularly raising rates."

He states that the function of

insurance is to pay losses one cannot afford by himself, and to do it by banding together of many motorists, most of whom will not be involved in a serious accident. You pay a certain amount a year to be protected against an accident which could cost in the hundreds of thousands of dollars and leave you penniless forever.

"But in performing this function, the insurance industry cannot be expected to enforce the traffic law, decide who gets a driver's license, keep motorists who get drunk or take drugs from driving, design highways or put up traffic signals, or as a judge take away the license of a man who needs a car in his job but will probably kill another innocent insured if he does continue to drive," he says.

He concludes that almost all developments of the post-World War II auto transportation evolution have had one effect — to drive cost of auto insurance up.

"Should we reach the point where motorists won't or can't pay for auto insurance, Michigan's car makers will be in serious trouble. Should the auto insurance industry let this happen, the Federal government will be forced to step into auto insurance, and nobody would benefit."

What can be done to bring the insurance problem under control is covered in two following articles. One, points out the various legislative programs under consideration — including an Auto Club backed program called "Motorist Protective Legislation" — while the second discusses reparability versus design of automobiles.

Smoking Ban Gains Support

Smoking makes you attractive, sophisticated, mature and "in".

If you believe that, it is time to take a look around you, Donald J. Gillard, president of the TB and Health Society, said.

In instance, smokers are in the minority of the population today. More and more frequently smoking is being frowned upon at social gatherings. Ash trays are becoming obviously missing lately.

Smart Gets VP Post

In addition to the vast amount of duties incumbent in his position as House Minority Leader, State Representative Clifford H. Smart (R-Walled Lake) will serve on the House Committee on Education.

As the ranking Republican on the Education committee, Representative Smart will serve as the Republican spokesman on the committee.

Smart is one of the recognized experts on education in the House and a vast amount of practical experience and knowledge in the area. He is a former teacher, Superintendent of Schools and holds an M.A. from Wayne State University.

Ordinarily, because of the responsibilities the Minority Leader of the House must fulfill he would not be asked to serve on a committee. Smart's vast knowledge and experience in this field, however, made him indispensable to the committee.

Boards and business groups have voluntarily agreed to refrain from smoking while in session. Airlines have been asked, and are considering, banning smoking on their planes.

In fact, if Dr. Jessie L. Steinfeld, surgeon-general of the United States, has his way, smoking may be banned in all confined public places such as restaurants, theaters, airplanes, trains and buses. He said:

"Evidence is accumulating that the non-smoker may have untoward effects from the pollution his smoking neighbor forces upon him."

"Nonsmokers have as much right to clean air and wholesome air as smokers have to their so-called right to smoke, which I would redefine as a so-called 'right to pollute'."

"It is time that we interpret the Bill of Rights for the nonsmoker as well as the smoker."

Gillard agreed with Dr. Steinfeld and added:

"We are hearing more and more the voice of the nonsmoker demanding his rights to clean air."

"The smoker has the right to ruin his own health but he violates the rights of others the minute they inhale his smoke. In restaurants, for instance, many people become irritated or nauseous at the smell of smoke with their food."

Best of all smokers should join the nearly 14 million Americans who have quite smoking during the past six years, Gillard said.

The TB and Health Society can help you. For more information write to them or telephone 961-1697.

Kelly Canvas To Exhibit

The Kelley Canvas Company, 10795 Silver Lake Road, South Lyon, will be among the exhibitors at the fourth annual Detroit Camper and Travel Trailer Show, February 13-21 at the Detroit Artillery Armory on West Eight Mile near the Northland shopping center.

The Kelley firm has been in business for 23 years, and for 17 of them has been making equipment for trailers and campers.

On display at the show will be Kelco roll-up awnings for both trailers and motor homes. The firm also will exhibit add-a-rooms for trailers and motor homes. These are easily installed extra rooms for use while the vehicle is parked.
