

**NEIGHBORHOOD PARK**—This wooded, half-acre site at the northwest corner of Carpenter and Base Line streets became city property this week with purchase by the council for use as a neighborhood park. Except for "cleaning up" the property it is to be left in its natural state for enjoyment of both children and adults.

## Neighborhood Park

# 'Open Space' Site Purchased Here

With purchase this week of a little more than a half-acre of property at the northwest corner of Carpenter and Base Line streets, another of the recommendations of the citizens parks and recreation committee becomes a reality.

The council voted Monday to purchase the equivalent of two wooded lots at that location from the George Mellens, who lives in an adjacent home at 205 East Base Line, at a cost of \$18,000.

Plans call for the 140 x 175-foot site to become neighborhood open space. No development, other than "cleaning up" the property and removing some of the undergrowth, is contemplated.

Early this year, the city purchased more than three acres of wooded property in the Maplewood area—also for neighborhood open space.

Officials view these purchases as a means of preserving natural areas to be enjoyed by city residents and to forestall the possibility of their future development for housing.

With this latest purchase, the city has carried out three of four open space recommendations made by the citizens committee in 1970. These include open areas in the Maplewood section, property adjacent to the Bell Telephone Company, and now the Mellens property.

The fourth recommendation—purchase of property in the Northville Estates subdivision—apparently is dead. Property owners in the subdivision, fearing that a neighborhood park there might become a nuisance, protested the park proposal and the council subsequently dropped its plans.

Concerning the Mellens property, the council has explained that preservation of trees is "a must."

The lone requirement of the seller was that a fence be erected between his home and the park site to minimize nuisance, according to City Manager Frank Ollendorff.

The manager also has revealed that scheduling for use of the former Kerr home, located east of the recreation building on Cady Street, by the Senior Citizens club will be announced soon.

Purchased by the city for use by senior citizens, the home is to become an informal meeting, conversation, recreational (playing cards and other games) place for older residents of the community.

Although no plans have as yet been introduced to the council, some officials see the building eventually being connected to the recreation building by a long corridor-like building that could serve as a meeting room for larger groups than now can be ac-

commodated in the recreation building.

In other business Monday, the council extended a lease until September, 1972 to Dr. Dale Kiser for use of the

building in which he has his office at 131 West Dunlap. The city earlier purchased the building from Dr. Kiser for

## NEWS BRIEFS

**"CAPTURING"** escaped Detroit House of Correction prisoners apparently isn't enough to satisfy prison officials. According to Township Supervisor Gunnar Stromberg, an escaped woman prisoner showed up at a Six Mile Road home recently, explaining that she had reluctantly gone over the prison fence with other escapees, had been injured in the process, and wanted to return to the prison. Obliging, the homeowners telephoned the prison only to be told, "Fine, but you'll have to bring her back...we don't have anyone to come and get her."

**SCHOOL BOARD'S** \$45,000 offer to Levitt and Sons for site development costs on a 10 acre elementary school site in Highland Lakes has been accepted. Trustees will be asked at Monday night's meeting to approve the agreement, accept deed to the land and reimburse Levitt for development costs.

**SIX APPOINTMENTS** to various boards and commissions were made Monday by the city council. Reappointed to the board of review were Wilson Funk, Essie Nirider and J. Burton DeRusha; to the Library Commission, Virginia Orban; to the Recreation Commission, Councilman Paul Folino; and named to the Election Commission, Councilman David Biery, replacing ex-councilman Charles Lapham. Councilmen must still appoint a member to the Recreation Commission to replace Delbert Black, and to the Planning Commission, replacing David Biery.

**NEW POST OFFICE** hours for holiday mailing in Northville begin Saturday with the parcel post and stamp windows open December 11 and 18 from 8:30 a.m. until 2 p.m. The office will be open an additional half hour until 5:30 p.m. next Monday through Friday, December 13-17. It will close at noon December 24 and will be closed Christmas and December 31. Otherwise, regular hours of 8:30 a.m. to 5 p.m. will be followed. No Sunday hours are scheduled.

# The Northville Record

IF IT'S NEWS...AND IT HAPPENS IN NORTHVILLE...YOU CAN READ IT IN THE RECORD

Vol. 102, No. 31, Two Sections, 32 Pages • Thursday, December 9, 1971—Northville, Michigan • 15c Per Copy, \$6 Per Year in Advance

# City May Shelve Its Bottle Ban Law

A ban on non-returnable bottles, scheduled to go into effect here January 1, appears headed for the shelf. Northville City councilmen, under pressure from local merchants, voted to consider shelving the ban—for at least a year—at a public hearing on December 20.

It would appear, based on discussion this past Monday, that all or nearly all of the councilmen favor delaying the start of the new ordinance enacted last February.

Ironically, Northville, which had been encouraged by other Wayne County communities to enact a ban so as to present a united front, now finds itself virtually alone with such an ordinance.

Once Northville had enacted the ordinance, similar action expected from most other Wayne County communities never materialized. Others which enacted legislation have since rescinded it or are considering doing so.

In light of what has happened, "it would be unfair to our merchants" to implement the ordinance, when surrounding communities are not doing so, said Councilmen Kenneth Rathert.

Pressure was brought on the council to enact the ordinance with the argument that the ban "would be unanimous" throughout the county, noted Mayor A.M. Allen. That unanimity never materialized, he added, leaving Northville merchants in an unfair competitive situation.

Request for delay in implementation of the new law affecting non-returnable beer and pop bottles was made by local merchants through David A. Erlandson, representative of the United States Brewers Association. "We have no quarrel with environmentalists," said Erlandson. "We simply feel there are far better solutions (than banning bottles)."

Bans on non-returnable bottles elsewhere have proven ineffective in combating the waste problem just as has deposits on bottles, Erlandson argued.

The Brewers Association, he said, believes that solution can best be achieved by—

—Educating the consumer

to change his behavior pattern.

—Enacting more effective anti-litter laws.

—Providing more litter containers.

—Supporting and intensifying the "total systems" approach to solid wastes—that is separating waste materials, such as bottles, by machines.

Erlandson suggested that because of the rapid development of new sophisticated machinery, and recycling procedures, the waste problem as it involves bottles may be resolved during the one-year moratorium now being considered by the council.

City Manager Frank Ollendorff, in questioning Erlandson, noted that in many instances the retailer is forced to sell beverages in non-returnable bottles because distributors do not make returnable bottles available to him.

Arguing that the consumer should have a choice of buying either the non-returnable bottle or the returnable one, Ollendorff said the distributor may be guilty of what it charges government with.

That is, giving the retailer no choice of selling beverage in either bottle.

Economics and inconvenience, countered Erlandson, in some cases

make availability impossible. Ernest Essad of Hamlet's Convenient Mart concurred with Ollendorff that some distributors do not provide returnable bottles. If the ban

goes into effect, said Essad, local merchants will be caught in the middle and their businesses will suffer.

## New Schools?

# Bond Issue Talk To Top Agenda

Bond issues to build four new schools and the possibility of challenging before the Wage and Price Board of the Cost of Living Council new contracted wages granted to teachers will be aired by Northville school board trustees Monday at their 8 p.m. meeting.

Up for discussion will be a bond issue to finance architect's fees for designing a

new high school, middle school and at least one elementary school, paying \$45,000 for site developments on a 10-acre elementary school site in Levitt and Sons' Highland Lakes and money for options to buy sites in other areas of the district.

The bond issue could come to a vote of the people in March, 1972, school board members hinted at a work session Wednesday, December 1.

Bond issues to finance the cost of the actual building of the schools would be held in late 1972 and early 1973, trustees noted, with the board members favoring the bid-before-bond process first used in 1970 to construct additions to Northville schools.

Actual sites for placement of the four schools were not mentioned, though the district has the 10-acre Levitt site, an 18-acre school site on Bradner Road and an elementary site in Thompson-Brown's Northville Commons.

Also on Monday's agenda will be possible contesting of paying teachers according to the negotiated salary scale from November 15 through the end of the year.

Though board members agreed the rates had been negotiated for the 1971-72 school year, they noted they did not know how Phase II of the Wage and Price Freeze would affect the contract.

Phase II allows the district to pay the teachers according to the new salary schedule but urges increases be kept to five percent. Superintendent Raymond Spear commented. Increases negotiated under the contract range from five percent to more than 12 percent, he said.

Board members said they would be "neglecting their responsibility" if they did not offer a challenge to the pay boosts.

Whether the board will challenge the increase and, if so, what percent of the new salary schedule they recommend be instituted, will be discussed Monday.

The new pay rates for teachers went into effect November 15 with increases to be reflected in checks teachers receive tomorrow, Friday, Spear said.

## Parking Fee Review Set

A change in the city's policy of charging fees for special permits to park overnight on city streets is being considered by the Northville council.

City Manager Frank Ollendorff is preparing alternatives to be presented to the council in two weeks.

The policy came up for possible review upon the complaint of Gerald Stopper, 43798 Doris Court, who argued Monday that the fee is neither necessary nor proper. Not in contention is the all-night parking ban itself which has been in effect for several years.

In cases of hardship where a resident has no other place to park his car, "I don't feel

an individual should have to pay to park in front of his house," he contended. He labeled it an affront to the taxpayer citizen.

Under the present policy, "hardship cases" can receive special permit to park on the street but a fee of \$1 per month is charged. The charge, explained City

Continued on Page 18-A

## Township Tops In New Houses

Northville Township continues to lead area communities in new housing, according to the latest figures released by the Southeast Michigan Council of Governments (SEMCOG).

In its dwelling report for the first six months of 1971, SEMCOG discloses that the township produced a net increase of 262 housing units during this period.

Breakdown of that increase is identified this way: 51 new single family units, no two-family units, 211 multiple family units, and no demolitions.

Second to the township in increased housing within the circulation area of this newspaper was Novi, which recorded a net total of 170 units. These included 92 single family units, no two-family units, 82 multi-family units, and four demolitions.

Third was Wixom with 59 additional units — 41 single family and 18 multi-family. The City of Northville showed an increase of 33 — or

33 single family, two multi-family, and two demolitions. Figures for other area communities are:

City of Plymouth, 87; Plymouth Township, 10; Salem Township, 13; South Lyon, 40; Lyon Township, 45; Wolverine Lake, 39; Commerce Township, 126; City of Farmington, 93; Farmington Township, 510; and Livonia, 388.

The city and township of Brighton showed a combined increase of 213, Hartland 54, Green Oak, 57, and Northfield Township, 27.

In all seven counties surveyed by SEMCOG (Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw and Wayne), the top ten communities in residential growth (not including demolitions) were:

Detroit 947, Taylor 896, Troy 746, Sterling Heights 755, Pontiac 701, Brownstown Township 673, Avon Township 652, Southfield 620, Warren 599, and Farmington Township 517.

**SANTA CLAUS** dropped in out of the skies, via helicopter, on Saturday and then quickly climbed aboard a convertible for a parade before taking up visitations at Northville Hardware. On hand to greet him (background, l to r) were two Chamber representatives, Glenn Long and Charles Lapham. See more pictures and hours of his visit on Page 6-A.

## about Women and the family

### Engaged

Mr. and Mrs. Frank Kastner, 18419 Donegal Court, announce the engagement of their daughter, Jennifer Ellen, to Gregory Steenberg, son of Mr. and Mrs. Richard Steenberg of Wyoming, Michigan

The bride-to-be is a 1967 graduate of Franklin High School in Livonia. She received her BA degree from Hope College in Holland, Michigan, in June, 1972, and presently is employed in Grand Rapids. Her fiancé is a student at Hope College

They are planning a March, 1972, wedding

JENNIFER KASTNER

## In Our Town

# Projects for Others Need Help

By JEAN DAY

THE TRUE SPIRIT of the Christmas season is flourishing in our town. Projects throughout the city will aid the needy and those in institutions. Many groups are seeking the help of the community to make it a Merry Christmas for the less fortunate.

Here are some of the needs and ways to help:

THE "FISH" organization which maintains 24-hour emergency help throughout the year needs infants' and children's clothing to be able to answer requests from this area.

"The need is immediate," stressed Mrs. Bernard R. Adams when she called. She is seeking infant clothing and children's wear up to size 16. She adds that it would help to have it clean and in good condition. She would like to receive it within the next week and may be reached by calling 349-2948.

NORTHVILLE UNITED Methodist Church is planning a live nativity scene, tentatively scheduled for December 22-23, and needs to borrow a donkey or burro to make the scene authentic.

"We have no trouble locating sheep, but a donkey just hasn't been found," commented the Reverend Guenther C. Branstner as he told how the scene is being created with old barn wood for a stable and live figures and will be for the community to enjoy. He may be reached at 349-1144.

TOYS FOR TOTS is a Christmas project of the Northville Jaycees who are collecting new and usable toys "for the sometimes forgotten children at the Plymouth State Home."

A large collection box is located in the city's Main Street parking lot adjacent to the Northville Drug Store. It already had been filled with donations and emptied by Monday. The Jaycees are cleaning and making minor repairs to the usable toys donated. They plan to empty the box daily through December 19.

"Remember those not so loved," they ask as they list types of toys especially welcome. These include talking toys and books, rubber toys, mobiles, pull toys, new crayons and coloring books, as well as toys suited to older children.

Anyone wishing additional information may call Dick VonOtten, 349-1162, or Cecil Morin, 349-5707.

A MITTEN tree was erected Monday morning in the Northville Branch of Manufacturer's National Bank by the Northville Jaycees, who are asking women who knit to "decorate" it with mittens, hats and scarves between now and December 21. The warm wear will be given to children at the Plymouth State Home. (Those who don't knit, may purchase gifts and place them on the tree.)

Among the first decorations on the tree Monday were six pairs of brightly striped mittens knitted with "scraps of wool" by Jaycette Janet (Mrs. Peter) Lindholm. Three others were knitted by Mrs. David VanHine. Mrs. Richard Rayborn, Jaycette president, is in charge of the new project and may be called at 349-7134. It's not necessary to call, however; donations may be placed on the tree with hooks available.

NORTHVILLE STATE HOSPITAL'S nursing staff and Family Care Coordinator have compiled a list of names and "wishes" of indigent patients and others who may be forgotten by relatives. Anyone who would like to supply a Christmas for one of these patients may call Louis Schult, director of community relations, at 349-1800, extension 423.

EVEN SANTA'S workshop in the Northville Hardware has a non-commercial atmosphere as Booster Parents for the Northville High School Band are cooperating in the project with the Northville Merchants' Association.

Three real evergreens, decorated with bright red bows, form the background for Santa who sits in a large black Boston rocker with a miniature one close by for his little visitors. The scene also has an old-fashioned stove and a tiny cupboard.

Mrs. James McCurdy was responsible for borrowing and assembling the setting.

Santa will come from the North Pole to invite youngsters' requests on Fridays, December 10, 17 and 24, from 4 to 8 p.m., and on Saturdays, December 11 and 18, from 11 a.m. until 5 p.m.

Parents who bring their youngsters to see Santa and have their picture taken in Polaroid color (for \$1) will be aiding the Band Boosters' goal of sending the band to summer band camp—and also will be receiving a "treasure for the family album."

## Hallam's Club VP

# Meadowbrook Elects

Among the first to view the glittering Christmas decorations at Meadowbrook Country Club Saturday were new club President and Mrs. Robert A. Sullivan and new Vice-President and Mrs. Robert L. Hallam

They arrived early in the morning for the men to attend a board meeting. The decorations were in place for the club Christmas dance, attended by 500, last Saturday night.

Sullivan, a Detroit attorney, was elected president in elections November 18. He succeeds Wyndham Mills of Northville. Hallam, a chemical manufacturer who lives in Northville Estates subdivision, is succeeding David Christensen, also a Northville resident.

Completing the new slate are George Torgerson, renamed treasurer, and C. A. Heuer, secretary. Joseph McHugh, a vice-president at the J. L. Hudson Company, was elected to the board of directors

The annual children's Christmas party at the club is scheduled for Sunday, December 19, with Santa to arrive by helicopter on the golf course. Sharing the spotlight will be the Balloon Man, who creates inflated animals as favors for the children who usually range in age up to 10 years old.

Eddie Schick's orchestra again has been engaged for the New Year's Eve party, the final event before the club closes for a month. Club Manager Tom Unverzagt

reports that every feminine guest is to receive a poinsettia plant, part of the table decorations that evening

## Branch Plans International Luncheon

An international salad luncheon will precede the December meeting of the Northville Branch of the Woman's National Farm and Garden Association at 12:30 p.m. Monday at Northville Presbyterian Church

Northville High School Glee Club will entertain the club

Centerpieces for the luncheon, for which each member is to bring a main course or dessert salad for passing and her own place setting, will be created with a hot pink color scheme. Mrs. Frank Whitmyer is decorations chairman

Mrs. Richard Martin is luncheon chairman, assisted by Miss Betty LeMaster, Mrs. Paul Hughes and Mrs. Roger Pyett

Mrs. William Switzer, president, announced that the club is expecting a special guest a national officer, Mrs. Joseph E. Martin of Dearborn, public relations and publicity chairman

The luncheon is a club guest day

## 'Lites' Plan Party

Northern Lites extension study group will hold its Christmas dinner party at 6:30 p.m. Monday, December 13, at the home of Mrs. William Brown, 200 Rayson. There will be an exchange of homemade gifts

NEW AT MEADOWBROOK—Newly elected top officers of Meadowbrook Country Club, from left, Robert Hallam vice-president, and Mrs. Hallam, of 21456 Summerside Lane, and Robert Sullivan, president, and Mrs. Sullivan, of Detroit, pose with Christmas decorations that went up for the Christmas dance Saturday. They were elected last month.

## News Around Northville

Northville Mothers' Club will hold its annual Christmas pollock dinner party at 6:30 p.m. Monday at the home of Mrs. Gordon Forrer, 46995 West Main Street. Life members will be special guests of the club. An optional gift exchange is planned

Andrew Bonamici of Northville is a tenor in the 53-voice

Alma College A Cappella Choir that will present seven appearances in eastern Michigan during a three-day December tour

Andrew, a graduate of Northville High School, is the son of Mr. and Mrs. Roland Bonamici of 740 Fairbrook Street

On its December 12-14 tour the Alma Choir will sing in Bay City, Port Huron, Sandusky, Vassar, Caro, Bad Axe and Sebawaing.

Northville Senior Citizen's Club will meet at 7:30 p.m. Tuesday, December 14, at the scout-recreation building for a business and social session.

Next Monday at 6 p.m. the Junior Women will sing at Nightingale West Nursing Home. They will take as favors miniature cards to be set on small easels on patients' trays. The club also has scheduled a cookie exchange for 8 p.m. December 15 with members to bring six dozen cookies of one kind to the Plymouth home of Mrs. Ronald Kelly.

## 'Who's Who' Names Two Coeds at WMU

Two Northville girls attending Western Michigan University have been selected for listing in the 1971-72 edition of Who's Who Among Students in American Universities and Colleges

They are Luanne M. Godfrey, daughter of Dr. and Mrs. Hugh G. Godfrey of 385 Eaton Drive, and Judith A. Hallam, daughter of Mr. and Mrs. Robert Hallam of 21456 Summerside.

Both girls are 1968

graduates of Northville High School  
The annual directory lists outstanding students who were nominated by their colleges and universities and is limited to juniors, seniors and graduate students  
Those named were honored for scholarship, leadership, cooperation in educational and extra-curricular activities, general citizenship and promise of future usefulness.

## Carole Clark Writes Wedding Ceremony

Carole Anne Clark, daughter of Mr. and Mrs. Charles F. Clark, former Northville residents now living in Gaines, Michigan, and Dr. Ben Palazzolo of Detroit exchanged vows November 13 in a ceremony written by the bride at Northville First Presbyterian Church.

The bridegroom is the son of Mr. and Mrs. Matteo Palazzolo of Van Nuys, California. The Reverend Timothy Johnson officiated at the altar decorated with gladioli and chrysanthemums and candelabra.

Given in marriage by her father, the bride wore a Victorian-style ivory gown with empire waistline, A-line skirt and lace bib top with high collar and long, full sleeves with lace cuffs. She carried a nosegay of yellow and orange roses encircled with mums and baby's breath.

Honor attendant was Joyce Presnell. Bridesmaids were Carol Cialcino, of Huntington Woods, a college classmate, Carole Freeman of Lansing, a classmate and roommate, and Ellen Vaadre of Royal Oak, the bride's cousin. Junior bridesmaids were Debbie and Tracy Swope.

All wore floor-length,

peasant dresses in autumn shades in patchwork design with long, ruffled aprons and matching, three-cornered head scarves. Bridesmaids carried fall nosegay arrangements of burnt orange mums, bittersweet, nuts, straw flowers and sprigs of colored wheat. The junior attendants carried baskets of fall flowers.

Richard C. Muller of Grosse Pointe was best man. Groomsmen were Ronald Lessem of San Diego, Joseph Palazzolo of St. Clair Shores and George Denes of Detroit. Escorting guests were brothers of the bride, Charles E. Matheny of Lorain, Ohio, and Dr. Glenn Matheny of

Brevard, North Carolina. Barbara Cuppett and Richard Shank were soloists with Mrs. Johnson at the organ.

A dinner reception followed at Mayflower Meeting House. The newlyweds are making their home in Plymouth after a wedding trip to Toronto. The new Mrs. Palazzolo is a 1967 Northville High School graduate. She attended Schoolcraft and was graduated from University of Detroit School of Dentistry as a dental hygienist in 1970. Her husband was graduated from Wayne State and is a 1971 graduate of the U of D School of Dentistry.

Dr. and Mrs. Ben Palazzolo

## Clinic Slates Pap Test

Women in Northville and surrounding communities will have an opportunity to participate in a free Pap Test Clinic to be held in Plymouth for a week beginning January 24, 1972.

Sponsored jointly by the Michigan Cancer Foundation and the Plymouth Registered Nurses, the clinic will be held at the Veterans' Memorial Building. The Plymouth office of the Michigan Cancer

Foundation will begin taking appointments for the painless, reliable test for cervical cancer in January. Exact times will be announced.

It points out that cervical cancer is the third most deadly form of cancer in women with more than 600 women in the Metropolitan Detroit area dying every year from it. It states that "this loss of life could be reduced with regular Pap Tests."

## Cheryl Firman Wed In Candlelight Rites

A wedding trip to Florida followed the marriage of Cheryl Ann Firman and Gregory Eugene Lenski November 20 in Gloria Dei Lutheran Church.

### Births

A daughter, Marcia Lynn, was born last Friday, December 3, to Mr. and Mrs. Norman E. Hannewald, 1075 Allen Drive, at St. Joseph Mercy Hospital.

She is their first child and is being welcomed, also by grandparents, Mr. and Mrs. Donley W. Boyer of Milford and Mr. and Mrs. Martin C. Hannewald of Stockbridge.

A new daughter was born to Mr. and Mrs. William Sackett, 43797 Dorcas Court, on December 1 at St. Mary Hospital. Named Amy Lynn, she weighed six pounds, thirteen ounces at birth.

She joins a brother, Tim, and sister, Karen, at home.

Mr. and Mrs. William Schreiber, 430 Yerkes, announce the birth of a daughter, Leslie Adene, Sunday, December 5 at Annapolis Hospital. She weighed six pounds, seven ounces.

The baby joins a sister, Stephanie, 9, and two brothers, Erik, 8, and Joey, 6 at home. Grandparents are Mr. and Mrs. D.E. Schreiber of Northville and Mrs. and Mrs. R.W. Teschke of Redford Township.

Mrs. and Mrs. Charles Somers of Muskegon are parents of a son, Matthew Charles, born November 21. Their first child's birth weight was seven pounds, three ounces.

Grandparents are Mr. and Mrs. Sam Frontera of Walled Lake and Mr. and Mrs. Richard Somers of Northville.

William R. Firman, 43614 Westridge Lane, gave his daughter in marriage at 6:30 p.m. candlelight ceremony at which the Reverend Richard F. Jesse officiated. The bridegroom is the son of Mr. and Mrs. Ben Lenski of Detroit.

The bride wore a ivory satin gown with long sleeves and embroidered lace decoration at the neckline and on the skirt. A matching headpiece held her elbow-length veil of illusion. She carried a nosegay bouquet, with long satin streamers.

Mrs. William Baldner was matron of honor. Bridesmaids were Mrs. Benjamin Willis, Sue Hill and Chris Lizotte. All wore long, emerald green

velvet gowns with ivory lace trim and carried yellow and white mums and roses with ivory satin streamers.

Lawrence Lenski was best man for his brother. Ushers were William Baldner, Rick Rechonie, Larry and Steven Firman.

For the ceremony and reception at the Club Venetian in Madison Heights the bridegroom's mother wore a mint green dress. There were 200 guests, all from the Detroit area.

For the trip south the bride changed to a pink pant suit with which she wore a beige fur coat.

Both are students at Wayne State University and are making their home at 1441 Culver in Dearborn.

# Goodfellow Sales Brighten Christmas

"No child without a Christmas" is the motto and goal of the Novi and Wixom Goodfellows, who will take to the streets and subdivisions this weekend selling the Goodfellow edition of The Novi News to raise funds for meeting that goal.

The Goodfellows are active throughout the year, but their busiest season without a doubt is the holiday season when they prepare "baskets" of food, clothing, candy, and toys to families who need the assistance for one reason or another to make Christmas a happy day.

Last year the Novi Goodfellows sent out 70 baskets, while the Wixom group delivered 18. This year, spokesmen from both clubs expect the requests for baskets to be much higher. John Miner, president of the Wixom Goodfellows, stated that the general economic conditions have caused a marked increase in the number of unemployed people. His comments were echoed by Leon Dochot, Novi Goodfellow president.

Both Novi and Wixom are counting heavily on the paper

### Vocational Education Center

## It's A Learning Experience

By NANCY DINGELDEY

What is a Vocational Education center? Does it cater strictly to the underachievers or to those who are a "cut" below average? Is it a noisy, dingy, dull building with even duller students whose only aim is to get out? Certainly to some people, this is what vocational education means. It has a stigma—the trade school of 30 years ago.

An enormous surprise is in store for the person who chooses to take a closer look at the new Southwest Oakland Vocational Education Center (SVOVEC) on Beck Road at the edge of Wixom.

Located in the operating district of the Walled Lake Consolidated School System, the center services the school districts of Clarenceville, Farmington, Huron Valley, Novi, South Lyon, Walled Lake, and West Bloomfield.

Gone are the dull, dingy classrooms of the trade school.

In this new facility, which opened its doors for the first time last September, are colorful, comfortable teaching areas. Background noises are replaced with piped-in music. An "electric spark" of enthusiasm by both student and teacher alike is felt almost immediately upon entering the school.

Fast gaining in popularity is the "SVOVEC" dining room, which offers luncheons daily from 11 a.m. until 12:30 p.m. The public is invited any day Monday through Friday. Baked goods made in the spacious, sparkling kitchens are also available to the public at nominal prices.

Through the kitchen and dining room facilities, the students enrolled in the Food Services program gain experience and knowledge both in front of and behind the scenes.

Waiters and waitresses in uniforms, a maitre-de and bus-boys act just as they would in a regular restaurant situation. The food is well prepared, colorful, and tasty. The students bear total responsibility for running the operation.

"The Food Services program is one of the most popular in the school," explains SVOVEC administrator Lester Carlson. "We get more applicants than we have room to handle."

Recently, a special open house was held for administrators, consultants, and board members from the participating districts. A buffet was planned, prepared and served by the Food Service students. Volunteers were needed and the response from the group was so overwhelming that a large number of the volunteers had to be turned away.

Centered on the buffet table was a large ice sculpture designed by the Food Service's dynamic director, Robert Kerr. Students again voluntarily bunched in the freezer watching the sculpture take shape.

Surrounding the sculpture on the buffet table was an array of food to please and delight the most discerning person. It included baked salmon, King crab salad glazed turkey, fried chicken, beef à la jus, baked Northern

Pike—all prepared and served in professional fashion. The amazing feature of the whole affair was that the students who put on the dinner had only been in class ten weeks.

Commented one administrator, "If this is what these students can do in that amount of time, I hesitate to think of what they could accomplish by the end of the year."

Students are also very vocal in their praise and admiration of the Center as a whole, especially the faculty. One student admitted that he had never taken much of an interest in school. He gave all the credit to his awakened interest in getting an education to the teachers, saying "they're all the greatest."

The Center is run on the same concept of treating the students as young adults, said

Carlson. "We try to give the students as much individual responsibility as we can," he said.

Each department is independent of the others. All have their own resource, wash-up, and locker room areas.

In the Advanced Display area, students work separately or in groups. They are engrossed in their work.

### Police Warn Parents

## Plan Crack Down

Parents of children caught vandalizing the city's residential construction sites could well be facing prosecution in the near future.

The announcement came early this week from Novi Detective Lieutenant Richard Faulkner. "We're having more and more problems with children between the ages of eight and 14 causing damage running into the thousands of dollars in these developments," he said. "We're going to have to find a way to put a stop to it and we think the best way to do that would be to start enforcing our parental neglect ordinance."

The ordinance, which Faulkner refers to as passed by the city council in November, 1970, and establishes "responsibility for juveniles" and defines parental neglect of minors.

In essence, parental neglect is defined as "The failure to exercise reasonable parental control which results in the minor committing any criminal act or to allow or encourage any minor to commit any criminal act or become delinquent in accordance with the Probate Code."

Latest in the long series of minor vandalisms that have resulted in costly damage was a fire set in one of the Kaufman and Broad developments. The builders had "strawed down" the basements in all the buildings for winter. Later the straw was set on fire, causing damage to the building and requiring the job to be repeated.

Police call the fire typical. "You can't imagine the damage being done in those

subdivisions," said one officer. "Anything imaginable those kids will do. The builders will go out there some mornings and find grease smeared all over the insides of buildings, wiring will be ripped out, windows broken either by rocks or beebie guns, walls scraped up for no apparent reason, anything imaginable these kids will do."

"I've got rows upon rows of houses in my Heatherwood development," says a Kaufman and Broad construction superintendent, "with all of their windows broken out. The kids kick in dry walls and steal light fixtures off the front of these houses."

When and if enforced the parental neglect ordinance

## Conduct Code Under Study For Novi HS

Would requiring menial tasks, such as washing school windows or floors, be an appropriate disciplinary punishment for students?

That question and others are likely to be explored as the Novi Board of Education studies a proposed student conduct code for secondary schools before possible adoption February 21.

Representatives of the Citizens Advisory Committee are to discuss the code with the board and administration, perhaps amending parts of it, before adoption. Several changes already have been suggested by board and committee members.

One of these suggested changes, made by a committee member last week, was based on the argument that "punishment" should not make a "hero" of the disciplined student.

Suspension from school, it was pointed out, may in some instances be welcomed by a student who takes pleasure in boasting to others that he need not attend classes. To minimize or eliminate this "hero" role, it was suggested that the student be required to perform tasks about the school grounds so that his peers can see his punishment.

(property damage and-or loss and injury), it provides for up to 10-day suspension and full restitution for the first offense, followed by recommendation to the board for expulsion upon the second offense.

Suspension is defined as "removal of a student from school by the principal or his designee," while expulsion is defined as "removal of a student from school by action of the board of education."

Criminal acts are defined as arson, assault, battery, burglary, concealed weapons, illegally used explosives, extortion or blackmail, false fire alarms, false bomb calls, illegally used firearms, setting off firecrackers, larceny, malicious mischief (property damage), robbery, sale, use or possession of alcoholic beverages or illegal

drugs, trespassing, interference with administrators, teachers or other school personnel by force or violence, and interference with threat of force or violence.

For smoking or possession of tobacco, the code provides for parent conference and warning on first offense, for parent conference and a three-day suspension for the second offense and for parent conference and a five-day suspension for the third and repeated offenses.

For possession of alcoholic beverages, it provides for up to five days suspension for the first offense, up to 10 days suspension and notifying of law enforcement agency and parents of the action taken for repeated offense.

For alcoholic consumption and-or intoxication, it provides for parent-counselor conference during suspension, up to five days suspension and notifying the law enforcement agency and parents for the first offense; and for parent-counselor conference during suspension, up to 10 days suspension with possible recommendation to the board for expulsion, and notifying the law enforcement agency and parents for repeated offenses.

For trafficking or the distribution and selling of drugs or alleged drugs:

Parent notification, law enforcement notification, up to a 10 days suspension with possible recommendation to the board for expulsion, parent-counselor conference before return to school, and referral to appropriate agency for parental aid in dealing with the problem. For a second offense, the law enforcement agency is to be called after attempted parental notification and suspension pending board action upon recommendation for expulsion.

For illegal possession of drugs carried by the student in his clothing, his hands, or drugs found in his locker, car or personal belongings:

Notified, notification of law enforcement agency after attempted parent notification, up to five days suspension, parent-counselor conference during suspension before return to school, and referral to appropriate agency to aid parent in dealing with the problem.

Second offense — parents notified, notify law enforcement agency, up to 10 days suspension with possible recommendation to the board for expulsion, parent-counselor conference during suspension before return to school.

For being under the influence of illegally used drugs or substances:

First offense — parent notification, parent-counselor conference during suspension before return to school, up to five days suspension, referral to appropriate agency to aid parent.

Repeated offenses — parent notification, parent-counselor conference during suspension before return to school, up to 10 days suspension with possible recommendation to the board for expulsion if student is unable to function because of severe addiction.

Continued on Page 10-A

### School Revises Schedule

Daily time schedule at Novi High School has been advanced five minutes to expedite busing of elementary children to their respective schools, Principal Hal J. Seymour has announced.

Beginning of first period, for example, has been changed from 8:05 a.m. to 8 a.m.

Other new times include the following:

Bus arrival at the school, 7:50 a.m.; first bell, 7:55; first period, 8:00; first period ends, 9:55; third period begins, 10:00; third period ends, 10:55.

The fourth hour and lunch schedule:

"A" Lunch — 10:55 to 11:20; class time — 11:25 to 12:30. "B" Lunch (split class time) — 11:25 to 11:50; class time — 11:00 to 12:20.

"C" Lunch — 11:55 to 12:20; class time — 11:00 to 11:55. Fifth period begins at 12:25; fifth period ends at 1:20; sixth period begins at 1:25; sixth period ends at 2:20; bus departure is at 2:25.

A late bus leaves the school on Monday through Thursday at 3:45 p.m. for students on detention.

Concert Set Next Tuesday

Novi's Middle School will present its Christmas concert, Tuesday, December 14, it was announced Tuesday by Band Director Gordon Seiler.

Admission to the concert, which starts at 7:30 p.m., is free. It will be presented in the Middle School Cafeteria.

Featured will be the seventh and eighth grade bands and a string ensemble, as well as a puppet show and the eighth grade chorus.

The eighth grade band will present a featured number called "Jingle Bell Around the World." The special presentation will be narrated by Middle School student David Laverty.

**NORTHVILLE CHINA PAINTERS**—Admiring the holiday mailbox that was a decoration at the annual Christmas luncheon of the Northville Spring China Painters last Thursday at Livonia Holiday Inn are Mrs. Marcella Douglas, Mrs. Dominic Martinez, Mrs. Claude Waterman and Miss Elizabeth Etz, all of Northville.

## Bread Sale Benefits Band Unit

All of the more than 200 loaves of pumpkin bread baked by parents of Northville band students for the Sunday sale during Northville merchants' open house were sold by mid-afternoon, reports Mrs. E. O. Weber, sale chairman and president of the newly organized Band Boosters Club.

She adds that requests now are being received for additional orders. For anyone who would like to bake more for the holidays she shares the recipe:

**PUMPKIN BREAD**  
1 c. corn oil  
3 c. sugar  
4 eggs, beaten  
1 lb. can pumpkin  
3 1/2 c. flour  
1 tsp. baking powder  
2 tsp. baking soda  
2 tsp. salt  
1/2 tsp. cloves  
1 tsp. cinnamon  
1 tsp. nutmeg  
1 tsp. allspice  
Two-thirds c. water  
Combine sugar, oil and eggs. Add pumpkin. Sift dry ingredients and add to pumpkin mixture. Add water. Pour into three loaf pans or four smaller ones. Bake in 350 degree oven for one hour.

## Announce Picture Deadlines

Because this is the season in which many girls receive engagement rings while others become brides in holiday ceremonies, rules for publishing wedding or engagement stories are listed.

Wedding stories and pictures must be received in the newspaper office within 15 days after the wedding date. After this deadline only a brief announcement without a picture can be used. Both wedding and engagement pictures must be black-and-white. No color pictures are accepted. Poloroid snapshots will be used only if the quality of prints is exceptionally good. No specific size is specified. Wedding and engagement forms are available at the newspaper office. Information must be typed or printed clearly. It will not be accepted by telephone. As has been the Sliger newspapers' past practice, no charge is made for publishing wedding or engagement stories or pictures.

**TREE FOR 'WARMTH'**—Putting the first "decorations" on the Christmas mitten tree installed by the Northville Jaycettes in the Northville Branch of Manufacturers' Bank Monday morning are Mrs. Richard Rayborn, Jaycette president and chairman of the new

project, and A. Russell Clarke, branch manager and a vice-president. The Jaycettes are asking residents of the community to bring mittens, scarves and hats which will be given to as many as possible of the 500 children at the Plymouth State Home.

**ANGEL CREATOR**—Mrs. Goldie Latchford of Novi shows fellow members of Northville Spring China painters how she creates the Christmas angels that were a luncheon decoration last week.

## Decorators Hold Party

Northville Spring China Decorators proved at their Christmas luncheon last Thursday that their artistic talent extends beyond china painting.

Decorations on the tables at the Livonia Holiday Inn included a miniature mail box and elegantly-robed angels. These were the creation of Mrs. Goldie Latchford of Novi.

Mrs. Wendell Green of Walled Lake explained how she made styrofoam ornaments dipped in tinted wax and decorated with Christmas card pictures. Each member brought an ornament for an exchange. Pieces of undecorated china also were exchanged.

Mrs. Green also explained how stained glass mushrooms, a good luck symbol, are made. Mrs. Charles Hutton, also of Walled Lake, brought the homemade chocolate candies for the luncheon treat.

SANTA'S ARRIVAL in a helicopter Saturday brought out crowds as the jolly fellow in the red suit landed in the Downs parking lot and then was escorted through downtown Northville by the Northville High School marching band to his headquarters, an old-fashioned setting in Northville Hardware. He will divide his time between Northville and the North Pole, coming in Fridays (December, 10, 17 and 24) from 4 to 8 p.m., and

Saturdays (December 11 and 18) from 11 a.m. until 5 p.m. His appearance is sponsored by the Northville Community Chamber of Commerce and the High School Band Parents. Each little visitor to Santa's headquarters will receive a candy cane. Christmas wishes may be whispered to the Jolly Gent from a comfortable seat in the small rocker, or by perching right on Santa's knee.

# School Enhances Vocations

Continued from Novi, Page 1

and noise is at a minimum. Again the relaxed feeling - more the actual working conditions that a classroom. In their day to day learning, the students develop the techniques and concepts of good display practices and put them to work in their own showcase windows.

The Center is almost totally self-sufficient, or will be when all its programs are in complete operation.

For those enrolled in Horticulture and Landscaping, one current project is to restore the old apple orchard located on school property to full production.

In addition, they will also take over complete maintenance of the grounds and develop landscaping techniques, also for use on the school's property. Soil testing, fertilization procedures, insect control, disease and insect control will all be studied in practical application during the course.

The Floriculture program includes a retail merchandising shop where small floral arrangements are offered to the public and where students can develop skills in all facets of preparing for a career in that field.

A greenhouse divided into three separate growing climates is also used by the students in Floriculture. Poinsettias and evergreen seedlings are among the varieties of plants growing vigorously under watchful eyes.

Both the Medical and Dental office facilities are preparing for a program which will include a "well baby" and dental clinic.

Local doctors and dentists have volunteered their time to help students in both classes work with the most modern, up-to-date equipment. Their experiences will include learning how to perform certain routine procedures and how to assist the doctor or dentist in the variety of conditions found in actual practice.

All courses in the Center are designed to prepare the student for either college or the actual job market.

In the Industrial Electronics section, Carlson points out, the Center has some of the "finest, most sophisticated equipment in the world."

The same holds true in the Machine Tool operation, which offers courses in auto mechanics, diesel power mechanics, architectural, and engineering drafting.

"There is really a different type of feeling connected with our school here," said Carlson. "The emphasis is on doing things, students are not involved in time-wasting 'busy-work,' but are able to sense real value in what we're teaching and therefore approach school with a new feeling - a more dedicated attitude."

"Also, I think the students' attitude is contagious," he continued. "They're excited about what they're doing and it rubs off on us teachers and administrators. We find we're becoming more and more excited about the future of teaching centers such as this one as we see it in operation."

Surely, no longer a place for the juvenile delinquent or the under-achiever. It is a place for all students - the brilliant and the not-so-brilliant - to learn a useful, marketable skill. It is a place for students to find themselves and build on the experience.

Engraved on a plaque in one of the hallways is a remark made by Abraham Lincoln which seems to express completely the philosophy of the Center - "I will prepare myself and someday my chance will come."

## Parts Division Manager

### Ford Appoints Miller

Edgar O. Miller has been appointed manager of Ford Motor Company's Rawsonville General Parts Division. He succeeds R.A. Winder, who

retired. Miller is returning to a position he held from March, 1969, to December, 1970. He has served the company as

executive engineer in the Division's Product Engineering Office during the last year.

He was manager of Ford's Ypsilanti General Parts Division plant from 1967 to 1969. Prior to that he had held a number of managerial posts with the Division.

Miller joined Ford Motor Company in 1948 and held various positions on the Manufacturing Staff before moving in 1957. He became production control manager there in 1962.

Born on May 4, 1922, in Fraser, he was graduated from Michigan State University in 1947 with a degree in metallurgical engineering.

Miller lives with his wife, Jean, and daughters, Deborah Ann, 18, and Kim Irene, 14 at 21238 Woodfarm Drive, Northville.

# NOVI HIGHLIGHTS

**By JEANNE CLARKE**

Miss Caroline Gaffney is in the hospital after having undergone surgery last Monday. She has been transferred to Room 423 at Henry Ford Hospital in Detroit where she will be for about 10 more days.

Miss Hattie Garlick visited Mr and Mrs Harold Newman in Livonia Sunday.

Miss Hattie Bailey of Novi Road suffered a heart attack at home this past week and was taken to Pontiac General Hospital.

Pastor and Mrs Arnold Cook and daughter Marsha returned from a trip to Columbia Bible College in Columbia, South Carolina. While there they saw their daughters Linda and Loretta who are both participating in the college music program.

Mrs Nancy Jackson of Novi Road was taken unexpectedly to Plymouth General Hospital on Sunday afternoon.

Mr and Mrs John French returned this past week from a visit to Mrs French's sister and her family, Mr and Mrs Gene Dallas, of Arcola, Illinois.

Those from Novi attending the Oakland County Law Enforcement Ladies Night in Troy last week were Mr and Mrs Solomon, Leon Dochot, Lee BeGole, Mr and Mrs Frazer S Staman, Bob Starnes, Dick Faulkner, Eugene Choquet and Florence Harris. Mrs Harris was also fortunate in winning a \$10 gift certificate which was one of the door prizes.

**NOVI REBEKAH LODGE**

The Novi Rebekah Club met Monday and had a potluck dinner and exchange gift Christmas party. A good group attended. Election of officers was held—President Irene Wendland, Vice President Sue Watson, Secretary Frances Denton and Treasurer Hildred Hunt.

Thursday night there will be a regular lodge meeting with election of officers. Other activities include visitation of the Fernside Lodge last week and visitation on Monday night of this week at Royal Oak.

Plans are continuing for the Past Noble Grand Association of District 6 which will have its Christmas meeting at a luncheon on December 16 in Royal Oak. Also on December 16 at the H-eader in South Lyon, the local Past Noble Grand Association will be having a dinner Christmas party. In lieu of gifts, a gift will be given to a local group or organization.

On Tuesday Frances Curtis, Kathryn Bachert and Sue Watson attended the Past Presidents District 6 meeting at the Sveden House in Pontiac.

The Oddfellow meeting will be December 14th at the Hall on Novi Road.

**CUB SCOUT PACK 239 VILLAGE OAKS**

The Cub Scouts are making tree decorations and Christmas gifts this month. Everyone is reminded of the Father and Son bowling to take place on Saturday, December 11, at 2 p.m. at Country Lanes in Farmington. The Pack will pay for the boys' bowling. Anyone wishing more information should call Frank Darling at 476-2705.

The next Pack meeting will be Thursday, December 16, at the Village Oaks School. Each mother is asked to bring one dozen cookies.

**CUB SCOUT PACK 240 ORCHARD HILLS SCHOOL**

The theme for this month is "Goodwill." During the past quarter the dens in the pack have had many activities.

Den 2 visited a Pumpkin Farm, the Ice Follies and the Rodeo. Den 3 visited the Grist Mill in Parshallville, visited the Fire and Police departments, and made cork husks dolls.

Den 4 worked on paper mache projects, also made a rope making machine and gave a demonstration. Den 5 made a visit to the pumpkin farm, also to the fire and police departments, and the local haunted houses. They made Indian armbands and "Johnnycake".

Den 6 visited the pumpkin farm and the fire and police departments. They made turkeys out of pine cones, Indians out of Indian corn, paper mache masks, Indian

head bands and Indian puzzles.

Weberlos made first aid kits and fire buckets. They gave demonstrations of rope and knot tying. They also visited the police and fire departments.

The dens are making holiday ornaments which will be distributed to the local needy and Convalescent homes.

Mr Jerry Anthony was given a calendar to present to our sponsors, the local Jaycees. Mr. Leonard Gurka was awarded a coffee cup for his labors on behalf of the Pack. Everyone is encouraged to remember the all day training session this Saturday at Novi High School.

**NOVI PIN POINTERS**

Winner of the Mystery Game this week was Pat Arbour. Those coming close to the 200 pin mark were Doris Holroyde with 198 and Shirley Selp with 197. Everyone is reminded of the going away party on December 13 at the home of Karen Fitzpatrick and that December 22 will be the last bowling day of this year. Everyone is to bring a \$1 gift.

**BLUE STAR MOTHERS**

The Blue Star mothers were saddened by the death of Mrs Florence Loynes who was to have been installed as their new president at their Christmas Party on December 3. The meeting was held at the home of Mrs Dolly Alegnam and election of officers was held. President

**BLUE STAR GIFTS**—Harold Nordley, director of volunteer services at the Veterans Hospital in Ann Arbor, accepts gifts presented by the Novi Blue Star Mothers, Chapter 47, to help brighten the lives of hospitalized veterans. Gifts included the paintings shown here as well as other pictures and planters. Representing the chapter are (l to r) Geraldine Kent, Hazel Mandlik and Alma Klaserner. The chapter also donated \$400 for the purchase of television sets earlier this year.

elected was Nancy French, 1st vice president is Barbara Baldwin, 2nd vice president is Helen Burnstrum, Dolly Alegnam is secretary-treasurer.

**VOICE**

VOICE stands for Village Oaks Interested Citizens and Educators which is the new name for the parent-teacher organization at that school. At their meeting last week they ratified By-laws and elected officers. President is Philip Assaley, vice president is Marlene Spielman, secretary Joan Pietrowski and treasurer is Cliff Kirkland. The Board of Directors includes Bob Deckman, Joe Colliu and Mary Wilkins, and elected-teacher was Carol Smith.

There was a very good turnout of temporary officers who helped in forming this group were Shirley Moak and Audrey Murphy. The meeting also had Dave Brown, Village Oaks principal, as speaker, who spoke regarding dedicated teachers and those having a real concern for children.

The next meeting date will be set by the officers. They plan to meet five times thru out the year. Anyone wishing additional information may call secretary Joan Pietrowski at 349-5463.

**LIVING LORD LUTHERAN CHURCH**

There will be a special Christmas Worship and Communion service on December 24 at 8 p.m.

The day care Nursery "Child's World" at the church is planning a Christmas party on December 22. The children are planning to make decorations for their Christmas tree and an artificial fireplace to hang their stockings on. They are learning Christmas songs under the leadership of Mrs

Mrs. Zebrowski. The remainder of the troop is working on Christmas presents for their mothers.

Brownie Troop 404 worked on decorating frozen juice cans with contact paper and fringe to be used as small object holders. They also cut pendulums with cookie cutters out of cornstarch and water clay. When they harden they will be painted and attached to yarn for necklaces. The troop would like to thank Mrs. Edward Brown for sharing her crafts with them this week. Treats were brought by Donna Garcia.

Brownie Troop 351 made song books and learned several new songs including "When 'ere you make a promise", "Little Sir Echo", "Clapping Game" and "Chinese Fan." Heather Neil brought treats and Mrs. Allan Burton was special guest.

Mrs. Mary Beth Piatt and Mrs. Jody Adams attended the area association meeting last Monday evening. The Farmington-Novu area presented a new sign for "Camp Yntema," which is near Oxford, to the Southern Oakland Girl Scout Council. Also at this time 15 men were honored for their work on the Sustaining Membership Drive.

**FIRST BAPTIST CHURCH**

All church families and friends are urged to make plans now to attend the annual Sunday School program, which will be held December 19 at 7 Plans are being made for teachers to decorate their rooms and meet parents following the program in Flint Hall for refreshments which will be served by the Adult Sunday School class. Chairman is Mrs. Loren

Sannes. The Senior Ladies class will be participating by packing candy boxes, as they have done in other years.

The Sunday school football contest will have a "half-time" special program this Sunday morning at General Assembly. Special music will be presented by the "Smiley Trio" who are Laurie, also a ventriloquist, Billie, who also plays the trumpet, and Sharon, who sings. They will be accompanied by their mother, Mrs. W. Smiley.

The Vera Vaughn Circle is planning to sponsor an inter-church Christmas Mail Delivery Service. All families are encouraged to bring cards to the church mailbox in the vestibule without stamps. From there, the mail will be distributed in special alphabetized mailboxes. The money that would be saved thru this project will be used to purchase a mimeo machine for Carole Swain, one of the church missionaries.

## HOLY CROSS EPISCOPAL CHURCH

Holy Eucharist was celebrated at 7:30 a.m. and at 11:15 a.m. Ushers were Charles and Ira Lehman. Acolyte was Glen Kundrick. During the morning worship service the second candle was lighted on the Advent wreath. In the absence of the regular organist, Miss Diane Brasure, daughter of Rev. Lloyd Brasure of the First Presbyterian Church of Northville, was guest organist.

The congregation was happy to welcome Rev. Richard E. Shinn, Secretary of Diocese from Cathedral of St. Paul, Detroit, who gave an

inspiring sermon. During church services a Seborum was given by Mrs. Bernice McCollum and friends in memory of her late husband, Orla McCollum, and this was dedicated for use in the church.

Following church services the Roaring Sevenites had a successful bake sale. The Cross and Crown publication for December was available in the Narthex of church. Mrs. Pat Cousins, Mrs. Annie Laurie Stultz, Mrs. Charles Miller and Mrs. Gloria Morgan are on the Altar Guild for month of December.

Mr. and Mrs. Richard Rumble were in charge of the Coffee Hour. The Altar flowers were given by Mrs. and Mrs. Phil Scott. The E.C.W. will have a candy sale. Chairman is Mrs. Grace Oberg, who can be reached at 437-6263. The Vicar would like all questionnaires returned as soon as possible to the church. Also, anyone having Mrs. Elston Poole's Florida address is asked to turn it in. Anyone wishing to give Christmas Altar flowers is asked to contact Mrs. Louis Tank.

**NOVI GOODFELLOWS**

There is still a need for sales people in the various subdivisions to handle the paper sales on December 10 and 11. Anyone wishing to work on this project is urged to contact Leon Dochot at MA-4-1248. Also, anyone wishing to make any sort of contribution is asked to contact Dochot.

Names of needy families may be turned in to Mrs. Dorothy Macaluso at 349-6216, Mrs. Betty Harbin at 349-1005 and Miss Eugenie Choquet at MA-4-1248.

## Study Conduct Code

Continued from Novi, 1

and referral to appropriate agency to aid parent.

For driving or parking lot violations:

First offense — improper parking, warning, improper use or not displaying sticker, warning, speeding on school property, revoking driving privileges up to five days and notifying parents; reckless driving on school property, revoking driving privileges up to balance of school year and notifying parents, call police for ticketing.

Second offense — improper parking, driving privileges revoked for up to five days, improper use or not displaying sticker, driving privileges revoked up to five days; speeding on school property, driving privileges revoked up to 10 days and notify parents, call police for ticketing.

Repeated offense — improper parking, revoking driving privileges for up to balance of the school year and notify parents, improper use or not displaying sticker, revoke driving privileges up to balance of school year and notify parents, speeding, driving privileges revoked for a calendar year and notify parents, call police for ticketing.

For class disruption, insubordination:

First offense — sanctions up to debarmment and or up to a five day suspension is occurring in class, up to five day suspension is occurring on school property.

(Debarment is defined as removal of student from particular class or classes but not from the building.)

Repeated offenses — debarmment and or suspension up to 10 days if occurring in class; up to 10 days suspension if occurring on school property and parent conference before return to school.

For fighting on school property, bus stops, before

and after school, or in activities sponsored by the school or under school jurisdiction:

First offense — up to five days suspension with possible recommendation for parent conference and medical or psychological testing before returning to school in cases of severe injury or psychological trauma.

Repeated offenses — up to 10 day suspension with possible recommendation for medical or psychological testing before returning to school in cases of severe injury or psychological trauma; there must be a parent conference before student may return to school, recommendation may be made to the board for expulsion.

For tardiness — each school is to determine its own tardiness policy, but it could result in up to five days suspension.

For school truancy:

First offense — warning, one hour after school and or up to a one-day suspension for missing a single or partial period, warning, four hours after school and or up to a two day suspension for missing more than one period, warning and up to three days suspension for missing a day of school; and up to five days suspension for missing more than one day of school.

Second offense — up to 10 days suspension with parent conference before return to school.

Use of filthy or obscene language (written or verbal):

First offense — up to five days suspension.

Repeated offenses — up to 10 days suspension with parent-counselor conference before return to school.

The proposed code outlines freedom of speech and assembly:

1. Students are entitled to verbally expressing their personal opinions so long as these opinions do not interfere with the freedom of others to express themselves. Obscenities or personal attacks are prohibited.

2. Student meetings in school buildings or on school grounds may function only as part of the formal educational process or as authorized by the principal.

3. Students have the

freedom to assemble peacefully. There is an appropriate time and place for the expression of opinions and beliefs. Conducting demonstrations which interfere with the operation of the school or classroom is inappropriate and prohibited.

Regarding the freedom to publish:

A. Students are entitled to express in writing their personal opinions. The distribution of such material may not interfere with or disrupt the educational process. Such written expressions must be signed by the authors.

B. Students who edit, publish or distribute handwritten, printed or duplicated matter among their fellow students within the school must assume responsibility for the content of such publications.

C. Libel, obscenity, and personal attacks are prohibited in all publications.

D. Unauthorized commercial solicitation will not be allowed on school property at any time. An exception to this rule will be the sale of non-school-sponsored student newspapers published by the students of the school district at times and in places designated by the school authorities.

Another publishing rule prohibiting the distribution of political material has been suggested for removal by Board President Gilbert Henderson, with the substitution of a rule that prohibits materials that advocate the violent overthrow of the government.

He argued for the elimination of the political materials provision, pointing out that students should be encouraged to be politically active — particularly now in view of the 18-year-old vote.

The code also authorizes corporal punishment (spanking) "when issued in a responsible manner, taking into consideration the age, sex, and size of the offender and the seriousness of the offense."

An amendment to the corporal punishment provision has been suggested, prohibiting its use publicly except "to protect a student or staff member (self defense) from violence."

will be applied to parents whose children are habitual violators. "It's funny," said one of the detectives, "but its the children of some of the people who complained the loudest about vandalism in their own subdivisions who are doing the damage in these new developments."

The ordinance calls for a fine of not more than \$500 and or a jail term of not more than 90 days.

The Novi ordinance is similar to the one adopted by several other metropolitan-area cities. Some controversy as to their constitutionality has arisen, but as yet no final ruling has been made.

"As far as we're concerned," said Novi Police Chief Lee BeGole, "the city attorney and the city council have put the law on the books, and we intend to enforce it."

Members of Novi Boy Scout Troop 54 Stand By Their Prized Possession — A 1947 Greyhound Bus

# Bus Finds New Home With Novi's Scouts

It needs a paint job and certainly nobody would confuse it with one of the modern streamlined versions, but to the 40 members of Novi Boy Scout Troop 54 the 1947 GMC diesel Greyhound bus is just about as fine a piece of equipment as you'd ever hope to see.

If you think it's unusual for a boy scout troop to own its own Greyhound you're right, but the fact, nevertheless, remains that Novi's boy scouts do indeed have their very own bus.

Scoutmaster Dave Harrison will tell you that it was only through an unusual set of circumstances that his troops happened to get the bus in the first place.

The fine old machine was previously owned by a citizen's band radio club in Walled Lake. They were forced to sell it, however, when the city council would now allow them to park it on residential property.

That's where the Novi scouts entered the picture. Local industrialist Paul Bosco bought the bus for \$2,000 and gave it to Troop 54, asking that they pay him back \$1,800 when they could afford it.

In just one year Harrison's scouts have managed to pay back roughly \$1,200, but they

still have \$600 to go and they'd like to repay Bosco as quickly as possible.

For that purpose they have two fund raisers scheduled for the near future. This weekend Saturday and Sunday, December 11 and 12, the scouts are sponsoring a turkey shoot at the Novi City Park between 12 noon and 5 p.m. "There will only be 10 people on the line at a time," explained Harrison, "and the one who comes closest to the middle of the target will win the turkey." Refreshments will also be available and the scouts are hoping for a big turnout, not only in participants, but also in spectators.

The other money maker for the scouts is their annual Christmas Tree sale. Once again they will be selling their trees from the lot next to Trickey's Bait and Sport Shop. "We've got 300 trees for sale this year," said Harrison. "We took a bunch of the scouts up to a place near Clare, Michigan, a couple of weeks ago and we hand selected each tree. We think they're about the best trees around."

In the meantime the scouts are quite content with their vintage Greyhound. "It's ideal for scouting," said

driver Fred Buck, who is father of two of the scouts in the troop. "We've taken out some of the seats for storage and we have all kinds of room in the old luggage compartments underneath the bus for putting our tents and other paraphernalia."

Buck would like to see the bus kept in good condition. "Once we've got it paid for we still have to keep it up," he said. "Right now it needs a paint job badly and it needs a few parts. It would be a shame to get something like this and then lose it because we didn't take good care of it."

Item number one, however,

is repaying Bosco. But even while the scouts are working hard to fulfill that obligation in best boy scout creed fashion, the old Greyhound is getting plenty of use. Every summer, the boys of troop 54 travel to their two weeks of summer camp in fine style aboard their bus and they also use it on frequent weekend camping trips throughout the year.

But, alas and alack, women's lib has hit even the scouts. A few weeks ago Troop 54's Greyhound, provided the transportation for a co-educational trip with the Girl Scouts to the Ice Capades at Olympia.

## Democrats Pick Political Goals

Basic political goals were adopted Thursday in the first organizational meeting of the Northville Democratic Club, according to spokesman Dr. Larry D. VanderMolen, township precinct delegate. "The group agreed that involvement in local issues, organizing for the election of responsible officials, and recruiting active members

for the party, would be the primary goals of the organization," he said.

Monthly meetings are to be held to discuss and debate national and local issues, he added. "The Northville Democrats are particularly interested in grass roots organization of the local electorate."

## Novi Girl Wins DAR Honors

Novi High School senior Laura Little has been named the recipient of the Daughters of the American Revolution National Society Award.

The award is based on dependability, service, leadership, and patriotism and stresses truthfulness, loyalty, cooperation, courtesy, ability to assume responsibility, and unselfish

loyalty to American ideals. Miss Little earlier this year received special commendations for her performance on the National Merit Scholarship Program

She is an honor student and a member of the French Club and Marching Band. She plans to attend Northern Michigan University next fall.

New books available at the public library this week include:

**IN NORTHVILLE ADULT**  
"The Pomegranate and the Rose," Winifred Roll; Recreates the tragic life of King Henry VIII's first wife, Katherine of Aragon, against the splendor and ceremony of the age.

"Conflict and Conscience," Mark Twain; Hatfield; The distinguished senator from Oregon shares his deep religious faith and his views on man's obligation to fellow man, the state and God.

"Journey to Heartbreak," Stanley Weintraub; Biographical study of the British playwright focuses on the censure and hardships endured by him for his outspokenness during World War I.

**JUVENILE**  
"The Mysterious Christmas Shell," Eleanor Camron, A

beautiful sea shell holds the key to a missing will that could prevent an expanse of cliff, beach and redwood grove from being destroyed by the bulldozer to make way for houses and shopping centers.

## Police Blotter

# Two Hurt in 8 Mile Crash

### In Township

Two persons were hospitalized with injuries following a two car accident on Eight Mile Road just east of Llewellyn Friday. The accident occurred at 11:23 p.m.

Injured were William C. Estey of 41197 Park Forest and Ada M. Bloom of 710 West Main Street. Estey, driver of one of the vehicles, was taken to St. Mary hospital unconscious and with possible internal injuries. Mrs. Bloom, passenger in a vehicle driven by Charles H. Bloom, was treated for leg injuries and released.

According to township police reports, Bloom was eastbound on Eight Mile Road and Estey was traveling westbound when the accident occurred. Police said Estey made a U turn in front of the Bloom vehicle and Bloom hit the rear of Estey's car.

Police are investigating possible arson in a hay stack fire Friday night on Ridge Road south of Six Mile.

According to township reports, a set of footprints and wide tire tracks were found at the scene. The fire started about 10:15 p.m.

A home at 19230 Maxwell was broken into between 1 and 9 p.m. Friday and more than \$300 worth of items stolen.

Township police said a window in a door of the home was broken to gain entry. Missing are a portable television, radio and watch.

Two thefts were reported to township police last week. Golf clubs and golf equipment valued at \$450 were stolen from Meadowbrook Country Club and three watches valued at \$250 were taken from a home at 18493 Jamestown Circle.

truck was parked behind Ramsey's Bar.

A portable television set valued at \$117 was reported stolen from an unlocked tack room at Northville Downs. Police said the theft occurred between 6 a.m. and 2 p.m. Monday.

State and city police are continuing to investigate a burglary which occurred early December 1 at the Boron service station, 710 West Eight Mile Road.

According to reports, the building was entered between 11 p.m. November 30 and 6:30 a.m. December 1 by breaking a window.

A safe was opened with a key kept at the station and about \$120 stolen. Money kept in another area of the safe was untouched, reports said.

Police said on the afternoon of November 30, 25 stamp books valued at \$60 had been stolen from the station.

Several thefts from students were reported this week at Northville High.

One student told police her brown double breasted maxi coat was stolen from her locker the day before Thanksgiving while another girl reported \$74 was taken from her purse between 7 and 10 p.m. December 1 while she was attending drama class.

### COURTNEWS

Ray L. Baker of Barn K, Northville Downs, pled guilty to a charge of drunkenness and was fined \$54. Baker, who had requested a jury trial, changed his plea November 30 before 35th District Court Judge Dunbar Davis.

Baker was arrested on the charge by city police July 30.

### In Novi

Police are investigating a breaking and entering at the Donald Young residence, 43775 Nine Mile Road. Young told police that he returned home Sunday, November 28, at approximately 4 p.m. and discovered his house had been broken into.

Missing are fur coats and stoles, hand guns, money, and other items valued at more than \$1,000.

Thaddeus Kopp, 32, of Plymouth suffered slight injuries when he was involved in a three car accident Friday morning.

According to police reports, the accident occurred when a car driven by John Dowd, a Northville man, swerved out of control after passing a truck while travelling south on Novi Road.

Dowd's car went first to the south bound shoulder then whipped back across the road and hit the car driven by Kopp. A third car, driven by

Suzanne Azore of Livonia then hit Dowd's vehicle.

A man wanted in Novi for uttering and publishing, popularly known as passing bad checks, has been arrested by Westland Police on the same charges.

William McGuire was taken into custody on three outstanding felony warrants and arraigned before Judge Martin Boyle in the 52nd District Court. He was released on \$300 cash bond.

Two adults and two juveniles banded together in what was apparently a run-away attempt, stole a car, and got as far as Emmett County before being stopped by the Emmett County Sheriff's Department and charged with breaking and entering.

Investigation revealed that two juveniles and Renee Rester, a 17 year old female, and Bruce Ireland, 17 and son of the owner of the stolen vehicle, had run away from home, taking Mrs. Ireland's car.

Police later learned that the foursome had been picked up by Emmett County sheriffs and the two adults had been charged with breaking and entering a home.

One of the juveniles involved in the run-away, police report, was allegedly involved in a number of crimes in the Walled Lake area.

Novi's General Services Bureau, primarily consisting of the Detective's Bureau, handled 107 assignments in the month of November - 38 felony assignments, 31 misdemeanors, and 38 general, non-criminal cases.

### Soroptimists

### Give Award

Announcement that the Farmington Soroptimist Club again seeking nominations for its annual Youth Citizenship Awards for Farmington and Novi high school seniors was made this week.

The awards, according to Co-chairman, Mrs. David Moorhouse, are for merit rather than scholarship. Those eligible to apply have to be graduating from high school during the 1971-72 school year.

Awards, she explained, are judged on service in home, school, and community, on dependability, truthfulness, loyalty, leadership and a clear sense of purpose.

Three awards are given by the club: \$150 first place, \$100 second place, and \$50 third place. The first place winner becomes eligible to compete for the "regional award" of \$1,000.

Each regional winner will participate in the national contest for the top award of \$1,500.

Applications, which are available at Novi High School, must be turned into Mrs. Moorhouse, 21956 Treadwell, Farmington 48024 by January

Plymouth Central Junior High auditorium

Mrs. Neil Nichols, also a Northville resident, has stepped into the role of the wife's friend, Grace Kimbrough, in a last-minute cast replacement this week. Since Northville does not have a local theater group, many residents have been active in the Plymouth one.

Mrs. Larry Cook is in charge of ticket sales and may be reached at 349-4924. They will be available also at the door at \$1.50 for adults and 75 cents for students through high school age. Mrs. Carl Schrobol is in charge of props.

### In Northville

City police recovered a stolen motorcycle Sunday shortly after 1:15 p.m. The cycle was found by a citizen in Hines Park near Seven Mile Road.

Police said the vehicle had been covered with leaves and branches. Owner of the cycle, Jack H. Riggs of 18511 Jamestown Circle, said it had been stolen from his home two days before police found it.

John Lazor of 8787 Chubb Road told police nearly \$250 worth of clothing, miscellaneous tools and a shot gun were stolen from his pick up truck over the weekend.

Lazor said the theft occurred between 7:15 Friday night and 2:35 Saturday morning. A vent window in the truck had been smashed to gain entrance to the vehicle. The theft occurred while the

# Goodfellows Will Give More Gifts

By NANCY DINGELDEY

It's Goodfellow Week in Wixom! This is the time of year when the "old newsboys" stand on street corners and knock on neighborhood doors with canister and newspaper in hand so that everyone in our community will have a Merry Christmas.

As Gunnar Mettala, Secretary of the Wixom Goodfellows so aptly put it, "The economic downturn has hit many families hard this year—skilled people have been exhausting savings rather than accept charity. A gift basket from the neighbors—not charity—is our way of wishing them well."

Baskets of food, clothing and some toys to our families in need are purchased by the Goodfellows, then packed and

delivered on Dec. 23. So, let's think of others also this Christmas. Buy a newspaper from the guys and then smile that you've been able to help someone who needs it.

The men will be stationed at the Ford plant this Friday morning and then will canvas the neighborhoods on Saturday and Sunday. The Novi News has donated all the newspapers that will be sold so every dollar donated will go directly into baskets.

Lottie Chambers, Lillian Byrd and Hilda Furman do all the buying for the Christmas baskets for our less fortunate neighbors. These three women have taken on this "remendous job and have been doing it for over ten years. And, sadly, Lottie has announced that this is the last year of active work for her

with the Goodfellows. Certainly, she will be missed by all the Goodfellows and by all those she has helped through difficult times during her years of service.

Things have calmed down a little and life is returning to "normal" for a few of those people involved in the "Unique Boutique" bazaar were well done and reasonably priced. The turnout of people was far less than anticipated but those who did come were full of praise and many left with happy smiles over their purchases.

Even with all the work and those inevitable last minute things that had to be done, it was a fun time. And the Goodfellow treasury is just a little fatter because of the work. Things may be brighter next year! And to all the gals who put in their hours, again, a big thank you.

And the bazaar at the Finn Camp was quite successful. They had many different items on display and drew a nice crowd. It was good to see some of the Wixom people stopping by and browsing. All it takes is a little effort and everyone can have a good time.

Glad to hear the Chamber of Commerce decided to have their December meeting at the Voc. Ed. Center. Besides a tour of those fabulous facilities and luncheon in their dining room, they had as their guest speaker Senator Carl Pursell.

The Cub Scouts in Wixom are on the move. The boys and their parents were invited to a meeting a couple of weeks ago at Wixom School followed by a planning meeting held at City Hall last week. A good turnout of boys was on hand at the first meeting showing a great interest in the scouting movement.

**UNIQUE BOUTIQUE**—Beverly Paisley, Marsha Grange, and Pat Leonard arrange one of the numerous displays of arts and craft projects on sale at Wixom's Unique Boutique last week. The sale was an artistic, if not a financial, success, and a portion of the proceeds were turned over to the Wixom Goodfellows.

Ken Mackey of Lakeridge Road is the chairman of the Scouting Committee and Jan Dulek of Maple Road volunteered to be a den mother.

Two more den mothers are needed to cover the other dens needed to facilitate the boys, as well as fathers and mothers, to really make this thing go. The interest is there—let's help nurture it.

Geri Sedlar, the daughter of Helen and Bill Sedlar returned from a two month stay in Europe a couple of

weeks ago. Geri made the trip with four sorority sisters from Michigan State and said she had an absolutely glorious time.

About the only country the girls missed visiting was Greece so they really covered the territory, staying in youth hostels all across the continent. One of the gals had an emergency appendectomy in Austria so a little extra time was spent there until she was well enough to fly home.

In January, she will return to her classes, at State where she is majoring in retailing and buying and will graduate this summer. What would she like to do—"go back to Europe and see everything all over again."

A group of the fifth and sixth grade Pioneer Girls from the Baptist Church boarded their bus Saturday morning and took a trip to Frankenmuth, where they visited Bonner's. What better place to go during the Christmas season than a place that is so well known for their Christmas decorations.

## Schoolcraft

### Ranks Eighth

Schoolcraft College with 6,017 students ranks eighth largest in the state among community colleges based on fall semester enrollment figures released by the Michigan Department of Education.

The report shows Macomb County Community College with 17,640 students is largest among the state's 29 public community colleges. Oakland County Community College ranks second with 14,583.

**NATIVITY SCENE**—Made of clay and hand-crafted by Pat West, this creche was a featured item at the Unique Boutique.

## At Schoolcraft

# Pianist Tops Public Concert

Pianist Beverly Curcio, who has never before performed in public, will be the featured soloist in the Winter Concert December 10 at Schoolcraft College.

Miss Curcio has selected Mozart's "Concerto for Piano in E-Flat" for her debut. She will be accompanied by Robert W. Jones, Schoolcraft's Composer-in-Residence, at a second piano.

The concert will mark the first major presentation of the Schoolcraft Orchestra, formed this year by its director, Richard Saunders. A new group, the Brass Ensemble, will make its first appearance to play traditional brass ensemble music from the Baroque Period.

Saunders, Schoolcraft's director of fine arts, "discovered" Miss Curcio less than a month ago. He happened to hear her at practice one day and invited her to perform at the music departments' symposium. This is a weekly gathering of music majors who perform for each other.

Miss Curcio played a number from Chopin described by Saunders as "one of the most musical pieces I've ever heard by a student." It was then the director determined to feature her as a soloist in the Winter Concert.

Born in Detroit and raised in Livonia where she now lives, Beverly Curcio began piano studies at age four, with her mother as her teacher. At nine she entered the Redford Conservatory, returning there 10 years later as a teacher. She now teaches private students in her home and attends Schoolcraft as a music major.

Miss Curcio says she returned to college to become

a better music teacher and to improve her piano techniques.

The concert will begin at 8 p.m. in the Auxiliary gym of the Physical Education Building. Admission is free.

## NOTICE OF PUBLIC HEARING MONDAY, DECEMBER 20, 1971 8 P.M. NORTHVILLE CITY HALL

A Public Hearing will be held by the Northville City Council on the following amendment to the City of Northville Code of Ordinances at the Northville City Hall, 215 W. Main St., Northville, Michigan.

### THE CITY OF NORTHVILLE ORDAINS

Section 1. This Ordinance is adopted pursuant to authority granted in Section 14 of Act No. 74 of the Public Acts of 1968 (Mich. Stats. Ann. 9.3200 (14)).

Section 2. Definitions. As used in this Ordinance:

(a) "Operator" means any person who operated or is in actual physical control of a snowmobile.

(b) "Owner" means any person, other than a lienholder, having the property in or title to a snowmobile entitled to the use of possession thereof.

(c) "Operate" means to ride in or on and to control the operation of a snowmobile.

(d) "Person" means an individual, partnership, corporation, the state and any of its agencies or subdivisions, and any body of persons whether incorporated or not.

(e) "Snowmobile" means any motorized vehicle designed for travel primarily on snow or ice steered by wheels, skis or runners.

(f) "Highway or Street" means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel and shall include among other portions thereof the sidewalk and the area between the sidewalk and the curb.

(g) "Roadway" means that portion of a highway improved, designated or ordinarily used for vehicular travel. If a highway includes two or more separate roadways, the term roadway refers to any such roadway separately, but not to all such roadways collectively.

Section 3. Except as otherwise provided, no snowmobile shall be operated within the City of Northville unless registered by the owner with the State of Michigan as required by Act No. 74 of the Public Acts of 1968. No registration is required for a snowmobile operated exclusively on lands owned or under the control of the snowmobile owner.

Section 4. The owner of any snowmobile having been issued a certificate of registration for the snowmobile by the State of Michigan shall paint on or attach in a permanent manner to each side of the forward half of the snowmobile the identification number issued by the State of Michigan in block characters of good proportion, not less than three inches in height, reading from left to right. The numbers shall contrast so as to be distinctly visible and legible. No number other than the number assigned to a snowmobile by the State of Michigan, or granted reciprocity under Act 74 of the Public Acts of 1968, shall be painted, attached or otherwise displayed on either side of the forward half of the snowmobile.

Section 5. No person shall operate a snowmobile upon the streets or highways within the City of Northville as defined in this Ordinance, with the following exceptions:

(a) Properly registered snowmobiles may cross streets and highways, except limited access highways and freeways as defined in Act No. 300 of the Public Acts of 1949, if such crossing can be made in safety and it does not interfere with the free movement of vehicular traffic approaching from any direction on such highway. The snowmobile operator shall yield the right of way to all vehicular traffic upon any street or highway.

(b) Snowmobiles may be operated on a street and highway during a period of emergency, when so declared by the Chief of Police, when travel by conventional automobile equipment is not possible.

(c) Snowmobiles may be operated on the highways within the restrictions herein set forth for the purposes of crossing bridges and culverts.

(d) Snowmobiles may be operated on a street or highway for a special snowmobile event of limited duration which is conducted according to a pre-arranged schedule under permit from the governmental unit having jurisdiction.

(e) Whenever it is impractical to gain immediate access to an area adjacent to a public highway where a snowmobile is to be operated, the vehicle may be operated adjacent and parallel to the highway for the purpose of gaining access to the area of operation. This subsection shall apply to the operation of a snowmobile from the point where the vehicle is unloaded from a motorized conveyance to and from the area where the snowmobile is

to be operated when loading and unloading cannot be effected in the immediate vicinity of the area of operation without causing a hazard to vehicular traffic approaching from either direction on the highway. Loading or unloading must be accomplished with due regard to safety at the nearest possible point to the area of operation.

Section 6. No snowmobile shall be operated in the City of Northville unless it has at least one headlight, one taillight and adequate brakes capable of producing deceleration at fourteen feet a second on level ground at a speed of twenty miles per hour.

Section 7. No person shall operate a snowmobile:

(a) At a rate of speed greater than is reasonable and proper, having due regard for conditions then existing.

(b) When under the influence of intoxicating liquor or narcotic drugs, barbitol or any derivative of barbitol.

(c) During the hours from one half hour after sunset to one half hour before sunrise, when permitted by this ordinance, without displaying a lighted headlight and a lighted taillight.

(d) In any nursery, planting area, or natural area of forest reproduction and when growing stock may be damaged.

(e) Unless it is equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke.

(f) While transporting thereon a bow or a firearm.

(g) In any cemetery in the City.

(h) In any public lands except as may be specifically permitted by Resolution of the City Council.

(i) Between the hours of 10 p.m. and 7 a.m. except as noted in Section 5b of this Ordinance.

Section 8. The operator of a snowmobile involved in an accident resulting in injuries to or death of any person, or property damage in an estimated amount of \$100.00 or more, or some person acting for him, or the owner of the snowmobile having knowledge of the accident, shall immediately by the quickest means of communication notify the Police Department of the City of Northville.

Section 9. A dealer shall maintain in safe operating condition all snowmobiles, rented, leased or furnished by him. The dealer, his agents or employees shall explain the operation of the snowmobile being rented, leased or furnished and if such dealer, his agent, or employee believes the person to whom the snowmobile is to be rented, leased or furnished is not competent to operate such snowmobile with competency to himself and to the safety of others, he shall refuse to rent, lease or furnish the same.

Any dealer renting, leasing or furnishing any snowmobile shall carry a policy of liability insurance subject to limits exclusive of interests and costs, with respect to such snowmobile, as follows: \$20,000.00 because of bodily injury to or death of one person in any one accident and subject to said limit for one person, \$40,000.00 because of bodily injury to or death of two or more persons, in any one accident, and \$10,000.00 because of injury to or destruction of property or others in any one accident, or the alternative, demand and be shown proof that the person renting, leasing or being furnished a snowmobile carries liability policy or at least the type of coverage as specified above.

Section 10. No persons shall authorize or knowingly permit a snowmobile owned by him or under his control, to be operated in violation of this Ordinance.

Section 11. Any person or persons violating any of the provisions of this Ordinance shall, upon conviction thereof, be sentenced to pay a fine not exceeding Five hundred dollars (\$500.00) or by imprisonment for not more than ninety (90) days in the City or County Jail, or by both such fine and imprisonment, in the discretion of the Court.

Section 12. Police officers may use the procedure set forth in Public Act 147 of the Public Acts of 1968. State of Michigan, in enforcement of the provisions of this Ordinance.

Section 13. If any section or provision of this Ordinance shall be held invalid by a court of competent jurisdiction, all other terms and conditions shall remain unchanged.

Section 14. The provisions of this Ordinance shall take effect after publication as required by law.

Martha M. Milne  
City Clerk

# Editorials... a page for expressions ...yours and ours

## SPEAKING for The Record

By BILL SLIGER

This week Northville township is reviewing the results of its questionnaire sent to all registered voters seeking opinions on police protection for the township.

Presumably, the township will soon be releasing the broad results of the inquiry, and I'm sure there will be a variety of responses.

It may, as a matter of fact, be impossible to accurately determine a "majority attitude" because of the great number of alternatives.

But two township residents saw fit to send copies of their replies along with comments to me.

They come from Wilson D. Tyler, a Detroit Bank & Trust vice president and a former township trustee, and Eugene Guido, civil defense director for Wayne county and an active participant and observer of township affairs.

It's obvious that both Tyler and Guido gave considerable thought to the questionnaires before completing them. It's also a fact that both are well informed on local government, particularly as it applies to Northville.

I'm reprinting their comments here because I respect their opinions, and secondly (and I hope not most importantly), because I agree with them.

Also, it's comforting to have someone else occasionally speak out. The same voice singing the same old phrases can become boring and ineffective.

So let's listen to Tyler and Guido!

The following are excerpts:

From Tyler—

1. Do you feel that more police protection is required? YES—But not without definitions on size, method, cost, and future developments

2. If you feel that more police protection is becoming necessary how would you like to see it accomplished?

a. Increase size of present Township Police Department and as area growth requires, provide a full Township Police Department? NO—This would be a most costly, inefficient solution

b. Contract for required police service with the Wayne County Sheriff? NO—This has been and is continuing to be a very costly, unstable, and insufficient service.

c. Contract for required police service with the Northville City Police Department? YES—This is the most logical, efficient, and economic avenue to satisfy our current growing pains, allowing us time, with protection, to measure future needs. Even if unsatisfactory, it could have material salvage values

d. Join with the City of Northville in a Community Police Department that would provide required police services under joint control of the Northville Township and Northville City Governmental bodies? NO—This is a very weak sister to choice "c", and it would make our police service too susceptible to becoming a political football. Firm and singular direction and leadership are required

3. Would you vote for additional tax millage for police protection? YES—This is related to answer No. 1 and requires limitation by giving definition to the amount of "police - protection."

4. If yes to No. 3 would you vote (question asks for how much millage)?—Any answer here puts the cart before the horse. Individual answers should only be given in response to the scope, method, etc. of the protection proposed - or alternatives. There is also the danger here of providing a "kitty" to which total a system will be built whether entirely based on need, etc. or not. After that, of course, it can only be additionally (\$) up.

5. Would you favor total unification between City of Northville and Township? YES—Unequivocally! With our most common denominators schools, churches, recreation, business, and shopping, we have no good reasons or purposes of substance to be living so interrelationally close, yet so separately - inefficiently - uneconomically - uncooperatively - and on too many occasions bitterly.

6. Remarks—With reflection on my experiences as a member of the Township Board, the Township Police Study Committee, and the Unification Study Committee, I might be very sour on the immediate prospects of what I would term satisfactory results of present police and unification efforts.

However, it is difficult for me to believe the people in these communities (really one), if properly informed, can see the very satisfactory "joint" participations in fire protection, library services, recreation programs, and what else—and yet be blind to the probability of a similar joint performance in police protection (which should lead to total unity)

I feel so firm in my convictions in these areas that I shall voice an opinion or offer assistance whenever it seems appropriate to effectuate the ends I hope will be attained.

Working with communities of all sizes and legal definitions for almost twenty (20) years, I can see no adequate future for continued or accelerated proliferation of municipal govts. Consolidation or unification - even partial separation - should be exercised as conditions dictate such action would be in the best interests of the area (s) involved, in services and costs.

From Guido—

1. Do you feel that more police protection is required? YES

2. If you feel that more police protection is becoming necessary how would you like to see it accomplished?

a. Increase size of present Township Police Department and as area growth requires, provide a full Township Police Department? NO.

b. Contract for required police service with the Wayne County Sheriff? YES—If possible and practical

c. Contract for required police service with the Northville City Police Department? YES.

d. Join with the City of Northville in a Community Police Department that would provide required police services under joint control of the Northville Township and Northville City Governmental bodies? YES—If (c) not possible.

Would you vote for additional tax millage for police protection? YES—for contract services, NO—for additional township police.

4. If yes to No. 3 would you vote (additional millage)? — for total unification with the city.

5. Would you favor total unification between City of Northville and Township? YES—as a matter of good common business sense.

6. Remarks—As a registered voter of Northville Township and as a career governmental employee, it is obvious to me that township government, as we know it in Northville Township, is daily becoming more outmoded. It is also obvious to me, that certain of the current roster of officials are attempting to build a political empire calling for duplication of the services that are readily available through a total unification with the city.

With the building boom currently under way in Northville Township, it can only result in an influx of many additional people requiring additional services that we as a township cannot possibly provide in an economic manner. The results of the recent Unification Study Committee are basically reasonable and sound and while the cost for both city and township resident may be pegged at 7 mills, common sense indicates that we as a township attempting to provide all services now provided in the city would cost far in excess of even 10 mills.

We do not need another governmental office building almost on top of the governmental office building already located in the city. There is no question we do need additional fire equipment, but for us as a township to attempt even this alone would automatically create a solution to the southeast corner of the township but present at the same time the problem of a lack of fire protection in the northwest section of the township, since such a move would destroy the unified fire department as we now know it.

It is time for the elected officials of Northville Township to stand up and be counted and to take a realistic view as to just what the future holds for this community. They should inform the voters in a straight forward manner those things they know are coming with particular reference in the area of cost as it relates to establishing a separate community with full services involving a public works, administration, fire, police and other essential services.

There is no way in good conscience that I for one can vote for anything other than complete unification with the City of Northville and thereby establishing one larger community with a broader tax base, broader planning, and broader development in a more meaningful sensible way being possible.

Ed Daniels

YES...

To help modernize the auto insurance industry, many plans have been suggested—ranging from complete no-fault to no change in the present system. No-fault would eliminate placing responsibility for an accident in determining who should be paid and how much.

To accept complete no-fault is to plunge into an untried, revolutionary concept that reduces or removes personal responsibility and raises costs for good drivers while reducing them for irresponsible ones.

Automobile Club and the Insurance Exchange support a package of bills introduced into the Michigan Legislature which we hope will become law in 1972.

We call this package "Motorist Protection Legislation." We think it will improve protection and lower cost if it contains these four things:

1. Set a formula for awarding "pain and suffering" damages.
2. Set a reasonable limit on lawyer's fees.
3. Provide current court arbitration of major injury claims.
4. Establish minimum liability limits for all policies.

Under this legislation, payment would be made regardless of fault. If an insurer making payments felt the driver of another car was at fault, he could seek recovery from his company.

While we do not promise spectacular savings if this system is adopted, motorist protective legislation does indicate a leveling off of rates. And it eliminates inequities in the present system for those who have accidents.

Ed Daniels  
General Manager,  
Automobile club of  
Michigan

Jerry Mycek

NO...

"No fault" insurance is not the answer to the problems inherent in the present system of insuring automobiles.

In states which presently have a "no fault system" there has been no significant reduction in rates as yet and it appears unlikely that there will be a reduction in the near future.

The court dockets are bogged down at present with injury cases which have not been settled by insurance companies in an equitable manner for the injured party.

There is nothing to indicate that a fairer or more equitable settlement will be made to injury victims with a "no fault" insurance plan in effect.

The companies will still have to arbitrate disputed claims among themselves and in the past they have not been known to be eager to offer adequate compensation to injured victims. Many cases will still end up in court unless the companies change some of their present attitudes.

"No fault" insurance will not end rate classification for different age drivers, nor will it reduce the number of drivers being cancelled, rejected or surcharged by their insurance companies because of accidents in which they were involved.

These are areas which should be revised if any system is going to work for the benefit of the majority of people presently insured.

In conclusion, there is also a great possibility that insurance companies will be more stringent in their qualifying requirements under a "no fault" plan.

If companies do make it harder than it presently is for some risks to obtain adequate coverage, where does it leave the innocent people who are injured by these rejects?

## Jaycees Play Santa

To the Editor:  
The Novi Jaycees annual Overseas Santa, a project that remembers Novi servicemen stationed overseas, has sent Christmas packages on their way to the men.  
The packages included puzzles, personal hygiene kits, plus a Christmas card and a copy of The Novi News. The cards and newspapers were donated to the project by the Novi Rexall Drug Store.  
The Novi Jaycees owe an express thank you to Mrs. Russel Race, a Blue Star mother, who helped the Jaycees by providing them with many names and addresses.  
This project helps keep the home ties strong and reminds the men that they may be gone, but surely not forgotten.  
Novi Jaycees

## Tis The Season...

### Top of the Deck

## There's Lean Pickin's Here

By JACK W. HOFFMAN

It's either a sign of inflation...or our kids are devouring more and leaving less.

I say that because once-upon-a-time groceries purchased on Friday lasted until the following Thursday. Now I figure I'm fortunate to find a dried up radish by Tuesday.

Why, by Monday nowadays we could rent out our refrigerator to RCA as an echo chamber.

Once, deviously, I tried solving the problem by removing the refrigerator light. But it didn't work. The kids just pick and choose by feel.

Closest I've come to an orange in the past six months is to find a curled peeling under the cushion of the couch. It was Sonkissed...a peeling that has the lining gnawed off.

The most repeated question in our house used to be, "Who is in the refrigerator?" Now it's, "Who has been in the refrigerator?"

And guess what is the most repeated reply? "Maybe it was the dog."

Judging by the critter's size, I'd guess he's gotten in his licks, too.

That's another thing that bothers me. When you open the refrigerator and all you see is dog food somebody's priorities are all screwed up.

I built a barbecue pit in the backyard. Put in all that brick and mortar because our kids wanted to cook hotdogs "outside like everybody else."

Now it's hardly used. The kids are so used to eating hotdogs right from the refrigerator they don't like the real thing.

It's embarrassing. Invite friends over and our kids go through all that nonsense of getting out the coal, lighting the fire, fetching the catsup and relish, opening buns and then slap in raw meat.

Their mother used to scold them by saying, "Alright, make yourself a sandwich and get out of the kitchen."

Oh boy, that's an invitation to feast. One sandwich, mind you, but it's a struggle just carrying it to the television screen. One will last through one hour of Bonanza or a half-hour of Night Gallery...the

difference being jaws work faster in fright.

The agony of it all is that they are still skinny.

My wife says it's because right now only their bones are growing. Which makes me wonder what kind of beating the refrigerator is going to take once the bones have grown and the gristle starts blossoming.

All of which brings me back to my initial comment.

Inflation OR...it reached a new high (or low) when Sunday I asked, peering into the cavern, "How come you didn't go shopping yesterday?"

"Don't get smart. I did go shopping. Spent \$63."

"Who for, the neighbor?"

Now not only are the kids devouring more and leaving less, but my wife's buying more and speaking less.

Nevertheless, the way I figure it President Nixon's battle against inflation is working. He's removed the middle man...the refrigerator. What used to be from store to refrigerator to mouth is now from store to mouth.

# Goodfellows PRESCRIPT To Sell Papers

**TOYS FOR TOTS**—Northville Jaycee Jim Belz shows off the giant box placed in the Main Street parking lot next to Northville Drugs for community donations to the Jaycee's "Toys for Tots" program. All donations will be given to the children at Plymouth State Home. See Jean Day's "Our Town" on page 2-A for further details.

## For Jaycee Awards

## Candidates Sought

Northville Jaycees are seeking candidates for two annual community service awards.

### Kadish Named To MCCA Body

Trustee Paul Y. Kadish and President C. Nelson Grote have been appointed to the Committee on Legislation by the Michigan Community College Association (MCCA).

## OBITUARY

### ANNA C. GIBSON

Funeral services were held Tuesday for Mrs. Anna Catherine Gibson who died Saturday, December 4, at Annapolis Hospital in Wayne.

Born September 25, 1896, in Terre Haute, Indiana, she was the daughter of George and Rose Ann (Bender) Hoffman.

A resident of Northville since 1935, Mrs. Gibson was a retired nurse, having worked at William H. Maybury Sanatorium. She was a member of the First Baptist Church of Northville. Her husband preceded her in death.

Officiating at the services at the First Baptist Church was the Reverend Cedric Whitcomb. Burial was in Rural Hill Cemetery. Funeral arrangements were made through the Casterline Funeral Home.

Continued from Novi, Page 1

sale to raise funds. "We're extremely short on funds," said Miner. "We're going to have to raise at least \$300 in the paper sales to meet our needs for baskets. We usually have a dance during Michigan Week in the spring to raise funds, but this year's dance conflicted with one or two other events and that cut into our profits."

Novi counts on the Gala Days celebration in late summer as a major source of funds, but this year the event yielded only \$38, according to Dochot. "Last year our clothing bill alone was \$1,800," he said, "so you can see that we're going to have to sell a lot of papers."

The Novi Goodfellows will sell their papers on the street Friday and Saturday, December 10-11. As he has for the past 15 years, Dochot is heading the drive. Goodfellows will be stationed on the corners of Novi Road and Grand River, Novi Road and 10 Mile, and Novi and 12 Mile, as well as in all the banks, he reported.

Dochot, himself, will get the sale started as early as 3 a.m. Friday morning.

Wixom Goodfellows take a different approach to selling the newspapers. They start selling at the Ford Plant Friday morning at 5 a.m. and then conduct a door-to-door canvass of the city on Saturday and Sunday.

Dochot and Miner have both requested more volunteers. People willing to sell papers in Wixom can pick them up after 5:30 p.m. in the City Hall, reported Miner. Dochot has asked for volunteers within the different subdivisions. "We'd like subdivision heads to designate people within their area to sell papers at the subdivision entrances," he said.

An additional fund raiser for the Novi Goodfellows will be held tonight, Thursday, December 9, at 6:30 p.m. Charbo's, a restaurant in Wolverine Lake, has turned over their facilities to the Goodfellows, who will serve a full-course spaghetti dinner. Adults will be asked for a \$2 donation while children portions are set at \$1.

Novi's Goodfellows were founded in 1954 when a child wrote a Dear Santa letter to then township supervisor Frazer Staman saying her father was out of work and they had nothing for Christmas. "It was then and there," said Dochot, "that Frazer organized the Novi Goodfellows, and some of the original members are still with us."

The Wixom Goodfellows were organized in 1958, and like Novi, many of their original members are still active in the club.

But more Goodfellows are always needed and membership is open to men and women. Dochot and Miner are anxious for new members to get in touch with them.

But even if you can't be a Goodfellow, buy a paper Friday, Saturday, or Sunday and help insure a happy Christmas for the children in your community.

Novi Goodfellows are Joyce Brewer, Steve Brewer, Bill Brewer, Jack Boshell, Donna Boshell, Sue Hagedorn, Herman Hagedorn, David Hagedorn, Dorothy Nobel, Helen Solomon, Florence Harris, Eugene Choquet, Russel Taylor, Ken Basset, Dorothy Macaluso, Mary Skeltis, Lee BeGole, Peggy Wixom, Ruth Ann McClure, Henry Gloss, Thomas Macaluso, and Jennie Wade.

Members of the Wixom Goodfellows are Bruno Aro, Fred Beamish, Lawrence Beamish, Lillian Bird, Lottie Chambers, Howard Cunningham, Grace Cunningham, Arthur Cronin, Robert Dingley, Hilda Furman, Elwood Grubb, Ray Matson, Charles McCall, Evelyn McCall, Gunnar Mettala, Leslie Kent, John Miner, Lorraine Miner, Mrs. George Morris, Hillard Posey, Robert Potter, John Parvu, Toivo Rentola, Paul Salo, Robert Trombley, George Tuorja, Neil Taylor, Betty Taylor, George Weeks, Louis Weeks, and Barry Westervelt.

## Police Arrests

### Tally 25,500

Michigan State Police officers made 25,503 arrests in October, 22,421 for traffic and motor vehicle offenses and 3,082 on criminal complaints, monthly activity records show.

In addition, 798 juvenile traffic offenders were arrested and 963 delinquent minors apprehended.

Troopers assisted 4,035 motorists, investigated 10,087 cars, and issued 35,198 verbal warnings to drivers.

**PICK A TREE**—Area residents may choose any unmarked tree in the sale sponsored by the Northville Junior Football Association for \$5 and aid the youth group as well as gain a choice tree. Trees are in the Ely lot on Center Street opposite the American Legion.

## Libraries

### Get Copiers

Users of Northville and Novi public libraries now have access to a new high-speed, coin-operated copying machine designed specifically for library use.

The new copier is part of a special project grant to 17 member libraries of the Wayne County Federated Library System by the Michigan Department of Education.

Initiated last year, the project has been extended through November, 1972, after which an evaluation will be made to determine whether or not to continue the service.

For 10 cents a copy, library patrons can make copies of standard, and, legal, size papers, books and periodicals.

SWAN LAKE—Ballet, it isn't, but Novi's Pat Boyer and two Milan players nevertheless, are caught in a graceful pose as they stretch for the ball in first quarter action.

# Look Who's In First Place; Novi Tops Milan in Opener

Sharing a piece of first place is a pleasant, new experience for a Novi basketball team — but the celebration could be cut short tomorrow as the Wildcats battle South Lyon in their second Southeastern Conference game of the still infant season.

The Lions are still stinging from their 61-53 loss to Dundee last week after knocking off Northville so you can be sure they'll be "up" when Novi comes to town.

What's more, it was South Lyon that provided Novi with its only win last season and with its single victory two years ago.

The Lions' loss to Novi in the 1970-71 season finale snapped a 23-game Novi losing streak that spanned two years.

Coach Milan Obrenovich is conceding nothing, however. And why should he? The Wildcats exhibited a "we can win" attitude Friday in fighting off a Big Red rally to defeat Milan, 58-52 — the first SE season opening victory for Novi in the school's history.

The victory was no fluke, nor was the refreshing new spirit that keyed Novi's 1971 debut.

The Wildcats, who last year failed to win a single game, were out-front most of the time last week — but more importantly, they didn't fold when their opponents rallied to snatch the lead late in the fourth quarter.

Maintaining poise in the

face of adversity — that appears to be the big difference between last year and this, based on the Wildcats' initial performance.

"It was just a tremendous team effort," beamed Obrenovich. "We out-hustled them as a team."

"We beat them at the free throw line," he continued. "Bob Pisha did a tremendous job on the boards... getting 17 rebounds. He's not that tall

but he gets real good board position and once he gets his hands on the ball he usually holds it.

"Andy Bowman and Dave Brown are important to me, too. I think I've got a real good bench. They showed good spirit even though they didn't get into the game."

Trailing 26-31 at the intermission, the Big Reds bounced back to knot the score at 35 midway through the third quarter. But by the start of the fourth stanza, the Wildcats were back on top 41-38.

With six minutes to play, Milan inched to within a point

of the leaders, 43-42, and then grabbed a 48-47 edge with 4:31 to go. The hosts beefed up its lead to 52-48 at the 3:18 mark.

But with 2:40 to go John Pantalone fired a two-pointer to knot the score at 52, and less than a minute later Bob Pisha converted two points from the free throw line to regain the lead, 54-52, for the Wildcats.

With ball possession and the narrow two-point lead, Novi took time out for a strategy session with the coach. Back in play, Milan battled desperately for the ball only to foul Jim Van Wagner, who netted two more charity shots

followed by two from Pantalone.

Neither team was especially accurate under the nets but at the free throw line Novi converted 20 of its 32 tosses, while Milan had to settle with 10 of 23.

The Big Reds, who engineered a 6-0 lead to start the game, fired 21 field goals to Novi's 19. Despite its cold start, the Wildcats bounced back to take a first quarter, 16-12 lead and at one point in the second stanza were leading by 10 points.

Although Novi's offensive game appeared rattled by Milan's full court press early

in the game, the Wildcats regrouped and as the game progressed their moves and ball handling grew snappier even though their shots frequently missed the mark.

Milan, on the other hand, lacked the poise of their opponents but took advantage of turnovers and seldom missed the easy ones.

Most of the scoring by both teams was from close in under the nets.

In last year's opener against Dexter, the Wildcats lost 68-56. And in their Southeastern Conference debut in 1969 they lost to Chelsea, 58-49.

## Jayvees

## Lose Early

With a hot first quarter, Milan's junior varsity quintet warmed up its 1971-72 season by easily defeating Novi, 49-29.

Novi found itself trailing early as the host squad salted away 20 points in the first quarter while limiting the visitors to 11.

The Junior Cats came up with another 11-point effort in the second stanza to trail 35-22 at the intermission.

Neither team could do much in the second half, with a combined total of only 20 points being scored. Novi managed four in the third quarter, only three in the fourth. And Milan, after its fast start, cooled to five points in the third and eight in the last.

The 12-point effort of Eric Hansor was tops for Novi, while Ron Coxton of Milan was the overall leader with 15 points.

Novi scored nine field goals to Milan's 23. At the free throw line, Coach Bob Weinburger's squad converted on 11 of its 24 shots, while Milan came up with three of 13.

## Captains Elected

Jeff Menyhart and Tim Taggart were elected co-captains of Northville's 1972 cross-country team by fellow teammates. The announcement was made recently along with the names of winners of other awards at the 1971 harrier's post-season banquet.

In the past-season honors, Guy Dixon, to no one's surprise, received most of the plaudits. Dixon was voted the teams Most Valuable Performer and also was named Outstanding Senior Runner. The Most Improved Runner award went to sophomore Guy Cole.

Redmond awarded seven varsity letters. Dixon, Cole, Menyhart, Taggart, Mike Kohn, Dave Newitt, and Mike Anusbigian received the varsity emblem. Robbie Foust, Fred Shipley, and Norm Boerger, a trio of freshmen, were given junior varsity awards.

## Top Cat

Junior Jim VanWagner has been selected Wildcat of the Week for his role in Novi's upset victory over Milan in their cage opener. VanWagner hit on four of seven shots from the floor and had a total of 12 points. He also had eight rebounds and two assists. But the foremost reason for his selection was his hustle. "I value hustle above all other qualities on the court," said Novi coach Milan Obrenovich, "and Jim just put forth a tremendous effort."

STILL FIGHTING—The game is over as no time is left on the clock, but Novi's Bob Pisha is still battling for the ball against Milan. Pisha was a

tower of strength on the boards hauling in 17 rebounds in Novi's 58-52 victory.

## Northville Coach Honored

## Shonta Is Boston All-Star

Chuck Shonta, Northville High School football coach, has been named to one of the cornerback spots on the All-Time All-Star football team of the American Football Conference's Boston Patriots.

Shonta, who starred with the Patriots between 1960-1967, was elected by vote of Patriot fans. At every Boston home game, this year, the fans were asked to submit ballots for the All-Time football team.

"It's a great honor to me to be selected," said Shonta, when contacted at home. "I was really honored that the fans would even remember me after all the time and players the Patriots have had since I retired."

Shonta and his wife were flown to Boston last Friday night for the special presentation. Team members were given a party Friday night and attended a banquet Saturday night. Frank Leahy, the former Notre Dame coach, was the featured speaker.

Sunday, Shonta and his fellow all-stars were given a pre-game banquet and then were presented plaques on the playing field immediately prior to the game. After the game, the Patriot All Stars and the present Patriot team were feted to yet another banquet.

The game itself was something of a reward for the All-Stars, as the lowly Patriots pulled off one of the foremost upsets of the current professional football season by smiting the mighty and only once-beaten Miami Dolphins in a hardy 34-13 wallop.

"The Patriots are only a few players away from having a good team," said Shonta of the game. "I was really impressed with Jim Plunkett. The Dolphins are a team you usually don't pass well

against, but he was really throwing the ball hard. He's going to be a great one."

Both offensive and defensive units were named by the Boston fans. The offensive unit consisted of Babe Parilli at quarterback, Jim Nance and Larry Garrison at running backs, Jimmy Colcough and Art Graham at wide receivers, Tom Neville and Charlie Long at tackles, Len

St. Jean and Billy Nabors at guards, and John Morris at center. Gino Capelletti was selected as the place-kicker and Tom Yewic as the punter.

In addition to Shonta and Darrel Johnson at the cornerbacks, the Boston All-Time defensive unit consisted of Larry Eisenhower and Bob Dee at ends, Houston Antwine and Jim Hunt at the tackles,

Tom Addison, Ed Philpott and Nick Buonicotti at linebackers, and Don Webb and Ron Hall at the safeties.

Several of the players named to the All-Time team are still playing for Boston. Ironically, Buonicotti, the middle linebacker, now plays for Miami. His appearance at the post-game banquet was roundly cheered.

Chuck Shonta in His Playing Days with the Boston Patriots

## Winter Racing Ends With Featured Pace

Saturday night's finale to the \$35,000 Jackson-at-Northville pacing series here should be a beaut.

While Thimble, the sensational three-year-old pacing filly invading from Jackson, Ohio, has won all four of her starts in the rich series, horsemen aren't convinced that she will be able to take the \$10,200 final leg.

The courageous pacing lady now has six straight wins, and in competition as tough as the series presents, a seventh may be tempting fate too much.

She also has had the luck of the draw in each of her previous starts, usually getting an inside post position.

None can detract from her winning efforts, however, as she has posted them with authority and never the same way twice. Her 2:03 2-5 clockings are sensational for the time of year, and the 59.4-5 final half with which she won last Saturday night amazed fan and horseman alike.

There are several who expect to have a great deal to say about the outcome of the finale. Prince Knox, Tony Alfie's aged pacer, has three straight seconds to Thimble. In each the outcome could have been reversed had the breaks gone his way. A year ago Prince Knox entered the finale a decided underdog, but when the wire was reached it was the Northville-bred pacer that owned the championship.

Michigan Mack, owned and driven by Ralph Mapes, 18, and then begins again Saturday, January 1, following a two-week break for the Christmas holidays.

Northville and area owners again had an outstanding week. Briar Lea Farms scored with Briar Lea Febe and Briar Lea Andy, Leroy Brooks' Varsity Flash was a winner. Floyd and Eva Cheek, New Hudson sent Nibble C to the post a winner, Star threat won for the Farbers, of Brighton, and Star Reporter, for Al Pearson, Jr. Novi scored its third straight victory over the oval Hillsdale, was the victor in a major stakes series in

Chicago earlier this year. He has the credentials to take the finale, and will benefit from three starts after a long lay-off.

The starters in the field earned their way into finale through their efforts in the first four legs. Each therefore has shown ability to compete with the field, and provides the possibility of the big upset.

Saturday night's handle of \$381,927 was the second largest of the meet, which continues through December

## Hockey Season To Start Soon

Northville's four entries in the newly formed Inkster Suburban Hockey League are scheduled to begin action Monday, December 13.

The new league has teams from Plymouth, Inkster, Dearborn Heights, and Belleville, as well as Northville. Junior hockey players compete in four age brackets, Squirts (nine and ten year olds), PeeWees (11 and 12 year olds), Bantams (13 and 14 year olds), and Midgets (15 and 16 year olds).

The four Northville entries are sponsored by the Northville Hockey Association.

In addition to the teams in the Inkster League, the Association also sponsors a Mite team (seven and eight year olds) and two beginners teams for boys aged seven to 11. The beginners practice Saturday morning at 8 a.m. at the Inkster Rink.

Anyone interested in beginning hockey or the Mite League should contact Ray Allen at 349-5948.

Last week the Midgets team, coached by Bill O'Brien, traveled to Dayton, Ohio, where they met last year's Ohio State champion Midgets team and split a pair

of exhibition contests. The Northville boys won Saturday 3-2 and then fell by a 4-2 score on Sunday.

The Dayton team will pay a return trip to Northville in February for another two game series.

## Gym Open Saturdays

The Northville Recreation Department's Saturday Gym program is underway, it was announced this week by Recreation Head Robert Prom.

Prom released the following time schedule for the gym sessions which are held at Cooke Junior High School. Grades K-2 will meet from 8:30-10 a.m.; grades 3-5 from 10:11-30 a.m.; grades 6-8 from 1-2:30 p.m. and grades 9-12 and young adults will meet from 2:30-4:15 p.m.

Registrations are still being accepted for the boy's basketball program, which has teams for boys in grades 3-4, 5-6, and 7-8.

Adults interested in coaching a team should contact Prom at 349-2287. Games are played Saturdays, beginning in January and ending late in March.

Prom also announced that those who registered for the summer program should be prepared to present their cards on request.

Registration costs for new participants are \$1.50 for city and township residents, \$8 for non-residents within the school district, and \$12 for non-residents outside the school district.

Registrations are made at the Recreation Building on Cady Street every Saturday from 9 a.m. until 12 noon.

## Brighton Falls 77-70

# Mustangs Net First Cage Win

**BOARD STRENGTH**—Northville's Scott Evans (above) hauls in a rebound in the Mustangs' win against Brighton. Evans was the major contributor to the Northville victory as he scored 31 points. Todd Hannert (below), number 15, battles two Brighton forwards for a loose ball.

Any questions Brighton basketball coach Al Burnett might have harbored about who to start against Northville were resolved Friday as the Mustangs fought the Bulldogs and the clock to a 77-70 victory—their first triumph of the year.

While scouting the Mustangs during their 74-65 drubbing by South Lyon in their opener Tuesday, Burnett was overheard asking his players, "Who shall we start, our jayvees or our freshmen?"

He won't ask again. Led by center Scott Evans and a bench full of capable reserves, the Northville five came from a 40-38 deficit at half time to outscore Brighton 16-4 in the third quarter and then held on to win the game 77-70.

Evans was easily the standout performer for the Mustangs. Turning in his best performance ever on the hardwood, the 6'3" senior center tossed in a career-high 31 points and pulled off 13 rebounds to lead Northville in both categories.

"We owe a lot to Scott Evans," said Koepke after the game. "He had those 31 points and 13 rebounds and he just never tires. You never have to worry about substituting for him, because he's in such good condition that he can go full speed for you all game long."

Evans was only part of the reason given by Koepke for the Northville victory. "We had 62 shots from the floor and we had 29 field goals. That's an average of 47 percent. Compare that with the 27 percent shooting we had against South Lyon and you'll see why we won tonight."

In this case, the Mustangs' great improvement in shooting percentage was attributed more to their execution of Koepke's offensive patterns than any improvement in long-range accuracy.

Time and again, the Mustang guards hit their forwards with passes that freed them for easy two pointers right underneath the basket. According to the shot charts, the Northville cagers made only one basket from as far away as 20 feet.

An additional factor in the Mustangs' first victory of the season was their superior bench strength. In a somewhat dubiously refereed game, five starters — three Mustangs and two Bulldogs — were whistled to the bench with five personals. But whereas Brighton had difficulty finding adequate replacements, the Northville reserves came through admirably.

"One of the pleasing things about the game to me is that

we have nine or ten boys who are able to play for us," said Koepke. "Our substitutes did a fine job. Joe Bishop came in in the first quarter and did a good job defensively on their good guard (Hugh Jones). John Hubbard came in and did a good job and Jeff Moon and Bart Taylor did good jobs at forward, particularly on defense. I'm pleased that we have more than five boys. That's going to help us."

Northville moved to an 8-2 lead in the early moments of the game as the Bulldogs had trouble with Koepke's 3-2 man-to-man offense which positioned the forwards wide and even with the free throw line and then sent them suddenly breaking for the basket to take lead passes from the guards for baskets on easy lay-ups.

The Mustangs led 20-16 at the quarter, but Brighton came back in the second quarter behind Steve Bankau's 10 points and Hugh Jones' nine points to lead 40-38 at the half.

The decisive quarter was the third. The Bulldogs were forced to play without the services of rugged 6'3" center Jim Wood who was on the bench with four first half fouls, and the Mustangs made the most of his absence by scoring 16 points — six of them by Evans — while holding Brighton to just four.

By the time the third quarter came to an end Northville held a 54-44 lead. Brighton tried to come back in the fourth quarter, but their chances suffered a serious blow when Woods received his

fifth foul with 3:26 left on the clock. Nevertheless, the Bulldogs managed to pull within four points of Northville at the 3:10 mark as Mike Sheldon hit a pair of free throws.

But that was as close as Brighton got. Evans hit on a three point play also at the 3:10 mark and then Moon hit on a short jumper still at 3:10 to make it 67-58 as Northville moved away for the victory.

One of the annoyances of the game was the Brighton time clock, which, perhaps conveniently, lodged at the 3:10 mark of the final quarter. After the two teams battled back and forth for awhile with the clock stuck at 3:10, the officials, at the request of Koepke, decided to make other arrangements for

keeping time, asking one of the officials at the scoring table to count off the remaining time on a stop watch.

Northville's scorers were led, of course, by Moon's 31 point performance. Todd Hannert added 13 points and Rod Crane scored 12. Brighton was led by Hugh Jones, who finished with 25 points. Steve Bankau was just behind him, as he finished with 22 points on seven field goals and eight of 12 free throws.

After Tuesday's non-league clash with Fenton, the Mustang will get their first taste of Western Six cage competition at their host Livonia Churchill. Game time is 8 p.m. The jayvees will play at 6:30 p.m.

## Northville Grapplers Pin Loss on Wildcats

You can add Novi versus Northville to the list that includes the Hatfields and the McCoys, Sitting Bull and Custer, Montagues and Capulets, Lincoln and Douglas, and Howard Cosell versus the World.

The latest chapter in the rapidly developing rivalry between the two schools took place last Thursday night on the wrestling mats at Novi High School.

And it was the Mustangs who came away with the victory — a decisive one — as they dumped the Wildcats 43-15.

Last year, when the two teams first met, Northville took an even more lopsided 40-8 victory, but Thursday's triumph was just as impressive and perhaps slightly more so because Novi's young wrestling program was another year older and the Wildcats put forward a much improved team.

Prior to the meet, the battle had been billed as a contest between Northville's strength in the lighter weight classes and Novi's superiority in the heavier divisions. Novi coach Rick Trudeau had indicated the final score would be much closer this year and he had three wrestlers he felt were capable of pinning their Northville opponents. And although he did not spell out their names, it was obvious that he was counting on co-captains Duane Miller and

Kevin Schungeck, as well as heavyweight Terry Auten to provide their opponents with a visual tour of the top of the Novi gymnasium.

Ironically, not one of the three pinned their man, and what's more, each of the three lost their matches. And whether you're from Novi or Northville, the three matches between Miller and Northville's Joe Weachock, Schungeck and Doug Boor, and Auten and Jim Porterfield were the big story of the match.

Miller and Weachock met in the 155 pound bracket with Weachock taking a 2-1 decision in what was the closest match of the night.

"Joe gave an outstanding performance," said Northville coach Ed McLoud of his senior grappler's hard-fought victory. "That was probably the best match he's ever wrestled. He had a good man out there and he rode him tough. I was really impressed with the job he did. He's going to be taking some points for us if he can continue that type of performance."

Another major upset was turned in by Jim Porterfield. Just a sophomore, Porterfield was matched against Novi's outstanding heavyweight Terry Auten — Novi's leading point scorer last season with a 22-6 record and 11 pins. It was Porterfield who came away with the victory, however, as he parlayed a reverse and an escape into a 3-1 victory. Auten's point came on an escape.

"Jim did an excellent job," said McLoud. "He went in there as an underdog against an experienced heavyweight like Auten and took an impressive victory. A good heavyweight is extremely important to having a good all-around team and Jimmy showed me a lot tonight. He's going to be a great help to us."

Auten, too, was impressed. "Where'd he come from?" he asked while toweling off in the locker room after the match.

Doug Boor scored a 4-0 victory over Schungeck in the 185 pound division. Schungeck, a 160 pounder, had been moved up to the heavier weight class by Trudeau in hopes of taking a victory that Novi's regular 185 pounder might not have been able to get. As it turned out, Boor effectively stifled Schungeck and Trudeau's plans for an upset.

Novi's points came on a pin, a decision, and a Northville default. Randy McGarry scored the pin, as he finished off Northville's Russ Mills in just 24 seconds of the first period in the 167 pound match-up. It was quite a match. The two wrestlers met in the center of the mats and suddenly Mills had McGarry on his back and was pushing for a pin. But just as suddenly McGarry flipped over and this time it was Mills who was looking up. Twenty-four seconds after the start of the match it was all over as McGarry took the six points.

Dave Ward won by default over Ron Mills in the 132 pound division. Early in the match, both wrestlers shot for a take down at the same time and banged heads. Mills later told McLoud he felt dizzy

after that, but he continued the match until late in the third period when he suddenly passed out after taking another nasty fall. Ward was leading at the time 4-2.

Best performance by a Novi wrestler was turned in by Pat Ford, who beat Northville's John Fialon, also a fine wrestler, 4-0 in the 145 pound class.

But except for those three Novi performances the rest of the meet belonged to the Mustangs. Jimmy Watson got things off to a good start for McLoud's grapplers by pinning Bill Livingston at 98 pounds. Dan Fialon pinned Craig Love at 105, and Kevin Hartshorne pinned Brian Schungeck at 112. Matt McIntosh won at a forfeit in the 119 pound division as the Wildcats had no one to enter and Northville held a perfect 24-0 lead after the first four matches.

At 126 Novi's Tom Ford took on Northville's Dave Griffin in somewhat of a grudge match that had developed last

year. Griffin took the victory by a 12-0 margin, but only after many elbows and a few head butts had been thrown.

After Mills defaulted to Ward at 132, Bill Norton continued the Northville rout by pinning Don Jackson early in the second period.

After the match, Novi mentor Trudeau was impressed with the Northville team. "They're strong from top to bottom," he said. "I think they'll do awfully well in dual meets this year. I had thought they'd be weak in the upper weight classes, but Weachock and Porterfield showed me a lot tonight. They were in better shape than we were and their experience overwhelmed us."

Northville's McLoud was just as pleased with his team.

"Anytime you lose just three matches," he said, "you've got to be happy with the ways your teams performed. It was also a pleasing meet to me because they've got three pretty decent wrestlers that we were able to beat."

**NEAR PIN**—Northville's Dave Griffin has Novi's Tom Ford on his back in the 126 pound match. Ford avoided the pin, however, and went the distance, losing the decision 12-0.

## Tuesday Results

Novi's surprising Wildcats notched their second cage victory of the season in as many starts Tuesday, but Northville's Mustangs did not fare as well, however, as they traveled to Fenton only to lose their second game in three starts.

"These boys just decided they liked winning more than losing," said Novi Athletic Director John Osborne. "Thus far the Wildcats have surprised everyone by winning their first two games. Tuesday they dumped the Brighton Bulldogs 69-60 behind the 17 point performance of John Pantalone. Jim Van Wagner chipped in with 11."

It was a 28 point third quarter performance that helped the Wildcats pull away for the victory.

Turn-overs — 31 of them to be exact — led to Northville's demise at the hands of Fenton, 82-69. The game was never as close as it was at the end. Fenton broke loose early and then emptied its bench in the second half.

Scott Evans led the Northville scorers with 22 points. Bill Andrews had 15 and Todd Hannert 10.

In jayvee games, Novi lost to Brighton 49-46 and Northville won its third in a row with a 41-36 triumph over Fenton.

## JVs Win Again

Northville's junior varsity basketball team make it two victories in as many starts Friday as they dumped the Brighton Bulldogs 59-39.

The young Mustangs pulled steadily away from the Bulldogs throughout the game, leading by two points at the end of the first quarter, five points at the end of the second quarter, 12 points at the end of the third, and 20 at the end of the game.

The Mustangs were led to their early lead by guard Ed Kritch, who tallied seven points in the first quarter on three field goals and a free throw. Forward Todd Eis added a pair of field goals in that first quarter as Northville moved to a 13-11 margin.

Northville's largest margin over the Bulldogs came in the fourth quarter when they outscored their opponents 16-7 in moving to the 20 point — 59-39 margin — at the game's end.

Scoring honors for the Mustangs went to Kritch who finished with 18 points in spite of not playing the fourth quarter. Eis and center Doug Crisan each had 12 points to cop runner-up honors in the scoring department.

The Brighton scorers were paced by Mike Gibson with 11 points.

Northville coach Omar Harrison praised the play of Crisan, his big freshman center. "He really cleared the boards for us," said the Northville jayvee mentor. "He was a big factor in the game." Crisan had 14 rebounds to lead the

Mustangs in that department. Eis was second with nine rebounds.

There was little question about who would cop Mustang of the Week honors. It was 6'3" center Scott Evans, who turned in his finest performance ever on the hardwood as he paced the Mustangs to a 77-70 triumph over Brighton. Evans popped in 31 points and hauled in 13 rebounds. "Evans made a major contribution to our victory," said Mustang coach Walt Koepke. "We owe an awful lot to him. He never gets tired. He just goes at full speed for you all game long."

**HUNTER'S DELIGHT**—Nearly 100 members and guests turned out Saturday evening for the annual Wild Game dinner served up by the American Legion, Post 147. And topping it all off was an exciting fishing-hunting film shown by

## Open Space Purchased

**Continued from Record, 1**

eventual expansion of municipal parking in the area.

Because the city does not plan to raze the building for possibly another year, the lease to Dr. Kiser (at \$320 per month) was granted.

Demolition of the Heritage House, 114 North Wing Street, recently purchased by the city for parking space is to begin within a month or two, however. The council authorized the manager to obtain bids for razing the large, three-story building that until recently had been used for the sale of antiques.

Trees on the property are to be preserved.

Also to be razed soon, for extension of Griswold Street south of Main, is the Jennie Watson house on Cady Street.

Other properties, now owned by the city, which are slated to be used for parking include the Rathburn building site, located on the north side of Main Street east of Wing and presently housing several businesses; the Rhea Wilcox home, located at the southeast corner of Cady and Wing, a now vacant lot located on the south side of Cady between Center and Wing; the D & D building on East Dunlap, and the now vacant lot that formerly contained an apart-

ment house owned by Charles Carrington.

The city also is negotiating for the purchase of the old Methodist church and manse, and the building housing the Northville Glass business.

If current plans materialize, the city eventually will provide parking about three lots deep on the south side of Cady between Wing and Main Streets. Only two parcels, however, are presently owned by the city.

Momies for much of the eventual purchase of the property in the Cady Street area are being provided by the McManus commercial development to be erected on the half-block area east of Wing and between Main and Cady streets.

The developer's present timetable calls for construction to begin next spring with completion in the summer of 1973.

If negotiations with the Methodist Church are successful, the city plans to raze the manse for parking but sell the church property for commercial development. Some officials would prefer to utilize the existing church building for business or businesses rather than raze it, but, since the purchase has not been made no plans have been formulated.

## Council to Study Parking Fees

**Continued from Record, 1**

Manager Frank Ollendorff, is to cover the cost of paper work involved in issuing the permit.

Some officials, however, also view it as a means of encouraging the property owner to widen his driveway or parking pad to provide off-street parking.

Neighboring Plymouth, argued Stopper, has the same kind of overnight parking ban but a resident there can obtain a special parking permit at no cost.

Although most councilmen conceded that a change in the policy might be in order, they did not, however, favor complete elimination of the fee system. Rather, they appeared to favor a reduction in the monthly fee or possibly a small flat fee.

Ollendorff, who said he is prepared to make any change in the policy desired by the council, emphasized in speaking with Stopper that the special permit is "a privilege—not a right."

In other business Monday, the council received a request from Don Thomson for a reduction of his water rate fee. He operates the car wash located just outside the city in the township at Seven Mile and Northville Roads.

Under the present schedule, non-city water users are charged double rates for water sold by the city.

A public hearing was set for December 20 to consider a change in the fee schedule for those township customers using 20,000 gallons or more of water.

Three amendments (plumbing ordinance, storm water and minimum age for taxicab drivers) were approved without objection.

The latter reduces the minimum age of taxicab drivers from 21 to 19.

The other ordinance or code changes specify downspout and below-grade drainage requirements, and adopt the latest plumbing code used by the City of Detroit.

**COMING DOWN**—This big, three-story building, formerly called Heritage House where antiques were sold, will be razed soon to provide municipal parking. The house, recently purchased by the city, is located on the east side of Wing Street, adjacent to the present parking lot that extends to behind the old Methodist Church.

**OPENS SOON**—This home, purchased several months ago by the city, will be opened soon as a meeting and recreation place for Northville senior citizens. Located east of the Recreation Building, it is being cleaned now for use.

## Charge of Car-Truck Group

# GM Appoints Jensen

Reuben Jensen of Northville, a General Motors vice-president, was given charge of GM's Car and Truck Group this week as the board of directors of the world's largest corporation elected a new chief executive and advanced several of its key executives.

In a New York meeting Monday, the board elected Richard C. Gerstenberg as chairman and chief executive officer, succeeding James M.

Roche who retires December 31 after 44 years with General Motors.

Jensen was one of several executives moved up the ladder in other actions taken by the board of director. He is succeeding Thomas A. Murphy who was elected a director and vice-chairman of the board.

A vice-president and member of the GM administration, Jensen joined General Motors in May, 1946,

as a machine tool and die engineer. He studied mechanical engineering at the University of Michigan.

He has served as general manager of the Hydra-Matic and Allison Divisions.

Succeeding Jensen as the group executive in charge of the Non-Automotive and Defense Group is Roger B. Smith, who had been vice-president in charge of the financial staff since March 1, 1971.

REUBEN JENSEN

## Schoolcraft College Sets Registration

The fall semester which attracted over 6,000 students to Schoolcraft College is winding down with final examinations set for December 13-16, and advance registrations for the winter term being accepted through December 17.

Regular registration for the winter semester will be held on January 3-4, with classes beginning the 5th.

Advance registration is being accepted from 8:30 to 4:30 daily in Room L-100 of the Bradner Library. Evening students may pre-register by mail.

Persons who are planning to attend the college for the first time will want to visit the

Admissions Office on campus, or call 591-6400, extension 228.

The hours for regular registration are 8:30-4:30 January 3 and 8:30-11:30 January 4. Evening students may register from 6:30 to 9 both evenings. Registration is held in the Auxiliary Gymnasium of the Physical Education Building.

## May Shelve Bottle Ban

**Continued from Record, 1**

Jim Roth of Good Time Party Store pointed out that even with the sale of returnable bottles the percentage of bottles being returned is poor, indicating people are disposing of their bottles just as they do non-returnable ones.

An advising period for persons enrolling in the Apprenticeship Program will be held December 27-28. Appointments for either day or evening may be arranged by telephone with Kenneth Schultz, director of the program, at 591-6400, extension 301. Schultz has recently been informed that a number of apprenticeship openings may be available through a major plant in Detroit.

Enrollment last winter was 5353, about 60 students more than the number attending during the fall of 1970. Usually the first semester has out-drawn the second. If that pattern holds this year, somewhat fewer than the record 6,017 currently on campus are expected for the winter term.

The Christmas vacation period at Schoolcraft is December 20-31, and all college offices will be closed December 23-24 and 30-31.

## Women Slate Dinner Party

Western Suburban Junior Women's Club will hold its Christmas dinner party for members and their husbands this Saturday, beginning with cocktails at 7 p.m. The smorgasbord will be at 8 p.m. with 40 couples expected.

Five Northville area residents were among the 1,693 Michigan State University students who were awarded degrees during two fall term commencement exercises Saturday in East Lansing.

They and their degrees are:

Edgar Conley, 745 Grandview, BS in mechanical engineering; Sharon K. Lineman, 18635 Jamestown Circle, MA in secondary education; Brian L. Tabor, 537 West Main Street, BS in biology; Mary M. Tiell, 18580 Jamestown Circle, MA in guidance and personnel services; and James R. Ruby, 40840 Five Mile Road, BS in forestry.

John Kenneth Galbraith, economist, author and diplomat, delivered the commencement address at the afternoon ceremonies.

The total number of degree candidates included 1,044 bachelors, 420 masters, 170 doctorates, 10 educational specialists, and 49 doctor of veterinary medicine students.

**SOMETHING SPECIAL**—Staffer Phil Jerome came back beaming from his shopping spree with a special kind of gift idea for his wife—a negligee. But we're not sure if it was the negligee or the hot pants, worn by Roxanne Shoner of Freydl's Women's Wear, that caught his attention.

## Use Good Judgment

## Are Toys Safe?

In spite of federal regulations, proposed local legislation, and industry self regulation, providing safe toys for their children this year will depend primarily on the wisdom and judgment of parents, the National Safety Council says.

What can a parent do to see that his child's toys will be safe? First, he can select toys that fit the child's age and ability. Gerald Cole, the National Safety Council's child safety consultant, says "You can't always depend on the manufacturer's age guidelines. If the advertising reads '7 to 12 years,' the device will probably not appeal to the sophisticated 12-year old but on the other hand, may be used by children under seven.

The toy industry has been working on labeling this last year, but a parent should still evaluate a toy on the basis of his child's interests and ability. Parents should be careful not to fall into the trap of buying toys they like rather than toys appropriate to the child."

To help adults pick toys which are suitable for a child's age level, Cole offers the following guidelines:

Babies up to one year of age like to feel, chew, hold, drop and look at things. Buy

brightly colored toys to hang where the baby can see them, or toys that squeak or rattle. But be sure that the toys are too large to be swallowed and that they have no small attachments that might come loose.

Toddlers from 1 to 2 years of age love to investigate the world. Choose playthings that they can take apart and put back together, or move from one place to another.

Between 2 and 3 years of age children love to experiment. They like to build things with blocks, turn the pages of books, dabble with finger paints. But they still may try to swallow small objects, so be careful about the size of the toy.

At 3 or 4 years of age, the child often tries to imitate adults. Good "let's pretend" gifts include small brooms and carpet sweepers, toy telephones, dolls, miniature tools, trucks and tractors, and suitcases to pack and unpack.

Little people start to be more creative in their play around ages 4 to 6. They enjoy paints and paint books, dolls that have clothes or a doll house and furniture, small sports equipment, simple construction sets and even costumes for dramatic play.

By age 6 children like to test their manipulative ability.

Selected play equipment that will help to develop the child's skills, but be sure the toys are not too complicated. Simple games and puzzles, construction sets, or a sled will all make good Christmas gifts.

The interests of children 8 years and older vary a good deal according to the child. By this time a child usually has some definite likes and dislikes, so select a toy with the child specifically in mind.

After selecting toys for your child's age and interest, carefully inspect them for cutting, piercing and other hazards, keeping in mind that the device is likely to be abused in use. Look for non-toxic labels on children's art supplies and painted toys. A child is impulsive and likely to put anything into its mouth.

All electrical toys should carry the Underwriters Laboratories (UL) mark on the toy and the plug. Buy only toys that are battery operated for young children.

Finally, a parent should be prepared to supervise the play activities of his children, especially if they are using cooking, melting-molding electrical toys, chemistry and laboratory sets, disk throwing items that require skill and practice or the more sophisticated target toss sports games.

You've got just 10 bucks but you'd like to buy a Christmas gift.

If that's your lot and you're looking for gift ideas, read on.

Staffers of The Northville Record-Novi News, Brighton Argus and South Lyon Herald went Christmas shopping for ideas last week.

As an assignment nine reporters scoured local stores for gifts for various relatives. Each chose a typical relative and searched for the ideal gift for under 10 dollars.

Following you'll find in Northville what Sally Burke discovered for father; what Jean Day found for mother; what Phil Jerome picked for his wife; and what Jack Hoffman found for daughter:

In South Lyon what Marilyn Herald found for son; what Ernie Brown found for nephews;

In Brighton what John Beckett found for little sister; what Marilyn Green found for husband; and what Rolly Peterson found for father-in-law.

### For Wife...

As far as I'm concerned shopping for a wife is a fine art. If done properly, it can lead to marital bliss; if done improperly, however, the results could well be a steady diet of luke-warm tee-vee dinners and a closet full of unironed shirts.

Basic is a little understanding of the feminine mystique, and just in case you haven't the time to read a good book on the subject, you'll still be able to do well by following one simple rule—anything that makes her feel soft, feminine, beautiful, fashionable, intelligent, loved, etc., is a good gift, and anything that reminds her she is the one who scrubs the floor and wrings out the diapers is not a good gift.

My first stop would seem to belie my own rule. Northville's Book n' Easel has several fine hard-covered cook books - all within the \$10 limit. My favorites were some "Cooking with Wine" books put out by the California Wine Advisory Board and costing just \$2.95 apiece. Such a gift would not really be in conflict with my rule because all wives are flattered if their husbands think they're "galloping gourmets" in the kitchen.

Long's Bath Boutique was

my second stop and here I was able to follow my rule more closely. Mrs. Long personally gave me a tour of the different type of bath soaps, bath salts, and bubblebaths that wives like to pour into the tub to make themselves feel soft and luxurious and smell good. In addition, you can also buy some handsome designer bath towels for \$7 apiece. "They're almost as big as some blankets," said Mrs. Long, holding one up for my examination.

Unfortunately, the sizable selection of fashion boots at Del's Shoe Store, exceeded the \$10 limit given me by my editor. That does not mean, however, that I won't go back there when I really do my Christmas shopping and buy a pair for my wife (they range in cost from \$20-\$40, although one pair was on sale for just \$16 when I was there).

Also at Del's is an item that makes a great gift and is within the \$10 limit-furry slippers. Wives like to be babied from time to time, just as husbands do, and a pair of warm, furry slippers can make your wife feel very appreciated.

Try Freydl's for women's clothing. Regardless of your wife's age or her taste in clothes, Freydl's has something she'll like. My own wife likes her clothes young

Hockey Game's A Good Bet for Active Son in Your Family

ish My budget made me pass by a crushed velvet hot pants outfit with a matching "battle jacket," but knit sweater vests sell for only \$7 and ribbed body shirts are also within the range. There's also an extremely nice matching wool cap, mittens, and scarf ensemble that sells for \$10 on the nose and will make your wife feel like Ali MacGraw in

"Love Story." In spite of my odyssey through the shops of Northville, I really knew before I even started what I wanted to buy her and that item is a negligee, something silky and soft. Freydl's has them. But regardless of where you finally decide to buy your negligee, remember not to select something that makes

your wife look like Irma La Douce. The whole trick is to make her feel pretty.

### For Father...

My father—the inevitable puzzle on my Christmas shopping list. After playing

Alarm Clock May Signal A Gift Idea for You

# Here's Some Christmas Gift Ideas

Continued from Page 1-B

Santa Claus to me for so many years, his present from me must be something special.

Northville's newly opened Pease Paint and Wallpaper store provided some great ideas with their "antique" signs—everything from doctor, lawyer, dentist, office notices to one that struck my fancy: "Love Thy Neighbor, But Don't Get Caught."

All were \$10 or less, with most prices around \$8. And if none of the signs is just right, Pease has the materials for the "do-it-yourself" sign-maker.

Lapham's men's shop has hundreds of ties and racks of the new "in" wide leather belts with the big bold buckles.

Red, white and blue, brown, black, camel—you name it,

Lapham's has a belt to fit your Christmas list. Prices are under \$10 with most belts about \$7 or \$8.

They have a good selection of turtle and crew neck knit sport shirts, long or short sleeves, in stripes or solid colors for about \$6.

But Freydl's Men's Wear was where I made my find. After buying father the wrap around cuff links last year, what better idea than to get the French cuff shirt to go along?

For \$7 to \$9, Freydl's has a variety of French cuff shirts in solids or stripes. Wide stripes, narrow stripes, rainbow stripes.

It took a bit of "eenie, meenie, miney, mo," but I finally selected an eggshell white with blue and red stripes for \$7.

## For Mother...

Shopping for mother really is shopping for someone "who has everything," or at least everything she wants. Since mothers have a way of saving and treasuring such gifts as hankies bought long ago with first allowances, the task of finding a usable \$10 gift is doubly hard.

Christmas decorations in the window of Lila's Flowers and Gifts in Northville gave the inspiration for a room arrangement for the holidays. An unending variety of arrangements, many with candles, is inside.

A white tree arrangement with gold decorations and red candles was an eye-catcher at \$12.50 (great for a mother who no longer has room for a big tree). Chunky candles, with diameters that looked about six inches, were \$7.50 with like-real evergreen wreaths for the base at \$4. Also appealing were the two-tone green and red candles.

I almost decided upon a black iron candleholder with three twisted red candles, a miniature santa and greens-and-pine cone base, priced at \$8, but decided I would look across the street first.

(Part of the fun of shopping in a community is that you can cover a lot of stores in a short time. You'll probably be

able to chat with the store owners and friends as well.)

The Spinning Wheel Fabric Shop by the new Northville parking deck was crowded with women of all ages bent on fabrics to sew for Christmas wearing. For a mother who's taken up sewing there's pinkish shears at \$9.95—and many other specialized types at lesser prices.

Summit Gifts has a "conversation piece" in a French-type telephone with Wedgwood-type decoration on the base. Since it's \$95, I went on to the extensive display of clocks.

For the person whose eyes require larger type, there's a great new Hamilton clock that spells out the exact time. It's \$20. Opposite the Mickey Mouse and Snoopy clocks (about \$9), I found my gift. It's a travel alarm clock by Vantage at \$7.95. I chose the round style, but there also are square ones. Then with the extra change I picked up a fancy pill box for \$2.50—one from a large selection of filigree cases with tops that look like cameos or Dresden pictures.

## For Daughter...

Sixteen-year-old girls can be pretty explosive when presented with gifts they find inappropriate. I learned that a few years ago when a girlfriend took offense to my perfectly innocent present of the then very popular record, "She's Too Fat for Me."

Although I suffered that stinging indignity while wearing the pimples of puberty, I still am chary of buying gifts for 16-year-old girls even though this one happens to be my daughter.

But maybe one of the colorful candles offered at Ely Christmas Trim Shop in Northville will catch her fancy. They come in all sizes and shapes, and all are well under \$10. A bright blue ceramic candleholder, costing just \$1.75, might delight her.

I found a variety of baskets, ranging from 34-cents to \$1, that would enhance her growing collection, and to go with one of them bouquets of multi-colored dried flowers for \$1.98.

Or maybe a pitcher and bowl set for her dresser. Both are in blue and white—one set for \$5.39, and another for \$8.15.

A painted pig decorated with flowers seemed like another nice dresser decoration—and an ideal place to save her baby-sitting money. A cute, smiling little girl holding a bird was another bank possibility for \$2.50.

But my choice: A \$2.86 weird-looking incense burner from Mexico. Shaped in a masked face, its mouth was the hole for the incense.

For just a buck each, a variety of mugs at Gamble's might win a smile from my 16-

Impact....A Game to Please a Tomboy

year-old. But she'd probably be happier with one of the boxes she could finish herself (decoupage it, paint or stain it). One in particular, called "FreeForm", is just the right size for her long beads and it sells for \$7. A smaller one for little trinkets, called "Eleganza", is available for \$5.

Instead, I picked a \$2.99 wooden letter "D" for her wall, and a \$1.99 can of "Perky Blue" enamel she can use to paint it.

There are some beautiful multi-colored scarf and hat sets at Brader's for \$6.98 that I'd like my 16-year-old to wear but she'd probably be more pleased with the red polka dot bikini pants for \$1.75 and the matching half slippers for \$3.50.

Fluffy pink bedroom slippers for \$3, blue and white warm flannel pajamas for \$5.98, or the long flannel nightgown with patchwork squares, also for \$5.98, are great possibilities.

But being a practical father, I picked a \$1.25 pair of panty hose that just happens to come in my wife's size.

Now with an incense burner, a wooden letter, can of paint, and a pair of panty hose, I've still got 91-cents from my 10 bucks—or just about enough for today's popular recording, "Empty Pockets."

## For Son...

Choosing a gift for my 12-year-old son is always difficult after you eliminate the snowmobile or mini bike which we don't plan to buy for him.

After studying all the toys

and models generously displayed at Gambles, Slaughter's Variety and Nugent's in South Lyon, I had to settle for a game in the "under \$10 bracket." The pro-hockey set which has a simulated ice rink to set out on the floor, plastic pucks and hockey sticks to sock 'em with seemed a good bet for an active boy. That's for the days when the weather doesn't permit real live hockey at Kensington. The set which sells for \$7.99 at Nugent's also can be converted to a "floor pool" type game.

Another thing which is a necessity if you have a ping pong top for your pool table, is the net, paddles and balls to go with it. They sell for \$8.98 and \$6.75, also at Nugent's.

In place of that real life size snowmobile, a remote control model from Slaughter's at \$4.39 looked pretty interesting. There's one which sparkles for \$3.39, if you prefer. Also, model "stick sticks" at \$3.98 and other items for the model enthusiast looked good at Slaughter's.

First thing which took my eye at Gamble's was a durable appearing ball glove at \$7.98, to replace the one Scott lost on vacation last summer (Should come with a string attached to avoid loss). An electric football game at \$7.99 and a funboggan at \$1.29 (plastic sheet for sliding down hill) looked like fun, too.

## For Sister...

Christmas shopping for an eight-year-old sister presents certain immediate problems, and also presents certain obvious solutions, of course. But when you add the fact that

the eight-year-old in question is something of a tomboy, you find your Christmas shopping problem a little more complicated.

The first item that really caught my eye was a word game called Spill 'N Spell which I noticed in the D & C Store. Knowing that my sister loves school and all related pursuits such as spelling, I filed this away for further consideration immediately.

A few steps down Main Street, I stopped into Western Auto's Toyland, which attracted my curious eye at once. There I found two slightly off-beat items which I considered briefly, but then decided against.

One was a Flip Wilson "Geraldine" talking doll, priced at about seven dollars. My sister is a real fan of Flip Wilson, and her own Geraldine impersonation is something that keeps the household in stitches.

But she hasn't really shown any special affection for dolls so far in her young life, so I decided against 'good old Flip.'

The second item was the one that really impressed me, and was the one I nearly grabbed. Called the "Soft Shot" basketball and hoop, it's a basketball game which can be played anywhere, because the ball used is not heavy enough to damage anything, and the hoop can be placed anywhere.

I could just see my sister dribbling through a maze of chairs and kitchen tables to lay in an easy shot, for she is quite a basketball fan. But I could also picture the resulting confusion my mother and father would have to put up with, so I continued my search.

At Grants, I finally found two items that really pleased me. A Scrabble for Juniors game looked like a natural at three dollars, and a new game called Impact also looked like a winner.

The Impact game involves striking a moving ball with a swinging device, and I decided it looked like so much fun that my little sister would have no problem finding people (like my father and mother) to play it with her. And at seven dollars, the price seemed just right.

## Father-in-law...

What do you get for the man who has everything? That was the question I was confronted with and that was the question local merchants were asked.

Said Harry Winterger, owner of the Bon Ton Shop: "Look at this. It's a gold plated Timark. Something new."

Out onto the counter it came, a plastic cube, gold plated. Winterger tilted the cube, when three minutes were up, the cube popped upright.

With the Timark, an executive can time his long-distance calls, confine them to three minutes—and cut costs.

On to another store, Jarvis Store for Lads and Dads. "What do you have for the man who has everything?" The young man didn't waste any time. "Got just the thing," he said.

"How about an executive thought organizer? It's \$11, but that's only one over your limit."

He took the thought organizer off the shelf, a futuristic looking device, bubble-shaped plastic, with wiring inside exposed. The young man clicked it on and beeps came from the bubble with increasing frequency as he turned it up.

"Thanks," I said, and scooted on to the next store, Leland Drug. Same question—what do you have for the man who has everything for \$10 and under?

The woman was non-plused. "You kind of caught me off guard," she said. "How about a leather drinking mug?" Not quite. A combination lamp-radio, very nice item, was \$25, so that was out.

Now, the question is, what gadget to get.

## For Husband...

Shopping for husbands can present certain problems, especially if they are the types that are a little hard to please.

If the husband involved is a bookworm, Jack LaGoff's Book Mart offers a wide variety of the latest in both hardbound and paper back editions.

Some of the more interesting titles include "Our Gang" by Philip Roth for \$5.95; "Tenants" by Bernard Malamud for \$6.95; and "Nixon in the Whitehouse; The Frustration of Power" for \$8.95.

The Music Box at Brighton's Mall has a variety of good records including "Peter, Paul and Mary's Greatest Hits" for \$4.98 and a real bargain, a four-record set of Chicago at Carnegie Hall for \$9.98.

## For Nephew...

Toys there are in abundance for any five year old. However, when the five-year-old nephew in question has a grandmother who feels that buying out a given toy store to fulfill his desires is the best way to assist Santa Claus, then toys are removed from the other buyers' list.

Bearing this in mind, I visited some South Lyon stores in which toys are not a predominant item—Martin's Hardware, Baran's Jewelry and Dancer's.

I found what I sought in Baran's, but had a real struggle not to substitute items I found in the other two stores.

Ed Baran has stocked a "Mickey Mouse" alarm clock at \$9.95 and what better gift for a kindergartener just beginning to tell time could I have possibly found?

Running a close second on the list was a homemade sled at \$9.95—just inside the \$10 limit—at Martin's. The hardware also stocks baseballs, basketballs, tetherballs, footballs, volley balls and baseball gloves among other sports equipment. These items are possible because they range from \$3 to \$7.75.

Dancer's has a good selection of clothing for the five-year old. You might cover the boy's head with a knit cap at \$1.99 or ear muffs at 99 cents and still have enough money budgeted to come up with, say, a sport shirt at \$3.49 or a sweater in the \$3.99 to \$5.99 range. These are but samples of the line stocked by manager Ruby Kilpatrick.

# Here's Tips For Picking Your Tree

It won't be long before you buy that beautiful tree to grace your home during the Christmas season.

Before you venture out to cut a tree or buy one at the local lot, Michigan State University forester Dr. Jonathan Wright recommends considering four things.

First, check the tree's needle-holding ability. Pines, firs and freshly cut spruces are best. Next, check the firmness of the branches since they must hold up the ornaments. Choose a fragrant tree. And the tree should be freshly cut.

Several varieties of Christmas trees are available, Wright says. Needles occur in clusters of two to five in pines. The Scotch pine has whorled branches. The needles are 1 1/2 to 3 inches long and have a blue- or gray-green color. Branches of the Austrian pine are smooth and light brown. The stiff needles are 3 to 7 inches in length and are dark green in color.

Spruce needles have a quadrangular cross section and are short and sharp. White spruce is the most common and has blue-green needles not quite an inch long. It holds its needles longer than does Norway spruce. The needles of Norway spruce are dark green. They are about 1/2 to 3/4 inch long.

The branches of any fir tree are perpendicular to the trunk and the twigs are perpendicular to the branches. The Douglas fir has short flat needles. It is dark yellow-green to blue-green in color. The Balsam fir is dark green with rounded, notched needle tips. These first grow in such a way that annual shearing to develop full crowns is not so necessary as in the pines. Therefore, full-crowned fir trees can have a more natural look than full-crowned pines.

After deciding the type of tree you want, choose one that will fit in the room you plan to put it in. Keep it fresh. Choosing a fresh tree helps. So does cutting an inch of the bottom of the trunk and putting the base in water. A good fresh-cut tree can drink more than a quart a day. That helps keep the tree fireproofed, too.

## Governor Appoints Pursell

Senator Carl D. Pursell (R-Plymouth) has been named by Governor William G. Milliken to the Michigan Representative Coordinating Council for Project STAR, which is a multi-state program designed to improve the on-the-job performance of criminal justice personnel.

"I am pleased to be appointed to this organization, whose principal project is conducted by the American Justice Institute," said Pursell, who has had a longtime interest in criminal justice.

"Information on various functions performed by criminal justice personnel will be collected and analyzed in California, Michigan, New Jersey and Texas."

"These four states employ 171,000 full-time criminal justice employees — or 23 per cent of the nation's total in this field."

Senator Pursell said the program is designed to better define the roles and objectives for operational personnel, combined with improved education and training programs with the aim of providing more effective administration of criminal justice.

"Project STAR will place special emphasis on the present and future roles of police officers and sheriffs, judges, prosecuting attorneys, corrections officers, and probation and parole agents," said Pursell.

"A major product of the research will be training programs incorporating the most modern educational methods, including classroom instruction, on-the-job training, experiences, seminars and workshops, simulation and systems training."

## Paleolithic Man's Legacy

# Ski-Touring's New Sport

A "brand-new" old winter sport — ski touring or cross-country skiing — is fast sweeping the country, opening up much of the woodlands and camping grounds that previously slept, unvisited, in blankets of snow.

Although relatively new in this area, ski-touring is by no means new, points out Tom King, general manager of Raupp Campfitter stores in Michigan.

It was discovered thousands of years ago by Paleolithic man as he discovered wintertime travel was greatly enhanced by strapping boards to his feet, allowing him to glide over the hard surfaced snow and at the same time keep him from sinking into the powdered snow.

Modern-day cross-country skiing has changed very little from its ancient beginnings. While the currently more popular Alpine skiing (downhill) encompasses a wide and new technology, Nordic skiing (cross-country) continues to use lightweight, laminated wood skis, bamboo poles, a ski boot, which looks and acts more like a hiking

boot, simple cable or toe bindings which give the heel maximum freedom, and clothing that is functional rather than stylish.

"Because of the simplicity of the equipment" says King, "the cost of all the needed items is correspondingly low. The finest set of equipment, generally, won't cost much more than \$100 and a good beginner's set can cost as little as \$55 (including skis, poles, boots and bindings). The clothing required depends on taste and function. Most people probably have many items of clothing available from their present wardrobes."

In spite of the low cost of equipment the real savings in ski touring comes from the use of this equipment. Most downhill skiers will readily attest the largest cost of Alpine skiing is the trip to the ski resort and the many and varied expenditures made in getting to the slopes and utilizing the facilities.

In cross-country skiing after purchasing the equipment probably the largest single expenditure

required each year is the purchase of \$5 worth of waxes and accessories.

Cross-country skiing, in many ways, one of the most social sports of wintertime recreation. More and more groups and families are touring together. They converse as they go, stop for a bite to eat, and generally enjoy each other's company far more than if they were flying down a slope at break-neck speeds.

Remember the Paleolithic man. He wanted only to be able to walk over the snow easily. And that's exactly what cross-country skiing allows you to do. First, the cross-country bindings, unlike downhill bindings, permits the heel to have complete freedom of movement. Therefore, you can take normal strides, just as you would while hiking in the summer. Then, with the aid of various waxes, ranging from soft to hard, you are able to obtain just the right amount of pressure from the foot to grip the snow. When that pressure is released, the snow falls away and the ski glides smoothly forward.

As the snow surface changes, or as the heat of the day increases, you simply apply a new wax. Approximately three or four waxings are needed during a normal day.

And, the proper use of wax allows a cross-country skier to literally run straight up a hill — a feat impossible for the downhill style skier.

But versatility is not the only advantage of cross-country skiing. Safety is a prime factor. The cross-country binding with its loose heel is in a constant state of "release," allowing the skier to fall in a natural way. Many serious leg injuries suffered by downhill skiers are eliminated. One well-known American cross-country ski enthusiast once stated that in 20 years of ski touring the worst accident he had heard of or seen was a sprained thumb.

Among the many questions

asked by people interested in ski touring, the most common concerns the degree of difficulty in learning the sport.

"The simple, gliding step is the basic movement of the cross-country skier and it can be easily learned in a few hours of relaxed practice," says King. "Most turns are done with either a snowplow or step turn. Almost everyone will find that with a few minutes of instruction they can be well on their way toward mastering this enjoyable and rewarding sport."

Not until late 1967 was it possible to generally purchase cross-country skis in

the Michigan area. It was then that the first retailers began importing the basic equipment. Today numerous dealers throughout the state are showing touring skis and accessories.

"I'm not one that goes in for all the outdoor sports even though I'm in the business," says King. "But I love to cross-country ski. Maybe it has something to do with being out in nature. Maybe it's the cold. Maybe it's the fact that my whole family can participate and enjoy it. I'm not really sure what the reason is. I only know the King family loves to cross-country ski."

## 3-R's Help Fight Waste

You can help solve the nation's solid waste disposal problem by following the three "R's" of ecology — reduce, reuse, and recycle — a Michigan State University marketing specialist reports.

Packaging materials account for 13 percent of collected household waste and an even higher percentage of roadside litter, says Mrs. Sheila Morley. In a typical year, Americans throw away 48 billion cans, 26 billion bottles, 4 million tons of plastic and 30 million tons of paper.

Help reduce these figures by limiting your purchases of products with excess packaging materials, such as individually packaged servings of lemonade mix or snack crackers, Mrs. Morley suggests. Replace disposables such as napkins, paper towels, foil pans and plastic spoons with cloth, glass and durable dishware which can be washed and reused.

When possible, buy larger

product sizes — a 16-ounce box of cereal instead of two, eight-ounce boxes.

Aluminum foil and plastic wrap should be used selectively because they cannot be degraded or recycled. Instead, use covered refrigerator dishes, Mrs. Morley advises.

You can also cut both your food budget and the amount of clutter by making your own puddings and gelatins instead of buying ready-made products in individual metal cans or plastic dishes.

When you have a choice, buy meats, fruits and vegetables in cardboard-like pulp trays instead of plastic trays. Also, molded-pulp egg cartons are more easily disposed of than plastic foam cartons.

Extend the life span of packaging materials by reusing glass jars for storage and leftovers. Keep foil pans from frozen dinners for later use, and reuse plastic bags.

Participate in recycling programs, Mrs. Morley suggests. Glass should be rinsed, metal attachments removed, and the jars and bottles separated by the color of the glass.

If there isn't a glass recycling pick-up station nearby, buy returnable glass bottles. Returnable bottles are also less expensive, reminds Mrs. Morley.

Reclaimed by the pound, 20 to 24 of the 12-ounce aluminum beverage cans make a pound. You can identify aluminum cans by their rounded bases and lack of side seams, explains Mrs. Morley.

## Babson Report

# Despite Slumps, Rails Keep Plugging Away

THERE IS no debating the assertion that the railroad equipment industry is basically cyclical in nature. This stigma has been clearly in evidence over the years, as reflected in the past record of ebb and flow in demand for and production of railroad equipment.

This is not surprising since the industry's fortunes are tied tightly to the vacillations in capital expenditures by rail firms. In turn, railway budgets are vulnerable to such stresses as economic recessions, tightness in supplies of credit, and high borrowing costs.

AFTER A PERIOD of healthy business in the early to middle 1960s, the rail equipment industry lapsed into a spell of mediocre or low activity. This condition stemmed to a considerable degree from the nation's monetary problems and the related woes of the railway carrier system. In the past few years, however, most of the companies in the field have been busy trying to improve their profile.

These concerns have sought to combat the industry's stagnation and to lessen their dependence on the volatile behavior of the railroads. This has been accomplished through diversification moves into other divisions of the broad capital goods line, through placing greater emphasis on leasing equipment and participation in environmental betterment.

AS A RESULT, stocks of the leading railroad equipment producers and parts suppliers have fared quite well in recent years, despite the deplorable behavior of the stock market in general. Although none escaped the ravages of the 1968-70 bear market, the stalwarts of this particular industry group were among the front runners in the subsequent market recovery, and many have even held up well during the market's backslide since last spring. But it must be admitted that diversification efforts have met with varying results.

To the extent that new lines of activity are tied to military-oriented

goods, industrial equipment, or consumer durable goods, results of sales and profits have continued to evidence cyclical patterns. But where emphasis has been placed on equipment leasing and environmental improvement, results have generally been impressive.

EACH YEAR during the 1960s the railroad companies retired more freight cars from service than the rail equipment industry produced either for outright sale or for lease. This has, of course, resulted in shortage of cars for the transportation of freight. The inadequacy should soon be reflected in more active orders for freight cars. In addition to the mounting pent-up demand for replacement freight carriers, a number of other developments could spur markets for railroad equipment.

Foremost among these is the proposal to restore the tax credit on certain business capital expenditures. Congress has, of course, been agonizingly slow to enact the needed legislation for this. Government assistance in financing and establishing a federally owned freight car pool is still a possibility. The high social priority for mass transit means new vitality for such equipment.

THE RAILROAD equipment field, including its suppliers, includes many firms. The Research Staff of Babson's Reports currently advises retention of ACF Industries, General Signal, and Pullman. General American Transportation has done well since it stressed equipment leasing. Trans Union has been outstanding since it established a stake in water purification and waste treatment. General Steel Industries is an important cog in the mass transit equipment field, although it has had profit problems due to higher costs than were expected.

The stocks of these three should also be held. Other participants include Amsted Industries, American Standard, Illinois Central Industries, and Midland-Ross — which may be retained for capital appreciation.

## Color's Key to Good Liver

Let color be your key when buying liver, suggests a Michigan State University consumer information specialist.

Calf (veal) liver is from

calves generally 12 weeks or younger and has a light tannish-pink appearance, explains Miss Ada Shinabarger. Finely textured and of a delicate flavor, it is

the most expensive choice because its supply is limited. Baby beef liver, from young beef up to a year in age, has a bright, medium-red color, Miss Shinabarger explains.

## Michigan Mirror

## Deductions Aid Campaigning

LANSING—While politicians in Washington have been arguing whether to tap income taxpayers for \$1 a head to finance presidential campaigns, the Michigan Legislature has quietly taken steps to encourage Michiganders to contribute voluntarily to campaigns.

A new state law allows any resident to take a deduction on his state income tax for deductions to political campaigns of up to \$50. The law goes into effect Jan. 1, meaning it will be a factor for next year's campaigns.

Michigan is the sixth state to enact such a statute, which was sponsored by Sen. William S. Balenger, R-Ovid.

"IN AN AGE of ever-increasing and exorbitant campaign expenses, this new law will encourage thousands of people and hundreds of organizations in Michigan to give, or to give more," Balenger says. "This will take vast pressure off the hundreds of non-wealthy citizens in Michigan who run for office, and will give a lot of good men a better chance to play what present laws have been helping to make a rich man's game."

Balenger sees the best insurance against letting candidates become "owned" by a few big contributors as being "to get so many people to participate in the giving that no candidate would feel dependent on special interest groups."

"It would be really healthy development if the Michigan voter can be persuaded to leave his public servants less dependent on the financial fat cats, be they individuals or organizations."

DESPITE RECENT legal advances in the field of equal opportunity for all races, Michigan is still a state in which the races are separated by their residences.

A recently completed study by Michigan State University professor Daniel H. Kruger, shows the black population in Michigan's major cities is increasing while white population is migrating to the suburbs.

Roughly 82 per cent of the 1 million black residents of the state live in the central cities of the 10 largest

cities of the state, the report says. More than 100,000 of those moved into Michigan between 1960 and 1970. At the same time, however the white population in central cities dropped by 17 per cent.

KRUGER SEES these developments as accentuating the problem of desegregation of the state's public schools. He told the U.S. Senate Sub Committee on Equal Educational Opportunity recently state educators are going to have to do more if equal education is available to all students.

"The State Department of Education must assume its general leadership role as provided in the state's constitution for providing high quality educational opportunity," he said.

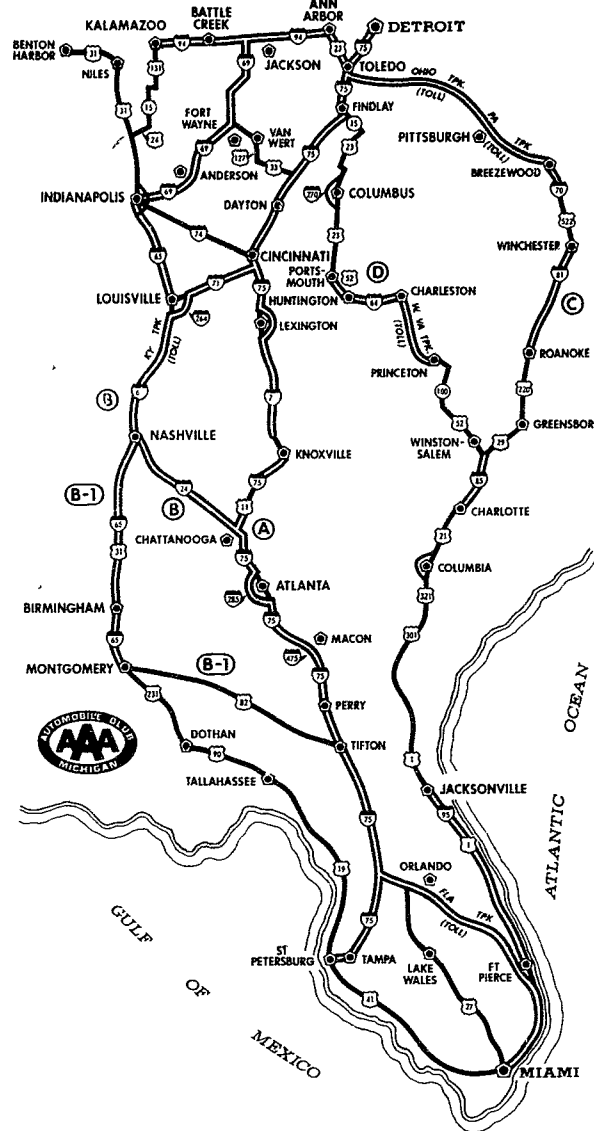

Opponents to drive for a one-house Legislature for Michigan have been doing more work recently as they started to see some progress on the part of the one-house advocates.

They recently stretched quite a bit to come up with yet another argument against the concept.

It seems in the country of Chile, President Salvador Allende has been pushing the idea of a one-house legislature for his nation. Allende is the first Communist to be freely elected president of any country. The unsaid conclusion to the anti-one-house argument was that a one-house legislature is another "Communist plot."

This totally ignores the fact that the only American state with a one-house legislature is Nebraska—which certainly is not a hotbed of radicalism. The state, in fact, gave Richard Nixon a bigger percentage of its vote in both 1960 and 1968 than any other state.

Perhaps it should be hoped those advancing this argument never learn that the father of Communism—Karl Marx—also was very much in favor of a public school system. We might have a campaign to abolish public schools.

## 90 Percent Complete

## Freeway Links Open to Florida

With winter arriving, over 525,000 Michiganders are expected to visit an ever-expanding world of sun, fun and fantasy in Florida by spring—all of it easier to reach by car than ever before, according to Automobile of Michigan.

Recently completed sections of the I-75 freeway between Sault Ste. Marie and St. Petersburg, Florida, will allow Michigan motorists to catch up with the sun in record time.

New additions to the superhighway—near Detroit, Toledo, Ohio, Knoxville, Tennessee, Atlanta and Macon, Georgia—total 30 miles and bring the freeway to almost 90 percent completion.

Once motorists arrive in the Sunshine State, the main problem will be which city to visit or what attractions to see.

Where to go and what to see has already been decided by many vacationers with the recent opening of Walt Disney World near Orlando off I-75.

In 1972, this giant 2,500-acre entertainment-recreation complex is expected to be a major drawing card for Florida.

And no wonder! Phase I of Walt Disney World includes the Magic Kingdom Theme Park with approximately 35 major adventures, two resort hotels, two 18-hole championship golf courses, campgrounds, riding stables, plus a transportation network including monorails, steam engines, sidewheelers,

sailboats, trams, double-decker horsedrawn streetcars, horseless carriages and a fire engine.

Each of the six major "lands" within the park, ranging from Liberty Square to Tomorrowland, carries out its theme in costumes, foods, architecture, landscape and entertainment.

Disney World is not all that is new in Florida and expected to draw Michigan visitors.

Just north of Daytona Beach lies Marco Polo Park, a botanical garden and entertainment complex which depicts parts of the world that the 12th century traveler might have seen.

If tropical wildlife is more attractive, newly opened Gator Jungle, located west of Titusville, offers some 400 alligators, 30 crocodiles and other native Florida wildlife.

Hollywood's most famous Tarzan, Johnny Weissmuller, has opened Tropical Wonderland, also near Titusville which includes a zoo where animals can be petted.

The seemingly endless line-up of similar attractions across Florida is a major reason why motorists should select the best routes to and from destinations to conserve travel time, Auto Club points out.

From the standpoint of miles traveled, Auto Club points out that I-75 (route A on the accompanying map) through Cincinnati, Knoxville and around Atlanta is the shortest and best year-round route for those living on the east side of Michigan.

From Detroit to Miami, this route spans 1,415 miles with 1,345 of it four-lane highway. Only minor delays may be encountered where remaining gaps in I-75 cause freeway traffic to funnel onto surface roads.

Motorists from western Michigan will find the most direct route to Miami is US-31 from Michigan, connecting with I-65 in Indianapolis, then I-24 to Chattanooga from Nashville and following I-75 south from there.

Although this 1,425 mile route (indicated as B on the map) is 51 miles and 90 minutes longer than via I-75, it offers the most miles of four-lane highway.

When weather is bad in the Chattanooga-Atlanta area, driving south from Nashville to Montgomery along I-65, then east along US-82 to Tifton, Georgia, and connecting with I-75 (route B-1 on the map) provides a good alternative. However, it contains less freeway than the route through Atlanta and is 32 miles longer.

Motorists who desire a semi-mountainous but extremely scenic route should consider the Ohio and Pennsylvania turnpikes, I-70 to Winchester, Virginia, I-81 to Roanoke and I-581 to US-220, US-220 to Greensboro, North Carolina, US-29 to I-85, I-85 to Charlotte, and US-1 south to Jacksonville, Florida (route C on the map).

This route is the longest at 1,591 miles and cost the most in tolls, which amount to \$8.30. Approximately 1,184 miles of this route is four-lane road.

The only other route to Florida suggested by Auto Club (route D on the map) runs through the scenic mountains of West Virginia, Virginia and North Carolina. It only can be recommended

from spring through fall as snow and ice often make this route hazardous.

Beginning in Ann Arbor with US-23, the route transfers to US-52 at Portsmouth, Ohio, I-64 at Huntington, West Virginia, the West Virginia

Turnpike at Charleston, US-25 at Princeton and I-85 from Winston-Salem, North Carolina.

In trade for the scenery along this route, motorists will have to give up a good deal of freeway travel. Only 980 of this route's 1,513 miles

is over four-lane highway.

From Detroit, Auto Club states it will take only two days to reach the Florida State Line by car. This allows eight hours daily for travel. Those persons driving to Miami should add another day.

## Out of The Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments and horse show news to "Horse's Mouth", care of South Lyon Herald, South Lyon, MI 48178.

The Justin Morgan Horse Association's High Point Banquet was held December 3 at Roma Hall, over 200 people were in attendance.

David Earhart of Northville was elected president of the Plymouth 4-H Horse Club at its recent annual election meeting.

Other newly elected officers are Karen Miller of Plymouth, vice-president, Barb Deer of Plymouth, secretary, Valerie Sarinopoulos of Livonia, treasurer. News reporter for the club is Chris Bockay of Belleville.

The club plans a parent-member potluck dinner Saturday at the Salem Township Hall.

The only horse blood-typing laboratory in the U.S. capable of testing to determine parentage almost had to go out of business for lack of business last summer—until the fine major breed registries

got together with the Morris Animal Foundation of Denver to save the lab.

In a unique example of interbreed cooperation, the registries agreed to put up the needed money. The contributing registries are the American Quarter Horse Association, the Arabian Horse Registry of America, the Jockey Club (Thoroughbreds), the U.S. Trotting Association (Standardbreds), and the Appaloosa Horse Club, Inc.

Loss of the lab would have jeopardized future research on equine blood groups and would have left the horsemen with no official source for determining parentage.

Cost of the typing service to a breeder is \$100 if he applies through his registry or through the Morris Foundation. If not, the charge is \$125.

The procedure is a simple one. Breeders who have a question of parentage which they wish to refer to the Serology Laboratory must first make an application

through their particular registry. The office of the breed secretary will advise the owner whether there is a good chance that blood typing could resolve the problem.

Owners of breeds that are not affiliated with one of the five participating registries may apply directly through the Morris Animal Foundation.

(reprinted from the Western Horseman)

Is it true that a horse has a special tendon which permits him to sleep standing up?

The check ligament does exist, and at times serves as a locking device so that the horse can doze while standing. Experts differ as to whether horses actually sleep in the standing position. The special ligament does, however, relieve the regular supports, so that rest is possible.

Can a horse breathe through its mouth?

This is not usually the case. It would be an abnormal condition if the horse did this sort of thing.

## What Would Happen If...?

Ernest L. Crocker, D.D.  
Retired Pastor  
Wesleyan Church  
Brighton

A funny thing happened to me on my way to church this morning. I was struck with an idea. No, the blow was not fatal and I survived. But I suddenly wondered what would happen to this world of ours if everyone—man, woman and child—would accept the Gospel and live according to the teachings of Jesus Christ. Yes, I know that would indeed be a utopia. Life would become very worthwhile and most exciting.

It would be a strange world in which we find ourselves. Every preacher and missionary would be out of a job and would be asking unemployment compensation. There just would be no need of preaching and no one for the missionary to reach and teach.

Policemen would be among the unemployed also, as there would be no crime. Even lawyers and politicians would change jobs or go hungry, as laws are needed only by those who break them.

And then what would happen to our bankers? If you and I and all the rest lived to make life better for our neighbor (the

kind Jesus defined in Luke 10:29-37,) money would lose its desirability and value. For it is the greed of the human heart that makes safes, vaults, and all our banking institutions necessary.

Even our newspapers and telephones and TV's would lose their importance. For what would our editors find to write about to fill the columns between the advertisements if there was no more crime? How could the "Today Show" survive without war and propaganda to report? Even the media we call "the Press" would be perfect and our vice-president would lose one of his primary targets.

The greatest change would be noticed in our personal relationships. Family life would become heavenly and divorce would be a word out of the past. You and I could look every man in the eye and catch a smile in return. There would be nothing to hide.

How do I know these conditions would exist in the world if the Gospels were lived? Because those who have met Jesus (John 1:14) and become personally acquainted with Him have found it so. (Matt 10:28-30).

# What goes on?

Sunday  
• Mark  
11, 20-26  
Monday

2, 16-21  
Friday  
• Ephesians  
1, 3-12  
Saturday  
• Matthew  
7, 15-27

"What goes on in the beauty parlor? Bet you hear all the gossip in town." That's what my husband says.

Well, I'll admit it—there is talk. When people get together—whether in a beauty parlor, a barber shop or, in the old days, around the cracker barrel in the general store—tongues start flying. It is human nature to talk, to criticize, to complain.

But isn't it refreshing to hear something good about someone? Sometimes it takes a lot more strength to say something good than something bad! Sometimes it takes more strength to stand up and be counted as a churchgoer than it does to sit on the sidelines, espousing neither faith nor cause.

Which side are you on? If you're not sure, why not cast your vote for the Church? Try it next Sunday.

## 1-Card of Thanks

The family of Harry Odell wishes to express their heartfelt gratitude to all friends and neighbors for their kind expression of sympathy and help during the illness and death of our loved one. A special thanks to Mabel and Dick Hann, Sam & Iris Resler, Rev. Donald McLennan for his comforting words and beautiful service. The Odell family for their beautiful service etc. The Rebekahs, the L.E.A. and Encampment of Hamburg. The Palbearers To Dick Phillips whose help and kindness meant so much to us. These many acts of kindness will not be forgotten. If I have left anyone out please forgive me.

Edna Odell  
Joseph & Marlene  
Bergin and  
Grandchildren

## Vacation the year 'round!

## THE LEISURE HOME

Here is the perfect setting for gracious living. These leisure homes invite relaxation. It's like a year 'round vacation. American Timber uses durable, solid white Cedar to make these homes virtually maintenance-free. We'll erect them in the mountains, in the woods, along your favorite lake or stream, out in the countryside or on the beach. Enjoy the fun life. Discover the art of elegant living. And it can be yours NOW.

This newspaper will arrange for you to receive full information. Write Box 402 in care of The Northville Record, Northville, Michigan 48167, or phone 349-1700 and ask for details to be mailed to you.

# Memory Seen as Clue to People's Relationship

People aren't haphazard about the things they remember. They remember the things they care about.

What a person remembers about another person, and the way he remembers it, can be a strong indication of how stable their relationship is, according to Malcolm Brenner, a doctoral candidate in social psychology at The University of Michigan.

He conducted an experiment with 48 dating couples at the U-M to see whether they paid as much attention to their partners' test performance as they did to their own. Those who didn't he found, stood the highest chance of breaking up eight months later.

"It was a simple word memory test," Brenner explained. "The 96 subjects were seated in a square with partners seated halfway around from each other. Each person in turn recited a common English word from a card placed in front of him. After 26 words had been read, they were given 90 seconds to write down as many words as they could remember.

"It wasn't so much a test of how many words they remembered, but which words."

In an earlier experiment, using all male subjects, Brenner found that people have a high recall for their own words but typically blanked out on the words recited nine seconds before and after them.

"What they felt was a form of 'stage fright,'" he explained. "Most of us can remember preparing to ask a question before a large group, and becoming so absorbed in our question we were oblivious to anything else in the room. Sometimes even after asking the question, it's difficult to pay attention to the answer."

In the second experiment, Brenner investigated whether subjects showed the same stage fright effects for their partners as they did for themselves. He found that they did, but they showed few of these effects for people they did not know.

Cases in which one subject showed fright for the partner, but the partner showed them only for himself or herself, were the most highly represented among the couples who were no longer dating eight months later.

"These couples also tended to be the ones who indicated that one partner cares more than the other on a questionnaire we asked them to complete. For a relationship to endure, it proved important that the couple's feelings for each other were mutual," Brenner noted.

"Stage fright is a universal human experience like joy and sadness," he concluded. "And, like the latter two, it's an emotion we feel not just for ourselves but for those we care about. It's an expression of caring."

"There's a very close relationship between memory and caring. We're embarrassed when forgetfulness reveals a lack of concern, such as when we can't recall the name of someone we've been introduced to, or when we forget an anniversary or important engagement."

"There's too much going on all around us to comprehend all at once, so our minds are quite selective in what they pay attention to. This holds true not only for the people and things we love, but for those we hate, fear, envy, or care about in any way."

## Care Can Boost Life Of Flower

You love that beautiful poinsettia you got for the holiday season. You want to keep it to flower next year, but how? Michigan State University horticulturist Dr. William H. Carlson offers this timetable for Poinsettia care.

**Christmas Care**

Place your poinsettia near a sunny window or other well-lighted area. Do not let any part of the plant come in contact with cold window panes. Poinsettias keep longer at temperatures between 60 and 70 degrees. Too high temperatures will shorten the life of the bracts. Keep poinsettias away from radiators, air registers, open windows and doors. To keep your plant in bloom the maximum length of time, place it in a cooler room at night (55-60 degrees is ideal).

Examine soil daily and water only when the soil is dry to the touch. Always water enough to soak the soil to the bottom of the pot and discard excess water. If you don't water enough, the plant will wilt, and the lower leaves will drop. If you water excessively, the lower leaves will yellow and then drop. Apply a soluble fertilizer, such as used on house plants, once a month according to the recommendations of the manufacturer.

### Late Winter Care

The new varieties of poinsettias, such as Paul Mikkelsen, Eckespoint C-1, and Annette Hegg, are long-lasting flower types. Their flowers remain on the plant for several months. Side shoots will develop below the flower and grow up above the flower. To have a well-shaped plant for next year, cut back the stem of the poinsettias to 4 or 6 inches in height, removing the old flower and perhaps one or two side branches. This will allow the buds located in the uppermost leaf axils to grow and develop. This cutting back is usually done in late February or early March. The plant should still remain in a sunny window at a temperature around 70 degrees. Water and fertilize as needed.

**Late Spring Care**

Repot the plant into a larger pot if necessary. A good soil mix includes: two parts garden soil, one part peat moss and one part of sand, vermiculite or perlite plus one tablespoon of superphosphate mixed in thoroughly with each pot of soil.

After the danger of spring frost and when night temperatures exceed 50 degrees, sink the poinsettia pot in the ground to the rim in a well-drained, slightly shaded position.

Cut off the terminal portion of all shoots between July 15 and August 1. These terminal portions can be rooted in a mixture of half peat moss and half sand. They will flower for Christmas, using the same procedure described earlier.

### Fall Care

Take your poinsettia plant inside before the first frost. Place the poinsettia in a sunny window as before. To flower your poinsettia, keep the plant in complete darkness between 5 p.m. and 8 a.m. daily from the end of September until color shows in the bracts (usually mid-December). The temperatures again should remain between 60 and 70 degrees.

So take care now and you'll see your lovely poinsettia again next year!

## Splurge on something different during the holidays!

What better time than the Holiday Season to go all out on a meat that's excitingly different!

For instance, there's...  
Frozen stuffed turkey, a hostess' delight, for it requires none of the extra "fixin'" and the directions are on the wrap per. 1-1/2 servings per pound

Juicy and meaty roasted chickens or the little Beltsville type turkeys just right in size for a small group. 1 1/2 servings per pound

And old-fashioned roast goose with its skin all crackly and golden and succulent with Apple Dressing. 1 1/2 servings per pound (figure over 12 lbs.)

A standing rib beef to eat or a boned and rolled one for easier carving (save the bones for soup). (Bone-in - 1 1/2 servings per pound) (Boneless - 3/4 servings per pound)

A whole beef tenderloin, baked rare and topped with rows of fresh cooked button mushrooms. 3/4 servings per pound

Whole fresh ham baked with a topping of sugar, mustard and crumbs or boned for stuffing with bread stuffing with marjoram and lots of onion. 2 1/2 servings per pound (bone in)

A whole ham or a canned boneless one. If you like, your meat man will slice it

ned ham on his machine, then tie it back into shape for heating and glazing. (Bone in - 2-3 servings per pound) (Boneless - 3-4 servings per pound)

Boned and rolled leg of lamb weighing at least seven pounds for a dinner for eight. It may look small, but it is amazing how generously it

carves. I like to have crushed garlic cloves, whole pepper corns and shredded parsley rolled in the center of minc.

3-4 servings per pound. (boneless)  
Chatham is ready with all the trimmings that go with these meat choices. Let us help you with your menu planning and recipes

# There is a difference in supermarket prices.

## ...And Chatham's got it!

At Chatham everything is "DISCOUNT PRICED" day in and day out. Our low price policy has been saving our customers more on their total food bill every time they shop Chatham.

We don't pass on the added costs of trading stamps, coupons or games. We believe you want more food for your dollar, not gimmicks that only cost you money.

During the coming holidays why not stretch your food budget—Shop Chatham—the store that saves you more on your total food budget.

**APPLE STUFFING**  
(Excellent for goose or duck as it "cuts" the extra fat in the bird)

1/2 cup minced onion  
1/2 cup chopped celery (stalks and leaves)  
1 cup butter or margarine  
7 cups bread cubes  
1 Tbsp salt

1 1/2 tsp crushed sage leaves  
1 tsp crushed thyme leaves  
3 cups finely chopped apples  
3/4 cup raisins

In large skillet cook and stir onion and celery in butter until onion is tender. Stir in about 1/3 of bread cubes. Turn into deep bowl. Add remaining ingredients. Toss lightly. Stuff turkey or goose just before roasting. Makes 9 cups—enough for a 12 pound bird.
