

# Slim Township Margin Defeats Annexation

By a 146 vote margin, the proposal to annex all of the township to the city of Northville went down to defeat in Monday's dual election—thus ending a controversial issue that began at the Michigan Boundary Commission office a little

over a year ago. Voting separately but on the same question, township residents rejected unification 1504 to 1358 while the city approved it by nearly a 4 to 1 margin, 942-259.

The proposition had to carry in both the city and the township to pass. Turnout at the polls was heavier in the township where 2842 of the 4696 registered citizens cast paper ballots for a 60.52 percent showing. In the city, where 3,014 persons are registered, 1201 votes

(39.85 percent) were cast by machine. All three of the city's precincts approved annexation, while only three of seven approved it in the township. One of the most decisive returns was registered in the

township's Precinct 7, which covers the southeastern section between Five and Six Mile roads east of Bradner. Voters there, many of whom feel a closer relationship with Plymouth than with Northville, rejected the proposal 452-295.

It was a section of Precinct 7 that had requested the boundary commission to delete it from the proposed new city. However, the commission rejected this request and recommended unanimously in favor of annexation for the entire

township. The King's Mill area, located in Precinct 5 immediately adjacent to the city, also came out relatively heavy against annexation. The vote there was 256-192. Annexation also was rejected in Precinct 6 (Hines

Drive to Bradner between Five and Six Mile) by 19 votes, 70-51, and in Precinct 3 Northville Road west to Napier between Six and Seven Mile, 228-196. Township Precincts 1, 2 and

Wide grin of Northville's happy-go-lucky Joe Kritch is worth a million bucks

**'I'm Gonna Win for Sure!'**

## Meet Our Millionaire!

Happy-go-lucky Joe Kritch flashes his million dollar smile and promises that come about 6 or 7 p.m. tonight "I'm gonna have a million bucks to go with the smile."

First Northville resident picked for the \$1 million lottery drawing—third in Michigan, Joe will be in Muskegon Thursday "to pick up the top prize."

"I can feel it," he says confidently, his smile growing bigger by the minute. "I'm gonna win...you can bet on it. Right now you're talking to a millionaire. How's it feel?"

A hustling used car salesman who works out of Wyandotte where he purchased his qualifying \$25 winner, Joe tells how it will go later this afternoon:

"There's gonna be 120 of us in Muskegon. We'll sign in, and for that all of us will get a thousand bucks. Then they'll pick 10 of the 120 to go up on stage right there in front of everyone.

"It'll be great. First, they'll give seven of the 10

people \$5,000 each. They'll give the eighth \$50,000, and then number nine will get \$100,000. That leaves just me, number ten, and they'll give me my million bucks.

"Yes, sir, I can feel it.

"Big winner, that's me."

What makes him so sure?

Well, Joe's a baseball fanatic, who played a good deal as a youngster, and who for a quarter century was a major league scout...for the Tigers, the Yankees, the White Sox, and for the old St. Louis Browns.

Incidentally it was Joe who signed up Willie Horton and Gates Brown.

Anyway, Joe recalls that during his last year as a player he batted .333 and was third in the batting lineup.

A regular winner in this newspaper's annual

## Township Names Two to Authority

# Hire Fourth Officer, Hike Chief's Salary

With almost no discussion, township trustees voted to hire an additional police officer, increase the police chief's salary and appoint two persons to the building authority.

The action was taken Tuesday night at the board's first meeting since the defeat of the annexation question.

Addition of a fourth man to the police force was approved without a dissenting vote, as were all matters decided by trustees Tuesday. Absent from the meeting was Treasurer Joseph Straub.

Commenting on the hiring, Trustee John MacDonald explained that money had been allocated for the position in a contingency fund. "During budget sessions, we agreed to this, pending the outcome of the election," he stated.

Supervisor Lawrence Wright said the additional officer would allow 20-hour per day police coverage of the township.

He noted that the additional man "won't be hired tomorrow, or the next day or even the next week."

In a related matter, Chief Ronald Nisun was given a salary increase to \$14,500,

retroactive to April 1.

The raise amounts to \$2,000 and also had been placed in a contingency fund until after the election.

Two of three positions on the township building authority were filled by appointment Tuesday, with the third to be decided later in the month by Supervisor Wright.

Appointments include William Chizmar of Maxwell, who continues on the authority, and R. Lane Ritter of Sunnyside Lane.

The authority was established last year by the board for the purpose of constructing a \$500,000 police-fire-office complex in the Six Mile and Bradner Road area.

In other action, trustees appointed Clifford Smith Jr., former water and sewer employee of the township, to the water and sewer commission.

Trustees also agreed to split with the city the cost of hiring an additional part-time employee for the Northville Library.

Township's share of the cost is split with the city on a percentage basis, determined by the number of township and city residents using the library.

## Sewer Capacity Shortage Seen

Unless the township comes to an agreement with the City of Livonia for the purchase of sanitary sewer capacity from Livonia, further development in the township could be halted.

That fact was revealed Tuesday night as township trustees discussed negotiations now pending with Livonia for the purchase of four cubic feet per second sewer capacity in the Livonia system.

Costs range from \$945 per month in 1973 to \$984 per month during 1978, the last year of the contract.

Trustee Leonard Klein stated that the township "must have the additional capacity or we will not have any more development."

Shortage of sewer capacity came to a head during discussions with attorneys representing Oka George when they asked if there would be sewer taps available for the planned 600-unit mobile home park on Six Mile and Ridge Road.

The zoning of the mobile home park is currently in court, with a settlement expected to be reached soon.

Township Engineer William Mosher commented the township "takes no reservations for sewer capacity. It's on a first come first served basis."

Sanitary sewer taps are granted when building permits are approved.

Mosher said the township board and planning commission "have approved plans in addition to existing developments that will exceed our capacity."

Attorneys for Mrs. George stated they "need the Middle Rouge Interceptor System. We know your problem but where do we go for taps?"

Mosher said the contract with Livonia would "offer the township protection against a clamp down by Wayne County Department of Public Works against further expansion in the township."

**MOBILE HOME PARK** proposed for the southeast corner of Seven Mile and Northville Road will come up for a public hearing tonight (Thursday) at 7:30 p.m. in township offices. The hearing will be held on the site plan of the 209-unit park proposed by Stewart Oldford. No rezoning of the 26-acre parcel is necessary, according to township planners.

**PUBLIC HEARING** on the city's 1973-74 budget has been scheduled for Wednesday, May 23 at 8 p.m. in the city hall. Because of Michigan Week activities on Monday and Tuesday evenings of that week the council changed its regular meeting date. The tax rate for the proposed new budget is expected to drop from 10.2 to 8.6 mills.

**NORTHVILLE SCHOOL** Board will hold its next meeting at 8 p.m. Tuesday, May 15. Meeting has been rescheduled to coincide with the opening of construction bids on the proposed three new schools. Exact amount of the bond issue will also be established at the meeting.

## Air Condition Patrol Cars?

Will Northville policemen drive in the comfort of air conditioned patrol cars this summer?

We won't know until after the next regular council meeting when it is expected the 2-2 deadlock vote will be broken.

Tuesday night the council decided to accept its lone bid for two new police cars from John Mach Ford Sales at

\$3,518.30 per car. The council also agreed it would auction off its two 1972 trade-in patrol cars rather than accept an offer of \$450 each.

But when it came down to deciding whether or not an additional \$320 per car should be included for factory-installed air conditioners, members parted ways.

Councilmen Paul Folino and David Biery favored the

air conditioners, but Mayor A. M. Allen and Councilman Kenneth Rathert were opposed.

City Manager Frank Ollendorff gave both sides of the story. He said that police officers strongly favored the cooling devices because the patrol car is "like their office". They're in the cars nearly eight hours per day. He said comfort, appearance

and efficiency of the men would be improved. But gas mileage, maintenance and cost would suffer. But the manager noted that more communities are installing them now, "so I'm less opposed than in previous years."

Mayor Allen wondered how many taxpayers had air

## News Around Northville

The Northville Branch Woman's National Farm and Garden Association will meet at 12:30 p.m. in the home of Mrs. William Switzer for its annual meeting on Monday, May 14.

A highlight of the afternoon will be a presentation of "Crafts for the Patio" by Arts and Crafts Chairman Mrs. Harold Noffz.

The Western Suburban Junior Woman's Club will install officers for the 1973-74 year in ceremonies to be held on Monday, May 14, at Cordova's at 29703 West Seven Mile Road in Livonia.

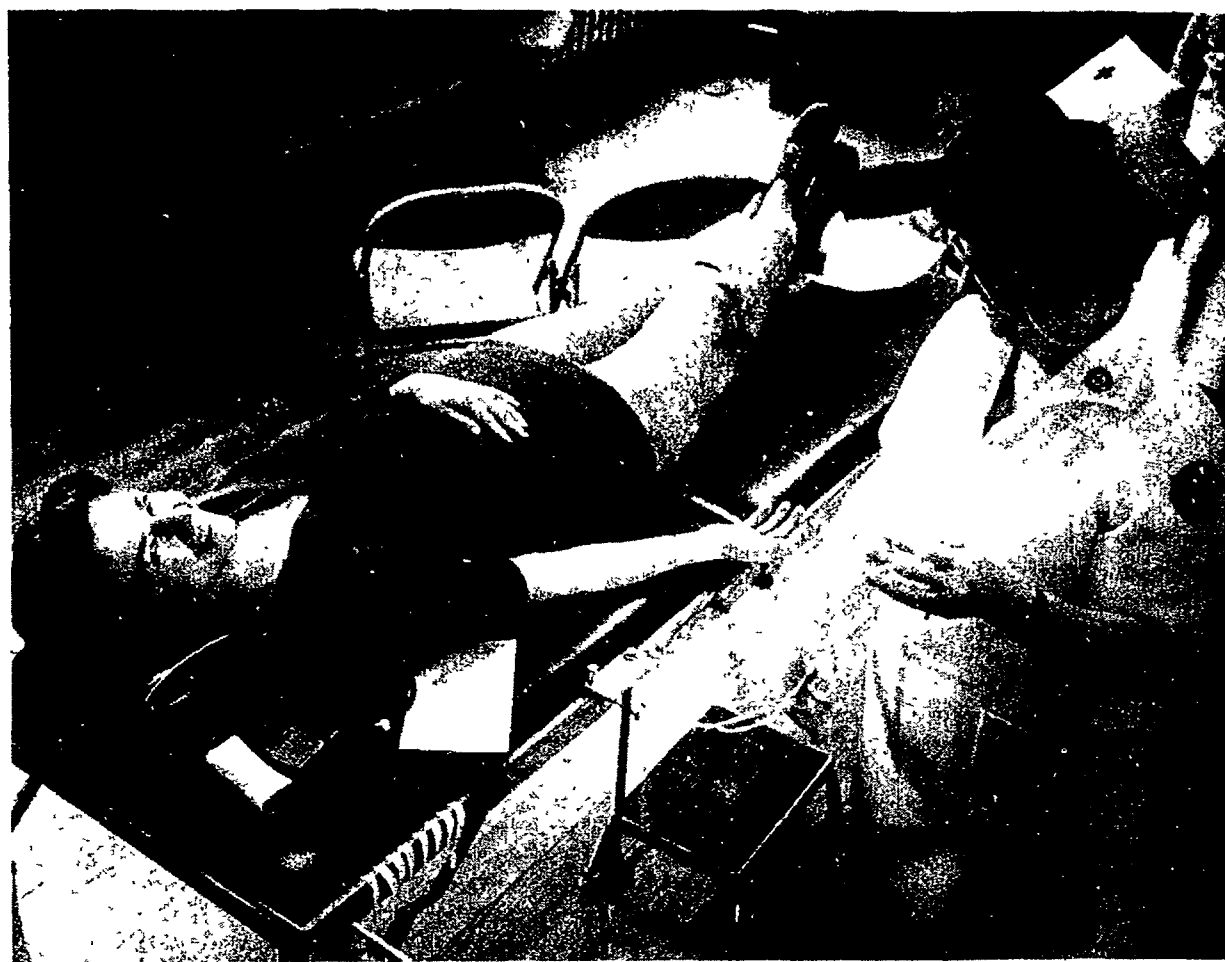

On hand for the installation will be State Junior Director Mrs. Bruce Deussen.

The evening will begin at 6 p.m. with cocktails, and dinner will be served at 7 p.m. Entertainment after the installation will be provided by local guitarist-vocalist Nancy Greeley.

Students named to the Dean's List for the winter quarter at Tri-State College, having achieved a B average or better, include Rebecca A. Clark, daughter of Mr. and Mrs. Lester L. Clark, 18346 Jamestown Circle. A graduate of Lawrence Central High School, she is majoring in electrical engineering.

Mr. and Mrs. Jim Spagnuolo of Main Street attended the Golden Jubilee on Saturday of Mrs. Spagnuolo's sister, Sister Mary Helen Ballard.

A member of the Dominican order, Sister Mary Helen was honored with several parties held in St. Stephen Church in Saginaw.

**BLOOD DONORS**—Donating blood at the Northville Community Blood Bank is Joan Bryson and the nurse assisting and donating her time is Isabel Tomasko. A total of 209 individuals registered to donate blood and a total of 143 of them were accepted. According

to Blood Bank Chairman Mrs. Elden Biery, the turnout this year was "about the same" as in 1972. The bank was held on Friday, May 4, at the First Presbyterian Church of Northville.

## Deborah Kuick Tours With U of M Symphony

The 88-piece University of Michigan Symphony Band, which includes a young musician from Novi, will perform nine concerts in May in its annual off campus tour.

This year the band, under the direction of George

Cavender, will travel to Indiana, Missouri, Kansas and Illinois.

The Novi member of the band is Deborah Kuick, 41881 Quince Drive, who plays the bassoon.

The U-M band is the first major university band to concertize throughout the United States each year. In 1969, it made its first western tour with concerts in Colorado, Utah, California and Arizona. It has also appeared in Carnegie Hall, Boston Symphony Hall, Lincoln Center and the Philadelphia Academy of Music.

**SHOW OPENER**—Mrs. Dale Starr of Thornapple Lane, Northville, poses in the antique wedding gown from 1900 which she was to wear in a three-generation fashion show at the Michigan State Federation of Women's Club's state convention this week in Lansing. (See In Our Town.)

## In Our Town

By JEAN DAY

**DOORBELLS** will ring throughout the community this Saturday as Northville band students sell new 1973 Band Booster decals in their final fund-raising effort for summer band camp.

This year's design of a mustang with hat and band uniform is the creation of Joni Busch, an 11th grade student and band member at Northville High. This is the second year for the decal contest and sale. All band students in grades 8-12 were invited to participate in the competition. First prize award was \$10. Runners-up were Merilee Becker and Lynn Ruffner, tied for second prize, \$5; and Kathy Sechler, third, \$2.

Unless it rains, band students will be out from 10 a.m. to 1 p.m. this Saturday seeking donations. In event of rain, the sale will be held the following Saturday. Mrs. Norman Frid, Band Parents president, explains that there is no set price for the decals with the community being asked for a donation. Last year's decal sale yielded \$994.

The Band Parents' treasury, which supplies half of the \$35 needed to send each band member to summer band camp, still needs funds, Mrs. Frid adds, but is certain that there will be enough to send the band. For the second year band students will be marching and practicing with director Robert Williams at Blue Lake Fine Arts Camp in western Michigan.

Participating band students, including eighth graders who will be in the high school band in the fall, will leave August 27 for the week at camp which concludes with a concert September 2 to which parents are invited. Students or their parents pay the remaining \$17.50 with the Band Parents helping in hardship cases.

**DEDICATION** of the newly furnished and decorated music room at Northville First Presbyterian Church this Sunday honors the memories of two women whose families and friends have made donations for the purpose because of their interest in music. They are Ruth Jerome and Edith Jones, both of whom died in 1971.

Ruth Jerome, who was the wife of the Reverend George Jerome and the mother of Philip, David, Jane, John and Nancy, was an active member of the church and the community. Until her death, she was director of the church children's choir, a member of the chancel choir and often its soloist. She was a past president of the church women's association and also had served as an elder of the church.

Mrs. Jones, a resident of Holland, Michigan, was the mother of Albert Jones, a Northville High teacher and coach. Her daughter-in-law, Peggy Jones, was a close friend of Mrs. Jerome and usually her accompanist. When she died at the age of 80, Mr. and Mrs. Jones made the memorial contribution for the new room.

Located downstairs, the room has been beamed, carpeted and fitted with cabinets. It will be dedicated by the Reverend Lloyd Brasure at noon following the 11 a.m. service.

A **WEDDING GOWN** from 1900 isn't the usual sort of thing a woman takes to a convention, but it was one of the items packed by Mrs. Dale Starr of Northville when she left for the Michigan State Federation of Women's Clubs' state convention being held at the Olds Plaza

in Lansing Tuesday through Thursday of this week.

In the high-necked, lace gown, Linda was to lead off a special program of entertainment called "A Boutique of Spring Fashions—in Rhythm" Tuesday evening. The emphasis was on clothing, dances and music of three generations. Flowers created an old-fashioned garden for the antique bridal gowns that were highlights of the show. Mrs. Starr described her gown as beige lace, but wasn't sure whether time had turned it that color. It was over a pale green slip. Joining Mrs. Starr in the show was another member of Western Suburban Junior Women's Club, Mrs. Thomas Trexler of Plymouth, who was wearing a 1905 gown of cream satin.

Most of the convention time, Mrs. Starr reports, was being spent on the serious business to which 15,000 members in more than 300 clubs throughout the state devote themselves. These include Interlochen, nursing and Indian scholarships as well as Loch Rio, the home for girls in Belleville, originated and fully supported by the MSFWC. Speakers at the convention include Mrs. George Romeny and Dr. Ralph Rabinovitch of Hawthorn Center.

The schedule also includes a tea with Mrs. William Milliken, the First Lady of Michigan, at the governor's mansion.

Mrs. Starr currently is serving on the MSFWC state board as Home Life State Junior Chairman and now is beginning her second year in the post.

**SILVER SPRINGS** Questers will install officers for the coming year at their meeting at 12:30 p.m. next Wednesday, May 16, at the home of Mrs. Dale Starr on Thornapple Lane. (In free moments between making plans for the state women's clubs' meeting last week, avid antiquer Linda Starr was out "digging" for old bottles, her special interest.)

She has invited members to bring "show and tell" items to the meeting to learn from each other. Mrs. J. Beecher Todd will be installed as president. Other new officers are Mrs. Timothy Eis, first vice-president; Mrs. Starr, second vice-president; Mrs. Daniel Swayne, recording secretary; Mrs. James Armstrong, corresponding secretary; and Mrs. Paul Butz, treasurer.

**ENGLISH VISITORS** to Northville from St. Ives near Land's End in southern England have been Mr. and Mrs. Patrick Hogan and their sons, Andrew, 16, and Robbie, 7. Mrs. Hogan is the cousin of Mrs. Carl Stephens. The families met last year in England when the Stephens' visited there.

During the Hogans' 22-day visit, they rented a car and toured the south and east, visiting Pearl Stephens' brother in Pennsylvania.

They were just in time to see the Stephens' son, Carl, who left last week for Fort Dix, New Jersey. Carl, who has just been graduated with honors from Eastern Michigan University, has joined the U.S. Army Reserves for six years.

Mrs. Hogan also especially wanted to meet her uncle, Joseph Denton. Newcomers to the community may recognize his name from the city park triangle bounded by Eaton, and Fairbrook streets. The park was named for him when he retired about a dozen years ago after serving for 16 years as Northville police chief.

## Moraine Plans Art Fair Tonight

Moraine Elementary School will hold its art fair tonight (Thursday) from 6:30 to 7:30 p.m.

Something from every student in the school will be on

display, Mrs. Gail Raben, art instructor, said.

During the fair, fifth graders Lynne Prichard, Dale Mellinger, Brent Gross will demonstrate ceramic making

while fourth graders John Ludwick and Cory Westphall will give a weaving demonstration.

A music program will follow the art display.

## Couple Marries

Mrs. Mary Greene Exelby of Northville and Dr. Martin L. Block of Ann Arbor were married in Ann Arbor on Saturday, May 5.

The Reverend Michael K. Mutzelburg of St. Andrew's Episcopal Church performed the ceremony.

Dr. and Mrs. Block will make their home in Ann Arbor.

**PAST AND PRESENT**—In commemoration of the Northville Business and Professional Women's Club 25th Anniversary, Charter President Mrs. Beatrice Carlson presented a bell to current president Mrs. Marleen Danol

at the organization's anniversary dinner meeting Monday night at the Holiday Inn of Farmington. The bell has the Business and Professional Women's Club seal on top and will be used to call meetings to order.

## Business Women Mark Club's 25th Birthday

By MARTHA ROEMER

The phrase, "You've Come a Long Way, Lady" has become a theme for many women's groups today interested in seeing the role of women changing in today's society.

For the past 25 years, a Northville organization, the Northville Business and Professional Women's Club (BPW), has been involved in giving women who work the guidance and opportunity to further their positions in their occupations and the community.

The idea of a Northville BPW was fostered by Mrs. Beatrice Carlson who led the members through the group's 25 years at an anniversary meeting on Monday evening.

"The women were hungry for something back then. We who worked couldn't join the literary clubs or the women's clubs. They all met during the day. Television was just starting to come in and all there was was radio. There wasn't much of a theater in town," Mrs. Carlson said of her decision to call 10 of her friends who also worked and ask if they would be interested in forming a club.

She explained that she was working for her husband at the time and heard the secretary in the office next door talking about going "to club."

"I told her I would be interested in finding out more about forming a club in Northville and she got me literature about the BPW. I read it and decided to call an organizational meeting on February 23, 1948 in the library."

"There were 35 interested women at that meeting so on March 17, we held the first meeting of the Northville Business and Professional Women's Club and 85 women signed the charter," she said proudly.

According to Mrs. Carlson, charter president, she and six other charter members are still on the roll. They are Mrs. Betty Conroy, Mrs. Mabel Cooley, Mrs. Lucille McKinney, Miss Leona Parmalee, Mrs. Ida Cooke and Mrs. Jennie Turnbull.

Meetings were held in the library for a while, Mrs. Carlson explained, and then the group moved to larger quarters in the Methodist Church. From the church, meetings were changed to the VFW Hall, then to the Presbyterian Church and, at present, meetings are at the Hillside Inn on the fourth Monday of the month.

There are many mementos the club has saved during its 25 years. All of them were on display at the Farmington Holiday Inn Monday night as the members, old and new, met to celebrate and reminisce.

"Now, with the progress in Northville," Mrs. Carlson said, "there is, in Northville, an increase in potential for new young members. The club extends an invitation to any working woman in Northville to join. Our next meeting won't be until September."

The Northville club has to its credit many community projects as well as awards and honors accorded to them by the state and international Business and Professional Women's Club organizations.

Nike, the goddess of victory on Greek ships, is the symbol of the BPW. A Nike award is given at BPW conventions on the state level for the local group with the highest attendance. The Northville Club has been the recipient of the award many times in its 25 years.

In 1964, Mrs. Carlson said, the Northville organization was chosen to make souvenir aprons for the national BPW convention held in Detroit that year.

The aprons were nylon net and were decorated with the state flower, map, fruit, bird and a picture of an automobile. "We made 500 of those aprons," Mrs. Carlson recalls.

One of the first community projects undertaken by the BPW was sponsorship of the community concerts in 1949

and 1950. Mrs. Carlson recalled that the club "even brought in the Don Cossaks."

In 1955 the Northville BPW began a tradition and community service that still remains. Each year, a Northville High School senior girl is awarded the BPW scholarship.

Mrs. Carlson stressed that the award is not only scholastic, but also includes the individual's involvement

in school activities, her general attitude and appearance and her potential to become a woman in a profession or in business.

"Of course," Mrs. Carlson recalled, "there have been years when we didn't have many members, but that happens to all organizations. Right now, we are rebuilding with a new generation of Northville women in business and professions."

SUSAN C. REINWAND

## Announce Engagement

Mr. and Mrs. Casper J. Reinwand of 24750 Taft Road announce the engagement of their daughter, Susan C., to Michael J. Rosinski, the son of Mr. and Mrs. Walter J. Rosinski Jr. of 24614 Taft Road.

The bride will graduate from Northville High School in June and is employed as a dental assistant. Her fiancé is a 1972 Northville High graduate and is the assistant manager of a Brighton restaurant.

The couple is planning to marry in the spring of 1974.

## Mrs. White Graduates With Madonna Honors

A Bachelor of Science with high honors was recently awarded to Mrs. Jeanne White of Northville by Madonna College in recent commencement exercises.

She accumulated an honor average of 3.912 points from a possible 4.0 and is a member of Kappa Gamma Pi, an honors nursing sorority.

Mrs. White received her

initial nursing training from Henry Ford Hospital in Detroit, her associate nursing degree in 1971 from Schoolcraft College and is now beginning work on a Master Degree at the University of Michigan.

She lives with her husband, George, and their two children, Kathy, 7, and David, 11, in their home at 985 North Center.

## Coffee Tortoni

# Dinner's Perfect Finish

"Forget dessert!" — your husband suggests as you struggle with the perfect dinner party menu. But that advice just doesn't work. It leaves dinner unfinished, and it's devastating when you discover your most cherished guest loves dessert.

So for an answer, look to the Italians for that "little something" to round out the meal (but not you, or your guests); Italian chefs have an instinctive feeling for flavor and texture combinations and this Coffee Tortoni is perfect with only 67 calories per serving. The frozen fluff, delicately accented with freeze-dried decaffeinated coffee, is a pleasant contrast to the crunchy nut topping.

You can be as considerate of your guests in the coffee you choose as in the calorie department by serving freeze-dried decaffeinated coffee. They can enjoy its hearty coffee flavor and substance without bitter taste and without the worry of a sleepless night because of late-hour caffeine. You can even serve decaffeinated demitasse.

water. Serve at once. Makes 1 serving.

For four servings:

2 tablespoons freeze dried decaffeinated coffee  
1 1/2 cups boiling water

Measure coffee into

demitasse pot. Add boiling water. Serve at once. Makes 1 1/2 cups or 4 servings.

For eight servings:

1 cup freeze-dried decaffeinated coffee  
3 cups boiling water

Measure coffee into

coffeepot or carafe. Add boiling water. Serve at once. Makes 3 cups or 8 servings.

Note: Demitasse may be served with a twist of lemon or orange peel or a spoonful of whipped cream garnished with ground nutmeg or cinnamon.

Elegant dessert from Italy has only 67 calories per serving

**COFFEE TORTONI**  
1 Cup cold water  
4 teaspoons freeze dried decaffeinated coffee  
1 envelope low calorie whipped topping mix  
1 teaspoon vanilla  
1/2 teaspoon almond extract  
2 egg whites  
1/2 teaspoon salt  
1 tablespoon sugar  
1 cup chopped nuts (optional)

Combine water, coffee, whipped topping mix, vanilla, and almond extract. Beat until mixture will form soft peaks. Beat egg whites with salt until foamy throughout. Add sugar, one tablespoon at a time, beating thoroughly after each addition. Continue beating until egg white mixture will form soft rounded peaks. Fold into whipped topping mixture. Spoon into paper souffle cups, paper cups in muffin pans, or 4-ounce paper dessert cups. Sprinkle with chopped nuts, if desired. Freeze until firm—at least 4 hours. Makes 4 cups or 12 servings.

**DEMITASSE**  
1 slightly rounded teaspoon freeze dried decaffeinated coffee  
Boiling water

Measure coffee into demitasse cup. Add boiling

# Appeals Board Denies Oil Well Bid

Plans to sink an exploratory oil or gas well in Novi were squelched by the Board of Appeals Monday as it failed to grant a request for a zoning variance to the Tulsa-based Sullivan and Company which would have permitted the drilling of such a well.

Calling it "one of the most difficult and complex issues ever submitted for adjudication," the Appeals Board voted 3-2 in favor of granting the variance.

However, since it is required by statute that all variances receive a two-thirds approval, the 3-2 margin was insufficient for passage and the request of the Sullivan and Company was in effect denied.

Contacted Tuesday and asked if Sullivan and Company would appeal the decision, geologist John McFadden issued a terse "no comment."

"That decision is being discussed at the current time," McFadden stated. "We don't want to tip our mitt until we decide exactly which direction we're going to go."

Members of the Novi Board of Appeals voting in favor of the request of the Sullivan and Company were Robert Daley, Elbio Politi, and Donald Fuller. Casting the dissenting ballots were Paul Bosco and Joseph Howard.

The reasons behind the decisions of both the majority and minority opinions of the board were presented in separate documents totalling 26 pages.

The major point of disagreement in the two opinions was the effect operation of an oil or gas well would have on the projected residential growth of those properties surrounding the areas covered by the oil licenses.

Both the majority and minority statements were strongly critical of the quality of the involvement of the Department of Natural Resources in the matter.

The crux of the minority opinion was the belief on the part of Bosco and Howard that granting the variance would

adversely affect the residential development of the surrounding areas.

It was noted that the area is presently zoned for residential use and that within a half-mile radius of the proposed drilling site large residential enterprises ranging in value from \$5 million to \$50 million are slated for development in the near future.

The majority opinion acknowledged the proposed presence of the developments, but contended that "if appropriate environmental and safety requirements are imposed and strictly enforced," the granting of the variance would have only a minimal adverse effect on the residential development of the properties.

As a result, the three members of the Appeals Board approving the granting of the variance conditioned their approval on compliance of a list of 19 different environmental and safety requirements spelled out in their opinion.

Both the majority and minority statements were strongly critical of the Department of Natural Resources, although the minority report took an even stronger position on the DNR than did the majority report.

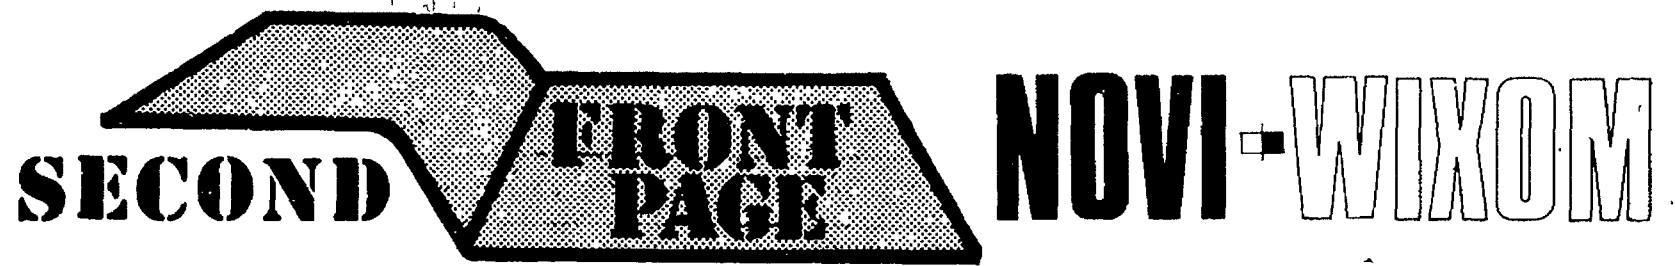

"The Board finds," read the report submitted by Bosco and Howard, "that it cannot rely on the Department of Natural Resources to protect the general health, safety and general welfare of the community in regard to the operation of oil wells."

The majority opinion stopped short of such a denunciation, but cited the DNR for the same shortcomings noted by the minority report.

Referring to the testimony of a DNR official that an oil well would be no greater hazard to the community than the operation of a gas station, both the majority and minority opinions stated that they "cannot rely on the DNR for the protection of the safety and general welfare of the citizens of the City of Novi and surrounding communities."

Both the majority and minority reports also criticized the DNR for the quality of the environmental impact report it

THE NORTHVILLE RECORD - NOVI NEWS

Thursday, May 10, 1973

**TOP OF THE CLASS** — Heading the list of graduating seniors at Novi High School are Denise DeBrule (left) and Carol Salow who were named valedictorian and salutatorian respectively by school officials Monday. Both girls plan to pursue their education in

the fall. Miss DeBrule plans to attend the Henry Ford School of Radiologic Technology where she will train to become an x-ray technician, while Miss Salow plans to attend Michigan State and major in medical technology.

## Novi City Council

### Budget Talks Begin

"I have a shopping list of needs. It will be up to the council to tell me how many we can afford."

With that comment Novi City Manager Harold Saunders presented the city council with his proposed budget for the 1973-74 fiscal year.

The budget will be the largest ever presented in Novi as Saunders showed a proposed income in the general operating fund of \$1,419,690, an increase of approximately \$450,000 over the general fund revenue anticipated in the 1972-73 budget.

Major source of the increase is in the amount of taxes brought in by the city's six and one-half mill tax levy. Last year the six and a half mills generated \$504,400 in tax monies, while this year that same tax levy is expected to yield \$628,725.

Saunders also indicated that he expected a \$50,000 increase in revenue in the amount of fees for business and non-business licenses and permits issued by the city.

The city manager also told the council that there are several sources of revenue available that have not yet been tapped. "I will present these to you for your review, discussion, and action," he stated.

The council at its Monday night session set Wednesday (yesterday) as the date for a special budget hearing. "It

will be primarily a work session in which we roll up our sleeves and hack up this budget so it's agreeable to everybody," said Saunders. "We're going to have to decide what our priorities

are," he continued. "I've tried to present the council with the funds available and I've marked a few priorities, but I also have a shopping list of needs which the council will have to decide."

Two specific areas in which the council will have to determine priorities concern the road fund (those monies brought in by the one mill

## Novi High School

### Top Scholars Announced

Two Meadowbrook Lake girls have been named valedictorian and salutatorian at Novi High School.

Denise DeBrule, 18, was named valedictorian and Carol Salow, also 18, was named salutatorian of the 1973 Novi High School graduating class.

The two girls top a class of 114 slated to receive diplomas in June commencement exercises.

The names of the valedictorian and salutatorian were released Monday by Miss Gloria Soulliere, head of the high school counselling department. In addition Miss

Soulliere released the identities of the top eleven students in the class.

Members of the top ten, listed in the order of their grade point averages, are Miss DeBrule, Miss Salow, Susan Shobe, Carol O'Neal, Jane Cameron, Ron Frisbie, Judith Traynor, Donald Warneke, Diane Balagna, and Melvin Stephens and Ronald Broquet who were tied for the number ten position.

Miss DeBrule won out over Miss Salow by a mere four-hundredths of a point in the competition for valedictorian honors. Miss DeBrule finished her high school career with a grade point average of 3.88, while Miss Salow had a grade point average of 3.84.

The daughter of Mr. and

## Ziegler Resigns School Board Seat

Recall action was halted this week as the center of the boiling controversy, Trustee William G. Ziegler, resigned from the Novi Board of Education.

In a letter disclosed to the board Monday afternoon, Ziegler announced his resignation and indicated that he will seek re-election to the vacated post in the June 11 balloting.

Ziegler was unavailable for comment, being out of the state on business. His letter was left with fellow board member, Gilbert Henderson.

Upon receipt of the letter, Board President LaVerne DeWaard declared the post vacant and school Superintendent Gerald Kratz ordered a halt to petition validating procedures. Some 300 of the estimated 1,000 signatures contained in citizen petitions asking for a recall election had been validated by the time the resignation was received, Dr. Kratz said.

The resignation means that a third board seat will be up for grabs in the annual June election. Besides Ziegler's remaining two-year term, the four-year terms of two other board members will be up for election.

Deadline for filing nominating petitions for the three posts is Monday (May 14) at 4 p.m.

Although fellow board members had repeatedly urged Ziegler to give up his post, he had declined to do so maintaining his innocence of criminal charges growing out of an alleged theft of construction pipe last June.

With recall petitions in the hands of school officials, however, Ziegler finally capitulated when it appeared his continuance on the board might jeopardize the success of the bond-millage requests slated for the June election.

Furthermore, he said he wished to avoid the "trouble and expense" of a special election should the recall vote result in his ouster. In such an event, he noted, state statute would prohibit the board from appointing a substitute to serve between the time of the recall and the special election.

Ziegler's resignation got a cool reception from Mrs. Audrey Murphy, chairman of the citizens' recall campaign. "It's too bad he waited so long," she declared. "He only did what he had been asked to do in the first place. A lot of people put a lot of work into forcing him to be honorable."

Board President DeWaard commended Ziegler for his "dedicated work on the board" but, "in view of the people's anxieties and in view of the vitally important bond-millage issues facing the school district, I feel his resignation is the best for all concerned."

Secretary Ray Warren,

present at the Monday disclosure, said "Although I don't condone wrong-doing—let him without sin cast the first stone—I think very highly of him (Ziegler). He's worked very hard as a board member but I think this (resignation) is the best thing that could happen."

Henderson concurred, and he emphasized that as a board member Ziegler had "fulfilled the obligations of his post as well as any of us."

Ziegler's letter, dated May 7, reads:

"As I'm sure you realize only the most urgent of circumstances would cause me to deliver a message of this nature by letter. At the time that this letter is being read I am in Oakland, California attending the dedication ceremonies of my company's new facilities and equipment. Please be sure that the other members of the board, the administration, the

faculty, the students and the community at large realize my sincere regret at my inability to personally convey my feelings.

"After several days of discussions with various associates and community leaders I have decided to resign my seat on the board and to be a candidate for re-election to fill the remaining two years of my unexpired term."

Continued on Page 9-A

## Board Taps Durling

JACOB DURLING

according to Superintendent Gerald Kratz.

Deadline for filing is

Monday at 4 p.m. Durling, married with two children, is a senior buyer for the Ford Motor Company. He lives at 24040 Woodham in Echo Valley subdivision.

It was explained at Tuesday's board meeting that under the law the board had to appoint someone to fill the vacancy within 20 days of Ziegler's resignation. Had it not made an appointment within that period the Oakland County Intermediate School District would have selected someone and made the appointment itself.

Durling's appointment was supported by all five of the board members present. Absent was Bruce Simmons.

Upon appointment Durling accepted the oath of office and immediately took his place at the board table for the remainder of the meeting

## Wixom Residents Fight Shopping Center Zoning

Before a crowd of 50 citizens who packed the city council chambers Monday, the members of the Wixom Planning Commission voted 5-1 to recommend to the city council that it reject a rezoning request which would have permitted construction of a shopping center.

Specifically, the Planning Commission rejected a request that a four and one-half acre parcel located on the southeast corner of North Wixom and Loon Lake Roads be rezoned from its present residential classification to a B-1 designation (local light business).

In making the request, Joseph Brennan, attorney for Aldo Galvanoni of Cincinnati, Ohio, told the Planning Commission that the rezoning would permit construction of a "convenience" shopping center.

Tentatively included in the center would be a grocery store, drug store, hardware store, and other small retail outlets providing general services.

Granting of the rezoning request was strongly opposed by the residents of the Northridge Estates subdivision, which is located directly south and east of the proposed shopping center site.

Residents from "two other Wixom subdivisions—Highgate-on-the-Green and Hickory Hills—joined Northridge Estates residents in opposing the rezoning."

Most of the residents stated they felt no need for a shopping area and asked who determines if a community "needs" a center such as the one proposed by Galvanoni. Preservation of a quiet country atmosphere of single

family residences uncluttered by any shopping centers was cited as a key issue by several residents speaking in opposition to the rezoning.

"We wanted to get away from all the stores and locate in a rural atmosphere," stated Mrs. Sharon Clement of Hopkins Drive.

Robert Musser of Highgate compared the shopping center to the "poor planning" of Walled Lake. "Next thing on the agenda will probably be mini-theaters and go-go joints," he said.

Another Hopkins Drive resident, James Yawn, was applauded by the crowd when he said he would boycott the center if it were built.

Other opponents of the rezoning argued that the location of a Wixom Shopping Plaza in that area would

## Dance Students Present Recital

A dance recital was given Sunday, May 5, in the Plymouth High School Auditorium by the students of Mrs. Pamela Krause Stopper of 43788 Doris Court.

The recital, according to Mrs. Stopper, included various types of dance from ballet to jazz rock numbers.

Among the students from Northville and Novi participating in the recital were the following:

Kim Hann, Mandy Olgren, Michelle Stanbury, Cindy Spencer, Andrea Hirth, Cindy Ebmeyer, Anne Conley, Amy Nieuwkoop, Karen Kriewall, Martha Alspaugh, Katie Kampmann, Julie Lawrence, Christy Barger.

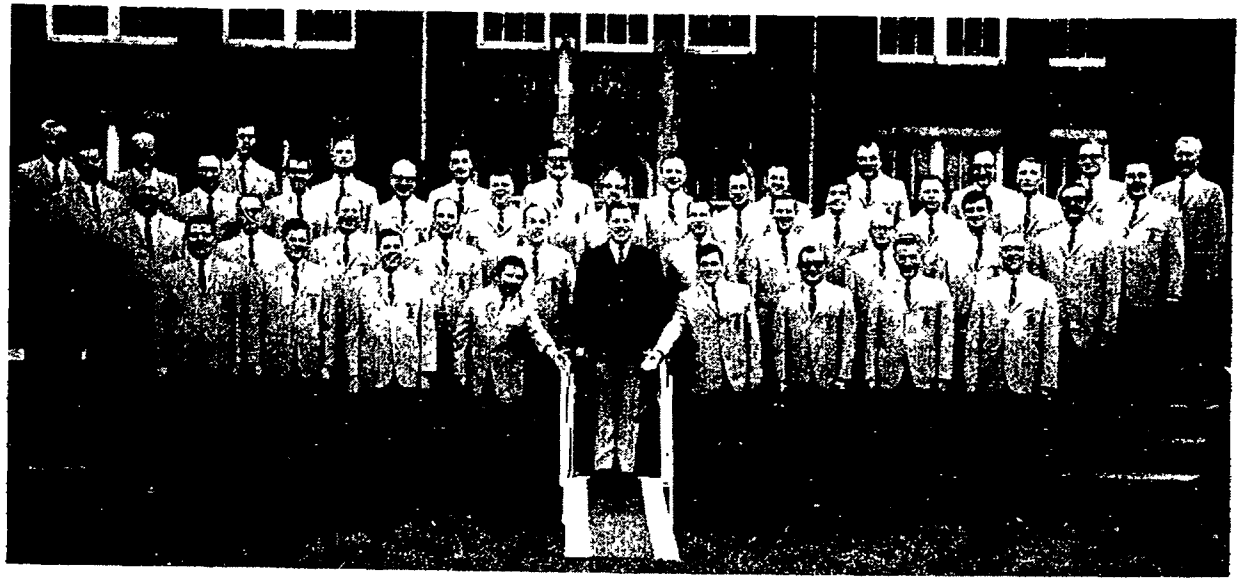

Also, Lori Wiseman, Diane Darrow, Leslie Kucher, Karen Longridge, Michelle Mathes, Jane Mary Kunst, Laura Santos, Michelle Waldman, Kelly Ollendorff, Susan Knight, Mary Heslip, Beth Harrison.

Carla Bacsanyi, Laura

Harbour, Cathy Foust, Janet Eisele, Carrie Hancock, Karen Kluesner, Mary Ann Darrow, Lori Goschinski, Holly Reinhart, Jane Kaestner, Barbara Kerchen, Cynthia Lindholm.

Donna Chmielewski, Barbara Buttery, Terri Campbell, Cathy Foster, Mary Phillips, Kathleen Franks, Nancy Heckler, Carrie Earehart, Deanna Bidwell, Susan Heckler, Lea Ann McElroy, Joanne Wisner, Kathy O'Neal, Lori Lestock, Tammy Eis, Sharon Alspaugh, Maureen Austin, Jessica Bacsanyi.

Lori Wiseman, Anna Hancock, Lisa Lauber, Lisa Howarth, Rhonda Kocian, Stacy Stuart, Teresa Hancock, Donna Plowa, Anita Hodge, Kay Wolf, Pam Bongiovanni, Linda Ross, Sue Gougeon, Vally Muzzin, Deanna Bidwell, Debbie Todd, Coleen Cushing, Jan Whitmyer, Annette Waldman, Diane Wiegand.

Wayne Wonderland Chorus will sing in the Presbyterian Men's Club spring concert

## Barbershop Harmony

# Plan Spring Concert

An evening of barbershop harmony will highlight the 13th annual Spring Concert sponsored by the Presbyterian Men's Club of Northville on Saturday, May 19.

The concert will be held in the Plymouth high school auditorium at Canton Center and Joy roads at 7:30 p.m.

Featuring harmony of more than 60 men and women "Barber Shoppers," the program spotlights two choruses and three quartettes.

According to Program Chairman William Williams, "the full program of close harmony singing will consist of popular selections from both the choruses and quartettes."

The choruses include We-Way-Co Chapter of Sweet Adelines and the Wayne

Wonderland Chorus of the SPEBSQSA chapter.

Quartettes to perform include the Smithsonians, Tune-Tenders, and The Aftershaves.

Typical of the musical stature of these groups is the fact that the We-Way-Co chapter, representing Western Wayne County, recently walked away with the Mardi-Gras trophy in regional competition.

In winning the trophy that goes to the best chorus with 30 or fewer members, the We-Way-Co was the smallest chorus (18 voices) competing.

Founded by its present director, Carol Sanders, four years ago, the chorus meets and sings weekly at Plymouth Central High School on Main Street.

One of the quartets that will

be performing, the Tune-Tenders, is made of members from We-Way-Co.

Proceeds from the concert held each year are used to support the Presbyterian Men's Club youth activities and help projects.

## Offer Mini Course At Schoolcraft

Schoolcraft College is offering a mini course on May 30th and again on June 27th designed to emphasize the need for "constructive consciousness" for people who

want to succeed in college as well as later in life.

The lecture both nights will be held from 7 to 10 in the Liberal Arts Theater.

Leaders will be Robert Burnside, admissions counselor, and Dumont F. Hixon, Jr., reading-English instructor. Their message is that the same qualities that make a successful business man, artist, coach, lawyer, or doctor also contribute to success as a student. These qualities and principles have been identified and they can be developed.

The lectures are geared to high school students on every level as well as interested adults.

Admission is free, coffee will be served, and participants will be able to obtain information about study programs at Schoolcraft and will be able to talk to Schoolcraft students about their experiences.

## Millionaires

## Party's Success

The Highland Lakes Millionaires Party held on Saturday, May 5, was termed a "sellout" by activity coordinator Mike Lankes. All of the 300 tickets available for the fund-raiser were purchased.

Lankes noted, also, the cooperation received by the committee from local merchants who helped in the preparation for the party.

Proceeds from the event will be used to pay for needed items in the clubhouse.

**ROOSEVELT REVISITED**—Wearing a copy of Mrs. Theodore Roosevelt's inaugural gown is Mrs. Milton Koenig of 46266 Pickford. She and other members of the Wayne State University Faculty Wives Club will model copies of many first ladies' original inauguration dresses at the group's Spring Luncheon to be held May 17 at the Roostertail in Detroit. Members of the Faculty Wives Club and their guests are invited to attend the luncheon. Tickets are available from Helen Chason at 642-6435 and are \$4.50 a person.

## Former Residents Star in 'Yeomen'

Gretchen Schneider and James M. Drew, both former Northville residents have leading roles in St. Bede Players production of Gilbert and Sullivan's "The Yeomen Of The Guard" at Southfield-Lathrup High School, 19301 West 12 Mile, May 17-19 at 8 p.m. and May 20 at 7 p.m. Gretchen will sing the contralto role of Dame Carruthers, housekeeper to the Tower of London during the sixteenth century reign of Henry VIII.

Gretchen works and resides in Ann Arbor. Drew is a full time theatre arts student at Eastern Michigan. He and his wife live in Ypsilanti.

Adult tickets for "Yeomen"

are \$2.50 and good for any performance.

**SOUND OF MUSIC**—Rehearsing a scene from The Sound of Music are, left to right, back row, John Mynatt, Liz Kalota, Debbie Germeroth, Steve Penn and, front row,

Susan Foster, Mary Tilson and Bill Hay. The musical will be presented at Northville High auditorium Friday and Saturday. Curtain time each evening is 8 p.m.

## Few Tickets Remain For 'Sound of Music'

Only 100 tickets are left for Friday's performance of The Sound of Music at Northville High and Saturday night's a sellout, according to Kurt Kinde, director of the play.

"Rehearsals are going well," Kinde said early this week, explaining the musical is "a very difficult work to stage."

Awards for best actor and actress and hardest working "behind the scenes" crew member will be presented following Saturday's production.

Tickets for Friday's performance may be obtained for \$2 pre-sale or \$2.25 at the door. Curtain time each evening is 8. The musical was also staged Tuesday and Wednesday of this week.

Assisting Kinde with directing the musical are Julie Fair and Jan Reynders.

Cast includes Bev Wistert as Maria; Bill Hay, Captain von Trapp; JoEllen Ritenour, Mother Abbess; Liz Kalota, Liesl; Steve Penn, Friedrich;

Debbie Germeroth, Louisa; and John Wagner, Kurt.

Also in the cast are Lisa Carter as Brigitta; Susan Foster, Maria; John Mynatt, Hans; John Forrer, Rolf; Mary Lynn Tilson, Elsa; Chris Johnson, Max; Brian Miller, Zeller; Jeff Kappler, von Schrieber; and Sandy Carrow as the dancer.

Other members are Jim Porterfield, Elberfeld; Neil Nichols, Franz; Connie Sitarski, Frau Schmidt; Joan Boor, Berthe; Lori Smith, Margaretta; and Cindy Todd, Sophia.

Cast as contestants are Roy Pederson, Vic Temple, Jack Townsley and Sharon Snodgrass.

Members of the nuns chorus are Laurie Smiley, Lee Ann Rose, Julie Fair, Liz Peace, Jan Reynders, Pat Aenchbacher, Cyndy Carrow, Pat Boerger, Diana Dye and Mary Andrews.

Also in the chorus are Anne Fitzpatrick, Carol Baltz, Karen McDonald, Kris Kofler, Karen Kennedy, Valli Muzzin, Anita Hammer, Peggy McKeon, Marna Owne, Wendy Gross, Vicki Ashby, Elaine Vargo and Nancy Karer.

Miss Anita Kalousdian is assisting with vocal music; Miss Bonnie Fritz, choreography; Miss Patricia Dorrian, costumes; and Robert Williams, orchestration.

## From Parents, Teachers, Administrators

# Year-Round Program Earns Plaudits

After nearly one year of operation, Northville's experimental voluntary year-round school program has been termed a success, by parents, teachers and administrators.

Approximately 170 students in grades kindergarten through five are participating in the program being conducted at Amerman Elementary.

Forty-five days of school are alternated with 15 days of vacation throughout the year, making up the "45-15" calendar.

Amerman Principal William Craft said he is "impressed with the program. A year ago, I had concerns and worries, but there have been no insurmountable problems." He believes that people

"made too much out of the calendar. It's really just a calendar."

He said that rather than being concerned with how year-round would affect the calendar, people should have been concerned with "how it would affect education."

Craft said the "nine week periods really seem to be working out well. The kids really sprint for nine weeks, rather than pacing themselves for the whole year. They're going all out, knowing they'll have a vacation at the end of nine weeks."

The principal commented that the teachers involved in the program seem to be able to "go all the time. During the three week break, they're involved in workshops and are analyzing what they've

accomplished with each individual child.

"A fringe benefit of year-round school is the in-service training week the teachers have. It gives them time to do real planning."

Craft believes that parents of children in this year's program are those who really sold others on the program for next year.

A total of 598 students have been enrolled for next year and another 40 students are on a waiting list.

Director of Instruction Miss Florence Panattoni confirmed Craft's feelings.

"Everything looks positive. I've heard no adverse comments and parents and students remarks about the program have been favorable," she added.

Miss Panattoni said Northville "has developed a model year-round school program for the state and it has been recognized as that, judging by the number of visitors coming to the district to look at it."

Mrs. Virginia Kriczts, a kindergarten teacher in the program, said the "teachers really enjoy year-round school."

She explained the "students and I enjoy the breaks we have from each other. Each time the students return to schools, they're ready to come back and are enthusiastic about school."

"They don't seem to forget what they've been taught, as children on the traditional calendar did in other years," she added.

Mrs. Kriczts said she has been able to do more things in the 45-15 schedule. "I use the three-week break for planning and getting things ready for the next session. I'm able to enrich each session and the

children benefit from this.

"I'm also able to individualize instruction," she said adding that "some of my kindergartners are working in first grade math books."

Jack Thibault, a fourth and fifth grade teacher in year-round school, commented he believes the program is really good.

"At the beginning I wasn't really convinced. At the end of nine weeks everyone is ready for a break and in the traditional school program, things get into a rut."

As far as students forgetting what they've learned over the long traditional summer vacation, Thibault commented that in year-round school, "at the end of the three weeks, we pick up where we've left off. We do get more accomplished."

His one concern was that "active kids just seem to be getting settled down at the end of nine weeks. After three weeks of vacation, you've got to start all over again."

Parents of children involved in the year-round program have found no difficulties adjusting to the 45-15 calendar.

Mrs. E.I. Ely Jr. has three children in the program, kindergarten, second and fourth grade.

"I don't think the kids notice the difference in the calendar," she said. "We've enjoyed our vacations and there is a day camp run by the recreation department for the kids. Kids are flexible."

"The vacation schedule is much better (than the traditional three month vacation). I don't know about some people, but we can't take a whole summer's vacation."

The Elys have enrolled their children in next year's program, as have nearly all of the families participating in this year's experimental group.

Mrs. Robert Near, who has students in the kindergarten,

third and fourth grades, said the program is "great, really great. I don't want to leave it. We just love it."

She said her children have a "very good interest in school and the vacations help. There are exceptional teachers in the year-round program, too."

The only drawback she sees "may be air conditioning, but we haven't encountered that yet."

"We've enrolled our children for next year, and so have three other families on the block," she added.

Mrs. Lowell Richcreek has a kindergartner and second

## Cowden Seeks Seat On College Board

A former Novi resident, Ronald K. Cowden, has announced his candidacy for a two-year term on the Schoolcraft Board of Trustees.

Three six-year terms and one two-year term will be up for grabs in the June 11 election.

Now a resident of Livonia, Cowden is a former member of the Novi Planning

Commission. He also was a member of the Novi Recreation Board and vice-president of the Novi Jaycees.

Besides being active in the Livonia Education Association and the Michigan and National Education Associations, Cowden has been involved in Livonia as school supervisor for the Parks and Recreation program, director of Bentley's LYI summer teen program, and manager of the CB Swim Club.

He is presently a member of the Livonia Jaycees and active in the Ward United Presbyterian Church.

# Jiggins Wins Honor As Air Force Pilot

Second Lieutenant James M. Jiggins, a Northville student pilot at Luke Air Force Base in Arizona, has been awarded the Daedalian Orville Wright Achievement Award.

He was cited as an outstanding graduate of the Air Force Undergraduate Pilot Training program at Moody Air Force Base, Georgia.

Major General (retired) Charles F. Born, former wing commander at Luke, presented the award during ceremonies held in the Luke Officers Club.

The Daedalians are an order of pilots dedicated to insuring that America will always be pre-eminent in air and space; to promote flight safety and to aid deserving young men in specialized higher education through scholarships.

The Orville Wright Achievement Award is presented to outstanding graduates of Pilot Training in the U.S. Air Force and Navy Air Training Commands.

Lieutenant Jiggins began his military career as an Army helicopter pilot in Vietnam

from January 1968 to January 1969. He acquired 500 combat flying hours and earned the Air Medal with 18 oak leaf clusters, the Bronze Star, The Purple Heart and the Vietnam Cross of Gallantry.

After returning from Southeast Asia, Lieutenant Jiggins was assigned as a helicopter instructor pilot at Fort Wolters, Texas. During his off-duty time he logged more than 500 hours of civilian flying and obtained a commercial license, with single-engine and multi-engine land ratings and certified flight instructor certificate.

He later returned to Eastern Michigan University and in June of 1971 received his bachelor's degree in business administration. He then attended the Air Force Office Training School where he was selected the Upper Flight Captain due to his outstanding leadership qualities.

Lieutenant Jiggins entered undergraduate pilot training in October, 1971. During training he was named the "Outstanding Primary Student" and was selected by his classmates as the "Outstanding Lieutenant."

He was awarded the Air Training Commander's Trophy, the Flying Training Trophy, the Outstanding Military Trophy and was designated a Distinguished Graduate.

Lieutenant Jiggins and his wife, Barbara, both are from Northville. They have a seven month old daughter, Jamie Meredith.

★ ★ ★

Airman Charles H. Hatch, son of Mr. and Mrs. Franklin E. Hatch of 47100 Timberlane, has been assigned to Sheppard AFB, Texas, after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instruction in

human relations.

The airman has been assigned to the Technical Training Center at Sheppard for specialized training in aircraft maintenance.

Airman Hatch, a 1971 graduate of Henry Ford High School, attended Schoolcraft College.

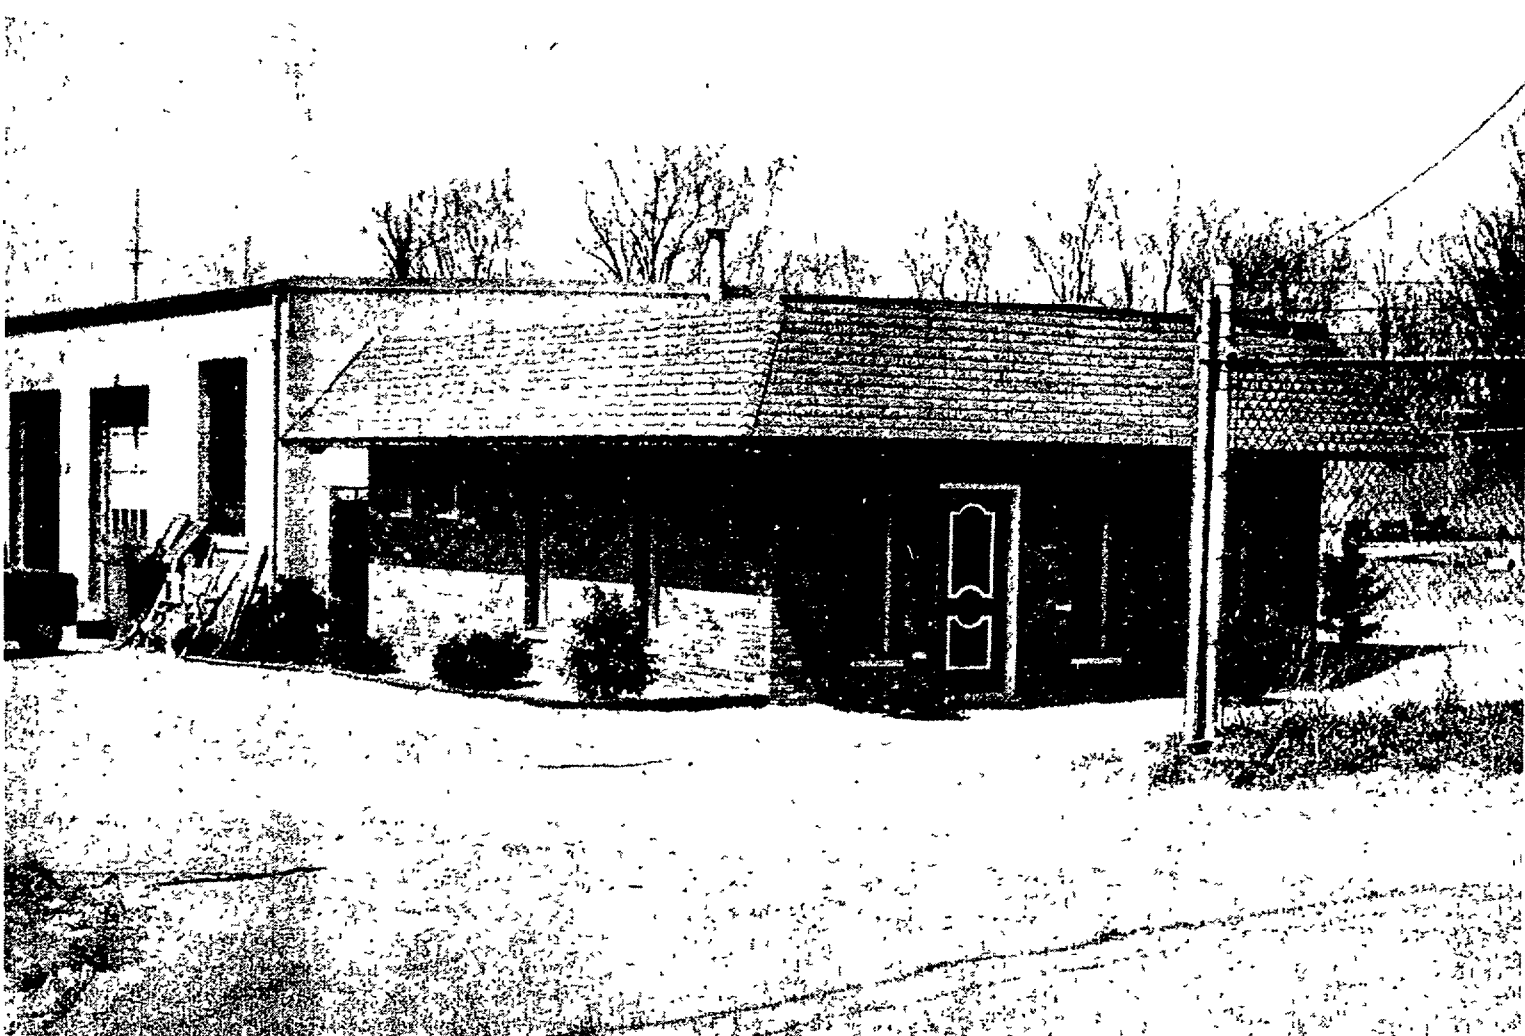

CHARLES HATCH

## She's Named

## To Dean's List

Patti A. Ely of 970 North Center was named to the Dean's List at Grand Valley State College for the Winter, 1973 semester.

She was one of 359 students in the College of Arts and Sciences to receive a letter of congratulations from Dr. Glenn A. Niemeyer, dean of the college.

**OPENED**—Although minor interior work remains to be completed, the new Northville Department of Public Works office building is now being used. Located in the DPW yard

east of the railroad tracks near the former city dump, the building is adjacent to the department's equipment garage. The new facility was built by DPW workmen.

## For Huron Clinton Park

# County Halts Millage Payment

Demanding more park development within Wayne County, the County Board of Commissioners has ordered a halt in millage payments to the Huron Clinton Metropolitan Authority (HCMHA).

The county legislators, meeting May 3, adopted a resolution calling on the regional park authority to acquire Belle Isle and a 2,500-acre parkway in western Wayne County.

For emphasis, the Board of Commissioners directed the County Board of Auditors to withhold the balance of this year's millage allocation to the HCMHA. This amounts to \$2.4 million. The vote was 18-2, with two abstentions.

The action could deprive the park authority, which operates nine parks in a five-county area of southeastern Michigan, of nearly half its income for the year.

The Board of Commissioners also unanimously directed its legal counsel to challenge the present structure of the seven-member authority board in court on grounds that it violates the "one-man, one-vote" principle.

The HCMA board consists of one member appointed by the board of commissioners of each county, plus two at-large members appointed by the governor.

The actions of the Wayne County Commissioners culminated growing resentment over the authority's plans to develop parks in out-lying areas, while contending it does not have funds for close-in projects such as the Belle Isle acquisition.

Last August the voters turned down a proposal to increase the HCMA millage. The authority had said the additional millage would

permit acquisition and development of Belle Isle, as well as other parkland.

The HCMA was created by a vote of the people of the five counties in 1940. The voters approved financing of one-quarter of a mill in revenue from each county's 15-mill allocation.

The Wayne County Board of Commissioners therefore appropriated \$3,243,385 for the authority for this fiscal year, but only one quarterly payment of \$810,845 has been made.

The commissioners directed that the balance be held in escrow pending resolution of the issue. It was

predicated that the authority probably would go to court in an effort to get the money released.

"Our contention is that we don't have to pay on a basis of the U.S. Supreme Court decision regarding one-man, one-vote," Commissioner Paul Silver of Detroit, declared at the board meeting. "The present structure of the authority board violates the principle of proportionate representation and amounts to taxation without representation."

Commissioner Conrad L. Mallett, of Detroit, charged that the HCMA "insists on

buying additional park land to serve urban areas that do not yet exist."

Figures were cited showing that Wayne County has 59 percent of the population in the five-county area and contributes 56 percent of the HCMA's millage, but has only 26.8 percent of the authority's park land located within its boundaries.

The request that the HCMA acquire Belle Isle and the out-county acreage was recommended by the county commissioners' Public Works Committee.

The county parks division had recommended acquisition of the 2,500 acres in Canton, Plymouth and Northville townships to complete the county parkway system.

However, Commissioner Thomas P. O'Rourke of Detroit, public works Committee chairman, said the county could ill afford the \$17.5 million estimated cost of the land in the face of pressing health and welfare needs.

Commissioner Richard C. Manning of Redford, who voted against withholding the funds for the authority, charged the action might force the HCMA to close some parks.

"The first place of the seven counties that will find itself without any park service at all will be Wayne County," he declared. "By our action we

may have effectively closed down these parks to our own people."

The 2,500 acres of proposed parkway would generally parallel the county line west of Ridge Road. It would join the Edward Hines Parkway at Seven Mile Road near Sheldon Road at its northern end and the Lower Rouge Parkway at Canton Center road south of Palmer road at its southern end.

Two of the nine HCMA parks are located in Wayne County. They are the 1,000-acre Lower-Huron Metro Park near Belleville and the 1,500-acre Willow Metro Park near New Boston. The latter is still under development.

The other HCMA parks are Metropolitan Beach, Stony Creek, Kensington, Marshbank Hudson Mills, Dexter-Huron and Delhi metropolitan parks.

The HCMA received a total of \$5.1 million from the five counties in 1971.

## Graduates

Among the 91 graduating seniors from Madonna College attending April 29 commencement exercises was Mrs. Martha R. Hunro of 41008 Mooringside Drive.

Mrs. Hunro was distinguished by being graduated with high honors.

**OUTSTANDING PILOT**—Second Lieutenant James M. Jiggins (center) receives the Daedalian Orville Wright Award from Major General (retired) Charles F. Born (right), former Luke wing commander, and Colonel Albert L. Melton, present wing commander. Lieutenant Jiggins' wife, Barbara, was at his side for the presentation. He received the honor for outstanding achievements during undergraduate pilot training.

## Present Bond Issue

The June 11 bond issue will be the topic of a meeting of all Northville PTA's at 8 p.m. on Thursday, May 17, in the Northville High School auditorium.

The evening will include a presentation of the proposed building program in the Northville School District by Superintendent of Schools Raymond E. Spear. Included in the bond issue are two elementary schools and one new middle school.

After the presentation,

there will be an opportunity for citizens to ask questions about the issue which will be on the June 11 school board election ballot.

A Northville PTA Council spokesman issued a reminder that residents of the Northville School District have until 5 p.m. on Friday, May 11, to register to vote in the June 11 election.

# Annexation Vote

Continued from Record, 1

4 favored annexation. Of these Precinct 2 was significant. It includes Highland Lakes, one of the township's newest subdivisions, located east of the city. Voters in this precinct favored annexation, 349-269.

Annexation carried in township Precinct 1 (city

limits west to Napier between Seven and Eight Mile) by a vote of 253-214 and in Precinct 4 (Hines Drive west to Napier between Five and Six Mile) by a vote of 22-15.

The city's Precinct 3, located in the northern section, gave annexation its biggest support. The vote there was 446-77.

Annexation carried in Precinct 1, 307-111, and in

Precinct 2, 143-50.

For awhile Monday it appeared annexation might be approved.

Because the city voted by machines, results were disclosed shortly after the polls closed at 8 p.m. In the township where voting was by paper ballot, counting was slower. With six of the seven township precincts reporting, annexation had a slim lead. But by 9:30, with Precinct 7 votes tallied, annexation was defeated.

A total of 47 ballots were spoiled in the township.

The defeat means that no annexation proposal can be raised again—involving the City of Northville or any other city adjacent to the township—until next March, the second anniversary of the date when annexation petitions were first placed before the Michigan Boundary Commission.

Following the election, however, a number of proponents of annexation indicated the issue is not a dead one. Whether it is revived, some suggested, will depend on the course the township board takes in the ensuing months.

New books available in the public library this week are:

**IN NORTHVILLE ADULT FICTION**  
"Royal Summons," Elizabeth Cadell; Ellen Berg inherits a manor house which she finds to be a thriving mansion with interesting, romantic people.

"Rule Britannia," Daphne DuMaurier; The US and Great Britain have united in an English speaking union called USUK. The US Marines are sent to secure Cornwall against foreign invaders.

**IN NOVI ADULT READING**  
"Speak to Me, Dance with Me," Agnes deMille; Agnes deMille is one of the great women of the dance and theater. This is a powerful and sympathetic portrait of her efforts to break into the ballet and theatrical worlds of London, New York and Hollywood in the depression years of 1932-1935.

Novi Public Library also has a series of paperback car repair manuals which will circulate for two-week periods.

**VOTE TALLY**—Northville Township Clerk Sally Cayley (second from right) advises her election workers during

the voting count Monday night after the polls had closed in both the city and the township.

**TENSION MOUNTS**—With city results already indicating support of annexation, City Manager Frank Ollendorff turns his attention to the counting at the township hall where the final outcome of the unification issue rested. It wasn't until the last Precinct was counted in the township that it was known the proposition was defeated.

**WAIT OR WAKE?**—Three city officials—City Attorney Phillip Ogilvie, Police Lieutenant Louis Westfall, and Councilman Paul Folino—wait for returns from the

annexation balloting Monday. Their wait turned into a wake, however, as the proposition went down to defeat.

## Name Top Scholars

Continued from Novi, 1

Mrs. Edward and Sylvia DeBrule of 23034 Ennishore, Denise plans to attend the Henry Ford School of Radiologic Technology in the fall where she will study to be a x-ray technician with the specific goal of working with the treatment of cancer.

Miss Salow, daughter of Mr. and Mrs. Ronald and Elaine Salow of 22844 Balcombe, will enlist at Michigan State University in September with plans of majoring in Medical Technology and ultimately working in a hospital.

Denise has been active in all phases of campus life during her high school career. She was president of the sophomore class, vice-president of the junior class and has also served two years on the student council.

She was both a varsity and junior varsity cheerleader and was a member of Novi's

undefeated girls' basketball team this fall.

A member of the French Club, Ski Club, and the National Honors Society, she was a delegate to Girls' State in 1972 and won a Citizenship Award for her participation in that event.

Carol also has an active record of involvement in school clubs and programs. She was treasurer of the senior class and president of the ski club. In addition, she has served as editor of the year book.

She also is a member of the National Honors Society. Baccalaureate exercises for the Class of 1973 are scheduled for June 3 with commencement exercises taking place June 5.

## College Workshops Set for Women

A series of informal workshops and discussions entitled "Survival Skills for the Modern Woman" have been scheduled beginning May 15 at Schoolcraft College.

The series of sessions on some practical skills is a service of the college's Women's Continuum Office which is headed by Mrs. Nancy Dufour.

According to Mrs. Dufour, the sessions have been designed to assist women in improving their skills in coping with life's everyday practical problems.

The series consists of four Tuesday morning sessions from May 15 through June 5, and two Friday afternoon sessions on May 18 and June 1. All Tuesday meetings will be from 9:30 to 11:30 a.m. in Room 530 of the Forum

Building while the Friday sessions will meet from 2 to 4 in Room 170 of the Applied Sciences Building.

Offered first will be a session on "Communication in the Family". Using the tools of Transactional Analysis, the group leaders will help the participants to understand their transactions with others and ways to have

their needs understood.

Mrs. Dufour stated she hopes the series will be helpful to women in the new roles and responsibilities they are taking on in the home and the community.

Persons wishing to register for any sessions in the series should call the Women's Continuum Office at 591-6400, extension 217. There will be no

charge for this pilot program.

The talk shows, are they in or out? Sometimes they can be a very valuable addition to our lives, and sometimes they're too boring for words! Of course, everybody's idea of a great talk show is different. Here are our rules for something that's really worth listening to: The subject must be one of current interest. Those talking and those questioning must be able to state clearly and fluidly their ideas on this important subject. Both sides of every question should be fairly stated.

## Wixom Taps Howard Coe

Wixom City Councilman Howard Coe has been appointed the new council delegate to the Southeast Michigan Council of Governments (SEMCOG).

By a unanimous vote, the members gave Coe the responsibility of attending SEMCOG meetings as a representative of the city of Wixom.

The action was sparked at the council meeting Tuesday night when Coe asked Mayor Gilbert C. Willis if the city had been in touch with the organization. "I feel it is something that we should keep our foot in the door because a lot of federal funding comes through area planning done in groups like SEMCOG."

It was explained that the previous delegate, Councilman Gunnar Mettala, had been named originally "so that there would be a mailing address to which SEMCOG could send materials."

## Glaucoma Clinic Set Saturday

A free glaucoma clinic will be held on Saturday, May 12, at the Northville American Legion Hall, 100 West Dunlap.

From 9 a.m. to noon and again from 1 p.m. to 4 p.m., Dr. Stewart F. Campbell and Dr. Jerome L. McDowell will donate their time to test for the eye disease.

Glaucoma, which occurs most frequently in persons over 35 years of age, is considered to be one of the leading preventable causes of blindness.

## Police Blotter

# Thefts Break-Ins Top Reports

### In Northville

Two break-ins during the past two weeks netted thieves more than \$1,300 in tools from William Urban Construction on Base Line.

Four air guns and a drill were stolen between April 28 and 30. That theft was reported at the time the second was discovered when a half horsepower compressor was taken.

Both times, thieves broke into the workshop area of the building through a trap door. Both thefts are under investigation by city police detectives.

Vandalism totaling nearly \$200 was done to the Masonic Temple on East Main Street between May 2 and 3.

Five windows in the building were damaged with some type of firearm, police reported.

A student at Cooke Middle School Annex on West Main Street reported the theft of a clarinet from the first floor hall of the school.

The clarinet, valued at \$187, was taken at 2:30 p.m. Monday.

A two-barrel manifold was stolen from the auto shop at Northville High between May 1 and 2.

### In Township

C&O Railroad police apprehended a 15-year-old runaway from Wayne County Child Development Center last week Tuesday after he jumped off a moving train.

According to Michigan State Police reports, the youth was caught about 2:45 p.m. in the area of Five Mile and Northville roads.

The youth was hospitalized with shoulder injuries received when he jumped off the train and he also complained he was unable to breathe.

A 23-year-old Detroit man escaped injury early last week Wednesday when the car he was driving went off the road and struck a railroad crossing pole.

Gerald N. Powers told state police troopers investigating the accident he was westbound on Seven Mile

PREVIEW—Showing off fashions from The Attic they will be modeling tonight at Novi High School are (l to r) Sue Sherwood, Carol Padgett, and Cheryl Blan.

## Tonight in Novi

# Club Models Fashions

Some 90 outfits for men, women, teenagers and children will be modeled tonight (Thursday) at the annual fashion show sponsored by the Novi High School French Club.

Called "One More Time," the show will get underway at 8 p.m. and continue until 9:30 p.m. in the high school commons area.

Modeling the clothing, which is being provided by area stores, will be club members, other students, and community children and their parents.

Sports, casual, swimwear, formal, and business outfits will be featured, according to Rosemary Crippen, French Club sponsor-teacher.

Student models include: Michele Sumner, Carol Padgett, Sue Sherwood, Cheryl Blan, Kathy Krug, Jeanine Miller, Kim Reska, Denise Balint, Nancy Pisha, Nancy Brzezniak, Joanne Dinser, Sherri Floris, Denise DeBurlle, Karen Collins;

Karen Lukkari, D'Ann DesMarais, Roger Pelchat, Pat Boyer, Dave Ward, Ron Frisbie, Mike Collins, Greg Alkema, Tom Ford, Gary Ford, Kirk Rosey, Eric Hansor, Dave Miller, Bill Ross and Brian Schneck.

Adult male models will include Superintendent Gerald Kratz, teachers David Armstrong and Ron Heatley, and parent William Fear.

Adult female models will include teachers Dorothy Hyllton, and Cecile Carter, librarian Del Gerhardt,

secretaries Edith Valbusch and Joan McAllister, parent Patti Miller, and Sherri Zayti of Marquis Boutique.

Child models will be Lisa and Amy Anthony, Robin and Dawn Planck, Paulette Boudreau and Laura Siple.

Merchants providing the clothing are:

The Trouser Trunk of Farmington, The Attic of Northville, Scott Colburn's Saddlery of Farmington, Harvis of Farmington, Sylvia's Fashions of Farmington, Jeans Galore of

Farmington, Marquis Boutique of Northville, Scott Colburn's of Farmington, Towne Toggery of Farmington, Lapham's Men's Wear of Northville, S&L Clothing of Novi, and Michael's Mens Wear of Farmington.

## Novi Opens Budget Talks

Continued from Novi, 1

designated specifically for roads and approved by Novi voters last spring) and the federal revenue sharing fund.

With the balance from last year and with the anticipated tax collections this year, Saunders anticipates a total of \$170,950 in the road fund. Approximately \$50,000 of that total has been designated for the purchase of topographical

maps of Novi. Saunders listed ditching and grading, paving programs, and subsidy to the local street fund for spring road reestablishment as other areas to which funds might be appropriated.

The decision on how much and where will be left to the council.

Of an estimated \$135,000 available in federal revenue sharing funds, Saunders marked \$50,000 for additions

and improvements to city hall and \$20,000 for the purchase of seven new police vehicles as high priority items.

Other areas in which funds might be allocated, he suggested, are purchase of additional police equipment, purchase of additional equipment for the fire department, or acquisition of park lands for the city.

Again the amount of money which should be appropriated to each specific area will be left to the council to determine.

The council is required by law to have a budget ready to be published for public

perusal by May 21. Law further requires that the 1973-74 fiscal budget be adopted by the first session in June. Thus the council will be operating under relatively tight deadlines in arriving at final budget decisions.

## Ziegler Resigns

Continued from Novi, 1

term. As you know from our personal conversations over the past several weeks I am not inclined to succumb to pressure groups especially those which I feel are misdirected.

"There are three reasons for resigning now when I have been so steadfastly against this action in the past.

"1. It would appear that my presence on the board during the current campaign for millage renewal, new millage and the bonding request might cause some negative votes. These issues are so very important that they must be given every possible support.

"2. If the recall were successful it would cause the board to go to the trouble and expense of another election within 90 days. The board's attorney recently explained that current state statutes would prohibit you from appointing anyone to a seat vacated by a recall election.

"3. I wish to give my supporters a positive issue upon which to campaign for my re-election rather than

subjecting them to the negative position of fighting against the recall proposal.

"Once again it is with deep regret that I have not been able to deliver this message personally. I plan to conduct a vigorous effort to regain a seat and I will look forward to working with all of you again in the very near future."

## Novi OK Formula For Principals' Wages

A method of determining principal salaries for the 1973-74 school year has been approved by the Novi Board of Education.

The procedure was recommended by Roy Williams, chairman of the salary committee for the building principals, and, after review, by central office administrators.

It suggests:

- An annual salary improvement recommended by the superintendent and assistant superintendent.
- A cost of living adjustment.
- Meritorious performance award.

According to Superintendent Gerald Kratz, the salary improvement would be determined by himself based on management by objective criteria. He explained this as a procedure by which principals set goals for

themselves and then are graded on how well they accomplish these goals.

The "cost" of living adjustment would be determined on a quarterly basis.

As for the meritorious performance award, he explained that a small amount of money would be set aside for those principals who perform "over and above" what is normally required of a building principal.

decrease the value of their property and create severe traffic and safety problems.

A motion made by Planning Commission member James Lahde to table the request for two months to enable city officials to update the Master Plan was questioned by Dale Jess, another Planning Commission member.

"To table the motion would be like holding a gun over the council's head," Jess argued. "It is the responsibility of the Planning Commission to make decisions on what the community wants and needs before we put it into the hot little laps of the council."

Lahde concurred that his motion was indeed forcing the issue, but added that "it's high time we find out what this community wants and bring our outdated Master

plan up to date."

A second motion to recommend that the council deny the rezoning request received a 5-1 endorsement. Jess cast the sole dissenting

ballot. John Minear, chairman of the planning commission, abstained from voting, citing the fact that he was a Northridge Estates resident

## Deny Oil Well Bid

Continued from Novi, 1

had filed in the record.

That report, it was noted, consisted of one paragraph of six lines and in essence merely stated that the granting of a license to drill a well would create no detrimental effect to the local ecology.

Sullivan and Company officials have previously indicated they have a sizable investment in the Novi drilling site. In addition, they hired a stenographer who recorded the nearly 25 hours of testimony heard by the Board in the three hearings on the variance request.

Although the leases on the nearly 1,000 acres of land held by the Sullivan and Company expire late in May, there is nothing that prevents them from re-acquiring those leases and pursuing the drilling of an exploratory well further.

# Editorials...

a page for expressions  
...yours and ours

I've never been a good loser. So I'm not going to step out of character now and pretend I'm not deeply disappointed at the outcome of Monday's annexation election.

They say that such an election (to unify a city and township under a city government) has never passed in the history of the state. And Northville preserved the record Monday.

But even the most dogged opponent would have to admit it was close.

Conversely, the people have spoken. And the majority in the township have said they do not want to unite with the city.

Personally, I have never witnessed such campaigning at the grass roots' level by citizens whose only interest was the welfare of their community. And I mean to include the activity of those on both sides of the issue.

Northville was the focus of attention of many communities in the state that are examining alternatives as they face the problems of growth. Plymouth, for example, watched the Northville proceedings with particular keen interest.

Maybe others can benefit from the Northville example. And, hopefully, our community can, too.

The problems that face both the city and township of Northville were not eliminated by Monday's vote.

Insofar as the township is concerned the major questions still exist. How many people voted NO because they want to remain just as they are with no added services or

taxes? How many voted NO because they want the township to provide services independently of the city? And how many would prefer that the city and township remain divided governmentally, but expand upon a program of cooperation for services?

For the present, at least, the city is not pressed for decisions. It can continue on its present course and hope that whatever happens in the township will not be detrimental to the city.

What Northville needs now is a cooling off period.

Neither the governing body of the city nor the township should take any major independent action based upon reaction to Monday's election until time has been given its chance to restore sound thinking.

The best thing that could happen would be to have the total township board and the total city council sit down together at a face-to-face joint meeting and frankly discuss the problems that face our community.

But this hasn't been done in years (if ever), and I don't suppose we should expect it to happen at this particular point in our history.

But Nixon visited China and Russia. Maybe our local officials could flip a coin to see which side walks next door to visit their neighbor.

☆☆☆

There are lessons learned from the election that should be fairly obvious.

One—Taxpayers are reluctant to vote themselves a tax hike, but quick to support a tax cut.

Two—The Plymouth school district area in the southeastern portion of the township feels little relationship to the community of Northville. This is especially true along Five Mile road near the eastern limits. And this problem will remain whatever kind of government exists in Northville township.

☆☆☆

Northville's annual beautification campaign is underway with Councilman Paul Vernon acting as chairman.

The Beautification Commission is composed of both city and township residents including Bea Carlson, Milo Hunt, Ann Brueck, Ruth Burkman, Wilson Funk, Lenora Handy, John Swienkowski and Norma Vernon.

The "clean-up" campaign is really an individual, as well as a community, project.

And the commission urges each of us to do our personal housecleaning in our yards and neighborhoods so that everyone will have a hand in "Beautifying Northville".

To the Editor:

So...your teenager has become a frequent inhabitant of Beer Hill and you find yourself trying harder and harder to understand why. Over the past few years...Beer Hill has become "the" place for teenagers to congregate from eight til eleven p.m. I can't think of anywhere better for the youth

of Northville and surrounding communities to "get it together".

Unfortunately... many rumors have given Beer Hill a gutter name. Parents cannot really figure out why a place such as this one holds their

teenagers spellbound and always eager to get to it. The park's natural beauty and

firelight flames simply enhance the return of these people, to meet people. Nights on Beer Hill go into a "mind diary".

Why then, are parents getting so uptight when they learn where their teenagers have been? It's all in the rumors that have been

maliciously circulated, by mouth to any eager ear willing to bend and listen. Beer Hill isn't a doper's habitat or a liquor store rolled into anything. Beer Hill is a place where we try to "get it together".

Thank you, D.J.

## Speaking for Myself

# EPA Standards, Deadlines Realistic?

JOHN RICCARDO

YES...

On April 11, 1973 the administrator of the Environmental Protection Agency granted the automobile manufacturers a one-year suspension of the 1975 federal emission standards of 0.41 grams per mile hydrocarbon and 3.4 grams per mile carbonmonoxide.

These federal standards fulfill the Congressional mandate of the 1970 Clean Air Act amendments to reduce by 1975 hydrocarbon and carbonmonoxide automobile emissions by 90 percent when compared to 1970 engines.

All the testimony at lengthy public hearings held in March, 1973, and the findings of the National Academy of Sciences indicated that the technology to meet the 1975 federal standards was available in time for compliance by the automotive industry. However, it was the EPA administrator's opinion that the public interest consideration made it a better part of wisdom to gradually phase in the technology which involves the use of new catalyst devices, thus the basis for suspension of the standard for one year and the establishment of interim standards for 1975.

This phasing-in strategy will permit us to attain the targets mandated by Congress one year later in 1976 and will do so with minimum risk and disruption to the general public. Were more lenient interim standards selected the advantages of phasing in technology would be lost (since very few if any cars would use them in 1975) and there would be high risk of social disruption in 1976 since further suspension is not permitted by the current Congressional law.

John DeKany, Division Director  
Emission Control Technology Division  
Environmental Protection Agency  
Ann Arbor

NO...

We are proposing that the Congress commission, the National Academy of Sciences, or any other appropriate body, to make a thorough review of new evidence of what constitutes air pollution. The Academy is now empowered to determine technological feasibility only. They, or another agency, should be asked to conduct a study to include the following:

A review of all the new scientific literature on the health effects of automotive emissions; second, a review of the measurement techniques for determining what is actually in the air; and third, a recommendation of whatever standards are actually needed to provide health protection for all people, including those most susceptible to the effects of air pollution.

Evidence continues to mount that the present federal standards were set on the basis of insufficient research and faulty measurements. And surely there can be no quarrel with the National Academy of Sciences making a study of the facts.

We can have clean air, and provide a full margin of safety for protection of health, without a high fuel-cost penalty, without importing platinum and palladium, without excessive increases in the cost of our cars and the cost of maintaining them, and without worsening our balance of payments problem.

John Riccardo  
President,  
Chrysler Corporation

## Photographic Sketches...

By JIM GALBRAITH

Barnyard Still Life

By JACK W. HOFFMAN

The Wayne County Board of Commissioners needs its collective head examined.

Beset with problems—most of them financial—that stagger the imagination, the jealous county board threatens now to destroy one of the few financially and socially successful agencies going for it.

And for what? A bigger piece of the action.

I speak of the board's intent to cut off voted funds, \$2.4 million, to the Huron Clinton Metropolitan Authority as a means of pressuring the park authority to provide more parks in Wayne County.

Withheld Wayne funds represent nearly half of the authority's income for the year.

Besides demanding the authority develop more "close-in" parks, the county board also wants it to acquire and operate Belle Isle and it wants greater Wayne County representation on the park authority's board of commissioners.

The irony of this asinine board action is that it very likely will harm more Wayne County residents than those living in the other metropolitan counties. Half of the users of the authority's nine parks are Wayne residents.

Operating one of the finest, if not the best, metropolitan park systems in the nation, Huron-Clinton has demonstrated a remarkable talent for wise use of the one-quarter mill of taxes it receives. Huron-Clinton, it seems to me, has set some pretty high standards that the county board would do well to emulate. If the county used its tax monies as wisely we'd all be the richer for it.

As for Belle Isle, which in my opinion would indeed be an excellent addition to the authority's park system, commissioners fail to appreciate the high cost of such an acquisition. Furthermore, they seem to forget that just last summer a proposed increase in the authority's tax levy, which would have provided for the Belle Isle acquisition, was turned down by voters.

No matter how attractive operation of Belle Isle by Huron-Clinton might seem, such a step—without additional tax monies—would adversely affect operation of the authority's existing parks and curtail acquisition of other much-needed park lands.

To do as the county demands would simply infect the Huron-Clinton park system with the same kind of deterioration that has become a trademark of too many county-operated facilities and agencies.

## News From Lansing

By R. ROBERT GEAKE  
Michigan Representative

Should teachers be required to reside in the community where they teach?

Detroit Board of Education employees would all be required to do so under terms of a bill which was introduced recently by a Detroit legislator. The bill has been referred to one of the committees on which I serve.

Those favoring the proposal say that it would assure that teachers have a stronger interest in the community in which they work, and that they would be paying taxes to help support their own salaries.

Those opposed to the measure say that it would unfairly limit the freedom of members of one occupational group to live and work where they please.

Somewhere in Livonia there is a 10 year old girl with whom I have a gaping credibility gap.

Last week we had a girl scout troop come up from Livonia and as we were walking down the hall one girl called out to me, "Are we going to see Governor Milliken?" I explained solemnly that the governor was extremely busy and seldom had time to greet visitors, much as he would like to. Just then I became aware of a flurry of activity behind me and there was Governor Milliken coming down the line of girls and leaders, shaking hands with everyone!

During the last 10 days the legislature has been in "recess" which, I have learned, is not the same thing as a vacation. Recess means that the full legislature does not meet as a body to vote on bills. However, constituent service, bill analysis, and some committee work continues unabated.

I have been dividing these days between my office at home and my office in Lansing. While home I have been visiting local officials, conferring with citizens who have individual problems, and collecting ideas for new laws and changes in old laws which can be introduced in the form of bills. My days in Lansing during the "recess" are taken up with committee meetings, research, and answering the mail.

House Bill 4208 which passed the House of Representatives previously has also now received favorable consideration by the State Senate. This is one of Governor Milliken's four tax cut measures and provides up to \$500 in property relief.

## Consider All Sides In Novi Rezoning

To the Editor:

It is hoped that the Appeals Board of the City of Novi Zoning Commission will thoroughly consider all sides of the petition of Sullivan & Company, for rezoning residential property to industrial.

It is our personal opinion, that residential property values throughout this area will drastically drop. It seems to us that practically no one by choice would care to live in the vicinity of oil and gas wells. The distinct possibility

of the danger element alone would make many people hesitate in living here.

We hope the members of the board will carefully seek for and weigh all relative data before making a decision so crucial to this community. We think the time element in arriving at a conclusion should certainly not be an important factor.

Sincerely yours,  
George H. Seitz  
24461 Willow Lane  
Novi, Mich.

## Congratulates Paper

To the Editor:

My sincere congratulations to the Northville Record on winning again this year the Michigan Education Association's School Bell Award at its 1973 Representative Assembly in Port Huron. It is extremely gratifying to us to acknowledge our appreciation for your newspaper's continuing outstanding contributions to community understanding of education. I have found that your newspaper reports effectively and objectively, all activities that deal with educational issues.

May I also offer my congratulations to Miss Sally Burke for her forthright efforts to present factual news reporting to the community of Northville.

Please continue your

excellent service to the citizens of Northville and its professional staff of teachers and administrators.

Respectfully,  
Art Frederick,  
Executive Director  
Northville Education Association  
Western Wayne County Education Assn.

Paul Osborn,  
President

William F. McLaughlin, Michigan Week chairman for Northville, tries on a Michigan Indian ceremonial armband while Wayne County Chairwoman, Mrs. William H. Klingbeil, and State Deputy General Michigan Week chairman Frank Buchanan, look on. Chairman of the Michigan GOP State Central Committee, McLaughlin is busy preparing for the Northville observance of Michigan Week, May 19-26. The Indian handicrafts, to be displayed in the main office lobby of National Bank of Detroit, points up Michigan's Indian heritage.

## Novi Receives Approval For Two Federal Grants

Novi city officials received good news from the Southeastern Michigan Council of Governments (SEMCOG) Monday regarding two applications for federal grants.

SEMCOG, which is the certified metropolitan-regional clearinghouse for various federal and state funding programs, informed Mayor Joseph Crupi that it had forwarded a favorable

response to both of Novi's notices of intent to apply for federal assistance.

The first request was made to the United States Environmental Protection Agency for a Wastewater Treatment Works Construction grant of \$2,726,000 toward a total project cost of \$5,598,000 for the proposed Novi Wastewater Treatment Plant Number Two.

The second request, also made to the Environmental Protection Agency for a Wastewater Treatment Works Construction grant, was for a grant of \$731,500 toward a total project cost of \$1,463,000 for Novi Branch Sewers A, B, and C.

"This favorable response from SEMCOG is heartening," stated City Manager Harold Saunders. "It's important that as we get into our budget talks we strongly consider appropriating additional funds to these areas so we can get these projects moving forward."

Novi is considering the possibility of constructing a second sewage treatment plant. The city already has constructed one such facility - the Walled Lake-Novl plant which services the north end of the city.

Although plans for a second

plant are purely in the preliminary stages at this point, the city council is eyeing a facility that will service the southeastern section of the city - that area between Eight and Nine Mile Roads and Novi and Haggerty Roads.

### Scouts, Moms Get Discount

Area scouts and their mothers will have an opportunity this week to take advantage of discounts and free admission at the Farmington Four Cinemas which are located in the Freeway Shopping Center, Ten Mile Road and Grand River.

Saturday, May 12, has been designated as Scout Day when 75 cents will admit all scouts, parents and friends to attend any of three selected features.

On Sunday, May 13, and Monday, May 14, the theater will admit mother free when accompanied by a family member.

## In Wixom

# Object to Zoning

The new proposed zoning ordinance for the City of Wixom, which fostered a great deal of debate at Tuesday night's public hearing will be sent back to the city Planning commission by the council with their recommendations for revisions.

About 70 people attended the hearing. Many protested a change in the zoning of sections of land on which they live or work or land which they hope to develop.

Much of the objection came from residents of the Hickory Hill subdivision which is now zoned for single family residences on 12,500 square foot lots (RA-1). The new proposed ordinance would change the zoning to RA-2 which would mean the land would still be zoned for single family residences, but the size of lots would be decreased to 7,200 square feet.

Ollie Wahamiki, one of the original land owners in the subdivision, expressed the feeling that the homes now in the area met RA-1 specifications and he could see no reason why the planners should see fit to change the present zoning.

Another Hickory Hill resident, Mrs. Nancy Dingeldey, wife of Councilman Robert Dingeldey said, "When we bought in Hickory Hill we were told that unless we purchased six lots, we were not welcome. As it is now, we own 12. I would never think of selling one or two of them. First of all, it would look rather strange when all of the other homes are on large lots, and besides, I do have some compassion for my neighbors."

Longtime Wixom representatives were also heard from. Their basic objection was to being rezoned and having their taxes raised because of it.

"I've lived in this city for 40 years," said Mrs. Johanna Ware, "and when I moved here I was given to understand that our property would never be Zoned and there would not be a raise in taxes. I object to being zoned M-1 and so do all my neighbors. You want to tax us out of existence."

When asked by Councilman Gunnar Mettala if she would consider selling her land to a developer at a much higher price than she paid for it, Mrs. Ware said, "I want to die there. I don't want to sell to anyone for a nickel or a dime."

Later in the hearing, Lloyd Croft explained that Mrs. Ware was correct in assuming her taxes would be raised.

"Seventy percent of the property on the south end of my farm is currently zoned industrial and I pay industrial taxes on it. No property, in my estimation, should be zoned industrial unless it is used for that. To give you an idea of how my taxes went up when the land was zoned, parts of the land went up as high as \$500. You talk about high food and beef prices, well, it's things like that make the farmer raise the prices."

Business, too, was represented at the hearing. "I appear on the agenda as

a tabled motion," said Joseph Donnelly of Birmingham, "and according to this proposed zoning, it would appear that my original request will be denied."

Donnelly explained he is the owner of property at the corner of Pontiac Trail and Beck Road. The new zoning map, as the one currently in effect, designates the property for residential.

"Right next to my property is a business which deals in junked and wrecked cars. I can't put residential housing there, that business would detract from the value of the property. I can assure you that I do not want to put a gas station there. What I have in mind is a local shopping center. The property next to mine in Novi has already gone industrial and I think that my property should not be residential but business."

Mrs. Sylvia Vangieson, wife of Councilman Val Vangieson, stated she objected to the requirement in the new ordinance that one horse be kept on no less than five acres of land. "A horse", she said,

"needs no more than two acres."

Her statement was supported by Homer Lewis who said, "I'd rather see kids spend time playing with horses than marijuana."

The attitude of many of the residents present was expressed by John Victory. "Some of the things we see in this city make us angry. Do you realize what you are doing to the residents? Have you forgotten the residents of the community? Take note of the citizens and their needs before we have to become angry and put into office people who will consider us."

Following the hearing, Councilman Vangieson told the residents present to "make your desires and criticisms known to the planners at all times, not just when there is a big issue like this that stirs a lot of public opinion. They would like to know your reactions."

The vote to table the ordinance and return it to the planners with suggestions from the council was unanimous.

### Obituaries

## Jack Crawford Dies in Florida

Jack Crawford, a former Novi School Board member and school district employee, died Monday, May 7, in Fort Meyers, Florida.

Funeral arrangements are pending and Casterline Funeral Home may be contacted at 349-0611 for day and time of the services.

He and his widow, Helen, lived on Base Line Road before moving to Florida last year.

A complete obituary will be carried in next week's paper.

Lutheran Church in Farmington officiated. Burial was in Glen Eden Memorial Park.

### RUDOLPH WENDLAND

Rudolph A. Wendland of 44490 11 Mile Road in Novi died Sunday, May 6, in St. Petersburg, Florida, at the age of 73.

Funeral services will be held at 2 p.m. Friday in Harbin Funeral Home, Novi. The Reverend William A. Ritter will be officiating.

### DENNIS M. DUEY

Funeral services were held Tuesday, May 8, for Dennis M. Duey, five-year-old son of former Novi Councilman and Mrs. William Duey.

The youth died Saturday in Mount Carmel Hospital in Detroit following a tonsillectomy.

Born June 6, 1967, in Ann Arbor, he lived with his parents at 45385 Nine Mile Road in Novi.

Surviving besides his parents are a sister, Debbie, two brothers, David and Danny, all at home, and grandparents Mr. and Mrs. Henry Duey of Willis and Mrs. Emily Speed of Dearborn.

Services were held at Casterline Funeral Home where the Reverend Carl F. Kaltreider of Antioch

Born October 24, 1899, in Royal Oak, he was the son of Charles and Wetta (Musolf) Wendland. A resident of Novi since 1938, he was a member of Novi United Methodist Church and Novi Oddfellows 487.

Surviving are his widow, Irene, whom he married 49 years ago, five daughters, Mrs. Doris Bowers of South Lyon, Mrs. Arlene Rippey of San Jose, California, Mrs. June Hopps of Livonia, Mrs. Phyllis Allen of Brighton, Mrs. Carl Renner of Plymouth, one son, Bruce Wendland of Lansing, a sister, Martha Bosley of Northville and 12 grandchildren.

He was preceded in death by one son and one daughter. Burial will be in Oakland Hills Memorial Gardens, Novi.

# Abandoned Kittens Find Love, Warmth Cite Employers

## Rescued from Trash Can

By SALLY BURKE

Three little kittens, abandoned hours after birth, may grow up calling a heating pad "mother" but they are alive and healthy.

Thanks to the efforts of Mrs. David Kennedy of Grand River in Novi, Mrs. Helena Gravelle of Gerald Avenue in Northville and the Northville City Police Department, the kittens were rescued last week Tuesday evening.

Abandoned in a trash container near Dino's Pizza on Novi Road, the kittens were first heard by Mrs. Gravelle.

"I thought I heard them crying but wasn't sure," she commented, "but when I looked in the container I could see a paper bag."

Mrs. Gravelle notified the police department and waited until Patrolmen Roger Rathburn and Donald Lancaster arrived with a key to unlock the container.

Mrs. Kennedy said she "was doing my laundry when I heard that a woman thought some kittens were stuck between the cover and container of a trash can."

"I've brought home thousands of strays and I love cats," she said, "so I waited for the police to bring a key to unlock the container so the kittens could be freed."

Mrs. Kennedy said the kittens were in a brown paper bag with each individually wrapped in a plastic bag. "One of them was dead when the police retrieved them but three were still alive."

She said she got a warm towel "right from the dryer" and wrapped the kittens in it and took them home.

A friend of Mrs. Kennedy's, whose cat just had kittens, offered to let the three join the litter. "The mother cat fed them for one night but then rejected them."

So Mrs. Kennedy is bottle feeding the kittens "every three or four hours and they sleep under a heat lamp or on a heating pad to keep warm."

"I must set up a better schedule, though," she commented, "My mother did this with one kitten, but this is like having triplets!"

She said the kittens are growing "and are much fluffier now and so cute."

The Kennedys have a dog

and a male cat besides the three kittens. The dog cries when he sees the kittens, she explained.

"We're trying to teach the male cat to clean the kittens, but as soon as one cries, he leaves," she said.

Keeping the kittens clean and training them are the hardest problems facing the Kennedys. "If I would wash them, they'd die," she explained, "and mother cats are the ones to potty train their kittens."

The Kennedys have had one humorous experience since the kittens joined their family.

"While I was at work, I got an emergency phone call from my husband who left a message with the secretary saying the babies had been rejected and he didn't know what to do," Mrs. Kennedy said.

"Babies rejected? The secretary wondered what was going on since we haven't been married very long," she said, "so I had to explain the whole story to her."

Three little kittens, left to die in a trash can, have found a home with the Kennedys.

**HANDFUL OF FUR**—Cuddling three kittens, abandoned last week in a trash container, is Mrs. David Kennedy of Novi. Bottle feeding, a heating pad and heat lamp are among the methods Mrs. Kennedy's using to keep the kittens alive.

Approximately 60 Northville High co-op students will honor their employers with a banquet Thursday, May 24, at the Holiday Inn in Farmington.

The banquet will express the students' appreciation to the employers for the

opportunity to work and learn about different business fields.

Candy sold by the co-op students in the fall will help finance the banquet. Coordinators of the co-op program at Northville High are Mrs. Cheryl Hayes and Wayne Saunders.

## News Briefs

**ADULT EDUCATION** and enrichment courses currently are being studied by the Northville Recreation Department in conjunction with the Northville public schools. Surveys that will determine if there is an interest in such a program are being circulated through the public schools and also are available at city hall, township hall, and the recreation office. Also being sought are people with skills in a certain area who would be willing to share those skills by teaching a course in the adult enrichment portion of the program.

**DEADLINE'S FRIDAY** at 5 p.m. to register to vote in the June 11 school board election. Voters may register with the clerk of the municipality in which they live. Deadline for filing petitions to run for the two school board vacancies is 4 p.m. Monday, May 14.

## Our Millionaire

Continued from Record, 1

football contest series, Joe says the qualifying million dollar ticket was his third \$25 winner. "And get this: Thursday's drawing is the third million dollar drawing."

Joe buys about \$30 worth of tickets a week. "As soon as they gave the number I says 'go get that ticket out of the drawer, it's a winner.' I knew it; I had this feeling. Even dreamed about it. "And now...good 'ol .333...it's worth a million bucks!"

## Air Conditioning?

Continued from Record, 1

conditioning in their cars...and they're buying these cars."

The deadlock will end Wednesday night, May 23 at the council's re-scheduled meeting. And Manager Ollendorff reported that he thought Councilman Paul Vernon, who was absent Tuesday night, favored air conditioning.

In other business in a slow meeting that was rescheduled from Monday night because of the annexation election the council heard plans from the Northville Half Mile organization on its proposed schedule of three motorcycle races at Northville Downs this summer.

The meets will be held June 2, August 11, and September 15.

Walter Knapp of South Wing Street protested the events saying "noise, stink, pollution, dust...we don't need it and I've got 15 people who

feel the same way."

Staton Lorenz, promoter of the races along with Gerald Stone, pointed out that the noise level has been reduced from 132 decibels to 92. He said 75 per cent of the machines will meet this standard and next year 100 per cent must. He said that the dust will be controlled by calcium chloride.

City Attorney Philip Ogilvie noted that the council can take no action at this time because the races comply with ordinance which permits four machine racing events per year.

"If after the June meet you find something you want changed, you might be able to take action for the later meets. But at least you could change the ordinance for meets in future years", he added.

The council also decided that it would prefer to rent a house for \$300 per month from Councilman Paul Folino for community ambulance

service. The city manager reported that the facility that had been offered on Northville road near Six Mile will cost more than first indicated and needs considerable repairs, advance payments and a three-year contract. Folino's house is on Cady near the new Griswold street extension. He would build a new block garage to house and maintain the ambulances at \$300 per month and a one-year contract with options for renewal.

The council must await the township board's decision, on the issue because the service is being mutually supported.

The council also approved an amendment strengthening its dog ordinance, okayed a request by the city-township library commission for \$1,200 in addition to the regular budget for hiring a student to work in the library (the city and township split these costs so approval must also come from the township board), and renewed a mutual aid police pact with several cities and townships and Wayne county in the western Wayne county area.

A low bid of \$2,100 from Norwest Demolition was awarded to tear down the city-owned building on the north side of Main street east of Wing. With the exception of the Pure Gasoline station all the buildings on the western half of the block will be removed to provide central business district parking.

The council also approved expenditures of up to \$15,000 for asphalt repairs on streets.

## Sewer Capacity

Continued from Record, 1

"Plans already approved in the township would more than double the existing users of sewers," he added.

Mosher said there also is a problem with "getting the sewage to the Wilcox Road interceptor where we would have rights. The sewer system is not contiguous."

The proposed agreement with Livonia was referred to the water and sewer commission for its comments.

In other action Tuesday, township trustees referred to the planning commission proposed plans for the Ridge Road mobile home park.

Zoning of the parcel will be done through an out of court consent judgment since developers and the township are currently in court over township denial of the zoning last year.

New plan presented to trustees Tuesday included 600 mobile homes on 100 acres, 61 acres of multiples, 19 acres of industrial and 14.5 acres of commercial.

Trustee Klein said he did

"not like the increase in acreage for multiples. I'm concerned about the density."

Township Attorney Donald Morgan asked the attorney for Mrs. George if he would agree to "build the same number of multiples on 61 acres of land as originally planned on 32 acres?"

Attorney for the developer said he "was not prepared to do that."

While the planning commission, township board and attorneys for Mrs. George have agreed "in concept" to the out of court settlement, exact amount of acreage devoted to multiples and industrial areas is yet to be determined.

The mobile home plan is expected to come up for discussion at the planning commission's May 29 meeting.

# Measles, Churchill Top Mustangs

It was one of those weeks in which almost everything went wrong for Chuck Shonta and his Northville baseball team. Not just little things, mind you. But all kinds of wild, implausible things that would test the patience of even a Walter Alston.

Things like your star pitcher coming down with the measles three days before the big game.

Or things like your long-ball slugger, 220-pound hulk of a first baseman suddenly moving to New Jersey.

Both those unlikely

occurrences befell the Mustang nine last week and under the circumstances, it almost made sense to be pleased with the fact that the Mustangs still managed to win one out of their three games.

"It definitely wasn't our week," commented Shonta, who had guided the Northville nine to an 8-1 record prior to last week's action.

"I couldn't believe the kind of things that were happening to us. First, (Joe) Bishop comes down with the measles three days before we have to

play Churchill and then "Hoss" (Dan Coleman) moves to New Jersey. I'm beginning to feel paranoid."

Not ironically at all, Bishop and Coleman both played a key role in the Mustangs' lone win last week. Coleman belted a run-producing double and Bishop hurled a nifty six-hitter as the Mustangs downed Farmington Harrison 2-1 in a tightly played game.

But then Coleman moved East, Bishop was smitten with measles, and the Mustangs lost their next two games. Saturday they dropped a 5-3

decision to Oak Park under the lights and Monday they were stopped by Churchill 4-2.

The two losses dropped the Mustangs' record to 8-3, but the loss which hurt the most was the 4-2 decision to Churchill which dropped Northville's Western Six Conference record to 3-1 - half a game behind league-leading Waterford Mott which is 3-0.

With Bishop still sidelined, Shonta turned to Ed Kritch, his number two hurler, and the junior sophomore responded with a fine four-hitter.

"Kritch pitched a real fine game," commented Shonta. "In fact he pitched well enough to beat most teams. The problem was that he made a couple of mistakes - he made two bad pitches and they capitalized on them."

The first of those mistakes came in the third inning with the two teams tied at 0-0. Kritch retired the first two Charger hitters on ground balls to shortstop John Sherman. Rick Dreher then hit another grounder to the usually flawless Sherman for what appeared to be the third out.

But Sherman threw wild to first and Churchill was still alive. Kritch quickly got an 0-2 count on the next Churchill batter, Jim Foster, but the big left fielder caught a hold of Kritch's third offering and drove it over the right field fence for a two-run homer.

Foster was at it again in the sixth as Kritch made his second bad pitch. This time the Charger left fielder smacked a double and came

in to score when Brian Kelly doubled. Al Leirstein followed with a single that drove in Kelly with the fourth Churchill run of the game.

Northville was unable to overcome the lead. Steve Serkaian belted a home run in the fifth for the first Mustang run and then drove in Bart Taylor from third in the sixth inning to account for both Mustang runs.

Two runs was enough for the victory in the Mustangs' other Western Six Conference game last week, as they downed Harrison 2-1 Monday behind the six hit pitching of Bishop who had not yet contacted that measles virus.

The Hawks had taken a 1-0 lead off Bishop in the fourth on a walk, a stolen base, and a single by Don Zarb. But the Mustangs came back to tally a pair of runs in the top of the fifth. With one down Taylor stroked a double and Randy Oginski reached base when the second baseman misplayed his grounder.

"Hoss" Coleman, in his last

official trip to the plate for the Northville nine, then ripped a double scoring Taylor. Bill McDonald walked and Jim Yanoschik then singled home Oginski with the decisive run.

In a non-league contest Saturday night, Northville dropped a 5-3 decision to Oak Park. Scott Cummings started for the Mustangs and yielded a single run in the first and two more tallies in the third before he was replaced by Glenn Kudrick who gave up two more runs in the fifth.

The Mustangs rallied for three in the sixth and seemed ready to add a few more to their total before Jim Schroeder, the ace of the Oak Park staff, came in and shut the door.

Three straight walks loaded the bases for John Sherman who responded by stroking a double that brought in Kudrick and Jim O'Brien. A ground ball to the shortstop by Oginski brought in Taylor with the third Mustang run, but also forced Sherman at third base on a close play.

Serkaian then belted a double that put runners on second and third with one out.

Enter Schroeder. Exit Northville. The Oak Park ace fanned Todd Eiss and John Forrer to end the inning and then K'd two more Mustangs in the seventh to doom Northville to the 5-3 defeat.

**IT'S OVER THERE**— Northville catcher Steve Serkaian momentarily had trouble locating the baseball after it popped out of his mitt in the Mustangs' game with Livonia Churchill Monday. Finally, after what seemed like several minutes to the Mustang

backstop, he and the umpire caught sight of the elusive spheroid. Serkaian drove in two runs with a home run and a sacrifice fly, but the Mustangs were defeated 4-2 by the Chargers.

## Mustang JVs Cop 2 Wins

A seven run rally in the bottom of the sixth inning enabled the Northville junior varsity baseball team to cop an 8-3 victory from Farmington Harrison a week ago Monday.

As a result it appears likely that the junior Mustangs will share the Western Six Conference junior varsity crown with Waterford Mott for the second straight year.

"Churchill doesn't have a jayvee team, we've beaten both Harrison and Walled Lake Western, and both our games with Mott have been cancelled because of rain and won't be made up so it looks like we'll end up tied with Mott again," commented Gary Emerson, the Mustang mentor.

"All we have to do is beat

Western and Harrison again and we'll have a 4-0 record. The best Mott can do is hope to tie us," he continued.

The Mustangs almost lost their game with Harrison last week. Tom Dooley scored a run in the second inning after leading off with a single, but after five and one-half innings the Mustangs found themselves down by a 3-1 margin.

But then they rallied in the bottom of the seventh. Dave Wilson led off with a double. A force out, two walks, and a single later the Mustangs had narrowed the gap to 3-2 and had the bases loaded with one down. Jim Pratt then singled in two runs and Bill Beason and Dooley followed with two more run-producing singles, and Wilson completed the

Mustang scoring with his second double of the inning - this one driving in two runs.

Norm Boerger who relieved Wilson on the mound with runners on second and third and one down in the top of the fifth inning was credited with the win.

Boerger got the final two outs in the fifth, stranding the two runners on second and third, and then retired the Hawks over the final two innings in a fine mop-up performance.

In a non-league game Saturday, the Mustangs handed the Novi jayvees a 3-0 setback.

"I kind of felt sorry for their pitcher (Pat McAllen)," commented Emerson. "He gave up one hit last year - a home run to Jim O'Brien - and

he lost 1-0. This year he gave up just three hits and we beat him 3-0."

Several costly Novi errors and some heads-up base running by Northville produced the 3-0 win.

Scott Leu scored in the opening inning. After singling he stole second and went to third when the catcher's throw eluded the second baseman. He scored moments later on a ground out.

Toby Roggenbuck scored in the second on a single, stolen base, infield out, and passed ball. And Leu scored the final Northville run in the third on a single, a missed pick-off throw to first by the pitcher that enabled him to scout all the way around to third, and an infield out.

## Without Losing a Game

# Wildcats Fall to 3rd

Rick Trudeau's Novi baseball team won its only Southeastern Conference game last week, but still managed to slip back one place in the conference standings.

"We got rained out of our game with Milan Friday and South Lyon swept both games of a doubleheader from Dundee Saturday," explained Trudeau, the second-year coach of the Novi nine. "Those two wins gave them a 6-2 record, while we're still at 5-2."

Both South Lyon and Novi still trail Saline, however, as the Hornets are still undefeated and leading the league with a 5-0 mark.

"We'll get them before the season's over," asserted Trudeau. "They've got three games to make-up because of rain outs and that's going to put one heckuva burden on their pitching staff. I could be wrong, but I just don't think they're deep enough on the mound to handle all those make-up games."

The Wildcats' fifth SEC of the season was an easy 7-2 decision over Ypsilanti Lincoln Tuesday and for the second consecutive time Trudeau received a fine pitching performance from Dave Brown, a big 6'1" junior.

"Dave gave Milan just one hit the last time he pitched and he threw another strong game against Lincoln Tuesday," reported the Novi coach. "Lincoln has some pretty good hitters, but Brown kept them off balance most of the time. He was varying his speeds real well."

Brown gave up seven hits, but four of them were in the last two innings when he tired a bit with his team out in front 7-1.

The game was close through the first four innings. Novi had gained a quick 1-0 lead in the top of the first when Eddie Brown struck out but reached first safely when the Lincoln catcher dropped the ball. The sophomore lead-off man then stole second and came in to score on a single by Dan Kardell.

The Railsplitters threatened to score in the second inning on a walk and a triple, but Mike Riley fired a strike to Dave Brown in the cut-off position and Brown whirled and fired to the plate in time to catch the runner coming in from third.

After three innings of play the Wildcats held a 1-0 lead and had been outthit 2-1. But then in the top of the fourth, the Novi hitters started to get warmed up as they struck for two runs.

Dave Brown aided his own cause by opening with a single and then moved into scoring position by stealing second base. Riley, who has been hitting the ball at a .600 pace for the past five games, responded with a double driving in Brown and then scored the third Novi tally as Tim Assemany singled.

Novi's big inning was the

fifth, however, as they stroked out five hits - two of them for extra bases. Kardell singled with one down and took second on a passed ball. Celani then ripped a double to score Kardell and then came across the plate with the second Novi run of the inning as Brown stroked a double.

A single off the bat of Riley brought in Brown and Riley moved to second on a wild pitch and came in to score on a single by Ron Buck.

Lincoln had two hits in the sixth inning and put together two more hits good for one run in the seventh inning, but Brown shut the door to preserve the win.

In a non-league contest last week, Novi got a taste of Western Six Conference play as they were defeated 5-1 by Livonia Churchill.

"It was a close game for the first five innings," reported Trudeau. "We had one run and three hits and they had one run and three hits."

Novi's lone tally was a circuit clout by Riley, who picked out a fast ball and drove it to the fence by the football field.

"Their centerfielder was just picking it up as Riley was coming into third," stated Trudeau.

The roof fell in on the Wildcats in the final two frames, however, as the

Chargers tallied twice in each frame. Two singles, a fielders choice, and then a walk and a fly ball brought in two runs in the sixth to give Churchill a 3-1 lead. And a bases loaded-double by Pete Kelly following three straight walks scored two more runs in the seventh to make the final score 5-1.

Novi was able to muster just three hits off Rick Panzoff - the ace of the Churchill staff. "Panzoff was something else," commented Trudeau. "He has a good fast ball and a good curve ball and he really had our kids guessing. They didn't know what was coming next."

ONE-TWO IN THE 880 — With defending Southeastern Conference 880 champion Bill Ross returning for his senior year of competition, Novi track coach Del Munson had good reason to expect his Wildcats would

be tough in the 880, but the emergence of sophomore Brian Schingeck has made Novi doubly tough in the half-mile race. Here Ross breaks the tape with Schingeck right on his heels as the pair sweep another 880 race.

## Boyer, Cook Injured As Wildcats Lose 2

Both injuries occurred almost simultaneously.

Pat Boyer and Jim Cook, Novi's tandem of six foot high jumpers, had both perfunctorily cleared the bar at the opening height of 5'4" in the high jump and gone on to their other field events - Boyer to the long jump and Cook to the pole vault.

Moments later both athletes lay injured - lost for the rest of the meet at best and for the rest of the season at worst.

Boyer had pulled a muscle in his leg on his first leap in the long jump, while Cook suffered an ankle injury after landing in the pole vault pit.

"I don't know how long they'll be out," commented Del Munson, coach of the Novi thinclads, "but I'm hopeful that we'll have them both ready in time for the regionals."

"Those two boys mean a great deal to our track team, you know," Munson continued. "Boyer's a threat to win four events in just about every meet and Cook gives us an almost certain 1-2 sweep in the high jump and last week he cleared 9'6" in the pole vault after working out in that event just one week. He's a terrific natural athlete."

The losses of Boyer and Cook weren't the only ones suffered by Munson and his Novi track team last week, however. The Wildcats also lost a pair of meets. Tuesday - with Boyer and Cook still healthy - they suffered a humiliating 82-41 loss to defending SEC champion Saline and Thursday in the meet in which Boyer and Cook were injured, they were dumped 70-53 by Dundee.

"I think we could have beat Dundee with Boyer and Cook in there," commented Munson. "They were our kind of competition. They're Class C and we're Class C."

"Boyer would have won four events and given us 20 points and that's the meet right there," continued the Novi mentor. "Cook would have given us second place in the high jump, second place in the high hurdles, and second place in the pole vault."

"We'd have beaten them easily if it hadn't been for those injuries."

Particularly frustrating were the two hurdles events in which the Vikings swept all three places.

"Both hurdle races consisted of three Dundee guys running down the track," Munson reported. "That was it. Three Dundee guys. When Boyer and Cook

were injured we didn't have anyone else entered in the hurdles races and there was nothing we could do but stand there and watch them sweep us."

The Wildcats did relatively well in the track events, winning every running event from the 100 yard dash through the two mile with the exception of the 220 yard dash.

Jim VanWagner took the 100 (11.2) and then finished second in the 220 (24.5). Bill Ross won the 440 (55.5); sophomore Brian Schingeck took the 880 (2:06.5); Kirk Rosey won the mile (4:54.7); and David Miller won the two mile (10:57.6).

Also turning in first places against Dundee were the 880 and mile relay teams. Ross, Miller, VanWagner, and Mel Stephens won the 880 relay in 1:40.5, and Ross, Stephens, Schingeck, and Mike Sumner won the mile relay in 3:50.6.

In the Saline meet Boyer was practically the whole Novi team.

The Wildcats won six events and Boyer won four of them. Novi scored 41 points and

Boyer personally accounted for 20 of them.

"He had quite a day," commented "Munson of Boyer's performance.

Boyer also established a new school record in the Saline meet as he soared over the bar at 6'4" in winning the high jump and bettering his own mark of 6'3" set against Northville last year.

Boyer's other victories came in the long jump (20'2"), the 120 high hurdles (18.3), and the 180 lows (23.6).

But other than Boyer's performance it just wasn't a good day for the Wildcats who were outscored 82-41 by the Hornets.

"Saline's got a pretty good team and they've got quite a bit of depth," observed Munson. "But we didn't do as well as we should have done. Some of our performers didn't turn in the type of times we think they're capable of. I'd say that Novi beat itself pretty badly."

The only other Novi victories in the Saline meet were posted by Bill Ross who won the 440 (55.9) and the mile relay team of Jim

VanWagner, Mel Stephens, Brian Schingeck, and Dave Miller who won their event with a 3:47.7 clocking.

Second place finishes were turned in by Jim Cook in the pole vault (9'6") and Ross in the 880 (2:13.3).

Saline swept all three places in the shot put, mile run and two mile runs.

Shot Put: Schultz, D. 40'1"; Meyer, N. 36'6"; Orzechowski, N. 36'5". Long Jump: Karnek, D. 19'5"; Ross, N. 19'4"; Boyer, N. 19'1". High Jump: Goethe, D. 5'6"; Boyer, N. 5'4"; Cook, N. 5'4". Pole Vault: Pardon, D. 10'; Short, D. 9'6"; Craft, D. 8'6". 880 Relay: Novi (Ross, Miller, VanWagner, Stephens). 1:40.5; Dundee, 1:41.2.

440 Relay: Dundee, 49.5; Novi, 52.0

### Novi Wins 12-6

## JVs Drub Lincoln

Bob Weinburger couldn't have cared less when Ypsilanti Lincoln scored three times in the top of the first inning.

"Shoot," drawled the wily mentor of the Novi junior varsity baseball team, "we hadn't even had our ups yet."

When Weinburger's charges finally got a crack at bat in the bottom of the first, they quickly evened the score at 3-3 and then put the game out of reach with a five run outburst in the second en route to a 12-6 victory.

The win left their season's record at 4-3 and also put them over the .500 mark in SEC play with a 2-1 mark.

"We got a lot of help in the game," noted the Wildcat jayvee coach. "We got 10 hits and they chipped in with eight errors. But there's a reason for all those errors," he added. "The reason is that we were hitting the ball a lot harder than they were. It's easy to pick up those nice slow grounders, but when that ball's coming at you hard, it's harder to catch."

Weinburger's theory was exemplified in the first inning

when Gary Ford drilled a hard grounder through the legs of the shortstop and Pat McAllen followed with a hot shot that went through the third baseman's legs. After Dave Pietrowicz had bunted the two runners into scoring position Paul Bosco blasted a triple that brought them both in.

Bosco was forced at the plate on Mike Collins' grounder, but Collins promptly stole second and came home on a single by Craig Love.

Novi broke the game open in the second with a five run surge. Dan Assemany, Scott Parsons, and Mike Collins all

had singles in the outburst and Bosco collected his second extra base hit of the game - a long two-bagger.

The Wildcats upped their lead to 10-3 with a pair of runs in the third as Pietrowicz singled in Ford and Pat McAllen; and then added single batted in the fourth and sixth as Bill Barr picked up both RBIs - one on a single and the other on a sacrifice fly.

Scott Parsons pitched the first four innings and was credited with the win. He was relieved by McAllen in the fifth and McAllen held the Rainsplitters scoreless over the final three innings.

## Announce Deadlines For Rec Programs

Information regarding registration and age limits for five softball and hardball programs sponsored by Northville's Recreation

Department was released by Department Head Robert From Tuesday.

Women's Slo-Pitch Softball League: A four-team league for women interested in playing softball will be offered this summer. There is a \$90 team registration fee which must be paid by May 15.

Registration for four leagues - two softball leagues for girls and a hardball and softball league for boys - should be made Saturday, May 12, from 8 a.m. to 12 noon at the Scout-Recreation Building on Cady street.

The leagues are: Boys' Hardball "E" League: Open to boys who will be 14 by June 1 and won't be 16 before September 1.

Boys' Softball "E" League: Open to boys who will be 15 by June 1 and won't be 17 before September 1.

Girls' Softball "E" League: Open to girls who will be 14 by June 1 and won't be 16 before September 1.

Girls' Softball "F" League: Open to girls who will be 13 by June 1 and won't be 14 before September 1.

### SPORTS Go- Round

By Bob Moore

The Pacific yellowtail is found in Pacific waters from Monterey, California south. It is plentiful off the coast of San Diego. The color is light blue or greenish on the back and upper sides and the lower parts are silvery. A yellow band runs from the back of the eye to the tail. It weighs on the average of twenty pounds. The amberjack, as it is also called, is a most exciting fish to catch and may grow as large as eighty pounds - another large fish for all you trophy hunters!

Your local exclusive SUZUKI dealership is MOORE'S MOTOR SPORT INC. 21001 Pontiac Trail, 437-2688. We carry a complete line of motorcycles, accessories, parts, tires, jackets, helmets, gloves, used vehicles. At MOORE'S, we don't forget you after the sale. Easy financing available. Open 10 'til 8 Mon thru Sat - Sun 12 noon 'til 6.

HELPFUL HINT: Never start a fire in your outdoor grill by using kerosene or gasoline.

## Wildcat of the Week

Wildcat of the Week Honors go to Pat Boyer. The 6', 190 pound senior thinclad put on quite a show against Saline last week as he won the high hurdles, low hurdles, long jump, and high jump to personally account for 20 of Novi's 41 points. More importantly, however, Boyer's 6'4" effort in the high jump broke his own school record of 6'3" set against Northville last year.

Limited classes. \$1.00 per week or \$2.00 for full course when pre-registered. Register at the Mall office - "G" entrance 9 - 5 p.m.

## Even Record at 4-4

# Thinclads Edge Trojans

Northville's varsity track team ran up first place finishes in 10 out of 15 events, swept all three relay races, and still had to hang on for all they were worth to take a 68-55 victory over Clarenceville Wednesday.

"It was really a tough meet," commented Ralph Redmond, coach of the Northville thinclads. "Even though we took 10 firsts and all three relays it was really a close meet. In fact, it went right down to the last two relay races before we were able to wrap it up."

Indeed, after 13 events had been completed and with just the mile and 440 relays yet to go, Redmond's Mustangs held a slim three point lead, 58-55.

And with five points going to the winner of each relay, Clarenceville could have taken the lead by winning the mile relay and then holding off the Mustangs in the 440 relay.

"We knew they had a pretty decent 440 relay team, so we were pretty certain that our mile relay team was going to have to come through for us to win," reported Redmond.

And "come through" is just exactly what the mile relay team did. Bob Bloomhuff, Tim Taggart, Tom Coram, and Guy Cole came across the line with a 3:44.3 clocking - six seconds ahead of the Clarenceville quartet - to seal the Northville win.

Then, just for good measure, the Mustangs upped their margin of victory to 68-55 by winning the 440 relay when the Clarenceville crew dropped the baton on the final hand off.

The victory gave the Northville thinclads a 4-4 record in dual meets so far this season and with just one more dual meet left on the schedule, Redmond is hoping to end up with a winning season.

"We're going to be doing everything we can to break the 500 mark," he said. "We feel with the shortcomings we've had and the lack of top personnel in eight events, a 500 season would be a very respectable accomplishment for us."

To top 500 the Mustangs must beat Western Six Conference foe Farmington Harrison. "They'll be tough for us simply because of the competition that exists between our two schools," stated Redmond. "But it's not impossible that we could beat them. They've got a lot of weaknesses just like we do."

Excluding the relay events, each of Northville's seven first place finishes in the individual events against Clarenceville was recorded by a different individual.

In the shot put, Jim Porterfield kept his undefeated dual meet record in tact by putting the 12-pound

shot 50'4 1/2" - almost nine feet further than the second place distance. And in the pole vault, Bill Witek topped his competitors by clearing the bar at the 11 foot mark.

Dave Harrison topped the high jumpers with a 5'6" leap.

In the running events Bill Pettit won the 100 yard dash (11.0); Tom Coram won the 880 (2:05.7); Guy Cole won the mile (4:54.1); and sophomore Tim Hurley took the two mile run (10:46.9).

"Those were pretty decent times considering the weather conditions," Redmond reported. "It was a night meet and it was extremely cold.

The object was to win without over exerting yourself so as not to risk any kind of injury. That's why a lot of the times were pretty slow."

The Mustangs also won all three relays in the meet. In addition to the victory of Bloomhuff, Taggart, Coram, and Cole in the mile relay, Bloomhuff, Rick Marcicki, Bill Pettit, and Cole got together to win the 880 relay (1:37.4) and Pettit, Frank Nelson, Denny Keegan, and Marcicki won the 440 relay (48.8).

Redmond singled out two of his younger runners for

praise. Tim Hurley, just a sophomore, won the two mile run for the third consecutive week and Bill Shaughnessy, a freshman, finished third in the 120 yard low hurdles.

"It was the first time Bill has run the hurdles in competition and I thought he did a real fine job," asserted the Northville coach. "He came down the straightaway three-stepping those hurdles all the way - he looked good."

Shot Put: Porterfield, N. 50'4 1/2"; Shick, C. 41'10"; Dawley, C. 40'4". Long Jump: Carrel, 18'8"; Shollack, C. 18'3"; Marcicki, N. 17'4". Pole Vault: Witek, N. 11'; Waterstone, C. 9'; Scharrenberg, C. 8'6". High Jump: Harrison, N. 5'6"; Simons, C. 5'4"; Scharrenberg, C. 5'4". 880 Relay: Northville (Bloomhuff, Marcicki, Pettit, Cole), 1:37.4; Clarenceville, 1:40.4. 440 Relay: Northville (Pettit, Nelson, Keegan, Marcicki), 48.8; Clarenceville, 50.9.

## At Cardinal Relays

# Mustangs Grab Fourth

Northville's varsity track team recorded a flock of third place finishes Saturday as they finished fourth in the Cardinal Relays at Michigan Center.

The Mustangs scored points in seven events and in all but two instances those points came from third place finishes.

"We were pretty pleased with fourth place even though there were just eight teams in our division," reported Ralph Redmond, coach of the Mustang thinclads.

"We went up there thinking we had a shot at the trophy, but we decided to experiment

with some of our younger boys. We didn't put all our good boys in one or two particular races. Instead we tried to mix our experienced performers with some of our new boys and see how they'd perform."

Top Northville performance came in the distance medley relay where Tom Coram, Greg Austin, Tim Hurley, and Guy Cole combined forces to finish in second place. Coram opened with a 4:42 mile - his top performance of the year in that event; Austin then turned in a creditable 2:14 in the 880; and Hurley followed with a 7:50 in the mile and a half. Cole finished up with a two mile anchor leg, clocking 10:02.9 to wrap up second place in the event.

"Guy was shooting for a 9:50," reported Redmond, "and I think he was a little disappointed he didn't make it. His time was better than Rick Bell's school record, but it won't count because it was in a relay event."

Two of Northville's five third place finishes were recorded by the sprint team of Bill Pettit, Rick Marcicki, Frank Nelson, and Denny Keegan. That quartet turned in a 46.8 clocking to finish third in the 440 relay and then came back with a 1:37.2 to also finish third in the 880 relay.

The sprint medley (440-220-

220-440) relay team of Bob Bloomhuff, Pettit, Marcicki, and Coram finished third as Coram turned in a fine 52.4 anchor leg.

In the mile relay the Mustangs again finished third as Bloomhuff, Coram, Tim Taggart, and Cole clocked a 3:36.2 timing.

And in the two mile relay Kevin Koffler, Mike Anusbigian, Dan Earehart, and Taggart rounded out the Mustangs' string of third place finishes by turning in an 8:49.5.

The Mustangs managed a

fourth place in the shot put relay as Jim Porterfield, Bill Witek, and Tim Weachock had a combined total of 127'8".

Redmond singled out the performance of Tom Coram, his junior middle distance ace. Coram had a 4:42 mile and then turned in quarter-mile timings of 52.4 and 53.1.

"That's a tremendous day for Tom," noted Redmond. "To think that he turned in three times like those all in the space of about one hour and 45 minutes is really quite an accomplishment."

## Mustang of the Week

JAMIE BOSHOVEN

Jamie Boshoven is not only the first girl but also the first tennis player ever to be selected Mustang of the Week. Just a sophomore, Miss Boshoven's performance in the fourth singles slot has been a key to the 8-2 record posted by the Northville tennis team. Her 9-1 record is the best on the team and she has won 114 games, while losing just 49.

**PACING THE MUSTANGS**—A good portion of what success Coach Ralph Redmond's Northville track team has achieved this year can be credited to the prowess of Tom Coram (running first) and Guy Cole. The two juniors, shown here on their way to a one-two finish in the mile run, run anything from the 220 to the two mile and usually play key roles on the Northville 880 and mile relay teams.

## Win Streak Reaches 6

# Netters Still Hot

Strategy and counter-strategy were flying fast and thick last week when Coach Bob Simpson's Northville tennis team journeyed to Farmington Harrison to meet the Hawk racketeers.

The end result was a 4 1/2-3 Mustang victory - one of three recorded by the Northville racketeers as they advanced their season's record to 8-2 and their undefeated streak to six.

"Things are going better than I had thought they would," admitted Simpson after his squad had popped Hartland 7-0 Friday for its sixth straight win. "I knew we were going to be much improved this year, but frankly 8-2 is better than I had hoped for."

Most important of the three Mustang wins last week was the 4 1/2-3 victory over Harrison. Livonia Churchill appears to be the class of the Western Six Conference, but after the Chargers, Harrison, Northville, and Waterford Mott are battling it out for the number two spot.

"Harrison has beaten Mott twice and we beat Harrison, so I'm hopeful that we'll be able to finish at least second in the Western Six this year," commented Simpson. "I'd be satisfied with a second place finish this season."

The Northville line-up that topped Harrison last week was not the regular one.

Greg Boll, the top Mustang netter, was in the second singles slot, while Frank Knoth, the number two Northville player, was lodged in the third singles slot. What's more the third and fourth singles players - John Oatey and Jamie Boshoven - were put together and inserted in the line-up as the second doubles team.

Rob Bowman was at first singles, Jim Mulville at fourth singles, and the number two

doubles team of Jon Sewell and Jim Bonamici was bumped to third doubles.

The Harrison coach also did some line-up juggling, putting his top singles player down in the first doubles bracket.

Simpson won the battle of strategy, thanks largely to the efforts of co-captain Cary Eaker and Rick Norton - his number one doubles team.

The two teams came out of the singles competition with the Hawks on top 2 1/2-2. Bowman lost at first singles 6-2, 6-2 and Knoth fell at third singles 6-3, 6-3. But Boll came through with a 6-1, 6-3 win at second singles and Jim Mulville won at fourth singles 6-4, 6-4.

By taking the one and a half points for winning the first doubles match, Harrison could wrap up the meet and with their top player inserted on the number one doubles team it was obvious that that was exactly what the Harrison coach had in mind.

But Eaker and Norton were equal to the challenge. They won the first set 6-3, faltered to a 6-2 loss in the second set, and then wrapped up the win by taking a 6-4 win in the third set.

Oatey and Boshoven won 6-1, 6-4 at second singles to give the Mustangs the 4 1/2 points it needed to win the match.

"Eaker and Norton really did a nice job," commented Simpson. "There was a lot of pressure on them and they came through with the win. They really played well."

Northville's other two wins last week were both of the shutout variety as they whitewashed Novi and Hartland by identical 7-0 scores.

In the Novi match, Boll defeated Tom Kelly at first singles 6-4, 6-0; Knoth topped Pat Belanger at second singles 6-1, 6-2; Oatey bested Greg Alkema 6-0, 6-2 at third singles; and Miss Boshoven

shutout Cindy Barr at fourth singles 6-0, 6-0.

In doubles play Eaker and Norton topped Rick Marchetti and Gary Garcia 6-2, 6-1; Sewell and Bonamici beat Bob Banks and Carol Padgett 6-1, 6-0; and John Polino and Bowman won 6-3, 6-0 over Mike Tuck and Jim Spielman.

The 7-0 win over Hartland was even more top-sided as the Eagles won a total of just 12 games in the seven matches. Boll won 6-1, 6-2; Knoth bested his opponent 6-3, 6-1; Oatey topped his man 6-1, 6-0; and Miss Boshoven won 6-1, 6-1.

In doubles play Eaker and Norton won 6-0, 6-1; Sewell and Bonamici came out on top 6-0, 6-1; and Polino and Bowman swept to a 6-0, 6-0 triumph.

# NOVI HIGHLIGHTS

By JEANNE CLARKE  
624-0173

Recently returned to her Twelve Mile Road home is Mrs. George Lien who spent two weeks touring Europe and the Near Middle East.

Highlight of the trip, according to Mrs. Lien, was spending Easter Week in the Holy Land. Good Friday services in the Garden of the Tomb and Easter services at Shepherd Field were attended by Mrs. Lien.

She also spent four days near Jerusalem and visited Turkey, Athens, Greece, and returned to the United States by way of England.

Mr. and Mrs. George A. Byberg and their five children, new residents on Park Forest Court, have returned home from a vacation in Pensacola, Florida, visiting her mother, Mrs. H. D. Maines.

It was a week of traveling through the Midwestern United States for Mr. and Mrs. Marvin Tibble and their daughter, Mrs. Bill Spear. The three returned recently.

Back in their Beck Road home are Mr. and Mrs. John Klasener who spent the winter months in Dunedin, Florida. Mrs. Klasener, who was seriously ill while in the South, is reported to be feeling much better.

Mrs. Sterling Worley was guest of honor at a baby shower on Sunday. The party was hosted by Mrs. Irene Worley and Mrs. Laura Buckner.

A former Novi resident, Mrs. Thelma Haack, returned to the city to visit friends last Saturday.

A weekend house guest of Gaye MacDermid of South Lake Drive was Debbie Puckett.

Mr. and Mrs. Russ Button of Grand River recently returned to Novi after spending some time with her mother in Florida. After their return, the Buttons went turkey hunting at Lost Lake of the Woods.

A family dinner was given on Sunday by Mr. and Mrs. Ed Behrendt. Attending were Mr. and Mrs. Floyd Darling, Mr. and Mrs. Bill Gray and Mr. and Mrs. Tom Darling.

Pat and Roy Callan, students at Maranatha Baptist College in Wisconsin, were visited last weekend by their parents, Mr. and Mrs. Ed Callan of Meadowbrook Road.

Visitors at the Twelve Mile Road home of Marie LaFond recently were Mrs. Alma Klasener, and Mrs. Inez Klasener.

Mr. and Mrs. Will MacDermid of Stassen Street and Mrs. Florence

**BIRTHDAY CALENDARS**—Ruth Douglas, a member of the Novi High School band, reminds Novi residents that the Band Boosters are in the midst of their Community Birthday Calendar sale. For a \$2 fee, a family can have all its birthdays and anniversaries listed on the calendar which runs from September to September. There's a June 1 deadline for taking orders and the calendars will then be distributed at the start of the 1973-74 school year. Funds will be used to purchase uniforms and possibly send band members to summer music camp. To order calendars, residents should contact Ron Salow at 349-4232, Ev Tuck at 349-2338, or Paul DeBrule at 349-5852.

MacDermid attended a birthday party in Jackson on Saturday for their two-year-old daughter, Michelle Schultz.

Jenny Lyke, daughter of Mr. and Mrs. Wardell Lyke of Twelve Mile Road, has returned to the University of Michigan for the summer term. She recently spent a week with her parents.

Mr. and Mrs. Carl Green have returned to Novi from a visit with Mrs. Sylvia Green and Mrs. Velma Dallas of Tuscola, Illinois.

**ORCHARD HILLS FAIR**  
The Super Bouncy

Moonwalk will be another attraction at the Fabulous Fifties Fair on Friday, May 11. It will be on the kindergarten playground next to the miniature golf course.

Dinner will be served at the fair from 4:30 p.m. to 7 p.m. in the Orchard Hills School gym. After dinner, there will be a fifty sing-a-long led by Larry Burda.

Mothers who have signed up to donate cakes for the cake walk should have them at the school the afternoon of the fair.

**NOVI SENIOR CITIZENS**  
The Novi Senior Citizens

entertained the Novi Jaycettes at a covered dish luncheon on May 9 at the Novi United Methodist Church. Community singing was led by Mrs. Ruth Anne Zimmer, organist of Holy Cross Episcopal Church, after dinner.

Senior Citizens are reminded of the visit to Jack Miner's Bird Sanctuary. Lunch will be Dutch treat on the way. For more information, interested persons should contact Mrs. Nancy Liddle at 349-2219.

**NOVI PARKS AND RECREATION**  
Girls in the third grade through 16 years are reminded that softball registration will be held on May 12 from 1 p.m. to 3 p.m. in the Novi Community Building. The registration fee is \$3.

Tennis instructions will begin on Wednesday, May 16. There will be a six hour course with professionals instructing at the South Downs Tennis Club.

Beginner and intermediate classes are available for anyone 10 years and older. The fee is \$18 a person and individuals can register by calling Dianne Yarnell at 349-7386.

**FRIENDS OF THE LIBRARY**  
An organizational meeting was held on Tuesday night at the library. The purpose of the organization was explained, the by-laws were read and elections were held. Future meetings will be on the second Tuesday of each month at 8 p.m. in the Library. Newcomers to the community are welcome to join by contacting the library.

**BLUE STAR MOTHERS**  
The Blue Star Mothers are currently making plans for the state convention which members will attend in June. On Thursday, the mothers will be sponsoring a Bingo Party at the Veterans Hospital in Ann Arbor.

**NESPO**  
The Father and Son Night will be held on Friday, May 11. The evening will include demonstrations of gymnastics and wrestling by boys of the middle school and high school.

The program will start at 7:30 p.m. and will include submarine sandwiches for refreshments. Proceeds will be used to purchase additional equipment for the school. Elections were held and the results are as follows:

President Sandy Isham; Vice-President Barbara Walling; Secretary Kathy McGuffin; and Treasurer Eileen Campbell.

**NOVI DRUG ABUSE**  
The organization is still looking for entries in the anti-drug campaign bumper sticker contest in the 15 to 18 year age group. The winner will receive a \$25 savings bond. Additional information can be received by contacting Corporal Robert Starnes at the Novi Police Department.

**WOMEN'S SOFTBALL LEAGUE**  
Women interested in getting some exercise who enjoy baseball are encouraged to register for the League on Saturday, May 12 from 3 p.m. to 5 p.m. and on Saturday, May 19 from 1 p.m. to 3 p.m. in the Novi Community Building. The age limit is 16 years and older. The recreation committee hopes to have at least four teams which will play one night a week at 6:15 p.m. There will be a small registration fee.

**NOVI REBEKAH LODGE**  
The regular meeting has been scheduled for May 10 at 8 p.m. The hostesses will be Kathryn Bachert and Grace Frisbie. On May 17, the Lodge will host the Oakland County Past

Noble Grand Association meeting. Chairman Blanche Clutz will handle all arrangements.

**NOVI BOY SCOUTS**  
Two new scouts attended the last meeting. They are Jeff Burland and Tom Peterson.

Music merit badges have been awarded to Greg Couch and Daryl Anderson. On Saturday, May 12, the boys will help clean up the roadsides in Novi. Plans are to meet at the corner of Meadowbrook and Ten Mile Road at 8:30 a.m.

**CUB SCOUT PACK 239**  
The cubs will be working with the Boy Scouts on May 12 to clean up the city. Plans are being made to meet at Cass Benton Park on May 20 at 3 p.m. for the monthly pack meeting.

**NOVI GIRL SCOUTS**  
Brownie Troop 351 visited the Novi Library and the Novi Police Department recently as part of their preparation for "flying up." Troop 165 worked on their Mother's Day gifts and are now planning a clean up day to work on badge requirements. Junior Troop 711 plans to attend a movie in Farmington on Saturday, May 12. Brownie Troop 161 listened

to a speaker from the Novi Drug Abuse Committee speakers bureau recently.

Junior Troop 837 recently did more work on the First Aid Badge and planned the activities for the rest of the year.

All Girl Scouts and Brownies have been invited to be a part of Scout Day, May 12, at the Farmington Four Cinema. A box of popcorn will be given to each girl in uniform.

**HOLY CROSS EPISCOPAL CHURCH**  
The Bishop Community will meet at the church on May 14 and the Altar Guild will meet May 16.

A reminder is given to members of the Couple Club Dinner Dance on June 2 at the Holiday Inn of Farmington. Tickets are \$16 a couple and may be purchased from Dee Fleming.

**SOUTH WALLED LAKE BAPTIST CHAPEL**  
Members are reminded of the revival which will begin next week. On Sunday, James Coldiron will begin it. Those individuals wishing transportation should contact Reverend Miller at 349-4406.

**FIRST BAPTIST CHURCH**  
The young people were in charge of the evening service and reported on their trip to

Columbia Bible College in South Carolina last week.

Mother's Day will be observed at the church with a special service including songs by the Faith Chorus and gifts to be presented to the youngest and oldest mother and to the mother with the most children present.

At the evening service, Missionary Candidates Mr. and Mrs. Steve Sprunger will speak. They will be soon going to Japan.

**PIN POINTERS**  
The champion team this year was Number One with the team high game of 683 and a high series of 1872.

The individual high game was won by Pat O'Malley with 246.

Bernice Semke received individual high series honors with 566.

The most improved bowler for the season was Pat Grant who increased by 12 pins.

High low doubles, honors went to the following: first place, Isabelle Collins and Phyllis Graham with 876 series; second place, Mary Lee Assemany and Sheila Thorpe with 871 series; third place, Rita Stockemer and Mary Cornett with 845 series; fourth place, Sandy Dellefs and Bonnie DeSiro with 841 series; and tied for fifth place were Shirley Selep and Shirley Vincent with 826 and Sue Korte and Bernice Harrowood with 826 also.

**TEACHER'S AID - MALE VARIETY**—Although there are numerous women who serve the community's various elementary schools as teacher's aids, William Webber is unique in that he is the first and only male teacher's aid. A contractor, Webber takes a couple of hours off every Wednesday afternoon to work with this group of fifth graders at Novi Elementary School in setting

up a workshop program. Principal Roy Williams said the workshop program will be expanded next year. The six boys working with Webber on the project are (left to right) Paul Henderson, James Campbell, Keith Tobel, Edison Keiser, David Ollis, and Mark Ortwine.

## Ballot Wording Disclosed

Wording of the three propositions to appear on the June 11 Novi school election ballot were disclosed this week.

### 'Roundup' Set

### At Village Oaks

Announcement of a Kindergarten Roundup at Village Oaks Elementary School Tuesday, May 22 was made this week.

Sessions for children only are scheduled from 10:45 to 11:30 a.m. and from 1 to 1:45 p.m. on that date.

A session for parents is planned on Thursday, May 24 at 7:30 p.m.

Parents whose children are not yet registered for school next fall are asked to have their children attend the afternoon session. An informational sheet is to be mailed to those parents whose children have registered early.

Persons wishing additional information should call Village Oaks school.

Besides these propositions, however, names of candidates seeking election to the board of education also will appear on the ballot.

The propositions, each of which will require a "yes" or "no" vote, are:

### Operating Millage Renewal Proposition—

To renew previously voted millage increases which have expired, shall the limitation on the total amount of taxes which may be assessed against all property in Novi Community School District, County of Oakland, Michigan, be increased by seven (7) mills of the assessed valuation, as finally equalized, of all property in the school district for a period of five (5) years, the years 1973 to 1977, inclusive, for the purpose of providing funds for operating expenses?

### Additional Operating Millage Proposition—

Shall the limitation on the

total amount of taxes which may be assessed against all property in Novi Community School District, County of Oakland, Michigan, be increased by two and one-half (2½) mills of the assessed valuation, as finally equalized, of all property in the School District for a period of five (5) years, the years 1973 to 1977, inclusive, for the purpose of providing funds for operating expenses?

**Bonding Proposition—** Shall the Novi Community School District, County of Oakland, Michigan, borrow the principal sum of not to exceed Thirteen Million Five Hundred Thousand (\$13,500,000.00) Dollars and

From Mercy, U of M

## Receive Degrees

Leon Wiggins of Northville was among the more than 275 graduates at Mercy College of Detroit commencement exercises Saturday.

Degrees were conferred by

Sister Agnes Mary Mansour, Mercy president, and presented by John Cardinal Dearden, archbishop of Detroit.

The Reverend Malcolm

Boyd was the commencement speaker.

Wiggins, who lives at 47390 West Main Street with his wife, Patricia, received a bachelor of science degree in business administration.

Commencement exercises held on the University of Michigan's Ann Arbor campus last Saturday saw three Northville residents receiving degrees.

Included in the class of 6,000 were Joyce Kay Zayti, the daughter of Mr. and Mrs. B. A. Zayti of 10868 Seven Mile Road, who was awarded a B.S. degree in special education; Karen Jean Winters, the daughter of Mr. and Mrs. John K. Winters, who was given a B.A. degree in art history; and Cynthia F. Hayward, the daughter of Mr. and Mrs. James R. Hayward of 18420 Donegal Court who received a B.S. degree in architecture.

Education Center, including Blodgett, Butterworth and St. Mary's Hospital.

The 10 participating hospitals, working through their community corporations with Michigan State University, provide training for MSU medical students assigned to Grand Rapids, Flint and Saginaw for clinical training.

The hospital corporations make it possible for medical students to receive a full range of clinical experience by utilizing resources of all the hospitals. Students also make use of resources of the various health care agencies and facilities in the communities.

Assistant to dean for Grand Rapids, Dr. Johnson was appointed director of undergraduate education in 1971. He joined the college of Human Medicine faculty three years earlier as an assistant professor of medicine and now holds the rank of associate professor.

In 1970 the graduating medical class at MSU presented him with its outstanding faculty award.

The other newly appointed assistant deans are Dr. Edward Kollar, assigned to Flint, and Dr. Thomas Cinque, assigned to Saginaw.

Do you know how to protect gutters and leaders? The best way is with wire caging or screening. Leaders are usually protected from clogging and leaking by a wire cage at the intake. For gutters hanging below the edge of the roof, a better protection is given with strips of wire netting. Run the upper edge to the outer rim, by spots of solder and make the slope sufficient so that leaves will slide off. A leak in a gutter of wood or metal can be stopped up with a piece of roofing felt.

And do you know that NORTHVILLE LUMBER CO., 615 E. Baseline, 349-0220 has a full inventory of materials and tools for all your home improvement tasks? We offer a complete selection of lumber which we will cut to size; a wide range of interior and exterior doors; and pre-finished wood and plastic molding. Delivery service. Open: 8-6, Mon-Fri; 8-2, Sat.

**HELPFUL HINT:**

If your gutters are copper, get a wire mesh made of copper.

For Northville School Board

## Only Two Petitions Out

Unless there's a last minute change, Northville's School Board race won't contain an abundance of candidates.

As of Monday, only two persons had taken out nominating petitions for the two vacancies in the June 11 election. None has yet been filed.

Deadline is 4 p.m. Monday, May 14, for filing nominating petitions to run for one of the vacancies on the board. Petitions may be obtained during regular business hours at the school board's central office, 303 West Main Street.

Voters must register by 5 p.m. Friday, May 11, to be eligible to vote in the school election. Voters should register at the city hall or township office of the municipality in which they live.

Seats open on the board include a four-year post currently being held by Glenn Deibert and the remaining two years of Richard Martin's term now being filled by Richard Ambler.

Neither Deibert nor Ambler will be seeking terms on the

board.

Ambler, when appointed to fill the vacancy created last fall by Martin's resignation, stated he would not run for election.

This week, Deibert announced he was not seeking re-election.

"There is no dissatisfaction with the job," he stated. "I just feel it is time to let someone else run."

A six-year member of the school board, Deibert won

terms on the board in 1967 and 1969.

He said he would like to see someone "from one of the newer areas of the school district" seek election to the board.

Those currently circulating petitions are Dr. Robert Mandell of Winchester Drive, an unsuccessful candidate for the board last year, and Donald Faulkner of Hickory Ridge.

Besides the two seats open in June, voters will also be

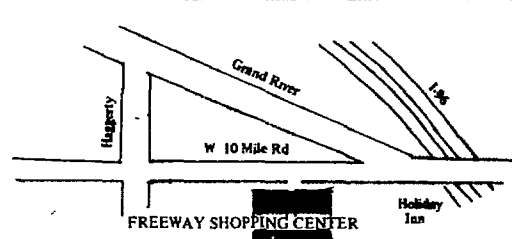

asked to approve the sale of bonds to construct two elementary schools and a middle school.

Estimated cost of the three schools is \$10-million. Exact amount of the bond issue will be set May 15, following opening of the bids for construction.

Elementary schools are proposed for Highland Lakes and Northville Commons. The middle school is slated to be built on Bradner Road near Franklin Road.

## Name Dr. Johnson To MSU Position

Dr. Tom M. Johnson, son of Dr. and Mrs. Waldo T. Johnson of 22047 Novi Road, has been named to fill one of three new positions created by the College of Human Medicine at Michigan State University.

Establishment of the new posts, according to MSU spokesmen, reflects the increasing importance of community medical training for Michigan State University medical students.

The posts are assistant deanships at Grand Rapids, Flint and Saginaw.

Dr. Johnson will take a post at the Grand Rapids Area

There's a bank  
in your neighborhood  
that will approve  
your mortgage promptly,  
then set up the closing  
in less than two weeks.

It's your neighborhood NBD office.

You'll get word promptly on the approval of your mortgage. Then, in as little as two weeks after that, we'll set up your closing for you at an NBD office convenient

to you.

What it adds up to is, when you get a mortgage from NBD, you're not kept waiting. You're not kept waiting weeks on end to hear whether or not you've got your mortgage. You're not kept waiting

to close on your new home.

Fast, convenient service is one of the reasons more people come to NBD for their mortgage loan than to any other bank in town.

Your NBD office can give you more reasons. Stop in soon.

# Northville City Council Minutes

## SPECIAL MEETING NORTHVILLE CITY COUNCIL

APRIL 26, 1973  
Mayor Allen called the Special Meeting of the Northville City Council to order at 7:45 p.m.  
ROLL CALL: Present: Allen, Biery, Follino, Rathert, Vernon  
APPROVAL OF BILLS: Motion by Councilman Follino, support by Councilman Rathert to approve bills as presented.

GENERAL FUND DEBTS \$33,910.04

LOCAL STREET DEBTS 1,496.78

MAJOR STREET DEBTS 1,184.00

PUBLIC IMPROVEMENT FUND DEBTS 42,400.01

TRUST AND AGENCY FUND 7,745.75

WATER FUND DEBTS 8,979.89

Carried

There being no further business, the meeting was adjourned at 8:15 p.m.

Frank Ollendorff  
City Manager

Northville City Council Minutes  
April 16, 1973

Mayor Allen called the regular meeting of the Northville City Council to order at 7:30 p.m.

## MINUTES OF PREVIOUS MEETING

Minutes of Special Council Meeting, March 26, 1973 were approved as submitted. Minutes of regular Council Meeting, April 2, 1973 were approved with the following correction: Page 4, paragraph 2, change to "recommendation by Councilman Vernon."

MINUTES OF BOARDS & COMMISSIONS: The Minutes of the Northville Plan Commission March 6, March 20, and April 3, 1973 and the Northville Library Advisory Commission, March 15, 1973 were placed on file.

APPROVAL OF BILLS: Following much discussion, motion by Councilman Rathert support by Councilman Follino to pay bills as presented.

DEBT SERVICE ACCOUNT C D INVESTMENT \$8,000.00

GENERAL FUND DEBT 48,436.11

LOCAL STREET DEBTS 2,602.84

MAJOR STREET DEBTS 817.42

PUBLIC IMPROVEMENT FUND DEBTS 5,758.71

TRUST AND AGENCY FUND 113,312.00

WATER FUND DEBTS 4,627.59

Carried

## POLICE REPORT: The March, 1973

police report will be placed on file.

COMMUNICATIONS: Council briefly discussed the recreation participation breakdown.

Decibel rating for motorcycles will be discussed at next council meeting.

COMMUNICATIONS FROM CITIZENS: Sid Frid mentioned the school board's excess millage per

bulletin he received in mail.

PUBLIC HEARING FAIRBROOK REZONING: Frank Ollendorff, representing the city as owner, stated that he is presenting this rezoning request to Council without any

commitment as to what the property will be used for.

Based on recommendation of Plan Commission and City Manager, motion by Councilman Rathert support by Councilman Follino to approve rezoning request of Lot 343, Plat No. 4, S19 Fairbrook from R-1 (Single Family) to R-2A (Restricted Multiple).

Carried

ACTING CITY CLERK: Motion by Councilman Rathert support by Councilman Follino to transfer title of Acting City Clerk from Hilda Boyer to Rosanna W. Cook until further notice by the City Council.

Carried

ANTENNA TOWER: City Manager reported that Hun-Ray Tower Company has submitted another bid for a 100-ft high antenna. Authorities from Hun-Ray have indicated that the 80-ft antenna is adequate but the 100-ft antenna would provide broader range and better reception.

Motion by Councilman Follino support by Councilman Rathert to accept bid from Hun-Ray Tower Company for

\$5,960.00 for a 100-ft high police radio antenna.

Carried

TRANSFER RESOLUTION: Motion by Councilman Follino support by Councilman Rathert to approve resolution for inter-fund temporary transfer of \$8,000 from the water fund to the public improvement fund for the purpose of late parimutuel receipts.

Carried

CONCRETE SIDEWALK BIDS: City Manager stated that no bids were received and we would re-advertise for bids.

ASPHALT PATCHING BIDS: City Manager explained that there were 22 locations where water and sewer leads were installed and the broken pavement now needs patching. There were two bids received both of which came in after the deadline.

Howell Const. of Howell Mich—90 cents per sq. ft.

Howell Const. of Northville, Mich—94 cents per sq. ft.

Motion by Councilman Follino support by Councilman Rathert to accept both bids received as they were received after deadline.

Carried

Based on City Engineer's recommendation, motion by Councilman Vernon to award contract to Howell Const. of Howell for 90 cent per sq. ft. with maximum of \$10,000.00.

Carried

CENTER STREET DRAIN: City Manager presented map and explained the three different plans and easements that must be obtained for each plan submitted by City Engineer. Council agreed on Plan A, which would mean obtaining easements along Center St. to

## Seven Mile Rd

Motion by Councilman Vernon support by Councilman Rathert to authorize City Manager to submit plans to Wayne County Drain Commission for a permit along Seven Mile Rd. and to begin the process of obtaining easements along Center St.

Carried

PARKING ACQUISITION: City Manager reported that at this point there is nothing new.

DOG ORDINANCE: City Attorney reported that due to changes in state law based on Attorney General's opinion, our present Dog Ordinance needs to be amended in order to provide for claim procedures where loose dogs destroy livestock and poultry.

Motion by Councilman Follino support by Councilman Rathert to set a public hearing for May 8, 1973 to amend Title 1, Chapter 4, of the City of Northville Code of Ordinances, entitled Dogs.

Carried

WORK SESSION: This will be held over until next two Mondays, April 23

## and April 30, 1973.

BEAUTIFICATION COMMISSION PRESENTATION: Councilman Vernon, Chairman of the Beautification Commission, explained that the drafting class at Northville High School was asked to make their suggestions on what they thought would make downtown Northville more beautiful.

Chris Johnson, Bob Simmon and Ted Fergus were present to show council their classes illustrated suggestions.

Following their presentation, Council complimented them on their ideas and presentation and recommended that they show this to other associations in Northville. Council was especially impressed with the planting of trees in the downtown area.

Councilman Vernon stated that their presentation inspired a plant, a tree drive at one of our meetings.

The meeting was adjourned at 9:05 p.m.

Respectfully submitted,  
Michele A. Sakalian

## Out of THE PAST

### FIVE YEARS AGO

The Army's search for a nuclear antiballistic missile base in the area continued.

Unofficial "feelers" by the Boeing Aircraft company, primary contractors for the Army, were extended to both Lyon township and the Novi community.

According to Village Manager Harold Ackley, the village had been questioned about the availability of sewer and water in the area of north Ten Mile Road between Taft and Novi Roads.

The sinking of a new well at Northville's historic spring produced bubbling water.

"We hit water, lots of cold, good water" chorused Jan Reef and Carl Johnson, chairmen of the Northville Rotary Club's committee on the restoration of the spring.

The initial project began one year ago.

Broad accusations by the Detroit Water Board that some suburban communities were using their water revenues to finance non-water and sewer department services brought denials from Northville officials.

City Manager Frank Ollendorff suggested that local citizens inspect the city's financial records to satisfy them and prove that the accusations did not apply to Northville.

TEN YEARS AGO

"Red tape", not water, delayed the reception of water by residents in the area near Phoenix Lake and along Five Mile Road.

There was little hope of immediate relief.

With many wells near dry, the 150 homeowners petitioned the Northville township board for help.

To do it, Northville would have had to work out a special assessment to be placed on the homeowners.

Contributions totaling \$13,527.25 were reported in the drive for the Scout-Recreation Building Fund campaign.

The drive had a goal of \$12,000 plus some additional funds for site improvements, furnishings and campaign expenses.

FIFTEEN YEARS AGO

Dial telephone service came to all of Northville and the rest of Novi as Michigan Bell put into operation the Fieldbrook exchange and retired the antiquated Northville exchange.

It was one of the few remaining manual systems in the Detroit area.

Surveyors were in Northville gathering data to be used in plans for the new Eight Mile Road cut off and the widening of North Center Street.

The cutoff will pass between the Amerman School and the high school routing traffic past Northville instead of through it.

TWENTY-FIVE YEARS AGO

Workmen were busy wrecking parts of the old Catermole building on North Center Street preparatory to a modernization program now in blueprint stage.

The 38-foot front on Center Street will be of modern style with center door and stairway to the second floor.

FIFTY YEARS AGO

Novi will begin to take on "city airs" when the new pavements have been completed in Grand River.

It is proposed to make the pavement 40 feet in width.

## Legal Notices

### STATE OF MICHIGAN

Probate Court for the County of WAYNE

ESTATE OF MARGARET E. MEISEL, Deceased

## NOTICE OF SPECIAL ASSESSMENT HEARING

### CITY OF NOVI COUNTY OF OAKLAND, MICHIGAN

TAKE NOTICE that the City Council of the City of Novi, Oakland County, Michigan, has determined it to be necessary to make the following described sewer public improvement in the City of Novi:

Sewers and sewer laterals to serve the properties described below, all located in Meadowbrook Manor and Meadowbrook Manor No. 1 in Section 36.

The City Council has determined that a part of the cost of the above described sewer public improvement shall be assessed against the following described property abutting the above described improvement:

Meadowbrook Manor, Lots 1 to 13 inclusive, and Meadowbrook Manor No. 1, Lots 14 to 34, inclusive all in Section 36, being known as Sidwell Numbers:

36-351-001, 36-351-002, 36-351-003, 36-351-004, 36-351-005, 36-351-006, 36-351-007, 36-351-008, 36-351-009, 36-352-001, 36-352-002, 36-352-003, 36-352-004, 36-352-005, 36-352-006, 36-352-007, 36-352-008, 36-352-009, 36-352-010, 36-352-011, 36-352-012, 36-352-013, 36-352-014, 36-353-001, 36-353-003, 36-353-004, 36-353-005, 36-376-001, 36-376-002, 36-376-003, 36-376-004, 36-376-005, 36-376-006.

TAKE FURTHER NOTICE that the City Council has caused reports concerning said public improvement to be prepared, which reports include preliminary plans, profiles, specifications and estimates of cost of such public improvements a description of the assessment district and other pertinent information, and these reports are on file in the office of the City Clerk and are available for public examination.

TAKE FURTHER NOTICE that the City Council will meet on May 23, 1973, at 8:00 o'clock p.m., Local Standard Time, at the Novi School District Administration Building, 25575 Taft Road, in the City of Novi, for the purpose of hearing objections to the making of such sewer public improvement.

THIS NOTICE is given by order of the City Council of the City of Novi, Oakland County, Michigan.

Mabel Ash  
City Clerk

May 10, 1973

## NOTICE TO BIDDERS

The City of Northville will receive sealed bids for the installation of a Remote Receiver until 11:00 a.m. on Friday May 18, 1973, at the Northville City Hall, 215 W. Main St., Northville, Michigan.

Specifications are available at the office of the undersigned.

The City reserves the right to accept or reject any or all bids.

Frank Ollendorff  
City Manager

## NOTICE LAST DAY OF REGISTRATION - SCHOOL ELECTION MAY 11, 1973

### NORTHVILLE PUBLIC SCHOOLS

### WAYNE, OAKLAND AND WASHTENAW COUNTIES, MICHIGAN

### TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice that the Annual Election of said School District will be held on Monday, June 11, 1973.

THE LAST DAY ON WHICH PERSONS MAY REGISTER WITH THE APPROPRIATE CITY OR TOWNSHIP CLERKS, IN ORDER TO BE ELIGIBLE TO VOTE AT THE ANNUAL SCHOOL ELECTION CALLED TO BE HELD ON MONDAY, JUNE 11, 1973, IS FRIDAY, MAY 11, 1973. PERSONS REGISTERING AFTER 5:00 O'CLOCK, P.M. ON THE SAID FRIDAY, MAY 11, 1973, ARE NOT ELIGIBLE TO VOTE AT SAID ANNUAL SCHOOL ELECTION.

Persons planning to register with the respective city or township clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This Notice is given by order of the Board of Education.

Sylvia O. Gucken  
Secretary, Board of Education

## NOTICE OF LAST DAY OF REGISTRATION OF THE QUALIFIED ELECTORS OF NOVI COMMUNITY SCHOOL DISTRICT COUNTY OF OAKLAND, MICHIGAN FOR THE ANNUAL ELECTION TO BE HELD ON MONDAY, JUNE 11, 1973

### TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

PLEASE TAKE NOTICE that the Annual School Election will be held in said School District on Monday, June 11, 1973.

Act 269, Public Acts of Michigan, 1955, as amended, provides in part as follows:

"The Inspectors of Election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides."

The last day for receiving registrations for said annual election will be Friday, May 11, 1973. Persons registering after 5:00 o'clock p.m., Eastern Daylight Savings Time, on said Friday, May 11, 1973, will not be eligible to vote at said annual election. Persons planning to register must determine when the City and Township Clerks' Offices will be open for registration.

Under the provisions of Act 269, Public Acts of Michigan, 1955, as amended, registrations will not be taken by school officials, and only persons who have registered as general electors with the appropriate City or Township Clerk of the City and Township in which they reside are registered school electors.

This Notice is given by order of the Board of Education of Novi Community School District, County of Oakland, Michigan.

Ray L. Warren  
Secretary, Board of Education

## NOTICE OF ENACTMENT

**BEAUTIFICATION**—A small army of dedicated campers and hikers—members of the Tumble Weeds outdoors club—attacked roadside debris Saturday as part of their annual beautification campaign in

Northville. Their major effort, aimed at sprucing up the community for Michigan Week, was concentrated (above) along the boulevard and roadside on South Main Street.

## Wixom Newsbeat

# Fact Book Available Here

By NANCY DINGELDEY  
Have you ever had the chance or taken the time to glance at a small leaflet published by the Greater Michigan Foundation in connection with Michigan Week?

It's entitled "Quick Facts About Michigan". Some of these facts are surprising, others questionable, some just plain old trivia. I happen to be a sometime collector of trivia — the kind that makes people shake their heads and ask quietly if I am a nut!

But, really, did you know that the State of Michigan grows almost all of the country's navy beans? Or, try this one at a dull party some night — did you know that Michigan was the first state to establish roadside picnic tables? It was a good idea — I wonder if there is a state that doesn't now have roadside picnic tables.

There are some truly amazing facts about our State. For example, in Michigan you are never more than six miles from a lake or a stream. Doesn't seem possible but it must be true.

Time for a geography lesson...Ironwood is as far west as St. Louis, Missouri; Port Huron is as far east as Greenville, South Carolina; Asheville, North Carolina; and Hancock is farther north than Montreal, Canada! And even though the following states are quite small in comparison to others, Connecticut, Delaware, Massachusetts and Rhode Island combined compare to the size of the Upper Peninsula.

There are a lot more facts squeezed into this little leaflet but they are interesting and put the spotlight on a State that is pretty great. The leaflets are available at City Hall, free for the taking.

There was much publicity over this past weekend regarding "Walk-a-Thon's" for the March of Dimes. Most of it was directed toward

Detroit but there was another held in Pontiac. Again it was a twenty mile walk and some of our local kids got out and hoofed it for a worthy cause. A couple of weeks ago they began preparing for the event by collecting sponsors. The idea was to get people to pledge 10 cents or more for every mile completed for the March of Dimes.

I'm sure there were more kids than the few I shall mention who participated in the event and I'd really like to know who they were and how much they collected. Three junior high girls joined about 5,000 people in Pontiac and completed the journey. That's something in itself. Brenda Whaley of Loon Lake Road and Terry Bradley of Highgate along with Judy Spencer came home with sore feet and stiff muscles. A quick tally of Terry sponsors showed \$44 to the March for her efforts.

One really energetic fellow from Walled Lake Western, Greg Thompson, ran the entire distance and was the second person to cross the finish line.

Let's hear from the rest of the kids who participated along with sponsor payments.

Last year during Michigan Week, the artsy-craftsy people of Wixom had a display of their works at John's Flowers. The exhibit met with much success and was thoroughly enjoyed by those who viewed it. Another show is planned for this year and it is hoped that more people who enjoy hobbying would exhibit their pieces.

I am acquainted with several of these people but I'm afraid I'm missing a lot of others. If you would like to be included in an all-Wixom art show and since it's for the fun of it all, please give me a call at 624-3950.

A new wrinkle to the old "white elephant" is planned for the ladies of the city on Tuesday, May 22. Have you

ever heard of a "white monkey"? All the ladies of the City are invited to a fabulous monkey pot luck luncheon at the V.F.W. Hall on Loon Lake Road. Monkeying around will begin at 11 a.m., lunch at noon, and the other monkey business follows after that. Prizes, an auction, and surprises will be included in a fun afternoon out.

A form was included with the Mayor's last letter which included a pot luck choice of either meat or vegetable salad or dessert. You are to bring your own place setting and a magnificent "white monkey" for the auction. Reservations are asked for by May 18. If by chance you did not receive a letter or you have misplaced yours, call City Hall.

A call is out to all the Senior Citizens of Wixom. Invitations have been mailed to all those Wixom residents 65 years and older for the Mayor's Dinner which will include presentation of the Senior Citizens' Awards. Since it is inevitable that all lists are not absolutely perfect, those who have not yet received invitations are in no way excluded. This includes those people with spouses who

happen to be under 65. All these people are invited to the dinner as guests of the Chamber of Commerce.

If you have not received an invitation or are under the impression that spouses under 65 are excluded, please call City Hall and leave your name. This is most important. The committee does not want to leave anyone out of the festivities held on the night of May 21.

Tickets, tickets, tickets...are there tickets for sale? There certainly are! There are tickets for the Mayor's dinner, there are tickets for the pancake breakfast, and, finally, tickets for the Goodfellow dance.

All of these events are certainly within budgetary means and each provides a great opportunity to become better acquainted with your neighbors and your City. If you don't know many people — what better way to meet them. If you really feel at a loss, why not ask a good old friend or even your new neighbor that just moved in.

News from the University of Michigan Hospital in Ann Arbor reports that after seven hours of open heart surgery, Jack Karell of Nalene Street is recovering remarkably well. And that's good to hear!

## For Retarded Youths

# Smaller Facilities Seen

The Human Resources Committee of the Wayne County Board of Commissioners has accepted "in principle", a task force report concerning the Wayne County Child Development Center and which is geared towards placing retarded youngsters in smaller residential facilities in the community.

Being recommended by the committee is the concept of a comprehensive central referral agency to which troubled and retarded children can be brought and which in cooperation with the Detroit-Wayne County Community Mental Health Services Board and local school districts can

coordinate and unite all community mental health programs.

Paul Silver, human resources chairman, stated that formal resolutions to implement the task force recommendations, with some amendments, would be formally considered by the committee at a meeting set for this past Tuesday.

Committee action followed the hearing of a description of a successful program along these lines in the San Francisco area.

Silver stated that the committee would recommend that the center, a residential facility located near Northville, would not be closed until proper provision

is made for placement of all children in more effective community settings.

He further stated that "for too long we have fit children to the system and we must now fit the system to the

children."

The Child Development Center, established in 1926, is located on a 750-acre campus in Northville Township. It has an annual budget of \$4.2 million, most of it in county money.

**THE GREAT EMANCIPATOR**—Gary Kelly, a teacher at Novi Middle School, is one teacher who believes in making his courses come to life. So...., following a recent section on the American Civil War, Kelly donned a stove pipe hat, black coat, and chin whiskers and presented his class of eighth graders with a reading of Abraham Lincoln's

Gettysburg Address. It's not the first time, Kelly has resorted to histrionics this year, either. Previously he has appeared as a colonial preacher and a Russian school teacher. "The kids seem to enjoy it and I think it makes the lessons more meaningful at the same time," he said.

## Unleashed Pets Are Problem

### Novi Eyes Dog Controls

The length of time in which dog owners will be allowed to let their pets run free in Novi appears to be limited.

After hearing the complaints of an angry citizen at Monday's session, the Novi city council directed City Attorney David Fried to draw up an ordinance which will enable city police to intercede when an unleashed dog becomes a problem.

"It won't be a leash law or anything like that," Fried told the council, "but I will draw up some sort of ordinance which will require dog owners to maintain some measure of control over their pets."

The action came after a citizen informed the council of the difficulties involved in getting assistance in handling dogs which are either potentially dangerous or a nuisance.

Since the city has no dog ordinance, Novi police have no authority to intercede in the apprehension of the animals. Instead Novi residents must call the

Oakland County dog catcher for assistance.

Since the county dog catcher's schedule permits him to get down to the southwestern part of Oakland County only once or twice a week, residents are instructed to catch the animal themselves and keep it in their garage until the dog catcher arrives two to three days later.

"I did that once with a St. Bernard," said one woman at Monday's council meeting, "and he tore up the inside of

my garage."

Mayor Joseph Crupi in directing Fried to draw up an ordinance expressed concern that the ordinance could result in some expense to the city.

"If you have a dog ordinance, you have to have a dog catcher," he said. "If you have a dog catcher, you have to have a dog truck. If you have a dog truck, you have to have a dog kennel."

Nevertheless, the council and Crupi decided to proceed with the ordinance.

## Students Earn OCC Degrees

Among the graduates of Oakland Community College at the college's seventh annual commencement exercises on April 29 were several Northville and Novi residents.

Those from Northville included Alice Baltz of Eight Mile Road, Samuel Elkins of Carrington and Robert Michaelis of Crystal Lake.

Novi residents graduated were Carol Bundoff of Twelve Mile Road, Kenneth Heacock of Willow Lane, John Hildebrand of Grand River, Bette Oswell of Durston, Gerald Price of West LeBost and Jim Tapner of Galway.

The Northville Record

THE NOVI NEWS

The Brighton Argus

THE SOUTH LYON HERALD

Wed., Thurs., May 9 - 10, 1973

In anticipation of Mother's Day Sunday, staffers decided to focus their attention on moms who do more than sweat over a hot kitchen stove. So they singled out four lovelies—three on this page and one on Page 14-B—who, besides being excellent candidates for a pin-up magazine cover, find time for a host of other activities. One might call them "modern mothers."

**UNDER THE APPLE TREE**—Mrs. Joan Stone of Northville poses prettily under an apple tree in the backyard of her Dunlap Street home. A resident of Northville for the past five years, Mrs. Stone and her husband, Edwin, have three daughters—Theresa, 17, Jeannie, 15, and Lisa, 11. When she isn't spending time with her daughters, Mrs.

Stone helps her husband with his glass business. "I do bookkeeping, secretarial work, and make Sales," she reported. "I guess I'm sort of an all-around Kelly girl." Mrs. Stone has put in two years toward a college degree which will enable her to become a teacher and hopes to return to the college campus this fall.

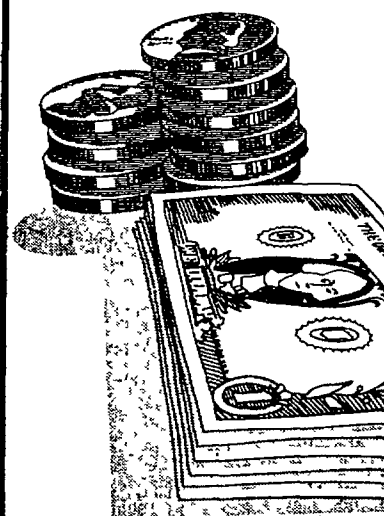

**BRIGHTON MOTHER**—The 40-year-old mother of two children, Mrs. Clarence (Mary Jane) Reetz not only takes care of Heather,

13, and Todd, 11, but she works at the Mary Jo Shoppe in downtown Brighton. The Reetzes live at 3600 Old U.S. 23, Brighton.

**SHOOTS POOL, TOO**—Joni Baldovini of Lyon Township is no ordinary mother. Besides working at South Lyon Pharmacy and raising two children, ages 12 and 13, she finds time for her horse, "Missy", and some rigorous workouts on the tennis courts. The pretty mom also shoots a pretty mean game of pool.

## Lawn Tips

### Sod: Easy, Instant Green

Want a good looking lawn in practically no time? asks Richard Miller, Livingston Extension Development agent. Many people are using sod since it is readily available in this area. Here are some tips to make your lawn instant green.

First, make sure that your soil's in shape before laying the sod. Get rid of stones,

stumps and other debris. Don't bury the debris in pits on the establishment site. Do any rough grading that's necessary. Avoid steep slopes or banks that are difficult to establish and maintain.

Have your soil tested to determine its fertilizer and lime requirements. If no soil test is available, apply 1½ to 2 pounds of actual nitrogen per

1,000 square feet, using a complete fertilizer with a 1-1-1 ratio (example: 15 to 20 pounds of 10-10-10). Work the fertilizer into the top few inches of soil.

Roll and level the lawn area.

While laying the sod, keep in mind that the edges should touch each other but not overlap. Stagger the ends of the sod pieces in a brick-like fashion. Avoid stretching the pieces of sod.

Finally, once the sod is in place, roll it to remove air pockets and water it to a soil depth of six inches. Water your new lawn daily for approximately two to three weeks to prevent drought stress until it is established.

Here's another Green Thumb Secret:

The diagnosis for most sick containerized plants is poor drainage.

Almost any container can be used to grow plants, if it has drainage holes at the base. If you have an ornamental container that you don't want to spoil with holes, put the plant in a smaller container with holes and fit it into the ornamental container.

Place small broken pieces of pottery or pebbles in the bottom of the pot to enhance drainage and allow oxygen to reach the roots through the soil.

If you use a drainless container, place quite a few small stones or marbles in the bottom to collect excess water. Then water the plant infrequently.

A good soil mix is equal parts sand (for aeration and drainage), peat moss (to hold water and provide nutrients) and loamy soil (for nutrition).

Continued on Page 3-B

**ROSES AT ROSEDOWN**—Thousands of fragrant roses adorn the gardens of Rosedown, many of them dating from antiquity. Some of the varieties of old roses were propagated from shrubs found on the grounds when the late Catherine Fondren Underwood purchased the plantation in 1956 for restoration. Rosedown, a restored plantation empire, is a preserve for old roses as well as a museum of plantation life in the golden years before the Civil War. For information, write Rosedown, Drawer M, St. Francisville, Louisiana 70775.

## Spring Projects

### Gardening's Fun for Kids

Spring has sprung! And the activity of your children may seem to have sprung also. Give them some interesting spring projects to grow!

Children can grow many plants from food items normally kept in the kitchen cupboards or refrigerator.

Root crops will provide a variety of foliage from lacy to bold in all shades of green. Try carrots, beets, turnips, rutabagas and parsnips. Cut off the root, leaving an inch and root them in sand.

Sweet potatoes will grow lovely vines. Select a sweet potato with signs of life in the eyes. Place toothpicks in the sides of the potato and rest them on the rim of a glass containing water, so that the tapered end of the potato is down and about a third is in water. A hyacinth glass is recommended for rooting and growing the vine, but any glass will do.

An avocado seed will grow into a lovely house plant. Treat it the same as the sweet

potato with the lower part in water or place directly in a pot of soil, covering only half of the seed. Then roots have formed on the seed germinating in water (about two months), add soil to the water to about half-and-half proportions. After two weeks, carefully pot the avocado plant.

Little trees can be grown from seeds of all citrus fruits by planting in soil. Keep the seeds moist until planting. Growth will be increased if a little liquid fertilizer is added after the seeds have sprouted. Create your own Jack-in-the-bean-stalk. Lentils from the grocery store can also be planted in soil and will soon sprout.

The next time you purchase a pineapple, slice off the top, leaving about two inches of the fruit on it. Let the cut heal for two days before planting. Place the top in sand to root. When a strong root system has formed, plant the pineapple in good moist soil.

You now have a bromeliad.

Natural sponges (not the synthetic ones) can be implanted with the seeds of grass or clover. Keep the sponge moist. Place it on a saucer or hang it in a wire basket for a green "ball."

These are only a few of the things that can be grown from materials in the kitchen. Give your young gardener some new things to do and watch for some beautiful results! The resulting enjoyment and feeling of accomplishment for the young gardener can have no measure.

The use of black plastic for

Continued on Page 3-B

## The Gardening Way

By MARGARET HERBST

### PLANTING THE VEGETABLE GARDEN

One of the first essentials for a successful vegetable garden is careful planning. You must decide how much garden area is required to feed your family without waste, where to place small short-season and tall long-season plants, how to get more than one crop from a row in one growing season and finally how much of each vegetable to plant.

A small garden, 10 x 20 or 20 square feet, can yield a good harvest with great satisfaction. If you wish, this area can also be surrounded by rows of annual flowers for cutting. Dividing the area into two sections, you will be amazed by the production.

On one side, plan one or two rows of late cabbage or broccoli depending on the inclusion of annuals, and a row of Chinese cabbage or kale. Then allow four rows of green peas or carrots followed by Swiss chard or turnips.

On the other side, begin with three rows of Kohlrabi followed by leaf lettuce, three

rows of head lettuce followed by beets or collards, one row of turnips followed by bush beans and another of leaf lettuce or spinach followed by radish or bush beans.

For the small to medium size yard, 500 square feet, 25 x 20, you would add to the above plan other slower-growing vegetables. This size can supply most of the vegetables needed by a family of three or four during the growing season. Taking rows 20 feet across, you would allot half of the space to green peppers or two rows of kale and the other to bush squash in hills, or two rows of Swiss chard. The next planting could be broccoli or cauliflower or two rows of onions, with eggplant or two rows of parsnip completing the space. Tomatoes on stakes are a must in this plan ending up with pole green beans or pole lima beans on tripods.

There are special hints for successful sowing in hot, dry weather. The drill should be deeper, at least three inches. Before sowing seed, soak the trench deeply. Cover the seed

# Reapportionment Casts Dim Shadow

LANSING—The politically sticky subject of reapportionment last year is but a dim memory in Lansing this year.

The controversial redrawing of legislative district lines slid into the background and it will probably be 1981 before the subject is raised again.

But there are some people who hope changes can be wrought before then so that the deadlock which occurred last year can be avoided the next time. Sound, honest reapportionment must be more than just a game to see which party can draw more advantageous district lines.

ONE OF THOSE working for change is State Sen. William S. Ballenger. This lawmaker is a man to watch. He is bright, young, handsome, progressive, financially secure and hardworking. If he is also ambitious, he has everything it takes to attract voters of all ages, party persuasion and both sexes.

The Republican introduced two measures dealing with both the reapportionment of the legislature and of county boards of

commissioners.

Ballenger would like to see the reapportionment commission cut from its currently mandated membership of eight persons down to five.

Instead of having four people from each political party, a formula which seems to insure deadlock, Ballenger would have one member from each party. The other three members would be that state director of elections, a churchman, and a specialist in vital statistics. The churchman and the vital statistics specialist would be appointed by the governor.

IF THE COMMISSION still could not reach agreement on a map, the matter would go to the state court of appeals, rather than the Supreme Court, on the theory the court of appeals is less politically oriented than the high court, whose members are nominated at state political conventions.

The problem in any change lies in the fact neither political party wants to give the other an edge. The power to draw the map is probably more

important in determining the outcome of elections than any other single factor.

If you don't believe that, take a look at last November's results when Republicans swept every statewide race and took 12 of the 19 Congressional races. But they could manage only 50 of the 110 House of Representative seats, actually failing further behind. That happened under a plan drawn up by the Democrats and adopted by the supreme court.

Neither party admits love for the current plan. But the situation is a little like having a tiger by the tail: they don't like where they are, but letting go could be a lot worse.

THIS IS WHY Ballenger wants to call on people like the state elections director, a non-partisan civil service position; a churchman, who presumably would be above partisan politics; and a statistician, who presumably would worry only about numbers, not about politics.

The odds are probably against any new plan getting through the legislature, because both parties have to agree if it is to receive the

necessary two-thirds vote. But that doesn't mean a try shouldn't be made and Ballenger would appear to be on the right track if agreement is possible.

And with the current setup all but assuring a deadlock, this change or many others would probably be an improvement.

EVERYONE KNOWS Michigan State University is big, but not many are sure how big. A survey just completed by the National Association of State Universities and Land-Grant Colleges shows MSU to be the second largest campus in the country.

Only Ohio State, with 45,963 students on its Columbus campus, is bigger than Michigan State which enrolled 43,418 students this year.

Women's lib supporters can take note too: MSU has more women enrolled than any other university in the country.

The 19,745 women on the East Lansing campus outnumber the female enrollment of any other campus in the world. Second place goes to Ohio State, with 17,635.

## State Police Labs

### Identify 2,985

State Police laboratory specialists at East Lansing, Plymouth, Warren and Holland made 2,985 identifications in 1,764 cases handled in March.

Of the cases, 740 were for State Police, 796 for cities and townships, 169 for sheriffs and 59 for other agencies.

Examination of all types of evidence totaled 94,547, including 30,385 for State Police, 58,452 for municipalities, 4,803 for sheriffs and 907 for other jurisdictions.

Processing of 84,773 latent fingerprints led to the identification of 100 suspects in criminal cases.

Mobile lab technicians made 32 scene investigations. Bomb squad officers worked two cases, recovered two devices.

Lab officers logged 827 hours on court appearances.

Polygraph examinations of 271 persons led to 84 admissions.

There were 97 voice examinations with 45 suspects identified.

The fraud check unit processed 257 bogus checks, identifying 146 by name or previous specimen. Face value of the checks totaled \$26,515.50, an average of \$103.17.

The fire marshal division reported investigations of five explosions, 59 incendiary fires, 15 cases of law violations and 86 other fire cases.

Field inspections included 15 schools, 30 hospitals, 67 nursing homes, 39 medicare-medicaid institutions, 26 state properties, 13 bulk gas plants, 11 theaters, 12 dry cleaning plants, and 40 miscellaneous.

Thirty-two nursing homes and 21 hospitals were certified to the state health department for licensing.

## Give Mother Flowers . . . .

which will bloom all summer long...Choose a flat of petunias, marigolds, salvia, or any of our colorful bedding plants...which you can plant for her with tender loving care...

OR...

If gardening isn't your thing...give Mom a beautiful hanging basket to brighten up her porch or patio...we have hundreds to choose from...all colors, sizes and prices.

## Gardening's Fun for Kids

Continued from Page 2-B

mulching vegetables and flowers has become quite popular.

What are the advantages of using black plastic mulch?

1. Reduces moisture loss by evaporation.
2. Prevents weeds from growing due to lack of light.
3. Warms the soil (warm season crops benefit from the warmer soil.)
4. Hastens maturity of crops.
5. Keeps the fruit cleaner (especially tomatoes).

Some disadvantages of using black plastic mulch are:

1. The increased growth of plants grown on black plastic results in greater loss of water by the plant through transpiration. Therefore, on lighter, well-drained soils during dry seasons, it will be more necessary to irrigate mulched crops than crops that aren't mulched.
2. On heavier, wetter soils with high water tables, black plastic mulch does not always produce favorable results because the moisture content of the soil under the plastic is maintained at too high a level for adequate aeration.

On what crops is black plastic used? Black plastic is used mainly on plants that are grown in hills or spaced several inches apart such as:

Muskmelons, Cucumbers, Peppers, Pumpkins, Okra, Rhubarb, Eggplant, Lima Beans, Roses, Strawberries, Squash, Watermelons, Tomatoes.

Where the looks of black plastic is distracting (such as in a flower bed), it can be covered with a thin layer of sawdust or other material. Black plastic shouldn't be used on cool season crops such as broccoli, cauliflower, cabbage, peas, etc., since those crops need cool soils.

It probably could be used if it were covered with a thin layer of sawdust or other material which would reflect light.

What kind of plastic should you use? Use black plastic 3 to 4 feet wide and 1 1/2 mils

thick. Clear plastic permits weeds to grow under it.

How do you lay plastic mulch? When the amount of moisture is at an optimum level, dig a trench with a hoe and bury about 3 inches of the plastic in it and cover it up to anchor it down. Then figure out where the other side of the

plastic will be, dig a trench and anchor it down. Do the same for both ends. Wind will pull up an entire sheet of plastic if it isn't anchored securely. In lawn or flower gardens, a lawn edger could be used to make a slit in which the edge of the plastic could be placed. Pack the soil down again after anchoring the plastic.

## Instant Green

Continued from Page 2-B

Also add a commercial slow release fertilizer, following package directions.

Soluble salts build up in the soil each time you water a potted plant. Once a month, hold the container over the

bathtub and pour in large amounts of clear water to flush out harmful salts.

If you buy potted plants in papier mache containers for outdoor landscapes, cut container from the plant before planting. The container may prevent water and nutrients from entering plant roots.

Use your imagination when choosing a container: try an urn, hanging basket, windowbox, even an old boot.

Next week we are going to talk about growing selected herbs such as Anise, Basil, Caraway, sweet Marjoram, Sage, etc.

Much has been written about the higher vitamin content of garden-grown vegetables and other quality advantages. To my mind, the major consideration is the fun in growing your own and having a choice that has been selected for your personal taste.

## Gardening Way

Continued from Page 2-B

with granulated peat moss, or a mixture with sand, or top soil, or even all three in equal parts. After the top soil has been watered, apply a mulch to conserve moisture, and keep down weeds. This mulch can take the form of dried lawn clippings, buckwheat hulls or salt hay. A daily sprinkle with a fine spray will aid germination.

The best location for a vegetable garden is near the house for convenience in tending it and gathering in the yield. Avoid spots too close to

# from the Pastor's Study

Let's Talk About . . . Life

Rev. Ernest Crocker,  
retired  
Wesleyan Methodist  
Brighton

Do you ever feel tired? If you are of average weight and activity here is what you do in twenty-four hours:

Your heart beats 103,689 times. Your blood travels 168,000,000 miles. You breathe 23,040 times. You inhale 438 cubic feet of air. You eat 3 1/2 pounds of food. You drink 2.9 quarts of liquids. You speak 4,800 words. (Not all are necessary.) You move 750 muscles. Your nails grow .000046 inch. Your hair grows .01714 inch. You exercise 7,000,000 brain cells.

This activity sums up (in brief) the miracle we call life, and we seldom think on these routine activities within these bodies of ours. We ought to ask ourselves the questions: Am I making the most out of this miracle of life? Is my life worthwhile? What am I doing with it that will stand the test of time and eternity? Or am I living in vain?

God makes it clear in His Book that the end purpose for

man's life is fellowship with Himself and service to our fellowmen. "For none of us liveth to himself and no man dieth to himself." (Rom 14:7. Read verses 8 and 9 also.) Imagine your heart beating 103,689 times each 24 hours—and all in vain. Length of life is admirable but to this must be added that more enduring quality—purpose.

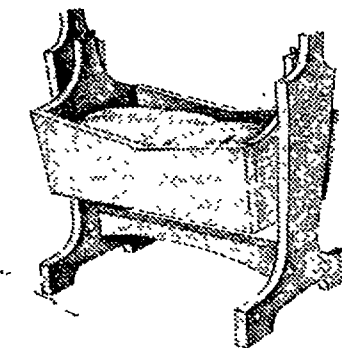

Sometimes the old ticker fails us. Off we go to the hospital for a transplant—just to lengthen our days. There is One who has been transplanting hearts for many years—since the beginning of time. God sent His Son, Jesus Christ, to change the heart of man, to add purpose and cleansing. "I am come that they might have life and that they might have it more abundantly." (St. John 10:10). That is indeed the miracle that we all need. The dirtiest heart can be made clean. The wasted life can be given purpose. Let Jesus do this for you. See you in Church.

## AT HOME

Kangaroo mamas have one advantage over "human" mamas—their crib is "built-in." There's no need for them to dash around the house to give Junior tender loving care. He is always nearby, located quite conveniently for mother's attention.

Any mother's attention is crucial in providing a child with the religious foundations needed to produce a responsible adult. Enough freedom so that he can be independent—enough discipline to provide structure for his life. And moral precepts instilled by the Church and parental example.

One day Junior will outgrow mama's pouch or crib. Then, and only then, can parents know if they have been successful.

## BUSINESS BRIEFS

**ASHLEY & COX** Real Estate, with offices in Novi and Howell, has announced the three top winners in a listing and selling contest which has been in progress since January. The 1st winner is Woodrow Ashley with \$918,000 in sales; Pete Robitaille was second with \$866,430; and Lane Barton was third with \$353,250.00.

Russ Hansen, a noted mortgage consultant, discussed mortgage policies with the 30 licensed sales personnel employed by Ashley & Cox, and Herbert Kinsey, came from Grand Rapids to discuss the World Wide Business Brokers Association, which Ashley & Cox recently joined.

**AN ADDITION** to the Hair Sanctuary, located at 135 Cady Street, Northville, is nearly completed, reports manager Robert Swearingin. The addition doubles the floor space of the hair styling business, located beneath the Spinning Wheel.

Owner William Cerroni recently opened another Hair Sanctuary in Farmington. Both feature complete hair styling, and they sell and service wigs.

The Northville beauty salon service is open six days a week, 8:30 a.m. to noon on Monday, and all day through Saturday. A manicurist also is on duty Thursday, Friday and Saturday.

**JONATHAN JEWELERS**, 150 East Main Street (Mary Alexander Court), has become the authorized dealer for Art Carved Diamond, featuring guaranteed in writing fine diamonds. Jonathan is one of the largest outlets for this brand.

**CAROLYN AARON** was recently promoted to the position of manager of the Brighton branch office of First Federal Savings and Loan Association of Livingston County.

Carolyn Aaron

Mrs. Aaron started with First Federal in September, 1967, as a teller in the Howell office and was transferred to Brighton when the branch was opened in October, 1967. She was advanced to the position of acting branch manager of the Brighton office in 1970.

Her credentials include a course in Savings and Loan principles in which she received the highest honors and was presented with a plaque as an award.

Active in the community, Mrs. Aaron was recently elected treasurer of the Brighton Chamber of Commerce and she is a past member of the American Business Women's Association.

She lives with her husband and two children in Brighton.

**CLIFFORD SMITH** of Northville began working May 1 as a salesman for Detroit Staple Company located on West Seven Mile Road in Northville.

Smith had been employed for the past year in the water and sewer department of Northville Township.

**ROBERT J. BIRDSALL** has been appointed treasurer-controller of the H.F. Campbell Company, international building firm, it was announced by H. Fred Campbell, chairman and president of the company.

Birdsall, a graduate of Dondero High School in Royal Oak, and Wayne State University in Detroit, where he received his degree in Business Administration in 1962, has spent his entire career in the financial-accounting field.

Prior to joining the Campbell organization, Birdsall was employed by Six Industries, a general construction firm located in Springfield, Ohio, as Treasurer-Controller and previous to that he held the same position with A. J. Etkin Construction Company in Oak Park.

He has also been associated with the Lawrence Scudder and Company (CPA) in Detroit and served as senior accountant with the Ternstedt Division of General Motors in Warren, Michigan.

Birdsall has had wide experience with the installation of integrated data processing systems and the utilization of computers in assisting project managers and superintendents in meeting construction schedules.

A veteran of the United States Air Force, Birdsall, his wife and four children will reside in Northville.

NEW AUTOMOBILE DEALERSHIP  
BOB SAKS OLDSMOBILE

**NEW DEALERSHIP**—Completion of the \$1.5 million Bob Saks Oldsmobile dealership, at the northeast corner of Grand River and Drake roads adjoining Thompson-Brown's industrial center, has been scheduled for this summer.

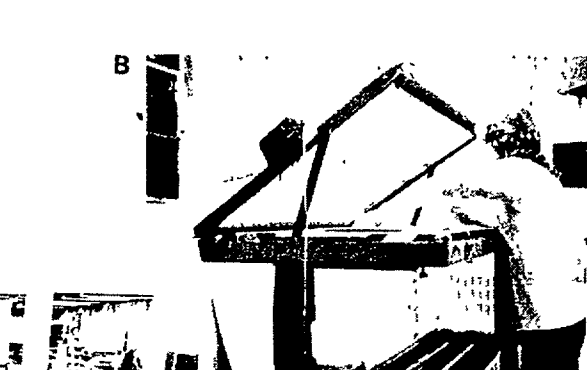

A

D

**NEW PLANT OPENS**—Adistra Corporation has given new life to an old Northville Township plant, changing it from a foundry atmosphere to a pleasant business environment. Warehouse facilities (A) replace former pit areas; delicate photographic equipment (B) has replaced

B

C

heavy machines; printing presses (C) operate in areas that once were dark and dingy; specialized job areas (D) have sprouted in the former plant; and multi-colored walls (E) have replaced grease-stained factory walls.

## Adistra on the Move

# Factory Gets New Look

If William P. Scott appears to be wearing a bigger smile these days there's a good reason for it.

Adistra Corporation, which Scott heads up as president, has successfully transformed the foundry-like layout of a large Northville Township factory building into a marketing facility.

Purchased late last year from the Federal-Mogul Corporation, the building formerly housed the Haller Division. It was originally built by the late Henry Ford for automobile related manufacturing.

It is located at 16580 Northville Road, south of Six Mile Road.

Today the building houses Adistra Corporation's Sampson-Hill Division, formerly located in Dearborn. This division, headed by J.

Roland Hill, provides a wide range of business communications from simple printed materials and mailing services to complex marketing program procedures.

Scott admits that first inspection of the Northville plant was a little discouraging.

Monstrous equipment loomed everywhere and would have to be dismantled and removed—a major operation. An intensive clean-up was imperative.

Even the gloomy atmosphere of a deserted factory was disconcerting.

But the ideal location of the facility with the possibility of a consolidated Plymouth-Northville operation overshadowed first-hand impressions, recalls the Adistra president.

The building was acquired, a monumental clean-up operation was begun—and recently completed, and today Adistra-Northville is a reality.

According to Scott, consolidation of all Adistra Divisions in the local Plymouth-Northville areas "is an important step in accelerating service to clients. In addition to bringing the divisions closer together geographically, it provides all Adistra operations with the community benefits that have contributed much to building a specialized work force of trained and experienced people at Adistra's headquarters facility in Plymouth."

Adistra Corporation was founded in 1943. Its three sales divisions are DSI, Scott Phillips and Sampson-Hill.

## Here's Fuel Saving Advice

While gasoline supplies have not reached critical shortage stages anywhere in Michigan, motorists should begin making efforts to conserve car fuel, advises Automobile Club of Michigan.

"With gasoline prices on the upswing, and expected to increase even more this summer, drivers can tighten their purse strings by reducing travel expenses," points out Joseph L. Ratke, Auto Club travel manager.

"Whether you are taking a cross-country trip or a short

hop to the corner grocer, there are a number of ways to cut down on auto gasoline consumption," Ratke states.

"By conserving car fuel, motorists can do their part to insure that gasoline remains plentiful throughout the state," Ratke adds. "Any gas shortages are expected to be only local in nature with travelers able to fill up at nearby stations if their first choice is out of fuel."

Auto Club officials have issued several recent statements urging motorists

not to put off plans for vacation trips this spring and summer because of rumored gasoline shortages.

To help motorists get the most out of their gasoline this season, Auto Club has developed a series of guidelines to help conserve fuel.

—Keep auto engines tuned with special attention to fuel and air filters, plugs and points plus emission control devices in late-model cars.

—Travel at moderate speeds since gasoline mileage is greatly reduced by higher speeds.

—Don't overfill fuel tank since gas can overflow while the car is in motion or when parked on an incline. Fuel also expands and can overflow in hot weather.

Auto Club reminds that while reducing gasoline consumption, most of the practices it suggests also will decrease exhaust emissions as well as help conserve energy resources.

## WSU Press Club Taps New Prexy

Mary Klemanski, editor of the Ferndale Gazette-Times, was elected president of the Wayne State University Press Club Friday afternoon at the 36th Press Club workshop.

She succeeds Jack W. Hoffman, assistant to the publisher of the Sliger newspapers. Hoffman remains on the press club's executive board.

Other newly elected officers include:

Tim Richard, news editor for the Observer Newspapers, Livonia, first vice-president; Michael Marcellino, editor of the Birmingham Eccentric, second vice-president; and W. Sprague Holden of the Wayne State University, was re-elected secretary-treasurer.

Other members of the executive board, besides the newly elected officers, are Beverly Davis of the Courier Newspapers, Detroit; Lucille DeVilb, The Detroit News; Robert Silbar of the Fenton Independent; Richard Brown of the Ingham County News; Grattan Gray of the Monroe Evening News and president of the Michigan Press Association, Elmer White,

secretary-manager of the MPA, Robert D. Highton, Charles A. Lewis and William White, all of Wayne State University.

## Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments, and horse show news to "Horse's Mouth", care of South Lyon Herald, South Lyon, MI 48178.

**WHAT JUDGES LIKE AND DON'T LIKE**  
Judges don't like exhibitors who lose their tempers at their horses.

This applies to adults as well as juniors. This happens when a horse which has been behaving very well suddenly shies away from the rail or won't stand in line.

The rider, holding the horse in tightly with one hand, cuts him hard half a dozen times with a whip. The rider may think, as the horse kicks and prances in pain, that he looks like an expert administering deserved punishment. But his flushed face and furious expression tell the judge and everyone else that he or she is simply a spoiled child who lost his temper and shouldn't be awarded any ribbons at all for equitation.

**WHY?**  
There are several reasons. First, if a person cannot control himself, he obviously cannot control his horse. Second, one or two firm but not rough strokes of the whip are quite enough to serve as punishment. Three, the rider doesn't really know that the horse deserves to be punished.

Suppose he shied because of small children standing too close to the rail, and was afraid the children might run out under his feet. Also it is very possible the rider may make a mistake at some time. In that case, the rider certainly doesn't expect to take his temper out on the horse.

**JUDGES LIKE PLEASANT EXPRESSIONS ON FACES.**

They also like good manners: boys who take off their hats when receiving trophies, riders making room for others who want to ride past them in the ring, being sure to keep far enough behind the horse ahead so as not to tempt him to kick.

(10) Avoid letting the horse kick when in close quarters to other horses.

(11) Keep calm, confident, and collected. Remember nervous showmen create an unfavorable impression.

(12) Work in close partnership with the animal.

(13) Be courteous and respect the rights of other exhibitors.

(14) Do not stand between the judge and your horse.

(15) Be a good sport: win without bragging and lose without squealing.

A  
SIGN  
OF  
THE  
TIMES

You'll see signs like this cropping up all over town as people individually and in groups get together the items around their homes that they no longer need and offer them for sale . . . in their garage, the yard or their basement. These signs do their job well in directing those people passing through the neighborhood to the correct address. But to get the people in the neighborhood in the first place you need a different kind of sign. One that you place in the Classified section of this newspaper. A Classified Ad is the easiest, least expensive way of telling people all over town about your sale. When you've set your dates, give us a call and let us help you word your ad.

# Scrambles on for Fuel Sources

The growth-oriented investor may also find Tenneco attractive, or the more speculative Texas Oil & Gas.

# Moon's Night Side Glows Pinkish

By the end of May, the U-M astronomer says, Venus will be emerging in the west as an evening planet. Jupiter, rising around midnight, will be in the southeast in the early morning and Mars will be rising in the southeast around 3 a.m. Saturn may be seen in the northwest for a short period after sunset.

The Michigan astronomer explains that earthshine, also known as the "old moon in the new moon's arms," is caused

# Lottery bonus one week only!

## Four new cars in addition to regular Lottery prizes!

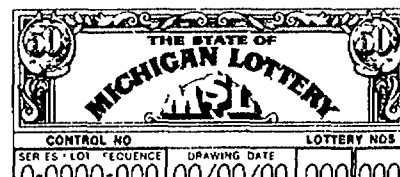

To celebrate Michigan Week, the World's Richest Lottery is offering a Michigan Week Bonus for tickets sold May 8 to May 15! Awarding a new 1973 Ambassador station wagon, Mercury Marquis, Plymouth Fury III and Oldsmobile Delta 88! Each has an approximate retail value of \$5,000 and each is equipped with automatic transmission, radio, white sidewall tires, power steering and power brakes.

Bonus Drawing May 24 at Alma, Michigan.  
Matching one bonus number does not qualify the holder for a \$25 prize.

- There will be as many additional prizes of \$500 each as there are additional qualifying contestants.

• **Important:** Holders of winning bonus tickets must claim their ticket at a designated Lottery Claims Center by 4 p.m., May 23, to be invited to the new-car drawing. Tickets claimed after that time win \$500.

• Winners of automobiles will be directed to deal with a specified dealership for delivery. Sales taxes, license, title transfer and optional equipment not listed above are the responsibility of the winner.

## The chance of a lifetime.

**Bonus Week tickets on sale May 8 through noon May 15 only. Buy them now!**
