

**BEAUTIFICATION**—The southwest corner of Main and Center streets has a pleasant new look today following installation last week with these seat planters by Green Ridge Nursery. The trees are Columnar Norway Maples. Still to be added will be a redwood fence along the back side of the walk, covering the steel rails now located there. The project is being financed by the city.

## School Puts Mill On June 12 Ballot

A "one mill for one year" operational levy was approved Monday night to be placed on the June 12 school election ballot.

Sought by citizens who presented petitions containing more than 1,100 names to school board trustees, the one mill question is less than school administrators say they need.

"However, if one mill passes, that's better than nothing," Trustee Martin Rinehart commented.

In March, voters defeated the district's request for 1.5 mills. Cuts proposed following the defeat, including all extra-curricular activities, prompted citizens to ask the millage be put back to voters.

Also on the ballot in June will be

- one two-year board seat;
- two four-year board seats;
- one mill for an indefinite number of years to finance a Wayne County vocational-technical center; and
- \$750,000 bond issue.

Co-chairmen of the citizens' group, Eugene Cook and William Fuertes, told board members that of the cuts proposed by the school district, extra-curricular activities and reduction of the high school day from six to five hours were seen by the group as most important to be maintained.

Other proposed cuts included food service, second assistant principal at the high school and transportation program.

Trustees explained that they would give "no guarantees we won't have to cut extra-curricular activities" even if the millage passes but some other financial crisis hits the district.

"If the bond issue fails, we still owe Levitt and Sons \$45,000 for a school site," Superintendent Raymond Spear said. "If back pay for teachers is ordered by IRS, and they've been calling, that's \$63,000."

Trustee Glenn Deibert said it would be "a travesty to pass one mill and have the cuts happen, but citizens should be aware of this possibility."

Fuertes told board members the citizens "desire to have a balanced program, but the main concern is that we are getting our monies worth in our programs."

"I suggest you look at your public relations with the community," he continued, "You have a lot of critics."

Trustee Stanley Johnston said school board members were not out to win popularity contests and "you take the job and take the critics, too."

Board President Dr. Orlo Robinson said that "last year's budget ended up \$214 in the black. That's not squandering the school district's money."

"The 1.5 mills asked for in March was rock bottom," he said. "We really needed that but one mill is better than none."

Cook explained the citizens asked for one mill "by a show of hands. The 1.5 mill failed to get support from the group."

"We're all concerned with what will happen to taxes in the long run," he commented. "We're trying to provide a crutch to keep us going for another year."

By asking for the one mill, Cook said the group is "accepting some of the cuts."

Trustee William Secord said that \$95,000 would be

raised by the one mill. "If you maintain a full extra-curricular program, there's only \$5,000 left and that won't maintain the sixth hour at the high school."

Robert Kucher, high school athletic director, said the coaches feel they "can cut \$15,000 out of their proposed budgets by not buying any new equipment and cutting

other areas. However, this could last for one year only, without affecting the programs."

Deibert said the board did not wish to mislead anyone into thinking "the sixth hour at the high school can be returned unless other areas are cut."

Two proposals, made by Trustee Andrew Orphan, died

for lack of support from fellow board members

Included were a motion to make all proposed cuts and reinstate the items "if and when the money becomes available" and to accept the citizens' petitions and schedule a special election when the district has more knowledge of anticipated revenues

Rinehart, angered by the proposals, said "They (citizens) are willing to help us get the mill. Are we going to tell them to go home, that we don't want their help?"

A motion by Rinehart, supported by Secord, to place the one mill levy on the June ballot passed the board by unanimous vote

### Eye Law, Music

## School Picks Top Seniors

Reese Lenheiser has been named valedictorian and Sarah Horner salutatorian of Northville High's 1972 graduating class.

Lenheiser, who is the son of Mr. and Mrs. Dean Lenheiser

of 45095 Mayo Court, topped the class with a grade point of 4.189. Sarah, the daughter of Mr. and Mrs. Robert Horner of 351 Rogers Street, came a close second with an average of 4.114.

At Northville High, grade point averages over the 4.0 mark are possible through honor courses

The students will lead their class of 230 in graduation ceremonies Tuesday, June 13.

Lenheiser will attend the University of Virginia and said he plans to go into law, while Sarah will study choral music education at the University of Michigan.

Both students have been active in extra-curricular activities throughout high school. Lenheiser had parts in six plays and won an Oliver award for his outstanding performance in "The Man Who Came to Dinner."

He served as president of his junior class and has been involved in varsity debate, forensics, treasurer of National Honor Society, treasurer of Cavern Teen Club and vice-president of student congress.

Sarah is president of

### Board OKs

### Busing Data

School board trustees agreed Monday night to submit background information to the school district's attorney similar to that asked of districts involved in the Detroit school desegregation case.

According to Superintendent Raymond Spear, the information "will be given to District Judge Stephen Roth if and when our attorney feels it is the proper time to intervene in the case."

To date, Northville has not joined other school districts in Region Nine in the fight against busing to achieve racial balance.

One of the reasons for not joining is financial, with school trustees noting it would have cost the district \$1,400 so

## Party Hopefuls On Line Tuesday

Nine Presidential candidates and two proposed constitutional amendments will head up the ballot Tuesday when Northville voters go to the polls in the newly created Presidential primary election.

Clerks of the city and township of Northville report that a record number of electors will be eligible to vote in Tuesday's election—more than 3,000 in the township and more than 2,600 in the city.

There appears to be little indication of how local electors will ballot on the Presidential races, but at least one GOP leader fears that some Republicans may vote the Democratic ticket to spoil Democratic preferences. (See story on Page 12-A)

Attention of many political watchers will be on Governor George Wallace, who is likely to benefit most from any party switch voting.

A heavy Wallace vote could signify that voters here are concerned about the possibility of cross-district school busing involving Northville and/or are

dissatisfied with the present political organizations.

Four years ago in the Presidential election, Wallace, running on the American Independent ticket, garnered fewer votes locally than he did at the national level. He had 13-percent of the vote in Novi, 18-percent in Wixom, 6-percent in the City of Northville, and 9-percent in Northville Township.

Voter turnout in the 1968 election was high, ranging from 80 to 90-percent locally.

In Tuesday's election, Democratic electors will be choosing from a slate of seven candidates (even though some are no longer actively campaigning) or opting for an uncommitted vote.

The Democrats are Shirley Chisholm, Vance Hartke, Hubert Humphrey, Henry Jackson, George McGovern, Edmund Muskie and George Wallace.

On the Republican side, President Richard Nixon has opposition from only Paul N. McCloskey (also now a non-candidate).

Local clerks remind voters

that they may not split their partisan ballot. That means, for example, Republicans cannot vote for GOP precinct delegates if they choose to vote for a Democratic Presidential candidate. (See story on Page 4-C)

The two proposed constitutional amendments up for

## Township OKs Study In 2 Votes

Although it took two motions accompanied by a barrage of heated words, Northville Township Board members approved a free updating by the Citizens Research Council of the 1968 unification feasibility study.

The updating was also approved last week by the Northville City Council.

Trustees noted, however, that approval of updating the study did not mean the board endorsed the study. Voting against the measure was Trustee Richard Mitchell who earlier proposed a motion to deny the updating.

His motion was defeated, with only Trustee Charles Schaeffer giving his support. Schaeffer noted he was not opposed to the study, but did not want the results construed to mean the board endorsed the study.

Formal request by both governmental units is required before CRC will undertake the project, explained Wilson Tyler, treasurer of "One Northville," the citizens unification committee.

Mitchell was quick to attempt to discredit CRC, stating, "How can they do this for nothing? They must have some interest in it." However, township attorney Donald C. Morgan explained CRC is a

## Happiness Is A Happy Ad

Happiness is reading this newspaper's want ads—literally.

That's because a brand new way of classifying want ads begins with this edition to aid both sellers and buyers.

In addition to expanding classification from 18 to 48 categories under seven major sections, the new listing leads off with a new category called Happy Ads.

And just as the name implies, this new category allows advertisers a place to wish friends and relatives happiness on birthdays, anniversaries, graduation or any other occasion or non-occasion.

Among other changes include a special column for garage and rummage sales; five categories for pets and animals, with farm animals separated from household pets; and a column for campers and camping equipment, separated from mobile homes.

To familiarize readers with the new classification an alphabetic index is located on the first page of want ads.

Now for that happy experience turn to Section B, pages 8-15.

**TOP TWO**—Double checking the spelling of a word are Reese Lenheiser and Sarah Horner. Lenheiser is valedictorian and Sarah Horner is salutatorian.

graduating class service.

# Logging Is Theme May 17

"Michigan's Colorful Logging Era" will be the theme for the annual spring assembly of the state's Questers meeting May 17 at the Ramada Inn in Muskegon.

Northville-Novl area's four chapters are making plans to attend.

The Quester organization has had special activities this month at local, district, state and national levels with area women participating.

Base Line Chapter members of the antiques study club, Mrs. Edwin Langtry and Mrs. Paul Beard, last week attended the national convention in Indianapolis and plan to attend the state meeting in Muskegon next week.

Also attending the national convention was Mrs. Richard Foy, Silver Springs president. Mrs. Beard was accompanied by her daughter, Nancy (Mrs. Dean Smith).

Mrs. Langtry, who was reelected Base Line president in April, joined Grosse Pointe Quester groups on a chartered bus to the national meeting. She reports that the event next year will be at the Mayflower Hotel in Washington, D.C., with a highlight to be tea at the White House.

Base Line, Silver Springs, Mead's Mill and Novi Toll Gate No. VI chapters officially will be represented at the state program by Mrs. Gus Dulas, area chairman and Mead's Mill president.

The state organization now has a membership of more than 1,000, she reports, and is affiliated with the national antique study and historic preservation society with headquarters in Philadelphia.

Next Wednesday's speaker, Richard Freye, founder of the Muskegon Historical Society, will show slides of early lumbering days.

Restoration of the Moross home, a three-story brick townhouse in downtown Detroit adjacent to the waterfront area, slated for renewal by the Ford project, is being aided by area Quester chapters, Mrs. Langtry reports.

**CARNATIONS FOR A GARDENER**—Mrs. Herbert Frogner is honored with a life membership in the Northville branch of the Woman's National Farm and Garden Association and a corsage presented by Mrs. William Switzer, left,

president, while Mrs. H. J. Frogner, her daughter-in-law, looks on. "It was like an early Mother's Day," she agreed. While Mrs. Frogner knew this year was her 20th year in the branch, she did not know she was to be honored Monday.

## Valerie Rosinski Speaks Vows

Yellow and lime green dotted swiss gowns, wide-brim hats and daisy bouquets created a spring bridal picture as Valerie Ann Rosinski, in white dotted swiss, became the bride of Gary Edward Reinwand in a 6 p.m. ceremony May 6 at Novi United Methodist Church.

The daughter of Mr. and Mrs. Walter J. Rosinski, Jr., 24614 Taft Road, Novi, the bride was given in marriage by her father. The bridegroom and his parents, Mr. and Mrs. Casper J. Reinwand, live at 24750 Taft Road, Novi.

The Reverend Philip Seymour officiated at the double-ring service. The bride's gown was

fashioned with an empire waist, a square neckline, long sleeves and extended into a train. A seed pearl headpiece held her shoulder veil. Her colonial daisy bouquet was interspersed with mums and stephanotis.

Christine Regentik, in lime dotted swiss and daisy-trimmed picture hat, was honor maid. Sue Reinwand, sister of the bridegroom, and Sharon Rosinski sister of the bride, were bridesmaids in matching yellow gowns. All carried daisy bouquets with baby's breath.

Jim Anderson was best man. Ushers were the bride's brother, Mike Rosinski, and Ralph Skipton.

For the wedding and reception following at the Northville American Legion Hall, the bride's mother wore a long, green-flowered sleeveless chignon gown with white accessories. The bridegroom's mother chose a long, aqua brocade gown with matching floor-length coat and white accessories.

The 150 guests attended

from Wisconsin and the Upper Peninsula as well as from the Detroit area.

For a wedding trip to the Upper Peninsula the bride changed to a sleeveless lavender and white street dress and white accessories.

The couple, both 1970 Northville High School graduates, will live in Stratford Villa Mobile Home Park in Wixom.

MR. AND MRS. GARY E. REINWAND

## In Our Town

By JEAN DAY

**MANY MOTHERS** will be receiving corsages this Sunday—officially "their" day to be honored.

One Northville resident, Mrs. Herbert Frogner of 18651 Sheldon Road, however, was wearing a corsage Monday for a different reason. It was pinned on by Mrs. William Switzer, Northville branch, Woman's National Farm and Garden Association, president, in recognition of her 20 years' membership in the club.

To be certain that Mrs. Frogner would be on hand for the surprise presentation of her life membership the branch enlisted the help of Mrs. Frogner's daughter-in-law, Mrs. H.J. Frogner, also a member.

Jeanne Frogner adds, though, that her active mother-in-law very likely would have attended anyway. She and her husband have been area residents for 22 years, and Mrs. Frogner also is a member of Northville Woman's Club and her own bridge club.

Retiring president Eunice Switzer turned the president's gavel and book over to incoming president, Mrs. Gene Cushing, at the conclusion of the annual meeting, held at the home of Mrs. Joseph Keese on West Main Street. Mrs. K.H. Babbitt, chairman, was assisted by Mrs. Jack Scantlin, Mrs. Francis Jennings and Mrs. Wilbur Johnston.

An engraved pewter bowl from the branch in appreciation of her service as president was presented to Mrs. Switzer by Mrs. C.W. Whitteley.

Plans were completed for a branch trip to Meadowbrook Hall June 19.

**OFFICERS** for the coming year were elected at a meeting of Northville Mothers' Club Monday night at the home of Mrs. Halton Axtell. Mrs. Gordon Forrer was named president to succeed Mrs. Harold Wright. Others are Mrs. Glenn Deibert, vice-president; Mrs. Herbert Weston, corresponding secretary; Mrs. Richard Huston, recording secretary; and Mrs. E.O. Weber, treasurer.

The club will end its year with an annual meeting, traditionally a picnic, to be held May 22 at the home of Mrs. Walter Carter, 21710 Rathlone. Plans were made to participate in a Northville clean-up May 20. Again this year members will clean trash from the Griswold-Eight Mile area.

**MRS. G. STEVEN Orban**, who continues as president of the Northville-Plymouth League of Women Voters, attended the league's 30th national convention last week, flying to Atlanta.

The week previous, on April 24, the league held its annual dinner meeting. Elected on the new slate were Mrs. John Federspill, secretary; Mrs. George Gougeon, treasurer, both of Northville; and Mrs. Donald G. Stacy, first vice-president; Mrs. Robert White, second vice-president, both of Plymouth.

Directors elected are Mrs. Charles Ayers, Mrs. Edward Hancock, Mrs. Harold Wright, all Northville, and Mrs. James Suhay, Plymouth.

For their local program, members voted to continue the league community planning study, study of the Northville-Plymouth school districts and to continue support of the Wayne County Home Rule.

At the national convention, Mrs. Orban relates, consideration was given to the admission of men as voting members but the proposal was rejected. A resolution was passed making it possible for leagues to work for the equal rights amendment to cover equal rights for women. Gloria Steinem addressed the convention on "Women as a Political Force."

**WHILE NORTHVILLE** Woman's Club won't have a general meeting for almost five months, committee chairmen are planning the club's 80th year. The club traditionally meets twice monthly on the first and third Fridays for six months—from October through March.

Committees for the coming season have been appointed. Their chairmen are Mrs. Charles Fountain, social; Mrs. I.M. McLeod, Jr., house-welcoming; Mrs. Sheldon McElroy, reservation and transportation; Mrs. John Brown, grant-in-aid; Mrs. Addison B. Kline, civic improvement and federation; Miss Ione Palmer, flower-memorial; Mrs. Harry F. Wagenschutz, nominating; Mrs. H.A. Boyden, membership; Mrs. R.M. Atchison, music; and Mrs. John Wisner, press.

Plans already have been made to open the 80th "Year of Nostalgia" at a luncheon October 6 at Meadowbrook Country Club, Mrs. William Crump, program chairman, has announced.

## News Around Northville

Our Lady of Victory Teen Club is sponsoring a children's movie matinee from 1 to 2:30 p.m. Saturday in OLV social hall. Open to all youngsters of the community, it will be 25 cents admission with popcorn five cents a bag. Sponsors add that this is an advance Mother's Day gift—a free afternoon.

John E. Coleman of 209 Hill Street is one of 2,187 East Carolina University students who have been placed on the university's honor list for scholastic excellence.

Michael Conley, a 1968 Northville High School graduate, is receiving his BA degree with distinction from the University of Michigan at May commencement exercises. A pre-med student, he has been accepted in the university medical school.

Two Northville students at Wayne State University, Bob Shafer and Gary Becker, are members of the university's men's glee club and will be appearing in the glee club when it presents a spring concert at 7:30 p.m. Saturday Northville High School auditorium. This is the annual concert sponsored by the Presbyterian Men's Club.

The annual meeting of Sarah Ann Cochrane Chapter, Daughters of the American Revolution, will be held at noon Monday at the home of Mrs. John Armstrong, 1684 Gloucester, Plymouth.

State and Continental Congress reports will be

presented Mrs. Hugh Lafferty is luncheon chairman.

### Walter Zells

### Mark Year

Mr. and Mrs. Walter Zells, 525 Fairbrook, who have lived most of their married life in the Northville area, marked their 50th wedding anniversary Wednesday, May 10.

They were married in Detroit and moved to the area in 1930. They attend Northville Presbyterian Church and he is a member of the Northville Masonic Lodge.

The Zells have two children, a son Edward of Detroit, a daughter, Mrs. Mildred Mitchell of West Palm Beach, Florida. They also have three grandchildren and several great-grandchildren.

"Dinner out" was planned for their anniversary day, and they also were guests at a small dinner earlier.

### Enters Fair

Boy Scout Troop 108 of Wixom, led by William Allred, is among those units who have entered the May 20 Scout Show to be held at Walled Lake Central School.

According to Andrew M. Baize of the Ottawa District, Troop 108 will participate in leather craft and archery.

The "country fair" will run from 10 a.m. to 8 p.m. on the school grounds, with scouts, cubs and explorers from throughout the Ottawa District participating.

**BLOOD BANK COUNTDOWN**—While 149 pints of blood were collected at the Northville Blood Bank last Friday at Northville First Presbyterian Church, the total was "disappointing" to Mrs. Elden Biery, Red Cross Volunteer chairman. Donors and workers are shown here, but others just didn't keep appointments, Mrs. Biery said. The blood bank was

open 12 hours, she added, and in previous years, as many as 198 pints have been collected in half the time. Because of colds, blood pressure or being on medication, 65 would-be donors were rejected. Mrs. C. Clifford Winter, previous chairman, contrasts the total with last year's of 193 with 97 rejections.

## Artist-Collegian To Apprentice

A 1969 Northville High School graduate will be gaining a working knowledge of the New York art world this fall.

Ellen Thomas, daughter of Mr. and Mrs. Bruce Thomas of 18329 Shadbrook, was one of the 30 Midwest college students recently chosen to participate in the Great Lakes College Association apprenticeship program.

Miss Thomas, an art major at Albion College, will work as an apprentice to a New York

free lance artist from September until January.

The Great Lakes College Association is made up of several small colleges in the Midwest and sponsors apprenticeship programs in art, drama, and writing.

While in high school, Miss Thomas participated in the art club, and many of her works have been displayed at the former Hartley-Powers Gallery.

Miss Thomas currently teaches art to children of Albion faculty members.

## Miss Heavner Operates Hostel

Miss Lucille Heavner, who has been active in the American Youth Hostel movement since 1946, is leaving her home in Willowbrook subdivision in Novi to spend all her time doing what she likes best—running a Youth Hostel.

A Novi resident since the Willowbrook area was developed about 15 years ago, Miss Heavner retired earlier this year from her job as a gym teacher in Detroit and is now in Manicelona, Michigan, where she runs one of the state's two Youth Hostels.

The hostel, called Blue Lake Hostel, originally was her family's cottage on Blue Lake. With the aid of the Detroit Youth Hostel it has gained dormitory additions.

For many years, Miss Heavner would leave her teaching post Friday afternoons and hurry north to open the hostel for the weekend. While hosting is a family activity with all ages welcome at hostels throughout the country, it is the young and active teenagers, friends report, who have claimed the former teacher's interest. She had been active in helping teen organizations, including the Farmington teen club.

She also has served as vice president of the American Youth Hostels.

She was honored "for her interest in others, especially young people" at a dinner April 26 at Bonnie Brook Country Club attended by 180 Youth Hostel members in-

## Drew Directs Players

James M. Drew, a former Northville resident, is co-director of the St. Bede Players production of

"Iolanthe" being given May 11, 12, 13, 19 and 20 at Southfield-Lathrup High School, 19301 West 12 Mile.

Drew also will portray the role of the Lord Chancellor, one for which he received rave reviews when he performed it in Falmouth, Massachusetts. The actor-singer's previous experience also includes USO productions and roles in the Milan Theatre Company's children's theatre productions.

He credits his interest in theater and Gilbert and Sullivan as being kindled at Northville High School, from which he was graduated in 1963.

Recently returned from New York City, he and his wife, Mary, live in Detroit. Mrs. Drew has the title role of Iolanthe in the St. Bede production.

## Seek Groups For Parade

Want to be in a parade? Peter Alcala and Philip Cozad have issued a standing invitation to any and all Novi residents, businesses, associations, and churches to participate in the 1972 Memorial Day Parade.

"We want to make the 1972 parade the biggest we've ever had," Alcala said, "and everyone is welcome to participate in it."

Everything from floats to antique cars to horses from riding stables to decorated bicycles are being sought by the parade committee. The parade is slated for the morning of Memorial Day, Tuesday, May 30.

Alcala and Cozad, representing the Parks and Recreation Commission and the Novi Jaycees respectively, are co-chairman of the parade. Anyone interested in participating should contact Alcala at 624-1088 or Cozad at 349-7486.

# Engagements Told

### KATHLEEN BELL

Mr. and Mrs. Duane E. Bell, 43485 Fonda, Novi, announce the engagement of their daughter, Kathleen Ann, to Larry I. Hunt, son of Mr. and Mrs. Raymond Hunt of Farmington.

The bride-elect is a 1971 Novi High School graduate and is employed at Shoppers Fair. Her fiancé is employed by Panasonic Corporation.

A July 15 wedding date has been set.

### PATRICIA DAVIS

A July 1 wedding date has been set by Patricia May Davis, 15857 Ridge Road, Northville and Charles Voss Guntzville of Milford. Her parents, Mr. and Mrs. Warren A. Davis of Webberville, Michigan are announcing the engagement.

He is the son of Mr. and Mrs. Marvin V. Guntzville of Milford.

The bride-elect, a 1972 Novi High School graduate, is employed by Body-Harrison Company and also Guntzville Taxidermy Shop where her fiancé is employed. He is a 1968 graduate of Brighton High School.

### DENISE FRANK

The engagement of Denise Ann Frank to Ralph M. Stoddard of Grand Rapids is announced by her mother, Mrs. Joyce Snook, 7670 Currie Road, Northville. He is the son of Mr. and Mrs. Gordon P. Stoddard of Grand Rapids.

The bride-elect expects to be graduated August 25 from Ferris State College. She is a 1968 graduate of South Lyon High School. Her fiancé was graduated from Ferris in March and is employed by Federal Mogul at Greenville, Michigan.

They have set a June 17, 1972 wedding date.

### MARCIA SNYDER

An announcement is made of the engagement of Marcia Leigh Snyder and Gregory

John Dawson, both 1967 graduates of Northville High School.

The bride-to-be is the daughter of Mrs. Orrin K. Snyder, 19850 Beck Road, who is making the announcement, and the late Mr. Snyder. Her fiancé is the son of Mrs. B.

Drummond Dawson of Royal Oak and the late David P. Dawson, who lived in Summit, New Jersey.

The bride-elect also was graduated from Schoolcraft College in 1969 and is employed as secretary at Ford Tractor Operations in Troy.

Her fiancé, a 1970 graduate of Northwood Institute in Dallas, Texas, now lives in Morristown, New Jersey, and is affiliated with Dawson Ford, Incorporated, in Summit.

They plan an August 19 wedding.

PATRICIA DAVIS

MARCIA SNYDER

DENISE FRANK

## Workshop-Program Draws Secretaries

Among the 50 area secretaries of the Huron Valley Chapter of the National Secretaries Association attending a chapter-sponsored workshop in Ann Arbor April 29 was Mrs. R.M. Brown, 18695 Jamestown Circle.

She reports that the program, "Today Is the First Day of the Rest of Your Life," offered group participation in human potential development. The participants were divided into three groups "to focus on the development of personal potential by recognition of individual values."

Guest speakers, who headed the group discussions,

were William Heise, MA, Education Specialist, John Witten, MA, and Robert Burnside, MA, all of whom have conducted training seminars throughout the state for the past two years. All are on the staff of Schoolcraft College.

## School Pays Tribute To Conrad Langfield

An oil painting of Conrad E. Langfield, which will hang in the music suite at Northville High, was unveiled Monday night at the board of education meeting.

The portrait, painted in Europe, along with a plaque will be placed in the music wing at the high school in the near future, Superintendent Raymond Spear said.

At the spring concert April 25, the music suite was dedicated as the "Conrad E.

Langfield Music Suite," honoring Langfield for his "many years of support, both financial and moral, for the band program of Northville High School."

Larry Weiner

That wonderful substance we call fabric—we'd be mighty cold and uncomfortable without it!—remains a mystery to many people. Although we use cloth and its derivatives for almost everything under the sun, the fact remains that most of us are not exactly sure what it is we're wearing, draping, walking on, sitting on. And when it comes to caring for any particular fabric, confusion is compounded! In the weeks and months to come, we hope to bring to you some interesting facts about fabrics, their make-up, and how to keep them in fine condition. Follow us weekly on this trip through Fabrics: history, analysis, cleaning, spot removal, storage. We'll try to make your journey both educational and enjoyable!

And when it comes to choosing fabrics, come to SPINNING WHEEL FABRIC SHOP, 146 E. Main St., Northville, 349-1910. You'll find the most complete fabric selection in the area, competitively priced. Our courteous, friendly staff are sewing experts and will be glad to help you with any sewing problem. We also carry a full line of patterns and sewing notions. Hours: 9:30-8, Mon.; 9:30-6, Tues., Wed., Thurs., Sat.; 9:30-9, Fri.

**HELPFUL HINT:** Never rub in cleaning chemicals, but apply sparingly with light pressure. A feathery stroke is best.

We operate our own tailoring shop for prompt, meticulous service.

## Election Slated Tuesday

# One Mill Tax Hike Faces Novi Voters

Novi's voters will go to the polls Tuesday, to participate in Michigan's first presidential primary election.

And while national attention will be focused on the race between hopefuls for the Democratic presidential nomination and state officials will be watching two proposed amendments to the state constitution, local attention will be riveted on a proposed one mill increase in taxes.

Specifically, voters will be asked to approve an amendment to the city charter which would allow the city council to levy up to one additional mill (\$1 per \$1,000 of assessed valuation) to be used for road improvement and construction.

Polls will be open from 7 a.m. until 8 p.m. Voters in precincts one and two are to cast their ballots at the Fire Hall at 25850 Novi Road, immediately adjacent to the City Hall.

Voters from the third and fourth precincts will cast their ballots at the Novi Community Building at 26360 Novi Road, next to the Elementary School.

City officials are expecting a relatively large turnout. Prime issue, of course, is the proposed one mill tax hike.

And inextricably intertwined with that tax hike is the issue of Novi's roads for which the additional millage is being asked.

Last spring the council appointed a citizen's committee headed by Russell Stroud to make a complete study of Novi's road situation and to return to the council with their recommendations. That study, released in November of 1971, was the impetus for the current millage election.

The Road Committee recommended a two-part program. Phase One called for paving of Meadowbrook Road between Nine and Ten Mile Roads and Taft Road between Ten Mile and Grand River. Total cost of the project, according to estimates made by city engineers Johnson and Anderson, would be \$689,000.

Phase Two proposed the paving of portions of Taft, Beck, Nine Mile, West, and Meadowbrook Roads. No timetable was established for the undertaking of these projects.

The recommendations of the Road Committee were followed by the city council, but only to a degree.

The road program, as it exists today, covers a far broader scope than the program originally submitted by the Road Committee.

Influenced perhaps by the fact that a tax hike for road improvements was rejected by Novi voters three years

ago, the council has made an effort to make the road program attractive to as many voters as possible.

"We've got to ensure that everyone in Novi benefits from the millage if we want it to pass," Councilman Donald Young has stated. It is a statement of policy that has been adopted, in deed if not in

word, by the council.

Primary recipients of the council's desire to make the road program as attractive as possible are the city's subdivision residents. Councilmen feel the election will be decided by subdivision voters and have attempted, in the words of Councilman Denis Berry, to "buy their vote."

"There's no doubt that the subdivision voters are going to decide this election," Berry has said, "and we have to get their votes if we want this one mill proposal to pass."

The tool with which the city hopes to wrap up the subdivision voters is the resurfacing of all interior subdivision streets. Public

hearings which would accomplish that end are currently underway.

The paving of Taft and Meadowbrook and the recapping of the interior subdivision roads are the two main facets of the road program as it now stands.

Continued on Page 5-A

## Bars Relinquish Licenses

# New Businesses Seen

What is best described as a crackdown on Novi's many somewhat less than reputable bars has had its desired effect.

In all cases, City Manager George Athas told the city council Monday, the owners of the bars have taken steps to improve the operation of their establishments, and, in two cases liquor licenses have been, or are about to be, sold and more desirable businesses are being attracted in Novi.

The liquor licenses belonging to Duke's Bar on West Lake Drive have been sold to Robert Langdan, who plans to build a restaurant-bowling alley complex on the northwest corner of Novi Road and Grand River.

And if reports are accurate, the liquor licenses of the East Shore Tavern is being purchased by Nicholas Canzano, an established Novi businessman. Questioned by the council Monday, Canzano said he is currently conducting negotiations with appropriate authorities about bringing a Ramada Inn to Novi.

Canzano cautioned the council that his plans were definitely long-range and would not be implemented for a least three years. Much depends on the availability of water to the area, he said.

Although Canzano did not indicate where the Inn would be located, his comments about the availability of water and the fact that the M-275 expressway is being constructed in Novi lead to speculation that the hotel would be in the northeast sector of the city.

Novi's action against its nine bars was initiated several months ago when the state Liquor Control Commission asked the council for objections to renewal of existing liquor licenses. At that time, a thorough investigation by both police and building department inspectors of the nine bars was undertaken.

Athas then recommended to the council that they ask the Liquor Control Commission not to renew the licenses of the East Shore Tavern—a recommendation which was followed.

No action against Duke's Bar was taken, but, perhaps feeling the pressure of the city to bring their establishment up to a higher level of operation, the owners of Duke's sold their licenses to Langdan.

Canzano's revelations about

the Ramada Inn Monday were prompted by a request of the East Shore Tavern that the council agree to remove its objection to the renewal of the license.

William Leonard, owner of the East Shore Tavern license, had previously told the council he would sell the license to Canzano, but was unable to do so because of the council's objection to the renewal.

If the objection were removed, the license could

then be renewed, and he, in turn, could sell the license.

Several members of the council balked about removing the objection, while others felt it confiscatory to deny Leonard the right to sell his license. An approval of renewal on the condition the license be sold within 90 days was rejected by the Liquor Control Commission, who said the approval must be unencumbered with conditions and the city must either approve or disapprove the renewal. Finally, by a 5-2 vote M-

onday, the council agreed to remove its objection to the renewal. It is assumed that the Liquor Control Commission will buy it from Leonard.

In the meantime, however, the pressure to improve their businesses remains on the other Novi bar owners. "They've all been given ample notice," said Athas, "that if they get out of line one more time, they'll be in big trouble."

## Assistant Superintendent

# Hendrickson Resigns

Novi will lose its assistant school superintendent, T. Richard Hendrickson, this coming June.

The school administrator submitted his letter of resignation this week, and the board of education Monday accepted it "with regret."

Hendrickson, who joined the Novi system four years ago, has accepted the position of superintendent of the Williamston school system near East Lansing.

In submitting his resignation, Hendrickson emphasized that he has enjoyed his association with the school system in general and the board of education in particular.

The board directed that a letter of appreciation for Hendrickson's service be drawn up for the board's signature.

T. R. HENDRICKSON

Hendrickson, who was named assistant superintendent in July, 1969, served

as chairman of Novi High School's accreditation committee and he was instrumental in development of the high school curriculum guide prior to his appointment.

He taught physics, trigonometry and chemistry at Novi for the 1968-69 school year.

He received his bachelor's degree in education from Wayne State University in 1963, and a master's degree in school administration from Michigan State University in 1965.

The board has given no indication of whom it may appoint as a replacement.

Presently, the board is in the process of selecting a new superintendent to replace Thomas Dale, who resigned earlier.

## 18-Year Old Novi Youth Runs on Democratic Ticket

An 18-year old Novi High School senior will become the youngest person ever to run for an elected office in Novi next Tuesday when his name appears on the ballot as a candidate for Democratic delegate from the second precinct.

Steve Bosak, son of Mr. and Mrs. Frank Bosak of 43000 Nine Mile Road, is taking advantage of the constitutional amendment which lowers the age of majority to 18.

"I've always been interested in politics," he says, "so when I realized I was eligible to run for precinct delegate I jumped at the opportunity. So far, it's been an interesting and educational experience."

Bosak is being supported in his bid for office by Del Munson, who teaches his high school government class. "It makes me feel good," said Munson, "that there are a few 18-year olds who are interested enough in what's going on to get involved in their government."

Bosak is a far cry from the young radicals,

who have managed to win election to city councils in various college municipalities across the country. A hard-working, clean-cut young man, he is active in school activities and was captain of the Novi football team.

"I'm running as an uncommitted candidate," he reports. "I've received some calls from people within the Democratic party urging me to commit to their candidate. Representatives of all the major candidates except George Wallace have contacted me about committing to their man, but I feel I'll be able to represent the feelings of the voters in my precinct better if I stay uncommitted."

So far Bosak likes what he's seen of party politics. "Everyone has been most helpful so far," he says. "Some people have told me that when you get up into county and state conventions, there are some pretty dirty dealings that go on under the table. It would be fun to be able to go in order to see just what takes place."

**GOIN' FISHIN'**—Four year old Douglas Crawford looks like a modern day Tom Sawyer as he goes fishing in a large mud puddle on Taft Road. Doug doesn't really expect to catch anything, but there are many Novi residents, tired of driving the rut-marred, pot-holed roads of the city who claim it just might be possible to land a catfish in one of the many large puddles. Novi voters will be asked to approve a one mill tax hike Tuesday. If approved, the funds have been earmarked specifically for road maintenance and construction.

### Opinion

## Why Vote For Millage?

By RUSSELL STROUD

Novi needs roads now! I do not think anyone in the city will dispute this statement. Myself and other interested citizens in the community have been working for the past year and a half to develop a plan to improve the present road situation with minimum expense to all concerned.

This city has been growing, and according to statistics, will continue to grow at a faster than average rate. We presently have sewer and water line projects underway. Without roads to keep up with the future expansion of the city, we will have an increase in the road problems we have at the present time.

The plan for roads calls for a one mill tax increase. Some people will stop reading this editorial at this point, but please do not stop until you have reviewed all of the following facts.

People pay what they feel is just plain too much in property taxes, and I will not argue with them. However, our city receives only a very small portion of this property tax money to operate the fire and police departments, operate the city in general, and pay for maintenance and improvements of roads. The majority of property tax money goes for the operation of our schools, and to the county. The present city tax is 6.5 mills, almost the lowest of any city in the state. The one additional mill, if passed, would make the total of 7.5 mills, still one of the lowest tax rates of any city in Michigan.

What will we get for this 1 mill tax increase?

1) The Road Committee has recommended to the city council that two roads, Taft and Meadowbrook, be paved immediately. This will reduce the approximate \$8,000 per year the city is currently spending on maintenance for these roads.

2) Subdivision roads in various stages of ill repair will be resurfaced with the city picking up a portion of the cost with the city wide tax.

3) Through reduced maintenance by paving the two most traveled roads in the city, additional existing maintenance money will be available for increased grading, trenching and tree removal along roads in more sparsely populated

**EDITOR'S NOTE:** As chairman of Novi's Road Improvement Committee, Russell Stroud is intimately involved with the road issue. For the past few months he has been appearing at different homeowner's and civic associations throughout the city, explaining the road program and urging passage of the millage.

areas of the city. Also, increased money through the new millage will be available to help maintain these more rural roads.

I do not intend to say that all this improvement will happen immediately. The total revenue from the one mill is only about \$70,000 per year—approximately \$12 per year if you own a \$24,000 home. Most people in the city should be able to save in excess of this amount in car repairs required by our present road situation. This \$70,000 as it becomes available each year, will be allocated by the city council, who must determine the best utilization of the money for the entire city. As our city grows, the revenue from the one mill will increase as additional people and businesses move here.

This millage should not be looked at just in the short run - i.e., what will happen during the first year of the millage—but as a long range availability of funds which will allow our city to grow in an orderly manner with new roads being planned and existing roads being repaired as it becomes necessary.

Furthermore, it will become more advantageous for businesses to locate in Novi now that sewers and water are becoming available, if they also have decent roads. If a balance can be maintained between business and residential use of available building sites, it will benefit the homeowner by keeping his total taxes low, due to the increased percentage of tax that the business community will absorb.

In conclusion, if we are to have orderly growth, we must have roads, and to have roads, we the voters must give our elected representatives a means to pay for them. The Road Improvement Committee (A Citizens Group) and the City Council are both in favor of this method of financing roads, as the most inexpensive and equitable to all the citizens of the community.

Keep in mind that this millage cannot be used for any other purpose but roads, it will never end up in some general fund as is sometimes the case with State taxes.

Your "YES" vote in the May 16th election is required to begin Novi's first Road Improvement Program.

# Novi Votes on Millage

Continued from Nov. 1

Members of the Road Committee and the council are quick to point out, however, that other residents will benefit from these programs. Department of Public Works Head Edward Kriewall has said that the majority of his department's time and money are exhausted in maintaining Taft and Meadowbrook.

Once those two roads are paved, the DPW will be able to spend more time in grading

and maintaining other roads.

Advocates of the millage increase feel that the city must act now to improve its roads. Further delay will only result in increased costs at a later date, they argue, and, more importantly, the city must improve its roads if it hopes to attract industry. If industrial developers shun Novi because of the conditions of its thoroughfares, irreparable damage to the tax base will be done and citizens will be saddled with unreasonably high property

taxes in the future.

If the millage passes, the city will gain approximately \$70,000 per year in revenue. The figure will grow as the city's assessed valuation grows.

Needless to say, \$70,000 will not go far toward paving Taft and Meadowbrook Roads (estimated cost \$689,000) and recapping the subdivision roads (estimated cost \$400,000). It is for this reason that the council has deemed it necessary to spread a special assessment among abutting

property owners to finance the construction.

Along Taft and Meadowbrook Roads residents will be assessed \$14 per front foot. In the subdivisions the front footage assessments will range from \$2 to \$5 per front foot.

It is this assessment which some observers feel might hurt passage of the one mill tax increase, even though the two are only indirectly related. People upset with the assessment, it is felt, might attempt to sabotage the entire road program by defeating the millage.

If the millage is approved, the city will pick up 20 percent of the total cost whenever a special assessment district is spread.

Another factor that could lead to defeat of the one mill tax increase proposal is that many residents feel they are already overtaxed. It is an argument met with quick rebuttal from proponents of the millage.

One additional mill will cost the owner of a \$25,000 home in Novi an additional \$12.50 per year in taxes. "The present condition of the roads," Councilman William O'Brien has contended, "costs the average Novi driver considerably more than that per year in repairs to his car."

Furthermore, Novi's existing tax rate of 6.5 mills is ridiculously low—"barely enough to run the city on," City Manager George Athas has said. Northville, for example, levies 10.3 mills per year and receives an additional \$470,000 from the race track. Farmington levies 8.5 mills per year, South Lyon levies 13.875 mills per year, and Walled Lake levies 26.5 mills annually. Of the neighboring communities, only Wixom has a lower millage (5.76), thanks largely to the presence of the Ford Assembly Plant.

Still, there has been a definite trend in defeating proposed millage increases. City officials, who feel that approval of the one mill proposal is extremely important to the city's future development, hope it is a trend Novi voters will reverse Tuesday.

## Employees Reject Union

Novi's municipal employees have rejected affiliation with the Municipal Employees Division of the UAW-CIO by a 13-9 margin in the council chambers.

Originating roughly a month ago and reportedly having its origins in the Building Department, the unionization effort is now dead for at least another year.

Electrical Inspector Ralston Calvert, who is believed to have been one of the original leaders of the movement, told The Novi News that the unionization movement should in no way be construed as dissatisfaction with the present administration. Job security and freedom from political changes were behind the effort, he said.

Tuesday's election of eligible city employees was overseen by officials of Michigan Labor Relations Board. Supervisory and council-appointed personnel were not eligible for membership in the union.

## Novi Middle School Athletics Get OK

A tentative extra-curricular athletics program for the Novi Middle School received board of education approval Monday night.

Proposed by Principal Robert Youngberg, the program calls for both intramural and interscholastic athletics beginning next fall. In giving the proposal its stamp of approval, the board (two members) cautioned Youngberg to guard against dominance of interscholastic sports over intramural sports.

The schedule calls for an interscholastic football for seventh and eighth grade boys, intramural football for sixth graders, and intramural speedball and speed-a-way for all students during September and early October.

Intramural basketball is planned October 16 through November 17, with intrascholastic basketball beginning late in November and running through much of February. During the latter period recreational activity is planned for other students.

Volleyball is scheduled February 26 through March 23, intramural wrestling and recreation from March 26 through April 27, softball intramurals from April 30 through June 1 and junior Olympics on June 2, with field days for fifth and sixth graders on May 23 and for seventh and eighth grades on May 25.

In other action Monday, the board approved a position paper, prepared by Assistant Superintendent T. Richard Hendrickson, on the Novi Community Building.

Basically, the board's position is that Novi Elementary School should have "priority of usage" on Monday, Tuesday, Thursday and Friday during school hours, with all other school use on a scheduled basis.

Custodial care of the building, the position statement continues, should be the responsibility of the school district after each and every school use of the building.

The position paper contends that the governing board for the building should consist of one member elected by the school board, one member elected by the city council, and the third member elected by mutual agreement of both parties.

"The board should function separately from the school board and the City of Novi, but should, however, be the controlling governing body of all community activities."

The position states that the governing board should not be under the Novi Parks and Recreation Department.

Reason for this position, it was noted, is to protect the board of education from incurring any expenses beyond the maintenance and operating costs relative to school use and the community-at-large use of the building.

The board also adopted three textbooks for the homemaker classes: Homemaker for Teen-Agers, Guide to Modern Clothing,

## 6 Graduate From U-M

Six area residents were graduated at the spring commencement at the University of Michigan on May 6.

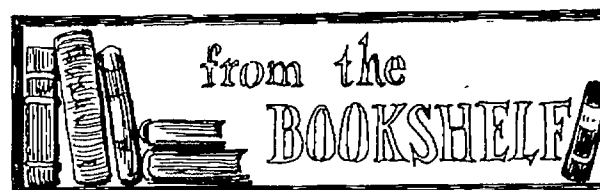

The local graduates include:

Walter A. White, Jr., son of Mr. and Mrs. Walter A. White, Sr., 7160 Muerdale Boulevard, bachelor of general studies; Diane Holdsworth, daughter

"Everybody's Weather," Joseph Gaer; causes and characteristics of weather and techniques and tools of the US Weather Bureau.

With more than \$2,000 already earned, Band Boosters hope to pick up at least one half of each student's camp expenses. Heading the Boosters are Robert Miller, chairman, David R. Bell and Doug Slessor. Students will also be selling Booster decals throughout the Northville area.

## Tribute to Mom

With Mother's Day coming up Sunday, Mrs. Louise Morelli of 21715 Rathlone Drive wrote the following verse for the occasion:

The Many Phases of Mother

Now I look back on other years  
When "Mama" dried a baby's tears;  
When "Mummy" soothed a painful knee  
The summer that he just turned three.

"Mommy" watched with tearful joy  
Her grown-up kindergarten boy.  
When "Mom" was sport enough to say,  
"Son," you were great in the game today."

The awkward age—the in-betweens  
When I was "Mum" to a million teens,  
A little older—no longer slender,  
Then it was "Hey, Ma, I wrecked Your Fender!"

I thought I had reached my fullest bloom  
When I was "Mother" of the groom,  
But now I wait—anticipating  
The brand new names they'll start creating.

## Mrs. Athas Attends Seminar

Among the women officers from Michigan banks attending a statewide women's management seminar at Warwick Inn in Flint May 12-13 will be Mrs. George (Arvie) Athas of Oakland Bank in Novi.

More than 130 are expected to attend the two-day event, including women from

Michigan National Bank, Michigan Bank, National Association and Michigan BankAmericard.

Nelson Schrader

Small touches make the big difference in decorating. A room grows dull if it has no subtleties to be discovered as you live in it. Accessories—that just right lamp, the little table and, of course, the pictures on the walls—bring life into the big furnishings in the room. So do "intimate" objects that reveal the personalities of the people who live among them. The little things that turn a room into a success aren't always tangible objects. The way the plants are arranged, the pictures hung, the braid trim used, etc. In the weeks to follow, we hope to make you aware of all the little subtleties that will enhance your home.

We hope to help you, not only by revealing some of the latest decorating "secrets" in our column, but also by having you visit with us at SCHRADER'S HOME FURNISHINGS, 111 N. CENTER ST., NORTHVILLE and 825 PENNIMAN AVE., PLYMOUTH. There is plenty of parking behind each store and we have complete home furnishings for every type of decor. Hours: Mon. thru Thurs. 9 a.m.-6 p.m., Fri. 9 a.m.-9 p.m., Sat. 9 a.m.-6 p.m. Closed Sun.

**HELPFUL HINT:**  
Large pictorial maps are an inexpensive decoration for your den or TV room. Use colored pin markers to point out places you've been, or want to see.

# NOVI HIGHLIGHTS

By JEANNE CLARKE  
MA 4-0173

Mrs. Laney Henderson, who formerly wrote this column and who has been living in Falls Church, Virginia, arrived in Michigan Saturday with her son and his wife, Mr. and Mrs. Victor Rix. Mrs. Henderson will be in the area until the middle of June visiting with friends and relatives.

The community was saddened by the death of former resident Russell Stevenson, son of Mrs. Helen Harnden who lived on Fonda Street before leaving the area.

Returning this week from a 10-day vacation in New Orleans were Mr. and Mrs. Frazer Staman and Mrs. Sue Watson.

Mrs. Mae Atkinson entertained the Crusaders from the Area 4 Cancer Drive at her home for lunch last Tuesday. Her co-workers were Laree Bell, Nellie Rackov, Virginia Burnham, Katherine Bachert and Patricia Schultz.

Mrs. Hatie Garlick was guest of Mrs. Ralph Lorenz of Plymouth for a few days last week.

Sunday a birthday dinner was held in honor of Carl Green. Those present were his wife, Mr. and Mrs. Delmer King and Christina, Mr. and Mrs. John French, Carol Green Jr., Natalie and Tracey Green.

Mrs. Sally Sova of Twelve Mile Road was pleasantly surprised at her recital on Saturday when her students presented her with a watch. She will not be teaching the youngsters in the area after this year since she will be moving. At the recital, which included ballet, modern jazz, and beginner toe, many of the youngsters in the area participated.

The program was entitled "All Time Favorites." Those who participated in "Happy about Christmas" were Sheline Brumbill, Jenner Charles, Teri Cota, Debbie Enger, Denise Galorneau, Kathy Hurlley, Lisa Ireland, Kristine Kurin, Sarah Olis, Myra Pukey, Heather Ratcliffe, Lolly Ratcliffe, Jill Shankil, Judy Wilenius and Kim Sova.

"Spoonful of Sugar" were Brenda Campbell, April Derrick, Sandy Flowers, Laura Ireland, Kira Oswell, Tammy Plunket, Kim Selep, Kathy Sova, Theresa Sova, "Singing in the Rain" were Sherri Appleton, Betty Banks,

Mary Banks, Brenda Benson, Christina Derrick, Mary Ellen Hass, Laurie Lingkil, Kathy Ritter, and Susan Ward, and "Gypsy Woman" by Lauri Jarvis, Kathy Mulligan, Kale Pierce and Suzie Pierce.

All the students participated in other numbers and all classes presented "Seventy six Trombones." Nine youngsters were presented perfect attendance awards. Nine only missed one practice.

## Novi School Lunch Menu

Monday, May 15-Barbeque pork, french fries, pickles, fruit and milk.

Tuesday-Italian spaghetti, bread and butter, cabbage, salad, pudding and milk.

Wednesday-Chicken rice pilaf, hot french bread and butter, buttered beans, fruit cup and milk.

Thursday-Hot dogs on buttered buns, escalloped potatoes, hot vegetable, fruit dessert and milk.

Friday-Oven baked fish, tartar sauce, french fries, bread and butter, cabbage, carrot slaw, fruit and milk.

## Novi Girl Scout

Mrs. Mary Beth Platt was pleasantly surprised April 27 at the United Methodist Church when a group of her scouting friends gathered to wish her farewell. She is moving to Wisconsin in June. The ladies had prepared a planned potluck dinner and Mary Beth was presented with a cassette recorder and other gifts.

Among those present were representatives from all the Novi Scout troops; Barb Birch, personnel services director, and Field Directors Rhea Svatora and Phyllis Kaplan, members of the training staff, Chris Judd, Jo Johnson, Julia Kirvin, and Dorothy Philo, area chairman.

## Pack No. 240 ORCHARD HILLS

There will be a committee meeting on May 31 at the De Brule residence at 8 p.m. All parents are urged to attend this very important meeting in order to formulate the calendar for the 1972-1973 season.

The next pack meeting will be May 18 and program responsibilities are as follows: Flag Ceremony by the Webelos and denner and assistant denner from Den No. 2, set up by Den No. 4; clean up by Den No. 5; welcome by Den No. 6; and refreshments by Den No. 3.

Dens will bring their salable items for the Orchard Hills school for display. The Webelos will present a skit, "Our Beautiful America," and dens will report their beautification activities.

Cub Scouts and leaders will march in Memorial Day Parade in full uniform and will assemble at Novi Road across from the cemetery at 9 a.m.

June theme is "Back yard Adventure" Saturday, June 3 is the tentative date set for the Cubmobile Race. There also is a possibility of a training session in June. Among other upcoming activities is participation in the Gala Days on July 20-23 when the Cub Scouts generally man a booth.

## Novi Police Officers Association

The annual talent show presented by the NPOA will be Thursday (tonight) at 7:30 in the Novi High School gym. First prize will be a \$100 Savings Bond, second prize a \$50 bond, third prize a \$25 bond, and for the winner under 12 years a \$25 bond.

Participants who will be in the program are from Novi, South Lyon, Northville, Livonia and Farmington. A wide range of acts will be presented, including all types of dancing and instrumental numbers with piano, flute, violin, xylophone, organ, drums, banjo and a band. Also there will be a magician and pantomime act.

Local young people who will be competing include Jennifer Lyke, Kirk Toth, Sherry Appleton, Lori Langkil, Mary Haas, Christina Derrick, Brenda Benson, Carol Bernardi, Ron Broquet, and Terry Lynch.

## Pack No. 54 Novi Elementary School

Pack meeting was held last Friday and two boys were inducted into Boy Scouts-Arthur Neil and Dannie Main. Awards also were presented to Allen Helm who received Wolf Patch with gold arrow; Jeff Durbin, who received two silver arrows and assistant Denner Stripes; Tracey Niel, who received the Bear Patch and gold arrow; Tommie Stone, who received Denner Stripe; Scott Putansu, who received the Assistant Denner; Frederick Smith, who received the bear patch and gold arrow; Richard Byrne, who received the Denner Stripes; and David Brown, who received the wolf

patch and one gold arrow.

Theme for Pack meeting was "Circus" and Myrna Wysocki played the part of the Laughing Sparkle Dog. Each den had its own act. In Den No. 1 clowns were played by Fred Smith and Donnie Saboley. Scott Putansu was the juggler. In Den No. 8 Scott Derrick was the clown, Jeff McCarty was the leopard, and the ring master was played by Robbie McDonald. In Den No. 10 David Penness played the strongman, Richard Byrne the Fat Lady; Jeff Durbin a rabbit, Dennis Rose a clown, and Don Rose as a lion. Paul Wysocki was the animal trainer, Danny Hass a magician, Gary Byrne a gorilla, and Allan Helm an Indian. The Webelos also participated.

There will be a committee meeting on May 16 at the Don Rose residence at which time final plans will be made for the Pinewood Derby to be held at the Novi Community Building on May 19. Mrs. Janet Milan, pack treasurer, is moving to Farmington so Mrs. Darlene Smith will be the new treasurer.

## Living Lord Lutheran Day Care Nursery

The children are making Mothers Day cards and also making flowers for corsages to be given to their mothers. This week they also are planting seeds that will be transplanted later in the season. Applications for summer program may be obtained by calling the church office at 477-6296.

## Pack No. 239 Village Oaks School

On Saturday, May 13 there will be a family outing at the Dog Training Kennels at 23250 Lahser, Southfield. All cubs and their families are to meet there at 1 p.m. It is located north of Nine Mile. Anyone wishing additional information or transportation may call Cliff Kirkland at 476-8995.

## VOICE

"Everything you always wanted to know about Novi School but never had the opportunity to ask" is the title of the Parent Teacher meeting scheduled for Tuesday, May 16 at 8 p.m. in Village Oaks School. All parents are urged to come and bring their questions which will be answered by the following Novi Educators:

Mr. Richard Hendrickson, assistant Superintendent; Mr. Gilbert Henderson, president of the Board of Education; Mrs. Ann Prine, reading consultant; Mr. Roy Williams, director of special education; Mrs. Loraine Anderson, school health nurse; and Mr. Roger Chow, school social worker.

Prior to the question and answer segment of the program there will be a short business meeting with election of officers. There will be a prize awarded the class having the most parents present for this program.

## Novi Boy Scouts

At the meeting Monday the boys made plans for a campout on May 10, 20 and 21, and Tom Myer was awarded his Senior Patrol Leader Badge. The following boys passed their requirements for Tenderfoot: Wes Sensoli, Bryan Wineka, Gregory Cain, Sean Porea, Dave Mammila. Second Class recipient was Randy Tharp.

## Novi Rotary

Committee plans were announced for the installation of new officers, scheduled for late June at the Squires Table. More details will be available at a later date. The Rotary also received a donation from the Joker Motorcycle Club for use in the Crippled Children Fund. Participation is being planned for Gala Days by a committee. Speaker for the May 18 meeting will be from the Detroit Edison Company.

## Novi Jaycee Auxiliary

The Novi Jaycee Auxiliary will be hosting a Senior Citizens Social on May 18 at the Novi United Methodist Church.

On Wednesday the Auxiliary will be holding the annual joint board meeting at the home of Sandy Mitchell, president-elect.

The Installation Banquet will be held at Squires Table on June 3 at which time both new Auxiliary officers and Jaycee officers will be installed.

## NESPO

Date of the Mother Daughter Fashion Show, sponsored by NESPO, has been changed to Thursday May 18 because of the election on Tuesday at the Community Building. Theme for the show is "Swing into Spring", and it will be from 7:30 to 9 p.m. Those planning to participate may call Eileen Campbell at 349-4559 or Mary Ellen Pierce at 349-1889. Deadline to call is May 11. Those wishing to participate should also be prepared to discuss the fabric and the pattern that was used for the dresses, etc. that you and/or your daughter will be modeling.

## Novi Parks and Recreation Committee

There will be a meeting Thursday at 8 p.m. in the Council Chambers. Additional plans will be made for the Men's Slow Pitch Soft Ball League and also for the Girls Soft Ball League. The Memorial Day Parade also is on the agenda and anyone wishing information may call Pete Alcalá at 624-1088.

## Novi Senior Citizens

The May 10 card party was held at the United Methodist Church on Ten Mile. Games were played with prizes given to winners. Co-hostesses were Nancy Little and Alice Tank. Reservations must be in as soon as possible for the Jaycee Auxiliary dinner at United Methodist Church on May 18 at 7 p.m. They may be given to Mrs. Nancy Little at 349-2219.

Regular meeting will be May 23 at 7 p.m. at the Novi Community Building. Anyone interested in joining this group for people 50 years and over may call Mrs. Little, who is very impressed by the number of inquiries she has had thus far.

## Washington Trip

Village Oaks fifth graders have returned from their air flight to Washington D.C. where they reported beautiful 87 degree weather. They saw quite a few worthwhile things while on their one day trip and were accompanied by the following chaperones: Mrs. Jo Wineki, Mrs. Judy Coolman, Mr. Doug Watson, Mrs. Diane Greyck, Mr. Tim Hensel, Mrs. Marlene Spielmann, and Mrs. Lynn Vinney. Special guests who went along were Mr. Dave Brown, principal and Mrs. Ruth Watson, fifth grade teacher.

## Novi Rebekah Lodge

Regular meeting will be May 11 at which time plans will be made for the roast beef dinner slated for Saturday May 13. This is for the entire family and tickets may be obtained by contacting Mrs. Mae Atkinson or Mr. Glen Salow. Betty Harbin will be in charge of the dining room. On the 15th there will be a sewing bee at the hall at 10 a.m.

Word has been received that member Flossie Eno has left the Pontiac Osteopathic Hospital and has been transferred to Green Lake Convalescent Home. Also member Blanche Johnson returned home from a week stay at Ford Hospital, and Mr. Erwin Martin is showing a slight improvement while at St. Mary Hospital.

**DYNAMIC DUO**—Novi's Hugh and Kathy Crawford are quite a team. Last year the young Novi couple served as presidents of the Novi Jaycees and Jaycettes respectively. And this year the Crawfords are continuing their Jaycee work as a husband and wife team. Hugh has been elected vice-president of the District 22 Jaycees, while Kathy was selected to the same position with the District 22 Jaycettes.

## State Jaycees Elect Husband-Wife Team

There's something about Jaycee work which must agree with Hugh and Kathy Crawford.

Last year the hard-working young Novi couple served as presidents of the Novi Jaycees and the Novi Jaycee Auxiliary (Jaycettes) respectively, and this year they managed to keep their husband-wife team in tact while moving up through the Michigan Jaycee hierarchy. Last week, Hugh was elected vice-president of District 22 by nearly 500 Oakland County Jaycees, while, a week earlier, Kathy had been elected to the vice-presidency of the District 22 Jaycettes.

The Jaycees is an international organization of young men and women between the ages of 18 and 35 with the emphasis on leadership training through community service.

The United States Jaycees are divided into state organizations, and each state is divided into regions, districts, and individual chapters. In Michigan there

are 11 regions and 33 districts. "It's pretty unusual for a husband and wife team to be elected to district vice-presidencies," admitted Kathy last week when asked about their election successes.

"It's rare for a husband and wife to be elected to chapter presidencies at the same time," she continued. "But for both of us to be elected to district vice-president is really an honor."

"We're both committed to community involvement," added Hugh. "We're both very committed to Novi. We've lived here all our lives and think that the area is going to see some major changes this year. I think we both wanted to be in a position of leadership where we might, hopefully, provide some direction to what we feel are important issues."

What effect will the busy work load of district responsibility have on their marriage?

"Actually, we'll probably be able to spend just as much, if not more, time than usual, together," said Kathy. "Because we have the same job a lot of our responsibilities will be overlapping and we can work together on them."

Both of the Crawfords have lived in Novi all their lives. Kathy is the former Kathy Cotter. She graduated from Farmington High School in

1960. Hugh was a 1959 graduate of Northville High School.

They were married in September of 1964 and have two children, Douglas, 4 and Amy, 1.

Hugh is a technical representative for the Xerox Corporation, while Kathy is a real estate agent for Ashley and Cox.

How much farther will the Crawfords try to climb through the ranks of the Michigan Jaycees? "I think we'll be ready to call it quits after this year," said Hugh. "It's time to let some of the younger ones take over the leadership roles."

**ROUND 'EM UP**—Corralling prospective ticket buyers Joe Flowers and Christine Heinz are Mrs. Robert Gillick (left) and Mrs. Roger Pelchat. The women are selling tickets to the annual Orchard Hills School Fair set to begin at 6 p.m. Friday, May 19. A pancake supper from 5 to 7 p.m. will kick-off the fair.

## School Sets Jamboree

Kicking off the Orchard Hills School Jamboree will be a pancake supper Friday, May 19.

Beginning at 5 p.m., pancakes will be served until 7 p.m., prepared by Wallace Johnson.

The tickets for the supper are \$1.25 for adults, students, 75 cents; and pre-schoolers, 50 cents.

The jamboree, an annual event held at the school, will

start at 6 p.m., running until 9 p.m.

Scheduled for the evening is a raffle of a television set, golf clubs, clock radio and many other household and sport items. Raffle tickets are 50 cents each or three for \$1.

A surprise musical performance by the Orchard Hills faculty will conclude the jamboree.

Annual events also on tap include a white elephant sale, game rooms, cake walk,

flower shop, spook house, coffee shop and the handicraft shop.

## Police Blotter

# Arrest Two for Break-In

### In Northville

Two youths from Detroit have been charged with the Tuesday morning break-in at Ritchie Brothers Laundry, 331 North Center Street.

Arraigned on charges Tuesday evening of breaking and entering a business place with intent to commit larceny were Wade J. Prolosco, 18, and Michael P. Chernavage, 17.

Both men pled guilty to the charge but their plea was not accepted by 35th District Court Judge Dunbar Davis. The court entered a plea of not guilty and they are being held in jail in lieu of \$10,000 bond. Examination has been set for Monday.

The two are also wanted by Detroit police for questioning in the break-in of a laundry at Seven Mile and Telegraph roads Monday night.

City police were called at 1:41 a.m. Tuesday by a neighbor who heard glass break and saw two males in front of the laundry.

Arriving at the scene, police found the front door of the laundry had been kicked in.

Patrolman Norman Kubitsky and Auxiliary Michael Frice covered the exits of the building, while Patrolman David DeLauder, who spotted a blue van with its lights out leaving Ely Garden Center parking lot across the street, followed the van.

DeLauder stopped the van in the parking lot of Long's Plumbing, 116 East Dunlap Street, arresting the two occupants, later identified as Prolosco and Chernavage, on suspicion of breaking into the laundry.

Further investigation by DeLauder and Patrolman Robert Pankow revealed glass fragments imbedded in the boots of Prolosco and Chernavage and glass on the floor of the van.

Also found in the youths' van were several articles believed taken in the Detroit break-in, police said.

Police reported papers were scattered around the office at Ritchie Brothers Laundry but nothing was reported missing.

Warrants were obtained Tuesday from the Wayne County Prosecutor's Office charging the two with the break-in.

A 19-year-old Farmington youth was sentenced to 20 days in Detroit House of Correction after he pled guilty to fleeing and eluding police officers.

James C. Moodie was arrested by city police May 2 following a high speed chase which began at Beck and Battleford roads and ended at Novi Road south of 12 Mile Road.

He also pled guilty to defective equipment, driving a vehicle without a rear license plate light, and was fined \$9 (suspended).

Moodie appeared in court May 3 before 35th District Judge Dunbar Davis.

According to reports, city police spotted Moodie driving a car without a license plate light on Beck Road and Battleford shortly before 9 p.m.

When they attempted to pull him over, he sped away northbound on Beck, running stop signs at Nine, 10 and 12 Mile Roads, forcing one car off Beck Road and nearly hitting several east and westbound cars on 10 Mile. Police said speeds were clocked up to 90 miles per hour.

Moodie headed eastbound on 12 Mile and police reported seeing several items being thrown out of the car between Beck and Novi roads. The materials were never recovered.

After running a red light at 12 Mile and Novi roads,

Moodie was forced to the shoulder by police where another Northville city car and two Novi police cars cornered him.

When questioned, Moodie told police he was afraid to stop because the license plates on his car were not registered to the vehicle. Police verified his story through a license plate check.

Three passengers in his car, 16-year-old girl and boy and a 15-year-old girl, all from Farmington, were released.

City police are investigating a car stolen from 509 Randolph Street early last Friday morning.

Stolen was a 1969 two-door blue Ford with a black vinyl top bearing Michigan license plates LGF-683.

According to reports, the car was taken between 11:45 p.m. last Thursday and 6:45 a.m. Friday.

An air cleaner from the vehicle, found in the grass at Linden and Randolph streets, was turned over to detective bureau for investigation.

Whoever stole a 1964 Buick from Novi got in an accident and abandoned the car even before the owner reported the car missing.

City police found the car April 27 after they discovered a street sign on the traffic island had been knocked down. They followed tire tracks leading to the abandoned auto.

The car was impounded by Northville police and later reported to Novi police as stolen. The vehicle was traced to the city DPW yard this week.

### FIRE CALLS

May 2—1:01 p.m., 18305 Shadbrook, car fire.

May 3—7:07 p.m., behind Eastlawn Convalescent Center, grass fire.

May 5—12:13 p.m., Grace and Baseline, grass fire.

May 7—6:49 p.m., 46094 Sunset, house fire.

May 9—10:54 p.m., Highland Lakes, truck fire.

### In Township

A Roseville man died Saturday from injuries he received in a three-car accident early last Thursday morning on Eight Mile Road just west of Haggerty.

Claude E. Wetzel died at Bostford Hospital from multiple external and internal injuries. The accident occurred at 3:10 a.m.

According to Wayne County Sheriff's detectives, Mr. Wetzel was eastbound on Eight Mile Road when he crossed the center line and hit a westbound car driven by Nancy Russetti of Livonia.

Both cars then hit another eastbound car driven by Ronald Scoviera of 20120 Westview.

All three drivers were alone in their cars.

Miss Russetti was transported to the city police station by a motorist who arrived at the scene shortly after the accident. She was treated for a cut leg, facial injuries, broken left wrist, cuts and bruises and taken by ambulance to Wayne County General Hospital.

Scoviera suffered cuts, bruises and other injuries but did not require hospitalization, deputies said.

Township police are investigating the break-in of a home May 2 at 19235 Maxwell.

According to reports, unknown persons entered the home around 10 p.m. by breaking a window in the rear door of the home.

Taken were two rifles, two shotguns, a cornet and \$5 in cash. All items were later recovered outside the home.

and one rifle was found in another part of the house.

Consumers Power Company reported pressure and temperature gauges on wells located on Napier Road and Ridge Road were damaged by what police believe were BB gun shots.

The vandalism took place during the past week.

A 1970 blue Honda was stolen from 45950 West Main Street between 9 p.m. April 27 and 9 p.m. April 30. Police are investigating the theft.

Township police recovered two escapees from the women's division of Detroit House of Correction last Thursday at 9:30 p.m.

Both women were apprehended at Pickford and Edenderry about 45 minutes after police were notified of their escape.

### COURT NEWS

Michael B. Perron of Plymouth, arrested May 1 by township police, pled guilty to charges of indecent conduct and possession of marihuana and was sentenced to 90 days in Detroit House of Correction.

The action came May 3 before 35th District Court Judge Dunbar Davis.

On May 2, James M. Behrendt of Ypsilanti pled guilty to an added count of driving while ability impaired and was fined \$104 and placed on one year probation.

Behrendt, who was arrested by city police March 26, had been charged with drunken driving, a charge which was dismissed after he pled guilty to the added account.

John A. Federspill of 21150 East Chigwidon Drive was fined \$154 after he pled "nolle contendere" to an added count of driving while ability impaired.

Arrested by township police April 22, he had been charged with drunken driving, a charge which was dismissed after he pled to the added count.

Wilbert C. Stewart of Detroit was fined \$54 and sentenced to three days in jail (credit given for time already served) after he was found guilty of driving with a suspended license. He also was fined \$9 for prohibited left turn.

Stewart was arrested March 13 by city police.

A Plymouth man, Albert F. Mueller, was fined \$54 after he pled guilty to a charge of drunkenness. He was arrested April 22 by city police.

James R. Gow of Walled Lake was placed on one year probation after he was arrested April 29 by city police for violating probation on another charge.

Two persons pled guilty to driving with expired licenses after they were arrested by city police on traffic warrants.

Richard W. Svatora Jr. of 10434 West Seven Mile Road, arrested April 17, was fined \$29, and Peter W. Bryant of Livonia, arrested April 26, was fined \$24.

Following a pre-sentence investigation, Donald P. Schwartz of Livonia was fined \$54 and placed on one year probation after he pled guilty to an added count of driving while ability impaired.

### In Novi

A quantity of marihuana was discovered last week as Novi police arrested five young Farmington men on charges of being disorderly persons. A sixth person, apprehended at the same time, was found to be a juvenile and released to his father.

The alleged offense occurred Monday, May 1, at 11 p.m. in the Country Place apartment models on Eight Mile Road.

Police received a call informing them that the doors to one of the models was open. While officers were checking the model for signs of vandalism, a subject, followed by two other men, appeared from a second-floor room.

The three men were ordered downstairs. They then told officers no one else was in the building and they had been hired by the developer to clean the models.

When officers checked the second floor of the apartment, however, three more subjects were found and a strong odor of marihuana was noted. Police reported finding a marihuana cigarette on the floor in the room where the second trio of men were found and also observed that the window in the room had been opened. A search of the grounds outside the window turned up another marihuana cigarette and a box of marihuana, police said.

Arrested were Steven John Bomb, 17, Roland James Dulmage, 17; Mark George McMacken, 17; David Melvin LaFleur, 17; and David Allen Riebe, 18, all from Farmington.

The five were released without bail and are to appear in the 52nd District Court May 11, at 2 p.m.

In another offense involving the Country Place development, construction personnel told police 110 sheets of plywood had been stolen from the area sometime between 3:30 p.m. Tuesday, May 2, and 7:10 a.m. the following day.

Value of the lumber was placed at \$440.

Police are investigating a case of forgery involved in the cashing of two stolen checks.

Donald Shott of Novi and Robert Langham of Union Lake told police two checks had been stolen from their business account book and cashed in the amounts of \$76 and \$210. One of the checks was cashed in Plymouth, the other in Novi.

### COURT NEWS

The court-appointed attorney for Jay Roughley waived examination for his client before 52nd District

Court Monday, May 1. The matter has now been bound over to the Circuit Court and Roughley will appear before Judge Frederick Ziem Tuesday, May 16, at 8:30 a.m.

Roughley, a Detroit man, is charged with two counts of gross indecency between two males which allegedly occurred in Novi last summer. Roughley was employed by the city last year to oversee the City Park.

Charges of driving under the influence of liquor were brought against six men last week, as Novi police began cracking down on drunk drivers.

Part of the reason for the increase in arrests is the new state law which reduces the amount of alcohol in the blood stream from .15 to .10 for an individual to be termed legally intoxicated.

Arrested last week were William Wesley Rosebush, 36, of Union Lake; John Francis Findlay, 29, of South Lyon; Gerald Allen Belcher, 21, of 100 Lashbrook in Novi; Robert L. McKay, 33, of Plymouth; Ralph Martin Zachos, 18, of Walled Lake; and Carrol Willison Warkup of Plymouth.

All are scheduled to appear before Judge Martin Boyle in the 52nd District Court in Walled Lake.

Additional charges of fleeing arrest have been lodged against Belcher.

All men were released on \$100 cash bond with the exception of McKay, who was released without bond to his attorney.

### In Wixom

Two juveniles have been taken into custody in regard to a breaking and entering of a cottage at the Finn Camp last week. The two youths were observed walking through the area by an off-duty policeman, who decided to investigate due to the fact that a number of breaking and enterings have occurred at the Finn Camp recently.

One of the youths was found outside a cottage, while the other juvenile was discovered inside the building.

A rowboat was reportedly stolen from 1996 Hopkins near Loon Lake. The owners of the boat told police they had last used it the evening of April 30, pulling it up on the beach when they were finished. The next morning the boat was missing.

Charges of driving under the influence of liquor have been brought against a Detroit man, 18-year old Douglas John Logan. In addition, Michael Anthony Tamburelli, 17, of Highland Park and a passenger in the Logan vehicle, has been arrested on charges of being drunk and disorderly.

Logan was stopped by police at 12:45 a.m. Sunday, April 30, after he had been observed driving his car in an erratic manner.

Tamburelli was arrested when he became disorderly when informed that Logan was being arrested and the car was being impounded.

## Wixom Newsbeat

# Dinner Fetes Seniors

By NANCY DINGELDEY

An urgent call to all citizens of Wixom: First, to the senior citizens of the city.

The Chamber of Commerce is sponsoring a banquet in conjunction with Heritage Day of Michigan Week. All senior citizens, 65 years or older, are invited to be the guests of the Chamber at the dinner to be held at the Vocational Education Center on Beck Road.

It is most important that your reservations be phoned in to Lillian Spencer at 624-2655, Florence Coy at 624-1058 or to City Hall, 624-4557. There is no charge for this dinner and is the City and Chamber's way of honoring you on your day of Michigan Week. Please... make your reservations now.

And to the citizens of Wixom.

The Chamber plans to honor the "Outstanding Senior Citizen of Wixom" during the banquet on May 23. This person or persons will be chosen through response from the citizens of Wixom. Letters nominating your choice for this honor can be sent to the Wixom Chamber of Commerce, Wixom, Michigan. If you feel you wish to remain anonymous in your lovely words about your nominee, you may do so. But it is important that these letters be written.

Why not take a few minutes right now to nominate the person you think deserves recognition?

Marie Walsh and Lois Green, co-chairmen of this year's Michigan Week celebration, have been up to their elbows in work for the past several weeks. More about the complete plans for the week-long event will be carried in this paper next

week. But two days deserve a little plan ahead of time.

The Goodfellows Dance will be the kick-off to Michigan Week, May 20. Tickets are now on sale for \$3.50 each from any smiling Wixom Goodfellow.

For you newcomers, it's a fun time, the dancing great and it's perfect time to become even better acquainted with the folks of Wixom. I like to bill this as the "social event" of the year.

The dance will be held at the UAW Hall on Wixom Road, from 9 p.m. until 1 a.m. Foamy suds, set-ups, pretzels and potato chips are supplied, the rest is up to you. Set May 20 aside and title it "a great evening."

The other day is May 27, Youth Day of Michigan Week. A full day of complete fun is being planned for everyone. The kids bicycle parade in the morning, followed by a fair, hot dogs and pop, a puppet show and another pet show are being offered. Prizes will be awarded in the parade so best start thinking of an entry. For kids interested in the pet show, flyers will be sent home from the school for entries. An additional feature this year will be a turtle race. Times for the various events for youth day will be complete and announced next week.

Kids, you've now about two full weeks to put on your thinking caps... design your bike decorations and groom your pets.

Free TB skin tests are available for anyone wishing to take advantage of this service.

Lew Coy, Oakland County commissioner and chairman of the board of health, announced the clinic sponsored by the Oakland County Health Department and the Oakland County TB Association. The

clinic will be held at the Federal Department Store on Grand River Avenue in Farmington.

Scheduled dates are May 18 through May 21. The hours are from 1 to 9 p.m. on the 18th, 11 a.m. until 9 p.m. on May 19 and 20 and from 12 noon until 5 p.m. on the 21st.

A TB test is required for every child entering kindergarten next fall but it should be a yearly event for everyone... not only children. Take advantage of this offering, it takes but a few seconds of your time.

Parents who have not already registered their children for kindergarten entrance next fall are urged to do so the week of May 15. It is important so that staff needs for next year be determined by the school district. Most registrations are handled through the preschool story hour program held district-wide. However, if a child did not attend these sessions, parents may go to their local elementary school and obtain the necessary registration forms. To be eligible for kindergarten entrance, the child must be five years old on or before December 1. A legal birth certificate must be presented at the time of registration.

Again offered through the Walled Lake school system is the summer sodium fluoride treatment program. Forms are available from the school if your child has not already brought one home. Cost for the program is \$3 with cleaning and application of the fluoride done in one treatment. The program will be conducted at the Voc. Ed. Center under the direction of the Oakland County Health Department.

This Friday night at the Walled Lake United Methodist Church is the scheduled concert of the nationally known folk song team of "Dust and Ashes." Their experience in composing, singing, and performing should provide an evening of enjoyment. Tickets, \$1 for adults and 50 cents for children, will be available at the door.

## Set Prom Cost

Cost of the upcoming Novi senior prom is running considerably under cost of the 1971 prom, student Ron Broquet reported to the board of education Monday.

The fact that the prom is to be held outside the school district this year—at the Hawaiian Gardens—was given as chief reason for the lower cost.

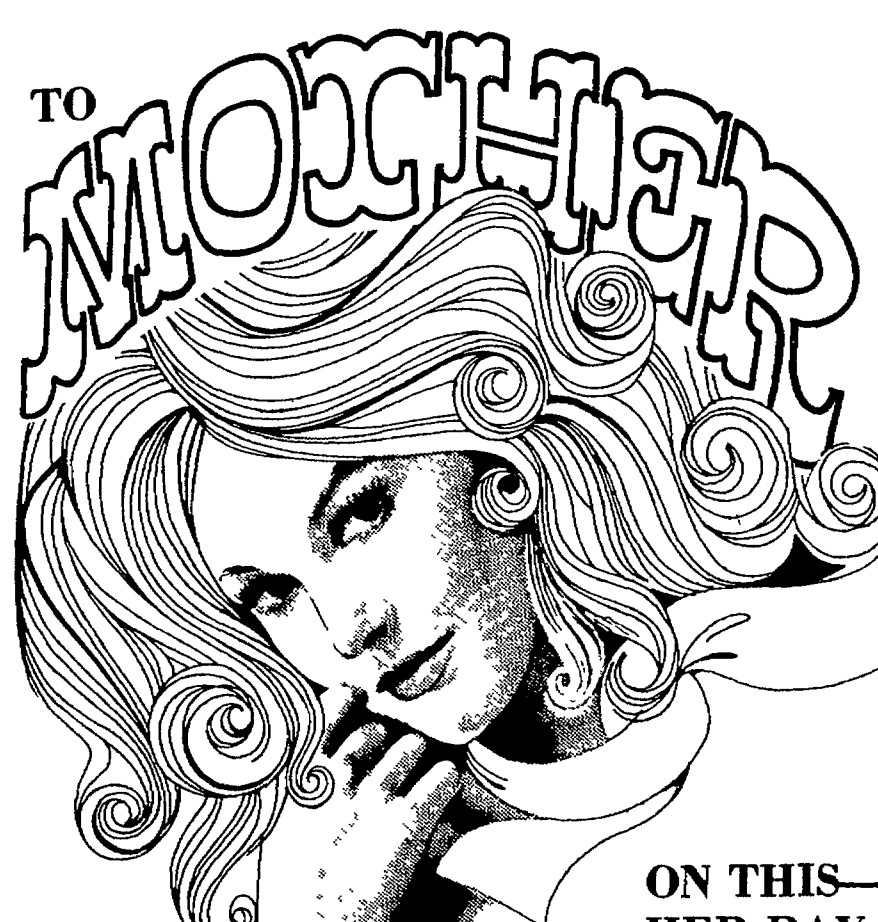

In decorations alone, said Broquet, costs currently are running at approximately \$106 compared to the \$600 tab last year.

Total cost rung up thus far is \$459.83. Last year cost of the in-district prom topped

\$1,600. Tickets for this year's prom, to be held May 19, are \$15 per couple.

## SPEAKING

### for The Record

By BILL SLIGER

This week our newspapers are introducing "Happy Ads", the products of efforts by Joe Busetto and Dawn Whitmarsh of our classified advertising staff.

So in keeping with the spirit of the occasion, I thought a "happy column" might be appropriate.

To give their "Happy Ads" an initial boost, Dawn and Joe inserted a number of (unpaid) little tributes to fellow staffers, such as: "Welcome back" to Mary Donovan who recently underwent surgery; "happy birthday" to Charley Gross, who bade goodbye to the twenties forever on May 2; "congratulations on your new home" to Elaine and Larry Samples (she's our former want-ad chief); "happy birthday to Jeff Whitmarsh", his 13th on the 13th; and from Joe to AG, "Don't you think it's time we made it permanent", an arrangement that I think might be good for our boy, Big Joe.

I was too late for the 4 p.m. Monday deadline to get my "Happy Ads" in the classified column, so I'll use them here—never write my column before Tuesday, anyway.

"Welcome home, Martha Grossmann", our neighbor who just returned from a long siege in the hospital.

"Welcome back, sunshine", that bright ball in the sky that's been hiding, particularly on weekends.

"Congratulations to Jack Hoffman for maintaining a perfect fishing record"—he struck out again despite a 250-mile journey into Ohio where the big ones always bite.

"Congratulations to Northville township officials on their attractive new offices."

"Good work to Councilman Paul Folino for sparking the installation of the new benches and trees planted at Main and Center streets."

"Best of luck to Novi's council in its efforts to pave Taft and Meadowbrook roads", and a word of advice, don't drive on Meadowbrook—it's unsafe for vehicles.

"Keep up the progress at the Fish Hatchery". It's taken a long time, but recent grading gives promise that the new city-township recreation area may become a reality soon.

## Know Your Local Officials

**NORTHVILLE TOWNSHIP** —  
Supervisor Gunnar Stromberg, 349-1600  
Clerk Eleanor Hammond, 349-1600  
Treasurer Joseph Straub, 349-1600

**CITY OF NORTHVILLE** —  
Mayor A. M. Allen, 349-0770  
City Manager Frank Ollendorff, 349-1300  
Clerk Martha Milne, 349-1300

**WIXOM** — Mayor Gilbert C. Willis, 624-1851  
Clerk-Treasurer-Assessor June Buck, 624-4557

**NOVI** — Mayor Joseph Crupi, 349-4922  
City Manager George Athas, 349-4300  
City Clerk Mabel Ash, 349-4300

"Congratulations to Jack Hoffman, again"—he's the new president of the Wayne State University Press Club.

"Welcome back to George Lockhart", Northville's piano tuner who has been playing tunes in England for the past couple of weeks.

"Good luck to Gene Cook and William Fuertges" in the campaign to win approval of millage for Northville schools.

"And good luck, too, in next Tuesday's election" to the Novi Road Improvement Committee in its drive to pass a one-mill levy for Novi roads.

And, finally, three cheers for CCC. What's CCC, you may ask?

It's the Council of Community Concerns, which tries to provide help for youngsters with problems.

Representing the communities of Canton, Plymouth and Northville, CCC headquarters itself at "Our House" in Plymouth. Northville high school's DARTE organization (Drug Addiction Reduced Through Education) recently voted to combine forces with CCC.

Plymouth Youth Officer Carl Berry is president of CCC, and Northville High School Teacher Vic Temple is vice president.

Lending strong support to the organization are the District Court probation department, headed by Dennis Dildy, and the Jaycees.

Like all volunteer organizations, CCC is struggling for money to help finance its important work.

"Our House" was donated by District Judge Dunbar Davis. Some money (\$2,000 each) has been contributed by the governments of the city of Plymouth and the township of Canton. CCC hopes Northville and Plymouth townships and the city of Northville will also help.

Meanwhile, a \$31,000 federal grant has been obtained beginning next July, but evidence of local support must also be provided.

Specifically, the money will be used to obtain the services of professionals at "Our House".

To help in the drive for funds the Jaycees, sparked by the Northville group, is sponsoring a benefit dance on June 16 at Roma Hall in Livonia.

They've hired a band, planned a buffet dinner, lined up prizes. All they need are people at \$12 per couple looking for a good time and anxious to help a good cause.

Any Jaycee will be happy to sell you a ticket or two. And, who knows, the contribution may help turn an unhappy lad's life into a happy one.

\*\*\*

The owner, or owners, of a gasoline can and siphon hose left at a car parked in front of a Linden Court residence in Northville one night last week may reclaim their possessions merely by answering a few questions.

The can and hose were left near the gas tank of Janet Ogilvie's car. They were found by her father as he returned home from an evening meeting.

Janet's father is Northville's city attorney. He promises the questions will be brief and direct.

HUBERT HUMPHREY

## Speaking for Myself

# Busing to Achieve Racial Balance?

GEORGE WALLACE

EDITOR'S NOTE: All Republican and Democratic candidates were invited by this newspaper to answer, for publication, the following single question in 500 words or less: "What is your position on busing to achieve racial balance?" Only four candidates responded. Last week we published the answers of President Richard Nixon and Senator George McGovern. This week the answers of Senator Hubert Humphrey and Alabama Governor George Wallace are published.

## HUMPHREY...

To state a complicated issue simply, I am opposed to busing children away from their neighborhoods unless it improves the quality of their education. It makes no sense to bus a child from a good school to a bad school. It makes sense to bus a child from a poor school to a better school. It makes better sense to improve schools in all neighborhoods, turn poor schools into quality schools through a massive infusion of funds and technology; and at the same time, break down housing barriers as a way of integrating schools.

## WALLACE...

No issue of the current Administration has been of greater concern to the American voter at home than the proper education and safety of his children. This safety and education is certainly jeopardized by busing.

Recently, in a straw vote in Florida over 1,103,856 citizens voted against busing and only 386,724 voted for it. That's 74 percent or 3 out of 4 votes against busing.

In that state's most liberal area - Miami - a straw vote produced some 30,000 votes against busing with a meager 200 votes for it.

Concern over busing is not a problem of the South alone. In fact, there has been more violent concern shown by parents in areas outside the South. Stringent objections have been heard from parents in Northern cities, in the mid-West and on the West Coast. Objections are being heard not only from whites, but from blacks, citizens, Mexican-Americans, Chinese and other races.

Certainly this is a mandate from the American people. Both the Federal Court System and the present Administration seem bent upon ignoring this mandate.

The inaction of the courts toward efforts against busing

indicates that they are aware that they have a bear by the tail. We refer not to ourselves personally, but to the issue of forced busing of children to achieve racial balance. They are well aware that they are on thin ice on this issue.

In 1954 the courts said you cannot assign a student because of race to a certain school. This is all they are doing.

The courts, themselves, are violating the 1964 Civil Rights Act, which says that nothing in this Act empowers any court to rule to bus any child to achieve racial balance. Every Federal Judge in the United States who orders the busing of children to achieve racial balance is violating the law of the land.

Let us stress that it is not our desire to defy the courts or break the law or to encourage any parent or student to break the law. It is our desire to use every means possible within the framework of the law to bring a halt to busing.

Although I favor a constitutional amendment prohibiting forced busing of public school children to achieve racial quotas, this is a long drawn out process. A total of 38 State Legislatures will have to approve the amendment for it to become law. That process could take five years—and there is the possibility that with all the problems facing the various State Legislatures, along with their varied meeting times, 38 states would not approve the amendment.

During the long period of trying to get the approval of 38 states, continued busing would take children millions of miles—injuries and deaths would result and psychological damage to children and parents would continue.

Busing should be stopped and it can be ended by actions of the Congress or the President.

The invasion of rights which have long been reserved to the States by the Federal Government, and especially by the Federal Judiciary, is an extremely dangerous condition.

This nation has the strength to put men on the moon and the strength to control prices and it has the strength to stop little children from having to cross dangerous railroad crossings or from riding 50 miles on a bus.

## Phone Hike Blasted

To the Editor:  
I think Michigan Bell has gone too far this time. They just received their last rate increase in December of 1971. Now they've raised the basic phone rates again. The part that really infuriates me is the 70 cents a month charge for an unlisted number. It seems to me that it would cost them more to print my number, along with the other 150,000 unlisted numbers this rate change will affect, than not to print it at all. The phone is for my use, not for others use. I give my number to the people I feel that need it, and I don't

think I should have to pay to keep it out of the book. I think it's about time the Michigan Bell had some competition, they don't seem to be handling their monopoly very well.

Their unnecessary and inflationary raises point out these startling questions. Are they beyond the control of the federal government? Are they simply too big to be controlled by anyone? We, the victims of this modern world who need a telephone, have to pay these unbelievable rates.

I don't believe their rate increase in December was

justified. For one thing they waste their man-power. Many times driving home I see the telephone trucks parked along the road with the telephone man sitting behind the wheel killing time. If I can see this right out in the open, how much money must they waste at the telephone company itself? I believe that before they ask for rate increases they should first cut down on their waste of money. I believe that government has given them enough raises for the next ten years!

Sincerely yours,  
T.W.G.

To the Editor:  
Why I am going to vote "YES" for the 1 mill tax levy for road improvement in Novi May 16th.

1. The city of Novi is NOT an area to be proud of as it now stands. It is dirty, dusty and depressing. As someone so aptly named it, "Dogpatch."

2. Paved roads will attract new industry and new citizens which will expand our tax base.

3. Paved roads will save more than \$13.00 per year in the cost of road maintenance, as well as public and personal vehicle maintenance costs.

4. Increase the value of my property.

5. Eliminate the clouds of dust which fly over, into and through the car, house, land and lungs.

6. I will save more than \$13.00 per year in car washes.

And, I am in favor of the PRESENT \$14.00 per front foot assessment because of the above reasons as well as the fact that if we wait another year or three or five years, this cost will only go up and up and up. You had better believe that at least the main roads WILL BE PAVED someday so let's do it NOW and not only SAVE money, but also enjoy life without dirt and dust.

Another thought for you is

the tax dollars which we send to Washington and Lansing every year. How much of it comes back to you and I or even the city? Here is a chance to have a tax that YOU & I can personally benefit from!

Ray Anchor  
23950 Meadowbrook

To The Editor:  
In 1964 the Village of Novi spent about \$30,000 to survey, remove trees from the right of way, grade, ditch, gravel and sealcoat about a mile of Beck Road between Grand River and 11 Mile Road.

This section of Beck Road, at that time, was one of the worst in Novi. It was actually impossible to get thru it without a tractor in the spring. Water ran across the middle of it and trees grew where the drainage ditches are now. Today, after 8 years, this section of Beck Road is a reasonably good road. Water no longer runs across it and the City no longer has to salt it in the summer to hold down the dust. This was done without any special assessment on the property owners. We invite you to drive over it before May 16.

On May 16 you will be asked, in effect, to OK the expenditure of \$400,000 to pave one mile at Meadowbrook Road with concrete. The Road Commission proposes to see \$100,000 that has been saved from the State Highway money and to bond for \$265,000 to be paid for out of future State Highway funds. This is money that belongs to the whole community. It should be used on the other 55 miles of "Beck" roads also. It has also been proposed that the City pay 20 percent of the cost if the 1 mill passes. This is \$80,000. The rest of the cost is to be paid by special assessment of some \$14 per front foot.

The one mill is also to be used to pay 20 percent of the cost of recapping most of the subdivision roads south of 10 Mile Road. Nothing is said about Novi Heights, Summit Hills, the numerous subdivisions around Walled Lake

or the remaining 55 miles of "Beck" roads.

The idea is that if the subdivisions are offered a "carrot" by way of the 20 percent participation in recapping their roads the subdivisions will vote for the 1 mill.

This is called politics. No one will deny that the road situation is critical in Novi. In our opinion we are 14 years late with our present fervor. For the past 14 years the Village and City have been taking money that should have been used to recap subdivision roads and spending it for salt to keep the dust on the old "Beck" roads, at the rate of some \$10,000 a year. This has done nothing to improve them.

The problem is not in the subdivisions but with the "Beck" roads. Sure the subdivision roads need recapping but they are up to grade, people can get out in the spring, and they are not choked with dust in the fall.

If the figures in the papers are correct it will cost \$800,000 to recap the subdivision roads and some \$700,000 to pave Meadowbrook and Taft. This adds up to \$1.5 million. Twenty percent of this is \$300,000 which will take 4 1/2 yrs. to pay off with the one mill assessment. In that time state highway moneys will be used to pay on the bonds and buy salt. Nothing will be done to the 55 miles of "Beck" roads.

It boils down to this: can this community afford to spend \$400,000 to pave one mile of Meadowbrook Road with concrete and leave the people on the other 55 miles of "Beck" Roads in the mud and dust for the next four to five years?

This is what you are voting on May 16.

A Russell Button

## Applauded

To the Editor:  
As parents and tax-payers we congratulate and applaud "R.W." for the well stated letter in the April 27th Northville Record.

Thank you.

Obituaries

# Former Village President Dies

Elmer L. Smith, former village president of Northville, died Friday, May 5, at Whitehall Convalescent Home in Novi.

A resident of Northville for the past 60 years, Mr. Smith, who was 90, formerly lived at 701 Spring Drive.

Born January 21, 1882, in Brighton, he was the son of Arthur and Carrie (Carpenter) Smith.

He headed the village in 1926 and 1927, when Northville incorporated under the village charter. Mr. Smith was a retired insurance and real estate broker, having worked with Lovell and Smith and Smith and Bloom agencies.

A member of the Northville Driving Club, he was president of the Northville Exchange Club and was a member of Northville Lodge 186 - F&AM, Northville Commandery 39, Mausoleum Temple of Detroit and Northville Wayne County Fair association.

His wife, Jessie, preceded him in death.

ELMER SMITH

Surviving are a sister, Mrs. Edna Ratz of Brighton, and a niece, Mrs. Elizabeth Van Ornum of Plymouth.

Funeral services were held May 6 at Rural Hill Mausoleum where the Reverend Ernest Crocker of Brighton officiated. Entombment was in Rural Hill Mausoleum with funeral arrangements made through the Casterline Funeral Home.

★ ★ ★ ★

ROGER J. BOSCA

Roger John Bosca, 22, of 3132 Roselawn in Walled Lake died Monday, May 1, in Highland Park General Hospital following an accident at a construction site in Highland Park.

Funeral services were held Friday, May 5, at St. Kenneth Parish in Plymouth where the Reverend Father James A. Machak officiated. Burial was in Salem Walker Cemetery, Salem, with funeral arrangements made through the Casterline Funeral Home.

Mr. Bosca was born June 27, 1949, in Detroit, the son of Eugene and Catherine (Rosalik) Bosca. He moved to Walled Lake two and one-half years ago and was employed as an apprentice plumber.

Survivors include his widow, the former Margaret Tiffin, two daughters, Corey Ann and Cherie Lynne, his father of Union Lake and his mother of Plymouth, and a sister, Mrs. Pam Eckles of Plymouth.

JACK D. GOEBEL

Services were held at the Casterline Funeral Home Wednesday for Jack D. Goebel of Ypsilanti who died Sunday, May 7, at University of Michigan Hospital in Ann Arbor.

Mr. Goebel, 38, a foreman at the Rawsonville Plant of Ford Motor Company, was shot by an employee while on duty at the plant.

Born July 17, 1933, in Plymouth, he was the son of Henry D. and Vivian (Honey) Goebel. A resident of Ypsilanti for the past 12 years, he was a member of St. Peter Evangelical Lutheran Church in Plymouth and a veteran of the Korean War, having served with the US Navy. He graduated from Plymouth High School.

Surviving are his widow, the former Elizabeth Kneppreth, his parents who live in Plymouth, one daughter, Kathleen of Ypsilanti, three sons, Mark and Matthew of Ypsilanti, Michael of Coldwater, and two sisters Mrs. Mary Simpson and Miss Judith Goebel, both of Plymouth.

Funeral services were held at the Casterline Funeral Home where the Reverend Leonard J. Koeninger of St. Peter Evangelical Lutheran Church officiated. Burial was in Riverside Cemetery, Plymouth.

ALICE H. GIBSON

A resident of Northville for more than 50 years, Alice H. Gibson of 44711 West Six Mile Road died Sunday, May 7, at her home. She was 84 years old.

Born November 24, 1887, in Owosso, she was the daughter of John and Emma (Chipman) Hoyt. On October 28, 1914, she married James Ralph Gibson in Owosso. In 1920, she and her husband moved to a farm on West Six Mile Road.

Mrs. Gibson was a member of the First Congregational Church in Owosso.

Surviving besides her husband are four daughters, Mrs. Catherine Thomson, Miss Harriet Gibson, Miss Myra Gibson all of Northville, Miss Marjorie Rutenbar of Lionville, Penn-

# Readers Speak

# Last School Musical?

To The Editor:

Although I sat enchanted through the entire high school presentation of "Guys and Dolls" last Saturday evening, I felt a kind of sadness when the performance was over. As one delightful scene followed another and one

individual talent was exposed after another, I could only wonder when and if we would see another musical, another play, another performance of any kind. The four nights were not lost to those hard working young people. They proved their talents; they

mastered many skills, and they worked together in a spirited endeavor.

Over 154 students (I counted their names on the program), participated in this extra curricular activity. They were the actors and actresses, the girl and boy chorus

groups, the band, the student directors, the stage crew, the light and sound people, and those who worked on set construction, costumes, props, make-up, tickets, painting, ushering and publicity. The program said "many others helped when they could." Regardless of the role a student had in this production he spent many hours perfecting a talent, a skill, or learning to work together for a common goal.

# Backs Road Millage

To The Editor:

I am usually opposed to tax increases when they represent increased cost to do the same job. I am in favor of the one-mill levy the City of Novi is requesting for roads because this money will be earmarked solely for improvement and construction of city streets (not maintenance), and this is a job that the city is not now doing.

We should first understand that the city currently maintains the roads with gasoline tax monies collected by the state and shared with local communities. These funds are not sufficient to pay for more than minimum maintenance, as all who use our roads know. The requested one-mill tax will be used to pay the city share of proposed paving, resurfacing and other improvements.

To date, the city has undertaken only one paving program, that is the portion of Nine Mile Road from Novi Road east for about 3000 feet. This road improvement was requested by, and is being paid for primarily by the industrial property owners in that area. The share which the city must pay will exhaust

To continue the paving of city streets, the one-mill tax levy is needed to pay the city share, or that portion of benefit received by the community in general, and I believe that almost every resident will benefit from it. We have four basic groups of residents.

First, those who live on the city mile roads will benefit because the city should be able to pay a realistic share of paving those roads, and the residents should not then be asked to pave roads used mostly by other people. Second, the subdivision residents will benefit because the city will be able to pay a share of resurfacing the streets within the older subdivisions. Third, the residents of the newer subdivisions will benefit when the gravel roads to their subdivisions are paved or improved. Fourth, even those who live on paved county roads will benefit from the long range program by being able to take direct routes instead of going the long way around in order to stay on the paved county roads. Finally, everyone will benefit from decreased personal repair cost for their own cars.

believe that everyone stands to benefit from a road program. In such a program, the city must have the revenue to pay its share for general road use. What are the alternatives if the proposed one-mill tax fails? If the city cannot pay its share of paving costs, the total cost would fall on the abutting property owners; however, the legality of this total assessment procedure has been successfully contested in the courts and the community must pay a general use portion of road improvements.

If the one-mill levy fails, the road improvement program will probably die with it and our roads will continue to become progressively worse each year. We will then go on paying more than one mill to replace springs and shock absorbers on our cars.

I feel that we are badly in need of a road program just to keep up with current community development. If we wait any longer, we won't be able to catch up at any reasonable cost. I am going to vote for this one-mill tax for roads and I hope that many others will see the need and the benefits.

Donald C. Young Jr.  
Councilman,  
City of Novi

As previously stated, I

# Beauty Amid Rubble of War

To The Editor:

From 1914 until 1918 the battlefields of Europe were trampled by the boots of millions of fighting men. American troops were part of the Allied Forces which fought to bring peace to Europe and liberty to its subjected peoples. Months of hard fighting and thousands of lives were the price paid for this objective. As American troops advanced through France and Flanders the only touch of life and beauty they often saw were the wild poppies that bloomed amid the rubble of war.

Along the trenches, around the shell craters and wreckage the little poppies grew and bloomed. The tiny blossoms also covered the

graves of American fighting men who had fallen on the battlefields, they soon became the symbol of sacrifice to the living.

Other wars have been fought since that time, some of the battles taking place on the same fields of Europe. Thousands of American fighting men again were called upon to make the ultimate sacrifice for freedom and the poppy has become the symbol of our dead of the past wars. It is recognized as the emblem of the high ideals for which these fighting men gave their lives and many of their comrades suffered injury.

This is why we pin on a poppy as a tribute both to the dead and the living American servicemen. The poppies still

cover the fields of France beneath which many of them lie. On Poppy Day we all have an opportunity to place this memorial flower over our hearts in tribute to the sacrifice which they made.

Each year, millions of Americans walk to their homes and offices wearing little red poppies. These small flowers are offered to the public by the women of the American Legion Auxiliary and other volunteer workers who donate their time and efforts for this purpose.

On May 18th through 20th, all of us will be asked to wear

a red memorial poppy. Once each year Americans observe Poppy Day, which is a voluntary tribute to our dead and disabled servicemen.

# Little League Seeks Umpires

Novi's Little League summer baseball program needs umpires and they've assigned the job of rounding up the "Men in Blue" to Richard Faulkner.

Faulkner, a detective lieutenant in the Novi Police Department, is serving as "Umpire in Chief" for the little league this year.

"We'll have four leagues going pretty soon," said Faulkner, "and we're going need a minimum of eight umpires per day."

Anyone interested in ser-

ving as an umpire should contact Faulkner at 349-2444. Umpires, who must be 14 years old, are paid on a per game basis, but Faulkner would like to hear from volunteers in order to lighten the financial burden on league coffers.

# 'Officials Goofed'

Dear Editor:

Consistent with last year's policy to destroy school spirit at the Walled Lake Jr. High, the administration has again scheduled this year's school trip to Bob-Lo and the Junior Olympics competition on the same day, June 3.

Participants of the olympics will have trouble hearing the cheers of their fellow students from the Bob-Lo boat.

Sincerely,  
Mrs. Lori Miller

# Wildcat Nine Beats Lincoln, Milan

**STREAKING FOR HOME**—His mod haircut blowing in the wind, Novi's Gary Colton streaks around third base and heads for home, as the

opposing third baseman can only watch and wait. Colton's efforts helped the Wildcats to win two of their three games last week.

If Novi baseball coach Rick Trudeau feels a trifle uneasy about the week's upcoming games, who can blame him?

At first glance the schedule would seem to be an easy one. South Lyon, Tuesday's foe, and Dexter, who the Wildcats play Friday, are both deadlocked in the Southeastern Conference cellar with identical 2-6 records, and Brighton, who Novi plays Wednesday, has won only a single game all year long.

But there is good reason for Trudeau's trepidation.

The problem is that the Novi nine have displayed some unsettling tendencies in their games so far this season. In the first place, the Wildcats tend to be a very "streaky" type of team. They will win all their games one week and lose

all their games the next. So far their weekly records have been 0-3, 3-0, 1-3, and 2-0. If that trend continues, the coming week could be a rough one.

The second bad habit the Wildcat nine seems to have acquired is an ability to lose to the poor squads, while beating the good teams. In the Southeastern Conference half their losses have been delivered by second division teams, while half their victories have come against the two league leaders. In fact, Novi's 4-2 triumph over Chelsea is the only loss suffered by the Bulldogs all year long.

"I wish I could figure out why we do what we do," said Trudeau when asked about his team's erratic play. "The only thing I can think of is that

we seem to be able to hit good pitching. We'll hit a good hard thrower like Chelsea has, but we have trouble with the pitchers who can't burn the ball and have to get by on slow stuff. It's strange, but for some reason we can't seem to hit the less talented pitchers in the league."

Last week was a good one for the Wildcats, as they knocked off both Ypsilanti Lincoln and second-place Milan. The only sad note was that it could well have been a much better week.

Novi's first game with Milan had been halted by darkness after nine innings with the score deadlocked at 3-3 and the two teams agreed to play a decision Friday as a prelude to their regularly-scheduled encounter.

Batting in the top of the

tenth, the Wildcats promptly scored two runs and seemed on the verge of victory. Unfortunately, the Big Red came battling back to tie the score in the bottom of the tenth and then scored again in the eleventh to take a 6-5 victory.

Novi's two runs came without benefit of a hit. Bob Pisha walked with one out and two consecutive errors by the Milan shortstop on balls hit by Steve Bosak and Tim Assemany accounted for both Novi runs.

The Wildcats were equally generous in the bottom of the tenth A base on balls and errors by both the second baseman and shortstop loaded the bases, and Bruce Sander's single tied the score at five apiece.

The decisive run came in the very next inning, however, as a sacrifice fly off the bat of Joe Hitchcock brought the game to an end with Milan on top 6-5.

Novi managed a split for the day's activities by taking a 10-6 decision in the regularly scheduled game, but the contest was a lot closer than indicated by the final score.

It shouldn't have been. The Wildcats broke through for 4 runs in the first inning as hard-hitting Bob Pisha blasted a bases-loaded double and later scored himself on an infield out. Milan managed an unearned run off Joe LaFleche in the top of the second to cut the lead to 4-1, but singles by John Pantalone, Gary Colton, and Bosak in the bottom of the second restored Novi's four-run lead by a score of 5-1.

But the Big Red kept chipping away at the lead. They added single runs in the third and fourth and then pushed across two more tallies in the top of the fifth to tie the score at five-all. Novi regained the lead in the bottom of the fifth as Pisha blasted his second long double of the game, moved to third as Pat Ford flied to center, and then raced across the plate as Tim Assemany laid down a perfectly executed bunt on the suicide-squeeze play.

Pantalone, who replaced Bosak on the mound for Novi, held the Big Red scoreless in the top of the sixth and Novi put the game out of reach with a four run outburst in their half of the inning. Pantalone was credited with the victory.

For Pantalone it was the second victory of the week Tuesday the junior left-hander fired a one-hitter against Ypsilanti Lincoln to pace his teammates to a 5-2 victory.

Again the game was a lot closer than indicated by the final score, as Novi tallied three times in the bottom of the sixth to move out of a 2-2 tie and take the victory.

Both Lincoln runs were unearned. A misplayed run-down in the first inning enabled Ed Beller to score all the way from first after Pantalone had picked him off with two outs, and errors by the catcher and third baseman brought in the second Lincoln run in the

Continued on 12-A

## Jayvees Drop Three

The pitchers on Coach Bob Wineburger's Novi junior varsity should have sued their hitters for non-support.

They'd have won their case in a breeze.

The Novi jayvees played three games last week and lost each one of them, as the Wildcat hitters collected a total of just eight hits and went down on strikes no fewer than 33 times.

South Lyon's junior varsity took the measure of Novi Tuesday, eking out a 4-2 victory.

"It would have been worse," said Wineburger, "except for the fact that we had three double plays and we fouled two squeeze plays."

T - 1 home run hit Novi 9-2 in

the game. Both Novi runs were the results of triples. Mike Riley stroked a three-bagger and scored the first Wildcat run on a ground out, while Roger Pelchat tripled in the seventh inning and scored on a double steal.

Novi's game with Hartland Wednesday found the Wildcats collecting just two hits and ending up on the short end of a 7-1 score. The game was knotted at 1-1 through the first five innings, when Wineburger replaced starting hurler Ed Brown and Hartland jumped all over the reliever to score six runs and put the game out of reach 7-1.

Roger Pelchat scored the lone Novi tally, as he was hit by a pitch, stole second and

third, and rode home on Ron Buck's sacrifice fly.

Wineburger had a unique explanation for his team's loss to Milan Friday. "Their field is so bad that if you hit the ball on the ground you either get a hit or an error, and they hit the ball on the ground more than we did," he said.

Milan won 4-2.

Novi had the winning runs on base in the seventh inning, but couldn't push them across. The Wildcats had just two hits in the game, but thanks to the Milan errors on the ground balls and a succession of walks, left 11 men on base.

## But Thinclads Lose

# Ross, Distance Runners Shine

Things were proceeding as usual for Del Munson and his Novi High School track team last week. The Wildcats lost their fifth and sixth Southeastern Conference dual meet of the season and

another key Novi performer was forced to the sidelines with an injury.

Latest Wildcat to succumb to injuries was Pat Boyer, school record holder in the high jump and 120 yard low hurdles, and a potential four-event winner every time the Novi thinclads set foot on the track.

But if Munson did not seem overly concerned with the loss of Boyer, perhaps the reason for that lack of concern is that the loss of key performers has happened to the Novi mentor so frequently this year he's becoming accustomed to it. After all, two other

potential double and triple event winners have already been lost for the season as Steve Lukkari and Jim VanWagner were lost with knee injuries. And senior hurdler Jim Willenius has been forced out of action for the past two and a half weeks with a pulled groin muscle.

But that's enough of the sad news. In spite of the losses and injuries, Munson still could find good reason for a smile last week.

For one thing, Willenius returned to action Tuesday with a second place in the low hurdles against Saline and then came back Thursday

against Dundee to win the lows with a 22.4 clocking.

And for two more things, VanWagner began workouts on his tender knee and Boyer's injury turned out to be a lot less serious than first believed.

And for yet another few things, there was the work of Bill Ross and the Wildcat distance runners, Dave Miller and Kirk Rosey.

Ross, a junior, has been a most pleasant surprise for Munson this spring. A transfer student from St. Louis, Ross has already set a new school record in the 880 and is within tenths of a second of setting a new school record in the 440. Together with VanWagner, Boyer, and Lukkari, he should provide Novi with their strongest track team in history next season - provided, of course, they all manage to stay healthy.

Last week Ross posted his best times in both the 440 and 880. His 53.3 clocking in the quarter mile against Dundee was good for first place and was a scant three tenths of a second off the school record. Against Saline the fleet-footed junior lowered his own school 880 mark by completing the two laps in the excellent time of 2:03.2.

Novi's top two distance runners - Kirk Rosey and David Miller - have been performing both well and consistently all season long for Munson, but as is often the case with distance runners

their efforts have been overshadowed by the exploits of the performers in the shorter distances.

Rosey, in particular, had his best week of the season, winning the mile against Dundee with a 4:52.7 clocking and posting his fastest time of the season in topping the Saline milers with a 4:51.8 timing.

Miller, the little two-miler who has made that event a strong one for Novi, finished third against Saline, but came back strong against Dundee to win his specialty with a time of 10:56.1.

Novi would have had little chance to beat Saline Tuesday even if Boyer had been able to perform. Runner-up to Chelsea for Southeastern Conference honors for the past few seasons, the Hornets have come up with a powerful squad this year and have been devastating one opponent after another, as they seem on the verge of capturing the conference track title.

They blasted the Wildcats 100-23, winning 13 of the 15 events.

"Saline has got to be the class of the league as far as I can see," said an obviously impressed Munson in recounting the one-sided meet. "They certainly showed us they've got an awfully powerful track team."

Novi's lone two first place finishes were recorded by Ross in the 880 (2:03.2) and Rosey in the mile (4:51.8). The rest of the Novi points were garnered through two seconds and seven thirds.

Gary Collins finished second in the shot put with a heave of 38'9" and Willenius' 22.4 clocking was good for second place in the 180 yard

low hurdles.

Third places were taken by Ross in the long jump (18'8") and 440 (54.6), Collins in the high jump (8'), Duane Miller in the pole vault (9'), Greg Seidel in the 100 (11.8), Randy Woodward in the 220 (26.4), and Dave Miller in the two mile (11:09.6).

The Wildcats fared considerably better against Dundee Thursday, but without Boyer they still suffered a 78-45 setback.

Ross was a double winner in the meet, taking the long jump (18'10") and the 440 (53.3). Other victories were posted by Rosey in the mile (4:52.7), Dave Miller in the two mile (10:56.1), Willenius in the lows (22.4) and the mile relay team of Ross, Duane Miller, Woodward, and Rosey (3:48.2).

## Wildcat

Wildcat of the Week honors go to Bill Ross. The speedy junior middle distance runner has established himself as one of the top thinclads in the history of Novi High School. His 2:03.2 clocking for the 880 stands as a school record, and his 53.3 best in the 440 is just .3 of a second off the school mark.

**SUPER-FROSH**—Amid all the clamor over the outstanding sophomores on the Northville track team, the fact that Coach Ralph Redmond has some pretty talented freshmen has been practically overlooked. Here Blair Robinson, a mere ninth grader, hurtles through the air en route to a 20'4" performance in the long jump. The leap was good for first place and was cited as a key victory in the Northville's upset of Harrison.

## Need Experience

# Netters Lose 2

While Ralph Redmond's sophomore-infested track team has acquitted itself remarkably well this season, Bob Simpson's sophomore-laden tennis squad is playing much more like sophomores and freshmen are supposed to.

Last week the Northville netters dropped matches to Livonia Churchill and Fenton as they saw their season's mark fall to 2-6.

Simpson is far from pushing the panic button, however. "I'm not planning any major changes," he says. "We're competing against predominantly older teams and we're just trying to pick up experience. None of our doubles teams have ever played together before and they're just starting to pick up the teamwork and knowledge of their partners that they have to have to win in doubles."

The Mustangs loss to Churchill was a decisive one, as they fell 7-0 and failed to take even a single set from the Livonia squad.

"Churchill had too much for

us," Simpson agreed. "The closest we came to winning a set came in both the number one and two singles matches when Greg Boll and John Jerome pushed their opponents out to 12 games before yielding the set."

Boll and Jerome lost their matches by identical 2-6, 5-7 scores. Frank Knott lost 0-6, 3-6 at third singles and Bob Wright fell 3-6, 1-6 at fourth singles.

In doubles competition Tom Millington and Rick Norton lost 1-6, 4-6 at first doubles, while the second doubles team of Gary Eaker and John Sewell fell 3-6, 0-6 to the Churchill netters. Chris Johnson and Jim Bonamici, playing in the third singles slot, lost 1-6, 2-6.

The Mustangs did considerably better in losing to Fenton, as they won three matches before succumbing 4-3, but the loss was a

## No-Hitter

Kevin Ary fired a no-hitter and struck out 16 batters as play in the Novi Little League got underway last week. Ary's stellar mound performance enabled B.V. to defeat Novi Volunteer Fire Department 4-0.

## Schedule

**THURSDAY MAY 11**  
Track Pinckney at Novi, 7 p.m.

Track Northville at Western Six League Meet at Waterford Mott, 6 p.m.

# Softball League Begins Season

Walled Lake's Industrial Softball League got underway last week as seven games, were completed in spite of the cool weather and frequent showers which marred the opening week.

In the first game of the season, Brandenburg Construction got off to a successful start by topping Copper Mug 7-3 behind the pitching performance of Dave Houston.

Novi's Stricker Paint also got the season off on the right foot by registering a 5-2 victory over New Hudson Inn.

Floyd McClelland was on the mound for the winners.

Paul Snapp rapped out five hits in five trips to the plate as he helped W.L.B.M. take a lop-sided 18-3 victory over Liberty Tool.

In other games William's Research topped Paul Proffitt Custom homes 12-5; Copper Mug evened their record at 1-1 by edging John Perrone 11-9; Wixom Bar finished ahead of Michigan Building Components in a 16-13 slugfest; and Michigan Tractor plowed under Lake Optical 8-1.

# Amazing Thinclads Surprise Harrison

"Once I realized we had it all wrapped up, I eased up on them," said Northville track coach Ralph Redmond, his face a study of serious concentration. "We ended up beating them by two points, 62-60 - I don't like to pour it on."

And then his face broke into a broad smile - the smile of a man who knows he's not only escaped by the skin on his teeth, but also the smile of a man who has just beaten a team he has no right to have beaten.

Redmond's young, inexperienced track team had just recorded a 62-60 victory over Farmington Harrison and nobody was more surprised than Redmond.

"They're not a great team," said the Northville mentor, "but they're a very fine team and they have two truly superior performers on their squad in Frank Archangeli and Dan McConeghy. We said at the start of the season that we might be able to surprise somebody and score an upset and this was it. I think we might have caught them a little bit off-guard and our boys were really up for the meet. Those two things are what gave us the victory."

And so by virtue of the victory Redmond's young thinclads now have a 7-3 season's record - the best of any Northville spring team - and a 2-1 mark against Western Six Conference foes.

"Our season's goal was just to break even," said Redmond, "and now we're 7-3. From that point of view we've had a successful season. We still have a long way to go as far as conditioning, and our freshmen and sophomores are making a lot of mistakes that I hoped we could eliminate before the year is over, but as far as wins and losses, we've already bettered the goals we set for ourselves."

Redmond singled out freshman Blair Robinson as the key to the Mustangs' upset of Farmington Harrison. "Blair just had a great night for us," the Northville coach stated. "He just totally expended himself. He came out of that meet completely physically exhausted."

Robinson's victory in the long jump was an unexpected one, as he got off his best leap of the season - 20'4" - on his next to last jump to top Harrison's Joe Doa. In addition the freshman sprinter, anchored the victorious 880 relay team, finished third in the 220 yard dash, and anchored the 440 yard relay team which had to settle for second in spite of posting an identical 47.6 timing with Harrison in the event.

A second important upset came in the 100 yard dash where Phil Guider finished split-seconds in front of Harrison's Dan McGrath. Guider was timed in 10.6 seconds, while teammate Brad Cole finished behind McGrath with a 10.7 clocking.

The decisive points came in the shot put and the two mile run, as the Mustangs swept both events and outpointed the Hawks 18-0.

Sophomore Jim Porterfield continued his undefeated season in the shot put as he grabbed first place honors with a heave of 44'11". Senior Randy LaFevre and junior

Bill Witek completed the Northville sweep of the event as they recorded puts of 41'2" and 40'11" respectively.

Senior co-captain Guy Dixon won the two mile run with a time of 10:35.7, and he was followed across the line by freshman Fred Shipley and junior Jeff Menyhart to complete the Northville sweep.

The nine points in the two

mile enabled the Mustangs to open up a 58-45 lead with just three events left to run. Northville scored just four points after that (Guider and Robinson took second and third in the 220), but those four points were sufficient to give them the 62-60 victory.

Harrison recorded more first places than the Mustangs did and they had their "Big Two" - Archangeli and McConeghy - to thank for it.

Archangeli won the 440 (53.5) and the 880 (2:01.9), while McConeghy won the 120 yard high hurdles in 15.7 seconds, barely nipping Brad Cole at the tape, and the 180 yard low hurdles (19.9) as well as the high jump with a leap of 5'10".

In addition to Robinson's victory in the long jump, Porterfield's shot put victory, Dixon's two mile triumph, Guider's 100 yard dash upset, and the victory of the 880 yard

relay team of Guider, Steve Griggs, and Mark and Blair Robinson, Northville won two other events.

Sophomore Guy Cole cruised to an easy 4:42.2 victory in the mile run and junior Bill Witek won the pole vault, clearing the bar at 11 feet.

"It was our biggest victory of the season," said Redmond.

## In West-6 Race

# Mustangs Fall Back

You can just about dismiss any lingering hopes that the Northville High School baseball team will be bringing home the Western Six Conference title this year.

It just ain't gonna happen. Last week Coach Chuck Shonta's charges dropped a 5-1 decision to Livonia Churchill and saw their league record fall to 1-3--a full two and a half games behind Farmington Harrison's league-leading 4-1 pace.

"It looks dim, there's no doubt about that," admitted Shonta after the Churchill loss. "It's not impossible, though. I see no reason why we couldn't get hot and win the rest of our games and if somebody would knock off Harrison for us we'd be right up in there tied for first place. But still, I'd have to say that we've got little room left for mistakes if we're going to make a move."

The Mustangs split their two games last week. Jeff Moon fired a fine one-hitter to lead his teammates to a 3-0 conquest of Livonia Clarenceville in a non-league game. The victory brought

Northville's season's record to 3-5.

Needless to say, 3-5 is hardly a good record under any set of circumstances, but for a Northville team such a record is practically unheard of. Over the years the Mustangs have established themselves as a perennial baseball power, and the 1972 edition promised to continue that tradition.

"I think two things have hurt us," said Shonta the other day. "And number one is the weather. We've had just eight games in two months and you can't play baseball that infrequently and hope to have a good team."

"Scott (Evans) and Jeff (Moon) are two fine pitchers, but neither one of them has been particularly sharp this year in relation to what they're capable of. They're just not getting enough work. For them to be throwing good ball, they've got to pitch every fourth day."

"The hitters have been hurt just as much if not more," Shonta continued. "Just about the time they get their timing we have a long lay-off and they have to start from the beginning. Our team batting

average is .108 and I know we've got better hitters than that."

The second factor working against the Mustangs is their youth. "When you've got a young team, you've got to play a lot of games to get them working together," said Shonta. "We've had so few games these kids haven't been able to pick up the experience they need in operating as a unit."

Northville's game with Churchill was similar in many respects to the first meeting between the two clubs. In that game the Mustangs had broken open a tight pitcher's battle between Scott Evans and Jim Wood by exploding for four runs in the fifth inning to take a 5-2 triumph.

Once again Evans and Wood were locked in a tight battle until the sixth inning when the Chargers struck for three runs to break open a 2-1 game and take a 5-1 victory.

Churchill picked up a pair of runs in the second inning on a walk, a triple by Bruce VanWagoner, and an infield out. Northville's lone run came an inning later as Jesse Stevenson led off with a single and then scored all the way

from first on a double off the bat of John Sherman.

And that was all the scoring until Churchill's sixth inning outburst. A walk and back to back doubles by Mick Crom and Randy Dreher brought in two runs and VanWagoner connected for his third consecutive hit of the game--a single--to drive in the third run.

Evans was tagged with the loss. He gave up six hits and three walks, while fanning eight Charger hitters. Wood, the Churchill hurler charged with the loss in the first game, picked up the victory, giving up four hits and recording four strikeouts.

The Mustangs got back on the winning track against Clarenceville Friday. Again their offensive attack was something out of awesome, but the way Jeff Moon was pitching it didn't make much difference.

The big left hander yielded just a single hit--a second inning single off the bat of Bruce Luka--in posting his finest mound performance of the season.

Northville's first run came without the benefit of a hit. Dale Griffith walked with one down in the second, stole second, and then scored on an error.

Griffith also scored the second Northville run, coming across the plate on Tim Marzonie's single after (singling and moving to second on) a stolen base.

Northville's final run came in the fifth. Bart Taylor reached first when the shortstop bobbled his grounder, moved to second as Rick LaRue grounded out to the second baseman, and then came in to score on a single off the bat of Bill McDonald.

## Mustanger

Mustang of the Week honors go to Jeff Moon. The 6'3" lefthander picked up his second triumph of the season as he held the Clarenceville Trojans to a single hit while hurling his teammates to a 3-0 decision. Moon struck out seven hitters and yielded just two bases on balls in going the route on the mound. In addition, he is hitting the ball at a fine .377 clip to lead all Mustang batters.

# Jayvees Romp

While their counterparts on the varsity struggle along with a meager .108 team batting mark, Northville's junior varsity nine is hitting the ball as if there were no tomorrow.

After seven games the junior Mustangs have a lofty team batting mark of .322 and two team regulars, shortstop Ed Lucas and first baseman Dan Coleman, are swatting the ball at a .555 and .522 rate respectively.

Latest victim of the hard-hitting Northville junior varsity was the Clarenceville Trojans who were bombarded 21-5 Friday, as the Mustangs scored in every inning and stroked out 22 hits.

Lucas collected three hits in four trips to the plate and had three RBI's in the romp. Jim O'Brien, three for four with four RBI's and Ron Renault, three for three with four RBI's shared hitting honors with Lucas.

Coached by Gary Emerson, the Northville jayvee now has a 5-2 record and are 2-0 against Western Six Conference foes. Only losses

were a 7-4 decision to Plymouth and an 8-1 licking administered by Hartland.

"We meet Hartland later this week," Emerson said, "and we're looking to avenge that defeat."

John Boland was the winning pitcher in the Clarenceville debacle. His record is now 2-0 for the season.

BUD DYE

Air conditioners in the hot months--nothing could be more necessary. But often we do not realize that our air conditioners are not running up to capacity. Follow the manufacturer's instruction book closely. Remember to change the air filter as often as he advises. Air filters which can be cleaned should be taken care of regularly. A dirty air conditioner cuts down on the unit's output and may even overload it.

And remember too, that your homeowner needs can be filled at NORTHVILLE LUMBER CO., 615 E. Baseline, 349-0220. Our very complete stock includes all the quality materials and supplies you will need for any home improvement task. See our Dacor brick and stone, pre-finished shelves, Mackinburg Duncan sealants, caulking and mailboxes, and all kinds of doors-interior, exterior, storm, screen, pre-hung. Mastercharge honored. Open: 8-6, Mon.-Fri.; 8-2, Sat.

**HELPFUL HINT:** Always clean outside grilles and lubricate if it is necessary to keep your air conditioner performing well.

By Bob Moore

How about worm fiddling? It's the truth--it's a bona fide sport! In fact, a man named Robert Taylor won the first annual Worm Fiddling championship before a crowd of 700 by fiddling 21 crawlers out of the ground. There were 58 people in the field including several ladies, one of whom finished third with 19 worms. The tactics? You pound a stick into the ground and rub it so that it vibrates. The vibrations bring worms to the surface. Different folks have different strokes, some using an ax handle, some using sticks of wood Taylor himself used an ax head.

Your exclusive SUZUKI dealership is MOORE'S MOTOR SPORT INC., 21001 Pontiac Trail, 437-2688. You can be sure that if you buy a SUZUKI MOTORCYCLE from us, we don't forget you after the sale. We boast of the finest service department in the area with expert lubrications, tune-ups and brake adjustments. For a new or used SUZUKI MOTORCYCLE, see MOORE'S for more personalized service.

**HELPFUL HINT:** It is best to paint boards of a porch floor with aluminum paint: they last longer that way.

far to be in the suit.

"We still have a right to be heard," Spear said, "and can join the suit at anytime."

Included in the packet of information going to the attorney are affidavits to two test runs conducted by district employees to Cody High School and MacKenzie High School.

The round trip to Cody, by car, took one hour and 25 minutes, while the round trip to MacKenzie took one hour and 45 minutes.

Earl Busard, director of business and finance, noted trips by bus would take at least 10 minutes more each way. He estimates that if Northville were included in the busing proposal,

"students would be on the bus a minimum of four hours each day."

"If existing bus routes were used," he explained, "pick ups for students in Northville would have to begin at 5:55 a.m. for Cody and at 5:30 a.m. for MacKenzie to drop students off at school by 7:45 a.m."

Busard estimates the cost of cross-district busing for Northville would be \$90,000 per year.

School board trustees also

- agreed to apply for federal funds for the experimental year round school program under the special projects section of the Elementary and Secondary Education Act;
- approved the resignation of Barry P. Thies, science

teacher at Northville High, who intends to work as a geologist;

- approved the resignation of Mrs. Karen Moilanen, third grade teacher at Main Street, whose husband has been transferred;
- authorized the use of school facilities and equipment as requested by the Northville Recreation Department for its summer program;
- named Trustee Andrew Orphan to the Wayne County Association of School Boards Task Force 36, concerned with common objectives in negotiations; and
- took no action on a resolution from Saginaw City Board of Education asking for elimination of the teacher tenure law.

## School Picks Top Students

Continued from Record, 1

National Honor Society, played piano for the play "Guys and Dolls," plays oboe in the band, accompanies the choir, worked backstage on Northville High productions and served as treasurer of the Future Teachers' Club.

Both have part time jobs, with Lenheiser working as an usher at the P and A Theater and Sarah teaching piano to 10 students and accompanying service at the Tri-County Baptist Church in Salem.

Neither student said they planned to finish at the top of the class but that they "didn't have to work too hard."

Both said they felt the best course offered at Northville is humanities, covering music, art, literature and political thought.

"It taught me things I never knew," Lenheiser commented. Sarah said it "was a super course. It's the only one I really got anything out of in all my four years."

Sarah said she doesn't feel she ever took any "bad courses, I just had a few bad teachers." Both students said they felt chemistry and math departments at the high school could be improved.

Although Lenheiser said athletics sometime conflict with academics he said he believes the "coaches are really interested in their sport and really want to win."

Sarah said she feels there "is much too much emphasis on athletics compared to the overall school program. It's 'the' thing and other activities get short changed."

Both students said extra-curricular activities are a necessary part of education.

"The activities help you meet other people, learn to get along with others and learn responsibilities to a group," the salutatorian said.

"They help one to broaden his education," Lenheiser said. "They are almost as important as classroom studies. Without them, you get a second rate education," he said.

The students said they feel the school administration does listen to concerns and ideas expressed by students with Lenheiser citing removal of dress code, closed campus and mandatory study halls as examples.

Neither believes busing between school districts will solve any problems.

"It may upgrade education in some schools, but why not bus money instead?" Lenheiser proposed. "Money hires good teachers, buys equipment and buys a good education."

Sarah noted that although it won't solve problems, "I'm for it anyway, unless someone comes up with something better."

School financing should be changed from the property tax to income tax, they believe. "It will be more equitable," Lenheiser commented.

On year round school - "It sounds like it might work, but you'd still be using the buildings for the same people," Sarah said.

"You can't give year round school away," Lenheiser observed. "If the people want to pay more to stay in school only nine months, it's their right. This is a democracy."

He cited tax reform and pollution as the main issues facing people today. "Taxes are too high and they're on the wrong people. They should be shifted off the middle man."

Sarah said she feels the war in Vietnam is still a big problem. "Now that the guys my age are draftable, the war comes home to me."

Those favoring this amendment say that the present situation is unfair to the legislators; that well-qualified members of the legislature should not be prohibited from accepting other offices at any time, that this requirement is not applied to any other state office, that it may impose a prohibitively long wait if the vacancy occurs near the beginning of the legislator's term.

Con

Those opposed say that a legislator's actions on the job might be determined by his hope of an appointment as reward; that all a legislator's energies ought to be devoted to the legislature during his term, that the legislature draws lines for Congressional districts and also may create new state offices, and therefore might act to benefit themselves.

## 6 Graduate

Continued from Page 5-A

of Mr. and Mrs. Frederick Holdsworth, 4677 Grasmere Road, bachelor of education; Virginia R. Ellis, daughter of Mr. and Mrs. Walter P. Ellis, 18582 Jamestown Circle, bachelor in American studies;

Michael K. Conley, son of Mary F. Conley of Northville and Kenneth Conley of Farmington, bachelor of arts in zoology; Thomas J. Morrison, son of Mr. and Mrs. Thomas H. Morrison, 1829 McIntyre, bachelor of science in engineering; and Ellen Marie Simmons White, daughter of Mr. and Mrs. Oscar B. Simmons, Jr., bachelor of arts in education.

well-known non-profit organization which does governmental studies.

Trustee Leonard Klein noted he was in favor of bringing as much information, pro and con, before the people as possible.

Mitchell maintained the study "will just be of the city

and township. It will not look into the township unifying with Plymouth or another unit

"I am opposed to annexation and will not support this for the group which has started annexation," he stated.

Clerk Eleanor Hammond, who also was opposed to

granting the study, said, "We all know the report (1968) was strongly in favor of unification or annexation. If it is updated, we already know what it will say."

Mitchell charged that Trustee Bernard Baldwin and Klein "would be for the study since you two signed the petitions."

Baldwin fired back, "What I

do as a citizen is neither here nor there. The study may come in and say annexation is not feasible. Did you ever think of that possibility?" he asked.

"Anyway," Mitchell said, "if the township goes with any other government, it would have to be by consolidation. Annexation is nothing more than land grabbing."

Treasurer Joseph Straub asked if Mitchell wished to "restrict other people's information. Give the citizens of both communities the information they need to make a decision. There is no harm in getting it."

"You have a narrow attitude when you won't permit something to be brought out. Are you afraid of something?" Straub questioned.

Mitchell charged that rather than approving updating of studies, "We should be presenting a case for the township."

Later in the meeting, he proposed the township sponsor a meeting with a representative of the Michigan Township Association speaking on annexation.

Although his proposal was approved by trustees, Baldwin and Straub commented that the speaker Mitchell wished to get "is not objective. We already know what he's going to say. He's pro township."

Before the vote was taken to deny the offer to update the study, Baldwin commented that the citizens committee "approached the research council to try and get facts."

"We should not be sitting here and throwing roadblocks in their way," he explained.

Following the defeat of Mitchell and Schaeffer's motion, Straub, supported by Baldwin, moved to approve the request. The latter motion was approved 6-1, Mitchell voting against it.

In other matters before the board, trustees

- denied a rezoning request for multiples from Green-span;

- defeated motions to authorize pay hikes for supervisor, clerk and treasurer, one motion effective May 3 and one motion effective December 1;

- approved the purchase of a replacement police car; and
- named James Nowka to a three-year term on the planning commission.

More information on the above action will be carried next week.

## Explanation Given For Ballot Proposal

Explanation of the proposal to appear on the June 12 ballot along with names of school board candidates was given Monday night by Rolland Langerman, assistant Walld Lake school superintendent.

The proposal calls for the transferring of approximately \$7,000 remaining in the 1953 bond issue to the 1955 issue so that the remaining '55 debt may be paid off.

In other business Monday, the board of education approved a site and building study for the proposed construction of a facility to house power and automobile mechanics classrooms.

Of the students in both high schools presently requesting these classes, more than 260 cannot be accommodated in existing facilities, it was explained.

Administrative assignments for the 1972-73 school

year also were announced and approved by the board.

Donald Lamb, currently

## Wildcats Win

Continued from 10-A

third inning.

Novi scored twice in the third. LaFleche and Bosak collected singles in that frame and the Railsplitters committed three errors to enable the Wildcats to knot the score at 2-2.

Pisha led off the decisive sixth inning with his second single in three trips to the plate. A walk to Pat Ford put runners on first and second with one down. Assemany then forced Pisha at third base, but Dave Brown and Pantalone came through with two out singles to score three runs and give Novi the 5-2 victory.

principal of Glengary School, will replace Mrs. Elaine Fox as principal at the Wixom Elementary School. Mrs. Fox's request for a year's leave of absence was granted by the board.

Retirements of Mrs. Margaret Christiansen and Beryl Dean also were approved.

The board formally accepted the donation of a diesel engine by the GMC Truck & Coach Division. It will be used at the Vocational Education Center.

Dedication of the Outdoor Education Center, located on Sleeth Road, is scheduled for Sunday, June 4 from 1 to 4 p.m., it was announced.

At the same time the board approved the appointment of Miss Barbara Garbutt as director of outdoor education.

## Novi Board Deadlocked

## School Won't Pay

By a 3-3 split vote a proposal to accept a "token" \$10,000 Taft Road improvement assessment was defeated by the Novi Board of Education Monday.

Board action marked the second time such a measure has gone down to defeat by a split vote.

Last February the board voted 5-1 against accepting \$10,000 assessment, and it split 3-3 on a motion not to participate in assessment for paving of Taft. Trustee William Ziegler was absent when the February votes were taken.

Monday night, with Mrs. Sharon Pelchat absent, the board divided this way: For - President Gilbert Henderson, Secretary Ray Warren and Trustee Ziegler; against - Vice President Bruce Simmons, and Trustees LaVerne DeWaard and Robert Wilkins. Henderson reported that Mrs. Pelchat favored an assessment of up to \$10,000, but her position was not in writing and therefore ruled inadmissible.

Prior to the 3-3 vote Monday, the board voted 4-2 against an amendment pegging the assessment at \$5,000. Warren, who supported Ziegler's \$10,000

proposal, joined the majority in voting against the amendment introduced by Henderson.

In the arguing in favor of the \$10,000 assessment, Warren and Ziegler contended that the school district, as a property owner along Taft Road (which is slated for major improvement by the city) has a moral obligation to accept a token assessment.

(Unlike private property owners, school districts cannot be assessed for public improvements unless it agrees to accept assessment).

They argued that the token assessment (portion of the estimated total \$36,000 assessment) would be recouped from savings in school bus maintenance since travel on Taft Road is presently damaging to buses.

The school system stands to benefit as much as or more than other property owners from Taft Road improvement, they said.

Opponents, on the other

hand, argued that buildings and site monies were not specifically earmarked for road improvement and therefore should not be used, that most of Taft Road is in the Northville School district, and that the board should use its monies for educational purposes.

Concerning the legality of using building and site monies for road improvement, School Attorney Frederick Knauer indicated that sharing in road improvement is within the jurisdiction of the school board.

## Vote Tuesday

Continued from Record, 1

consideration concern authorizing state lotteries and authorizing legislators to accept other state offices.

Proposal A, if approved, would permit the sale of lottery tickets.

Suggested as a means of raising monies to offset state financial problems, the proposal leaves to the legislature development of specific lottery machinery. A bill is now being considered that would pattern Michigan's lottery (if the amendment is approved) after the New

Jersey lottery, which is expected to show a profit of \$60 million.

Proposal B, if approved, would permit members of the legislature to be elected or appointed to another civil office during the term for which they were elected. Under this proposal, the legislator would be forced to resign prior to accepting the new appointment or election.

The Michigan Supreme Court ruled in 1968 that a legislator cannot resign from office during his term of office to become eligible for another state office.

The same question was submitted to voters in 1968 and it was rejected.

Polls will open at 7 a.m. and close at 8 p.m.

Two township precincts will vote at the new township board offices on Main Street adjacent to the school board offices and another will vote at the Tanger Elementary School near Five Mile and Haggerty roads.

In the city, two precincts vote at the city hall on Main Street and another votes at Amerman Elementary School on Center Street.

## Here's Guide to Issues

Editor's Note: Following is the voters guide for Tuesday's election as prepared by the Northville-Plymouth Area League of Women voters:

**Proposal A**

Proposed Constitutional Amendment to allow the Legislature to authorize lotteries and to permit the sale of lottery tickets.

Under this proposal the

legislature could pass laws to allow any kind of lottery. Lottery is a broad term for gambling with these factors: consideration (the player pays something), a prize and chance. It does not cover parimutual betting, defined by the state Supreme Court as game of skill, and probably not poker. It does cover state lotteries, slot-machines, bingo, etc. The constitutional

wording does not appear on the ballot.

**Pro**

Those who favor the proposal say that the state could raise as much as \$60 million a year; that people gamble anyway and that the state might as well profit; that it provides for a voluntary tax, since people must choose to participate; that it cuts into organized crime which profits from illegal gambling.

**Con**

Those who oppose it say that much less is received from lotteries than is expected, that in order to make state lotteries successful it is necessary for the state to promote them and encourage gambling, which has bad social consequences; that gambling taxes are very regressive, since the poorer groups in society have been shown (as in England) to be those who gamble most, that legal gambling cannot compete with illegal gambling, especially numbers, but rather adds to the total amount of gambling.

**Proposal B**

Proposed Constitutional Amendment to permit members of the Legislature to resign and accept another office to which they have been elected or appointed.

This proposal would make it possible for a legislator to resign from the legislature to accept an appointive or elective position during his term of office. This is not now permitted; rather the legislator must wait until the end of the term for which he was elected. The constitutional wording does not appear on the ballot.

**Pro**

Those favoring this amendment say that the present situation is unfair to the legislators; that well-qualified members of the legislature should not be prohibited from accepting other offices at any time, that this requirement is not applied to any other state office, that it may impose a prohibitively long wait if the vacancy occurs near the beginning of the legislator's term.

**Con**

Those opposed say that a legislator's actions on the job might be determined by his hope of an appointment as reward; that all a legislator's energies ought to be devoted to the legislature during his term, that the legislature draws lines for Congressional districts and also may create new state offices, and therefore might act to benefit themselves.

## GOP Told

## Don't Switch Vote Tuesday

"Republicans should stay out of the Democratic Primary and vote for Richard Nixon on May 16," Republican Party leaders were told last week.

Dr. Robert Geake, a Northville resident speaking at the Wayne Nineteenth District Republican Committee meeting in Livonia, called for a spirit of "fair play" where the primary election is concerned.

The Wayne Nineteenth District includes Redford, Livonia, and the City of Northville.

"A lot of Republicans are talking about crossing over and voting in the Democratic primary election," Geake said. "Some think that they can register a protest vote against busing or high taxes by voting for Wallace, while others just think it would be cute to throw sand in the gears of the Democratic Party machinery."

"The purpose of a primary election," the Schoolcraft College Board chairman emphasized, "is to provide an opportunity for the members of each party to nominate the candidate they feel is most qualified or best represents their stand on the issues. Members of the opposition party really have no business mixing in to influence the results. To do so defeats the purpose of primary elections and weakens the process by which each party has an opportunity to nominate its best candidate for the general election."

Geake, who was a Republican candidate for the State Board of Education in 1970, also reminded party regulars of the importance of precinct delegate contests in some areas. "You can't vote for Republican Precinct Delegates unless you vote in the Republican Primary."

## Anyone Need A Tap?

At least a partial solution to Novi's desperate need for additional sewer taps was presented Monday, but the city council did not avail itself of the opportunity.

City Manager George Athas told the council he had received a letter from a Mr. Bitner, offering to sell the city one sewer tap. Bitner's letter explained he had purchased a sewer tap some years ago when he owned property in Brookland Farms subdivision off Nine Mile Road.

Since that time, the letter explained, the property has been sold, but the sewer tap was retained in a safety deposit box. The original cost

of the tap was roughly \$600, but it is now worth in excess of \$700.

"Would it be possible," Bitner asked, "to sell the tap to the city and then let the city resell it to someone else? Both he and the city could realize a profit on the transaction."

The council directed Athas to report to Bitner that he must dispose of the tap himself.

"I've had lots of people ask me for taps, but I can never remember having anyone offer to sell one to me," commented Athas.

"If he had 5,000 taps, we might be interested," added Councilman Edwin Presnell

Cyclist Takes off from Muddy Runway

Hanging in Balance on A Greasy Hillside

You hear them long before you see them. Half a mile before you enter Mustang Acres near Brighton, you'll hear the roar of engines — motorcycle engines. Hundreds of motorcycles on a good, clear Sunday afternoon, each engine with a special roar of its own.

Their names read like a Japanese business directory. Honda, Yamaha, Kawasaki... after prowling through the grounds you begin to believe that 95 per cent of all the motorcycles sold in this country really are Japanese-made.

The riders of the cycles are a special breed with a certain love of machines. Many wear the black leather jackets which have so long been identified with motorcycling. Many others wear various costumes. Army jackets are evident everywhere, blue jeans are the order of the day, and some riders wear actual racing "leathers."

Some look like the motorcycle riders Hollywood likes to use in its "bike movies." Long hair, beards, club insignia sewn on the back of a black leather jacket.

But others look like anything but "Hell's Angels." They are high school students, college students, laborers and even white collar workers. They're people from widely different backgrounds, all gathered together for one thing — to race their cycles.

The riders refer to the cycles as "dirt bikes," and after watching just one heat on the winding, hilly Mustang Acres course, it's easy to see where the name comes from.

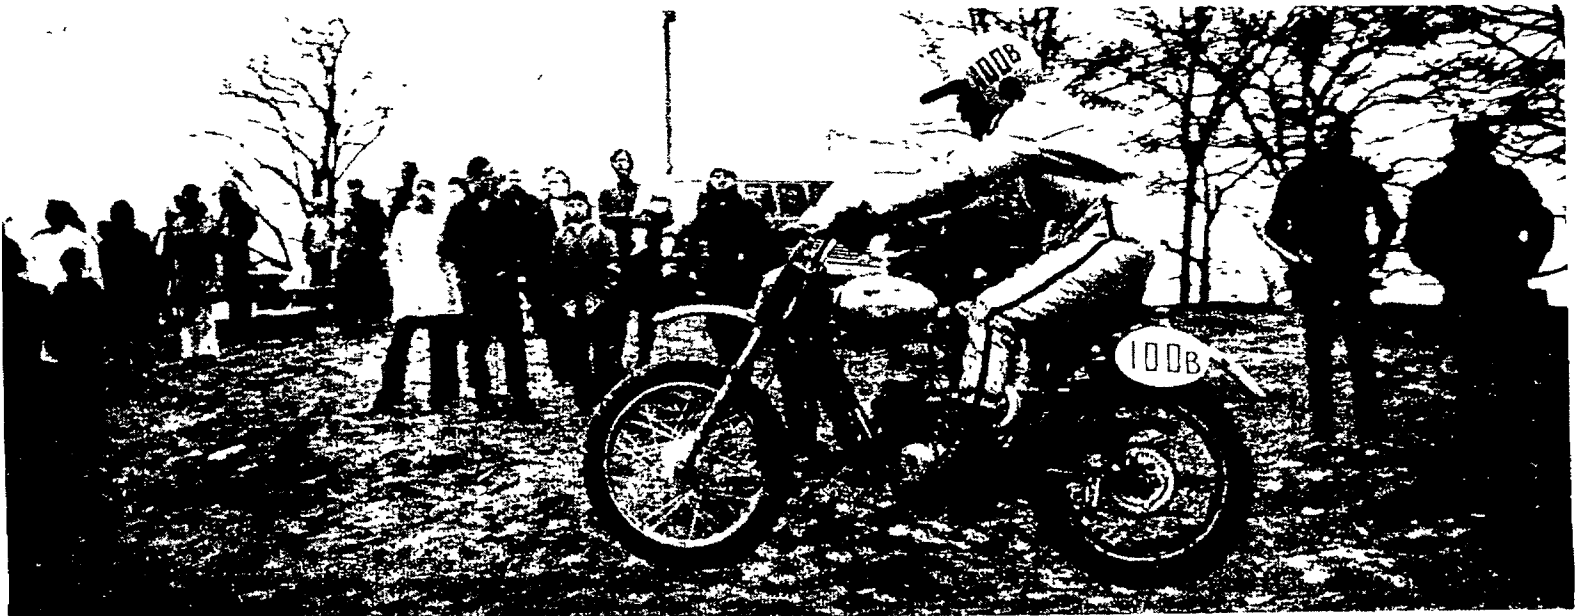

For even the good riders spend some time in the dirt, often with their bikes on top of them. The races are a constant struggle against the force of gravity, as riders speed over hills, through

State Representative Marvin R. Stempien (D-Livonia-Northville), along with Michigan Congresswoman Martha Griffiths, appeared at a public hearing in the House Chambers to plead for House approval of his resolution to ratify the proposed Equal Rights Amendment to the U.S. Constitution.

As chief sponsor of the resolution, Stempien declared: "The nationwide trend toward ratification is clear. The question for us of the Legislature then is whether Michigan shall be among the 38 states that certainly will join to make this amendment a part of the U.S. Constitution. Should the Michigan

Legislature refuse, or fail, to support this addition to the Constitution which merely underscores the guarantee of sobasica right of citizenship? I think not. We of the Michigan Legislature are truly representatives of our people. And the people of Michigan have too long championed the course of equal protection of the law for all citizens that is the very heart of this nation of free, self-governing people."

The public hearing, conducted by the House Committee on State Affairs, produced overwhelming support for the Stempien ratification amendment. Stempien welcomed the appearance of Congresswoman Martha W. Griffiths, who was a leader in the fight for congressional approval of the amendment. "My resolution provides that Michigan ratify a vital and long overdue amendment to the Constitution," Stempien pointed out.

By ROLLY PETERSON

The resumption of the bombing of North Vietnam makes about as much sense as wearing a snow suit in summer, with temperatures hovering in the 90's and the sun beaming down, or wearing a bikini in the winter as the mercury dips to 40 below.

The bombing is contrary to everything we have experienced in that war torn country. It's contrary to common sense and to intelligent surmisal of the situation.

Frankly, it borders on some sadistic or suicidal tendency.

President Nixon appeared on television last week to give the American people the word as to why the bombing was resumed. While I'm not as naive as to think the North Vietnamese are good samaritans offering roses instead of guns, I sat wide-eyed listening to The President.

He spoke of North Vietnamese aggression in the south, one country invading another. The usual hard-line approach. I couldn't believe it. Did he really believe what he was saying? About the only good word was his statement that withdrawal of American fighting men from Vietnam would continue on schedule, what ever that schedule is.

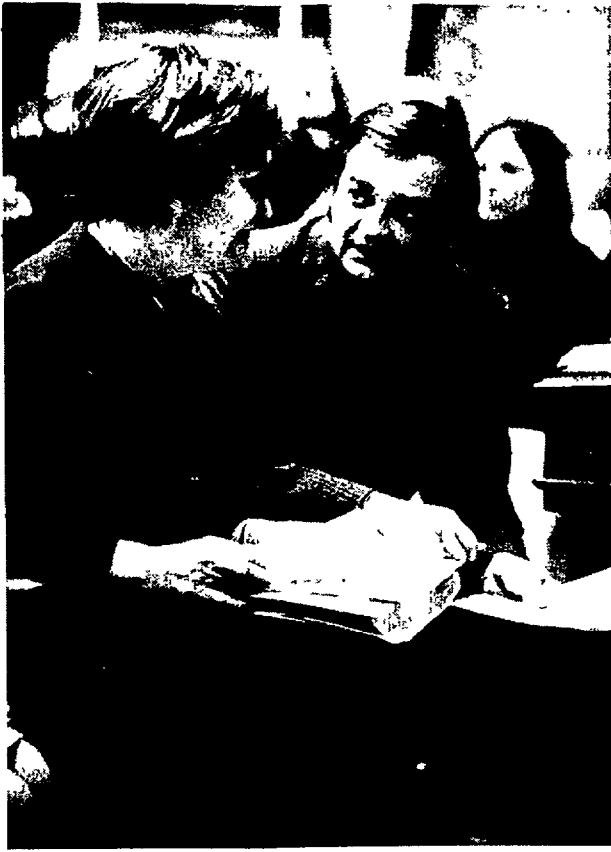

But the danger seemed palpably there that if the present clash between the North and South Vietnamese armies doesn't go as some would have it go, the escalation will involve more than American bombs.

Or will it? And for one of the first times during our presence in Vietnam, I took my hat off to politics. This is an election year. Involvement of American ground troops on a large scale would thumb anyone out of the White House.

What ever the President might be thinking about Vietnam, he won't risk public disfavor at this point, despite the fact that the Democrats aren't having an easy time of it choosing a front runner. What ever Nixon might be, he is a political animal.

These are perhaps unkind words to say about any man, let alone the President. No one wants war.

But after years of Westmoreland blind surmisal, thousands of American casualties, forays that were forays which would end the war once and for all, strategems that would keep the enemy guessing and political double-talk that would make Harry the Liar turn green with envy, I don't think ascribing political motivation to the nation's highest office is too far from the truth.

CONGRESSWOMAN Martha Griffiths and State Representative Marvin Stempien discuss the Equal Rights Amendment which underscores equal rights for all sexes.

Cyclists Kick up A Storm

Continued from Page 1-B

valleys, and across tree limbs and rocks.

Sometimes, like last Sunday, when the Blue Angels of Detroit held races at Mustang Acres, an additional challenge is added -- the challenge of rain and mud.

Most people wouldn't even consider riding a motorcycle on a day as wet and rainy as last Sunday. But the bad weather didn't stop the racers at Mustang -- in fact, they seemed to enjoy it.

"It's the real die-hard people that stay out for these days," said Blue Angels' referee Jerry Stockman, of Westland, "Even as bad as it was today, we had about 520 paid admissions."

On a clear Sunday, as many as 1500 persons can be expected at the races, according to Stockman.

Many of Sunday's admissions were riders. Races were held in 10 divisions, with approximately 20 riders in each division. Since some riders competed in more than one event, the total number of riders was approximately 150. They were vying for trophies -- four in each division, with the divisions ranging from 100 cc (cubic

centimeters) to 500 cc. Stockman explained that there are two classes in both the 250 cc, the most popular, and the 500 cc.

There is also a division for youngsters 15 and under.

"The only requirements for riders are that they wear a helmet and be a member of the American Motorcycle Association," Stockman explained. "Our races are sanctioned by the A.M.A., which means that members who compete or watch are insured."

The Blue Angels are one of three motorcycle clubs which sponsor races at Mustang Acres.

The Iron Mustangs, Brighton-area club which owns the grounds, and the Knights of the Road, of Detroit, also sponsor competition during racing season.

Edison Names Design Winner

Schoolcraft College student Ron S. Bizer of Farmington has been named the top winner in Detroit Edison's corporate identification design competition for community college art and industrial design students.

The company is seeking a new graphic identification which reflects its commitment to the social, economic and physical needs of its service area and turned to the educational community in its search. Students from Henry Ford, Highland Park, Macomb County, St. Clair County, Schoolcraft and Wayne County community colleges submitted more than 250 entries in the month-long contest.

Cash awards were made for the three best designs from all those submitted.

Professional motorcycle racing under the lights will make its area debut Saturday, May 27 at Northville Downs. More than 150 of the nation's top professional riders will compete for \$2,500 in prizes on the fast half-mile harness racing track.

Promoters Staton Lorenz, John Carlo and Gerald Stone predict that the exciting races will introduce new thrills to sports' enthusiasts who have never witnessed motorcycle racing; and to old fans they guarantee a top field of race-tested contestants.

Heading up the field will be Gary Nixon, rated number nine nationally, and Bart Markel, also rated in the top ten. Markel, a native of Flint, will be remembered as the man who copped most of the honors at snowmobile races held at Northville Downs a year ago.

Other top motorcycle riders planning to compete at Northville include Ronnie Rall, rated number 52, who

promises to bring a new 750cc water-cooled Suzuki for its maiden race. Then there's Teddy Newton (number 40), Jack Warren (82), Charlie Chapple (36), Al Gasgill (65) and Larry Darr (94).

Fifteen races of from four to 20 laps will be staged in addition to junior and expert time trials for position on the starting line.

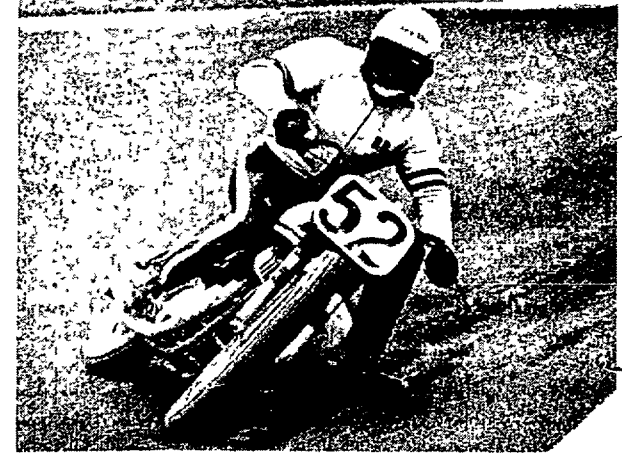

Professional motorcycle riders bring with them their personal mechanics plus vans full of racing machinery. They'll compete in three classes with novices on 250cc machines and juniors and experts on 750cc bikes capable of speeds nearing 200 mph.

"Dirt-trackers" are a breed all their own and they thrill spectators with their 100 mph plus speeds and 24-second laps around the half-mile oval.

Racer Nixon stands out as one of the top attractions. He's a veteran who held the nation's number one ranking in 1968 and '69 before an accident crushed his left leg. Now back in action on his Triumph, he's gunning to recapture the top spot.

Spectators will enjoy the races from the enclosed and air-conditioned comfort of Northville Downs' grandstands and clubhouse. The new crushed-slag track base should provide perfect racing conditions and the bright lights will make viewing ideal for the fan.

Doors will be open at 6 p.m. with races scheduled to begin at 7 p.m. and continue until 10 p.m.

RONNIE RALL, one of the top riders who will compete Saturday, May 27 under the lights at Northville Downs, is pictured here making a high-speed turn.

Monitor Editor

Pulitzer Winner to Speak

John Hughes, Pulitzer prize-winning editor of The Christian Science Monitor, is to give an analysis of current topics at "Outlook '72" meeting at 8 p.m. May 18 at Cobo Arena in Detroit.

He is part of a team of editors and correspondents from the newspaper participating in the program in which "The Christian Science Monitor looks at where we are and where we are going."

Attending from this area will be members of the Plymouth Christian Science Church and their friends who are chartering a bus for the drive to Detroit. It will leave from the church parking lot, 1100 West Ann Arbor Trail, at 6:30 p.m. Interested persons are invited to join the group and may call the Christian Science Reading Room, 453-1676, or Mrs. Charles Van Neste, 349-1867, for more information.

The meeting, open to the public without charge, will include the news "behind the news" discussed by Godfrey "Budge" Sperling, national political correspondent of the Monitor; Geoffrey Godsell, overseas news editor, and Guy Halverson, prize-winning chief of the Monitor's mid-western bureau.

The meeting is planned around talks, a panel discussion and a question-and-answer session.

Welsh born English educated Hughes, the paper's new editor, will discuss national and international trends. He received the Pulitzer Prize for international reporting in 1967 and has served as Monitor editor since October, 1970.

Insights about the upcoming presidential race will be shared by Sperling. Crisis in the Middle East will be discussed by Godsell, and political and economic trends at the grass roots level will be analyzed by Halverson.

## Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments, and horse show news to "Horse's Mouth", care of South Lyon Herald, South Lyon, Mi. 48178.

Buckskin Breeder's Association of Michigan, State Show, May 14, Walter Kane's Woods and Water farm, Nine Mile and Pontiac Trail. Open show with classes for everyone and several children's classes. Trophies and ribbons for each class. Judge Bryce McGinnis of Davison, approved judge for several associations. Show starts at 8:30 a.m. Food available on the grounds, also western tack shop. For further information, call Floyd Cline, president of B B A M, at 663-0050.

Open Horse Show, Wagon Wheel Farm, 52373 West Eight Mile Road (between Napier and Chubb Roads), 9 a.m. May 21, sponsored by the Roanin' Riders 4-H Club of Northville. Judge Nancy Decker of Manchester, entry fee \$2 per class (no gate fees); trophy and six ribbons. Twenty-two classes, including ponies, western and English pleasure, bareback and English equitation, halter, open jumping, open reining and back-to-back bareback.

Sheriff's Posse - 4-H and Junior Horse Show presented by Livingston County Sheriff's Posse, Saturday, June 3rd - 9 a.m. sharp. Judge - Judith A. Williamson, location Nayajo Arena, M-59 and Hacher Road, two and one half miles west of U.S. 23. Fees - Horse \$2.00 - Pony \$1.00 - Trophy and six ribbons for each class. 4-H rules apply, 2 riders constitute a class. There are classes for ponies, fitting & showing, Bareback, English & Western Pleasure, English & Western Equitation, Costume class, Walk & Trot - 10 & under, Barrel Bending etc.

On September 24, the Dixie Saddle Club of Clarkston, will hold its 3rd Annual Competitive Trail Ride. The ride will cover approximately 30 miles over all types of terrain. It will be a true test of a horse's condition and training, and of a rider's skill. Only a limited number of entries will be accepted. All entries must reach the secretary no later than September 10. There will be no Post entries.

Entry fee for Senior riders is \$16, Junior Riders \$12. This fee includes the awards dinner. Guest tickets for the awards dinner are available at \$4 each.

The ride will take place as scheduled, rain or shine. No horses or ponies under four years will be permitted to enter the ride. The type of tack used is at the discretion of the rider, however, a saddle must be used.

For entry forms and additional information, contact: Mrs. Georgina Bethea, secretary 8380 Pine Knob Road, Clarkston, Mich 48016 - Phone: 1-313-394-0091.

For anyone interested in competitive trail riding the North American Trail Ride Conference has valuable information available for a small fee. Write to North American Trail Ride Conference, 1955 Day Road, Gilroy, California 95020.

The Ontario Competitive Trail Ride Association (High Ridges Farm, R.R. 3, King, Ontario) sponsors several rides in that province of Canada, some of which may be close enough for interested riders to enter.

What do horses eat? How high can they jump? Do horseshoe nails hurt? Public school children and nursery school students will be asking these questions as they take the new hour-long tour of Majestic Farm, the horse and riding school at 1300

## Home-Lawn And Garden

THE NORTHVILLE RECORD-NOVI NEWS

SOUTH LYON HERALD-BRIGHTON ARGUS

Wed.-Thurs., May 10-11, 1972

Page 4-B

# Overseeding Builds Lawns

Lawns lost to inadequate care, poor soil, insufficient or excessive fertilizer can be rejuvenated relatively fast through an overseeding program. If your lawn was left unmowed, it would

eventually go to seed and through nature's own way, propagate itself with new grass plants. Nature's safety margin is destroyed through the mowing process and weed seeds, carried in by the wind, are often utilized as a replacement for the missing grass seed. One way to offer the weeds competition is to supply additional grass seed in the spring and fall months when nature would call on such seeds to grow.

A lush lawn discourages weeds from taking root and out competes most weed seeds, if the soil is in a favorable condition for grass growth. Most weeds have become accustomed to poor soil conditions and have developed the ability to sprout in any kind of soil including cracks in rocks. Grass on the other hand, requires a minimum care procedure easily supplied by man with a minimum of trouble and preparation.

Here is how to set your lawn surface in condition for good grass growth without spending hours in the process. Pick a date for overseeding, at least two weeks in advance. This should be during the late fall months when the weather has cooled off from the excessive summer heat ... or in the early spring before the summer heat begins. Spray the area with a 2-4-D weed killer according to directions on the can. Do not

water following the spraying until 2 or 3 days before overseeding is to be done.

Rake or mechanically renovate the ground with a renovator made for such a purpose. (These can be rented at rental stores at a reasonable rate.) Apply lime, if needed. If no lime has been applied within the last three years, 75 pounds of ground limestone to each 1,000 square feet of area is needed. It is best to have the soil tested for lime. With the lime apply a dry fertilizer, high in nitrogen, at a rate of 10-15 pounds per 1,000 square feet. Rake the lime and fertilizer into your lawn area with a steel rake. Overseed your lawn with a mixture high in fine leaved grasses such as the fescues. This type of grass blends well with any grass you may have in your lawn such as bluegrass, bentgrass, Jamestown, Highlights ryegrass. If it is usually packaged with a bluegrass mix and this is good for use in

overseeding. Bluegrass takes longer to germinate, so do not expect results from the bluegrass for three weeks or more.

Rake the lawn again, to make a bed for the new grass seed, and roll with some type of seed packer, if possible. Keep the area moist for at least two weeks with extreme care. If the area dries out for an extended period of time, it can kill the seedlings and destroy the overseeding efforts.

Once the seed is germinated, keep reasonably moist for duration of the season, but daily watering is not generally required unless excessively hot weather should occur at that time.

The fescues (there are several varieties such as Pennlawn, Illahee, Jamestown, Highlights Cascade and others) will tend to fill in the bare spots in your lawn and provide a beautiful

green carpet within a few weeks. The bluegrass will come along later and blend with the fescues

Need a New Lawn?

Ever try a seeded lawn? Old fashioned, yes, but still the best in many ways—and right now is the best time to plant it.

**GREEN RIDGE NURSERY INC.**

Napier Road between 6 & 7 Mile  
Northville 349-1111  
OPEN DAILY 8 a.m. to 5 p.m. (Inc. Saturdays)

Indoor gardening can provide year-round pleasure for the amateur or accomplished gardener with limited effort. Most indoor plants appreciate 15 to 16 hours of light per day—natural or artificial—according to the American Association of Nurserymen, but most should have a period of darkness each day as well.

## Try Indoor Gardening

With more and more Americans living in apartments, townhouses or homes with postage stamp-size yards, indoor gardening is gaining popularity at an amazing rate. According to a booklet on environmental action published by the American Association of Nurserymen, this is an especially healthful sign. The booklet, titled "It Depends On You," is available free at many nursery garden centers.

During the course of the 23,000 times we each inhale and exhale in a single day, we take in 35 pounds of oxygen, according to the nurserymen's booklet, and we get it all from green plants on land and vegetation in the sea. In the process of manufacturing oxygen (the process is called photosynthesis), the green, growing plant materials and vegetation also absorb huge quantities of carbon dioxide from the air. We are totally dependent on this process for our very lives.

In addition to the atmospheric and esthetic contributions it offers, indoor gardening can provide year-round pleasure for the amateur gardener with a limited amount of effort. A few pointers can contribute to the success of the venture. Most house plants thrive

best in a fibrous, porous potting medium. The grower can mix his own medium of sand, peat, loam or manure; however, it is cleaner, easier and safer to buy the packaged house plant potting mixtures available in nursery garden centers.

Growing indoor plants can be fed every two weeks with a water-soluble fertilizer applied according to package directions.

Plants growing indoors will appreciate a considerable amount of light, in most cases, 15 to 16—natural or artificial—in each 24 hours. The amount of light required may vary with different trees or plants, but the nursery garden center can provide specific information for the different varieties.

Most trees and plants need a period of darkness each day, as well, since they deteriorate quickly if lights are left on around the clock. The serious indoor gardener will appreciate having a time control switch which turns the lights over the trees and plants on and off at set times. Without this, the grower who must be away for a day or so should leave the lights off altogether, rather than on for a full 24 hours.

In addition to proper lighting, house trees and

plants should be provided with favorable levels of humidity and temperature. For most plants, night temperatures of about 62 degrees and a day temperature perhaps 10 degrees higher are recommended, along with a relative humidity of about 50 percent.

Along with those fairly technical suggestions, the American Association of Nurserymen has one more tip—perhaps the most important of all for the average amateur indoor gardener. Relax and enjoy your plants. Chances are they'll thrive pretty well with the simplest care—some water when they're thirsty and the light that's available in the room. Bringing the outdoors indoors with inside plantings is one of the least expensive investments available in beauty, pleasure and a healthier atmosphere.

## Use Vines

Vines can be a decorative part of your landscape, says Dr. Harold Davidson, Michigan State University horticulturist.

These climbing plants have many special uses in landscaping; screening, covering large wall areas and providing decorative effects. Many vines have outstanding seasonal characteristics such as showy flowers and fruits or bright fall colors.

Vines can be shaped to your liking on trellises, wire frames or walls, says Davidson. Varieties are available for different needs. Some vines, such as Dutchman's Pipe, American Bittersweet and Jackman Clematis, climb by means of twining stems, tendrils or twisting leaf stalks. These vines are best for trellises or frames.

Other vines, like the Virginia Creeper, climb solid walls and need no additional support.

## FOR MOTHER'S DAY

## Colorful Patio Flowers ...

brighten up your yard. And with the Magic and Cascade strains of petunias, you can adapt your plants to any setting. Plant Magics in beds, borders and backgrounds and Cascades in window boxes, baskets and tubs. But put both varieties in full sun!

Stop in now for all your annuals. We've got the selection! If you want to plant something really new this spring, try our F<sub>1</sub> Hybrid Carefree Geraniums. But come in now, it's planting time!

## Raney's Plants & Produce

57707 10 MILE

SOUTH LYON

## Now ... 3 Wilt Stoppers Better Boy

For years, breeders have looked for a tomato variety that was not only an F<sub>1</sub> Hybrid, but also resistant to the three main causes of blight (wilt) in tomato plants: verticillium, fusarium, and nematodes (VFN).

Verticillium Wilt (V)

Verticillium wilt is caused by the verticillium fungus which attacks the plant's roots and stops the nutritional flow. No nutrients to the blossoms, no blossom set, no tomatoes.

Fusarium Wilt (F)

Fusarium wilt is caused by the fusarium fungus which produces a poisonous substance in the plant's roots and thereby kills the plant. No plant, no tomatoes.

Nematodes (N)

Nematodes are little worms which attach themselves to the plant's roots and actually strangle the plant from food. No food, no plant, no tomatoes.

Better Boy Resists VFN

Better Boy resists that evil fungus and those pesky little worms. Better Boy will give you more fruit, tastier fruit, over a longer period of time, because it's triple disease-resistant.

Want better tomatoes?

Here's the Answer

## Natural Thermal Power Tapped

BABSON'S REPORTS, Wellesley Hills, Mass.—There has been increasing mention of geothermal power as one solution for the nation's energy shortages. There are several plausible possibilities in the development of electric power from geothermal sources. One is the location and control of underground steam. The old Faithful geyser in Yellowstone National Park is an example of underground steam and water reaching the surface through fissures, having been naturally heated and pressurized far below the surface.

Currently, the only commercial development of geothermal steam is in northern California's Big Geyser field. Here an oil company has drilled producing steam wells; the steam is sold to a public utility partner for conversion to electric power. By 1975 the project will turn out 600,000 kilowatts, the energy equivalent of 21,000 b-d pf fuel oil, and sufficient power to service a city

comparable to San Francisco.

Another potential source of geothermal energy would be man-made. The Atomic Energy Commission, in its Plowshare program, proposed to detonate a nuclear device far below the earth's surface. The hot cavern created would be charged with water to produce steam for surface power generation. This would appear to be a feasible concept, but implementation is unlikely until well into the future.

ATHABASKA tar sands are named for the river along which they are found in northeast Alberta, Canada. The sands are one of the greatest potential reservoirs of oil in the Western Hemisphere, but today production is limited and barely out of the experimental stage. Many of the major oil companies have interests in the tar sands, but only one has achieved meaningful production, now near an average 42,000 b-d of synthetic crude oil. Tar sands represent a promising source of fuel,

but only after lengthy and costly development. The end of the decade may possibly see tar sands providing profitable production.

Related to tar sands is a mineral known as oil shale rock, another likely fuel-for-the-future. This is found in abundance in Colorado, Utah, and Wyoming. It is possible to extract one pound of hydrocarbons (essentially oil) from every ten pounds of shale. Estimates indicate that there may be in excess of one trillion barrels of oil trapped in the shale oil deposits. Although it has been in the process for over fifteen years, shale oil extraction is still largely a pilot plant operation. In all, it has been calculated that it might require \$200 million to develop a 55,000 b-d plant, possibly by 1975.

An interesting sidebar for shale oil extraction process is the possibility of modifying it sufficiently to handle the vast coal deposits found in the Western states.

Since it is far from Midwest markets, the coal is presently costly to transport. Using the shale process, the coal would be treated to remove water and other impurities (30 percent of weight content), leaving a low-sulfur product which could be transported economically to a ready market.

SYNTHETIC fuels will make some progress in the years ahead, with commercial use expected by 1980. But even in that decade they will probably contribute only about 2 percent of our energy requirements. By that time, energy needs should be about twice what they are today. Population expansion, many more automobiles, and huge increases in the use of electric power will create the utmost demand for energy. Therefore, it would seem logical that efforts to develop resources such as the synthetic fuels and geothermal energy should be given a high priority.

## Michigan Mirror

## Farmers Flex Political Muscle

LANSING—Farmers in Michigan as well as the rest of the country have been flexing some new political muscles in recent months.

It started when unrest over low prices caused the resignation of scholarly Clifford Hardin as Secretary of Agriculture and naming of Purdue professor Earl Butz as his successor.

Butz wasn't trusted by many farmers when he took office and some farm groups lobbied extensively against his confirmation. But he was confirmed and has since been a very outspoken advocate for the plight of the farmer.

The most recent furor was over food prices. Butz, instead of laying back, came out swinging when consumers started complaining about what they paid for food.

"IT ISN'T FARMERS' fault the food prices are going up, he said over and over. In the past 20 years the prices paid farmers for food products has gone up 6 per cent while the price for them at the checkout counter rose 43 per cent.

During that period, the nation's wage rates rose an average of 6 per cent each year.

In fact, he said, he hoped farm prices rose even higher, since the farmer still wasn't getting his fair share of American prosperity. BUTZ ISN'T the only one speaking out. Several movements are going on at the state level as well.

The Michigan Senate passed a bill to permit farmers to form unions for negotiating prices of their products—something that has not been done.

One of the problems farmers have always faced: they only get what the processor or elevator they sell their products to will pay.

Farmers are by nature independent, so it's hard to organize them into a group.

The National Farmers Organization, headed by Oren Lee Staley, has tried for years to sell collective bargaining to farmers, but hasn't sold enough of them to make it stick.

The Senate bill, however, would allow farmers who grow more than 50 per cent of a particular crop to form bargaining associations. The association then would bargain with handlers and processors on such items as prices, terms of sale and quality specifications.

IF NO AGREEMENT were reached, the two would submit their best offers to an arbitration board which would pick one of the two best offers as the most equitable.

The bill's main sponsor is Sen. Charles O. Zollar, a wealthy fruit farmer from Benton Harbor, who said the bill is designed to save the family farm.

"Right now they're caught," he says. "They're dealing with a perishable commodity which they must sell. And they have to accept the price that's being offered because they have no bargaining power."

FARM WIVES have been working too. While the men have been busy talking and legislating, their ladies, perhaps inspired by women's lib movement, have swung into action.

A group of Michigan farm wives organized themselves into the "Women for Survival of Agriculture in Michigan." They are headed by Mrs. Connie Canfield of Decatur and they are serious.

Among the things they have done to call attention to the plight of the farmer is visit the

Capitol and present their case to Gov. William G. Milliken.

"The farmer's costs are set," Mrs. Canfield told Milliken. But the farmer is powerless to determine what he will receive for his produce. The need for marketing and bargaining legislation is urgent."

THEY PICKED fruit receiving stations for low prices and launched publicity campaigns to help their cause.

"The Michigan farmer needs a voice that

can be heard and our group plans to be that voice," Mrs. Canfield says.

When Congressman James O'Hara made some comments in December which the group felt were uncomplimentary to farmers, he found a letter on his desk from one of its members.

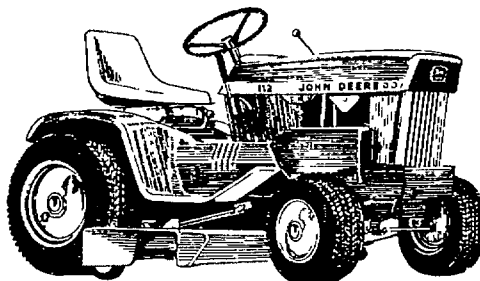

"We will leave no stone unturned in our effort to give the public an honest version of the lives and work of the farmer," she vowed.

## Plan TB Tests

Oakland County Health Department is conducting a Tuberculosis testing clinic May 18-21 at Federal Department Store, 33025 Grand River, Farmington. Reservations are not

necessary for the skin patch tests which will be given from 1 to 9 p.m. Thursday, May 18; from 11 a.m. to 9 p.m., Friday and Saturday, May 19-20, and from noon to 5 p.m. Sunday, May 21.

## So Who's Irrelevant?

Rev. Guenther C. Branstner  
First Methodist Church  
of Northville

One of the popular charges against the Church in general is that it is irrelevant and out of touch with the times. In some local congregations the charge may be entirely true.

But to hide behind the charge of irrelevance is for most people just another excuse. It is a reason that sounds intellectually plausible making non-involvement in the church sound almost like a nobler way of life. It lends a superficial dignity to that same non-involvement. To say it differently, if you want to cop-out in terms of time and dollars, make your excuse sound good. Does history support the charge of irrelevance?

Has the church been relevant to human needs? Let's look at education.

When the working class couldn't go to school, John Wesley and others in the so-called Holy Club at Oxford University pooled funds out of their allowances. They hired a young woman to teach simple reading and writing skills to the children of the streets. The early Sunday School movement was just as involved in teaching reading and writing skills as the wisdom of the Bible. Public schools came along later.

Harvard, one of our leading prestige universities, perhaps the oldest college in the nation, was founded by the early settlers to guarantee

well educated church leadership. The two prime movers in the founding of the University of Michigan were a Catholic priest and a Presbyterian minister.

And what about medical care? Of course, today there are large amounts of federal funding available. But when it was really needed how many hospitals did the church support and staff? If you go to the great Mayo Clinic you'll be housed at a Methodist or a Catholic hospital. In the vast reaches of India there are only two medical schools. Both were founded by Christian missions. Even today they are largely funded, staffed and administered by English and American churches.

There is much more but this is supposed to be a short article. We haven't even touched the subject of social protest, ranging from anti-slavery movements to child labor and the modern peace movement.

Is the church irrelevant? Some time when you're not too busy with the garden club, bridge club, bowling team, junior hockey, little league, dog show, antique fair, etc., turn off the TV, fold your hands quietly and ask yourself the hard question.... "Who is irrelevant?"

"I am come that they may have life, and have it abundantly." That's what Jesus said. Is your life relevant?

There's a lot of sentimentality in the observance of Mother's Day. Let's be practical.

Only one thing really counts: MY CHILD!

There is no glory in being a mother unless one has learned how to prepare a child for life. Nor is there any pride in motherhood unless one has done her utmost to share with her child the great spiritual heritage which is her own.

People love to compliment us: "Just like her mother!" they say.

If mothers through the centuries had been satisfied with that goal, our civilization would have stagnated in the days of the cave men.

The mark of a devoted mother is her desire to make of her child even a finer person than she or her husband has become. And in this common aim she and her husband find their staunchest ally in the Church.

## NEW SIGNPOSTS FOR THE SEVENTIES

### ANNOUNCING A NEW READER CONVENIENCE WATCH FOR THE NEW SIGNS ON YOUR JOURNEY THROUGH THE CLASSIFIED AD SECTION BEGINNING WED., MAY 10th.

In order to make it easier for you to locate the category of ads which you are seeking, The Northville Record, Novi News, South Lyon Herald, and Brighton Argus have revamped the old categories into a new, more complete list of classifications. Where we previously had only 18 separate categories you will now find 48 classifications to help you find the item or service you are seeking.

Each of the major classification headings feature a symbol as well as title.

The Sliger Publications have installed the new signs and symbols as another step in its constant effort to improve its Classified Section for the convenience and profit of its readers.

Read the Classified Ads today! You will find them to be a fascinating marketplace of goods and services.

and introducing . . .

## HAPPY ADS

(See Page 8-B)

TELL SOMEONE YOU CARE WITH A HAPPY AD. . .

- ... Wish someone a Happy Birthday
- ... Congratulate new parents
- ... Congratulate friends on their engagement
- ... Bon Voyage Wishes
- ... Congratulations on special achievements
- ... Send anniversary greetings
- ... Or just say "HELLO" in a special way

## 1-3 Card Of Thanks

We wish to thank our many friends who helped us to celebrate our 50th wedding anniversary at the Wixom school April 22. Mr. and Mrs. Chris Nissen

We would like to thank the Novi Police Department for watching our home while we vacationed in Florida.

Mr. and Mrs. J. Klaserer

I wish to express my deep appreciation to the many kind friends and neighbors for their prayers, flowers and cards during my recent illness and hospitalization, especially Rev. Riedesel, McClellan, The Good Will Class, Rebekah and Oddfellow Lodges, also the South Lyon ambulance crew. Thank you one and all.

Elsie M. Oakley and family

## Horse's Mouth

Continued from Page 3-B

West Joy Road, Ann Arbor. The free tours include discussions of horse breeds and what each type of horse does best, the names of the parts of the horse and the different kinds of bridles and saddles. Young visitors also learn the daily care routine of horses and the English terms for gaits.

Highlight of each tour is an English riding demonstration including dressage and jumping.

In announcing the tours, Majestic Farm Manager Mike Mathews commented, "Many youngsters have only seen horses charging and racing on television. Through the tour we hope they will discover what skillful and sensitive animals horses are, and what fun it is to work with them."

Majestic Farm owns and boards over 30 horses on its 40-acre site, five miles north of Ann Arbor, one and a half miles west of Whitmore Lake Road. Persons interested in scheduling tours should call Mathews at 665-9813.

Summer Horse Management School - June 6-16 at Leednau Schools, Glen Arbor. This will be a 10-day farrier training course, a five-day horse management and training course, and a riding school instruction and management course within its scheduled time period.

The horsemanship school conducts a busy 45-hour week. Students are housed on campus and can stable their own horses in the school barns. College credit can be arranged as courses in horse management and training, riding school instruction and management, or farrier training.

Enrollment is limited, so interested horsemen (both amateurs and professionals) should apply early.

Application materials and a detailed brochure are available from Dr. James C. Dollahan, Director, Horses A

to Z, College of Agriculture, University of Wisconsin - River Falls, River Falls, Wis. 54022

Miss Susan Altman, formerly of Northville now of Hartland showing her three-year old gelding "Cutter King's Dandy", won Grand Champion at the Appaloosa Show at Muskegon.

Jack W. Hoffman, assistant to the publisher of the Sliger Publications, was elected president of the Wayne State University Press Club Friday during the 35th Newspaper Workshop.

Hoffman, who lives in Northville with his wife and six children, succeeds Richard Brown, publisher of the Ingham County News in Mason. Brown remains a

member of the board of directors

Other newly elected officers of the press club are John Reddy, editor of the Birmingham Eccentric, first vice-president; Mary Klemanski of the Ferndale Gazette; and W. Sprague Holden, chairman of the Wayne State University journalism department, secretary-treasurer.

Others on the club's executive board are:

Melvin Bleich, publisher of the Romeo Observer; Lucille DeVine, Detroit News Feature writer; Robert Silbar, publisher of the Fenton Independent; Carl Black of Crowell, president of the Michigan Press Association; and Robert Highton, Charles Lewis and William White of Wayne State University staff.

A 1956 graduate of the University of Michigan where he majored in journalism and participated in a post-graduate fellowship program, Hoffman began his newspaper career as a police reporter for two years on the Saginaw Daily News.

He joined The Northville Record in 1958, leaving for a two year period in 1964 to become assistant to the director of public relations for

GM Truck & Coach Division in Pontiac.

For the past year he and two other Record staffers were part-time journalism instructors-advisors at Schoolcraft College.

Highlighting Friday's workshop was a morning panel discussion on "Feature Stories: Their Nurture and Effective Use." Panelists

included Lucille DeVine of the Detroit News, John Reddy of the Eccentric and David Dolson, Sunday editor of the Detroit Free Press.

The luncheon speaker was Donn Shelton, vice-president for citizens information of the Metropolitan Fund of Detroit.

In the afternoon session, various editorial and mechanical problems of the newspaper industry were discussed.

# School Buoyed by 'Year Round' Response

With 65 students already enrolled in Northville's voluntary experimental year round school program, Superintendent Raymond Spear said he is "very much encouraged by the response of the people of the community."

"Most of the reasons parents cited for wanting their children involved in the program centered around maximum utilization of the building," Spear said, "more frequent vacations, shorter vacations and less time for students to forget what they learned."

The experimental program, which will be funded by the

state, will begin this summer at Amerman Elementary School.

Used will be the 45-15 plan, calling for 45 days of school alternating with 15 days of vacation. The program is set to begin July 31 for 150-250 volunteers in kindergarten through grade five.

A general community

meeting will be held Wednesday, May 24, in the high school auditorium. Beginning at 8 p.m., the program will include a talk on the year round school concept by George Jensen, chairman of the National School Calendar Committee.

Pre-registration will also be taken following the meeting, Spear said.

Information centers are planned for Tuesday, May 30, at Amerman Elementary; Thursday, June 1, at Moraine Elementary; and Tuesday, June 6, at Main Street Elementary. All centers will open at 8 p.m.

Members of the steering committee will be available to answer questions and pre-registration for students will

also be available.

On July 1, final registration will be held at Amerman Elementary.

Spear cited several reasons for trying the voluntary program: "We hope to demonstrate the operation of a 45-15 extended school year plan, implementation of the state's six step approach to education and comparative

study of the effectiveness of a specific year round school program."

The superintendent said he

hopes the experimental program can be expanded next year to include more elementary students.

Members of the steering committee include school board trustees Martin

Rinehart and Andrew Orphan, parents Mrs. Lawrence (Sylvia) Gucken and Jack Hoffman, teachers Mrs. Nancy Fieldman and Mrs. Marjorie Sliger, Amerman principal William Craft, curriculum director Florence Panattoni, bu

Members of the steering committee include school board trustees Martin Rinehart and Andrew Orphan, parents Mrs. Lawrence (Sylvia) Gucken and Jack Hoffman, teachers Mrs. Nancy Fieldman and Mrs. Marjorie Sliger, Amerman principal William Craft, Curriculum Director Florence Panattoni, Business Director Earl Busard, Personnel Director Robert Benson and Spear.

## ★★★ Here's Why Parents Favor '45-15' Plan ★★★

Why are some parents interested in enrolling their children in the experimental year-round school program scheduled to get underway this year?

That question was answered by parents attending an orientation meeting Thursday at the Northville board of education offices.

And, according to school officials, the answers are gratifying.

Said Business Manager Earl Busard:

"We wanted to learn why parents were interested in the program...and we wanted their reactions before they were given program explanations at Thursday's meeting. Their answers, unsigned, were written before exposure to detailed information about the program."

Following are some of the answers:

• Because we believe from an educational AND financial point of view this kind of program is essential to the well-being of the school district in general and our child in particular.

• Our child would probably benefit from a classroom of children wherein the parents are highly enough interested in educational innovation to enroll their children in an experimental program.

• We are hoping that perhaps more avenues for open classrooms and cross-grade classrooms will be opened.

• The 'three-week 'rest' every nine weeks would be beneficial in keeping up interest in school, thus helping our child benefit more from time spent in school.

• As a teacher myself, this would give me more of an opportunity to share in my

child's education through a time to volunteer services to the classroom as per the desires of the classroom teacher such as time spent in classroom, preparing materials, etc.

• We are hoping that field trips would be more frequent as buses would be available, and field trip locations would not be so booked up.

• We believe that the economics of the present and the future dictate the maximum utilization of all existing and future school facilities.

• More flexible vacation schedule to family, and better learning schedule. Relief to children after nine weeks, as opposed to present program of 40-week duration.

• Much better calendar—allows winter and other vacations without taking kids out of school. We believe three month summer vacations are too much for children. There will be better use of school taxpayer resources when put into full effect. It is educationally superior due to no lengthy period away from school.

• Our family life is very adaptable to the 45-15 program, and we believe it is time to put the schools and building to year-round use. We feel we should support the 45-15 program over other plans as it is the most practical to all types of families.

• We feel that this is an excellent way to utilize facilities fully year-round—with millage votes going negative, will serve as an alternative to new buildings being needed.

• We like the idea of family vacations at other times other than summer.

• Agree with concept of 45-15 program and feel that

school system must establish a similar system in the future.

Since the proposed system is K through 5 family, it's now or never. Like the idea of four separate vacation periods throughout the year. Shorter vacations mean less boredom. The idea of teacher aides in addition to teachers means better quality education for my children.

• Better use of school facilities for stabilization of taxes. Summer vacations are too long, and it allows for winter vacations other than at holidays.

• I like this schedule and our children want to try it.

• We are hopeful that the year-round system may provide a better education for our children. The method of breaking up the school year into shorter sessions with vacations between should help the children maintain their interest—i.e., no long boring stretch between January and June. No long vacations!

• It would appear that this 45-15 program would be of value to my children by providing continual workshops for teachers, federal funds for better and more supplies, and more individualized instruction for each child.

• Based on the realities of today's way of life, the three-month summer vacation is not sacred—providing the classrooms used are reasonably comfortable during the summer period. Better use of facilities should slow down the tremendous increase in school costs—providing salaries are realistic considering the general economic condition of unemployment and surplus of teachers.

• Because I wanted him to

start off on a year-round basis. The vacations (15 days) through the year will be good for participation in all types of seasonal sports. Taxes, I hope, won't rise so much. Spring fever with students should end.

• We feel our children can be more enthusiastic about school, if their experience is concentrated. Short terms with short breaks can renew their attitudes toward learning.

• Because I think it is a step in controlling costs to taxpayers by better utilizing facilities and personnel.

• As a member of the silent majority, I feel that too often we sit by and let the other half do the experimenting. We are joining your crusade! And here's hoping it works. When you pay so much in taxes any relief to look forward to is worth trying.

• We believe the school will make a special effort to give

these children a "good" education, with extra academic achievement, in order to prove to the community that it is a good concept!

• We are trying to find the best learning situation for our child. She has some special problems which may cause some learning difficulties. We have heard that this program may include "open school" which we are very interested in. This type of

program usually takes the best of the system's teaching staff and materials.

Page 1, Section C

The Northville Record-Now News

Thursday, May 11, 1972

## College Changes Noted

Schoolcraft President C. Nelson Grote has announced a number of recent administrative changes at the

college, including the appointment of a new director of plant operations.

The new director is Robert

S. Orr who joins the college staff with 25 years experience in construction and related fields, the past eight as a consulting engineer. His appointment as replacement for Kenneth Bertin became effective May 1.

Orr and his wife Betty and two children live in Livonia.

A native of Pigeon in Michigan's thumb area, Orr studied engineering at the University of Cincinnati. During World War II he was a marine engineer in the U.S. Maritime Service.

The Ors have been Livonia residents for ten years and were one of the founding families of Sword of the Spirit Lutheran Church. Orr served as first president of its church council.

In another change affecting administration, David L. Heinzman has been promoted to director of college relations. It is a new post at the college which will encompass Heinzman's previous duties as director of public relations, with assignments of a broadened nature indicated by the change in titles.

In a third recent development, Dr. Grote announced he has reassigned personnel director Gerald Munro and his staff from the college's business office to the president's office.

In order to implement and administer the overall personnel function of the college, Dr. Grote said it could serve more effectively out of the president's office. He said Munro would continue to work through and with the vice presidents and other administrators in dealing with matters relating to personnel.

Finally, the reassignment places Munro in a better position to provide regular consultation and advice to assist Dr. Grote in his responsibility as the chief administrator of the college.

## No Relief Seen By Legislators

Property tax reform isn't just around the corner but rather down the road, residents learned May 2 when Representatives Clifford Smart and Marvin Stempien spoke at the PTA-League of Women Voters sponsored meeting.

Both told citizens not to expect educational reform on the method of financing school districts next year, but in the near future.

Stempien also noted that local districts won't not be receiving contingency fund monies this year. Placed in a contingency by the legislature

were funds which districts would have received as part of their state aid payments.

The funds were meant to offset any unforeseen deficits which might occur in the state budget and, according to Stempien, the funds will not be paid to school districts.

On the more positive side of school financing, both representatives said they anticipate the state aid formula which will be devised for the 1972-73 school year will be similar to the one used for the 1971-72 school year but without the contingency fund clause.

## Parents to Meet On Senior Party

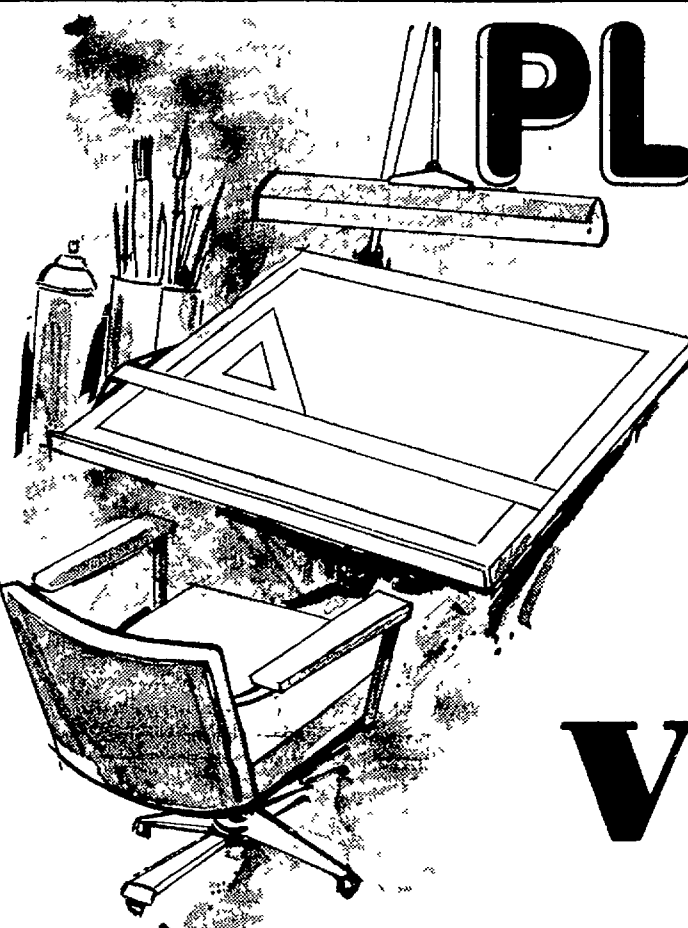

A meeting of all parents who are committee chairmen for the all-night senior class party that has become a tradition following graduation exercises is scheduled for 8 p.m. Tuesday, May 16, at the home of the chairmen, Mr. and Mrs. Mitchell Pitak.

Donations of at least \$6 from each family of a graduating senior have been requested to meet expenses of the June 13 party which the parents give for seniors only. Mrs. Duane Butler, treasurer, reported last week

that more than half have been received of the 230 expected. She said that checks are coming in slowly but steadily and will be most welcome any time.

Parents of seniors who have not paid should make checks payable to Northville High Class '72 and send them to Mrs. Butler, 21405 Summerside Lane, Northville.

Party planners estimate that the party will cost about \$1,300 including a buffet, breakfast, decorations, entertainment and band.

# About Our Servicemen

Navy Petty Officer Third Class Lyle D. Keown, son of Mr. and Mrs. Lyle K. Keown of 32 Hillcrest Drive, Northville, has reported to the Fleet Air Reconnaissance Squadron Four at the Naval Air Station, Patuxent River, Md.

He will be assigned to duties

as an Aviation Machinist Mate. Aviation Machinist Mates (Jet and Reciprocating) inspect and maintain aircraft engines and related systems. A 1967 graduate of Garden City West High School, Garden City, he joined the Navy in February 1968.

## Norman Dunn Plans to Retire

Schoolcraft College Registrar Norman E. Dunn has announced he will retire June 30 from the post he has served since 1963.

Dunn, who is 62, has been Schoolcraft's only registrar since the college opened. He was director of pupil personnel for the Bay City Public Schools at the time he joined the college staff. Before that he was a counselor at Bay City Handy High School, and earlier served as principal at Okemos High School near Lansing.

A native of Laurium, Michigan in the Upper Peninsula, he earned a bachelor's degree at Northern Michigan University, and took his master's degree at Michigan State University. Dunn and his wife Helene live in Livonia. They have two grown children.

The registrar said he and his wife will continue to live in Livonia. Other than that, he has no immediate plans for the retirement which will end his 36-year career in education.

PARRIS ISLAND, S.C.—Marine Pvt. Bruce E. Simmons Jr. of 46318 W. 10 Mile Road, Northville, graduated from basic training at the Marine Corps Recruit Depot at Parris Island, S.C.

DENVER—Airman Robert W. Heilborn, son of Mr. and Mrs. William H. Heilborn of Reese, has graduated at Lowry Air Force Base, Colorado from the U.S. Air Force technical training course for weapons mechanics.

Airman Heilborn, who was trained to load and inspect the weapons used in Air Force fighter aircraft, is being assigned to Bentwaters RAF Station, England. He will serve with a unit of the U.S. Air Forces in Europe, America's overseas air arm assigned to NATO.

The airman is a 1969 graduate of Milford (Mich.) High School. His wife, Carolyn, is the daughter of Mr. and Mrs. Arlie Sparks, 48150 West Road, Wixom.

SAN ANTONIO—Airman Thomas W. Tuck, son of Mr. and Mrs. William F. Tuck of 2915 Grouse, Wixom, has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB, Tex. He has been assigned to Keesler AFB, Miss., for training in communications-electronics systems. Airman Tuck is a graduate of Walled Lake Western High School.

THOMAS TUCK

Florence A. Chickering, daughter of Mr. and Mrs. Orville M. Chickering, 542 West Dunlap, recently was promoted to private pay grade E-2 and awarded a letter of commendation upon completion of basic training at the Women's Army Corps Center, Ft. McClellan, Alabama.

She was promoted two months earlier than is customary under the army policy providing incentive for outstanding trainees. Her promotion was based on her

military bearing, leadership potential and scores attained during the training.

The letter of commendation was presented in recognition of her academic standing in the course.

During the eight weeks of training, she received instruction in army history and traditions, administrative procedures, military justice, first aid and field training.

Private Chickering received this training with company B of the Women's Training Battalion.

A 1965 graduate of Berne-Knox Center High School, Berne, N.Y., she attended Morningside College at Sioux City, Iowa.

## NOTICE OF HEARING TONQUISH CREEK DRAIN

NOTICE IS HEREBY GIVEN that pursuant to the provisions of Chapter 20 of Act 40, Public Acts of Michigan, 1936, as amended, a petition was filed with the Drain Commission of the County of Wayne, Michigan, by the City of Plymouth and the Township of Plymouth, Wayne County, Michigan, requesting said Drain Commissioner to locate, establish and construct certain county drainage improvements, the location and route thereof to be as follows:

Clean out, relocate, widen, deepen, straighten, tile construct, reconstruct or alter any necessary culverts or bridges, acquire or construct such improvements, together with any structures, mechanical devices and appurtenances as will properly purify the flow of such drainage project, and extend the Tonquish Creek Drain from its present upstream terminus in Section 27, City of Plymouth, thence westerly and northerly through Sections 27, 28 and 21 of Plymouth Township, ending on the southwest 1/4 of Section 16, Northville Township, and from its present downstream terminus in the southwest 1/4 of Section 35, Plymouth Township, thence southerly through the south half of Section 35, Plymouth Township, thence southerly and easterly through Sections 2 and 12 of Canton Township, and thence easterly and northerly to Sections 7, 5 and 4 of the City of Westland, terminating in a branch of the Rouge River on the northeast 1/4 of Section 4, City of Westland, Wayne County, Michigan.

NOTICE IS FURTHER GIVEN that the Drainage Board for said drain has considered the said petition and made a tentative determination that the said petition is sufficient and that the said project is necessary for the public health and is practicable, has given the name "Tonquish Creek Drain" as the name of said drainage project, has given the name "Tonquish Creek Drain Drainage District" to the drainage district therefor, and has made a tentative determination that the following public corporations should be assessed for the cost of said project, to wit:

CITY OF WESTLAND, Wayne County, Michigan, at large, for benefits to public health.  
TOWNSHIP OF CANTON, Wayne County, Michigan, at large, for benefits to public health.  
TOWNSHIP OF PLYMOUTH, Wayne County, Michigan, at large, for benefits to public health.  
CITY OF PLYMOUTH, Wayne County, Michigan, at large, for benefits to public health.  
TOWNSHIP OF NORTHVILLE, Wayne County, Michigan, at large, for benefits to public health.  
CITY OF LIVONIA, Wayne County, Michigan, at large, for benefits to public health.

COUNTY OF WAYNE, Michigan, at large, for benefits to County highways.  
STATE OF MICHIGAN, for benefits to State highways.  
NOTICE IS FURTHER GIVEN that the Drainage Board will meet on the 7th day of June, 1972, at 11:00 o'clock a.m., Eastern Standard Time, in the Plymouth City Hall, 201 S. Main Street, Plymouth, Michigan, for the purpose of hearing any objections to said project, to the petition therefor, and to the matter of assessing the cost to the public corporations above named. AT SAID HEARING ANY PUBLIC CORPORATION TO BE ASSESSED, OR ANY TAXPAYER THEREOF, WILL BE ENTITLED TO BE HEARD.

THIS NOTICE is given by order of said Drainage Board

Henry V. Herrick  
Chairman of the Drainage Board  
Leonard D. Proctor, Member  
Robert E. Fitzpatrick, Member

Dated April 26, 1972

**WINNING PERFORMANCE**—Bev Wistert in her role as Sarah is comforted by J. W. Sleete who played Sky Masterson, as Doug Boor (Nathan Detroit) and Carol Turnbull (Arvide) look on. The scene is from "Guys and Dolls" staged last week by Northville High students. Winning Oliver Awards for outstanding performances were Miss Wistert, Boor and Craig Barnard who played Nicely. George Awards, given for highest professionalism backstage, went to Sarah Horner, who served as accompanist, Gary Ogilvie, head of the set crew, and Mary Tilson, designer of the model from which the set was built. Kurt Kinde, director of the play, said he was "very pleased with the performances and it was a pleasure to work with such a dedicated and exuberant cast."

## Northville Won't Join GM, Ford Lawsuit

Northville school board said "thanks but no thanks" Monday night to an invitation to join a lawsuit against General Motors Corporation and Ford Motor Company.

The suit, which charges the two companies fixed prices on bus chassis sold to school districts, was filed by the state of Connecticut.

Invitation to join the suit came from the United States District Court for Northern Illinois.

Commenting on the suit,

Superintendent Raymond Spear said the district "has enough problems of our own without getting involved in this. If the suit is won, it will benefit us in the future purchase of school buses."

Spear also pointed out that if the suit is won, the district stands to gain \$1,500 to \$2,000. However, if the suit is lost, the district would be forced to pay a similar amount, depending upon how many districts are involved in the action.

Earl Busard, director of business and finance for the

district, noted there is also some concern over whether or not the district could legally become involved in the suit.

Northville does not purchase school buses, but rather leases them for a period of years through an agreement with a leasing company, thus allowing the transportation program to operate with less cost to the district.

**CHAMPS**—The Wayne County Child Development Center's special olympics team became the first team to win the Oakland County Regional Special Olympics Trophy. The special olympics program is sponsored annually by the Kennedy Foundation and includes children from special education classes in Oakland and Wayne counties. Child Development Center children won 25 first place ribbons, 14 second place rib-

bons, and 10 thirds in the event which took place last June. Their ribbons were in track, field and swimming events. Five of the children who will compete again this year are shown here with Dr. Pasquale Buoniconto, medical superintendent, and Miss Sherry Goodwin, director of recreation. The trophy will be on display at the center for the next several days.

## Recovered Gun Aids Novi ID Program

Efforts to get a Novi property identification program underway were given a hearty boost last week as a revolver stolen during a breaking and entering of a Novi residence last November turned up in Texas and Rangers arrested a man for possession of stolen property.

"If we have a known number to work with, we can usually make an arrest," said Novi Detective Sergeant Gordon Nelson. "The stolen revolver had a serial number on it, the people knew what it was and gave it to us, and a suspect was arrested in Texas six months later."

On November 28, 1971, the revolver along with another gun, two fur coats, and a quantity of other items were stolen from a residence at 43775 Nine Mile Road. On April 29, 1972, Novi police received a call from the Texas Ranger station in Del Rio, Texas, reporting they had taken a 36-year old Inkster man, William Carl Steinecker, Junior, into custody on two counts of narcotics and firearms violations.

Recovered from Steinecker was a .38 caliber revolver

registered to Donald Young of Novi. Steinecker is being held on \$10,000 bond.

Nelson explained how the man was apprehended. "Every time something is stolen that has a known identification number on it, we record that number with the National Crime Information Center (NCIC) in Washington, D.C.," Nelson reported.

"A surprising number of the items that are stolen in Michigan are shipped out of state before they are re-sold," Nelson continued. "With NCIC we have a much better chance of recovering some of these stolen articles."

Currently underway in Novi is a program called "Project Theftguard" which makes an engraving tool available to local residents for engraving a number - the driver's license number, preferably - on all personal belongings from cameras to bicycles to television sets, anything that is subject to being stolen.

People who participate in the program are told to keep a record of all marked items and are given a sticker to place in a conspicuous spot on

their home to inform prospective thieves that articles have been marked with the engraver and can thus be traced.

Then, if items are stolen, the number and description can be turned over to police, who register it with NCIC, who put it on a computer tape where it can be stored forever.

"If we can get an identification number on a stolen article," Nelson emphasized, "we can solve cases all over the country."

## OLV Offers Scholarships

Our Lady's League at Our Lady of Victory Catholic Church is currently taking applications for scholarships to be awarded to two eighth graders.

Eligible for the award are eighth graders registered in a Catholic high school for the fall semester. Applications will be accepted through Friday, May 19.

Students interested in the scholarships should contact Mrs. Robert Brueck at 349-2230.

**SCHOOL BELL**—Northville Record News Editor Sally Burke receives the MEA School Bell award from Otis A. Crosby, former director of information services for Detroit Public Schools.

## Record Wins Third Gold Bell Award

The Northville Record was among 36 Michigan newspapers, radio stations, television stations and writers to win the Michigan Education Association (MEA) School Bell awards for "outstanding contributions to community understanding of education."

Presentations were made at a luncheon Friday during MEA's annual Representatives Assembly at L.C. Walker Arena in Muskegon. Accepting the award for

The Record was Sally Burke, news editor. It is the third consecutive year The Record has received the School Bell award. Presenting the awards was Otis A. Crosby, former director of information service for Detroit Public Schools who now operates a public relations firm.

Judging entries in the contest were representatives from MEA, Michigan Press Association and Michigan Council of PTAs, who cited

The Record for good overall year-round coverage of education news, good features on schools and good use of pictures.

Receiving awards were 11 weekly newspapers, seven daily newspapers, two radio stations, four television stations and 12 writers and producers.

Nearly 500 educators, news media personnel and their guests were on hand for the awards ceremony.

## Restrictions Sought For Truck Travel

Upset about the damage being done to city roads, the Novi city council is seeking an ordinance to limit the size of trucks on subdivision roads. Leading the quest for the ordinance is Mayor Joseph Crupi.

"These trucks are tearing our roads apart," he said at Monday's council session, "and we get stuck with the bill for having to repair them."

We've got to have an ordinance governing the per-

axle tonnage we're going to allow to go up and down our subdivision roads."

Councilman Louie Campbell concurred with the Mayor. "We're not saying they can't construct," he said, "but we're saying they can't maintain."

### Prom Tonight In Southfield

The Raleigh House in Southfield will be the setting for "A Taste of Honey," Northville High School's senior prom.

Beginning at 8 p.m. tonight (Thursday) with dinner, the evening lasts until 1 a.m., according to Lorrie Deibert, chairman of the event.

Appearing will be comedian Paul Lennon and music for dancing will be provided by the Ron L. Four.

## Committee Advises Novi Board

# 'Don't Sponsor Senior Trips'

A special committee has recommended, in the wake of a recent survey, that the Novi Board of Education should not sponsor or recognize senior class trips as a school function.

The findings and recommendations of the senior trip committee were accepted Monday by the board, which praised committee members for their "excellent" report.

Only 35-percent of the parents of ninth, tenth and eleventh graders responded to questionnaires.

"Thus, the majority of parents indicate no concern over a senior class trip. Only 60 parents preferred that the board of education be responsible for the senior class trip out of 360 letters sent," the committee noted.

The student survey, continued the committee, indicated that two out of three students preferred that the board of education have no responsibility for the senior trip.

Furthermore, "students were overwhelmingly interested in a trip by a ratio of 8 to 1. Students indicated they would pay for a trip and also be willing to help earn money for a trip through activities."

"Seniors may, indeed, elect to go on a trip, but, if so, it should be done independently of the school," the committee concluded.

"This means that no school buses may be used, no internal accounting may be used, no days off from the regular school calendar should be allowed, nor should fund raising activities for a trip be allowed in the school or during the school day."

"All future senior trip activities should be accomplished independently of the Novi Board of Education and become the responsibility of the senior parents and students interested in the trip."

In the survey of parents (130 answers were received from 360 letters sent out), here is the response to three questions:

1. Do you approve of senior class trips for your son/daughter? 115 yes, 11 no.

2. Would you prefer that the Novi Board of Education be responsible for the senior class trip? 115 yes, 47 no.

3. Would you prefer that the senior class trip be organized and managed by an independent parent-student trip club? 40 yes, 39 no.

In the survey of students, here are the responses to four questions:

1. Would you pay for a senior class trip? Ninth grade, 133 yes, 22 no; 10th grade, 99 yes, 17 no; 11th grade, 85 yes, 9 no; total, 317 yes, 48 no.

2. Would you be willing to work in activities to help pay the cost of the trip? Ninth grade, 141 yes, 16 no; 10th grade, 105 yes, 11 no; 11th grade, 85 yes, 14 no; total, 331 yes, 41 no.

3. Would you prefer that the board of education be responsible for the senior class trip? Ninth grade, 52 yes, 104 no; 10th grade, 36 yes, 80 no; 11th grade, 30 yes, 63 no; total, 118 yes, 247 no.

4. Would you prefer that the senior class trip be organized and managed by an independent parent-student trip club? Ninth grade, 72 yes, 83

total, 118 yes, 247 no.

Members of the parent-student-teacher committee included Principal Hal

no; 10th grade, 47 yes, 61 no; 11th grade, 54 yes, 39 no; total 173 yes, 183 no.

Members of the parent-student-teacher committee included Principal Hal

Seymour, Mrs. Joyce Valentine, Mrs. Jackie Lawrence, Steve Bosak, Ron Broquet, and Calvin F. Schmucker.

**TOPS IN SAFETY**—Service girls and safety boys earning top honors for performance of service at the elementary schools are, left to right, Cari Wedge of Amerman, Jody Lauber of

Main Street, Matt Romanik of Moraine, Gordy Lyon of Main Street, Connie Coutts of Moraine and Paul Hochkins of Amerman.

## Grass Roots Battle Seen

Amid all of the interest and controversy surrounding Michigan's presidential primary on May 16, an intense local ballot struggle is going all but unnoticed.

In Northville Township's rapidly growing Precinct Three, acting Republican Precinct Delegate Peter June is facing challenges by two newcomers.

June, 46, lives at 19220 Old Bedford Road and is a sales manager for an auto parts firm. He has been active in Republican organization work for 12 years and is currently absentee vote drive chairman for the Northville-Plymouth area.

June is being challenged by Robert G. Adams, 16822 Old Bedford, and Leon S. Paler, 42056 Sunnydale. All three have Plymouth mailing addresses, but live in Northville Township. Adams, 41, is a self-employed CPA who has been active in the Northville Commons Civic Association.

### Raymond Spear Elected

Northville Superintendent Raymond Spear has been elected chairman of the board of directors for the Metropolitan Detroit Bureau of School Studies.

Paler, 32, is an engineer for Ford Motor Company.

Precinct delegates, often called the "Grass Roots" of political party organization, are elected by their neighbors to represent them at district party conventions.

Precinct Three includes the southeastern portion of Northville Township between Five and Seven Mile Roads bounded by Sheldon Road and Haggerty, excluding Kings Mill. The majority of residents live in Northville Commons or Northville Colony Estates.

Other Republican stalwarts R. Robert Geake, E.O. "Bud" Weber, and Lawrence A. Wright, are running unopposed in their precincts, as are city delegates-elect Richard D. Rayborn and Rosemary K. Hagge.

There are no contests for delegate seats among Democrats either in the city or the township.

The post is for three years.

The bureau is responsible for providing information services and studies to agencies it serves.

## What are you doing after school?

Some of your friends will be going on to college. Others to jobs. If you haven't made any plans yet, consider a job with today's Army.

A job that will start you at \$288 a month. With free meals, housing, medical and dental care. And 30 days paid vacation.

A job where you can learn a skill. We have over 200 job-training courses. Taught by excellent instructors, in good schools, with the finest

# NORTHVILLE PUBLIC SCHOOLS YEAR ROUND SCHOOL NOTICE OF PUBLIC MEETINGS

The Steering Committee of Northville Public Schools proposed Voluntary Experimental Elementary (K-5) Year Round School Program featuring a 45-15 Calendar for student attendance (9 weeks in school - 3 weeks on vacation) and an innovative approach to classroom instruction announces:

**A GENERAL PUBLIC INFORMATION MEETING**  
**To Be Held on Wednesday, May 24, 1972**  
**At The Northville High School Auditorium at 8 P.M.**  
**Keynote Speaker: George Jensen, Chairman**

The purpose of this meeting will be to give a full explanation of the district's proposed State Sponsored, Federally financed, experimental program and to explain how it could affect you and your child.  
This general public meeting will be followed by the conducting of three Year Round School "Information Centers" to be held on the following dates, times and places:

National School Calendar Committee  
Minneapolis, Minnesota

<b>May 30, 1972</b>	<b>Amerman School</b>	<b>7-9 p.m.</b>
<b>June 1, 1972</b>	<b>Moraine School</b>	<b>7-9 p.m.</b>
<b>June 6, 1972</b>	<b>Main Street School</b>	<b>7-9 p.m.</b>

You are invited to attend any of these centers at which time pre-registration of students for this program will be accepted and your individual questions will be answered.

YEAR ROUND SCHOOL STEERING COMMITTEE

## NORTHVILLE PUBLIC SCHOOLS 45-15 ESY PLAN (Extended School Year)

**ISLE OF DREAMS**—That's the theme of the Novi High School's senior prom slated for Friday, May 19. Featuring a Hawaiian motif, the prom will be held at the Hawaiian Gardens in Holly and will last from 8 p.m. until midnight. Above, Judy Traynor, overall chairman for the annual spring formal, and Sue Shobe and Randy McGarry, heads of the flower and decorations committees respectively, await ticket buyers in the "Little Grass Hut", which has been erected outside the office at the High School.

### For Novi Prom

## It's 'Isle of Dreams'

Soft South Sea breezes and swaying palm trees will provide the mood as juniors and seniors at Novi High School attend their annual spring prom Friday, May 19. "Isle of Dreams" is the theme of this year's spring formal which will be held at the Hawaiian Gardens in Holly. Music will be provided by the five-piece Allan Brass Orchestra.

Tickets, which cost \$15 per couple, include a full three-course dinner and may be purchased at the Little Grass

Hut outside the High School office through Friday, May 12. All school board members and teachers are invited to attend the dance, but must purchase tickets, as has been the policy in the past.

The affair is scheduled to begin at 8 p.m. and end at 12 midnight. Dinner will be served from 8-10 p.m.

Chairman for the 1972 spring prom is Judy Traynor. Randy McGarry and Kim Smith are in charge of decorations; Denise DeBroule is head of the refreshments

and band committees; Debbie Moore heads up publicity. Debbie Smallwood is in charge of tickets; Kathy Chamberlain is responsible for announcements; and Debbie Longway will take charge of the favors.

Sophomores Roger Pelchat, Carol Padgett, Debbie Norton, and Eric Hansor will assist the juniors and seniors the night of the prom by taking tickets, hanging up coats, and serving refreshments.

Mrs. Jacqueline Lawrence and Mr. Richard Trudeau are class sponsors.

## Concert to Feature Variations at Novi

The annual spring concert of the Novi High School bands has been slated for Tuesday, May 16, in the High School Commons, Band Director Gordon Seiler announced Monday.

The concert starts at 7:30 p.m. There will be an admission of 50 cents. Everyone in the fifth grade and under will be admitted free of charge, however, Seiler said. Featured will be a presentation entitled "American Variations" — a take-off on the Scottish folk tune "Barbara Allen" with various tempos ranging from hoedown to rock.

Also featured will be Miss Jenny Lyke, a high school senior who plans to continue her music studies in college, who will direct "Festival Prelude."

Both the symphony and the

concert bands will perform during the evening and the music will range from classical to such contemporary standards as "Exodus," "Tara's Theme,"

and "House of the Rising Sun."

Seiler also noted that the High School marching band will march in the Novi Memorial Day Parade.

## Northville Plans Choral Montage

Everything from Bach to jazz numbers is on tap tomorrow (Friday) for "Choral Montage" presented by the vocal music department of Northville High.

The concert, which begins at 8 p.m. in the auditorium, will be free.

Performing during the evening will be the Girls' Glee Club, choir, Girls' Vocal group, and two special groups, the Girls' Octet and the Boys' Quartet.

Instrumental groups will accompany the choir, Miss Anita Kalousdian, director, said.

## Are you afraid to buy a new house?

Well, relax, you are not alone. Almost everyone who buys a new house has doubts. And if you're like most people, it has to do with financing. Not knowing what to expect when it comes to mortgages and closing costs.

At NBD, we finance more homes for more people than any other bank in town. And part of the reason, we think, is that we take the mystery out of buying and financing a home.

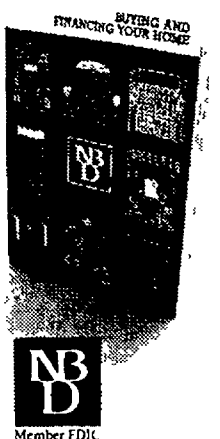

In most cases, we can let you know about your mortgage within 10 days of application, so you

don't spend weeks waiting to find out whether or not you can buy your new home.

We'll also give you a good idea of how much your total closing costs will be. So that you don't walk into any unexpected surprises when you walk in to close on your new home.

And just about everything we know, we've put into a booklet designed to answer any question you might have on buying and financing your new home.

Why not pick up your free copy.
