'No College Tax Hike'

Trustees Hold Line, But Worry

Although Schoolcraft Community College is short on space and operating monies, its board of trustees is determined not to go to the voters for a tax increase this year.

That's the word from Schoolcraft's board chairman, R. Robert Geake of Northville, following a meeting last week with two local legislators as the board attempted to squeeze more state aid out of Lansing.

"There will be no millage increase election this year," declared Geake.

However, the board chairman did not rule out the possibility that the board may ask for an increase next year to get its "paralyzed building program" off the drawing boards.

Undoubtedly, the board eventually will call for an election for a bond program, said Geake, but the proposition will not include provision for increased operational taxes as did the dual proposal that voters defeated last year.

A vote on additional operating monies will not come until after approval and construction of additional buildings, he predicted. "Obviously, once we have new buildings we will need additional money for operating. But until then we will do everything to work within a balanced budget," he said.

Schoolcraft's present millage rate is 1.77 mills. A proposition that would have provided an additional half-mill for operation and a half-mill for buildings was defeated last fall.

Late last year Schoolcraft took steps to trim its 1971-72 fiscal budget by more than \$200,000 to offset shortages resulting from anticipated but not received income, including \$217,000 less from state appropriations.

In meeting with State Senator Carl Pursell and Representative James Tierney last week, the board urged a change in Act 121, which if left unchanged would "penalize" Schoolcraft for additional student enrollment next fall.

Specifically, board members and college officials had reference to that section of the act in which community college aid is tied to Full Year Equated Students (FYES).

The latter term is the method of computing utilization of courses offered, i.e., the number of total credit hours (of part-time and full-time students) divided by a full student class load (31 credit hours).

Under the law, community colleges with more than 4,000 FYES receive less per-student aid in the liberal arts curriculum than do those colleges with less than 4,000 FYES.

Schoolcraft, which has a 3,734 FYES now, expects this figure to increase to 4,096 in the 1972-1973. The increase above the law's 4,000 FYES cutoff point would mean, according to local officials, a loss of \$200,000 or more in aid.

Reasoning behind the law is that colleges with large student bodies should find the per-student cost less expensive.

By penalizing community colleges for serving more students, the state law unfairly discriminates against Schoolcraft, contend local officials, who find such a penalty particularly grating in view of the state's urging

View at Wing and Cady Streets

NEARING—Site plans and proposed new architectural sketches of the proposed downtown commercial development were submitted to the Northville Planning Commission last week by the developer, Richard McManus. The plans were referred to committee for review and possible approval or disapproval by March 7. McManus told planners that he expects the

project to get underway by May 1. The split level development, which has about 72,000 square feet of leasable space, reportedly will house approximately 20 tenants. Negotiations for those tenants, he said, are progressing. It will face on Main Street, with other major entrances off Wing and Cady streets.

See Story on Page 14-A

City to Hire New Planner

Less than three years after it was appointed the city's professional planning consultant, Parkins & Rogers, is getting the boot.

And a former associate of the firm, Ronald Nino, is on his way in.

Northville City Council voted Monday to negotiate a contract with Nino, thus ending a tenure here of the firm that joined the city in August, 1969.

Ironically, it was Nino, then a member of the Parkins & Rogers, who first served as the firm's representative to Northville. Nino eventually left Parkins & Rogers and formed his own consulting company.

Although council gave little indication of dissatisfaction with Parkins & Rogers Monday night, it is known that local officials have been less than pleased with its service. Turnover of consulting representatives to Northville has been one of the reasons for that displeasure.

Nino, on the other hand, was well liked by local officials, who especially "appreciated his personal interest in our community."

In recommending the hiring of Nino, Councilman Kenneth Rathert, Planning Com-

mission Chairman Thomas Wheaton, and City Manager Frank Ollendorff gave the following reasons:

1. "We believe Ron to be most knowledgeable of our community from his past work here."

2. "Mr. Nino is experienced in working with communities such as ours."

3. "Mr. Nino demonstrated the ability to work well with the present Plan Commission and administrative officers."

4. "His schedule is such that he can attend meetings on a very flexible timing."

5. "Cost is substantially lower."

According to Rathert, Nino's proposed base retention fee is \$200 per month, compared to \$300 for Parkins & Rogers, and he is prepared to attend more planning commission meetings for that fee.

Additional charges would be made by Nino, Rathert said, for services beyond regular duties—such as updating of city zoning ordinances and the master plan.

Parkins & Rogers was appointed in 1969 to fill the post formerly held by W. C. Johnson, who served the community for more than 10 years.

Millage Factor Climbs Here

Up to an eight-percent increase in taxable valuation is likely in Northville this year based on the tentative equalization factors issued by Wayne and Oakland counties.

The new factors have increased from 1.41 to 1.42 in the Wayne County section of the city, from 1.47 to 1.55 in the Oakland County section of the city. In Northville Township, the factor has increased from 1.18 to 1.22.

According to City Manager Frank Ollendorff, the factor changes probably will represent about a 5-percent increase in Wayne County, and up to eight-percent in Oakland County.

He predicted the tentative Wayne County factor will be readjusted upward slightly following the board of review, while the new Oakland County factor probably will remain the same.

Increased taxes resulting from the new factors does not take into account increases that would result if new millage issues approved (two are proposed in the school district), he emphasized.

In the township, the factor increase will mean about a 4-percent increase, according to Supervisor Gunnar Stromberg.

Factors in both Novi and Wixom have been pegged at 1.00.

To the taxpayer the new factors mean that the assessed valuation of his property is multiplied by the factor applicable to the area in which his property is located to increase its taxable value to what the state considers is 50 percent of the market value.

This taxable value is called the "state equalized valuation" (SEV).

Next to City Hall

School May Rent Space to Township

Northville Township's search for new quarters may have ended this week with the announcement that some 4,500 square feet of office space in the board of education building (old Community Building) is available.

The request is expected to be approved Monday night when it goes before school trustees.

Township officials sought the lease after learning late last week that space in the Reef building on Seven Mile Road, which they had hoped to rent, was unavailable.

Township Supervisor Gunnar Stromberg said of leasing part of the school board building, "It looks pretty good. I'm pretty sure they (school trustees) will approve it."

At its last meeting, the township board voted to form a building authority to finance construction of a proposed new township hall—fire

station on Six Mile Road near Bradner. During the interim, the township would lease office space.

Superintendent Raymond Spear explained he will be recommending the board lease, for a minimum of two years, the lobby, basement and a large portion of the

front of the gym on the east side of the building.

The building is located on West Main Street next to City Hall. School administration offices are housed in the western half of the building. Currently, the front portion

William Bannan

Warden Dies

William H. Bannan, a man who prided himself in having as many friends inside prison walls as on the outside, died Thursday at the age of 72.

Warden of the Detroit House of Corrections, located in Northville and Plymouth townships, he died of cancer in a Grand Haven hospital.

Mr. Bannan was named DeHoCo warden by former Detroit Mayor Jerome P. Cavanagh after retiring as warden of the world's largest walled prison at Jackson after nearly 11 years on the job.

He had been an employee and an official in the Michigan prison system since 1919. He was deputy warden at the Ionia State Reformatory when he was sent to Jackson to take the reins after a riot had hit prison.

In his contacts with this newspaper, Mr. Bannan liked to point out that his "tough but fair" treatment of prisoners earned him their respect. Many former inmates, he noted, came back to visit him following their release.

Following the Attica, New York prison riot last fall, he told this newspaper that the most abhorrent fact about American prisons is their total isolation from society. If there is no interaction between society and the inmate how can he successfully take his place in society once he has paid his debt? he asked.

"People just don't care until it is one of their relatives. Then they wonder why nothing was done to help prepare him for the outside. People seem to forget that the inmate will be a neighbor someday."

His success, he said, was simply based on the principal of making fair rules and sticking to them. "Put it in writing, be consistent, don't leave any room for second guessing."

Mr. Bannan, who instituted many of the same reform measures at DeHoCo that he utilized at Jackson, attended Western Michigan (University) where later he

NEWS BREAK

DRUG ABUSE is the topic of the statewide seminar being sponsored by the Northville Jaycees this Saturday at the Plymouth State Home's Deiter recreation building. Beginning with a continental breakfast at 8 a.m., the program includes a "perspective of the current drug scene" by Jerry Van Leewenen from the Advisory Center for Teens. Speakers from DARTE and Synanon also are scheduled. Pete Magnan, 349-4328, is taking reservations through Thursday with registration fee of \$3 including lunch.

APPOINTED Michigan Week Chairman, subject to her acceptance, is Mrs. Donald (Mary) Ware, now vacationing in Florida. Appointed by the city council, Mrs. Ware served in the same capacity last year. In other action Monday, the council appointed T. Ed. Byrge, 465 Grace, to the canvassing board to fill the unexpired term of John S. Lemon.

SOMEONE'S 'CRYING WOLF', says R. Robert Geake, referring to recent concerns that state law may require Schoolcraft College taxpayers to also financially support Wayne County Community College. "It seems to me the law clearly exempts our college district," he contends. Geake said Schoolcraft's legal counsel concurs in that opinion.

NORTHWEST WAYNE COUNTY Sanitation authority has tapped Northville Councilman Paul Vernon as its secretary. The authority, organized two years ago, hopes to develop long-range solid waste disposal solutions for the area. Canton Township has cancelled its membership, leaving only the cities of Northville and Plymouth and the townships of Northville and Plymouth in the authority. However, according to one official, the City of Novi is being considered for membership.

ABSENTEE BALLOTS for the April 8 school election may be obtained at the Board of Education Offices, 303 West Main Street. School administrators remind voters the election, which includes a 1.5 mill request for operation millage and a \$1.45 million bond issue, will be held during spring vacation and urge voters to obtain absentee ballots early.

Talks Near On Contract

Members of the Northville Education Association's (NEA) bargaining team will meet this week to prepare for the first negotiating session with the school district March 16.

According to Cyril Nichols, chief negotiator for the NEA, "Our team will be firming up ideas for negotiations."

Nichols admitted the "5.5 percent Presidential guidelines will affect what we can do, but 5.5 percent average wage increase is a fairly decent salary. However, it (guidelines) will not restrict us that much anyway," he commented.

Other members of the bargaining unit include Mrs. Cheryl Mallette, elementary representative, David Schopp, junior high; Robert Trombley, high school; and Jeff Lightfoot, recording secretary.

MR. AND MRS. DOUGLAS LAWSON HOLMES

Susan Vivian Pledges Vows

A wedding trip through Florida followed the February 12 marriage of Susan Marie Vivian, daughter of Mr. and Mrs. Robert E. Vivian, 41112 McMahon Circle, Novi, to Douglas Lawson Holmes at Our Lady of Victory Catholic Church. The bridegroom is the son of Mr. and Mrs. Jack D. Holmes, 23034 Balcombe Drive, Novi. He presently is serving with the U.S. Air Force at Grissom Air Force Base.

Father John Wyskiel officiated at the 4 p.m. service at the altar decorated with vases of yellow gladioli and white daisy chrysanthemums. Organist Thomas Berry played and sang, "We've Only Just Begun," among several selections.

Given in marriage by her father in a double-ring ceremony, the bride chose a gown with an A-line silhouette in white chiffon organza, trimmed in Venice lace with a chapel train. A cap held her fingertip veil, which also was trimmed with Venice lace. She carried a cascade arrangement of white daisy mums, miniature carnations and baby's breath centered

'Campus Crusade' Talk Set

"Campus Chaos--God's Opportunity" is the topic chosen by Dennis Painter, second in the weekly series of Lenten potluck dinner speakers at Northville First Presbyterian Church, who will speak at 7:30 p.m. next Tuesday.

He is district director for all of Michigan and Northwest Ohio for "Campus Crusade for Christ," an interfaith movement.

All interested residents of Northville and the surrounding area are invited to attend the dinner and program.

This year's Lenten dinners this year feature foreign foods, as well as an alternate table of home style dishes. Next Tuesday's food will be Italian. Those attending are asked to bring one passing dish for each two members in the party, as well as each person's own table service.

The speaker's responsibilities include the University of Michigan, Wayne State University, Eastern Michigan University, Toledo and Bowling Green universities.

Painter, 29, is a graduate of the University of Washington with a degree in chemistry and was a varsity football player. A native of Anaheim, California, he and his wife, Alice, presently are living in Ann Arbor.

Mrs. Frederick Hartt, in charge of arrangements, invites members and interested visitors to attend the dinner and program or just the program, if more convenient. The dinner is scheduled for 6:30 p.m.

Churchwomen to Unite for Prayer

By JEAN DAY

"JOY" is the theme for the 1972 World Day of Prayer on March 3, which heads the list of March events to which all women of the community are invited.

For the first time, women of Novi United Methodist Church at 41671 West Ten Mile Road, one of World Day of Prayer's four area sponsors, will be hostess for the service at 1 p.m.

Co-sponsors for the one-hour service, "All Joy Be Yours," are the women of Northville United Methodist Church, Northville First Presbyterian Church and Our Lady of Victory Catholic Church.

Men as well as all women of the community are invited by the Novi hostesses who hope to fill the sanctuary of the church located between Novi and Meadowbrook roads on Ten Mile. They will serve refreshments afterward.

Speaker for the World Day of

Prayer service is Mrs. William A. Ritter, wife of the pastor of Newburg United Methodist Church in Livonia and the former Kristine Larson, a Northville resident. Mrs. Ritter was a graduate of Northville High School and a member of Northville Methodist Church.

In addition to being the wife of a young pastor and the mother of a five-year-old, she is attending Wayne State University's Family Life and Home Education courses.

Mrs. John MacDonald of Northville First Presbyterian Church will direct the combined choirs of the four churches.

Leaders for the service are Mrs. Robert Kennedy, Mrs. Douglas Smith, Northville Presbyterian; Mrs. Adelbert Heath, Mrs. Fay Waldren, Northville Methodist; Mrs. Earl Egbert, Mrs. Robert Brueck, Our Lady of Victory; and Mrs. Leon Blackburn, Mrs. Roger Pelchat, Novi Methodist.

PRISCILLA DIEHL

Engaged

Announcement is made of the engagement of Priscilla Hazel Diehl to Michael Dennis Myers, son of Mr. and Mrs. C. W. Myers, who were Northville residents for 40 years before moving to Plymouth.

The bride-to-be is the daughter of Dorn Diehl of Dansville, Michigan, who made the announcement.

The bride elect is a 1970 graduate of Dansville High School and now is attending Central Michigan University. Her fiancé is a 1966 graduate of Plymouth High School who now is employed at Mount Pleasant Recreation Center in Mount Pleasant.

Businesswomen Review History

Northville Business and Professional Women's Club will honor club past presidents and charter members at its February meeting at 6:30 p.m. Monday in the Jacob Room of Hillside Inn.

Mrs. Beatrice Carlson is in charge of the program, "Looking Thru X-Specks." She states that she hopes to "give a new insight to newer members of the past history

Orient Chapter Plans Dinner

Orient Chapter No. 77, Order of the Eastern Star, will hold its East-West Night Friday, March 3, beginning with dinner at 6:30 p.m. in the Northville Masonic Temple. Reservations must be made by March 1 with Mrs. Martha Hawes, 455-2034.

of the Northville club."

On display will be the club's charter, a composite picture of the charter members, past awards, scrapbooks compiled by past presidents, and trophies and awards won by the club.

During the meeting, Mrs. Terry Danol, president, announced, the membership is to discuss undertaking community projects and will hear a report from several members who are to attend an International Weekend sponsored by the Windsor BPW at the Windsor Holiday Inn February 26-27.

The Northville group recently was co-hostess club for the District IX BPW winter meeting. Ten members attended the brunch-meeting and were entertained by a violinist and with a short course in flower arranging by a member of the Garden City Club.

THE AUXILIARY at Northville State Hospital is in need of volunteers to help carry on its projects. With so many newcomers in the area, the auxiliary is hoping that women with spare time during the day may be looking for the meaningful and rewarding work it offers.

To help acquaint new volunteers and recent members with its activities, Mrs. Elwyn Kaake is opening her home at 26234 West Fonner Court March 15 for a welcoming session. She is secretary of the auxiliary and may be reached at 349-0788 by anyone with time to volunteer.

Mrs. James Sugrue, auxiliary president, reports that volunteers who can serve on one specific day a month from noon to 4 p.m. in the gift shop in the hospital lobby are needed now.

Proceeds from operation of the shop, she adds, are used by the auxiliary to purchase comforts and needs of patients not covered by state funds. The auxiliary also tries to see that individuals without families, friends or funds have a small weekly amount for simple needs.

BAND CAMP—which Northville Band Boosters Club hopes to make a reality for high school band members this summer—is to be the beneficiary for a card and games party to be held at 7:30 p.m. next Friday, March 3, at Our Lady of Victory Church.

Dessert and coffee will be served and a wide variety of cards and other games will be available. Door prizes and an afghan will go home with lucky winners. Flower baskets, being made by band members assisted by two booster mothers, will be at each table to carry out a "Think Spring" theme, Mrs. Richard Clegg, chairman, says.

Tickets at \$1.25 each may be purchased from Band Boosters or from Mrs. E. D. Suckow, 349-0253, or Mrs. Ronald Jennings, 349-1485.

Band Booster Parents met at the high school last Wednesday to hear a progress report on sending band students to band camp for a week in late summer. It was announced that the fund now has over \$1,100.

A committee of parents is visiting camps and will announce its choice before the end of March. Several fund-raising events are being planned and a general meeting also is scheduled for March.

A SPRING fashion show and bridge luncheon is scheduled for 12:30 p.m., Friday, March 10, in the fellowship hall of Northville First Presbyterian Church by Northville Mothers' Club.

Tickets are \$2.50 a person with proceeds to go to the enrichment program of the Northville schools.

Reservations are being taken by Mrs. E. O. Weber, 349-9971, and Mrs. Bernard Bach, 349-2306.

"FLOWER ARRANGEMENT—Right On" was the topic which drew members of the Northville branch, Woman's National Farm and Garden Association, to the Michigan division's winter council meeting February 23 at the Grosse Pointe War Memorial. Mrs. Frederick Stefansky, chairman of the Michigan division flower show school, was the luncheon speaker.

The program was to feature a variety of arrangements from Japanese to abstract. Among those making early plans to attend were Mrs. William Switzler, president, Mrs. Roger Pyett, Mrs. George Miller and Mrs. James vanBuren.

AN AUTHENTIC French dinner is being sponsored at the Waterman Center of Schoolcraft College at 7:15 p.m. March 4 by the Western Suburban Junior Women's Club as a benefit for Project Hope.

Because the award-winning buffets have been so popular at the college, the club is suggesting immediate reservations with Mrs. Richard Fox, chairman, at 455-0073. Dinner is \$5 and reservation deadline is Saturday.

Now almost five years old, the Western Suburban Juniors have been growing rapidly and recently have taken in 11 new members. An orientation evening coffee-dessert for these newcomers was hosted Wednesday by Mrs. James Clarke at her home at 18219 Arselot.

Structure of the Federation of Women's Clubs and club projects were outlined. The club now has a membership of 55 area women.

Slate 'Pinocchio' Here

"Pinocchio," the 12th annual children's play to be presented by the Plymouth branch of the American Association of University Women, is coming to Northville March 11 following

three sell-out performances in Plymouth.

This year's production, staged entirely by AAUW members, will be presented at 10:30 a.m. and at 1 p.m. Saturday, March 11, in the Northville High School auditorium. According to the play's director, Mrs. John Anderson, "Pinocchio" will run approximately one hour and is planned to please a four-to-ten-year old audience, or the equally "young at heart."

Tickets at 50 cents each are to be sold in Northville and Novi elementary schools March 1-3. They also are available at Del's Shoes, 153 East Main, March 2-10, or by contacting Mrs. Douglas Whittaker, ticket chairman, 349-5714.

More than 2,500 persons are expected to see the play this weekend in Plymouth with all three performances sold out since February 18.

A special benefit performance for more than 300 children from the Wayne County Child Development Center, Plymouth State Home, Our Lady of Providence and Hawthorn Center also will be staged today.

Based on the ticket response in Plymouth, Mrs. B. W. Secord, the play's business manager, advises parents to purchase tickets early as tickets very rarely are available at the door.

Proceeds from the play are used to support both scholarships and national AAUW fellowships for deserving women students.

Supper Set Saturday

A pancake supper complete with sausages and other trimmings will be served from 4 to 7 p.m. this Saturday at St. Paul's Lutheran Church, Elm and High streets, by the Junior Walther League.

Everyone in the community is invited with proceeds to be used to help finance Walther League programs and donations. Tickets at the door will be \$1.25 for adults, 75 cents for students 4-12, and children under four will be admitted free.

Christian Club Plans Meet

Christian Women's Club will hear two speakers and a pianist at its meeting March 9 from noon to 2 p.m. in the Mayflower Meeting House in Plymouth.

Carl Berry, youth and narcotics officer who received the distinguished service award as Plymouth Man of the Year, is to be the special speaker. Betty King is to provide the inspirational talk. Pianist Carol Halmakangas will be featured at the luncheon. A nursery will be provided.

Reservations may be made with Mrs. J. B. DeRusha, 349-5178.

TOWNHOUSE DECORATING--Terry Dunn of Milo's Decorating Center shows Highland Lakes resident Mrs. Alvin Dornes an elegantly draped window as he spoke at a meeting of the newly formed Highland Lakes Women's Club last week. Twenty-two residents of the new townhouse community attended the program in Highland House.

In Look-Alike Townhouses

Decorate for Individuality

"Every home should be different, especially in a condominium where you have to stress your own individuality," Terry Dunn, decorator for Milo's Decorating Center in Farmington, told members of Highland Lakes Women's Club last Thursday.

Dunn, who was the first guest speaker for the newly-formed club, outlined basic points to be considered in decorating smaller areas, while stressing that the owner first must choose a mode to reflect the family's life style.

"Look alike units have no personality of their own--it's up to the owner to give them distinction," he challenged his audience of about 22 residents, suggesting they consider their tastes and hobbies.

"If the casual mode of living is what comes naturally to you, do not decorate with delicate colors," he continued, offering favorite colors, patterns and choice of furniture as starting places.

"For a home with a young family you should choose casual furniture, at least for the family room," he continued, warning the new home owners not to "hide from view things which give individuality."

Turning to color in decorating, Dunn stressed that adjacent rooms should be taken into consideration, especially when they're visible from the main room, when a basic scheme is planned. He suggests trying a harmonizing scheme throughout.

As a basis for his discussion on color, Dunn defined "value" as lightness or darkness of a color, "tint" as nearness in value to white; "shade" as nearness to black; and "density" or "tone" as brightness or darkness.

A monochromatic color scheme is one color with ranges in values and intensities, he said, pointing to it as a restful, neutral type that makes a good background for accessories. It is also the easiest for a woman to do without professional help, according to Dunn.

"Two or more hues provide a challenging atmosphere... hues that are side-by-side on the color wheel (as yellow-green) are restful and refreshing while complementary colors that are opposite on the color wheel (as blue-orange) should have one domination with the other as an accent."

In considering light, Dunn said, the amount, direction and intensity should be evaluated. North and east exposures give a cool light while south and west, a direct light all day long.

Dunn added a practical color hint that colors appear brighter in a large area but are selected from small chips. Therefore, a slightly less intense color than is desired should be picked.

He suggested choosing the wall color then colors for upholstered pieces and draperies. Sharper colors can be used in lamps and pictures.

When using four or more colors, his advice was to consult a decorator.

American traditional furniture is the most popular furniture choice, he said, with Spanish Mediterranean second in popularity with Scandinavian coming in stronger. Other types he listed were French, English, Italian, Oriental, German, and American Modern.

"Furniture type is a personal preference with more and more young people combining styles in eclectic decorating," Dunn told the clubwomen.

He encouraged them to "use pattern and texture the whole design is interplay but the layman is often afraid to mix to create interest." He quickly warned, however, that "too much can make a restless room."

In small homes, Dunn pointed out, walls can be used

for storage and can have trims and murals to enlarge the area. In small rooms he suggested having woodwork match the walls.

Cut-up areas can be unified by having colors and patterns continue from one area to the other. He added that the homemakers should remember that dark colors tend to reduce size (even though dark walls again are

becoming popular) and that light colors expand a room. Similarly, large patterns on a wall decrease the size while small ones visually increase it.

In speaking of windows, Dunn said they are "more than methods to let air and light in they are the focal points of a decorating scheme."

News Around Northville

Northville Camera Club is canceling its March 8 meeting so that members may attend the Rotary travelogue, "Scenic America," on that date. The program previously scheduled will be moved to June 14.

Robert L. Armstrong, son of Mr. and Mrs. Robert B. Armstrong, 44217 Wyngate Lane, is on the second semester staff of WDUB, campus radio station at Denison University in Granville, Ohio. He is doing promotional work.

Novi Slates Talent Show

Stage-struck Novi residents will have a second chance to audition for the community-wide talent and variety show Wednesday, March 1, at Novi High School. Auditions will be held from 7-9 p.m.

Band Director Gordon Seiler hopes for participation from all age groups for the show which will be presented March 17. Proceeds will go to the high school band fund for purchasing music and replacing instruments.

Applications for auditions and information about the show can be obtained from the high school office, 349-5155.

Barn Door antiques shop of Northville will be one of 20 dealers from a four-state area exhibiting in the annual Canterbury Antiques Show at Michigan City, Indiana on March 23, 24 and 25.

The Northville Tumbleweeds will meet at 7:30 p.m. next Wednesday, March 1, in the scout-recreation building. Anyone interested in camping is invited. Mrs. William Beurkens, wife of the president, may be reached for information at 349-6171.

Most members are trailer campers, she says, but anyone interested in any type of camping is welcome.

Northville Historical Society will not hold a February meeting but will meet at its regular date in March.

Northville Spring Chapter of China Decorators will meet at 10:30 a.m. next Thursday, March 2, in the Plymouth Credit Union Building. Betty Poellet of the Rochester-Poellet Chapter will give a lecture-demonstration on "White Roses," her specialty.

Young men of the community are being invited to "Spend an Evening with the Northville Jaycees" at 7:30

p.m. Monday in the Northville city council chambers.

"If you have been curious about what the Jaycees are and do, this is the time to find out," invites John Buckland, vice-president.

The Jaycees are active in many areas of community involvement, he states, pointing out that wherever interests lie, there are places for newcomers in the Jaycees. Young men between the ages of 18 and 35 are invited to call Buckland, 349-0773, for information.

More than 60 area residents, including members of the Northville Senior Citizens and representatives

of the City of Northville, attended the open house of Kerr House, the senior citizens' new center, last Wednesday.

Mrs. Richard Sharon, club president, and her husband, assisted with several club members assisting were in charge of welcoming arrangements. Dates and times now are being studied by the club to determine when the center will be open for conversation, coffee and cards.

The club's February dinner meeting date has been changed to 6 p.m. next Monday at Northville Presbyterian Church.

Athas to Speak in Novi

Carrying the theme, "Community and The Christian's Response to It," a special Lenten series will get

JIM STAHL

underway Sunday at the Church of the Holy Cross in Novi.

Highlighting the series will be addresses by four speakers on succeeding Sunday morning services. The first speaker this coming Sunday will be George Athas, city manager of Novi.

Succeeding speakers will be Jack Hoffman, editor of the Northville Record-Nowi News.

on March 5; Cannon William Logan, director of program for the Diocese of Michigan, on March 12, and Lee BeGole, Novi police chief, on March 19.

The services, which are open to the public, will be held at 11:15 a.m. each Sunday.

Vicar of the Episcopal church, located at 46200 West 10 Mile Road, is the Reverend Leslie F. Harding.

Singles to Get Dance Lessons

Northville Dukes and Duchesses, a group of single, widowed or divorced people over 30, will hold a bi-weekly meeting at 8 p.m. this Friday in the scout-recreation building. H.E. Neff will give dancing instructions to all interested members after the business meeting. Light refreshments are planned.

The next evening, February 26, the group will go to Little Caesar's Pizza Parlor for a sing-a-long. An evening at Northville Downs with dinner and racing is planned for March 3. Tickets now are on sale at \$6. For tickets or information call 349-2718, daytimes, 349-5059, evenings, or 349-9969.

U of D Play Stars Stahl

Northville area resident Jim Stahl, a junior at University of Detroit, appeared as Adrian this month in the university's production of "The Tempest" at The Theatre on the Marygrove College campus.

He is the son of Mr. and Mrs. Jack Stahl of 19844 Iron Gate Court. The Stahls are new residents in Northville Township.

The production February 4-20 opened the 1972 season at The Theatre, a new facility sponsored jointly by Marygrove and U of D. "Child's Play" is set for March.

Of Novi Council

Resurfacing Costs Receive Attention

The one thing Novi's city council did not need was any further complication of its financing plans for the road construction program, but that's exactly what they got at their Monday night session.

The complication came in the form of a letter from the Echo Valley Civic Association, informing the council of the rapidly deteriorating condition of their roads and asking the council to resurface them.

The letter brought two important questions before the council. First, is it the city's responsibility to pay for the resurfacing, and, secondly, if not and the property owners are assessed for the cost of resurfacing, how will the politically powerful subdivision voters then react at the ballot box to the city's request for a one mill tax increase to pay for the paving of the exterior, non-subdivision, roads in a May election?

Throughout the city's deliberations on how the proposed road improvement program (which would pave the major exterior roads such as Taft and Meadowbrook) should be financed, Councilman Edwin Presnell has repeatedly contended that the city must consider a "recapping" program for its interior, subdivision, roads, as well as a paving program for the exterior roads.

His contentions have drawn little response from other council members - none whatsoever, according to Councilman Denis Berry - until Monday when the Echo Valley letter brought the question to the fore.

Theoretically, road improvement and maintenance can be financed from the state's Act 51 funds (Novi's allotment of the state-collected gasoline and road taxes). Under the program initially proposed by the Novi Road Committee for the paving of Taft and Meadowbrook Roads, those Act 51 funds would be channeled away from road maintenance and utilized for

construction of the new roads. Responding to the Echo Valley letter, Councilman Donald Young said it was his feeling that the resurfacing of subdivision roads was a maintenance function and not a matter of constructing completely new roads. Because it is a maintenance function, Young said, the cost

should be borne by the city and paid for with Act 51 monies. "I don't feel we should assess the people for this expense," he concluded. Young's statements drew responses from Mayor Joseph Crupi and Councilman Raymond Evans. Said Crupi, "That would be all fine and good if we had only one

subdivision, but the truth of the matter is we have a great many subdivision roads. I would like nothing better than to be able to pave all the roads, but where are we going to find the money. There just isn't enough Act 51 money available."

Continued on Page 9-A

By Wixom Council

Tap Capacity Boosted

What Wixom Mayor Gilbert Willis described as a "virtual moratorium on development" within the city may well be lifted within a year as the council Tuesday agreed to enter into a contract with the Oakland County Department of Public Works to begin construction of an extension to Wixom's present sewage treatment facilities.

In another item of business, the council decided to override the recommendation of the Planning Commission and grant a rezoning request that would allow industrial use on the north side of Pontiac Trail, west of Wixom Road.

Extension of the Wixom sewage treatment plant has been a major problem confronting city officials over the past two years. Quite simply, if the city does not have sewer capacity available no building permits for new construction can be issued.

As taps have become more and more scarce, the need to extend the current sewage

treatment plant has become more and more urgent up to the point where Wixom has practically its total sewage capacity.

Condemnation proceedings for the property needed to extend the plant were tied up in the courts for more than a year and when decision was finally reached, the proceedings were denied. With that denial, however, came increased efforts on the part of city officials to get the extension project underway.

The necessary property was finally obtained at their last session, the council adopted a resolution requesting the Oakland County DPW to develop a system of financing the construction. The resolution suggested the financing be accomplished with short term bonds with payment in interest only for five years, anticipating that federal funding would be available by that time.

Tuesday's action authorized a contract with the Oakland

County DPW to get the work underway. County officials are expected to agree to enter into the contract at their March 4 meeting. From that point, the county will advertise for bids for the construction and approve a bid, in all probability, at their April 4 meeting.

Completion of the project will probably not be realized until the summer of 1973, said Willis. The extension will provide an additional 2,200 taps.

"This does not mean that we're through building sewers," Willis said in answer to a question from Board of Appeals Chairman Lloyd Croft about how much of the additional tap capacity had already been committed. "We will have to start planning additional expansion of our sewer capacity so we can avoid getting caught in the same position we find ourselves in today."

The rezoning matter involved a request from Thomas Brady, a co-owner of

the Livonia-based Boam Company, to allow his firm to use property it owns on the north side of Pontiac Trail for industrial use.

Brady told the council Tuesday he intended to use the property to construct a repair shop and as a storage yard for heavy machinery.

The rezoning request drew fire from several residents, including Councilman Val Vangieson, who withdrew from the council because the matter directly affected his property.

"Why do we have to prostrate ourselves by granting a rezoning every time somebody speculates on a piece of property," asked Vangieson. Developers come into Wixom and purchase property with nothing more than the anticipation the city council will grant the zoning for the use they would like, contended the councilman.

Another objection was voiced by Councilman Robert Dingley, who said council members had a moral obligation to the individual citizens of the community. "If people who are going to be affected by this rezoning tell us they don't want it, we should listen to them," he said.

Other council members, however, felt a zoning change should be granted. Pointing out that the area in which the Brady property lies is designated for eventual industrial use on Wixom's Master Plan for development, Councilmen Howard Coe and Gunnar Mettala said they felt the request was justified.

Mettala moved the request be granted. "In as much as the Planning Commission's rejection was based on the idea spot zoning may be involved and not on whether this is a valid land use, and whether spot zoning is actually involved is open to conjecture, I move we allow the request," he said.

The motion passed by a 4-1 margin. Dingley cast the dissenting ballot, while Vangieson did not vote as the issue involved his own property.

City Sets To Annex Township

A public hearing regarding the annexation of Brookland Farms subdivision to the City of Novi is set for Wednesday, March 1, in the Novi Community Building at 8:30 p.m. Brookland Farms is the last remaining parcel of Novi Township.

At Wednesday's session the Boundaries Commission will listen to arguments from the public and both township and city officials. No decision will be announced, however.

A Young Volunteer Answers A Call At L.I.N.K. Line Headquarters

Apathy Dooms L.I.N.K. Line

"We're depressed and pessimistic. Everybody's discouraged. I think we're all just about ready to give up."

The speaker was one of a small group of teenagers gathered in the family room of a home in one of Novi's many new, relatively affluent, subdivisions last Thursday.

Purpose of the gathering was to drum up a little publicity for L.I.N.K. (Listeners In Novi Kare), the emergency telephone information and guidance service set up by the Novi Drug Abuse Committee, but what came out were the expressions that the project was on its last legs and seemed doomed for failure.

Frankly, the LINK line has been something short of successful. In the little more than three months it has been in operation, a total of only five calls have been received.

For the teens who have spent Friday, Saturday, and Sunday nights between 8 p.m. and 2 a.m. sitting at the LINK line phone, the lack of use has meant a lot of lost evenings and their pessimism seems justified.

The LINK line was initiated at the request of Robert Starnes, the narcotics and youth officer of the Novi Police Department, and the Novi Youth Assistance Drug Abuse Committee. Questionnaires were sent to the junior and senior high schools and returned by the students with the expression of interest in such a service.

Similar services in Birmingham and Farmington were studied and volunteers from both Novi's teen and adult populations were sought out and trained to handle emergency phone calls.

Finally in November of last year, the LINK line officially began operation, conceived as a crisis intervention center where people could call and receive help and referrals on a variety of problems, ranging from drug abuse, alcoholism, venereal diseases and get abortion information.

Now, three months and five phone calls later, LINK seems on the verge of closing. Why haven't people been calling the LINK number?

"Drugs aren't really much of a problem at school," said one of the young adults at the Thursday gathering. "Most of the kids don't feel there's any real need for a LINK line," and, according to the comments made by the others, it is a feeling generally shared by members of the LINK line staff themselves.

"The marihuana laws are ridiculous," said one. "They're really outdated. Marihuana is no big thing any more. Nobody's worried about it. It's a lot like drinking used to be a few years ago. The only difference is that drinking parties are planned ahead of time and 'pot' parties are a lot more spontaneous. Nobody says 'let's go have a pot party,' it just shows up at regular parties."

Estimates that 50 percent and 90 percent of the high school students had tried pot (marihuana) at one time or another were rejected as too low and too high respectively. A figure of 75 to 80 percent was given as being relatively accurate.

But in spite of the heavy usage of marihuana, hardly any of the young people, whether LINK volunteers or high school students, thinks it's much of a problem. "If everyone were on the hard stuff or were becoming junkies," offered one of the teens, "that would be a different thing and I'd have

to admit that we had a drug problem. But I honestly think that most of the kids would be scared to death if they ever saw anybody shooting anything hard."

"I get kidded by some of the kids almost every day," said another. "They know I'm on LINK and kid me about wasting my weekends sitting there waiting for someone to call."

The LINK volunteers, teenaged and adult, are also concerned about the amount of apathy shown toward the project, in particular, and toward just about everything, in general.

"My general feeling is that the majority of the kids in Novi are a real apathetic bunch," said Father Leslie Harding, rector of Holy Cross Episcopal Church and chairman of Novi's Drug Abuse Committee. "If LINK is going to stay in operation, the kids are going to have to get off their dead centers and get involved in it. There's plenty of adult help available, but if LINK is going to work it has to be a joint project and the kids are going to have to shoulder their portion of the responsibility and volunteer to work on the phone line once or twice a month."

Father Harding rejects the idea that there is no need for such a line. "I just can't buy that," he says. "I know there are enough problems here in Novi, both drug-related and otherwise, to warrant a LINK line."

The problem then, in his eyes, is one of apathy and much of that apathy can be traced directly to the adults. "The apathy runs all the way across the board," says Harding. "What you see in the kids is a reflection of the adults. The kids who got involved in LINK are the ones with parents who are involved in improving the plight of their community. I'm thankful for the number of concerned adults and young people who are doing something for the community, but there are darned few of them."

There is another side to the closing, or at least impending closing, of LINK.

"We don't want it to fail when so many things in Novi seem to fail," says Mrs. Beverly Brout, another member of the Drug Abuse Committee, who has been deeply involved in the LINK line program. "It's not easy for these kids to admit that LINK may be dying. It was sort of a symbol for them, proof that Novi could do something and make it last just like Northville or Farmington or Plymouth. It really hurt them to talk about LINK the way they did, but I told them to be straightforward and that's exactly what they were. They were honest in saying it looks like LINK is going down the drain."

Father Harding does not see LINK as a failure, however.

"There's been a lot of talk in this community about doing this or doing that and nothing has ever come of it," he said. "That's one of the reasons I'm proud of the LINK line, the Drug Abuse Committee, and the adults and teens who worked on them. They wanted to do something and they went ahead and did it. There was a LINK line and it helped people who felt the need to call it."

"I still have hopes that something really solid will come from all this, Father Harding continues. "I think there can be a growth out of it, a realization of a need for something else. There are things far more important to a community than its roads, sewers, and piped-in water. The most important commodity this city has got is its people."

For Novi-Ten Line

Novi Seeks Sewer Easements

Condemnation proceedings against Adell Industries in order to obtain easements for a sewer line have been initiated by the City of Novi, city manager George Athas told the council Monday night.

"I have no idea why they are so up tight about this whole thing," said Athas. "Of all the easements we have had to obtain for the Novi-Grand River sewer line, Adell's is

the most unobtrusive of all." "The land we've asked for," the city manager continued, "runs right down their property line. There's no way they could possibly use that land for anything else."

The Adell easement is the last one the city must acquire for the Novi-Grand River sewer loop. Athas said representatives from Adell might be upset with the city

because of some problems they are having with the state highway department which they feel city officials may have initiated. "We know nothing about it," said Athas. The Adell matter was just one item of business brought to the council's attention on a relatively light agenda, filled primarily with items of information from the city manager.

In other business the council -

— learned from City Attorney Howard Bond that the governor's office and the attorney-general's office had approved the wording of the city's proposed charter amendment which would enable the council to levy an additional one mill for road improvement and construction.

The approval has to be received in order for the issue to appear on the next ballot.

— received a letter from the state highway department traffic control informing them that the speed limit on 10 Mile Road between Novi Road and Grand River was being lowered five miles to 45 miles per hour.

A further reduction of another five miles could be realized in the next six months, the council was told.

In addition, the speed limit will be dropped to 35 miles per hour 700 feet on either side of a special blinking sign being installed by the school board in the vicinity of Hampton Hills Road. The 35 mile per hour limit will be in effect only when the blinking sign is activated during the time surrounding the hours when school children will be using the crossing.

— heard a letter from the Detroit Water Department, informing them that they had accepted the Novi Master Plan for bringing water to the city and would proceed with phase one, which would result in the extension of a 48 inch water main along 14 Mile Road to Meadowbrook Road.

Reapportionment Eyed

A decision on the reapportionment of Oakland County Board of Commissioners districts may be

made tomorrow (Friday)

Four plans are under consideration, according to

New Shopping Center Avoids Erwin Building

Last week this paper reported that the Erwin Farms apple orchard building on the corner of Novi and Ten Mile Road would be torn down to make room for a major shopping complex.

According to Albert Weiss, a Farmington engineer representing Novi-Ten Associates, the building will stay

"Erwin's have retained a 350 by 350 foot parcel on the corner of Ten Mile and Novi Road," said Weiss, "and the building will remain. The shopping center will be in the form of an L and will be

behind the present Erwin building.

Weiss went on to say that construction of the center could begin in as few as 90 days, depending on the availability of sewer and water for the area. "Everything hinges on what the council does," he said. "If they move quickly in bringing utilities to the area, we could start this summer. If they move more slowly, we might not begin until late fall."

But regardless of when construction of the shopping center begins, the Erwin apple orchard building, an area landmark, will remain.

'Foreign U.S.' Spells Surprises

Living in a foreign country and attending foreign schools has produced a variety of reactions from Northville-Nov students on the problems and experiences of life and customs in a strange country.

The foreign country is the United States, and the students are foreign exchange students from Europe, Latin America and the Philippine Islands.

Residing with American parents while attending school for a year, the students are under the sponsorship of the Youth for Understanding (YFU) of Ann Arbor.

Mixtures of delight, amazement and despair permeated the discussion of the sometimes anecdotal, sometimes nostalgic descriptions of the problems and rewards that face students entering an unfamiliar social and academic environment.

"I had to get used to doing things on my own, like washing my own dishes and making my own bed," said Brazilian Nadja Correa (her

full name is Nadja Franca de Faria Correa) "I never did those things in my country," she said, "because we had three maids in our house."

"Your beds are so big here," said Barbara Kruger, from Germany, who found the American habit of tucking sheets and blankets between the mattresses more than a little restrictive.

"Life is very rushed here," observed Riek Sagius, from the Netherlands, who at 18 years speaks four languages. "Everyone has to be doing something."

Many of the students were surprised at the size of American automobiles. Harri Hamalainen of Finland said, "The average American car is about the size of our luxury cars."

A well-known characteristic Ricardo Guevara (no relation to Che) of the Philippine Islands noticed about the United States is in the subdivisions. "All the houses look the same," he said.

Familiarity between people is not customary in Miss Kruger's native Germany, who says even the best of

friends address each other by formal titles.

Corinne Freixa, from France, even in view of the dialogue on the Generation Gap, experienced more communication between youths and parents in this country.

High grades were given to the American parents, who, according to Miss Correa, "...feel just like my real parents."

"We are treated as family members," said Guevara, "not just guests."

Pastimes that were popular in the youth's own countries in many instances have been replaced here by others.

Miss Freixa, used to go bicycling in France, but found fewer facilities in this country for cycling buffs.

Miss Kruger used to go for walks in the forests outside of Hamburg, but that pastime has been replaced by others, such as bowling.

Transportation, and the scarcity and expense of public transportation was cited as a general problem for exchange students, as they are not

allowed to drive under the exchange student provisions, and the distances that must be traveled to ordinary places such as grocery stores and banks in many cases is considerable.

Schools, teachers and education were discussed at some length by the students, who generally agreed that American schools are more relaxed and oriented more to individual desires.

Miss Sagius found final exams were conducted in a more relaxed atmosphere, contrasted by her native Holland where written finals are distributed under government supervision in sealed envelopes, followed by an oral exam.

"Social life is centered around the school," Miss Correa discovered. "If you don't have any friends in school, you don't have any friends at all," she commented.

"School is fun here," commented Philippino Emmanuel Chua, who sings in a barbershop quartet, "I dreaded going to school in my country."

Choice in electives and individual selection of timetables was noted by all of the youths and another found the programs challenging.

"In the social sciences courses, you are put on a spot, in that you are given a problem and expected to come up with some solutions," said Miss Sagia.

Problem-solving workshop situations she attributed to the larger number of problems this country has in contrast to her country "It's a bigger country and has more problems," she said.

Philippine schools, according to Generoso Franco, are not strikingly different, except that teachers, not students, move from room to room during class changes.

Another Brazilian, Luis Martins, was struck by the difference in personalities between Brazilian teachers and their American counterparts.

"In Brazil," Martins said, "the teachers are much more emotional... they explode when they want to make a point."

Under the category, "Most Frequently asked or Most Unusual Questions," Miss Correa was once asked if any Indians lived on her street. Miss Sagius said she usually gets the "windmills, tulips and wooden shoes queries," and of course there are the standard how-do-you-like-it-here's and do-you-have-this-kind-of-food-or-modern-convenience-where-you-come-from-questions.

Most people are well intentioned, they said, but have a tendency to think their countries are somewhat primitive.

Hospitality is one of the most popular American commodities for the students, who found "many doors opened to them, and the people very friendly," Miss Sagius said.

When asked what they have gained or hope to gain by their visit to this country, Franco responded, "I hope to become more outgoing because of my experience here."

Taking the opportunity to philosophize, Finnish Hamalainen said, "The most important thing I have gained is the realization that people aren't really very different,

that they all have the same problems and desires."

The names of the students and their exchange parents are as follows.

Emmanuel Chua, 16, Philippines, residing with Mr. and Mrs. Garnet J. Potter, 46600 West Seven Mile Road, Northville, Nadja Correa, 16, Brazil, residing with Mr. and Mrs. James McCurdy, 47191 West Main Street, Northville, Luis Martins, 17, Brazil, residing with Mr. and Mrs. Robert Flowers, 23084 Balcombe Drive, Novi;

Generoso Franco, 16, Philippines, residing with John Lapham, 23827 East LeBost, Novi, Corinne Freixa, 15, France, residing with Mr. & Mrs. Richard Zabell 19250 Meadowbrook Road, Northville, Ricardo S. Guevara, 16, Philippines, residing with Mr. and Mrs. Joseph A. Pettit, 21234 Stanstead, Northville;

Harri Hamalainen, 16, Finland, residing with Mr. and Mrs. Robert Flowers, 23084 Balcombe Drive, Novi; Barbara Kruger, 16, Germany, residing with Mr. and Mrs. Daniel Norton, 22853 Gilbar Drive, Novi; Riek Sagius, 18, Netherlands, residing with Mr. and Mrs. Donald Kaufman, 43737 Galway Drive, Northville.

Concert Slated In South Lyon

Six area high school students will participate in the Musical Youth International concert scheduled for the South Lyon Junior High gym 350 School Street, March 4 at 7:30 p.m.

Northville's bandsman Dave Anderson will play the trumpet and South Lyon's Lorelei Zwiernikowski will perform on the clarinet for the band section of MYI. Merilee Becker, Melissa Eddy, John Forrer and Carol Turnbull, all of Northville High, will sing

with the MYI chorus. The concert, originally slated for the South Lyon High School cafeteria, was changed to the junior high school facility because a high school basketball tournament will be played in South Lyon that night, also.

Proceeds from the admission fee of \$1 per person will go into a benefit fund for Miss Zwiernikowski.

The MYI band chorus leave June 30 for a five week's tour of the Mediterranean.

NOVI HIGHLIGHTS

JEANNE CLARKE

MA 4-0173

Mr. and Mrs. Pete Alcala have been invited to the annual Recognition Dinner Thursday at the American Legion Hall in Northville. They will be guests of John Steimel coordinator for Wolverine Boys State Program. All boys and girls who participated in this program will be present with their sponsors. Mr. Alcala will be representing the Chamber of Commerce.

Word has been received of the illness of Bruce Simmons, who left for service the first part of January. Those wishing to send him cards may do so at the Naval Hospital, Ward A-1, Bed No. 4, Parris Island, South Carolina, 29905.

Darlene Skipton Webb was honored at a baby shower at her home by friends and relatives from the area last Sunday afternoon.

Mr. and Mrs. Jay Warren of Chicago visited Mr. and Mrs. Ray Warren of Haggerty Road last weekend.

Mrs. Myrtle Parker, formerly of Beck Road, now living at the Northville Convalescent home, celebrated her 94 birthday last Sunday. Mrs. Parker is the mother of Mrs. Cathy Cobb and Mrs. Mamie Jensen of this area.

Pastor Paul Barnes, formerly of Novi, now pastoring in Illinois, was released from the hospital last week and is reported doing well.

Mrs. John French, Mrs. Carl Green, Natalie Green, Tracey Green, Linda King, and daughter Christina, Jan Dickey and Mrs. Nadine Stone were among guests at a surprise baby shower for Mrs. Connie Green at her parents' home last Wednesday evening.

Gerry Lynn Hazelton and Tom Wallace were united in marriage in Union City, Tennessee, Saturday, February 19. The couple will reside in the Northville area.

Dinner guests at the Gelpart residence on Meadowbrook Road, Sunday, were Mr. and Mrs. Andy Kozak and Ellen Southard. Mr. and Mrs. Frank from KawKawling, Michigan, which is near Bay City, visited Mr. and Mrs. Harold Sibley of Aspen Drive. They also visited Mr. and Mrs. Adams of Novi.

Mrs. Hildred Hunt and Mrs. Mae Atkinson visited Mrs. Denton in Detroit Sunday.

NOVI BLUE

STAR MOTHERS

The next meeting will be Thursday, March 2, noon, at the home of Jerry Kent on Novi Road. Everyone is asked to bring their own table service and sandwiches. Beverages and dessert will be furnished by hostesses.

NOVI SENIOR CITIZENS

Senior Citizens regular meeting was held in the Novi Elementary School cafeteria, Tuesday, 7:30 p.m. Mrs. Christy gave a very informative talk on drug abuse. Mrs. Mae Atkinson served refreshments. It was announced that Mrs. Elizabeth Evans is now residing at Beverly Manor on Meadowbrook Road in Novi, and would appreciate cards and visitors.

The meetings of the Novi Senior citizens are held the 4th Tuesday of every month at 7:30 p.m., at the Novi Community Center unless otherwise notified. All Senior Citizens are invited to join. Activities are planned at intervals during the day. See this column for additional information on activities or phone Nancy Liddle at 349-2219.

NOVI CUB SCOUT

PACK NO. 240, ORCHARD HILLS

Thursday night was a big night for the pack. Their Blue and Gold Banquet was a real celebration. The Cub Scouts made paper corsages which they proudly presented to

TYING A KNOT—Mrs. James L. Lippert, 24339 Knollwood, gives her son, Jimmer, an assist as he prepares to join the ranks of Cub Scouts during last week's Blue and Gold Banquet of Novi Pack 240 at Roma Hall. Symbolic of

ceremonies held throughout the area, Pack 240's banquet traditional honors new recruits and those youngsters who by their accomplishments move up in the ranks of Cub Scouting.

their moms and also made the program covers.

Master of Ceremonies Jerry Anthony introduced Father John Wittstock, Pastor of Our Lady of Victory of Northville, who gave the invocation. Other guests were Mr. Hugh Crawford, President, Novi Jaycees (sponsors of Pack No. 240) and Mrs. Crawford, Mr. George Brand, Ottawa district scout executive, Mr. Mario Tozzi, Ottawa district round table commissioner and Mrs. Tozzi, Mr. Dave Harrison, scout master, Novi Boy Scouts Troop No. 54 and Mrs. Harrison.

A delicious dinner was served consisting of spaghetti, ravioli, Italian sausage, cheeses, boiled ham, salad, green beans, pork and beans and relishes. Dessert was canolis and angel wings.

Shortly after dinner, our guests toured various tables and examined Genus Kit creations. Individual den winners were Den No. 2, telephone, Ricky Olson, Den No. 3, T.V., Todd Cichon, Den No. 4, Lady Bug, Dave Brayton, Den No. 5, Indians, Mike Rice, Den No. 6, Moon Buggy, Jeff Jensen. Because of the size of the Webelos group there were two winners, John Garner who made a tow truck, and Jeff Laverty who made a bird feeder. Mrs. Smith led group in songs.

Bob Cat induction was a memorable experience. Mr. Mario Tozzi of Ottawa District Round Table Commission donned Indian head dress, blanket, moccasins and tomahawk and led our Indian clad Webelos in a dance accompanied by drums. They formed a Council Circle and smoked the peace pipe. Then the prospective Bob Cats, Paul Young, Todd Parsons, Peter De Brule and James Lippert were presented to the "Council of Warriors." After recitation of Cub Scout pledge and "drinking blood of the wolf" they were received into the pack. They joined the council fire, smoked the pipe and exited doing a war dance in a most impressive performance.

Richard Barbara, Cub master and Ron Iseli, Webelos leader accepted Craig Iseli and Paul Young into Webelos. Den Chief Kerry Fear presented Webelos colors to Scott Barbara, Mike Grimm and Bob Mc Allister who received their Webelos books.

NORTHVILLE
Lodge No. 186
F & AM
REGULAR MEETING
SECOND MONDAY

Many scouts and adults received awards at the banquet. Jeff Jensen received a silver arrow and a one year pin. David Birecki received a silver arrow. The Wolf Patch and Gold arrow under the Wolf award were received by Jeff Fear, Todd Gillick, Ricky Olson, Skip Soh, and Kevin Irwin.

Webelos awards were received by Jeff Adams who received citizen and Outdoorsman awards; Scott Barbara, engineer and Recruiters award, Mike Berardi, Engineers award, John Gardner, Outdoorsman award, Steve Gillick, Artist, Geologist and Scholar awards, Andrew Gurka, Engineer, Geologist and Sportsman awards, Craig Iseli, Engineer award, Bob Mc Allister, Aquanaut, Artist and Sportsman awards, and Paul Young, Engineer awards.

Cub Master Richard Barbara began and ended the banquet with a candle lighting ceremony reminding them of the Spirit of Scouting they were to carry away with them. Adult awards will be listed next week. New Bobcat Todd Parsons drew Mrs. Pixie Boudreau's name for the floral table centerpiece which was donated by Lila's Four Seasons of Northville.

Mr. William Fears is the fund raising area chairman. The goal will be \$45,000 to be collected over three years. All scouting families will be asked to pledge \$10.00 a year. Mr. Ed DeBrule is unit chairman.

Saturday afternoon, February 26 from 1-3 p.m. there will be an ice-skating outing on Meadowbrook Lake at the De Brule residence, 23034 Ennushore (3 car garage) sponsored by the Pack for Cub Scouts, Den Chiefs and adult leaders.

NOVI CUB SCOUT

PACK 54

The following winners were announced at the Rocket Derby held February 9: first prize, Allan Halm of Den 10; second prize, Tracy Neill Den 1, and third prize, Kenneth Loynes of Webelos Pack. Trophies were presented later at the Blue and Gold Banquet.

"the TRUTH that HEALS"
WQTE
SUNDAY 9-45 A.M.
"What Is a Scientific Statement of Being?"

The pack also attended the Shrine Circus Thursday, February 10.

The Blue and Gold was held February 18 at the Novi Community Building where about 100 people attended for a spaghetti dinner catered by the Farming Catering Service. All the tables had centerpieces made by the boys with scouting themes.

Trophies for Genius Kit winners judged by Mr. and Mrs. Jensen from Ottawa District were as follows: Den 1, Fred Smith; den 8, David Brown; den 10, Donald Rose and Webelos by Daniel Mann. The program included the reading of essays written by several boys from each den on the theme "Why I Love America." Special speaker Mr. Jensen brought a movie on scouting and Mark Ortwein entertained with a ventriloquist act using his little friend "Corky." Also at the meeting, Gary Byrne was inducted and became a Bob Cat. The attendance award went to den 4 and den 8 for 100 percent parental attendance.

Other awards given to the Webelos included the Scholar award to Glen Tomaszewski; Showman award to Danny Mann, Scholar and Showman awards to Arthur Neill, Citizen and showman awards to both Jeffery Smith and Paul Henderson. Each Scout also made a key with his picture on it for his advancement ladder.

HOLY CROSS

EPISCOPAL CHURCH

Sunday, February 20, Holy Eucharist was celebrated at 7:30 a.m. and 11:15 a.m. Acolytes were Michael Murley and Randy Huber. Ushers were Morgan Smith, Alan Murley and Jerry Goffin.

Flowers were given by Marge Hefferton in memory of her husband, Morley Hefferton. Prayers were said by Father Harding at the altar for Mr. Hefferton who

was Mrs. Ella McMillan's father. Mr. and Mrs. Al Murley had charge of the coffee hour following services.

FIRST BAPTIST

CHURCH OF NOVI

Organ prelude was played by Miss Peggy Stewart. Scripture reading for the call to worship was Psalm 50:1-2 and 23. The Faith Chorus sang "My Heart's Prayer." The Girl's Trio (Barb Bellefeuille, Janet Warren and Carolyn Sannes) sang "O Sweet Wonder." The Pastor's sermon was titled "Samson: Man of Might." Visitors in the morning service were Mr. and Mrs. Farrell from South Lyon, Mrs. Johnson of Novi, Gary Ortwein, Lisa and Vicki Roderick; all of Novi.

A note of thanks to Loren Sannes who tunes the pianos at church every few weeks and to Gail King for doing several days of much needed office work.

Mrs. Rick White was guest of honor at a baby shower Tuesday. Mrs. Gaye Jude was the hostess and guests were present from Livonia, Walled Lake, Wixom, Union Lake and Novi. Mrs. White received many lovely gifts.

NOVI UNITED

METHODIST CHURCH

The Anthem on Sunday was "I may never walk this way again" and the sermon was entitled "God, Father and Creator." Altar flowers were given in honor of Robert Wilkins and was a Happy Birthday from his family. Mrs. Duane Bell was greeter. Russell Button was Acolyte and ushers were Ron Frisbee and Mark Bumann.

The MYF will meet at the church on February 27 to see a movie and have a discussion on human relations.

The church would also like to thank all those who give blankets for the Indians at Newberry.

NOVI GIRL

SCOUTS

Brownie Troop 404 started working on the Girl Scout Mother-Daughter Banquet by making invitations. One of the projects was made which will be worn by the mothers at the banquet. The treat basket was brought by Erica Brown.

Junior Troop 913 rehearsed for Thinking Day by acting out skits on the life of Juliette Lowe. They also made final plans to visit the Burger King on February 26.

Junior Troop 713 had a Valentine party at their meeting and made plans to celebrate Thinking Day with an International meeting to include foreign games, food, and a puppet show. The troop is also planning a roller skating party on February 29.

Junior Troop 1027 visited the television station in Walled Lake last Tuesday. They took a tour through the station and afterwards talked about the banquet March 14.

Brownie Troop 161 is planning to visit Brownie Troop 711 Tuesday to see Sergeant Dale Gross demonstrate his tracking dog from the Novi police department. They will see Cinderella March 4 at the Theatre and other plans include visiting a deer display in the Ten Mile and Inkster area.

Brownie troop 351 made tray favors for the Convalescent home and had a dress rehearsal for their play, which will be given next week for Brownie troop 404. Mrs. Morandy assisted the leader at this meeting and Laura Morandy brought cupcakes to celebrate her birthday with the troop. Marie Gannon had the treat pail this week, and although sick, she sent the treat pail full of goodies for the girls.

Girl Scout Troop 924 from the north end of Novi will be participating in a Thinking Day Program held annually February 23 at 6:30 p.m. at Walled Lake Western. The program will include songs, dances, flags, costumes and girl scout uniforms from other countries. This group will be making the container to collect the gift to the World Friendship fund and Association Chairman Mrs. Betsy Alcala will be explaining this project. Special speaker will be Shurrell Rickey, president of Northern Oakland Council.

VOICE

Attention: VOICE meeting springs into ACTION March 14 7:30 p.m. at the Village Oaks School. Everyone is asked to put this date on their calendar. Additional information will be presented later.

NOVI PIN POINTERS
High games and series bowled were by Barb Pietron with 220, Rita Stockemer with 214, 194 and 576 Series, Lora Lee Longhurst with 205 and 534 series, and Charlene Hare with 190.

Kool Kats	55½	32½
Weber Contractors	53½	34½
Nameless Ones	49	39
Ashley-Cox	48½	39½
Novi Drug	47½	40½
Sheldon Center TV	43	45
Hi Lo's	41	47
Daly Restaurant	41	47
Willowbrook Market	38	50
Mission Impossible	23	65

Mystery game was won by Shirley Selep.

NOVI JAYCEE

AUXILIARY

The general membership meeting of the auxiliary was held Tuesday, February 22, at the home of Anne Conklin. Cheryl Stroud was named as a new member. The auxiliary is in the process of establishing a lending library for members.

with Phyllis Cowden in charge.

The auxiliary has chosen and plans to submit the following girls for special awards this year: Emilie Jensen, Outstanding Spokette, Marilyn Wolcott, Outstanding Jaycette; and Kathy Crawford, Outstanding President. The membership program has been entered for the project-of-the-year award will be featured March 6, at the president's meeting in Birmingham Workshops on Drug Abuse and the role of auxiliary historian Linda Pochter will be attending the historian portion.

CUB SCOUT

PACK NO. 239

ORCHARD HILLS
The Pack would like to thank the community for helping make their current fund raising project of selling Potato Chips a success. However, anyone not contacted by the boys, may make purchases by calling Ron Pazderski at 349-3439.

Reminder to all boys and their parents of the Blue and Gold Banquet this Thursday, 7 p.m. at the Village Oaks School for a Potluck Supper.

NOVI REBEKAH LODGE

Regular meeting will be on Thursday night. All ladies are reminded of cards to be sent to Laney Henderson who will be celebrating her birthday February 23 at Falls Church, Virginia.

NOVI BOOSTER CLUB

The Novi Booster Club is sponsoring a safety program Thursday, February 24, at Orchard Hills School at 8 p.m. Special speaker will be officer Ralph Fluhart from the Novi police department who will have a display of safety equipment from a number of fields used by the department. This will be of special interest to adults, especially parents of students.

NOVI LUNCH MENU

Monday - Doggie in blanket potato chips, buttered vegetables, fruit and milk.

Tuesday - Chicken and gravy over potatoes, bread and butter, beets, cookies and milk.

Wednesday - Cooks' surprise.

Thursday - Sloppy Joes, potato chips, vegetables, fruit, dessert and milk.

Friday - Pizza, salad, fruit and milk.

Christine Fritz Wins First Prize

Christine Fritz, a 12-year old seventh grader at the Novi Middle School, has won first prize in the state-wide "What America Means To Me" essay contest sponsored by the Michigan Jaycees.

She is the daughter of Mr. and Mrs. Donald Fritz of 24423 Mill Stream Lane.

Christine's essay was chosen from more than 2,000 essays from 25 different Michigan communities. She and her parents were the guests of the Jaycees at their state convention this past weekend in Flint.

During the evening meeting, Christine read her essay to 1,500 Jaycees and received a standing ovation.

She also was given a \$100 savings bond by the state Jaycees. Previously, the Novi Jaycees had given her a \$25 savings bond for winning the local contest. Robert Oliver chaired the project for the Novi Jaycees.

Christine's winning essay previously appeared in this newspaper.

Mills Capture Snow Honors

By NANCY DINGELDEY

The doldrums have hit Wixom or is it that my "pipe line" is clogged up? Either people have "holed" up for the winter or they're just not tellin' How else can "newsy notes from nutty Nancy" exist without the help of a few tips now and then? I "shurly" would appreciate them.

A very special day is planned for Frances and George Morris this Sunday. A open house honoring the couples' 50th wedding anniversary will be held in the multi-purpose room of Wixom Elementary School from 2 p.m. until 5 p.m. the reception

is being planned by the Morris' daughters, Mrs. Marion Lent of Livonia and Mrs. Marilyn Wood of Desert Hot Springs, California and a granddaughter, Mrs. Dennis Slicker of Belleville. Friends from the area are cordially invited to attend the special reception.

The Bill Mills' family have gotten to be experts in collecting trophies. They've been spending their winter weekends pursuing their favorite sport of snowmobiling. At a winter carnival a few weeks back, Aileen captured two first place trophies and one second place in the snowmobile races

while their younger daughter Robin brought home a first place trophy in the junior class. Not included are the bumps and bruises that come with the fast, competitive sport. Added to the trophies they won last year, the Mills' have quite an impressive collection.

There's a way to spend birthdays and then there's another way. The Paul Salo's seemed to do Elna's "up" in a perfect way. Along with the Earl Garrell's of Walled Lake, they left Friday evening and crossed the bridge to Windsor where they had reservations at the Sheraton Viscount Hotel. Dinner was at the "Steak Loft" located at the very top of the hotel, which besides offering a delicious menu, gave a lovely panoramic view of Windsor, the river and Detroit. Dinner was followed by an evening with Sandler and Young at the Elmwood, then back to the hotel for a sauna and swimming before turning in.

But that wasn't the end. Back to Wixom for a surprise baby shower for the Salo's daughter, Ann Mahn, on Saturday afternoon. The shower was held at Martha

Garrell's home with a group of Ann's friends planning the event. A variety of fondue plus wine coolers were served prior to package opening followed by blueberry torte fresh from the kitchens of the Voc. Ed. center. Floral decorations also came from the Voc Ed. students - both items much to the surprise of the guests. Ann received a variety of gifts rather unusual to a baby shower - the biggest hit of the afternoon were three educational toys for the little one.

After the shower, quite a few couples regathered at the Salo home for an evening of saunas, singing and talk to finish out the day.

Speaking of saunas, the Finns' favorite Saturday afternoon gathering spot burned down a week ago. It rather irritated some of the relaxing people inside who had to cut the whole thing short. They didn't even realize the place was on fire - and you wonder how hot a sauna is?

Sincerest condolences to Marie and Tom Ridley on the passing of her father on Monday. The funeral is in Detroit today.

Dog Clinic coming up this Saturday afternoon at City Hall. This is the only chance to have your dog inoculated for rabies at "bargain" prices. Hours are from 1 p.m. until 4 p.m. Annual dog licenses also will be on sale at "bargain" prices. After March 1, the fee is substantially higher.

NOTICE OF PUBLIC HEARING

Monday, March 6, 1972

8:00 p.m.

Northville City Hall

The Northville City Council will hold a Public Hearing on the above date, time and place to consider adoption of the following amendment to the Northville City Code of Ordinances:

The City of Northville Ordains:
That Section 8-126 of Title 8, Chapter 1, of the Code of Ordinances of the City of Northville, as amended is hereby amended to read as follows:

No person under the age of 18 years shall purchase or knowingly possess, transport or have under his control in any motor vehicle any alcoholic liquor, unless said person is employed by a licensee under Michigan State law and is, possessing, transporting or having such alcoholic liquor in a motor vehicle under his control during regular working hours and in the course of his employment. The motor vehicle which is used in a violation of this section shall be impounded until claimed in person by the parent or legal guardian of the person violating this section, if said person is the owner, or owner of said vehicle if said person is not, and may be further impounded following conviction for a period of not more than 30 days.

Martha M. Milne
Northville City Clerk

NOTICE
OF PUBLIC HEARING

Monday, March 6, 1972

8:00 p.m.

Northville City Hall

The Northville City Council will hold a Public Hearing on the above date, time and place to consider adoption of the following amendment to the Northville City Code of Ordinances:

The City of Northville Ordains:
That Title 8, Chapter 1, of the Code of Ordinances of the City of Northville is hereby amended by adding Section 8-128 thereto, which section shall read as follows:

FORGED OR ALTERED PARIMUTUEL TICKETS
Sec. 8-128—
A. It shall be unlawful for any person to falsely make, forge, or counterfeit any parimutuel ticket, purporting to be made or issued by any racetrack doing business within the City of Northville, with intent to injure or defraud, or with like intent, alter any parimutuel ticket made or issued by any such racetrack.

B. Any change of any such ticket made or issued by any racetrack, if made with intent to injure or defraud, whether made by writing, printing, stamping, punching, obliteration or otherwise, shall be deemed an alteration within the meaning of this section.

C. It shall be unlawful for any person to present for payment, or have in his possession with intent to pass or present for payment any such false, forged, altered, or counterfeit parimutuel ticket, knowing the same to be forged, altered or counterfeit.

D. The words "Parimutuel Ticket or Tickets" as used in this section shall be construed to embrace any ticket or paper sold by the racetrack which identifies the purchaser's selection in the parimutuel wagering system and when if correct, may be presented for payment. Such tickets shall include not only those of any racetrack fully prepared for use, but those not fully prepared for use, and all others which have been once used.

Martha M. Milne
Northville City Clerk

EBERT FUNERAL HOME
404 W. MAIN STREET NORTHVILLE, MICH.

Dear friends,

Punctuality is of prime importance in a funeral service. This essential respect is due the deceased. The service should start promptly at the hour set.

We have always had cooperation from the clergy, musicians, and others identified with the service. Families, too, are invariably ready when our cars call.

Promptness helps to provide a respectful, dignified, funeral service.

Respectfully,

SERVING — SINCE 1936 — PHONE F19-1010

Wrap your home in comfort

Roll out this carpet of warm protection and keep the heat where it belongs...inside your home! Insulation not only assures you and your family that your home will be warmer in winter and cooler in summer — it also assures you of more economical air conditioning as well as gas heating. Consumers Power neither sells nor installs insulation, but for a number of years we have encouraged our customers to investigate the many benefits of insulating their homes. Don't wait! Wrap your home in comfort.

—Police Blotter—

In Township

Four persons were hospitalized with injuries they received when the cars in which they were riding collided on Northville Road, just south of Seven Mile Road, Friday at 2:30 a.m.

Taken to Wayne County General Hospital were Terry Brand 28, of Pontiac, driver of one car; James W. Long, 18, of Inkster, driver of the other car; Norman Walker, 25, of Southfield and Glenda Hyttle, 22, of Belleville, both passengers in Long's car.

According to Wayne County Sheriff's reports, Brand was driving northbound on Northville Road when his vehicle crossed the center line and struck the side of Long's southbound car.

The force of the impact trapped Long in his car and rescuers from Northville Fire Department were called in to help remove him.

Brand was ticketed for driving left of center.

Township police are investigating thefts from construction sites on Winchester Road and Sunnydale.

According to reports, 90 sheets of plywood valued at nearly \$500 were stolen from a home on Winchester late Sunday or early Monday.

A glass door wall, front and rear doors were stolen last week from a building site on Sunnydale. Value of the door was placed at \$200.

In Northville

Four thefts reported to city police this week are under investigation

Two persons reported coats stolen February 11 from the VFW Post on South Main Street. Missing are a navy blue ski jacket and a woman's full length gray tweed coat with black fur on collar and cuffs.

An eight-track tape deck was stolen from a car Friday night or early Saturday morning while it was parked at 122 South Rogers Street. A shoe heel was found at the scene, police said.

Hand tools were taken from a truck Sunday afternoon while it was parked at 222 West Street.

In Novi

A fight that followed a brawl resulted in the arrest of a Novi resident and a Plymouth resident on charges of disorderly conduct at the Novi Inn, Friday, February 18.

Novi police report Douglas McMillan, 45, 41077 Malott Drive, and James Van Mason, 23, of Plymouth were charged after police broke up a fight between the two while the cause of the previous brawl involving 15-20 men was being investigated.

Initial fighting reportedly was caused by a disagreement over a shuffleboard game, and stopped when four Novi police officers arrived on the scene.

While questioning individuals in the bar, McMillan and Van Mason argued and began fighting over who was involved in the previous ruckus, police said.

A crowd of patrons was held at bay while police separated the combatants. McMillan attempted to escape through the back door, and was subsequently captured in flight, police stated.

A Plymouth woman escaped injury Friday afternoon when the front end of the car she was driving was struck by a C&O train on Novi Road.

According to Novi police, Mrs. Mary McClelland had stopped her car at the south side of railroad crossing upon seeing the flashing signal. However, the front of the car protruded over the track. Traffic behind prevented her from backing up the vehicle. Although the front of the car was damaged, Mrs. McClelland was unharmed.

A breaking and entering at the Richard Beall residence at 41678 Sycamore was apparently interrupted while in process last week by the return of the Beall family.

According to police reports, a stereo record player and a pillow case filled with various items were found in the middle of the floor, as the thieves were scared off by the Beall's timely return.

Taken, however, were a portable color television, an eight-track stereo, a coin collection, and miscellaneous jewelry. Entrance was gained by prying open a sliding door

wall, police said. The subjects had parked their car on Borchat, the street behind Sycamore, and walked across a field to the Beall residence.

Office equipment valued in excess of \$842 was taken from Trudeau Concrete Forms at 42400 Ten Mile some time between 6 p.m. Friday, February 11, and 9 a.m. Saturday, February 12, police report.

Thieves, gained entry by breaking out the glass in a front door.

The crime was similar to another Novi burglary in which office equipment was stolen from the Condeco Automation Corporation on February 3, police reported. Subsequent investigation revealed that the Livonia Police had in custody a burglary suspect, who operated in much the same manner in which the two Novi breaking and enterings had been conducted.

Novi police interviewed the subject and reported they learned through the interview that he was responsible for the burglaries. No formal charges have yet been levied, however, and the case is still open pending further investigation.

Four juveniles have been found to have been involved in a breaking and entering at Duke's Tavern, which took place August 20, 1971. Stolen were a quantity of beer, wine, and soft drinks.

The matter is still undergoing some investigation and court action is pending, police reported.

Pete's Interstate Sunoco station at 26470 Novi Road at the expressway was found ransacked by Mrs. Pete Zabala, wife of the owner of the station, when she arrived at work Friday morning, February 18.

Mrs. Zabala told police that when she arrived at the station she noticed the lights had been left on and the front door was unlocked. Once inside she discovered the station had been ransacked and approximately \$50 was missing from the cash register.

Police discovered a 1968 Dodge Charger, which had been stolen from Inkster, in a field at the corner of Meadowbrook and 13 Mile Road. The car had been abandoned, stripped, and torched, police said, and was completely destroyed.

Richard Allen Dereamer, 18, a Union Lake man, has been arrested on charges of carrying a concealed weapon and failing to have his vehicle under control.

Dereamer was apprehended when Novi police went to the scene of an automobile accident on South Lake Drive near East Lake Drive. As a result of that investigation police discovered a push-button switch blade knife and charged Dereamer on the two counts.

Trial has been set for March 2 at 2 p.m. in the 52nd District Court.

Wet and slippery conditions were cited by police as the cause of an automobile accident which occurred Friday morning, February 18, in which three people were injured.

Police reported a car driven by Richard Gordon of Farmington made a left turn in front of a second car driven by Joseph Phalen of Fenton. Because of the weather conditions Phalen was unable to stop and hit the Gordon vehicle in the side, police said. Gordon, Phalen, and his son Richard Phalen were injured in the accident, but did not request hospitalization.

The accident took place in front of Novi Elementary School.

No violations were issued.

Vandals shooting pellet guns at the insulators on Detroit Edison power lines are held responsible for a power shortage which affected Hampton Hills subdivision Sunday night, February 13.

At approximately 6 p.m. Detroit Edison started receiving complaints from people living in the Hampton Hills area that their lights were flickering off and on. Edison teams investigated the

Eye Resurfacing

Continued from Novi, 1

If the city cannot pay for the resurfacing of its subdivision roads and an assessment must be levied leads to the question of how the voters will react to the request for additional millage to pay for the exterior roads.

9 Bandsmen Win Medals

Nine Northville High students won medals for solo and ensemble performances at the Michigan School Band and Orchestra Association contest.

Competition was held February 19 at Henry Ford Community College.

Three of the medal winners will compete at the state level March 25 in Flint.

First place winners advancing to the state music festival include David Anderson, trumpet solo; Eliisa Mannisto, clarinet solo; John Regenhart, clarinet solo, and Miss Mannisto and Regenhart, clarinet duet.

Students receiving second place medals include Robyn Reagan, flute solo; Ted Slabey, piano solo; Sarah Horner, piano solo; Mark Frid, trombone solo; Marcia Kelly and Hillary Holdsworth, flute duet; and Miss Holdsworth, flute solo.

Put in its most basic form by Councilman Berry, "If you're going to charge these people for paving their own roads, you just might lose a millage election when they're asked for funds to pay for somebody else's roads."

In as much as Novi has a large number of subdivision roads and many of them will in all probability need resurfacing in the next three years, the question of how that resurfacing is to be financed is an important one. "This is just something we're going to have to face," said Councilman Louie Campbell, "and we should come up with some kind of formula to let the subdivision people know just what they can expect before the election."

"Any paving program," added Young, "is going to have to help the people in the subdivisions, too."

ANDREW MCINTYRE has been promoted to the rank of assistant cashier. McIntyre joined CNB in 1968 as manager of CNB's branch office at Telegraph and Schoolcraft. He had previously been with another Detroit bank for 21 years. McIntyre is a member of the American Institute of Banking and various community organizations. He lives in Northville with his wife Vonda Lee.

Keim Reports Sales Increase

Earl Keim Realty, with offices in Northville and elsewhere in the metropolitan area, reports a dollar volume of \$48,500,000—an increase of 85-percent over 1970.

The number of sales increased in 1971, with an average sales price of \$27,200, according to Earl Keim.

With five new offices opened in 1971, including the one in Northville, Keim predicts a 1972 sales volume of from \$75 million to \$80 million.

Altogether, the firm now has 12 offices and 120 sales associates.

Travelogue

Rotary Plans Include Buffet

A buffet dinner will kick off the second travelogue production sponsored by the Northville Rotary Club on March 8. Rotarian Robert Webber announced this week.

The dinner—first sponsored by the club since starting its travelogue series several years ago—will be held at the high school from 6:30 to 7:30 p.m., just before world famous Robert Brouwer presents his film program titled, "Scenic America."

Tickets for the dinner only are \$4 per person, with proceeds to benefit the club's crippled children program.

Deadline for obtaining tickets for the dinner is March 3. They may be obtained from any Rotarian or at Manufacturers National Bank, Northville Camera Shop, Harold Bloom Insurance, or the Carrington & Bowden Agency.

Tickets for the film program are \$2 for adults, \$1 for children and they may be obtained at the same locations or at the door.

Brouwer's acclaim is based primarily on the exciting manner in which his films are carried to the audience.

Using his electrical training background, he has

developed a revolutionary presentation incorporating three screens and four projectors.

"Scenic America" give audiences a delightful variety of scenes ranging from Niagara Falls and autumn color in Vermont to time-hallowed Jamestown and sunrise above the clouds at Acadia National Park.

Boosters Hear Safety Talk

Patrolman Ralph Fluhart of the Novi Police Department will be the guest speaker tonight (Thursday) at a meeting of the Orchard Hills Elementary School Booster Club.

Assisting the policeman will be the school's safety patrol boys.

The program will zero in on safety, at home, in school and in the community. It will stress the importance of safety year-round but not its special importance now as spring approaches.

The meeting will be held in the Orchard Hills gymnasium at 8 p.m.

SPEAKING for The Record

By BILL SLIGER

Every year about this time local governments are informed by county officials what their new property values for the coming tax year will be.

Actually, local units are given estimated "equalization factors", those figures used as multipliers to bring local property assessments up to 50 per cent of market value. And state law proclaims that taxes shall be levied against assessments representing 50 per cent of property market value.

So that's how we come up with the term SEV (State Equalized Valuation).

The SEV of a piece of property actually means 50 per cent of the market value, or that valuation against which property taxes are levied.

The goal of all local assessors should be to bring their community property assessments to exactly 50 per cent so that the "equalization factor" for the community is 1.00, or no difference between local assessment and the SEV.

In our immediate area, the cities of Novi, Wixom and South Lyon and the townships of Lyon and Plymouth have been assigned 1.00 factors, for example.

Reaching this "perfect" assessment level isn't always easy to accomplish. And the assessments aren't always "perfect", either.

Property reappraisal is required to bring all assessments to the 50 per cent level. And this usually means increasing assessments. When reappraisal programs take place, property owners normally protest loudly despite explanations that an equalization factor will no longer be applied to increase the assessment.

And sometimes there are mistakes in individual properties, or more frequently, there's a difference of opinion between the property owner and the assessor as to the exact value of a property.

I've always thought that it would make very little difference if all assessments were placed at 10 per cent of value, so long as all assessments are equitable, and then apply a factor of 5.00.

This may sound ridiculous, but then, at least, the property owner would be able to enjoy his "low assessment".

Actually (and seriously), the single most important consideration of assessments is that they are equitable, one to the other. Then, whatever the factor might be, it is being applied equally to each property owner.

But when one finds that some properties bear assessments at 20 per cent, others at 30 per cent, and perhaps still more at 40 and 50 per cent, a factor of 1.50, for example,

then fails to bring the lower assessments up to the legal 50 per cent level, yet it boosts the higher assessments above 50 per cent.

Which, I'm sure, is all very confusing to the average taxpayer. But it may be important.

So, here's how you can find out if you're getting a fair shake on your assessment and thereby your tax bill.

If you live in the city of Wixom or Novi and you know what your property assessment is, there's no multiplication to perform. That's exactly what the tax officials believe represents 50 per cent of the value of your property.

If you're not sure about your assessment, or you think it's too high, you can be heard at the annual board of review meetings scheduled in Novi on March 13 and 14 (see advertisement notice elsewhere in this edition) and in Wixom on March 14-15-16.

In the city of Northville (Wayne county portion) the factor has been increased by one per cent — from 1.41 to 1.42 — and (Oakland county portion) eight per cent from 1.47 to 1.55. Again, you can check the SEV of your property by multiplying last year's assessment times the new factor.

If you've got a problem, attend the board of review hearings March 14 and 28.

In Northville township property values will be hiked four per cent — from last year's factor of 1.18 to 1.22.

Board of review hearings in the township are scheduled on March 7-8-13-14.

Taxpayers who have moved into new homes since last year should go to their respective city or township halls and ask to see their assessment. But wait until about the first week in March when all assessments should be available.

It's important that property owners heed the March board of review meetings. It's the only time each year that assessments are reviewed and can be changed.

Even if your appeal is denied at the local level, you can carry your protest to the county and state. But if you fail to enter your protest at the local review hearings in March, chances are you're stuck with the assessment until next year.

Don't forget, next Tuesday (Feb. 29) is the deadline for payment of school, county and township taxes without penalty.

Northville Township Treasurer Joseph Straub revealed that he reminds many property owners who can be reached locally by telephone.

"Some just forget and they appreciate my call," he reported. A few, he admitted, don't consider the reminder a favor.

Maybury — An Appropriate Name

By JACK W. HOFFMAN

Purchase of the former Maybury Sanatorium property was formalized last week, thus ending an era and launching another.

The property, approximately 900 acres between Seven and Eight Mile roads, west of Beck, was purchased by the Michigan Department of Natural Resources from the City of Detroit and is to become Wayne County's first state park.

Appropriately, the new park, which the DNR hopes to open to the public this year, reportedly will carry the name of William H. Maybury—the man who spearheaded the development and construction of the sanatorium facility a half century ago.

Once acclaimed as one of the largest and finest TB facilities in the world, the sanatorium buildings, in Northville Township, are now but a shell of their early stature—the victim of disuse, auction, and vandalism. They are to be razed and new

recreational facilities are to be erected.

Originally consisting of eight farms, the property—highest in the county—was purchased by Detroit and construction was started in 1920. A summer camp unit was completed for use first in 1921 and the sanatorium units for both adults and children were opened in 1922.

It was part of the children's unit which recently was destroyed by fire.

At one time the sanatorium cared for a thousand patients, but its patient load gradually diminished as medical advancements began erasing the number of TB cases until a few years ago when Detroit moved the remaining patients to other locations and closed the facility.

It was William H. Maybury, as a member of Detroit's board of health, who supervised construction of the facility which later was named in his honor.

A frugal man, Maybury took many steps

to hold costs to a minimum. Buyers who attended an auction at the vacated facility last year probably didn't know it but in some cases they were purchasing "second-hand" merchandise just because of his frugality.

For example, Maybury took pride in the fact that "not one pane of glass" in the initial sanatorium building was purchased—despite the fact that it was dotted with windows.

Explained Maybury in 1921, "At the Herman Kiefer hospital we found thousands of X-ray plates that had been used and discarded. We had a few of them washed for examination, and found that the glass would be suitable for use in the windows of the new sanatorium."

And when visitors to the new facility appeared to recognize something familiar upon entering the doors, Maybury delighted in telling them it was a piece of the old Detroit Pontchartrain Hotel.

"When the bids for plumbing fixtures came in," he explained, "the lowest bidder

Speaking For Myself

Academies Accept Girls?

Jack McDonald

YES...

Last year the House of Representatives passed the Equal Rights Act, which gives women equal rights with men in the pursuit of careers, achievement of education and in all other fields. The military has historically discriminated against women by refusing to admit them to the various service academies. The law does not forbid their attendance, but tradition does. My justification for appointing a woman (along with 12 young men) to the Naval Academy is that I did not feel I had the right to discriminate against her. Her application demonstrated to my satisfaction that she was physically and academically qualified to be an officer in the United States Navy. She should have the same rights to education as any of the young men who have applied to me for admission to the academies; those rights include the opportunity to compete for the two openings at Annapolis.

Of the total Naval Officer Corps, 3.6 percent are women. None of the women career officers have had the benefit of a service academy education. There are no women Admirals. An academy education is practically mandatory for any person interested in promotion and progress in a service career.

I do not have the right to prevent any qualified person from attending a military academy. The Navy does not have that right. The President of the United States does not have that right. In fact, none of the 210 million Americans have the right to discriminate against another person because of his, or her, sex. It is guaranteed by the United States Constitution, and I have taken a Congressional oath to support that document. I mean to adhere to that oath.

Congressman
Jack McDonald

Loren Graham

NO...

NO! I do not think that women should be admitted to our military academies at this time. This is a personal opinion based on certain facts and ideas developed over 50 years of living, 20 years of active military duty plus nine years of military reserve duty, spanning three wars that the U.S.A. was engaged in.

To put it in a nutshell, this is my reasoning. The Federal Government uses the taxpayer's money to run the military academies to turn out well-educated, rigidly trained, male commissioned officers mentally, physically, and emotionally capable of performing any task required of them in time of armed conflict. Quite frankly many women might be mentally and emotionally equipped but very few are physically capable of many duties required by present-day military combat units.

You'll note above I said I was not in favor of women in the academies at this time. If in the future, non-combatant positions open up and enough women can be found to fill many of these positions, then I'd say "yes, let them go to the academies."

I have been an army recruiter and can assure you that it is very difficult to recruit enough young women to fill the few female positions now available.

Actually it is much easier for a girl to obtain a desirable position in the service than for a boy in many ways. She also receives favored treatment, such as more expensive wardrobe, better quarters, more choice of position, travel and assignment.

Please don't think I object to this. I am in favor of this. I am old-fashioned and enough of a "square" to believe that all our women should be protected as to exposure to hard physical labor, dangerous situations and any type of actual combat assignment.

Loren Graham

'Hurry Up, Valerie'

Reader Speaks

Thieves Anger Senior Citizen

To the Editor:

The more I think about writing a letter, I find myself doing it.

About two weeks ago some one came to our parking lot at Fairbrook Apartments in the middle of the night and deliberately cut all tubes and took the radiator out of my car.

Have heard that boys around town have been checking cars at night to see what they could steal and then sell the parts so as to get money. Taking a radiator is not kid work; it must have been grown boys who needed a radiator the same vintage and kind in my car.

Several times I saw a small green car drive into our parking area and stay a little while, (seemed to be looking over cars) then leave. I thought it must belong to one of the tenants here.

If I would see that car with

the two men in it I am certain I would recognize it.

One lady near here had her battery taken out of her car in the night and the car was in her garage.

I wonder whether the parents of the boys who are taking parts from cars know about it and do they care?

Why do these people seem to pick out an old lady's car to take parts? We need our cars for shopping and other general use. I am retired and insurance is heavy on an older person's car. No wonder insurance is so expensive.

I have always thought that Northville is a safe place to live and now this act certainly is disillusing!

Something should be done! Is it Northville men who are doing this or do they come from other cities?

Sincerely yours,
Miss Florence Keith

Help Sought

To the Editor:

Because so many people are reaching out for help and finding very little available, your readers who are parents of handicapped children will be interested in knowing about a meeting planned Sunday in Detroit. The meeting will be especially important to those seeking educational services for the handicapped but who are only placed on waiting lists.

People attending the meeting will be informed about what is happening in the service area for the severely and profoundly handicapped. They will find out how programs may be increased

to include more children, where to write letters to exert pressure for better educational services, and they will have an opportunity to state their particular plights.

The meeting will be held at the Blessed Sacrament School auditorium, 82 Belmont (North of Boston Boulevard, corner of Woodward), at 3 p.m. People with questions may call 272-7645.

Please come and let us help each other. Handicapped persons shall not be denied their Constitutional rights.

Merle Duey

Parents Raise Funds For Washington Trip

The parents of fifth graders at Novi's Village Oaks Elementary School are seeking funds to send their children on a field trip to Washington, D.C.

According to Mrs. Robert Wilkins, spokeswoman for the fifth grade parents, they hope to raise enough money to pay air fare to Washington so the fifth graders can have a one day tour of the nation's capital.

There are 29 children in the Village Oaks class and the cost per student is estimated to be approximately \$40.

Three projects are being planned to raise the funds.

A bingo party has been slated for March 4 at 7:30 p.m. in the Village Oaks school, complete with refreshments and door prizes; a portable television set, 20 pounds of steak and a mystery gift will be the prizes in a raffle; and the children will be selling stationery items.

Anyone wishing information on any of these activities should contact Mrs. Robert McIssac at 474-5675.

The children will be accompanied on their trip by Mrs. Ruth Watson, the fifth grade teacher, David Brown, Village Oaks principal, and various parents.

Photographic Sketches . . .

Out On A Limb

She Marks 80th Birthday

An early birthday party marked the 80th birthday of Mrs. Alice Allor, housekeeper for Father John Wittstock and Father John Wyskiel at Our Lady of Victory. Mrs. Allor, who was 80 this past Tuesday, will have been OLV housekeeper 16 years in June.

She was honoree at a party held in conjunction with the annual Our Lady of Victory dinner-dance February 15 at the Thunderbird. With her at a table of 10 were her two sons, her daughter, their

spouses, her grandchild and the two priests.

Mrs. Allor previously served as housekeeper for 13 years at St. Joseph parish in Erie, Michigan, and for short periods in Detroit and Southfield after being widowed about 30 years ago. Citing her "dedication," Father Wittstock mentioned that Mrs. Allor had been raised in an ecclesiastical environment as she was brought up by a Jackson priest's housekeeper after being orphaned early.

Mother Seeks Lost Children

To the Editor:

Following is a letter, which we feel is deserving of publication. It was sent to us, the Novi Chamber of Commerce, by the mother of five children who is trying to locate them. She believes the

children's step-mother is named Guillermina and speaks Spanish. Their Caucasian father's name is Robert W. Fleisher.

Dear Billy:

I am writing you this letter because you are the eldest of my five. By now you are 11 years old—four years have passed and I am so lonely.

Your grandfather and grandmother live in Sand Point, Idaho.

In March of 1967, your father ran away from Nevada with all of you—and I am wondering if you still remember your brothers and sisters, Manuel, Richard, Abbie, Carmelita, Venida, Maria and Roberta? They miss you, June, Patty, Lupita and Rafael as I do—We love you very much!

Since I have custody of all of you, I hope and pray my efforts will not be in vain. Somewhere, somehow I'll find you.

My address is: Dorothy Fleisher, 225 East Barnett Street, Ventura, California 93001, Phone: (805) 643-5020

Pitcher Speaks To Wixom Group

Bob Miste, former pitcher for Chicago and Milwaukee major league teams, will be guest speaker at a general meeting of the Wixom Chamber of Commerce Wednesday, March 1.

The 12:30 p.m. luncheon program will be held at the Vocational Training School, 1000 Beck Road.

A graduate of Oklahoma University, Miste has coached baseball and football

as well as playing professional baseball.

A leader in the Fellowship of Christian Athletes and a leader in youth development, he is active in commercial and industrial leadership, according to Chamber President C. A. Smith.

In announcing the program, Smith noted that the chamber's community involvement is growing, having been largely responsible in locating and promoting rezoning of a parcel of land for the Wixom Central Business District and with present negotiations for the development of the district.

Smith also announced that the chamber will take part in local Michigan Week activities, with tentative plans for honoring senior citizens of Wixom.

Students Cited for Grades

At Schoolcraft

Outstanding academic achievement has been recognized for 192 Schoolcraft College students named to the Dean's List for the fall semester. Each has been congratulated by personal letter from Dr. Robert Keene, Dean's List scholars are persons who carry at least 12 credit hours during the semester and earn a 3.5 (B+) or better grade averages.

Those cited from this area are:

Peter J. Lindberg (4.0) 1971 Clement; Janice K. Oesterlink (4.0) 22850 Haggerty; Kimberly S. Taggart, 625 Reed Court; Lucy M. McGuire, 240 Orchard Drive, John R. Swanson, 19970 Silver Spring; Robert L. Hines, 51175 West Seven Mile Road; and Martin J. Tuck, 1036 Horton.

At MSU

Twelve area residents, including two who earned all-A grades, were among those students listed recently on the Michigan State University honors list for the fall term.

The all-A students are: Mark C. Sheiko of 2019 Hopkins, Wixom, who is a junior in biochemistry and a graduate of Cass Tech High School. And Marjorie Marque of 24030 Glen Ridge, Novi, who is a junior in physical science and a Novi High graduate.

Others honored include:

Northville—Donald D. Beller, 771 Horton Street, senior in social science; Carol A. Dehnboel, 7800 Chubb Road, sophomore in business law and office administration; Mavis L. Donahue, 568 Reed Avenue, junior in arts and letters; Stacey Evans, 20311 Woodhill, senior in music;

Susan K. Kukila, 38020 Rhonwood, sophomore in pre-veterinary; Nancy J. Milligan, 47353 West Main Street, freshman in nursing; James H. Penrod, 45265 Mayo Drive, sophomore in social science; Carol J. Rathert, 450 Maplewood, freshman in human ecology; and Carol L. Waddell, 45055 Galway, sophomore.

minimum grade point average of 3.0 ("B" or better).

Bach, who is the son of Mr. and Mrs. Bernard Bach Sr. of 20336 Woodhill, holds a Harvard academic scholarship. He was a tight end with the freshman football squad, playing in the seven fall games.

A 1971 graduate of Northville High, he also plans to play freshman baseball with practice beginning this week.

Obituaries

Two Suffocate in West

Two area men were found dead late last week in Las Vegas, Nevada.

Edward Lawrence Burton, 22, of 12 Terrace Road and Donald James Patterson, 21, of 45680 11 Mile Road both died of asphyxiation attributed to a faulty heater in their camper.

Authorities, who say the men were last heard from January 7, believe the two died about January 8.

Funeral services for both were held yesterday (Wednesday).

Mr. Burton was born in Northville October 27, 1949, the son of Robert and Marie M. (Romano) Burton. He attended Northville High and was a lifetime resident of Northville.

Surviving besides his parents, who live in Northville, are two brothers, Robert of Northville, Richard of Plymouth and a sister, Mrs. Agnes Kirby of Chicago, Illinois.

Services were held at Our Lady of Victory Catholic Church where the Reverend John Wittstock officiated. A Rosary was said Tuesday evening at Casterline Funeral Home. Burial was in Oakland Hills Cemetery, Novi.

Mr. Patterson was born in Spangler, Pennsylvania, May 18, 1950, the son of Robert and Phyllis (Munger) Patterson. He lived in Northville most of his life.

A 1968 graduate of Northville High, he was employed by Allied Food Products of Livonia.

Surviving is his father, who lives in New Hudson, three sisters, Mrs. Sandra Mills of Macon, Georgia, Alberta of Georgia, Janet of California, and three brothers, Robert, Ronald both of California, and Joseph of New Hudson.

Services were held at the Casterline Funeral Home where the Reverend Cedric Whitcomb of the First Baptist Church of Northville of-

ficiated. Burial was in Rural Hill Cemetery.

HATTIE A. BAILEY

Funeral services were held last Thursday for Miss Hattie A. Bailey, 26285 Novi Road, who died February 13 at Pontiac General Hospital after an illness of two months.

Miss Bailey, 68, was a social worker with Michigan Children's Aid Society until she retired in 1963. She was a graduate of Western Michigan University in Kalamazoo.

She was born March 9, 1903, in Breckenridge, Michigan, where services and interment took place, to Ira and Hattie Bailey.

She leaves three brothers, Kirt of Novi with whom she lived, Harold of Walled Lake, Stanley Sr. of Midland; two sisters, Mrs. Clarice Mills of Mason, Mrs. Edna Furgason of Breckenridge; 10 nephews and six nieces.

Top of The Deck . . .

Continued from Page 10-A

and he personally supervised the laying of the winding roads on the premises.

Ten miles of roadway were "artistically planned", and to be sure his plans would materialize, Maybury walked along in front of the road grader as it sliced through the top soil.

Why was he so careful? Because, he explained, it was more than a sanatorium site but a place for people to enjoy unspoiled nature.

Fifty years ago he said of the roadways, "They will extend through a six-acre park

between the road and the main entrance gate; over hills which afford an excellent view of the adjacent country; down into valleys seemingly hidden between the hills; and through woods as wild and rustic as nature intended them to be.

"The ground will be so laid out that motorists will not annoy the patients, and we want the people of Detroit to take advantage of this beauty spot which is theirs to enjoy."

William H. Maybury State Park...it's an appropriate name in honor of a man who saved a piece of landscape for a late 20th century park and who died at the age of 72 in 1931. of tuberculosis.

Swimming Lessons Planned

Swimming lessons for children 7, 8, and 9 years of age will be given from 3:00 to 4:00 p.m. beginning this Saturday, February 26 and continuing for 10 Saturdays thereafter.

The first 10 lessons will be for Beginner and Advanced Beginner students only, according to Northville Swimming, coach Ben Lauber.

Registration for the beginner and advanced beginner lessons will take place the first day of classes on Saturday. Fee for the 10 lessons will be \$10.

We are pleased to announce
the appointment of

JEFFREY R. SCHOOF

WANTED . . .

In connection with good grooming and style conscious persons interested in having their clothes restyled or altered. Personal fittings on both men's and women's clothing in our modern tailoring shop. Phone 349-3677, Lapham's, 120 E. Main-Downtown Northville.

2 in Novi Qualify For Mat Tourney

To the surprise of absolutely no one, Novi's Terry Auten swept through the Class B district wrestling tournament Saturday at Auburn Heights Avondale to qualify for the regional tourney, but in what was something of a pleasant surprise, Auten won't be the only Novi grappler competing in the regionals.

Novi's 167-pounder, Kevin Schingeeck, also won the right to continue along the road that leads ultimately to the Class B state championships, as he too finished in the top four at Avondale.

Other than Auten and Schingeeck, however, Coach Rick Trudeau's wrestlers didn't fare all that well in the districts, finishing twelfth in the 17-team field with a total of seven points. Champion Bishop Foley had 20 points.

"We had some good draws to begin with," said Trudeau in explaining his team's showing, "but on the day of the tournament they changed the drawings around and we had some real bad luck."

Bad luck specifically hit the Wildcats' Tom Ford and Dave Ward - two grapplers expected to do well in the district competition.

But Ford drew the third-seeded wrestler in the 121 pound class and Ward had the second-rated wrestler in the 128 pound division and both were eliminated in the first round of competition.

As usual it was Auten who paced the Wildcats. Team points were awarded on the basis of one point for every victory, one for every pin, and half a point for every decision by ten or more points. Under that scoring system, the big heavyweight accounted for exactly four of Novi's seven point total.

What's more Auten hardly worked up a sweat in doing it. His first match lasted approximately 48 seconds before he had his opponent on his back and in his second match, Auten worked only a little harder, taking all of 1:21 before he was treating another opponent to a guided tour of the rafters in the Avondale gym.

Auten, who now has a 20-1-1 record and hasn't lost a match since the first meet of the season, has got to be considered the Wildcats' best bet to advance past the regionals and into the state finals. Thirteen of his 20 victories have come via pins.

Schingeeck wasn't even seeded in the district tournament, but the luck of the draw definitely worked to his advantage. The 167-pound senior drew a bye in the opening round and thus needed to win only one match to qualify for the regionals. In that lone match, however, "Shack" was pitted against the fourth-seeded wrestler, but came away with the victory anyway, using his favorite hold, the figure-four head scissors, to pin his opponent.

The regionals will be one of the toughest, if not the toughest, in the state. Fenton finished second in the state finals last year and are just as tough this year. Preliminaries start at 12:30 p.m. with the finals starting at 7:30 p.m. Fenton High School is visible from U.S. 23 and can be easily reached by taking the Owen Road exit.

Van Wagner: All-Star Pick

Novi's Jim VanWagner was selected for first team honors and Bob Pisha and Kevin Hesse received honorable mention as the Southeastern Conference basketball team was announced Monday night.

VanWagner, a 5'10" junior guard, is the key to the Wildcat's fast-break attack and has an average of approximately 15 points per game. He was also an All-Conference selection as running back during the football season.

He is the first Novi player to ever gain first team recognition in basketball, since the school's entry into the Southeastern Conference three years ago.

Center Bob Pisha and forward Kevin Hesse were tabbed for honorable mention. Both are seniors.

Joining VanWagner are on the first team are Saline center Dave Ziegler, forwards Jim McIntosh of South Lyon, Ron Sweeney of Chelsea, and Mike Massey of Ypsilanti Lincoln, and guard Ken Wright, another Lincoln star.

Named to the second team were Dundee center Dick Boldt, forward Jeff Schmidt of Chelsea, and guards Stanley Joplin of Milan, Todd Sprague of Chelsea, and Pete Slesky of Saline.

Schedule

THURSDAY, FEBRUARY 24
Basketball: Marshall at Northville 7 p.m.; Plymouth Pioneer at Cooke 8th Grade 4 p.m.
FRIDAY, FEBRUARY 25
Basketball: Northville at Waterford 6:30 p.m.; Novi at Ypsilanti 6:30 p.m.; Plymouth Pioneer at Cooke 7th Grade 4 p.m.
Wrestling: Northville and Novi at the Michigan High School Athletic Association Regional Tournament at Fenton (takes place Friday, February 25 and Saturday, February 26)
MONDAY, FEBRUARY 28
Swimming: Northville, Ninth Grade at Redford Union High School Pool (League Meet) 6 p.m.
TUESDAY, FEBRUARY 29
Swimming: Northville at Farmington High School 7:30 p.m.
WEDNESDAY, MARCH 1
Basketball: Northville versus Clarencville at South Lyon 7:30 p.m. (first game of MHSAA district basketball tournament) Northville Girls at Kingswood 4 p.m.

AIR-BORN—Novi's John Pantalone falls over the back of a Dundee player after letting loose a field goal attempt. In spite of Pantalone's efforts, however, the Wildcats went down to defeat.

It's Last Chance For Sagging 'Cats

With the league finale on tap tomorrow night, Novi's skidding varsity five has one remaining chance to improve its near last place Southeastern Conference position.

But it won't be easy.

Host Ypsilanti Lincoln boasts a 9-4 season record—good enough showing for a second place tie with the red-hot Lions of South Lyon. Earlier the Railsplitters, who thrive on speed, rolled over the Wildcats, 91-63.

"Lincoln is a strong team and unless my boys refuse to be discouraged by their recent losses and play up to their capabilities, we're going to be in trouble," admitted Coach Milan Obrenovich following his squad's loss to Dundee.

Novi, however, has one ingredient in its favor: it has everything to gain and very little to lose tomorrow.

A loss will mean a next to last place finish, just in front of Dexter, while a victory could salvage the wreckage of three straight losses in the conference and possibly lift Novi above Milan, which like Novi has a 4-9 record.

Latest in the Novi tailspin was Friday's 70-55 defeat at the hands of the Dundee Vikings and the 85-61 loss to league-leading Saline three days earlier.

Ironically, Novi biggest threat against Dundee came in the third quarter—the same period in which the Vikings sparked to life and left its host five far behind.

Behind 33-27 at the half, the Wildcats battled back early in the third period to tie the score at 38-38 with 5:21 remaining. But in those remaining minutes of the third quarter, the Vikings outscored Novi 18 to 5 to put their victory on ice.

Dundee grabbed a 19-16 lead in the first quarter and then increased its margin to six points in the final 14 seconds of the second period.

While the Vikings had the edge at the free throw line, it was their superior fieldgoal shooting that spelled the difference. Novi, which played a ball-hawking game, failed to capitalize on several opportunities by either missing some "easy" shots or losing possession on turnovers.

Dundee had 27 field goals—seven more than Novi.

At the free throw line, the Vikings made two fewer shots than Novi, but converted 16. The Wildcats converted 15 of its 25 shots.

Novi's Center Bob Pisha and Dundee's Dick Boldt shared scoring laurels, with each pumping in 17 points. Three other players hit double figures—all Vikings.

Wildcat Jim Wagner, who scored only six points, was obviously off his regular game, having been sick prior to Friday's contest said Obrenovich. Even so, however, Novi failed to dent Dundee, which turned in a dismal first-half performance.

Cage Tourney Opens Tuesday

Northville and Novi will both find themselves in the role of the underdog when play begins next week in the Michigan High School Athletic Association's state tournament.

Both schools will be competing in the Class B district tournament at South Lyon. Five schools will compete in the tourney — Northville, Novi, South Lyon, Dearborn Heights Riverside, and Clarencville.

Co-favorites in the tourney are South Lyon, which has a 10-5 record, and the Trojans from Clarencville, who are 12-3 for the season and finished in second place in the Wayne-Oakland League. The South Lyon Lions were second in the Southeastern Conference.

Northville (6-10) and Novi (5-10) will run up against the co-favorites early in the tournament. Drawings, held Tuesday morning at South Lyon, pit Northville against Clarencville on Wednesday and Novi against the winner of Tuesday's South Lyon-Riverside game on Thursday. Finals are slated for Saturday night. All games begin at 7:30 p.m.

Riverside is given little chance to get beyond the opening round. The Rebels have a 2-12 record and their tallest player is 6'1". The Lions on the other hand have height galore. Center Mike Muir stands 6'8", all-league forward Jim McIntosh is 6'3", and forward Ed Segars is 6'3". Segars and McIntosh both have averages of 16 points per game.

The Lions handed Northville and Novi decisive losses during the season, beating the Mustangs 74-65 in the season's opener and clobbering the Wildcats 94-58 after winning an earlier game by a 53-51 margin.

Northville's game against Clarencville Wednesday will mark the second meeting between the two schools. When they first met, the Trojans took a 66-64 overtime victory after the Mustangs let a five point lead filter through their fingers in the final 22 seconds.

Clarencville is led by high-scoring guard-forward Chip Meyerills (25 points per game average) and 6'7" center Phil Halstead, who scored 34 points in the first game.

In what could well prove to be a preview of the district finals, Clarencville took a 68-61 victory over South Lyon in a game Monday night.

Needless to say Northville coach Walt Koepke and Novi mentor Milan Obrenovich would like to make certain the two favorites do not reach the finals. Both the Mustangs and Wildcats, however, will have their work cut out.

SE Conference Standings

Saline	11	2
South Lyon	9	4
Ypsi Lincoln	9	4
Chelsea	8	5
Dundee	7	6
Novi	4	9
Milan	4	9
Dexter	0	13

Saline clinched its first SEC championship in eight years with a 64-42 victory over last-place Dexter. Pete Slesky and Dave Ziegler paced the Hornets, as they have all season with 25 and 21 points respectively. Jim McIntosh netted 28 points in leading South Lyon to a 61-46 victory over Chelsea. The loss dropped Chelsea out of second place, leaving the Lions and Lincoln tied for the runner-up spot. The Bulldogs led by a point at the half, but made just nine of 49 field goal attempts in the second half. Ypsi Lincoln rallied from a 32-29 halftime deficit to drop Milan 67-46. Ken Wright paced the Railsplitters with 26 points. Freshman Stanley Joplin paced Milan's dethroned defending champions with 11 points.

Wildcat

Kevin Schingeeck has been tabbed for Wildcat of the Week honors. After a slow start the 167 pound senior grappler has improved steadily during the season to the point where last week he finished in the top four in the district wrestling tournament to qualify for the regionals.

Players Wanted

Walled Lake's Industrial Softball League, which begins its seventh season this April, is looking for additional players and teams, according to league secretary John Dawe.

Information about joining the league either as an individual or as a team can be obtained from league president Joe Burke at 624-2017 or John Dawe at 624-3365.

NOTICE BOARD OF REVIEW CITY OF NOVI, OAKLAND COUNTY, MICHIGAN

PLEASE TAKE NOTICE that the Board of Review of the City of Novi, Oakland County, Michigan will meet at the City Hall, 25850 Novi Road, for the purpose of reviewing and adjusting the Assessment Rolls of the City of Novi on the following dates, to wit:

Monday, March 13, 1972 — 8:00 a.m. to 12 Noon and 1:00 p.m. to 5:00 p.m.

Tuesday, March 14, 1972 — 12:00 Noon to 5:30 p.m. and 6:30 p.m. to 9:00 p.m. and as many days thereafter as are necessary to hear all interested property owners.

NOTICE IS HEREBY GIVEN that the Assessment Rolls will be on file at the City office, 45650 Grand River, for public examination from February 28th thru March 6, 1972 during regular office hours. The Assessor will accept petitions for Review until March 10, 1972 at 5:00 p.m.

Mabel Ash, City Clerk

Now the Army starts you at \$288 a month. And you may not even have to spend it.

\$288 a month is double our old starting salary. But that's only the beginning.

Training and Education. Today's Army is the world's largest school offering training in hundreds of skills. Mechanical, medical, electronic, you name it. You can also get your high school certificate in the Army. Or work towards a college degree, often at colleges and universities near your Army post.

Free Medical and Dental care. No more doctor's bills. No dental bills. No charge for eye care or glasses. And no hospitalization premiums to pay.

Free Meals. Army food is good food. Tasty, nutritious, varied. And you get as much as you want.

Today's Army wants to join you.

U.S. ARMY RECRUITING STATION

819 PENNIMAN PLYMOUTH MICHIGAN 48170

Phone: 455-7770

CALL ANYTIME, AROUND THE CLOCK.

Free Housing. Living quarters are comfortable and getting better all the time. And if you're married and live off post, we pay you a housing allowance to help take care of your rent.

30 days Vacation. That's four weeks with pay your first year, and every year after that. And if you're stationed overseas, in Europe or Hawaii, you can take your leave there too.

Retire Young. You get a lifetime retirement after 20 years, while you're still young enough to enjoy it. In civilian life, you would have to pay about \$180 a month, or invest almost \$43,000 to match an Army retirement.

These are some of the benefits today's Army has to offer. Earned by the kind of individual our country needs. Professional. Committed. If you'd like to serve yourself as you serve your country.

Mustang JVs Topple Western

Northville's fabulous junior varsity basketball team romped to an easy 70-55 victory over Walled Lake Friday and in the process received the praise of Northville varsity coach Walt Koepke.

"People who only come in time to see the varsity play are missing some great basketball," said the Mustang mentor. "Only nine boys came out for the jayvee team and things looked a little bleak for awhile, but Coach (Omar) Harrison has done a remarkable job. There were times at the start of the season when they were running our offensive and defensive patterns better than the varsity."

But if Koepke is impressed, so have been the opponents of Northville's jayvee juggernaut.

The junior Mustangs have piled up a 13-3 record so far this season. The only losses were at the hands of Oak Park and Churchill, who knocked off Coach Harrison's squad twice.

It was a joint effort that led to the Mustangs romp over Walled Lake, as four of the five starters scored in double figures.

Northville led 35-24 at the half, stretched that lead to 54-34 at the end of the third quarter, and then coasted to the 70-55 victory.

Todd Eis topped all Northville scorers with 17 points, but guard Ed Krutch was just a point behind with 16. Doug Crisan and Ted Puertges each had 12 points.

Eis also topped the rebounders by hauling in 14 caroms. Crisan had 10 rebounds.

ORDINANCE NO. 18-169

AN ORDINANCE TO AMEND ORDINANCE NO. 18 OF THE CITY OF NOVI KNOWN AS THE ZONING ORDINANCE OF THE CITY OF NOVI AND AMENDMENTS THERETO. THE CITY OF NOVI ORDAINS:

PART I. That Article X-A, Section 10A.04, paragraph (i) be amended in its entirety to read as follows:

(i) Frontage and access requirements for dwellings constructed in a group housing development:

Each structure, in the dwelling group, shall front either on a dedicated public street or approved private drive, or common yard, or outer court, adjacent to a street or drive and must comply with the minimum distance between buildings as required in paragraph (j). An approved private drive is defined as a non-dedicated street constructed in accordance with standards established for private roads or streets in ordinances of the City of Novi and in accordance with specifications in site plan approval by the City of Novi Planning Board.

Where a common yard or outer court is provided, no dwelling unit shall be located more than two hundred fifty (250) feet, but not to exceed a distance of more than 500 feet.

PART II. Effective Date. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of public peace, health and safety, and are hereby ordered to take effect immediately after posting and publication thereof in manner prescribed by the City Charter. Made and passed by the City Council of the City of Novi, this 14th day of February, A.D. 1972.

Joseph Crupi, Mayor
Mabel Ash, Clerk

CERTIFICATE OF ADOPTION

I hereby certify that the foregoing is a true copy of an ordinance passed at the Regular Meeting of said City Council held on the 14 day of Feb. A.D. 1972.

Mabel Ash, Clerk

2-24-72

Novi Jayvees Lose

Despite a sizzling 27-point performance by Novi's Dave Brown Friday, the local junior varsity quintet took a 73-53 licking at the hands of Dundee.

With six minutes to play, Novi moved to within six points of the visitors 56-50—before folding in the final minutes.

Dundee grabbed a 20-13 first quarter lead, stretched it to 13 points at the intermission, 55-46, and then gave ground in the third quarter, 55-46.

Brown fired most of his shots from the outside as did Dundee's high-point scorer, Mike Stough, who came up with 22 points.

Top Walled Lake

Mustangs Win Again

It was a quiet night at Walled Lake Western High School Friday.

The Northville Mustangs basketball team piled up a big first half lead and then managed to hold that lead comfortably throughout the second half en route to an easy 69-55 victory over the Warriors.

It should have been quite a battle, at least all prior indices pointed to a hotly-contested basketball game.

The Mustangs were certainly motivated. When the teams first met, the Warriors had eked out their lone conference victory by a 59-58 score on a field goal made after Northville had called time out and trotted off the floor, only to see the official hand the ball over to Walled Lake and give them an uncontested bucket.

And you'd have thought that the Warriors would have been motivated. A second victory over the Mustangs would not have saved them from a last place conference finish, but would at least have given them a little company in the basement, as both squads would have had identical 2-5 records.

But the Warriors played as

if they didn't really care, and the Mustangs played as if they did and the predictable result was an easy victory for the Northville squad.

The whole evening was a real "yawner." For one thing, hardly anyone even bothered to show up for the game. The visiting turn-out is always relatively small, but the home town contingent is usually sizable. But Friday the place looked a little like Cobo Hall when the Pistons play only with slightly more people.

Western Six Standings

Livonia Churchill	6	1
Waterford Mott	5	2
Northville	3	4
Farmington Harrison	3	5
Walled Lake	2	6

Churchill clinched at least a tie for the Western Six championship by defeating Harrison 70-61. The Chargers now have only to beat last-place Walled Lake next week to gain sole possession of the title and depose Waterford Mott.

Mike Keller's 26 points set a new Churchill school single-game scoring record. Jim Mason paced the Hawks with 19 points. In a non-league game Mott destroyed Utica Eisenhower 92-65. Don Allen and Jerry McKay led the Corsairs with 21 and 18 points respectively.

Northville came out in its 1-2-2 zone defense and 2-3 offense with center Scott Evans moving into the high post and never had reason to come out of either one.

By the end of the first quarter, the Mustangs had run up a 19-10 lead, and they added six more points to that lead during the second quarter to take a 42-27, 15 point lead into the dressing room at the half.

Walled Lake's best showing came in the third quarter when they outscored the Mustangs 12-10, but they were never able to cut the Northville lead to less than 12 points.

The Mustangs regained their scoring touch in the final stanza and moved to a 20 point lead at 63-43 with less than four minutes left in the game and Koepke emptied his bench for the final three minutes of play.

Easily the highlight of the game was Northville's second quarter performance, when they poured through 23 points.

Perhaps giving the finest exhibition of what Koepke has in mind when he says he likes his teams to play a patterned offense which waits for the high percentage shot, the

Mustangs scored on eight of 11 shots for a 73 percent shooting mark.

Working off either forward Jeff Moon or Todd Hannert, the Northville cagers kept running their patterns patiently waiting for the good shot to develop.

One of the differences cited by Koepke between the first and second Walled Lake games was Northville's superior rebounding efforts in the second contest. "The difference was the rebounding," he said. "We didn't get many in that first game, but we did much better the second time around and that enabled us to run our fast break."

Another important difference was the Mustangs ability to slow the scoring efforts of the Warrior's Scott McCrick. In the first game McCrick tossed in 18 points, but Friday the 6'4" forward was held to just four points, all of them on free throws.

Once again Northville had a hot night from the floor, hitting on 26 of 52 field goal attempts for an even 50 percent.

Bill Andrews, who is piling up a good argument for all-conference honors, led the Northville scorers with 23

points. Scott Evans with 14 and Jeff Moon with 13 also tallied in double figures. Evans led the Mustang rebounders with 11, while Todd Hannert cleared the boards 10 times.

Northville will finish up their first year of play in the Western Six Conference Friday when they journey to Waterford Mott. The Mustangs upset the Corsairs 64-62 in their first meeting and that victory could well have kept Mott out of a tie for the conference championship with Churchill.

NORTHVILLE

Moon	6	1-1	13
Hannert	2	0-0	4
Evans	6	2-3	14
Andrews	9	5-7	23
Crane	2	0-0	4
Taylor	1	5-5	7
Brown	1	2-3	4
	27	15-19	69

WALLED LAKE

Shekell	1	2-2	4
Howell	1	0-0	2
McCrirk	0	4-4	4

AGGRESSIVE TENDENCIES—Aggressive play both on offense and defense is what Northville coach Walt Koepke tries to instill in the play of his team and that's exactly what he's getting here from forward Todd Hannert (45) who harries this Walled Lake Western player trying to drive for a shot.

Tankers Swamp Harrison; Set Ten School Records

Someone must have forgotten the script.

For just as sure as James Bond always foils the insidious schemings of Stavros Blofeld, Northville-Farmington Harrison swim meets always have the same ending, and that ending is C-L-O-S-E.

But when the Hawks and Mustangs got together last week for yet another chapter in the hottest rivalry in the Western Six Conference, the

Mustangs just didn't stick to the script.

Instead of leaving the outcome of the meet hanging on the outcome of the final event—the 400 yard freestyle relay—Coach Ben Lauber's tankers wrapped up the victory early. With two events still to be swum, the Mustangs had already clinched the victory.

And then, just to make sure, the Hawks didn't come sneaking up in those final two events to make the outcome

seem closer than it actually was, the Northville swimmers won those, too, to finish the meet with a substantial 64-41 victory.

It was probably the finest performance the Northville swimmers have come up with all year, and when you stop to consider their many successes this season, that's saying something.

By the time the meet was finally over, the Northville swimmers had set a total of ten new team and/or pool

records, setting new standards in seven of the eleven events.

Leading the record breakers was junior Bill Witek. The hard-working junior shaved 3.5 seconds off his own record in the 200 yard individual medley with a time of 2:12.5 and then came back to knock a full second off teammate Joe Boland's 100 yard freestyle record with a 52.4 clocking.

Both marks established new school records and the 2:12.5

in the individual medley also stands as a new pool record.

Other team and pool records were set by freshman Art Greenlee, who broke his own record in the 100 yard breaststroke with a time of 1:07.5 and the 400 yard freestyle relay team of Pete Bedford, Bill Maguire, Kevin Kelly, and Joe Boland with a time of 3:36.1.

Pool records were set in the 200 yard medley relay by the team of Jeff Kappler, Greenlee, Gary Putrow, and Bedford with a 1:50.5 timing and by Tom Cook, who won the diving with a score of 195.50 points.

John Pacific tied Kevin Kelly's school record in the 50 yard freestyle, finishing second with a time of 24.0 seconds. Harrison's defending state champion Mike Rado won the event in 23.6 seconds.

Rado's 50 yard freestyle victory was one of only three first places earned by the Hawks. Rado also won the 100 yard backstroke in 57.4, a new pool record, and Mike Arnoldy took the only other Harrison victory setting yet another pool record in winning the 200 yard freestyle.

Northville won everything else. In addition to the first place finishes of both the 200 yard medley and 400 yard freestyle relay teams, the Mustangs took first places in six other events. Bill Witek won the 200 yard individual medley and the 100 yard freestyle, Tom Cook won the diving, Joe Boland won the 100 yard butterfly, Don Cook won the 400 yard freestyle, and Art Greenlee won the 100 yard breaststroke.

The Mustangs now have only one other dual meet on the schedule. Tuesday, February 29, they will journey to Farmington High School to try to complete their second consecutive undefeated season and notch twenty-fourth consecutive dual meet victory.

Local Icemen Top League

Northville's four entries in the Inkster Suburban Hockey League fared well in their first season, copping two firsts, a second, and a third place, as the league season came to an end last week and the Michigan Amateur Hockey Association play-offs got underway.

The F.O.E. sponsored Squirts team (ages 9-10) finished off an undefeated season in the Inkster league by defeating Dearborn Heights 7-0 and Plymouth 12-0. Ken Stelmach led the scorers in the first game with a three-goal hat trick, while single goals were tallied by

Jerry Sherwood, Tod Mack, Roger Pattison, and Tom Allen.

It was Stelmach again who paced the scoring in the 12-0 rout of Plymouth. This time the high-scoring forward netted the puck four times. Richard Pattison and Tod Mack had three goals apiece in that game, while Jerry Sherwood and John Pawlowski each scored once.

In other non-league games, the Squirts played to a 1-1 tie with an Ann Arbor team, as Sherwood tallied the only goal, and then lost a 3-2 decision to Dearborn Heights squad. Stelmach and Mack scored the two Northville goals.

Northville's other undefeated team in the Inkster League, the 15-16 year-old Thunderbird Inn-sponsored Midgets, wrapped up the league championship with a 3-0 triumph over Plymouth. Mark Ritchie, Rick Buttery, and Mike Pattwell netted goals for the Northville team which finished the season with a 15-0 record.

The Midgets did not last long in the Michigan Amateur Hockey Association play-offs, however. After taking a 5-4 victory over Dearborn on Mark Ritchie's penalty-shot

goal in overtime, they were soundly beaten 8-2 by Garden City and knocked out of the play-off picture.

The PeeWees (ages 11-12), sponsored by Thompson Sand and Gravel, finished up their season in the Inkster League with victories over Dearborn Heights (6-3) and league champion Plymouth (8-3). The PeeWees were just one game out of first in the final standings.

Kevin Stelmach and Rudy Horst each scored twice in the Dearborn Heights game, while single goals were added by Bob Michael and Dave Beall.

Beall connected for a hat trick against Plymouth. Kurt Stevens and Michaels added two goals apiece to the upset rout of the league champions, and Horst tossed in yet another goal to complete the scoring.

Northville's John Mach Ford-sponsored Bantams (ages 13-14) ran into a red hot Plymouth team in both the league play-offs and the MAHA play-offs and lost both games. Plymouth beat the Northville team 6-2 in the Inkster League play-offs and then took a 4-1 victory in the state play-offs.

SUPER-SWIMMER—Northville's Bill Witek has only his head showing above water as he completes a leg of 50 yards of breaststroke en route to a new pool and school record in the 200 yard

individual medley. Witek also set a new school record in the 100 yard freestyle as he paced his teammates to a rout of arch-foe Farmington Harrison.

Five Advance to Regional

Mustang Wrestlers Shine

One of the advantages seen for Northville's being the only Class B team in the Western Six Conference is that after competing against larger schools all year long, the Mustangs will shine when they run up against other Class B teams in the post-season state championship tournaments.

Seeming proof of that contention was provided last weekend when the Northville wrestling team, after finishing fourth in the five-team conference, traveled to Auburn Heights Avondale for the district Class B wrestling journey and came home with fourth place in the 17 team field.

"If we'd have taken a full team up there we would have won the championship," said Northville coach Ed McLoud. As it was the Mustangs entered only eight wrestlers, but seven of them made it through the first round and five of them qualified to move on to the regional tournament at

Fenton this coming weekend.

Heading the list of Mustangs advancing to the regionals will be senior co-captain David Griffin. Hardly a stranger to the post-season tournaments, Griffin is now a three-time district champion and is Northville's best bet to advance to the state competition.

Other wrestlers qualifying to advance to the regionals are senior Kevin Hartshorne at 115, junior co-captain Bill Norton at 135, and sophomore Jimmy Watson at 101.

"I was really pleased with our performance," said McLoud. "We got some good draws in the first round and then we had some really fine efforts put forth in the second round. I was really proud of the way our boys performed."

Under the new district scoring system adopted this year, a wrestler had only to win two matches to qualify for the regionals. No individual

rankings were determined.

Under the system, seedings were all-important, yet only two Northville wrestlers were seeded in the top four—Griffin was top-seeded at 121 and Hartshorne was rated second at 115.

But, while Griffin and Hartshorne made the seeders look good, three other Northville grapplers should cause them to take a little more careful look at the Mustangs in the future.

Jimmy Watson decided South Lyon's second-seeded Danny Cole 2-1 in the second round to qualify for the regionals; Norton moved from an unseeded position into the top four; and Fialon pinned his first opponent and decided his second opponent 9-5 to do the same.

Hartshorne pinned both his opponents and Griffin pinned his first opponent and then took a 12-0 decision in his second match.

In the team standings, the

Mustangs finished fifth in the 17-team field, just four points behind the district champion Bishop Foley. Foley had 20 points, Chippewa Valley had 17½, Algonac 17, Avondale 16½, and Northville had 16 points.

Griffin and Hartshorne represent Northville's best chances to move beyond the regionals into the state finals, but it won't be an easy task. Fenton, host of the Class B regionals the Mustangs must compete in, is one of the top-rated wrestling schools in the state and the entire area is a good one as far as wrestling is concerned.

Four wrestlers in each weight class will move on from Fenton to the state finals. Northville fans attending the regional tourney can take US 23 to Fenton, using the Owen Road exit. The school is visible from the expressway. Preliminaries start at 12:30 p.m. with the finals slated for 7:30 p.m.

Mustanger

Mustang of the Week honors go to Bill Witek. The junior tanker set new school records in winning both the 200 yard individual medley and the 100 yard freestyle against Farmington Harrison last week.

NOTICE TOWNSHIP OF NORTHVILLE BOARD OF REVIEW

Will Meet

For the purpose of reviewing and adjusting the Assessment Rolls for the Township of Northville, at 107 S. Wing Street, Northville Michigan.

School May Rent Space to Township

Continued from Record 1

of the east side of the building is used two hours a day for sixth grade physical education classes and the rear of the gym is used for storage. Spear said the gym could be remodeled into office space "with materials and time paid for by the township and the storage area relocated

Warden Dies

Continued from Record 1

received an honorary Ph.D. Past president of the National Wardens Association and a director of the National Congress of Correction, he was a recipient of the Edward Cass Award as the nation's outstanding prison warden. He resided both at the DeHoCo home provided for wardens and, when away from the prison, at his home at Spring Lake. His children had attended Northville schools. Besides his wife, Emma, he is survived by three sons, Daniel, Terry and Philip, a daughter, Constance; a sister, Mrs. Nick Heufelder; a brother, Terry; and six grandchildren. Burial was in Spring Lake. Succeeding Mr. Bannan on a temporary basis at DeHoCo is Deputy Superintendent James C. Fike.

elsewhere in the district, allowing the rear portion to be used by the sixth graders." Rent for the office space was placed between \$200 and \$400 per month, including overhead costs, heat, light, insurance, water and custodial services. "We don't anticipate making money, but we would like to break even," Spear commented.

The proposed space in the board building, which is more than twice that in the old library building on South Wing Street where township offices are now located, could be ready by April 15, Spear said.

According to City Manager Frank Ollendorff, the township must vacate the old library building by May 1. The site on which the building stands is to be included in the Northville Square shopping center for which ground will be broken in May.

The Northville Historical Society is planning to move the old library building. Stanley Johnston, school board trustee who is chairman of the board's physical facilities subcommittee, said he feels, "If we can do something (to help the township) without jeopardizing the function of the school district, it will help us get along together and, in the long run, save money for taxpayers."

NORTHVILLE SQUARE—Businesses that will occupy the proposed Northville Square development will face mall areas as typified by this interior sketch. See exterior sketch of the downtown development on Record Page 1.

Folino Votes 'No'

Council Buys House

Purchase of the two-family house at the southwest corner of Center and Cady streets was approved Monday by a 3-1 vote of the Northville City Council. The house was purchased at the appraised price of \$28,500, with the seller retaining rental fees through September 30. The original asking price was \$33,000. In casting the lone dissenting vote (Mayor A. M. Allen is recuperating from a foot injury), Councilman Paul Folino reiterated a previous contention that the parking

plans along Cady had not been formally discussed by the council.

"I object to decisions not made by the whole council," he said. "We owe an obligation to each other and to the community so we are fully aware when these problems come up."

Other councilmen insist members were aware of parking plans along the south side of Cady Street, including Folino.

In response to Folino's argument that the southeast corner lot should be developed as commercial property, not parking, councilmen voting for the purchase have stated that purchase of the site for parking does not rule out its eventual commercial development.

Purchase, they argue, takes the property off the market as a residence and leaves it available for either parking or commercial. Initially, however, the site together with other lots on the south side of Cady to Wing, is earmarked for parking as part of the city's agreement to help provide parking for the Northville Square development on the north side of Cady.

The developer, Richard McManus, is paying \$200,000 as his share of parking. In connection with that development, it was revealed that occupants of city owned dwellings on the development site are being notified to vacate the property by April 15. The city is selling the property to McManus, who plans now to launch his commercial complex in May.

Despite Pinched Revenue

'No College Tax Hike'

Continued from Record 1

that community colleges play an increasingly larger role in higher education.

Although neither legislator held out much hope, Senator Pursell urged the board to work through the Michigan Community College Association in seeking the change, noting that lawmakers might be more receptive to a single, concerted effort than hearing from individual colleges.

However, according to Geake, most of the state's 29 community colleges fall below the 4,000 FYES figure and hence are unlikely, as members of the college association, favor a change in the law.

Schoolcraft is the eighth largest community college in the state.

Schoolcraft Trustee Leroy C. Bennett, of Plymouth is one of the local officials who is particularly critical of the state.

"Surely someone is speaking with forked tongue when the 'plan' calls for the community colleges to handle most of the increase in student enrollment--vocational-technical, health and community services--and the 'pocketbook' sends seven times the operating funds and 15 times the capital construction funds to the four year school," he told this newspaper.

"I do not wish to discredit the needs of the four-year institutions, for their needs are critical from their standpoint," he said, "but the only method available to Schoolcraft and almost all other community colleges is to return to the local population when they are unable to get anywhere near the support they need from the legislature."

In a letter to Governor William Milliken last week, Bennett noted that the proposed executive budget calls for a maximum expenditure of \$55,516,700 for the 83,000 full-year equated students that are expected to attend public community and junior colleges next year. This represents only \$666 per FYES, he wrote.

"The total appropriation requested is only equal to the increase recommended for the four-year colleges and universities over their last year's appropriation," he said.

Gross appropriations for vocational-technical and health curricula compared to liberal arts and business "are totally unrealistic based upon data available to the Bureau of the Budget and figures published by other states..." he wrote.

"The effect of these unrealistic figures might be to encourage prudent and cost conscious boards of trustees to discourage rather than encourage students to enter these critical programs where percentage of state support is extremely low."

What happens if the law is not changed and Schoolcraft College loses in excess of \$200,000 in state aid because it exceeds 4,000 FYES next fall?

According to Geake, most board members are opposed to the possibility of raising tuition. However, he noted four other alternatives under consideration as the board prepared its 1972-73 budget:

1. Charge laboratory fees
2. Send some administrators back to the classroom.
3. Make a concerted effort to fill empty seats in less popular classes.
4. Increase fees for public use of physical education facilities

Such measures, coupled with anticipated tax revenue generated by a larger state equalized valuation of the college district, hopefully would offset the state loss and built-in increments (cost of living, faculty salaries, etc.), he said

Geake predicts the current budget of \$5.9 million will be increased to \$6.2 million in the next budget, which by the board's current schedule is slated for public hearing and adoption at the end of next June.

City Council Minutes

NORTHVILLE CITY COUNCIL MINUTES
February 7, 1972
Mayor Allen called the regular meeting of the Northville City Council to order at 8:00 p.m., February 7, 1972 at the Northville City Hall.
ROLL CALL
Present: Allen, Biery, Folino, Vernon & Rathert
Absent: None
ACCEPTANCE OF MINUTES
The Minutes of the regular meeting of January 17, 1972, were accepted as submitted.
APPROVAL OF BILLS
Moved by Vernon, support by Rathert, to pay bills in the following amounts:
General fund debts, \$90,825.87, additional debts for month of January 1972, \$7,685.82, less loan for Wilcox property from Public Improve Fund \$25,000.00
Total General Fund debts Jan. 1972, \$73,521.69
Local street debts, \$10,448.66, major street debts, \$8,075.78, Public Im. improvement Fund, loan repaid to General Fund for Wilcox property \$25,000.00
Total debts, \$161,774.00
Trust and Fund Agency, \$580,229.93, Water Fund debts, \$11,397.70
Unanimously carried
COMMUNICATIONS
(a) Communication from American Cancer Society, Michigan Division, re-submitting a request for solicitation within the City of Northville.
Moved by Folino, support by Rathert, to approve the Michigan Division of American Cancer Society, soliciting in the City of Northville from April 14th to 28th, 1972 concluding with a Tag Day, subject to Police Dept.'s approval.
Unanimously carried
(b) Letter from Mrs. B. Carlson, former Chairman of Beautification Commission, stating that Mr. Paul Vernon will be the 1972 Chairman of the Beautification Commission.
(c) Letter received from Oakland County Planning Commission, Paul E.

Long, Coordinator, concerning a meeting of the City Mgr., City Council and Planning Commission during February, February 14 or 15th are to be considered.
(d) Letter received from Peter D. Schweitzer, Pres. of Council for Community Concerns, Inc., a member of the Wayne County Drug Alliance, asking sanction for the official drug coordinating agency within the City of Northville and also financial aid. This request will be referred to local DART leaders.
(e) A communication from John Carlo, Northville Downs, asking for permission for a professional motorcycle racing group to use Northville Downs on Saturday nights for racing. A trial meet is proposed for Saturday, May 27, 1972, 7:30 to 10:30 p.m. with preliminary practice in late afternoon of the same day. City Mgr. is to talk to Mr. Carlo regarding this matter.
(f) Resolution received from Wayne County regarding litter control this referred to Attorney.
BOARD & COMMISSION REPORTS
The Zoning Board of Appeals' minutes of January 5, 1972 were placed on file.
A rough draft of minutes of the Planning Commission of February 1, 1972, the portion pertaining to Northville Convalescent Center addition, were read by the Clerk.
Mr. Tom Wheaton was present to discuss this matter with Council. He reviewed the background and history of the Center. Site Plan Approval Application was received and approved at Nov. 16th meeting on January 4, 1972, the action was rescinded, thus leaving their Site Plan application with no approval. Discussion ensued regarding the fact that the building is not non-conforming but usage is. It was agreed that the Planning Commission should receive copies of the letter that City Attorney has the letter from the State demanding improvement and addition for health purposes.
NORTHVILLE POLICE DEPT. REPORT - DECEMBER, 1971
City Mgr. received a reply from Alsa concerning their solicitation in the City of Northville.
Moved by Folino, support by Vernon, to approve solicitation within the City of Northville by ALSA for Friday, September 15, 1972, and Saturday, September 16, 1972 with TAG DAY being Sept. 16th, subject to required police check, etc.
Unanimously carried
ADOPT RESOLUTION RE COUNCILMAN BIERY
Letter from Manufacturer's Bank to David Biery, employed by said Bank, stating that minutes of Northville City Council Meeting of November 15, 1971, did not suffice in the matter of possible conflict of interest.
Moved by Rathert, support by Folino, to adopt the following resolution:
RESOLUTION The letter of Nov. 16, 1971, from David M. Biery to the City of Northville's Council advising of a possible statutory conflict of interest by reason of his position as an officer of Manufacturer's National Bank of Detroit be and hereby is approved and hereby is attached to the Minutes of the Northville City Council and made part of its records.
Unanimously carried
DUNLAP ST. N. CENTER ST. WIDENING
Engineer Penn presented 2 possible plans for widening:
(1) widening on both east and west side, with 2 left turns, cost estimated at \$31,300 including asphalt cap over total area

(2) this plan would take 12' off west side with 2 left turns, estimated cost of \$22,800.
Council preferred the first plan. City Mgr. and City Engineer to explore this plan with Wayne County.
RANDOLPH DRAIN REPORT
City Engineer Penn presented a drawing of the area affected by the Randolph Drain. City Mgr. explained that this was requested by the Drain Commissioner. Parks and open spaces in this area are about 20 percent of total Final Hearings will be held in about a month or 6 weeks.
CENTRAL STORM DRAIN REPORT
City Engineer explained the alternatives on this route for the Central Storm Drain.
City Mgr. is to talk to Robert Cole and also John Carlo on both plans. Measurements to be taken staying south of building and also on other side.
RURAL HILL BRIDGE
Engineer Penn reported the Rural Hill Bridge is in bad condition and reviewed recommendations for two different plans. Preliminary estimate for less expensive plan was \$35,700. Engineer stated contract could be awarded this spring if he is instructed to go ahead with plans for this. Costs for pre-cast plan to be submitted.
REPORT ON CBD PROPERTY ACQUISITION (E. Dunlap St.)
This matter to be discussed at future meeting.
REPORT ON PLANNING CONSULTANT
This matter to be discussed at future meeting.
REPORT BY CITY ATTY ON "FALSIFYING OF PARI MUTUEL TICKETS"
City Attorney reported that Livonia has very recently adopted such an ordinance and he would like to examine their ordinance before presenting one to City Council. He will report at Feb. 21st Council meeting.
CITY HALL JANITORIAL SERVICE
This to be discussed at another meeting.
APPOINTMENTS
These to be held for Feb. 21st meeting.
CONSIDER DATE FOR S. A. HEARING FOR ALLEY BETWEEN GRACE & CENTER ST.
City Mgr. referred to his Memo 722 regarding the alley between Grace & Center and 8 Mile and Baseline Rds. wherein he recommended paving of this by special assessment.
Moved by Rathert, support by Vernon, to adopt the Initiatory Resolution to improve public alley from Center St. to Grace Avenue north of Baseline Rd. and alley from Eight Mile Rd. south to above stated alley asphalt paving on gravel base.
Unanimously carried
1972 DISTRICT COURT BUDGET
City Mgr. and Councilman Biery met with Judge Davis regarding the Court's 1972 Budget. After considerable discussion as to fringe benefits, auditing costs disability pay plan, it was moved by Vernon support by Rathert to approve the requested budget for District Court for 1972 in the amount of \$34,765 (City of Northville's share), providing the increase of 5.5 percent for Judge Davis.
Unanimously carried
(City Mgr. to write a letter of explanation regarding this.)
FISH HATCHERY PROPERTY LEASE
City Mgr. discussed the proposed lease agreement between the City of Northville and Northville Twp. for the Fish Hatchery property. City Attorney suggested addition of one sentence at

conclusion of Paragraph "A".
Moved by Rathert, support by Folino, to approve the Fish Hatchery Lease agreement between the City of Northville, adding "This conversion of the Township's interest in said property shall not affect any of its obligations as set forth in other paragraphs of this agreement" at the end of Paragraph "A" subject to Northville Twp.'s approval.
Unanimously carried
MISCELLANEOUS
Moved by Rathert, support by Biery, to adopt Standard Resolution, appointing Frank Ollendorff as Street Administrator for the City of Northville.
Unanimously carried
City Mgr. explained the advisability of changes in the Police Dept. positions:
1 requires ability and authority as Lieutenant in chief's absence
2 conform to neighboring communities' structures
3 Courses offered to police officers are for level
Moved by Vernon, support by Rathert, to delete the position of Sgt. and add that of one Lieutenant in the Police Dept. Lt.'s pay to be \$13,156 annually.
Unanimously carried
City Atty read his communication to Eastlawn Convalescent Home regarding fencing of their property. Council approved sending of same.
REPORT on "hot-lot" on N. Center St. and stated he would like to meet with residents in the area regarding the completion of the park area.
City Mgr. reported that a piece of property listed with Hartford Realty on the S.W. corner of S. Center and S. Wing Sts. should be acquired for Northville Square Development.
Moved by Biery, support by Rathert, to obtain appraisal of property at 202 S. Wing St. and proceed with negotiations on this basis.
Yeas: Allen, Biery, Rathert and Vernon
Nays: Folino
Councilman Biery reported he had enjoyed the Michigan Municipal League Meeting which he attended recently.
City Atty reminded Council that easement agreement is necessary on Bowling Alley property to proceed with Planters on S. Center and W. Main St. There being no further business the meeting was adjourned at 10:30 p.m.

A LOOSE LEAF

By ROLLY PETERSON

If one story has been blown out of proportion, it's the Howard Hughes story—and it hasn't even been told. The treatment in headlines has to be the most ridiculous fiasco in the annals of journalism.

Hughes, of course, is a recluse, a millionaire, if not a billionaire recluse. He hides behind closed doors and somehow keeps the wraps on the few employees close to him so no personal information leaks out. Most newspaper men would probably contend this

behavior makes him hot copy. Frankly, I couldn't care less what Howard Hughes does. If he wants to live behind closed doors, that's his business. There are more important stories to be told.

The most recent cycle of Hughes stories began with his reported talk to selected persons, among them newsmen, from his retreat in the Carribean. The big question then, and was it a biggie, was whether or not the man talking to the chosen few was indeed Howard Hughes.

After the hoopla that those talks stirred came the great autobiographical hoax. It began with headlines in almost every daily newspaper this side of the Ganges, something about a woman in Switzerland banking checks and withdrawing money and God only knows what.

These weren't headlines on page three, four or five. They were on the front page, in large type. If President Nixon had been in China at the time one can't help wondering whether his visit would have been given the same complete coverage.

And the front-page coverage wasn't confined to one day, either. With each unfolding chapter—I presume because I didn't bother to read the stories, only the headlines—the papers ran the story in the most prominent position.

Names like Clifford Irving, Richard Siskind, McGraw-Hill, Life, Time Inc., James Phelan, Noah Dietrich, etc. (thank you Newsweek, my handy guide) popped into stories.

Headlines like, "Publishers Insist Book Is Authentic", "Life Finds Irving's Manuscript a 'Hoax' And Cancels Plans to Publish Excerpts."

In every shoddy affair involving high finance and name people, there has to be a beautiful woman. In comes a Danish folk singer, Nina van Pallandt, on the cover of Life no less, who says Irving couldn't have talked to Hughes when he, Irving, claims he did, because he was in Mexico with Miss Pallandt at the time.

What should happen next? The well-endowed, blond singer is booked for appearances in some of New York's more plush night establishments. She's billed as the singing baroness. Hot property, all right.

So life goes on. But who cares? Who really gives a damn?

Legislator Raps Welfare Bill

House Republican Leader Clifford H. Smart (R-Walled Lake) calls the reporting of the welfare bill out of committee last week as "the height of irresponsibility, and a violation of the committee system, the very backbone of our legislative system."

"Republicans object to a procedure which bypasses the appropriation subcommittee charged with working out the details of the bill. We also object to having a bill of this magnitude

Walled Lake Product

Turbine Engine Tested

Don't be surprised if a gas turbine engine installed in an experimental car by Williams Research Corporation shows up someday in the family automobile.

The Walled Lake firm's experimental vehicle was delivered last week to the City of New York's Department of Air Resources for testing on New York City streets.

Powered by an 80-horsepower, low emissions gas turbine engine that is simple, lightweight and compact, the turbine car is a standard production American passenger car that provides a conventional back ground for everyday urban driving. The turbine is installed in an American Motors "Hornet" four-door sedan.

The car for use by the New York City Department of Air Resources in that city's low emissions vehicle demonstration program is the first turbine car ever sold in the United States. It is also the first turbine car to be street tested in any Government supported program.

Smaller and lighter than any prior experimental automotive gas turbine, the Williams Research engine is a result of almost 20 years of active and intense development in small gas turbine technology.

Williams Research, an independent design and manufacturing firm, is the world's largest producer of small jet engines. Company headquarters and manufacturing facilities are located in Walled Lake.

The new automotive turbine incorporates two rotary heat exchangers (regenerators) to provide fuel economy and to cool the clean exhaust entering the atmosphere. The turbine has a basic advantage over the conventional reciprocating engine in eliminating unburned fuel from its exhaust because of the excess air available in the gas turbine combustion process.

Measurements on the Williams Research engine already indicate low levels of unburned hydrocarbons, carbon monoxide and oxides of nitrogen. Fundamentals of the turbine combustion process favor the gas turbine for minimizing the formation of oxides of nitrogen in its exhaust. Further work, however, is needed to meet the strict 1976 desired levels for NOx.

The basic Williams Research built engine measures 24 inches long, 26 inches wide, 16 inches high and weighs 250 pounds without accessories. The performance and fuel economy of the 80-horsepower turbine car is comparable to a small V-8 piston vehicle.

The turbine has many inherent advantages over the internal combustion engine. It has 70 percent fewer parts than an internal combustion engine. It is smoother, quieter and vibration free. It requires less maintenance with no conventional tune-ups. It will start immediately in all types of weather including extreme cold—no warm-up period is needed.

The Williams Research turbine car operates with a conventional automotive transmission and all other systems normally found on standard production automobiles.

There is no radiator, no need for water or antifreeze. The engine is self-cooled. There are no pistons and only a single spark plug for igniting the fuel in the combustion chamber. It will operate on a variety of fuels including unleaded gasoline.

GAS TURBINE-Developed and built by Williams Research Corporation, Walled Lake, a gas turbine engine was installed in a standard production passenger car for New York City's low emissions vehicle demonstration program. The compact 80-horsepower low emissions gas turbine measures only 24 inches long, 26 inches wide, 16 inches high and weighs 250 pounds without accessories. The Williams Research gas turbine is smaller and lighter than any prior experimental automotive turbine engine.

Ice Capades Scheduled

Ice Capades, the 32nd fabulous edition of an unbroken series of smash-hits will take over Olympia Stadium on Tuesday, March 21 for an engagement that will extend through Monday, April 3.

Nine lavish production numbers, each with colorful settings reflect a myriad of moods from a "World of Space" to a "World of Nostalgia."

The star of this sparkling confection is high-flying Tim Wood, the two-time World and three-time U.S. National Champion from Bloomfield Hills, Wood, a product of the figure skating classes at the Detroit Skating Club, is inducted by many close observers as the finest freestyle skater in history of the sport.

Stadium Change Asked

To take advantage of current low bond interest rates, the Wayne County Stadium Authority has asked the Wayne County Board of Commissioners to revise the stadium lease agreement concluded last fall.

The commissioners stadium committee voted unanimously to recommend that the revised plan be approved by the county board. The committee also voted unanimously for approval of the proposed stadium user's agreement with Detroit Tigers baseball club.

Under the proposed revisions, the authority would acquire the land by paying \$12 million of the approximate \$15 million purchase price from bond proceeds. The remaining \$3 million would be paid by the City of Detroit from bond proceeds already earmarked for Civic Center development.

The original plan was to have Detroit Renaissance, Inc. find a private developer who would purchase the acreage and then give the stadium to the county.

"The stadium authority was advised by bond counsel that interest rates are not expected to go any lower than the current 6-1/2 percent and are likely to start moving upward in April," explained Commissioner Thomas P. O'Rourke, the stadium committee chairman.

The original agreement between the authority and the Board of Commissioners was predicated on a 7-1/2 percent bond interest rate. Sale of the \$126-million construction bond issue at 6-1/2 percent would mean an initial savings of \$4 million and a savings of more than \$40 million in interest over the entire period of the bond issue.

Stadium authority members told O'Rourke's committee that Detroit Renaissance might not have its arrangements completed in time to take advantage of the current interest rates.

Under the original plan, the Renaissance group was to arrange for a developer to purchase 72 acres of land owned by two railroads west of Cobo Hall and give the 36-acre stadium site to the county.

Negotiations are continuing with prospective developers and investors who could relieve the authority of some or all of its obligation for the cost of the land, authority members said.

Purchase of the land with bond proceeds would reduce the projected stadium annual reserve fund from \$1,757,000 to \$1,480,000.

However, the Legislature's passage of legislation designed to provide \$4.5 million annually for the stadium, coupled with the agreement with the baseball club and the lower interest rates have made the project's financial outlook "better than ever before," declared Detroit Controller Robert P. Roselle, an authority member.

O'Rourke commented "It must be strong emphasized that our committee feels that no tax money will be needed out of the county general fund. I don't believe any Wayne County commissioner would approve this project if he felt monies were needed from the general fund."

O'Rourke said committee members spent "several weeks of study and review" in deciding to recommend approval of the agreement with the Detroit Tigers.

"Any benefits derived by the baseball club are balanced by improved revenue projections as a result of the lower bond interest rate and other factors," he added. "We feel the agreement is equitable for both parties."

The authority also revised its projected football revenue downward, reducing the original figure of \$1,221,000 to \$369,000 due to the continued insistence of the Detroit Lions owner that his team will play in a new stadium near Pontiac. The former figure was based on nine professional games. The new figure is based on five college games.

"However, we think it is still a good prospect that we will get other professional teams into the stadium," Roselle told the commissioners.

The revised site acquisition plan and the agreement with Tigers owner John E. Fetzer will come before the Ways and Means Committee, which includes all 26 commissioners, at 2 p.m. today (Thursday). If approved, final action would come at the next full board meeting March 2.

TOTAL

from the Pastor's Study

Another Way of Looking at It

Reverend Robert J. Shoaff
Green Oak
Free Methodist Church

So many people hesitate contacting a minister when experiencing some trial in life. They rationalize that it would be presumptuous of them to require time from the pastor's schedule. This reasoning is especially used in cases where the clergyman is not of the same church attended by the one in need. However, seen by the minister called to his position by God, a person undergoing some form of suffering subject to relief through ministerial counsel couldn't be more considerate of a pastor than by giving him the opportunity to be of service to his fellow man.

The Christian clergyman is so much in debt to the love of Jesus Christ that he is compelled to do everything possible to repay this great debt. But, how does one repay Christ who has ascended into heaven to sit at the right hand of God? With no physical contact available between the minister and his Lord, the credit side of his ledger seems doomed to be eternally open. That is until the words of Christ recorded in Matthew 25:40 are read; "And the King (Christ) shall answer and say unto them, 'Inasmuch as you have done it unto one of the least of

these my brethren, you have done it unto me.' " Now, it is clearly seen that the minister can only repay his debt of love by being of service to others for whom Christ has great and undying love.

Truly, the minister's greatest privilege is to be of service to people, and not just to people of his own church. Christ came to minister not just to the Jew, but to all who were in need: Gentiles too. Can the Christian pastor representing Christ be satisfied to be any more limited in his service to mankind, than the Son of God was? He dares not, for he who says he loves God, but loves not his fellow man is a liar; how can he not love his brother whom he has seen and love God whom he has not seen? I John 4:20 As Christ will come to any man calling upon Him, so must the Christian clergyman respond with a happy, love-filled heart to those in need.

The person, then, who will call upon a minister in time of need, rather than being a pestilence, provides a mechanism through which the pastor joyfully can express his heartfelt gratitude to Christ for His obedience to God: even to His death on the Cross.

This Earth

We've all heard that a picture is worth a thousand words. But this photo tells the whole story of mankind.

The barbed wire symbolizes this earth we live in—filled with war, hatred, greed. Transcending the ugliness of this world is the Cross, symbol of Christ's sacrifice for us, the promise of eternal life.

But we don't have to wait till death for a better life. We can do something about that barbed wire. More understanding, and selfless—not selfish—action would do much to purge our world of ugliness.

God's Church is the natural means of resolving discord. Human nature being what it is, heaven on earth is impossible. But improvement on earth is possible—necessary!

Why Do Voters Disbelieve Politicians?

LANSING—Politicians who wonder why voters are reluctant to believe anything they say need look no further than Lansing for some causes.

Several recent occurrences, merely the latest in an unending series of similar instances, found in any state capital, demonstrated again that the words and actions of public officials can be two different things.

Probably of most immediate concern to Mr. average taxpayer is the move to extend the income tax increase voted into effect for one year last Aug. 1. The law specifically said the 50 per cent increase would expire this coming July 31, but even as it was written into law in the Legislature and signed by the Governor, nobody expected it to expire.

SENATE DEMOCRATIC Leader Coleman Young of Detroit puts it bluntly: "Nobody in this Legislature or the executive office had any idea, I am sure, that this state could exist without extension and continuation of that tax. You might say a certain amount of dishonesty was engaged in by even putting a termination date in the bill in the first place."

Senate Republican Leader Robert Vander Laan of Grand Rapids says any legislator who really thought the tax raise would be allowed to expire was "merely daydreaming."

"I think every member, if he knows what he's doing, would know that the budget was based upon that particular tax, not only last year but now," he says. "If he says anything else, he doesn't know what he's

talking about or he's trying to dodge the issue."

THE LOGICAL QUESTION for the weary taxpayer at this point might be, "If everybody knew they'd never rescind the raise, why put an expiration date on in the first place?"

The answer is human nature. The leadership, who are forced to carry the ball on issues such as this, needed the tax increase to keep the state from going bankrupt. But they couldn't round up the votes among their colleagues, afraid of what the voters would think of more taxes, without first agreeing to the expiration date.

That way, the people who voted for it could go home and say, "Yeah, I don't like it either, but it was necessary to balance the budget and besides, I made 'em put an expiration date in it so it wouldn't be permanent."

Whether the "blame," if there is any to be assigned for such actions, goes on the leadership for agreeing to the date or to the rank and file who demanded it as probably a matter of point of view. But when gimmicks are written into law, voters can't be expected to be anything but wary.

A SECOND GLARING example came in the machinations of the Reapportionment Commission.

Before the commission members threw up their hands and gave up on the idea of reaching agreement, months and months of work went by. But in all that time the four Democratic members, led skillfully by Grand Rapids attorney A. Robert Kleiner, refused to negotiate with the Republicans on anything except Democratic terms.

And Kleiner maintained with a straight face that he and his fellow Democrats never even considered what effect their plans would have on the makeup of the Legislature when drawing them up. At the same time he refused to discuss the partisan political results of the drawing of districts despite the fact discussing reapportionment without politics is like discussing religion without ever mentioning God.

KLEINER MADE the claims despite the fact Democratic strategists held repeated meetings figuring out reapportionment plans and looking very closely at how various lawmakers would be affected.

And the final Democratic plan would give firm control of the Legislature to Democrats, if adopted. It would go so far as to throw the two Senators from Grand Rapids—Kleiner's home—Republicans Robert Vander Laan and Milton Zaagman, into the same district. Kleiner, a long-time resident of Grand Rapids, claimed he had no idea where Zaagman lived.

THE REASONS for the

protestations in this case lie with the fact the case is going to the Supreme Court and philosophically such things as partisan politics are no reason under law to adopt or reject a plan. The feeling was if the

Democrats kept protesting their innocence, it would make their case with the court stronger.

Technically, their reasons are probably valid. But it's no wonder the voter gets cynical.

Babson Report

Common Stocks Gain

WELLESLEY HILLS, MASS.—It appears at long last that substantial price increases lie ahead for the common stocks of leading farm equipment producers. These issues have trended downward over the past few years and—despite temporary rallies from time to time—have generally received relatively little attention from investors.

As 1972 moves along, however, gains in industry sales and earnings are likely, aided by considerably higher government outlays for federal farm programs, an improving economy, and still favorable money rates.

This should, of course, mean that stocks of the leading companies will do better. There are two additional plus factors which make the outlook

brighter for farm equipment manufacturers. First the problem of excessive inventories now appears to have been resolved. And, second, the investment tax credit has been reinstated.

AN INVESTOR seeking representation in a firm whose fortunes are directly linked to the farm machinery sales cycle has a rather limited choice. Numerous companies produce farm implements, components, and/or agricultural machinery, but there are very few firms in which farm machinery represents the largest percentage or the mainstay of total sales.

For example, in 1970 Deere

College Offers
Boating Class

United States Coast Guard Auxiliary Flotilla 12-5 has been offering Safe Boating classes in Livonia for the past seven years. In keeping with this tradition of offering classes in Livonia, a class will be offered at Schoolcraft College for the first time.

The eight lesson Basic Seamanship course will start with registration on Tuesday in the Forum Building at Schoolcraft College. Registration will take place at 7 p.m., and classes will be held each successive Tuesday for a period of nine weeks.

Instruction will be given in the following areas: Introduction to pleasure boating, maneuvering, marlinpike, aids to navigation, charts and compass, rules of the road and legal requirements. Also included will be federal state regulations and nautical terminology.

Instruction is provided by Coast Guard auxiliary instructors. There is no charge for instruction, however, there is a nominal fee for books and materials used in the classes. Upon satisfactory completion of the program, the graduates will be awarded the respected Coast Guard Auxiliary Basic Seamanship Certificate and will also receive a decal which may be affixed to the boat indicating competency in "Safe Boating."

1-Card of Thanks

Our sincere appreciation and many thanks to our friends, neighbors, and organizations in the community who responded so quickly to our needs after the fire that destroyed our home. A special thanks to the individuals who, hearing of our plight but not knowing us personally, still came to our aid. Also to the firemen for the extra efforts used to prove that the house was unoccupied and their perseverance in trying to save the house. Words alone cannot express our deepest appreciation for everything that was done for our family.

Mr. & Mrs. Thomas Shay and children

I wish to thank everyone for the cards, visits and phone calls during my stay in the hospital and since I returned home.

Sincerely,
Harry Lyke H8

We would like to thank everyone for their kindness and sympathy shown to us at the loss of our infant son, Charles David Swiney. Special thanks to Dr. Brown, the staff at McPherson Community Health Center, Rev. Clarence Porter, McDonald Funeral Home, Mrs. Sawyer, and everyone who sent flowers. May God bless each of you.

Charles & Donna Swiney A47

The family of Rosemary Forsyth would like to thank all our friends and neighbors for their kind thoughts and deeds. With a special thanks to Phillips Funeral Home, the Rev. Donald McLellan and all of the pallbearers.

Mildred Forsyth and Family H8

HOURS: Mon-Fri. 8-8; Sat. 8-6; Sun. 9-1

More people ride horses today than did during the time of Wyatt Earp!

Maybe it is the increased leisure time, maybe it is the wave of nostalgia sweeping the country, maybe it is a direct result of the ecological awareness; but it is a fact that more people are riding horseback today than at any other time in our history!

And more horses are being bought and sold through the Classified columns of our newspapers than ever before.

If you are interested in buying or selling a horse or equestrian equipment, you'll want to read and use Classified regularly.

Photographer To Exhibit In Northville

A one-man photographic show 14 original color prints depicting the incorporation of art into modern architecture is now being presented at the Northville office of Manufacturers Bank, 129 East Main Street.

The show will run through March 1 during the hours of 10-4:30 Monday through Thursday and 10 to 7 on Friday.

Joseph P. Messana, nationally known photographer, lecturer and writer, has traveled throughout the United States collecting photographic samples of some of the most appealing architectural creations ever devised.

The exhibit was taken from a virtual library of several thousand pictures and attempts to give the public a sampling of the creativity of Messana as well as his subjects.

One of five exhibits which Manufacturers Bank is currently displaying, the show includes outstanding private homes, commercial and religious structures, college buildings, restaurants, museums and monuments.

Messana, who resides in Detroit, has had his work featured in the Detroit News, Chicago Tribune, Boston Globe and in several architecture and home magazines. He has had exhibits in museums and department store galleries including the J.L. Hudson Galleries in Detroit and The Cranbrook Institution Academy of Art in Bloomfield Hills.

JOSEPH MESSANA

WATTS TOWER, a conglomeration of over 70,000 pieces of mosaic, shells, marble chips, glass and salvage material was created in California. This photograph is one of sixty color prints by Joseph P. Messana and currently on display at the Manufacturers Bank in downtown Detroit. The show runs through March 1.

Watershed Meeting Set

Huron River Watershed Council will hold a general meeting on (Thursday) in Brighton High School, beginning at 7:30 p.m.

Following a brief business session, the major subject of discussion will be the presentation of the recently completed study of inland lakes management by project director, Jerome K. Fulton. Fulton will summarize the key lake management problems which the study documented, including such things as lake pollution, public access, boating control, lake community planning, the impact of the general property tax, and community organization for lake areas.

He also will present the results of his study on five lakes in the Huron River Basin, and suggest future courses of action. There will be opportunity for interested citizens to ask questions of Fulton.

As with all council meetings, the session on February 24 is open to the public, and attendance is encouraged.

Future Looks Good for Common Stocks

Continued from Page 5-B

& Co., the biggest domestic manufacturer, derived 76 percent of its sales from farm equipment; and Massey-Ferguson, a world-wide leader, derived 59 percent. But International Harvester's farm equipment accounted for only 31 percent of its total sales and Allis-Chalmers' 21 percent. The same is true of many other corporations turning out selected farm equip-

ment. For instance, Ford Motor makes a broad line of tractors, but it derives 90 percent of sales and 93 percent of pre-tax profits from automotive lines.

FOR SOME YEARS the number of farms and farm workers has been on the decrease, while our population and food requirements have continued to rise. As farms grow fewer, the size becomes greater. Thus, there is a need for newer-type machinery capable of increasing the

yields per acre and offsetting the high cost and the scarcity of farm labor.

Naturally, there are many variables affecting the sales of farm machinery, and two of the most important are the amount of money available from crops and the level of government support for grain prices. However, we feel that the trend toward greater utilization of more productive machines will continue. Long-range estimates of

farm equipment and machinery sales indicate that they will reach \$4.67 billion by 1975 and \$5.74 billion by 1980, for the compound annual growth rate of 4.2 percent. We look for a farm machinery sales increase of 7 percent in 1972.

IN OUR JUDGMENT, the long-awaited reversal of the downtrend in producers' sales of agricultural equipment is at hand. So far in 1972, turnover has generally outpaced the

previous year's level. The economy is moving ahead, albeit slowly, under the Phase II programs and controls.

For the past two years, moreover, efforts have been made by the farm machinery manufacturers to reduce inventories of finished goods. Estimates are that a 30 percent cut in key areas such as tractor inventories has already taken place.

Legislator Raps Bill On Welfare

Continued from Page 2-B

committee meetings were held relative to the welfare bill, he said.

"We have witnessed an almost complete breakdown of the committee system over the past several years and an almost dictatorial approach to the reporting of legislation. This is perhaps the most flagrant abuse of this system.

"Legislators rely heavily on the recommendations of committee members, particularly on the more complex and controversial matters such as welfare, education and others. Now the Speaker is proposing that we work on this bill on the floor of the House. This is not proper and can only lead to confusion. I question the Speaker's motives in this precipitous action on a bill that represents some 27 percent of the total state budget and calls for an expenditure of over \$600 million."

Smart said the bill raises many questions which should be answered before passage and should be answered in the committee atmosphere and not in the confused atmosphere of 110 members amending and debating on the floor of the House.

"I want the public to know that the bill proposes a level of spending some \$80 million over last year's level. They should also be aware that the bill calls for an increase of 1491 new jobs within the social services department, on top of an increase last year of 1477 new jobs in last year's budget.

"The welfare budget has increased from \$300 million in 1969-70 to a proposed \$602 million this year without any discussion as to where the additional revenues will come from.

"We have called for speedy action on the budget in recent years because of the fact that the budget has failed to be approved by the beginning of the fiscal year for the past three years.

"In no way did we mean for this to be construed as supporting any irresponsible budget action. It is significant that many members of the appropriations committee were not familiar with the content of the bill. We are not unsympathetic or unmindful of the necessity of helping those in need, but we must also recognize that welfare is also funding by all the taxpayers of this state and their participation must be considered.

"We firmly believe that a proper budget can be met and on time without circumventing the legislative process. We protest the actions taken on this welfare bill and feel that the public should be made aware of how the budgeting process is being handled in the Michigan House of Representatives."

DIRECTOR OF CONSUMER AFFAIRS
Chatham Super Markets, Inc.

Everything You Ever Wanted to Know About Fish!

Did you know that there are 240 marketable species of fish and shellfish? Steaks are cross section slices from large dressed fish? Fillets are sides of fish, cut lengthwise away from the back bones? The words fillet (pronounced fill-et) or fillet (pronounced fill-lay) are equally correct? Fish is very economical to serve because there is little or no waste?

Did you know that to maintain quality of fresh fish,

keep it below 40° F., better yet, kept at 30° F. or 32° F. and use it in 2 or 3 days? When you are buying or cooking fresh or frozen fish, odor should not be evident?

Did you know that because fish is so tender and delicate it should be handled as little as possible during cooking? Fish requires a relatively short cooking time and a moderate temperature. Length of cooking time will depend on thickness of the fish? Few fish are tough, but that

OVERCOOKING makes fish dry and rubbery? Most cooks cook fish too long? Fish is done when it is tender, separates from the bones, and flakes easily when tested with a fork?

Did you know that fish is an excellent source of protein, vitamins and minerals? Protein in fish is complete and is equal to meats, poultry, and other animal proteins? Examples of lean fish are cod, flounder, halibut, ocean perch, sole, yellow per-

ch and smelt? Examples of fat fish are anchovies, herring, mackerel, salmon, sardines, lake trout, chub and whitefish? Fat fish are an excellent source of vitamin A and D? Most fats in fish are soft or polyunsaturated? Fish contains vitamins from the B complex group which are needed for steady nerves, normal appetite, good digestion, good morale and healthy skin? Fish are low in carbohydrates, sodium and total fat?

LEAN FLAVORFUL

ENGLISH CUT BEEF ROAST

88¢ LB.

68¢ LB.

SPICY POT ROAST

3 Tablespoons fat or salad oil
4 to 5 lb. boneless chuck roast
2 teaspoon salt
1/2 teaspoon pepper
1 Tablespoon water
1 small onion, sliced
Pinch dill seeds
1 minced clove garlic

1 sliced pared carrot
a few sprigs parsley
8 whole black peppercorns
1/4 teaspoon ginger
1 bay leaf
3 whole cloves
1/2 teaspoon allspice
1/2 cup vinegar

In hot fat in roasting pan over medium heat, brown meat well on all sides, turning it as it browns. Pour off fat drippings, season with salt and pepper. This may take 15 to 20 minutes.

Add water, onion, dill seeds. Cover tightly, simmer, don't boil, over low heat, turning occasionally to cook it evenly throughout about 4 to 4 1/2 hours or until fork tender. About 45 minutes before meat is done, add remaining ingredients and simmer, covered, about 45 minutes, or until tender.

Remove meat to heated platter and keep warm. Skim fat from broth in roasting pan. To broth, add water to make 2 to 3 cups liquid. If it thickens and season if needed for gravy. Serves a family of 4 for 2 meals.
