

# Area Church Services Herald Thanksgiving

Thanksgiving services, including the second annual community Thanksgiving service, will mark the observance of the day in area churches.

The Northville-Novu community service will begin at 8 p.m. Wednesday, November 21, in the Northville High School auditorium.

The service, begun last year

as a way of getting all Christians together for an ecumenical expression of thanks, is sponsored by the Northville-Novu Pastor's Association.

Churches which will be participating in the service include First Presbyterian Church of Northville, Our Lady of Victory Catholic Church, United Methodist Church of Northville, Living

Lord Lutheran of Novi and Holy Cross Episcopal of Novi.

Led by Miss Anita Kalousdian, the Northville High School Choir will sing "O Bone Jesu," "Of the Father's Love Begotten" and "Americana" which includes a collection of folk tunes. Liz Peace will accompany the choir on the piano.

The Northville High School Band, led by Robert Williams

will also offer special musical selections for the service.

As in the past, the offering from the service will be given to the Northville-Novu FISH organization for their work with the needy in the area.

This year's community Thanksgiving service is being planned by the Reverend Father John Wyskiel of Our Lady of Victory and the Reverend Richard Henderson

of the First Presbyterian Church.

First Baptist Church of Northville will hold its annual Thanksgiving service at 10 a.m. on Thursday. The pastor, the Reverend Cedric Whitcomb, will be in charge of the service.

The service will follow its traditional pattern, with congregational singing of

songs of thanksgiving and special music by the church choir and other church musical groups.

Highlight of the gathering is a time of spontaneous testimony when people from the congregation share their thanksgiving and gratitude to God for His blessings of the past year, Mr. Whitcomb said.

The annual "Thanksgiving

List" is presented which contains all the answers to prayer the congregation has experienced since last Thanksgiving Day. The meeting is concluded with a Thanksgiving message from the pastor.

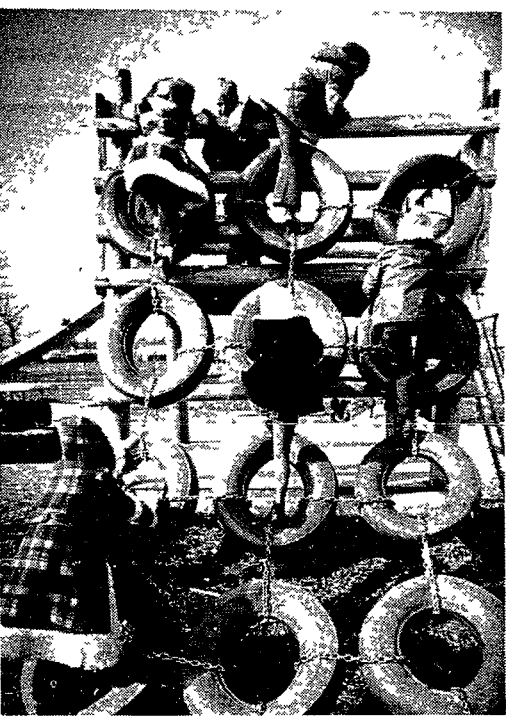

The community is invited to attend the meeting at the church which is located at the corner of Randolph and Wing streets in Northville.

St. Paul's Lutheran Church of Northville will hold its service on Wednesday evening the service, which begins at 7:30 p.m., will be with Communion

The Reverend Ralph Schmidt, assistant pastor, will deliver the message entitled "Lesson from the Garbage Can."

## NEWS BRIEFS

Kids Like 'Junkyard'

See Page 1-B

THE FIRST stores are scheduled to open this week at Northville Square shopping mall. Now open is Kulla's Boutique of Fashion, featuring women's clothing, jewelry and accessories. Sunday Jac LeGoff's Book Mark will open with Hollywood Columnist Shirley Eder on hand to promote her new book, "Not This Time, Cary Grant". The Pant Hut with pants and shirts for men, women and youngsters, and The Alcove, featuring junior sportswear for women, will also open.

DISTRICT JUDGE Dumbar Davis swore into office re-elected Mayor A. M. Allen and Councilman Paul Folino and newly elected W. Wallace Nichols in a brief ceremony Monday night. Nichols assumes the seat formerly held by Kenneth Rathert who did not seek reelection. A letter of commendation to Rathert for his service to the city was ordered by the council.

BIDS WERE WAIVED and a contract for two snow plows was awarded to Highway Equipment Sales, one of three firms from which quotations had been received. Highway Equipment's quotations of \$845 for the smaller plow and \$1,741.50 for the larger one were lowest secured by the city.

COUNCILMAN PAUL VERNON was elected mayor pro-tem by fellow councilmen Monday night. Only other nominee was David Biery. Council also accepted the resignation from the planning commission of newly elected Councilman Wallace Nichols.

MILK PRICES in Northville elementary schools will be increased to five cents per half pint effective Monday, November 26. The action was taken by Northville administrators following a price increase passed on by milk distributors from 6.91 cents to 7.41 cents per half pint. Federal government subsidy remains at three cents.

## New Budget up 20-Percent, Approved by School Board

### School Principals

## Salary Package Still Unsettled

Agreement on contracts has not been reached with Northville's five principals, three assistant principals and the athletic director.

Superintendent Raymond Spear told board members Monday night that "some issues remain to be agreed upon."

Board President Stanley Johnston said he is "disappointed that the administrators and principals could not get together" and indicated that areas other than salary have caused the stalemate.

Action on approving an administrative salary schedule was tabled pending

further meetings between the principals, board and superintendent.

In other action, salary increases were approved for central office administrators.

Superintendent Spear's salary was raised to \$32,000 from \$29,425, an increase of \$2,575. Assistant Superintendent Florence Panattoni was granted a \$3,000 increase to \$25,000 from \$22,000.

Board members pointed out that her "performance and added responsibilities with the new job merit the increase." Miss Panattoni also serves as director of curriculum.

Earl Busard, director of

business and finance, received a salary increase from \$21,450 to \$22,200, while Irwin Sutter, administrative assistant, will receive a salary of \$17,500 same as that received last year.

In granting the increases, it was pointed out that average raises for teachers on the masters degree schedule were \$1,835, ranging from \$1,050 to \$2,030.

In other personnel matters, school board members granted three releases from contracts and hired four new teachers.

Mrs. Jaclyn Venegoni, high school home economics teacher, was granted a release from contract, effective February 9, because of pregnancy.

Mrs. Joyce Brodien, third grade teacher at Moraine, was granted a release from contract, effective December 21. Her husband has been transferred out of state.

Miss Cheryl Murphy, kindergarten teacher at Main Street, was granted a release from contract, effective December 7. She is planning on being married.

Contracts were given to four new teachers, including two teachers who will teach half-time in the Title 1 program at Main Street. They are Miss Nancy DeSady, 1973 graduate of Eastern Michigan with a degree in English, speech and drama; and Linda Mines, 1972 graduate of Michigan State with a degree in science and social science. Each will

## Township to Set Date for Election

Decision on when to go to Northville township voters for millage for a public safety department and how much millage will be needed will be made at a special meeting of the township board at 7:30 p.m. Tuesday.

Supervisor Lawrence Wright told board members Tuesday night that he has been meeting with representatives of Wayne County on obtaining buildings at the Child Development Center to house the public safety department and township offices.

He suggested the decision on the public safety millage be deferred until the special meeting when representatives of the county will be present to discuss leasing the facilities to the township.

"We hope to move ahead immediately with a building for the township hall," Wright explained, "and after July 1, when the center closes, we can lease the fire station and they will sell us the fire engine."

Wright said the Wayne

Let's get together in the...

For Area Drivers

## Gas Pinch Sparks Pool

It's a pretty safe bet that if there are 15 Northville-Novu residents working in Pontiac, they're driving 15 cars to Pontiac and back daily.

And how many cars would you estimate carry a single person from this suburban area to Southfield, Dearborn, Highland Park and Detroit daily? Or even Ann Arbor or Ypsilanti, or perhaps Lansing?

No one knows for sure, but the congestion on the expressways in early morning hours and again in late afternoons is ample evidence (and aggravation) that the numbers run high

Last week President Nixon told the nation that the energy and fuel shortage has become critical.

He called upon Americans to make personal sacrifices, such as lowering temperature levels in homes and offices, reducing driving speeds and sharing rides to and from work.

It now appears that the gasoline shortage may require rationing in the near future.

So Sliger Publications serving the communities of Northville, Novi, Wixom, Brighton and South Lyon are offering readers the opportunity to form "commuters' clubs" and ride to and from work daily in groups.

To encourage the gas-saving and traffic-reducing program Sliger Publications will publish without charge names of area residents wishing to share daily rides to work.

Beginning in next week's editions an advertisement will appear in the classified (want ad) section of The Northville Record-Novu News, South Lyon Herald and Brighton Argus newspapers listing the names, telephone numbers, daily destination and time of departure and return of area residents commuting daily to work.

Sliger Publications assume no responsibility for contacting commuter members, making arrangements or the operation or conduct of such commuter clubs. But the newspapers offer to provide free advertising space to put interested commuters in touch with one another.

Names will be listed according to towns to which the resident commutes. Area residents going to and from the same area daily may then contact one another and make their own ride-sharing arrangements.

Continued on Page 12-A

## Northville School Buses Running on Hope

The gasoline shortage has hit Northville School District. In October, the supply of gasoline ran out three days before the November delivery was due.

If this winter is severe, bus transportation may be totally discontinued a few days each

month if the district runs out of gasoline.

Earl Busard, director of business and finance for the district, explained that the "total allocation of gasoline for the school year will not exceed 55,000 gallons, the same amount the district

received last year."

However, since last year, the district has added two more busses to the fleet and expanded special education transportation by two vehicles. And transportation to athletic events and field trips, plus lower gas mileage

on newer vehicles, have all contributed to an increase in the amount of gasoline needed by the district.

Busard said that because the district has a limited supply of gasoline, "directives have been issued in an attempt to conserve as much

gas as possible and to place our priority on the direct transportation of students to educational activities."

In order to conserve fuel, the district has discontinued all sales to Northville town-

Continued on Page 12-A

Capital outlay is \$30,000 or 66 percent, down \$9,902; student services, \$47,500 or 1.04 percent, up \$9,237; expenditures to other districts, \$10,000 or 22 percent, down \$3,031, and contingency fund, \$21,896 or 48 percent, up \$21,896

Expenditures per pupil for the 1973-74 school year will be \$1,073.93, up from last year's figure of \$990.22 per student.

Anticipated revenue for the coming school year will be \$3,166,338 raised locally by a tax rate of 27.98 mills. Local tax support of the district amounts to 69.17 percent of the total revenue.

The millage rate was cut by .506 mills through board action taken in August. However, due to an increase in state equalized valuation of the district, taxes will generate an additional revenue of \$485,089 over that raised by the higher tax rate last year.

Tuition will amount to \$2,500 or 05 percent of the revenue,

With 'Fat Bob' Taylor

# Music Equals Fun at Town Hall

Robert Taylor, Detroit baritone and a winner of the Metropolitan Opera regional competition, opened a musical program at Northville Town Hall last Thursday with Handel's "Thanks to Thee" before a capacity audience in the Thunderbird Hilton ballroom.

His program included Vaughn Williams' "The Vagabonds" from the poem of Robert Louis Stevenson; "La Donna e Mobile" (women are fickle); "Fiddler on the Roof" and "Sunrise-Sunset."

This locally-created celebrity is much better known, of course, as Fat Bob, the Singing Plumber. Introduced by town hall chairman Mrs. William Miron as a "handsome, powerful, beautiful singer," he proved to be both singer and entertainer.

Most of his audience, in fact, seemed to have come to see the entertainer heard so often on J.P. McCarthy's morning show on station WJR. Taylor obligingly recounted how he first came to McCarthy's attention as he telephoned to criticize a recording of "Vesti le Guiba," calling himself "Fat Bob, the plumber from Ann Arbor." "Fat WHO?" he recalled McCarthy asking - and then demanding what he knew about music and could he do better? Taylor demonstrated how he felt improvement could be made - in his

Continued on Page 6-A

**'FAT BOB' EXPANDS**—To prove that last Thursday's Northville Town Hall star, Bob Taylor, has earned his nickname, Mrs. James Chaney, 65792 Eight Mile Road, South Lyon, left, and Mrs. Richard Booms, 18338 Laraugh, Northville, take his generous measurement. Since "Fat Bob" has a sense of humor as well as a powerful voice, it was

# In Our Town

By JEAN DAY

**INVITATIONS** are out for "fun" parties that also help good causes. Both the Northville-Plymouth League of Women Voters and Northville Mothers' Club are holiday-season party givers to raise funds for their projects. Such parties, with invitations mailed to specific lists, are a rather new phenomenon for finance committees.

A Wine and Cheese Party set for this Friday from 7 to 9 p.m. by the League at the home of the John DeMotts, 43905 West Six Mile Road, is a "first" for the group, finance chairman Annalee Mathes notes. It is being done on a smaller scale than the Mothers' Club Christmas cocktail-hour parties in nine homes on December 1.

Because the League has few social events that include men, Mrs. Mathes adds, the party was planned for sociability as well as fund-raising with all members, the League's 11 financial advisors and all contributors invited.

Several types of wine and cheese will be served. Guests also will be viewing a most interesting home. The DeMotts bought the former Luke Bathey home when they returned from a stay in England, and their furnishings include pieces from Europe.

Reservations for the party have been taken by Lesa Buckland. Other members working on the event are Kathy Mutch, Karen Wilkinson, Martha Lyon and Nancy Rosselot. (While not women's libbers, the members have indicated they prefer to use their own names.)

Mrs. Mathes points out that the Livonia League of Women Voters has sponsored cocktail parties successfully. The Northville women hope to be able to gain funds from the \$5 minimum per couple donations for such projects as voters' service, publications, community activities and operating expenses.

Contributors receiving invitations also were mailed the 1973 Citizen's Handbook published by the League of Women Voters of Michigan and giving basics for registering to vote, facts about government officials and how to communicate with them.

Last Thursday the League entertained its financial advisors at a breakfast at the home of Eliska Cowen, 42356 Cottiswood Court. Advisors were invited to discuss completed and current projects and to plan for the February finance drive. Northville advisors are Beatrice Carlson, Louise Cutler, Henry Kraus, Russell Amerman, Philip Ogilvie and Jack Werner.

**THE NINE HOST** couples for the second annual holiday open house benefit of Northville Mothers' Club will open their homes early Saturday evening, December 1. Representing neighborhoods throughout the community they include Dr. and Mrs. Gordon Forrer, Mr. and Mrs. Robert Boshoven, Dr. and Mrs. Charles Fountain, Mr. and Mrs. Robert Crane, Mr. and Mrs. David Longridge, Mr. and

Mrs. William Winemaster, Mr. and Mrs. Samuel McSevery, Mr. and Mrs. Martin Rinehart and Mr. and Mrs. Glenn Deibert.

Mrs. Deibert is president of Mothers' Club and points out that proceeds from this year's parties, (donation again \$5 a couple) will be used to aid the high school drama department in staging its plays. The parties last year proved to be the club's biggest fund raiser, yielding \$1,341.

Bonnie Rinehart, who last year brought the benefit party idea to the club after learning it had been done successfully in Denver by a group to which her mother belonged, is party chairman. Assisting her are Mrs. Donald Williams and Mrs. Keith Wright.

(Bev Williams and Joan Crane both are working on party details while making moving plans. The Williams family expects to move next year to Illinois while the Cranes are being transferred to Ohio.)

Even though the club expanded the number of parties from eight to nine this year, Mrs. Rinehart says, there is a problem compiling invitation lists as those who volunteer their homes, and their assistants, mail the invitations to neighbors and friends and often still are limited by space. Responses are requested by November 21.

At its November 5 meeting the club heard a report from high school dramatics coach Kurt Kinde and two drama club members on planned use of Mothers' Club's \$1,000 donation last spring earmarked to be used to help improve audio in the high school auditorium.

It later was voted that all monies earned this year in club projects would be used to help the drama department improve the auditorium acoustics with new equipment. Since its founding, the club has worked to serve the needs of children in the Northville schools.

**SWEAT SHIRTS** and t-shirts bearing the name Northville and a mustang picture are being sold this week and next in Cooke Junior High and its annex, according to project chairman Mrs. Walter Carter. A project in which Mothers' Club is assisting junior high students, the shirt sale provides a good "surprise" Christmas gift, Bonnie Carter points out.

The white sweat shirts of polyester-and-cotton with crew necks have the orange mustang (\$3.75) while the gray t-shirts have black and orange trim and lettering (\$2.50). The sweat shirts come in adult sizes. Both may be ordered at the schools or through Mrs. Carter, 349-5995.

**COLONIAL ARCHITECTURE** is the topic for the November meeting of Silver Spring Questers at 12:30 p.m. Wednesday at the home of Mrs. Fred Schwarze. Mrs. Phillip Settles, a Schoolcraft College instructor and Plymouth resident, will present the talk. The chapter's December 19 meeting will be a guest day and fund-raising auction.

## Band Holds Bread Sale This Sunday

For the third year during Northville merchants' annual holiday open house, Northville High School band students will be selling pumpkin bread baked by band parents beginning at noon this Sunday in downtown Northville.

Proceeds from the bread sale are used to help send the Northville High School band to summer band camp. For those who would like to make the moist, holiday-season bread, here is the recipe supplied by the Band Boosters.

### PUMPKIN BREAD

1 c. corn oil 2 tsp. salt  
 3 c. sugar 1/2 tsp. cloves  
 4 eggs, beaten 1 tsp. cinnamon  
 1 lb. can pumpkin 1 tsp. nutmeg  
 3/4 c. flour 1 tsp. allspice  
 1 tsp. baking powder two-thirds c. water

2 tsp. baking soda  
 Combine sugar, oil and eggs. Add pumpkin. Sift dry ingredients and add to pumpkin mixture. Add water. Pour into loaf pans and bake in 350 degree oven for one hour. Can be baked in four small pans or three 5x9" pans.

Band parents are asked to deliver their donations to the downtown parking lot in front of the Spinning Wheel shop at 11:30 a.m. Sunday. Bread will be priced according to loaf size with the large loaves selling for \$1.

Mrs. Hazel Kunz, president of the band group, and her officers are hoping the community again will make the sale a sell-out success. "Buy a loaf to try, and then make your own for you'll want more," she urges.

## Northville Man Authors Text

A Schoolcraft College instructor and author has delivered a paper on his forthcoming book to the Modern Language Association Conference held in Chicago November 1-3.

Joseph Dagher, of Northville, English instructor at Schoolcraft since 1967, and author of *Knowing 'Why' Makes Writing Easier*, is working on a new book to be titled *Writing Made Easy—A Systems Approach*.

Dagher appeared in Chicago at the invitation of the Modern Language Association. 200 people attended the conference, and according to Mr. Dagher they "received the paper with lively interest."

Claiming 25 years of dedication to the teaching of written communication, Dagher has become increasingly sensitive to the painful frustrations of students and compassionately aware of the pressures placed upon every English instructor in trying to meet the needs of students. Consequently, the objective of his new textbook is to "help resolve some of the problems which perplex and burden both the student and the instructor of writing."

MRS. DAVID FLETCHER

## Northville Girl Married Here

Newlyweds David and Martha Jo (Kreeger) Fletcher are making their home in Haverhill, Massachusetts.

The couple was united October 20 in services at St. Paul's Lutheran Church, Northville by the Reverend Donald Mossman, dean of Concordia (Ann Arbor) College.

The new Mrs. Fletcher is the daughter of Donald Kreeger of Eight Mile Road, Northville. The bridegroom is the son of Mr. and Mrs. Al Fletcher of Haverhill.

The bride, arrayed in a hooded empire gown of egg shell white, was given in marriage by her father. She brought a cascade of orchids to the altar.

Suzanne Kreeger served as maid of honor for her sister. She was attired in purple velvet with a white satin lined hood and she carried a long-stemmed white rose.

Bridesmaids Judy and Nancy Kreeger, also sisters of the bride, wore matching purple gowns.

Junior bridesmaid Kelly Batton and flower girl Kristi Batton, both of South Lyon, wore matching purple velvet gowns.

Allen Fletcher, the bridegroom's brother, was best man.

Ushers included David Batton of South Lyon and Everett Raymond of Haverhill. Leonard Lewis of South Lyon was ring bearer.

The bridegroom and his attendants were dressed in gray striped trousers, black coats and gray beaver tophats.

A reception at the Farmington Holiday Inn followed the ceremony.

Following the wedding trip to Colorado Springs, the couple settled in their home in Haverhill.

The bride is a 1970 graduate of South Lyon High School and attended Concordia. Her husband is a graduate of the University of New Hampshire.

## Northville Junior Miss

# Five Seniors Compete for Title

Northville will have its first new Junior Miss in two years this Saturday as judges choose from among five Northville High School seniors in competition beginning at 8 p.m. in Northville First Presbyterian Church fellowship hall.

Everyone in the community is invited to attend without charge, general chairman John Dugan from the sponsoring Northville Jaycees announced.

Lorrie Deibert, 1971-72 Northville Junior Miss and now a sophomore at Eastern Michigan University, will return to reign over festivities. Nick Serkaian, a Northville resident and entertainment professional, will be pageant host. Northville High School jazz band will play before and during the pageant under the direction of Robert Williams.

Competing for the Eastern Michigan scholarship and other prizes will be Susan Heckler, Janene Pelto, Lisa Peace, Kathy Radzibon and Pam Palarchio. Pam replaces Diana Dye, previously announced as one of the five contestants.

Other prizes include a dinner for two (valued at \$25) at the Drawbridge for runner-up and her date, cosmetics from Northville Drugs and a \$25 savings bond from Al Simon Realtor Associate.

Judges will be Miss Florence Panattoni, assistant superintendent of Northville schools; John Steimel, Northville postmaster; Miss Cynthia Pryor, Plymouth music teacher; and Carl Johnson, realtor.

They will judge contestants on scholastic achievement, poise and appearance, creative and performing arts, and self assurance, naturalness and sincerity in interviews.

The winner will go to regional competition in Westland December 8. State competition will be January 26, 1974, in Pontiac. In past years Northville has had several contestants go on to state competition with Pam Smith being named Michigan Junior Miss and going to the national contest.

**WOULD-BE JUNIOR MISSES** — Five Northville High School senior girls who will be competing for the Northville Junior Miss title at 8 p.m. this Saturday pose together, from left, Pam Palarchio, Kathy Radzibon, Liz Peace, Janene Pelto and Sue Heckler. In the Northville Jaycee-sponsored event the winner will receive an Eastern Michigan University scholarship. Admission to the pageant, being held in the fellowship hall of First Presbyterian Church of Northville, is without charge.

Leo Buckingham, a Novi High School Sophomore, Eyes One of the Proud Peacocks He Raises on a Novi Farm

## Raises Pheasants and Peacocks

# He Prefers Feathered Friends

Leo Buckingham isn't reticent. He readily admits that a lot of people find his interest a bit bird-brained.

There's no need for wonderment, however. Once you've heard him explain it, the whole thing sounds perfectly logical.

"People have all different kinds of pets," says the 15-year old Novi High School sophomore.

"Some people like cats; some like dogs; some like tropical fish. Me. I just happen to like birds."

Leo's interest doesn't run to the more conventional type of avian pet, either. No canaries or parakeets for him. Instead, he numbers the likes of golden pheasants, ring-necked pheasants, and peacocks among his finely-feathered friends.

Presently, Leo's "flock" consists of nine golden pheasants and three peacocks. In the past, however, he's had as many as 30 golden pheasants, 17 peacocks, and three pheasants of the ring-necked variety.

He keeps his pets in a fenced-in shed on the small Novi farm where he lives with his aunt and uncle.

Leo's interest in the birds developed approximately three and one-half years ago and resulted, quite accidentally, from his close association with the Charles Boyer family. The Boyers had taken him along with them on a day-long excursion to a farm to pick up some hay and get in some horseback riding. "Leo was new to Novi at that time and we thought he might really enjoy the experience," recalls Mrs. Boyer. "But once we got to the farm we hardly saw him. When we

were getting ready to go we found him in a barn intently watching a small flock of peacocks."

Leo verifies the story.

"The man had a flock of eight peacocks," he reports. "I just sat there and watched them all the time we were there. I was fascinated by them. Their colors were beautiful and I was also fascinated by their behavior."

"They have personalities just like people." The Boyers were also responsible for helping Leo get started with a flock of his own.

For Christmas 1971 they presented him with two peacocks - a cock and a hen.

"They were wrapped up in two burlap sacks with just their heads sticking out," recalls Leo. "I remember that I was very surprised and that I was also very happy. I had wanted a peacock for a pet from the time I had first seen them on that farm."

Leo and Mr. Boyer have worked together on the flock ever since.

Next addition was the golden pheasants. Mr. Boyer had three of his own and decided to give one to Leo who subsequently purchased a mate.

Two ring-neck pheasants followed but have since been removed from the other birds.

"They were just too pugnacious," Leo explains. "The male ring-neck was constantly trying to fight with the other birds. It got so bad that I had to build a special pen inside the big pen just for the ring-necks and even then the cock would peck at the other birds if they got too close."

The golden pheasants and peacocks, on the other hand manage to coexist peacefully and allow Leo to spend his time thinking about ways to improve his flock.

Last spring the hen pheasant laid 30 eggs which were subsequently placed in Mr. Boyer's incubator where the majority of them hatched.

"We kept some of them, sold some of them, and gave some of them away," reports Leo. "We've got some more eggs in the incubator right now so we should be getting some more pheasants shortly."

Increasing the peacock population is somewhat more difficult. In the first place, they lay eggs only once a year, and in the second place, they don't reproduce until they're three years old.

As far as special care is concerned, the birds, not even the more exotic peacocks, require little extra attention.

"I put out more straw for them in the winter and I have to make sure the peacocks are inside the barn when it snows or sleets. There's a danger that their feet will freeze and, since their nostrils are on top of their beaks, that they will suffocate if they become clogged," Leo explains.

"But other than that they really don't require any special attention."

One of Leo's proudest moments took place this summer when one of his golden pheasants took second place at the Michigan State Fair.

But Leo's interest in his flock is motivated neither by the profits involved in selling the birds nor in winning blue ribbons.

"I do it just because I like to" he says.

# Novi Taxpayers Face Increase In Assessments

Novi property owners are in for a substantial increase in taxes.

One of the reasons for the boost is the June millage election in which voters approved the renewal of seven mills plus a 2.5 mill increase for the operation of schools.

Those two items raised the total operational levy of the Novi school district from 26.3 to 28.8 mills and increased the overall millage rate paid by most Novi residents to 49.5 mills.

However, two other factors will raise the amount of taxes paid by Novi residents even higher.

Appearing before the Novi City Council Tuesday night, City Assessor John Merrifield announced that his office has completed a vigorous re-assessment program to avoid a projected county equalization factor in the neighborhood of 1.15 to 1.20.

In addition, Merrifield told the council that at this point it appears likely that the State Tax Commission will add a factor of seven percent, known as the Oakland County which will, in turn, be spread throughout the county.

"I think we can avoid the projected county factor of 1.15 to 1.20," Merrifield stated. "All the work we did this summer and fall will generate enough adjustment to satisfy the county factor. But the State Tax Commission more than likely will add a factor to the total county after the Assessment Roll and County Equalization have been completed."

"So, after all the work, sales studies, re-evaluations, appraisals, and adjusting for county factors, we may get a State Equalization factor. Unfortunately, this will occur long after we have any further control over it."

The combination of higher millage, higher assessments, and a state equalization factor will all push Novi taxes upward.

According to state law, property must be assessed at 50 percent of its "true cash value". Assessments are made by the city assessor, who uses sales records to determine what the "true cash value" actually is.

The county and the state, which also collect taxes based on property values, also maintain assessor's offices which keep tabs on property values and assessment levels.

Should the county, for example, determine that a

municipality has assessed its property at less than the 50 percent stipulated by law, it adds a factor (percentage) to the taxes paid by that municipality. A factor of 1.0 indicates that property values have been accurately assessed at 50 percent of their true cash value.

Novi's spiralling property values have brought about the corresponding increase in assessments.

At the end of 1972 Novi had a total value for real property of approximately \$65,570,000. As time progressed, however, it became apparent that the city was assessed at roughly 32 percent of its true cash value which prompted the county to levy a factor on city taxes.

Merrifield told the council Tuesday that for the year of 1973 the total real property roll was \$80,190,000, which, when combined with a personal roll of \$16,420,000,

produced a total roll of \$96,610,000. Included in these figures, said Merrifield, were adjustments to all classes of \$2.4 million and new construction of \$16.7 million.

Merrifield credited the increase in the residential assessments to the fact that there have been \$21.5 million worth of residential sales in the past two and one-half years.

In the commercial and industrial sector, he noted that many business people have decided to locate in Novi. "In turn our land values for this type of zoning have tripled in certain areas," he said.

Merrifield also noted that property values and assessments - will continue to rise in the years ahead. The location of the regional shopping center in Novi, he pointed out, will have a tremendous effect on land values.

# Wixom Buys City Annex

Purchase of a city hall annex topped an action-packed, fast-paced meeting of the Wixom City Council Tuesday night.

The council also approved the recommendation of the planning commission that Willican-Leman be retained to assist in updating the master plan.

An ordinance regulating operation of motorcycles with the recommendation that the police department let council know costs of obtaining equipment to enforce the noise limitation set at 85 decibels was approved as was a resolution limiting use of watercraft on Loon Lake.

Beginning January 1, 1974, Wixom residents using the city's water systems will be paying more as council, feeling it had little choice, approved the request of Oakland County Department of Public Works to increase rates 65 cents per 1000 cubic foot to \$2.15 per 1,000 cubic foot of water used with a minimum quarterly charge of \$3.50.

The county pointed out that the systems operated at a loss of \$6,701 for 1972-73.

As the council voted to purchase a building and lot on Pontiac Trail near Wixom Road to be used as a city hall annex for library and parks and recreation operations, Councilman Howard Coe pointed out that it was a most appropriate move as "many good times have been had in this place... I'm happy to see it come back to community use."

Cash price of \$25,000 for the building and lot 100-by 66-feet was approved upon recommendation of William Travis, assistant to the mayor, who estimated that renovations would be \$16,000, bringing the total price to \$41,000, as opposed to about \$154,000 for new construction giving the same space.

The building, located beside the Pizza Palace, last was operated by Precise Tool Company, but still retains the original marking, Community

Hall, on the facade.

Councilman Gunnar Metala also pointed out that "land values cannot help but go up... the city will not stand to lose on this."

Approving an out of court settlement of \$750 with Robert Budd, former Wixom police officer, upon advice of attorney Gene Schnelz, the council thus eliminated the last law suit pending against the city. Schnelz recommended the payment,

# Daley Appoints Roethel

As one of his first official acts of office, Novi's newly elected Mayor Robert Daley named Councilwoman Romaine Roethel mayor-pro-tem at Tuesday's council meeting.

Tuesday was change-over night for the Novi City Council as City Clerk Gerri Stipp administered the oath of office to Daley and the four councilmen elected in the city election a week ago Tuesday.

In addition to Mayor Daley, Councilmen George Athas and Philip Goodman took their seats on the council for the first time. Also sworn into office were Mrs. Roethel and Councilman Louie Campbell.

Both Roethel and Campbell were elected to previously-held council seats in the recent general election.

Mrs. Roethel replaces Councilman Denis Berry as mayor-pro-tem. Berry was appointed to the position by former mayor Joseph Crupi after the 1970 general election.

# Novi Schools Study Energy Crisis

Shortened school week, longer Christmas vacation, school bus curtailment...

Although none of these suggestions have been converted to reality, the fact that they and other proposed ways of conserving fuel are being discussed points up the seriousness of the national energy crisis as viewed by the Novi Board of Education.

The fuel shortage problems "are of great concern to the administration and Board of Education," Superintendent Gerald Kratz said, and they "could result in school

district's extending holiday vacations to preserve fuel. We have no such plan at this time, but the governor of the state of Michigan is presently considering such a possibility."

Although the school district has not yet experienced any serious fuel shortages, the superintendent made it clear that Novi - like other school districts - may encounter some major problems before the winter is out.

And School Board President LaVerne DeWaard asked fellow board members to

come up with "ideas" on how best to conserve fuel locally. Some of these ideas were presented and discussed before Tuesday's nearly four-hour meeting came to a close.

According to Dr. Kratz, thermostats have been set back to 68-degrees in all school facilities. School buildings are heated by gas.

Although the superintendent emphasized that Novi has "uninterrupted service contracts with Consumers Power Company," he added that this "doesn't preclude any volunteer reduction in

heat to save in the total consumption so that some institutions with an interrupted contract would benefit."

He reminded board members that gasoline bids were rejected this year "and we now are buying fuel at delivery prices and only so long as it is available."

Among ideas tossed out for consideration were these:

- Curtailment of the school week.
- Realignment of the athletic league so that games

are played only with those schools nearest to Novi.

- Sandwiches in school instead of hot lunches.

- Curtailment of all field trips.

- Elimination of spectator busing (although this suggestion might result in more gas consumption if students began driving their own vehicles, it was noted).

- Asking students who are qualified to ride school buses to do so instead of driving cars to school.
- Car pools.

- Cleaning all filter in the heating systems and adjustment of air circulation.

- Eliminate busing into subdivisions.

- Reduce classroom lighting
- Turn off as many outside lights as possible (DeWaard indicated this step would mean the community would have to cooperate in helping to curb vandalism).

No decision on any of these suggestions were made Tuesday, but the board president asked members to consider these and others before the next regular meeting.

## Participating Sunday

# Stores Plan Holiday Opening

Northville's annual Holiday Open House, traditionally held the Sunday before Thanksgiving by local merchants, will be the "biggest ever" with 24 stores to be open from noon to 5 p.m. Sunday.

While some stores may be open longer to accommodate shoppers, all will be open at least the five hours after church. Many of the merchants will be offering refreshments and all will be

decorated for Christmas. For the third year members of the Northville High School band and band parents will be selling homemade pumpkin bread in downtown Northville to help raise funds to send the band to summer marching band camp.

Merchants who have announced special openings are Brader's Department Store, Del's Shoes, Freydl's Men's Wear and Women's Wear, Lapham's Men's Shop, Lila's Four Seasons Flowers and Gifts, Little People Shoppe and

Little General Shoppe, Summit Gifts.

Other Main Street shops to be open include The Marquis, Pease Paint and Wallpaper, John's EMB Foods, Needlepoint by dona (a new business where The Attic formerly was located and Ye Olde Bath Shoppe (in McAllister's).

Ely's Christmas Shop on Center Street will be decorated and open, along with Shrader's Home Furnishings, Banbury Cross and

Jones Floral. Spinning Wheel Fabric Shop in Mary Alexander Court, Claire Kelly Fashions on Cady, Long's Fancy Bath

Boutique and Northville Watch and Clock Shop on Dunlap also will hold open house. Joining them will be four

stores in the new Northville Square, The Alcove, Kulla's Boutique of Fashion, Jac LeGoff's Book Mark and Pant Hut.

## 'Holly and Ivy' Show Features Six Sections

"The Holly and the Ivy," Christmas-season flower show being presented by the Northville Branch, Woman's National Farm and Garden Association, December 5 and 6 in the new Northville Square, is open for anyone in community to enter.

Entries will be accepted in six different sections—artistic design, capsule table settings,

juniors, horticulture, conservation education and arts and crafts. Those wishing to make an entry are asked to call the chairman of the section she plans to enter.

In the artistic design category, under chairmanship of Mrs. Jack Scantlin, 349-3006, entries will be accepted under Wintergreen Welcome (exterior

door or doorway arrangement wreaths); Joy to the World (fresh materials featuring one or more religious figures); Beauty by Candlelight (fresh materials with candle or candles); Yuletide Delight (arrangements with dried or treated plant material or with fresh); Christmas Bounty (dried materials using a basket); and Holiday Harmony (an invitational).

Table settings, under chairmanship of Mrs. Leonard Klein, 349-4333, will be for holiday brunch, Christmas dinner, New Year's buffet, Christmas tea table or around-the-punch-bowl. Entries are to be with one place setting and the decorative unit.

Mrs. Irvin McLeod, 455-2436, is chairman of the junior division for Christmas arrangements and exhibits under the title, Unto Us a Child Is Given.

Categories for horticulture, under Mrs. Frank Whitmyer, 349-0840, include ornamental house plants, begonias, cactus and succulents, planters, any other meritorious specimen material and cone collection. Special exhibits are accepted under conservation education, headed by Mrs. William Weidner, 349-1292, and arts and crafts, headed by Mrs. Harold Noffz, 349-3432.

Entries must be registered with the chairmen by November 23. Exhibits will be received from 9 to 10:30 a.m., December 5 and will remain in place until 6 p.m.

## Northville Woman Wins Distinction

A Northville woman has received her Certified Professional Secretary (CPS) rating, a recognition of professional standing attained by only 6,800 of the nation's estimated 2.8 million secretaries.

Mrs. Jean Stearns received her CPS certificate at a recent meeting of the Town and Country Chapter, Livonia, of the National Secretaries Association.

A secretary at Schoolcraft College, she was presented with a check for \$10 from the Schoolcraft College Association of Office Personnel to purchase the CPS pin.

Mrs. Stearns, who lives in Highland Lakes with her

husband, Richard, is secretary to Dr. Robert Keene, Schoolcraft's vice president for instruction.

The CPS award is granted by the Institute for Certifying Secretaries, a department of the National Secretaries Association.

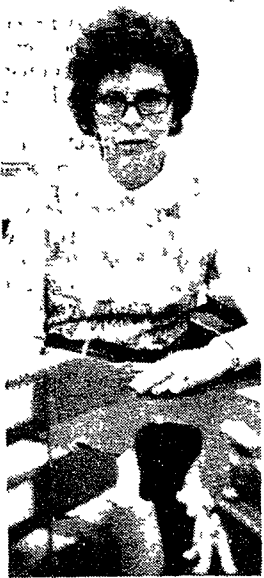

Mrs. Stearns is one of 24 Michigan secretaries to complete the demanding CPS requirements during 1973.

Besides formal secretarial training in high school, Mrs. Stearns is just a few credits shy of her college associate's degree. She has worked for Dr. Keene five of her seven years' employment at Schoolcraft.

In addition to formal education and work experience, CPS candidates must pass a 12-hour examination covering these subject areas: environmental relationships, business and public policy, economics of management, financial analysis and the mathematics of business, communications and decision making and office procedures.

Mrs. Stearns said she is very appreciative of having earned the CPS Award. She recommends it to other secretaries as a way of helping to elevate their personal development and that of the secretarial field.

She and her husband have five children.

MRS. JEAN STEARNS

## Artist Donates Works for Show

A Northville artist, Robert Reed, is one of six members of Farmington Artists Club who have donated works to be raffled at 3 p.m. Sunday, November 18, during a week-end exhibit at the Farmington

library on 12 Mile near Farmington road.

Carolyn Dunphy of Livonia, who teaches and works at The Eves gallery in Northville also is a donor, along with Beverly Johnston, Livonia;

Beverly Fons, Barbara Byrd, both Farmington; and Ruth Newkirk, Detroit.

Shows are 10 a.m. to 9 p.m., Friday and Saturday, and noon to 5 p.m. Sunday.

## Garden Club Plans Show

Continued from Page 5-A

December 6. The committee stresses that natural plant material is required in every class with only artificial fruit or vegetables permitted. Some glitter and spray may be used.

Mrs. Gene Cushing, branch president, is assisted by Mrs. Arthur Palarchio, flower show chairman. Others working on arrangements are Mrs. Roger Pyett, assistant chairman and schedule; Mrs. George Kohs, staging; Mrs. Robert Fair, entries; Mrs. R. A. Anisoglu, registration; Mrs. George Spencer, hospitality; Mrs. Richard Kelly, judges; Mrs. Robert Yoder, publicity.

The committee notes that all entries in horticulture should be labeled and have been in the exhibitor's possession at least three months. Judging will be by merit system with judges' decision final. Niches for displays are 24" x 15" x 24".

Both award and invitational categories are open to the public.

**UMM-UMM GOOD!** — With just over 2,700 Campbell's Soup labels collected towards Main Street Elementary's goal of 20,000 labels, these four students are hoping everyone will eat more soup. Standing with the school's goal chart is Suzie McKenzie, while seated left to right are Kay Wolf, Mary Campbell and Teresita Armada. Main Street students hope to collect the 20,000 labels before December 8 so they can redeem them for two cassette tape recorders and a carousel slide projector. Persons wishing to donate soup labels may drop them off at the school office, 501 West Main Street.

## 'Fat Bob' Entertains At Town Hall

Continued from Page 2-A

powerful voice. This began a strong friendship resulting in his being heard often on McCarthy's show. Taylor now also appears on the WJR Open House program with Marc Avery, Jeannie Oliver and Jimmy Clark.

Before singing "If Ever I Would Leave You," Taylor talked about the time Robert Goulet, who is identified with the number, forgot the words to our national anthem before the Clay-Liston fight in Boston. It was a hotel chambermaid, he said, who suggested the possibility—and jinxed the singer.

Taylor himself often opens local sports events and mentioned that he expects to sing the anthem for Alex Delvecchio at Olympia.

Accompanied by Dick Sharp, Taylor included two songs of his own composition in his program, "Who Could Give This Little Girl Away?" written for his daughter's wedding, and a state song, "My Wonderful Michigan," which he said he was singing for the first time publicly.

Taylor related that the song was written with Matt Michaels in response to Judd Arnett's oft-voiced comment that the state needs a song.

The daughter for whom the wedding song was written now is about to make him a grandfather, Taylor told his audience. He also has a son studying for the Baptist ministry as well as two other children, the youngest 16. Although divorced from their mother, Taylor, who has

remarried, reported that he has remained close to his children.

A native of Canada who became an American citizen in 1953, "Fat Bob" Taylor related that his family was of British background and that his knowledge of Italian came from his plumbing days when the cement workers taught him their native language.

A plumber for 15 years, Taylor was 33 when he first took voice lessons from Millard Cates at the University of Michigan. He adds that he still has monthly sessions, sometimes on the telephone, with the teacher, who now is at Hastings College in Nebraska. He has not worked as a plumber for many years.

Taylor now is one of four businessmen involved in Foursome Enterprises, a manufacturer's representative firm.

In addition to singing operatic and show songs, Taylor pleased his town hall audience with a lullaby, "Little Horses." He interspersed his musical offering with humorous stories of his early work days.

"Our generation put man on the moon, but now our kids have to figure out how to clean up Lake Erie" was a typical aside.

At the celebrity luncheon following, Ann Miron told the town hall members that Taylor is working on a new recording which will include his Michigan song and the wedding number.

She also introduced town hall workers who shared the speaker's table: Mrs. J. Thomas Handy, vice chairman, Mrs. Francis Korte, Mrs. John Stuart, and Mrs. Kent Mathes.

**State Hospital Asks**

**Cheer 'Forgotten Patients'**

Want to play Santa Claus a different way this year? If so, perhaps remembering "forgotten" patients at Northville State Hospital is the answer.

Not all patients at the hospital, according to Louis Schult, community relations director, have relatives or friends who will send them gifts at Christmas time.

"In cases where we learn from ward personnel that there are no relatives or friends, we are offering forms to groups and individuals who wish to remember our 'forgotten' patients with a gift ranging from \$4 to \$7," he said.

According to Schult, "We never are certain whether the number of forgotten patients will be greater or less than the number of our contributors." "If you are interested," he said, "you may write or telephone us to indicate how many names of 'forgotten' patients are needed and by

what date. Then you will receive patients' names with proper instructions for mailing or delivering the presents.

Schult may be reached at 349-1800 or by writing Northville State Hospital, 41001 Seven Mile Road.

**Area Democrats to Meet**

A general membership meeting of the Wayne 2nd Democratic Congressional District will be held November 29, beginning at 8:30 p.m., in Room F of the Senior Citizens Building in Livonia.

According to Chairman Marvin R. Stempien, former Northville city attorney and state representative, Jerome P. Cavanagh, Sander M. Levin and Bobby D. Crim are expected to be present.

**3 Receive 32nd Degrees**

The 32nd degree of Scottish Rite Freemasonry was conferred on 340 Master Masons, including three from this area, at Detroit's Masonic Temple during a two weekend reunion ending Saturday with the traditional 32nd Degree Banquet.

Among those received the 32nd degree were Milo L. Larson, 46280 West Main Street and Raymond A. Lenk, 345 Orchard Drive, both of Northville, and William D.

Osborn, 28060 Dixon Road, Novi.

The class was named for the late Roscoe O. Bonisteel, a 33rd degree Mason, attorney and civic leader from Ann Arbor.

Banquet speaker was John A. Lloyd, a 33rd degree Mason from Cincinnati who is chairman of Union Central Life Insurance Company. Scottish Rite Freemasonry's principal

charitable project is the funding of research programs in the field of schizophrenia through its benevolent foundation.

It also supports a journalism scholarship program and has under construction in Lexington, Massachusetts, a museum and library that will be dedicated as part of the country's 200th anniversary of the signing of the Declaration of Independence.

**Downs Likes New Sulky**

The single shaft sulky has a great future, insists Leon A. Slavin as racing moves through its second week in Jackson's Action at Northville Downs.

And well he might because the uni-bike has been seen regularly in the Northville winners' circle so far during the 47-night meeting.

Seven out of the 10 first place finishers one night were equipped with the long L-shaped aluminum boom.

Slavin, president of Jackson Action at the Downs, introduced the single shaft sulky to the state's parimutuel harness racing public just as he introduced year-around racing to Michigan.

He notes that horses that go off as tote board favorites win about 35 percent of the time but single shaft wagering favorites are winning at the rate of more than 40 percent.

And the public apparently is pleased because the turnstiles

here at the Downs, with its huge facade of thermal glass, have been whirling at a merry clip.

"Everything points to a highly successful meeting," Slavin says.

Jackson's Action at Northville Downs gets underway nightly with post time at 8 p.m.

In addition to win, place and show wagering on all 10 races, fans are challenged with the traditional daily double, two Trifectas and a pair of Perfectas.

# NOVI HIGHLIGHTS

By JEANNE CLARKE  
624-0173

Dick Patterson of South Lake Drive returned this week from a deer hunting trip into Wisconsin. He bagged a six-point buck that dressed out at 200 pounds.

Mrs. Ed Callan of Meadowbrook Road has returned home from Camp Co-Be-Ac near Prudenville where she was a member of the staff for a youth retreat that drew 185 young people.

William Richards, former resident of Wixom Road who more recently was living at New Port, died this past week.

Two well known residents of the community—Henry Bashian and Donald Walters—are patients at St. Mary Hospital in Livonia.

Mr. and Mrs. Alvin Killeen of Beck Road returned home following a weekend visit to Interlochen where they visited with Mr. and Mrs. John Killeen and other friends

and relatives of that area. Mrs. Dolly Alegnani will be entertaining members of her sewing club at a luncheon in her home on McMahon, followed by an afternoon of sewing.

Leon Dochot of South Lake Drive, accompanied by Steve, Collie, Lloyd and Ed Brewer, have left on a deer hunting trip to Beaverton.

Mr. and Mrs. Floyd Darling and Mr. and Mrs. Tom Darling and family visited Mr. and Mrs. Bill Grey (Lorraine Darling) and family at their new home in Bridgeport on Sunday.

John DeHart of Atlanta, Georgia was the weekend guest of Mr. and Mrs. Frank Duffey of 13 Mile Road.

Mrs. Mabel Ash of Garfield Road returned home Monday from the annual meeting of the International Arabian Horse Association in Boston. Mrs. Ash was secretary of the 12 delegates from Michigan—largest delegation from any state. She was away five days.

**Novi Rotary**  
David Boyd, a former member who recently returned home after touring Europe for a year, was guest speaker at the Thursday meeting of the Novi Rotary Club.

In other business, Rotarians made plans to enlarge their fruit cake sale, and they learned that "Mr. Bingo" would be on hand at the next meeting to explain more about the upcoming bingo parties.

**Novi Senior Citizens**  
A large turnout of senior citizens entertained residents of Beverly Manor Convalescent Home recently.

Community singing was led by Ruth An Zimmer, organist from Holy Cross Episcopal Church.

Members of the Senior Citizens Club are reminded that December 5 has been designated Mystery Trip day. Details are to be disclosed later. Anyone wishing transportation is asked to call Mrs. Nancy Liddle at 349-2219.

**Novi Welcome Wagon**  
All newcomers interested in the Couples Bridge activity this coming Saturday evening are to be greeted by the tentative hostess, Mrs. Carolyn Stephens. The Creativity Group plans to meet November 27 to work on holiday gift soaps. Interested persons should contact Sue Wettendorf for time and plan.

A general membership meeting is to be held November 15 in the Village Oaks Elementary School beginning at 7:45 p.m. Guest speaker will be Goer McCollum.

**Novi Cooperative Nursery**  
The "Holidays for 1973" class is to be held on November 19, beginning at 7:30 p.m., at the Consumers Power Company building at 11801 Farmington Road. Proceeds are to be used for nursery school projects. Reservations may be made by calling Sharon McCord at 349-8192.

**Novi Drug Abuse Committee**  
Members of the speakers bureau of the Novi Drug Abuse Committee are being urged to attend a meeting on November 28, beginning at 8 p.m., in the Pepper Tree Restaurant on Novi Road. Police Corporal Robert Starnes will inform members of the latest educational techniques and discuss abuse of drugs in the Novi area.

**NESPO**  
The group learned that more than \$700 had been raised during the recent school fair. Of this amount \$500 is to be earmarked for additional school equipment.

**Parents Without Partners**  
A bowling party for parents and their children is planned November 17 at Northville Lanes. Other adult activities include a meeting on November 30 at Somerset Inn on Big Beaver Road, a pre-Thanksgiving dinner dance, and a turkey shoot on November 16 at Glen Oaks Clubhouse, 34500 West 12 Mile Road in Farmington. Persons wishing additional information may call 349-2607.

**Novi Youth Assistance**  
Forty youngsters were treated to a Junior Red Wings hockey game last Thursday. Among other groups and individuals, the Novi Jaycees assisted in this project by providing transportation. Youth Assistance is anxious to contact people in the area who would like to work with underprivileged children or children from broken homes, possibly through the Big Brother program. Interested persons should contact Father Leslie Harding or Wally Cook, case worker.

**Cub Scout Pack 240**  
Parents of boys in Pack 240 are reminded that they must accompany their sons to the pack meeting on November 29, beginning at 7:30 p.m., in Village Oaks Elementary School.

**Jaycee Auxiliary**  
Transportation was provided for 12 residents of Beverly Manor to the United Methodist Church where they were guests of the Senior Citizens Club. The Auxiliary has set December 1 as the date for "Saturday with Santa" at Village Oaks Elementary School. Charge will be 50 cents per child—including cartoons, entertainment, juice, cookie, goodie and, of course, the visit with Santa Claus.

Also, children will be able to visit a shop where, for 25-cents or less, they may purchase gifts for their parents.  
**Novi Pin Pointers**  
The mystery game was won by Jan Place. Hi-bowler was Bernice Semke, who rolled

192, 199 and had a 567 series. Pat O'Malley rolled 189 and had a 549 series. Standings are as follows:

Kool Kats	25	11
Weber Construction	24	12
Novi Drug	22½	13½
Ashley and Cox	21	15
Four on the Floor	20½	15½
Odd Balls	19	17
Number One	18	18
Le Bost Four	13½	22½
Persuaders	11½	24½
BLDM's	5	31

**Novi Girl Scouts**  
New troop service director at Orchard Hills Elementary School is Pat Grey.

The calendar sale is continuing and those persons not yet contacted may call Mrs. Ginny Folsom at 349-5713.

Members are reminded of the fashion show to be held at the Oakland Mall on November 17 under the

sponsorship of the Southern Oakland Girl Scout organization. The new cadette and junior uniforms are to be modeled.

Scout night is continuing at the Ambassador Roller Rink on the first Monday of each month. Time is 7 to 9 p.m., and the fee is 75-cents.

**Novi Rebekah Lodge**  
The Past Noble Grand will meet on Thursday, November

15, with Laree Bell and Celcia Sharpe serving as hostesses. The meeting gets underway at 6:30 p.m.

Plans call for the rummage sale to be held again next Friday beginning at 10 a.m. Chairmen of the event are Eva Behreandt and Vera Hansor.

Members also are reminded of the second nomination of officers slated at the next meeting.

**WIXOM HOLIDAY BOUTIQUE** — "Bigger and better" is the way Wixom women described the "Holiday Boutique" which is rapidly becoming a part of the annual

holiday season in Wixom. Held Saturday at the VFW Hall, the Boutique attracted more than 100 people who came to view and buy the large selection of hand-crafted items.

## To Novi School District

### Seek Land Transfer

Novi School Board will officially request soon the transfer of newly purchased school property at the southeast corner of Taft and 10 Mile Roads from the Northville School District to Novi.

However, in his report to the board Tuesday, Superintendent Gerald Kratz recommended against requesting annexation of additional property to about the 9½ Mile line.

The superintendent, who said he has met with property owners in the affected areas, indicated the reaction was divided — some owners preferring to remain in the Northville district, while others wanted to transfer to Novi.

"We have received no formal position from the owners," said Dr. Kratz, "but it is felt by the administration at this time that the consensus would be negative until such time as the actual planned schools in Novi are completed."

"Without discussing the merits of this position it is felt by the administration that to petition the county board to annex this section of land would not create community unity, but only encourage fragmentation."

Board members concurred, and it gave Dr. Kratz the green light to continue exploration of annexation of the property at the southwest corner. The property is being purchased on a land contract as the site for a large new high school and other municipal facilities.

In addition, the superin-

tendent indicated he would pursue the possibility of annexing the 77-acres of land immediately east of the school property on 10 Mile Road since this land is owned by non-residents who have no objections to the transfer.

A reason for asking for the boundary change, explained the superintendent, "is the desirability of having our new high school within the school district proper, even though it is not a requirement in order to build."

As for pushing the boundary between the two school districts to the 9½ Mile line, Dr. Kratz said the matter would be placed on the back burner for consideration at a later time.

### Novi Class Tours Newspaper Plant

Novi Elementary fourth grade students of Mrs. Jean Walle toured the printing plant of The Northville Record-Novis Friday afternoon as part of a class study project in journalism. The students, who hope eventually to put out a newspaper of their own, followed each step of the newspaper process—from typesetting to the press.

They learned, for example, that printing of The Novi News is a photographic process almost from start to finish as opposed to the "old" method of printing that utilized metal. Students especially enjoyed watching the computer and component parts automatically photograph each line of a news story before it reached the paste-up stage in the plant's composition room.

Conducting the tour was Jack Hoffman, assistant to the publisher.

### School Posts

### Pool Schedule

A family swim program is underway at Walled Lake Western High School, 600 Beck Road, it was announced this past week.

The pool is open three nights weekly for family swimming: Tuesday from 8 to 10 p.m., Thursday from 7:30 to 9:30 p.m., and Friday from 7:30 to 9:30 p.m.

A nominal charge is made for participation.

Persons wishing additional information may call the Walled Lake Community Education Department, 624-0202.

## Vet School Picks 2 Area Residents

Two area residents are among 116 students from over 600 applicants who have been admitted to Michigan State University's College of Veterinary Medicine in the class of 1976.

Only one class is admitted to the professional veterinary medicine program each year. Thomas Thompson of Northville and Debbie Zarish of Novi are among those who expect to graduate with a D.V.M. degree in 1976.

Thompson, a 1971 graduate of Northville High is the son of Mr. and Mrs. James Thompson, 43700 Galway Drive. He participates in intramural sports at MSU and teaches private swimming lessons.

Miss Zarish, a 1971 graduate of Novi High, is the daughter of Mr. and Mrs. Harry J. Zarish of 46450 11 Mile Road. She is a member of the Pre-Vet Club at MSU and plays softball.

## Citizens Help Plan For High School

A meeting of all Novi citizens interested in offering direction for the planning of the proposed new Novi High School has been scheduled for Tuesday, November 20.

The meeting will be held in the library of the existing high school on Taft Road, beginning at 8 p.m.

Dr. Helen Ditzhazy, high school principal, called for parents, students, former members of the Needs Assessment Committee, and any other interested residents to attend.

Specifically, the meeting is to continue planning educational specifications for the new high school. "We will be trying to give the architect guidelines which will make it possible for him to translate school-community needs into feasible building proportions," said Dr. Ditzhazy.

"We're interested in people who have ideas, are willing to share them, and will work on one of several committees," she continued.

**PASSING THE BUCK**  
College Professor:  
Such rawness in a student, it's a shame. Poor high school preparation, is to blame.  
High School Principal:  
It's plain to see, the boy's a fool! The fault of course is with grammar school.  
Grammar Teacher:  
Would from such a do! I might be spared; they send them up to me so unprepared!  
Primary Teacher:  
Poor kindergarten child! And they call that preparation? It's worse than none at all!  
Kindergarten Teacher:  
Never such a lack of training did I see! What sort of person can that mother be?  
Mother:  
You stupid child! But then you're not to blame...your father's folks are all the same!  
We can pass the buck all around concerning our younger generation. God gave children to parents not to grandparents, baby-sitters or day nurseries. God also gave us the Bible wherein we find positive spiritual principles that are usable and effective in rearing our children. We have resorted to men with ungodly philosophies of child-training and now we're paying the price.  
Every parent needs help and that help is available in God's written word, the Bible. God gave the responsibility for their children to parents, but He also gave them help.

Police Blotter

# Pleads 'No Contest' in Novi Fatality

In Novi

A 17-year old Farmington man, Richard Carter Young, entered a plea of nolo contendere (no contest) to charges of negligent homicide before Judge William Beasley last week in the Oakland County Circuit Court.

Young was charged in conjunction with an automobile accident in which a passenger in the car he was driving was killed.

The accident occurred on February 23 as Young and a friend, Neil Anthony Muccino, 15, both Farmington High School students, were taking two other friends to morning classes at the Southwest Oakland County Vocational Education Center on Beck Road.

Traveling westbound on 14 Mile Road, Young pulled out into the left-hand lane to pass a school bus shortly after crossing Haggerty Road.

According to reports, Young lost control of his car while returning to the westbound lane. The car began to fishtail and then swerved over the center line and struck an eastbound car.

Muccino was pronounced dead on arrival at Pontiac General Hospital. Two men in the eastbound vehicle were hospitalized with extensive injuries.

Judge Beasley has scheduled sentencing for November 27.

An estimated \$1,400 worth of property was reportedly stolen from a residence at

24645 Olde Orchard during a breaking and entering which occurred November 11.

Owner of the home told police that someone had broken in and then ransacked every room. Missing items included jewelry, a stereo box, and a four-piece stereo system.

A 1973 Oldsmobile Cutlass Supreme was reported stolen last week.

Owner of the car told police that the vehicle was stolen while parked outside his residence at 1322 East Lake Drive.

Property valued at \$770 was reportedly stolen from a trailer parked outside Adell Industries.

A refrigerator dolly, a four-wheel dolly, and heavy-duty moving pads were stolen from the trailer which had been parked at Adell since May 12.

The theft was discovered November 6.

A Honda 70 trail bike valued at \$250 was reported stolen last week.

The motorcycle had been left on the patio of a residence at 24834 Olde Orchard and was stolen while the entire family was away from home for a short period of time.

Four people, including a seven-month old baby, were taken to St. Mary Hospital by ambulance with serious injuries as a result of an accident which took place November 4.

The accident occurred,

police reported, when Sidney Gene Holmes, 22, of 25651 Adams failed to heed the traffic signal at the intersection of Grand River and Novi Road.

Holmes, westbound on Grand River, proceeded into the intersection and struck a northbound car driven by Linda Lou Green, 25, of Westland.

Mrs. Green and two passengers in her car, her 26-year old husband Leland and their seven-month old daughter Jodi Lin, were all taken to St. Mary Hospital by ambulance along with Holmes.

Holmes was cited by Novi police for failing to stop for a traffic signal.

pot hole just north of Five Mile Road, slid on loose gravel and the car rolled into a ditch. The accident took place at 2:40 p.m.

Damage to the vehicle included a dented roof and scraped passenger's side. He was ticketed for driving too fast for conditions.

Township police are investigating three thefts from automobiles which all occurred at 19458 Inlet Court.

Reported to police last week Tuesday morning, the thefts included a radio valued at \$100 from a 1972 vehicle and a half tank of gas from a 1973 station wagon. The door lock on a truck was also broken.

in Northville Square is under investigation by city police detectives this week.

Unknown persons kicked in a wall of the store sometime between 4 p.m. Sunday and 10:30 a.m. Monday, investigating officers reported. An undetermined amount of clothing was taken from the store.

Theft of approximately 1,000 amphetamines from a doctor's office at 115 East Dunlap is being investigated.

The capsules were discovered missing following an inventory, police reports said. The theft was reported last week Wednesday.

A tape deck and two speakers were stolen from a van parked in the city's impounded vehicle yard. The missing items, taken sometime during the past week, are valued at \$200.

Approximately \$100 in singles was taken from a window in the upper grandstands of Northville Downs last week Wednesday. The theft took place about 11:30 p.m., police reported.

FIRE CALLS

November 6 - 2:44 p.m., kitchen grease fire at 46871 Seven Mile.

November 13 - 6:39 a.m., wooden shed on fire north of 775 Railroad Street.

November 13 - 9:22 a.m., mattress burning at 15852 Fry Road.

In Wixom

Two Walled Lake men have entered a plea of not guilty to possession of stolen property charges levied against them last week by Wixom police. Michael John LaPlante, 18, and William Albert Intihar,

17, both of Walled Lake entered their not guilty plea while being arraigned before 52nd District Court Judge Martin Boyle on November 5. Court date was set for January 8, 1974.

LaPlante and Intihar are charged in conjunction with the alleged theft of four speakers from the Commerce Drive In.

Wixom police stopped the car in which they were riding along with two juveniles and subsequently discovered the speakers on the floor of the vehicle, according to reports. The two juveniles were released to their parents.

Police are investigating the reported theft of three rings and a black and white portable television set from the sales office building of the Ford Motor Company last week.

Value of the stolen property was estimated at \$1,570.

The rings, which were to be given to employees as service awards, were stolen from one of the offices in the three-story sales office building, police were told.

The theft occurred sometime between 5:30 p.m. on Friday, November 2, and 8:30 a.m. Monday, November 5.

A boat, outboard motor, and boat trailer were reportedly stolen from in front of an apartment building at 31060 Ash.

Owner of the stolen items told police he had left the boat, motor, and trailer in front of the building at 10 p.m. on Tuesday, November 6. When he returned to the location the following day at 8 a.m., he discovered the theft.

The stolen items were valued in excess of \$2,200, the owner told investigating officers.

## Set Election Date

Continued from Record, 1

County Commissioners would take action at their December 6 meeting on leasing the buildings to the township.

Appearing at the township board's meeting next week will be M. H. Ashley, superintendent of buildings for Wayne County Board of Auditors.

Although the fire study committee for the township confined its study to recommending a 20-man public safety department at a total cost of \$301,000, or \$200,000 over what is now spent, it did not include any costs for facilities to house the department or purchase fire fighting equipment.

Board members have indicated they wish to go to the public for the total package,

including facilities and equipment, and leasing the fire station at the Child Development Center on Sheldon Road will have a bearing on what amount of millage will be needed.

The township also owns 10 acres of land on Six Mile near Bradner Road for which plans were drawn up to build a township hall-police-fire station complex.

In other action Tuesday, board members received petitions from property owners on Marilyn, Maxwell, Fry and Parklane, north of Five Mile Road, asking for installation of sanitary sewers.

Mederdich Manogian, a resident of Maxwell, told the board that the area is a "health hazard. Mosquitoes are bad during the summer and toilets are backing up." He called the situation an "emergency case".

Township engineer William Mosher explained the cost of installing the sewers before the Haggerty Road interceptor is built "would be prohibitive. Phoenix Lake necessitates we go through Plymouth township with the sewers to get around the lake."

Board members authorized the engineer to survey the area and to contact the city of Livonia to see if it will temporarily furnish sewer capacity for the lots in the area until the interceptor is built.

# OBITUARIES

**JOHANNA MANN**  
Funeral services were held Tuesday for Johanna E. Mann of 30 Brookside Place who died Saturday, November 10, in William Beaumont Hospital, Royal Oak, following a long illness. She was 66.

Born August 8, 1907, in Detroit, she was the daughter of Herman and Johanna (Knop) Perlick. Her husband, Joseph E., died on April 4 of this year.

Mrs. Mann was a resident of the area for the past 10 years and was a member of St. Paul's Lutheran Church in Hamburg.

Surviving are two daughters, Mrs. Audrey Spiers of Novi, Mrs. Doris Kress of St. Clair Shores, a sister, Mrs. Mabel Nielsen of Royal Oak, and four grandchildren.

Services were held at the Casterline Funeral Home where the Reverend Carl F. Welsler of Hamburg officiated. Burial was in Glen Eden Cemetery, Livonia.

**FLORENCE McCLUSKIE**  
A former Northville resident, Florence S. McCluskie of Atlanta, Georgia, died Friday, November 9, following a year's illness. She was 78.

Funeral services were held Tuesday at First Presbyterian Church of Northville where the Reverend Lloyd Brasure officiated. Burial was in Glen Eden Cemetery, Livonia.

Mrs. McCluskie was born August 12, 1895, in Aberdeen, Scotland, the daughter of Robert and Florence (Keith) Sutherland. She lived in Northville from 1921 to 1965 and was a member of the First Presbyterian Church.

Her husband, Joseph McCluskie, preceded her in death.

Surviving are a daughter, Mrs. Florence Erickson of Sandy Springs, Georgia, two sons, Dr. Douglas McCluskie of Denver, Colorado, Robert McCluskie of Detroit, two sisters, Mrs. William Anderson, Mrs. Frederick Gillan, both of Aberdeen, Scotland, two brothers, Robert Sutherland of Aberdeen, Charles Sutherland of Birmingham, and seven grandchildren.

Funeral arrangements were made by Casterline Funeral Home.

Saturday, November 10, for William J. Richards of New Port Richey, Florida, former resident of Wixom, who died November 4 at Mease Hospital, Dunedin, Florida. He was 77.

Mr. Richards was born January 28, 1896, in Harbor Beach, Michigan. He retired in 1960 after 30 years as an overhead linesman for the Detroit Edison Company.

Surviving are his widow, Dorothy, two sons, Harold E. and James R. Allen, and four grandchildren.

Funeral services were held at the Kinsey-Garrett Funeral Home in Royal Oak. Burial was in Grand Lawn Cemetery, Detroit.

**JENNIE TURNBULL**  
Mrs. Jennie Turnbull, 222 Fairbrook, a resident of Northville for the past 55 years, died Wednesday, November 7, in Dearborn Heights Convalescent Home at the age of 77.

Born November 21, 1895, in Tilbury, Ontario, Canada, she was the daughter of George and Mary (Mifflin) Hodges. Her husband, Clifford, died in 1962.

Mrs. Turnbull was a member of the First United Methodist Church of Northville, Women's Christian Society of the Methodist Church, Kings Daughters, life member of Orient Chapter 77 Eastern Star, life member of White Shrine of Jerusalem 44 of Farmington, Northville Business and Professional Women's Club and charter member of Senior Citizens Club of Northville.

Surviving are a daughter, Mrs. Marion Russell of Dearborn, a son, Bruce Turnbull of Northville, a sister, Mrs. Pearl Lundquist of Plymouth, three brothers, Clarence Hodges of Chatham, Ontario, Russell Hodges and Burton Hodges, both of Long Beach, California, and five grandchildren.

Funeral services were held Saturday at the Casterline Funeral Home where the Reverend Guenther C. Branstner of the First United Methodist Church officiated. Burial was in Riverside Cemetery, Plymouth.

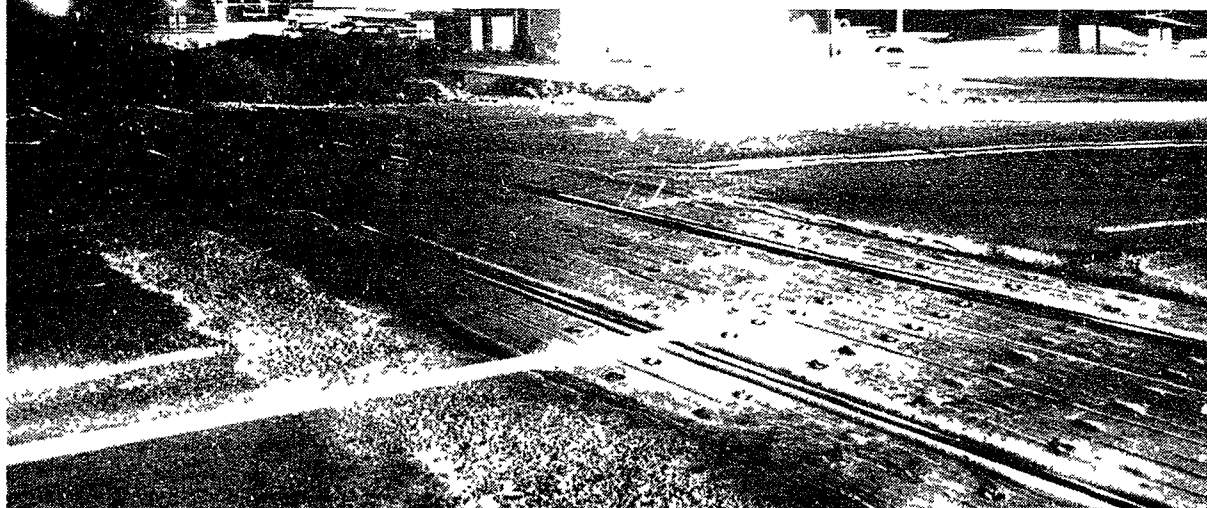

**CROSSING CONFAB**—State, county, township and railroad officials met in Northville last week to inspect the C & O crossing at Northville and Seven Mile roads. Last month a Livonia man and wife were killed at the crossing in a car-train crash at night. As a result of the meeting at Northville township hall, both the Wayne County Traffic and Safety Department and the Michigan Public Service Commission informed Township Supervisor Lawrence Wright that recommendations for safety improvements at the

crossing will be made within 10 days. Among those attending the meeting (pictured above) and the on-site inspection of the crossing were: R. E. Harrison, county traffic and safety engineer; J. W. Clinton of the Wayne County Road Commission; D. W. Pierce, railroad safety inspector for the Michigan Public Service Commission; K. B. Nelson, L. H. Clark, V. R. Wilkinson, Sam Allison, D. E. Guy and Tom Frost, all associated with the C & O Railroad; and Township Supervisor Wright and Police Chief Ron Nisun.

**ALTHOUGH** the train appears as only a streak, the picture above was taken from the east side of the railroad on Seven Mile as a train was crossing. It demonstrates what the west-bound motorist sees. Despite flashing red lights (on right), car lights of the waiting eastbound cars are visible under the train creating an illusion that there is no train on the track. The picture below shows lights at left that may confuse motorist into believing train is approaching from south, when in reality it is coming from north.

## Church Services Mark Thanksgiving

Continued from Record, 1

Our Lady of Victory is planning a Thanksgiving Day service beginning at 9 a.m.

Epiphany Lutheran Church will be participating in the Community Thanksgiving Service held at the First Methodist Church on North Territorial Road in Plymouth.

The service will be held at 7:30 p.m. Wednesday. Members from all of the churches in the Plymouth area which do not plan their own services are invited to attend the community celebration.

Holy Cross Episcopal in Novi will observe Thanksgiving Day with a service at 10 a.m. Holy Eucharist is planned. The church will also celebrate the day the following Sunday, November 25.

First Baptist Church of Wixom is planning a Harvest Supper on Wednesday. The family potluck-type supper begins at 6:30 p.m.

The church will hold the praise service at 7:30 p.m. following the Harvest Supper.

The service at First Church of Christ, Scientist, Plymouth, 1100 W. Ann Arbor Trail, will begin at 10:30 a.m. It will be preceded by music and a hymn after which the Thanksgiving Proclamation of the President of the United States will be read by Dr. A. Richard Krachenberg, the First Reader.

"Let the heavens be glad, and let the earth rejoice; and let men say among the nations, The Lord reigneth," is one of the Scriptural passages which will be read by the Second Reader, Mrs. Bernice J. Maurer.

Citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include this statement: "Divine Love always has met and always will meet every human need."

One of the hymns of gratitude to be sung at the service includes the verse: "This is the day the Lord hath made. Be glad, give thanks, rejoice. Stand in His presence unafraid, In praise lift up your voice."

## School Drawings OK'd by Board

Final drawings and specifications for remodeling of the media center at Moraine Elementary were approved Monday night by Northville school board members.

School board trustees also authorized the architecture firm, Ralls-Hamill-Becker-Carne, to take bids for the project, estimated at \$84,000.

Bids will be received up to December 3 and opened and awarded by the board at its December 10 meeting.

Alternate bids will be taken to air condition the media center. Pegged at a cost of \$8,000, air conditioning has been suggested for the area since the temperature of the center will be approximately 12 to 15 degrees higher than that of the outside, the architect told board members.

In a related matter, trustees awarded the structural steel bid for the Moraine project to Ross Structural Steel, Incorporated, in the amount of \$7,000.

Bids for the steel were taken before the rest of the remodeling in order to avoid price increases.

## Swimming Lessons Upcoming

Registration for children's swimming lessons is scheduled for Saturday, November 17, at Northville High.

Lessons for children ages five and six will be given from 3 to 4 p.m. on Saturdays, while lessons for children ages seven through nine will be given from 4 to 5 p.m.

Registration for the beginner and advanced beginner lessons will take place the first day of the scheduled class (Saturday). Fee for the 10 lessons is \$12. Students will begin swimming lessons November 24, and continue for 10 Saturdays.

Students are responsible for bringing their own suits and towels and girls must wear bathing caps.

For further information, contact Miss Karen Turner at Northville High, 349-3400, extension 15.

## School Notes

Students interested in applying for the Rouge Valley Chapter of Professional Engineers scholarship should see their counselors this week at Northville High. Applications for the scholarship must be submitted by December 7.

Trustees toured the new Applied Science addition at nearby Schoolcraft College officially signalling its completion

# Trustees Tour New College Additions

Building additions at Schoolcraft Community College, representing a cost in excess of \$1,270,638, are officially completed and have been recommended for acceptance by the architect.

They include:  
 • A 25,000 net square feet addition to the Applied Science building at a cost of \$1,045,638.

• A 5,200 square feet addition to the Liberal Arts building at a cost of \$225,000.

The additions, which have been in use for the past several weeks, recently were inspected by members of the college board of trustees and administrators.

Architect for both additions was Ralls, Hamill, Becker, Carne, Inc. of Livonia.

According to David Heinzman, director of college relations, the Applied Science addition provides 13 teaching stations including classrooms, laboratories, work rooms, study areas and storage areas for:

Accounting, automotive, biomedical technology, business, civil technology, occupational therapy, office machines, physics, and typing.

It also contains two general classrooms, offices for 24 faculty members and an administrative office with secretarial station and a small conference room.

Special features of the Applied Science addition include:

• The civil technology asphalt lab is a separate facility with humidity control for simulating curing conditions for concrete asphalt.

• A separate weaving room functions in conjunction with the occupational therapy assistant program

• The building has been designed for future expansion to the east, and, with the exception of support walls; all interior walls are moveable for future modification as needed.

• Carpeting has been utilized in all classrooms where practical.

Construction of the original 42,017 square feet Applied Science building, which cost \$1,525,382, was completed in September, 1966.

The smaller 5,200 square feet Liberal Arts addition, which cost \$225,000, provides six general purpose classrooms, offices to ac-

commodate 10 faculty members, an administrative office, secretarial stations and instruction storage area.

The original 39,400 square feet Liberal Arts building was completed in November, 1968 at a cost of \$1,014,153.

In touring the new facilities, trustees were reminded that the additions have permitted improved allocation of space in other units.

## Buses Running on Hope

Continued from Record, 1

ship for their vehicles. Busard said that between January and July of this year, the township purchased 3,500 gallons of gasoline.

All trucks, tractors, special education and driver education vehicles are buying gasoline directly from Cal's Gulf "as long as his supply holds," Busard said.

"At the end of October, all our buses were being filled there, too," he added.

Pre-run warm-up of buses have been restricted to five minutes and bus drivers have been instructed to turn off

motors for any lay over exceeding three minutes.

But only 100 gallons per day can be conserved through those methods, Busard said.

"November will be our worst month," he explained, "and our allocation is 5,500 gallons. We are continuing to watch our supply and usage daily to avert any major curtailment of services, but we will be unable to meet any unusual demand on our transportation system."

Busard said that extra curricular activities and field trips may have to be curtailed

temporarily in order to assure transportation of students to and from school.

In the event of a severe winter during which busses are required to use additional fuel and if the district is unable to purchase additional gasoline from local stations, the system may have to discontinue bus transportation totally for a few days each month, Busard warned.

Why discontinue all service? "How else could we be certain of not discriminating against any one age group or any one area in the district?" he asked.

## Gas Pinch Sparks Pool

Continued from Record, 1

To help provide a central parking area in each of the communities served by Sliger Publications where commuters could meet and leave cars that will not be driven to work, contacts are being made with local officials.

In Northville, for example, John Carlo, executive manager of Northville Downs, has agreed to provide an area within the Downs' parking lot for commuter cars to be parked daily without charge until 7 p.m.

Efforts are now being made to acquire central parking spaces that do not interfere with shoppers' parking needs or traffic flow in other communities. More information will be published on this next week.

In addition local police will be contacted and requested to patrol "commuter car lots" for security purposes, but commuters should lock their cars.

All that remains now to form an area club for commuters driving daily to work in Detroit, Lansing, Ann Arbor, Dearborn, Highland Park, etc., is for prospective commuters' club members to respond by calling the Sliger newspaper in their community.

In Northville—Novi—Wixom call The Northville Record—Novi News, 349-1700;

In South Lyon call The Herald, 437-2011;

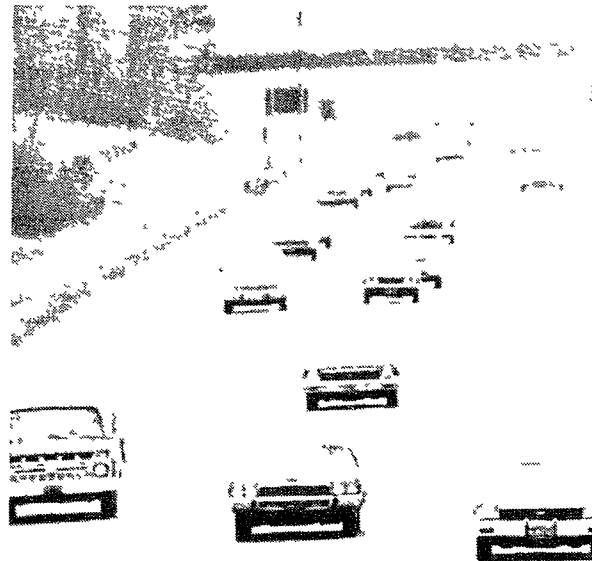

In Brighton call The Argus, 227-6101.

Deadline for listing your name in next week's editions is noon Monday.

Remember, there is no charge. But you must provide the ad-takers with your name, telephone number, daily destination and time schedule for departure and return.

Hopefully, there will be enough names next week to get

the share-a-ride clubs started. However, subsequent advertisements and more information will be carried in news stories to determine whether, or not the need, and the interest, exist locally.

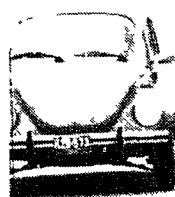

## Salary Pact Still Unsettled

Continued from Record, 1

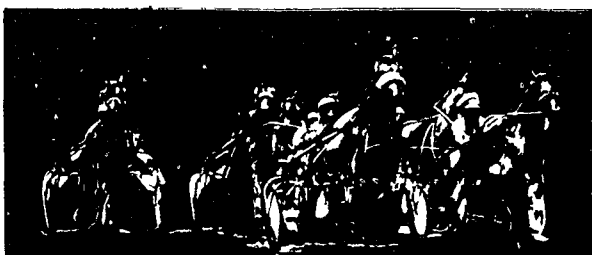

receive \$4,308 for the position. Sharon L. Bucklin was nired as a teacher consultant for special education. She received her masters degree in 1968 from San Francisco State College. Salary will be \$11,302.35 for the rest of the school year.

Marilyn Hopping, a 1957 graduate of the School of Art Instruction in Chicago, was hired to teach art and physical education part time in the year-round school program at Cooke. Her salary is \$3,018.60.

School trustees also awarded a contract to Arthur R. Voisin, a 1967 graduate of Wayne State with a degree in speech and education.

And The Kids Love It!

# This Playground's A Junkyard

B-1

WANT ADS  
In This Section

By PHIL JEROME

The Northville Record / THE NOVI NEWS

The Brighton Argus / THE SOUTH LYON HERALD

Wed.-Thurs., November 14-15, 1973

Like just about any other elementary school, Novi's Village Oaks Elementary School has a playground.

But unless you knew exactly what you were looking for, you might have a hard time finding it.

The playground at Village Oaks, you see, is far different from any other school playground you've probably ever seen.

All of the traditional playground equipment is missing. There are no swings. No monkey bars. Why, there isn't even a teeter-totter, and whoever heard of a playground without a teeter-totter?

Instead, the Village Oaks playground has been constructed of an unusual assortment of what might be ac-

curately described as—euphemisms aside—"junk."

When Dave Brown, Village Oaks principal, points proudly to his school's new playground, he directs the attention to a collection of telephone poles, concrete tiles, and one heckuva lot of old rubber tires.

There's even a 24-foot cabin cruiser, rescued from a junk yard's torch at a cost of \$1 and transported by truck to Novi. And there's more on the way.

"Right now we're looking for the shell of an old car, preferably a Volkswagen," said Brown. "At one time we had arranged to get an old jet fighter plane for the playground, but we had to abandon that plan because of safety factors."

"Once we get the car I think we'll call it quits." As might be expected, the playground is a hit with the

children who attend the Village Oaks school.

"The teachers tell me that the number of behavioral problems we have during recess have decreased since we've had this new playground," reported Brown. "That means that the playground is challenging enough to keep the kids interested in their play."

Actually, the success of the playground comes as no great surprise to Brown and his staff of teachers.

"We knew we were on solid ground before we even started," he said with a smile. "Have you ever noticed that no matter how nice or how expensive a toy you might buy your child, he always seems to end up playing with the box it came in."

"That's the same philosophy that we used in building this playground. We just tried to give the children the type of things that are fun to play on."

"One of the most popular items out there," said Brown, "is a small hill about ten feet high. It's amazing how much fun boys can have with nothing more than a hill."

But the playground itself is only half the story. Equally as important, according to Brown, is the work that went into creating it.

"We're not the first school in the area to develop a playground of this sort," noted the Village Oaks principal. "We borrowed the idea from a couple of other schools which constructed similar playgrounds, using surplus materials such as we used."

"Our first step was to appoint a committee of parents and they took it from there."

The committee, which was comprised of five mothers of Village Oaks children, began by making a complete study of all the various aspects involved in constructing the kind of playground Brown had in mind.

They presented their findings to the Village Oaks PTA (V.O.I.C.E.) which approved the expenditure of \$700 for the playground.

But the area in which the members of the committee did their best work was in contacting local businessmen and persuading them to donate time, materials, and machinery to the effort.

"The response of people in private industry was extremely gratifying," commented Brown. "We estimate that it would have cost us at least \$3,000 to build this playground from scratch. But thanks to the numerous contributions, we were able to get the job done for \$700."

Dan Holloway of Wixom's Holloway Construction Company donated some 200 tons of sand and gravel for the playground, plus the expense of trucks and truck drivers to haul it to the school.

Paul Bosco of Novi's B&V Construction Company donated ten 1,000-pound tires - the kind used on earth moving equipment - and transported 20 telephone poles to the site. In addition, he furnished two pieces of heavy machinery and two drivers for six-hour shifts on two different occasions.

And that was just the start of the donations received for the playground.

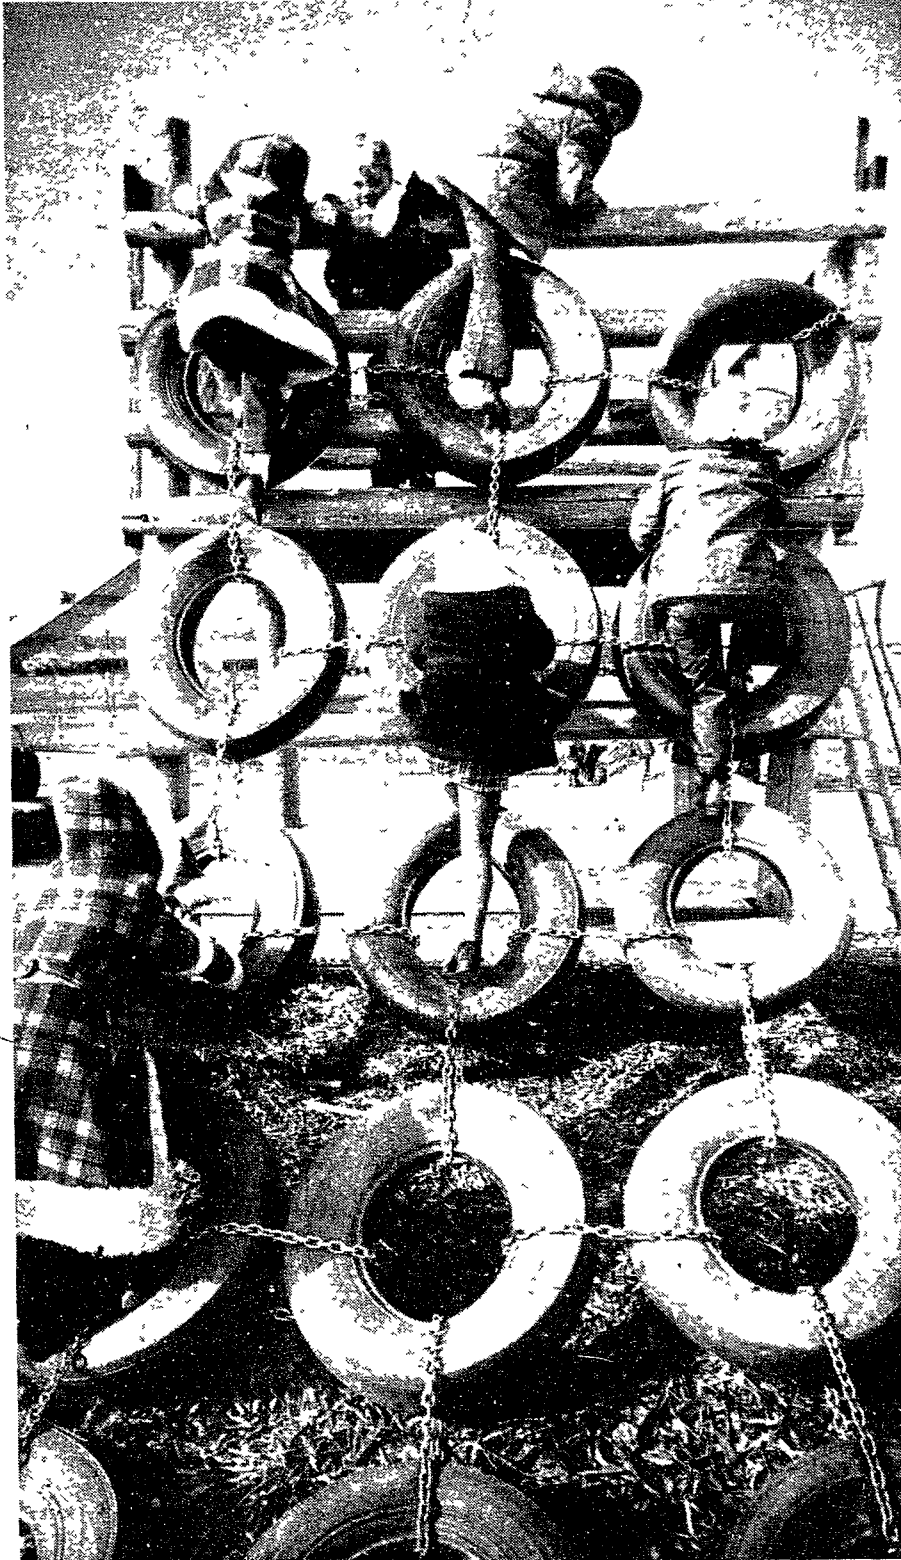

Russell Button donated a huge piece of concrete sewer tile, a 1,000-pound tire, and some machinery; Spartan Concrete furnished cement; L-M Tree Service donated a truck-load of wood chips; Mario Sinicola donated use of machinery and another two-ton piece of concrete sewer tile.

Kaufman and Broad got into the act by donating the use of an earth mover on two different occasions; school board member Ray Warren transported the cabin cruiser from Lake St. Clair and Michigan Tractor provided equipment to unload it; and even the City of Novi got involved by donating some old tires as well as a back hoe which dug the hole in which the boat was placed.

"What can I say about that kind of cooperation," stated Brown. "It was just tremendous and I think that's another reason why we are so proud of our playground."

"It was the kind of a project that everyone got involved in. By everyone, I mean teachers, parents, and even members of private industry. It was an opportunity to get people together to work on a worthwhile goal for the betterment of the school and the community."

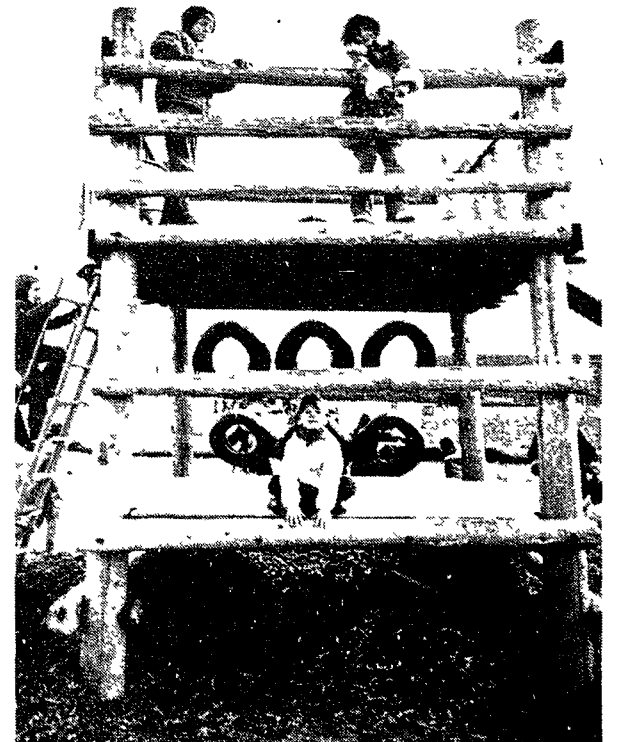

"I think there were probably close to 60 people who were involved in making this playground a good place for children to play. And I think every one of them was pleased that they had a part in it."

By the end of this month, days will be just nine hours and 20 minutes long, but those longer nights will allow more time for viewing what may be "the comet of the century," according to University of Michigan astronomer Hazel M. Losh.

\*Discovered February 28

while it was still a tremendous distance away from earth, the Kohoutek comet may become visible to the naked eye by the end of November," Professor Losh says, adding that the comet will definitely become visible during December. The comet, which is named after its discoverer, Czechoslovakia astronomer

Lubos Kohoutek, will first appear in the morning.

"It will rise shortly before the sun on the low southeastern horizon," Professor Losh explains. She predicts that the best time for viewing the comet will probably be from January 10th to the 20th. By this time it

will be an evening comet visible in the southwestern sky after the sun has set," she notes.

"By the middle of January the comet will be closest to earth, roughly 75 million miles away," she continues. "Late observations show that it is maintaining its earlier

computed orbit and is brightening up, but perhaps not to the extent hoped for." She says it remains to be seen whether Kohoutek will surpass the brilliant Halley's comet, which is expected to make a return trip around 1985, and thus live up to its billing as "comet of the century".

## Comet Streaks Closer to Earth; Visible Soon

Bible study still is the heart of youth club program

## At Northville Methodist

# Club Mixes Interests

"Teaching theology through sociology," is the way Youth Club Co-administrator, Dan Beetler, describes the program offered through the Northville United Methodist Church.

He explained that Youth Club is formulated around the goals of fellowship, service, study and activities. Specifically, the youth meet for a three and one-half hour period on a weekday evening for recreational activities, Bible study, choir practice and dinner.

"At the heart of the program is Bible study, but the kids come here to be with their friends," Beetler said.

Youth Clubs, numbering about 1500 nationwide, are a relatively new Christian education program. The one in Northville began in September, offering a mixture of activities for youth from fourth grade through high school.

Pastor Gunther Branstner reports that as the first 10 week semester of Youth Club is drawing to a close, attendance is still at a 99 percent level.

"In all of our other youth work, 95 percent of the kids had fallen away by the end of the year," Beetler said.

Beetler feels the key to this success is the discipline and structure of the program.

"It's discipline with lots of love," Beetler said. "In other

programs we always let them choose what they wanted to do and then they'd rather not come. Now we require their attendance. They may only miss club five times a year, two excused times and three unexcused times."

Every Youth Club member is required to participate in the choir as their service activity. Dinner is provided by volunteer parents.

Beetler explained that another facet of the structure of the program is that one member of a child's family must also participate in some part of Youth Club. Parents serve as table leaders at meals, dining room help, recreational help and choir parents, besides being cooks.

"The strictness of the program is what has interested parents so far," Beetler said. "They like the idea of a closely run program."

The youth wholeheartedly participate in recreational activities. Recreation Director is Marvin Gans, the athletic director of Schoolcraft College.

Recreation opportunities include a ground pilot school, home nursing, taught by a volunteer nurse, hunter safety,

## Annual Collection Planned

# Self-Help the Aim In Development Campaign

With the overwhelming commercialization of Christmas, some pastors have expressed the feeling that Thanksgiving has become more of a Christian holiday than it was originally considered to be.

Other persons say gluttony is the main purpose of Thanksgiving and that every culture has had a harvest feast, which is what Thanksgiving is.

Perhaps the first view, the view that Thanksgiving is indeed a Christian holiday, is supported more every year by persons drawing together for services either with their fellow church members or with fellow Christians.

Look for information on special Thanksgiving services in the front section of your Northville Record-Now News and South Lyon Herald this week. The Brighton Argus will carry information on special services next week.

Another expression of Thanksgiving has been the willingness of persons to contribute to the welfare of their fellowman. One such project is the Campaign for Human Development.

The Campaign for Human Development, a project to help the poor help themselves, is sponsored by the Catholic Churches across the country with funds collected in a special collection on the Sunday before Thanksgiving each year.

Launched in 1970 by the Catholic Bishops of the United States, this education-action program was designed to deal with the problem of poverty in two ways. The Campaign is committed to changing the attitude of all Americans toward the poor.

The Campaign also funds self-help community projects in which the poor themselves have had a voice in the distribution of the funds.

Over the past three years Roman Catholics have given twenty-three million dollars to anti-poverty groups in the United States.

### SALEM

All Sunday School departments of the Salem Bible Church will be filling gift boxes of food items for the Rural Bible Mission worker, on Stuff the Turkey Sunday, November 18. Any canned goods, flour, sugar and mixes are welcome.

### NEW HUDSON

There will be an all church conference of the New Hudson United Methodist Church at 8 p.m., November 15.

### BRIGHTON

The Pathway Singers, a group of 50 young people from Teens for Christ from the East Michigan Conference of the Free Methodist Church, will perform November 17 at

### Brighton High School.

The Concert is sponsored by the Green Oak Free Methodist Church and Pastor Robert Shoaff. Under the direction of the Reverend Roger Allen, pastor of the Perry Free Methodist Church, the group will begin its show at 7:30 p.m.

The public is invited to this free concert. Ten Brighton area teens, ages 14 to 18, will participate. The Pathway Singers will be recording its third stereo album in December.

### HARTLAND

The Council on Ministries of the Hartland United Methodist Church has been making plans to help their church literally spread the Good News. The plans include giving a portion of the Bible to every family in Hartland Township.

On National Bible Sunday, November 18, volunteers from the church will be giving the Gospel according to Luke to every family in Hartland. According to the Reverend Ron Figgins, all families will be invited to join in the study of God's word.

The last part of the Church's community Bible involvement program will be Bible Study Groups. There are plans for as many as five groups, one on each end of the township and one at the church on Sunday evenings, Pastor Figgins said.

Prior to the start of this project, a prayer vigil was held on October 20, from noon until midnight.

The Altar Society of St. John Catholic Church is holding a "homemade" bazaar at the Brighton Mall, November 17 from 11 a.m. until all items are sold. All items will be made by the women of the church and proceeds will be contributed to the building fund.

### NORTHVILLE-NOVI

A new seven-week course on the Gospel according to Matthew is being offered at the First Presbyterian Church on Main Street in Northville.

The next class meeting will be Monday, November 19. The class meets monthly in the church library from 10 a.m. to 11:15 a.m.

The Reverend Richard Henderson, assistant pastor of the church, said the class provides an in-depth look at Matthew and its meaning for today.

Anyone is welcome to attend the classes, which are offered free of charge.

"Proclaiming the Light of the World: Jesus Christ" was the theme of the annual Christmas Missionary Banquet held last week

Wednesday at the First Baptist Church of Northville.

The dinner is held each year early in November in conjunction with the offering taken to share Christmas with the missionary family of the church, the Reverend Cedric Whitcomb, pastor, explained.

The missionary offering will be divided among missionary families in Ecuador and Brazil, South America; Bangladesh, Hong Kong, the Philippines and South Korea in Asia; Spain and France in Europe; Angola and Nigeria in Africa; and Florida and Michigan in North America.

The Reverend Bill Lewis of the Kentucky Mountain Mission was the banquet

speaker. Dinner was prepared by the women of the church, under the direction of Mrs. Don Graham.

The second Saturday night of each month spells Word of Life Rally for the junior and senior high teens of the First Baptist Church of Northville.

That's the night the young people board the church bus and travel to Calvary Baptist Church in Hazel Park for the monthly city rally held by nationally known youth speaker Jack Wyrzten.

Wyrzten and his staff have built the Word of Life Island and Ranch at Schroon Lake, New York, where thousands

## For Thanksgiving

# A Prayer

By REVEREND ROBERT SHOAFF  
Green Oak Free Methodist Church

Dear Father, you may not think this is much in the way of prayer, but I really need someone with whom I can share this Thanksgiving: so many thoughts whirl within my head. I am thankful for people, just now, even though my personal problems, the problems of my nation, and the problems of my world seem to stem so much from people. Lord, I'm part of people, so I guess I'm some trouble to others. Forgive me, and help me to become less of a problem and more of a solution.

God, I live in a country torn with loss of confidence in the integrity of everyone, even, I suppose, in oneself. And, yet in this same country, Lord, we have more schools, hospitals, food, clothing, housing, freedom, security than any other nation. How can we do these great things and be so unsettled? Is it because we know we are capable of significantly greater achievements, but fail to realize our potential, because too many of us get selfish and forget the altruistic values?

Well, anyway God, in the face of political unrest, the threat of war, and an energy crisis, I find I'm still very thankful. With you assuring me each day that you are my Father, it is exciting to think what my fellowmen and I could become, if we would determinedly seek to discover you in all our fullness and wholeheartedly commit ourselves to your will. You sure went to a lot of trouble to get us to see how this would add a needed dimension to our incomplete personalities: the death of your Son to provide forgiveness from sin and the establishment of a special relationship between you and us must have been hard for you to take.

As I see the snow gently falling from above and softly covering the ground, I think of how thankful the Pilgrims were after their first God-given harvest, and how they must have anticipated the soon to arrive Christmas season, when they would commemorate the birth of the One for whom their deep devotion caused them to leave Holland for a new start in a new world. Thank you, Lord, for listening. I feel lighter now. I guess I'd better get back to the work at hand, for there is so much to do, and so little time in which to do it.

Amen

# IN TIMES LIKE THESE YOU DON'T NEED A COUPON.

# YOU NEED A BLANK CHECK.

**THE ECKRICH BLANK CHECK** 21

Mr. Eckrich: Please send me 25¢ for each different product label enclosed. Offer limit \$1.00. I am enclosing \_\_\_\_\_ labels from the following Eckrich Meat Products.

16 oz./12 oz. Bologna  
Smok-Y-Links/Smokees  
Fresh Pork Sausage  
Hot Dogs

25¢  50¢  75¢  1.00

Send to: Peter Eckrich & Sons, Inc.,  
P. O. Box 21665 El Paso, Texas 79998.

Name \_\_\_\_\_  
Address \_\_\_\_\_  
City \_\_\_\_\_  
State \_\_\_\_\_ Zip \_\_\_\_\_

This offer expires May 11, 1974. Good only in U.S.A. Void if taxed, restricted or forbidden by law.

This certificate must not be duplicated or mechanically reproduced and must accompany your purchase.

You know what meat prices are today and so do we. It's clearly time for some good old American ingenuity. Above is the Eckrich Blank Check. It's an invitation to try our products and at the same time save as much as you'd like—from a quarter up to a dollar—on your meat purchases this week. The offer is good on our Smokees, Smok-Y-Links, Fresh Pork Sausage, 12 oz. and 16 oz. Bologna, and our many varieties of Hot Dogs.

How much you save is up to you. But whether you save a quarter on a package of hot dogs, or take full advantage of our offer by trying four different Eckrich products and saving a dollar, you'll be saving a lot more than we could give you with just a coupon. This isn't a giant giveaway, obviously. It's nothing more than a good business move, designed to help you cut your expenses during these times of rising food prices. In doing so, you'll help us by increasing our volume. By responding to your needs, we solve our needs. You don't have to be president of the company to realize that's the best way to do business and make new friends.

**IN TIMES LIKE THESE, YOU NEED A FRIEND IN THE MEAT BUSINESS.**

# State Fair Ink Turned to Black

LANSING—Red ink on the books of Michigan State Fair accounts turned to black this year, reversing a downward trend that began in 1970.

"It looks like happy days are here again for the Michigan State Fair," says Ralph Morrow, deputy director of the Agriculture Department and acting State Fair manager.

Gross receipts for 1973 were down from the previous year's figures, but those numbers don't tell the story. For one thing, the '73 Fair ran for 12 days, while the '72 Fair lasted 17. And another important matter to consider: the Fair finished in the red last year, but Dr. Morrow says "estimates show the 1973 Fair finished solidly in the black."

The Department reports average daily paid admissions this year were 30,495, up 22 per cent from the 1972 daily average. Other things were up too: daily average amount paid at the gate, up 27 per cent; midway revenue to the Fair, up 49 per cent;

parking revenue, up 28 per cent; and total daily revenue, up 36 per cent.

Why was attendance up at the Fair this year?

"Each year the Fair becomes more centrally located," comes the suggestion from one closely connected with the Fair. "We're not moving the Fair—the people are moving to the Fair."

He points out that the Fair location, in the Woodward and Seven Mile Road area of Detroit, is "really IN town now, and that's a big plus factor."

"THE PEOPLE of the state of Michigan enact (Proposed):

"Sec. 1. The honey bee is designated as the official insect of the state."

Such is the goal of Rep. R.D. Young, a Republican from Saginaw.

The honey bee? Why not?

The fuzzy buzzing little creature

helps pollinate Michigan crops and put food on many tables. Most fruits and vinecrops, like cucumbers, rely almost entirely on bees to carry out the pollination process. (Wheat, oats, barley, corn and many other field crops can do without the bee, because they are wind-pollinated.)

Growers in many cases rent bees from keepers, paying a certain fee per hive. Last year, some 125 apiarists requested pollination permits, required under Michigan's bee law if the bees are to be moved.

The "rent-a-bee" business is a relatively modern one, especially for blueberry plantations. Not so many years ago, it was thought that the bumble bee could not effectively pollinate blueberry bushes, that honey bees didn't do the job effectively because their tongues were too short to reach far enough into the flower.

But research at Michigan State University disproved that theory,

and honey bees were in a business other than making honey.

Representative Young figures the busy bee should join the ranks of official Michigan symbols, like the robin and the Petoskey stone.

Petitions for higher pay are being passed among members of the Coalition of Michigan State Employee Organizations (COMSEO).

The Coalition, which represents some 18,000 members of several employee groups, wants a minimum \$1,000 or 10 per cent pay hike for the coming fiscal year. That's in addition to whatever percentage pay increase is approved for state employees next year.

State employees need such an increase "to make up for the money we've lost through inflation the past few years," says William Bigham, executive secretary of COMSEO.

## Here's Sport's Guide

The 1973-74 edition of the popular Michigan Winter Sports Guide which pinpoints the state's snow fun areas is now available, according to the Michigan Tourist Council.

Michigan highway map for convenience in pinpointing specific locations of winter sports centers and snowmobile areas.

Plan now for that weekend or week of winter fun in Michigan. Write for a free copy of the Michigan Winter Sports Guide, available from the Michigan Tourist Council, Lansing.

## Babson Report

# States Enjoy Increases in Income

WELLESLEY HILLS, Mass., This year the states are experiencing good gains in revenues, deriving mostly from larger-than-expected tax income generated by record or near-record business activity. Federal revenue sharing, too, has made a big favorable impact on the balance sheets of the states.

So marked has been the improvement in state revenues that legislatures have cut state levies by about \$500 million this year. Tax Foundation, Inc. reports that this net cutback resulted from tax law changes in 27 states where reductions totaled about \$1 billion to more than offset boosts of \$500 million. While this net paring is less than 1 percent of current tax yields, it is significant because so many years have passed since last the states in toto cut back on tax levies.

IN MANY RECENT years boosts have been staggering. They totaled \$4 billion in 1969, \$5 billion in 1971. This year property tax relief (mostly for the elderly) has been enacted in 21 states and 12 have cut personal income taxes. Such tax increases as were voted were levied mostly on business, chiefly via corporate income imposts. There were few changes in general sales tax rates (two boosts, two reductions), but eight states okayed new exemptions from the sales tax base.

Current economic statistics indicate considerable business vitality, buoying hopes that good business will continue at least into early 1974. While there has been some slippage from the 1973 highs, there are relatively few sectors of the economy that are not registering a volume substantially higher than a year ago.

So it appears that the states can count on continued good revenues at least during the first half of 1974; and probably for some time thereafter since the slide-off is not expected to

be sharp. Of course, the apple cart could be upset if fuel shortages should be exacerbated by prolonged severe weather this winter. Ensuing widespread economic dislocations could play hob with state tax revenues.

Also causing concern is uncertainty about costs. There is no doubt that costs for the states are on the way up. The question is how much and how soon. Food and materials costs have already shown sharp upside pressure. Expenses for maintenance of residential schools, hospitals, and other state custodial institutions are rising at a rapid rate, owing in large measure to persistent boosts in the cost of food, fuel, and other operating necessities.

And in 1974 the states will feel the brunt of sizeable wage increases for their own employees along with mounting pressure for upward adjustments in pension plans and other fringe benefits. So we predict that over the next several months outgo will more frequently match or

exceed state income, leading to new tax hikes. But in most instances these will not be legislated until next spring or summer, and some may not become effective until early 1975.

NEW HAMPSHIRE is the only state that has no personal income tax and no sales tax. Thirteen states impose one or the other, and all the rest levy both. The total tax burden is rated lowest in Connecticut, Florida, Indiana, Nevada, New Jersey, Ohio, South Dakota, Tennessee, Texas, Washington, and Wyoming.

The heaviest tax burdens are found in California, Hawaii, Minnesota, Montana, New York, Oregon, Vermont, Wisconsin, and the District of Columbia. The 30 remaining states occupy a vast middle range. But it is difficult to draw hard-and-fast conclusions from such ratings. Not all the high-tax states are poorly administered or all the low-tax ones superbly run.

By SALLY SADDLE

Northville produced a large number of winners in the November 2-3-4 Detroit Junior Horse Show held at the Michigan State Fairgrounds. "Smockey Sandfire", a Half-Arab owned by Chris Strickland and shown by Kathy O'Connelly, won first in

Half-Arabs two years and under at halter.

"Poplar Sugar Cube" owned by Beth Beckman took third in Morgan mares two years and under.

Patty Beckman earned fifth in English pleasure 14-18 on "Roanoke" and a seventh in hunt seat equitation, ages 15-18.

Maria Lupini and her pony "Tinker" had a sixth in saddle seat equitation 13 and under and an eighth in pony English pleasure.

Betsy Potter riding "Kris" took second in western pleasure 13 and under, fourth in pony western pleasure 54" to 58" and fifth in stock seat equitation 13 and under.

Meg Potter, also aboard "Kris", had fifth in pony English pleasure 54" to 58" and also saddle seat equitation 13 and under.

Returning astride "Cricket",

Same Old Tunes  
**Familiar?**  
By TERESA ARNOLD  
Church Editor—Sliger Newspapers

"I thought maybe you'd like to use this," said the Reverend Lloyd Brasure, pastor of the First Presbyterian Church of Northville. He handed over a newsletter from a Presbyterian Church in Oconto, Wisconsin.

It was with a story with a message. It went like this: "Word has just been received that the pastor of St. Vitus-in-Vale Church has announced that never again will he attend a football game. His parishioners have been left speechless by his decision.

Sports experts, commenting on the statement, said the cleric had evidently absorbed some peculiar attitudes due to his association with certain types of church people during his many years in the ministry.

The pastor's reasons, given in the statement, were as follows:

1. Every time I went to the games somebody asked for money.
2. I was a good and faithful fan, but the coach never paid a call on me.
3. The seats were too hard.
4. The referee said things I could not agree with.
5. I suspected I was sitting with people who were hypocrites. They seemed more interested in their favorite beverages or hot dogs than they were in the game.
6. The band always played the same old tunes.
7. Since I have bought a book on football, I can stay home and read it or watch it on TV. I consider myself just as good as the fans who attend.
8. The people with whom I had to sit didn't seem very friendly.
9. Some games went into overtime, and I was late getting home.
10. Sometimes the games were scheduled when I wanted to do other things.
11. I was taken to too many games by my parents when I was growing up.
12. I don't want to take my children to any games, because I want them to choose for themselves what sport they like best."

**Religion Today**

Continued from Page 2-B

Bob Jones University is the largest independent fundamental Christian school in the world. It stands without apology for the historic Christian faith emphasizing the absolute authority of the Bible.

Christ the Master Lutheran Church of Wixom installed the Reverend Elmer Boniek as its pastor and Mr. Edward Regentin as the headmaster of its school in a special service on Sunday afternoon, November 11

The rite of installation was performed by the Reverend Harold W. Romoser, administrator of the Lutheran Churches of the Reformation. He was assisted by the Reverend Wallace H. McLaughlin, dean of the Martin Luther Institute of Sacred Studies, Shepherd, Michigan.

Christ the Master Congregation together with Lamb of God Lutheran Church, Rankin, Michigan, compose a joint parish served by Pastor Boniek.

Christ the Master Congregation is operating a K-12 school. The regular time of service at Christ the Master is 10:45 a.m. on Sunday morning, with Sunday school at 10:00 a.m. The congregation extends a hearty welcome to all who attend its services.

WALLED LAKE-WIXOM

The Bob Jones University two-hour, full-color film production "Flame in the Wind" will be shown on Saturday and Sunday, November 17 and 18 at 7 P.M. on both nights in the First Baptist Church of Wixom, 620 North Wixom Road.

Unfolded in a resplendent Spanish setting overshadowed by Inquisition cruelty, this historically accurate Christian film dramatizes the story of Carlos, a student in his early twenties, who desperately searches for truth amid the confusion of his times.

The moving musical score, composed by Dwight Gustafson, dean of the school of fine arts, was performed by the 55-piece Bob Jones University Orchestra under his direction. A recording of the original score has been produced by Unusual Records.

knitting, crocheting, sewing, nature crafts and many kinds of sports activities for both indoors and outside.

The focus of the physical activities is building a better body, not just activity, according to Secretary-Treasurer of the Youth Club, Doris Herrick.

Tuition makes the Youth Club totally self-sufficient, Beetler said. He also pointed out that youth may only join at the beginning of a semester. While the program only serves 44 youth now, it has the capabilities of serving about 150, he said.

The next semester of Youth Club begins December 6 and runs for 10 weeks. All youth are welcome to join, Beetler said.

But he pointed out that parents should be reminded that youth are required to participate in choir in the Methodist Church service on Sundays and parents, too, must aid the Youth Club if they wish their children to join.

**Fees Modified**

Huron-Clinton Metropolitan Authority officials have announced that visitors to its major parks will be charged \$1 parking fee per vehicle for a period of four to five months starting May 1 (1974) rather than beginning on January 1, 1974 as originally stated last August.

The announcement was

made by HCMA Chairman Eugene J. Ellison, a governor appointee, and James Clarkson, who represent Oakland County on the HCMA Board of Commissioners. Ellison pointed out "that while the Board had approved the concept of parking

*In Brighton, Northville*

# New Businesses Opened

**DRESSER CLARK DIVISION** of Dresser Industries, Inc. opened a new sales and service office in Brighton at the First Federal Office building on East Grand River near the intersection of Old U.S. 23. This office was formerly located in Southfield.

Frank Northrup, sales engineer, is in charge of the new Brighton office, and states that the action of his Company is a solid expression of optimism in the future of the Automotive Industry and the entire State of Michigan.

He points out that other major firms must come to this area because of its close proximity to nearly all manufacturing areas in Michigan as well as the major highway crossroads.

Northrup is not a newcomer to Livingston County. He is well known through his community service as county commissioner for Boy Scouts and service for nearly three years as a trustee and president of the Howell School Board.

The new office decor features photos of Clark Equipment in years past.

During World War II Clark entered the field of turbines, and has the largest centrifugal compressor plant in the World at Olean, New York. In many fields Clark today is the leader in both reciprocating and centrifugal compressors—particularly in larger sizes and more sophisticated designs.

A **NEW NEEDLEPOINT** business has opened in Northville by Mrs. Donna Poster of Novi, who operated a similar business prior to moving here from Reading, Pennsylvania, 2½ years ago.

Located at 107 East Main Street where The Attic formerly was located, the new business is named "Needlepoint by dona."

Offering a wide variety of needlepoint materials and techniques, the business also features custom designs for customers, and Mrs. Poster also will teach others to design their own needlepoint work.

Mrs. Poster, who also is available for evening lectures, plans to conduct six-week courses in needlepoint work as well as holding two-hour seminars starting in January. Weekly needlepoint shows also are planned.

The new business is open Tuesday to Friday, from 11 a.m. to 5 p.m. and on Saturday, 9 a.m. to 5 p.m.

**DINO'S PIZZA**, 1053 Novi Road, is giving away free tickets for a drawing to be held on Saturday, November 24 at 3 p.m. According to owner Al Caradonna the lucky winner will receive a bicycle. First two tickets drawn will be for free pizza and the third for the bike, he said.

**CUSTOM FUN MACHINES, Inc.** of Howell waved goodbye for two weeks to their vice-president and general manager Frank Bomba, who left last Friday for Japan. The trip was awarded to Bomba and his wife Diane after Custom Fun Machines took first place regionally in a Suzuki snowmobile sales contest.

The two week tour includes visits to Tokyo, Osaka and Hamamatsu, as well as a tour of the Suzuki plant. On the return to the United States, the Bombas will have a two day stay in Hawaii at the Sheraton Waikiki Hotel.

**RYMAL SYMES INC.**, Realtors is announcing that Otto H. Natzel has joined the staff of its new Novi office. Rymal Symes, a Detroit based firm, is the first

multi-list broker to open a branch in Novi.

Natzel and his wife, Evelyn, have four children, Susan, Chery, Kathy and Michael. They have lived in Novi for the past 10 years. Evelyn is now serving as city treasurer of Novi, while Otto has served as a Novi volunteer fireman, police reserve officer, and a past director of the Willowbrook Community Association. He is also a charter member of the Novi Lions Club.

Natzel comes to Rymal Symes from one of Michigan's largest real estate firms. He brings with him a vast knowledge of residential home marketing experience specializing in the Novi area.

**JOHN FEATHERSTONE**, 19420 Malvern Court, Northville, has been named division personnel manager by Allstate Insurance Companies in Southfield.

In his new position, Featherstone will have charge of recruiting and manpower development for the company's sales division.

Featherstone joined the company in 1969 as an office operating supervisor in Valley Forge, PA. A subsequent promotion in 1970 advanced him to division supervisor and in 1970 he was selected for Allstate's manpower development program.

In 1972 he progressed to Personnel assistant and was then assigned to the firm's home office in Northbrook, Illinois as a personnel assistant. From there he was elevated to his Michigan position.

A graduate of Pennsylvania State University, he holds Bachelor of Science degrees in Chemistry and Business Administration and an Associate of Arts degree in General Business from the United States Air Force Academy.

He and his wife, Susan, have a daughter, Erin, age 4.

**CHARLENE KULL** of Northville has joined Vincent N. Lee Real Estate Sales as a sales associate representing the Northville-Plymouth area.

Mrs. Kull graduated cum laude from the University of Detroit in 1966 and received her real estate training at the University of Kentucky. A former high school teacher and newspaper columnist, she plans to use her training, education, and other skills in assisting people in solving their real estate problems.

Being a member of the United Northwest Real Estate Multi-list Association, Charlene can help sellers obtain a broader market exposure in the marketing of their property, and a wider selection when servicing purchasers. She can also offer the services of an interstate referral service system, if the sellers are interested in finding out about housing, mortgage rates, taxes, school systems, and other personal or monetary information at their new destination.

Mrs. Kull is involved in several local organizations including The Historical Society, The Jaycee auxiliary, and Questers. Because of her familiarity with the area, she particularly would like to help newcomers get acquainted with the many civic and social advantages of life in Northville.

**start and finish your vacation at the Sheraton-Lakeside Inn, and put all of central Florida inn-between**

1.8 miles from the main entrance to Walt Disney World makes the Sheraton-Lakeside Inn the ideal place to begin your Central Florida vacation. But it doesn't need to end there. Not when you're no more than an hour and a half away from either coast putting all of Central Florida's exciting attractions—Cape Kennedy Cypress Gardens, Busch Gardens, Rainbow Springs—within easy driving distance.

A lakefront view, 200 rooms, swimming pool, restaurant, children's playground, recreation room, parking lot and more make the Sheraton-Lakeside Inn the perfect vacation spot.

Julie Howard of Novi rode "Smokey" to sixth in English pleasure 13 and under.

South Lyon's Pam Grunheid rode her Morgan, "Kane's Genie", to second in Morgan stock seat equitation 13 and under, second in Morgan western pleasure 13 and under, second in Morgan showmanship 13 and under and fourth in Morgan English pleasure, 13 and under.

Also showing were Candy and Suzanne McCurry and Carole Osaer of Northville.

becomes normal and the body is cool, then cover the horse with a wool blanket or anything similar which will keep the air from chilling the animal, then stable. The blanket should cover the neck as well as the animal's body and be left on at least a couple of hours or until the hair is completely dry.

If the horse is to be worked a great deal and hard it may be wise to look into clipping the neck and lower body hair. This, however, is not recommended for the average horse.

**CAUSES OF UNEVEN SHOE WEAR**

Evidently the horse is not hitting the ground squarely with his foot, either the outside or inside is coming down first. Although this is very often a conformation fault, if

it becomes a bad problem by that particular shoe wearing out much faster than the other three, you may try using a steel shoe rather than the usual iron.

## Finish Season with 5-4 Mark

# Mustangs Bomb South Lyon 47-6

That funny-looking white stuff that descended from the sky and blanketed the playing field and a handful of loyal fans last Friday is commonly known as "snow."

But no one on the Northville side of the field was bothered by the cold weather.

The fans were kept busy with plenty to cheer about . . .

. . . and the members of the Northville Mustang football team managed to keep warm by running up and down the field scoring touchdowns.

By the time it was all over, the Mustangs had carried the ball over the goal line seven different times to hang a decisive 47-6 defeat on the South Lyon Lions.

The 47-point output represented the largest accumulation of points by any Northville football team since the 1968 Mustangs blasted out a 48-0 triumph over the Brighton Bulldogs.

Heroes? The Mustangs had plenty of them as they rolled to 237 yards on the ground and 170 more through the air to bury the Lions beneath 407 yards of total offense.

One of the Northville heroes was big Doug Crisan, the Mustangs' 6-3, 215-pound All-Conference running back, who led the rout with three touchdowns. Crisan carried the ball 18 times for 158 yards and touchdowns on runs of 56 and two yards and also hauled in a 19-yard pass from quarterback Bill McDonald to account for another touchdown.

Jerry Fulcher, the other Northville running back, was right behind Crisan in the touchdown department as he tallied twice - once on a seven yard run through the middle of the line and the other on a

screen pass from McDonald which covered 35 yards.

And then there was Bill McDonald, the Mustang quarterback. Forced to sit out the first half of the season with an injury, the senior signal caller improved with every game upon his return. Against South Lyon, McDonald put the ball in the air ten times and completed nine of them for 170 yards and two touchdowns.

McDonald also scored once himself as he followed the center of his line into the end zone from three yards away in the third quarter.

One other Mustang having a fine day at the expense of the Lions was wide receiver Jim O'Brien who roamed at will through the South Lyon secondary and was on the receiving end of five of McDonald's nine completions for 105 yards.

That's the kind of day it was for the Mustangs. Everybody shared in the rout.

South Lyon was simply unable to stop the Northville offense.

Nevertheless, the game was scoreless until the second quarter. The Mustangs failed to score the first two times they got possession of the football as their first drive was ended with a fumble and their second possession stalled on the South Lyon 16 yard line when Fulcher slipped while trying to sweep four yards for a first down.

But in the second quarter, the Mustangs finally got rolling. A 24-yard McDonald to O'Brien pass reception and a 28-yard run by Crisan helped the Mustangs move to the Lion seven yard line from where Fulcher carried it over for the score.

Northville scored twice more before the end of the first half. Fulcher also scored the second Mustang touchdown as he gathered in a screen pass from McDonald and then raced 35 yards down the sideline behind the blocking of guard Tim Rice and tackle Bill Potter who demolished the two South Lyon defenders.

The third Mustang score came seconds before the end of the half.

McDonald hit O'Brien with a pass that carried 55 yards into the South Lyon end zone, but the score was nullified by a clipping penalty and the Mustangs had to try again from 30 yards away. This time McDonald hit O'Brien with a pass that carried down to the Lion one and from there Crisan bulled over for the score.

Tex "Thunderfoot" Trumbull booted all three extra points and the Mustangs had a 21-0 halftime lead.

Northville rounded out their scoring with two touchdowns in both the third and fourth quarters. McDonald scored his first six-pointer of the season as he culminated a six-play, 43-yard drive by sneaking over from the three

at the 6:40 mark of the third quarter.

And Crisan burned through a hole created by Jim Porterfield and Steve Serkaian and then went 56 yards for a score the very next time Northville got the ball.

"Nobody touched me after McDonald gave me the ball," said Crisan.

Crisan scored again in the fourth quarter when he grabbed a 19-yard scoring toss from McDonald. Larry Pink tallied the final Northville touchdown with 23 seconds left in the game by climaxing a 55-yard drive with a three-yard burst through the middle of the Mustang line.

The game was the last of the season for the Mustangs and the last of their high school careers for 15 seniors. The victory pushed Northville's season record to 5-4.

**RIGHT ON TARGET** — Senior quarterback Bill McDonald launches another pass in Northville's 47-6 romp over South Lyon. McDonald hit on nine of ten passes for 170 yards and also scored a touchdown on a three

yard run as he led the Mustangs to more than 400 yards of total offense. Coach Chuck Shonta credited the senior signal caller as the person responsible for making Northville's offense go.

# Wildcats Dominate All-Conference Team

Novi's Wildcats dominated the 1973 Southeastern Conference All-Star team selected by conference coaches last week.

Twelve Novi players were named to the 44-man squad and 10 of those 12 Novi players were named to either the first team offensive or defensive units.

Novi's domination of the All-SEC squad was not unexpected.

The Wildcats swept through their seven conference contests undefeated to post their second consecutive SEC championship and their second consecutive undefeated-untied SEC season.

Overall, the Wildcats were 8-0 during 1973 as they stretched their winning streak to 21 games. Novi hasn't been defeated since Chelsea last turned the trick back in October of 1971.

The All-Conference team is selected by the eight head coaches. Each coach is allowed to nominate six of his own players for the offensive unit and six more for the defensive team. The coaches then vote for the players nominated for each position.

All 12 of the players nominated by Novi Coach John Osborne were named to the All-Conference team and five of the six on both offense and defense were given first team recognition.

Heading up the Novi selections was Dave Brown, the 6-0, 170-pound senior, who was named to the first team on both offense and defense. Selection of Brown as the All-SEC quarterback marks the second consecutive year that Novi has had the league's top signal caller. Last year Steve Lukkari was the All-Conference quarterback.

Joining Brown in the backfield were Eric Hansor and

Mike Riley, the Wildcats' two fine running backs. Last year Novi also had the two first team running backs as Jim VanWagner and Pat Boyer were selected.

Other Wildcats on the first team offense were Ron Buck, a 6-0, 210-pound tackle, and Tim Assemany, a 5-10, 180-pound center.

Don Jackson, a 6-0, 165-pound guard, was named to the second offensive unit.

Brown and Buck were also named to the first team

defense. Brown was selected as a linebacker, while Buck was given the nod at one of the defensive tackle slots.

Three of the members of Novi's defensive front five were All-Conference selections. Joining Buck on the line were Kevin LaFleche, a 6-0, 185-pound tackle, and Rick Marchetti, a 6-0, 180-pound defensive end.

Roger Pelchat was named to the first team defense as a halfback.

Rounding out the Novi All-

Conference selections was Mike Riley, who was named nose guard on the second defensive unit.

Osborne, the Novi coach, expressed pleasure with the selections.

"I was particularly happy to see that both Hansor and Riley were selected as offensive halfbacks," commented Osborne. "We knew Hansor was pretty sure to make it, but we weren't so

# Girl Swimmers Cap Big Season

It was a banner year for the members of Northville's girls' swim team.

Coached by Karen Turner, the girls posted a 5-2 record in dual meets and were 4-1 against Western Six competition. But it was in the

season-ending conference and state meets where the girls were at their best.

In the conference meet they finished a mere four points behind traditionally strong Farmington Harrison (353.3 to 349.5) and, for the first

time, the Northville girls gained points in the state swim championships.

Coach Turner took a team of eight swimmers and one diver to the state championships at Rochester High School last weekend and the

Northville girls did not come back empty-handed.

Competing against 84 other schools from across the state, Northville managed to place in the top 14 in both relay events.

Donna Guard, Lisa

Vaningen, Sandy Bacsanyi, and Tracey Piscopink stroked their way to a tenth place finish in the 200 yard medley relay, while Vaningen, Lori Holland, Biery, and Piscopink took eleventh place in the 400 yard freestyle relay.

In the Western Six Conference championships, Northville finished second to a strong Farmington Harrison team by a mere four points,

Winning conference championships were Donna Guard who finished in a tie for first place in the 200 yard freestyle, Tracey Piscopink who won the 500 yard freestyle, and the 400 yard freestyle relay team of Vaningen, Holland, Guard, and Piscopink.

Second place finishes were recorded by Piscopink in the 200 yard individual medley, Kathy Biery in the 100 yard freestyle, Cindy Bretz in the 500 yard freestyle, Guard in the 100 yard backstroke, and Sandy Bacsanyi in the 100 yard breaststroke.

Taking thirds were the 200 yard medley relay quartet of Bonnie Angell, Cathy Coates, Biery and Bacsanyi; diver Barb Jones; Vaningen in the 50 yard freestyle; and Holland

in the 100 yard backstroke.

Fourth place finishes were posted by Biery in the 50 yard freestyle, Vaningen in the 100 yard butterfly, Angell in the 100 yard backstroke, and Coates in the 100 yard breaststroke.

Coates in the 100 yard butterfly, Pam Hove in the 500 yard freestyle, and Janeen Greenlee in the 100 yard breaststroke took fifth place finishes. And Carol Dyer took Northville's only sixth place points while competing in the 100 yard breaststroke.

Coach Turner tabbed the following girls for post-season honors: Tracey Piscopink was named "swimmer of the week;" Lori Holland was cited "most-promising freshman;" Michelle Laferty was selected "hardest-working freshman;" and Kathy Faust was named "most-improved freshman."

Sandy Bacsanyi and Lisa Vaningen were co-captains of the Northville squad.

Coach Turner is looking for an even better season next year. Lone senior on the squad is Sandy Bacsanyi, while the rest of the girls are all returning for another year of competition.

## Make Fast Get-aways

# Hockey Teams Win 5

Three Northville Hockey Association (NHA) teams got their seasons off to fast starts last week.

The Northville entries in both the Squirt (9-10 year olds) and Mite (7-8 year olds) divisions of the Western Suburban Hockey League posted victories, while one of the Northville "house" league teams in the PeeWee (11-12 year olds) division was also victorious.

Perkins Engines, Northville's entry in the Squirt division of the Western

Suburban Hockey League, roared off to a quick start by deflowering Garden City 11-2 on Friday and then coming back to beat Wayne 8-4 on Saturday.

Pat Alexander notched the three-goal hat trick and Jeff Hastings, Russ Horst, and Dean Rose each tallied twice to pace the win over Garden City. Mark Weichel and John MacIntosh added single goals to the Northville total.

Weichel and Rose joined forces to pace Perkins' 8-4 win over Wayne. Each netted a

pair of goals, while MacIntosh, Horst, Hastings, and Tim Hoult also scored for the Northville team.

In action in the Mite division, Bob Pegrum sparked his teammates to a 7-3 win over Inkster as he personally accounted for five goals and assisted on another. Jeff Pyden and Bob Ventura were the other Northville goal scorers.

Audio Alert, one of the Northville "house" league teams in the PeeWee division, opened their season last week

with a pair of one-goal wins. Saturday they topped Plymouth 5-4 and Sunday they downed Garden City 3-2.

Steve Stuart tallied twice and Paul Wysocki, Rusty VanMarter, and Jeff Wilson each added single goals to account for the scoring in Audio Alert's 5-4 triumph over Plymouth.

Wilson netted his second goal of the season and Greg Williams and Doug Smith also scored to lead the Northville team to their 3-2 win over Garden City.

## Football Contest

# Perfect Entry Cops Prize

Contestants in the weekly football contest are getting better and better, judges said this week in announcing that all three winners came up with perfect entries—correctly guessing the winners of all 16 listed games.

What's more, even three non-winners submitted perfect entries.

The winners were decided by their guess of the score of the Vikings' victory over the Detroit Lions.

Winning first place by a scant one point was Conrad Newman of 16638 Old Bedford Road. He guessed Minnesota to win by a score of 27-12 (actual score was 28-7), while John Marzonia of 47005 Dunsany Road took second place by giving the Vikings the edge, 24-10.

Winning third place was

Alice Fitzpatrick of 18157 Pinebrook Drive, who was just eight points off the actual score.

The three contestants who finished out of the money but who nevertheless came up with perfect entries were: Jenny Mack of 618 Fairbrook, Mark Murray of 370 Maplewood, and Neil Fitzpatrick, 18157 Pinebrook.

Eleven contestants came up with just one wrong guess. They were: Mary Gates, Jerry Cole, Joe Kritch, Sr., Joe Fasang, Anne White, John Fitzpatrick, C.W. Johnston, Ann Fitzpatrick, Willy and Mickey Newman, and Angie Baetz.

Most missed of the 16 games was Northwestern's 21-20 squeaker over Indiana.

## Novi Dominates

Continued from Page 1-C

sure about Riley because we thought some coaches might be reluctant to vote for two running backs from the same school.

"I talked it over with Assistant Coach Trudeau and we decided to nominate him anyway. We just couldn't think of any running backs in the league who were any better than he was.

"Not only his running, but also his pass receiving and his blocking made him All-Conference in our minds and the rest of the coaches agreed with us."

Osborne's lone regret was that offensive guard Don Jackson was not selected to the first team. "Don's done an

excellent job for us all year," stated Osborne. "I thought he was the best guard in the league and the fact that he wasn't recognized makes me feel bad for him."

Osborne said he was not surprised that Riley was not named to the first defensive team. "Mike split the season between nose guard and linebacker so his votes were split between those two positions," the Novi coach explained.

Novi's 12 selections were tops among conference teams. Milan and Saline each had eight players recognized, while Lincoln had seven, Chelsea had six, and South Lyon had three. Brighton and Dexter failed to place anyone on the 44-man squad.

## Van Wagners Shine

Novi's Jim VanWagner continues to excel for the Michigan Tech football team. In spite of an otherwise sub-

standard performance, the freshman tailback still managed to score a pair of touchdowns to spark the Huskies to a 46-20 thrashing of Minnesota-Morris.

Van Wagner scored Tech's first two touchdowns on a pair of two-yard bursts in the first quarter. He finished the day with 34 yards on 11 carries, far below his game average of 100 yards.

The two touchdowns brought the former Novi ace's season total to six.

Both Jim and his older brother Tom, the Huskies' starting left guard, were cited by the Tech coaching staff for their performances against Minnesota-Morris. Tech has a 4-1 record for the season.

# FOOTBALL CONTEST

Enter Today! You May Be A Winner!

## HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 16.

You will notice that each square below is also numbered from 1 to 16 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- (1) after each number on your paper write the name of the sponsor of the corresponding square
- (2) following the sponsor's name — write the name of the winning team.
- (3) in addition you must pick a score on the outcome of the game in square 16. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry).

Enter just once a week, but may enter as many weeks as you wish. In case of tie, prize money will be split.

Copies of the contest will be posted at the Northville Record office at 104 W. Main each week.

Entries should be addressed "Football Contest" Northville Record, 104 W. Main, Northville and must be postmarked or brought to our office no later than 5 p.m. each Friday

Employees of The Northville Record—Novi News or sponsoring merchants are not eligible.

Entry forms available without charge in our office. Winners announced in paper and posted in office.

\$10 First Prize  
\$5 Second Prize  
\$3 Third Prize  
EACH WEEK!

# 3 Mustangs Named to All-Conference Team

## REPLAY

with Chuck Shonta

Cold? Don't you believe it. Why Chuck Shonta, coach of the Northville football team, hardly even noticed it.

"You don't notice things like cold when you're winning," smiled the Mustang mentor. "When you're winning, you don't care what the temperature is."

Shonta was particularly pleased with his team's 47-6 triumph over South Lyon for a number of reasons. First, the win enabled the Mustangs to finish the season with a 5-4 record and marked the first time they've been over the .500 mark in the three years Shonta has been at the head of the Northville program.

Secondly, Northville's offensive outburst gave him an opportunity to talk about his offense.

"Our defense was good but it's always good," observed the Mustang coach. "What was nice about our game last week was that it was the first time that our offense performed better than our defense."

"Our execution was outstanding," Shonta continued. "I think Crisan's 55-yard touchdown run was one of the touchiest plays I've seen all year."

(Quarterback Bill) McDonald handed the ball off to Crisan and he was five yards behind their secondary before their defensive backs even knew he was there. They were still watching McDonald follow through on his fakes and Crisan was already gone for a touchdown.

"We've run that play with a great deal of success this year, but that particular play was perfect. Crisan went all the way and no one even touched him."

Shonta cited a McDonald to Jerry Fulcher screen pass that carried 35 yards for a touchdown as another well-executed play.

"That's the way you draw it up," he said. "Everyone did their job perfectly. McDonald waited long enough, Fulcher waited long enough before moving out, and the linemen waited long enough before moving out to set up the screen."

"McDonald's pass was perfect and our two linemen

(Bill Potter and Tim Rice) leveled the two South Lyon defensive backs. They just ran right through them. It was a beautiful play."

Much of Northville's offensive success was due to McDonald, the senior signal caller who came back from a serious injury to lead the Mustangs to victory in two of their last three games.

"I can't say enough about the job that Bill did for us," stated Shonta. "He just had a tremendous night. He hit on nine of ten passes for 170 yards and he did everything else well, too. His faking was sharp and he did a beautiful job of picking up his secondary target when his first target was covered."

"I thought it was the best game of his career. He was the reason our offense did so well."

As for the .500 season, Shonta couldn't have been happier.

"We think that the Western Six is a pretty good league," he commented, "and we were 2-3 in our own league. Once we got out of our own conference we were 3-1 and the only team to beat us was Novi and Osborne's got one of the top teams in the state."

"A 5-4 record is pretty good when you consider the quality of the league we play in and the fact that we went through four quarterback changes because of injuries."

"We started out thinking we'd have McDonald and then he got injured. We had Marzone for less than two games before he got injured. Then to Eric Lampella and finally back to McDonald. How many teams do you know that can have a winning season with as many injuries to their quarterbacks as we had?"

When the other coaches (Chuck Apap, Ed McLoud, and Bob Simpson) and I took over here we gave ourselves three years to establish the kind of program Northville could be proud of and I think we've done just that," Shonta continued.

"Three years ago we had a reputation in our conference as an automatic win. But no one can afford to look past us now. We almost beat Churchill in one heckuva game and they lost their last three games of the season after that. We like to think that we took a lot of their steam out of them because we played them as hard a game as anyone played them all year long."

"We've come a long way with these players. We accomplished a lot of the goals we set out to establish last August. We had a winning season, we had an outstanding defensive team, we had three shutouts, and we played some very good teams on more or less even terms."

"Even the games we lost were no disgrace because we played good football."

"We're losing a lot of great seniors. You just don't replace people like Porterfield, Rice, Serkaian, Sherman, and all the others. They're the people we built our program on."

"But we've got a good nucleus coming back and I think we can hope to have an even better season next year."

Three members of the Northville football team have been named to the 1973 Western Six Conference All-Star squad.

The three - all selected unanimously by the conference coaches - are junior running back Doug Crisan, senior defensive tackle Jim Porterfield, and senior defensive back and Mustang co-captain John Sherman.

Chuck Shonta, coach of the Northville team, stated that he was generally pleased with the selections.

"That's about what we expected to get," stated the Mustang mentor. "I had hoped that we might be able to get Steve Serkaian named to one of the offensive guard positions, but he got beaten out on a split decision and we had to settle for Crisan, Porterfield, and Sherman."

The All-Conference team is selected by the head coaches. Each coach nominates the players on his team who he feels are qualified All-Conference candidates. Coaches then choose the team from the players nominated at each position.

Since coaches are prohibited from voting for their own players, the highest number of votes a player can receive is five.

The 1973 All-Western Six Conference team is dominated by Waterford Mott, Livonia Churchill, and Farmington Harrison. Together the conference's top three squads capped 19 of the 23 spots on the team.

Conference champion Mott led the way with seven selections, while Churchill and Harrison had six each. Northville had three players

on the squad, fifth-place Walled Lake Western was shutout, and sixth-place Plymouth Canton had one.

Four of the seven Mott players selected were named to the offensive team. Quarterback Mike Grace and running back Greg Aldrich were unanimous selections as was wide receiver Bob Swindell. Dave Bauer, the other Mott player named to the offensive unit, is also an end.

All three Northville players named to the team were selected unanimously by the coaches.

"We were pretty sure that each of them would be named to the team," Shonta confided. "It was our feeling - and the feeling of the other coaches - that each of the boys we put up were pretty much the class of the league at

their positions. that each of the boys we put up were pretty much the class of their leagues at their positions."

"The fact that they were selected unanimously is a tribute to their skill and the work they've put in to develop those skills."

Crisan, a 6-3, 215-pound junior running back, just missed a berth on the team last year during his sophomore season. Carrying the ball an average of more than 20 times per game, Crisan was the workhorse of the Northville attack.

A 6-0, 215-pound defensive tackle, Porterfield was a unanimous selection even though the Western Six boasted a number of outstanding defensive tackles.

"As far as I'm concerned, Jim's the best tackle I've seen

all year," stated Shonta. "He's gone up against the best in the area and beaten them all."

Sherman, a 5-10, 170-pound defensive safety, was named to the team for the second consecutive year. A ball-hawking pass defender and a sure tackler, he has been Northville's finest defensive safety since the days of Steve Judy.

Shonta revealed that several other Mustangs received votes for the All-Conference team.

"We were particularly displeased that Serkaian didn't make it," said the Mustang coach. "He got two votes and one of the other guards got two votes and according to league rules, ties go to the player on the team which has the best record."

Two other Mustangs got two votes. Senior linebacker Tim Rice got two votes and so did senior wide receiver Jim O'Brien.

The only other Northville player to receive a vote was junior linebacker Larry Pink.

## SC Tops Delta in Soccer

Russ Thomas scored a break-away goal in the seventh overtime to give the Schoolcraft College soccer team an exciting 3-2 victory over Delta College in the opening round of the national junior college soccer

championships last Saturday. As a result, Coach Cec Woodruff's Schoolcraft team now needs just two more wins to qualify for the national finals in Miami, Florida. This Friday the Schoolcraft squad will journey to Chicago

where they will play Cuyahoga West, the Ohio champions. The winner of that game will meet the champion of the Illinois-Minnesota regional with the winner of that contest qualifying for Miami.

"The door is definitely open for us," commented Woodruff. "We played to a 3-3 tie with Cuyahoga West earlier this year and we think we have a good chance to beat them this time."

Thomas' break-away goal against Delta College ended a marathon contest that consisted of the two regulation 45-minute halves and six full five-minute overtime periods.

Delta, playing on their home field, had taken an early 1-0 lead, but Kamran Asdigha came back to tie it up for Schoolcraft at the half.

Kerry Morgan tallied early in the second half to give the Ocelots a 2-1 lead, only to have Delta send the game into overtime with a goal with just three minutes left in regulation time.

The two squads battled through six overtimes before Eddie Dabish fed a long pass downfield to Thomas who outraced the Delta fullbacks and beat the goalie for the winning score.

"The boys were pretty tired," commented a happy Woodruff. "They went full blast for more than two hours. But it was worth it."

## 'Over-30s' Nip Plymouth

Northville's Mustangs won their opening game in the Plymouth "Over-30" Hockey League Sunday by downing Plymouth Beginger-Massey 2-1 at the Plymouth Arena.

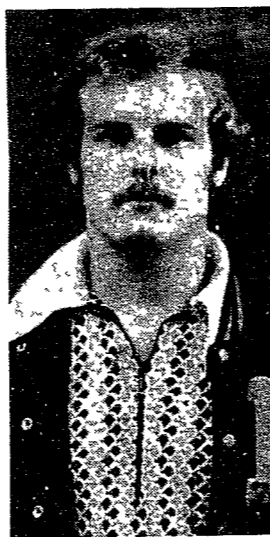

The Northville team is sponsored by John Mach Ford.

Earle Weichel scored the winning goal at 5:15 of the final period while the Mustangs were short-handed. Dick Wald opened the scoring for the Mustangs in the first period, but Plymouth tied the score with a second period goal.

In its second year of operation, the Plymouth "Over-30" Hockey League is comprised of eight teams from Northville, Farmington, three teams from Westland, and three teams from Plymouth. They play a 21-game schedule with four each Sunday night.

Other members of the Northville team are Jerry and Ray LeVan, Bob Kucher, Doug Pattison, Ray Allen, Dean York, George Hastings, Brian York, Jerry Stowell, Jim Mascotti, Duane Bennet, Mike Coñant, Jerry Wedge, Walter Thompson, Pete Worden, Joe Linghammer, Billie Thomas, and Gil Burford.

## Mustang of the Week

TIM RICE

Mustang of the Week honors go to Tim Rice, Northville's fine 5-10, 190 pound offensive guard and defensive linebacker. "Tim's blocking against South Lyon was just excellent," commented Coach Chuck Shonta. "He was trapping down on their tackle and did an outstanding job. He also turned in his usual fine performance on defense."

## Paul Bedford Finishes 3rd In Marathon

Northville's Paul Bedford finished third in a field of over 100 runners in a Marathon at Grand Valley State College in Grand Rapids Saturday.

Bedford, 22 and a 1970 graduate of Northville High School, finished behind a pair of seasoned marathon runners in his first try at the 26-mile marathon distance.

A senior at Eastern Michigan University, Bedford is an assistant coach of the girl's track team at Northville High School and worked with varsity track coach Ralph Redmond in running a summer track program for the Northville Recreation Department.

## Buy a Snowbird and get the SUPER CHUTE

Only the Yard-Man Snowbird has the Super Chute - the unique Turret Action, Discharge that puts more muscle in your snowblower's horsepower. A Yard-Man 5-hp model means like many people's 7 hp.

Super Chute also lets you put snow where you want it - from 2 to 40 ft. in the unit in a 240° arc in front of you or behind you. Removing snow is a snap even in tight places or on windy days. The Super Chute lights clogging areas in red. Study snow the kind that's a murder on other units. And a snowthrower that doesn't clog is a safer machine.

You buy a snowthrower to throw snow - and nothing throws better than a Snowbird with the Super Chute. The only snowblower with Super Chute is available on all 5, 7 and 8 hp models.

YARD-MAN  
The only snowblower with Super Chute.

## Dismiss Charges Against McAtee

Assault and battery charges against a defeated candidate for the office of mayor of Wixom have been dismissed by the Oakland county prosecutor's office.

In dismissing the charges against Wesley McAtee, Prosecutor Richard Thompson said Tuesday that his office had discovered no evidence of criminal wrongdoing.

"The case did not merit further investigation," stated Thompson.

The assault and battery charges stem from an incident which occurred

Halloween night, October 31. McAtee, while taking his children trick or treating, approached a 16-year old youth and asked him to stop taking down his (McAtee's) campaign signs.

The youth alleged that he was struck by McAtee during the conversation. McAtee declared he didn't touch the youth.

The charges were filed by the mother of the youth, Mrs. Mary Parvu, a city councilwoman, who was eliminated from her bid for reelection in the city's August primary.

Specifically, Mrs. Parvu alleged that McAtee had assaulted her 16-year old son. According to Prosecutor Thompson, the allegations were that McAtee had "sort of slapped" the boy approximately three times.

Asked to define the phrase "sort of slapped," Thompson said it referred to a "touching on the face."

McAtee admitted to reprimanding the youth, but denied having touched him, Thompson stated. McAtee told the prosecutor that he had received reports from residents that the 16-year old was responsible for taking down his campaign signs.

The case was dismissed by the prosecutor's office following their investigation.

McAtee was defeated in the mayoral race by Incumbent Mayor Gilbert Willis by a margin of 34 votes, 483-449

SPEAKING  
**The Record**

By BILL SLIGER

Time for another change-of-pace column with a little bit about a lot of things...

Like the idea our production superintendent, Chuck Gross, came up with this week... promoting commuter car pools to save gasoline and reduce highway traffic. (See front page story).

Everyone on our staff thinks the idea is great and we're hoping that response will be broad enough to form car pools in Northville, Novi, Wixom, South Lyon and Brighton.

This week we're trying to line up central parking lots in each community where commuters can leave their cars during the day. John Carlo's already volunteered to provide an area at Northville Downs.

Novi's Police Chief Lee BeGole is trying to arrange for an area in Novi, possibly behind the city hall.

The central lot idea is important because it gives the commuters a place to meet and leave the cars that will not be driven on that day in an area that will be patrolled by police and will not interfere with shopper parking.

So if you drive to Detroit, Ann Arbor, Lansing, etc., each day to work, why not call our office and list your name in the "commuters' club" advertisement next week. There's no charge. And think of the friends you'll make and the gasoline you'll save!

☆☆☆

The energy-fuel squeeze will be felt by more than just motorists.

For example:

Mayor A.M. Allen gave City Manager Steve Walters the pleasant assignment of telling the Chamber of Commerce that the city won't pay for lighting Christmas decorations this year.

It's not because of the \$1,200 tab the city annually picks up for the lighting, but to conserve energy. City workmen are already hanging the decorations, but unless the Chamber's retailers decide lighting is important enough to assume the expense, the displays will be lightless.

And the Northville schools may cut bus service a day or more per month, if necessary. The school system has stopped selling gasoline to the township for its vehicles and is buying the extra gasoline it needs beyond its contract allotment from Cal's Gulf.

And the state of Michigan is still waiting for Consumers Power Company to respond to its request for gas to heat the new state police complex slated for construction next

year on Seven Mile road in Northville township.

It's possible it will be necessary to extend lines from Northville State Hospital and obtain heat from its steam power system.

That would be more costly. And Consumers' gas lines run right through the site of the proposed new facility.

Maybe Jim Thomas, Consumers' bossman in Livonia, has forgotten. But I'm sure that ex-Township Supervisor Gunnar Stromberg must have informed Thomas of the police complex plans more than a year ago and how handy it was that the company had its line right at the site!

Remember, Jim?

☆☆☆

Eating lunch with Andy Bertoni can pose a problem, like finding time to eat between laughs.

The world's greatest golf course superintendent, sports' referee and story-teller kept a dozen Northville friends laughing last week with a variety of one and multiple-liners.

Two that can be repeated here and Andy swears are true involve his experiences as a football referee.

In a Northville-Novu junior varsity game Andy was bowled over by a vicious, head-on block.

"I'm sorry, mister, Did I hurt you?" asked the youngster who was standing over a bewildered Bertoni.

"Not much", responded the ref, "but why in the world did you block me?"

"I couldn't find anyone else and the coach says we've got to hit somebody!"

Another time Referee Bertoni learned that you never reach into a pile-up of players to try to determine which team has recovered a fumbled football.

When he did just that, somebody bit his hand.

☆☆☆

Finally, a true story about Wixom's genial city attorney, Gene Schnelz.

At a recent meeting a member of the audience posed a legal question to which Schnelz was waiting to respond.

The citizen concluded his question by saying, "I'm no lawyer, but..."

In haste Schnelz replied, "...neither am I" and then muttered something about a "Freudian slip".

STANTON FRIEDMAN

## Speaking for Myself

# Flying Saucers

ALAN BURNETT

### FACT . . .

Flying saucers are real and I believe they are visiting us from planets outside our solar system. And although most won't publicly admit it many of my colleagues in the scientific community believe in UFOs, too.

A recent survey showed that 54-percent of the 2,700 professional engineers and scientists surveyed by Industrial Research magazine believe UFOs definitely or probably exist.

This fact certainly disproves the notion that only little old ladies in tennis shoes believe in UFOs.

People who have seriously studied the overwhelming evidence share my view.

Most people who refuse to acknowledge the existence of UFOs as manned flights from outside our solar system do so because they don't want to bruise their egos.

It is the height of egotism for those of us in the scientific community or those of you in the field of journalism to suppose that if there were spacemen visiting earth they would want an appointment or press conference with us. What are we? What makes us think we are the masters of the universe?

I believe it is time we muster the top scientific talent in this country, spend some money and begin a hard scientific study to prove the existence of UFOs as extra-terrestrial vehicles.

Let's dump the super egotism that hampers intelligent study of UFOs the same way it hampered study of the unknown in the day of Copernicus.

Stanton Friedman  
Nuclear Physicist and Space Scientist  
Redondo Beach, California

### FANTASY . . .

I welcome the opportunity to write on the authenticity of unidentified flying objects, since in the current events class I teach at Brighton High, I have two students currently researching the issue.

There is no doubt that unidentified flying objects exist. The problem lies in who is doing the "identifying."

To cite an example: On Saturday, October 20, nearly 67,000 football fans saw an unidentified flying object. If anyone should be able to spot a "flying saucer," 67,000 football fans certainly make for a large number of witnesses.

Fortunately, Danny Brown, a photographer covering the L.S.U.- University of Kentucky football game, used his telephoto lens to discover that the object was a cellophane bag with a flickering candle inside which heated the air and carried the bag aloft.

Another example: Two men wrapped themselves in aluminum foil and went for a walk near an expressway. Many motorists assured police of a visit from men from outer space.

When we have people who do not believe the United States has landed a man on the moon, it is not hard to believe there are many flying saucer "experts" among us.

Alan Burnett  
Brighton Teacher

Novi Belly Dancing Moms

By JACK W. HOFFMAN

If you are one of those people who shirk elections because you think "my vote won't make any difference anyway," I suggest you consider what has happened to Gunnar Metalla, veteran Wixom councilman.

Gunnar, who has been on the council since Wixom was first incorporated as a village 16 years ago, won re-election last week by just one vote—outpolling a policeman, Clifford Styrk, 436 to 435.

Although Wixom's election turnout was better than most area communities, the fact that 444 eligible voters stayed home on election day won't be easily forgotten by Mr. Styrk.

As for Gunnar, the close shave wasn't a first.

Once before he won election by just one vote. What's more, twice he has won election by a scant two votes.

It was in July, 1957 that Gunnar first won election—squeaking past Edward Wendt, 149 to 148, for a seat on the first Wixom village council.

Although Gunnar has retained his council seat over all these years, veteran political figures are not invulnerable. And Philip Anderson is perfectly aware of that fact.

A retired Eight Mile Road farmer, who recently moved from Northville to Florida, Phil was a political leader in Novi for years. Then along came the election of March, 1968 and a young challenger to his council post.

When election workers had tallied the results, Anderson found himself on the outside looking in, having been defeated by a newcomer, William Duey, by just one vote (242-241).

Phil's heart-breaking loss may have reminded him that it was 10 years earlier when he had enjoyed the opposite side of the coin. In that election, Anderson tied Dirk Groenepberg at 346 votes for a seat on the Novi village charter commission.

In the subsequent draw to determine the winner, Phil won the commission seat. Later, both he and Dirk won election to the first village council.

In another close shave during his tenure on the Novi council, Anderson retained a council seat but lost the longer, four-year term to Donald Young by just one vote, 314-313. Young, incidentally, last week lost his bid for re-election.

At least one other tie has occurred in Novi. And it involved Leo Harrawood and Donald Fuller, both of whom won election to the Novi council. However, they

## Readers Speak: Booster Lauds Northville Mustangs

To the Editor:  
Three years ago through your paper I expressed my personal thanks to the Northville Mustangs and to their coaching staff for giving our city a football team that wouldn't quit! I stated then that our team was young - mostly sophomores and juniors and though they didn't

win one game and everyone was down on them they proved they had guts and pride. They were inexperienced and outclassed but they fought and played hard. It was evident that the beginning of a new era was about to begin for our school and our city in the making and

developing of a great team. I signed that letter. "A very proud Northville resident" - and today I'm happy to say I don't have to eat my words. Our Mustangs just completed a winning season - winning five of the nine games played. And even the games that were lost were a victory for this team as they got

stronger and sharper for their next rival. Every team that played against our Mustangs knew they were in a football game and they publicly stated that we hit harder blocked harder - tackled harder - than any other team they had played against. We were a push-over for no one this year.

Livonia Churchill came to us on a 14 game winning streak and was supposed to clobber our boys. We were going to be a push-over for them so they thought. They did beat us - in the last minutes of the game - 8-7 - but we were the ones that clobbered them. We did it so good that they didn't win

another game in the last three that they played! Our defense was one of the strongest and stingiest in the league, our running backs some of the most talented, our offense line could open holes big enough for a truck to go through - as a whole a well

**News**  
**From Lansing**

BY R. ROBERT GEAKE  
Michigan Representative

Crime and punishment were the chief topics of interest in the House of Representatives last week. House Bill 4945, which passed the House by a vote of 89 to 4, was written to discourage attacks on guards and other prison personnel by prisoners. I voted for the bill.

It's hard to believe, but sentences for offenses such as assaults committed by prisoners against prison employees presently are served concurrently with the prisoner's original sentence. Since he is allowed credit for serving time on both the offense for which he was originally jailed and on the new offense together, there is really no deterrent for additional criminal acts once a man is in prison!

Under this new bill a lawfully imprisoned person or an imprisoned person awaiting transfer to another custodial facility who commits an offense against a jail employee would continue to be subject to existing penalties for that offense. However, the penalty (prison sentence) would begin after he completes his original sentence.

Another attempt to discharge the House Committee on Constitutional Revision from further consideration of a constitutional amendment which would restore the death penalty for certain crimes failed in the House last week.

I voted for discharge, but we only had 45 votes and 56 are required. The amendment calls for the death penalty upon conviction for first degree murder or for killing a policeman (or fireman) on duty. In my last questionnaire surveying the opinions of citizens in our state representative district on this subject, 85.6 percent voted "yes". The question was worded: Should the legislature move to amend the state constitution so that the death penalty could be imposed for certain crimes?

**Top of The Deck**

Continued from Page 6-C

were elected by tie votes which meant they had to draw to determine who would take a four-year seat and who a two-year seat.

Harrowood won the longer term.

In 1958 when only 10-percent of the eligible electorate showed up at the polls in the Novi school board election, Edward Erwin defeated William O'Brien by just four votes, 65-61.

O'Brien later won election to the Novi city council and just last week was defeated for re-election.

One of the closest races in Northville happened in June, 1966 when Stanley Johnston tied Richard Martin at 510 votes in their bid for election to the board of education.

Johnston, who today serves as president of the school board, won a four-year term in a subsequent drawing with Martin, who incidentally later served on the board.

In an earlier Northville school election (June, 1960), Wilfred Becker defeated Dr. J. K. Eastland for a three-year seat by just one vote, 257-256.

Most recent "squeaker" in Northville occurred two years ago when the then incumbent city councilman, W. Wallace Nichols, lost by two votes to Councilman Paul Vernon.

Besides pointing up the importance of every vote, that election also taught Nichols another lesson: if you are a candidate, campaign hard to win.

Going into last week's election, Nichols promised his friends he'd work to win. And work he did. Instead of winning or losing by one or two votes, Wally won by 315 votes.

Think about Metalla and Styrk and Anderson and Groenenberg and Duey and Johnston and Martin and Nichols and a lot of others when the next election rolls around. Hopefully you'll agree: my vote and your vote really do count.

**Ex-Official Offers Service**

To the Editor:

May I publicly congratulate our newly elected City of Novi Mayor Robert Daley, and each of the newly elected council members who will now form a working majority. The election game strategy was both well planned and executed with a skill previously unfamiliar to our community. The City of Novi has truly "come of age" from a small, unsophisticated "urban" city to a real suburban city model complete with banners, posters,

politicizing, and the other "glittering generalities" characteristic of big time elections. Even one of our little "hometown" papers helped us over the sophistication hump with its "criteria" cited in its pre-election "choices". But, time and densities bring changes, and as an experienced government teacher (semper noscendum), I fully accept the new game rules, and even sincerely hope that I may be called upon by the new

majority to help, as we go forward. Since the past four years and nine months have truly rewarded me with insights denied to most, as our village became a new city, I would welcome any opportunity to continue to serve the city in any capacity. May I also publicly thank those friends who supported me, and offer my apology for my political error in not organizing a "re-election committee". That name, somehow, does seem a rather poor choice when viewed at higher levels of government. Finally, to our new majority, we in the old majority were often condemned for making

"mountains out of molehills". Since you will unfortunately begin in the basements of one section of our fair city, please allow your deliberations to rise to the surface, as I know you will, for the good of all the 31 square miles of Novi. Yours truly,  
William R. O'Brien

balanced team that left a tremendous impression on their opponents.

In the final two games our Mustangs scored over 80 points while allowing only two touchdowns against them and now go into next year's season winners—and on their way to becoming one of the best

teams our school and city has had.

Congratulations to our Mustangs - to you and to your coaches. May the cheer "Is Not This The Winning Side?" - "Yes! This Is The Winning Side!" Always stay on your side - the Mustang side.

A proud Northville Resident  
N. Nick Serkaian

**Cooke Gridders End Second Perfect Year**

If the performance of the Cooke 7th grade football team is any indication, Northville's grid future should be bright. The Cooke 7th graders wrapped up their second perfect season in the last three years as they posted a lop-sided 40-0 triumph over Clarenceville last week.

Coach Ken Pawlowski's seventh graders have now won all but one of their 18 contests over the past three years.

This year's team had a 6-0 record and outscored their opponents by a 96-6 margin. In addition to the win over Clarenceville, the Cooke 7th graders also posted triumphs

over Plymouth Pioneer (12-0), Plymouth Central (20-0), Plymouth West (12-6), Milford Muir (6-0), and Milford Highland (6-0).

Coach Pawlowski singled out the following boys for special praise: quarterback John Bock, running backs Tony Hamp, Lance Carter, and Brian Turnbull, ends James Bedford and Jeff Norton, and interior linemen Mark Harper and Tim Ellis, Scott Craig and Scott Medley, and Greg Suckow.

Also singled out by Pawlowski were defensive specialists John Holdsworth and Luigi Folino.

**"People turn to the Yellow Pages when they want specific answers."**

"That's what we think and that's why we list many of our special sign services in our ad," continues Mr. Loren Whitcomb, Whitcomb Sign Co., 7636 West Road, Washington. "With few exceptions, people don't have a definite idea of what they want. Quite often potential customers call and ask about items like displays, plaques, silk screen, pin striping, electrical signs, etc. We take this as a sign they're probably looking at our Yellow Pages ad. By explaining our services I feel the Yellow Pages has a definite place in our total advertising program."

"Our Yellow Pages ad outproduces all of our other advertising 3 to 1," says Mrs. Rene Clark, Country Estate Mobile Homes, Inc., 58220 W. Eight Mile Rd., Northville. "It's our best advertising investment. Since we've had our ad, our business has increased by 50%! I think some business people overlook the fact that the Yellow Pages maintains a hard-hitting and effective ad campaign of its own. But we only have to look at our results to know that the campaign is really paying off in the form of more business for us."

Mr. Hershel Stuart, Federal Hardware and Supply, 29080 Southfield Rd., Southfield recommends Yellow Pages advertising highly. "My program includes display ads in the North Woodward and East Area Directories. These ads pull in literally hundreds of calls for fireplace fixtures, resulting in sales ranging from \$20 to \$200. I also receive a great deal of response from our ad at the 'Hardware' heading. This ad produces both calls and walk-in business."

A lot of sales help, that's what the Yellow Pages gives Mr. Chester Podgorny, Venoy Realty Co., 32508 Michigan Ave., Wayne. "During the past 16 years we have found Yellow Pages advertising a very efficient way to attract potential real estate customers. The calls we get from the Yellow Pages are regarded as very important because these buyers are in the market now. We began with a half-page display ad. After we became established we switched to a smaller ad. However, we noticed a definite decrease in leads from the Yellow Pages and decided to return to the half-page ad we carry today."

**Travel the Yellow Pages road to sales success. Call your Yellow Pages representative!**

Wixom Newsbeat

# Holiday Shoppers Visit Boutique

By NANCY DINGELDEY

It's nice to know that people read this column and occasionally I get a compliment or two.

But I really know it when I've made a boo-boo. I did just that last week . . . twice. The first relates to the three lovely gals who volunteered to keep the luncheon circuit going. And although Rosemary Victory admits she'd gladly step aside to make room for Yvonne Courtney, it was she, not Yvonne, who volunteered for service.

The second goof, and I'm not really sure that it was, relates to the chicken Joan Hollister "won" when she volunteered to be part of the luncheon committee. I reported the chicken had fleas. I have since been sternly reprimanded and informed that the chicken did not have green fleas. They were lice! (and not green).

## Wixom Buys City Hall Annex

Continued from Novi, 1

representing the difference in salary received by Budd and the amount promised him in writing by former police chief Tom McGuire when he hired him from Washington, D. C.

Council viewed 16 drawings for a proposed fire hall, posted around the council chambers, as well as others done in Walled Lake vocational education classes, and appointed a committee to study these and use them as a base to "see which best suit the feeling for an architectural concept for Wixom at a future date."

The committee is to report back in 60 days. Councilman Meitalla urged that the committee also obtain cost

misinformation has been settled, hopefully we can proceed to bigger and better things.

Probably the biggest thing last week was the Holiday Boutique and the last minute effort to get things in order for the big day. It came right on the heels of the election so it was a busy, busy week.

For those who visited the Boutique there was quite a variety of things to see and buy. As a matter of fact, eight new booths were added since last year to make the Boutique even better. The selection was very good and the items were well done and displayed well. Crowds of shoppers helped along by Christmas trees, ornaments, wreaths, table and wall decorations, got into the Christmas spirit a bit earlier this year. Several booths did exceptionally well in total sales.

That, in addition to a lot of

fine comments regarding the Boutique, made the whole day worthwhile. Finer still is knowing that the treasures of both the Wixom Goodfellows and the Friends of the Library will be swelled by the efforts of those who worked so hard to make the day a success.

Final tallies have not been made but both groups are assured of gaining at least \$50 apiece. Each year the total goes up . . . hopefully, each year the Boutique will get better.

And a footnote . . . thanks . . . to all those who helped so very much.

The "Aces and 8's" . . . the square dance group to which many Wixom couples belong and who did such a fine job of demonstrating their footwork at the County Fair, lived it up at Cobo Hall during the Michigan State Square Dance Convention. It was an entire weekend of swirling skirts and tapping feet, as the dance floor was completely covered with groups all responding to a single caller. It was a sight to see.

For Dick Shaeffer, it was a weekend he won't forget. According to Dick, he could barely walk the following Monday and it took three days for his legs to recover . . . all the result of a practical joke rigged by other members of the group.

Dick got involved in a marathon dance Friday night and spent three hours on the floor. All the dances were steady, one coming on the heels of another and there were no breaks. Not one to give up easily, full of determination "not to leave 'til the last dog was hung," the marathon became a "battle" between Dick and the caller. And Saturday, Dick was back on the floor for another two straight hours.

It all goes to show that being a "square" isn't the easiest thing in the world.

Wixom Brownie Troop 505 had an excursion last Thursday which left the group mighty cold, but with a better understanding of marking and following trails. With troop leader Sally Finney at the lead with her segment, they blazed a trail through the brush on the outer reaches of the Proud Lake Recreation Area. Following the trail of rocks, sticks and tagged bushes were Assistant Leader Judy White and her eager girls.

It was a cold, blustery, grey day and by the time the troops grouped to eat their snack of very-chilled apples, everyone was thinking of a nice warm home.

Waiting back at the Finney homestead were steaming cups of hot chocolate. The

evening ended with the girls warming their toes and singing songs to Sally's accompaniment on guitar.

Now that all the excitement in Wixom from last week is passed, it's time to think ahead. Barely settled from the wreath making efforts for the Boutique, the gals from Northridge are now working on their yearly Christmas Shop for the younger set. After that comes Santa's visit.

And if you'd like to be informed and like to plan ahead, the V.F.W. is planning a New Year's party. A fund raising project tentatively planned later in January by the Friends of the Library is a dessert luncheon-craft demonstration.

Closer at hand is Thanksgiving. No one needs to be reminded that food costs have risen tremendously over last year. An article in a daily paper graphically illustrated the fact. Their solution on how to beat the high cost of Thanksgiving dinner . . . be invited out!

figures of preconstructed buildings. In appointing the committee to study the drawings, which ranged from modern to garage- and barn-like renderings, Mayor Gilbert C. Willis stressed it was to consider Wixom's future concept.

Council is other action approved recommendation of Vilican-Leman on a fee schedule for rezoning applications.

# We don't think you should have to wait around for an auto loan.

So we cut down on the red tape and traditional procedures you have to wade through when you get an auto loan from most other places. And came up with an idea called on-the-spot loan approval. It means your loan gets approved fast. Because all our branch managers have the authority to approve loans themselves. So you don't have to sit around while the person you're dealing with calls somebody else for approval. We handle all our other loans quickly and efficiently, too. Handling them any other way would just be a waste of time.

"That's my bank"

If it weren't for our people, we'd be just another good bank.
