

306 to Receive Diplomas in Ceremonies Tuesday

Baccalaureate services and commencement, topped off by the traditional senior party following graduation, highlight the last week of classes for 306 Northville High School seniors.

The 306 are members of the 105th graduating class at Northville. Of those, 98 are honor students, graduating

with a grade point average of 3.0 (B) or better. They will wear the traditional gold tassels and will be feted at the Honors Banquet tonight, Thursday.

Baccalaureate services will be held Sunday, June 16, beginning at 8 p.m. in the high school gym. Graduation will be held Tuesday beginning at 8 p.m. on the football field if

weather permits. Graduation exercises will be moved to the gym if it rains, school officials said.

Giving the invocation and benediction for the Baccalaureate will be the Reverend Ralph G. Schmidt of St. Paul's Lutheran Church. Scripture will be given by the Reverend Father John Wittstock of Our Lady of Victory Catholic

Church while the address, "The Search for Something Real", will be delivered by the Reverend Richard J. Henderson of the First Presbyterian Church.

Music will be provided by Darlene Drewitz and Lizanne Peace with selections sung by the high school choir under the direction of Donald Renz.

Graduation ceremonies will include an invocation and benediction by the Reverend Guenther C. Branstner of the First United Methodist Church. Hillary Holdsworth will deliver the salutatory while Lee Ann Hackmann will give the valedictory. Music will be provided by the high school band under the direction of Robert Williams.

High School Principal Fred Holdsworth will present the class while diplomas will be given to the students by Superintendent Raymond Spear assisted by Holdsworth and David Longridge, associate principal.

Following graduation, the senior class party, hosted by parents of seniors, will be

held. Under the theme of "Conestoga Trail" seniors will enter the town of New Prospect along the trail.

General Chairman Mrs. Dolly Cummings reminds seniors that they will be admitted to the party from 10:30 to 11:30 p.m. only.

For one night, the school cafeteria will become New Prospect, complete with a

barber shop, hotel, Silver Slipper Cafe, jewelry store and general store.

Music will be provided by the Tear Fires, a rock group which has played for senior parties the past two years. Between dancing, swimming and eating, the seniors will be able to watch silent movies,

NEWS BRIEFS

Father's Day Salute

See Page 1-B

"I'M SHOCKED", said Township Supervisor Lawrence Wright this week when he learned that four patrolmen on the township's police force were seeking membership in the AFL-CIO. The new township police union will not include the chief or dispatchers. An official date for voting on the question will be set at a June 12 meeting, the supervisor stated. He said the notification for the bid to unionize the four-member force came from the Metro Council No. 23, A.F.S.C.M.E., AFL-CIO.

TOWNSHIP BOARD members will meet tonight, Thursday, at 8 p.m. to consider filling the post of fire marshal. The action on adopting the fire code, setting up a fire prevention bureau and naming a fire marshal was tabled last month by the board. Also on tonight's agenda will be discussion of bids for remodeling township quarters at the Wayne County Child Development Center. The meeting will be held at 301 West Main Street.

PUBLIC HEARING on the proposed new city zoning ordinance and map is scheduled to resume on Monday, June 24. The hearing was adjourned last month without any decision being reached by council, which has been studying changes suggested by citizens as well as by its own members and the planning commission. See related story on this page.

RATIFICATION of new contracts with the police department and the department of public works is expected to take place at Monday's council meeting. Settlement of negotiations with secretarial employees had not yet been reached early this week. Concerning rumors that DPW had voted to organize, spokesmen for employees refused comment.

Board Stiffens 'No Smoking' Rule

Stiffer enforcement of "no smoking" rules in Northville High and uniform methods of discipline for offenders were given the okay Monday night by Northville School Board members.

Board members will act on the enforcement methods of the "no smoking" rule at their June 24 meeting and establish a committee of parents, students, teachers and administrators to set up the policy.

Trustees seemed to agree with P. Roger Nieuwkoop who said that the "primary issue is to remove smokers from the restrooms but designating an area for students to smoke is illegal.

"The alternatives we have are to make a major effort to eliminate smoking from the building, once the building problem is resolved then we can expand our efforts outside and a more comprehensive educational program on the

hazards of smoking is needed."

Nieuwkoop emphasized that the board should "stop short of okaying an area outside the building for smoking."

Trustees agreed with Nieuwkoop, adding that punishment for students caught smoking outside would be less than those smoking inside. Students might be told only to put out their cigarettes and the matter pushed no further if they comply.

Trustee Mrs. Sylvia Gucken added that she believes the problem "is sitting down to the middle school level. Students are already smoking outside the building there."

John Forrer, president of the Student Congress, urged the board to "have a committee of students and board members to set up the rules. The students will be pleased with the action you've taken tonight."

Mrs. Gladys Evans,

Appoint Longridge New Cooke Principal

The appointment of David Longridge, associate principal at Northville High, to the post of principal at Cooke Middle School has been announced by Superintendent Raymond Spear.

Longridge's appointment becomes effective July 1. He assumes a post held by J.

Ronald Horwath who was recently named personnel director. Longridge will be assisted by J. Michael Janchick who was named assistant middle school principal last week.

An employee of the district for the past 14 years, Longridge joined Northville Public Schools in 1960 as a social studies and physical education teacher at the middle school. He also served as head wrestling coach and assistant football coach.

In 1961, he moved to the high school as a physical education instructor, head basketball coach and assistant football coach. He was named assistant high school principal in 1968.

Longridge commented that he is "looking forward to the new position and to working with Mike Janchick. The middle school will be a good challenge and something new."

Spear said he is pleased with the appointment of Longridge as principal.

'YRS Not District-Wide'

Deny NEA Negotiation Bid

By unanimous action Monday night, Northville School Board members denied a grievance filed by the Northville Education Association (NEA) to re-open the two-year contract agreement on the issue of year-round school.

In denying the grievance, school trustees noted that offering year-round school at all grade levels did not constitute district-wide operation of the program. The NEA contends it does.

Superintendent Raymond Spear rather facetiously suggested that if that was the NEA's stand "then maybe we should tell the half dozen or so seniors who signed up for year-round school to drop it so we will only operate it kindergarten through grade 11."

NEA President Priscilla

Smith, in appealing the earlier decision of the superintendent not to re-open the contract, said that "during negotiations as a team, we discussed (year-round school) at an all level concept as our concern. The work 'mandated' was not included in the agreement."

Crux of the issue hinges on the interpretation of "district-wide." According to language in the two-year pact agreed upon last year, the NEA reserved the right to open negotiations on the contract if year-round school was implemented on a district-wide basis.

Following board denial of the grievance, Mrs. Smith told this newspaper that the NEA full membership would

UPSIDE DOWN IN STREAM—A 17-ton dump truck which ran out of gas last Thursday afternoon on Center Street just south of Seven Mile rolled backwards, flipped over and ended upside down in a creek 20 feet below the road. Driver of the truck, Lee Roy Maxwell of Detroit, sustained a broken leg in

the accident. He told police he got back into the truck just as it began rolling backwards and was trying to back into the drive to St. Lawrence Barn Area when the brakes failed to hold the truck and it rolled over. The mishap took place shortly after 3:30 p.m.

Council Expands Industry

Change City Zoning Plan

Enlargement of the industrial and commercial districts in the eastern section of the city grew closer to reality this week as the proposed new zoning ordinance underwent surgery again

These and several other suggested changes were given an informal green light Monday night as the city council prepared the ordinance for reconsideration at continuation of the public hearing on June 24.

commercial district between Beal and Gardner would be the alley. Properties on the east side of Yerkes would remain in a residential classification.

Previously, the entire four block area bounded by Beal, Main, Gardner and River was earmarked for a

10 Seek Election To Township Offices

With the deadline less than a week away to file petitions to seek election in Northville township, 10 persons have already placed their names on the August primary ballot.

Deadline for filing nominating petitions is 4 p.m. Tuesday, June 18. Petitions are available from the clerk or deputy clerk between 9 a.m. and 5 p.m. weekdays at the township offices, 301 West Main Street. Positions open include

supervisor, clerk, treasurer, two trustees and two constables. To date, no incumbents have filed.

Democrats filing petitions include Eugene Guido, Kurt H. Glaser, Donald B. Marengere, trustees; Janet L. VanVoorhis, clerk; Robert Pope, treasurer; and Guy L. Coykendall, constable.

Republicans include James Nowka, trustee; E. F. Peterson, Roger G. Eising, constables; and Anita S. Eising, treasurer.

Continued on Page 14-A

Diana Black Weds James Fisher

Diana Lee Black came down the candelabra-lined center aisle of First Baptist Church of Farmington to become the bride of James Paul Fisher in a 7:30 p.m. ceremony May 25.

Candelabra also lighted the prayer bench at the altar as the couple exchanged vows and rings before the Reverend Walter Ballagh.

The bride was given in marriage by her parents, Mr. and Mrs. Del Black of Woodhill Drive in Farmington Hills. The bridegroom is the son of Mr. and Mrs. Herbert Fisher of Novi.

The blonde bride's gown of white organza over silk polyester was fashioned with a fitted bodice with V-neckline and a flaring A-line skirt extending into a train. Chantilly lace embroidered with seed pearls adorned the bodice and the sheer sleeves which ended in wide Elizabethan ruffles at the wrists.

Matching lace edged her full, cathedral veil of illusion which fell from a Juliet cap of lace.

Her bridal bouquet was a cascade arrangement of phalaenopsis orchids, stephanotis, white roses and miniature carnations with fern.

Mrs. Mark Black, the former Lois Marie Horsfall, was matron of honor for her sister-in-law in a flowing, A-line gown of spring green with sheer sleeves in a yellow, green and blue flowered print.

Bridesmaids Sandy Taylor and Mrs. John (Toni) Genitti wore gowns matching the matron-of-honor's. All carried cascade arrangements of yellow roses, yellow miniature carnations and buff daisy mums tied with blue velvet ribbon.

Denny Fritz, a lifelong friend of the bridegroom, was best man. The bridegroom's brother, Fred, and Dan and Mark Black were ushers.

For the ceremony and reception following at the Black home the bride's mother wore a long, light blue dress with ostrich feathers

trimming the sleeves. There were 135 guests attending.

The bride's grandparents, Ruth and Bill Black, former owners of Blacks' White House, came from Wheaton, Illinois, for the ceremony and catered the wedding reception.

For the reception the Black home was decorated with flower trees in yellow and orange tones at the entrance and at the bottom of the stairway. The entire stairway was trimmed with flowers. Striking line arrangements of greens and orange fuji mums decorated the fireplace.

The couple had met through their working situations. The new Mrs. Fisher is a Northville High School graduate and is organist at the Farmington Baptist Church. She is manager of Del's Shoes in Northville.

The bridegroom is a Novi High School graduate and is working for Fisher Electric.

After a wedding trip to Cedar Point area, the newlyweds are making their home in Northville.

MR. AND MRS. JAMES FISHER

In Our Town

Newcomer Float Depicts Crow's Nest

By JEAN DAY

THE CROW'S NEST that dominated the intersection of Main and Center streets in Northville's early days is being reproduced by the enterprising Northville Newcomers for their Fourth of July parade float in keeping with this year's parade theme of "American Nostalgia—1900 to the Present."

Sponsored by the Northville Jaycees each year the parade has gained a reputation of being one of the "finest in the state."

Under the direction of Newcomers art chairman, Mrs. Robert Wobermin, float workers already are gathering materials for the project, according to Mrs. Howard Fithian, who has just taken over as president of the active group.

While most organizations take the summer off, Newcomers Club is planning a summer potluck party and has a capacity crowd of more than 50 couples with reservations for a lobster boil and splash party this Saturday from 7 p.m. to 1 a.m. at the home of Mr. and Mrs. Thomas Beck in Lexington Commons. Catered by Pomeroy's the feast also is to include steam clams and corn-on-the-cob. Mr. and Mrs. William Rasmussen and Mr. and Mrs. William Bohan are chairmen.

The club's tennis league is "doing well," according to Mrs. George Kausler, who has just completed her term as president. She credits the growing interest in tennis and golf with the addition of 30 new members in the last two months—which actually is the end of the club year.

FORTY-EIGHT guests for a dinner party might seem overwhelming to most hostesses, but that was the number Barbara Kausler entertained last Saturday as she invited both the old and new boards of Northville Newcomers and their husbands to her home in Northville Estates.

New officers were installed informally at a short meeting during the evening.

WALK FOR MANKIND sponsors who pledged amounts for each mile walked in Northville and Novi, mostly by youthful participants, May 18 may not receive their bills for two to six weeks but they will be coming. That's the word from Northville chairman Ed Titsworth.

All walk sheets, he explains, now have been sent to a computer service which will send out the bills. Before the sheets were given the service, the Jaycees used them to prepare certificates for all participants who completed the 21-mile hike.

Since at least 80 percent of those who started completed the walk, Titsworth adds, that meant 230 to be sent certificates.

The Jaycees report that a total of \$5,800 overall was pledged with 20 percent to be retained by the Northville and Novi Jaycees for local youth projects. In addition, marchers who chose to do designated 20 percent of their pledges to charities of their choice—24 in all.

Since the purpose of the Walk for Mankind is to aid the world's needy rather than be an endurance contest, the Jaycees note, the two walkers who actually completed the walk first were not considered the winners as they had not entered with walk sheets with sponsors.

THE ONE-DAY collection for the Muscular Dystrophy Association of America, held last Tuesday, June 4, in the Northville area yielded a total of \$533.80, reports Chairman Rose Burrell. This total, she points out, represents a goodly increase over last year's collection of \$423, which was for both Northville and Novi.

Funds from the door-to-door solicitation are sent to the Detroit office she explains while praising the efforts of her 15 workers.

UNWANTED NEWSPAPERS piled in residents' garages and basements can be donated this Saturday to Northville's new Cub Scout Pack 755 which is trying to build up a treasury by selling the papers.

Cub scouts and their parents will pick up the papers if they are placed at the curb. To make sure your neighborhood is covered if you have papers, Mrs. Russell Anger asks that you call her at 349-0068.

Papers can be brought to the Ritchie lot on Center Street opposite Ely's from 9 a.m. Saturday.

MORE THAN 100 area residents attended the fundraising cocktail party to benefit annexation efforts in Northville held by Citizens for a Unified Northville last Friday evening at the Drawbridge restaurant.

Citizens for a Unified Northville is a new group working toward making the city and township one unit under the chairmanship of George Berquist and Mrs. George Kausler.

Among the guests at the informal get-together were former Northville City Manager Frank Ollendorff and Mrs. Ollendorff. Others included city, council, township board, school and commission representatives.

VACATIONS followed the 127th annual national meeting of the American Psychiatric Association last month in Detroit for some area residents who worked daily to make the event a success.

For Mrs. F. F. Ishaq the convention post of chairman of leisure time activities had been almost a year-long job. She had arranged trips to Somerset Mall, to Windsor and to Greenfield Village for the convention attended by 6,500.

Northville psychiatrists' wives assisting included Mrs. Charles Fountain and Mrs. Calvin Chen. After the convention Mrs. Chen and her four-year-old daughter Beth drove east to visit her parents near Pittsburgh, Pennsylvania.

News Around Northville

LaLeche League of Plymouth-Northville will meet at 8 p.m. Thursday, June 20, at the home of Mrs. Kay Williams, 9437 Tavistock, Plymouth. All expectant or new nursing mothers are invited to attend and may call Mrs. Williams, 455-1840, for additional information.

Babies, the league states, always are welcome at meetings.

Northville Senior Citizens Club members wishing to attend the Tiger ballgame in Detroit Saturday may go by bus from the Kerr House. The bus will depart at noon; no reservations are necessary, according to Mrs. Richard Sharon, trip chairman.

Orient Chapter, Past Matrons Club, will meet for "Luncheon Out" at 12:30 p.m., Wednesday, June 19, at the Tack Room. This will be the group's final get-together until fall.

Diane Carter of Northville is serving on the Strawberry Festival committee which today (Thursday) will host the annual old fashioned ice cream social at the Northwest Branch YWCA, 25940 Grand River, from 6 to 9 p.m.

Dr. and Mrs. Jerry McDowell of 113 East Dunlap enjoyed a seven-day cruise to the Caribbean recently aboard Sitmar Cruises' TSS Fairwind.

New officers of Alpha Nu Chapter of Delta Kappa Gamma honorary teachers' society were installed for two-year terms at a potluck dinner meeting Monday.

Mrs. Louva Waterman was installed as president with Mrs. Gayle Fountain, first vice president; Mrs. Elizabeth Glenn, second vice president; Mrs. Leona recording secretary; Mrs. Myrtle Funk, corresponding secretary; Mrs. Janice Hobart, treasurer; and Mrs. Helen Fritz, parliamentarian.

This will be the chapter's last meeting until September.

Delia Jo Leonard, daughter of Mr. and Mrs. Al Leonard, 623 Randolph and formerly of 339 North Center, was graduated from St. Joseph Academy in Adrian June 2. As a member of the high school's 75th graduating class she participated in a weekend of special festivities.

Mr. and Mrs. J. E. Straus, former Northville residents of Beck Road now making their home in Plymouth, and Mrs. Edna Leonard spent the June 1 weekend at the Holiday Inn in Adrian where they attended the graduation of their granddaughter, Delia Jo Leonard, from St. Joseph Academy.

Mrs. Richard Sharon and her sister, Mrs. Lottie Power, have returned to the Sharon home at 19625 Clement Road after a trip to Houston, Texas, where they visited another sister, Mrs. Cecil Morris. Before flying home they also visited in Galveston. Sight-seeing included the Astrodome and Sea-arama.

Hillary Holdsworth, 46778 Grasmere, has been awarded

a Western Michigan University academic scholarship at Western Michigan University, it was announced this past week.

The WMU scholarships range from \$800 to \$2,800 over four years.

Western's office of student financial aid and scholarships administers the scholarship program which is designed to reward academic excellence as well as alleviate the financial needs of WMU students.

Two area residents were among the 184 students at Kalamazoo College named to the Dean's List recently.

They are John Regenhardt, son of Mr. and Mrs. Robert Regenhardt of 44428 Cot-tisford Road, and Carol Ditzhazy, daughter of Mr. and Mrs. Joseph A. Ditzhazy of 37900 Tralee Trail.

Miss Ditzhazy, a sophomore, maintained a grade point average of between 3.75 and 4.0, and Regenhardt, a freshman had an average of between 3.5 and 3.75.

Ronald William Asher, formerly of Northville, will graduate June 15 from California State University in Los Angeles with a bachelor of science degree in business administration. He hopes to continue his education at CSU by working on a master's degree in hospital administration.

Receive Mill Race Gift

A check for \$4,000 was to be presented Wednesday for Northville's Mill Race Village restoration project by Howard Lancour, executive director of the Michigan Bicentennial Commission.

Lancour was speaking on the topic, "You Are the Bicentennial," at a luncheon meeting at the Drawbridge as the Beautification Council of Southeastern Michigan held its quarterly meeting here.

The City of Northville was host for the meeting which began with a workshop session at 10:30 a.m. in the city council chambers at which the Southeastern Michigan Transportation Authority was to be discussed by Mrs. Dolores Wolfe.

Following the luncheon meeting Northville Beautification Commission conducted a community tour for the guests.

Mrs. John Richardson, president of the Beautification Council of Southeastern Michigan, called the day-long session to order and introduced those attending the luncheon. Mayor A.M. Allen welcomed the council to Northville while Mrs. Beatrice Carlson provided "A Bit of Nostalgia."

Dawn's a Special Addition to William Duey Family

DUEY ADDITION—Mr. and Mrs. William Duey with sons David, left, and Dan pause with their adopted daughter, Dawn Patricia, on the patio of their Nine Mile Road home. They returned Sunday from Miami, Florida,

where they picked up Dawn, who had been flown from Bogota, Colombia, South America. She is a deaf child who had been abandoned at birth.

By JEAN DAY

What do you do when your only daughter becomes a bride and moves away?

If you're the William L. Duey family of 45385 Nine Mile Road, you look for another charming daughter to love.

When daughter Debbie set a March 2 wedding date for her marriage to Northville High School English and drama teacher Kurt Kinde, William and Merle Duey sought a little girl to adopt.

Sunday they brought her home, having picked her up in Miami, Florida, last week. An abandoned orphan of Bogota, Colombia, in South America, the little girl was flown from there to Miami.

The Dueys' sons, Danny, 14, and David, 18, went with them to welcome their new sister. To continue the "D" alliteration in the Duey children, the new arrival is being called Dawn.

"It's really Dawn Patricia," says Mrs. Duey, explaining that the new name was prefixed to the little girl's former name. "When we write it, she already scratches out the Patricia," she adds.

Dawn also is a special child. She is deaf.

When the Dueys began their search for another child, they decided to adopt a handicapped one in remembrance of their own son, Dennis, who died.

They learned of abandoned children of Colombia through the Spaulding Home for Children in Chelsea, Michigan, and worked through Miss Phyllis LeVine of Ann Arbor in obtaining Dawn.

The little girl, whose age still is somewhat a question, had been abandoned at birth, and had lived in a convent run by nuns. To prepare her for

life in a family situation, she had been living most recently with a foster family.

"She's so tiny that she wears size six, but she has second teeth," Mrs. Duey notes. She will have to decide Dawn's age for a birth certificate but will wait for a doctor's opinion. She thinks it will be "seven in October".

A bright little girl who already is calling the Dueys "Momma" and "Pappa", Dawn is coping with the English language as Spanish had been taught in South America.

The Dueys aren't sure how much hearing Dawn does have but have plans for hearing tests and a hearing aid if it will help.

The trip home from Florida included stops at Disney World and Gatlinburg for the family and gave time for getting acquainted. Mrs. Duey already terms the adoption "real rewarding".

She adds that little Dawn was a child who "definitely needed a home" as she is a bright, loving child who also was "a favorite" with the

nuns who tried to give her experiences outside the convent by taking her on trips to the country.

However, Mrs. Duey says she had been told that children in Colombian orphanages are kept only until they are 12 and if not adopted are released to become street children.

There is a real need for homes for these children, she stresses, suggesting that anyone interested get in touch with her or Miss LeVine in Ann Arbor.

Schoolhouse Nursery Offers Book Program

This September the Little Red Schoolhouse Nursery at 49875 West Eight Mile Road will introduce a special "Beginning with Books" program in addition to regular classes for preschoolers.

It has been designed by Director Nancy Beaupre to "meet the needs of four and five year olds who are ready for more structured and complex activities than they would experience in a typical nursery school program".

This program, Mrs. Beaupre says, will begin each day with the teacher reading a book to the whole class. Some days the teacher will start with a story; other days information books or poetry will be presented. Lesson plan for the day will stem from the book read.

The new class, which is to meet from 9 to 11:30 a.m. Monday, Wednesday and Friday mornings, is open to four and five year olds and will have a ratio of one teacher for every six children, according to Mrs. Beaupre, who will be head teacher for the program.

The new program and other classes at the Little Red Schoolhouse Nursery will be explained to interested parents and preschool children at an open house Thursday, June 20, from 10 a.m. to 2 p.m. and from 5 to 8 p.m.

Registrations also are being

taken by Mrs. Beaupre at 349-8068.

Mrs. Beaupre and her husband are new residents of Highland Lakes, having moved to the area from Southfield. She has just completed her second year as operator of the Little Red Schoolhouse Nursery. Mrs. Beaupre received her BS degree in child development from Michigan State University.

She previously directed a nursery in Rochester, Michigan. Other teachers are Valerie Krause of Livonia,

who has a BS in music education and an MS in elementary education, and Mary Beth Rollings of South Lyon, who has a BA in art education.

LWV Meeting Stresses Housing

Topflight experts in the fields of housing development and land use are being brought to the Detroit area for a housing conference June 13-14 planned and implemented by the Detroit Metropolitan League of Women Voters of which the Northville-Plymouth chapter is one of 16 member chapters.

Other planners include a broad spectrum of groups representing housing, land use and financing interests. "Impact of Land Use Policies on Expanding Metropolitan Housing Opportunities" is the title and purpose of the conference to be held at the Detroit-Hilton, which already is attracting

national attention to the Detroit metropolitan area, the league notes.

Funded by a grant from the Taconic Foundation through the National League of Women Voters Education Fund the conference is planned to analyze land use practices as they determine patterns of housing development and to develop strategies to effect change.

Keynote speaker, Richard Babcock, a partner of Ross, Hardies, O'Keefe, Babcock and Parsen, Chicago, and coauthor of environmental and land use legislation and articles will discuss "The

History of Property Rights and Land Use Controls".

Ray Boeze, director of Human Resources Development, Twin Cities Council, and coauthor of the Fiscal Disparity law in the Minneapolis-St. Paul Metropolitan region, will speak on "One City's Innovative Approach to Taxation".

Discriminatory housing practices will be discussed by William R. Morris of New York City, national director of the NAACP housing program. His topic is "Fair Housing, Land Use and the Courts".

Another speaker will be the author of the Ramapo Plan,

Robert Freilich, professor of law in urban affairs at the University of Missouri Kansas City School of Law.

Mrs. Marcia Rickfelder, Northville-Plymouth chapter inter-league representative, points out that participants will represent government, education, legal and religious professions, business, labor, and related community organizations.

Registration forms may be obtained from Mrs. Joyce Mittenthal, 32786 Bingham Lane, Birmingham, Michigan 48010; fee is \$15.

Area Rainbow Girls In State Assembly

The 46th session of the Grand Assembly, Order of Rainbow Girls in Michigan, was held recently in Grand Rapids with more than 20 representatives from the Northville area attending.

The girls and 12 adults from Northville Assembly 29 participated in the assembly held May 30 through June 2.

Marchelle Barker was appointed to the station of Grand Immortality and Margaret Penn was appointed Grand Representative to South Carolina.

Three of the adults were also honored by being appointed State Officials. They are Mrs. Shona Baker, Mrs. Cathy Caudill and Mrs. Betty Willing.

At the session Carolyn Spears served as Grand Representative to the states of Idaho and Washington and Cindi Cook served as Grand Page for the four days. Installing officers Saturday evening were Mrs. Baker and Mrs. Caudill.

Other members attending were Mindy McIntire, present Worthy Advisor of Northville Assembly; Sherri Barker, Alice Clarke, Melody King, Margaret Penn, Cindi and Melinda McIntire. Adults included Mrs. Beverly Cook, mother advisor; Mr. and Mrs. R. S. Barker, Mrs. Enid Comito, Ron Davies, Mr. and Mrs. Harold Penn and Mr. and Mrs. Harold McIntire.

City Manager Saunders Submits Resignation

NOVI COMMENCEMENT SPEAKER—Valedictorian Patti Tuck addresses the 139 members of Novi High School's seventh graduating class at commencement exercises last Tuesday. Seated behind Miss Tuck on the dais are (from left to right in the first row) Assistant Superintendent Dr. William

Barr, Commencement speaker Dr. Clayton Lafferty, and School Trustee Gilbert Henderson. In the second row are Trustees Mrs. Sharon Pelchat and Norman Norgren, faculty sponsor of the class of 1974. Salutatorian Tom Kelly also delivered an address at commencement exercises.

At Tuesday Meeting

Board to Set Salaries

Selection of a construction management firm and setting of new salaries for building principals will highlight a meeting of the Novi Board of Education on Tuesday. Placement of these two matters high on the agenda were assured this week as the board heard final credentials of the two leading contenders for the construction management role and approved a salary formula for principals. Specific salary recommendations of each principal will be discussed and presumably approved or disapproved at next week's meeting, according to Superintendent Gerald Kratz.

Not included in next week's discussion will be the proposed new salaries of central office administrators. These salaries are expected to come up for review at a subsequent meeting. The principals' proposed new salaries, which have not yet been publicized, will be within the framework of the formula that the board this past Tuesday approved by a 5-2 vote, with President LaVerne DeWaard and Norman Miller casting the dissenting opinions. DeWaard emphasized that

only one of the concepts making up the formula was a recommendation of his, although he later noted that part of another concept was his recommendation. The lone concept suggested by the board president that was reflected in the formula, he said, concerned improvement of the insurance package. "I cannot justify (approval) action of the board," declared DeWaard, who suggested the board ought to be considering now the possible financial pinches around the corner

Price Loses Seat on School Board

Incumbent Trustee Todd Price was defeated in his bid for election to the Novi Board of Education here Monday. Defeating Price and thereby winning himself a seat on the seven-member board was James L. Helmer, an executive with Western Electric in Plymouth. Re-elected was the board's veteran secretary, Ray Warren. Unopposed, Warren polled 268 votes. Trustee-elect Helmer won

rather than waiting until after a problem presents itself and then giving voters a chance to approve more taxes or face program cutbacks. He said he was "very disappointed" in hearing of these kinds of situations in the wake of Monday's school millage elections around the state. DeWaard told the newspaper he felt compelled to vote against the formula since it is tantamount to approving new salaries which he finds unacceptable.

over Price by 36 votes—188 to 152. Although they did not necessarily receive the most votes locally, two incumbents and a political newcomer won election to the Oakland County Community College board of trustees. They were Incumbents David Hackett and Gordon Henderson, and Mervyn Lakin. The local vote totals for the college board candidates

This past year's salaries were: David Brown of Village Oaks, \$14,800; Helen Ditzpazy, high school, \$22,200; Ester McDonough of Orchard Hills, \$19,266; Roy Williams of Novi Elementary, \$19,578; Robert Youngberg, middle school, \$21,349; and Charles Nanas, assistant at the high school, \$17,500. (Dr. Kratz has a salary of \$28,000, Assistant Superintendent William Barr, \$23,000.)

Continued on Page 11-A
Kenneth Butler, 47; Douglas Collins, 59; Robert Garner, 143; Hackett, 159; Henderson, 174; Robert Kennedy, 241; Marion Kolasa, 177; Lakin, 127; Dennis McCoy, 202; and Robert Weldon, 133. Helmer, 36, lives at 22459 Heatherbrae. He is a graduate of Michigan State University, former state vice-president of FFA, and chairman of a school board

Harold Saunders has submitted his resignation as Novi City Manager.

Saunders presented his letter of resignation to the Novi City Council at its Monday night session. "It is with regret that I must present my resignation as City Manager of the City of Novi," Saunders told the council. "For a number of personal and professional reasons I have made this decision to resign."

According to Saunders' letter, his resignation will become effective September 15, 1974, "or earlier if circumstances permit."

No action was taken by the council on the resignation. The letter was "placed on file for council action at the appropriate time."

Saunders' resignation follows a story which appeared in last week's edition (June 6, 1974) of The Novi News in which it was reported that five members of the council had met in executive session the preceding Sunday and determined to dismiss the city manager.

The accuracy of that report was denied by both Mayor Robert Daley and Saunders (see story elsewhere on this page).

Prior to submitting his resignation Monday, Saunders read "An Open Letter to the Mayor and Council and Citizens of Novi" in which he stated that he had reached his decision to resign "regardless of the events that have taken place."

"On Monday, June 3, the Mayor asked to meet with me," said Saunders in the open letter. "At that time he informed me that the council had met informally to discuss what, if any, course of action should be taken regarding my status as city manager. I was told that some of the council no longer had confidence in my performance as city manager and that the council would like to meet with me on Wednesday evening to discuss my resignation and matters in general."

"At this point in the conversation I interrupted the Mayor and informed him that

this feeling by the council was no surprise to me," continued Saunders. "Furthermore, I had not been pleased with my relationship with council for several months and I had already made a personal decision to seek a different employer as soon as possible. I cited several obvious differences between us, the general nature of the council-manager working relationship, and a number of personal and professional reasons as well," he continued.

"Having found a common feeling that it was time for a change it was agreed that the Wednesday meeting would be for the purpose of working out a mutual agreement on the effects of the resignation and a timetable for the change.

The rest of the discussion was a cordial exchange of viewpoints on why the situation had reached the present status and was also a candid exchange of constructive criticism of my performance and the performance of the council."

Saunders concluded by saying that his resignation would have been presented to the council within a couple of weeks regardless of the events that have taken place. "My decision to leave Novi had been made before; the Mayor ever approached me to discuss the matter," stated Saunders.

In his letter of resignation Saunders stated that he had come to Novi "because I saw a city with a great future and potential. I leave Novi with that same hope that the community will be able to develop and prosper in an orderly manner."

Saunders, 31, assumed fulltime duties as Novi City Manager on April 15, 1973, after being selected from a field of 64 candidates for the vacancy created by the resignation of George Atlas.

Saunders is the fifth manager in the history of Novi and receives an annual salary of \$22,000. Prior to his appointment as Novi City Manager, Saunders served as city clerk of Ann Arbor.

Mayor Daley Calls Report 'Uncategorically False'

Mayor Robert Daley has termed an article which appeared in last week's edition (June 6, 1974) of The Novi News "totally inaccurate" and "completely and uncategorically false."

Stating that even though it has been his policy in the past to ignore "misquotes and misstatements appearing in the press," Daley announced that he was breaking with the policy to refute the report.

Daley's denial was issued in connection with an article which appeared under the headline "Council Votes to Dismiss City Manager in Executive Session." The article reported that the city council had voted unanimously to dismiss City Manager Harold Saunders in an executive session the preceding Sunday.

The Novi News article cited "reliable sources present at the meeting" as confirming that five members of the council — Mayor Daley, Councilwoman Romaine Roethel, and Councilmen Denis Berry, Louie Campbell, and Edwin Presnell — had met Sunday and determined to dismiss the city manager.

Daley's denial of the story appeared in a letter addressed to Novi News Publisher William Sliger. Daley announced at Monday's council meeting that the letter had been distributed to city employees and posted in the city hall.

Daley reiterated his denial of the story at Monday's city council meeting, saying that

he "was not at any such meeting."

"The article has had a tremendous impact among city employees, particularly the city manager," Daley continued.

The Mayor went on to say that Harold Saunders will be remembered as the man "who brought professionalism to Novi."

Daley's denial of the newspaper report was supported by Saunders who stated that the article "in The Novi News is far from accurate from my perspective." No other member of the council

commented on the validity of the newspaper report or the mayor's denial at Monday's session.

Saunders' resignation was submitted immediately after Mayor Daley and Saunders had issued their denials of the accuracy of the report. Saunders stated that the newspaper report "in no way influenced me in reaching my decision."

In issuing his denial of the newspaper report, Daley stated that "no executive session of the council was ever held; and as a matter of fact, no vote was ever taken at any meeting, gathering,

assemblage, session, sitting, conclave, conference, etc. of the city council to dismiss the city manager."

Daley went on to refer to an "informal gathering of some of the council" and said that "a number of city matters, including, but not limited to, council procedures, millage requirements, personnel matters involving all classes of employees were discussed by the councilmen" at the "informal gathering."

"By no stretch of the imagination could such an informal gathering of some of the council be considered an executive session of the Council," stated the mayor.

Wixom Council Denies Request for Rezoning

A request to rezone 55 acres at 48200-48260 Pontiac Trail from single family residential to multiple for the erection of 496 apartment units was denied by Wixom City Council Tuesday.

In a public hearing at the regular meeting the council followed the recommendation of the planning commission in denying the request of Spielberg and Gorosh, Inc., who have built 120 units in the area bounded by Beck Road and the railroad.

Gunnar Mettala cast the only vote against denial after hearing the developer's plea that the land is bounded by commercial and that the railroad makes anything other than multiple difficult. Councilman Val Vangieson as mayor pro-tem in Mayor Gilbert Willis' absence did not vote.

Representatives of the firm asked to attend a joint study session of the council and the planning commission scheduled for next Monday night.

The council approved Police Chief George VonBehren's request to convert to a computer Criminal Law Enforcement Management Information System at a cost of \$844.97 for the first year with the first two months without charge.

It was pointed out that it is possible to withdraw at any time and that the service prepares a uniform crime report and required federal and state reports.

Councilman Robert Dingley voted against the request on the basis that the budget had just been adopted at the last meeting and included a secretary the chief

had sought for paper work. Funds will be taken from the city's contingency fund.

Council feeling was that the service could be a good "tool" and that it was being adopted on a trial basis. The council indicated it was disturbed with Wixom's crime rate, the highest per capita in

Continued on Page 8-A

Councilman Blasts Park Maintenance

The City of Novi should issue itself a ticket for failing to properly maintain the City Park.

That, at any rate, was the opinion expressed by City Councilman Louie Campbell at Monday night's council session.

Referring to the city's anti-litter ordinance, Campbell stated that the city should be issued a citation for failing to keep the City Park cleaned up.

"The city is just like any other property owner," said Campbell. "We should be made to clean up our own mess just like we're asking

the rest of the residents to clean up their debris."

The subject of maintenance of the City Park had also been raised earlier in Monday's council meeting. During the audience participation portion of the agenda, Mrs. Diane Stopinski told the council that the grass is badly in need of cutting, the "magic square" is flooded out, and mosquitoes are beginning to be a problem to area residents.

"People should also be aware that there are Michigan rattlers in the City Park," added Mrs. Carol Kernan.

Movies Set At Library

Summer reading club and afternoon movies are on tap for summer at the Northville Public Library.

The Summer Reading Club is for children in grades one through six and begins Monday, June 24, through Friday, August 2. Registration is necessary.

Reading records are kept by the students and a certificate can be earned by reading six or more books during the six-week program.

This year's theme is "Rated 'K' for Kids, Books Made into Movies". Books that have been made into movies will be set aside in the library for Reading Club members, Mrs. Elaine Lada, librarian, said.

In addition, movies will be shown this summer. Held on Wednesdays, June 26, July 10, 24 and 31, movies will be shown in the Northville City Hall council chambers.

Movies for children ages three through eight will be shown from 1 to 1:30 p.m., and for children ages nine through 12, from 1:30 to 2 p.m. Everyone is welcome to attend the movies and no registration is necessary.

Films are being shown by Northville Friends of the Library and the group will serve coffee and tea in the library from 1 to 2 p.m. Programs for the movies are available at the library, Mrs. Lada said.

For further information, call the library at 349-3020.

CONESTOGA TRAIL—Parents are readying the decorations for transforming Northville High into the town of New Prospect for the traditional all-night party following graduation Tuesday. Putting the finishing touches on the Silver Slipper Cafe are, from left to right, Inge Knoth, Jean

Boll, decorations chairman, Dottie Root and Dolly Cummings, general party chairman. Seniors will be admitted to the party between 10:30 and 11:30 p.m., Mrs. Cummings adds.

School Awards Two Bids

Bids have been awarded to two firms to supply milk and fleet insurance to Northville Public Schools.

Milk bid was awarded to Guernsey Dairy for the period of July 1 through June 30, 1975. White milk per half pint will be 8.37 cents and half pint of chocolate will cost the

district 9.12 cents. Bid price is subject to change in the wholesale price of raw milk.

Fleet insurance bid was awarded to Citizens Mutual Insurance Agency, in the amount of \$6,823 for July 1 through June 30, 1975, with the board reserving the right to

review the proposed rate of the three-year agreement each year.

Covered by the insurance are 32 school district vehicles, including buses, and eight driver education cars.

Alpha Nu Hears Report At Installation Picnic

Mrs. Claude Waterman was installed as president of Alpha Nu Chapter of Delta Kappa Gamma Society at the chapter's final meeting of the year, a picnic last Monday on the terraced garden deck of Mrs. John Hobart's home on Brampton Court.

At a short business meeting the installation was held under the guidance of Miss Ada W. Fritz, past state recording secretary.

Other new officers installed

for two years are Mrs. James Fountain, first vice president; Mrs. Karl Glenn, second vice president; Mrs. Patrick Theeke, recording secretary; Mrs. Wilson Funk, corresponding secretary; Mrs. John Hobart, treasurer; Mrs. Leonard Fritz, parliamentarian.

Mrs. Fritz, Mrs. Funk, Mrs. Waterman and Mrs. Mark Johnstone, retiring president, who attended the state convention on Mackinac Island May 25-27 gave a brief report.

Holy Cross Church

Plans Flea Market

Novi's Church of the Holy Cross will sponsor a "Flea Market-Bazaar" on Saturday, June 22, from 9 a.m. to 4 p.m.

Included in the day's activities will be an artist's booth, spinning and weaving demonstrations, antiques, baked goods, handmade items, and a white elephant booth.

Lunches will also be served.

For additional information about the "Flea Market-Bazaar" contact 437-6237.

NOVI NATURE TRAIL—Nature keys to the three-acre nature trail area at Novi Middle School were presented to Novi Mayor Robert Daley (see photo on the left) by Novi Middle School Principal Robert Youngberg (left) and Village Oaks Principal Dave Brown. The keys, presented Monday, signify the structural completion of the layout of the nature trail which is open to students for study and to the community. Sixth graders Monday installed feeders and animal homes at the site while elementary students from Novi, Orchard Hills and Village Oaks installed the birdhouses, and feeders they made for the center. The trail, developed by John Armstrong, science teacher, and Youngberg, will aid students in their study of development of natural aspects of the school district area. Stations are being established along the trail by students and teachers and include areas for telescope viewing, animal houses, bird feeders, turtle log and a vernal pond among the 20 stops. According to Youngberg, the trail is open to the community when not in use by the school and those taking the walk are asked to leave the trail in the condition in which they found the natural area.

Summer Swim Times Set

Summer pool use schedule for Northville High School's pool has been announced by the district.

The schedule will be in effect from June 23 through August 23, however, the pool will be closed between June 30 and July 7 to allow for pool maintenance, administrators said.

Schedule includes 3 to 5 p.m. Monday through Friday, open swimming for all ages; 6 to 9 p.m. Wednesdays, open swimming for adults only; and 1 to 5 p.m. Saturdays, open swimming for all ages.

The schedule is in addition to that operated by the Recreation Department.

Rules for operation include all girls wearing bathing caps (caps are not provided by the pool), everyone must bring their own suit and towel and cut-offs are not permitted.

Non-swimmers and children under eight years of age must be accompanied by an adult.

Those using the pool are asked to enter and leave the school through the side door of the high school. This door is

located between the music and physical education departments just off the west side parking lot.

OBITUARIES

ELMO R. LEMMON

Elmo R. Lemmon, a resident of Northville for the past 52 years, died Friday, June 7, at Annapolis Hospital in Wayne.

Mr. Lemmon, who lived on Horton Street, was a retired foreman for Dunn Steel Company of Plymouth and a member of the First Baptist Church of Northville.

Born March 6, 1912, in Hartwick, he was the son of William and Blanch (Horsfall) Lemmon. His wife, Geneva R. Cantley Lemmon, survives him.

Also surviving are his parents, who live in Northville, a daughter, Mrs. Linda Lewis of Northville, one son, Lee D. Lemmon of Sylvania, Ohio, four sisters, Mrs. Madeline Ware, Mrs. Maxine Casteel, both of Northville, Mrs. Theilma Hackett of

Lansing, Mrs. Donna Reed of Biloxi, Mississippi, and two grandchildren.

Funeral services were held Monday, June 10, at the Casterline Funeral Home where the Reverend Cedric Whitcomb of the First Baptist Church officiated. Burial was in Rural Hill Cemetery.

For Northville Teacher

Board Approves Leave

A leave of absence, retirement, resignation and appointment were approved by Northville School Board members.

A maternity leave was approved for Mrs. Roberta Pinsky, Spanish teacher at Northville High, effective no later than June 22.

Retirement of Miss Margaret Sours, second grade teacher at Main Street Elementary was granted and a resolution approved recognizing her contribution to Northville Public

Schools. Mrs. Carol Forrer was appointed to the district's board of canvassers, filling a vacancy created by the resignation of George Clark. Board members directed that a letter of appreciation be sent to Clark for his services.

In other matters, board members voted unanimously to uphold the decision of Superintendent Raymond Spear in denying a request for six additional department chairmen at Northville High. Spear was directed to meet with teachers and the high school administration to

discuss how budgets for subject areas without chairmen are to be prepared.

Board members also approved job specifications for assistant superintendent, administrative assistant to the director of business and finance, special education coordinator, vocational-career education coordinator and curriculum coordinator.

Appointments were confirmed of J. Ronald Horwath as personnel director; David Longridge, middle school principal; and J. Michael Janchick, middle school assistant principal.

Novi Police Give Honor

Novi's Police Lieutenant's and Sergeant's Association (NPLS&A) will present its first annual "Citizen of the Year" award at a banquet on Saturday, June 15.

Nominations for the award have already been submitted and a panel of judges is presently studying the applications to determine the winner.

Recipient of the "Citizen of the Year" award will be announced at the dinner to be held in the clubhouse of the Bob-o-Link Golf Course on June 15. Cocktail hour begins at 6:30 p.m. with the dinner slated to follow at 7:30 p.m.

Bob-o-Link is located on Grand River Avenue, west of Beck Road.

All citizens are invited to attend the dinner. Tickets are available at the Novi Police Department or from any member of the NPLS&A. Price of the tickets is \$7.50 per person.

CARY'S CARPET CO.

Mrs. McNary to Head Auxiliary

Novi Jaycees Tap McCarthy

Dave McCarthy and Joanne McNary have been elected presidents of the Novi Jaycees and Novi Jaycee Auxiliary for the 1974-75 Jaycee year.

McCarthy takes over for outgoing president Ben Hemker, while Mrs. McNary will assume the position formerly held by Mrs. Linda Pochter.

McCarthy, Mrs. McNary, and other newly-elected officers of the Novi Jaycees and Jaycee Auxiliary were sworn in at a special installation banquet at The Tack Room in Northville recently.

McCarthy will take over a Jaycee chapter which has become one of the most active in the state under the past presidencies of Todd Price,

now a member of the Novi School Board, and Hemker.

Hemker was selected one of the five outstanding chapter presidents in the state at the Jaycees annual state-wide convention recently.

Other officers elected by the Novi Jaycees for the 1974-75 year are Dave Creedon, external vice-president; Craig Lewis, internal vice-president; John Balagna, secretary; and Rick Self, treasurer.

Also elected were six directors. McCarthy has assigned each director two areas of primary responsibility. The directors and their assigned areas are Lynn Dietrich - Youth and Health and Safety; Pat McGukin - Sports and Auxiliary Coordinator; Dave

Dunning - Parks and Recreation and Personnel Development; Dick Hash - Activation and Visitation; Barry Laken - Publicity and Government Involvement; and Donald Warneke - Records and Recognition.

As president of the Jaycee Auxiliary, Mrs. McNary states that her goal is to run more projects in the area of community service with the Jaycees.

"We were the first chapter in Michigan to do away with the concept of 'assisting' the Jaycees," commented Mrs.

McNary. "Instead we will 'cooperate' with them on joint projects. The concept of Jaycee Assists has been replaced with Jaycee Cooperation," she said.

Mrs. McNary has also been named district coordinator for the Leadership in Action program. "The program is designed to encourage young women to speak up and become actively involved in their communities," stated Mrs. McNary.

Vice-president of the Novi Jaycee Auxiliary for the upcoming year is Sharon

Larson. Candy Creedon was elected secretary and Marilyn Nielson was elected treasurer.

Directors are Sandie Mayer, Sharon Laken, and Jean Griffen. Mrs. Mayer is in charge of community service and public safety; Mrs. Laken will be in charge of the MORE program (Membership-Orientation-Retention-Enthusiasm); and Mrs. Griffen will oversee ways and means and community and state health programs.

GOING UP—Heating and cooling units got a ride up to their permanent roof top position last week at the middle school under construction on Bradner Road. The crane spent three days at the site, two of which were used just for setting up and taking down the 150-ton piece of equipment. According to school officials, the crane is the largest ever used in construction of a Northville school.

4th's Activities Spell Fun for All

Fourth of July activities will again this year include a Fun Festival at the city hall park.

These activities, according to publicity chairman Mary E. Hilton, will be held in conjunction with the annual chicken barbecue.

The barbecue will get underway at approximately 11 a.m., with the serving line in the driveway from Cady Street into the city hall parking lot. A picnic eating area is to be provided in the park.

The menu will include barbecued chicken, beans, cole slaw, potato chips, roll and butter, coffee and pop. Adult portions will be priced: \$2.75, children's portions at \$1.50.

In addition to serving at the park, Jaycees also plan to deliver dinner orders to large family gatherings or parties of 10 or more people at no additional charge. Persons wishing to arrange for this service are asked to call Doug Loomis, 349-1664, or Richard Norton, 349-2467 before July 3.

The Jaycees dunk tank will be set up again near the barbecue site. For 25 cents the participant receives three softballs to throw at a small target on the tank which, when hit, will send the unwary tank sitter into 500 gallons of ice cold water.

Volunteers to sit in the tank are urged to call the project

chairman, Greg Adamowicz, at 349-1144 or visit him at Greg's Boron Station at the corner of Eight Mile and Taft roads.

Planned also is the second-annual Jaycee Watermelon Eating Contest to be held at 1 p.m. on July 4, according to Chairman Pete Theis. This contest is open to all area youngsters 12 years old and younger. It will be staged in the parking lot behind the city hall.

Each contestant will be given one-eighth of a watermelon to consume in the quickest possible time. Contestants will participate in heats of eight youngsters each. Winners of each heat will receive prizes.

No entry fee for the watermelon contest is required. However, parents of participants must be present at the time of the contest.

To help finance the July Fourth activities, including the parade and fireworks, Jaycees are again selling tickets at a \$1 each or three for \$2. They may be obtained from any Jaycee, said chairman Tom Barber.

Prizes will be given away following the fireworks display. They include a \$500 savings bond, a color TV, or a trip for two to Toronto (includes train trip, three nights in hotel, and \$200 spending money).

DAVE MCCARTHY

Jaycees Launch Sticker Campaign

"Protect the lives of your children...place a Red Ball sticker in their bedroom window."

That's the advice of Miles Tuttle, Jaycee chairman of the Red Ball project which Jaycees and the Northville Fire Department are again co-sponsoring this year.

The second-annual campaign was launched this past week with distributions of the 4 x 4-inch stickers through Northville elementary schools.

Fire Chief Herman Hartner also has stickers available at the fire station.

Purpose of the sticker is to alert firemen of the sleeping rooms of children and invalids. Upon arriving at fires, firemen check for Red Ball stickers to determine immediately where youngsters or invalids may be located.

Knowing the locations of these bedrooms is vital to swift rescue operations, according to Hartner.

The vinyl stickers are provided by the American Red Ball Transit Company. Persons wishing additional information or those wishing stickers may call Tuttle at 349-8119.

As Jaycees conduct their second annual Red Ball campaign, they are formulating a related fire-prevention program which may be launched in Northville later.

Objective of this expanded program, explained Tuttle, will be to make available fire detectors and fire extinguishers at "reasonable costs" and to provide free literature on fire prevention.

65 Novi High Seniors Are Bound for College

More than 50 percent of Novi's graduating seniors are bound for college this year. Of the 124 seniors, 65 are continuing their education, 27 at community colleges and 38 at four year colleges.

They represent a total of 52.4 percent of their class, Miss Gloria Soulliere, guidance director for Novi High School, said.

Students and their colleges are:

Schoolcraft Community College, Fred Schaeffer; Macomb Community College, Michael Riley; Oakland Community College, Gregory Alkema, Larua Arrington, Brenda Bacchian, Joseph Balagna, Kim Baker, Ken Beers.

Also attending OCC will be Dennis Coon, Pamela Djétrich, Vincent Fritz, Gregory Garcia, Renae Garufi, Ann Harris, Judy Hanson, Michael Muscat, Robert Pierce, Greg Ricketts, Guy Seguin, Sue Sherwood, Jody Sibole, Ann Snowden, Karen Telep, Sandra Wajda, Edward Weaver, John Withers and Brian Wroten.

Going to Michigan State University will be Michael Conway, Jeffrey Davis, D'Anne Des Marais, David Guimond, Charles Howison,

Robert Lampi, Johnene Lyon, Carol Padget, William Pyant, Nancy Pisha, Kim Spielman, Mark School, Elizabeth Sheppard, Karen Totton and Patti Tuck.

Attending Michigan Tech will be Debbie Norton; Wayne State University, Susan Smith, Scott Deval; University of Michigan (Dearborn), Sean O'Brien; and Madonna College, Ingrid Scharf.

Enrolled at Orchard Lake College are Susan Sale and Annette Willacker; Alma

College, Karen Kice, Theresa McGahey; and Kalamazoo College, Thomas Kelly.

Graduates who will attend Eastern Michigan University are Linda Arvo, Nancy Brzezniak, Lynne Fertitta, Diane Frere, Eric Hansor, Craig Hessee, Kathleen Lane, Karen Lukkari, Richard Marchetti and Patricia Tamm.

Attending Central Michigan University will be Thomas Celani, Western Michigan University, Debbie Cox and Marquerite Boger.

BEAUTIFICATION UPDATE — Two more scrapbooks, containing materials that record the changing face of Northville during the past year, were presented to the city council recently by Mrs. Bea Carlson, member

of the Northville Beautification Commission. They join 13 other books that have been placed on display at the city hall. At right are secretary to the council Patricia Sattler and Mayor A. M. Allen.

MIDDLE SCHOOL DIG—Unearthing a culture from the "past", seventh and eighth graders who are studying archaeology at Cooke Middle School began excavating six "societies". Each class selected a culture and made artifacts representing a lifestyle including government, family life, jewels and laws among others. Once the artifacts were buried for a week, classes switched excavation sites and now are digging together the culture from what they dig up. According to instructor, Randon Haight, the excavation is "a pioneer effort. Each class is competing with the others to find the artifacts and write their interpretation of the culture."

Area Residents Earn Degrees At Oakland

Several residents of this area were among the 998 students who participated in the Oakland Community College commencement exercises this past month.

All were slated for graduation upon completion of the spring term ending June 13.

They include:

Sharon Dreisig of Northville, Alene Lawrence of Novi, Linda Dumedian of Wixom, Damayanti Parekh of Novi, Gayle Rosey of Novi, Cynthia Tate of Wixom, Judith Bradenburg of Novi, Carol Bundoff of Novi, Carol DeGuire of Northville;

Russell Fertitta of Novi, John Gunn of Novi, Judith Insley of Wixom, Carol Pallunas, Ronald Phillips of Northville, Abigail Ramseyer of Novi, Kathleen Stafford of Novi, and Carolyn Walsh of Wixom.

Wixom Denies Rezoning

Continued from Novi, 1

Oakland County.

Von Behren stated he felt the city might even be "leading Detroit" and added that two 10th precinct residents were arraigned

Tuesday.

Stating that area citizens were "shocked and dismayed" at a story quoting VonBehren, Dingley said he thought there were misconceptions. Councilman James Lahde requested that the

chief try to separate in his reports crime in the city from crime at the Ford plant.

In other action the council voted to lease a 1,000 gallon tanker upon recommendation of Fire Chief Robert Potter who stressed that a 60-day delivery made the arrangement attractive. The five-year lease is with John Beam Company with \$5,000 down and the remaining \$20,000 at 6.5 interest. At the end of the period the tanker will belong to the city.

Potter was requested to have specifications for purchase of a new truck at the next council meeting, June 25.

DPW superintendent Robert Trombley reported that road resurfacing began Tuesday and that Loon Lake Road and the DPW yard will be completed this week and Beck Road south to 12 Mile next week.

Road paving was placed on the agenda for the next regular meeting. The council also adopted a Soil Erosion Sedimentation Control Ordinance for the city based on that of Southfield, Michigan.

An ordinance to license business establishments in the city also will be presented at the next meeting.

Sign Up Now For Classes

Registration for thirteen summer community service classes scheduled to begin this month is still possible. Open classes include Lamaze Childbirth Education and Parent and Tot Swim.

Classes available in Physical Education and Recreation include: Open Handball, Paddleball, Beginning Swimming, Exercise through Ballet, Beginning and Intermediate Gymnastics and Tumbling and Balancing.

Registration hours are 8:30 a.m. to 12 noon, Monday through Friday, at the Registrar's Office. Additional registration information may be obtained by calling, 591-6400, extension 225. The College is located at 18600 Haggerty Road in Livonia.

Symphony Plays Friday

Something new in the presentation of symphonic music is being tried by the National Endowment for the Arts, the Detroit Symphony Orchestra and Westland

Shopping Center.

Friday, June 14 at 9 p.m. the Detroit Symphony Orchestra will perform without charge in the east court of the Westland shopping mall.

Financing Seminar Set

Schoolcraft College will hold a seminar on financing the small and medium size business Saturday, June 15.

The seminar will be held in the Liberal Arts Building Theater. Two main topics are planned for the morning session which begins at 8:45: "Understanding the Three Basic Business Entities" and "Understanding Financial Statements".

After lunch, the topics scheduled are "Planning for Business Growth" and "How to Obtain Money for Business Growth."

Principal speaker for the seminar will be Robert R. Thompson, J.D., a senior partner in the Livonia law firm of Krandle, Thompson and Mier, P.C. Mr. Thompson serves as general counsel for

many corporate and non-corporate business enterprises. He has developed and taught the highly popular class "How to Start Your Own Business — And Make Money" which has been offered in the Community Services Program at Schoolcraft.

Mr. Thompson believes an emerging role of the College is to meet the real need to assist local small and medium size businessmen. "This seminar could serve as the beginning of a possible resource center at the College for businessmen," he said.

The purpose of the seminar is to help businessmen avoid impediments to growth. Statistical facts demonstrate that approximately 75 per cent of all small to medium

size businesses fail. In times of economic decline, as has been experienced recently, the failure rate increases. This seminar is designed to examine business practices in an attempt to increase the rate of business success.

A \$50 per person registration fee includes complete seminar materials and luncheon. Individuals may register by telephoning the Community Services office at 591-6400, extension 264. The College is located at 18600 Haggerty Road in Livonia.

New books available in the public library this week include:

IN NOVI ADULT READING

"The Launching of Barbara Fabrikant," Louise Blecher Rose; This is a sad, funny and raunchy novel. The time is 1961, the college a coeducational institution not far from Boston, the girl is 18-year-old Barbara Fabrikant. The daughter of a tyrannical rabbi, she leaves home in the early 1960's expecting to find a wonderful, free life at a New England coed college.

"20 Years In the Secret Service: My Life with Five Presidents," Rufus W. Youngblood; The author recalls the highlights of his career guarding the Chief Executives and their families from the end of the Truman administration to Nixon's first term.

"Waiting for the Morning Train," Bruce Catton; The author grew up in a time and a place that are no more, just after the turn of the century and in Michigan. With nostalgia, warmth and humor, Catton recalls it all with a wealth of detail—logging industry and its tremendous effect on the face of the state, the GAR veterans, overnight trips on long gone "sleepers," the days of the great resort hotels and fishing in once clear lakes.

The Novi Library also has in its collection the 20-volume set of "The Ocean World of Jacques Cousteau." The volumes will circulate, library personnel add.

"Cashelmarra," Susan Howatch; Author of the best selling "Penmaric" sets the scene of her new novel against the stormy history of Ireland in the late 19th Century.

"Carrie," Stephen King; "Carrie" is the apparent ability to produce motion in objects simply by the control

of the mind. This is the theme of "Carrie." The 16-year-old girl, lonely, the butt of her classmates' jokes and an object of scorn to her mother, begins to put into effect her powers, powers with which she has only toyed before.

"Mrs. Tim Gets A Job," D.E. Stevenson; The third novel in the Mrs. Tim series.

IN NORTHVILLE ADULT FICTION

"Cashelmarra," Susan Howatch; Latest novel by this popular author. Story is set in late 19th Century Ireland.

"The Stuart Legacy," Robert Kerr; Jamie Stuart returns to Scotland to claim his inheritance but soon finds himself falsely accused of murder and pursued by the ruthless Lord Orkney.

"The Ultimate Triumph," Ruth F. Solomon; While developing a method of treatment for the mentally ill, a dedicated psychiatrist jeopardizes his marriage and career.

ADULT NON-FICTION "You Can Profit from a Monetary Crisis," Harry Browne; Best seller.

"Managing the White House: An Intimate Study of Six Presidents," Richard T. Johnson; Study of presidential style from FDR to Nixon.

"Shifting Gears: Finding Security in a Changing World," Nena and George O'Neill; Written by the authors of "Open Marriage."

"The White House Transcripts," published by the New York Times; Full text of the Submission of Recorded Presidential Conversations.

CASSETTES New cassette available is "Captains and the Kings," by Janet Taylor Caldwell. It may be checked out by adults for one week.

GENE SCHNELZ

Schnelz To Seek Judgeship

Gene Schnelz, Wixom city attorney, has announced his candidacy for the newly created judgeship in the 52nd District Court, first division. The court jurisdiction encompasses the townships of Lyon, Novi, Commerce, Milford, White Lake, Highland and Rose, and the cities of Novi, Wixom and Walled Lake.

Schnelz is a member of the Walled Lake law firm of Schnelz, Bulgarelli & Allen, 2410 South Commerce Road. Presently a commissioner of the state bar of Michigan, Schnelz is the immediate past president of the Oakland County Bar Association. He has been engaged in active practice of law with offices in Walled Lake and Milford for 16½ years.

He is a former municipal judge for the City of Walled Lake, serving for 8½ years in a judicial capacity, and is presently city attorney in Wixom, village attorney in Milford and Wolverine Lake, township attorney in Milford, and school board attorney for the Walled Lake Consolidated School District.

He is former city attorney for Walled Lake, and he served under the auspices of the Oakland County Juvenile Court as chairman for 10 years of the Walled Lake Youth Assistance Program. He is married with three children, all of whom are students in the Walled Lake school system. His wife, Betty, is past state president of the Lawyers Wives of Michigan.

A graduate of Alma College where he received his bachelor's degree, he received his doctor of law degree from the Detroit College of Law.

Among honors, Schnelz has received the distinguished service award from the Walled Lake PTA Council, the distinguished service award from the Walled Lake Jaycees, the Oakland County Legal Secretary's Association boss of the year award, and in 1966 he was selected as an outstanding young man of America by the National Jaycees.

Kids Put Imagination in Books

A dinosaur who shaves, carpets, a volcano who sneezes because of a feather in its nose and a piccolo who's unhappy because it's so small, are among the subjects of books written by youngsters in the Walled Lake School District for their Young Author's Conference.

The conference at Western High School on June 4 was held for winners from individual competitions in the district's 12 elementary schools. Youngsters from kindergarten through sixth grade wrote and illustrated their own books, and in many cases bound them as well. The author of the best book from each grade level in each school was invited to attend the conference. "The purpose of the conference is to make the children more aware of books and how they are made," said Don Donigan, the co-ordinator of the conference. "It also provides the youngsters with an outlet for their creativity."

The books themselves provide an insight into the thinking of young children. In many cases the children blend the realm of fantasy with the world they themselves know. Dinosaurs get spanked when they are bad and inch worms look for other inch worms with which to play.

The stories of young children like kindergarten first place winner Beth Baldwin are often quite simple. In her story the Dublin Elementary student tells about a bunny who looks into a cave and finds a grizzly bear.

"The bear was very hungry, so he decided to eat the bunny. But the bunny ran away and jumped into his hole. The bear put his head in the hole to catch the bunny and it got stuck. The bunny felt sorry for the bear, so he pushed his head out of the hole...and they lived happily ever after."

As the youngsters get older the stories become more complex, if no less imaginative. The sixth grade winner Vicki Scott, of Loon Lake, wrote about two potatoes named Ida and Spuds. The following dialogue takes place after they see a potato worm approaching.

"What can we possibly do?" asked Ida.

"Nothing, I suppose, but sit and wait for it to happen."

"Spuds, Spuds, here he comes. Oh blah, look at those ugly green legs of his," cried Ida.

"Close your eyes, Ida dear,

WALLED LAKE AUTHORS — Beth Baldwin of the Dublin Elementary School reads her prize winning story to other grade level winners in the Young Author's Conference of

the Walled Lake School District. Other winners pictured above are Rex Steller, Maggie Linder, Todd Lapinski, Vicki Scott, Wendy LaPoint, and Nancy Leach.

then you won't see him coming," Spuds said, trying to comfort her.

"Oh Spuds this is one time I wish I didn't have all these eyes. I can't close them all at once. Spuds! Spuds! He's got me," yelled Ida frantically.

After being saved and going through several other adventures, they turn into potato plants and live happily ever after.

This and several other of the youngster's stories were dramatized for the young authors by Western High School's beginning drama class, under the direction of Mrs. Jackie Plas. The high schoolers brought giggles and grins to the children's faces as, on stage, they became inch worms, trains and even buildings for dinosaurs to knock down. Other high school students cooperated to make the day special for the young authors by preparing sack lunches for them and by typing up the stories into a form convenient for use by the elementary library aides who served as judges.

Kiwanis Elects First President

Ronald Demeter, 41850 Rayburn, will be installed as the first president of the Northville Kiwanis Club Friday evening as the club is formally chartered.

The charter-installation ceremony will be held at the Thunderbird Inn beginning with a "happy hour" at 7 p.m.

Other officers of the club who will be installed are Charles DeLand, first vice-president; Stuart Campbell, second vice-president; Robert

Schron, secretary; and Nick Tripani, treasurer.

Special guests will include Kiwanis Lieutenant Governor-elect Ernie Hunt, and Kiwanis International Trustee Ralph Keyes.

Men interested in joining the new club are invited to attend one of the weekly meetings, which are held each Monday at the Wagon Wheel Restaurant beginning at 6:30 p.m.

Novi Orders Traffic Control

Traffic control orders for Bashian Drive were approved by the Novi City Council Monday.

The orders, recommended by Police Chief Lee BeGole, establish a stop sign at each end of Bashian Drive and prohibit parking on the east side of the road between Grand River and Ten Mile roads.

Action on another order which would have established a 30 mile per hour speed limit along Bashian Drive was postponed by the council. The council will direct BeGole to study the feasibility of establishing the speed limit at a lower level. Limits of 15, 20, and 25 miles per hour were mentioned as possibilities by the council.

Township Hires New Officer

A fourth police officer has been hired by Northville Township Police Department.

Gary Batzloff, 23, of Westland, formerly a cadet with Westland Police Department, began serving with the township department last week.

Four Northville township patrolmen spent last week attending a basic firemanship training program at University of Michigan. The one-week live-in course included training in fire fighting, use of equipment and climbing ladders.

According to Police Chief Ronald Nisun, the officers had been enrolled in the class before the public safety millage was defeated by voters.

Receiving certificates for completing the course were

Patrolman Gary Batzloff, Kenneth Hardesty, Philip Presnell and Dennis Roscoe.

Police Blotter: Four Men Face Drug Charges in Novi

In Novi

Four men have been arrested by Novi police on drug-related charges.

After a month of investigation by the Novi Detective Bureau, search warrants were obtained from the Oakland County Prosecutor's Office and executed at 617 South Lake Drive in Novi.

Arrested were Timothy Clark, 20, and David Cort, 19, both of 617 South Lake Drive, and two Walled Lake men - Richard Wilson, 24, and Thomas Pigg, alias Thomas Rose, age 20.

The four were subsequently arraigned before 52nd District Court Judge Martin Boyle.

Clark was arraigned on the charge of delivery of marijuana; Cort was charged with delivery of marijuana

and conspiracy to deliver a controlled substance; Pigg was arraigned on the conspiracy to deliver a controlled substance charge; and Wilson was charged with conspiracy to deliver a controlled substance.

Each of the four was released on \$1,000 personal bond per each charge.

Police stated that the controlled substance was PCP, phencyclidine, a potentially lethal animal tranquilizer.

Subsequent to the execution of the warrant and the arrest of the four individuals on Monday, June 3, Novi police confiscated a quantity of drugs valued in excess of \$500.

Confiscated were three one-pound bags of marijuana and 75 "hits" of PCP, according to police.

Novi police suspect that the

theft of \$4,800 from a safe in the Chef's Pantry at 26855 Taft Road was an inside job.

According to Detective Lieutenant Richard Faulkner, the person responsible for the theft gained entry to the building and the safe without any use of force whatsoever. The \$4,800 was in the form of cash and checks.

Investigation of the theft is now underway, Faulkner reported.

A 20 horsepower outboard motor valued at approximately \$650 was reported stolen from the Walled Lake area on Tuesday, June 4.

Owner of the stolen property told police that the motor had been chained and padlocked to the boat which was in turn chained and padlocked to a pipe in front of his residence at 1129 East Lake Drive.

The boat was set adrift following the theft of the motor, but was recovered approximately 200 yards from its docking place.

Two refrigerators and a kitchen range were reportedly stolen from a Kaufman and Broad storage area in Village Oaks subdivision last week.

Each of the three stolen appliances was valued at \$200. The thieves broke into the storage area by prying the lock off a garage door. The theft was discovered on Sunday, June 2.

A coin collection with a face value in excess of \$200 was stolen during the breaking and entering of a residence at 39479 Burton Drive on June 2.

The collection appeared to be the only item stolen during the break in, according to reports.

A break in of a residence at 40601 Brenda on Sunday, June 2, netted thieves approximately \$175 in coin. Close to \$100 in rolled dimes and quarters were taken during the break in, police reported.

A break in of a residence at 46411 Grand River was also reported last week. According to police, the responsible individuals made off with less than \$25, however.

Nine dollars was stolen from a child's purse and \$6.50 was removed from a piggy bank. Eight dollars was stolen from the master bedroom of the residence, police said.

Novi police have issued a warning for parents to record the serial numbers of their children's bicycles after four bikes were reported stolen during the past week.

Lieutenant Detective Faulkner noted that bicycles are a frequent target of thefts during the summer months. "Without the serial number, it is virtually impossible for us to prove that a bicycle is stolen even when we recover bicycles that we believe to be stolen," commented Faulkner. "If parents would record the serial numbers on their children's bicycles, it would help us greatly in recovering stolen bikes and prosecution of the parties responsible for the thefts."

Four different developments along Ten Mile Road were victimized with bicycle thefts last week.

A bicycle valued at \$40 was stolen from the side of a condominium at 24614 Olde Orchard; a 20-inch boys three-speed bike valued at \$40 was stolen from the garage of a residence at 23437 West LeBost in Willowbrook; a 26-inch bike valued in excess of \$110 was stolen from the garage of a residence at 24380

Hampton Hill in Meadowbrook Glens; and a girls' three-speed bike with a \$70 value was stolen from 23918 Chipmunk Trail in the Novi 26 condominium development.

In Northville

A 17-year-old Northville youth remains hospitalized following a one-car accident late last Wednesday evening on Sheldon Road just south of Seven Mile Road.

Donald Stephen French of Thornapple Lane is in St. Mary hospital with facial injuries.

French, who was southbound on Sheldon Road, ran off the east side roadway about 11:15 p.m., traveled 239 feet before his car hit an embankment and burst into flames. According to city police reports, French struck the windshield. He was alone in his car at the time of the accident.

The case remains under investigation.

Three 15-year-olds reported to police Friday night that they were struck by four older youths on North Center Street at the high school drive.

According to reports, two black Cameros or Firebirds passed the youths, said something and stopped with the four occupants getting out of the cars.

The two boys were hit in the head by the 19-year-olds and the girl was kicked and a beer bottle thrown at her.

Four 10-speed bicycles were stolen from various locations in the city since Friday.

A 1973 brown Schwinn Varsity, valued at \$121, was stolen from Cooke Middle School about noon Friday.

Between 12:30 and 1 p.m. the same day, a green Schwinn Varsity 10-speed was taken from the main entrance of Northville High by a 16-year-old youth, with a thin build, curly blond hair and wearing wire rim glasses.

Two bikes stolen Monday afternoon included an Orange Schwinn Varsity, valued at \$130, from Northville Square Arcade at 5:30, and a Sears

Free Spirit, white in color, was taken from in front of Manufacturer's National Bank at 4:30. Value was placed at \$130.

In Township

A search for a motorcycle turned up a Mazda which state police detectives believe is stolen. The car was recovered from the gravel pit on Griswold Street about 8:30 p.m. Saturday.

According to Michigan State Police reports, a Plymouth man stopped City of Northville Corporal Robert Kramer and told him he had just pulled a car partly out of the water.

The vehicle was found about 20 feet from the edge of the pit. He said two white male youths told him they were looking for a 900 cc motorcycle which they believed had been dumped in the pit and thought they had hooked on to it. The youths asked the man from Plymouth to hook the rope to his truck and pull the object from the water.

When the rope was hooked up and the vehicle pulled part way out of the water, the youths left the scene, state police reports said.

State police enlisted the aid of Frank Kocian, who worked until 2 a.m. Sunday to pull the vehicle from the gravel pit up to the top of the bank.

The vehicle is a 1971, 72 or 73 Mazda missing both license plates and vehicle identification plates and state police believe the car was stolen and dumped in the pit.

A car which was left on Six Mile Road west of Sheldon after it broke down was stripped sometime between last week Tuesday and Thursday afternoon.

Michigan State Police reports said the car was last checked Tuesday and was found to be ok. When the owner returned Friday to remove it for repairs, it had been moved to the opposite side of the road and stripped. Missing are the wheels, tires, battery, distributor and other engine components from the 1965 Mustang.

In addition, all of the windows had been smashed

and the car had been dented by what state police believe was another vehicle repeatedly backing into the side of it.

Four thefts were reported to state police last week. Back seats were stolen from two Chevrolets late last Monday night or early Tuesday morning.

The seats were taken from cars parked in Kings Mill and in Highland Lakes.

Eight in-ground sprinklers, valued at \$235, were stolen from Highland Lakes between May 22 and last Wednesday.

A telephone receiver was stolen from the interior of the elementary school under construction in Northville Commons. The theft was reported last Monday morning.

Residents returning home may have scared off intruders who broke into a house on West Main Street west of Clement Road Thursday, state police believe.

Between 8:50 and 9:30 a.m., unknown persons broke a window to enter the home. A neighbor reported seeing three white male youths in their teens walking down the road and disappearing into a wooded area near the house, state police said. Nothing was found missing from the house.

In Wixom

Wixom police arrested two men last week after a high speed chase down 12 Mile Road through Novi and into the City of Farmington Hills.

Benjamin Lee Smith, 21, of Walled Lake was charged

with failure to stop upon police signal and driving under the influence of liquor and Jamie Carl Little, 19, of 26817 Beck Road in Novi was charged with failure to stop upon police signal and reckless driving.

Both men were subsequently released on bond. The charges stemmed from an incident which occurred Saturday, June 1, at approximately 2 a.m., according to police reports.

Smith and Little were observed leaving the Continental Bar on Grand River by an officer on routine patrol. The two men, each in a separate car, proceeded east on Grand River, driving side by side and occasionally veering into the westbound lane, police said.

Still driving side by side, the two cars turned left onto Beck Road, forcing traffic on Beck to either back up or pull into the ditch to avoid an accident, according to reports.

From Beck the two turned onto 12 Mile and proceeded eastbound at a high rate of speed, one in the eastbound lane and the other in the westbound lane. Officers turned on the overhead light and siren, but neither vehicle responded to the signal, police reported.

The two cars fled east on 12

Mile through the flashing red light at Novi Road before they were finally apprehended with assists from Novi and Farmington Hills police.

Police said that Smith and Little were traveling at speeds in excess of 100 miles per hour and that several vehicles on 12 Mile were forced to leave the roadway to avoid an accident.

Smith and Little were lodged in the Oakland County Jail prior to being bonded out.

BOYS STATERS—Among the boys selected for Boys State are the 12 youths shown here with project chairman John Steimel (left). They are (1 to r, front row): Mike Munro,

Chuck Kohs, Scott Leu, Jeff Stabenau, Larry Pink and Pat Lemon; (back row), Dave Piotrowicz, Tim Flannery, Tom Marzonie, Doug Crison, Tom Eis, and Art Greenlee.

GIRLS STATE-BOUND—Getting ready to represent Northville and Novi at the annual American Legion Auxiliary-sponsored Girls State for the week beginning this Saturday, June 16, at Olivet College are, seated from left, Claire Salow, sponsored by the Novi Jaycee Auxiliary; Suzie Evans, co-sponsored by Northville Business and Professional Women and Northville Woman's Club;

Christine Wilkins, Willowbrook Community Association; second row with Mrs. Shirley Schollett, vice president, Lloyd H. Green Post Auxiliary; Candy McCurdy, Northville Mothers' Club; Veronica Romanow, Vicete Engineering; Cheryl Pohlman, Lloyd H. Green Unit; and Mrs. Carolyn Pohlman, auxiliary Girls State chairman.

Legion Sponsors Trip

17 Attend Boys State

Seventeen local area boys were designated to take part in the annual Wolverine Boys State Program at East Lansing this week.

Boys State started Wednesday and continues through June 19.

Sponsored by the American Legion, under the local chairmanship of John Steimel, the boys are financially backed by local organizations and businesses. Ten are from Northville High School, seven from Novi High School. They and their sponsors are:

From Northville—Douglas Crison, F&AM Lodge 186; Tom Eis, Lloyd H. Green American Legion Post 147; Arthur Greenlee, VFW Post 4012; Pat Lemon, Northville Jaycees; Scott Leu, Northville Eagles; Tom Marzonie, Casterline Funeral Home; Jeff Stabenau, Northville Rotary; Wally Armstrong, Northville Lions; Charles Kohs, UAW—CIO Local 896; and Larry Pink, Holcomb Clinic.

From Novi—William Barr, Vicete Engineering; Mike Collins, Novi Rotary; Tim Flannery, General Filters; Michael Munro, Novi Rotary;

David Piotrowicz, Michigan Tractor; Dwight Pugsley, City of Novi; and Brian Schingeeck, Willowbrook Community Association.

Two of the Novi boys—Barr and Piotrowicz—were unable to attend because they are members of the Novi baseball team involved in championship competition, said Steimel, who indicated Tuesday alternates would be selected.

American Legion Wolverine Boys' State is not a schoolroom activity, but is designed as a practical ex-

perience in the problems of self-government as operated in Michigan, Steimel said.

"It is structured so that they (the boys) may put the theories of American government into actual practice as they are taught in the classroom. This is done through the actual control of city, county and state offices organized in a mythical 51st State."

Selection of participants is based on demonstrated leadership, mental alertness, enthusiasm, and ability to get along with others.

Band Decal Designed

179 Receive Band Awards

Thirty-eight Northville High School band members received their band letters at the second annual band awards night program last Friday at the high school.

Certificates were presented to 141 other band students for their year's participation in

the high school bands by directors Robert Williams, Michael Rumbell and John Mason.

E. L. Kunz, co-president of the Northville Band Parents Club which sponsors the awards night, introduced Superintendent Raymond

Spear and Assistant High School Principal Barbara Campbell who congratulated the participants.

Co-president Hazel Kunz announced that Kurt Andersen was the winner for a second time of the band decal design contest. He had won the first competition three years ago when he was a freshman. Joni Busch was last year's winner.

Andersen's design of a banner-carrying mustang has been reproduced on a decal to be sold throughout the community in the fall to raise band camp funds.

Receiving second and third place awards in the 1974-75 decal competition were Luke Murray and Jeanne Wilson.

Following the presentations in the auditorium band students were guests at a dance sponsored by the parents in the high school cafeteria.

Seniors receiving letters and certificates for two years' participation in the band were Stacey Balko, Nick Blaney

and Sharon Seiler. Juniors were Bonnie Lemon and Charles Sample.

Sophomores were Patrick Aenchbacher, Bonnie Angell, John Bedford, Scott Boyd, Doug Chisholm, Cindy Cook, Christopher Cross, Sally and Susan Eisele, Don Fountain, Eric Frid, Donald Funk, David Goodwin, Nancy Heckler, Pamela Hove, Ronald Jennings.

Other sophomores receiving letters and certificates were Kim Kelly, Betsy Mach, Mary Jo Marburger, Kimberly Marshall, Janet Miller, Liz Mortenson, Luke Murray, Sue Pawlowski, Margaret Penn, Carol Schuerholz, Kelley Thomas, Derek Wheaton, Jan Whitmyer, Ruth Williams, Nancy Wilson, Sue Wright and Carol Zeuner.

Sunday afternoon the high school bands, wind and jazz ensembles under the three directors presented a community concert to parents and friends on the east lawn of the high school hill.

Government Class

Hears Representative

State Representative R. Robert Geake, who lives in Northville Township, was a guest speaker before some 100 student members of the American government class at Northville High School Tuesday morning.

The last semester students are members of the classes of

Barbara LeBoeuf and Douglas Dent The students are juniors and seniors.

Besides describing the role of a state representative, Geake, formerly a member of the Schoolcraft College Board of Trustees, also answered questions of the students during the 40-minute program.

Novi Council Re-Appoints

Karevich to Commission

Novi's City Council filled one vacancy on the election commission and is looking for candidates to fill another vacancy on the same commission.

Mrs. Patricia Karevich was reappointed to a two-year term on the commission

which is charged with the responsibility of running all elections within the city.

Still to be filled is a vacancy created by the resignation of Charles Collins in October of 1973. Members of the council will submit their nominations for the post at the next session (Monday, June 17).

North Earns MD Degree

Richard L. North, son of a Novi couple, received an M.D. degree at the University of Michigan June 7 as another record-size class of medical

students took center stage at the school's annual honors convocation and class night Ceremony in Hill Auditorium.

Novi Board to Set Salaries

Continued from Novi, 1

The formula adopted by the board includes an annual improvement factor of five-percent to the total actual salary during the 1973-74 school year, along with a cost-of-living adjustment on the first \$12,000 earned with a maximum allowable cost of living adjustment of eight-percent for the calendar year.

In addition, the formula calls for the following fringe benefits:

Life insurance in the amount of the administrator's salary rounded off to the nearest \$1,000; full family medical and dental care as provided for the teaching staff; short and long term disability insurance; and dues of local, state and national professional association.

The matter taking up most of Tuesday's meeting, which had been rescheduled from the previous week because of a conflict with graduation exercises at the high school, involved presentations by the two leading candidates for the construction management job here.

Novi has decided to utilize the construction management concept for part of its current \$13.5 million school construction program. It has never before been used here.

Representatives of the firms of Construction Coordinators and Miller-Davis gave board members and the audience a verbal description of their firms' method of operation, showed illustrating

slides, and answered questions.

Trustee Miller suggested that specific costs of retaining one or the other of these firms be presented the board next week by the board committee that has been interviewing candidates.

Cost of employing construction management locally has been estimated at from \$100,000 to \$500,000. Basic theme of the concept is that it saves construction money as well as construction time.

CREDIBILITY

Mayor Daley's Viewpoint...

EDITOR'S NOTE—This newspaper sincerely hopes that Novi voters will read Mayor Daley's letter carefully. We believe it substantiates the reliability of the reporting of The Novi News.

To the Editor:

Your news item that the Novi City Council in some sort of an "executive session" had voted to dismiss Mr. Harold Saunders as City Manager of the City of Novi, is totally inaccurate. Such statement is completely and uncategorically false. As a matter of fact, no executive session of the Council was ever held; and as a matter of fact, no vote was ever taken at any meeting,

gathering, assemblage, session, sitting, conclave, conference, etc. of the City Council to dismiss the City Manager.

I am indeed surprised that the Novi News would print such an unsubstantiated article with total disregard of the irreparable injury such reporting has caused Mr. Saunders and City of Novi. I am particularly shocked over your action in view of the fact that your reporter telephoned me on Tuesday afternoon for confirmation of this rumor, and I specifically informed him that this rumor was false. Apparently your reporter heard of an informal gathering of some of the Council and is unable to distinguish between an informal gathering and an "executive session of

the council". By no stretch of the imagination could such an informal gathering of some of the council be considered an executive session of the Council. At this informal gathering a number of city matters, including, but not limited to, council procedures, millage requirements, personnel matters involving all classes of employees were discussed by the councilmen.

Apparently the Novi News' "reliable source" appears not to have been the least bit reliable, if it exists at all.

In the past it has been my policy to ignore misquotes and misstatements appearing in the press, however, in this case, the irresponsibility of the Novi News has caused irreparable damage, not only to the reputation of a dedicated City Manager but also has seriously impaired his ability to operate effectively. Irresponsibility may be the price we pay for freedom of the press, but sometimes it is very expensive as is true in this case.

Sincerely yours,
Robert W. Daley, Mayor

...This Newspaper's Viewpoint

Executive session, private get-together or "informal gathering" ...a rose by any other name is still a secret meeting.

On Sunday, June 2 five members of the Novi city council met at the home of Mayor Daley and, with the concurrence of two absentee members, decided to call for the resignation of the city manager.

On Monday, June 3 the mayor met with the manager and informed him of the Sunday's "informal gathering" and, according to the manager, the mayor said the council would like to meet with the manager on Wednesday, June 5 "to discuss my resignation and matters in general."

At this point in the Monday discussion the manager reports that he told the mayor he had "already made a personal decision to seek a different employer".

In the June 6 edition of this newspaper it was reported that the council had "voted" in "executive session" to dismiss the manager.

At the regular, open meeting of the Novi city council on Monday, June 10 the manager submitted his resignation, which has not yet been accepted by the council.

At the same time the mayor and the manager lambasted this newspaper for inaccurate and irresponsible reporting.

For the first time in weeks an air of amiability existed between the manager and the council at Monday night's meeting. Their mutual enemy was the irresponsible press which had caused irreparable damage.

The caustic comments that councilmembers have frequently cast in public and private at the manager were forgotten. Ignored, too, was the fact that the council had chosen to hold a secret meeting without the manager present to discuss his fate rather than a face-to-face confrontation.

And now, if the council is lucky and plays its cards just right, it may appear that the culprit in the whole affair is the press.

It hardly seems necessary after reading the mayor's letter which appears on this page to point out that by profession the mayor is a lawyer.

In paragraph one he goes to great length to deny that the council ever held an "executive session" and declares "no vote was ever taken at any meeting, gathering, assemblage, session, sitting, conclave, conference, etc."

In paragraph two he acknowledges an "informal gathering" was held at which a number of city matters were discussed.

Attorney Daley establishes his defense by means of a strong offense.

—There was no "executive session"...it was an informal gathering;

—There was no formal vote...councilmembers merely agreed unanimously on the action to be taken;

—The manager was not dismissed...the council offered him his choice, resign or be fired, and he chose the former.

By legal technicality, the mayor has cleansed the council of whatever guilt it might have felt and adeptly placed the dirty end of the stick into the hands of the press.

It is difficult to believe that the public, and even the council itself, cannot recognize something familiar about this tactic. Our nation has had enough legalistic double-talk and cover-up at the highest political levels without the need for more of the same at the grassroots of our government.

We not only question the legality of the council action, but we wonder how councilmembers can explain their failure to grant the manager his right to face his accusers?

This newspaper does not enjoy basing the contents of its news stories on "reliable sources." But so long as publicly-elected bodies continue to violate the law by meeting privately, we shall continue to expose the practice whenever it is discovered.

And when our official sources, such as Mayor Daley, evade our direct questions, we shall turn to "reliable sources" who do not dodge the issue and who share with us a belief in the public's right to know.

It is the contention of this newspaper that the statements that demonstrate irresponsibility and misrepresentation do not appear in the news report of the manager's dismissal, but rather in the letter as written by Mayor Daley.

☆☆☆

For review's sake, here's a quotation from Attorney General Frank Kelley previously published in this column concerning private meetings by public bodies:

"To interpret Public Act 261 (freedom of information) as requiring public presence only when 'votes' are taken at a meeting, and permit the underlying discussion to be held behind closed doors, would, in my opinion, be contrary to legislative intent and expression. It is therefore my view that the public has a right to be present during discussion leading up to the final voting process since this portion of a meeting is inherently part of such public meetings as defined under the statute."

The above not only pertains to the Novi council, but all public bodies.

Coincidentally, it may also be applied to a recent "committee of the whole" meeting (another term for secret session) held by the Northville board of education.

Not only did the board discuss an issue, but it reached a decision which the superintendent of schools put in writing on May 21 stating that the decision would be announced at the June 10 meeting.

Really, fellas. With your deep concern for "upholding the law" can't you be a little more discreet?

City Budget Attacked

To the Editor:

Last week's headline "Council Adopts Record Budget" was understated so as not to shock the senior citizens? At last, good, old Democratic Keynesian deficit financing for the rock-ribbed Republican stronghold of Northville. No deep editorial outrage that the City Fathers have agreed to operate in the red until "sufficient income is received". I thought this species of cost plus contracts was passe.

Was the front page article written by a new ghost writer, since ye olde editor is not noted for his flashy, tongue-in-cheek humor. Let's try translating some of the gobbledegook of those filmflam artists at Main and Wing.

Paper Deficit — Ideally sound, fiscal responsibility

Budget Transfer — the old shell game—now you see the \$90,000.00, now you don't.

Zero Balance — the new math—makes \$100,000.00 deficit respectable.

Balance Budget—tight rope between deficit spending and budget transfer.

Deficit Spending — suspect collateral—annexation.

Budgetary Problems — 3 act tragedy by Township Board.

Incongruous Agency — keep 'em confused.

Tremendous Inflationary Cost Spiral—new, lethal strain of national epidemic suffered only by Northville City Fathers.

Obviously those big city operators from "One Northville" using red ink, wrote the explanatory white paper supporting the record deficit budget. Remember, Mr. Editor, how you fronting for "one Northville", gallantly championed by those women libbers from the League of Women Voters, promised the underprivileged Township Taxpayer:

Fiscal Responsibility — just

like our favorite Uncle Sam practices,

Professional Management — as Webster defines—a person who makes his living by practicing an art or occupation in which non-professionals also engage—not a bad definition for amateur, either.

Low Taxes — what's promised to City taxpayers if they vote for annexation.

High Taxes — what's

promised to Township taxpayers, if they vote for annexation.

Duplicate Services — If the troops like it, take it away.

To those City and Township taxpayers who have eyes to see and ears to hear "Duplicate Services are your best bargain".

J. J. Fiorilli
39914 Harbert Dr.,
Northville Township

Deplores Utility Attacks

I see by the Record that the City Council is increasing their millage rate by 27 per cent, stating that they underestimated the effect of inflation. This action follows a very recent substantial increase in property valuations.

I know the city has the reputation of being pro-business, having made substantial expenditures of public funds to provide off-street public parking only partially recovered by assessment of the business community. Perhaps this is as it should be, and in any event, I have no right to complain as I am no longer a resident of the community.

I do protest, however, the action of the City Council in spending public funds along with "the federation of municipalities" to protest a proposed increase in rates by

the Detroit Edison before the Public Service Commission.

Your readers may construe this letter as selfishness parading as reason, but read on.

Public Utility stocks and bonds have traditionally been a "safe" investment, appealing to the conservative investor, and particularly older people and retirees. You expect that you will receive a moderate return but there is little chance for a big capital gain. I have invested in utilities and if you believe that the utilities are earning prodigious profits, look at the stock market and the decline of utilities in the past six months compared with the market average.

I do not know whether requested rate hikes are justified or not, but I do know that there are a bunch of

politicians who are out to get some publicity by "protecting the public from those greedy utilities".

I know that fuel costs to the utilities have increased almost 300 per cent. I know that to finance the replacement of new generators they are forced to pay interest rates of 9, 10 per cent or even more — and in some cases can't find buyers I know that a pound of sirloin costs \$1.79, a gallon of gas \$.629 and a nickel bar of penny candy sells for \$.15. I also know that when the phone goes dead or the lamp won't light because the utilities have folded, then, as has happened with the Eastern railroads, "big brother" will step in. And the more control of industry, the more you will pay and the more private industry will be threatened.

You have an Attorney General in Michigan who seems to go into a rage whenever a utility is mentioned. Has the City Council of Northville joined the crowd? D. B. Lawrence

Hairy Hitchhikers

Newspaper Criticized

To the Editor:
Shame on you for headlining last week's paper "Council Votes to Dismiss City Manager". This hit the newstands before the Wednesday night meeting also mentioned. It certainly was in poor taste for Mr. Saunders and his family to read this before council could inform him of their decision and hear what he had to say. Perhaps he already was considering resigning!

Now Novi is looking for its sixth city manager in five years. This does not speak well for Novi or its city fathers. Novi is losing a good city manager who has given his utmost to see and help Novi prosper. Council will not find an individual more dedicated than Harold Saunders has been or one who will work the uncounted overtime hours nights, Saturdays and Sundays.

The residents of Novi had better take notice of what is happening around them!

By JACK W. HOFFMAN

The excuse always can be found to avoid doing what we do not like to do.

And the City of Novi has a new one for not instituting split tax collections as the school board has steadily urged and as Novi voters endorsed years ago.

Simply put, the split tax collection would mean the taxpayer would pay half of his school tax bill in winter and the other half in the summer. Presently, he pays all of his school tax bill in one lump in the winter.

The school board's basic reason for urging the split tax collection is to avoid the costly annual practice of borrowing monies in the summer so that it can pay its bills due before winter taxes start coming in.

Over the years tax anticipation notes have cost Novi (and Northville) needless thousands of interest dollars. And in the final analysis it is the taxpayer who, under the present setup, takes it in the pocket-book. Yet, for one reason or another Novi council members have stubbornly refused to institute the split tax collection process.

(School taxes are by law collected for schools by the city or township, hence the decision is up to the council or township board, not the school board.)

The council's latest "excuse" is City Attorney David Fried's opinion that because legally no penalty can be assessed against the taxpayer until after the last day of February, "it would be useless" to levy a summer school tax and demand payment where no penalty can be assessed for late payment.

Fried bases his opinion on a ruling by Attorney General Frank J. Kelly. I have no quarrel with the statement of fact regarding the lack of a penalty clause, but I find Fried's conclusion "it would be useless to levy a tax" baseless.

Obviously, Fried is well aware of the problem the split tax collection proposal seeks to attack. He is a former member of the Novi school board. But in rendering what probably was a welcomed opinion (based on the council's past reluctance to institute split tax collection), Fried neglects to note the experience of school districts in which split tax collections are already employed. Had he or council members checked they would have found that split tax collection is not "useless".

In the school district of Troy, split tax collection "is working beautifully," reports the business manager, and it is saving the district about \$50,000 annually.

Most interesting is the manager's observation that Troy's summer school tax delinquency is running about 8-percent — at or lower than the average delinquency rate experienced in most school districts with only winter tax collections.

Other districts with split tax collections have had similar experiences, he reports.

Furthermore, he and other school officials note that mortgage escrows of lending institutions "have not" been the stumbling blocks opponents would have us believe they are.

And, school officials point out, state legislation has been introduced to provide a penalty clause and thus allay fears of collecting agencies such as cities. (But why the City of Novi, which is not a recipient of school tax dollars, should be so concerned that not all persons would pay their summer school tax bills escapes me).

Just as is happening in Novi, the taxpayers of Northville are needlessly paying interest monies due on tax anticipation notes. Obviously, split tax collection would be just as advantageous in Northville as in Novi.

Unfortunately, in the face of public apathy and the opposition of some officials the Northville school board saw fit to abandon the idea. This cop-out is another way of proving that the excuse always can be found....

JOHN MACDONALD

Speaking for Myself

Regulate TV

To Delay Results?

YES . . .

This question will hardly excite many on a warm June afternoon but on a cold evening in November in a Presidential Election year it will cause some concern if such legislation does not pass the Congress.

We should have such legislation delaying the release of the results in all areas of the country until all the polls are closed.

To do otherwise might very well affect the outcome of the election. The release of such information could cause a "low voter turnout" in those states where the polls are not closed. Rather than wait in line at the last minute, the moderate interest voter may stay home.

The other side of the coin is that some voters may want to be on the "bandwagon" and may vote for one who appears to be the winner. President Kennedy in 1960 won with a very slim majority and in 1968 President Nixon won by a margin of 0.7 percent of the total votes cast.

One wonders if the results may have been different had the media withheld their projections and broadcasting of results until all the polls were closed.

John E. McDonald
Northville Township

OUT OF PAST — It's presently a pizza parlor at 168 East Main, but when this picture was taken years ago the building was the "Peerless Steam Laundry" establishment operated by the late Mr. and Mrs. Frank Macomber. The picture is from the files of Mary Irene Smith, whose mother, Mrs. Gladys Cooper Smith, was a long time employee. Date of the picture is unknown. Over the years the building also has served as a library, feed store, car repair, sweet shop and antique shop.

Applauds Novi Homeowners

Cancer Aid

Appreciated

To the Editor:
The American Cancer Society and myself would like to thank all volunteers who helped in the crusade.

You have made it possible for another successful year with your volunteer work.

We wish to thank all who donated towards this dreadful disease.

May we say thank you again for being so wonderful as to help and also give.

Yours sincerely,
Rose L. Hamilton
General Chairman

homeowners concerned enough about the the area in which they live, to appear at a meeting of the City Council on May 23rd and vocally register their objections to a petition to rezone land from residential to light industrial. Our thanks go out to Mrs. Rose Disher, Mr. O'Brien and several other people for there being the voice of the citizenry.

Also, we desire to express our gratitude to Mayor Daley, Councilwoman R. Roethel and Councilmen Campbell and Berry for being responsive to the opposition of the homeowners, by rejecting the petition to rezone. The vote was three to rezone and four against.

The property in question is

located east of Meadowbrook Road on Grand River Avenue and runs south several hundred feet. Its southern border would not be far from the Willowbrook Subdivision, north of 10 Mile Road.

The vigilance of the homeowners above and the concern of the named City officials for the rights of the homeowners gives us renewed faith in the democratic process.

BILL GAIL

Readers Speak

Ask Smoking

Ban Review

To the Editor:

In endorsing the student proposal for a smoking area, P.T.S.O. Executive Board and members recognize the legal considerations and risks involved in acceptance of any form of smoking on school premises. However, we also feel strongly that present social standards and administrative difficulties call for serious review of alternatives other than absolute prohibition of smoking.

Several neighboring schools apparently have decided that the practical legal penalties are not in themselves so severe that some smoking provision cannot be made.

We request that:

1. The Board examine all legal aspects, but not let its decision be based wholly on these legal factors, and

2. The student proposal be included in any list of alternatives which the Board may consider in the light of those legal-non-legal factors.

Sincerely,
Betty S. Hancock,
President
Northville High School

Democrats Seek Offices

To the Editor:

Several residents of the township have decided to campaign for political office this year:

Treasurer: Robert Pope;
Clerk: Janet VanVoorhis;
Trustees: Eugene Guido, Kurt Glaser, Donald Marengere; Constables: Guy Coykendall, Ray Golen.

However, the Northville Democrats need a candidate for Supervisor. If any township Democrat is interested in campaigning for this position, please call 455-8983.

TWO CHARGED IN FIRE—Two Garden City youths were arrested last Tuesday night by Michigan State Police Troopers and charged with arson following a fire which destroyed a garage and equipment on Six Mile and Ridge Road. Northville firemen battled the blaze which was reported about 9:30 p.m. and was allegedly started by the youths who threw matches into straw stored in the garage. State police said they apprehended the two about 10 p.m. on

Six Mile near Beck Road in a car matching the description of one seen in the area just before the fire started. Danny Gerald Harrington, 17, was charged with arson of real property, stood mute when arraigned before 35th District Judge Dunbar Davis and is in jail in lieu of \$25,000 bond. His 14-year-old companion faces identical charges in juvenile court. A house on the property has been vacant since a fire destroyed it earlier this year.

Change City Zoning, Novi Citizen Rakes

Continued from Record, 1
residential designation. Concerning the industrial classification, council members have decided to divide it into two parts—one that prohibits warehousing (PRD I) as in the area described earlier and another that permits warehousing (PRD II) in the area east of

vicinity of where the depot once stood.

Among other zoning changes now being suggested by the council are these:

- Labeling of all areas used or city parks, open space or recreational activities, and creation of a "park" zoning designation.

- Establish the northern boundary of the Central Business District (CBD) along the rear of the properties fronting on the north side of Dunlap, from Wing to the American Legion building where it would extend north to Randolph, cross Center and continue east along the rear of the properties fronting on the north side of Dunlap to Hutton.

- Leave Northville Laboratories and the service station at the northeast corner of Rogers and Fairbrook in a

residential non-conforming district.

- Rewrite the parking standards section to provide a ratio formula based on building size rather than on building use

- Designate the east side of Center Street, from Rayson south to the proposed new northern CBD boundary, as general commercial district property.

The west side of Center also is to be designated for commercial use, but council has not yet decided on how far north the district should extend

Councilman Wallace Nichols opposes extending it from the Chatham property north to Walnut, while Mayor A. M. Allen favors such an extension.

Council also has informally concluded that Councilman Paul Folino's appeal to have his property at the corner of Cady and Griswold excluded from the industrial classification should be denied

Folino had asked that the corner parcel be left in a residential classification since the property, by itself, cannot be economically converted to an industrial use. The long, narrow lot presently contains a rental unit.

Building Department

Accusations of gross mismanagement in the Building Department were leveled by a Novi citizen during the audience participation portion of Monday's city council meeting.

The charges were made by Mrs. Carol Kernan, secretary of the Northern Novi Civic Association, who told the council that she and other members of the association had observed the abuses while researching building department records over a period of several weeks.

"It takes three girls an hour and a half to wash one coffee cup," reported Mrs. Kernan. "They talk about what they did last weekend, what they're going to do this weekend, who's going out with whose husband, and who's getting married to whom."

"It's mismanagement.

Board Stiffens 'No Smoking'

Continued from Record, 1
having the school enforce the no smoking rule

While the board has not changed its basic belief that smoking on school property is, by law, illegal, it indicated Monday that it will not police smokers who are outside the building as severely as it will for those inside the building.

In addition, the board voiced support for rejuvenating restrooms at the high school and enlisting the help of students, teachers and administrators in enforcing the rules.

Come in and see our large selection of wine.

Either that or the employees out there are getting no supervision. And the men are just as bad as the women.

"The way those people work out there it takes three people to do the job of one person," continued Mrs. Kernan. "They all sit around and chitchat for hour after hour."

Following Mrs. Kernan's comments, City Councilman Philip Goodman noted that the council has received numerous complaints about the building department. "We're getting indications that all is not well in our building department," observed Goodman. "Of course, that's something we already knew."

Goodman went on to ask City Manager Harold Saunders for a report on building department operations which had been requested by the council at the time the investigation of the building department was completed in February.

Saunders assured the council that his report would be forthcoming in the next two weeks

Board Denies NEA Bid To Re-Open Contract

Continued from Record, 1

meet Monday, June 17, to vote on whether or not to carry the grievance to arbitration.

She told board members that the NEA was only interested in opening negotiations on items which pertained to year-round school.

In answering a question posed by Trustee Andrew Orphan, she said that "some teachers volunteered and some did not. Some were pressured into joining the program or they would not have a job since teachers would not have anyone left in the traditional program to teach."

Assistant Superintendent Florence Panattoni, who said she had heard such a rumor, said she met with teachers and told them that "if they did not wish to be in the program, they should drop out. None did."

Orphan asked what the specific issues were that the NEA wished to negotiate.

He added that it's a voluntary program and although it was extended K-12, everyone has a choice of being in it or not.

Mrs. Smith said that "if it's voluntary or not, it does not mean that teachers can voluntarily give up rights of the NEA. It hurts other people."

She said that "nothing necessarily is being violated. If it were, we would have grieved it a long time ago."

Among concerns over YRS which she listed are:

1. Publish YRS calendar in the master contract;
2. No teacher teaching on more than one track;
3. Department head duties assumed by someone else if the department head is on vacation;
4. If no teachers volunteer for YRS then reverse seniority should apply or the district should hire a new employee to teach in YRS;
5. No discrepancy in class sizes between YRS and traditional programs; and
6. Stronger leave policy for study for teachers.

Mrs. Smith said the NEA wished to negotiate the YRS concerns now because "it's good to look at these concerns in what it would be only these concerns and not in with the whole mess of negotiations."

Trustees P. Roger Nieuwkoop, Martin Rinehart and Sylvia Gucken said they feel district-wide means a mandated program in which teachers and students have no other choice.

Spears said that it was over his "better judgement that the board agreed to put this (YRS) language into the contract."

"If the program was mandated then we would unilaterally change working conditions," he said. "We did not mandate the program and I told Priscilla (following the board's vote several months ago) that I had no intention of re-opening the contract."

President Stanley Johnston told John Edwards, a member of the NEA bargaining team, that he (Johnston) attended

two negotiation sessions "and remember 'mandated' as being your concern."

"I am not convinced that (YRS) is causing any hardships on anyone."

Miss Panattoni added that class size and many other problems which have been raised by the NEA "are not unique to YRS. We have class

size differences on the traditional schedule too," she added, noting that some high school classes this year ranged from 14 students and up.

Mrs. Smith emphasized throughout her discussion that "teachers who are in year-round school really love it."

Voters Elect Gucken, Wilkinson to Posts

Two women were elected to four-year terms on the Northville School Board Monday by less than six percent of the registered voters in the school district.

Incumbent Sylvia Gucken captured 404 of the 505 votes cast to retain her seat on the board while Mrs. Karen Wilkinson gained 372 votes to fill a seat vacated by Stanley Johnston who did not seek reelection to a third term on the board. David E. Bucklin earned 162 votes.

Both terms of Mrs. Gucken and Mrs. Wilkinson will expire June 30, 1978.

Five persons received write-in votes at Monday's election. Don Williams received three votes and Dr. Robert Mandell, Carol Forrer, Betty Hancock and Carolyn Middleton each received one vote.

Mrs. Gucken and Mrs. Wilkinson, who carried all six precincts, will begin their new terms July 1.

According to Business and Finance Director Earl Busard, "cost of the election spread over the 505 people voting figures out to \$2.50 per vote."

This 14th century poetic observation is still a truism today as one considers on this Father's Day eve the services rendered society by men following in the footsteps of their fathers.

Take Henry Fisher of Northville, for example.

The 34-year-old member of the First Presbyterian Church of Northville shares with his father, Phillip, a feeling of real responsibility to church and community.

Like his father, Hank devotes many hours each month to his church. He serves in the choir, as does his father, and he is the scoutmaster of the church troop, is a member of the Men's Club and he plays with the Men's Club baseball team.

Hank readily admits that his volunteered service is influenced by the selfless contributions of his father, who years ago was himself a scoutmaster, who has served in nearly every church capacity, and who annually still lugs markers up and down the high school football field sidelines even though his sons long ago ended their athletic careers.

The tree is influenced by the bend of the twig in Novi, too.

Novi Fire Chief Duane Bell is assured of having at least two volunteers show up every time the fire whistle blows in Novi. Both his sons, Tim, age 22, and Tom, 19, are members of the Novi volunteer fire department.

"There was never any question that someday we would join the department," comments Tim. "We always used to go to the fires with our dad when we were kids and as soon as we were eligible to join, we did."

Tim joined the force in 1970, while younger brother Tom signed on last year. Their father has been a member since 1958 and he became the third chief in the history of Novi in 1972.

The contributions of the Bell family to the Novi Fire Department go back three generations. Bell's father-in-law, Charles Trickey, was one of the original volunteers when the late Walter Tuck organized the department back in 1928.

"It's something of a family tradition," beams the proud chief.

Brighton City Hall is a familiar place for Joseph Siford and his son, James.

The father and son combination looks at city government from different angles, but both possess the same sense of dedication.

The senior Siford has

Piling up Fertilizer

Because of the fertilizer shortage this year and rising

prices, wise gardeners are recycling their organic materials for use as fertilizers. Compost piles provide a convenient way to dispose of your garden waste materials and provide your plants with needed nutrition, say Michigan State University horticulturists.

All garden materials are good for composting, including leaves, grass clippings, sawdust, woodchips, old vines and weeds—even kitchen scraps. Avoid using meat scraps because they may attract mice or rats.

Compost can be prepared in any quantity using the following method:

—Spread materials to be composted six to eight inches thick.

—Sprinkle this layer with a commercial fertilizer such as 5-20-20 or 6-12-12 (three cups per bushel of compost). Small amounts of dolomitic limestone (two-thirds cup per bushel of compost) will counteract excessive acidity and hasten decomposition.

—Wet the layer thoroughly, but not enough to wash the fertilizer away.

—Add a small amount of fertile soil to each layer to hasten bacterial action and decomposition and reduce odor.

—Repeat steps 1 and 2 forming additional layers 6 to 8 inches thick on top of the first one until all material is used.

—Add additional layers on top as new material becomes available.

—Keep the pile moist. The length of time for decomposing materials varies from six weeks to six months or more. To hasten decomposing, turn the pile over two or three times at two-week intervals. Turning also reduces odors.

A simplified procedure, but one that takes longer, is to pile the material to be composted adding small amounts of commercial fertilizer or animal manure as the pile is built up. Turn over and water occasionally. This method may require two or more years before complete decomposition occurs.

If your compost is ready before you plant your spring garden spread it over the soil and rototill it into the soil. Throughout the growing season, mix your compost with topsoil and spread it over your flower beds, around shrubs and in your vegetable garden as you would a mulch.

Partially decomposed materials may be plowed into the soil in the fall to complete decomposing by the following spring.

Here's How to Grow Durable Feather Fern

Asparagus is a fern-like plant originating from Africa and Asia. All asparagus plants have tuberos or fleshy roots and no leaves. What we think of as the leaves are actually flattened, needle-like branchlets called cladodes.

The asparagus sprouter, pictured, is sometimes called the "feather fern." It is a durable plant making it suitable for baskets, and cut branches are often used in flower arrangements.

The following conditions of growth apply to all asparagus plants, say Michigan State University horticulturists:

SOIL should consist of one-third perlite or vermiculite, one-third good garden soil, one-third peat or humus.

WATER—Keep the soil evenly moist but not constantly wet. During the

winter, when the plant is in a rest period, the soil may be allowed to dry somewhat between waterings.

TEMPERATURES can range anywhere between 50 degrees F. at night and 70 degrees F. during the day. Asparagus plants like fresh air and may be placed outdoors during the summer months.

LIGHT—Good light is needed for healthy growth. A place near an east window is preferable. If placed near a south window, shade the plant from direct sun.

PROPAGATION is by fresh seeds or division of older plants.

TROUBLES—Shedding of foliage due to dry soil or hot sun. Asparagus may need liquid plant food to prevent yellowing.

Fungus Rides In On Spring Rain

The warm spring rains and moist soils are greening up most lawns this spring, but they are also providing excellent conditions for the growth of a fungus called Helminthosporium (leaf spot). This fungus may be attacking your Kentucky bluegrass, say Michigan State University turfgrass specialists.

The fungus grows and produces spores which cause dark purple to brown and yellow spots on the leaves of the turf. These spots, or lesions, can increase in length and width extending into the crown of the plants—thus killing the turf. The disease is most active in the spring and fall, and especially in cool,

damp conditions. Several preventive measures are recommended by the specialists at MSU. First, avoid excessive watering during early spring. Mow the grass when it reaches a height of two inches and apply fertilizer on a regular basis two to three times per year. Remove clippings after each mowing to prevent the disease from spreading.

Fungicides can be used successfully to control the leaf spot. Apply Daconil 2787, Fore, Acti-dione or Dyrene three or four times in the spring at two-week intervals. Follow the directions on the label carefully.

LAWN ODDITIES

1 IT IS A FALLACY THAT WATERING IN THE SUN WILL BURN LAWN GRASS. ACTUALLY, IT IS BENEFICIAL BECAUSE THE WATER COOLS THE PLANTS THROUGH CONTACT AND EVAPORATION.

2 YOU GET MORE FOR YOUR MONEY WITH FESCUE GRASS SEED SINCE THERE ARE NEARLY TWICE AS MANY SEEDS TO THE POUND AS WITH SOME OTHER GRASSES.

3 MORE WATER IS NOT NECESSARILY THE CURE FOR BROWN GRASS UNLESS DRY SOIL IS THE CAUSE. IF GRASS IS AILING FROM DISEASE, ADDITIONAL HUMIDITY MAY ACTUALLY AGGRAVATE THE SICK TURF.

4 IT IS BEST NOT TO WATER YOUR LAWN AT NIGHT AS DISEASE THRIVES UNDER HIGH HUMIDITY. IT IS BETTER TO PUT THE LAWN TO BED AS DRY AS POSSIBLE AND WATER IN THE MORNING.

BUSINESS BRIEFS

BONNIE WILSON, a life-long resident of Northville, has joined Bruce Roy Realty, Inc., 150 North Center Street in Northville, as office secretary.

BONNIE WILSON

Graduated with honors from Northville High School in 1970, Miss Wilson attended Madonna College in Livonia. She received a BA in English, with minors in journalism and social science, having graduated with honors. She was editor of her college newspaper, The Madonna Herald, in 1973-74.

Daughter of Mr. and Mrs. Edward Wilson of Northville, Miss Wilson has a 20-year old brother, John. Her father is employed by the valve plant in Northville and her mother is a former nurse.

Miss Wilson is a member of Kappa Gamma Pi and Lambda Iota Tau Honor societies, and she is listed in Who's Who of American College & Universities, 1972-73 and 1973-74.

JOHN JONES of the Colt Park Agency, Inc., Brighton, attended a Life Insurance Education and Training program in Lansing last weekend.

The marketing school is sponsored by Auto-Owners Insurance Company of Lansing and emphasizes personal life insurance planning, business life insurance, and other specific insurance services offered by the Company.

The Colt Park Agency, Inc. also represents Auto-Owners for all types of personal and business insurance in the Brighton area.

SATURDAY is the culmination of the grand opening of Northville Square's week-long grand opening celebration. Marc Avery, WJR radio personality, will be drawing the Treasure Chest prizes during a Saturday evening dance in the Square's upper level. Music will be provided by Jimmy Clark, another WJR celebrity, and his band. Refreshments will be served and door prizes will be awarded.

FRANK SOAVE of J. R. Snyder Company, Inc. of Novi, has been elected vice-president of the Masonry Institute of Michigan for 1974.

Also, at the institute's annual meeting, James R. Snyder of J. R. Snyder Company, was re-elected to a three-year term on the board of trustees.

Re-elected president of the institute was Clarence D. Gleeson, president of Clarence Gleeson, Inc. of New Hudson.

IF YOU BELONG to a Chamber of Commerce in Southeast Michigan, you are invited to attend harness racing at Northville Downs on Thursday, July 11—Chamber of Commerce Night.

The invitation to be a guest of the Downs is extended by the Northville Community Chamber of Commerce.

Mrs. Margaret Zayti, corresponding secretary of the Northville Chamber, said that local chamber members interested in attending should contact their president or secretary for free tickets.

For additional information, Mrs. Zayti may be reached by telephone at (313) 349-7640.

The 1974 Northville summer meeting opens Wednesday, June 26, and continues for 24 nights through Tuesday, July 23.

PHILLIP G. STINSON has been named a mortgage officer at Manufacturers National Bank of Detroit. He joined the bank in 1969 and holds a BBA from Michigan State University which he received in 1966. Stinson is presently working for an MBA from The University of Michigan, Dearborn, and makes his home in Northville with his wife Susan and their two children.

Like Fathers

Continued from Page 1-B

served as city clerk for more than a decade, while his son is serving his second term as a city councilman.

Still another governmental combination by father and son occurs in Salem Township where Fred Verran serves in a full-time job as a township inspector while his son, Tom, occupies a position on the volunteer fire department. Similar father-son roles on

volunteer fire departments occur in other area communities as well, which seems to bear out something Alexander Pope once said:

"Just as the twig is bent the tree's inclined."

Michigan Mirror

Task Force Zeroes In on Killer

LANSING—Alcohol kills on the highway. That's an undisputed fact, with indications that 40 to 50 per cent of fatal highway crashes involve alcohol.

What can Michigan do about the problem of the drunken driver?

A Task Force on the Drinking Driver Problem recently released its report with recommendations to help answer that question.

FOCUS on the first offender, the task force generally agreed, then develop procedures toward preventing a second offense.

Toward that end, the task force urged support for pending legislation that would allow trial judges to hold a convicted drunk driver's license for up to 60 days. The judges could impose probationary driving restrictions if the driver could be referred to an agency for hearing or treatment.

The task force also proposed support for what it called a "citizens' probation authority" or voluntary probation procedure. Through such a plan, a first offender, at the discretion of the prosecutor, would be allowed to accept voluntary probation and undergo treatment. In that way, he or she could avoid a drunk driving record.

AMONG OTHER recommendations

were those to:

—Make it conclusive proof of driving while under the influence of alcohol when a driver is found to have 0.10 per cent alcohol in his blood. That percentage now is only presumptive evidence.

—Provide a mandatory jail sentence for those drinking and driving while their licenses are suspended.

—Increase efforts to identify drinking drivers. Included here is a proposal to provide regional schools to help teach police more about identification procedures.

—Increase public awareness of the problem.

FORMER STATE Representative James H. Heinze, chairman of the governor's task force, included this comment in his summary of findings:

"Until the public changes its demand from that of 'prevent the drinking driver from killing and maiming' to 'prevent the drinker from driving'; until the drunk becomes as socially objectionable as is the fellow strung out on other drugs; until each person understands that he is 'under the influence' of alcohol and dangerous long before he thinks he's drunk; until many

of these attitudes are established publicly, we can do only peripheral things about the drinking driver."

IT'S OFFICIAL—former Democrat Zolton Ferency will run for the governor's seat this year on the Human Rights Party ticket.

Ferency, now an assistant professor of criminal justice at Michigan State University, recently was nominated at the Human Rights Party convention in East Lansing.

He hopes to come up with more votes than incumbent Republican Governor Milliken and the Democratic candidate, possibly former State Senator Sander Levin.

Few politician observers give Ferency a chance to do that.

BUT THERE IS a big question posed by Ferency's entry into the gubernatorial race: What will his candidacy do to the contest: Will it prove insignificant to the major party candidates?

Levin says he doesn't expect Ferency to offer a serious challenge to his party, and State Democratic Chairman Morley Winograd reportedly agrees.

Michigan GOP Chairman William

McLaughlin, on the other hand, says the Ferency candidacy will help Milliken's chances. He figures Ferency will draw support away from the Democratic candidate and, therefore, put Milliken in that much better position for another term in the governor's chair.

FERENCY, who lost a gubernatorial bid to George Romney back in 1966, left the Democratic Party shortly thereafter. He'd gotten into hassles with other party folks over anti-war and anti-Lyndon Johnson stands.

A colorful figure, quick with a quip, Ferency says he'll campaign "as actively as we can, within limited financial means." The party treasury contains about \$139.

A **\$6 MILLION FISH** hatchery, touted as "probably the most modern, best equipped fish-rearing facility in the world," is slated for official dedication later this month in northwest lower Michigan.

The Platte River Fish Hatchery, which took more than four years to build, will produce about 8½ million coho, chinook and steelhead annually when it begins operating at full capacity, says the Department of Natural Resources. The hatchery is located about six miles east of Honor.

Law's Unfair To Trotters, Says Carlo

John J. Carlo, executive manager of Northville Downs, this week labelled as "discriminating" an amendment recently passed by the Michigan Legislature legalizing Sunday racing for thoroughbreds with pari-mutuel betting.

The owner-operator of the harness racing (standardbred) operation at Northville Downs points out that the new Sunday racing permit for runners not only ignores the sulkies, but is designed to help harness tracks at Hazel Park and Wolverine (Livonia) while discriminating against Northville and Jackson.

"This is a very discriminating amendment...the effect is to assist the thoroughbred meetings and also help the standardbred meetings which are in operation at the same time," Carlo stated.

He points out that the thoroughbreds race only during the summer months, the same time that harness racing dates are being awarded to Hazel Park and Wolverine. Northville and Jackson harness meets are chiefly staged in November through March.

"Hazel Park and Wolverine standardbred meets will race one night during each week without opposition from the thoroughbreds because thoroughbreds can only race six days a week including Sunday," Carlo noted.

Meanwhile, the Northville Downs manager points out that Michigan harness racing cannot be staged on Sundays but must compete against Windsor and Toledo, which do hold Sunday racing.

According to Carlo, the injustice could be corrected by granting Sunday racing rights to standardbred tracks in Michigan where thoroughbred racing is not assigned.

'OLD GLORY' PLATE—Secretary of State Richard H. Austin displays a new license plate designed for 1976, a red, white and blue symbol of Michigan's role in the United States Bicentennial Celebration. The 'Old Glory' license plate features white letters and numbers on a red background with four white stars on a blue field and two wavy ribbons of white across the bottom.

Helps Asthmatics

Biofeedback may be one way to teach our bodies new ways to cope with health problems. The technique is now being tried with asthma patients.

At Denver's National Jewish Hospital and Research Center, researchers are working to help patients modify or gain control over bodily functions that are usually considered automatic.

Electrodes are connected to the forehead, where they detect electrical activity in the muscles just above the eyebrow while companion instrument transforms the signals into loud clicks.

Pictures of flowers, trees, fields of grass, dust—whatever triggers an allergic asthma attack in the patient—are flashed onto a screen. When a patient hears rapid clicks, he knows an asthma attack may be in coming. In some unexplained way, the patient learns after several sessions to keep the bursts coming at a slow rate by keeping tension down.

There are other ways to treat asthma and the American Lung Association offers advice to those who call 961-1697.

1976 Plates to Salute Birthday of United States

In 1976, Michigan motorists will help celebrate the United States bicentennial birthday by sporting an eye-catching "Old Glory" license plate, according to Secretary of State Richard H. Austin.

Austin, whose office issues Michigan's vehicle licenses, says 1976 will be the first year for three colors to be used, instead of just two.

The new plate will show white letters and numbers on a red background, with four white stars on a blue field along the left side, and two wavy ribbons of white across the bottom. The design incorporates "Old Glory"—our nation's flag along with reminders of Michigan's role in American history and the official bicentennial logo.

Austin pointed out, "The four stars can be viewed as representing the four flags—French, British, Spanish and U.S.—that have at one

time waved over what is now Michigan." Austin noted, "This unique license plate is intended to contribute to Michigan's celebration of a festive

Metropark Plans 4 Guided Hikes

The first of four guided nature hikes for families or individuals will be held along the nature trails at Kensington Metropark near Milford on Sunday, June 16 at 8 a.m.

Persons should meet at the nature center and a naturalist will explain the wonders of summer along the trails.

Other dates are Sunday, July 21, Sunday, August 18 and Sunday, September 22. For details persons should phone Kensington Metropark — 685-1561 (Milford).

occasion and to remind people here and elsewhere of our country's and state's rich and free heritage.

"As the nation's transportation state, it's particularly appropriate that we use a motor vehicle license plate to help dramatize our part in the bicentennial celebration."

The "Old Glory" plates will go on sale in the fall of 1975.

The GLENS at Hamilton Farms:

Possibly this area's most luxurious apartments. You decide.

You get the best of old Brighton, and the best of the new. A gently rolling site with duck ponds, woods, the beauty of unspoiled nature. Yet nestled snugly, unobtrusively among the trees are some of the most luxurious apartments in this area. Or anywhere.

You can choose from studio, one-bedroom, two-bedroom units (some with two baths). The quality of design and construction is obvious. In the living room—large sliding glass door to balcony or patio. In the kitchen—range, double-door refrigerator/freezer, sound-conditioned

dishwasher. In the bath—ceramic-tiled tub and shower and vanity. All through the apartment—wall-to-wall carpeting, individual gas heat and air conditioning unit, insulating glass Acoustic barriers between apartments.

The Glens is a completely separate apartment community at Hamilton Farms. With a private swim club for residents only. And the rural, peaceful environment that attracted you to this area in the first place. The Glens at Hamilton Farms Luxury, redefined.

Studio, 1- and 2-bedroom apartments from \$175

When It Hits Them They'll Be in Scotland

For 19-year-old Beck Potter of Hamburg and 20-year-old Carolynn Sannes of South Lyon the reality of boarding an airplane to Scotland next Monday hasn't yet hit them.

The two are a part of a nine group team from all over the Midwest who will be spending the summer near Edinburgh, Scotland, as missionaries with Gospel Projects, Incorporated. The group will be spending the summer with the six full-time missionary families already there.

Last week Becky and Carolynn admitted to being hesitant about leaving home to spend their summer in a foreign land. Neither of them has been away from home for

Witnesses To Convene

Jehovah's Witnesses will assemble this summer at 85 'Divine Purpose' District Conventions throughout the United States and Canada. Additional assemblies will be held world wide.

Thomas R. Bloxom, presiding overseer of one of the two Plymouth congregations of Jehovah's Witnesses, said "the conventions are designed to keep delegates spiritually enlightened concerning the times in which we live.

"The 250 representatives from Plymouth are looking forward with enthusiasm to the convention at Tiger Stadium in Detroit on June 20 through 23.

"We will be among the nearly one-million persons that are expected to attend these conventions during June July and August," Bloxom said.

any length of time, except to go to school at Southland Bible Institute in Pikeville, Kentucky. Even so, they are able to talk to their parents once a week from there, they said.

"There won't be any transatlantic phone calls, that's for sure," said Carolynn, who is recently engaged.

The mission in Scotland was begun several years ago by James Alexander Stewart of North Carolina. Becky and Carolynn explained that the need in Scotland to spread the Bible message is just as great as anywhere else in the world.

"Some of the great religious reformers were from Scotland and yet people have just let the gospel die," Carolynn said. "We've heard that some of the old beautiful churches are being used for chicken coops. People just don't care anymore. The people who hear the reformers have gone and now the kids and adults don't even know the gospel."

In their summer mission the girls will spend probably the majority of their time in child evangelism, they estimate. They will perform in what is known in Scotland as "five-day clubs" or Vacation Bible Schools.

They will also make door-to-door visits, help conduct open air meetings and generally be visible in Edinburgh and the border towns passing Bible tracts and making themselves available to the people.

The girls are not unused to

such Christian service projects since part of their education at Southland Bible Institute is to undertake a project of service to others.

Both are former members of a gospel singing group. Becky has also aided a pastor in a Virginia church and was active in visiting rest homes. Carolynn has a great deal of experience in the work of passing Bible tracts.

The one great difference in this project and others they have undertaken is the fact that they were required to earn their air fare to Scotland.

"At first I was waiting for

Hamburg Gala Typifies 1844

A variety of old-fashioned events will be taking place in Hamburg in coming weeks as St. Stephen's Episcopal Church celebrates its 130th anniversary.

There will be an open house at the church on both June 16 and 23 from 2:30 p.m. to 4:30 p.m. There will be guides on hand to point out items of historical interest which have been collected and are displayed in the church.

At 4 p.m. on June 16 there will be an Ice Cream Social and planners say, if the strawberry ice cream cooperates, it will be a strawberry ice cream affair. The 5th Regiment Band of Livingston County will present a concert in the park at 7 p.m. that evening.

The Women's Guild will help defray the cost of the celebration with a Taster's Choice Luncheon June 21 from 11:30 a.m. to 2:30 p.m.

"You take a taste of this and a taste of that and if there's anything to your liking you can buy the recipe," is the way parishioner Marge Ruppel describes the luncheon.

A community parade at 10 a.m. Saturday will begin a full day of festivities. At 6 p.m. there will be an old-fashioned Box Social.

The 20 Plus Club, an adult organization in the church, is sponsoring this event. The women of the club are preparing picnic dinners and decorating picnic baskets to make them attractive for an auction. The baskets will be auctioned to the men of the club who will share their dinners with whomever decorated the basket.

A King and Queen will be crowned that evening when 1844 vintage costumes worn by Hamburg area residents will be judged. After the King and Queen are crowned there will be Square Dancing in the church parking lot at 8 p.m.

The final event of the week long celebration will be a Beef Barbecue from 1 p.m. to 4 p.m. Sunday, June 23.

All events are open to the public.

CHURCH PUPPETS — Becky Potter (left) of Hamburg and Carolynn Sannes of South Lyon give a practice performance of a puppet show for neighborhood children. They

will be using the puppets in child evangelistic work this summer while acting as missionaries in Scotland. The puppets were handmade by Carolynn.

Vacation Study

Bible Schools Planned

South Lyon Presbyterian Church will hold Vacation Bible School August 5-9 from 9 to 2:30.

Children kindergarten age through eighth grade are eligible and should bring a sack lunch. Registration will take place the first day the school is in session.

"Good News is Jesus" will be the theme highlighting the week's activities which include songs, crafts, films and recreation. The program is open to all children, regardless of religious affiliation.

All children, nursery age through junior high are welcome to New Hudson Presbyterian Church's Vacation Bible School July 15-19.

Activities are planned daily from 9:30 to 2:30 p.m. The week's events will culminate in a picnic Friday afternoon.

"Lord Teach Us To Pray" will be the theme of Vacation Bible School at Immanuel Lutheran Church.

Children who have completed kindergarten through those who have completed sixth grade are eligible to attend the school which features crafts, lessons

and various programs. The week long session will culminate in a picnic. To register call the church at 437-2289. Vacation Bible School is open to all children regardless of their religious affiliation. However, the nursery school is open only to children who attended Sunday School last year.

"Uncle' Don and Aunt' Tracy Koehn will conduct Bible School at Salem Bible Church this summer June 24-28 from 7 to 9 p.m.

Senior age children through school high are eligible to attend the program which features songs, crafts, Bible lessons and other activities. Bus service will be provided for those children attending and the school is open to everyone.

Salem Congregational Church will not host a Vacation Bible School this year.

Individual classes and themes will be the feature at Vacation Bible School at South Lyon Methodist Church June 24-28.

Classes will be held daily from 9:30 to 11:30 a.m. for children three years of age

through those who have just completed sixth grade.

Parents may register their children the first day of classes. The fee per child is \$1 with special rates accorded to families enrolling more than one child. Vacation Bible School is open to all children, regardless of religious affiliation.

A variety of activities including crafts, special projects, lessons and field trips will comprise the agenda of New Hudson Methodist Church's Vacation Bible School program this year July 15-19.

Sessions will be held daily from 9:30 to 2 p.m. for children ages two and one-

half through junior high. All children are asked to bring a sack lunch. There will be no charge and the program is open to children throughout the community.

First Baptist Church of South Lyon will hold a Vacation Bible School, June 17-26.

Classes will meet from 9 a.m. to noon, Monday through Friday. The week will culminate in family night on June 26 at 7 p.m.

Bus transportation will be provided. The Reverend Robert Beddingfield will conduct the classes. Students may be enrolled on Preparation Day, June 15, at 10 a.m.

Homecoming Set

Fellowship Baptist Church, 10774 Nine Mile, will have a homecoming June 12.

Several former pastors and participant workers will participate in the day's services.

Sunday school is scheduled for 9:45 a.m. with Morning Worship at 10:30 a.m.

Educational Unit will be held at 2:30 p.m. and the evening Service at 7 p.m.

All those who formerly attended the church's services are extended a special invitation to return for a reunion of worship and fellowship

41160 Ten Mile Road, Novi
19050 Six Mile - 538-7740

HERE IS the retreat you've always wanted! A charming home on Tyrone Lake with rustic family rm., over-looking the trees, beach and lake. The home has been remodeled and is in top condition. Only \$33,500

HOW WOULD you like to build on a small acreage parcel in a glorious country setting? We have four choice spots in this area to choose from. If you like it open, wooded, rolling, flat, a bluff, square, or irregular, with a view, be sure to see these. \$12,500 to \$18,000

WOULD YOUR FAMILY like a new quad level home on 2.6 acres with trees, a pond and privacy? Present owner, transferred out of state, would feel better if he knew that you loved nature, quality features, and a good value. \$44,900

DO YOU KNOW that we have several homes under construction? Some are just starting and some just finished. Perhaps one of these homes could save you considerable time and money versus building from scratch. Come see!

Jack Was Not So Nimble

Skinny Girl Reporter Outjumps Aging Superstar

The years do play tricks. Take Jack Hoffman, for example. At age 42 the assistant-to-the-publisher of the Northville Record-Novi News, South Lyon Herald and Brighton Argus newspapers frequently boasts about his glory days as a high school athlete.

Track, Hoffman recalls, was one of his better sports. "High jumping, long jumping (back in those days

we called it broad jumping) and the mile," Hoffman reflected one day recently were his specialties.

Coincidentally, Sports Editor Phil Jerome happened along as Hoffman was verbally taking a few staffers back along memory lane to the days when he would hurl his muscular body through the air into the broad-jumping pits.

Jerome had just returned from Northville high school

where he had picked up a list of still-standing track and field records.

"Did you know that Shipley holds the high school record for the long jump?" he asked fellow staffers.

"Who?" stammered Hoffman, his face slightly flushed. "Dorothy Shipley, that skinny gal reporter on our Herald staff?" Hoffman asked again.

"Yeah, she jumped 15 feet, 8 1/2 inches back in '69 and the

record still stands," answered Jerome.

Well, you could almost see the next question being born on the faces of everyone in the room. Silently, they were wondering, could a skinny girl reporter actually outjump an aging, but still muscular super athlete?

Suddenly, the old days were forgotten and it was back to business. Hoffman started handing out assignments in a flurry of activity.

"How far did you jump," someone asked Hoffman.

"Oh, I don't know. But a lot farther than 15 feet," he mumbled.

"Do you think you could jump farther than Dorothy?" someone else asked.

"Don't be silly," he responded.

"Why don't we have a contest?" asked another reporter.

"That's a great idea. Hoffman against Shipley. We'll get up an office pool. Bet on either Jack or Dorothy and the one closest to the margin of difference wins the pot," another staffer suggested.

"She'd never do it," Hoffman said hopefully. "Besides, it wouldn't be fair. Me against that kid reporter?"

Well the kid reporter said she would do it. And the

contest was scheduled for last Friday afternoon at the Northville high school athletic field.

Thirty-one employees decided to get into the pool and most of them showed up Friday afternoon to cheer for the overwhelming favorite, Dorothy Shipley.

Hoffman played it foxy. He showed up about five minutes late dressed in sports coat and slacks and carrying a cane. Then he began to undress in front of all the fans.

His second layer of clothing was a sweat suit. Next was his old Flint Junior College basketball uniform. Then he put on his gym shoes and started prancing around, high-kicking the legs and acting like Jesse Owens.

All this time the skinny kid reporter with the good looking legs was waiting patiently for Hoffman to take a practice jump or two so she could get the nonsense over with and go home.

It was decided that Hoffman would jump first. Each contestant would get three jumps, the longest effort would be declared the winner.

With the curious crowded around the sandfilled pit, Hoffman started his approach

OPPOSING STYLES — Old No. 15 rumbles down the asphalt approach. The skinny kid reporter glides along the path.

Continued on Back Page

GAMESMANSHIP — Hoffman's pre-match antics failed to upset Ms. Shipley.

Babson Report

Encouraging Signs Seen in Marketplace

WELLESLEY HILLS, Mass.—Morally and ethically the nation is in quite a bind. There is cause for concern regarding our capacity to deal with the problems of right and wrong that have surfaced and with the controversy and acrimony they have stirred up.

There are plenty of problems, too, on the economic front, and these have played a part in eroding investor confidence. But there are some good things happening that give cause for hope.

We have ended our flirtation with price and wage controls. While this will not stop inflationary expansion, it does remove harsh and inequitable restrictions that have led to turmoil in the marketplace. With controls gone, we are at least moving into a more favorable position to curb the inflationary up-spiral.

This does not mean that price hikes are going to end soon, but it does indicate that some easing of the upsurge is in the offing as continuing adjustments in supply-demand balances—now minus controls—take place. And it does mean that we have more freedom to bear down on problems of inflation in other nations with which we trade.

ANOTHER PLUS for us is the apparent success—despite setbacks in the course of extremely delicate negotiations—of Secretary of State Kissinger. It is a slow, agonizing process, a road with many twists and turns, but he has made considerable progress toward military disengagement in the Mideast.

His personal diplomacy still leaves many people skeptical, but so far it has worked better than expected.

If he succeeds in persuading the principal adversaries to take additional positive steps toward easing tensions and removing the obstacles to understanding, he will then be in a better position to apply his considerable talents to the knotty problems that have arisen between the U.S. and Western European nations.

The next ninety days will see a reassessment of attitudes deriving from

trade and monetary problems, stresses within the Common Market, and the recent leadership changes in Britain, France, and Germany. Policy breakthroughs encouraging to U.S. and world trade as well as to investment opportunities could come before this year ends.

TWO ONGOING developments here at home also augur well for a healthier investment climate: (1) Improved budgeting procedures on the part of both the White House and Congress, and (2) moves by Big Labor and by management to curb the number and impact of strikes.

The Nixon Administration has greatly improved the Executive Department's approach to—and actual shaping of—the national budget. Overlapping functions are being phased out; more studied, more scientific approach to funding is being implemented, with good initial results. And we are on the verge of a new law that will require Congress to handle appropriations more carefully, and with an eye to our ability to pay.

Senate and House are in basic agreement that they will consider the budget in its totality, and with emphasis on the effect it will have on our resources, our tax structure, our entire economy. This should in time eliminate deficits, curb government borrowing.

SOME STICKY labor negotiations are coming up in the second half of this year and settlements will involve costly wage and fringe concessions. But a better rapport between management and union labor is emerging. Both are making marked progress in limiting strikes and the losses that flow from them.

We are still a long way from the millennium in this area, but at last the economic feasibility of strikes is being brought into serious question and something is actually being done about it on a number of different fronts. This alone is extremely encouraging for both business and investors.

Salem inspector Fred Verran speaks with his fireman son, Tom (See story on Page 1-B)

Chest Injury Takes Toll, Study Shows

A lethal form of chest injury which is being recognized more frequently is probably responsible for thousands of automobile deaths each year, University of Michigan chest surgeons have reported.

This killer is pulmonary contusion or bruised lungs, often masked by other more obvious injuries, but the surgeons say it plays a major role in a quarter of the deaths due to chest injuries in automobile accidents.

The findings were reported in the U-M Medical Center Journal by four members of the University Hospital thoracic surgery section: Drs. Marvin M. Kirsh, Douglas M. Behrendt, Mark B. Orringer and Herbert E. Sloan, head of the unit.

Dr. Kirsh, principal author of the article, said that pulmonary contusion only has been recognized recently as a distinct lethal entity in itself. "However, the mortality from pulmonary contusion alone ranges from 13.7 to 39 per cent," he said quoting U-M research figures.

A considerable number of these persons could be saved by current medical techniques if their problem is diagnosed soon enough and aggressive medical treatment instituted, Dr. Kirsh said.

Chest x-rays will reveal evidence of pulmonary contusion even though in "mild" cases the patient may show no symptoms of chest distress until a number of hours after injury, Dr. Kirsh said.

Damage, in most cases, the surgeon noted, is caused when the victim strikes the steering wheel with his chest. This can cause a "shock wave" inside the chest cavity, briefly compressing and bruising the lungs and surrounding soft tissue.

Trip to Scotland Dazzles Them

Continued from Page 4-B

money, saying I'd go if the money came in," Becky said. "That's not really faith. I told the Lord I wanted to know by the end of our Mission Conference at school. By Thursday night of the conference I just knew the Lord wanted me to go and that the money would work out."

Becky said that that same evening when she'd made her decision one of her teachers gave her \$100.

"She'd hesitated to give me the money until she had some sign that I knew I was supposed to go," Becky said. "She felt I was to go."

Each raised between \$500 and \$600 for the trip through contributions of friends, family and their churches.

"I started praying about it back in November," Carolyn said. "I told the Lord two things were going to have to happen. I was going to have to

have enough money to go and also to pay my school bill next year and my parents were going to have to be willing for me to go to Scotland."

In a previous year Carolyn's parents rejected her idea of mission work, but they put up no arguments this year for a trip that would take her over 1,000 miles away from home.

"When I knew that, I told the Lord to let the support start and the next day I received \$20 in a letter," she said. "When it finally hit me that the Lord really wanted me to go I jumped for joy."

The only warnings the girls have been given about Scotland is that they should not turn down food, even if they're not sure what the dish is and that they should be willing to change, but that they shouldn't mimic the people.

"The really strange thing is that they'll be able to un-

derstand us, but we won't necessarily be able to understand them, right off," Carolyn said.

This possible problem of communication is the only hesitancy that Becky has in beginning her mission adventure next week.

Carolynn has a greater problem. She's never been on an airplane and she's beginning to sit tight thinking about it.

"That'll probably be the worst part—getting on a big plane and going through customs!"

Plan Folk Musical

Plans are being made in Brighton to produce a community folk musical about God called "Tell It Like It Is," it was announced this week.

Interested persons and churches are urged to help plan and participate in this event. The first planning

meeting will be at Brighton United Methodist Church this Sunday, June 16, at 7 p.m.

The performance is now planned for late summer or early September. For further information call Fritzie Seger, 229-9337, who will be directing the performance, or Laura Downing, 227-7215.

Jack Not So Nimble

LUNGING and LEAPING — The contrast in jumping styles was apparent.

WINNER and RUNNER-UP — Shipley and Hoffman were all smiles after the contest was over. Surely someday Jack will boast that he finished second in "the big long-jumping event". The fact that only two competed will fade with time.

Continued from Page 11-B

down the black-topped runway.

His neck muscles bulged as he rumbled down the asphalt like a runaway boxcar. As he reached the board he let out a mighty groan and threw his body skyward and into the sand pit.

"Eleven feet, nine inches," exclaimed the official scorer.

Next it was Dorothy's turn. It didn't take long to know who would pick up the marbles at this contest.

Her legs moving like pistons, the 22-year-old Herald reporter who hasn't jumped since setting the record at Northville High more than four years ago, breezed down the runway in rhythmic fashion. Her leap into the pits was high and beautiful to behold.

"Thirteen feet, two inches," the scorer reported.

It was all over. Dorothy really didn't have to jump again. Hoffman fouled on his next attempt. In his final effort he managed to hit 12 feet, three inches.

Dorothy was awarded a medal and Hoffman a pair of shower shoes with spurs attached.

Don Golem, advertising manager of The Argus collected the winnings for the most accurate pick. "I figured she'd beat him by about a foot," said Golem, smiling wryly at Hoffman.

"Ad men," grunted Hoffman.

There was one casualty. Dorothy lost an earring.

"Your opponent lost her earring," someone informed Hoffman.

"Girl reporters," grunted Hoffman.

Flint Knocks Novi Out of State Tourney

Walks Prove Fatal in Regional Loss

Cancel those reservations at Win Schuler's. Novi's Wildcats will not be making the trip to Marshall this weekend.

Novi's hopes for one of those cherished four spots in the MHSAA Class B semi-finals in Marshall this Saturday came to an abrupt end Tuesday when they were blasted 13-0 by a powerful Flint Powers outfit in the final game of the Flint Hamady regionals.

It's not that the Wildcats didn't give it their best shot, mind you. Quite the contrary. After winning the South Lyon district crown to become one of just 16 teams left in the state Class B tourney, the Novi nine moved up to the final eight by downing Chesaning 4-0 in the first game of the Flint Hamady regionals before finally being eliminated by the Flint Powers crew.

Not bad for a team that finished its regular season with a 14-13 record and tied for sixth place in the eight-team Southeastern Conference.

"They've got a super team," commented Wildcat Coach Rick Trudeau of the

rugged Flint Powers nine. "They've got two pitchers who throw nothing but smoke and there isn't a weak spot in their lineup. Even their eighth and ninth hitters are tough. They've got the best high school team I've ever seen."

By virtue of winning the Flint Hamady regionals, Flint Powers will advance to Marshall Saturday where they will meet Lowell in one of two semi-final games. Harper Woods Bishop Gallagher will take on Mt. Pleasant in the other semi-final clash and the two winners will square off for the Class B state championship at 3 p.m.

Bad as the 13-0 decision may sound, the game itself was even worse.

Flint Powers scored five times in the first inning with the benefit of just one hit and then scored four more runs in the top of the third — with the benefit of just one hit.

"They scored nine times in the first three innings with just two hits," reported Assistant Coach Bob Weinburger, shaking his head in disbelief. "We don't know if they can hit the ball or not —

we didn't give them a chance."

Dave Brown, the hard-throwing senior who tossed Novi to the finals of the MHSAA Class C tourney last year, drew the starting nod against Flint Powers and just couldn't find the plate.

He gave up four walks in the first inning and then walked three more in the third as All-State shortstop Brian Petroff drilled a key double in the first frame and pitcher Craig McGinnis belted a grand slam home run in the third.

Dave Piotrowicz replaced Brown after McGinnis' home run and went the rest of the route, giving up four runs and five hits.

The Wildcats, meanwhile, were unable to cross the plate against McGinnis, the 6-1 left-hander from Flint Powers who was selected by the Chicago Cubs in the recent major league free agent draft.

"We gave him something to think about," commented Weinburger. "We put two men on with nobody out in the first and put two more men on base against him in the second, but we just couldn't plate anybody. We left 10 men

on base, so we definitely had our chances."

Eric Hansor, Gary Ford, Tom Celani, and Bill Barr collected the four hits Novi was able to garner off the Flint Powers ace.

The Wildcats had moved into the regional finals against Flint Powers by registering a 4-0 victory over Chesaning in the opening round of regional play as Pat McAllen tossed a slick two-hitter and Gary Ford socked a two-run homer.

"Pat (McAllen) really threw a good game," reported Trudeau. "He had his curveball working real well and his fastball was coming in there hard. He did a good job."

McAllen had 11 strikeouts to his credit in going the distance on the mound.

The Wildcats picked up all the runs they needed for the win in the second and then added a pair of insurance tallies in the sixth. It was Ford, the Wildcat centerfielder, who delivered the key clout in the second inning rally. McAllen led off the frame with a single. Hansor

sacrificed him to second; and Ford followed with a two-run poke over the leftfield fence on a 3-2 pitch.

Novi rounded out its scoring in the sixth. Mike Riley, who went three for four in the game, led off with a double and came around to score as Tim Assemany drilled another two-bagger. Hansor then singled home Assemany with the fourth Novi run with a line rip to left.

It was the second hit of the game for Hansor. Ron Buck also had a pair of hits in the contest as the Wildcats teed off on the Chesaning hurlers for 11 hits in the 4-0 conquest.

In addition to their regional contests the Wildcats completed their Southeastern Conference (SEC) schedule last week by beating Brighton 3-0.

The win advanced Novi's SEC record to 5-9 and enabled them to move from seventh place up into a tie for sixth place with South Lyon. The game was even more important to Brighton, however, since it deprived them of a share of the SEC championship.

The Bulldogs took a 9-4 record into the game and needed a win to tie Ypsilanti Lincoln for the conference crown.

Dave Piotrowicz and Tom Celani were the keys to the Novi victory. Piotrowicz had a no-hitter going until the seventh inning and finished with a one-hit gem. Novi, meanwhile, scored all three of its runs in the fifth.

Bill Barr led off with a single, stole second, and then came in to score on two Bulldog throwing errors. Hansor followed with another single and Celani then unloaded his fifth home run of the year into deep left center field.

WHAT A DIFFERENCE A YEAR MAKES—Novi's Dave Brown yells out in frustration during the third inning of the Wildcats' 13-0 loss to Flint Powers in the MHSAA Class B regionals Tuesday. A year ago, Brown hurled the Novi nine to within one game of the state Class C championship. But Tuesday the hard-throwing left-hander was plagued by wildness and gave up nine runs on eight walks and just two hits in three innings on the mound.

Kritch, Sherman Named To All-Conference Squad

Two Northville High School players have been named to the 1974 Western Six All-Conference baseball team. Named to the second base position on the squad was John Sherman, while Ed Kritch was named to a berth in the All-Conference outfield.

Both Sherman and Kritch are seniors. In addition, three other Mustangs - catcher Bill McDonald, first baseman Todd Eis, and outfielder Randy Oginski - received honorable mention recognition.

"I think it was a pretty outstanding All-Conference team," commented Chuck Shonta, coach of the Northville nine. "The balloting was close at several positions and there were some high-quality ballplayers on the team."

Shonta's contentions were upheld by the fact that two members of the 1974 Western Six All-Conference team were selected in the major league draft last week. Third baseman Mike Grace of Waterford Mott was selected by the Cincinnati Reds in the second round and Livonia Churchill shortstop Brian Kelly was tabbed by the Detroit Tigers in the thirteenth round of the free agent draft.

Shonta revealed that Sherman received four of the five votes in the balloting for the All-Conference second base position. "John hit over .300 in the conference and had just one error all season long," reported Shonta of his senior second sacker.

Shonta also reported that he had originally nominated Kritch for All-Conference honors as a pitcher. "As far as I was concerned, Kritch was the second best pitcher in the league next to Churchill's Dave Panzoff," offered Shonta. "He had a 4-1 record in the league and was 6-2 overall. And his only conference loss came by a 1-0 score."

"When he wasn't selected as one of the pitchers I put him up for the outfield," continued the Mustang mentor. "He hit .333. I felt he should maybe be a member of member of the team somewhere and he was just as good an outfielder as anyone else in the league."

Churchill, which won the conference championship with a 9-1 record and is the second-rated Class A squad in the state, placed four men on the All-Western Six squad. Mott was represented by three selections; Northville had two; and Farmington Harrison and Plymouth

Canton each placed one man on the team.

Three pitchers were named to the squad: Churchill's Dave Panzoff, Tim Hammer of Harrison, and Bill Parson of Canton. Mott's Bob Swindell, was named All-Conference catcher.

Churchill's Alan Leirstein received the nod at first, Sherman was named second baseman, Kelly was the shortstop, and Grace was the third baseman. Joining Kritch in the All-Conference outfield were Jeff Gormly of Mott and Mike Gottshall of Churchill.

Churchill Wins Regional Crown

Western Six Conference champion Livonia Churchill turned back Taylor Truman and Bishop Borgess to win the MHSAA Regionals at Northville and earn the right to advance to the state semi-finals Saturday in Pontiac.

The Chargers, coached by Northville resident Roger Frayer, are now one of just four teams left in the state Class A tournament.

Hazel Park will meet Grandville at 10 a.m. Saturday at Jaycee Park in Pontiac, while Churchill will take on Flint Northern at 12:30 p.m. Flint Northern upset the state's number one-rated team, Royal Oak Kimball, in the regionals Monday.

The two semi-final winners will square off for the state championship at 3 p.m.

Churchill claimed the championship of the Northville regionals by registering a 9-4 decision over Taylor Truman in the semi-finals and

then coming back to edge Bishop Borgess 8-7 for the championship.

The Chargers belted four home runs and Dave Panzoff went all the way on the mound in the 9-4 conquest of Taylor Truman. And it looked like they would make a rout of the second game as they scored five times in the top of the first inning.

But Bishop Borgess came back with three runs in the bottom of the first on a home run by Reese Dobrick. Churchill scored once in the second, but Borgess piled up four more runs in the bottom of the second to go out in front 7-6.

The Chargers tied it up with a run in the fourth and then won the regional crown as Rod Hawraney delivered a

two-out solo home run in the sixth.

Jaycee Park is located at Waltham and Jocelyn Roads in Pontiac. There is an admission fee of \$1.50 for adults and \$1 for students.

With top-rated Royal Oak Kimball out of the tourney, Frayer's second-rated Churchill nine will go into the final day of the MHSAA play as slight favorites.

Seven Swim in AAU Mini-Meet

Seven Northville-Novi area youngsters participated in a Mini-Meet hosted by the Bulldog Aquatic Club at Schoolcraft College last Saturday.

Mini-Meets are restricted to swimmers under the age of eight years.

Local swimmers finishing among the top six in the individual events were Kathy White, 8, who came in second in the 50-yard breaststroke;

Cam Ramsey, 6, who came in fourth in the 25-yard breaststroke; Jenny Gans, 8, who came in fifth in the 50-yard backstroke and sixth in the 50-yard butterfly; and Susan McDonald, 8, who finished sixth in the 50-yard breaststroke.

In the relays, Jenny Gans, Kathy White, and Susan McDonald swam on the first place 100-yard medley relay team and the fourth-place 100-

yard freestyle relay team. The same three girls swam on the third place 200-yard freestyle and medley relay teams.

Gary Simrak swam on the fifth place 100-yard medley relay team and the sixth place 100-yard freestyle relay team.

A total of 18 members of the Bulldog Club were entered in the Mini-Meet. The novice group is coached by Northville's Rikki Gans.

Novi Men's Softball

Cops, Storm Insurance Still Unbeaten

Just two teams remain undefeated in the Novi Parks and Recreation Commission's Men's Slo-Pitch Softball League.

Jim Storm Insurance kept its undefeated record intact and moved into sole possession of first place in the National League, while the Novi Police also made it through the week unscathed to take over sole ownership of first place in the American League.

The week had started with two teams tied for first place in each league with identical 2-0 records. Miami Blue Water Pools shared the National League lead with Storm Insurance, and in the American League it was Don W. Kelsey Company (DWK) which shared first place with the Novi Police.

But by the time the week was over both Blue Water Pools and DWK had suffered their first defeats, leaving Storm Insurance and the

Police in first place in their respective divisions.

National League

Storm Insurance established its right to first place in the National League by handing Blue Water Pools a 5-4 setback in nine innings last Thursday.

The Pools took a 3-1 lead into the seventh inning, but Storm Insurance sent the game into extra innings as Lloyd Huotari doubled home the tying runs. Bob Pisha singled home Phil McMillan in the top of the ninth to put the Pools ahead 4-3, but once again Storm Insurance came roaring back as Huotari came through with his second consecutive two-run double to clinch the 5-4 triumph.

Dan LaHo, Jim Franti, and Jim Juopperi joined Huotari in collecting two hits, but Huotari claimed hitting honors by driving in four key runs. Pisha had a home run,

double, and single in four trips to the plate to drive in four runs and take hitting honors for Blue Water Pools.

The victory over Blue Water Pools was the second of the week for Storm Insurance, earlier they had taken an 8-6 verdict from the Novi Jaycees in a game called at the end of six innings. John Heinenon was the leading stick in the Storm lineup as he doubled home Don Maki in the second inning and then belted a two run homer in the third to account for three of the eight Storm Insurance tallies. Carl Maszal had a double, two singles, and two rbi's as he accounted for three of the seven hits the Jaycees were able to muster off Storm pitcher Walt Maki.

Miami Blue Water Pools holds down second place in the National League by virtue of having won two games last week prior to its 5-4 loss to Storm Insurance. First win was an 8-4

decision over Novi Tire and the second Blue Water Pools triumph was a 27-8 bombardment of Novi Heights. Dennis Diem poled two home runs and drove in six runs to lead Blue Water Pools to its 8-4 conquest of Novi Tire. Bill White added a two-run homer for the Pools. Dave Temple had three hits and Barney Auten and Denny Skvarce each had a pair of hits to account for seven of the 14 Novi Tire hits.

Nobody homered, but Dave McMillan and Phil McMillan each ripped out five hits as the Blue Water Pools blasted out a 27-8 verdict over Novi Heights. Dennis Diem contributed seven rbi's and Dave McMillan and Bob Pisha each chipped in with four additional rbi's to add to the rout. Doug Harsh had two doubles in three at bats and drove in four runs to pace the Heights.

Two other National League teams came through with their first victories of the season last week. J.P. Realty scored six times in the fifth inning to squeeze out a 9-8 conquest of Lakewood Colony.

Roy Link had three hits and John Padgett, Carl Helwig, and Bob Discher each came through with two rbi's to pace J.P. Realty. Curt Nicholas had a single, double, and home run in four at bats and drove in four runs to pace Lakewood Colony.

Lakewood Colony survived the loss to J.P. Realty and came back to win its first game of the season by defeating Jamaican Pools 13-

6. Jim Breen and Lee Norton had three hits apiece and Tony Stines belted a home run and had four rbi's to lead the victory. Roger Pelchat had two of the seven Jamaican Pool hits off Paul Black.

American League

The Novi Police advanced their record to 3-0 by squeezing past Portec Paragon 10-9 and then took over sole possession of first place as Novi Tire handed the Don W. Kelsey Company squad its first loss of the season.

Portec Paragon scored nine times in the first two innings but failed to score again as the Novi Police came back to gain a 10-9 victory. Gary Scott tripled in the bottom of the seventh and Charlie Brown followed up with a two-out single to give the win to the Crime Fighters.

Scott and Brown each had two rbi's in the game to spark the win, while Jim Kaczmarczyk and Steve Pardikes each had three hits to lead Portec.

It was a sacrifice fly off the bat of Larry Wichman which drove in Tom Renner with the winning run in the bottom of the seventh in Novi Tire's 11-10 victory over Don W. Kelsey Company (DWK). Big stick in the Tire lineup was Renner who had a home run, triple, and two singles in four trips to the plate. Rey Rodriguez contributed three hits for Novi Tire, while John Jamieson had four hits in four trips and knocked in three runs to pace DWK.

The Novi Inn upped its record to 4-2 by defeating J.P. Realty 15-5. Paul Faulkner and Mike Bingham belted home runs for the Inn and Dennis Brooks, Ray Brooks, and Dave Brandenburg each rapped out three hits to pace the Inn's 17-hit attack. Mike Fritz with two singles was the only member of the J.P. Realty team with more than one hit.

The Novi Jaycees upped their record to 3-2 by defeating Portec Paragon 9-5. Harvey Larson had three hits and two rbi's and Pat McGukin, Jim Warnaski, Phil McNary, Jim Cherfoli, and Tom Delasser each contributed two hits to the Jaycee victory. Jim Kaczmarczyk's four for four performance with the stick took hitting honors for Portec.

Dodgers Wind Up Season

Northville's Dodgers split two games last week to finish the season with a 5-5 record in the Mustang Division (8-10 year olds) of the Lakes Athletic Association.

The Dodgers started the week by romping to an 8-1 win over the Giants, but then saw their record fall back to the .500 mark as they absorbed an 8-5 loss to the DDT's.

Dave Mitchell and Mike Pohlod shared mound duties and combined for a no-hitter in the 8-1 verdict over the Giants. The Dodgers broke open a tight 3-1 game with five big runs in the sixth inning when Bobby Orlovski came through with a two-out, two-strike single with the bases loaded. Joe Renault also had three rbi's in the game for the Dodgers.

The Dodgers were the victims of a late-inning rally in their 8-5 loss to the DDT's. The Dodgers carried a 5-3

lead into the fifth, only to have the DDT's cross the plate five times in that frame to clinch the triumph.

Dave Mitchell, Kevin Henderson, Joe Renault, and Brad Rinehart were the team leaders during the regular season. Mitchell and Henderson each rapped the ball at a .400 clip to share the batting

average leadership. Renault's 11 rbi's were tops on the club, and Rinehart's on-base percentage of .714 was also tops on the club. Mitchell paced the pitchers, with a 5-1 and an earned run average of 1.67. Mitchell fanned 79 hitters in 29 innings on the hill and surrendered just five hits.

Golfers Roll in Aces On Brooklane Course

Holes-in-one were falling faster than the batting averages of the Detroit Tigers at Northville's Brooklane Golf Course during the past week.

No fewer than three different golfers recorded the first aces of their careers on the 18-hole course located at the corner of Six Mile and Sheldon Roads.

First hole-in-one of the season was registered by W.F. Riley, a 65-year old Northville man who used a five iron to ace the 160-yard, par three, fifth hole. Included in Riley's foursome were his wife, daughter, and son-in-law. It was his first ace since taking up golf four years ago, reported Riley.

Novi woman, carded the second hole-in-one of the season when she holed a five iron shot on the 130-yard, par three, sixth hole. A member of the Wednesday night Wixom Whiffers League, Mrs. Ladue was playing in a foursome with Helen Mann, Bea Costa, and Joan Goodrich. She has been playing two years.

Also scoring the first hole-in-one of his career last week was 38-year old John Moody of Livonia. Moody used a three wood to ace the 180-yard, par three, 18th hole. Ray Krivitz, Milton Trombley, and Harry Plante were included in Moody's foursome. Moody has been golfing for three years.

Choo Choo Steams in Northville

It's beginning to look like there'll be a race in the American League of the Northville Recreation Department's Men's Slo-Pitch Softball League after all this summer.

But it won't be for first place. Choo Choo Car Wash, the defending and perennial American League titleholder, is already steaming toward its third consecutive championship.

The race is developing down in the number two position. Manufacturer's National Bank is currently second with a 6-2 record, but Fairway Landscaping posted a pair of wins in last week's action to pull into contention for the runner-up spot with a 6-2 mark.

Over in the National League, the Plymouth State Home team is beginning to pull away from the rest of the pack. The State Home entered the week with a 5-0 record, half a game ahead of Newcomers - Little Caesars which had a 4-0 record. But while the State Home was

winning its lone contest of the week, Little Caesar's dropped two of three decisions to fall two games behind the National League leaders in the all-important loss column.

American League

Choo-Choo Car Wash kept right on steaming toward its third consecutive American League championship by registering a decisive 15-6 verdict over its closest rival - Manufacturer's National Bank.

The Car Washers moved out to a 5-0 lead in the first two innings and then clinched the decision by breaking loose for seven runs in the top of the fifth inning.

Pete Woodard and Ed McLoud were swinging the heavy lumber for Choo Choo. Each banged out four hits in four trips to the plate and Woodard had a double and triple to his credit, while McLoud's four hits included a two-bagger. Jim Zayti contributed two singles and a double to the 20-hit Choo Choo

assault. Jim Belz had three hits and Jim Newman and Omar Harrison each had a pair of safeties to account for seven of the 11 Manufacturer's hits off Car Wash hurler Don Phillippi.

Manufacturer's Bank recovered in time to win its other two games last week, besting John Mach Ford 11-3 and Exotic Plastic and Rubber by a 9-1 margin.

The Bankers scored seven times in the first three innings and then coasted to the 11-3 triumph over John Mach Ford. Jim Belz with three hits and Bob Kucher, Bill Hopping, Dick Norton, and Doug Swiss - each with two hits - sparked the Bank's attack. Jim Anderson went three for three and Linton Grosz and Jeff Crawford went two for three to pace the Car Dealers.

Charlie Fialon tossed a nifty three-hitter as the Bankers downed Exotic Plastic and Rubber 9-1. Jim Newman, Bob Boshoven, and Omar Harrison rapped out two hits apiece to pace the winners, while Lance Payten, Ed

Meyers, and Jim Daniels had the three lone hits surrendered by the crafty Fialon.

Fairway Landscaping moved into contention with the Bankers for second place by posting two wins in last week's games. Craig MacDerrmaid went four for four and Jerry LaCross, John Norris, and Dan Corcoran went three for four as the Landscapers rapped out 25 hits in a 20-3 victory over Hamlet Food Mart. Roger Schultz had two of the four hits the Food Mart was able to garner off the tosses of Dan Corcoran.

Carrying the big sticks for the Landscapers in a 5-1 verdict over the Northville Jaycees were Dave Coe and Stan Nirider. Coe blasted a two-run homer and Nirider went three for three. Ross Totten with a pair of base raps in three at bats was the only Jaycee with more than one hit.

John Mach Ford kept its record over the .500 mark (4-3) by edging Hamlet Food

Mart 9-8. Paul Jamieson belted a home run and joined Charlie Boerger and John Mach in going two for three to pace the Ford dealers. Roger Schultz went three for four and Gary Cox and Dennis Rajenski each went two for four for the Food Mart.

Exotic Plastic and Rubber evened its season's record at 4-4 by topping the still-winless Jaycees 8-3. Ed Kirtz and Lance Payten sparked the win with three for four performances at the plate. Tom Donoghue, Pete Thies, and Tom Barber stroked out two hits apiece for the Jaycees.

National League

Plymouth State Home stretched its record to 6-0 by registering a 9-3 victory over the Tavern in its lone game last week. Shortstop Wade Merriman slapped out four consecutive singles in four trips to the plate, while John Delinsky, Ray Courter, Norm Angner, and Dick O'Hare each contributed a pair of hits for the State Home.

John Norman's single and triple were two of the seven hits the Tavern was able to pick up off State Home pitcher Dennis Milobar.

The State Home now enjoys a 1½ game lead in the National League due to the fact that the number two team - Newcomers-Little Caesar's - dropped two of its three games last week. Lone victory for the Little Caesar's squad came via the forfeit route when the Northville Police were disqualified for unsportsmanlike conduct.

Registering victories over Little Caesar's were the Tavern and the Con Langfield Cougars. Tavern tosser Darryl Boughner flipped a nifty two-hitter to lead his team to a 10-0 conquest of Little Caesar's. Bill Morland went three for four and Rick Pringle smashed a four-bagger to pace the offense. Mac Richardson and Bill Todd accounted for the only Little Caesar's hits.

Five big runs in the top of the sixth enabled the Con Langfield Cougars to top Little Caesar's 12-9. Sparking the 19-hit Cougar attack were Bill Puckett with a four for five performance and Steve Pauli who went three for four. John Bauman and Bob D'Alexandris went two for two for Little Caesar's which had 15 hits in a losing effort.

In addition to their verdict over the Little Caesar's, the Con Langfield Cougars also belted out a 15-1 decision over the St. Paul Lutherans to move from seventh up into fourth place.

Andy Walters and Jeff Mahoney each had three for three performances with the stick and Jack Murtha slammed a four-bagger for the Cougars, while Cliff Schultz, Wayne Loontjer, and Dale Starr collected the three Lutheran hits off Cougar hurler Andy Walters.

Tied with the Cougars for fifth place is Keith Heating-

Rizzo Realty which downed the VFW by a 12-3 score last week. Ty Madge slammed out twin singles and a home run in four at bats and Fred Philippeau also went three for four to lead Keith Heating. Mike Meyers had a three for four performance at the plate to lead the Veterans.

Deadlocked for sixth place with 3-4 records are St. Paul's Lutheran Church and the VFW - both of whom won one and lost one in action last week.

Don Modin, Kerry Luedtke, John Dodd, and Tim Dixon each stroked out three hits to pace the Veterans to a 13-5 conquest of the Northville Police. Bill Howe with a pair of singles was the only Crime Fighter with more than one hit.

The Lutherans survived a four-run rally in the bottom of the seventh inning to squeeze past King's Mill 9-8. Eric Johnson had three hits and Ken Kehl and Dale Starr each picked up a pair of safeties to pace the Church team. Keith Heathcock went three for three and Pete McClain had a double and home run in four at bats to pace King's Mill which outbit the Lutherans 16-15.

Scoring all their runs in the first two innings, the Northville Presbyterian Church Men's Club hung on for an 8-7 victory over the Northville Police. Don Williams, Rick Sievert, and Jack Engle each went two for three for the Presbyterians, while Ron White carried the big stick for the Cougars with three hits in four trips to the plate.

Northville School Board

Study Physicals Policy

Waiving physical examinations for student athletes until they make the team is being considered by Northville Board of Education members.

Monday night, trustees directed Superintendent Raymond Spear to rewrite the policy which would exempt students from physical exams until they are accepted on a team. Decision on the waiver will be made by the board June 24.

Sports which would be in-

cluded in the waiver include those for which students must tryout and be accepted, including football and basketball.

According to Spear, several parents have expressed concern over having to "pay \$15 to \$20 for a physical and then not have their child make the team. Under the waiver, any student who is accepted on a team would be required to have a physical."

Trustee Dr. Orlo Robinson said he was concerned "about

the student who may over exert himself at the tryout. He may have a heart problem which, through examination, would show up and prevent him from trying out and over exerting himself."

Trustee Mrs. Sylvia Gucken suggested that the board may wish to consider requiring a physical exam for all ninth graders entering the district. "Once the students grow up, visits to the doctor are less regular since all they get are occasional colds."

Spear said that while high school athletic association rules require physicals for students who participate in interscholastic athletics, they do not require them for students who try out for teams. Currently, all students are required to have examinations to try out for sports. The new policy would not affect sports in which all who try out may participate. Those students would still be required to have examinations.

Junior Champ Meet Set

Northville's Jaycees will host their annual Junior Champ Track and Field Meet on Saturday, June 29, at 10 a.m.

The meet, which is open to all youngsters between the ages of eight and 18 years, will be held on the Northville High School track. Competitors

from Novi, Brighton, South Lyon, and Livonia, as well as Northville, are eligible to compete in the meet.

Competitors will be limited to two events, and medals will be awarded to the first, second, and third place finishers. There are separate events for boys and girls

Competitors will be divided into five divisions: PeeWees (8-10 years of age), Juniors (11-12 years), Preps (13-14 years), Intermediates (15-16), and Seniors (17-18 years).

Events in each division are as follows:

PeeWee Division (8-10 year olds): Boys will compete in

the 60 yard dash, 100 yard dash, and long jump. Girls will compete in the 60 yard dash, 100 yard dash, and long jump.

Junior Division (11-12 year olds): Boys will compete in the 100 and 220 yard dashes, the 440 yard run, the long jump, and the high jump. Girls will compete in the 60 and 100 yard dashes and the long jump and high jump.

Prep Division (13-14 year olds): Boys will compete in the 100, 220, 440, 880, mile run, long jump, and high jump. Girls events consist of the 100, 220, long jump, and high jump.

Intermediate Division (15-16 year olds): Boys will compete in the 100, 440, 880, mile run, 180 low hurdles, pole vault, high jump, shot put, and long jump. Girls will compete in the 100, 440, 880, high jump, and long jump.

Senior Division (17-18 year olds): Boys will compete in the 100, 440, 880, mile run, 180 low hurdles, pole vault, high jump, long jump, and shot put. Girls will compete in the 100, 440, 880, high jump, and long jump.

2 Novi Grapplers Place In Five-State Tourney

Two members of the Novi-Northville Wrestling Club were among the top eight finishers in the Five State Wrestling Championships held in Indianapolis, Indiana, last weekend.

Bob Sasena, a sophomore at Novi High School, finished sixth in the 145-pound weight class. And Mark McKinney, a Novi freshman, came in

eighth in the 98-pound weight class.

A total of 716 high school wrestlers from Michigan, Indiana, Ohio, Illinois, and Kentucky competed in the two-day double elimination tournament.

The Novi-Northville Wrestling Club was represented by seven wrestlers - all from Novi High School. In addition to Sasena and McKinney, Jon Buck, Mark Langkil, Mike Mulligan, Doug Maier, and Scott Spielman made the trip to Indianapolis.

Top performances were posted by Sasena and McKinney. Sasena, who won the Southeastern Conference 115-pound championship this year, lost his first match, but then won 10 straight times before suffering his second

loss in the eleventh round.

McKinney went through eight rounds before finally suffering his second loss and being eliminated from the tourney.

Mulligan, wrestling at 177, was eliminated in the fifth round; Buck (155) and Maier (also 155) were eliminated in the fourth round; and Spielman and Langkil were both eliminated in the second round.

NOVI HIGHLIGHTS

By JEANNE CLARKE

Word has been received of the birth of Colleen Marie Ortwine, daughter of Mr. and Mrs. Del Ortwine, on May 22. She was born at St. Mary Hospital in Livonia and weighed 7 pounds and 14 ounces. Mrs. Ortwine is the former Kathy Tretheway. Grandparents are Mr. and Mrs. Harold Ortwine of Stassen Street and Mr. and Mrs. Ernest Tretheway of Redford.

Mr. and Mrs. Tom Darling who have moved to Orchard Hills from Whitmore Lake, attended a family dinner on Sunday at the home of Mr. and Mrs. Floyd Darling of Taft Road. Also present were Mr. and Mrs. Bill Grey (Lorraine Darling) and Mr. and Mrs. Behrendt.

Mr. and Mrs. Eugene Dallas of Indiana were weekend guests of Mr. and Mrs. John French of Fonda Street. Patti Tuck, daughter of Mr. and Mrs. Harold Tuck of Clark Street, was guest of honor at a high school graduation open house on Sunday. More than 100 guests were present throughout the afternoon.

Mr. and Mrs. F. Geppart and daughter Sue of Meadowbrook Road attended the all-day closing exercises at the Lutheran School for the Deaf on Friday. Stuart Owen and Ellen Southard were weekend guests before they returned to Danelle, Virginia.

Mr. Rollo Welch of Maudlin has returned home after several weeks in Pontiac Osteopathic Hospital. The Reverend and Mrs. Roy Grindell of Shawood have returned home after spending the winter months in St. Petersburg, Florida.

Mr. and Mrs. Ed Dobek of Twelve Mile Road attended the wedding of their daughter, Jean, to Norman Brown on Saturday, June 1 at Our Lady of Fatian in Michigan Center near Kalamazoo.

Mr. and Mrs. Louis Tank have returned from attending the funeral services for Mrs. Tank's brother, Mr. Witban Butler of Traverse City.

Patti Tuck, Kathy Manilla and Nancy Pisha have left following graduation for a three-week trip to Colorado. They will spend one week at a working dude ranch in that area.

Mrs. Hildred Hunt, Mrs. Dolly Alegnani, Mrs. Wilma Wagonis and Mrs. Laura Grigsby have returned home after spending a week on a Caribbean Cruise, during which they visited five islands.

Mr. and Mrs. Leslie Mitchell and Mrs. Hildred Hunt have returned home after spending five days in Nor-

thern Michigan near Harrison and the Upper Peninsula.

Mr. and Mrs. Ed Dobek attended the graduation of their nephew Michael Wahl on June 2 from Grass Lake High and the open house following.

Mr. and Mrs. Art Karschnick and son Eric will be in the area for the summer months, having returned home from a year's study at Appalachian Bible Institute in Bradley, West Virginia.

David Caskey was honored at a graduation open house at the home of his parents Mr. and Mrs. Richard Bureau of Willowbrook on Saturday, June 8. About 100 friends and relatives were present.

Ruth Munro, daughter of Mr. and Mrs. Brent Munro, arrived home Sunday morning from Rio Hondo, Texas where she has been attending Pan-Am College, majoring in music.

Karen Clarke who will be married this month was honored at a personal shower at the home of Charlotte Briggs of Walled Lake.

Jim Kohl was special guest at a birthday celebration on Sunday, June 9 when a group of friends were present for the occasion at a cookout in the afternoon.

Novi Lions

The Novi Lions are planning for the second year to sponsor the trophies and awards being presented to the winners of the Junior Olympics. These awards will be presented at the regular meeting of the Lions on Wednesday, June 26.

Novi Welcome Wagon

On June 20 at 10 a.m. there will be a "Coffee" at the United Methodist Church on Ten Mile for all members as well as any new residents who would be interested in knowing more about the many aims and goals of Welcome Wagon. There will be a babysitter available at the meeting for a small donation. For persons new in the community, this is an excellent way to become acquainted with others who have also just moved into the area or are interested in making new friends.

Couples bridge will meet at the home of Carrie Semeyn on Saturday, June 15 at 8:15 p.m.

Novi Blue Star Mothers

The Novi Blue Star Mothers were happy to welcome back from Florida and other southern areas several of their members, Mrs. Alma Klasener, Mrs. Hazel Mandlik and Mrs. Lottie Race. At their meeting they planned to go to the Veterans Hospital in Ann Arbor and do some personal shopping for the patients who are unable to get out and do this for themselves.

NESPO

As the school year comes to a close this group has made plans to honor the teachers of Novi Elementary School at a special luncheon at the Depot Novi on Friday. Present as hosts will be several members of Nespo. For additional information contact Mrs. Winnie Dobek or Mrs. Barb Walling.

JAPANESE FESTIVAL—Second graders at Novi's Orchard Hills Elementary School recently culminated their semester-long study of Japan by presenting a Japanese festival for their parents. The students, garbed in handmade kimonos, presented Japanese songs and dances for their parents.

Participating in the festival were the students pictured above. They are (from left to right in the front row) Lisa Brand and Jennifer Wilhelm. In the back row are Sid Kewak, Danny Seneja, teacher Mrs. Winifred Ling, Darcy Smith, and Eric Sjolholm.

North Novi Civic Association

June 22 is the date set for a rummage and bake sale to be held at Stonecrest in Walled Lake. Anyone having any items can bring them to 236 Bernstadt or contact Mrs. Hoyer, president, at 624-1234.

Novi Women's Golf League

This group got off to a good start with 24 players signed up at Brookland Golf Course. Those with the best scores this week were Debbie Hensel, Mary Fear and Marion Wilkie. Mary Fear also had the honor of getting the first birdie of the season.

Novi Rebekeh Lodge

Next regular meeting will be Thursday, June 13. Plans will be finalized for the Past Noble Grand meeting on June 20 at 12:30 p.m.

Novi Girl Scouts

Anyone interested in placing a girl from the second grade through high school in the scouting program or interested in assisting with a

Novi Youth Assistance

If you are interested in helping young people in the community, perhaps in a Big Brother of Big Sister role, plan now to attend the June 18th meeting of this group at 8 p.m. at the Holy Cross Episcopal Church on Ten Mile. Persons with questions may contact Father Leslie Harding, who will be chairing

News From Lansing

By R. ROBERT GEAKE
State Representative

Sitting in for Governor Milliken, who was attending the National Governors Conference last week, Lieutenant and Acting Governor James H. Brickley signed eleven bills into law, including one to provide fire protection for mobile home dwellers.

The measure (HB-4991, I.E.) takes effect five months from the day it is signed into law and requires that after that date any mobile home manufactured or sold in Michigan be provided with a smoke detection device and a fire extinguisher.

"The importance of this legislation has been underscored by the tragic mobile home fires that took a number of lives in Michigan earlier this year," Brickley said.

Included among the other bills signed by Governor Brickley were:

—SB 428 (I.E.) permitting townships to levy special assessments for certain types of public improvements and clarifying procedures to meet objections raised by the Michigan Supreme Court's Wayne County stadium decision;

—SB 846 (I.E.) allowing thoroughbred racing on Sundays after 2 p.m. and thoroughbred and harness racing on Good Fridays. Racing at any one track, however, would be permitted only six days per week. The measure would not affect Northville, which has only harness racing.

—HB 5201 (I.E.) permitting use of public school buses by senior citizen groups if no economically feasible or suitable private transportation is available;

—HB 4436 (I.E.) authorizing the replacement of lost, destroyed or stolen bonds or other evidences of indebtedness issues by public corporate bodies, which is now prohibited by law;

—HB 5098 (I.E.) permitting the Board of Trustees of the Veterans' Trust Fund to compile and maintain a registration list of all burials of veterans in the state;

—HB 5508 (I.E.) clarifying the definition of a private road or driveway and permitting a motor vehicle code;

—HB 5849 (I.E.) increasing the county treasurer's fees for transcripts of records;

—SB 1090 (I.E.) amending the Hospital Finance Authority Act to permit the refinancing of capital improvements and outstanding obligations issues after August 1, 1969, and permitting an increase in the maximum bond interest rate from seven to eight per cent.

Novi Auxiliary

Sets Craft Sale

Novi Jaycee Auxiliary announces that it is sponsoring an "Arts and Crafts Boutique" during Novi's Gala Days July 9-13.

People from neighboring communities are invited to display their crafts during the five days. Anyone interested in renting a space at the boutique may call Mrs. Marilyn Nielsen at 348-1297. Spaces are \$20 for the five days.

PARSON to PERSON

Cedric Whitcomb, Pastor

Death! What a cold thought but it's one of the brazen realities of life. It's something we all must be aware of and meet face-to-face. In Mark 5, Jesus came to the home of a family where a twelve year old girl had just passed away. Jesus said to that upset mom and dad, "Be not afraid, only believe".

One of the things we fear most is the thought of dying. No one wants to die! We don't even want to think about it. Many people fear death because the thought of the unknown is fearful in itself. Jesus gave us a remedy when He said, "Be not afraid, only believe".

The word believe in the Bible means to commit. All of us have gone to the bank and deposited money. We've not walked out of the bank distrustful of the teller, worrying whether it'll be there when we return. We believe in our American system of banking and therefore with confidence commit our money to its care and keeping.

To believe means I commit my life, I give my life to Jesus Christ to completely take away my sin and make me fit for heaven. When I trust Him as savior He not only cares for me in this life, but He makes good on His promise of eternal life in His presence. To know that when I die I'll go straight into His presence is a comforting thought. Even though we don't look forward to dying, it takes the fear out of death. How about you? Afraid? Receive Him as your Savior.

FIRST BAPTIST CHURCH

'Drownproofing'

Kids Learn Water Skills

By NANCY DINGELDEY
Realization of the need for instruction in water safety has led Aquatics Consultant Patricia Smith of the Walled Lake School District to develop a program now being taught to all fifth graders as a part of their school curriculum.

Called the "Drownproof Program," students spend an hour a day for one week in the pool learning skills and techniques that are essential for their own safety while in or on the water.

The program also teaches how to help others in case of emergency.

It is Miss Smith's contention that "to teach children to swim without attempting to build positive attitudes toward being safe is in the same category as teaching a person to drive an automobile with little regard for the rules of the road."

Since most drownings occur within 10 feet of safety, the purpose of the program is to show the dangers a child may encounter and what to do in the situation.

Before their week in the

pool, Miss Smith visits the classroom where she explains what will be done and shows a short movie entitled "Breath of Life." Her "side kick" on these visits is a life-like dummy named "Resus Annie." After a demonstration by Miss Smith, the students try their hand at artificial respiration on the dummy.

Once in the water, students are paired with a buddy and tested for basic swimming skills. From that point, the youngsters progress through a series of techniques all pointed toward personal life-saving.

Proper donning and adjustment of life jackets is taught with the student learning to do it himself, thus ensuring its performance. "We show them how to do it but we don't help them physically," said Miss Smith. "This forces them to do it themselves."

On the last day of class each set of "buddies" is asked to bring clothing and a piece of junk that might float. With one buddy dressed and in the

Big Brothers Set New Service Center

In a move designed to deal with what the agency describes as a critical shortage of volunteers in western Wayne County, Big Brothers-Big Sisters has established a service center for the area in Inkster.

Located in the new YWCA building at 6279 Michigan, between Beech Daly and Inkster roads, the service center will be recruiting and pairing volunteer Big Brothers and Sisters from Northville and the other Wayne County communities west of Detroit with local children from one-parent families.

This second Wayne County service center was established, according to John Liles, newly appointed area supervisor of Big Brothers-Big Sisters, Western Wayne Service Center, to

make both child and volunteer contact with the agency more conveniently available to the growing western Wayne County population.

Although the entire county had been served by one service center for more than 30 years, Liles said a marked decrease over the last year in inquiries from new volunteers in the area—despite its growth to more than a million population—pointed up the need for a local office serving the area.

More than 175 children are now waiting for adults from western Wayne County communities to volunteer, a total nearly twice last year's number.

Detroit and eastern Wayne County communities will continue to be served by the West Warren service center.

NORTHVILLE CITY COUNCIL MINUTES

May 21, 1974

Mayor Allen called the meeting to order at 8:30 p.m.
ROLL CALL: Present: Allen, Biery, Folino, Nichols, Vernon. Absent: None.
MINUTES OF PREVIOUS MEETINGS: Minutes of the last regular meeting of May 6 and the Special Meeting of May 13 were reviewed.

Corrections on May 6 Minutes, page 4, first paragraph, add "the Detroit Media..."

Page 4, paragraph three, add, "Main to Center."

Correction on May 13 Minutes, Page three, fifth paragraph, change to, "...support by Councilman Folino granting permission for Commission Memorial Day Parade route subject to the City Manager working out details with the V.F.W."

Minutes stand approved as corrected.

MINUTES OF BOARDS & COMMISSIONS: Minutes of the City Planning Commission of May 7 and Special Meeting of May 15, of the Historical District Commission of May 9, and April 24, Northville Beautification Commission of April 10, and the Library Advisory Commission of May 9 were approved and placed on file.

APPROPRIATION: After a general discussion, motion by Councilman Nichols support by Councilman Biery to approve the bills as follows:

GENERAL FUND DEBTS \$7,356.11

LOCAL STREET FUND DEBTS \$992.50

MAJOR STREET FUND DEBTS 7,941.58

PUBLIC IMPROVEMENT FUND LOAN TO GENERAL FUND 25,000.00

PUBLIC IMPROVEMENT FUND DEBTS 16,421.43

WATER FUND DEBTS 33,975.19

Carried unanimously.

Councilman Vernon asked for a recap of engineering expenses for the Wing Street sewer and water main project at the next regular meeting.

PRESENTATION OF SCRAPBOOKS: Mrs. Beatrice Carlson of the Beautification Commission presented Mayor Allen and Council with two scrapbooks of the City. Mayor Allen thanked her and invited her to do them for next year.

Councilman Vernon mentioned the visiting Mayor of Cassopolis was very interested in the scrapbooks and thought this was a great undertaking that other cities should consider.

POLICE REPORT: The Police Report for April was reviewed. Council expressed concern over the increase in crime in the City. Mr. Ogilvie pointed out Northville is not alone; all suburbs are experiencing an increase.

Councilman Vernon asked that a report be compiled on the results of the crimes, as the activity report does not present a total picture.

Tuesday evening, May 28, was scheduled as a work session with the Police Department.

COMMUNICATIONS: Resolution was received from Plymouth Twp. endorsing SB 1244 which provides for a Special Census in order to adjust the share of state, sales, intangible, and income tax received by Political subdivisions of State.

Resolution received from Westland endorsing SB 1244 for the Special Census.

Resolution received, from Lincoln Park opposing the establishment of regional government.

Letter from Bruce Butske, 936 N. Center, regarding the dangerous situation on Center St. by Amerman School He is calling for school zone signs and stop signs to be put up, since traffic travels fast in this area.

Councilman Vernon thanked Mr. Butske for informing Council of this situation and for taking an interest.

Councilman Folino suggested the Police Department be made aware of this letter.

Councilman Vernon said we must seriously consider a stop sign at Ely Dr. and the school marking signs.

Councilman Nichols expressed

doubts that a stop sign at Ely Dr. would solve the problem, as there is a hill there and drivers may accelerate heavily after the stop.

Mayor Allen called for a police study of this area and instructed the City Manager to post the school zone signs as soon as possible.

PUBLIC HEARING ON 1974-75 BUDGET: Mayor Allen opened the Public Hearing on the 1974-75 City Budget.

A member of the audience asked what the amount under "Other" is to be used for.

City Manager explained that items such as fringe benefits, insurance, supplies, etc. came under this.

There being no further comments or questions, Mayor Allen closed the public hearing on the 1974-75 City Budget, and called for a motion to pass it.

Councilman Vernon said that since salaries have not been finalized yet with employees, the Budget should not be set.

City Manager agreed some areas still need to be discussed and worked on with Council.

Mayor Allen withdrew his statement to close the public hearing.

Motion by Councilman Vernon support by Councilman Folino to recess the Public Hearing on the 1974-75 Budget and the meeting until the next regular meeting of June 3.

Carried unanimously.

JULY 4th JAYCEE FESTIVITIES: Motion by Councilman Folino support by Councilman Biery to approve the Model T Club's plans with details to be worked out with the City Manager as to parking and route.

Carried unanimously.

EDISON INCREASE: City Manager and Councilman Folino attended a meeting to discuss the Detroit Edison increase and reported that Northville's contribution would be 2 percent of our total street light bill, or \$800. This money is put into an escrow account to pay for legal counsel. A steering committee, made up of representatives of the cities, is in charge of hiring legal counsel.

Motion by Councilman Folino support by Councilman Vernon to join with the City of Highland Park and allocate 2 per cent of our light bill, or \$800, to the Michigan Municipal League for the purpose of opposing Detroit Edison's increase.

Carried unanimously.

DISPOSITION OF HOUSE AT 117-121 S. CENTER: Regarding the disposition of the house at 117-121 S. Center, Mayor Allen recommended that it be torn down as soon as possible, and Council approved.

SPECIAL MEETING SET FOR JUNE 24: Motion by Councilman Folino support by Councilman Nichols to hold a special meeting June 24 for the continuation of the Zoning Ordinance and Text Public Hearing.

Carried unanimously.

APPOINTMENT TO BUILDING AUTHORITY: City Manager recommended that Robert Freydl be reappointed to the Building Authority, for a regular term of six years expiring June 30, 1980.

Motion by Councilman Folino support by Councilman Vernon to reappoint Robert Freydl to the Building Authority to serve a regular term.

Carried unanimously.

MISCELLANEOUS: Councilman Biery asked if anything further has been found out about Spagnuolo's assessment. City Attorney has an appointment downtown and will find out about the case then.

Councilman Biery remarked on a large hole on the north side of S. Main. Wayne County will be notified of this.

Councilman Vernon requested that an up-to-date list of matters referred be ready for the next meeting.

City Attorney commented on the meeting he attended last week of Michigan City Attorneys.

Councilman Folino brought up the vehicular racing ordinance. This will be discussed later.

There being no further business to take care of, Mayor Allen called the meeting adjourned at 10:17 p.m.

Respectfully submitted, Patricia Rajda

NORTHVILLE CITY COUNCIL SPECIAL MEETING

May 28, 1974

Mayor Allen called the Special Meeting of the Northville City Council to order at 8:00 p.m.

ROLL CALL: Present: Allen, Biery, Folino, Nichols, Vernon

POLICE STUDY SESSION: Council held a study session with the Police Department.

74-75 BUDGET: The 1974-75 City Budget was discussed.

SETTLEMENT ON SPAGNUOLA PROPERTY: City Attorney reported that a settlement was reached regarding the Spagnuolo property.

Motion by Councilman Vernon support by Councilman Nichols to add to the agenda the report on the Spagnuolo property.

Carried unanimously.

Motion by Councilman Vernon support by Councilman Nichols to instruct the City Attorney to draw up the deed and make a financial settlement of \$33,185.00.

Ayes: Biery, Nichols, Vernon, Allen. Abstained: Folino, due to family relationship with the seller.

Carried.

Seniors Plan Alaskan Trek

A 19-day trip for senior citizens to Alaska and the Canadian Rockies is being sponsored by the Walled Lake Senior Citizens Program.

The trip, which runs from July 3 to 21, 1974, will cost \$1,312 per person (based on double occupancy). This figure includes round-trip jet transportation from Detroit, an eight day cruise through the Inland Passage and some meals. Any person who is over 50 years old and lives in this area is eligible to participate.

A deposit of \$100 per person is required at the time of booking. Anyone wishing more information or a copy of the printed itinerary should call Fran Sarto at 363-4528 or 624-0202.

CITED—James Fisher receives a Legion of Merit award from Bg. General Joseph Ritzheim of the Michigan National Guard. SP4 Fisher was cited for "exceptional meritorious service" for his work as a small arms specialist with HHB, 157 Artillery in Detroit. Fisher, 21, lives at 26255 Beck, in Novi, and has been a Guardsman for more than three years. He is the son of Herbert and Hattie Fisher, also of Novi.

Two Rifle Records

Fall to Goelzer

Two rifle records fell to the accuracy of Army Reserve Major Norman E. Goelzer of Northville during the Fifth U.S. Army rifle and pistol championships at Ft. Riley, Kansas.

The major, son of Mr. and Mrs. George E. Goelzer of Bloomington, Illinois, won the individual rifle title by blazing away for a 996-29, shattering the old record of 985-20. He turned around in the aggregate rifle competition (a combination of 200 and 600 yard slow fire, and 200 and 300 rapid fire scores) and

garnered further laurels by hitting for a 766-20. This, also was a record-breaker, supplanting for former high of 765-11.

Major Goelzer's next challenge will be at the All-Army Matches at Ft. Benning, Georgia, where he will represent the Fifth Army Marksmen, later this month.

He is assigned to the 123rd Army Reserve Command, St. Louis and is employed by the Ford Motor Co., Dearborn. He and his wife, Deloris, live in Northville.

Little Red Schoolhouse Nursery

A PRIVATE SCHOOL WITH AN EDUCATIONAL PROGRAM FOR CHILDREN THREE THROUGH FIVE YEARS OF AGE

OPEN HOUSE - JUNE 20

10:00-2:00 p.m. and 5:00-8:00 p.m.

We would like to invite you to bring your child to visit our school on Thurs., June 20th. Stop in to meet our staff and see our facilities any time during the above hours. We are located at 49875 West Eight Mile Road in an old red school.

Our curriculum is based on the Threshold Early Learning Program which consists of Perceptual and Organizing Skills, Mathematical Skills, and Scientific Inquiry. Language Skills and Social Concepts, Music and Movement, Dramatics and Art. Each child proceeds at his own rate of development.

Our school is very well equipped both indoors and in our large enclosed play area. We have five colorfully decorated rooms for art and cooking, large muscle-active, small muscle-quiet, playhouse and a library with 300 of the best children's books. We have a one way mirror through which you may observe your child without him knowing you are there.

We are now enrolling children ages 3 through 5 years for the 1974-75 school year.

In Uniform

Navy Fireman Victor T. Crump Jr., son of Mr. and Mrs. Victor T. Crump Sr. of 19586 Crystal Lake Road, has graduated from recruit training at the Naval Training Center, Orlando, Florida.

An open house for area residents will be held June 10 to 14 by the United States Army and Air Force recruiting services at the Roman Plaza in Farmington Hills at 29210 Orchard Lake Road.

He received nine weeks of intensive instruction in seamanship, small arms training, fire fighting, close order drill, first aid and Naval history.

Movies depicting life styles and opportunities available in the Air Force, Army and the army and air national guard will be shown. Refreshments will be served.

He will now report to a formal school for specialty training or to a ship or shore station for on-the-job training.

Open House hours will be from 10 a.m. to 6 p.m.

Army Private James M. Ortwine, 18, son of Mr. and Mrs. Russel W. Ortwine, Novi, is assigned to the 596th Maintenance Company in Schweinfurt, Germany, as a vehicle mechanic.

Totalbank gives you six

for the price of one.

You can get all these services for less than you're probably paying for just your checking account. With Totalbank.

Totalbank is our new package of banking services. And it gives you:

1. A free checking account with no minimum balances required and free personalized checks.
2. A Master Charge card with cash

advances at a rate less than you'd ordinarily pay. It gives you overdraft protection on your checking account, too.

3. A Cash ManSM card for our 24-hour money machines.
4. A \$9 credit a year towards any available safe deposit box.
5. A savings account.
6. Free Bank of America travelers cheques, free cashiers checks, and free money orders.

You get all this with one convenient

application. Totalbank gives you the six banking services you use most, and more, for just \$3 a month. And that's a tough price to beat. Totalbank. It's one reason why we're more than just another good bank.

Trips, Parties Honor Graduates

By NANCY DINGELDEY

This is the week of graduations, all-night parties, open houses and receptions for the class of 1974. For some, graduation means the end of formal schooling. For others, fall will bring a new stage of schooling as they enter college campuses. Sights are set high with the class of '74 to all, no matter what their choice might be—congratulations and the best of good fortune.

Scattered receptions throughout town for the grads. A beautiful summer day last Sunday found the Mills family of Lakeridge hosting a lawn party. Other get-togethers later in the week will be held at the Hurst home on Maple for daughter Lisa; the McAtee's for daughter Jackie; and at the Parvu's for son Ron who recently graduated from Michigan State.

Lisa Hurst, for one, has decided on a tour with the Air Force. There's still a little red tape to wade through so all plans are not yet definite.

The Morehead's of Maple Road spent last weekend in Ludington, with Carolyn's family celebrating the graduation of her niece. The party was a sort of family reunion too.

With school closing, it means a switch in routine for mothers, and it appears that many are 'happy it's here. Daylight savings time and some good warm weather means a real hassle to get kids into bed for another day at the books.

The Wixom Library has announced a change to summer hours. After June 22, Saturday, library hours will be suspended until the fall. A final movie party will be held June 22 at the library beginning at 11 a.m. The show will include "Andy and the Lion," "Morris the Midget Moose," and "Steadfast Tin Soldier." The library opens at 10 a.m.

Weekday library hours will be every Tuesday from 1 to 3 p.m. and every Thursday from 9:30 until 11:30 a.m. Story hours for the youngsters will continue during the Thursday morning sessions, while movie parties will be held the first and third Tuesdays during the afternoon sessions.

Parks and Recreation has a good summer program lined up for kids beginning June 24. Week days from 9 until noon

youngsters from six to 12 years old can participate in arts and crafts, ecology projects, field trips and sports.

Also on line are the Oakland County showmobile, puppetmobile, skatemobile, swimobile and moviemobile. One event will be scheduled each Monday.

Tennis and golf instructions for kids from third through twelfth grades, are included in the program. At no cost, golf instructions will begin June 25 at the Hickory Hills

Golf Club, and tennis instructions will be held at City Hall beginning June 26. Both begin at 9 a.m.

Add that to baseball leagues and Scout Camp, summer band and swimming programs at Western's pool, and there shouldn't be any bored kids during summer vacation.

Wixom has four gals playing on the softball league All-Stars. Terry Robinson, Janine Rizzolo, and Dorie and Laurie Evans were chosen from among the gals 13

through 17 who play organized ball in the Lakes Athletic League. The All-Stars, coached by Sandy and Fred Evans, played in qualifying rounds for the women's world slow-pitch qualifying tournament held in Royal Oak over Memorial Day.

Most of the teams they played against were women's teams, but even at that, they didn't do too badly. They will play in yet another tournament in Sterling Heights on June 24.

Meanwhile, the gals have

challenged the WPON disc jockeys to a game which will be played under the lights this Saturday at the Walled Lake Junior High. The game starts at 9 p.m.

It's a chance to see some of your favorite disc jockeys in action, while cheering on the "home team." Donations of \$1 for adults, 50 cents for kids 16 and under will benefit the All-Star team.

Tickets are available at the gate. The monies earned will go towards the purchase of uniforms.

DROWNPROOFING—That's the goal of a program currently being taught to fifth graders at the Wixom Elementary School. Youngsters have been spending an hour each

day in the Walled Lake Western pool learning different aspects of water safety, in addition to receiving instruction in basic swimming skills.

Fifth Graders Learn Skills

Continued from Page 5-C

pool, the other tosses in the junk that might be used as a flotation aid.

The children also are shown how clothing can collect air and be used to reach safety. The children take turns so each has the opportunity to learn how to do it.

Stroke improvement, rhythmic breathing, floating and bobbing, as well as learning how to relax and

keep the eyes open in the water also are stressed.

Using a canoe, boating safety and survival skills are taught. In the event of a capsized boat, the children learn the proper way to hang on, right the boat, and hand paddle it to safety.

Stressed throughout the program are the alternatives to actual swimming rescues. Holds, carries, approaches and releases in the event of a swimming rescue are also

taught, however.

Throughout the week, safety precautions are stressed and the most important lesson "never swim alone" is emphasized.

the professionals

Decorating your home is so easy! Or, so it seems, until you stop to think about the hundreds of styles...the different colors...about woods, fabrics, window treatments and accents.

It takes a professional to plan excitement and create unique interiors. That is why each and every person on our staff is a professional interior designer.

Come in and look us over. Our approach will be professional but our results will reflect your personal taste and budget.
