

JOSEPH STRAUB

Straub . . .

After a lot of deep thought and consideration I have finally made my personal decision regarding the proposed annexation: I favor it.

As I see it there are three alternatives:

1. Remain a township and live as a township. By that I mean, instead of expanding our police department, we should depend upon the

professionalism of the State Police which soon will build a modern State Police Post in our township. In addition, it means continuing to share with the city the costs for fire protection, recreation, library, ambulance service, etc.

2. Remain a township and compete with the city in all phases of service, build a new township hall, expand the police department, maintain our own fire department, recreation department, library, ambulance service

and rubbish pick-up independently of the city.
3. Join the city, and depend

Continued on Page 6-A

Cayley . . .

Since the time the annexation petitions were

filed with the Boundary Commission and the matter of annexation became a public issue, a great deal of effort was expended to make certain the people would have an opportunity to vote on this important issue, an opportunity which otherwise would have been denied them.

Although my personal opinion favors retaining township government, I hope voters will very carefully consider both sides of this issue.

In keeping with our

intention of providing citizen information, the Committee for Referendum Election has arranged for Col. Joseph Parisi of the Michigan Townships Association, to speak to the community on the evening of April 30. Members of the Committee for Referendum Election will also be available to answer questions.

I strongly urge all residents, City and Township, to attend this important event, so that they may hear our views on this matter.

SALLY CAYLEY

NEWS BRIEFS

Daylight Savings Time

H. R. NODER, Northville jeweler and clock repairman, reminds area residents that Michigan will go on Daylight Savings Time Sunday. The switch, approved by voters last November, means clocks must be set ahead by one hour. In other words, what is 8 a.m. by the present time becomes 9 a.m. with the new time.

OPERATION CRIME STOP is scheduled to begin this week in Northville township. Engraving equipment has been purchased by the township and is available for use by residents free of charge. Engravers, window stickers and inventory sheets may be obtained from 9 a.m. to 5 p.m. daily from the police department. Police suggest residents mark all valuables so they may be returned to the owner in case of theft.

NORTHVILLE MAYOR A.M. Allen was called from the city late Monday afternoon upon the death of his father, Ossie B. Allen, 84, at his home in Durand. Funeral services were to be held later this week.

CONGRESSWOMAN Martha W. Griffiths will be the featured speaker Sunday at 2 p.m. at the commencement exercises for 550 students at Schoolcraft College. The graduation program will be held in the college's main gymnasium.

HOUSE BILL 4025, which gives township governing bodies the authority to levy up to five mills in property taxes without a vote of the public, has returned to the floor of the state legislature. According to State Representative Robert Geake, the bill underwent minor revisions in committee. Representative Geake says the bill, which has the strong support of the Michigan Townships Association, is designed to make it easier for townships to raise money for operating expenses. "Under House Bill 4025 a township board may by resolution vote to become a charter township", Geake points out. He said the bill must undergo second and third readings in the House. If it is approved, it then goes to the State Senate for consideration.

A state senator, representative, and school superintendent endorse unification. . .

Sewer Hearing Slated

Special assessment roll for construction of sanitary sewers in Grand View Acres subdivision was received last week Wednesday evening by Northville township board members.

In addition, board members voted at the special meeting to hold a hearing on the assessment roll at 8 p.m. Wednesday, May 9, at the township offices.

Estimated cost of the project is \$314,000, with \$285,000 of the cost paid by the homeowners. The remainder will be paid from township water and sewer funds.

Half of the \$285,000 was assessed on a benefit basis while the remainder was assessed on a per front foot basis.

Notices were to be mailed to property owners late last week notifying them of their assessment.

The assessment roll is also available for inspection at township hall, board members added.

Lots included in the sanitary sewer district are 2 through 19 and 23 through 82. Cost per front foot of property is \$10.226 while the per benefit charge is \$1,700.

Township Attorney Donald Morgan pointed out that the May 9 hearing will be to review the assessment roll and hear any objections property owners have to the roll itself.

Following the hearing, board members have four directions they may take, he explained:

• Confirm the assessment roll as presented;

• confirm the assessment roll with any amendments that may be made;

• return the roll to the supervisor with corrections to be made; or

• nullify the roll and ask the supervisor to draw up a new assessment roll.

In other action taken at last Wednesday's special meeting, trustees

• designated the deputy treasurer as signatory in the event of absence of the treasurer; and

• agreed to have the attorney meet with an attorney from King's Mill to explore possible ways of handling abandoned vehicles in the complex's parking lot.

Goes Fishin' for Duck

Fire Chief Hartner: 'It's all in the wrist...'

Chief to Rescue

By JACK W. HOFFMAN

Bud Gadabout Hartner cocks his wrist and snaps his hand and says, "Casting...it's all in the wrist."

It's about the umpteenth time someone has pressed him to tell the story, and with each telling the departure from reality sharpens.

But that's natural with fishermen, especially with fire chiefs who fish for ducks...wild ducks, on land, in trees.

Act One

Once upon a time, like last week, a township youngster was flying his kite when it broke away and went spinning through the trees. The trailing kite string caught on a branch of one tree and stretched across to a branch on another tree.

Now, depending on which version the listener hears—the first or the umpteenth—the string was stretched between the trees anywhere from 25 feet to 150 feet above the ground.

And depending on the version, a duck, a goose or a whistling swan (fellow firemen suspect it was a snipe) steaming up from the

Township May Get 2nd Park

Installation of a 600-unit mobile home park at Six Mile and Ridge Road will not be fought in court by Northville Township.

Meeting Tuesday night, township planning commission members and attorneys for the township and property owner indicated an out of court settlement is near.

(The mobile home park is the second slated for development in Northville Township. A 209-unit park is being planned for 26 acres of land located at Seven Mile and Northville Road.)

Both attorneys are working on a consent judgment and, if agreed upon by both the township and the property owner, Oka George, the mobile home park would be built on the southwest corner of Six Mile and Ridge Road.

The judgment would agree to rezoning of the 200-acre parcel from one-family residential to industrial, commercial and multiple.

The 600 mobile homes would occupy about 110 acres of the parcel, with about 50 acres set aside for industrial, 10 acres for commercial and roughly 37 acres for multiple.

Daniel Devine, attorney for Oka George, said a settlement has been reached "in concept."

Donald Morgan, township attorney, told planning commission members he desires "to see the preliminary plat stage one part of the judgment."

That plat would insure the 200 acres would be developed as agreed upon.

The 600 mobile home sites will average 4,800 square feet, with none less than 4,700 square feet. Developer of the park will be Mobile Life, a subsidiary of National Gypsum.

Since the original proposal was made for the mobile home park in late 1970, developers have agreed to sell the lots to residents rather than rent them out.

Planners have indicated this would generate more tax dollars to the municipal bodies, especially to the school district, and that sale of lots would result in more of a subdivision set up.

On the other hand, the mobile home park proposed at Seven Mile and Northville Road by Stewart Oldford would use the rental basis, where residents of the park pay a per month rate to the owner and taxes are paid by the owner on the entire project.

Planners said this

In Highland Lakes

Relocate Proposed School

Too much fill has resulted in the on site relocation of the proposed elementary school in Highland Lakes.

Reporting to the school board Monday night, Superintendent Raymond Spear said that the school will be placed in the center of the site rather than at the southerly portion as originally planned.

Fill, which would not provide a suitable base for the school, was found in both the south and north portions of the site through test borings.

Board members also learned that relocation of the school will result in an added savings.

"Originally, we planned to have the gymnasium at a lower level than the rest of the school," Spear said.

"However, the school will now be built on one level, identical to that proposed in Northville Commons."

Spear said relocation of the school would not disrupt playground facilities.

In a related matter, trustees approved an agreement between the district and architectural firm of Ralls-Hamill-Becker-Carne.

The agreement calls for the

firm to receive \$184,000 for both elementary schools and \$223,200 for the middle school design, regardless of at what price the bids come in.

Spear explained that usual

procedure is to pay the architect a percentage of the cost of the building. However, with bid before bond concept, the board, in 1970, agreed to pay the architect a flat fee

Fixed fee covers detailed drawings, bid specifications and supervision of the school construction.

Parisi to Speak Here

The executive director of the Michigan Townships Association will be the featured speaker in a meeting next Monday evening sponsored by The Committee for Referendum Election, opponents of unification of the city and township.

Colonel Joseph A. Parisi, Jr., who spoke in support of retaining township government in Northville last July, has been the Michigan Townships Association director for 20 years.

In his address last summer Parisi advocated consideration of charter township form of government for Northville township, which sets the tax limit at five mills.

Appearing with Parisi will

be Joseph Fiorilli and Mark Lysinger, leaders of the anti-annexation citizens' committee. Township Trustee Charles Schaeffer will act as moderator for the public meeting.

The meeting will be held in the Northville High School gymnasium at 8 p.m.

According to Lysinger, the purpose of Parisi's appearance is to answer specific questions on township government. "There will be a minimum of prepared remarks with the majority of the time left for questions and answers," Lysinger stated.

Elections on the question of annexation of the township into the city will be held one week from next Monday, on May 7, in both the city and township.

JOSEPH A. PARISI, JR.

Blood Bank Scheduled May 4

Volunteers are needed to help replenish the supply of blood in the Northville Community Blood Bank.

Citizens who wish to volunteer and take the time on Friday, May 4, to be blood donors are encouraged to make appointments.

The Blood Bank will again be held at the First Presbyterian Church in Northville.

According to the co-chairmen of the drive, Mrs. Harry Crofts and Mrs. Elden Biery, the Northville community has been protected by ample blood credits for any emergency in the Northville community blood account. However, in recent years, many donors, faithful in the past, are no longer able to give.

The co-chairmen said in order to keep the protection of an adequate blood supply for the Northville community, they are urging all who can to participate.

Donors at the Presbyterian Church on May 4, however, may give to the blood bank of their choice or replace the blood already received by someone.

Appointments for giving blood will be made for between 9 a.m. and 9 p.m. by Mrs. Biery, 349-2665 or Mrs. Crofts, 349-0176.

Mrs. Biery and Mrs. Crofts explained the Northville area is one of six communities served by the Northwest Red Cross office located at 29236 Ford Road, Garden City.

Two volunteers from each community serve at the mini blood bank held there daily and volunteers are needed from Northville.

Vegetarian Cooking Topic for Course

A vegetarian cooking class, originated by a Northville man, will begin on Monday, May 14, at the Southfield Adventist School, 15350 Southfield near Fenkell.

Dr. Arthur Weaver and his wife Natalie of Ridge Court have a personal interest in the classes and invite anyone, whether a vegetarian or not, to enroll. He is a life-long vegetarian and she is noted for her vegetarian cooking.

According to Dr. Weaver, vegetarian cooking is a way to beat the high cost of meat and, at the same time, reduce the saturated fats in one's diet. It is a way, he says, to add variety to family menus by replacing meat entrees with low cholesterol vegetarian dishes.

Dr. Weaver, who is associate professor of surgery at Wayne State University and known to many individuals for his anti-smoking activities, said the course will avoid pseudo-science and will give programed instruction which will be scientifically and nutritionally sound.

The cooking school is divided into four sessions which will meet on four successive Mondays at 7 p.m. beginning May 14.

The topics to be discussed will include A Balanced Diet and Physical Vigor, "Abundant Proteins from Vegetable Sources", Facts and Fallacies about Fats, Weighing what You Want To Weigh and Exciting Ways with Vegetables.

Donations will be received from participants in the classes to cover the cost of materials distributed.

RED CROSS VOLUNTEERS—Mrs. Bea Carlson, center, a former Northville Red Cross Chairman, and this year's co-chairmen Mrs. Harry Crofts, left, and Mrs. Elden Biery are looking for individuals willing to donate some time and blood at the annual Northville Blood Bank which will be held May 4 at the First Presbyterian Church.

News Around Northville

Among the more than 1,800 members of the University of Detroit's 90th graduating class taking part in commencement exercises on Saturday, April 28, will be Patrick A. Kennedy of 18808 Jamestown Circle.

Kennedy will be graduated from the college of arts and sciences with a major in economics.

Mrs. Laura Morse, a longtime Northville resident, was honored by 50 relatives and friends at a surprise open house on the occasion of her 75th birthday Saturday, April 12, at the Northville American Legion Hall.

Born in South Lyon in 1898, Mrs. Morse moved to Northville in 1900. In 1922, she married Lloyd N. Morse, owner of Morse's Dairy which operated on Main Street for many years.

Mrs. Morse has three daughters, Mrs. Lloyd H. Moore of Carpenter Street, Mrs. Louis Lanning of Reed Court and Mrs. Donald

Bergman of Westland. She has 13 grandchildren and 12 great-grandchildren.

Spring cleaning is likely to produce unwanted items made of paper, metal and glass, and the Northville Chapter of the National Honor Society has decided to help out in the collection of those items for recycling.

Society members will be waiting at the front drive of the high school from 9 a.m. to

2 p.m. on Saturday, May 12, to collect the items. All of the recyclable paper, metal and glass, then will be transported to the Redford recycling plant by Society members.

Mrs. Enid Penn of the Orient Chapter, OES has announced that previous plans for a chapter Mother and Daughter Banquet have been cancelled due to lack of interest. The banquet is not being rescheduled, she said.

Announce Births

A son has been born to Mr. and Mrs. George Ciot Jr. of South Lyon. John Carl weighed six pounds and 14 ounces when he was born on April 23 at Botsford Hospital. He was 20 inches long.

The baby's maternal grandparents are Mr. and Mrs. Howard White of Beck Road in Novi and paternal grandparents are Mr. and Mrs. George Ciot, Sr. of Wainwright in Novi.

Great-grandparents are Mr. and Mrs. Wilfred Bidwell of Farmington, Jonas Mullet of Goshen, Indiana and Mrs. Francis Grocholski of Detroit.

Mr. and Mrs. Bruce Jerome of Northville have announced the birth of their first child - Andrew Bruce.

The eight pound, three ounce boy was born April 4 at St. Mary Hospital in Livonia.

He was 20½ inches long. Maternal grandparents are Mrs. Frank DeFina of Northville and Charles Bishop of Battle Creek. Paternal grandparents are Mr. and Mrs. Donald Jerome of Shepherd.

Mrs. Jerome is the former Pat Bishop.

Announcing the birth of their first child, a son, are Mr. and Mrs. Lynn L. Lower of 15955 Winchester Drive.

Born April 5 at Beaumont Hospital in Royal Oak, Jeffrey Scott Lower weighed eight pounds and three ounces and was 20 inches long at birth.

The baby's grandparents are Mr. and Mrs. Marvin E. Fawley of Dearborn and Mrs. and Mrs. Larry L. Lower of Tampa, Florida.

In Our Town

By JEANDAY

SPRING VACATIONS, reunions, conventions and celebrations are taking our town's residents to far-flung places.

The Alfred Parmenters returned last week from a 24-day trip that combined sightseeing with a reunion with the William Davis family, Northville residents who have been living near London, England, for the past three years. The Davises are in Brentwood, Essex, while he is overseas with Ford Motor Company.

During their week's stay with the Davises, Pearl Parmenter reports, their sightseeing included Cambridge and Old Bailey courts. She adds that Matt Davis, who is attending the American school in London, is a real soccer enthusiast and will miss the sport when the family returns. Another Davis son, Bill, and his wife, Patty, have visited, as has daughter Andrea, now living in Ann Arbor.

"We never had a rainy day," the Parmenters recalled, as they told of their tour to Portugal, Spain, Morocco and the Grand Canary Islands.

THE DOUGLAS BOLTONS had to delay their silver anniversary celebration two years because of a wedding in the family and then illness. Their just-completed trip to Hawaii, however, was worth waiting for. "It's so wonderful," Marge Bolton told her family in a telephone call from there.

After touring the Outer Islands and then spending five days in Honolulu, they were due home on Easter.

FEWER QUESTERS than originally anticipated will be attending the Quester National Convention in Washington, D.C., April 29-May 2 from the four area chapters. Some of the luster of the convention was lost when the antiquers learned early this month that the White House reception at which Mrs. Nixon was to greet Questers had been canceled.

The official letter from the White House appointments secretary for Mrs. Nixon (reproduced by the convention committee and sent to those with reservations) stated: "Complications in the official schedule involving both the President and Mrs. Nixon have arisen..." Date of the reception, May 1, however, coincides with the previously unanticipated reception and visit of Germany's Willy Brandt. Local Questers, who point this out, add that their disappointment probably can't compare with that of the Five Points-Bethesda (Maryland) hostess chapter members who worked for 17 months on arrangements, which included getting individual clearances for the 500 Questers slated to attend.

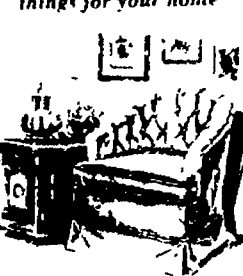

Mrs. Milton Holstein and Mrs. Milton Koenig, both of Silver Springs Questers, still plan to attend the convention. For Sue Holstein it also will be a visit with her mother in Maryland. Diana Koenig, who plans to fly on a charter with the Grosse Pointe Questers, will be visiting friends from days when the Koenigs lived in the East.

Earlier this month the Koenig family visited his family in Moberly, Missouri. Mrs. Koenig talked there with a former Northville resident and Quester, Mrs. F. A. Wagoner, who with her husband retired to that city last year. Norma Wagoner was expecting a visit from her daughter, who also has moved south.

Between packing for the two trips Diana Koenig had a fitting for the gown she is to model in the "Gowns of Presidents' Wives" show being sponsored by Wayne University Faculty Wives as a scholarship benefit. Mrs. Koenig will wear a reproduction of the robin's egg blue gown of Mrs. Theodore Roosevelt. The event will be May 17 at the Roostertail.

include Mrs. Edwin Langtry, president, who plans to take the charter flight. The Paul Beards' daughter, Mrs. Dean (Nancy) Smith, will visit here and attend the convention with her mother. This also will be a quick visit for the Beards with son Edmond and his wife, Clare, in the Washington area.

Because she attends meetings in Washington so often with her husband, Mrs. Leonard Klein decided to skip the convention after plans were changed. She was busy this week as hostess for the Baseline Questers' annual men's night meeting.

It was a lumberjack's dinner Monday evening with both menu and program carrying out the theme. John Ruggles, a teacher in Walled Lake schools who has researched Michigan's early logging days, was guest speaker.

Tables with red-check cloths were set for 30 members and guests, who first enjoyed "Mark Twains." Ruth Klein says she was introduced to this drink on a river boat cruise from Minneapolis south on the Mississippi. Hot apple cider is combined with vodka...four to one.

A NEW PROJECT of the Northville Jaycee Auxiliary is D.O.G.S.—Don't Outlaw Good Standards.

Stating that "we feel this project concerns each and every one of us as consumers," the Jaycettes are going to work to try to keep Michigan meat standards for ingredients in ground meats and sausage products, which are higher than those required nationally by the Federal Wholesome Meat Act.

At this time, the auxiliary points out, a legal suit has been brought against the Michigan government to lower existing standards to conform with the national ones. This, they stress, will allow meat packers to include in such products as hot dogs by-products that include animal ears, eyes, tongues, lips, udders, intestines, snouts and bladders. These presently are not allowed under Michigan standards.

A petition drive is being initiated by the Northville Jaycee Auxiliary members to show our concern over Michigan being forced to lower its standards." The petitions will be forwarded to national legislators. The Jaycettes are hopeful that they can encourage the national government to amend the Wholesome Act so that Michigan can continue to keep its higher standards for meat products.

In launching the petition signature drive, the auxiliary also points out that the federal government requires no minimum protein in packaged meat while Michigan standards require there be at least 12 percent protein, and that the federal government has no minimum standards for the amount of cereal or soya to be used in a packaged meat product while Michigan has basic standards. The federal government, the auxiliary concludes, will allow cattle, swine, sheep or goat by-products while Michigan only allows skeletal meat (or meat off the bone) from cattle, sheep or swine.

For information or petitions women of the area who are interested in helping are asked to contact Mrs. Dennis Dildy, 349-4746, Mrs. Paul Vandenberg, 349-4513, or Mrs. Pete Thies, 349-5443.

POLICE BALL tickets will be sold at the door of the Mayflower Meeting House in Plymouth this Friday night, according to Corporal Bruce Deacon, chairman of the First Annual Policeman's Ball of Northville Police Officers' Association. They are \$8 a couple with dancing to the music of Eddie Santini's Soundmen scheduled from 9 p.m. to 1 a.m.

By last week end 100 tickets had been sold, according to Deacon, who was encouraged about the first-time benefit effort, particularly since it happens to coincide with Easter vacation in the schools. He hopes to avoid that conflict another year, but any early-returning vacationers can purchase the tickets on the spot. There will be both dancing and a floor show. It's a good cause—all proceeds after expenses will be divided between the NPOA and local charities. And it's a great chance to "Support Your Local Fuzz."

Tickets are \$10 each or \$20 per couple. The purchase of a ticket includes a buffet dinner which will be served from 8 to 9 p.m. and dancing from 9 p.m. to 1 a.m. All proceeds will go into Our Lady's League's general fund and will be used to benefit Our Lady of Victory Church parishioners. Tickets can be purchased from Mrs. Korte, 349-2032 or Mrs. Faustyn, 349-9962.

AAUW Book Sale Offers Treasures in Literature

A "bargain hunter's paradise" is promised by the Plymouth Branch of the American Association of University Women as the organization presents its 19th annual used book sale.

The sale will be held in the East Court of Westland Center on May 3, 4 and 5 from 9:30 a.m. to 9 p.m. each day.

Offered for sale will be more than 12,500 used books priced much lower than their original cost.

According to the sale chairman, Mrs. F. R. Hanert, there will be available an excellent assortment of first editions, recent paperbacks, quality magazines, sheet music and phonograph records. Also for sale will be over 2,000 hardbound books of fiction at 15 cents to 25 cents each.

"In especially ample supply this year," Mrs. Hanert said, "are quality fiction, hobby, technical books, business and finance, children's books and minority and ethnic literature."

Michigan Books, a popular category first introduced at the 1971 sale, will again offer books of particular interest to Detroit and suburban residents.

The category will include the following: "A Treasury of Early American Automobiles: 1877-1925"; "History of American Harness Racing"; "Michigan

in the Cleveland Era"; and "The Public Life of Zachariah Chandler, 1851 to 1875" which is a biography of Michigan's abolitionist senator, published by the Michigan Historical Commission in 1917.

Children's books, which have always been among the most popular items during the

Women Voters Tap Mrs. Price Watts

The Northville-Plymouth League of Women Voters has elected Mrs. Price Watts its new president.

Elections were held at the organization's annual dinner meeting last week at the Hillside Inn.

Also elected to posts in the

League were board members Mrs. Paul Cargo, Mrs. Caroline Palmer, Mrs. William Hopner, Mrs. Kent Mathes, Mrs. J. J. DeMott and Mrs. A. S. Cowan.

Also at the meeting, the members of the League voted to make a comprehensive study of land use in the Northville-Novi-Plymouth area.

It was decided that the study will include master plans, zoning ordinances and their implementations, public lands, recreation, schools and housing patterns to insure orderly growth in the total community.

Also approved was the continuation of studies of the Northville and Plymouth school districts, County Home Rule and Community Planning in the Northville and Plymouth area.

Any woman 18 years of age or older interested in joining the League is encouraged to contact Membership Chairman Mrs. Charles Ayers at 349-1710.

Install Miss Merwin As CAR President

A young Northville woman was installed as the State President of the Children of the American Revolution (CAR) in ceremonies held during the national CAR convention in Washington D.C. last weekend.

Jacki Merwin, the daughter of Mr. and Mrs. George Merwin of 43461 Cottisford, was officially sworn into office on Sunday, April 22, during a pilgrimage to Mt. Vernon, the Virginia home of George Washington. The ceremony was held on the lawn of the home overlooking the Potomac River.

Mrs. Merwin is the senior regional vice president and Mimi is a national chairman.

Following the installation, the CAR members present from throughout the United States placed a wreath at the Tomb of the Unknown Soldier in Arlington Cemetery and then attended memorial services at the Presbyterian Meeting House in Alexandria, Virginia, and placed a wreath at the Tomb of the Unknown Revolutionary Soldier.

Also attending the convention from Northville was Terry Lampham who served as a page for the meetings during the weekend.

From Garden Club Brunch

Women Share Tempting Recipes

Spring was ushered in with a festive note at the Tri-Club Luncheon hosted this year by the Northville Branch, Woman's National Farm and Garden Association at the First Presbyterian Church of Northville this month.

Guests from the Lakepointe Village and Plymouth garden clubs were treated to a gourmet brunch prepared by members of the Northville branch from recipes in the files of Northville women.

The menu included foods which take little time to prepare and can be made ahead of time and refrigerated or frozen. Most were versatile enough to be

used at a brunch, a coffee or even a cocktail party.

The Strawberry Nut Bread recipe was offered by Mrs. Jack Scanlin and could be a tasty complement to a breakfast, brunch or a neighborhood coffee get-together.

Strawberry Nut Bread

1 c butter
1 1/2 c sugar
1 tsp vanilla
1/4 tsp lemon extract
4 eggs
3 c sifted flour
1 tsp salt
1/2 tsp cream of tartar
1/2 tsp baking soda
1 c strawberry jam
1 c sour cream
1 c walnuts

Cream butter, sugar,

vanilla and lemon extract until fluffy. Add eggs one at a time and beat. Sift dry ingredients together. Combine jam and sour cream.

Add jam mixture alternately with dry ingredients to creamed mixture, blending well Stir in nuts. Grease and flour two loaf pans.

Bake at 350 degrees for 50 minutes. Cool 10 minutes and remove from pans to wire racks.

From Mrs. Leonard Klein came these two muffin recipes that were favorites of many at the brunch. These,

also, would be interesting additions to breakfasts, brunches or coffees.

Ginger Muffins

1/2 c shortening
1/2 c sugar
2 eggs
1/2 c molasses
1/2 c buttermilk
2 c flour
1 tsp soda
1 tsp ginger
1/2 tsp salt
1/2 tsp allspice
1/2 tsp cinnamon
one-third c raisins
1/2 c broken nut meals

Combine ingredients in order given a day ahead and refrigerate. Dough will be firm. Use muffin liners. Put

one well-rounded tablespoon in each cup. Bake 20 minutes at 350 degrees. Serves 24.

Tropical Buns

1/2 c sugar
1 egg
1 c milk
two-thirds c Grapenuts
1-3/4 ounce can crushed pineapple (reserve 2 tbsp pineapple juice for glaze)
1 c crushed banana (2 large)
1 tsp salt

Combine sugar, egg and milk and mix well. Add Grapenuts, undrained pineapple, bananas, biscuit mix and salt. Stir only until blended. Fill greased muffin cups about two-thirds full. Bake at 425 degrees about 20 minutes. While hot, dip tops into glaze. Serves 12.

1 c confectioners sugar
2 tbsp pineapple juice

Blend pineapple juice and

Free Clothes Closet Opens in Northville

"Clothing is free," spokesmen for the Northville-FISH organization emphasized this week in reminding citizens of the Family Clothes Closet recently opened here.

The closet, located in the lower level of Cooke Annex School on Main Street, furnishes all types of clothing free to needy persons of the community.

Persons entitled to the clothing are referred to FISH by clergymen, city, township and school officials, Jaycees and others.

Special appointment to visit the clothes closet on

Wednesdays from 7 to 9 p.m. may be made by calling Mrs. Roger Mathews, 349-7197.

"This is not a store," spokesmen pointed out. "It is simply a way to provide clothing for those persons who need it. Referrals and appointments are held in strictest confidence."

Oil Company Seeks to Drill in Novi

Sullivan Oil Company, a firm based in Tulsa, Oklahoma with regional offices in Lansing, has applied to the Novi Board of Appeals for a variance from the zoning ordinance which will permit them to drill a test well in the northeast corner of the city.

"We hope to find a Niagran reef which will contain either gas or oil," W.B. Phillips, co-manager of the Sullivan Company, told the members of the Board of Appeals in a special hearing recently. "But drilling test wells is a tricky business," he continued. "We have made

studies which indicate there is a Niagran runs under our proposed drill site. Once we find the reef we might find gas, we might find oil, we might find both, or we might find nothing. It's a risky business."

The Sullivan Company has acquired options for the mineral rights on approximately 1,000 acres of property in Section One - the northern and eastern most section of Novi. If the Board of Appeals grants the variance, the test well will be sunk at a location approximately 330 feet west of Haggerty Road and 990 feet

south of 14 Mile Road. The property on which the well would be sunk is currently undeveloped farm land owned by Francis Sane. The only building on the property, or in the immediate area, is a dilapidated silo. The decision of the Sullivan Company to sink a test well on

the property is based on seismographic readings. Sound waves are sent down through the earth. When they hit a rock formation, they bounce back to the surface and are recorded. According to the seismographic readings taken in the Novi area, there is a Niagran reef some 3,800 to 4,000 feet beneath the surface. These

reefs frequently contain some form of hydro-carbon (oil or gas). The Sullivan Company has already submitted an environmental impact study to Michigan's Department of Natural Resources (DNR) and received a permit from them to drill the well. Before any drilling can take place, however, they must

first secure a variance from the Board of Appeals. The property in question is currently zoned R-1-F, a designation which does not permit the drilling of gas or oil wells. Admittedly lacking in knowledge in the area of gas and oil wells, the Board of

SPRING-TIME IN THE PASTURE—Spring is the season in which new things come to life. The grass. Flowers. Leaves on the trees. But it is also the season in which animals are born. Above two new colts frolic with their

mothers in a pasture on a farm on 11 Mile Road. They are just two of several new colts kicking up their heels on Novi farms this spring.

To Recall Ziegler

967 Residents Sign Petitions

It appears extremely likely that Novi School Board Member William Ziegler will face a recall election, probably some time in June.

Mrs. Audrey Murphy, who has been coordinating the recall campaign, announced Monday that she had sufficient signatures on petitions to force an election on the recall issue.

By the time The Novi News goes to press, she reported, the petitions calling for the election will have been presented to Assistant School Superintendent William Barr.

According to recall procedure, the Novi Board of Education then has 30 days in which to certify both the validity of the petition and the signatures on it. At the end of that 30 day period, if the petitions and signatures have been determined to be valid, the Board must set a date for an election within 35 days.

Although it is conceivable that the question of whether or not Ziegler should be recalled from office will not appear on the regular June election ballot, Mrs. Murphy theorized that the Board would make every effort to meet the date in order to avoid the expense of a special election.

Mrs. Murphy reported that she was pleased with the number of people who had signed the petition calling for Ziegler's recall.

As of Monday afternoon, she reported having in her possession petitions containing 835 signatures. "I expect to receive two more petitions before I hand them in to Dr. Barr - one from Walled Lake and another from Village Oaks," she told The Novi News. "I'm expecting about 150 more signatures on those two petitions so that means we'll have close to 1,000 signatures. To force a recall election, petitions must be signed by 25 percent of the number of voters who cast ballots in the last election for state governor.

Approximately 2,400 Novi voters cast ballots in the last state gubernatorial election, meaning that 600 signatures would be sufficient to force the recall.

However, since the Novi School District is somewhat smaller than the City itself, less than 600 signatures are legally required. Mrs. Murphy estimates that 500 signatures would be more than enough to force an election.

"With 1,000 signatures on our petitions that means that even if 50 percent of them are thrown out for one reason or another, we'll still have more

than enough for the recall," she noted.

Mrs. Murphy reported the following numbers of signatures from each subdivision.

Clark Subdivision - 90 signatures.
Pioneer Meadows - 44.
Echo Valley - 50.
Meadowbrook Lakes - 109.
Willowbrook One and Two - 171.

Willowbrook Three - 72.
Olde Orchard condominiums - 101.
Orchard Hills - 99.
Village Oaks - 150.

Mrs. Murphy added that she expected to receive approximately 50 signatures from the Walled Lake area and approximately 50 more on another petition being circulated in the Village Oaks area. The signatures were collected during a 10 day period.

"Many of the ladies who were circulating petitions for me reported that they could get more signatures if we needed them," Mrs. Murphy

said. She further said she was pleased that the opposition to Ziegler's continued presence on the School Board was distributed more or less evenly across the city.

Mrs. Murphy reported that the circulators of the petitions had made several observations about the type of comments that had been received.

They found that in many instances the middle and high school students are more upset about Ziegler's presence on the board than their parents are, said Mrs. Murphy. They also found that a number of people are saying they will not approve any additional millage for the schools as long as Ziegler is still on the Board.

Opposition to Ziegler's continued presence on the Board apparently stems from an incident which occurred in June of 1972 in which Ziegler was arrested by Novi police and charged with stealing pipe from a Michigan Bell construction site.

Saunders Sites Pressing Need

City Eyes Personnel Policy

Citing it as one of the most pressing needs facing the city, new Novi City Manager Harold Saunders requested and received the council's permission Monday to proceed with plans to draw up a classification and pay plan study for all municipal employees.

In requesting the council's permission to proceed with the study, Saunders stated that he thought such a detailed personnel classification and pay plan was necessary for the orderly administration of Novi.

"This is a long recognized need," he noted. "Although the project has been undertaken several times in the past, plans were never carried through to fruition. When I took over as city manager, it is one of the first things I recognized as a truly pressing need."

The study will include job definitions as well as provisions covering promotions and pay increment scales.

Specifically, the action taken by the council Monday was to pass a resolution submitted by Saunders that authorized him to request

detailed proposals from qualified consultants in the field of personnel studies. Once those proposals have been secured, Saunders is to return to the council with his recommendation as to which firm should be hired and a proposed contract for the work.

Much of the resolution,

however, was concerned with providing assurances for those presently employed by the city that their rights would be protected.

The resolution provided that

—in preparing the 1973-74 budget, the City Manager is instructed not to include any recommendations for wage or

salary increases. Instead, he is to set aside a sufficient amount of money in a contingency fund to cover the cost of implementing the pay increases proposed in the pay plan, once it has received approval.

—no employee presently being employed by the city will be penalized by receiving

a pay reduction, even though the plan might place him in a class and pay range below his present level.

—in the event the proposed new pay and classification plan is approved for implementation after the start of the 1973-74 fiscal year, all pay increases and adjustments contained in the plan - as well as any related fringe benefits which might be applicable - will be deemed retroactive to July 1, 1973, and will be paid to the employees involved at the first available pay date after records are changed to administer the new plan.

Saunders told the council that he expects to return with his recommendation as to which professional consultant firm should be contracted to prepare the study in approximately two to three weeks.

Once the job has been contracted, he said, he expected it would take an additional 60 to 90 days before the plan will be ready for council study and action.

"Once the plan has been completed," said Saunders, "I hope the council will not take an inordinate amount of time to act on it."

3 Vie for Council Seat

With the field of candidates narrowed from five to three, a decision on who will be named to fill vacancy on the Novi city council created by the resignation of Ray Evans is expected Monday.

When nominations for the position were closed two weeks ago, there were five candidates for the seat: William Brinker, Miss Barbara Clement, Robert Daley, Todd Price, and Mrs. Romaine Roethel.

Now, however, the field has been narrowed to three. Miss Clement withdrew her name from consideration and City

Attorney David Fried ruled Monday that the city charter prohibited William Brinker from seeking appointment.

Brinker, who is chairman of the Board of Review, was disqualified by a provision of the charter which states that members of the Board of Review shall not be city officers or employees or nominees or candidates for elective city office during their term on the Board of Review.

Councilman William O'Brien disagreed with Fried's interpretation of the charter, arguing that Brinker was

neither a nominee or a candidate for a position, but a prospective appointee. Fried said he could agree with O'Brien's interpretation if the council had not requested candidates for the position and instead had merely appointed someone to fill the vacancy.

Thus, the council will choose Monday between Price, Daley, and Mrs. Roethel. Regardless of who is elected, he, or she, will have to face reelection in the next regular city election in November.

Population to Double Within Five Years

Novi's student population is expected to more than double in the next five years.

That's one of the projections of the Novi Needs Assessment Committee, upon which the board of education based its decision last week to place a \$13.5 million bond issue before voters in June.

The proposal, if approved by voters, would provide for construction of a new high school; conversion of the present high school to a middle school; construction of two new elementary schools; addition to the Village Oaks Elementary School; and purchasing of sites to accommodate building needs through 1983.

The projection suggests student enrollment will increase from 2,148 in 1972-73 to 5,225 in 1977-78 for an increase of 3,060.

It is based on a median level of new home construction of 1,000 new homes per year for each of the next two years and 900 homes per year for the subsequent five years.

If realized, the student enrollment projection suggests that between 1972-73 to 1977-78 the student population in the K-5 level will increase 1,854; in the 6-8 grade level by 772; and in the 9-12 grade level by 464.

Projections of enrollment

from new homes are based upon an assumed factor of 1.0 school-age children per single-family dwelling and 0.4 school age children per multiple-family dwelling.

Over the next 10 years, student population is expected to increase by 6,134—from 2,148 to 8,282 in 1982-83. This projection suggests that new housing will produce over the next 10 years:

3,744 at the K-5 level; 1,560 at the 6-8 level; and 936 at the 9-12 level.

Both of the foregoing projections are based on a K-5, 6-8, 9-12 organization.

If projections are based on a K-6, 7-8, 9-12 organization, the grade level increased enrollments resulting from new housing would break down like this:

2,008 at the K-6 level; 618 at the 7-8 level; and 464 at the 9-12 level through 1977-78; and 4,056 at K-6; 1,248 at 7-8 and 936 at 9-12 through 1982-83.

If projections are based on a K-6, 7-9, 10-12 organization the grade level increased enrollments resulting from new housing would break down like this:

2,008 at K-6; 773 at 7-9 and 309 at 10-12 through 1977-78; and 4,056 at K-6; 1,560 at 7-9; and 624 at 10-12 through 1982-83.

New Curriculum

Camping, Voc Ed Introduced Here

Two new concepts, including a week's camping experience for sixth graders and off-campus vocational education classes for high school students, will be added to Northville public schools' curriculum next year.

Both received the backing of school board members Monday night.

Camping experience, which is expected to involve students, parents and teachers, will be offered to all sixth graders.

Tentative dates include the weeks of November 26, March 4 and March 11.

Miss Florence Panattoni, director of instruction, told board members that about 100 students would be going in each group.

The camp is Mill Lake in Waterloo Recreation Area near Ann Arbor.

Cost for each student will be \$15, with parents asked to contribute \$10 and the students earning the remaining \$5 through class fund raising projects.

"Added to the value of the outdoor experience," Miss Panattoni stated, "will be the fact that students will be involved with nature at times which aren't just in the summer."

Miss Panattoni explained that she and Cooke Middle School Principal Ronald Horwath toured the camp recently. "Even though it was raining," she said, "the students were learning about nature and seemed to be having a wonderful time."

Letters informing parents of the planned camping trip will be going out to parents soon, she said.

Broken down, costs for the week include housing, \$3; insurance, 60 cents; food, \$10; and miscellaneous, \$1.40.

Board members agreed the trip would be handled as a field trip with the district paying the cost of transportation to and from the camp.

The trip will be voluntary, and those students who do not choose to go on the trip will attend regular classes. "Since only 100 students are going at

a time," Miss Panattoni explained, "regular classes will be in session for the students remaining at the annex."

In other action Monday, trustees approved screening and scheduling of students for participation in a shared-time vocational education program for 1973-74 school year.

Conducted in Plymouth, the program will also include students from Northville, Livonia and Belleville.

Classes will be held outside of regular school hours with students required to provide their own transportation.

Enrollment will be based on the number of students in the district, Miss Panattoni said, with Northville allowed five students in building trades, four dental assistants, 12 nurses aides and four in machine shop.

Tuition costs will be picked up by the district and students will receive credit for the classes.

Screening and scheduling will be handled through the counseling department at the high school.

Contracts were approved for two elementary school teachers who are replacing teachers who have requested leaves of absence.

Mary M. Najarian, a 1970 graduate of Wayne State University, will teach fifth grade at Moraine Elementary. She formerly taught in Northville schools before taking a maternity leave.

Also hired Monday was Cheryl A. Fogg, a 1973 graduate of Wayne State with a BA in English, speech and social studies. She will teach second grade at Main Street Elementary.

In other action, trustees awarded a bid to C. Harold Bloom Agency, Incorporated, for multi-peril insurance at a cost of \$10,133. Period of coverage is from May 1, 1973, through July 1, 1976.

Hired Plante and Moran as the district's auditor for the 1972-73 school year.

MARNA OWEN

BOB JUNE

For Civitan Seminar

Pick Six Students

Six Northville high schoolers have been named by the King's Mill-Northville Civitan Club to attend the Youth Citizenship Seminar August 14-18 at Adrian College.

Tuition sponsorship for five of the students will be paid by the Northville club, while the sixth will be sponsored by the Detroit Civitan Club for the local chapter.

The six are: Seniors Marna Ann Owen, 50085 West Seven Mile Road; Theresa Ann McKeon, 318 South Rogers; and juniors, Robert Brown June, 42280 Old Bedford; Marcelle Lynne Puckett, 16575 Franklin; Anne L. Vignes, 18637 Jamestown Circle; and Kimberly Hlene Millington, 18823 Jamestown Circle.

An annual event, the seminar is sponsored by Civitan International.

It has three major objectives: 1. To present testimony relative to current issues facing the nation and the world.

2. To permit a thorough interchange of ideas relative to each presentation (i.e.,

discussion groups, question and answer periods).

3. To provide an atmosphere conducive to easy listening, fruitful discussion, quiet reflection and enjoyable recreation.

Concerning the seminar, spokesmen for Civitan said, "We've tried to get it all together...the proper environment for thoughtful debate...the most expert testimony on the problems we now face...a group of concerned young leaders to confront and be confronted by...the opportunity to back reactions, ask questions, discuss remedies."

"In this way, Civitan can help create a better America by developing greater citizenship among our future leaders."

Speakers scheduled for the

seminar include:

Dr. Larry Shulman, assistant professor at McGill University; Dr. George Roche III, president of Hillsdale College; Ray Adler, associate professor at Oakland Community College.

General topics of discussion will include citizenship, spaceship earth, and the systems of democracy.

sugar until smooth.

These Ham Roll-Ups from Mrs. Jack Doheny might be just what you're looking for to add to an hors d'oeuvre tray.

Ham Roll-Ups
1 large pkg. boiled ham slices
1 lge. pkg. cream cheese, softened
2 cans green asparagus spears
1 tsp. mustard (not powdered)

Mix cream cheese and mustard together and spread

on ham slices. Place asparagus spear at side nearest you and roll up gently. Refrigerate. Cut into thirds, toothpick and serve.

Mrs. James vanBuren's Egg Supreme was such a favorite at a Northville Branch, WNFGA meeting, that it was selected for the brunch also.

Egg Supreme
150 bread rounds (cut with cookie cutter; no crusts. This can be prepared ahead & frozen until needed)
Mix together:
1 lge. pkg. cream cheese, softened
1/2 c. Hellman's mayonnaise
1 tsp. salt (more to taste)
1/2 c. celery chopped very fine
3 tbsps. grated onion
Mix together & then add:
2 1/2 doz. hard-boiled eggs chopped finely

Butter bread rounds and spread egg mixture on each. Spread sour cream over rounds and sprinkle with cooked crumbled bacon. This requires:

1 pint sour cream
2 pounds bacon

For 'Sound of Music'

Set Crews Busy

While most Northville High students are trying to find something to keep them occupied during Easter vacation, set construction crews are busy building the background for The Sound of Music.

Every day, from 10 a.m. until 3 p.m., crews are helping build and paint the scenery for the production which will be presented May 8, 9, 11 and 12 at 8 p.m. each day in the Northville High auditorium. Tickets for the musical are now on sale for \$2 pre-sale or

\$2.25 at the door. They may be purchased in the school cafeteria or in front of the auditorium.

Eleven people are currently working on the sets, students report, headed by Kurt Kinde, director of the play.

Students include Pete Boving, head of set construction, Julie Fair, Jan Reynnders, Mary Lynn Tilson, Sally Johnson, Pat Aenchenbacher, Kim Stelma, Sandy Crishon, Brian Miller and Dawn Hampton.

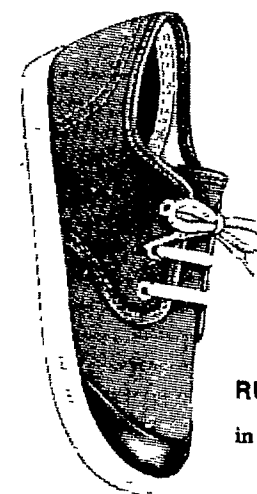

Members of the light crew are Ried Riddell, Greg Johnson, Ellen Fitzpatrick, Dave Kalota and Chris Johnson.

Several new members have been added to the cast and are rehearsing for opening night.

They include Sandy Carrow as the dancer; Jeff Kappler, Zeller; Brian Miller, VonSchrieber; and Dennis McLaughlin, Tim Kelly, Pete Boving, Rob Buttery, Dave Pixley, Tom Cunningham and Dave Boor who have been cast as German Soldiers.

Many champions are born and then unmade.

RUN JUMPER

Position Statements

Pursell, Geake, Spear Back Unification

EDITOR'S NOTE—State Senator Carl Pursell of Plymouth, State Representative R. Robert Geake of Northville, and Raymond Spear, superintendent of the Northville School District, announced this week their endorsement of the annexation proposition to appear on the May 7 election ballot. Their statements follow:

Senator
CARL PURSELL

Representative
R. ROBERT GEAKE

Superintendent
RAYMOND SPEAR

Superintendent Spear...

Unification of the city and township of Northville received the backing this week of Superintendent of Schools Raymond Spear.

"On the surface and for the moment, it may be easy for some to seek the defeat of such a joining of forces," Spear explained, "but in the long run it is extreme shortsightedness to prevent this merger."

Earlier this month, five of the seven school board trustees went on record supporting unification.

Spear said he believes that unification of the city and township is in the best interest

of the total community and of the school district.

"The continuation of separation of city and township government does not reflect the good administrative practices of the Northville Public Schools," Spear said.

"It does not reflect our good planning for the future," he continued.

"The day could come when we, the school district, are asking for millage simultaneously with the township. That's not good for either the school district or the township."

"City residents may develop resentment toward the construction of schools for new township residents," his statement continued.

"And if the township remains separate, the school district will continue to have 'just one more governmental agency' to work with," the superintendent stated.

Growth of the school district is creating many problems for the district and for its taxpayers, Spear commented.

"Unity among taxpayers serving two goals, the city and the schools, is far more desirable and healthy than serving three goals, city, township and schools," he explained.

"With a bond issue following close behind the

annexation vote, and should annexation fail, we could find talk of the 'construction' of a new township hall and fire station detrimental to the bonding needs of the school district," Spear said.

"The Northville Board of Education is on record as supporting and insisting upon economy, efficiency and effective administration of its schools."

"We've implemented bid before bond, reduced millage when we did not need the millage and are conducting an experimental and voluntary year-round school program—all examples of economy, efficiency and effective administration."

"Continued separation of the city and township governments does not reflect our good planning for the future," he emphasized.

"Northville is our community—one in which we take great pride, one in which we share schools, churches, stores, library, companionship and neighborliness."

"Can we afford not to support a shared government and related services that will continue the 'oneness' that exists in our minds and hearts?" Spear asked.

"I believe unification is best for the total community and for the school district," he concluded.

Senator Pursell...

The Northville community faces a highly critical decision—a decision which will probably determine the structure of government for years to come.

However, the choice on May 7 is not between opposing personalities or different ideas of what local government ought to do for the people it serves. It is, rather, a choice of whether two governments can accomplish the common goals of the people of Northville more effectively and efficiently than one.

On this question, I believe my experience in government has given me some insight. As your State Senator, I have continuously fought to cut waste and eliminate duplication of programs in state government. My experience indicates that there is greater coordination of programs and more efficient use of resources when one agency bears full responsibility for a program than when that responsibility is diffused among several groups.

However, efficiency is not the only issue. Efficient government which is not effective and responsive is not good government. Local government of all types is

restricted in its powers by the state which created it and by the state's intermediate governmental body, the county. An example of county power is the recent announcement by Sheriff Lucas that the nine townships in Wayne County will have to soon begin paying for the services of his department.

If local control of certain functions such as police and fire service is desirable, and I believe it is, there is only one sure way to retain such control: be certain that your local government is fully capable of responding to community needs by possessing sufficient authority and financial resources. Otherwise, you face the loss of local control through the action of more powerful agencies to fill the void.

Another element to consider is that Northville Township is less than a full 36 square miles in size. In fact, it is only one half of a township. This is an unusual case and it indicates that eventually Northville Township, if it remains separate from the city, might well be a much smaller governmental entity than many of its neighbors.

Not only is it necessary to have sufficient authority to

act locally, but it is also vitally important for your municipal government to possess sufficient political "clout" when dealing with the State, county and regional organizations on such issues as water supply, transportation and planning.

To protect your personal interests, your unified leadership must be able to act from a position of strength.

I have spoken of two tests for the people of Northville to use in deciding this question: efficiency and effectiveness. These, I believe are the issues. Most important, however, is the need for everyone to vote on May 7. A decision based on less than reasonably full participation may be the right one, but it will not be a community-wide decision and this is one time when everybody has something at stake.

Representative Geake...

Although I have not taken an active part in the campaign for unification, I have been a supporter of the concept from the beginning. As one of the founding members of the One Northville Committee I have followed the various studies on the comparative costs of running parallel governments in the city and township and it seems clear that a single government would be both more efficient and more economical."

Most of the citizens I have talked to seem to agree that in the end we would all be better off under one government. Some township residents would like to put off that time

for a while longer in the hope of saving three or four mills property tax. They don't realize that they are going to be paying that extra millage soon anyway. The only difference is they'll be paying it to the township to duplicate facilities and services that the city has already established."

This is no longer a rural township. Like it or not, we have become part of suburbia, and suburban governments cost more to operate than the small farming communities from which they grew."

"Those who claim that the township can stand alone a little while longer ignore the

lessons of history and the evidence all around us. When townships become populated they do not stand still governmentally. They either unify with their core city to form a stable, permanent government under local control, or they become the victims of exploitation by land developers and piecemeal annexation by neighboring communities."

Straub: 'I Favor Joining City'

Continued from Record, 1

on the city for total police and fire protection, recreation, library, ambulance service and rubbish pick-up.

The first alternative, in my opinion, is the most economical and sensible method of operating our township. The second alternative, despite what opponents of annexation contend, is the most expensive way of operating our township. The third alternative, to join the city, is a compromise.

I favor the first alternative. However, because I am firmly convinced that opponents of annexation do not intend to adhere to the economical principle of cooperating with the city by sharing costs—but instead are determined to build a new township hall, expand our police department, abandon our joint fire department, recreation, library and ambulance services—I favor joining the city by whatever method it is called... annexation, unification or consolidation.

Furthermore, I cannot subscribe to reasons I have heard advanced for opposing annexation:

"Why should a few people who sign a petition tell us what we have to do?" "To have with the city." "Who wants to be a part of the city?" "Township government is more responsive to the needs of the people." "Your taxes will go up." "Twenty mills can be imposed without a vote of the people by Northville City Charter." "One mill is the maximum rate allowed without a vote of the people." Not one of these or any other arguments used are valid. Let me respond to some of them:

1. "Why should a few people who sign a petition tell us what we have to do?" Township residents, who took exception to the township board's action in establishing a building authority to erect a new township hall, circulated the petitions in question and obtained enough signatures to meet legal requirements.

Certainly the so-called "few" who signed the circulated petitions against the formation of a building

authority out-numbered the members of the township board who voted to establish the authority.

2. "Township government is more responsive to the needs of the people." The annual meeting of the township gave the residents an opportunity to be heard and to sponsor and vote for policies and-or projects. But the township board spearheaded abolishment of the annual meeting, thereby preventing township residents from sponsoring and voting for their ideas or needs.

Is that being responsive? I think not.

The township board sent all residents a Police Questionnaire which was to be returned before December 3,

3. "Your taxes will go up." My conversations with township residents have convinced me that they have been misinformed about what happens to their taxes if annexation occurs.

Somehow, some residents are under the false impression that if we are not annexed, no matter how great township services are expanded, they will pay only one mill in township taxes. Likewise, others think their total taxes will double if annexation occurs.

Both of these assumptions are incorrect. As for the one mill concept, I would like to compare Northville Township with Grosse Ile Township

township tax rate increases four times, it will be four times. Doubling the total tax bill of the township properly owners in the Northville School District would mean 92.32 mills, but this is NOT happening.

The estimated tax cost for the combined community would be four mills. For this four mills, in addition to the present levels of service, township residents will be furnished with around-the-clock police protection seven days a week by a combined force of 21 men. It would mean three patrol cars on the road at all times.

The four mills also would provide much needed rubbish pick-up in the township. These two benefits alone cannot be

Subsidy. Your one mill is efficient! Retain control of local government taxes!"

Those advertised statements provoke some questions I would like answered:

1. If paying approximately half (sharing with the city) the costs of fire protection, library, recreation, senior citizens program, and ambulance subsidy makes the one mill efficient, why not unite with the city and share other half of these services plus police protection and rubbish pick-up and thereby achieve additional efficiency?

2. What assurance does the township have that the city will continue to make the township's one mill so efficient?

3. If the city should decide it no longer wishes to share the costs of certain services with the township because of deteriorating relationship, where will the township obtain the funds to pay the added costs of going it alone as Grosse Ile is compelled to do?

In conclusion, I wish to thank The Record for the opportunity to express my opinion on the subject of annexation.

I have tried to be objective and I realize that I am literally talking myself out of the treasurer's office. But personal ambition should not be considered where the general welfare of the community is concerned.

Therefore, I wish to re-emphasize that I favor joining the city by annexation, consolidation or unification...whatever you wish to call it."

Editor's Note: Treasurer Straub presented a budget for the unified city substantiating the 4-mill tax levy projection. It is discussed on Page 10-A in Speaking for The Record.

"MRS. LINA COOPER" of South Lyon invites you to attend SOUTH LYON ASSEMBLY OF GOD 62345 W. 8 Mile 437-1472

'I have tried to be objective and I realize that I'm literally talking myself out of the treasurer's office. . .'

1971. Several questions were asked about police protection. One question asked: "Increase size of the present township Police Department and as area growth requires, provide a full Township Police Department?" There were 295 yes answers, 293 no answers.

Another question read: "Join with the City of Northville in a Community Police Department that would provide required police services under joint control of the Northville Township and Northville City governmental bodies?" To this question there were 394 yes answers, 285 no answers.

Former Supervisor Gunnar Stromberg subsequently appointed a committee to investigate the possibility of joining with the city for police protection. But that committee has yet to approach the city on this matter, even though township residents, by their response to the questionnaire, favored joining with the city to provide police protection by a clear-cut majority. Is this being responsive? Again, I think not.

because of their similarity in population and state equalized values.

	Northville	Grosse Ile
70 population	7,949	8,395
72 SEV	\$50,254,625	\$55,684,125
72 township millage	1.0	9.81

Grosse Ile, as you know, is an island in the Detroit River. It has no neighboring community with which it can share service costs as do the city and township of Northville. Therefore, Grosse Ile has a township millage rate that is nine times greater than that in Northville Township.

If Northville Township had to go it alone—that is provide all its own services—our millage most certainly would not remain at one mill plus excess of roll of .411 mills.

For those who are under the impression that their total tax bill will double, I can only say "Impossible!"

The township portion of the total tax bill will increase, four times perhaps, but that is vastly different than doubling the total tax bill. If the

furnished by the township for anywhere near four mills.

The foes of annexation emphasized, by way of a paid advertisement in the April 5 issue of The Northville Record, that the city can levy up to 20 mills without voter approval, while the township is restricted to one mill.

They failed, however, to mention the fact that there is legislation pending in Lansing to permit townships to levy up to five mills for general purposes, plus two mills for rubbish pick-up and disposal. This legislation, by the way, has the unqualified support of the Michigan Townships Association. If it is approved, who can predict what will happen to the present one mill township tax rate?

Another portion of the April 5 advertisement reads, "Your one mill, plus other income producing revenues, pays for the operating costs of township government, including approximately one-half the operating costs of: Joint Fire Department, Joint Recreation Department, Joint Senior Citizens Program, Joint Ambulance Service

Notice of Hearing on Special Contract for Sale of natural Gas

On April 19, 1973, Michigan Consolidated Gas Company applied to the Michigan Public Service Commission under 11 of 1909 PA 306 (MCLA 462.11) and Commission Order No. D-3096 and D-3096-50.2, for approval of a special contract for sale of natural gas to Consumers Power Company (Case No. U-4333). The contract provides, subject to approval of the Commission, that during the summer of 1973 Michigan Consolidated will sell 10 billion cubic feet of natural gas to Consumers Power at a price of 87 cents per thousand cubic feet, which Michigan Consolidated states is approximately its average retail rate.

The application states that Michigan Consolidated has the gas available for sale because weather during the recent heating season was substantially warmer than normal, and as a result its sales to heating customers were approximately 10 billion cubic feet less than they would have been had normal weather prevailed. The sale under the special contract will have no effect on Michigan Consolidated's ability to supply its customers and continue to connect new users under its Controlled Service Program.

The special contract provides that Consumers Power will use the gas for replenishment of its storage and further provides that this purchase of gas will enable it to resume approval of new residential customer applications.

A public hearing will be held at 9:30 A.M., on May 7, 1973, and continue on May 8, 1973, if necessary, in the offices of the Commission, Law Building, Lansing, Michigan 48913, for the purpose of determining whether the approval sought should be granted. Any interested parties may attend the hearing and participate subject to the provisions of the Commission's Rules of Practice and Procedure. Copies of the application may be obtained from the Secretary of the Commission, Law Building, Lansing, Michigan 48913, the Secretary of Michigan Consolidated Gas Company, One Woodward Avenue, Detroit, Michigan 48226, or the Secretary of Consumers Power Company, 212 West Michigan Avenue, Jackson, Michigan 49221.

This notice is published by direction of the Michigan Public Service Commission.

Police Blotter

Officers Thwart Runaways' Train Trip

In Northville

Two juveniles who jumped aboard a train in Lansing and took a "free ride" to Northville late Saturday were apprehended early Sunday morning by city police.

The two boys, both 14 years old, were found by police at 1 a.m. on Eight Mile Road near the high school overpass.

Police stopped the two who they felt were too young to be out at that hour and found both had been reported as runaways from their homes in Lansing.

One boy was taken to the Oakland County Juvenile Home and the other was picked up by his parents.

City police caught three juveniles at 7:15 p.m. Monday after they received a report of youths vandalizing a home under construction in Lexington Commons North. Police said youths had been inside the home damaging walls.

Unknown persons removed a cellar door from Foltyn's Pastry Shop on East Main Street sometime over the weekend. However, no entry was gained to the building.

Investigation is continuing into the report of a felonious

assault with a knife which took place shortly after noon April 17 on Seven Mile near Eaton Drive.

A Milford man told police he was threatened by a subject in another car who then followed him to Ypsilanti after the incident which allegedly took place in Northville.

In Township

Four chrome rally rings and hubcaps valued at \$55 were stolen from a car parked at 15400 Fry Road last Friday.

According to Michigan State Police, the theft took place between 12:45 and 10:30 a.m.

Tools and a gas can were stolen from the garage of a home at 41966 Banbury.

Reported Saturday, the theft was thought to have taken place between midnight and 7:30 a.m. Friday, according to township police reports.

A car stolen April 10 from Highland Lakes was found later that day when three youths drove the car back to Highland Lakes.

Police said two juveniles and one 17-year-old were involved in the theft. However, the complainant

declined to press charges after the three agreed to pay for damages done to the car.

FIRE CALLS

April 18-9:08 p.m., trash fire on South Main at the well.

April 19-8:27 p.m., fire in storage area of Cooke Middle School.

April 19-11:32 p.m., car fire in parking lot of Drawbridge.

April 23-1:37 p.m., false alarm fire at Northville State Hospital.

In Novi

Police say they have several suspects and arrests will be forthcoming in a case of malicious destruction of property which occurred last week.

An estimated \$250 worth of damage was done to a residence at 22949 Novi Road Thursday, April 19, in the early morning.

Police received a call at 4 a.m. reporting that someone had just thrown a log through a front bay window of the home. Police discovered upon arriving at the scene that a fence post had been thrown through the front windshield of a car parked in the driveway of the residence.

At this point the case is still under investigation, police indicated, but arrests will be made pending the outcome of that investigation.

A car stolen more than a year ago from a Kaufman and Broad sales representative working in Novi was recovered last week in a gas station in Livonia.

According to police reports, the 1971 Buick Electra was stolen January 30, 1972 from the Kaufman and Broad representative. The car was for sale at the time and a potential buyer took it on a test drive and never returned. The car was located Thursday, April 19, in a gas station in Livonia. Attendants at the station summoned police when the man who brought the vehicle in for repairs never returned to pick it up.

Police ran a check of the vehicle registration number and discovered it was the car which had been stolen from Novi in 1972.

A 1971 Honda ATV stolen from a residence in Wolverine Lake was recovered by Novi police last week.

Officers were summoned to an address on Penhill where they learned that the resident had discovered the ATV in a field at the corner of Penhill and West Roads. Subsequent investigation revealed that

the machine had been stolen from Wolverine Lake.

The vehicle was transported to the Novi Police station where it was subsequently turned over to Wolverine Lake police.

In Wixom

Two Wixom business establishments were broken into last week, but damage to both places was minimal, according to police reports.

On Tuesday, April 17, police responded to a report that someone had broken into the Wixom Co-op at 49350 Pontiac Trail sometime the previous night.

Investigating officers discovered that the door

leading into the storage building had been pried open, causing the lock hasp to come loose from the door.

A search by officials of the Co-op failed to discover any missing items.

A second breaking and entering occurred at the Thunderbird Day Camp at 48411 West Road on Saturday, April 14.

Police discovered that the window on the east side of the Day Camp building had been broken and that entry had been gained through the broken window.

Several dishes had been broken and there was other minor damage to the building,

but the owner of the camp reported that nothing had been stolen.

A boat belonging to a Wixom resident at 2942 Loon Drive was apparently used as a means of transportation by someone other than the owner.

The complainant called police Wednesday, April 18, to report a 12 foot flat bottom boat had been stolen from his property. The boat had been left 20 feet from the edge of the water, he told investigating officers.

The following day the man called police to report that he had found the boat on the opposite side of the lake.

Store Room Blaze Damages School

Investigation is continuing into the cause of a fire at Cooke Middle School last Thursday night which resulted in nearly \$15,000 damage.

Major repair expense is in electrical wiring which was destroyed in the fire, according to Superintendent Raymond Spear.

The fire, which was reported at 8:27 p.m. by a janitor in the school, was confined to a storage closet off a receiving dock on the south side of the school.

A dance was being held at the school when the fire broke out, but no injuries were reported.

Intense heat from the fire bent a door casing on the room, melted casings on wires, warped hallway lights and separated cinder blocks in the closet area.

Police arriving on the scene reported finding a garage-type door leading to the receiving room was open approximately two feet.

They theorize persons responsible for the blaze entered and left the building through those doors.

School officials reported the garage doors are kept locked during times when the dock is not in use.

Doors leading from the interior hallway to the receiving room were bolted and had to be unlocked by school personnel before firemen could enter the room.

Taking place the evening spring vacation began for students, the fire did not interrupt operation of classes and school will be in session next Monday as scheduled, Spear said.

Girls Win First Game

If their first game is any indication of things to come, Northville High School's varsity girls' fast pitch softball team is going to be tough to beat.

The Northville girls opened their 1973 season against Novi Wednesday and pounded out a 38-5 decision.

Cindy Stone handled the mound chores for the Northville lasses and allowed just three hits, while walking one and striking out nine.

The lady Mustangs start their Western Six Conference schedule Tuesday, May 1, and will play every Tuesday and Thursday throughout May.

Luncheon

Set Today

A spring luncheon will be served from 11:30 a.m. to 1:30 p.m. by the Cooking Guild of St. Kenneth's Church in Plymouth on Thursday, April 26 at the church located at 14951 Haggerty Road.

Donations are \$2.50 for adults and \$1 for children under 10 years of age.

Anyone wishing further information about the luncheon may contact Mrs. Joseph Freiman at 455-9257.

GEORGE W. BAILEY
When taps were played at the graveside of George W. Bailey this week in Northville, they signalled the passing of one of the nation's rapidly disappearing Spanish American war veterans.

Mr. Bailey, 94, who died April 14 at the VA Hospital in Miami, Florida, was reportedly the last remaining veteran in this area of the Spanish American War.

He was past commander of the David L. Kimball Camp of Pontiac, past state commander of the Michigan United Spanish War Veterans, past Florida commander, and a past officer of the national Spanish War veterans organization.

His wife, who preceded him

in death, was president of the state auxiliary in Florida.

Born and raised in Michigan on May 18, 1878, he was the son of Harmon and Emma (Whitehead) Bailey. He moved to Northville in 1889 with his parents.

For the past several years, he had lived in Hollywood, Florida at 2541 Madison.

While living in Michigan, he was an electrical contractor in the Northville and Pontiac areas and was a member of the Northville Methodist Church.

Survivors include a son, the Reverend Elmer Bailey of Memphis, Tennessee; a daughter, Amelia M. Hines of Florida; and five grandchildren and six great grandchildren.

Funeral services were conducted April 17 at Casterline Funeral Home, in Northville, with Mr. Bailey's son, Pastor Bailey, officiating.

Burial was in Rural Hill Cemetery, Northville.

Heating and Plumbing in Detroit.

Surviving are his widow, two sons, Ernest of Union Lake, Farrel of Pontiac, a sister, Mrs. Marion Magnuson of Downey, California, and five grandchildren.

Visitation was held at the Casterline Funeral Home on April 19 and the body was then taken to Yorktown, Indiana, for services on April 21. Burial was in Elm Ridge Cemetery, Muncie, Indiana.

FLOYD T. HICKS

Funeral services were held Friday, April 20, for Floyd T. Hicks of San Francisco, California, formerly of Novi, who died April 16 in San Francisco. He was 70 at the time of his death.

Born June 15, 1902, in Novi, he was the son of Albert and Dora (Tiffin) Hicks.

Mr. Hicks lived in Novi before moving to Detroit. He moved to San Francisco last year. He was a retired department head of accounting with Rockwell Standard of Detroit.

Surviving are a brother, Arthur Hicks of Pontiac, and a niece, Mrs. Judy Nielsen of Long Beach, California.

Services were held at the Casterline Funeral Home where the Reverend Cedric Whitcomb of First Baptist Church of Northville officiated. Burial was in Oakland Hills Memorial Gardens, Novi.

JANE B. KELLY

Funeral services were held Monday, April 23, for Jane B. Kelly of Farmington who died April 18 in Oak Hill Nursing Home in Farmington at the age of 89.

Born January 10, 1884, in Oconto Falls, Wisconsin, she was the daughter of Charles and Augusta (Phinney) Bagley. Her husband, Joseph F. Kelly, preceded her in death.

She was a member of St. Joseph Catholic Church in Iron Mountain and the Daughters of Isabella. Surviving are a daughter, Mrs. John (Charlotte) Archibald of Farmington, formerly of Northville, a son, Joseph A. of Iron Mountain, a sister, Mrs. Gert Sagie of Suring, Wisconsin, two grandchildren and four great-grandchildren.

Services were held at St. Joseph Catholic Church in Iron Mountain with burial in Cemetery Park, Iron Mountain. Funeral arrangements were made by Casterline Funeral Home in Northville.

LAWRENCE WYMAN

Funeral services were held Monday, April 23, for Lawrence N. Wyman of 39554 Blakeston Avenue in Novi who died April 20 in Alpena following a heart attack. He was 51 years old.

A resident of Novi for the past three years, Mr. Wyman was born in Detroit.

He was an operating engineer for Shaw Electric Company in Livonia and a member of Myron Beal American Legion Post 32.

Surviving are his widow, Mary C. Wyman, three daughters, Mrs. Genieve Woo of Taylor township, Mrs. Connie Prosser of Wayne, Mrs. Margaret Evans of Livonia, a son, Lawrence A. of Detroit, a sister, Mrs. Delores Bradley of Lincoln Park, a brother James Wyman of Birmingham and four grandchildren.

Services were held at Our Lady of Sorrows Church in Farmington where the Reverend Robert Rokusek officiated. Burial was in Holy Sepulchre Cemetery. Funeral arrangements were made through Thayer Funeral Home in Farmington.

New books available in the library this week are:

IN NOVI

ADULT READING

"Return the Innocent Earth," Wilma Dykeman; Saga of the Clayburn family, three generations of southern farmers turned entrepreneurs in a fabulously successful canning company. The author returns to the themes and the southern Appalachia locale of her first two novels, "The Tall Woman" and "The Far Family."

"The Reunion," William Kuhns; Ten years after their graduation from college, five men come together again. Once inseparable, known as the Clan, they were shattered as a group when they were responsible for the death of a young woman. Now after a decade of separation on and silence, they mingle in a New Orleans home.

"People Will Always Be Kind," Wilfrid Sheed; Main character is a complex and even mystifying figure, a man who has overcome or turned to advantage the crippling effects of polio. The polio siege and its aftermath have determined not only his inner self but his relations with parents, friends and the world at large.

"The Golden Soak," Hammond Innes; Novel of peril, mystery and revelation that carries the reader from the ordered world of Cornwall to the vastness of Western Australia.

"Perennials," James Underwood Crockett and the editors of Time-Life Books; Advice on the planning, planting, care and propagation of perennial flowers. Included is an illustrated encyclopedia of perennials and biennials.

IN NORTHVILLE

ADULT FICTION

"The Mallen Streak," Catherine Cookson; Saga of the Mallen family. Thomas, dissolute and bankrupt; his heir, Dick; and illegitimate son, Donald; all marked by the Mallen streak.

"Snowfire," Phyllis Whitney; A skiing resort in the Poconos is the setting for this tale of murder, secrecy and suspense.

ADULT NON-FICTION

"Music and Lyrics by Cole Porter," For voice and piano

"Nancy," Christopher Sykes; Life of Lady Astor.

"Jolson," Michael Freedland; Life of Al Jolson, 1888-1950.

"Karloff," Peter Underwood; Life of Boris Karloff, 1887-1969.

JUVENILE FICTION

"Flight of Exiles," Benjamin Bova; A group of scientists exiled from Earth arrive at Alpha Centauri to find their world uninhabitable and a genocidal lunatic loose in their ship.

"Big Joke Game," Scott Corbett; For Ozzie, games and jokes are more important than schoolwork or people's feelings. Grades 4-6.

"The Great Brain at the Academy," John D. Fitzgerald; The Great Brain faces the challenge of life at a strict Catholic boarding school with daring exploits and money-making schemes.

Honor Two Educators

Schoolcraft College Registrar Russell S. Bogarin and History Instructor William J. Burke have been named "Outstanding Educators of America" for 1973.

The "outstanding educators awards" program honors distinguished men and women for their exceptional service, achievements and leadership in the field of education. Nominations for the program are made by college officials including presidents, deans and department heads.

Bogarin, nominated by President C. Nelson Grote, has served Schoolcraft as a counselor, director of financial aids, and now registrar, since 1965. He has also been a counselor at Eastern Michigan University and was guidance director for the Van Buren Public Schools in Belleville.

Bogarin holds degrees from Northern Michigan University and the University of Michigan, and currently is working toward an education specialist degree at EMU. William Burke, who was nominated by Clay M. Fechter, director of social sciences at Schoolcraft, has been an instructor at the college since 1967 and teaches both history and political science. He earlier taught at David Lipscomb College where he earned his bachelor's degree. Burke

SPEAKING for The Record

By BILL SLIGER

Township Treasurer Joseph Straub went about proving to himself what kind of a budget would be needed to operate a single, unified city-township government with full services expanded to the township in typical Straub fashion.

He figured his income conservatively and tossed in a little extra for expenses.

And instead of starting out assuming the tax rate would be four mills and seeing how much money this would give the new government to spend, he figured out how much money the new government would need and then determined what tax rate would be required to raise the revenue.

His answer was four mills.

So this week Joe Straub, the Northville township treasurer and official most familiar with the finances of the township announced his support of annexation.

You've got to know Joe Straub to appreciate the significance of this declaration.

When he became involved in township government about five years ago he was definitely opposed to annexation.

Straub was typical of those who had moved to Northville to enjoy country living, rural atmosphere and low taxes. He neither asked for or expected services, other than fire protection which had always been provided by the city's volunteer department, and the occasional appearance of a Wayne County Sheriff or State Police patrol car.

So, you might say, Straub fit the mold of the typical pro-township official who viewed the city with just a bit of suspicion and concentrated his attention on matters that fell within his responsibility in the township.

But Straub was a man of figures and statistics. He was a retired Ford Motor Company auditor. And he had worked in the treasurer's office in Pennsylvania for 14 years. Facts and figures more than emotion make up Treasurer Straub's mind. His emotions become aroused when facts are ignored in favor of fancy.

Although he started as an appointed trustee and was later elected as a trustee, it soon became apparent that Straub possessed fiscal talent that Northville township sorely needed. He was finally persuaded to run for treasurer, an office he has held since 1970.

Straub immediately indoctrinated himself in the legal regulations governing the office of treasurer in Michigan townships. And a few accounts were straightened out that could have caused official red faces.

Under Joe Straub things operate "according to Hoyle" and even those in township hall who have been disgruntled by his recent pronouncements must concede that the treasurer's office is most efficient.

If you read Straub's statement elsewhere in this edition, you'll find that he would still prefer to remain a township if it were possible to do so on a one mill tax levy.

But Straub knows by firsthand experience the forces at work to change this. He's confident that if

annexation fails the wraps will be swiftly removed from plans to expand the police force, build a township hall-fire station-police complex, create an independent township fire department and thus fulfill the ambition of those who would build their own governmental empire to compete with the city.

Straub views this as fiscal irresponsibility, a violation of his pledge to be responsive to the best interests of the township taxpayer. He knows the cost of such a plan would far exceed the other alternative, unification with the city.

So Straub developed a budget based solely on taxes to be paid by the homeowner.

First he used all the property taxes for local government paid in the city and township in 1972. This totals \$410,698.

Then he adds 10 per cent as a safety valve and comes up with \$451,767, which would represent the property taxes required in the existing communities.

He subtracts the salaries of unneeded township officials, reducing the required tax total to \$405,467. He further reduces this tax requirement to \$373,671 by subtracting \$31,796, which is an estimate of the additional state aid from income and sales tax returns that the unified city would receive.

He then adds back into the operating cost some \$45,360 to extend rubbish pick-up service to the township.

So now Straub comes up with a total of \$419,031 in property taxes needed to operate a unified city and township.

Actually, that's \$11,000 more than four mills would raise in property taxes based upon the 1973 combined SEV of \$102,000,000.

But Straub (in addition to adding a \$41,000 "safety factor") subtracted no credit for savings to be realized by eliminating the duplication of costs of two engineers, two planning consultants, two attorneys, two building inspectors, etc. This far exceeds the \$11,000 gap.

Further, Straub did not include any of the "excess of roll" now collected in both the city and township (which last year amounted to \$34,000).

Thus taxwise, Straub's "unified" budget would represent an increase to the township taxpayer from 1.4 mills (which includes the excess of roll now being paid) to 4 mills, or 2.6 mills instead of the projected three-mill hike.

Although taxpayers get a little tired of promises, and frequently suspicious of claims, I believe that the budgetary studies done by Straub, the city manager, and the League of Women Voters substantiate the savings that can be realized through unification.

Their statistics are not just estimates. They are an accumulation of the facts that experience has produced.

They clearly indicate that a combined city-township government could operate with the same level of services now being provided in the city throughout the total community on four mills.

And that's not touching the race track betting rebates reserved for public improvements.

MARY MARKELL

YES...

Some of my friends say boycotting of meat was stupid because it did not succeed in driving down the high prices.

I don't agree at all.

Until the women of this country displayed their united muscle by boycotting meat, prices were going higher and higher with no concern for the consumer. Prices frightened the dickens out of everyone with a shopping cart, but few in high places said or did anything about it.

"Prices are going up, so what?" seemed to be the attitude.

By boycotting meat, the housewife changed this "so what" attitude and forced the nation to focus its attention on the prices of meat and on the prices of other food as well.

There are probably few cases of real price rollbacks resulting from the boycott, but isn't it amazing how everyone suddenly started thinking and talking about the housewife's problem? There finally appears to be an interest now at all levels in trying to curb the rising prices of food. Let's hope this interest results in some meaningful action.

Consumers have had it. We want the fat taken out of meat prices.

Mary Markell
Northville Township Mother

DUANE GIRBACH

NO...

I frankly doubt if the boycott on meat will have the effect that consumers desire. We need to consider what has caused the current prices. On the demand side two major facts are apparent. First, per capita consumption of beef jumped from 90 pounds in 1962 to 116 pounds in 1972. People like meat and with rising disposable income per person they are willing to pay for it. The only reason prices are what they are today is the fact that someone was willing to pay the price. On the supply side some adverse situations such as Southern Corn Leaf Blight and weather have caused problems.

What we really need is increased beef production, but there is no quick way to a steak. Rising prices are the economic signals to farmers and ranchers to increase production. In the case of beef it takes at least three years from the time farmers and ranchers decide to increase production until it reaches the consumer.

If you were a rancher and consumers were boycotting your product would you increase production? It is possible that the boycott put some false signals in the market place. If the boycott retards production it could have just the opposite results that consumers desired.

Food prices are high but then so is everything else. Actually the food expenditure as a percentage of a person's disposable personal income has decreased in recent years, although I expect it to go up in 1973. In 1962 the average person spent 19.3 percent of their income for food while in 1971 it dropped to 15.8 percent.

'Let's Unite Northville'

To the Editor:

In April of 1972, the Northville-Plymouth Area League of Women Voters concluded a two-year study of the Northville City and Township governments. We reached the following consensus, strongly supporting the annexation of Northville Township to the City of Northville as being in the best interests of the total community.

The League of Women Voters of Northville-Plymouth Area supports unification of Northville Township and the City of Northville to insure orderly growth of the total area and to provide more economically and efficiently the necessary

services for an expanding population.

The League believes that unification would facilitate the expansion and operation of library services and the recreation program. We also believe that fire and police services are presently inadequate in the township, and that unification would provide better protection, at lower cost, to the increasing number of families moving into the township.

We feel that with unification, complete trash disposal service could be supplied more conveniently and economically to the majority of residents of the entire community.

The League further believes

that improved planning and zoning for the total Northville area would be accomplished through a single planning commission and zoning board, answerable to the entire population. In addition, employing only one planning consultant would be more economical.

League of
Women Voters
Northville-Plymouth
Jane Watts

By JACK W. HOFFMAN

Dewitt J. Henry is a big man in a little township with incorporation ideas.

Supervisor of Grosse Ile Township and past chairman of its planning commission, Henry and other township officials are considering possible incorporation of Grosse Ile as a charter township, a village or as a city.

Of the three, Henry probably prefers city status but is "leaning" towards village incorporation. That's because, as a practical politician, he feels citizens would favor it over cityhood. Most people, unfortunately, equate "city" with "taxes" he explains.

But taxes, very likely, will go up in Grosse Ile, whether it remains a township, becomes a village or city, he contends.

Today, Grosse Ile Township, has a township tax rate of 9.81 mills!

It breaks down this way: 3.85 mills for operation (1.85 of which is unvoted), 2.88 mills for sewers, 1.75 for roads, 1 mill for the volunteer fire department, and .33 mills for fire department capital expenditures.

Grosse Ile has a population of just under 9,000, about the same as Northville Township, and a state equalized valuation of nearly \$60 million, also about the same as Northville Township.

Located in Wayne County, it is smaller (10.4 square miles) than Northville Township.

Unlike Northville Township, Grosse Ile Township attempts to provide most services desired by its citizens. It has a 16-man around-the-clock police department, a large new fire-police-township hall complex, a volunteer fire department, a department of public works, and other municipal facilities.

Its recently approved 1973-74 operating budget topped the \$1 million mark.

A couple of years ago, as the township planning chairman, Henry pinpointed these attitudes of Grosse Ile residents, which seem strangely familiar:

"The last person to move on the island always wants the swingbridge left open so no one else can move over..."

"They want all the mainland conveniences and at mainland prices. They want city services (but) many of them seem unaware of the differences between the capabilities of city and township forms of government..."

If today it provides many of the services demanded by its citizens, why then is Grosse Ile Township considering incorporation?

Simply because, explains Henry, township government was designed for rural areas. Once a community begins to urbanize, it must have the controls denied it under township government. Otherwise, it cannot control its own destiny.

Grosse Ile wants to retain its residential, rural atmosphere, but it finds that township government doesn't have the necessary home-rule powers

Township

Won't Fight Mobile Homes

Continued from Record, 1

arrangement generates fewer tax dollars.

A hearing will be held on the Oldford plan May 10. Land at Seven Mile and Northville Road is currently zoned to permit the development.

The suit on the Six Mile and Ridge Road property was filed by attorneys for Mrs. George in 1971 after planning commission members and the township board denied the rezoning to permit the park.

Rezoning was denied by planners on the basis of high density, population and using industrial land for purposes other than industry. Under township zoning ordinances, mobile home parks are permitted in industrial zones.

Township board members in 1971 voted down the rezoning for similar reasons and also cited problems of fire and police protection generated by the original density of the proposed development.

Planners Tuesday night

took no formal action on the consent judgment and met in closed session following the meeting reportedly to discuss the suit.

Trial date in the case is set for May 9.

In other action, planners approved a site plan for Northville Plaza Shopping Center on Seven Mile Road in front of the Innsbrook apartment complex.

Approval was granted contingent upon developers of Innsbrook submitting a site plan of their complex showing the entrance drive which will be shared by both the shopping center and the apartment complex.

The 111,320 square foot center will be built on 13 acres of land located directly south of Highland Lakes. Parking is provided for 798 cars.

Also approved Tuesday night was a site plan for Revival Tabernacle which will be located on Six Mile Road east of Northville Commons.

Duck Fishin'

Continued from Record, 1

south failed to adjust its flight pattern and crashed smack-dab into the string.

Caught.

Tangled in the string, the helpless duck (or whatever) fluttered futilely to free itself. A thousand and one neighbors gathered and frantically sought help to free the duck.

Act II

Enter Gadabout.

Depending on the version, of course, by the time Bud appeared a covey of police agencies already were on hand, probably even the FBI, and no one had yet figured out a way to rescue the duck.

Calm, suave, and calculating, the chief carefully surveyed the situation, taking special care not to walk directly beneath the duck that eyed him suspiciously.

Drawing upon his early geometry training, the chief mentally measured the distance from the ground to the duck and from the duck to the ground. He tested the wind velocity, and checked the solar tables. Then he ordered: "Get me a fishing rod with a five-pound test line and a three-quarter inch bolt."

A menacing murmur went up from the crowd which, like the duck, now suspected the chief's intentions.

Act III

The rod and the bolt were produced. And Gadabout whipped the rod back and forth, testing its action. Satisfied it would do the trick, he tied the bolt to the end of the line.

More crowd murmurs, and a scared quack from the duck.

Gadabout backed off a ways, cocked his wrist and snapped a "perfect" cast skyward. As the bolt curved upward and started falling over the kite string, the chief deftly braked the reel and the bolt end of the line wrapped around the kite string.

(Gadabout remembers it was the first cast; others say it was the sixth).

Cheers went up as Bud reeled in the line, pulling the kite string and the duck towards the ground and freedom.

Epilogue

Bud's first and umpteenth version suggests that before the kite string was pulled completely to the ground, the duck freed itself and flew off to parts unknown.

Fellow firemen, however, question the veracity of that version, pointing out that the following day trash collectors spotted a large number of feathers in the vicinity of the Hartner garbage can.

Relocate School

Continued from Record, 1

If the bond issue in June for construction of the three schools fails, the district has agreed to pay the architect 80 percent of the fee.

Bids on the projects will be opened Tuesday, May 15, at 8 p.m. in the board of education offices.

Board members also authorized the superintendent discuss with City Manager Frank Ollendorff the city's request to place a sign at the foot of the high school directing motorists to Northville's business district. Trustees said before they made a decision on the matter, they wished to see what the city proposes.

Classes Set For Retirees

Persons planning to retire within the next few years who want to start preparing now will be interested in Schoolcraft College classes which begin on May 2.

Entitled "Countdown to Retirement," it is a seven-week pre-retirement course for older adults who want to look ahead now and take positive steps for their retirement. Classes will focus on social security and medicare, finance planning, legal matters, living arrangements, maintaining good health, and leisure time activities.

Classes will be held from 7 to 9:15 on Wednesday nights in Room 113 at Clarenceville High School, 20155 Middlebelt Road, Livonia. The program is sponsored by Schoolcraft's Community Services Office, and registration may be completed by telephoning Mrs. Betty Andrews at 591-6400, ext. 218.

Oil Company Seeks To Drill in Novi

Continued from Novi, 1

Appeals has heard extensive testimony regarding the problems involved in allowing the drilling to take place.

Their concerns regard two basic areas: (1) the effect the existence of a producing well will have on the future development of the surrounding area, and (2) the potential safety dangers in allowing the well to be drilled.

FUTURE DEVELOPMENT: Two representatives of companies owning property in the immediate area told the Board of Appeals that they had experiences with oil wells in the past and they did not feel that the drilling proposed by the Sullivan Company would be detrimental to the eventual development of their holdings.

However Joel Stender, a representative of Levitt and Sons, which is developing a multiple dwelling complex in the Walled Lake area, objected to the granting of the variance. A single well would have little effect, he asserted, but several wells would give the area an industrial direction and Levitt did not want industrial development near their residential complex.

Phillips, the co-manager of the Sullivan Company, showed the Appeals Board pictures of an extensive commercial development in Torrance, California, which had been constructed around an existing oil field.

Included in the commercial development were two major shopping centers, a Holiday Inn, and a major financial center, containing several modern banks and investment houses.

The pictures were proof, Phillips asserted, that an oil field did not stop development, and the proximity of the wells to the buildings was proof that any danger was minimal.

SAFETY HAZARDS: The Appeals Board expressed much concern about potential safety hazards involved with the existence of a oil or gas producing well in the area.

John McFadden, a geologist for the Sullivan Company, testified that it was generally a very safe business. There have been approximately 30,000 wells drilled in Michigan to date and there have been only 10 blow outs, he said. The last blowout he was aware of occurred six years ago, McFadden testified further.

Because the lines which bring the gas or oil to the surface are encased in cement, the geologist told the Board of Appeals, there is less danger in bringing the hydrocarbons up to the surface than there is in allowing gas and oil pipelines to be built along the surface and Novi already has vertical gas and oil pipelines running through its boundaries.

Novi Fire Marshall Ed McBride pointed out that the Novi Fire Department did not have the equipment to fight a gas or oil fire.

Representatives from the Sullivan Company maintained, however, that

fighting a fire at the drilling operation would involve the same type of hazard as fighting a fire at a gas station.

Whether or not the variance will be allowed is strictly up to the Board of Appeals. A meeting is scheduled for next week with the question of the oil well variance being the number one topic of discussion.

The Sullivan Company has requested that a decision be made as soon as possible as they have commitments

which will expire if the well is not in the ground by May 28.

Their arguments for the variance are that the hydrocarbon crisis facing the country behooves that all potential sources of hydrocarbons be investigated and tapped, and that since the area in Novi is presently undeveloped and any potential development of the land is five to ten years away, there is no better time than right now to sink the test well.

Planners Seek Council Talks

Wixom's Planning Commission, in a recent letter to the mayor and council, expressed regret that the planners have received no guidance from the city council as to what they feel is needed and acceptable for the city.

Councilman Val Vangieson said that in talking with the commission members, "most of them feel very strongly about wanting to meet with the members of the council and perhaps they are right. We might not have been pushing enough in the way of planning."

More specifically, the letter, signed by Planning Commission Chairman John W. Miner, asked that the members of the commission be permitted to attend the budget discussions so they could better see how the council leans in the areas of industrial development, ecology, new businesses and other planning matters in the city.

Mayor Gilbert C. Willis stated, "I look upon the Planning Commission as a body for the city apart from the council and I am opposed to the council telling the planning commission what to do."

At that point, Vangieson interjected his feeling that the city council would do good by meeting with them.

"From the way I understand it," said Councilman Fred Morehead, "they don't want actual guidelines on how to plan, what they want is the council members' feelings in the areas of planning."

T.V. TARGET
by CHUCK MACHAEL

"No more game shows please!" This is the cry among many of our daytime television viewers. "They're a mass of misguided prize giving and semi-difficult questions that really prove nothing at all!" On the other side of the question, however, is a constituency which approves of game shows as an entertaining and educational pastime. They only wish they could be contestants and win some of the great prizes given away! How do you stand on this issue?

At A & A TV REPAIR, 42990 Grand River Av., Novi, 349-0140, we service all makes of black & white and color tvs. We offer free pick-up and delivery on major in-shop repairs. Quick service calls—same day service. When you're ready for a new tv set, think of A & A TV—we carry a complete line of MOTOROLA and ZENITH products.

HELPFUL HINT: Keep a bowl of fruit handy during a night of television viewing. It's a great non-fattening snack.

Hard Hitting Mustangs Top Churchill

Nobody's called them either "Murderer's Row" or "The Big Orange Machine" yet, but if the members of Coach Chuck Shonta's Northville baseball team continue to rip the cover off the ball like they did last week, such phraseology will be forthcoming shortly.

In three games last week the hard-hitting Northville nine rapped out 29 hits in 89 official trips to the plate for a team batting average of .326.

Included in the barrage

were four doubles and two home runs - one of them a 370 foot shot over the fence in straightaway center field and the other a three run blast in the bottom of the seventh inning that transformed a potential 9-7 loss into an exciting 10-9 win.

All told the Mustangs converted all those hits into a total of 22 runs.

And what did they get for their lusty hitting performance?

Well, for one thing they collected three more victories

to run their season's record to 4-0.

But more importantly they also collected a 4-3 triumph over Western Six Conference favorite Livonia Churchill to get their own conference season off to a good start and get the Charger's conference season off to a not-so-good start.

"It's no surprise to me that we hit the ball as well as we did," commented Shonta after his squad had followed up their 4-3 triumph over Churchill Wednesday by

sweeping a Saturday afternoon doubleheader from South Lyon. "We only got two runs against Brighton in our opener, but we were really hitting the ball. You could tell that we were going to start scoring some runs soon."

What was surprising to Shonta was the way his Mustangs roughed up Churchill ace Ken Wood. The big senior was undefeated in conference play last year and returns as the top hurler on the Churchill staff.

But the Mustang hitters

displayed a distinct lack of respect for his offerings. They struck for one run on a pair of hits in the second inning and then sent him to the showers in the third as four of the first five Northville batters stroked singles.

In spite of their second and third inning uprisings, however, the Mustangs were forced into playing catch-up baseball against the Livonia school.

Joe Bishop walked the first two hitters he faced in the first inning and before that

frame had ended the Chargers had a 2-0 lead.

Northville got one of those runs back in the top of the second as Bill McDonald belted a double and Ted Marzoni came through with a two out single to bring him home.

Bishop's inability to find the plate got him in trouble again in the third inning. Bob Blaies worked the Northville southpaw for a lead-off walk and then rode home on Pete Kelly's double.

The Mustangs finished up all the scoring in the game in the bottom of the third when they sent Wood to the showers. Jim O'Brien, Bart Taylor, and Randy Oginski, the top three hitters in the Mustang batting order, opened the inning with singles - Oginski's drive sending O'Brien across the plate.

After Dan Coleman had forced Oginski at second, McDonald came through with a single to drive in Taylor from third and the Churchill coach brought in Rick Panzoff to pitch for Wood. John Sherman lofted a fly ball to left field for the second Northville out, but Wally Reed then singled to left to score Coleman with what proved to be the winning run in the 4-3 conquest.

Bishop, who gave up just four hits, was plagued by wildness and had to struggle in almost every inning. In the last of the seventh the Chargers loaded the bases with one out, but Bishop K'd Jim Foster for the second out and Ron Renault made a fine running catch of a long fly ball for the third out to preserve the Mustang victory.

Taylor and McDonald each went three for four in the game, while Reed and Oginski each had a pair of safeties, as the Mustangs stroked out 12 hits in the winning effort.

Northville swept the doubleheader from South Lyon by scores of 9-7 and 10-9.

In the first game, three rbi's by Oginski and a two run blast by Dan Coleman that cleared the fence in straight away center field some 370 feet - from the plate, helped the Mustangs build up a 9-2 lead over the Lions by the sixth inning.

But Ed Kritch, the Mustang hurler, tired in the sixth and the Lions rallied for three runs that cut Northville's lead to 9-5. Kritch struck out the first batter he faced in the top of the seventh, but he walked the second batter and Lion third sacker Joe Stephens

Jim O'Brien Slides Safely into Third Base in the First Game of Northville's Doubleheader with South Lyon as the Ball Eludes the Lion's Third Baseman

'1/4 Mile Club' Spurs Novi Nine

Ever since Rick Trudeau instituted the Quarter Mile Club, the hitting performances of the members of his Novi baseball team have improved considerably.

"After our first three games we were 1-2," observed the second-year coach of the Novi nine. "One of our problems was that we were striking out too often. We had 10 strike outs in our first game, 11 against South Lyon, and eight against Dexter.

Concluding that his hitters were not "mentally tough" with two strikes on them, Trudeau provided a little incentive by dictating that from this point now and forevermore, anyone striking out in a game would have to run a 440 on the track - thus, the Quarter Mile Club.

The results?

Terrific. Against Walled Lake Western, just three Wildcats went down on strikes, there was only one whiff against Brighton, and then three more against Chelsea Friday.

"In the last three games we've had a total of ten hits from batters who had two strikes on them," reported Trudeau. "That's the kind of hitting I like to see."

The decrease in strike outs has had a positive effect on the Wildcat's won-and-lost record too. Ever since Trudeau put the new rule into effect following a 5-1 loss to Dexter last Tuesday, the Novi Squad has won two of three games and are knotted with Lincoln and Dexter for second place in the SEC standings with identical 2-1 records.

Saline leads the conference with a 2-0 record.

The lone Novi loss during the last week was a 3-2 heartbreaker to Class A Walled Lake Western.

"We beat them statistically, but they beat us on the field," commented Trudeau. "They got two runs in the first inning without benefit of a hit and that was the difference in the ball game. Our pitchers held them to two hits, but they still won the game."

A walk, an error, and an infield ground out put

Warriors on second and third in the first inning, and then two consecutive passed balls brought both men in to give Western a 2-0 lead. Novi narrowed the gap to 2-1 in the top of the second when Kevin LaFleche singled home Eric Hansor and the Wildcats tied it up at 2-all in the top of the third as Mike Riley doubled home Dave Brown.

Walled Lake tallied the decisive run in their half of the third, however, when catcher Eric Hansor was unable to locate a swinging bunt by Frank Marotta as Rick Shekell came dashing in from third.

After the 3-2 loss to the Warriors, however, the Wildcats came charging back to win their next two games. Mike Riley with relief help from Eddie Brown hurled Novi to a 4-1 conquest of Brighton Thursday and then the Wildcats blasted perennial conference champion Chelsea Friday 15-7.

Brighton scored a run in the very first inning against Riley, but after that the Novi

hurler held them scoreless until the fifth, when Eddie Brown took over and pitched the final two innings.

Riley shared hitting honors in the game with Sean O'Brien. The Novi pitcher tied the game at 1-1 in the third with a home run over the centerfield fence, and the Wildcats piled up a 3-1 edge in the fourth as Pantalone singled home Hansor and then O'Brien lofted a long fly ball to left that brought in Pantalone who had moved around to third base. O'Brien collected another rbi in the sixth as he singled home Pantalone, who had singled and stolen second.

Pantalone had three hits in three trips to the plate in that game and Eddie Brown and Riley each picked up a pair of safeties as the trio accounted for seven of the nine Novi hits.

But the best game of all, as far as Trudeau was concerned, was the Wildcat's 15-7 trouncing of Chelsea Friday.

"They've been a powerhouse for so long that we just kind of get fired up when we play them," commented the Novi mentor. "That and the fact that eight of their starters from last year graduated helped us beat them pretty badly."

The Wildcats wrapped up the verdict in the first inning as they stroked out nine hits and scored 10 runs before the first Chelsea hitter had even come to the plate.

At one point six straight Novi batters - Dave Brown, Pantalone, Riley, Tim Assemany, Hansor, and Kardell - rapped singles in that opening inning spree. Dave Brown had a bases loaded single and Pantalone had another single which brought in two runs as the Bulldogs were unable to stop the deluge.

From that point on, the Wildcats coasted. Kardell drove in a run in the second inning with single and Riley collected his second home run of the season with a drive over the centerfield wall in the fifth inning.

Pantalone, the Novi hurler, was meanwhile scattering six Chelsea hits throughout the six innings he worked. The Wildcat left-hander had ten K's. Eddie Brown pitched the final inning and struck out two of the three hitters he faced.

Mustang JVs Win In Seventh Inning

It took them seven innings to finally get warmed up, but Northville's junior varsity baseball team finally found the range against South Lyon and rallied for three runs in the bottom of the seventh inning to turn a potential 3-1 loss into a 4-3 victory.

"Time almost ran out on us," commented Gary Emerson, coach of the Mustang junior varsity. "But fortunately our big guns finally got going in the seventh"

The Lion jayvees had jumped off to a 3-0 lead with a three run outburst against Northville's John Boland in the top of the third.

The Mustangs got one back

in the fifth when Bill Beason singled in Bill White, who had stroked a two out double to left, but still trailed 3-1 when they came to the plate in the bottom of the seventh.

First baseman Tom Eis led off with a triple and White sent him trotting home moments later as he smacked his second double of the game.

The next Northville batter popped out, however, and the man following him hit a grounder back to the pitcher who twirled and cut down the runner coming into third. With two down and a runner on first, shortstop Tom Dooley hit a double to left that put runners on second and third and brought in a new Lion pitcher.

A wild pitch brought in

Beason from third with the tying run and Keith Trumble then hit a shot between the left and center fielder that scored Dooley with the winning counter.

"We hit some real shots in the game," commented Emerson, who helped develop some of the hearty hitters now gracing Chuck Shonta's varsity nine. "White had four blasts in the game and Trumble really ripped the ball which scored the winning run. I think we're going to have a good offensive team again this year."

John Boland went all the way on the mound to pick up the victory. He gave up seven hits and walked four, while striking out six.

Northville's record now stands at 1-1.

19-INCH ROTARY MOWER

• 3 H.P. Briggs & Stratton Engine
• Remote Throttle Control

Value priced mower with fine features: recoil starter; side ejection; 6" radial disc wheels with nylon bearings; big 1/4" chrome plated safety folding handle; rear baffle. 19" cut. Comes completely assembled. 0205/1-S193

MISSED PASS—Dave Miller (right) and Jim VanWagner have trouble getting together in the baton pass in the 880 Yard Relay in the Wildcat's meet against Dexter last Thursday. The missed pass was particularly

disappointing because the Dexter relay team had already been disqualified for passing outside the zone and all Novi had to do was finish to win the five points; instead, both teams were disqualified.

Cook Avenges Diving Loss

Not satisfied with his second place finish in the MHSAA diving championships, Northville's Tom Cook has undertaken a busy schedule of competition in AAU diving.

Cook's hard work was rewarded at the AAU Junior

Olympic Diving Championships in East Grand Rapids recently when he finished first in the one meter springboard competition, beating James Black of Northwood, the diver who had beaten him for the state crown.

Cook also finished fourth in the three meter springboard competition in the AAU Junior Olympics.

In the AAU Age Group State Championship held in Ann Arbor April 14, Cook finished second in both the one and

three meter springboard events.

Scott Knapp, another member of the Northville High School swim team, finished fifth in the three meter springboard diving in the Age Group Championships.

No Sprinters Proves Fatal

Thinclads Fail Twice

With such stalwarts as Pat Boyer and Jim VanWagner, Bill Ross and Kirk Rosey on hand, it looked as if the 1973 season was going to be a good one for the Novi thinclads.

Now, however, after three dual meets have been completed, the Wildcats' record stands at 0-3 and it is becoming increasingly obvious that the story of the 1973 Novi track team is not going to be so much about the quality of the performers they do have, but the type of performers they don't have.

In spite of the considerable talents of Boyer and VanWagner, Ross and Rosey, et al., the Wildcats are sadly lacking in two vital areas - the sprints and the pole vault. And, unfortunately, those two deficiencies could go a long way toward making Novi's dual meet season a poor one.

Dreadnaughts took 1-2-3 in the 100 and first and third in the 220 and then won the 440 relay to take 20 of 23 possible points. Again the Wildcats were swept in the pole vault, as Dexter compiled a 29-3 lead in the sprint and pole vault events.

Del Munson, the Novi track coach, remained philosophical about the two losses. "There's an old saying that says you got to play with the cards that are dealt you," he said. "Unfortunately, we weren't dealt a sprinter so we'll just have to get by with what we've got."

"Sure it's disappointing to lose meets just because we don't seem to be able to come up with a sprinter," he continued, "but there's nothing we can do about it."

In the Chelsea meet, the Wildcats were able to take just six firsts in the 15 events as they suffered the 71-52 loss. And once again it was Pat

Boyer who paced the Novi thinclads as he was their only double winner.

The big senior won the high jump (6') and the high hurdles (16.4) and then finished second in the low hurdles (22.8) and third in the long jump (19'3") to personally contribute 14 points to the Novi total.

Other Novi winners against Chelsea were Kirk Rosey who won the mile in 4:50.7; Dave Miller who won the two mile in 11:05.3; and Bill Ross who won the 880 in 2:06.9. Novi's final victory came in the mile relay where VanWagner, Ross, Mel Stephens, and Brian Schingeeck turned in a 3:39.4 clocking.

Second places against Chelsea were recorded by VanWagner in the shot put (38'8") and 440 (53.2); Ross in the long jump (19'5"); Schingeeck in the 880 (2:07.5); and Mike Holroyde in the 220 (26.0).

Novi did slightly better against Dexter, taking seven firsts. This time Boyer accounted for three of them as he won the long jump with a leap of 19'1", topped the six foot mark to cop first place in the high jump, and then turned in a 17.0 clocking to win the 120 yard high hurdles. VanWagner was a double winner in the meet, as he won the shot put (37'7") and the 440 with a 53.3 timing.

Other firsts were turned in by Ross who led Brian Schingeeck across the line in 2:08.1 for a one-two Novi finish in the 880 and the mile relay team of VanWagner, Mel Stephens, Ross, and Schingeeck, which won their event in 3:47.6.

Second place finishes were recorded by Jim Cook in the high jump (5'10"), Rosey in the mile (4:57.2), Schingeeck in the 880 (2:08.5); Dave Miller in the two mile (11:27); and VanWagner in the 220 (25.2).

Last week the Wildcats lost their second and third dual meets of the season in as many outings. First Chelsea topped them 71-52 and then on Friday Dexter took a 65-53 victory.

In each meet, Novi's defeat could be traced directly to the sprint and pole vault events.

In the Chelsea meet, the Bulldogs won the 880 and 440 relays and took first and second in the 100 and first and third in the 220 to take 24 of a possible 28 points in the four sprint events. The Bulldogs also swept first, second, and third place for nine points in the pole vault.

About the only thing that remained consistent about the performance of the Novi junior varsity baseball team last week was "blasting." If the Wildcat jayvees weren't busy blasting somebody, they in turn were being blasted by somebody else.

In the four games involving Coach Bob Weinburger's charges last week, a total of 66 runs were scored - an average of something more than 18 runs per game.

And, as fate would have, once all the dust from runners circling the bases had settled, the Novi jayvees were pretty much where they'd started, as

they won two and lost two.

The week got off to a poor enough start when Weinburger's Novi nine was humiliated by Walled Lake Western 15-0. "They hit the ball and we didn't. That's about all there is to say about that game," commented the Novi coach.

Things were reversed when the Wildcats met Brighton the following day. Dave Piotrowicz and Pat McAllen each rapped out three hits as the Wildcats took a 10-2 decision. Novi got five runs in the second as Mike Collins tripled with two men on base and Gary Ford also collected a run-producing hit in the surge. Bill Barr, Dan

Assemany, Pat McAllen, and Dave Piotrowicz put together four singles in the sixth inning to produce four more Novi runs.

Saturday the Wildcats split a double header with Clarenceville. The Trojans won the first game 11-9, but Novi came roaring back to take the nightcap 12-7. Gary Ford with a triple and single drove in three runs, Bill Barr drove in two more with a single, and Piotrowicz also contributed a run producing single to pace the Novi attack.

John Hanson pitched the first four innings to pick up the victory. Scott Parsons relieved him in the fifth and struck out seven hitters in the three innings he worked.

LUNGING FOREHAND—Greg Boll, co-captain and number one singles player on the Northville tennis team, lunges to hit a forehand shot in a match played last week.

Boll, a junior, won this match, but lost to the top netter on the Churchill squad as his season's record was evened at 2-2.

Churchill's Too Much

Netters Fall 7½-0

Greg Boll, captain of the Northville tennis team, spent a goodly portion of Saturday afternoon sitting under gloomy skies watching the Mustangs' baseball team sweep a doubleheader from South Lyon.

"How many matches did you have last week?" he was asked by an interested follower of the Northville net squad.

"Just one," replied Boll. "We got beat 7½-0 by Churchill. But it was a lot closer than the score indicates," he added quickly. "A lot of the matches were really close and could have gone either way. We're eager to play them again."

It is a sign of the improving status of the Northville tennis team that Boll could remember just one match the previous week. In actuality, the Mustangs had played twice, shutting out Milford 7-0 in addition to their 7½-0 loss to the Churchill squad.

It is characteristic of winning teams that victories are soon forgotten, while the defeats are remembered vividly.

Northville's loss to the Chargers was not unexpected.

"They're definitely the team to beat for the Western Six championship," asserted Bob Simpson, coach of the Mustang netters. "They finished second last year and they've got their whole team returning, so we knew they'd be tough."

But as Boll pointed out, the match was somewhat closer than indicated by the 7½-0 final score. Boll lost 7-5, 6-4 at first singles, while Frank Knott was falling at second singles 6-3, 7-5. And for the first time this year, John Oatey at third singles and Jamie Boshoven at fourth singles also lost.

Oatey's dual meet record fell to 3-1 as he lost 6-3 in his first game and on a tie breaker in the second. And Miss Boshoven staged an even

tougher battle to remain undefeated before finally losing in three sets - two of them going down to a tie-breaker.

In doubles, Northville's top team of Cary Eaker and Rick Norton lost 6-0 in their first game and then lost the set on a tie breaker in the second game. Jon Sewell and Jim Bonamici lost 6-0, 6-0 at second doubles. And the third doubles team of Rob Bowman and John Folino lost 7-5, 6-3.

"We've got another shot at them later in the season," Simpson pointed out. "And I hope it will be a different

story. A lot of the matches were close enough so that I think we can have some hope to defeat them the second time around. We can just hope that the home court advantage will throw some of those close matches in our direction."

The Mustangs blew over Milford easily. The Redskins failed to win a single set and won a total of just 19 games against the Northville netters.

Boll won at first singles 6-3, 6-2; Knott, won at second singles 6-1, 6-0; and Oatey and Boshoven both picked up their third victories of the season at

third and fourth singles respectively. Oatey dispatched his opponent 6-2, 6-3, while "Billie Jean" coasted to a 6-0, 6-1 triumph.

In doubles play, Eaker and Norton won 6-0, 6-1; Sewell and Bonamici won 6-3, 6-2; and Bowman and Folino won 6-0, 6-1.

It was the second shutout of the season for the Northville racketeers who now have a 2-2 record.

Still, all Simpson and Boll wanted to talk about was their return match with Churchill. "We've got a chance," said Simpson.

Offer Tennis Lessons

Classes in tennis instruction are currently being planned by the Community Education department of the Novi School system.

The classes, which are open to anyone 18 years of age or older, will be conducted over an eight week period, beginning May 5 and concluding June 23.

Two one-and-one-half hour sessions will be held each Saturday: one beginning at 12 noon and the other at 1:30 p.m.

The classes will be held on the tennis courts behind the School Administration Offices on Taft Road by the High School.

Cost of the eight one-and-one-half hour sessions is \$16.

The classes will provide instruction for both the novice and the more experienced tennis player. Those enlisting in the school will need their own racket and shoes; tennis balls will be provided.

Registration may be made in advance or at the initial May 5 session.

Those registering in advance should write their name, address, and phone number on a piece of paper and either send it to the Community Education Offices or drop it off at the School Administration Offices on Taft Road. The piece of paper should also indicate preference for either the 12 noon or 1:30 p.m. session.

Address of the Community Education Program is: Community Education Program; care of Carl Hultquist; 25575 Taft Road; Novi 48050.

Anyone wishing further information on the tennis program should contact Hultquist at 349-5126.

Schedule

THURSDAY, APRIL 26
Track: Walied Lake Western at Northville, 4 p.m.
Golf: Milan at Novi, 3:30 p.m.
Baseball: Saline Junior Varsity at Novi, 4 p.m.

FRIDAY, APRIL 27
Baseball: Northville at Plymouth Salem doubleheader, 12 noon, Dundee at Novi, 4 p.m.; Plymouth Salem Junior Varsity at Northville, double header, 12 noon.
Tennis: Walied Lake Central at Northville, 4 p.m.
Track: Novi at Central Michigan University Relays, all day.

MONDAY, APRIL 30
Baseball: Northville at Farmington Harrison, 4 p.m.; Livonia Churchill at Novi, 4 p.m.; Farmington Harrison Junior Varsity at Northville, 4 p.m.
Tennis: Northville at Farmington Harrison, 4 p.m.
Golf: Novi versus Dexter and Dundee at Dundee, 3:30 p.m.

TUESDAY, MAY 1

Girls Softball: Waterford Mott at Northville, 3:30 p.m.
Track: Novi at Saline, 4 p.m.
Tennis: Chelsea at Novi, 4 p.m.

WEDNESDAY, MAY 2
Baseball: Northville at Waterford Mott, 4 p.m.; Waterford Mott Junior Varsity at Northville, 4 p.m.
Girls Softball: Novi at Brighton, 4 p.m.
Tennis: Northville at Waterford Mott, 4 p.m.
Track: Cooke Middle School at Pearson, 4 p.m.; Northville Girls at Plymouth, 4:30 p.m.

Churchill's Thinclads Overwhelm Mustangs

Jim Porterfield got off a tremendous heave of 51'5" in the shot put.

And Guy Cole turned in an outstanding 4:30.4 clocking in the mile run.

But in spite of those two school record-breaking performances, Coach Ralph Redmond's Northville track team suffered one of its worst defeats in recent history as it was pummeled by a powerful Livonia Churchill squad 91-32.

Redmond, however, was just not all that disturbed about the shellacking.

"The thing that's important about a meet like this," stated the veteran Mustang cinder coach, "is not that we lost by as much as we did, but the type of performances our kids were turning in. We got those two school records and some of the other performances turned in by our younger kids showed a great deal of promise."

"Churchill's got a very fine team," Redmond continued. "In fact, they've probably got the most balanced team we've faced in a long time. They haven't got a single weak event. They've got a strong performer in each of the 15 events."

"But what makes them so tough is their depth. Not only do they have a good number one man, they've also got an almost equivalent number two man right behind him."

Redmond's statements were backed up by a quick glance at the results. The Chargers swept all three places in four events (the long jump, high jump, high hurdles, and two mile run) and grabbed first and second in three more events (the 100 and 440 yard dashes and the low hurdles).

"They've really got a strong team," commented Redmond.

Still, some of the performances turned in by Mustang runners were enough to cheer Northville fans in spite of the lop-sided Charger victory.

Perhaps typical of the races which caused Redmond to feel a certain amount of ambivalence about the meet was Cole's duel with the Charger's Mike Priebe in the mile run.

The Mustang junior shaved almost a full four seconds off the old school record in crossing the finish line in a 4:30.4 clocking, but, believe it or not, still finished second.

Priebe, a 6'3" senior, won the race with a 4:29.7.

"It was a great race," reported Redmond. "They were together all the way. They came into the final 220 leg for leg and Priebe was a little stronger and managed to pull away to reach the tape first. He told me after the race that his time was 10 seconds faster than his best previous time in the mile and he couldn't have done it if Cole hadn't been battling him every inch of the way."

"It's really a thrill to watch a race like that. Both boys were winners as far as I'm concerned."

The other school record was turned in by Big Jim Porterfield, the Mustangs' husky 5'10", 215 pound shot put star. Porterfield tied Fred Hick's 1969 school record of 50'3" last week in upsetting Mott's Gordon Sheldon, the defending league champion; and this week gained sole possession of the school

record as he got off a put of 51'5".

Churchill's fine sophomore Jim Reardon was unable to keep pace with the Mustang star as he settled for second place with a 45'7" put.

"One of the nice things about Porterfield's performance," commented Redmond, "was that every one of his puts was out over the 50 foot mark. That's the kind of consistency we're looking for from Jim. When you've got a shot putter who consistently puts the shot out over 50 feet, you've really got something."

Porterfield's record breaking performance accounted for one of just four victories the Mustangs were able to post against the Chargers.

Pole vaulter Bill Witek soared 12'6" to take first place

in his specialty. And, after the outcome of the meet had already been determined, Bill Pettit won the 220 in 24.3 and the mile relay team of Cole, Tom Coram, Bob Bloomhuff, and Tim Taggart won their event with a 3:48.5 effort.

Other good Northville performances were turned in by Tom Coram, who finished second in the 880 with a 2:04.8 clocking and Bob Bloomhuff, a sophomore who turned in his best effort of the year in the 440 with a 53.6 clocking, good for third place.

Rick Marcicki finished second in the 220 (24.4), Dennis Keegan took third in the low hurdles (23.2), and Bill Pettit was third in the 100 (11.0).

Long Jump: Mendoza, C. 18'3", Damaska, C. 18'11", LaFave, C. 18'3".

Shot Put: Porterfield, N. 51'5", Reardon, C. 45'7", DiLaura, C. 44'9" (Porterfield's distance of 51'5" breaks the former school record of 50'3" set by Fred Hicks in 1969 and tied last week by Porterfield).

High Jump: Young, C. 6' Honke, C. 5'8", Felner, C. 5'8".

Pole Vault: Witek, N. 12'6", Powers, C. 11'6", Fischer, C. 11'.

880 Relay: Churchill, 1:34.0, Northville, 1:38.5.

120 High Hurdles: Honke, C. 16.3, Swain, C. 18.6, Denver, C. 18.7.

Mile Run: Priebe, C. 4:29.7, Cole, N. 4:30.4, Gully, C. 4:48.5 (Cole's time of 4:30.4 breaks the former school record of 4:34.2 set by Bill Harrison in 1967).

100 Yard Dash: Mendoza, C. 10.5, LaFave, C. 10.6, Pettit, N. 11.0.

440 Yard Dash: Kahn, C. 51.2, Damaska, C. 52.5, Bloomhuff, N. 53.6.

180 Low Hurdles: Phillips, C. 21.5, Honke, C. 22.7, Keegan, N. 23.2.

Two Mile Run: Kupper, C. 10:23.2, Parkinson, C. 10:34.3, Reilly, C. 10:41.2.

220 Yard Dash: Pettit, N. 24.3, Marcicki, N. 24.4, Bulls, C. 24.5.

Mile Relay: Northville (Cole, Coram, Bloomhuff, Taggart), 3:48.5, Churchill, 3:59.7.

440 Yard Relay: Churchill, 45.3, Northville, 49.9.

Sixth in Marysville Relays

But Mustangs Rebound

Northville's track team recovered quickly from the jolting it received from Livonia Churchill Wednesday.

Coach Ralph Redmond took his Mustang thinclads to the Marysville Relays Saturday where they celebrated their return to Class B competition by finishing sixth among the 26 schools who participated in the Class B portion of the meet.

"I was pleased that the boys were able to bounce back as well as they did after the

beating we took at Churchill," commented Redmond. "We consider this somewhat of a rebounding year so we were pleased at being able to finish as high as we did in the final standings."

The Mustangs accumulated their points with a third place finish in the four mile relay, a fourth place finish in the Marysville Relay, and a pair of sixth place finishes.

Top performance was turned in by the four mile relay team of sophomore

Robbie Foust and juniors Kevin Kofler, Tom Coram, and Guy Cole. The quartet had a 19:42 clocking for the distance.

Taking fourth place was the Marysville Relay quartet. Bill Pettit opened with a 110, Bob Bloomhuff followed with a 330, Coram ran a 220 on the third leg, and Cole carried the baton across the finish line with a 440.

Sixth place finishes were recorded by the spring medley and mile relay teams.

In the sprint medley, Bloomhuff, another sophomore, opened with a 440; Pettit and Rick Marcicki then turned in a pair of 220's; and Tim Taggart completed the relay with a 440 anchor leg.

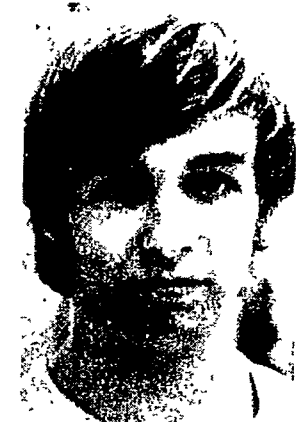

In the mile relay Pettit, Bloomhuff, Coram, and Cole combined efforts to record a 3:43.0 clocking.

Outfielder

Jane Stubenvoll, a Grand Valley State College sophomore from Northville, has gained a position as a starting outfielder for the Colleges' Women's Softball team.

Miss Stubenvoll, who attended Northville High School, earned varsity awards for intercollegiate competition in volleyball and basketball already this season.

Mustang of the Week

JOE BISHOP

Joe Bishop has been selected Mustang of the Week for his plucky performance against the Livonia Churchill baseball team. The junior southpaw struggled throughout the game as he was plagued by eight bases on balls. He surrendered just four hits, however, and was tough when he had to be as he hurled the Mustangs to a 4-3 victory over the strong Charger nine.

NOVI HIGHLIGHTS

By JEANNE CLARKE
624-0173

Fellowsville, West Virginia was the destination, last week, of Mr. and Mrs. Cliff Ridenour of Dixon Road. The trip was made to attend the funeral of her brother-in-law. The Ridenours returned to Novi on Monday.

It was a weekend visit to Tuscola, Indiana for Mr. and Mrs. John French. While there, they visited her mother, Mrs. Sylvia Green, and Mrs. Millard Lindsey and Mr. and Mrs. Eugene Dallas.

Rene Gattrell of Eleven Mile Road has recently returned from a two week vacation in Hawaii.

Mr. and Mrs. Steve Brewer spent the Easter weekend in the Baraton area of the state. Mr. and Mrs. Alvin Killen of Beck Road were Easter dinner guests of Mr. and Mrs. Harold Hatchett of Northville.

Lloyd Brewer, now stationed in Hawaii with the Army, is home on a two week leave and is visiting friends and relatives in Novi.

Guests of Mrs. Vivian Coleman for Easter dinner were her daughter and family, Mr. and Mrs. Ron Slover and sons John and Jeff of Detroit.

Mr. and Mrs. Sam Johnson have returned to Novi from a winter in Punta Gorda, Florida.

Guests of the Russ Taylor's for Easter Day included Mr. and Mrs. Bob Taylor, Mr. and Mrs. Leo Gregory and family, Mr. and Mrs. Russell Taylor and family, Mrs. Bruce Brown and Mrs. Anna White.

The daughters of the Leslie Clarke's and their families were Easter guests at the

Clark's Thirteen Mile Road home.

Mr. and Mrs. Herman Worley and family traveled to Kalkaska, last weekend, in their new trailer-bus.

NESPO

Parents of children in the Novi Elementary School are encouraged to attend the NESPO meeting on Tuesday, May 1. Parents in the area whose children will begin attending Novi Elementary in the fall are also invited to attend.

Program Chairman, Janet Kurin will soon present the finalized plans for the May 11 Father and Son night.

NOVIREBEKAH LODGE

New members who were brought into the Lodge in special April 19 initiation services were Audrey Ortwine, Neva Ortwine, Lucille Ortwine and Joan Tobel.

The Lodge will hold a regular meeting on Thursday, April 26, at 8 p.m. when the hostesses will be Lillian Byrd and Thelma Cheeseman.

Lodge members will attend the district meeting on April 28. The day will begin at 9:30 a.m. There will be luncheon at noon and a memorial service at 1 p.m. under the leadership of Mary Ann Atkinson.

A May 3 meeting and potluck dinner will be held by the Past Nobel Grands.

The Independent Rebekah Club will meet at noon on May 7 and Lillian Byrd and Signa Mitchell will be hostesses.

NOVIDRUG ABUSE

The next committee meeting will be at the home of Audrey Spaenza, 24400

Borderhill Road, on May 2 at 7:30 p.m.

Individuals interested in serving on the committee are asked to contact Corporal Robert Starnes at the Novi Police Department.

At the next meeting, additional plans will be made for the poster contest, now in progress.

GIRLS SOFTBALL LEAGUE

Registration for the Novi Parks and Recreation Girls Softball League will be held May 5 and 12.

The league will be open to all Novi girls, currently in third grade through those who will not have reached their 16th birthday before December 1, 1973.

Older girls are eligible to participate in the Women's League.

Mothers and fathers are needed in the league to serve as coaches. Interested persons are asked to contact Dolly or Tim Hensel at 349-0437.

CUBSCOUT PACK 239

The winners in the Pinewood Derby, held last week, were eight-year-old Kevin Gowans, nine-year-old Mike Colliu and Webelo Jim Pazderski. Jim was also awarded the Grand Prize.

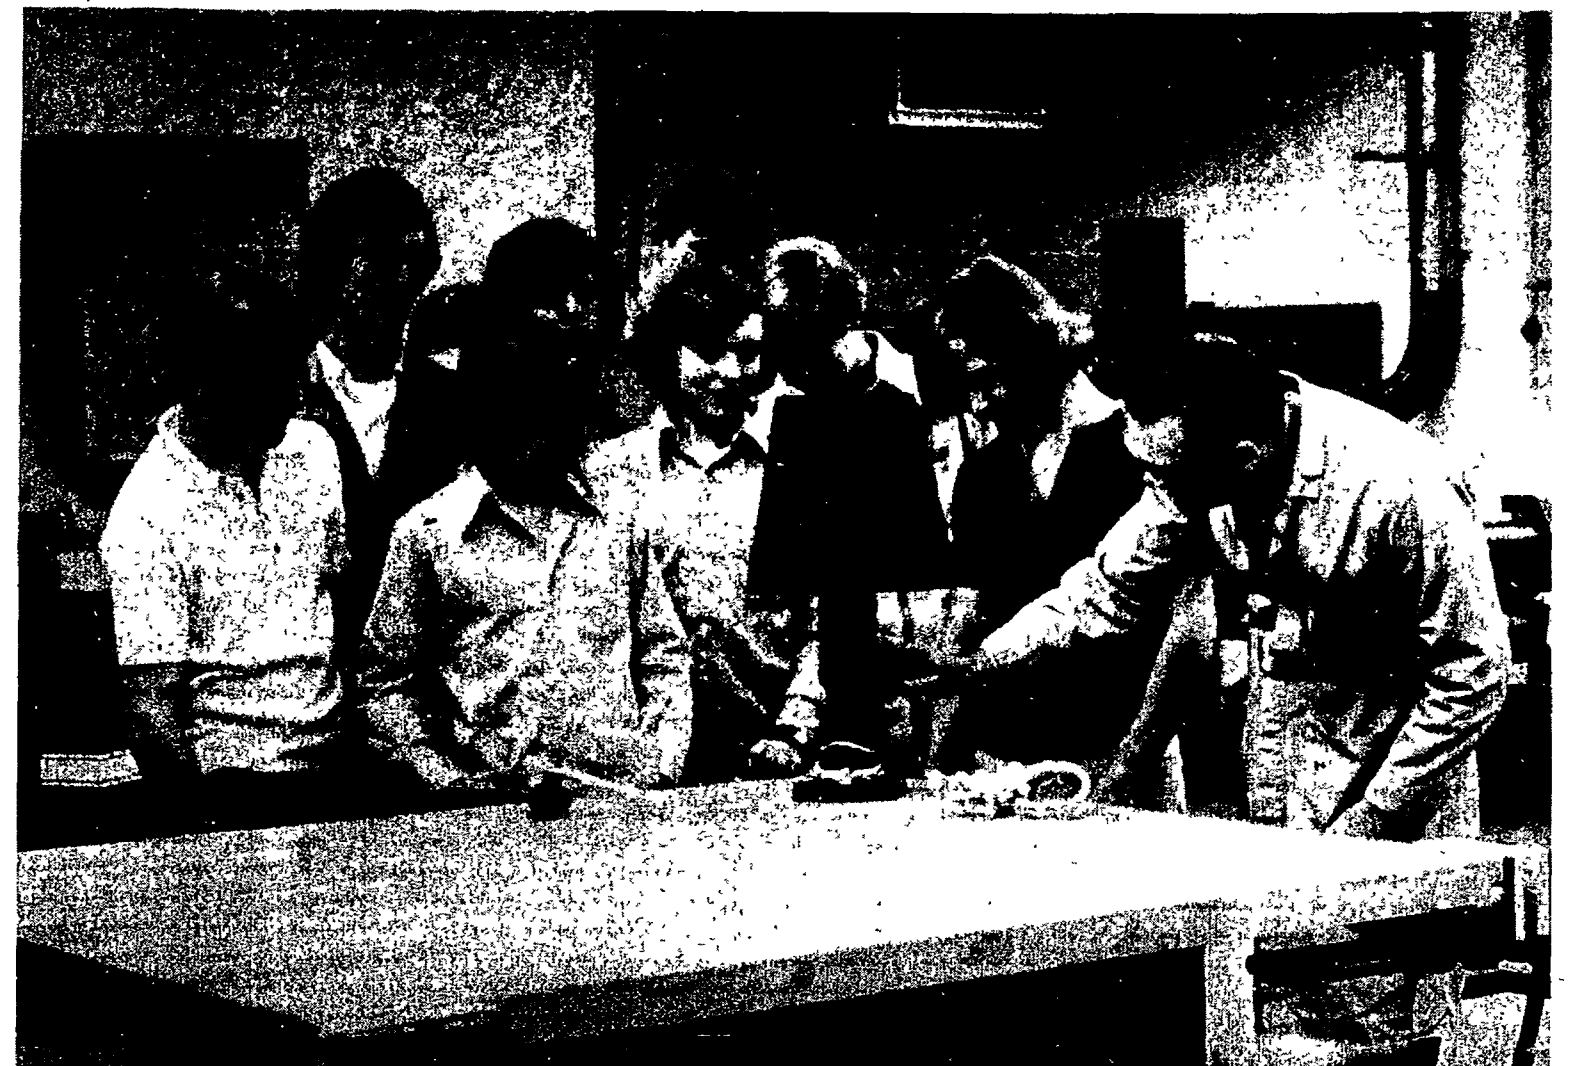

A committee meeting will be held on Thursday, May 3, at the home of Joe Colliu.

On Saturday, May 5, the Cubs will participate in a Clean-Up Day. They will begin at 8:30 a.m.

SOUTH WALLED LAKE BAPTIST CHAPEL

The women of the church are planning to participate in the statewide meetings of Women's groups, this week in Taylor.

The special speaker at the May 13-16 revival meeting meetings will be James Coldron. Each meeting will be

INDUSTRIAL ARTS WINNERS—Novi Middle School shop teacher Jack Jordan points out some of the fine work on a lamp made by Brian Cornett to seven of the nine Novi students who won prizes in the Michigan Industrial Education Awards program in Clawson recently. Pictured above in the front row (left to right) are Kurt Roderick,

Ron Taucher, Brian Cornett, Randy Selepe, and Jordan. In the back row are student teacher Dave McCrumb, Bill Giorgio, John Pisha, and Craig Pelchat. The two students who won awards but were unavailable for the picture were Paul Bolenbough and Tim Hardecki.

Shop Projects

Nine Students Win Awards

Nine Novi Middle School students brought home ribbons from the 1973 Michigan Industrial Education Awards program held in Clawson recently.

By virtue of winning either first or second place honors at Clawson, three of the Novi students will take projects to the annual convention of the Michigan Industrial Education Society in Grand Rapids, where they will compete for the grand award championships.

Jack Jordan, head of the Novi shop program, noted that this is the first full year of shop classes at the Middle School and the first year students have competed for honors.

"Our students won ribbons in almost every category we entered," reported Jordan. "We knew our students were doing good work and we've told them so. But winning awards in competition with our students from all over Oakland County helped point out just how good their work is."

Jordan further cited the contributions of student teacher Dave McCrumb to the Novi Middle School shop program.

Winning awards in the Finished Castings competition at Clawson were

Randy Selepe, whose alligator won first place honors; John Pisha and Ron Taucher who finished third; and Bill Giorgio, who received honors recognition.

In the Molding (aluminum) category Paul Bolenbough's dog was awarded first place, while Craig Pelchat finished third and Kurt Roderick received honors.

In the Wood Turning division Brian Cornett finished second with a lamp, while Tim Hardecki received honors, also with a lamp.

Selepe, Bolenbough, and Cornett are the three students whose projects qualified for the state competition.

HOME OWNERS CORNER

Bud Dye
Do you know what can be done about the white marks that sometimes appear on varnished wood? Simply prepare a mixture of one tablespoon of vinegar and a quart of water; then rub this on with a soft cloth and wipe it dry. White marks - that are made by hot dishes or spilled liquids can often be removed with turpentine. After such measures, always polish with silver polish or rottenstone and oil. Rubbing is what keeps furniture looking its best, so don't neglect the elbow grease!

Keep your home looking its best with tools and supplies from **NORTHVILLE LUMBER CO.** 615 E. Baseline, 349-0220. Choose from paneling by U. S. Plywood, Masonite, Royalcoat, and Panellim; Amerock hardware; Fisher and Sanitas wallpaper; and Dacor brick and stone. Delivery service. Open: 8-6, Mon-Fri; 8-5, Sat.

HELPFUL HINT:
Refinishing can often be facilitated by means of a scraper which is used in the removal of the old finish.

In Uniform

Second Lieutenant Donald L. Boatright, son of Mr. and Mrs. Loyd A. Boatright of 1508 Barwick, Norman, Okla., has been awarded silver wings upon graduation from U.S. Air Force navigator training at Mather AFB, Calif.

Lieutenant Boatright is being assigned to MacDill AFB, Florida, for flying duty with a unit of the Tactical Air Command which provides air support for U.S. ground forces.

Lieutenant Boatright's wife, Mary, is the daughter of Mr. and Mrs. William T. O'Neill of Novi.

Trio Competes

In Contest

Three Novi Middle School students competed recently in the annual Mathematics Contest sponsored by the Math Department of Eastern Michigan University.

Each school is allowed to send one student from each grade level 6-9 to the competition. Some 350 students competed in this year's contest.

Representing Novi Middle School were Cathy Blackmer (seventh grade), Bob Blackmer (eighth grade), and Chris Fritz (ninth grade). They were selected by the faculty on the basis of their performance on a math exam administered to the entire Middle School population by the teachers in the math department.

Although none of the Novi representatives received a trophy at E.M.U., faculty representatives expressed pleasure with the performances of the trio.

NORTHVILLE resident David L. Kull (right), recently discharged from military active duty, received the Army Commendation Medal Saturday from Colonel Joseph Bonfiglio, commanding officer of the 309th Civil Affairs Group, Infanter. The former captain received the award for meritorious service rendered while with the Judge Advocate General's Corps, the Army's legal system. Kull is now an attorney practicing in Redford.

Free Clinics Set

Oakland County's Health Department will be holding a free immunization clinic the first Tuesday of every month at the Southwest Oakland County Vocational Education Center (SVOVEC) at 1000 Beck Road.

The clinic, which will be open from 9 a.m. until 12 noon, offers all children's immunization shots and is available free of charge to any Oakland County child.

Novi's Jaycee Auxiliary will assist at the clinic.

No reservations are necessary. Parents are urged to bring a record of their children's past

immunizations if they have such a record available.

Novi High Selects Senior Prom Date

A fountain and old fashioned chandeliers will set the scene for "Only the Beginning", the theme chosen for the Novi High School senior prom.

Given by the junior class for the seniors, the dance will be held on Saturday, May 19, at the Thunderbird Hilton Inn, 14707 Northville Road in Plymouth from 8 p.m. until midnight.

Tickets are \$17 a couple and will be available at the high school during lunch periods from April 30 until May 11.

According to committee Chairman Jody Sibole, the price of a ticket will include a buffet dinner, dancing to the music of Fantasia and refreshments.

The dinner will be served at 8:30 p.m. and will include a choice of chicken or beef.

Students who attended the Homecoming dance at Novi High School this year heard Fantasia there.

The prom committee has made arrangements with a photography studio to take

FIRST BAPTIST CHURCH

At a recent service, slides were shown of the CYC camp which is located near Gull Lake. Children of the church are making plans to go to the camp.

Eight, nine and 10-year olds will go from July 9 to 14. Eleven and 12-year-olds will camp from July 16 to 21 and teenagers will be at the camp August 6-11.

Registrations are being taken now with a \$5 deposit. Those registering before June 1 will receive a free snack at the camp canteen each of the days they are there.

The cost is \$25 for the first camper in a family, \$20 for the second and \$15 each for all other members of the same family.

ORCHARD HILLS BAPTIST

A World Missionary Conference will be held at the church from May 6 through May 9. Those attending will near three foreigners and two home mission speakers.

In the absence of Pastor Collins, the message next Sunday will be brought by Pastor L. Brodbent.

The Jerry Smith Family will be leaving the church and will be honored at a special dinner on May 6.

NOVI PIN POINTERS

The mystery game was won by Virginia Burham and Bernice Senke.

The high bowlers were Diane Alexander with 211 and 542 series, Barbara Carmichael with 182 and Shirley Selepe with 180.

Bowlers will be attending the banquet on May 15. The standings are as follows:

Number One	79	45
Ashley & Cox	75	49
Kool Kats	73	51
Novi Drug	66	58
Nameless Ones	62½	61½
Hi Lo	62	62
Weber Contractors	61	63
Gutter Dusters	52½	71½
Right Ons	48	76
Mission Impossible	41	83

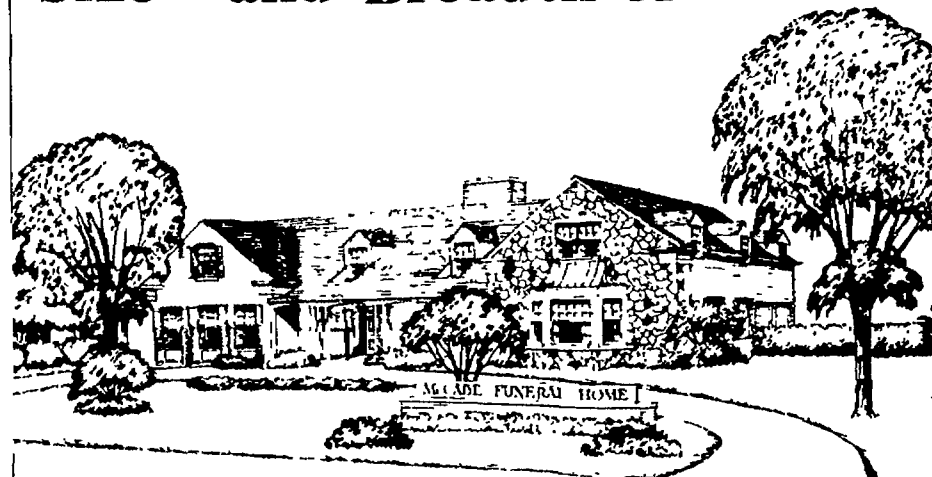

Faculty coordinators for the prom are Mrs. Cecile Carter and Norm Norgren.

Passion Play Stars Four

Four area special education students took part in a Passion Play April 12 at St. Clare Church in Farmington. Kevin Schrot played the part of Jesus, while Heidi Van Ee was the Virgin Mary. Paul McGuire was Pontius Pilate and Doris Tangney was one of the weeping women.

The play was under the direction of the teachers of special education religious classes at St. Clare.

Novi School Notes

Courses Approved for 1973-74

New courses to be included in the 1973-74 Novi High School curriculum next year have been approved by the board of education.

They include:
Life science (health education), required of all 9th graders, semester; earth science, semester; meteorology, semester; conservation, semester; natural resources, semester; science seminar (pilot program in 1972-73), semester; advanced placement chemistry, full year; and advanced placement physics, full year.
Current events, semester; introduction of social psychology, full year; American Government (formerly full year), semester; and distributive education, involving one class and the operation of a student run retail store in the high school building, full year.

Deleted from the curriculum:

Ninth grade general science, which according to officials is repetitive of the middle school, and other courses cover principles adequately.

Ninth grade civics, which according to officials is covered in other areas and there appears to be no demand for this course at this time.

Physical education classes for boys and girls, according to school officials, may have to be limited to freshmen and

sophomores due to lack of facilities.

Novi application for a \$10,000 grant for its community education program presently is being considered by the Center for Community Education at Eastern Michigan University.

According to Novi school officials, a decision on whether or not Novi will receive the money is expected within 30 days.

If approved, this "seed money" to help get Novi's program rolling, would be paid over a three year period—with \$5,000 the first year, \$3,000 the second year, and \$2,000 the last year.

Probably only two or three school districts in Michigan will be selected to receive grants, it has been learned.

Letters of appreciation have been sent to the Village Oaks Interested Citizens and Educators (V.O.I.C.E.) and to Mr. and Mrs. William Garret, 23006 Brook Forest Road for recent donations to the Novi school systems.

V.O.I.C.E. donated \$700 for the purchase of educational materials and equipment at Village Oaks school, and the Garretts donated \$25 to be used for the fifth grade class drive and educational materials at Village Oaks.

Letha Palmer, who has an MA degree in guidance, has been added to the Novi school system's list of substitute teachers, and Robert Libeau has been named custodian at the high school at an hourly rate of \$3.15.

Taft Crossing

Safety Measures Slated

Action has been taken by the City of Northville and Northville School District to relieve the potentially dangerous intersection of Eight Mile and Taft Road.

Employment of a crossing guard, beginning Monday, May 7, is one of seven items agreed upon following a

meeting recently on pedestrian safety conditions at the intersection.

The meeting included representatives of the school district, City of Northville, City Police Department, Oakland and Wayne County Road Commissions and the Automobile Club of Michigan.

The meeting was held following a survey by Oakland County which did not recommend lowering the speed limit near the intersection or installing a flashing speed sign where students cross to Cooke Middle School.

While study of the intersection will continue, immediate action agreed upon includes:

- Crosswalk will be painted on the west side of the intersection;
- School crossing signs will be posted at the crosswalk as

well as warning signs posted east and west of the crossing to alert motorists to the walk;

• Crossing guard will be employed, effective May 7, and will serve the crosswalk between 7:30 and 8 a.m. and 2:30 and 3 p.m. on days when school is in session;

• Michigan State Police will be asked to evaluate the intersection;

• Evaluation of the road surface of the Eight Mile Road eastbound lane will be made, with consideration given to reducing skidding

hazard which now exists;
• Parents and students will be formally advised of this action and requested to cross only at the marked location beginning on May 7; and

• Surveillance of the intersection will continue in order that maximum appropriate safety is maintained.

The intersection provides the main access for students living south of Eight Mile Road who attend the middle school.

Scheduling

Announced

New scheduling procedure for Northville High School has been announced for the 1973-74 school year.

School will be closed early on Tuesday and Wednesday, May 22 and 23, with classes held from 8 to 9:52 a.m., administrators announced.

Students will register for classes between 10 a.m. and 3 p.m. on those days.

On May 22, students who will be seniors next year will register between 10 a.m. and noon. Prospective juniors will register between 1 and 3 p.m.

On May 23, students who will be sophomores will sign up for classes between 10 a.m. and noon, while next year's freshmen will register between 1 and 3 p.m.

By Bob Moore

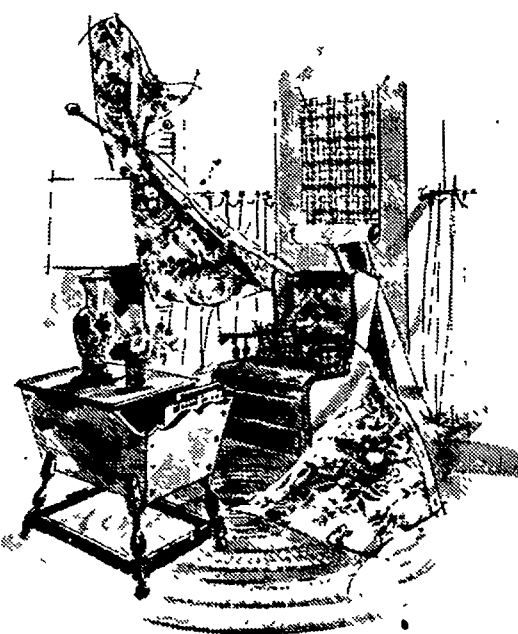

A game fish is usually one which puts up a very stiff and courageous fight when it is hooked. Some people say that this fish will respond to artificial lures. The freshwater drum is such a fish. Its sides are dull silver with a yellowish or pinkish tinge, the throat teeth are coarse, and the back is highly arched with a continuous dorsal fin. The drum is one of the largest of freshwater fish sometimes weighing as much as 60 pounds, thus making it a real sportsman's game fish.

Township Minutes

MINUTES OF NORTHVILLE TOWNSHIP BOARD April 18, 1973

361 W. Main, Northville
1 Roll Call Meeting called to order at 8:10 p.m. by Supervisor Wright.
MEMBERS PRESENT: Cayley, Straub, Klein, Schaeffer, MacDonald, Wright, Mitchell.
MEMBERS ABSENT: None.
ALSO PRESENT: Consultants Morgan and Mosher, the press, 10 visitors.
2 APPROVAL OF MINUTES OF MARCH 13 AND MARCH 20, 1973: Mitchell moved, Cayley seconded, to approve the minutes Ayes: All, Motion carried.
3 Cayley offered supplement to bills payable list already submitted to the board. Schaeffer stated that item "Scott Air Pack" on page two be considered separately as it is covered in recommendations from the Water & Sewer Commission. After discussion, Klein moved, Mitchell seconded, for the approval of Bills Payable with the exception of No. 3602, for Township Manuals, and the already mentioned item. Ayes: Cayley, Mitchell, MacDonald, Schaeffer, Klein, Wright, Nays: Straub, Motion carried.
4 Acceptance of Receipts of March, 1973, Minutes of Northwest Sanitation Authority; March 7 Minutes of W & S

Commission meeting and Financial Report of W & S for March 1973; March 15 Minutes of Library Advisory Commission; April 2 Minutes of Board of Appeals; Treasurer's Report for March; March 27 and March 22 Minutes of PLANNING COMMISSION: Cayley pointed out a correction—an item included under Police Receipts which should have been in miscellaneous. MacDonald moved, Mitchell seconded, to accept all items in above category Ayes: All, Motion carried.
5 FIRE STUDY COMMITTEE REPORT: Mitchell informed the board that a meeting was not held this month, as necessary information had not been made available. No action necessary.
CORRESPONDENCE
1. CITY OF LIVONIA — REQUEST FOR SUPPORT OF MEMORIAL DAY PARADE: Letter requested assistance locating individuals or groups to participate in the Memorial Day Parade. Moved by Schaeffer, seconded by Straub, to receive and file. Ayes: All, Motion carried.
2 SEMTA — ANNOUNCEMENT OF ANNUAL REPORT: Copies of report are to be available as of March 22. Moved by Mitchell, seconded by Straub, to receive and file. Ayes: All, Motion carried.
3. TOWNSHIP OF REDFORD — Resolution supporting Wayne Co

Commissioners:
4 CITY OF PLYMOUTH — Resolution supporting Wayne Co Commissioners:
5. TOWNSHIP OF PLYMOUTH — Resolution supporting Wayne Co Commissioners:
Moved by Mitchell, seconded by Schaeffer, to receive and file items 3, 4, and 5. Ayes: All, Motion carried.
6 MARY E. DUMAS — Expression of appreciation for resolution of support:
7. R. M. LYSINGER — Commendation for Chief Nisun and Police Dept.: Mitchell moved, seconded by Schaeffer, to receive and file. Ayes: All, Motion carried.
8. PAUL D. DEJOHN — Letter of resignation: Mr. DeJohn is resigning from his elected post of constable and appointive post of Water and Sewer Commissioner as he is moving from the community. Resignation will become effective April 15, 1973. Klein, seconded by MacDonald, moved to have Supervisor send a letter of appreciation for service to the community. Ayes: Cayley, Mitchell, MacDonald, Straub, Klein, Schaeffer. Abstaining: Wright. Motion carried.
9 FRANK OLLENDORF, MANAGER, CITY OF NORTHVILLE — Cost of remodeling balcony in library. The total cost of the program was \$3,094.39, of which Northville Township has agreed to pay 50 percent, or \$1,547.19. The township has already paid \$558.00 of this cost. The city has suggested a lump sum payment with a share ownership of equipment and materials, or installments to be added to the rental. Mitchell moved, seconded by MacDonald, to pay the bill in full. Ayes: All, Motion carried.
OLD BUSINESS
MacDonald moved, seconded by Schaeffer, to inquire if anyone in the audience would like to address the Board on items to be taken out of order. Ayes: All, Motion carried.
Klein moved, seconded by Straub, to take item 1, New Business, and item 3, New Business out of order. Ayes: All, Motion carried.
NEW BUSINESS ITEM 1 — FINAL PLAT APPROVAL — HIGHLAND LAKES SUBDIVISION NO 1: Mosher stated that he had received and reviewed the final plat. With the exception of re-numbering of lots, there has been no change in the plat since the preliminary Klein asked if there were any complaints to warrant withholding approval. Mosher replied no, and that his recommendation is to approve the final plat of Highland Lakes Subdivision No 1. Ayes: All, Motion carried.
NEW BUSINESS ITEM 2 — JOHN BURKMAN OF THE NORTHVILLE HISTORICAL SOCIETY: Mr. Burkman appeared before the Board to ask for assistance with the restoration work at the Mill Race Historical District. Mentioned specifically was protective fencing. In answer to a query from MacDonald, Mr. Burkman replied that the City of Northville has been 100 percent cooperative. The estimated cost of enclosing the entire area is put at \$7500.00. Attorney Morgan stated that the Board might have to establish a Historical Commission which would have authority to spend money for this purpose, that normally townships cannot make contributions to various groups. Morgan stated he would look into the matter. No Action Necessary. OLD BUSINESS
1 APPOINTMENT OF AMERICAN REVOLUTION COMMISSION MEMBERS: No action yet. No action necessary.
2 FISH HATCHERY AGREEMENT: MacDonald moved, Klein seconded, to have Supervisor and Clerk sign the revised agreement as presented by Morgan. Ayes: All, Motion carried.
3 BID FOR AMBULANCE SHELTER: Johnston & Webb, owners of property at Six Mile and Northville Road, submitted a bid for ambulances housing, called for in the recently executed agreement between the City of Northville, Township of Northville and General Ambulance. The bid stipulated rent of \$150.00 per month, with facilities to be ready within 60 days of award of contract. The lease will be for one year with option for two more years. Klein moved, seconded by Straub, to accept bid of Johnston and Webb. Ayes: All, Motion carried.

4 C.F.S. AGREEMENT WITH LIVONIA: Mosher and Wright will be meeting with Mr. Bingham, of Wayne County Road Commission, on April 18, to discuss when sewer construction will start on Haggerty Road. After this will follow a meeting with Mayor McNamara, of Livonia. Klein moved, Mitchell seconded, to table. Ayes: All, Motion carried.
5 DOCKSEY SUB. PETITIONS: Mosher stated investigation is not yet completed, but has shown the problem is water running from land to the north to the north side of Ridge Court, which is low lying land. Mitchell moved, Cayley seconded to table. Ayes: All, Motion carried.
6 FLOOD PLAIN INSURANCE: Schaeffer inquired whether the rates shown on page 2, item thirteen, of the brochure referred to an average rate or fluctuation based on insurance companies. Mitchell moved, Klein seconded to have Supervisor investigate the matter further. Ayes: All, Motion carried.
7 RESOLUTION COVERING FEES FOR HYDRANT PERMITS: Wright informed the Board that the Water & Sewer Commission had made a few changes in the draft and recommended that it be adopted with these changes. Cayley moved, seconded by MacDonald, to adopt the resolution with recommended changes, to become effective April 22, 1973. Ayes: All, Motion carried.
8 APPOINTMENT OF BUILDING AUTHORITY MEMBERS: Cayley moved, Mitchell seconded to table. Ayes: All, Motion carried.
9 APPOINTMENT OF NORTHVILLE AREA DEVELOPMENT COMMITTEE MEMBER: Supervisor Wright nominated Joseph Straub, Township Treasurer, to this post. MacDonald moved, Klein seconded, to appoint Mr. Straub. Ayes: MacDonald, Klein, Wright, Straub. Abstaining: Mitchell, Cayley, Schaeffer.
RECOMMENDATIONS
1 WATER & SEWER COMMISSION:
a. CAPITAL CHARGES FOR PROPOSED NORTHROP FUNERAL HOME: The recommendation stated that the Northrop Funeral Home be required to deposit a retainer of \$300.00 for water capital charge and \$1200.00 for sanitary sewer capital charge, against final determination of said charges, if building permit is applied for before final figures are available. Cayley moved, Straub seconded, to adopt this recommendation. Ayes: All, Motion carried.
b PURCHASE OF "AIR PARK": Recommendation involved the purchase of the "Scott Air Pack" with extra air tank, as a safety measure, at an approximate cost of \$440.00. Cayley moved, MacDonald seconded, to approve purchase of this equipment. (This action thereby approves item omitted from bills payable. See bills payable on page 1.) Ayes: All, Motion carried.
2 PLANNING COMMISSION:
a. AMENDMENT TO ZONING ORDINANCE: Amendment as follows: Delete Section 4.1 (c) churches and adding to Section 4.2 (f) under: Uses Subject to Special Conditions. Amendment is recommended by Consultant Vilcan and duly advertised in the Northville Record. Klein moved, Cayley seconded, to adopt this recommendation. Ayes: All, Motion carried. (Amendment to take effect immediately.)
b. AMEND RESOLUTION 89-57: To amend the Resolution 89-57 to include "Schools & Churches" after the paragraph beginning "Site Plan, Commercial & Industrial," so that these will be added to the fee schedule. Mitchell moved, Klein seconded, to adopt recommendation. Ayes: All, Motion carried.
A brief discussion followed regarding "Operation Identification", with Schaeffer advising the Board that all printing would be done free of charge, and that would be available soon. Moved by Cayley, seconded by Klein, to adjourn. Ayes: All.
Meeting adjourned at 9:35 p.m.
Sally A. Cayley, Clerk

TOPS ON DUTY—Selected as best safety patrol boys and service squad girls by their classmates recently were, left to right, Judy Brown, Sherry Wilkinson, Main Street Elementary; Mary Ann Darrow, Amerman; Cirreenna Martin, Grace Lee, Jim Herbel, Dale Moyer, Moraine; Dale Hawkey, Pat McLaughlin, Amerman; Tony Hibbeln and Mike Kramer Main Street.

NOTICE

The City of Novi has been notified that they have been allotted \$11,663. under the Emergency Employment Act of 1971 for 1973-74. The City will add approximately \$1,300. for the continuing employment of a police officer and clerk. This is not for vacancies but for the continuation of jobs already filled.

This application may be examined at the office of the City Controller, 25850 Novi Road, Novi, 349-4300.

Plan for May

Brownies Trim Shrubs

The month of April has been a busy one for Northville's Brownie Troop 205 and plans have already begun for activities in May.

It was a Northville beautification service project on April 17 and a preparation for Michigan Week as the 21 second and third graders in

the troop raked leaves and trimmed shrubs at the Scout-Recreation Building.

According to Troop Leader Mrs. Kent Mathes, that day the girls saw the results of their work of last October as the crocuses and hyacinths they planted were beginning to poke through the ground.

A troop first aid kit was prepared at a meeting earlier in April with the assistance of Mrs. Roy Herald, a registered nurse. In addition to the troop kit, the girls prepared mini first aid kits for themselves, and were taught first aid by Mrs. Herald.

Each Tuesday from 3:30 to 5

p.m., the troop meets at the Scout-Recreation Building. Serving with Mrs. Mathes are assistant leaders Mrs. Richard Gray and Mrs. George Daraban.

The committee chairmen of the troop include Mrs. Richard Alkire, Mrs. Robert Hudson, Mrs. Edouarde Petit, Mrs. Milton Rushlow, Mrs. Jack Stasiuk and Mrs. Gerald Stone.

Activities scheduled for May, reports Mrs. Mathes, include preparations for a mother and daughter tea on May 8, a cookout later in the month and marching in the Northville Memorial Day Parade.

Mystery Trip

Slated May 18

Oakland County's Senior Citizens and Retirees Travel Club is sponsoring a Mystery Trip on May 18. A bus will leave from the Senior Citizens and Retirees Drop-In Center at 196 Oakland Avenue in Pontiac at 10 a.m. and return approximately 4 p.m.

Cost of the Mystery Trip is \$6.25 per person. Bus fare and lunch costs are included in the fee.

All interested senior citizens or retirees are asked to make reservations by calling the Drop-In Center at 334-5010.

NOVI ICE ARENA—Workmen were busy putting the first coat of spray on the rink of the newly completed Novi Ice Arena last week. The \$1 million complex located on 11 Mile

Road opened for business last week. It is the first indoor ice arena in the Novi-Northville-Farmington area.

In Novi

\$1 Million Ice Arena Opens

The showplace of Michigan ice arenas.

That's how Dave LaCroix, general manager of the Novi Ice Arena, likes to refer to the new \$1 million complex currently undergoing finishing touches in Novi at 42250 West 11 Mile Road.

The complex, which opened a week ago Wednesday, is the first indoor ice arena in the northwest area. A full agenda of both figure skating and hockey schools, as well as several hockey clinics taught by former Red Wing Coach Johnny Wilson and Red Wing Captain Alex Delvechio, have already been scheduled.

Owners of the complex are Donald and Charles Sugden, who form the Sugden

Corporation, and Robert Jacobs.

General Manager LaCroix is a French Canadian who has been skating since he was six years old and formerly played in the Montreal Canadian system.

"I've been around hockey all my life," he reported. "There is very great need in this area for an indoor ice rink, but we didn't want to just throw up a building with an ice rink inside it. We wanted to build a facility that Novi could be proud of. Mr. Sugden feels that you should put as much into a community as you take out of it."

"I've seen a lot of mistakes made in building indoor ice arenas," he continued.

"We've tried to eliminate as many mistakes here as we can and make a real showplace. We feel we have the nicest arena in Michigan."

The rink itself is a regulation-sized National Hockey League rink - 200 by 85 feet.

Other features include —carpeting throughout the building; —seats for 600 people; —four fully carpeted locker rooms, which LaCroix claims are the biggest of any locker rooms in any Michigan hockey arena; —separate shower facilities for each locker room; —the largest hockey scoreboard in the state outside of Olympia; and

—a special heating system which emanates from beneath the seats instead of from the ceiling. "One of the biggest complaints we've heard about other ice arenas is that they're too cold," noted LaCroix. "The problem is that the heaters are located way up on the ceiling. We've put the heaters under the seats so that the people watching the skaters will be warm."

Also included in the building are a pro shop and a press box.

Ultimately the complex will have two additional indoor rinks. They will be regulation NHL sized rinks and similar

to the main rink in every respect except that they will not have seating capacity. The second rink is tentatively planned for approximately two years from now, while a third rink is five years away.

Laroux has already scheduled several skating clinics.

Spring Skating School for beginners and figure skaters will begin May 1 and continue until June 5. The classes will be conducted twice a week and there is a \$28 fee payable in advance. Registration may be made from 3-5 p.m. Saturday, April 28, at the Arena.

The Novi Ice Arena will have four professional figure skating instructors.

Two one-day Coaches' Clinics conducted by former Red Wing Coach Johnny Wilson have been slated for August 26 and September 2. The \$25 fee for each clinic includes lunch.

Wilson will team with Red Wing Center Alex Delvechio to conduct the Prestige Hockey School, which involves two weeks of hockey technique with three hours of ice time per day, chalk board sessions, and personal

instruction from Wilson and Delvechio.

The Prestige School costs \$150 and will be limited to 120 students. The School runs from August 20 to September 1.

In addition to the clinics the arena will offer public skating periods Wednesday from 8-10 p.m.; Saturday from 2-5 p.m.; and Sunday from 5-7 p.m. There is a \$1 admission fee for public skating.

Aid Increase Seen for College

Schoolcraft College in Livonia is slated to receive a \$167 thousand increase in state monies for next year, under terms of a bill being advanced by the Michigan Senate Appropriations Committee.

The Committee's sub-committee on community colleges, headed by Republican Senator Carl Pursell of Plymouth, worked out the funding measure after conducting comprehensive hearings with administrative personnel from each of Michigan's 29 community colleges.

Senator Pursell said his committee recommended the current total community college appropriation of \$58 million be increased by \$7.7 million as the result of inflation and anticipated growth in student enrollment for next year.

Pursell said he is pleased with the early reporting of the

bill and he attributed the action to the diligent efforts of his sub-committee. He indicated also that the sub-committee hearings were the most constructive since he has been in the Senate.

Pursell, who feels confident of Senate passage, said debate of the measure will begin when the full Senate returns April 30.

Tiling a floor is an exciting job. It is the creation of a whole new look for a room. However, the job can be tricky as well. Perhaps one of the most difficult parts of the job is applying the adhesive. This must go on smoothly and easily, and the correct tool is important. A special notched spreader or trowel is usually the best answer. These have notches cut to the right dimensions for the job. They help you to apply just the right amount of adhesive.

Create a new look for any room in your home with furniture and accessories from **SCHRADER'S HOME FURNISHINGS, INC.**, 111 N. Center St., Northville, 349-1838. Convenient credit terms for complete home furnishings in any style for any room in your house. Open: 9am-9pm Thurs. and Fri., 9am-6pm Mon thru Wed & Sat., Closed Sundays.

HELPFUL HINT:
Always check manufacturer's instructions on the right adhesive to use.

Top Cop Dinner Dance Saturday

By NANCY DINGELDEY

Who can deny that spring in Michigan isn't the most beautiful season of the year? Even with fickle Mother Nature, who seems to have changes of heart every now and then, spring is g-r-e-a-t!!

No more soggy mittens, heavy coats, cold noses or snow tires. Given a warm sunny day with balmy breezes, the whole world seems to wake up. The grass is suddenly green and

growing, and as if watching time lapse photography, the leaf buds seem to unfold before your eyes.

Violets, hidden a day before in the earth, are suddenly alive with their delicate blooms. Even the air has a special smell and its the time of year to throw open doors and windows and rid the house of its winter staleness.

Take a good week to... Flip a coin to decide whether to clean house or work in the garden. Enjoy the Spring Music

Festival of the Walled Lake Elementary Schools on Thursday night, April 26, at Western High School.

Join the crowd at the annual Top Cop dinner dance at the VFW on Saturday night, April 28. Tickets are available at \$10 per person from any Wixom Police Officer. The evening includes cocktails, dinner and dancing.

Take the time to write a short note nominating your Outstanding Senior Citizen from Wixom. A post card will

do. State your reasons for the nominations and send them to the Wixom Chamber of Commerce in care of the Wixom Post Office. The deadline for nominations is May 10.

Wind a string around your finger to remind yourself to set the clock ahead on Sunday night.

Take advantage of the immunization clinic for your children on May 1 at the Vocational Education Center on Beck Road. The Oakland County Health Department sponsors the clinic with immunizations for measles and other diseases offered free of charge. Clinic hours are 9 a.m. until noon.

Place your orders with Beverly Walters for the pretty posies to help brighten your yard and beautify Wixom. Through the annual Northridge Flower Sale, top grade sturdy plants are offered to any who wish to purchase.

Although early ordering of plants is not necessary, it is suggested for selection of plants. The price range for most of the flowers is 40 cents a box or \$3.25 a flat. If you care to pre-order, stop in to see Bev at 2136 Hopkins Drive before May 2. A small deposit will reserve your special plants.

Kids ages 13 through 17 can sign up now at City Hall for the Kids, Kops and Firemen baseball game. It was a great game last year and should be even bigger and better this year. You can't miss the posters. The game will be held on May 28.

It might even be a good week for non-registered voters of Wixom to visit City Hall and sign up now for your right to vote. Coming up later in the summer is the city primary election with the general election in November. Don't put it off any longer—register now. It only takes a few minutes.

Conference to Focus On Careers for Women

A four day conference on new careers for women has been scheduled for May 2-5 at Schoolcraft College.

Entitled "The Roads Less Traveled By..." the conference is a service of Schoolcraft's Women's Continuum Office headed by Mrs. Nancy Dufour. She said it has been designed to acquaint women with some expanding career fields and the rewards and demands they may encounter in making one of them their career goal.

Persons wishing to register for this conference should call the Women's Continuum Office at 591-6400, x-217 and indicate which sessions they are interested in attending. There will be no cost for this pilot program.

The conference will consist of three panels and Saturday morning workshops. The first panel, entitled "Women in Professional Careers" will be held on Wednesday, May 2.

Women representing the careers-areas of engineering, law, accounting and dentistry will discuss their experiences in training and employment, the skills required, job duties, work environment, social pressures and future prospects for women.

A panel of women representing four technical areas, electronics, mechanical design, metallurgy, and heating and air conditioning, will speak on the same subjects on Friday,

May 4. Both panels will be held between 9 a.m. and 12 noon.

representatives from business, industry and higher education will make up a third panel entitled "Identifying Career Opportunities" on Thursday, May 3, between 9 a.m. and 12 noon. They will discuss career opportunities for women at present and in the near future.

Some panel members will be available to continue discussions over lunch at the Waterman Center. Lunch may be purchased informally on the dates of the panel presentations.

The technical career workshops scheduled for Saturday, May 5, between 9 a.m. and 12:30 p.m. will offer a unique opportunity for women to go into some technical workshops and labs and see demonstrations of the tasks, equipment and working conditions involved in a variety of technical fields.

Instructors will comment on the necessary skills, training, employment requirements and job prospects for women. Participants will be able to select any two of the six career workshops scheduled. The topics are: architecture, data processing, drafting and design, electromedical, electronics, and metallurgy. Space will be limited in the Saturday workshops due to room size.

Mrs. Dufour said that this conference will be particularly helpful to young women deciding on their career fields for the first time and those women who are seeking retraining in job skills. "Women have too often been trained for unemployment

because they didn't stop and take the time to research the skills needed by their local communities.

Mrs. Dufour doesn't expect an abrupt switch of female interest to the professional and technical fields. She feels that knowledge of job openings alone is insufficient in redirecting woman's thoughts from traditional areas.

"A great mystique has developed around the technical fields. Women also need to be exposed to role models in technical fields. Women teachers and employees in these fields can supply realistic data on working conditions, pay rates, the social pressures and family adjustments involved."

The conference will be held on the Schoolcraft campus at 18600 Haggerty Road in Livonia. Room locations will be provided at the time of registration.

Biblical Answers For
How can I teach my child to pray? K. T. We must teach our children to pray directly to God, through Jesus, as a friend. It is important for the child to pray in their own words and express their feelings. If we instill in our children the nearness of God, they will grow to depend and trust in Him more fully. We must be careful not to use vain, repetitious prayers. MATTHEW 6:7 declares, "BUT WHEN YE PRAY, USE NOT VAIN REPETITIONS AS THE HEATHEN DO: FOR THEY THINK THAT THEY SHALL BE HEARD FOR THEIR MUCH SPEAKING." It isn't how long or how eloquent we are, but rather the condition and sincerity of our heart.

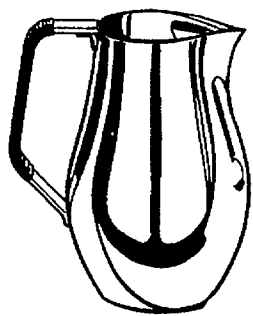

You may call for help or counseling at 291-7733 or 363-5945. Readers' questions and/or problems are solicited for this column. If you have a question, Christ has the answer and He is never wrong. Please send correspondence to address below.

Joggers

They Run for Life

"I started jogging a couple of years ago just to lose a little weight. Afterwards I felt so good I just kept it up," explains Robert Clark, an employee at Northville's Ford plant who spends each working lunch period jogging some three miles around the community.

Clark (bottom right) is just one of numerous area residents—businessmen, housewives, clergymen, teenagers, you name it—who are literally running for their lives.

An excellent conditioner, jogging is a matter of "training, not straining." The Reverend N. A. Riedesel (right), 67-year-old pastor of the South Lyon Presbyterian Church, has been jogging for 45 years. He runs—"not fast, but steady"—30 minutes every morning.

In Wixom a group of housewives (right), calling themselves the Northridge Joggers (right), keep fit by jogging around their subdivision. They are Karen Barkobitz, Pam Dodge, Bev Walters, Mary Beth Bissel and Julie Anderson.

For those who would like to start, the National Varsity Club has developed a program, in cooperation with the President's Council on Physical Fitness, that suggests the beginner start by walking a mile several times a week for the first two weeks; walking and running a mile several times weekly for the next six weeks; followed by a nine week conditioning phase; and topped off with an indefinite sustaining phase of a minimum of seven to 10 miles per week.

PASTOR Riedesel jogs even when he's out of town. And that has made for some interesting situations. Once, in England, he jogged to the wrong hotel. In Florida, he got lost and was 3 1/2 hours finding his way back.

Rosey Future

Planting 'em Right Is Key

EAST LANSING—If you've always wanted to grow roses but didn't really know how to go about it, Michigan State

University horticulturists can help you get started. Here are some of their suggestions:

—Prepare the soil before you get your plants. Ideally, this should be done in the fall, or at least a month before spring planting.

—Choose a spot that gets at least six hours of sunshine daily.

—If you want to plant a lot of roses in the same area, spade the bed to a depth of about one foot and add a couple of inches of organic matter (peat moss, or leafmold). Dig your planting holes in this prepared bed.

—If you're planting only a few roses, dig individual holes about 12 inches deep and 18 inches in diameter. Mix soil from the holes with organic matter (one part peat moss or leafmold to four parts soil).

—Space your planting holes about 2½ feet apart for hybrid teas, grandifloras, polyanthas and floribundas. Hybrid perpetuals should be three to five feet apart, and climbers should be separated by 8 to 10 feet.

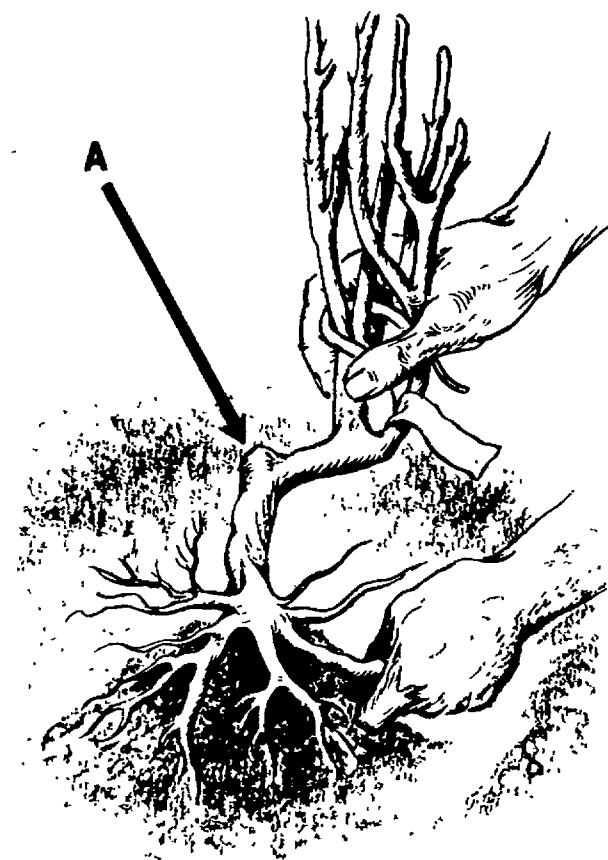

—You can buy plants from nurseries, garden centers,

mail-order houses, supermarkets and other places. Get advice from local gardeners or your local rose society before you buy. Check on what varieties are suitable for your area and where good stock can be purchased.

Unpack the plants at once. It is best to plant them immediately, but if you can't, they will keep for two or three days if you moisten the packing material and repack them. Let frozen plants thaw out gradually before unpacking.

—Just before planting, remove any dead or broken roots and canes and, if necessary, trim the canes to about 12 inches.

—Put a small mound of soil in the center of each planting hole. Place the plant on the mound, position it so that the bud union will be one or two inches below the soil, and spread the roots down over the mound. Work soil around the roots. When the roots are covered, add water. Finish the job by filling in the hole with a loamy soil.

A SMALL cone-shaped pile of soil, placed in the center of the planting hole, aids in spreading the roots uniformly in the hole and in adjusting the planting depth of the bush. When the plant is set on the cone, the bud union (A) should be slightly below ground level.

Organic Garden: What's It Mean?

By R. D. MILLER
Cooperative Extension

What really is an organic garden? Based on the number and kinds of questions we get on this subject there seems to be a great deal of confusion. Actually, organic food is produced inorganically. Many advocates of organic farming and gardening do not understand how plants utilize nutrients in the soil.

The term, organic, generally refers to growing crops with natural fertilizers (plant and animal materials) and without the aid of manufactured chemical fertilizers. The latter are considered inorganic.

In comparing organic and inorganic and inorganic materials, it is a fallacy to think that plants considered organically grown are produced from organic nutrients.

Before a plant can take up nutrients from organic material in the soil, the material must first be broken down and converted to

inorganic nutrients. Therefore, the so called organically produced food actually is inorganically grown.

This means that when a plant takes up a nutrient from the soil, it neither knows nor cares whether the nutrient was manufactured in a chemical fertilizer or grew naturally in plant or animal materials.

Chemical fertilizers can provide a readily available source of nutrients where optimum conditions do not exist for organic materials in the soil to decompose or convert to nutrients.

Using "inorganic" or chemical fertilizer is a matter of economics for a large farm operator. Several tons per acre of organic fertilizer (animal manures

The Gardening Way

By MARGARET HERBST

GERANIUMS FOR BEAUTY

You may wonder, particularly if you are a beginning gardener, why plants are so expensive at the florist shop. This is especially true in the case of types that are slow growing. Geraniums are an excellent example. You can save money and have some fun at the same time when you grow your own pot plants.

Geraniums can easily be developed from cuttings. The best length of stem to cut off for this purpose is 4 to 6 inches long. Leave all but the lowermost leaf or two on the stem and stick one-third of the stem in a rooting medium of vermiculite or sand. It must be kept moist but not soggy wet at all times. Vermiculite has a much greater water storage capacity than an equal volume of sand and requires less watering.

When cuttings are set at a proper depth of an inch, with plenty of light but no direct sun, they should be ready for potting in 4 to 6 weeks with inch-long roots. Pot up in 3-inch pots and you can enjoy the results of your labors.

Another interesting method of handling geraniums is for the window box or hanging basket. Maintenance is similar to that of potted house plants; they only require a fraction of care. Regular watering, a little pruning and occasional spraying are all that are necessary. Hanging baskets need special attention in watering, allowing thorough draining before hanging, but they can add so much to decoration of a room or porch.

For the outdoor garden there are now so many different varieties and leaf forms for selection. Spectacularly brilliant blossoms come in all colors of the spectrum, with dashes of white. Foliage types with unusual markings or those ivy-leaved in form possess equal charm and graceful habits.

One of the most exciting species are the scent-leaved geraniums. You can be pleasantly surprised by any of seventy-five different scents including spicy nutmeg, pine, rose, peppermint and lemon. Just crush a leaf between your fingers and capture the delicate aromas. A collection at your window will insure

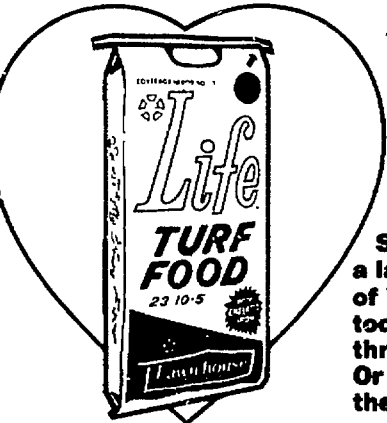

delight both visual and culinary. Scent-leaved geraniums can be used for jellies, cakes and soups.

The size range in geraniums is most amazing. The scent-leaved sorts are adorned with dwarf flowers. Great climbing semitropical species are the other extreme. Singles and doubles are represented,

Capitol Plans Draw Dust

LANSING—Rumblings are heard again in Lansing that Michigan needs a new Capitol building.

The proposed new Capitol has been talked about for years. The ground on which it would be built has been purchased, cleared of buildings and some preliminary work was done at a cost of \$3.5 million. At one point a few years ago all systems were .90 plans had been approved, and the money was ready to be appropriated.

That was before 1970 with its recession and General Motors strike which put state government in a financial tailspin. The \$5 million included in that year's budget to continue work on the new Capitol was cancelled quickly as part of efforts to keep the state in the black.

NOW, THREE YEARS later, no further progress has been made, and some people who originally favored the idea aren't so sure it has that much merit any more.

Governor William G. Milliken declined to ask the Legislature for any money for the building this time around and has made it clear it was not just an oversight on his part. He is one of those who decided the state needs a lot of things right now worse than it needs a new \$100 million

building to house his staff and the Legislature.

One of the reasons the new Capitol was pushed so hard a few years back was the lack of space in the current Capitol. The Legislature kicked every state agency out of the building in its quest for space and then began making extra floors by dividing vertical space between each of the high-ceilinged floors. This provided two rooms where there used to be one. The result is a group of rooms with only a small window showing up a third of the way into the room in the overfloor sections.

BEST ESTIMATE now is that the Legislature has spent a total of \$8 million remodeling the building — more than five times its original cost back in the 1800's.

Milliken and a number of others say there isn't much sense in spending that kind of money to remodel the building, then rush off to spend \$100 million right away on a building to replace it even if the remodeling helps fireproof the building with the use of newer materials.

The current Capitol was opened in 1878. That makes it 95 years old at the present time. It was built after an architectural competition which was won by a Springfield, IL, man named Elijah E. Meyers.

The first Michigan Capitol was in Detroit on a triangular plot at Griswold, State and Shelby streets. As the result of British aggressiveness in the War of 1812, state officials decided to move it to the interior of the state. In 1847 the town of Lansing, which then was just a cluster of cabins, was picked over the town of Marshall. Marshall is still not sure if this was a good or bad turn of events.

The first Capitol in Lansing was a frame, two-story building.

THERE ARE now many state operated buildings near the Capitol. The entire block to its west consists of a complex of four buildings and a two-level underground parking lot which holds 2,000 cars.

There is also talk of erecting a legislative office building to the south of the Capitol where the Plymouth Congregational Church stood before it burned.

Latest speculation over the Capitol was spurred when the State Building Commission came out in early April in favor of beginning a new Capitol building "without delay." The Commission sent a

special report to the governor saying \$5 million starting money should be provided for the project this year.

MILLIKEN immediately threw cold water on the idea, pointing out all the remodeling which has been done in the present building.

The report of the commission said it would take eight years to complete a new Capitol if it were started right away. By then, it said, there will be a real need for it.

"The structure is overcrowded and is being used beyond practical capacity," the report said. "The present Capitol has some potential for state government, particularly during the lengthy period of construction of a new state Capitol."

With talk of a tax cut this year and with other programs needing so much attention, it's doubtful the money will be appropriated right away. But the idea of a new Capitol has proven to be very resilient - one which continues to pop up and will not go away.

And with all that land sitting there vacant waiting for something, it's a good bet there'll be a lot more talk about a new Capitol in the future.

PETER ROMANOW, President, Vicetè Die & Engineering, Novi, is serving as membership chairman for the 1973 International Tool Exposition and Engineering Conference, at Detroit's Cobo Hall May 7-11.

Sponsored by the Society of Manufacturing Engineers, the five-day event is the largest tool show to be held in the U.S. this year and is expected to attract more than 30,000 manufacturing engineers and executives to Detroit.

Romanow is active on both the national and local levels of SME. He is a past president of Rouge Valley Chapter No. 190. The Romanow family resides at 45241 Grand River, Novi.

The SME, headquartered in Dearborn, is an international organization with more than 40,000 members in 40 countries. A member of the World Federation of Engineering Organizations, the Society's purpose is to advance scientific knowledge in the field of manufacturing engineering and to apply its resources to research, writing, publishing and disseminating such information.

HELEN WATT (right), sales associate with Bruce Roy, Realtors, 150 North Center Street, Northville, was awarded a bonus check for winning the most points in a two-month sales contest. Mrs. Watt has been associated with Bruce Roy Company for the past six years. Ann L. Roy, manager of the Northville office, presented the award to Mrs. Watt.

Other active participants in the contest included Teena Threat, Bud Lehman, Ginny Hoppe and Frank Gaffka.

The Bruce Roys are innovators in this area of the Video Tape Listing Service.

ANN ARBOR—Norman McDougall, Broker of Brighton Realty Company, 829 E. Grand River was among the 500 persons attending the 25th Anniversary Real Estate Clinic held on the campus of The University of Michigan on April 12. Entitled "The Anatomy of an Investment", this year's clinic was structured differently from those held in past years in that it did not follow the format of being a residential seminar concentrating on aspects of selling.

AFTER SERVING 20 years on active duty with the U.S. Navy, Bunyan ("Dan") Boatwright, an owner of Jonathan Jewelers in Mary Alexander Court behind Main Street, was mustered out a week ago Monday in Chicago. The store was closed that day as he and Mrs. Boatwright, who live on Northview Drive, attended ceremonies.

An official-and-traditional "piping over the side" ceremony will be conducted this week in Detroit, but Northville attorney Clifton Hill took note of the occasion after the Chicago ceremonies, arriving at the store with a decorated cake inscribed, "Good-Bye Navy."

serving most recently as a recruiting officer in the Navy's Livonia office. He and his wife established the jewelry store here in September, 1972. They previously had a store in Jacksonville, Florida, where Boatwright served for a year and a half. He was a Miami recruiter in 1969 and prior to that, an aviation storekeeper.

Assisting in the store since the first of this year has been Jack Sibai, who does clock and jewelry repair.

CLAUDE E. FREEL, 47140 Dunsany, Northville and Brent M. Wasik, 1040 Springfield Drive, Northville, have been named to the Allstate Insurance Companies Midwest Zone "Conference of Champions."

The conference, attended by the company's

Offers Canoeing Maps

The Huron-Clinton Metropolitan Authority offers two excellent maps for canoeists who enjoy canoeing the Huron or Clinton rivers throughout southeastern Michigan.

The HURON RIVER CANOE MAP, covering the 101-mile stretch of the Huron River from Proud Lake in Oakland County to its mouth at Lake Erie in Wayne County, is divided into four sections:

- (1) Proud Lake State Recreation Area to Kensington Metropark near Milford;
- (2) Kensington Metropark to the Village of Dexter;
- (3) Dexter to the City of Belleville;
- (4) Belleville to Lake Erie.

These maps show public canoe campsites, launching and parking areas, portages, canoe liveries, road crossings and other orientation points.

THE CLINTON RIVER CANOE MAP, which has a

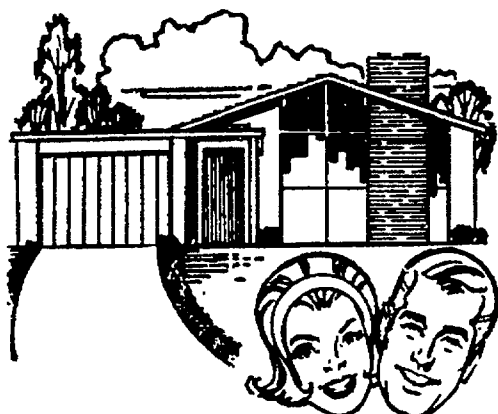

black and gray cover, illustrates the most popular section of the Clinton River beginning in Oakland County from Dequindre and Avon Roads near the Yates Cider Mill southeast of Rochester through Macomb County to Shadyside Park in Mt. Clemens. This course covers a 20-mile route. (Both maps were re-designed in 1971).

To obtain these maps write to: HURON RIVER CANOE MAP and/or CLINTON

RIVER CANOE MAP, in care of Huron-Clinton Metropolitan Authority, 600 Woodward Avenue, Detroit, Michigan 48226.

The Authority does not rent canoes, however, these maps are also available at Metropolitan Beach near Mt. Clemens, Stony Creek Metropark near Utica, Kensington Metropark near Milford, Hudson Mills Metropark near Ann Arbor and Lower Huron Metropark.

Quest for Meaning

The Reverend Ralph McGimpsey
St. Paul's Episcopal Church
Brighton

Man is continually involving himself in the quest to seek out the meaning of his existence. Some say that man, being a religious animal, needs a God or gods to sustain him. Others say that man is a spiritual being with feelings and emotions which need expression. Still others maintain that human existence is nothing more than a struggle for survival so that we may live some seventy or eighty years with pain and suffering most of the time. Then there are those who believe that life is only a vain search for a few moments of temporal happiness amid a torrent of frustration and sorrow with death at the end as a welcome oblivion. For them life is absurd.

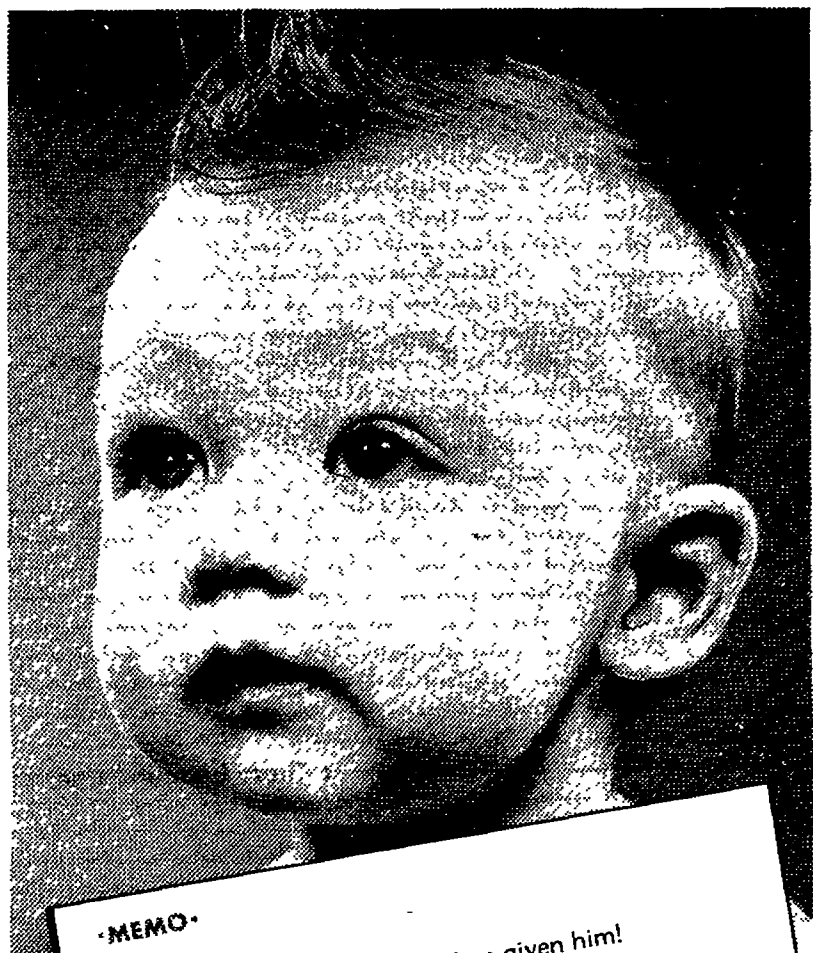

For Christians life is certainly not absurd. We believe that out of death comes life, that even in the midst of great affliction we are precious in the eyes of God, and that one day we will walk in his presence forever. In the third chapter of St. John's Gospel our Lord Jesus Christ assures us that, "God loved the world so much that he gave his only Son, so that everyone who believes in him may not die but have eternal life. For God did not send his Son into the world to be its Judge, but to be its Savior."

For many of us these words of Jesus are most difficult to understand. They make little sense in the context of our

every day experiences. Often it is because we lack faith in God. Quite frequently our capacity to love diminishes in proportion to the growth of our own self-centeredness. During the Lenten Season, however, we have an excellent opportunity to deepen our Faith and decrease our self-centeredness as we turn our thoughts to the sacrifice of the cross. We should try to appreciate God's love for us by considering that he did not spare his own Son but handed him over for the sake of us all. In so doing it should become clear to us that Jesus' suffering and death led to glory and happiness. Most important of all, we should be able to see that Jesus made the passage through death to eternal life for our sake, so that he might raise us from death to a life of glory and happiness.

A word of caution. If you truly want to experience the love of God, if you want Christ to transport you from a life unto death to a life of glory and happiness, avoid the mistake of trying to make God and Christ Jesus into your own image and likeness. You can begin to have an idea of God's love, not by looking at yourself and those around you, but by turning in Faith toward the image of Jesus Christ lifted up on the cross. "...the Son of Man must be lifted up, so that everyone who believes in him may have eternal life." John 3:14-15.

The Trusting Soul

MEMO

You are the parents God has given him!
He is the child God has given you!
For a while you will be moulding his character...
building his faith...
enriching his soul...
After that, these spiritual responsibilities will be
up to him.
But while the trust is yours to fulfill,
remember he's a trusting soul.
So you and he need what the Church exists
to provide.

American Body Beautification Up

Continued from Page 3-B

foremost sales leaders in insurance counselling and customer service, was held April 13-15 in Montreal, Quebec.

Frel's selection marks his sixth since joining the Sears subsidiary in 1968. In his selling career, he has also won the firm's Honor Ring award six consecutive years in recognition of his professionalism.

Frel was accompanied to the conference by his wife Shirley. The Northville couple are the parents of three children, Claude, 18, Michele, 15, and Christine, 13.

Wasik's selection marks his fifth since joining the Sears subsidiary in 1967. In his selling career, he has also won the firm's Honor Ring award six consecutive years in recognition of his professionalism.

Wasik was accompanied to the conference by his wife Mary. They are the parents of three children, Dana, 12, Annette, 9 and Brent, 5.

PAVING'S UNDERWAY at the new Drawbridge restaurant in Northville at the Center and Dunlap street parking lot.

AN ADDITION for the storage of newsprint is currently underway at the Northville Record building, 56 South Main street, Northville. The 35 by 60-foot section is being added to the rear of the building and will include a truck well for delivery of paper rolls. All Silver Publications (Northville Record-Novi News, South Lyon Herald, Brighton Argus) plus The Fenton Independent publications are printed by Newsprinting, Inc., which operates a six-unit offset newspaper press in The Record's composition plant. Presswork for an expanding number of publications prompted the addition for newsprint storage. Construction is by James Lapham, Northville builder.

WORK BEGAN this week on a 50 by 100 foot building (ext to Stone's Unfinished and Custom Built Furniture store at 215 East Main street in Northville. Owner Jerry Stone said the building, which will face Main street, will be used as a warehouse. The building will be located on the east side on the lot with customer parking remaining between the store and warehouse.

WELLESLEY HILLS, Mass.—American consumers spent approximately \$3.9 billion in 1972 to cleanse, oil, cream, perfume, and otherwise "beautify" the human body. This is about 8 percent more than was spent the previous year and provides evidence of a return to the industry's traditional pattern of growth.

Over the long term, the cosmetics-toiletries industry has expanded, on average, 8 percent to 10 percent annually.

This rate was temporarily interrupted in 1970, when a faltering economy and slackened consumer demand held growth for the industry to a subnormal 4 percent.

Now, however, with the economy back on the track, record sales and earnings are the order of the day. With further gains for the economy expected for 1973, cosmetics-toiletries may well set new records again this year.

MANY SIGNS point toward

continued growth for this field. One of the most important is a favorable demographic trend. The population in this country is expected to rise from the present 210 million to 288 million by the year 2000.

Most important is the projection that the 15-44 age group (significant buyers of cosmetics-toiletries) will then represent 44.5 percent of the populace, up from a recent total of 41.4 percent. Per capita consumption will rise for another reason. After a family's income reaches \$5,000, cosmetics expenditures increase much faster than even drug-medicine outlays.

With the average family expected to become increasingly prosperous, there should be a higher percentage of consumer spending on personal-care products.

THE GREATER proportion of working women will also boost demand, since they spend more money on cosmetics than nonworking women. A continuing

flow of new products should further stimulate buying. Another plus factor is exploitation of foreign markets. Already, markets abroad represent a dominant part of total business for some companies. Certain firms report that their sales and profits grow more rapidly in their overseas markets than they do at home.

Every industry has its difficulties at one time or another, and the toiletries-cosmetics business is no exception in this regard. Increased regulation is probably the industry's Number One concern at present.

While the 92nd Congress left regulation of cosmetics in the hands of the Food and Drug Administration, with no change in existing rules, cosmetics producers are faced with more extensive control of their manufacturing and marketing.

THE WIDENING of regulation, however, is not likely to affect significantly the long-term

expansion of the industry. In addition to stimulation from the growth factors we have mentioned here, expansion of the industry should continue to be generally helped along by low capital costs and satisfactory labor relations.

Quite a number of investment issues of companies in the cosmetics-toiletries field are worth holding at this time. Among the "purer" concerns in this category are Avon Products, Chesebrough-Pond's, Gillette, and Revlon.

For a speculative play in this group, the Research Department of Babson's Reports currently recommends purchase of Faberge, Inc. common stock, traded on the New York Stock Exchange.

SALES and earnings have rebounded well from the poor showing of 1970 when the financial results were severely affected by phaseout of a distributor marketing system as well as by a considerable slump in the national economy.

Platform Shoes Seen As Hazard

Fashion—conscious Michiganians bent on wearing stylish three-to-five-inch platform shoes could represent the latest driving safety hazard, according to Automobile Club of Michigan.

"The new platform creations, which the ladies and some men are buying by the thousands, are probably the worst driving shoe ever created," warns Arthur C. Gibson, Auto Club Safety and Traffic Engineering manager.

"It is very difficult to shift the foot from the accelerator to the brake in an emergency while wearing these elevated shoes," Gibson explains.

"Add these shoes to the

GET LOST IN A 29-FOOT FAMILY ROOM THIS WEEKEND.

Come to Northville Commons and you'll see some things you don't often see built into homes anymore.
29-foot family rooms, for example. Dining rooms with elegant stained wood and built-in break fronts. Cathedral ceilings that span both living and family rooms. And a walk-out basement.
We even have a unique garage, and a totally new Idea Home, to show you. Plus a 30-acre Commons with picnic and playground areas, walking paths and open spaces. An excellent school system. And excellent shopping, churches and freeway accessibility in the peace and quiet of a small community.
And with our Guaranteed Sales Plan you can, in effect, trade your present home in on one of our new models. We also have homes available for immediate occupancy. And models in which you can have the interior custom designed.
In Northville Township on Six Mile Road one mile west of Haggerty. Open daily and Sunday 1-8, Saturday 12-5 (closed Thursday). Call 476-4818 or 349-4550. Prices start at \$57,900.

Horse's Mouth

GROOMING AND PREPARATION FOR THE SHOW RING

The first step should be the horse's feet. Daily inspection of the feet will give you an opportunity to check on injuries, loose shoes, small stones, or other objects that may have become imbedded in the foot, and thrush.

Most important is good cleaning of the bottom of the commissures or depression between the frog and bars. The deepest part of each depression is near the heel. It is the part most often cleaned improperly and is the usual seat of thrush.

If the wall of the foot is dry, brittle, and cracked, it is wise to use a hoof dressing on the foot occasionally. The frequency of this will depend on the condition of the feet.

For the show ring, make sure the wall of the foot is clean. This may require washing with water and a stiff brush to remove caked mud or manure. Hoof dressing or light oil, such as neatsfoot oil, improves the appearance of the feet for show. Shoe polish is not recommended, since the new water repellent kinds seal off all air holes in the hoof and stop moisture from entering.

The long hair on the inside of the ears and under the chin and jaw is clipped off. Some horsemen prefer not to remove all the hair from the inside of the ears since it is there for a purpose—to help keep dirt and insects from entering the inner ears. The hair around the fetlock joint is trimmed to give the legs a neater, cleaner appearance.

Some exhibitors clip the legs from just below the knees and hocks down to the hoof head. Run the clippers with the natural lay of the hair. Clipping a couple of weeks before a show will allow the hair to grow enough to eliminate clipper marks and contrasting shades of color. The whiskers and face hair should be retouched a day or two before show time.

On all saddle horses, the mane is usually clipped where the head stall of the bridle crosses behind the ears. This clipped area is called the bridlepeth and may vary from one and one-half to seven inches in length. The reason some people cut so

much off is to give the horse's neck the appearance of looking longer and having a finer throatlatch.

Your show horse should be kept out of the sun as much as possible to avoid a dull sunburned appearance of the coat.

If you are grazing your horse, turn him out to pasture at night or early in the morning.

Washing the horse or pony is one method of getting him clean. However, washing should never take the place of regular grooming since it does remove the protective oil of the hair and skin. But if you decide that washing is necessary, use lukewarm water and a mild soap (regular animal shampoo is best). Rinse thoroughly with cool water and walk in the sun until dry. I would not wash a horse unless the temperature is at least 60 or above.

If you have a gelding or stallion, don't forget to clean the sheath occasionally. Some horses require it more often than others, especially those which urinate without protruding the penis. Use warm water, mild soap and remove the secretions, including the "bean" or ball of wax secretion which sometimes develops in a depression in the head of the penis and which may interfere with urination. Rinse well.

In addition to regular grooming such as currying and brushing, some horsemen will bring out the bloom on their horse by hand rubbing. Hand rubbing removes loose hair, stimulates circulation and helps to produce a glossy coat.

Before exhibiting your horse, the final touch consists of going over the horse's body with the grooming cloth. This should be done just before entering the show ring, since the cloth will pick up any dust which may have accumulated since brushing.

Avoid using oil rub rags for this final grooming, because oil on the surface of the hair coat will cause dust to stick to the animal. With a clean cloth or damp sponge wipe around the ears, eyes, nostrils, lips and dock. Sometimes a little baby oil on these areas will take away that dry flaky look. Just put a small amount of baby oil on your hands and rub them together. Then lightly run hands down inside of the ears, around the eyes and nose.

A good showman will carry a small rag concealed in his pocket just in case it is needed in the show ring. Of course, it is used to "touch up" your horse only when the judge is occupied elsewhere in the ring.

During Month of May

Michigan Blossoms with Activities

The days of May in Michigan are scented with blossoms, alive with activity, customed and costumed by our ethnic heritage, according to the Michigan Tourist Council.

The month begins with Blossomtime, through May 5, at Benton Harbor and St. Joseph. More than half a century old, the festival celebrates the beginning of Michigan's growing season and is one of the largest events of its kind in the nation.

A variety of events are designed for family enjoyment climaxing with the Grand Floral Parade. Many of the blossom-decked floats in the two and one-half hour extravaganza are believed by many to rival the beauty of those in the famous Rose Parade.

May 17th, seven 20th century voyagers will embark from St. Ignace to retrace the canoe journey of Louis Jolliet and Father Jacques Marquette 300 years ago.

Perhaps one of the most rewarding highlights of spring in Michigan is the seeking, and finding, of the elusive Morel mushrooms. That's what the National Mushroom Festival, May 12-13, at Boyne City is all about. Hunters with the sharpest eyes not only reap a harvest of delicious Morels, but also cash prizes.

Tulip Time in Holland, Michigan could well be

described as a national tradition. Since 1929, the festival has attracted visitors from all parts of the country. The "Klompers" (wooden shoe) dancers are one of the main, and most popular attractions.

Other unique attractions include the wooden shoe factories, Dutch Village, the Netherlands Museum, Baker Furniture Museum, the authentic Dutch windmill "DeZwaan" and acres and acres of tulips in brilliant bloom. Tulip Time '73 is May 16-19 and if you plan to attend it's wise to make overnight reservations well in advance.

Guaranteed to be a treat for the whole family is the Country Fair of Yesteryear, May 17-19, at Greenfield Village, Dearborn. The fair is a re-creation of rural fairs of a century and more ago, complete with marching bands, farm animals, a children's midway with games and prizes and a gala "Cavalcade of Transportation" parade each day.

Visitors will see early crafts such as cider pressing, sheep shearing, butter churning and others demonstrated by Village craftsmen. In short, it's a delightful visit to yesterday.

Michigan Week is a statewide celebration, May 19-26 this year, with various and sundry activities and events scheduled in almost every city and community.

The week's "kick-off" city is Sturgis.

Detroit's Ethnic Festival program opens May 25-28 with the Greek Festival at the Civic Center Riverfront. Greek art, music, dances and food will be among the highlights. The program will feature a different Ethnic Festival every weekend through September 23.

Being "one of a kind" carries a certain degree of distinction and that's what sets the Annual Off-Road Rally apart. It's the only event of its kind in the Midwest for dune buggies and 4-wheel drive vehicles. The Rally will be held May 25-28 at Rose City and will include hill climb and obstacle races, a 100 mile cross country endurance and poker run with trophies for the winners.

A guided safari "over the hills and through the woods" is planned for the drivers and their families. The Rally is open to the public and sanctioned by the Michigan Sport Buggy Association.

The excitement, enthusiasm and Scottish pageantry of the Highland Festival and Games at Alma have made it one of the most popular events in North America. Tartan lads and lassies, kilts pipers and spectators of Scottish and non-Scottish descent will gather for this year's festivities, May 26-27.

The program includes piping and drumming competition, pipe band and

highland dancing competition and athletic contests enjoyed

by Scots for centuries. Brawny lads will display their

strength in tossing the caber, putting the stone, throwing the hammer and numerous other track and field events. And, thrilling sights and sounds and happy smiles will be enjoyed by all.

The Fort Michilimackinac Pageant, another favorite annual Michigan event, will be held May 26-28 at Mackinaw City. Highlight of the affair is the re-enactment of the famous attack on Fort Michilimackinac by Chief Pontiac.

Gardening Way

Continued from Page 2-B

singles often resembling phlox and doubles with ruffled petals.

For outdoor use the zonal geraniums are the most dependable. Dark zones on their velvety leaves gave the name to these beautiful plants. Hundreds of varieties are available for your selection, producing single or double flowers. There are also fancy-leaved types which are grown for their foliage alone.

The flowering plants, however, are easier to handle. Geraniums prefer bright sun and a soil not too rich. They respond to better air circulation; for that reason they are planted away from larger trees and shrubs. Little artificial watering is needed in summer garden beds. After a good summer performance, prune back and allow to rest.

NEW YMCA CAMP director of Mahn-Go-Tah-See is Homer "Gus" Roberts.

The appointment of Roberts as camp director was announced by the Camp's Board of Directors. Roberts, a life-long resident of Oakland County, has been the camp naturalist for the past 30 years.

Mahn-Go-Tah-See is affiliated with the Pontiac YMCA and is located near Hale.

Registration Near

Registration for the spring session at Schoolcraft College will be held on Monday, April 30, for both day and evening students. Classes begin the following day.

Students who will complete their studies during the eight-week session may register in the auxiliary gym starting at 8:30 a.m. Day students whose last names begin with the letters A through L are taken from 9 to 10. Those with last names from M to Z register between 1 and 3:30 in the afternoon.

Evening students will register between 6:30 and 9, also in the auxiliary gym.

Schoolcraft is offering over 200 on-campus classes in 30 different subject areas this spring. In addition, classes in advertising, real estate, English, business math, government and psychology are being offered in Garden City.

Persons wishing additional information should call 591-6400, extension 228. For information about Garden City programs the number is 425-3380.

Platform Shoes Seen As Hazard

Continued from Page 5-B

voluminous and cuffed bell-bottom slacks flapping around the ankles just waiting to snag the heels, and there is a real driving problem for both men and women.

"Anyone who has seen a person try to walk in platform shoes must wonder how he or she can possibly drive an auto

in them," he adds, citing the recent story concerning a New York fashion editor who recently fell on her platform shoes and broke an ankle.

Several Detroit-area secretaries who wear platforms complain that when the soles become wet they keep slipping off the accelerator and brake pedals.

We're Proud to Honor A Company Leader!

Donald W. Smith

221 West Liberty
Box V
South Lyon, Michigan 48178
Fabe Mirto
Agency Manager

During 1972, this Woodmen Accident and Life District Manager led the Company's 600 representatives in the highest combined volume of life, health and group insurance protection, as well as the highest volume of individual life insurance protection.

As well as bringing honor to Don, such an outstanding effort brings a wider scope of financial security to many individuals, families and businesses.

We think these accomplishments deserve a special tribute, so won't you join us in congratulating him?

WOODMEN
ACCIDENT AND LIFE
A LUTHERAN RETIREMENT CENTER PROGRAM

PUT ON A HAPPY FACE

Come retire with us

If you're considering gracious, secure retirement, you should consider joining us in Ann Arbor.

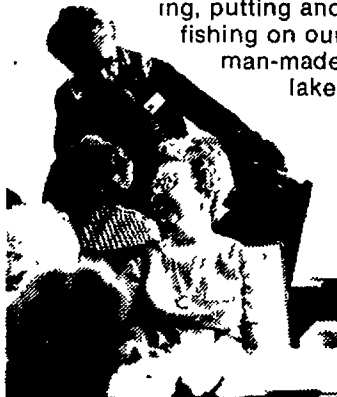

We're some of the first retirees to reserve apartments at a brand new, full service retirement community... the interdenominational Lutheran Retirement Center.

When the Center is completed, a few short months from now, we'll start enjoying a whole new experience in living.

To begin with, we have quite an estate. Our 5-story residence building is set nicely on 34 acres of beautiful open space in the northeast part of the city... just about a mile from North Campus.

The landscaping is going to be really lovely, and having such an expanse of landscape provides nice recreational opportunities. Like gardening, picnicking, walking, putting and fishing on our man-made lake.

Although we have all the amenities of country estate living, we're actually inside Ann Arbor. The shopping and entertainments in town are just a short drive from your personal carport or a comfortable ride on one of the Center's complimentary buses.

Dining is a daily delight in the pleasant atmosphere of the Center, with private dining rooms available to make entertaining guests an effortless pleasure. And, the meals are not only delicious, they are also nutritionally planned, making it easy to get one's daily vitamins.

Socializing is a natural part of Center living, with luxurious lounges and well-equipped recreation rooms as the setting for our lively schedule of programs and activities. A carefully selected library is available, with books and periodicals for the most discriminating of tastes. We also have a fully-equipped and professionally-staffed health and therapy center. It's comforting to know nursing care is readily available at the Center if ever needed.

We could continue, because there are many, many more advantages to describe. If you're 65 or older, we think you should examine them all. It's quite easy, and there's no obligation. Just return the coupon for full information or call the phone number below. And, please, do it soon. Because, we'd really love to have you join us.

Fill out and return this request to receive complete details on retirement living at our interdenominational center, or call (313) 663-1330.

A Little Northville History . . .

And a Little Background

On the Proposed Unification Of the City and Township

Up until 1898 the village of Northville was part of the 36-square-mile township of Plymouth. The village itself, which was not quite the size of the present city of Northville, was formed in the 1860's.

But in 1898 a split took place in Plymouth township and the separate townships of Northville (including the village) and Plymouth were formed. Northville and Plymouth townships therefore are unique in that each are less than half-a-township in size.

In 1955 the village of Northville incorporated into a city, mostly to provide services for the more-populated area and to gain race track revenues from the state. The law that provided rebates based on the pari-mutuel handle (betting) at races stipulated that such rebates would go to cities (not villages) where tracks were located.

Thus the township of Northville was further reduced in size to about 17-square-miles. Approximately 30 per cent of the township's land area is either state or county owned and occupied by non-tax producing institutions.

In the 1960's and 1970's residential developers began flocking to the rolling hills of Northville township and the government was faced with important planning decisions as well as the need for more services.

Two schools of thought confronted the issue of how to provide services. One group would have the township act independently and build its own township hall-fire station-police complex and create its own police department, etc.

Another group favored joining with the city, where service facilities had already been established.

Subsequently, those favoring the first course of action initiated the Northville Township Building Authority, which permits the township to build a complex of municipal offices and levy whatever tax is needed to pay for the facility without a vote of the taxpayers.

Thus some \$10,500 was spent for architectural drawings of a proposed \$500,000 township hall complex and a Building Authority was formed.

This action prompted those who view duplication of such facilities as a waste of money to circulate petitions calling for unification of the city and township into one city of approximately 19-square-miles (about half the size of Livonia).

These annexation petitions were filed with the state in March, 1972. A public hearing was conducted by the State Boundary Commission in August, 1972 in Northville. After considering arguments for and against unification of the city and township of Northville the Commission ruled unanimously in January, 1973 that the township should be annexed to the city.

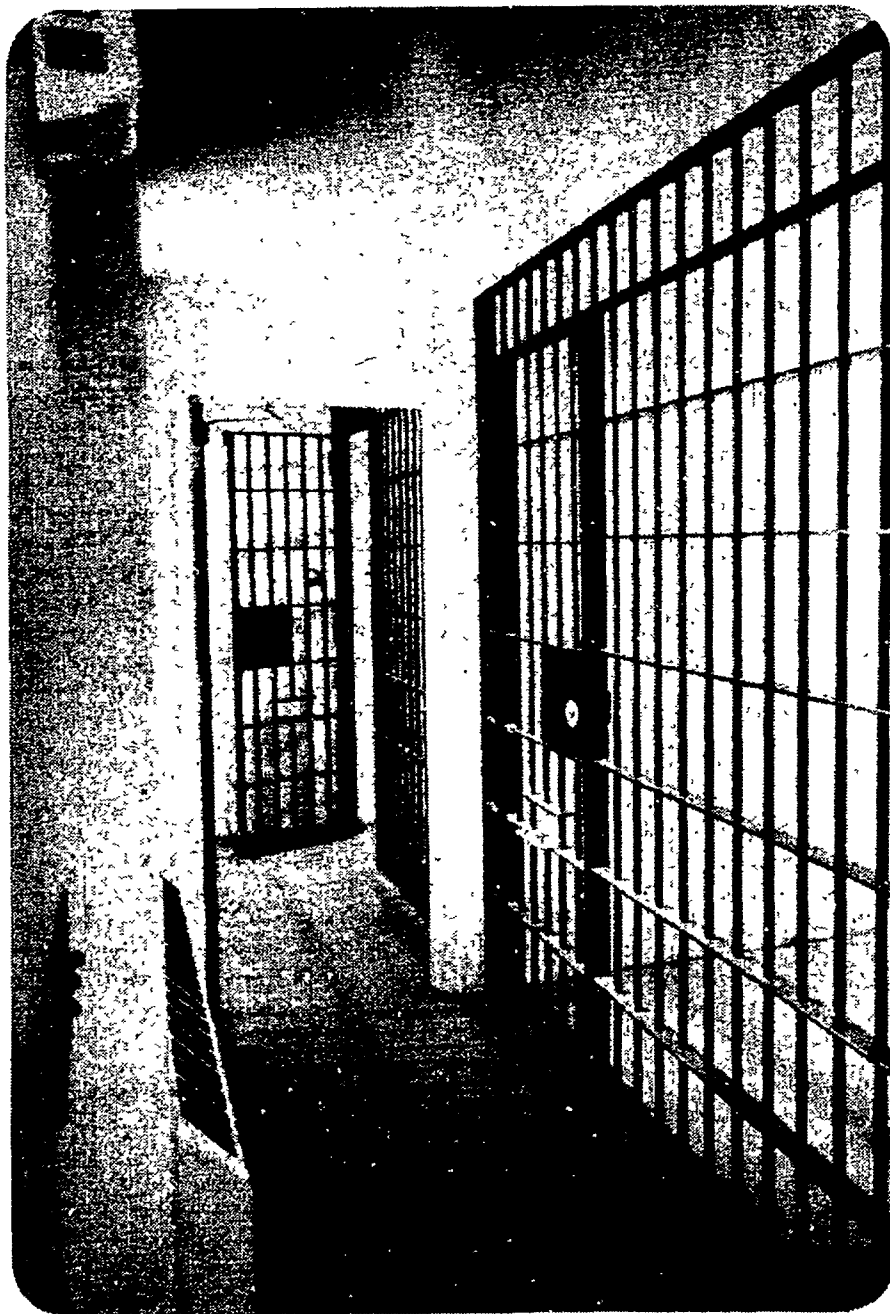

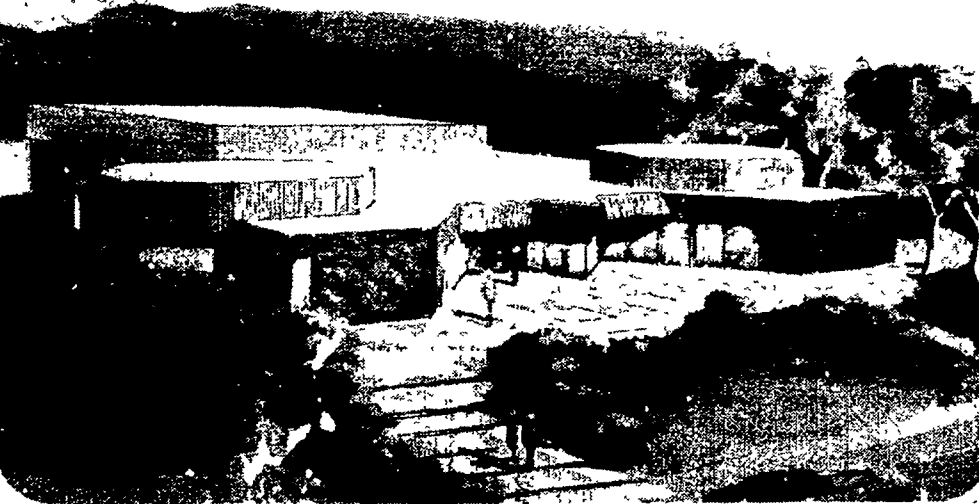

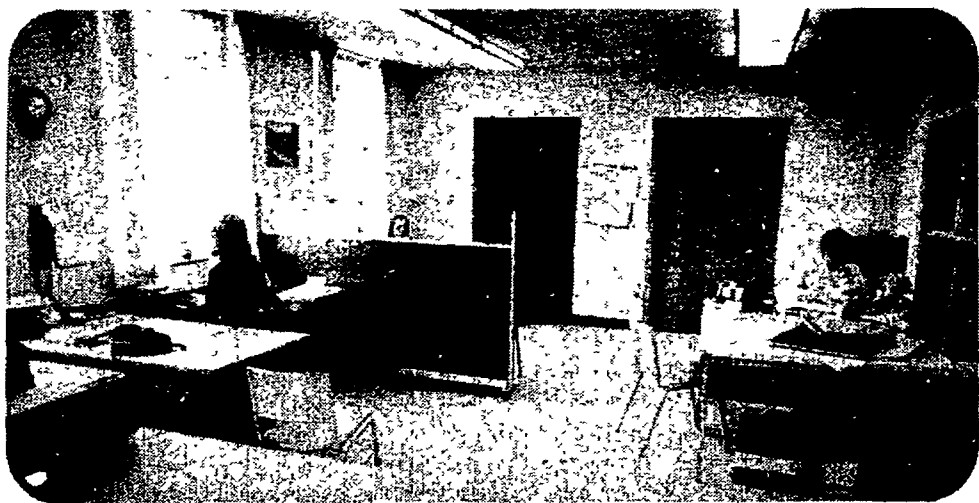

Following this petitions calling for an election on the question were circulated in both the city and township and an election was called for May 7, 1973.

To accomplish unification of the two governments into the single city of Northville the question must be approved in both the city and township.

The Citizens Committee for a United Northville, a volunteer committee of city and township residents supporting the annexation, hopes to show all residents in this publication why unification is best for ALL citizens of our community—in BOTH the city and township.

It is noted that an independent study made in 1967-68 and jointly financed by the city and township clearly indicated that unification of the two governments was both feasible and desirable. Independent studies by the Citizens Research Council and the League of Women Voters, which followed the study made by the consultant retained by the city and township, reaffirmed the earlier findings.

In this publication the Citizens Committee for a United Northville attempts to explain these facts and to show you, the taxpayers of the city and township, why one government is cheaper than two, why one government is more responsive than two, why planning and services can be provided together under a council-manager form of government more economically and professionally.

The city of Northville already has a modern city hall with complete municipal facilities capable of serving the total community. It includes a jail plus a 17-man police department with 24-hour dispatching service. (At Left)—The township has spent some \$10,500 on architectural plans for a proposed \$500,000 township hall complex, which indicates its intention of constructing this facility under the newly-formed Northville Township Building Authority.

Can We Operate Together on 4 Mills?

Studies and Experts Say YES

Here Is the Proposed Budget for the Unified Community of Northville

I. GENERAL OPERATION

EXPENSES

Administration— includes city-township officials, consultants, attorneys, auditors, general clerical and administrative expenses including all insurance-pensions etc. for all city-township employees.

Public Works— includes garbage-rubbish pick-up, maintenance of all buildings, vehicles, parks, trees, street lighting and costs of all utilities and rents.

Police— includes men and equipment

Fire— joint service.

Judicial— includes District Court costs. City currently handles some township work with majority of revenue to state.

Building-Inspecting

Library & Recreation— joint service.

Contingency—

REVENUE
Present City revenue without property tax

Present Township revenue without property tax.

4 mill property tax— all residents

New Revenue— Court costs now going to state, increases in per capita amounts of revenue sharing and tax rebates, city force construction, EEA, government grants etc.

II. PUBLIC IMPROVEMENT

The city receives nearly \$600,000 in revenue from the race track and State-Federal Park Grants. Most of this money is used for Capital Improvements such as Senior Citizens, Major Equipment (Fire, Police, & DPW) Parking, New Fire Stations, etc. At present the township does not share in the Race Track Revenue (some \$500,000).

III. STREETS

The city now receives \$65,000 from gas tax to maintain their streets. The township allocation of \$110,000 presently goes to Wayne County Road Commission. A Unified Northville would receive \$175,000 for maintenance of their streets.

IV. WATER-SEWER

The Water/Sewer department in the city and township operate on Water/Sewer rates. All Water/Sewer lines (except a few in one area of the township) are in excellent condition with no major construction anticipated.

But Alone Neither Community Could Provide These Services for Less Than Double the 4-Mill Levy

Current Budgets		Proposed Budget	
City	Township	Unified Northville	
201,150	165,450	314,100	—
		We save \$72,500 in duplicate manpower such as officials, attorney, planning consultants etc. We increase \$20,000 to handle additional load of a larger community.	
208,550	22,500	274,750	—
		We save \$6,200 in duplicate communication-clerical cost and add \$30,000 for increased 24 hour protection for all residents.	
351,900	61,100	436,800	—
24,500	24,500	79,000	—
		We increase costs due to increased work load. Additional revenue from state more than offsets costs.	
48,800	0	60,000	—
		We add \$30,000 for increased fire protection.	
15,300	63,300	78,600	
41,100	40,210	81,310	
20,000	14,385	★	
911,300	391,445	1,324,560	
		545,500	
		332,000	
		400,000	
		100,000	
		1,377,500	

A BALANCED
BUDGET ON 4 MILLS
WITH MONEY
TO SPARE!

These projections are based on current city/township budgets with qualified estimates on savings/cost increases.

★ Revenues exceed expenditures by \$52,940 which can be used for any purpose desired.

What Does a 3-Mill Increase Mean to the Typical Township Homeowner?*

* Tax millage is levied against the State Equalized Valuation (SEV) which represent 50 per cent of the market value of the property. Thus a home with a market value of \$20,000 is taxed on the basis of \$10,000 (SEV). One mill

represents \$1 of tax per \$1,000 of taxable valuation (SEV). Thus one mill levied against a home with a market value of \$20,000 would represent a tax of \$10 (\$1 per \$1,000 of taxable valuation).

KINGS MILL...

In Kings Mill the average SEV is \$11,500, thus three mills equal \$31.50 in taxes per year.

NORTHVILLE COMMONS...

In Northville Commons the average SEV is \$28,000, thus three mills equal \$84. in taxes per year.

NORTHVILLE COLONY...

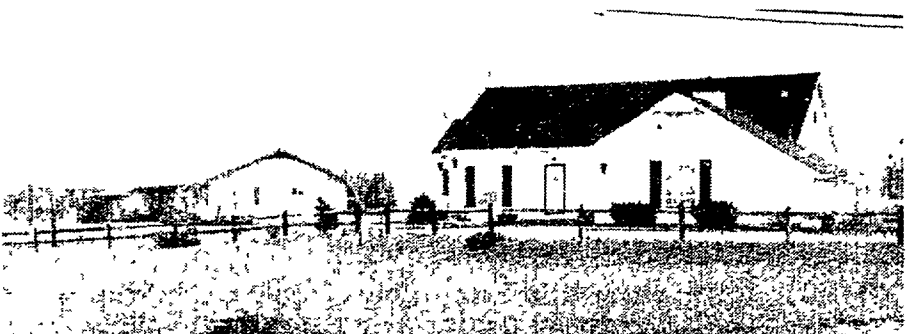

In Northville Colony the average SEV is \$22,000, thus three mills equal \$66. in taxes per year.

SHADBROOK-EDENDERRY...

In the Shadbrook, Edenderry areas the SEV's vary, but typical averages would be \$30,000 and \$35,000. Thus these homeowners would pay additional taxes per year of \$90. and \$105.

WESTVIEW...

In Westview area the average SEV is \$25,000, thus three mills equal \$75. in taxes per year.

RIDGE COURT...

In the Ridge Court area the average SEV is \$18,000, thus three mills equal \$54. in taxes per year.

HIGHLAND LAKES...

In Highland Lakes the average SEV is \$12,000, thus three mills equal \$36. in taxes per year.

KNAPP'S SUB.(West of Clement)...

In Knapp's Subdivision the average SEV is \$8,000, thus three mills equal \$24. in taxes per year.

TAFT COLONY...

In Taft Colony the average SEV is \$25,000, thus three mills equal \$75. in taxes per year.

GRANDVIEW ACRES...

In Grandview Acres the average SEV is \$12,000, thus three mills equal \$36. in taxes per year.

NOTE—These figures are based on 1972 State Equalized Valuations as taken from the Northville Township tax rolls.

Deduct from above figures cost of services (trash pickup, etc.), which you are now paying for privately and which will be provided by the city.

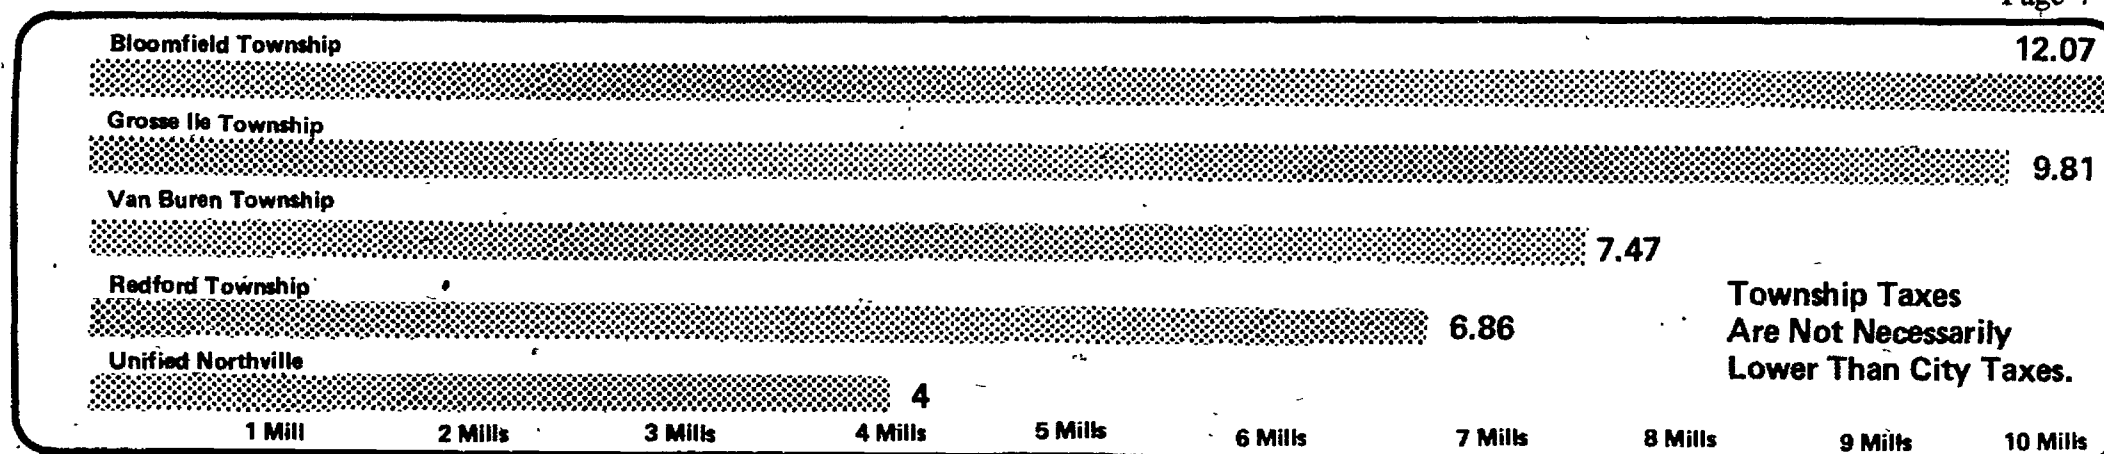

What Do You Receive in Return for Unification?

If you are a Township Taxpayer you receive:

- A 4-mill tax rate instead of the 9-mill projected cost of separately operated township government.
- Immediate around-the-clock police protection by fully trained policemen.
- An already fully paid for city hall, police station and jail, DPW garage, equipment and grounds, etc.
- Immediate municipally paid trash, rubbish and garbage collection, thus eliminating the cost of privately contracting for this service...a savings of more than 1-mill per township household.
- A voice and control of development and-or change in downtown Northville and in other sections of the existing city.
- Preservation and enhancement of the community's heritage.
- Elimination of costly duplications.
- Locally controlled, more efficient and all-around superior maintenance of streets and roads, dust prevention, and snow removal.
- Insurance that the community's future will be planned jointly, professionally, and effectively.
- Non-partisan local government.
- A Model Cities Charter that may be changed by voters.
- An opportunity this summer to vote into office all new city councilmen.
- An opportunity this summer to seek election to the city council.

If you are a City Taxpayer you receive:

- Additions of many thousands of dollars in state and federal revenues.
- A direct role in overall planning of the entire Northville community. For example, you will have a voice and some control of projects such as the mobile homes park presently proposed in the township at Seven Mile and Northville roads.
- A larger base of potential public officials and employees from which may be selected those persons who can best make up a competent governmental structure.
- A far more efficient use of present city personnel and facilities, thus keeping costly overhead to a minimum.
- Insurance that improvement of services, such as recreation, beautification, historic preservation, fire protection, library, etc. will continue and not become bogged down in intergovernmental haggling.
- Average savings of \$70 in city taxes beginning next year.
- Hastened development of much needed senior citizen housing.
- Preservation and enhancement of the community's heritage.
- A bigger and more effective voice against encroaching state and county land-use policies.
- Insurance against annexation of the Northville community from Novi, Livonia, or Plymouth.
- Elimination of one of the confusing artificial boundaries in the community, and some impetus for correcting postal, telephone exchange, and school boundaries.
- Insurance that the community's future will be planned jointly, professionally, and effectively.

Facts Dispel Annexation Rumors

Can the township provide its citizens with adequate services on a single mill? Township government proponents would like you to believe so, BUT they neglect the evidence that proves them wrong. In all metropolitan area townships providing basic city services the rates are substantially higher. Bloomfield Township, for example requires 12.07 mills, Redford Township 6.86, and Van Buren Township uses 7.47.

Even neighboring Plymouth Township, which has no municipal police protection, no rubbish-trash-garbage collection, and no road service, has nearly 3½ mills.

Of all townships in the metropolitan area none are more similar to Northville Township than Grosse Ile Township. Grosse Ile, which is located on the border of Wayne County as Northville, has approximately the same population and the same valuation as Northville Township. BUT Grosse Ile Township has a millage rate of 9.81—more than double the rate of the proposed unified Northville, and it doesn't offer as many services.

What about some of the other questions raised by opponents of unification? Are they, like their millage argument, equally deceptive? Let's look at them:

1. Isn't township government more responsive than city government?

Absolutely not. Let's look at just two of many examples: The township board after naming a committee of citizens of its own choice to study police protection needs of the township, to examine all available data, and to recommend to the board its suggested solution to the problem—refused to consider the recommendation and, in fact, tossed it into the wastebasket. Interestingly, on the same subject of police protection the township board also has ignored the advice of township citizens voiced in a township board sponsored poll. On the other hand, recently the city council, after listening to concerns of many of its citizens, modified a recreational vehicle parking ordinance so as not to work any hardship on its citizens. The action was even lauded by a leading skeptic of unification, who has praised the city council for its responsiveness.

2. Isn't 1 mill all the township can levy, and can't the city levy 20 mills?

Under the law, the township millage rate may be 1 mill, 10 mills, 20 mills or even more—provided the township board convinces voters to approve it. Even without that approval, however, the board may levy sufficient millage to pay for the half-million dollar township hall complex presently planned. Also, bills have been introduced into the Michigan Legislature to permit township boards to levy up to 5 mills, without a vote of the people, and to permit it to bill township residents for garbage-rubbish collection. Yes, it is true that the city may levy up to 20 mills. However, it has never come close to this maximum, and in fact the rate has been reduced in each of the past six years. This year, for example, the city council plans to reduce the levy by at least 1½ mills. Furthermore, voters need not accept the 20 mill maximum. They could change the charter and set whatever limit they see fit.

3. Doesn't township government protect the community's rural atmosphere?

Certainly not. Political scientists will attest to the fact that township government is the weakest, least affective of all governing bodies in Michigan. Furthermore, it is the tax rate that forces farms and rural acreage into development, so the surest way to kill rural atmosphere is to vote against unification and its 4 mills and to support township government and its projected 9 mill tax.

4. What benefit is city garbage-rubbish collection for township residents who already have it?

Opponents of unification neglect to point out that township residents do not receive this service free. They contract and pay for it themselves—it isn't paid for by the township. If the township resident adds up his annual bill for this contracted service he will see that he is probably paying the equivalent of at least 1 mill in taxes for it. In the unified city, this service would be provided by the city so the resident will no longer have to contract and pay for it himself.

5. Don't other townships provide services, such as rubbish collection, police protection, etc., on 1 mill?

No they do not. Neighboring Plymouth Township, which provides neither police protection nor rubbish collection, pays nearly 3½ mills. Grosse Ile Township, which has a population and valuation of about the same as Northville Township, pays 9.81 mills. If Northville Township tries providing its citizens with these and other services its tax rate most assuredly will go up to at least 9 mills.

6. Isn't the 4-mill levy proposed for the combined city unrealistic?

Not at all. Both the City Manager-Treasurer and the Township Treasurer, working independently, arrived at the same 4 mill figure in projecting revenues and expenditures for the unified city. The 4 mills, they agree, will provide for a much greater level of service in the combined communities than is now provided separately. Furthermore, 4 mills provides a \$52,940 surplus that could be used if citizens want an even greater expansion of services. It is important to note also that neither the city manager nor the township treasurer counted race track revenues in arriving at their 4 mill figure. These revenues, as is the case in the city now, will be used for capital improvements in the unified city—not for general operational purposes. Also, studies by citizens organizations, by a professional Michigan government consultant, by the Michigan Citizens Research Council, and by the League of Women Voters, when updated to include new revenue sources, confirm the 4 mill rate.

7. If existing city water and sewer lines and roads are sub-standard, won't the township be subsidizing improvement of these facilities in the unified city?

No. First of all city water and sewer lines within the city are not substandard, and in fact are regularly maintained and improved. Interestingly, the only city water line that is in need of immediate repair is located in the township, west of the city limits, and the township has rejected all city attempts to have it replaced. NEARLY ALL city streets are paved.

8. Will existing city residents, who already have paid for their own paved streets, be paying for the miles of unpaved township roads with unification?

No. Several major roads in the township will continue to be under the jurisdiction of the county. Normally unpaved city-controlled roads are paved only when property owners along these roads are willing to pay for this improvement. Just as is the case in the present city, paving and sidewalks are paid by assessment against properties receiving the improvement—not out of general city funds. However, it should be noted that with unification some \$110,000 of gas tax money now going to the county will go instead to the new city of Northville. This money will allow the new city to spend hundreds of dollars more per mile than the county now spends in the township.

9. Won't city officials have an unfair advantage in the new unified city?

No. All present city councilmen and the city manager have pledged, in writing, to resign if unification is approved. Therefore, electors of both the city and the township will almost immediately be electing a complete new slate of councilmen. And any qualified citizen of either the city or the township will be able to run for the new city council which will select the new city manager.

10. Isn't the city charter inappropriate for a larger community?

No. Only recently updated and approved by voters, the charter is based on the Model City Charter for cities of up to 100,000 population. Furthermore, if voters dislike it, they may revise it again in part or in total at any time.

11. If the township unites with the city won't it lose the Sheriff's Patrol?

The Sheriff's Department has already served notice on the township that it will pull out its patrolling service unless the township helps pay for it. So unless the township pays for this service, it will be withdrawn next summer whether or not unification occurs. Furthermore, it should be noted that sheriff auxiliary services, such as narcotics, investigation, crime lab, detective bureau, are available to both cities and township.

12. If the township joins the city will the school district lose state monies for busing?

Very likely it will unless state aid laws are amended. As the school district population increases and more neighborhood schools are built, however, use of buses will decline. School plans call for strategically located schools within walking distance of students. It is interesting to note that it was those who favor unification—not those opposed—who researched this matter and brought it to the attention of school officials in an effort to make the public aware of all sides of the issue.

13. Will city status lead to low-cost housing in the township?

Low cost housing, especially for senior citizens, is a necessity in both the city and the township. Those who use this argument as a scare tactic fail to point out that the city's ordinance is no less strict than the township's ordinance and considerably more effective. As a matter of fact, the township ordinance permits mobile homes development—two presently are planned in the township, while the city ordinance does not permit them. Township government simply does not have the clout—as witnessed by what happened in Nankin Township—that cities have. Furthermore, a unified city will be far more effective in combating encroaching state, regional and county land-use policies than will the township.

14. Will people in the township have to give up their horses if they become a city? If unification is approved?

Absolutely not. Existing township zoning and land use regulations now applicable in the township are not overturned with unification. Township property owners who may legally keep horses today will be able to keep horses with unification.

15. Upon annexation won't all the township's ordinances automatically be abolished?

No. More than 80 percent of the city and township ordinances are identical.

16. There's nothing compelling the township to build a township hall complex if it remains a township so why worry about these costs?

Because it is not just idle talk that a township hall complex is planned. Nearly \$10,500 has already been spent by the township board in preparing the plans, and it already has established a building authority to give it power, without a vote of the people, to tax township property owners to build the facility. If unification is turned down, this new half-million dollar complex most assuredly will become a reality. And just as certain, establishment of separate, more expensive township police department, fire department, recreation department, department of public works, library, etc. will follow. Proponents of township government are hopeful unification is turned down so they can begin their empire building tomorrow.

Here's What People Are Saying About Unification . . .

JAMES H. BRICKLEY, Lieutenant Governor of Michigan—"The time for reform has come if, indeed, it has not passed. We can no longer afford to live under structures and systems of governments, local, state and national, that were designed more than 100 years ago for a rural America."

MRS. KENT (ANNALEE) MATHES, League of Women Voters—"League of Women Voters of Northville-Plymouth supports unification of Northville Township and the City of Northville to insure orderly growth of the total area and to provide more economically and efficiently the necessary services for an expanding population."

DR. ORLO ROBINSON, School Board President—"Personally, I feel unification would be advisable."

EDWARD HODGE, President, Greater Northville Republican Club—"The unification of the government of the community is needed and needed now."

STANLEY JOHNSTON, School Trustee—"I don't see why unification has not been settled a long time ago. It's the most efficient and economical way."

JIM NOWKA, Chairman, Northville Township Planning Commission—"The proper time for this community merger is absolutely right now!"

JOHN CANTERBURY, Former City Councilman—"With unification, both the citizens of the city and the township can look forward to less costly and more efficient services."

LAWRENCE WRIGHT, Township Supervisor—"We can't continue the way we are on just one mill. It's silly to think we can. We're going to have to ask the taxpayers for more."

N. C. SCHRADER, President, Northville Community Chamber of Commerce—"After giving the matter a good deal of study and consideration, the chamber came to the conclusion that unification is the wisest decision that voters and this organization can make."

JOSEPH STRAUB, Township Treasurer—"I have tried to be objective and I realize that I am literally talking myself out of the treasurer's office, but personal ambitions should not be considered where the general welfare of the community is concerned. Therefore, I wish to re-emphasize that I favor joining the city by annexation, consolidation or unification...whatever you wish to call it."

ANDREW ORPHAN, School Trustee—"Duplication of services costs money. For that reason alone, I must support one government for the city and township."

FRANK OLLENDORFF, Manager, City of Northville—"We have an excellent community with fine people and growth potential that needs coordinated planning and the watchful attention of a unified community."

LEONARD KLEIN, Township Trustee—"Mutual planning is just as great or an even greater reason for uniting as is economy of government."

MARTIN RINEHART, School Trustee—"Both the city and township can operate more efficiently as one."

JOHN MacDONALD, Township Trustee—"I think it is interesting to note that there are cities of comparable size that seem to be working quite well."

A.M. ALLEN, Mayor of the City—"As you know I've always favored unifying our community, and I'm sure annexation is the best solution (to accomplish it) possible..."

RAYMOND SPEAR, Superintendent of Northville Schools—"On the surface and for the moment, it may be easy for some to seek the defeat of such a joining of forces, but in the long run it is extreme shortsightedness to prevent this merger."

CARL PURSELL, Michigan Senator—"My experience indicates that there is greater coordination of programs and more efficient use of resources when one agency bears full responsibility for a program than when that responsibility is diffused among several groups. To protect your personal interests, your unified leadership must be able to act from a position of strength."

RICHARD AMBLER, School Trustee—"It's most efficient and most sensible (for the city and township) to unify and pay about four mills in taxes."

R. ROBERT GEAKE, State Representative—"Although I have not taken an active part in the campaign for unification, I have been a supporter of the concept from the beginning...I have followed the various studies on the comparative cost of running parallel governments in the city and township and it seems clear that a single government would be both more efficient and more economical."

You Must Vote YES for Annexation to Bring About Unification

There's Only ONE Question
on the May 7 Ballot:

"For annexation of certain territory in Northville Township to the City of Northville described as all of the township of Northville, Wayne County, Michigan, said township consists of Sections 1 through 18, inclusive, Town 1 South, Range 8 East, except Section 3 and those portions of Sections 2 and 4 which are a part of the City of Northville."

Polls Open at 7 a.m., Close 8 p.m.

If you live in the CITY of Northville, you vote at:

Precinct 1 - City Hall, 215 West Main Street

Precinct 2 - City Hall, 215 West Main Street

Precinct 3 - Amerman Elementary School, Eight Mile and Center Street. If you're not sure in which precinct you live, contact the city clerk at 349-1300.

If you live in Northville TOWNSHIP you vote at:

Precinct 1 - Township Offices, 301 West Main Street

Precinct 2 - Highland Lakes Clubhouse

Precinct 3 - Township Offices, 301 West Main Street

Precinct 4 - Tanger Elementary School, 40260 Five Mile Road

Precinct 5 - Kings Mill Clubhouse

Precinct 6 - Township Offices, 301 West Main Street

Precinct 7 - Tanger Elementary School, 40260 Five Mile Road.

If you're not sure in which precinct you live, contact the township clerk at 349-1600.

This May Be Our LAST CHANCE to Unify! The Proposal Must Be Approved in BOTH the City & Township

This supplement sponsored and paid for by
