Farmed 'Out as Kids

By MARTHA ROEMER

Forty-six years and thousands of miles have separated them, but Eddie and Jim Corcoran are now down to the business of being brothers.

Eddie, a Northville resident, and his brother Jim who lives in Coatbridge,

Lanaikshire, Scotland, met each other for the first time in their lives three weeks ago.

The family of three boys and one girl was divided after their mother died while giving birth to Eddie. "Everyone was farmed out to aunts and uncles," Eddie said.

It was about one-and-a-half years later

that Eddie was adopted.

"Apparently, my father was on his death bed and some friends of my parents came to see him. They were getting ready to emigrate to the United States and offered to take the youngest of the family along," Eddie recalled.

"My father agreed, but made my adopted

parents promise that they would never change my name. I didn't know about that, until Jim came over."

The American Corcoran said he'd always been known as Eddie MacDonald while growing up in Detroit. "When I was drafted

Ambulance Quarters Upset

★ ★ ★

City May Raze Marooned House

Marooned on a city parking lot, the two-story former Methodist manse appears headed for demolition unless the city manages to contact the vacationing owner.

City council Monday

authorized a 48-hour notice of demolition when it became apparent the building cannot be moved unless the owner or the mover deposits moving fees of several thousand dollars with Detroit, Edison and Michigan Bell which must clear the route of wires.

"I don't think he (mover) will pay it," City Manager Frank Ollendorff told councilmen, "and we haven't been able to reach the owner who is off vacationing somewhere."

Councilmen, who a week ago were hopeful the house would be moved soon to permit contracted construction and blacktopping of the parking lot, were surprised and angry upon learning that the moving probably won't occur until two weeks after the moving fee is paid.

Complicating the problem is the fact that the house is no longer vacant. Before leaving on vacation, the owner had his furniture moved into the building, which presently sits on skids just south of its original location at the southeast corner of Wing and Dunlap.

If the house is demolished

Ask Millage For Police?

A proposal to ask Northville township voters for millage to finance police services will be discussed Tuesday night by Northville township trustees.

Township Supervisor Lawrence Wright said the township board "may ask for the millage to satisfy the Wayne County Board of Commissioners."

The Public Safety and Judiciary Committee of the Board of Commissioners have agreed to recommend the Wayne County Sheriff's Patrol be continued at least until the November 30 end of this fiscal year.

The action was taken after several supervisors agreed in writing last week to seek

RESCUED!

She's Led from Smoking Porch

"I just happened to be there at the right time," Lewis Robinson commented after leading a 89-year-old Northville woman to safety from her burning home on Reservoir Road last week Wednesday morning.

"I didn't do anything anyone else would not have done," he said.

Robinson, a Plymouth postman who

has delivered mail on the Northville township route since 1949, was in front of Mrs. Bernice Marshall's home when he saw smoke coming out of the house.

"No one else was around and I knew her relatives who lived next door were not home so I ran into the home to get her

Council Denies Zoning

Moving of the ambulance quarters to a perhaps temporary township location is expected this week in the wake of council decision Monday to deny rezoning of the corner of Cady and Griswold streets.

Council voted 4-0 to deny the requested zoning, despite misgivings of some councilmen and a recommendation by the city manager that the property be rezoned from R-3 (multiple) to C-3 (commercial).

Councilman Paul Folino, who owns the property in question and who had planned to lease the house to the city for ambulance quarters if it were rezoned, abstained from voting.

Although councilmen and the manager attempted to debate the request on the basis of zoning only, the fact that the ambulance quarters matter rode on the zoning outcome was nevertheless an unavoidable part of the discussion.

Simply speaking, here was the situation going into Monday's meeting:

- The present ambulance quarters located in a house on South Center is slated for removal very soon to make way for a new parking lot.

- With city attempts to locate new quarters for General Ambulance Company proving difficult, Councilman Folino offered to lease his Cady Street property to the city—provided he were granted a commercial zoning.

- City planners denied Folino's request and the matter went to the council.

- Meanwhile, negotiations to secure ambulance quarters on Northville Road, just south of Seven Mile, continued. This site reportedly can be used temporarily pending

City Planners Approve Updated Master Plan

Northville's newly revised master plan became a reality Tuesday as the city planning commission approved it without a dissenting vote.

With that approval the official suggested land use plan for the city. It does not, however, establish zoning.

Concerning the latter, the planners expect to meet soon with the council to review and perhaps change their proposed new zoning ordinance prior to submission to citizens at a public hearing.

Adoption of the master plan followed a public hearing conducted by the planning

commission last month. Planners concluded after studying a transcript of the proceedings that there were very few objections to the plan. Most comments appeared to relate to the upcoming zoning proposal.

According to Ronald Nino, the law requires only that the planning commission act on the master plan to give it life.

Obviously, however, councilmen came away from last month's hearing convinced planners would either recommend approval or disapproval of the plan leaving the final decision to the council.

And Mayor A. M. Allen even

commented that he would insist that the council conduct its own public hearing on the plan before approving, rejecting or modifying it.

Asked Tuesday about possible council involvement, Nino explained that while the law clearly indicates a master plan needs only approval by the planning commission, the council may, if it chooses to do so, hold another hearing as a public courtesy.

Ken Rathert Won't Run

Nomination petitioning and filing for the city council will take place during the month of September...if enabling legislation scheduled for public hearing August 20 is approved.

In years past filing occurred in February for a spring election, but council decided two years ago to go along with a new state law changing city elections from spring to November of each

Downs Boosts Pizza

That's A Heap of Fertilizer

By JACK W. HOFFMAN

What do pizza and alfalfa have in common?

Why, a pile of good ol' Northville Downs horse manure, that's what.

Just add it up: 13,000 bales of straw, 13,000 bales of hay, 8,982 bushels of grain, 670 horses, and a long month of eating has just got to mean a heap of manure.

More exactly, it means about 130 yards of the

stuff per day or approximately 5,000 yards of it over the entire 39-day summer meet that just ended at the Downs.

And that means lots of good mushrooms for lots of good pizzas, smiles one of Michigan's biggest mushroom producers, Joseph Marzetti, who has been fertilizing his Dryden, Michigan plants with Downs horse manure for two decades.

NEWS BRIEFS

J. Burton DeRusha has been elected chairman of the Northville Planning Commission, succeeding C. Thomas Wheaton. Charles Freydl, Jr. was re-elected secretary, while David VanHine was elevated to the vice-chairman's post.

J. Burton DeRusha

BETTING FELL 3.8 per cent at Northville Downs during the 36-night meet concluded July 31. Total mutuel handle for the harness racing meet was \$12,460,235, an average of \$346,118 nightly. Attendance averaged 4,432 nightly, a drop of one per cent from the previous year. Racing returns to Northville Downs with the Jackson winter meet, November 5 through December.

CITY PLANNERS, who presently work for nothing, are to receive \$10 per regular and special meeting per person if an ordinance amendment proposed by the Council is approved following an August 20 hearing. Councilmen called the payment a "token" reward for many hours of work in service to the city.

APPROVAL of the closing (at night) of old Novi Road north of International Diamond Tool Company is likely to be granted the company's owner by the Northville Council—subject to similar approval of the Novi City Council and other restrictions—to improve policing of the area. The road dead ends at the railroad tracks.

AN ALL NIGHT restaurant proposal of Dennis Roux for his proposed commercial center at the southwest corner of Novi Road and Allen Drive went down to defeat last week before the Northville Board of Appeals. Requiring at least six votes on the nine-member board for approval, the restaurant plan received only five (5-4). Several other undisclosed stores are planned in the center which is located on property originally intended as a service station.

5,000 yards of manure shoveled at Northville Downs during recent 39-day summer meet

News Around Northville

Six delegates of the Northville Post 4012 Ladies Auxiliary of the Veterans of Foreign Wars will attend the 60th annual national convention of the VFW auxiliary in New Orleans August 17 through August 24.

Delegates attending from Northville are Lee Moxie, Helen McCollum, Lee McArthur, Beverly Lanning, Betty Morgan, and Eileen Sousa.

Mr. and Mrs. Frank Ollendorff were guests of honor at a potluck dinner on Saturday in the home of Mr. and Mrs. Daniel Conley.

About 40 of their friends in Northville gathered to wish them farewell. The Ollendorffs will be moving to Adrian soon where he will take over as city manager.

The couple was presented with a framed drawing of a Northville scene.

Later this month, Mr. and Mrs. Ollendorff will be honored at a party given by Mr. and Mrs. Kent Mathes.

The E.W. Eberts Jr. of Jamestown Circle recently had as house guests their eldest son E.W. Ebert, III, his wife, Veronica and their two daughters, Kimberly Ann and Tracey Lee, from Cumberland, Rhode Island.

The younger Ebert graduated from Northville High in 1958.

A Splash Party is planned by the Highland Lakes Social Committee on Saturday, August 18, for adult residents and guests of the Highland Lakes subdivision.

Chairman of the event is Ron Griffin who says a big turnout is anticipated.

For those who aren't swimming music on the clubhouse terrace will be provided by The Rubber Band, a local rock group.

The party begins at 8:30 p.m. and the cost is \$2.50 a person which includes refreshments of beer and hot dogs. Tickets may be purchased at the Highland House or through Griffin.

This will be Highland Lakes' last social event of the summer.

CATCHING UP—Jim Corcoran, left, of Coatbridge, Lanarkshire in Scotland and Eddie Corcoran of Northville are shown looking at a photograph album and catching

up on the 46 years they've spent apart. The two were separated shortly after Eddie's birth in Scotland and met for the first time in 46 years a few weeks ago.

Meet After 46 Years

Continued from Record, 1

into the service, I found out my real name was Corcoran, and that's what it's been ever since. I'm a Corcoran and so are my children," he said proudly.

The Corcoran brothers were initially reunited by mail with the help of a cousin, Mrs. Ann Vella of Mt. Clemens, who immigrated to the United States three years ago.

"You see," said the younger Corcoran, "I knew the family was over there, but until I met this cousin, I had no way to get in touch with them. It's kind of a strange thing, but I've always felt a part of the family. It probably has something to do with that 'old country' heritage."

Jim, who is two years Eddie's senior, said his visit was thought of first when he and his brother began corresponding. For various reasons, it had to be postponed to this summer.

"I knew I had to come here," said the older brother, "because my brother has children and it isn't as easy for him to get away."

Jim explained Eddie is the only one in the

family who has married and is carrying on the family name.

"I've discovered a sister-in-law I didn't know I had and have had a grand time with my nieces and nephews," exclaimed the Scotsman.

Since they have been together during Jim's three-week visit to Northville, the brothers have found they are quite alike, not only in a strong family resemblance, but have similar temperaments.

The resemblance was noticeable to all but the brothers at first. According to Eddie, they "walked right past each other" at the airport when Jim arrived.

"We had sent pictures back and forth, but all of them were old and we've changed a lot. We took my cousin Ann with us to the airport because she had seen Jim more recently, but it was my son who recognized him because he looks so much like me," recalled the younger brother.

Both brothers agree they are very much at home with one another now that the initial nervousness of the first meeting has passed.

"We've even had arguments," Eddie said. "The friendly kind that brothers have."

Geake Speaks Here Tonight

State Representative Bob Geake "Reports from Lansing" as guest speaker at the Northville-King's Mill Civitan Club at the club's meeting in the King's Mill clubhouse, tonight (Thursday).

The public is invited to attend the 8 p.m. meeting.

Representative Geake will discuss recent developments in the legislature at Lansing, programs under consideration by the lawmakers, and matters of public interest in Michigan. A question and answer period and informal reception is planned.

"If you have something in mind you think your state government should know or act upon, here is a chance for some 'in-put'. Or, maybe, you just want to hear what is going on," a spokesman said.

about Women and the family

Haverland-Scherf Vows Said in Evening Ceremony

A wedding trip to their new home in Virginia Beach, Virginia, followed the July 28 marriage of Laurie Jean Haverland and John Edward Scherf.

The couple was married in a 6 p.m. ceremony at St. Paul's Lutheran Church by the Reverend Charles Boerger in a double ring ceremony.

Parents of the bride are Mr. and Mrs. Henry Haverland of 977 Springfield Court. The bridegroom is the son of Mr. and Mrs. George Edward Scherf of Detroit.

Two vases of yellow and white daisy mums and baby's breath decorated the main altar of the church.

Given in marriage by her father, the bride wore a gown of ivory slipper satin with Victorian styling. The bodice of Venice lace was styled with a high neckline and the full bishop sleeves were made of organza and the hooped skirt fell into a chapel train.

Her four-tiered illusion veil was held by a Camelot cap which was appliqued with seed pearls. She carried an old fashioned round bouquet of white daisy mums, baby's breath, yellow sweetheart roses and greens.

Mrs. David Jaskierny of Ft. Wayne, Indiana, was matron of honor in a Victorian-style gown of yellow eyelet over yellow taffeta. She wore white daisy mums in her hair and carried an arrangement of baby's breath, purple statice and sweetheart roses in a white fireside basket.

Best man Kenneth Osborne was assisted by usher Rick Wittstock.

Vladimir's of Farmington was the site of a reception for 150 wedding guests. Among the guests were visitors from New Jersey, Massachusetts and New York.

Both the bride and bridegroom are graduates of Cody High School in Detroit. Mr. and Mrs. Scherf will

live in Virginia Beach while the bridegroom is stationed there with the United States Navy.

MR. AND MRS. JOHN E. SCHERF

Name New Officers For Fall Home Tour

Officers for the seventh annual Homes Tour have been announced by the Women's Association of the First Presbyterian Church of Northville and the Northville Historical Society.

The tour, which is scheduled for Thursday, September 27, is being co-sponsored by both organizations for the first time. From 10 a.m. to 4 p.m., tour-goers will have an opportunity to view five of Northville's most historic houses.

Co-chairmen for the event are Mrs. Per Iverson, Mrs. David VanHine and Mrs. Dumont Hixson.

In charge of hostesses for the tour is Mrs. Gordon Snyder. The tour booklet is being prepared under leadership of Mrs. William Stockhausen and Mrs. Cass Hoffman is chairman of publicity.

Mrs. James Elliott is in

charge of tickets for the tour and treasurer is Mrs. Norman Young.

Serving as corresponding secretary is Mrs. John MacKay, posters for the tour are the job of Mrs. Willard Den Houter and Mrs. John Stuart will take care of street staging.

Hostesses in the houses on the day of the tour will be Mrs. William Stockhausen, Mrs. Kent Mathes, Mrs. John Stuyvenberg, Mrs. David Mynatt and Mrs. Kenneth Gold.

In addition to touring the historic homes, those participating in the tour will be able to purchase baked goods from members of Holy Cross Episcopal Church. The sale will be at the Presbyterian Church.

The annual tour luncheon will, once again, be held at St. Paul's Lutheran Church on the afternoon of the tour.

'Old Birch House' Topic Of Historical Society Talk

"Whatever Happened to the Old Birch House?" is the topic

to be discussed by the Northville Historical Society on Thursday, August 23.

The meeting will begin at 8 p.m. in the Scout-Recreation Building and will feature Mrs. Miriam Sober speaking about the Northville and Plymouth area in the 1800's and the Greek revival house she recently had moved from Plymouth and has been restoring.

The house is currently a studio for Mrs. Sober as she works on a book about American crafts.

Benefit Cancer Research

Christmas Cards on Sale

It's Christmas card time again at the Michigan Cancer Foundation.

According to Mrs. Susan Rosenfeld, the Northville chairman for the Foundation, the cards are now ready for delivery and orders are being taken by her and at the Michigan Cancer Foundation Office in Dearborn.

"As in the past," Mrs. Rosenfeld said, "the cards serve a dual purpose. You can send greetings to your friends and contribute to cancer research at the same time. Proceeds from the sale of cards are used for research in the fight against cancer."

The card features a gold balance scale filled with

Christmas ornaments on a dark green background. A message inside reads, "Greetings of the Season and Best Wishes for the New Year." The accompanying envelopes are white with a gold lining.

The cards are \$4 for each box of 25 and can be imprinted with the sender's name at \$2.50 for up to three boxes and an additional 25 cents a box for four or more boxes.

Anyone wishing to order boxes of cards from the Foundation may do so at the Dearborn office located at 1112 North Telegraph, telephone, LO 5-1440 any weekday between 10 a.m. and 4 p.m.

Mrs. Rosenfeld does have a supply of cards at her home. She can be contacted at her home, 18700 Jamestown Circle, telephone 349-3054.

She Seeks Citizen Backing For Space Bible Reading

Local area support of a campaign to raise one million signatures of people applauding the decision of the astronauts to read the Bible from their spacecraft has been undertaken by Mrs. Paul Vernon of Northville. Like Mrs. Vernon others across the nation are doing the same. Their efforts are being made to combat Madeline Murray O'Hare, the atheist crusader who succeeded in making it illegal to read the Bible or pray in public schools. She reportedly has obtained 27,000 signatures of people publicly censuring the astronauts' Christmas message while orbiting the moon in 1968 and demanding prohibition of any further demonstrations of religion by public leaders. According to Mrs. Vernon, interested persons may sign a

letter provided by herself or write their own similar letter and send it to: National Aeronautics and Space Administration, Manned Space Craft Center, Astronaut Office, Houston, Texas 77058. Here is a suggested letter: "I personally appreciate and wholeheartedly support the decision of the astronauts to read the Bible from their spacecraft as they orbited the moon during the month of December, 1968. "I further support the right of every human being to express his faith in God and the Bible publicly without fear of censure"

Levitt to Build Pre-School Center

Levitt Residential Communities, Inc., announced it will build a \$185,000 Kinder-Care Learning Center for preschool children at Highland Lakes, the \$60 million community it is now developing in Northville Township.

The 5,000 square foot center will be located on Silver Springs Drive near Eight Mile Road, inside the main entrance to Highland Lakes. Scheduled for completion in late September of this year, it will accommodate 70 children.

The center will enroll children from ages 2½ to 6 from 7 a.m. to 6 p.m. daily and will be available for residents of Highland Lakes and nearby areas.

"This is not just a day care center but will provide an educational and child development program under the direction of professional personnel," according to Louis P. Shassian, Levitt vice president and regional manager.

It will be operated by Kinder-Care Learning Centers, Inc., which now operates 32 similar centers in the southeast and midwest, including one at another Levitt-built community, Northfield Hills in Troy.

The Highland Lakes center will be only the second built for that purpose in any residential community in the metropolitan Detroit area, the Northfield Hills center having been the first.

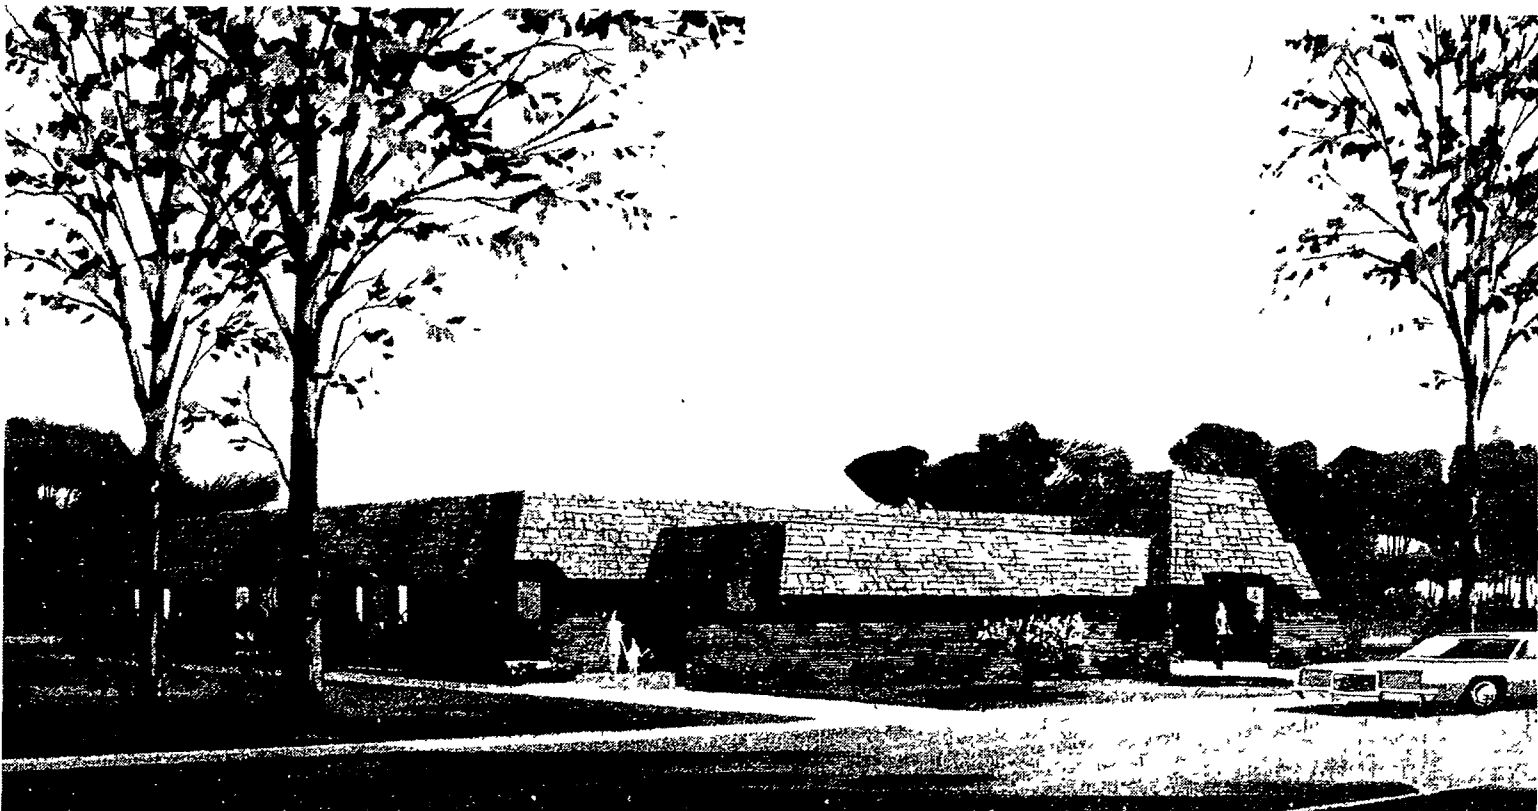

The air-conditioned center, which will be situated on a hill overlooking Silver Springs Lake, will be divided into four

sections, each serving as a learning and training area for children of different age groups.

There also will be a large outside play area on the two and a half acre site.

Shassian said the center is being built "as part of Levitt's total community concept at Highland Lakes, and to serve the needs of residents of the community, particularly those of working wives."

The building was designed by the architectural firm of Leonard G. Siegal Associates, Inc.

Highland Lakes' Kinder-Care Center is scheduled to open in September

That's A Heap of Fertilizer

Continued from Record, 1

"Horse manure...there's nothing better for mushrooms," says the partner in the Dryden Farms located in Lapeer County. "Cows, sheep and chickens can't do better," he adds, explaining that manure used in his 500,000 square feet of mushroom houses is processed or "composted" before it is spread.

Processing involves a seven-day chemical cycle.

According to Marzetti, much of the manure from other metropolitan race tracks also is used by the mushroom industry, although some is used for orchards and field crops.

"Back in the days when rhubarb was big in Michigan," he says, "horse manure was important for that, too. But those growers used it mostly for cover to help control temperatures."

"Rhubarb takes a year to grow, so in the winter it's grown in sheds. Instead of shingles on the roof of these sheds, believe it or not, they used horse manure."

Naturally, Marzetti is convinced his mushrooms are better than those of his competitors. But he reluctantly admits that they're not necessarily superior because the Downs manure is a better grade than that "manufactured" at other metropolitan tracks and picked up by his competitors.

Yet, he bristles when someone suggests the runners produce more manure than the trotters. "If they've got more manure over at Hazel Park, it's because they've got more horses...not because the horses are bigger."

Interestingly, Marzetti has found that the summer meets at the Downs average more manure than do the Jackson-at-Northville winter meets.

"Quite frankly I think maybe it's because the stable hands do a little better cleaning job in the summer than they do in the winter."

While Dryden Farms has the contract for removing Downs manure, at the other end of the manufacturing cycle the job of furnishing the necessary grain and hay and straw is shared by probably a dozen or more suppliers, according to John Carlo.

Horse owners contract for their own feed so it's a lot more difficult to estimate the amount of feed used during the recent summer meet. His staff based their figures on average consumption by a single race horse.

"Carlo thinks it's a pretty safe bet that if Dryden Farms carted away 5,000 yards of manure in 39 days, then suppliers must have brought in almost 5,000 yards of feed and straw."

"After all, didn't someone once say that 'What goes in must come out'?" he asked.

Mach Is Low Bidder

John Mach Ford Sales of Northville was the low bidder on a new four-wheel drive pickup to be purchased by the city. The net bid was \$1,904.00 based on a \$1650 trade-in on a 1971 Ford Bronco.

County Announces Road Priorities

NATURE TOUR—Members of the Novi Board of Education joined officials of several other school districts Thursday touring a 70-acre parcel near Hamburg that has been proposed for use as a school camping-environmental center jointly financed and operated by the districts of Novi, South Lyon, Huron Valley, Farmington and Clarenceville. No formal decision by any of the districts

has been made to date. Cost of the property, which includes two small lakes and several lodging buildings, is approximately \$110,000. Following the tour last week, officials met at the Canopy restaurant in Brighton where they heard a report by Birmingham representatives about the 10-acre environmental center operated by the school district there.

Novi, 10, 12 Mile Roads Slated To Be Five Lanes

With a regional shopping center scheduled to open in 1976 and with the current residential development boom expected to continue at a much advanced rate, Novi officials are becoming increasingly concerned about the need for a major overhaul of the city's road system.

The problem lies in the fact that the roads which will bear the brunt of the increased traffic load are under the jurisdiction of the Oakland County Road Commission and all improvements must, therefore, be initiated in Pontiac.

Indication that Novi officials have been somewhat successful in alerting the Road Commission of the city's needs was received last week with the delivery of a 34-page report outlining the county's road improvement program over the next 20 years.

Entitled the "20 Year Regional Highway Improvement Program," the report is a tabulation of proposed highway improvement programs in Oakland County for the next 20 years. The tabulations are divided into five-year groupings beginning with the 1973-1977 time period.

If the recommendations listed in the report are carried through, the city of Novi will be criss-crossed with five-lane highways.

Within 20 years Novi residents can expect to see the following stretches of road widened to five lanes:

- Novi Road from Eight Mile to 12 Mile;
- 10 Mile from Haggerty to Novi Road;
- 12 Mile from Haggerty to Novi Road; and
- 13 Mile from Meadowbrook to Haggerty.

Commenting on the report, City Manager Harold Saunders stated that although he agreed that the roads listed in the report needed to be improved, he disagreed with the county's proposed timetable for the improvements.

"I personally feel the county is off-base in several instances in its timetable for several of these improvements," said Saunders. "There's no doubt in my mind that some of these improvements must be made much sooner than the dates listed here."

"It seems to me that one of the jobs facing the city is to convince Oakland County that these areas are going to develop much sooner than they seem to think they will and that these road improvements must be moved up accordingly," Saunders concluded.

Councilman William O'Brien noted that the impetus for the preparation of the report was pressure from

the Southeastern Michigan Council of Governments (SEMCOG).

"In their cover letter on this report they openly admit that it was prepared only as a prerequisite for obtaining federal funding through SEMCOG," said O'Brien, "and therefore it strikes me that it shouldn't be taken too seriously."

"Quite simply, it looks like something that SEMCOG said you've got to do to get federal funds and so Oakland County conducted an exercise in computer service just to keep their finger in the pie."

The report outlined the following road improvements for the 1973-1977 time period.

- put a bituminous overlay on the six miles of Grand River which run through Novi

from 10 Mile to Wixom Road. The project is slated to be completed this summer.

- put in grading and drainage and pave Haggerty Road from Nine to 10 Mile. Work on this project has already begun and is expected to be completed this summer.

- reconstruct Haggerty Road to two lanes between Eight Mile and Nine Mile.

- reconstruct Ten Mile between Grand River and Haggerty to four lanes.

- improve the intersection of Haggerty and 14 Mile Road.

- pave two lanes of Haggerty Road from Grand River to 12 Mile.

- widen Novi Road to five lanes between 10 Mile and the I-96 expressway. Cost of this

Continued on Page 6-A

Councilman Questions Use Of Sick Leave

The chief building official for the city of Wixom was the cause for some wonderment at the last city council meeting.

Questions about the current working status of Building Official Carlton Oldford were raised by Councilman Fred Morehead. Morehead's first inquiry was whether or not Oldford was on a medical leave. Mayor Gilbert C. Willis old Morehead that he is presently working on a half-day basis.

The next question from Morehead was directed to the fact Oldford is currently building a house in Wixom. "I just wondered," said Morehead, "if he was able to work because I've seen him out there working on a house that he is building during the day."

To that, Willis countered Oldford was put on a four-hour day by order of a physician.

"We are paying a fulltime building official in the city and he has not been at the last few council meetings. It seems to me, that this is the building season and there are a lot of things that should be getting done," Morehead remarked.

The retort came from Willis. "If you have charges to make against the building official, or wish to make a complaint against him, you know the correct procedure to

take. You may make them through the mayor's office."

At that point, Councilman Robert Dingledey asked if Oldford could not be present at the next council meeting to answer some questions about building department business.

"Perhaps, since the man is on four hours a day, he could make the council meeting his work on that particular day," Dingledey said.

When pressed by Dingledey as to what kind of illness was keeping Oldford from his job on a full-time basis, the mayor said, "I believe it is an ulcer."

It was then that Councilman Howard Coe spoke up.

"I've been in industry for over 30 years and have seen many men on medical leave and have even been on leave myself. I know it just doesn't make any sense to call a man back to work until he's well. I'm not in favor of anyone calling this man back and firing a lot of questions at him," he said.

Oldford had not been at the last few council meetings, reportedly because of ill health. He has been on medical leave since mid-July and prior to the leave taking effect he had taken some vacation days due to illness.

According to the rules governing medical sick leaves adopted by the city council, a note from the individual's doctor is required. The employee then is able to use his accumulated sick days and then vacation days. Beyond that the rules say, he is on medical leave of up to 12 days with pay.

Those allotted days are 12 working days. According to the assistant to the mayor, Bill Travis, Oldford would have up to 24 days because he is working a half day five days a week.

The word from Morehead was that a formal complaint would not be made at this time, but attempts would be made to "sit down and talk about the situation as gentlemen."

Seek Right to Drill Well

Oil Company Sues Novi

Rebuffed by first the zoning board of appeals and then by the city council, the Tulsa-based Sullivan and Company has filed suit against the City of Novi.

Basis of that suit is that the Sullivan and Company, which develops oil and gas resources, was denied due process of law in its attempts to obtain permission from

Novi to drill an exploratory well in the northeast section of the city.

Informed of the suit at its Monday night session, the city council directed City Attorney David Fried to prepare the necessary papers to fight the suit.

"I see no reason why Mr. Fried should not be directed to defend the city in this

matter," stated Mayor Joseph Crupi.

Added Councilman Louie Campbell: "It is not only our responsibility, but our duty to defend the actions of our board of appeals."

Filed in the Oakland County Circuit Court, the case has been assigned to Judge John N. O'Brien who has set a "show cause" hearing for Wednesday, September 19, at 1:30 p.m.

The suit is aimed specifically at a decision of Novi's zoning board of appeals which effectively denied the request of the Sullivan and Company for a variance which would have permitted them to proceed with their drilling.

Although the board voted 3-2 in favor of the Sullivan request, the variance was denied by the fact that the city charter requires a two-thirds majority before any variance can be granted. Since the three-fifths vote of the appeals board fell short of the required two-thirds, the variance was denied.

Voting in favor of granting the variance were Donald Fuller, Elbio Politi, and Robert Daley, while the variance was opposed by Paul Bosco and Joseph Howard.

The sixth member of the board at that time - Robert Flattery - did not participate in the hearings due to his health. Flattery has since resigned from the Board of Appeals.

Flattery's absence from those initial hearings is one of the grounds on which the

Sullivan and Company has based its suit.

Sullivan attorneys contend that the fact that only five members of the board were present when the statutory requirement for a grant of variance is two-thirds cast an undue burden upon them.

Had six members of the appeals board been present, they contend, they would have been required to get a two-thirds majority. However, since only five members of the six-member board were present, it was, in effect, necessary for them to get 80 percent of the vote to meet the two-thirds requirement.

A second issue raised in the Sullivan suit charged that one of the board members - Paul Bosco - should not have voted since his presence on the board constituted a conflict of interest with the Sullivan request.

(Bosco owns a construction company in Novi).

The third major issue raised in the Sullivan suit is that the dissenting opinion presented by Bosco and Howard was not supported by the testimony brought out in the three hearings before the Board of Appeals.

Contacted at his office Tuesday, Sullivan and Company Attorney William Brukhuff stated that the basic contention of the suit was that his client had not been treated fairly.

"First of all is the fact that we won and we still lost," said Brukhuff. "The board voted 3-2 in our favor, but we didn't get the variance."

Brukhuff further stated that he did not believe the conclusions reached in the minority report were "fair."

Police Arrest Drug Suspect

A 22-year old Novi man believed to be a "relatively large supplier" of marihuana in the Novi-Northville area was arrested by narcotics agents last week.

Randy Northrup, 22, of 41700 West Nine Mile Road was arrested Wednesday, August 1, after what police report was an extensive investigation by narcotics agents.

According to police, undercover narcotics officers made a "buy" of seven pounds of marihuana from Northrup on August 1.

After making the purchase, officers learned that Northrup had additional marihuana for sale at his Nine Mile Road residence. Acting on that information, officers obtained a search warrant from 52nd District Court Judge Martin Boyle.

Later that same evening, the warrant was executed. Narcotics officers reported confiscating over 20 one-ounce packages of marihuana ready for sale.

Northrup was subsequently arraigned before Judge Boyle in 52nd District Court on two charges. He was released on \$5,000 cash bond after being arraigned on the charge of violation of the state narcotics law, and he was released on a \$2,000 personal bond after arraignment on the second charge of possession of marihuana with the intent to deliver.

Examination date on the charges has been set for Friday, August 10.

Narcotics agents indicated that Northrup's residence had been under surveillance for a considerable period of time.

Incumbent Upset in Wixom

In a major surprise incumbent Councilwoman Mary Parvu suffered a substantial defeat in Wixom's primary election Tuesday.

Mrs. Parvu was one of nine candidates vying for six spots on the ballot in Wixom's general election in November. However, when the votes had been tabulated, Mrs. Parvu's name was at the bottom of the list with just 84 votes.

Also eliminated from the

council race were George Johns (91 votes) and Arthur Cronin (113 votes).

In November's general election, Wixom voters will elect a mayor, a councilman to a two-year term, and three councilmen to four-year terms.

Since just two candidates filed for the office of mayor and for the two-year seat on the council, their names did not appear on the primary ballot and will automatically

be placed on the November ballot.

However, with nine candidates for the three four-year council seats, city charter required a primary to whittle the number of candidates whose names will appear on the November ballot from nine to six.

Voters were instructed to cast ballots for three candidates.

Top vote getter was James Lahde who polled 211 votes to

narrowly edge Clifford Styrk who was second with 207.

The other four candidates, whose names will be placed on the November ballot are incumbent Gunnar Mettala (179 votes), Melvin Green (169 votes), incumbent Fred Morehead (134 votes), and Betty Taylor (120 votes).

A total of 504 voters went to the polls in the primary - a percentage of more than 40 percent of the city's registered voters.

Do You Know What Poison Ivy Looks Like?

By JACK W. HOFFMAN

If one of the best ways to avoid catching poison ivy is to stay away from it, then it goes without saying that knowing what the plant looks like it is pretty important.

"Unfortunately, too many people don't know how to recognize friend from foe," says John Miller, Northville nurseryman.

He underscores his point with a story about one of his Northville friends who bragged about the pretty plant cover he had for his fireplace chimney.

"I took one look at it and I says, 'Joe, do you know that stuff's poison?'"

"He couldn't believe it, telling me his youngster had been getting a terrible itch for two years and he couldn't figure out why. All because the boy's father had dug an 'innocent' ivy out of a field and replanted it right next to the house."

According to Miller, the Northville-Novi area has a great abundance of poison ivy but little or no poison sumac and poison oak.

"It's been quite a few years since I've spotted any poison sumac, and I can't recall the last time I saw poison oak. I understand we're on the northern boundary of the poison oak region."

Robert Remer, Maybury State Park ranger, concurs, pointing out that he has yet to see any poison sumac in or near the park. "I've never seen any poison oak in Michigan," he adds.

"In this area you frequently find poison ivy growing on fence rows or at the base of trees. Sometimes, because poison ivy grows on trees like vines it is mistaken for poison oak, which also has three-leaf clusters."

People also mistake harmless sumac for the poisonous variety.

Best way to tell the difference between the two kinds of sumac, says Miller, is by the fruit. Poison sumac has white berries, whereas the non-poisonous sumac has red combs or staghorns.

The "problem" with identifying poison ivy is that the plant's leaves vary in shape, size, and texture.

Growing on a fence rail bounding Miller's Napier Road nursery for example, is a clump of poison ivy that has different size and shaped leaves on the same plant. And on a nearby tree, poison ivy grows right next to a harmless ivy and the leaves of the two plants are interspersed.

Another problem with poison ivy is that it is commonly mistaken for harmless plants, including wild raspberry or strawberry.

Basically, the poison ivy plant has three-leaf clusters, and often sometimes beneath these clusters are the plant's small white berries.

The poison ivy plant does not have prickles.

It occurs as ground vines, climbing vines, or shrubs.

"I've found it grows more often in the open areas as opposed to heavily wooded regions in areas with a heavy canopy of growth," says Remer.

Miller notes, "Because some of our new subdivisions in this area were recent fields and farms a number of homeowners are finding poison ivy right in their own lawns. And because they don't associate poison ivy with built-up areas they are unaware of the danger."

The two men, both of whom work out-of-doors in their respective jobs, debunk the popular impression that "woodsmen" are immune to poison ivy because they are working near the plant a lot.

Both are "extremely" sensitive to poison ivy and catch it easily.

"For some reason I seem to get it when I'm being especially careful to avoid it," laughs Remer. "If I didn't know better I'd say it jumps

out at me."

Poison ivy rash is caused by a chemical substance in and on the plant. It is transmitted by touch. But it is also transmitted indirectly. People often catch it by touching clothing that has brushed the plant or by petting dogs that have run through a patch of it.

The poison from the plant clings to clothing and objects and remains potent for days.

People have been known to catch poison ivy by changing tires on their cars after a camping trip, by digging for worms and touching a "dead" ivy root, and by the smoke from a poison ivy brush pile.

The latter, emphasizes Miller, is no old wives tale. The poison is actually carried on particles of carbon in the smoke.

Deadly Harvest, a guide to common poisonous plants, points out that the poisonous substance sticks to the skin tenaciously. "It can be removed by thorough washing with strong soap, but to be effective, washing must be performed within five or 10 minutes after contact. Otherwise the skin reaction will already have taken place, even though a rash doesn't appear for hours."

The guide notes that the "fluid in the blisters of poison-ivy rash cannot produce the reaction in other persons or on other places on the same person. The allergen (poison), however, can be spread by scratching or in the course of treating the disease."

Remer respectfully disagrees with Deadly Harvest's contention that "home-remedies" are worthless except perhaps for psychological benefit.

While he doesn't advise others to follow his family's lead, the park ranger says a special remedy passed down by his parents has worked wonders. One tablespoon of carbolic acid and two tablespoons of baking soda are boiled in a pint of water. The resulting medication is applied to the rash.

"If you can stand the terrible smell there's a chance the poison ivy will be forced into hiding," he laughs.

But the best remedy is to "avoid it," the ranger emphasizes, and in areas frequently used by children and adults eradication is advised. And for that he suggests chemical killers.

Ely & Sons Garden Center recommends Ortho Poison Ivy Killer containing two chemicals (2, 4-D and 2, 4, 5-T) widely used in controlling poison ivy.

Spokesmen for the firm, however, caution against burning the dead poison ivy foliage. If necessary, bury it.

That's Not It...

That's Not It...

Ugh! That's It

Poison Ivy at bottom and non-poisonous Ivy at top.

School Slates

Ceremony

Formal foundation laying ceremonies will be held by Northville Public Schools on Saturday, August 25.

Beginning at 10 a.m., the ceremonies will be held at the site of the new middle school on Bradner Road. The public is invited to attend.

Superintendent Raymond Spear said the event at the middle school site "will commemorate the laying of a solid foundation for all three buildings."

He added that August 25 "will be a great day for the education of the children of our community, and we hope interested citizens of the Northville community will join in getting the school projects off to a good start."

County Sets Road Priorities

Continued from Novi, 1

project is estimated at \$800,000.

- redesign the interchange of Novi Road and the I-96 expressway.

Improvements timetabled for the 1978-1982 time period

include the following:
- put a bituminous resurfacing on two miles of Eight Mile Road between Napier and Beck Roads.

- pave two lanes of Napier Road from Eight Mile to 12 Mile. Cost of paving the four miles of roadway is estimated at \$1.3 million.

- pave two lanes of 13 Mile from Novi to Meadowbrook Roads and pave five lanes of 13 Mile from Meadowbrook to Haggerty Roads.

Improvements scheduled for the 1983-1987 time period include the following:

- widen Novi Road to five lanes from Eight Mile to 10 Mile. Cost of this improvement is estimated at \$1.43 million.

- widen Novi Road to five lanes from I-96 to 12 Mile Road. City Manager Saunders stated that the county is definitely off-schedule if "it feels it can delay these two improvements for 15 years."

- construct a by-pass around

Walled Lake, linking Novi Road to Decker Road

Slated for the 1988-1992 time period are the following improvements.

- reconstruct 12 Mile to five lanes between Novi and Haggerty Roads.
- reconstruct 10 Mile to five lanes between Novi and Haggerty Roads.

In presenting the report, Oakland County officials noted that changes can and will be made updating the program on an annual basis.

Question Sick Leave

Continued from Novi, 1

Morehead said what has bothered him and other members of the council, as well as citizens, is not Oldford's competency on his job, but his attitude, and this was the reason for the inquiry of his present status.

"I have no doubt that the man is a competent building inspector," Morehead said, "but I think we should all sit down and talk about it quietly without blowing it out of proportion. The city council, the city and Carl himself don't need that. The actual filing of a complaint for malfeasance

is not what we want to do. We all want to work together in harmony."

Morehead said to attempt to remove Oldford from office would call for the council to form a board of inquiry to prove the official is incompetent at his job and "that would be hard to do."

Although declining to comment in depth on the contents of the Sullivan suit until he had researched the case more fully, City David Fried dismissed the charges as being "without substance."

"There is absolutely no substance whatsoever in my opinion about the charge that one of the dissenting members had a conflict of interest," said Fried.

As to the contention that the dissenting opinion was not supported by the testimony, Fried stated that the record was "replete with substantial evidence to support the minority opinion."

"This is not to say that the majority opinion was incorrect," Fried added. "The point is that the inferences drawn from the facts by the minority of the board were just as valid as those drawn by the majority of the board."

As to the point that Sullivan and Company had been denied due process by the absence of one of the board members, Fried said it was his opinion that the circumstances did not constitute denial of due process or equal protection of law.

Ask Millage For Police?

Continued from Record, 1

millage to finance police services.

Wright said he was not one of those to agree in writing to the millage request.

"The board must discuss the millage request and agree to it," he said. If millage is requested, it would be placed before voters next August, 1974, he added. Tuesday's meeting begins at 8 p.m.

"All they (board of commissioners) want is the assurance we will ask for millage for police protection," Wright continued. "We may say we can comply with their request and when the time comes (for the election), we may go for another proposal."

Wright said the township could ask for millage to help pay for sheriff's services or could ask for millage to increase the township's existing police force.

He said that there is "no way the township can afford to pay the full cost of what the sheriff is asking."

"They are offering one car, 24 hours a day for \$208,000," Wright said. "If we had that kind of money we could go and totally provide our own service 24 hours a day."

Currently the township police force includes a chief and three patrolmen. Michigan State Police and the sheriff's department also provide police protection to township residents.

The committee's recommendation to continue the road patrol services to townships will be considered by the county commissioners today, Thursday, meeting as the Ways and Means Committee. If approved, the extension could be approved at a formal board meeting of the commissioners on Tuesday, August 28.

The Board of Commissioners funded the patrols for only nine months this year in line with its policy decision of two years ago to eventually

end free patrol service for the townships.

The county board wants townships, like cities, to either provide their own police services or to pay the cost of sheriff's patrols.

A Public Safety and Judiciary Committee recommendation that the patrol service be extended through November 30 was turned back by the Ways and Means committee July 19. Ways and Means instructed the other committee to seek written commitments from township officials that they would make a "good faith" effort to pay for the service.

Commissioners attending the latest public safety committee meeting were satisfied that such commitments were made by the supervisors.

The committee recommended, however, that similar written commitments be sought from the township boards of trustees before the Board of Commissioners considers the road patrol budget for next year. Budget deliberations begin in early October.

Wright was one of five township supervisors attending the meeting.

Canton and Sumpter townships submitted letters saying their townships would seek millage for police protection in next year's elections.

According to a poll by George W. Moore, chairman of the Wayne County Supervisors Association, Northville, Canton, Sumpter and Van Buren townships are willing to seek millage to finance police protection.

Wright said he was not polled and would not make a commitment before discussing the matter with the board.

Plymouth township has an advisory question on consolidation in a special election set for September 4 and Redford has a two-mill renewal proposed to the voters.

Huron voters will be asked in August, 1974, for millage and whether or not the township should join with other communities in establishing metropolitan police and fire departments or contract with the sheriff.

At the meeting, Commissioner Mary E. Dumas, who represents Northville township, submitted the present and proposed police budgets for the township, showing that the township plans to provide its own 24-hour police coverage. Wright said the commissioners "complimented Northville township for setting up its own police department."

HOUSE GUTTED—Northville firemen battle a blaze which gutted a house on Reservoir Road shortly before noon last Wednesday. Fire department officials said they were unable to determine the cause of the blaze which began in the living room on the south

side of the house, traveled up the stairway and mushroomed when it reached the second floor. Mrs. Bernice Marshall, who lived alone in the house, was led to safety by her mailman.

She's Led from Smoking Porch

Continued from Record, 1

out," Robinson said.

He said he could not find her inside the smoke-filled house but when he went outside again he saw her standing on the side porch.

He led Mrs. Marshall, who is almost blind and cannot hear, to a neighbor's house and they called the fire department.

Mrs. Marshall's home at 43564 Reservoir Road was completely gutted by the fire which broke out shortly before

11:45 a.m.

Assistant Fire Chief Louis Westfall said the fire of unknown cause broke out on the south side of the house in the living room.

"It traveled up the stairway and mushroomed when it hit the second floor," Westfall said. "Flames were coming out of all the windows and doors when the fire department arrived."

He said the house was a total loss. Firemen remained on the scene until nearly 2 p.m. Wednesday.

Sell Books

Paperback books for readers of all ages and interests will be on sale today (Thursday) at the Novi Community Building on Novi Road.

Sponsored by the Friends of the Novi Public Library, the sale will last from 10 a.m. to 4 p.m.

Proceeds from the sale will go to the Friends of the Library.

College Oriented

Area students who have enrolled as freshmen for the fall semester at Western Michigan University have recently completed a three-day summer orientation on the college's Kalamazoo campus.

Attending from Northville were Steven A. Cook, Gina S. Williams, William H. Witek, Robert M. Crane, Paul F. Zimmerman, Stephen L. Penn, Constance E. Yuhasz, Robert L. Stone, Marki A. Jennings, Theodore J. Marzoni, John H. Pacific, and John Santo.

Novi residents who were on the campus for the program included Denise A. Balint and Judy Traynor.

Talks Resume On Contract

Negotiations between the Northville Education Association (NEA) and school district are scheduled to resume Wednesday, August 15, following a five and one-half week break called by the NEA in early July.

Spokesmen for both the NEA and school district say five eight-hour sessions are planned beginning August 15.

To date, no written agreements have been reached on any of the 85 issues presently on the bargaining table.

Both Mrs. Priscilla Smith, president of NEA, and Superintendent Raymond Spear say they believe a settlement can be reached before the opening of school in September.

"From January to April, the members of the NEA team did their work and we were ready to go," Mrs. Smith commented.

"They (school district) would seem to agree to one thing and come back at the next meeting saying they could not agree to it," she explained.

Mrs. Smith said the break in negotiations was called by the NEA because "members of the team had professional obligations. They have been taking classes," she said.

She noted that she has been in contact with the bargaining team during the break "and they're ready. They have been ready since we began negotiations," she emphasized.

Spear said that while "no basic issues have been settled, a common understanding on concepts has been reached as a result of the talks."

Thirty-seven major issues have been raised by the NEA and 28 major issues have been placed on the table by the school district.

Both Mrs. Smith and Spear agreed the number of issues on the table is greater than in the past.

Major areas opened by the NEA include

- salary;
- fringe benefits, extent of coverage and availability, leave days, tuition reimbursement and extra credit pay; and
- working conditions, length of work year and grievance procedure.

Areas opened for consideration by the school district concern

- greater accountability for teachers;
- evaluation of teachers;
- responsibilities of teachers; and
- performance of teachers.

Salary schedule proposed by the NEA is \$9,350 to \$15,650 in 10 years for teachers with a BA degree and \$10,250 to \$18,775 in 10 years for teachers with an MA degree.

Present salary schedule is \$8,500 to \$14,185 in 11 years for BA teachers and \$9,300 to \$17,000 in 11 years for MA teachers.

The school district countered the NEA salary proposal with the existing salary schedule, Spear said.

"We believe the existing salary schedule provides a raise of from four to six or seven percent for each teacher, since they move up one step on the scale," Spear commented. "They (NEA team) say there is no raise."

The superintendent said that "upon the return to the table August 15, if talks progress at a rate that suggests a settlement is in the distant future, my intention is to request mediation to bring about what the real issues are and reach a settlement in adequate time to relieve potential loss of instructional days to children or employment days for teachers."

Spear said the school board "continues to desire the type of settlement that reflects equitable hours, wages and conditions of employment, keeping in mind the wage guidelines."

Some observations:

For the first time in my memory every offstreet parking space was filled Saturday.

The sidewalk sale was the big attraction. Thousands of shoppers swarmed the streets.

It's true that many parking spaces were removed by closing two blocks for the sale.

But the fact that cars lined the side streets and motorists circled city-owned lots on Cady, Main, Dunlap and Wing, as well as the Kroger lot, searching for parking spaces demonstrates the potential response to promotions in Northville.

It also points up the importance of adequate offstreet parking if the business district is to remain a healthy segment of the community in the face of future bordering shopping centers.

With the additional offstreet parking now being developed to meet the demand for customer parking at the new Drawbridge restaurant and soon-to-be-opened Northville Square shopping mall the Northville business district would appear to be approaching the goal set long ago.

It would have been dangerous to assume that Northville's business district could have survived outside competition for the area's growing numbers of shoppers without the support of additional stores and convenient parking.

The wisdom of the city's planning should be apparent.

Bold steps have been taken in the business district. And some of the work necessary to bring the business district into balance with the community it serves has drawn criticism.

But the restoration and development of the commercial center has been confined to an area that must be considered commercial if any part of this important portion of the total community is to survive.

A deteriorating business district casts a tax burden upon the residential segment of the community that can spread over into other meaningful and worthwhile parts of community life—the schools, recreation and open space.

The welfare of the total community depends upon the establishment of proper balance between commercial, residential, industrial, professional and recreational areas.

Certainly it is important to guard against over-zealousness that would destroy this balance and thereby injure the total community.

But timidity in leadership that failed to meet the responsibility of growth and changing times would be more dangerous.

The city council deserves the congratulations, not the criticism, of its citizens for its aggressive (non-federal) program to encourage the development and preservation of the central business district.

☆☆☆

What about other aspects in the "balanced" community?

Residentially, one can point to

good development of both single family, townhouse and apartment dwellings.

And certainly recreation and open space areas have not been ignored.

But on more than one occasion the city has been accused of ignoring its senior citizens ("parking lots are more important").

In my opinion, this charge is totally unfair.

City Manager Frank Ollendorff has been a leading advocate of a program to provide for the needs of the elderly.

He introduced the proposal to the council at least three years ago. Since then a senior citizens housing commission has been formed to suggest "what, where and how" to provide local residential accommodations for senior citizens.

In a month or two this five-member commission will reveal its recommendations to the council.

Ironically, the commission applied for federal funds and had its application approved last year. Shortly thereafter all spending for such projects was eliminated. And although the courts are still studying the legality of withholding such appropriations, the fact remains that there is no federal money available.

So the city council has earmarked some \$50,000 from its public improvement monies for senior citizen housing.

It's with this money—proposed by the city manager and approved by the city council—that the senior citizen commission will offer its program for a start in this important segment of community responsibility.

It's interesting to note that Township Treasurer Joseph Straub has also expressed deep concern over senior citizen housing and views it as a community responsibility, rather than a "city" or "township" problem.

Noting that the city had already done most of the groundwork in planning, he suggested that the township join in the project so that bigger and better facilities could be provided.

But Trustee Richard Mitchell knocked down this idea for cooperation with the observation that moving township citizens into city-located housing (for walking convenience to shopping) would remove them from township voting rolls and prevent them from participating in township affairs.

☆☆☆

Township Supervisor Lawrence Wright has written to Governor William Milliken concerning the frequency of walk-aways at Northville State Hospital.

The supervisor informed the governor that the "lack of security is causing much apprehension and concern by our citizens". And the supervisor urged the governor to take "corrective measures to bring this nightmarish situation under control".

Copies of the letter were sent to State Senator Carl Pursell and Representative Robert Geake.

Speaking for Myself

Male Phone Operators?

JIM WINCHEL

YES . . .

Will it never end?

Sexual discrimination in employment is an old fashioned idea which must be buried along with the other trappings of the 19th Century if we are to enjoy fully the benefits of our modern technology.

Admittedly, the profession of telephone operator has long been the domain of women. This was only right since "operating" utilizes such feminine qualities as the abilities to cross innumerable wires simultaneously and to speak from the side of one's mouth. However, I say, if some exceptional males are fortunate enough to possess the necessary dexterity, the mental quickness, and stamina so vital to a telephone operator, they should be given the chance to make good their potential.

Prejudice dies hard, even in these modern times and those who are brave enough to break through the sexual barrier should be encouraged. No longer can we blindly insist upon the status quo. The idea that women have always been and always will be the big operators in the Telephone Game must pass. Too long has tradition held us back, forcing us to restrict our thinking along narrow sexist roles. The myth of the female operator must be exploded once and for all as the male operator takes his rightful place beside her on Ma Bell's great party line.

Mary Stern
Northville

NO . . .

By late Friday afternoon, the work has piled up at the office. Your nerves are frayed and you anxiously await the weekend.

But first, to those final details before calling it a week. You pick up the phone, anticipating a soft, female voice. Instead you hear a man with a gravel voice, "Operator".

Ugh. It's like turning on the hot water and getting a stream of ice water.

Now you know why I don't like male phone operators.

BMO (Before Male Operators), it was an incentive to pick up the phone in anticipation of a long-distance call, or to dial the operator for some information. One could just imagine the purr of the Marilyn Monroes of the switchboard.

If that weren't enough to turn me off, the thought of a coffee break at the telephone company also grinds me. No longer do the female operators have the freedom to talk about their children or husband Harry, or the date last night. Now, the men operators are hornin' in.

The whole situation is repulsive. I don't mean to sound radical, but my suggestion is, "If a man answers, hang up."

Jaycees Receive Praise

To the Editor:
I read with interest the letter written recently by Sam Hall, General Chairman for this year's Fourth of July Activities sponsored by the Jaycees.

As one who has observed a host of projects The Jaycees and Jaycettes have initiated

in our community to make it a safer, pleasanter and more desirable place to live, I would like to acknowledge my gratitude to them.

I'm thinking of their work with the youth in their Drug Abuse Programs, the Easter, Halloween and Christmas programs for our elementary

age children, the Junior Miss Contests, The Helping Hands and other Safety projects, the community survey, the annual Fireworks display.

This year's Fourth of July Parade was really great!

Thank YOU,
Helen McCarthy

By JACK W. HOFFMAN

In case you thought Professor Stanley D. Brunn was kidding, guess again.

The Michigan State University geographer who you read about recently is deadly serious when he suggests that these United States ought to be refashioned into something like 16 super city-states.

He believes present boundaries dividing our country into 50 states are senseless, and after studying material he has sent my way I'm inclined to agree with him.

But we part company when the professor suggests that in this redesigned United States our section of Michigan should be mated with the entire state of Ohio and that the new combined state ought to be named "Industry."

Of all his 16 suggested city-state names, "Industry" is the least attractive though perhaps the most logical.

As for mating us with Ohio, the union seems repulsive not so much because Ohio is an unattractive partner but because the suggestion permits Ohio to remain fully intact while hacking us (Michigan) into three parts.

The dismemberment of Michigan combines the UP with part of Wisconsin, Minnesota, the Dakotas, Nebraska, and Iowa; it combines the far western section of the southern three-quarters of Michigan with parts of Wisconsin, Illinois, Indiana and Iowa; and it lumps the remainder of Michigan with parts of Indiana, Kentucky, West Virginia, Pennsylvania, and New York, and all of Ohio.

There is one saving grace to Professor Brunn's suggestion, however. Detroit—not Columbus—becomes the capital of the new city-state of "Industry."

The MSU geographer admits that his idea faces some stiff opposition from those, like myself, who cling to old ties. "It may be that the southern Illinois small town resident feels alienated from Springfield or Chicago politics, but to ask him to change his allegiance to a hypothetical political unit such as Chippitts or North Heartland may be more difficult than getting him to accept the forthcoming metric system," he says.

Jealous pride also takes it in the head with the professor's 16-state United States.

For example, Texas, which lost its "biggest" rating when Alaska came into the Union, not only fails to regain its stature in Brunn's plan but is hacked up into three city-states: Angelina, South Plains, and the Gulf Coast.

Texas does gain some satisfaction that two of its cities become capitals in new states—Dallas in South Plains and Houston in Gulf Coast.

Another example of a change likely to spark a feud is the new state of Yankee in New England. Nowhere in Brunn's plans is there a "Confederate."

On the other hand, Alaska shouldn't have a beef since it retains its Number One position, increasing in size with the addition of Washington, Oregon, the Hawaiian Islands, and most of California under the new name Pacifica.

California is given some honey with its bitter pill

News From Lansing

BY R. ROBERT GEAKE
Michigan Representative

Deer hunting regulations became a hot topic of controversy during the last week of the spring legislative session. The House calendar (agenda) gave no hint of trouble when House Bill 4705 was listed — a bill to increase fines for illegal shooting of deer.

All was calm until one of my colleagues from the Upper Peninsula offered an amendment which would ban the shooting of antlerless deer. This amendment was a direct challenge to administrators and planners in the State Department of Natural Resources (D.N.R.) who have maintained that such a season is desirable not only to provide more hunters with game but also to thin the deer herds so that those left will have enough food to survive the winters.

Debate became highly emotional as outstate legislators accused some of their suburban counterparts of being "flunkies of the D.N.R." who would "permit armies of hunters to come up North to slaughter our does and little fawns." Opponents called their antagonists "representatives of trees and stumps" who would rather "leave those does and little fawns to starve to death" rather than permit them to be "harvested" by hunters.

As the altercation continued, the amendment was gradually narrowed until it applied only to the Upper Peninsula and only for the 1973 hunting season. With these stipulations it passed by a vote of 68 FOR and 32 OPPOSED. The bill then went over to the senate which passed it with the amendment intact.

Already, officials of the D.N.R. have asked the Governor to veto the measure on the grounds that it represents unwarranted and unwelcome interference in the Department's work by the legislature. As you may have already guessed, this controversy is just one symptom of a feud that has been boiling for years between the D.N.R. and citizens of the state's rural areas who feel that the Department tends to short change them with rules and policies which favor city and suburban residents.

+++++

I want to thank the many people who took time out from bargain hunting during the Northville Sidewalk Sale to stop at my booth to share their views with me. I was especially impressed by the kind words of appreciation that so many of you had for this weekly column. I have always believed that it is the duty of every public official to make himself available to the people in order to know their needs and concerns and also to keep the people he represents fully informed regarding what's going on in government.

Those who asked for information or help with individual matters will be receiving follow-up letters this week as I get back to Lansing to secure the appropriate action.

Top Of Deck

Continued from Page 8-A

since two cities become capitals (San Francisco and Los Angeles) and one of these capitals exerts some obvious influence in the new State of Angelina.

Certainly Puerto Rico and the Virgin Islands won't kick because they get statehood, though in combination with much of Florida, under the flowery name, Tropicana.

And, finally, the panhandle of Nebraska, which has been warring with Lincoln of late, finally gets its wish and is detached, joining a vast western area — called the State of Rocky.

Despite our personal foibles, Professor Brunn contends the new 16-state United States would better serve us on the basis of similar economic orientation, social and cultural heritage, and political ideology and culture.

And he reminds us of something the late Senator Everett Dirksen of Illinois (Oops, I mean Heartland) once said:

"The day will come when the only people interested in state boundaries will be Rand McNally."

Trees Fall To Progress

To the Editor:

With all the beautiful trees falling victim to "progress," I thought the enclosed poem, written by my son, Richard Morelli, age 19, expresses a beautiful sentiment.

You might like to share it with your readers.

Thank you.

Mrs. Joseph Morelli

*Fun—and Play
Your Games
By Richard Morelli*

*Cut me down! My limbs
ache with rage. Cast me out!
Build me a fiery grave.*

*I have stood so tall against
the storm;
Held my breath to the flood;
Searched the ground to
quench my thirst;
Swarmed with pride as each
bud burst.*

*In my limbs I've held a
thousand boys.
My branches and leaves have
been their toys.
I've watched your ivory
towers sprout
Along your lifeless concrete
route.*

*But now I am only in the
way
Like human things that are
felled with age.
Listen now! — to my thun-
derous fall;
But close your ears to my
final call.*

Lions Thank Novi Residents

To the Editor:

The Lions Club of Novi would like to take this opportunity to thank all the citizens of Novi, and their friends, for their co-operation and support of Gala Days. This was our first fund-raising project as a club, and because of the community support we received, it was a total success.

The monies we received will be used to repay this loyalty by being spent for worthwhile projects in the City of Novi.

Thank you,
Richard Faulkner,
President
Novi Lions Club

Birou Resigns From Planners

Ronald F. Birou has submitted his resignation from the Novi Planning Board.

Birou, a resident of the Meadowbrook Lake Subdivision, noted in his letter of resignation to Planning Board Chairman John Roethel that he was leaving with "an appreciation of having been given the opportunity to assist in planning the City at this early stage of its development."

He cited commitments at work as the reason for his resignation, which will become effective September 1 of this year.

The city council hopes to fill the vacancy created by Birou's resignation within two weeks.

NORTHVILLE CITY COUNCIL MINUTES SPECIAL MEETING JULY 30, 1973

Mayor Allen called the special meeting of the Northville City Council to order at 8 p.m.

ROLL CALL: Present: Allen, Biery, Folino, Rathert, Vernon. Absent: (excused)

Motion by Councilman Rathert support by Councilman Biery that the agenda for special meeting be adopted including payment of bills and award contract for parking lot paving.

APPROVAL OF BILLS: Following discussion on bills and various questions relating to the bills, motion by Councilman Biery support by Councilman Folino to pay the bills in the following amounts:

GENERAL FUND DEBTS	\$73.89
JUNE FINALS	\$73,577.29
JULY PAYABLES	\$74,311.18
LOCAL STREET DEBTS	\$742.42
MAJOR STREET DEBTS	\$4,065.25
PUBLIC IMPROVEMENT FUND DEBTS	\$1,587.00
JUNE FINALS	\$24,764.22
JULY PAYABLES	\$26,351.22
WATER FUND	\$3,538.38
TRUST AND AGENCY FUND	
D	\$86,890.56

CARRIED
PARKING LOT PAVING CONTRACT: City Manager reported on the bid opening of Friday, 27, 1973 for this project as follows:

Territorial Construction Inc.	\$121,039.06
O. E. Gooding & Co	\$126,881.70
Macomb Concrete	\$147,868.60
Detroit Concrete Products Corp.	\$162,659.10

Also included in the report were the alternate bids for storm sewer in Cady Street.

The City Manager reported that upon checking the tabulations in the bids, errors were found in the proposal of Territorial Construction Inc., which added \$6,000 to their bid. City Manager recommended that the contract be awarded to the actual low bidder O. E. Gooding & Company.

In response to questions concerning drainage, grades, and extent of paving, the specifications were summarized and explained.

Motion by Councilman Rathert support by Councilman Biery that the contract for paving for storm drainage of North & South Wing parking lot be awarded to O. E. Gooding & Company on the basis of their low bid.

CARRIED

The City Manager was directed to look further into the extent of asphalt paving in Cady Street, the amount of sidewalk to be replaced, and sidewalk grade on the north side of Cady Street, and the type of curbing to be placed on the south side of Center St.

NORTHVILLE DOWNS LIQUOR LICENSE: Motion by Councilman Rathert support by Councilman Biery to add the question on an additional bar at Northville Downs to the agenda.

CARRIED

Motion by Councilman Folino support by Councilman Biery that the City of Northville recommend to the Liquor Control Commission that the Northville Downs, sports service Class C, reported license be amended to add a portable bar to be located in the infield at Northville Downs limited to three (3) days per year when Motorcycle Races are authorized by the City.

CARRIED
Mayor Allen adjourned the meeting at 10 p.m.

Frank Ollendorff
City Manager

NORTHVILLE CITY COUNCIL MINUTES JULY 16, 1973

Mayor Allen called the regular meeting of the Northville City Council to order at 8 p.m.

ROLL CALL: Present: Allen, Biery, Folino, Rathert, Vernon. Absent: None.

MINUTES OF PREVIOUS MEETING: The Minutes of the July 2, 1973 City Council Meeting stand approved as submitted.

MINUTES OF BOARDS & COMMISSIONS: The Minutes of the Planning Commission, July 5, 1973 and June 19, 1973, and the Northville Zoning Board of Appeals, June 6, 1973 will be placed on file.

POLICE REPORT: The June, 1973 Police Report will be placed on file. COMMUNICATIONS: City Manager presented letter from State Representative R. Robert Geake requesting Council's opinion on bill that would allow for registration of voters at the Secretary of State's offices.

Council will correspond with State Representative Geake individually in order to express their personal opinions.

City Manager presented letter from Kenneth Broch of Baseline requesting that no right turn be enforced between the hours of 7:00 & 9:00 a.m. and 3:00 & 7:00 p.m. on Lake and Baseline, and-or a four way stop sign at the corner of Baseline and Grace.

City Manager stated that almost every resident of the City would petition for a stop sign on his corner, however, we usually find that such signing greatly increases accidents and adds a noise nuisance wherever they are placed.

Council referred this matter to the police department traffic division for

City Council Minutes

complete study and recommendation City Manager was instructed to write Mr. Broch and inform him of Council's plan.

City Manager reported that the School Board has informed him that they are not yet prepared to discuss moving the library to the Board of Education Building. He noted that the Library Board has considered this an urgent need for the past three years, and he felt action should be taken as soon as possible.

Council agreed that the Library Board will keep them informed.

City Manager stated that Ray Spear, Superintendent of Schools, has approved the City's request for permission to erect a directional sign on the school property at 8 Mile and Sheldon.

City Manager reported that traffic study from the Wayne County Road Commission is complete on the intersection of 8 Mile and Sheldon. He explained that this will be a long-term project with many meetings with Wayne and Oakland Counties. This study will be passed among Council members for review then a special work session will be scheduled.

COMMUNICATIONS FROM CITIZENS: Sid Frid, of Grace St. requested that Council consider seal coating of his street and others in Oakland County. He added that this is a cheap and a very good way of keeping the City Streets.

Council ordered cost estimates for next meeting.

City Manager commented that many residents have paid for the paving of their own streets through special assessments, and soon Council will have to decide when the City paying for seal coating will end.

APPOINTMENTS TO BOARDS & COMMISSIONS: Motion by Councilman Folino support by Councilman Rathert to appoint Wallace Nichols to the Planning Commission, terms ending July 1, 1976, Francis Gazlay, Luke Durst and Charles Buttermore to the Zoning Board of Appeals, terms ending July 1, 1976, Paul Vernon, Wilson Funk, Linn Handy, and Milo Hunt to the Beautification Commission, terms ending July 1, 1976, Nancy Scholtz and Donald Lawrence to the Housing Commission, terms ending July 1, 1978, Paul Vernon and City Manager to the Northville Sanitation Authority, terms ending July 1, 1974, subject to their acceptance.

CARRIED
City Manager was instructed to write individual letters to each member thanking them for their contributions to their board or commission.

PLANNING COMMISSION COMPENSATION: Motion by Councilman Folino support by Councilman Rathert to instruct City Attorney to draft an ordinance to compensate the Planning Commission.

CARRIED
JANITORIAL SERVICE BIDS: City Manager stated that the service we are now receiving from Garden City Janitorial Service for library and police department and an elderly couple clean the offices upstairs as good and we are satisfied. Council agreed to retain the same people for janitorial services.

RESIGNATION OF CITY MANAGER: Motion by Councilman Folino support by Councilman Rathert to accept with regret the resignation of Frank Ollendorff, City Manager and to wish him the best of luck in his new position as City Manager for the City of Adrian.

CARRIED
POLICE CAR BIDS: City Manager explained that Car No. 41 was the only car bid on as follows:

\$350 trade in from John Mach Ford, \$450, \$500, and \$512.
Councilman Folino requested that Car 41 be kept for necessary city business that takes employees out of town; thus saving car mileage costs the city would have to pay employees and the advantage of keeping two squad cars in town at all times Councilman Biery agreed.

Councilman Rathert stated that he favored selling the car as the costs for maintenance and insurance would exceed the advantage of having an extra car for running errands for city business. Mayor Allen, Councilman Vernon and City Manager concurred.

City Manager recommended selling the cars as he believes three cars are plenty for a City of our size.

Motion by Councilman Rathert support by Councilman Vernon to sell Car No. 41 to highest bidder for \$512 and trade in Car No. 48 to John Mach Ford for \$550.

Councilman Folino stated that he felt the city could receive a bid for Car No. 48 for at least \$500.

Motion and support withdrawn by Councilman Rathert and Vernon. Motion by Councilman Rathert support by Councilman Vernon to accept high bid of \$512 for Car No. 41 and to authorize City Manager to accept any bid over \$450 for Car No. 48.

CARRIED
SPECIAL MEETING TO AWARD CONTRACTS: Motion by Councilman Rathert support by Councilman Biery to schedule a Special Council Meeting, Monday, July 23, 1973 at 8 p.m. to award contracts for the Fish Hatchery Tennis Court and the Griswold St. extension paving.

DISABILITY INSURANCE BIDS: City Manager explained specifications as they pertain to city employees. He noted that disability insurance begins on the 8th day and will not pay if Workman's compensation pays. It also states in our personnel rules that any compensation or disability paid to an em-

ployee while he is receiving sick pay must be returned to the city. The average number of sick days used by city employees combined is four, thus, the city should receive 1-3 of disability pay back. The Council promised employees disability insurance two years ago but because of the freeze we have been unable to offer it.

Councilman Folino noted that a 30-day elimination period would be much cheaper budget wise.

City Manager replied that no insurance company could offer the 30-day elimination period since we had no experience factor to offer them and we are a fairly small group.

The bids received July 13, 1973 at 11 a.m. at City Hall were as follows:

(THESE PRICES WILL BE APPROXIMATELY 10 PER CENT HIGHER SINCE 1972 EMPLOYEE LIST WAS USED BY BIDDERS)

Northville Insurance Agency, Inc. (Mutual Benefit Life Insurance Co.)	\$266.92
Les Bowden & Associates (Northwestern National Life Insurance Co.)	\$270.23
Paul A. Johnson (Sun Life Assurance - Company of Canada)	\$273.98
Les Bowden & Associates (Crown Life Insurance Co.)	\$289.96
Bogart-Henrikson Agency, Inc. (Northville Insurance Agency, Inc. (Aetna Life & Casualty))	\$353.19
Les Bowden & Associates (Aetna Life & Casualty)	\$353.19
Raymond V. Langlois (Metropolitan Life)	\$353.19

City Manager recommended awarding disability insurance to lowest bidder, Northville Insurance Agency with Mutual Benefit Life Insurance Co. Motion by Councilman Vernon support by Councilman Biery to accept low bid from Northville Insurance Agency, Inc. for \$266.92 per month.

CARRIED
SIDEWALK SALE: Request from Northville Jaycees to close Sheldon Dunlap to Main St., as in the past for the annual sidewalk sale Saturday, August 4, 1973 from 9 a.m. to 6 p.m.

Mayor Allen questioned the city's liability insurance in this case.

Motion by Councilman Rathert support by Councilman Folino to grant permission to Northville Jaycees to close Sheldon Rd. to Main St. as in the past for the community's

annual sidewalk sale Saturday August 4, 1973 from 9 a.m. to 6 p.m. subject to City Attorney's opinion on liability insurance, with notification of the Northville Police Department, the DPW, and the Wayne County Road Commission.

CARRIED
ORDINANCE TO CONTROL HORSES, MINIBIKES & OTHER MOTOR VEHICLES: This will be tabled until next Council meeting.

SOIL EROSION & LANDSCAPE ORDINANCES: City Manager recommended that these ordinances be referred back to the Beautification Commission so they may see the changes and questions made by the City Engineer and himself. Chairman of the Beautification Commission, Paul Vernon accepted these ordinances, and added that a special meeting will be called by the commission to review these ordinances again.

AMUSEMENT DEVICE LICENSING ORDINANCE: Council requested that recent ordinances by sent to City Attorney for his review.

REZONING—CBPD: Motion by Councilman Rathert support by Councilman Vernon to set a public hearing at 8 p.m. Monday, August 6, 1973, for the rezoning of Lots 530, 532, 533, Assessor's Northville Plat No. 6 from C-2 (General Commercial District) to CBPD (Central Business District), Lots 211a, 211b, 212, 213, 214, 247, 248, 249, 250, Assessor's Northville Plat No. 3, from R-3 (Multiple Dwelling district) to CBPD, Lots 244, 245, 246 Assessor's Northville Plat No. 3, from R-2 (Two Family Residential) to CBPD.

CARRIED
REZONING—AMBULANCE STATION: City Manager reported that the Planning Commission has denied requested rezoning (C3) for Ambulance Station reason being Master Plans for M-1 in that area. He noted that he disagreed with Planning Commission since the Master Plan has not been accepted and also this land is acceptable as both manufacturing and commercial due to surrounding zoning. City Manager recommended a public hearing be held on this rezoning request.

Motion by Councilman Vernon support by Councilman Rathert to set a public hearing at 8 p.m. Monday, August 6, 1973, for the rezoning of Lot

70, Assessor's Northville Plat No. 2, from R-3 to C-3.

CARRIED
MISC: Mayor Allen inquired on the moving of the Borgiovanni house. City Manager replied that it should be moved within the week.

Mayor Allen also pointed out that 3rd class mail delivered by private firms are cluttering up the entrances of homes when they are not home, thus, causing an invitation to breakings. This will be checked out by the City Attorney.

Councilman Folino mentioned that the reflectors on Griswold St. have not yet been installed.

Mayor Allen adjourned the meeting at 10:20.

Respectfully submitted,
Michele A. Sakahan

City Council

Rezones Lots

In the absence of citizen objection, the Northville City Council voted unanimously Monday to zone all property making up the planned new parking lots north of Main and south of Cady between Center and Wing streets to a CBPD (central business parking district) classification.

Quarters Upset

Continued from Record, 1

negotiations to secure a permanent lease...but whether or not such a lease is indeed secured remained questionable.

For awhile Monday, it appeared Councilman Kenneth Rathert and Mayor A. M. Allen might vote for the requested C-3 zoning or, perhaps, a commercial zoning variation.

And City Manager Frank Ollendorff argued for C-3, pointing out he favored a commercial zoning for this site whether or not it became the ambulance quarters.

But several planners attending the hearing reasserted their strong belief that the requested zoning would be "wrong" for the property in question...that it would constitute "spot zoning." Furthermore, they backed up their own master plan suggestion that the area eventually be used for manufacturing.

The planners were supported by Councilmen David Biery and Paul Vernon.

Planners tried to deflate the need-for-ambulance-quarters argument by pointing out that their recommended manufacturing designation (M-1) would permit such an establishment.

Folino, who argued from the audience, said he preferred a commercial classification because it offered more flexible long range alternatives than M-1. Should the ambulance company pull out after a year or more, it would be very difficult to secure a tenant under the manufacturing designation, he suggested.

And Mayor Allen, reminding fellow councilmen and planners of his unsuccessful attempts to attract industrial developers to Northville, said the master plan's proposed manufacturing classification may be admirable but unrealistic.

The mayor said cost of

assembling required property for a small factory would be prohibitive. Developers find it far less expensive and troublesome to purchase undeveloped acreage than trying to secure property already used for another purpose (housing).

Furthermore, he favored C-3 because it provided for used car lots, etc. that, in his opinion, ought not to be located in the central business district. The C-3 zoning would establish a place for this kind of commercial development ideally between intense commercial and industrial development.

Taking the position that what seems financially unrealistic today may be quite feasible tomorrow, planners reminded council that few would have believed a few years ago the city could and would purchase \$30,000 houses for parking sites.

The planners voiced fear that rezoning of the corner in question would trigger erosion of the natural buffer offered by the Griswold Street extension. They indicated that this extension offered a natural eastern boundary for the central business area.

Agreeing with Mayor Allen, Ollendorff pointed out that the city has few if any requests for industrial property but an abundance of requests for commercial property.

When someone suggested that Folino might be wiser to keep his present residential zoning classification, and seek a variance from the appeals board to use the property for an ambulance headquarters, he reminded planners that use of the property for ambulances will require construction of a large, expensive garage.

And, he continued, should the ambulance company pull out he would be left with a large garage useless for residential purposes.

Mayor Allen and Rathert appeared to change their positions on the rezoning question when planners noted that they were not arguing for the industrial classification (M-1) but against C-3, which they found completely unsatisfactory.

Concerning the present ambulance quarters, the council has learned that the house, which Folino sold to the city, is to be moved to a new location within two weeks after the ambulance company vacated the building. The latter was expected to occur by Friday.

FAMILY AFFAIR—For 20 years the Stone family name has been synonymous with Gambles Hardware in Northville. But now the Black family is taking over. The 117 East Main street store has been purchased by Robert Black (right) of Northville, who operates a custom woodwork business and does all the interior design work for his brother's shoe stores—Del's. Manager of the store will be son, Bob (center), but there will be plenty of help from his sister, Janisse, and brother, Arthur, and of course, mother, Mrs. Robert (Barbara) Black. Naturally, the store name has been changed from Stone's to Black's Gamble Store. In years past Roy and Esther Stone kept their youngsters busy waiting on customers at Gambles. The ex-clerks from the Stone family included LeRoy, Kenny, Marty, Beverly and Corky. The last of the local Stone clan, Gerald (left) sold Gambles to devote his time to operating his new Stone's Unfinished Furniture Store at Main and Hutton streets.

odd year. Formal action to change the filing period has not been taken.

Meanwhile, Councilman Kenneth Rathert served notice this week that he will not be a candidate for re-election because of business and personal demands on his time. He announced his intentions early, he said, in hopes of encouraging more people to run for office.

Besides Rathert, the terms of Councilman Paul Folino and Mayor A. M. Allen are expiring. Because of the new odd-year law, Rathert and Folino are enjoying a "bonus" term: Had the city not agreed to go along with the new state law, their four-year terms would have expired this past April.

Mayor Allen had already enjoyed his "bonus" prior to his re-election in November of 1971.

In Uniform

Airman James R. Wilenius, son of Mr. and Mrs. James A. Wilenius, 25896 Clark Street, Novi, has graduated at Lowry AFB, Colorado, from the U.S. Air Force weapons mechanic course conducted by the Air Training Command.

The airman, who was trained to load and inspect the weapons used in Air Force jet aircraft, is being assigned to Bitburg AB, Germany, for duty with a unit of the U.S. Air Forces in Europe.

Airman Wilenius is a 1972 graduate of Novi Senior High School. His wife, Sonja, is the daughter of Mr. and Mrs. Bruce Schmitt of Saline.

Airman Francis J. Jakubus, son of Mr. and Mrs. Frank J. Jakubus of 3900 West Seven Mile Road, has been assigned to Chanute AFB, Ill., after completing Air Force basic training.

earlier voiced a suspicion that the city may have erred in "bending over backwards" to accommodate those who wanted to save the old building, is now convinced the town is being used unfairly.

"This is one for Ripley," he quipped when Councilman David Biery wondered aloud "what they (owners) would say if they came back and their house wasn't there."

"Ripley wouldn't believe it," said Councilman Paul Folino.

Someone else suggested the house should be moved to the middle of the street and a traffic ticket written each day it remained there.

Ollendorff said that "in all fairness" the delay hasn't been entirely the fault of the owner. In fact, the manager puts most of the blame on the mover, who he said had delayed applying for the necessary moving permit from the utility companies.

Originally, the deadline for moving the building was June 15, but that deadline, said Ollendorff, has been extended from week to week. The last granted extension deadline was August 3.

The house, built before the turn of the century, is slated to be moved to the southeast section of the township.

Let's Talk Real Estate

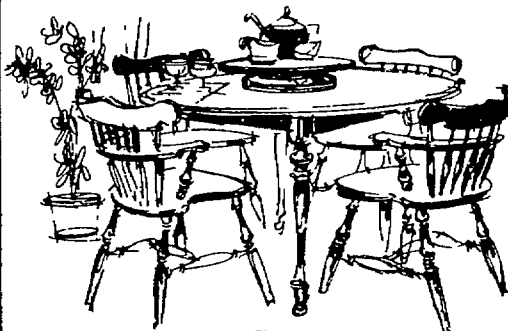

BY DAN MAHAN

Today, more than ever, architects try to make their houses the perfect fusion of style and material. The more modern a house is, the more independent its design is likely to be. Architects like to approach every problem in living needs unbiased by the old stereotypes. If you are the sort of person who thinks he wants a very modern house, you must consider your own taste. Just how far from the traditional will be right for you?

Perhaps the staff at HARTFORD REALTY, 224 S. Main, 349-1212 can help advise you on the most suitable type home for your family's needs. Stop by and talk with one of our salesmen who will be happy to answer any questions you might have regarding the real estate field. Open: Mon.-Sat. 9-9 Sun. 1-5; other times, by appointment.

HELPFUL HINT:

When showing your house at night, don't be afraid to flood it with light. It will be so much more welcoming that way.

Wants to Compete Again

Pretty Loser's Flying High

By ERNEST BROWN

An airplane pilot from Green Oak Township did not win a transcontinental air race in mid-July.

But she had to be the prettiest loser in the event.

And she really didn't come all that far from winning.

Former Miss Michigan Aviation Mrs. Pat Domas of Marshall Road served as navigator to Joyce Odom of Grosse Ile in the 27th annual Powder Puff Derby and the team handled its loaned Piper Comanche 260 very well.

The only team of flyers from Michigan not to include at least one member who had flown the internationally famous Powder Puff at least once previously, Pat and Joyce finished 40th which topped all Michigan entries.

In addition the duo was among the best all-rookie entries among 98 finishers (108 entered and 104 teams left the ground at Palomar Airport, Carlsbad, California on Friday, July 13).

The winning team's pilot was in her 16th race and three of the pilots were racing in the event for the 21st time.

Pat has been flying since she was 18 (she'll be 26 in October) and has more air time (900 to 500) than her pilot, a 41-year old mother of four.

Miss Michigan Aviation in 1969, Pat married David J. Domas in 1970 and the couple has been renting a Silver Lake home since then. They are currently building a home for themselves in Hamburg Township.

Mrs. Odom, needing a co-pilot once she had located a plane (loaned by a Grosse Ile man) and a sponsor (the team was matched by Campbell-Ewald Advertising with Marathon Oil), contacted pilot-acquaintance Pat. Pat then asked Dave, who heartily agreed to the California to New York flying venture.

The plane was decorated by Marathon and carried more weight in paint than any other in the race.

Some maintenance problems nearly kept Joyce and Pat from making the entry deadline, even though they left Michigan one week before take off. A wrong-size oxygen tank and an inoperative fuel flow gauge were the main problems.

Planes were four and one-half hours late departing Carlsbad on Friday the Thirteenth due to cloud cover (only daylight flying in "visual flying" or "contact" weather is permitted). Pat and Joyce were among 76 teams "adopted" for an evening at the designated "fly-by" refueling stop of Prescott, Arizona as a result of the late start.

"Actually we set just two goals for ourselves," Pat admitted, "we first wanted to complete the race. Secondly, we hoped to still be friends at the end."

The duo fared far better. Their lapsed air time left them in fortieth place overall, but theirs was the fourth airplane to cross the finish line on Sunday (July 15) at Chemung County Airport, Elmira-Corning, New York.

"Handicap of the Comanche was a factor in our placement," Pat pointed out, "as well as 'leg' or lap times between points on the course. We scored a 'plus-9' as opposed to the 'plus-19' of the winning team based on our average ground speed of around 190 miles per hour as against our rated speed of 181. Needless to say, a plane must be able to

be operated at full throttle for the 12-15 hours it will be in the air."

After Arizona, the ladies had to "fly-by" Albuquerque, New Mexico, could avoid or "fly-by" Liberal, Kansas, then landed in Topeka. Next stops were Waterloo, Iowa, Champaign, Illinois and Flint's Bishop Airport.

Sunday — their final day — found Pat and Joyce winging over Niagara Falls bound for Elmira-Corning.

One disappointment of the trip was their inability to make air contact on the "Morning Music Hall" of WJR Radio with J.P. McCarthy.

"J.P. has tried to soothe our egos in

another way since then," Pat said. "He has invited us to appear on a future 'Focus' noon program with him."

Would she make the Derby again? "You bet," Pat beams. I hope to go next year, a sponsor willing and a good airplane available."

Green Oak's Powder Puff Entry.....Pat Domas

THE VEHICLE—Marathon Oil handed pilot Joyce Odom and navigator-radio woman Pat Domas an additional handicap in the Powder Puff Derby with

their paint job. "We didn't have any problem being identified, though", Pat laughs.

Demolition Derby on Tap

LAST CAR running is the winner! The popular "demolition derby" will again be featured at the annual Northville Fair, which runs Friday through Sun-

day, August 24, 25, and 26 at Northville Downs. The derby will be conducted Sunday evening. Interested "demolitionists" may obtain entry blanks now.

Fair days will return to Northville Downs August 24, 25 and 26.

The annual event sponsored by the Northville Community Chamber of Commerce will feature a host of events for the entertainment of both children and adults.

Activities get underway Friday morning and will include the famous Wade Shows with a variety of rides.

Games of chance, bingo, a millionaire's party, children's pet show, an art show for both professional and amateur artists and a horse show are just a few of the features.

Northville Jaycees will again provide the popular August Fest with music, beer and food.

The 4-H horse show all day Saturday and the "demolition derby" Sunday evening complete the fair fun.

Proceeds from the fair are used to assist local charitable organizations, which conduct games daily at the fair.

The pet show, introduced for the first time this year, provides four categories and

God's First; Others Second

REVEREND DAVE KRUGER
LORD OF LIFE CHURCH, BRIGHTON

In a pluralistic society such as ours, a wide variety of values are espoused by adherents, promoted in the media and observed in the lives of individuals and communities.

What is "right" according to your values? What is the "highest good" in your life?

Perhaps your aim in life is to seek and find pleasure. Or you may seek knowledge and peace of mind as the ultimate in life. Some persons are very pragmatic and have their sense of value tied to accomplishments and "being successful"—with the corollary often being that the "right" thing is whatever works. Others say the "right" thing is whatever is best for the greatest number of people and they work to promote the welfare of the majority. Still others feel that being loyal to their country is the highest good in life and everything else takes second place. Or perhaps you are a person who says that life on this earth is not important because you expect a better life in another world: heaven.

For myself, all of these approaches to human life are appropriate in certain circumstances; but not as the

"highest good" or the most important value in life.

It seems to me that the best prescription for human life is recorded in the New Testament at the point where Jesus and a teacher of the Law agree that the most important commandments are to love God with our whole being and love others as we love ourselves. (Mark 12:28-33)

This ethical standard recognizes that there is a necessary and appropriate self-love which frees us to be effectively functioning human beings. (Few things are as debilitating as a lack of self-esteem.)

But the real import of Jesus' standard is its insistence that we are to live for others. Our natural inclination to provide well for our own needs is to be expanded to include everyone. Following the example of a former coach, Gale Sayers the famous Chicago Bears halfback, put it this way in his autobiography: "God's first; others second; I'm third."

May that ethic inspire our personal lives and the life of our communities by providing justice (public love) for all! Here is a "highest good" worthy of the dedication of our lives.

Faraway Places

I've never seen the Taj Mahal. Nor have I looked up at the Leaning Tower of Pisa, or out across the broad Sahara to the Pyramids and the Sphinx.

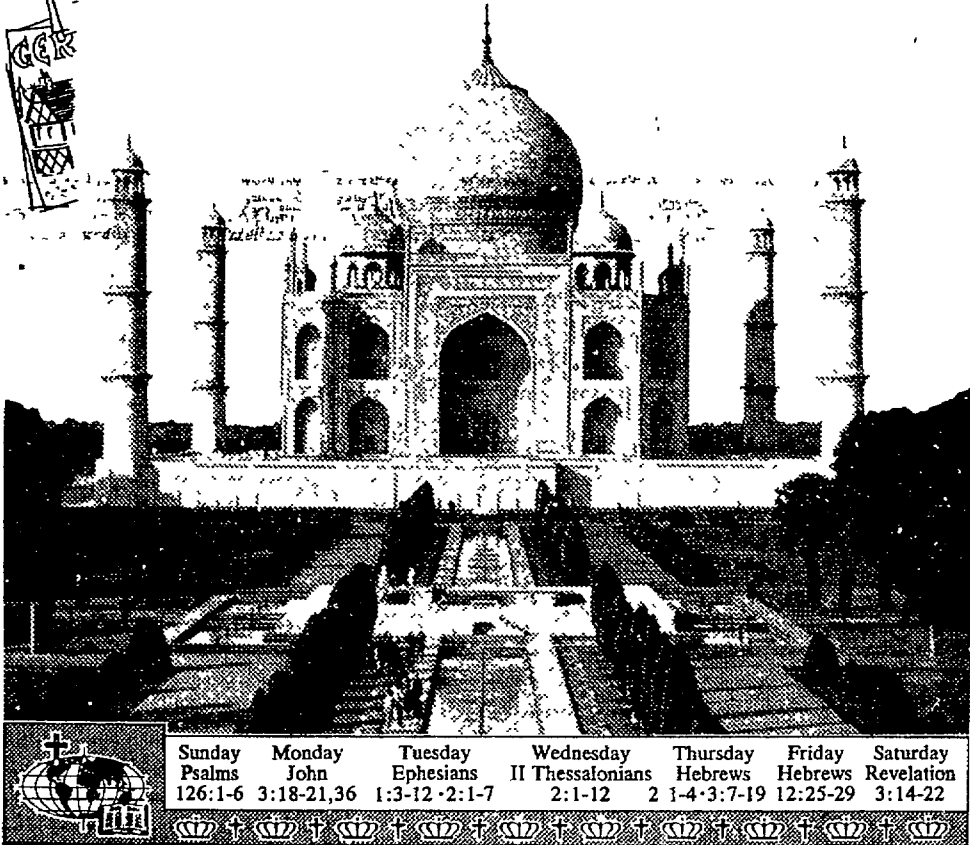

Most of my life, as a matter of fact, has been spent right here in my own town. Not because I don't want to travel. To visit these faraway places is one of my big desires—and, one day, I hope to do it.

But I know, deep in my heart, that even if I never leave my home town I'll have more to do than I can hope to accomplish. Because God is just as much here as he is anywhere. Our minister used that thought in his sermon last Sunday, and he told us how much there is for all of us to do in our own particular place—and how much remains undone!

If we'd bring just one other person to church with us on Sunday, we'd really be doing something, he told us. And, as I thought it over, I knew how true that was.

That's why I'm asking you.

The Gardening Way

By MARGARET HERBST

SELECTION OF HEDGE MATERIAL

I recall so well the visit paid a few years ago to the famed Morton Arboretum in Lisle, Illinois, near Chicago. One of their most interesting horticultural displays is the largest collection of hedge material anywhere in the world. You can walk up and down the rows and see all kinds of plants and how they will behave as hedges, even though the plants are not customarily used for that purpose. You will be amazed, as I was, at the wealth of possibility in choices for utility, beauty, screening for privacy and other design ideas.

Hedges must be planted and maintained with care so that they can fulfill their functions. Hardy plants of superior nursery stock are most important. If possible, select specimens that have wintered in the open and that are in excellent condition when transplanted. Ideally, the foliage should be dense from the ground up and for that reason clipping carefully from the earliest growth is essential.

In selecting proper hedge plants, there are three sizes to be considered: for tall, medium and low heights. Evergreen types seem to command greater attention for superior performance. However, some deciduous shrubs have a tendency to grow faster. Evergreen hedges can prove to be more economical since only a half or a third of the plants are required. Many materials are suitable for hedging among the evergreens including hemlock, yew, juniper, arborvitae, fir, pine and cypress. All of these objects

are capable of formal shearing for design purposes. When it comes to low hedges, the dwarf varieties are excellent and most adaptable to border arrangement. Among other selections are the dwarf box, dwarf Japanese yew and box barberry.

Probably the most satisfactory hedge material for medium situations is box. However, its area of adaptability is limited in comparison to the harder Japanese holly. Privets and barberries are the best choices among deciduous shrubs for hedges of medium height.

Many of the taller specimens can form walls of great beauty that cannot be penetrated. Trimming at regular intervals is most important. Arborvitae (American and Oriental species) are good subjects for tall hedging, also White pine with its blue-green foliage, common hemlock beautiful the year round and the European beech.

Good growth is possible even the first year if plants are evenly trimmed when first set out and watered freely. After the first year, regular shaping and trimming maintain appearance and permanence.

There is an art to shaping hedge material. Tapering slightly as you proceed from the base to the top allows a broad base with penetration to the inner branches. A good fertilizer will maintain healthy plants but more pruning will naturally result. Finally, it is less work for you if plants are selected that generally attain the desired height. Cheaper, large-growing types require more attention.

Michigan Mirror

Law Bottles up Drunks

LANSING—Another step in the fight against drinking drivers has been made with enactment into law of a measure prohibiting the transportation of open bottles or cans of alcoholic beverages in the passenger compartment of a motor vehicle.

The law isn't actually a new concept. It replaces an old form which wasn't really enforceable.

The old law only forbade drinking of alcoholic beverages while driving. In practice, however, unless a policeman actually saw someone take a drink while driving, he couldn't charge him with violating the law.

THE NEW LAW is much broader. It says anyone transporting inside a vehicle an alcoholic liquor in a container that is open or uncapped or on which the seal is broken is violating the law.

Law enforcement agencies faced with the problem of keeping drinking drivers off the road and the gruesome job of cleaning up after the accidents they cause worked hard to get the legislature to pass the new version.

"We're hoping it will strengthen the enforcement position considerably," says State Police Director Col. John R. Plants.

"DISCRETION"—will be used in enforcing the law, says Plants.

"If it's apparent that there has been consumption, if there's an open can or bottle of beer or liquor on the seat next to the driver that's rather obvious," he says. "On the other hand, if there might be a bottle in the back seat on which the seal has been broken that's not nearly as obvious. We're asking the officer to exercise discretion."

But that discretion is definitely not intended for the drinking driver.

"This one facet—drinking from open containers while travelling down the highway—is just another action that can lead to injury and death," he says. "The whole idea of course is to prohibit this sort of abuse and to, ultimately, reduce the highway death toll related to the drinking driver."

THE GRADUAL but continual lowering of the American automobile has caused the State Highway Department to lengthen all the no passing zones in the state as well to add 1,348 new locations where passing no longer is allowed.

The problem is that in years past the average eye-level of motorists on the road was 48 inches, meaning they sat with their eyes 48 inches above the highway. But the lowering of cars produced a situation where the eye level now averages 42 inches above the road, a highly significant difference when it comes to seeing over rises in the road.

No passing zones are established wherever the driver cannot see the road at least 1,000 feet ahead of the car.

WITH THE LOWER eye level, it became necessary to lengthen many of the 7,494 no passing zones which already existed in the state.

In addition, the new ones were created in slightly hilly areas where slopes in the road cut visibility below the 1,000 foot length in the lower cars.

Flint Spawns Gutsy Drivers

Continued from Page 1-B

circuit in the novice class. Flint has been the hot-bed of cycle racing in Michigan for more than three decades, and

its Auto City Speedway recently brought together one of the best short-track fields ever assembled—only to be knocked out by rain half way into the program.

Gutsy cycle racing is akin to Flint Northern football of yore under Guy Houston, or at Central for Howard Auer. It's not too remote from the battles of the UAW in the late '30's. There's a toughness to the fibre that shows through.

Bart Markel came out of Flint to win the AMA national championship in 1962, 1965, and 1966. His 28 victories in National Championship races is a mark unequalled, but, like all other records, it's there as a target for others. Coming up are the Springsteen brothers, among others, who just may take dead aim.

Sons of a former race rider who now is a Chevrolet die maker, Wayne Springsteen, the Flint duo will be among the top novice contenders on the 15-race professional card at Northville Downs the night of Saturday, August 11.

In the season's first Northville program, the brothers virtually drove all their competition off the track as they went side by side through the turns and down the straights for 10 laps before Jay edged his older brother by inches.

From the Flint area, too, come three of the six Michigan cyclists who will meet a six-man Ohio championship squad in a pair of special 10-lap match races in a "put up or shut up" guaranteed \$2,400 purse at Northville.

Aboard for Michigan in this scene-stealing action over the half-mile Northville oval will be Mike Johnson and Bert Cummings of Flint as well as nationally ranked Corky Keener from suburban Goodrich. Their teammates will be Rex Beauchamp of Milford, currently No. 3 in national ratings; Ted Newton of Pontiac and Jerry Sulek of Detroit.

The second of three championship cycle race programs at Northville will see time trials getting under way at 5:45, heat action starting at 7. The two team match races and individual finals in the expert, junior and novice divisions will provide five final headlines after qualifying action.

GRUMP—
Too bad we don't go to
fancy places. At least we
would have a car to
borrow!

Etah,
DumDum

Hello Luv,
Too bad you have such
a delinquent wife. By the
time you see this she just
might have let you see
last week's paper. What-
ever are we going to do
with her?

love,
me

WALKER,
How was the walk down
the isle?

1-3 Card Of Thanks

THANKS to Ed Sprinkles
and granddaughter for
returning my wallet.
Wendell Turner
h32

1-3 Card Of Thanks

THE family of James E.
Tate wish to express their
gratitude to friends and
neighbors for all the
kindness shown during
their recent
bereavement. Special
thanks to the Phillips
Funeral Home, the
Reverend Schaffer, the
staff and doctors at the
Griswold Clinic and the
South Lyon Fire
Department.

h32

MR. WILLIAM KING
wishes to thank the First
Methodist Church,
Eastern Star and many
friends for their get well
cards while he was in St.
Joseph's Hospital. Home
and doing well.

Bill King
h32

SINCERE thanks to the
New Hudson United
Methodist Church, Senior
Citizens of New Hudson
and friends and relatives
for cards and remem-
brances during my stay in
Beyer Memorial
Hospital.

Burr Lyke
h32

We wish to thank Drs.
May and Roberts, the
staff of McPherson
Hospital, all our families
and friends for prayers,
and other kind ex-
pressions of sympathy
during illness and death
of our Dad, Donald G.
Leith, Sr.

Dean Lanning
Dr. Robert Leith
Thomas H. Leith
Donald G. Leith, Jr.
David F. Leith
and families

The family of Esther
Decker wishes to thank
the friends and relatives
for the sympathy shown
at the time of our
bereavement.

Clyde Decker
Hazel Shirriff

I would like to thank my
many friends for the
cards, beautiful flowers
and visits to the hospital
during my stay there and
since my return home.
Every act of kindness was
greatly appreciated.
Thank you all so much!
Edith Gale

BUSINESS BRIEFS

Franklin G. Crawford, veteran customer relations man for the Michigan operations of Lawyers Title Insurance Corporation, has been named branch manager for Lawyers Title at Howell.

FRANKLIN CRAWFORD

Crawford joined Lawyers Title in 1955. For a number of years he was field representative for the title firm in Pontiac. He was office manager and field representative at Howell until his recent promotion to branch manager.

Prior to his joining Lawyers Title, Crawford was part owner with his father of the Crawford & Crawford Oakland County Abstract Office. Crawford is a native of Pontiac, a graduate of Pontiac High School and a student in his early days at Pontiac Junior College.

Crawford has been active many years in Livingston county business and civic affairs. He is a member of the Livingston County Builders Association and the Real Estate Board at Howell.

Mr. and Mrs. Crawford have six children and their home is in Howell.

CLAIRE KELLY, an experienced fashion model, has come to Northville with a new fashion shop. The shop is located at 141 East Cady and carries clothing of a medium price range for the young career girl, the young housewife and the mature woman.

Mrs. Kelley describes the lines she is selling as "wearable clothing." Among the brands she has in stock are Leslie Fay, Parade, Joshua Tree, Campus Casuals and Pendleton.

In addition to daytime and dressy fashions, the former model is selling fashion accessories, some gifts and will soon carry a line of make-up.

Assisting her in the shop is her daughter, Kimberly, 19, who is also a model.

Both mother and daughter will be doing informal modeling at the Drawbridge restaurant on Sunday afternoons beginning in several weeks.

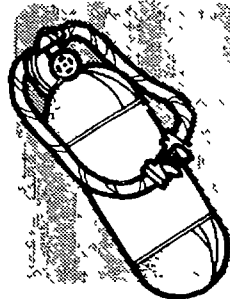

The shop will be open Monday through Thursday from 9:30 a.m. to 5:30 p.m. and Friday from 9:30 a.m. to 9 p.m.

According to the proprietor, it "has an elegant look and a casual atmosphere."

THE BOARD of Directors of Burroughs Corporation, in its meeting today, declared a dividend of twenty cents a share on the common stock of the Corporation, payable October 20, 1973 to shareholders of record at the close of business, September 21, 1973. This 295th dividend continues a record of regular cash dividends uninterrupted for 78 years.

MORE BUSINESS BRIEFS ON PAGE 11-B

IT WAS ANNOUNCED today by Mr. Robert Johnson, Sales Manager, of Harry S. Wolfe Real Estate Co., that effective immediately Robert E. Dudley, local Auctioneer has joined their sales staff in a full time capacity. Mr. Dudley brings with him over 15 years experience in various sales fields, including real estate.

Bob Dudley emphasizes that he will continue in his auction business. He and his wife and four children have resided in Howell for over ten years.

KROGER SHOPPERS in this area will get some economic education with their grocery orders this summer.

Grocery sacks, some 60 million of them across the country, have been imprinted with a message which tells shoppers the facts about what goes into the food dollar they spend in supermarkets. From figures compiled by the Super Market Institute and reflecting supermarket nationally, shoppers will learn that:

- 83 cents of the food dollar goes to farmers and manufacturers to pay for the products a supermarket sells and to get it to stores.

- 9½ cents goes for salaries, wages and fringe benefits.

- 5½ cents is used to pay for rent, utilities, supplies, advertising, promotions, repairs, and other such expenses.

- 1½ cents is needed to pay for federal, state and local taxes and for licenses.

Which leaves less than one penny net profit for the supermarket to pay shareowners and to reinvest in the business.

This means that if your supermarket made no profit at all, your \$10 grocery bill would be reduced less than 10 cents. Or, to put it another way, when you tip the boy next door 25 cents to carry your \$20 order into the house, he is making more profit on your order than your supermarket did.

And most of the larger supermarket firms make even less profit. Kroger, for example, made a net profit of only one-half penny per dollar of sales during the first half of 1973.

RYMAL-SYMES, Inc., realtors since 1923, has opened an office at 41160 Ten Mile Road in Novi at Meadowbrook Road.

Associate broker of the Novi office is Craig Lewis. The firm is a member of the National Association of Realtors and the U.N.R.A. Multi-List.

IT'S ALOHA in October for Dick Lloyd of Mark Ford Sales in South Lyon.

The manager of the local dealership won a six day, five night trip to Hawaii for his outstanding sales performance in dealership competition during the period April 11-July 10.

HISTORICAL panels showing Michigan's Underground Railroad and Black-White Cooperation are now on display at the Metro Mall in Wayne as part of a Consumers Power Company exhibit pictorializing black history in Michigan.

The 12-panel display will be exhibited at the Mall through the next two weeks. It will then be available for loan to any civic group or organization wishing to display the 40x60 inch panels

CADILLAC Asphalt Company of Novi was the lowest of three bidders on state paving projects at Northville State Hospital and Plymouth State Hospital.

The projects call for paving and repairs on drives located at the two state facilities, both of which are located in Northville Township.

JERRY DUNCAN proved himself the best Pass, Punt and Kick coordinator in Michigan July 25.

The Mark Ford Sales of South Lyon salesman and local P.P.K. coordinator outperformed all other Ford coordinators in Michigan to win the first prize trophy at Detroit Lions training camp, Cranbrook.

Head Coach Don McCafferty and Lions' PR man Lyall Smith spoke at a luncheon at the all-day conference and passer Bill Munson, placekicker Errol Mann and punter Herman "Thunderfoot" Weaver demonstrated the annual contest's specialties.

Babson Report

Paint Sales Steady

WELLESLEY HILLS, Mass., August 9, 1973—Growth in the paint industry over the past decade or so has not been spectacular but has been quite steady. With the exception of the recession year of 1970 and the bad-weather of 1967, industry expansion has generally been around 5 per cent - 8 per cent annually.

Currently, the paint business is enjoying a strong upsurge in demand as a result of the high level of economic activity and increased usage by the do-it-yourself market. In spite of the likelihood of a slowdown in residential construction this year and prospects of additional costs from new regulations, paint manufacturers should find 1973 another year of moderate gains in both sales and earnings.

BEGINNING with the development of synthetic resin-based paints in the 1920s, the industry has brought forth "latex" (water-thinned) paints, acrylic paints, epoxy paints, polyurethane resins, chloride-vinyl acetates, and a number of other processes and products for use in coating a wide variety of surfaces.

Effective December 31, 1973, household paints containing more than a trace amount of lead will be banned by the FDA to eliminate potential health hazards to children.

Spurring the effort toward new paint technologies has been an increase in the use of building materials such as aluminum, asbestos and vinyl siding, and other nonlumber products that require little or no finishing. The eventual impact of these substitute materials on paint sales is a source of substantial concern to the paint makers. For the present, however, substitute materials will have only a limited impact on sales since much more paint is used to refinish old houses than for new construction.

To meet the long-range challenge of substitute materials, it

can be expected that in the future more paint producers will be widening their product base, and paint making will become just one aspect of a broader materials coating business.

PAINT SALES are usually broken down into two broad categories—trade and industrial. Trade sales consist of paint sold to consumers, contractors, and professional painters for new construction and for repainting, refinishing, and maintenance. Industrial sales are comprised of special coatings sold to manufacturers for application during the manufacturing stages of a product.

Until recently trade sales were the more important factor in the industry's growth. But about half of the \$3 billion of U. S. paint sales per year is now accounted for by industrial sales. It is expected that in the future, sales of industrial coatings will surpass those of consumer paints.

The superior growth projected for industrial coatings is based on (1) the overall expansion of U. S. industry, and (2) the technology of coatings, which is moving ahead so rapidly that paints are now being used on surfaces unknown a while ago.

ALTHOUGH there are more than 1,500 companies involved in manufacturing paint, five companies—Sherwin Williams, Du Pont, PPG Industries, SCM Corporation, and Celanese—probably account for 50 per cent of the total volume. The Research Department of Babson's Reports currently recommends purchase of PPG Industries; the four others are well worth holding. Among other major firms involved in paint manufacturing are Allied Chemical, American Cyanamid, Medusa Corporation, Minnesota Mining & Manufacturing, N. L. Industries, National Gypsum, Pratt & Lambert, Rohm & Haas, St. Joe Minerals, Sun Chemical, and U. S. Gypsum. The common stocks of these companies should be held.

Fair Events

Scheduled

At Northville

Continued from Page 1-B

will be held daily at 3 p.m. Youngsters under age 7, from 8 to 10, 11 to 13 and over 13 may enter their pets and compete for prizes.

Contestants are also welcomed in the demolition derby event slated for 7:30 p.m. Sunday.

Entries may be obtained at the following Novi business places: Boron Oil; D & Z Sales & Service; H & E Sales & Service; and J & D Service; and in Northville at Sloppy Joe's Coney Island, Phil's 76 Service, Cal's Gulf Service, Andy Sambrone, Northville Shell and John Mach Ford Sales.

There's no charge for admittance to the fair grounds in the parking lot of Northville Downs.

Dream Team!

Alumni Gridders Open Practice

It was beautiful.
A coach's dream.

Lined up at center - Dick Willing. Fred Mitchell and Fred Hicks at the guards. Tackles - Ed McLoud and Kim Marburger. Tight end Jerry Imsland.

In the backfield - Mike Zayti at halfback. Spike Walker at fullback. And standing over the center calling signals once again - Steve Juday.

The golden days of Northville football when the Mustangs were known throughout the state for grid excellence were recalled Sunday as the great and near-great from those teams of Al Jones and Ron Schipper and Ron Horwath assembled to begin preparation for an alumni football game.

Approximately 26 ex-Mustang stars showed up at the practice field directly behind North-

ville High School to hear Horwath, who will be coaching the squad, explain his offensive and defensive plans for the September 8 meeting with the alumni from Detroit Catholic Central.

With just a month to prepare for the game, Horwath has slated conditioning drills for 6 p.m. every Tuesday and Thursday night at the "old practice field" in Hines Park.

The alumni will reserve their Sunday sessions at 3 p.m. behind the high school for working on offensive and defensive systems.

Horwath hopes to suit a 40-man squad for the game which will be played in Northville. "Most of the players we have now are the older guys," noted Horwath. "We'd like to get some of the guys from the more recent teams out here, too."

For information contact Phil Jerome at The Northville Record (349-1700).

Quarterback Steve Juday Directs Alumni Offense Through Drills in First Practice Last Sunday at Northville High School

Choo Choo, Mach Ford Win Crowns

Get those trophies out of storage.

Northville's Men's League has its champions.

Choo Choo Car Wash put the finishing touches on a perfect 19-0 season last week to cop their second straight American League championship.

And a surprising John Mach Ford squad rounded off its

season's record at 12-6-1 to win the National League championship.

And now that the regular season is over - as every sports fan worth his Stroh's must know - comes the most important part of the season - the play-offs.

Choo Choo will play John Mach Ford a best two-out-of-three series to determine

which team will represent Northville in the State Class B Men's Slo-Pitch Tournament.

And as for the rest of the teams - well, they'll have their own tournament, too. In fact, there will be two local tournaments.

The top four teams in the final American League standings will play in a double elimination tournament; and

the top four teams in the final National League standings will also have a double elimination tournament.

If everything goes as planned, the post-season play-offs should be coming to an end just about the time the Detroit Lions open their 1973 season.

There was very little change in the standings as the

Northville Recreation Department's Men's Slo-Pitch Softball League completed its regular schedule last week.

In the week's most important game Choo Choo Car Wash extended its whammy over Northville Lumber by hammering out a 10-3 victory that ensured them of an undefeated season.

At the end of two innings the score was deadlocked at 2-2, but the Car Washers took charge with a three run outburst in the third and then added four more in the fourth en route to the convincing victory.

Jerry Imsland with three hits including a three-run round tripper paced the Choo Choo attack, but he got plenty of support from Rich Adams, Don Thomson, Jeff Moon, Tom Alberts, and Dennis Nadeau who each collected a pair of hits in the 16-hit Choo Choo attack.

Jim Newman rapped out three singles and John Mutch stroked a four-bagger to pace the Lumber which had just eight hits off the tosses of Don Phillippi.

Phillippi was even more effective against Hamlet Food Mart as he yielded just three hits in five innings as his hard-hitting teammates were blasting out a 12-0 victory. Ray Kelly and Tom Alberts had three hits apiece and shortstop Pete Woodard collected a home run to spark the win.

Singles by Jerry Pomeroy, Bob Cole, and Ray Allen were all that stood between Phillippi and a no-hitter.

After failing to spoil Choo Choo's bid for an undefeated season, Northville Lumber wrapped up its season by beating the Northville Jaycees and Exotic Plastic and Rubber.

Pitcher Jerry Levan limited

the Jaycees to five hits on Wednesday as the Lumber was chalking up an 8-1 victory. Stan Nirider, Jim Newman, and Levan each stroked a pair of singles for Lumber, while Larry Vander Bie with two singles was the only Jaycee with more than one hit.

Lumber built up a 5-2 lead against Exotic only to see the Exotic team rally for five runs in the top of the seventh to grab a 7-5 lead. Lumber took the decision 8-7, however, by scoring three times in the bottom of the seventh as John Mutch's double drove in the winning runs.

Dan Parker led Lumber in the hit department in that game with two singles and a double, while Ray Graham duplicated that feat to pace Exotic.

Plymouth State Home finished the season with a rush by winning three games

last week and pulling ahead of Hamlet Food Mart into fourth place in the American League. The three wins upped the State Home's final record to 12-6-1.

Pitcher Charlie Fialon gave up three runs in the first inning, but then held Exotic scoreless the rest of the way as the State Home registered a 9-3 triumph. Bill Hopping and Brian Smith each stroked three singles to lead the State Home attack, while John Norman, Kim Marburger, and Scott Stuart picked up two hits apiece to pace Exotic.

The State Home took both ends of a double header Thursday. They scored 13 times in the first three innings and then coasted to a 14-5 win over the Presbyterian Men's Club in the first game, as Norm Angner stroked out three hits and Wade

Continued on Page 3-C

SAFE AT THIRD—Hamlet Food Mart's Roger Schultz slides safely into third base as Con Langfield Cougar third baseman Dave Zima gets the ball too late to make the tag. Schultz scored one of seven runs tallied in the

first inning by Hamlet, but the Cougars came on strong at the end to take a 16-14 victory in action in Northville's Men's Slo-Pitch Softball League.

Michigan Tractor Fall to 2nd

Jaycees Take Lead In Wild Novi Race

It's hard to believe...
...but true.

For the first time since mid-June there's only one team in first place in the Novi Parks and Recreation Commission's Men's Slo-Pitch Softball League.

The Novi Jaycees are the possessors of that unique distinction as they posted a victory in their only game last week, while the pressure of the hectic, season-long race apparently began to take its toll on the other contenders for the title.

When the week opened, six teams were all huddled in a tightly bunched pack around first place. But before the week was over, three of those six teams had suffered defeats.

Interestingly, two of those three defeats were administered not by co-contenders for the championship, but by the four teams that have already been eliminated from the race.

One of the casualties was Michigan Tractor which had entered the week tied for first place with the Jaycees with an 11-3 record. But the Tractor-men were done in by Star Lincoln-Mercury, another contender for the Novi crown.

And no sooner had Star knocked off Michigan Tractor when they in turn were bumped off by J. P. Realty, a team with a 4-9 record.

The biggest upset of all, however, was turned in by the eighth-place Novi Police who handed the rapidly-fading Novi Inn a 11-5 defeat that just about eliminated them from the race.

And so, with just two weeks left to play, the standings show the Jaycees on top with a 12-3 mark. Michigan Tractor and L'Esperance Electric are in second place, a full game behind the Jaycees with 11-4 marks. And still having a chance to win the crown are Star Lincoln-

Mercury (10-5) and Jamaican Pools (9-5).

The Jaycees gained sole possession of first place by hammering out a 17-5 victory over Novi Heights while the Tractor-men were losing to Star.

The Jaycees broke loose for six runs in the second inning and then turned the game into a complete rout in the fourth by adding nine more runs.

Terry Neilson, Pat McGulkin, and Jim Cherfoll blasted home runs and Jim Warjnowski stroked out three doubles to pace the hard-hitting Jaycees. Dan Harsh homered and Jerry Coleman and George Dingman each picked up a pair of hits to lead the Novi Heights' attack.

It was Star Lincoln-Mercury's 7-6 victory over Michigan Tractor which enabled the Jaycees to take over sole possession of first place.

Star built up a 7-3 lead, but then had to hold on as Tractor

came roaring back in the last two innings. Three runs in the sixth narrowed Star's lead to 7-6 and when Dick Floyd led off the bottom of the seventh with a double, it looked as if Tractor might tie it up.

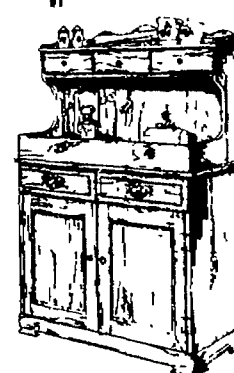

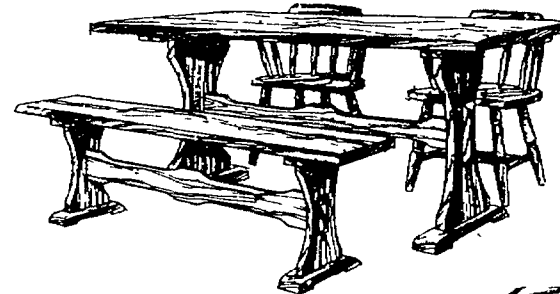

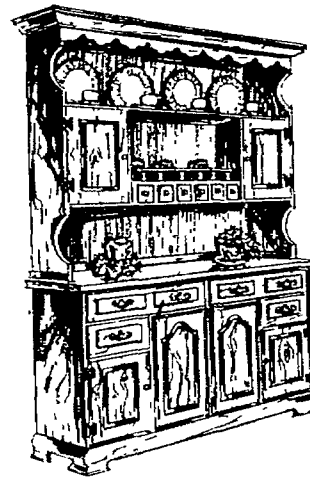

But with one down Dave Temple hauled in a long fly and then cut down Floyd as he was trying to take third after the catch to end the game.

Ray Denne had a single, triple, and home run and Jerry Gallik added two doubles and a triple to share hitting honors for the Star team, while Dave DeGarmo with three hits and Mark Gretel and Jewel Ryan with two hits apiece led the Tractor hitters.

Having beaten the first-place Michigan Tractor squad, the Car Dealers turned right around and dropped a 4-3 decision to the seventh-place J. P. Realty team.

After getting just two hits

don't let it get away!
insulate!

Don't let those precious dollars escape. Insulate your home and reduce your heating and cooling costs. Insulation acts as a barrier to the flow of heat. Keeps heat in during the winter and keeps heat out during the summer. By cutting fuel consumption, it could reduce your heating bills as much as one-third.

Another advantage, which cannot be measured in monetary value, is the added comfort insulation provides. You'll enjoy a quieter home...insulation keeps outside noises out and absorbs inside sounds. And you'll be more comfortable, summer and winter, with a more uniform temperature throughout your home.

Stop the needless loss of money...call a qualified insulation dealer, now. Enjoy a cooler summer and be ready for added savings and comfort next winter. Consumers Power Company neither sells nor installs insulation, but has long recommended it for greater comfort and economy.

After 7th Place Finish

Girls Sweep Play-Offs

Shoot, slo-pitch softball isn't so hard - once you get the knack.

Just ask the girls on the Northville Number Two team in the Livonia Class E (14-15 year olds) Slo-Pitch Softball League.

After finishing the regular season tied with two other teams for seventh place with a 3-6 record, the Northville girls suddenly came alive and swept to first place in the post-season playoffs.

"I don't know how to explain it, but once they got the knack of it no one even came close to them," reported Dan Stoddard, coach of the squad.

According to the playoff schedule, the team that comes in first during the regular season is eliminated and the remaining nine teams in the league are then entered in a single-elimination tournament.

The Northville Number Two team started off fast, defeating the Northville Number One girls by a score of 30-5 in their opening game. They followed up that win by

topping the Livonia Twins 21-33 and then moved into the finals by trimming the Livonia Cardinals by an 8-4 margin.

In the championship game, the Northville squad was pitted against the Compton Comanches. The game was close for just two innings. The Northville girls erupted for seven runs in the third inning to turn a narrow 3-2 lead into a more comfortable 10-2 margin

and then broke loose for five more runs in the fifth en route to a convincing 18-4 victory which gave them the playoff championship.

All told the Northville girls outscored their opponents by a 77-26 margin in the four playoff games.

Pitcher Pat Brown was the leading hitter against the Comanches as she belted a home run, double, and two singles. Laurie Tuggle added a home run, double, and

single and Denise MacDermald had a triple and two singles to spark the Northville hitters.

Other members of the Northville team were Kathleen Crupi, Colleen Brewer, April Stoddard, Renee Letarte, Louise Hopping, Kathy Henrion, Sally Mahoney, and Kathy Mulville.

Don Stoddard managed the team while his sister Jackie Stoddard served as coach.

Head for State Tourney

Braves Win 'F' League

The Casterline Braves will be representing Northville when the State Class F (12-13 year olds) Tournament gets underway in Wayne next week.

And representing the city in the Inner Cities tournament at Allen Park will be the Anger

Manufacturing team.

Those two teams won the right to represent the city in the State and Inner Cities tournaments by virtue of having finished first and second respectively in the Northville Recreation Department's Class F

Baseball League.

The Braves finished in first place with a 12-3 record, while Anger Manufacturing (10-4-1) nosed out the F.O. Eagles (10-5-0) for second place.

In other Northville Class F baseball news, a team of Northville All-Stars dropped an 11-10 decision to a group of All-Stars from Detroit's Mic-Mac Athletic Club last Saturday.

Bob LaPlante and Roland Tarrow each stroked a single and a double in three trips to the plate to pace the Northville All-Stars in the hit department.

LaPlante was joined by Allen Kahler and Donny Dales in leading the team in rbi's as each drove in two runs. Roland Tarrow accounted for a single rbi.

Other members of the Northville All-Stars were Todd Nadeau, Bill Barlow, Dan Thomas, Bob Krinsky, Bill Gairns, Ron Angell, and Pete Wright.

Rounding out the All-Star team were Bruce Eaker, John Marzoni, John Coram, Greg Suckow, Toby White, Dave Austin, and Dave Duguid.

The All-Stars were coached by Dick Brewer, Jim LaPlante, and Pat Kelly.

CLASS F STANDINGS

Casterline Braves	12	3	0
Anger Manufacturing	10	4	1
F.O. Eagles	10	5	0

Northville	5	9	1
Collis Gold	0	10	0

Announce Fitness Program

Northville's varsity cheerleaders are sponsoring a physical fitness clinic for all girls who will be entering grades seven through twelve this fall.

The clinic will be held the week of August 13-17 with the girls meeting from 6-8 p.m. in the Northville High School gym.

Included in the clinic will be exercises, yoga, gymnastics, and various cheerleading drills which benefit physical fitness.

Cheerleader Lee Ann Hackman noted that the clinic will offer girls interested in cheerleading a good opportunity to get in shape for all tryouts and the upcoming season.

However, an interest in cheerleading is not necessary to attend the clinic, she stated. Anyone interested in toning up is welcome to participate.

Jaycees Lead Novi Race

Continued from Page 1-C

off Star pitcher Mike Fenchel in the first six innings, the Realtors rallied for two runs in the bottom of the seventh to knot the score at 2-2.

Star scored once in the top of the eighth, but the Realtors came back with two in the bottom of the eighth as Ben Wright dropped in a two-out double with the bases loaded.

Roy Link, Carl Helwig, and Wright each had two hits for the winners, while Ron

Balogh and Mike Fenchel led Star with two hits apiece.

The Novi Inn was practically eliminated from the race when they suffered their sixth loss of the season, as the eighth-place Novi Police recorded a stunning 11-5 upset.

The Inn erupted for four runs in the first inning, but were only able to score once during the last six innings of the game as the Coppers were hammering out the victory.

Jerry Pratt blasted a three-

run homer and combined with Mike Butler for seven rbi's to pace the Police attack. Bruce Place contributed three hits to the Police total and limited the Inn to just eight hits from the mound. Butch Shoemaker with a pair of singles was the only Inn player with more than one hit.

The Inn got back on the winning track against Novi Heights as they grabbed a 9-5 victory. Bob Miller belted a four-bagger and Jeff Deneen, Doug Schott, and Ken Stout each had a pair of hits to spark the Inn. Jerry Coleman and John Tymensky Jr. had two 'hits' apiece for the Heights.

J. P. Realty celebrated its extra-inning win over Star Lincoln-Mercury by topping Olympic Manufacturing 5-3 for their second win of the week.

Jim Woelkers had three hits and John Padgett and Ed DeBrule added two each to account for seven of the Realtor's 12-hit total. But top Realtor honors went to pitcher Carl Helwig who tossed a fancy five-hitter against the Manufacturer's. Bill Thackston and Ken Sekenske combined for four of the five Olympic safeties.

Clobber Twins, Nip 'Stars'

Hi-Lakers Still Lead

So who's worried about a little pressure?

Certainly not the Highland Lakes Hi-Lakers.

It could have been a disastrous week for the only undefeated team left in the Northville Recreation Department's Knothole Hardball League, as the schedule called for the Hi-Lakers to meet two of the league's top teams on successive days.

Pressure?

Shoot! The Hi-Lakers thrived on it.

First they blasted out a 15-6 victory over the Del's Shoes Twins on Thursday and then came back one day later to squeeze past the Lab Service Super Stars by a score of 2-1 in an extra-inning thriller.

The two wins enabled the Hi-Lakers to keep their undefeated status in tact and maintain their grip on first place.

Nevertheless, the Highland Lakes squad cannot afford to take it easy. Just half a game back in second place is the Northville Number One team which has lost just once this season and would like nothing better than to see the Hi-Lakers bite the dust.

Most important game of the week was the Hi-Lakers clash with the Del's Shoes Twins on Thursday. The Hi-Lakers carried a 6-0 record into that all-important showdown, while the Twins were 7-1 and could have moved into first

place by beating the Highland Lakes team.

And for awhile it looked as if the Twins might do just that.

They jumped off to a quick 4-2 lead in the first inning and still had a 6-5 lead after three frames had been completed. But from there on the Hi-Lakers took over as they broke away for a decisive 15-6 victory.

Mike Daskalakis and Kevin Travers ripped out three hits apiece and John Leonard, Craig Cattaneo, Eddie Olah, and Andy Bechtel each added a pair of hits to pace the winners. Doug Horst had a double to take hitting honors for the Twins who had just five hits in the game.

The other Hi-Laker win was a 2-1 decision over the Lab Service Super Stars in one of the best-played games of the season.

Eddie Olah doubled and scored for the Hi-Lakers in the second, and the Super Stars tallied once in the fifth as Jeff Eaker and Jeff Koziara collected back-to-back singles.

But that was all the scoring there was until the bottom of the ninth when Brian Bonsall, Mike Daskalakis, and John Leonard each stroked a single to score the winning run and give the Hi-Lakers a hard-fought 2-1 triumph.

Daskalakis, Olah, and Brad Sepanski each had two hits for the Hi-Lakers, while Eaker, Andy Armada, and Paul Lang had two hits apiece for the Super Stars.

In spite of their loss to the

Hi-Lakers, the week was not a total loss for the Del's Shoes Twins as they hammered out a 19-10 victory over the last-place Jaycees in another game to even their record for the week at 1-1.

Gary Yoder and Billy Hopping each stroked out four hits for the Twins in that game and Rob Marzonia, Gary Beason, Mark Holland, and Mark Davis added three hits apiece to highlight a 21-hit attack. Matt Fasang, Mike Muzzin, and Scott Saltmarsh shared hitting honors for the Jaycees with extra-base blows included in their two hits.

Choo Choo Car Wash, which dropped an 8-7 decision to the Hi-Lakers two weeks ago, kept their chances for the championship alive by posting a pair of wins last week. The two wins gave Choo Choo a 6-2 record and put them in fourth place - two full games behind the front-running Hi-Lakers.

Choo Choo scored five times in the first inning and five more times in the seventh inning on Thursday to defeat the Northville Police Padres 12-3.

Dan Carpenter and Bob Chapman each had three hits and Steve Norton and Robin Shoner added two hits apiece to account for 10 of Choo Choo's 18 hits. Dave Gallagher stroked out three singles and Tom McNamara, Mike McNamara, Brian Postma, and Mark Crane each picked up two hits to pace the Padres.

Choo Choo's other win last week was even more lop-sided

as they belted Sheehan's Little Caesar's Mustangs 20-2 in just four innings. Jim Wilson, Bob Thomson, and Steve Norton were the top Choo Choo hitters against the Mustangs as each of them batted out three hits. Terry Sheehan with a single and double was the only Mustang with more than one hit.

One other team in Knothole Hardball won two games last week - Northville Number Three. What was surprising about the two wins posted by Number Three was the fact that they were their first wins of the season.

The first Number Three win was easy as the John Mach Ford Yankees were unable to field a full team and forfeited the win. But Number Three's other win was earned on the playing field as they squeaked past Northville Number Two 4-2 on Wednesday.

Doug Joel's double was the big blow for Number Three in a three-run uprising in the - you guessed it - third inning. Mike Gribbell's seventh inning home run added an insurance tally.

Bill Winters, Brian Murphy, and Gribbell had two hits apiece to lead the nine-hit Number Three attack. Top hitters for Number Two were Dan Brenner who had a pair of singles and Don Burnham, Scott Richmond, and Mike Pollock who each socked a two-bagger.

Choo Choo, Mach Take Northville Softball Titles

Continued from Page 1-C

Merriman, Brian Smith, and Ray Courter added a pair of safeties. Jim Curl, Dutch VanNingen, and Bob Kennedy had two hits apiece for the Presbyterians.

The State Home then won the second half of the doubleheader by dumping Greenfield Die 10-4 in the nightcap. Greg Stanski, Denny Milobar, and Ray Courter led the attack with two hits apiece, while Jeff Mills collected three hits for Greenfield Die.

John Mach Ford displayed why it is the National League champion by burying the second place Northville Newcomers 24-11 beneath an awesome 28-hit attack. Bob Ojinski led the way with four hits and he was supported by Linton Groszitz who stroked a pair of doubles and John

Mach Jr. who ripped a pair of three-baggers.

Bob Holloway with four hits and Dick Allen and Jim Clemons with three hits apiece sparked the Newcomers.

Manor House Realty - Keith Heating pulled ahead of the Con-Langfield Cougars into third place in the National League by winning a pair of games last week.

Fred Philippeau's three run homer in the top of the sixth was the margin of difference as Manor House squeezed past the Newcomers 6-5 on Wednesday. Dick Lurvey and Philippeau each had two hits to share hitting honors for Manor House, while Paul Solberg, Jim Clemons, and Howard Fithian all collected two hits for the Newcomers.

Manor House then bombed Con Langfield 14-2 for their second win of the week. Joe Pisani went three for four and Larry Buchheit belted a home run to spark the victory. Dick

Sievert with three hits and Jeff Jones with two were the top Cougar batters.

Con Langfield got back on the winning track by edging Hamlet Food Mart 16-14 in a slugfest. Dave Zima, Mike Dedes, and Dick Sievert poked out three hits apiece for the Cougars, while the Food Mart was paced by John Conder, Al Cox, Roger Schultz, Bob Engle, and Bob Cole who all had two hits apiece.

RECORD SETTER—California's Ricky Hocking leads a field of five tightly bunched motorcycles into the first turn at speeds upward of 100 miles per hour. In this picture Hocking is shown on his way to a new Junior Track Record he set on a Yamaha in the June

races at Northville Downs. Hocking will not be in the field when the cycles return to the Downs this Saturday, but he is one of only a few top drivers from across the country who will not be present.

Top Cyclists Race Here

The second of three big time professional motorcycle racing programs to be presented at Northville Downs this summer is expected to draw at least 150 of the best riders in the trade and more than 7,000 spectators to the suburban half-mile oval Saturday night, August 11th.

Best known for its harness horse meetings, Northville Downs also is an ideal track for the thundering cyclists

who also are booked there September 15th.

Saturday's card will include at least 15 events, the exact number being dependent upon the number of entries. The elimination heats will set the stage for championship finals in American Motorcycle Association expert, junior, and novice divisions.

As a special feature there also will be two 10-lap match races between six-man teams from Michigan and Ohio. The Michigan-Ohio battle

carries a special purse of \$2,400 with another \$3,500 going up for grabs in the open competition.

Dave Sehl of Waterdown, Ontario, who won the 15-lap headline for AMA experts at Northville in June, will be back trying to make it two in a

row, but to do it he will have to fight off the best riders on the national circuit.

Time trials will open at 5:45 p.m. and the first of the elimination races to determine finalists in each category will face the starter at 7 p.m.

Bulldog Swimmers Take Fourth Place

The Bulldog Aquatic Club's little kids are doing better than the big kids.

Two weeks ago the Bulldogs finished third in the 12 and under half of the seventeenth annual Michigan Water Wonderland A.A.U. Swim Championships in Southfield. But this past weekend, the Bulldogs dropped to fourth in the 13 and older half of the same Water Wonderland Meet.

Ann Arbor won the 13 and older division meet which was held in Detroit's Charles H. Brennan Pool, while the Kalamazoo YMCA came in second and Garden City grabbed third.

Of the six Northville swimmers who contributed points to the Bulldogs' fourth place total, Art Greenlee turned in the top performance.

Greenlee, the MHSAA Class B champion in the 100 yard breaststroke, finished third in

the 100 meter open breaststroke and then swam to a fifth place finish in the 100 meter breaststroke for 15-17 year olds.

He also swam a leg on the Bulldog's second place 400 meter medley relay team.

Four other members of the state champion Northville High School swim team, including state 200 yard freestyle champion Kevin Kelly, pooled their talents to give the Bulldogs sixth place in the 400 yard medley relay in the 15-17 year old division.

Members of the medley relay team were Kelly, Bill Witek, Bob Wright, and Steve Luckett.

Witek also scored points in the 400 meter freestyle relay as his 100 meter leg helped his team to a second place finish.

Jim Cahill was the lone Northville Bulldog to win points in the 13-14 year old division. Cahill swam on the seventh place 400 meter freestyle relay team.

NOVI HIGHLIGHTS

By JEANNE CLARKE
624-0173

Joe Campbell of Novi and Francis D'Annunzio were married on August 3 at the First Baptist Church of Novi. Mr. and Mrs. David White of Novi Road hosted a family reunion on Sunday at their home. Their guests included Mrs. Myrtle Chandler and Mr. and Mrs. Metz Stuart from Florel, Arkansas.

A former Novi resident, Courtney Stamper is presently a patient at St. Mary Hospital. He lived in Novi for 22 years.

Visitors of Mrs. Marie La Fond, former Twelve Mile Road resident, at the Hickory Ridge Nursing Home were Mrs. Jerry Kent, Mrs. Alma Klasener and Mrs. Hazel Mandlik.

In Novi from Paris, France are Mr. and Mrs. James Mitchell who are spending a month with Mrs. Signa Mitchell at her Whipple Street home.

Two former Novi Elementary School teachers were recent visitors in the Fonda Street home of Mrs. Mae Atkinson. The guests were Mrs. Mae Babbit of Northville and Mrs. Beatrice Hawkins of Texas.

Fonda Street resident, Bill Rackov, has been released from St. Joseph Hospital in Ann Arbor and is recuperating at home.

Tony Yorch of Eleven Mile Road recently fell and suffered a broken leg. He is hospitalized at Pontiac Osteopathic Hospital.

A guest in the Beck Road home of Mrs. Alma Klasener is her sister, Mrs. Ann Betzing of Cincinnati, Ohio.

Just returned from a fishing trip at Ionia are Leon Doherty and Earl Geiger.

Recently moved into a home of Ownetown Street are Mr. and Mrs. Dave Holland who have come to Novi from the Pontiac area.

Jerry Moss of Novi is now a patient at the Veterans Hospital in Ann Arbor.

NOVI SENIOR CITIZENS
On Wednesday, the Senior Citizens met at the Novi Community Building and traveled to Lake St. Clair where they were treated to a boat trip by Ray Warren.

The next regular meeting of the senior citizens will be on Tuesday, August 28, at the Novi Community Building at 7 p.m.

New members are welcome to all Senior Citizen Club meetings. Those interested in joining should contact Mrs. Nancy Liddle at 349-2219.

BLUE STAR MOTHERS
The members of the Blue Star Mothers will be in Ann Arbor on Thursday to assist with the Volunteer Services at the Veteran's Hospital.

The women are presently working on cotton slippers for

the use of the patients at the hospital.

WOMEN'S GOLF LEAGUE
Shirley Moak is in first place right now with Mary Wikman in second and in third is Marilyn Vettrano.

JAYCEE AUXILIARY
A summer tea will be held for Auxiliary members on August 22 in the home of Sharon Larson. Members are encouraged to bring guests as the speaker for the meeting will be a ceramic teacher.

The regular monthly meeting has been scheduled for August 28. Members wishing more information about the meeting can contact President Linda Pochter at 349-1727.

NOVI GIRL SCOUTS
Any girls age seven or older who are interested in scouting should contact Mrs. Wilenius at 349-2056 to be placed on a troop waiting list.

Mrs. Wilenius is also interested in hearing from ladies in the area new to Novi who have scouting experience. Any mother wishing to become involved in a troop may contact her to find about training available.

NORTHWEST SINGLES
The regular meeting will be held on Thursday evening at Eagle's Hall in Northville. On the agenda will be planning for fall activities.

Anyone over 30 and single is invited to join the organization.

LADIES SOFTBALL LEAGUE

Standard Oil is presently in first place. A second place tie prevails between Poured Walls and West Oakland and third place is held by Regal Janitorials. The last place team is Farmington Trenching.

ORCHARD HILLS BAPTIST CHURCH

The church family was recently given the news that Kevin Valade will marry Lauri Lloyd on August 11 in Wayne.

NOVI UNITED METHODIST CHURCH
The Methodist Youth Fellowship is planning a car wash at the church on August 18 to earn money for a special project. The cost will be 75 cents a car.

FIRST BAPTIST CHURCH
The speaker next Sunday will be William E. Main, a graduate of Moody Bible Institute and now a student at the University of Detroit.

After the evening service on Sunday, there will be a back to college fellowship. Desserts will be provided by the college and business age class.

The young people are having an evening Bible school every night this week at the church.

NOVI GIRLS CHAMPIONS—Members of the championship team in the Novi Park and Recreation Commission's Girls Softball League celebrated their perfect 8-0 record with a pool party at the Cotter residence on 11 Mile Road last week. Sponsored by Ashley and Cox Real Estate, the 9-12 year old girls were coached by Barbara Cotter and Joan

Griffin. Members of the championship squad are Kathy Bosco, Kim Selep, Rennee Farras, Vicki Roderick, Laurie Tuck, Nancy White, Diane Bosco, and Ramona Farras. Other members of the team are Stephanie Bessette, Terri Solmes, Wendy Pearson, Monica Buchheit, Kathy Griffin, Carrie Todd, and Sheryl Bessette.

Out of the Past

Youths Kidnap Officer

FIVE YEARS AGO

Five South Lyon youths kidnapped a Novi police officer and held him at gunpoint until a South Lyon officer and state police officer seized the weapon. Officer Robert Starnes was kidnapped by the youths when he stopped their red convertible. He was hospitalized and treated for multiple bruises and returned to duty.

It took nine months, 260 days to be exact, but the daily newspapers would be back, it was announced. Settlement was reached in the longest strike ever involving major daily newspapers. The settlement was came between the Publishers Association and the Mailers Union.

The Northville City Council voted, in a split vote, to destroy the Fish Hatchery Building. Councilmen Del Black, Charles Lapham and Wallace Nichols voted not to spend the estimated \$6,000 to restore the building, while Councilwoman Beatrice Carlson and Mayor A.M. Allen favored the restoration.

TEN YEARS AGO

The community's new Cady Street Scout-Recreation Building was open and was a flurry of activity. Although the official opening was not scheduled until the fall, the building was reported to be getting plenty of use and was described as a source of great community pride.

Chances of completing Novi's first sanitary system before fall grew slim as the Oakland County DPW initiated condemnation proceedings against 11 property owners.

One of 15 mobile im-

munization clinics planned by the Wayne County Health Department was to be held in Northville, for both adults and children, offering polio protection with a painless hypodermic gun.

Appointment of two new police officers was made by City Manager Bruce Pothoff. David LaFond and Louis Westfall were chosen from nine applicants who took written and oral examinations.

The appointment of Jack Hoffman as the managing editor of The Northville Record-Nowi News and The South Lyon Herald-Whitmore Lake News was announced by Publisher William C. Sliger.

FIFTEEN YEARS AGO

Members of Northville board of appeals scheduled a check of the proposed first Baptist Church addition before ruling on the church's request to build. A request to build up to four feet of the sidewalk was changed to 17 feet.

The resignation of H. Adrian Willis from the Northville Board of Education created a vacancy. Willis moved for business reasons.

Arthur J. Heslip was named the new president of the Novi Board of Education. Officials of Warren Products company were still studying the possibilities of appealing the court decision

upholding the annexation of 220 acres in Novi by Northville.

A retirement plan was adopted by the Northville city council for all full-time employees. It was put into immediate effect. The plan stipulated that city employees with 10 years of experience or more will receive a pension at age 60.

TWENTY-FIVE YEARS AGO

A search for Dutch Elm disease in Northville was completed. Representatives of the Michigan Department of Agriculture, aided by John Miller of Green Ridge Nursery, were conducting the survey as part of a state wide attempt to stop the disease in communities before it could be firmly rooted.

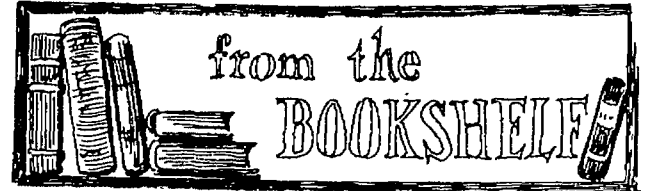

Earl F. Clark was appointed to the Northville School Board filling the vacancy left by the death of William H. Cansfield, board president.

Obituary

FRANK L. SUMNER

Frank L. Sumner, 79, died Tuesday night. A former owner of a garage and service station in Northville, Mr. Sumner had been living in Plymouth. Funeral services will be held Friday at the Casterline Funeral Home here at 11 a.m.

Designed by Straub, Van Dine, Troy architectural firm, the buildings will be low-profile and will harmonize with nearby structures, Richards said.

New books available in the public library this week include:

IN NORTHVILLE ADULT FICTION

"They Found Him Dead," Georgette Heyer; A double murder is a complex case for Inspector Hannasyde.

"Sleeping Beauty," Ross MacDonald; The disappearance of a young heiress is Lew Archer's latest case.

"The Thistle and the Rose," Jean Plaidy; Another historical fiction novel by this popular author. Takes place in Scotland at the time of James IV.

"Evening in Byzantium," Irwin Shaw; Best seller. A middle-aged film producer delves into his past to find a source of direction for his life.

"Law and Order," Law and Order; Dorothy Uhnak; Best seller. Man and his son expose corruption on the New York police force.

"Facing the Lions," Tom Wicker; Best seller.

ADULT NON-FICTION

"Reading, How To," Herbert Kohl; A people's guide to alternative methods of learning and testing.

"The Life and Death of Adolf Hitler," Pierre S. Payne; Best seller. Describes Hitler's personal traits and traces his obsession for power.

"Free for Baby and Mother," Mark M. Weiss; An encyclopedia of things available to parent and child at no cost.

IN NOVI ADULT READING

"How to Avoid the Retirement Trap," Leland Cooley; Offers guidance in preparing for the physical, emotional and economic problems that accompany retirement from the work force.

"Departing Glory," Joseph L. Gardner; Theodore

Roosevelt as ex-President. A moving account of Theodore Roosevelt's post-presidential years and of his effort to regain power after he left the White House.

"The Hollow Hills," Mary Stewart; Picking up where "The Crystal Cave" left off, Mary Stewart's continuation of the Arthurian legend is romantic, refreshing and most pleasant reading.

"Maria," Maria Von Trapp; Maria Von Trapp is one of the most colorful personalities of the 20th Century. She is not only a musician, mother, homemaker, lecturer and world traveler, she is also an accomplished writer.

Library Plans

Story Hours

With Northville Public Library's summer reading program completed, plans are currently being made for resuming pre-school story hours.

According to Librarian Mrs. Elaine Lada, the story hour for three to five-year-olds will begin shortly after school resumes.

Dates will be announced later this month or early in September, she said.

Students who participated in the reading club during the summer may pick up their certificate of achievement at the library.

"I would like to thank everyone who took part in the program and hope many more will join next year," Mrs. Lada added.

Biblical Answers For Troublesome Times

? WHY ASK ME TO ACCEPT YOUR RELIGION? I HAVE ONE OF MY OWN.

The most important thing in the life of any person is the salvation of his soul.

MARK 8:36 tells us, "FOR WHAT SHALL IT PROFIT A MAN, IF HE SHALL GAIN THE WHOLE WORLD, AND LOSE HIS OWN SOUL?"

JOHN 14:6, Jesus says, "I AM THE WAY, THE TRUTH, AND THE LIFE: NO MAN COMETH UNTO THE FATHER, BUT BY ME."

To have a religion other than vital faith in Christ is a delusion which, if not corrected, will prove eternally disastrous.

You may call for help or counseling at 291-7733 or 363-5945. Readers' questions and-or problems are solicited for this column. If you have a question, Christ has the answer and He is never wrong. Please send correspondence to address below.

Teachers Attend Math Workshop

A 10-member team of Novi elementary school teachers has just completed a two-week workshop to formulate a new mathematics curriculum that will be adopted this fall.

The program is slated to be implemented at the Novi Elementary and Village Oaks Elementary Schools.

Under the direction of Novi Elementary Principal Roy Williams, the Novi teachers have been meeting with Terry Corburn, math consultant from Oakland Schools, and Virginia Kobalic, curriculum coordinator for the Southfield School System.

The 10-member team will continue to meet one Saturday per month during the coming school year to assess the strengths and weaknesses of the new program.

A four-week workshop is planned for next summer to completely evaluate the

program and make appropriate revisions.

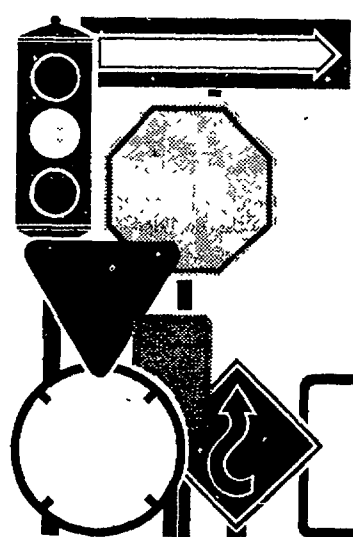

The team is comprised of two teachers from each grade level in the first through fifth grades. First grade teachers on the team are Sylvia Wright and Lucille Dye. Second grade teachers are Lilly Main and Mary Dale. Representing the third grade are teachers Jean Wallie and Jean Kenny. From the fourth grade are teachers Patt Newbold and Sarah Sass. And fifth grade teachers on the team are Irene McCormick and Carol Smith.

Police Blotter

Arrest Two in Novi House Break-In

In Novi

Novi police have arrested two Novi brothers in conjunction with the breaking and entering of a residence at 26149 Novi Road which occurred last week.

Arraigned before 52nd District Court Judge Martin Boyle on charges of larceny from a building were Jeffrey Lynn Cusson, 18, and Greg Joseph Cusson, 17, both of 48905 Nine Mile Road.

The two were arrested shortly after they allegedly entered the Novi Road residence and removed an estimated \$150 worth of goods ranging from phonograph records to a typewriter, police said.

Following their arrest, the pair were lodged in the Oakland County Jail while warrants were obtained from the Oakland County Prosecutor's office charging them with larceny from a building.

After arraignment each was released on \$1,000 bond.

Value of merchandise removed from a residence at 22417 Novi Road during a breaking and entering last week was estimated in excess of \$1,000.

Owner of the home told police he had left home at approximately 8 a.m. on Thursday, August 2. Upon returning home at 6 p.m., he immediately observed that the television set had been removed from the living room.

Further investigation revealed that another television set, a record player, and a combination portable record player and stereo tape deck had also been removed from the residence.

Police indicate some physical evidence was obtained at the scene.

A breaking and entering of the Beauty Mark Salon in the Roma Plaza netted thieves an estimated \$1,100 worth of merchandise and cash.

Removed from the business establishment were a color television set, four formalica cocktail tables, a stereo record player, and more than \$300 in cash, according to police reports.

The theft is believed to have occurred between 5 p.m. July 28 and 9 p.m. the following day.

Again police report they have several leads in the case which is under investigation.

Bicycle thieves hit the Novi area on July 30, stealing five different 10-speed bicycles that day.

Loss value of the stolen bikes was estimated in excess of \$500 by Novi police.

In spite of past warnings issued by police officials, Lieutenant Detective Richard Faulkner noted that not one of the owners of the stolen bikes was able to supply police with the vehicle's registration numbers.

Faulkner urged that all owners of bicycles keep a detailed description of their bikes on file, particularly the registration numbers.

"Without those registration numbers it is extremely difficult for us to work," said Faulkner.

A shotgun with an estimated value of \$160 was reportedly stolen from a residence at 23645 Stonehenge on July 26.

The theft was committed during the daylight hours, police feel.

Police are investigating the breaking and entering of a business located at 46585 Grand River.

According to reports, thieves broke into the Stevens Industries building and then removed a quantity of tools from the sales counter of Mi-Lo Abrasives and Tool Company which is located inside the building.

Stolen items included two electric drills, an orbital sander, three 18-piece sockets sets, and an unknown quantity of pocket knives.

The theft occurred between 6 p.m. on July 26 and 7 a.m. the following day, police reported.

In Township

Daytime burglary in Taft Colony is being investigated by township police.

The home, located at 20375 Woodhill, was entered between 8 a.m. Thursday and 6:45 p.m. Sunday after the rear door was pried open and a chain lock on the inside removed.

Police said the entire house had been ransacked, including freezers in the basement, and an unknown quantity of meat was stolen from the freezers. Owners of the home are still checking to determine if any other items were stolen during the break-in.

Township police are seeking a warrant for a 21-year-old man on charges of indecent exposure following an incident at 11:30 a.m. Saturday.

A Salem woman told police she was horseback riding on Ridge Road at Six Mile Road when the man approached her in a car asking directions and exposed himself.

She obtained the license number and description of the vehicle and reported it to township officers who traced the car to the suspect.

Township police have received several reports of indecent exposure incidents during the past few weeks.

A similar incident took place on a bridge path in Hines Park near Sheldon Road, two teenage girls reported to police late last week.

Damage amounting to \$150 was done to a C&O Railroad signal box on Napier Road near Five Mile Road between 9:30 and 10:30 p.m. Thursday.

C&O authorities reported to township police shots from a .22 caliber weapon split several electrical wires, causing a delay in train movement until the problem was found.

Reports said 12 bullet holes were found in the signal box.

Township officers apprehended a 36-year-old escapee from Northville State Hospital shortly after 10 a.m. Saturday.

Police said the man was walking in the roadway of Seven Mile at the C&O Railroad tracks, tying up traffic.

In Northville

A 22-year-old Northville man faces pre-trial examination today (Thursday) on charges of carrying a concealed weapon.

Gary Lee Bloomhuff of 502 Grace Street was arrested by

city police on charges of drunkenness Saturday afternoon at Main and Center streets.

Police said a routine search of Bloomhuff turned up a six-inch blade knife strapped to his leg. He was arraigned Sunday on the charge of carrying a concealed weapon, pled not guilty and is being held in jail in lieu of \$5,000 bond.

He was arraigned Tuesday on charges of drunkenness and destruction of city property, pled guilty and sentencing was deferred pending a pre-sentence report.

Police said the destruction of property charge stems from Bloomhuff ripping a light fixture off the wall of his jail cell and damaging the ceiling of his cell with his head.

An undetermined amount of damage was done to Northville Square between 4:30 p.m. last week Wednesday and 8 a.m. Thursday.

Investigating officers reported roofing tar had been poured on the concrete floor of the building under construction, caulking compound put on air conditioner vents and oil poured on the bottom floor of the building. Two windows were also broken.

Two boys, ages nine and 12, reported they were chased by a group of older teenagers about 9:30 p.m. Saturday.

According to reports, the two were playing "cops and robbers" in Our Lady of Victory Church parking lot when a carload of youths stopped, yelled at the boys and several youths left the car, chasing the boys. The boys fled on their bicycles, they told police.

Unknown persons entered a car parked on the lower level of the parking deck on Cady Street and stole an instamatic camera.

The theft took place July 30. The owner of the car told police the car was locked but a window had been left open a bit.

Police found no signs of foul play after William Sexton, 68, was found dead in his room at Winner's Circle Bar, 111 West Main Street, Monday morning.

An autopsy was scheduled to be held this week.

COURT NEWS

Three persons waived examination last Thursday in district court and were bound over to Wayne County Circuit Court to face charges of statutory rape.

Richard DiCicco of 505 North Center Street, Gregory Harold Hester of 442 Butler Street and Richard Edward Rowland will appear in circuit court August 16 to answer the charge.

The three were arrested by city police July 20. Hester is free on \$20,000 bond while DiCicco and Rowland are in Wayne County Jail in lieu of \$20,000 bond.

In Wixom

Van's Texaco Station, located on Wixom Road at the I-96 expressway, was victimized by two separate breaking and enterings last week.

The first of the break-ins

was discovered by an attendant when he arrived for work at 7 a.m. on Wednesday, August 1. The thief broke in by kicking out a plate of glass and then went to the cash register where he removed an estimated \$125.

The second break-in was discovered by police while on routine patrol shortly after midnight on Friday, August 3.

According to reports, the officer noted that all the lights in the station had been left on and decided to investigate further. A search of the station revealed that another breaking and entering had taken place.

Stolen during the second break-in was approximately \$150 in cash.

Another breaking and entering of a business establishment was reported by Wixom Auto Parts located at 131 Wixom Road.

Thieves gained access to the building by knocking out the glass in the front door, according to reports. It was undetermined if anything had been stolen.

Time of the break in was placed between 10:30 p.m. on July 31 and 8 a.m. the following day.

A fishing rod and tackle box were stolen from a residence at 2807 West Maple Road last week.

According to police, the

thief stole the items from the garage after unsuccessfully trying to break into the living portion of the residence. The break-in attempt and theft were reported Tuesday, August 31.

A unique, but illegal, solution to the high price of meat was found by someone last week.

A Wixom resident on Grand River Avenue reported the theft of four Bourbon Red turkeys and four pigs.

The turkeys were valued at \$100, while the pigs carried an estimated value of \$150, making the total loss to the man in the neighborhood of \$250.

Township Police Move To Computerize Records

Beginning September 1, Northville Township Police records will be computerized.

Chief Ronald Nisun said the township will be joining the Court and Law Enforcement Management Information System, CLEMIS for short, in Pontiac.

"The cost is nominal," Nisun said, "and the program will aid us in record keeping. We will feed the information into the computer and will

receive print outs of all of our activity."

The chief said the cost is about 3.7 cents per computer entry. The program will be used on a six-month trial basis.

There are no plans at present to have a terminal in the township offices to relay the information to the computer. Nisun said the information would be taken to Pontiac where it would be fed into the computer.

Once a month, the township will receive print outs of the past month's activity.

Reports are broken down by offense, hour of the day, day of week and section of the township, "enabling us to pinpoint where our highest crime areas are, when the crimes take place and what the crimes are," Nisun explained.

"The reports will also show us the total picture of crime within the township," he added.

News Briefs

COUNCIL is continuing its study of proposals to restrict riding of motorcycles, motorbikes and minibikes on city sidewalks.

AN EXTRA bar at Northville Downs was recommended for approval by the city council Monday. The bar, to be located in the track infield, has received council approval for motorcycle races for only three days a year. Final decision on the matter is up to the State Liquor Control Commission.

1974 CAR PRODUCTION BEGINS—The first of the United States automobile industry's 1974 passenger cars began rolling off the assembly line this week. Ford Motor Company's Thunderbird, produced at the company's Wixom Assembly Plant in Michigan,

received a nod of approval from Barbara Nichols of Novi, a secretary in the controller's office, when it came off the final line Tuesday, July 24. Production totaled 87,239 during the 1973 model year.

Wixom Sets Story Times

Youngsters in Wixom are invited to get aboard the Magic Carpet of the Wixom Library on Tuesday mornings from 10 to 11 each week.

According to Library Board President Mrs. Catherine Olson, the program is scheduled to begin on Tuesday, August 14.

Mrs. Olson said the stories read will be aimed at preschool through children ages seven or eight.

The five locations of the Magic Carpet will be Highgate, Northridge, Hickory Hills and Birch Park subdivisions as well as the city hall lot.

In the event of rain, the story hour will be moved to shelter.

Anyone wishing more information about the program should contact the library

NELSON SCHRADER

Cabinets seldom appear to be wobbly but they can fool you. If a cabinet door sticks, look around the edge for a scraped area that shows where it is rubbing against the frame while closing. Sometimes the scrape will show plainly on the frame without any need for a close look. If the door is sagging, the rub point will be at the lower corner on the latch side of the door. With the door partially opened lift that side, and if you feel an upward movement, take a look at the hinges. Very often this type of trouble is simply caused by the hinges being loose.

Stop at **SCHRADER'S HOME FURNISHINGS, INC.**, 111 N. Center St., Northville, 349-1838 for home furnishings. See Henredon, American of Martinsville, Kroehler, La-Z-Boy, Stiffel and Simmons in a variety of styles and sizes. Hours: 9am-6pm Mon thru Wed & Sat. 9am-9pm Thurs and Fri. Closed Sundays. Although the store is in the heart of town there is plenty of municipal parking behind.

HELPFUL HINT: Check all hinge screws periodically to make sure they are tightened. By doing this you will save on your furniture.

Some questions you've asked us about your future at The Lutheran Retirement Center

During the last two years, a lot of people from all over Michigan have asked us a lot of good questions about the Lutheran Retirement Center in Ann Arbor. Here are the ten most frequently asked, along with the answers:

1. What will be some of the important features at The Lutheran Retirement Center?

Among the most important features of life at The Center will be freedom from homeowner responsibilities, well balanced meals, special dietary services, constant attention to health needs, a balance between privacy and companionship, and an independent form of living with assured security. Residents will be free to come and go as they choose, to entertain guests and relatives, to participate in the varied activities available and to help plan those activities. In fact, residents will be expected to live there as they would in the homes from which they come with complete freedom and privacy.

2. Who will be eligible?

Persons who are 65 years of age or older are eligible. They must be in reasonably good health for their age, with the qualities of personality conducive to congenial group living, and with the income and resources to meet the financial requirements. Persons who are motivated by ethical principles, without regard to religious denominations will be sought. An Admissions Committee, with the Executive Director, will decide all matters of eligibility.

3. What happens if a person is accepted as a resident but is not ambulatory when The Center is ready for occupancy?

He or she will be admitted without qualification and will receive all benefits to which residents are entitled.

4. May residents bring their own furniture?

Yes, residents will be welcome to bring their own valued familiar possessions and furnishings. Wall to wall carpeting and drapery linings will be provided. Each unit will have a private bath, and adequate closet space. There will be storage lockers elsewhere in the building.

5. Will residents be able to control heating and air conditioning in their apartments?

Yes, for complete comfort, apartment heating and air conditioning will be individually controlled.

6. What will be the extent of nursing care?

Residents who become ill will be cared for in The Center's own nursing care facility where members of the nursing staff will be on duty at all times. In the event a resident is provided with nursing care in the nursing care facility beyond 10 days per year or an accumulated 30 days in three years, an additional modest per diem charge will be made. This nursing care facility will be accredited by all state and local agencies, and qualified by the Medicare program.

7. What about facilities for regular exercise, especially during colder months?

The Center's sponsors believe that residents can benefit greatly from regular exercise, and have planned to provide indoor exercise equipment. Apparatus such as stationary bicycles and other equipment will be available at no charge. And because exercise is a vital

part of many therapeutic programs, it will be encouraged. In addition, outdoor exercise facilities - a perimeter walk and bike path - are planned.

8. Will special diets be served in the regular dining room?

Yes, special diets will be served if prescribed and required by your physician, and supervised by The Center's dietician.

9. Would a resident ever be evicted, because of health problems?

No. The Life Lease Contract provides continued and uninterrupted care as long as it is medically feasible in The Center.

10. What happens to a resident if he becomes unable to meet financial obligations after living at The Center for some years?

Residents are assured they will not be requested to leave The Center because of financial reverses after having established residency. While assuming the responsibility of self support as a resident of The Center there is equal responsibility upon each resident to properly care for the financial resources upon which he depends.

Your questions about The Lutheran Retirement Center are always welcome. Just call our information office (663-1330) weekdays from 9 til 5, or visit the office at 1170 Earhart Road on the site of The Center during those hours — and Saturday and Sunday from 1 til 5. Or use the coupon below for complete information, without obligation of course.
