

Northville State Police Post Gets Final OK

Governor William Milliken has signed the bill that finances this new \$1.7 million State Police complex to be built next year on Seven Mile Road property just west of Northville State Hospital

Construction Set to Start Next Spring

A new state police district headquarters complex in Northville has been assured with the signing of the \$131 million capital outlay bill by Governor William Milliken.

The complex will include headquarters' facilities for the Detroit area second district, a crime laboratory and a post.

It will be one of the largest state police installations in Michigan and will provide 36,500 square feet at an estimated cost of \$1.7 million.

State Senator Carl Pursell announced that the state capital outlay bill included \$1 million to start construction on the complex. Senator Pursell is a member of the influential senate appropriations committee which pushed the record bill through the senate.

"This should be great news

for residents of the Northville area.

"In addition to benefiting the area through providing jobs for many laborers and business for many local establishments, the appropriation will provide the Northville area with the ultimate in state police protection.

"The new headquarters will be modern in every way and will offer the latest in state communications for state police officers working in the district," Senator Pursell stated.

The complex will be constructed on state-owned property just west of Northville State Hospital on Seven Mile road.

Construction is scheduled to begin next spring with completion set for one year later—spring, 1975.

Final approval of the facility has been long awaited by local city and township officials and citizens who started the campaign to locate the state police complex in Northville more than two years ago.

Until recent months it had been planned that the Northville Economic Development Corporation, a non-profit organization composed of representatives of the school district, city and township, would build and lease the complex to the state.

This would have been a unique approach that was devised because of a shortage of state funds for such projects.

Actually, the Northville group guided the project through a series of developments that included choosing the site, transfer of the property from the department of mental health to the state police, and selection of the architect plus preliminary design.

The architect, Karl C. Nelson, has now been retained by the state as the consulting architect on the project. Previously, Nelson had worked closely with officials of the state police department's crime laboratory, district headquarters and post to provide the desired

Elkins Resigns

It became official Monday night.

Northville is minus both a city manager and a police chief.

The latter resignation was made public by Adrian-bound City Manager Frank Ollendorff at a special council meeting.

The announcement was not unexpected.

Everyone knew that Police Chief Samuel Elkins wasn't really on a vacation in Tennessee. He was job-hunting.

Manager Ollendorff reported to the council that the quiet-spoken Elkins, who came to Northville seven years ago from Inkster and brought efficiency and harmony to the city's police department, would not return from Tennessee.

Actually, Elkins had tendered his resignation before departing for Tennessee, where his family had established residency. But on

Roundelir Hangup

Moraine Addition Tabled

Plans for remodeling and addition to the instructional material center at Moraine Elementary School were tabled Monday pending further school board study and possible cost shaving.

Tabling was triggered when it became obvious that though board members preferred maximum utilization of space as represented in one of two plans they were hung up over a unique study tunnel costing \$6,000.

Specifically, they wondered aloud if this special feature was functionally worth the

additional cost.

Without the study tunnel, called a "Roundelir" by the architect, the board probably would have approved the more expensive of the two plans.

The more expensive 'A' plan—carrying a price tag of \$96,704—calls for total elimination of two existing courtyards and turning this area into part of the instructional material center. It is this plan that provides for the Roundelir.

The other "B" plan—costing \$65,205—only partially

uses the two courtyards and it does not include the Roundelir. It provides 2,340 square feet of area, whereas Plan A calls for 4,626 square feet.

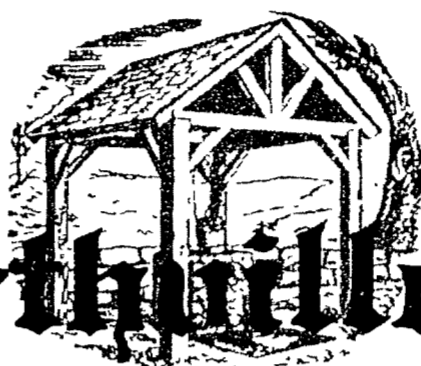

Superintendent Raymond Spear has explained the necessity of enlarging the instructional material center, pointing out that the school, originally built to house 500 children, has been expanded to accommodate 700 youngsters.

Elimination of the courtyards is viewed as no great loss by administrators, who

note that the courtyards have become collection areas for dirt and have been access points to the school's interior by vandals.

According to F. Gene Ralls of Ralls-Hammill-Becker-Carne, Inc., with expansion of the instructional materials center into the court areas part of the existing area can then be allocated to a Centrum for the six surrounding classrooms. Presently, they do not have their own Centrum as do other classroom clusters

Township Ponders Police Financing

Millage Question Delayed

Decision to ask Northville township voters for millage to finance police services in the township has been postponed until September 11.

Meeting Tuesday night, township trustees decided to "think on the proposal" until their next meeting in September.

Township Supervisor Lawrence Wright said that "after our next meeting is time enough" to notify the Wayne County Commissioners of the board's intent of placing a millage issue before voters in August, 1974.

Wayne County Commissioners have asked the townships to pass a resolution indicating their intentions of asking voters for millage to either help pay for Wayne County Sheriff's Road Patrol services or provide their own police protection.

If townships pass these resolutions, the commissioners have indicated they will finance the road patrol through November 30 of this year and possibly through November of 1974.

For several years, the county has threatened to cancel road patrol services to

townships unless township agree to help finance the cost.

Appearing before township trustees Tuesday, County Commissioner Mary Dumas said the resolution would be a "symbolic show of good faith. It can be to continue your own police protection or to help with the road patrol.

"Because Northville township has a police department, it will give you greater leverage in getting other services from the sheriff's department," Mrs. Dumas said.

"You're also interested in leasing Wayne County Child Development Center buildings and this (providing own police protection) will also give you leverage here."

Mrs. Dumas explained that the township can go to the county and say "Look what we've done, now we want this."

She added that it was not necessary for the township to pass a millage if the increased valuation of the township would allow Northville to finance extra millage without an issue.

However, she stated, the county needed a resolution from the board "as soon as possible that if you can't finance police protection by yourself, you will put it on the ballot."

Trustee Leonard Klein cautioned that if all the townships covered by the road patrol ask for and get millage or provide their own police, the sheriff then can abolish the road patrol.

Mrs. Dumas said the township will be "able to get more federal grants for police programs. With the attitude that Northville has (providing a police force of three men and a chief) it will help the township.

"With a full police department, you will have more political clout with the county commissioners" and be able to ask for more services from the county, she stated.

Clerk Sally Cayley said she felt that the county asking for a resolution from the township was "a bit of blackmail". Mrs. Dumas agreed.

Klein proposed the township pass a resolution stating that "if the Northville township board determines it needs more police protection and is unable to finance it, we will go to voters for financial assistance at the next general election."

Trustee Richard Mitchell said he would only vote for the resolution if "the money will be under our own local con-

trol. If people authorize the money given to the sheriff, it does not mean we can keep the sheriff in the area and it does not mean we have local control.

"We have our own local police and the Michigan State Police," Mitchell said.

Trustee John MacDonald said the townships should "impress upon the sheriff that they are obligated to serve us by state statute."

Wright said that "one car patrolling in 240 square miles would comply with the statutes."

Klein questioned why the

Township Plan Set For Hearing

Public hearing has been set for Monday, October 1, on the new zoning ordinance and master plan for Northville township.

The hearing will begin at 8 p.m. in township offices, 301 West Main Street. Action was taken last week Wednesday by township planners in a special meeting.

According to planning commission chairman James Nowka, the new ordinance and master plan represent several months of work by the planning commission, township board and the township planning and engineering consultants.

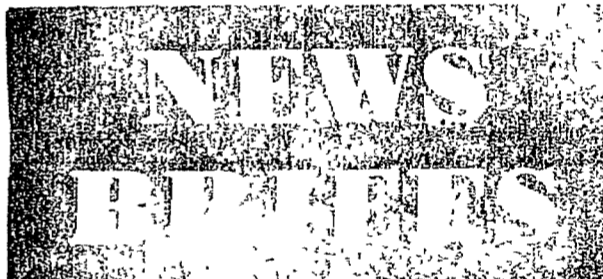

"In updating the zoning ordinance and master plan, we have attempted to react to the times," Nowka commented this week.

"We've put the zoning ordinance in better shape for the future and maintained growth that will be suitable to the township," he explained.

The master plan, which currently is in the final stages of preparation, is expected to be completed by the end of August.

Most significant change in the plan calls for approximately 600 acres of land along the east and west side of Haggerty Road south of Six Mile and along the west side of Haggerty north of Six Mile Road to be rezoned to a research and development classification.

"LOOK at it this way: it's an investment in your town," explained Gerald Stone in reminding area residents of the tickets on sale now for the 1973 Ford Pinto station wagon to be given away Sunday, August 26 at the annual Northville Fair. All proceeds are to be used to finance the community fair. Tickets — selling three for \$1 — are available in all stores with special fair signs in their windows.

WITHIN a week descriptions of easements for the Randolph Drain flood plain will be completed, according to Joe Urla, project engineer of Johnson & Anderson. Copies of the descriptions of the easements are to be provided the City of Northville and the affected property owners. Once signed easements have been secured by the inter-county drain committee, the project will be at the bidding stage, Urla said.

By Housewives, Some Stores

Meat Pinch Felt

By MARTHA ROEMER
There's a four letter word which is the cause of much concern lately. It's spelled m-e-a-t.
Whether it's beef, pork, or lamb, meat seems to be one of the major topics of discussion currently. With all meat prices, save beef, unfrozen, the cost of a pork roast or lamb chops has gone skyward. Speculations are that after the freeze on beef ends September 12, ground round and pot roast will join in the upward trend.
The situation is effecting merchants who sell meat, but the effects are more readily seen by housewives who have to plan meals and still follow a budget.
Mrs. Russell Anger, Jr. of Novi Avenue said prices of meat and the difficulty she's found in getting beef lately have changed menu planning a bit.
"We love having people

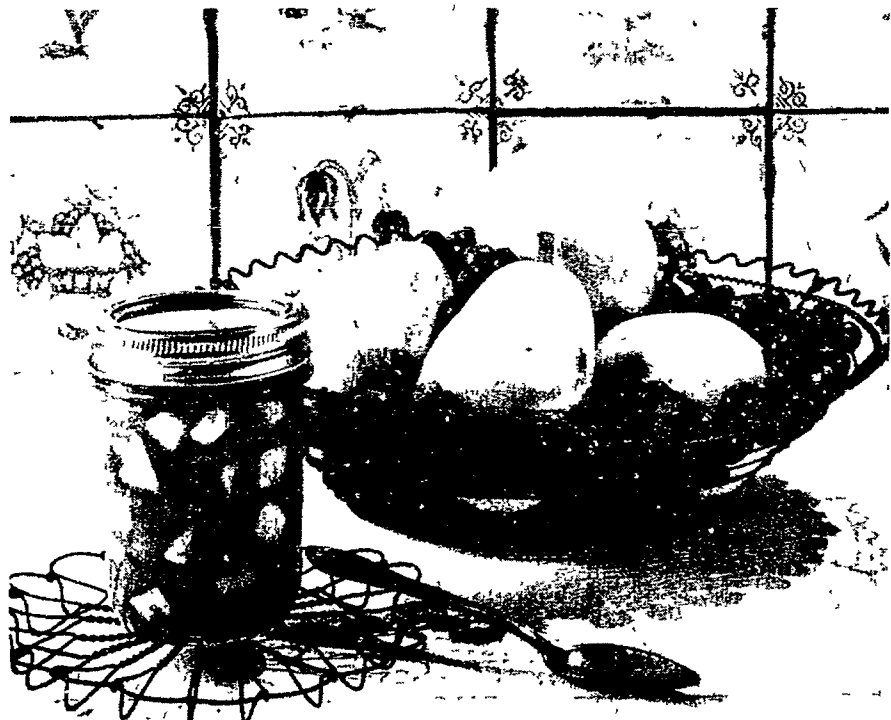

over for dinner. I had wanted to get a roast to do on the barbecue and just couldn't find one so I had to settle for spare ribs," she said.
Meat shopping, she said, is generally done at a small meat market and she hasn't found drastic shortages as yet.
"I'm finding a lot of ways to cook hamburger, like a lot of women are doing now and I've been buying flank steak and marinating it to cook and broil," she added.
"It's easier to cook in the summer when we eat a lot of hamburgers and hot dogs, but I don't know what we'll do in the winter. Even stew beef has gone up and will probably go higher. I really feel sorry for people with large families." Mrs. Anger and her husband have three children.
Mother of five, Mrs. Allen Cassady of Carpenter Street said she hasn't noticed the change in beef prices because

she "has a freezer full of beef".
Mrs. Cassady said she's been stocking up on beef for four years by buying a side of beef each year. "My mother-in-law has been calling around trying to find someplace to buy a side and everyone keeps telling her to call back in October. They say there is no way they can even give her a price or say they will have the meat available."
It has been quite a while, Mrs. Cassady said, since she has had to buy meat in the store. She added she does sometimes buy chicken, but even that is up in price.
"I used to enjoy shopping," she said, "but I don't anymore. I have to keep looking for hamburger dishes. My meat supply is getting low and it is time to reorder. With my family, I use about three pounds of hamburger for a meal."
"My family complains that

the hamburger from the store doesn't taste as good as what comes from the freezer so I try to doctor it up as best as I can. Usually, I just walk past the meat counter in the store."
She said if she can't get the beef to stock her freezer in the fall, "it will be back to fish."
Manager of the Chatham store in Northville, Tim Gyorke, said Chatham has had no trouble getting meat or selling it. "Sales are about the same for us. Of course, there was a run on chicken and pork when those prices were down and there was the threat that people might not be able to get it. We are experiencing the same thing with beef now."
Gyorke said, while other chains cannot get beef and are importing it from Canada, the Chatham chain is not importing. "Chatham," he added, "will be very competitive in prices after September 12 when the freeze on beef comes off."
According to Gyorke, the Chatham stores get their meat from the chain's own processing plants.
While the larger chain is experiencing little difficulty, the situation for a smaller independent store is a different story. John Genitti of John's E.M.B. market in Northville now gets no meat deliveries. "I have to go down and pick up everything I can get to sell."
He explained that both companies with which he did business closed down. "One of them brought a herd from Iowa and custom killed a load," Genitti said, explaining what the company did was omit the use of a slaughter house.
"If I want it (meat), I've got to go and get it. I try to keep enough on hand to keep my good customers happy."
Genitti said he believes there's no reason for the shortage he and other independent merchants are experiencing. He said he feels the problem is that the farmers are holding the cattle back.
"What we need is a good 10 or 12 day boycott. Then the farmer will have a lot of fat on his cattle and won't get as good a price for the meat. I cut way back during the last boycott and supported it. I was surprised how many of my customers were in favor of my doing it," Genitti said.
As an example of how prices have risen recently, Genitti said he orders pork two times a week. "Lately, the prices have gone up three or four cents a pound with each order."
Genitti said he will continue to carry just what he needs and will not overstock his meat counters. He said he believes that prices will eventually stabilize, "but they won't go down" even after the beef freeze is over.
According to Don Puckett, the manager of the Kroger

Meat counters are filled here possibly because many shoppers are looking but not buying

Homemade jam shows off your creative know-how

Fruit's In Season

Jam Makes Good Gift

There's a touch of the matchmaker hidden in every woman, and it doesn't apply only to selecting the most compatible guests for her next party.
Actually, it's at work in all the other homemaking arts, whether dreaming up a tempting menu or choosing the perfect centerpiece to complement a table setting.
Matchmaking has its place

in jam making, and this is where you can show off flair. Not only is it wise to be economy minded nowadays — to take advantage of all those fresh fruits in markets today for tomorrow's enjoyment — but also to show off a little creative know-how by making something you can't buy.
For everything there is a season, and it's true with pear varieties, ranging from

summer through early fall and late winter. Now is the time to matchmate pears with cranberries in a Pear and Cranberry Jam easily made with chopped pears, ground cranberries, and grated orange rind. The tart and tangy cranberries perk up the subtleness of pears and give

Tops Other Reinsmen

She's Champion Driver

Bea Farber has joined the gallery of outstanding driving champions in action these nights at the Hazel Park Harness Raceway.

She is something special. When she won the driving championship in the recent Northville Downs meeting, she became the first woman to win any driving title at a North American track.

The petite one-time patent law office secretary led all the drivers at Northville with 15 victories, seven seconds and six thirds for a sensational .355 average. Other reinsmen drove oftener but none competed with her dazzling consistency.

No driver has approached such an average in the last 19 seasons at Hazel Park. The best subsequent average was the .356 posted by Archie Niles Jr. in 1956.

She began driving on the county fair circuit in 1970 when, she says, her average was "only fair". She moved to the night parimutuel tracks the next year and promptly served notice that she knew her way around a race track, winning 38 races and maintaining a 300 plus percentage.

In 1972, she did even better, posting 45 victories and boosting her percentage to .385. She and her husband, Chuck, also a driver-trainer, have about 65 horses on their farm near Brighton. Bea is racing a stable of 15 at Hazel Park. She appears to be singularly unimpressed by her success.

Why shouldn't a woman be a winning driver, she wants to know. She says sex has nothing to do with it. Good hands and the ability to rate a horse count heavily, and so does a willingness to work long, hard hours to get a horse

ready for the races. When they were first married, Chuck drove and Bea watched. With wifely solicitude, she undertook to tell him how he could improve his driving. "If you think it's so easy, why don't you try it?"

he challenged. She did, and she found it was more difficult than she could imagine but she stuck with it. And in less than four years, she has made it to the top.

Announce Births

Twin sons were born to Mr. and Mrs. Jeffrey Sudz of 589 Randolph on August 7 at St. Mary Hospital in Livonia.

Oldest of the twins is Timothy Andrew who weighed in at six pounds and 15 ounces. Robert Burke weighed five pounds and 10 ounces.

Grandparents of the twins are Mrs. and Mrs. Raymond Sudz of Plymouth, formerly of Northville, and Mr. and Mrs. Neil Paulger of Plymouth. The twins have an older brother, Richard who is 3½ years old.

their first child, a daughter, are Mr. and Mrs. Dan Bongiovanni of Hamburg, formerly of Northville.

Nicole Christine was born July 26 at St. Mary Hospital in Livonia. She weighed six pounds and four ounces at birth and was 18½ inches long.

Her maternal grandparents are Evan Henschell of Farmington and Mrs. Carmen Handysides of Brighton. Paternal grandparents are Mr. and Mrs. Frank Bongiovanni of Carpenter Street.

Announcing the birth of

Announcing the birth of a daughter, Kimberly Fay, are Mrs. and Mrs. Bill Weidner of Bronxville, New York.

The baby weighed seven pounds and four ounces when she was born on July 31. Paternal grandparents are Mr. and Mrs. William Weidner of Northville and maternal grandparents are Mrs. and Mrs. Arthur Stinson of Dearborn.

Mrs. Fay Ross of Dearborn is the baby's great-grandmother.

MR. AND MRS. CHESTER L. EVERS III

Wears Mother's Necklace

For her marriage to Chester L. Evers III, Cynthia McCurdy wore a gown made for her by her mother and a strand of pearls given to her mother by her father on their wedding day.

Parents of the couple are Mr. and Mrs. James McCurdy of West Main Street and Mr. and Mrs. Chester L. Evers, Jr. of South Holland, Illinois.

The wedding was performed by the Reverend Lloyd Brasure on August 4 in the First Presbyterian Church of Northville.

Mrs. H.O. Evans played Jesu, Joy of Man's Desiring and Marche Nuptiale for the processional and Trumpet Voluntary for the recessional. During the ceremony, Bud Thompson sang The Wedding Song and a song he composed especially for the bride and bridegroom.

The bride was given in marriage by her father. Her gown was made of lace and organza styled with a V-neckline and short sleeves. A lace Juliet cap held her shoulder length veil of French tulle.

She carried an arrangement of pink sweetheart roses, stephanotis, ivy and a white orchid on a white Bible which was a gift of the bridegroom's paternal grandmother.

Sue Forrer of Northville was maid of honor in a cherry pink linen gown styled with a halter bodice and a long, full skirt with a ruffle at the hem. Her bouquet was a colonial arrangement of pink rosebuds, white daisies, pink carnations, purple statice and baby's breath.

Wearing dresses and carrying bouquets identical to the maid of honor were

bridesmaids Deb Norg of Kalamazoo, Pat Evers of South Holland, Illinois and Candy McCurdy.

Suzanne McCurdy and Nancy Evers were junior bridesmaids. They wore pink voile dresses trimmed with lace and pink flowered embroidery. Their bouquets were miniatures of the bridesmaids' arrangements.

Alan Evers of South Holland, Illinois, best man, was assisted by ushers Jeff Winne of Holland, Michigan, Rick Vanderlind of Grand Rapids, Brad Lyons of Westland, Tom Rietveld of Chicago, Illinois and Patrick

Shelley of Kenosha, Wisconsin.

The reception, held following the ceremony, was at the Thunderbird Hilton Inn. Among the 140 guests present were people from Illinois, Indiana, Florida, Pennsylvania, Wisconsin, and Michigan.

Upon their return from a wedding trip to Cape Cod, Mr. and Mrs. Chester L. Evers III will be at home in Chicago.

The bridegroom, a recent Hope College graduate, is employed by Evers Office Supply Company. In the fall, the bride will participate in the urban semester offered by Hope College.

COMPLETED PRODUCT—Showing off the result of many hours of work put out by the Northville Mothers' Club during the past six months are the co-chairmen for the 1973 Mothers' Club Northville Community Telephone Directory, Mrs. Glenn Deibert, standing, and Mrs. Keith Wright.

Mothers' Club Directory

Issue Phone Book

The third edition of the Northville Mothers' Club Northville Community Telephone Directory is off the presses and is presently being distributed to every individual whose name is listed in its 48 pages.

The help of the entire club was enlisted by co-chairmen for the 1973 edition, Mrs. Glenn Deibert and Mrs. Keith Wright. Since February, Mothers' Club members have been searching for ad-

vertisers. In April, the women began compiling the list of Northville residents for the new book.

According to Mrs. Deibert, there are about 5,300 entries in the 1973 directory and each person or business listed will receive one free copy of the book. Additional copies, she said, are available for \$1 each from Mrs. Marge Longridge, 43646 Westridge Lane, telephone, 349-0551.

Listings in the book cover the city and township of Northville, those registered to vote in the Northville school elections and residents who

receive their mail from the Northville Post Office who are not listed in the northwest area directory of the telephone company.

This 1973 community telephone book is the third directory put out by the organization. The first appeared in 1968 and the second was published in 1971.

The cover of the latest telephone book shows vintage pictures of Northville with the words "Proud of Our Past..." and newer pictures along with the words, "Faith in Our Future..." on a yellow background.

Host Policeman

Sergeant Carl Berry of the Plymouth Police Department will be the guest speaker at the August 22 regular meeting of the Plymouth-Northville Chapter of A.A.R.P., President Frederick W. Bradley announced.

The talk will be at 1:30 p.m. in the Plymouth Presbyterian

Church following a potluck lunch and business meeting starting at 12 noon. An interest group program is planned at 10 a.m.

According to Bradley, the American Association of Retired Persons (A.A.R.P.) welcomes visitors, age 55 or older, whether they are retired or not.

Couple Composes Vows

The bows recited by Bessie Leanne Steeper and David Owen Wells at their August 4 wedding were based on the book of Ruth and written by the couple. Following the recitation of their vows, they performed the ceremony of the candles to symbolize their union.

Parents of the bride and

bridegroom are Mr. and Mrs. Lorne W. Steeper of 19320 Marilyn Road and Mr. and Mrs. Johnny Wells of Highland Park.

The 4:30 p.m. wedding took place at the First United Methodist Church of Plymouth and was performed by the Reverend Paul Cargo.

Organ music was played by Gary Becker of Northville and Jim Lawrence provided trumpet music during the processional, Trumpet Voluntary, and the prayer response, Prayer of St. Gregory.

Given in marriage by her father, the bride wore a gown made by Colene Sykes, a family friend. It was made of white lace and styled with bell sleeves, an empire waistline and an A-line skirt. Light blue ribbon was used to accent the dress. Her fingertip veil was secured to a Juliet cap.

The bridal bouquet was a nosegay of white daisy mums, miniature carnations, baby's breath, pink sweetheart roses and blue starflowers.

Patricia Ann Jones of Northville was maid of honor in a light blue flowered gown which featured a sweetheart neckline and a floor length green ribbon. She carried a fresh bouquet of white daisy mums, pink snowdrifts, variegated miniature carnations and dark blue statice tied with a pink bow and green streamers. Her headpiece was made of fresh daisy mums and snowdrifts.

Bridesmaids were Stacey Evans of Northville and Mrs. Carl Taylor, the former Robin Armstrong of Northville.

They wore dresses like the maid of honor and carried bouquets of white and blue daisy mums, pink carnations,

and blue statice tied with a blue bow and green streamers. Their headpieces were white daisy mums and blue snowdrifts.

Serving as best man was Randall Marshall of Kalamazoo. Assisting as ushers were John Pugh of Kalamazoo and Jay Crouch of Niles.

The Thunderbird Hilton Inn was the site of a dinner reception for 50 guests. Friends and relatives attended from Florida, Jackson, Kalamazoo and Canada.

The bride is a graduate of Michigan State University. She will be on the staff of Portage West Junior High School. The bridegroom is presently studying music at Western Michigan University and is an assistant manager for Shiffren-Willens, Inc.

TERRY VALENTINE

Engaged

The engagement of Terry Lee Valentine to Benjamin F. Pierce III is announced by her parents, Mr. and Mrs. Edward J. Valentine of 23224 Ennishore. The prospective bridegroom is the son of Mr. and Mrs. Benjamin F. Pierce, Jr. of 44985 Eleven Mile Road.

A 1972 graduate of Novi High School, the bride-elect is presently attending Oakland Community College.

Her fiancé graduated from St. John's of Ypsilanti in 1969, attended Michigan State University and received an associate degree from Oakland Community College. The wedding is planned for spring of 1974.

News Around Northville

Brad Wilkins, son of Mr. and Mrs. Wilkins of 19733 Hayes Court is to be featured in the seventh annual edition of Who's Who Among American High School Students, it was learned this week.

The book recognized over 18,000 public, private and parochial high school students throughout the country for their leadership in academics, athletics, activities or community service.

Less than 2-percent of the junior and senior class students nation-wide are awarded the recognition.

A recent graduate of North-

ville High School, Wilkins won recognition in the Michigan Competitive Scholarship Examination and he was in the Honors Class of the graduating seniors.

He will compete for one of ten \$1,000 scholarship awards funded by the publishers of the biographical citation he is to receive. He plans to attend Purdue University in the fall.

Several students from the area were awarded degrees from Central Michigan University at recent spring commencement exercises.

Two Northville residents were graduated cum laude

They are Susann Kirk of 615 Randolph, who graduated with a psychology and sociology major, and sociology major Kenneth M. Kiurski of 38646 Silken Glen.

Other graduates included two residents of Wixom. Sheryl L. Lachance of 50496 Pontiac Trail was awarded a degree in health education and Kathleen M. Thompson of 31121 Wildwood received a geography and earth science degree.

MAKING WAY FOR PROGRESS—Although most Novi residents are wholeheartedly in favor of paving roads, paving programs often have their negative aspects. One of the unfortunate side affects of the Haggerty Road surfacing currently being undertaken by the Oakland County Road Commission is that

this beautiful old elm tree will have to be removed. Believed to be well over 100 years old, the tree stands in the road right of way and will be felled so the county can proceed with its plans to pave Haggerty between Nine and Ten Mile Roads.

Ten Mile-Taft Roads

School Buys Site

Proposal for a gigantic school-municipal complex at the southeast corner of 10 Mile and Taft roads moved a step closer to reality Tuesday as the Novi Board of Education voted unanimously to purchase the 160-acre site for \$640,000.

Superintendent Gerald Kratz predicts construction of the proposed new high school will begin within a year.

That school, which voters last June voted to finance along with other school construction and property purchases, is to occupy only a portion of the property — perhaps 50 acres. The remainder will be occupied by a city hall and related municipal-school developments.

Dr. Kratz has explained that the school will sell the excess acreage to the city at the same per-acre cost it must pay for it.

The per-acre cost is \$4,000 — considerably less than what raw acreage is selling for, it was pointed out by School Trustee Robert Wilkins, who commended the Fuerst sisters, Iva and Ruby, who are selling the property to the school district. Obviously, they have an interest in their community because they could have sold their land for considerably more money, he pointed out.

Board Vice-President Gilbert Henderson, who moved the purchasing resolution, praised former board member Bruce Simmons and top school administrators for successfully negotiating the purchase.

The purchase agreement approved by the board calls for a down payment of \$160,000, with payment of the principal balance of \$480,000 in not more than six years, with interest on any unpaid

balance at the rate of 5-percent per annum.

Total principal paid in any one year is not to exceed 25-percent of the purchase price. The agreement provides that the Fuerst sisters may continue to live in their home for the remainder of their lives.

Among other provisions the agreement stipulates

—The board is to pay any now unpaid taxes.

—That the sellers are to

furnish appropriate title insurance, with the closing to take place within 15 days thereafter.

—That after payment of \$240,000 of principal, the board is to be able, with appropriate safeguards for the sellers' remaining security, to select and receive legal title to a 50-acre parcel.

Although no agreement has been formally agreed upon as

Police Crack Drug Ring

Novi police have busted what they believe to be a well-organized drug ring dealing in thousands of dollars worth of illegal drug traffic every day. Primary object of the ring, which operated by passing forged prescriptions to suburban druggists, was to obtain a new drug called Dilaudid and then sell it on the streets.

According to police, Dilaudid is now commonly being used as a substitute for heroin.

So far three arrests have been made, but Corporal Robert Starnes, who is heading up the investigation

for the Novi police, indicated that more will be forthcoming.

The first arrest was made Wednesday, August 1, when a Carol Ann Marxson, 29, of Detroit, was taken into custody after she had allegedly passed a forged prescription for Dilaudid at the Novi Drug Store shortly before closing time.

The following day two more arrests were made. Detective Sergeant Gordon Nelson arrested a Cynthia Marie LaPierre, 26, also of Detroit, at the same drug store on the same charge. And Walled Lake police arrested yet

another female for the same offense.

According to Starnes, Dilaudid, the drug sought in each instance, is becoming increasingly popular as a substitute for heroin. Miss Marxson, he noted, is a known heroin user whose husband died from an apparent overdose of heroin approximately one year ago.

The drug is an extremely strong pain killer and is frequently used in treating terminal cancer patients.

Starnes expressed the belief that the operation interrupted by the three arrests was a highly profitable one.

At Novi Public Hearing

Citizens to Fight Zoning Requests

Novi's city council will be faced with a key decision regarding the future development of the city when it hears rezoning requests from three different developers next week.

City officials are expecting one of the hottest public hearings in recent years when the petitioners appear before the planning board and city council to make their requests.

The hearing is slated for Wednesday, August 22, at 8 p.m. in the Novi High School Commons.

Most important of the three requests comes from Kaufman and Broad, developer of the huge Village Oaks subdivision, who will be requesting the rezoning of 172 acres of land south of Nine Mile Road.

K & B will be requesting two specific zoning changes for the land which presently carries a R-1-S (Suburban Residential) District designation. K & B will ask that approximately 121 acres of the overall parcel be rezoned from R-1-S to R-1 (single family residential), while the remainder of the parcel — roughly 56 acres — be rezoned to R-2-A (multiple family residential).

The R-1-S designation requires that houses be built on one acre lots, while the R-1 designation permits homes to be built on 80 foot lots.

The other two rezoning requests also involve the southeast section of the city.

The council will hear the request of Bernard Rollins to rezone a large parcel of land on the southeast corner of Meadowbrook and Grand River from R-1 to R-2-A. The property in question is adjacent to the Willowbrook Number Two subdivision.

The other request is from Commonwealth Enterprises and asks for the rezoning of a piece of land west of Haggerty Road and between Nine and 10 Mile Roads from R-1 to R-2-A. The property abuts the south side of Gray's Subdivision.

Although the rezoning requests have received only a minimum amount of publicity, both Kaufman and Broad officials and opponents of the rezonings have been making relatively extensive plans for the public hearing next Wednesday.

Representatives of Kaufman and Broad have been

busy for several months trying to limit citizen opposition to the rezoning.

The Novi News has learned that K & B officials have reached a conditional agreement with the members of the Village Oaks Clubhouse Association regarding the proposed rezoning.

Basically, that agreement calls for K & B to make certain concessions to the Association in exchange for their non-opposition at next Wednesday's public hearing. Forces opposing the

rezoning have been no less active in marshalling support for their point of view.

Basis of their opposition is expected to be that the population density of the entire southeast portion of the city is already too high. To grant any rezoning which increases density, they argue, would adversely affect the entire area.

Opponents point to the fact that there will be three separate requests for multiple family residential before the council next Wednesday as

proof that the area is being overrun with high-density developments.

"The whole point is that the city is congregating too many people in the southeast section," stated Mrs. Shirley Moak, a former president of the Village Oaks Homeowner's Association and an opponent of the rezonings. "K & B owns 37 percent of the land in section 35. According to the city's Master Plan for development," she

Willis' Appointments Stir Wixom Debate

Tempers flared in the Wixom council chambers Tuesday as members of the city's planning commission, citizens, and city councilmen reopened discussion on Mayor Gilbert C. Willis' appointments to the planning commission.

Tabled after a heated discussion two weeks ago, the controversial recommendations were taken off the table Tuesday, discussed, and then placed back on the table for the next council session as Willis himself cast the tie-breaking vote.

Letters from Planning Commission Chairman John Miner and commission member Mrs. Johanna Ware asked the mayor to reconsider his recommendation to the council and reappoint members Melvin Green, James Lahde and Leslie Kent.

At the previous council meeting on July 24, Willis asked council to approve the reappointment of Kent and the appointment of Russell Wahamaki and Thomas R. Wagner in place of Lahde and Green.

In his letter, Miner, speaking for the remaining six members of the commission, said "we feel it is important to retain the men" to the commission.

The letter called Lahde the committee's expert on ecology and stated Green has "a genuine interest" in the planning of the city. Both men were termed "key members" in making plans for Wixom.

One reason given by Willis at the July 24 meeting for not reappointing the men, was that both are in the running for seats on the city council, and if elected, would have to resign from the planning board, thus creating a vacancy or two in November.

Miner pointed out in the letter that the men have not been elected to the council and that if one or both were elected the commission would like at least one member of the council on the commission.

As for the mayor's choices for Green and Lahde's seats, Miner said he hoped they would join a group of citizens being formed by the commission to bring them ideas from the community.

"In view of the letters from the planning com-

mission," Councilman Gunnar Mettala, "Would the mayor care to withdraw his recommendation for appointments."

"That would not be the pleasure of the mayor," Willis answered.

Miner explained since the three men's terms expired, the nine member commission has been operating with only six members.

Councilman Val Vangieson

asked the mayor if he would reconsider even at the request of the people he appointed who were still on the planning board. "Or," Dr. Vangieson added, "would you accept these men (Green and Lahde) if they were to submit a letter to you saying they would resign if elected."

Willis countered the request saying the possibility of their

School Board Relaxes Policy On Smoking

A relaxed student smoking policy for all schools within the Novi School District was approved by the board of education Tuesday night.

On the surface, the policy suggests a tough, no-smoking ban with ultimate expulsion for repeated violations. But even though it does outlaw all student smoking within school buildings, it avoids mentioning a ban on smoking outside these buildings on school property.

In essence, therefore, students may smoke on school property (outside buildings). However, a board spokesman indicated that some administrative control of outside smoking is likely.

Newly-appointed Principal Helen Ditzhazy said the new policy is "reasonable" and one that can be enforced.

And Superintendent Gerald Kratz told this newspaper "it will be enforced," and that the problem of smoking in school restrooms is to be stamped out with rigid control.

Trustee Robert Wilkins, during a discussion of the policy, indicated the "intolerable" restroom smoking problem triggered the board's action.

The policy represents a "compromise" with members of the high school student council, who during the last

school year conducted a survey of other school districts to back up their request for establishment of a designated smoking area. They, too, expressed concern over the restroom smoking situation, pointing out that it had become a serious nuisance for non-smoking students.

Although some school districts surveyed by students permit established smoking areas inside or outside the school, Novi's attorney noted that such specific provisions are clearly unlawful.

Dr. Ditzhazy told board members she had discussed the smoking problem with Police Chief Lee BeGole, who indicated his officers do not and will not arrest smoking minors. He indicated, she said, that such smoking is so common that enforcement would detract police from controlling and stopping far more serious crimes.

The chief suggested the school, too, has far more important educational roles than to serve as policing agents for violations of smoking that society, in general, condones.

The policy, which was approved by all seven board members, provides:

Smoking or carrying of

Fall Home Tour

Warm Atmosphere Accents Country Home

By MARTHA ROEMER

"Country casual" is the way Mrs. Robert Coates describes the historic Northville farmhouse, which she and her husband and their two daughters call home.

Mrs. Coates has furnished the house with a blend of collectable furniture she's purchased at auctions or received from relatives as well as modern pieces.

The colors are a blend of warm and cool shades and she's used a variety of textures to make the house inviting and homey.

The Coates' home is just one of the five houses to be opened on September 27 for the seventh annual Homes Tour planned by the First Presbyterian Church of Northville. This year, for the first time, the tour is co-sponsored by the Northville Historical Society.

Each of the homes featured is believed to be among the oldest in the community.

"The house," Mrs. Coates explained, "was used as a summer home back in the 1920's and there was no indoor plumbing or water. The walls were knotty pine paneling. I have tried to keep that country casual atmosphere."

Trees surround the house and keep it hidden from view from the road. "We're so private sitting back this far, that we really don't even need drapes on the window," Mrs. Coates said. "In fact, I tried putting drapes in the living room and had to take them down because it made it too dark."

The entryway to the two-story home is filled with plants and provides a view of both the front and back yards. Among the many plants in the entrance is a huge dieffenbachia plant which was left there by former owners of the house. "They couldn't move it, so they just left it for us," said Mrs. Coates.

Left of the entrance is Cathy's bedroom which is a blend of red and white. The room reflects the personality of the active 14-year-old.

"When we first moved in, we found the room was so cold during the winter and too

warm during the summer. We tried everything and nothing helped. Then, we discovered it was actually an old Army barracks one of the former owners of the house bought at Selfridge Air Force base for \$25 and turned into an office," explained Mrs. Coates.

A right turn from the entryway leads to the dining room. "The entrance, dining room and living room downstairs and the master bedroom upstairs were the original farmhouse, as far as I can determine," Mrs. Coates said.

The dining room, like the living room, is paneled with knotty pine which was antiqued by former owners of the house. On the dining room table is a collection of silver pieces Coates has won in golf tournaments. Among them is a chafing dish and a pair of candelabra.

The kitchen, just off the dining room, is a large room with a high beamed ceiling. Black and white checked wall paper has been used, not only on the walls, but also between the beams of the sloped ceiling. Red antiquing on the kitchen cupboards help to give the room a warm, friendly atmosphere.

At the west end of the kitchen, is a dining nook with a large window giving a view of some of the 10 acres of grounds around the house.

"It's just beautiful in the fall when the trees are changing colors," Mrs. Coates exclaimed. "Living here gives us the feeling of living in the country, but the children can still walk to town."

Along the window sill above the kitchen sink is a collection of bottles and pieces of bottles Mrs. Coates has found on the property.

"I've been looking for the bottle dump on the property, but haven't been able to find it. Some day I'll have covered all ten acres," she said.

The east doorway of the dining room leads to the living room, another of the original parts of the house.

The fireplace is original, but the wall around it was given new brick by former residents. A clock which

hangs to the right of the fireplace was one of Mrs. Coates' projects.

An old trunk, which the Coates purchased at an auction serves as a coffee table. It is flanked by two chairs of blue corduroy and sits in front of the sofa, which is covered with a floral print in blues and browns.

A hutch in the living room displays a collection of bottles Mrs. Coates' has found in the Lansing area and the area of the Catskill Mountains in New York.

Just off the living room is a television room which is furnished in a carefree tone. Included is a hassock which looks like a big bass drum and a lamp with a barbershop pole as the base.

The television room, Mrs. Coates explained, is part of an addition probably put onto the house in the 1940's. Another part of that addition was Caren's upstairs bedroom and the bathroom which is next to it.

The bedroom is furnished with modern early American-style bunk beds and bureau so it, too, has a country flavor. Part of one wall is a large bulletin board. Dark cork has been fixed to the wall so Caren, 10, can display her favorite pictures and posters.

The master bedroom, across the hall from Caren's room, is the original attic of the house.

According to Mrs. Coates, there was originally a small crawl space next to the stairway leading into the attic. That original entrance was never permanently closed and there is now grillwork in the doorway.

The floor in the master bedroom, like the rest of the house, was made of oak planks. "We would have liked to have kept it, but it was in bad shape," explained Mrs. Coates.

A quilt which was given to the Coates by an aunt was handmade in 1894. It is pieced together with quilting stitches and embroidered. They have it spread on their double bed.

Visitors to the home will find there is a warm and casual atmosphere about Mr. and Mrs. Coates' house in the country.

Mrs. Robert Coates pauses at the kitchen doorway of her charming dining room

THE LIVING ROOM is another of the original parts of this country home located in the township off Sheldon Road.

CATHY is shown relaxing in her room which is a converted Army barracks.

At Schoolcraft

Sign-Up Date Set

Schoolcraft College will hold registration for its fall semester on Monday and Tuesday, August 20-21 in the school's auxiliary gymnasium. Classes begin two days later on August 23.

Registrar Russell Bogarin has assigned the morning of the first day to sophomores, starting with students whose last names begin with O-Z at 8:30. At 9:30 it jumps to persons named A-H, and I-N's are taken at 10:30.

Freshmen whose last names fall between I-L register at 1 p.m. the first day. E-H are taken at 2 p.m. and A-D at 3 p.m. The balance of the freshmen register on the morning of August 21 with U-Z at 8:30, M-P at 9:30 and Q-T at 10:30.

Evening students may register from 6-8:30 p.m. both days, also in the auxiliary gymnasium.

Persons new to the College will want to complete an application, available in the admissions office. A course enrollment form, completed with the assistance of a counselor, is also required for admission to the auxiliary gym for registration.

Schoolcraft has an impressive number of offerings in its "what's new for the fall semester" department.

The College has new one-year programs for piano teachers and in heating, air conditioning and refrigeration. Also, new degree programs in climate systems control, medical laboratory technology, and industrial security.

Schoolcraft's child care center is open to children while their parents attend classes or study on campus. A \$5 family registration fee is charged, and 60 cents per child per hour. A health certificate is also required.

Schoolcraft is a community college created by the five K-

12 districts of Clarenceville, Garden City, Livonia, Northville and Plymouth. Residents pay a low \$11 per credit hour, while non-residents are charged \$22, and out-of-state students pay \$33. For general information about the College, telephone the admissions office at 591-6400, Ext. 228.

Stir Wixom Debate

Continued from Novi, 1

elections to the council was only "part" of the reason for not reappointing them.

At that point, Councilman Howard Coe added the two men's terms were expired and it was the job of the mayor to appoint others or reappoint them if he saw fit.

It was then Dr. Vangieson said he would like to talk to the mayor to find out what his reasons were behind his recommendation. Dr. Vangieson moved the matter be tabled.

The vote to table was a tie with Mettala, Dr. Vangieson and Councilman Fred Morehead voting yes and Coe, Councilwoman Mary Parvu and Councilman Robert Dingeldey casting no votes.

In casting the tie-breaking yes vote, Willis said he was

doing so "in view of the heat of personal discussion that might ensue at this time."

During a call to the public, Green asked the mayor to reconsider the recommendation and stated he did not feel "taking the recommendations of the remaining members of the planning commission and flinging it in its face" was good. He also asked the mayor why he appointed him to the commission in the first place if he did not like what he was doing.

Another point Green made was that it takes "about a year" for a new member of the commission to become accustomed to the various ordinances and requirements for planning in the city and added that his and Lahde's reappointment would enable things to go on smoothly.

Smoking Policy

Continued from Novi, 1

tobacco is not allowed in the school building, on field trips, at dances and during school sponsored transportation, etc. Violating this rule is a serious offense and will be dealt with as follows:

Section I: If a student violates the rule he will be suspended. He will be instructed to report to the principal's office with at least one parent as soon as the parent can come in.

Section II: A second offense of this nature will result in suspension of the student for five days. The student can

obtain readmittance only by turning in homework for the

five days and having a parent with him.

Section III: A third offense may result in recommendation to the school board for exclusion for the remainder of the semester. The policy applies to all day students, regardless of age, and to all schools within the district.

Benefit Carnival Planned Today

A neighborhood carnival will be sponsored today by a young Northville girl as a means of raising money to help fight muscular dystrophy.

She is Sharon Salisbury, who lives at 46085 Norton where the carnival will be held beginning at 10 a.m. It will feature such games as bean bag toss and finders keepers, and it will offer a Kodak pocket camera as the grand prize.

Day and evening credit classes are being taught on campus and at the new instructional center in Garden City.

Block scheduling will be available for the first time, also. Classes in business, math, English, philosophy, political science and biology will be offered once a week for three hours, rather than the traditional one-hour meeting three times weekly.

Block scheduling is especially helpful to mothers with small children who have time and transportation concerns.

Citizens Fight Rezoning

Continued from Novi, 1

continued, "this section should contain approximately 800 dwelling units. But if they get what they're asking for, they will be able to put up 1,800 units on their property alone which is just over one-third of the overall section."

"I know the Master Plan can be altered, but when you start granting too many of these R-2-A zonings in one particular area, things start to get out of kilter," she said. "It's just not good planning to congregate so many people in one place. I'm not against multiple family, I just feel they should be spread out over the whole city."

Mrs. Moak noted that this particular situation was not "another Village Oaks-Kaufman and Broad battle." "The density problem is something which affects all the residents in the southeast

section of the city," she said. "People in Grey's Subdivision, the Meadowbrooks, and the Willowbrooks are just as upset about this as the Village Oaks people are."

Dave Cisaldi, a homeowner in the Gray's Subdivision, echoed Mrs. Moak's comments about the density. "We have no objection to the R-1 zoning," he stated, "but these multiples are beginning to get out of hand. It looks like they're not going to stop until there's nothing left but multiples out here."

In addition to the citizen opposition, K & B will also have some legal difficulties to overcome. In a special letter to Mayor Joseph Crupi, Robert Daley, a Village Oaks resident as well as an attorney and chairman of the Novi Zoning Board of Appeals, raised some "serious

legal questions" about the validity of the Residential Urban Development plan under which Village Oaks was developed.

While admitting that his research had been sketchy, Daley claimed he had discovered that no final plat approval for the Village Oaks RUD had ever been filed with the Oakland County Recorder's Office.

"I was advised (by the County Recorder's Office) that it had no record of a Village Oaks Subdivision," claimed Daley in his letter to the council.

"In fairness to all concerned, this question should be resolved prior to any consideration of a zoning change," Daley concluded.

School Buys Site

Continued from Novi, 1

to the manner of dividing the property between the city and school district, school officials reportedly prefer that the high school be located on Taft Road, while city officials, who estimate that a municipal complex would encompass

roughly 30 acres, would like a location fronting on Ten Mile Road.

Tentative plans for the remaining 80 acres could include such mutually-developed facilities as a library, field house, swimming pool, golf course, civic auditorium, and senior citizen housing.

ADMINISTRATIVE INTERNS--Two administrative interns began working in Northville's experimental voluntary year-round school program last week. Jack Thibault (seated, top picture) discusses program plans at Amerman Elementary with Principal William Craft. Michael Janchick (left, bottom picture) helps Cooke Middle School Principal Ronald Horwath prepare a learning game for sixth graders at Cooke Annex. Janchick is in charge of the annex under the direct supervision of Horwath. The administrative intern program was established this year to provide on-the-job experience in administrative positions.

Police Blotter

Cyclists Stabbed in Novi

In Novi

Two Dearborn Heights men were stabbed and beaten in Novi last week while their wives stood helplessly by.

Police are looking for two Negro males who allegedly administered the beating which took place Sunday, August 5, at approximately 5 p.m.

According to police reports, the incident occurred while the two Dearborn Heights men, accompanied by their wives, were motorcycling on east-bound 10 Mile Road.

As the four cyclists approached Napier Road they observed the roadway blocked by three Lincoln Continentals - one parked in the eastbound lane, one parked in the westbound lane, and the third parked on the shoulder on the east side of the road.

The victims of the assault told police that when they passed the three cars on the west shoulder, one of them made a comment about blocking the road.

Upon hearing the comment, the men got into their cars and began to pursue the motorcycles down 10 Mile Road.

After catching up with the cycles, the driver of the lead car reached out and stabbed one of the cyclists in the shoulder with a knife, police were told. They then forced the two motorcycles off the road and two men got out of one of the cars and started to beat the two males in the face with their fists while the women looked on.

Finally, one of the two assailants held a knife to the throat of one of the victims and threatened to kill him if either of them reported the incident.

An estimated \$400 worth of goods were removed from a residence at 41480 Grand River in a breaking and entering which occurred last week.

The owner of the residence told police he left home at approximately 6 p.m. on Monday, August 6. He discovered the theft when he returned a little more than an hour later.

Stolen merchandise included a color portable television set, a multi-band

radio, and a tape recorder. Entry was gained through the rear of the building. Police reported finding tire tracks on the ground outside the residence.

A portable color television set valued at \$450 was stolen from a residence at 112 Maudlin recently, police report.

The theft was discovered August 3.

In yet another breaking and entering of a private residence, a television set and a stereo record player were removed from a residence at 27401 Novi Road.

Owner of the home told police everything was in place when he left the residence shortly before 1 p.m. on Tuesday, August 7. But when he returned less than one hour later, the television and stereo were missing.

Police are investigating an attempted break-in at the Holy Cross Episcopal Church on 10 Mile Road which took place last week.

Two windows adjacent to the entrance way were broken out and pry marks were found on the door, but the break-in attempt apparently was not successful, said police.

A 17-year old Northville resident was arraigned in 52nd District Court last week on charges of buying, receiving, or concealing stolen property.

Identity of the man is being withheld by Novi police.

The charges stem from a break-in of a Nine Mile Road residence which occurred in May of this year.

The young man was released on \$1,000 personal bond by 52nd District Court Judge Martin Boyle. Examination is scheduled for August 20.

In Wixom

Items valued at more than \$1,400 were removed from a Wixom residence during a breaking and entering which occurred last week.

Thieves broke into an apartment in the Village Apartments complex on 48216 Pontiac Trail by removing the screen from a bedroom window and then climbing through the open window.

The theft occurred between 7 p.m. and 10:20 p.m. on Monday, August 7, according to police reports.

Stolen items included an outboard motor, tool box and complete tool set, a tackle box loaded with fishing equipment, a stereo set, and several rifles.

Ten lawn sprinklers were reported stolen from DeClerk Industries at 30369 Beck Road last week.

The sprinklers, part of an underground sprinkling system, had been unscrewed from their units in the ground around the building.

Time of the theft was placed between the middle of July and August 6.

Value of the sprinkler heads was estimated at \$140.

In Northville

A motorcyclist received a sprained shoulder and bruises after he swerved to avoid colliding with a car and hit a curb on Eight Mile Road near Taft Road last week Wednesday.

Treated for injuries and released was Robert George Zimmerman of 20800 East Chigwidden.

According to police, Zimmerman was eastbound on Eight Mile Road when a car driven by Thomas David McLaughlin of 816 North Center pulled out from a stop sign at Taft Road into the path of his motorcycle.

Witnesses told police Zimmerman and McLaughlin both swerved to avoid a collision and Zimmerman flipped over the curb. McLaughlin was ticketed for failing to yield to oncoming traffic.

Unknown persons kicked in the door of a room at Winner's Circle Hotel and took a portable television set.

The break-in took place between 4 p.m. Thursday and 7 a.m. Friday.

Police are investigating two reports of car windows being damaged by pellets from a BB gun or air gun.

Between 10 a.m. and 5:40 p.m. Friday, a right side window of a car was damaged while it was parked in the lower level of the parking deck on Cady Street.

Saturday evening at approximately 7:30, the windshield of a car parked at 47250 South Chigwidden was cracked.

FIRE CALLS

August 7-10:14 p.m., car fire near Northville State Hospital on Seven Mile.

COURT NEWS

Gary Lee Bloomhuff of 502 Grace Street was bound over to Wayne County Circuit Court to face charges of carrying a concealed weapon.

The action took place Monday in 35th District Court after he waived pre-trial examination. He will appear in circuit court August 28.

Bloomhuff was arrested August 4 by police and charged with carrying a knife strapped to his leg.

Charges of larceny over \$100 have been dismissed against Steve Allen Bullock of 111 West Main Street after he pled guilty to charges of larceny under \$100 in district court last Thursday.

The action took place at a pre-trial examination. Sentencing was deferred, pending a report from the probation department, court officials said.

Bullock was arrested by city police July 29 following the theft of \$757 from Winner's Circle Bar.

In Township

Two Detroit men have been charged with armed robbery of a 15-year-old Milford youth in Hines Park near Cass Benton Drive.

The two, Fernando Sergio Davila, 19, and Raymond Dakin Hodge, 20, were arraigned on the charges Monday evening and pled not guilty. They are in jail in lieu of \$10,000 bond, township police said, awaiting pre-trial examination.

According to reports, the charges stem from the July 26 robbery of the youth in which the youth told police he had been robbed of \$2 and cut by four men with knives.

A similar incident occurred in Livonia several days later involving a vehicle and men matching descriptions given by the 15-year-old.

"Davila" and Hodge were arrested by Detroit Police following a bulletin issued by Livonia Police. The two were identified in a line-up by the youth as two of those who had robbed him, township reports said.

The youth later told police he had been robbed of \$100 and an undetermined amount of drugs.

Tools valued at \$250 were stolen from a car parked at 19766 Beck Road between 1 a.m. and 5:30 p.m. Friday.

Police said the trunk of the car had been forced open and two sets of wrench sockets stolen.

Jobs Open at Novi School

Individuals interested in positions as paraprofessional or noon aids should contact the Novi Middle School by August 27 to apply. Interviews for both positions will be held from August 27 to August 31.

The paraprofessional position vacancies are within the organization of an individualized math laboratory. Those hired will assist in the

supplementary instruction of students.

Adult noon aids will be required to work Monday through Friday between the hours of 11 a.m. and 1 p.m. beginning September 6. The job consists of assisting with luncheon procedures and activities.

Both the paraprofessional and noon aid jobs are paid positions.

• OBITUARIES •

GLEN L. SALOW

Glen L. Salow, 78, a retired farmer who lived in Novi all his life, died Saturday, August 11 at Botsford General Hospital. He had been ill for the past two months.

Born November 26, 1894 in Novi, he was the son of Carl and Recka (Witt) Salow. He lived at 24676 Taft Road.

Mr. Salow was a member of the Oddfellow Lodge No. 487 of Novi, which held a special service in his memory on Monday.

Besides his wife, Josephine, he is survived by a son, Glenn C. Salow Jr. of Novi. He also was the stepfather of Mrs. Esther Voskul of Walled Lake, Mrs. Mary Horton of St. Helen, Chester Profit of Novi, Paul Profit of Walled Lake, Dean Profit of St. Helen, and Homer Profit of Lancaster, Kentucky.

Also surviving are 15 grandchildren and nine great grandchildren.

Funeral services were conducted from Casterline Funeral Home on Tuesday, August 14, with the Reverend Philip Seymour of the Novi United Methodist Church officiating.

Burial was in Oakland Hills Memorial Gardens, Novi.

WILLIAM SEXTON

Funeral services for William Sexton were held Monday, August 13, at the Casterline Funeral Home. Mr. Sexton, who lived at 111 West Main Street, died August 6 at his home. He was 68.

Born October 15, 1904, in Detroit, he was the son of John and Mary Sexton. A resident of Northville for the past four years, he was a retired employee of the Santa Fe Railroad.

Mr. Sexton was a member of the Northville Eagle Lodge 2504. Memorial services were conducted by the lodge August 12.

Funeral services were held

at the funeral home where the Reverend John Wittstock of Our Lady of Victory Catholic Church officiated. Burial was in Rural Hill Cemetery.

RALPH A. AYERS

A former resident of Northville, Ralph Albert Ayers, died Friday, August 10, in Pompano Beach, Florida. Mr. Ayers, who was born in Adrian on August 15, 1888, was 84 at the time of his death.

He attended Adrian College and the University of Michigan Engineering School and was employed with Detroit Edison for 30 years. Mr. Ayers had lived in Northville for 37 years before moving to Florida.

Surviving are his widow, Kathryn now of Pompano Beach, a daughter, Mrs. Jack L. (Mary Ann) Sutton of Bay City, and four grandchildren.

FRANK SUMNER

Frank Sumner, 79, a former Northville resident and retired garage owner here, died Tuesday, August 7 at Wayne County General Hospital.

Mr. Sumner had been living in Plymouth (12382 Risman Drive) since 1966 after moving from Northville. Having lived in Northville 40 years, he was the retired owner of Sumner Garage.

Born March 30, 1894 in Chicago, Illinois, he was the son of Milton A. and Frances (Deatrick) Sumner. His wife, Marion, died on February 24, 1966.

Lone survivors are a niece, Frances A. Petersen of Plymouth, and a sister, Grace Pearson of Chicago.

Funeral services were conducted from Casterline Funeral Home on Friday, August 10, with the Reverend Michael Farrel of the First Baptist Church of Northville officiating.

Burial was in Michigan Memorial Park at Flat Rock.

Hunting to Head Maryland School

Dr. Willis B. Hunting, former head of the adult academics department of the Wayne County Child Development Center, Northville, has been selected by the board of directors of the School of Living, Freeland, Maryland, as its new president and chief executive officer. The action was taken during the July meeting of the board.

Hunting, an American Montessori Society certified director, resigned his county position in 1971 to direct the development of a Montessori educational program at the Gbadebo College campus in Nigeria, Africa, assisted by his wife, Lucile, who is an A.M.S. certified directress. He will assume his new

responsibilities as president this month at Heathcote Center, official headquarters of the school.

The school of living is a non-profit, tax-exempt educational corporation, founded by Dr. Ralph Borsodi and associates in 1936 at Suffern, New York. It was chartered in Ohio in 1954, and functioned from 1940 to 1968 from Lane's End Homestead, Brookville, Ohio, under the direction of John and Mildred Loomis. It publishes the informative and sometimes controversial magazine, "The Green Revolution", and demonstrates its curriculum in action projects on the campus of the school, as well as in communities across the North American continent.

Homemade Jam

Continued from Page 2-A

the bonus of exciting color, too.

Revel in the fact you'll always have a delectable homemade jam on hand for coming holidays; they're perfect hostess gifts, too. It's never too early to think in advance about gifts from your kitchen.

Recipes for jams and jellies come along with packages of powdered and liquid fruit pectin, including freezer jams that store in the freezer for six months. Even if you're a novice at preserving, you'll soon have a shelf full of glowing jams and jellies that capture the fresh fruit flavors at their peak.

Pear and Cranberry Jam

3 cups prepared fruit (about 2 lb. fully ripe Bartlett pears and 1 lb. cranberries)
1 teaspoon grated orange rind
5 cups (2 1/2 lb.) sugar
1/4 cup water
1 box (1 1/2 oz.) powdered fruit pectin

First prepare the containers. Use only containers 1 pint or less in size that have tight-fitting lids. Wash, scald, and drain containers and lids; or use automatic dishwasher

with really hot (150 degrees or higher) rinse water.

Then prepare the fruit. Peel, core, and finely chop about 2 pounds pears. Measure 2 cups into large bowl or pan. Grind about 1 pound cranberries. Measure 1 cup and add to pears. Stir in orange rind

Then make the jam.

Thoroughly mix sugar into fruits; let stand 10 minutes. Mix water and fruit pectin in a small saucepan. Bring to boil and boil 1 minute, stirring constantly. Stir into fruit. Continue stirring about 3 minutes. (A few sugar crystals will remain.) Ladle quickly into containers. Cover at once with tight lids. Let stand at room temperature until set (may take up to 24 hours); then store in freezer. If jam will be used within 2 or 3 weeks, it may be stored in the refrigerator. Makes 7 cups or about 7 (8-oz.) containers.

Blender Method: An electric blender can be used to chop or grind fruits—place a few pieces at a time into blender container so blades are just covered, cover container, and turn control from off to low several times until fruit is chopped or ground as specified in recipe. (Do not puree.)

Housewives, Stores

Feel Meat Pinch

Continued from Page 2-A

store in Northville, the Kroger chain has its own fabricating plant at which all meats are processed, but the beef the stores are selling is now coming from Canada.

Puckett said he could not give out information as to how much longer it is speculated beef will have to be imported by the company, or whether or not beef is selling better than other meats.

"Sales," Puckett said, "have been going about the same as they did before the meat prices were frozen."

Puckett also said the Kroger stores are now able to accept food stamps for the imported beef because the law concerning the purchase of imported foods with food stamps has been changed.

Novi Registration

Set August 20-24

Registration for students entering grades six, seven and eight will be held in the Novi Middle School cafeteria during the period of August 20 through 24 from 9 a.m. to 2 p.m. each day.

Students with registration forms are to present them on one of those days.

Each student is required to pay a material deposit of \$10 which will be refunded at the end of the school year when all loaned materials are turned in.

At registration, all students will receive their books and will be assigned lockers.

Also during registration, boys and girls gym uniforms will be available for purchase at the middle school bookstore at a cost of \$4.50 each.

The official announcement that the state of Michigan will construct a major state police complex in Northville township for more than 100 troopers, detectives and specialists in criminology should put an end to talk of spending additional tax dollars for police protection in Northville township.

It may not. The police lobby has gained strong political leverage in Northville township.

But taxpayers and their elected officials must ultimately decide upon priorities.

And high on the list should be increased fire protection.

Supervisor Lawrence Wright admits this. And he also acknowledges the pressure of the ever-broadening base of the police department.

But he has a plan that may take form. It is based upon the practical, business judgment that the neophyte supervisor brought to his first (and probably last) fling at politics when he was elected nine months ago.

Wright is seeking to lease two buildings from Wayne county at its Child Development Center. The county has announced it will vacate the center.

There's a fire station, a nearly-new fire engine, and an office building on the Sheldon road site that could be taken over by the township.

Capital outlay would be nominal. The township already has some \$160,000 set aside for public improvements. And there are four police officers on the payroll who could be taught to fight fires, thereby performing dual roles.

Hopefully, such a program could be undertaken without breaking up the city-township fire department arrangement.

And, possibly, it could be accomplished without adding new taxes.

State police have announced that they will respond to any call from a township resident on a police matter no matter how small.

With three times the property valuation and twice as many people Plymouth township has not found it necessary to create a police department.

But it has placed heavy emphasis on fire protection and emergency rescue service.

This week the Northville township board is slated (Tuesday night) to consider placing a request for millage on the ballot to support continued county sheriff patrol service.

Supervisor Wright says the county has offered the township one car on a 24-hour basis for \$208,000 annually. That's about 3.5 mills in taxes.

State police are already providing six cars days and three nights in the Plymouth-Northville township area. The presence of the new complex in a little more than one year will increase this protection.

Northville township taxpayers cannot hope to continue getting by on one mill. The time will come when the responsibilities of providing probation services, senior citizen facilities, recreation, libraries, courts, jails, and a host of other special services cannot be ignored or left to the city to largely provide.

But until this maturity arrives, Supervisor Wright would seem to be charting a business-like course designed to make the best use of available revenue coming from increased property valuation, revenue sharing, sales tax rebates, etc.

Politically, he'll need help. It's far easier to ask for more money

than to find ways to get by on what you have. That's how government jobs are created and perpetuated.

Practically, he's right on target.

☆☆☆

Township taxpayers aren't the only ones who should benefit from the new state police complex.

From a security standpoint the entire community will benefit.

And city councilmen should be aware, too, that tighter crime control on its borders, plus the unlimited laboratory facilities and expert assistance of state police specialists should result in a leveling off of local police expenditures.

☆☆☆

Representative Robert Geake's column on the facing page reports one way laws are created.

A committee inserted a single paragraph as an amendment to the appropriation bill for the department of agriculture and summer racing at Northville Downs is almost certainly eliminated.

The amended bill was then printed and distributed just before voting by state legislators.

Both Geake and Clifford Smart, city of Northville representatives in the House, missed the significance of the amendment.

It reads: "The state racing commissioner in allocating harness racing dates as authorized under the provisions of Act No. 27 of the Public Acts of 1959, as amended, shall allocate racing dates to licensees, whose average daily pari-mutuel handle has exceeded \$500,000, consecutively within 6 calendar days preceding or following a race meet which meets these requirements."

Only an authority on harness racing would understand the purpose of the above.

In layman's language it means that Hazel Park and Wolverine must run back-to-back meets. Northville Downs doesn't average \$500,000 nightly.

And almost certainly one of these two larger tracks will race in the spring. And summer follows spring.

Downs' Executive Manager John Carlo calls it "the dirtiest trick I've ever heard of."

And he claims it will cost the Downs and the city of Northville thousands of dollars in para-mutuel revenue.

I don't pretend to know whether winter or summer racing will be the most lucrative in the future.

But it's obvious someone at high levels in horse racing and in the legislature has reason to want the sulkies at Livonia or Hazel Park in the summertime.

And they chose to accomplish what they wanted by methods too often associated with politics and more frequently found customary among gamblers.

The direct approach would have been to go to Racing Commissioner Leo Shirley. He has the authority to set racing dates at all tracks. (And there's some question as to whether such legislation can override his authority).

If summer racing is more lucrative for the state, or horse-owners, or whatever special interests inserted the last-minute amendment, let them convince the commissioner.

If Watergate, fair play and clean politics have any meaning at all to Governor William Milliken, he'll veto the amendment and tell the perpetrators of the act what he thinks of such shenanigans.

FIORILLI

YES . . .

There is an infinite wisdom in the voice of our democratic majority. In November, 1972 the wisdom of our democracy presented the gift of the Presidency to Richard M. Nixon by a mandated majority. Suddenly a crisis. Separation of powers, executive privilege, and constitutional confrontation are personal presidential problems.

The greater issue is confidence of the people, by the people and for the people in the very essence of the presidency. Such confidence transcends the subtleties of legal rights and constitutional entanglements. If we the people are willing to entrust our right to govern to that of being governed by the President without equivocation then should not the President be as willing to entrust the judgment of his presidency to "we the people"?

What makes the President doubt that we would renege on our mandate? If there is least doubt about his actions or words then the tapes will be his best defense.

What moves the President to believe that self-confessed perjurers, suborners to perjury, dirty tricksters and burglars have greater importance in our eyes than the President himself?

Fairness is held in the highest regard by Americans. Where the law and its courts have no heart, we the people have heart compassion and understanding! Because the tapes are subject to more than one interpretation they are key to the President's future and to the restoration of confidence for the nation and world.

Joseph Fiorilli
Northville Township

JAMIESON

NO . . .

The political and popular answer to this is yes since to do so would undoubtedly show the non-involvement of Richard Nixon in the Watergate cover-up. President Nixon knew the tapes were running and surely he is not so dumb—nor so unconcerned of his historical reputation—that he would allow his own tapes to implicate him in any way to the Watergate affair. The logical assumption, then, is that the tapes would do him no damage if released.

However, there are far more overriding reasons why it is Mr. Nixon's lawful privilege and duty not to release the tapes. The president is not protecting himself but is not willing to establish a precedent by making confidential tapes and papers available to the Senate Committee or to the special prosecutor. Once this happens, then any congressional investigating chairman could go to courts with subpoena power to get authority to go on fishing expeditions among White House papers. If this were granted to Congress, then would the executive branch be given access to the papers of the individual members of Congress? Once these are made public, then what would protect the papers reporting the confidential discussions and meetings of the U.S. Supreme Court itself? The Courts and Congress, co-equal but not superior branches of government to the Executive branch, are not free to probe the mental processes and private conferences of the President under the Constitutional Doctrine of separation of powers.

Readers Speak

Book Sale's A Success

To the Editor:

Once again, may we express our thanks to the generous citizens of the Northville area who, through donations and patronage, have repeatedly made our Used Book Booth at the Sidewalk Sale so successful. Of the hundreds of books donated this year, approximately 300 will be added to the Library shelves to enrich our collection and be available for circulation. Donations have increased our book stock by nearly 900 books in the past five years.

Books sold at our booth this year earned \$384.25. Proceeds from our sales are used to improve our Library in various ways such as furnishing the attractive and comfortable reading corner completed during the past year. For the past two years, 25 percent of our Sidewalk Sale earnings has been spent on special books for the Library.

Our group is busy and active all year and new members are welcome at any time. The next regularly

scheduled meeting is September 25. Book donations are also encouraged and may be deposited in a box provided for the purpose at the Library. If you have a large donation which you would like picked up, arrangements can be made through the Librarian.

Interest and involvement in the Library by citizens of the total community will help achieve our goal of a better Library for the people of the Northville area.

Public Library

Three Letters Await Signatures

EDITOR'S NOTE: This newspaper welcomes letters to the editor but requires that all letters carry the handwritten signature and address of the writer. Of course, if the writer asks that his name and address not be published the request will be honored. Nevertheless, even in such a case a handwritten signature and address is required for the newspaper's confidential files. In line with this policy, three letters to this newspaper received in the past week—one a criticism of the recreation department, another a criticism of community provision for teenage activities, and still another concerning criticism of a recent feature story on trees—are being withheld from print until the anonymous writers come forward to claim authorship.

Deadline for publication of letters
the same week is Monday noon.

A Visit With An Old Friend

By JACK W. HOFFMAN

There is little so elating and simultaneously saddening for the adult than his return to the tree he climbed as a youth. It is like coming home all stuffed with joy after the Army and discovering only familiar strangers.

That is how it was as we rounded the corners and paths of my memory and suddenly there, scarred and squeezed between new houses, the great, old maple that stood watch over the fields of my youth said hello. We were strangers.

"It was a wonderful tree," I told my children as we rode slowly by in our car. "Oh, but it seemed so much bigger then." And indeed it was as are all things remembered from great distances.

I wanted to stop the car and get out and touch it, but my children would have protested and the people in the new houses beneath the maple would have protested. So instead I drove with my memories, agonizing a little because to make room for the houses they had cut off some of the tree's biggest, most important limbs.

Gone was the huge limb on which we built our lookout platform and hung our Tarzan rope and read comics and scared ourselves by daring to walk upright along its entire length. It was from this limb I had my only fall. I landed with a hollow thump on my back on our dirt-covered fort, injuring only my pride and wetting my pants.

Gone, too, was the limb, overlooking our home-made ballfield, that deflected quite a few throws to first base. (It was no easy matter for the right fielder to keep the ball low enough to avoid picking off a passel of maple leaves.) It was a perfect place for the spectator skipped over by the captains who chose up sides. And from this limb the eye could travel the path winding through the fields all the way to Diamond Grocery Store to see if any younger kids were coming back with candy.

Fortunately, the higher branches—up where the world even then was both familiar and strange—were still intact. They brought to mind the bone chilling pleasure of wrestling fear to a draw, of sucking in the grandeur of sky and earth, of looking clear to Fenton Road and beyond to the deaf school farm.

And then I remembered how quickly forced bravery is eroded. I had clung to those towering, slowly swaying branches unable to make either hand or foot release its death grip for the trip back down. Had not a girl called me a sissy I might be there yet.

"Come on, let's go," a son said when I suggested making another round of the neighborhood. "We've got bigger and better trees at home than that one."

So we drove away.

And I admitted to my children that their trees very likely are bigger. But better? Tomorrow perhaps but not today. Not until they have left behind their childhood and traveled the paths of memory will their trees be any better than the maple we visited Sunday.

News From Lansing

BY R. ROBERT GEAKE
Michigan Representative

Northville Downs may have been deprived of its summer racing season through some legislative legerdemain which came to light last week. Since the summer season is the only time when the track earns much money, the economic effect on the state and on the City of Northville could be serious.

The trick was accomplished through a short section tucked into the lengthy report of the House-Senate Conference Committee assigned to iron out differences between the House and Senate versions of House Bill 4146—the appropriation bill for the Michigan Dept. of Agriculture.

Since conference committees include members of both political parties and both houses of the legislature, their recommendations are seldom questioned. This is particularly true on budget bills where the committee's main job is to arrive at compromise figures after consultation and negotiation with all concerned. When such a report comes, as it did this year, in the last three days of budget work, as one of 84 roll call votes, it is easily accepted as routine in both houses. In this case the section is vaguely worded and does not even mention Northville Downs by name, virtually assuring that it would pass through undetected.

Preliminary inquiry on my part has revealed that two men with ties to the owners of some of the "better" harness horses were responsible for persuading the conference committee chairman to add the language. Reportedly, they were able to argue that taking the dates away from Northville and giving them to tracks in the more populated areas would result in more betting and thus greater income for the state.

The action is suspect on several grounds. First, legislative rules provide clearly that conference committees may only settle differences existing between House and Senate versions of a bill. New subject matter may not be added. The section in question would certainly appear to be in violation of that rule.

Second, Michigan law now says that the Racing Commissioner has the authority to set racing dates at each track, with the approval of the governor. This section represents legislative intrusion into that realm of authority. Third, appropriation bills are supposed to deal only with funding of state programs and services. Although these bills often set conditions regarding how the money is to be used, a section setting racing dates is pretty far afield and raises the question which lawyers call germaneness.

Unfortunately, all this was not discovered until after both houses had voted to adopt the conference report. The only way it can be stopped at this time is through use of Governor Milliken's veto power. Thus it is toward his office that my efforts will be directed this week.

Governor Milliken already has begun using his veto power on budget bills to help keep state spending in line. He got his start on the capital outlay bill last week by striking out \$614,000 of the original \$131.9 million which would have gone to provide National Guard armories in Kalamazoo and Saginaw and a Marine Patrol building for the sheriff's department in Macomb County.

In striking out the items, the governor noted that the Department of Military Affairs had not provided any programmatic justification for the need for the two armories and that the state has never participated in building sheriff's marine safety facilities.

Boy Sexually Assaulted

Novi Police Seek Two Men for Rape

Police are looking for two men who kidnapped and then sexually assaulted a 16-year old Novi youth last week.

On Monday, August 3, the two men allegedly abducted the 16-year old boy and then beat him and sexually assaulted him before finally releasing him in Walled Lake.

Detective Sergeant Gordon Nelson, who is heading up the investigation for the Novi police department, said the two men sought in the incident are believed to be driving an older-model economy car -

possibly a white Plymouth Valiant or Ford Falcon.

One of the subjects was described as being approximately 5'8" tall and of medium build with shoulder-length brown hair and a full beard. The other suspect was described as being approximately 6'1" and 200 pounds with black hair and a Van Dyke-style beard.

According to police reports, the bizarre incident began when a 15-year old Novi youth was offered a ride by the two subjects as he was hitchhiking along Decker Road in Walled

Lake. The 15-year old was on his way to visit the boy who was the eventual victim of the assault.

The men drove the first boy to his destination where they met the second young man. The four of them struck up a conversation and after a brief period of time, the two assailants offered the boys a marihuana cigarette, police reported.

When the men in the car insisted on taking them for a ride, the two youths became frightened. The 15-year old

managed to escape by persuading the men to stop at a house where he told them he could obtain more narcotics.

When the 16-year old also tried to escape, however, he was stopped and beaten by one of the men while the other man drove off.

The young man told police his abductors took him to a back road somewhere in Walled Lake and proceeded to assault him.

Eventually he was dumped in Walled Lake where he was found by a resident who

contacted Walled Lake police.

The boy was taken to Pontiac General Hospital where he was treated for facial abrasions and released.

Anyone with information which might possibly have a bearing in the case is urged to contact Nelson at 349-2444. Nelson also issued a warning about hitchhiking in the Novi area.

"This might be an isolated incident," commented the Detective Sergeant, "but when you consider the possible consequences it hardly seems worth the risk."

Police Post Gets Final Approval

Continued from Record, 1

facilities in the complex. The Northville plan won acceptance by the state months ago. But final approval awaited the adoption of a method of financing.

Architect Nelson will now work closely with the building division of the state as well as state police officials. He pointed out that several revisions remain to be made before plans are presented for final approval, which must come from both the building division as well as the joint capital outlay sub-committee of the house and senate.

Both Nelson and state officials predict, however, that a reasonable timetable would be completion by the spring of 1975.

Lt. Robert Robertson, who is presently commander of the temporary sub-post in Plymouth and will be commander of the new Northville post, is enthusiastic about the new Northville facility.

He noted that the new post would have 40 persons on its staff, while the crime lab will include between 20 and 30 personnel. An estimated 36

specialists will be stationed at district headquarters. These will include traffic and fire division personnel, polygraph operators and criminal detectives to assist area communities in investigative work.

Lt. Robertson also pointed out that in addition to assisting local community police departments with crime lab facilities and investigations, local state police patrol cars will also answer citizen calls in Northville township on any police matter.

"Usually people think the state police will only respond to bigger crimes", Lt. Robertson stated. "But we'll handle any call from a township resident that's a police matter...like stealing a bike or throwing mud in a swimming pool", the post commander noted. In cities where local police departments operate the state police respond only to requests for assistance from local police agencies.

Lt. Robertson noted that six cars patrol the Northville-Plymouth township areas during the daytime and three cars in the evenings.

Novi Police Crack Drug Operation

Continued from Novi, 1

According to Starnes, the phony prescription ring usually operated in rapidly-developing suburban communities. Usually working with two males and one female, they would go into a community and take a name from a mail box in a new subdivision or condominium development and then forge the prescription.

They would then go to a drug store where the woman would go inside and pass the phony prescription.

"They even went so far as to have a man and a woman posed as a receptionist and a doctor at the phone number listed on the prescription in case the druggist should decide to check out the validity of the prescription," reported Starnes.

The operation first came to the attention of Novi police on July 24 when a local druggist reported having been passed

a forged prescription.

The ensuing investigation led to the arrest of the three women last week.

Starnes went on to indicate that this one operation is not the only trouble police are having with Dilaudid.

"We're receiving more and more complaints from druggists and doctors about people who come out here from Detroit and request this particular drug," Starnes stated. "It's getting to the point where a lot of druggists have stopped carrying the drug because it leads to so many problems."

Rezoning Notification To Continue

Although not required by law, the City of Novi will continue to mail notice of public hearings for rezonings to all property owners within 300 feet of the property for which the rezoning has been requested.

That policy was confirmed a week ago Monday by the city council after it had heard the opinion of City Attorney David Fried that such notification is not legally required.

Fried submitted the legal opinion on the subject in response to a request from the city council. On several occasions during the past few months action on rezoning requests has been delayed when residents within 300 feet claimed they had not been notified by mail.

Hoping to avoid the expense of having to readvertise the hearing in such instances, the council requested the opinion submitted by Fried last week.

Fried informed the council:

"It is my opinion that 15 days notice of the time and place of a public hearing shall first be published in The Novi News, and that not less than 15 days notice of the time and place of such public hearings shall be given by registered mail to each public utility and each railroad company...within the district or zonings affected and a hearing be granted any person interested at the time and place specified."

Fried also noted that there is no requirement that notice be given to people within 300 feet of the affected district.

Mayor Joseph Crupi supported council opinion to continue to mail the notices as a matter of "courtesy", however.

"As a matter of courtesy I believe we should continue the policy even though it's not required," said the Mayor. "The value of this information is that now we can be certain that we do not have to go to the expense of readvertising just because one person living within 300 feet of a rezoning did not receive notification."

For Moraine Construction

OK Management Concept

When construction of the proposed instructional material center addition begins at Moraine Elementary School this fall, it will occur under a construction management concept.

Construction management for this project was approved Monday by the board of education, which also voted to employ the architectural firm of Ralls-Hammill-Becker-Carne, Inc.

The board took its action following a report on the construction management concept by Desmond P. Hamill of the architectural firm.

Construction management on this job, he said, will provide a good assessment of the concept for future projects. Furthermore, he predicted it will result in minimized disturbance to children and staff during construction, bidding that results in lower costs, and a reduction in construction time.

under this plan, will appoint a project manager who will be on-site daily, and the project manager's first responsibility will be to the Northville School District.

Construction management, he explained, allows the selection of management on the basis of skill rather than leaving it to the chance of low bid. It retains, however, the competitive bidding of sub-trades in an improved open bidding format that has experience lower costs than conventional methods,

Once the project is completed, he said the architect will prepare a complete report of construction time and costs with the school's

business department so that the board can better judge the value of construction management for possible use in larger projects.

Arbitrator Denies Appeal by NEA

An appeal by the Northville Education Association of an administrative decision docking a teacher for unauthorized absence has been denied by Harry Casselman, arbitrator with the American Arbitration Association.

Casselman denied the appeal on grounds that contract provisions do not authorize sick leave in cases of family illness.

Superintendent Raymond Spear last year had docked Larry VanderBie, middle school teacher, for three days pay since he was absent because of his wife's illness.

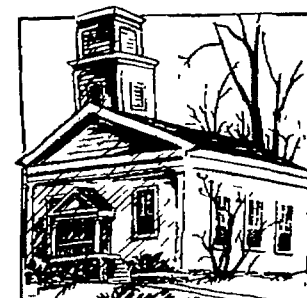

The board of education subsequently upheld the superintendent's action and the NEA appealed to the arbitration association.

NEA argued contract provisions do not specifically prohibit such absences of extenuating circumstances.

Following Spear's report Monday of the arbitrator's decision, Trustee Dr. Orlo J. Robinson called attention to

the cost of arbitration (\$750) and even greater attorney fees in an appeal he considered to be totally unnecessary.

Neither the school district nor the NEA benefits and it behooves both sides to avoid such entanglements, he observed.

Township Plan Set for Hearing

Continued from Record, 1

Nowka said the new classification will include light industry, sales offices and commercial businesses but will not include manufacturing.

He said the area along Haggerty Road is "unique in that it will be the nearest major surface route to I-275 when the expressway is completed."

"The research and development zoning is a sound use for the area along Haggerty Road," Nowka commented.

Because that area of the township will be undergoing the change in zoning, planners are in the process of scheduling an informal meeting with the residents of that area.

Nowka said the meeting will be held before August 30 and will include slides of what research and development areas in other towns look like.

"We want the area to understand the concept we are trying to establish," Nowka stated, "before we publish notice of the zoning ordinance hearing."

The planning chairman said the new zoning will see that the area is "guided and developed with a low

population type of flexible zoning. We can't change the future of that area," he added.

Several years ago, residents defeated, in a referendum, rezoning along Haggerty Road for industrial purposes.

Nowka said the master plan calls for the western part of the township, presently largely undeveloped, to remain residential.

He explained, however, that the plan calls for a different type of residential zoning.

While much of the area is presently zoned for one-acre lots, the new master plan will allow higher density.

"Residential zoning designations have been changed," Nowka said, "since large lot sizes are now economically unfeasible."

Single family clusters will be allowed, making smaller individual lots if open space is included in the area, and planned neighborhood developments are also part of the new ordinance.

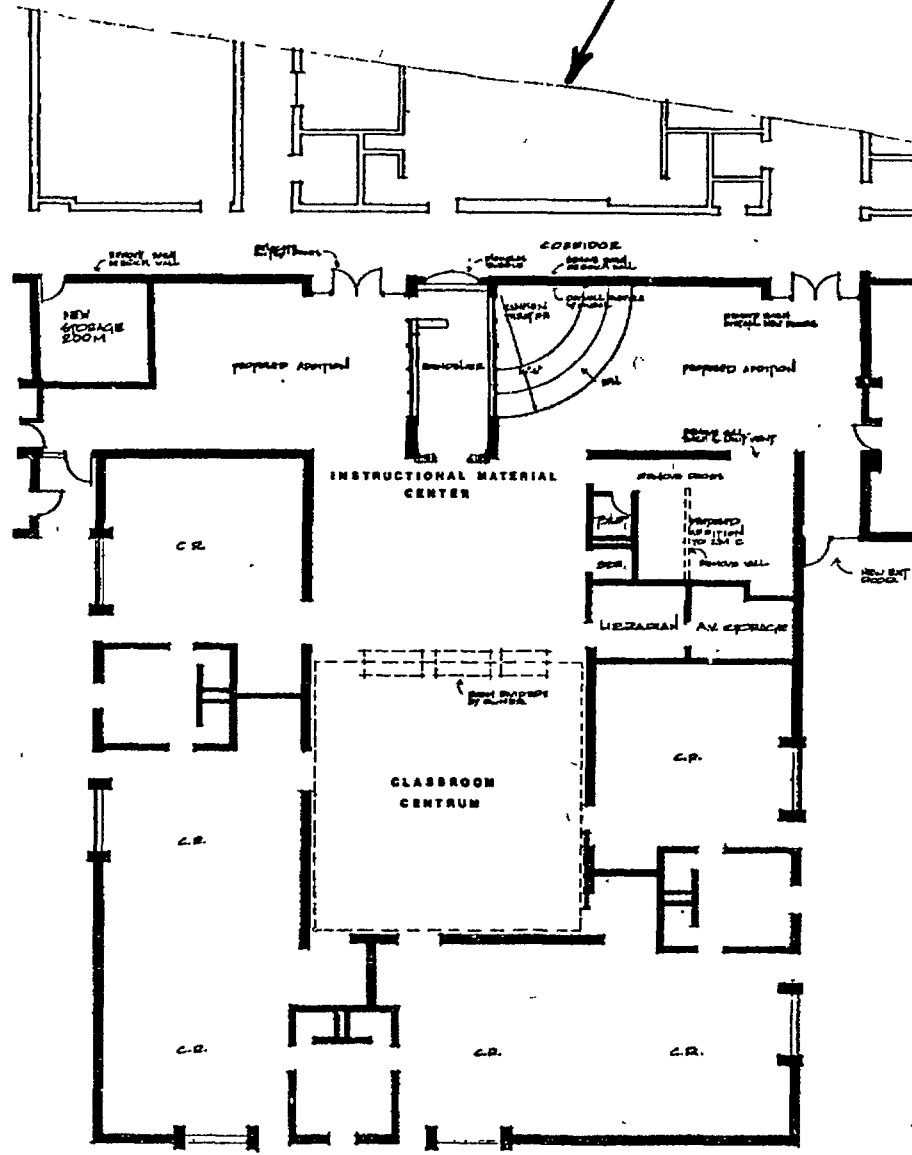

The planned neighborhood developments include multiple and single family housing with a controlled single density per acre, Nowka explained, regardless of the housing mix.

The highest density single family zoning, R-4, has been eliminated from the new zoning ordinance.

Nowka said the estimated population of the township, once it is totally developed, will be 65,000 people.

"Most of the township will remain residential," the planning chairman explained.

While the present zoning ordinance and master plan have been in effect since March, 1966, the new ordinance and plan are expected to "provide a good sound growth pattern for the township in the future," Nowka concluded.

ADDITION PLANS—Above the top drawing shows the floor location of the proposed new addition at Moraine Elementary School, while the lower drawing shows one of the two suggested floor plans for the addition.

Table Moraine Addition

Continued from Record, 1

within the school.

Plan A, he explained, provides for re-location of a corridor door to reduce a disruptive traffic pattern through the instructional material center, for construction of a small sunken, carpeted area for group

learning, for custodial storage areas, and, of course, for the Roundelier.

The Roundelier owes its existence in part to the fact that it substitutes for existing walls along the two courtyards. Because they are bearing walls and walls containing electrical outlets they cannot be removed entirely without great cost.

Admittedly, the Roundelier goes beyond what is necessary to maintain the walls.

Basically, the Roundelier is a corridor between what is now the two walls of the courtyards. It would be constructed in an oval shape, giving it a tunnel shape. Its interior would be carpeted, with a plastic bubble replacing the door that presently exists at the corridor.

Its purpose, aside from substituting for existing walls, would be to provide a new kind of informal study area.

Plan "B", said Ralls, uses only portions of the courtyards, maintains the corridor door in its present location, provides a simplified raised platform for group activity, and requires fewer alterations.

Supervisor Wright said he felt the September meeting would be soon enough and other board members agreed.

Mitchell asked that if "the road patrol is abolished, could we regain part of the county millage to provide our own police protection?"

He did not receive an answer.

Mobile Home Park Rezoning Approved

Consent judgment was filed yesterday (Wednesday) in Wayne County Circuit Court rezoning 100 acres of land at the southwest corner of Six Mile and Ridge roads to permit installation of 600 mobile home units.

Township board members unanimously approved the wording of judgment Tuesday night and authorized it to be executed.

Filing of the judgment was the last step in the out of court settlement between the Northville township board and owner of the land, Mrs. Oka George.

The original proposal for rezoning the parcel from single family to mobile homes (industrial) was denied by the township planning commission in late 1970.

The commission's action was upheld by the township board and attorneys for Mrs. George filed suit against the township in early 1971, contesting the decision.

Rather than fight the rezoning in court, the township agreed earlier this year to work out an out of court settlement.

(A second mobile home park, developed by Stewart Oldford at Seven Mile and Northville Road, is currently before planning commission members. No rezoning of the 26-acre parcel is needed. Site plan for the 209-unit park is presently being reviewed by planners.)

The consent judgment stipulates that the 600 mobile home lots will be sold in a subdivision set up, thus generating more tax dollars to the municipal bodies than the usual rental basis would.

The site plan, showing the approximate 100 acres to be rezoned industrial for the mobile home park, approximately 30 acres to be rezoned for multiple dwellings, approximately 40 acres for industrial use and 14.69 acres for commercial use, is part of the consent judgment.

Average size of the lots is 4,700 square feet with none less than 4,500 square feet.

According to the judgment, preliminary plat stage one must be submitted to planners within 90 days, following the subdivision ordinance, and stage two within one year.

Township attorney Donald Morgan said that if the developers (Mobile Life, subsidiary of National Gypsum) "Do not perform in accordance with time schedule on parcel one, it reverts to the existing zoning of August 1, 1973."

Originally, the developers had asked they be assured sewer and water taps.

However, Morgan said they will not receive taps until "they are ready to put a home on the lot." He indicated they will receive no special treatment and will wait in line with the rest of the developers in the township.

Township trustees authorized Morgan to execute the consent judgment and have it entered by the court and recorded by the register of deeds.

News Briefs

THE FIELD of candidates for the post of city manager in Northville has been narrowed from 19 applicants to seven. Interviews are slated to start soon, report Councilmen David Biery and Paul Vernon, who compose the council's screening committee. They rate three of the applicants "excellent" and four "good". It's possible a successor to Frank Ollendorff will be selected in September. Ollendorff takes over in Adrian Monday. Meanwhile, A. R. Clarke is taking over as acting manager.

DON'T BE SURPRISED if the community ambulance quarters end up on Fairbrook near Rogers in city-owned house and three-car garage next to Northville Laboratories. A zoning denial by the council nixed a proposed Cady street location. Another possible site on Northville Road in the township needs considerable renovation. Meanwhile, temporary quarters are being provided at 132 Randolph. The ambulances had to be moved from South Center street because of construction of the Northville Square parking lot.

Millage Question Delayed

Continued from Record, 1

sheriff is "duplicating what the Michigan State Police does in the area of crime lab facilities and other specialized police services." He favored continuing the road patrol rather than the duplicating of services available through the state police.

Mitchell indicated that in the past the township police have not received cooperation from the sheriff's department.

"Township has been refused space to lodge prisoners in the Wayne County Jail. We have to lodge them in Livonia and all over," Mitchell said.

He also added that there are "problems in (Hines) park and the sheriff's department does not seem to do anything about it."

Mrs. Dumas said that if the township has had problems with the sheriff's department, "contact me and I'll take care of it."

She urged the township to pass the resolution indicating it will help pay for the road patrol or continue providing a township police department "as soon as possible, so there is no question of the good faith of Northville township when the commissioners begin budget hearings."

Supervisor Wright said he felt the September meeting would be soon enough and other board members agreed.

Mitchell asked that if "the road patrol is abolished, could we regain part of the county millage to provide our own police protection?"

He did not receive an answer.

Elkins Resigns

Continued from Record, 1

the slim chance that he might not be able to find employment, Ollendorff urged the police chief to withhold it until his vacation was over.

The council has decided to wait until a successor to Ollendorff is hired before seeking a new police chief. The responsibility for all police activities lies with the city manager.

Meanwhile, chain of command will continue to prevail.

That means that Lt. Louis

Westfall is in charge. The council and manager agreed that it was not necessary to appoint an "acting chief."

This Way's Best

By The REVEREND T. D. BOWDITCH
Pastor, Brighton Wesleyan Church

The headlines of the daily newspapers, the newscasters on television and radio, along with the friend in the neighboring barber chair constantly blare out at us about the problems of crime, delinquency and social evils.

The Youth have gone to 'pot', children are suffering from emotional stress, and fathers have resorted to rustling cattle to combat the ever escalating cost of food.

What village and hamlet has escaped the embarrassing inscriptions scrawled on highway signs, broken windows and overturned grave stones? Overburdened taxpayers become increasingly weary of constructing costly school buildings only to have them destroyed by vandals. It would seem that almost everyone talks about the problems of this age, but nobody does anything about them.

Frustrated parents cry out in despair. What to do about that teenage son or daughter who is 'hung' on drugs? The policeman who walks the beat finds 'Old Charlie' lying drunk in the gutter—the third time this week. The family counselor tears his hair in a struggle to keep a home from being shattered by divorce.

These are but a few of the many frustrating circumstances faced by various individuals in places of responsibility. It would be relatively simple to dismiss the whole rotten mess by saying, "Such problems have ever been with us and they will always be."

True, but does this have to be the way of life? The answer

is an unqualified 'NO!' The simple truth is that there is a better way of life. If mankind would have the good sense to follow the pattern of life as it was so clearly demonstrated to us by the Lord Jesus Christ while He was here on earth, much of the heartache, the disappointment and distress could be avoided.

The Christian Way offers practical benefits in proportions far beyond the fondest imaginations. When Jesus said to Thomas (John 14:6), "I am the way," He was saying that this is the way mankind was designed to live.

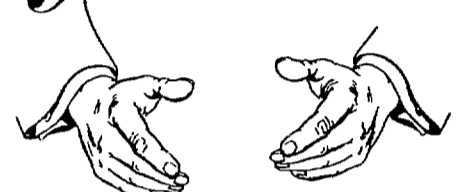

Human tragedy is proving to us quite convincingly what is not the way. The drug addict proves what is not the way. The alcoholic makes it very clear that this is not the way. The criminal serving time in prison demonstrates that this is not the way.

The difficulty is that the Christian Way has been presented to us as a way. It is an alternative alongside many others. It must not merely be a way—it must be regarded as 'THE WAY'. And it is the Way for everything, and everybody, everywhere and in every circumstance. If you follow the Way, you get results, and if you don't, you get consequences.

The great philosopher, Kant, once said, "Two things strike me with awe: the starry heavens above and the moral law within."

This is the Way that works in human experience. Why not try the Way? You'll like it!

DON'T BE AFRAID!

Jeannie is still at the age when she can look at life unafraid. She's a happy and trusting little girl, and she is sure Daddy will catch her at the bottom of the slide.

As we grow older, our fears accumulate and sometimes they rule our lives. We grow afraid of losing our job, our health or our possessions. There is fear of being "different." We often go along with things that we know are wrong, just because we're afraid to take a stand. Many of our fears have no foundation. Yet we go through needless suffering, worrying about things that will never happen.

The Bible says, "If God is for us, who can be against us?" Through the Church, we receive assurance of God's constant love and protection in all our adversities. And we come to understand the comforting Truth . . . "Perfect love casteth out fear."

WIL

EARNINGS AND SALES for third quarter 1972-3 were up substantially over the same period one year ago, according to a spokesman for Michigan Seamless Tube Company in South Lyon.

Treasurer Kenneth Stone, making the announcement for President Carl Pfeiffer, listed unaudited earnings of \$750,000 (42 cents per share), up 169.8 percent, and sales of \$19,318,000, up 28.3 percent.

Nine months earnings were up 44.7 percent to \$2,620,000 (increase of 46 cents per share). Pfeiffer noted that MST expects to maintain its current earnings growth rate through the fourth quarters. Current backlog is \$27,730,000 which is up 168.8 percent from the \$10,317,000 of one year ago. Also the markets served by MST are prospering.

A NEW restaurant—second in the metropolitan area for the Dong family—was opened recently at 33459 West Eight Mile Road, just west of Farmington Road in the Eight Mile Shopping Center.

Called Susie Dong's Restaurant, the new business is owned and operated by Henry Dong. Assisting him are his parents, Quincy and Susie Dong.

The family has owned and operated the Cocoanut Grove Restaurant in Detroit since 1929.

Featuring both Cantonese and American foods, the new restaurant serves lunches and dinners and provides a carryout service. It is opened seven days a week.

The Gardening Way

By MARGARET HERBST

DWARF FRUITS FOR THE HOME GARDEN

There has been a growing interest in recent years in the idea of dwarf fruit trees for the home garden. Many areas do not permit the expense of large tree specimens, yet the home-picked fruit is appreciated by the family. The answer lies in a selection of dwarf fruits which in their true form usually grow to six or eight feet in height. Although the size of the tree is "dwarf", the fruit produced is fullsize and plentiful.

Dwarf fruit trees are most adaptable in landscape design. They are particularly excellent as accent plantings—in a corner combined with low-growing shrubs or along a drive in similar fashion, for ornamental purposes in the lawn or along the boundary.

The two most successful dwarf fruits are apple and pear. It is most important to deal with a reliable nursery since there are differences in rootstock which determine ultimate tree size. This is particularly true in the case of dwarf apples.

The best apple varieties of true dwarf tree size include such famous names as Rhode Island Greening, Grimes, Jonathan, Delicious, Golden Delicious and Baldwin. Ask for these varieties especially on Malling IX rootstock for satisfactory results.

Dwarf pears are also a good investment in certain varieties. Since a French variety of quince is most often used as rootstock, the varieties that are particularly recommended bear such names as Flemish Beauty, Duchesse d'Angouleme, Doyenne de Comice, Beurre

Bosc and Belle Lucrative.

Dwarf fruits are not difficult to grow but they have some very definite likes and dislikes. Soil preparation is important before planting; plenty of well-decomposed manure or compost plus bonemeal or superphosphate should be worked into the bottom of the hole. A fertile, well-drained soil produces more luscious fruit.

In digging holes, figure spacing 10 to 12 feet apart. Always realize that the roots need to be well spread out in planting. To maintain dwarf characteristics, the graft union (which is recognized as a swelling low on the stem) should be set an inch or two above the soil level. Fill in the hole halfway with good topsoil. It is a good idea to water well before adding the balance of the soil to level.

Most dwarf trees need support. Some people drive a heavy stake before planting as an anchorage. A mulch of leaves or hay will act as a protection and conserve moisture. For fruit set, be sure that more than one variety is planted in the same vicinity. Certain varieties such as Delicious are known to be excellent means of cross pollination.

As to pruning, lower branches are not removed in planting. Next spring when the tree is dormant it can take considerable pruning to allow for an even distribution of fruit. The idea is to keep the center open as much as possible by cutting back the upright shoots. Summer pruning in late June or early July encourages fruit bud formation by heading back too vigorous spreading lateral branches. During the first few years pruning is usually light.

Babson Report

Meany-Nixon Relationship Deteriorates

WELLESLEY HILLS, Mass., August 16, 1973. The relationship between President Nixon and AFL-CIO President George Meany has always been extremely uneasy, and on more than one occasion in the past few years the top official of the Federation has openly declared his disillusionment and dissatisfaction with the performance of the present Republican administration.

At his organization's recent summer meeting in Illinois, Meany adopted a particularly hostile attitude toward Nixon.

In a number of critical comments, he emphasized the corruption within the federal government and went out of his way to say that the Watergate revelations might well give the Republican Party a difficult time in the 1974 elections.

WHILE MANY people think of Meany as having supported the President during the 1972 campaign, such was not the case. Rather, he remained neutral and proposed that his membership act accordingly, bending their best efforts in terms of work and financial aid in electing pro-labor congressional aspirants wherever they emerged.

The Federation's top man, being of a relatively conservative background, could not back up George McGovern whom he considered impossible far to the left. But on the other hand, he was in vigorous opposition to Nixon's wooing of Moscow and Peking. So Meany's only course was the middle road.

And the doughty Federationist still declares that his neutrality decision in 1972 was about the wisest move that could have been made. In a way, he risked his own leadership prestige since approximately 80 percent of the Federation membership has generally been considered as being Democratic. But his conservative co-leaders went along with his decision, and the Executive Council of the AFL-CIO simply declined to support either national candidate, voting this course by 27 to three.

TRADITIONALLY, the President of the United States—whatever he may be and regardless of what party—is invited to speak at the AFL-CIO convention. Such an invitation went to the White House in

1971, but the results were neither friendly nor relaxed. Meany claimed that no acceptance was received until the last moment, and the reception at the convention for the President was not cordial.

Meany recently told newsmen that a White House aide had deliberately tried to arrange a confrontation at that convention. He added, too, that Presidential staff members later accused the labor official of insulting the Chief Executive—which Meany stoutly denied.

THE POINT is, however, that the steady deterioration of relations between President Nixon and George Meany have not ceased. They now appear to have hit rock bottom, with the Federation boss at a news session a while ago stating that the President will definitely not be asked to speak at the AFL-CIO convention next October.

For good measure, Meany went on to say that he did not intend, either, to invite Secretary of Labor Peter J. Brennan to speak, or

Secretary of Agriculture Earl L. Butz.

The Labor Secretary was accused by Meany of taking anti-labor positions on a number of issues and also of boasting that he represented both union and nonunion workers in the nation.

BASICALLY, Meany and his closest cohorts are still standing off from affiliation with either political party. They see some improvement within the Democratic Party, but expect continuation of a struggle between the new and old guards. The Executive Council approved a statement that called the Administration to task for making "unilateral concessions" to the Soviet Union during the summer talks with Leonid Brezhnev.

The Federation leaders still see Russia as a power seeking world domination, with consequent threats to our national security and world peace. They ask that in future negotiations the U. S. seek reciprocal concessions from Moscow.

Out of the Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments, and horse show news to "Horse's Mouth", care of South Lyon Herald, South Lyon, MI 48178.

WHAT IS FOUNDER? AND CAN IT BE CURED

Founder is a term used to describe the changes that occur on a horse's feet when he suffers a severe shock to his system. The hoofs can become very deformed. In most cases founder is an unnecessary disaster. Founder can be prevented by proper care. Almost all cases of founder are the result of someone's neglect or ignorance.

To understand why founder can occur, let's look at the structure of the horse's feet. Front legs bear more weight than hind legs. The bones and muscles of the horse's legs terminate inside the hoofs in an area that acts as a cushion and an attachment between the bones and tendons and the outer horny wall. This area is called the sensitive laminae.

When the horse suffers a severe shock—an upset of his body chemistry—many changes take place in his body, including an increase in blood pressure and congestion of blood in certain blood vessels. He develops a fever. Usually the congested blood vessels do not cause serious or permanent damage in other parts of the body, only in the hoofs, which are encased in solid walls.

The congestion and swelling create great pressure and terrible pain, permanently

damaging the sensitive inner tissues—the laminae. That's why founder is called laminitis; it is an inflammation of sensitive laminae.

When this happens, the pain makes it difficult for the horse to walk. Lameness shows up first in the front feet because they carry most of the horse's weight. After the fever leaves, the congestion and changes in the horse's body gradually return to normal, but permanent damage has been done to the feet and they become increasingly deformed. The sole drops down, the laminae separate, and the hoof wall appears ringed and ridged.

Here are some of the Causes of Founder:

1. Overfeeding, especially rich feeds and grains. Drinking cold water when overheated. NEVER let a horse take a big drink when he is working hard or is hot and sweaty. The blood rushes to his stomach to try to maintain an even temperature and the muscles and extremities that have been working so hard and are in desperate need of repair and fresh blood are neglected. The horse's whole system is thrown into a state of confusion.
2. The same thing can happen any time the horse's temperature is drastically upset—as when an overheated horse is washed with cold water, or left to cool rapidly after hard use on a cold or wet day, or has to stand in a cold wind when he is hot and sweaty, etc. Sudden chilling of large areas of the horse's body sends blood rushing to these parts to keep him warm. Any time the

horse's system has to make a rapid change, his carefully balanced control mechanisms are thrown away. Thus, a horse chilled in this manner may develop a bad cold, pneumonia or founder.

4. Grass founder is another example of the horse's system suffering an upset by too sudden change. Grass founder occurs when a horse on dry feed is suddenly allowed to eat a large amount of grass, new green grass. To avoid this allow horse to graze only a short time the first day, a little longer the second, and so on.

5. Concussion caused by riding on hard surfaces, particularly pavement. This puts a great deal of strain on the sensitive area of the horse's feet (they are forced to absorb too much of a shock) and cause founder.

6. Increased weight on the feet can also cause founder. When a horse is lame in one foot and tries to carry most of his weight on the other for long periods of time.

Drivers Disagree

Continued from Page 1-B

Eastern United States, from Mississippi River to the New England states.

He is usually gone from home and family for two or three days at a time, sleeping in his truck cab and grabbing his meals at truck stops.

Oslin is not the typical driver. "I don't particularly like truck driving," he admits, "but I'm gone a lot, and that's the main disadvantage."

"You do get to see a lot of different things, but I'm hardly a dedicated truck driver. I got into it for the money, not the glory."

Oslin used to run an excavation business. But seven years ago, he decided to become a truck driver. So he bought a rig, taught himself to drive and went to work.

"Handling the rig is very easy for me now," he says, "but I'm sort of inclined toward that sort of thing. I've always felt I could handle anything."

Last week, Oslin was preparing to make a run to Virginia.

"I'll be leaving as soon as I can find my keys," he laughed Thursday. "I should be back in about three days."

Oslin said he has to observe strict rules while making his runs.

"You have to keep logs," he pointed out. "You're allowed to drive for 10 hours, then you have to stop for eight hours. And you're not allowed to have any riders."

"I usually sleep in my cab in rest areas," Oslin said, "because they're quieter. I eat my meals in truck stops, but I don't particularly care for the food."

Like LaVassaur and Freel, Oslin believes truck drivers are the safest on the road.

"Percentage-wise, I'm sure truck drivers are more safe than most people. After all, they say most accidents — about 90 per cent — occur within 25 miles of home."

"Well, you won't find many truckers involved in those accidents, because we're never within 25 miles of home."

Michigan Mirror

Senate Bill Would Aid Crime Victims

LANSING—A sad aspect of modern society is the plight of the victim of a violent crime.

The person who is shot, knifed or beaten by a robber or rapist may have months of rehabilitation and thousands of dollars of medical bills to pay without any financial help.

The criminal, if apprehended, is furnished with free legal advice if he shows he can't afford to pay for it and is fed, clothed and housed in a jail. The victim can lose his job because he is unable to work.

Some help for this tragic situation may be on the way from the Michigan Legislature.

WAITING for House action when the lawmakers return Oct. 16 is a bill which would compensate victims of violent crime in Michigan. The bill, which has passed the Senate, would for the first time provide state assistance to the victims as well as the perpetrators of the crime.

We take care of all the needs of the criminal after he commits the crime," says Sen. Patrick McCollough, D-Deerborn, chief sponsor of the bill. "But for the victim it can be an entirely different story. It can mean loss of job, loss of money with

no help from society.

"It seems to me we need some minimal standards to provide protection for citizens of this state."

THE MCCOLLOUGH bill wouldn't make victims rich, but it could do much to lessen their financial troubles.

It would provide benefits of up to \$15,000 to victims of violent crimes. In no case could the benefit exceed total medical costs or wages lost as a result of the injuries suffered in the crime. These would be limited to \$100 per week.

Safeguards are put in so that criminals injured in a crime won't be eligible and persons injured by a close relative wouldn't be eligible.

The bill has much to recommend it from a humanitarian viewpoint. If

it does become law, the cost to the people of the state could be substantial.

VICTIMS of catastrophic illness might receive aid next year. If a program approved by the Legislature moves along, some people who face large medical expenses can expect help.

Some \$25,000 has been set aside for a study of alternative ways to get money into the hands of such families so that money will not be misspent. The report is due Jan. 1.

The state has set aside \$475,000 to be used for this purpose next year if acceptable plans can be approved. The Department of Public Health is already working hard to devise logical plans.

The present idea is that any family hit by a disease where the costs exceed 15 per cent of its annual income will receive state aid above

that percentage. Thus, a family with a \$10,000 income and a child fatally ill would receive help with its medical bills when they went above \$1,500 in one year.

FIFTY YEARS ago when crime was not so prevalent, the state was much more rural and medical science was not nearly so advanced, such measures were not needed.

But modern medical advances make many diseases treatable which were previously fatal. In many cases those treatments are highly expensive. The help for catastrophic illness measure—jointly sponsored by Rep. Joyce Symons, D-Allen Park, and Sen. Robert Vander Laan, R-Grand Rapids—says basically no one should die because they cannot afford medical treatment or be impoverished for life by treatment.

Horse's Mouth

Continued from Page 3-B

Twentieth annual show, Dixboro. Starts at 9 a.m. rain or shine. Judges: Robert Morgan of Galesburg for Western and Sharon Lepley for English. Secretary is Maxine O'Neill, 1134 Granger, Ann Arbor. Phone 761-5872.

August 25 - Northville Fair Show.

Begins at 9 a.m. at Northville Downs track. Judges are Barbara Baker (English) and Jack Schwartz (Western). Entries are \$1 for

lead line and walk-trot with all others \$2. Stalls are free and prizes, a trophy and ribbons are offered. Call 349-6889 or 349-0342 for further information.

SHOW RESULTS
From Little Britches 4-H Club of Washtenaw County: Fitting and Showing, each in own age group: Mary Ann Scarpace (first), Donna Lloyd (second), Brian Uherek (third) and Kim Lloyd (sixth).

Western Horsemanship: Brian Uherek (first), Cindy Fick (first), Donna Lloyd (second), Jean Lloyd (fourth) and Kim Lloyd (fifth).

Western pleasure: Cindy Fick (first), Dawn Orr (second), Donna Lloyd (fourth), Kim Lloyd (fourth) and Brian Uherek (fifth).

Cindy Fick won Western equitation reserve championship.

Laura Burrell placed second in pony horsemanship. Celeste Cergol was third in pony driving.

From Saddle Ridge 4-H Horse Club:

English equitation (all in own age group): Terrie Priebe, first in saddle seat, and Shelley Jones, fifth in hunt seat.

Terrie Priebe was second, saddle seat, in English pleasure while Tracey Hawkins was fourth in hunt seat in that competition.

Terrie Priebe went on to win English equitation reserve championship.

Brian Hawkins was fifth in trail class, as well as in fitting and showing. Tracey Hawkins placed fifth in jumping equitation over fences.

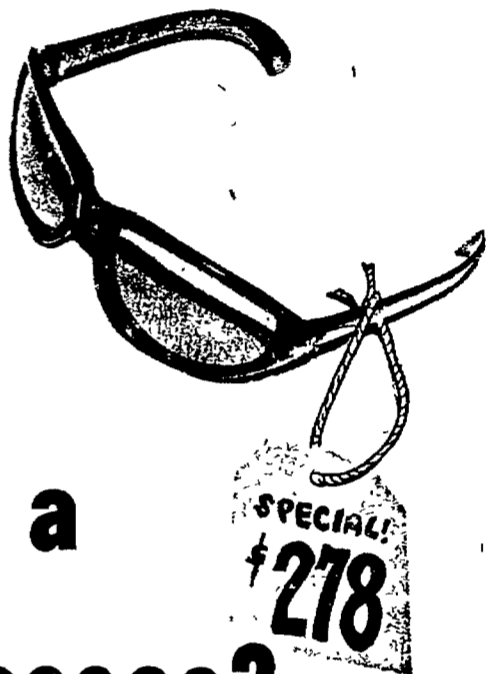

Traverse City All Arabian Class A Show:

"Gazad", a seven-year old son of Gazah owned by Beau Cheval Arabian Farm, won first place in the aged four year and older stallions and the reserve championship.

Beau Cheval is owned by Barb and Bob Lupini of Northville and Les and Shirley Lupini of Neosha, Missouri.

First place winner of the Margan, Arab and Half-Arabian dressage class at the Park Chapman Dressage Schooling show was "Batton's Lady Gemini". "Gemini" is a six-year old Morgan mare owned by Barb and Jerry Mycek of South Lyon and Mrs. Mycek rode her in the show. Sally Saddle

Did you hear about the lady who paid \$278 for a pair of sunglasses?

She picked them up on Monday. She paid for them on Thursday. She should have paid for them on Monday, too, but she didn't.

You see she didn't intend to pay for them. She was a SHOPLIFTER.

So, on Thursday she paid. In Court. The fine was \$100. Court costs were \$8. Lawyer's fees were \$80. And she lost \$90 in wages for five days she spent in jail.

That's a total of \$278 for a \$2.98 pair of sun-glasses... and the darndest thing about it is... she still doesn't have any sun-glasses.

Lumber, Manor House Lead Play-Offs

Now that the preliminaries are out of the way, the teams in the Northville Recreation Department's Men's Slo-Pitch Softball League can get down to the important part of the season.

Namely, the play-offs.

Forget the regular season. (That's old history.)

Besides, everybody knows that the only real purpose of all those regular season games is to determine who makes it into the play-offs.

Northville's 19-game regular season came to an end two weeks ago with the top four teams in each league advancing into the double elimination post-season tournament.

And last week those eight

teams began their play-off schedules.

To the surprise of absolutely no one, Northville Lumber has taken the lead in the American League play-offs with easy wins in each of their first two games.

Opposing Lumber for the American League championship will be either the Northville Jaycees or Plymouth State Home. Each team has lost once and will meet Wednesday night with the loser being eliminated and the winner advancing to the semi-finals against Lumber.

But while everything is going pretty much as predicted in the American League play-offs, there's a major upset in the offing in the National League.

Manor House Realty-Keith

Heating, the team which took third during the regular season with an 8-11 record, needs just one more win to walk off with the title. John Mach Ford and the Con Langfield Cougars, each with one loss, will battle it out Wednesday for the right to proceed in the tourney against Manor House.

The Lumber turned to veteran pitcher Charlie Sorenson for the play-offs and the cagey veteran responded by yielding a total of just ten hits and four runs in two Lumber victories last week.

First Lumber win was an easy 14-3 decision over the Hamlet Food Mart team which finished the regular season in fifth place. The Lumber wrapped up the win in the first inning as they tallied nine times to jump off to a lead that Hamlet was never able to overcome.

Shortstop Dan Parker and

catcher Bob Boshoven each stroked out four hits and John Mutch added three safeties to pace the 20-hit Lumber attack. Roger Schultz with a pair of singles was the only Hamlet player to get more than one hit off Sorenson who gave up just seven singles in the game.

Sorenson saved his masterpiece, however, for Lumber's second round game with the Jaycees. The veteran tossed pitched five innings of no-hit ball until Ron Hellier finally stroked a single leading off the sixth inning.

The Lumber hitters, meanwhile, were slugging their way to a 10-1 victory as a seven run outburst in the fifth inning transformed a 3-0 game into a 10-1 romp.

Jerry Wedge led the Lumber with three hits, while Jim Newman, John Mutch, and Bob Boshoven added two hits apiece and Mutch belted a

home run to share hitting honors. The Jaycees collected just three hits off Sorenson.

The Jaycees reached that second round game with Lumber by trimming Plymouth State, Home 3-0 in their opening game.

Once again the pitchers stole the show as each team was able to collect just five hits. Ron Reitenour was on the hill for the Jaycees, while Charlie Fialon, another veteran tosser, was on the mound for the State Home.

The State Home won the right for a rematch with the Jaycees by squeezing past Hamlet 12-10 in the first game in the loser's bracket. It was the second loss for Hamlet which was eliminated from the play-offs.

Hamlet led 8-5 after five and one-half innings, but the State Home rallied for seven runs in the bottom of the sixth and then held on for the 12-10 win.

Denny Milobar had three hits and Ken McDermott and Greg Stanski added two hits apiece to share hitting honors for the winners. Bob Cole and Russ Kelly had two hits each and Brad Cole slugged a home run for Hamlet.

Manor House Realty-Keith Heating is the only undefeated team left in the National League play-offs, but they owe a good deal of the credit for their commanding position to the Con Langfield Cougars who registered the only major upset of the tourney by defeating John Mach Ford 14-12.

The fourth-place Cougars scored four times in the top of the seventh inning to beat the National League champion John Mach Ford team after a see-saw battle which saw the lead change hands in almost every inning.

Bernie Bach rapped out four hits and Jeff Jones

delivered a round tripper to share hitting honors for the Cougars. John Mach was led by Bill Taulbee who had a home run and two singles.

And while the Cougars were surprising John Mach in their opening round game, Manor House was squeezing past the Northville Newcomers 6-5 in their opening round game.

The Realtors scored five times in the first two innings only to see the Newcomers know the score at 5-5 with a four run rally in the fourth.

Manor House came back to score the decisive run in the fifth as Tony Rizzo came through with a one out home run.

When Con Langfield and Manor House met in the second round game, it was Manor House which came out on top in another one-run affair - 7-6.

Bernie Bach doubled home Jack Jones to enable the

Cougars to knot the score at 6-6 in the top of the seventh. But the Realtors won it in the bottom of the inning as Joe Pisani singled in Ray Tisch with the decisive run.

Bruce Griggs with a homer and a double was the only Manor House player with more than one hit, while Bach and Jones shared hitting honors for the Cougars with three hits apiece.

John Mach Ford managed to stay in the tournament by registering out a 15-7 victory over the Newcomers in the loser's bracket game.

The Newcomers scored five times in the first inning, but Mach Ford came back with seven runs in the second and then went on to the 15-7 win.

Bill Taulbee, Bob Ojinski, and Bob Barnum had three hits apiece to spark the 20-hit Ford attack. Jim Climons with a pair of singles was the top Newcomer hitter.

Score 2nd Upset

Realtors Take Spoiler's Role

Just call them "The Spoilers".

Somehow it should have been expected that one of the four teams not in the wild and woolly six-team struggle for the championship of the Novi Parks and Recreation Commission's Men's Slo-Pitch Softball League would play a key role in determining just who is going to win the title.

And that's exactly what J.P. Realty is doing. It was just two weeks ago that the Realtors came through with their first major upset of the red-hot race as they surprised Star Lincoln-Mercury 4-3.

And last week the Realtors registered their second major upset as they trimmed L'Esperance Electric by a 10-5 margin.

The team that is benefitting from the Realtor's "upsetting" tendencies is the Novi Jaycees. The Jaycees, whose lone contest last week was washed out, are definitely the team to beat as the end of the season approaches.

The team with the best chance to catch the Jaycees is the Michigan Tractor squad which is currently in second place with an 11-4 record - a full game behind the Jaycees who are 12-3.

Also in the race are Star Lincoln-Mercury, L'Esperance Electric, and Jamaican Pools. But each of those teams has already lost five games, while the Jaycees have gone down to defeat just three times so far this season.

In other words, for Star, The Electric Company, or The Pools to get even a tie for the title, the Jaycees would have to lose two of their last three games.

It's not likely to happen, but anyone who has been following the Novi race knows that the one thing you can bet on is that anything that can happen, probably will happen.

J.P. Realty once again returned to their role of "spoilers" as they topped L'Esperance Electric 10-5 in last week's key game. The loss was the fifth of the season for L'Esperance which fell two games behind the league-leading Jaycees in the Loss column as a result of the Realtor's upset.

The Realtors never trailed as they scored twice in the top of the first and then upped that lead to 8-1 before the second L'Esperance runner crossed the plate.

Star of the game as far as J.P. Realty was concerned was pitcher Carl Helwig. The 6'1" Helwig was touched for a triple by the L'Esperance lead-off batter, but that proved to be the only extra-base hit he allowed all night as he held The Electric Company to just eight hits.

More importantly Helwig handcuffed the heart of the L'Esperance offense by holding Dan Laho, Chuck Kantola, and Vic Pietela the best one-two-three punch in

the league - hitless. It was the first time the trio has been whitewashed this year.

Pacing the Realtors' on offense was Ben Wright who stroked out three hits in four trips to the plate, including a two-run homer in the sixth. Jim Woelkers also had three hits and Ken Parsons and Ed DeBrule chipped in with two apiece to pace the 15-hit Realty attack.

Lloyd Huotari had three singles for The Electric Company.

Star Lincoln-Mercury and Jamaican Pools kept their

distant hopes for the championship alive by also winning games last week.

Pitcher Mike Fenchell gave up just six hits in leading Star to an 11-6 victory over Novi Heights. Fenchell had a no-hitter going until Harold Ortwine finally connected for a single with one down in the bottom of the fourth inning.

Star opened the scoring with three runs in the top of the first as Fenchell and Rey Rodriguez stroked singles,

CHOO CHOO UNTRACKED — Big George Sterling of the Mertz Bake Shoppe team slides safely into third base under the tag of Choo Choo Car Wash third baseman Tom Alberts. Mertz, champions of the Southfield League, rallied for

seven runs in the last three innings to defeat the Northville champions 8-7 and begin their downfall in the Class B District Tourney at Thomson Memorial Field last Sunday.

Choo Choo Stunned In District Tourney

After sailing through the regular season without a loss, Northville's Choo Choo Car Wash squad found the going a lot tougher in the Class B District Slo-Pitch Tourney last Sunday.

Choo Choo which had piled up 19 straight wins in sweeping to the city championship came up flatter than a board Sunday and were eliminated from the state tourney in two straight games.

The two quick losses put an end to Choo Choo's hopes for a state championship.

"We were really flat," lamented Don Phillippi, the former Alma College ace who now does the pitching for Choo Choo. "When we lost that first game we just seemed to lose all our fight and we practically rolled over and played dead in the second game."

"I guess that's what hurts most about losing," Phillippi

continued. "Somehow it wouldn't be so bad if we had at least given it our best shot."

Choo Choo's first game in the district tourney was against Southfield on Sunday. Had Choo Choo won, they would not have had to play again until Tuesday. However, Mertz Bake Shoppe, the Southfield champion, squeezed out an 8-7 victory.

In spite of a lead-off home run by Southfield's Jim Birnberg, Choo Choo had come back to take a 4-1 lead at the end of three and one-half innings.

But the Southfield team suddenly got hot and scored three times in both the fourth and fifth innings and then scored one more time in the bottom of the sixth to take an 8-4 lead.

Choo Choo rallied in the top of the seventh, loading the bases with one out. Denny Nadeau's single to left brought in two runs to narrow the Southfield lead to 8-6. Rich Adams lofted a fly to center that brought in John Bida, but Phillippi then flew out to left field for the third Choo Choo out.

As a result of the loss, Choo Choo had to return to action in the very next game. Their opponents in the do-or-die contest which meant elimination for the loser was the Stage team from Oak Park.

Choo Choo never got started. The first seven Northville batters went down in order and Choo Choo didn't get a hit until John Bida beat out a grounder to deep shortstop with one down in the third.

Choo Choo finally put together two solid base raps off Mike Weiner, pitcher for the Stage squad, in the fifth inning, but those proved to be the last hits they would get as the Oak Park champions took a 7-0 victory.

WHY INSULATE

Two very good reasons to insulate are to increase your personal comfort and save heating dollars. There are no cold floors, cold walls and chilly corners in a home that's properly insulated. The insulation slows down heat loss through walls and ceilings. At the same time, it helps keep cold air from seeping in. And, for summertime comfort, it helps keep the hot air out. Acting as a barrier to stop heat loss, insulation reduces your fuel consumption (in many cases as much as one-third). Obviously, when less heat is lost, less fuel is required and your heating costs are reduced. **TO GET THE COMPLETE STORY ON THE BENEFITS OF INSULATING YOUR HOME, STOP IN FOR A FREE BOOKLET ON "WHY INSULATE?"**

In Swim Club League

Northville Tankers First

Chalk up another swimming championship for a Northville team.

This time it was the squad from the Northville Swim Club which churned its way to a championship, taking first place in the newly-organized Summer Independent Swim League.

Trailing Livonia's Burton Hollow team by 25 points after the breaststroke events, the Northville squad came on strong in the freestyle and relay events to win the League Meet and clinch the championship last Saturday.

According to league rules, a team is awarded two points for each victory during the dual meet portion of the season. The winner of the League Meet, in which all five teams compete, is awarded six points with four points going to the second place team, three to the third place, and so forth down to the fifth place squad which is awarded one point.

Northville entered Saturday's League Meet with a two-point edge over the Burton Hollow team by virtue of having posted a 7-1 record in dual meets while the Livonia squad finished with a 6-2 mark.

Had Burton Hollow been able to defeat Northville in the League Meet they would have finished in a tie for the championship - each team with 18 points.

But it didn't happen. Northville came out on top in the League Meet to finish the season with 20 points. Burton Hollow was second with 16 points, while Livonia's Fairway Farms was third in the final standing with 13 points. Fourth place went to Newburg (six points), and Colray was fifth with one point.

Northville went into Saturday's meet without three of its top performers. Art Greenlee, Jim Wright, and Susan Cahill were all in Lakewood, Ohio, to compete in an AAU Invitational.

Without those three along with several others who were gone on vacation, Northville Coach David Wright had to leave five of the 42 individual events open.

The League Meet narrowed down to a three way battle between Northville, Burton Hollow, and Fairway Farms. At the halfway point, the three teams were separated by just three points. But Burton Hollow scored heavily in the breaststroke events to open up a 25-point lead over Northville and Fairway Farms.

Northville's strength in the freestyle events proved to be the difference.

In the final 10 events North-

ville grabbed five firsts, nine seconds, and three third places to wipe out the 25 point deficit and advance to a 30-point victory.

Northville was paced by a pair of triple winners. Dean Guard who competed in the 9-10 year old division and Steve Pyatt who swam in the 11-12 year old division each won three events.

Tammy Selfridge (9-10 year old division) was almost a triple winner as she posted two firsts and a second.

Coach Wright also singled out the performances of Tim and Tom Cahill as being keys to his squad's victory.

Wright extended thanks to Ben Lauber and Ed Kelly for their assistance throughout the season.

Northville swimmers placing in the top three in the league meet were:

- 8 and Under Division
- Boys 25 Yard Backstroke: Pat Cahill, second place
 - Girls 25 Yard Backstroke: Susan Penrod, second place
 - Boys 25 Yard Freestyle: Pat Cahill, second place, Mike Biery, third place

- Girls 25 Yard Freestyle: Susan Penrod, second place
- Mixed 100 Yard Freestyle Relay: Pat Cahill, Susan Penrod, Triana Johnson, and Mike Biery, third place

- 9-10 Year Old Division
- Mixed 100 Yard Medley Relay: Gary Lauber, Dean Guard, Sheila Harrison, Tammy Selfridge, first place
 - Boys 25 Yard Butterfly: Dean Guard, first place

 - Girls 50 Yard Freestyle: Donna Guard, second place
 - Mixed 200 Yard Freestyle Relay: Dennis McLaughlin, Lisa Vaningen, Cindy Bretz, and Jeff Pitak, second place

Typewriter Shop Squad Wins Novi Girls' League

Champion of the Novi Parks and Recreation Commission's Girls' Softball League is the Novi Typewriter Shop.

The girls from the Typewriter Shop posted a 7-1 record to take first place in the league for 12-15 year old girls, but they had to turn

back the challenge of a strong Marcus Glass team in the final game of the season to clinch the championship.

The Typewriter Shop entered the final game with a 6-1 record, while the Marcus Glass girls were in second place with a 5-2 mark. A

victory by Marcus Glass would have pulled them into a tie for the championship, but it just wasn't to be. The Typewriter Shop pounded out a 15-9 decision to end up in first place all by themselves.

The only loss of the season for the champions was a 10-7 defeat handed them by the Farmers Insurance girls.

Coaches of the Typewriter Shop team were Jan Edwards and Barb Kerr.

Marcus Glass was coached by Carol Johnson and Cheryl Stroud. Other coaches were Mary MacDermald and Gerri Stipp (Farmer's Insurance), Mary Beckman and Marilyn Wolcott (Beckman and Wolcott), and Shirley Brooks (Vicete Engineering).

Leading hitter on the champion Typewriter Shop team was Marla McKenny who had a batting average of .820.

Other members of the Typewriter Shop team were Cheri Mason, Marti Mason, Kim Gaynor, Donna Majors, Helen Holmes, Kathy Beckman, Sue Kerr, Laura Thompson, Christine Hines, and Gay Pittocco. Rounding out the team are Mary Mulligan, Kathy Spalletta, Jill Sibole, Robin Stipp, and Marla McKenny.

Realtors 'Spoiling' 6-Team Novi Race

Continued from Page 1-C

Jerry Galik laced a double, and Bill Barnes followed with another single to clear the bases.

Galik paced the Star hitters as he rapped out a double, triple, and home run in four trips to the plate. Fenchell, Barnes, and Barney Auton each added two hits to the 14-hit Star attack. Ortwine and Don Sasse with two hits apiece collected four of the six Novi Heights hits off the tosses of Fenchell.

Jamaican Pools won its seventh straight game by rolling over the Novi Police 13-5.

With two runs in the first and two more in the third, The Pools took a quick 4-0 lead. But the Crime Fighters came on strong in the bottom of the third to knot the score at 4-4 as Bruce Place's three-run home run sparked the uprising.

The Pools made it no contest after that, however, as they tallied five times in the fourth and four times in the sixth to run away to the 13-5 triumph.

Bob Fedorka and Keith Heathcock each stroked out three hits and Tony Stines, Lou Campbell, Roger Davis, Steve Elliot, and Gary Guldner added two apiece to account for 16 of the Pool's 18 hits.

Gary Appleton and John Love had two hits apiece to

spark the Coppers who were able to pick up just five hits off the tosses of Pool hurler Louie Campbell.

Del's Shoes Twins Second

Hi-Lakers Clinch Title

Highland Lakes' entry in the Northville Recreation Department's Knothole Hardball League clinched the league championship last week as the 1973 season rolled to a close.

The Hi-Lakers, who entered the week with an 8-0 record and a one game edge over the second place Northville Number One team, blasted out three straight wins to put the finishing touches on a perfect 11-0 season.

As things turned out, the Hi-Lakers had the crown just about wrapped up before the week really began. In a special make-up game a week ago Saturday, Choo Choo Car Wash recorded a 15-3 upset of the Northville Number One team which put the Hi-Lakers out in front by two full games.

But just to prove that they truly deserved to be champions, the Hi-Lakers also belted the Number One team last week to make the Choo Choo upset academic.

As a result of the two losses, Northville Number One dropped all the way from second to fourth in the final standings, while the Del's Shoes Twins and Choo Choo were each posting a pair of wins to take over the second and third spots respectively.

There was no denying the Hi-Lakers who shifted into high gear last week as they neared the Knothole championship. In three games the Hi-Lakers blasted out a total of 58 runs - an average of almost 20 per game.

The Hi-Lakers got the week underway by mercying Northville Number One by a score of 18-0 in five innings. Larry Dominique, Mike Daskalakis, Tim Cavanaugh, Tim Ellis, and Brad Sepanski each picked up three hits in the rout, while Scott Robbins, Steve Stuart, and Curt Exelby were the only Number One players to collect hits.

The Hi-Lakers continued their heavy hitting through their game with Northville Number Three, slugging their way to a 20-4 decision. This time the Hi-Laker hitters were led by Larry Dominique Cavanaugh, who had four hits

apiece, and Andy Bechtel who belted a home run.

Doug Joels led Number Three with three straight singles and Robbie Tuisku and Randy Baxter each contributed two hits apiece to the attack.

The Hi-Lakers wrapped up their perfect season on Friday by scalping the Casterline Indians 20-9. Larry Dominique and Mike Daskalakis stroked out four hits each to spark the hard-hitting Hi-Lakers who finished the game with 25 hits.

The Indians were led by Paul Cooper I and Paul Cooper II, each of whom collected three singles.

With the Number One team losing to both the Hi-Lakers and Choo Choo, the Del's Shoes Twins moved into second place by posting a pair of wins last week.

One of those wins was a forfeit, but the other came on the playing field as the Twins collected 25 hits en route to a 25-8 lambasting of the Northville Police Padres.

Gary Beason paced the Twins with three singles, a double, and a triple in five trips to the plate, while Greg Behrens was collecting four hits. Top hitters for the Padres were Bill Busanko and

Jim Kula who each belted round trippers.

Moving ahead of Number One into third place in the final standings was the Choo Choo Car Wash squad. It was Choo Choo which just about clinched the championship for the Hi-Lakers by handing Number One a 15-3 setback a week ago Saturday.

Six of the first seven Choo Choo batters got hits to begin the upset of Number One. Bob Thomson and Bob Lupini each belted home runs and Bob Chapman added a triple to pace Choo Choo. Steve Stuart had three straight singles to pace the losers.

Number One finally made it into the win column last week by clipping Sheehan's Little Caesar's Mustangs 16-10, mainly on the strength of an 11-run outburst in the fourth inning.

Kurt Exelby had three hits and Doug Iverson, Conrad Newman, Matt Yanoschick, Craig Raycraft, and Rich Smith each added a single and double to spark the Number One victory. Matt Ronayne and Scott Harrington with four and three hits respectively paced the Mustangs.

Finishing in fifth place were the Lab Service Supr Stars who brought their season to a

close by belting the John Mach Ford 18-1. Jeff Eaker, Jeff Kozlars, and Tony Aramda picked up three hits apiece for the Super Sars and Kozlars and Aramda also had home runs in the rout. Richard Pattison and Larry Wallace had three and two hits respectively for the Yankees who finished the game with just seven hits.

The Casterline Indians and Northville Number Two finished in a tie for sixth place with identical 4-6 records.

The Indians topped the Yankees 23-7 to record their fourth win of the season last week. Steve Maisoneuve had five hits including a home run and Paul Cooper II and Frank Olewnik each contributed four hits to share hitting honors for the Indians. Richard Pattison paced the Yankees with two hits.

Northville Number Two moved into sixth place by winning two games last week. Jeff Allen had four hits and Brian Miller and Rob Kelly each added three more to lead Number Two to a 20-11 conquest of the Little Caesar's Mustangs. Terry Sheehan had four hits to pace the losers.

Number Two then knocked off the Super Stars 15-7. Chris Allen and Don Burnham each had a single, double, and triple to spark the winners, while the Super Stars were led by Bob LaTarte and Tony Aramda who each picked up three safeties in the game.

The only team without a win in Knothole Hardball - the Jaycees - gave it all they had in their final game, but still came up on the short end of the score as they were downed by Number Three 18-17.

John Wagner and Robbie Tuisku had three singles and Randy Baxter, Doug Joels, and Dale Mellenger all added two hits apiece to lead the Number Three attack. John Owen had four hits to lead the Jaycees in that department, while Jeff Williams, Mike

Muzzin, and Scot Saltmarsh each contributed three hits to the losing effort.

RIDE 'EM COWBOY—Larry Darr (above) can usually be found on his cattle ranch in Mansfield, Ohio, but last Saturday the 27-year old veteran was at Northville Downs leading Team Ohio against Team Michigan in the \$2,400 Championship Match Races. In spite of the efforts of Darr, Team Ohio fared poorly and the Team Michigan motorcyclists rode to a big victory.

Meadowbrook Country Club

Tankers Take 2nd

Meadowbrook Country Club finished second in the Suburban Inter-Club Swimming Association (SICSA) this year, narrowly missing first place honors.

Meadowbrook, Orchard Lake, and Forest Lake Country Clubs all finished the regular dual meet season deadlocked for first place with one loss apiece.

But Orchard Lake ended up with the league championship as they ran up a total of 985 points in the 17th annual League Meet two weekends ago. Meadowbrook finished second in the meet with a total of 889 points.

The League Meet was held

in Meadowbrook's new 25-member, six-lane pool.

It was a record-setting league meet as new marks were established in 21 of the 42 events. Meadowbrook swimmers recorded seven of the 21 new SICSA records.

Betsy Leahy and Kris Johnson each accounted for two of the new league marks. Betsy, competing in the 9-10 year old division, tied the record in the freestyle with a 15.4 clocking and set a record in the backstroke with an 18.4 performance.

Kris, who competed in the 13-14 year old division, tied the girls' record in the

breaststroke with a 40.0 timing and set a record in the individual medley with a 1:18.9 clocking.

Three other Meadowbrook swimmers set new records. Jo Smith set a new record in the backstroke for eight and - under girls with a 21.4 timing; Todd Avery won the boys' 9-10 year old freestyle with a record-setting 14.6 performance; and John Uzelac set a record of 21.0 in winning the breaststroke for 9-10 year old boys.

Swimmers from Northville competing on the Meadowbrook team include Bob and Mary Abraham, Dean Alli, Bob and Mary Andrews, Gigi and Jim and Lee Belanger, Blair Bowman, Paul Chenot, Brian Cross, Kevin and Neil Davis, Mike Doheny, and Tom Hankins.

Other members of the Meadowbrook team from Northville are Amy and Chris and Pat Edwards, Cecily Hayward, Marcia Kelly, Dick and Mike McNulty, Bob Pegrum, Matt Rasak, Sally Schueler, and Polly and Maggie Sinclair.

Rounding out the team are Liz, Marge, Isabelle, and Jo Smith; Dan, Matt, Maggie, and Maureen Sullivan; Doug, Kathy, Dave, and John Uzelac; and Beth and Jay Weaver.

The 100-member Meadowbrook team is coached by Dave Segraves.

Swimmer Scores At Battle Creek

As Northville's lone representative in the Battle Creek Invitational Swim Meet last weekend, 12-year old Carl Haynie had quite a day for himself.

Haynie finished fourth in the 50 yard backstroke, sixth in the 50 yard freestyle, and

ninth in the 100 yard freestyle.

Forty-two AAU swim teams from Michigan and Ohio were entered in the meet which saw approximately 100 competitors vying for the top spots in each event.

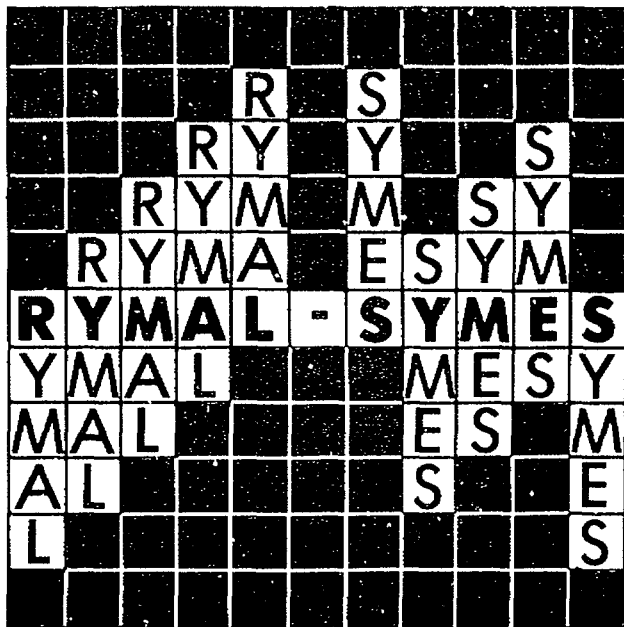

Haynie is a member of the Clarenceville Swim Club.

NOVI HIGHLIGHTS

By JEANNE CLARKE
624-0173

Proud parents of a baby daughter are Mr. and Mrs. Bob (Sue Hausner) Lewis. Krista Marie was born on August 7 at St. Joseph Hospital in Ann Arbor. She weighed seven pounds at birth.

Krista Marie's grandparents are Mr. and Mrs. Hergott Travis of New Hudson, Mrs. Marie Travis of Northville and Walter Fox, Sr. of South Lyon.

Jo Ellen Steinberger has recently been guest of honor at several bridal showers.

One was given at Gregory, Michigan for the family of the bridegroom by his mother.

The bride-to-be was also feted last Friday evening at the Politi home in Meadowbrook Lake. The shower was hosted by Debbie Auten and Barbara Politi. Guests included Miss Steinberger's former Novi High School classmates.

On Saturday, she was honored by members of her sorority at a surprise shower in her home. Guests attended from surrounding areas of Michigan.

Chris Simonsen, Barb North, Julie and Brenda Baccian and Julie and Janet Dingman recently returned from 11 days at Frontier Ranch at Buena Vista, Colorado.

Former Novi residents, Mr. and Mrs. Arthur Loynes, visited friends in Novi last Thursday. The Loynes, who were Taft Road residents, are now living at Blanchard, Michigan.

Mr. and Mrs. Ronnie McHale are now at home in Novi following four years with the Coast Guard. During McHale's tour of duty he served at New York, Alaska and for the past 18 months was stationed aboard an ice cutter at Cheboygan.

Cindy Ortwine and Diane Roy have returned from a

vacation in the midwestern states. They took two weeks to drive over 5,000 miles.

Monday evening was a triple celebration at the Thirteen Mile Road home of Mrs. Pat Sulla. Joan, Tommie and Kenzie Belanger, all of Rose City, celebrated their August birthdays.

An automobile accident which occurred about 45 miles from Novi put an abrupt end to the vacation of the LaFave family of Meadowbrook Road. Although the car was wrecked, the family members escaped with no serious injuries.

Sam Button, the son of Mr. and Mrs. Bill Booth of Haggerty Road, has returned to his studies at Atlantic Bible College in Chesapeake, West Virginia.

NOVI SENIOR CITIZENS
The next meeting of Senior Citizens will be held at the Novi Community Building on Tuesday, August 28 at 7 p.m. Hostesses for the meeting will be Mrs. Florence MacDermid and Mrs. Chris Plemons.

Those desiring more information are urged to contact Mrs. Nancy Liddle at 349-2219.

NOVI BLUE STAR MOTHERS

A total of \$20 was contributed to the General Post Fund for use of the patients at the Veterans Hospital in Ann Arbor. The contribution was presented by Mrs. Lucy Needham and Mrs. Helen Burnstrom. While in Ann Arbor the women also did personal shopping for some of the patients.

WEIGHT WATCHERS
It's homecoming time at Weight Watchers once again. Beginning August 1 through August 24, former Weight Watcher members may join once again by showing their old attendance books and paying 50 cents and the usual

\$2.50 fee.

Novi Weight Watchers meet each Tuesday evening at 7 p.m. in the Living Lord Lutheran Church under the leadership of lecturer Rosie Tague.

Old members who have misplaced attendance books or others who have never been members can join for \$1 plus the \$2.50 a week.

NOVI WOMEN'S GOLF LEAGUE

A birdie on the number three hole has tied Marilyn Vetrano with Shirley Moak for first place in the league. Mary Wickman is in second place and third place is held by Marian Wilkie.

The league meets each Wednesday at 10 a.m. Entries are still being taken. Those interested may contact Mary Wickman at 349-1654.

NORTHWEST SINGLES

At the regular meeting last Thursday, the club made plans for a first anniversary celebration to be held at the home of the Glances.

NOVI GIRL SCOUTS

All girls ages seven to 17 and adults interested in getting involved in Girl Scouting are encouraged to contact Joan Griffin at 349-7217 for the Village Oaks School area; Jackie Wilenius at 349-2056 for the Novi Elementary School area; and Virginia Folsom at 349-5713 in the Orchard Hills area.

There is a need for Brownie leaders in the Village Oaks area and at Novi Elementary School. A Brownie leader is needed at Orchard Hills as well as a Cadet co-leader.

Women interested in working with the cadet scouts can contact Michelle Smith at 477-9635 or Virginia Folsom. A Cadet mothers meeting is scheduled for Monday, September 10 at 7:30 p.m. at the Novi United Methodist Church. Mothers of girls in grades seven through nine

interested in the scouting program are asked to attend. The church is located at the corner of Ten Mile Road and Quince.

FIRST BAPTIST CHURCH

The special speaker for both the morning and evening services on Sunday will be Dr. Raymond Buck, Foreign Missions Secretary for Baptist Mid Missions.

A meeting is scheduled for 3 p.m. on Sunday at the home of Dan Thomas. All members are encouraged to attend and assist the Missions Committee and Deacon Board in revising the missionary policy of the church.

The young people of the church, grades nine and older, will go to Cedar Point on August 20. Departure time is 6:30 p.m. Additional in-

formation about the trip can be obtained from Phil Baynes at 349-3477.

The church basketball team ended up in second place in the league with 10 wins and four losses.

Associate Director of the Michigan Sunday School Association Harold Moran will be the guest speaker at the Teachers and Workers banquet on August 24.

UNITED METHODIST CHURCH

Cathy Alexander and Dennis Rogers were married at the church on Saturday evening. The wedding was officiated by the Reverend Philip Seymour and Denise Ward was the guest organist.

Taft Paving Plans Near Completion

Engineering plans for the paving of Taft Road between 10 and 11 Mile Roads have been virtually completed, City Manager Harold Saunders told the Novi city council a week ago Monday.

However, the engineering plans for the paving of Taft from 11 Mile to Grand River are only about 40 percent complete, Saunders reported.

Saunders' report was presented in response to a request from the council for a status report on the progress being made by City Engineers Johnson and Anderson with plans for the paving of Taft Road.

Reason for the delay on the section of Taft Road between 11 Mile and Grand River, Saunders explained, is that there is presently some

discussion about re-engineering the intersection of Taft and Grand River.

"Once that matter has been resolved," stated Saunders, "J&A feels it can finish up the rest of the engineering for that portion of Taft within a month."

"the TRUTH

WQTE

SUNDAY 9.45 A.M.

"Man's Extremity Is
God's Opportunity"

SO WHO'S MARK SPITZ?—Three-year old Jimmy Adams of Novi splashes gleefully forward to the obvious delight of Carolyn Bridges, a Water Safety Instructor from the Farmington YM-YWCA. Miss Bridges will be teaching a course in Novi for beginning swimmers between six and eight years old. The course will run from 9-10 a.m. during the last two weeks in August, August 20-31. Because the Farmington Y does not yet have a pool, it is sending its instructors out into the community to give lessons in the private pools of homeowners who offer their use. The lessons slated for Novi at the end of August will be held in the pool of Mr. and Mrs. Rollie Adams. Parents interested in enrolling their children in the class should contact the Farmington Y at 474-3232.

Wixom Newsbeat

Camping Trip's a Real Experience

By NANCY DINGELDEY

There has to be something good said about camping.

Looking back on the past eleven days, through wind and rain and the dear old common housefly, the Dingeldey clan tented their way through the Upper Peninsula.

Fate must have determined our choosing the soppiest time available. For tenters, that just ain't the right time! We suffered through one of the fiercest electrical storms ever brewed. That one almost caused us to float away sleeping bags and all. Saving Grace for that night was the local laundromat where a pile of soppy sleeping bags were returned to their original dry, fluffy condition.

Fortunately, each time we were faced with an absolutely drenched tent, the skies would clear long enough to dry everything out. A game of cat and mouse it would seem.

When the sun did shine, the weather was warm and glorious and spirits would be lifted just enough to make the next storm bearable.

Anyone who has ever tented has suffered through the same elements could tell a few tales of his own. The brighter side has to be the smell of bacon and coffee cooking on a camp stove, tromping through the woods with the sunlight filtering through the dense height of the trees and pines or sitting around a campfire roasting marshmallows.

Our plan was to go to the Porcupine Mountains but another rainy day took us for a "drive" instead which ended at the tip of the Keewenaw Peninsula at Fort Wilkins State Park in Copper Harbor. It's a great place to go especially if you have kids.

The campgrounds are connected to the fort so the kids had the run of the place and probably absorbed more information in their meanderings than we thought possible.

Even more attractive to the younger set was the naturalist who had arts and crafts programs in the afternoon. Whoever thought I'd be making jam out in the middle

of the woods.

The area is abundant with wild berries and the naturalist pointed them out so the right ones were picked.

Agate hunting on the shores of Lake Superior, hiking and digging through abandoned mine tailings for copper are just a few of the activities available. It's a peaceful, gorgeous country. If you've never made a trip "away up there", put it on your list.

As far as doing it in a tent - even at its worst, it's great.

For Paul and Elna Salo, a five week jaunt to Finland gave them the opportunity to trace their ancestry back into the fifteenth and sixteenth centuries. Paul explained it wasn't quite as difficult as it sounds because the State Church holds a life record of everyone registered.

Their main base of operation was in Espo, the fourth largest city in Finland. It, as well as every other area visited, was immaculate. According to Paul, there is no litter and he attributes this to "an" intense national spirit with the people having a great love of their heritage and culture.

Probably the hardest thing to become accustomed to was

the twenty-four hours of daylight. The darkest it ever became during their stay was dusk.

The open air markets available in Finland were termed "fantastic" and very colorful. Other than being less expensive than the regular stores, it was far more intriguing to shop at the various stalls.

Finland tends to cater to walkers and cyclists and there are no large cars on the roads. "And it takes guts when you drive, especially in the larger cities because there are no stop signs," said Paul.

Meals, he said, were something else. A continental breakfast, for example included soft boiled eggs served in egg cups, three to four soft and three to four hard breads, a variety of cheeses and cold cuts, cucumbers, tomatoes and coffee. A breakfast such as this comes automatically with any hotel or motel stay and is called "coffee."

The Salo's also sampled reindeer meat and remarked that none of the food is seasoned. Water is never served with meals and in some instances, they had to pay for it at mealtime.

They attended an opera in an old castle and also found

much restoration work is being done on objects dating back to the fifteenth and sixteenth centuries.

A blend of Russian, Swedish and the Baltic countries, Finland is still a country with a very distinctive flair.

Bringing the library to the children by way of "Magic Carpet Story Hours" was begun this week by the Wixom Library Board. The city has been divided into five sections. Books and pictures relating to the stories are brought to each area on Tuesday mornings from 10 until 11.

Designed for youngsters ranging in age from preschool to eight and placed in areas safely reached by the children, the story hours not only entertain them but also introduce the children to some of the books available at the Children's Library located in City Hall. The program will be held each Tuesday morn-

through the month of August.

In one week, since the public opening of the Children's Library, 33 cards have been issued to the younger set, while 78 family cards have been issued for use at the Walled Lake Library.

Everyone is reminded of the Country Fair to be held in Wixom in early September. Plan now for entries in the produce department, floral arrangements, jams and jellies, breads, cakes and pies and needlework.

Hopefully, there will be something for everyone and a rather fun time in Wixom.

Biblical Answers For Troublesome Times

? WHY BE A CHRISTIAN WHEN SOME DO THINGS I WOULDN'T?

Our relationship to God should never be governed by the failure of others. ROMANS 14:12 declares, "SO THEN EVERYONE OF US SHALL GIVE ACCOUNT OF HIMSELF TO GOD." The failures of others will not constitute an acceptable excuse for our failure to obey the will of God in our own lives.

You may call for help or counseling at 291-7733 or 363-5945. Readers' questions and/or problems are solicited for this column. If you have a question, Christ has the answer and He is never wrong. Please send correspondence to address below.

With your present air conditioning—
portable or central.

Proper use and maintenance can keep efficiency up and operating costs down. Some of the things that help a lot are: keeping your air conditioner clean, not overcooling and keeping it covered or indoors in the winter.

With the air conditioner you may buy.

You'll get the best air conditioning results if you buy a unit that's the right size for your room or home. It also should have a High Energy Efficiency Rating (7 or above). You may pay more, but its high efficiency will save on operating cost and conserve valuable energy.

With the right ventilation, shade and landscaping.

The outdoor portion of the unit should be shaded as much as possible, at least during the warmest parts of the day. Shading your home with trees, awnings, or vines can help even more. Light-colored paint and proper attic ventilation are also important.

With our free booklet.

We have lots more tips for you. Pick up your copy of "How To Get Your Money's Worth From Your Electric Air Conditioner" at your nearest Detroit Edison office. Or write us: Detroit Edison, Room 473—CB, 2000 Second Avenue, Detroit, Michigan 48226.

Detroit Edison

Northville Fair Feature

Jaycees to Serve Bavarian Fun

Pretzels, peanuts, knockwurst, beer...and even full German dinners will be on tap again soon when the Northville Jaycees stage their Bavarian August-Fest during the Northville Community Fair.

The fair, sponsored by the Northville Chamber of Commerce, will be held at Northville Downs during the weekend of August 24, 25 and 26.

And the Jaycees' tent is expected to be one of the fair's most popular attractions. Refreshments, report August-Fest Chairman Pat Dustin and his Jaycette

Assistant Chairmen Mrs. Arlen Westling and Sue Foster, will be eaten to the tunes of authentic German music served up by three Bavarian-style bands—Tony Schuster, Duane Jennings, and the Rheinlander Band.

Band hours will be from 8 to 12 p.m. Friday, 1 to 5 p.m. and 8 to 11:30 p.m. on Saturday, and 1 to 5 p.m. and 7 to 12 p.m. on Sunday. The tent opens Friday at 4 p.m., and noon on Saturday and Sunday.

There will be no admission charge, Dustin emphasizes, and prices for food and refreshments will be nominal. "And for those prices we'll have plenty of fun

and entertainment, including many singalongs with such favorites as "Schnitzelbank".

Full dinners will consist of knockwurst, hot German potato salad, sauerkraut, roll and butter. Prices will be \$1.75 for adults and \$1.25 for children's portions.

Several radio and local government personalities have been invited to attend the "Tapping of The Kegs" ceremony scheduled for Friday night at 8 p.m.

And on Saturday Father Dustin, the Banjo Priest (alias Pat Dustin), will make a guest appearance with the band.

All Jaycee-Jaycette waiters and bartenders will be dressed in German costumes.

Besides the August-Fest, many other events and activities are planned at the fair.

Activities get underway Friday morning with the Wade Shows featuring a variety of rides. Games of

chance, bingo, a millionaire's party, children's pet show, an art show for both professional and amateur artists and a horse show are just a few of the other attractions.

Proceeds from the fair are used to assist local charitable and civic organizations.

In Uniform

Martin L. Richardson, son of Mr. and Mrs. Robert R. Richardson, 19151 Meadowbrook, was promoted to Army Private First Class in the 8th Infantry Division in

Germany.

PFC. Richardson is a rifleman in Company C, 2nd Battalion of the Division's 13th Infantry.

WON'T BE LONG—Just one week more and they'll start erecting the ever popular ferris wheel and the other fun rides in the midway of Northville's community fair at the Downs.

Children's Barnyard

Fair Adds Contests

Animal, photography and fine arts contests will play an important role in this year's fourth annual Northville Fair, spokesmen for the sponsoring chamber of commerce have emphasized.

The Children's Barnyard contest, headed by Richard Lyon, will be an exhibit of cattle, horses, ponies, donkeys, swine, sheep, poultry, rabbits and goats.

Cash prizes will be awarded winners in three classifications for each of these types of farm animals. Exhibited animals will be judged in their pens at the downs.

Persons wishing to enter are urged to contact Lyon at his business place, Harold Bloom Agency.

Application forms for the photography contest may be obtained from Robert Webber, contest superintendent, at Northville Camera Shop.

This contest will include a wide variety of divisions and categories, including black and white prints, color prints, polaroid pictures, and tinted prints. Amateur, semi-professional, and junior divisions are planned.

As in the case of the Children's Barnyard contest, cash prizes will be awarded to winners.

Judging, according to Webber, will be made by P.B. Mackenzie, member of the Photographic Society of America; James Galbraith, photographer for Sliger publications; and by John Gaffield of Gaffield Studio in Plymouth.

Winning pictures and other selected works entered will be displayed on the fairgrounds.

Contestants in the Fine Arts contest may enter up to five paintings, all of which must be an original work painted within the last three years.

No paintings of nudes will be accepted.

Originality of design, composition, color and technique will be considered in judging. Cash prizes will be awarded.

Entry blanks may be obtained from Ron Bodnar of Copy-Boy.

NELSON SCHRADER

Remember that the walls in your home should show your own character and should please you when you look at them. This means that walls should not be covered with floral prints if the husband in the family prefers geometric designs. It is not a good idea to hang a modern painting to please the Joneses if your own taste runs toward old prints. Above all, neglect the trends in color and choose your own taste. You will be a lot happier in the long run.

Come to SCHRADER'S HOME FURNISHINGS, INC., 111 N. Center St., Northville, 349-1838 with your interior decorating problems. We have a decorating service available—come in and browse in our room settings and when you need help we'll be happy to assist. Carpeting, Lamps, Bedding as well as other furnishings stocked. Open: 9am-6pm Mon. thru Wed. & Sat. 9am-9pm Thurs. and Fri. Closed Sundays. Master Charges honored and convenient credit terms available.

HELPFUL HINT: Can someone in your family paint? Why not let them design your walls for you?

He'll Compete in Shoot

Norman E. Goelzer of Novi will compete in the 1973 National High Power Rifle Championships to be held August 13-21, the National Rifle Association of America has disclosed.

The championships are conducted by the NRA staff and volunteer assistance from

the one million plus membership.

In the championships there will be more than 100 individual and team events, which fall into three main categories, smallbore rifle, high power rifle and pistol. This year's matches are expected to draw more than 2,000 competitors.

New Center to Double Downtown Retail Space

Northville Square Rising on Schedule

There's more than one thing that's unique about the new Northville Square mall.

The multi-million-dollar shopping center is defying the accepted modern concept of locating itself in open spaces outside of town. Instead it's plunking its 90,000 square feet of retail space right in the middle of Northville's central business district.

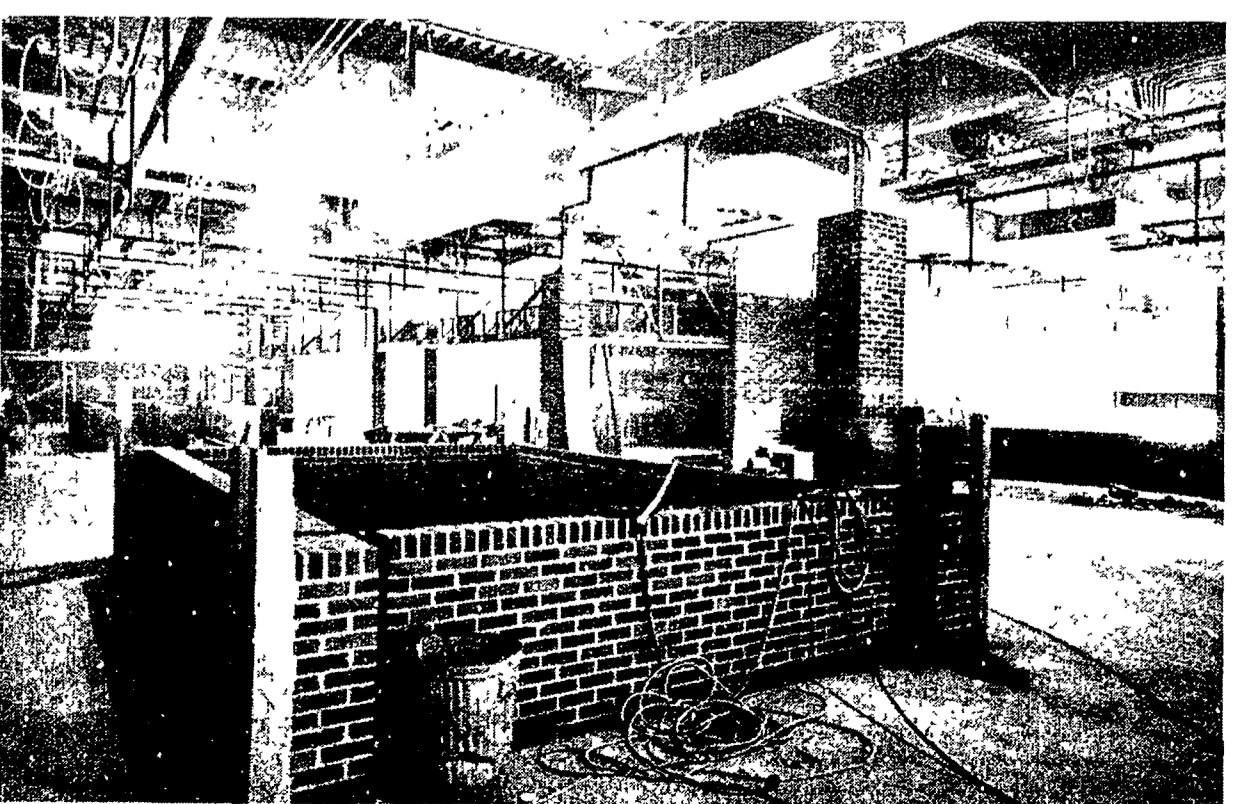

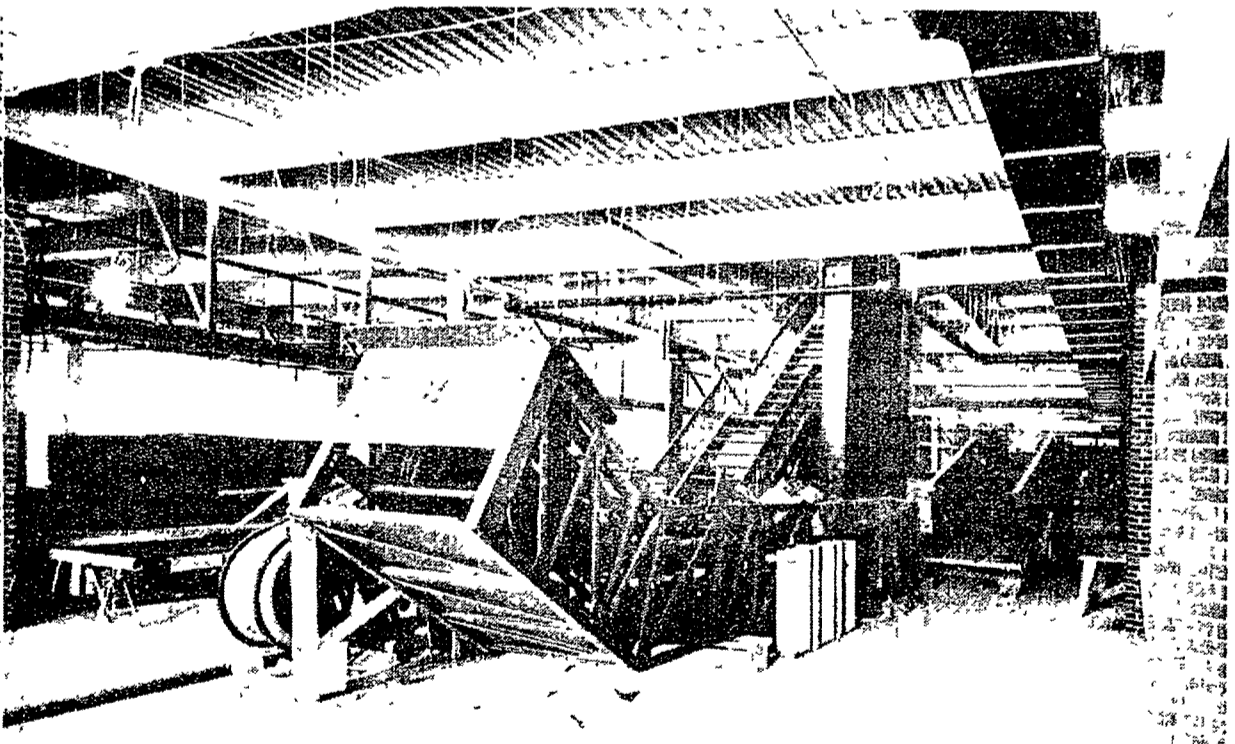

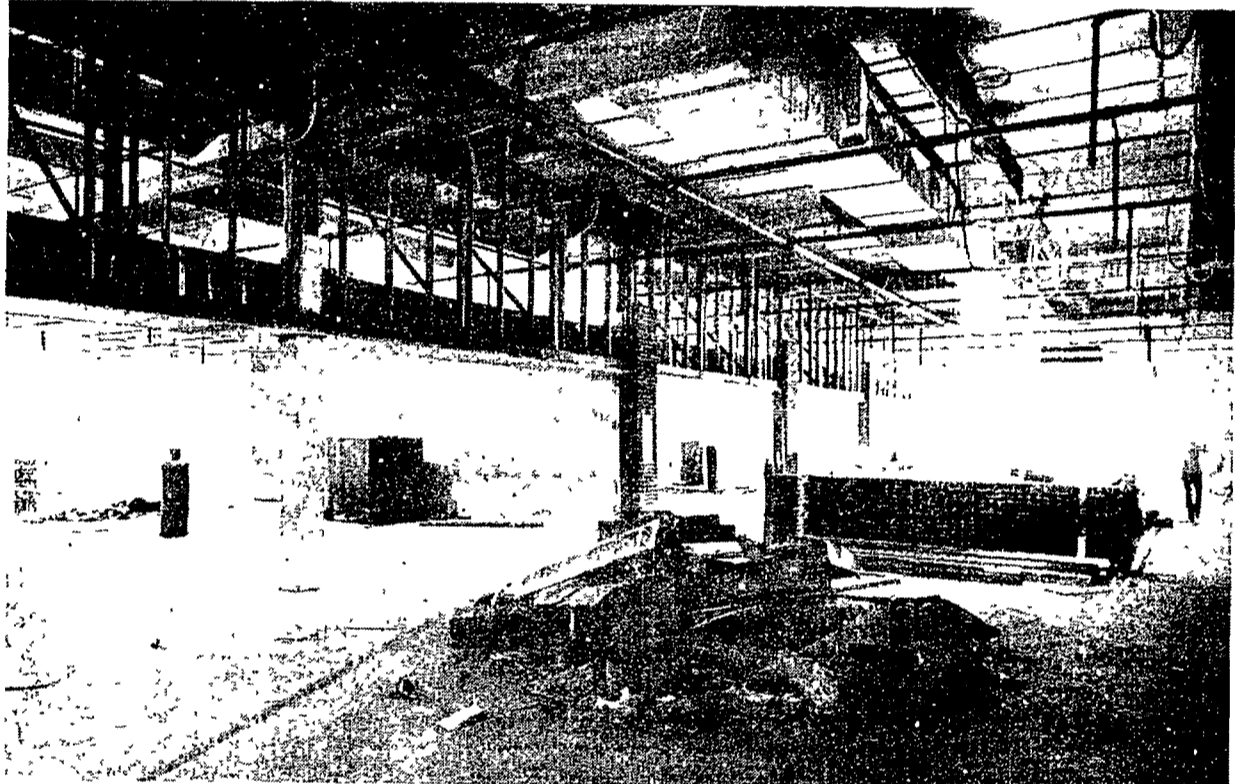

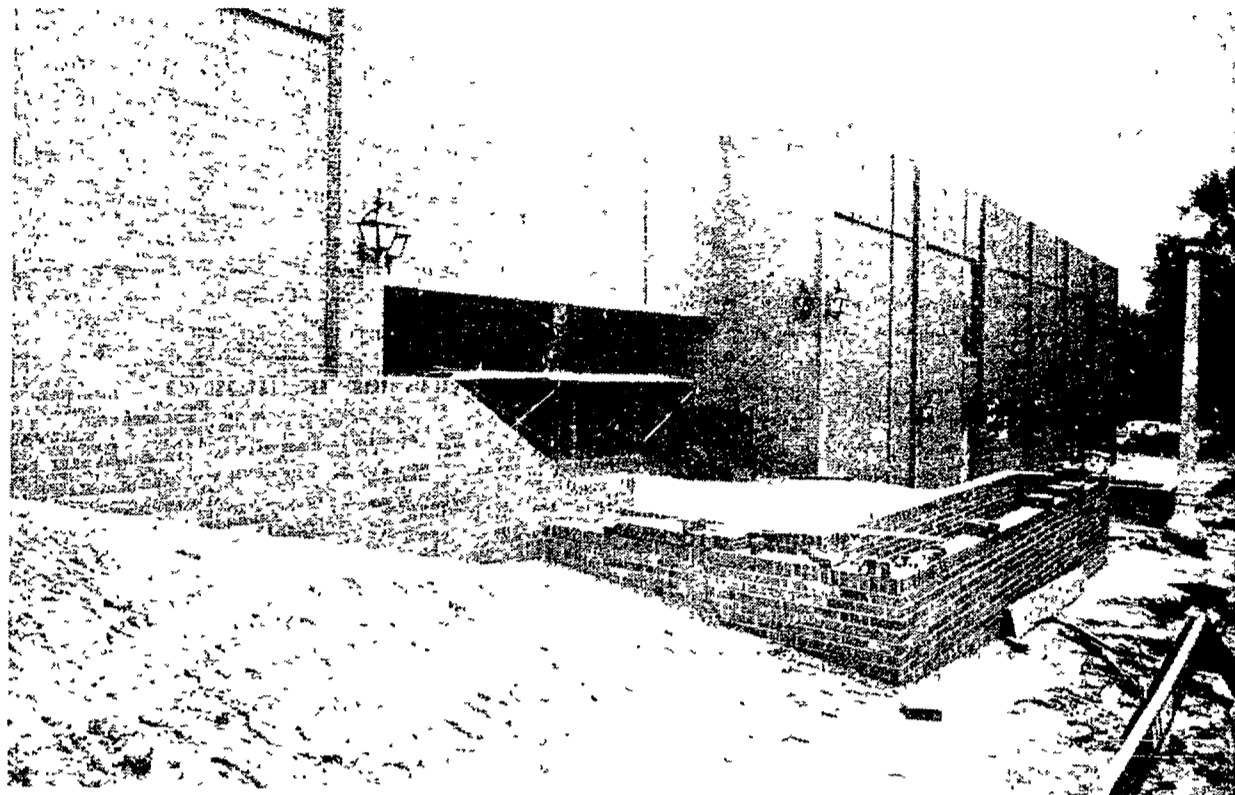

With more than 30 stores expected upon completion Northville Square will double the present

commercial floor space in the city's business district.

What's more, the building project is right on schedule!

Barring problems many of the 17 stores that have already signed leases will open in October.

Shown below are pictures taken last week of construction at the bi-level facility bounded by Main, Wing and Cady streets. One scene shows the escalator that will be installed between levels.

NOTICE OF ENACTMENT

CITY OF NORTHVILLE

The City Council of the City of Northville following a public hearing Monday, August 6, 1973 at 8:00 p.m. has unanimously adopted the rezoning of the following property:

Lots 530, 532, 533, Assessor's Northville Plat No. 6, from C-2 (General Commercial District) to CBPD (Central Business District). These lots are located north of Main Street, east of Wing Street.

Lots 211a, 211b, 212, 213, 214, 247, 248, 249, 250, Assessor's Northville Plat No. 3, from R-3 (Multiple Dwelling District) to CBPD (Central Business District). These lots are located south of Cady Street, west of Center Street.

Lots 244, 245, 246, Assessor's Northville Plat No. 3, from R-2 (Two Family Residential) to CBPD (Central Business District). These lots are located south of Cady Street, east of Wing Street.

Rosanna W. Cook
Acting City Clerk
Publish: August 15, 1973

NOTICE OF
PUBLIC HEARING
CITY OF NORTHVILLE

The City Council of the City of Northville will hold a public hearing, Monday, August 20, 1973 at City Hall to consider adoption of an ordinance relating to nomination of candidates for the office of Mayor & Councilman.

The City of Northville ordains:

That nominating petitions for the office of Mayor & Councilmen to be held at the Odd Year General Election on the Tuesday succeeding the first Monday in November in every odd numbered year may be filed not earlier than September 1st and not later than October first preceding the date for holding the Odd Year General Election.

Said nominating petitions shall conform to the requirements with respect to same as set forth in Chapter 3 of the Charter for the City of Northville.

CITY OF NOVI
NOTICE OF ENACTMENT

Ordinance No. 73-28.06B

PLEASE TAKE NOTICE that on the 6th day of August, A.D., 1973, at a Regular Meeting, the Council of the City of Novi, Oakland County, Michigan, enacted an Ordinance to Amend Section 5.01 of Ordinance No. 28.06A of the City of Novi in regard to Initial rates to Users of the Huron Rouge Sewage Disposal System, Walled Lake Arm.

The Provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of public peace, health and safety, and this Ordinance is hereby ordered to take effect immediately after posting and publication thereof in manner prescribed by the City Charter.

Notice is hereby given that printed copies of said ordinance is available for inspection by and distribution to the public.

JOSEPH CRUPI, Mayor
Mabel Ash, City Clerk

NOTICE OF
PUBLIC HEARING
CITY OF NORTHVILLE

The City Council of the City of Northville will hold a public hearing Monday, August 20, 1973 at City Hall to amend Title 2, Chapter 4, of the City of Northville Code of Ordinances. The City of Northville ordains:

Section 2-402 COMPOSITION, TERM, COMPENSATION, REMOVAL OF MEMBERS; FILING ACCEPTANCE - The Commission shall consist of nine members who shall represent insofar as is possible different professions, or occupations who shall be appointed by the Council. THE CITY COUNCIL SHALL ESTABLISH, BY RESOLUTION, THE RATE OF COMPENSATION TO BE PAID COMMISSION MEMBERS. No member shall hold any other municipal office, except that one of the members may be a member of the Zoning Board of Appeals. The term of each member shall be three years. Annually, the Council shall appoint three members to fill the terms expired. All vacancies shall be filled by the Council so that the new member appointed shall serve until the term of the member whose death, resignation, or removal would have terminated had not the vacancy occurred. All members shall hold office until their successors are appointed. Members may, after a public hearing, be removed by the Council for inefficiency, neglect of duty, or malfeasance in office. The Commission members shall file acceptance of their appointment in writing with the City Clerk within ten days after the appointment is made. In the event that any appointee or appointees shall fail to file such written acceptance within ten days the Council shall then declare such appointment void and shall appoint other members in their stead.

GROUNDBREAKING—Although Megen Rosenberg, 4 (left) throws herself into the job, her young companions obviously figure this groundbreaking business is for adults. Looking less than enthusiastic about the groundbreaking for Levitt's new \$185,000 Kindergarten Care Learning

Center at Highland Lakes are (1 to 4) Mike Thurman, Ellen McClure, Christy Harrell and Sandra Golen. All 4 years old except Christy and Sandra, who are 3. Completion of the pre-school center located near the Eight Mile Road entrance to the subdivision is scheduled for late September.

Novi Community Classes

Instructors Needed

Both certified and non-certified instructors are being sought by Milan Obrenovich as he readies plans for Novi's Community Education program this fall.

The Community Education program is being initiated in Novi this year. Courses will be offered in recreational and social areas as well as for the educational and vocational benefit of the students.

Instructors of credit courses such as Adult High School Completion or Adult Basic Education must have the same teaching credentials required of all teachers in Michigan.

Non-credit courses, however, may be taught by anyone with a particular skill, hobby, or expertise who enjoys relating his area of interest to others. Teachers of non-credit courses need not have state certification.

Anyone interested in teaching courses should contact Community Education Director Obrenovich at 349-5126.

Miss Smiley

Attends Bethel

Miss Laurie Smiley, daughter of Mr. and Mrs. Weldon D. Smiley, 43943 Cottisford, Northville, has registered at Bethel College, Mishawaka, Indiana as a freshman. She has not decided her major as yet. Miss Smiley is a 1973 graduate of Northville High School.

Summaries may be sent to Milan Obrenovich, Director of Community Education and

Recreation, at Novi Community Schools, 25575 Taft Road, Novi, Michigan, 48050.

Sewer Payments

Decrease in Novi

Beset with important financial considerations at almost every juncture, Novi's city council heard some unexpected good financial news at its Monday night session.

City Controller Frances Loyne reported that the new revised semi-annual payment schedule of the Oakland County DPW for the Walled Lake Arm of the Huron Rouge Sewage Disposal System for the life of the \$8 million bond

issue had decreased the cost to Novi by approximately \$152,900.

In addition, Mrs. Loyne told the council that Oakland County had extended a credit of almost \$5,000 to Novi for the payment due October 1 of this year. The credit is due from overcharges on the city's previous payments.

"This comes as good news for our efforts in trying to keep up with our payments," commented City Manager Harold Saunders.

A Northville First

2nd YRS Track Opening

Northville's second year-round school track opens Monday with 130 students enrolled in kindergarten through fifth grade classes at Amerman Elementary.

The students will be the

second group of volunteers to join Northville's experimental 45-15 program this year. In July, 480 enrolled in grades kindergarten through eighth.

It will be the first time Northville has operated two year-round schedules simultaneously, in addition to the traditional school program.

According to Assistant Superintendent Miss Florence Panattoni, the district "won't have any problems operating three different calendars at Amerman. In fact, it will be

easier than having all the students beginning school on the same day."

Miss Panattoni explained that with three starting dates for school, "fewer new students are coming in each time."

Ideally, if all four tracks of year-round were being used, students would be coming in at three-week intervals, with the fourth group beginning school as the first group begins its three-week vacation.

With the 45-15 schedules, students attend classes for 45 days and then have a three-week vacation.

This year, approximately seven classrooms at Amerman will operate on the traditional schedule. Besides the two tracks of year-round school at Amerman, one track is also being run for sixth graders at Cooke Middle School Annex and for seventh and eighth graders at Cooke Middle School.

Teachers involved in the second track participated in workshops last month with those teachers in the first track.

Only difference between the two groups will be a kindergarten-first-second grade combination classroom offered during the coming session.

Miss Panattoni said the combination classroom was "the teacher's choice. It will

allow the teacher more time to spend with the individual students, helping them learn, rather than telling each kindergarten to put on their coats and boots.

"Called a 'family grouping' because of the ages of the children," she explained, "the older children will be helping the younger ones learn, thus learning themselves by helping others."

The assistant superintendent said there is still a waiting list for this year's classes and "people are calling and asking for registration forms for next year."

While most of the inquiries have been for grades kindergarten through eighth, Miss Panattoni said she is also receiving questions on whether or not the district will be expanding the year-round school program into the ninth and tenth grades.

She commented that the district will "be studying how the program operates this year at the sixth, seventh and eighth grade levels, but so far we haven't run into any scheduling problems."

Parents have also been inquiring when the program will be expanded to Moraine Elementary, she added.

"One mother called to say she just had to enroll her children in year-round school," Miss Panattoni said. "All the neighbor children were in the program and the mother said her kids were bored and she was tired of entertaining them," she added.

Some questions you've asked us about your future at The Lutheran Retirement Center

During the last two years, a lot of people from all over Michigan have asked us a lot of good questions about the Lutheran Retirement Center in Ann Arbor. Here are the ten most frequently asked, along with the answers.

1. **What will be some of the important features at The Lutheran Retirement Center?**

Among the most important features of life at The Center will be freedom from homeowner responsibilities, well balanced meals, special dietary services, constant attention to health needs, a balance between privacy and companionship, and an independent form of living with assured security. Residents will be free to come and go as they choose, to entertain guests and relatives, to participate in the varied activities available and to help plan those activities. In fact, residents will be expected to live there as they would in the homes from which they come with complete freedom and privacy.

2. **Who will be eligible?**

Persons who are 65 years of age or older are eligible. They must be in reasonably good health for their age, with the qualities of personality conducive to congenial group living, and with the income and resources to meet the financial requirements. Persons who are motivated by ethical principles, without regard to religious denominations will be sought. An Admissions Committee, with the Executive Director, will decide all matters of eligibility.

3. **What happens if a person is accepted as a resident but is not ambulatory when the Center is ready for occupancy?**

He or she will be admitted without qualification and will receive all benefits to which residents are entitled.

4. **May residents bring their own furniture?**

Yes, residents will be welcome to bring their own valued familiar possessions and furnishings. Wall to wall carpeting and drapery linings will be provided. Each unit will have a private bath, and adequate closet space. There will be storage lockers elsewhere in the building.

5. **Will residents be able to control heating and air conditioning in their apartments?**

Yes, for complete comfort, apartment heating and air conditioning will be individually controlled.

6. **What will be the extent of nursing care?**

Residents who become ill will be cared for in The Center's own nursing care facility where members of the nursing staff will be on duty at all times. In the event a resident is provided with nursing care in the nursing care facility beyond 10 days per year or an accumulated 30 days in three years, an additional modest per diem charge will be made. This nursing care facility will be accredited by all state and local agencies, and qualified by the Medicare program.

7. **What about facilities for regular exercise, especially during colder months?**

The Center's sponsors believe that residents can benefit greatly from regular exercise, and have planned to provide indoor exercise equipment. Apparatus such as stationary bicycles and other equipment will be available at no charge. And because exercise is a vital

part of many therapeutic programs, it will be encouraged. In addition, outdoor exercise facilities - a perimeter walk and bike path - are planned.

8. **Will special diets be served in the regular dining room?**

Yes, special diets will be served if prescribed and required by your physician, and supervised by The Center's dietitian.

9. **Would a resident ever be evicted because of health problems?**

No. The Life Lease Contract provides continued and uninterrupted care as long as it is medically feasible in The Center.

10. **What happens to a resident if he becomes unable to meet financial obligations after living at The Center for some years?**

Residents are assured they will not be requested to leave The Center because of financial reverses after having established residency. While assuming the responsibility of self support as a resident of The Center there is equal responsibility upon each resident to properly care for the financial resources upon which he depends.

Your questions about The Lutheran Retirement Center are always welcome. Just call our information office (663-1330) weekdays from 9 til 5, or visit the office at 1170 Earhart Road on the site of The Center during those hours — and Saturday and Sunday from 1 til 5. Or use the coupon below for complete information, without obligation of course.

TENSE MOMENT—Little Kent Mathes strikes a pensive pose as judges (Recreation Director Robert Prom and Judy Higbee) compare notes in deciding the winners in the Smallest Pet category of the annual pet and doll show last week behind the scout-recreation building. Kent and his

tiny turtle didn't win first, but they came away with a second place. First place winner (left) was Barbara Mills, and taking third place was Billy Yant. Spectators consensus: everyone was a winner.

Grass Cutter, Power Broom

Novi to Buy New Tractor

Purchase of a new four-wheel tractor was tentatively approved by the Novi city council Monday as it directed DPW Head Ed Kriewall to draw up specifications and advertise for bids for the new piece of equipment.

The action came in response

to a request from Kriewall for the new piece of machinery. Kriewall estimated the cost of the tractor at \$8,000, although Mayor Joseph Crupi estimated that the actual cost would be closer to \$8,000. Funds will be taken from the city's equipment fund, which currently has a balance

of approximately \$30,000, Kriewall noted in his report to the council.

In making his request to go out for bids, Kriewall reported that the city park tractor was no longer able to be used and as a result the road maintenance tractor was being used to mow the grass in the city park.

If Kriewall's recommendations are accepted, the park mower attachment would be left on the current tractor and the power broom attachment would be transferred to the new tractor for snow removal in the winter and street cleaning in the summer.

Both tractors would be kept at the DPW garage.

"We have too much weed cutting of our own in the summer to allow this to continue," stated Kriewall in his report to the council.

The new tractor would have a power broom attachment, a cab so the power broom could be used both in summer and winter, and a side cutter for roadside grass cutting.

until the whereabouts of the soldier is determined.

Price of a bracelet is \$2.50. The money raised through the sale of the bracelets goes to a non-profit, non-political charitable organization named Voices in Vital America (VIVA).

Anyone wanting to purchase a bracelet prior to the Fair is urged to contact Sharon Larson at 349-7225.

Jaycee Auxiliary To Sell Bracelets

Novi's Jaycee Auxiliary will be selling the popular M.I.A. (Missing in Action) bracelets at their booth at the Northville Fair on August 24-26.

Each M.I.A. bracelet is inscribed with the name of a United States soldier who is listed "Missing in Action" in southeast Asia. When a person purchases an M.I.A. bracelet he pledges to wear it
