

Vandals' Spree Inflicts \$5,000 Damage

A senseless and malicious rampage at Cooke Junior High late Sunday night or early Monday morning caused an estimated \$5,000 damage to the building and forced cancellation of classes at the school Monday.

Citizens Offer \$100 Reward

A citizens' reward fund for information leading to the apprehension and conviction of the person or persons who vandalized Cooke Junior High was started Tuesday by citizens of the school district.

One hundred dollars had been contributed by Wednesday morning.

Contributions to the fund may be made through the superintendent's office and checks should be made payable to Northville Public Schools' Reward Fund.

Information may be given to The Record, which guarantees that the identity of the informant will not be made public, or to the Northville Police Department which cannot make the same promise.

Wires were also pulled out of four buses parked in the compound behind the school.

Northville city police are continuing their investigation of the break-in but as of Wednesday morning said they had no suspects.

Police on routine patrol at 3:33 a.m. Monday discovered the building had been broken into when they found a window on the north side of the office smashed.

The person or persons involved in the destruction entered the school through the northeast corner of the building, breaking out window glass and reaching in to push the panic bar opening the door, police theorize.

Whoever broke into the building cut himself on the jagged glass, school officials noted. Blood was found on the glass and on a sink in the boys' bathroom. A bandage was taken from one of the first aid kits in the school and later changed in one of the buses where another kit was opened and the first bandage found.

Once inside the school the vandals were selective in what they destroyed,

hitting the band room, kitchen, science area, library and office. Broken glass lined corridors near the damaged rooms.

Fire extinguishers throughout the building were found in halls, sprayed on lockers and ceiling in the halls and used to smash windows.

A sink in the band room was plugged and the water turned on, flooding the band room (completed three months ago) and southwestern

wing of the building. The heads of a bass drum and timpani were slashed and the window of the band director's office shattered, though the office was not entered.

Student-owned band instruments in unlocked cabinets were not touched, school and police officials noted.

Shelves were kicked over in the library and a typewriter was bent into an almost unrecognizable mass of metal.

More than \$400 worth of science equipment and chemicals were swept off shelves in the storage area and silverware was strewn in the kitchen and stove burner turned on. Dishes were left untouched.

In the office area file cabinets and desks were overturned, the public address console smashed and a typewriter kicked off its stand. Name plates in the counselor's office and principal's office were crumpled on the

chairs. Letter openers were stuck in the chair backs.

Missing from the school are five fire extinguishers, a pad of tardy slips, a bayonet-like sabre and a small amount of change.

The vandals also scaled an eight-foot high fence topped by three strands of barbed wire (combined height of nearly 11 feet) to get into the bus compound behind the school.

VANDALS LEAVE JUNIOR HIGH SCIENCE LAB IN SHAMBLES

For School Operation

17-Mill Election Slated Saturday

A light turnout is expected when electors in Northville School District go to the polls Saturday to vote on the renewal of 17 mills for operation.

The school district is seeking to renew the 17 mills, which expired in December, 1970, for five years.

Polis will be open from 7 a.m. to 8 p.m. in the board of education gym, 303 West Main Street. All 6,091 registered voters in the district (property owners and non-property owners alike) are eligible to vote on the issue, with all votes counting the same, according to administrators.

Superintendent Raymond Spear said he anticipates "1,000 to 1,200 voters will turnout Saturday. Voting will be light since this is a special election, it has not been an actively pushed issue and there has been nothing to really stir voters up."

Currently the district has 3 mills to levy for operation (voted in 1969) besides the 17 mills up for renewal. Spear pointed out that "based on a seven per cent increase in state equalized valuation (SEV), the 17 mills will raise roughly \$1,360,000. Without the 17 mills, we will be broke. It represents more than one-third of the total budget anticipated for next year but is less than the total cost of teachers' salaries this year."

The renewal of the millage will enable the school district to "maintain the same program presently offered, assuming enrollment does not increase next year and there is no expansion of the educational opportunity for students," he explained.

Spear earlier had estimated the budget needs of the district to be \$200,000 above what the 17 mills, plus three mills voted earlier and 8.9 mills allocated from the county will raise.

He said the district can operate on the renewed millage "if there is more than a seven per cent increase in SEV and fewer students than the 3,350 we expect in September and 3,837 expected by June, 1972. "Other factors include an increase in class size, curtailing our program or considering voting extra millage in June," he said.

In early February the board rejected a proposal to place a 2.5 mill hike on Saturday's ballot.

"Were it not for the expected increase in enrollment, we would not need the \$200,000 and could provide the same program including an increase in costs," Spear explained. He said this would be possible because of increased SEV plus levying two of the 17 mills voted but not levied this year by district.

"We have decided to wait until a later date to see if we need more than the 17 mills and if so, how much more. The unknowns that affect the district's budget are the actual SEV, state aid,

number of students and salary adjustments for certified and classified personnel," he said.

...keeping the 17 mills up for renewal, the district levy stands at 35.9, though the district only levied 33.9 in December. Broken down, debt retirement equals 7 mills; operation, 17 mills plus the three mills not expired; and county allocation, 8.9 mills.

"Without the approval on Saturday of the 17 mills, the district will be broke," Spear said.

NEWS BRIEFS

POTENTIAL PURCHASER of the property between Main and Cady streets, east of Wing, has reported it is satisfied that the area would support a downtown commercial development on the site and is prepared to complete a purchase agreement — provided a satisfactory parking ratio arrangement can be worked out. The property under discussion includes the site of the old township hall building. The potential buyer is McManus Engineering of Southfield. A large retail store, one or two other retail outlets, and professional offices are contemplated on the site.

CITY OFFICIALS are taking a hard look at the budget to determine if sufficient funds are available to repair curbs in the downtown area. A recent survey showed that approximately 70 feet of deteriorated curbing exists on Main, from Wing to Hutton, and "at least" 200 feet of bad curbs exist on Center Street. The latter comes under the jurisdiction of Wayne County.

NORTHVILLE CHAMBER OF COMMERCE has formally urged the city to consider the widening of Beal and Cady streets and to request again that Wayne County go ahead with aging plans to divert Seven Mile Road traffic under the C & O Railroad, tying in more directly with the relatively new Seven Mile cutoff.

REPRESENTATIVE Marvin Stempien has reported that the often requested stop light at Seven Mile and Northville Road has been ordered by the county and should be installed soon.

Fear Possible Epidemic

Killer Worms Hit Dogs

A disease of near-epidemic, if not epidemic, proportions has gotten a foothold in the dog population of southeastern Michigan.

Known as Heartworm Disease, the potentially fatal infection is caused by a parasite which invades the dog's heart, grows to a length of about 8 to 15 inches and causes extensive damage to the heart and lungs.

Many cases, primarily involving out-of-door dogs, have been reported by veterinarians in Northville, Wixom, Brighton and South Lyon.

"It's a very, very serious problem," said Dr. Thomas Heshp of Northville. Dr. Val Vangeson of Wixom substantiated the same findings.

Dr. Thomas Anderson, Brighton veterinarian and president of the Washtenaw County Veterinary Medical Association, asserted the disease has reached epidemic proportions.

Dr. Albert Rollings of South Lyon said the incidence has reached 40 percent in South Lyon among hunting dogs.

The parasite, says Dr. Anderson, is transmitted by a mosquito which carries the infective larvae from dog to dog. Not until the heartworms have matured, unfortunately, can the disease be detected, he added.

Although out-of-door dogs and especially hunting dogs with short hair are most likely to contract the disease, explained Dr. Heshp, house pets, like Poodles and St. Bernards, are not immune.

House pets have been treated for and died from the disease in this area.

In fact, fear that the disease will become more prevalent among all dogs, indoor as well as out-of-door dogs, is why area veterinarians hope dog owners will take precautions now and help to stem growth of the heartworm disease.

Symptoms include coughing, shortness of breath, decreased exercise tolerance, frequent respiratory infections, collapse, prostration and death.

Early diagnoses, the veterinarians maintain, is essential to successful treatment of heartworm disease. A simple blood test in any veterinarian's

Fighter Pilot Dies In Vietnam Flight

Word has been received here of the death of Major Richard Somers, 36, son of Mr. and Mrs. Richard Somers, 18900 Valencia, Northville, while on

an Air Force mission in Vietnam.

His parents were notified Thursday that Major Somers had been shot with a 50-caliber round on his third pass over enemy territory flying a Phantom jet on February 25. Because of the time difference, notification was made the same date here.

Major Somers, a career Air Force pilot, had spent Christmas with his family in Northville and afterward was sent to a base at Da Nang in Vietnam on January 26. While he had flown planes to Vietnam previously, the fighter pilot had not been based there until this tour of duty.

He previously had served in Germany, Korea, Texas and as a pilot instructor in Florida. He was 1953 graduate of Northville High School. He entered the Air Force in 1954.

The family has been notified by the Air Force that the body is being flown back to the United States where tentative arrangements are being made for a military service, probably in Oregon, his family said.

In addition to his parents, Major Somers leaves his wife, Virginia, in Richland, Washington; three children by a previous marriage who are living in California; and two brothers, Charles of Muskegon and Norman of Northville.

MAJOR RICHARD SOMERS

Maybury Talks Continue

Federal Funds Sought

State officials remained optimistic this week as negotiations for the Maybury Sanatorium property from the City of Detroit progresses "very satisfactorily."

Samuel Milstein, deputy director of the Michigan Department of Natural Resources, told The Record Tuesday that he is confident a negotiated purchase price and the purchase of the nearly 900-acre site will be concluded by the May 3 deadline.

Detroit originally planned to open bids Monday from private developers but delayed the opening until May 3 to

give the state time to negotiate a purchase. Detroit surplus property division officials hinted Tuesday that announcement might be made before the deadline, probably in 10 days.

State officials met this past week with representatives of the federal government's land and water matching funds program and concluded that the Maybury site "meets all criteria" for a grant from the federal government.

"It's a special contingency reserve fund," explained Milstein, "that has never before been used in Michigan. Since Maybury is considered an

emergency purchase in an urban area, the federal people seemed to think we would qualify."

This matching funds program, he said, would provide up to 50-percent of the property cost. Application for this money is already in the works, he said.

Meanwhile, Milstein said his department has been meeting with representatives of Wayne County and the Huron Clinton Metropolitan Authority "to see if we can use some of the money" earmarked earlier for

Marilyn Holman Wed in South Lyon

Mr. and Mrs. Roger Stadler are residing in Woodhaven following their wedding February 12 at St. Joseph Catholic Church, South Lyon.

The former Marilyn L. Holman, daughter of Mr. and Mrs. Robert H. Holman of 639 Crest Lane, South Lyon and Roger A. Stadler, son of Mr. and Mrs. Robert H. Stadler of Wyandotte, spoke their marriage vows before Father Gerald Nitoski in a 7 p.m., double ring ceremony. Bouquets of chrysanthemums adorned the altar. "You'll Never Walk Alone" and "The Lord's Prayer" were sung by Edward Beckstein.

Escorted to the altar by her father, the bride wore an empire, A-line gown overlaid with Chantilly lace ornamented with a train of matching lace. She carried a bouquet of sweetheart roses and carnations with green and yellow ribbon streamers.

Denise Holman, cousin of the bride, served as maid of honor wearing a gold velvet empire, A-line gown trimmed in white. She wore three sweetheart roses in her hair and carried a bouquet of roses and carnations.

Bridesmaids were Kathy Holman, sister of the bride, Paula Bourgeois, and Mrs. Randy Holman, sister-in-law of the bride. Their gowns were green velvet styled identically to that of the maid of honor. They carried similar flowers and wore identical headpieces.

Sherry Stadler, niece of the bridegroom, was the flower girl wearing a dress matching that of the maid of honor. Jay Westervelt was the ringbearer.

Robert Stadler attended his brother as best man. Larry Jakab, Tom Fisher, and Robert Holman, brother of the bride, were the ushers. They all wore double-breasted, bell-bottom tuxedos with ruffled shirts and French cuffs.

For her daughter's wedding, Mrs. Holman wore a pleated pink and silver

dress with long sleeves and silver accessories. Mrs. Stadler, mother of the bridegroom, wore a green and silver coat dress with silver accessories.

The reception for 170 guests was held at the VFW hall in South Lyon.

Leaving for their wedding trip to Toledo, Ohio, the new Mrs. Stadler wore a black pants suit with white trim.

Her husband is a pipefitters' apprentice.

THE ROGER STADLERS

OLV Hosts Prayer Day

All women of the Northville-Novu area are invited to attend World Day of Prayer services at 1 p.m. this Friday at Our Lady of Victory Catholic Church, 770 Thayer Boulevard in Northville.

This is the first year that OLV has hosted the annual event in which women in 25,000 communities in this country and in 155 other countries unite their prayers.

Theme of this year's worship is "New Life Awaits." A choir composed of women from participating churches will present a musical program to complement the worship. Participating churches include Northville and Novi United Methodist churches and Northville First Presbyterian Church.

Mrs. Robert Isom, general chairman, invites women attending the service to remain afterward for a coffee reception in the church social hall. Hostess is St. Kathleen's Guild, assisted by the board of Our Lady's League.

In Our Town

Club Slates Landscape Talk

By Jean Day

MOST AWARE group that "this is the month spring arrives" has to be the Northville Branch of Woman's National Farm and Garden Association.

For its March meeting at 12:30 p.m. next Monday at the home of Mrs. George Kohs, 473 West Cady Street, the guest speaker will be Milo Hunt, landscape architect with Green Ridge Nursery.

A graduate of the landscape design program at Michigan State University with 13 years' experience at Green Ridge, Hunt is to "think spring" with the area gardeners and discuss landscaping.

Mrs. K. H. Babitt is hostess chairman, assisted by Mrs. Roger Pyett, Mrs. Herbert Frogner and Mrs. Warner Krause.

Eight members of the Northville branch attended the winter council meeting of the state association February 25 at Dearborn Inn. They heard Dr. Edward Liebson, executive director of NARCO, the drug rehabilitation association, speak on "Drugs in Our Society."

Attending were Mrs. William Switzler, branch president, and Mrs. Frank Whitmyer, Mrs. William Slattery, Mrs. George Miller, Mrs. Harold Schmidt, Mrs. Pyett, Mrs. Elmer Schubert and Mrs. James Van Buren.

TOWN HALL at 11 a.m. next Thursday, March 11, in Northville High School auditorium gives promise of being a sell-out as Mike Whorf - writer, producer, and announcer-host of the award-winning WJR "Kaleidoscope" program - makes his first Town Hall appearance anywhere.

He is to be introduced by Herman Moehlman, a member of the TH Board of Awards and local attorney.

The entire Board of Awards will be honored at the program next week. It includes Mrs. Harry F. Wagenschutz, chairman, Mrs. William S. Milne and Mr. Moehlman, representing Northville; Mrs. E. Quentin Proctor, Farmington; Mrs. Margaret R. Hough, Plymouth; and Mrs. W. E. Parks, Livonia.

Special guests at the program will be Northville High School students in the broadcasting class of Miss Marilyn McCarthy. The board at its meeting Tuesday pointed out that men of the community are most welcome at the lecture.

Individual tickets at \$5 are being sold to the capacity of the auditorium. All lectures are held on the second Thursday of the month. The exception this season is the final lecture, the program on wines by Walter Rosenberg, which will be April 22.

Mrs. William Tucker,

349-1875, is new TH ticket chairman and may be contacted about tickets.

COOPERATIVE Nursery mothers are getting together at two morning coffees this week - a change from the usual monthly mothers' meetings. Mrs. John Swallow, 516 Novi Street, will hostess the coffee at 9:15 a.m. today for mothers with children in the Tuesday-Thursday nursery group.

Mrs. Paul Folino opened her new home at 20556 Clement Road for the meeting of Monday, Wednesday, Friday mothers Wednesday morning.

ANDREA ODLE

Coed Plans USSR Tour

Andrea Odle, a senior in the University of Michigan School of Music, will be among 40 young men and women in the U of M Chamber Choir making a seven-week tour of the U.S.S.R. this spring.

She is the daughter of Mr. and Mrs. Harry V. Odle, 18189 Jamestown Circle, and is to be graduated from the U of M School of Music as a voice major next month. She also has been invited to join Pi Kappa Lambda, national honorary musical society, in recognition of superior academic achievement.

Accompanied by a small chamber orchestra and under the direction of Professor Thomas Hilbish, the chamber choir will perform approximately five concerts a week, visiting Moscow, Leningrad, Kishinev and Odessa, Russia. Work to be presented ranges from Tallis and Bach to Ives and Schoenberg.

The tour, which begins April 15, is being sponsored by the State Department on a U.S. - U.S.S.R. Cultural Exchange Program. Other choirs visiting Russia in previous years in the exchange program were the Robert Shaw Chorale and the Oberlin College Choir. A total of four performing groups will be sent under the agreement reached in 1968.

The mothers get together monthly to discuss operation of the Northville cooperative preschool play groups which meet in the scout-recreation building. In February the meetings were in the form of conferences combined with clean-up, fix-up sessions.

Mothers interested in placing their pre-schoolers names on the enrollment list are asked to call Mrs. Nelson Schrader III, 349-5163.

WESTERN Suburban Junior Women's Club will hear about "Emergencies in the Home" and learn how to deal with them at its

March meeting at 8 p.m. Monday at the Sword of the Spirit Lutheran Church in Livonia.

Speaking on "Home Life" will be Henry Maurer, regional manager of the American Red Cross, S. E. Michigan Chapter.

The Juniors are selling their annual "Basket of Cheer" tickets with proceeds to go to the Schoolcraft Scholarship Fund.

Unusual first prize in the drawing is a \$50 liquor gift, and second prize is \$10! Anyone interested in tickets or in attending the meeting is invited to call Mrs. Ronald Rupert, 455-1076.

Women to Hear Expert on Russia

"The Two Revolutions - Russian and American - and Their Parallels in History" will be discussed by Dr. Dennis Papazian, associate professor of history and chairman of the literature, science and arts department at the University of Michigan-Dearborn Campus, at the meeting of Northville Woman's Club at 2 p.m. Friday in Northville Presbyterian Church.

Professor Papazian, whose specialization is 19th century Russian history, will draw upon a background that includes study at Moscow State University in 1961-2 and participation in an Experiment in International Living Program in the summer of 1967.

He will be introduced by Mrs. James Tellam, a club member and one of his students on the Dearborn campus. The program is scheduled a half hour later than usual, Mrs. Leonard Klein, club president, has announced, so that members may attend World Day of Prayer services at Our Lady of Victory church beforehand.

Professor Papazian received his doctorate in history at University of Michigan in 1966, and his MA in 1958. He also holds an MA degree in East European studies from Wayne State University where he received his BA degree in history and philosophy.

In addition to writing and lecturing, the Russian history professor has conducted study field trips to Russia.

His honors and awards have included Phi Kappa Phi Honor Society,

a teaching fellowship in American history and a national defense education act fellowship, all at University of Michigan; a USNSA International Student Relations Seminar Fellowship, 1956, Harvard University; a graduate fellowship for a summer institute on the Middle East at Ohio State University; and the exchange fellowship at Moscow University.

In his talk, Mrs. Tellam explains, Professor Papazian plans to point out the many parallels to be found in history as his philosophy embraces the belief that "those who will not study history are doomed to repeat their mistakes."

In his Russian history classes, she said, he emphasizes the value of noting such parallels at this time.

DR. DENNIS PAPAZIAN

Three Area Men In Wayne Concert

Three Northville students at Wayne State University will be participating in the WSU Men's Glee Club "Encore II" concert at 8:30 p.m. next Friday and Saturday, March 12 and 13, in the Community Arts auditorium on campus.

Northville members are Gary R. Becker, 543 Dubuar, Terry Elliott, 19304 Fry, and Robert T. Shafer, 18101 Sheldon Road.

Proceeds from the concert, which will feature compositions by Garrisim, Williams and Fenno Heath, will be used to sponsor the glee club's European Concert Tour this summer. The planned itinerary includes choral competition at the International Musical Eisteddfod in Llangollen, Wales, where the Wayne club won first prize in the male choir competition in 1968.

Choral selections in the

performances next weekend include "No Man Is an Island" with text by John Donne; "Beat Beat Drums" from Walt Whitman's "Drum Taps"; and "Father William" from Louis Carroll's "Alice in Wonderland."

"Encore II" also will include numbers by the Ted Thomas Ensemble, a quartet composed of students specializing in contemporary arrangements of gospel music, and by The Volunteers, a group of WSU graduates and former glee club members who now are member of the First Army Chorus at Fort Meade, Maryland.

Tickets are \$2 for adults and \$1 for students and may be obtained at the WSU ticket office, Grinnell's downtown and from any glee club member.

Birth

A daughter, Susan Shejla, was born to Mr. and Mrs. Arthur Voisin of Lathrup Village on February 16 at Sinai Hospital, Detroit. The baby weighed seven pounds, two ounces at birth.

She joins a sister, Jennifer, who is two and a half, at home. Grandparents are Mr. and Mrs. E. C. Welch, 222 South Wing Street, and Mr. and Mrs. Louis D. Voisin of Redford.

News Around Northville

Northville Senior Citizens Club will meet at 7:30 p.m. Tuesday in the scout-recreation building for a business session to be followed by a program and social hour.

During the basketball district tournament being played at Northville High School this week, Northville Mothers' Club is serving coffee, hot chocolate and donuts before each game and at halftime.

The club planned to serve in the corridor Monday, Tuesday, Wednesday and Friday nights. Mrs. Robert Boshoven and Mrs. Ron Horwath, co-chairmen, said that all proceeds would be used for the humanities program the club is sponsoring in the schools this year.

Scott Lenheiser, son of Mr. and Mrs. Dean H. Lenheiser, 45095 Mayo Court, Northville, has been named to the dean's list at Hope College where he is a freshman in recognition of his academic achievement during the past semester.

The Lloyd H. Green Post of the American Legion will host a St. Patrick's Dance on Saturday, March 6, at the Legion Hall, 100 Dunlap Street.

The dance begins at 9 p.m. and will last until 1 a.m., spokesman for the Legion said.

Music will be furnished by the Melody Men of Livonia. Tickets are \$5 per couple and may be purchased at the door.

Four Sails Antique Shop in Novi was spotlighted at the Detroit Home and Flower Show last weekend at Cobo

Hall as Channel Four featured the shop's booth on newscasts. Mrs. Gordon Smith, owner, reports that there has been much interest since in the Civil War diary written by a corporal and recounting such events as the death of Lincoln and the battle at Gettysburg.

She also displayed a rare Staffordshire cup and saucer, one of the first cups with a handle, she says, and a spittoon.

Citizens for Environmental Action will sponsor a glass collection from 9 a.m. until 3 p.m. next Saturday, March 13, in the parking lot next to the Board of Education office on Main Street in Northville.

The group is urging area residents to save non-returnable glass containers for recycling as "a positive individual action to help reduce the amount of garbage output per person as it affects the total garbage problem."

Plans for the collection will be finalized at a meeting at 8 p.m. today at the home of Don Oswell, 43999 Durson, Novi. All interested citizens are invited. For information call Oswell at 349-4566.

Old dolls were viewed by members of Girl Scout Troop No. 331 on a trip taken February 25 to a Livonia doll museum.

The troop scribe, Susan Thomas, reports that the girls learned about dolls with "china heads, bisque heads and a lot of other kinds, and that long ago there were only lady dolls, not baby dolls, with the first cuddly doll made about 60 years ago."

PATRICE DIANE NEWBY

Engaged

Announcement of the engagement and approaching marriage of Patrice Diane Newby to George Craig Vincent is made by her parents, Mr. and Mrs. Donald Newby, former Northville residents now living in Wheeling, Illinois.

Parents of the future bridegroom are Mr. and Mrs. Paul Vincent of Plymouth.

The bride-elect, a 1969 Northville High School graduate, now lives in Plymouth and is employed at Demery's in Farmington. Her fiance is a 1969 graduate of Plymouth High School and attends Schoolcraft College.

A March 20, 1971, wedding date is set.

Folino Blocks Agreement

Land Exchange Tabled

A proposed property exchange agreement between the city and Northville Downs was shelved Monday night when Councilman Paul Folino took issue with a routing change for the proposed Griswold Street extension that previously had not been brought to his attention.

The agreement would have formalized an exchange of property between the city and the Downs to permit the extension of Wing Street and Griswold Streets.

However, Folino noted that the agreement also would fix the route of the Griswold extension in a slightly different course than originally proposed to the council and it would establish the route before the council has formally approved it.

Folino, who apparently found no fault with the agreement itself, was nevertheless miffed that the proposed route had been changed without his knowledge. He conceded that final engineering may alter again the exact location of the roadway but he was opposed to giving up any portion of land to the Downs without knowing the final route.

"This is another example of something the full council is not made aware of. I am one of five men on the council and should be made aware of these (matters) before changes are made."

City Manager Frank Ollendorff, out of town on a week's vacation, was not present to answer Folino's comments which apparently were aimed at the city manager.

Mayor pro-tem Wallace Nichols, sitting in for A. M. Allen, who also was out of town on an excused absence, labeled Folino's assertions as "nitpicking" but nevertheless agreed to table the matter for two weeks.

In exchange for road right-of-way property and \$8,000, the Downs was to receive, under the agreement, part of the Art Carlson property at the south end of Wing Street and one lot and part

of another near the Beal Street substation of the Detroit Edison company.

In turn, besides the \$8,000, the city would receive the west 50 feet of three lots at the end of Wing Street and portions of two lots needed for the extension of Griswold from Main to Beal.

Specifically, Folino objected because the agreement would fix the

western boundary of the Griswold right-of-way immediately along Detroit Edison property—a dozen feet or more west of where the roadway was originally proposed in preliminary drawings. As originally planned the route would leave a thin strip of land between the roadway and Edison property and would require more of the land the agreement proposed to give up to the Downs.

Spring Thing!

Jacqueline CONNIE "opened-up looks"

Want to know what's new in fashion footwear? Del's Shoes knows! All eyes are on the snappy new opened-up looks for both play and dress. Now you can swing again in slingbacks, or go totally bare in higher-heeled sandals that wrap your feet in handsome bands of leather. In the new Jacqueline-Connie collection at Del's, you'll find fashion material doing new things... like sandals and playshoes in canvas and denim, and creamy pastel suede footwraps... all great new opened-up looks. Pick your favorites today.

Child Safety Drive Starts

It's "Patch the Pony" time again in Novi—the safety warning to children to avoid strangers.

Sponsored by the Novi Jaycee Auxiliary through public donations, this year's message will go out to elementary school children as well as Novi's Co-op Nursery School. Last year "Patch" reached 500 children in Novi elementary schools.

A color filmstrip and leaflets tell about a little pony who saves a small boy from being enticed into a stranger's car. Patch calls out, "Nay, Nay, from strangers stay away." This phrase is Patch's message to children—much like Smokey's familiar, "Only you can prevent forest fires."

The film is scheduled to be presented to parents of nursery school youngsters today (Thursday at 8 p.m. at the Living Lord Lutheran Church on

10 Mile Road. Nursery schools children will be seeing Patch via filmstrip and record today and tomorrow.

Last year's program was supported through donations from businessmen and local professional people. Anyone wishing to support this year's program is asked to send their donations to the Novi Jaycee Auxiliary, care of Mrs. Douglas Thrush, chairman, 23861 West LeBost, Novi.

Split Service Slated For Methodist Move

A Christian procession, led by flag bearers, will highlight the move of Northville United Methodist Church to its new educational building on Eight Mile Road at a split service this Sunday morning.

The service is to begin at 9:30 a.m. in the church on West Dunlap Street. Children and youth of the congregation will participate with adults in the unusual Service of Transfer. There will be no church Sunday school as children are to join in the family service.

The Reverend Guenther Branstner, pastor, announces that the opening part of the worship service will include a Service of Deconsecration. Then a procession will be formed to take the congregation out Center Street to Eight Mile Road west to the new building.

Mrs. Wilfred Becker, chairman of arrangements for the moving day service, explains the service will be concluded in the new facility and that a tour and luncheon for all attending will follow.

"It will be a family house

warming' rather than a dedication," she stressed, pointing out that church is moving to the newly completed educational building and that the formal dedication will be held when the new sanctuary is completed.

A last Holy Communion will be held in the present church from 7:30 to 9 p.m. this Saturday. The church, Reverend Branstner announced, will be open for quiet meditation with members and friends invited to stop in and remain as long as they wish and to receive the Sacrament.

Ralph Gallagher, chairman of the building committee, reported that volunteer manpower is being sought to move supplies and furniture this Saturday. The moving is to start at 8 a.m. and continue until completed. Men interested in helping should call the Church office, 349-1144.

Because the piano and organ will be moved by Sunday to the new

4-H Girl Invited East

Cindy Balko, a junior at Northville High School, is one of 38 Four-H members from all parts of Oakland County making plans to spend a week this summer with a family in Bennington County, Vermont.

She is the daughter of Mr. and Mrs. Howard Balko, 52730 West Eight Mile Road. Cindy is familiar with the Four-H program as two brothers have preceded her on exchange trips.

If the Four-H group is able to raise the more than \$3,000 needed for travel and meal expenses, the young people will spend the week of July 25-31 in homes on farms or of urban Four-H members.

Delegates were chosen on the basis of achievement records. Cindy's were awarded from raising, training, grooming and showing her Holstein cattle. She also has shown poultry, cooking, art, woodworking and flowers in Four-H competitions. She has been in the program almost seven years and assisted in organizing the "Lyons Four-H" club for which her mother is the general leader.

To help with expenses of the Vermont trip, she and other members are selling tickets for drawings for two sides of beef and for a color television. Donation is \$1 and anyone wishing to help by purchasing is invited to call her at 349-0968. Three winners will be drawn May 23 at the Four-H Fairgrounds.

location, the service at the old church will begin with the congregation singing "Faith of Our Fathers" accompanied by a brass choir.

Cornerstone for the church on Dunlap Street was laid in 1885 during the pastorate of the Reverend J. M. VanEvery. The original Methodist church on the site was begun after the property was purchased almost exactly 137 years ago on March 17, 1834, from William and Sarah Dunlap, who then owned nearly all the land on the north side of Main Street, for the sum of \$50.

This church was dedicated in the early part of September, 1839.

Sunday's service is being planned to keep the continuity of the old and the new.

Church youth leaders will carry flags in the procession to the new building. Cindy Cook, vice-president of the Junior High Youth, will carry the Christian flag while Jon Steimel, Senior High group president, will carry the American flag. Lighted candles will be carried from the altar and placed in the new church.

Reverend Branstner will carry the pulpit Bible with Wilfred Becker, lay leader, carrying the altar cross to be placed on the new altar.

Worshippers will be asked to carry with them their hymnals to sing "God of Our Fathers" and "Onward Christian Soldiers" in the second part of the ceremony.

The congregation will follow the minister, church leaders and choir in the procession. They will be asked to drive in their own cars forming a procession from the Kroger parking lot to the new location. If the weather permits, Mrs. Becker said, young people may walk. City police will escort the procession.

Assembling on the dais with the Reverend Guenther will be Building Committee Chairman Gallagher who is to accept the symbolic key from William P. Lindhout, architect. Gallagher then will present it to James Bishop, chairman of the trustees.

Other members of the administrative board of the church who will take their places in the front rows will be Adelbert Heath, chairman of the administrative board; Essie Nirider, committee of ministries; Beecher Todd, finance chairman; Robert Taylor, treasurer; Lay Leader Becker; Mrs. Warren Fittery, WSCS president; Mrs. Walter Nichols, Wesleyan Service Guild leader.

Others will be the standing committee chairmen, including Mrs. William Cansfield, ecumenical affairs; Mrs. L. M. Lancaster, education; Oliver Collins, evangelism; Frank Zimmerman, missions; Mrs. Michael Herrick, stewardship; and Mrs. Kenneth Cockin, worship.

After the short sermon and benediction at the new building, the congregation, Branstner said, will be given "an unhurried time to wander about and examine a new building before a light lunch will be served by the women of the church."

METHODIST MOVE—In a split service at 9:30 a.m. this Sunday morning, the congregation of Northville United Methodist Church will assemble in the building at West Dunlap and Center Street for a service that will move to the new educational

building (above) on West Eight Mile Road. The service will conclude there with a short sermon and benediction. A formal consecration will be held when the new sanctuary is built.

City Council OKs Recreation Budget

Northville's proposed 1971-72 fiscal budget received the formal approval of the city council Monday night and now awaits the ratification of the township board.

Township officials are expected to approve or disapprove the budget at their March 9 meeting.

City councilmen acted quickly in approving the proposal following presentation of a 1970-71 wage break-down by activities as requested by Township Trustees Bernard Baldwin and Leonard Klein at a joint city council-township board meeting two weeks ago.

Recreation Director Robert Prom

has submitted the same break-down schedule to township officials.

The budget calls for a total outlay of \$41,992.15—or \$3,810.55 more than 1970-71 expected expenditures. The city's share of this cost, based on the number of city residents participating in the recreation program, is put at \$18,997.36, while the township's share is pegged at \$14,054.79.

In supporting Councilman Paul Folino's strong recommendation for approval, Councilman Kenneth Rathert noted that while the budget has been increased slightly the city's share of the overall projected expenditure is down on a percentage basis.

Expenditures in 1970-71 are put at \$20,233.27 for the city, \$9,842.73 for the township.

In a related matter, Rathert and City Attorney Philip Oglvie reported that the best method of assuring the township continued use of the scout-recreation building would be through a lease arrangement with the recreation department.

The township had voiced concern that while it, through the recreation budget, is asked to share maintenance and repairs of the building, it has no assurance that its investments give township residents continual use.

Two weeks ago it was suggested by city officials that perhaps the township

could be made a part owner, of the building. However, Oglvie said Monday this method of resolving the problem might become legally sticky and he suggested instead that the recreation department be given a 10-year lease at a token annual cost of \$1.

Since the department is jointly operated by the city and township this kind of arrangement should allay any apprehensions the township might have, he said.

The attorney was directed to submit a letter of proposal to Township Supervisor Gunnar Stromberg.

In still another related matter, the council acknowledge receipt of a "thank-you" letter from Steve Knapp, president of the Northville High School Ski Club, who extended club appreciation to the city for its payment of transportation cost of ski club members during the past season.

Seniors Get Art Awards

Art works of two Northville High seniors are currently being shown in the Scholastic Art Awards exhibit now on display at Crowley's downtown store.

Ann Kipfer received two gold key awards for her entries in transparent watercolors and mixed media. Her watercolor also won a blue ribbon and will be sent to New York for judging in the national exhibition.

In 1970 Miss Kipfer was awarded a certificate of merit and in 1969 won a gold key for her art entries in the show.

Betty Jo Terry received a certificate of merit award for her entry in mixed media. Both girls said they would like to pursue art as a career after they graduate from Northville High this year.

The Scholastic Art Awards exhibit represents the best works selected from more than 4,000 entries by art students in southeastern Michigan, Roy Pederson, high school art instructor, said.

Pederson is currently represented by two of his stoneware ceramic works in the 12th Annual Mid-Michigan show being held at the Midland Center for the Arts in Midland. He has also been invited to conduct an all-day workshop in ceramics for Essex County Potters Association in Windsor, Canada, on Saturday.

Chizmar Gets Principalship

Appointment of William Chizmar as principal of Elwell Elementary School, Belleville, has been announced by Dale E. Kaulitz, superintendent of the Van Buren School District. He is the son of Mr. and Mrs. William Chizmar, 19360 Maxwell, and is a 1959 graduate of Northville High School.

A graduate of Eastern Michigan University, Chizmar had been serving as principal-teacher at Denton Elementary School in the VanBuren district since the 1969-70 school year. He succeeds the late Carl Simmons, who died in December, as full-time principal at Elwell.

In moving to Elwell, the new principal returns to the school where he taught for four years before moving to Denton a year and a half ago. He was chosen from three finalists for the position. A total of 40 applications had been received for it.

Chizmar, his wife, Peggy, and two children live at 167 Wallace Drive, Saline.

Novi Police Raids Net \$5,000 in Drugs

Six men ranging in age from 19 to 24 were arrested Monday by Novi police on charges of possessing narcotics.

Seized at the same time was "a large quantity of narcotics and dangerous drugs" worth, according to police estimates, upwards of \$5,000 in street sales.

The six were released Tuesday afternoon pending prosecutors consultation.

Police said Tuesday afternoon that charges would be decided upon and an arraignment held before Friday. They said the six would no doubt stay in the area as flight would confirm their guilt in the eyes of the court.

The arrests came in two separate actions, the first resulting from a tip called to the Novi station early Monday afternoon, and the second as a result of evidence gained in that arrest, combined with the results of two

weeks of intensive surveillance of a 12 Mile address carried out by Novi narcotics officers.

Arrested Monday afternoon were Richard Stanley Wlodkowski, 24, Stanley Joseph Sopka, 23, both of Romeo, and Ronald Arthur Rafferty, 19 of Allen Park.

Police made their move as a result to a tip given them over the phone, indicating a substantial buy of narcotics would be made Monday afternoon at 40101 12 Mile.

The house had been under surveillance since February 15 when a routine property investigation revealed a breaking and entry at that address.

In the process of investigating the crime, according to reports, police observed "narcotic paraphernalia" scattered about the home.

When Wlodkowski, Sopka and Rafferty were stopped on the road after leaving the house, Sopka, the driver, of their car, was found to be in possession of a quantity of hashish, a narcotic, according to police.

The three were transported, along with their car, to the Novi station where the vehicle was searched.

"A large amount of narcotic and 'dangerous drugs,' were found in a potato chip bag under the front seat and officers were led to believe that a similar quantity existed at the residence on 12 Mile.

Police went back to the house at 9:30 Monday evening and found another quantity of "narcotics and dangerous drugs" inside.

Arrested for possession at that time were residents Kenneth Allen Moase, 20, Michael Kenneth Goulet, 23, and Larry Steven Meholic, 22.

Seized in the car and at the house were quantities of hashish and Tetra Hydro Cannabinol (THC), classified as a dangerous drug by police.

The house had been rented in December, police report, by an unmarried couple, Ken Gross and Linda Nathaniel, who lived in it until they left for Florida on vacation February 12.

At various times there were as many as six people living in the house, police said.

When Gross and Miss Nathaniel left Nov they also requested police keep a check on the house to insure against burglary.

It was in accordance with this request that police were checking the house when they discovered the break-in.

The house and nearby garage were searched by Novi narcotic officers and quantities of narcotics and paraphernalia found on the premises at that time.

The house was closely watched by officers for the next two weeks.

Thursday, Meholic returned to Novi and reported losses sustained in the break-in.

He itemized for police \$4,000 worth of musical instruments and supplies which were allegedly stolen.

At that time police advised him that they had found narcotics in his

house and that "he would be contacted at a later date" concerning the matter.

Police have not ruled out the possibility that the break-in may have been in some way connected with the narcotics later found in the house, but so far, according to Detective Lieutenant Richard Faulkner, investigation has turned up nothing concrete.

\$5,000 HAUL — Hashish (three packages in the center) and THC (bags of white powder) would have brought upwards to \$5,000 on the street, according to police estimates. The "narcotics and dangerous drugs" were seized Monday by Novi Police in two separate but related arrests. The money in the background, more than \$1,000, was found on one of the six persons arrested.

Council Holds Firm On Minimum Lot Size

Novi councilmen decided Monday night to stick with ordinance regulations that specify 60 feet as the minimum width lot on which a building may be constructed.

The move was a concensus taken in answer to a request from local land owners Michael Fedak and Seymour Eichenhorn to build on 20 and 40-foot lots they own in the vicinity of Walled Lake.

The two told councilmen Monday night that the land had been platted in 1927 and that they had owned it for three years.

They noted city ordinances as saying "lawful use of buildings or land at the date of this ordinance (those specifying 60 feet) may be continued."

They maintained that since the land had been platted in the '20's, and because the area was serviced by streets maintained by the city, "the land use must be lawful."

Mayor Joseph Crupi was adamant. "I don't want to see a 40-foot subdivision in this area," he said.

In an informal opinion Councilmen Edwin Presnell, Denis Berry, Raymond Evans and Louis Campbell agreed with him.

In other business Monday night councilmen listened to, and carried on a lengthy discussion concerning pavement of roads in Novi.

Council has been plagued in recent weeks by complaints of heavy construction trucks using Meadowbrook and Nine Mile roads in the area of Meadowbrook Lakes and Village Oaks.

Reports that the heavy, double-bottom trucks have been tearing up the roads have resulted in "no truck" and "no thru truck" signs being posted by police along Nine Mile and along Meadowbrook.

Ron Birou, former president of the Meadowbrook Lakes Homeowners Association, was on hand Monday night and complained that he had observed two of the trucks crossing the dangerously undercut bridge along Nine Mile near Meadowbrook Lake.

The subject of paving Meadowbrook Road came up but it was pointed out that the city could not initiate such a project.

Councilmen suggested that interested citizen groups obtain petitions from city hall and circulate them along the cityzenry.

Councilman Raymond Evans pointed out that by decision of a former council, there was a priority list

set up for the paving of roads and that Taft road, between 10 and 11 Mile, was at the head of it.

Meadowbrook, Evans said, was second on that list.

In still other business Monday, councilmen:

— Listened to questions concerning a sewer retention tank to be built as part of the current Oakland County sewer expansion project in the area of Meadowbrook and Nine Mile roads.

Earlier discussion revealed that plans were being considered for a lidless tank.

Mayor Crupi said communication from the county indicated that the tank would not be used until the sewer program reached its full capacity and that when it was used it would be

covered, using monies that are currently available.

— Authorized City Manager Dallas Zonkers to spend \$820 in the purchase of a steam culvert cleaner.

The city, according to Zonkers, will receive \$100 in discounts for past rental fees that count toward the purchase price.

— Designated Manufacturers Bank as a second depository of the City of Novi. Original depository is the National Bank of Detroit.

Manufacturers has two offices in the area — Northville and Farmington.

— Authorized Zonkers to determine the cost figure for engineering drawings concerning a water line proposed through Novi into the City of Wixom.

Novi Auto Parts Back in Business

Novi Auto Parts, destroyed last week in a pre-dawn blaze that drew fire departments from four surrounding communities, re-opened today in a new location with new and salvaged stock.

The new building is located at 43450 Grand River at the corner of Novi Road.

Donald Tuck, one-third owner with his father Walter and brother Harold, said Saturday that "the community has been wonderful in terms of offers to help. Anything that we need...we've been flooded with offers."

Servicing the entire area, as far away as Brighton, Commerce, Farmington and Plymouth, with auto parts and engine rebuilding facilities, the firm's former location was wiped out early last week in what firemen termed "one of the worst fires we've ever had in Novi."

The flames took a toll estimated by Tuck at \$250,000 in office equipment, inventory and damage done to the building.

"We're going to rebuild on that site," said Tuck. "We'll be in a new building hopefully before winter."

It was a grueling week as Tuck, his father and his brother worked to salvage several custom made boring and grinding machines as well as some 10 to 25-percent of the firm's original stock from the ruins of the fire.

"Everything else is gone," Tuck said. "We had a license plate collection that was famous in this area.

"We had a sample of every plate back to 1910 when the state started making them. That's all gone. It can be refinished, but it'll never be the same."

NEW QUARTERS — The Tucks (from left), son Harold, father Walter, and son Donald were prepared to reopen their 50-year old business today in temporary quarters near the corner of Novi and Grand River. Friends and neighbors worked through the weekend and most of last week to get this building ready following last week's fire that destroyed Novi Auto Parts' former location.

Master Plan Set for Hearing

Novi planners set two public hearings and asked for two opinions at their regular business meeting last week Wednesday.

Planners are set to consider a revision to the Walled Lake area master plan April 5 concerning land use and zoning regulations.

A request from Victor Almas to rezone property on Haggerty Road, south of 10 Mile, from single family residential to multiple housing, with a strip of professional office along the 360 feet fronting Haggerty Road, will be considered on March 31.

In other business planners asked a legal opinion from City Attorney Howard Bond regarding a letter from attorneys Cooney and Cooney considering a stable to train trotting horses.

Planners were uncertain as to what zoning district the proposed facility would fall under.

Additional reports were requested from planning consultants Vilcan-Leman and Associates as to procedures to be followed in rezoning the remainder of agricultural property located within the city.

Coupon Drive Planned By Jaycee Auxiliary

March will be "Betty Crocker Coupon Month" in Novi schools, according to the Novi Jaycee Auxiliary.

The auxiliary will leave canisters in all elementary school classrooms and encourage children to clip the coupons and deposit them during the school day.

The coupons are redeemable for cash to buy artificial kidney machines by General Mills, say co-chairmen Mrs. James Cherfoli and Mrs. Dick Jensen.

"It takes 60,000 coupons for one machine and to date the Michigan Jaycees have been responsible for buying 14 machines," Mrs. Cherfoli said.

The drive will continue until April 5 with similar canisters located in local grocery and drug stores "so that residents can deposit their coupons as well," said Mrs. Cherfoli.

Last year, she noted, the Novi Auxiliary obtained more than 43,000 coupons.

Spells 'Phlegm' To Win JH Bee

Kim Brines, eighth grade daughter of Mr. and Mrs. Alwood Brines of 23890 Meadowbrook, Novi, won her second title in the annually sponsored Detroit News Spelling Bee held Thursday at Novi Junior High School.

With the victory, earned by spelling the word "phlegm," Kim entitled herself to a slot in the district competition.

Runner-up was Vicky Kuick of 41881 Quince.

Seventh grade winner was Carol Rosey of 23005 Ennshire.

NOVI HIGHLIGHTS

by Mrs. H. D. Henderson
349-2428

Mr. and Mrs. William McGarry of Nine Mile Road are hosting an exchange student from Recife, Brazil. His name is Antonia Maciel, Jr., but the McGarrys call him "Tony". He is attending Novi High School where he is a senior. He will be staying at the home of the McGarrys until July 6.

A group of relatives visited at the home of Mr. and Mrs. Thomas Macaluso this past Sunday. They were Mr. and Mrs. Ray Mitten and family of Warren; Mr. and Mrs. Bernard Mitten and son of Detroit; and Mr. and Mrs. August Radloff of Southfield.

Mr. and Mrs. Rex Smith spent the weekend with their daughter's family, Mr. and Mrs. Lewis Perry and children, in Williamston.

Sunday company at the home of Mr. and Mrs. Robert Devine were their nephew and family, Mr. and Mrs. Nick Muelrath and daughter of Detroit, grandson and family Mr. and Mrs. Terry Zapfe and children of Novi, and Mr. Devine's brother and his wife, Mr. and Mrs. John Devine of Ann Arbor.

Mrs. Jetti Brewer underwent major surgery at the Osteopathic Hospital in Pontiac one day last week. This is the third time in the past three months that Mrs. Brewer has been in the hospital.

Mr. and Mrs. Jack Anglin recently spent three weeks in Old Mexico. Among the places they visited were Puerto Valarta, Leon, Guadalajara, and Mexico City.

Jack Anglin Jr., and James Needham are back home again after a

10-day trip to Florida, that was spent sight seeing.

On Sunday a birthday dinner was held at the home of Mr. and Mrs. Ed Behrendt. Birthdays celebrated were Mrs. Behrendt's March 1st, and her son-in-law, Floyd Darling's birthday date of February 28. All members of the family were present for the occasion.

Mr. and Mrs. Lawrence Smith and family are nicely settled in their new home at Spin Lake, Danners, Illinois. They are not too far from Normal, Illinois, where the former pastor of the Novi Baptist, The Reverend Paul E. Barnes, now preaches. So the Smiths take an active part in Mr. Barnes' church on West Harvey Avenue in Normal.

Edith, twin sister of the late Ethel Smith of Novi, is seriously ill in the hospital at Adrian.

Mr. and Mrs. James Frisbee and son, Ron, have returned from two weeks of vacation in Florida.

After two weeks in the Redford Community Hospital Mr. Louis Tank returned to his home in Novi on Monday.

Mrs. Dolores Lamont, 26065 Whipple, Novi, is resting in St. Joseph Mercy Hospital in Ann Arbor with a heart condition. Her family reports that visitors are welcome.

UNITED METHODIST CHURCH OF NOVI

On the first Sunday in Lent, members and guests were greeted by Mr. and Mrs. Lawrence Boyd. Acolyte for Sunday was Steven Bell.

Several youths from the M.Y.F.

turned out and did a fine job of cleaning the church on Saturday.

Whitehall worship service held at 2:30 p.m. Members are still needed to share in this service.

Weekly Lenten dinners will be held each Wednesday beginning at 6 p.m. with the W.S.C.S. making the dinner arrangements. The program will follow at 7 p.m. A nursery for children through grade three will be provided by the youth, March 3rd.

Mrs. John Culham will give a picture tour of the grounds and work of the Methodist Children's Home Society after the Wednesday evening dinner, March 10.

Also entertaining will be Harold and Jane Humboldt, laymen from Farmington United Methodist church who will bring artifacts, pictures and a talk about why they spent three years as missionaries in Southern India and what they accomplished.

Next Sunday's Sermon Topic will be "Are You Listening?"

Friday at 1 p.m. World Day of Prayer is scheduled at Our Lady of Victory Church in Northville.

FIRST BAPTIST CHURCH OF NOVI

The pastor's sermon last Sunday was entitled "Loneliness," with Scripture reading from Philippians 1.

The Mission Committee met last Sunday evening in the pastor's study.

Thanks go to Bill King for building storage cabinets for the Sunday school rooms; to Art Karschnick for starting on the door locks; and to Roy Fink who has been busy with the painting of the church office.

A lovely note of thanks and appreciation was received from Art and Ella Karschnick for the surprise luncheon held for them in Flint Hall honoring their 25th wedding anniversary.

Due to the winning of the Women's Retreat on March 12, 13, and 14, the Vera Vaughn Circle will not meet March 9, but instead on March 16. The time is 7:30 p.m. Meeting place will be announced in the morning worship service. All ladies of the church are encouraged to attend this meeting.

HOLY CROSS EPISCOPAL CHURCH MISSION

At the regular Sunday morning service, acolytes Arthur Greenlee and Glen Kundrick assisted Father Harding.

The Roaring Seventy, young people, met Sunday evening in the Parish Hall. Grades 7-12 are invited to attend these meetings.

Every Wednesday during Lent, Holy Eucharist will be celebrated at 10:45 a.m., as well as at the mid week Lenten service.

On Friday afternoon the E.C.W. will attend the World Day of Prayer service in New Hudson.

Saturday at 9:30 a.m. the Junior Confirmation class is scheduled at the church throughout the Lenten season.

Flowers in the sanctuary were given in memory of Mr. Howard Chapman and Ella Garside by Mr. and Mrs. Lou Campbell.

Members of the church are preparing a new church directory. Members of the church will be contacted by the special committee.

ORCHARD HILLS BOOSTER CLUB

The Orchard Hills School Booster Club members wish to remind people in Novi that "The Magic Tinder Box," a live play, will be shown at Novi High School March 25. Tickets may be purchased now from Ginger Gillick, 349-9967, or from Sharon Pelchat, 349-3096.

NOVI GOODFELLOWS

The Novi Goodfellows met at the Rosewood last week. After a potluck supper, a business meeting was held. The following new officers were elected:

President—Leon Dochot; treasurer—Thomas Macaluso; and secretary—Joyce Brewer.

Retiring President Eugenie Choquet was presented with a plaque. Projects for the coming year were discussed.

BLUE STAR MOTHERS

Novi Chapter 47 will meet today (Thursday) at the home of Alice Ritter on Taft Road at 11 a.m.

After the business meeting, a dessert luncheon will be served

NOVI REBEKAH LODGE

The 104th Annual Rebekah Club met at the hall at 10 a.m. on Monday to sew on articles for the bazaar. Mae Atkinson was hostess for the day.

Several Rebekah sisters attended visitation at Royal Oak Monday evening.

At the regular meeting last week the Lodge was honored by a visit from Annabelle Larson, past president of the Rebekah Assembly of Michigan. Mrs. Larson is now living in Novi's Willowbrook subdivision.

The I.O.O.F. regular meeting will be held March 9 in the I.O.O.F. Rebekah Hall.

NOVI CUB SCOUTS BLUE AND GOLD BANQUET

Novi Cub Scouts Pack 54 held their annual Blue and Gold Banquet at Roma Hall, Livonia on February 25th. It was history, with over 300 Cubs, parents and guests attending.

Richard Jensen, institutional representative, introduced members of the pack committee and guests.

Guests included Mr. and Mrs. Ed Goetz, Ottawa District Scout executive; Warren Smith, assistant district commissioner; and Mr. and Mrs. Russell Taylor, honorary father and mother of Pack 54. Mrs. Taylor recalls "the good old days" of 20 years ago, when she served as a Den Mother with the newly formed pack. The pack has remained under the sponsorship of the Novi Rebekah Lodge since its formation. Appreciation for their interest was expressed by Mrs. Taylor and Mr. Jensen.

Mr. Goetz gave the Invocation following the posting of the colors by members of the Webelos Den.

Cubmaster Richard Barbara and awards chairman Mel Lindley presented achievements awards to 48 Cubs who climbed the cubbing ladder into a higher rank or who accomplished achievements within their rank.

Achievements from Bob-cat to Wolf were: Brent Boudreau, Paul Kirkland, Frank Leuck, Kenneth Loynes, Jeff Mitchell, Mark Ortwine, Jim Pazzderski, Tom Peterson, Mike Stutton, Paul Wyock and Mike Grumm.

From Wolf to Bear: Gary Anthony, Scott Barbara, Gregory Cain, Tom Darling and Danny Main.

Jeffrey Jensen and Mike Coons were welcomed into the packs as Bobcats. In a brief induction

ceremony, shared with their parents, the Bobcat pin was pinned on their shirts upside down, to be turned right side up only after they have done their first good turn.

A total of 29 Gold and Silver awards for extra achievements within their ranks were awarded to Richard Jensen and Arthur Neil.

During the program Mrs. Clifford Kirkland led the group in singing "The Star Spangled Banner" and such old Cub favorites as "Hail to Cubbing."

Den Mothers, and committee members recognized were: Den 1—Darleen Smith; Den 2—Marie Grumm; Den 4—Dorothy Veil; Den 6—Susan Swan; Den 7—Wanda Discher; Den 8—Myrna Henderson; Den 9—Emily Jensen; Den 10—Elmyra Wyock; and committee members: Richard Jensen, Arthur Veil, Ron Pazzderski, Richard Lippert, Mel Lindley, Leonard Gurka, Richard Barbara, Mary Pazzderski and Dolores Laverty.

The Cubby award for the best Cub and parent attendance went to Den 1—the Genius Award for the best table decoration made from the genius kit presented to all the cubs was presented to the winner from each den.

The program was rounded out by the showing of a color movie on Cub Scouting on the Arizona Desert by Mr. Goetz.

During the brief business meeting it was announced that because of its size—more than 75 boys—the present pack will be split into three packs according to school attendance at Novi Elementary, Orchard Hills and Village Oaks. Details pertaining to the newly formed packs will be announced after their charters have been obtained about April 1st.

NOVI SCHOOL MENU

Monday—Barbecue pork on bun, hash browned potatoes, lot vegetable, cookies, and milk.

Tuesday—Spaghetti, hot rolls, butter, carrot and celery mix, fruit and milk.

Wednesday—Roast beef, mashed potatoes, gravy, bread, butter, buttered corn, jelly and milk.

Thursday—Hamburgers on buns, potato chips, buttered green beans, pineapple upside down cake, and milk.

Friday—Tomato soup, crackers, grilled cheese sandwiches, carrot strips, fruited jello and milk.

Wixom Newsbeat

Lahde Wins Award

By Nancy Dingeldey
Apples and accolades to a special young man on the Wixom scene, Jim Lahde. He has earned an honor that many strive for and few attain. Jim was named the "Outstanding Young Educator of the Southfield Schools" which is given annually by the Southfield Jaycees. He received the award on February 11, and was chosen because of his "commitments to his students, his community and his profession".

Jim is currently on a sabbatical leave from the Southfield Schools studying landscape architecture and planning at the University of Michigan. He also is working on site development for some of the existing schools in the Southfield system.

Fortunately, Jim's talents are put to good use here in Wixom—he is currently a member of the city's planning commission.

The "Interlake Masquers" have been hard at work this past week with last minute rehearsals and preparations for their first play which will be staged this week-end.

"Good Bye, My Fancy" can be seen Friday and Saturday nights, March 5 and 6 at 8:15 in Walled Lake Western's Auditorium. Tickets are available at the door—\$1 for adults and 50 cents for children. The "Masquers" would like to see a full audience, so try to attend.

On Saturday evening, the Wixom Baptist Church had its annual Father-son Banquet, with at least 200 people gathered for the traditional time of fellowship. A quartet and fetes of magic were performed by the Reverend Al Barr. This is a very popular evening for the men and boys of the Church and as in past years, it was a resounding success.

Competing for the first time in the State Ski Meet held in Marquette last week found Western's ski teams doing a very commendable job. Fighting the elements both up and back didn't dampen the spirit of the teams which have been together only two years.

The boys' team captured a sixth-place in the state while the girls latched onto ninth. Individually, Frida Waara took twenty-second in the slalom. Great work by a group of dedicated youngsters, many of whom will return next year.

Congratulations to some very happy grandparents. John and Loraine Miner have a new granddaughter, Carrie Edith Clinansmith.

Marge and Lloyd Preston have a new granddaughter, too—Elizabeth, born to Nancy and Chuck Lozon of Milford.

Art Cronin is still hospitalized at the VA Hospital in Allen Park and although he's feeling somewhat better

after his surgery last week, he will be remaining there for the next several weeks. If you can't get out for your St. Pat's shamrocks Art, we'll just have to send them to you.

For those of you who battled the lines and the miserable weather at the Dog Clinic last Saturday, I can tell you why the line seemed like it would never end—650 dog licenses were issued! That was really a sight—dogs of all shapes and sizes and colors. The PTA coffee wagon was a welcomed sight to a lot of people—and even some dogs. One little boy bought some donuts for his pooch. He made sure one was chocolate because he just "knew the dog wouldn't want it and then he could eat it".

Overheard at the "tag" counter—"your 'bone' number please?". That was towards the end of a long day.

Florence Trombley returned last week from an eight-day stay in Fullerton and Anaheim, California. She and her sister, Mrs. Eleanor Bourgeois flew to the west coast to visit Carol and Guy Bourgeois, who are former Wixom residents. Carol was hospitalized and that was the main reason for the trip. However, Florence said they did get a chance to do a little sightseeing, some shopping and relaxing. She mentioned that they arrived there a few days after the earthquake and although the Bourgeois live some 80 miles from the quakes center, they still felt the shock.

My sister Florence, who lives in Northridge, California wrote after the quake that the noise and shaking sensation was indescribable. They were but three short miles from the quake's center. Fortunately, their home was not damaged but they were without water and phone service for several days.

Last Thursday will be a day long remembered by the members of the city council and the mayor who journeyed to Lansing for the Michigan Municipal League's two day meeting.

Mayor Willis, Sylvia and Val Vangieson, Elwood Grubb and Bob and I walked out of the closing luncheon and onto the scene of the blaze that destroyed the 95-year old Plymouth Congregational Church. The halls of the Capitol building were filled with smoke as we made our way to Senator Carl Pursell's office. We were to have been introduced on the floor of the Senate that day but because of the smoke, the session was adjourned almost as quickly as it was brought into session.

During the time in which the men were waiting to see Representative Clifford Smart, I stood on the steps of the Capitol and watched the blaze. At one time the flames were shooting 30 feet into the sky and because of the direction of the wind, ashes, soot and water were reaching the crowd I had joined on the steps.

It was fantastic watching the

firemen battling the blaze, all traffic rerouted and sirens screaming while the flames kept eating away at the landmark.

When the flames reached the steeple, a gasp went up from the crowd and then everyone watched as they belched out of the bell tower like a huge blast furnace. The hoses were then turned on the street and it was flooded just seconds before it crashed. Meanwhile, other firemen were busily placing hoses around the Capitol while others made their way into the Capitol and then up to the roof.

We finally got our car out of the parking lot that was adjacent to the Church and made our way home. It was truly an experience to remember.

ORDINANCE NO. 18.150 AMENDMENT TO ZONING ORDINANCE OF CITY OF NOVI

THE CITY OF NOVI ORDAINS:

PART I. That Ordinance No. 18, known as the Zoning Ordinance of the City of Novi, is hereby amended by the amending of the Zoning Map as indicated on Zoning Map No. 150 attached hereto and made a part of this ordinance.

Police Blotter

Two of Trio Await Sentencing

In Northville . . .

A Ferndale man who recently moved from Northville, waived examination Thursday and was bound over from 35th District Court to Oakland County Circuit Court on charges of statutory rape and gross indecency.

Robert J. Gotro is scheduled to appear Wednesday for arraignment before Circuit Court Judge William Beer.

Two charges against Dale Wolfram, 758 Grace Street, and one charge against John H. Britton, 224 Linden Street, were dismissed Thursday in district court after the two pleaded guilty to reduced charges of accosting and soliciting a minor for immoral purposes, court officials said.

Wolfram and Britton were referred to the Oakland County probation department for a pre-sentence investigation, according to court reports. The charges were brought against the men by the father of a 15-year-old girl.

Police investigated the break-in of a home at 410 West Main Street last week. According to reports, Mrs. Elaine Dralle said she found a drawer removed from the bathroom and dumped on the living room floor when she returned home. Broken glass from a window in the door was also found in the living room, investigating officers said and footprints were found outside the home. Nothing was reported missing. The time of the break-in was placed between 8 p.m. and 11:20 p.m. February 23.

A 15-year-old Northville youth was taken to St. Mary hospital Friday night with severe arm and eye lacerations after he ran through a plate glass window.

Police reports stated the youth was attending a party at 1027 Jeffrey Drive when he was injured at about 10:45 p.m. Four witnesses told police the youth had been drinking earlier in the evening, left the home and went outside, running at the window three times but stopping each time, according to police reports. The witnesses stated to police the fourth time he ran at the window he broke through the storm and picture windows of the home.

Investigating officers found an empty wine bottle and plastic container in shrubs outside the home. They have been sent to the State Police Crime Lab for analysis, police said.

According to a hospital spokesman, the youth may lose sight in one eye due to the extent of injuries sustained.

Forty-five books of Top Value stamps valued at \$110 were reported stolen from the Boron service station on Eight Mile and Taft roads.

According to police reports, the theft occurred between 9:30 p.m. Thursday and 6 a.m. Friday.

A 15-year-old student at Northville High told police a gold wrist watch valued at \$83.90 was stolen while he was in gym class Friday.

Don Morrison, Monroe, reported a coat and bowling equipment valued at \$180 was stolen from his car Friday night while it was parked at Northville Downs.

Police investigated a break-in at an apartment at 112 East Dunlap Street on Monday. The occupant of the apartment, James McCann, said nothing was taken in the break-in.

Investigating officers found holes in the wall between McCann's apartment and the adjoining apartment. Time of entry was placed between noon and 4 p.m.

A half-gallon of whiskey valued at \$11.64 was stolen from Spagy's Grocery Friday. A clerk in the store told police she saw two youths run out the rear door but did not realize they had stolen anything until she checked the store.

In Township . . .

Township police investigated the theft of \$65 in quarters from coin operated laundry machines at Northville Forest Apartments. The theft was reported February 24. The manager told police he has seen two men in the area with a briefcase earlier in the day, reports said.

COURT NEWS

Two Detroit men were found guilty of charges of disorderly person conduct - fighting. Ross Ciranni was fined \$54 while Richard V. Iacovocci was fined \$39.

The action came February 23 before 35th District Court Judge Dunbar Davis.

Henry M. Lynch, Detroit, was fined \$54 for drunkenness.

Lloyd G. Brasure, 542 West Main Street, was given a suspended \$39 fine for violation of the basic speed law - accident.

Following a pre-sentence investigation, James H. McCann, 235 Rayson, was fined \$54, placed on one year probation and sentenced to three days in jail (credit given for three days already served) for driving on a suspended license. He was also fined \$19 (suspended) for improper license plates.

In district court February 16, Forrest E. Lemmon, 439 Dubuar, was fined \$19 for parked obstructing traffic - accident.

On February 25, Jack Coughenour, Rockwood, Pennsylvania, was fined \$29 for parked left wheel to curb - accident.

On February 26, a Detroit man, Larry Clearman, Jr., was fined \$54 or 10 days in jail for drunkenness. Clearman chose the 10 day sentence in the Detroit House of Correction.

FIRE CALLS

February 28 - 9:53 a.m., 967 Allen Drive, stove fire.

March 1 - 2:40 p.m., 455 East Cady Street, canvas on fire.

In Novi . . .

Louis Downing of 148 Henning reported last week Sunday the theft of three rifles and a shotgun from a rack in his living room.

Entry to the home may have been through a rear window police said, although no marks of forced entry were found on the outside.

Investigation turned up, among other things, foot prints under the window, loose putty around the panes and pri-marks on the inside of the window.

Missing were guns totaling \$485. A fifth rifle, originally on the living room rack with the four that were stolen, was left in the bedroom, according to police.

Mrs. Fred Dietrich, 41328 Llorrac Lane, reported last week Tuesday the

theft of a \$35 battery from her car as it was parked in front of her home.

The car was parked where it was for a week, reports indicate, and when Mrs. Dietrich tried to start it, she found the battery gone.

A starter pistol was reported stolen from his home by David Burliegh of 25271 Lincoln according to police.

Burliegh said the pistol was worth \$7 and could have been taken at any time during the previous year.

A Farmington Township man, Rubin Logan, reported malicious destruction and theft of parts from three to six vehicles he was consigned to transport out of state.

An employee of a transport firm doing business in the area, Logan parked his trailer, loaded with new cars at the parking lot on Wixom Road once used by the Perkins Engine plant.

Logan, according to reports, left his truck for a weekend and discovered, upon his return last week Tuesday, that batteries had been stolen, ignition wiring cut and missing, distributor caps stolen and windshield wiper blades bent back on three of the cars.

No accurate estimate of the damage was available early this week.

Officials in charge of the Clear Water Pollution Control facility, under construction on West Road near the extension of 13 Mile, reported the theft of \$1,547 worth of construction materials taken from the site early this month.

Cecilia Alessi, 2280 Jones, was bound over to Circuit Court last week pending charges of arson of a dwelling.

Extensive investigation, over a six month period, by Novi police authorities under the direction of Detective Sergeant Gordon Nelson, netted evidence which linked the suspect to the burning of the Robert VanDriesen property, at 122 Maudlin, last fall according to reports.

She appeared before Martin Boyle of the 52nd district court.

In Wixom . . .

Robert Waid, of Ross Homes Incorporated reported last week a theft of '55 2 x 4 x 8 fir planks from the company's construction site at 282 Flamingo.

The theft, the company's second inside of a week, according to acting Police Chief Larry Beamish, took place between 6 p.m. last week Wednesday and 8 a.m. Thursday.

Dr. Stiles Attends Chicago Seminar

Dr. R. J. Stiles of Novi attended an educational seminar the week-end of February 27 and 28 conducted by the Rockley Motivation Institute of Chicago, Illinois.

The principle speakers included Dr. Graham Rockley of New Zealand, who related the aspects of the human personality.

A Michigan man, Dr. John Hopkins, chairman of the Department of Communication of Hope College lectured on man's needs to communicate, and Dr. Anthony Becker's program included the study of grapho-analysis of many famous people such as Abraham Lincoln.

BACK FROM CAPITOL—Northville's two Beautification Commission representatives, Ed Welch and Michael Hunt, returned from Washington D.C. — where they accepted this community's fourth consecutive distinguished service award for its annual beautification efforts — and Monday night presented the winning plaque to Mayor Pro-tem Wallace Nichols (left). Joining them at the city council presentation was Mrs. Beatrice Carlson, commission chairman, who has issued a call for public support of the forthcoming spring cleanup campaign.

Readers Speak

Residents Invited To Help in Program

To the Editor: The efforts of the Clubs, Churches, Citizens, Organizations, Schools and City Government in the 1970 Clean-up - Fix-up program were recognized by the Clean-up contest judges in Washington, D.C., and for the fourth consecutive year our City was awarded the Distinguished Achievement Award.

Mr. Ed. Welch and Mr. Milo Hunt represented the City at the three day Congress in Washington and were proud to present the plaque to the City Council Monday evening. This plaque and the 1970 scrap books have been placed in the glass case in the City Hall

lobby. There are nine books in the case, each with an original painting by local artists on the covers. The 1970 Books, done by Mrs. Hurd Sutherland, are of the Old City Hall and Old Library, now the Township hall. These nine books contain a continuous picture story of co-operation and progress in the City.

This is an invitation to everyone in Northville to take part in the 1971 Clean-up - Paint-up - Fix-up program and to thank you for helping to make our City a good place to call - HOME.

Sincerely,
Northville Beautification Commission

Land of Oz Coming Saturday

Dorothy, her little dog Toto, and her friends from the "Wizard of Oz" — the Cowardly Lion, Scarecrow and the Tin Woodsman — are coming from Kansas and the Land of Oz to Northville this weekend as the Plymouth Branch of the AAUW presents the children's classic in two performances Saturday at Northville High School.

In keeping with AAUW tradition, children in the audience at the 11 a.m. and the 1 p.m. performances will be able to meet and talk with cast members outside the auditorium after each performance.

Since all tickets have been sold for both Northville performances, the AAUW committee is asking parents not to drop children off at the high school without tickets as none will be available at the door, according to AAUW President Mrs. David VanHine.

The upcoming production is the 11th annual children's play to be presented by the Plymouth Branch. It is being staged entirely by AAUW members, using a professional script. Mrs. Robert Dwyer, director, announces the following 17-member cast:

Mrs. Fred Andres, Dorothy; Mrs. Michael Malmer, Toto; Mrs. VanHine, Cowardly Lion; Mrs. Juergen Badendieck, Scarecrow; Mrs. David Cunningham, Tin Woodsman; Mrs. Sanford Burr, Mrs. Donald Helm and Mrs. E. E. Fleming, the Three Munchkins; Mrs. R. T. Albee, Witch of the North; Mrs. Ernest Moran, Soldier with the Green Whiskers.

Others are Mrs. J. D. Campbell, the Wizard of Oz; Mrs. J. J. Haas and Mrs. William Gratsch, two Winkies; Mrs. William A. Fisher, Witch of the West; Mrs. A. A. Domalski, Madame Winkie; Mrs. Thomas Carl, Glinda the Good; and Mrs. Richard Fritz, Aunt Em.

3 generations of service to Northville

We welcome to our staff the newest member of the Casterline family to serve with us since our beginning 35 years ago....

RAY J. CASTERLINE, II

After his graduation in September 1970 from Indiana College of Mortuary Science, Ray completed his apprenticeship February 20th and received his license on February 25, 1971. We are proud to announce his intention to continue this tradition of service to his community.

Vandals Inflict \$5,000 Damage

Continued from Record, Page 1

Distributor wires were ripped out of four buses parked in widely separated areas of the lot and paper and trash thrown in all 18 vehicles.

Two of the buses were back in working order before 7 a.m. Monday and the other two were back in service before noon.

"Whoever did this was specific as to what was destroyed," Superintendent Raymond Spear said. "It appears they knew how, where and when to get into the school. It is amazing the things that were exposed but left untouched in the school. Papers from the files were not thrown all over either, as is usually the case."

The only areas entered were science, band, library and office. Other classrooms, bathrooms, halls, display cases, windows, materials and student-owned property remained undamaged.

At least one teacher commented "This is much worse than if the vandalism had been done throughout the school. This is so selective."

Spear said there is a strong possibility burglar alarms may be installed in the schools following the destruction at the junior high.

"It is regrettable when it becomes necessary to take this type of action. I hope this damage is not an indication of things to come in Northville."

Junior High Principal Ronald Horwath said things "looked much worse than they actually were but the last day of schooling for the 500

students can never be replaced."

Police officers say they have little to go on other than the fact that it happened. No fingerprints have been found and clues are very slim.

Police placed the time of entry between 6:30 p.m. Sunday, when boilers in the building were last checked, and 11 p.m., when clocks ripped off walls in the office stopped running.

One set of muddy footprints, about a size 10½, were found inside the school and on a hall gate the person or persons climbed over to gain access to other parts of the building.

The chemicals dumped in the science storage room floor through which the vandals walked, would turn shoes white or blue, school officials noted. The combination of chemicals was so potent that the tile in the storage room was eaten through and must be replaced, they point out.

Bits of glass may also be imbedded in the soles of the shoes or boots worn by the person or persons who entered the school.

Spear said he cancelled classes at the junior high because "there was broken glass all over the school. Classes were called off primarily because the safety of the students was involved."

Eight custodians and teachers worked most of Monday to get the building back in order and the glass cleared from rooms and halls.

Spear said all but \$100 of the damage is covered by insurance, "but in the end we all lose when the premiums go up."

SHATTERED — Vandals rammed this window with a fire extinguisher during a spree of destruction Sunday night at Cooke Junior High.

Federal Funds Sought

Continued from Record, Page 1

the county under the state's recreational bond program.

Also, department officials were to meet Wednesday with legislators, Milstein said, to determine if appropriations can be amended to provide monies for the Maybury purchase.

Should Michigan receive monies from the federal government, he pointed out, it would have to come up with matching funds.

Value of Maybury property, located between Seven and Eight Mile

roads, west of Beck, unofficially has been pegged at \$3 million. The state has retained "outside appraisers" to determine the market value of the property for the department, Milstein said.

"I'm quite optimistic," he said. "Everyone seems to be excited about the Maybury property (as a possible state park), from the governor on down."

In Uniform

Mr. and Mrs. Frank M. Santangelo, 729 Horton Street, have received word that their son, Peter G. Santangelo, has been promoted to the rank of sergeant. He is stationed with the U.S. Army at Fort Eustis, Virginia, with the 100th Transportation Company and is with the Second Platoon in charge of the second squad.

Worms Attack Dogs

Continued from Record, Page 1

office can determine whether a dog has the disease, with the best time for testing being the winter months.

Until recently, said Dr. Anderson, the disease was confined mostly to the gulf states and the southern United States. There, where the disease is prevalent, every dog is administered a special drug every six months as a preventative measure, whether the dog has the disease or not.

The disease was brought to Michigan through the migration of southerners with dogs to this state, by the purchase of hunting dogs from the south and by increasingly frequent visits of dog owners with their dogs to Florida and southern states.

Dr. Anderson recalls seeing the first incidence of a locally born dog contracting the disease about eight or nine years ago. The disease slowly has been on the rise ever since.

Once a dog is bitten by a disease-carrying mosquito, a number of microfilaria are released in the blood stream of the dog. The microfilaria find their way to the dog's heart and grow to full-size heartworms of up to 15 inches in about six months.

The congestion of blockage created by the heartworms, Dr.

Anderson explained, causes the heart to work profusely to pump the blood through the pulmonary vessel.

The heart thus enlarges, the muscles of the heart become flabby

and weak, and not until the worms are expelled will the heart contract and the dog return to normalcy.

The rooting-out process involves careful doses of drugs and prescribed rest and diet over a six-month period.

Food Mart Set to Open

The former Convenient store building at the corner of Novi Road and Allen Drive has a new tenant — Hamlet Food Mart.

It is scheduled to open Monday.

The new business, which has no connection with Convenient that went bankrupt several months ago, is owned by Ernest Essad and Salim Abraham of Detroit, both of whom have been engaged in retail sales in the past.

The pair operated a Detroit store from 1961 to 1967 when they were burned out by rioters.

Interior of the store has been refurbished and the line of merchandise has been expanded to include medicines, a complete line of groceries and household items, cosmetics, as well as beer and wine.

Store hours will be 9 a.m. to 11 p.m., seven days a week.

Both Essad, 52, and Abraham, 52, plan to move to the Northville area within a year.

Committee

Taps Chinni

Angelo A. Chinni was elected chairman of the Committee Opposed to Year-Round School at the committee's February 21 meeting.

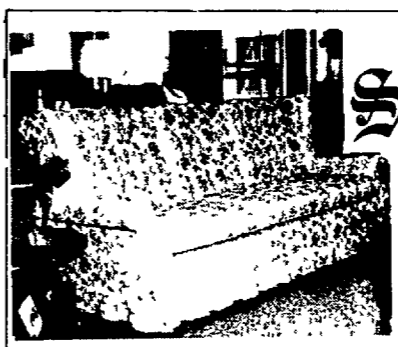

Chinni replaces R. Duane LaMoreaux who served as chairman since the committee was formed in the spring of 1970.

"We know by the recent (June, 1970) election and through our petition drive that a large majority of the citizens of Northville are adamantly opposed to compulsory year-round school," Chinni said after being named chairman.

"Contrary to the position of Superintendent Raymond Spear, year-round schools may cost from 4½ per cent to 11 per cent more than the present school plan, as indicated in a report compiled by the Michigan Department of Education," the new chairman continued.

Among activities the Committee Opposed plans are continuing the petition drive demanding the district stop studying year-round school, proposing an appropriate response to the four-year scheduling questionnaire which parents will be asked to complete and making speakers available to talk about the "other side of the year-round school issue — increased costs and so forth," he explained.

Chinni, who is an instructor at Schoolcraft Community College, lives at 300 Sherrie Lane.

OBITUARIES

MISS MARIAM E. RANDALL

Funeral services were held Monday for Miss Mariam E. Randall, 312 Randolph Street, who died Friday, February 26, at the Ardmore Convalescent Home. Miss Randall, who was 85, had been ill for the past year.

Born June 24, 1885 in Oberlin, Ohio, she was the daughter of Emma (Mellen) and Charles Randall.

A retired school teacher in the Toledo public school system, Miss Randall lived in Northville for the past 12 years and was a member of the First Presbyterian Church.

Surviving is a cousin, George B. Mellen of Northville.

NORTHVILLE LODGE NO. 186 F. & A.M.

Regular Meeting Second Monday

Charles Mullen, W.M.
Lawrence Mullen, W.M.

The Reverend Lloyd Brasure of the First Presbyterian Church officiated at the services held in the Casterline Funeral Home. Burial was in Lake View Cemetery, Quincy.

MRS. HELEN E. HOUTZ

Funeral services for Mrs. Helen E. Houtz, 447 Butler Street, were to be held at 1 p.m. Wednesday from Casterline Funeral Home with interment in Rural Hill Cemetery. Mrs. Houtz died Sunday at Botsford Osteopathic Hospital.

The Reverend Lloyd Brasure, pastor of Northville First Presbyterian Church where Mrs. Houtz was a member, officiated. Mrs. Houtz, who was 69, had been a resident of the community for 18 years. She was born October 19, 1901, in Lemont, Pennsylvania, to Chalmers and Emma (Shadle) Bathgate.

She leaves her husband, George E.; three sons, Ralph of Plymouth, Kenneth of Northville, Vergil of Wixom; two daughters, Mrs. Carr (Adeline) Anderson of Milford, Mrs. Marvin (Sandra) Burd of Dearborn Heights; two sisters, Mrs. Stella Seeley of Naples, Florida, Mrs. Maude Strasbaugh of Baltimore, Maryland; a brother, Emmet Bathgate of Snowshoe, Pennsylvania; and 11 grandchildren.

MRS. ROBINA COPLAND

Word has been received here of the death of a former Northville resident, Mrs. Robina Copland, February 14 in Inglewood, California. Mrs. Copland was the widow of James Copland and the mother-in-law of Mrs. Emma Copland of Northville.

Services and interment were in California where the family moved 45 years ago from Northville. Mrs. Copland left five children, four in California and a son in Chicago.

SPEAKING

for The Record

By BILL SLIGER

One thing every member of the Northville Board of Education and its administrative staff agrees upon is that the renewal of 17 mills for operating expenses is vital to the school system.

This request goes to the voters Saturday.

Originally, it was anticipated that the Board would ask for 19.5 mills. A study by a committee of its members reported to the full board that a minimum of 2.5 more mills would be needed to meet operating expenses next year.

But when it came down to the nitty-gritty of the matter — that is, going out to the public and asking for a 19.5 mill package — there were second thoughts.

Maybe they didn't REALLY need more millage; or maybe it would be better to secure the renewal millage first and then go back to the voters later for the additional 2.5 mills the study indicated would be required.

In either case, the failure of the study to survive examination of those who would advance it, reduced any chance of convincing

the public of a need for more tax dollars to sheer folly.

So Saturday it is important for taxpayers to realize that:

—the 17-mill ballot question is a renewal of existing millage, not a tax increase; and without it school operations would come to a virtual halt;

—evidence gathered as the result of studying projected costs for the 1971-72 year would seem to indicate that additional operating millage will be needed thus requiring another millage proposal, probably in June.

Vote YES Saturday for the millage renewal.

Then urge board members and administrators to discuss their pro and con attitudes relative to additional millage in open session and vote according to their conviction.

If the measure appears on the June ballot, the voter will have been given the benefit of all arguments.

Readers Speak

Sees Renewal As Increase

To the Editor:
We would like to bring out a few facts that the Northville School

District voters should keep in mind when they vote on the school millage proposal on Saturday, March 6, 1971. The proposal is not for a simple renewal of 17 mills as the school board would have us believe. It is actually a renewal of approximately 13 mills and an increase of about 4 mills. The school board would have us forget the 23 percent increase in tax base of last year which came about by increased development or population growth in the area of about 10 percent, and

increases in the equalization factor of approximately 13 percent or about 4 mills. It is this increase of about 4 mills that was not voted by the people. In fact, the windfall tax base increase of 23 percent last year was so large that the school board was able to reinstate programs dropped in 1968 when the voters demanded cost reductions, and they still could not spend all of the money available so the two mill increase voted last spring was not levied.

Considering the unvoted increase of, approximately 4 mills, and the 2 mills not levied during the current year, we view the reference to this election as a renewal of 17 mills to be a gross deception of the area voters, and for that reason, we are going to vote against it. We personally do not like the shell games being played with our tax dollars at the national, state or local level.

Donald C. Young Jr.

Hurry up! Lunch Time's Running Out!

Rick Sechler

Speaking for Myself

High School Open Lunch?

Steve Showerman

Yes . . .

Change has a way of lurking just beneath the surface of our consideration until its time has come. During my four years at N.H.S. I have seen the open lunch progress from an idle thought to a serious proposal to a limited program. I contend that the time has come for a complete open lunch. Granted, there are problems with any lunch program including the status-quo, but I think the open lunch program can be handled responsibly by high school students.

Major charges leveled against the program are that 1) there are not enough eating places within a reasonable distance; 2) that students will not return to school on time; 3) that students will act irresponsibly during the noon hour; and 4) that the present cafeteria service will be disrupted. The fact is that there are enough eating places. When one stops to consider the limited number of students who have the means to eat out every day, it becomes clear that the Novi — Northville — Plymouth area restaurants could support the increased patronage.

As for students not returning to school or being unruly during the noon hour, we must remember that these are not the concerns of the school, but rather they are the concerns of the student and his parents. Students are free to use public facilities during non-school hours. There is no justification for denying them this privilege because they are attending school.

Disruption of present cafeteria services need not occur. Other schools with open lunch programs have adjusted themselves to the necessary management techniques.

I think some statements made by the Assistant Principal at Farmington High have a bearing on this matter of open lunch. Mr. Potter tells us; "We have had no direct evidence of increased tardiness, no accidents, no complaints by businessmen . . . The state gives drivers licenses, the school

shouldn't take the privilege away. Parents give permission to school, removing our responsibility . . . The program is left up to the kids. If they use it well, it will work. If they abuse it, problems will arise."

This sounds reasonable to me. All the students are asking for is a chance to prove that we can handle a complete Open Lunch.

Rick Sechler
President, N.H.S. Student Congress

No . . .

"There's a bunch of kids in the second aisle and they've uncapped a bottle of liquid Drano and set it back on the shelf - upside down."

This is a common occurrence in a grocery store when young teenagers are given the run of the place. It's bad enough, but it is far from the worst thing that happens.

Shoplifting costs merchants millions of dollars each year which can only be offset by markups to the honest customers. This is the major reason why I emphatically oppose the so-called "open campus" policy.

It's noon and six kids who either don't have enough money to go into Jimmy's Restaurant-where they are not especially welcome, anyway - come in and roam about the store. They are downtown only because it is noon and they are not restricted to being in school at this time.

The teenage market is a large and increasingly growing one. But when merchandise wanders from shelf to shelf and sometimes right out the door, it becomes a very expensive market.

There are only a few students who fall into the situations I have stated above. These, unfortunately, make all the rest of the student body suffer - and the open campus policy a closed book.

Steve Showerman
South Lyon Merchant

Let's Return to Returnable Bottles

To the Editor:

Recent news reports and editorials have made much of the proposed bans on the use of non-returnable beverage containers. We would like to cut through the barrage of special interest propaganda and examine the basic problem and the reasoning behind the proposed solution.

Through the years, we have had little problem with the traditional throw-away containers for food items used in the home. We do not normally find catsup bottles and vegetable cans littering our beaches, highways and front lawns. The present litter problem has only come about since the creation of the throw-away beverage container; therefore, the solution must be directed toward the cause of this problem.

In the past years, we had alarming increases in the number of intersection traffic accidents. What did we do? We developed the limited access expressway and eliminated the intersections to reduce damage caused by careless and inconsiderate motorists.

It would then follow, that to eliminate the litter problem created by the throw-away beverage container, we simply eliminate the throw-away aspect and require a substantial deposit. Unfortunately, this will not eliminate the problem entirely, as there remain the irresponsible and inconsiderate people who will continue to discard returnable containers and other trash. However, being able to claim the bottle deposit can be of some small consolation to those of us who are the recipients of this sort of litter.

The whole thing serves as another example of the growing number of laws

and ordinances which affect all of us in order to control the acts of the irresponsible minority. Unfortunately, this trend in legislation will continue until people grow up and recognize that, with our rights and privileges as citizens, we also have responsibilities to society in general and our neighbors in particular.

Donald C. Young Jr.

Merchants Get Thanks

To the Editor:

I would publicly like to thank the good merchants of Northville who said "Yes" when I called to ask permission for my children to display posters they had made to remind people to vote yes.

Continued on Page 11-A

"Did you see Gene's picture?" asked the woman in our house.

"What picture?" I countered, wiping some wallpaper paste from my face.

"Why, the one in the newspaper. It shows Gene giving his tie to a minister who is going to auction off ties of important politicians to raise money for a benefit."

"Hold down that paper," I demanded. "It's crooked going down by the toilet. Why the heck do they want his tie? He's not famous."

"I'm holding it, stupid. Hurry up and paste it down . . . my back's aching. Why certainly he's famous. He's mayor of Westland, isn't he?"

"Hand me the roller and keep that paper straight. You mean just because he's a mayor they want his tie?"

"There's a bubble up by the corner. Here's the roller. Sure, Westland's a big town. See, right there, can't you see the bubble?"

"Ridiculous," I said. "He probably owns one tie. There, it's gone. Any more bubbles, smarty?"

"Jealous? That's what you are. How about coming down here and pasting down this part. I can't hold it forever. He's famous you're not; he's still trim, you're not."

"Jealous! Why, Gene's just a has-been reporter who couldn't cut the mustard so he turned politician. Okay, paste up another strip for me while I finish this one."

While she was gone I looked in the medicine cabinet and asked the reflection why he hadn't ever been asked for his tie. "Your obviously handsome, distinguished and important

. . . I think." The reflection knew I was lying and didn't reply.

"Who are you talking to," she shouted from the other room.

"Nobody. Just bring in that paper," I replied angrily. "Why," I asked the reflection, "can she hear everything but an order? By golly you are getting grey . . . and fat. Still, handsome though . . ."

But still no reply. Just another sneering grin.

"Talking to yourself in the mirror, again, eh?" she teased as she carried, another strip of freshly pasted wallpaper into the bathroom.

"Bah! Hand me that stuff and get out of my way. Look, you've gotten the paste too wet. Can't you do anything right?"

"Don't bark at me. I can't help it if they don't want your tie."

"Who cares, anyway. Important people wallpaper; unimportant ones give away ties."

"Yes, yes, your majesty. Then I can forget about sending something of yours?"

"You were going to send something?"

"Why, yes, of course."

"How nice. What were you going to send?"

"I thought I'd offer them one of your belts since you've got a built-in one now."

Footnote to Gene McKinney, Mayor of Westland: Package you will receive under separate cover contains a discarded item you may put on the auction block with that atrocious tie of yours. Remove the brush and treat her kindly.

OCCEO Rebuts Mayor's Letter

EDITOR'S NOTE: Several weeks ago Novi Mayor Joseph Crupi criticized what he considered to be unnecessary expenditures by the Oakland County Commission on Economic Opportunity. Following, in part, is a response by Charles P. Holmes, deputy director of the commission, in a letter to Crupi with a copy to this newspaper.

Dear Mayor Crupi:

I am writing to you upon the direction of Mr. Edward P. Revis, executive director of OCCEO, and as a result of action taken by the governing body (Commission) of OCCEO at their January meeting, 31 members present, with Mr. Thomas W. Fowler, Jr., Chairman, presiding.

Your letter was read in its entirety by Mr. William Roberts, an OCCEO commissioner, representing the City of Walled Lake, within the Public Sector membership category of the Commission. While the contents of the letter were new to a majority of those present, several of the commissioners had seen your letter in the Novi News, and certain staff members myself included, were also aware of the letter and its contents.

The consensus of the governing body, which was reflected in their action was to the point that your letter should be answered and that you and the Novi Council should be introduced to the truth and the documented facts about the work, history, and philosophy of OCCEO.

The monthly news letter "News and Views" to which you referred as your source of information, and as the basis by which you have chosen to prejudge and evaluate the work of OCCEO has until your letter, received nothing except praise and favorable comments from all who have read it and who receive it on a regular basis. It is, as it is stated on the Mast-head, "a

monthly news letter — published by and for the staff of the OCCEO." It details policy and action of the governing body; progress by the Program Planning Division; involvement and community development and new pieces of program by the eight neighborhood units, and the five Senior Citizen Drop-in Centers. It also offers news and information relative to human resources, and human services at the State and National Level, as well as information from other anti-poverty programs on employment, consumer programs, education, and health; and finally, a strong, carefully and well written column from the executive director.

This publication is distributed, monthly, to the entire staff; all

Merchants Get Thanks

Continued from Page 10-A

on the millage renewal election on March 6.

I would especially like to thank Mr. Sliger for offering the poster board and my husband who, in spite of having the flu, drove us downtown to pick up the poster board and the marking pens.

I hope the parents of Northville will please make the effort to vote for the millage renewal on March 6. Our children are our only hope for the future, and I think we should try to give them the best education possible. I really think our teachers are the best. I know I couldn't do half as well.

Thanks, too, to Mr. Spear for trying so hard to make it work in spite of the cut in state aid. They really are our children he is trying to help — not his.

Thank you,
Mrs. R. Matthews

commissioners and alternates of the governing body; some U.S. Congressmen and Senators (including those gentlemen in recent receipt of your letter; Oakland County's state representatives and senators (including those gentlemen in recent receipt of your letter) and members of the Oakland County Board of Commissioners (including the gentlemen in recent receipt of your letter). Also mayors, city managers, township supervisors, superintendents of schools, ministers, and other interested cooperating citizens. We do not consider the cost of this publication "quite costly," expensive, or excessive because of the fine communications it has built and maintained with all segments of the population who are and must be interested in the elimination of poverty, if this insidious problem is ever to be attacked and eliminated.

For the record, "News and Views" is typed by our clerical staff, duplicated and collated by our clerical staff, and such reproduction is on moderate-priced mimeo paper, purchased at a bulk rate, with a resultant discount. Those copies that are mailed, are mailed at a cent and three quarters, under our bulk rate mailing permit, and the mailing list is constantly reviewed, revised, and well managed.

OCCEO has been in existence in Oakland County since the spring of 1964. First in a planning stage, and then since December 20, 1965, as an operational program. We are considered by a vast majority of persons, poor and rich alike; white, black and brown; male and female; North, South, East and West, as a uniquely structured, well managed and administered program that is in touch with all segments of the communities, from grass roots to the highest halls of councils, operating in complete concert with the National

Mission of the Economic Opportunity Act of 1964, and as amended in 1967 and 1969.

We have never wasted, flagrantly or otherwise, tax dollars, and have successfully been audited by G.A.O., Department of Labor, and National OEO in the areas of finance, personnel, information systems, contract compliance and grant management. We hold a record on production as a community action agency that is the pride of this county, and the envy of many sections of this country. We annually participate in public hearings. In 1970 these were scheduled and completed for a total of 75 meetings, within 23 communities and municipalities and involved nearly 1,142 persons. This public hearing information is used in the planning, structuring, and writing of our yearly proposal and grant.

We do not use one penny that has ever been planned for, offered to, or thought of for school buildings, highway construction, sewer and water facilities and improvement of public works.

The OEO, nationally, and OCCEO locally are not even remotely similar to the old WPA to which you had reference in your letter, nor are jobs created and employment maintained in "make work" projects. This country will never return to its former attitude because of the Economic Opportunity Act of 1964, with all the dark corners it has shown its light into, and all of the suffering that it has identified and offered assistance to, and all of the hungry and unclothed that received new hope and new life, and who have stood up on their own two feet and responded to the call of first class citizenship for everyone, with a share of this country's bounty for all!

In either event, I would hope to hear from you, and hope to be of assistance in meeting your group's interest, and in ministering to your concern about OCCEO.

Most cordially,
Charles P. Holmes
Deputy Director

Taxes Follow Inflation Trend

To the Editor:

Last night I attended a meeting at Novi High School Library and heard different people talk about taxes. There were many concerned citizens in attendance. Some were senior citizens, concerned about how they could retain their properties while living on fixed income and while the taxes go higher and higher. There were several young married people with families, concerned about the high cost of taxes at a time in their lives when their expenses are high and while raising their families.

Of course, we all want to get all the mileage we can out of every dollar we spend, but, we must remember taxes are a relative thing.

We have all been involved with inflation in the last several years. None of us have turned down pay raises. We all expect to pay more for automobiles, groceries, and other material things, as well as a higher cost for services. If our incomes are to rise from time to time, is it not fair that we expect our taxes to rise also; so that our public servants might enjoy the same standard of living the rest of us do?

There seems to be some criticism because we don't have services such as trash pick-up, also there is some criticism about our roads. While there may be some justification for some of the criticism, we must remember the more services we have the more it will cost us. We don't work for free, we shouldn't expect our public servants to do so.

Touching on school taxes. First let me say I believe in God, but, we're not supposed to talk about that while we're talking about schools. I also believe in America. Sometimes I'm a little disappointed in some of the things that happen in America, but, having traveled in other parts of the world (compliments of Uncle Sam), I'm very proud of our country. However, we always need improvement. I think this improvement can only come through our young people — better educated young people. Some young people we know will not go on to college, but

they are important to us also. The philosophy they go out into the world with is the most important asset we have. No matter what it costs to educate these young people, in the long run it is cheap.

In schools, as well as anywhere else, our supplies and our help costs us more each year. Some say our schools are like palaces now compared to a few years ago. I carried wood, as a boy, for the pot bellied stove in the middle of the one room schoolhouse. How many of us really think that turning our schools back as they were in the so-called good old days, to save us tax dollars, would be doing justice to our children; or for that matter, justice to our country?

I would say that we should always be striving to improve our schools and to improve the education we give our young people. To be competitive in this world our country needs all the technology we can get. If it means from time to time we need more tax dollars, remember it is a relative thing. As we receive more pay and less hours from time to time, let's share with our children, and support our schools as the need arises for more money. Although I believe in property tax, to a point, for our local government, I do believe a more equitable tax for schools would be an income tax. I believe this way our senior citizens, on fixed incomes, could retain their homes instead of having to become a burden on the taxpayers.

To the Editor:

My appreciation to the newspaper for publicizing my letter criticizing reports out of Pontiac concerning studies by the Oakland County Planning Commission. I hope, however, the letter did not give the impression that it was meant as a criticism of our county commissioner, Lew Coy, to whom the letter was sent.

As a matter of fact it was Mr. Coy who encouraged me to write the letter so that he could formally present the matter to the board of commissioners. He, like myself, strongly believes that matters of this kind should be left in the hands of local government. Too often powers of local government, we believe, has been usurped by higher levels.

Thank you again.

Sincerely,
George J. Athas
Novi Planning Board Chairman

To the Editor:

The letter from Mr. George Athas puts me in a position much like the fellow who finds himself with a mouthful of hot coffee. No matter what he does next, it will be wrong. If I answer, I am put in the position of footing my own horn; if I fail to respond, it will appear we are at odds. I could not agree with his statements more in reference to the proposed "County Area Development Act of 1971."

The published report made quite clear that Mr. Powell and Mr. Coy were attempting to kill it off early, even though the Chairman of the Committee had ruled it was before us prematurely.

Hopefully, it was Mr. Athas' intent or yours to make it appear I wished to usurp local authority. Quite the contrary. Mr. Athas and I are on the same team, as evidenced by my attempt to abort this bill before its

They Liked School Tour

To the Editor:

It was a joy and revelation to go on Saturdays tour to Northville's new educational facilities. The additions show wise and efficient use of our recent bond issue as well opportunities for curriculum changes both present and future.

We commend the Board of Education for their expeditious use of funds and thank the board members, administrators, and staff members who gave their Saturday to show the public Northville's faith in the young.

Elizabeth & Francis Gazlay
221 South Rogers

introduction to the Legislature. . . . I appreciated Mr. Athas' letter and learning his views, especially, as he said it exactly the way I wished I had said it. I would, however, be appreciative if when our views do coincide, they would also appear in print.

Respectfully,
Lew L. Coy
Commissioner, District No. 27

EDITOR'S NOTE: The "published report" to which Mr. Coy refers was a Pontiac news account of Oakland County Planning Directors George Skrubbs' proposed legislation that would give counties power to assist

developments at the local level. Skrubbs denied, when questioned last week by this newspaper, that his proposed legislation would be used for development of "new towns" or "paired towns" as have been proposed by Detroit groups for Novi. He confirmed, however, that the proposed act he has drafted, if approved by the county board of commissioners, would be submitted to Lansing as a proposed state law. Mr. Coy remains suspicious, however, and has told this newspaper that he is prepared to fight Skrubbs' proposed act when it comes before the commission.

Victory in Finale Ends Novi Drought

Any kind of victory would have elated local fans but Novi's varsity cagers came up with an extra-special effort to delight screaming partisans here Friday night.

Winless in 23 starts stretching back

to midway through last season's schedule, the Wildcats staged their finest performance in two years to completely throttle arch-rival South Lyon, 61-46.

Ironically, it was South Lyon that

provided Novi with its only victory in 18 games last season. That win, a 58-57 squeaker, snapped a 10-game losing streak.

In their first encounter this year at South Lyon, the Lions won easily, 58-51.

This time, however, a capacity crowd watched the Wildcats control the game from a second period tie on.

South Lyon's dunking factory was virtually stilled in the earliest stages of the game as Novi piled up an 11-point lead early in the second stanza. But the Lions bounced back later in the quarter for their best showing of the evening and a tie with 1:07 to go to the intermission.

John Pantalone started the Wildcats clicking in that second period as he netted a two pointer at the 51-second mark and then hit a free throw in the final five seconds to give Novi a three-point edge going into the second half.

From there on in the Wildcats laid claim to the court and South Lyon was unable to stop the rampaging offense that saw it trailing at times by as much as 16 points.

Coach Milan Obrenovich was beaming.

"The kids did it," he said. "We switched our offense into an attack that worked well against South Lyon, but the kids were really up for the game. I don't think we could possibly have lost."

The switch, a 1-2-2 and a 1-3-3 from the standard 2-3 the Wildcats had been running all year, together with the speed of high-point-men Bob Pisha (17) and Tom Boyer (16), and Pisha's fighting performance on the boards (22 rebounds), proved to be the combination that gave Novi the ball time after time and provided easy access to the net.

Bob Vivian started in the opening stanza, pacing the Wildcats with nine points during the quarter. He cut an opening Lion lead to a tie in the first 26 seconds and then carded a one-point Novi advantage with a free shot.

Lion aces Glen Wiseman and John Gelardi each netted free throws in the following minutes to freeze the game in a tie for brief seconds but baskets by

Vivian, Pisha and Tom Boyer set a tide moving that left South Lyon swamped by nine points at the end of the period.

South Lyon exploded in the opening seconds of the second quarter and gradually worked that nine-point lead down to one point at the 2:16 mark.

Gelardi tied it up at 26 points nearly a minute later but a basket and a

free throw by Pat Boyer gave Novi the lead again.

Another tie, again by Gelardi, came in the closing seconds of the half. Pantalone's three point drive ending the second quarter gave the Wildcats a 32-29 margin at the halfway point.

Tom Boyer and Pisha led the Novi quintet during the second half — between them scoring 26 of the 29

Novi points.

Other help came from a Pantalone basket and a Vivian free throw.

Quarter scores in the game were 18-11, 32-29 and 42-35.

The victory marked the only bright spot in Novi's otherwise dull and dismal losing season. The Wildcats went 1-16 with one of those defeats coming at the hands of the Lions earlier this year.

GOOD FORM — Bob Vivian was one of five who couldn't be stopped Friday night as the Wildcat quintet rode roughshod over South Lyon in Novi's lone seasonal victory. The Wildcats weren't satisfied with the weekend victory and stretched their winning streak Tuesday to two straight by winning 55-48 over Wayne St. Mary in the first round of district competition. The victory earned them a shot at Farmington's Our Lady of Sorrows tonight at 7:30 at St. Alphonsus in Dearborn.

FIRST WIN OF THE SEASON SPARKED ENTHUSIASTIC RESPONSE

Northville Matmen Advance Novi Wrestlers Win

Novi wrestlers closed their season last week Tuesday by pinning Walled Lake Western, 27-25.

Tom Ford and Duane Miller worked falls for the Wildcats at 112 and 138 respectively, while Bob Kovach (118), Larry Pittman (132), Randy McGarry (145), and Kevin Schingel (155) fought to decision victories.

The Wildcats picked up five default points at 126.

Walled Lake picked up 15 points by forfeit in the 167, 185 and heavyweight classes.

"My men were sick," said Novi coach Rick Trudeau. "They weren't hurt; they were just out with the flu." Joe Pelcola, Gary Staub and Terry

Auten fell to the bug earlier in the week.

Trudeau's squad, which failed to take a place in the class 'C' regionals held this weekend at Madison High School in Adrian, comes out of the Wrestling season with a 2-15 record. Victories were posted over Walled Lake and Milan.

★ ★ ★

Mustang wrestlers David Griffin and Brad Conklin will battle in state competition at Sturgis Friday and Saturday in the 119 and 185-pound divisions.

Griffin took a third at 119, and Conklin, despite pain resulting from a strained neck muscle, took a fourth at

185 in regional competition Saturday at Madison Heights.

Griffin was pinned in his first match but then worked a decision in his second so he could face Jeff Devine of Dexter for third place.

The two had met before in the district matches and Griffin emerged the victor.

It was the same story Saturday as the 5-0 decision victory went to Griffin.

Conklin also lost his first match, by a decision, 4-2, to Detroit's Lutheran West entry.

He won his second in an 8-1 decision with Rose City's Paul Caculka but had to forfeit his third because of the injury he suffered against North Farmington in the Schoolcraft, Invitational held in January.

Squirts Lose Squeaker

Weekend hockey action saw the Squirts lose a squeaker Saturday to Trenton, 3-2, while the PeeWees rode roughshod over Redford, 4-0 Sunday, in goalie Rick Yoder's second shut-out of the season.

The F.O.E. Squirts traveled to Jackson Saturday to go scoreless for two periods. The local squad exploded in the third stanza in an all out effort that didn't go quite far enough as it notched two goals to Trenton's three.

Scoring drives in that final period were turned in by Roger Pattison and Ken Stelmach, who set up Pattison's goal and netted his own unassisted.

The Thomson Sand and Gravel PeeWees went for two goals in the first period and one in each of the final two for their shut-out over Redford in Detroit.

Kirk Mack netted a brace of goals that game, while Kevin Stelmach and Tom Bradley each accounted for one.

Chuck Smith gave back-to-back assists while Bob Michael and Stelmach each provided other help.

Northville Gals Win; Novi Loses Close One

Northville led all the way through four quarters — out-doing Churchill's best effort (15 points) in the closing stanza by a one-point margin.

Meanwhile, Novi went for eight points during the first half of its contest with Stevenson, finishing three down, 11-8 at the break.

Local cagettes came back and stormed into the lead during the third stanza, piling up 18 points through what Coach Florence Pangborn called "a well balanced team effort."

Balance wasn't enough, however, as Stevenson came back in the closing period and folded the local squad in a neat package, 26-22.

Powder-puff cagers split this week as Northville destroyed Churchill 48-21 and Novi fell victim to Livonia Stevenson by a narrow 26-22 margin.

Cagettes were preparing for a second clash between the two schools slated for Wednesday. The last time they met, it was Northville, on its own court in both JV and varsity contests. On Wednesday, however, action was to storm onto Novi's floor.

In the Northville game Sherrie Balko paced her teammates with a stellar 15-point performance. Other double figure counters were turned in by Amy Philips with 12 and Debbie Cook with 10.

Athletic Boosters Plan April 'Las Vegas Night'

Northville High School Athletic Booster's Club will sponsor a "LAS VEGAS NIGHT" millionaires party at the Northville V.F.W. Post, 438 South Main Street, on Friday, April 16.

Door prize tickets are available from club members, N-Club members and G.A.L. members.

The first prize is a weekend for two at the Pontchartrain Hotel, plus theatre tickets and cash. Women's and men's wrist watches are the other four door prizes. Entrants need not be present to win.

Proceeds are to be used for furthering both boys' and girls' athletic programs at the high school.

Northville Five's Just No Match for Inkster

UP AND AWAY — Todd Hannert (33) flies high to snag this rebound while Steve Utley (45) prepares to join in as Northville came close to upsetting Waterford Friday night. High riding Inkster dealt the Mustangs another blow Monday in the district tourney opener. Another W-O five, Clarenceville, fell to Harrison, 57-55, in Tuesday's tourney action here.

But Lose Anyway

Mustangs Scare Captains in Finale

Despite a valiant effort that came close to upsetting high-riding Waterford Kettering, the Mustangs found themselves on the short end of a 73-67 score in the season basketball finale Friday night.

By winning, the hosting Captains clinched a share of third place with Bloomfield Hills Andover (9-5), which took a 63-56 licking at the hands of the Wayne-Oakland League champions, West Bloomfield (11-3).

Milford (10-4) took second place by posting a 78-72 win over Clarenceville.

With its loss to Kettering, Northville was sealed in the cellar with a 2-12 record in this its last season in the W-O conference.

Playing an aggressive game throughout the first half, Northville traded the lead with the host club before heading for the locker room with a four-point, 37-33 lead at the intermission. The Mustangs led at the end of the first quarter, 22-19.

Then in the closing seconds of the third quarter, the Captains edged into the lead that gave them a four-point margin going into the crucial final quarter.

Twice Kettering boosted their lead to seven points and twice Northville chopped it back. With but four minutes to play the Mustangs were just one point behind at 62-61.

The Captains popped a two-pointer and then went into a stall with 3:30 to go. The muzzle worked for better than a minute, with neither team scoring until Kettering netted another field goal at 2:05 to take a five-point, 66-61 lead.

At 1:38 Kettering flipped in another two-pointer and 10-seconds later Northville scored its first basket in more than two minutes of play. With just 35 seconds remaining the Pilots tied the victory by flipping in another two-pointer that gave them a 10-point, 73-63 edge. The Mustangs bounced back with four points of their own but by then it was all over.

In the final analysis, it was Kettering's performance at the free throw line that gave it the victory. The Captains converted 25 of 39 shots, while Northville made 7 of 12.

The Mustangs fired six more field goals than their opponents — 30 to 24.

Coach Omar Harrison was delighted with his squad's performance, despite the loss. He singled out Scott Stuart as turning in "an outstanding game" in terms of defensive hustling and setting up offensive plays.

Bernie Bach led Northville in scoring with 17 points, followed by Rick Sechler at 13.

JV Season

Ends in Loss

Junior cagers finished their respective seasons Friday on a down note.

Novi lost to arch rival South Lyon 88-60, while neighboring Northville wound up second to Kettering, 73-49.

The Wildcats traded through four quarters as South Lyon exploded early to pile up 27 points during the opening stanza.

Lost from the very beginning, Novi carded 24 points during the first half, less than 50-percent of South Lyon's halftime tally of 49.

The local quintet finally began to hustle in the final quarter but still couldn't make things come their way as the entire team effort netted 20 points with Dave Brown (14 point total) accounting for eight of them.

The loss marked the fourth straight and the last chance Novi had to improve a season record that now stands at 2-15.

It was the same story for the Junior Mustangs as they traveled Friday to Waterford Kettering.

Northville trailed from the opening gun as it fell into a four-point deficit in the first stanza. That hole deepened to 12 points during the second period, to 21 the third stanza and 24 points during the closing period.

Quarter scores in the game were 20-16, 35-23 and 57-36.

To scorers for the Mustangs, and alone in double figure brackets, were Rod Crane (14) and Mike Brown (11).

The loss set the Mustangs at 6-10 for the season.

Inkster's Andrea Richardson batted the opening tip-off to Marvin Glaze, who promptly popped in a 10-footer that started the powerful Vikings toward a resounding 101-61 rout of the Mustangs in the first round of post-season tournament play Monday night at Northville High School.

Led by All-Stater Eartha Faust, Inkster came to Northville with one of the truly fine teams in state Class B basketball. The Vikings ran up a 15-1 record in regular season play and are rated fifth in state rankings.

From the opening whistle there was little doubt about the eventual outcome of the game. In fact, as the game drew to a close, the only question to be decided was whether Northville would be able to hold the talented Vikings below the century mark. But even that small victory was denied the Mustangs as Andy Jones tossed in two free throws for Inkster's 100th and 101st points with a mere two seconds left on the clock.

Northville did not represent itself poorly, in spite of the lopsided score, when the quality of the opposition and the fact that this has not been the year of the Mustang in cage circles.

Bernie Bach played another strong game, as he grabbed off eight rebounds and paced his team in scoring with 17 points. The game also featured the continued fine development of junior Todd Hannert. Hitting on long jump shots, Hannert netted 13 points to go along with his team-leaders nine rebounds.

The game belonged completely to Inkster, however, with its wide open run-pass-shoot-score type of offense that has carried them over the 100 point mark on three previous occasions this season.

Heart of the attack was a devastating fast break that started with either Glaze or Richardson grabbing a rebound and promptly launching a full court pass to the ever-waiting Faust at the opposite end of the floor. Even on those occasions when Northville was successful in dropping a man back to cover the fast break, that defender was rarely a match for the Inkster star in their one-on-one confrontation.

Faust also destroyed the Mustangs when the fast break was not in effect, as he drew Northville out of its 3-2 zone defense by hitting 25 and 30-foot jump shots with uncanny accuracy. Playing only in the first three quarters of the contest, Faust led all scorers with 31 points on 15 field goals and a single free throw.

The game, for all practical purposes, was over after the first quarter as Inkster had already moved out to a 22-point, 31-9, lead. The Vikings upped that lead six more points in the second quarter, going to the locker room at the half leading 53-25. With the score 79-41 after the third quarter, Inkster Coach George Thompson removed his starting five from the game and let his bench lead the quest for 100 points.

Coach Omar Harrison was "disappointed" by the outcome, but not really surprised. "Inkster has one of the best squads in the state and if we had to get beat, we might just as well get beaten by the best. I think we played a pretty good ball game tonight; the boys battled all the way and refused to be defeated by Inkster's reputation."

The Mustangs put on a fine display at the foul line as they converted 18 of 21 attempts for an exemplary 85 percent. Inkster hit on 10 of 16 tosses from the charity stripe for 63 percent.

Faust's 31 points took game honors in the scoring department. He received ample support from Glaze, who tallied 19. After Bach's 17 and Hannert's 13, Northville was led by Bill Andrews, Kerry Cushing, and John Hubbard, each of whom netted six points.

The defeat dropped Northville out of the tournaments and brought the basketball season to a close. Seniors Bernie Bach, Rick Sechler, Steve Utley, Kerry Cushing, Scot Stuart, Kurt Suckow, and Bill Rich marked the end of their high school careers in the loss that gave the Mustangs a final won-lost record of 4-14.

Inkster remains very much alive, however. They will meet Riverside in a contest scheduled for Wednesday night. The finals of the Northville-hosted play will be held Friday evening.

TOM THOMPSON BATTLES TO A SECOND IN THE 100-YARD BUTTERFLY AGAINST CRESTWOOD

Final Test Friday

Tankers Undeclared

'Defeat' appears to be a word Northville swimmers are determined to scratch from the dictionary.

The final test for their erasers comes tomorrow when varsity tankers clash with Harrison and Churchill in Farmington waters.

Going into that meet, the Mustangs are boasting an undefeated season fashioned after the faultless performances that climaxed the triumphant seasons Friday of the freshman and junior high squads.

The frosh closed out their unblemished record by claiming the Northwest Suburban Swimming meet at Redford Union, while the junior high tankers downed eight squads to win the JH meet at Detroit's Thurston High School.

Meanwhile, the Mustangs tuned up for tomorrow's finale by stroking to triumphs over Clarenceville and Crestwood last week Tuesday and Thursday, respectively.

Here's how last week's action shaped up:

NINTH GRADE

Northville took first or second in eight of 10 events Friday at Redford

Union to win the Northwest Suburban Swimming Meet, with 71 1/2 points.

Plymouth followed with 62 and Marshall brought up the rear with 37.

Firsts were posted by Don Cook and Tom Cook in the 200-yard freestyle and the diving competition as well as by Kevin Kelly in the 200-yard individual medley.

JUNIOR HIGH

The Mustangs swam to a first place 74 points, besting eight teams in the suburban junior high league meet.

Firsts came from Art Greenlee, the squads only double winner, in the 100-yard individual medley (1:10.7) and the 100-yard freestyle (1:02.8), from Bob Davis in the 200-yard freestyle (2:31.2) and from the medley relay team of Matt Stopper, Biff Ballash, Dean Alli and Gordon Rooker (2:18.1).

VARSITY

Northville took first or second in every event against Clarenceville as both relay teams Gary Putrow, Ralph Luckett, Dave Wright and Bill Maguire in the medley (1:54.9), and Pete Bedford, Bill Witek, Don Alli and Jeff

Pitak in the freestyle event won their races.

The freestylers earned a new pool record with their 3:47 time.

Other firsts were posted by Joe Boland, who set a team record in the 200-yard freestyle (2:03), by Tom Thompson with a (2:19.5) time, in the individual medley, by Putrow in the 100-yard backstroke (1:04.2), and by Ralph Luckett with a team record of (1:21.1) in the 100-yard breaststroke

Closing out their dual meet season in style Thursday the Mustangs took six of 11 first from hosting Crestwood.

Bedford, Pitak, Alli and Kevin Kellyaced the freestyle relay (3:50.1), while the Mustangs' only double winner, Joe Boland, notched winning honors in both freestyle races, 2:03.7 in the 200 and 4:40.4 in the 400-yard competition.

Other firsts came from Tom Thompson in the 200-yard individual medley (2:20), Bill Maguire (54.8) in the 100-yard freestyle and Gary Putrow (1:03.9) in the 100-yard backstroke.

BEFORE YOU BUY ANY SMALL CAR, CHECK THE FACTS

1 MORE PEOPLE DRIVE **DODGE DART** THAN ANY OTHER COMPACT CAR IN THE UNITED STATES

With one million Darts on the road today, obviously a lot of people go for the Dart idea — a strong, roomy, economical compact that just goes and goes and goes.

2 **DODGE DART** HAS THE HIGHEST RESALE VALUE OF ANY COMPACT

Dart's resale price over the past few years has been the highest in its field, according to *Automotive Market Report*. Proof that Dart keeps on saving you more.

3 **DODGE DART** SWINGER AUTOMATIC GIVES YOU THE AUTOMATIC TRANSMISSION (AT NO CHARGE!)

It was a big success last year. So we're repeating the offer. Buy our Dart Swinger Automatic with the equipment listed at the right, and we'll give you the automatic transmission at no extra charge. Compare that against any small car deal.

- 3-speed automatic transmission (no charge)
- Vinyl roof
- 6.95 x 14 white sidewall tires
- Deluxe wheel covers
- "Rim Blow" deluxe steering wheel
- Bumper guards (front and rear)
- Belt mouldings
- Remote-control outside mirror, left-side
- Convenience light package
- Body side mouldings (with vinyl inserts)

GOODBYE AND GOODLUCK - Mr. and Mrs. Angelo Gadioli turn over their keys to Northville Lanes to the new manager of the business, George Lingle (left).

College Slates Fall Millage Hike Vote

Two separate propositions will be put to voters within the Schoolcraft College district come September 13 as a result of college board action last week.

The board of trustees voted Wednesday to place the questions—one asking for a half-mill increase for "general purposes" (operation) and the other for a half-mill increase for "capital improvements" (construction)—on the special September ballot.

Northville trustee-at-large R. Robert Geake cast the lone dissenting vote.

Earlier, Geake had explained to The Record that he favored placement of the millage hike on an election ballot but that he was against calling for a special election for this purpose. His "no" vote reflected this position.

Geake said he would have voted for the propositions had they been included on the regular June election ballot, thus saving taxpayers the added expense of a special election.

Northville's other representative

on the board, B. William Secord, voted for the two-question ballot in September.

He and the other board members supporting the September election were against a June election because they fear the propositions would conflict with other local school elections.

All registered electors in any of the five school districts (Northville, Plymouth, Livonia, Clarenceville and Garden City) that make up the college district are eligible to vote in the September election.

Meanwhile, Dr. Eric J. Bradner, Schoolcraft president, has reported that Governor William Milliken's recent budget curtailment resulted in a \$39,563 cut in state appropriations for Schoolcraft for the current fiscal year.

Further reductions, said Bradner, can be anticipated if the number of full-time students projected earlier falls short.

Winter enrollment just released showed that 5,350 students are carrying a total of 49,485 semester hours. In the fall semester, the corresponding totals were 5,296 students carrying 51,722 semester hours. The result is that while more total students are enrolled, the number of semester hours has decreased, and state appropriations are based upon the number of equivalent full-time students.

Final counts cannot be determined until after spring semester registration, Bradner said.

It also has been announced that effective July 1, the college will no longer extend resident status to students who live outside the district but whose tuition is paid by a business or industry within the district. Rescinding of past practice in this area was made in accordance with recent state rulings.

In still other business last week, the board approved a \$20,000 loan to the Student Senate for refurbishing the lower level of Waterman Center. Repayment, interest-free, is to be made at a rate of \$5,000 annually for four years.

Preliminary plans presented by Senator Kathy Witsie showed the purchase of furniture and carpeting and the placement of room divider partitions. The Senate anticipates a total cost of \$32,000 to complete the project.

Board members also extended second-year probationary contracts to all instructors and counselors currently completing their first year on the faculty, and they approved extending continuing contracts to all instructors, counselors and librarians completing

their second year on the faculty.

Sabbatical leave for David Perkins (English) was approved for the winter semester in 1972.

The board appointed Personnel Director Gerald Munro and Business Manager E. Frederick Petersen to negotiate with the Association of Office Personnel for a new contract.

RAY J. CASTERLINE II

Casterline Gets License

Ray J. Casterline II, son of Mr. and Mrs. Fred Casterline and grandson of the late Ray Casterline, founder of Casterline Funeral Home, last week was awarded a mortuary science license that authorizes him to practice in Michigan.

With the awarding of the state license he formally joins the family business as a director.

Born and raised in Northville, 23-year-old Casterline attended Northville schools before entering four years of high school at Howe Military School in Howe, Indiana.

Following graduation from Howe, Casterline attended Schoolcraft Community College for three years and then entered Indiana College of Mortuary Science at Indianapolis from where he was graduated last September.

It was after his graduation from Indiana that he took his state examination to practice in Michigan.

Casterline lives with his wife, the former Roxanne Atchison, also a Northville native, at 487 West Cady Street.

Bowling Game's Over For Angelo Gadioli

There were times when they couldn't pick up a spare minute for themselves but when Mr. and Mrs. Angelo Gadioli looked back on their last 31 years, they had to agree last week that their bowling business, their customers, and the community had made the sacrifices worthwhile.

Friday the Gadiolis formally said goodbye to Northville Lanes—the business they literally built up from the floor—and headed into retirement, having sold the business and all of his Northville property to three Detroit men.

"It's been a very happy time for us here in Northville all these years," said 60-year-old Gadioli, "and we wish the new owners the same kind of success we've had. We especially want to thank the people in this area who made all of this possible."

Northville Lanes is now owned by Edmond Timorri, his nephew, Frank Tomarelli, and Jack Born.

Managing the business is George Lingle of Detroit, formerly at Crown Lanes at Plymouth and Southfield. No longer active professionally, Lingle nevertheless was a former professional bowler, having a sanctioned 300 game to his credit.

Born has been operating Crown Lanes for the past eight years and currently bowls professionally for Strohs. He and Timorri retain an interest in Crown Lanes.

When Gadioli purchased the

business in 1941, he took over a building that had been erected by Gene Harrison. It then included only seven lanes. Harrison operated the business for one season and then sold to Gadioli. Previously proprietor of a store in Dearborn, Gadioli operated the bowling business until 1943 when he was drafted into the Army during World War II. During the next five years, the business was operated under lease by Bud Heildbrand.

When he returned in 1948, Gadioli resumed management of the business.

In 1956 he expanded the building to 12 lanes and in 1965 he increased the size of the building, adding eight more lanes and providing facilities for a lounge and grill. Two years later he was issued a class "C" liquor license.

In 1965 Gadioli, who co-managed the business with his wife, Frances, purchased the adjacent lot where Lyke's plumbing business was formerly located, and the lot at the corner of Main and Center where the historic Ambler's hotel once stood.

The following year he purchased property on Cady Street, where the city parking deck is now going up, and the corner parcel at Cady and Center where Guernsey Dairy was located. The latter building was removed, except for the old dairy processing room, and most of the property purchased during these two years has been used for customer parking.

The old dairy processing room was

used for a time as a meeting room by the Northville Jaycees and more recently has been used for meetings of league bowlers.

Last year Gadioli sold the Cady Street property to the city, thus setting the stage for the parking deck development.

Today Northville Lanes boasts 20 lanes and averages some 12,000 customers during the bowling season.

Mr. and Mrs. Gadioli, who have no children and who have lived in Redford since 1952, plan to spend much of their time now traveling—something they haven't been able to do much of for the past 31 years.

New Store Gives Prizes

Prize winners last weekend during the grand opening of Book 'n Easel—the new Northville book store operated by Kenneth and Gertrude Burnstrum at 150 North Center Street—were announced Monday.

Among the coin and stamp winners were: Karen Duguid, Eric Frid, Brian McAllister, Brent Ashby, Mrs. Orrin Snyder, Esther Budd, Lisa Bilinsky, Dave Pixley, B. Marton, L. Coleman, John Jackson, Mrs. George Jelman, David Duguid, and Allen Peter.

Artist supplies winners: Daireen Cates, Mike Kohn, Mary Reagan, Jane Ann Kennedy, Sue Centofanti, Ronnie Richards, Gloria Faust, A. Ziemann, E. Weber, Debbie Todd, Jean Adams, Douglas H. Smith, Mrs. J. H. VanBuren, and John Marshall.

Among the book winners: C. Roberts, James Marks, Barbara VanHaeck, J. Anthony, N. Bickner, Inga Merkel, John Jerome, Mrs. David Goss, Randy Caswell, Len LaLond, Larry Hawman, and Kirk Atton.

Other winners' entries, which did not carry names, are posted in the store window.

Novi Chamber To Meet Tonight

Regular meeting of the Novi Chamber of Commerce will be held tonight (Thursday) at the Rosewood Restaurant on Grand River near Beck. Dinner is slated to begin at 7 p.m., the meeting at 8. Anyone interested in attending is welcome to do so.

SOUTH LYON
HERALD

Wed.-Thurs., March 3-4, 1971

Kathy and Jack drove from the Keyes' home in Northville about 7:30 p.m. Sunday, January 31 destined for Clark station on South Main street. Instead they were seen min-

utes later at Cal's station. They were last seen alive driving south on Wing street. Their car was found about 14 hours later off Napier road. Jack had been shot twice. Kathy was missing.

Police Stymied, Seek Public's Assistance

Can You Help Find Kathy, Murderer?

It was to have been a pleasant evening for the young couple at the home of her parents who planned a late dinner for them that Sunday evening, January 31.

But before the night was over the boy was dead, the victim of an unknown killer's gun, and his girlfriend was missing — presumed kidnapped, or worse, murdered also and her body carefully hidden.

The tragedy that shattered two families and shocked the communities of Northville and Novi remains today — four weeks later — as revolting and mysterious as it did then. But it has an unrealness about it for many of the residents of the two communities who find it difficult to accept the fact that the killer remains loose and perhaps still walks their streets.

Wayne County Sheriff's Department and Novi detectives, who have sifted dozens of clues and theories, continue their around-the-clock investigations but admit that they are little closer to finding the killer of Jack Keyes, 19, of Northville, or locating his 17-year-old girlfriend, Kathy Radtke of Novi.

Detective Jack Grubb, assigned full time to the case by Novi Police Chief Lee BeGole, has investigated a host of tips, many of which are so bizarre and unsubstantiated that their public disclosure could incriminate or malign innocent parties. Any, many of the theories that police, in their investigative process, must themselves pose, analyze, abandon or tuck away in their minds fit this category.

But every "tip" is important in the investigative process of elimination and

that is why Grubb and those working with him are anxious to receive any thread of information citizens may yet be harboring because they feel it is unimportant.

Who, for example, may have seen Jack Keyes' car after he left his home at 142 Randolph Street at approximately 7:30 p.m. that Sunday night?

Jack, with Kathy, left her home at 23941 LeBost in Novi's Willowbrook Subdivision off Ten Mile Road, and drove to Cal's Gulf station, corner of Wing and Main streets, to get a defective thermostat fixed on his car. The station was crowded, however, and the night manager was out on a service call so the attendant declined Keyes use of the garage.

The couple left the station and drove two blocks to his home where one of his closest friends, Ronald Baggett of Northville Township, and several relatives were playing cards with his parents. They left minutes later, about 7:30, to go to Clark service station, 510 South Main Street, to purchase some pop for those at his home. They were to return immediately and then drive back to Kathy's for dinner with her parents and her brother, Ronald.

Jack and Kathy never arrived at the Clark station. Instead, according to witnesses, he went back to Cal's, fixed his car, and "stayed for awhile to talk."

Statements of three witnesses place him at Cal's at 7:45.

One of the witnesses said the couple left, driving south on Wing Street.

As far as is known this was the last

time the pair was seen alive except by the person or persons who shot and killed Jack Keyes.

Christopher, Jack's older brother who had been in Detroit that weekend, arrived home late Sunday night. Ronald left the Keyes house late Sunday night, and returned home.

By the following morning, after frantic parents of the couple had notified police that their children had not returned, Ronald picked up

Christopher and the two went searching for Kathy and Jack.

Ronald was familiar with Jack's car, once having owned it. Christopher has no car nor driver's license.

Their search took them to a spot in Salem Township, off Napier Road near the C & O railroad tracks. They looked in this area, they explained, because Jack was known to have parked there on previous occasion and the boys feared Jack and Kathy might

have been overcome by carbon monoxide.

They found nothing, then drove south on Napier a short distance and spotted what looked like the tire marks of Jack's car in the snow entering a "lover's lane" inside Northville Township.

Back about one-quarter mile off Napier Road they found Jack's car some 20-yards off the lane and down a snowcovered hillside. Inside they found the partially clothed boy's frozen body. But Kathy was missing.

A subsequent autopsy disclosed that the boy was killed by two 22-caliber bullets in the face. They had been fired by an automatic weapon. In all four bullets had been fired, two striking the youth, one the steering column, and another the rear inside panel of the car. The boy had not been beaten.

Police estimate the time of death between 9 p.m. and 1 a.m.

The drivers window was open.

Police report the weapon apparently was fired from outside the car — at least three feet away since no powder burns were found on the victim. The boy, they say, apparently was lying face up when shot because of the entry path of the bullets. The car has a reclining seat.

A single 22-caliber casing was found inside the car.

Beside the boy's outstretched hand was his driver's license, as if, police say, the boy had been showing it to someone. Kathy's blood soaked jacket (it was his blood) was folded beneath the boy's head.

Detectives suspect that the shots that struck the steering column and the rear panel were deflected perhaps because kicked the the gun in self defense

Missing were Kathy, the car keys, the boy's billfold, his jacket, and her purse. His billfold contained about \$40.

Tire tracks of what was either a jeep or other four-wheel drive vehicle indicated that it had driven around the car leading detectives to believe that Jack's car might have been pushed or towed to the site. Jack's car had racing slicks (smooth tires) and the boy wouldn't have driven to the site knowing that he could not negotiate the hillside, police theorize.

The car had been shifted into a

park position.

Either because the person driving the jeep did not know the area or because he was trying to "throw off" police the driver had made a wrong turn in leaving the lover's lane, backed up and then returned to Napier Road, detectives explain.

Tire marks at the entrance of the lane indicate, they say, that both Jack's car and the jeep (or other four-wheel drive vehicle) had entered the lane from the south (in the direction of Five Mile Road).

The lane is located north of Five Mile off Napier — the boundary between Northville and Salem townships — and adjacent to the Detroit House of Correction property.

Both Ron Baggett and Christopher have been questioned extensively by police, and although they admit that the boys' search of the area raised obvious suspicion they are convinced the boys were not involved in the slaying.

Detective Grubb believes the murder may have been premeditated.

The slaying he and others believe, took place elsewhere. This being the case, the fact that a four-wheel drive vehicle was used and that the driver apparently knew the area well enough to turn up the lane might indicate that at least one of the persons involved was from the local area.

Police are convinced more than one person took part in the slaying. They wore gloves and carefully obliterated all finger prints in the car.

Kathy, they believe, was alive when Jack was killed. Had she been killed also, they theorize, her body would have been left in the car as well. Furthermore, because Kathy's jacket was folded beneath the boy's head it would indicate possibly that she tried to comfort the boy after he had been shot.

Police have ruled out any possible involvement of the girl in Jack's death. She had neither a motive, gun, nor transportation other than Jack's car. Furthermore, she had no idea where she and Jack would be at any given period since their route to Northville and vicinity was through happenstance.

Police checked the possibility that an escape by a Detroit House of Correction prisoner had occurred about the time of the murder. But there was none.

Continued on Page 10-B

Here's How You Can Help

Running out of clues and time, detectives seeking the whereabouts of Kathy Radtke and the murderers of her boyfriend, Jack Keyes, have issued a plea for public assistance. Persons who may have information about the following are asked to contact police (Novi Detective Jack Grubb, F19-2444) immediately.

- Whereabouts of Kathy Radtke, 5'7", 110 pounds, brown hair and eyes, last seen wearing lavender long sleeve shirt, purple "Mickey Mouse" T-Shirt, purple bell bottom slacks, brown moccasins, carrying a brown purse with shoulder strap.
- Billfold and 1967 Ford Mustang keys belonging to John (Jack) Keyes. The billfold contained two charge account cards.
- Black nylon windbreaker jacket with snaps on collar and pockets, owned by Jack, but possibly worn by Kathy.
- Anyone having seen Jack's Mustang car after 7:30 p.m. on Sunday, January 31.
- Anyone having seen a four-wheel drive vehicle, possibly a jeep, in or near the vicinity of Five Mile — Six Mile and Napier roads.
- Anyone who may have seen a Mustang being pushed or towed in this area.
- Anyone who may have seen anything unusual occurring in the Napier Road area on the night of January 31 — perhaps someone who may have heard a gun shot.
- Anyone who has not yet been contacted or questioned by police who may know of any motive for the gunshot slaying of Jack or the disappearance of Kathy.

Modern Thought Vs. Thought of God

Rev. Cedric Whitcomb, First Baptist Church of Northville

I was recently exposed to the ten axioms of modern thought. One of them is the statement, "man is insignificant." To the oil company we are credit card numbers, to the magazine publisher, a computer number and many Americans feel that they are only votes as far as government representatives are concerned; so why bother them, they'll do as they please. It seems that in many areas of our society the personal touch is gone and we are just one of the crowd being pushed and elbowed through the rat-race of living.

personal and He is concerned about us and our specific needs. David expressed His confidence in God when he said, "I sought the Lord, and He heard me, and delivered me from all my fears." (Ps. 34:8) David and others found God personal.

The Bible is filled with "whosoever's." They pick the individual up out of the mass of humanity and make the purpose of God real to their personal lives. When Christ died, He died for the world, but the world is made up of individual people and when He died He died with you in mind and in heart.

God sees us as individuals for whom Christ died. He has a plan for each of our lives. His plan is built around receiving Jesus Christ, as personal savior and Lord. Receiving

Him involves repentance. Repentance means that I change my mind and realize that I'm a sinner and personally guilty before a Holy God, it also means that I'm sorry for my sin, neglect and rebellion against God and finally it means that I'm willing to receive Him and turn from my sin and by God's grace live for Him at any cost. True repentance leads to forgiveness and forgiveness to right standing before God and peace with Him.

When I receive Christ I receive Him as personal Savior. I'm a member of God's family. Even though society says I'm only a number and modern thought says I'm insignificant, I'm a child in God's family and after all, that's most important because He's the One who'll have the final say concerning my eternal destiny.

Would a fence help? If we could build a fence around the world, would we respect our limitations and live happily with one another? Would we stop wars? Probably not! You can fence in physical objects but not the minds and hearts of mankind. Nor can we be forced to live in peace. Peace comes through practicing love, faith and tolerance—an understanding of God and His Church. Then, remember World Day of Prayer. Determine not to build a fence around yourself, or around anyone else. Instead, enlarge your horizons through the common voice of prayer.

State Paid Financial Aid for Victims of Crime?

LANSING — Financial aid to victims of crime would be paid from state funds if Attorney General Frank J. Kelley and some members of the Legislature have their way.

Proposals introduced in both houses of the Legislature would give crime victims up to \$15,000 in financial aid. Kelley, a major supporter of the legislation, recently sent letters to all 148 legislators urging them to make the issue "a top item of governmental concern."

"Presently, we make special efforts to take care of those convicted of crime by providing them with training, medical care,

dental care, and other social services," he wrote. "However, we leave the victim to take care of himself."

NOW UNDER consideration are laws which would pay actual expenses caused by crime but not covered by insurance.

Lost earnings while the victim is unable to work or support to his family if he were killed would be included, with payments limited to \$100 a week.

The program would be administered by a compensation board of three members, who would hear claims from victims of crimes and would decide whether they deserved compensation.

Financing would come from the state general fund.

AMONG THE CONDITIONS imposed upon any payments would be:

— the crime would have to be reported within 48 hours.

— the victim, including policemen, would have to suffer personal injury or death as a result of a crime.

— the victim and his assailant could not be members of the same family nor could they have a close or intimate relationship with each other.

— no payment would be made if the victim's conduct contributed to the infliction of

his injuries.

— no payment would be made if the out-of-pocket loss was less than \$200 or if less than three week's earnings were lost.

A SPOKESMAN for Kelley says there is no way to estimate how many persons would qualify for compensation.

He estimated first year costs for setting up a program would be about \$500,000.

Since 1966, New York, California, Hawaii, Maryland and Massachusetts have enacted crime compensation laws similar to Michigan's proposed law, and they have paid out a total of \$1.8 million to 1,000 claimants.

MICHIGAN'S two largest universities are joining forces to combat the new diseases which are endangering Michigan's number one agricultural crop — corn.

Michigan State University and University of Michigan are working on means to identify southern corn leaf blight and similar diseases much earlier than they now are detected.

MSU plant biologist A. H. Ellingboe explains MSU will "supply the necessary knowledge of plant biology and corn diseases. The U of M will supply the needed technology and knowledge in remote sensing."

THE JOINT PROJECT is aimed at "fingerprinting" the various diseases so they can be identified as early as possible by a device which measures the radiations given off by various animal species, diseases, and plants.

"Our problem is first to identify the true 'signature' of healthy corn under various growing conditions and second to identify the 'signature' of corn that has southern corn leaf blight," Ellingboe explains.

"When the experiment is completed we hope to have a means of detecting leaf blight before farmers can see it in the field," he said. "This would make corn protection programs easier and would prevent chemical treatments in areas where there is no disease threat."

THE SAME FRUSTRATION his predecessor, James Hare, in dealing with license plate buyers is bothering the new Secretary of State, Richard Austin.

Hare yearly pleaded with car owners not to wait until the last minute to buy their license plates, and yearly he lost.

"I hate to keep harping at people to get their plates, but I also hate to contemplate the shoving, tugging matches and the raveled nerves if they wait until the last minute to buy their 1971 plates," Austin said recently. "But if business doesn't perk up soon, last-minute buyers will find themselves in the most colossal lines in history if they wait to buy plates just before the March 31 deadline."

Human nature being what it is, they'll probably wait anyway.

Babson Report

Gold Stocks Reflect Market Optimism

WELLESLEY HILLS, Mass. Marketwise, gold issues have performed quite well in the past year. They are currently selling well above their 1970 lows and very near their 1970-1971 highs. The favorable market behavior of these stocks reflects a generally optimistic outlook for the price of gold based on both monetary factors and an anticipated increase in industrial consumption over the longer term.

At the same time, an agreement with South Africa (which accounts for most of the Free World's gold production) and the international monetary pool has tended to put a "floor"

under the price of the precious metal.

SPECULATION about an increase in the official price of gold has subsided considerably, and in the past year the topic has rarely received much public attention. Nevertheless, the prospects of continued inflation and the further erosion of paper currency make it impractical to exclude the possibility of revaluation over the longer term. Indeed, some tension is already mounting among foreign authorities with respect to the large pile-up of American dollars.

Furthermore, our balance-of-payments position continued to be a problem area

last year, and there is little hope of much, if any, improvement in the current year. Concern has been further heightened by the administration's present emphasis on expanding the economy through further deficit spending.

SHOULD INFLATION accelerate, there will likely be renewed speculative activity on the international monetary scene with a corresponding run-up in the price of gold. Inflationary history has taught us to expect such a development.

Apart from monetary considerations, the demand for gold for industrial and artistic purposes has been increasing, and this trend is likely to continue.

Industrial demand is now about equal to new mine production, and one survey estimates that by 1973 nonmonetary uses could consume most, if not all, of world output. This production-consumption equation should in itself exert upward pressure on the price of gold in the free market.

While there are currently ample supplies of gold in existence, it is doubtful that most of this source will become available on the free market without a significant increase in the price. As long as paper currencies lose real purchasing power, gold will be maintained as a store of value, and a revaluation of (an increase in the official price of gold) may be needed to dislodge it from private hands.

WHEN AGREEMENT was reached in December 1969 between South Africa and the International Monetary Fund, an effective price floor for gold was established. Under the agreement, South Africa will sell its gold on the free market unless the price falls to \$35 an ounce or under, in which case some production can be sold to the IMF at the official \$35-per-ounce price to meet current foreign exchange

requirements. Thus the agreement serves to support the price of gold.

It appears that the price of gold on the free market will trend higher over the longer term.

Crossword puzzle titled 'Top Brass' with a grid and a list of clues including '1 Master (ab.)', '2 Blood', '3 Changes in ownership', etc.

ALOOSE LEAF by ROLLY PETERSON. Illustration of an open book.

"Love Story" has been a hot item ever since Erich Segal pocket-sized novel came rolling off the presses. It has provoked a variety of responses, with the reading public applauding the book while most critics have poo-pooed it as a novel without outstanding merit.

Only recently it was rejected as a nominee for a national literary award, despite many nominations from various librarians and others around the country.

Then along comes the movie and the same pattern of responses, not necessarily because of the acting, but because of the story line which, from the novel to the screen, was altered a bit.

Denny McClain, the former controversial Tiger, criticized the movie in his own way, calling it "dumb." Why? Because at the outset you are told the girl is going to die.

In the novel or on the screen, "Love Story" was meant and comes across as purely romantic fiction, nothing more, nothing less. It's maudlin to the core, but that's the miracle of the book and the movie.

the effrontery, as some would call it, to write a romantic novel in this day of pragmatism and expressionism.

You responded with tears, first in reading the book and secondly when seeing the movie. Good. That was exactly what Segal wanted to evoke, a lake of tears.

Segal didn't offer anything new in his approach to the story, it's true. But in laughter and pathos, his novel was second to none. He made his characters indelible, his prose pungent.

What more could be asked of an author?

As to the movie...

Frankly, I liked it, especially the playful snow scene which captured the essence of romantic youth, the music which was creatively woven through the story, and the acting which was true to the characters.

Maybe "Love Story" doesn't compare with "La Dolce Vita". But then, that's the difference between lyrical expression in all its simplicity and expressionism in all its mysterious and psychological hangups.

That Erich Segal would have

Can You Help Find Missing Girl?

Continued from Page 1-B

Police feel certain the slaying took place in the general area because the murderers, driving the jeep (perhaps one of them drove Jack's car while another drove the jeep) would not have risked driving a long distance.

They doubt that Kathy's body may have been buried in one of the nearby landfills. Why, they ask, would not the killers have left her body in the car? "We're convinced," says Grubb, "that the girl was alive when the killers left the scene."

They strongly believe the girl was abducted.

Police have not ruled out the possibility that persons posing as police officers surprised the couple in their car which would account for the boy's driver's license next to his outstretched hand. Of course, they admit, "it could have been a plant."

Auxiliary policemen and constables in the area have been investigated.

Some 125 other persons have been

questioned as well. Nearly a dozen have been given polygraph tests. Numerous four-wheel vehicles have been checked out.

Detectives also are checking the possibility that Jack may have been mistakenly killed in reprisal for a debt owed narcotics pushers. Grubb emphasizes, however, that there is no indication that either Jack or Kathy were involved with drugs.

Investigation, police reveal has extended to a "drug hangout" in Detroit. They continue to hold out hope that the girl is still being held captive.

"Right now we have very little to go on," according to Grubb. "All we can hope for is that someone saw something in the vicinity of Five Mile and Napier, heard a shot, saw Jack's car or the jeep, or may have found one of the missing items."

Police Chief BeGole, who wasn't notified of the discovery of the boy's body until late Monday (February 1) launched a full-scale search of Novi and Northville Township on the following two days. Hundreds of volunteers — fellow employees of Kathy's father, fellow students at Novi High School where Kathy was an 11th grade honor student, police and other local citizens — scoured the roadsides, farm yards, landfills, and the Maybury Sanatorium property. Helicopters and police dogs were pressed into service.

But nothing was uncovered to aid police in search of the murderers or Kathy.

Persons searching earlier in the lover's lane area, said BeGole, had made observation of any footprints an impossibility.

The case is officially in the hands of the Wayne County Sheriff's Department, which had been notified by the Keyes and Baggett boys. Township Police Chief Ron Nisun learned of the body's discovery upon overhearing a sheriff's department radio dispatch.

BeGole asked state police for assistance a day later but because the case is officially in the hands of the sheriff's department, which has not asked for such assistance, state police detectives are limiting their investigation to aiding Novi in an unofficial capacity in search for Kathy.

County investigation, BeGole emphasized, has been praise-worthy even though he believes the state police crime lab technicians and investigative teams might have lent valuable support had they been called in immediately.

Rewards totaling \$4,885 have been offered for information as to Kathy's whereabouts. In addition, an anonymous Novi businessman has put up \$1,000 for information leading to the killers' arrest.

Special missing person bulletins have been sent out by the Novi Police Department throughout the state and by the Michigan State Police throughout the nation.

DEATH CAR — Did anyone see this 1967 Mustang on the night of Sunday, January 31? ask detectives who are searching for the missing Novi girl, Kathy Radtke, and the murderers of her boyfriend, Jack Keyes of Northville. Jack was killed by two 22-caliber bullets fired into the car.

WILD SHOT — Jack Keyes was killed by two 22-caliber bullets. But four shots were fired in all, with one penetrating the rear panel of the car (above) and the other striking the steering column. Police believe the latter two shots may have been deflected by a kick of the victim in self defense.

Out of the Horse's Mouth

Send your comments, questions and horse show news to "Horse's Mouth," care of South Lyon Herald, South Lyon, Mi 48178. This column is open to news of all breeds of horses and ponies.

terrible pain, permanently damaging the sensitive inner tissues — the laminae. That's why founder is called laminitis; it is an inflammation of the sensitive laminae.

When this happens, the pain makes it difficult for the horse to walk. Lameness shows up first in the front feet because they carry most of the horse's weight. After the fever leaves, the congestion and changes in the horse's body gradually return to normal, but permanent damage has been done to the feet and they become increasingly deformed. The sole drops down, the laminae separate, and the hoof wall appears ringed and ridged.

Here are some of the causes of founder:

1. Overfeeding, especially rich feeds and grains.
2. Drinking cold water when overheated. NEVER let a horse take a big drink when he is working hard or is hot and sweaty. The blood rushes to his stomach to try to maintain an even temperature, and the muscles and extremities that have been working so hard and are in desperate need of repair and fresh blood are neglected. The horse's whole system is thrown into a state of confusion.
3. The same thing can happen any time the horse's temperature is drastically upset — as when an overheated horse is washed with cold water, or left to cool rapidly after hard use on a cold or wet day, or has to stand in a cold wind when he is hot and sweaty, etc. Sudden chilling of large areas of the horse's body sends blood rushing to these parts to keep them

warm. Any time the horse's system has to make a rapid change, his carefully balanced control mechanisms are thrown away. Thus, a horse chilled in this manner, may develop a bad cold, pneumonia or founder.

4. Grass founder is another example of the horse's system suffering an upset by too sudden change. Grass founder occurs when a horse on dry feed is suddenly allowed to eat a large amount of new green grass. To avoid this allow horse to graze only a short time the first day, a little longer the second, and so on.

5. Concussion caused by riding on hard surfaces, particularly pavement. This puts a great deal of strain on the sensitive areas of the horse's feet (they are forced to absorb too much of the shock) and may cause founder.

6. Increased weight on the feet can also cause founder. When a horse is lame in one foot and tries to carry most of his weight on the other for long periods of time, he may founder in his good foot. An overweight pregnant mare is susceptible to founder, especially if she gets no exercise and stands for long periods of time.

7. Extreme exhaustion can cause founder, especially if the horse is out of condition.

8. Severe infections that go untreated, such as pneumonia, or infection of a mare's uterus after foaling can cause founder.

9. Heat stroke.

10. Drastic laxatives which upset the horse's system.

At the Brierwyck Farms horse show February 21, Donna Wilson of South Lyon, riding "Sea-bo-Now," won the high point trophy by taking the following places in youth activities: first in English pleasure, second in fitting and showing, third in stockseat equitation, third in English equitation, and fifth in western pleasure.

In open classes, she took second in mares at halter, third in stockseat equitation, fifth in bareback pleasure and sixth in senior western pleasure.

What is founder? and can it be cured?

Founder is a term used to describe the changes that occur in a horse's feet when he suffers a severe shock to his system. The hoofs can become very deformed. In most cases, founder is an unnecessary disaster. Founder can be prevented by proper care. Almost all cases of founder are the result of someone's neglect or ignorance.

To understand why founder can occur, let's look at the structure of the horse's feet. Front legs bear more weight than hind legs. The bones and muscles of the horse's legs terminate inside the hoofs in an area that acts as a cushion and an attachment between the bones and tendons and the outer horny wall. This area is called the sensitive laminae. When the horse suffers a severe shock — an upset of his body chemistry — many changes take place in his body, including an increase in blood pressure and congestion of blood in certain blood vessels. He develops a fever. Usually the congested blood vessels do not cause serious or permanent damage in other parts of the body, only in the hoofs, which are encased in solid walls. The congestion and swelling create great pressure and

U-M Displays Rock from Moon

A six-ounce moon rock is on display at the University of Michigan's Exhibit Museum in Ann Arbor.

The rock, which is part of the 75 pounds of samples brought back to earth by Apollo 12 in 1969, will remain on display until March 14. The rock was taken from the Ocean of Storms, about 200 miles from the spot where Apollo 14 recently landed.

In addition to the moonrock, photographs and color slides of the lunar landing will also be on display, according to Irving Reimann, director of the Exhibit Museum.

The hours of the exhibition are 10 a.m. to 5 p.m. Monday through Saturday and 1:30 p.m. to 5:30 p.m. on Sundays.

The U. of M. astronomy department is also offering illustrated talks about the moon and the chance to view the lunar surface through the department's telescopes, if the weather permits. These "visitor nights" will begin at 8:30 p.m. in Auditorium B of Angell Hall on March 5 and March 12.
