UPON COMPLETION in two weeks of tiling at the Fish Hatchery park, advertising for bids on five tennis courts is to begin.

NORTHVILLE Education Association negotiating team "will be taking a break from negotiations until August 15," NEA President Mrs. Priscilla Smith announced Tuesday. She explained the break from negotiations was necessary "because members of the team are currently taking classes." Miss Pat Bubel is chief negotiator for the teachers. Negotiations began with the school district in early April and, as of yet, no agreements have been reached on contract issues.

THE WEATHER hasn't helped business at Northville Downs. Fans had wagered a total of \$5,491,278 through the sixteenth night of racing last Saturday. That's a disappointing average of \$343,205 nightly. The 36-night summer meet continues through July 31.

Planners Set to Recommend City Master Plan Approval

In the wake of Tuesday's public hearing on the proposed updated city master plan, Planning Commission Chairman Thomas Wheaton predicted fellow members will vote soon to recommend the plan's approval by the city council.

"I didn't hear anything here tonight to persuade us to change the plan," said Wheaton following the hearing attended by some 60 citizens.

Commissioner Wallace Nichols, a former councilman, concurred, pointing out that citizen comments indicated concern with future zoning but they had little if anything to do with the master plan itself.

"We just can't seem to get across to the people the difference between zoning and suggested future land use," said Nichols.

City Manager Frank Ollendorff indicated it may be late August or early September before the council acts on the plan, and Mayor A. M. Allen, who along with other councilmen was in the audience Tuesday, told The Record that he would insist that the council conduct its own public hearing on the plan before approving, rejecting or modifying it.

Although he doubted planners will change the plan, Wheaton said he suspected reaction by the council may be considerably different. "I think if there are going to be any changes it will be the council that makes them."

Wheaton emphasized that the planning commission's role is advisory only, that it is the council that makes the final decision.

The first hour of Tuesday's hearing involved an explanation of various aspects of the plan by Planning Consultant Ronald Nino, who stressed mid-way through his presentation that the master plan (called also a comprehensive plan and future land use plan) is a "guide or a blueprint" and it does not establish zoning districts.

He discussed briefly the projected rate of growth and the city's future population, pointing out that it is now estimated that the city will reach a saturation population of 9500 by 1980 whereas the previous plan predicted a saturation population of 8700 by 1985.

His remarks highlighted long-range planning for the central business district, indicating the plan discouraged strip commercial development and provided for expansion of the CBD primarily to the east. It also

Parade Rest!

Everyone agreed...last week's Fourth of July parade was a humdinger. Sponsored by Northville Jaycees, the big event drew thousands of spectators who watched everyth-

ing from clowns to elephants to floats to this sleeping beauty who was just plumb tuckered out before it was all over. For more pictures see Pages 6-A and 7-A.

In Year-Round Classes

Board OK's Air Conditioning

Northville school board members voted 5-1 to install 45 window air conditioners in 21 classrooms at Amerman Elementary, Cooke Middle School and Cooke Annex for the summer session of year round school which begins July 30.

Dissenting vote was cast by Mrs. Sylvia Gucken who favored dismissing classes on extremely hot days.

Voting for the air conditioning were Stanley Johnston, Martin Rinehart, P. Roger Nieuwkoop, John Hobart and Dr. Orlo Robinson. Trustee Andrew Orphan

is on a six-month leave from the board.

Superintendent Raymond Spear said he felt it was "in the best interest of our program to air condition the year round school classrooms."

Total cost will be \$13,800, including wiring. Fifteen classrooms at Amerman will be air conditioned, four at Cooke and two at the Annex.

Dr. Robinson said central air conditioning would cost more money and could not be installed in time for the July 30 opening date of school.

Rinehart asked what will happen "when we get YRS and conventional students in at the same time. We must be careful not to show partiality."

Spear said that "if the board wishes, we could remove the units at the end of the summer session."

"We must keep in mind that we have three new schools under construction which will be fully air conditioned," Spear said.

Mrs. Gucken said the "board made a commitment to the public not to use general funds for year round school."

"We should close school on the really hot days as we do on the cold days in winter."

"I agree it's inconvenient to learn on hot days," she said, "but this is a voluntary

project and if the public wants this (air conditioning), put it in a bond issue."

Dr. Robinson reminded her the three new schools would be air conditioned and that in the "next two or three years all the schools may be air conditioned. Trying to get a bond issue for this in the face of what we just passed (\$10-million) is not appropriate."

Johnston said that "to excuse school on hot days defeats the purpose of YRS. May and June have been accepted by teachers as warm months."

"You would decrease the popularity of the program by saying it's too hot to have classes. I would hate to see it go down the drain because of that."

Miss Florence Panattoni, assistant superintendent, reminded the board that the district has received funds for materials on the basis of the YRS program and that "we are using the YRS materials for Title I and summer school now when YRS is not in session."

She explained that YRS grants have allowed the district to purchase more equipment, freeing existing equipment "for use in the traditional classrooms."

Earl Busard, director of business and finance, said that the "YRS program will

generate more available funds to Northville than we will ever spend locally on the program."

Mrs. Gucken said she has "faith in the (YRS) program and the people in it who feel it will benefit students with air conditioning or not."

Johnston said he agreed with her "up to a point when we have a two or three week period when we have to dismiss school."

He said he was willing to take the gamble and install the air conditioners

people for the consultant's post. The supervisor said there is no target date for hiring a consultant.

"We feel we need some professional help since we are all laymen," he emphasized.

Wright stated he is also beginning negotiations with Wayne County Board of Commissioners for obtaining a building at the Wayne County Child Development Center which could be used as a township hall and he hopes to also be able to lease the center's fire station.

The Child Development Center will be closed by July 1, 1974.

City May Hobble Horsebackers

Horseback riding in parades is one thing, but riding horses on city streets and sidewalks at other times may be outlawed or restricted soon.

Reacting to complaints about horses damaging lawns and fertilizing sidewalks, the Northville council last week ordered the city attorney to draw up a suggested restraining ordinance.

City Attorney Phillip Ogilvie also is to draft proposals restricting uses of motorized bicycles and

banning snowmobiles, motorcycles, mini-bikes and horses from city cemeteries.

Meanwhile, the council has directed the city manager to have signs erected at cemeteries prohibiting horses and recreational type vehicles.

Based on council comments last week, increasing disregard of traffic laws by some motorized bicyclists and the belligerent attitudes and remarks of some horseback riders are largely to blame for governmental intervention.

Council Moves Slow on Cable TV

Cable TV...is it everything it's cracked up to be or does it pose some problems for the community that are not widely publicized?

These and other questions will be the subject of a workshop session soon for the Northville City Council as it attempts to reach a decision on the request for a cable TV franchise here by Alden CATV, Inc.

Decision last week by the council to study the matter thoroughly before making up its mind followed an

observation by City Manager Frank Ollendorff that the proposal made by Alden CATV is the "most minimal" program that could be made to the city.

Ollendorff told councilmen they are faced with these three basic choices:

1. Negotiate with one firm, such as Alden, for a cable TV system;
2. Seek out other cable TV firms, solicit proposals, and negotiate the best program possible;
3. Prepare detailed

specifications, setting up the kind of program demanded by the city, and solicit bids.

The city manager said he preferred the latter choice.

He appeared to be agreeing with a position taken by Dr. Gerald Kratz, superintendent of Novi schools, who warned board members there that a hasty decision on cable TV could do the community a long-run disservice.

Noting that Northville and Farmington have been approached by private companies for cable

television rights, he said "these companies make a tremendous impression on some local officials and at times agreement is reached or an ordinance is enacted without examining all of the implications."

To head off such a problem, in Novi, Dr. Kratz has suggested the Novi council consider the following points before agreeing to cable TV now or in the future:

1. Develop a franchise that

about Women and the family

With Chicken Divan

Create A Holiday

Instead of waiting for official holidays to be announced, create your own!

Invite co-workers for a special buffet during the middle of the week and feature Chicken Divan.

No longer must stuffing be reserved for special occasions. The endless time and work of preparing stuffing from scratch has been eliminated.

Stove Top Stuffing Mix, available in both cornbread and chicken flavor, can be prepared on top of the range in about fifteen minutes. The two-pouch packaged mix includes vegetables, seasonings, herbs, spices and specially prepared enriched bread crumbs. Combined with butter and water, the mix provides real "in-the-bird" flavor, texture and aroma.

Topped with broccoli and chicken breasts, it's a "natural" for buffet dinners. Use your best china and silver, tuck a chilled bottle of wine in a cooler, and enjoy your party.

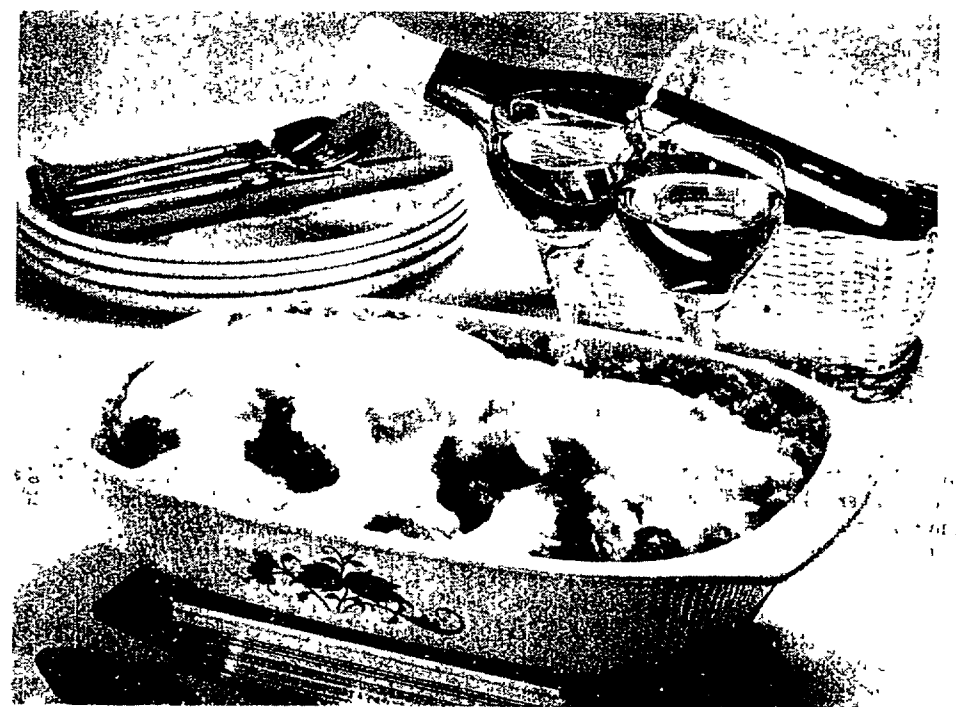

CHICKEN DIVAN

3 boned whole chicken breasts, split
1/2 teaspoon salt
1 1/2 cups boiling water
2 packages (10 oz each) 5-minute cook frozen broccoli spears or asparagus
1 package (6 oz) chicken flavor stuffing mix
1/4 cup butter or margarine
2 tablespoons unsalted all-purpose flour
1/4 cup milk
1 tablespoon sherry wine
1 egg yolk, slightly beaten
1/4 cup grated Swiss cheese

Add chicken and salt to boiling water, reduce heat and poach until tender—about 10 minutes. Reserve stock;

cool chicken slightly and cut each piece into 2 slices. Cook vegetables as directed on package; drain. Prepare stuffing mix as directed on package. Meanwhile, melt butter in sauce pan; blend in four. Add 1/4 cups reserved chicken stock, the milk and wine. Cook and stir until mixture comes to a boil and is slightly thickened.

Pour a small amount of hot mixture over egg yolk, blend well and return to mixture in saucepan. Add 2 tablespoons of the cheese, stir until melted. Spoon stuffing into shallow baking dish. Top with broccoli, then chicken slices. Pour sauce over chicken. Sprinkle with remaining cheese. Place in preheated broiler and broil until golden brown—about 5 to 8 minutes. Makes 6 servings.

New mixes let stuffing become a part of any meal, like this Chicken Divan

For Transportation

FISH Needs Volunteers

FISH in Northville and Novi is in need of drivers to help with one of the organization's volunteer services.

Defined as a non-professional, non-profit organization, FISH offers a wide range of services to those in need of assistance. In addition to emergency transportation, FISH volunteers help individuals with shopping, visit the elderly and provide babysitting under emergency circumstances.

The Northville-Novu FISH chapter is patterned after many others in the United States and foreign countries. All are set up like the original organization which was begun

in the Anglican Church in England.

The local FISH number for emergency or referral services is 349-4350.

Individuals willing to help by furnishing transportation are urged to call Mrs. Warner Krause at 349-3288 or Mrs. R.

G. Byrd at 349-3471.

A spokesman from the Northville-Novu FISH group said that anyone in need of transportation is encouraged to contact FISH as early as possible to insure the availability of a driver.

Club Holds Picnic

Northville Branch of Woman's National Farm and Garden Association met Monday, July 9, at the Eight Mile Road home of Mrs. William B. Walker Jr. for a potluck picnic and auction. During the afternoon's

activities, Mrs. John Burkman, a Northville Branch member for 20 years, was honored with a corsage. Mrs. Burkman is now a life member of the club.

Two new members were present. They are Mrs. Robert Orr of Welch Street and Mrs. Gerald Gerendt of Livonia.

Auctioneer for the afternoon was Mrs. Paul

Youths Build Houses for Indians

"It's really hard to decide whether we got more out of it or put more into it. It was really a rewarding experience and a learning experience," said the Reverend Richard Henderson of a recent trip he and 15 others from the First Presbyterian Church of Northville took to Tahlequah, Oklahoma.

For five days last month, the group worked at the Cherokee Nation Skill Center in Tahlequah building houses. In that time, 13 of them worked a total of 520 hours and used up five boxes of bandages doing it. The hours worked were placed in an hours bank.

Wayne Brasure, one of the young men who went, explained the Skill Center's hour bank purpose. "If a Cherokee can't afford the money for a down payment on a new house, he can work 500 hours at the skill center to pay for it. The hours we worked are for elderly people and other people who can't work."

Mr. Henderson explained the group "spent most of the time pounding two-by-fours together for pre-fabricated houses."

According to him, they put together the equivalent of four complete houses in their five days of work.

The idea of the trip was fostered last fall at a youth meeting. "We decided then," said Mr. Henderson, "that we would have a work project of some kind and that the primary interest was in working for the American Indians."

After those two items were decided, the minister wrote to the Presbyterian Church's Volunteers in Mission headquarters in New York which places church groups in various areas to do volunteer work. The volunteer headquarters then put Mr. Henderson in touch with the Cherokee Nation Historical Society which operates the Skill Center.

On June 18, they loaded their luggage and three passengers into a station wagon and the rest of the passengers into a 15-passenger van loaned to them and set out for Oklahoma.

Once there, they set up

headquarters in the Park Hills Presbyterian Church. The church, Mr. Henderson explained, has only 25 members and no permanent minister. Others, he said, from surrounding towns take turns preaching there.

"Tahlequah was the capital of the Cherokee nation before Oklahoma became a state," he said. Now, with the help from the government, the

Cherokee people have set up the Cherokee Historical Society. The purpose of it is to keep the tribe's culture alive, he said.

The students' work at the Skill Center was applauded by the Cherokee nation's Deputy Principal Chief who treated them to meals in a Cherokee-operated restaurant within the Historical Society center. Another of the students who

participated in the youth work project was Derek Wheaton. "I think that most of us thought we were going to an Indian reservation. We got there and it was a small town. We all learned that the Indians have progressed from living in teepees."

Janet Miller, one of the girls who went, talked about the area in which the Cherokee center is located. "There are

a lot of green hills and lakes. We spent most of our free time swimming and visiting the shops in the Cherokee village."

Other free time was spent learning about the Cherokee culture. The group attended a play about the tribe titled "The Trail of Tears" at the Historical Society's theater.

In all, the trip was termed a successful one.

Announce Engagements

LINDA POLOWAY

Mr. and Mrs. Russell Joseph Poloway of Livonia, formerly of Northville, announce the engagement of their daughter, Linda Ann, to James Leslie Carter, the son of Mr. and Mrs. Jack M. Carter of 50900 West Six Mile Road.

The bride-elect is a 1973 graduate of Bently High School in Livonia. Her fiancé was graduated from Northville High School in 1970 and attended Ferris State College.

The Couple will marry on July 14 in Livonia.

LUCY WILSON

Announcing the engagement of their daughter, Lucy Jane, to Stephen Wilson Burt, are Mr. and Mrs. Willard F. Wilson of 10385 West Seven Mile Road. The prospective bridegroom is the son of Mr. and Mrs. William F. Burt of 393 First Street.

The bride-elect is a 1972 Northville High School graduate and attended Schoolcraft College.

Her fiancé is also a 1972 Northville High graduate and attended Schoolcraft.

A November, 1974, wedding is planned by the couple.

JENNIFER WARREN

The engagement of Jennifer M. Warren to Jay Delos Hensor is announced by her parents, Mr. and Mrs. Ray Lee Warren of 27629 Haggerty Road. Parents of the prospective bridegroom are Mr. and Mrs. Robert D. Hensor of Taft Road.

The bride-elect is a 1973 Novi High School graduate and is employed at Darling Mobile Homes. Her fiancé, a 1971 Novi High graduate, is presently serving in the United States Navy.

The couple is planning an August 20, 1974, wedding.

News Around Northville

Northville Weight Watchers will hold an open meeting on Friday, July 20, at 10 a.m. in the first Presbyterian Church of Northville. A former drug addict is scheduled to speak.

Ruth Groit will be present to tell how she lost 133 pounds the Weight Watchers way at the same time she was withdrawing from drugs.

Northville Weight Watcher lecturer Mrs. Ruth Krammer said anyone interested is invited to attend and listen to the speaker. She also said those interested will be able to join at that time.

Mr. and Mrs. Fay Waldren of South Ely Drive recently returned from the National

Square Dance Convention at Salt Lake City, Utah. Dancers were present from all 50 United States as well as Canada, Norway, Germany, Japan and Australia.

While in Utah, the Waldrens visited Mr. and Mrs. Les (Donnis) Phillips, former residents of Sherrie Lane. The Phillips now live in Ogden, Utah, and, according to the Waldrens, "send greetings to their Northville friends."

Northville Senior Citizen Club members who have made reservations for the trip to Bob-Lo on Friday, July 13, should be at Kerr House at 8:45 a.m. to receive their tickets. The bus will leave

from Kerr House at 9 a.m.

On Saturday, July 14, the bus will leave from Kerr House at noon for the baseball game at Tiger Stadium.

Dearborn - Plymouth Christian Women's Club will meet today (Thursday) at the Mayflower Meeting House in Plymouth.

Nancy Rurtell will entertain at the piano and Jo Lohmolder will share her knowledge of herbs with those attending. She will discuss cooking and growing herbs.

Teacher, psychologist and counselor, Al Brickner is scheduled to speak at the meeting.

The Christian Women's Club is an organization of homemakers who meet once each month for luncheon. Any area homemaker is invited to make reservations to attend future meetings.

Northern Michigan University at Marquette has announced that Thomas Jacques of Northville has been named to the university's dean's list for the spring semester.

To be named to the honor list, Jacques maintained a minimum grade point average of at least 3.25 of a possible 4.0 and carried at least three full courses during the semester.

News was received from Coleman, Wisconsin, on Monday of the sudden death of Mrs. Herman G. (Pauline) Winecuff, mother of Mrs. Lloyd (Doris) Brasure of Northville.

The Reverend and Mrs. Brasure were enroute to Wisconsin for a visit with Mrs. Winecuff when they were informed of her death.

bridegroom is the son of Mr. and Mrs. Heinz Bernhard Pleitner of Westland.

Attending the couple were Mr. and Mrs. William Kreh, the sister and brother-in-law of the bride.

A reception for 60 wedding guests was held at the home of the bride's parents. Friends and relatives of the couple traveled from Ann Arbor, Algonac, Birmingham, Royal Oak, and Ohio to attend.

Mr. and Mrs. Pleitner will travel in England and Western Germany before settling in the latter.

The bride, a 1969 graduate of Our Lady of Mercy High School in Farmington and received a degree in architecture from the University of Michigan this year.

Her husband was awarded a geology degree from the University of Michigan this year. He is a 1967 graduate of John Glenn High School in Westland.

Will Live in Germany

Mr. and Mrs. Peter Karl Pleitner now have an address in Western Germany.

The couple was married on June 30 at Our Lady of Victory Church in Northville. Performing the double ring ceremony was the Reverend Father John Wyskiel.

Parents of the bride are Mr. and Mrs. James Hayward of 18420 Donegal Court. The

Jackson-Osaer

Vows Spoken

Patricia Anne Jackson and Gary Richard Osaer were married on June 30 at the First Presbyterian Church of Northville.

Parents of the bride are Mr. and Mrs. Harry Jackson of 876 Allen Drive. The bridegroom is the son of Mr. and Mrs. Jerry Osaer of 46605 West Seven Mile Road.

The Reverend Lloyd Brasure performed the double ring ceremony for the couple. The bride's father gave her in marriage.

Vicki Lynn Jackson, sister of the bride, and Joseph James Sabon attended the couple.

Following a wedding trip to northern Michigan, Mr. and Mrs. Osaer are at home on Wing Street.

Owen-Riley Rites Taken

In an outdoor ceremony at her mother's Northville home, Margaret E. Owen was wed to Robert W. Riley on June 23.

Parents of the couple are Mrs. Orlow G. Owen of 50085 West Seven Mile Road and Mr. and Mrs. Robert Riley of Kenosha, Wisconsin.

The 4 p.m. ceremony was performed by the Reverend - Guenther Branstner of the First United Methodist Church of Northville. During the service, songs were sung by Marna Owen and Wendy Gross.

The bride was given in marriage by her uncle, Louis Ratui. She chose a long gown of blue fabric with white lace trim. It was styled with short puff sleeves and a V-neckline.

She wore flowers in her hair and carried a bouquet of daisy mums and forget-me-nots. Jenny Owen was her sister's maid of honor in a white

gown with blue and red floral print. She carried an arrangement of daisy mums and red rose buds.

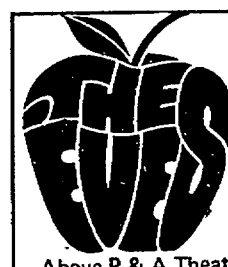

Best man Michael Hubert of Ann Arbor was assisted by Mark Gredell of Northville.

A reception for 150 guests was held at the Owen home following the marriage ceremony.

Mr. and Mrs. Riley, who met while attending Eastern Michigan University, took a five-day wedding trip camping in the Upper Peninsula.

The bride will graduate from Eastern in August. Last June, the bridegroom was awarded a degree in biology and conservation from Eastern.

The couple plans to settle in Canada within a year.

OK Police Contract

Novi's city council and the Novi Police Officer's Association (NPOA) have arrived at tentative agreement on a two year police contract. The police officer's ratified the pact last week, while the council gave its approval in a special Tuesday night meeting.

The contract calls for a boost in pay for beginning patrolmen from \$8,200 to \$10,000 for the 1973-74 fiscal year and \$10,500 for the 1974-75 fiscal year. Corporals and detectives, currently making \$13,689 and \$13,989 respectively, will jump to \$14,900 in 1973-74 and to \$15,900 at the start of the 1974-75 fiscal year.

The city also agreed to provide air-conditioning in all squad cars.

Full details of the contract will appear in next week's Novi News.

THE NORTHVILLE RECORD - NOVI NEWS

Thursday, July 12, 1973

TELEPHONE SERVICE SNAFU—Approximately 1,800 Novi residences were without telephone service for a three day period last week when two telephone cables at the corner of Nine Mile and Center Street were damaged by a contractor installing a new water line. The cables were

damaged late Monday and service was not restored until Thursday morning. Works crews were hampered by a swollen creek which flooded the manhole (above) in which the damaged cables were located. See story on Page 9-A.

For Novi School District

Study Boundary Change

Unless something goes awry, the school district boundary between Northville and Novi may be shifted to the 9½ Mile line within a year.

Administrators of both school districts currently are considering the change, which to become a reality must gain approval of both school boards and the intermediate district boards of Oakland, Wayne, and Washtenaw counties.

For Novi the change is important because the school board is about to formalize the purchase of 160 acres property at the southeast corner of 10 Mile and Taft roads.

This property, presently located in the Northville School District, is to become the site of a large new Novi high school and a City of Novi municipal complex.

Straightening the school

district boundary for Northville has at least the advantage of bus transportation efficiency. Presently, Northville school buses turn around in the Novi High School drive off Taft, just south of 11 Mile Road.

Although he concurs with Novi Superintendent Gerald Kratz that a boundary change is just around the corner, Northville Superintendent Raymond Spear emphasizes

that before making his recommendation to his school board he must first ascertain potential loss or gain of state equalized valuation and general reaction by affected property owners.

"On the surface it appears to be a reasonable move," says Spear.

Dr. Kratz takes the position that it is a good first step in correcting the irregular boundaries in Novi.

But additional school boundary changes should be made in the future, he adds.

If the 9½ Mile line boundary becomes a reality, it will affect all property owners living from a point just west of Novi Road to a line mid-way between Beck and Taft Roads.

Largest concentration of City of Novi homes in the affected area is on Glenda, north of 10 Mile Road.

Brookland Farms is unaffected. In other words this subdivision would remain in the Northville School District even though it would very nearly border the new Novi high school property.

Although Dr. Kratz believes Nine Mile Road would make a more ideal boundary, he admits such a boundary change very likely would run into strong objection from Brookland Farms residents.

Eventually, however, this objection will disappear as Brookland Farms discovers its close proximity to the new Novi high school, he predicts.

If and when the Nine Mile boundary is proposed, it would require Northville to

Chapper Plan To Boost Development

Following a work session with representatives of both the Oakland County Department of Public Works (DPW) and The Chapper Organization, Novi's city council has tentatively approved a proposal that could conceivably greatly spur Novi's industrial development.

The action was hailed by City Councilwoman Romaine Roethel as "nearly as important" as the decision to grant the rezoning for the regional shopping center.

City Manager Harold Saunders stated that the decision will have a "profound impact" on the development of the northwestern portion of the city.

"What the decision to let Chapper proceed with construction of a sewer line does," said the City Manager, "is open up the entire North End for development. Much of that land is already zoned for industrial development. The city will be getting a very nice addition to its tax base and there will be subsequent spin-off development which will enhance the city's tax base even more," he stated.

Specifically, the council, the Oakland County DPW, and The Chapper Organization have arrived at a general agreement on the terms under which Chapper will be permitted to construct a sewer line that will service the northwest portion of the city.

Basic intent of the pact is that Chapper will construct at its own expense a sewer trunk line to the Novi-Walled Lake Sewage Treatment Plant. When that line has been completed, Chapper will give the line, along with reasonable easements to it, to the city.

Novi in turn agrees to sell Chapper 1,200 sewer permits into the line. Cost of those taps will be the pro rata share of what it will cost to construct an addition to the existing sewage facilities that will be required to handle the increase effluent brought in by the line.

It is expected that the new line will handle approximately 3,725 taps. Thus, Chapper's pro rata share will be 1,200-3,725 of the cost of the addition.

Saunders explained that other users of the line will pay the same pro rata charge. The difference, he said, is that future users of the line will

also be required to pay a tap in fee which Chapper will not have to pay since they put in the line in the first place.

The basic agreement is conditioned on two factors.

First, the Oakland County DPW and the Department of Natural Resources must agree that it is feasible to enlarge the existing facilities to handle the added load from the new line.

And second, the City must be able to sell to other developers the amount of taps Chapper and associated groups currently hold in the existing plant, but will be relinquishing if the new sewer trunk goes through. Those taps must be sold to developers on the east side of the lake.

Major benefit to Chapper is that they will be able to begin to recoup its heavy investments in the northwest section of Novi. If Chapper were to wait for the city to install a sewer line, an ad-

ditional wait of two to three years could be anticipated.

By installing the line themselves, they will be able to begin development two to three years ahead of schedule.

Chapper representative George Athas told The Novi News Tuesday that Chapper and associated developers own approximately 500 acres of the 1,280 acres that will be serviced by the line.

Athas said further that roughly 60 percent of the Chapper properties is already zoned for industrial or commercial development, while the remaining 40 percent is zoned for residential use.

Plans for a shopping center and an industrial park are already underway.

Financing of the construction of the sewer line will be handled through the City National Bank in Oakland. Athas stated that construction would begin this year.

Novi Council Cracks Down On Minibikes

Concerned with the growing number of citizen complaints, the Novi city council Monday adopted an ordinance regulating the operation of motorcycles, minibikes, go-karts, and other special purpose motor vehicles.

Enforcement of the ordinance is expected to begin within the week.

"We're receiving more and more calls complaining about the noise created by bike riders," stated City Manager Harold Saunders in introducing the ordinance.

"The main irritant seems to be these two-wheeled buzz bombs that go around at all hours of the day and night hurting peoples' ear drums. Our citizens are being denied their rights to the quiet use of their own backyards because these minibikes are roaring around nearby fields," he said.

Although the ordinance

received unanimous support from the council in principal, it was approved by just a 4-2 margin.

Casting the dissenting ballots were Councilmen Louie Campbell and Edwin Pressnell. Campbell criticized the ordinance as "too restrictive," while Pressnell asked that no action be taken until the council had designated specific area in which minibikes could be operated.

Voting in favor of the ordinance were Councilmen Denis Berry and William O'Brien, Councilwoman Romaine Roethel, and Mayor Joseph Crupi. Councilman Donald Young was not at Monday's council meeting.

The Novi ordinance was adopted from a Livonia ordinance with only a few minor changes.

It is intended to regulate the operation of registered or unregistered motorcycles, motor-driven cycles, minibikes, special purpose motor vehicles and go-karts upon private property and upon all public property and public streets and highways in Novi.

In essence, the ordinance makes it illegal to operate these vehicles on all public property and on all private property unless permission from the owner and the police department is first obtained.

Aimed primarily at motor-driven cycles, minibikes, special purpose motor vehicles, and go-karts, the ordinance provides that they cannot be driven

-- on any public property including roads and highways, parks and recreation areas, and school grounds. Exception to the rule is that they can be operated on public

In Traffic Death

Police Suspect Foul Play

Police have not yet ruled out the possibility that foul play was involved in a car-pedestrian accident which took the life of a 45-year old South Lyon man last week.

Dead is James Thomas Sparks, 45, of 29512 Kent Lake Road in South Lyon. He was killed at approximately 12:15 a.m. on Thursday, July 5, when he was struck by a car as he ran across Novi Road between Grand River and the I-96 expressway.

"At this point in our investigation we're not sure whether any foul play was involved or not," commented Novi Detective Sergeant Gordon Nelson, who is in charge of the case.

"From the evidence that we have so far it is entirely possible that some sort of foul play could have been involved. But we still have a number of unanswered questions which must be resolved before we can make any final determinations as to just exactly what happened," Nelson continued.

Police suspicion is based on their inability to locate a wallet belonging to Sparks which allegedly contained \$165. In addition, police have been unable to trace Sparks' whereabouts for the one hour

immediately before the accident took place.

Sparks was killed at 12:15 a.m. on Thursday, July 5. He was struck by a car driven by Frank Cesaro, 23, of Wixom, who, according to police, had just closed the Novi gas station where he works and was on his way home with his wife.

As he was traveling northbound on Novi Road toward I-96, Cesaro told police, a man ran out in front of his car from the side of the road and he was unable to stop in time to avoid the accident.

The victim was transported by ambulance to Botsford Hospital where he was pronounced dead on arrival at 12:45 a.m.

No charges have been brought against Cesaro and he has been released by police.

Identification of the dead man was not made until the following day.

The only identification on the body at the time of the accident was a ring.

"We conducted a thorough search of the area surrounding the spot where the accident occurred, but we were unable to locate the wallet," Nelson reported.

Sparks was identified

Thursday afternoon when his wife called Novi police to report that her husband had not returned home the previous night.

Subsequent investigation located Sparks' car at Helen's Hideaway Bar at the corner of Novi and 13 Mile Roads - a distance of two miles from the site of the accident. The car

keys had been left in the ignition of the vehicle, police reported.

It was from Mrs. Sparks that police learned that the victim had \$165 in his wallet when he left the house the previous night.

From employees at Helen's

School Eyes Environmental Center

Based on the enthusiastic report of Superintendent Gerald Kratz, the Novi Board of Education decided Monday to investigate further the possibility of jointly purchasing with other school districts nearly 70 acres of campgrounds in Livingston County.

Board members are to tour the facility, located just off M-36 in Hamburg Township soon.

Other school districts which reportedly have voiced interest in the property include South Lyon, Huron Valley (Milford), Farmington, and Clarenceville.

Sale price of the property is \$110,000, with \$29,000 down. The balance is payable in five years at 7-percent interest.

A former church day camp, the property includes:

Two small lakes and a stream, eight major buildings with concrete slab foundations, electricity and plumbing in all but one building, land ranging from swamp to high meadows, about 35 acres of wooded land.

Dr. Kratz, who believes a joint purchase would be a wise move by the district, sees the facility as an en-

vironmental center that could accommodate camping for Novi elementary school children.

Many other school districts presently provide camping experiences for their students, he told board members. Nearby Broad Lake Recreation Area has been booked so solid by school districts that there is an 11-year waiting list, he said.

"In my opinion," said Dr. Kratz, "we wouldn't lose any money" in making the purchase. "The property itself is very valuable."

If the five districts were to

join together in buying the property, he estimates the purchasing cost per district at just under \$30,000. Estimated cost of repairing the buildings, he said, would require professional advice.

The buildings, according to the superintendent who inspected the property with Clarenceville Superintendent David McDowell, include:

A cement block church, a caretaker's cottage, lodge with two larger dormitories. Lodge includes a large room with fireplace, kitchen plus restrooms and storage rooms. These and other buildings

"are all sturdy," said Dr. Kratz, "but every door and window needs replacing. Old bunk beds and obsolete kitchen appliances must be cleared away. There is a lot of work to be done, but it appears to be repairable."

According to Dr. Kratz, rejuvenation of the camp facilities could be undertaken as projects of shop classes in the purchasing districts.

The lakes on the property are probably too small for boating, the superintendent said, but the land is within one-acre of a large lake. And this acre, he said, is available for purchase.

GUARDS SECRET—As Pete Magnan (rear) casts a wary eye at the photographer, fellow Jaycees dip chicken in the secret sauce that makes the annual Jaycee Chicken Bar-

becue a big hit each Fourth of July. Jaycees started serving the crispy chicken soon after the giant parade in Northville last week.

Study Cable TV

Continued from Record, 1

sets aside 40 percent of available channels for community and educational uses.

2. Require the cable company to keep pace with technological progress in the media; e.g., two way communication 40-4000 channels in the future.

3. Earmark 5-6 percent of gross earnings for educational and public uses.

When Northville Councilman Paul Vernon and others raised doubts about the long-range benefits of Alden's proposal, Ollendorff suggested the council could accept it and obtain some immediate conveniences for the city. The alternative decision, one that would ensure long-range benefits but possibly delay installation of cable TV here for several years, would be to demand "the best system Northville can get," he said.

It was pointed out that while Alden does not seek an exclusive franchise it nevertheless discourages others from coming in by virtue of the fact that it would have the first franchise.

Dr. Kratz has advised the Novi council that basic elements of a cable TV ordinance affecting education and public interest should include the following:

1. Length of contract 7 to 13 years maximum.
2. Minimum of 20 channels.
3. Twenty-percent of channels should be allocated for public schools, private schools, universities and colleges, and education TV;

- 20 percent for government services, public access-individuals and groups;
4. Two-way capability.
5. Non-exclusivity clause.
6. Connections for schools and public buildings.
7. Program origination facilities for schools, government and the public.
8. Installation and monthly rates (if issued an exclusive right the public must be guarded against excessive rate hikes).

9. Local or non-local applicant.
10. Gross revenues to city government - earmarked for ETV and public TV use.
11. FM radio provisions.
12. Performance bond.
13. Converters for non-standard channels.
14. Penalties for non-performance.
15. Non-discriminatory construction.
16. Non-discriminatory access to public channels.

SEV Per Pupil Climbs \$768

Northville School District's state equalized valuation (SEV) per pupil increased \$768, from \$23,062 to \$23,790, during the last school year.

The figures were recently released by Miss Florence Panattoni, assistant superintendent, in conjunction with Michigan Assessment Tests.

Northville spends a total of \$681 instructional expense per pupil in grades kindergarten through 12, while \$661 was spent per pupil last year.

Total operating expense per student is \$925, up from \$897 during the previous school year.

Local revenue provides \$730 per student while state aid received by the Northville district for each student totals \$239.

Average teacher's salary is \$11,114 up from \$11,403 last year. Percent of teachers with a masters degree within the school system is 33.1, down from 34.3 percent with masters degrees teaching the previous year.

Average experience of teachers is 6.6 years, up from the previous year when average teaching experience was 6.2 years.

School drop out rate increased to 4.2 percent from 2.9 percent the previous year. Racial ethnic minorities represented .7 percent of the student body during each year.

Northville employs a total of 46.8 professional staff members for each 1,000 students and 42.4 teachers per 1,000 students.

Plan Women's Health Day July 18

The Womencenter on the Orchard Ridge Campus of Oakland Community College is planning a full day's program of special interest to women of all ages.

On Wednesday, July 18, the Womencenter and the American Cancer Society, Oakland County Unit, will sponsor a Women's Health Day from 9 a.m. to 4:30 p.m.

Nancy Hawley and Judy Narsigian from the "Boston Health" Book Collective, speaking in Detroit recently, stated "Women grow up feeling stupid for not knowing

what they've never been taught about their bodies."

A free pap test will be given to the first 300 women who call the Birmingham office of the American Cancer Society at 644-3146 for an appointment. Registered nurses will do the examinations at the Free Clinic to be held in J Building, and the Cancer Society will notify your doctor if you need further treatment.

If a woman does not have a private physician the Cancer Society will make an appointment for her to see a

doctor. No one should stay away because she can't afford a doctor's fee. If she can't make an appointment a limited number of women can be seen on a walk in basis.

The Michigan Tuberculosis Society will be a part of the Free Clinic so that while women are on campus they can get a T.B. test.

The Womencenter is providing workshops throughout the day on the subject of Women's Health.

"Educational programs are necessary to help women overcome sexual taboos, to

learn about the workings and potential of their bodies and develop an interest in and working knowledge of preventive medicine," said Joan Grindel of the Womencenter.

"You are invited to attend any of all of the following workshops. Free child care will be provided from 9 - 4:30. Lunch can be purchased in the student cafeteria."

9:00 — Registration J Building, Orchard Ridge Campus, Farmington;

9:30 — The Role of the Midwife in Childbirth, Nici Muller;

10:30 — Venereal Disease and Contraception, Marilyn Shiffer;

11:30 — Treatment of Women in Medical Texts and The IUD and Morning After Pill, Belita Cowan and Kay Weiss;

12:30 — Breast Self Examination Techniques—Film and Demo, and Discussion on Living With A Mastectomy, American Cancer Society;

12:30 — Simple First Aid and Home Treatment of Illness, Brenda Roeber;

1:30 — Substance Abuse: Pills, Hard Drugs, and Alcohol, Martha LaPanza;

2:30 — Occupational Health and Safety, Bonnie Biederman;

3:30 — GYN Exams, Vaginal Infections and Abortion, Marilyn Becker.

Cracks Down on Minibikes

Continued from Novi, 1

property where paths and trails have been specifically designated by the council.

— on any unimproved or vacant private property unless a permit is received from the police department. Saunders noted that most of the complaints have come from residential areas immediately adjacent to open fields. He cited the fields at

the corner of 10 Mile and Meadowbrook and near the Meadowbrook Lake subdivision as examples.

— between the hours of 9 p.m. and 10 a.m.

The ordinance also provides several exceptions to the rule. Motorcycles, motor-driven cycles, minibikes, special purpose motor vehicles, and go-karts may be operated on unimproved or vacant property of more than 10

acres from 10 a.m. to 9 p.m. provided a permit is received from the police department.

And motor-driven cycles, minibikes, special purpose motor vehicles, and go-karts may be operated on private property of more than five acres provided a permit is secured from the police department.

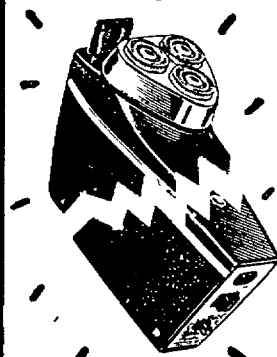

In both instances, however, the vehicles may not be driven within 200 feet of the property line.

To secure a permit from the police, it is first necessary to receive the written permission of the owner of the property.

The ordinance further provides for a penalty of up to \$100 and 90 days in the Oakland County Jail for violation of the new ordinance.

Major objection to the adoption of the ordinance was raised by Councilman Campbell who noted that three-fourths of the property in Novi is still vacant. "I agree that we need something to protect the people in the subdivision," he said, "but I think we're being too restrictive when we make it necessary for these kids to get a permit before they can ride their bikes at all."

Announce Births

James Justin Sutter was born to Mr. and Mrs. Irwin Sutter of 527 Reed on June 30.

The baby weighed eight pounds and was 20½ inches long when he was born at St. Mary hospital.

Grandparents are Mrs. Lowell Sutter of Traverse City and Mr. and Mrs. Horace Peacock of Hart.

James Justin joins a brother, Andy, who is 2½, at home.

The boys' father is administrative assistant for the Northville Public Schools.

Former Northville residents, Mr. and Mrs. James Strange of San Lorenzo, California, have announced the birth of their first child, Christopher Norman.

The baby boy was born June 28 at San Leandro, California. He weighed six pounds and five ounces at birth.

Christopher Norman's grandparents are Norman McCrummen of San Lorenzo, Martha McClure of Redford and the late Curley Strange who lived in Northville.

Northville Jaycees' Fourth of July

In what may have been the largest turnout in history of the event, several thousand spectators lined downtown Northville streets (some estimate 6,000) last week to watch the annual Fourth of July parade sponsored by Northville Jaycees. The parade spectacular was but the beginning of day-long activities cooked up by the Jaycees who wrapped it all up with fireworks at dusk. Following are winning parade units as announced by Jaycees: Bands—Redford Union High School, first place; Windsor Tri-Club Lions Youth Band, second place; and Northville High School Band, third place. Musical Groups—Clan MacRae Pipe Band, first place; and Plymouth Fife & Drum Corps, second place. Marching Units (senior division)—Painesville Cavaliers & Cavalettes Drill Team, first place; U. S. Marine Corps Color Guard, second place; and Northville VFW Post 4012, third place. March Units (junior division)—St. Roberts Cardinales, first place; Windsor Clubs Lions Majorettes, second place; and Do It With Christ Banner & Marchers, third place. Floats—First Baptist Church of Northville (above), first place; Rainbow Girls Assembly, second place; and Northville Newcomers, third place. Equestrian Entrants—Poplar Farms-Morgan horses, first place; Washtenaw County Sheriff's Mounted Division, second place. Special Units—King Animal Land Park Elephants, first place; Wayne County Sheriff's Department, second place. Names of winning antique cars were not available at press time. Winner of the Jaycee raffle was Betty Marshall of 20343 Woodhill. She won a \$500 savings bond. Numbers for winners of decorated bikes were: Number 27, first; Number 44, second; Numbers 9, 13, 75, 73 and 140 shared third place; and 129 received special mention. Ribbons may be picked up at Kearn Keim Realty, 330 North Center.

Man Faces Rape Charge

In Wixom

A 35-year old Wixom man has been arrested in conjunction with the rape of a seven-year old Wixom girl.

Jerry Dean Swango, 35, was arraigned before 52nd District Court Judge Martin Boyle last week on charges of statutory rape. He is currently lodged in the Oakland County Jail in lieu of a \$10,000 cash bond set by Judge Boyle.

Examination date has been scheduled for July 13 at 11 a.m.

Swango was arrested in Indianapolis, Indiana, on July 2 by Indianapolis police. He waived extradition and was returned to Michigan by Wixom Police Sergeants Lawrence Beamish and Walter Sprenger.

The alleged rape occurred Saturday, June 30. Officers were dispatched to a Wixom residence with a report that a young girl had been raped. Upon arrival at the residence, police were informed that a seven-year old girl had been raped at that location.

Through subsequent investigation a description of the alleged rapist was obtained and subsequently fed into the nation-wide police communications network.

It was from information included in that description that Indianapolis police arrested Swango on July 2.

An estimated \$300 was stolen from the Acroy Mold Company on West Road last week.

Responding to a call Monday, July 2, police were informed that \$100 in cash had been stolen from one metal cash box and \$200 had been stolen from another cash box. Both cash boxes had been located in a safe in the office of the building.

According to reports, the money had been in the cash boxes on Friday, June 29, and was apparently stolen either Friday afternoon or sometime over the weekend. Police said that no evidence of forced entry to the office could be found.

A resident at 1312 Flamingo in Wixom reported the theft of a hunting bow last week.

The man told investigating officers that he had returned from target practice at approximately 8:30 p.m. Friday, June 29, and left the 43-pound hunting bow on the back seat of his car.

The following morning he noticed that the bow was missing.

A helmet and a left turn signal were reportedly stolen from a motorcycle last week.

John Lewis Caswell of Wixom told police he had parked his Yamaha motorcycle in front of the Wixom Bar at 12:45 a.m. on Tuesday, July 3. When he left the bar approximately 30 minutes later he discovered the theft.

Value of the stolen items was estimated at \$35.

In Northville

An 18-year-old Northville girl remains hospitalized following an accident on North Center Street at Base Line Road late Monday night.

Marnie Ann Robinson of 39955 Six Mile Road was taken to St. Mary's hospital with severe nasal, lip and facial lacerations.

According to city police, the accident took place shortly after 11:35 p.m. Monday.

Miss Robinson was southbound on Center Street and a car driven by John S. Harding, 30, of Bethel, Maine, was northbound on Center Street when the accident took place.

Harding was uninjured but his wife and two children, who were in the car at the time of the accident, were taken to St. Mary's hospital with cuts and bruises.

Cause of the accident is still under investigation, city police report.

City police are investigating two thefts which took place Friday night at Northville Downs.

A Jackson woman told police her wallet was taken from her purse during a race while she was standing near the finish line. The theft took place about 10 p.m.

While police officers were talking to the woman, a nine-year-old boy returned the wallet to the officers, stating he found it in a bathroom. Thirty-six dollars was missing from the wallet but nothing else had been taken.

At 11:30 p.m. the same day, a Willis woman reported her wallet had been taken from her purse while she was standing on the first floor.

She told police that approximately 45 minutes earlier a man accompanied by two women had bumped into her but she did not see him actually take the wallet. The same youth returned her wallet to police, reports said, after it was found in a bathroom. Missing was \$30 in cash plus some change.

Unknown persons broke into the Clark Gas Station at 510 South Main Street between 8 p.m. Friday and 6:10 a.m. Saturday.

Entry was gained through a rear window of the business, police said. Taken was \$50 in cash and 15 quarts of soft drinks.

A 1972 Honda 750 was stolen from the rear of 987 Novi Road between July 1 and 2. Police said the motorcycle, which is metallic brown, was taken between 11 p.m. July 1 and 3:45 p.m. the following day.

During the past week, city police have served 12 warrants on eight persons. Six persons were arrested by city officers following routine traffic stops and computer checks which showed they were wanted by other police departments.

The remaining six warrants were served on two persons wanted by city police. The two were originally arrested by other police departments.

FIRE CALLS

July 5-5:36 p.m., abandoned truck on fire at 43230 Seven Mile Road.

In Township

A 17-year-old Southfield youth has been charged with felonious assault and possession of narcotics by township police following his arrest July 1 on Northville Road near Five Mile Road.

Larry Wayne Cross was arraigned on the charges July 2 before 18th District Court Judge James McCann in Livonia and stood mute.

A plea of not guilty was entered and he will appear in 35th District Court for examination today, Thursday.

Cross is free on \$3,500 bond on the felonious assault charge and \$1,500 bond on the possession of narcotics charge.

According to township police, Cross was seen walking southbound on Northville road throwing rocks at cars, kicking cars, yelling obscenities and waving a large knife.

When officers attempted to apprehend him, he pulled the knife, shouted obscenities and advanced on the officers. Police said he then closed the knife and began walking away from the officers.

He was apprehended by township officers, disarmed and taken to the police station for booking. A quantity of narcotics was recovered from Cross by the officers, they reported.

While being transported from the township office to Livonia Police Department jail he escaped from township police and was captured at the front of township hall. At Livonia jail, township reports indicated, Cross again escaped but was apprehended in the hall of that police department.

West Oakland Buys Novi School Notes

West Oakland Bank of Novi was awarded Novi schools tax anticipation notes Monday totaling \$500,000 based on its low bid of 4.35 percent interest.

Two other banks submitted bids, including Detroit Bank and Trust at 5-percent and National Bank of Detroit at 4.47-percent.

The low bid last year during a seller's market was 2.72 percent.

School Board President LaVerne DeWaard reminded the Monday audience that the \$17,000 in interest the district must pay on this borrowed money would be saved if the City of Novi followed through on a straw vote expression of the people and provided split school tax collection.

In other business, the school board named West Oakland Bank, National Bank of Detroit and Michigan National Bank of Flint as depositories for 1973-74.

Township police said Cross was treated July 2 at Wayne County General Hospital for abrasions to his head, shoulder and hip which were sustained when he tried to escape at the Livonia jail.

A 1973 Kawasaki motorcycle was recovered by youths who were walking in a field near 15465 Haggerty Road July 2.

Police said the cycle, which had been stolen from another city, was discovered shortly after 9:10 p.m.

Approximately 50 gallons of gasoline was taken from three vehicles parked in front of 41810 Seven Mile Road. The theft took place between 8 p.m. Thursday and 5 a.m. Friday.

In Novi

Two television sets and a quantity of silverware were stolen from a residence at 236 Bernstadt during a breaking and entering which took place June 30.

Value of the two black and white television sets was estimated at \$160. No value was placed on the silverware.

A car stolen from Livonia at approximately 12 midnight on June 30 was abandoned and torched in Novi four hours later.

Police found the 1967 Chevrolet on Taft Road, south of 10 Mile Road at 4:15 a.m. July 1. The vehicle was so badly burnt that attaining any evidence was difficult, police said.

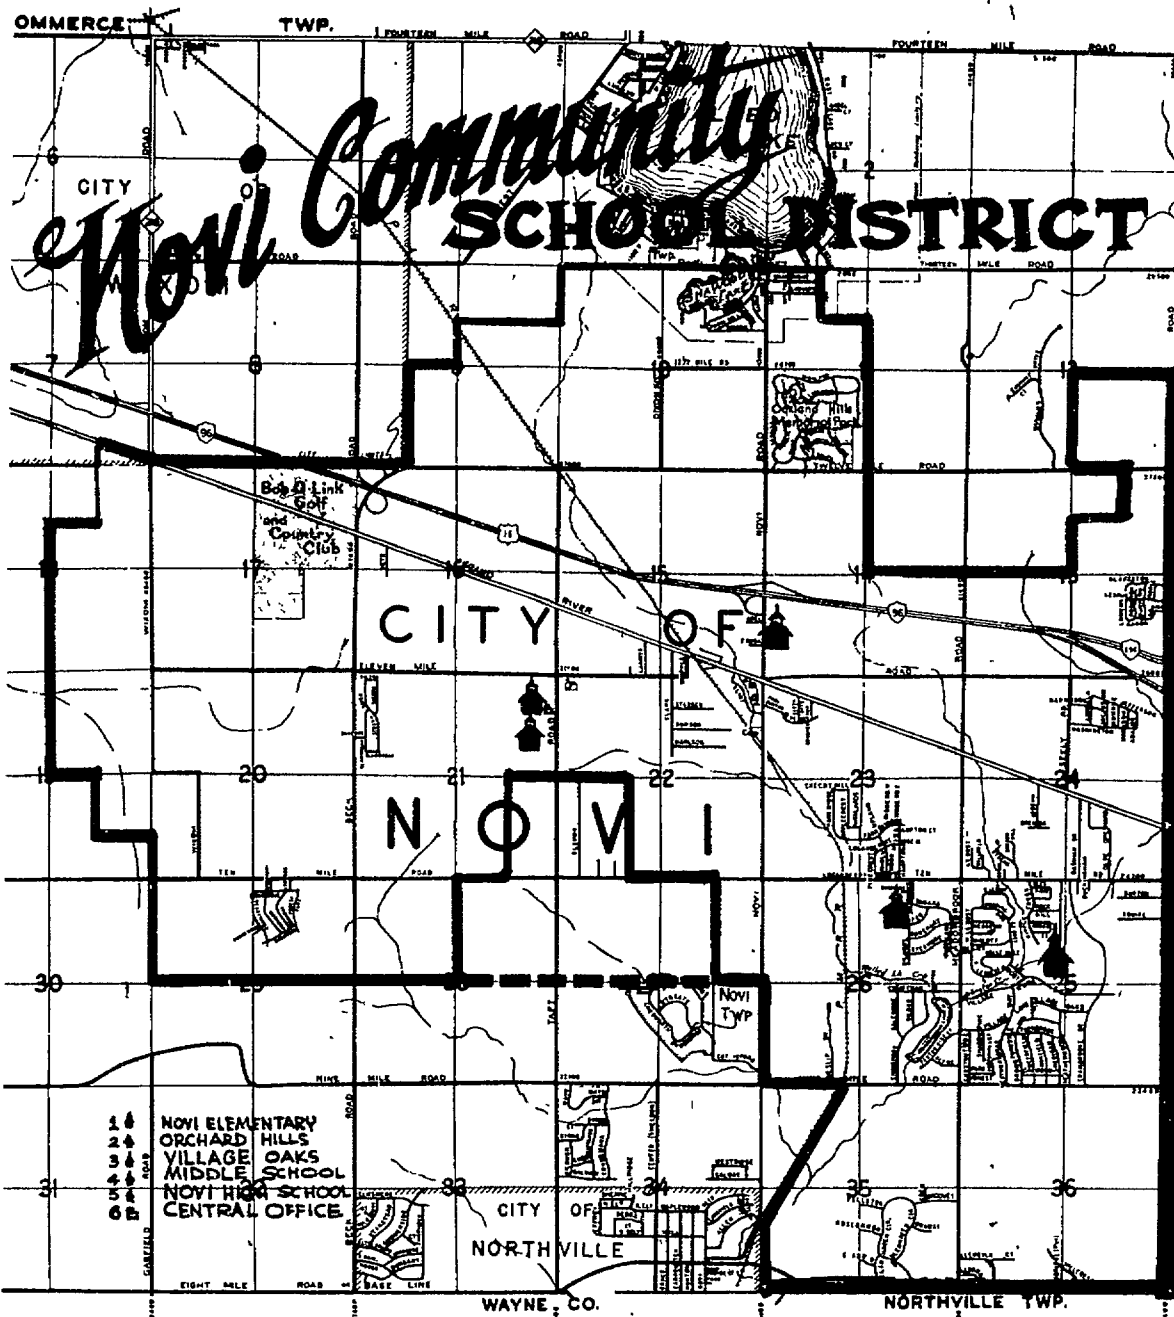

An 18-year old Novi girl was taken by ambulance to Botsford Hospital where she received 30 stitches in her lower lip for a cut received in an automobile accident which occurred last week.

Jill Vanslambrook, a passenger in a car driven by Debra Marie Gloer, 17, of 804 Spring Drive in Northville, was released from the hospital after being treated for the cut, police said.

The accident occurred when Miss Gloer, northbound on Novi Road, attempted to make a left hand turn into a driveway and pulled into the path of a southbound car driven by Victor Podlinski, 48, of South field.

The vision of both drivers was obscured by a small hill, according to reports.

Miss Gloer was cited for failing to yield the right of way in a personal injury accident.

Area within dotted line represents proposed boundary change for Novi School District

Schools Study Boundary Change

Continued from Novi, 1

give up property north of Nine west of Novi Road, and it would require Novi to give up property south of Nine Mile east of Novi Road.

Besides necessitating the approval of both school boards, the proposed 9½ Mile boundary, according to Spear, also will require the consent of the three intermediate districts sitting as one body. Spear is hoping deliberation

by the intermediate boards can be timed to occur at the same time they consider a change on Northville's southern border.

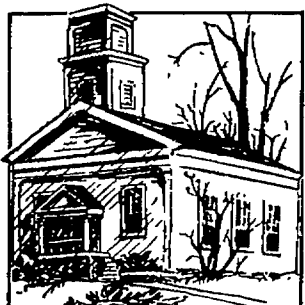

The southern change suggests transfer of all property on the south side of Five Mile Road in Plymouth Township from the Northville School District to the Plymouth School District. The affected area includes Braeburn Golf Club and adjacent homes.

Unaffected by this southern boundary change would be the portion of Plymouth School District north of Five Mile Road located in Northville Township near Haggerty.

Under statutes covering school district boundary changes, property owners retain debt obligations of the districts they are leaving and assume only new debts of the districts they are entering. New debts are defined as those incurred after the property owner has been shifted from one district to the other.

For example, property owners affected by establishment of the 9½ Mile boundary would be responsible for Northville's recently approved \$10 million bond issue but they would not

be responsible for Novi's recently voted \$13.5 million bond issue.

Foul Play

Continued from Novi, 1

Hideaway, police learned that Sparks had left the bar prior to 11 p.m. The accident took place at 12:15 a.m.

"One of the angles we're checking out is that Sparks may have been rolled and robbed after he left Helen's Hideaway," said Nelson. "Whoever rolled him might then have dumped him in the weeds along Novi Road. When he came to, he may have staggered into the road where he got hit by the car."

Nelson admitted that no positive evidence had been

attained that would support such a theory.

"We'd like to locate that wallet and we'd also like to be able to trace his whereabouts after the time he left Helen's Hideaway," stated the Novi detective sergeant. "It's also possible that he might have met one of his friends at Helen's and gone somewhere else for a while and he was merely walking back to the bar to get his car," Nelson continued.

Anyone having information that might be pertinent to the case is requested to contact Nelson at the Novi Police Department.

CITY OF NOVI

NOTICE OF ENACTMENT
ORDINANCE NO. 73-34

TAKE NOTICE that on the 25th day of June, A.D., 1973, at a Regular Meeting, the Council of the City of Novi, Oakland County, Michigan, enacted an Ordinance adopting the recommended RECIPROCAL HEATING CODE, 1966 Edition, of the Reciprocal Heating Council, Inc., and any revisions, supplements and amendments thereto regulating the safe design, construction, installation, alteration, inspection, testing and maintenance of heating equipment and appurtenances thereof in the City of Novi, and to repeal all ordinances and regulations inconsistent with and of the provisions of this Ordinance.

This Ordinance is hereby declared necessary for the preservation of the peace, health, safety and welfare of the people of the City of Novi and shall take effect upon publication as required by the City Charter.

Notice is hereby given that printed copies of said Ordinance and a copy of the Code referred to therein, is available for inspection by and distribution to the public.

City Commissioners

May Back Plan

Continued from Record, 1 suggests a possible ring road around the CBD, closing off of Main Street to through traffic, and development of pedestrian malls.

One of the major changes suggested by the plan, explained Nino, is the proposed future land use of the south-west section of the city (Bealtown). Here, he indicated, planners see about half of the area being used for industry, half for track purposes.

The plan suggests possible expansion of the track to the east to provide additional stabling to eliminate the need for the stables at the south-west corner of Seven Mile and Sheldon roads, he said.

Turning to the thoroughfare plan, Nino indicated that a modified north-south route

proposal appears more feasible than the earlier suggested routes.

Basically, the plan calls for the first leg of the route, from Main to a point on the west side of the C&O railroad viaduct, to use the existing roadway. From this point a new roadway is suggested along the west side of the track, crossing the eastern tip of the mill pond, Base Line and Eight Mile roads before tying into Novi Road.

He suggested the city must "exercise its political muscle" to convince Wayne County to underwrite the north-south route, which he indicated was vital to the community's future.

It was the plan's suggested land use of the Bealtown area that concerned many of the

citizens attending the meeting.

William Gaab of 105 Fairbrook, referring to property adjacent to the track, told commissioners he strongly objected to the track designation because it obligated the owner to deal only with the track instead of putting the property up for sale on the open market. This procedure, he indicated, puts the property owner in an unfair position.

In reply, Wheaton pointed out the plan does not establish zoning. Furthermore, in the case of the property referred to by Gaab, the city's previous master plan (1964) designated it for track just as does the proposed new one.

Robert Cole, who said his family owns the largest tract of land adjacent to the track (six acres), wondered aloud if upon expiration of a lease with the track what would happen if his family decided to develop senior citizen housing on the property.

Furthermore, he indicated his displeasure with the plan because it did not indicate commercial development along a major street (Center) south of Cady.

Commissioners, however, indicated that if the property is proposed for commercial or another kind of development the proposal will be considered by the commission on the basis of sound planning and not necessarily on master plan designation.

Also, in response to an expressed fear over rumored closing of the track this year, the commission indicated that should the track indeed close at some future date the plan would have to be changed to provide for another projected use.

Among other comments by the commission or citizens were these:

- The master plan hearing had nothing to do about establishing the kind of development that will take place in the orchard area adjacent to Northville Estates.

- Construction of the north-south roadway, if it does become a reality, is at least five or six years away.

- Details of the ring road suggested by the planning commission have not been worked out.

- Various sites about the community are being considered by the city's housing commission for possible development of senior citizen housing but as yet no specific locations have been decided upon.

- Extension of Wing Street from Fairbrook to Seven Mile is likely to take place next summer, according to the manager.

- Inclusion of additional downtown property in the CBD will not adversely affect (financially) existing businesses.

Two Receive

Ferris Degrees

Degrees and certificates were awarded to graduates of Ferris State College graduates, last month, the college has announced. Among those graduated were two Northville residents.

Jason V. Mattison of 39861 Six Mile Road was awarded an A.A.S. in automotive service. A BS in data processing was received by Denise A. Stoddard of 8249 Seven Mile Road.

In Novi

Cable Damage Disrupts Phones

Michigan Bell repair forces worked around the clock for three days last week to restore telephone service to 1,800 Novi customers following a cable dig up.

A contractor, installing a new water main at Nine Mile and Center Roads in Novi late Monday, July 2, damaged two telephone cables, disrupting service to customers both east and west of the intersection.

A swollen creek and a heavy rainstorm added to the woes of the repair crews and delayed the restoration.

"The cables were damaged at a manhole location," explained Hazen J. Wilson, local Michigan Bell manager.

"Ordinarily," he said, "repair crews would enter the manhole, fix the damaged cable and restore service in the matter of hours."

"However, the manhole where the repair work was to have taken place lies next to a natural creek," he said.

Rains that Monday evening swelled the creek, flooding the manhole.

Michigan Bell workmen, in waist-deep water, then began to dam the creek to hold back the flooding waters.

By 9 p.m., the men were still trying to control the creek waters while pumps began to empty the manhole.

It was early Tuesday morning before Michigan Bell's splicing crews were able to begin the actual restoring work on the two damaged, and wet, cables.

Meanwhile, some 150 feet of new cable had been brought to the site to be spliced into the damaged cables.

The repair crews worked throughout Tuesday and all day on the Fourth of July to get all phones back in working order early Thursday morning, Wilson reported.

He added that Michigan Bell was standing by with emergency service for the Novi police and fire departments and city hall in the event the few lines that were working into those areas could not handle the call load.

In Northville Colony

Ask New Address

A petition drive is underway this week in Northville Colony Estates to change the mailing address for the subdivision from Plymouth to Northville.

The drive is similar to the one which also began this week in Northville Commons to change that subdivision's address from Plymouth to Northville.

Circulating the petitions among the 210 families in Northville Colony is being headed by Mrs. John (Dolores) Drieltis of 41691 Rayburn Drive and Don B. Williams of 41895 Sunnydale Lane. Williams is a member of the Northville Colony Estates Association board.

Mrs. Drieltis said the move to change the address to Northville was prompted to "end some of the confusion."

"We live in Northville township and the subdivision is called Northville Colony Estates," she explained, "yet we have a Plymouth address. It's very confusing."

A majority of the families living in Northville Colony must sign the petition in favor of changing the mailing address before the switch may

take place. According to Northville Postmaster John Steimel, the petition would then be submitted to the district postal manager for his consideration and approval.

Process of approval of the address change takes about 30 days, Steimel explained, and is usually granted if the public wants the change.

Proclamation Praises Novi Lions Club

Novi Mayor Pro-Tem Denis Berry a week ago Monday issued a special proclamation hailing the recent establishment of the Novi Lions Club.

The Proclamation read as follows: "Whereas, a dinner was held on June 23, 1973, at the Thunderbird Hilton, Plymouth, Michigan, for the purpose of presenting the Charter to the Novi Lions Club, and;

Whereas, forty-one members of the Novi Lions Club were recognized as charter members on that occasion, and;

Whereas, the Novi Lions Club pledges to make Novi a better place to live by helping

those less fortunate than themselves, and;

Whereas, the purpose of a Lions Club is to determine community needs and develop means of meeting them, either through its own efforts, or in co-operation with other agencies, and;

Whereas, the best known activity of Lions Clubs is sight conservation and work for the blind, therefore;

Be it resolved that the City Council of Novi, Michigan recognizes, acknowledges, and welcomes the Novi Lions Club to the City of Novi, Michigan."

Charter President of the Novi Lions Club is Richard Faulkner.

Eye School Site Work

Earth-moving work on Novi school sites, particularly at Orchard Hills Elementary, was authorized this week by the board of education.

Meanwhile, administrators have been directed to secure cost estimates for major high school baseball diamond repair and erection of a concrete wall at Village Oaks Elementary School.

Erection of unique playground equipment, including a large used boat, was to begin this week at Village Oaks Elementary School at no cost to the school district.

School officials have commended Village Oaks parents and staff members for undertaking the project.

Novi has been awarded a \$683 supplementary grant for a reading readiness program.

Use of a school bus for recreation purposes this summer has been authorized by the board of education upon the request of Milan Obrenovich.

A proposal to provide oral

Driver Classes

Slated July 16

Second session of driver education classes at Northville High began Monday, July 16, assistant principal Dave Longridge announced this week.

Students who have signed up for the second session are requested to be on time. Classes begin at 8 a.m.

reporting of student progress to parents by teachers at Village Oaks is under consideration.

The proposal calls for the first and third reports to be given orally, either in person or by phone, with the other two reports in writing as is now the case.

Teachers are to explain the proposed experimental

program at the next meeting of the board.

Plymouth township will ask its voters this September what they think about consolidation with the city of Plymouth.

Reportedly, the township board has agreed to an advisory vote on the question as a part of a special election ballot concerning the extension of sewer facilities.

The issue interests me, as it must many longtime residents of the Plymouth-Northville area who have observed local politics over the past 20 years.

I am no longer familiar with the community leaders of Plymouth. But in the early fifties efforts to unite the city and township governments were met by fierce opposition from strong township leadership; and the latter was aided by stubborn, uncompromising city leadership.

The result was that since 1956 Plymouth township has been playing a stalling game that has effectively blocked any opportunity to seriously study unification (consolidation or annexation) of the two governments.

But that game may now be near its end and Plymouth voters may at long last face up to the responsibility of deciding upon the future governmental status of their Community.

For about 16 years the township has been voting for and against incorporation as the city of Plymouth Heights.

The trick to the game was to know when to vote "yes" and when to vote "no".

Under then-existing law it was possible to file petitions to incorporate as a city and thereby block any attempts to consolidate or annex the township.

The first election required voters to decide whether or not they favored incorporation, and if they did, to elect a commission to draft a charter.

The "yes" votes always carried in this first-stage election.

Then the charter commissioners had up to two years to propose a charter and a name for the new city. On this ballot the voters would decide whether or not they really wanted to become a city and approve its charter and elect a council.

The "no" votes always carried the second-stage election.

So then it was back to the drawing boards. The law provided that subsequent attempts at incorporation could be made without interference from proponents of consolidation with the existing city of Plymouth.

So another charter commission would be nominated and again the voters would be asked if they wished

to incorporate the township into a city.

And again...and again...and again they voted "yes" in the first-stage election and "no" in the second instance.

But in February this year the Michigan Court of Appeals ruled in a similar case in the city of Rockwood that the State Boundary Commission should proceed with an annexation petition even though the same area was involved in an incorporation attempt.

So in the case of Plymouth, the Boundary Commission is now considering petitions filed in 1956 to annex a portion of the township to the city. It's unlikely that these petitions will still conform to the law because of changes that have been made since their original filing.

But next in line for consideration by the Boundary Commission is a petition filed in 1970 to consolidate the city and township of Plymouth.

So the real possibility exists that Plymouthites could soon be deciding whether or not they wish to join together under one government.

The consolidation process differs from the annexation method attempted in Northville earlier this year.

If approved by the Boundary Commission, it calls for two elections, one on the question of consolidation itself and for the election of a charter commission, then a second election to adopt the proposed charter and elect a council.

Unless a thorough educational campaign is undertaken throughout the community of Plymouth to examine the pros and cons of consolidation, it's unlikely that voters will approve a change.

And a September township advisory vote can provide little more than opinion based upon emotional reaction.

It's possible that Plymouth township voters may seize upon the opportunity to preserve the status quo by again taking up their old game of voting "yes" in the first election and "no" when it really counts.

But good luck, anyway, Plymouth.

Personally, Northville's annexation election taught me that it's far easier to be against something than for it.

And one day the logic of unification of the city and township of Northville, as well as Plymouth, will become apparent to a majority number of citizens.

But first they must feel the squeeze in their pocketbooks and recognize that they cannot afford to pay two officials to do one job.

TED MAPES

Speaking for Myself

Use Plastic Garbage Bags?

ANN ZINN

YES . . .

Yes, I support the use of plastic garbage bags. And, I might add, so do many others who want clean, efficient removal of trash and garbage in our communities.

If a good quality, heavy-duty plastic bag is used, it is not only a convenience for the sanitation department but it is a whale of a lot more convenient for the householder as well.

When plastic bags are used the sanitation men need only pick them up and throw them onto a truck.

In the winter garbage dumped directly into a metal or plastic container often freezes to the bottom of the can and presents a real problem when the sanitation man tries to empty it. Quite often, part of the rubbish or garbage remains in the bottom of the container or the container is damaged.

Using plastic bags can help eliminate bent or broken containers and unhappy residents.

In the warmer months use of the plastic bags can considerably cut down on unfavorable odors and pesty insects. They also present a more sanitary condition for the men who have to handle garbage and trash during summer months.

Ted Mapes
Assistant Director
Northville DPW

NO . . .

Plastic trash bags may be handy for the trash men, but they do present some problems. For one thing plastic does not decay, it merely piles up in ever-increasing amounts in our landfills. And, although I have no statistics to prove it, it is not hard to imagine that this plastic does slow the rate at which the trash itself decays, making the landfill process less effective.

The one-time use of any plastic is also wasteful; adding to the problem of the diminishing supply of petroleum (a non-renewable natural resource) from which many plastics are made.

Then too, plastic bags make trash more mobile. It is far too easy for irresponsible people to toss a few bags of garbage into their cars to toss out along the roadside, creating an unhealthy and unsightly mess. It probably wouldn't happen as often if they had to try and fit garbage cans into their cars!

Plastic bags are too flimsy to protect the contents from foraging animals. Dogs as well as wild creatures often leave trash scattered all over the area as they search for some tidbit. Since, in many locations, the trash must be put out the night before pickup, this is unavoidable—if you use the bags and not the good old-fashioned garbage cans. They were at least some protection with the lids securely on.

Yes, plastic bags are handy. But it would be best if we could somehow operate without them until a better solution to trash disposal comes along.

Green Oak Planner

Photographic Sketches . . .

By JIM GALBRAITH

Tuckered Twirler

By JACK W. HOFFMAN

If your husband has been coming home with an untouched lunch sack, wives, it's time to start asking questions.

There's a good chance a 35-24-35 honey from Henry Ford College has been trading smiles with him over a Sloppy Joe and a cupful of cold-slaw.

And those smiles, dear wives, are costing you some of the peanuts he's been feeding you in lieu of a Weekly Allowance.

I make no accusation, of course. Nor do I name names. I merely attempt to smear and malign husbands by innuendoes. Like my Watergate friends, I figure if I must take it in the neck others must do likewise.

The noon-day sport called "Rally Around the Hot-Lunch Wagon, Boys" came to my attention recently when a herd of fellow employees trampled over me enroute to the side door of our printing plant.

For the uninformed, a hot-lunch wagon is a cafeteria counter atop a pickup truck chassis. It carries hot sandwiches, submarines, pie, coffee, etc. from factory to store to police station, catering to workers during lunch periods and coffee breaks.

It had become common practice at our printing plant, as I'm sure it had elsewhere, that when the truck arrived someone would yell, "Garbage truck's here," and two or three would saunter out to buy something.

This time, I had heard no "Garbage truck" signal. Instead someone screamed, "She's here!" and the mad dash for the door began. Curiosity got the best of me and I followed the stampede path.

And wives, guess what? Instead of a pimply faced kid with a money changer wrapped around his middle, the salesman wore short shorts and a halter and a smile big enough to heat up a cheeseburger.

Queued up to the wagon like hogs at the trough, my fellow workers were buying sandwiches and pies and cups of coffee by the armful.

And would you believe it, wives, the sack lunches you'd prepared were less than 30 feet away...right next to the company's free coffee machine?

I wouldn't say your husband was a fawning flirt. Certainly not. But when was the last time he whispered, "Oh, such nice liverwurst today, Terri" to you?

Terri...Terri Mathews is the name of this 19-year-old charmer who has put some adventure into the otherwise drab noon-day outing here in Northville and in nearby Plymouth and Livonia.

A call to Terri's boss, Bill 'Ozzie' Osborn, confirmed that this college sophomore's popularity is widespread.

"It was the best move I could make hiring Terri," said Bill. "My business has jumped 30-percent since she joined our firm."

Readers Speak: Middle School Plan Stirs Concerns

To the Editor:
I have been reading with interest the Record's accounts of the controversy surrounding the site plans for the middle school at Waterford and Franklin and the letter to the editor regarding the possibility of having to pave Franklin Road as a result of the traffic generated from the school.

As has been reported in the Record, I have sharply disagreed with the School Board's contention that the middle school complies with township zoning regulations on its distance from my property line. The School Board bases its contention that the front of the school is on Franklin Road, not Waterford Road as is the firm

opinion of the Township's planning consultants Vilcan-Leman. School Superintendent Spear has admitted that, for all practical purposes, the main entrance is on Waterford Road since that is where buses will approach, students and visitors will enter and where the school's main sign will remain. I am the owner of property

500 feet of which will adjoin the middle school site and 500 feet of which fronts on Franklin Road. Now, I and my neighbors on Franklin are confronted with the possibility of another problem arising from the middle school's construction. For many years, Franklin has remained a quiet and pleasant dirt road spared from noise

and traffic. Now however, we are facing the strong possibility that the school board will eventually demand the road's paving as a direct result of the traffic engendered by the faculty and others using that route to the school.

Frankly, we are afraid that the School Board will adopt

the same attitude toward the residents on the paving issue that they have adopted up to the present regarding the zoning compliance and other matters. Superintendent Spear, at the Special Meeting, June 13, stated the school board will probably "have to pave the road" at the cost

News From Lansing

By R. ROBERT GEAKE
Michigan Representative

It seems like it took long enough, acutally too long, but the United States Supreme Court has issued a ruling that could be the start of stamping out the wide distribution of obscene and pornographic material.

Even before the U. S. Supreme Court decision was rendered, however, the Michigan House of Representatives had begun its attack on the problem.

House Bill 4963, sponsored by my Republican colleagues, Peter Kok of Grand Rapids, Harry Gast of St. Joseph, Donald Van Single of Grant and Mel Larsen of Pontiac, along with three Democratic colleagues, would ban advertising of X-rated movies to minors, including the showing of previews of X-rated movies where minors may have been admitted to see another feature.

Another bill that would ban the showing of X-rated movies in outdoor theaters was introduced back on February 26, 1973. Both bills are being considered by the House Judiciary Committee.

A special sub-committee of this House Committee on judiciary has offered a substitute for this bill that would ban any movie showing explicit sex acts from being shown on an outdoor screen.

The special committee has been holding public hearings on this bill and is taking testimony from anyone wishing to speak to this issue.

I am encouraged by the response shown at these hearings by the general public and, as I would have originally guessed, most people are against the public display of poronographic and obscene material.

The U. S. Supreme Court, in overruling the decision of the Michigan Supreme Court setting free a Grand Rapids bookstore operator after he was convicted of selling obscene material, seems to be saying that it is finally willing to set limits on the distribution and showing of this kind of material.

It also appears to say that it will support the state and local governments in attempts to put a halt to this common nuisance.

As I pointed out earlier, the State Legislature was already taking steps to enact laws making it more difficult, and hopefully impossible, for the "smut peddlers" to operate.

I know the Legislature will take the direction from the U. S. Supreme Court and become heavily involved in bringing an end to this serious problem.

I was encouraged to read in the newspapers that many so-called 'adult' bookstores immediately closed following the Supreme Court decision and some X-rated movie houses had changed the types of movies they were showing almost immediately.

It appears that the attitude of permissiveness shown by our courts in recent years is reversing and I, for one, welcome this change.

++ ++ ++
If you have a state income tax refund coming and haven't received it yet, be a little more patient—it's probably on its way now or will be very soon.

I have learned from the Treasury Department that about 306,000 Michigan residents are still waiting for their tax refunds. They claim a new computer is at fault for the delay.

Treasury officials told me the check writing computer is about eight days behind. Those who have not received their checks may have to wait as late as mid-July to get them.

If you have not received your refund check by July 15, please contact me and I will investigate the delay personally.

Middle School Plan Stirs Concerns

Continued from Page 10-A

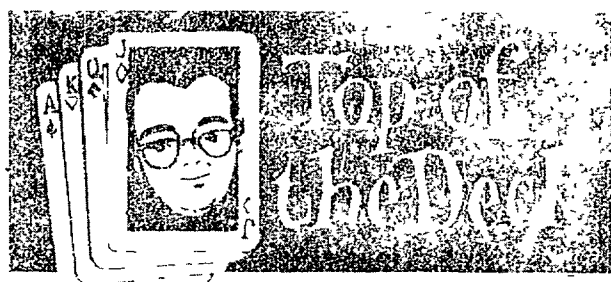

of the residents on Franklin. Will the School Board be concerned with the fact that this would be an unfair and costly burden on the residents? Judging from past experiences, it will be difficult. I made a request to the Superintendent for the distance of the school to my property line and the response was misleading and inaccurate. A letter expressing my concerns about possible

zoning violations in relations to my property was sent to each member of the School Board, yet it was never discussed at their meetings. Contrary to the practices of school boards in other communities, the Northville School Board submitted the school site plans to the Township Planning Commission at such a late date, the School Administration claims it was too difficult to comply with Twp. planning consultants recommendation

Her smiles give big boost to lunch business

(See Top of The Deck Column)

Continued from Page 10-A

Not only has Terri stimulated sales for Osborn Catering, but the boss insists she's proven responsible in the way she handles the truck and the money she takes in.

"She's pleasant to hear and see," observes the boss. "Wouldn't you agree?"

"Oh, my yes, Bill.

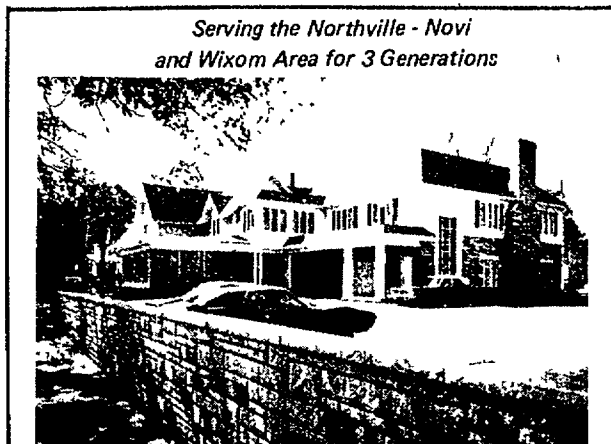

"There's one thing, though, would you please ring up my wife and explain the telephone number and the measurements she found in my billfold were strictly in the line of duty."

to change their plans.

The bottom line of the School Board's defense is that it is only answerable to the State Board of Education. While technically the State is ultimately responsible for school construction, I am sorry to see the Northville School Board take so narrow a view of its responsibility to local government. To the contrary, school boards in

most communities find it in their best interest to listen to and work closely with the citizens whose taxes support the school system. It is my sincere hope that the Northville School Board be encouraged to become more accountable to the concerns of individual citizens and to the community in which it operates and serves.

'Band Lacks Drive'

To the Editor:

I would like to thank the Jaycees for the effort and work they put forth in the interest of our freedom.

This accomplishment did not come about with only a few hours of planning! Everyone who participated should truly have a happy feeling inside because of his

or her privilege to express faith and hope in our beautiful country.

At this time I would like to vote that our Northville High School Band be "Independent!"

Band Club has worked hard for the last few years to give these students support and encouragement. The band had a very poor percentage showing for the 4th Parade.

Mr. Langfield, who supported the band for many years, wasn't even honored the way he should have been. There were bands from other areas who did a better show.

I think that we should let our kids fight to be band members or let them only take "music" as a class.

Having had sons who participated in sports and who came home from practices so sick and hurt that they couldn't eat or drink, I am not too impressed with any band member who complains about a little heat, sore feet and wearing Black Bermuda Shorts! Members who make the athletic teams are proud of their uniforms!

Maybe music students should compete to be in the Band!

Sincerely,
A Band member mother

Needs Help Putting Shoes on Tiny Feet

To the Editor:

Remember when you were a kid and one of the nicest things about going back to school was brand new shoes?

We have a number of children in Northville who really need new shoes - not hand-me-downs. So FISH is going to attempt to set up a new shoe fund with one of the larger shoe distributors who has been very generous in the past and will allow us a 10 per cent discount.

There will be a garage sale July 19th thru July 21 at 15800 Fry (off Five Mile and 2 blocks west of Haggerty). Mrs. Joan Schroder has generously offered her garage for the sale. If you have any donations to make please call her at 453-3559.

We are looking for any household items (dishes, pots & pans small electrical appliances, etc.).

If you can't come to the sale but would care to contribute to this worthy cause, please mail your check to Mrs. R. Matthews, 605 Grace, Northville 48167. On the lower left hand corner of your check if you write "FISH donations," you can claim

this as a tax deduction next year.

Many thanks for any help you can give these children and the new Shoe Fund.

Sincerely,
Shirley Matthews
Co-Chairman

Jaycee Parade

Draws Plaudits

To the Editor:

It sure was a nice day on July 4, 1973...all because of the Northville Jaycees and the nice people who lined the streets.

I for one was very proud of the Jaycees, their parade and the other events they sponsored.

Thanks again to the Jaycees for making July Fourth a very nice day for all of us old-timers as well as the young people of our community.

J. S.

CITY OF NOVI NOTICE OF ENACTMENT ORDINANCE NO. 73-26.02

TAKE NOTICE that on the 25th day of June, A.D., 1973, at a Regular Meeting, the Council of the City of Novi, Oakland County, Michigan, enacted an Ordinance to amend Section 1.01 of Ordinance No. 70-26, and to adopt by reference, the 1970 Edition of the Fire Prevention Code and accumulated amendments, supplements or revisions prepared by the American Insurance Association, successor to the National Board of Fire Underwriters, known as the FIRE PREVENTION CODE of the City of Novi.

The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of public peace, health and safety, and are hereby ordered to take effect immediately after posting and publication thereof in manner prescribed by the City Charter.

Notice is hereby given that printed copies of said Ordinance and a copy of the Code referred to therein is available for inspection by and distribution to the public.

Joseph Crupi, Mayor
Mabel Ash, City Clerk

CITY OF NOVI NOTICE OF ENACTMENT ORDINANCE NO. 73-50

TAKE NOTICE that on the 25th day of June, A. D., 1973, at a Regular Meeting, the Council of the City of Novi, Oakland County, Michigan, enacted an Ordinance to provide for the installation and operation of all gas welding, brazing and cutting systems, and to cover all gases, including gaseous fuels generated from flammable liquids under pressure, when used, or stored, for welding, cutting and brazing, and for the storage of calcium carbide, in the City of Novi, Michigan; to provide for the administration and the enforcement thereof; to designate the required fees for the permits and licenses; to provide the penalties for the violation thereof; and to repeal other ordinances in conflict therewith.

The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of public peace, health and safety, and are hereby ordered to take effect immediately after posting and publication thereof in manner prescribed by the City Charter.

Notice is hereby given that printed copies of said Ordinance is available for distribution to the public.

Joseph Crupi, Mayor
Mabel Ash, City Clerk

Scare Prompts Police Bouquet

To the Editor:

Certain people in the town of Northville should be commended for their bravery and concern over others. The certain people to which I am referring, are members of the Northville Police Force.

Last night for instance, my mother and brother and I were in the house alone, when strange noises emitted from the attic above. Not wanting to take any chances of meeting with a prowler face to face, I called the police.

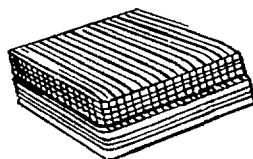

Within minutes, two squad cars and four policemen were here. Two came inside and advanced to the attic, taking precautions also. From outside, one of the men remarked that our prowler was none other than a four-legged, furry faced, masked bandit, more commonly known as a raccoon. After being successive at scaring the bandit out of the attic, we were assured of finally being safe.

This must be one of the

lighter sides of a policeman's daily duties, but they certainly deserve a big cheer from us.

Squeezed Out

It won't be long now and the familiar old building on Main Street, west of Center will bite the dust. Squeezed out by the rapidly rising new Northville Square shopping center, the former village hall-fire station-jail is to be razed to provide a service entrance for the shopping center. Most recently occupied by Paul Folino's insurance agency and previously used as a restaurant, the

building is vacant now...waiting for the end of a long life. The picture at the left was taken from The Record roof, as was the one above, two years ago before the site was cleared for the center. In the background is the old library building which has been moved to a historical site off Griswold Street and which is being restored by the Northville Historical Society.

Trustee Charges 'Discrimination'

Charges of discrimination against township trustees by Supervisor Lawrence Wright and Treasurer Joseph Straub were leveled Tuesday night by Northville township Trustee Richard Mitchell.

Mitchell's verbal barrage centered around the township board's decision in June not to pay membership dues in the Michigan Township Association (MTA).

"It's discrimination that (Straub) can belong to the treasurers' association and the trustees can't have their association. We pay your dues to the treasurers' association, but you voted against paying the dues to our association," Mitchell charged.

The trustee also criticized Supervisor Wright for voting against joining the MTA while Wright is allowed to belong to the supervisors' association.

Clerk Sally Cayley also belongs to the clerks' association.

By a 3-2 vote last month, board members decided not to pay the MTA's \$720.50 bill. MTA is the lobbyist for townships.

Voting not to pay the bill were Wright, Straub and Trustee John MacDonald. Mitchell and Clerk Cayley voted to pay the dues.

Trustees Leonard Klein and Charles Schaeffer were absent from the June meeting, as were they Tuesday night. Straub told Mitchell that dues to the treasurers' association amounted to only \$20 per year.

Mitchell said that "for a number of years the township belonged to the MTA and think of some of the good it's done."

"All of a sudden we have a situation where we knock the association down. I would like

to know the reason why," he questioned Straub.

"If I'm not going to get an answer, I'll make a motion we rejoin the association," Mitchell commented.

Straub told him he could not "reconsider the motion since you have to have voted for it first."

Township attorney Donald Morgan explained to the board that rejoining the association was not in order since the only thing before the board was a letter from Colonel Joseph Parisi, executive secretary of the MTA, advising the township of what effects not paying dues would have on the township.

The list of 10 benefits the township would lose included:

- MTA newsletter;
- legislative report from MTA;
- telephone and letter answering service;
- educational programs;
- convention and meeting invitations;
- legal counsel;
- field representatives;
- manuals and publications from MTA;
- MTA representation in legislative affairs; and
- fringe benefit program for any new officials or employees.

Trustee MacDonald said he was only concerned about the last item, fringe benefit program.

Both Wright and Straub said they had checked with the insurance company carrying the township's insurance which stated that it "would have no effect on present or future officers or employees. I spoke to the company yesterday and they are putting it in writing," Wright explained.

Wright said he has attended meetings of the MTA and "I

was not impressed. I got information that I already heard through SEMCOG, supervisors' or mayor-supervisors' associations."

"At conventions, Parisi kept referring to 'empty heads under the dome,'" Wright said, "and that's no way to win friends and influence people."

"With our state senator (Carl Pursell) and representative (R. Robert Geake), there isn't anything we can't get from them by picking up the phone," the supervisor added.

Clerk Cayley said she "can't agree with that. I have not had that luck."

"State legislators are all for cities and maybe there's some justification to 'empty heads under the dome,'" she added.

MacDonald said that if "Parisi is wrong (on the fringe benefit program), I'd like to find out how he got the information or if he just put it down as a scare tactic."

"If that's the case," MacDonald continued, "I do not want him as our representative."

Mitchell agreed, saying "I'll go along with that. I have used the association enough to know that information you can derive is useful. You've never gone," he told MacDonald.

In a direct challenge to MacDonald, Mitchell said, "If you had pulled annexation, would you have voted to drop the Michigan Municipal League," he asked while pointed next door at city hall.

MacDonald replied, "I do not know what services they provide."

Board members voted 5-0 to receive and file the letter from Parisi and to wait for the letter from the insurance company before taking any action to reconsider paying the MTA dues.

As President

Board Elects Johnston

Stanley Johnston was elected president and Martin Rinehart named vice-president of the Northville Board of Education Monday night.

Named secretary of the board was P. Roger Nieuwkoop while John Hobart was elected treasurer. All four positions were filled by unanimous action and without opposition.

Johnston, who previously served as president of the Northville board, replaces Dr.

Orlo Robinson who has headed the board for the past three years.

Robinson told fellow board members they "made it easy to perform the function as president and you made it an enjoyable task. Thank you."

Rinehart replaces Johnston as vice-president while Nieuwkoop fills the position held last year by Mrs. Sylvia Gucken. Hobart replaces Rinehart as treasurer.

In other action Monday, school trustees set the second

and fourth Mondays of each month for meetings and designated Manufacturers National Bank of Detroit Northville Branch as official depository for school funds.

Director of Business and Finance Earl Busard and appropriate building principals were authorized to sign activities account checks. The treasurer was also authorized and directed to deposit all public monies, including tax monies, received in his name or in the name of the school district.

Board members adopted two resolutions recognizing services performed to the school district by past board members Richard Ambler and Glenn Deibert.

Ambler recently completed one year on the board after being appointed to the

position and Deibert served on the board for six years. Neither ran in the June election.

Appointments to subcommittees of the board were made Monday by Johnston.

Physical facilities committee will be chaired by Rinehart with Hobart and Johnston as members.

Personnel committee will be headed by Dr. Robinson with Nieuwkoop and Mrs. Gucken as members.

Finance and budget committee will be chaired by Hobart with Trustee Andrew Orphan and Rinehart serving on the committee.

Superintendent Raymond Spear and Johnston will be exofficio members of all committees and all board members will serve on the curriculum and systems committee.

City May Absorb Fire Volunteers

Taking the position that it is a "worthy proposal so long as we are not used as a wedge," Northville Mayor A.M. Allen echoed the sentiment of the city council over a suggestion that the Highland Lakes volunteer fire department be absorbed by the Northville department.

Specifically, the mayor and fellow councilmen are insisting that they not be put

into a position of influencing the township board which has not yet heard the formal report and recommendation of its fire-study committee.

Highland Lakes firemen have voiced interest in joining the city department, which is jointly financed by the city and township.

City Manager Frank Ollendorff, who sees no difficulty in expanding the department size from 22 to 28 men, has advised councilmen that the additional volunteer firemen may be warranted in view of the growth in the township.

The additional men, he said, could play an important role in assisting the department in fire calls to Highland Lakes.

However, Ollendorff stressed that while the city stands ready to cooperate in this effort, the final decision must rest with the township which would be financing the cost of the enlarged department.

Council Approves Equipment Bids

Purchase of equipment costing a total of \$14,127.88 was unanimously approved by the Northville City Council last week.

The council awarded a \$11,301.66 contract to Broquet Tractor for a new tractor with backhoe and loader. Broquet, which submitted the second lowest bid, was awarded the contract based on its past dealings with the city and its close proximity to the city for servicing.

Two other bidders and their quotations were: William F.

Sell & Son, Inc., \$11,291.75; and Saline Ford Tractor, Inc., \$11,585.

Council also awarded a contract to Coolman Industries for a new air compressor.

Coolman's low bid was \$2,826.22.

Other bidders and their quotations were: Burke, \$3,800; Associated Parts and Service, \$2,995; and Panelli, \$3,090.

The compressor bids were net prices based on a trade-in of the city's old compressor.

Consultant

Continued from Record, 1

Wright said that "if we receive permission to use a building and the fire station, we will not do away with our city connections."

Currently, the township contracts for fire protection from the City of Northville.

"We still need the set up with the city," Wright said, "but we need other stations, too."

THE NOVI NEWS

The Brighton Argus

THE SOUTH LYON HERALD

Wed.-Thurs., July 11-12, 1973

By JACK W. HOFFMAN

Crusted layers of paint, the Salada Tea sign in the wood-framed windows, shelves of bread and soup and soap and crackers, and red pop, racks of packaged vegetable and flower seeds, a lazy ceiling fan, and the cubby hole of a post office tucked in the corner.

The country store.

Remember?

Most are gone...but, fortunately, a few linger on, priming memories of by-gone days. Oh, the clapboard siding long ago gave way to imitation brick and additions and awnings and air-conditioners have sprouted here and there.

But by and large the sights and sounds and smells are unmistakably the same.

Visit the Salem General Store and see for yourself.

So old that not a living soul anywhere remembers when the timber was hauled out of a nearby woods to form the superstructure, the two-story building today still clings tenaciously to the corner of Dickerson Street and Six Mile Road in the village center of Salem Township.

A. T. Gillahan, who bought the building and business some six years ago but who continues to work for Wayne County, guesses the building was erected about 1858 give or take a year or two.

Most likely the building was put up by John Dickerson, who acquired the property in 1839—nine years after Eli Smith took up the land from the United States government.

President Andrew Jackson signed the original land grant.

"Why don't you ask Vic Lewis," suggests the owner's wife, a native of Northville. "If anyone knows how old this place is he will."

Ninety-two year-old Lewis, oldest Negro in Salem, gently eases himself down into the wicker chair on the shady side of his porch, inhales the scent of roses coming up over the railing, and says, "Oh my stars, it's mighty old for sure. It had put on a lot of years by the time I got to town as a youngster of four or five."

Although "downtown" Salem is but a dried up seed of what once was flowering commercial center, the general store remains virtually unchanged, says Lewis.

"I 'spect they don't make much money there nowadays but it hasn't changed much in appearance. Many times I walked in there as a youngster...in those days a penny stretched a whole lot further..."

Salem in those early years, back before the turn of the Century, was a thriving town boasting a cheese factory, two or three general stores, a dry goods store, barber shops, depot, hotels, blacksmith shops, creamery, he remembers.

"Use to be a couple of stores just this side of the market," says Lewis.

MANY ROLES.—The slow and easy pace of the "cracker barrel" era isn't all it's cracked up to be. Ask Tom Hamway, who moved from Detroit to Hartland 17 years ago to operate a little country store. When he's not behind the counter waiting on a customer or in the back cutting meat or away running an errand, he's out front pumping gas for a motorist in a hurry. He's on the go from 8 a.m. to 7 p.m. Monday through Saturday with two or three hours thrown in for good measure on Sunday. "At 54, I'm no whipper-snapper," he sighs. "I think when I retire I'll sit around and do nothing."

Jody Rohroff gets a handful of candy from the jars lining the counter in the century-plus old country store in Salem

Number One

Petunia A U.S. Favorite For Home Landscapes

Of all flowering annuals, the petunia is probably No. 1 in American home landscapes. Like other annuals, petunias are easier to grow and less expensive than most plants grown in home gardens. Hundreds of hybrid varieties provide annual and continuous color to the outdoor setting. These hybrid petunias are available in dwarf to medium heights and solid and mixed colors. Colors range from shades of blue, purple, pink, orange, red, yellow, and white to blue and white, pink and white, purple and white, and red and white.

F-1 hybrid varieties are superior to old open-pollinated types, though open-pollinated types remain available through some seed houses. These hybrids are available as Multi-flora and Grandiflora types with both single and double flowering. Multiflora varieties are many-flowered types which are usually early and flower profusely with blooms ranging from 1 1/2 to 2 1/2 inches across. Hybrid Grandiflora varieties have flowers ranging from 3 to 4 inches across, often frilled or ruffled edges. Double Grandiflora varieties are not as reliable as singles or Multiflora Doubles. Flowers of singles are usually plain edged. Because of their outstanding cascading habit and large blooms, a number of single Grandiflora varieties have been grouped into the Cascading Series. The cascading effect makes these plants well-suited to growing in container gardens (window boxes, hanging baskets, tubs, urns, pots and planters). Other varieties are used as borders, ground covers, and in beds for mass effects. Many are planted for

fragrance and drought resistance. Petunias do best in a light-textured, well-drained, moderately rich soil which has been thoroughly cultivated. Avoid clayey soils. Plantings can be started from seed or transplants. Only clean, fresh seed or short, healthy seedlings should be selected. Seed can be sown indoors about 8 weeks prior to transplanting or outdoors after the soil has warmed. Seeds are small; cover lightly or not at all. Do not plant outdoors until the danger of frost has passed. Plant in full sun. Seeds should germinate in 8 to 12 days. Transplant seedlings when the first two true leaves are fully developed. Space plants 12 to 18 inches apart. Fertilization, mulching, and pruning (pinching) may be desirable. Too much water and fertilizer can cause extensive vegetative growth and sparse flower. Remove old flowers when they start to fade.

Yard n garden things you can make and enjoy the same day!

THIS WEEK: EDGING WITH BARK

The Gardening Way

By MARGARET HERBST

ADVICE FOR THE VACATION-GOING GARDENER

With the heat of the summer months and the desire to get away to cooler climes, an active gardener is faced with a problem of management. Here are a few tips that will help to "vacation-proof" a garden or hold work down to a minimum even if you are a "stay-at-home".

One of the vital chores that must be maintained under all circumstances is watering. Whoever is delegated in your absence should be provided with a schedule of what needs water and when, so that there are no misunderstandings.

It is rarely wise to accept a neighbor's offer to take care of your garden while you are away. For most busy people these days, even one garden can prove to be too much.

If an ambitious teenager offers to water and cut your lawn, be sure to put it on a business-like basis for the job. An extra inducement for good work could be a bonus on return.

It sounds like a very basic suggestion but before you leave, show the person who is going to tend your garden where you keep all of your equipment and how to run it. It may be that he does not know how to handle a power mower or other tools. In similar manner, if you have a sprinkling system, point out the turn-on valves which may be hidden under foliage. It stands to reason that all gardening equipment should be in good working condition.

To make it easier, collect all movable plants in one place, preferably in a shady spot near a hose connection under tree or lath, or on the east side

of the house. Another simple protective device is to enclose the pot in a polyethylene bag. This will materially reduce loss of moisture and keep the plant for about two weeks in good condition. Then again you can plunge the pots into a protected section of the garden and mulch with peat moss or other material, particularly if you intend to be away more than two weeks. A feeding with liquid fertilizer will give an added boost.

It is good practice just before you leave to soak everything thoroughly. A good water basin around trees and shrubs is excellent policy. Some plants may need staking in case of wind storms. If you have any ripe fruit, either put it up or give it away.

For the indoor gardener, a very practical solution is to provide plants with wick-fed pots. There are various types on the market for this purpose. If you expect to be away just a few days, fill the reservoir base one or more times until the plants no longer take water. Fill the base again with water just before you leave.

On the other hand, in the event of a two-or-three week vacation, take the plant containers out of the bases and set them on a rack above a water-filled pan. For example, an oven rack placed over a dish pan or roasting pan will hold several plants. The wick in each case must hang down into the water. Before your departure, fill the pan with water up to the bottom of the plant containers. Place the plants in a location where they are sure to get plenty of light but not too much heat. Precaution should also be taken to situate the plants where the temperature will not fall too low.

Pull Weeds by Hand

Bulbs Need Attention Even When in Flower

Summer bulbs such as dahlias, gladiolus, lilies, etc., need special attention even when they're flowering, according to Dr. J. Lee Taylor, extension horticulturist at Michigan State University.

"Pull weeds by hand when possible," recommends Taylor. Surface roots and stems may be injured by a hoe or other weeding tool.

Normal rainfall usually provides enough moisture for summer flowering bulbs. During dry weather, soak the ground thoroughly at weekly intervals.

When plants bloom, fertilize them lightly with 5-10-5 fertilizer. Use no more than one half pound for a 5 by 10 foot flowerbed or apply a light ring around each plant. "Many flowerbeds will be fertile enough from fertilizer used on other plants grown in the bed," says Taylor.

Be sure to keep fertilizer off the leaves and away from bulbs and roots because it will burn them.

Avoid using high nitrogen fertilizers. "Bulbs decay when too much nitrogen is used at one time," explains Taylor. Decay is unlikely when you use bonemeal,

because it releases nitrogen slowly. Apply bonemeal at flowering time. Use no more than three pounds for a 5 by 10 foot bed. Mix it thoroughly

into the soil. When flowers fade, cut them off to prevent seed formation. Seeds take stored food from the bulbs.

green survival it begins with you

The environmental crisis we face is so critical and so overwhelmingly immense in scope that Americans have good cause to stand back helplessly and wonder what on earth they can do as individuals to help.

One answer is for each of us to look upon our homes and businesses as "micro-environments" and begin there. It's true! The individual homeowner or businessman can do much to purify the air, abate noise, stabilize soil and clarify water.

Here's the Answer

It's Gas Knell for Big Cars

LANSING—It may be a few years before it happens, but all the signs point to the extinction in the future of America's traditional big engine, two ton plus automobile.

The evolution is being brought about by two converging forces: the desire for a better environment with better air and the dwindling supply of fuel reserves in the country. Big engines burn more gas anyway, and with the demands of extra equipment to protect the environment coming on strong, they burn even more gas per mile.

The problem of gasoline consumption is marked enough without talk of higher gas prices. So when some people urge an increase in the federal gas tax, the thought is really to further cut back more on the use of gas, more than to raise money.

NOW ANOTHER proposal has been put forth in the Michigan House: tax cars more heavily the heavier they are and the more powerful their engine is.

Republican Perry Bullard, D-Ann Arbor, introduced a bill which would set a flat \$20 fee for a passenger car weighing not more than 2,000 pounds and with a horsepower of no more than 100. He would charge an additional three cents per pound for each pound over 2,000 and 50 cents per horsepower for each horsepower in excess of 100.

Thus, a 4,000 pound car with 250 horsepower would cost its owner \$155 for license plates.

The bill most surely won't get far this year. But it is the type of forward looking bill that in a few years might make its way into the law books.

THESE HIGHER gasoline prices

Time to Sign Up For Nature Study

Area residents' still have time to enroll in a class entitled "Michigan Wildlife - The Pond," which will be given at the Nature Center of Kensington Metropark near New Hudson from July 19 through July 28.

Classes will meet on Thursday evening from 7 p.m. to 10 p.m. - and Saturday mornings from 8 a.m. to 11 a.m., with four sessions conducted by Miss Patricia Eising, supervising park naturalist.

Details, including registration, are available by

and more expensive registration fees for cars aren't unusual, if one looks outside the United States where fewer roads and narrower streets compare with our highway systems.

The result has been the development in those countries of much lighter cars with smaller, higher performance engines that operate much more efficiently.

One of the short range solutions proposed for the United States has been the lowering of speed limits. But even here the big cars still cannot compete in economy to small ones.

IF GAS RATIONING becomes a reality, the smaller cars will have an obvious advantage, since any restrictions of so many gallons per driver over a given time period would mean more miles in a small car than in a big one.

Should this development come, it could have drastic effects in Michigan unless the automakers are prepared to deal with the changes.

On the subject of gasoline, those who don't believe Michiganders pay a low gas tax, even with the two cent increase-voted last year, need only to look to other countries.

Michiganders pay a total gas tax of 13 cents per gallon, with nine cents going to the state and the remaining four cents to the federal government.

Compare that to Japan, where the gas tax in Tokyo is 35.3 cents per gallon, plus a 2.6 percent duty on the gasoline import price. The average price for regular gas in Tokyo in July, 1972, was 68.8 cents per gallon.

Compared to that, 42.9 for regular doesn't seem so high.

EVEN THE JAPANESE get off

relatively easy compared to the Europeans.

The highest price is Rome. Drivers in the Eternal City pay the government 77.1 cents for every gallon of gas they buy, plus a 6 percent duty. The average price of regular gas there last July was 98.9 cents per gallon.

In Paris, the total tax was 59.4 cents per gallon and regular gas cost 81.7 cents per gallon. Londoners paid 46.1 cents per gallon tax and a total of 67.6 cents per gallon for gasoline. In Copenhagen the price of gas was 75.2 cents per gallon, with 51.9 cents of that going to the

government; while in Oslo, Norway, the total price for gasoline was 84.1 cents and the tax was 59.6 cents per gallon.

THE HIGH PRICES in other countries represent even more cost to the consumer when we compare his take home pay with his counterpart in the U.S.A.

The gas tax in this country could go higher in the coming years.

But for the moment, as bad as it is, Michiganders look good when gas tax rates are compared to foreign neighbors. Things could be a lot worse than 13 cents per gallon. They are in a lot of countries.

Registration Set At Schoolcraft

Advance registration for the Fall Semester at Schoolcraft College will be held the week of July 16-20 in the auxiliary gym on campus.

Sophomores will register from 8:30 - 11:30 during the morning and from 1 - 3:30 the afternoon of the following morning. Freshmen will register beginning Tuesday afternoon through Friday afternoon.

Advance registration is for students who have had an appointment with their counselor, and have completed the course enrollment form.

Students unable to register the week of the 16th will have an opportunity to do so on any

three Fridays: July 27, August 3 and August 10. On these days, registration will be held in the Office of Student Affairs.

Evening students may also register during the advance registration period, or by mail by August 3rd. They, too, should see their counselor and complete the course enrollment form. Persons planning to take classes at Garden City may also register in advance on campus and by mail.

Persons wishing further information should telephone the Schoolcraft Admissions Office at 591-6400, ext. 228. The College is on Haggerty, between Six and Seven Mile Roads, in Livonia.

The Kingdom Belongs to Christ

REVEREND GEORGE KIND
Retired, New Hudson

1 Samuel 8:7. "And the Lord said unto Samuel, 'Hearken unto the voice of the people (in desiring a king) for they have not rejected thee, but they have rejected me, that I should not reign over them.'"

The Israelites wanted a king. Moab, Ammon, Syria had kings, why not Israel? Samuel did not like the idea. He may have thought that a king would take away some of his authority. But Samuel could see the dangers of Israel having a king.

As usual, Samuel made this a matter of prayer, and the Lord replied in the words of our text. It seems strange how things work out sometimes. Perhaps in your experience things have happened to you that you could only evaluate as providential. It is the same today as it was years ago. We find in the Biblical narrative a young man, head and shoulders taller than anyone else, of the tribe of Benjamin, searching for some farm stock that had strayed, and coming at last to Zuph where the prophet Samuel happened to be.

Samuel met Saul there and said to him, "Has not the Lord anointed you to be prince over his people Israel? And you shall reign over the people of the Lord and you will save them from the hand of their enemies round about."

Samuel was the last and greatest of the earlier judges and seers of Israel. It was the end of an epoch. Israel was to have a king. Israel had never had a king before. In those days a king was a dictator. He was like a god. He had the power of life and death over his subjects. Being called the Lord's anointed, He would likely be free from harm or danger from his subjects, because they felt that a curse would fall upon them if they did anything to him.

Some Biblical scholars think there was a close connection between the Ark of the Covenant and the idea of the divine kingship. Just as the Ark of the Covenant showed the presence of God so the king was the representative of God. In a sense an assassination of the king was thought of as

something almost suicidal in its nature.

It was a long drawn-out battle over many nations and centuries for the idea of the king-dictator finally to be understood as tyranny should the king's character and rule be intolerable. It had to be by force that kings were finally stripped of their power and made a representative of the people rather than of God.

But the idea of the distinctness of the king still remains wherever a nation has a king. Today a king does not need to make any decisions. His mind or action is contained in the government; therefore, in that sense he is immune from error. The royal family is the representative family of the nation.

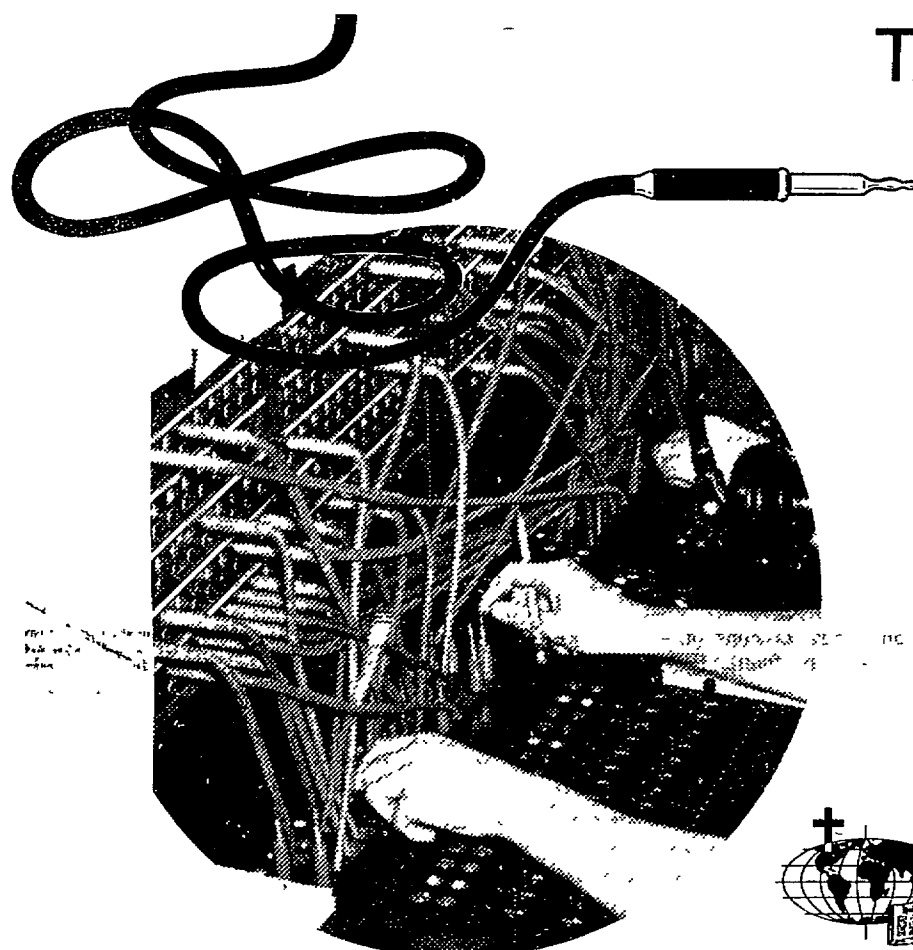

We do not have a king or sovereign, but a similar idea is contained in the use of a flag, which is a symbol of the unity, freedom and ideals which are the heritage of the nation. It is not for men to take any of the prerogatives that belong to God only. It is not for our flag to be made into an idol or fetish.

Man can never have any of the true prerogatives of God without disaster, nor can he have his sense of faith and integrity to be encompassed by a visible object without an enervation of his sense of God.

In Luke 1:30-33, we read, "And the angel said to her, 'Do not be afraid, Mary, for you have found favor with God, and, behold you will conceive and bear a son, and you shall call his name Jesus. He will be great, and will be called the son of the Most High, and the Lord God will give to him the throne of his Father David, and he will reign over the house of Jacob for ever, and of his kingdom there will be no end.'"

The prerogative of an absolute throne or kingdom belongs to Jesus Christ and he can be best represented in men of authority being men of faith, toward God and integrity toward their fellow men. It may be noted, that we as individuals have an authority within the sphere of our influence, and the same conditions apply to us.

Looks like a jumbled mass of wires, doesn't it? But to experienced fingers, each line has a meaning, and by plugging the right cord in the right place, a miracle in communication is established.

Much in life seems hopelessly jumbled. Yet so many of our problems can be solved if we cut through the maze of our personal "tangled wires" and get to the heart of the matter. To do this, we need to know what is essential and what is non-essential. We need a sense of values.

In this complicated age, it is hard to simplify things. It is difficult to grasp and understand those basic precepts which have always endured and which will serve us in the years to come.

Go to the church of your choice next Sunday. Listen with open ears, mind, and heart. It may mark the beginning of a new, uncluttered channel of communication for you.

Babson Report

Troop Cut Could Hurt Peace

WELLESLEY HILLS, Mass. At a time when the U.S. and the Soviet Union are in the midst of delicate negotiations aimed to reduce troop levels in Central Europe, new efforts are being made in Congress to force upon the President a unilateral cutback, or perhaps even a large-scale withdrawal, that would greatly weaken his hand, and even imperil NATO unity.

Today Europe is a flourishing continent. Both the NATO countries comprising the Western Alliance and their Eastern counterparts in the Warsaw Pact are more prosperous and more powerful than ever before. Many regions—and many major industries—in the Western nations enjoy the fruits of economic progress, including a standard of living comparable to our own.

West Germany alone is a nation of greater prosperity than was the whole of Germany before the war. France has again become a great power. Even in the satellite countries of the East, trade

flourishes and living conditions are somewhat improved.

Yet the specter of fear lingers. For, although Moscow alternately tightens and loosens the reins on the Balkan States, she has not appreciably loosened her grip on East Germany and Poland.

PENTAGON studies released last month indicate that the armies of the North Atlantic Treaty Organization (NATO) could withstand a massive Warsaw Pact ground attack without resorting to nuclear warfare. Some Members of Congress interpret this conclusion as an argument in favor of bringing home a substantial number of the 300,000 U.S. troops still stationed in Europe as part of NATO's defense apparatus.

The Administration maintains, however, that the Pentagon's findings provide strong support for its position that current troop levels be maintained until the NATO and Warsaw Pact countries themselves reach agreement on mutual

reduction of forces.

WILL ANYTHING come of the move in Congress to legislate a withdrawal of U.S. forces from Europe on the grounds that they are no longer needed there and that we cannot afford to keep them there anyway?

Back in the spring, the Senate Democratic Caucus did pass a resolution calling for a substantial reduction in troops by the middle of the next year. Although this approach has the strong approval of Senate Majority Leader Mike Mansfield, follow-up action by the House and Senate is doubtful.

Consensus on Capitol Hill does favor troop cutbacks, but a majority of the Members side with the White House in realizing that our troops are a bargaining chip in the NATO negotiations with the Warsaw Pact nations. If we make any unilateral withdrawals, this leverage will be diminished and a stable balance of forces on the continent will be less likely of attainment.

OUR NATO ALLIES in Europe

appear to be cautiously optimistic as the first round of the European Conference on Security and Co-operation opens this week in Helsinki. We here at Babson's Reports feel that the preparatory talks went well and that agreement to accept the status quo of frontiers in Europe that has existed since the conclusion of World War II is virtually a fait accompli.

But the Helsinki conference is not dealing directly with military matters.

The latter are being discussed in Vienna. The atmosphere in that city is less conciliatory, while the attitude of the USSR and the other Warsaw Pact countries is more militant. The truth is that the Soviets are dragging their feet on troop reductions, concentrating instead on diplomatic and trade detente.

For the U. S. to reduce its NATO troop commitment in Europe at this time would be to play into Moscow's hands, weaken the NATO alliance, and even shorten the odds for peace.

OUTSTANDING VOLUNTEER—Dr. James Steffes (right) of Northville receives a Boys' Clubs of Metropolitan Detroit Outstanding Volunteer Award from Thomas Walker, field representative of the Midwest region, Boys' Clubs of America. The award, presented at the recent annual meeting of the BCMD's Board of Directors, commended the veterinarian's many hours of service in seeing to the medical needs of the farm animals kept at the Club's summer camp at Harsens Island. Dr. Steffes lives at 24140 Chipmunk Drive.

A NATIVE of Northville, Henry Tank, has opened a carpeting store in Novi at 43270 Grand River.

Called Henri's Carpeting, the new business features both goods and service. Among carpetry sold by the firm is the Trend Mills line, Ozite indoor-outdoor, and commercial carpeting.

The business is open Tuesday, Thursday and Sunday from 8 to 4 p.m. or by appointment. Tank lives in the same building where his business is located.

ALAN H. SOMERSHORE, of 19800 Westhill Road, has been appointed corporate advertising manager of Federal-Mogul Corporation.

The appointment was announced by Duane F. Murphy, director of corporate marketing and public relations.

Somershore was previously employed as advertising and sales promotion supervisor for DeKoven Division of Walker Manufacturing Company, a major manufacturer of automotive exhaust systems, jacks and filters. He joined Walker in 1968 as advertising coordinator for the firm's corporate brands following two years with a Columbus, Ohio advertising agency where he served as creative director and account executive.

A graduate of Ohio State University, Somershore's experience includes both advertising and merchandising activities for a major automotive supplier's original equipment and aftermarket programs.

METROPOLITAN LIFE Insurance has a new sales representative in the South Lyon - Salem area.

Robert T. Moore, sales manager for the Ann Arbor district, this week announced the employment of Dennis E. McCarthy, 29, of 5820 Five Mile Road, Salem, in a local insurance sales capacity.

McCarthy, married and the father of two children, may be reached at 971-7020 (the Ann Arbor office).

AT THE FIRST Meeting of newly-elected board of directors of American Aggregates Corporation held Tuesday, June 19, 1973, Dudley D. Steinhilber was elected a vice president of the corporation.

Steinhilber has been the district manager of the Michigan District of the company since 1971. In addition to his duties as vice president, he will remain as the manager of the Michigan District.

He has been with the company since 1952 and was manager of the Kalamazoo plant from 1955 to 1962. He was transferred to Brighton as plant manager in 1962. The Steinhilbers reside at Milford and are the parents of five children.

BURROUGHS CORPORATION has announced the appointment of John E. Scarpelli as manager of recruitment and placement, on the corporation headquarters staff.

He will be responsible for developing sources of manpower to meet World Headquarters personnel requirements, and for supervising recruitment, placement, and transfer activities for Headquarters personnel.

Scarpelli received a bachelor of arts degree in sociology from Fordham University in 1965 and has also taken graduate work there and at the University of Connecticut.

Scarpelli, his wife Donna, and two children reside in Novi.

PAUL FOLINO'S State Farm Insurance office in Northville was moved this past weekend.

Formerly located in one of the community's oldest buildings, the insurance office was moved to 430 North Center Street directly across the street from the Chatham supermarket.

The old building on Main Street is to be razed soon to make way for the service entrance to the new Northville Square shopping center.

Launch Survey to Combat Forest Eating Gypsy Moths

To help prevent gypsy moths from devastating Michigan forests, the Automobile Club of Michigan and Michigan State University have joined with private campground operators in a survey program to detect any statewide spread of the leaf-eating pests.

Auto Club has distributed gypsy moth traps to Michigan's more than 300 private campground sites.

"In recent years, recreational vehicles have become the main carriers of gypsy moths from the Eastern seaboard to other areas of the country," notes Joseph Ratke, Auto Club touring manager, adding that:

"With the record number of campers and trailers on the road today, the threat these insect pests pose to Michigan's campsites is tremendous."

Auto Club points out that if the gypsy moth becomes established in Michigan, it would make most campgrounds in infested areas unusable due to tree defoliation.

In addition, gypsy moths are comparable to fish flies as nuisances to campers. In infested areas, the caterpillars swarm in great numbers over trails, underbrush, buildings and camping equipment.

State and federal officials are now attempting to eradicate the third infestation of gypsy moths in Michigan in less than 20 years. A 10,000-acre tract near Mt. Pleasant, surrounding a heavy concentration of the pests, is under quarantine.

The gypsy moth traps, supplied by the U.S. Department of Agriculture, are baited with a chemical substance that attracts male

MOTH TRAPPER

gypsy moths within a 1 1/4 mile radius. The traps are made from paper cups.

If any moths are captured by the end of the summer, campground operators have been instructed to contact Dr. William Wallner at Michigan State's Cooperative Extension Service.

Harmful only in the caterpillar stage, gypsy moths defoliated more than two million acres of forest in 1971 in New England, New York and Pennsylvania.

The U.S. Department of Agriculture since has estimated that up to five percent of all recreational vehicles leaving the Northeast are gypsy moth carriers.

"The gypsy moth's egg-laying period—which is between July and September—coincides with the time when large numbers of recreational vehicles are in

wooded campsites," notes Wallner, a Michigan State entomology professor.

He said Michigan's current infestation of gypsy moths tentatively has been linked to an egg mass brought into the state by a recreational vehicle from Connecticut.

"Since campgrounds are a frequent entry point for transient gypsy moths into forests, the participation of private campground operators in our survey program will be a tremendous service," Wallner adds.

Auto Club notes that recreational vehicle owners also can help protect their forests by periodically inspecting their vehicles for gypsy moths.

Checks should be made especially for gypsy moth egg masses since a single mass contains up to 1,000 eggs. The egg deposits, which hatch during late April and early May, are tan-colored and covered with fuzz. Average size is about 1 1/2 inches long and 3/4 inch wide.

Brownish, hairy gypsy moth caterpillars can be distinguished by their red and blue spots. In late July or early August, the caterpillars spin cocoons and emerge 10 to 14 days later as adult moths.

Male gypsy moths have dark brown forewings and a 1 1/2 inch wingspread. The female moths, which do not fly, are white with about a two-inch wingspread.

In searching a recreational

vehicle, these areas in particular should be inspected: the trailer hitch, any loose metal at the bottom of the trailer, under steps, on both sides of the wheels and inside the truck and camper.

If any eggs, cocoons or caterpillars are found, they should be removed and crushed. As an added precaution, they should be burned.

Making this inspection is especially important if campers are traveling in areas where there are known gypsy moth infestations.

JAMAICA VACATION in unique "Villas-in-the-Sky"

Magnificent oceanfront airconditioned hotel condominiums from \$7.50 per person daily. All suites elegantly decorated. Each with fully equipped kitchen. Directly on magnificent white sand beach. 13 Completing Park Workshop

Fifteen persons are completing a class (which ends Friday, July 13) now in progress entitled "Workshop in Teaching in the Outdoors" at Kensington Metropark near New Hudson.

The class is conducted by Miss Susan Stevens, a teacher at Eastern Michigan University in Ypsilanti, who said the course is designed to show elementary and other teachers how to use the

outdoors as a classroom.

Persons are learning about wildlife topics, with the nature trails and nature center at the Kensington Metropark as a resource. Miss Patricia Eising and Robert Wittersheim, park naturalists, are also assisting with the classes.

Additional details are available by contacting the Nature Center, Kensington Metropark by phoning 685-2417 (Milford).

Buy A Country Store

Continued from Page 1-B

The late Oscar Hammond of Northville operated a store "right next door to us here. But burned down," says Mrs. Gillahan, who was filling in for the "postmistress," Eleanor Tanner.

The post office isn't much more than rows of postal boxes adjacent to a caged window in the corner of the store. An old polished-by-use school desk top, with the familiar hole at the top right corner for the pot of glue or ink, serves as the post office counter.

Look closely and the visitor can see the clues that a bar once was secreted in the rear of the store and that a five-chair barbershop once occupied the basement.

Or wiggle through the crawl space between the false ceiling and the second floor apartment and inspect the hand-carved rosette that once decorated the ceiling.

Or look over the old, heavy metal floor safe or the 1919 ice box that are still in use.

Or put on a smile by peeking at the conversation pieces overhead: containers of Sheep Dip, Wonder

Cleaning Paste made years ago by S. P. Stevens of Northville, and the Two-Way Insect Killing Paint.

What prompts people to buy old country stores that may never again provide comfortable livings?

"I guess, frankly, maybe you think things will change; that with the subdivisions going up the store will make some real money again," says Mrs. Gillahan.

"Of course, for my husband it is really just a hobby, with an investment towards the future, because he already has a good job."

Then she shares a bit of nostalgia:

"You can get awfully close to history thinking about the people who came in here years ago. About the town and what it must have been...the picket fences, the houses, the families, horse drawn wagons, hitching posts, all the other businesses. "But you know the big reward isn't remembering the past; it's the people you meet coming in here today.

"If you ever want to get close to the people...to a town, buy yourself a country store!"

Lake Michigan Lure

Dunes, Forests Team Up

Editor's Note: This is another in a series on selected Michigan State Parks which offer unusual features to campers. The series will run through Labor Day.

Sand dunes, scenic Lake Michigan shorelines, and thick forest are the lure at two western Michigan state parks, but Muskegon State Park has the edge in everything except fame and size, according to Automobile Club of Michigan.

Muskegon has many similarities with D.H. Day State Park near Empire, 149 miles north, but the former has nearly three times as many campsites so there may be a better chance of getting

accommodations there.

Muskegon State Park is four miles west of North Muskegon on M-213. Its 1,125 acres include three miles of sandy beach on Lake Michigan, two miles of Muskegon Lake frontage and three-quarters of a mile on Muskegon channel.

Campers have 346 sites at two locations to choose from. One is located at the north end of the park in a heavily wooded area along the Lake Michigan shoreline. This campground has 242 sites with modern facilities, bathhouse and a parkstore. The other site is three miles south in a tract of Jack Pine growth along the channel leading into Muskegon Lake. There are 104 modern sites here with fair privacy and adequate but

spotty shade. Swimmers must go to the day use beach on nearby Lake Michigan.

From the crest of some of the higher dunes, distant views over the tops of tall trees also afford a wide, sweeping view of Lake Michigan.

A boat launching site at Snug Harbor, on Lake Muskegon, provides access to the lakes and channel. Picnic sites also are available.

The park has many well-marked foot trails which make the interior interesting because of the different stands of trees covering the ancient sand dunes.

Fishing in Muskegon Lake is excellent for large and smallmouth bass, bluegills, perch, pike and walleyes.

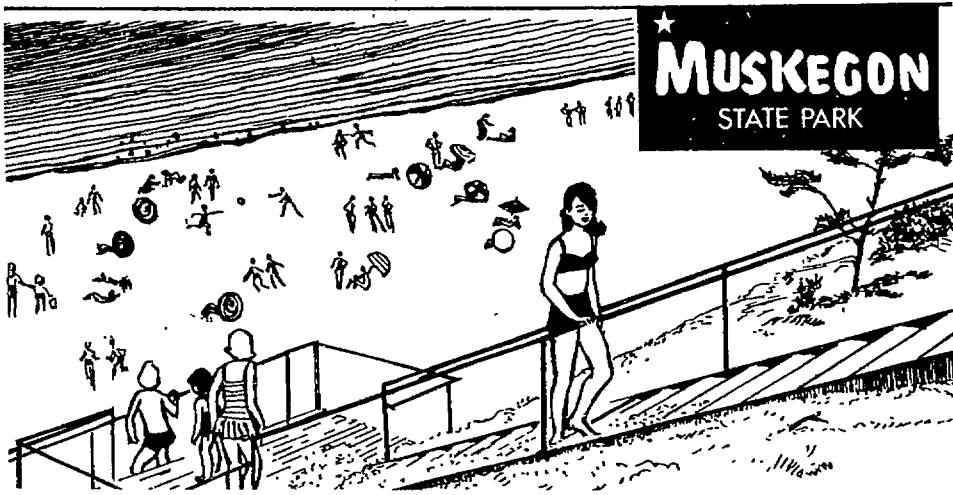

Muskegon State Park's attendance last year was 465,579, making it seventh among the 32 parks in the Michigan Department of Natural Resources Region III, which covers the southern half of the Lower Peninsula. Its counterpart, D.H. Day State Park, with only 130 campsites, exceeded Muskegon's attendance by more than 110,692.

Besides camping, other attractions in Muskegon include the Hackley Art Gallery, the Muskegon County Historical Museum and Deer Park, on US-31 north of Muskegon.

The Seaway Festival in Muskegon, now in progress, continues through July 8.

If Muskegon State Park should be full, other state parks in the vicinity include P.J. Hoffmaster, on Lake Michigan between Grand Haven and Muskegon, three miles west of US-31 on Pontaluna Road, 333 sites; Grand Haven State Park, a mile southwest of Grand Haven on US-31, 172 sites; Holland State Park, seven miles west of Holland, 342 sites; and Silver Lake State Park, eight miles southwest of Hart, 250 sites.

Northville Project

Jaycees Battle Alcoholism

Operating under a \$400 grant from the U.S. Jaycees, as solicited by the Northville Jaycees and turned over to the 35th District Court Probation Alcoholism Program, the court recently launched a comprehensive orientation class for "alcoholic offenders."

Under the direction of Probation Director Dennis Dildy of Northville, the court requires alcohol offenders to attend a series of four weeks of lectures by doctors and A.A. experts on the topic of

"Alcoholism and Its Effects."

The Tuesday night classes were begun June 26, and they will run continuously throughout the year.

The first meeting featured a Jelinek Chart presentation by staff members from the Brighton Hospital. This chart explains the "symptomatic-social effects" of alcoholism.

The second meeting focused on the medical effects of alcoholism and will be conducted by a team of doctors.

A talk by a member of A.A. and how this organization has

helped him in his fight against alcoholism constitutes the third class, and the fourth meeting will include a panel of experts reacting to questions posed to them.

After the four orientation sessions all alcoholic dependents are required to attend A.A. meetings.

Jaycee involvement in this and similar projects around the country represents the first time since prohibition that a national leadership organization has dedicated itself "to work for greater awareness and understanding of drinking problems in our society," said Dildy, immediate past president of the Northville Jaycees.

The United States Jaycees have adopted a major resolution calling for responsible drinking by those who drink alcohol...and for acceptance of the individual's right not to drink.

According to Dildy, the campaign in 6,700 Jaycee communities across the country will include public service messages, posters, bumper stickers, newsletter articles and reproduction prints, and a pamphlet of guidelines for responsible drinking.

The pamphlets, he explained, will include the truth about some popular drinking myths, suggestions for helping friends with drinking problems, and tips on sensible drinking. It also will contain helpful hints for the host and hostess who serve alcohol.

"By undertaking a campaign to dispel myths about alcohol, alcoholism and drinking, the Jaycees hope to help reduce alcohol-related problems. The most important myth we hope to shatter is that alcoholic people can't be helped. Alcoholism is a treatable illness, and the Jaycees are convinced that when enough people come to know this, alcoholism recovery rates will zoom.

"Although a vast majority of the 100 million Americans who choose to drink use alcohol responsibly, there are about 9 million alcoholic Americans today. And more than half our traffic fatalities

involve alcohol."

In their campaign, the Jaycees hope to enlist strong support from young people, elected officials, business and labor leaders, clergy, doctors, and other influential groups.

"Young people are of special interest," stated Dildy. "The young are prepared and educated carefully for adult privileges and responsibilities such as driving, voting, and earning a living, but very little attention is given to teaching young people responsible practices and attitudes about drinking. "Honest and open discussion before young people begin drinking is one of our Jaycee goals."

The United States Jaycees and member chapters such as Northville are calling the drinking program "Operation Threshold." The alcohol education effort is made possible by a grant from HEW's National Institute on Alcohol Abuse and Alcoholism.

Enemy on Move

Your home garden has an enemy — cutworms. These hairless caterpillars attack many garden vegetables, and this year's long, soggy spring has helped intensify the problem.

Michigan State University entomologist Donald Cress suggests using a combination of methoxychlor and malathion to keep your home-grown vegetables free from cutworms. These insecticides are available in concentrate

liquid form at most garden supply stores.

The use of 5 percent methoxychlor plus 5 percent malathion, applied according to the label and at the base of the plant, is recommended.

For additional information, contact your local Cooperative Extension Service office and request Extension Bulletins 529 and E-760.

Jaycees, Langfield Top 'Other' Races

Apparently there's just no way to stop Choo-Choo Car Wash and Northville Lumber.

The two premier teams in the Northville Recreation Department's Men's Slo-Pitch Softball League continue to make a shambles of the rest of the teams as they have a combined record of 24-1 for the season.

As a result, there are three races going on in the Northville Mens' league.

There's the race between Choo-Choo and Lumber for first place in the American League.

There's the race between the other four American League teams for third place.

And then there's the race for the National League championship.

With very little available in the way of opposition, Choo-Choo and The Lumber found a new way to while away the time between their personal showdown battles - they took turns registering shutouts in last week's action.

Don Phillippi, the regular Choo-Choo chucker, was away last week so Don Thompson took the mound and tossed the Car Washers to a 2-0 victory over a good Plymouth State Home team.

But The Lumber and ace hurler Jerry Levan still managed to one-up the Choo-Choo squad as they posted a pair of shutout victories. Tuesday they topped Exotic Plastic and Rubber 12-0 and Friday they downed Con Langfield 7-0.

The State Home gave Choo-Choo one of its toughest

games of the season before relinquishing a 2-0 victory. Charlie Fialon, the State Home pitcher, and Thomson each gave up a total of seven hits, but Choo-Choo was the only team to get on the scoreboard.

Pete Woodard's sacrifice fly drove in Rich Adams with the first Choo-Choo run in the third and John Fawcett singled home Thomson with the other Choo-Choo run in the fifth to complete the scoring.

Ray Courter was the only State Home player with two hits, while Adams and Jim Weston each had a pair of singles for Choo-Choo.

It was a big week for Lumber pitcher Jerry Levan who set what must amount to some kind of record by tossing back-to-back shutouts.

Exotic Plastic and Rubber got at least one hit in every inning against Levan's well-calculated pitches, but were unable to get anyone across the plate as The Lumber battered out a 12-0 triumph. Bob Boshoven paced the 17-hit Lumber attack with four singles to share hitting honors with shortstop Dan Parker who belted a double and a home run and third sacker Bob Kucher who had a pair of two-baggers.

Jim Daniels and Ed Nothman had two hits apiece for Exotic.

Levan followed up his shutout performance over Exotic by blanking Con Langfield 7-0 Friday, giving up just four hits. At the end of four innings Bill Puckett's single was the only hit off Levan and Stan Nirider's single was the only Lumber

hit off Langfield's Mike Mahoney.

But The Lumber finally got untracked in the fifth and scored five times to break the scoreless deadlock. They added two more in the sixth to wrap up the 7-0 win.

Nirider and Wally Reed were the only Lumber players with two hits while Bernie Bach, Puckett, Steve Pauli, and Rick Pickren had the four Langfield hits.

The Northville Jaycees squad took over first place in the race for third place in the American League by blasting Northville State Hospital 18-2.

Jaycee hurler Ron Reitenour, who rates with Phillippi and Levan as one of the top three hurlers in the league, limited the State Hospital to just four hits. Tom Lang led the 17-hit Jaycee attack with a single, double, and two triples in four trips to the plate. Jim Belz and Ron Hellier stroked home runs for the Jaycees.

Plymouth State Home stayed in the race for third place in the American League by toppling the Northville Newcomers 9-1.

The Newcomers scored one in the first as Jim Clemens doubled home Bill Todd, but the State Home blasted out nine hits good for six runs in the bottom of the first. Each team collected just four hits over the final six innings of the game.

Norm Angner and Charlie Fialon had two hits apiece to lead the State Home, while Roland Thomas' two hits were tops for the Newcomers.

The Presbyterian Men's Club, the only team in the

league without a victory, held a 3-2 lead over Exotic Plastic and Rubber until the sixth inning when Exotic scored six times and then went on to win 12-3.

Jeff Sudz had three hits including a triple, while Greg Marshall, Jim Daniels, and Steve Utley banded out two hits apiece to account for nine of the 18 Exotic hits. Rick Sievert's two-bagger was the only extra-base blow for the Presbyterians.

In what had to amount to the wildest game of the week, Con Langfield and John Mach Ford battled to an unbelievable 21-21 tie.

Trailing 14-9 at the end of four innings, the Car Dealers jumped out in front 21-14 with 12 runs in the fifth, only to see Langfield come back to knot the score at 21-all with three runs in the fifth and four more in the sixth.

John Mach Jr., Bruce Mach, Linton Groszitz, and Chuck Boerger had three hits apiece for John Mach Ford, while Jeff Jones and Bernie Bach collected triples and Bill Puckett added a double to lead Con Langfield.

In Novi Softball

Three Teams Tied for First

They were celebrating at Ben's...oops, better make that "the Novi Inn"...last Thursday.

Reason for the celebration? Simple!

The Novi Inn-sponsored entry in the Novi Parks and Recreation Commission's Mens' Slo-Pitch Softball League had just knocked off a determined J.P. Realty squad to move into first place.

It should be noted, however, that the Novi Inn is not the only team in first place in the Novi League.

Far from it.

In fact, by virtue of their hard-fought triumph over the Realtors, the Inn merely earned the right to join two other teams in first place - the Novi Jaycees and L'Esperance Electric.

To say that the Novi race is close is a little like saying Dick Butkus is a linebacker - it just doesn't describe the situation.

Play in the Novi League reached the half-way point last week with five teams still very much in the running for the 1973 championship.

L'Esperance, the Inn, and the Jaycees are all tied for the top spot with 7-2 records; Michigan Tractor is just half a game back with a 6-2 record; and Star Lincoln-Mercury is just one game off the pace with a 6-3 mark.

This week should be a key as the league leaders start to square off against each other. Michigan Tractor has two key games as they play the Jaycees and the Inn, while L'Esperance Electric must take on Star Lincoln-Mercury in another important battle.

Just two games were played last week as no contests were slated for July 4 and rains washed out the scheduled Olympic Manufacturing-Novl Heights game.

Key game was the Novi Inn's 17-13 victory over a rapidly improving J.P. Realty team.

The Realtors took advantage of the absence of Klaus Bujak, the regular Novi Inn pitcher, and scored four times in the first inning, as Will Pilch, Jim Reynolds, and Ron Isely all stroked doubles.

They upped that lead to 6-1 in the top of the second as Ben Wright added another two-bagger and Pilch broke the streak of two-base hits by slamming a triple.

By the end of three and a half innings, the Realtors had opened up an 8-4 lead. But in the bottom of the fourth, the Inn's heavy hitters finally found the range.

Scott Boyer and Brian Deneen collected doubles, Bob Miller cleared the bases with a triple, and Paul Faulkner capped the rally by blasting his fourth home run of the season.

All told, the Inn tallied eight big runs in the fourth to take a 12-8 lead the Realtors were never able to overcome.

Back-to-back homers by

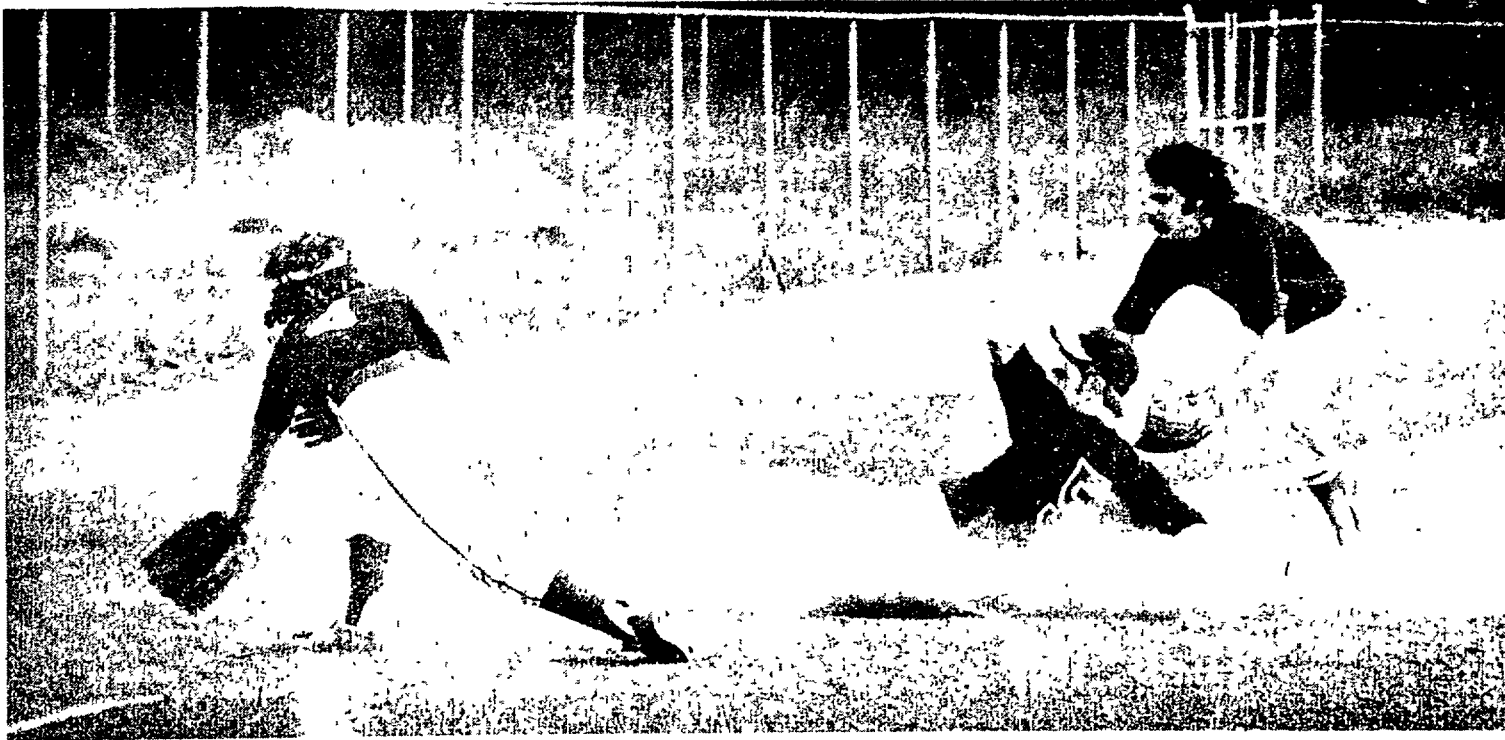

Scott Boyer and Brian Deneen in the fifth pushed the Inn's lead up to 14-8 and they then coasted to the 17-13 victory.

Scott Boyer, Dennis Brooks, and Butch Shoemaker all had three hits apiece to pace the 22-hit Novi Inn attack. Top Realty performer was Pilch who had a double, triple, and home run in four trips to the plate and made a beautiful catch in the third that robbed Paul Faulkner of a three-run homer that would have tied the score.

In the only other game played last week, Star Lincoln-Mercury managed to stay close to the league leaders by taking an 11-4 victory from City Councilman Louie Campbell's Jamaican Pools team.

The Car Dealers picked up a pair of runs in the first inning as Mike Fenchel and Dave Temple each ripped out a double and Ron Balogh delivered an rbi-producing

Continued on Page 2-C

ACTION AT THE HOT CORNER — There's plenty of action at third base as Choo-Choo Car Wash star Jeff Moon slides in ahead of the throw in a cloud of dust. Greenfield Die shortstop Ron Hubbard (right) waits for the throw

while pitcher Dan Corcoran tries to bat down the loose ball. Choo-Choo topped Greenfield 6-1 in this Northville Men's Softball League game.

Choo-Choo Captures Walled Lake Tourney

Who's got the number one slo-pitch softball team in the state?

Outside of Dino's, Snyder's, and maybe one or two other clubs in the Detroit Major Metro League, more and more people are beginning to point to Northville's own Choo-Choo Car Wash as the state's premier team.

Don Thomson's powerful Choo-Choo squad did nothing to detract from its growing reputation over the weekend as it swept to the championship of the Walled Lake Invitational Tourney for the second consecutive year.

They did it in decisive fashion, too - absolutely obliterating Michael's Cabinets from Oak Park by a score of 18-1 in the championship game.

It was the second tournament win in as many tries this year for Choo-Choo, which had previously won the Northville Invitational.

In addition, the Car Washers are undefeated in the

Western Suburban League and have an overall record of 15-1 - the only loss coming at the hands of a Columbus, Ohio, team in the Northville Tourney.

In spite of the facts that Choo-Choo won the double elimination Walled Lake Tourney with five straight wins and blasted out an 18-1 decision in the final game, the tournament was not as one-sided as it might initially appear.

Two of the Choo-Choo triumphs were by narrow one run margins.

"The wind was blowing in from left field and holding the ball up in the air whenever our big home run hitters came to the plate," explained Choo-Choo third sacker Brian Gilles. "We never did get our offense going until the final game."

Choo-Choo won its opening game in the tourney, downing the Oakland Merchants 5-4 on the strength of a three-run fifth inning. John Fawcett,

Bill Ferguson, and Don Phillippi stroked singles and Milo Karhu and Bob Green lofted sacrifice flies to account for all three Choo-Choo runs in the decisive fifth inning.

Choo-Choo had an easier time of it against the 1052 Bar from Jackson, taking a 7-2 victory as Thomson picked up two rbi's and pitcher Don Phillippi limited the Jackson squad to just four hits.

But then Choo-Choo got involved in another of those one run squeakers against Michael's Cabinets. Don Thomson homered with Milo Karhu on base in the third to put Choo-Choo out in front 3-1, but the Oak Park came back with single runs in the fifth and sixth to knot the score at 3-3.

Choo-Choo won it in the bottom of the seventh as Mike Griffen led off with a double and Pete Woodard singled him home for a 4-3 win.

In their fourth game, Choo-Choo trailed Walled Lake's Brandenburg Construction 2-0 until two were out in the bottom of the fourth. They then socked out ten consecutive singles for eight big runs and ended up with a 9-2 win.

The Choo-Choo attack finally got into high gear when they faced Michael's Cabinets for the championship. It was a one-run game - but only for the Michael's team which got just one run off Phillippi's tosses. Choo-Choo scored 18 times to clinch the title.

Tom Ridely, A. J. Vaughn, Mike Griffen, and Dave Broad all belted home runs in the rout and Milo Karhu contributed five hits in five trips to the plate.

Karhu finished the tournament with 13 hits in 18 trips to the plate - good for a .722 average. Phillippi was 4-0 as a pitcher and clipped the ball at a .667 pace for the Car Washers. And Karhu and Bob Green shored up the Choo-Choo infield defensively.

single. Jamaican Pools never caught up.

They cut the lead to 2-1 in the bottom of the first as Bob Pedorka led off with a double and rode home on Steve Elliot's single, fell behind 3-1 in the second, and then saw the Car Dealers wrap up the win with a five-run rally in the third that made the score 8-1.

Mike Fenchell, Dave Temple, Ron Balogh, Paul Burns, Jack Veltriano, and Dan Reiner all stroked singles for Star in their decisive five-run third inning uprising.

Fenchell, the Star Lintoln-Mercury hurler, held the Jamaican Pools team to nine well-scattered hits, giving up single runs in the first and seventh innings and a pair of tallies in the bottom of the third when Rich Elie and Gary Guldner singled and Pete McClain belted a double.

COOL COMPETITOR—Novi School Board President Vern DeWaard (left) was cool as a cucumber as he parried the par-five first hole in a sudden death play-off with Northville City Council Paul Folino for second place in the second flight of the Sliger Open last week. Folino carded a double bogey 7 on the hole.

There was a reason for DeWaard's cool play, however. "I didn't realize there were any prizes at stake until Paul mentioned it after I putted out," he said. DeWaard picked up a trophy and a \$50 gift certificate from Coe's Men's Store in South Lyon.

Tankers Win AAU Honors

It was a busy week for the members of Schoolcraft College's Bulldog Aquatic Club.

After participating in the Michigan AAU Long Course Junior Olympic Swim Meet at Metropolitan Beach on June 27 and 28, the young members of Coach Keith Wright's Bulldog team came right back to compete in the fourth

annual 12 and Under Age Group B Swim Meet in Garden City on Sunday, July 1.

Top Bulldog performer from Northville in the Junior Olympic Meet, which drew 32 AAU swim teams from across the state, was Russ Gans. Competing in the 9-10 year old age group, Gans was a member of the 200 meter medley and freestyle relay teams, both of which finished second. In addition, he picked up fourth place finishes in the 50 meter butterfly, 50 meter freestyle, and 200 meter individual medley.

Gans was joined on the second place 200 meter freestyle relay team by David MacDonald, who also finished fifth in the 50 meter backstroke. The only third place finish turned in by a Northville swimmer was recorded by Jim Wright as a member of the 200 meter medley relay team in the 13-14 year old age group.

The only fourth place finish earned by a Northville

Bulldog came from Susan Cahill as a member of the 200 meter freestyle relay team in the 9-10 year old age group. Miss Cahill also finished fifth on the 200 meter medley relay team and sixth in the 50 meter butterfly.

Fifth place finishes were recorded by Tom Cahill in the 200 meter medley relay (11-12 year olds) and Diane Dechape in the 200 meter medley relay (11-12 year olds).

Tom Simrak, Tim Cahill, and Derek Gans all swam on the sixth place 200 meter medley relay team (11-12 year olds). Tom Cahill and Tom Simrak swam on the sixth place 200 meter freestyle relay team (11-12 year olds). And Bob Simrak swam on the sixth place 200 meter medley relay team (9-10 year olds).

Northville Bulldogs fared better in the Garden City B Meet which was attended by some 20 AAU teams. Tom Cahill, Tom Simrak, Derek Gans, and Tim Cahill swam on the first place 200 yard medley relay team and Tom Cahill, Tom Simrak, and Derek Gans swam on the first place 200 yard freestyle relay team.

In individual events Tom Cahill won the 100 yard individual medley, finished fourth in the 50 yard butterfly

and fifth in the 100 yard freestyle. Tom Simrak finished in a tie for first in the 100 yard freestyle and fourth in the 100 yard individual medley.

Derek Gans finished third in both the 50 yard butterfly and 100 yard individual medley. David Malinowski finished fifth in the 25 yard freestyle and sixth in the 25 yard backstroke and then swam on the first place 200 yard freestyle and 200 yard medley relay teams.

Pat Cahill swam on the 100 yard medley relay and 200 yard freestyle relay teams - both of which finished first. Joe Simrak was a member of both the second place 200 yard medley and second place 200 yard freestyle relay team.

Jenny Gans was fifth in the 25 yard butterfly and was a member of the 200 yard freestyle relay and 100 yard medley relay teams which each finished in second place.

Bob Simrak finished fourth in the 50 yard breaststroke, fifth in the 50 yard freestyle, and swam on the 100 yard medley and 200 yard freestyle relay teams - both of which finished second.

Susan Cahill finished fourth in the 100 yard freestyle and sixth in the 50 yard backstroke.

Rexall Tops Majors

Novi Little League Crowns Champions

It was "Championship Time" in the Novi Little League last week. Winners of the Major, Pony, and Minor Divisions were all determined as the 1973 season draws to a close.

Copping the honors in the Major Division was the powerful Rexall squad. Spartan Concrete wrapped up the Pony Division title. And J. S. Trudeau clinched the Minor Division crown by taking a 3-1 decision from Lynch Precision in a special play-off game.

All regular season games in the Major, Pony, and Minor Divisions have now been completed and only cancelled, postponed, or disputed games remain to be made up.

The race in the Babe Ruth League is just beginning to warm up, however.

With the season nearing the half way point, three Babe Ruth Division teams are still very much in the race for first place. Suburban Wall is the current leader with a 6-1 record, while Schudnell, and Sinacola are just a game behind with 5-2 records.

Each of the top three clubs had an easy time of it last week as they were pitted against the two bottom teams which have a grand total of one win between them.

On Tuesday, Schudnell coasted to a 12-6 verdict over the West Oakland Bank squad. Suburban Wall maintained its one game advantage in the win column by whitewashing R&L Wall 5-0 on Thursday. And Sinacola kept pace with both Schudnell and Suburban Wall by topping West Oakland Bank 5-2 on Friday.

Just two games were on tap in the Major Division last week. The Novi Party Store moved ahead of B.V. Construction into fourth place in the final standings by taking a 6-3 victory from the Novi Firemen. As a result of the

loss, the Firemen fell out of a two-way tie with Bain Brothers Landscaping for second place and finished the season in the number three position.

In the other Major Division game, the Novi Police copped just their second win of the season by registering a 10-5 victory over Michigan Tractor. Kent Burgun went the route on the hill for the Police, who were sparked at the plate by Mike Mullett's four-hit performance.

In the Pony Division, Spartan Concrete won one and lost one, but the victory was good enough to clinch first place for the Spartans who have a 9-3 record. Ecco Tool scored 28 runs in the first two innings against Spartan Concrete and then coasted to a 28-4 triumph on Friday.

But Spartan Concrete got the win they needed to clinch the Division crown Saturday when they topped Pink Builders 25-14.

J.S. Trudeau wrapped up the Minor Division crown by

beating Lynch Precision 3-1 in a winner-takes-all play-off game.

Also in the Minor League, the All-Star East squad, managed by Earl Johnson. Todd Parsons picked up the win and Chris Ary and Rick Burgun had two RBI's apiece for the East.

Pat Alexander drove in one run in the sixth for the West team with a ground rule double, but was stranded on second base as his teammates were unable to get him home with the tying run.

Novi Announces All-Star Squad

Novi's Bosco Field has been selected as the site for one of nine district tournaments as the Michigan Little League begins its play-offs to determine the state representative in the national Little League tourney.

All-Star teams from 87 cities across the state will be vying for the right to represent Michigan in national competition.

The Novi All-Stars will play the Lake Fenton All-Stars at 6 p.m. on Tuesday, July 17, in the opening round of district play. The winner of that game will then play Southfield American South at 6 p.m. on Thursday to determine the Novi district champion.

The winner of the Novi district will move on to Sectional play at St. Clair on July 29. The state championships are slated for August 3, and the state champion will advance to Regional competition at Brookfield, Illinois, with games slated from August 13-18.

The Regional winner moves into the Little League World Series from August 20-25 at Williamsport, Pennsylvania.

Novi will be represented in the state tourney by a 14-man squad managed by John Love. Coaching the team is Greg Budlong. The Novi All-Stars were selected after try-outs which were held last week.

Named to the team from Major Division champion Rexall were Kevin Cook, Kerry Cook, Rick Faulkner, and Mickey Wilson. Selected from the Bain Brothers Landscaping squad were Cary Baderak, Bob Barnes, and Jeff Norton.

Dave Pisha and Mark Frere were named to the All-Stars from the Novi Firemen team, and Paul Lavioie and Kevin McClure will represent the Novi Party Store.

Also named to the club were Jeff Arbour (General Filters), Ray Coram (Michigan Tractor), and Jeff Laverty (B.V. Construction). Dennis Maier was selected as the alternate.

Steve Juday Heads Alumni Grid Group

Northville fans will have an opportunity to see Steve Juday return to action in the Northville-Detroit Catholic Central Alumni football game slated for September 8.

The former Northville High School great who went on to win All-American honors and direct the Michigan State Spartans to a national championship has indicated that he will assume quarterbacking duties for the

Mustang alumni.

That announcement was made Friday by Mike Zayti, organizer of the game.

Juday joins 12 other Mustang alumni who have indicated they will play in the game.

The others include Jerry Imsland, Fred Hicks, Joe Hay, Greg Carr, Fred Mitchell, John Jameson, Artie Forth, Bill Trotter, Randy Marburger, Pat Hall, Barry Deal, and Zayti.

The Northville Alumni will be coached by Ron Horwath and Dave Longridge.

Zayti ultimately hopes for a 30-man roster.

Those interested in playing should contact either Zayti or Jerry Imsland. Those unable to contact them directly should call Phil Jerome at 349-1700. Names will then be passed along to Zayti and Imsland.

CAGE CLINIC AWARD WINNERS—Northville High School basketball coach Walt Koepke poses with the four cagers who copped honors in his recently completed summer basketball clinic. Winners in the morning session (grades 7-9) were Bill Piccolo (free throw shooting) and Rick Bischoff (most improved), while Bob Crisan

(most improved) and Mike Hooth (free throw shooting) walked off with the honors in the afternoon session (grades 5-6). Some 44 boys participated in the Recreation Department-sponsored program, which consisted of 30 hours of special instruction by Koepke and All-Western Six Conference forward Todd Eis.

Northville Rotary

Announce Net Tourney

Entries are now being accepted for the second annual Northville Rotary Tennis Tourney.

Offering competition in men's singles, women's doubles, and mixed doubles, the tourney is open to anyone who either lives or works within the boundaries of the Northville School District.

The tourney will be held Saturday and Sunday, September 29 and 30 on the North-

ville High School courts.

Three classifications of play are planned. There will be an "A" classification, a "B" classification, and a "C" classification, and a "C" classification for novices. To be eligible for the "C" classification, an entrant must have never won a tournament and never played on a high school, college, or any other organized tennis team.

The men's singles tourney

will be played under the ladder system.

The ladder works on the following premise: if player nine challenges player six and wins, player nine moves up to the number six position, number six drops down to the number seven position, and so forth on down the ladder.

A player may challenge any one of the five players directly above him.

Challenges must be ac-

cepted within one week or the ladder will be adjusted accordingly.

The top two players in the "C" classification may challenge the lower five players in the "A-B" group.

The top five players may challenge only the player directly above them (for example, number three may only challenge number two).

The women's doubles and mixed doubles will play a round robin schedule, winning two out of three sets. A nine point tie breaker will be in effect.

There is an entry fee of \$5 per person for each event entered.

Entries must be submitted by July 21. Play will commence July 30 and end up with the second annual elimination tournament on September 29 and 30.

Entries should be sent to: Northville Rotary Tennis Tournament, P.O. Box 127 (See Entry Blank elsewhere on this page).

Tournament Chairman is Wes Hendrickson, while Don Vaningen and Lee Holland are vice-chairmen.

For further information about the tourney call either 349-4650 or 349-4607.

Reef Loses Three; Falls to Last Place

You can tell that Stan Nirider hasn't been coaching too long.

Following a disastrous week in which his Northville Reef Manufacturing team lost three straight games and fell to the very bottom of the Livonia Connie Mack League standings, Nirider offered a most unique explanation for his club's losing streak.

"Maybe we're being out-coached," he said.

A relative newcomer to the coaching ranks, Nirider apparently has not yet learned that such suggestions are supposed to be made by sports writers.

Nirider's unusual explanation comes for want of any other logical reason for his team's 2-7 record.

"I really don't know what the problem is," he admitted. "Quite frankly, I just haven't seen any teams which I think are any better than ours. Adray Appliance is 10-0 for the season and we're 2-7, but I just don't think their club is any better than ours is."

Last week's schedule was a stiff one as the Reef team played Adray Appliance - a perennial Connie Mack League power and leaders of the Orange Division with a 10-0 record - and Berry Appliance - leaders of the White Division with a 6-2 mark.

The only "breather" on the week's agenda was North Farmington, a team struggling along with a 1-7 record.

So what happened? Well, Adray Appliance used a couple of unearned runs to post a 4-1 victory over Reef; Berry Appliance scored an unearned run in the bottom of the seventh to squeeze through to a 2-1 decision; and lowly North Farmington hammered out a decisive 13-6 triumph.

"See what I mean," commented Nirider. "It's hard to explain."

Reef opened the week by dropping a 4-1 decision to the Adray Appliance nine.

"We had our chances, but we just couldn't come through with the hits when we needed them," reported Nirider. "We had the bases loaded once with nobody out and another time we loaded them up with just one out, but we just weren't able to score."

All of the Reef scoring opportunities were directly

attributable to the inability of Adray pitcher Bob Nippa to put the ball over the plate.

Reef's lone run came in the first inning when Nippa walked Todd Eis and Ed Kritch, and Randy Oginski followed with a single.

Unfortunately, Oginski's hit was one of just two safeties that Reef was able to collect off the slants of the Adray hurler. Nippa issued three walks in both the third and fourth innings and finished the game with a total of 10 bases on balls, but he was tough when he had to be, striking out nine batters and holding Reef scoreless after the first.

Adray meanwhile picked up unearned runs in both the first and second innings and added legitimate tallies in the fourth and sixth to take a 4-1 verdict over Reef's Ed Kritch who gave up just five hits in absorbing the loss.

The "breather" against North Farmington turned out to be anything but, as Reef suffered a 13-6 defeat.

"I was really disappointed," Nirider said. "They were an inferior team and we should have had no trouble at all in beating them, but we got in trouble early and they battered us pretty good. It was really disappointing to lose a game we should have been able to win."

Reef's downfall came in the second inning when North Farmington erupted for eight big runs against starter John Boland. Big blow in the inning was a grand slam home run off the bat of second baseman Jim Coombes, as Farmington picked up four hits and seven

runs before Boland was able to get the first out.

Scott Leu picked up two of Reef's six hits in the game and joined Bill McDonald and Todd Eis in picking up RBI's.

Just as disappointing as the loss to North Farmington was Saturday's 2-1 loss to Berry Appliance.

Reef picked up a run in the second when Oginski crossed the plate after singling to left and Berry Appliance knotted the score at 1-1 in the third as Tony Dattilio tripled home Scott Knapp with two out. And that's the way the score remained until the bottom of the seventh.

Berry's Jim Longway reached first base on a disputed close play at first base, but Joe Bishop, the Reef hurler, then retired the next two Berry hitters and got two quick strikes on Knapp - the ninth man in the line up.

"We thought for sure that we were going into extra innings," stated Nirider.

With two strikes on him Knapp lifted a high pop-up behind first base for what appeared to be the third out, but Reef first sacker Todd Eis lost the ball in the lights and it bounced off his glove to put

runners on first and third.

Knapp then tried to steal second base. Catcher Bill McDonald's throw was in time, but the ball bounced off second baseman Jim Yanoschick's glove and rolled into centerfield to enable Longway to race in from third base with the winning run.

"That's the kind of luck we've been having," stated Nirider. "I don't know if McDonald would have thrown out Knapp at second or not, but if the ball hadn't bounced away Longway would have never scored."

"It's the little things that are beating us. I think we've proved that we can play with Adray and Berry and anyone else in the league. Now all we have to do is start winning some games."

3 Teams Undeclared In Knothole Hardball

Action in the Northville Recreation Department's Knothole Hardball League got underway in earnest last week and by week's end just three of the league's 12 clubs were still undefeated.

In first place with a 3-0 record is the Lab Service Super Stars team. After routing the Jaycees 15-5 in their opening game, the Super Stars squeezed past the Casterline Indians 9-7 and the Sheenan's Mustangs 8-7.

Paced by Don Carpenter who is five for five with two doubles and two triples for the season, Choo-Choo Car Wash is undefeated and in second place with a 2-0 record. Choo-Choo recorded an 8-1 win over the Yankees after having

previously topped Northville Number Two by a 20-2 margin.

The only other undefeated Knothole Hardball League team is the Hi-Lakers with a 1-0 record. The Hi-Lakers scored three times in the top of the sixth inning in their only game to beat Sheenan's Little Caesar's Mustangs 4-1. Tim Ellis banged out a two-run homer in the decisive rally.

NOVI HIGHLIGHTS

By JEANNE CLARKE
624-0173

A Sunday morning breakfast was held by Mr. and Mrs. Orville Pelton to honor their daughter, Mrs. Michael Bloom and children Naya and Josh who have been living in Europe.

Among the guests were Mr. and Mrs. David Filkin, Mr. and Mrs. John Audretsch and family of South Lyon, Mr. and Mrs. Leonard Karevich and children and Mrs. Signa Mitchell.

Mrs. Florence MacDermaid of Austin Drive received a surprise visit from Mrs. Ruth Gaedes, of Glendale, California, a niece whom she had not seen in 17 years.

A nine-day vacation was enjoyed by several ladies who were the guests of Mrs. Mae Atkinson at her Lewiston cottage. Included were Mrs. Frances Denton, Mrs. Rowena Salow, Mrs. Jennie Champion and Mrs. Hildred Hunt.

Mr. and Mrs. Joe Rourman, formerly of Bernstadt street, have moved from Novi to Rose City.

A family picnic was held by Mr. and Mrs. Lewis Tank of Nine Mile Road on July 4. In all, 18 members of the family were present.

Recently returned vacationers are the Worleys of South Lake Drive who are back from Tennessee, the Merwin family who has returned from Hollywood, Florida and Oren Spencer has come back from Kentucky.

Mr. and Mrs. Hadley Bacher of Fonda Street recently attended the 25th wedding anniversary in Clawson of Mr. and Mrs. Ronald Bowlby.

Charles Trickey has returned from the University Hospital at Ann Arbor and is recovering at the Fonda Street home of his daughter, Mrs. Duane Bell.

Mr. and Mrs. Russ Button celebrated their wedding anniversary on Sunday at Pine Knob.

Mrs. Florence MacDermaid entertained 75 people at her home on Austin Drive on Sunday for the annual MacDermaid reunion. Guests attended from Arcadia, Utica, Sheridan, Detroit, Dearborn and other surrounding areas.

A picnic was held on July 4 at the home of Mr. and Mrs. Roger Pelchat. Dune buggy rides were enjoyed by those present. Attending were the Ronald Bennett family of South Lyon, Mrs. Ethel

Zacharian, Ron Pelchat of Redford and Greg Budlong of Novi.

NOVI SHORES ASSOCIATION

A membership meeting will be held by the Novi Shores Association on Wednesday, July 11, in the Novi Community Hall at 8 p.m. Membership is open to all residents in the north section of the city beyond 12 Mile Road.

Plans will be made at that meeting for trash pickups to begin July 14 on East Lake Drive.

Additional information about the association can be obtained from Mrs. Martha Hoyer at 624-1234.

NOVI CUB SCOUT PACK 240

The pack plans to attend a Tiger baseball game on July 14. Each boy is to bring a permission slip. Slips can be obtained from the den mothers. All fathers and boys wishing to attend should be at the Orchard Hills School at 12:30 p.m. on July 14.

The Webelos, led by Bill Fear, have returned from a campout at Camp Agawan. The 12 boys who went spent the week swimming, hiking, and canoeing.

WOMENS SOFT BALL

Standard Oil and West Oakland Bank are presently tied for first place. Tied for second place are Regal Janitorial and Poured Walls. In last place is the Farmington Trenching team. The womens teams play on Wednesday and Thursday nights at 7 p.m. at Village Oaks Elementary School.

NOVI BOY SCOUTS

Seventeen boys recently returned from a week spent at Pointe Farms Provincial Park in Canada. While there, they visited the Bruce Nuclear Power Plant.

The scouts are making plans for a Court of Honor to be held at Meadowbrook Lake.

The next meeting will be on July 23 when they will conclude plans for a 20 mile hike in Toledo on July 28.

BLUE STAR MOTHERS

Plans for a picnic for Veterans Hospital patients were made at the last meeting. The members met at the home of Hazel Mandik. Hostess was Winnie Dobek.

Plans are also being made to do personal shopping for

the Veterans Hospital patients on the last Thursday of the month.

NOVI REBEKAH LODGE

Fourteen members of the Rebekah Independent Club met at the home of Hildred Hunt for a picnic on Monday. The last regular meeting of the lodge will be July 12 until September.

Rummage sales will con-

tinue to be held at the hall. In charge on July 13 will be Eca Behrendt and Vera Hansor.

JAYCEE AUXILIARY

The Novi Auxiliary, in cooperation with other auxiliaries in the area will be participating in a "Take an Animal to Lunch" project. The organization will be raising funds to feed some of the animals at the Detroit Zoo.

Erica Lapham has resigned as a director of the auxiliary due to the transfer of her husband. Elected to replace her was Mary Bayer.

NOVI SENIOR CITIZENS

A picnic was held by the senior citizens at the home of Mr. and Mrs. Lewis Tank. Lawn darts, croquet and card games were played.

A short business meeting

was held and plans for the Gala Days booth were discussed.

Senior Citizens members are urged to keep the fourth Tuesday at 7 p.m. and the second Wednesday at noon open to attend regular meetings.

The next meeting is scheduled for July 24 at 7 p.m. in the Novi Community Building. Anyone wishing more information about the group can call Mrs. Nancy Little at 349-2219.

NOVI WEIGHT WATCHERS

A Weight Watchers Cocktail party was held Tuesday evening when members learned to mix non-alcoholic Weight Watcher drinks.

The group meets each Tuesday evening at 7 p.m. in the Living Lord Lutheran Church on Ten Mile Road. New members are invited.

NOVI DRUG ABUSE COMMITTEE

The committee will have on display at Gala Days, the posters entered in the recent poster contest. The members will also be selling the bumper sticker which is a replica of the winning poster.

NOVI YOUTH ASSISTANCE CAMP COMMITTEE

Ten youngsters were driven to Camp Fairhaven near Hartland last weekend by chairman Jody Adams. Mrs. Adams is looking for volunteers willing to pick up this group on Saturday and take more campers on Sunday. Those wishing to volunteer should contact Mrs. Adams at 349-2948 by Friday.

Wally Cook, Oakland County Juvenile Case Worker, is taking six youngsters to Camp Oakland.

FIRST BAPTIST CHURCH OF NOVI

Reverend Arnold Cook will be honored at a farewell dinner next Sunday. He and his family will be leaving for Southland, Kentucky where he will assume the presidency of Southland Bible College.

Also on Sunday, there will be a mortgage burning ceremony at the church.

UNITED METHODIST

Special speakers on recent Sundays have been the Reverend Benjamin Holmes, past superintendent of the Detroit district and the Reverend Dean Parker, brother of former pastor at the church, the Reverend Douglas Parker.

Each Tuesday at 10 a.m. is craft day at the church for the ladies. All women of the church family are encouraged to attend.

SOUTH WALLED LAKE BAPTIST CHAPEL

Vacation Bible School will begin on Monday, July 16, from 9 a.m. to noon for grades

kindergarten through six. The youth of the church will meet in the evening from 7 p.m. to 9 p.m. for Bible study and refreshments.

Bus transportation is available. Those interested in receiving it are urged to call 349-4406 to make arrangements.

Board Approves Staff Changes

Several personnel additions and changes have been made by the Novi Board of Education in the past month.

They include:

New teachers--Douglas Cline, who has an MA degree from EMU and seven years experience, to become a counselor at the middle school at a salary of \$13,525; Judith Foster, with a BS from WSU, to teach English and social studies at the middle school, \$8,320; Ann Mandelbaum, BA degree from WSU with one year experience, to teach Spanish and French at the middle school at \$8,320;

Mary Winowiecki, BA from WSU with two years experience, middle school mathematics at \$9,225; Linda Eaton, BA from Purdue with 2.5 years experience, fourth grade at Village Oaks at \$9,012; Pamela Conger, BS from EMU, second grade at Village Oaks at \$8,320; Diane Stanton, BA from MSU, first

grade at Village Oaks at \$8,320; and Valerie Taylor, MA Hofstra, reading high school, 12 years experience, \$13,525.

Non-certificated--Gary Boyer, Dennis Wheeler, Charles Searly for outdoor maintenance at \$2.75 hourly; Ann Padgett, clerical at \$2.05; and Sue Morris, co-op at \$2.05.

Request for leave--Ruth Watson of Village Oaks for maternity reasons.

Extension of leaves--Gail Siskin, Sharon Marsh, Janith Rolston, Sherry Shindler, and Ava Young.

Resignation--Carole Maattala as third grade teacher at Orchard Hills, because she is leaving teaching profession; Robert Weinburger, as JV basketball and football coach, because of time-consuming duties as the Novi Education Association president; Ethelene Cook of Orchard Hills, because she is moving.

Biblical Answers For Troublesome Times

Please tell me what it means to be "saved." D.H.

Salvation comes when we repent of our sins to Jesus, and invite Christ to be in full control of our lives. It is truly the most important and exciting decision in your life.

JOHN 3:3 says, "EXCEPT A MAN BE BORN AGAIN, HE CANNOT SEE THE KINGDOM OF GOD."

I JOHN 1:9 says, "IF WE CONFESS OUR SINS, HE IS FAITHFUL AND JUST TO FORGIVE US OUR SINS, AND TO CLEANSE US FROM ALL UNRIGHTOUSNESS."

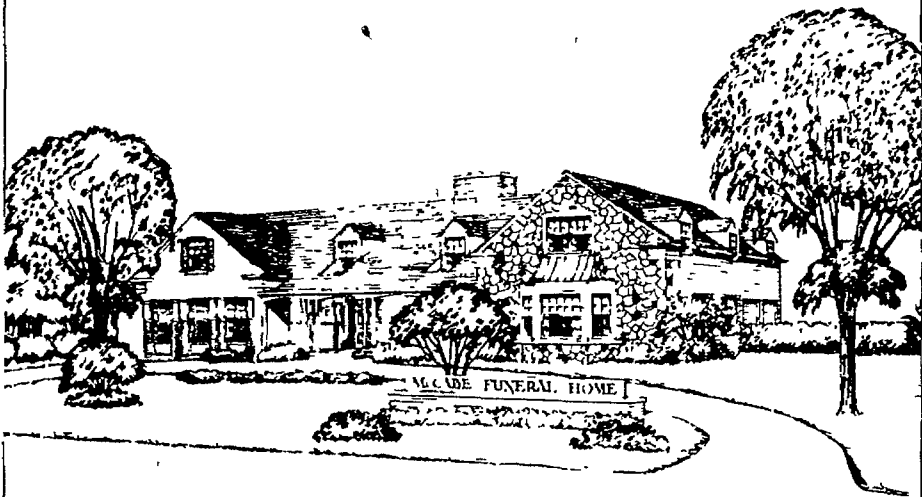

You may call for help or counseling at 291-7733 or 363-5945. Readers' questions and/or problems are solicited for this column. If you have a question, Christ has the answer and He is never wrong. Please send correspondence to address below.

DeWaard's Re-elected

Unsurprisingly, LaVerne DeWaard, 45-year-old businessman who garnered respect in his leadership role during the past year, was re-elected president of the Novi Board of Education Monday by voice acclamation of fellow board members.

His re-election was uncontested, as was the election of all other board members.

Two members were absent Monday, but both had indicated their support for DeWaard before leaving on vacation.

One of the absent members, Gilbert Henderson, was moved up to the vice-president's post, succeeding Bruce Simmons who has retired from the board.

Interestingly, it was Henderson who DeWaard succeeded as president a year ago.

Re-elected secretary and treasurer, respectively, were Ray Warren and William Moak.

Prior to reorganization of

committee assignments for the county.

Fourth's Great, Travelers Return

By NANCY DINGELDEY

It was a week of celebration and travelers returning from extended trips.

The Fourth of July this year was extra special for several Wixom people. One of them was me. It was the first all day celebration of the Fourth I've had since moving to Michigan. In my old home town, the Fourth was the day of parades, games, and water fights between local fire departments and fireworks. We've always had the fireworks here but I guess I've never been in the right place for all the other trimmings.

So it was close to the scene I

remember as a youngster when we arrived at the Multi-Lakes Conservation Club. Ribs and chickens roasting on the spits, tables lined with food, games for the kids, horseshoes for the adults and an assortment of games for us older folk too.

Seen in the crowd were the Decker family of Bogie Drive and the Bob Olschefski's and their kids and probably a lot of other familiar faces that I missed.

Top off the whole day with the fireworks display in Walled Lake and it was really like old times. And great fun too.

The Corb Tillman family of

Maple Road spent their Fourth in Dowes, Iowa, surrounded by family and friends. For the Tillman's it was the last leg of a journey that covered eighteen states and some 7,200 miles of driving, all done in three weeks' time.

Some remembrances of their jaunt...Tim, Nancy and Kathy throwing snowballs in the Loveland Pass of Colorado and scouting around for electric blankets because it got a little cold in the tent those nights. They visited relatives in Denver and Estes Park and then took to the switch-backs through the mountains heading west.

It was from one extreme to the other as they decided, after seeing Grand Canyon, to cross the desert during the night because of the heat, finally entering the "Golden State" at Barstow.

They stopped for a visit in San Jose with former Wixom residents Bill and Phyllis Russett and then it was on to San Francisco with wild rides on cable cars and dinner at Fishermen's Wharf.

Highlights of that particular dinner were a view of John Wayne's back as he was sitting in a director's chair and a brief glimpse of "lights, camera, action" for the filming of a "whodunit".

Further up the coast on famous Route 101, beach-combing their way through Oregon and on to the "almost spotless" city of Seattle for a brief visit with Helen's sister Judy, Judy's husband Larry and Helen's brother Gary.

Place to go there is the Seattle Center, the aftermath of the Seattle World's Fair. "Chicken" Helen sat at the

bottom of the Space Needle writing post cards while the rest of the family rode the elevators to the top of the "needle" for a glorious view.

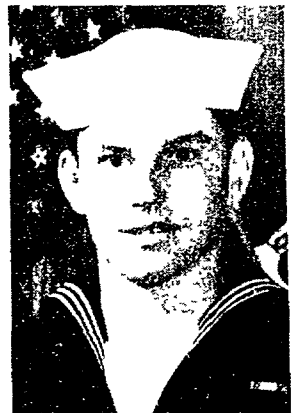

I was told the members of our Gourmet Club would go out of their minds at the "Food Circus" at the Center. Foods from all over the world are represented in a circular building. Patrons sit in the center of the building and may then order anything they want from any restaurant.

Homeward bound, the Tillman's covered the Black Hills, the Bad Lands, saw where Custer stood for the last time, Bryce Canyon and a "thrilling view" of Mt. Rushmore.

And what can you say about the territory between there and here? Not much except for the last stopovers in Des Moines with Helen's sister Nancy and Corb's folks.

the drive offers a view of a variety of animals all running loose much like a "Safari Land". All that was missing was the tigers, lions, and elephants.

Roy still insists that Michigan is the state to call home but that seems to be the feeling of most people who travel.

Author offers suggestions on advertising media and sales promotion tools.

"What's Really Involved in Writing and Selling Your Book," Robert Adleman; Offers advice on researching and writing a manuscript as well as selling the finished work.

"Al Kaline and The Detroit Tigers," Hal Butler; Biography about the life of Al Kaline.

New books available in the public library this week include:

IN NOVI ADULT READING

"Wanna Make Something Out of It?" Carol Duval; How to create everything from earrings to place mats out of paper clips and "stuff" everyone keeps around the house.

"The Curse of the Kings," Victoria Holt; This popular author has written a new book of adventure and suspense in the search for ancient treasures in the land of the Pharaohs.

"Harvest Home," Tom Tryon; Another horror story by the author of "The Other."

"Furniture Treasury," Volumes 1, 2 and 3, Wallace Nutting; All periods of American furniture with some foreign examples in America. Also American hardware and household utensils.

NELSON SCHRADER

Leisure hours pay dividends in relaxation when you have a chaise lounge in your bedroom. Place it at a right angle to one wall and parallel to another or to a pair of windows. Use a junior sized floor lamp with a long, low table alongside an attractive color scheme, and your spirits should be considerably improved by the grouping. Keep in mind that chaises used in corners or catercorner are seldom as neat, trim, or practical as those parallel to walls or windows. When reading, pull the chaise slightly forward if you are interested in using the window light.

Tired of the way your home looks? Want to brighten it or give it a new appearance without a complete change? Visit SCHRADER'S HOME FURNISHINGS, INC., 111 N. Center St., Northville, 349-1838. We have any national brand you want and you can choose from a wide variety of pieces as well as accessories and carpeting. Open: Mon thru Wed & Sat 9am-8pm, Thurs and Fri 9am-9pm, Closed Sun.

HELPFUL HINT: Floor-length draperies add height to your room as well as to your windows.

Would Saturday Drive-in banking make banking better for you?

That's what we thought, too. So the NBD Drive-In Office near you that's already open from 8:30 until 7:30 Monday through Friday is now also open on Saturday. From 9:00 in the morning until 1:00 in the afternoon. You can drive up and cash

checks, make deposits, withdrawals, payments. You can even get a cash advance from your NBD Master Charge card. Right from the convenience of your car.

Why not check the list for the Drive-In Office nearest you? (And don't worry if your NBD account

doesn't happen to be at that particular office. Thanks to Computer Contact, if you're a customer of NBD, you can do your banking at any NBD office.)

NBD. Are we beginning to look like the better bank for you?

Saturday Hours...Making banking better for you.

Novi Seeks Traffic Light At Novi-Nine Mile Roads

Convinced that a flashing yellow caution light would not be sufficient, Novi's city council Monday directed City Manager Harold Saunders to explore the possibility of obtaining a regulation traffic signal for the corner of Nine Mile and Novi Roads.

Specifically, the council directed Saunders to approach the Oakland County Road Commission to ask that a regulation four-way red-yellow-green traffic signal be installed at the intersection. The question of how best to regulate traffic flow at the Nine Mile-Novi Road crossing came to the council's attention as a result of a proposal submitted by Oakland County's Traffic Engineering Department.

County engineers proposed that a flasher beacon be installed at the intersection and asked that the city council agree to participate in the \$1,500 cost of the installation on a 50-50 basis.

The caution light envisioned by the traffic engineers would flash yellow on Novi Road and red on Nine Mile Road.

Their proposal was supported by Corporal Frank Barabas, head of the Novi Traffic Safety Bureau, who noted that even though only 35 accidents have been logged at the intersection since 1970, the traffic volume is very high and can be expected to

increase rapidly in the near future.

Barabas further noted that installation of the caution

beacon at this time would make it easier to install a regulation stop and go signal as soon as it was warranted since the wiring would have already been completed.

The council, at the urging of Gary Durand, a citizen present at the meeting, decided instead to go directly to a stop and go traffic light.

"I'd hate to see you go to the expense of installing a caution light when you'll only be replacing it with a stop and go light in a matter of months," Durand told the council.

His comments drew the support of Councilman Louie Campbell, who noted that several major industrial concerns on Nine Mile Road, east of Novi Road, are nearing completion.

"Once these new businesses go into operation, it will not only increase the traffic flow from people driving to and from work, but will also increase the amount of truck traffic we have on that road," said Campbell.

The Councilman further noted that with Meadowbrook and Haggerty Roads slated for paving this summer, there could well be increased traffic usage on Nine Mile from the people in the Meadowbrook Lake and Village Oaks subdivisions.

Mayor Joseph Crupi and Councilman Donald Young also supported a regulation

stop and go light for the intersection.

"I've had to wait as long as ten minutes trying to turn from Nine Mile onto Novi Road," said Crupi. "There are times when the traffic is so heavy it's almost

impossible to make a left turn onto Novi Road."

The council unanimously supported Councilman Denis Berry's motion to direct Saunders to request a regulation traffic signal instead of the flashing caution light.

In other business, the council

approved Saunders' request for a purchase order in the amount of \$510 for the maintenance and servicing of air conditioning and heating equipment in municipal buildings. The service contract is with Garwood Heating.

— directed two letters from the Michigan Department of Commerce to the police department for its recommendations. The Department of Commerce is requesting the council's approval or disapproval of requests for Dance Permits from the East Shore Tavern (Canta, Inc.) and Bob-o-Link Golf Club (Charles and Julia Cova).

— heard complaints from residents in Willowbrook Two about developer Dave Pink Builders.

After hearing complaints that the condition of the ditches in the subdivision constitute a danger to the health, welfare, and safety of the community, the council directed the Building Department to issue no further certificates of occupancy until the drainage complaints have been cleared up.

Councilman Denis Berry noted that there is stagnant water standing in the ditches and that the resulting smell and mosquitoes are "atrocious."

"We've stood Kaufman and Broad on their heads and kicked them in the teeth for offenses which are far less serious than these," said Berry.

Mayor Crupi assured the Willowbrook residents that the council would do whatever it could "leverage-wise" to clear up the situation.

City Minutes

JUNE 18, 1973

Mayor Allen called the regular meeting of the Northville City Council to order at 7:30 p.m.

ROLL CALL: Present: Allen, Biery, Folino, Rathert, Vernon. Absent: None. MINUTES OF PREVIOUS MEETING: The Minutes of the Northville City Council, June 4, 1973 were approved with the following corrections:

Page 2, paragraph 6, change to "to adopt the following resolution waiving requirement of advertising for sealed bids for the hiring of auditors."

Paragraph 7, insert resolution as follows:

WHEREAS, the firm of Iserman, Hoffman and Johnson have for many years demonstrated their ability to perform the audit function for the City of Northville and

WHEREAS, the City Manager reports no advantage would be gained by the city in advertising for bids for professional services such as auditing,

THEREFORE, be it resolved that the requirements for sealed bids be waived.

Page 3, paragraph 1, change "8 Mile and Novi Rd." to read "8 Mile and Novi St."

Page 6, paragraph 7, the addition "if no new networks could be included in it."

MINUTES OF BOARDS & COMMISSIONS: The Minutes of the Northville Zoning Board of Appeals, May 2, 1973, Northville City Plan Commission, May 15, 1973, Northville City Plan Commission, and the Northville Beautification Commission, April 11, March 14, and May 16, 1973 will be placed on file.

APPROVAL OF BILLS: Following much discussion, motion by Councilman Vernon support by Councilman Folino to pay the bills as presented

GENERAL FUND DEBTS . . . \$9,819.30
LOCAL STREET FUND DEBTS . . . \$92.35
MAJOR STREET FUND DEBTS . . . \$3,237.17
PUBLIC IMPROVEMENT FUND DEBTS . . . \$6,016.14
TRUST AND AGENCY FUND . . . \$18.66
WATER FUND DEBTS . . . \$2,693.44

Carried. COMMUNICATIONS: Mr. Robert Cole presented 2 letters to Council the first of which states his interest in purchasing house on S. Wing St. and that No. 2 letter contains his bid.

City Manager stated that there has been extensive publicity on these homes and approximately 5 other people have voiced interest in home on S. Wing St. He had informed all of them of factors involved and Mr. Cole is the only party who has submitted a bid. He also noted that a resolution waiving competitive bids should be passed before Mr. Cole's bid is opened.

Motion by Councilman Biery support by Councilman Vernon to pass "BID" resolution waiving competitive bids for the sale of the former Bongiovanni property on S. Wing Street.

WHEREAS, the City Manager has reported to Council that there has been extensive publicity on the availability of the home and exactly when the City will need the property

WHEREAS, there is only one bid received with regard to said home. THEREFORE, be it resolved that the Council of the City of Northville hereby determine that there would be no advantage to the City of Northville to formally advertise for sealed bids and it is in the best interest of the City to waive the requirement of formally advertising for sealed bids.

Carried. City Manager stated that technically there is another proposal from Northville Demolition. This is \$1,000 for demolition of house and if they should move the house the cost to the City would be nothing. Mr. Cole's bid was \$225.00.

Mayor Allen inquired how long it would take for Mr. Cole to move the house and exactly when the City will need the property

Mr. Cole replied that it should take 2 weeks according to the moving company.

City Manager stated the City will not need the property for another 2 weeks since other homes must be demolished.

Motion by Councilman Rathert support by Councilman Folino to sell former Bongiovanni property on S. Wing St. to Mr. Robert Cole subject to securing details with City Manager to his satisfaction that it will not delay the project.

Carried. Mr. Bob Cole questioned the new Bingo Law the State has adopted in reference to City control.

City Attorney stated he will obtain copies and report back on this subject. City Manager requested that discussion on the dog ordinance be moved up on the agenda since Mr. Ingle is present.

City Manager reviewed the complaints and recommendations of Mr. Ingle's report in reference to enforcement of Dog Ordinance, notice of dog violation, and radar patrolling of City Streets.

City Attorney and City Manager were instructed to check into these subjects and report to Council.

MAYER SUPPLY COMPANY REQUEST: Mayor Allen stated that the City may be interested in offering Mayer Company a long-term lease on the property on Gerald Ave.

City Manager was instructed to inquire if they are interested in this type of a contract.

AMBULANCE STATION BUILDING: City Manager reported that Councilman Folino and he had attended the Township Board meeting and gave the Board the information on the ambulance housing site bids. With all considerations in mind, the Township Board agreed with the City to accept Mr. & Mrs. Folino's bid of \$300 per month rent, with a one-year contract with two annual options for renewal.

Motion by Councilman Vernon support by Councilman Rathert to accept Mr. & Mrs. Folino's bid for ambulance station housing for \$300 per month rent, with a one-year contract with two annual options for renewal.

Because of his personal involvement, Councilman Folino is abstained from voting, as required by the City Charter.

Allen, Biery, Rathert, Vernon - aye. Folino - abstain. Carried.

REVENUE SHARING REPORT: City Manager reported the Federal Government requires a Planned Use Report on Revenue Sharing Funds, beginning January 1, 1973 thru June 30, 1973. The report indicates that funds received and expected (\$16,418) during this period are being used to maintain existing programs with the DFW and Police.

Based on City Manager's recommendation and report, motion by Councilman Folino support by Councilman Vernon to approve Revenue Sharing Report to be sent to the Federal Government.

Carried. PAY SCHEDULE: Motion by Councilman Vernon support by Councilman Rathert to approve 1973 Fiscal Year Salary Schedule.

Carried. MASTER PLAN REVIEW: Ron Nine Plan Consultant stated that the Planning Commission and he have been at the task of up-dating the Master Plan. He discussed briefly some of the major changes proposed.

Council stated that they were pleased with the overall proposal but there are a number of changes that they or the public may suggest.

Upon the recommendation of the City Manager, Council agreed to instruct the Planning Commission to set a public hearing without endorsing the plan in principle so it may keep options open for possible revision when the plan is recommended to Council by the Planning Commission.

MISCELLANEOUS: City Manager stated that basement damage due to sanitary sewer backup resulted in replacement cost of \$140 plus cleanup. City Manager recommended reimbursement of \$80 be made.

Motion by Councilman Vernon support by Councilman Rathert to pay \$80 as the cost of damages caused by sanitary sewer backup to Bill Tesch.

Carried. Mayor Allen stated that this week will mark the 20th anniversary of racing at the Northville Downs. Would the Council be interested in contributing \$25 toward a "Congratulations" add in the Northville Record.

Council agreed to donate \$25 toward the printing costs in a "Congratulations" add in the Northville Record.

Mayor Allen adjourned the meeting at 11:15 p.m.

Respectfully submitted,

Michele A. Sakalian

CITY OF NOVI NOTICE OF ENACTMENT ORDINANCE NO. 73-59

TAKE NOTICE that on the 2nd day of July, A.D., 1973, at a Regular Meeting, the Council of the City of Novi, Oakland County, Michigan, enacted an Ordinance prohibiting the allowance of dogs running loose, prohibiting the keeping of loud or habitually barking dogs, prohibiting the keeping of vicious or rabid dogs, authorizing the quarantine of dogs, prescribing responsibility for damage or injury caused by dogs and prescribing penalties for the violation of its provisions, to be known as the DOG ORDINANCE of the City of Novi.

The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of public peace, health and safety, and are hereby ordered to take effect immediately after posting and publication thereof in manner prescribed by the City Charter.

Notice is hereby given that printed copies of said Ordinance is available for inspection and distribution to the public at the office of the City Clerk.

Joseph Crupi, Mayor
Mabel Ash, City Clerk

Wixom Council Rezones Land for Manufacturing

By an unanimous vote Wixom's city council Tuesday rezoned a section of land to permit light manufacturing on it.

The parcel, owned by Peter Paisley of the Korex Company, is located on the north side of Pontiac Trail, west of South Wixom Road and south of the C & O railroad tracks. Prior to Tuesday's rezoning, the land was designated for RA-2 residential single family zoning.

In discussing the request, council members brought up the establishment of a right of way with the Grand Trunk railroad whose tracks intersect the property.

Paisley explained that he had gone to the Public Service Commission in Lansing and gained approval to cross the tracks with a road into the property.

He told the council in receiving permission of the Public Service Commission

he would be required to build the road, not only to the specifications of the railroad, but also to the requirements of the City of Wixom and would have to install safety requirements at the railroad crossing in the road.

As to the dedication of the road to the city in the future, Paisley said he planned to build it on the western property line and if he could "come to an agreement with his neighbor on that side" he would give half of his property for the dedication and would ask his neighbor to do the same.

Discussion also concerned the property behind the parcel owned by Paisley.

Councilman Robert Dingeldey said he believed that as long as Paisley built the road on the west side of the property and the chances of it being dedicated to the city were probable, he did not feel that the abutting property would not become landlocked.

In the vote, the rezoning request was unanimously approved. It had been previously approved by the Wixom City Planning Commission last month.

\$30,000 Budget Set for Library

In another step toward the development of the Wixom Library, the city council Tuesday approved a library budget of nearly \$30,000.

The largest portion of the budget, which the five-member library board termed a contingency fund, was the major topic of discussion.

board by council vote.

The budget was unanimously approved. It provides for \$600 in operational expenses; \$500 for equipment and furnishings; \$500 for library books and materials and \$2,750 in membership fees, including the cost of Walled Lake services.

On the recommendation of Mayor Gilbert C. Willis, the board members agreed to change the name of the fund to capital improvement.

The mayor pointed out that the line item of approximately \$25,640 had been designated in the original 1973-74 city budget for land acquisition for a combined parks and recreation and library building. If a place should become available, said Willis, this money could be available also.

Library Board chairman Mrs. Catherine Olsen asked if more money were needed to purchase Walled Lake Library cards for Wixom citizens whether the board could take it from that fund.

According to the mayor, it could not come from the capital improvement fund, but could be allocated to the

NOTICE OF PUBLIC HEARING

TO THE RESIDENTS OF THE
CITY OF NOVI,
OAKLAND COUNTY, MICHIGAN

PLEASE TAKE NOTICE that a Public Hearing will be held on Wednesday July 18, 1973, at 8:00 p.m., EST, at the Novi High School Commons, 25549 Taft Road, on the matter of the vacation of a portion of Chapman Drive in Chapman's Walled Lake Subdivision, to wit: that portion from Endwell Street to Novi Road.

Colleges Name Honor Students

Hillsdale...

Stanley Nirider, son of Mr. and Mrs. Essie Nirider, has been named to the Academic Dean's List at Hillsdale College for the second semester of the school year. To achieve Dean's List recognition, a student must earn a grade of "B" or better in each course for the semester.

Virginia...

Reese Lenheiser has been named to the dean's list following completion of his freshman year at University of Virginia in Charlottesville, Virginia. Lenheiser, son of Mr. and Mrs. Dean H. Lenheiser of 45095 Mayo Court, received a 4.0 average (straight A) during the second semester. Presently home for the

summer, he is employed by Bathey Manufacturing in Plymouth and will return to University of Virginia in the fall. Lenheiser was valedictorian of Northville High School's 1972 graduating class.

Wheaton...

Steven C. Elkins of 371 Welch, student at Wheaton college has been named to the dean's list for the spring quarter of the 1972-73 academic year. He is the son of Mrs. and Mrs. Clifford D. Elkins. Dean's list honors are earned by students who carry 12 or more hours and average 3.2 grade points (4 is perfect) per quarter. Wheaton college is a coeducational liberal arts college of high academic standards located 25 miles west of Chicago.

Ferris...

A Novi resident was one of more than 600 Ferris State College students honored by the college at the annual Academic Honors Banquet for consistent academic excellence. Honored by the college was Donna L. Robertson of 44010 Stassen. All students honored were recognized for their achievements by Ferris President Robert L. Ewigleben and the deans of the college's six academic schools.

SUMMER CAMP—Taking his turn at bat is M. D. camper Brian Burrell, Northville. Attendant Steve DeKlerk, Roseville, waits to help Brian "run the bases," during a wheelchair baseball game at the 1973 Muscular Dystrophy Summer Camp near Lexington, Michigan. Over 100 M. D. youngsters and their 140 volunteer attendants were sent to the camp through a grant from the James and Lynelle Holden Fund. While at camp, the youngsters were filmed for an appearance on the Jerry Lewis Labor Day Telethon for M. D. to be shown locally over WKBD-TV, September 2 and 3.

College Beefs Up Scheduling

Attending college will become easier for women in the fall when Schoolcraft College increases its "block scheduling."

The College will offer nine courses which will meet only once a week at two different locations. This will allow mothers with young children to arrange for child care and transportation only once instead of the usual two or three times.

The following courses will be offered on campus and meet once a week in the morning or early afternoon for approximately three hours: Bus 148, Bus 181, Eng 101, Math 101, Philosophy 243 and Political Science 105. These are basic credit courses often required in the programs of new students.

The following courses will be offered at the Garden City Extension Center at 29205 Florence: Biology 103,

Business 101, Business 181, Business 207 and Math 101. They will meet once a week for three hours.

If you are interested in taking one of these classes and have not previously been admitted to Schoolcraft College, call 591-6400, Ext. 228 or come in for application materials. Early registration will be held July 16-20. It is to your advantage to have completed application procedures prior to July 16, 1973.

Schoolcraft College also provides a Day Care Center for the children of students. The center is conveniently located in the first house along Haggerty Road next to the south parking lot. It is open from 8 a.m. to 5 p.m. daily and accepts pre-school children ages 2-5 years. A health certificate for each child is required. Costs include a \$5 family

registration fee each semester and a 60 cent hourly charge for each child.

Picnic Set Tonight For GOP Club

The Greater Northville Republican Club annual picnic is scheduled for 7 p.m.,

on Thursday, July 12, according to outgoing club president Edward Hodge.

The outing will be held at the home of Tom Schwarze, 44145 Mayo Drive, located near Nine Mile Road east of Taft Road.

New officers in the Greater Northville Republican Club as elected at the June meeting, are as follows: Fay Waldren, president; Robert Krueger, vice-president; Hester Courter, treasurer; and Mary Barrett, secretary. Members Edward Hodge and Tom Schwarze have been voted into trustee positions to aid in the policy directions of the club.

The annual picnic, as in the past, is open to all people in the Northville community.

Among Top 10 Communities in '72

New Housing Soaring in Novi

A sure sign that urbanization of this region is more than talk was etched in figures disclosed this past week by the Southeast Michigan Council of Governments.

For the first time in history, a local area community—Novi—has climbed into the top 10 of new housing starts.

In the seven-county metropolitan region, Novi ranked eighth in multi-family unit construction and ninth in total residential units during 1972.

Novi recorded a total of 792 multi-family structures, according to SEMCOG statistics, and 1,164 total residential units.

The southwest Oakland County community trailed Detroit, Taylor, Ypsilanti Township, Southfield, Canton Township, Sterling Heights, and Ann Arbor but topped all other communities in multi-family units.

In total residential units, Novi trailed Sterling Heights, Detroit, Taylor, Canton Township, Ypsilanti Township, Troy, Ann Arbor, and Southfield.

The seven-county region includes Oakland, Wayne, Macomb, Livingston, Washtenaw, Monroe, and St. Clair.

The top-10 communities in gross total housing totalled 15,391 compared to 16,008 in 1971.

Eight communities remained on this top-10 list from 1970. The two new communities were Ypsilanti Township and Novi. These 10 communities accounted for 41.7 percent of the gross total housing of the seven-county SEMCOG region.

Novi was one of just three communities in all of Oakland County to top the 1,000 mark in net housing units.

Troy recorded 1,189, followed by Southfield with 1,147 and Novi with 1,137.

Neighboring Walled Lake had a net total of 172 units, South Lyon had 85, Lyon Township had 49, Wixom had 28, and Wolverine Lake 75.

In Wayne County, the City of Northville recorded 58 new housing units, while Northville Township had 545. The City of Plymouth had 34, and Plymouth Township had 277.

Northfield Township in Washtenaw County recorded 112 starts, while Salem Township had 37.

The City of Brighton in Livingston County recorded 268 starts, while Brighton Township had 231. Green Oak Township had 173 and Hartland Township 130.

Other area figures revealed by SEMCOG included: City of Farmington 74, Farmington Township 401, Commerce Township 193, City of Milford 132 and Milford Township 69.
