

Council May Shave Size of CBD Suggested by Planners

Northville's future central business district as seen by planners is likely to shrink in size before the city council gets down to approving the recommended document.

It became apparent at last week's study meeting that the council probably will not accept expansion of the central business district (CBD) north of Dunlap as recommended by the plan-

ning commission.

That means it would exclude the block bounded by Dunlap, Wing, Center and Randolph as well as the Kroger Company property.

As for the eastern expansion of the CBD, council appears ready to accept extension of the district to Griswold Street on both sides of Main Street.

Chances are council also

will designate an industrial zoning for the block east of South Griswold to Park Place instead of general commercial district (GCD) as recommended by the planning commission. Proximity of the Ford Valve Plant and the fact the east part of the block already includes a factory are factors influencing the council position on this matter.

The CBD boundary discussion took up most of last week's meeting primarily because expansion poses a related parking problem.

Specifically, Mayor A. M.

Allen notes present CBD property owners have paid large sums of money into a special assessment district fund for parking. If additional properties are included in the CBD they would have "escaped" sharing in this cost of parking since councilmen believe owners could not be forced to pay "retroactively".

It would be "unfair" to existing CBD property owners

to include additional properties without requiring them to provide a similar share of parking, according to the mayor.

While the matter still requires research and recommendation by the city attorney, council is considering possible establishment of a new assessment district — this one to include only the new CBD properties.

It would provide parking east of the present eastern limit of the CBD. Existing CBD property owners would not pay into the new parking fund, and the new CBD owners would not have to pay into the old fund.

Concerning the suggested expansion of the CBD north of Dunlap, council appears convinced such expansion is unnecessary.

Furthermore, councilmen have expressed concerns that the planners have provided "too much" business and professional office space. But whether or not this concern will result in a reduction of the PBO area is unclear at this time.

A "compromise" decision by the planning commission

VICTORIAN ARCHITECTURE, which plays a predominant role in the appearance of downtown Northville, will be the subject of a lecture here this evening by Mrs. Catherine Eckert of the Michigan Department of History. An expert on commercial district architecture, the speaker is being hosted by the Northville Historical Society. Members of the council, planning commission, historical district commission, and downtown merchants are invited to attend as are other interested persons. The meeting will be held at 8 p.m. in the Scout-Recreation Building.

GUNNAR Stromberg, former Northville township supervisor, is recovering from abdominal surgery in Florida. Stromberg underwent surgery April 15 and was released from intensive care this week. He is still confined to the hospital and can be contacted at St. Joseph's Hospital, Room 115, Port Charlotte, Florida 33950. Mr. and Mrs. Stromberg have resided in Florida since his retirement as supervisor nearly two years ago.

BICYCLING has become more popular and Northville City Police Department can attest to that. Every year they have ordered 200 bike licenses and always have had about 50 left over in June. This year, they ran out of licenses in early April and had to re-order. Licenses are available from the police department for 50 cents each and bicycle owners are reminded to bring in their bike's serial number when registering their bikes.

Township Voters Defeat 3 Mills by 663-271 Margin

Voters turned thumbs down on a 3-mill tax hike to establish a public safety department for Northville township.

With 20 percent of the registered voters casting ballots Tuesday, the proposal was defeated by more than a 2-1 margin. A total of 663 "no" votes were cast to the 271 "yes" votes.

This was the first time the township asked its voters to approve any type of tax increase outside of the one-mill levy granted to townships.

The proposal was defeated in each of the township's seven precincts. Precinct 4 (Hines to Napier Road between Five and Six Mile) recorded its first vote at 11:15 a.m. and finished the day with only 10 votes.

Precinct 5 (Kings Mill)

came the closest to passing the issue with 46 no to 41 yes ballots recorded.

"I'm so disappointed and so disgusted," Supervisor Lawrence Wright commented after the election. "I think it's awful with all we have in the township that the people do not feel it should be protected."

"It's apathy. I don't know what I'm going to do but I hope we'll ask for the millage again in August," he said. "A raise in taxes is a red flag. I'm so disgusted. Maybe we should do away with the police department and let the people call the Michigan State Police," the supervisor continued.

He added that the public safety department "should be the city and township working together."

Presently, the township has a five-man police department

and contracts with the City of Northville for fire protection. The public safety millage, which would have made a total of \$34,500 available for police and fire, would have provided a 20-man township public safety department or could have been used in a joint city-township department.

Clerk Sally Cayley assailed fellow township board members for not coming to grips with the issue. "They sat up there and re-worded the ballot, argued, dismissed the fire-study committee, appointed another and they never worked to pass the millage. I don't blame the fire-study for not getting involved."

Both she and Deputy Clerk Margaret Tegge said that "the voters and even the election workers were confused by the word 'consolidated' on the ballot. They thought it meant working with the city."

That word, which was also in the original ballot proposal, explained public safety services as "consolidated police and fire services."

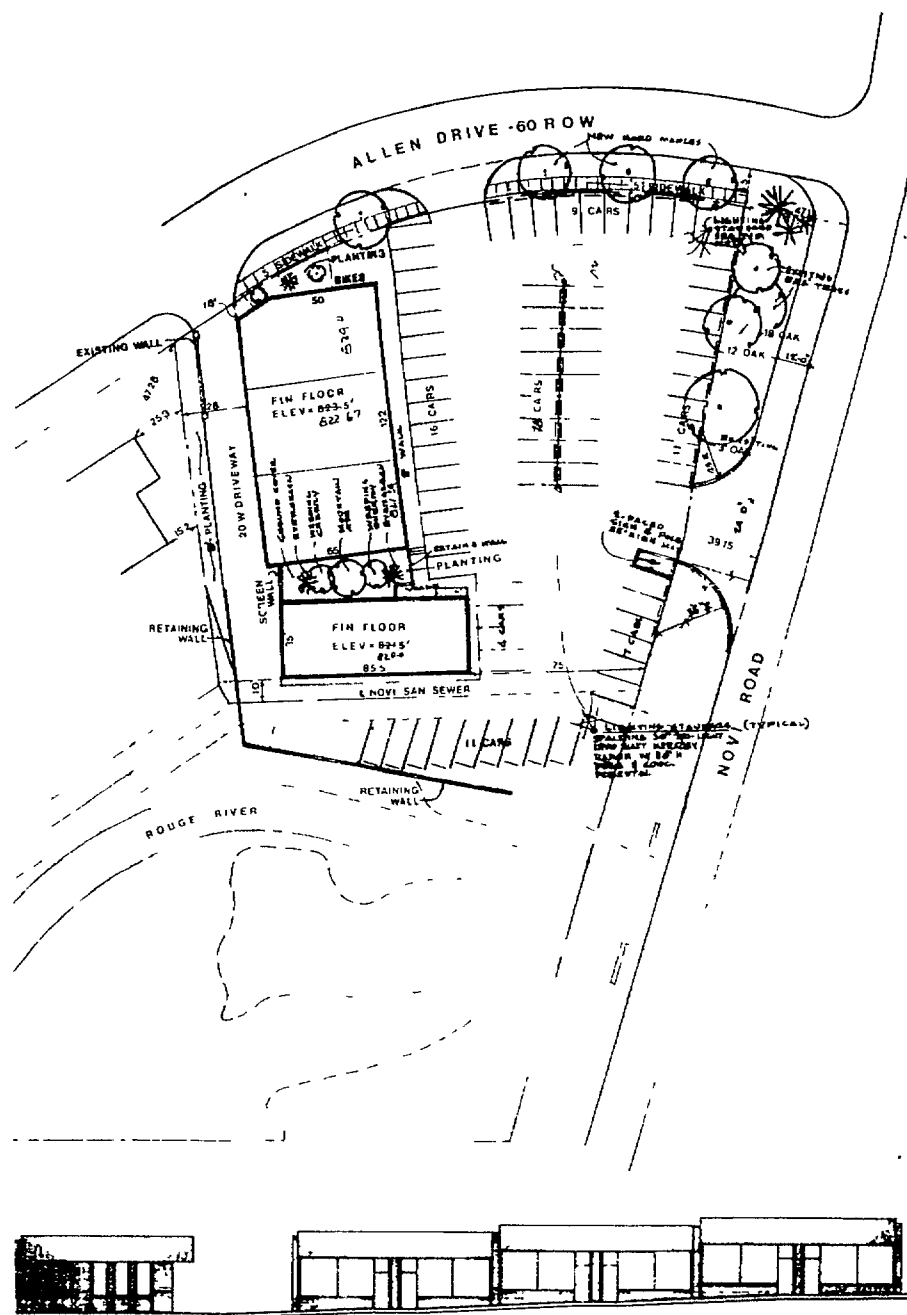

Supervisor Wright charged that the wording to the ballot "didn't make a bit of difference."

Township Police Chief Ronald Nisun said that while he wished more people had voted he faulted the board for the election results.

"If they wanted to sell the millage, they sure did a haphazard job. The fault really lies with the township board. I feel it's (election) a shame and a waste of the taxpayers' money," he charged.

He said he felt that there would be many reasons "given as to why the proposal failed but there just wasn't any campaign. When (Northville Schools) want to pass a millage, they push for it." He added that the police department would "continue to provide the best possible service with the manpower we have. It won't change a

CONSTRUCTION of this neighborhood shopping center at the southwest corner of Allen Drive and Novi Road is expected to get underway by June, reports the owner, Dennis Roux. Of contemporary design, the center will include up to six tenants in one building, two in the other. Location of a veterinary clinic in the rear of the smaller unit has been firmed up, but signing of other tenants has not been completed. Among likely tenants will be a drug store, a real estate office, and a dry cleaning depot.

Township May Move by June

Northville township may be in its new office facilities by June "if all goes okay," Supervisor Lawrence Wright commented this week.

Presently, architects are conducting a feasibility study of the building at Wayne County Child Development Center which the township plans to rent for offices. The study will show cost estimates

for renovation of the building and construction of a parking lot.

In a split decision Thursday, the township board of trustees directed Supervisor Wright and Clerk Sally Cayley to sign the rental agreement with Wayne County.

The agreement, which currently is being re-worded, "should be signed by May 1," Wright predicted this week.

Voting to approve signing of the lease were Wright, Mrs. Cayley, Trustees Charles Schaeffer and Richard Mitchell. Voting against the agreement were Treasurer Joseph Straub, Trustees Leonard Klein and John MacDonald.

The three "no" votes were based on not all costs of the lease being known and the belief that there is no urgent need to move from the rented quarters in the board of education offices.

Once signed by the clerk and supervisor, the lease agreement with Wayne County becomes effective May 1. Provisions of the agreement include:

- five year lease at a cost of \$1,000 per month for a total of \$60,000;
- township insures the building plus pays liability for township and county;
- county provides gas, water, heat and electricity and may increase the cost of rent to cover the cost;
- parking lot at the site must

Flood Sparks Appeal

Residents who live on the west side of Haggerty Road near Five Mile Road have appealed to Northville township for help in alleviating their flooded basements.

Appearing before township board members Thursday, residents said their sump pumps are still working and explained that "the problem didn't exist until two or three years ago."

Herman Esch of 15765 Haggerty Road told the board that he has lived in that area since 1946 and "we have never had water except the last two or three years. Only since

Touche!

Planners: 'It's Council's Turn to Eat Crow'

The French word, touche, is as good as any to describe the Northville City Planning Commission's latest message to the city council.

Having found itself in the embarrassing position of apologizing for unin-

tionally suggesting the mayor be zoned out of business, the planning commission is suggesting now that maybe it is the council's turn to eat some crow.

The discomfiting hangup between the commission and

the council started with the proposed new zoning ordinance recommended by planners for adoption by the council.

Mayor A. M. Allen was understandably upset upon learning recently that the

zoning proposed by planners for his property did not take into account that his business, one of the largest of its kind in the Midwest, is both manufacturing and retail in

Meinzingher-Oliver Vows Said in Arizona

Susan Meinzingher, daughter of Mr. and Mrs. Charles Meinzingher, 22875 Telford Drive, Novi, became the bride of Donald Oliver in an afternoon double-ring ceremony March 30 in Good Shepherd Evangelical Lutheran Church of Phoenix, Arizona.

The bridegroom is the son of Mr. and Mrs. Clarence Oliver of Phoenix.

Pastor M.M. Meier officiated at the ceremony which was followed by a reception in the garden and at the poolside of the home of the bride's uncle and aunt, Mr.

and Mrs. Raymond Ruksas. Mrs. Howard Widmann was matron of honor for her sister. Ronald Oliver, twin brother of the bridegroom, and Peter Quackquill, a lifelong friend, were bestmen.

The bride attended Eastern Michigan University and then graduated from Southwestern Medical Preparatory School of Phoenix. The bridegroom is a graduate of Grand Canyon College and now is attending Arizona State University graduate school.

The couple will live in Phoenix.

MRS. PATRICK PYERS

Acapulco Honeymoon Follows Ceremony

A honeymoon in Acapulco followed the marriage of Cheryl Kristin Vasileff to Patrick R. Pyers last Saturday in St. Clement Orthodox Church.

The bride is the daughter of Mr. and Mrs. Christ Vasileff, 40275 Twelve Mile Road, Novi, and the bridegroom is the son of Mr. and Mrs. David P. Pyers of Midland.

They exchanged vows and rings in a traditional eastern orthodox service at 4 p.m. April 20 with the Very Reverend Father Panayot Pamukov officiating Godparents of the bride, Mr. and Mrs. A. Steve Kircos, participated in the service which included a crowning ceremony.

Given in marriage by her father, the bride wore a scoop-neck gown with short, cap sleeves with floral Viennese lace on the bodice. The organza skirt extended into a train. A headpiece of matching fabric flowers held her full-length veil.

She carried a nosegay arrangement of mixed flowers with touches of red to carry out the attendants' gown color.

Deborah Wallace was honor maid in a floor-length gown of red with white polka dots

fashioned with a high neckline and long sleeves and topped with a white eyelet-ruffled pinafore. She wore a white picture hat with red ribbon and carried a basket of flowers.

The colors were reversed to white gowns with red polka dots for the gowns of the bridesmaids, which were fashioned like the maid of honor's.

Bridesmaids were the bride's sister, Kelly Vasileff, two sisters of the bridegroom, Ann and Laurie Pyers, Deborah Thueson and three cousins of the bride, Lennie Branoff, Karen Nicoff and Michelle Vasileff.

Two little nieces of the bridegroom, Sundee and Jenny Pyers were flower girls while his nephew, Robbie Robertson, was ring bearer. The bridegroom's brother, John B. Pyers, was best man. Ushers included the bride's brother, Christopher Vasileff, and Marc Kircos, Ron Pfeiffer, Geary Maiuri, Don Valenti and Nick Scheid.

A sit-down dinner reception for about 400 guests followed in St. Clement Hall.

Special entertainment was presented by The Friars, well-known octet group from the University of Michigan Men's Glee Club in which the bride's brother, Christopher, is a member.

The trip to Acapulco is a gift to the couple from the bride's parents.

The new Mrs. Pyers is a student at University of Michigan where she is entering her senior year with a major in theater. Her husband is a pre-dental student at Eastern Michigan University. He hopes to attend dental school on completion of his senior year.

They will make their home in Ann Arbor.

Lecture Location Moves

Nancy Dickerson Headlines Town Hall's Next Season

Nancy Dickerson, one of the nation's outstanding television news correspondents, will lead off the 1974-75 Northville Town Hall series next season, Mrs. Richard Kelly, new chairman, announced today.

She is to appear October 10 and will be followed by William Albright, assistant professor of composition at the University of Michigan and widely known interpreter of classic ragtime and early jazz styles on November 14.

Joe A. Callaway, drama critic, actor and director, will speak March 13, 1975. Concluding the four-lecture series will be cartoonist Bill Keane, creator of the well-known "Family Circus," April 10, 1975.

For the series Northville Town Hall will move to the auditorium of Mercy College following to be held at the Farmington Holiday Inn.

Nancy Dickerson's syndicated news reports, "Inside Washington," can be seen on many stations across the country. She also writes, produces and moderates her own nationally syndicated television specials, most recent of which was "Nancy Dickerson and The New Woman" on the women's movement.

Mrs. Dickerson represented Public Broadcasting Corporation as one of four network correspondents in the historic "Conversation with The President," a live one-hour interview with President Nixon, becoming the only woman ever to participate in such a broadcast with any president.

Considered the "First Lady" of television news, she has received many awards, including "Woman of the Year" by Radio TV Daily. Variety magazine chose her as one of America's top 10 reporters.

Nancy Hanschman Dickerson was born in Wauwatosa, Wisconsin, attended Clarke College, Dubuque, Iowa, and was graduated from University of Wisconsin. She did graduate work at Harvard University and taught school in Milwaukee for two years before joining the staff of the Senate Foreign Relations Committee in Washington.

Three years later she became an associate producer for CBS's "Face the Nation" and then producer for special events programs. In 1960 she was named the network's first woman news correspondent. In 1963 she moved to NBC to have a daily network show.

Her "scoops" include being first with the news that President Johnson would choose Hubert Humphrey as his running mate and was first also with the cyclamate ban. She predicted Treasury Secretary John Connally's resignation five months prior to its happening.

Both Mrs. Johnson and Mrs. Nixon granted her first television interviews.

She is married to C. Wyatt Dickerson, Jr., a Washington businessman. They have five children and live at Merrywood on the Potomac.

William Albright has concertized widely in Europe, Canada and the United States specializing in concerts of new music for organ and piano.

WILLIAM ALBRIGHT

BIL KEANE

NANCY DICKERSON

Although he has premiered new works of many composers on these instruments, he is well known for his appreciation of ragtime and jazz styles such as stride and boogie.

As a composer he has produced works for almost every medium, several of which involve electronic, visual and theatrical elements.

Born in 1944 in Gary, Indiana, he has been the recipient of many commissions and awards, including the Queen Marie-Jose prize for Organbook I, an award from the American Academy of Arts and Letters in 1970 and a Fulbright Fellowship in 1968.

In addition to being an assistant professor at U. of M. he is associate director of the electronic music studio. A record devoted to all his rag compositions for piano will be released soon on Jazzology.

Joe A. Callaway will bring an actor's perception to his analysis of current and all-time theater favorites and to recent trends in drama. For 15 years he has been interpreting the theater scene, here and in 14 foreign countries.

His re-creations of figures from Macbeth to Tennessee Williams' heroes are coupled with illuminating comments on the plays.

He received his early training at the University of Southern California, Northwestern University and the Goodman Theatre. He began his stage career with 6,000 performances in 16 different

JOE CALLAWAY

Shakespearean plays as a feature actor in the Globe Theatre.

He has worked with such stars as Ethel Merman, MacDonald Carey, Ernie Kovacs, Dennis King and Martha Scott. He has founded companies and directed at Miami Beach, San Diego and Marquette, Michigan.

He sees all Broadway plays each season, as well as many revivals and also covers the London stage offerings every year.

Town Hall audiences say he makes them feel "as if they have the best seats in the house."

Bill Keane's appearance April 10, 1975, promises to be as humorous as his cartoons. "The Family Circus," created in 1960, has characters based on some of his own children when they

were that age. It appears in nearly 500 newspapers throughout the United States and Canada.

Keane says he was born October 5, 1922, in Philadelphia and states he "used to spell my name with two l's but my father caught me drawing on the walls and he knocked the l out of me."

He copied his favorite cartoonists in high school and at the end of three years in the U.S. Army during World War II was drawing a daily cartoon called "At ease with the Japanese."

He worked for 15 years on the Philadelphia Bulletin as a staff artist. He married an Australian girl he had met in service and they lived for 10 years in Pennsylvania "where our real-life Family Circus was born."

In 1959 they moved to Paradise Valley near Phoenix in the Arizona desert.

May Blood Bank Plans Announced

"It's unfortunate but true—a lot of Northville people are unaware that the community blood bank exists for their welfare."

So says Mrs. Elden Biery, who in reminding residents of the annual blood bank clinic scheduled here Friday, May 10 also encourages residents of the community to acquaint themselves with the blood bank program.

"It exists for the protection of everyone in the community," she asserts.

It's like insurance, one Red Cross representative has stated. "No one really anticipates collecting. But there is a peace of mind knowing you have the insurance or the blood reserve."

Mrs. Biery sweeps away a recurring fallacy concerning the community blood bank:

"It's untrue that people needing blood cannot get it unless they or someone in their family have donated blood. All we ask in such instances is that you attempt later to get donors to help you replace the blood. It's simply an encouragement to replenish the bank so that blood is available for the next person who needs it."

The upcoming blood bank clinic, where citizens of the

community can donate blood, will be held again at the First Presbyterian Church social hall from 9 a.m. to 9 p.m.

Persons wishing to make reservations in advance for time may call Mrs. Sam Hall, a member of the Northville Jaycee Auxiliary which is assisting in the project. She can be reached at 349-6593.

Also "a real need" for additional volunteer help exists, says Mrs. Biery, who urges those who may have a few hours to devote to this cause to call her at 349-2665

Engaged

Announcement of the engagement of Karen Denise Ling to Jerry Stipp of Hoopston, Illinois, is made by her parents, Mr. and Mrs. Ernest Ling of 41380 Eight Mile Road, Northville.

He is the son of Mr. and Mrs. Earl Stipp of Hoopston.

Both the bride-elect and her fiancé are seniors at Olivet Nazarene College in Kankakee, Illinois. She is a 1970 graduate of Novi High School.

No date has been set for the ceremony.

Parfaits

It's Company Fare

Hostesses who have acquired parfait glasses seek ways to use them for "company" desserts. Since the glasses are becoming a popular wedding gift, here's a pretty dessert recipe to try.

It could also be served in stemmed water goblets or in those tall, glass coffee mugs.

ORANGE PINEAPPLE BAVARIAN

1 can (16 oz.) crushed pineapple
3 Tbsp. sugar
1 pkg. (3 oz.) orange-pineapple flavor gelatin
1 c. boiling water
1 c. prepared whipped topping
Drain pineapple, measuring juice. Add water to juice, if

necessary to make 1 cup. Add sugar to drained pineapple. Dissolve gelatin and salt in boiling water. Add measured liquid, and chill until slightly thickened.

Fold in whipped topping and the pineapple. Chill again, if necessary, until mixture will mound. Spoon into serving dishes or into serving bowl. Garnish with mandarin oranges, maraschino cherries or nuts. Makes 5 cups or 10 servings.

A delightful parfait combination is creamy pudding and fruit. Parfaits may be made early in the day and chilled well in the refrigerator to blend the flavors until serving. Makes 3-4 servings.

CRUNCHY PARFAIT

1/2 c. grape-nuts cereal
1/4 c. firmly packed brown sugar
2 Tbsp. melted butter or margarine
1 pkg. (4-serving size) vanilla pudding-pie filling
2 1/4 c. milk
1/4 c. drained sweetened fresh or frozen strawberries or raspberries.

Combine cereal, sugar, butter. Set aside. Prepare pudding mix as directed on package for pudding, increasing milk to 2 1/4 cups. (You may use 2 c. milk and 1/4 c. light cream.) Cool and stir in fruit.

Alternately spoon pudding and cereal mix into serving dish or parfait glasses starting and ending with pudding. Chill.

If so desired, garnish with additional fruit or whipped cream.

Orange-pineapple gelatin flavors parfait

Cereal (honest!) adds "crunch" to this dessert

Newcomers

Set Dance

Saturday's the deadline for making reservations for Northville Newcomers Dinner Dance scheduled May 4 at Meadowbrook Country Club.

Both Newcomer members and Newcomer Alumni members are asked to make reservations with Mrs. John Condon, 20455 Woodhill, 349-6546.

Cocktails will begin at 6:30 p.m. Saturday, May 4, with a sit down dinner at 8 p.m. Dancing follows the dinner until 1 a.m. Cost is \$22 per couple, Newcomer Club spokesmen said.

AAUW Sale Rarity

Sheila Norgren (left), sale chairman for the 20th annual used book sale of the Plymouth branch of the American Association of University Women, checks over books for the sale with Karel Whitaker. Included among them is an original edition of Webster's dictionary. The sale will be held May 2-4 at Westland Center.

'Visit Your Library' During National Week

National Library Week is currently being observed at Northville Public Library and Librarian Mrs. Elaine Lada is urging all residents to stop by and see what the library has to offer.

"The library will be open Thursday from noon until 9 p.m. and Saturday from 10 a.m. to 5 p.m.," she said. "Why not come by? We're sure to have a book you'll enjoy."

Mrs. Lada pointed out that if a particular book has been loaned out, library personnel will be glad to reserve it when it comes back.

If the local library does not have a certain book, it can be interloaned through the Wayne County Library System of which Northville is a part.

"Everyone's welcome at the library," Mrs. Lada said.

AAUW Book Sale Plans Announced

Books, books, and more books — of every size, sort and substance — will be offered to area bargain hunters next month when the Plymouth branch of the American Association of University Women holds its 20th annual used book sale, May 2 through May 4, at Westland Center.

The sale, which will run from 9:30 a.m. to 9 p.m. Thursday through Saturday, will offer more than 15,000 top quality used books, all priced at only a fraction of their original cost.

According to sale chairman, Sheila Norgren of Northville, the number and selection of books available this year will be greater than ever. The reason for this, said Mrs. Norgren, is that for the first time, the AAUW sale will be held in conjunction with the biannual Wayne-Westland Jaycee Auxiliary book sale. Both Mrs. Norgren and Jaycee sale chairman, Carol Rosati, are hopeful that through this cooperative venture, their respective groups will be able to serve the reading public even more successfully.

In especially ample supply this year, according to the chairmen, will be quality

fiction, recent paperbacks, mystery and science fiction, and complete sets of books — including the complete works of O. Henry and a 20-volume collection of Charles Dickens. Children's books, always among the sale's most popular items, will feature an

Attack on Police Officer Prompts Grievance

A grievance has been filed against the City of Novi by the Novi Police Officers Association (NPOA). After a policeman was attacked by three prisoners at police headquarters last week.

The grievance charges that the city has failed to provide safe and proper facilities for the processing and retention of prisoners.

"The problem," stated Sergeant Dale Gross, head of the department's 12-man road patrol, "is that we just don't have any facilities whatsoever for detaining unruly prisoners. Once we get them into the station, we more or less just have to hope that

they'll decide to behave themselves."

The lack of proper facilities in the police department is slated to be discussed by the Novi City Council next Monday when it begins discussion of a report prepared by City Manager Harold Saunders on proposals to create additional office space (see story elsewhere on this page).

"There's no question that we have a problem with space in the police department," Saunders told The Novi News Monday. "But its part of an overall space problem that we have in the city and has to be

studied as part of a total package."

The incident which led to the filing of the grievance occurred shortly before midnight on Friday, April 12.

According to Sergeant Gross, it was an exceptionally busy evening with one call after another pouring in to the dispatcher. "The calls were coming in so fast that we were unable to keep up with them," commented Gross.

At the time the incident took place, police had a total of five suspects in custody. Patrolman Philip Schoen was in the Traffic Bureau—which is located in the basement of the City Hall-Police Depart-

ment complex—booking a pair of suspects on "minor in possession" charges.

Upstairs in the squad room, four officers were having trouble with three others being detained as possible suspects in a breaking and entering case, according to reports.

Corporal Jack Grubb and Officer Charles Brown were dispatched to handle a complaint in the 10 Mile-Meadowbrook Road area. Shortly after, police received a report of a man threatening a woman with a gun at the Novi 26 apartments on 10 Mile Road and Corporal Gerald

Burnham and Officer John Zimmer were dispatched to investigate, leaving Officer Herbert Harbin alone with the three resistive prisoners.

According to Gross, two of the three prisoners got up and jumped Harbin almost as soon as Burnham and Zimmer had left the station.

Noticing the disturbance, the dispatcher called for assistance from Schoen who was in the basement with the two minors. Schoen left the juveniles alone and ran upstairs to the squad room where he in turn was jumped by one of the three men, according to reports.

The dispatcher also notified the men on the road of the trouble at the station. Grubb and Brown got free as soon as they could and, after checking with Burnham and Zimmer at Novi 26, returned to the station to assist Harbin and Schoen.

By the time they got there, however, the two officers had been able to successfully subdue the suspects.

Sergeant Gross noted that one of the three suspects had

decided not to enter the fray when he saw Harbin draw his karate sticks. "He (the third suspect) got out of his seat when the first two started the altercation, but he sat back down when Harbin pulled the karate sticks," reported Gross. "If it hadn't been for those sticks, Harbin would have been in a lot of trouble."

Harbin and Schoen suffered some bruises and scratches in the scuffle, but were not seriously injured.

What is particularly upsetting to police is the fact that several similar incidents have occurred recently and appear to be happening with more frequency.

"The problem is that we desperately need some sort of temporary holding facilities," stated Gross. "The basic truth of the matter is that we frequently have more prisoners at one time than one officer can safely handle with our present facilities."

New Police Facility Touted

Novi Studies Space Needs

As a solution to pressing needs for additional space, Novi City Manager Harold Saunders has recommended construction of a 4,000 square foot building behind the existing City Hall.

The building, according to Saunders' recommendation, would be designed to accommodate the entire police

department for the next five years and would incorporate detention facilities.

Estimated cost of the building would be between \$80,000 and \$100,000.

Saunders' recommendation was submitted to the Novi City Council Monday as part of a report on interim office space proposals in which he

laid out five alternatives for providing additional space.

Discussion on the report was tabled by the council for one week due to the absence of Mayor Robert Daley. The item is to be "item one, number one" on next week's agenda.

In presenting his report to the council, Saunders noted

that the "city has utilized every available square foot of space to the extent that most employees are working in insufficient space."

As a result, Saunders reported, inefficiencies have set in throughout the staff.

"The need to add more employees is real but added staff cannot be ac-

commodated," according to the report. "Storage of supplies has created fire hazards. The police department needs office space, squad room space, and detention facilities."

"Immediate relief must be provided."

Ultimately, the city's needs for additional space will be met with the construction of municipal facilities on the Civic Center site at the corner of 10 Mile and Taft roads. City officials believe, however, that the new city hall is at least five years away and that the need for additional space must be resolved in the immediate future.

By constructing a complete facility for the police department, Saunders hopes to reduce fragmentizing of municipal offices.

The basement of City Hall, which is presently used by the police department, would be used for file and supply storage. The existing squad room and police chief's office could be used for staff expansion. The existing detective bureau trailer would be turned over to the city's assessor and treasurer. The building department would then be able to expand into the vacated assessor's offices in the Grand River building.

Further expansion of municipal facilities would be possible when the library moves to its proposed new facility on the Civic Center site in the fall of 1975.

Construction of a new police facility behind City Hall was recommended by Saunders and Kriewall from five alternate solutions to the space problem.

Other proposals submitted for council's consideration were:

1. Utilization of mobile home units on city property, similar to the mobile home in which the police department's detective bureau is presently located.

2. Rental of 5,000 square feet of usable space in the old Sinacola house on Nine Mile Road. The building is presently owned by the Arkin Company.

3. Construction of a permanent addition to the existing City Hall. Estimated cost of a 9,000 square foot addition would be between \$200,000 and \$225,000.

4. Rental of 3,650 square feet of office space on the second floor of the new West Oakland Bank building at the corner of Novi and Ten Mile roads.

In recommending construction of a permanent structure behind City Hall, Saunders noted that the total cost of the project could be recovered through sale of the building at the time the city moves into facilities at the Ten Mile-Taft Civic Center site.

Approval of Property Sale Spurs Civic Center Plans

Sale of 27 of the school district's 160 acres of property at the corner of 10 Mile and Taft roads was approved by the Novi Board of Education Tuesday night.

And as the board was giving the green light to the sale and thus cementing initial development of comprehensive educational municipal development, Novi library officials were announcing preliminary approval of its application to the state for grant monies.

Although a second phase of the library application must still receive approval, Dicron Tafraian, chairman of the library board, greeted the state's announcement with optimistic enthusiasm.

"It looks now like the only really big obstacle in our way

is the extension of the city's sewer line from the corner of 10 Mile and Novi Road to the new library site," Tafraian said this Wednesday morning in confirming that the state board of education has given preliminary approval for a \$179,000 grant to the Novi library.

(School Superintendent Gerald Kratz also has expressed concerns over extension of the sewer).

The second-phase of the application, which still requires state approval, appears to be "a routine matter," said Tafraian. It merely seeks official confirmation of property purchase, architectural drawing, method of financing, etc., he explained.

Action by the board of

education Tuesday means contracts are to be drawn now, selling 20 acres of the land to the city for a park and seven acres to the library for the new \$700,000 library building.

The school, which itself is purchasing the 160 acre site on a land contract from the Fuerst sisters, will sell the 27 acres at cost. Specifically, it is asking \$4,000 per acre, plus accrued interest, plus a pro-rata share of taxes, plus a pro-rata share of the \$3,500 cost of the land survey.

School officials, in approving the sale, nevertheless made it plain that it had been their understanding—based on comments of a former city official—that the taxes would be absorbed by the city.

The seven-acre site that

goes to the library borders on 10 Mile Road and is closest to Taft Road. (The corner parcel is reserved indefinitely for the Fuerst sisters who may reside on the property for the remainder of their lives).

The 20 acres going to the city, which has earmarked it for park purposes, also abuts on 10 Mile Road (to the east) but the bulk of the land lies south of the road.

Funds for the purchase of the 20-acre site are to come from the \$85,000 given to the city by the Michigan Department of Natural Resources in the Powers Park settlement.

That the city is to use the money for this purpose has not been greeted with en-

Wixom Budget Presented

Wixom's city council established its priority locations for fire halls, decided upon an architectural firm for the project and got its first look at Mayor Gilbert Willis' proposed budget for 1974-75 Tuesday night.

Mayor Willis waited until the close of the session to distribute copies of the new budget to the council. He acknowledged that it represented the "highest budget in Wixom's history," but noted that it did not anticipate an increase in taxes above the current 10.21 mill levy.

Specifically, the mayor's proposed budget calls for expenditures of \$1,140,900 compared to the 1973-74 budget of \$921,142. The mayor stated that his budget included expenditures for a fire hall and equipment plus expanded road improvements.

The council, which must approve the new budget at the

second meeting in May, called for budget study sessions on May 2, 7 and 9 at 8 p.m. in the city hall.

The council was divided on its priorities for future locations for fire halls. But by a vote of 4-2 it instructed the planning commission to

consider sites in the following areas and order: 1—Pontiac Trail west of the railroad tracks on a site now owned by the city; 2—the northern portion of the city; 3—South Wixom Road, south of the spur track leading to the Ford plant.

Councilmen James Lahde and Robert Dingeldey opposed the recommendation on the basis of the order of priority. Both contended that the first priority should be north of the railroad tracks

Continued on Page 6-C

Name Tyler to Replace Oldford

William Tyler will become Wixom's building official as soon as he complies with the city's residency requirement, Mayor Gilbert Willis stated Tuesday night.

Meanwhile, the mayor has appointed Tyler "acting" building official to replace Carlton Oldford.

Following Tuesday night's city council meeting Mayor Willis reported that an in-

vestigation of Wixom's former building official by the Oakland County prosecutor's office had been concluded and that no charges would be filed. He noted, however, that Oldford would not be renamed to his position.

Authority to appoint a building official rests with the mayor and does not require council approval. Only

reference made to the Tyler appointment at Tuesday night's council session was by Councilman James Lahde who asked if it required council action. He was told by Attorney Gene Schnelz that it did not.

Tyler had previously been employed in Wixom's building department on a part-time basis.

Judge Dismisses Charges Against City Inspector

Charges against former Novi Plumbing Inspector Albert Miller were dismissed by 52nd District Court Judge Martin Boyle on a legal technicality.

Miller, who served as Novi's Chief Plumbing Inspector from 1971 until he was suspended from his duties by the Novi City Council in December of 1973, had been charged with accepting a bribe.

Miller was arrested by Novi Police on December 15 when he appeared at City Hall to appeal his dismissal by the city. The warrant issued by

the Oakland County Prosecutor's Office brought three related charges against him.

1. That he had accepted a partnership with John Wood through which he (Miller) would share in profits from plumbing jobs performed by Wood in Novi and other locations.

2. That in return for the partnership, Miller agreed to allow Wood to perform jobs in Novi even though he was aware that Wood was an unlicensed plumber.

3. That Miller agreed to give favorable inspections for

work performed by Wood in Novi.

Detective Sergeant Gordon Nelson of the Novi Police Department reported that testimony substantiated the charges brought against Miller in the warrant.

Judge Boyle dismissed the case, however, on the grounds that Miller was charged as a public official and ruled that he should have been charged as a public employee.

For a public official to accept a bribe is a felony

NOVI LITTLE LEAGUERS — Randy Kelly (left) and Dale Beckman were busy Monday getting in a few last-minute rounds of practice prior to the beginning of tryouts for Novi Little League teams. Tryouts were slated for Wednesday, Thursday (tonight), and Friday (tomorrow) at 6 p.m. on the Novi High School field. Coaches will meet after Friday's final tryout session to conduct the draft of players. Novi Little League President Charles Pickler reported that drafted players will be notified by managers via telephone over the weekend. Opening games for the 1974 season are set for May 6.

SWEET TREES — Five 12-foot high sugar maples from Green Ridge Nursery were planted along the front of the Mill Race Historical Village Monday morning under the auspices of the Northville Beautification Commission, which also replaced a damaged tree at Main and Center streets. Rain failed

to dampen the planting ceremonies as Historical Society President Jack Burkman (left) and Commission Chairman Paul Vernon did the honors. Looking on are (left to right) Wilson Funk, Mayor A. M. Allen, Mrs. Vernon, Mrs. Burkman, Mrs. Ann Brueck and Mary Brueck.

Seminars Open Tuesday

'Survival Skills' Offered Women

A series of workshops and seminars on practical skills for women have been scheduled beginning April 30 at Schoolcraft College.

Entitled "Survival Skills for the Modern Woman", the series is being offered through the Women's Continuum

Program headed by Ms. Nancy Dufour. She said it has been designed to assist women in improving their skills for coping with the increasingly complex problems of everyday life.

The series consists of seven Tuesday morning sessions from April 30 through June 4,

two Wednesday afternoon sessions on May 1 and May 8, and two Wednesday evening sessions on May 15 and May 22.

Persons wishing to register for any session in this series should call the Women's Continuum Program at 591-6400, Ext. 217. There will be a charge of \$1 for each session payable at the door. Registration will be limited in many sessions due to space available.

The Tuesday series includes the following topics and speakers: "Stretching Your

Food Budget" - Bobbie Kelly, consumer food affairs, Chatham Supermarkets; "Protection Against Rape" - Dorothy Gay, former Detroit policewoman; "Hassle-Free Parenting" - Nancy Gode, community counselor and parent effectiveness training instructor; "Revitalizing Family Communication" - Nancy Gode.

Also, "Building Security Into Your Financial Future" - Jean Budd and Irene Ferrio, members of the American Society of Women Accountants; "Getting the Most From Your Invested Dollar" - Lorraine Goldman, financial counselor, registered representative of Multi-Vest, Inc.; and "The Borrowed Dollar: How To Get It and How To Make the Most of It" - Robert Kipp, time credit department, Detroit Bank and Trust.

The Wednesday afternoon sessions will focus on "Auto Maintenance and Emergency Repair for the Non-Mechanic." They will be offered in two parts on May 1

and May 8. James Taylor, Schoolcraft College auto instructor, will be in charge.

The Wednesday evening sessions will focus on "Basic Home Repairs". The May 15 session will emphasize plumbing, and the next session will emphasize electrical repairs. James Dalawrak, Schoolcraft College technician, will be in charge.

Ms. Dufour hopes that this series will be helpful to women in the new roles and responsibilities they are accepting in the home and the community.

Sunday's Commencement

Graduates to Hear Pursell

State Senator Carl D. Pursell (R-14th) will be the keynote speaker at commencement exercises for over 600 Schoolcraft College graduates on Sunday, April 28.

The annual ceremony will recognize persons who have completed one and two-year programs of study at the College since the spring session, 1973, including candidates who will finish programs during the current winter semester.

Schoolcraft President Dr. C. Nelson Grote will preside at the event which begins at 2 p.m. in the school's main gymnasium. The general public is welcome to attend.

Academic honors will be announced by Dr. Robert Keene, vice president for instruction. Deans Fred Stefanski and Ted Diebel will assist President Grote in the awarding of diplomas and certificates.

The College plans to award a number of honorary degrees this year, but the recipients' names are not announced prior to the ceremony.

Senator Pursell has been especially interested in matters affecting Schoolcraft and other community colleges. As chairman of the Senate appropriations subcommittee for community colleges, he designed a new formal hearing process giving them equal time with senior institutions in the state.

The Senator is credited with having initiated and succeeded in gaining over \$500,000 in matching funds for construction of Schoolcraft's

Applied Science Building addition.

He also initiated and sponsored the special \$100,000 grant the College has received the past two years, enabling the establishment of the instructional center in Garden City and funding other special programs such as those for senior adults and women.

Senator Pursell's legislative activities cover any number of other concerns. He has been working toward establishing bicycle paths within the 14th district; he helped obtain a grant for police cadets in Livonia and a post office for W. Bloomfield; he was instrumental in obtaining a park grant for Novi,

and for getting Redford Township on the detail side of state highway maps.

This year's graduates will total 627, an increase of more than 100 over 1972-73. When added with its cumulative totals, 3,289 persons have completed programs of study at Schoolcraft College since 1965.

College Registration Set

Registration for the spring session at Schoolcraft College will be held on Monday, April 29, for both day and evening students. Classes begin the following day.

Students who will complete their studies during the eight-week session may register in the auxiliary gym starting at 8:30 a.m. Day students whose last names begin with the letters M through Z are taken from 9 to 10. Those with last names from A to L register between 1 and 3:30 in the afternoon.

Evening students will register between 6:30 and 9, also in the auxiliary gym.

Schoolcraft is offering

approximately 170 on-campus classes in over 30 different subject areas this spring. In addition, 15 credit classes will be offered at the Schoolcraft Instructional Center at Garden City. Located at 29205

Florence Street, the Center has scheduled classes in business, advertising, English, law enforcement, math, political science, psychology, sociology and speech.

Dinners Announced

Honor Graduates

Spaghetti dinners have been planned by Schoolcraft College in recognition of all graduating seniors of high schools in the College District.

Invitations have gone out for Monday, April 29, to Bentley and Ladywood high school seniors. Dinner tickets, on a first come basis, are now available at the counseling offices in each school.

On April 30, the guests will be from Stevenson and Northville, and on May 1, from Plymouth and Clarenceville. Thursday, May 2, has been reserved for Churchill, Garden City East and Garden City West. On the final night, May 3, the College will host Franklin High School, any other students who were

unable to attend the previous nights, and new students who will be attending Schoolcraft this spring.

This is the second year the College has hosted the dinner. The menu calls for salad, spaghetti with meat balls, garlic bread and beverage.

Following dinner, there will be a concert by folk-singer and entertainer, Ron Coden. He is a local entertainer and will be appearing in the summer Flip Wilson replacement show.

Persons behind the dinners include Patrick M. Newman, counselor in charge of Student Activities, and students Cindy Carrow, Denise Thibeau, James Vaughn, of Plymouth and Art Pepin and Tom

Wicher both of Livonia. They, along with other Schoolcraft students, will visit each of the high schools to extend personal invitations to the seniors.

High school students should look for information on posters and in daily announcements in each school.

Edward V. McNally, vice president for student affairs, said, "The dinners are in recognition of the graduating seniors. Whether these seniors are planning to come here, or some place else, or not planning to attend college at all, they will enjoy a visit to our campus as much as we will enjoy having them."

Dinners will be in upper level of Waterman Campus Center.

PVT. JAMES R. ROBBINS

PFC JOSEPH J. SABON, JR.

In Uniform

Marine Private First Class Joseph J. Sabon, Jr., son of Mr. and Mrs. Jerry R. Osner of 46605 Seven Mile Road, graduated from basic training at the Marine Corps Recruit Depot, San Diego.

Physical conditioning, discipline and teamwork are emphasized during the 11 weeks of recruit training.

He received instruction in close order drill, Marine Corps history, first aid, marksmanship, uniform regulations and hand-to-hand combat.

Marine Private James R. Robbins, son of Mr. and Mrs. Keith Ave of 244 South Wing Street, graduated from basic training at the Marine Corps Recruit Depot, San Diego.

Physical conditioning, discipline and teamwork are emphasized during the 11 weeks of recruit training.

He received instruction in close order drill, Marine Corps history, first aid, marksmanship, uniform regulations and hand-to-hand combat.

Airman Howard D. Bates, son of Mrs. Carole A. Bates, 21305 Stauead, has been assigned to Keesler Air Force Base, Mississippi, after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland Air Force Base, Texas, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been

assigned to the Technical Training Center at Keesler for specialized training as an air traffic control specialist.

Airman Bates attended Northville High School.

Army Private Kenneth L. Jones, 18, son of Mr. and Mrs. Elmer Jones, 23701 W. Lebest, completed with honors a 17-week automotive repair course at the U. S. Army Ordnance center and school, Aberdeen Proving Ground, Maryland.

During the course, he was trained in the maintenance and repair of wheeled and tracked vehicle engines and accessories, powertrain units and chassis components.

Army Private James M. Ortwine, 18, son of Mr. and Mrs. Russell W. Ortwine, 28175 Novi Road, completed a 17-week automotive repair course at the U. S. Army Ordnance center and school, Aberdeen Proving Ground, Maryland.

During the course, he was trained in the maintenance and repair of wheeled and tracked vehicle engines and accessories, powertrain units and chassis components.

'Painters' Meet

Northville China Painters will have a lesson on "Razor Cut-outs" from Cherry Hutton at their meeting at 10 a.m. Thursday, May 2, at the Plymouth Credit Union. A lunch and business session will follow.

Michigan's Natural History

Saturday Classes Set

Schoolcraft College will again offer a series of classes in the Natural History of Michigan this spring beginning May 4.

The popular community services course consists of four Saturday morning field trips to various areas in the vicinity. They are sponsored by the College biology department and will be taught by four instructors.

William Ryan will be responsible for the first session entitled Life in the Geologic Past of Michigan, a laboratory experience with specimens and slides. On May 11, the topic will be A Focus on Wild Flowers taught by Roger Sutherland, and will include a morning hike with nature.

A Spring Bird Trip will take place on May 18 with Grover Niergarth. This session will include a leisurely trip through the Proud Lake area concentrating on the varied bird life. The final session with Raymond Stiles will be The Lichens - Two of a Kind. A brief classroom orientation

followed by a field trip will acquaint participants with this unique combination of algae and fungi.

Registration may be made by calling the Registrar's office at 591-6400, ext. 225.

Tuition is \$11 for residents and \$22 for non-residents. Further course information can be obtained by calling Grover Niergarth at ext. 356. The registration deadline is May 3.

Creative Nursery Plans Open House

Creative Day Nursery School is holding a workshop - open house for parents and preschoolers from 1 to 2 p.m. Tuesday, April 30, at its facility at Northville First Presbyterian Church.

Preschoolers will have a chance to participate in activities of the school while parents may meet the directors, Ann Stasinos and Ellen Wahi, and register children for fall classes.

Children two-and-a-half to five years old are accepted for either two or three half-day sessions in a multidimensional program. Mrs. Stasinos has a

master's degree in early childhood education from Eastern Michigan University while Mrs. Wahi has a bachelor's degree in elementary education from Wayne State University with 15 hours credit in child development.

Together, they have written "Creative Activities: a Handbook for Teachers and Parents of Young Children," which gives ideas on how to implement creative activities in home and school.

To reserve a place at the workshop - open house call Mrs. Stasinos, 476-1810, or Mrs. Wahi, 349-2161.

Childbirth Series Told

Lamaze Childbirth series will begin in May at three locations, sponsored by the Plymouth Childbirth Education Association.

Classes will meet at 7:30 p.m. once a week at three different locations. Places and starting dates are St. John Episcopal Church, 555 South Wayne Road in Westland, Wednesday, May 1; Junior High East, 1042 South Mill Street in Plymouth, Tuesday, May 14; and Garden City Hospital, 6245 Inkster Road, Monday, May 27.

Classes are taught by nurses with instruction given in neuromuscular control and effective breathing techniques which help the mother participate in the birth of her child. The film "The Story of Eric" and slides are included.

Husbands are urged to attend but it is not necessary, spokesmen for the Childbirth Education Association explain.

For further information, contact Mrs. Doris Cross, 371 Blunk in Plymouth, 455-7750 or write Box 311, Plymouth, 48170.

Western High Plans Fair

See yourself On TV, participate in a square dance demonstration or watch a slide show set to music.

These and many other activities will be available to

the public at Walled Lake Western High School's Achievement Fair from 7:30 to 9 p.m. today (Thursday).

At the fair each of the school's departments will

demonstrate for visitors the learning experiences available for Western students. In the art department students will demonstrate their skills in textiles, ceramics, jewelry, as well as in painting and sculpture.

A book fair will be held in the media center and visitors will be able to get a sneak preview of the new television facilities which will open next fall.

The math department will present displays of student projects. The industrial arts laboratories will be open and working and various student-made objects, such as small bookcases or chess boards, will be on sale.

In the science department, students will demonstrate how water samples from various local lakes can be tested for pollution content. Home economics students will have several clothing shows as well as a food demonstration and sale. Performing arts students will demonstrate the use of back stage facilities.

Interested visitors will also be able to see student-made films and to test their skills in a beginning language class.

Sunday's Concert Program Listed

A concert of sacred choral music will be presented Sunday afternoon at the First Presbyterian Church of Northville, 200 East Main Street.

Presented by the Northville High School Choir and Girls' Glee, the concert begins at 3

p.m. There is no admission charge.

Selections will include "In Three O'Clock" by Haydn, "The Paper Reeds" by Thompson, "Alleluia" by Boyce, "With a Voice of Singing" by Shaw, "Missa Brevis" by Britten and "O Sing Unto The Lord" by Handel.

The selection by Britten is written for three-part women's choir, soloists and organ while Handel's work is for chorus, soloists and orchestra.

The vocal groups will be under the direction of Donald Renz with Miss Joy Schroeder accompanying the groups as organist.

'Showboat' Scheduled For Schoolcraft Run

In keeping with the current nostalgia of reviving older musical comedies, Schoolcraft College will present Showboat by Jerome Kern and Oscar Hammerstein for six performances on May 10-12 and May 17-19.

The musical is the story of a troupe of actors who perform on a showboat, which travels the Mississippi River. Andy Hawks, captain of the Cotton Blossom, is manager of the show; and it is his daughter Magnolia who falls in love with Gaylord Ravenal, leading man and gambler.

Ravenal's gambling exploits eventually lead to his leaving Magnolia and their daughter Kim, who is being taken care of in a convent. Robbie Clarke of Northville

is a member of the cast.

The years go by and, finally, Captain Andy gets the old troupe together and Magnolia and Ravenal are reunited with Kim, now a young lady, and all the company of the Showboat.

Performances are scheduled at 8 p.m. on Friday and Saturday, and at 7 p.m. on Sunday in the Liberal Arts Theater.

Tickets are \$2 for general admission and \$1.00 for Schoolcraft students. Tickets are on sale at the College Bookstore and will be available at the door. For ticket information call 591-6400, ext. 341. Groups of students from the junior and senior high schools in the college district are especially invited to attend performances of Showboat.

DAR Members Attend Congress

Sarah Ann Cochran, Chapter, Daughters of the American Revolution, was represented at the Continental Congress last week by their Regent, Mrs. John Armstrong, and Mrs. Robert Willoughby, Mrs. Eleanor Hammond and Mrs. George F. Merwin, state director.

All attended special luncheons for the Mountain School, American Indian and Veteran Patient committees. The local chapter also won the silver award for the National Honor Roll committee.

While in Washington, the women report, two of the convention highlights were an address by President Richard Nixon and a tour of the personal quarters of the Presidential family as well as the rest of the White House.

Children of the American Revolution convention followed the DAR convention and Mrs. Merwin, senior national vice-president of the Great Lakes Region, attended with her daughter, Jacki, state president of Michigan's CAR.

Jacki was elected Regional vice-president of the Great Lakes Region CAR while Mrs. Merwin was elected to the position of senior national first vice-president of the society. Both were installed on the grounds of Mount Vernon.

Also attending the CAR convention from the Plymouth Corners Chapter were Larry Willoughby and Terry Lapham, chairman of pages for the convention.

AAUW Book Sale Set

Continued from Page 3-A

unusually fine selection of preschool books and children's classics, including six volumes of the original 1911 "Tom Swift" series.

Rare books, signed, first and limited editions, and collector's items dating from the late 1700's will be displayed on special tables and sold to the person submitting the highest written bid. Bid book selections will include: an original 1890 edition of "Webster's Unabridged Dictionary"; Seymour Eaton's "Teddy B and Teddy G—The Roosevelt Bears"; a delightfully illustrated volume of satirical and lyric poetry from the

early 1900's; an 1882 edition of "Farm Ballads" by Will Carleton; and an antique 3" x 7" edition of "National Home Cook Book".

Proceeds from the Jaycette sale will be donated to the Wayne-Westland YMCA. AAUW proceeds will be used to promote the education of women through local, national and international scholarships. National and international grants will be awarded through the AAUW Fellowship Foundation, while three local scholarships are sponsored through Schoolcraft Community College and the University of Michigan's Center for Continuing Education.

Wixom Newsbeat

Betty Taylor Honored

By NANCY DINGELDEY

Betty Taylor was the recipient recently of the certificate of merit given annually by the Walled Lake PTA Council. In ceremonies held at Maple Elementary School in conjunction with the installation of PTA officers, Betty was honored for her many years of service in the PTA, as well as other volunteer activities. Betty's unanimous nomination came from the Wixom PTA.

In eight years of active participation in the Wixom PTA, Betty has served in every office from president to historian. She also has coordinated the pre-school story hour, handled the summer library program, was a playground supervisor, and is now an aide in the special education department at Decker School.

She also serves as the treasurer of the Wixom Goodfellows and has been active in the Birch Park Civic Association.

News of her nomination reached the Taylor house at the same time husband Neal was being admitted to the hospital for surgery. Activity and being in six places at once are nothing new to Betty, however, and she managed to be present at the award ceremonies. Neal is now home and will be recuperating for about six weeks.

Another movie party is scheduled for this Saturday during library hours at City Hall. The library will open at 10 a.m. with the hour-long movie slated to begin at 11 a.m. An able staff will be on hand to help the children check out books until the library closes for the day at 12 noon.

Northridge Subdivision announced its annual flower

sale this past week. Public sale of all the colorful posies meant to brighten the flower beds and beautify Wixom is scheduled for the week of May 17-24.

Orders for the flowers are now being taken, according to the chairman of the annual event, Bev Walters. Pre-ordering assures the buyer of the quantity, color, and variety he desires. Orders must be placed by May 1. The flowers will be available for pick-up on May 16 after 4 p.m. Quality of the flowers is very good says Bev and you may make your orders either by calling 624-3727 or stopping at 2136 Hopkins Drive.

Plants may be ordered and purchased by the box or pot or complete flats. Flats will be mixed if the price is the same on all varieties. The average price per flat is \$4 with six dozen plants per flat. A flat of geraniums containing twelve pots is \$9.50 or 79 cents per pot. Included in the flower list this year are single and double petunias, short and tall marigolds, dahlias, moss roses, pansies, short and tall snapdragons, and double carnations. Alyssum, ageratum and verbenas are among the border plants to choose from, also the shade-loving impatiens, begonias and coleus. And what garden would be complete without giant zinnias and colorful salvia?

All will be available in the giant flower sale.

Word was received from the Friends of the Library regarding their planned cookbook. Deadline for receiving those great recipes is June 1. Without them, there just won't be a compilation of all the mouth-watering favorites available next fall. All Wixom residents, as well as their friends and relatives are urged to submit recipes.

Forms are available from Bev Walters or any Friend of the Library.

Four high school students along with sponsors Ralph and Jan Adams of the Union Lake Baptist Church left Good Friday with a loaded U-Haul and van for the tornado stricken area of Hanover, Indiana.

Nancy Tillman of Wixom along with Michelle and Rob Devine, all students at Western High School, and Mike Hohday of Central took the items donated by area residents which had been dropped off at the Union Lake Church to the stricken families in the Hanover-Madison area. Labelled and sorted boxes of clothing were loaded into the truck along with some foodstuffs for the homeless people.

On arriving in Hanover, Nancy reported that many people were still living in the schools and churches which hadn't been destroyed during the disaster. Hanover had been hit the hardest and the scene was described as "terrible." What made the trip seem futile was that the items were desperately needed, but there was no place to store them. And Nancy reported that in most cases, prices, especially for lumber, have soared because the demand is so high.

"If a person worked in town, chances are the place

was blown away. And if the job was out of town, it is almost impossible to get because cars were either demolished or blown away. But the worst situation of all is that prices are being raised so high and people are being taken advantage of," continued Nancy. "The government promised help, but very little of it could be seen, although the Salvation Army was there." Reporting back Nancy said what was needed most was money to buy needed building materials and canned goods. The biggest job of all—to put the town back together.

Michigan Week means the annual Senior Citizens Awards. The awards, sponsored by the Wixom Chamber of Commerce and this year being coordinated by Lillian Spencer, honor outstanding seniors in our community. Nominations in the form of a simple letter can be mailed to the Chamber in care of the Wixom Post Office.

Dumas Favors Reorganization

Wayne County Commissioner Mary E. Dumas says reorganization of the county government is "50 years overdue", but she is willing to wait a few months longer if that will eliminate disagreements on how to go about it.

That, in essence, was Mrs. Dumas' stated position after a total of nine speakers, at a

public hearing, opposed placing a reform proposal on the Aug. 6 primary election ballot. Six speakers supported the concept, with three of them urging that the question go on the primary ballot.

One of the opponents was Bard Young, a United Auto Workers Union regional director and vice-chairman of the Wayne County UAW-CAP.

"I would agree with Mr. Young in his recommendation to clarify this bill by amendatory legislation and concede to placing the question on the ballot in November," Mrs. Dumas stated.

The legislation, Act 139 of 1973, permits the County Board of Commissioners to place a proposal for election of a county executive on the ballot. Mrs. Dumas introduced a resolution to put the question on the primary ballot after Board Chairman Robert E. FitzPatrick called the proposal the board's "No. 1 priority."

The public hearing on the matter was held April 17 by the General Government Committee of the Board of Commissioners. The committee was scheduled to meet Wednesday, April 24 to vote on whether or not to recommend that the board place the matter on the ballot.

She Supports Anti-Cruelty

In anticipation of the national "Be Kind to Animals Week", a Novi woman is heading the May Carnival and Raffle of the Anti-Cruelty Association.

Chairman of the event is Helen Woolfenden of 24557 Bashian Drive, who also is a board member of the association.

Proceeds from the event—to be held Sunday, May 5 at the Highland Park YWCA, 13130 Woodward Avenue, from 2 to 5 p.m.—will go toward a new ambulance and other much needed equipment of the association.

The party will kick off Be Kind to Animals Week, scheduled May 5-11.

Hot Dog!

Oscar's Great

Moraine Elementary's hot dog day had something extra added to it last Wednesday as the Oscar Mayer truck and Little Oscar paid a lunchtime visit to the school.

Students were given souvenir rings and had a chance to see the hot dog shaped truck. Every Wednesday at Moraine the students are offered the chance to purchase a hot lunch, either hot dogs or sloppy joes, depending upon the week.

The lunches are sponsored by the school's PTA and sold to students for a nominal cost, Moraine spokesmen explained.

Juvenile Arrests Rise in Northville

Juvenile crime took an unusually large increase in March when more youths were apprehended for crimes that month than during the first three months of 1973.

A total of 26 juveniles were involved in police action last month, up from 10 cases during March, 1973, and 17 through the first three months last year.

In a report recently issued by Sergeant David DeLauder, city police juvenile officer, the majority of youths (11) were involved in minor in possession of alcoholic beverage cases.

By category, crimes include shoplifting, six; traffic

violations, five; miscellaneous investigation, four.

During March, 1973, cases involving juveniles were minors in possession, narcotic offenses, one each; traffic offenses, six; other crimes, two.

Of the 26 juveniles involved in cases last month, 22 were arrested, 17 or those for non-traffic offenses. Three were referred to juvenile court authorities and 23 were handled within the local department.

Ages of juveniles ranged from nine years old to 16. Seven girls and 19 boys were involved in the cases, Sergeant DeLauder added.

Youth Tune Up For Big Tour

Musical Youth International, which includes three Northville residents, will present a public concert Sunday evening in a "tune-up" for its tour of Australia July 5 to August 9.

Local participants include Carol Baltz, 41131 Eight Mile Road, John Forrer, 46995 Main Street, and Cynthia Todd, 488 Welch.

Sunday's 7:30 p.m. concert will be held at Cantrick Junior

High School, under the sponsorship of the Monroe Chapter of the American Guild of Organists.

MYI is a chartered "people to people youth group" which annually visits a distant area of the world to experience interchange of living at the personal level.

Each year 100 students are selected from high schools in the Great Lakes area to organize a concert band and chorus. Some 50 schools are represented each year by their outstanding student citizens, who bring back to their local communities a personal report of their own experiences.

Giff Richards is the 1973-74 chorus director, Edwin Tower is the MYI band conductor, and Lester McCoy is executive director.

MYI was founded by the late Dr. Lester McCoy in 1965. He planned the first 10-year schedule.

The year 1974 will mark the appearance of MYI upon all the world's inhabited continents.

Stars in Play

A Northville woman, Bonny Mesaros, is among the cast members of this weekend's performance of "Seven Nuns in Las Vegas" being presented by the Plymouth Theatre Guild.

The play will be staged at 8 p.m. today (Thursday) through Saturday with all proceeds going to the Joe Crissy Fund. All performances are held at the Plymouth Central Middle School.

STATE HOSPITAL ARSON—This nurses station was one of four locations in H Building at Northville State Hospital set on fire at noon last Wednesday. The building, which is vacant and locked, also sustained

damage in three locations on the second floor where paper, mattresses and other items were set on fire. That second floor fire spread down the hallway, investigating officials said.

County Enforcement Seen

Soil Act Curbs Erosion

Complaints of soil erosion, pollution, and sedimentation voiced at past meetings of the Novi City Council may soon be answered.

Enforcement by Oakland County of the Soil Erosion and Sedimentation Control Act 347 of 1972 was approved by the

council at its Monday meeting. Administration of the act by the Oakland County drain commissioner's office will begin July 1.

As outlined by George Kuhn, Oakland County drain commissioner, the act would basically require:

1. The submission of an erosion and sedimentation control plan for approval before ground-breaking on any project (other than isolated single family dwellings) involving one or more acres of land.

2. Review and approval of such plan "by a person trained and experienced in erosion and sedimentation methods and techniques" (within 10 days) and the issuance of the state prescribed permit.

3. Physical site inspection by the enforcing agency (as a minimum) at the beginning, during construction and at the end of each project.

4. Issuance of cease and desist orders upon violation of the rules set forth under this Act.

5. Periodic review of all projects and maintain necessary records as required by law.

Kuhn sent assurances to the council that the city would not be giving up its right to set up and administer its own program within city boundaries, using its own staff.

The county will conduct on-site inspections about once a week and have the ability to issue cease and desist orders to stop work at the site if standards are not met, it was reported to the council.

Permits will not be issued to a builder until evidence of controls against soil erosion and sedimentation have been presented to the county and approved, council was told.

Kuhn also sent assurances that there would be no cost to the city for the implementation of the act.

Act 347 would, however, allow the county to "charge fees for review and permits to

help offset wages for new personnel that will be necessary to administer the act."

Agricultural practices conducted on more than five acres of land also will be covered by the act, beginning January 1, 1979.

Among the reasons given why the council passed administration of the act on to the county, for the time being, was that the city would not have an ordinance prepared by July 1. Also, the city will not have the money for a staff to administer the act by that date.

Specific requirements cited in the act are intended to limit the area exposed to erosion by any earth change and to set up soil conservation controls for the area which will continue after work has been completed.

Mrs. Milliken

Speaks May 7

Mrs. William G. Milliken, wife of Michigan's Governor, will deliver the keynote address at the Farmington Community Arts Council's Community Involvement Conference to be held on Tuesday, May 7, 1974 from 8:30 a.m. until 5 p.m. at Oakland Community College's Orchard Ridge Campus in Farmington Hills.

OBITUARIES

ANNA I. DAVIS
Private funeral services were held for Anna Isabel (Anabel) Davis of Novi who died Wednesday, April 17, at Eastlawn Convalescent Center where she had been a patient for the past few years.

Mrs. Davis was born August 27, 1884, in Traverse City, the daughter of David and Delina (Noel) Provencher. Her husband, Vern, and son, David William (Jack) Davis, preceded her in death.

Surviving are her grandchildren, Richard Davis of Northville, Mrs. Robert (Sherry) Little of Milford, and five great-grandchildren.

Burial was in Oakwood Memorial Gardens.

Surviving are a daughter Mrs. Everett (Leona) McRae of Walled Lake, a foster daughter, Mrs. Howard (Mildred) Hamilton of Chesaning, one grandson, Francis E. McRae of Walled Lake and four great-grandchildren.

Services were held Thursday, April 18, at the Richardson-Bird Funeral Home in Walled Lake where the Reverend Wendell Baglow officiated. Burial was in Oakland Hills Memorial Gardens, Novi.

PARK S. WHITE
Funeral services were held Saturday for Park Stephen White of Pennell in Northville who died last Thursday, April 18, in Novi after a long illness.

He was 92 years old. Born March 30, 1882, in Omaha, Nebraska, he was the son of Park S. and Anna (Kubus) White. Employed as a sanitary engineer, he moved to Northville in 1944 and on October 6, 1945, married his wife, Anna Martha White.

Surviving is his widow, one son, G. Russell Taylor of Novi, two grandchildren and two great-grandchildren.

Services were held at the Casterline Funeral Home where the Reverend Cedric Whitcomb of the First Baptist Church officiated. Burial was in Novi Cemetery.

MAXINE E. HEIDT
Funeral services were held Tuesday, for Maxine Evelyn Heidt of South Lyon at the Immanuel Lutheran Church in South Lyon. Mrs. Heidt died Saturday, April 20, in St. Joseph Mercy Hospital in Ann Arbor after a long illness. She was 39.

Born July 15, 1934, in Cass County, she was the daughter of Jesse L. and Clara (Clark) VanThyle of Cassopolis.

Surviving besides her parents are her husband, Milton L. Heidt, four daughters, Kathleen, Christine, Cheryl and Karen, all of South Lyon, two sisters, Mrs. Richard (Doris) Lobdell of Northville, Mrs. Alan (Virginia) Holck of Lapaz, Indiana, three brothers, Donald of Decatur, Lawrence of Dowagiac and Gregory of Elkhart, Indiana.

One sister, Mrs. Thomas (Carol) Dodd, preceded her in death.

CELIA E. MCKELDEY
A long time resident of the Walled Lake area, Celia E. McKelvey died Tuesday, April 16, in Walled Lake after a long illness. She was 87 years old.

Born November 20, 1886, in LaPorte, she was the daughter of Peter and Augusta (Wright) Beach. She married Frederick McKelvey who preceded her in death.

Mrs. McKelvey was a member of the First Baptist Church of Walled Lake.

ERA Bracelet Sale Aides Drive To Grant Women Equal Rights

NORTHVILLE LEAGUE member Marilyn Hopping displays the Equal Rights Amendment bracelet.

By JEAN DAY

Marilyn Hopping of Northville and Jane Wahamaki of Wixom are wearing identical bracelets these days, but they don't mind the duplication a bit.

Like hundreds of other women in the area — and all over the United States — they're wearing the initialed nickel-and-silver bracelets for the Equal Rights Amendment cause.

The ERA-initialed bracelets are being sold by the League of Women Voters at \$3 with profits being used by the league to lobby for passage of the amendment in states which have not yet voted upon it.

Michigan, notes Mrs. William Hopping, has passed it. The proposed 27th amendment to the U.S. constitution says that "equality of rights under the law shall not be denied or abridged by the U. S. or by any state on account of sex."

"We're working in five states — we need five to ratify," explains Mrs. Hopping. To date 33 states have approved the amendment with 38, the three-quarters required to amend the constitution, needed by March 1979.

Mrs. Hopping, who teaches art part-time at Cooke Middle School in Northville, is a speaker for the cause for the Northville-Plymouth League of Women Voters. She has made two presentations at the junior high level and sold the bracelets to students.

She says she has lots of the bracelets available for women who want to declare for ERA — and can get as many as 50 whenever needed through the Ann Arbor league.

Mrs. Sven Wahamaki, who belongs to the new provisional league in Wixom, read about the bracelets when they first were issued and sent to league headquarters in Maryland for hers — and for four others to present as Christmas gifts to her daughter, daughter-in-law, her neighbor and her daughter.

Mrs. Hopping points out in

her talks that the ERA will "remove sex as a factor in determining legal rights of men and women but will not interfere with private relationships."

"It is needed as in 1973 women in some states still are not recognized as mature, responsible adults. They cannot serve on juries, start a business, get a mortgage, control their own property, their own paychecks or the property of their children."

The League of Women Voters stresses in its approval of ERA that it "will not interfere with privacy (permits separation of sexes in prisons, dormitories, military barracks, toilets), will not do away with laws against rape (criminal laws against rape and other sexual crimes against persons will remain valid, but courts will have to stop giving a longer prison sentence to a woman than to a man for the same offense — and vice versa)."

The league adds that with a volunteer army, it's a dead issue whether women could be drafted under ERA...Congress could draft women, as it already can, but it would open up possibility of veterans' benefits to more women.

ERA, it continues, will remove discriminatory labor laws which, it says, now often prevent women from getting better jobs at better pay. Under ERA, league studies show, support in separation cases would be settled, as now, on individual basis. Child custody will be based on which parent can care best for the child.

ERA will become law; if three-quarters of the states ratify before March 1979. States then will have two years to review and revise their laws, regulations and practices.

The Northville league emphasizes that any group wishing a speaker for the amendment may call President Jane Watts, 453-0217, to arrange it.

Anyone wishing to support the cause by wearing a silver bangle proclaiming the ERA cause may call Mrs. Hopping, 349-4729, to purchase one

Wraps Up Safety Week

Bicycle Clinic Sunday

Climaxing Bike Safety Week in Northville Sunday will be an afternoon of bicycle oriented activities sponsored by the Northville Jaycees with the cooperation of the police department.

Inspections, licensing, and a series of bike skill tests are planned in the Northville Downs parking lot from 1 to 4 p.m. for youngsters.

Refreshments will be provided.

According to David LaRue and Jerry Delaney, who are heading the Jaycee project, Sunday's activities will cap Bike Safety Week which began April 21.

Throughout the week a number of other bike oriented activities took place, including a bicycle safety poster contest at the junior high level.

Dena Irwin, who drew a poster carrying the theme, "Safe Bike Riding - Try It, You'll Like It," was judged the winner by Jaycees who awarded her a \$25 savings bond.

Runnersup in the contest, each of whom earned plaudits of Jaycees, were Mark Reinwald, Steve Cooper, Cliff Griggs, Gerry Gross, Mike Gribbel, and Dave Stec.

In addition to the contest, a series of bicycle safety programs have been conducted in the school system during the week.

"Youngsters should find Sunday's activities exciting as well as educationally

beneficial," emphasize Jaycees.

Besides receiving inspection of their bicycles by policemen and Jaycees, youngsters will be able to test their skills at safe bike riding. They'll be tested at riding through a special course, much like motorists are tested in popular driving rodeos.

A prize — a brand new bicycle — will be awarded to the highest scoring test participant.

BPW Club

Seek 'Nike'

Northville Business and Professional Women's Club will join other Business and Professional Women's Clubs at the District IX meeting and brunch Sunday.

The clubs will be meeting at Leright's Restaurant on Wayne Road south of Cherry Hill in Westland at 9 a.m. Brunch is planned for noon.

The Northville group is urging as many members as possible to turn out so it can retain the Nike award for membership, spokesmen announced.

A lot of tractor at the right price.

Bolens G-10 Tractor

The only thing small about the Bolens G-10 is the price. This tractor is versatile. Simple Strong. Mows a 38" swath. Powered by a sturdy 10 hp engine with 3-speed geared transmission. Includes Bolens plug-in and lock-pin attachment system. Electric starting at the turn of a key gets you going fast, in any weather. Bolens. A good yard ahead.

Library Plans Open House

Friends of the Novi Library will host an open house tomorrow (Friday) at the library. According to group spokesmen, the open house is being planned from 1 to 4 p.m.

The group also adds that Shirley Bitnias will be the reader for Whitehall Convalescent Home.

In May, the library will have on display "Fabric

Fantasy from Children's Books".

The fabric collage wall hangings were created by a group of women known as "The Needlethreaders" and

are headed by Mrs. Julius J. Harwood of Oak Park.

The creative stitchery wall hangings use illustrations from children's favorite books. Books are hung along with the stitchery panels

SPEAKING for The Record

By BILL SLIGER

The Northville Area Economic Development Committee is seeking a little understanding.

Tuesday noon John Canterbury told Northville Rotarians that "in the minds of some there's a question of 'what is the Northville Area Economic Development Committee?', and some might even wonder if it is a 'secret' underground power."

"This doesn't go down very easily with us, but the questions are certainly very good for those unfamiliar with our organization," the Ford executive and veteran of community activities noted.

Canterbury then went on to explain how the organization was formed in 1962 with members appointed by the city council, township board and school board.

He named a number of city and township residents who have been active in the non-paid organization composed of citizens interested in promoting the economic welfare of the community.

And he noted that its bylaws stipulate that the Northville Area Economic Development Committee was formed to improve "industrial, commercial and all other aspects of economic development advantageous to the community".

Like many communities back in the early sixties, Northville sought to find ways to help the industry it already had and to encourage desirable, new development in the community to reduce the burden of school taxes on residential properties.

Canterbury then listed some of the organization's accomplishments, while noting that it had just "as many failures (such as an effort to acquire properties in the Gerald Avenue area for an industrial park).

On the plus side was a dinner honoring local industry and business, a brochure on Northville inviting new business, the financing of the expansion of Foundry Flak which added new employment and tax base and has been entirely repaid, acquisition of the property a parcel at a time where Northville Square is now located, assistance in bringing the proposed state police post to Northville, aiding in acquiring site from Ford for historical park, help in bringing Anger Manufacturing to Northville, taking an active role in preventing the sale of Maybury property to private entrepreneurs.

Admittedly, the Northville Area Economic Development Committee is a "low key" operation. Its work takes time, has no real political muscle or authority, gains very little recognition, but provides a great amount of personal satisfaction for men and women interested in helping things happen for the economic improvement of the total community.

The group is not seeking praise, just better community understanding. So it is encouraging more citizens to attend its meetings and participate in its activities.

Meetings are held on the third Wednesday of each month at Manufacturers Bank at 8 p.m.

And if you would care to have a representative of the group talk to any local organization, so that its goals and objectives might be better understood, call Jack Werner at the bank, or anyone of the following: Canterbury, John Miller, A. M.

We Like Letters

Northville township's efforts to balance its 1974-75 budget have been interesting to observe.

The board has avoided the two most common methods of bringing any budget into balance: 1—holding the line on expenditures; or, 2—asking the voter for more tax dollars to finance operating costs.

Instead it seized upon an idea that seemed to provide a path of practically no resistance.

The township would conduct its own census. The added population since the 1970 census would provide more than enough money to solve budget problems in the form of increased rebates from state income and sales taxes.

But state authorities declared that such a proposal was not legal. Any census conducted for the purpose of reallocating funds must be done on a statewide basis.

So it was back to the drawing board and another "painless revenue plan" was adopted last week.

It establishes a "township violations' bureau".

Henceforth, anyone pleading guilty to a traffic violation in Northville township will pay the fine directly to the township thereby cutting out the "middle man", namely the 35th District Court.

Based upon somebody's estimate of how many tickets could be issued to motorists willing to plead guilty and pay the fine, the board inserted a \$12,000 figure on the revenue side of the budget and, presto, it balanced.

This week District Judge Dunbar Davis has this to say about the proposal: "it's illegal".

"Violation bureaus are established under the jurisdiction of the District Court. All fines, except parking tickets, must be paid directly to the District Court which is responsible for the money," explained Judge Davis.

Further, the Judge expressed the opinion that such a proposal, if legal, would be "grossly unjust".

"The city of Northville pays all the court costs for contested cases (juries, etc.). Northville township pays nothing. It wouldn't be fair for the township to scrape off the cream for the uncontested cases," Judge Davis added.

He noted that the township currently receives a nominal amount of revenue from the cases it takes to the District Court, perhaps \$200 per month, he stated. But he insisted that there is no way open to Northville township to collect more from its traffic violation fines than it now receives.

So, maybe it's back to the drawing board for the township. But there's a suspicion that further efforts at balancing won't be undertaken.

The "balanced budget" may be only a maneuver for window dressing anyway.

Two years ago at a budget hearing a board trustee explained to this questioner that the township's budget really doesn't have to balance.

It's really not a budget at all...it's something else.

So, why all the fuss?

NINA L. FREEMAN

Speaking for Myself

More School Discipline Needed?

BILL MCCRIE

YES . . .

As a grandmother who helped educate her own children, and who is looking forward to her grandchildren getting a good education, I think we need more student discipline.

I am speaking of discipline in the form that it was meant to be used—not with the heavy hand, but with love and understanding.

As an example, let's say "Please don't talk" as opposed to "Don't talk!"

Discipline is taught with love, respect and care. It, therefore, teaches love, respect and care.

Some of our students today will be tomorrow's leaders. If they are not taught, then how can they discipline their own lives, and the lives of their children in the future?

What type of person would you be today had you not been taught discipline in school? Wouldn't more discipline be even better? Think about it.

So, parents and teachers, work together. After all, you are working toward the same goal. The children will profit and so will you.

Do we need more student discipline? Yes, definitely.
Nina L. Freeman

NO . . .

Rules, Rules, Rules. For a school to run smoothly you must have a certain amount of rules. These should cover skipping, tardiness, vandalism and hall traffic. This will insure that all classes can run smoothly and the building will be safe. There should also be rules that cover the safety of students, administration and their personal property.

There is such a thing as too many rules. When you get too many rules you can get caught up in enforcing them and not directing all your attention toward the main objective.

High Schools are institutes of learning and all efforts should be directed toward giving each student an equal chance for a quality education. Naturally, public schools will always get students who don't want to learn. For this reason, there is a need for rules to make sure this student doesn't interfere with other students in their quest for knowledge.

I don't feel there is a need for any more rules or regulations. High schools are not military schools. All extra time and effort which would be used to enforce any more rules should be directed to offering a quality education, which is a full time job in itself.

Questions Novi Rezoning

To the Editor:

Subject: Rezoning of land located between old Grand River, Haggerty Road, Ten Mile Road, Olde Orchard Subdivision.

Novi city-fathers, "are tax dollars more important to the City of Novi (at this time) than citizens' concern for the following?"

A) - Population density in Southeastern Novi.

B) - Traffic problems created by over-development in this area.

C) - Nine proposed (9) shopping centers in general location to Southeast Novi and one convenient center located at Old Orchard Road and Old Grand River. (Four proposed in Southeast Novi)

D) - Drainage from Patnales drain.

E) - Proposed phased

development by towncenter.

F) - Citizens concern.

A) - Has the City of Novi requested and/or received written notification from the D.N.R. (Department of Natural Resources) that a density study will be made in Southeast Novi? This section of the city is going to be overdeveloped and over-

By JACK HOFFMAN

Phil Jerome, our combination sports editor and Novi News editor, has goofed again.

He made his first mistake when he diplomatically wagered that I couldn't beat him in racket ball. His second occurred last week when he covered a Novi High School baseball game in Hines Park.

"Hey, Hoffman, believe it or not I saw a streak in the park," he reported upon arriving at the office. Whereupon he explained that while the ballgame was in progress four young men piled out of a car and galloped nude around the field once, climbed back into the car and promptly disappeared.

They wore fashionable signet rings, he reported.

What about pictures? I asked. "Oh, that. Well, I forgot to take along the camera."

His second mistake: he "covered" the streakers as well as the game.

☆ ☆ ☆

Which reminds me of the latest information bulletin put out by some anonymous dude on the Novi police force.

Among other things the bulletin establishes departmental policy number one:

"Streaking will be permitted (only) as follows: Female employees will streak on odd days, males on even days."

☆ ☆ ☆

An earlier bulletin, for which the modest police chief takes no credit, established these rules of conduct:

- The current practice of certain patrol units using the dog warden's blowgun on traffic violators will cease immediately.

- Supervising officers will desist from wearing unauthorized gear, such as sombreros and bandoliers, flying helmets and white scarf...

- Officers while in hot pursuit will continue to use proper radio procedures. Loud panic phrases or screams over the radio such as "Tally-ho", "Bonzai", "Torpedoes away", or "Bandits at 12 o'clock" will not be tolerated.

Obviously, the bulletin was prompted by someone enamored by the courts. While attending court, notified the communication, officers will refrain from:

News From Lansing

By R. ROBERT GEAKE
State Representative

A bill to reform campaign financing in Michigan was the subject of heated and sometimes caustic debate which took much of our time in the House last week.

The bill, Senate Bill 1016, had passed the senate but different language was substituted by the Democratic controlled committee handling the bill in the House.

The bill was scheduled to be taken up on April 3 but was successfully postponed to the 8th on motion of the Democratic floor leader. I voted against the delay but the motion carried 68 to 31.

Then, last Monday evening (April 8), the house convened at 8 p.m. and a showdown vote was held on adopting the House Substitute bill. In a dramatic roll call the Democratic majority was just able to muster the required 56 votes, one more than half the 110 House members, thus setting the stage for Tuesday's debate.

The discussion opened with a Republican proposal to require the reporting of all contributions to a candidate's campaign, as is called for under present law. The Democratic version, although purporting to be a "reform" package, creates a loophole by allowing candidates not to report contributions under \$25. The danger here is that large contributions could be divided up into smaller amounts, filtered through different individuals and at different times, to conceal special interest influence.

I voted for the amendment to close the loophole but we lost on another cliff hanging partyline roll call vote, with 47 voting FOR and 56 OPPOSED. After several hours of discussion and defeat of numerous further amendments the bill was advanced to third (final) reading.

Among the floor amendments offered on Wednesday were ones to require a filing fee by campaign committee treasurers (lost 36 to 63), to require the public to pay for candidates' mailings (lost 33 to 70), and to place a dollar value on in-kind contributions (passed 65 to 39). In-kind contributions are facilities and services which are given to a candidate such as the telephoning or passing out of literature by members of unions or other organizations.

Some of the most interesting discussions centered around control of political activity by labor unions. Since most labor unions spend vast amounts of money and manpower in support of Democrats and in opposition to Republicans, the voting on these amendments tended to be pretty much along party lines.

One proposal would have limited organizational contributions to 30 per cent of a candidate's total budget, with no single organization donating more than 10 per cent. Another would have required employee organizations such as unions to obtain consent from each member before that member's "donation" could be taken from his paycheck and given to a candidate or political action committee. Democrats were able to use their majority status to defeat each reform amendment as it was proposed.

The house will reconvene at 8 p.m. this Monday to again take up the controversial bill.

R. R. Geake

Top of The Deck

Continued from Page 10-A

- Stamping feet and cheering for a stiffer sentence.

- Using Roman custom of "thumbs down" to signal judge.

- Demanding defendant be tried by ordeal of fire.

- Winking, blowing kisses, etc. at the jury.

Finally, the bulletin warns:

Due to a large number of complaints from labor units and citizens, the department flame-thrower will no longer be used at strike details.

Alcoholics Sick, Not Criminals

To the Editor:

A corps of concerned recovered alcoholics are seeking the active support of fellow-recovered alcoholics in the area served by this newspaper.

We are aware that for the second successive year, the State Legislature may dawdle and delay passage of a bill that would decriminalize public intoxication.

We ask that you publish this information in the hope that other concerned recovered alcoholics who read this newspaper will thereby be stimulated to encourage their representatives in the House and Senate to work for the passage of House Bill 4008.

Acceptance of alcoholism as a disease by the suffering alcoholic is the best first step toward recovery.

The American Medical Association agreed a decade ago that alcoholism is a disease.

About 16 other states have passed laws decriminalizing public intoxication and establishing programs for prevention and treatment.

Added federal funds for treatment programs are promised to states if those states will decriminalize alcoholism.

Let's stop putting people in jail because they are sick!

Will every recovered (or recovering) alcoholic or any other concerned citizen who reads this please contact his legislators by mail or by phone and demand action now.

Sincerely,
Edward and Betty

Appreciates Easter Seal

To the Editor:

We would like to express our thanks to Mr. C. A. Smith, representing the Easter Seal Society, Rotarians, Northville Record, high school students, and the citizens of Northville for their generous contributions to the Easter Seal Society. Your efforts have made this year's drive more successful than ever before. Our little Susan joins us in our appreciation for your continued support of programs that have brought so much joy and laughter into her life.

He Questions Novi Rezoning

Continued from Page 10-A

populated. Can we support for police and fire services in this area with our present 6½ mills for municipal government?

B) - Has the City of Novi considered the potential traffic problems at this location? Are wider roads planned in this area and when?

C) - Does the City of Novi need another C-2 (general commercial) in Southeast Novi when the citizens of Novi don't want it?

D) - Will more development at this location cause more drainage problems - the Willowbrook subdivision - and more damage at Meadowbrook Lake? Are retention basins being considered to take care of excessive water runoff from the Patnales Drain? What effect will the water runoff from I-275 have on the above? The Patnales Drain will be discussed tomorrow, "The Day After" this rezoning hearing.

E) - Will the City of Novi request any developer to put

R-2-A in first 'next to Olde Orchard Subdivision to protect them from commercial and industrial development in their back yard? Is there too much R-2-A in Southeast Novi now? At the planning board hearing on this rezoning it was discussed that sewer taps could not be obtained for several years for R-2-A. I talked to (your administrative assistant) and he said that no sewer taps were available for R-2-A at this time.

He said that commercial and industrial sewer taps could be made available to help the tax base of Novi. Is it not true that sewer taps are now available for R-2-A? How come? I talked to him two weeks ago. What does the

Novi City Council think about phased development?

Many of my neighbors in Olde Orchard and Applegate don't want any more C-2 in Southeast Novi at this time. Many other subdivisions don't want it. They are the machine, the voter. They would have to support it financially.

These are a few questions which will be asked tonight. I am sure many more will be asked. Example, noise pollution, etc. Unless the above questions can be answered and other questions raised tonight, it is premature to consider this rezoning.

Concerned Novi Citizen,
Charles M. Young

Egg Hunt's A Success

To the Editor:

The Northville Jaycee's Annual Easter Egg hunt this year was a great success. It was well organized, had plenty of eggs and wonderful prizes, and the Jaycees displayed a Happy Easter Spirit towards all.

We have only one suggestion for next year's

hunt. Please add one more category for over anxious Easter egg hunting parents. This will eliminate the parents from the children's areas and give the kids a chance to find their own eggs.

Cost Estimates Studied

Township May Settle School Drain Problems

Problems which have plagued Northville School District's new middle school storm sewer appear to be solved.

Thursday, Northville township board directed the supervisor to turn over cost estimates of building the drain to the school board. Similar estimates are being requested from the school's architect, school officials said.

Originally, the district planned to empty surface water from the middle school site on Bradner and Six Mile into a county drain along Bradner. However, the Wayne County Road Com-

mission said the drain was not capable of handling water from the site.

Plans to build a parallel drain were nixed because the easement obtained by the county was not large enough for two drains. Proposal to place a drain on the opposite side of Bradner Road ran into trouble when one homeowner refused to grant an easement across the front five feet of his property.

Township Engineer William Mosher, confronted by the school district with the problem, suggested draining the site along Franklin Road and not Bradner. "It's less expensive and more prac-

tical," he explained last week.

Permission from Wayne County Road Commission to allow construction of the drain hinged on the township agreeing to maintain the drain once it's built.

School officials agreed to reimburse the township for any maintenance expense and, if the school district chooses to have the township construct the drain, the school will pay construction costs.

Business Director for the schools Earl Busard said the drain would be about 850 feet long and would be the school's responsibility until the road commission hooks into it with other surface run-off, "which

probably wouldn't occur until Franklin Road was paved."

County officials also have said the drain, which will run along the west side of Franklin Road, must be large enough to hold water from Franklin, Waterford and areas south.

Township trustees unanimously authorized the supervisor to give the school district cost estimates on construction of the drain.

No decision is expected from the school district on whether the township or the school will build the drain until cost estimates are received from the school's architect, Busard said.

Widow Seminars Planned

Schoolcraft College has scheduled a new series of seminars especially for women who suddenly find themselves alone in our couples-oriented society.

Entitled, "Alone Again", the series is being offered through the Women's Continuum Program headed by Ms. Nancy Dufour who explained that the sessions should be of help to women currently experiencing divorce, separation or widowhood, and to those friends and relatives trying to help and understand them.

The series consists of four Thursday evening sessions on May 2, 9, 16 and 30. Most have been scheduled from 8-10 p.m. in the theater of the Liberal Arts Building on campus.

Persons wishing to register for any session in this series should call the Women's Continuum Program at 591-6400, Ext. 217. There will be a charge of \$1 per person for each session, payable at the door. Pre-registration is necessary due to space limitations.

The series will begin with a session entitled, "Single Again", led by Dr. Glen Chaffee of the Metropolitan Guidance Center in Farmington. Dr. Chaffee will deal with the identity crisis that evolves upon widowhood, divorce or separation and some methods for getting in touch with yourself again.

Dr. Virginia VanCoevering will lead the May 9 session on "The Grieving Process". Dr. VanCoevering, a counselor and specialist in the problems of aging, will deal with the steps in the grieving process, their length and therapeutic value. This one session will be held in the Forum Building Theater.

Dr. VanCoevering will return on May 16 to lead a session on "Preparing For Those Years Alone". She will focus on steps women can take in their middle years to prepare themselves to cope with some of the problems inherent in living as a woman alone.

The final session on May 30 is entitled, "Raising Children As a Parent Alone", and will be led by Mrs. Sally Holmes, MSW Family Counselor for Family Services of Metropolitan Detroit. It will deal with the unique problems involved in raising children alone, such as financial security, discipline, family relations and seeking a new partner.

According to Ms. Dufour, women of all ages should recognize that many women will experience their later years alone. They can benefit by becoming more aware now of problems that may arise, potential solutions to them, and community organizations available to help.

Township OKs Van Purchase

Purchase of an equipment van has been agreed to by Northville township board. The van, which will replace the one presently used to carry equipment to fires, will be purchased on a 50-50 basis with the City of Northville which approved the request last week.

Contract was awarded to low bidder, G. E. Miller Dodge of Northville at a price of \$4,362.42. Township will use revenue sharing funds to pay its share of the cost, the board added.

Continued from Record, 1

be constructed and maintained by the township; - lease may be canceled after two years by the county with a one year notice required;

- following expiration of the lease, township must vacate building, with or without improvements, at direction of the county.

Township attorney Donald Morgan said the building cannot be subleased by the township without county approval and that there is no option for the township to renew the lease after five years expires.

Although there is no commitment from the county on the township leasing the fire station, Morgan said the county has agreed to keep negotiations open for 12 months.

Wright said building improvements could not begin until the May 1 date (or when the lease is signed) and that rent would also begin on that date.

MacDonald said he felt there are "a number of expenses in addition to \$1,000 per month rent. I have no idea how much they will cost, either."

He added that "unless there is an urgent need to move out of these (school board) quarters, I cannot see the additional expense."

Wright explained that the cost would be "\$60,000 plus renovation, which would not be much, and the cost of a parking lot. Money will come from public improvement fund, revenue sharing and rent from the water and sewer and building departments."

Present lease for quarters being rented by the township from the school board has been extended on a month to month basis beginning May 1 through August 30.

Further extension of the lease may be obtained if the township notifies the school board by July 15. Rent for the school quarters is \$350 through June and \$450 per month after June.

Clerk Cayley said that once cost estimates on renovation and the parking lot have been received and items on insurance for the Center building clarified, she would be contacting board members

Appeal

Continued from Record, 1

Tanger Elementary School was built and the natural flow of water blocked have our basements flooded."

He added that Michigan National Bank's new building on Five Mile Road "aggravated the problem. The school's playground is a lake."

Township Supervisor Lawrence Wright explained he has contacted the Wayne County Drain Commission "and the solution is very costly. Three other areas in the township have similar problems. They (drain commission) can set up a special assessment district in the area or can designate the entire township as a special assessment district and spread the cost over all residents."

Residents from other areas who recently have appealed to the board for help are those on Ridge Court and on Five Mile Road near Park Lane, Maxwell and Fry, just west of Haggerty Road.

Wright explained that he has contacted the Plymouth School District and "they deny Tanger is causing the problem."

He said that only the Wayne County Road Commission can do anything to solve the drainage problem.

before the lease was signed. "I have some reservations myself on the lease," she commented.

Klein said he would be willing to "vote 'yes' on the lease once I know what the costs are going to be."

Pool Shooters Cop State Title

Northville's VFW pool team was victorious over 11 Michigan teams at Flint's Chevrolet Post No. 3087 over the weekend to claim the state championship—the first time the local shooters have taken the coveted title.

Post 4012 was awarded the Ray Paquin memorial traveling trophy, named after the late post commander who was instrumental in starting the pool league. Mrs. Doris Paquin was there to present the trophy to the winning team.

Earlier Northville won the league championship and then sailed through 4th district competition in tuning up for the big state showdown.

Members of the team are captain Gerry Raymond, Dick Robinson, Charlie Fialon, Bobbie Smith, Fred Kemp, Jay Cacioppo, Cloyce Myers, Lawrence McArthur, Bill Widmaier, Lou Lanning and Myron Udey.

Besides the team championship, Northville was well represented in singles as Smith finished second out of 33 shooters.

'It's Council's Turn to Eat Crow'

Continued from Record, 1

scope. In the new zoning ordinance planners suggested it be zoned to permit monument sales, but not manufacture.

Commission Chairman Burton DeRusha called it an unfortunate planning oversight and he offered the commission's apology, but he also reminded the mayor that

he, like many other citizens, had an opportunity to voice their objections at the public hearing. In the absence of objection the commission could only conclude the GCD zoning for the mayor's property was satisfactory.

Subsequently, the wording of the proposed zoning ordinance was modified to specifically permit the monument business to con-

tinue uninterrupted.

Nevertheless, the fact that planners in some instances apparently did not take into consideration specific existing zoning uses irked the mayor and fellow councilmen.

Now comes the planning commission's rejoinder.

Last fall the city council, without consulting with planners, enacted two new ordinances — one titled "Landscape and Land Use Buffers" and the other "Soil Erosion."

Even though the two new laws have been on the books for several months now, planners noted last week, the commission was never formally notified of them — even though the ordinances apparently directly affect the

commission's role in site plan considerations.

Worse than this omission, says the commission, is the fact that a half-dozen site plan applicants apparently have been granted irregular approval by the commission since planners did not check to see if the plans met requirements of the two ordinances in question.

Can these applicants be made to comply at this late date? Planners doubt it but they suggest the city manager formally notify the applicants and encourage them to resubmit their plans.

"We may have erred in the mayor's case but the council must shoulder the blame in this latest 'oversight,'" commissioners emphasize.

OK Land Sale

Continued from Novi, 1

thusiasm by some citizens including members of the park board. They contend the city should use the money for purchase of park lands elsewhere since acquisition of part of the 160 acre site is planned eventually anyway.

Under a master plan for site development, which was jointly financed by the city, school and library, the city's new municipal center is to be located along 10 Mile Road as is the library. The new comprehensive high school planned for the site is to face Taft Road.

Concerning that school, Superintendent Kratz announced Tuesday that the Michigan Municipal Finance Commission has approved the selling of bonds represented by the \$13.5 million issue approved by Novi voters last year.

Several new schools, including the new high school, are represented in this \$13.5 million bond issue.

In anticipation of the sale of bonds, which has been tentatively set for May 28, the board awarded contracts for construction of the Village Oaks Elementary School addition Tuesday.

The board decided to take the "risk" of awarding the contracts prior to the sale of the bonds to expedite construction. Technically, if for some reason the bonds are not sold, the district would be left with a construction bill for which it would have insufficient monies to cover.

Named general contractor, on the basis of its low bid of \$122,550, was L. O. Lauer, and Glickes was named the electrical contractor for its low bid of \$17,371.

Not approved Tuesday was the low bid of Griffin Brothers, for the mechanical contract, pending clarification of cost concerning equipment of one of the suppliers.

Dismissed

Continued from Novi, 1

punishable by up to 10 years imprisonment. It is a high misdemeanor for a public employee to accept a bribe. The high misdemeanor charge carries a maximum sentence of one year imprisonment.

Detective Sergeant Nelson reported that Judge Boyle indicated that the Prosecutor should investigate reissuing warrants against Miller, this time charging him as a public employee.

Nelson stated that Novi Police are presently awaiting the decision of the Prosecutor's Office as to whether additional warrants would be issued.

Eye CBD

Continued from Record, 1

to include only a portion of the block (Wing, Dunlap, Center and Randolph) in the CBD very likely will be scrapped entirely by the council.

It was the initial inclusion of houses within the block in the CBD that triggered a storm of citizen protest. Subsequently, the planning commission modified its proposal and included only a portion of the block in the CBD in its recommended map submitted to the council.

Despite this recommendation, discussion by council last week suggests the existing zoning in the block will not be changed.

The Northville Record / THE NOVI NEWS

The Brighton Argus / THE SOUTH LYON HERALD

Wed., Thurs., April 24-25, 1974

Within two minutes after Zero the mushroom cloud reached 40,000 feet—the height of thirty-two Empire State Buildings

With the Empire State Building as Zero the fireball would have reached from Washington Square to Central Park, New York City.

Above illustrations appeared in 1955 CD brochure

By ROLLY PETERSON

Try to get shielded. . .
Drop flat on the ground or floor. . .
Bury your face in your arms. . .
Don't rush outside. . .
Don't take chances with food or water in open containers.
Don't start rumors. . .

This list of reminders could easily apply to natural disasters and the steps to be taken to minimize injuries, sickness and possibly death. The reminders may apply to natural disasters, but they are procedures spelled out in a 1951 newspaper article explaining what to do in case of atomic attack.

Interest in atomic attack couldn't be less than it is currently. Civil Defense offices contacted by this newspaper acknowledge calls about preventative measures are next to nil.

It hasn't always been so. In 1951, the first serious concern about a nuclear attack gripped the nation. The catalyst was the Korean War, this nation's first post-World War II police action.

The amount of Civil Defense material circulated by local, county, state and national offices was ponderous. Newspaper articles warned of the Red menace and the necessity to be prepared for a nuclear holocaust.

A major part of those precautions was encouragement to build a home bomb shelter. Booklets were circulated, indicating what structurally should be done.

The next incident that provoked a rash of calls to Civil Defense offices, according to Leland Onkka, assistant CD director in Wayne County, was the Cuban Missile crisis of 1963.

Onkka was not with CD then, but he says people who were told him the phone "rang off the hook." People wanted to know—and immediately—how to build a home bomb shelter.

There are no statistics detailing how many home bomb shelters there are. Civil Defense officials estimate there were several in every community, built secretly by home owners, primarily during crisis periods.

"A lot of people didn't tell anybody," Onkka said. "They were secretive because, if you recall, they were afraid that their home shelters, built to accommodate their families, would attract neighbors seeking refuge in time of disaster."

Onkka recalled that there was some newspaper controversy over the home bomb shelter, due to the prospect of persons forcing themselves on homeowners with shelters. Specifically, the question was do you arm yourself with a rifle to keep neighbors out?

One still has difficulty discovering the location of private

bomb shelters. Sliger Publications sought them out, but virtually no one had knowledge of homes with shelters. CD officials don't have figures.

The cost of a bomb shelter was estimated at \$1,500 some years ago, Onkka said. But you can revise that figure upward
Continued on Page 12-B

Honeycombed with underground shelters such as this passageway, Northville State Hospital is still ready

for an emergency, says Security Officer Charles McQueer who remembers a time not long along when the atomic bomb threat sparked plans (below) for a variety of bomb shelters for homes.

Lee Crail, Livingston emergency services director

Baptist School Teaches Patriotism, The Bible

A unique parochial school opened its doors in Brighton in September of 1972 and now boasts a school population of 60 students ranging from Kindergarten through high school.

The Regular Baptist Academy meets in Tri-Lakes Baptist Church, 9100 Lee Road, Brighton, though it is not associated with that church. According to the principal, the Reverend Duane Ertle of Bethel Baptist Church near Hamburg, the school emphasizes not only the basic cognitive skills of reading, writing and arithmetic, but patriotism and the Bible as well.

The Academy is also unique in its methods of teaching. All of the academic subjects are taught on an individualized basis.

A student's day begins with prayer, scripture reading, the pledge to the Christian and American flags and singing of devotional or patriotic songs.

Pastor Ertle points out that the school is meeting state requirements in teacher certification and fire and health standards.

He says the school was begun as an outgrowth of the Supreme Court decision to take prayer out of schools.

"When prayer was taken out of school it left a great void which only the Bible, prayer and loyalty to God can fill," Pastor Ertle said. "Before 1860, 90 percent of United States children attended a church oriented school where the Bible was a text and the pastor a teacher, but by the turn of the century the reverse was true.

"The focal point of education of the young switched from the Bible to the natural basis of life and instead of Bible they

turned to evolution. Instead of hoping in God, people hope in nature. We don't wish our young brought up with corrupt minds."

Besides the morning prayer, a time is set aside during the afternoon for prayer and on alternate days physical education classes and group dynamics on the doctrines of the Bible are taught.

The remainder of a student's day consists of two breaks and a lunch period and periods of study.

"We have a very open school in the way it is set up, but discipline is maintained," Pastor Ertle said.

Each student, from first grade on, has his own "office" or carrel in which he works on his studies. Kindergartners and first graders are taught reading by one of the school's monitors.

Once a child has learned to read he begins to work in packets and learns at his own rate of achievement, earning rewards for his progress in the form of special privileges, Pastor Ertle noted.

"The teaching method is centered around the curriculum, not the teacher," Mr. Ertle said. "The young are placed in a level in the curriculum and they follow this through themselves. They consult the teachers if they have questions.

The teachers at the school are called supervisors. The full-time teacher is Marie Crosby, wife of the pastor of Galilean Baptist Church in Pinckney. The Reverend James Hartenberg, the pastor of a church in Cohoctah township of Livingston County, is a part-time teacher and Shirley DeBoer, the other part-time teacher, is the wife of the Reverend Walter DeBoer of Fellowship Baptist Church, Whitmore Lake.

During the school day one pastor from the four churches represented in the school is on duty along with the principal. Five other persons serve as monitors at the school.

Pastor Ertle says discipline is maintained in the very open school easily, since morning chapel instills ideas of self-control.

"Christian life is exemplified here," Mr. Ertle said. "We stress the growth within a person as much as the growth of the mind. Secular schools emphasize the mind. We major in the inner person and spiritual life and that we are accountable before God for our actions.

"Through this students come to a place where they discipline themselves. We also require kindness and respect for teachers and we return that respect and kindness."

The school is administered by a Board of Directors consisting of the pastors of the four churches represented and two members from each church. The churches represented include Bethel Baptist, Bible Baptist, Howell, Galilean Baptist and Anathoth Baptist, Pinckney.

Mr. Ertle says the school is not limited to Baptist children.

"For elementary students, the parents must be in agreement with the schools and they must support the teachers on decisions and discipline," Pastor Ertle said. "The same is true for high school students, except the child must also want to come to the school. We require that the students meet dress codes, do not smoke cigarettes and are not on drugs."

Parents and prospective students are invited to view a film strip outlining the program at the school when they apply. Pastor Ertle said he would be happy to provide additional information about the school and that he may be reached during the school day at 229-2260.

INDIVIDUALIZED INSTRUCTION—The 60 students at the Regular Baptist Academy in Brighton do all of their academic subjects on an individual basis. Once a child has learned to read he begins to work in packets and learns at his own rate of achievement in his individual "office." The students are

responsible to follow through on their work and consult teachers if they have questions. Here, the principal of the school, The Reverend Duane Ertle, answers a question from Ruth Crosby. Her brother Paul occupies the next carrel.

Woman to Speak in Novi

Called 'True Mystic'

A woman whose supporters claim she is a "true mystic" has been speaking in the Detroit area this week and she will conclude her tour with a meeting at Novi Middle School on Taft Road 7 p.m., Friday.

Mrs. Frances Klug, a Catholic woman from California, is said to be an instrument of God, the angels and the saints.

"God speaks through Mrs. Klug's vocal box and she hears it just as you and I do," said Victor Varisco. Varisco is the administrator of the corporation which will build a Biblical city in Brea, California, based on the revelations that come from Mrs. Klug.

This organization is called St. Joseph Hill of Hope and the mystical gift that Mrs. Klug has had for the past six years is being called the Miracle of St. Joseph.

Mr. and Mrs. Edwon Laabs

of Southfield represent the St. Joseph, Hill of Hope organization in Michigan.

Mrs. Laabs explained that Mrs. Klug's gift is called the Miracle of St. Joseph since St. Joseph is the main saint to make revelations through Mrs. Klug.

"When this first started St. Therese told her there would be a great miracle and that it would be a teaching miracle," Mrs. Laabs said. "St. Joseph instructed her to buy land and told her that when she put her feet on the land she would know she was to buy that land."

Mrs. Klug found her land in

Brea, California and found that the people who owned it had always wanted it used by the church, Mrs. Laabs said. It also turned out that Father Sierra, who set up several missions in California, had named the area the Province of St. Joseph.

"No one knew that until they bought the land," Mrs. Laabs said.

The St. Joseph Hill of Hope society is to build a Biblical city in Brea. Varisco said every edifice in the city whether it is the Basilica, the hospital or any chapel will be designed through the Miracle of St. Joseph.

The buildings to be placed on the land are in the design stage now and artists draw the buildings under Mrs. Klug's direction.

"She has been given the vision of the buildings. It is implanted within her," Varisco said.

Mrs. Laabs truly believes in the miracle of St. Joseph. Information from the Catholic Archdiocese office in Detroit reveals that the Bishop of the San Diego, California Diocese has advised Catholics not to give money to the St. Joseph organization.

"They did the same with Fatima," Mrs. Laabs said. "They told the people to stay away, but people didn't. If they had listened, 70,000 wouldn't have been there to see the miracle at Fatima."

"This is the way the church always is. It is slow to act on something like this."

Lottery losers could be Lottery winners!

May is "DOUBLE BONUS" month!

Tickets go on sale noon April 23. Dozens of \$500 Bonus prizes each week for five weeks. Plus a Losers' Drawing with an estimated 180 prizes of \$1,000 each. That's in addition to over a million dollars in regular prizes each week.

Two ways to win a May Bonus:

#1: You could be one of an estimated 180 winning ticket holders for May weekly drawing dates who'll each win a \$500 Bonus prize. There's \$90,000 in extra prizes alone!

#2: If you're a Lottery loser in May, you can be a Lottery winner in a special drawing June 6. An estimated 180 May losers will win \$1,000 each in our special Losers' Drawing.

Buy Lottery tickets with May drawing dates. After the drawing of the Regular Weekly numbers and the Second Chance numbers on each of the May drawing dates, three Bonus numbers will be drawn. Any ticket dated for that weekly drawing matching any two of these three sets of numbers automatically wins a \$500 prize. Matching one set of Bonus numbers does not qualify for a \$25 prize.

Hang on to your May losing Lottery tickets! All tickets with drawing dates of May 2, 9, 16, 23 and 30 that fail to win any prize become eligible for the special Losers' Drawing. On June 6, three Losers' numbers will be drawn. Any one ticket matching two of these three sets of numbers wins a \$1,000 prize. Matching one set of Losers' numbers does not qualify for a \$25 prize. Remember: Only May Lottery tickets which have not won a prize are eligible for the Losers' Drawing. Tickets with the June 6 drawing date are not eligible. Total May Double Bonus prizes: \$270,000!

1st week May Bonus tickets go on sale noon April 23 at statewide agency locations.

AECHMEA ORLANDIANA

Pineapple Family Claims This 'Urn'

EDITOR'S NOTE: MSU's "Plant of the Week" is designed to familiarize readers with the different types of plants that are suitable for growing inside the house, and the best conditions for growing them. The plants in this series will do well under average house conditions.

EAST LANSING—Aechmea, sometimes called the urn plant, is characterized by its stiff, thick leaves forming a funnel-shaped rosette. It is a member of the Bromeliad family which includes the pineapple. The leaves are richly colored and patterned, with deep cups to hold water.

A cluster of small flowers is perched well above the foliage on a thin stalk. The flowers rarely open but have richly colored bracts and long lasting clusters of berries.

Michigan State University horticulturists suggest the following conditions for best growth:

SOIL should contain one-third fir bark, one-third peat moss and one-third perlite, and either lumps of charcoal or broken pot for drainage.

WATER sparingly during rest periods or when the temperature drops. Keep the soil moist, because it is difficult to moisten after it has dried, but be careful that it is not constantly wet. Spray or dust the leaves occasionally to remove any dust. The center of the plant will hold water and should be filled at all times.

TEMPERATURES should

be warm — anywhere from 62-85 degrees F.

LIGHT — Aechmeas prefer good light — a place near an east window. The sun will bring out the vibrant colors in the foliage. They are, however, very tolerant and will grow in a north window or any shaded area of the home.

PROPAGATION is by cuttings or suckers

Mow Frequently

Lawns, old ones in particular, often have a big thatch problem. Thatch is the interwoven barricade of plant roots and crown grass next to the soil surface. If it becomes thick, it can cause problems with water runoff rather than soaking deeply into the soil around the plant.

Dethatching machines are available at most rental stores and devices for rotary mowers are also sold to remove the thatch from the lawn. Mechanical removal leaves the lawn looking like it has just gone through a super-hurricane season, but it is best to remove thatch to prevent further damage to the lawn.

John R. Hall, Turf Specialist, University of Maryland, believes pathogenic organisms causing leaf spot, stripe smut, dollar spot, brown patch, fusarium and pythium are harbored by the thatch layer. Hall also states, when thatch layers are kept moist, roots tend to develop in the thatch layer, and crown regions of the individual turfgrass plants tend to be elevated in the thatch.

The fine fescues are generally regarded as slower growing grass and consequently do not create thatch as rapidly as other types of grasses. On the other hand, the fine fescues do not decompose as rapidly as some grasses, because of their fiber makeup.

Grasses tend to thatch more when over-fertilized since the growth process is speeded up. Researchers have shown light applications of lime may be beneficial in speeding up the decomposition of thatch.

Light applications of nitrogen also helps to decompose thatch.

Of course, one of the best ways to reduce thatch buildup is to catch and remove grass clippings at mowing time. More frequent mowing also seems to be a thatch reducing practice.

If the homeowner wants to remove the thatch from his lawn, it is best to do it in the early spring or in the fall months when there is still growing weather. This is also a good time to overseed the lawn. New grass seed applied at this time can make contact with the soil and give your lawn a fresh start. Dethatching should not be done in the hot summertime. The shock to the remaining grass plants caused by the process along with the hot weather could destroy much of the grass left on the lawn.

"Best way to cure snow and salt burn... GRAND PRIZE* Lawn & Garden Gypsum."

says Jerry Baker
America's Master
Gardener and author of
Plants Are Like People

Reg. U. S. Pat. Off.

GRAND PRIZE is a natural soil conditioner that loosens hard soil, prevents salt burn by leaching out harmful sodium. In untreated lawns where burn has already occurred, it restores circulation of air and water to overcome compaction caused by piled-up snow.

GRAND PRIZE lets choked-up soil breathe again, seeds germinate faster, fertilizers work better and roots grow deeper.

GRAND PRIZE will not harm children or pets, can be applied anywhere in any season. Recommended usage to correct salt damage is 20 to 40 pounds per 100 sq. ft.

Get GRAND PRIZE Lawn & Garden Gypsum at leading garden centers everywhere.

Business Briefs

A Column About People, Places and Things

STAFFERS from the four offices of Ashley and Cox Real Estate are enrolled in a "Magna-Man" course, attending classes Tuesday evenings at the Howell office.

Ashley and Cox, which has offices in Novi, Howell, Hamburg and Fowlerville, decided to take advantage of the course because it wanted to improve the firm's traditional sales training programs.

"We enrolled our sales personnel," explained Darrell Ashley, "because we know the seminar tunes them in on the same mental wave length as our clients. It gives each of our staff an objective viewpoint of himself, his career and his relationships with others."

"They can now lay out clear objectives and formulate new ideas to best help our clients. The real payoff comes in performance and profit."

Ashley continued, "This course instills the self confidence and creative thinking that is so necessary to achieve any goal in life."

MR. AND MRS. Robert Driscoll of Northville were welcomed to an Agency Liaison Panel meeting at the Broadmoor in Colorado Springs, Colorado, by Zurich American Insurance Companies' President George F. McDonnell. The four-day session was hosted by Z-A to recognize top insurance agents and to secure their feedback on ideas for service and products.

JOHN HOBART of Northville has been promoted to general manager of Adistra Corporation's Scott Phillips Division.

William P. Scott, president of Adistra, made the announcement this past week. He said Hobart will have total responsibility for the division's operation, reporting directly to the president.

Scott Phillips is one of three divisions of Adistra, a leading marketing communications service organization with operations in Plymouth, and Northville. Scott Phillips has as its primary sales responsibility all General Motors accounts. In the past two years Scott Phillips has nearly doubled its sales volume making a significant contribution to Adistra's continuing pattern of growth.

According to Scott, William Miller, who held the position of general manager along with being a corporate vice president and chief financial officer, will now be able to devote full time to his financial planning activities.

A 1958 Alma College graduate, Hobart has been with Adistra for the past nine years. He has a background of experience in sales, planning, administration, research and development, most recently he was assistant general manager of Scott Phillips Division. In addition to his management assignment Hobart, a member of the American Marketing Association, will continue his staff activities in directing the research and development activities of the corporation.

Hobart, his wife and two children reside in Northville Township. He is a member of the Northville Board of Education.

SIDEWALK DAY, which annually attracts thousands of shoppers to downtown Northville, is to be held on Saturday, July 27 this year, Chairman Charles Lapham announced this week.

A tradition in Northville the event encourages merchants to display and sell their wares from the sidewalk and street in front of their stores while encouraging arts, crafts, and hobby booths by others.

Persons wishing additional information may call Lapham at 349-3677.

FIRST ANNIVERSARY of the opening of the Drawbridge Restaurant in Northville is being celebrated this month.

Located at the southwest corner of Dunlap and Center streets, the restaurant building, which now carries an Early English theme, was originally built in 1885 as the Methodist Church of Northville.

The restaurant which employs nearly 70 persons, features moderate prices for elegant dining. Principal owner is Paul E. Fregolle.

HIGHLIGHTING the theme, "The Realtor — A Voice For America's Property Owners," the Western Wayne Oakland County Board of Realtors is observing Realtor Week tomorrow which began Sunday.

Through daily activities, the Western Wayne Oakland County Board of Realtors is seeking to increase public awareness of the part property ownership plays in the free enterprise system.

"The goal and the cause of home ownership as outlined by the Realtor is one of the primary reasons for the celebration of Realtor Week. It is our intention to point out how Realtors serve the real estate needs of all Americans and to reaffirm our commitment to home ownership," Executive Vice-President Michael Samonek concluded.

"Being a voice for America's property owner is a role Realtors welcome," realtor Lois Dicks, president of Western Wayne Oakland County Board of Realtors, said. "Urban development, property taxes, and zoning ordinances are a few areas where realtors will be giving additional consideration to choosing homes for clients that reflect a changing life style due to in-

creased energy consciousness.

Realtor Week activities planned by the Western Wayne Oakland County Board of Realtors include:

An Annual Dinner-Dance to be held today (Thursday) at the Thunderbird Hilton.

Activities will begin at 6 p.m. and will be held to honor the realtor movement.

DR. H. K. HUSEIN has joined Dr. Shafqat Ali in a practice of internal medicine at 115 East Dunlap Street. Dr. Husein, who was recently certified by the American Board of Internal Medicine, will specialize in cardiac cases.

K. THOMAS BRYANT of Detroit Concrete Products Corporation of Novi has been elected vice-president of the Michigan Asphalt Paving Association.

Membership in the Michigan Asphalt Paving Association is limited to contractors with prequalification ratings registered with the Michigan Department of State Highways.

Prequalification is a scientific method of determining contractor experience, condition of equipment and financial reliability.

The new president of MSPA is Bruce E. McKellar of the Michigan Colprovia Company of Grand Rapids, and Owen W. Bachman of Spartan Asphalt Paving Company of Holt is the new secretary-treasurer.

K. THOMAS BRYANT

CONSTRUCTION is expected to begin within two months on a new office building of Paul Folino at 430 North Center Street in Northville.

The 40 x 50 foot red brick building, which will house Folino's State Farm Insurance business and include another unit for rental purposes, will be of Early American architecture—similar in appearance to the Northville city hall.

The old frame house, now located on the property, is to be donated to the Northville Historical Society for inclusion in the Mill Race Historical Village off Griswold Street, said Folino, a city councilman. It was built before the turn of the century according to dates on newspapers pasted to the ceiling.

Folino hopes to be in the new building by fall.

IT'S BEEN just two years since Real Estate One launched a free one-year service contract on most homes listed and sold through any of the firm's 25 metropolitan Detroit offices.

And in that period the firm has purchased 2,794 contracts for their customers. Many have been renewed by the homeowners after the one year expiration.

Examples of the kinds of services performed under the contract can be seen by examining the March report furnished by the Palace Guard Division which contracted with Real Estate One to furnish the service.

During this period, payments were made for 196 service calls. Of these, 130 were related to plumbing, 36 were electrical, and 30 dealt with heating and hot water service.

More specifically, for example, a blower motor assembly was repaired, heat ducts and thermostat was adjusted, and the sink and toilet drain cleaned in homes on 10 Mile in Novi.

Also in Novi, on Pinecrest, a shower was repaired while the heating men replaced and rewired the limit control on the furnace.

On Hopkins in Wixom the hot and cold faucets in the half-bath were replaced, the toilet repaired, and the furnace cleaned and tuned.

Said Richard S. Elsea, Real Estate One president: "The preference of buyers for homes with a service contract exceeds our original estimates. In fact, studies made nation-wide show that a buyer is willing to pay more for a home with a service contract included than for an identical house without the service contract."

SCHEDULED for completion at the start of this swimming season will be a "lazy-L" swimming pool with an accompanying community building, announced spokesmen for the Stonehenge condominium development on Haggerty just south of 10 Mile Road in Novi.

Featured at Stonehenge are two and three bedroom condominium homes, each with private, attached garage, shag carpeting, kitchen appliances, central air conditioning and a private patio area or balcony. Basements are standard.

In its development of the grounds, the builder,

MultiPlex Home Corporation of Michigan, has made every effort to preserve the natural environment of the area, leaving trees where possible, moving them when necessary.

Sales have begun on the third phase of construction.

Out of The Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments and horse show news to Horse's Mouth, c/o The South Lyon Herald, South Lyon, MI 48178.

Oakland Community College will host its first annual dressage show May 19 beginning at 9 a.m.

Judges for the event are Jessica Goodwin and Frances Hinchliffe.

The deadline for entries is May 1 although a limited number of post entries may be accepted, schedule permitting.

This show will be held at the athletic field on the Orchard Ridge campus located at the southwest corner of the junction of I-696 and Orchard Lake Road.

Persons desiring further information should contact Judith M. Franklin at 476-9400, extension 435.

Marilyn Terpstra and Allen Balay, Michigan State University students, competed in the recent Block and Bridle Horse Show at MST. Ninety students from all areas of Michigan competed in the various events.

The 26th Annual Block and Bridle Horse Show (March 29-30) featured the specialty acts of Wayne Pennington from Columbia and "Cocoa," his 850 pound Brahman Bull.

Proceeds of the show go to the MSU Livestock and Meats Judging Teams which participate in intercollegiate contests throughout the country.

Miss Terpstra, the daughter of Mr. and Mrs. Peter Terpstra of 53375 West Eight Mile Road, is an MSU junior and a member of the MSU Block and Bridle Club and the MSU Rodeo Club. She is majoring in medical technology and is a 1971 graduate of Adlai Stevenson High School, Livonia.

Balay, the son of Mr. and Mrs. Lawrence A. Balay of 55880 Eight Mile Road, is an MSU junior majoring in zoology. He is a 1971 graduate of South Lyon High School.

"Tips on Showing in Halter Classes"

Many horsemen lack knowledge of the correct showing techniques for breeding classes, even though they may be quite professional in exhibiting in performance classes.

Breeding classes are shown "in hand" which means that they are exhibited at the halter or when wearing a bridle. The halter should be clean, properly adjusted and fitted with a fresh looking leather or rope lead. If the horse is shown when wearing a bridle, the exhibitor should avoid jerking on the reins so vigorously that injury will be inflicted on the mouth.

The guiding principles adhered to by most successful

horsemen when showing at halter are:

1. Train the horse early.

2. Groom thoroughly

3. Dress neatly for the occasion.

4. Enter the ring promptly and in tandem order when the class is called; line up at the location requested by the ringmaster or the judge, or if directed, continue to move around the ring in tandem order.

5. Stand the horse squarely on all four feet, with the forefeet on higher ground than the hind feet. The standing position of the horse should vary according to the breed. For example: Arabians are stood with their front legs straight under them and their hind legs slightly back. Other breeds are generally stood in a slightly stretched position; somewhat intermediate between these two examples.

6. Unless the judge requests otherwise, when called upon the horse should first be shown at the walk and then at the trot. To move the horse, proceed as follows:

a) Either (1) reduce the length of the lead strap or rope by a series of coils, held in the right hand or (2) hold

the upper part of the lead strap or rope in the right hand and the lower end (or coil) in the left hand, and lead from the left side of the horse. If the horse is well mannered, give him two or three feet of lead so that he can keep his head, neck and body in a straight line as he moves forward. Do not look back.

b) Smartly and briskly move the horse forward in a straight line for 50 to 100 feet (as directed, with head up).

c) Turn to the right; that is turn the horse away from the exhibitor and walk around the horse (if the horse is turned to the left, he is more apt to step on the exhibitor). Make the turn in as small a space as practical, and as effortlessly as possible. When showing at the trot, bring the horse to a walk and ease slightly to the left before turning.

d) Show some knee action (be the exhibitor when exhibiting the horse without overdoing the matter).

e) Trail with a whip if permitted and/or desired. If it is done, the "trailer" should follow the animal moving in a straight line. Avoid getting between the judge and the horse, and always cross over in front of the horse when entering the ring. Most young

horses are given early training by trailing with the whip, but may be shown without this aid.

7. After (a) walking down (about 50 feet) and walking back and (b) trotting down and trotting back, set the horse up with reasonable promptness in front of the judge. Then, after the judge has given a quick inspection, move to the location in the line indicated by the ringmaster.

8. Keep the horse posed at all times; keep one eye on the judge and the other on the horse.

9. When the judge signals the exhibitor to change positions, back the horse, or if there is room, turn him to the rear of the line, and approach the new position from behind.

10. Avoid letting the horse kick when in close quarters to other horses.

11. Keep calm, confident and collected. Remember—nervous showmen create an unfavorable impression.

12. Work in close partnership with the animal.

13. Be courteous and respect the rights of other exhibitors.

14. Do not stand between the horse and the judge.

15. Be a good sport—win without bragging and lose without squealing.

Michigan Mirror

Gun Ban Proposal Stirs Debate

LANSING— That's what Detroit Police Commissioner Philip G. Tannian wants to do, via a proposed constitutional amendment that would go on the November general election ballot.

But Tannian ran into a bit of opposition, from his own boss, Mayor Coleman Young, as well as Governor William Milliken and former State Senator Sander Levin, who'll be a candidate for the Democratic gubernatorial nomination this fall.

TANNIAN announced plans for the constitutional amendment petition drive last month in Lansing, saying: "Many law-abiding but fearful people keep pistols in their home for protection. But, the facts are, as shown in federal studies, that pistols are rarely, if ever, useful in protecting private property and that, in the great majority of cases, they are the cause of injury to the owner or his family."

Young, however, immediately declared that the commissioner should not "trade" on his position to push the ban. The mayor advocated strict enforcement of existing gun control laws, not an outright ban on guns.

MILLIKEN IS CALLING for stiffer penalties for persons convicted of

committing crimes while in possession of handguns.

"The damage has largely been done," the governor says. "Unregistered handguns are already in thousands of Michigan households. Our concern is how to minimize the potential danger of their criminal use."

Levin, meanwhile, rejects the proposed ban as unworkable.

"Until people feel more secure in their homes and stores, even a constitutional provision would not end the widespread possession of pistols," he says. "Nor will simply ordering to pay the market value of a handgun persuade the person to turn in a weapon he believes is necessary to protect his family or his business."

STATE POLICE Director John R. Plants also opposes the proposed ban. He figures it would cost the state up to \$75 million to buy up all the small weapons, and he says it would "only make criminals out of law-abiding citizens who will not give up their guns."

And sitting on the same side of the fence is Republican Rep. Loren Anderson of Watergate, who contends that Michigan now has one of the best han-

dgun laws in the nation. "Properly and strictly enforced, our law would do the job that needs to be done," he says.

Anderson also suggests that the proposal to ban handguns would "Affect the entire state just as an effort to correct Detroit's problems."

THE LATEST HIKE in milk prices really is a necessity. So says Glenn Lake, president of the Michigan Milk Producers Association, a milk marketing cooperative with some 5,600 members across the state.

Lake says the increase came with regrets.

"But consumers in Michigan and other states face shortages of milk unless dairy farmers are assured adequate incentive to continue dairy farming," he declares.

LAKE CONTENTS that fewer and fewer people are willing to "make the necessary long-term commitments of time and money" to become — or stay — dairy farmers because of skyrocketing production costs. And he pegs those costs today at some 51 per cent more this year than two years ago.

"In Michigan last year, milk production was about 6 per cent (or the

equivalent of some 65 million half-gallons) below what it was in 1972," Lake says. "Michigan's milk production last year was the state's lowest since 1960, and there's no sign of a reversal in that trend in the near future."

"BUY AMERICAN" is the basis for a bill recently introduced in the Michigan House of Representatives.

Rep. Casmer Ogonowski, D-Detroit, wants all clothing advertised and sold in this state to be identified in which country it was made. He says such tagging would "protect American working men and women and protect the consumer."

"In these times of high unemployment, we have to do all that we can to preserve jobs in this country," Ogonowski says. And, he adds, "while this legislature has no power to control imports, we can take steps to encourage the purchase of American-made products."

"Consumers are entitled to as much information as possible about the articles they may want to buy. I believe that great numbers of them would buy American-made goods instead of foreign products if they were advertised as such."

OPRY HEADLINER — When the Grand Ole Opry show takes the stage Saturday, April 27, at 8 p.m. in the South Lyon High School cafeteria, the cast of country and western stars will feature "Little" Jimmy Dickens. Included in the show are The Country Boys band; Arvil Kelly, The Arkansas Traveler; singer Patricia Lou and The Rural Route Boys Television Band. Advance tickets (\$3 for adults, \$1 for children under 12) are available from Spencer Drugs and E.R.'s Saddlery in South Lyon, the New Hudson Inn, the Whitmore Lake Community Pharmacy, The Northville Record, The Brighton Argus and from any member of the sponsoring South Lyon Area Jaycees.

Babson Report

Bike Sales Soar

AFTER MANY years of steady but modest growth, bicycle sales in the 1970s have begun to make spectacular gains. During 1970, just under 7,000,000 new bikes were sold in the United States; the following year sales spurred to a record 8,900,000.

An even more dramatic jump took place in 1972 as 13,900,000 new units rolled onto the roads, pathways, driveways, and sidewalks of America.

And last year bicycle sales continued to move upward at an impressive rate. The Bicycle Institute of America reported that 15,300,000 new vehicles were sold in 1973, representing a 10 percent betterment over the previous record-shattering year.

For the past two years, more bicycles have been sold in this country than automobiles, the first time this has happened since the early days of the auto industry. Retail sales of bicycles, parts, and accessories were placed at \$805 million for 1973 compared with \$700 million in 1972.

THE ENORMOUS upsurge in the sale of bikes has been due in large measure to the mounting number of adults taking to the two-wheelers. Adult bicycles, primarily 10-speed models ranging in retail prices from \$129 to \$159, now account for more than 60 percent of total domestic production, up from 12 percent only five years ago.

People are discovering that the lightweight, multi-gear bicycle models of today make cycling an easier, more enjoyable experience than did the balloon-tired heavyweights they were used to in their youth.

Concern for physical fitness and health has doubtless prompted many adults to adopt bicycling as a form of low-cost exercise and recreation. The environmental movement, boosting the bike as a highly efficient, nonpolluting form of transportation, has also played a significant part in stimulating adult bicycle usage.

Then, too, the energy crisis has been tailor-made for furthering sales, with many motorists—plagued by the scarcity and soaring prices of gasoline—looking to the bike as at least a supplemental mode of transportation.

Back Walk

Northville Township Trustees unanimously threw their support behind Northville-Novisponsored Walk for Mankind scheduled for Saturday, May 18.

In addition, trustees agreed to sponsor a check point along the 21-mile walk route suggesting it be one placed along Seven Mile Road or Clement.

FOODS for HEALTH

- REDUCING DIETS
- LOW-SALT DIETS
- DIABETIC DIETS
- FEEL-BETTER DIETS

VITAL FOODS
 Northville Square

IT SHOULD be noted, however, that shortages of some parts may limit somewhat the number of bicycles coming onstream. And the same energy crisis that increases the demand is holding production down to some degree. The lack of oil to make petrochemical products has caused shortages of certain bicycle parts and accessories, and this situation is making the industry reluctant to forecast sales increases for the current year.

In our opinion, this uncertainty among insiders prevents bike manufacturers' stocks from being considered as "buys" at this time even though most of them are well down from former market highs and are selling at quite reasonable price-earnings ratios.

Of the eight major bicycle manufacturing concerns in this country, four—Schwin, Chain Bike Corporation, MTB Products, and O.F. Mossberg—are privately held. Murray Ohio Manufacturing Company and Huffman Manufacturing Company are the two largest domestic bicycle makers, turning out approximately 2,400,000 bikes apiece annually.

Murray is the chief supplier of Sears, Roebuck & Company, the nation's largest retail establishment. Huffman is also a supplier of Sears as well as of J.C. Penney and S.S. Kresge.

THE OTHER outstanding manufacturer of two-wheelers is AMF Inc., a company with extensive diversification. Over recent years it has derived the greater share of its earnings from products directly connected with activities in the leisure-time field. For the most part this has been the result of an aggressive program of product development and acquisition.

Bomb Shelters For Homes Gone

Continued from Page 1-B

today, to something like \$2,000, if you wish to construct one. Lee Crail, head of CD for Livingston County since January, says he has received only one call about home bomb shelter construction since he took over in January.

Despite the negligible interest in home shelters, the threat of nuclear attack is not being disregarded by CD officials, nor the federal government.

Counties within southeast Michigan have community shelter plans designed to minimize death and injury. They spell out procedures and identify public shelters within various communities. The latest plan Livingston County has is dated 1970. But Crail says the plan is due for an update, which will be undertaken soon.

Most communities do not have enough public shelter space to accommodate all the residents. Northville is the exception.

Onkka noted that Northville State Hospital alone has basement areas that will accommodate about 17,000 persons. In other words, there is nearly enough room to accommodate theoretically all the residents of Northville Township, which numbers about 12,000 and the City of Northville, numbering about 6,000.

In addition, Onkka notes, there are other public bomb shelters in the Northville area, including the Board of Education-Township hall office building, the basement of Our Lady of Victory Church and basements in the Wayne County Child Development Center and the Plymouth State Home and Training School.

In Brighton, the basement of Brighton City Hall, the Lavan Building, the Fire Hall, the Middle School, St. Patrick's Church and the State Police post are identified as public shelters by the Community Shelter Plan.

Some outlying communities in southeastern Michigan have only one public shelter capable of accommodating only a few persons.

"If there aren't any public shelters nearby," Crail said, "the person would have to resort to a home shelter. And if he doesn't have one, he'll have to improvise either inside the home or out of doors."

The person who lives in either a mobile home or a house on a slab, he explained, wouldn't have much alternative but to search out shelter outside his home.

Onkka indicated, however, the federal government was taking another approach to threat of nuclear attack. The government, he said, is launching this summer on eight to 10 pilot projects in selected metropolitan areas, with the principle being re-location of people out of major cities or high risk areas.

What the government is trying to determine, Onkka said, is whether moving non-essential persons out of likely target areas would save more lives than the current plan basically, going underground.

Apparently, Onkka said, the United States pilot program is modeled after the Soviet plan already implemented. It calls for massive re-location out of major target areas and reliance on warning systems.

Eliminate Duplicate Coverage

Governor William Milliken has signed House Bill 5724 and it was given immediate effect by the legislature, reports Representative Clifford H. Smart (R-Walled Lake), who was one of the sponsors of this bill affecting Michigan motorists.

It eliminates duplicate health and accident coverage, and hence unnecessary premiums; by requiring no-fault auto insurers to offer policyholders the opportunity to coordinate their required no-fault benefits with their health and accident insurance policies.

Michigan motorists can save as much as 10 percent of their auto insurance premium if they choose to eliminate this overlap, explains Smart. If all motorists elect to eliminate all existing duplication, the saving could be as much as \$100 million a year.

Test Checks Fetus' Lungs

Some "preemies," premature babies, have undeveloped lungs. Now there is a way to find this out before birth.

A quick, simple, and accurate test to assess the lungs of the fetus has been developed by a team of researchers at the University of Tennessee.

The test predicts how much trouble the lungs will have after birth and whether or not hyaline membrane disease—very rare among full-term babies—will develop.

Over half the babies who weigh less than two-and-a-half pounds at birth have hyaline membrane disease which prevents oxygen transfer from the lungs to the blood because the air sacs of the lungs are not properly developed.

As the lungs expand with air, a suffocating tissue can form around the air sacs, causing the lungs to collapse. The disease rapidly worsens quickly after birth. Oxygen treatment is almost always necessary.

The new test, which measures substances in the amniotic fluid that reflect the level of maturity of fetal lungs, allows doctors to anticipate trouble before birth. Results are available in three hours which is especially important when unexpected early labor begins. Proper treatment can be ready and waiting.

"Preemies" who have hyaline membrane disease can be put immediately in incubators, and be fed intravenously. Chances of surviving the disease are increasing as a result of new techniques such as the fetal lung test.

To find out more about all kinds of lung disease, contact your American Lung Association of Southeastern Michigan.

The GLENS at Hamilton Farms:

Possibly this area's most luxurious apartments. You decide.

You get the best of old Brighton, and the best of the new. A gently rolling site with duck ponds, woods, the beauty of unspoiled nature. Yet nestled snugly, unobtrusively among the trees are some of the most luxurious apartments in this area. Or anywhere.

You can choose from studio, one-bedroom, two-bedroom units (some with two baths). The quality of design and construction is obvious. In the living room: large sliding glass door to balcony or patio. In the kitchen: range, double-door refrigerator/freezer, sound-conditioned

dishwasher. In the bath: ceramic-tiled tub and shower and vanity. All through the apartment: wall-to-wall carpeting, individual gas heat and air conditioning unit, insulating glass. Acoustic barriers between apartments. Carpets available.

The Glens is a completely separate apartment community at Hamilton Farms. With a private swim club for residents only. And the rural, peaceful environment that attracted you to this area in the first place. The Glens at Hamilton Farms. Luxury, redefined.

HURRYIN' HURLERS — Northville's Tom Marzonie (left) and Lutheran West's Jim Trailer are matched stride for stride as they tear down the straightaway in the 120 yard high hurdles race last week. Marzonie barely edged

Trailer at the wire to win the event and then came back later in the meet to beat him again in the low hurdles. For results of Northville's win over West and Dearborn Heights Riverside see Page 3-C.

Northville Nine Batters Mott With 10-1 Win

Forget about the fact that the Mustangs lost two of their three games last week.

Forget about the fact that one of them was a 1-0 heart-breaker to Cranbrook.

And — please — forget about the fact that the other was a poorly played, error-filled 7-4 loss to Redford Union.

Because in the only game that really counted, the Mustangs won and won big — pounding out a convincing 10-1 victory over highly-touted Waterford Mott.

The two losses dropped Northville's overall record to 3-2, but the victory over Mott gave the Mustangs a 1-0 record in Western Six Conference play, as well as a key win over one of the prime contenders for this year's conference championship.

"We've never beaten them before," noted a gleeful Chuck Shonta, coach of the Northville nine, after the game. "Even when we had Scott Evans and Jeff Moon pitching for us and went all the way to the state semifinals, we never beat them."

Bob Galen's Waterford Mott club, as you may have guessed, is not exactly a push over.

The Corsairs claimed the conference baseball championship three years ago, finished second two years ago in spite of winning 19 games overall that year, won the championship again last year, and — with a sizable contingent of returning veterans — are favored to win the championship again this year.

that included an unbelievable 23-0 pasting of a Walled Lake Central squad that has a reputation for playing a fairly respectable brand of baseball.

But the Corsairs certainly didn't hit the ball with the same authority against Northville.

Shonta saved Joe Bishop, his top hurler, for the Corsairs and the senior southpaw responded with a fine one-hitter to pick up his third win of the season.

Mott picked up its only run in the first inning. Bishop, off to a shaky start, walked the first two hitters he faced. The runners moved up to second and third on Bob Swindell's sacrifice, and then Kevin Martinez came in to score when shortstop Tom Dooley bobbled Mike Grace's two-out grounder.

But after that first inning tally, Bishop shut the door on the hard-hitting Corsairs. Mott's only hit came with two down in the sixth inning when Bill Kirchner singled to right. He was cut down at second base, trying to stretch the hit into a double.

The Mustangs, meanwhile, were having little success with Steve Miller, the top Mott hurler. Scott Leu singled home Bishop to tie the score at 1-1 in the third, but the game remained deadlocked until the fifth inning when the Mustangs suddenly scored

three runs on three hits.

They wrapped it up in the sixth, breaking loose for five hits and six runs. Bill McDonald, who went two for three in the game, singled home a pair of runs in the fifth and then came in to score the third run of the inning on John Sherman's single.

The Mustangs scored all their runs in the sixth inning after two were out. A single by Bishop and walks to Leu and McDonald loaded the bases with two out. Northville then rapped out four straight singles to account for all six runs. Randy Oginski singled home Bishop and Leu, Jim O'Brien singled in McDonald, Sherman singled home Oginski, Todd Eis singled in O'Brien, and Sherman came in to score when Miller threw wild to first after picking up Dooley's grounder.

Northville could have used some of that offense in a 1-0 loss to Cranbrook the previous day. Ed Kritch was on the mound for the Mustangs and turned in a creditable five-hitter, but suffered the loss when his teammates were unable to score off the slants of Cranbrook's Jay Purcell. Cranbrook's lone run came in the second when Don Smith led off with a triple and scored on a single off the bat of Scott Wheaton.

Continued on Page 2-C

Stop Saline 5-2

Wildcats Back on Track

You can release that hold on the panic button. It looks like the worse is over.

After losing their first three games of the season, Coach Rick Trudeau's highly-touted Novi nine finally found the winning touch as they finished out the week with victories over West Bloomfield and Saline to bring their record to a much more respectable 2-3 mark.

"For awhile there I was beginning to get worried," commented Trudeau, the third-year coach of the Novi team. "We just weren't playing good baseball. Our hitters weren't hitting and we were making a lot of mistakes in the field."

"Hopefully, we've gotten all that out of our systems and are back playing good baseball," he added.

Unfortunately, the Wildcats weren't able to "get it together" in time for the opening of the 1974 South-eastern Conference (SEC) season. Chelsea, a team that Novi absolutely destroyed last year, rallied for three runs in the top of the seventh inning to hand the defending con-

ference champions a 7-5 setback in the SEC opener last Tuesday.

The Wildcats finally broke into the win column for the first time this season when they pounded out an 8-2 victory over West Bloomfield on Wednesday. And then Friday they demonstrated that they are back on the winning track by taking a 5-2 decision from Saline in an important SEC encounter.

"That would have been a big win for us even if we hadn't lost to Chelsea," commented Trudeau. "Saline finished right behind us in second place last year, and most coaches are picking Saline and us as co-favorites again this year. If we had lost to them last week, we'd be two down right now, but by beating them we're still right in there."

"Chelsea beat us, but Saline beat Chelsea and we came back to beat Saline, so nobody is going to get off to a fast getaway and wrap things up early."

Both Trudeau and the Saline coach saved their top hurlers for the big game.

Trudeau had Dave Brown ready for the contest, while Saline countered with Dennis King. Both Brown and King were All-SEC selections last year.

The Wildcats picked up an unearned run in the third and added another in the fourth when Eric Hansor singled in Dave Brown to open up a 2-0 lead over King and the Hornets.

Saline narrowed the gap to 2-1 in the top of the fifth as King singled in Doug Peck from second base. But Novi clinched the victory with a three-run outburst in the bottom of the frame.

Ed Brown opened the inning with a long double to left, Mike Riley drove him home with a line shot single to right, and Tom Celani brought Riley in to score with another long double to left. Celani moved to third on a passed ball and raced in to score moments later on Tim Assemany's infield out.

Salme scored once more in the sixth, but Brown retired the Hornets in order in the seventh to preserve the victory.

The win over Saline helped negate the effects of the 7-5 loss to Chelsea two days earlier.

Novi had opened the scoring in the first against Chelsea as Celani doubled and Ron Buck followed with a single. They upped their lead to 3-0 with a pair of runs in the third as Ed Brown walked, Celani stroked another double, and Buck collected his second rbi of the game with a sacrifice fly.

Chelsea came back with one in the fourth and then parlayed two singles, three walks, and two wild pitches into three runs in the top of the fifth to move out in front 4-3. Singles by Sean O'Brien, Dave Brown, and Ed Brown enabled the Wildcats to take a 5-4 lead in the bottom of the fifth.

But Chelsea clinched the upset by scoring three unearned runs in the top of the seventh with the benefit of just one hit — a one-out single.

"It was our worst game of the season," commented Trudeau. "We just played very bad baseball. They only got five hits and one earned run off Dave Brown, but we let them score six unearned runs and you can't win many ball games by playing like that."

In their non-conference clash with West Bloomfield, the Wildcats finally got untracked as they stroked out 11 hits en route to an 8-2 triumph.

Tom Celani led the rout with a two-run double in the first inning and a run-producing sacrifice fly in the fourth. Tim Assemany went three for three at the plate with two rbi's, and Sean O'Brien also accounted for a pair of runs with a two-run single in the fifth. Mike Riley picked up the eighth rbi by tripling home Ed Brown in the fourth.

Just as pleasing as the offensive performance was the pitching of junior Pat McAllen who survived some early inning wildness to go six innings before being relieved by Riley in the seventh.

McAllen tossed five scoreless innings before finally being touched for a run in the sixth. "Pat only had two K's, but they only got three hits off him," observed Trudeau. "If he can come through for us it's going to really help."

The Wildcats suffered an important loss in the triumph over the Lakers, however. Ron Buck, their hard-hitting left fielder, suffered a broken hand while attempting to make a diving catch of a fly ball with two down in the seventh inning.

Buck's hand is presently encased in a cast, but Trudeau hopes to have him back in the line-up before the end of the season.

OPEN 7 DAYS A WEEK

Mustang Jayvees Win 3 To Make Fast Get-away

Northville's junior varsity baseball team had a busier schedule than Henry Kissinger last week as it opened its 1974 season with games on Monday, Tuesday, Wednesday, and Thursday.

Fortunately, the junior Mustangs were almost as successful as America's chief negotiator as they won the first three of those games before finally dropping a 7-4 decision to Redford Union on Thursday.

Coach Gary Emerson's Northville jayvees opened the week with a 15-6 rout of Hartland and then came back the next day to edge Novi 6-4. But neither of those victories was as satisfying as the 4-0 triumph over perennial Western Six Conference powerhouse Waterford Mott on Wednesday.

Emerson saved Norm Boerger, his top hurler, for the Mott game and Boerger responded with a shutout performance. The Corsairs picked up nine hits off the Northville hurler, but Boerger was tough when he had to be

and picked five men off base — three off second and two off first.

Northville wrapped up the win by scoring four times in the third inning as Dave Wilson led off with a walk and Brent Ashby, Jim LaPlante, and Scott Travers followed with singles. LaPlante had two rbi's, while Bill Piccolo with a sacrifice fly and Steve Kirchner with an infield grounder drove in the other two runs.

The Mustangs turned their game with Hartland into a 15-6 rout by erupting for 11 big runs in the second inning. Don Funk picked up the win as he registered 14 strikeouts while going the route on the mound. Leading the offense were shortstop Steve Kirchner (three for three with three rbi's), first baseman Jim LaPlante (two for two and three rbi's), and left fielder Scott Travers (two for three with two rbi's).

Northville had to come back from a 3-0 first inning deficit to gain a 6-4 decision over Novi, as the Wildcats turned

one hit and three errors into three runs before the Mustangs even came to the plate.

Kirchner's two-run double was the big blow in a four-run rally in the third that put Northville back on top 4-3.

Novi tied it up with a run of their own in the top of the fifth, but the Mustangs finally won by posting two more tallies in the bottom of the fifth.

Dave Heckerl hurled the first five innings for the Northville jayvees, while Don Funk finished up with two scoreless innings in relief.

After defeating Hartland, Novi, and Waterford Mott on successive days, the Mustangs finally tasted defeat themselves when they dropped a 7-4 decision to Redford Union on Thursday.

Redford scored four times in the second and added a fifth run in the third. Northville narrowed the score to 5-4 before Redford tallied twice more in the fifth to clinch the win. Ron Jennings, Brent Ashby, and Scott Travers had the Northville rbi's.

But Coach Cites Improvement

Dexter Dumps Novi Thinclads

Improvement is going to be a key word this year for Del Munson and his Novi track team.

With a squad comprised almost exclusively of underclassmen and laden with freshmen and sophomores in particular, the veteran coach of the Wildcat thinclads isn't looking to win many meets this year.

"What we're looking for is improvement," commented Munson. "We've got a lot of undeveloped young talent with a great deal of potential. We'll be working on things like finding the right events for our youngsters and then developing their skills within those events."

With "improvement" as a criterion, then, Munson could not have been too disappointed with his team's efforts last week. True, the Wildcats dropped their second straight Southeastern Conference (SEC) encounter, but the 91-32 loss to Dexter was a lot more

respectable than the 106-17 loss to South Lyon a week earlier.

What's more, the Wildcats almost beat somebody last week. Journeying to Hartland for a triangular on Tuesday, Novi just missed edging out the Eagles for second place. Hartland had 43½ points, while the Wildcats were right behind with 43 points. Flint Ainsworth won the triangular with 82½ points.

"Being realistic about it," commented Munson, I just can't be too upset with the way we performed last week. I know we're not going to win many meets this year. We're looking for improvement and I just happen to think that there's been a lot of improvement."

The Wildcats accumulated two firsts, five seconds, and seven thirds in their SEC clash with Dexter. Only winner in the individual events was Brian Schingek, Novi's fine middle distance man, who ran away from the rest of the field to easily win the 880 with a 2:07.1 clocking.

Schingek also had a hand in Novi's only other first place finish. The speedy junior carried the baton on the opening leg of the mile relay team which copped first place with a 3:50.0 clocking. Other members of the victorious mile relay team were Rick Parsons, Andy McComas, and Lloyd Price.

In addition to his leg on the mile relay, Parsons also posted a pair of second place

finishes for the Wildcats as he came in second in both the 120 yard high hurdles (19.0) and the 180 yard low hurdles (23.8). Also posting a pair of seconds for Novi was sophomore Jim Morris who was the runner-up in both the high jump (5-2) and the 220 yard dash (25.8).

Mark Mills was Novi's other second place finisher as he posted a 12:25.8 timing in the two mile.

Posting third place finishes were Butch Pyant in the long jump and mile run, McComas in the 440, Ben Galyon in the shot put, Jeff MacDermid in the pole vault, Lloyd Price in the 100, and Matt Ciresa in the two mile run.

The Wildcats doubled their number of first place finishes

in the triangular with Flint Ainsworth and Hartland, as they came up with four firsts to go along with two seconds and four third place finishes.

And once again it was Schingek who led the way. Schingek took his specialty — the 880 — with a 2:07.0 and then came back to lead Parsons, McComas, and Price to another victory in the mile relay.

Also posting victories in individual events were Parsons, a hard working junior, who won the high hurdles with an 18.8 clocking and McComas, a promising freshman, who leaped 5-6 to win the high jump competition.

It was probably the best meet of the season for McComas. In addition to his victory in the high jump and his leg on the winning mile relay team, the husky freshman accounted for Novi's two second place finishes. Competing in the 880 for the first time on the varsity level, McComas followed Schingek across the line with a 2:14.8 to give the Wildcats a 1-2 sweep in that event and then came back to take second place in the 440 with a 57.0 clocking.

Third place finishes were posted by Jeff MacDermid in the pole vault, Paul DeBrule in the 440, Parsons in the 180 low hurdles, and Mills in the two mile run.

Mustangs Batter Mott

Continued from Page 1-C

"We got men in scoring positions, but weren't able to come up with the hits to get them in," observed Shonta.

After two consecutive good performances against Mott and Cranbrook, the Mustangs fell apart in a Thursday game with Redford Union.

John Boland started for Northville and the young right hander was victimized by a series of shoddy plays —

several of them his own. In four innings, Boland walked four and made three errors, while giving up four hits and seven runs.

Kritch came in to hurl the last three innings and did a good job, facing just nine men.

"I don't mind losing 1-0 games because that's good baseball," commented Shonta. "But when you lose a game because you give up

five unearned runs like we did against Redford Union — that's disappointing."

The Mustangs scored once in the first when Steve Serkaian singled home Ron Renault and rallied for three more runs in the seventh as Bill Beason doubled home Kritch and Renault — who had reached base on singles — and then came home to score the third Northville run of the frame on Bill White's single.

Schoolcraft Golfers Post First Victory

Coach Tom Roncoli's Schoolcraft College golf team broke into the win column for the first time last week as it rolled to an easy 368-471 triumph over Washtenaw Community College.

Bob Carzon claimed medalist honors with a round of 83 over the 18-hole Green Oaks course in Ypsilanti.

Mike Mishok carded an 85, while Bob Humphrey and Don DeVore rounded out the Schoolcraft total with scores of 94 and 106 respectively.

"Our scores aren't that good yet, but I think the weather has a great deal to do with that," commented Roncoli, the Schoolcraft coach. "Once it warms up to the point where we don't have to play with our coats on, I think our scores will be coming down."

NUMBER ONE WILDCAT — Top-rated singles player on the Novi tennis team this year is Gary Garcia. A member of the Wildcat's number one doubles team last year, Garcia moved up to the top singles slot by defeating last year's number one player, Tom Kelly, who is now lodged at second singles. Garcia is shown above losing the first singles match in a 6-1 loss to Brighton. Garcia and his Wildcat teammates came back to register a 5-2 victory over Chelsea for the first Novi tennis triumph since the sport was initiated last year.

Schoolcraft Tennis Team Downed by Macomb, 6-3

Coach Jack Washka's Schoolcraft College tennis team suffered its first loss of the season last week when it dropped a 6-3 decision to Macomb Community College.

"I'm a little disappointed that we weren't able to take them," remarked Washka. "We haven't beaten them in three years and I thought this would be the year we knocked them off."

Washka is hopeful that his Ocelot netters will be able to turn the score around when the two teams meet in a rematch later this season.

"It was close the other day," commented Washka. "Six of the nine matches went three sets."

Macomb gained the victory by winning in the top positions. The defending Central Collegiate Division champions took first, second,

third, and fourth singles and first and second doubles. Schoolcraft's wins came at fifth and sixth singles and at third doubles Matt Kule and Chris Mogle were the Ocelot

winners in singles, while Kule teamed with Rick Phillips to claim Schoolcraft's lone doubles victory. The Ocelots are now 2-1 for the season.

Sports Schedule

THURSDAY, APRIL 25

Baseball: Novi Junior Varsity at Saline, 4 p.m.
Girls' Softball: Northville at Waterford Mott, 4 p.m.; Livonia Stevenson at Novi, 4 p.m.
Girls' Track: Plymouth Salem at Northville, 4 p.m.
Golf: Novi at Ypsilanti Lincoln, 3 p.m.
Tennis: Novi at Northville, 3:15 p.m.; Track: Northville at Waterford Mott, 4 p.m.; Chelsea at Novi, 4 p.m.

FRIDAY, APRIL 26

Baseball: Livonia Stevenson at Northville, 3:30 p.m.; Ypsilanti Lincoln at Novi, 4 p.m.
Girls' Softball: Northville at Redford Union, 4 p.m.

Tennis: Livonia Stevenson at Northville, 3:30 p.m.

SATURDAY, APRIL 27

Baseball: Northville at South Lyon (double header), 1 and 3 p.m.; Detroit Western at Novi, 11:30 a.m.; South Lyon at Northville Junior Varsity (double header), 1 and 3 p.m.

MONDAY, APRIL 29

Baseball: Northville at Plymouth Canton, 4 p.m.; Novi at Walled Lake Central, 4 p.m.; Plymouth Canton at Northville Junior Varsity, 4 p.m.; Walled Lake Central at Novi Junior Varsity, 4 p.m.
Golf: Novi at Willow Run, 3:30 p.m.
Tennis: Northville at Plymouth Canton, 4 p.m.

TUESDAY, APRIL 30

Baseball: Novi at Milan, 4 p.m.
Girls' Softball: Livonia Churchill at Northville, 4 p.m.
Tennis: Novi at Milford, 4 p.m.

WEDNESDAY, MAY 1

Baseball: Northville at Farmington Harrison, 4 p.m.; Farmington Harrison at Northville Junior Varsity, 4 p.m.; Willow Run at Novi Junior Varsity, 4 p.m.
Girls' Track: Redford Union at Northville, 4 p.m.
Tennis: Northville at Farmington Harrison, 4 p.m.; Novi at Clarenceville, 3:30 p.m.; Monroe Community College at Schoolcraft College, 3 p.m.
Track: Cooke Middle School at Walled Lake Western, 4 p.m.

Wildcat of the Week

EDDIE BROWN

Eddie Brown has been selected Wildcat of the Week. The 5-11, 160-pound junior has been Coach Rick Trudeau's steadiest performer this year both at the plate and in the field at his shortstop position. It was Brown's lead-off double in the top of the fifth inning which sparked a three-run rally that enabled the Wildcats to register a 5-2 decision over Saline, a pre-season favorite for Southeastern Conference honors.

Mustang Thinclads Topple Lutheran West, Riverside

Ralph Redmond has no illusions.

He's perfectly willing to admit that his Northville track team has about as much chance of going undefeated as the Detroit Tigers have of winning the pennant.

But right now the Northville thinclads are sailing along on top of a perfect 4-0 record and the veteran Mustang mentor couldn't be happier.

"We know we're not going to go undefeated," admitted Redmond during a break between the end of classes and the start of practice last Friday. "Our schedule isn't set up for that. We know we're going to lose some along the way."

"But this is really a good group of kids to work with," he continued, "and we're really getting geared up for a good season."

As a matter of fact, Redmond suspects that his Mustangs will no longer be undefeated by the time this paper hits the streets. Tuesday they were slated for a triangular against Plymouth Salem and a Livonia Stevenson squad which Redmond feels may be one of the top teams in the state.

"Right now I'd have to rate them right up there with Ann Arbor Pioneer, Pontiac Central, and Grosse Pointe North as one of the best teams around," commented the Northville coach.

The Mustangs warmed up for their confrontation with Salem and Stevenson by racing past Lutheran West and Dearborn Heights Riverside in a triangular meet last Tuesday.

Once again the Mustangs rode to victory on the strength of their top performers. Northville won 11 of the 15 events to pile up 82½ points and easily outdistance Lutheran West which was second with 48 and Riverside which came in third with 25½.

"It was a good meet for us because West came in with some strength in the sprints and was able to give our sprinters a taste of the kind of competition they're going to be coming up against the rest of the season," observed Redmond.

And the Northville coach had to be pleased with the way his sprinters handled the competition.

With Lutheran West's Jim Plummer right on his shoulder, Bill Pettit won the 100-yard dash with a fine 10.3 clocking. "It's been three years since we've had anyone who can give us a 10.3 in the 100," commented Redmond.

And in the 440-yard relay the Northville sprinters established a new school record in finishing a fraction of a second behind the West quartet. Both teams were clocked in 46.7 seconds.

Members of the Mustangs' record-setting relay team were Frank Nelson, Larry Pink, Rick Marcicki, and Blair Robinson. Their 46.7 clocking shaved a full three-tenths of a second off the school record of 47.0 set by Phil Guider, John Pacific, Brad Cole, and Steve Griggs in 1972.

"Our hand-offs still aren't good," commented Redmond. "That group is going to go a lot faster before the season is over."

Another aspect of the triangular victory over Lutheran West and Riverside was that the Mustangs continued to show strength in areas where they were weak last year.

"We were really hurting in the long jump last year, but now it's one of our best events," reported Redmond. "We were really lucky to get somebody over 18 feet last year and now we've got four men over 18 feet."

Leading the long jumpers is Blair Robinson, who was an easy winner in Tuesday's triangular by leaping 21-8. It was the third straight win for the thin junior and the third straight time he has topped the 21-foot mark in the long jump.

Another area in which the Mustangs are much improved is the hurdles. "Tom Marzonie and Dennis Keegan have really helped us to shape up our hurdle events," observed Redmond. "Their times are still not indicative of what they can do. Both boys have a great deal to learn about the execution of their races and when they get it down, they're going to be tough."

Marzonie was one of Northville's two double-winners in the meet last Tuesday as he swept to victory in both the

high and low hurdle events. Keegan followed up with a third in the highs and a fourth in the lows.

Northville's only other double winner in the individual events was senior Guy Cole who took the 440 (52.7) and the 880 (2:03.4).

Also registering victories for the Mustangs in Tuesday's triangular were Jim Porterfield in the shot put (48-6), freshman Jim Shortt in the pole vault (10-0), Robbie Foust in the mile (4:49.0), and Dave Beers in the two mile (10:38.8).

Northville's only other win came in the 880 relay where Earl Bingley, Pettit, Marcicki, and Robinson turned in a 1:33.9 clocking.

Shot Put 1 Porterfield, N. 2 McTigue, R. 3 Baumeister, R. 4 Selka, R. Winning distance 48-6

Guided Muscle!

Northville's Jim Porterfield is shown in the process of winning the shot put in a triangular meet with Lutheran West and Dearborn Heights Riverside last week. Porterfield's winning put of 48-6 was more than six feet farther than that of his closest competitor, but still fell far short of his best

effort. The senior shot put star holds the school record with a 52-8¼ inch effort in the Huron Relays earlier this year. The husky fellow in the dark shirt keeping score in the background is Fred Hicks - former school record holder in the shot put.

Cranbrook's Too Tough

Netters Suffer Shutout

If — as the saying suggests — turnabout is, indeed, fair play, then the members of Coach Bob Simpson's Northville tennis team have nothing to worry about.

Because, after two straight 7-0 whitewash victories over Fenton and Clarenceville, the Mustang racketeers found themselves on the short end of a 7-0 whitewash when they journeyed to Cranbrook last Tuesday.

But there's no need for alarm. The shutout was more or less expected. In fact, anything less than a Cranbrook sweep of the four singles and three doubles matches would have been something of a moral victory for the Mustangs.

Cranbrook, you see, won the state Class B championship last year and is probably the finest team in the state again this year.

Proof that the Mustangs had not suddenly lost their net prowess was provided three days later when they registered a 6-1 victory over a better-than-average Dearborn Heights Riverside squad.

Simpson's lone regret in the 7-0 loss to Cranbrook was that some of the matches weren't a little closer.

"Cranbrook probably has

the best team in the state," commented the Northville net coach. "In singles they're even better this year than they were last year when they won the state championship."

Jack Kaspers, who won the state singles championship last year, is now playing second singles for Cranbrook, while their third singles player, Jim Parsons, was a member of the team which won the state doubles championship last year.

"Their number one singles player this year is nationally rated, so that gives you some idea of what kind of tennis team they have over there," stated Simpson.

The Mustangs were simply no match for the talented Cranbrook crew. Parsons defeated Northville's Greg Boll 6-2, 6-1 at first singles, while Kaspers registered a 6-0, 6-1 victory over Frank Knoth at second singles.

Nationally-rated Jeff Etterbank was dropped to third singles against Northville because of a recent illness and he disposed of Jami Boshoven 6-0, 6-0. Bob Perkins defeated John Oatey 6-1, 6-3 at fourth singles.

Cranbrook also swept the doubles matches, Northville's Rick Norton and Cary Eaker fell 6-1, 6-2 at first doubles;

John Folino and Rob Bowman put up a brief struggle before falling 6-1, 7-5 at second doubles; and Steve Getzen and Chris Cross lost 6-0, 6-3 at third doubles.

"We really didn't expect to beat them," stated Simpson. "We put them on the schedule because we knew they're just about the best team around and the only way to improve is by playing the best there is."

The Mustangs returned to their winning ways Friday when they scored a 6-1 decision over Riverside. Northville had to go into the match without Rick Norton who teams with Cary Eaker at first doubles and without Rob Bowman who usually forms the second doubles team with John Folino.

Several of the top Riverside players were also missing,

however, as the losses were pretty much evened out.

The lone Northville loss came at first singles where Boll dropped a 6-2, 6-4 decision to Riverside's tough Joe Pisto. After that, the Mustangs swept the rest of the matches.

Knoth won 6-0, 7-5 at second singles, Billie Jean Boshoven won 6-2, 6-1 at third singles, and John Oatey won 6-1, 6-1 at fourth singles.

With Norton and Bowman out of action, Simpson paired Eaker and Folino at first doubles and the pair responded with a 6-1, 2-6, 6-1 triumph in the only match to go three sets. Chris Cross and Ron Dooley won 6-3, 7-5 at second doubles, and Don Gougeon and Jim Bonamic took a 6-2, 6-2 triumph at third doubles.

Mustang of the Week

JOE BISHOP

Joe Bishop has been selected Mustang of the Week for hurling Northville's baseball team to a 10-1 victory over hard-hitting Waterford Mott last week. The senior southpaw held Mott's defending Western Six Conference champions to just one hit and one unearned run in going the distance on the mound for his third win of the young season.

NOVI HIGHLIGHTS

BY JEANNE CLARKE
624-0173

Former longtime resident Ruben Ward is in the hospital in Florida. His home address is R. F. Ward, 307 Tangerine Drive, New Port Richey, Florida.

Mrs. George Lien of Twelve Mile Road has returned from spending three weeks in Pompano Beach, Florida with friends.

Heather and Heidi Allen, two-year-old twin daughters of Mr. and Mrs. Allen (Rita Callan), celebrated their birthdays at the home of Mr. and Mrs. Ed Callan on Meadowbrook with 18 friends and relatives in attendance.

Mr. and Mrs. Wardell Lyke of Twelve Mile Road flew to St. Paul Minneapolis for three days to visit their daughter and son-in-law, Mr. and Mrs. William (Rebecca) Maddox.

Mr. and Mrs. Hadley Bachert and Mrs. Mae Atkinson attended the funeral of their cousin, Margaret Peabody, in Ionia this week.

Mr. and Mrs. Lyle Gattrell and family have returned from spending some time with Mrs. Gattrell's parents Mr. and Mrs. Ellsworth Snyder of Belmont, West Virginia who celebrated their 50th wedding anniversary, at that time.

Mr. John French of Fonda Street has been confined to his home with a bout with pneumonia.

Mrs. Georgia Larsen and Mrs. Dot Sharpe have returned from spending vacation time in Nassau.

Janette Bopry, community service officer of the Novi Police Department, gave a talk on B&E Prevention on April 19 to the Welcome Wagon group at the Village Oaks School.

Mr. and Mrs. Russ Ortwin of Novi Road have heard from their son Jim who recently went into service. He is stationed in Germany and will be there about 18 months. His address is Private James M. Ortwin, 596th Maintenance Co. A.P.O. New York, 09047.

Mrs. Sophie La Fave of Meadowbrook Road has returned home after three weeks in St. Mary Hospital following back surgery.

Richard Pierce of Arkansas State University was home over the weekend to attend the wedding of his brother, Gary Pierce of 12 1/2 Mile Road.

Mr. Kelly's eighth grade class from the Middle School has a suggestion for Mother's Day gift: a box of four scented candles which they are selling until this Sunday to make money for their trip to Washington, D.C.

Mrs. Lucy Needham attended a tea on Sunday afternoon at the home of WAAC Veterans Detroit Chapter president Millie Lowell home in Livonia. While there, she assisted in making plans to attend the 35th anniversary of the formation of this chapter May 11 at 1 p.m. with a luncheon at the Paradise Cafe.

Debbie Dobek, daughter of Mr. and Mrs. Ed Dobek of Twelve Mile Road, came home for Easter from the University Hospital but will return on April 29 for major surgery. Visitors at the Dobek home are Sergeant and Mrs. Robert Dobek, who are stationed in Newport News, Virginia, and Mrs. Jean Brown of Jackson.

Mrs. Pat Sulla of Thirteen Mile Road and her children, accompanied by the La Fave youngsters, spent a week with their sister in Rose City.

A baby shower is being given for Mrs. Charlene (Rice) Wreschowski on April 26 by Mrs. Eula Plunkett on Glenda. Mrs. Wreschowski has been employed until recently as a cook at the Novi Middle School.

Cheryl Natzel, daughter of Mr. and Mrs. Otto Natzel of Ten Mile Road, was honored at two additional bridal showers. Cheryl will be married to Jim Assemany in the near future. Hostesses for a miscellaneous shower on Sunday, April 7 were Sarah

Assemany of Novi and Peggy Gibson of Farmington with the shower at Mrs. Gibson's home. On April 10 her sister Mrs. Susan Abraham of Lakewood Condos gave a personal shower for her. Co-hostess was Mrs. Nancy Mercer.

Mrs. Russ Ortwin of Novi Road will host a baby shower for Mrs. Delbert Ortwin of Plymouth on Friday, April 26. Co-hostesses will be Mrs. George Ortwin and Mrs. Clarence Ortwin. About 25 are expected to be in attendance.

R. J. Slating, 24422 LeBost, won angling recognition in the Metropolitan Miami Fishing Tournament when he landed a 27 pound permit in the general division. He was fishing out of Key West with Captain Tommy Lones on the Gulfstream II as guide. He will be awarded a citation and arm patch for his catch at the close of the Tournament.

Novi Senior Citizens
The Novi Senior Citizens met for their monthly meeting on Tuesday, April 23. Due to legislative matters, Congressman Broomfield was unable to be with them as planned. Lunch following was served by Mesdames Marie Davis, Hildred Hunt and Travis. Cards and games followed. On Wednesday, April 24, several members boarded a bus and went to Flint and visited Pierce Park Senior Citizens.

For additional information on the Novi group contact secretary Dolly Alegnani at 476-7062. Members are reminded to bring table service to each meeting. Now is the time for anyone new in the area to come out and make new friends and plan to get in on the summer activities being planned in connection with the Novi Parks and Recreation," officials emphasize.

Orchard Hills Booster Club
Everyone is reminded of

the Medieval Fair coming up on Saturday, May 11 from noon to 4 p.m. There will be a Medieval Fashion Show, green house, crafts, hayride, games, and petting zoo. Refreshments will be available. Raffle tickets will be sold at the fair with the prize being dinner for two at the Drawbridge in Northville. There are several items still needed. Picture frames of any size are especially needed. Anyone having crafts are asked to contact Jan Flavin at 349-1476. Greenhouse items may be given to Judy Dalmanet at 349-7882. Bake sale items go to Lea Martin at 349-3769 and cakes for the cake walk to Rosemary Davis at 349-7290.

Novi Pin Pointers

Mystery game was won by Bernice Harwood and Hi Game Jackpot by Diane Alexander with 216 in a 502 series; Sharon Icenogge with 189 and 516 series, Lora Lee Longhurst with 182; Susie Korte with 181 in a 512 series. April 24 will be the last date of bowling and everyone is reminded of the banquet reservations that should be in to Diane Alexander or Sharon Icenogge. It will be held at the Elmwood Casino on May 8 at 6:45 p.m.

VOICE

A vote of thanks to all the 4 and 5 graders who submitted very colorful posters to the fair contest. The committee selected the following winners: First prize, Bonnie Raetz, 4th grade; second prize, Cathy Ziegler, 4th grade; third prize, Cindy Gardner, 5th grade; honorable mention, Donna Welch, 4th grade, Stacy Garret, 5th grade, Debbie Kessler, 5th grade, Pat Moyle, 4th grade, and Amy De Val, 4th grade. Raffle tickets for the 10-speed bike are still available and the drawing will be at 8:30 p.m. on May 3. Advance Fair tickets will be on sale until April 30 at Village Oaks School.

Novi Rotary

Last week's program included speaker Mrs. Alice Schulte of the Senior Citizens and Youth Employment Service, Incorporated. This organization finds jobs for young people from age 14-25, or from 55 and up. There have been 119 placements in the area in recent months. The Rotary club is discussing the possibility of purchasing dark blue blazers. Decision will be made soon. Three members were selected to represent the Rotary at the Novi Community Organization, Inc. group.

Novi Parks and Recreation

Reminder that the spring term starts next Monday night, April 29 and late registrations will be taken from 2:30 - 6:30 at the Administration Building that week. There is a need for coaches for the girls softball league. This is for girls from age 8-15 years, unless coaches are obtained the teams cannot start practice. To be eligible to become coaches persons must be 18 or over. Contact 349-5126.

Other needs include staffers for the city park which will be opening about Memorial day; life guards, park and field maintenance, and playground

supervisor at Orchard Hills and Village Oaks. Contact Milan Obrenovich at 349-5126.

Novi Club Scout Pack No. 54 Novi Elementary

This Pack recently has been reorganized with Oren Bosley as cubmaster. Den mothers are Mrs. Ryba, Mrs. Flatt and Mrs. Karevich. The next pack meeting will be April 26 at the Novi Community Building.

Last Wednesday the cubs went on a fishing trip to Kensington. Afterwards they had a tour of the Nature Study Center. In the fishing contest, first prize was won by Chip Conrad of Den No. 5; Second prize by Jeff Flatt of Den No. 5; and third prize, by Jeff Tobias of Den No. 2.

Novi Athletic Booster Club

Plans are continuing for the Athletic Banquet on May 6. Persons without reservations should contact Chuck Schingek. There has been a change this year with no limit to just parents of students. So anyone interested in athletics in the Novi School system — for both boys and girls — is invited to attend.

Next project this group, under the direction of co-chairmen Mr. and Mrs. Harold Tuck, is the manning of the hot dog wagon at the Northville Community Fair. Persons who can help are asked to contact the Tucks soon.

Novi Lions Club

The Lions met Wednesday and made last minute plans for several upcoming events including the White Cane week. Street sales are scheduled for May 3 and 4. Also, members made plans to attend the State Convention on May 17, 18 and 19 at the Sheraton-Cadillac in Detroit. The installation of new officers has been set for June 29.

Novi Youth Assistance

The Novi Youth Assistance Committee met last Tuesday evening and heard additional plans being made for the camp program this year. There is a need for donations. These may be sent to Wally Cook, Box 151, Novi.

Novi Cub Scout Pack No. 240 Orchard Hills

A reminder of the pack meeting on Thursday, April 25 at the school at 7:30 p.m. It carries the theme, "Sea Adventures". Committee members are reminded of the meeting at the DeBrule residence on Thursday, May 2.

Novi Weight Watchers

Larry James, executive chef for Weight Watchers in Eastern and Central Michigan, will be the special guest at the Novi Weight

Watchers Class on Tuesday, April 30 at 7 p.m. at the Lutheran Church on Ten Mile. He will be lecturing and cooking special dishes. This is also an open meeting when guests are permitted free of charge. Persons with questions may contact Rosie Tague at 349-8888.

Novi Cub Scout Pack No. 239 Village Oaks

Pinewood Derby, which is the pack meeting for April, will be held on Thursday at 7:30 p.m. at the school. The committee meeting will be held May 2 at 8 p.m. at the Colliu home at 23680 Maude Lea.

Novi Boy Scout Troop No 54

The boys will be leaving for their conservation campout on April 26 at 7 p.m. and arriving home at approximately 4 p.m. on Sunday. They will be going on their bus to Bishop Lake. There will be no meeting on the 29th and the 6th. They are planning to tour the G.M. Pontiac Foundry on May 1 starting at 6:30 p.m. and arriving home about 10 or 10:30 p.m. This tour is for the entire family but reservations must be in to Bill Fear by April 26.

Novi Girl Scouts

May 1 is the day that day camp reservations are to be in. Contact your girls' leader if you don't have a form. The camp will be held June 24-28, July 1-3. Persons who can help are asked to contact Shirley Brooks at 349-5377. Persons wishing to attend the area meeting on May 6 are reminded that lunch reservations must be in to Dottie Pillo by April 29. Contact Ginny Folsom at 349-5713 for additional information.

Open house at Scout Headquarters 27400 Southfield Road (use north door) on Sunday, April 28, from 2-4 p.m. All registered Girl Scout adults are urged to attend.

Refreshments will be served.

Novi Rebekah Lodge

Initiation will be held in conjunction with regular lodge on May 9. Sister Frances Denton has hopes of soon being released from the hospital. Remember to bring your saleable items to the lodge hall for the rummage sale on May 17 and 18. District 6 meets in Pontiac Elks Temple on Saturday, April 27. Car pools are being formed. Novi will take part by explaining fraternal emblems.

NESPO

Next meeting will be May 7 at 8 p.m. at the Novi Elementary School. All parents are urged to attend as it will be election of officers for the coming year. Reports will be heard on the success of the father and daughter event. Plans will be made for the mother and son night coming up soon.

North Novi Civic Association

Plans are being made by a committee to have a rummage sale this coming week. Everyone is asked to start getting items together. Persons with questions should contact Mrs. Hoyer at 624-1234. Persons who can help in any way with this project are asked to call her also.

Blue Star Mothers President Helen Burnstrum

and Lucy Needham went to the Veterans Hospital on Thursday and did personal shopping for those not able to do their own. They also left \$50 for the social fund at the hospital. This is a fund that is used to help patients who would benefit from a trip home to their families. The next meeting will be on May 2 at the home of Hildred Hunt on Eleven Mile Road.

Welcome Wagon Club

Next general meeting will be May 16. It will be the installation of officers dinner. Deadline for reservations at \$3 is May 8. They may be called into Judy Hopkins or Deana Douglas.

There will be a treasure hunt on Saturday, May 4 at 6:30 p.m. It will start at the United Methodist Church on Ten Mile. There is an early deadline of April 27 when tickets will be \$8 and a late deadline of May 1 when tickets will be \$10. Contact Jan Christman or Sue Wetendorf.

Daytime Creativity will be May 8 at 1:15 at the home of Jan Christman. Bridge schedule is as follows: Daytime on May 7 at Pat Kennedy's; Evening on May 9 at Jan Gaff's, and Couples on May 11 at Carol Stephens. Pinochle schedule in on May 7 and 21 in daytime at Barb Bailey contact 349-4653 or couples at Linda Lodges 349-0740.

BUSES FOR SALE

Bids will be received for the sale of two buses on or before May 2. Buses may be inspected at the rear of Novi Elementary School, 26350 Novi Road. Send bid proposals to Novi Community Schools, 25575 Taft Road, plainly marked "bus bid".

NOTICE OF ENACTMENT City of Novi

ORDINANCE NO. 74-29.02
AN ORDINANCE TO AMEND SECTION 3.01 AND SECTION 16.01 OF ORDINANCE NO. 70-29 OF THE CITY OF NOVI KNOWN AS THE "ELECTRICAL ORDINANCE", SO AS TO PROVIDE FOR THE APPOINTMENT OF AN ELECTRICAL INSPECTOR AND AN ELECTRICAL BOARD.

THE CITY OF NOVI ORDAINS:

Part I. That Section 3.01 of Ordinance No. 70-29 of the City of Novi, known as the Electrical Ordinance of the City of Novi, is hereby amended in its entirety as follows:

Section 3.01. Electrical Inspector. An electrical inspector for the City of Novi shall, on recommendation of the City Manager, be appointed by the Council for an indefinite period, holding office in accordance with Section 4.9 (a) of the City Charter, such electrical inspector shall at least have the qualifications required of a Master electrician under provisions of state law, and must at all times hold a current Master's electrician license. He shall have such jurisdiction and shall exercise such powers and perform such duties as are hereinafter set forth.

Part II. That Section 16.01 of Ordinance No. 70-29 of the City of Novi, known as the Electrical Ordinance of the City of Novi, is hereby amended in its entirety as follows:

Section 16.01. Electrical Board. There is hereby created a five-member (5) electrical board of the City of Novi, consisting of:

1. The Electrical Inspector of the City.
2. A licensed Master Electrician who is an Electrical Contractor.
3. Licensed Journeyman Electrician.
4. An Industrial Electrical Engineer who shall hold a degree in Engineering.
5. A representative of the Electrical Utility Company franchised by the City.

The electrical contractor shall have had at least ten (10) years experience in electrical work. The Journeyman Electrician shall have had at least five (5) years experience in electrical work. Members of the electrical board shall be appointed by the Council for a period of one (1) year, shall serve, at the pleasure of the Council, and shall have their compensation fixed by the Council. Any three (3) members of said board shall constitute a quorum for all purposes. The board shall act as an advisory committee to the Council and shall have such jurisdiction and shall exercise such powers and perform such duties as are herein prescribed.

Part III. The provisions of this Ordinance is hereby declared to be immediately necessary in the interest of public welfare, health and safety, and shall become effective immediately after posting and publication thereof in manner prescribed by the City Charter.

Made and passed and adopted by the City Council of the City of Novi, Michigan, on this 15th day of April, A. D., 1974.

S-Robert W. Daley
MAYOR
S-Geraldine Stipp
CLERK

I hereby certify that the foregoing is a true copy of an ordinance passed at the Regular Meeting of the City Council of the City of Novi, held the 15th day of April, A. D., 1974.

S-Geraldine Stipp
CLERK

Township Minutes

Synopsis of Meeting of the Northville Township Board on April 18, 1974

Meeting called to order at 8:05 p.m. by Supervisor Wright. Present Board Members: Schaeffer, Mitchell, Cayley, Wright, Straub, Klein, MacDonald.

Also present: ten visitors, Consultants Morgan and Mosher, the press. Minutes of March 12, 19, 27 and April 1, 1974 were approved with the following correction: regarding purchase of new police car, Straub was voted as against purchasing a sedan, not the fact it was a Mercury. Straub wished it to be known he is against any purchase of a police car.

It was voted to pay bills payable as presented.

A request was heard from Larry Sheehan of 45748 Clement Ct., Northville to be granted a Class C Liquor License for a proposed Little Caesar Pizza Parlor to be constructed on Seven Mile Road at Northville Road. Artists renderings and a blueprint of a like facility was shown the Board. It was voted to refer the matter to the Police Department for recommendation.

Herman Esch of 15765 Haggerty Road appeared before the Board to discuss a problem of excess water flow which is flooding basements and causing deterioration to homes in the area. It was stated that water flow was aggravated by construction of a school in the area thereby necessitating a change in grading. It was voted to instruct the Township Engineer to review the area and prepare an estimate of cost for a survey to determine what may be causing the flooding condition.

A Northville Jaycees representative appeared before the Board to ask for

volunteers to assist with the upcoming Walk for Mankind to be held on May 18. It was decided to support this function, with individual Board members contributing such funds and time as they desire.

A letter was read from Mae L. Kerchen regarding a recent episode involving General Ambulance, and in which there was a delay of arrival of an ambulance. Wright said that a meeting is planned shortly with city officials regarding this matter. It was voted to file the correspondence and to table the matter pending outcome of meeting with the city.

A letter from the City of Detroit was read requesting what would be the tax status of DeHo property if some of it should be leased to private individuals for farming. It was decided to table the matter until more information could be obtained.

A letter from State Sen. Carl D. Pursell reported that schematic drawings for the new State Police Post has been approved by the Joint Senate and House Capital Outlay Committee, and the architect can proceed with final drawings. There is a \$1,000,000 appropriation for start of construction, with additional dollars needed later.

A letter had been received from Novi Ambulance Service, announcing commencement of service.

A letter for communication from Walter K. Belasco regarding the Police Dept. was read.

The Board was advised that the Michigan Bicycling Federation is planning that Northville will be the site of the 1974 National Road Championship. They are asking for cooperation of Northville Township in this project. The Board decided to refer the matter to the Police Department for their information.

Letters from Northville Public Schools and Township Engineer Mosher pertaining to storm sewer installation for Franklin Road were discussed. The facility would be constructed to service the new Middle School. The school district is asking for township assistance in this matter and had requested a cost estimate of the project to be compiled by Mosher. If the Township undertakes to build this storm sewer, the Township would be reimbursed by the school district. The Board authorized the Mosher letter containing these cost estimates, of 4-8-74 to be released to the school.

The Board voted to receive and file the following correspondence:

Resolution from Richard E. Manning, Wayne County Commissioner, regarding outlawing non-returnable beverage containers.

Resolutions from City of Romulus, City of Riverview, Township of Sumpter and Township of Brownstown protesting a special election by the Wayne County asking for millage.

Resolutions from City of Romulus and Township of Sumpter supporting the establishment of out-county services by Wayne County, which Northville Township has already gone on record as also supporting.

Resolutions from City of Romulus requesting support in urging the abolishment of jurisdiction of the Wayne County Road Commission over Detroit Metro Wayne County Airport.

The Board passed a Resolution voicing opposition of U.S. House and U.S. Senate bills which would allow segregation by the Federal Postal Service.

It was approved by the Board to pay 50 per cent of the cost of a new van for the fire department, the other 50 per cent to be paid by City of Northville.

Wright discussed the proposed lease with Wayne County for rental of Township offices at the Child Development Center. A proposal had been held the day prior with Attorney Morgan and representatives from Wayne County. Morgan listed items which in his opinion should be included in the lease text, including provisions for parking. The Supervisor and Clerk were authorized to sign the lease contingent upon inclusion of necessary items in the text of lease, with Mitchell, Cayley, Wright and Schaeffer voting aye, and Klein, MacDonald, and Straub voting nay.

In the matter of purchasing procedure, Straub wishes to go on record as disapproving of the present method of purchasing, which involves a combination Requisition-Purchase Order. His feeling is that they are improperly used, which he feels is a waste of Township time, money and effort and affords no control what soever on Township purchasing.

A resolution was passed to establish a new checking account, to authorize signatures for same, to handle LEAA funds, which is for the purpose of purchasing an update dispatch system for the Police Department.

Mitchell asked the attorney for an explanation of payback methods in special assessment districts. Payment must either be in lump sum or in yearly installments. It was explained.

Meeting adjourned at 11:40 p.m. Lawrence A. Wright, Supervisor
Sally A. Cayley, Clerk

Any person desiring to have a copy of full minutes mailed to them may do so by calling the Township Office, 349-1600.

Police Blotter: Break-Ins Continue to Increase

In Novi

Novi continues to be plagued by breaking and enterings as police were called on to investigate eight more B&E's last week.

In addition, police logged nine larceny reports, including several thefts of bicycles.

A 21 inch color television set was stolen from the living room of a residence at 22652 Woolsey while the owners were working in the basement.

The owner of the home told police that he and his wife had been in their basement from 4:30 to 7:30 p.m. on Friday, April 12. They discovered the theft when they came back upstairs.

Value of the television set was estimated at \$500.

Two other breaking and enterings which occurred in the same area on Friday, April 12, resulted in the theft of wrist watches.

A ladies' wrist watch valued at \$50 was stolen from a residence at 22736 Woolsey. Police reported that thieves had ransacked the master bedroom of the home.

A man's wrist watch valued at \$65 was stolen from a residence at 22746 Cranbrook also on Friday, April 12. Police again reported that the master bedroom of the home had been ransacked by the individuals responsible for the theft.

In yet another breaking and entering which occurred in the same area and on the same day, a portable color television set was stolen from a residence at 22664 Woolsey. As in the other B&E's, police reported that the thieves had ransacked the master bedroom.

Police theorize that recreation, and not material gain, was the motivation for a breaking and entering of the Village Oaks clubhouse at 22730 Heatherbrae Way last week.

Individuals responsible for the break-in gained entry by prying open the lock on a door leading to the swim area, according to police reports. Once inside, they broke into a locked office by breaking out the glass in the door.

Nothing was found to have been stolen, however, and police believe the break-in was to gain access to the game equipment in the clubhouse.

The incident took place during the night of April 11-12.

Two sales models in the Village Oaks development were also victimized by break ins which occurred last week.

Representatives of developer Kaufman and Broad (K&B) reported that furniture had been stolen from two models in the Lakewood condominium complex.

A box spring, mattress, and bed spread were reported missing from a model at 39523 Village Woode Road, and a

head board, two night stands, and a chest of drawers were stolen from a model at 39527 Village Woode Road.

The thefts were discovered Monday, April 15.

Two other breaking and enterings which occurred last week are also under investigation by police. A residence at 47900 Nine Mile Road was forcibly entered last week, but nothing was discovered to have been stolen.

Thieves also broke into a home at 40401 10 Mile Road last week, gaining entrance by breaking in through the front door. The master bedroom had been ransacked by the responsible parties, police reported.

A 1974 Honda motorcycle valued at \$2,000 was reportedly stolen last week.

Donald Ray Damron, told police he had placed the cycle in a garage behind his residence at 40691 13 Mile on Thursday, April 11.

He discovered the theft the following day. Damron told investigating officers that the bike had been secured with a chain lock.

Two 100-foot cables were stolen from a portable welding machine parked behind the Ministrelli Construction Company last week.

The theft occurred sometime during the night of April 11-12.

Value of the two cables was placed at \$380.

Two bicycles were reported stolen from the garage of a residence at 22456 Brookforest on Thursday, April 18.

Stolen were a three-speed bike with an estimated value of \$80 and a 10-speed bike with an estimated value of \$100.

A cassette tape player was reported stolen from a car parked in a garage behind a residence at 42100 11 Mile Road. The tape player was valued at \$130.

Theft occurred on Tuesday, April 16, at approximately 2:45 a.m., according to reports.

Stolen from the Dave Pink Sales office at 23564 Meadowbrook Road were a magnifying glass and a calculator. Value of the stolen property was estimated at \$60. The items had been left in a desk drawer, according to police reports.

In Township

A break-in at Meadowbrook Country Club last week apparently left thieves empty handed.

Township officers on routine patrol discovered shutters blowing open in the wind on one of the out buildings at the country club and a window in the building smashed. Police said they also found evidence that the building had been entered as glass was tracked in the building.

Doors and some windows in the main clubhouse building were also found open but a check of both structures failed to reveal anything missing, township reports said.

A 17-year-old Livonia youth has been sentenced to 10 days in Detroit House of Correction and one year probation by 35th District Court Judge Dunbar Davis.

The youth, David Alan Smith, was sentenced Saturday after being arrested shortly after 10 p.m. Friday for shoplifting. Owners of Six and Park Party Store on Northville Road reported the youth had taken beer from the store. He was arrested on Six Mile Road while hitchhiking, township officers said.

Animal complaints continue to increase in Northville Township this spring with numerous complaints of dogs running at large, barking and biting people.

Two dogs killed a cat on Woodhill Road shortly after 12:30 p.m. last Tuesday and broke a window in the home during the process of the fight, township reports noted.

About 5:45 p.m. Saturday, one dog bit another dog on Franklin Road, officers said.

Two men arrested by township police have been sentenced by Wayne County Circuit Court on charges of unlawful use of marihuana.

Lorn Alden Ross of Taylor and William Stewart Brink of Romulus were each placed on one year probation and ordered to pay costs of \$185.

They were arrested July 28 by township officers and charged with intent to deliver phenylcyclidine, a charge which was later reduced to unlawful use of marihuana.

Charges of breaking and entering a dwelling have resulted in three years probation and \$475 fines and costs for John Patrick Stone of Garden City.

Arrested October 11 by township police, Stone was caught breaking into a house on Franklin Road. According to the sentence recently handed down in Wayne

County Circuit Court, he is to serve the last 90 days in Detroit House of Correction.

Biggest traffic problem faced by Novi police is speeding.

Of the 592 traffic violations issued during the first three months of 1974, 155 of them — or more than 26 percent — have been for speeding.

Those figures were brought to light in a quarterly report issued last week by Corporal Frank Barabas, head of Novi's Traffic Safety Bureau.

Of the 592 tickets issued, 435 — or 73 percent — were for hazardous moving violations. Following speeding were improper passing — 59 (10 percent), improper lane usage — 35 (5.6 percent), drunk driving — 32 (5.4 percent), disobeying traffic signal — 31 (5.3 percent), and failure to obey stop sign — 27 (4.6 percent).

A total of 157 tickets were written for non-hazardous moving violations. Included were 59 (10 percent) for no operator's license and 34 (5.7 percent) for vehicle

registration.

In Northville

Arson is suspected as the cause of a car fire early Thursday morning in the St. Lawrence Barn Area.

Burned about 1:10 a.m. was a car parked near the fence which divides the barn area from Rural Hill Cemetery. The car, which carried Ohio license plates, had been abandoned since mid-March, city police officers reported.

Officers said they had been through the area on routine patrol about 15 minutes before the fire started. At that time, nothing suspicious was seen in either the barn area or cemetery. When they returned to the Seven Mile Road area about 1:10 a.m., officers discovered the blaze.

An electrical fire last Tuesday night at the Wagon Wheel Lounge on South Main Street proved little inconvenience to customers who remained in the business.

Also included in the report issued by Barabas were figures on the days and times that tickets were issued. Busiest day of the week was Thursday when officers wrote 133 (22.5 percent) of the 592 tickets issued. One hundred and one violations were issued on both Wednesday and Friday. Eighty-two tickets were written on Monday, 78 on Tuesday, 49 on Saturday, and 48 on Sunday.

Busiest time of the day was the hour from 4-5 p.m. when officers wrote 48 tickets. Other peak hours for issuance of traffic violations were 12 noon to 1 p.m. — 47 violations and 1-2 p.m. and 5-6 p.m. — 40 violations.

Least busy hour was from 4-5 a.m., when just two violations were issued during the first quarter of 1974. Nine tickets were issued from 6-7 a.m., eight tickets were written from 5-6 a.m., and seven tickets were issued from 3-4 a.m.

Labels Speeding Biggest Problem

More than \$150 damage was done to a trailer at Our Lady of Victory Catholic School last week.

The trailer, used as a library, sustained bent skirting along with several pieces discovered missing. The incident was reported to have taken place about 5 a.m., police reports said.

Theft of a microphone from the auditorium at Northville High School was reported Thursday. Taken between April 14 and 11 a.m. Thursday, the microphone was valued at \$100.

FIRE CALLS
April 16—5:11 p.m., grass fire at 20000 Beck Road.
April 16—6:28 p.m., electrical fire at Wagon Wheel.
April 17—12:04 p.m., fire in H building, Northville State Hospital.
April 17—3:37 p.m., grass fire Five Mile and Bradner.
April 17—4 p.m., grass fire at 20000 Beck Road.
April 18—1:10 a.m., car fire in St. Lawrence Barn Area.
April 21—4:55 p.m., grass fire in orchard near Northville Estates.
April 22—1:05 a.m., electric hot plate scorched wall in River Street Barn Area.

Missing an Old Coin?

Northville City Police Detectives are looking for the owner of a 1893 commemorative half dollar.

According to Sergeant Bruce Deacon, the police department "recovered the coin but we've been unable to find the owner."

He said the coin is from the World's Columbian Exposition in Chicago in 1893 and

on one side has a picture of the Mayflower, two globes and the date 1492. The reverse side shows a picture of Columbus. Sergeant Deacon said the coin "is in excellent condition and it's not something someone could easily lose track of."

If you're missing such a coin, contact Deacon at the city police department

A place to spend the summer.

More room for your beds.

Your own private bath.

Space for your cars and bicycles.

A separate room for the family.

More convenience in the kitchen.

After all these years, maybe it's time you moved to bigger and better things.

If you've been considering a bigger house, or a newer one, there'll never be a better time than right now to make your move.

And, right now, National Bank of Detroit can help you make that move. We have mortgage money to lend, and we lend more than any other bank in town.

We'll give you prompt word on the

approval of your mortgage loan, and set up your closing in as little as two weeks thereafter at an NBD office in your neighborhood.

We might also save you some money. Our closing fee on uninsured conventional mortgages is a simple flat fee that has nothing to do with the size of your

mortgage. And that could possibly save you enough money to buy a new chair for your new home, or carpet one of your new bedrooms.

Why not look into a mortgage loan now at any of the more than 100 offices of NBD.

The bank that's ready to help you get a new house—now.

Making banking better for you.

PRIZES, PRIZES, PRIZES — There'll be prizes galore next week at the annual school fair of Novi's Village Oaks Elementary School. Entitled "Spring Fling", the fair is slated for Friday, May 3, from 6-9 p.m. Heading the list of prizes is a 10-speed bicycle which will be raffled off during the

festivities. Other prizes include the two large stuffed animals being held above. Admiring the prizes (above) are (from left to right) Village Oaks Principal Dave Brown, Monica Buchheit, Michelle Swope, and "Spring Fling" Chairman Dolly Hensil.

Wixom Budget Presented

Continued from Novi, 1

where the heaviest population is centered.

Other council members contended that the city's present station at city hall could still serve the northern area, but that the purpose in beginning a program for expanded fire protection was to have stations located on both sides of the track dividing the city.

The council voted 5-1, with Dr. Val Van Gieson dissenting, to retain the firm of Winebrenner & Ebejer, Inc. as architects for the proposed fire station. The council plans to schedule a meeting with the architect to discuss design, size, location, etc., of the new station.

In other business Tuesday the council decided to adopt its own soil erosion ordinance rather than turning the responsibility for approval under the new act over to the county. It will be modeled after the state regulations. Although the requirements and costs of enforcing the new regulations are still unknown, the council noted that costs would be charged to developers.

The council also responded affirmatively to the county's inquiry concerning interest in Wixom's use of the county's solid waste disposal area.

Appointed to a five-year term on the Wixom Library Board was Mrs. Sue Weibel; also approved was an ordinance regulating speeds of boats on Loon Lake and banning water skiing from 6:30 p.m. until 10 a.m.; and the mayor proclaimed the week of May 10-17 "Clean-Up, Paint-Up, Fix-Up" and urged all city residents to be cooperative in the annual clean-up effort.

The council also decided to reconsider at its next meeting the 7:30 p.m. council starting time in favor of switching back to 8 p.m. At the close of Tuesday's session a citizen in the audience, Terry Hieber, asked the council to consider expansion of the fire department to a fulltime basis

rather than further expansion of the police department.

Two Seek Re-election

Both of incumbents on the Novi Board of Education plan to seek election next June.

Nominating petitions were being circulated this past week for Secretary Ray Warren, who will seek the two-year seat, and Todd Price, who seeks the four-year seat.

Deadline for filing nominating petitions for the two terms is 4 p.m. on Monday, May 13. Petitions are available in the administration office for those interested.

Deadline for registering to vote in the June 10 election also is May 13 — but at 5 p.m.

Snowdrifters Plan Year-Round Fun

Northville Snowdrifters are planning year round activities to keep club interest high throughout the year, reports Carston Seales, Snowdrifters' president.

Plans have included snowmobile trips to a different location every other weekend throughout the winter.

Summer activities include a dinner dance, trail biking, canoe trip, square dance, corn roast, local camping trips, and a weekend of mushroom hunting at Mesick.

Meeting during the summer will be held at 8 p.m. the first Wednesday of each month with the next scheduled meeting May 1 at Bi-County Glass on South Main Street.

Village Oaks School Fair

'Spring Fling' Plans Set

It's spring and time for the annual school fair at Novi's Village Oaks Elementary School.

Sponsored by VOICE, the parent-teacher organization at Village Oaks, the fair is a means of raising funds. Profits will be used by VOICE to purchase educational equipment for the school.

Entitled "Spring Fling", this year's fair is slated for Friday, May 3, from 6-9 p.m.

As usual, the Village Oaks school fair will feature a wide

array of games and amusements for the youngsters. Planned are a cake walk, haunted house, bug house, and duck pond. Also available will be movies and a Jarco game.

Tickets for each event may be purchased the night of the fair at a cost of 15 cents each. Tickets can be purchased in advance, however, at a slightly reduced price — seven for \$1.

Advance ticket sales are available from April 24 to

April 30 at the school.

Also featured at this year's "Spring Fling" will be a Flea Market and a Gift Center.

Music will be provided by the Novi Community Band under the direction of Guy Smith.

According to Mrs. Dolly Hensil, chairman of the school fair, dinners will be served beginning at 6 p.m. Following dinner, people are invited to visit the "Sweet Shoppe" for a selection of candy, ice cream, and other goodies.

Heading the list of prizes to be given away at the "Spring Fling" is a 10-speed bicycle which will be raffled off. Tickets for the raffle can be purchased at a price of 50 cents apiece or three for \$1. Drawing for the bike will be held at 8:30 p.m.

Village Oaks Principal Dave Brown noted that the youngsters have been working hard to prepare special projects and displays for the parents.

From Novi Students

Bikes Get High Rating

Bicycling rates high on the list of activities favored by Novi High School students. That, at any rate, is the claim of Mrs. Clara Porter, chairman of the Bicycle Trails Committee of the Novi Youth Assistance organization.

To support her claim, Mrs. Porter offers the results of two surveys conducted recently at the high school. One of the surveys was conducted by the Parks and Recreation Commission and solicited the opinions of 385 students, while the other survey was conducted by the Youth Assistance organization and involved 81 students.

On the survey conducted by the Parks and Recreation Commission, students were presented with a list of 60 items and asked to check those in which they were interested.

Far and away the most popular item was "summer dance with live entertainment" which was checked by 264 of the 385 students who responded to the survey — 69 percent of the total sampling.

Right behind the summer dances in popularity, however, were items related to bicycling. The second most frequently checked item was "bike trips" which drew the interest of 214 students (56 percent).

Third on the list was "formation of bike trails" which was checked by 194 students (50 percent).

Other popular items on the list were as follows: open gym night — 178 (46 percent); motorcycle races — 173 (45 percent); bike-a-thon — 158 (41 percent); gymnastics

classes — 140 (36 percent); bowling league — 129 (34 percent); ping pong clinic and tournament — 124 (32 percent); walk-a-thon — 97 (25 percent); hockey league in 1975 — 90 (23 percent); and badminton clinic and tournament — 80 (20 percent).

Least frequently checked item on the list was "theater workshop" which drew the interest of just 49 students (13 percent).

The Parks and Recreation Commission's survey also included a request for suggestions of activities. Among the suggestions submitted were summer rock concerts, handball courts, municipal swimming pool,

open baseball diamonds, roller skating parties, and a rifle club.

Students were asked to respond to just one question on the survey conducted by the Novi Youth Assistance organization — "The city is considering the idea of building bike trails that could go to Kensington Park and around Novi. If these trails could be built, would you ride on them?"

According to Mrs. Porter, 78 of the 81 students surveyed replied affirmatively with the other three indicating that they would not make use of the trails.

Mrs. Porter, who heads the committee looking into the possibility of constructing bike trails around the city, said she was "definitely encouraged" by the findings of the two surveys.

"Our committee is still

Voters Defeat Millage Hike

Continued from Record, 1

thing and service will stay the same."

Supervisor Wright, who was at a loss to say what would happen next, added that the board "will have to discuss this at our next meeting and decide what to do."

While Wright said he favored asking for millage a second time, Trustees Richard Mitchell, Charles Schaeffer and Clerk Cayley previously have indicated they are opposed to going back to voters once a millage issue has been defeated.

Vote totals by precinct are: Precinct 1 — 53 yes, 145 no, 28 percent voting; Precinct 2 — 158 no, 74 yes, 22 percent voting; Precinct 3 — 109 no, 37 yes, 23 percent voting; Precinct 4 — 10 no, 0 yes, 7 percent voting; Precinct 5 — 46 no, 41 yes, 12 percent voting; Precinct 6 — 23 no, 11 yes, 17 percent voting; Precinct 7 — 172 no, 55 yes, 18 percent voting.

Budget Billing
can help you with 12 equalized payments

Would you like to pay about the same amount every month for your Consumers Power Bill? You can, with our Equal Monthly Payment Plan. Under this Plan, we divide your yearly bill into 12 equalized payments. You enjoy the convenience and leave the arithmetic to us.

You may sign up for Budget Billing at any time. But, if you start the Plan in June, your monthly payments will be lower because they will be spread over a full 12-month period. If you enroll in the Plan any month later than June, your equal monthly payment will be determined by estimating the total cost of service for the remainder of the "Equal Payment Year."

Heating customers can enroll in the Plan simply by checking the box for Budget Billing on the first bill received after April 15.

Pick up your free copy of "The Advantages of Budget Billing" today, at any Consumers Power office.

INDUSTRIAL ARTS WINNERS — Four Novi Middle School students copped awards at the regional level of the annual Michigan Industrial Education Society competition recently. The four, pictured above, are (from left to right) Mike Murray - second place; Chris Walker - third place; Greg Couch - honorable mention; and Greg Place - first

place. By virtue of finishing in the top two at the regionals, Mike Murray and Greg Place will take their projects to the state-wide competition this weekend at the State Fairgrounds. All of the boys are enrolled in Jack Jordan's industrial arts program at the Middle School. Their projects were in plastic fabrications.

Novi Names Nominees To Study City Finances

Plans for the formation of a Citizen's Committee on City Finance moved forward Monday as the Novi City Council placed six names into nomination and directed City Clerk Gerri Stipp to schedule interviews with the nominees. Established by a resolution adopted by the council last week, the committee is designed to serve a two-fold purpose:

1. To work with the city manager to study the current and future needs of the city for financing general city services and what kinds and amounts of taxes will be necessary to meet those needs; and
2. To study the capital improvement needs of the city and current and future means of financing such improvements.

One of the major functions of the group will be to investigate financial aspects of developing the city's portion of the proposed Civic Center at the corner of Ten Mile and Taft roads.

The committee is to be composed of individuals with training and expertise in the field of finance.

The six names received by the council so far are Dicon Taftalian, Donald Young, Guy Smith, P. T. McIntyre, James Koster, and Jacob Durling.

The resolution adopted by the council calls for a com-

mittee of "not more than 10 members". Appointments to the committee are tentatively scheduled to be made in two weeks.

New German Club Seeks More Members

Northville residents have been invited to join Plymouth's new German Geumutlichkeits Club which is currently planning a German festival for June.

Organized last week, the club meetings will be held Tuesdays at 8 p.m. weekly in the Plymouth Cultural Center's Arts and Crafts room. The center is located on Farmer Street.

Currently about 25 members from Northville, Plymouth, Canton and Farmington are involved in the club. Vice-President Bob Fitzner added that they

"would like about 200 members by the time of the festival."

College Plans Gaslite Festival

Rock and folk concerts, films, guerrilla theater, carnival and helicopter rides and numerous displays centering around the Farmington Sesquicentennial theme will highlight the Orchard Ridge Gaslite Festival, May 17-19, in plans announced by the Gaslite Festival Committee.

The Festival hours will be 5 p.m. to Midnight on Friday, May 17; 11 a.m. to Midnight on Saturday, May 18, and Noon until 10 p.m. on Sunday,

May 19, 1974. Radio Station WPON's Remote Truck will broadcast from the Campus on Sunday of the Festival.

The Orchard Ridge Campus of Oakland Community College first opened for classes in September, 1967. Now completing its seventh academic year of service to the community, Orchard Ridge, located at I-696 and Orchard Lake Road in Farmington Hills, offers a wide variety of programs and courses in academic and vocational areas.

In addition, the campus provides numerous community programs and services to the south-central and southwestern portion of Oakland County.

The award-winning campus, designed by the Perkins and Will Partnership of Michigan in association with Giffels and Rossetti, includes 975 now familiar landmarks, the gaslites on the campus proper and in the surrounding parking lots.

Half of these gaslites, glittering like fireflies, are

familiar to motorists on I-696, Orchard Lake and Farmington roads, as well as to those driving on nearby Twelve Mile Road. The other half have been turned off due to the energy crisis.

The strikingly raked roofline of the Orchard Ridge Buildings and the extensive use of poured concrete textured with rough wooden forms, highlight this now familiar Farmington Hills landmark, the Orchard Ridge Campus. Built on a 154 acre site with nearly a half million square feet of building area, it accommodates 7,000 students.

Dr. S. J. Manilla, Provost of the Orchard Ridge Campus, announced the Farmington Sesquicentennial will be the keynote of the Campus' Spring Festival, to be held this year on Friday through Sunday, May 17-19, 1974.

"We are pleased," noted Manilla, "that our Spring Festival has become a regular part of the community calendar. We are proud to be in the Farmington Community and share the tremendous heritage of this area."

The Orchard Ridge Gaslite Festival will feature a number of exciting carnival rides, ferris wheels, concession booths and helicopter rides. Soda pop, pizza and a Faculty Wives' bake sale will be among the featured foods.

More important, the Gaslite Festival will present a number of special events to introduce the community to the many activities that the Orchard Ridge Campus provides.

The students and faculty of the Art Department will present an Art Fair with many of their works in a variety of media for sale to the general public. The Photography Association, in conjunction with the Audiovisual Department, will operate a "See-Yourself-Free-On-Ed-TV" Booth. Other exhibits will familiarize spectators with the numerous programs on campus as well as highlighting the Farmington Sesquicentennial Celebration.

Bock Named to Group

John H. Bock of 1087 Allen Drive have been named to the budget committee of the United Way of Michigan (UWM).

Jules E. Guillaumin, committee chairman, said Bock will be assigned to a review panel at UWM's annual budget conference to be held April 30, May 1 at the Kellogg Center, Michigan State University.

Each panel will review the budget presentations of three UWM member agencies and then make recommendations for the funding of the agencies during 1975.

UWM has 23 health and social service agencies as members. It helps plan programs and provides communications services and

financial support for them. Member agencies include the Kidney Foundation of Michigan, Michigan Heart Association, Leader Dogs for the Blind, the Arthritis Foundation and others fighting disease and social ills.

Funds for UWM come from nearly 150 local United Way campaigns conducted

throughout Michigan. The United Foundation is providing \$3,372,913 for UWM's member services during 1974.

Bock is assistant to the director of public information, Michigan Consolidated Gas Company. He has been active in UF drives and with Junior Achievement and the Red Cross

CLUB FORMING—Charles Duffield, field service director of Kiwanis International, explains functions of the Kiwanis service organization to potential members of a new Northville club. Also on hand for the formative meeting were Gene Overholt (left), district 9 lieutenant governor, and Richard Raison, chairman of new club development for the sponsoring Colonial Plymouth Kiwanis Club.

Fire Doesn't Deter Group

Kiwanis Club Forms

Hoses of firemen battling a kitchen fire at the Wagon Wheel Restaurant last week failed to dampen the enthusiasm of 22 potential members of a Northville Kiwanis club.

"We stuck it out and had a fine dinner meeting," said Richard Raison, chairman of new club development for the sponsoring Colonial Plymouth Kiwanis Club.

Sixteen members indicated

they intend to become charter members of the club, reported Raison, and additional persons were expected to "sign up" at a meeting this week to ensure at least 20 charter members.

Last week Ronald Demeter was named the interim president of the club, while Lloyd Grissom was named secretary.

Potential members were expected to decide this week date and place of future club

meetings. Once at least 20 persons have committed themselves to become members, the club will formally petition for a charter, explained Raison.

Kiwanis, like Rotary and Civitan, is a service organization with international affiliation.

Present at last week's meeting here to explain the organization and function of Kiwanis were Charles Duffield, field service director of

Kiwanis International, and Gene Overholt, District 9 lieutenant governor.

The Northville club, if chartered, will be part of District 9. Its service area will include the city and township of both Northville and Novi.

Persons interested in becoming a member of the new club or those who may wish to learn more about Kiwanis are asked to call either Raison, 459-0872, or Demeter, 455-2806.

PTSO Elects Officers

Four officers have been elected to head the PTSO group following a meeting of the group's executive board last week.

Named president of PTSO is Mrs. Edward Hancock while Carolyn Calmes was named vice-president and Kenneth Chio, treasurer Mrs. Rose Mary Forsyth was elected secretary.

The executive board will meet next Thursday, May 2, at 8 p.m. in the Northville High School cafeteria to prepare committee reports

and draw up an agenda. The meeting is open to the public.

Next meeting of the PTSO general membership is scheduled for 8 p.m. Thursday, May 9.

PTSO is made up of

parents, teachers, students and employees of the Northville School District who are involved in discussing and attempting to solve concerns which exist at the high school level.
