

NOT DISTANCE nor municipal boundaries deter mailmen from making their appointed rounds. Craig MacDermid, a college student working for the Northville Post Office, delivers Northville-addressed mail to Country Estates deep inside Lyon Township while miles away, inside Novi, South Lyon mailmen are delivering South Lyon-addressed letters.

Mail Zips Past Boundary Maze

EDITOR'S NOTE—Following is the second in a series of articles about the boundaries in this area and how they affect people, municipalities, and schools.

"It's hard to figure out: Why must our mail be addressed to Northville when we have nothing in common with Northville?"

In asking the question, Mrs. Seth Whitmarsh voices a puzzler that has a good many people scratching their heads in amazement and concern over the irregular postal boundaries covering area communities.

"We live in Lyon Township, our children attend schools in South Lyon — and we're eight miles from Northville and only three miles from South Lyon," she says.

The Whitmarsh family lives in the Country Estates Mobile Homes subdivision located on the north side of Eight Mile Road, one mile east of Pontiac Trail. She and others in her subdivision are several miles closer to South Lyon than some other Lyon Township families who are receiving their mail through South Lyon.

Letters sent to the Whitmarshes and the 240 other families in Country Estates are addressed to Northville.

Similarly, many people living in Salem Township, all the people living in Novi south of 10 Mile and west of Novi Road, and all the people in Meadowbrook subdivision in Farmington receive their mail through the Northville post office.

Most of the people living in Novi north of 12 Mile Road receive their mail addressed to Walled Lake, and some people in Lyon Township receive their mail through the Wixom post office.

Not all people are unhappy with these mailing arrangements.

Northville School Superintendent Raymond Spear, for example, lives in Novi's Connemara subdivision and he likes mail coming to his home addressed to Northville. Although he pays Novi city property taxes, he considers himself part of the Northville community.

Novi Mayor Joseph Crupi, also a Connemara resident, naturally disagrees. For him the Northville address is embarrassing to say the least.

Put yourself in his shoes: You're the mayor of the City of Novi and yet you must remind people you have a Northville address. It's like asking people to send letters to Detroit Mayor Roman Gribbs in Hazel Park.

Says Mrs. Whitmarsh:

"Suppose people who have never visited

us before want to come out...and this has happened to us and others in our neighborhood. They've been sending us mail addressed to Northville so they drive to Northville. When they get there no one in Northville knows where our street is located so they look in the phone book. But they can't find us there either because we have a South Lyon telephone and we aren't listed in the Northville book."

Peter Alcalá, member of the Novi planning board, also resents his Walled Lake address. "I even had to get driver's license changed from Novi to Walled Lake," he points out.

See Postal District Map on Page 6-A

"I don't live in Walled Lake and I don't want to live there. I'm a citizen of Novi and I'm proud of it," he asserts.

According to Northville Township Supervisor Gunnar Stromberg, the fact that citizens living in Northville Township Six Mile Road receive their mail addressed to Plymouth has created any significant problems for the township except that "psychologically, it encourages people to think Plymouth not Northville."

The Plymouth address, says Stromberg, has a tendency to persuade citizens "to turn their attention to the Plymouth community. This is especially disconcerting, he points out, when it involves residents of new subdivisions such as the Greenspan development. "We'd

Hearing Set On Multiples

Possible construction of 890 townhouse units on the north side of Six Mile Road near Waterford Lake will be discussed at a public hearing on July 27 in the school board auditorium.

The hearing was granted by the Northville Township Planning Commission in a special meeting Monday, following a request for rezoning by Thompson-Brown Developers.

Presently, the land in question is zoned for both single family and multiple dwelling units. Thompson-Brown wants to rezone a

Parking Agreement Reached

Downtown Complex Nearing

The city of Northville and the R. H. McManus Company reached agreement Monday night on a business district land sale that clears the way for construction of a \$3 million shopping complex.

Terms of the agreement stipulate that construction of the development must begin within one year of the signing of the contract.

Specifically, the city council agreed to sell approximately 58,000 square feet of land located on the western half of the block bounded by Main, Wing, Cady and Center streets to McManus for \$90,000.

In return McManus agrees to construct a three-story, combination retail-office complex containing nearly 100,000 square feet of useable retail and office floor space.

The developer also agrees to pay \$200,000 towards the cost of providing some 500

parking spaces in the business district immediately north and south of the proposed Northville Square development. Total cost of the parking has been estimated at \$400,000.

While it is expected that the purchase agreement will be signed this week, actual closing of the transaction will not take place until July or August, City Manager Frank Ollendorff noted.

Within one year from the closing date construction must begin with completion of the project "as soon as possible thereafter."

Construction time of the complex is estimated at 18 months.

McManus has not revealed who the tenants of Northville Square may be, but it has been indicated that a major women's wear department store will be a prime occupant.

A restaurant, appliance store, chain drug and other retail accessory shops have been discussed in addition to the office space. About 67,000 square feet of the tri-level structure will be retail space and some 31,000 for office rental.

Architectural plans for the complex, which aroused some criticism from the community, have been redesigned and will be submitted to the city planning commission at a special meeting tonight (Thursday) at eight o'clock at the city hall.

Several questions were raised Monday night as the council met in special session in an attempt to reach accord on the purchase agreement. It has been under study and change for the past two weeks.

Councilman Paul Folino questioned the provision of

The Northville Record

IF IT'S NEWS...AND IT HAPPENS IN NORTHVILLE...YOU CAN READ IT IN THE RECORD

Vol. 102, No. 6, Two Sections, 28 Pages • Northville, Mich. — Thursday, June 17, 1971 • 15c Per Copy, \$6 Per Year, In Advance

Big Voter Turnout Elects Incumbents

A near record number of voters went to the polls Monday to return all three incumbent school board trustees to office.

Winning their second four-year posts were Richard Martin, who topped all candidates with 1,083 votes, and Andrew Orphan, who received 923 votes. Elected to the one remaining year of a four-year term was Martin Rinehart with 1,030 votes. Rinehart was appointed to the board in April to fill a vacancy, after running unsuccessfully for the board last June.

A total of 1,751 ballots were cast, including 29 absentee and 37 spoiled ballots. The vote is second only to the third try for millage in September, 1968, when 2,425 electors voted.

Four other candidates for the board who sought election included, for the four-year terms, Angelo Chinni, who received 789 votes; Mrs. Sylvia Gucken, 576 votes; and for the one-year post, Duane LaMoreaux, 523 votes; and David LaFond, 132 votes. Write-in votes went to Fay Waldren and Mary Ann Beltz who each received one vote.

Chinni, Mrs. Gucken and LaMoreaux ran on a platform opposed to year-round school and the study of the concept currently being made in the district.

Chinni promised that the Committee Opposed to Year-Round School, which supported the three candidates, would remain active and would not disband after the election "You'll be hearing from us," he said.

A total of 33 per cent of the 5,206 registered voters in the district cast paper ballots in Monday's election. Election workers reported a "steady flow" of voters throughout the day with nearly 1,000 ballots cast during the last four hours the polls were open. Waiting was kept to a minimum with eight voting booths in operation.

Superintendent Raymond Spear had predicted a large turnout because of the year-round school issue. "It may not have been in the ballot, but it was made a campaign platform and definitely figured into getting the voters out," he noted.

Spear expressed the desire for the community to "join together once again to work toward the betterment of our schools."

The year-round school issue came to a head shortly before the election with the Committee Opposed promising to stop implementation of the concept and the study if elected, while the board and administration restated its position that year-round school would not be implemented unless desired by the residents of the district.

The study will continue, Spear explained, until the completion of Phase III, which is expected shortly, since funds were provided by the state for the purpose of studying the concept.

The superintendent again stated this week he "seriously doubts year-round school will be more than a study in Northville."

"The indications we have received from the community survey and mock schedule responses we have received so far show pretty clearly the community wishes to retain

the traditional school calendar," the superintendent noted.

Four challengers were at the polls during the day, a rare sight at school elections, though no challenges were reported.

Only a handful of voters and several candidates were at the polls when the results were announced shortly before midnight. The election was to have been canvassed Tuesday night.

Trustees will hold their reorganizational meeting

Monday, July 12, at 8 p.m. Officers will be elected from among the three trustees returned to office and Dr. Orlo J. Robinson, current president; Stanley Johnston, vice-president; Glenn Deibert, secretary, and the Reverend Timothy Johnson.

Festivities Friday

Park Deck Opens

Northville will celebrate the opening of its new 165-car two-level parking deck Friday with ribbon-cutting and gift-awarding ceremonies.

The \$300,000 project is the first of two currently being undertaken by the city and retail merchants on a split special assessment basis. Work will soon get underway on a Dunlap street parking lot where spaces will be provided for 50-70 cars.

Tomorrow morning, just before nine o'clock, the Cady street parking deck will be officially opened for public use.

Taking part in the grand

opening ceremonies will be Mayor A. M. Allen and members of the city council, City Manager Frank Ollendorff, Retail Merchants' President Del Black and Chamber of Commerce President Arthur Jahn.

Also participating will be the three-member Northville Building Authority, which in reality owns the parking facility. This council-appointed body has the authority to issue bonds, financing the project, which will be retired through a pay-back lease arrangement.

Members of this Authority are

Most Oppose 'Year-Round'

Mock year-round school schedules returned so far indicate overwhelming opposition to the concept and scheduling, according to Superintendent Raymond Spear.

In a report to the board of education Monday night, Spear said that 841 of 53 per cent of the 1,640 cards mailed out have been received.

Of those received, 593 or 71 percent "are opposed to the concept and-or they find the schedule unacceptable," he noted. "Twenty-nine per cent, or 248 families, support the schedule or the concept or both."

"The question of acceptance of year-round school still remains unanswered," Spear explained, "since 47 per cent of the cards sent out have not been returned."

Though a letter accompanying the mock schedules noted that cards not returned by Monday, June 14, would be recorded as acceptable, the superintendent said "I refuse to believe that all those people find the schedule acceptable."

He said the deadline for returning cards would be extended to Friday and a decision would be made early next week on what to do with the unreturned cards.

"We may have to follow up by phone to find why the cards have not been returned," he said.

Combining the results of the returned cards with the results of the survey of people in the district without children, Spear said 747 families or 25 per cent support the concept, 967 or 33 per cent are opposed and 1,160 or 42 per cent have no preference.

In other business Monday night, trustees approved a resolution awarding a bid to Manufacturers National Bank for the purchase of a \$480,000 tax anticipation note at an interest rate of 3.15 per cent.

Business Director Earl Busard noted that Manufacturers had submitted the low bid of 3.45 per cent interest "and that interest rate was cut by the bank's board of directors. It's the first time I've heard of the low bid being reduced."

Busard said the cut would save the district \$1,680 in interest.

Trustees also voted to accept the superintendent's recommendation that a bus driver who failed to work be suspended from work without pay for four days but that she be paid for two hours when she did report to work, as provided in the contract.

Trustee Andrew Orphan voted against the measure, saying the suspension was too severe, and Trustee Glenn Deibert abstained, having

SUMMER LIBRARY hours went into effect this week with the library now open Monday through Thursday from noon until 8 p.m. and Friday from 10 a.m. to 5 p.m. The library will be closed Saturdays throughout the summer.

REVISED PLANS for the proposed Northville Square will be submitted to the city of Northville planning commission tonight (Thursday) at the city hall. Earlier plans were criticized by many residents on the basis that they did not comply with the community's Early American theme. City planners will receive the new plans tonight and announce another meeting at a future date at which time interested citizens may be given an opportunity to view the new design. (See story on this page about Northville Square).

DAMAGE DEPOSITS will be returned to families in the school district after July 1, according to Superintendent Raymond Spear. "The July 1 date was selected," he explained, "because \$7,000 in student credits from previous years will be charged to the 1971-72 school year budget." Collection of the damage deposits was suspended in January and the policy repealed effective June 30.

IN AN EFFORT to make up an \$85 deficit in the senior class treasury, Northville seniors will hold a car wash Saturday at the First Presbyterian Church from 9 a.m. to 4 p.m.

POLICE PROTECTION cost proposals and projections from the City of Northville will be aired at a special meeting of the township board Tuesday at 8 p.m. in Township Hall. The City Police Department is expected to present cost estimates for working jointly with township police in providing protection to the township.

MR. AND MRS. JAMES TOTZKAY

Music Recital Set for Friday

Piano, violin, guitar and organ students of Miss Selma Schulte will present a recital on Friday at 7:30 p.m. The program, which is open to the public, will be given in the former Methodist Church sanctuary on Dunlap Street.

Performing on the organ will be David Beers, Stephen Beers, Judy Bell, Nancy Bell, Anne Harrington, Mary Lou Heidt and Julia Houser. Also Mary Kubitskey, Terri Myers, Natalie Snyder, Susan Stauffer, Nancy Switzer and Leonard Weber.

Piano, students include Brian Abbot, Karen Andersen, Paul Barrow, Joan Batzer, Judy Bell and Nancy Bell. Janny Capello, Carol Eberhardt, Sharon Ellis, Linda Glaza, Lori Green, Rhonda Green, Tague Harding and Janet Hopkins; Jacqueline Hopkins, Dan Johnson, Julia Kierdorf, Diane Kramer, Chris Lorenz, Sallie Lorenz, Nancy Maas, Ben McDermott, Audrey McDermott, Kris Page, Julie Roberts, Cindy Scheel and Cindy Smelser.

Still others are Julie Smith, Carol Spear, Jennifer Stabeneau, Christine Strom, Karen Waeschele, Scott Waeschele and Sheri Whitcomb.

Also performing will be guitar students Cindy Carrow and Amanda Brailsford, and Christine Strom on the violin.

In Our Town

Dollie Cole to Show Fashions

By JEAN DAY

DOLLIE COLE, the delightful designing wife of General Motors' Edward Cole, is coming to Our Town—with a fashion showing of her originals.

She is to appear at the opening program of Northville Woman's Club October 8 at Meadowbrook Country Club. For this first fall meeting only, Mrs. George Merwin, program chairman, points out, the program is on the second Friday of the month instead of the first.

Mrs. William G. Quigley, Jr., program chairman for the luncheon which opens the club year, made arrangements through her husband to bring Mrs. Cole and the fashion show here. The program, which promises to be a highlight of the club's 79th year, will be preceded by a salad luncheon at the club.

Mrs. Leonard Klein, who is beginning her second year as club president, announced the opening arrangements to her board at a meeting last Thursday. She added that the program also will be a guest day.

SARAH ANN COCHRANE
Chapter members of the Daughters

of the American Revolution will end their year at a potluck program this Monday—the first day of summer officially—at the home of Mrs. George Merwin, retiring regent, in Brookland Farms.

Mrs. Merwin is hoping that the day will be warm and sunny so that the noon picnic may be held "under the walnut tree." Members also are invited to bring swimsuits if they wish to dive into the pool. Resolutions made at the Continental Congress will be read at the brief business session.

TWO LONG-TIME residents of the community, Mr. and Mrs. Harold B. Putnam of 40860 Seven Mile Road, moved this month to the north country. They had been Northville residents since 1937 and were well known for both their beautiful gardens and for their travel writings.

Several years ago the Putnams fell in love with Michigan's Upper Peninsula and wrote about its tourist attractions in a readable guide, "North to Adventure." The annual supplement had just gone to the printers a few weeks ago when Beatrice and Harold Putnam began

packing to move to Eagle River in the Copper Country.

During Michigan Week last month Mrs. Putnam welcomed Northville's visitors from Sparta for a tour of her spacious gardens which have been planted to provide color throughout the year. She mentioned before leaving last week that she is particularly pleased that the new owners of the home appreciate the garden and vintage house.

Before leaving, Mrs. Putnam gave the Northville Historical Society early pictures of the house, showing its appearance before the Putnams added the kitchen wing and new entrance.

VISITORS have been arriving with the beginning of the vacation season. Guests at the home of Mr. and Mrs. Howard Atwood, 118 Linden, for two weeks are their son and daughter-in-law, Technical Sergeant and Mrs. Harold Atwood. They will be returning this weekend to Cannon Air Force Base in Clovis, New Mexico.

A career serviceman, Sergeant Atwood has 19 years' service. He works as a precision measurement technician in the lab at the base.

Mr. and Mrs. Harold W. Price, 45787 Fermanagh, had as their houseguests last week-end Mrs. Price's sister and her husband, the Jack Londens of Phoenix, Arizona, who were enroute to an exciting meeting in Washington, D. C.

Their son, Jack London III, was to receive an award as a Presidential Scholar of the Year Tuesday from President Nixon personally.

A card of presidential congratulations has been received by a Northville High graduate this year. Debbie McIsaac, 224 Orchard Drive, who sent a graduation announcement to President Nixon, has received the official recognition, as did her sister, Diane, from President Kennedy in 1963. The girls are the daughters of Mr. and Mrs. Bernard McIsaac. Debbie is now employed at Manufacturers National Bank.

School's out and this is my final June column. Those with club, wedding or family news will find Prudence Hartt, who was graduated from Bradley University June 6, again at the woman's desk. She will be pleased to hear your news.

Evening Vows Unite Couple

Cathy Marie Cross, daughter of Mr. and Mrs. Charles M. Cross, 410 Lake Street, became the bride of James Edward Totzkay in a Friday evening ceremony June 11 at Our Lady of Victory Catholic Church. The bridegroom is the son of Mr. and Mrs. George F. Totzkay of Farmington.

The Reverend Father John Wyskiel officiated at the double ring service at the altar decorated with white glads and mums. Organist Paul Laboda played "The Lord's Prayer," "Because" and the Romeo and Juliet theme song.

Given in marriage by her father, the bride wore a gown of Chantilly lace which she had made. It was fashioned with a high neckline, empire

waist and bishop sleeves. Her elbow-length veil of illusion was banded with matching lace and trimmed with pearls. She carried a cascade arrangement of daisies.

Mrs. Richard Comito (the former Enid Penn) was matron of honor in a pink dogwood-print gown of cotton-dacron styled with an empire waist and short, puffed sleeves and trimmed with fern green ribbon which matched her hair ribbons.

The bridegroom's sister, Marilyn, was bridesmaid in a matching gown in pink. They carried nosegays of sweetheart roses and daisies. Both the matron of honor and bridesmaid had made their gowns.

Jane and Judith Dietrich,

eight-year-old twins and second cousins of the bride, were flower girls in matching pink gowns made by their mother. They carried baskets of yellow roses and daisies.

John Finneren, Jr., was best man. Ushers were Raymond and Daniel Totzkay, brothers of the bridegroom.

For the wedding and reception following at the Plymouth Knights of Columbus Hall for 150 guests from New York, Ohio and Michigan the bride's mother made her floor-length dress of white and green floral crepe fashioned with butterfly sleeves.

The bridegroom's mother wore a pink silk shantung coatdress trimmed with lace.

The bridegroom's father was unable to attend the ceremony because of pending surgery at Mount Carmel Hospital.

For her wedding trip to Northern Michigan the bride changed to a red-and-white hot pants dress with white accessories. She is a 1967 Northville High School graduate and her husband is a 1967 graduate of Our Lady of Sorrows, Farmington. Both attended Schoolcraft College. They will make their home at 122 East Main Street.

On their return from their honeymoon this weekend, the bride's parents will host an open house in their honor at their home Sunday. The bridegroom's mother and best man hosted the rehearsal dinner at the Totzkay home.

MR. AND MRS. HENRY ROCHON

Stoddard-Rochon Rites Read

Henry Andrew Rochon III took Darlene Agnes Stoddard as his bride in an evening ceremony on June 5 at St. John's Lutheran Church in Taylor. The Rev. Albert Firchau performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Peter Stoddard of Taylor. She was given in marriage by her father. Parents of the bridegroom are Mr. and Mrs. Frank Santangelo of 729 Horton Street in Northville.

Two altar vases of white gladiolus provided church

decorations for the wedding. Music included "We've Only Just Begun" by the Carpenters and the traditional wedding march.

For the ceremony the bride wore a white lace gown with an A-line skirt and empire waist. The long bell sleeves were trimmed with scattered lace appliques as was the princess neckline. More lace formed the border of her trailing veil. She carried a bouquet of red roses.

Serving as maid of honor was Elizabeth Ann Stoddard, sister of the bride. She wore a light pink empire styled gown with a choker neckline and long sleeves. A matching wide brim hat completed the outfit and she carried a bouquet of hot pink carnations with a center of white carnations.

Bridesmaids were Sharon Ann Runions and Loretta Audrey George. They wore A-line empire gowns in hot pink with matching wide brim hats, and carried bouquets of pink carnations.

Peter Gerard Santangelo

served his brother as best man. Ushers were Thomas La Prise and Harry Sanders.

For her daughter's wedding, Mrs. Stoddard chose a yellow lace dress with long sleeves. The mother of the bridegroom wore a three-piece aqua suit. Each had an orchid corsage.

Following the ceremony a reception was held in the VFW Hall in Dearborn Heights. About 220 friends and relatives attended from Michigan, Washington, Canada and England.

For a wedding trip to Toronto Canada the bride changed into a two-piece yellow hot pants suit. She wore a corsage of white baby carnations trimmed with yellow ribbons.

She is a graduate of Taylor Center High School, and the bridegroom attended Northville High School. He is also an alumnus of RETS in Detroit and Schoolcraft College, and is currently in the United States Air Force, stationed at McConnell Air Force Base in Wichita, Kansas.

They will make their new home in Wichita.

BIRTHS

Announcing the birth of a new grandson—their 13th grandchild are Mr. and Mrs. William C. Bailey of 118 East Cady Street. The baby, named John Anthony, was born on May 30 at Annapolis Hospital in Wayne weighing seven pounds and 12 ounces.

He is the son of Mr. and Mrs. John A. Bailey of Livonia, joining at home an older sister named Kristine, 20 months. The baby's father grew up in Northville. Maternal grandparents are Mr. and Mrs. Ernest Tuthill of Livonia.

KATHRYN FAGAN

Engaged

Mr. and Mrs. Thomas W. Fagan of 46120 Fonner Court East announce the engagement of their daughter Kathryn Lee, to Richard G. Hazen, son of Mr. and Mrs. Edward H. Fraiser of Owosso, Michigan.

The bride-elect and her fiancé both are graduates of Michigan State University where she was affiliated with Alpha Xi Delta. He was a member of Delta Upsilon and presently is employed by Mobil Oil Corporation.

They plan to be married August 14 in the Church of Our Saviour in West Bloomfield Township.

Tap Area Chairmen For Torch Drive

Preparations are already underway for the 23rd Annual Torch Drive, which will be held in October.

The four women who will serve the community as area chairmen were announced last week by residential chairman Mrs. Dolores Yanover of 43243 Eight Mile Road.

They are: Mrs. Sheila DeJohn, 17637 Beck; Mrs. Ebba Warning, 21201 E. Chigwidden; Mrs. Shirley

Maloney, 43750 Dorisa Court; and Mrs. Gloria Roberts, 16766 Old Bedford Road.

These women will assist in enrolling, training, and directing the neighborhood volunteers. "It is only through the combined efforts of the neighborhood volunteers and the community that the Torch Drive can realize its goal," noted Mrs. Yanover.

Anyone wishing to help with the project—is asked to call Mrs. Yanover at 349-5466.

Montessori Pre-School Opens Next Week

A four-week Montessori pre-school orientation program begins next week for area children between the ages of 2½ and 5.

"Montessori Learning Center program will be conducted by Dr. and Mrs. Willis B. Hunting in Moraine Elementary School in Northville.

It is open to children throughout the western Detroit metropolitan area.

Residents of Northville, the Huntings are Montessori-trained at Mercy College and Grosse Pointe Academy Montessori schools. They have been employed for the past three years as special education teachers at the Wayne County Child Development Center in Northville Township.

Montessori pre-school education, explained Dr. Hunting, was introduced to the United States from Europe about 12 years ago and Montessori schools in this country now number nearly 1,000. More than 12 are located in Michigan.

In preparing for the Montessori school here, they are offering a full-orientation program for 40 to 60 children. Some openings are still available.

"Montessori pre-school will operate Monday through Friday, from 8:30 to 11:30 a.m.," they said. "We are prepared to extend the program to include an afternoon session if there is sufficient demand."

The daily schedule will include practical life activities, both individual and

group, sensorial developmental exercises, recreational activities for the development of muscles, including poise and coordination, daily games, arts and crafts, music, language arts, and social training in inner-discipline and decision making, they explained.

"We are offering children the kinds of interesting, exciting choices they need to make for their inner sense of satisfaction and accomplishments which will carry over into the home and community later on.

"Unknown to the general public, pre-school children are programmed from birth with 'clear-cut' periods of sensitivity' during which they are especially responsive in certain areas of their psychological, social and educational development.

"Dr. Maria Montessori, physician, anthropologist, trained scientific observer and researcher, founded the Montessori approach to education on the real needs of the young child at the times the child is most ready. In many important areas of their development they are most ready between the ages of 2½ to 5. When these periods pass, they can never be fully recovered," the Huntings said.

Staff members will include only teachers who have taken Montessori training, in addition to their college studies.

Mrs. Hunting, formerly teacher-training supervisor of the early elementary program of Eastern Michigan College interns in the first grade, will be program director here. She is a Michigan licensed teacher with more than 12 years experience in public and private schools as well as having operated her own nursery school in Lansing.

A graduate of Western Michigan University, she has taken additional work at the University of Colorado, the University of Arizona, and Eastern Michigan University.

Dr. Hunting, director of the Northville Montessori Learning Center, also is a graduate of Western Michigan. He holds an AB degree and a Michigan life teaching certificate. He also has a master's degree in guidance and counseling from the University of Michigan, and he has taught all grades from kindergarten through high school including junior high school in Plymouth.

A past graduate fellow at Merrill Palmer Institute in Detroit in family life education and marriage counseling, he won the honor in competition with holders of master degrees in sociology, psychology and education throughout the United States.

He has completed all required course work and has passed his preliminary examinations for his doctor of philosophy degree in education at the University of Michigan. His honorary doctorate in integral philosophy was awarded by the World University in 1969.

Area parents who wish to enroll their children in the one-month orientation program this summer may do so on Friday or Saturday from 9 a.m. to noon at 487 West Cady.

Beautification Lost to Thieves

Beautification efforts have backfired in an attempt to improve the appearance of the old Northville well.

Apparently the red geraniums planted there by the Northville Jaycettes looked all most too nice—irresistible. Someone took them.

"Someone has some pretty nice geraniums now," observed Mrs. Thomas Lang, chairman of the Jaycette beautification committee. "We were really irritated to discover they were missing."

The Jaycettes first decided to renovate the well area earlier this spring, when they were approached by the Northville Beautification Committee, she explained. They chose the well because "It is a focal point in our community and it was getting pretty shabby."

Plans to improve the area included adding flowers and park benches, staining the well poles, and putting

shingles on the roof to match those on Northville's welcome sign. The project was to be completed in time for the annual Fourth of July celebration.

Accordingly two Jaycettes, Mrs. Peter Lindholm and Mrs. Russ Anger, purchased eight geranium plants for \$8.50 at the Amerman School ice cream social on June 4. The next day they spent several hours weeding the area and planting flowers.

When Mrs. Lindholm drove by about a week later, she noticed they were gone.

"I guess we've learned our lesson. We won't plant any more flowers there right away," Mrs. Thomas remarked. Other plans to improve the well site will continue, she added, but the Jaycettes now plan to have the benches securely cemented in place.

"We shall continue our efforts to clean up the well area throughout the summer," she said.

Church to Help Kids Find Jobs

Due to the scarcity of summer jobs for youth this year, the First United Methodist Church of Northville announces its willingness to act as a clearing house for youth seeking employment and potential employers.

PTA Awards

Service Pins

PTA service pins will be presented to 19 Northville teachers and three administrators at the annual awards luncheon today, sponsored by the Northville PTA.

Receiving the pin for the longest period of service will be Ann Chizmar, who has been with the school system for 30 years. Next in line are Elosia Johnstone and Patricia Bubel, who have served for 15 years each.

Ten-year service pins will be awarded to Marion Petrock, Robert Prom, Robert Sharrar, Reva Shave and Meroe Stanley.

Teachers who have been with the system for five years include David Adair, Mary Bray, Gayle Fountain, Omar Harrison, Mary Jane Honecker, Michael Jancheck, Virginia Krietz, Paul Osborn, and Charles Shonta. Also Sylvia Torma and Robert Trombley.

Administrators to receive service pins will be Richard Norton, for 10 years of service, and Frederick Holdsworth and Milton Jacoby for five years.

Miss Whitmyer To Tour Europe

Summer in Europe, including a four week stay with a family in Germany, awaits Joan Whitmyer, 18, who graduated from Northville High School last Tuesday. She will leave Saturday, traveling with about 15 other Michigan students and Mrs. George Schneider Jr. of Farmington, a substitute teacher in the Northville School system.

For about a month Miss Whitmyer will be a guest of the Montag family in Warendorf West Germany, where Mr. Montag is a doctor. Then Mrs. Schneider will take the students on a two-week tour of cities in Germany, France, and Switzerland.

Following this Miss Whitmyer will return to the United States with her foster sister, Barbara Montag, 17. Miss Montag will visit with the Whitmyer family of 46935 Dunsany for four weeks, then tour the U.S. for two weeks before returning home.

"She won't have any trouble I don't think," said Mrs. Frank Whitmyer evaluating her daughter's contact with the German language. "She has had four years of German in high school and this is an excellent way to reinforce what she has learned."

Next fall Miss Whitmyer will enter engineering school at the University of Michigan, where she will probably major in applied mathematics.

Couples Celebrate 50th Anniversaries

Celebrating their golden wedding anniversary this week were Mr. and Mrs. Robert Dingwall of Fort Pierce, Florida. They were married on June 13, 1921, in Peterboro, Ontario, following their arrival here from Scotland.

The Dingwalls marked their anniversary Sunday in the First Presbyterian Church then at an open house in the home of their son, Mr. and Mrs. James Dingwall of 225 South Ely Drive. Over 50 friends and relatives attended from Florida, Detroit and Northville.

For many years the Dingwalls lived in Detroit, where he was employed as a tool and die maker. They have three children.

Following a weeks visit in Northville with their son, they will leave for an eight-week tour of Scotland.

Mr. and Mrs. Frank Politz, 820 Spring Drive, celebrated their golden wedding anniversary on Saturday, June 5. To honor the occasion a Papal blessing was conferred to them by Father John Wittstock at 9 a.m. Mass in Our Lady of Victory Church. In the afternoon they were fêted at a family dinner in a Detroit restaurant.

The couple was married in St. Paul's Catholic Church, Akron, Ohio, on June 4, 1921. They came to Northville in

Auction Aids Drug Fight

July 30 and 31, Northville city's Sidewalk Sale Days, have been selected as the date for a Northville Jaycee household item auction. Proceeds will be invested in projects planned to combat and prevent drug abuse in Northville.

A spokesman reports that many Jaycees have already volunteered as auctioneers for the sale, which will be held in the city park behind the police station.

Currently, the group is encouraging citizens to contribute saleable household items in this effort to "help our young people." The Dennis Dildy home, 355 Orchard drive, has been designated as a collection center. Anyone with articles to be picked up is asked to call Robert Foster at 349-4170.

Novi OKs Millage Hike

Novi voters Monday returned one school board member, ousted two others, and approved a 5-mill increase that they had previously defeated.

On a separate advisory question, electors favored by a vote of 489 to 473 a proposition calling for split collection of school taxes.

Re-elected to a four-year

term was Gilbert Henderson, while winning their first terms on the board were William Ziegler for four years and Mrs. Sharon Pelchat for one year. The two newcomers replace incumbents Claude Earl and Jacob Durling.

The millage increase, which voters defeated 399-338 in April, won by a 175-vote margin this time—514-339.

In that special election last April, 744 voters turned out at the polls compared to Monday's total vote of 940, including 23 absentee ballots. An estimated electors were registered to vote.

In the board race, Henderson, a Farmington principal who lives at 44080 Marlson, led all candidates polling 517 votes. Next highest was Mrs. Pelchat, a mother of five children who lives at 41910 Aspen Drive, with 420. Her lone opponent for the one-year seat Durling who was serving by appointment polled 377 votes.

Ziegler, regional manager for World Airways, Inc. who lives at 24275 Hampton Hill Road, picked up 407 votes, followed by challenger John Summerlee at 299, and incumbent Earl at 314.

Mrs. Pelchat's election marks the first time in recent history that a woman has been elected to a board of education seat in Novi.

She and Ziegler, who officially take office July 1, will join Henderson, Bruce Simmons, Robert Wilkins, LaVerne

She and Ziegler, who officially take office July 1, will join Henderson, Bruce Simmons, Robert Wilkins, LaVerne DeWard, and Ray Warren on the board.

Reorganization of the board—election of board officers—has been set for Friday, July 2.

Current officers are Simmons, president; DeWard, vice-president; Warren, secretary; and Earl, treasurer. While officers carry no voting edge over other trustees, titles and the duties of officers ordinarily are considered honors.

Board members (including officers) receive no salaries. All six of the candidates for the board favored the 5-mill increase, which is earmarked for operation of the school system, so their election or loss cannot be attributed to their stand on this issue.

Interestingly, 73 fewer votes were cast on the millage issue than were cast on the advisory question.

The advisory question was strictly that. It is now up to the city council to approve or disapprove split tax collections since the city serves as the tax collecting agent for the school system.

Should the council decide in favor of a split collection, it probably will mean that half of the school taxes will be collected in the summer, along with collection of city taxes, and the other half in the winter as all school taxes are now collected.

Because split collection is seen as an extra burden and expense to the city, school officials have indicated a willingness to pick up the cost of collection in the summer.

Even with this collection cost, however, school officials are confident that split

collections will result in a substantial savings. Currently, because tax monies are not entirely available when needed for operation, the school board

annually has been forced to borrow money against anticipated income. Interest on this borrowed money represents thousands of dollars, officials point out.

GILBERT HENDERSON

SHARON PELCHAT

WILLIAM ZIEGLER

Pick Principal By Committee

A committee to help select a new senior high school principal was approved by a 4-3 vote here Monday night as the board of education sped through a relatively light agenda.

Although the measure was approved by a split vote, board members favored committee selection of three top candidates for the job. They divided over the provision to include two teachers on the selection committee.

Board President Bruce Simmons, Claude Earl, and Jacob Durling took the position that teachers ought not have a role in selecting their future superior. Other board members contended inclusion of teachers on the committee could help improve communications as well as produce valuable evaluation from the faculty's point of view.

In any event, the committee is to screen applicants and recommend three top candidates from whom Superintendent Thomas Dale is to make his recommendation to the board.

Besides two teachers who are as yet unnamed, the committee will include two administrators and two board representatives, Gilbert Henderson and Ray Warren.

The new principal will replace Gerald Hartman, who was not offered a contract for re-employment as an administrator. As yet the board has not given any public reasons for his dismissal.

In discussing briefly the Hartman matter Monday, it was disclosed that a rebuttal letter to teachers, who had protested the manner in which the principal was removed, had been scrapped. Earlier, the board withdrew a letter written by the assistant superintendent, T. Richard Hendrikson, and directed Dale to rewrite it.

Dale reported Monday that he had prepared the letter but scrapped it following a board decision to drop a similar letter being prepared by two board members.

In recommending that the board utilize the committee selection process that had worked so satisfactorily in selection of the middle school

principal, Henderson suggested the following criteria:

Selection of a person with experience as a high school principal or administrator; someone who has been involved with parental-student groups; someone who has demonstrated he can be both flexible and firm; someone who knows in what direction he wants students and staff to move; and someone with "a pretty good" background in curriculum.

Henderson suggested that since the principal will be responsible for 500 students he should receive some kind of administrative assistance.

Fellow board members appeared to agree with all of these criteria but not the suggestion concerning teachers on the committee.

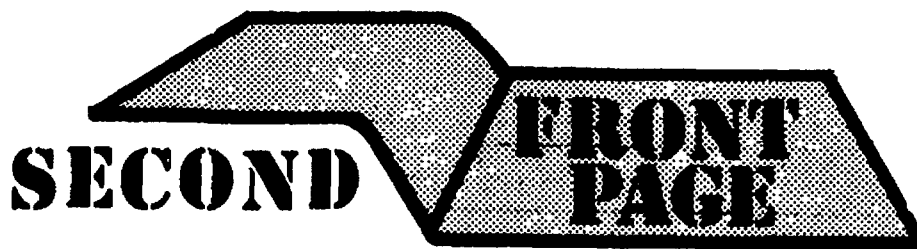

Concerning faculty, Warren suggested teachers be given a letter of appreciation from the board to indicate that while the board on occasions appears to be negative in respect to teachers it nevertheless believes the staff is an excellent one deserving of praise. Dale was directed to prepare the letter.

In somewhat related business, the board voted to extend probationary status to Mrs. Marilyn Aiken, Miss Paula Finne, Mrs. Lucinda Hagan (half-time), and Mrs. Sylvia Wright. At the same time it approved the industrial arts teaching contract of Eugene Gutierrez, and authorized the superintendent to employ up to six other teachers, leaving four posts still open until after the census of the school district is available.

The board also granted a maternity leave of absence to Mrs. Bridgette Patrick, librarian at Orchard Hills, until January 1.

Board Attorney Frederick Knauer reported that a grievance has been filed with the Civil Rights commission by Miss Marilyn Sitron, who was not extended a contract for re-employment, on grounds she had been discriminated against because of her Jewish faith.

Board members and administrators denied the charge, and Knauer is preparing a reply.

Bonds Probable For Sewer District

A monster that defies organization may force Novi city councilman to pledge the "faith and credit of the city" to \$700,000 worth of general obligation bonds.

The monster is the sprawling, multi-use, multi-size special assessment district proposed for the Novi Road Grand River sewer lateral system.

According to City Manager George Athas, the city's bonding attorney, and the interim city assessor, as well as officials from both county and state levels have all admitted that the district "may be impossible to assess equitably."

"There is probably a way," Athas said Tuesday, "to work all the uses, lot sizes and different locations of the some 100 parcels in that district into an equitable special assessment. But so far our bonding attorney, Joel Piel, our interim assessor, Gordon Hunter, and officials from the county and the state who have put the city under a citation for pollution agree that to pay for it by general obligation bonds and then pay that debt off with a tap charge into the sewer is probably the most equitable method."

The system, when built, is expected to accommodate sewage from industrial uses such as Paragon Steel, on Grand River; commercial uses such as Dave's Hamburgers and Herb's Standard, both on Grand River and Novi Road; and residential uses such as those along Fonda Street and Novi Road south of I-96 freeway.

The area is hilly, and requires a pumping system,

according to city engineers Johnson and Anderson, to carry the sewage downstream where it will connect with an interceptor.

The district includes approximately 100 lots, many of which are of various size and for which ultimate potential in terms of taps is difficult to determine, said Athas.

"We have approximately 400 taps in that area," he said, "which have to tie into the system as soon as we build it. Tap revenues from those people alone hopefully should yield \$600,000 in two years."

Athas was vague about the tap charge users would have to pay, saying that the figure would not be definite until bids on the job are actually taken, but he mentioned that the initial fee would probably "run around \$1500 per tap."

Tacked on to that fee, he added, will be a charge of some \$700 for the trunk line coming up from the south, and six-percent (of \$1500) fee to cover interest on the bonds, if they are sold.

Planners OK Wixom Zoning

Wixom planners last week recommended industrial zoning near the corner of Beck Road and Pontiac Trail, but turned thumbs down on a proposal for commercial zoning in the same area.

A request from Frank

"The six-percent," Athas said, "is there also to encourage people to tap into the system early. If you should tap in immediately, or within a year for instance, you wouldn't have to pay it. But if you should wait three years, you would owe 12-percent."

The fee amounts to some \$90 annually.

An ordinance directing the sale of the bonds is being prepared this week, at council direction, by City Attorney Howard Bond, and will come before councilmen Monday.

Should it pass councilmen would have no need of the man named last week to spread the special assessment roll—municipal appraiser, Gordon Hunter.

In other action Monday, Councilmen:

—unanimously appointed Athas to the post of city manager. Athas had been acting in the post since former Manager Dallas Zonkers left the city in April.

He will continue until July 1 at \$15,000 a year and then

switch to the \$17,000 a year salary currently allotted in the City budget.

—Heard a report from Athas that the State Boundary Commission had found Novi's

petition to annex seven of the eight parcels comprising Novi Township to be legal and proper and that a public hearing on the matter would be held in Lansing on July 7.

For Magic Squares

State Grant Looks Good

Request for a state matching funds grant that would help develop two park facilities in Novi has passed the first hurdle and awaits now only confirmation by the Michigan legislature.

Novi's request, according to Novi Parks and Recreation Commission Chairman Peter Alcala, has been recommended for approval by the Department of Natural Resources and has been submitted to the legislature for funding under the \$100 million bond program voted by Michigan citizens.

Specifically, the department, acting upon Novi's application, has approved state monies totalling \$24,474 to help develop two multi-purpose facilities in Novi. This figure represents 80-percent of the estimated cost of development.

Novi City Council has already earmarked its 20-percent or \$5,000.

"We're really tickled," said Alcala, "with this latest development. It doesn't mean that the money has been approved by the state but it does mean that the Department of Natural Resources has found our proposals worthwhile and it (the department) is asking that the legislature approve the allocation of monies."

"Optimistic? Sure, we are. The legislature may approve the grant yet this year and there's a good chance if it is approved this summer construction of at least one of the two projects could be started by fall."

Actually, the department is suggesting "we receive \$1,216 more than we requested. I don't know for sure but I think it's because they are basing our population on 1970 census figures, whereas in submitting the application we were using 1960 figures," Alcala said.

In its request for monies, the parks and recreation commission proposed development of two "magic squares"—one to be located on Orchard Hills Elementary School property and the other in the Novi community park located on shore of Walled Lake.

The "magic squares" would consist of concrete or blacktopped tennis-basketball-volleyball courts which can be converted to ice rinks in the winter.

Use of school property for this purpose at Orchard Hills has been approved by the Novi Board of Education. This approval, however, does not commit property to the parks commission but rather permits use of the property.

In surveying the sites, natural resources representatives favored the municipal park site because of its potential but nevertheless saw advantages at Orchard Hills because of its population concentration. In the final analysis, they approved both sites.

The two "magic squares" are seen by local parks commission members as the first in a series of neighborhood park developments. The municipal park at Walled Lake, however, is viewed as a major development to draw from all areas of the community and the "magic square" here is seen as just one of the facilities to be eventually developed within its confines.

"As a matter of fact," said Alcala, "our municipal park so excited the state people that they suggested we begin study of possible acquisition of additional property—may be to include access to the small lake near the rear of the property."

Presently, the municipal park has beach

Continued on Page 6-A

ALL NIGHT LONG—Staying up all night at the Novi senior party last week Tuesday was no problem for most of the 107-member, 1971 Novi graduation class. They'd worked four years for the right to be a member of the school's third commencement and, after all, there was no school the next day.

City Asks Mediation

The City of Novi has requested state mediation in its 1971-72 contract talks with the Novi Police Officers Association (N.P.O.A.).

According to City Manager George Athas, "the city's negotiation team has concluded that an impasse has been reached between what the city is offering and what the N.P.O.A. requests. Athas declined to specify differences.

The official assigned by the state arbitration Board is Leo Cadwell, currently involved in Detroit's mediation with police and firemen.

As of Tuesday morning, a first meeting time had not been announced.

According to N.P.O.A. Vice-President Jack Grubb the two teams must be in mediation 30 days before resorting to compulsory arbitration.

Story Hour

Recessed

The regular Wednesday morning story hour, read by Mrs. Richard Henderson in the Novi Public Library, will recess for the summer until the first week of October, according to Novi librarian Mrs. Robert Flattery.

Summer library hours now in effect are Monday through Friday from 1 to 8 p.m. and Saturday from 10 a.m. until 4 p.m.

Renewal Upheld

Lake Voters Split Millage

A voter turnout equaling that of the April school millage election passed the 4 mill renewal proposition in the Walled Lake School District on Monday night. Defeated on the same ballot was the additional 2-mill proposal.

At the same time voters reelected Mrs. Barbara A. Scully to her fourth consecutive term on the school board. Also elected to a four year term was Mrs. Betty J. Campion.

One-hundred and sixty absentee ballots yet to be counted will have little effect on the final outcome of the balloting. Mrs. Scully led the field with 1,777 votes, while Mrs. Campion was ahead of her closest rival by over 300 votes with 1,266 ballots counted.

The four mill renewal proposal was passed by nearly 400 votes but the 2 mill addition was defeated by virtually the same number. In Wixom both proposals were

defeated by wide margins.

Mrs. Scully commented the six mills were needed to maintain the educational level now in the system and unfortunately there will be cuts. "The board has always tried to provide equal educational opportunities in all areas for all the children but cuts will obviously limit some programs."

Cuts previously outlined by the School Board if the two mill proposal was defeated included reductions in adult and community education programs, purchases of library books and instructional supplies and field trips. Also, the elimination of ninth grade athletic programs and swimming coaches in the senior high plus playground supervisors during recesses was listed.

The defeat also will call for the increase in class size besides elimination of all but self-supporting summer programs, officials had stated earlier.

'Equal Schools' Bill Proposed

A new bill providing for equality in financing education was introduced into the State House of Representatives last week by Walled Lake Representative Clifford Smart.
 The bill, known as House Bill 5326, was jointly prepared by the Michigan Association of School Administrators and State Department of Education, with Wayne State University and University of Michigan among the key universities participating in the bill's preparation.
 According to Superintendent Raymond Spear, the bill provides a formula by which need of local districts is established. State aid is provided to create equality in per pupil spending among all school districts.
 Ceilings are provided at lower levels assuring districts of receiving a certain amount of aid and a provision is included whereby a

community may levy up to three mills "merit" to supplement education programs.
 Spear said he is in favor of the bill because "there is more equality in terms of state funds going to school districts."
 "It may cost us some extra money," he noted, "but the formula provided in the bill is better than what we may get with the present state aid formula."
 According to the proposed formula, districts are given "points" on which state aid is based. Among the areas included are teacher-pupil ratio, experience and education of teachers and curriculum.
 As is done presently, local school district budgets would go to the county for approval and to be checked to make sure the district has abided by the allocated ratios provided by the new formula.

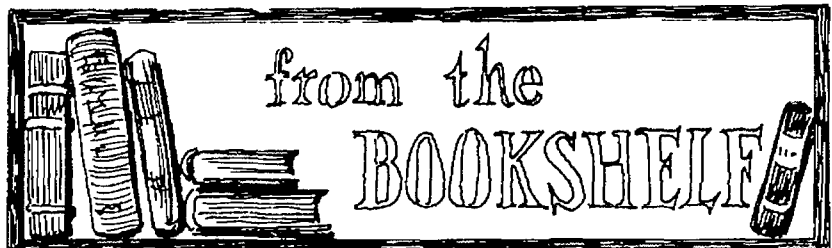

Bible School Set By Presbyterians

Annual summer Bible school of Northville First Presbyterian Church will begin Monday, June 21, and run through July 1 with classes beginning at 9 a.m. and ending at 11:30 a.m. with a worship service.
 They are open to all youngsters in the community, beginning with children who will be starting kindergarten in the fall and including those who have just completed sixth

grade. The classes will be held Monday through Friday the first week, and Monday through Thursday, the second.
 Field trips are planned for both Tuesdays—June 22 the children will travel to Kirk in the Hills Presbyterian Church in Bloomfield Hills, and June 29 they will go to Calvary Presbyterian Church in Detroit.

MINIATURE FARM -- The new courtyard at Amerman School has been stocked with two ducks and five rabbits by school principal William Craft. In addition separate vegetable gardens have been planted there by children in Mrs. Maryanne Bourne's and Mrs. Virginia Kricitz's kindergarten classes. Trouble? So far moth balls and a homemade gate have kept animals out of the gardens. Shown here are kindergartners Katy Sherman and Jeff Pyden "talking" to the ducks.

New books at Northville Public Library include:

ADULT NON-FICTION
 "Weaving is for Anyone," Jean Wilson; Intended for the amateur working on a small, home-made loom. Also gives instructions for making a loom.
 "Future Shock," Alvin Toffler; Predicts the pace of environmental change during the next 30 years and the ways in which the individual must face and learn to cope with personal and social changes.
 "Victorian People," Gillian Avery; Wide description of the social conditions of Great Britain during the Victorian era.

Youth to Tour Pacific Ports

Kenneth Michael Kiurski, son of Mr. and Mrs. Demeter Kiurski, 3846 Silken Glen, has been admitted to the World Campus Afloat program of Chapman College for the fall 1971 semester at sea.

Kiurski will join 500 other college students representing 200 colleges and universities in nearly all the 50 states on September 3 to board World Campus Afloat at Los Angeles for a study-voyage to ports in the South Pacific, the Orient and Africa.

Students carry a regular semester's units, attending regular classes at sea between ports on the shipboard campus which is equipped with the classrooms, laboratories, library, studio, theater, bookstore and offices necessary to the educational program offered.

Ashore the academic program continues with lectures, research projects, and field trips directly related to course work. Overnight homestays with families often are arranged, as are social events with local university students.

Now in its sixth year, World Campus Afloat has successfully completed six years of its unique program in international higher education, administered by Chapman College, one of California's oldest liberal arts institutions, located in Orange, California.

Women Campaign To End The War

Northville women are being asked to join women across the nation on June 21 in a protest by Women United to End the War movement by "voting no to the war by spending no money on goods and services—protesting the longest war on the longest day."

Locally the action is being supported by the Northville-Plymouth branch of Women's International League for Peace and Freedom.

Women United to End the War is a unique movement, supporters point out, that can involve all American women who want the war to end. The action has its foundation in the Gallup poll statistic showing that 78 per cent of American women want the U.S. out of Vietnam by December, 1971.

Local community women's groups are being asked to join other women across the nation to "vote no" to the war by spending no money on goods and services. Unless the war stops, the group says, women will protest again this way on September 21 and December 21.

Local women may obtain more information from Mrs. Alice Woodruff, 349-1644 or Mrs. Barbara Marshall, 453-1055.

Nationally known women who individually have endorsed the action include Bella Abzug, Jane Hart,

Diplomas Awarded Area '71 Graduates

A total of 5,153 candidates received degrees at commencement exercises at Michigan State University last Sunday, including five area students.

Degrees were awarded following the main commencement address by Alan Pifer, president of the Carnegie Corporation of New York and the Carnegie Foundation for the Advancement of Teaching. Pifer received an honorary doctoral degree as did four other distinguished leaders, including U.N. Secretary General U Thant.

Local students who received degrees were Susan Bosak, 43000 Nine Mile, BA social science teaching, graduating with honors; Donald Loeffler, 45849 Fermanagh, BA general business administration; Jeffrey Mills, 39900 Sunbury, MA advertising; Ardis Ootole, 535 Carpenter, BA social science, graduating with honors.

Others were: Robert Prodder, 108 West, BS social science; and Nancy Williamson, 110 Maplewood, BA elementary education, graduating with honors.

The total included 3,928 bachelor's degrees, 964 master's, 192 doctorates, 48 doctor of veterinary medicine and 21 educational specialist degrees.

James Madison and Lyman Briggs, two of MSU's three residential colleges, had their first full graduating classes this term. Both colleges were established in 1967 and provide a small college setting within the university.

Janice Anne Baluha, daughter of Mr. and Mrs. Andrew D. Baluha of 463 Maplewood, will graduate from Providence Hospital School in Southfield on June 27. Following graduation she will be employed at Botsford Hospital in her capacity as registered nurse.

Miss Baluha graduated from Northville High School in 1969.

JANICE ANNE BALUHA

Miss Cynthia Ruth Haynes, daughter of Mr. and Mrs. Charles H. Haynes, 46355 West Main Street, received a B.S. in education degree at the 125th annual commencement ceremonies of Taylor University, May 30.

Miss Haynes, a mathematics major, is a member of the Student Education Association, Gamma Delta Beta Society, of which she was treasurer, secretary of the Student Union and a member of the Youth Conference cabinet.

Keith D. Mueller, son of Mrs. Cecil D. Mueller of 18513 Jamestown Circle, Northville, is a member of the 1971 graduating class at Albion College. While at Albion he majored in biology, and participated in golf. He is interested in a professional career in medicine.

—NOVI HIGHLIGHTS—

By MRS. H.D. HENDERSON

Mrs. George Bramer and Mrs. Norman Stabnau gave a pre-nuptial shower honoring Miss Charlotte Smith of South Lyon at the home of Mrs. Cecil LaFond Sturdy evening. The guests, numbering 25 came from Belleville, Detroit, Livonia, Farmington, South Lyon, and the Novi area.

Miss Smith, daughter of Mr. and Mrs. Hurley Smith of South Lyon, will become the bride of Paul LaFond son of the Cecil LaFonds of Old Plank Road, on Saturday, June 19 in the Church of Christ at South Lyon.

Mr. and Mrs. Harold Miller have returned to their home at Rose City after visiting for some time with their daughter and son-in-law, Mr. and Ms. Stanley Orzechowski, and sons Mike, Robert and Mark. While here in Novi they attended the confirmation of their grandson, Robert, at the Lutheran Church in South Lyon.

Mrs. Wesley Klocke and her sister, Mrs. Helen Saldor of Clarkston, left Monday for a

week of vacation in Florida. They will visit their friend, Mrs. Flo Richards, in Clearwater.

Byrle Hines was called back from the United Methodist Conference in Adrian to be with his brother, John Hines, who suffered a stroke and is a patient in McPherson's Hospital in Howell. Mr. Hines reports his brother is progressing nicely.

Surprise visitors at the home of Kirt Bailey and his sister, Hattie Bailey, were their sister and brother-in-law, Mr. and Mrs. R. A. Mills and daughter Sue, of Mason, this past Sunday.

Mr. and Mrs. Richard Sigsbee celebrated their second anniversary on Monday, June 14 by having cake and ice cream with Richard's parents and other relatives.

Douglas Osborn, who was seriously injured in an automobile accident recently, is still in a coma at Botsford Hospital. Only immediate members of the family are allowed to visit him.

Saturday evening Mr. and

Mrs. Ramon Garcia and family were among those who attended the graduation party of Clark Furlong at the home of his parents on Cass Street in Farmington.

The next meeting of the Northville Singles Club will be held on Friday, June 18 at the Scout Recreation building at 215 West Cady Street at 8:30 p.m. All singles over 30 are asked to attend and bring ideas for future activities.

Next week Friday, June 25, the Singles Club will have a barbecue at the home of Mrs. Marjorie MacGillivray at 4401 Stassen at 8 p.m.

Approximately 50 friends and relatives attended the open house at the home of Mr. and Mrs. Duane Bell on Fonda Street honoring their daughter, Kathleen, on her graduation from Novi High School Sunday evening.

The out of town relatives were Kathleen's grandfather, Charles Trickey from Kensington Place; aunt and uncle, Mr. and Mrs. Henry Menche, St. Clair Shores; other relatives were from Union Lake, Pontiac, and

Pinckney. Neighbors and friends in the Novi area also were present. Mrs. Harold Sigsbee surprised the honored guest by presenting her with a beautifully decorated graduation cake.

Dennis Cook, who is in the service and stationed in Chicago, spent the weekend with his parents, Mr. and Mrs. Kenneth Cook. All the members of the family had a picnic and swimming party at the Dale Cook home in Milford.

Mr. and Mrs. Andy Burgess visited the former's brother, Frank Burgess, over the weekend in Stockbridge. Saturday evening they all attended the high school alumni banquet in the Stockbridge High School.

This past weekend Mr. and Mrs. Robert M. Devine attended the silver wedding anniversary of a niece and her husband, Kathie and Owen Wisner, at Sebewaing.

Mrs. Bernice Stewart underwent major surgery at Botsford Hospital in Farmington Monday morning. On Wednesday of last week

Robert Ortwine celebrated his birthday with several friends and relatives who called at his home to extend congratulations. Ice cream and birthday cake was served in the evening.

Donna Willis is a patient in St. Joseph Hospital in Pontiac.

Mr. and Mrs. George Kahrl are back at their home on South Lake Drive after spending the winter months at Seminole in Florida.

Surprise visitors at the home of Mrs. Laney Henderson on Monday were her nephew Paul Tobias and cousin Johnny Glaser of Webberville.

Mrs. Russell Race is ill at her home on Twelve Mile Road, patiently waiting for a bed in the hospital.

UNITED METHODIST CHURCH OF NOVI

The Women's Society of the church Monday evening, June 21, with Audrey Blackburn, president, in charge. This is the last meeting until September. A salad supper, with everyone

bringing their favorite, will be served. They also will have a silent auction. Come casually dressed.

The Reverend Philip H. Seymour and Mr. Byrle Hines returned from the Conference at Adrian in time for the services Sunday morning.

Vacation Church School starts on Monday June 21 and will continue through June 25. The church school is for kindergarten through the sixth grade. Mrs. Robert Wilkins, chairman, has her workers all lined up for the coming week.

Tuesday: 7-9 p.m., Junior Girl Scout Troop No. 713, meets at the church.

Every Wednesday: Chancel choir rehearsal.

Sunday morning sermon: "Sanctuary of God"

FIRST BAPTIST CHURCH OF NOVI

Miss Peggy Stewart played the organ during Sunday services due to the hospitalization of her mother, Mrs. Bernice Stewart, who is the regular church organist. Miss Linda Cook, home from Columbia Bible College, played the piano. Special music was a selection by the Faith chorus who sang, "Wonderful." John Maxwell sang a solo, "Then Jesus Came."

The Men's Fellowship met on Monday night. Homemade ice cream and cake were served.

The Vera Vaughn Circle met on Tuesday night at the home of Mrs. Ella Karschnick. The college girls home for the summer were asked to come and tell about their schools and what plans were made, etc.

On Thursday a 10 a.m. there is a staff meeting of the VBS faculty. Each one is asked to bring a passing dish so that they may be served there at the church. Nursery will be maintained for workers' children.

At 9 p.m. Thursday night the first softball game of the year with Walled Lake Methodist will be played at the Walled Lake Junior High athletic field. Anyone wishing a ride is asked to meet at the church before 9 o'clock.

Visitors in the Sunday services were the Van Sickle, former members of First Baptist, who now live in Texas. Reverend and Mrs. Grindell will be here during the summer months after which they will return to a pastorate in St. Petersburg, Florida.

Vacation Bible School begins on Monday. The bus will follow the same route as it does on Sunday mornings. Bible school is from 9 a.m. to 11:30 a.m. One pre-school teacher is still needed. If you can help contact Marty Maxwell. Cookies, koolaid and sugar are needed. Please bring them to church as soon as possible.

On Saturday a weiner roast was held at the church for the winning side of the Sunday School baseball attendance contest. The losers hosted the event but it was enjoyed by all.

HOLY CROSS EPISCOPAL CHURCH

Holy Eucharist was celebrated at the 7 a.m. service Sunday, June 13. The 11:15 service ended the church school until September. Father Harding thanked all those who taught in Sunday School and helped during the past year. Refreshments were served for all following the service.

Father Harding asked the mothers of the parish to sign up for nursing duty during the summer on Sunday in the Narthex of the church. Ages 4 to 5 teachers would be appreciated.

Wednesday, June 30 at 7:30 p.m., the Right Reverend

Archie H. Crowley will be at Holy Cross at 7:30 p.m. to dedicate the addition to the church. Everyone is invited. Following the dedication refreshments will be served. Chairman is Mr. G. Fleming. No Roaring Seventy meeting Sunday evening.

Bishops committee met at Holy Cross Monday evening.

Mr. Phil Scott was the winner of the Golfers Tournament on Saturday June 12. He was most happy to take home the trophy. According to the bulletin board, Mr. Scott is offering to give others lessons in golfing if they sign up on the bulletin board.

A public hearing for the residents of Novi, Walled Lake and South Lyon was held at Holy Cross, June 16 at 7:30 p.m. All citizens were invited to attend.

NOVI REBEKAH LODGE

The Past Noble Grands are having a potluck picnic today, June 17, at Kent Lake. They will meet at the Delta Queen launching area at 5:45. The hostesses are Irene Staman and Thelma Cheeseman. In case of rain meet at Rebekah Hall.

The next regular lodge meeting scheduled for June 24 at the Hall.

On June 27 the men and women are invited to attend a memorial and to visit the I.O.O.F. and Rebekah home in Jackson.

BLUE STAR MOTHERS

The following mothers of Chapter 47, Blue Star Mothers, attended the department of Michigan convention in Lansing's Hotel Olds last week: Alma Klaser, Jerry Kent, Nancy French, Hildred Hunt, Marie Tripp, and Frances Niesson.

Thursday of last week, 10 from Novi attended the party at the Veterans Hospital in Ann Arbor. They were Dolly Alegnani, Betty Sigsbee, Marie Tripp, Alice Ritter and Mr. Ritter, Alma Klaser, Lois Lehner and Hazel Mandlik and her granddaughter. A dancing class from Northville entertained and Novi Chapter served refreshments to the veterans.

NOVI SENIOR CITIZENS CLUB

The next regular meeting of the Novi Senior Citizens is scheduled for the fourth Tuesday, June 22, in the Novi

Community Hall. A potluck dinner will be served at six p.m. Come early and bring a passing dish and your own table service. For entertainment following the dinner, bring your own favorite game.

Several Senior Citizens met at the Delta Queen Shelter in Kensington Park to join with the Huron Valley Retirees Club for a picnic lunch at noon.

On Thursday some of the senior citizens are attending a lecture at the Presbyterian Church in South Lyon at 1 p.m. The speaker is an attorney.

NOVI CUB SCOUTS

PACK 240

(Orchard Hills School) Attention: Everyone is invited to attend the second annual soap box derby in which Cub Scouts and Webelos of Pack 240 will participate. It will take place Saturday, June 19, starting at 11 a.m. at Novi High School on Taft Road, between 10 and 11 Mile Roads.

If rained out, the derby will be held Sunday at the same time. Refreshments will be available.

Cub Master Richard Barbara is in charge of this event which will be a imitation of the big time soap box derby. This is a worthwhile event to witness. Various heats and classes will be set up and trophies for all weight groups will be offered. In addition, a trophy for each den winner is promised.

Admission is free. "Come and bring a friend," says Barbara.

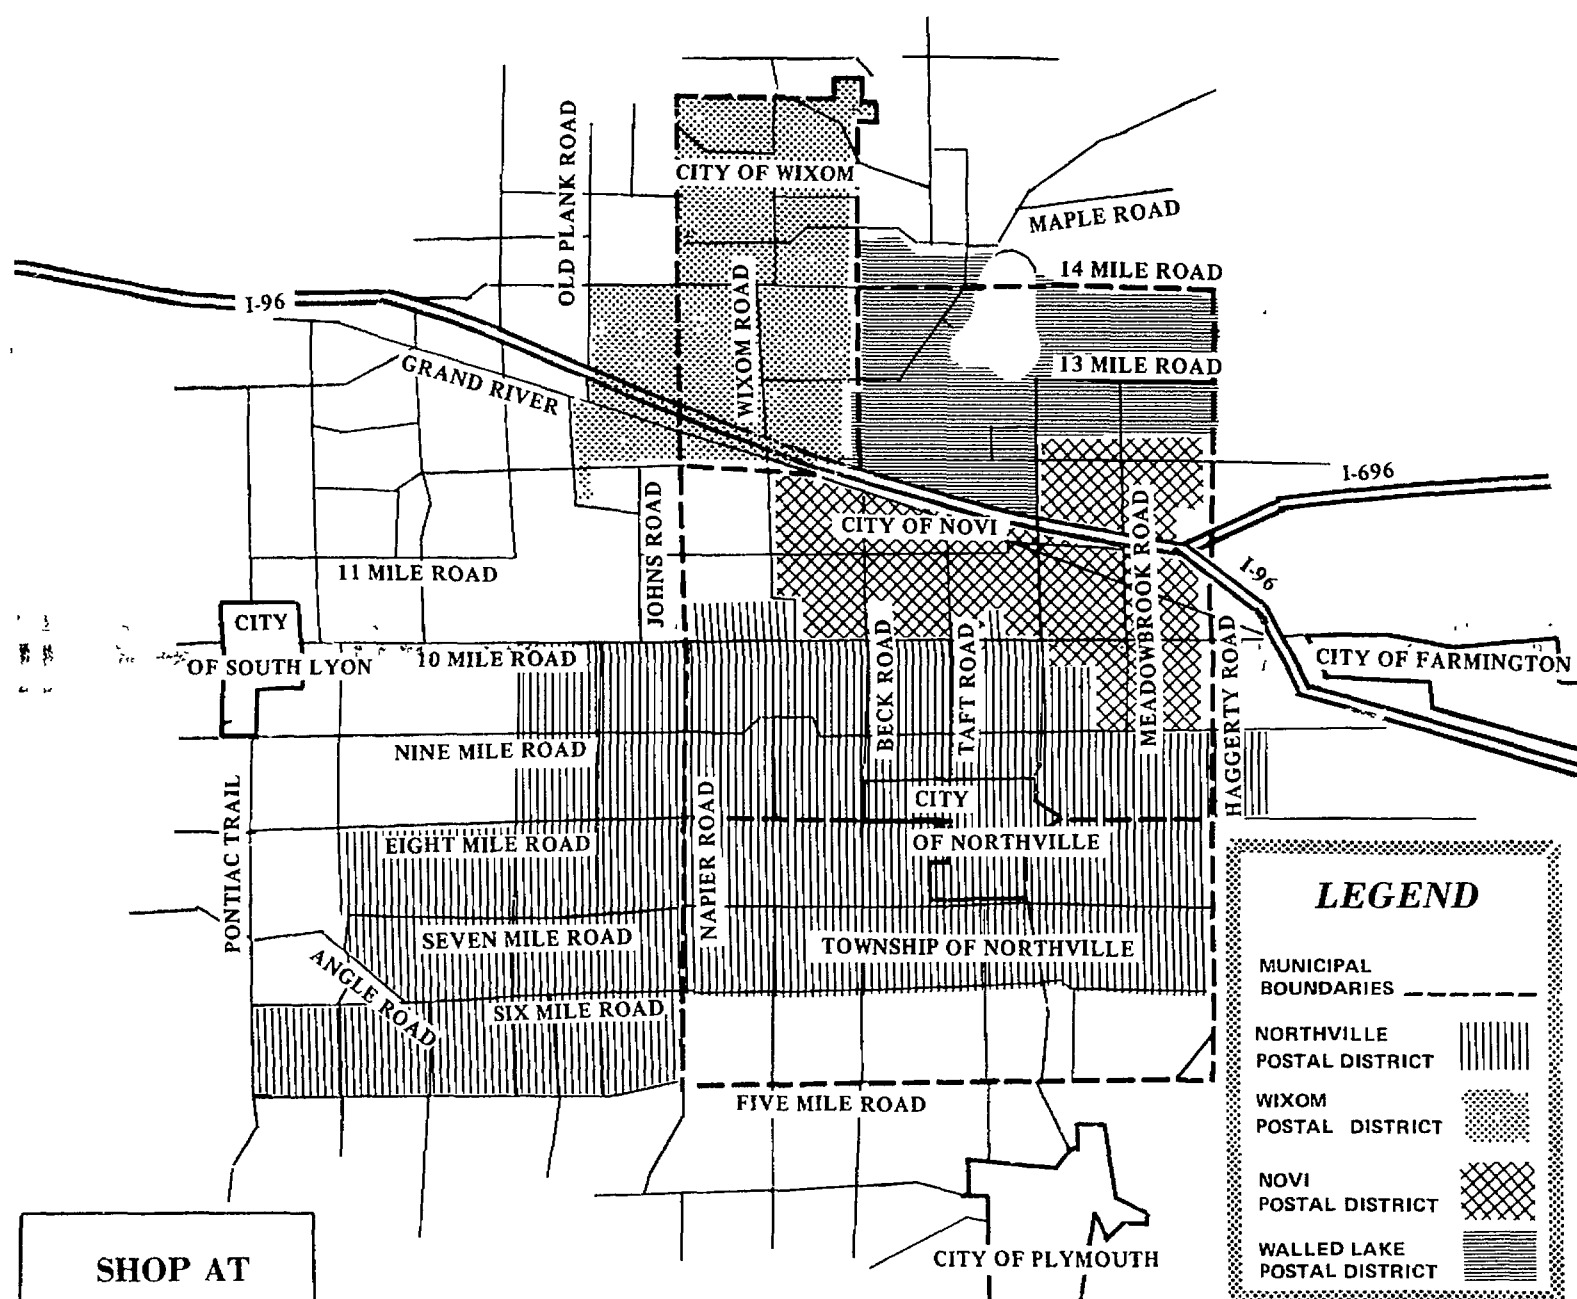

NOVI BOY SCOUTS

Boy Scout Troop 54 went camping at Lost Lake near Clare, Michigan, there were 18 boys and 4 men who went on this camp out.

Next Camp-out is planned for June 19. A board review meeting will precede this camp-out for the Advancement and Court of Honor which will be held at Muskegon State Park on Lake Michigan. Harold Sigsbee and Fred Buck are busy working on the radiator for the bus.

Randy Rice and Kerry Fear are qualified for first class. They are on a nine-day trip to David, Kentucky. They left Friday, June 11. It's a special program for improving depressed areas.

access to Walled Lake, through a tunnel under South Lake Drive.

The park now has opened for the summer, Alcalá said, under a new fee system. Residents of the city may obtain \$3 annual parking stickers, while non-residents must pay \$6 for stickers. Upon receiving the sticker, non-residents also receive tokens for each child in the family so that children can use these to gain entrance to the park or lake shore without the parents first parking.

Daily non-resident parking fees have been set at \$2, and daily resident fees at \$1. Daily fees for resident walkers are 25-cents (but free when tokens or identification are presented); for non-resident walkers, \$1. "I hope the residents of Novi take advantage of this facility. It's a great place to bring their kids...and let me assure them the lake is not polluted. The water was tested again this year and found to be satisfactory by the county," Alcalá said.

The commission chairman also revealed that plans are underway for development of fund-raising projects to help finance a good summer recreation program for Novi

children next year. This year "there just wasn't enough funds to get one underway. We want to make sure now that we're able to do something next year."

Meanwhile, however, because of the inquiries about a girls' softball program the commission is hoping to sponsor one yet this summer—"provided we can get some volunteer help. We can get the financing but it takes some adult help to make something like this run properly. If anyone is interested they can reach me at 624-1088."

Serving with Alcalá on the parks commission are Thomas Lawson, vice-chairman, Edward Butler, secretary, his wife, Betsy, recording secretary; Richard Bingham, treasurer; commissioner-council representative Denis Berry, Donald Gorman and Thomas Marcus.

Da Nang, Vietnam—Specialist Four Richard L. Pierce, son of Mr. and Mrs. Owen A. Pierce, 43931 12½ Mile Road, recently received his second award of the Army Commendation Medal in Vietnam.

The medal was awarded for meritorious service. Such service can be over an extended period of time or for

outstanding achievement in a single situation. In either case, the recipient must have demonstrated skills and dedication far above the average.

Specialist Pierce received the award while assigned as a stenographer in Headquarters Company, XXIV Corps near Da Nang.

Boundary Maze

Continued from Page One

like them to become active citizens of our community but the address discourages it

Stromberg says most new citizens are aware that they are living in Northville Township when they sign their housing contracts. "But pretty soon they forget that piece of paper."

He likened the address situation to the name of the state's large mental retardation institution, located totally within Northville Township, but called Plymouth State Home and Training School. People hearing the name but unaware of boundaries automatically assume it is located in Plymouth, he points out.

Mrs. Frank Prenatt, who lives on 10 Mile Road in Novi, dislikes receiving her mail through the Northville post office and would prefer if it were delivered by South Lyon.

"I shop in South Lyon, my children go to school in South Lyon, and we're just more oriented there than Northville. But I have a Northville mailman and a Northville phone number that's not listed in the South Lyon directory. It's a mixed up mess."

The Norman Bishops, who live in Novi on 12 Mile Road, have a Wixom mailing address which they find no inconvenience. Yet, they dislike the fact that their children must attend school in South Lyon rather than in Novi.

Local area postal officials explain that boundaries grew and changed over the years because of housing development trends.

Northville Postmaster John Steimel points out that his carriers once serviced areas of Novi north of Grand River because at the time no rural carriers were provided in Novi. It simply wouldn't have been economical to provide rural route carriers out of each post office years ago, he explains.

According to Elwood Grubb, postmaster in Wixom, postal boundaries boil down to a matter of economics. It's the only real criteria used by the postal department in establishing boundaries, he says. "If it's cheaper for Wixom carriers to deliver mail than say New Hudson then we'll get the job."

Novi Postmaster Elmer Balko emphasizes that local postal boundaries, in the final analysis, are established at higher levels.

"Sure, it's economics," says Steimel, "but if citizens demand change the government is willing to listen. After all, they want to keep postal customers happy."

Citizens may, if they desire, petition that their mailing addresses be changed, says Steimel. "Let's say the majority of citizens of a subdivision in Northville Township, now in the Plymouth mailing district, petition for a change to Northville. No one's going to fight consideration of such a petition. Chances are the government would act favorably."

One of the problems experienced by Balko in Novi because of present boundaries is that so much mail within the City of Novi carries a Novi zip and/or Novi address when really it should carry a Walled Lake or Northville address.

Such mail must be forwarded to another post office, thus delaying delivery. Because of the volume of such mail, Balko recently instituted a policy of returning commercial mail to the sender requesting that it carry the proper address. This policy does not, however, include first class mail which continues to be forwarded, he stresses.

Nevertheless, the policy disturbs the Novi Federation of Homeowners Associations, which asked this newspaper if it would publish a map showing the areas of Novi and their proper mailing addresses.

"Quite frankly," says planning board member Alcala of Novi, "I'm fed up with the service we citizens of Novi are getting out of Walled Lake. The same piece of mail to a citizen in the Walled Lake district of Novi takes a day or two longer to be delivered than it does through the Novi post office."

Alcala says the boundaries that divide his community are senseless and harmful. He cited another kind of artificial boundary:

"My wife and I are both officers in the North Oakland County Girl Scout Council," he notes. "But do you know our girls couldn't participate in the Novi Memorial Day parade because that was in THE South Oakland County council? They had to take part in Walled Lake's parade and here I was chairman of the Novi parade and a member of the Novi Chamber of Commerce trying to build up our community."

"Boundaries like these are just foolish."

Rev. Taxis Receives Doctorate of Divinity

The Reverend John O. Taxis, pastor of the Sunset Presbyterian Church in Ft. Lauderdale and former Northville pastor, and authenticating officer (Stated Clerk) for the whole of South Florida's sixteen thousand (16,000) United Presbyterians, was honored by the trustees of Fort Lauderdale University with his Doctorate of Divinity Degree at commencement ceremonies June 13.

Thirty years of continuous service, so the citation noted recognizes his original work in radio and early television for ABC, NBC and CBS in Washington, D.C.; his appointment as the American Representative between the Synod of Florida and the Synod of Jamaica; activity

with the City of Ft. Lauderdale in the College Convention programs; receipt of "Minister of the Year" Award, his service as Chief Executive for South Florida Presbytery.

Dr. Taxis has held successful pastorates in Virginia, New Jersey,

Washington, D.C., Northville, coming into Florida over 11 years ago. He has held two outstanding Educational ministries, in the Bethesda Presbyterian Church, Bethesda, Maryland and most recently in the First Presbyterian Church of Ft. Lauderdale. He has served in his present pastorate for over two (2) years.

Saturday's Day For Kids Dogs

Saturday's the big day for kids and their pet dogs

Showman's parking lot - from 10 a.m. to around noon will be the scene of the judging and the sponsors emphasize that dogs of all sizes and breeds - and kids are wanted to compete for numerous fun prizes.

Claude Lawson, South Lyon police officer, and his police dog Hilda will do the judging in such categories as best costumed, best trick, smallest, largest and best groomed. In addition, prizes will be given all entrants by the sponsoring Ken-L Ration dog food company and a "Best of Show" winner will be chosen from among the five individual winners.

Showman's hope to see all dogs who have kids for masters, or kids who have dogs for masters, in their lot beginning at 10 a.m. for the judging. They promise plenty of fun for all.

In Walled Lake

St. Williams' Pastor to Retire

The Reverend Father Raymond E. Jones, pastor of St. Williams' Catholic Church in Walled Lake, will retire June 30 from the active ministry after 35 years of service as a priest.

A day honoring Father Jones, including a family picnic, will be held Sunday, June 20, on Multi-Lakes Club grounds. His parishioners and friends are invited to attend.

Born July 26, 1906, in Detroit, Father Jones attended Annunciation Grade School and the University of Detroit High School, graduating in 1924.

In September, 1928, he entered Sacred Heart

Seminary in Detroit and four years later was sent to St. Mary's of the West in Norwood, Ohio, for his theological studies.

Father Jones was ordained in old St. Peter and Paul Cathedral in Detroit on June 7, 1936, and was assigned to the staff of the Catholic Youth Organization. In 1938 he was appointed assistant to Monsignor Markey and director of Boys' Home in Detroit where he served as both father and mother to the boys in his care.

Four years later he was given the additional duty of Archdiocesan Director of the Holy Name Society. Under his

directorship the membership grew from 130,000 to 400,000 and he received the Father McKenna Award for his outstanding work.

In 1952 he was appointed assistant pastor of St. John's in Ypsilanti and administrator of St. Alexis' in Willow Run.

Father Jones became pastor of St. Williams' in 1957. During the last 14 years, the parish facilities have been expanded, starting with the acquisition of two acres of land west of Common Street in January, 1958.

The same year, the convent

was built and the sisters moved in on May 13, 1959. In 1961 the log cabin was moved and remodeled to use as the rectory.

Additions to the school were built in 1959 and 1963 with the addition to the boys' sacristy built in 1963. Father Jones petitioned the city council to close O'Flaherty Street and the request was granted in 1965. The same year the statue of the parish patron saint, St. William, was dedicated.

Curbs and gutters for the school and church were added in 1965 and recent

improvements include carpeting and new lighting for the church.

But more important is Father Jones' work with people. He established an Alcoholics Anonymous Chapter in St. William, a Senior Citizens Group, the first in the area, and donated the use of his home to the seniors.

He has been a frequent visitor of the sick of his parish and a counselor and advisor to those in trouble.

Father Jones' future plans include moving to Tequesta, Florida, where he has a home "not too far from a golf course," he said.

FATHER JONES

Northville City Council Minutes

Mayor Allen called the regular meeting of the Northville City Council to order at 8:10 p.m. on Tuesday, May 18, 1971, at the Northville City Hall. He stated that the meeting was held a day later than normally because of Mayor's Exchange Day on May 17th.

ROLL CALL
Present: Allen, Folino, Lapham, Nichols and Rathert
Absent: None

ACCEPTANCE OF MINUTES
Minutes of regular meeting of May 3, 1971 were accepted as submitted with one correction. Add (page 4, 2nd paragraph of Miscellaneous "and be received at meeting of May 18th")

Minutes of Special Meeting of May 10, 1971, were accepted as submitted.

BILLS
Moved by Lapham, support by Rathert, to pay bills in the following amounts:

General Fund Disbursements	\$18,699.94
Motor Vehicle High Way Fund	1,685.62
Local Street Disbursements	1,527.58
Major Street Disbursements	1,873.71
Other Government Fund	3,640.53
Public Improvement Fund	2,640.00
Disbursements	2,799.97
Additional appropriations	
Water Fund Disbursements	

U C
Councilman Folino voiced dissatisfaction with City Engineer doing the inspections for his own engineering.

City Mgr. feels he is inspecting contractor's work. City Mgr. was asked to submit figures for engineering and inspection fees for the past year for consideration of possibility of a full-time engineer.

Councilman Lapham asked it it would be possible for a resident to request a residential test. City Mgr. will check with Chief of Police. Council asked when there would be a review of Planning Consultant firms—was told after July 1. City Mgr. is to check on total of monies expended for Grissold St. extension to date.

COMMUNICATIONS
City Mgr. reviewed the minutes of April 19, 1971, for Randolph St. Drain Inter-County Drainage Board which was held at the Northville City Hall. Three proposals were submitted, City Mgr. and City Engineer preferred the one which creates 2 or 3 permanent easements—5 or 10' wide. The Drainage Board, at the request of the Northville City Mgr. and Engineers, assented to soil borings being made of this area—\$500 was appropriation.

(b) Communication from Public Service Commission relative to continued Public Hearings on Michigan Bell rate increase. City Mgr. and City Attorney felt there is no reason to intervene at these Public Hearings.

(c) Letter from Douglas Loomis, 1000 Canterbury, regarding his fence permit with sketch attached. A letter is to be sent to Mr. Loomis that City will not take action on this matter and fence is to be left as it is.

(d) Mrs. Orban's request as to whether the City intends to contribute to the Walter Kaiser Memorial Fund (request from Northville Library Advisory Commission).
Moved by Rathert, support by Nichols, that City of Northville send \$50.00 to Walter Kaiser Memorial Fund (Walter Kaiser former head of Wayne County Library System).

U C
(e) City Clerk reviewed the request of Mr. John Martin of Livonia, to have Jehovah's Witnesses distributing literature in the City of Northville on May 28, 29 and 30, 1971, between the hours of 9 a.m. and 12 noon. This is in connection with a 3-day meeting at the Northville High School on those dates. Council asked that the City Mgr. regulate this in some manner. City

Attorney suggested that their people be in groups of not more than two, and that duplicate calls are not made, that an organized plan be submitted to Police Dept. He also suggested that no minors (under 18 yrs or age) be allowed to make calls.

(f) Mr. Bakewell, Northville Jaycees, submitted request for use of E. Main St. Parking Lot for use of Antique, Arts and Crafts project on Saturday, July 3, 1971. Merchants have given their ok to this City Mgr. will check this request and talk with Mr. Bakewell.

COMMUNICATIONS
Mr. Al Rottman, contractor, appeared before Council to explain the latest developments in his proposed apartment project on Novi Rd. His feasibility report from FHA, dated April 16, 1971, was ok'd. Stated that by the end of the week his final plans would be ready. The re-designed plans still call for 8-1 BR units and 22-2 BR units.

City Mgr. suggested that Mayor and City Clerk be instructed to execute the Sales Agreement with Mr. Rottman, after Planning Commission approves his plans.

BOARD & COMMISSION MINUTES
The minutes of the Planning Commission of May 4, 1971 and Northville Police Dept. Report for April, 1971 were placed on file.

PUBLIC HEARING ON 1971-72 CITY OF NORTHVILLE BUDGET
Mayor Allen announced the Public Hearing on the City of Northville 1971-72 Budget as published in the Northville Record.

Mr. Robert Strachan, 540 Horton St., asked why the budget was divided into four parts. City Mgr. explained that by law the Water and Street Fund must be separate and that it is and has been Council's policy to segregate the Public Improvement Fund as that revenue is derived mainly from Pari-Mutuel Tax. Mr. Strachan asked if the Police Dept.'s portion of the General Fund wasn't high.

(\$27,000, of total, General Fund, of \$770,650) in answer to Mr. Strachan's question, he was told there is a full-time police personnel (inc. dispatchers and 38 auxiliary police for track and that Council is watching this item very carefully. City Mgr. categorized the 23 or 24 property acquisitions over period of last 4 years—approximately 1/4 of these properties each fall into Parking, R-W Purposes, Parks, Parking or future Commercial development. Council feels these purchases are well worth while. Councilman Folino, moved that \$9,000 be taken from the Public Improvement Fund and transferred to General Fund in the 1971-72 Budget, enabling millage to

be set at 10.3 for next fiscal year. Motion died for lack of support.

After some discussion, moved by Nichols, support by Lapham, to adopt the 1971-72 budget as presented by the City Mgr., with tax rate at 10.6 mills (SEV).

Yas: Nichols, Rathert, Allen & MISCELLANEOUS
City Attorney reported on the Watson-Lapham.

Nays: Folino
Motion prevailed.

After a report from the committee making the Police Study the budget can be re-examined and possible lowering of millage rate could be made after that.

Moved by Folino, support by Nichols, to call a Special Meeting of the Northville City Council to review the committee's Police Study Report and decide if millage of 10.6 could be lowered, Monday, May 24, 1971 8:00 P.M. U C

CONFIRM SALE AGREEMENT FOR RATHBURN & KERR PROPERTY.
Moved by Folino, support by Lapham, to authorize the Mayor and City Clerk to sign purchase agreement for the following property:

Kerr property, 211 W. Cady St.—\$31,200 Rathburn property, 118-124 W. Main St.—\$48,000 U C

1971 STREET JOINT SEALING PROGRAM
City Mgr. reported that Midwest Conco Company is offering to extend contract at last year's price. He explained that this is the only company in this area that specializes in this type of work. City Mgr. recommended that this offer be accepted at the next regular meeting. At that time he will have a list of streets that should have joint sealings.

APPROVE ADDITIONAL APPROPRIATION OF \$26,000
City Mgr. explained that of this additional appropriation, \$19,000 is for DPW wages and \$7,000 for Police Wages.

Moved by Folino, support by Rathert, to additionally appropriate \$26,000 from Contingency to General Fund. U C
THOMPSON-BROWN-CITY OF NORTHVILLE DRAINAGE AGREEMENT
City Mgr. explained the proposed agreement with Thompson-Brown on the drainage problem in Lexington Commons North City Attorney read the agreement as amended at the previous meeting.

Moved by Rathert, support by Folino, to approve the drainage agreement between the City of Northville and Thompson-Brown relative to storm water retention basin and concrete sidewalks for Lexington Commons.

ORDINANCE NO 29A
AMENDMENT TO ORDINANCE NO. 29 KNOWN AS THE ANTI-LITTER ORDINANCE OF THE TOWNSHIP OF NORTHVILLE, MICHIGAN
An ordinance prohibiting the throwing or depositing of litter in public places in the Township of Northville; regulating the distribution of commercial and noncommercial handbills; controlling the depositing of litter on private premises; providing a lien for township clearance; and prescribing penalties for the violation of its provisions.

THE TOWNSHIP OF NORTHVILLE ORDAINS:
PART I. That Ordinance No. 29 of the Township of Northville, known as the Anti-Litter Ordinance, is hereby amended by adding the following language to the end of Section 7 thereto:
All trucks, trailers or other types of containers hauling garbage, paper, wood, rubbish, metal and/or any other type of material likely to blow or fall off onto the roadway or shoulders, shall be in a closed container or covered with a tarpaulin or other device sufficient to contain the items above mentioned.

PART II. PENALTIES. Any person, persons, firm partnership, association or corporation, or anyone acting in behalf of said person, persons, firm, partnership, association or corporation, violating any of the provisions of this Ordinance shall, upon conviction thereof, be subject to a fine of not more than \$100.00, or imprisonment for a period of not more than 90 days, or to both such fine and imprisonment in the discretion of the Court. Each day that the violation of this Ordinance is continued or permitted to exist without compliance, shall constitute a separate offense punishable upon conviction in the same manner prescribed in this Section.

PART III. SEVERABILITY. If any part or parts of this Ordinance are for any reason held to be invalid or unconstitutional, such decision shall not affect the validity or constitutionality of the remaining portions of this Ordinance.
Ordinances in conflict herewith are repealed.
PART IV. REPEAL. All previous Ordinances, or parts of Ordinances in conflict herewith are repealed.
PART V. EFFECTIVE DATE. This Ordinance shall take effect thirty days from and after its first publication.

I, ELEANOR W. HAMMOND, Clerk of the Township of Northville, do hereby certify that the above Ordinance Amendment was approved and adopted by the Northville Township Board at a regular meeting thereof, duly called and held on the 8 day of June, A. D., 1971, and was ordered to be given publication in the manner prescribed by law.
Eleanor W. Hammond, Clerk

North, Bank Letter of Credit in the amount of \$54,778.00 to be deposited with the City of Northville

U C
NORTHVILLE HEIGHTS' SUB. NO. 2 STREET LIGHTING
Mr. Tom Schaal, 319 Sherrie Lane stated that most people signing petition protesting more lighting lived in the middle of the block.

Considerable discussion on this lighting and Moved by Rathert, support by Lapham, to install minimum lighting (7-175 W. mercury vapor ornamental street lights) in Northville Heights' Sub No. 2

U C
Allen condemnation case Injunction to deny acquisition of property was denied. Moved by Nichols and support by Folino, to place City Water Service Report on the Agenda for the Special Meeting on Monday, May 24, 1971.

Mayor Allen would like to look at plans for Parking Deck at next meeting. There being no further business, the meeting adjourned at 10:10 p.m.

Martha M. Milne
City Clerk

Special Meeting
May 24, 1971
Mayor Pro-Tem Nichols opened the Special Meeting which was called by motion to discuss

1 Review of Northville Police Study Report
2 Re-examination of 1971-72 City of Northville Budget

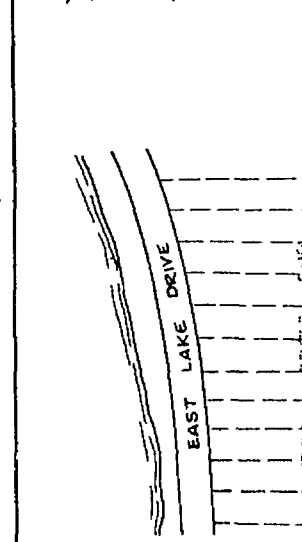

3 Discussion of City Water Service to Northville Twp
ROLL CALL
Present: Folino, Lapham, Nichols and Rathert

Absent: Allen (excused)
POLICE STUDY REPORT
Mayor Pro-Tem Nichols asked Councilman Rathert to review the Police Study Report which he and Councilman Rathert had submitted to Council. City Mgr. recommended acceptance of the report in full.

Mr. Nichols reminded Council that this was asked for in relation to the upcoming race season.
First recommendation is a saving of \$4500—this would constitute a saving in millage. Second recommendation is a saving—not a transference from one fund to another—\$5,000.

ORDINANCE NO. 18.156
AMENDMENT TO ZONING ORDINANCE OF CITY OF NOVI
THE CITY OF NOVI ORDAINS:
PART I. That Ordinance No. 18, known as the Zoning Ordinance of the City of Novi, is hereby amended by the amending of the Zoning Map as indicated on Zoning Map No. 156 attached hereto and made a part of this ordinance.
PART II. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of any ordinance in conflict with any of the provisions of this ordinance are hereby repealed.
PART III. WHEN EFFECTIVE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect ten (10) days after final enactment and publication.
Made and Passed by the City Council of the City of Novi, Michigan, this 1st day of June, 1971.

(s) Joseph Crupi, Mayor
(s) Mabel Ash, City Clerk

To Rezone Parcel "M" 21C described as follows:

ORDINANCE NO 18.156

ZONING MAP AMENDMENT NO 156
CITY OF NOVI, MICHIGAN

I, Mabel Ash, Clerk of the City of Novi, do hereby certify that the above Ordinance was approved and adopted by the Council of the City of Novi, at a Special Meeting thereof, duly called and held on this 1st day of June, 1971, and was ordered to be given publication in the manner prescribed by law.
(s) Mabel Ash
City Clerk

ORDINANCE NO. 37A
AMENDMENT TO DOG ORDINANCE OF THE TOWNSHIP OF NORTHVILLE
AN ORDINANCE TO AMEND ORDINANCE NO. 37 OF THE TOWNSHIP OF NORTHVILLE, BEING THE TOWNSHIP DOG ORDINANCE AND AMENDING SECTION III THEREOF.

THE TOWNSHIP OF NORTHVILLE ORDAINS:
PART I. That the Township Dog Ordinance, being Ordinance No. 37, is hereby amended by repealing the language contained in Section III thereof and replacing it with the following language:

"Upon application filed with the Township Clerk on or before the first day of June, 1971, and the first day of June in each calendar year thereafter, giving the full name, residence and telephone number of the applicant and the name, breed, age, sex, color and markings of the dog, accompanied by proof of vaccination of the dog for rabies by a certificate of vaccination for rabies, with a vaccine licensed by the U. S. Department of Agriculture, signed by an accredited veterinarian, the expiration date of the certificate of vaccination shall not be earlier than December 31 of the year for which the dog license is issued, there shall then be issued to each applicant a license to own or harbor the dog described in the application within the Township for the term commencing from the first day of June and terminating the last day of May following, excepting as herein otherwise provided."

PART II. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of Ordinances in conflict herewith, are hereby repealed.

PART III. VALIDITY. Should any section, clause or provision of this Ordinance be declared by the Courts to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof, other than the part so declared to be invalid.

PART IV. EFFECTIVE DATE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public, safety, morals and general welfare throughout the Township of Northville and are hereby ordered to take effect Thirty (30) days after final passage and publication.

I, ELEANOR W. HAMMOND, Clerk of the Township of Northville, do hereby certify that the above Ordinance Amendment was approved and adopted by the Northville Township Board at a regular meeting thereof, duly called and held on the 8 day of June, A. D., 1971, and was ordered to be given publication in the manner prescribed by law.
Eleanor W. Hammond, Clerk

ORDINANCE NO. 6E
AMENDMENT TO ORDINANCE NO. 6 KNOWN AS THE BUILDING CODE OF THE TOWNSHIP OF NORTHVILLE, MICHIGAN
An ordinance enacted pursuant to Act No. 185, Public acts of 1943, as amended, to regulate the erection, construction, enlargement, equipment, alteration, repair, moving, removal, demolition, conversion, use, height, area and maintenance of all buildings and structures in the unincorporated portions of the Township of Northville; to provide for the issuance of permits and collection of fees thereof; to provide penalties for the violation thereof; declaring and establishing fire limits; defining the scope and authority of the building inspector; and repealing all ordinances and parts of ordinances in conflict therewith except the ordinance known as the zoning ordinance of the Township of Northville.

THE TOWNSHIP OF NORTHVILLE ORDAINS:
PART I. That Ordinance No. 6 of the Township of Northville, known as the Building Code, is hereby amended by repealing the following Subsections to Section 3 thereof:
(20) Anything herein to the contrary notwithstanding, a minimum thickness of one half inch (1/2") plywood roof sheathing must be used when rafters are spaced more than sixteen inches (16") on center.
(22) All one and two family dwellings shall be provided with at least one masonry chimney for the building's primary heating appliance.

PART II. That Ordinance No. 6 of the Township of Northville, known as the Building Code, is hereby amended by adding the following Subsection to Section 3 thereof:
(21) The Basic Building Code is hereby amended by adding to Section 811.0 thereof, the following language:
The use of gypsum wallboard as a backing material for tile or other waterproof surface materials around stall or tub showers is allowed only if such materials are of approved grade.
PART III. UNLAWFUL ACTS. It shall be unlawful for any person, firm or corporation to erect, construct, enlarge, alter, repair, move, improve, remove, convert or demolish, equip, use, occupy or maintain any building or structure in the Township of Northville or cause the same to be done contrary to or in violation of any of the provisions of this Ordinance and Code.

PART IV. PENALTIES. Any person, firm or corporation violating any of the provisions of this Ordinance and Code shall be deemed guilty of a misdemeanor, and each such person shall be deemed guilty of a separate offense for each day or portion thereof during which any violation of any of the provisions of this Ordinance and Code is committed, continued or permitted, and upon the conviction of any such violation, such person shall be punishable by a fine of no more than One Hundred Dollars (\$100.00) or imprisonment.

PART V. REPEAL. All Ordinances or parts of Ordinances in conflict herewith are repealed except where there is conflict between this Ordinance and the Northville Township Zoning Ordinance and where said Zoning Ordinance prescribed a more stringent requirement, the said Zoning Ordinance shall prevail.
PART VI EFFECTIVE DATE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public, safety, morals and general welfare throughout the Township of Northville and are hereby ordered to take effect Thirty (30) days after final passage and publication.

I, ELEANOR W. HAMMOND, Clerk of the Township of Northville, do hereby certify that the above Ordinance Amendment was approved and adopted by the Northville Township Board at a regular meeting thereof, duly called and held on the 8 day of June, A. D., 1971, and was ordered to be given publication in the manner prescribed by law.

Police Blotter

Youths Beaten in Township

In Township . . .

Two 16-year-old Farmington youths were beaten and robbed Friday night in Northville Township by four white males who picked them up while they were hitchhiking near Seven Mile and Hines Drive.

According to township police reports, the two youths said they were beaten, robbed of watches, wallets and rings and then dumped in the area of Six Mile and Ridge roads. The youths said the four were not armed.

The youths called police from a nearby home shortly before 1 a.m. Saturday. They were taken to Wayne County General Hospital and treated for facial cuts, bruises and head injuries and released.

Police are looking for a dark 1962 to 1965 Mercury which the boys reported was the car in which they were picked up.

A Detroit man and his wife escaped injury Thursday afternoon when the car in which they were riding was struck by a train at Northville Road and Seven Mile.

According to reports, Dr. and Mrs. Johann Small were parked at the crossing about 4:30 p.m., waiting for the train to pass, when the train caught the front end of their car, spinning it around.

Witnesses told police Dr. Small apparently had stopped his car partially on the track.

The theft of a yellow and green 12-foot square tent was reported June 7. The tent, which was stolen from 46214 West Seven Mile, was taken during the evening.

In Northville . . .

A Farmington Township man was arraigned Tuesday morning in 35th District Court on charges of larceny by conversion.

Robert J. Barnes was arrested Tuesday by city police after he allegedly sold \$737 worth of vinyl telephone book covers to five businesses in the city in February and never delivered them in the merchandise.

Barnes pled not guilty to the charge and examination has been set for Monday in Plymouth.

A tape deck and cartridges valued at more than \$125 were stolen from a locked car at Northville High June 8.

The student owner told police the theft occurred between 8 a.m. and noon.

Investigating officers reported a screwdriver had been used to remove the tape deck and the wires had been cut. There were no signs of forced entry, police said. The case is still under investigation.

City police said this week they are not participating in the telephone sale of tickets for the August 12 circus sponsored by the Police Officers Association of Michigan (POAM).

Though the Northville Police Officers Association (NPOA) is a member of the POAM, they do not endorse the selling methods employed in the solicitation of tickets, according to Patrolman Robert Pankow, spokesman for the NPOA.

The local department has received several inquiries and complaints from citizens on the sale of the tickets, Pankow said.

FIRE CALLS
June 9 — 3:30 p.m. — railroad tracks behind Haller Division of Northville Road, grass fire.

COURTNEWS

Two Plymouth men pled guilty to charges of drunken driving before 35th District Court Judge Dunbar Davis on June 8.

They are Daniel C. Richter who was placed on four days voluntary work detail, ordered to pay supervisory costs of \$48, placed on one year probation and ordered to

pay costs of \$60; and Charles A. Ferguson who was placed on one year probation, ordered to pay costs of \$60 and fined \$69.

Richter was arrested May 2 and Ferguson on May 22 by Northville City Police.

Hugh Rowan of Warren was fined \$129 after he pled guilty to a reduced charge of driving while ability impaired.

Two Northville men pled guilty to charges of drunkenness. They are Lester L. Blevins of 121 North Wing who was fined \$19, placed on one year probation and ordered to pay costs of \$60; and John W. Szymanski of 18510 Ridge Road was fined \$39.

Blevins was arrested May 3 and Szymanski May 7 by city police.

Driving on a suspended license resulted in a \$49 fine and four days in Detroit House of Correction for LeRoy F. Porter, Jr., of Westland. He was arrested April 18 by city police.

Henry B. Boggs of Farmington was fined \$29 for improper license plates and \$39 plus three days in jail (credit given for three days served) for driving on a suspended license.

He was arrested May 14 by city police.

Making an improper left turn causing an accident resulting in a \$39 fine for Mary P. Kohlman of Corapolis, Pennsylvania. She was ticketed by city police May 27.

David V. French of 41821 Quince was placed on two days voluntary work detail and ordered to pay supervisory costs of \$24 on a charge of minor in possession of alcoholic beverages. He was arrested by city police May 21.

In District Court on June 7, Roger M. Strobel of Detroit was fined \$129 after he pled guilty to drunken driving and \$34 for no operators license. He was arrested June 4 by township police.

A hearing has been set for July 1 for Andrea B. Harrison of Livonia who is charged with possession and control of marijuana.

The hearing will be held before Wayne County Circuit Court Judge Horace Gilmore. She was arrested on the charge in Northville township by officers of the Wayne County Sheriff's Metro Squad.

Paul J. Morgan of 366 Welch will face trial before Judge Gilmore on June 30 on charges of disorderly person, resisting arrest and fleeing arrest.

Morgan was arrested by township police on April 25 after an incident at the A and W Drive-In.

In circuit court on Tuesday, Marc E. Jenesel of 931 Carrington was sentenced to up to three years under the Holmes Youthful Trainee Act after he pled guilty to a reduced charge of possession of marijuana.

Jenesel was arrested by city police in March, concluding six weeks' of investigation by the department.

In Novi . . .

Snyder Equipment Company and Thompson's Travel Center were scenes last week and this of two break-ins which cost the owners some \$10,000 in stolen property, according to police reports.

Thieves entered the Snyder building on Novi Road last week—sometime late Tuesday or early Wednesday—and made off with equipment valued at \$8,891 from the office and shop buildings.

"In addition to that," said Novi Detective Lieutenant Richard Faulkner, "they made off with Snyder's truck to carry the stuff."

Sunday, Thompson's Travel Center, located on Grand River, lost some \$837 in radios, tape decks, portable televisions and flashlights.

A relatively new addition to Novi's business community, Thompson's had wound up its weekend grand opening earlier in the day Sunday.

Two individuals have been charged and Novi police are expecting more arrests in connection with several break-ins which have occurred locally in the past year.

Detectives declined to disclose names of individuals involved but said stolen merchandise in excess of \$3,000 has been recovered from seven local break-ins. Merchandise taken from the home of Larry Brooks and Darrell Lutz, from Snow's Total, at Novi Road and Ten Mile, from the United Methodist Church of Novi, and from three separate burglaries at Novi High School has been in part recovered, according to police.

"We're continuing our investigation," said Faulkner. "These things take a good deal of time."

Lawrence O. Allen of Inkster, arrested last September, was bound over to circuit court Monday to stand trial for carrying a concealed weapon.

The action came in the 52nd District Court and involved a ruling by Judge Martin Boyle that evidence obtained in a search of Allen was admissible.

Pre-trial examination is scheduled for June 29 at 9 a.m. before Judge William Ziem.

James Kelly was sentenced to from five to ten years in Jackson State Prison in connection with a breaking and entering last fall at Campbell Machines on Grand River.

The sentence was handed down by Judge William Hampton in the Oakland County Circuit Court last week Tuesday.

Convicted of aiding and abetting in that crime, Laura Swiercz was sentenced to 60 days in Oakland County Jail by Judge Hampton.

Thursday, tree fire, 49680 Eight Mile, noon.
Saturday, building fire, OEO office, 6:54 a.m.
Saturday, pump fire, 43215 Grand River, 11:50 p.m.

In Wixom . . .

William Solmes of 2195 Arbor reported the theft of a

spare wheel and rim from the rear of his pick-up truck while the vehicle was parked in his driveway between 11:45 p.m. Thursday and noon Friday.

Loss, according to police reports, was estimated at \$50.

A Walled Lake woman, 23-year-old Claudia Gross, was taken to St. Joseph's Hospital in Pontiac Sunday for treatment of injuries sustained when she drove into the rear of the car of John Allard of Westland, police report.

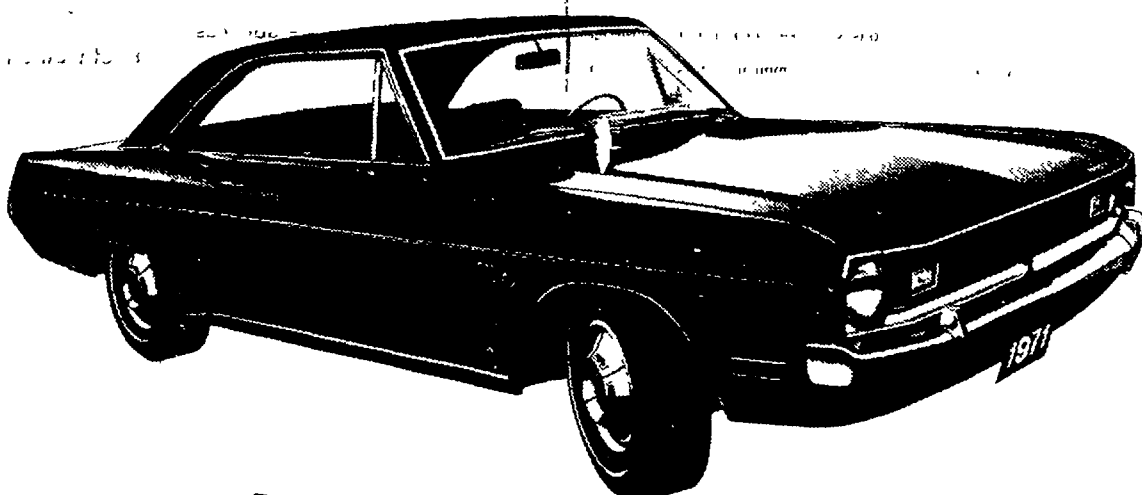

Allard was stopped at the stop sign on Wixom Road and Pontiac Trail, according to police, when the Gross car, failing to stop, struck it in the rear.

Officer Roger DeClercq suffered a \$190 loss as vandals put two "rock sized holes" in his car windshield Saturday while the vehicle was parked behind the Wixom City Hall.

Out of the Past

Lightning Hits Phone

TEN YEARS AGO . . .

The traditional "Teacher of the Year" award was given to Roy Pederson, art teacher, during honors convocation at the high school Attorney Clifton Hill presented the plaque to Pederson, on behalf of a local businessmen's luncheon group.

Two Northville High School students left for a summer in Europe sponsored by the Michigan Council of Churches. Donna Lien was to spend the summer with a Honnaf, Germany family, while Eddie Beard was to live with a family in Madrid, Spain.

The prospect of a shopping center on the edge of Northville's city limits came to light with a request for rezoning 24 acres of land on Novi Road near Eight Mile.

The Northville Retail Merchants association went on record as opposing the new post office site on the corner of Wing and Cady. Nelson Schrader told fellow merchants that the council's choice of this site would not serve to encourage commercial development.

Northville's Public School system was to have its own special education program for mentally retarded students starting in the fall. Adopted by the school board, the program marked the first time special education classes were to be offered to mentally retarded children in their home school district.

David Longridge, former high school wrestling coach, was named the new varsity basketball coach. Longridge was to assume the reins from Donald (Dutch) VanNingen, who took over as junior high principal.

FIFTEEN YEARS AGO . . .
The Reverend Father Anthony Heraty, pastor of Our Lady of Victory church, received word from the Detroit Diocese that he was to be transferred to St. Mary Magdalen in Hazel Park. Father Heraty served the

Northville parish for four years.

George Shoebridge, a former Northville man, designed a new "contraption" to lay electrical wiring. Shoebridge said the machine can lay wiring in the ground and cover it up at the rate of a hundred feet in a minute and a half.

Newcomer Robert Shafer and incumbent Nelson Schrader were elected to fill the two school board seats for three year terms.

Alvin Skow, Northville junior high school social studies teacher, was listed in "Who's Who In American Education" for the second time. Skow received mention for work with his classes to compile a printed history of Northville.

Jack Adams, general manager of Detroit's Red Wing hockey team, was to make personal appearance before the Northville Rotary Club.

Scholarships were awarded to three eighth grade graduating students at Our Lady of Victory school. Winners were Sally Plamondon, Frank Bosak, and Mary Lou Jones.

TWENTY FIVE YEARS AGO . . .
The Annual Community Vacation Church School had its opening session at the Presbyterian Church House. Miss Marcella Ladd, director of Christian Education, was in charge of the school.

A challenge golf match was slated involving Bryon Nelson, leading golfer in America, Jimmie Thomson, the world's longest driver, and "Chick" Harbert, home profession at the Meadowbrook Country Club golf course.

Northville school electors 314 strong went to the polls and overwhelmingly voted for an increase in

SPEAKING

for The Record

By BILL SLIGER

When the brick and mortar appears, the \$3 million Northville Square complex will truly become a reality.

But it's hardly premature to recognize that possibility in the light of action taken Monday night by the city council and the developer of the proposed project.

How sweet the prospects of such a development in the Northville business district must be to a great number of civic-minded citizens who talked and dreamed a decade ago about the future of an old, vacated auto agency, a rundown apartment building, an ancient library and a handful of houses located on a sloping piece of property on the edge of town.

And when they removed some of these buildings and converted the area into unimproved parking spaces, it was not uncommon to hear critics predict that Northville would soon become "one big parking lot".

But the members of the Northville Area Economic Development Committee took their assignment to heart. Formed by action of the city council and appointed from the city, school district and township, the non-paid members were instructed to seek new, and promote existing, commercial and industrial enterprises. The purpose, of course, was to boost the economic climate of the community and take some of the school tax burden off the homeowner.

About the biggest achievement of the group was to assist Foundry Flask in an expansion program, doubling the size of the plant and increasing its work force.

But its members quickly realized that Northville's potential in the industrial arena was limited. First, there's little suitable land available; secondly, the community itself was very particular about the

type of development it wanted to attract.

So commercial expansion and improvement became the number one target. Here was an opportunity to bolster the tax base without building smokestacks or filling up more classrooms.

So slowly the land in the block bounded by Main, Wing, Cady and Center streets was acquired by the Economic Development Corporation. It couldn't afford to do much with the property once it had purchased it; in fact, the rentals were needed to make payments.

Eventually, the city began acquiring the land from the development group and both the council and the development committee members began searching for potential developers of the site.

Apparently, Richard H. McManus is their man. Monday night he committed himself to \$90,000 to acquire the site, another \$200,000 for parking, and a pledge to develop a \$3 million shopping-office complex that must exceed the dreams of the most enthusiastic member of the Economic Development Committee.

Let us hope it is not too good to be true.

Along with the newly-completed Cady street parking deck Northville Square has become the best medicine Northville's businessmen could possibly receive.

They're enthused about the future, planning improvements and predicting that in addition to "a big parking lot", the city can expect steadily-increasing retail trade.

Northville is helping itself to becoming a healthier community and the activity is attracting the attention of other communities, as well as potential developers.

The expansion limits of Northville's business district are already pretty well defined, and most residents and businessmen are satisfied to keep it that way.

But the development of that district has not been by accident. And it promises to offer a balanced variety along with shopping convenience that will assure its future stability.

Major credit for the progress of Northville's business district must go to the city councils of the past decade, its city managers and planners.

And in this particular arena of activity, those closest to the action know that Mayor A.M. Allen, Councilman Charles Lapham and City Manager Frank Ollendorff have been the most productive.

But at the beginning it was a citizens' committee encouraged by the council.

Even at the risk of overlooking a name or two, these men should be recognized for the hours spent working to improve the community's economic status:

John Canterbury, A. R. Clarke, Philip Ogilvie, Don Hannebarger, Bill Davis, Donald Lawrence, Gunnar Stromberg, Bob Shafer, C. A. Smith, Don Robinson, John Carlo, John Miller, Harold Putnam, Eugene Cook, Crispin Hammond, Fred Kester, Alex Lawrence, Bruce Potthoff, and of course, Mayor Allen, also a charter member of the Economic Development Committee.

VINCENT WEINBERGER

Speaking for Myself

Elect Mayors?

Often debated, especially in those communities with either 'weak mayor' or council-manager forms of government, is the question of whether or not mayors should be elected by the people or appointed by the council. Currently, mayors of the cities of Northville, Novi, South Lyon and Wixom are elected directly by the people. Brighton's mayor is appointed by the council from the council. All but South Lyon and Wixom have council-manager forms of government. Northville voters will decide in November whether or not the city charter should be changed to permit appointment of the mayor by the council as in Brighton.

JOHN CANTERBURY

YES...

I am opposed to the election of a mayor by the majority of the council body because this is another step in eliminating and depriving the individual taxpayer of this important privilege. I further believe this questions and degrades the intelligence of the electorate in casting their vote directly for the highest office in our city government.

Do you truly believe that three out of five city officials are more capable of selecting an individual as our mayor?

Should the office of mayor be absent from the ballots, I fear the turnout at the polls would be lessened drastically. In the past elections, we have had approximately one-half of the registered voters cast their ballots for the office of mayor, with a lesser number voting for the entire council vacancies. In other words, some merely cast their votes for mayor only.

As a closing thought, would you appreciate losing the privilege of voting for our governor? or president? Could our legislature do a better job electing them?

VINCENT WEINBERGER
Mayor Pro-tem, South Lyon

NO...

Under the "weak mayor" and (or) council-manager form of government, I believe it is preferable to provide for the council to select one of its members to carry the title of mayor.

Dispute Year-Round School

To the Editor,

We as parents have an obligation to listen and evaluate our children's views on year-around school. After all, it is their lives which will

be affected by the School Board's decision. This is how my daughter feels about it.

A Concerned Parent

The class of '74" of Northville High, I would like to express my view concerning year round school

My biggest gripe is that my closest friends are not going to

have the same vacation time as me. Even though we entered Northville High as freshmen together, we will be split up during the rest of our school years and will not be graduating at the same time.

It's not only friends and graduation, but what about other things like sports and recreation? We won't be able to join the summer activities like the "swim club" if we have to go to school in the summer. Also, not all schools have summer sport competition. And what about our senior class trip? We won't be able to go together with everyone on a different vacation schedule. What about class president? When

he takes a vacation, then who will run the class? We'll have to have at least two class presidents.

What about other school activities? Will we have four different sets of cheerleaders? Four different class plays? What about proms and banquets?

Will this system really give us more quality education or just create more disinterested students and drop-outs?

Yes, adults for once please listen to our side of the story. We, too, would like to graduate as a complete class like you did in the "old days".

Where Did Hollyhocks Go?

By JACK W. HOFFMAN

When was the last time you saw a butterfly or a stand of hollyhocks?

Chances are it's been awhile.

Our kids, for example, don't recall ever seeing a monarch butterfly, and when asked about hollyhocks they replied, "What's that?"

When I was a youngster, butterflies it seemed were almost as plentiful as bees and hollyhocks, well, they grew more profusely around our house than did dandelions. Most of our neighbors had them, too, usually along a fence, behind the garage, or next to the barn.

Our best hollyhocks—the tallest and the prettiest—grew alongside our outhouse.

They were a kids flower, as I recall, that was just great for making dolls and for catching bees.

Because memories are

sometimes deceiving, I rang up Dr. Warren Wagner at the University of Michigan to see if indeed butterflies and hollyhocks are disappearing and if there is a connection between their disappearance.

"I'm like you," said Dr. Wagner, "I miss hollyhocks. It's a shame we don't see many of them anymore. Butterflies? That's another story—a real tragedy."

Reminding me that he is a butterfly collector, Dr. Wagner pointed out that man's use of "all that DDT stuff" has all but wiped out the butterfly, especially in states like Texas. "You know," he said, "you can go out looking for an entire day in Texas without seeing a single butterfly. I think it's because of the stuff they use on the cotton."

Hopefully, when man begins to control insects biologically rather than by chemicals the butterfly will make a come back, he said. "I understand they're already coming back in England—why I don't really

know although I suspect it may be because they're cutting down on insecticides."

The disappearance of hollyhocks also is the result of man—but not because of his use of chemicals, Dr. Wagner explained. "Hollyhocks are old-fashioned flowers and people just tired of them. People have become sophisticated gardeners and hollyhocks don't fit their idea of garden beauty."

"It's sort of a fad thing, and someday they (hollyhocks) may become fashionable again. I certainly hope so."

With fewer people purposely growing hollyhocks there's less chance of them springing up unattended or wild-like as in the past, he said. "Besides, they're not a native flower."

Other flowers fit this "fad" category, according to Dr. Wagner.

"When was the last time you saw cocks comb or digitalis (foxglove)?" he asked.

Graduation...and After

Northville High School's Class of '71 received its diplomas Tuesday evening in the cool breezes of the football field. A scene repeated 220 times is shown above as Principal Fred Holdsworth and Superintendent Raymond Spear congratulate Jamie Carter. After graduation the seniors shed their gowns and enjoyed an all-night dancing-swimming-breakfast party at the high school, sponsored by senior parents. Below Rick Sechler and Sandy Richmond dance to the music of Casey Jones. That's barefoot Jack Murtha in shorts below.

Northville Hires Five Teachers

School board trustees awarded contracts to five teachers Monday night for the 1971-72 school year.

At the elementary level, Janice A. Stehney, currently an intern in the district, will teach third grade at Amerman. She is a June graduate of Michigan State with a BA in elementary education.

Three contracts were awarded to junior high teachers, with Ronald E. Bird hired as humanities teacher at the Annex. Bird, a 1964 graduate of Central Michigan with a BS in social science, received his MS from Eastern Michigan in 1968. He has five years experience. David J. Peovovar and Janice J. Jackson will teach math at the junior high. Both

are June graduates of Michigan State with a degree in math.

Glass Drive Plans Set

The Citizens for Environmental Action are sponsoring a glass and can drive on Saturday, June 26, in the Board of Education parking lot, 303 West Main Street.

The collection will be held from 9 a.m. to 3 p.m.

Glass containers should be clean and cans should be flattened. All paper should be removed from both the glass and cans, spokesman Don Oswald said.

For further information, contact Oswald at 349-4456.

I Wish To Express My Appreciation

somebody is talking through his hat Northville is just getting to be a place that is trying to keep up with everyone else. If someone else can do it, it can be done here. No, sir, I would not move to Northville if I knew ahead of time that it was a city with year-around-school. Definitely not!

Someone is being looked out for and it is not the children and their welfare or the parents or the taxpayers. That was put in because it makes it sound good.

Let me out I vote it down. Thank you, Mr. Kleckner, for a very thoughtful and instructive letter.

Sincerely,
Grace S. Miller

Kids Get Job Help

A student summer employment office is being set up this week on the stage of the Northville Board of Education office, 303 West Main Street, with area residents and merchants requested to call for all types of work.

The office is being established by the Northville Community Drug Action Committee. Jack Wickens, Northville High School counselor and a member of the DART team, explained that the program is being instituted to help keep young people productively employed throughout the summer.

He and the newly organized community committee hope that temporary jobs, such as baby sitting, digging or cleaning, as well as regular ones will be available to students registering with the service. Anyone with a job to be filled may call the board of education office, 349-3400, extension 39. Hours the office will be open are 9 a.m. to noon, Monday, Wednesday and Friday; and noon to 3 p.m., Tuesday and Thursday.

* Suggested retail price East Coast P.O.E. \$2,999. Local taxes and other dealer delivery charges. If any, additional.

Volkswagen announces a new kind of Volkswagen. Big.

Who'd ever believe it?
A Volkswagen that's big.
And looks like a regular car.
And has four big doors.
And more room and comfort than you've ever seen in a Volkswagen.
And more power and acceleration than you've ever had in a Volkswagen.

(From the biggest engine we've built.)
And more features as standard equipment than you'd ever expect in a big car:
Like an automatic transmission. Radial tires. Front disc brakes. Electronic fuel injection. Rear-window defroster.
And more.

Yes, after all these years, you can buy a big car as good as our little car.
The new 411 Volkswagen 4-Door sedan.
For only \$2,999*
You know what?
You just ran out of excuses for not buying a Volkswagen.

Parking Deck Opens

Continued from Page One

Russell Amerman, Robert Freydl and Jack Hoffman.

Architect Fred Brauning and John Northup, builder representing the W. E. Schulz Company, will also be on hand for the introduction.

In recognition of the facility providing convenient off street parking for their customers many Northville retailers are participating in a special day-long promotion Friday.

First-day parkers will be handed gift certificates as they park and one of them will be the lucky winner of a portable television set to be awarded at 8 p.m. Friday. (See complete details in advertisement, pages 8-A and 9-A.)

Parking in the new Cady street deck will be free, but two-hour limits will be enforced.

Northville's parking program first got off the ground some six years ago under the formulative plans of the Northville Parking

Authority. This authority was initially headed up by Jack Stubenvoll and later by Del Black.

Hearing Set

Continued from Page One

total of 153 acres to all multiple, to permit construction of 398 townhouses and 492 quadruplex (four unit) dwellings.

The proposed construction would include 20 acres of open space and a 17-acre buffer zone of office buildings between residential and commercial areas.

"The move toward multiple units has been brought on primarily by the inflationary cost of single family homes," Robert Fox, a spokesman for Thompson-Brown, told the planning commission. He added that there have been 218 multiple living units compared to 80 single units built in Northville this year.

His remarks were countered by Bernard Baldwin, trustee-planning commission member who stated, "In my own feeling this is a serious mistake because I don't believe the single family mode of living will go down the drain in Northville Township in four years."

Complex Nearing

Continued from Page One

of the site. Actually, the land is being sold to McManus at less than its original cost to the Northville Area Economic Development Corporation and

the city. But the McManus development satisfies the objectives as outlined by the city and Economic Development committee when they set out to acquire the land and promote its

development. Tax income from the development to both the city and school district will quickly make-up for this loss. And proponents of the plan, undertaken several years ago, further point out that the complex will solidify and improve the well-being of the total central business district.

Only buildings left on the block after it is cleared for the Northville Square development will be the bowling alley and adjoining beauty parlor, the hotel-restaurant and Paul Folino's State Farm Insurance Building.

Decked parking is not planned for the Northville Square project. Instead the city manager noted that cost of providing the offstreet parking could be reduced by acquiring up to 10 residential properties south of Cady (between Wing and Center) and additional property north of Main Street. The city already owns a large portion of the land north of Main Street, including the Dr. Dale Kiser offices on Dunlap, developed parking lots existing in the area, and the old Radburn building just east of Wing street.

The manager said that the city would seek to acquire the Pure Oil station at Main and Wing, the Heritage House antiques next door and the Methodist manse. He admitted that it might not be financially feasible to acquire all these properties, however.

U-M Names Local Youth

William John Harrison has been named to the Dean's List at the University of Michigan for maintaining a 3.8 grade average on a four point scale. He is a junior in the School of Engineering, majoring in meteorology.

To qualify for the Dean's List a student must have at least a 3.5 grade average. Harrison pulled four A's and a B. He is the son of Mr. and Mrs. Roger Harrison of 851 Carpenter.

NEW IN TOWN—Workmen put the finishing touches on the sign announcing Northville's newest realty firm, Earl Keim, 330 North Center Street, as sales personnel (from left) Gary Leonard, Mrs. Betty France, Mrs. Ethel Wallis, Mrs. Audrey Nieber and realtor Len Ryder look on. Not pictured is salesman Samuel Stephens.

Keim Opens Realty Branch

The Earl Keim Realty, Northville branch, set up shop last week at 330 North Center Street. Actively involved in the Plymouth, Northville, Novi area market for "several years" out of their Plymouth office, the Keim company has employed five local sales personnel to handle its new Northville office.

"We want to grow with the area," explained Len Ryder, manager of the local branch. "Northville may be a small town, but it has a big future and we want to be part of it."

The Northville office is Keim's seventh expansion since the company's Dearborn start in 1952.

Most Oppose 'Year-Round'

Continued from Page One

been absent at the grievance hearing held last month. The superintendent was also directed to work out "progressive disciplinary steps" for suspensions in the future.

In other action Monday night, trustees —approved the resignations of Mrs. Pamela Peat, high school science teacher, whose husband has been transferred; Mrs. Judith Lucas, first grade teacher at

Main Street, who wishes to return to home duties; and Mrs. Uta Filkin, high school German teacher, who is expecting a child;

—authorized the superintendent to establish 34 1/2 secretarial-clerical positions for the 1971-72 school year with a budget not to exceed \$144,480, a seven per cent increase over last year; —authorized the superintendent to establish 39 maintenance, custodial and engineering positions and 21 transportation positions, with actual budget allocation still under negotiation;

—awarded two-year contracts to Miss Florence Panattoni, director of instruction; Busard, and Robert Benson, director of personnel; with no salary schedule announced; —granted Superintendent Spear a salary of \$26,750 for the 1971-72 school year, continuing a three-year contract awarded to him last year;

—approved a contract with Montessori Learning Center for the use of Moraine Elementary during the summer;

—approved textbooks, for five classes for the 1971-72 school year as recommended by Miss Panattoni;

—awarded bids to Ira Wilson and Sons Dairy in the amount of 5.90 cents for half-pint white milk and 6.40 cents for half-pint chocolate milk with straws and coolers provided at no extra cost; Atlantic Richfield Company for gasoline at 14.96 cents per gallon; and Citizens Mutual (Northville Insurance Agency) for fleet insurance in the amount of \$3,751 for July 1, 1971, through June 30, 1972; and

—voted to cancel the June 28 meeting of the board.

Wixom Newsbeat

Two Exciting Trips

By NANCY DINGELDEY

Two Wixom couples returned this week from exciting trips abroad. Wilhelmina and Ray Lahti after a fast-paced 21 day bus tour of eight countries while Marcie and Hank Kveton landed back on Hopkins Drive after an eight day tour of Spain and Monaco.

Hank is one of those fortunate people who was involved in a nationwide sales contest as a manufacturers rep for Remington-Rand. He won the "I don't believe it" trip to Madrid and Monte Carlo.

Marcie "digested" everything she saw and heard — the people, the sights and the sounds. She said the people of Spain were very beautiful and extremely gracious. She commented that it struck them that they saw no fat people and perhaps it was the manner in which they lived. Breakfast and lunch were held at normal hours and then during "siesta" everything completely shut down from 1 to 4 p.m. "You couldn't even buy a toothpick". Dinner wasn't until 10 at night. In between there was no snacking and wine was about the only fluid that was taken.

Fashions in both countries were right out of the 1930's and Marcie is convinced that idea will really "hit" here by next year. Maxi's with huge belts, long-sleeved blouses, heavy jewelry and very clunky shoes were all she saw and even in summer. The colors were mainly brown and grey. Hair was worn long and neat or pulled back at the neck, mainly in buns. Shorts and bermudas were not to be seen anywhere.

Madrid was like a city draped in clothes with happy, outgoing people on the streets. Each building, be it a house or office had its own balcony with the palm fronds from Easter draped above them and the clothes above that. And as the song says "The Rain in Spain" — most peculiar says Marcie. The sun shines most of the time it rains and that is intermittent throughout the day. Most people don't even bother with

umbrellas. The showers last from one minute to no longer than a half hour, she reports.

The bull fights and the University of Madrid were also toured besides a trip to the "Valley of the Fallen". After the Spanish Civil War, prisoners carved a church inside a granite mountain as a monument to the hoardes of people who perished in the battle. The dead are buried in the church. The church itself is a thing of beauty with statues 60 feet tall, painted ceilings and gold and brass. Outside, an elevator can take you to the top of a huge Cross.

Their four days in Monte Carlo were fascinating. It was the ultimate in luxury, the scenery breathtakingly gorgeous and picture post card perfect. Marcie said the country was immaculate — the shop owners scrub the marble steps to their businesses each morning and even the dead leaves are plucked from the trees. While there, they stayed in the Hotel de Paris located right across the street from Princess Grace and her palace. Even a cab ride is an experience — all the cabs are Mercedes Benz cars. The gambling casino was gorgeous and the setting fantastic. Gambling there is quite different from Las Vegas — at times the silence of voices was eerie even though there was the constant rattle from the roulette tables or slot machines.

The buildings and works of art are indescribable, according to Marcie — and to sum it all up in a few words, "I'd wish the trip on anyone". Wilhelmina and Ray really did the Continent. Germany, Austria, Italy, Switzerland, France, Belgium, Holland and England were among the countries they toured by bus. They both felt it was the "way to go" to see everything during a limited amount of time.

A two-hour boat ride up the Rhine River in Germany with its many castles was a beautiful trip and then a visit to Rotterdam. It is the best preserved medieval city in the whole of Europe. Austria was a beautiful country, very green and looking just as it

does in pictures.

While in Italy they took a gondola ride in Venice although they commented that it was not one of their favorite cities, viewed the Roman baths and ruins of the coliseum and St. Peter's in Rome and then spent a day with old friends, the Hugo Rollands, former residents of Lake Sherwood now residing in Florence. After a day of touring the City with them they had dinner together in a lovely restaurant on a mountaintop overlooking the city.

From Italy, they journeyed on to Lucerne and its quaint shops and then on to Paris. The Louvre, Eiffel Tower and all things that mean Paris to travelers were visited plus a trip on the "Metro" — the subway. And too, the Folies Bergere and the Lido — Wilhelmina said the costumes worn by the girls at the Folies were exceedingly spectacular and each surpassed the other with the added comment, "At least we can say we've been there!" Packed up the bags and on to Brussels and then to Holland. While there, Ray and Wilhelmina joined two other couples at an Indonesian meal. Twenty-two different dishes were served throughout the meal. "We didn't know exactly what we were eating but it was all edible and very tasty."

A stop was made at Alsemeer, Holland and a very interesting and colorful event. Each day, the local hot house flower growers bring their best blooms to one mammoth building. The growers put them on carts and then quotes the highest price he would like for the flowers. From there, the carts are brought into one of five "arenas" where the buyers are all seated for the auction. On the wall is a huge clock and the growers price is set. From that point, the clock goes backwards or down until a buyer pushes his button to stop the "clock". There is but one bid made. Over 500 bids are processed in this manner each hour — the flowers are immediately shipped from that building to wholesalers and retailers all over Europe.

Their last stop was in London where they were detained for one extra day before boarding their flight back to the States

HOLE-IN-ONE — No one fired an ace in the Civitan Club's hole-in-one contest this past week but not because they didn't try. Approximately 500 persons shot at the 120-yard hole at Brookland, with six sharing the prizes. They are: Virgil Clark (2'11"), first; Marlin Pemberton (2'9"), second; Joe Ladd (2'9 1/4"), third; and tied for fourth, Pat Birney and Dennis Perry (3'2"). Jean Ambler turned in the best show for women (11'11") to win a trophy. Drawing for the entry prize had not yet been made Wednesday morning.

Northville Lumber Stretches Win Streak

Northville Lumber stretched its undefeated streak this week as Northville's slo-pitch softball action swung into the second half of the schedule.

Eight contests were decided between Monday and Thursday of last week. Briefly, here's what happened:

THURSDAY, JUNE 10
Northville Lumber defeated Northville Drug-Casterline, 16-9, as center-fielder Jerry Wedge went four-for-four, including a pair of home runs.

WEDNESDAY, JUNE 9
The South Lyon Jaycees

shut-out Exotic Rubber and Plastics, 13-0, as hurler Dave Grimes gave up only four hits.

Celler-dweller Newcomer's Club upset Novi Inn in a 6-0 shut-out.

Plymouth State Home defeated Ford Valve Plant, 10-2, on the strength of a pair of triples by shortstop Ray Courter.

TUESDAY, JUNE 8
Northville Downs got off to a good start in its 17-2 win over St. Clair Advertising as second baseman Jim Zayti exploded with a grand slam homer in the first inning.

MONDAY, JUNE 7
Winners Circle had a batting field day at the expense of V.F.W. 4012 as it launched an 11-run barrage in the first inning win a 16-0 shut out.

Our Lady of Victory bested the Northville Jaycees, 16-4. Green Ridge-Palace-Gambles upset Ford Valve Plant, 20-17, with the help of a nine-run first inning.

Big gun for Green Ridge was third baseman Jim LaPlante who collected a triple, two doubles and a single in five trips to the plate.

Lawson, Copper Mug Oldtimers Win Two

Walled Lake Industrial Softball action this past week saw 14 contests as Copper Mug and Lawson's Manufacturing picked up two victories each in the east while the Walled Lake Oldtimers won a pair in the western division.

Action through Thursday looked like this:

THURSDAY, JUNE 10

Williams Research defeated Carpentry Engineering, 10-9, as an eighth inning homer off the bat of Marty Wallinger produced the tie and winning run.

Williams' Ken Armstrong belted two homers to account for five of the Research runs. Brandenburg Construction overturned Wixom General

Store, 16-4 with the help of a two-run homer by Buddy Williams.

WEDNESDAY, JUNE 9
Michigan Building Components trampled Bryant Computer, 18-7, as John Lundquist knocked down four-for-five including a two-run triple for Components.

Two western battles saw Walled Lake Oldtimers take G. M. Carpet, 8-5, and Lawson's Manufacturing over Rex Roto.

In the east Copper Mug defeated Liberty Tool 8-2.

TUESDAY, JUNE 8
Liberty Tool went from a fourth-inning tie (5-5) to a 9-7 victory over Michigan Building Components. Four runs crossed the plate in the top of the ninth with the help of Toole Ben Lillie who blasted a triple with the bases loaded.

Copper Mug defeated Carpentry Engineering in a 9-7 squeaker that saw Copper Mug's George Drewino and Danny Voros passport seven runs with grand slam and three-run homers.

Walled Lake Building Maintenance upset Lake Optical, 15-10, as both Larry Friar and Paul Snapp collected four hits in five trips on behalf of Walled Lake.

Lawson's Manufacturing worked a 10-8 upset over Wixom General Store.

MONDAY, JUNE 7
Brandenburg Construction defeated Bryant Computer Products, 11-3, as Dan Dahliman and Bob Shupback cashed in on three-run homer efforts.

Walled Lake Oldtimers bested Lake Optical, 15-9, as Dave and Dan Burt each blasted a two-run homer.

Rex Roto upset Williams Research, 9-8, in the seventh inning for Roto's third victory of the season.

G. M. Carpet destroyed Walled Lake Building Maintenance, 13-6.

Walled Lake Oldtimers bested Lake Optical, 15-9, as Dave and Dan Burt each blasted a two-run homer.

Rex Roto upset Williams Research, 9-8, in the seventh inning for Roto's third victory of the season.

22 Strike Outs In Two Games

Mario Sinicola and Albers Shubnell won the only two contests played in Babe Ruth action of the senior division of Novi's Little League last week as rain drenched a third effort.

Sinicola whipped Snow's Service, 6-2, Thursday with the help of seven strike-outs by Hurler Dave Brown.

Ron Buck hit a Sinicola triple to combine with Brown's double for the only two extra-base hits in the fifth Sinicola effort.

John Henson took the loss as the Snow nine collected two

runs from four singles.

Albers enjoyed a batting field day against R & L Tru Wall last week Wednesday in a 16-0 shutout worked by Tim Assemany.

Asemany struck out 15, gave up two hits and a walk, and aided the Albers collected with a triple Albers collected 13 hits off Tru Wall pitcher Mike Summer. A double by Kevin Tobel was the only other extra base hit for Albers.

The victory made up for an earlier rain-out last week Monday with Mario Sinicola.

Lutheran West Wins Regional

Detroit Lutheran West blanked Chelsea into a 7-0 shutout Saturday to cop the title in Northville's hosting of the Michigan High School Athletic Association's district regional tournament.

John Poloni, a junior south-paw, allowed the Chelsea Bulldogs one single and one walk while fanning 15 men for his fifth straight shut-out.

Both Chelsea runners died on base as Poloni was able to pick them off from the mound. In the first inning, two errors, a walk and a single from Dane Agee brought in two runs for Lutheran.

Things slowed down until the sixth when Agee blasted a solo homer for his second hit in three trips.

Dan Westfall filled out the victory tally in the seventh as he blasted a grand-slam to ice the victory.

The victory was Poloni's

Jamaican, Thomas Lead

Ten games last week saw Jamaican Pools and Thomas Steel Forms leading the 'A' and 'B' divisions of the Novi Little League minors.

Jamaican was 9-1, followed by Frendt Transit 7-3, Poured Brickwalls 4-5, Marcus Glass 3-7, and Lynch Precision 1-9. In the 'B' division, Thomas was flanked in the week's standings by Herb's Standard 6-3, J.S. Trudeau 5-5, Harrison Well Drilling 3-6, and Pepper Tree Restaurant 2-7.

Walled Lake Oldtimers bested Lake Optical, 15-9, as Dave and Dan Burt each blasted a two-run homer.

Rex Roto upset Williams Research, 9-8, in the seventh inning for Roto's third victory of the season.

Reef Wins Opener

Southpaw Import Fans 13

A 9-1 victory over North Farmington Sunday kicked off the Adray season for Northville's Reef Manufacturing as the local squad traveled to Livonia's Henry Ford Field.

A southpaw import from Milford, John Morrison, worked the mound for Reef, fanning 13 men and allowing three sixth inning singles.

Two brothers, Dan and Dick Boehm, also foreign additions to the local team, proved useful Sunday as Dan blasted a sixth-inning homer, pushing in two runs ahead of him, and Dick collected two hits in three trips to the plate.

Morrison's battery partner, Jim Bearss, a veteran of Central Michigan University's diamond squad, and another addition of Reef Coach Art Adams to his squad, hails from Yale, Michigan.

According to rules of the Livonia league, Adams explained, a coach may draft four players from outside his school district provided there are no Adray leagues in their areas.

Farmington robbed Morrison of a shut-out no-hitter in the sixth when it turned three straight singles into a lone run.

Northville picked up its first run in the second as Dave Coe and Dale Griffith, both on with singles, scored on an error and a single by Morrison.

In the fifth, Steve Utley's shot bounced off the third baseman's glove while Dan Boehm and Jim Bearss galloped home from second and third.

The local squad exploded in the sixth when Rick LaRue drove in Dick Boehm from second and brother Dan punched that three-run homer scoring both LaRue and Rich Adams.

Morrison capped local scoring in the seventh as he singled, went to second on an error, and galloped home on a single by Adams.

Reef was slated to meet Hubert Realty at the Northville High Schoolfield tomorrow at 6 p.m. and Garden City Sunday at 1:30 at Livonia's Henry Ford Field.

Rexall Still on Top

B-V Notches Third Victory

Novi's Rexall Rangers clung to first place in the Novi Little League majors last week with back-to-back victories while B-V Construction notched its third win in a row to oust Novi Party Store from second place.

Nine games made up, the week's action including the conclusion of an earlier tie between B-V and Carl's X-Way Shell.

The week went like this:

SATURDAY, JUNE 12
The tie was broken by B-V Construction as hurlers Steve Kerr and Kevin Ary combined to allow seven hits to Carl's Shell for an 8-7 victory B-V's third of the week.

The contest, originally played June 1, was tied in the bottom of the sixth inning and played out Saturday.

Jeff Laverty hit a double for the lone extra-base blow in the B-V's nine hit attack.

Marty Tormow took the loss for Carl's while Tim Putnam hit a double for the losers.

FRIDAY, JUNE 11
Carl's topped General Filters 4-3 as the Shell squad collected five hits off rival hurler Mark Frere.

Bob Bannatz worked the mound for Carl's fanning nine men and allowing four hits. Shell power from the bat of Gary Anthony accounted for a triple, and a run-scoring single in the sixth. Eddie Olah also singled in a run in the sixth to account for the typing and winning runs.

B-V notched number two

against Michigan Tractor, 15-7, on mere nine hits as Steve Kerr and Wes Sensoli blasted doubles and hurler John Bosco fanned 11 men.

Mark Langkill hit a pair of doubles for the Tractormen while Lloyd Price and hurler Randy Selep each doubled. Selep fanned nine in a losing cause.

THURSDAY, JUNE 10
Rexall Rangers upset Wroten Brothers by a narrow 9-8 margin with the help of doubles punched by Craig Pelchat, Jeff Bunker and hurler Dave Beall.

Beall struck out eight while the Wroten squad nipped him for four singles.

Randy Wroten took the loss as he gave up 10 hits to the rampaging Rangers.

Novi Police topped Novi Party Store 12-10 as hurler Lee Briggs fanned 10.

Tim Hardecki tripled for the Police while Briggs collected two doubles and Bob Kelly and Bill Miller each one.

Tim Alexander worked the mound for the Party Store and gave up 12 hits to the Policemen.

Party Store power came from Bill Bailey with three doubles Mark Gross with a pair and Jon Buck, who carded one.

TUESDAY, JUNE 8
B-V Construction started its three-game winning streak at the expense of General Filters, 5-2, on six hits, including a pair of doubles by Steve Kerr.

Kevin Ary gave three

Summer Racing

Downs Opener Nears

Northville Downs will open its summer harness racing meet Thursday, June 24, with every prospect of a highly successful 35-night campaign through August 3.

With an assist by Northville's new glassed-in facilities and new modern clubhouse, the summer meeting a year ago was the

best in the 28 year history of the track.

The winter meeting, February 3 through March 25 of this year, was beset with extremely bad weather yet ended up much better than expected.

John J. Carlo, executive manager, believes the

momentum will hold through the summer and that Northville's best meeting ever is just ahead. Also, Northville will be without night racing competition.

Post time has been set back to 8:30 p.m. Continued will be Big Q, perfecta, and daily double wagering.

two off the bat of Tom Goers, and one by Marty Tormow.

MONDAY, JUNE 7
Rexall Rangers bested the Novi Police, 10-1, with the help of hurler Dennis Tuck who fanned eight while giving up two hits.

Tom Vaughn collected a double for the Police.

Dennis Burham managed the only extra-bagger in the Ranger seven-hit tally, a double in the third inning.

Wroten Brothers upset Novi Party Store 5-2 as John Pisha, blasted the squad's only extra-base effort, a double.

Bruce Attima worked the mound against hurler Brad McQuiston and the Party Store giving up seven hits.

McQuiston carded a triple as part of that tally while Bill Bailey, Mark Gross, and Paul LaVoie each hit doubles.

As of early this week, major standings looked like this:

Wixom Announces Summer Recreation

Activities for Wixom boys and girls, beginning July 1 were announced this week by Recreation Director Tom Ridley.

These include:

Crafts and Activities

July 1 to August 14, for ages 6-13, grades one to six, at Wixom Elementary School. Crafts are planned from 9 a.m. to noon, and other activities from 1 to 3 p.m.

Activities, explained Ridley will include such things as basketball, floor hockey, speedball, kickball, quiet games, such as checkers and chess, marbles, field trips, story periods, etc.

Materials for crafts will be sold at cost, he said. No fees for participation will be charged.

Golf Instruction

July 1 to July 30, Tuesday and Thursday, at Hickory Hills Golf Club. Times are 9 to 10 a.m. for fifth and sixth graders; 10 to 11 a.m. for seventh and eighth graders; and from 11 a.m. to noon for ninth to 12th graders.

No fees are to be charged but participants are asked to bring their own golf club or golf clubs if possible.

Tennis Instruction

July 1 to July 30, Monday and Wednesday, at the city hall tennis courts. Times are 9 to 10 a.m. for fifth and sixth

graders; 10 to 11 a.m. for seventh and eighth graders, and 11 to noon for ninth through 12th graders.

No fees will be charged, but

participants must supply their own tennis racquets. Anyone with questions about the summer recreation program in Wixom may reach Ridley at 624-4355.

Track Event Set

Northville Jaycees will hold a Junior Champ Track Meet Saturday, June 26, at 10 a.m.

2 Athletes Recognized

Special recognition was given to two young athletes June 9 at the Parent-Teacher League awards night of St. Paul's Lutheran School. The two boys placed in the finals of the Lutheran track meet at Lutheran High West in Detroit on May 14.

Bill Shaughnessy placed second in the high jump with a jump of four feet and seven inches, and Jim Lane was fourth with a jump of four feet five inches. Teacher Wayne Loutjer presented the boys with their ribbons.

on the Northville High School track.

Boys and girls between the ages of eight and 18 are invited to participate in the track and field events. The meet is open to youngsters in the Northville, Novi, Brighton and South Lyon areas.

First, second and third place medals will be awarded in each of the 55 events. Winners in the 15-16 year-old division and the 17-18 year-old division will be invited to participate in the State Junior Champ Track Meet on Saturday, July 17 in Grand Rapids.

Participants are urged to be at the Northville track by 9:45 a.m. There is no registration fee.

Spartan Bombs

Ecco Tool, 24-7

Standings remained intact last week in Novi's Pony League division as little leaguers played four games.

Spartan Concrete whipped Ecco Tool, 24-7, Friday to make up for an earlier loss to first-place Firm Built Construction, 15-6, on Wednesday.

Firm Built also scored a 10-

9 win over Pink Builders earlier.

Ecco Tool handed Pink its first defeat last week Monday, 12-11.

At the close of the week, Firm Built led the league with an 8-0 record, while Spartan, (4-4), Pink Builders, (2-6), and Ecco Tool, (2-6), trailed.

Lion Grid Star Kicks off Parade

Northville Jaycees report this week that arrangements are nearing completion for their annual parade-barbecue fireworks display for the Fourth of July holiday period.

This year festivities are scheduled to take place on Saturday, July 3, with a massive parade starting at 10 a.m. Errol Mann, the famed kicker for the Detroit Lions, will "kick off" the parade as the honorary grand marshal. Bill Broadus, who is serving as the Jaycee parade marshal, reports the parade "will be the biggest in the history of Northville and one of the largest in the Detroit metropolitan area."

A complete lineup of the participants will be furnished in The Record prior to the parade date.

Meanwhile, Broadus is requesting that any organization or commercial establishment interested in entering a float to contact him at 349-6042. Owners of any restored automobiles may contact him for participation as well.

"Trophy awards have been double from past years," he notes, to serve as an incentive for the many fine bands, musical groups, marching units, equestrian teams, floats, and restored automobiles already booked for the event.

Boys and girls are welcome to participate in the parade with their decorated bicycles, and ribbons will be awarded for the best entries in this category, he says.

Theme of the parade is "Youth in Action."

Post-parade activities will shift to the park behind the Northville city hall where the Jaycees will host a chicken barbecue. Chairman of this project is Mike Janchick, who states the spread will consist of chicken, baked beans, cole slaw, potato chips, rolls, soft drinks and coffee.

Cost for the barbecue meal is \$1.75 for adults and \$1.25 for children under 12. The Northville Jaycee Auxiliary

ERROL MANN

Here's Gift For Father

Here's an extra surprise area families can give dad for Father's Day—have his car washed.

That's the advice from Northville Jaycees who will hold a car wash Saturday and Sunday, from 8 a.m. to 4 p.m., at the Robot Car Wash on Novi Road (next to the Peppertree Restaurant).

All proceeds will go toward the gala Fourth of July celebration and parade planned by Jaycees

McLaughlin to Take Deacon's Vows Friday

A Northville man is one of 13 men in the Archdiocese of Detroit who will be ordained to the permanent diaconate tomorrow, Friday, at the Cathedral of the Blessed Sacrament in Detroit.

A. Frederick McLaughlin of 42580 Eight Mile Road will be ordained by John Cardinal Dearden. The deacons will be the first class to be ordained since the Fourth Century.

McLaughlin will serve as deacon in Our Lady of Victory Catholic Church in Northville.

The permanent diaconate began in the early church with the seven deacons chosen by the Apostles. They flourished in the first three centuries but later the diaconate lost its separate identity and became simply a step to the priesthood.

Within the Sacrament of Holy Orders there are three ministries, that of bishop, priest and deacon. With ordination, the deacon receives the Sacrament of Holy Orders and, like the priest, is subject to the bishop of his diocese for his faculties and appointment to a particular place or duty in the church.

Vatican II saw the need to restore the diaconates as a permanent ministry and as with priests, men ordained as deacons will remain deacons.

In conjunction with the bishop and priests and in the name of the church, a deacon performs a symbolic action—a sacrament, a sacramental or a blessing.

He distributes communion, he baptizes, he preaches, he witnesses marriages and he carries the last sacrament to the dying. The deacon does not and cannot do this on his own but only as a man delegated by the church.

Those eligible to become deacons must be 35 or older and may be married or single.

To prepare for the diaconate, men must go through a three-year training program, two years before ordination and one year after.

Candidates make a group retreat every six months, have an evening of recollection and a gospel fraternity meeting monthly.

Academic preparation includes classes in the Old and New Testament, moral theology, doctrinal courses on God, church, sacraments, parish sociology, homeletics and liturgy.

In the Diocese of Detroit the 13 men will serve as part time deacons who will maintain their regular occupation for support and work for the church in an unsalaried capacity.

A reception honoring McLaughlin will be held in the OLV Social Hall Sunday, June 20, following the 12:15 p.m. Mass.

McLaughlin is employed as group manager with The Great-West Life Assurance Company in Detroit.

He and his wife have 13 children: Frederick, 19; Allison, 18; Katherine, 17; Christopher, 16; Joan, 15; Ellen, 14; Matthew, 13; Ruth, 12; Peter and Andrew, 11; Fredica, 10; Mary, 8; and Sarah, 3.

A. FREDERICK McLAUGHLIN

Rotary Taps Ken Rathert

Kenneth Rathert will be installed as president of the Northville Rotary Club at the ladies night dinner program at 7 p.m. this Friday at Meadowbrook Country Club. He succeeds Arliss Laux.

Other officers to be installed are Robert Webber, first vice-president; Donald Van Ingen, second vice-president; Dr. Robert Geake, secretary; Nelson C. Schrader III, treasurer; and T. John Tishuck, sergeant-at-arms.

Aaron Gellerman is in charge of program arrangements for the evening.

Three Scouts Get 'Eagle' Honors Here

EAGLES — Timothy Taggart, 15, (top), James Harding, 14, (middle), and Kurt Andersen, 13, (bottom) were the first scouts to be made Eagles by Northville Scout Troop 755 in "More than four years," according to troop official Warren Stoddard. The three were honored, along with 17 other boys who received tenderfoot, first class, second class and star titles, at a court of honor held in the First Presbyterian Church Monday.

Eagle Scout honors went to three Northville youths Monday as Scout Troop 755 of the First Presbyterian Church Men's Club held a court of honor in the church.

James Harding, Kurt Andersen and Timothy Taggart were the first Eagle Scouts to be honored by Troop 755 "in at least four years," according to Warren Stoddard, institutional representative for the group.

Besides completing 21 merit badges and serving the troop as a leader, each boy must complete a project, without pay, that has some general benefit to the community to earn the Eagle honor.

According to Stoddard, Harding reorganized the magazine room of the Northville Public Library. Andersen catalogued the film library at Cooke Junior High School, and Taggart formulated, circulated and catalogued the results of an ecology questionnaire in his local area.

Also at the ceremony, which included honors given to 17 other local youths, a 20-year charter was presented to Troop 755 from the Detroit Area Council of Boy Scouts of America by Dave Beauvais, assistant district executive of that body.

Del Black Buys Store

Willoughby Shoes in Plymouth has been purchased by and is now under the management of Mr. and Mrs. Del Black of Northville, owners of Del's Shoes.

The store, which has been in business in Plymouth since 1926, was acquired from Mr. and Mrs. Robert Willoughby.

Located at 322 South Main Street, Willoughby's becomes the third shoe store owned by Del and Ila Black. Their Northville store is located at 153 East Main and was opened in July of 1963. Three years ago Del's Shoes opened a new store in the Highland Plaza shopping center in East Highland.

In August the fourth Del's Shoes will open in the new Brighton Mall shopping center at I-96 and Shopping River.

Ron Crabtree will remain at Willoughby's and will be assisted in a managerial capacity by Mrs. Black. Frank Doyle will also remain on the Willoughby sales staff, while Randy Bowyer will move from the Northville to Plymouth store.

Black announced that the Freeman, Manly and Stride-Rite for children lines would be added to Willoughby's, as well as B.F. Goodrich and Stride-Rite tennis shoes. Currently, Willoughby's carries the following shoe lines, which will be retained: Red Wing, Jarman, Wright Arch-Presever for men, Red Cross, Dr. Locke, Miller, Drew, Selby, Socialites and Jumping Jack.

Out of the Past

Continued from Page 11-A

millage to help the schools in their struggle to meet increased costs

Seniors Meet

Northville's Senior Citizen's Club will meet at 6 p.m. on Tuesday, June 22 in the Presbyterian Church Hall for a cooperative dinner and social hour.

This will be the last regular business meeting for the summer. The next meeting will be a cooperative dinner on July 27 at 6 p.m.

OBITUARIES

MRS. EMMA MARY STEPHANS
Mrs. Emma Mary Stephens of 115 Church Street died Thursday, June 10, at the age of 89 in the Whitehall Convalescent Home following an illness of one year.

Mrs. Stephens was born on September 20, 1881, in Detroit. She came to Northville in 1957 and was preceded in death by her husband.

Survivors include two sisters, Mrs. Laura Comer of Northville and Mrs. Louise Harnden of South Lyon; a daughter, Mrs. Robert (Evelyn) Bird of Bradenton, Florida; a grandchild, six great grandchildren and two great-great grandchildren.

Funeral services were held Saturday, June 12 at 1 p.m. in the Casteline Funeral Home. Officiating was the

Reverend Lloyd Brasore of the First Presbyterian Church. Burial was in the Grand Lawn Cemetery of Detroit.

WILLAS RAY GLASSCOCK
Funeral services were held Monday for Willas Ray Glasscock, 66, of New Hudson at the Ross B. Northrop and Son Funeral Home on Grand River. Interment was in Glen Eden Cemetery.

The Reverend Elsie Johns of Clarenceville Methodist Church officiated.

Mr. Glasscock died suddenly in Ridgeway, Illinois, June 11. He was born February 20, 1905, in Michigan.

He leaves his wife, Nellie Jo; two sons, Ray D. of South Lyon and Bob G. of Novi; one brother, three sisters and four grandchildren.

Tornado Alert—What Does It Mean?

B-1 ● GARDEN PAGE 2-B
● CHURCHES 4-B
● WANT ADS 5-11-B

The Northville Record THE NOVI RECORD
The Brighton Argus THE SOUTH LYON HERALD

Wed.-Thurs., June 16-17, 1971

SEVERE LIGHTNING, HEAVY RAINS, DESTRUCTIVE WINDS, AND LARGE HAIL ARE OFTEN "ADVANCE MEN" FOR THE MOST VIOLENT STORM ON EARTH—THE TORNADO.

Here's Some Safety Tips

When a tornado WARNING alert is given, the weather bureau advises people to seek inside shelter, preferably in a basement, underground excavation, or a steel-framed or reinforced concrete building of substantial construction. By all means stay away from windows.

Here are some general rules of safety to follow:

IN HOMES — The basement usually offers the greatest safety. Seek shelter under a sturdy workbench or heavy table if possible.

In a home with no basement, occupants should take cover under heavy furniture in the center part of the house. Keep some windows open to prevent exploding glass and to reduce wind pressure — but keep away from windows.

IN MOBILE HOMES — These are particularly vulnerable to overturning during strong winds. Mobile home parks should have a community shelter. Appoint a community leader responsible for constant radio or TV monitoring during threatening weather or during WATCH periods.

IN SCHOOLS — Whenever possible, go to an interior hallway on the lowest floor.

Avoid auditoriums and gymnasiums or other structures with wide, free-span roofs. If a building is not of reinforced construction, go quickly to a nearby reinforced building, or to a ravine or open ditch and lie flat.

IN OFFICE BUILDINGS — Stand in an interior hallway on a lower floor, preferably in the basement.

IN FACTORIES — On receiving a tornado WARNING, Post a lookout. Workers should move quickly to the section of the plant offering the greatest protection in accordance with advance plans.

IN OPEN COUNTRY — Move away from the tornado's path at a right angle. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.

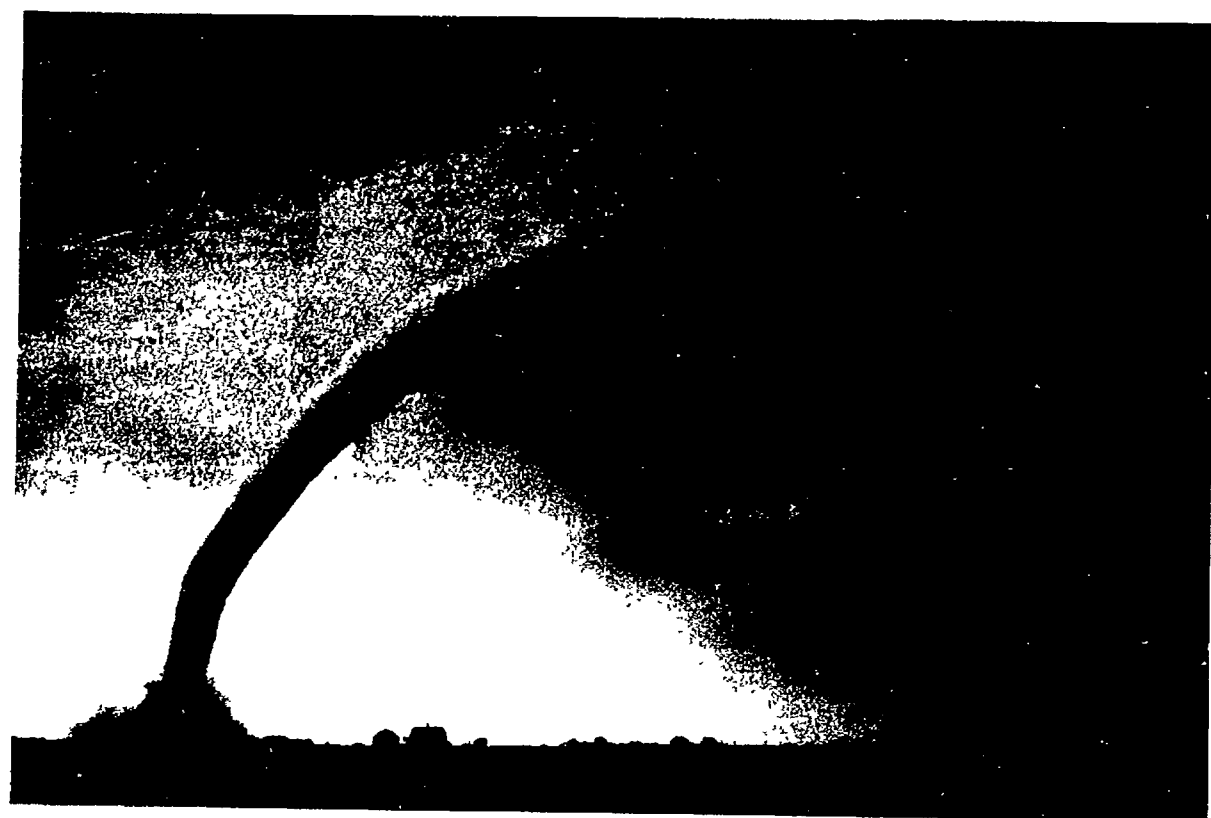

When your television or radio station sends out its warnings, using the two terms "Tornado Watch" and "Tornado Warning", what does it mean?

TORNADO WATCHES are the first message between the National Severe Storms Forecast Center and areas potentially threatened by tornadoes. They specify the area covered by the watch, and establish periods of time during which tornado probabilities are expected to be dangerously high.

The object of the WATCH is to alert everyone in the area and to advise them to be ready to seek shelter if a tornado is sighted.

TORNADO WARNING means that a Tornado has actually been sighted or its presence is suspected from radar echoes. The WARNING message will dictate where the tornado was sighted, the area through which it may move, and the approximate time period involved.

The TORNADO WARNING is the time to seek shelter.

Earth's Most Violent Storm's on the Loose

Of all the winds that sweep this planet's surface, tornadoes are the most violent.

Their time on earth is short, and their destructive paths are rather small — but there are few communities within the circulation area of this newspaper that have not felt the fury of these hideous creatures of nature.

No community in this area is safe and, warn officials of the United States Weather Bureau, the tornado "season" for this area is here.

Tornado frequency usually starts picking up in the Great Lakes region late in May, drifting in from the southern plains states as warm, moist air penetrates the area while cool, dry air is still surging in from the north and northwest.

Although the bureau emphasizes the potential danger during this period, it notes that the mathematical chance that a specific location will be struck by a tornado in any one year is quite small. For example, the probability of a tornado striking a given point in the area most frequently subject to tornadoes is about once in 250 years.

But statistics can be deceiving too. Ask Flint area residents.

Tornadoes are local storms, explain the experts, formed of winds rotating at very high speeds, usually in a counter-clockwise direction. These storms are visible as a vortex, a whirlpool structure of winds rotating about a hollow cavity in which centrifugal forces produce a partial vacuum.

Because thunderstorms may extend from near the earth's surface into the stratosphere, they may

literally blot out the sun. "Remember," cautions the weather bureau, "the darker the sky, the greater the vertical extent of the cloud, and the more likely the storm will be severe. Remember also that, given the proper season and geographic location, severe thunderstorms may develop from shallower cloud systems."

It is out of thunderstorms that tornadoes are produced. "Because they are often accompanied by heavy rain, hail, lightning, and the obscuring cloud system of the thunderstorm or squall lines, these violent storms are sometimes difficult to identify. This difficulty is, of course, much greater when tornadoes occur at night."

A tornado at night, or one hidden by low-hanging clouds, heavy rain, or buildings can still be detected, however, because its winds have a distinctive roar which can be heard from several miles away. Some people have described the sound as that of a big jet aircraft, others as the sound of trains.

The roar of a tornado increases as the funnel nears the ground, and it is loudest when the tornado moves

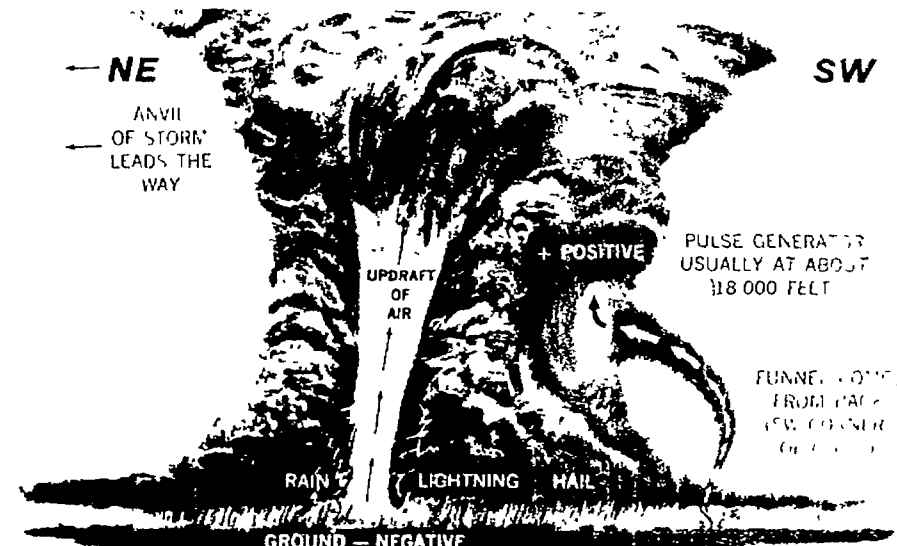

across the surface.

Sometimes a series of two or more tornadoes is associated with a parent thunderstorm. As the thunderstorm moves, tornadoes may form at intervals along its path, travel a few miles, and dissipate.

Some tornadoes drop from a thunderstorm cloud without

developing a visible funnel-shaped cloud of their own. These invisible whirlwinds first become visible when the violently spinning column of air begins picking up debris or dust from the ground. The longer such a tornado touches the ground,

Continued on Page 12-B

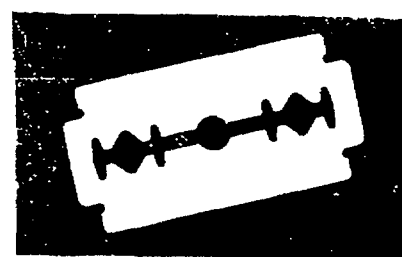

Mature Tornadoes

assume a variety of shapes and thicknesses, some of which are shown here. In general, mature tornadoes are soon cluttered with dust and debris collected in the lower portion of the funnel cloud. The width of the surface cloud of dust and debris is usually much greater than the width of the actual water droplet cloud.

Physically and Mentally

Plants Benefit Man

Beautiful gardens and ornamental plantings provide both physical and mental benefits for man, points out a

Michigan State University horticulturist.

From tulip bloom until the roses are frosted, the Michigan State University Horticulture Garden is the most popular place on the MSU campus for strolling, reading and relaxing, says Dr. John Carew.

"But there are not enough gardens, parks and ornamental plantings for all the people in this country," he says. "Too many people never get the opportunity to enjoy plants. Scientists know our minimum daily requirement (MDR) for vitamins and minerals but no one knows our MDR for plants and natural beauty."

Plants yield many benefits to man, Carew says. He lists:

1) Noise protection. Plants act like acoustical tile and absorb sound. This makes them useful along highways.

2) Dust filters. Plants filter dust and pollution particles from air. A tree's leaf surface may be 10 times greater than the area it shades.

3) Protection from sun.

4) Protection from winds. Tree plantings reduce the effect of wind and help reduce wind erosion.

5) Privacy. Some plants make attractive backyard fences or can be used to hide undesirable sights such as junkyards, dumps or used car lots.

6) Air conditioning. The water that evaporates from plant leaves can cool air as much as 15 to 20 degrees. In a recent test, air temperature above synthetic turf at Michigan State University's Spartan Stadium was 93 degrees but only 85 degrees above nearby natural grass areas. Home owners have found that green concrete or plastic lawns are too hot to enjoy.

7) Better soil. Plants help keep soil porous and absorbent so that it soaks up rain. A 1-inch rainfall on a 30-acre paved parking lot produces over 600,000 gallons of runoff water. Areas of ornamental plants in these parking lots would help to absorb this water and avoid excessive runoff.

8) Therapeutic agents. Living plants provide an effective therapeutic atmosphere for the physically and mentally retarded, for prison inmates and for patients in hospitals.

9) Wildlife habitat. Plants provide both needed cover and food for birds and animals.

10) Food and fiber for man.

Timing Essential
In Pest Control

Control of garden insects is often a question of timing. It may not be how much insecticide you use, but when you apply it, according to William Wallner, entomologist at Michigan State University.

In some cases, you can actually control some pests without pesticides, if you get busy early enough, Wallner believes.

"Get up close to your plants, shrubs and trees. Examine them. Don't just enjoy them from 20 feet away. When you can detect a pest from that far, you really have a problem," he says.

Wallner does not recommend preventive insecticide sprays, except perhaps for roses. Instead he suggests that homeowners inspect plantings often to detect a problem, identify the pest and take quick action when necessary.

Among the more common pests Wallner lists borers and aphids. Borers are difficult to control because they spend most of their lives inside the plant. The best control is to cut off the infected part of the plant and burn it. Rose borers live in the old canes. They bore through 'but ends.' To prevent this, Wallner suggests using shellac, tree paint or other substance to seal the cane after cutting roses. To control the common iris borer, Wallner suggests examining the canes as you divide or transplant them. Cut away any that appear infected and destroy them.

Aphids are common on new growth of many plants. They suck the plant liquids, causing distorted leaves and blooms. Cool, damp weather encourages aphids.

The feeding of the spruce gall aphids causes galls on new growth. This pest can also be controlled to some degree by picking off the galls and destroying them before mid-summer.

Many insects and pests require control by chemical sprays. Wallner says that information regarding the best uses of sprays is available in bulletins from the county Cooperative Extension Service office.

Before using any pesticide, make sure you have properly diagnosed the problem, he advises. Then apply a chemical recommended for the specific purpose, at the correct time of the year, and at the rate suggested on the pesticide label.

"Most pests have a 'weak link' in their life cycle of development. At that specific

time they are easiest to control. Failing to control the pest then may lead to disappointing results," the entomologist concludes.

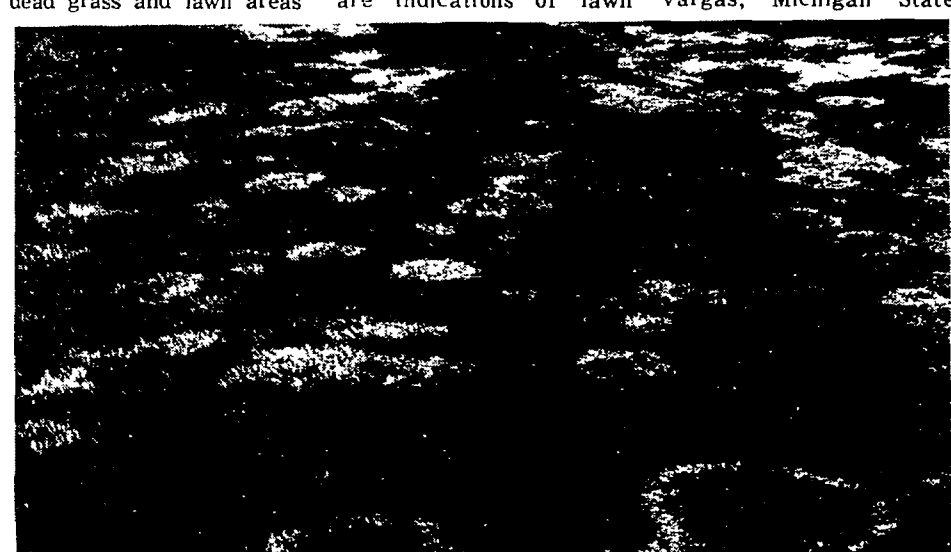

Has Your Lawn Got Rings?

Little purple spots, rings of dead grass and lawn areas

speckled with white powder are indications of lawn

diseases, says Dr. J. M. Vargas, Michigan State

University turfgrass pathologist.

CHARACTERISTIC symptoms of Fusarium blight, a relatively new lawn disease in Michigan, are shown here. Cool, wet weather favors the development of the fungus disease. Susceptible grass varieties include Merion and other Kentucky bluegrasses and bentgrasses.

Little purple spots on grass leaves are the first symptom of Helminthosporium leaf spot — a fungus disease that attacks Kentucky bluegrass and red fescue during cool, moist weather.

According to Vargas, grass infected with leaf spot will begin to thin out in July or August when the disease reaches the crown and root system.

"Circles of dead grass with healthy green grass in the center are a good indication of fusarium blight infection," says Vargas. "This fungus disease can take a heavy toll of shaded bluegrass lawns." The symptoms usually appear during dry periods, because infected plants have stunted root systems that can't stand drought.

Lawn areas that look like they have been sprinkled with

Continued on Page 12-B

TRANSPANTING tulip and hyacinth bulbs will mean better blooms next spring. After they are dug, bulbs are dry enough to store when the outer scales have dried (as shown here.) Store the bulbs in a cool, dry, dark area and replant about September 1, advise MSU horticulturists.

Transplanting Bulbs
Could Aid Growth

Were your tulip and hyacinth flowers disappointingly few and small this year?

If they were, the bulbs probably need transplanting, says R. A. Mecklenburg, Michigan State University horticulturist. Small flowers, few flowers, or both, indicate overcrowding.

When transplanting bulbs, dig them during the summer so they will cure before they're replanted in the fall, recommends Mecklenburg. But make sure the bulbs are ready for digging by un-

covering a few bulbs. If ready, the bulb coat will be light brown. The plant usually reaches this stage after the leaves turn yellow.

Keep dug bulbs out of bright sunlight, suggests Mecklenburg. Spread them to dry in shallow trays in an airy spot under shade.

When the outer scales have dried, move the bulbs to a cool, dry, dimly-lit area such as a cellar or garage for storage. Be sure to remove all soil. Then check bulbs at least once a week and remove those that are rotted or diseased.

About September 1, separate dry clumps of bulbs into smaller pieces. Do not tear apart any bulbs that are not dry, warns the horticulturist.

Recommend
Pinching Now

Avoid long and spindly chrysanthemums this fall by proper pinching now, recommends a Michigan State University floriculturist.

William Carpenter says that pinching mums removes the young, growing tips. This makes the plants branch out. Plants don't get so long and spindly, and they produce more flowers, adds the floriculturist.

Pinching mums isn't difficult, he says. Just remove the top half inch of each shoot. This is usually done by pinching a shoot between the thumb and forefinger, and then removing it.

A few days later, new side branches will start to form, explains Carpenter. When side branches become about six inches long, pinch them.

Continue this procedure until about June 15 for early flowering varieties, July 1 for midseason varieties and July 10 for late flowering varieties. After these dates, flower buds will be starting to form.

So remember, for better mums this year, pinch now.

LOOSE LEAF

By ROLLY PETERSON

Ralph Nader may have been tolerated at the beginning, even widely admired, but time, his persistent clamoring and possibly good corporate PR work have apparently taken their toll. He is now looked upon by many, or so it seems, as some kind of kook with a thing bordering on paranoia about big corporations.

When he says things such as, "It's you scratch my fraud and I'll scratch yours" and "the auto industry abhors capitalism. They want collusion; they prefer conspiracy" people begin wondering whether this man is merely piping a tune to keep his name before the public or whatever personal ambitions he has.

His crusade and his popularity definitely seemed on the wane when Campaign GM, a movement stimulated by Nader to make GM more responsive, fizzled this year. The heat against Nader's prime target, GM, was cooling.

Then a man comes forward. His name, George Caramanna, a former hard-knocks engineer with GM who was instrumental in development of the Corvair, the automobile that Nader claimed years ago was unsafe.

Caramanna was close to the Corvair. He not only helped develop it, he test drove it. The first prototype of the Corvair rolled over the first time it was driven, Caramanna reports.

A suspension bar which he, Caramanna, installed to stabilize the rear end helped the Corvair negotiate curves, but Caramanna reports the bar was dropped from the production line.

This account from the former guilt-ridden GM employee who is scheduled to testify before a Senate subcommittee refutes previous evidence given by GM before a subcommittee when Nader made his first allegations.

With this latest disclosure, Nader's stock is sure to rise in the mind of the public, just as it did tremendously when it was uncovered that GM was trying to discredit the crusader by employing a private eye to tail Nader and probe his personal life.

One thing has remained constant through the years, although Nader's popularity, or credibility if you will, ebbs and flows with each new accusation and counter-accusation. It's Nader's undying commitment to his cause — consumer protection.

Perhaps not all his charges are 100 percent correct. Time may or may not tell. But he and his staff continue to plug away, leaving the public to wonder why and doubt that any man would commit himself to such a lofty ideal, only to suffer recriminations.

Babson Report

Electronics Aid Reporting

WELLESLEY HILLS, Mass. — On February 8, 1971 a revolutionary electronic, computerized system of trading securities was placed in operation in the over-the-counter market. This method of price reporting is called NASDAQ (for its developer, the National Association of Securities Dealers Automated Quotation).

Within about four months it has already brought more orderly trading, savings in time and money for the dealers, and better and firmer prices for the customers. It is challenging the leadership of the listed exchanges (the New York and American Stock Exchanges) by means of its third-market operations (listed securities sometimes traded in the O-T-C market, often at lower commissions).

THE OVER-the-counter market is maintained by thousands of professional investment firms that "make markets" by continually quoting bid-and-ask prices over telephones, teletypes, and private wires. Historically, there has been no central meeting ground. In the past, before the new NASDAQ computer quotation system was instituted, the most efficient firms usually obtained quotes from at least three dealers in order to provide their customers with the best prices.

The procedure was time-consuming and expensive in this vast securities market. Some 25,000 to 30,000 stocks are quoted in the course of a year. On a weekly basis, about 8,500 stocks are traded over the counter. Currently, NASDAQ carries bid-and-ask prices on about 2,500 securities. The quotes are constantly updated by the dealers. Flashed across a television-like screen are the names of the dealers marketing the stock and the prices

at which they are willing to trade. Quotes are obtained in a matter of seconds once the proper buttons are pushed. The system is scheduled to expand to 20,000 issues by the end of 1971.

NASDAQ promises to take the mystery out of O-C trading, and may very well bring nationwide acceptance and prestige for O-T-C securities. This market is the largest and oldest in the country, but because of its former lack of visibility the small investor preferred to confine his purchases to the listed exchanges.

The new computerized system will eventually follow up with volume figures on trading — never before compiled — and stock indexes along the lines of the Dow-Jones averages. If the present addition of 36 exchange-listed stocks to the NASDAQ system is successful, more listed companies will be included. Thus, unlimited opportunities will open up for the visual display of the securities of unfamiliar companies which have compiled sterling growth records, as well as those fledgling but promising firms with good potential. Both groups should afford the possibility of outstanding capital gains.

THE RESEARCH Staff of Babson's Reports has recently culled the broad spectrum of securities being traded in the vast O-T-C market and is currently recommending Russell Stover Candies, Western Publishing, and Republic National Life Insurance at present levels. These companies are leaders in their respective fields and should show appreciation over the intermediate term for the aggressive investor.

Other O-T-C companies which will be interesting for purchase when prices have moved somewhat lower

are Charles River Breeding Laboratories, world's largest breeder of lab animals; Southland Automotive Parts, nation's largest convenience food store chain; and General

Summer!

This year's summer officially begins at 8:20 p.m. on (Michigan time) June 21. On this day, the sun will reach summer solstice, its most northerly point and most direct position over the northern hemisphere, notes University of Michigan Astronomer Hazel M. Losh. This means we will have our longest day, 15 hours, and our shortest night, 9 hours, on that day.

In Vacation Travel

Bigger Increase Seen

Vacation travel in Michigan is expected to increase at least 12-percent this year despite predictions last January of only a four-to-six percent rise, according to Fred Rehm, Automobile Club of Michigan general manager.

Rehm told over 200 Auto Club executives from across Michigan attending the organization's annual meeting at Boyne Mountain Lodge this week that requests for routings and maps have jumped 17-percent as compared with this time last year.

"One of the new trends we

have noted developing rapidly this year to account for the increase in state travel is the mini-vacation," Rehm said. "This is especially true because of the weekend camper, snowmobiler, skier and coho fisherman."

The average family will spend at least \$325 to \$350 on vacation travel this year, Rehm pointed out. He said that this excludes the cost of weekend and mini-vacation trips within the state.

"I am surprised that travel has continued to increase at the same rate as last year when we expected vacation business to slow with rising

unemployment," Rehm added.

from the Pastor's Study

We're Plagued By Oneupmanship

Timothy C. Johnson
Assistant Pastor,
First Presbyterian Church
of Northville

There is a disease which inflicts all of us at some time or another; a disease which is not recognized as such because its symptoms usually take form of a game. This game is "putting other people down." The disease is "oneupmanship." It plagues us when we feel threatened, insecure, frustrated, or when we feel put down. During these times our egos need a boost, they need to be inflated. In order for us to look good and to feel better, we put someone else down. Oneupmanship makes me feel good, but only at another person's expense.

This disease has disastrous effects on all aspects of our life. Children put down their parents, and their friends. Parents put down their children and other adults. Marriage partners put each other down. Races put down other ethnic groups.

When someone is put down it punctures his fragile bag of self worth. He will strike back like a wounded animal, returning one put down for another. It is a never ending cycle. With all the putting down going on today, it is no wonder we have so many problems and crises. The put down is at the base of many a martial fight. It is the reason for the painful generation gap. It is at the heart of national and international conflicts.

If peace is ever to come in these areas of warfare, there first needs to be an end to the disease of oneupmanship.

As I read the Bible, I discover that Jesus makes it possible to end this disease. If anyone ever had the right to put us down, He did. But He did just the opposite. He came to have spent His life telling us how to love, but He didn't. He said, in effect, "I do not condemn you. I know how miserable

you are, and how much you yearn to live. I do not hold your misdeeds against you. I want to build you up, not tear you down. Here, accept my love. Receive the assurance of my forgiveness. You matter so much that I will give my life for you. I do not condemn you. Neither can anyone else."

This understanding changes our lives. We will be different when we realize that we are not condemned people. All we need to do is to accept our acceptance.

What would it mean in a family, in a classroom, with friends, workers, if there were one person who would practice mercy because he had received mercy? It would totally change our life and the lives around us. No longer would we need to put others down. We would be healed of the oneupmanship disease.

A BOY THAT MISUNDERSTOOD

As a boy, I was always disturbed by this Biblical passage in Matthew: "For I have come to set a man against his father and a daughter against her mother . . . He who loves father and mother more than me is not worthy of me."

In those days of innocence, it seemed that my greatest love should go to Mother and Father. They gave me life, love and visible physical needs that seemed all-important.

But what I did not understand was that this life of mine came directly from God through my parents. I had tried to separate God's love from the love of Mother and Father. It was through Him that they received the great gift of human love. And because a mother has God's love implanted in her heart, she will instinctively love me. Matthew was emphasizing the fact that God's love must come first and that human love will then follow in its proper perspective.

Take your child with you to church and church school so that both may gain a better understanding of God's will. One who really loves God supremely will invariably develop a deeper love for family, friends and neighbors.

1-Card of Thanks

Many thanks to every neighbor, every kind and thoughtful friend who contributed so generously during my recent illness Mrs. R. B. Larkins

I would like to thank my family and all my friends for their lovely cards, flowers and kindnesses during my stay in St. Joseph Mercy Hospital. Ann Arbor. Mrs. Martha W. Howarth

Our heartfelt thanks to friends and neighbors for the many cards sent on our 50th Wedding Anniversary. Your thoughtfulness is appreciated. Mr. & Mrs. Frank Politz

We wish to thank all our friends, neighbors and relatives for the many kindnesses shown us in our recent bereavement. Also the American Legion, the Legion Auxiliary, Easterlines and Reverend Branstetter for his comforting words.

Mrs. Helen Sessions
Mr. & Mrs. Earl Sessions
Mr. & Mrs. William Asher

Danny George & family wish to thank everyone for prayers, visits, cards & calls during his stay in Garden City Osteopathic Hospital. Special thanks to Pastor Ivan Spight of The Salem Bible Church. Also doctor's & staff for their wonderful care.

We wish to thank our friends for the beautiful cards sent on the occasion of our 55th Wedding Anniversary. The Boydens

A heartfelt thank you to my friends, neighbors and relatives for the many inquiries, cards and flowers sent me during my hospital stay. A special thanks to Pastor Tietel for his visits and comforting words. John Bakhaus

Year of Budget Seen in Legislature

LANSING — Each session of the Legislature is a unique affair which, no matter how similar things can seem at times to the past, is unlike any session before.

As a result, each session develops a few issues which it concentrates on and disposes of in one fashion or another. Last year there was parochialism and a flurry of environmental proposals were passed and put into law, along with such new programs as direct aid to Detroit. It was a year of innovation in several fields.

When the history of this year's meeting is written, however, it will have to be entitled, The Year of the Budget.

EVER SINCE legislators arrived in Lansing in January, the primary topic of conversation and worry on their part has been the budget — including the tax increase it is going to take to finance next year's spending program, which will total, when all things have been settled, around \$2 billion.

The immediate problem has been getting out of the current fiscal year which ends June 30 with the state's ledgers showing a surplus. No matter whether the surplus is only a few dollars plus change, the prime object is not to have the books showing red.

In an attempt to balance things,

Gov. William G. Milliken cut back some spending, rearranged tax payment schedules and juggled around figures to erase what would have been a \$200 million deficit had nothing been done.

WHILE ALL the short term rearranging was underway, the prime reality staring each legislator in the face is the fact that sooner or later the state income tax must be raised.

The final amount raised will depend on the budget. Every item added to the budget means a little bit higher income tax.

The Governor started out asking for an increase from 2.6 per cent to 3.6 per cent effective next January 1. Now he is asking for a temporary increase to 3.9 per cent January 1 through June 30 of next year with a drop back to 3.6 per cent July 1. The betting is that it's going to take more than that before it's all over.

That is why the various gambling bills have been so well received. They are a "painless" way of taxing people and, if staying in office depends on keeping voters happy, this is preferable to taking an increased chunk out of the take home pay.

THE SEARCH for a "painless" form of taxation also has led to the move to make the tax increase

effective Oct. 1 this year.

The thinking behind that is that many salaried employees stop having social security deductions taken out around Oct. 1, so there is a net increase in take home pay for a few months even if a couple of extra dollars per week are taken out for the state income tax.

There is still a lot of talking and worrying to be done between now and the time the final form of the income tax is decided.

And while it's little consolation to the taxpayer who ends up footing the bill, the guys who will increase the tax have been doing a lot of sweating over it.

WAR IS DECLARED on studded tires by the State Highway Department. While the department never did like them, it says it has new information which makes its case against them much stronger. If studded tire usage continues to grow at the present rate, it will cost at least \$28 million a year to repair all the damage they do to state highways, according to Highway Director Henrik Stafseth.

"This might be justified if studded tires provided motorists with an extra margin of safety," he says, "but this is not the case."

"They are safer on glare-ice, but less safe than standard tires on wet

or dry pavement, and that is the condition that exists about 99 percent of the time on state highways," he says.

Stafseth says about 15.2 per cent of the vehicles in Michigan were equipped with studs last winter, compared to 12 per cent the winter before. At that rate of increase, about 45 per cent will use studded tires by 1974-75, he said.

He says the studs wear pavement 100 times as fast as regular snow tires and are wearing ruts in the state's main highways.

It can be expected we'll be hearing more room him in the future about the subject.

Out of The Horse's Mouth

Send your questions, comments and horse show news to "Horses Mouth," care of South Lyon Herald, South Lyon, MI, 48178. This column is open to news of all breeds of horses and ponies.

Dixie Saddle Club M.H.S.A. Horse Show June 20, — 9:00 a.m. Sharp. Flying "M" Ranch 5813 Honert, Ortonville. Judges: Alfred M.

Sheehan, Frankford, Indiana; — Bradley Hurd, Buffalo, New York.

Susan Altman received the Senior High Point Trophy at the Rough Riders horse show on June 5. She was showing her appaloosa mare, Petty Cash.

Her brother, Roger Altman, took fourth place in pony bareback, pony pleasure, and

trail. He rode his P.O.A. Apache Warrior.

The Hartland Ro-Hi 4-H Club Horse Show will be held June 19 at the Navajo Arena on M-59, two and a half miles west of US 23, beginning at 8:30 a.m. Sharp.

The show is open to all youth age 18 and under. There will be pony, junior and senior

classes English and Western. Three high point trophies will be awarded.

Sue Reh, 15, daughter of Mr. and Mrs. Robert Reh, 42801 Waterford Road, placed third Sunday in jumping, 3-feet and over, while riding Mr. Banderbar at the Wagon Wheels Farm on Eight Mile Road.

★ ★ ★ ★

Dear Sally:
Could you please tell me the correct position of a rider's hands and legs when showing in a Stock Seat Equitation class?

The American Horse Show Association rule under which most of our Michigan Horse Show Association shows are judged says:

HANDS — In repose. Arms are in a straight line with body, the one holding reins bent at elbow. Only one hand is to be used for reining and hands shall not be changed, hand to be around reins. When ends of split reins fall on near side, one finger between reins is permitted. When using romal or when ends of split reins are held in hand not used for reining, no finger between reins is allowed. The position of the hand not being used for reining is OPTIONAL, but it should be kept FREE OF THE HORSE AND

EQUIPMENT and held in a RELAXED MANNER with the rider's body straight at all times. (The illustrations in the American Horse Show Association rule book show the hand resting on the rider's thigh with romal, split and regular reins.) The rider may hold romal or end of split reins to keep from swinging and to adjust the position of the reins PROVIDED IT IS HELD AT LEAST 16 INCHES FROM THE REINING HAND. HANDS TO BE ABOVE HORN AND AS NEAR TO IT AS POSSIBLE.

BASIC POSITION: The rider should sit the saddle with legs hanging straight and slightly forward to stirrups, or with knees slightly bent and weight directly over balls of feet.

Tornado

Continued from Page 1-B

the darker it becomes as pieces of material are lifted toward the thunderhead. These whirlwinds should not, say weathermen, be confused with "dust devils," which are rarely associated with clouds.

A tornado vortex is normally several hundred yards in diameter, whirling usually in a counterclockwise direction (in the Northern Hemisphere), and contains winds estimated to be near 300 miles per hour.

Funnel clouds, which are violently rotating columns of air, do not become tornadoes until they reach the surface.

Although the presence of a thunderstorm does not necessarily mean tornad-

oes will develop, weathermen remind citizens that, generally speaking, the more lightning observed in a thunderstorm, the more intense the storm system.

And this is no time to feel safe, they warn. "Remember that lightning kills more Americans annually than hurricanes or tornadoes."

It is not possible, say weathermen, to predict the exact time a tornado will hit or where it will strike. However, it is possible to identify areas in which weather conditions suggest a high probability of tornado generation.

These are usually about 100 miles wide and 250 miles long.

Lawn Rings

Continued from Page 2-B

flour or some other white, powdery substance are suffering from powdery mildew. It usually occurs in damp, shaded, bluegrass lawns. "Merion bluegrass is especially susceptible," says Vargas.

CONTROLS CITED
"Helminthosporium leaf spot can be chemically controlled with Actidione-Thiram, Fore, or Daconil 2787," says Vargas. "Good management practices also help."

Mowing to a height of one and one-half to two inches and removing the clippings can help check the disease. "In the Kentucky bluegrasses," resistant varieties such as Merion, Fylking, Pennstar and Nugget help avoid leaf spot," Vargas says.

For fusarium blight, Vargas recommends Benomyl (Tersan 1991). "Two to five applications give effective control in most situations," he says. "The first application should be made in late May or early June and other applications, as needed, should follow at two week intervals."

Use eight ounces of Benomyl with each eight gallons of water (enough to cover about 1,000 square feet of lawn). "Apply the mixture and drench it into the root zone before it has a chance to dry on the foliage," says Vargas.

IT'S HERE!
VOLUME II
"MICHIGAN GHOST TOWNS"

Sorry to keep you waiting, but it's worth it. Mr. Dodge has a new compilation of hundreds of additional ghost towns in northern Michigan. Many new photos never before published, 191 pages of new information for every treasure hunter, history and antique buff PLUS much hitherto unknown and unpublished facts about the history of the black man in Northern Michigan. And, only \$5.00.

If you'd like Vol. I of "Michigan Ghost Towns," mostly about ghost towns in southern Michigan, you get both for only \$8.00!
