

## Bonanza!

Obviously enjoying this idyllic situation, surrounded by just a few of the gifts dads dream of receiving on Father's Day but don't really expect to get, is Northville postmaster, John Steimel, one of the area fathers quizzed by The Record in a tongue-in-cheek poll.

## Father's Day Gifts

## Sky's Limit for Dreamers

Fathers being what they are will appear to be tickled pink with whatever gift or card or attention they receive from their families on Sunday, Father's Day.

Dad will respond with a kiss, a thank you, or a tear—and he will mean it.

That's because it is the thought he appreciates. But what about that necktie or suit of underwear? Is it really the gift that will make him do cartwheels?

We wondered. So we asked fathers in the area what they'd really like

for Father's Day—even though chances of receiving the preferred gift were mighty slim. The sky was the limit.

And some reached pretty high.

Take Bruce Deacon, a

Northville policeman, for example.

"Well, I'll tell you what: I'd like my wife to come home some day and announce that she'd just landed a job and will make \$13,000 so I wouldn't have to work anymore."

"A hunting trip to Alaska," beams Northville outdoorsman N.C. Schrader. "An indoor swimming pool," adds Al Polis, also of Northville.

Five fathers figured a new car would do—preferably something unpretentious like a Cadillac. The new car wishers are Dwight Sharp ("Eisenhower was named after me") of Northville, Jim Winchell of Brighton, and three South Lyon dads, Lance Anderson, Rod Sedgeman and Ted LeMieux.

Jim Mascotti of South Lyon would be happiest with "another healthy baby." His wife is expecting.

And expectant-first father Tim Chaput of Northville says it will be quite some time before his expanding family can afford his dream—a Nikon camera and some power woodworking tools.

Don Coe, a South Lyon men's wear storeowner, smiles "I'd like a new suit...my closet's bare."

"A sport coat," says Livingston County Sheriff Charles Hards.

"Money," says James Brissos of Northville, "and lots of it... well, maybe just enough to clean up all my debts."

Chip Ely of Northville says he'd like "two weeks of camping at Isle Royale. No phones, no bills and especially no newspapers."

"Just a nice little home on a lake with an income of \$25,000 a year, with cost of living increases," smiles Walter McGlynn of Brighton.

Says Wes Hendrickson of Northville, a racing enthusiast: "I'd like a garden tractor so I could enter our subdivision race and beat old Chuck Lapham."

South Lyon druggist Norm Somers would be satisfied with a "Sailfish sailboat and a date

with the most beautiful single girl in town"

## Township Talk Set

Colonel Joseph A. Parisi Jr., executive director of the Michigan Townships Association, will give his views on annexation Thursday, July 6, at 8 p.m.

Township Supervisor

Backs Annexation

See Speaking

For The Record

On Page 12-A

The meeting is tentatively scheduled for the township offices.

Sponsored by Northville township, the meeting is open to residents of both the city and township interested in learning more about township versus city government.

Parisi, who is a strong advocate of charter township government, authored the township manual for officials. He has held the post of executive director of MTA for the past 20 years.

IT'S NOT OFFICIAL yet but don't be surprised if R. Robert Geake of Northville makes a bid for the Republican nomination for a seat in the Michigan House of Representatives. Local GOP leaders have indicated Geake, who presently serves as chairman of the Schoolcraft Board of Trustees, is considering entering the race.

THE CONTROVERSIAL petition to rezone a lot on the north side Randolph Street, near Center, from R-2 (family residential) to R-2A (restricted multiple dwelling) will come up for public hearing Tuesday at a meeting of the Northville Planning Commission. J. L. Hudson of Plymouth is requesting the rezoning to permit erecting of an apartment complex. Also set for hearing Tuesday is the petition to Denis Roux of Northville and of the commission itself to rezone several lots on the east side of North Center, north of Rayson, from R-2 to a professional office classification.

Voters gave their support Monday to two millage requests, backed a \$750,000 bond issue, returned two incumbents and elected one newcomer to the board of education.

Winning four-year terms on the board were the only two incumbents in the race, Dr. Orlo J. Robinson and Martin Rinehart. Mrs. Sylvia Gucken won a two-year seat on the Northville board.

A total of 2,361 voters, or 37 percent of those registered, cast ballots in the annual school election.

The "one-mill for one year only" request won support of voters 1,271 "yes" to 960 "no". A \$750,000 bond issue to take options on future school sites and remodel the six existing school buildings passed 1,272 "yes" to 945 "no."

Northville also gave its support to a proposal to build four Wayne County vocational-technical centers by a vote of 1,222 "yes" to 951 "no". However, the proposal was defeated county-wide.

Returned to posts on the board were Dr. Robinson, who garnered 1,291 votes, and Rinehart, who captured 1,014 votes.

Mrs. Gucken won a two-year term on the school board with 801 votes.

Candidates also running for

four-year terms included Mrs. Lynn VanderMolen, 730 votes, and Richard Lysinger, 729.

Runners-up for the two-year post were Angelo Chinni, 631 votes, and Dr. Robert Mandell, 565.

Following Monday's election, Board President Dr. Robinson said he was "gratified by the results of the election."

"I especially want to thank the members of the KEEN Committee, without whose support we could not have passed the millage," he commented.

The KEEN Committee was formed by a group of interested citizens following the April 8 defeat by more than 300 votes of a request for 1.5 mill hike in operational millage. Citizens petitioned the board to put a one-mill request to the voters in June.

Superintendent Raymond Spear said, "How do you tell the community 'Thank you for your support!'"

"I am most grateful for the support they gave us which will enable the school district to maintain our fine educational program," the superintendent said.

"Without the millage we could not have continued to offer all of the existing opportunities and provide for an increase in student enrollment and staff expansion," he explained.

Two key items which hinged on the passage of the bond issue were corrections in the welding facilities at the high school in order to continue to operate the program under health department regulations and payment of \$45,000 for the 10-acre school site in Highland Lakes.

In April, a \$1.45 million bond issue was defeated by 89 votes.

School officials said that more than 1,500 votes were cast after 4 p.m. Monday.

About 230 voters were waiting

## U-Kan, Mini-Bikes Stir Controversy

A three-hour-plus township board meeting Tuesday night was sprinkled with controversy involving both board members and an audience of some 25 citizens.

While some decisions were made, most of the action was concluded by making assignments to the attorney for future consideration.

But the six board members (Trustee Bernard Baldwin was absent) did take action on the following:

—schedule an appearance of Joseph Parisi, executive secretary of the State Townships Association, so that he may give his views annexation to the city (see story on this page);

—agree by a split vote to permit U-Kan to use a fish hatchery building for drug abuse counseling until next December;

—promise to take action against noisy mini-bikes protested by residents presenting petitions;

—appointed Mrs. J. Thomas Handy to succeed Donald Thomson, who has resigned from the planning commission.

While the board waded through a full agenda, most of its time was spent on three or four major issues—those involving Parisi's appearance, the U-Kan request, the mini-bikes, criticism of the township fire study committee by Treasurer Joseph Straub regarding its reports and its expenses and summer

tax collections for the school district.

While most of the people in the audience attended the meeting to support petitions protesting noisy motor bikes, etc., in Edenderry, Shadbrook, Highland Lakes and other residential areas, many

became involved in the U-Kan question.

Officer Carl Berry from Plymouth said a local center was needed in Northville because the present facility at Main and Wing streets is

Continued on Page 16-A

## Township Race Gaining Steam

With only a few days remaining before the Tuesday filing deadline, it appears at least three incumbent Northville Township board members will not seek re-election.

Latest to indicate he will not seek re-election is Republican Trustee Bernard Baldwin. Demands of his new position with Cadillac Motor Division were given as the reason for his decision.

Others who earlier said they do not plan to seek re-election are Supervisor Gunnar Stromberg and Treasurer Joseph Straub, both of whom are Republicans.

Democratic Trustee Richard Mitchell, who had not taken out petitions by early this week, told The Record Saturday he had not yet made up his mind whether or not to run again.

Republican Clerk Mrs. Eleanor Hammond, is presently the only incumbent who has announced she intends to seek re-election.

Several others, however, have tossed their hats into the August 8 primary. Announced candidates for supervisor include Republican Lawrence A. Wright of 40241 Fairway Drive and Democrat Michael P. Price of 18806 Jamestown Circle.

Two others are considering running for the supervisor's post. They are Arthur Jahn, Republican, and Dr. Larry VanderMolen, chairman of the Democratic Club here.

Republican James R. Hayward of 18420 Donegal has announced for the treasurer's post, and Democrat Eugene Guido of 20390 Westview has

Continued on Page 16-A

## NEWS BRIEFS

MILK PRICES at Northville schools will be raised to 20 cents per week in the fall. The decision was made Monday by school trustees, who explained that milk bids came in over the six cent per carton figure. With the federal government picking up three cents of the price, trustees agreed to raise the price rather than have the district make up the deficit.

BIDS were waived and a contract was awarded Steve Kellian (.240 per yard or a total not to exceed \$3,500) for removal of dirt from Horton Street. The dirt is to be used by the city elsewhere in Northville.

SUMMER TAX questionnaires sent home with kindergarten through sixth graders should be returned to the school board office as soon as possible. Out of the more than 1,000 surveys sent out, 200 have been returned, split evenly for and against the proposed collection of school taxes in the summer.

## Graduates Wed In Minnesota

On the eve of their graduation from St. Olaf College, Northfield, Minnesota, Judith Kristine Stockhaus and Stephen Richard Olson were married at First English Lutheran Church in Faribault, Minnesota.

The double ring ceremony for the daughter of Mr. and Mrs. Ralph L. Stockhaus, 46070 Bloomcrest Drive, and the son of Mr. and Mrs. Richard Olson of Galesburg, Illinois took place at 4 p.m. on Saturday, May 27. The Reverend Duane Hoven and the Reverend James Miller officiated.

The bride, given in marriage by her father, chose a gown of embroidered silk organza with bishop sleeves. Her chapel length mantilla was made of imported French rose de chantage lace. She carried a nosegay of spring flowers.

For her role as maid of honor, Joan Mueller of Mayville, Wisconsin wore a floor length gown featuring a short-sleeved beige bodice with a scooped neckline and a floral print skirt in shades of orange. Carla Howerly of

Northfield, Minnesota, acted as bridesmaid. She was gowned identically to the maid of honor. Both attendants carried springtime nosegays of orange carnations, purple statice and baby's breath.

Best man was Scott Reed of Walnut Creek, California and groomsmen were Mark Lellman, Faribault, Minnesota. Ushers were Gary Stockhaus, brother of the bride, and Peter Christiansen of Galesburg, Illinois.

The bride's mother wore a turquoise coat and dress ensemble with bone accessories. Mother of the groom was dressed in a white dress with yellow trim and yellow accessories.

Organist for the ceremony was Camilla Madson, Northfield, Minnesota. Edith Dufseth of Fairbanks, Alaska, sang "The Wedding Song".

A dinner reception was held at the Faribault Golf and Country Club for guests from Illinois, Minnesota, Wisconsin, California, Alaska and Michigan.

Mr. and Mrs. Stephen Olson are now living in Joliet, Illinois.

## Mark Anniversary

Mr. and Mrs. Leonard O'Neill, 19611 Clement Road, were honored at a dinner and reception celebrating their fiftieth wedding anniversary.

The dinner was held at 7 p.m. on Saturday, June 10, at the DAV Hall in Redford Township.

On June 12, 1922 Leonard O'Neill married the former Flora M. Foubert in Chesterville, Ontario. Both Mr. and Mrs. O'Neill are natives of Chesterville.

The couple, who has lived in Northville for five years has eight children, Greta Nowak

of Los Angeles, California, Donald of Redford Township, Loretta Ball of Livonia, Joan Schlack of Westland, Verna La Mirano, Leonard Michael and Dennis all of Redford Township.

Mr. and Mrs. O'Neill have 29 grandchildren and three great-grandchildren.

He is presently retired from the Great Lakes Steel Corporation where he worked for 40 years.

The O'Neills are members of Our Lady of Victory Church.

## News Around Northville

**NOW AT GIRLS STATE**—Pictured are three of the six young women from Northville and Novi who are attending Girls State, being held by the American Legion this week at Olivet College. Left to right are Karen Glenn of Northville, co-sponsored by the Northville Business and Professional Women's Club and Northville Woman's Club; Nancy Nirider, also of Northville, sponsored by the Northville American Legion; and Kim Reska of Novi, sponsored by the Willowbrook Association. Also in attendance from Northville is Stephanie Bach, sponsored by Northville Mothers' Club. Other Novi girls attending are Denise DeBrule, sponsored by the Vicete Die and Engineering Company and Judy Traynor, whose sponsor is the Novi Board of Commerce.

### On Dean's Lists

## Students Earn Honors

### CMU

Three area students were cited for earning all-A grades at Central Michigan University, while several others were honored for academic achievement with "B" or better grades.

The all-A students are:

Charles G. Keegan of 18725 Valenica, Northville, a senior; David M. Maxwell of

27164 Meadowbrook Road, Novi, a senior; and Lynn M. Aro of 1821 Bruce, Wixom, also a senior.

Other honor students are: Sherly L. LaChance of 50496 Pontiac Trail, Wixom, senior; and seven Northville students: Joy M. Barnum of 46151 Bloomcrest Drive, senior; Nancy A. Burt of 21410 Lujan, sophomore; Martha A. Eddy of 312 Randolph, senior;

Kenneth M. Kuurski of 38646 Silken Glen, senior, Edith A. Rayner of 52370 Nine Mile Road, junior, and Jean Beverly Tyler, 18583 Jamestown Circle, junior.

### Albion

Three Northville girls have been named to the 1972 spring semester dean's list at Albion College. Dr. Charles Glassick, vice-president for academic affairs, announced this past week.

To be named to the Dean's List, a student must attain a 3.3 or better scholastic average (based on a 4.0 system) while carrying a full class schedule.

The three local students are:

Karen S. Stefanski, daughter of Mr. and Mrs. Fred Stefanski of 840 Carpenter; Ellen B. Thomas, daughter of Mr. and Mrs. Bruce R. Thomas of 18329 Shadbrook Drive, and Susan A. Deisley, daughter of Mr. and Mrs. R. E. Deisley of 44500 Thornapple Lane.

## Announce Births

There is a new young lady now making her home at 41024 McMahon Circle, Novi.

Her name is Mary Beth and she was born on May 30, to Mr. and Mrs. Paul P. Herrmann.

Mary Beth weighed 8 pounds 5 ounces at birth and was welcomed home by her sisters Anne and Karen and her brother Paul, Jr.

Mr. and Mrs. Frank H. Bosak of Northville, and Mr.

Mr. and Mrs. Carl Stephens and their family, 46064 Norton, returned last week from a 23-day visit to Europe. The trip was an early silver anniversary celebration for the couple and a long-anticipated trip for Mrs. Stephens, who became acquainted with her many relatives in England for the first time.

It also was an early graduation present for son, Carl, who will be graduated from Eastern Michigan University in December. He is majoring in commercial art and made a study of European churches on the trip. Fourth member of the group was daughter, Mary, who had just completed her freshman year at Schoolcraft College.

In addition to visiting London, Cambridge and St. Ives, the thatched-roof countryside area, in England, the family took a rented car by ship to the Hook of Holland, visiting Amsterdam, the Black Forest region in Germany, Switzerland, France and Belgium.

Bride-elect Suzanne Pfluecke was honored Sunday evening at a personal and linen shower hosted by Mrs. Robert Massel and Mrs. Paul Robinson of Northville and Mrs. Mary Sechler of Ann Arbor at the Reservoir Road home of Mrs. Robinson.

Suzanne is the daughter of Mr. and Mrs. Albert Pfluecke of Novi Street. She will marry George Gombasy on July 15. He is the son of Mr. and Mrs. Louis Gombasy of Clark Street.

Visitors this week at the home of Mr. and Mrs. Dayton Deal, 20116 Springwood Drive, are their son, and his wife, who are here from Big Spring, Texas, where he is stationed at Webb Air Force base. His wife is the daughter of Mr. and Mrs. Clifford Elkins.

Entertaining for the visitors includes a buffet supper Friday. They return to Texas Sunday.

A total of \$419.92 was collected in the door-to-door Muscular Dystrophy campaign conducted June 6-7 in Northville. Mrs. Dale Burrell, local chairman, announces anyone who was missed and who wishes to donate to the cause may contact her at 349-2940.

Mr. and Mrs. Steve Folino, 726 W. Main, attended the graduations of two daughters this weekend.

On Friday, June 9, Seaman Apprentice Diana Cogar was graduated from Bainbridge Naval Academy, Bainbridge, Maryland. Miss Cogar is one of the first twelve Women of the Navy ever to be assigned to the U.S. Naval base at San Juan, Puerto Rico.

The Folinos returned from Maryland on Saturday to attend Sunday Commencement exercises at Michigan State University in East Lansing. Their daughter Mrs. Carl M. (Lynn) Cedarburg, received her Bachelor of Arts degree in elementary education and her husband was awarded a bachelors degree in finance.

Orient's Chapter Past Matrons Club will meet at 12:30 p.m. on Wednesday, June 21, at the home of Mrs. Frank Dundsford near Brighton. A dessert luncheon and business meeting are scheduled.

and Mrs. Peter G. Herrmann of Livonia, are Mary Beth's grandparents.

John Daniel, the first son of Mr. and Mrs. John Brugeman, was born on June 9, at St. Joseph's Hospital in Ann Arbor. Young John weighed seven pounds eleven ounces at birth and has joined his sister Beth, 2, at home at 46040 W. Nine Mile Road, Northville.

## Engaged

FAYE QUALLS

PATRICIA TOTTON

A September 8 date has been set for the wedding of Faye Qualls and Randy Lee Thomas. Their engagement is announced by her mother, Mrs. Irene Jobe of Farmington. His parents are Mr. and Mrs. Daniel Thomas of 46133 West Nine Mile Road.

The bride-elect, a 1967 graduate of Clarenceville High School, attended Moody Bible Institute and is now employed by Missionary Internship in Farmington.

Her fiancé graduated from Northville High School in 1969. He attended Schoolcraft Community College, is now a student at Lawrence Institute of Technology and is employed by Royal Oak Trenching in Farmington.

Mr. and Mrs. Charles E. Totton, Sr., 46900 West Eleven Mile Road, Novi, announce the engagement of their daughter Patricia Marie to Carl F. Dobberfuhr of Mequon, Wisconsin. He is the son of Mr. and Mrs. Oscar Dobberfuhr, also of Mequon.

Patricia, a 1966 graduate of Northville High School and a 1970 graduate of Concordia Lutheran College, River Forest, Illinois, is currently teaching at Trinity Lutheran School, Mequon.

Carl is an agricultural producer.

They will be married in Mequon on August 12.

CATHERINE BUNDOFF AND JOHN BARAN

An extended engagement is planned by Catherine Ann Bundoff and John Baran. The announcement was made May 20, at a formal dinner at the Chicago Road Steak House.

Catherine, the daughter of Mr. and Mrs. Edward Bundoff of Walled Lake, attended St. William's School, St. Mary's Academy of Monroe and is a graduate of Walled Lake Western High School and the David Pressley School of Cosmetology. She also attended the Patricia Stevens Finishing School.

John is the son of Mr. and Mrs. Leon Baranowski of Dearborn. He is a 1968 graduate of Fordson High School, is currently associated with State Drugs of Walled Lake and is in the U.S. Army Reserve.

## Couple to Tour With Chorale

A Northville couple will accompany the Youth for Understanding Chorale and

String Ensemble on its two-month tour of Europe.

Serving as counselors will be Mr. and Mrs. Donald Pratt of 525 Fairbrook. Pratt is also business and travel manager of the group.

Leaving June 28, the chorale and ensemble will tour Germany, Austria and Yugoslavia, where it will be one of the first groups of its kind to perform.

Pratt, a graduate of Northville High, was a member of the YFU group in 1966 when it toured South America. He is a teacher in Livonia schools. His wife, Kathryn, is a second grade teacher at Amerman Elementary.

The YFU Chorale and String Ensemble is composed of high school juniors and seniors from Michigan and northern Ohio.

Returning to the United States August 17, the group will perform a homecoming concert August 27 at Hill Auditorium in Ann Arbor.

## Need Vacation Homes For Inner-City Kids

Area residents who would like to help provide a summer vacation for inner-city youngsters by taking them into their homes or sharing horses, a pool or even a picnic are invited to call Mrs. Andrew Caughey, 349-7143, or Mrs. Joseph Petro, 349-3244.

Last year Dr. and Mrs. Caughey opened their home on Timberlane to two groups, totaling 42 youngsters, giving each group a week's camping vacation at their home.

Mrs. Caughey, a teacher at Amerman school, explains that many people mentioned later that, if they had known about her project, they would have been glad to help.

If enough residents are willing to take children into their homes, she says, the project this year can be less structured and will give the youngsters a more home-like country vacation.

She is making plans for a return visit of many of the same children during July.

**SPLendor AT MEADOWBROOK**—Meadowbrook Country Club chef Richard Schultz poses with the regal-design, five-foot wedding cake he created for a May 27 club wedding reception.

## This 500 Pound Cake Is Fit for Royalty

A wedding cake more than five feet tall including a tiny waterfall was the "unforgettable something" created by Meadowbrook Country Club chef Richard Schultz for a club wedding May 27.

Incorporating a crown motif the cake was based on a design made in the 1950's by Schultz when Queen Juliana of the Netherlands toured Detroit. Schultz then originated the royal design for "an elegant dinner display" at Dearborn Inn.

Schultz made the wedding cake at the request of the bride's mother, Mrs. Ernest V. Smutek, who wanted the event for her daughter, Pamela, to have "something unforgettable." The bridegroom was Bruce Kuffer, son of Mr. and Mrs. Kenneth Kuffer. They and the Smuteks are Farmington-area residents.

While the cake at Meadowbrook was all white, the original royal one was "royal ivory" with gold ribbons and red and green accents and was placed on a gold cloth.

Mrs. Smutek has saved the top tiers of the cake in the family freezer and is hoping they still will be edible on the couple's first anniversary. The 64-inch tall cake measured 56 inches across at the base and weighed about 550 pounds.

A florist decorated the open area above the first three tiers with a ring of live flowers encircling the waterfall. Flowers also circled the base.

The cake, however, is not the largest Schultz has made. He recalls that he has "gone up to nine feet with a sailboat design for a boat club 'Captain's Dinner!'" His biggest was 12 feet tall for a national competition.

While Schultz has been at Meadowbrook just a year, he has worked in the Detroit area for many years. He came to Meadowbrook from the Wardell-Sheraton in Detroit.

He was one of the first 27 graduates of Chadsey High School's first culinary arts course. He recalls that prior to the Chadsey program, only Chicago offered this training. He served his 15-year chef's indenture, working in various

phases of the field. Included in his specialist training was ice carving. Schultz remembers, in this connection, carving busts of Jennifer Jones and Gregory Peck for the premiere in Detroit of "Dual in the Sun." He worked right outside the United Artists Theatre.

One of Schultz' associates in the first Chadsey program, Robert Breithaupt, now is director of the award-winning culinary arts department at Schoolcraft Community College.

Schultz termed the Schoolcraft program a "firm

and practical" one. He said he sometimes employs its students when he needs help.

In today's market, however, he points out, such "specialty" items as the towering wedding cake seldom are afforded. But when there is a demand, it's apparent that Schultz finds it rewarding.

When the "Something unforgettable" was ordered, he went back to his reference books for the Juliana design with its filigree on each layer adding to the regal crown concept.

The original, he adds, graced a dinner of 16 courses, including capon-under-glass, served with gold table service and crystal goblets—even for the water.

### Completes

### Marine Class

Woman Marine Sgt. Lynda L. Cooley, daughter of Mr. and Mrs. Morris B. Cooley of 2527 Bell Court, Wixom, has completed the Women's Non-Commissioned Officer School at the Marine Corps Development and Education Command, Quantico, Virginia.

Her studies included administrative and clerical duties, career counseling and Marine Corps history and tradition, and were designed to enhance her leadership qualities as a Woman Marine.

She is former student of Schoolcraft College, Livonia.

**PRACTICING ECOLOGISTS**—Pollution problems and ecology were stressed in the physical science class of Robert Trombley at Northville High School during the past year. They were emphasized in other classes as well. So how better to close out the year than to practice a little of what they've been learning.

Trombley's students spent part of two days this past week cleaning up the debris on "beer hill" in Cass Benton Park, learning first-hand how some people disregard the landscape. They picked up some two-dozen garbage bags full of debris, winning the appreciation of park personnel in the process.

### Bible School

### Set Monday

Vacation bible school begins Monday, June 19, at Northville's First Presbyterian Church.

Classes, which will be held daily from 9 to 11:30 a.m., run through Friday, June 29.

Students in grades kindergarten through six are eligible. Theme of the classes will be "Down Home Religion" with Appalachia selected as the area of study.

Pre-registration for the bible school can be made by calling the church office, 349-0911. Registration will also be available the first day of classes.

Sunday is Father's Day and few fathers are any prouder of their family than Novi's Frank Bosak is of his. When Steve, the youngest of the seven Bosak children, enters the University of Michigan next fall, he will be the seventh Bosak to embark on a college education. Above, surrounding their father, are (from left to right) Steve, Mrs. Bosak, Bob, 26 and a third year medical student at Michigan, Ginny, 20, a senior at Michigan State majoring in speech; Mrs. Paul (Edythe) Hermann, who holds her bachelor of science from Mercy College; and Frank, Junior, 29, an Eastern Michigan graduate. Not pictured are Susan, 23, a Michigan State graduate living in Cleveland and working as a journalist and Nancy, 24, another Michigan State graduate who is now a stewardess. The Bosaks live at 43000 Nine Mile Road.

## Tennis Courts, Skating Rinks

# Novi Nixes Ordinance

A zoning ordinance amendment that would have allowed location of indoor tennis courts, roller skating rinks, and ice skating rinks in manufacturing (M-2) districts was rejected by the Novi city council Monday.

Proposed by the planning board in conjunction with city planning consultant Vilcan-Leman, the amendment would have accommodated

specifically construction of an indoor ice skating rink at 42300 Eleven Mile Road, immediately south of the I-96 expressway, but also would have been applicable in all M-2 zonings throughout the city.

Leading the opposition to the amendment was Kalin Johnson, a Novi citizen and former planning board chairman.

Such facilities are not now

prohibited by the city ordinance and may be constructed in commercial (C-2) districts, Johnson pointed out. Allowing this type of commercial enterprise to locate in manufacturing districts could set a dangerous precedent, he argued, opening up the city to further requests of commercial developers to locate in M-2 districts.

"If the city denied a used

car lot the right to locate in a manufacturing district," said Johnson, "the dealer could take the city to court, citing the presence of the ice and roller skating rinks and tennis courts as an example of other commercial ventures permitted in M-2 areas."

Johnson's arguments were well received by the members of the planning board and council, but City Attorney Howard Bond issued the opinion that the proposed amendment could be supported in court.

"Limited commercial use could be stopped at the stage of the recreational facilities and would not open up the manufacturing areas to all commercial uses," Bond stated.

Council's rejection of the amendment came after the planning board had recommended its adoption by a 6-1 margin. John Roethel cast the lone dissenting ballot among the planning board members.

In stating the planning board's position, Merle Jenkins called the whole question of indoor recreational facilities a "love-hate" proposition.

"I'd love to have these facilities in Novi and available to local residents, but I'd hate to see them put in the wrong areas," said Jenkins. The problem, Jenkins contended, is that the buildings which houses roller skating rinks, ice skating rinks, and tennis courts are "gross and ugly" and "constitute an eye sore." "If I had my druthers," he continued, "I'd remove this type of building from our commercial districts. If we're to preserve the looks of the city we should put these buildings in districts where they won't detract from the appearance of the overall area."

The other argument presented for allowing such buildings to be constructed in M-2 zonings was that should the venture fail, the structure would be readily adaptable to light manufacturing or warehousing usage.

The council rejected the amendment, however, in spite of the planning board's recommendation that it be adopted.

In stating his opposition, Councilman Donald Young

# Moak, DeWaard Win School Posts

One incumbent was returned to office, another was defeated Monday as only 534 Novi voters cast ballots in the annual school election.

Elected were Incumbent LaVerne M. DeWaard, who garnered the greatest number of votes with 285, and William A. Moak, a challenger who picked up 270 votes thus ousting Incumbent Mrs. Sharon Pelchat with 244 votes.

James T. Assemany, first 18-year-old in the district's history to seek a board seat, received 193 votes.

In the race for two six-year seats on the Oakland Community College Board of Trustees, the local winners of the eight nominees were J Harold Ellens of Farmington with 178 votes, followed by George Mosher of Birmingham with 147.

Other nominees and their local vote totals were:

William M. Leffel of Lathrup Village 94; Rosemary Hull of Royal Oak 77; Lila R Johnson of Huntington Woods 74; Dante DiVitto of Farmington 43; Celia Chapin of Franklin 38; and Hope Frey of Bloomfield Hills.

Easy district-wide winners were Mosher and Mrs. Johnson.

Voter turnout in Monday's election was far off the pace of the 940 votes cast in last year's annual June election. In last year's election, however, a millage proposition also appeared on the ballot. This year there were no tax propositions.

They newly elected Novi board members will serve four years.

For DeWaard, it will be his second four-year term. He was first elected four years ago in 1968.

The 44-year-old incumbent trustee, who is married with two children, lives at 2287 Gilbar Drive. Owner of the Michigan-Ohio Filter Company, he is a member of the Oakland County Intermediate School District, member of the board of directors of the Oakland County School Board Association, and a legislative committee member of the Michigan Association of School Boards.

Moak, 38, married with three children, lives at 22718 Chestnut Tree Way. He is associated with the Macabees Mutual Life Insurance Company in Southfield, member and past board

member of the Village Oaks Homeowners association, members of the Village Oaks PTO, and member of two professional associations. He has 12 years experience in accounting.

Mrs. Pelchat, who loses her seat at the end of this month, has been a member of the board for one year. She presently is treasurer. She lives at 41910 Aspen Drive.

The other losing candidate, Assemany, a college student, lives at 46400 10 Mile Road.

Other members of the board, who did not face reelection Monday, are: Board President Gilbert Henderson, Vice-President Bruce Simmons, Secretary Ray Warren, and Trustees Robert Wilkins and William Ziegler.

WILLIAM MOAK

## For Vo-Tech

# Funds Approved

With Board members Bruce Simmons and Mrs. Sharon Pelchat urging passage, the Novi Board of Education Monday approved a \$41,800 expenditure for vocational education, industrial arts, equipment by a 5-1 vote.

Dissenting was Trustee William Ziegler. Trustee Robert Wilkins was absent.

The equipment is to be used to beef up the vocational education and industrial arts programs at the high school next fall. It represents a considerable reduction from initial discussions which had pegged the outlay at \$85,000.

Equipment has not been approved for state re-

imbursement, according to Superintendent Thomas Dale, who cleared up a previously declared understanding that the district would be reimbursed for up to 50-percent of the equipment's value.

In his communication to the board Monday Dale explained that the State Department is used exclusively for vocational education courses.

He estimated that the equipment would be used only about 60-percent of the time in the industrial arts program and the remainder of the time by the vocational education program.

"Our vocational education programs," Dale said, "have

been approved by the State Department of Education and we will receive a reimbursement based on the number of pupils enrolled in the courses which will have an effect of reducing the costs of the equipment we must purchase."

It is estimated the district will receive, provided the vocational education program is funded by the state, about \$11,000 per year state reimbursement for the vocational education programs "which will tend to amortize the equipment costs."

Approximately \$11,500 of the \$41,800 outlay is for industrial arts equipment.

Major equipment involves small engines and electronics materials. The vocational education-industrial arts program would involve between 150 to 165 students, according to Principal Hal Seymour.

Strong recommendations for the expenditure came from Simmons, Mrs. Pelchat and Assistant Superintendent T. Richard Hendrickson.

In other business Monday, the board reached a compromise settlement with John Miller of Green Ridge Nursery over a multi-thousand

# Calm Prevails as K&B Pledges Cooperation

The storm of controversy hovering over Village Oaks developer Kaufman and Broad seems to have subsided briefly, but the storm clouds still linger overhead and threaten to break loose once again at the slightest provocation.

Reason for the current lull in the storm was a meeting between Kaufman and Broad representatives and members of the steering committee of Lakewood, the condominium portion of the Village Oaks development, last Wednesday at the Lakewood sales office.

Still, rumblings of dissatisfaction can be heard. At Monday's council session, Mrs. Raymond Murphy read a statement issued by the Village Oaks Homeowner's Associates contending that "Kaufman and Broad will never correct existing problems unless refused further building permits."

Also presented at the Monday council meeting was a large stack of letters from Village Oaks and Lakewood residents listing purported violations of the city's building code committed by Kaufman and Broad.

Both matters will appear on next week's council agenda for council consideration and/or action.

The meeting between Kaufman and Broad and Lakewood representatives Wednesday was also attended by members of the city council. Present were Mayor Joseph Crupi and Councilmen Edwin Presnell, Louie

Campbell, Raymond Evans, William O'Brien, and Donald Young.

Result of the meeting was a general agreement to grant Kaufman and Broad an extension of two to three weeks to make progress in providing solutions to the complaints raised by the Lakewood residents.

With representatives from both K&B and Lakewood terming the session a constructive one, the format consisted of Lakewood listing of their grievances and Kaufman and Broad representatives explaining their point of view on each specific matter.

# Police Arrest Board Member

Two Novi citizens - one of them a member of the Novi Board of Education - were arrested and charged with larceny under \$50 following a high-speed police chase a week ago Tuesday night.

Arrested were William George Ziegler, 33, of 24275 Hampton Hill and Richard Henry Jensen, 34, of 24263 Hampton Hill. They were released on their own cognizance to appear before 52nd District Court Judge Martin Boyle on or before June 15.

Ziegler has been a member of the Novi Board of Education since being elected to that body in June of 1971.

Jensen is a past officer of the Novi Jaycees.

The two men were apprehended by Detective Sergeant Gordon Nelson and Corporal Robert Starnes at approximately 10:45 p.m. Tuesday, June 6. The Novi officers were on special patrol due to graduation ceremonies at Novi High School.

As a school board member, Ziegler was present at and participated in the commencement exercises earlier in the evening.

According to police reports, Nelson and Starnes spotted an east-bound vehicle on Nine

**LOOKING TO THE FUTURE**—One hundred and fifteen Novi High School seniors received diplomas in the school's fourth commencement ceremonies held outside on the athletic field a week ago Tuesday. United States Representative

Jack McDonald delivered the commencement address, asking graduates to participate in a renaissance of human values. Donna Robertson delivered the valedictory address, while Laura Little presented the salutatory address;

## For Two Teachers

# Novi Offers Contracts

Contracts are to be extended to two teachers—Miss Linda A. Johnson and Mrs. Marie Renner—in Novi.

The board of education voted to extend the contracts, upon the recommendation of Superintendent Thomas Dale Monday.

Miss Johnson, an Michigan State University graduate, will be a replacement English teacher in the middle school, while Mrs. Renner, a substitute during the past school year, and a graduate of Kent State University, will teach fourth grade at Village Oaks.

Both teachers are to be paid \$8,234 on probationary status. In other business Monday, the board awarded a \$500,000 tax anticipation note to the low bidder—West Oakland Bank, which came in with a bid of 2.72 percent or a total of \$11,066.61 interest.

Next lowest of the four bidders was the National Bank of Detroit with a bid of 2.79 percent or \$11,237.50.

Still other board business involved:

- Authorized an additional expenditure of up to \$300 (\$2.70 per foot) for the walkway at Village Oaks Elementary School, since length of the walk proved longer than had been indicated by the map.
- Trustee LaVerne DeWard cast a dissenting vote.
- Approved a \$1,920 contract with the Wayne Fence Company for installation of fencing at Village Oaks.
- Formal awarding of the contract had been tabled pending investigation into reliability and workmanship of the firm.
- Nominated Treasurer Mrs. Sharon Pelchat as the school district's representative on the community building board, and submitted to the city the name of Marie Bell as a candidate for the at-large membership on the community building board.
- Voted to request exclusion as a plaintiff in a 1964-65 case in which a bread company has been charged with price fixing. Estimated benefit to the district, if outstanding claims are confirmed, were put at \$50 to \$60.
- Heard a glowing bouquet from Mrs. Joanne Sherwood about the "absolutely fantastic" performance of staff and administrator at the high school during the past year.
- Heard a report by Assistant Superintendent T. Richard Hendrickson that the long awaited school signs have been installed on 10 Mile Road by the Oakland County Road Commission.
- Voted down (4-2) a motion by Board President Gilbert Henderson to table indefinitely a proposed policy on nepotism. Henderson and Mrs. Sharon Pelchat cast the "yes" votes. The policy is to be "reworked" by the superintendent and resubmitted for board action in two weeks.
- Authorized initial planning by the architect and request for bids on hooking up Novi Elementary School with the city's new sanitary sewer system.
- Authorized additional planning by the architect and request for bids on installation of tennis courts north of the high school parking lot.
- Tabled pending refinement proposed contracts with cooks and custodians.
- Adopted the senior trip policy which has been under consideration for the past several weeks.

New books in the public library this week include:

### In Northville . . .

#### ADULT

"The Dark Shore," Susan Howatch; Jon Towers and his new bride, Sarah, drive to Clough, Jon's one-time beloved and the scene of the death of his first wife.

"The Book of Witnesses," David Kossoff; Life of Christ as seen through fictional "witnesses."

"The Private Sector," Joseph Hone, On the eve of the Six Day War, British agent Peter Marlow is sent to Cairo to track down a colleague who is suspected of being a double agent for Russia.

"The Gods Themselves," Isaac Asimov; Cooperation between two parallel universes is the theme of this new science fiction novel by the author of the "Foundation Trilogy."

Summer hours at the Northville Public Library are, noon to 8 p.m., Monday through Thursday, and 10 a.m. to 5

p.m. Friday. The library is closed Saturday and Sunday.

### In Novi . . .

#### ADULT

"Captains and The Kings," Taylor Caldwell; An Irish immigrant makes an immense fortune enabling him to play a part in international currency manipulation, politics and the waging of wars.

"Blockbuster," Gerald Green; A young couple living in a low rent flat in New York City are caught between the landlord who wants all the tenants to vacate so he can sell the building and the Tenants Council that is fighting for the occupants' rights.

"Out of the Dark," Norah Lofts; A young girl's world explodes when her stepbrother is found murdered and the evidence points to her.

"The Second Kiss," Gayle Rogers; The love story between Maria, the sole survivor of a wagon train enroute to Oregon, and Nakoa, the Blackfoot brave who captured her. The novel is rich in Indian lore and authentically set against the backdrop of the prairies of the Blackfoot.

Twelve area residents were among those receiving degrees Sunday, June 11, during spring commencement exercises at Michigan State University in East Lansing.

Graduates from Northville are: Donald D. Beller, 771 Horton Street, Bachelor of Science in social science, with honors; Craig J. Collins, 48220 Rushwood Lane, Bachelor of Arts in television and radio; Mary E. Fay, 18338 Jamestown Circle, Bachelor of Science in child development and teaching, with honors; Richard L. Jameson, 45793 Clement Court, Bachelor of Arts in social science, with honors; Linda A. Johnson, 404 Dubar Street, Bachelor of Arts in English, with honors; Ellen L. Klein, 18450 Fermanagh Court, Bachelor of Arts in elementary education; Janet M. Scarlett, 43620 Nine Mile Road, Doctor of Veterinary Medicine, with honors; and Mary F. Trotter, 45955 West Main Street, Bachelor of Arts in elementary education, with honors.

## Society Taps Novi Scholars

Eight Novi High School seniors have been chosen as members of The Society of Outstanding American High School Students, the leading high school honorary society in the country.

They are Laura Little, Linda Masters, Jo Ellen Frere, Kevin Hesse, Leslie Gingell, Natalie Hare, Kirk Toth, and Janet Warren.

Society members are recognized annually in a published volume entitled

"The Society of Outstanding American High School Students," which is distributed nationally to colleges, universities, corporations, and libraries.

The selection of the eight Novi students, all of whom graduated in commencement ceremonies last Tuesday, was announced by Hal J. Seymour, Novi High School principal.

With the assistance of high school principals and counselors, The Society of Outstanding American High School students strives to further the pursuance of academic achievement and civic responsibility on the part of American youth.

The Novi students selected to the society are now competing for over \$580,000 in renewable annual scholarships offered through the society.

### Honor Coed

Suzanne M. Gerou of Novi, a junior at Alma College, has been named a member of Gamma Delta Alpha, senior women's honor society.

## Church Ordains Novi Minister

Rev. PHILIP SEYMOUR

The Reverend Philip M. Seymour, for the past 2 years minister of the United Methodist Church at Novi, was elected to Full Membership in the Detroit Annual Conference of The United Methodist Church on Wednesday morning, June 7, at Adrian.

He was ordained an elder of the United Methodist Church on Thursday evening by Bishop Dwight E. Loder, resident bishop of the Michigan area of The United Methodist Church.

The son of Dr. and Mrs. Everett K. Seymour of Royal Oak, Mr. Seymour was born in Detroit, Michigan, and was admitted to probationary membership in the Detroit Conference and ordained deacon in 1968. He was graduated from the Grosse Pointe-Michigan High School in 1963. He attended Albion College, Albion, and Wayne State University where he received an A.B. in 1967 and was graduated from Wesley Theological Seminary, Washington D.C., in 1970, receiving a master of divinity degree "Cum Laude."

Mrs. Seymour is the former Miss Rachael Townsend, daughter of Mr. and Mrs. Clare Townsend of Battle Creek.

With the reading of the appointments by Bishop Loder Wednesday afternoon, the Reverend Seymour will continue to serve the Novi United Methodist Church.

### Library Names

#### New Officers

New officers for the 1972-73 year have been elected for the Novi Library Board.

Dicron Tafraian will serve as president; Mrs. George Athas, secretary; and Mrs. William McAskin, treasurer.

The three will assume duties on the board in July, Mrs. Robert Flattery, librarian, explained.

New summer hours for the Novi Public Library are now in effect Monday through Friday the library is open from 9 a.m. to 7 p.m. It is closed Saturday and Sunday.

Larry Weiner

Terrycloth is the material for the bath. Not only is it great in its traditional use, toweling, but this soft and absorbent material has many other possibilities as well. For instance, bright terry cloth curtains are ideal for a bathroom window. Bags for bath brushes, shampoo and accessories are also good in this washable material. And there is nothing like terry cloth for material. And there is nothing like terry cloth for a comfortable shower robe. It comes in many brilliant colors—you're sure to find something that you like.

No matter what kind of fabric you're looking for, you're certain to find something you'll like at SPINNING WHEEL FABRIC SHOP, 146 E. Main St., Northville, 349-1910. # NOVI HIGHLIGHTS

By JEANNE CLARKE  
624-0173

The Annual Novi School Reunion will be held on June 17th with a potluck at 1 p.m. at the High School. Everyone is asked to bring their own table service. Beverage will be furnished.

Officers of the group are Bill Mac Dermid, president; Dorothy MacDermid, secretary; and Madelyn La Fond, treasurer. Anyone who has ever attended Novi School is urged to be in attendance to greet old friends.

Tom Bell, son of Mr. and Mrs. Duane Bell of Fonda Street, had a graduation open house at his home on Sunday evening. Guests were present from St. Clair Shores, Pontiac, Tecumseh, Warren, Grosse Pointe and Novi.

Word has been received of the birth, June 10, of a baby boy to Mr. and Mrs. Dennis Rocho. Named Damon Lou, he weighed seven pounds. Mrs. Kathy Rocho was employed at the Novi Police Department until her husband returned from service. They are now stationed in Kansas.

Mrs. Herbert Harbin, Sr. last week visited her son and his family, Mr. and Mrs. Bert Harbin, on the occasion of Loretta Harbin's graduation. Mr. Frank Davis of Glenda Street has returned home from University Hospital in Ann Arbor.

Frank "Dan" Boone of Eubank Street died suddenly this week.

Mr. and Mrs. Jack Angine of South Lake Drive have returned from a two week vacation in Northern Michigan.

Mr. and Mrs. William Mac Dermid of Stassen Street attended the graduation exercises at Grand Valley State College at Allendale, near Grand Rapids, on Saturday. Their son, Bill, received his bachelor of science degree.

Eugenie Choquet and Leon Dochot of South Lake Drive attended an open house in South Lyon on Sunday honoring Jo Allen Moore.

Mr. and Mrs. Glen Salow, Jr. of Novi Road visited her sister, Mrs. Louis Risner, in Addison Hospital on Sunday.

Mrs. Keith Branch (Vivian) of Willowbrook is a patient at Providence Hospital.

Mr. and Mrs. Orville Duke of South Lake Drive attended the funeral of Mrs. Duke's mother, Mrs. Ridler, this past week.

Mrs. Pat Karevich of Clark Street entertained several of her neighbors this past week at her home on the occasion of Mr. and Mrs. Pelton's 42nd wedding anniversary and Mrs. Pelton's birthday. Guests included Mrs. Fay Gurr, Mr. and Mrs. Tobias, and Mrs. Lee King. They enjoyed cake and ice cream served by their hosts.

Mr. and Mrs. Bernard Marchetti of Novi Road had an open house at their home honoring their daughter, Penny, who graduated this month. About 200 guests were present from Holly, Detroit, Highland and surrounding area. Also present was her sister and her family, Mr. and Mrs. Neil Josephson and son Scott from Norfolk, Virginia. Mr. Josephson is stationed with the Marine Corps at Norfolk.

Mr. and Mrs. Brent Munro and daughter Ruth were out of town over the past weekend, attending the wedding of Mrs. Munro's niece, Diana Muller, on June 11 at St. Peter's Evangelical Lutheran Church in New Memphis, Illinois.

Mr. and Mrs. Calvin Rock, Jr. have had relatives visiting them from Phoenix, Arizona this past week.

Mr. and Mrs. Russ Button hosted an open house in honor of their daughter, Rose, on Sunday evening. About 50 guests were present to offer their congratulations to the graduate. Guests were present from Davison, Flint, Bloomfield Hills, Pontiac and Novi areas.

Mrs. Ray Warren of Haggerty Road flew to Chicago recently to visit her son and his family, Mr. and Mrs. Jay Warren and the new grandson, Gregory Lee. She drove back with her son, Kenny, and daughter, Jennifer.

Allan Moss, son of Mr. and Mrs. Jerry Moss, was honored at an open house at his home on Northport. Many of his friends and relatives were present.

Mr. and Mrs. Art Karschnick, formerly of Clark

Subdivision, have returned home from studying at Appalachian Bible Institute in West Virginia. They are staying with their son and wife, Mr. and Mrs. Ed Karschnick of Country Estates.

Sunday afternoon about 60 guests were present at the open house that Mr. and Mrs. Ray Warren of Haggerty Road had for their daughter, Janet, on the occasion of her graduation. Guests were present from Ann Arbor, Detroit, Davison, and Walled Lake. Also present was her brother, Kenny, who is home on leave from service at Little Creek, Virginia. He expects to return today.

Diana Groves, of Centralia, Illinois and Roger Dale Dallas of Arcola, Illinois were united in marriage on June 3 at the First Baptist Church in Centralia, Illinois. Roger is the son of Mr. and Mrs. Eugene Dallas, formerly of the Novi area.

## Novi United

Methodist Church  
Flowers on the altar were given by Mr. Byrle Hines in memory of his wife, Effie, and grandson, John T. Hines. During the morning service, the pastor shared thoughts on his ordination. Greeters were Mr. and Mrs. Richard Freeman, acolyte was Karen McQuiston, and ushers were Ron Frisbie and Tina Wilkins. There was a very good turnout at the potluck luncheon honoring Pastor Seymour on his ordination.

Vacation Bible School will be held June 19-23 from 9:30 a.m. until noon. Unregistered children may contact Mary Wilkins at 474-2240. On Tuesday of this week at 10 a.m. the Northville-Novu Pastor Association met at the church choir rehearsal was on Wednesday, and next Monday night the W.S.C.S. will meet at 8 p.m. at the church. Program will include a silent auction. Everyone is urged to bring picnic snacks for an "Indoor Patio Party."

## Novi Jaycee

Awards for service during this past year were presented Thursday for work at the Northville State Home Auxiliary members attending were Maria Milnichuk, Kathy Crawford and Sandy Mitchell. Kathy Crawford will host a luncheon for district officers at her mother's home on June 15.

## Novi Youth Assistance

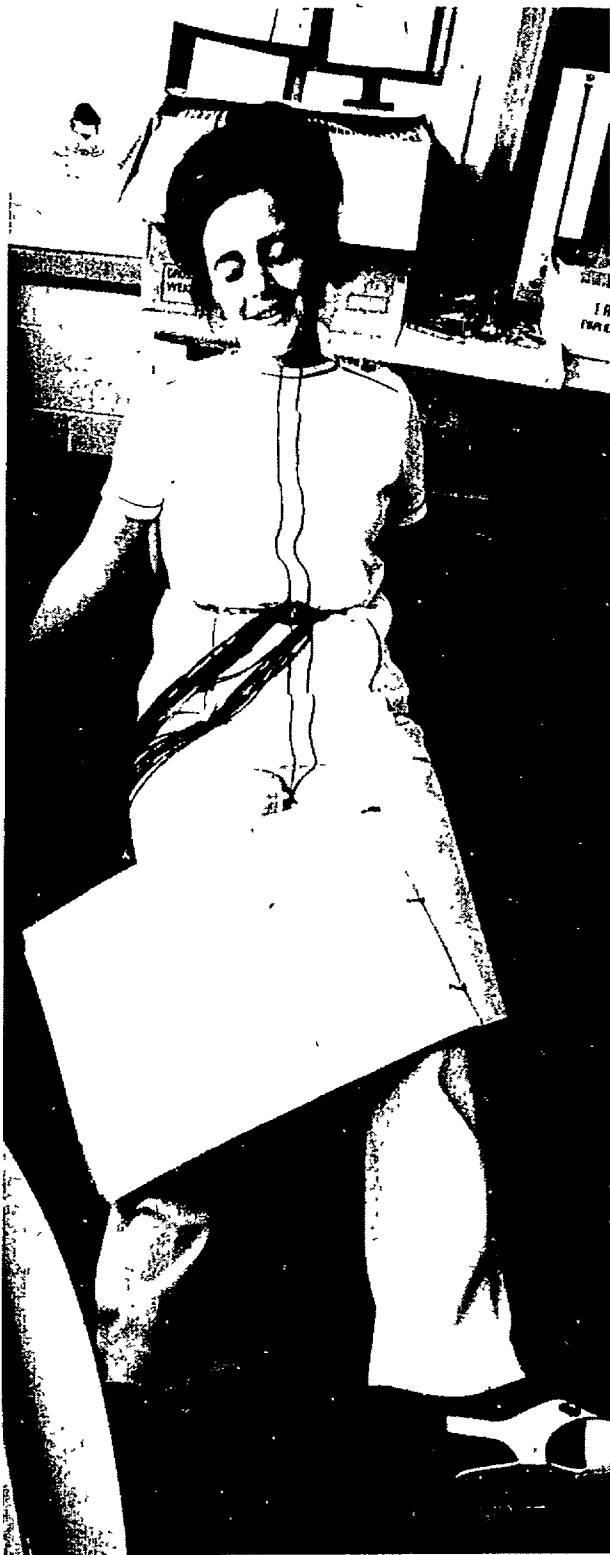

Camp Program  
There is a need to send 26 youngsters to camp and applications have been made at Camp Oakland and Camp Fairhaven during the month of July. Again, anyone wishing to help may contact Mrs. Jody Adams at 349-2948.

Novi Rebekah Lodge  
The Past Noble Grands will have a potluck dinner on the 15th at the hall. Hostesses will be Mrs. Atkinson and Mrs. Champion.

Next regular meeting will be on June 22. Reports will be heard about the successful rummage sale held recently. Everyone is reminded of Erwin Marting and Flossie Eno, now at Beverly Manor, and Mrs. Lillian Wines, who is in Oak Hill Nursing Home in Farmington. Cards would be appreciated.

## Holy Cross

Episcopal Church  
Monday night the Bishop Committee held its regular meeting, and Tuesday evening the church facilities are being used by Alcoholics Anonymous for its weekly meeting at 8:30. On June 18 during the 7:30 Holy Eucharist guest celebrant will be the Reverend Will Smith Junior, son of Mr. and Mrs. William Smith of the parish. Holy Eucharist will be the closing service of the children's church school for the summer. Mothers are asked to sign up for nursery in summer months by contacting Mrs. Al Kundrick. The Roaring Seventies young people's group will have their

## Calm Prevails

Continued from Novi 1

heavy spring rains.

Other complaints were answered by Kaufman and Broad Michigan division president John Tedesco.

"We're willing and able to do all we've said we'd do," said Tedesco. "We were very upset about your picketing our sales office last Sunday because it left the impression that K&B was not willing to cooperate in remedying complaints and that is just not true."

"From a marketing point of view it is in our best interest to have sidewalks, swimming pools, landscaping, and air conditioners in full view of potential buyers. We're hurting ourselves as much as we're hurting you by not having these things accomplished yet," added Theison.

In summarizing the city's point of view, Mayor Crupi stated he had not heard a

single complaint that could be related to the improper functioning of the city.

"All these complaints are a matter of contractual agreement between K&B and individual citizens," the Mayor said. "I have yet to hear a single point where the city can be held at fault."

The meeting ended on a "we'll give you a chance to do what you've told us you'd do" note. Lakewood's steering committee also agreed to delay filing of a law suit charging K&B with fraud and misrepresentation.

The prevailing sentiment, as verbalized by Lakewood spokesman William Winters, was "the single family residences have had this type of complaint for over two years. We wonder if you'll really do what you've said you'd do."

Another meeting was tentatively scheduled in approximately two to three weeks.

## HELP WANTED CITY OF NOVI

1. Clerk-Typist—in City Assessors office. Must be good with figures, typing some light shorthand. Hours 8:00 - 5:00 daily with one hour for lunch. Usual fringe benefits. Must be able to begin work by July 1st. Salary for fiscal yr. 1972-73—\$5,512.00.

2. Switchboard Operator-Receptionist—in City Hall. Must have some previous switchboard experience, pleasant personality and good typing ability. Hours 8:00 - 5:00 daily with one hour for lunch. Usual fringe benefits. Must be able to begin work by July 1st. Salary for fiscal yr. 1972-73 \$5,350.00.

For appointment for interview and test contact Mrs. Ann Marchewitz at 349-4300.

No. 54 will hold it's Pinewood Derby at the Novi Community Building. All fathers and sons who have worked together on this project are looking forward to the event.

## Novi Boy Scouts

Three boys had conference with their scoutmaster and have passed the tenderfoot requirements. They are: Arthur Neil, Rick Jensen and Glen Tomaszewski.

Next week the troop will meet at the Paul Bosco lake at 7:30 p.m. It is located at the corner of Beck and Eleven Mile roads where they will plan the Father-Son Campout to be held at Half Moon Lake near Pinckney on June 23, 24, 25. Special father-son activities are planned. New boys in the troop are Rick Jensen, Steve Garner and Glen Tomaszewski.

## Novi Rotary

Special guest was Mrs. Henry Bashian who attended with her husband on the occasion of their wedding anniversary. The program was presented by the Reverend Leslie Harding, chairman of Novi Youth Assistance, who was assisted by Mary Ann Margolin, supervisor of the Oakland County Youth Assistance and Jeff Smith, caseworker in the Novi-Berkley area. They explained the aims and need for local volunteers to carry on the work being done with the young people in the area.

Gala Days plans for Rotary are under the direction of Johnny Johnston, Bob Stiles is in charge of the installation and ladies night program. Anyone wishing to make reservations may call him. Looking ahead to July when Saratoga Trunk will be closed as of July 6, the meeting on Tuesday, July 11 will be held at the Farmington Club at Botsford Inn.

## Orchard Hills

Baptist Church  
Vacation Bible School will be held June 19 - 23 from 9 - 12 under the direction of Bill Valade. Bus transportation will be provided and information may be obtained by calling Mr. Frazier at 349-4017. The young people will meet in the evening from 7 to 9 p.m. Closing service will be on Sunday night, June 25.

Last Monday night the Women's Missionary Union went to the Plymouth State Home and presented a birthday party for the girls, complete with gifts, cake and ice cream in one of the cottages.

Next Friday night the young people, under the direction of Mr. Frazier, will be presenting a service for the patients at Whitehall Convalescent Home on Grand River. They will have devotions, singing, and prayer requests.

## Blue Star Mothers

At their meeting last week, the Blue Star Mothers set a tentative June 27 date for the picnic at the V.A. Hospital in Ann Arbor. They also discussed plans for their annual bazaar to be held in October. The big project in July will be the furnishing of patriotic tray favors or mats for the patients on July 4th, anyone on community who can help furnish or make some is asked to call Barb Baldwin. Next meeting will be on July 6 at the home of Alma Klaeener on Beck Road.

## First Baptist Church

Of Novi  
Music in the morning worship service was a selection by the Faith Chorus, "Coming Again," and a duet by Misses Lori McCassey and

Mary Birdsall, singing "How Great Thou Art." The offertory was a piano solo by Peggy Stewart.

The Missions Committee met on Sunday evening, followed by choir practice then the evening church service. The Gerald Reimers, missionaries to Austria, had charge of the evening service. Dressed in Austrian attire, they gave a resume of their work there and showed slides. Following the evening service, a dessert fellowship honoring the Reimers, the Baynes, and graduates, was held.

The church continues its calling program on Monday evenings. On Tuesday evening Vera Vaughn Circle meeting is scheduled at the lakeside home of Mary Thomas. A cookout is planned. Special guests will be the Reimers, Baynes, and Karschnicks.

There will be a departmental meeting of all teachers and superintendents on Wednesday evening at 7 p.m. followed by the mid-week prayer and Bible study. Vacation Bible School will be held in August this year. Details later.

Junior Church began last Sunday in Flint Hall for grades 3 through 6 with Loretta Cook in charge.

Thursday night is another worktime at the church. Sunday School rooms are being painted. Help is needed.

## Cub Scout Pack No. 240

Orchard Hills School  
Pack No. 240 held its monthly pack meeting on Saturday, June 10, highlighted by the annual Soap Box Derby. Winner of three consecutive runs in Classification "A" was Craig Adams of Webelos 1. Second place, with two consecutive runs and one loss, went to Marty Birecki of Den 4.

Classification "B" winner of three consecutive runs was John De Brule of Webelos 2. Second place winner, after an elimination heat, was Mike Berardi of Webelos 1.

In classification "C", two elimination heats were necessary to determine winner Rob Lambert of Den 2. Second place went to Dave Brayton of Den 4.

In classification "D", Peter DeBrule of Den 5 was winner with three consecutive runs. Second place winner was Jeff Fears of Den 4. Congratulations to all and it was a thrilling afternoon with trophies being presented to the lucky winners.

Midway through the races, the new Cub Master Ron Iseli opened the pack meeting. Awards were presented by the cub master and Award Chairman Marilyn Rice. Awards for Den No. 2 went to Rick Olsen and Ken Erwin who received silver arrows; Paul O'Neill received the wolf Patch, gold arrow, and bear book; and Skip Soli received the bear book. Five boys of this den are still waiting for the "Soar" badge which have been ordered but not yet received.

Den 4 awards were given to Jeff Fear, who received the silver arrow and bear book; Mike Rice, the bear book; and Chet Beers, the denners

badge; and Marty Birecki, the assistant denner badge. Seven boys of this den are awaiting their "Soar" badges. David Brayton received his Webelos book and will read up on it during the summer months.

In Den 5, five boys await the "Soar" badge. In Den 6 Jeff Jensen received a gold and silver arrow and the bear badge. In this den six boys are waiting for the "Soar" badge.

In Webelos 1, Paul Young received the Athlete Award; Mike Bergstrom received the Forester badge as did Mike Berardi. In Webelos 2 Rick Jensen earned the craftsman award and also a three-year attendance pin. Steve Gillick received the arrow of light award (top Webelos Award).

Later in the races, Richard Jensen and Bob Mc Allister received the Webelos Commemorative Plaque displaying their earned awards during the cubbing years, and Mr. Harrison welcomed them into Boy Scouts with a personal greeting and a general outline of their responsibilities.

There will be a Committee meeting on June 27 at 8 p.m. at the De Brule residence. Plans will be finalized for the July activities at the Novi Gala Days. Discussion about the Tiger ball game in August is anticipated.

The Pack would like to thank Anita Dye, retiring den mother of Den 3 for her fine performance this past year. Pat Kostelnik is now officially in charge of Den 3 and she is wishing the best of luck. Also James Zegollori is welcomed into Den 4 and Mike Rice has been officially transferred to Den 4.

Novi Senior Citizens  
Those young in heart and 50 years and over enjoyed a card party and luncheon on Tuesday, June 14 at the

United Methodist Church. Mr. and Mrs. Robert Devine had charge of refreshments and each senior citizen brought his own sandwich and table service.

Reservations for the Bob Lo trip on July 7 were made with Mrs. Nancy Little. Those who weren't present but who wish to sign up are asked to call Mrs. Little at 349-2219.

## Christ Church

Sermon topic for the third Sunday after Trinity will be "Joy in the Kingdom in the Spirit." Holy Eucharist will be celebrated at 10:30. Applications are now being taken for the Holy Trinity Seminary, a new school opening in Plymouth starting September 15. Those desiring to go into ministry and church work may call Pastor Vassey at 453-5805 for information or write Box 113, Novi.

## Living Lord Lutheran Church

Day Care Nursery  
The children will be starting the summer sessions on Tuesday and Thursdays from 9-12 and 1-4. For information call Mrs. Slade at 349-7507.

## Bids Sought For Highways

Bids will be taken June 21 in Lansing on two projects totaling an estimated \$11.1 million for start of Interstate 275 Freeway in Wayne County, the State Highway Commission announced Friday.

The projects are among 45 highway construction and maintenance projects totaling an estimated \$27.6 million on which bids will be taken.

The two I-275 projects call for construction of 3.5 miles of freeway and 16 bridges between Ford Road and the Interstate 96 interchange in Livonia.

## NOTICE OF PUBLIC HEARING

Wednesday, July 5th, 1972  
8:00 p.m.

## NORTHVILLE CITY HALL

The Plan Commission for the City of Northville, on petition of Mr. Paul Folino, 20556 Clement, Northville, Michigan, will consider the rezoning from R-3 (Multiple Dwelling Districts) to C-2 (General Commercial District) on Lot No. 212, Assessor's Northville Plat No. 3.

This lot is located on the west side of S. Center Street, south of Cady Street.

C. Thomas Wheaton, Chairman  
Northville City Plan Commission

## NOTICE OF SPECIAL ASSESSMENT HEARING

TAKE NOTICE that the City Council of the City of Novi, Oakland County, Michigan, has determined it to be necessary to make the following described paving public improvements in the City of Novi:

Said improvements to consist of a granular subbase, 24 feet wide, uniform concrete surfacing, with 8 feet wide stabilized gravel shoulders and open ditch;

The City Council has determined that a part of the cost of the above described paving public improvements shall be assessed against the following described property abutting the above described improvements:

TAFT ROAD—From 10 Mile Road to 11 Mile Road:  
Lots 1 to 22, inc., Salow's Walnut Hill Subdivision, Lots 1 to 14 inc., Munro Subdivision, and acreage Parcels, to wit: MN 377, 388A, 388B, 388C, 388D, in Section 21, and Parcel MN 398 in Section 22.

TAFT ROAD—From 11 Mile Road to Grand River Avenue:  
Section 15: MN 267, 268A, 268B, 269, 270, 271A, 271B, 273A-1A, 273A-1B, 273B

Section 16: MN 317A, 317B-1, 318, 319, 320A, 320B, 321A MEADOWBROOK ROAD—From 9 Mile to 10 Mile Road:  
Lots 78 to 92 inc. and parts thereof, Lots 170 to 180, inc in Willowbrook Estates Subdivision No. a, and

Lots 124 to 138 inc., in Heatherbrae Subdivision, and Acreage Parcel MN 467, and

Lots 1 to 4, inc., and parts thereof, and Lots 103 to 107, inc. and parts thereof, and Outlot A, of Orchard Hills Sub, Lots 41, 108 to 117, inc., and Lots 138 to 143, inc., of Meadowbrook Lake Subdivision, and acreage Parcels No. 471 A and 481 C.

CORAL LANE, in Willowbrook Estates Subdivision:  
Lots 40 to 45, inc.

TAKE FURTHER NOTICE that the City Council has caused reports concerning said public improvements to be prepared, which reports include necessary plans, profiles, specifications and estimates of cost of such paving public improvements, a description of the assessment district and other pertinent information, and these reports are on file in the office of the City Clerk and are available for public examination.

TAKE FURTHER NOTICE that the City Council will meet on June 26, 1972, at 8:00 o'clock P.M., Eastern Standard Time, at the Community Building in the City of Novi, for the purpose of hearing objections to the making of such paving public improvements.

THIS NOTICE is given by order of the City Council of the City of Novi, Oakland County, Michigan.

Dated: May 8, 1972  
Mabel Ash  
City Clerk

## EBERT FUNERAL HOME

404 W. MAIN STREET NORTHVILLE, MICH.

Dear friends,

The making of a will is one of the most important acts in a man's life. By his will, he plans the distribution of the fruits of his life's work and the welfare and future of his loved ones.

A will usually lessens family disagreement, reduces probate expenses, inheritance taxes, and confusion. In our profession, we repeatedly see the advantage of a properly drawn will.

Respectfully,

SERVING - SINCE 1936 - PHONE F19-1010

**CIRCUS**—Without clowns and pretty girls there would be no circus. While getting ready for their turn in the big top the funsters who have eyes only for Terry Moore, acrobat and equilibrist, are putting their best foot forward. They are with the Carson and Barnes circus coming to Wixom (Maple Road west of Wixom Road) under the sponsorship of area Kiwanis Clubs. Performances will be given at 2:30 and at 8 p.m. on Saturday, June 24.

June 24

## Circus Shows Come to Town

Circuses come rarely to this area, so South Lyon Kiwanians are joining with the Wixom-Walled Lake club to bring in the big Carson and Barnes aggregation one week from Saturday (June 24).

Carson and Barnes will perform on the one day only, with shows at 2:30 and 8 p.m. Wixom will be the site—on Maple Road west of Wixom Road.

Cost from South Lyon Kiwanians is considerably lower to the five-ring big top attraction if purchased in advance. Advance tickets are \$1.25 for children and \$2.50 for adults, while the gate price is 25 cents higher for the kids and 50 cents more per parent.

Also participating in the sales campaign to assist the small Wixom-Walled Lake

Kiwanis Club are the Walled Lake Jaycees and Novi Little Leaguers.

Carson and Barnes carries a crew of 200 people, has a big top measuring 320 by 150 feet and features clowns, ponies, jugglers, horses, high wire and aerial acts, elephants, acrobats, trained lions and a large array of other animals performing in each of the two one and one-half hour acts.

## Northville Gets School Grant

Final approval has been given to a \$150,800 grant for Northville's experimental year round school program.

Approval was given last week at the regional office of Health, Education and Welfare Department in Chicago, Illinois, where local school administrators appeared at a budget hearing.

Superintendent Raymond Spear said he was "extremely pleased with the meeting. There were no questions or challenges on our intended use of the grant funds for the year round program."

A voluntary experimental

LEW COY

## On Oakland Board

### Coy to Seek Third Term

Lew L. Coy, 52, of Wixom announced this week that he will seek a third term on the Oakland County Board of Commissioners this fall.

Lew Coy is a retired captain from the Detroit Fire Department; having served that organization over 25 years. He is a graduate of Oakland Community College and also a graduate of Wayne State University Mortuary School. Coy served in the United States Navy during World War II as a Hospital Corpman.

In 1969 he was appointed to the Oakland County Board of Health for a 5 year term and is presently Chairman of that board. He also serves on Personnel, Legislative, and Health Committee of the Board of Commissioners and is Oakland County's representative to the Huron River Watershed Council.

During the present term he successfully introduced legislation which permits toll free telephone service to the Court House from any place in the county. Also during the

current term he successfully introduced a new policy which requires the Drain Commission to list the drain on which work was done, the date on which it was accomplished, and itemize the cost on a job-by-job basis rather than billing one total amount to the local community.

He introduced a resolution which would give the Road Commission more dollars for concrete.

He has been a consistent opponent of SEMTA and one of the few who stood against CADA and its implications, which would facilitate new towns. He is opposed to court-ordered busing, for racial balance and supports the proposed welfare work program.

His priorities continue to be to promote coordination between departments, eliminate duplication, and keep the budget down.

Coy attends the New Hudson Methodist Church and is president of the Wixom-Walled Lake Lions Club

### much of a hurry to find it necessary to keep their horns.

Finally, a gentleman, noticing the plight of the bird and the would-be rescuer, joined, and together the two managed to get our little bird into the safety of the bushes at the side of the road.

Traffic and people began to move again, smiling and waving cheerfully at each other as they passed.

It is the kind of story that makes you feel good inside just knowing that people do care.

I wish I could say as much for those children at Wixom Elementary School who found it so necessary, during the last weeks of school, to demolish the orange couches near the office. It is truly unfortunate, not only for those who must repair the damage, meaning, of course, the taxpayer, but for those who "had to get away with something".

And something of a happening almost in my own back yard. To a bird watcher, a highlight and some awfully sharp eyes. A Baltimore Oriole's nest hanging in the heights of a tree. My only claim to birdhood is the nest of a blue jay inside a dilapidated milk carton that had it's beginnings as a bird feeder a few years back.

Those in the know say the mosquito population is going to be overabundant this year for sundry reasons. They might add to that snakes. At times, they make it virtually impossible for me to do my weeding. Not that it's such a great loss to me but my love for snakes could be put on a very small pinhead. I am now wondering why there seem to be so many living around our house...or is it just one who follows me around

It has come to that point in our lives where our children are gung-ho on camping and "roughing it". We have a small tent capable of sleeping two of the kids, and the van, minus one seat, can adequately accommodate the remaining three.

So it was decided that later in the summer we shall have a camping expedition but a "dry run" was in order to "check things out".

A perfect opportunity presented itself...clean-up time at the ski lodge. Arrangements were made with friends to "camp out" within close proximity of their backdoor should anything unfriendly occur.

Old campers will automatically tell the novice that the worst fate to befall a camper is rain. Fortunately, the gods smiled on us in that respect. However, we did "turn in" before hearing the weather report and it's just as well. The low Saturday night was a mere 26 degrees. Our one night "out" taught us not only to bring lots of blankets but to also add cots to the list of things to buy

A bright note to add this week Bill Abrams has been released from the hospital and is now at home recuperating. Word has it that he is taking life very easy and following doctor's orders. We're glad you're home, Bill, and let's keep it that way.

If you find a trip to the Wixom Co-op not on your list of things to do in the next couple of days, almost any day of the week you find a trip to the post office in order. And there you will find a smiling face willing and able to sell you tickets to the circus.

It's just a little more than a week away and there is a savings if you purchase your tickets in advance

The thought of the circus coming to town has stirred the memories of some in town. Dorothy Ludlum said she can remember as a teenager getting up at dawn just to see

The curtain goes up tomorrow (Friday) night on the latest production by the Interlake Masquers. Jean Anouilh's "Ring Around the Moon", a three act comedy will be staged Friday and Saturday nights, June 16 and 17 at the E.V. Ayres Auditorium at Western High School. Curtain time is 8 p.m. Cost of tickets is \$1.50 for adults and 75 cents for children under 14.

Well, you don't have to get up at dawn and unfortunately the circus won't unload from trains, but they will come through town and set about putting up that tent just like they used to. Even though it will be a little different, it'll be something for the kids to remember. A good show is promised so don't put off buying your tickets.

The thought of the circus coming to town has stirred the memories of some in town. Dorothy Ludlum said she can remember as a teenager getting up at dawn just to see

The curtain goes up tomorrow (Friday) night on the latest production by the Interlake Masquers. Jean Anouilh's "Ring Around the Moon", a three act comedy will be staged Friday and Saturday nights, June 16 and 17 at the E.V. Ayres Auditorium at Western High School. Curtain time is 8 p.m. Cost of tickets is \$1.50 for adults and 75 cents for children under 14.

Well, you don't have to get up at dawn and unfortunately the circus won't unload from trains, but they will come through town and set about putting up that tent just like they used to. Even though it will be a little different, it'll be something for the kids to remember. A good show is promised so don't put off buying your tickets.

Those in the know say the mosquito population is going to be overabundant this year for sundry reasons. They might add to that snakes. At times, they make it virtually impossible for me to do my weeding. Not that it's such a great loss to me but my love for snakes could be put on a very small pinhead. I am now wondering why there seem to be so many living around our house...or is it just one who follows me around

It has come to that point in our lives where our children are gung-ho on camping and "roughing it". We have a small tent capable of sleeping two of the kids, and the van, minus one seat, can adequately accommodate the remaining three.

So it was decided that later in the summer we shall have a camping expedition but a "dry run" was in order to "check things out".

A perfect opportunity presented itself...clean-up time at the ski lodge. Arrangements were made with friends to "camp out" within close proximity of their backdoor should anything unfriendly occur.

Old campers will automatically tell the novice that the worst fate to befall a camper is rain. Fortunately, the gods smiled on us in that respect. However, we did "turn in" before hearing the weather report and it's just as well. The low Saturday night was a mere 26 degrees. Our one night "out" taught us not only to bring lots of blankets but to also add cots to the list of things to buy

A bright note to add this week Bill Abrams has been released from the hospital and is now at home recuperating. Word has it that he is taking life very easy and following doctor's orders. We're glad you're home, Bill, and let's keep it that way.

If you find a trip to the Wixom Co-op not on your list of things to do in the next couple of days, almost any day of the week you find a trip to the post office in order. And there you will find a smiling face willing and able to sell you tickets to the circus.

It's just a little more than a week away and there is a savings if you purchase your tickets in advance

# JOSHUA DOORE

## Grand Opening Friday

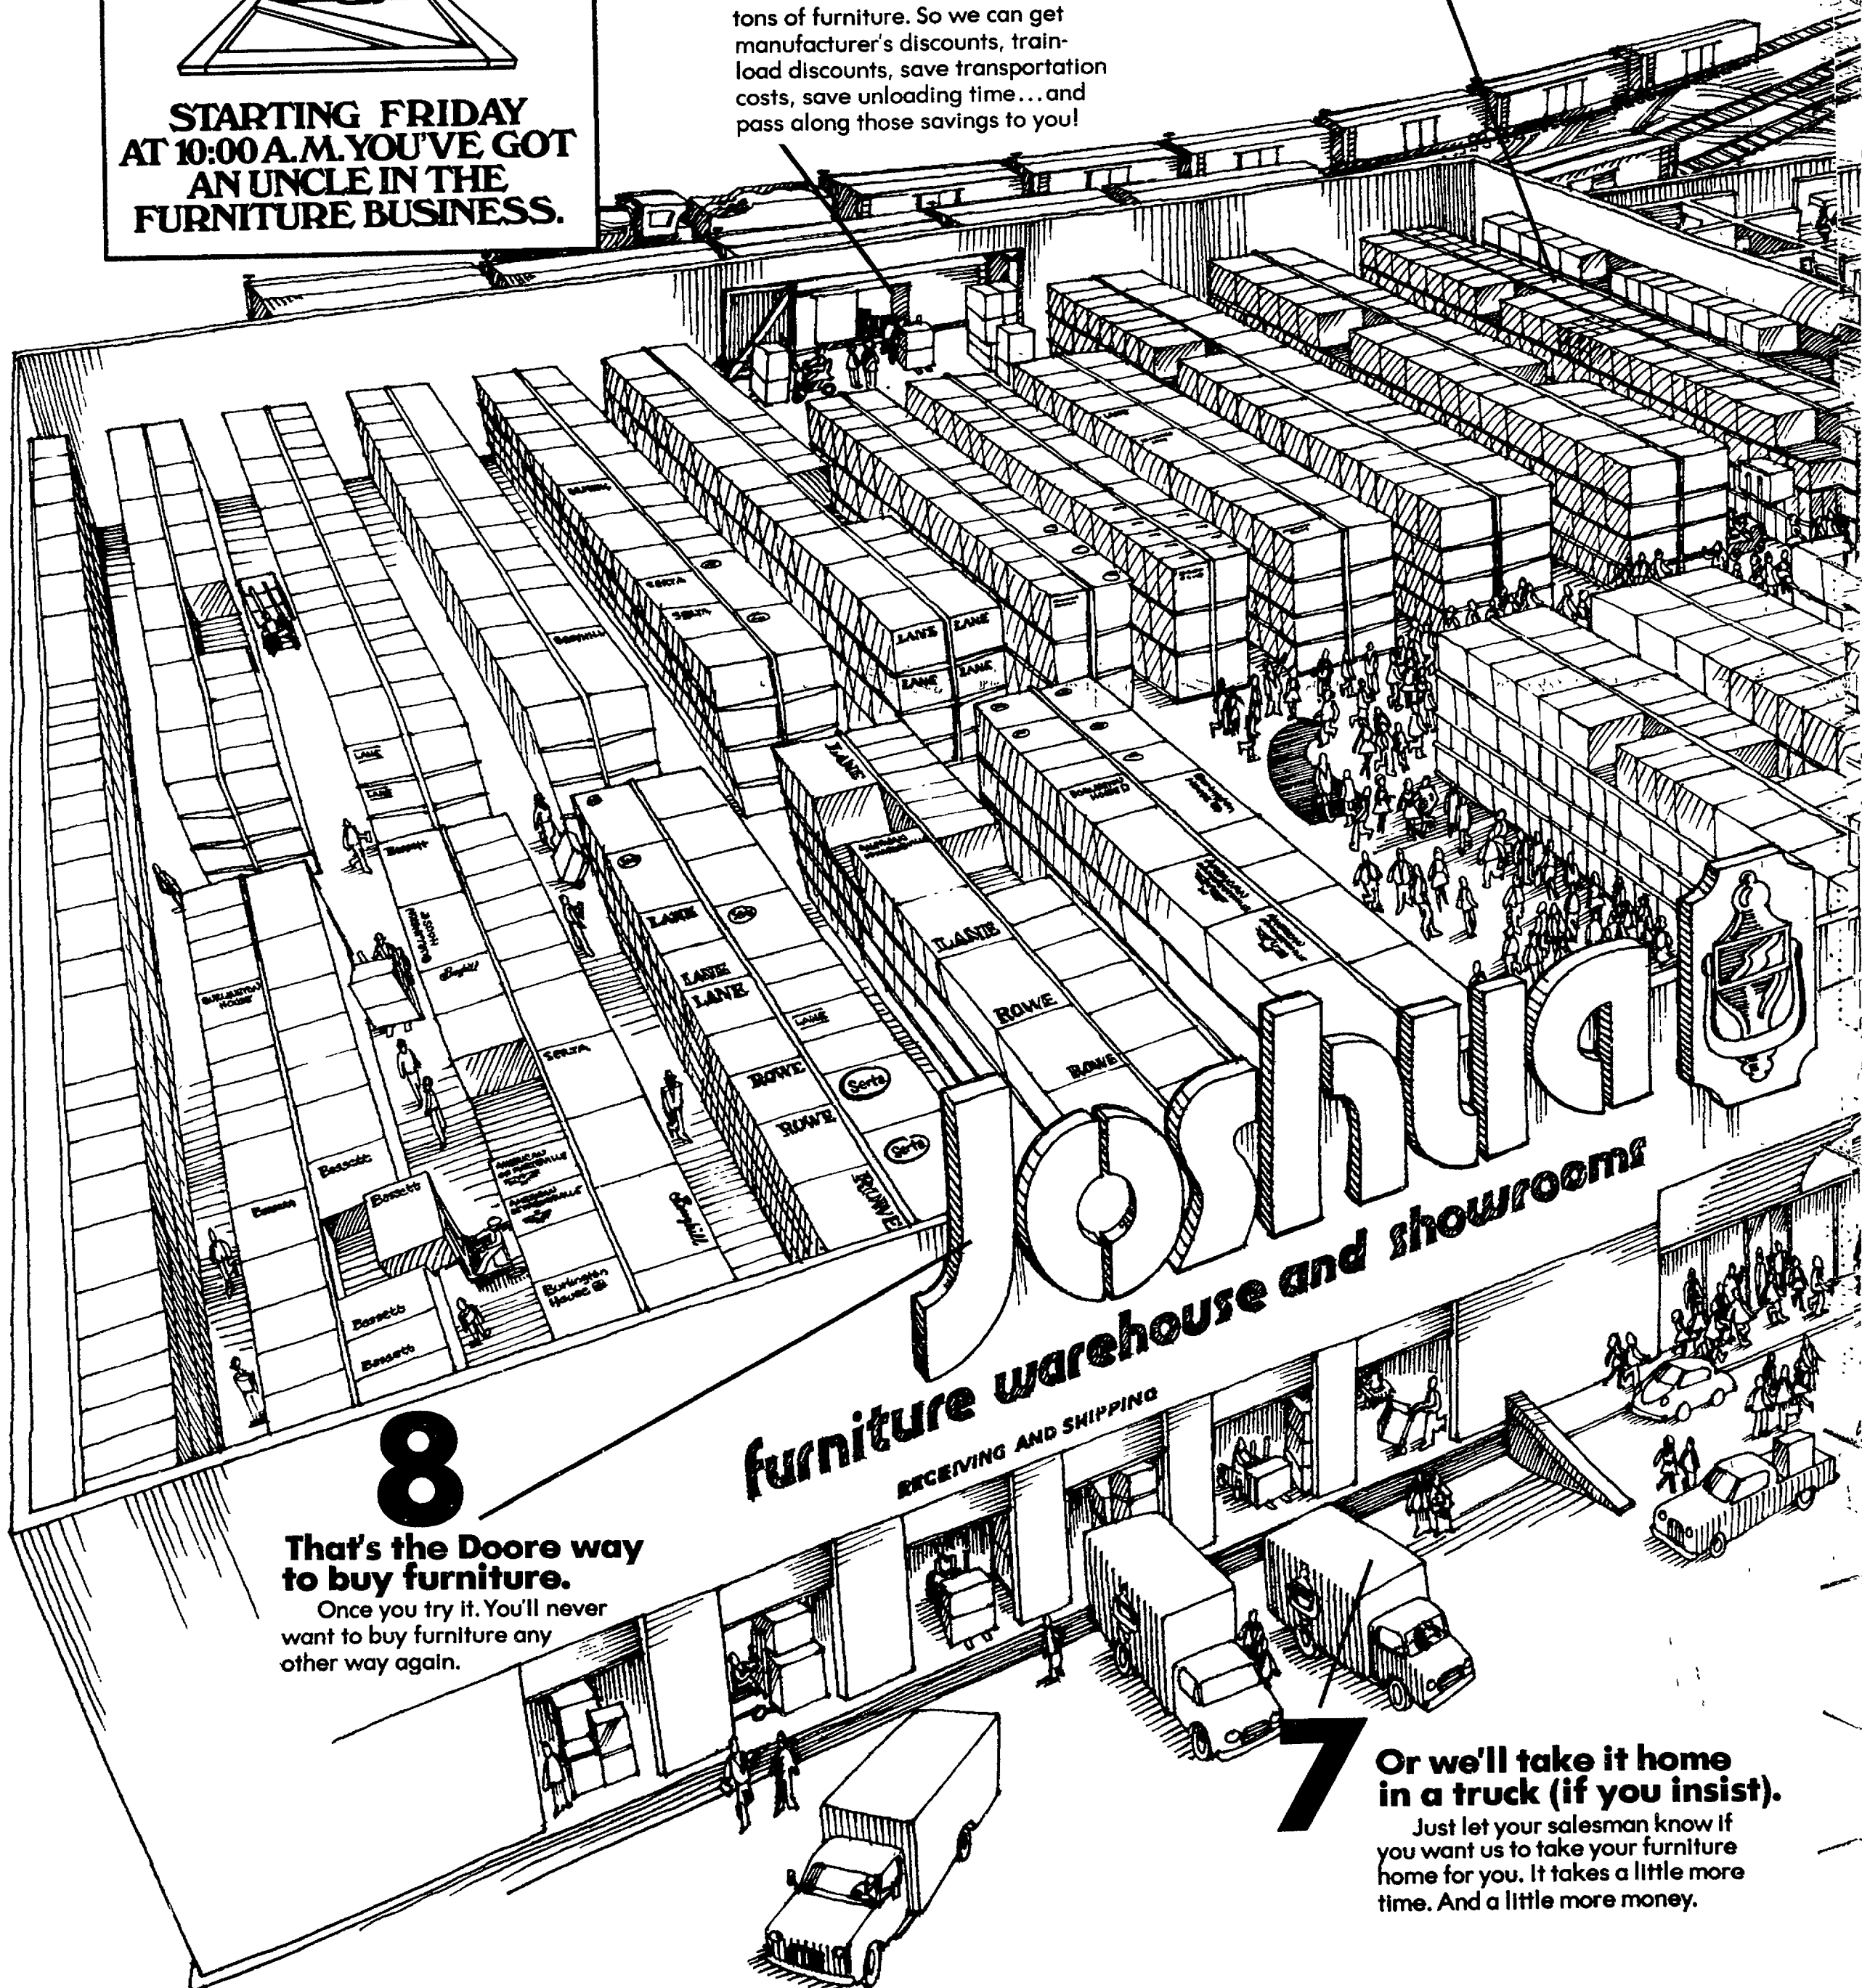

**STARTING FRIDAY  
AT 10:00 A.M. YOU'VE GOT  
AN UNCLE IN THE  
FURNITURE BUSINESS.**

### 1 Watch the train come right to our warehouse.

It comes direct from the manufacturer. And it's loaded with tons of furniture. So we can get manufacturer's discounts, train-load discounts, save transportation costs, save unloading time... and pass along those savings to you!

### 2 See 3½ million cubic feet of brand name furniture.

Bassett, Lane, Broyhill, American of Martinsville, Serta... never have so many distinguished names in furniture been gathered together under one roof!

# 8

### That's the Doore way to buy furniture.

Once you try it. You'll never want to buy furniture any other way again.

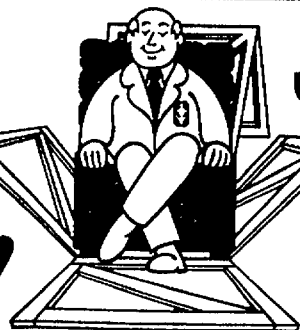

### 7 Or we'll take it home in a truck (if you insist).

Just let your salesman know if you want us to take your furniture home for you. It takes a little more time. And a little more money.

# IS HERE

10:00 a.m. to 10:00 p.m.

"And now you'll never want to buy Furniture any other way again!"

## 3 Prepare yourself to save 20-40%.

With our revolutionary new two-price tag, plus our sale specials, you can save 20 to 40% on brand name furniture. Just read the tag on the next page. It tells the whole story.

## 4 Then....pick it out in the showroom.

Our huge, 300 setting showroom. Choose from 117 living rooms, 94 dining rooms, 62 bedrooms, 12,000 lamps and accessories, and a reclining chair gallery that rivals a jetliner in seating capacity.

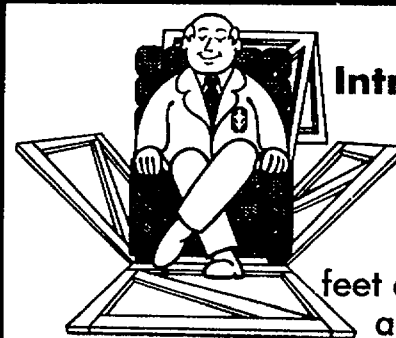

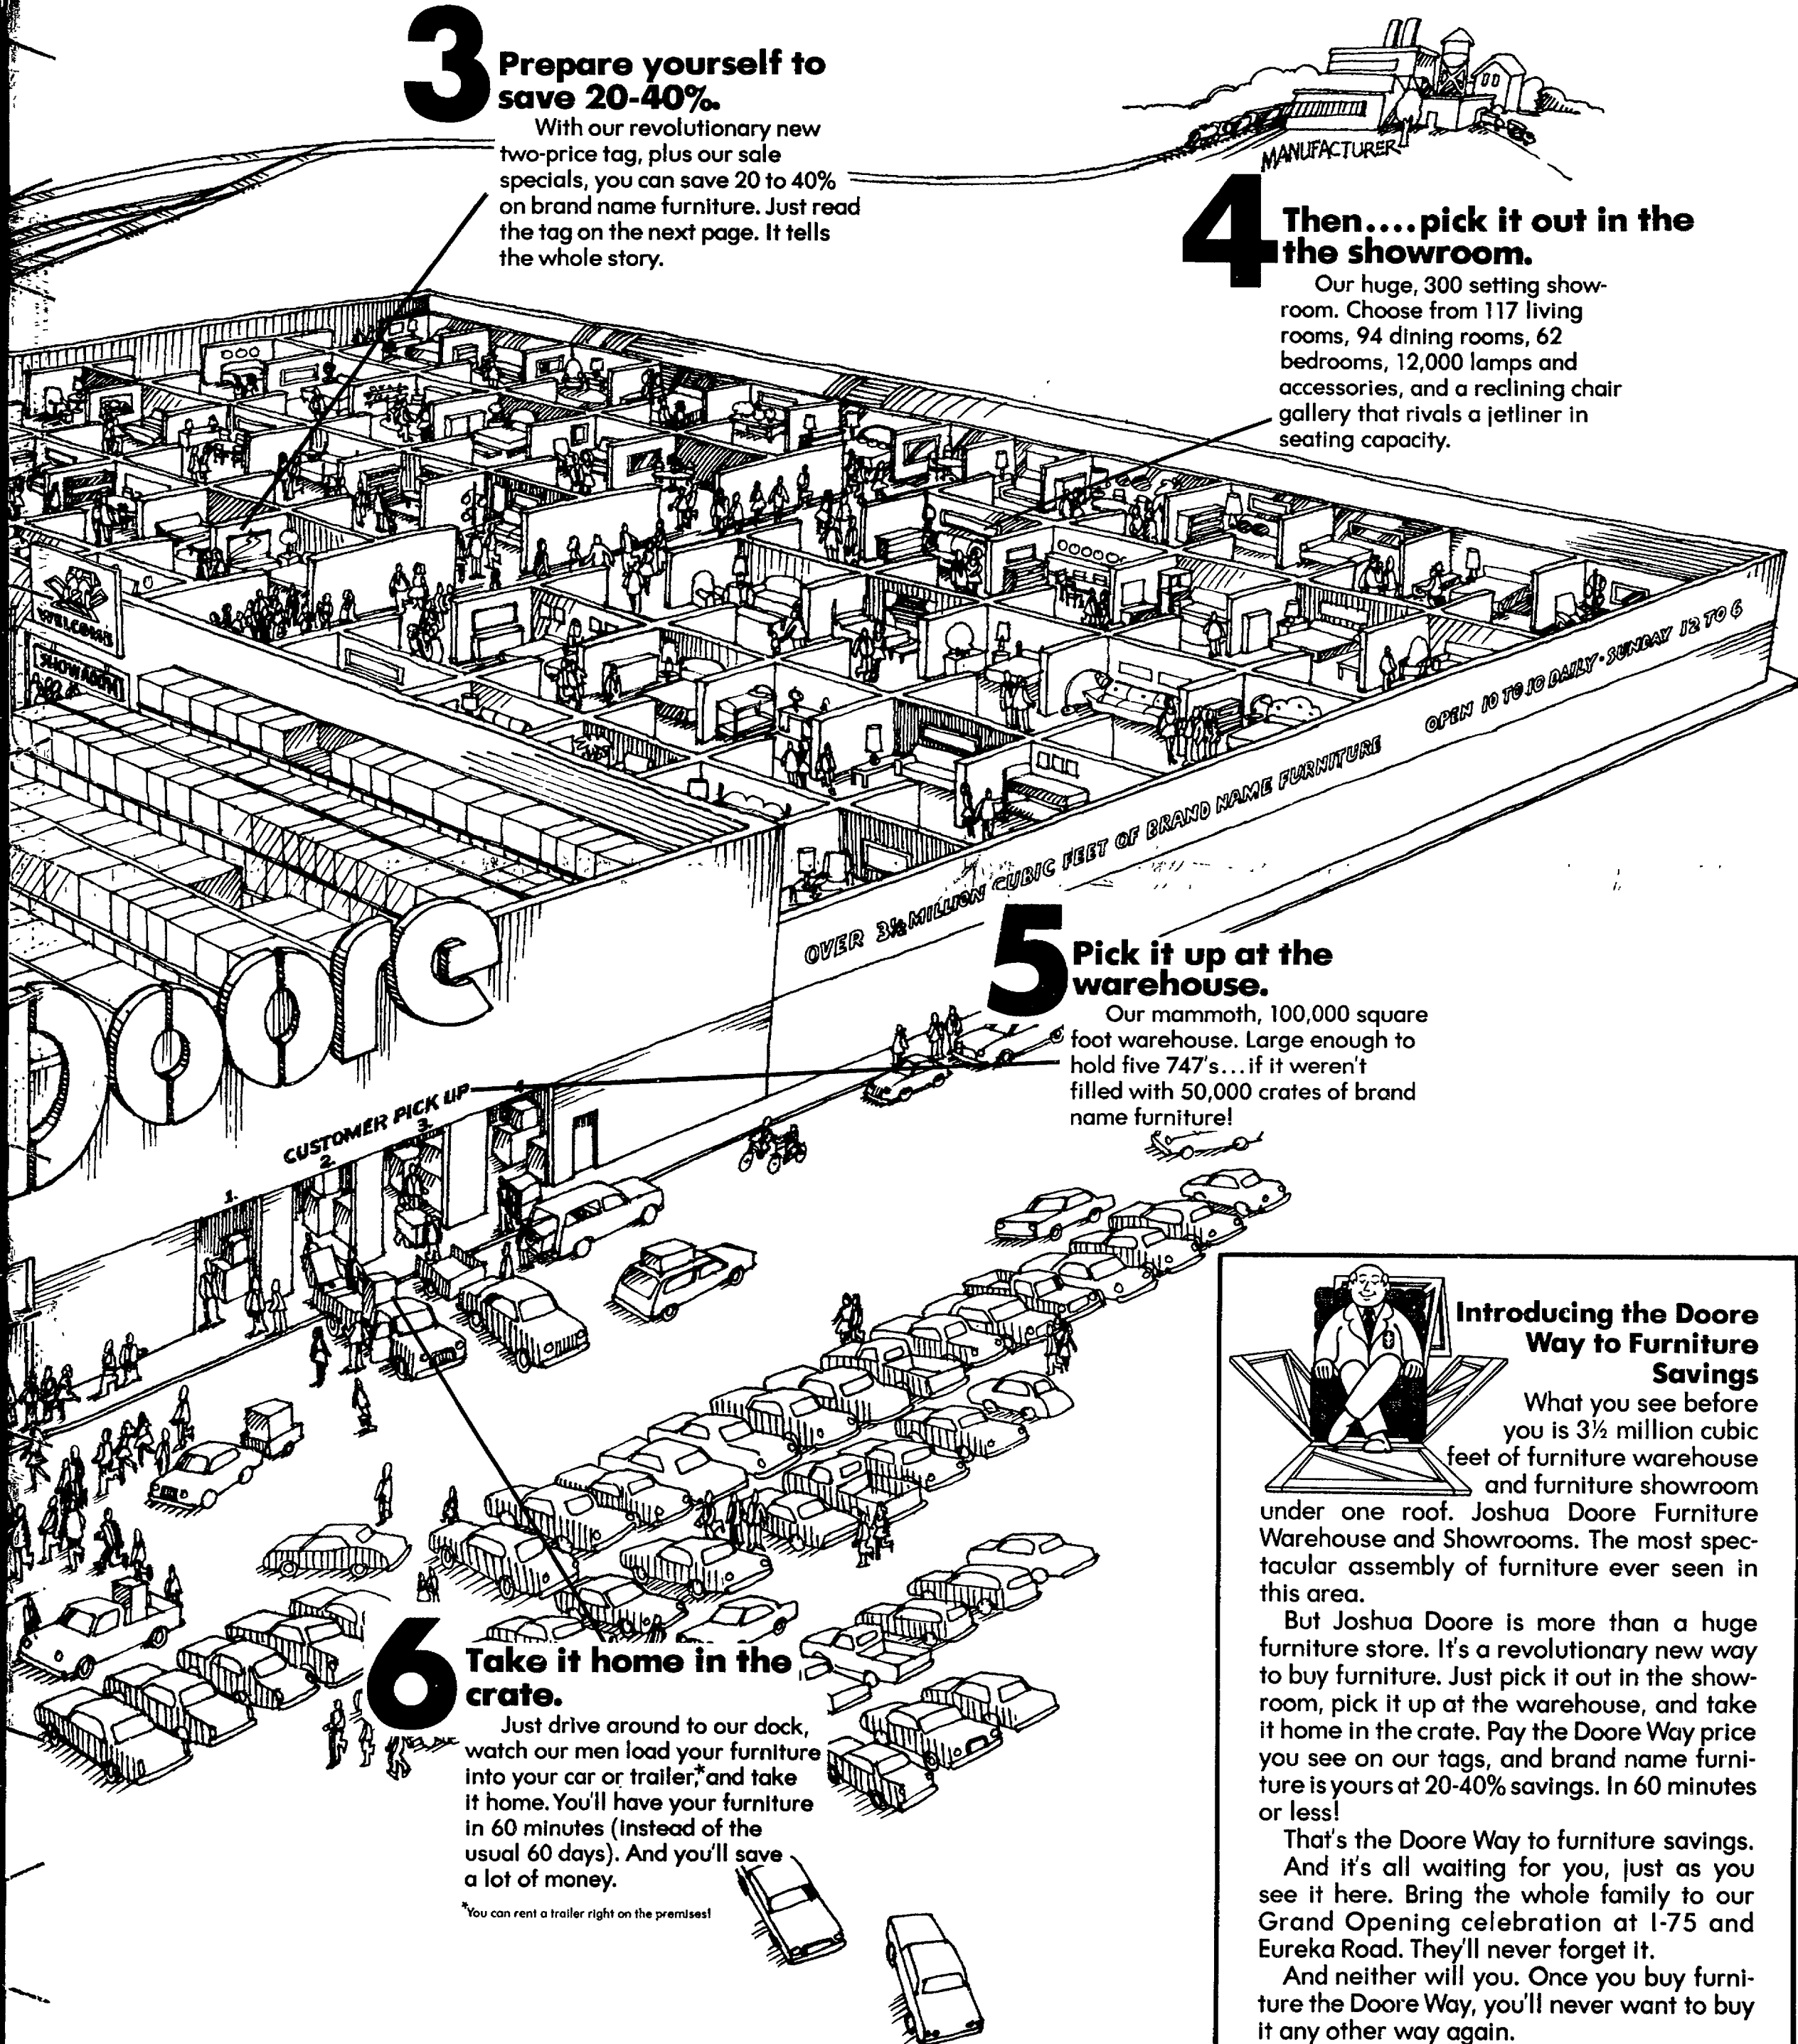

## 5 Pick it up at the warehouse.

Our mammoth, 100,000 square foot warehouse. Large enough to hold five 747's...if it weren't filled with 50,000 crates of brand name furniture!

## 6 Take it home in the crate.

Just drive around to our dock, watch our men load your furniture into your car or trailer,\* and take it home. You'll have your furniture in 60 minutes (instead of the usual 60 days). And you'll save a lot of money.

\*You can rent a trailer right on the premises!

### Introducing the Doore Way to Furniture Savings

What you see before you is 3½ million cubic feet of furniture warehouse and furniture showroom under one roof. Joshua Doore Furniture Warehouse and Showrooms. The most spectacular assembly of furniture ever seen in this area.

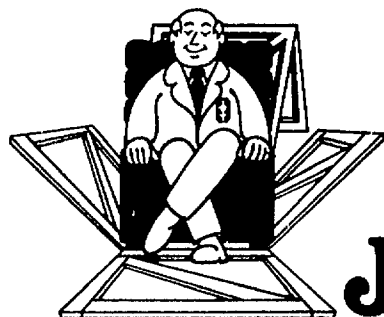

But Joshua Doore is more than a huge furniture store. It's a revolutionary new way to buy furniture. Just pick it out in the showroom, pick it up at the warehouse, and take it home in the crate. Pay the Doore Way price you see on our tags, and brand name furniture is yours at 20-40% savings. In 60 minutes or less!

That's the Doore Way to furniture savings. And it's all waiting for you, just as you see it here. Bring the whole family to our Grand Opening celebration at I-75 and Eureka Road. They'll never forget it.

And neither will you. Once you buy furniture the Doore Way, you'll never want to buy it any other way again.

Turn the page for sensational Grand Opening Values and \$25,000 in Grand Opening Prizes!

Joshua Doore says: "Come to my...

# GRAND OPENING SALE

and get brand name furniture at packing crate prices."

Every hour on the hour between 10:00 a.m. and 10:00 p.m., Joshua Doore is giving away a beautiful roomful of fine quality brand name furniture! Just fill out the Doore Prize coupon in our Showroom. You could win at any of the 36 drawings we'll have Friday, Saturday and Sunday. Hurry!

## Win a new 1972 Ford luxury Maverick!

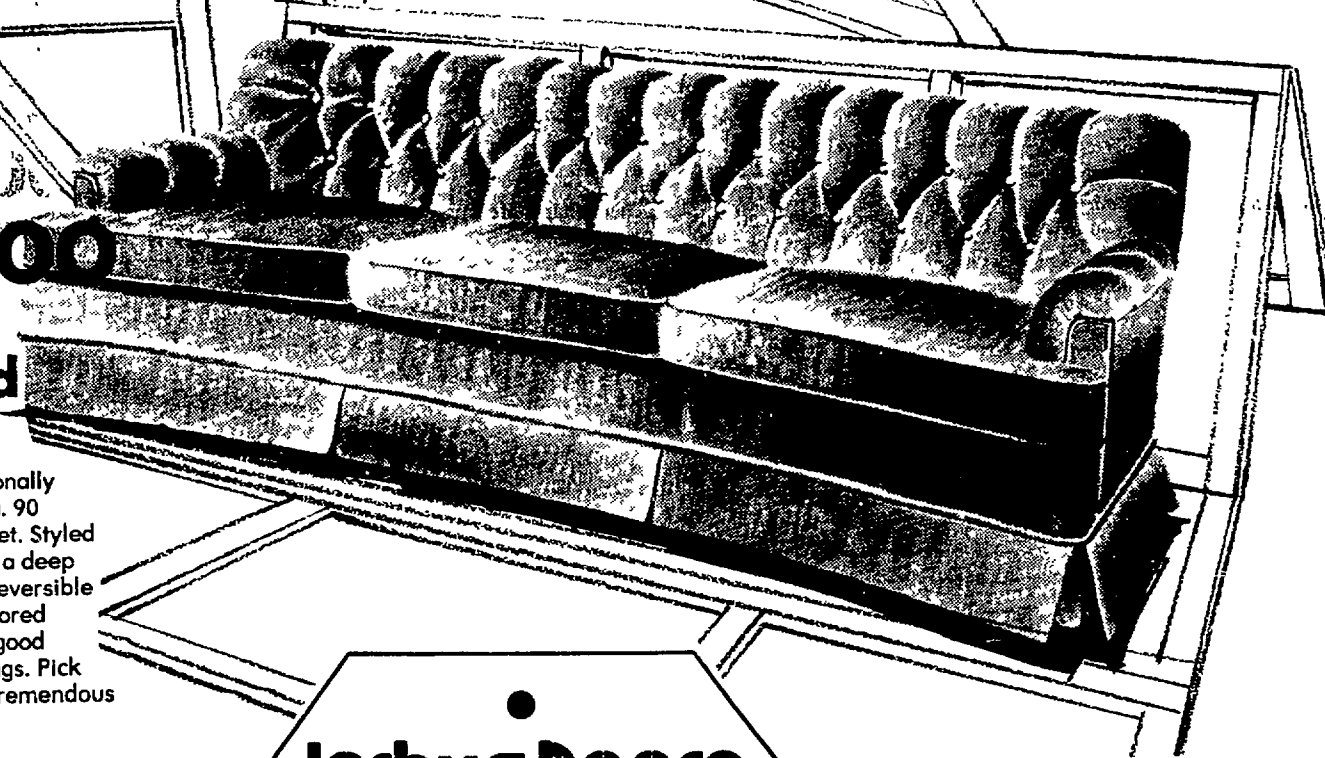

It's loaded with options: vinyl top, matching wheel covers, reclining seats, power steering, automatic transmission, AM radio, whitewalls, radial tires, and bumper guards. Everything's on it but the license plates! See it in our showroom. Drop your coupon in the car window. And wait 'til the drawing June 25th. You could be a winner! **Free Balloons for the kids!** Joshua Doore Helium Balloons. They fly. Really fly!

Deluxe Way: \$349.95  
Doore Way:

**\$197.00**  
**Brookwood Sofa.**

Save over 40% on this nationally advertised Brookwood sofa. 90 inches of rich avocado velvet. Styled in elegant traditional. With a deep tufted back, three deluxe reversible cushions, and a custom tailored skirt. 7 1/2 feet of luxurious good looks. At tremendous savings. Pick it out in our showroom at tremendous savings.

## How do you get brand name furniture at packing crate prices at Joshua Doore?

Our revolutionary new price tag is one way. It helps you save money, by giving you the chance not to pay for what you don't want. For example, if you don't want decorator service, you don't have to pay for it. If you don't want special order service and layaway, you don't have to pay for it.

(At ordinary furniture stores you're probably paying for these services whether you like them or not. They're usually figured into the "retail" price.)

At Joshua Doore you simply choose the Deluxe Way or the Doore Way to buy.

It's a choice between getting the frills for more. Or the furniture for less.

Either way...you get your money's worth.

## Joshua Doore

# Police Blotter

## In Novi

A Farmington dentist, Dr. David Skiba, 47, has been charged with felonious assault after he allegedly attacked a Novi woman with a butcher knife.

According to police reports, Miss Diane Hayes and Manfred Ostermeier arrived at the police station at 3:30 a.m. Sunday, June 4, to report the incident.

The attack grew out of an argument between Miss Hayes and Skiba at Miss Hayes' apartment, police reports indicated.

A warrant charging Skiba with felonious assault has been obtained from the Oakland County Prosecutor's Office.

Police are investigating a case of aggravated assault which allegedly occurred June 5 at the Derby Bar on Novi Road. Phyllis Conway, 40 of Royal Oak was treated for head injuries at Annapolis Hospital in Wayne - the injuries being received in a disturbance at the Derby Bar.

Akkan Mohsin Yafai, 45 and Harbi Ahmad Elabed, 23, both of Dearborn, were arrested last week for soliciting without a permit.

The two men were attempting to sell watches at various Novi restaurants and gas stations, police reported. They were apprehended at Ward's Standard Station on Grand River. The men were able to produce a receipt for the watches they were attempting to sell.

An additional charge of carrying a concealed weapon was lodged against Yafai.

They were released on \$25 bond and are to appear in the 52nd District Court June 15.

Alert thinking on the part of an 11-year old Novi boy could well lead to the arrest of a man on indecent exposure charges.

According to police reports, a man in a light blue Volkswagen stopped his car at the corner of 10 Mile and Hampton Hill Roads while a group of youngsters was awaiting the school bus. When a couple of the children responded to the man's request for directions and approached the car, he allegedly exhibited himself. Dwayne Pauette, 11, who lives at 24589 Hampton Court was among the youngsters waiting for the bus. When he saw the other children running from the car he wrote down the license plate number of the vehicle.

Police lauded the boy's quick thinking. No arrests have not yet been made in the case, however.

A lawn tractor valued at \$1,250 was stolen from the front yard of a residence at 24120 Lynwood. The theft occurred Friday, June 2.

After nearly two months of investigation Terrance Sharrard, who presently resides in Plymouth, has been charged with "fraudulent schemes."

Sharrard allegedly forged the signatures on two checks he had stolen and cashed them in the amounts of \$76 and \$210 respectively.

A 48-year-old Northbrook, Illinois man, Roy Gardner Burton, has been arrested on charges of being drunk and disorderly.

Police were investigating an automobile accident in

which Burton was involved. When he was asked for basic information he became increasingly belligerent until he had to be restrained forcibly and was charged with being drunk and disorderly, police reported.

The incident occurred Thursday, June 8.

## COURT NEWS

Willard Huff, a Walled Lake man, entered a plea of guilty to charges of (negligent homicide before Judge Clark Adams in the Oakland County Circuit Court Monday June 5.

Huff had originally been charged with involuntary homicide in an automobile accident which led to the death of a Wixom girl, Kathy Crawford, in December.

Sentencing was set for July 7. Huff could receive up to two years in a state penal institution and a fine of up to \$2,500.

Herbert W. Lamb and Larry I. Hunt are scheduled to appear in 52nd District Court June 19 to answer charges of felonious larceny in regard to the theft of lumber from Timberlane Lumber company August 21. The two men were apprehended two-days after the larceny.

## In Northville

An 18-year-old Northville youth has been arrested on charges of concealing stolen property following an accident Monday night on the high school drive.

Arrested on the charges Tuesday before 35th District Court Judge Dunbar Davis was Gregory T. Mills of 501 North Center Street.

He stood mute to the charge, bond was set at \$2,000 and he will appear June 29 for examination.

According to police, a Livonia youth, Michael McCormick, notified officers shortly after 7 p.m. that he had just seen his car, stolen Sunday from Novi, being driven south on Center Street.

Checking the area, police found the missing vehicle on the high school hill. It had been involved in a head-on collision with McCormick who was driving his parents' car. Police said Mills was driving the missing car at the time of the accident. McCormick said he saw Mills going up the hill as he was going down, both tried to avoid a collision and swerved into each other. There were no injuries reported in the accident.

A walkaway from Wayne County Child Development Center was recovered by city police at 10:30 a.m. June 8.

The youth, who was found walking northbound on Center Street near Fairbrook, was turned over to authorities at the school.

## FIRE CALLS

June 7-8:19 a.m., rear of Northville High, car fire.

June 10 - 6:42 p.m., Hines Drive near athletic field, grass fire.

June 11 - 1:49 p.m., trash container on fire behind Schrader's Furniture.

June 11 - 3:52 p.m., Hines Drive west of Sheldon, grass fire.

June 11 - 6:18 p.m., Hines Drive west of Sheldon, grass fire.

## COURT NEWS

Mergraf Oil Company pled

not guilty to a charge of violating the city ordinance covering emission of obnoxious odors. Trial on the charge will be held Tuesday.

The action came June 6 before 35th District Court Judge Dunbar Davis.

The company was issued a violation by city police April 25.

Randy J. Podany of Detroit was fined \$39 after he pled guilty to a charge of unnecessary noise-squealing tires. He was ticketed by city police May 26.

A Plymouth man, James M. MacKay, pled guilty to driving with improper license plates and was fined \$19. He was ticketed by city police May 1.

Storing an inoperative vehicle resulted in a \$14 fine for Louise Ringle, 523 West Main Street. She was ticketed by city police May 1.

John M. Quinn of Plymouth was fined \$10 after he pled guilty to an added count of improper parking. Quinn was arrested April 14 by city police on a charge of drunkenness, a charge which was dismissed after he pled guilty to the added count.

Following pre-sentence investigations, two cases were closed.

Dennis J. Noonan of Farmington, arrested April 27 by city police and charged with drunkenness, was fined \$39 and placed on one year probation.

James D. Bryant of Taylor, ticketed April 21 by city police, was fined \$19 for making an improper left turn, and placed on six months voluntary probation on a charge of no operators license ever acquired.

## In Wixom

Joseph James Jurincic, Senior, of 2640 Loon Lake Road has been arrested on charges of driving under the influence of liquor. The arrest was made Tuesday, June 6, at 3:45 p.m.

Alice Anatta McNally, 36 a Walled Lake woman, was arrested and charged with being drunk and disorderly Sunday, June 4. The incident occurred at approximately 5:45 a.m.

Officers on routine patrol discovered an abandoned auto on West Road. As a search of the surrounding area uncovered no possible owners of the vehicle, arrangements were made to have it towed into town.

Shortly thereafter, Mrs. McNally appeared and stated that the car was hers. She refused to give officers any identification, however, that indicated the car was hers, and she became increasingly disorderly when police refused to release the vehicle without identification until she was placed under arrest for being drunk and disorderly, police reported.

She was released on \$50 bond.

Police received a complaint about loitering youngsters at the Wixom General Store. A man told officers he was beginning to become irritated at having to shove his way through a throng of teenagers every time he wanted to enter the store.

Marshall Osentoski of Farmington reported a white wall tire had been stolen from his truck Thursday, June 2. Ostentoski told police the tire had been taken while his truck was parked in the Ford Motor Company parking lot while he was at work between 5 a.m. and 2 p.m.

TODD PRICE

# Price Heads Jaycees

Todd Price, 32, was installed as president of the Novi Jaycees in a special installation and awards banquet held in Walled Lake last week.

Price replaces Hugh Crawford as president of the Novi chapter.

Also installed at the banquet were the slate of officers for the Jaycees in the 1972-73 year.

Jim Cherfoli is the new internal vice-president; Joseph Pochter, external vice-president; Lloyd Conklin, secretary; Philip Cozadd, treasurer; Ben

Hemker, director; William Lapham, director; James Lindsay, director; and Robert Oliver, also a director.

Following the installation of officers the Jaycees honored members who have devoted unusual time and energy toward the chapter's community involvement goals during the year.

Joseph Pochter was honored as Spoke of the Year (best first year member).

Spark Plug of the Year award went to Todd Price, the newly installed president.

Jim Cherfoli was honored as the Chairman of the Year

for the Haunted House project.

Price was also presented with the "Presidential Award of Honor" for his outstanding contribution to the chapter during the past year. The award was presented by outgoing President Hugh Crawford, who was recently elected a vice-president of the Michigan Jaycees.

In his inaugural address entitled "Signs of the Times," Price called for a "full commitment to do more than our share in our community" and also stated that the opportunities to make a meaningful contribution to

the community are present as long as each member of the Jaycees "cares enough."

Price joined the Jaycees in 1966 while living in Sandusky, Ohio. He joined the Novi Jaycees in 1970 and was appointed a director. He was elected Internal Vice President in 1971 and has chaired numerous events during his two year tenure in Novi, including Gala Days and the Novi Community Fair.

Price is married, and he and his wife, Zoe Ann, have two children. They live at 24581 Hampton Court.

# Police Arrest School Board Member

Continued from Novi 1

Mile Road with several extremely long objects protruding from it. Due to the lateness of the hour and the fact that Michigan Bell Telephone Company had construction site containing a quantity of long sections of pipe at the corner of Novi and Nine Mile Roads, Nelson and Starnes decided to investigate.

When the vehicle the police were following reached

Meadowbrook Road, the driver turned right and accelerated to a high-speed, officers said.

Police reported that when they gave chase at speeds of 75 miles per hour the subjects started throwing the long objects out of their car, forcing Nelson to use evasive driving action to avoid being struck by the objects which were observed to be sections of pipe.

The siren was turned on and police continued the pursuit

until the driver slowed the vehicle as it approached Eight Mile Road, affording Nelson an opportunity to pull in front of it and bring it to a stop, officers said.

The two male subjects were ordered from the car at gun point, police reported, and then were searched and handcuffed. At this time the men recognized the officers and called them by name. Starnes also recognized the men as being Novi citizens.

Found on the subjects were

small pen-light flashlights and Jensen had a roll of scotch filament tape. Both men were dressed in dark clothing and carried no identification of any kind, police reported, causing officers to term it a "commando-type" operation.

According to police Ziegler and Jensen admitted their guilt and said they "thought it would be in their best interest to answer any questions."

The men told officers they

had taken four 20 foot lengths of pipe from the Novi-Nine Mile Road area to use in a drain field at their homes in Meadowbrook Glen, police said.

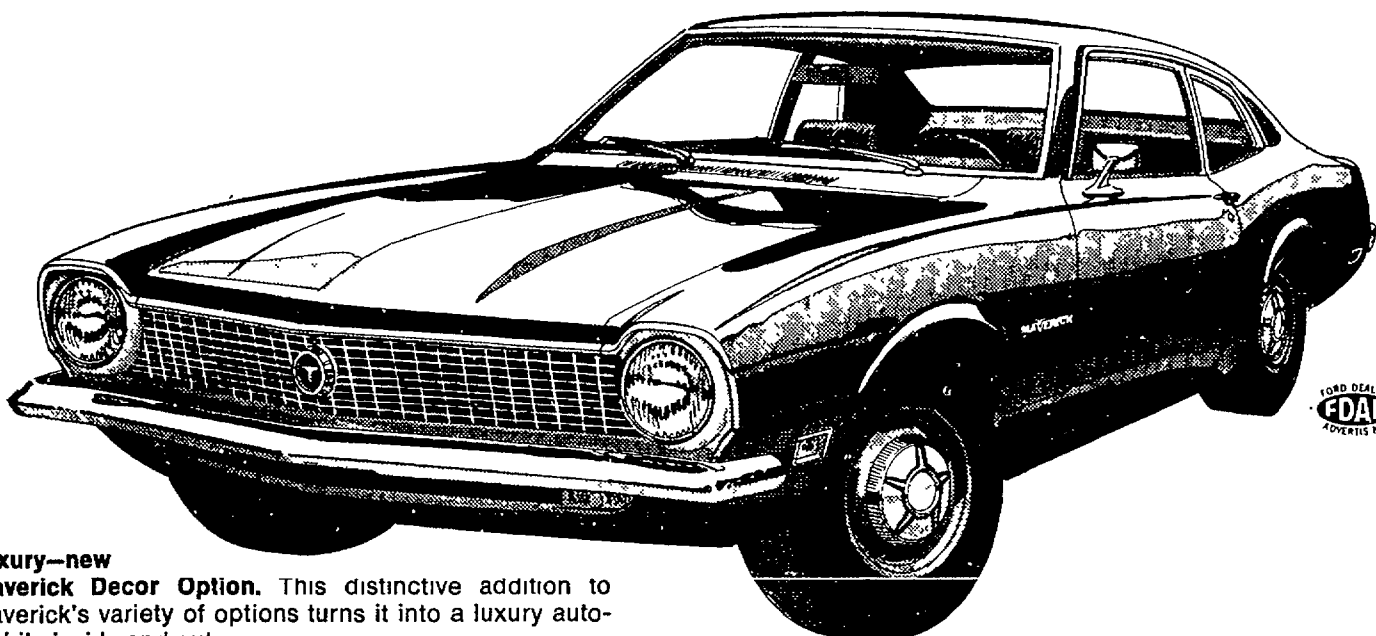

They were finger printed and charged with simple larceny.

Subsequently, Ziegler, the driver of the vehicle, was issued traffic violations for speeding, driving without an operator's permit, and creating a traffic hazard.

# Plymouth Girl Hurt in Crash

A 19-year-old Plymouth girl remains hospitalized after the car she was driving hit a guard rail, flipped over and clipped the tops off several trees before landing in a ditch.

Hospitalized with a broken leg, facial lacerations and back injuries is Margaret S. McCord.

The accident occurred shortly before 1 a.m. Tuesday on Sheldon Road, 200 feet south of the city limits.

Police said Miss McCord, who was alone at the time of the accident, was traveling south on Sheldon when her car hit a guard rail on the east side of the road.

She was thrown out of the car and landed 50 feet inside the city limits. The car was

found overturned at the city limits.

Police, sheriffs and firemen searched the area for possible passengers in the car when Miss McCord said there was someone else but found no one.

## SPEAKING for The Record

By BILL SLIGER

Supervisor Gunnar Stromberg enjoys telling the story about the German battalion sent to capture an island inhabited by one Swede.

Returning battered and beaten after two days, the German commander explains the failure of his men to invade the island by reporting that he was given incorrect information.

"There were TWO Swedes on the island".

The Northville township supervisor is about to retire at the age of 67 after a long career with Western Electric and some 13 years of community service in Northville.

He and his wife, Anna, will move to a new home in Florida when his term as township supervisor ends next November.

Stromberg's career has been marked by numerous crises as the township experiences the pains of growth. Countless public hearings at which he has served as chief moderator as either chairman of the planning commission or supervisor of the board of trustees have made him the target of more than one irate citizen.

Proposed landfills, gravel mining projects, mobile home developments, apartment complexes, industrial zoning—all have attracted capacity audiences at one hearing or another.

Perhaps his greatest attribute as a public official is the fact that Gunnar doesn't ruffle easily.

Yet this coolness under fire, coupled with a Swedish accent that some believe becomes thicker and less distinguishable when it's time to take a position on a sensitive issue, may also work against the supervisor.

Protesting citizens have been known to become even more irate as they find it impossible to understand the supervisor and as they observe his conduct in the heat of controversy.

Usually, he'll hum a tune, keep time by tapping his pencil on the desk, and remain calm and courteous.

"Vot's the use of getting all upset?", asks Gunnar. "I vil see these people tomorrow when they have had time to think and everything vill be alright".

It's very difficult not to like the likeable Stromberg. He may frustrate you with his position shifting or his frequent "abstentions" on critical votes.

But during these stormy years of development in Northville township, Gunnar Stromberg may just have been the steadying influence that has maintained sanity and averted wider divisions in an already split board.

And it's more remarkable that the low-key supervisor would announce to me this week that he's ready to stand up and be counted on the sensitive issue of community unification through annexation of the township to the city.

Earlier Stromberg has hedged. He's said he was for unification, but not now. . . or not by annexation.

But this week, loud and clear, Township Supervisor Gunnar Stromberg has declared that he favors annexation of the city to the township.

"It must come. One government can operate cheaper than two and we're getting to the point where we need the services that a city can provide better than a township. For the township to do it alone would be foolish and costly", he declared.

So, the calm and quiet supervisor seems prepared to hum his way through another controversy.

It would have been easier for Stromberg to slip into retirement without another fight. But he is aware of the sharp division of opinion on the matter of unification on his board.

And he has decided not to "abstain" on this important issue. His 13 years of experience in township government in Northville should qualify him as an expert.

Let his opponents be warned. They face one good Swede on the island.

★ ★ ★

The prospects continue to brighten in Northville's effort to secure the state police complex on State Hospital property on Seven Mile road.

State Representative Marvin Stempien has successfully ushered a bill through the House that would transfer property from the Department of Mental Health to the Department of State Police.

And he has been a leading Lansing spokesman for the Northville community effort to locate the large district headquarters—police post—crime laboratory facility in Northville.

State Senator Carl Pursell has promised cooperation in getting the property transfer through the Senate, which could be accomplished this week. Further, Senator Pursell notes that the Senate has approved a \$200,000 appropriation for the study and planning of various state projects including the state police district headquarters. This bill should win House approval, he stated this week.

Meantime, Colonel John Plants, state police commander, stated last week that "Northville is the number one site" under consideration for the proposed complex. He admitted three other possibilities still exist, including vacant buildings at the Child Development Center on Sheldon road.

"But we like the Northville proposal best", he declared.

★ ★ ★

A State Senate committee last week approved for consideration a proposal that would create 10 dog racing tracks in Michigan.

They gave as their reason for supporting the greyhound betting track issue that has been defeated in the past the fact that state voters had supported a lottery in Michigan.

In my opinion, that's weak, jelly-spine logic.

The lottery legislation has nothing to do with pari-mutuel racing in Michigan. Dog racing didn't require lottery legislation to be staged in Michigan.

The authority exists under the pari-mutuel act. But in the past legislators, in their wisdom, have seen fit to exclude this form of gambling.

We've got the horses, and soon we'll have the lottery.

How far do we have to go to dodge the responsibility of paying for the cost of government and education by shifting it on those who would use their welfare checks to gamble?

And who would gain the most from dog racing? The state or the track operators?

Let's hope we have a few legislators in Lansing with the guts to say "NO" to the dogs, before the whole state goes to the dogs.

MRS. PATTISON

## YES...

YES!! Everyone says times have changed - kids are different - they don't want the old sock hop type of fun—well these people should see the teens that attend the little publicized Church activities. These groups are hoping to organize with community help activities. True the kids don't want fifty chaperones breathing down their necks, but with help in setting up activities they pretty well can police their own.

We've had hard rock bands, guitar players, Jesus Movement people, roller and ice skating parties etc., and all ages of high schoolers DO attend. We used to have a parents club and sorority and fraternities plan and carry out all type of activities, sure some kids drank - but when haven't they? But if the majority are having fun fewer find drinking that great.

There could be half price night for bowling and the show etc. Friday night the Support the Band had a Millionaires party and there were many high schoolers there. Where else could they have so much fun for a Dollar? In questioning the Jrs. and Srs. their one comment is there's nothing to do in Northville and they really don't know how to set up and organize activities—so it's a fun night at Beer Hill or the Gravel Pit for a free swim—if you don't get caught or break your neck—

Mrs. E.M. (Barbara) Pattison  
Northville Resident

## NO...

The word "relevant" has been overworked to the point of becoming irrelevant. The better question to ask here is, "Do Teen Clubs Work as Planned?" And the answer shows that some teen clubs are useful and desirable, but few, if

## Speaking for Myself

# Are Teen Clubs Relevant?

REV. WELSER

any of them, accomplish the purpose for which they are called into existence; therefore, it seems that most teen clubs fail to become relevant, and they quickly fade.

A kid who is already persuaded that "there is nothing for us to do here", will not likely find anything to do for long at a Teen Club. Rather, there will be the new complaint, "This is not what I REALLY want to do." Free entertainment is rarely the cure for an all-encompassing boredom. The boredom merely extends to cover the new entertainment.

The kid who exhibits a lot of energy coupled with a propensity for destroying things may be stymied for a while by adult efforts to occupy all his waking hours from breakfast to beddy-bye. But sooner or later the energy will overflow, and the disappointed adults will be forced to ask, "what did WE do wrong?"

This latter question illustrates the real problem; sooner or later most adults become disillusioned with their efforts to entertain and to while away hours for someone else.

Behind the scenes you find a great group of hard-working kids shouldering the burden of operating a Teen Club; the kind of kids who could effectively govern themselves with or without a teen club!

The problem is not one of spare time or of spare energy, but rather of a basic philosophical weakness. Kids do not idle away their time and destroy property merely because they have an excess of time and energy. They do so because they have not yet developed a reasonable philosophy of life—sometimes called common sense—which would lead them to respect property and constructively channel their time and efforts.

You show me a Teen Club which effectively communicates a reasonable philosophy of life, and I will show you a relevant Teen Club.

Reverend Carl Welser  
St. Paul's Lutheran Church, Hamburg

## Readers Speak

# No Threats In YR School

To the Editor:  
In response to Doctor Larry VanderMolen's letter in the June 8th edition of the Northville Record, may I say that what really sold our family on the year-round school program were the proposed new teaching methods that the doctor denies exist. There will indeed be new methods and measuring devices implemented in the program, the likes of which Northville, indeed most of the country, have not seen. It is regretful that the doctor did not see fit to attend a single ESY meeting to acquaint himself with what is actually being offered to the lucky children who will attend the year-round school.

How year-round school serves as a threat to our Democratic Political system escapes me. While it is true that the voters of Northville did reject a year-round school proposal sometime ago, that was for a different plan and a completely different proposal.

This is a whole new ball game. An experiment, if you please, that the citizens of Northville are fortunate to be involved in. An experiment funded by the Federal government and one that our school district has, in fact, been asked to participate in. The entire program is voluntary, both for teachers and students. How can we turn down an opportunity and money to explore new areas to improve our school system? Surely there is room for improvement even in the best of school systems.

Come on, Larry. What are your real objections to the ESY program? Your wife claims simply that you know all the reasons why not—after all, you do have a PhD. Do you know something that we, the common folk who attended the explanatory meetings, don't. Come on, Larry, sock it to us. Show us some real PhD wisdom.

18402 Jamestown Circle

## UN Revisions Suggested

To the Editor:  
Twenty-five years ago the United Nations made a charter that didn't work. The trouble was the veto arrangement in the charter. It must come out and some justice substituted for it.

It's time the peace talks in France are ended. They've accomplished nothing. In its place I suggest that a three-man board within the United Nations be established to negotiate a settlement between North and South Vietnam.

I suggest that this board set down its own demands and insist both countries come to an agreement. If no agreement is reached, then the full assembly of the UN should vote on what it considers the best plan. If one or both of the countries fails to abide by the UN plan, then the UN must blockade that country and allow nothing to go in and nothing to come out by sea or by air.

Without the full support of the UN this war will never end. Why in the world was the UN formed if not to end wars in the world and prevent others from starting?

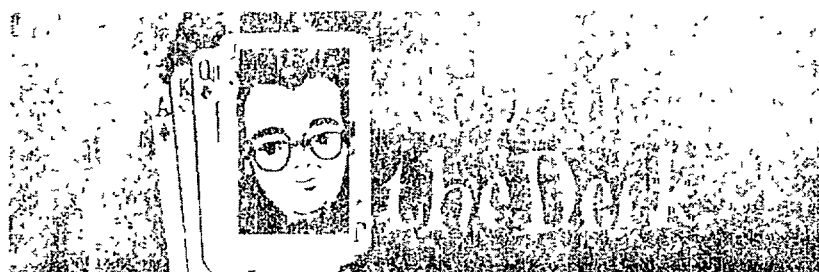

Thank you for listening to me.

An 81 Year Young  
Samuel D. Hall

Michigan ranked ninth in the value of manufactured products. It ranked first in the production of lumber, second in the production of iron ore, first in copper, first in salt, fourth in wheat, fourth in buckwheat, fourth in sheep, and sixth in literacy.

District chairman  
Rose Hamilton

# Editorials... a page for expressions ...yours and ours

By JACK W. HOFFMAN

Rummage sales are gold mines.

Take the 1883 Michigan Manual I picked up for a few cents awhile back. Alexander Tinham, a lawmaker from "Livonia Center", had autographed it. So had 125 other state senators and representatives of the period.

But more than that, the 90-year-old book is filled with interesting facts. For example:

Up to 1883, five Northville residents had served in the state house of representatives; two from Novi, two from South Lyon, one from Salem and one from New Hudson.

The Northville representatives were: Caleb Herrington (1837), a representative who had helped draw up Michigan's first constitution, Winfield Scott (1873-74), David H. Rowland (1843-44), John M. Swift (1865), and William Yerkes (1857).

The Novi representatives were: Daniel S. Lee (1843) and George Yerkes (1879). South Lyon: Thomas D. Lane and Alonzo F. Knapp (1873-74). Salem: George Renwick (1847). New Hudson: George Vowles (1869-70).

Besides serving in the house of representatives, Thomas Lane of South Lyon also served a term as senator (1861-62). A state senator served from Northville as well. He was Dr. James Hueston (1883).

Two state representatives had served from the now non-existent community of Kensington (where the park of the same name is now located). They were: Marshall M. Welles (1850) and Thomas Curtis (1841).

Of course, the most famous of the local area legislators was Kinsley S. Bingham of Green Oak. He served both as a state and federal lawmaker. He also became the first Republican governor in the United States, serving as Michigan's chief executive from 1855 to 1859. His

home still stands on Silver Lake Road, northwest of South Lyon.

Incidentally, Bingham was instrumental in the formation of Kensington.

Northville Township in 1882 was still part of Plymouth Township (the two splitting in 1899). Population of Plymouth Township in 1882 was 3,339. Population of the Village of Northville was 934, of Farmington 377, and of South Lyon, 418.

The 1882 population of Novi was 1,278, of Lyon Township 1,561, of Salem, 1,192. Michigan's total population was 1,636,937.

Kentucky and Missouri had larger populations than Michigan, and Iowa had only 25,000 fewer people than Michigan.

J. A. Garfield was the president of the United States, having barely beaten Democrat W. S. Hancock, 4,451,653 to 4,443,527 in 1880.

The national debt in 1882 was \$1.8 billion. But the national treasury contained nearly \$247 million in cash.

Michigan's governor was paid \$1,000. Only New Hampshire paid as little. Governors of the territories at the time were paid \$2,600.

The total county tax in Oakland was \$33,090. The Wayne County tax was \$163,878.

A total of \$41,650 in taxes was raised in Michigan for support of all of the state's public schools.

There were 50 liquor dealers in Oakland County, 985 in Wayne County.

Average wage for male teachers was \$41.56 per month, for females \$27.44 per month.

Michigan ranked ninth in the value of manufactured products.

It ranked first in the production of lumber, second in the production of iron ore, first in copper, first in salt, fourth in wheat, fourth in buckwheat, fourth in sheep, and sixth in literacy.

## Losing Battle

To the Editor:  
I want to thank you personally for your interest in our problems in Lakewood. I have been fighting a losing battle with K. & B. since November 1971. Our new group of concerned citizens is the first ray of hope I've had. Some time, you might be interested in the realms of letters I've written in an attempt to get the injustices corrected. Perhaps I've been writing to all the wrong people.

Sincerely,  
Peggy Cratch

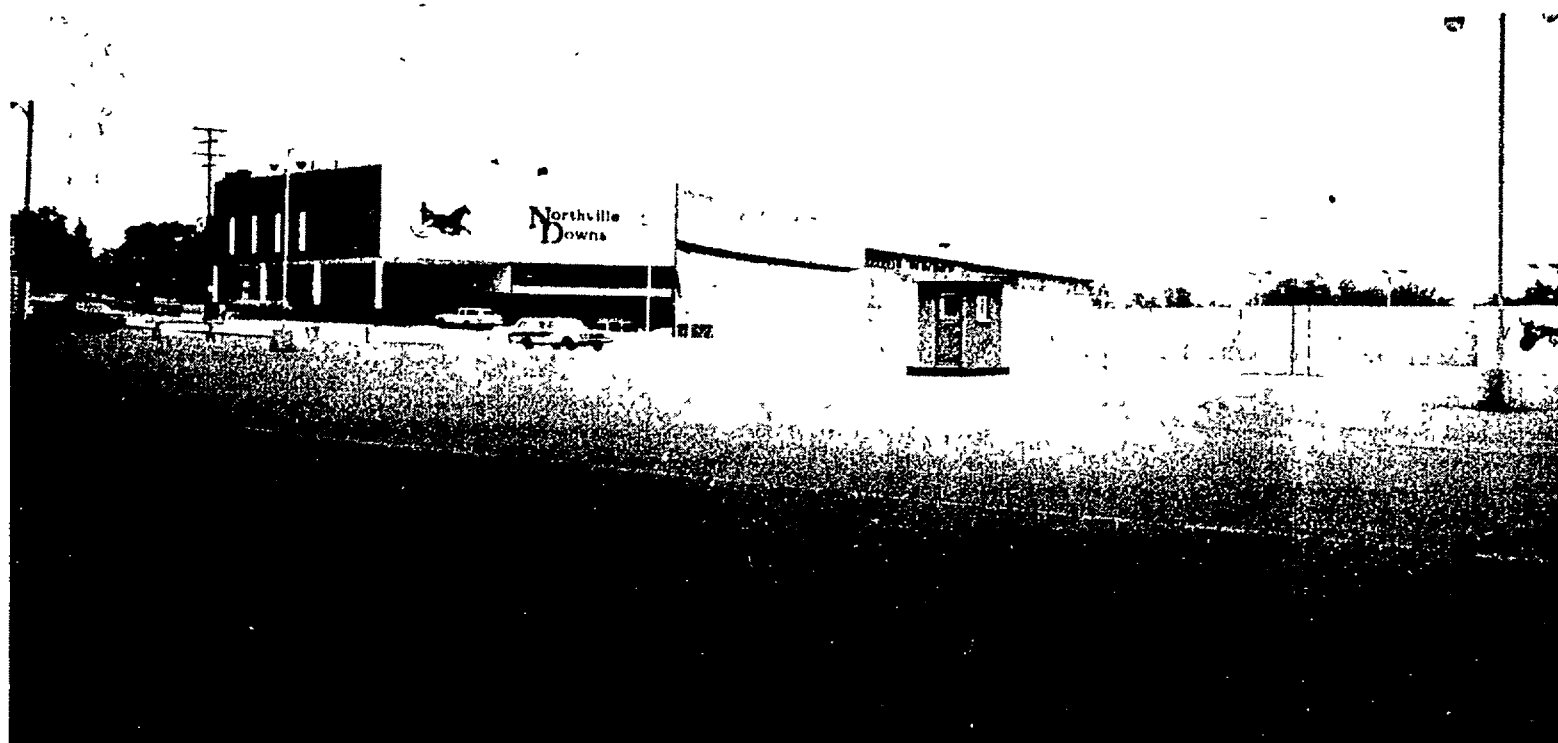

## Thank You

To the Editor:  
At this time I would like to thank all the volunteers who helped on the American Cancer Crusade. I wish I could thank each one for I know everyone worked real hard. We made over \$1900. This money is used for research, education and service.

Now once more on behalf of the American Cancer Society and myself I wish to thank all of you again for the wonderful work you did.

Yours sincerely  
District chairman  
Rose Hamilton

Newly Blacktopped Parking Lot at the Northwest Corner of Sheldon and Seven Mile Roads is Ready for Northville Downs Opener

## 36 Racing Nights

# Downs Opener Week Away

Northville Downs opens its 29th summer campaign on Wednesday, June 21, with racing for 36 nights through Tuesday, August 1. Executive Manager John Carlo is looking forward to the greatest season in history. The Downs summer session in 1971 found all records going by the boards for attendance and handle and Northville had the biggest increase in nightly average handle of all tracks in the Metropolitan Detroit area. It wound up with an average

nightly total of \$417,584, best ever at the half-mile plant. Wagering also set a record for a single night with \$608,697 on Saturday, July 3.

Racing Secretary Harry Peterson, and assistant Tom Smith have checked in to make the final screening of applications.

Peterson believes he'll have the best racing stock ever gathered at the Downs for a summer program.

"We anticipate many of the top stables shipping in from Wolverine Raceway and staying for the entire meeting," said Peterson. "We'll have a series of \$5,000 Michigan colt stakes during the week beginning July 10 as one of the highspots of the summer campaign. By the time the colts arrive here, we'll have a complete line of the top candidates in each division and should have keen competition in each event."

The official family will be much the same as that during the winter. Clay Hulett of Fowlerville, will be state steward with Frank Utter as presiding judge and Clair Cook as associate judge.

Post time for the summer meet is 8:30 p.m. There'll be 10 races with the double on the 1st and 2nd; a trifecta in the 6th; and a trifecta in the 10th

## Fights Blaze, Wins Praise

Schoolcraft College maintenance employee Rawland Storm has received a letter of commendation from President Nelson Grote for his actions in stemming a potentially dangerous fire in the school's Physical Education Building on June 1.

After discovering the fire in the men's sauna, Storm called for help and then fought the blaze with fire extinguishers until help arrived. Thanks to his efforts, the fire was limited to the sauna causing less than \$1000 in damage, and smoke damage was kept to a minimum, also

**MODEL PREVIEW**—Northville Downs won't open its summer meet until next week, but there was plenty of action on the oval Friday as American Motors staged its national press unveiling of 1973 models for American and European magazine writers and photographers. While members of the press took turns tooling the new cars around the track, Downs Recording Secretary Mrs. Margaret Zayit conversed with the two most popular figures at the show—former Miss America Pam Eldred and American Motors President Roy Chapin. The new cars won't be introduced to the public until August.

# Jaycees Plan More July Fourth Events

Expanded festivities are in the works following Northville's annual July Fourth parade. Jaycee officials announced this week.

All of them will be held in conjunction with the annual chicken barbecue.

"The barbecue again will feature chickens barbecued to your delight and all the fixin's, including beans, cole slaw, potato chips, roll and butter, coffee or coke," officials said.

Adult portions will be \$2 each, children's portions, \$1.50.

The serving line will be in the driveway from Cady Street into the city hall parking lot, and a picnic area will be established in the park. Serving will begin at 11 a.m.

New barbecue activities this year will be the appearance of the Jaycee Dunk Tank, to be located in the southeast corner of the park. For 25-cents the participant receives three softballs to throw at a small target on the dunk tank which will send the unwary tank sitter into 500 gallons of ice cold water.

Volunteers to sit in the tank are urged to call Dunk Tank chairman Pat Dustin at 478-7378. Tank operation will start at noon.

The first annual Jaycee Watermelon Eating Contest will be held at the park at 1 p.m., according to Co-chairmen Lyn Bourne and Dave Van Hine.

This contest, to be held in the city hall parking lot, will be open to all area youngsters, 12 years and younger.

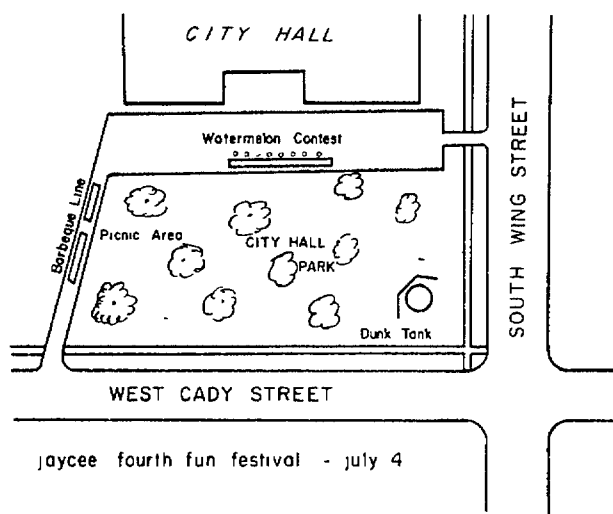

Each contestant will be given one-eighth of a watermelon to consume in the quickest possible time. The contest will be run in heats of eight persons each.

Winners of each heat will receive a gift certificate to an area restaurant, while the quickest overall winner will receive a special prize upon being named the "Community's Pig."

There is no entry fee for the contest. However, parents of each participant must be present at the time of the contest, which will be limited to the first 80 entrants on a first-come, first-served basis.

To finance their July Fourth activities, including the parade and fireworks, the Jaycees are again conducting their annual July Fourth raffle.

Winner of this year's raffle will have his choice of either a \$500 savings bond, a color TV or a four-day trip for two to Las Vegas.

Jaycee fourth fun festival - July 4

# Cavern Closes Doors for Good

Cavern Teen Club has closed its doors permanently. Don Williams, adult representative of the Cavern, told Northville school board trustees Monday night that the "Kids have no interest to continue with the Cavern."

"The teen board and members of the Cavern took a poll and the kids really do not know what they want," he said.

Williams explained the Cavern will maintain its corporation status but will no longer operate. "There were several discussions of joining with another group like U-KAN, but no decision was made."

In March, school board members extended the teen club's use of facilities in the junior high annex through June 15 at \$1 per month to allow Cavern members time to re-evaluate the club's future.

In other action Monday, trustees accepted two resignations, granted one maternity leave, reinstated one teacher and hired another.

A resignation was granted to Mrs. Jennie Donnelly, who has been on health leave, effective immediately. Mrs. Donnelly taught social studies at the middle school.

Also resigning is Mrs. Rita Resovsky, math instructor at the middle school. Mrs. Resovsky, whose resignation is effective Friday, is expecting a baby.

A maternity leave was granted to Mrs. Michele Kotowicz, effective Friday. She taught first grade at

Moraine Elementary. Hired to teach fourth grade at Main Street Elementary, was Larry R. Rowland, a graduate of Wayne State University with a BS degree in elementary education and English. He has one-half year teaching experience.

School trustees also learned the district is investigating breach of contract charges against one teacher who asked to terminate her contract effective two weeks prior to the end of school, was refused, and then did not return to work.

In other action, trustees received notification the district has been tentatively allocated \$12,390 for Title I remedial education.

Learned the school district will be allocated 8.9 mills from Wayne County, the same as last year, and not lose one-quarter mill to support Wayne County Community College.

awarded gasoline bid to Atlantic Richfield Company at a cost of 14.96 cents per gallon, and

awarded milk bid to Ira Wilson and Sons Dairy Company at 6.1 cents per half pint white milk and 6.7 cents per half pint chocolate milk, including straws and coolers at no additional cost

# Novi Condominiums Go on Display

Pre-opening sales have begun for Stonehenge, a fourplex condominium community planned for a 30-acre site off Haggerty Road in Novi.

The new development "will represent an enlightened approach to condominium building," officials said. By emphasizing careful site planning, developers have

succeeded in combining the convenience of condominium living with the physical appeal of single family homes.

Thirteen architectural variations and 26 color combinations lend an air of individuality to the building exteriors and dispel the "row after row" sameness often identified with multi-unit housing.

In landscaping the site, planners took great care to preserve most of the apple orchard which originally occupied the land. Sodded lawns and shrubbery surround the buildings.

Sixty foot wide right of way wind through Stonehenge, providing the community with the convenience and attractiveness of regular residential streets. Each building faces the street, with parking lots and driveways hidden in back.

Two and three bedroom ranch and colonial style units are available ranging in price from \$23,990 to \$28,990. Stonehenge planners have

also incorporated the privacy formerly unique to single family residences. Each unit features an enclosed patio, a private front entrance and another private entrance to

the condominium through the attached garage.

Stonehenge models are now available for viewing and 40 units have already been sold.

## Funds OK'd

Continued from Novi 1

dollar error in bidding for the repair and sodding of the high school football field.

In his explanation to the board, Miller said he had mistakenly miscalculated the size of a football field in submitting a bid of \$3,975. Admitting his error, pointing out that the actual cost would be closer to \$10,000, Miller said the mistake was compounded because the old sod of the entire field was torn up before the error was discovered.

Miller said his firm would complete the job at the quoted price, whether or not the board would agree to a settlement.

The settlement, which was approved by a 4-2 vote (Trustees LaVerne DeWaard and Ziegler dissenting), involved "time and material"

cost not to exceed \$8,500 for the entire project. DeWaard, who with other board members labeled the error "unfortunate", suggested the board increase its payment by \$3,000 and Miller reduce his price by \$3,000 thus producing a total of \$6,975.

## DAR to Meet

The Sarah Ann Cochrane Chapter of the DAR will hold its last meeting of the season on Monday, June 19, at the home of Mrs. Harold Stark, 5668 Geddes Road, Ann Arbor.

A pot luck picnic will begin at 12 noon.

Mrs. David Christensen of Northville will preside over the meeting. The reading of the national resolutions will be the program for the afternoon.

## Local SEV Told

Final state equalized valuation figures have been received by Northville School District, township and city officials.

School district valuation is pegged for the year at \$92.7 million, up 12.4 percent from \$82.5 million.

Business Director Earl Busard said the figures are "lower than what we anticipated when we figured our preliminary budget. It's due to reassessment of the township and the devaluation of vacant land in the area," he commented.

Valuation of the township is \$51.4 million, up \$7.8 million from last year's figure of \$43.6 million.

# Choo-Choo Untracks Lipon's Challenge

Choo-Choo Car Wash is looking more and more like the team to beat in the Northville Recreation Department's Men's Slo-Pitch Softball League.

The powerful Choo-Choo hitters belted out a solid 13-5 victory over Lipon's to knock off one of their prime contenders for the league crown and then outslugged Phil's Palace-Stone's 23-15 to remain undefeated with a 5-0 record and in first place in the tough American League.

Prime threat to the Car Washers is Northville Lumber last year's champs. The Lumbermen stayed just half a game behind the Choo-Choo squad by topping Phil's Palace-Stone's 6-3 and then dumping B.C.A. Trucking 10-6.

Over in the National League, Village Oaks moved to the front with three victories in last week's play and the Northville Jaycees also notched three victories to take over second place with a 5-1 record.

The big game of the week was Choo-Choo's victory over Lipon's.

The Car Washers went into that contest with a 3-0 record, while Lipon's was just half a game back at 3-1. Champions of the Brighton League last year, Lipon's was hoping to pull into first place with a

victory, but it never happened.

Brian Gilles smacked a three-run homer for the Choo-Choo team in the third inning and the league-leaders went on to record a 13-5 triumph. Don Phillip held the usually hard-hitting Lipon's squad without a single extra-base hit as the Car Washers out hit Lipon's 20-10.

In addition to his home run Gilles stroked two other hits to pace the winners with three hits in four trips to the plate.

Hock, Holmes, and Proctor all went two for three to account for six of Lipon's 10 hits.

A total of 38 runs and 49 hits were recorded in Choo-Choo's game with Phil's Palace-Stone's, but when the slugfest was finally over Choo-Choo was again on top, 23-15.

Jim Broad and Jerry Im-sland each slammed home runs for the Car Wash and Pete Woodard shared hitting honors by going five for five with four doubles and a single.

The loss to Choo-Choo dropped Lipon's record to 3-2, but the Northville Lumber squad kept pace with the Car Wash team by also winning two games. Neither victory was easy, however.

At the end of five innings the Lumber was tied 6-6 with B.C.A. Trucking, but then broke loose with four runs in the top of the sixth to take a 10-6 victory. Jerry Wedge and Steve Juday belted doubles in that decisive rally. Juday also had a home run to take hitting honors for the winners.

Lumber's victory over Phil's Palace-Stone's was just as close, the score was knotted 2-2 at the end of four, but again the Lumbermen pounded out the decisive runs in the late innings to earn the victory, 6-3.

Civitan-Casterline moved from seventh to fifth place in the American League by winning both their games last week. Monday they topped BCA Trucking 10-3 and Friday they sneaked past Plymouth State Home 10-9.

Kurt Stevens was on the mound for Civitan-Casterline against the Truckers and he allowed just three runs as his teammates picked up ten.

Civitan-Casterline scored six times in the bottom of the

sixth against Plymouth State Home to take an 8-5 lead, but the State Home staffers came right back with three runs of their own in the top of the seventh to send the game into extra innings. They scored again in the top of the eighth to lead 9-8, but Civitan-Casterline came up with two runs on five straight singles in the bottom of the eighth to take the victory 10-9.

In the only other American League game of the week Renwick, Grimes, and Adams Insurance shutout Exotic Plastic and Rubber 10-0. Jim Givens gave up just four hits in recording one of the best pitching performances of the year. The Insurance agents, meanwhile, were pounding out 10 runs on 15 hits - nine of the hits and seven of the runs coming in a wild fifth inning rally.

Over in the National League newcomer Village Oaks opened up a game and a half lead over the rest of the clubs by notching three victories.

A week ago Saturday the Novi subdivision team topped the Northville Newcomers 15-9. The game was never as close as the final score indicates.

The Oaks squad led 8-4 after five innings and then added seven more runs in the sixth inning as Schley, Wright, Tom Gorman, and Chuck Gramlich all stroked round-trippers to take a 15-4 lead.

The Newcomers scored five times in the bottom of the seventh as Richardson homered, but could narrow the gap no closer than 15-9.

It was the same Newcomers who provided Village Oaks with opponents in their second game of the week, but this time the game was less close than the first as Oaks pounded out a 17-3 triumph.

At the end of five, the Oaks led 8-1 and then wrapped up the victory by erupting for nine runs on eight hits in the sixth inning.

After the two easy victories over the Newcomers, the Oaks found themselves faced with a stubborn VFW team. The Vets jumped off to a quick 8-3 lead with five runs in the first and three in the second, but the Oaks kept coming back and finally moved out in front with a four run fourth inning.

The Vets scored once in the sixth to cut the lead to 11-10, but were unable to get any closer.

Keeping pace with the Village Oaks team was the Northville Jaycee squad. Boasting a new pitching find in Ron Reitenour, the Jaycees won three games as Reitenour never gave up more than three runs in any contest.

The CAT Diesel Power squad succumbed to Reitenour's tosses 7-3, as they collected just two hits and no runs through the first six innings before finally breaking into the scoring column with three runs in the seventh.

The three runs the Men from CAT scored were the most any team got off the

Jaycees all week. The Jaycees scored just three times themselves off the VFW's Jim Lanning, but Reitenour held the Vets to two runs as the Jaycees won 3-2.

Reitenour's finest performance came against the Newcomers, as he gave up just four hits in pitching a shutout. Paul Vandenberg and Jim Belz each had an inside the

park home run and Vandenberg hit one over the fence to pace a 15-hit, 14-run Northville attack, as they clobbered the Newcomers 14-0.

In other National League games Our Lady of Victory's Men's Club beat Ford Valve 11-9; CAT Diesel Power stripped Ford's gears 17-0 with Ed Hammond on the

mound; and the VFW edged John Mach Ford 6-2.

In an interleague contest Plymouth State Home clubbed the Presbyterian Men's Club 20-4.

CAMPANERIS IT ISN'T—But everything else about Northville's Slo-Pitch Softball League is first class. Here Village Oak's Chuck Gramlich

slides into third base in action last week, as the league began play on the brand new Thompson Field.

# Jaycees, Inn Face Showdown

The stage is set for the biggest game of the season in the Novi Parks and Recreation Department's Men's Softball League.

Both the Novi Inn and the Novi Jaycees notched victories last week to remain undefeated and tied for first place with 4-0 records.

But that deadlock will be all over after this week's play has been concluded as the Jaycees will take on the Novi Inn Wednesday (Yesterday) in a game that will have an important bearing on the final league championship.

The "Men from Ben's" had an easy time of it last week, lambasting the Northville Burger Chef squad 20-7. But the Jaycees were hardpressed to keep their undefeated record intact - going into extra innings before finally defeating the Thompson Travel Center team 9-8.

In other games the Michigan-Ohio Air Filters came out on top of a 17-14 slugfest, with the Meadowbrooks Lakes club,

and the Burger Chiefs won their first game of the season - a tight 8-7 triumph over the Novi Policemen.

Best game of the week was the Jaycee-Travel Center clash. Harold Ortwine was on the hill for the Travelers and turned in one of the finest pitching performances of the year - over the first four innings, as he held the powerful Jaycee bats hitless.

The Travel Center squad scored three times in the second to take a 3-0 lead into the fifth inning. But then the Jaycees came alive, scoring three times in both the fifth and sixth innings and adding two more in the top of the seventh to lead 8-4 as the Travelers came to the plate in the bottom of the seventh.

But the Travelers staged a rally of their own. Doubles by Ortwine and Jim Eskola brought in one run and Lloyd Huotari's single drove in another. Then with two outs Bill Heinonen ripped a two-run triple that tied the score and sent the game into extra innings.

The Jaycees pushed across the winning run in the top of the eighth - Chuck Gramlich scoring on Jim Cherfoli's single - and then held the Travel Center scoreless in the bottom of that frame to register the 9-8 victory.

Cherfoli and Doug Thrush with two hits in four trips to the plate led the Jaycees' hitters. Jim Eskola went three for four for the Travel Center. The other co-leader - Novi Inn - also had a tough time of it, but you'd never guess it from the final score, which found the Men from Ben's taking a 20-7 victory. At the end of five innings the score was knotted at 5-5.

Terry Jolly, bandaged foot and all, was on the mound for the Burger Chef squad and held the Inn to just seven hits through those first five innings. But then in the bottom of the sixth, the Inn team erupted for 15 big runs to turn the contest into a romp.

Klaus Bujak was the winning pitcher and also paced the Inn in the hitting department, rapping out two singles, a double, and a triple in four at bats.

Dick Wiseman with three doubles in three trips to the plate led the Burger Chiefs.

The M.O. Air Filters advanced their record to 3-2 and moved into second place with a 17-14 conquest of Meadowbrook Lakes.

Dick Monheimer's bases-loaded double was the big blow in a nine run fourth inning rally that brought the Filters from a 12-8 deficit and put them into a 17-12 lead the Lakers were unable to overcome.

Ted Battistone and Frank Mrowczynski hammered round-trippers for the Filters, while Wil Pilch and Ray Link countered with four-baggers

for the Lakes. John Padgett, Ken Beers, and Pilch went three for four for the Meadowbrook team. Mike Fenchel and Mrowczynski duplicated the feat to pace the Filters squad.

The final game of the week pitted the Burger Chiefs against the Novi Policemen in a game that saw both squads shooting for their first victory.

And what a game it was. With Councilman Louie Campbell on the mound for the coppers and Denny Skvarce pitching for the burger-men, the score was tied at 5-5 all at the end of six innings.

Back to back singles by Phil Gardner, Bill Ruck, and Junior Bernardi loaded the bases for the Burger Chef squad in the top of the seventh and then John Anthony laced a two-out single to drive in Gardner and Ruck and Ron King followed with another single to score Bernardi and give his team an 8-5 lead.

Ed Butler belted a home run with one on in the bottom of the seventh to pull the crime fighters to within one run of the burger-men, but Ruck made a fine catch on a long line drive off the bat of Jerry Pratt to end the game with the Burger Chiefs on top, 8-7.

Junior Bernardi paced the winners with a single, double, triple, and home run in four trips to the plate. John April and Butler each went three for four to pace the policeman's 15-hit attack.

By Bob Moore

Perhaps there's nothing more breathtaking than watching a high diver perform. Consider, for example, the diver who is determined to dive from La Quebrada at Acapulco, Mexico, a height of 118 feet. Remember that the base rocks in that dive extend out 21 feet, making a leap of 27 feet necessary. And remember that the water is only 12 feet deep. The dive is dangerous, and yet it is fairly often performed. But before any dive, no matter how harmless it looks, you should always find out the water's depth and the location of any dangerous rocks!

Did you know that there is an organization called the "Cycle Conservation Club"? Its purposes are to develop and enjoy riding trails for family use; to promote safety training for beginning riders; and to improve the public image of recreational motor-cycling. Come in to MOORE'S MOTOR SPORT INC., 21001 Pontiac Trail, So. Lyon, 437-2688, for your application blank.—And be sure to see our complete line of SUZUKI motorcycles—the finest money can buy.

HELPFUL HINT: To take dents out of ping-pong balls, drop them in boiling water, turn them occasionally, and in a few minutes they will be like new.

## NOTICE OF HEARING RE-APPORTIONMENT OF COST RANDOLPH STREET DRAIN

NOTICE IS HEREBY GIVEN, that the cost of the pending Randolph Street Drain Project (estimated at \$486,315.00) has been tentatively apportioned as follows to wit:

STATE OF MICHIGAN (no highways involved)	0.00000 %
COUNTY OF WAYNE, on account of benefits to county highways	2.05299 %
COUNTY OF OAKLAND, on account of benefits to county highways	4.84351 %
CITY OF NOVI, Oakland County, Michigan	24.66641 %
CITY OF NORTHVILLE, Wayne County, Michigan	68.43709 %
	100.00000 %

NOTICE IS FURTHER GIVEN that the Drainage Board for said Randolph Street Drain will meet at 11:00 o'clock A.M., Eastern Standard Time, on the 15th day of July, 1972, in the City of Northville, Michigan, for the purpose of hearing any objections to the said apportionments.

At said hearing, any public corporation to be assessed or any taxpayer thereof, will be entitled to be heard.

THIS NOTICE IS GIVEN by the Order of the Drainage Board for the Randolph Street Drain  
**HENRY V. HERRICK**  
Wayne County  
Drain Commissioner  
Secretary to the  
Randolph Street Drain  
Drainage Board

Dated May 9, 1972

## LEGAL NOTICE OF PUBLIC HEARING

In compliance with Act No. 43, State of Michigan, Second Extra Session of 1963, the Schoolcraft Community College District publishes this notification of a public hearing on the 1972-73 college budget. This hearing is to take place at 7:00 p.m. on Wednesday, June 28, 1972, at the Administration Building, 18600 Haggerty Road, Livonia. A copy of the budget is available for public inspection at the above address.

# Mustang Nine Wins Regional Title

Wearing a football helmet, there are those who contend, leads directly to baldness.

Ask Ray Nitzschke, for example.

Well Chuck Shonta, Northville Mustang baseball coach, has done more than his share of football helmet wearing and, sure enough, the Mustang coach is indeed beginning to get a bit "thin" on top, but, he has an entirely different theory about those departing hairs.

"It's from tearing my hair out during these baseball games," he said. "I don't know what it is about this team, but sometimes I get the feeling they don't think they've won a game unless I've had some kind of nervous breakdown in the dugout first."

Nervous breakdowns and declining hairline notwithstanding, Shonta has good reason to be happy these days.

Led by the strong pitching arms of Jeff Moon and Scott Evans, Shonta's Mustangs emerged from the tough Yale regionals last Saturday as the surprise winner by first trimming Madison Heights Bishop Foley 1-0 and then turning back Marysville 5-4.

By virtue of winning the regional championship, the Mustangs are now one of just four teams left in the state Class B tournament. The four finalists will meet Saturday in Wyoming, and all the Mustangs have to do now to cop the state title is win two more games.

They will meet Midland Bullock Creek at 12:30 p.m. and, if they win that game, they will meet the winner of the Greenville-Carleton Airport clash slated for 10 a.m. A victory in the second game will give them the state championship.

The victory at the Yale Regionals was a bit unexpected. Generally regarded as the strongest regional field in the state, the Yale regionals featured defending state champions Lutheran West. But Marysville's Rich Kern outdueled West's Leon Druckenmiller in a 1-0 game in the semi-finals to end their hopes for a second consecutive title. Kern tripled and Joe Venia doubled to account for the only run in that contest.

But Marysville's chances for celebration were short-lived, as the Mustangs reaped the benefits of their upset by beating them 5-4 in the finals.

"We've definitely got a chance at the championship now," said Shonta, fully recovered from the day's harrowing events. "I can't see the finals being that much tougher than the regionals were. If we play as well in the finals as we did in the regionals, we've definitely got a chance to win the whole thing."

Both Mustang regional wins came by one run and both games featured more than their share of close calls for Northville fans.

Bishop Foley, a team that gained the regionals by upsetting a Richmond High School with a 23-1 record, was Northville's first opponent.

Jeff Moon, who has saved his finest pitching performances for the playoffs, drew the starting nod for the Mustangs and the big left-hander once again thrived on the competition.

He struck out the first two batters he faced, then yielded a single to the third hitter before getting the third out. Moon gave up another single in the second, but then retired the Foley squad in order through the next three innings.

By the time he was finished, Moon had recorded nine strikeouts, allowing five hits and not walking a single batter.

But while Moon was buffaloeing the Bishop Foley batters, the Mustangs were having little more success with Foley's Bill Zott. Getting hits was no problem—Northville collected at least a single in five of the contest's six innings—what proved to be difficult was putting two of them together.

The winning run came in the second inning and, once again, it was Northville's talented crew of sophomores who accounted for the decisive tally.

With two down in the second Randy Oginski drove a single to left and then catcher Steve Serkaian delivered the key blow—a line drive double to deep left center that scored Oginski all the way from first.

The Mustangs threatened to score on several other occasions, putting runners on second and third with one out in the fourth and runners on first and third with two out in the sixth, but were unable to score again.

Bishop Foley did not mount a serious threat against Moon until the sixth inning when they put men on first and third with two down, the Northville hurler retired the side on a force play at second base.

The game ended with Foley again mounting a threat for the tying run. Moon struck out the leadoff hitter in the seventh, but the ball scooted past Serkaian and the runner

took first. A fly ball to Jesse Stevenson in right field provided the first Foley out, but the next hitter stroked a single to put runners at first and second. With one out, Ken Christopher hit a soft line drive that appeared headed for right center field, but Northville second baseman John Sherman raced deep into the hole, speared the drive, and then doubled the Foley runner off first to end the game.

The dramatics of that first contest were nothing compared to what took place in the second game and the sad thing about it was that the contest should never have been close.

"We outlived them 11 to four," Shonta pointed out. "We had a threat in almost every inning, but we only won by one run and we were probably lucky at that. It could have been a romp for us just as easily though."

Success in the state tournaments is predicted on having not one, but two good pitchers. Marysville's Rick Kern was too tough for Lutheran West in the opening game, but the Marysville squad didn't have anyone to back him up and the Mustang hitters feasted on the number two hurler.

Every Northville player except pitcher Scott Evans collected at least one hit and Rick LaRue, Todd Eis, and John Sherman each had two. But in spite of the heavy hitting, the Mustangs had trouble putting runs on the board.

Ironically, when the runs did come, they came as a result of the Marysville errors.

Sherman opened the Northville second inning with a single and Randy Oginski followed with a double to put runners at second and third. A walk to Todd Eis, after Bill McDonald K'd for the first out, loaded the sacks.

Evans' grounder to the third baseman resulted in Sherman's being forced at the plate for the second out, but Jesse Stevenson then hit a grounder to the shortstop who let it go through his legs as Oginski and Eis came in to score.

LaRue followed with a clean single to left to score Evans, and the Marysville shortstop then misplayed another ground ball off the bat of Bart Taylor to let Stevenson score the fourth Northville run.

Marysville came right back in the third, however. Bunching three of their four hits in that frame they scored three times and only a perfect throw from Stevenson to McDonald which cut down Joe Venia at the plate kept Marysville from tying it up at 4-4.

"Stevenson's throw was probably the key play in the game," said Shonta in retrospect.

The Mustangs added an insurance run in the fifth as Dale Griffith doubled and Sherman singled him home, and that insurance run proved valuable as Marysville scored once in the sixth on a two-base error and two consecutive force outs at first base.

Evans suffered some control problems in the seventh and walked the first two hitters. But McDonald threw the first runner out trying to steal second, and Evans retired the last two hitters on a strike out and a pop out to McDonald.

And the Mustangs were regional champions. "It's a beautiful feeling," said Shonta. "All we've got to do now is win two more games."

**FLAME THROWER**—One of the main reasons for Northville's success in the state tourney has been the pitching of big Jeff Moon. The 6' 3" left-hander has given up just one run in his last 16 innings, while recording three tournament

victories. It was Moon's five-hit whitewashing of Bishop Foley Saturday which enabled the Mustangs to move on to the regional championship.

## To Take Championship

# Need Two More Wins

There are just four teams left now—every other Class B high school baseball team in the state having been eliminated from the state championship tourney in district or regional play over the past three weeks.

Those four teams will meet Saturday, June 17, at Godwin Heights High School's McGavin Field in Wyoming, a suburb of Grand Rapids.

Northville, of course, is one of those four finalists. The Mustangs will take on Bullock Creek Saturday at 12:30 p.m. following the Greenville-Carleton Airport clash slated to begin at 10 a.m. The two winners will then battle it out for the state championship at 3 p.m.

What are Northville's chances?

"We've got as good a chance as anybody," insists Chuck Shonta coach of the Northville nine. By emerging victorious through the Yale Regionals Saturday, Northville managed to get through what most feel was the toughest of the four regional tournaments.

The Mustangs' first opponent at Wyoming will be Midland Bullock Creek. The Lancers beat Flint Ainsworth

2-1 in the regional semi-finals and then topped Sanford Meridian 6-2 to clinch the regional championship.

Bullock Creek is a team very similar to Northville. Fielding a young squad, the Lancers finished third in the Mid-Michigan "B" League with a 9-7 record, but have been "steadily and rapidly improving" as the underclassmen gained experience.

Another factor which affected the Lander's regular season performance was an injury to Brian Marquandt—a senior curveballer who was unable to pitch for four weeks due to a sore arm.

Marquandt is back now and is the number two man on the Bullock Creek staff. He has posted a 5-2 record on the mound and has a 1.71 earned run average with 33 strike outs and just eight walks in 37 innings on the hill.

Top pitcher on the Bullock Creek team—and the hurler most likely to be facing the Mustangs in Saturday's semi-finals is Brent Eastman, a stocky, hard-throwing sophomore.

Four of Eastman's five victories have come in the state tournament. He has yet

to lose a game. Boasting a fine .23 earned run average, he has K'd 54 hitters, while walking just 13 in 30 innings of work prior to the regional tournament.

Eastman pitched his teammates to the 2-1 decision over Flint Ainsworth in the regional semi-finals, giving up two hits, striking out six and yielding five walks.

Perhaps the weakest part of the Bullock Creek squad is its offense. Only one regular third baseman Chuck McDonald—hit over .300 during

the regular season. His average was .340. Marquardt, the shortstop when he isn't pitching, led the team in rbis with 14 and home runs with three. His average was .237.

Directions to McGavin Field follow: Take I-96 to Grand Rapids, taking the Wyoming exit. Go west on the Wyoming exit until coming to Buchanan Street—a distance of about five miles from the exit. Take a left on Buchanan to 32 nd Street and then go right on 32nd Street, turning left into McGavin Field just before the railroad tracks.

NORTHVILLE ROAD—ACROSS FROM KINGS MILL

# Township Controversy

Continued from Record, 1

being removed to make way for Northville Square shopping mall.

The city council, co-owner of the fish hatchery building on Seven Mile road, had already given its permission for use of the building by U-Kan as a counseling center for drug abuse, care and prevention.

Trustee Leonard Klein was the leading spokesman against the proposal. He said he was opposed to having those who would use U-Kan be near youngsters at the proposed fish hatchery recreation site. He said the building was intended for use by ice skaters in the winter.

Officer Berry said a facility was needed badly, called the problem "not mine, but yours", and said that he had young volunteers ready to continue work in the facility.

"It's the only place we can find that we can afford. We've looked every place", Berry stated.

Several citizens in the audience supported Berry; as many opposed the location of the facility and supported Trustee Klein. The board split evenly with Clerk Eleanor Hammond, Trustees Charles Schaeffer and Richard Mitchell favoring the program, and Supervisor Gunnar Stromberg, Treasurer Joseph Straub and

Klein opposed.

The proposition was saved from rejection when Treasurer Straub joined with Trustee Schaeffer in a proposal to permit use until December because the area is not yet used for recreation. Schaeffer's motion even included giving U-Kan enough money to repair the building for counseling use so that there would be no delay.

Berry said a year was really needed, but he'd accept the five-month offer. He said they'd continue to look for permanent quarters.

Trustee Klein voted against the abbreviated contract and Supervisor Stromberg abstained.

Several residents spoke against the noise and dangerous operation of minibikes, motorcycles, etc., in residential areas. The board finally called upon Attorney Donald Morgan to prepare an ordinance to aid the police in enforcement.

Treasurer Straub said he objected to the appearance of Parisi without scheduling a speaker representing "the other viewpoint".

"I'm not saying whether I'm for or against annexation to the city. But we represent all the people in the township—some for, some against and some who haven't made up their mind". Parisi's a fine man and a good speaker. But

he's working for the townships, he's not going to give both sides", the treasurer argued.

It was finally decided that a unification spokesman would be sought, but not to appear on the same night as Parisi. Trustees Schaeffer and Mitchell opposed the idea, however, on the basis that a definite spokesman wasn't named.

More details on Tuesday night's board meeting will be reported in next week's edition of The Record.

## Primary

Continued from Record, 1

stated he will seek a trustee's post

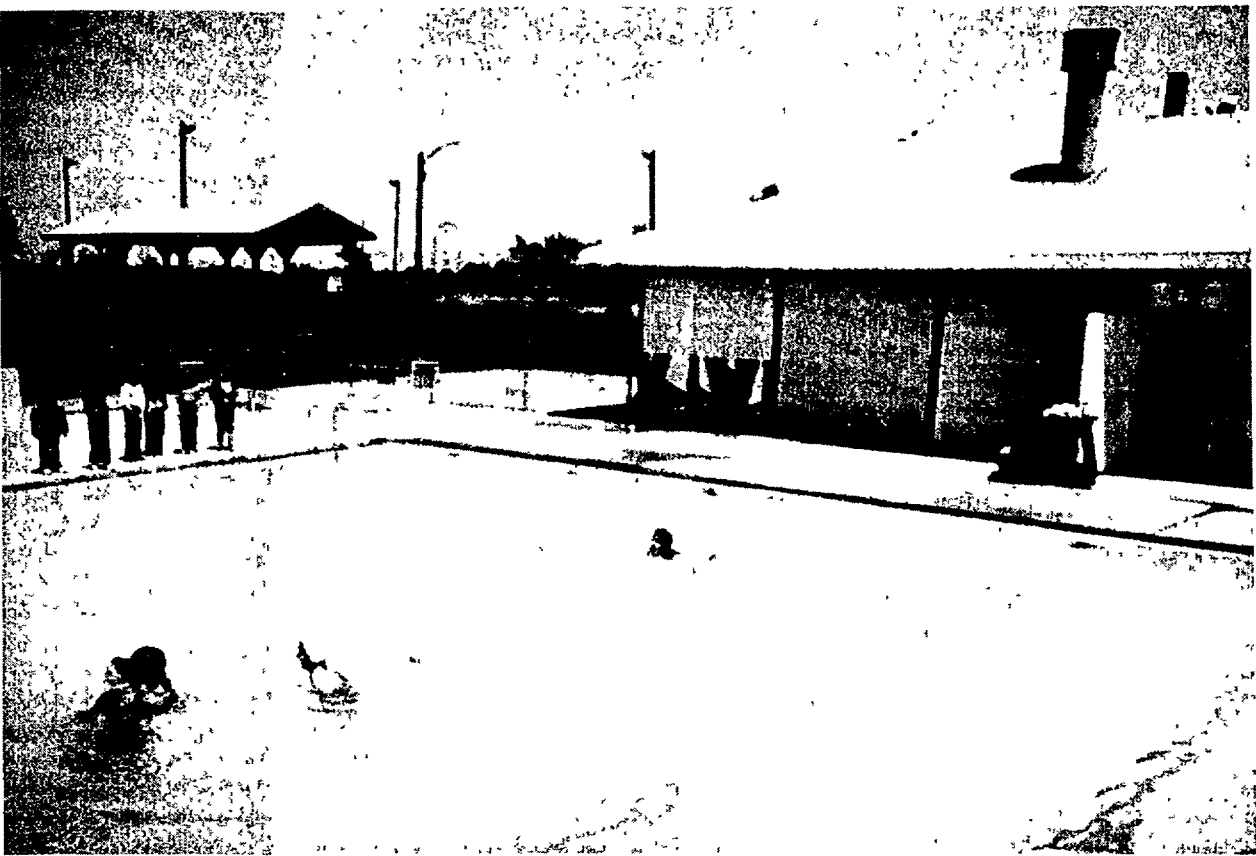

According to VanderMolen, the Democratic Club will "very likely" back a slate of candidates for nomination and election. Guido, he said, would be one of those receiving the club's endorsement as well as Thomas Curran, who reportedly will seek a trustee's post.

Another of the club's possible endorsements will be Mrs. Anabel Schaeffer for clerk or for treasurer.

Still another possible candidate will be former trustee Wilson Tyler, a Republican who may run for treasurer.

Deadline Tuesday for filing is 4 p.m.

Registration deadline for voting in the August primary is Friday, July 7 at 8 p.m., Clerk Mrs. Hammond reminded township residents. The township office will be open from 8 a.m. to 5 p.m. on Saturday, July 1 for registration purposes, she said. Citizens also may register anytime during regular weekday office hours, she added.

Northville Swim Club Facilities Ready for Open House on Saturday

## Swim Club Open House Set Saturday

An open house is being held at the Northville Swim Club from 3 to 5 p.m. this Saturday, June 17, with everyone in the community invited to drop by to see its new facilities.

In extending the invitation to the community, Edward Kelly, board president, points out that the additions at the club have been planned to provide "a total family area."

In addition to picnic facilities, there are basketball and shuffleboard courts, tetherball, a huge sandbox and sturdy play equipment for small children.

Kelly adds that the interior of the clubhouse also has been redecorated and the area landscaped.

The Bermuda-blue clubhouse is located at 646 West Baseline and may be reached via the rear parking lot at Northville School.

## Community Calendar

**TODAY, JUNE 15**

Northville Chamber of Commerce, 8 p.m., Northville Downs Nov Planning Commission, 8 p.m., council chambers. Greater Northville Republican Club, 8 p.m., township offices.

Novi Rotary, noon, Saratoga Trunk.

Northville King's Mill Civitan Club, 8 p.m., clubhouse.

Northville Commandery, 7:30 p.m., Masonic Temple.

Cub Scout Pack 721, 7 p.m., VFW hall.

Northville Weight Watchers, 7:30 p.m., Presbyterian Church.

**FRIDAY, JUNE 16**

Orient Chapter, OES, 7:30 p.m., Masonic Temple.

Northville Weight Watchers, 10 a.m., Presbyterian Church.

**MONDAY, JUNE 19**

Northville City Council, 8 p.m., Council Chambers

Novi City Council, 8 p.m., Council Chambers

Northville Masonic Organization, 7:30 p.m., Masonic Temple

TOPS, 7:30 p.m., Scout-Recreation Building.

Paper Drive, 6-8 p.m.—St. Paul's Lutheran School 560 So. Main.

**TUESDAY, JUNE 20**

Northville City Planning Commission, 8 p.m., Council Chambers.

Northville Rotary, noon, Presbyterian Church.

VFW Post 4012, 8 p.m., VFW Hall.

King's Mill TOPS, 7 p.m., clubhouse.

Northville Explorer Scouts, 7 p.m., American Legion Hall.

**WEDNESDAY, JUNE 21**

VFW Auxiliary, Post 4012, 8 p.m., VFW Hall.

Northville Lions Club, 7 p.m., Hillside Inn.

Northville Education Association, after school.

Northville Area Economic Development Corp., 8 p.m., Manufacturers Bank.

We-Way-Co Sweet Adelines, 8-10 p.m., Plymouth Central High Music Room

Senior Citizens' Kerr House, 1-5 p.m.

# Sky's Limit for Dreamers

Continued from Record, 1

Ernest Essad, a Northville food market owner, says a family in good health "and a trip up North for some quiet rest, clean air and good food" would do him just fine. And good food, in his book, must include something called "Kuba," a Lebanese dish "that's the greatest. I'll have my wife make some for you and you'll be begging for more."

"A nice blond" would do just nicely for Brighton Postmaster Al Bosworth.

Northville Postmaster John Steimel indicates some fencing would be appropriate so his neighbors wouldn't have to put up with him any longer.

Kochalko isn't nearly as good a fisherman.

Frank Fazekas of Brighton also would like a new spinning reel. "I got a new one recently," he explains, "but I took it apart and can't get it back together."

Says John McGuire of Northville: "Really, I don't need or want anything for myself. There are too many in the world who are in desperate need."

"Peace and solitude," says Brighton Attorney William McCrie.

"I sure could use a new set of golf clubs and maybe some new golf shoes," says Northville barber Marvin Hopper.

Another golf club fancier is Bob Steiner of South Lyon, who predicts confidently, "and I'm going to get them." John Birdsong of Brighton would be satisfied with a new golf cap.

"Peace, of course. Maybe after that a house boat-trailer unit," says Bob Webber of Northville.

Brighton Barber "Mac" says, after watching so many enjoy a rest in his barber chair, "I'd like a Lazy Boy chair for myself."

"What about a week at the golf course...without any painting?" asks Russell Anger, Jr. of Northville, hopefully.

"Give me a couple of minutes to think," asks William Asher of Northville before coming up with a suggestion that he be permitted "to lay in the back yard and just relax."

Bryce Lockwood of Northville, a sailing enthusiast, would like to graduate from his 28-foot boat to "something about 43-foot long that would be just right for Lake St. Clair."

A good family get-together," says South Lyon Attorney C. H. Letzring.

And finally, Northville School Business Manager Bob Benson came up with a suggestion that should fit the bill for many fathers:

"Wouldn't it be nice just to be able to plan the schedule for Father's Day instead of letting the family decide what dad would like to do?"

BUD DYE

Do you know that flat paints may vary from the top to the bottom of the can unless they are stirred? The color, even the make-up of the paint, may be different. Always stir paint before using it. Use a lifting motion to bring the thicker paint up toward the top surface of the can and to get it evenly suspended throughout the paint. Be thorough. A few moments spent this way at the beginning of the job saves many hours if the paint is not satisfactory once it's on your walls

You can get your quality paint and supplies at NORTHVILLE LUMBER CO, 615 E. Baseline, 349-0220. We carry DuPont paints, and Minwax and Olympic stains. Our large inventory also includes all types of building materials and supplies to meet your every building need. Free delivery service. Master Charge honored. Hours: 8-6, Mon. - Fri.; 8-2, Sat.

**HELPFUL HINT:** Before painting, wipe surfaces with solvent or detergent.

## Stempien Seeks Congressional Seat

State Representative Marvin Stempien, former city attorney of Northville, announced his candidacy Monday for the Democratic nomination for United States Congress in the re-shaped Second Congressional District.

The incumbent is U.S. Representative Marvin Esch. The new Second District consists of northwest Wayne County, the eastern half of Washtenaw County and all of Monroe County except one township.

Thirty-eight year old Stempien, who is the House Majority Floor Leader, is a three-term member of the legislature having first been elected in 1964.

In addition to serving as majority floor leader, Stempien is a member of the House Appropriations Committee, the Legislative Council and the House Fiscal Agency Board. He is chairman of the Appropriations subcommittee on general government and a member of the subcommittee on education.

He has been particularly active in legislation affecting schools.

In announcing his candidacy, Stempien said he is concerned with an immediate end to the war in Southeast Asia and a new emphasis on domestic problems, plus congressional, tax and

welfare reform.

"All of these are interrelated," he said, "since we cannot shift our resources to domestic problems until we end our costly involvement in the Southeast Asia war, and we cannot do it effectively until we have congressional, tax and welfare reform."

He added, "One of my principal projects in Congress will be to participate actively in the movement for reform which would make Congress more responsive to the needs and attitudes of the people. I will also work to reverse the trend under which Congress has abdicated its powers to the executive branch and shirked its responsibilities to education, local government and the American economy."

"The Incumbent Republican has had three terms to accomplish congressional reform, and we're still waiting," Stempien said.

"It is time for change, for reform and for new approaches to nagging old problems. I feel that with my relative youth and my experience in government I can make a contribution to that change," he concluded.

Stempien is supporting Senator George McGovern for president.

An attorney who lives in Livonia, he holds degrees from the University of Michigan and Detroit College of Law. He is an Air Force

Veteran serving as a pilot with the rank of captain. He is married and the father of four children.

MARVIN STEMPIEN

## Novi Nixes Ordinance

Continued from Novi 1

contended that commercial ventures (such as tennis courts and ice and roller skating rinks) should be allowed only in commercial districts.

Councilman Edwin Presnell cited economics as the reason for his opposition. It is cheaper for a developer to purchase M-2 land than C-2 land, said Presnell. The result of adopting the amendment would be making it cheaper for developers to build such facilities in Novi.

The objection of Councilman Raymond Evans was that light manufacturing zonings were frequently being allowed adjacent to residential districts and he did not feel it was right to allow roller skating rinks, for example, to be built next to people's homes.

The amendment was rejected by a 5-2 vote of the council. Mayor Joseph Crupi and Councilman Denis Berry cast the two votes objecting to rejection of the proposed amendment

## Election

Continued from Record, 1

in line when the polls closed at 8 p.m., but with the use of five voting machines, results were totaled shortly before 9 p.m.

Fifty absentee ballots were cast with absentee voters carrying none of the proposals. In April, when both the millage and bond issue were defeated, absentee ballots were cast in favor of both questions.

The newly elected trustees will take their seats on the board at the organizational meeting Monday, July 10. Officers for the 1972-73 year will also be named.

Current officers are Dr. Robinson, president; Richard Martin, vice-president; Rinehart, secretary; and Glenn Deibert, treasurer. Other trustees include Stanley Johnston and Andrew Orpman.

The board has cancelled its June 26 meeting.

## • OBITUARIES •

**MARY H. CUNNINGHAM**

Funeral services were held on Monday, June 12, for Mrs. Mary Hillery Cunningham, 64, 46221 Bloomcrest Drive. Services were held at Gesu Church, Detroit. Burial was at Holy Sepulchre Cemetery.

She was the wife of the late James D. Cunningham. She is survived by one daughter, Mrs. John P. (Mary Catherine) Crotteau, three sons, Hilary J. Cunningham, James D. Cunningham, Jr., Joseph R. Cunningham and four grandchildren.

Mrs. Cunningham was a member of St. Anne's Sodality, Gesu Church, the Women's City Club of Detroit and the Dolphins Swimming Club.

KATHLEEN E. HADLEY

Services were held Tuesday for Kathleen E. Hadley of 7955 Dixboro Road in South Lyon who died Sunday, June 11, at home. Mrs. Hadley, who was

30 years old, had been ill for the past seven years.

She was born February 17, 1942, in Wayne, and moved to South Lyon six years ago. She was a graduate of Plymouth High School, a member of Salem Bible Church and was employed at Plymouth Lithograph.

Surviving are her husband, Robert, a son Brock, her mother, Mrs. Reba Lillibridge of South Lyon, a sister, Mrs. Marion Saleem of Ann Arbor and a brother, Glen Lillibridge of Seattle, Washington.

# Hoist the Sails! It's Racing Fun

Lake St Clair reportedly is the boating-fishing capital of the nation.

But guess what body of water may be the second-most popular in Michigan for sailboat racing...next to Lake St. Clair, of course?

Believe it or not it's the artificial lake that makes up much of Kensington Metropolitan Park near New Hudson.

Motorists traveling I-96 on their way North are amazed by the number of sailboats that dot the picturesque lake, especially on weekends. So much so the highway department several years ago erected a special screen to prevent gawking motorists from turning their attention from the roadway.

According to Robert C. Skellenger of Novi, chief ranger at the park, sailboat racing at Kensington has been popular for several years. "But this year is our biggest and longest season," he points out.

The racing schedule, sanctioned by the Department of Natural Resources in

## State Boasts 3,000 Bridges

Thousands of miles of creeks, streams, rivers, ravines and inland lakes have made this state a land of bridges, according to Automobile Club of Michigan.

There are more than 3,000 bridges on the state highway system alone, with thousands more on county roads and city streets. Wayne County alone has some 560 bridges.

Bridge engineers of the Michigan Department of State Highways have listed some of the outstanding and unusual bridges for Auto Club.

The list is topped by the giant Mackinac Bridge spanning the Straits of

Mackinac which separates Michigan's Upper and Lower Peninsulas. Two older spans—Detroit's Ambassador Bridge and Port Huron's Blue Water Bridge—connect Michigan with her international neighbor, Ontario, Canada.

A third bridge which connects Michigan with Ontario is the newer International Bridge, opened in 1962, and joining Sault Ste. Marie, Michigan, and Sault Ste. Marie, Ontario. The two-mile arch and truss-type bridge spans the St. Marys River and the Soo Locks and links U.S. I-75 and the Trans-Canada

# Bridges Abound

Continued from Page 1-B

Highway, two of the longest highways in North America. The Blue Water Bridge permits pedestrians, at present the only large bridge in the state to allow foot traffic. (The Ambassador Bridge usually allows people to use its eight-foot walk but this is closed indefinitely until some construction is completed.)

An engineering marvel and a tourist attraction by itself since its opening in 1957 is the Mackinac Bridge, popularly called "Big Mac." From anchorage to anchorage, it is the longest suspension bridge in the world. There are 42 miles of wire in the main cables.

The American Institute of Architects has designated the bridge as one of the seven man-made wonders of the world.

Oldest of the Michigan-to-Ontario bridges is the Ambassador Bridge. Opened in 1929 at a cost of nearly \$17 million, it is almost two miles long and 152 feet above the water at its highest point. There are five traffic lanes. The two cables from which the bridge is suspended are supported on towers and tied to massive anchorages.

The arch-type Blue Water Bridge, opened in 1938, is three-and-a-half miles long and spans the St. Clair River

between Port Huron and Sarnia, Ont. The bridge is the eastern terminus of the 1,607-mile Interstate 94 freeway between Port Huron and Billings, Mont. There is a walk for pedestrians.

Another interesting bridge, but only for railroads, is the old International Bridge at Sault Ste. Marie, erected in 1887. It stretches 3,607 feet across the American Locks, the St. Marys Rapids, and the Canadian Locks. One of the largest jackknife spans in the world, it combines both the swing and bascule types.

Bridges not so familiar to most Michiganders include these:

The Rouge River Bridge, just south of Detroit, opened in 1967. A deck plate girder structure, it was the costliest single project ever constructed by the Michigan Department of State Highways. Capable of carrying 120,000 vehicles a day, it is a vital link in the I-75 freeway system as it enters Detroit.

Among the picturesque bridges is the high Cut River Bridge, 4.3 miles northwest of Brevort on US-2 in Mackinac County. Built in 1947, the cantilever truss-type bridge has three 555-foot spans. Visitors who use a parking area provided at the east end of the bridge can walk back and descend into the deep ravine. From the bottom looking up the scenery is spectacular.

One of Michigan's most unusual bridges also is on US-2 over the Manistique River in Manistique. This 1918 bridge was once featured in Ripley's "Believe It or Not" newspaper syndicated column because the water level is higher than the riding surface of the bridge.

A different type of bridge is the double-deck vertical lift bridge which carries US-41 traffic across the Portage Lake waterway between Houghton and Hancock. Opened in 1959, the upper deck provides a four-lane highway while the lower deck has railroad tracks. The section with the decks can be lifted 100 feet above the water.

The Pine River Bridge on M-55, 4.2 miles west of the Wexford County line, is a high, cantilever bridge, built in 1934, the same type as the Cut River Bridge in the Upper Peninsula.

Another Wexford County bridge singled out by the panel of highway engineers, is the Pine River Bridge on M-37, 12 miles southwest of Harrietta. Built in 1948, it is deck plate girder type.

Back in the Upper Peninsula, highway engineers have included three more bridges.

Interesting rock formations are the attractions at the Chocoy River Bridge on U.S. 41, about seven miles southeast of M-38 in Marquette County.

Also listed are two bridges on M-26 over the west and east branches of the Firesteel River. One is 1.3 miles northeast of M-38, the other 1.9 miles northeast of M-38. Both were built in 1952.

The highway department also includes as outstanding the bridges which lead into the I-196 and I-296 interchange in Grand Rapids.

Perhaps one of Michigan's best-known bridges, at least to motorists who use I-75, is the bascule-type Zilwaukee Bridge just north of Saginaw. The counter-weighted bridge spans are opened to allow passage of river traffic, sometimes causing a backup of cars for several miles or more in either direction. Completed in 1960, this bridge is an important link in the I-75 freeway system. It is scheduled to be replaced by a high-level bridge.

Less spectacular spans are the weathered, wooden covered bridges of a century ago. There are six covered bridges still standing in Michigan, and each is a tourist attraction by itself. They are:

The Langley Bridge near Centerville, crossing the St. Joseph River, St. Joseph County.

A bridge two miles northeast of Niles on the farm of the late E.M. Norris, in Berrien County, on private property.

White's Bridge which crosses the Flat River near

Smyrna in Ionia County. (Built in 1867 at a cost of \$2,000, the bridge still has its original timbers except for sills which were replaced about 15 years ago. The bridge derived its name from Levi White, a carpenter and early Michigan pioneer.)

The Fallasburg Park Bridge over the Flat River north of Lowell in Kent County, off M-91.

The 125-foot-long bridge crossing the Thornapple River at Ada, on M-91, Kent County, built in 1866.

Greenfield Village, Dearborn, the Ackley Covered Bridge, traversed by visitors on foot or in carriages, which straddles an artificial pond. (Built in 1832 in Pennsylvania the 75 foot bridge was acquired by Henry Ford and moved to his outdoor museum Americana in 1938.)

The Langley, White's and Fallasburg Park bridges still carry vehicular traffic.

Except for the covered bridges which are primarily tourist attractions, the Michigan Department of State Highways warns motorists not to stop on any bridge to view either the bridge or the scenery. It is dangerous.

Whoops! But Battling the Wind, According to Enthusiasts, Makes Sailing A Great Sport

Sailfish Pull to Shore for Racing Chalk Talk at Kensington Metropolitan Park

## Sailing

Continued from Page 1-B

January, involves several Detroit based sailing fleets.

Boats range from the sailfish up to 17 footers. Most are in the 15-foot range.

This year the racing season at Kensington started in April and extends to mid-September, according to Skellenger.

Several races are held each weekend, and races are also conducted every other Tuesday. Each race will draw anywhere from five to 30 boats, with two to five boats per race heat.

Skellenger explains that the racing course changes, depending upon wind and weather. Prior to each racing day, a patrol boat is sent out with a racing official to set out the course buoys.

Most of the racing boats are trailered in, says Skellenger, although some sailors have their boats docked at the park marina.

## Summer's Nearing

This year's summer officially arrives at 2:06 a.m. (EST) June 21, according to University of Michigan astronomer Hazel M. Losh

On this day, she says, the sun reaches its northernmost point in the celestial sphere—an event known as the summer solstice. Because the sun will make its longest arc across the southern sky, we will have our longest day, 15 hours, and shortest night, 9 hours.

"We will also be exposed to the most solar heat in any 24-hour period of the year on that day, but chances are it will not be our hottest day."

"The peak heat of the season usually follows from four to six weeks later,"

Professor Losh explains, "because the temperature continues to rise as long as

### Spreen Seeks County Post

Johannes F. Spreen, former Detroit Police Commissioner and a resident of Farmington for the past year and a half, announced his candidacy Monday for the position of Oakland County Sheriff.

Spreen said he had decided to run in the Democratic primary August 8, primarily because of his association with Oakland County Prosecutor Thomas G. Plunkett, Democratic incumbent.

### Divorce Splinters Ladder

## 'Success' Tied to Marriage

Take heed, men: the ladder of success may be only as stable as your marriage

Divorce could splinter a few crucial rungs of that ladder, advises John E. Tropman, professor of social work at The University of Michigan.

He measured the mobility or advancement, of 6,000 American males, aged 45 to 54 ranking their first job, last job and current marital status.

The men who had progressed the furthest were those who had remained married to their first wives, followed closely by those who had remarried. Far behind were the men who had been divorced, separated or widowers

"Our findings reverse the assumption that mobility causes family instability," Professors Tropman commented. "The stereotype of the hard-driving, ambitious breadwinner who works long hours and accepts new responsibilities at the expense of his duties to wife and children may not be wholly accurate."

"It may not be the career which jeopardize the marriage, but the marital status, if disrupted by divorce, separation or death, which hampers the carrier."

Tropman cautioned that an interpretation of his findings must be somewhat simplistic since the data was limited to occupation and marital status. Many intervening factors such as a person's race and religion, his age when married, service in the armed forces and the opportunities within his field of work would account for wide individual differences.

"But it challenges two myths: that mobility endangers family stability, and

that hard work is always rewarded by occupational advancement," Tropman said.

"Correctly or not, employers seem to regard a stable marriage as an asset when considering a man for promotion or hire."

"Mobility may influence a marriage in a more subtle, opposite way," Tropman added. "If a man senses that he is not advancing as fast as his peers, he may become unconfident and resentful. The expression of this inner conflict may further inhibit his progress and create friction between him and his family."

The presumption that mobility disrupts marriage, said the U-M professor, stems from the belief that mobility causes stress, that it is a somehow "abnormal" phenomenon which society has neither planned for nor accepted. This may have been warranted in a sedentary peasant culture, Tropman added, but in today's society, mobility is becoming the norm, not the exception.

## A LOOSE LEAF

By ROLLY PETERSON

"Why waste the money?" said one man to the other as they stood at the door, waiting for the polls to open at 7 a.m. The woman standing with them nodded in agreement.

That was the tail end of the conversation which took place as I, too, waited to vote in the May Presidential primary. The two men had just concluded a diatribe about the accused would-be assassin of George Wallace.

If they were at the controls, the man would never receive a trial. He was flat-out guilty. They should put him in the chair and zap," one of the men had contended, and exactly in those words.

This was their version of guilty until proven innocent.

Sunday, Angela Davis was found innocent of murder, kidnapping and conspiracy. The American legal system had set her free, because in the estimation of the jury, there was no concrete evidence linking her to the court shootout in California in which a judge was killed.

Angela Davis, however, didn't credit the American system of jurisprudence with setting her free. It was the people, the men and women on the jury, who accomplished this, she and her supporters stated in a weird bit of sophistry.

"The very fact of an acquittal means that there was no fair trial—because a fair trial would have been no trial at all."

In other words, she was saying she was innocent, a political captive and target of a capitalist society. Angela Davis is an avowed communist.

The man at the polls and Miss Davis - two people at different poles - are equally blind. Both, at least in given circumstances, would throw out our system of courts and judges. What they would replace them with, I frankly don't have the slightest idea.

The fact is the American legal system is by no means perfect, as I'm sure any attorney or judge would readily admit. But thank the powers that be that we have it.

What Thomas Jefferson had to say about our Democratic society holds true, too, for the courts. They may not be perfect, but they are better than any other system devised. Where else but possibly in a Communist country where she would be a political celebrity would Miss Davis receive a fair trial?

## Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments, and horse show news to "Horse's Mouth", care of South Lyon Herald, South Lyon, Michigan 48178.

### The Law and Your Horse

As a general rule motorists can be held liable for injuring or killing a horse upon a highway if the motorist is negligent in operating his motor vehicle. The owner of the horse who is claiming the loss must prove that the driver was negligent.

The manufacturer is liable for any feed or medicine to be sold containing a substance injurious to the health of livestock.

A veterinarian should not, in the absence of a special contract to do so, undertake to perform a cure of horses he treats. He only agrees to use such reasonable skill diligence and attention as may be expected of a skillful veterinarian. Often the question may be one of judgment, and liability should not follow a mistake of judgment.

Determination of whether the training, showing and breeding of horses will be considered a business or a hobby in the eyes of the Internal Revenue Service will depend upon several factors.

Expenses are deductible for business but not hobby purposes; yet profits are taxable. Therefore, it is most important to be able to prove that you intend to produce a profit and that such enterprise should be considered a trade or business.

Some factors determining this are:

1. Tax payers' personal attention to phases of the operation and common sense management as in any other business enterprise.
2. Serious study and knowledge going into the operation - (functional barn design, not show place).
3. Advertisement and promotion of stallions and marketing horses in horse magazines.
4. A form of such size that there is a reasonable opportunity to gain a profit.
5. A program of breeding and selling that will show a profit in four or five years.
6. The operation of the horse farm, showing and breeding of horses is the only occupation.
7. Keeping complete records.
8. After reasonable time there must be a profit.

Each of the fifty states of the United States have found it necessary to enact laws controlling livestock running at large. These laws were intended to protect agricultural crops from the ravages of stray domestic animals. As more and more land was used for crops the more demanding farmers became for the legislature to enact laws for their protection. Thus each state passed acts regulating and restraining trespassing animals.

In Michigan recovery for damages caused by beasts may be interpreted in the following way:

When any person is injured on his own land by sheep, swine, horses, asses, mules, goats or meat cattle, he may recover his damages in an action of trespass, or trespass against the owner of the beasts, or against the person having the care and control of such beasts, or by retaining the beasts doing the damage, and proceeding there with as hereinafter directed.

If the beasts shall have been lawfully on the adjoining lands and shall have escaped there from through neglect of the person who has suffered the damage to maintain his part of the division fences, the owner or person having the control of the beasts shall not be liable for such damage.

For further information on the law and your horse, read the book with the same name by lawyer Edward H. Greene, Huntington, West Virginia.

## Here's Answers

# Termites Dangerous?

**GARDEN BEAUTY**—Although the Trillium is considered a wild flower, this hearty plant most often seen in wooded, shady sites is frequently grown by garden specialists who want to add something special to their backyard gardens. A member of the lily family it is sold by some nurseries—but not by all. As the name implies, its leaves and petals grow in threes.

Termites can cause terrific damage. And because people know so little about them, some "exterminators" are bilking their clients.

So...Don Cress, Michigan State University entomologist, tried to set the record straight by answering these questions:

**Question:** How much should a termite inspection for a typical one-family residence cost?

**Answer:** When a charge is made for the inspection, it will range between \$10 and \$25, depending on the distance traveled from the office by the pest control operator and whether or not the building has a crawl space.

**Question:** How can a customer tell whether the inspector is doing a superficial job? In other words, are there some minimum steps that must be taken to do an adequate job?

**Answer:** To properly conduct a termite inspection, the inspector will utilize a bright flashlight, ice pick (or screwdriver) and other necessary sharp tools to pierce and observe the various wooden structures of the building. He will enter all crawl spaces (wherever physically possible) to make observations for termite signs. In addition, he will check door frames, stair casings, floor studs, wall joists and similar wooden structure by sounding. The time required for an inspection is variable but usually requires 1/2 to 2 hours.

**Question:** What is the Michigan Pest Control Operators Association doing to combat the practices of some inspectors who give a favorable report on termite-infested property in return for a special fee or bribe?

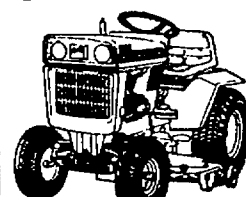

**Answer:** Training sessions are continuously being conducted in an effort to upgrade our standards. An example is the wood damaging insect session conducted at our recent winter conference. In addition, we are in favor of the recent legislation which requires that legitimate pest control operators be licensed. In addition, we are pleased to see that the license number of the inspector must now appear on all FHA and HUD termite inspection forms. In addition, many of our members are also members of the National Pest Control Operators Association. The national association is also continuously working to get rid of those few individuals which conduct dishonest practices which result in a "black eye" for the industry as a whole. We are also working with the state

## Mosquito Surge Seen in State

The hordes of mosquitoes which seem to descend every time you step out the door this spring may be more than a simple annoyance, a Michigan State University pesticide research specialist warns.

An unusually large mosquito population may be spreading encephalitis, dog heartworm, allergies and secondary infections, says Dr. Harold Newson, MSU entomologist.

Heavy rains in late April caused flooded areas where mosquito larvae developed. A cold spell followed by warm weather then triggered mass hatchings rather than the usual gradual development of the mosquito population, explains Newson.

Just how many cases of mosquito-borne encephalitis have occurred in Michigan, is not yet known, but there are in the state a number of mosquito species known to transmit the disease. The

disease, which strikes children primarily, often goes unreported or is diagnosed as aseptic meningitis. Many people have minor symptoms but don't see a doctor.

In Ohio, however, an intensive research program for the

# Termites Dangerous?

Continued from Page 4-B

regulatory agency on licensing problems and cases of outright fraud which come to our attention.

Question: Is it possible for inspectors to convince a client that the premises are infested when they are not?

Answer: This depends entirely on the client. The client has every right to ask to be shown, and in most cases, will voluntarily be shown the live termites involved in the active infestation. During the summer months, if live termites in the infestation cannot be shown to the client, then, obviously, the client should not be convinced that they are there. However, in the winter months the live termites may not be apparent because of dormancy in the soil.

Question: Can you pretty well certify that an area is termite-free? Are there some parts of Michigan where you don't even have to inspect a

house, you just know it has no termites?

Answer: The answer to both parts of this question is "no." Termites are found "wild in nature." Hence, they are found anywhere the conditions, such as food (wood), moisture, temperature, and other factors, are favorable for them. Of course, some areas are more favorable than others but these areas have no definite boundaries. The only way to know whether they are present is to inspect the structure (building).

Question: When do termites swarm, and how can a layman identify swarming insects as termites?

Answer: Termites usually swarm during the day in the spring, but occasionally they also swarm in late summer or fall or sporadically at any time of the year. There are several morphological differences between ants (most likely confused with termites) and termites. (1) In winged ants, the front pair of wings are distinctively longer than the hind pair; in termites, both pairs of wings are the same length. (2) Ants have a very narrow "waistline" between the abdomen and the thorax; termites have a broad "waistline" between the abdomen and the thorax. (3) Ants have distinctively "elbowed" antennae (feelers); termite antennae are not elbowed, but rather consist of many small segments beginning at the head. While there are many other differences between ants and termites, those mentioned are easily seen by the layman with the aid of a small hand lens. Question: Once a layman identifies swarming termites, how can he use this observation to advantage?

Answer: Assuming they are coming from his property, he may like to call two or three pest control operators, preferably specializing in termite control, to obtain estimates of both the extent of the infestation and the cost of control. This checking with various companies is always

a good practice and is done by most people when they buy clothes, cars, food, etc. The worst thing he can do is to panic! Panic leaves him "wide open" to the first deal—good or bad—that he comes in contact with.

Question: Isn't it possible for a nonprofessional to check out a house for termites just by making sure no wood touches the ground and there are no tubes in evidence?

Answer: This can be done, providing the individual has a great deal of experience in termite inspections. He must also realize that there are often small cracks in the foundation which allow termites to enter the wood without constructing tubes even though the wood is not in contact with the soil. Also, tubes may be constructed in "hidden" areas such as inside hollow cinder blocks and similar situations.

Question: Is it necessary to kill termites with pesticides? Won't they die if their access to the soil is cut off?

Answer: Chemicals provide the surest means of control; but to do so they must be applied correctly. Usually, most of them will die if all of their contacts with the soil are broken. However, in some cases, it has been reported

that the moisture, temperature and other conditions were such that subterranean termites could live for various lengths of time with no contact with the soil. Knowing when these conditions exist is impossible for the pest control operator and that is mainly why he must rely on chemicals.

Question: In what areas of Michigan do you recommend soil treatment before houses are built? How much would this cost if done for a tract of 200 houses? For a single home site?

Answer: As pointed out in an earlier answer, termites are found "wild in nature." Therefore it is always a good practice to treat at the time of construction. If done at this time, it is the least expensive and the treatments can be applied properly and in such a way as to reduce, if not completely eliminate any chance of environmental contamination.

The cost of treating 200 houses should be determined on a bid basis. Hence, this cannot be answered without the bidding companies seeing the homes. The cost of treating an individual house will depend on the size of the building, extent of the infestation, and whether various complications arise.

## Mosquito

Continued from Page 4-B

past several years has revealed a large number of cases of California encephalitis, probably transmitted by mosquitoes.

Dog heartworm is another mosquito-borne disease that has increased markedly during the past five years, Newson says. Hunting dogs in particular are vulnerable to the parasite. Preventive and curative drugs can curb the disease, but are expensive, impractical or risk the dog's health.

Far-reaching mosquito control programs would be a

more practical solution, Newson suggests.

"People in Michigan tend to accept mosquitoes as a necessary evil, when for as little as a dollar a year per citizen, mosquito abatement programs could nearly eliminate the problem."

Michigan is one of the few states without tax-supported mosquito control programs. Here, each county or municipality deals with mosquitoes in its own way. Funds for Lansing's control, for example, come from its department of parks and recreation. If budget cuts are necessary, such minor operations as mosquito control often suffer.

Control must come through broadscale independent programs, Newson says. Permanent drainage ditches in marshy areas, implantation of mosquito larvicide, and use of insecticides as a last resort are effective and inexpensive when part of a wide area tax-supported system.

A bill that would authorize establishing voluntary mosquito abatement districts throughout the state is now in committee. "If the bill passes," Newson said, "such programs would probably cost each citizen about as much as one can of mosquito repellent."

## Along the Campaign Trail

Sharpe...

State Representative Thomas G. Sharpe (R-Howell), incumbent seeking re-election in the 51st District, has taken positive steps to ease the critical shortage of doctors coming into the state of Michigan.

In a bill recently introduced by Sharpe, citizens of the United States who get their medical schooling outside the United States would be allowed to take their internship here in the state.

"At the present time, these medical students are prohibited from practicing their internship here. So they go to Canada to gain this necessary experience," Representative Sharpe said. "We have talked about a shortage of doctors here in Michigan for some time and have wrung our hands wondering how to correct this situation. I think this is one way to fill the void," Sharpe stated.

McDonald...

Congressman Jack McDonald, GOP nominee for re-election in the 19th District, has introduced a bill that would provide for the payment of pensions and extend certain priorities for WWI veterans with regard to hospital and medical care.

Total payment authorized under this legislation, he explained, ranged from \$135 per month for an unmarried veteran to \$150 per month for a married veteran, subject to the income limitations of \$3,000 and \$4,200, respectively.

Additional pension payments would be available for veterans requiring regular aid or attendance.

Widows of WWI veterans, if there is no child, will be entitled to a pension of \$100 per month; widows with one child, \$125 per month; and if there is more than one child, the pension would be increased by \$20 per month for each child.

Griffin...

United States Senator Robert P. Griffin addressed more than 800 Greater Detroit Chamber of Commerce members and guests at the Third Annual Meeting of the Chamber Tuesday evening.

A native of Detroit, the Senator is a graduate of Central Michigan University and of the University of Michigan Law School. He was elected to the House of Representatives in 1956, and was completing his tenth year in Congress when he was appointed to the Senate in 1966 by then Governor George Romney.

Later that year he was elected to a full six-year term. Senator Griffin was elected Assistant Minority Leader ("Whip") of the Senate on September 24, 1969. On the opening day of the 92nd Congress, January 21, 1972, he was re-elected to that post unanimously.

He is a member of the Commerce, the Finance, and the Rules and Administration Committees.

Broomfield...

Congressman William S. Broomfield, Oakland County Representative, Friday became the first Michigan Congressman to file nominating petitions for the August 8th primary.

Broomfield, who resides in Birmingham, filed approximately 2500 signatures, the maximum allowed under Michigan law.

Senate approval of legislation to halt forced school busing in the Detroit Metropolitan area was hailed as another giant step toward final approval by its author, Congressman William S. Broomfield.

Broomfield, Birmingham Republican, is the chief sponsor of legislation to halt court ordered busing until all appeals to the case have been exhausted, hopefully to the U.S. Supreme Court.

Final consideration of the Broomfield amendment and two other anti-busing amendments attached to the Higher Education Act is expected in the House in the next two weeks.

Turner...

Billy L. Turner, Democratic candidate for the U.S. House of Representatives from the Second Congressional District, recently commented on the urgent need for tax reform.

"Even as millions of Americans filed their 1971 tax returns, thousands of wealthy citizens were paying little or no taxes," said Turner. He went on to point out several outrageous inequities in our present tax system.

"As an example," said Turner, "in 1968, the middle income worker, \$8,000 to \$10,000 per year, paid federal, state and local taxes at the same rate as the worker earning \$25,000 to \$50,000 per year."

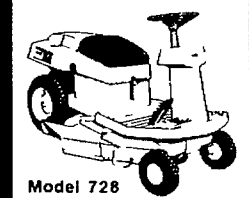

Furthermore, the Revenue Act of 1971, part of Nixon's new economic policy, reduced corporate tax rates by 15 percent, the largest tax cut for corporations in American history," he said.

"I was appalled to learn that 21,317 persons with more than \$20,000.00 annual income paid no federal income taxes in 1969," said Turner.

"Sure I didn't interrupt anything important, Pop?"

You filled the emptiness. Your voice... turned his whole day around. And all it took was a long distance call.

Now anyone can lower the cost of loving simply by dialing direct on long distance calls within Michigan instead of going through the operator. You save 40% by dialing direct weekdays after five, and weekends from 5 p.m. Friday till 5 p.m. Sunday. Dial direct any other time—save 20%.

And if you talk long distance within Michigan for one minute, you pay for one minute, not three.

Know someone in another town who could use a lift? Don't hesitate to call... often.

You can lower the cost of loving by 40%

Here's when to direct dial long distance and save			
Mon. thru Fri.	Sat.	Sunday	
7 AM TO 5 PM	20%	40%	5 PM TO 11 PM
5 PM TO 7 AM	40%	20%	
		40%	

Discounts also apply to station-to-station calls in areas where direct dialing is not yet available.

## The Perfect Flight

Rev. Cedric Whitcomb  
First Baptist Church of Northville

Although I have traveled a good deal, I am eagerly anticipating a very special flight. I will be ready at any moment because it will be soon.

A friend of mine has paid for it in advance and all the preparations have been made. Travel to new places is always exciting and usually there's some effort involved, like saving money, packing and the leaving the house and yard in good order. There's always the possibility of bad weather, disappointing accommodations and accidents. None of these things disturb me about this flight.

For this trip there'll be no packing necessary, my safety is guaranteed. I'll have wonderful companions, there'll be no obstacles or aggravating circumstances.

My destination is heaven, to be with the Lord. The Bible in matchless words describes the great beauty that will delight my eager eyes when I reach my new home. "In my Father's house are many mansions: if it were not so I would

have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there you may be also" (John 14:2,3)

This perfect flight is referred to as the rapture of the church. The thought of it makes me feel clean and free. I'd like to have you join me. Anyone who wants to may. There are no required qualifications as to race, education, culture, age, accomplishments or financial standing. You can't, however, go by yourself and your own way.

The Bible says that despite the fact that you are a sinner, God loves you so much that He sent His Son, Jesus Christ to die in your place. Therefore, the only condition you must meet for this perfect trip is that you confess your sin and unworthiness and receive Jesus Christ as your personal Savior. To know Him as personal Savior is to be heaven-bound and to be with Him for eternity. Receive Him as your Savior and He'll put your name on the passenger list.

# HONEYMOON

The wedding bells rang, the bride was radiant, the groom's mother cried, just a little, and the maid of honor caught the bouquet. It was a perfect wedding, and the honeymoon has been ideal.

Tomorrow, this young couple will be going home to begin a new way of life. In it, reality will be combined with romance. There will be the blending of two temperaments under a single roof. There will be all the frustrations of daily living, and the pain as well as the pleasure that comes with just being alive.

How will they adjust? That depends on the basics that were taught to them years ago, in their own homes—and in church.

- 39 Inset
- 41 Eagle's nest
- 42 Weird
- 43 Highest point
- 44 Double
- 45 Girl's name
- 47 Female of red deer
- 48 Arrow poison
- 49 Weight of India (pl.)
- 51 Amount (ab.)
- 53 Diminutive of Louise

LANSING—Those who want to see Michigan adopt a one-house Legislature must wait at least two years to get the job done.

The drive launched more than a year ago by State Rep. Joseph Swallow, R-Alpena, is far short of the 300,000 signatures it needed to get on this November's ballot.

The indecision which was rampant in the Legislature for most of last year over the income tax increase and other matters sparks hope in some backers that the drive might yet succeed.

That hope was fanned further early in the effort when the Michigan Jaycees said they'd help circulate the petitions for the one-house drive.

But the steam went out of the movement about the time the first snow hit the state last fall, and it never got back on the track.

THERE ARE SEVERAL reasons for the failure of the campaign to get the one-house issue on the ballot this fall.

The most important centers around money—Swallow just couldn't generate enough of it.

Experts say it costs around \$50,000 to conduct a petition drive to place successfully a constitutional amendment on the ballot. That kind of financing just couldn't be found. Nearly all potential sources for support have a stake in legislation, and they couldn't afford to get current legislators mad at them.

Swallow had to rely on \$1 and \$5 contributions, and there just weren't enough of them to hire the staff required to oversee such a drive and make sure petitions get to those who want them and are collected properly.

A SECOND REASON is that the Jaycees were not decisive or unanimous in their efforts to help the drive.

After the state organization voted to help the drive, many local chapters wanted to debate the subject rather than begin immediately to circulate petitions. Some local chapters voted not to go along with the state unit. Most of them just never put much work on it.

ALSO HURTING the drive were the efforts of many legislators who

started working on people in their home districts to make sure they didn't help with the petition drive. Many legislators believe that voters would adopt the one-house proposal with glee if it ever got on the ballot, and they worked to make sure it didn't get there.

So now, it's wait till next time as far as the one-house backers are concerned. And they can take some hope and solace from the fact they got further this time than they ever did before.

GOV. WILLIAM G. Milliken, who has accumulated a quiet spoken "nice guy" image in his years in public life, has been surprising people lately with a much more militant stance on public issues than he has ever taken publicly.

The most notable incident came recently when the Governor pointed out Senate Highways Chairman James Fleming of Jackson and Delivered a barrage of criticism at him.

Milliken lambasted Fleming because his committee had failed to do anything with the Governor's transportation package, which passed the House in February. He

felt Fleming was only trying to kill the package and said it was time for him to get moving.

Not only that, but the Governor said his public criticism of Fleming was only "one of the levers available to him as Governor, and that he planned to pull however many levers it took to get the bills out."

AIDES SAY his more public demonstrations of displeasure came only after a series of more private attempts failed to produce any action.

"He has talked that toughly in private to other legislators before," said one assistant. "For example, he did it when the package passed the House. It's the first time he has had one legislator stalling like this on such a major issue and as a result because the first time he publicly spotlighted one person like that."

MOST OF MILLIKEN'S problems as Governor have been of his own making—that is, they have centered around programs such as education reform and transportation reform that he proposed. The proposals, designed to meet mushrooming problems, have called for a great deal of change, something that always meets resistance.

By his tougher public stances, the Governor is showing he truly means to get his programs passed.

Babson Report

Microwave Network Expanding

WELLESLEY HILLS, MASS. In the past, almost all data was transmitted by ordinary telephone or telegraph channels provided by American Telephone, independent telephone companies, and Western Union. Some transmission was—and still is—handled by several corporations with their own microwave or cable facilities for their far-flung branches.

Not until late 1969 did the Federal Communications Commission rule that a privately-owned company, Microwave Communications, Inc. (MCI), could build and operate a microwave network for public use in competition with AT & T and Western Union.

MCI recently filed a proposed securities offering with the SEC, and will be a publicly traded firm once its common stock is sold. Microwave data transmission offers huge potential for transmission companies and suppliers of related devices. It should unscramble telephone-telegraph delays and lower sending costs.

AMERICAN TELEPHONE, with its near-monopoly over voice communications, has operated microwave networks on a limited scale for years. As long as there was no challenge from outsiders or any real pressure for alternative systems, AT & T saw no need to innovate or institute a public microwave network.

MCI fought for six years before the FCC ruled that it could build and operate a public microwave network. It now has two systems and plans networks that will eventually serve 41 states through 17 affiliates (to be 20 percent to 51 percent owned). Since then, the FCC has been deluged with applications from other non-telephone firms.

Among them is Datron—a subsidiary of University Computing Corp., a publicly traded firm—which may get approval next.

COMPUTER manufacturers will derive an enormous impact from the growing data communications market. In 1970 there were 7,000 computers—some 13 percent of

which were adaptable for communications transmission. By 1975 it is estimated that there will be 66,000 such adaptable computers, or a total of 60 percent of all those installed.

The data transmission market is expected, conservatively, to expand from a 1970 estimate of \$250-\$500 million to at least \$2 billion by 1980. Some experts talk glowingly of a market topping \$10 billion. Auxiliary or peripheral devices making data transmission possible even under current telephone systems will figure importantly in microwave communication between computers.

These accessory electronic marvels represent fast-growing sectors, and the market should reach \$500 million by the end of the present decade.

BESIDES Western Union, MCI, Datron, and the telephone companies, those corporations with real depth in this burgeoning business include Collins Radio, General Electric, Martin Marietta, Microwave Associates, Milgo Electronic, Raytheon, Sanders

Associates, Watkins-Johnson, and Varian Associates. These companies produce components, peripheral devices, or they are turnkey contractors.

The Research Staff of Babson's Reports recommends Raytheon as a seasoned company with expanding competence in data communication. Raytheon built, supplied, and was the turnkey contractor on MCI's initial microwave network between Chicago and St. Louis.

Moreover, Raytheon will be a principal supplier for Datron, and expects to sell hardware to several new microwave data transmission firms whose applications are now pending before the FCC. Our second

Consider Half-Mill Proposal

The Wayne County Board of Commissioners may ask the voters to continue an expiring one-mill operating levy and to approve a half-mill for correctional facilities in this year's elections.

Meeting as the ways and means committee May 25, the commissioners voted to put the two properly tax proposals before the electorate. Formal approval at the board meeting June 1 is required.

The commissioners decided to ask the voters to renew the one-mill levy for another five years in the August 8 primary election.

One mill equals \$1 per \$1,000 of state equalized valuation. It amounts to \$5 per year on a house worth \$10,000 and produces about \$12.5 million in revenue annually.

"Wayne County already faces a \$12.5 million deficit this year and failure to renew this millage would result in disastrous service cutbacks," declared Commissioner Conrad L. Mallett, of Detroit, D-District 9, ways and means chairman.

The one-mill levy was voted originally in 1964 and renewed in 1968. It is due to be levied for the last time on December 1, 1973.

The ways and means committee decided to ask the voters to approve a half-mill levy (50 cents per \$1,000 equalized valuation) in the November 7 final election. It would run for 25 years and be

## WHEN IT COMES TO THE GOOD THINGS IN LIFE...

## IT'S A GOOD TIME TO COME TO CLASSIFIED ADVERTISING

The Classified columns have earned the title of "the marketplace of millions" because they offer for sale most of the things which make for a better life for everyone. Read and use these columns for the good things you want in your life.

When you have good things which you no longer need or use, offer them for sale by dialing our office to place a low-cost, response-getting Classified Ad.

PLACE YOUR FAST-ACTING WANT-AD  
BY CALLING YOUR AREA OFFICE . . . .

## Senator Honored

# Pick Pursell For Seminar

Michigan State Senator Carl Pursell has been selected as one of 50 outstanding legislators from throughout the United States to participate in this year's State Legislators Conference of the Eagleton Institute of Politics.

The prestigious conference is scheduled for July 16-22 at Singer Island, Florida. Legislators joining Pursell at this seventh annual conference come from 25 different states. Expenses of the legislators are paid by the Institute, located at Rutgers University in New Jersey.

Persons invited to the conference are chosen by a panel of Eagleton officials, prominent state legislators, journalists, and individuals associated with independent organizations concerned with the quality of state government.

Senator Pursell is the fourth Michigan Senator chosen to represent the State at the Eagleton conference since its inception in 1966. His predecessors are Majority Leader Robert VanderLaan (1968), Senator William Ballenger (1970), and former Senator and gubernatorial candidate Sander Levin (1966).

"I'm very honored to have the opportunity to take part in this meeting," Pursell commented. "Those who have experienced it have highly commended the productivity and usefulness of the conference in broadening their legislative effectiveness. They have also highly praised the Eagleton Institute for its programs to promote good government."

"Hopefully this conference will help me as an individual, and help the Legislature and the state through the ideas I may be able to contribute after discussing common issues with legislators from throughout the country."

Senator VanderLaan expressed his personal pleasure upon learning that Pursell had been picked for the select meeting.

used to finance construction and operation of correctional facilities.

The Board of Commissioners has set a target date of next January 1 for the start of construction of a new county jail as the result of a Circuit Court order virtually requiring new jail facilities.

Consultants have recommended that a new downtown jail housing 750 inmates be built by 1975 at a cost of more than \$21 million.

legislature," VanderLaan said. "In this year and one-half in the Michigan Senate, he has proven himself to be an industrious, forceful voice in Michigan government."

"As a member of the Senate Appropriations Committee at a time when the financial situation of our state is bleak, he has demonstrated his

abilities to determine and meet the needs of our state's citizens," VanderLaan continued.

"He has commanded the respect and admiration of all his colleagues in the Michigan Senate and of his constituents, and is well-deserving of this recognition of his talent and sincerity."

The Eagleton Institute was established in 1956. It supports many legislative-oriented programs which are an outgrowth of its two principal purposes: "to improve the quality of government in the community, state and nation and to increase citizen participation in politics."

## Babson

Continued from Page 7-B

recommendation is the common stock (conservative grade) of AT & T, which offers a high secure return and potential for good long-term appreciation.

The Babson Research Staff is of the opinion that AT & T will meet the challenge of the specialized microwave carriers through more aggressive development and marketing of new products via its own national public microwaves transmission network.

## DISTRIBUTORSHIP

\$5,000-\$15,000—Spare Time  
\$15,000-\$30,000—Full Time

The person selected for a distributorship will service and manage a route of NATIONALLY ADVERTISED products for men and women in drug stores, supermarkets, hotels, motels, beauty shops, barber shops, etc. This route will be set up by the Company and can be operated either SPARE TIME OR FULL TIME. NO SELLING ENDORSED BY LOCAL BANKS, BUSINESSMEN, AND THE PUBLIC. This is a bonafide distributorship made for the FIRST TIME IN THIS AREA by the LEADING NATIONAL MANUFACTURER in its field. Our products are backed by national and local advertising including LIFE Magazine, etc. Some of our present accounts include HOLIDAY INN, SHERATON HOTELS, HILTON HOTELS, RAMADA INN'S, MAJOR AIRPORTS, etc. NOT VENDING OR RACKS.

REQUIREMENTS: Permanent area resident. You must be a person of good moral character, financially sound, and able to make an IMMEDIATE CASH PRODUCT ORDER OF \$2,000.00. We are more interested in your character and ability than the amount of money in your bank account. For a personal interview in your area, write a short note about yourself, include three references (name, address, and phone number) to:

## FACTS YOU SHOULD KNOW ABOUT FRYERS

Since fryers are one of your favorite purchases, I thought it was about time I devoted a column to the relatively new processing method which provides for many pluses for shoppers. Whether called dry pack, chill pack or dry chill pack, Chatham's fryers, packed by Holly Farms, guarantees:

1. Lower bacterial counts
2. Longer shelf life
3. Fewer leaky packages and

4. Less messy handling. What's the secret? Simply that extreme precautions are taken to hold down bacteria count... and a different method of chilling is used. Care is taken in every step from the hatching eggs, to the feed, to the chicks - to keep bacteria count down to 1/20th of that in the average conventional ice pack plant! The lower the bacteria count, the longer the shelf life! The shelf life of dry-

pack fryers at Chatham is double that of fryers packed in ice.

The job of insuring shelf life begins with getting the moisture out of the birds and quickly removing body heat. At Holly's, the eviscerated poultry are chilled, and carefully drip-drained to bring the water content down to 2% or less - compared to 12% for ice packs. Then the whole birds - or the tray pack parts -

are conveyed through a 40 degree (below zero) freezer for 30-35 minutes, and to a 28 degree holding room where they are weighed, labeled, boxed, etc. 28 degrees is cold enough to freeze water, but not poultry meat. Our Holly pack "Dents" to the touch since it is not frozen! The natural juices in the birds do crystallize, but the meat will not freeze - and you may be sure the bacteria count is at a minimum!

But rigid temperature control is vital - from the plant to your refrigerator. Delivery trucks are held at 28-32 degrees and the Chatham meat managers must be more temperature conscious. Shelf life is no problem as long as the low temperature is maintained. But, you, as the home maker, must also do your part - make sure the chickens are kept refrigerated and use them within their proper shelf life! Another plus is

that the Holly pack fryers may be frozen "as is" - the wrapping is moisture vapor proof & freezes beautifully.
