

8-Mile, Center Widening Urged

Five Lanes Proposed at Intersection

Recommendations on widening Center Street and Eight Mile Road along with installation of a traffic light at Eight Mile and Novi roads are currently being studied by Northville City Councilmen.

Proposed by Wayne County Road Commission, the recommendations followed a study conducted by the county at the request of City Manager Frank Ollendorff and Police Chief Samuel Elkins.

According to Ollendorff, the plans are also currently being reviewed by Oakland County Road Commission and councilmen have proposed meeting with the two road commissions on the proposals. Specifically, the plans call

for a traffic signal at Eight Mile and Novi roads and installation of a left turn lane and left turn signal at the intersection of Eight Mile Road and Center Street.

No widening of the intersection at Eight Mile and Novi roads, which presently is four lanes wide, is proposed, the city manager explained.

Other proposals include widening Eight Mile at Center Street to four or five lanes and/or extending the widening of Eight Mile to four or five lanes from Center to approximately Novi Street.

The fifth lane would be for "left turns only," Ollendorff commented.

Also proposed is widening Center Street between Base Line Road and Eight Mile to four lanes.

Ollendorff said the recommendations were prompted through study of traffic movement and traffic counts in the Center Street-Eight Mile Road-Nowi Road area.

Estimated costs range from \$80,000 to "several thousands of dollars, depending on which proposal is used," Ollendorff said. Widening Center Street south of Eight Mile would be the most expensive, he said.

While the city would pay 10 to 20 percent of the cost, Wayne and Oakland counties would split the remaining 80 to 90 percent evenly because they jointly maintain Eight Mile Road, the manager explained.

The city would have to pay the cost of widening Center Street south of Eight Mile.

If a decision is made to implement all or part of the project, Ollendorff anticipated construction could be completed within two or three years. "It would take longer if the counties apply for federal aid," he said.

He added that the proposals "are still being studied and no decisions have been reached as of yet."

A study conducted last year by the city police department showed the Eight Mile-Nowi Road intersection accounted for the most traffic accidents in the city, followed by the Eight Mile-Center Street intersection.

A total of 21 accidents took place at Eight Mile and Novi Road, while 15 occurred at Eight Mile and Center Street.

DIVERS RECOVERED the body of 39-year-old Lloyd Eason of Plymouth at 7:30 a.m. Wednesday from Waterford Pond on Six Mile Road near Northville Road. Eason was swimming from a makeshift raft Tuesday when the raft tipped over, striking him on the head. The accident took place at 7:40 p.m. Tuesday and Michigan State Police divers combed the 10-foot deep water until nearly 11 p.m. before discontinuing their search. Operations to recover Eason were resumed at 7 a.m. Wednesday.

THE CURTAIN falls on harness racing at Northville Downs next Tuesday night until November 5, when Jackson stages its winter meet through December. Through the 28th night of the current 36-night summer meet betting shows a 6.7 per cent decline from last year. The average nightly handle through Saturday was \$338,879. Altogether some 114,160 fans have wagered \$9,488,619. Last year over the same period 126,890 fans topped the \$10 million mark in betting.

ORIENTATION for year-round school students in grades six through eight will be held tomorrow, Friday. Sixth graders will meet in the gym at Cooke Annex at 9:30 a.m. while seventh and eighth graders will assemble in the Cooke Cafeteria at 1:30 p.m. Homework assignments will be posted in the schools on Monday, the first day of school, and students will be given class schedules and supplies in their homerooms. Principal Ronald Horwath announced. Classes begin at 8 a.m.

LAST PUSH BEFORE SCHOOL—Charlie Cassady gives his sister Jane one last push on the swing before they both begin school Monday in Northville's voluntary year-round school program. They are the children of Mr. and Mrs. Allen Cassady of Carpenter Street and are enrolled in year-round school for the first time along with their sisters Karen and Kathy. Commented Mrs. Cassady, "They're all really anxious to begin school again." Charlie will be in eighth grade; Jane, second; Kathy, third; and Karen, fourth.

Enrollment Triples

Year-Round School Opens

School opens at 8 a.m. Monday for 480 students in grades kindergarten through eight when Northville's second year of the voluntary year-round school program gets underway.

An additional 130 students in grades kindergarten through five will head back to the classroom August 20 when the second track of the district's 45-15 program begins.

The approximately 600 students enrolled in year-round school represent nearly 25 percent of the student population through the eighth grade.

Last year, Northville's program involving 170 students was the first year-round schedule to operate in the State of Michigan, alternating 45 days of school with 15 days of vacation. This year, for the first time grades six through eight are involved in the voluntary program.

Superintendent Raymond Spear said he is "pleased the program has proven as effective and acceptable as we initially felt it would, once given a chance to prove itself."

He added that during the 1973-74 school year the district will "thoroughly analyze the program to see if it can be implemented at the high school level on a voluntary

basis during the 1974-75 school year."

Presently, there is a waiting list of 58 students for this year's classes.

Assistant Superintendent Miss Florence Panattoni said the 22 teachers involved in the program are "most enthusiastic. I'm absolutely delighted with the kindergarten through eighth grade staff. I've never seen them so enthusiastic."

For the past two weeks, teachers have been attending workshops taught by professors and other educators from Michigan and England.

"We're stressing a child centered curriculum

throughout the program," she explained.

Focus of workshops at the elementary level has been on integrating all areas of the curriculum—reading, math, science, art, as examples, she said.

"Northville, along with its relationship to the rest of the world will be the theme for the year," Miss Panattoni commented.

Teachers have been participating in workshops conducted by Miss Sheila Quarrell of Redding University in England, exploring possibilities for relationship of studying

Tennis, Griswold Bids Awarded

Northville's city council awarded contracts Monday night for construction of five tennis courts and the paving of the extension of Griswold from Main street to Beal.

Bidding for the tennis courts, which will be constructed on the Seven Mile road fish hatchery recreation site, was complicated by the

fact that the low bidder reported an error in his calculations and submitted a change.

Bids for both projects were opened and examined by the city manager and city engineer last Friday morning. They were submitted to the

17 Stores Signed Up

October Opening for Square

An October opening for about half the stores in Northville Square is being predicted by the new shopping center's management.

Construction of the 90,000-square-foot, bi-level retail mall at Main and Wing streets is currently on schedule.

Meanwhile, the city of Northville is speeding up its operations to meet the deadline for providing off-street parking.

City Manager Frank Ollendorff said this week that the 460 spaces near the center will be ready by October 1.

Following the same 50-50 cost split with commercial property owners that the city employed in providing off-street parking elsewhere in the business district, the city and owners of Northville Square are financing the development of 290 parking spaces south of Cady Street and 170 spaces north of Main Street.

Two houses remain to be demolished on the site south of Cady, while the former Methodist manse at Wing and Dunlap will soon be moved to a lot on Franklin road in the

township. Bids for paving the two new parking lot areas will be opened by the council Monday night. Manager Ollendorff said that emphasis will be placed on retaining as many of the good trees as possible even if some must be moved. Seventeen retail firms have signed leases for space in Northville Square, and according to the firm acting as managing agent for the center, Dayton-Hudson Properties, a total of 33 or 34 stores will occupy the center upon completion.

James B. Emerson, manager of both Westland and Northville Square centers for Dayton-Hudson, predicted this week that the new Northville center would open October 1. He said a grand opening would probably be delayed until after January 1, 1974 when all stores will be open for business.

Emerson noted that space is still available and that interested merchants may contact him at the Westland Center, telephone 425-5000.

Businesses currently signed

up for Northville Square include: Max Green's Men's Wear; Kulla's Korner Boutique; Jac LeGoff's Book Mark; L. G. Haig's Shoes; Tell Time Jewelry; Harvi's Suburban Women's Wear; Albert's Alcove Women's Wear; Coney Island; Universal International Travel Agency; Perkos Family Shoes; Bresler's Ice Cream Parlor; Family Amusement Center; Pant Hut; Land of Hi Fi Jazz; Detroit Vital Foods; Miami Bake Shop; and Elias Big Boy Family Restaurant.

Admission Rolled Back

Price Freeze Hits Downs

Harness racing fans were being admitted free to Northville Downs this week Monday through Thursday evenings.

The unique action came about after it was determined by the Economic Stabilization Board of the Internal Revenue Service that Northville Downs illegally raised its admission prices during the current summer meet.

Actually, reports Downs Executive Manager John Carlo, Northville got caught in the freeze. Like Hazel Park and other tracks, the Downs announced the increase of admission fees to the grandstand from \$1.50 to \$2.00 and from \$2.50 to \$3.00 in the clubhouse.

But the Downs did not start its 36-night summer meet until June 20, a week after the freeze on prices was enforced.

So prices were rolled back last Friday and Saturday night.

And in an agreement reached with the Economic Stabilization Board the Downs is permitting four nights of free admission through the gates to make up for previous over-charges.

The current summer meet ends next Tuesday night, July 31.

RESERVATION LANDSLIDE—Northville Town Hall ticket requests for the 1973-74 season are coming in to reservation chairman Mrs. Donald DiComo as fast as she can mail them out. She's shown here with just a few days' worth of requests. The lectures and luncheons this year will be held at the Thunderbird Hilton and the Northville Town Hall committee will have room for more patrons. According to Mrs. DiComo, there is still room for about 400 more season ticket holders. The season will open on Thursday, October 11, with columnist Erma Bombeck.

about Women and the family

Town Hall Names Award Recipients

At a recent meeting of the Northville Town Hall Board of Awards, the committee gave funds totaling \$1,750 to 13 different organizations.

Members of the committee are E. J. Wagenshutz, chairman, Herman Moehlman, Northville representative; Mrs. Francis A. Mattison, Northville representative; Mrs. Jean Proctor, Farmington representative; Mrs. Margaret Hough, Plymouth representative; and Mrs. Robert Fox, Livonia representative.

Several Northville area organizations were awarded funds for special projects by the committee.

The Northville Historical Society was granted monies for the restoration of the two buildings at the Mill Race Historical Village. For community charitable work, the Northville Mizpah Circle, Kings Daughters were given funds.

The committee also accepted the application of the Northville-Novi FISH organization. The grant from Northville Town Hall is to be used to defray monthly expenses.

Also awarded a grant from the committee was the North-

ville-Plymouth League of Women Voters. Purpose of the grant is to assist with the publication of a "Know Your Community" booklet.

Northville State Hospital Auxiliary was given funds which will be used to benefit patients in two of the hospital's units.

Two South Lyon organizations, South Lyon Youth Guidance and the Big Sisters of Greater South Lyon, also received grants from Northville Town Hall.

Other monies were allocated to the Plymouth Symphony, New Horizons of Oakland County, Farmington Chapter, the Plymouth Women's Club, St. John's Episcopal Church of Plymouth, Livonia Family Y Branch of the YMCA and Community Living Centers of Farmington.

Announce Engagement

DEBORAH DUEY

Deborah Louise Duey and Kurt David Kinde are planning a December 15 wedding.

The couple's engagement is announced by her parents, Mr. and Mrs. William L. Duey of 45385 Nine Mile Road. He is the son of the Reverend and Mrs. S.D. Kinde of Clio.

The bride-elect graduated from Northville High School in 1971. She is a member of the Certified Occupational Therapy Association.

A 1967 Northville High School graduate, the future bridegroom graduated from Western Michigan University in 1971 and is presently attending Wayne State University graduate school.

He is employed as a drama teacher at Northville High and is a member of Omicron Delta Phi, Theta Alpha Phi and Kappa Delta Phi professional societies.

Receive Flag

In a special program Saturday, an American Flag was presented to the new Eagles chapter in Walled Lake by the American Legion Post 147 of Northville.

Brasure, Edwardson Vows Said

At a ceremony for their immediate families, Diane Ruth Brasure became the bride of James P. Edwardson on July 7 at the First Presbyterian Church of Northville.

Parents of the couple are the Reverend and Mrs. Lloyd Brasure of Northville and Mr. and Mrs. William Edwardson of Elk Rapids.

The bride's father, with the assistance of Dr. John F. Brown, elder at the First Presbyterian Church, performed the double ring ceremony.

The bride was given in marriage by her father. Attending the couple were Mrs. David Blank of Snover and Harrison Farrell of Elk Rapids.

During the ceremony, the bride's sister, Leslie Anne Brasure, read passages from First Corinthians. A buffet dinner was held at the Brasure home for the wedding party and families after the church service.

Mr. and Mrs. Edwardson are now at home in Traverser City.

Last Call For Readers

Boys and girls in Northville are reminded that there is only one week left to join the summer reading club at Northville Public Library.

Mrs. Elaine Lada, head librarian, adds that members keep their own reading records and their names will be displayed in the library according to how many books they have read.

Certificates will be awarded at the end of the program.

Youth for Understanding Seeks Homes for Exchange Students

Youth for Understanding is looking for families in the area willing to take a foreign exchange student into their home for the 1973-74 school year.

According to a representative of the Youth for Understanding Ann Arbor office, there are about 15 students which the organization would like to place in the Northville, Novi, Wixom area. Most of the students are from South

America, France, Sweden, Germany, Belgium and Mexico.

The purpose of the Youth for Understanding program is to give a student an opportunity to live with a family in another country. The family requirements are to provide a good environment for the foreign visitor and include him as one of the family.

Each student coming to the United States pays his own expenses with the exception of room and board. Most are 17 or 18 years of age and will enroll at local high schools as seniors. They will arrive in Michigan in late August of this year and return to their homes in June or July of next year.

In placing the exchange students, the Youth for Understanding office tries to match the family and student as best it can and prefers there be other children in the home. However, couples without children are not excluded from having a student placed in the home.

Those families making application early will be given a choice of three or four students from which to choose.

Interested persons can obtain an application from the Youth for Understanding

office at 2015 Washtenaw Avenue, Ann Arbor, 48104, telephone 769-7800; or by contacting the local area representative, Mrs. Wesley Orr, 26508 Farmington Road, Farmington, 48024, telephone 474-2056.

Job Hunting Tips Offered for Women

Community women will have an opportunity to learn more about occupations and job hunting techniques this summer. The Women's Continuum Office of Schoolcraft College will sponsor two six week workshops entitled: "Let's Take Another Look at Occupations" and "Job Hunting Techniques". These small discussion group sessions will be led by Mrs. Nancy Dufour. Persons wishing to register

for these sessions should call the Women's Continuum Office at 591-6400, extension 217. There will be no charge for these sessions.

The workshop series, "Let's Take Another Look at Occupations," will be held on Wednesday mornings from 9:30-11:30 a.m. in Room L 181 of the Bradner Library on campus. The number of participants in the session will be limited to fifteen.

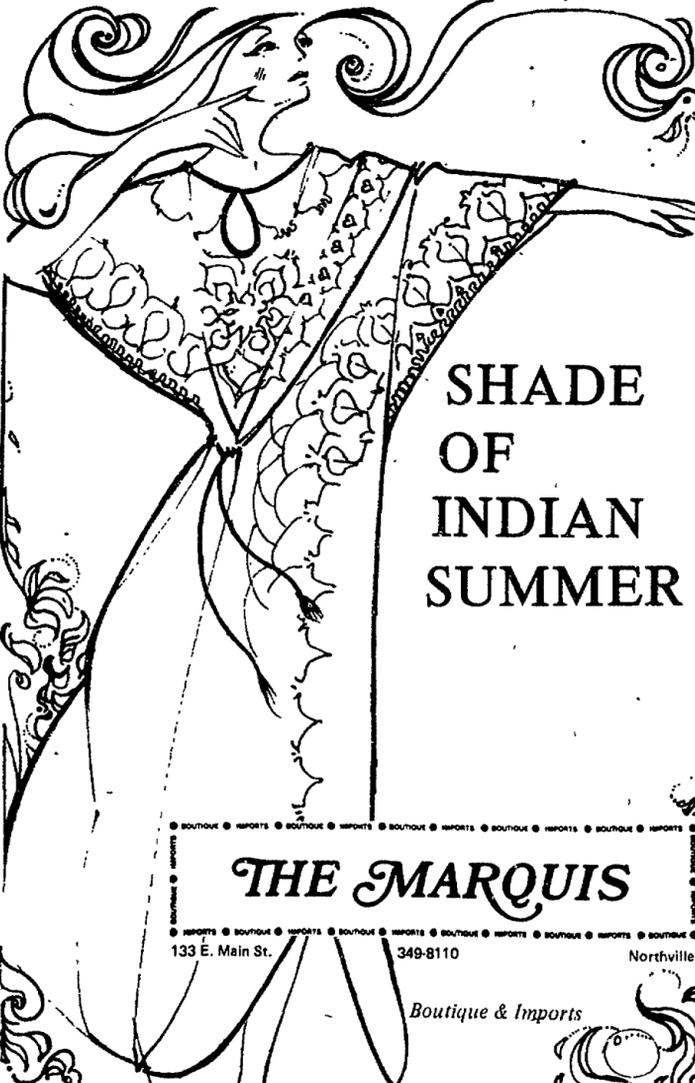

Maybe We're Not Magicians... But we do have some nifty little tricks for getting clothes spruced up. Takes experience.

When You're New in Town

How Do You Get Acquainted?

By MARTHA ROEMER

For a family new in town, the days just after the moving van has pulled away and the old things have been put into new places can seem like an eternity without close friends nearby.

The communities in the area see a change over of residents each year due to job transfers, families in need of larger houses, couples taking on smaller quarters now that the children have grown and a host of other reasons.

There's no need for newcomers to despair, for there are organizations in the Northville and Novi communities designed to accommodate individuals with similar interests.

The Northville Newcomers Club was formed several years ago to give people in the first five years of their residence in Northville an opportunity to meet others new to the community.

According to the club's president, Mrs. George Kausler, there are now about 175 families represented in the organization's membership.

"We try to place the emphasis of the club's activities on social gatherings for couples," she said, "but there is usually a family party at least once a year."

Membership in the Northville Newcomers Club is open to anyone who has lived in the city of Northville or Northville township for less than two years or a former resident who has returned after an absence of two or more years.

Each member is eligible to stay in the group a maximum of three years. In addition to parties for couples, the club offers interest groups for men, women and couples. Among the interests included on the list are couples' bridge, a ladies' golf league, men's softball, couples' bowling and a couples' gourmet club.

In all, Mrs. Kausler said, there are about 20 different groups, and members are permitted to join as many as they like.

Membership in the Northville Newcomers Club is \$5 if a couple is signed up before October 15. After that date, an additional fee is charged, provided the prospective members moved into the Northville area before the cutoff date. New residents may join anywhere along the way for \$5.

The annual Newcomers

club membership coffee will be held at 7:30 p.m. on September 20 at the King's Mill Clubhouse, which is located at 18120 Jamestown Circle.

Senior citizens in the Northville and Novi communities are welcome to join groups in either community. The American Association of Retired Persons (AARP) is open to anyone in the area who is over 55 years of age, whether actually retired or not.

The Plymouth-Northville president, Fred Bradley of Northville, said in addition to providing field trips and speakers for members, the national AARP organization offers senior citizens an opportunity to purchase insurance at a special rate as well as travel tours for national members.

Each local member must be a member of the national organization, and may join by attending a local meeting and obtaining an application. He added that members of the National Retired Teachers Association are also eligible for local membership.

The Plymouth-Northville chapter meets each month on the fourth Wednesday at the Plymouth Presbyterian Church, 701 Church Street, Plymouth. Interest groups begin at 10 a.m., a potluck luncheon follows at noon, there is a business meeting at 1 p.m. and a program is presented at 1:30 p.m.

The Novi Senior Citizens Club is open to any senior citizens in the area over 50 years of age. Dues are \$1.50 annually.

The organization sponsors trips and other special events. Meetings of the Novi Senior Citizens are the fourth Tuesday at 7 p.m. and the second Wednesday at noon. All meetings are in the Novi Community Building located on Novi Road north of Grand River.

To be a member of the Northville Senior Citizen Club, an individual (or one of the couples) must be at least 60 years of age and a resident of the city of Northville or Northville township.

Meetings are held on the second Tuesday of the month at 7:30 p.m. in the Scout Recreation Building at 215 West Cady and on the fourth Tuesday at 6 p.m. a potluck is held in the First Presbyterian Church of Northville on East Main Street.

In addition to regular meetings, members gather at

the Kerr House for senior citizens weekdays from 1 p.m. to 5 p.m. Kerr House is located at 211 West Cady.

Presently, the club has about 200 members. Dues are \$1 annually.

Bridge players who are new in town are encouraged to enter the Northville Mother's Club Marathon Bridge Tournament. This annual fund raiser is, according to Chairman Mrs. A. Ben Kline, "a great opportunity to meet both old and new Northville residents."

Partners (couples or women) are placed into one of ten groups. There are women's day and evening groups and couples' evening groups. Partners play one game a month and each person pays \$1 each time a game is played.

At the end of the tournament, the top three winners in a group receive prizes of \$50, \$20 or \$10. All profits from the games are turned over to the Northville Public Schools for various Mother's Club projects.

Last year for the first time, a two table group was set up so four couples got together each month. According to Mrs. Kline, it was a successful venture and will again be tried this year.

Anyone interested in registering for the tournament should contact Mrs. Kline at 349-4387 after August 20. Everyone registering will receive a schedule for his group and the tournament rules.

Each set of partners playing entertains, on the average four or five times during the tournament. Following each game, hostesses are asked to serve coffee and dessert.

Parents with children of school age are always welcome to join the Parent Teacher Association at the school. For those mothers whose children are not school age, a co-op nursery school is often a way to meet other young mothers.

The Novi Co-op Nursery and the Northville Cooperative Pre-School are open to the residents of each respective school district. The fees for children ages three to five are minimal. Mothers of the

children who attend the co-ops are scheduled to work on a regular basis.

Each school is limited as to the number of members admitted and conducts a membership drive in the early summer and early fall.

In addition to the few mentioned in detail here, there are many other interest groups in the communities. Some are connected with schools, others with the local churches and still others are community oriented.

News Around Northville

Marlin Ross Turbett will be one of the members of the 46th graduating class at General Motors Institute to receive diplomas at commencement exercises on Friday, July 27. Turbett, who lives at 9173 Currie Road, will be awarded a bachelor of mechanical engineering degree.

Friends of the Northville Public Library will meet at 8 p.m. on Tuesday, July 31, in the library.

Purpose of the meeting is to make plans for the book sale, to be held on Saturday, August 4.

The Northville chapter of Parents Without Partners will host psychologist Ned Papania at its meeting on Friday, July 27. His topic will be "You're Nobody Till Somebody Loves You."

The meeting will begin at 8 p.m. in the First Presbyterian Church of Northville. All single parents in the area are invited to attend.

A local resident, Michael D. Leu of 18129 Pinebrook, has been named to the 1973 spring semester dean's list at Capital University at Columbus, Ohio.

To be eligible for the honor, students must be enrolled at the university full time and earn at least a 3.4 grade average from a possible 4.0 for the semester.

WON'T YOU JOIN US?—Newcomers Club Treasurer, Mrs. James Harris, right, is showing Mrs. Fred Custer, one of the club's newest members, a listing of interest groups offered by the organization. Each year, the Newcomers Club encourages new Northville residents to join and meet other newcomers.

Announce Births

Announcing the birth of a son are Mr. and Mrs. Ronald Panches of Manchester.

Anthony Joseph was born on July 1 at St. Joseph Mercy Hospital in Ann Arbor. He weighed eight pounds and three ounces at birth.

Anthony Joseph is the couple's first child.

Mrs. Panches is the former Evelyn Budlong of Novi.

Parents of their first child, a son, are Mr. and Mrs. Larry Bogart.

Joseph Kelly Bogart was born on July 1 at Providence Hospital. The baby weighed eight pounds and 12 ounces.

Paternal grandparents are Mrs. Leona Bogart of Northville and Lawrence J. Bogart of Ypsilanti. Mr. and Mrs. Thomas Harmon of Grand Rapids are the baby's maternal grandparents.

GALA DAYS EQUESTRIENNE—Except for showers which washed out most of Friday's activities, the weatherman cooperated with the Novi Jaycees and provided relatively good weather for their annual Gala Days celebration last weekend. In the past the community fair has been plagued with every

type of bad weather from extreme heat to near-tornadoes, but this year the weather on Saturday and Sunday was beautiful and people turned out in record numbers. Above, three-year old Rachel Durand of Novi displays some outstanding horsemanship on the Gala Days merry-go-round.

Mobile Home Park

Rezoning Vetoed

Stating that the city had already more than fulfilled its obligation to provide land for mobile home parks, the Novi city council Monday vetoed a request that would have led to the construction of a mobile home park at the corner of 12 Mile and Haggerty Roads.

Specifically, the council unanimously turned down a request that it set a public hearing to consider the proposed rezoning of a 23 acre parcel on the southwest corner of 12 Mile and Haggerty from its existing R-1-F (small farms district) designation to R-3 (mobile homes district).

Making the request was A. Russell Button, a longtime Novi resident and businessman, as well as a former city councilman. Button is the owner of the Country Cousin Mobile Village located on the northwest corner of Haggerty Road and the I-96 expressway - less than a half mile south of the parcel requested for rezoning.

Button's request for a public hearing on the rezoning had been previously denied by the city's Planning Board on the basis that it had "no merit."

By appearing before the council Monday, Button was taking advantage of a clause in the city charter which, in effect, allows individuals to appeal the decision of the Planning Board.

In making his appeal to the council, Button noted that he had requested the rezoning on two previous occasions. In 1970 it had been turned down because the Planners said they wanted to "study the area," Button reported.

And in 1971 the request for the rezoning was again denied - this time on the basis that the Planners were not sure the M-275 expressway would be built, said Button.

"An inspection of this area will leave no doubt that the freeway will be constructed, so his is no longer a valid reason," argued Button in a letter to the council.

In requesting that a date for a public hearing to consider the rezoning be set, Button's attorney, Edward Johnson, noted that the Detroit Edison Company has acquired the property directly north of Button's existing mobile home village and has also acquired right of way easements for high tension wires immediately to the west of the property proposed for rezoning. This, he said, would make the area "highly un-

feasible" for single family development as is presently proposed on the city's master plan.

Johnson also noted that the M-275 expressway would cut off the area in question from the rest of Novi and "make it an island," more closely connected with the city of Farmington Hills.

Button's major argument for requesting the rezoning, however, was that a mobile home park would provide a good transitional use for the land.

"I believe that the ultimate use of this land is industrial," Button noted in his letter to the council. "The advertising potential for an industrial plant along an expressway (such as M-275) is enormous. A mobile home park is the easiest land use to convert to something else as there are no large improvements to dispose of. In some communities mobile home zonings

It's 2-Year Pact

Board, Teachers Approve Contract

A two-year teacher pact was approved Tuesday in the Novi Public School System. The agreement came as a surprise addition to the Tuesday night board of education agenda.

It marks the first time that Novi has signed a two-year agreement.

Ratification of the proposed master agreement by the Novi Education Association came on a 43 to 4 vote at a 7:00 p.m. Tuesday meeting.

Upon receiving word of the results of the teacher vote the board interrupted its agenda to vote 6 to 1 in favor of adoption.

Board President Vern DeWard cast the lone negative vote stating that his objection was on the basis of cost... "this year and next".

Both Superintendent Gerald Kratz and Norm Norgren, teacher negotiating team chairman, hailed the new agreement and the harmony under which it was reached.

Superintendent Kratz praised his assistant, William Barr, for his role in conducting negotiations for the board and noted that the spirit of the meetings between the two teams was reflected by the acceptance of the pact by the teaching staff.

"I'm glad the agreement is for two years. Now we can work together for the improvement of the educational system of our district," Superintendent Kratz added.

Norgren also commented on the professionalism and constructiveness of the negotiation sessions. He said the early settlement would enable Novi to concentrate on programs "for the best buildings in the state".

The new agreement covers wages, hours and working conditions for teachers. It provides for an aggregate of 8.2 per cent raise, which includes experience increments for the first year.

The 1974-75 salary schedule, second year of the new contract, will be determined by increasing each step of the 1973-74 salary schedule by the Cost of Living Index percentage figure for the month of June, 1974 for the Detroit metropolitan area.

The figure is, issued by the Federal Bureau of Labor.

Thus each teacher's salary will be based upon an upward move to the appropriate step for the next year plus a cost-of-living increase.

Fringe benefits' increases include a hike in life insurance from \$10,000 to \$12,000 and dental insurance from \$7 to \$7.50 per month.

Cost to the system for the same number of teachers as last year would be ap-

proximately \$150,000, reported Assistant Superintendent Barr.

Novi's teaching staff will jump from 106 last year to about 125 in the 1973-74 year.

Under the new contract a beginning teacher with a BA degree will receive \$8,480 annually, an increase of \$160. At the 11th step the BA-degree teacher receives \$14,500.

Starting pay for a teacher with a master's degree is \$9,300 with the annual salary

reaching \$16,950 at the 11th step.

Ratification of the contract came a month earlier than last year, when agreement was reached on August 22.

In other business Tuesday night the board approved a pilot program for Village Oaks elementary school that was presented to the board by Principal David Brown and Teacher Jeanne Kinney.

The program, proposed by the Village Oaks staff, in-

volves oral communication with parents in the spring and fall coupled with parent-teacher conferences.

Mrs. Kinney explained that the fall program would include oral conferences with parents so that teachers may find out about children from their parents. A newsletter would also be included. A written conference to inform parents of their child's

Grand River - Taft Road

Council Studies Traffic Hazard

Long considered a major traffic hazard, the intersection of Taft Road and Grand River Avenue is finally receiving some attention.

In a letter to City Manager Harold Saunders, Novi city engineers Johnson and Anderson have recommended that steps be taken to improve the safety aspects of the intersection.

The hazard is created by a small hill on Grand River west of Taft which severely limits the sight distance of eastbound vehicles along Grand River.

Although no fatal or serious accidents have been recorded at the location, police have long been fearful that it was just a matter of time. The fear is that eastbound motorists, unable to see the intersection until they top the hill, will be unable to avoid hitting vehicles either entering or exiting Taft Road.

Since both Novi High and Middle Schools are located on Taft Road and the Grand River-Taft intersection is a major school bus route, the importance of making the improvements is deemed particularly high.

To adequately reduce the traffic hazard, Johnson and Anderson told the city council, the sight distance must be increased from its existing 400 feet to approximately 800 feet. This would require altering the present grade on Grand River for several hundred feet.

The engineers reported that they had discussed the matter with the Oakland County Road Commission which has

jurisdiction on Grand River, but that the Commission "has no plans to improve the sight distance nor does it appear that any are being considered for the immediate future."

The engineers went on to suggest that some form of joint participation in the expense of leveling the hill by the City with the Road Commission might open the way for the job to be contemplated.

Councilman Louie Campbell suggested that the city accept Johnson and Anderson's recommendation and that a meeting between the engineers and city and county officials be set up to discuss the problem.

Federal funds to assist in

such a project, might be available, Campbell said.

If it develops that the grade along Grand River cannot be altered, Johnson and Anderson recommended that one of two alternate plans be followed.

1. Either the Taft Road intersection be relocated, or 2. The intersection be constructed at its present location and grade without the benefit of improved sight distance along Grand River. In other words, the intersection would be left as it is.

To follow the first course of action would require the acquisition of a considerable

Wixom Tables Appointments

The old business of appointing three members to the Wixom City Planning Commission became a little older Tuesday night as the council voted to table Mayor Gilbert C. Willis' three recommendations for the board.

In a 4-2 vote, the council decided to table the appointment of Russell Wahamaki and Thomas E. Wagner to the board and reappoint Leslie Kent to his expired term.

In a discussion, by the

council and mayor after the resolution was made, Councilman Robert Dingeldey asked which members Wahamaki and Wagner were replacing on the commission. The mayor answered the two were being named in place of James Lahde and Melvin Green whose terms, along with Kent's, expired on June 30.

Dingeldey asked if the move to replace the two was made at the request of Lahde and Green. Willis answered it was not. To that, Dingeldey asked if the exclusion of Lahde and Green from the commission was the idea of the members of the Planning Commission. "It is not," the Mayor answered.

At that point, Councilwoman Mary Parvu asked if the change in planning personnel had to do with the fact that Green and Lahde are announced council candidates for the city's August primary election. Willis' answer was yes.

Councilman Val Vangleson then said, "Maybe the other members of council should resign from their positions on other boards and committees

Criticize Railroad Report

A report prepared by the Michigan Public Service Commission analyzing the safety conditions of two of Novi's three major railroad crossings was strongly criticized by the city council Monday.

Calling the report a "cop out," Councilman Edwin Pressnell said, "I think they did a very poor job on this report and I'd like to tell them so to their faces."

Equally as critical was

Mayor Joseph Crupi. "As far as I'm concerned," he said, "they did a very poor job in reporting what could be done to improve the visibility of those crossings."

"I know that there are a variety of methods which could be utilized to make those crossings a lot safer than they are, but the things they've recommended to us are only minimal."

Crupi then directed City Manager Harold Saunders to

write a letter to the Public Service Commission "expressing disappointment" in the quality of the report.

Object of the criticism was a report on the safety precautions at the C&O railroad crossings on 10 Mile and 12 Mile Roads.

The report was prepared at the request of the city after three fatal accidents involving train-vehicle collisions occurred at the two crossings during the first six

months of the year.

In each instance, however, the cause of the accident was attributed to driver error, and the Public Service Commission's report made it clear that their inspection was not to be construed as an investigation of those accidents.

"The purpose of the investigation," according to the report, "was to review the crossings and determine

In Northville Township

About Our Servicemen

Eye Senior Housing

Building authority in Northville township will be investigating the possibility of constructing housing for senior citizens on Six Mile Road near Winchester. Trustees directed the building authority to come up with a senior citizens housing package to be located on the

property deeded to the township by Thompson-Brown. Action was taken by trustees earlier this month. Trustee Richard Mitchell said the project should be taken on by the building authority "since there is federal money available."

Township engineer William Mosher suggested the authority examine the way in which the property was deeded to the township to make certain the property may be used for such a project.

Thompson-Brown deeded the property to the township for construction of a township hall-fire-police station complex, for which project the building authority also was created.

Recently, Supervisor Lawrence Wright has begun investigating the possibility of the township leasing buildings at the Wayne County Child Development Center for township offices and using the existing fire station at the Development Center.

Plans have been made to phase out the center's operation by July, 1974. Members of the building authority are Charles Miller, John Peters and R. Lane Ritter.

In other action, trustees supported two resolutions, one from the City of Northville and one from Huron township.

Resolution from the City of Northville opposed withdrawal by the state of financial support for schools which train police officers.

Huron township's resolution proposed that equipment from the Wayne County Sheriff's Road Patrol be sold at auction when the road patrol is phased out, as has been proposed for later this year.

The resolution explained that allowing the townships, which currently are using the road patrol services, to bid on the equipment would help those townships set up their own local police departments.

JAMES T. PEACE

Midshipman James T. Peace, of Northville, was one of the 196 graduates of the United States Merchant Marine Academy who heard Secretary of Commerce Frederick B. Dent deliver the Commencement address to the Class of 1973.

It marked the first visit of Secretary Dent to the Academy which is one of the many government facilities under his direction. The Academy has been described as the "crown jewel of the Department of Commerce".

The Class of 1973 numbered 97 deck officers, 73 engineering officers and 26

dual license officers. The dual license program gave the Kings Pointers the double license of deck and engineering officer.

GREAT LAKES, ILL.—Navy Seaman Recruit William R. Hypio, son of Mr. and Mrs. Arthur R. Hypio of 41272 Lehigh Lane, Northville graduated from recruit training at the Naval Training Center here.

Millington, Tenn.—Navy Airman Apprentice Jon C. Mogridge of 41750 Eight Mile Road, Northville, has completed the Aviation Electronics Technician School here.

Aviation electronics technicians maintain radar, radio and other guidance systems aboard naval aircraft.

Novi Plans Book Sale

Paperback book sale, sponsored by Friends of the Novi Public Library, will be held from 10 a.m. to 4 p.m. Thursday, August 9.

Books for all ages, pre-school through adult, will be on display during the sale which will be held at the Novi Community Building.

All proceeds from the sale will go to the Friends of the Novi Public Library.

At the group's recent meeting, Novi Librarian Mrs. Dorothy Flattery spoke on the facilities available at the library.

She explained that cassette recorders, tapes and films are available from the Novi Library and through the Dearborn and Wayne County Federated Library systems.

Nursing homes in the Novi area are being served by the library and braille and large print books may be checked out from the library.

Over 14,000 books are housed at the Novi facility and the library also subscribes to 47 different magazines.

Persons wishing to donate a particular book to the library collection as a memorial may do so, Mrs. Flattery adds. A name plate will be placed inside the book as a permanent memorial.

Shorter Minutes For Township?

Whether Northville township will continue publishing complete minutes of its board meetings or switch to synopsis form is likely to be decided by trustees in August.

According to Clerk Sally Cayley, the township may meet the minimum requirements of the law by publishing only a synopsis. She said it would be easier for her and that it would be cheaper to publish the shortened form.

Mrs. Cayley said the minutes must be published within 10 days of the meeting and that she does "not receive them from the secretary until Friday. Then I must correct and re-type them."

Treasurer Joseph Straub said he was opposed to publishing only a synopsis of the action since the minutes "are the only way people can know what's going on."

Trustee Richard Mitchell said that if the people "are that interested, they can come to a meeting or get a complete copy of the minutes."

Mitchell maintained the township was "not in the business of selling papers" and that everyone in the township did not subscribe to The Northville Record, in which township minutes are published.

Straub said the "circulation of the newspaper is irrelevant. People would spend 50 cents in gas driving (to township hall) to get them."

Clerk Cayley said she "could mail the minutes to them."

Trustee John MacDonald explained he felt the question was one of "saving the taxpayers' money versus the taxpayers' right to know."

Mitchell made a motion to meet the minimum requirements of the law, publishing minutes in synopsis form. His motion died for lack of support.

Trustees directed Clerk Cayley and Supervisor Lawrence Wright to study the situation and come back to the board with a recommendation.

Study CATV Proposal

A proposal for cable television franchise in Northville township has been made by Alden CATV, Incorporated, of Southfield.

Appearing before township board members recently, Larry Bohner, spokesman for Alden CATV, requested to

present to the township board information on cable television.

Trustees directed Supervisor Lawrence Wright to set up a special meeting with the firm's representatives to discuss the proposal.

Alden is the same firm which has been granted a cable television franchise in the City of Plymouth.

It has also requested franchises from the City of Northville and Plymouth township.

NPOA Treats

Kids to Circus

Northville Police Officers Association contributed 80 tickets to the Rudy Brother Circus, inviting residents from Plymouth Center for Human Development and the Wayne County Child Development Center.

Sponsored by the Police Officers Association of Michigan, the circus was held at the Michigan State Fairgrounds.

Speaking for Myself

Energy Crisis?

WILLIAM FITZGERALD

REALITY . . .

The energy crisis now facing our country is, indeed, a reality — a reality which touches the life of almost every citizen, every day.

Any service station owner or fuel oil dealer can testify to the reality of the energy crisis, for nearly every dealer has had to make cutbacks to adjust to the situation.

The basic cause of the current crisis is the old law of supply and demand. Demand is now exceeding supply, with the energy crisis the result.

In the area of gasoline, there are now more cars on the road, with newer cars getting poorer mileage because of weight, accessories and pollution control devices. So more gasoline is being demanded.

The same holds true for other petroleum products. More heating oil is needed for new homes. Utilities need more fuel to generate electricity and coal-burning utilities have switched to oil because of environmental restrictions.

Meanwhile, production of petroleum products has not kept pace with the demand, for several reasons. There is a world-wide shortage of crude oil, especially the low-sulfur crude needed for U.S. refineries, and product prices have remained low compared to costs, discouraging the building of new refineries.

Fear of oil spills and-or leaks has held up off-shore drilling and has also delayed construction of deepwater ports and the Alaskan pipeline.

Bernie J. Corrigan
Service Station Owner
Brighton

MYTH . . .

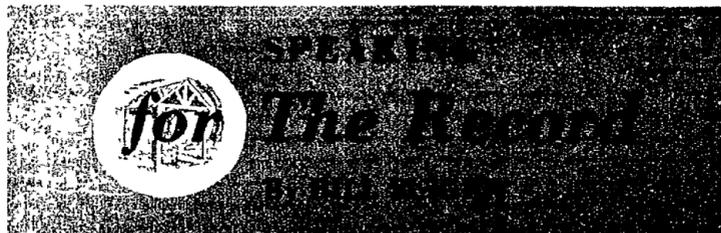

Michigan, as both a manufacturing and agricultural state, is extremely dependent on the sources of oil and gasoline. In fact, almost every facet of our economy and growth, from all types of industry to supplying the lifeblood of transportation and even heating and cooling our homes, depends on the availability of oil and gasoline.

As chairman of the joint Legislative committee, I am aware that the well-being of the State of Michigan remains in the balance if the alleged shortage really exists, and I plan to conduct a thorough investigation to search out the substantive truth of arguments on all sides. There have been convincing arguments that the "shortage" is an attempt by the oil industry to raise prices, to drive out the independent gasoline retailers, to stifle environmentalists and to increase the oil depletion allowance.

Speaking from my vantage point as a legislator and an alarmed member of the consumer populace, it seems that the oil giants have too much to gain by this oil shortage. If this gasoline shortage is contrived for their own purposes, it indicates an appalling lack of concern for the Michigan resident.

If the claims of the petroleum industry are phony and self-serving, substantial regulatory legislation should be introduced to bring the oil companies closer to governmental control.

Representative William B. Fitzgerald
Chairman, Select Joint House
Senate Committee on Fuel Shortage

For good old-fashioned family fun visit South Lyon this week.

The community is celebrating its centennial.

Personally, I've never seen a better effort by a town of any size.

Saturday the celebration was kicked-off with a parade that featured floats, bands, animals, vintage cars and farm vehicles, motorcyclists, clowns, kids, ladies in long dresses and men with handle-bar mustaches.

And the sidewalks and streets were packed with more people than have ever been seen in the 100-year-old town.

All this week right through the Grand Ball on Saturday night at McHattie Park there's a full schedule of activity.

Monday was homecoming or "oldtimers" day when hundreds of former South Lyon residents returned to renew friendships.

Tuesday business and industry were honored.

Wednesday was youth day with games galore including the greased pig chase and a water-ball fight featuring four area fire departments.

Today is agriculture day. It will include visits to area centennial farms, displays of farm products, and plenty of fresh farm produce for sale.

Friday will be ladies' day and will be featuring style shows of past and present fashions.

Saturday is veterans' day.

Among the features that still may be enjoyed on Thursday, Friday and Saturday are:

A continuous carnival;

Fireworks following performances Thursday and Friday nights of the play "Histrionics" at the high school athletic field;

An ice cream social and pie-eating contest on Friday;

An antique sale and arts and crafts show on Thursday and Friday;

A vintage car parade Saturday afternoon and a horse show on Saturday;

A Grand Ball and beard-judging contest as a wrap-up to all the fun on Saturday night.

Some 300 campers, members of the National Campers and Hikers Association, are scheduled to pull into South Lyon on Friday. Arrangements have been made on school grounds to accommodate the visitors.

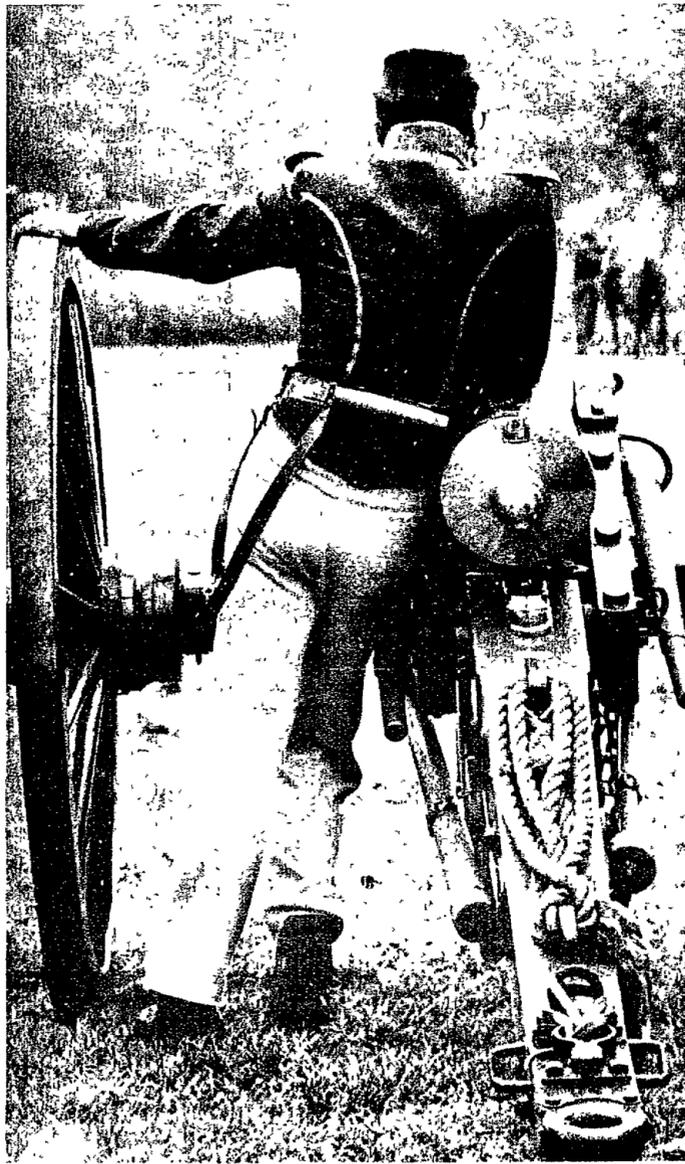

The South Lyon centennial cooperation has enjoyed total cooperation of citizens, business, industry and community churches and organizations.

A stroll through the town is like a visit through the past. Most women are wearing long dresses and bonnets. And most men are sporting beards, high hats, string ties and suspenders.

The carefree atmosphere with emphasis on fun and frolic ought to provide a welcome break for dad, mom and the family.

Readers Speak

Brickley Running?

To the Editor:

Just a short note to correct what I believe is a wrong impression reflected in your editorial of June 14. In the editorial you suggest that Lieutenant Governor Brickley may not run for Lieutenant Governor again because he "has reportedly had it with politics". I also believe you made a similar reference in an earlier editorial.

Lieutenant Governor

Brickley has suggested that he may not run for Lieutenant Governor, not because of any disenchantment with politics, but because he is considering several other options, including running for other offices.

Since you mention Senator Carl Pursell in the editorial, I would like to take the opportunity to indicate that Lieutenant Governor Brickley shares your high opinion of

him. As a matter of fact, Lieutenant Governor Brickley many times has publicly commended Senator Pursell for his outstanding leadership and perception in the State Legislature. He envisions nothing but a bright future for him.

Sincerely,
Berl Falbaum

Administrative Assistant
Office of the
Lieutenant Governor

For the longest time, perhaps more than a year, I haven't been able to look a hot dog square in the eye.

Ever since my wife tried to make me eat six of them, unaccompanied by buns, I've found it difficult to face up to a hot dog.

Six wieners, she told me, was the male portion of meat for an evening meal on Weight Watchers.

Have you ever seen six hot dogs lined up on a plate, waiting to attack you? Placed end to end, they'd make about a 30-inch wiener—a big, plain one at that, with no bun, no mustard and nothing else to jazz it up.

Eating it would be like going into your favorite bar and ordering a large water on the rocks.

Being strictly a two-wiener man, I refused to eat the six hot dogs, and my wife gave up on me. My fabulous frame would have to go without Weight Watchers.

I just wasn't ready for it. Not so for my wife and mother. They stuck to Weight Watchers and lost weight.

For my mother, the thrill of losing weight, 60 pounds so far, has been a long process.

By her own admission, she has been a fatty for at least half her life. It's not that she hasn't tried. She's attempted every diet created by man at least once.

She's even gone to a hypnotist to try to lose weight.

When she looked deep into his eyes, they must have looked like olives, because the next night at a restaurant she broke down and ordered an Italian salad and then submerged herself with a submarine sandwich.

Before joining Weight Watchers, she had been a member of a couple other "fat" clubs.

She and some of her friends attended one club regularly for two years. It turned out to be more of a social club than one devoted to shedding excess blubber.

They met once a week, and if a gal gained weight, she had to stand up in front of the group and repeat three times:

"Oink, oink, I'm a pig."

That was suppose to shame everyone into losing weight. It also gave everyone a big laugh.

After the meetings, still chuckling, the girls would go out and celebrate at a restaurant if they lost a pound or two. Usually, they'd order a sundae or malt, promising to get back on their diets the next morning.

But those days of "hit and miss" dieting are over for Mom. She swears by Weight Watchers.

I say the Weight Watchers diet can't be all good. Any menu calling for six hot dogs at one meal must be un-American, unhealthy and uncalled for.

News From Lansing

BY R. ROBERT GEAKE
Michigan Representative

In a midnight oil burning session last week, the House of Representatives passed House Bill 4307, the public school employees retirement bill. This bill has been the subject of a well coordinated, massive mail campaign to legislators by public school employees serving and retired. I, myself, have received more mail supporting this one bill than regarding any other single piece of proposed legislation since being elected to the legislature.

Bills giving similar retirement benefits to state police (HB 4769) and all other state employees (HB 4978) immediately followed. I voted for all three bills. The three bill package totals \$58.5 million and provides for a \$25 per month increase in health insurance benefits and a continuing two per cent annual cost of living increase in the pensions.

The present form of the bills represents a compromise from a much more expensive set of provisions originally proposed, and may come as a disappointment to some teachers. For example, the first draft of the bill would have permitted retirement at age 55 but the final version makes no such provision.

In addition to the increasing pension benefits, the bills also call for an increase in the contributions to the pension systems by current employees. Currently school, state, and state police employees contribute five percent of their annual salaries to the retirement systems. Under this bill their contributions will be increased to six percent.

These bills now go to the Senate for consideration and possible further amendment. It is my belief that benefits in the original package which the state could not afford this year will probably be added in coming sessions of the legislature.

++++

Most of the legislature's time recently has been devoted to work on the complex and controversial budget bills. All bills regarding state spending have now been considered by both Houses of the Legislature. The budget bills on which agreement could not be reached by the two bodies are, at this writing, in conference committees.

The score stands at 11 bills in conference committees and 13 sent to the Governor for his signature (or veto). The 11 bills in conference committees are the major budget bills in that they cost the greatest amounts of money. They include the state school aid funds for local school systems, money for the Dept. of Social Services including "welfare", for mental health programs, and for the entire Dept. of Natural Resources. Hopefully, some of these can be resolved this week.

• OBITUARIES •

GLADYS I. SMITH

Funeral services for Gladys Irene Smith of 637 Novi Street were held Tuesday, July 17, at the Casterline Funeral Home.

Mrs. Smith, who was a life long resident of Northville, died July 14 at University Convalescent Home in Livonia at the age of 81.

Born August 26, 1891, in Northville, she was the daughter of John and Emily (Green) Cooper. Mrs. Smith was a member of the First Presbyterian Church of Northville.

Her husband, Charles, preceded her in death.

Surviving is a daughter, Mary I. of Northville, four nieces, Mrs. Pearl McCourtie of Oakland, California, Mrs. Roscoe Cramb of Livonia, Mrs. Maxine Randall of Detroit, Mrs. Ann Ingall of Plymouth, and two nephews, Howard of Rockville, Indiana, and Clifford of Northville.

Services were held at the Casterline Funeral Home where the Reverend Lloyd Brasure of the First Presbyterian Church officiated. Burial was in Rural Hill Cemetery.

JOHN R. PICKARD

Funeral services were held Wednesday, July 18, for John Ralph Pickard of Union Lake, formerly of Northville, who died July 16 at Edgewood Country Club following a heart attack. He was 72 years old.

Born February 9, 1901, in Scarborough, England, he was the son of Samuel S. and Mary Jane (Waller) Pickard.

In September, 1914, he moved to Northville with his parents from England. Mr. Pickard owned and operated Farmers Meat Market on Center Street in Northville for

many years. Previously, the market had been owned by his father, Samuel.

For the past several years, Mr. Pickard worked at Edgewood Country Club.

In March, 1933, he married his wife, Lucinda, who survives him.

Mr. Pickard was a member of the First Baptist Church and the Masonic Lodge.

Surviving besides his widow is a son, William S. of Pontiac, a daughter, Mrs. Rosemary Hamilton of Clarkston, two sisters, Mrs. Alice Taggart and Mrs. Margaret Hollis of South Lyon, a brother, William E. of Howell, two grandchildren, two great-grandchildren and several nieces and nephews.

He was preceded in death by a daughter, Phyllis Irene, and a sister, Mary E. Barnes.

Services were held at the Elton Black and Son Funeral Home on Union Lake Road where the Reverend Arnold B. Cook, former pastor of First Baptist Church of Novi, officiated. Burial was in Oakland Hills Memorial Gardens, Novi.

NAOMI GERAGHTY

A former Northville resident, Naomi Geraghty, died Monday, July 16, at the age of 91.

Mrs. Geraghty lived in Northville before moving to Auburn, New Hampshire, four years ago.

Surviving is a daughter, Mrs. Meg Stack of Auburn.

Funeral services were held Friday, July 20, at the Casterline Funeral Home where the Reverend John Wyskiel of Our Lady of Victory Catholic Church officiated. Burial was in St. John's Cemetery, Ypsilanti.

JOY RIDE—Two teenage girls and a father and his young daughter enjoy the thrills of the roller coaster ride at Novi's Gala Days over the weekend.

Approve Voc-Tec Addition

LANSING—Sen. Carl D. Pursell hailed Senate action in passing and sending to Gov. William G. Milliken a capital outlay appropriation for junior and community colleges that provides \$517,819 for an addition to the vocational-technical program at Schoolcraft Community College.

"I am delighted at the Senate action and at the word that the Governor will sign the

bill including approval of this specific project at our request," said Sen. Pursell, member of the powerful Senate Appropriations Committee.

"This means the successful culmination of our two-year campaign to get funding for this important aspect of Schoolcraft Community College's excellent program.

The total cost of the project will exceed \$1 million, in-

cluding state and federal funds."

Sen. Pursell said "this type of training in job skills must be of the highest priority in the field of education today."

"I am pleased that the state has accepted its responsibility to help provide for this facility for our students in the vocational-technical field and that, as a member of the appropriations committee, I was able to contribute materially toward this program for students at Schoolcraft Community College," said Senator Pursell.

Township Awards

Bid For Water, Sewer

Bid for construction of a water main and sanitary sewer on Seven Mile Road has been awarded to Territorial Construction, Incorporated, of Plymouth.

The bid was one of four to submit bids for the water and sewer extensions which, when completed, will serve the Tack Room located on Seven Mile Road at Maxwell.

Both the water and sewer commission, and Northville township board members were polled by phone early this week, Supervisor Lawrence Wright explained,

and concurred on awarding the bid to Territorial Construction.

Other bidders on the project included Interstate Construction, \$22,180.25; Chartier Excavating Company and Bear Excavating Company, \$25,649; and Ernie Cappocia Equipment, Incorporated, \$30,891.55.

Construction on the project, which includes 470 feet of 12-inch water main and 633 feet of eight-inch sanitary sewer, is expected to get underway in August.

Tour Tennessee Model

Eye Juvenile Care

County Commissioners Mary E. Dumas and Tom F. Taylor have returned from a tour of juvenile facilities in Nashville, Tennessee, with ideas they hope to apply to the delinquency problem in Wayne County.

Mrs. Dumas and Taylor are members of the Wayne County Commission on Juvenile Justice, an advisory body established to help develop a comprehensive county-wide juvenile program.

"The city-county of Nashville-Davidson County is operating a very unique juvenile program involving the cooperation of city government, the public schools, law enforcement agencies, state protective services, the juvenile court and other child-serving agencies," Mrs. Dumas said. She added:

"All of these programs are directed to the ends which the Human Resources Committee of the Wayne County Board of Commissioners and the board itself would like to achieve. The program is operating effectively in areas of child care and small group care for those children who cannot be returned to their own homes."

Mrs. Dumas gave the following report on the juvenile justice program at Nashville:

The Nashville Juvenile Services Program is built around several concepts all designed to restore the child to the parent and the parent to

the child as soon as possible. The overall Juvenile program funded by eight interlocking grants includes:

1.—24 hour intake and classifications system at Juvenile Court which determines which program a child is diverted to or whether he remains for adjudication.

2.—Special Services system at Richland Village, a residential community of six cottages having a set of house parents for every twelve kids.

3.—Special Learning Centers in the schools. Teams comprised of a psychologist, a social worker, a school attendance worker and members of the school professional staff work together to solve the mutual problems of the schools and the individual children and their parents. They have the support and cooperation of the juvenile court, law enforcement agencies and the social service agencies.

In the Nashville program there is 24 hour Protective Services and Emergency Services. A team comprised

of a Juvenile Court Worker and a Protective Services Worker are on 24 hour call and rendezvous at the scene immediately upon report of an abandoned neglected child.

Wherever possible juvenile and first time offenders are diverted to a special project related to the Juvenile Court where caseworkers and volunteers work with kids and parents to settle immediate crises and prevent future ones. This juvenile diversion program claims a high rate of success in terms of reduced recidivism.

Finally, the Nashville program includes training in juvenile advocacy, where attorneys practicing in the Juvenile Court system learn that just getting a kid off may not be in his own best interest; that perhaps is the best decision the Court can make is to direct the child to the proper program of counseling or rehabilitation. The motto of the Nashville program is to eliminate crime in the 80's by reducing juvenile delinquency and its causes in the 70's.

READING WORKSHOP—Teachers in Northville's year-round school program get a few pointers in helping students to be better readers from Dr. Peter Sanders (standing) of Wayne State University. The teachers are

members of the Cooke Middle School staff who, along with elementary school instructors, have been participating in workshops during the past two weeks.

Novi Selects 3 Architects

The Novi board of education Tuesday night decided to split its upcoming \$13.5 million building program between three architects.

Architectural firms chosen by the board and their assignments are:

For the Village Oaks elementary and high school renovation—Lane, Riebe, Weiland;

For two new elementary schools—Harry J. Harmon Associates;

For the new high school—Richard Prince and Associates.

The board conducted interviews with six architectural firms during May and June.

Selections were approved by a 5 to 1 vote with Trustee Norman Miller abstaining.

The selections are subject to negotiations on fees.

Motions by Board Vice President Gilbert Henderson to substitute two other architects failed to win a supporting second vote.

Henderson suggested employing Warren Holmes Associates for the high school project and Samborn, Steketee, Otis and Evans for the two new elementary schools.

The board discussed briefly the matter of timing for sale of its building bonds.

Superintendent Gerald Kratz provided the board with statistics on the interest rates of recent bond sales in Pinkney, Dexter and Northville and noted that Novi must think about selling its bonds "if not this year, then in January or February."

Mobile Homes Zoning Denied by Novi Council

Continued from Novi, 1

are viewed as a transitional land use.

"Twenty years down the line it might be desirable that this area go industrial," Johnson added. "If and when it does, a mobile home park would be the easiest land use to convert."

John Roethel, chairman of the city's Planning Commission, raised an objection to the concept of a mobile home park as a transitional land use.

"We did that some years ago with the mobile home park on Seeley Road and it

probably was a mistake," he stated. "Once people start living in those mobile homes they don't want to leave. They don't view their residences in a mobile home park as transitional."

Councilman Louie Campbell noted that the existing mobile home park and the 23 acre parcel proposed for rezoning are separated by approximately 80 acres of single family land use.

In response to a subsequent question by Campbell, Roethel stated that to grant the rezoning for the corner parcel would tend to force out the existing single family and

Year-Round School Opens

Continued from Record, 1

Northville along with the academic areas.

The goal of the program is to make learning relevant as skills are developed, she said.

"Northville history, style, landmarks, transportation, government, natural resources, business, industry and taxes will all be part of the research, reading, writing, math, science and history programs of the young learners," Miss Panattoni added.

Elementary school workshops have also dealt with developing sound learning relationships between teachers and students, individualizing math programs, classroom management and movement workshops.

Kindergartners in Northville's year-round school program this year will become part of a six-year research project being conducted by University of Michigan.

Miss Panattoni explained the project emphasizes "movement and coordination and what effect they have of other areas of the curriculum and learning process."

Students will work with ropes, hoops, balance wheels, scooters, learn various dances and other movement and coordination skills.

University of Michigan will be following the progress of the kindergartners throughout their elementary school careers, she explained.

Of the year-round school program at the middle school level, Miss Panattoni said she is "pleased we are able to offer the students almost everything they asked for — shop, art, physical education, home economics and typing,

along with the required courses.

"An individualized reading program is also being taught to both the good and poor readers," she said.

A science program being initiated at middle school this year will be transferred into the curriculum at the new middle school in 1975.

The program involves units on space, weather, career education, drugs, all in nine week units which "fit perfectly into the year-round school plan," she commented.

"We're attempting to build

a program in science that has a variety of things in it so students will not be bored by doing the same experiments over and over again," Miss Panattoni stated.

Math programs at the middle school will include pre-testing students, helping them learn and understand concepts and enabling them to move ahead at their own speed.

Social studies programs have been designed to lead to project research and independent study by individual students or small groups. Both history of Michigan and Northville are included in the curriculum.

Miss Panattoni said she is looking forward to this year's 45-15 program. "We've never tried operating year-round in three buildings at once and we will have two different schedules of year-round school in addition to the traditional school year.

"Educationally, it will be an exciting school year," she concluded.

Table Wixom Appointments

Continued from Novi, 1

also. I can think of two off hand."

Dr. Vangieson was referring to Councilman Gunnar Mettala's position on the Board of Appeals and his own membership on the Wixom Environmental Studies Committee.

Willis explained his reasoning. "The Planning Commission acts on zoning and planning and so does the council. I, for one, do not feel that one person should have a shot at voting on the same thing twice," he said.

Mettala then moved that the council table the appointment approval until the council could get from the Planning Commission members "a consensus on the work these two people are doing on the commission."

Citing the city charter which gives the mayor the authority, with the approval of council, the right to appoint commission members, Mrs. Parvu and Councilman Howard Coe cast the two dissenting votes.

Later in the council meeting, during a call to the public, Lahde made a recommendation to the mayor.

"In the future, it would be, perhaps, appropriate, if the administrator in charge would notify the individuals relieved by telephone or letter that they are relieved. I did some work on a future Planning Commission matter

and if I had known, I would not have spent the time," Lahde said.

Novi Criticizes Railroad Report

Continued from Novi, 1

whether adjustments are reasonably necessary in the interest of public safety."

In regard to the 10 Mile Road crossing, the Commission made just two specific recommendations.

Noting that the visibility at the crossing was only fair, the commission recommended the removal of some scattered trees on the railroad right of way along the northeast side of the tracks.

The second recommendation called for the installation of a larger warning disc for eastbound traffic. The advance warning disc for westbound traffic is 36 inches in diameter and the disc for the eastbound traffic should be made to coincide with the westbound disc, according to the study.

Although no more specific recommendations were made, the Commission suggested that the city consider the installation of an overhead vapor type light over the crossing.

In response to a suggestion from the council that the speed of the trains be lowered from the existing 45 mile per hour limit, the Commission produced statistics which indicated that slower moving trains create a greater traffic hazard because motorists are enticed to race them to the crossings.

The Commission's report on the 12 Mile Road crossing was more critical.

Noting that the crossing surface was in bad condition, the report recommended that the crossing be rebuilt and that the job be given a high priority rating.

"Timbers are loose; rivets protrude and the rails within the crossing area bounce up and down as highway vehicles cross over," the Commission reported.

The report also pointed out

that the existing flashing-light signals at the crossing were antiquated and recommended that they be replaced with modern signals. Installed in 1929, the existing signals have no backlights and no gongs, and the crossbucks are not reflectorized. In addition, the proper auxiliary signing is lacking.

A third recommendation regarded the removal of trees to the line of the road right of way. According to the report, visibility of approaching trains is obstructed on all four sides of the crossing and is particularly bad in the northeast and southwest quadrants. On the northeast side where tree branches overhang the road, visibility at 200 feet down the road is limited to 10 feet, while at 300 feet from the crossing, the motorists' visibility of oncoming trains is nil.

As was the case with the 10 Mile crossing, the Commission suggested further that the city install overhead vapor lighting at the crossing.

In presenting the report to the council, City Manager Harold Saunders stated that the Commission had not "come out with the type of things the council had hoped for."

"The only ultimate solution to the problem of train-vehicle accidents is grade separation," he continued. "It will be an extremely expensive process, but at the time plans to improve Novi, Ten Mile, and 12 Mile Roads are engineered we should suggest that the feasibility of constructing overpasses be studied."

School to Discuss Library Move

A decision can be expected yet this year on whether or not the present Northville School Board Offices will be leased for use as a public library.

Superintendent Raymond Spear said this week that he has met with representatives of the Northville Library Commission and is awaiting a report from them on "the latest date they must move into a new facility and the date by which the school board must make a decision."

He anticipates the matter may come up for discussion by the school board next month.

Spear said it must be determined "if it is more economical to build a new library or renovate the present board offices for a library and renovate the Cooke Middle School Annex for use as board offices."

Currently the library is

housed in Northville City Hall, next to the school board offices.

School board presently leases half of the board building to Northville township for office space.

Moving the library is necessary because of lack of additional space for the growing library, spokesmen have stated.

Spear said the township's lease "expires in April, 1974, and they are presently investigating leasing space at the Wayne County Child Development Center."

The superintendent commented that he believes the present board offices "are as good a location for a library as any in Northville."

He said he cannot see the Cooke Annex building being used for classrooms once the three new schools, presently under construction, are completed.

"We (school board) would not have moved from the Annex into our present location except we needed the classrooms in the Annex several years ago," Spear commented.

He added that he "cannot see the taxpayers buying this building again, but possibly the library board will agree to a lease for a reasonable period of time."

The board office building originally was the community building, built by taxpayers, and later purchased by the school district.

Bids Awarded

Continued from Record, 1

council Monday night.

But between the opening and the awarding Apollo Asphalt Company of Livonia with a low bid of \$14,968 for the surfacing of the tennis courts announced that it had erroneously omitted the cost of one item in the bid—the asphalt!

Traffic Hazard

Continued from Novi, 1

amount of right of way and additional construction expense to the city.

In addition, the traffic problem would not be completely removed either.

To follow the second course of action and leave the intersection at its present location, the engineers suggested that the city consider including additional lanes on Grand River to allow for left turn movements, additional signing and/or warning devices to restrict passing in the area, and possible signalization of the intersection, at least during the time of day when school buses are in operation.

To really solve the problem, Johnson and Anderson concluded, the existing grade of Grand River should be altered to improve the sight distance.

So the company submitted a corrected bid of \$18,666, still more than \$500 less than the second low bid of \$19,237, submitted by Metropolitan Asphalt Paving Company of Romulus.

Because the error was not discovered until after all bids were opened, the council voted to reject the Apollo bid and award the contract to Metropolitan.

Awarding of the bid to Metropolitan was subject to review of the company by the city manager and city engineer and the provision that the paving will be completed by August 31. Installation of fencing will follow paving, but Manager Frank Ollendorff predicted the courts would be ready for use in September.

McCarthy Contracting Company of Farmington was awarded the contract for the concrete paving of the extension of Griswold. The company submitted a low bid of \$48,941.30.

Weather permitting, the company stated that the street could be open for use by October 15.

progress and set goals for the student would follow in the winter.

In the spring more oral reports would be held to permit parents to ask questions and make necessary changes.

At the end of the year discussions would be held on skills mastered and what might be recommended for the future.

No additional release time will be requested for the new conferences, Mrs. Kinney pointed out, rather teachers

will schedule evening meetings.

The board unanimously approved the proposal.

Six new teachers were approved. They are: Pauline Alex, grade four, Orchard Hills; Barbara Burns, grade 2-3, Orchard Hills; Laurel Collins, grade 3, Village Oaks; Douglas Day, biology, high school; Patricia Mahin, library, Village Oaks; and Rosalind Radner, grade 5, Orchard Hills.

Superintendent Kratz noted that all but one of the new teachers has previous experience.

Demolish Buildings at Maybury

Stack Goes Down in Smoke

DEMOLITION of some 17 structures which once served as Maybury Sanatorium between Seven and Eight Mile roads in Northville township began last Friday. The tall smokestack, long an area landmark, was one of the first and most spectacular structures to fall. The site is being cleared for Maybury State Park. Only three buildings will be left standing, according to Park Manager Robert Remer. In other pictures on this page one of the larger buildings is shown after it has been prepared for dynamiting and then as it is exploding. The project attracted a number of visitors including newsmen and TV cameramen. Shown atop the rubble at the bottom is William Jordan, directing the activities of his company, Jordan Wrecking Company. Remer has warned the curious that the park grounds are locked to visitors. He said dynamiting will continue until October and then clean-up crews will finish up the job.

Like the Diver, We Can Choose

Benjamin Bohnsack, Minister
Hardy United Methodist Church
6510 E. Highland Road
Hartland, Michigan

The cliff diver stands on a rocky perch, nothing more than the edge of a cliff along the coast of Mexico, high above a small inlet of water. From where he stands to the water's edge below is a dangerously rocky and sloping embankment, making it necessary that when he dives he must dive forward enough to avoid the embankment. Unseen beneath the surface of the water the same rocky wall continues its gradual slope, forcing him to dive out away from the edge of the water as well. The rising and falling of the waves makes the timing even more precarious. Such a high dive in the easiest of circumstances requires skill and courage, but to dive from a cliff into a natural pool of water, rugged just as it has been created, is to take the most calculated risk.

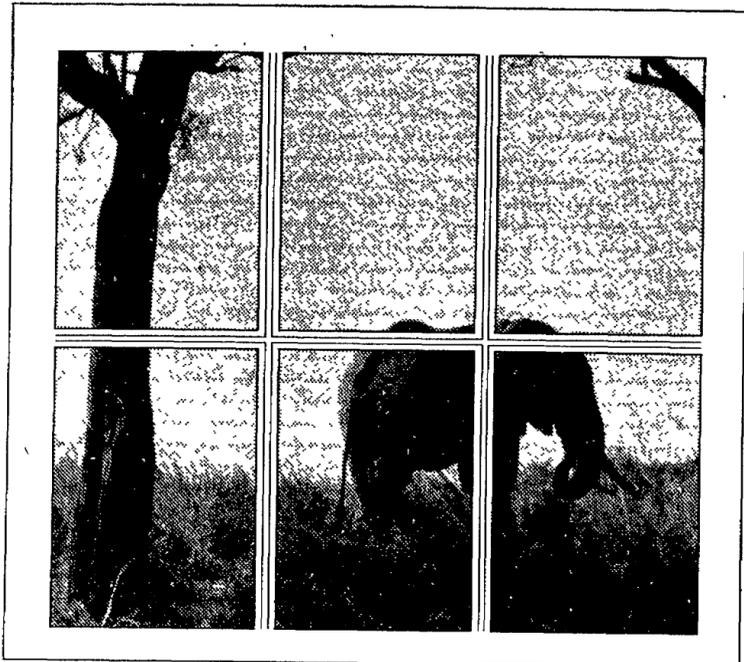

Many of us today ought to be able to identify with that diver. We stand on our own little perches and as we look around we are threatened by the kind of world we see. We see the things we like changing and bringing new uncertainty. We see conflicting values which confuse us. Political and social issues divide neighbor from neighbor. We don't un-

derstand people of different races and appearance and ways of life. The old havens of church and family don't seem to offer much protection any more.

Like the diver, we can choose what we will do. We can make our perch as comfortable as possible and camp out on our own little ledge; we can forget about diving at all and simply climb down to live in the pool, not needing to sort out the rocks from the water; or we can calculate the risks and make the best we know how.

God is not the God of a few select people, but the God of the whole world. In Christ he sought to reach out to all of life. He is in the very midst of the world—its processes, its politics, its hunger, its nakedness, its joy.

With that faith we need not stand apart with the pious ones who separate themselves to be protected from the dangers of living, or we need not be like the undiscerning ones who never sort out what is ultimate from what is immediate. We can knowingly and with calculation jump into the midst of life, its people and its processes. Our faith makes that dive our responsibility.

THE UNEXPECTED

What if you looked out your window and saw an elephant standing in your back yard? Would you think you'd been transported to Africa—or that the zoo had lost a boarder?

Situations just as bizarre and unexpected can happen anywhere, anytime, to anyone. When they happen to you, are you able to cope with them?

Merely attending church isn't going to solve all your problems. But it will help build a base that teaches you how to take the unexpected in stride. And life, when you get down to it, is in itself unexpected.

Start going to church next Sunday.

Jail for Cursing? It's the Law Set Aug. 11

LANSING—Michigan's law books are a patchwork affair. They have been pasted together and amended a year at a time since statehood was achieved.

The result is that numerous laws become outdated or no longer necessary, but they remain on the books because no one notices they are there or worries about removing them.

That is the reason for efforts like those of House Judiciary Chairman J. Bob Traxler, D-Bay City, to write a revised criminal code.

Now comes some up to date evidence of that antiquity of some of our laws from State Rep. William R. Bryant, Jr., R-Grosse Pointe.

Bryant put together the study and says he found "a hodge podge of laws enacted over scores of years

with no attention paid to systematic review and updating."

"If we want people to respect our laws, and we do, and to obey them, those laws must be rational and acceptable to a great majority of people," he says. "Without this, our system of laws cannot survive."

For instance, Bryant found a law providing a prison term for anyone who "willfully blasphemes" or "profanely curses or damns." At another point he found a 90 day jail sentence for anyone convicted of using "indecent, immoral, obscene, vulgar or insulting language in the presence or hearing of any woman or child."

That's sort of a double standard in reverse, since it appears okay to swear in front of men.

ANOTHER OLD time law con-

ceivably could be used to ban the sale of cigarettes in the state.

It forbids the sale or giving away to anyone "any cigarette containing any ingredient deleterious to health." And yet, every pack of cigarettes sold in Michigan carries a warning that the Surgeon General has found cigarette smoking dangerous to health.

Movie posters and television ads involving violence appear to be banned by a statute which forbids any "representation of murder, assassination, stabbing, fighting or of any personal violence, or of the commission of any crime."

There are still laws on the books, put there in 1952, requiring all communists to register, keeping communists or the Communist Party off the ballot and precluding communists from any public job, even though all those have been struck down by the Supreme Court.

Hot air balloons are banned by a law making illegal the possession or use of any "balloon which requires fire underneath to propel it."

Another law makes it a crime to advertise liquor using any reference to or the picture of "any deceased ex-president of the United States."

It is illegal for a man to seduce a woman, unless she is married, but it is legal for a woman to seduce a man.

It is illegal, but only in the upper peninsula, to drive a sleigh faster than a walk "without having bells on at least one of the animals" pulling the sleigh.

Some of these examples are ludicrous and most are humorous,

but Bryant thinks the situation is also serious.

"It is not in the interest of freedom that laws exist which reasonable and moral men cannot help but violate in a daily routine which most of us would view as productive and untainted by any action adversely affecting society," he says. "Respect for law demands rational and limited laws which are widely known, understood and accepted and which are vigorously, fairly and impartially enforced."

THERE IS often cynicism in Lansing whenever a former legislator is appointed to a state agency position.

There have been enough instances in the past when lawmakers with rather undistinguished records grabbed onto rather lucrative jobs.

For that reason, it is worth noting the recent appointment of former Rep. Richard Allen of Ithaca as director of the Michigan Tourist Council is an exception to that rule. Allen was very highly regarded by both Republicans and Democrats during his tenure in the House and is a very capable individual.

The 39-year-old veterinarian was the prime sponsor of a section of the 1972 transportation act which allocated \$3 million annually for facilities, paths, lanes and trails for bicycles, horseback riding, hiking and other forms of non-motorized transportation.

When he left the House as a victim of reapportionment many people think it was a loss to state government. His return, they believe, is a gain.

Cycle Races

Two 10-lap match races between six-man teams representing Ohio and Michigan will top a program of at least 15 professional motorcycle races on the half-mile Northville Downs track Saturday, August 11.

Upwards of 150 national riders are expected to be on hand to vie for \$3,500 in purses in American Motorcycle Association expert, junior and novice divisions.

Separate prize money, expected to hit as much as \$2,400 will be at stake in the team competition which will be run on a winning-team-take-all basis. The Michigan entry will be captained by 22 year-old Rex Bear 'ramp of Millford, AMA's 4th ranked rider in the expert class in 1973.

In similar match racing at Northville Downs early in June, Beauchamp won both events to pace the Michigan team to an 828 to 540 point victory over six challengers from California.

All these top riders in the team event will be on their own in the individual classes where starting positions will be determined by time trials and elimination heats.

Time trials will be at 5:45 p.m. and the first racing event will go at 7 p.m.

The Gardening Way

By MARGARET HERBST

THE COMING SEASON FOR THE NEW HOME GARDENER

The approaching fall season is one of the most important periods for the planning of a beautiful garden next year. No home is complete until its grounds have been converted into an attractive setting and a comfortable area for outdoor living.

There are so many facets to garden planning for the greatest enjoyment and utility. During the fall it is possible to bring a number of improvements to pass. You may wish to add a few trees with heavy branches and large leaves for shade. In preparation for the coming of winter, you may want to put in fall evergreens as a protection from the wind. These are just a few suggestions as a starter.

Flowering shrubs contribute a great deal to provide spring color or bright berries in the fall. They serve as a background for the flower border, or as a hedge for design or privacy. Some types are excellent for cutting purposes to force into early bloom or for house decoration.

Most important in the scheme of things is the lawn. Fall is the most advantageous season to start a new lawn or to renovate an old one. Time, money and effort expended within the next few weeks will pay good dividends.

In preparation for a colorful spring, be sure to order and plant a variety of those choice hardy bulbs this fall. Daffodils, hyacinths and tulips are the usual selections but don't neglect those charming tiny members of the family for early spring enjoyment

This column is open to news of all breeds of horses and ponies. Send your questions, comments, and horse show news to, "Horse's Mouth," care of South Lyon Herald, South Lyon, MI. 48178

WHAT DO YOU DO ABOUT WARTS ON HORSES?

Warts are found quite often in young horses. Horsemen often call them blood warts or seed warts. In severe cases there may be hundreds of small individual warts on the muzzle. Warts are caused by a virus, and are spread from one animal to another by infected fences, curry combs, and other equipment around the stable. If left alone, these warts will usually disappear in two or three months. If, for any reason, they need to be removed quickly, they may be taken off surgically. If warts are a real problem in a stable, a special vaccine may be prepared to immunize young stock against the disease.

Horses sometimes get a flat, dry, persistent type of wart inside the ear. These may be treated with oil of thuja compounds.

Remember, however, that the ordinary little warts seen so often on the muzzle of young horses will nearly always disappear without treatment.

DO HORSES GET LARYNGITIS?

Yes, this disease is similar to a sore throat in humans and can be very serious in horses even to the extent of causing death, due to a blocking of air passages. The horse's throat will be swollen, and the animal will have a discharge at the nostrils, a dry cough and appear reluctant to eat or drink. He should be blanketed and kept as warm as possible. Liniment rubbed on the outside of the throat may be of help, however, a veterinarian should be contacted.

WHAT ARE LAMPAS?

This is a swelling of the roof of a horse's mouth, caused by a bad blood condition. The old remedy was to slit the affected area, to rub with salt or to burn it with a hot iron. These methods I'm glad to report no longer in use.

The modern method is to give a laxative such as Glauber salts; then introduce a more laxative diet and for a few days add a little Epsom salts to the animal's drinking water.

Sally Saddle

It's Tomato Time

Brighten your summer days with flavorful Michigan vine-ripened tomatoes. This juicy, colorful fruit is versatile, economical and rich in vitamins C and A.

Michigan's vine-grown tomato season starts in late July and continues until freezing weather occurs about mid-October. Nationally, Michigan is seventh in

Seeds Don't Mix

According to Robert Herner, Michigan State University horticulturist, there is no need to worry about "crossing" between crops if you do not save your own seeds.

"It is true," says Herner, "that many closely related vegetables will cross-pollinate, but the effect is on the seed and not the fruit."

You can safely plant melons beside cucumbers, red tomatoes next to yellow ones — in fact vegetables may be mixed in every possible combination without influencing the edible portion produced the same season.

"There is one exception," Herner warns, "and that is sweet corn." Pollen from popcorn, field corn, or other sweet corn varieties will influence the color, shape, and flavor of the kernels.

But if you think you'd like to try "cabcumbers" (a cross of cabbage and cucumbers), forget it. It just won't grow that way.

production of tomatoes for the fresh market. Major growing areas are Berrien, Lenawee, Macomb, Monroe and Van Buren counties.

Last year, Michigan produced 47.2 million pounds of fresh market tomatoes valued at nearly \$7 million, according to marketing officials of the Michigan Department of Agriculture.

When buying fresh Michigan tomatoes, look for smooth, firm tomatoes, reasonably free from blemishes. A fully ripe Michigan tomato has rich red color and yields to gentle pressure in your hand. Those less than fully ripe have firmer texture and range in color from pink to light red.

To retain the high vitamin content and bright color, food experts say you should store ripe tomatoes in good light, but not in direct sunlight, at temperatures ranging from 65 to 75 degrees, unwrapped.

Tomatoes that are not fully ripe will ripen off the vine for 5 to 6 days. But that old adage, that they'll ripen best on the window sill, just isn't so. Fruit and vegetable inspectors at the Michigan Department of Agriculture recommend you place them in a brown paper bag away from the light so they'll ripen more evenly. Once ripe, you can store them in the refrigerator to keep for several days.

Serve Michigan tomatoes candied, grilled, baked, stewed, fried, and in casseroles, custards, puddings and tarts. For baked stuffed tomatoes, use a variety of delicious fillings like creamed green peas, mushrooms, bread crumb stuffing, cheddar cheese and bacon bits or mashed potatoes. Uncooked tomatoes provide a bright, refreshing addition to any meal.

green survival

it begins with you

The environmental crisis we face is so critical and so overwhelmingly immense in scope that Americans have good cause to stand back helplessly and wonder what on earth they can do as individuals to help.

One answer is for each of us to look upon our homes and businesses as "micro-environments" and begin there. It's true! The individual homeowner or businessman can do much to purify the air, abate noise, stabilize soil and clarify water.

REAL ESTATE ONE
SALES CAREER OPPORTUNITY
CAN YOU IMAGINE making two families happy on the same day, and getting paid for it? That's what Real Estate is like, and we would like to tell you more about it. Attend our next Career Seminar on Fri., July 27, 7:30 p.m. at 545 N. Main St., in Milford. Call 684-1065 for your complimentary reservation.
Real Estate One.

Choose your ride... with new triple-ride Gabriel Striders.
Most shock absorbers are made only for the kind of car you drive. Triple ride Striders are the only American made shocks you can adjust to the way you drive your car.
Striders offer three ride controls:
Regular - for the smoothest ride
Firm - for more ride control and stability
Extra Firm - for the man who drives extra hard
So confident are we that Striders are the finest most unique shocks on the market, we guarantee them for as long as you own your car.

Babson Report

'Tar Sands', Oil Substitute?

BABSON'S REPORTS Inc., Wellesley Hills, Mass.—A constantly rising demand for petroleum in the face of declining reserves has focused attention on a secondary source of oil with great potential. Until recently the economics of the business has restrained development of oil sands, but increases in the price structure of conventional crude oil are making the synthetic crude extracted from oil sands considerably more competitive.

The oil or "tar" sands in question are located primarily in the province of Alberta, Canada, along the Athabaska River. The deposits lie within an area of some 30,000 square miles and represent oil reserves of some 600 billion barrels, one of the largest reservoirs in the world. The oil is actually contained in a sandy material which is processed to produce a synthetic crude oil.

The oil sands were first noted in 1778, but the need for oil in that era was minimal. Not until close to the end of the last century were the first surveys made and commercial development of the oil sands brought under consideration. Since then progress has been slow in perfecting practical production methods. Only a small percentage of the sands can be reached by surface mining; the remainder is as deep as 2,000 feet and must be reached through drilling a special type of extraction well. Several thousand wells have been sunk, but no feasible extraction process was found until fairly recently.

Currently, a hot water separation process appears to be the most practical. The sands are treated with hot water and steam which separates bitumen and waste products. Further treatment turns

out a synthetic crude of good quality. Sun Oil Co., through its subsidiary Great Canadian Oil Sands Ltd., is the principal producer of synthetic crude today. After a substantial capital outlay, Sun's operation is now considered to be on a commercial footing. Output is at a rate of 45,000 barrels a day, and a quota increase has been requested, raising this to 65,000 b-d. After six years of losses, GCOS recently was able to report a profit. This may, however, be short-lived since the Province has just moved royalty payments upwards.

IT IS THIS question of royalty payments which could restrict near-term development of the sands. But if it is resolved and the prospect of higher prices for conventional crude materializes, there could be a real boom in production of synthetic crude. Estimates indicate as many as 25 operating plants by the year 2000, with production capacity of 3.5 million barrels a day. Near term, there are plans for a 125,000 b-d plant to be built at a cost of \$500 million. This would be constructed and run by a consortium of U. S. and Canadian companies. Another firm is also considering two 100,000 b-d plants at a cost of \$800 million.

A decision is expected shortly on whether these projects will actually proceed. Again, it is largely a question of economics which will determine "go" or "no go." It has been estimated that full development of the oil sands would cost about \$50 billion with a payoff of about \$1.5 trillion in oil revenues. To justify such full development, a well-head price of \$5 a barrel for oil would be necessary. This is somewhat above the current \$3.50 a barrel, but

there have been indications that higher prices are in sight.

The Research Department of Babson's Reports feels that the oil sands hold great future promise and may eventually give the insurance the Western Hemisphere needs against the vagaries of the Mideast

oil-producing countries. After our experience with the delays in the Alaskan North Slope pipeline, it is clear that every possible source of oil must be developed without further interference. And this most certainly includes the oil sands of Athabaska.

Area Residents Get EMU Degrees

At the conclusion of the spring session at Eastern Michigan University, degrees were conferred upon 13 area students.

Graduated from Brighton were James Brown of 7935 Brighton Road, James Phee of 6800 Brighton Road and Phillip Sherman of 7990 U.S. 23.

Stephen Renn of 3635 Hartland Hills Drive represented Hartland in the graduating class.

Northville residents receiving diplomas were Robert Riley, 50085 West Seven Mile Road; Carole

Schaal, 319 Sherrie Lane; Robin Taylor, 46000 Pickford; and Russell Carlson, 16755 Haggerty Road.

Novi resident Josephine Steinberger of 23977 Meadowbrook was also among the graduates.

Two Pinckney residents, John Fari Sr. of 11935 Algonquin Drive and Daniel Kaczynski of 9542 Silver Hill Road, were graduated.

Also in the graduating class were Edward Canfield of 300 Woodland Drive in South Lyon and Michael Lambdin of 7920 Shady Beach Drive in Whitmore Lake.

BUSINESS BRIEFS

RAPHAEL J. LANDINI, a registered land surveyor in Westland, recently acquired the Northville survey records of Wynn W. Wakenhut, now of Gaylord and formerly a surveyor in Northville. Landini's business is located at 30805 Ann Arbor Trail in Westland.

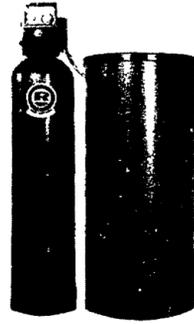

DARLING MOBILE HOMES has announced the addition of a new salesman to its Novi office.

Ron Proffitt brings three years of experience in mobile home sales to his new position. Formerly Proffitt served as the sales manager of a mobile home distributorship in Monroe.

His addition brings the Darling Mobile Home sales staff to four.

Darling Mobile Homes is located at 25855 Novi Road, approximately one-quarter mile south of Grand River.

Class to Aid Older Students

Program designed to help older students who are enrolled or thinking of enrolling in college will be held tonight (Thursday) at Schoolcraft College.

Beginning at 8 p.m. in the gymnasium, the program is entitled "Are Doors Closed to You?"

Sponsored by the admissions office and student affairs office, tonight's program is aimed at students between 20 and 40 years of age.

Purpose of the program, according to college spokesmen, is to help individuals become more knowledgeable about enrolling at Schoolcraft and to present information on both the career and transfer courses of study.

There is no cost or obligation for the program.

Standings Unchanged in Northville Loop

D - U - L - L.
That's about the only word to describe the action in the Northville Recreation Department's Men's Slo-Pitch Softball League last week. The usual complement of 12 games was on the schedule with action slated for Tuesday through Friday nights. But heavy rains forced cancellation of Friday's scheduled encounters, leaving only the results of Tuesday, Wednesday, and Thursday's games to report. What's more, the outcome of two of those remaining nine games was determined with neither team having to take the field as both Manor House

Realty-Keith Heating and Northville State Hospital failed to come up with ten players and had to forfeit victories to the Presbyterian Men's Club and the Con Langfield Cougars respectively. It definitely wasn't a terribly exciting week. Seven games were played and their effects on the standings were minimal. In the American League Choo Choo Car Wash kept its undefeated record in tact and recorded its fourteenth win of the season. But second place Northville Lumber didn't even play. And in the National League,

John Mach Ford maintained its two-game edge over the second-place Con Langfield Cougars by crushing the Veterans of Foreign Wars 17-5 in their lone game of the week. All in all, it was just about as exciting as watching the Tigers on television. In all fairness to the League, there were several well-played games in spite of the fact that their effects on the standings were of almost no importance whatsoever. Perhaps the best game of the week was Choo Choo's 6-0 victory over the sixth place Exotic Plastic and Rubber team.

Exotic pitcher Tom Seamark held the hard-hitting Car Washers to just six runs and 12 hits in the game, but his teammates were unable to mount any offense at all against the tosses of Don Phillippi and the Choo Choo defense. Phillippi retired Exotic in order through the first three innings and didn't give up a hit until Kim Marburger laced a single leading off the fourth. Choo Choo opened the scoring with three runs in the third as Rich Adams, Don Thomson, and Pete Woodard stroked back-to-back-to-back doubles with two down. Thomson finished the game

with three two-baggers in four trips to the plate to pace the Choo Choo...attack. Greg Marshall collected two of the five Exotic hits off Phillippi. Biggest upset of the week was turned in by Plymouth State Home which surprised the Northville Jaycees with an 8-6 victory. The State Home trailed 5-2 at the end of five and a half innings, but came alive and tallied three times in the bottom of both the fifth and sixth innings to grab the win. Jim Lilley, Norm Angner, and Denny Milobar had three hits apiece to account for nine of the 15 State Home hits. Sam Hall banged out three hits and

Tom Donoghue, Marlowe Bonner, and Larry Vander Bie contributed two hits apiece to pace the Jaycees. Hamlet Food Mart, the fourth place team in the American League, wasted a golden opportunity to pick up ground on the Jaycees by playing to a 6-6 tie with Greenfield Die. Hamlet got Roger Schultz as far as third base in the bottom of the seventh, but was unable to bring him in with what would have been the winning run. Schultz, Brad Cole, and Jerry Pomeroy each picked up two hits for the Food Mart, while John Penrod had three

hits and Terry Mills and Mike O'Brien each had two hits for Greenfield Die. John Mach Ford maintained its two-game lead over the Con Langfield Cougars in the National League by blasting the VFW 17-5. Ray Beckstein and Bob Ojinski each ripped out three hits including a double and Linton Grosnitz contributed a home run to spark the league-leading Car Dealers' 17-hit attack. Don Modine, Henry Tank, and Bill Durham each picked up a pair of hits for the Veterans who had just nine hits off the tosses of Ford pitcher Grosnitz.

Second place Con Langfield Cougars also wasted a chance to pick up ground on Johnny Mach Ford. Tuesday the Cougars picked up an easy win as Northville State Hospital failed to show up with ten men and had to forfeit a victory. And the Cougars made it two in a row Thursday when they beat the Presbyterian Men's Club 12-7. But then the Cougars blew their chance to cut the Car Dealers' lead to one game as they dropped a 10-9 decision to the Northville Newcomers in the second

Continued on Page 2-C

Novi Men's Softball

Jinx Nails Leaders

Add up two more scores for The Novi News. The ol' Novi News jinx nailed 'em again. No one is exactly sure why it happens, but every time one of the teams in the Novi Parks and Recreation Commission's Men's Slo-Pitch Softball League receives headline attention one week, it absolutely and positively falls apart the following week. And last week was no exception. In fact, the whammy was working overtime, because it felled not one team - but two. Both L'Esperance Electric and the Novi Jaycees (Em Tee Em) were headlined last week when they were tied for first place and just as sure as the Fourth of July comes in the summertime - the jinx got 'em. L'Esperance and the Jaycees both lost last week and fell back into a three-way tie for first place as Michigan Tractor posted a pair of victories to join them atop the standings. Now, with just five games to go till the end of the season, five - and maybe even six - teams still have a shot at the league championship. Just a game and a half behind the three co-leaders are Novi Inn and Star Lincoln-Mercury with 8-4 records. And sneaking up on everybody is the Jamaican Pools team which has now won its last four games in a row. In spite of their two wins, it was not a particularly good week for Michigan Tractor. Scheduled to play Novi Heights and J.P. Realty - a pair of teams with a combined record of 5-15 - the Tractor-men were hard-pressed to sneak through with narrow victories. Michigan Tractor scored 12 times in the first two innings against J.P. Realty, but then had to endure a strong comeback as the Realtors narrowed the gap to 14-11 before finally surrendering a 15-13 decision. Dick Floyd, Jim Olsen, and Bob Riedel each had three hits to spark the Tractor team, while Will Pilch and Mike Fritz each stroked out three hits for the Realtors. The Tractor-men found the going even tougher against Novi Heights. At the end of seven innings, the two clubs had played to a 5-5 tie. Aided by three errors, Tractor finally pulled out an 11-5 victory by scoring six times in the top of the eighth. Dave DeGarmo and Bob Riedel with three hits apiece accounted for half of Tractor's 12 hits off Heights pitcher Bob Frietsch. Don Sasse and John Tymensky Jr. slammed four-baggers to spark the Heights. It was the Novi Inn which handed L'Esperance Electric its key defeat in last week's action. Jim Juopperi slugged a two-run homer in the top of the fifth to pull L'Esperance into a 5-5 tie with the Inn, but the Inn came back to score four times in the bottom of that inning to wrap up a 9-5 victory. Bob McCoy, Joe Kuptz, and Bob Miller all had two hits to share hitting honors for the winners with Brian Deneen who had a home run and a single. Juopperi with a four-bagger, double, and single in three trips to the plate was the only Electrician to get more

than one hit off Inn hurler Ken Stout. L'Esperance evened its record for the week at 1-1 by banging out 20 hits en route to a 20-1 bombardment of the Novi Police. The game was close until the Electricians finally exploded with 13 runs in the fourth inning. Jim Eskola, Lloyd Huotari, and Dan Laho paced the attack with three hits apiece, while the Crime Fighters were picking up just six hits off the tosses of Walt Maki. Bruce Place's two-bagger was the only extra base blow for the Police. Biggest upset of the week was Jamaican Pools' 22-9 rout of the Jaycees. The hottest team in the league over the past two weeks, Councilman Louie Campbell's Pools team proved its 19-4 upset of Novi Inn two weeks ago was no fluke by turning the Jaycees every way but loose. Bob Fedorka went four for five for the winners, but game

Sports

honor went to Campbell who limited the usually hard-hitting Jaycees to just five hits. Terry Neilson with a pair of singles was the top Jaycee batter. Just like L'Esperance, the Jaycees evened their week's record at 1-1 by blasting the Novi Police. This time the Coppers were molested by a 27-4 margin. Joe Pochter, Doug Thrush, and Jim Cherfoli paced the rout by belting home runs, while John Johnson and Pat Alexander shared hitting honors for the Police with two hits apiece. Jamaican Pools cooled off a

league title by handing Olympic Manufacturing a 16-5 defeat. Tom Griffen went four for four and Dave Temple, Mike Fenchel, and Dan Reiner all stroked out three hits apiece to account for 13 of the 22 Star hits. Tom Mowbray was responsible for exactly one-half of the Olympic offense as his three hits were tops for the Manufacturers against the tosses of Star hurler Mike Fenchel.

STEAMIN' FOR HOME—Michigan Tractor's Jewell Ryan turns the corner at third and heads for home as the Novi Inn's roving fielder scoops up the ball in shallow left field. The action took place in the Novi Mens' Slo-Pitch Softball League.

State Junior Champ

Bingley Wins Title

Led by Earl Bingley's first place finish in the long jump, four Northville athletes finished among the top three in their respective events at the State Junior Champ meet a week ago Saturday. Site of the meet was Utica High School's Davis Field. Bingley leaped 19'4 1/2" to cop long jump honors in the Intermediate Division (15-16 year olds). The 6'1" Bingley will be entering his freshman year at Northville High School in the fall. Northville's lone second place performance was turned in by Tom Coram who legged a 2:04.8 in the 880 in the Senior Division (17-18 years). Bill Witek finished third in the Senior Division pole vault with a 12'3" effort, and Dave Harrison traveled 33'7" in the triple jump to finish third in that event in the Intermediate Division. Guy Cole, Northville High School record holder in the mile run, recorded a 10:10 two mile time, good for fourth place in the Senior Division. Other Northville athletes competing in the State Junior Champ meet were Dave Beers, Greg Austin, Bob

Bloomhuff, and Rob Foust. The Junior Champ program is sponsored by the Michigan Jaycees. The Northville athletes Set First Practice For Alumni Gridders There's no reason for alarm. The strong odor that will be permeating the city Monday morning, August 6, is only liniment being rubbed into the tired muscles of numerous ex-Northville High School graders. First practice for the Northville Alumni football team is slated to have taken place the previous day, Sunday, August 5, at 3 p.m. on the Northville High School football field. Coached by Ron Horwath and Dave Longridge, the Northville Alumni will be getting ready for their September 8 clash with the

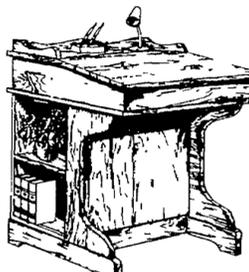

alumni from Detroit Catholic Central. Mike Zayti and Jerry Island, the two ex-Mustang graders who are organizing the game, report that the team is rounding out nicely. Most recent additions to the squad include fullback Spike Walker, guard Dick Keronozek, and defensive halfback Bill Elwell, who has been playing semi-pro ball with the Pontiac Firebirds for the past two years. They will join a squad that is built around former collegiate All-Americans Steve Juday and Fred Hicks.

Throw from the Outfield is Too Late as a Runner Crosses the Plate in Northville's Powder Puff Softball

Connie Mack League

Reef Nine Cops Two More Wins

Slowly, but surely, Northville's Reef Manufacturing entry in the Livonia Connie Mack League is battling its way back to respectability.

Frustrated by the three straight one-run losses at the start of the season, the Reef nine continued to flounder until its record reached a dismal 2-7 mark three weeks ago.

But since that time, the Northville squad has slowly been making its way back.

It continued that climb last week by winning two of three games to advance its season's record to 6-10.

"We're coming," stated Stan Nirider, coach of the Reef Manufacturing team. "It's taken a long time, but I think we're finally getting ourselves straightened out a little bit. I know that 6-10 is definitely not my idea of a good record, but I think when you consider that we were no better than 2-7 at one point, you can see that we've been playing better baseball."

Unfortunately, the Reef nine will never be able to reach the .500 mark as just one game remains on the regular season schedule.

In spite of his positive feelings about his team's improved play of late, Nirider was not at all pleased with their 7-0 loss to the Livonia Optimists last week.

"That's the same team that we beat 14-0 the first time we played them," commented the Reef mentor. "The way this season has been going I don't expect any easy games, but I can tell you that I definitely didn't expect that we would lose to them."

Northville banged out 16 hits in the first game between the two teams, but Tuesday they were able to collect just three safeties.

"Their pitcher wasn't really that good," reported Nirider. "He was a fastball pitcher and that's all he was throwing - fastballs. He certainly didn't fool anyone, that's for sure. He wasn't that fast either, but he was getting us out pretty easily so I guess you've got to say he was doing the job."

Singles by Randy Oginski

Alumni Gridders Practice

Continued from Page 1-C

Zayti, one of the top offensive halfbacks in the history of Ferris State University, reports that there is still some room on the 30-man squad.

Ex-Mustang gridders must contact either Zayti or Phil Jerome at The Northville Record (349-1700) before August 1.

and Todd Eis and a first-inning triple by Ed Kritch accounted for all the Northville hits.

A walk and two singles put the Optimists in front 1-0 in the first inning, but they didn't break the game open until the fifth when they rallied for four unearned runs off the offerings of Kritch.

"We would have held them scoreless, but we made a throwing error with two outs that would have ended the inning," Nirider reported. "It's the same old story - teams aren't beating us, we're beating ourselves."

Northville's two victories came Thursday and Saturday: North Farmington forfeited Saturday's scheduled contest, but the Reef nine won Thursday's battle on the diamond by setting back Franklin 5-4 as Joe Bishop once again played the hero's role.

Bishop drew the starting nod from Nirider and Pat Cayley - the two Reef coaches - and right away wished he hadn't as Franklin teed off for four runs in the first inning.

"Joe looked really shaky out there," Nirider admitted. "It looked like he wasn't warmed up properly because he was really off his form. He wasn't able to put the ball in there with any consistency and when he finally did get it across the plate they were teeing off on it."

But after the first inning, Bishop settled down and limited Franklin to just two

hits through the last six innings.

And when he wasn't on the mound, Bishop was leading his team's comeback effort.

Scott Leu singled in the second inning and Bishop then belted a two-out double to bring in the first Northville run. The Franklin hurler then lost his control and walked four straight Reef players to force in two more runs that narrowed the score to 4-3.

Reef tied the game and went ahead 5-4 with a pair of runs in the fifth and once again it was Bishop who supplied the impetus.

With two down and runners on second and third, the spunky little left-hander stepped to the plate and stroked a single to right that brought in Jim O'Brien and Ron Renault with what proved to be the decisive runs.

Reef collected a total of just five hits in the game - two each by Bishop and John Sherman - but for a change they were getting their hits when there were men in scoring position.

Standings Unchanged

Continued from Page 1-C

game of the Thursday night doubleheader.

Con Langfield opened up an 8-3 lead over the Mens' Club, only to see the Presbyterians come back to narrow the gap to 8-7. A four-run spurt in the top of the seventh put the Cougars securely out in front once again, however, and they coasted to the 12-7 win.

Bernie Bach and Jack Murtha each stroked out three hits for the Cougars, while Dutch Van Ingen had two

singles and a triple to lead the Presbyterians.

Trailing 9-7 after six and one-half innings, the Newcomers rallied for three runs in the bottom of the seventh to edge the Cougars 10-9. Jim Clemons tripled home the two tying runs and Lee Heaton then singled home Clemons with the winner.

Clemons and Heaton had four hits apiece to pace the Newcomers. Jeff Jones with two doubles and a single paced the Cougars.

Manor House Realty-Keith Heating banged out 28 hits en route to a 22-0 man-handling of the VFW. Jim LaPlante, Joe Pisani, and John Campbell each picked up four hits in the rout, while Don Modine

and Ron Jones had doubles for the Veterans.

The Presbyterians picked up their second win of the season when Manor House failed to field a ten-man team and was forced to forfeit the victory.

Pet & Doll Show; Nature Hike Set

A nature hike through Kensington and the annual Pet and Doll Show are slated for the near future on the Northville Recreation Department's calendar of special events.

The nature hike in Kensington Metropolitan Park will be held on Wednesday, August 1. The trip will be limited to 35 people. Reservations may be made at the

Recreation Department office.

The Pet and Doll Show is slated for Wednesday, August 8 at the rear of the Scout Recreation Building on Cady Street. Prizes will be given in many doll classifications, for decorated bikes, and for floats.

A special notice including the categories will appear in this paper one week before the show.

A DEALERSHIP OPPORTUNITY BIG AS ALL OUTDOORS

America is discovering that yard care can be fun again... As a Case outdoor power equipment dealer, you sell and service proved products, with the same kind of precision engineering, performance, durability and service that mark the big Case farm and construction machines. You sell with confidence, backed by the \$400,000,000-plus Case Company, a division of Tenneco Power ranges from 8 to 16 hp to appeal to a wide range of prospects, both home owners and commercial users. A full line of compact tractors with attachments, riding lawnmowers and walk behind mowers, tillers and snowblowers.

A capital investment on your part is minimal Case provides wholesale financing with floor plan privileges to make it possible for you to sell from a 'full shelf'... You can finance retail sales through Case Credit Corporation. The most important qualification by far is YOU. If you enjoy meeting people selling them on the fun of home care with Case equipment and providing their relatively simple service needs you have the makings of a profitable dealership. We'll supply the product and service know-how as well as management training.

Interested? Now is the ideal season to investigate the Case franchise. Call or write Jack Zeigler, J I Case Company, Winneconne Wisconsin 54986. My toll-free phone number is 800-558-0270.

Announce Plans For Tennis Club

What will be the largest indoor-outdoor tennis complex in the state is currently being constructed in Farmington.

The Farmington Racquet Club is being constructed on Farmington Road between Grand River and Nine Mile Road. When completed, the \$2 million facility will consist of 10 air-conditioned indoor courts and eight outdoor courts.

Completion of the indoor courts is tentatively slated for October 1 of this year with the outdoor courts scheduled for completion in the spring of 1974.

The complex is located next to the Huron Valley Hunting and Fishing Club, a private restaurant.

In addition to the 18 tennis courts, the Racquet Club will feature custom whirlpools, sunrooms, and sauna baths in each of the locker rooms. The lounge area will afford a view of all 10 indoor courts and includes a supervised nursery, as well as a fireplace and a boutique style pro shop.

The Farmington Racquet Club is being built by Edward Ashley and George Russell. A University of Michigan graduate with a Master's Degree in physical education, Russell is a former Big Ten Conference singles champion. He will serve as the head professional and general manager of the club.

Russell formerly held similar positions with the Milwaukee Indoor Tennis Club in Milwaukee, Wisconsin.

Knothole Hardball

Hi-Lakers Take 1st

Thanks to the Del's Shoes Twins, it was a bad week for undefeated teams in the Northville Recreation Department's Knothole Hardball League.

When play got underway a week ago Monday, three teams - the Highland Lakes Hi-Lakers, Choo Choo Car Wash, and the Lab Service Super Stars - all boasted undefeated records.

But by the time the week's play came to a close on Friday, just one team - the Hi-Lakers - had managed to keep their undefeated record intact.

Not coincidentally, the Hi-Lakers were the only one of the three undefeated teams which did not have to contend with the resurgent Twins last week.

Faced with a rugged schedule in which they were slated to meet both Choo Choo and the Super Stars, the Twins got it all together and knocked off both clubs to move into second place in the league standings.

With Choo Choo and the Super Stars both suffering their first losses, the Highland Lakes Hi-Lakers took over first place with their still unblemished 4-0 record.

The Hi-Lakers had little trouble in winning their only game last week as they blasted out a 17-4 triumph over the Jaycees.

John Leonard, Walter Pond, and Tim Ellis each smacked a

home run to pace the hard-hitting Hi-Lakers who stroked out a total of 18 hits in the game. Although losing by 13 runs, the Jaycees were just four behind in the hit department. Scott Saltmarsh, Marty St. Lawrence, and Matt Fasang had three hits apiece for the Jaycees.

Tied for second place with 5-1 records are the Del's Shoes Twins and Northville Number One.

The Twins got their big week underway by handing the Lab Service Super Stars a 10-9 defeat. The Super Stars scored five times in the top of the sixth to knot the score at 9-9, but the Twins tallied once in the bottom of the sixth to move out in front 10-9 and then held the Stars scoreless in the top of the seventh to secure the win.

Greg Behrens had three hits and scored the winning run for the Twins. Mike Wagner homered and Jeff Koziara, Tony Armada, and Mike Hollis had two hits apiece to account for seven of the 10 Super Star safeties.

The Twins went into extra-innings before topping Choo Choo 17-16. At the end of regulation play the score was tied at 13-13. Choo Choo went ahead with three runs in the top of the eighth, but the Twins rallied for four runs in the bottom of the eighth to clinch the win.

Gary Beason had four straight singles and Greg Behrens, Mark Swayne, Doug Horst, and Rob Marzonia had

three hits apiece to spark the Twin attack. Steve Norton and Rick Torgeson had three hits apiece to lead the Choo Choo hitters.

Tied with the Twins for second place is Northville Number One, a team which also won two games during last week's play.

One of those two victories was a 13-12 decision over the Jaycees. Trailing 12-9 at the end of six innings, Number One rallied for four runs in the bottom of the seventh to secure the triumph. Doug Iverson tripled in the tying runs and Brian Starr then singled him home with the winner.

Todd Pascoe rapped out three hits for Number One, while Dave Mitchell, John Owen, and Marty St. Lawrence picked up three hits apiece for the Jaycees.

The other Northville Number One win was a 12-6 decision over the Lab Service Super Stars. Number One built up a 12-3 lead in the first five innings and then coasted to the victory. Dave White with four hits and Scott Robins with three paced the 20-hit Number One attack, while Mike Hollis and Tony Armada had two hits apiece for the Stars.

Sixth place in the Knothole Hardball standings belongs to the Casterline Indians who managed to stay at the .500 mark by topping Northville Number Two 24-3.

David Ward and Dan Whitaker each stroked out

three hits and Ward, Carl Wiegand, and Mike Ward all slugged home runs to pace the Redskins. R. Kelly and J. Allen with two hits each collected half of Number Two's eight-hit total.

Tied for seventh place are Northville Number Two, Sheehan's Little Caesar's Mustangs, and the Northville Police Department Padres.

It was a big week for the Mustangs who celebrated their first win of the year by winning their second game of the year. First Mustang win was a 7-3 conquest of the John Mach Ford Yankees. Terry Sheehan and Scott Brown paced the win as each picked up a single and triple in two trips to the plate. The Yankees collected just six hits in the game.

The Mustangs tallied five times in the bottom of the sixth inning to turn a potential 9-6 loss to Northville Number Three into an 11-9 win.

Scott Arnold had a home run and a double and Matt Romayne, Dean Guard, and Tom Arnold also had two hits apiece for the Mustangs, while Number Three was paced by Tim Dooley's two hits.

The Northville Police Padres notched their second win of the season by topping the Casterline Indians 4-2 in a low-scoring affair. Tom Simrak had three hits and Mike McNamara added two more to pace the winners. Paul Cooper and Steve Maisoneuve had two hits apiece for the Indians.

Recording their first win of the season with an 11-10 conquest of the Padres were the John Mach Ford Yankees.

HIGH-LEVEL CONFERENCE—Choo Choo Car Wash players Gary Kucher (left) and Steve Norton discuss strategy while an unidentified player from the Northville

Number Three team attempts to eavesdrop from the plate. The summit meeting occurred in Northville's Knothole Hardball League.

Peppermint Patty League

Girls Trim Mic Mac

A collection of Northville's best Hot Shots and Ding Bats combined forces with some Tigers and Lions last week and posted a 19-13 victory over a Mic Mac All-Star team from Detroit.

The game was girls' tee-ball.

And the Hot Shots, Ding Bats, Tigers, and Lions are the names of the four teams which comprise Northville's Peppermint Patty League for girls six, seven and eight years old.

On Sunday, July 15, the All-Stars from Northville's Peppermint Patty League journeyed to Nankin Mills where they took on the Mic Mac Tee-Ball All-Stars from Detroit.

The ensuing clash featured plenty of action.

All told, both teams banded out a total of 58 hits and 32 runners crossed the plate, but by the time the dust from numerous runners circling the bases finally died down, the scoreboard showed Northville on top by a 19-13 margin.

Mic Mac scored in every inning, but the Northville girls secured the win primarily on the strength of an eight-run outburst in the second inning

and a seven-run rally in the fifth.

Leading hitters for Northville were Nancy LaPlante who had a double and two triples, Sherry Robbins who had a double and a home run, and Beth Ann Williams who had a single and two doubles.

Jennifer Gans and Leslie Kucher also played a key role in the Northville offense by collecting three hits apiece.

Fourteen girls were selected to the Northville All-Star squad. Representing the Hot Shots were Amy

Nieuwkoop, Nancy LaPlante, Beth Ann Williams, Jennifer Gans, Christy White, and Leslie Kucher.

Members of the Lions team named to the All-Stars were Melanie Rushlow, Susan Koziara, Peggy Herald, and Susan MacDonald.

Named to the All-Stars from the Ding Bats were Beth Mellish, Vicki Robbins, and Sherri Robbins. Vicki Grysiewicz was the lone Tiger named to the All-Star team.

Coaching the Peppermint Patty All-Stars were Jim LaPlante, Jim Robbins, and Roger Nieuwkoop.

Attends Mat Clinic

Northville's Brent Ashby was one of 300 high school wrestlers from across the country who attended the eleventh annual Spartan Wrestling Clinic at Olivet College recently.

Director of the program was Grady Peninger, coach of the Michigan State University

team which won the NCAA championship in 1967 and seven straight Big Ten Team Titles.

Also on the staff were NCAA champions from Michigan State Greg Johnson, Tom Milkovich, and Pat Milkovich. Ashby, 15, will be entering his sophomore year at Northville High School in the fall.

S.S. RAY WARREN—That's the name that will be given to this 24 foot cabin cruiser once it has been installed as a permanent part of the playground equipment at Novi's Village Oaks Elementary School. Formerly docked at a marina on Lake St. Claire, the boat had been sold for scrap at a cost of \$1 when Novi School Board Trustee Ray Warren intervened. After persuading the owner to

donate the boat to the school, Warren drove to the marina and trucked the boat back to Novi where it was "docked" at the Village Oaks school with the help of equipment from Michigan Tractor and the Novi DPW. The boat, shown here on the final leg of its journey through the Village Oaks subdivision, is part of a new playground being constructed at the school.

Novi Highlights

By JEANNE CLARKE
624-0173

A bridal shower, given in honor of Kathy Alexander, was hosted by Mrs. Kathleen Hunt and Mrs. Gloria Berry. Kathy will soon become the bride of Dennis Rogers. Following their wedding, the couple will live in Germany where he is stationed.

The Reverend and Mrs. Rex Dye and children of Schreiber, Ontario, formerly of Novi, have been visiting friends and relatives in the Novi area. A visit was also made to the Brighton home of their daughter, Mrs. Judy Crowder.

Having returned from a recent visit to her mother in St. Ignace, are Mr. and Mrs. Charles Stewart of Thirteen Mile Road.

Guests at the home of Mr. and Mrs. Bill MacDermaid of Stassen Street recently were Mr. and Mrs. Leslie Hurt.

The weekend guest of Mr. and Mrs. Jim Wilenius was Miss Madalyn Bennet of Westland. Miss Bennet was a bridesmaid for the recent

marriage of Jim Wilenius and Sonja Smith.

Mr. and Mrs. Don Smith of Brownsville, Texas are visiting in the Taft Road home of Mr. and Mrs. Gilbert Van Sickle.

Mrs. Lucy Needham and daughter Melinda, along with Betsy Ingle of Farmington, attended a tea last Saturday in honor of Dorothy Dickey, president of the national WAC veterans group.

BLUE STAR MOTHERS
The next meeting will be August 3 at the Kensington Place home of Hazel Madilk. At the meeting, the group will be making plans for their bazaar on October 31.

NOVI YOUTH ASSISTANCE
The camp program is nearly at the halfway point. Six youngsters returned this week from Camp Oakland.

This week, two teens will be attending the YMCA Camp in Oscoda County and about 10 children will attend a session at Camp Fairhaven.

Anyone willing to donate to the program can contact Mrs. Jody Adams.

PARKS AND RECREATION
The golf league standings lists Nancy Cumming in first place, Mary Wickman in second and third place is held by Marilyn Vetrano.

Womens softball league standings are as follows: first place, Standard Oil, four wins; second place, West Oakland, three wins and one loss; third place, Poured Walls, two wins and two losses; fourth place, Regal Janitorial, one win and three losses; and fifth place,

Farmington Trenching, four losses.

NOVI DRUG ABUSE
The sale of the bumper stickers at Gala Days was announced a success by the committee. There is a limited supply still available and anyone wishing to purchase one, can contact a member of the committee or Bob Starnes of the Novi Police Department.

JAYCEE AUXILIARY
Last Friday, the auxiliary had as guests at Gala Days, two children from the Northville State Home. The children were treated to a fried chicken luncheon.

The next meeting will be held on Tuesday, July 31, at the home of Barb Kelly.

Those women interested in joining the organization may contact President Linda Pochter at 349-1723.

NORTHWEST SINGLES
Anyone single and over 30 years of age is invited to join the Northwest singles. The next meeting is at the Eagle's Hall in Northville beginning at 8:30 p.m. on Thursday, July 25.

August meetings will be the second and fourth Thursdays at 8:30 p.m. at the Eagle's Hall.

NOVI SENIOR CITIZENS

Hostesses for the Tuesday, July 24 meeting of Novi Senior Citizens were Mrs. Russell Race and Mrs. Louis Tank.

Instead of the regular Wednesday potluck luncheon, Novi Community Education Director Milan O'Brienovich has made arrangements for

the group to go boating on Lake St. Clair with Ray Warren.

SOUTH WALLED LAKE BAPTIST CHAPEL

The guest speaker on Sunday was the Reverend Eugene Bragg, secretary of the Department of Missions of the Southern Baptist Committee in Michigan.

The vacation Bible school was called a success from those who attended. The evening sessions were attended by teens. Among the activities planned for them; were a chalk talk artist, a hayride and a missionary from Honduras.

UNITED METHODIST
The Tuesday morning get-together craft sessions for United Methodist Women have been cancelled for the remainder of the summer.

August 2 is the date for the all-day picnic in Canada.

FIRST BAPTIST CHURCH
The church picnic is scheduled for Saturday, July 28 at Cass-Benton park in Northville. The picnic will begin at 10 a.m. All families of the congregation are encouraged to come and bring a passing dish. Anyone needing additional information about the picnic should contact Mrs. Lucille Martin at 349-0333.

The speaker next Sunday will be the Reverend Ed Reese who is associated with the work at the Van Born Baptist Church in Detroit.

Teenage Bible school will be held from August 6 through 10. Each session begins at 7 p.m.

Wixom Newsbeat

Returns from Far East

By NANCY DINGELDEY
Earth tremors in Tokyo, a typhoon in Hong Kong and a money devaluation in Bangkok—a "crisis" in each of the major cities visited by Judy Kimmel of Northridge. Judy has just returned home from a whirlwind two-and-one-half week tour of the Far East sponsored by the National Education Association.

First stop, via Anchorage, Alaska, was Tokyo, the city of neat, tidy, precise and orderly people. Most people were in Western garb with the men wearing very dark suits. Rarely was a kimono seen—usually this distinct outfit was only worn for special ceremonies or in restaurants offering traditional Japanese dining. Judy said she was very aware of the same problems we have here—traffic, smog and water pollution.

A ride on the fantastic "bullet" train to Kyoto took her out of the city and into the countryside marked with rice paddies and rural life. Another trip was made to Yokohama and to Mt. Fuji, but the view was shrouded in mist as it is for all but 47 days of the year.

Riding the Tokyo subways was a real "feat," but no worse than walking into a restaurant and finding the menu written totally in Japanese. "Coca-Cola" is universal. Fortunately, the specialties of the house were pictured on the wall so ordering was done by picking out pictures.

Next city on the tour route was Bangkok, Thailand. It was a marked contrast with Tokyo with no way to compare the standards of living. As far as Judy was concerned the people seemed to be living in complete and utter poverty.

The temples of Thailand are beautiful and elaborately ornate. Patience of the people and the beauty of their artistry was especially apparent in the hand-painted walls of the Grand Palace.

"Bargaining in Bangkok is a necessity. Even to take a taxi requires haggling. Traffic jams were worse than in Tokyo but it didn't seem to ruffle the natives' nerves—utter patience.

The food was spicier, although at a specially prepared dinner the guides assured the group that it had been toned down. During a night club tour, Judy also had the opportunity to see some of the classical Thai dancers whom she described as exquisite.

Clothes were brightly colored and flowers bloomed everywhere.

Throughout the trip, Judy said the guides were simply terrific, but that she had left things undone in all the places she visited. There was much it would take a long time to digest everything.

By the time she reached crowded Hong Kong—exhaustion! Part of their excursions were cut short by the typhoon warning—the eye of which came within twenty miles of the island. There were terribly high winds and bad rains. The group did make it to Kowloon which is considered to be on the mainland and called the "New Territories". There were lots of rice paddies and British soldiers in the area. A bus trip took them within sight of Red China but all they really saw were more rice paddies.

Airline difficulties brought Judy a bonus on the return trip. There was a thirty-six

hour lay over on the Island of Guam which was immediately dubbed R & R (rest and rehabilitation). It gave her a chance to swim and relax and enjoy what she said was a really beautiful island. Judy also saw some bombers on return missions from sorties over Cambodia land at the large military base on the island.

An utterly fascinating trip to say the least!

Word comes from Lillian Spencer that the League of Women Voters is seeking new members to form a Western Oakland County Chapter. An organizational meeting will be held sometime in September. For more information on the League and its membership, contact Lillian at 624-2655.

I sometimes get strange news and odd requests for the column, but this week I have a goodie. Back during the Wixom Centennial there was a Ladies Day event at the V.F.W. at which a gentleman had a display of Indian artifacts. He evidently forgot one item that was wrapped in an Ace bandage. It was found by some lovely Wixom lady.

Now comes the problem. The man left the area, forgot the lady's name and has now returned to the area still trying to find that artifact wrapped in the Ace bandage.

So, if you are or happen to know the lady who found and has stored this little goodie for the past couple of years would you please contact Lillian Spencer at 624-2655 and she will pass on the information. Many thanks.

Sandy and Fred Evans spent many hours during the later part of spring and up until the middle of July totally involved in one time consuming project—coaching a girl's baseball team. Their efforts paid off and the team, sponsored by Bev's Swirl and Curl in Wixom, came out the league champs.

The 13 to 16 year old gals were part of the "Shag" division of the Lakes Athletic Association. The team included both Dorie and Laurie

Evans (Dorie, by the way, was the winning pitcher), Wendy Wassall, and Laura Bridges, all of Wixom.

And the Northridge ladies were at it again with another annual event. Last week the Ladies Tea was staged and hosted by Julie Anderson in her lovely backyard. Coffee and goodies were enjoyed by a nice turnout of gals, while another Northridger, Eleanor Shieko, demonstrated creative sculpting to the group.

Julie and her hubby are just back from a trip to Iowa City, Iowa, where they visited with family and friends. Then, leaving the kids in Iowa, they hopped a plane and spent a week zooming around California.

They managed to see Monterey, San Diego, and Tijuana, Mexico as well as everything there is to do around Los Angeles before the week was over. That is called a quickie!

Biblical Answers For Troublesome Times

? Some people seem to think that they should try to be good only on Sunday. What does the Bible say about this? D.C.

MATTHEW 6:24, "NO MAN CAN SERVE TWO MASTERS: FOR EITHER HE WILL HATE THE ONE, AND LOVE THE OTHER; OR ELSE HE WILL HOLD TO THE ONE, AND DESPISE THE OTHER. YE CANNOT SERVE GOD AND MAMMON."

MATTHEW 7:21, "NOT EVERY ONE THAT SAITH UNTO ME, LORD, LORD, SHALL ENTER INTO THE KINGDOM OF HEAVEN; BUT HE THAT DOETH THE WILL OF MY FATHER WHICH IS IN HEAVEN."

GALATIANS 6:7, "BE NOT DECEIVED; GOD IS NOT MOCKED: FOR WHATSOEVER A MAN SOWETH, THAT SHALL HE ALSO REAP."

You may call for help or counseling at 291-7733 or 363-5945. Readers' questions and/or problems are solicited for this column. If you have a question, Christ has the answer and He is never wrong. Please send correspondence to address below.

Our new interest rates are higher than they've ever been before.

So your savings will earn more interest than they've ever earned before.

And they'll earn it any way you want.

In a 4 Year 7% Certificate of Deposit you can tuck away and forget.

Or in a 5% Regular Savings Passbook.

Or in any of our other high-interest savings plans.

All in all, you'll get the most interest you've ever gotten for your money.

Which is good news.

Now when was the last time you got some good news about money?

"That's my bank"

We've got the ideas to make banking better.

Police Blotter

Pair Caught in Novi Break-In

In Novi

Alert work by a Novi policeman led to the capture last week of two men while they were breaking into the sales office of the Stonehenge development on Haggerty Road.

While on routine patrol at approximately 2:50 a.m., Patrolman John April discovered that two individuals had broken into the Stonehenge sales office and were in the process of rummaging through the files.

After summoning help from the Farmington Hills Police Department and from Novi Patrolman Charles Brown, April moved in and apprehended the two men.

Arrested were Keith Kaitner, 17, of Farmington and Christopher Pollock, 17, of Novi. Warrants have subsequently been obtained charging the pair with the breaking and entering of a business place - a felony which carries a maximum sentence of ten years in the state penitentiary.

Kaitner and Pollock were arraigned on the charges before Judge Martin Boyle in 52nd District Court in Walled Lake. Examination has been scheduled for July 27 at 10 a.m.

Two separate thefts approximately one week apart have resulted in losses in excess of \$2,000 to the Kargo Company located at 25701 Seelye Road.

In each instance the thefts involved approximately 200 U-Haul trucks parked in a field near the Kargo offices.

On July 10, thieves stole 13 tires valued at \$80 apiece from the trucks. In addition, an estimated \$400 to \$500 worth of damage was done to the vehicles, making the total loss in the neighborhood of \$1,500.

One week later on July 17, the trucks were again victimized. This time 14 batteries carrying a total value of \$350 were stolen from the U-Haul vans. In addition a tire and rim were stolen during the theft.

A 1973 Oldsmobile Toronado stolen from the front of a Novi residence on June 10 was recovered in Mississippi last week.

The car, valued in excess of \$6,000, was stolen from Robert Brower who had parked it in

front of his home at 23970 Chipmunk Trail on June 9. The car was recovered in running condition in Louisville, Mississippi, last week.

An attempted larceny from the safe at the S & L Clothing Store on Novi Road was thwarted by the owner last week as she ordered the potential thieves out of her store.

The owner of the store told police that two Negro males entered her store at approximately 7:30 p.m. and proceeded to pile up approximately \$160 worth of merchandise on the counter. After the clothing had been collected, one of the men stated that he felt they deserved a "present for buying so many clothes and proceeded to the front of the store to select his "gift."

Meanwhile, the owner of the store noticed that the other man had disappeared. She then walked to the back room of the store where she allegedly found the second man with his hand in the safe.

She ordered the two men from the store, according to police reports, and they left without creating any disturbance or taking anything with them.

The case is under investigation.

A 38-year-old motorcyclist was seriously injured last week when he lost control of his bike, and it skidded out of control, slamming into a pair of parked cars.

Kelly Gene Greenwood, 38, was transported to St. Joseph Hospital in Pontiac with serious injuries following the accident.

According to police reports, the accident occurred when Greenwood accelerated to approximately 70 miles per hour in a 25 mile per hour zone as he was passing an officer involved in making an arrest.

Greenwood lost control of the bike, police said, when the cycle went airborne after crossing a small bridge with a pronounced rise on South Lake Drive, 90 feet east of Duana.

When the bike hit the ground, Greenwood lost control and hit the two parked cars before coming to a stop with the bike resting on top of him.

A 17-year-old Westland man was seriously injured last week in an accident which occurred at the corner of Taft and Nine Mile Roads.

Matthew James Boshaw, 17, was injured when he ran into a car driven by James Owen Thornton, 21, of 42300 Eight Mile Road in Northville.

According to police reports, Boshaw was driving southbound on Taft Road at a speed between 60 and 70 miles per hour. As he crossed Nine Mile, Boshaw crossed over into the northbound lane where he struck Thornton who was traveling north at 15 miles per hour preparing to make a left hand turn onto Nine Mile.

Boshaw was cited by police for driving under the influence of liquor and improper lane usage.

In Northville

Three adults and two juveniles face charges of statutory rape against a 15-year-old Northville girl.

According to Northville police detectives, Richard DiCiccio, 26, of 505 North Center Street, Gregory Harold Hester, 17, of 442 Butler Street and Richard Edward Rowland, 21, of 143 East Cady Street were arrested on the felony warrants Friday.

Police have also filed charges of rape against two 16-year-old Northville juveniles. The charges were filed Tuesday in Wayne County Juvenile Court.

All three adults pled not guilty to the charges when arraigned Saturday before District Court Judge Richard L. Hammer. Examination will be held Thursday, August 2.

Hester is free on \$20,000 bond while DiCiccio and Rowland are both in jail in lieu of \$20,000 bond each.

Police said the charges stem from three separate incidents earlier this month.

Three cases of breaking and entering autos are being investigated by city police.

Trunk locks were broken to gain entrance to two vehicles Saturday night.

Taken from a 1973 Cougar parked near 450 Fairbrook were a spare tire and wheel. A spare tire, wheel, golf clubs, bag and jacket were stolen from a car parked at Northville Downs the same evening.

Unknown persons broke a vent window late Monday or early Tuesday and took a blanket and two stereo tapes from a car parked in a lot behind Cloverdale Dairy.

A camera valued at \$225 was stolen between Friday night and Monday afternoon from a car parked at Chatham food market. Police said the camera, a Konica Autoflex A, was taken from the vehicle while it was locked.

Two Northville youths were arrested by police shortly before 10:30 p.m. Monday after they were caught siphoning gas from vehicles.

Both were arrested in the parking lot of Foundry Flask and Equipment on East Cady Street.

A 16-year-old Garden City youth was hospitalized with head and facial injuries Saturday night after he ran into the side of a car which was traveling in the southbound lane of Hines Drive near Cass Benton Park.

Township police said John Willard was taken to St. Mary hospital shortly after 11 p.m.

According to reports, Vincent Muscat of Detroit was driving southbound on Hines Drive when Willard ran into the side of his car, bouncing off the front fender and landing on the hood of the car, breaking the windshield.

No charges were brought against the driver, police said.

Michigan State Police investigated two separate one-car accidents in which four persons were hurt.

Fifteen-year-old Larry C. Goss of 8882 Napier Road sustained a broken ankle after the door of the car in which he was riding opened as the car turned a corner, causing him to fall from the vehicle.

State police said the accident took place July 15 at 11:15 p.m. on Eight Mile Road and Lexington Boulevard.

Charges of car theft are being filed against a 13-year-old township juvenile.

Police were called recently to investigate a report of a car stolen from Highland Lakes. While they were taking the report from the owner, a neighbor reported seeing the car parked in front of the clubhouse.

Investigating officers found the car and a subject near the clubhouse who matched the description of the youth seen taking the car.

The youth allegedly told police he had taken the same car in June, driving it to Camp Dearborn and into Livonia with seven other youths before the car was loaned to another youth to drive into Detroit. The car had been recovered in the City of Northville.

According to police, the youth said he found a key to the car late last year.

Two homes had windows shot out late last week Wednesday night by two youths with a gun.

Residents on Lakeside and Bradner Road told police kitchen and picture windows were shot out of their homes between 10:50 and 11:05 p.m. Two youths were seen shooting at the windows, reports said.

A brown 10-speed 23-inch Dawes bicycle valued at \$190 was stolen July 16 after it became disabled.

A Plymouth youth, owner of the bike, told police he left the bike in weeds on Six Mile Road, one-quarter mile east of Northville Road, while he went for help. When he returned, the bike was missing.

COURT NEWS

A Garden City youth was sentenced to Whitmore Lake Boys Training School for up to two years after he pled guilty to a charge of selling dangerous drugs resulting in the death of a human.

Sentencing took place Monday in Oakland County Juvenile Court.

Charges stem from the June 5 suicide of a 16-year-old Northville High School girl.

Three 14-year-old Northville township juveniles face identical charges in Oakland County Juvenile Court.

FIRE CALLS

July 18 — 1:59 p.m., car fire at 210 South Rogers.

July 21 — 11:20 a.m., car fire in front of Northville City Hall.

In Township

An indecent exposure report is being investigated by township police.

Two women told police they were horseback riding on Ridge Road just south of Seven Mile Sunday when a young male approached them in a green 1970 or 1971 station wagon.

They reported he spoke to them, opened the car door exposing himself and then drove north on Ridge Road to Seven Mile.

The youth is described as between the ages of 16 and 18, long blond hair, five-foot 10 inches and weighing about 150 pounds.

The incident took place at approximately 5:30 p.m., police said.

Charges of car theft are being filed against a 13-year-old township juvenile.

Police were called recently to investigate a report of a car stolen from Highland Lakes. While they were taking the report from the owner, a neighbor reported seeing the car parked in front of the clubhouse.

Investigating officers found the car and a subject near the clubhouse who matched the description of the youth seen taking the car.

Investigating officers found the car and a subject near the clubhouse who matched the description of the youth seen taking the car.

The youth allegedly told police he had taken the same car in June, driving it to Camp Dearborn and into Livonia with seven other youths before the car was loaned to another youth to drive into Detroit. The car had been recovered in the City of Northville.

According to police, the youth said he found a key to the car late last year.

Charges of car theft are being filed against a 13-year-old township juvenile.

Police were called recently to investigate a report of a car stolen from Highland Lakes. While they were taking the report from the owner, a neighbor reported seeing the car parked in front of the clubhouse.

Local Youth Held In Murder Case

Seventeen-year-old Charles Frederick Portus, who has been charged with the first-degree murder of a seven-year-old Farmington Hills boy, is a former Northville High School student.

Portus, who lives with his mother at 20271 Silver Spring Drive, dropped out of Northville High in May of this year during his sophomore year.

Enrolled in the school system since 1971, Portus was described by school officials as a "low average" student. Officials said he had received

professional counseling through the Northwest Child Guidance Clinic.

The 17-year-old is charged with the murder Saturday of Keith Minelli of Farmington Hills. Portus was arrested by Farmington Hills Police late Saturday while visiting at the home of his father who lives near the Minellis.

He was arraigned Sunday on the charge of first-degree murder, stood mute and a plea of not guilty was entered by the court on his behalf. He is being held without bond.

SCHOOL WORK BEGINS—Grading and surveying began this week on the elementary school in Northville Commons. Although official groundbreaking won't take place until the first part of August, Sam Castignola of Bakhaus Construction is busy preparing the site where the 750-student

school will be built. Work on the sites of the elementary school in Highland Lakes and middle school on Bradner Road also got underway this week. Both elementary schools are expected to be completed by the fall of 1974 while the middle school will be finished in early 1975.

Release Time Set For OLV

Release time schedules for religious education classes at Our Lady of Victory Catholic Church have been announced by spokesmen for the church and Northville and Novi schools.

The program is for those students attending public schools in either community.

Monday, Novi first and second graders will participate in the program between 12:20 and 1:40 p.m. Fifth graders will attend classes between 2 and 3 p.m.

Tuesday will be the day the alternate program is scheduled, with classes being held after school between 4 and 5 p.m.

Wednesday, Novi third and fourth graders, noon to 1:30 p.m.; Northville third grade, 2 to 3:15 p.m.; Cooke Middle School Annex, 3 to 4 p.m.

Thursday, Northville fourth grade, 12:15 to 1:30 p.m.; Northville first grade, 2 to 3:15 p.m.

Friday, Northville second grade, 12:15 to 1:30 p.m.; Northville fifth grade, 2 to 3:15 p.m.

Northville and Novi junior and senior high students will be attending evening sessions scheduled between 7:30 and 9 p.m. Monday through Thursday.

Because of holidays and other activities, evening schedule is subject to change, spokesmen added.

Bonner Blasted in Brighton

Brighton city officials will seek a search warrant this week to enter two homes owned by Leon Bonner of Northville and believed to be in violation of the city housing code.

For the second time in eight months, City Councilmen blasted Bonner for being a "slum landlord" and for failing to cooperate with Brighton officials attempting to upgrade enforcement of the city housing code.

"We have not received any cooperation from Bonner," Mayor Alan Stonex said at last Thursday night's City Council meeting. "He is an absentee slum landlord. He's been antagonistic and uncooperative. We're trying to protect the health and welfare of our citizens."

Bonner owns five houses in Brighton, City Manager Bruce Romer said.

They are at 116 East North, 122 East North, 212 South East Street, 131 East North Street and at the corner of Franklin and Second streets.

City officials used a search warrant to enter the house at 131 East North Street last November after Bonner had refused them permission to

check the house for code violations.

According to Romer, substantial housing code violations were found at 131 East North Street.

City Councilmen last November strongly criticized Bonner for refusing to cooperate in the city's program to improve enforcement of the housing code.

The city is now seeking a search warrant to enter Bonner's homes at 116 East North and 212 South East Streets.

"We believe these homes are seriously under wired and are potential death traps," Romer said.

The city has shut the water off in these two unoccupied houses until it can gain access to check for code violations.

City Attorney John Brennan said that in talking to Bonner's attorney, John Thomas, of Plymouth, he learned that Bonner won't allow the city access to his houses unless it's by court order.

"The attorney did say Bonner would grant us access to inspect the water meter," Brennan said. "Their position is that the water bill is paid up to date and we have no right to turn the water off."

"But we have reason to believe personal health hazards may exist. If we find there are no violations, then we'll turn their water back on."

Brennan said that all Bonner is complaining about is "his right to make a buck."

"If he wanted to be cooperative, we wouldn't have any problem," Brennan said. "I have little sympathy for any constitutional rights he thinks we're infringing upon."

Brennan said he's heard that Bonner has intimidated and used coercion on his tenants so they wouldn't come

forth to tell the city of any code violations.

Councilman William Madden heard the same story.

"Some of the threats he's supposed to have made are diabolical," Madden said. "We need somebody to support these allegations."

Township Balks At Road Patrol Pay

It appears unlikely that Northville township will commit itself in writing to attempt to pay for Wayne County Sheriff's Road Patrol services.

Northville Township Supervisor Lawrence Wright said this week he believes the township board "will say we're not interested at all (in paying for road patrol services) because of the protection we have now."

Last Thursday, the County Board of Commissioners, meeting as the Ways and Means Committee, turned down a recommendation that the road patrol be funded through the end of the fiscal year on November 30.

"We may be able to fill in patrolling the township with the Michigan State Police," Wright said.

Currently, the township maintains a four-man police department to patrol the township. Michigan State Police and the Wayne County Sheriff's Road Patrol also provide police services to township residents.

Wright commented that the matter will "probably be on the township board agenda for August 14."

If the township decides to pay for road patrol services, officials have said additional millage would have to be approved by voters in order to do so.

Wright also explained that the supervisors of the townships currently being served by the road patrol "were waiting to see what action the commissioners took before we decided to take any action."

Wright said the supervisors "may sue to keep the road patrol services, but I don't know."

Approximately two years ago, the supervisors threatened to sue to force the continuation of the road patrol services. Northville township trustees voted \$1,000 to retain a lawyer "which has never been used," Wright added.

At the meeting last week, the county commissions instructed their Public Safety and Judiciary Committee to

seek written commitments from township officials that the townships will make a "good faith" effort to pay for the road patrol service.

In meetings with the public safety committee, township supervisors have said they would have to ask their voters to approve additional millage in order to do so.

In adopting this year's budget, the county board authorized the funding of the free road patrol services for townships only through August. The public safety committee had recommended that the 28 patrolmen's positions assigned to the road patrol be extended through

November 30 at a cost of \$91,980.

However, the Ways and Means Committee voted 16-4 to send the recommendation back with a directive that the townships be contacted to obtain the written commitments stating they will attempt to pay for the road patrol.
