## Board OK's Merit Salary Schedule

### Administrative Raises Pass 5-2

An administrative salary schedule, based largely upon a merit system, was unanimously approved Monday by Northville School Board members.

However, salaries of individual administrators, approved as a package, passed by a 5-2 vote. Trustees Andrew Orphan and Sylvia Gucken objected to the salary of one unnamed administrator. See related story on this page.

The salary schedule covers 11 different administrative levels ranging from athletic director to superintendent. The schedule includes minimum starting salary for the position, a minimum high level and a maximum pay which, if the board decides the individual merits, may be paid.

Board members lauded the concept of the schedule rather than having a "lock step" schedule as has been used in

previous years.

"The schedule is something to which we have strived for the seven years that I have been on the board," Trustee Orphan said.

"I feel this is an area we must be more conscious of—evaluation that determines when one is entitled to a merit raise for performance," he continued.

However, Orphan chastised the district and others in Michigan for the high salaries.

"Over the past seven years, the salary of the superintendent has increased 92 percent, masters degree teachers 66 percent and cost of living 46 1/2 percent. It's snowballing way out of perspective," he said.

Trustee P. Roger Nieuwkoop said it was "not really fair to look at the individual school district and the amount of increase. What's the going rate for superintendents? Hasn't there been added responsibility since 1967?"

Nieuwkoop later told this newspaper that salaries figured individually for increases showed the superintendent from "step one in 1967 to what the board is suggesting for next year is a 97 percent increase. Masters degree teachers, from step one in 1967 to step eight next year have increased 146 percent and bachelors degree teachers from step one to eight have gained a 125 percent increase."

Orphan said he realized that the spiraling salaries were "true in Northville and in every other school district in Michigan. It's a pattern and I must object to that type of pattern."

Trustee John Hobart said he felt the salary schedule was good and it is "good to see we pay on merit."

In discussing the individual

salaries, board members went into a 25 minute secret session. Following that session, Mrs. Gucken and Orphan said they would "vote no on the entire package due to serious concerns over one individual."

Trustee Dr. Orlo Robinson, who supported the motion to

Continued on Page 8-C

### Pay Hikes Span 1/2 to 17 Percent

Salary increases, ranging up to 17 percent, were granted by a split vote of the Northville School Board Monday.

Approval of the package was divided by concern expressed over one unnamed individual administrator. See related story this page.

Salaries of Superintendent Raymond Spear and High School Principal Fred Holdsworth were not acted upon. Holdsworth's salary is awaiting finalization of his assignment for the 1974-75 school year.

Earlier this year, Holdsworth asked to step down as principal, adding that he would fulfill the second year of his contract if the board so desired.

Salaries granted Monday include: Miss Florence Panattoni, assistant superintendent, \$29,000, up from \$25,000 for a raise of 16 percent. Board members explained that the raise is based partly on merit,

bringing her salary half way between the fifth year level and the maximum merit increase.

Other raises include J. Ronald Horwath, director of personnel, \$25,550, up from \$24,950 earned last year as middle school principal, for an increase of 2.2 percent; Earl Busard, director of business and finance, \$24,400, up from \$22,200, for 9.9 percent increase.

Salary was also approved for Mrs. Barbara Hajdusiewicz, special education coordinator, up to \$18,000 from \$15,380 for an increase of 17 percent. Her increase is also based on extending her year from 188 to 210 days and boosting her from a part time teacher and coordinator to a full time administrator.

Other increases include David Longridge, middle school principal, up to \$24,500 from \$24,375 earned as high school assistant principal, for a .05 percent increase; J. Michael Janchick, middle school assistant principal, \$18,220 up from \$18,052 earned as middle school intern, for a .09 percent increase. Janchick's work year was extended to 230 days.

Also granted were salaries for Mrs. Barbara Campbell, high school assistant principal, \$21,800, up from \$19,725 for a 10.5 percent increase, also including increasing her work year from 210 to 230 days; Milton Jacobi, Moraine principal, up to \$27,600 from \$25,075, for a 10 percent increase, based on added pay for his educational specialist degree.

Others include William Craft, Amerman principal, Donald Vaningen, Main Street principal, both up to \$26,800 from \$24,375 for a 9.9 percent increase; and Robert Kucher, athletic director, up

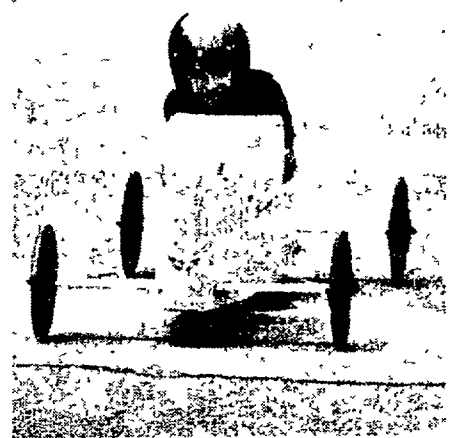

### Subdivision Proposed Off Sheldon

A giant subdivision of houses, apartments, townhouses and a convenience shopping center on the west side of Sheldon at Six Mile Road has been proposed to Northville Township planners.

Public hearing on the rezoning request of the developer of the proposed subdivision, Equity Resources, Inc., was set for August 20 at 7:30 p.m.

Planners Tuesday night previewed the proposal for turning the former Ralph Gibson farm into a planned neighborhood development (PND) of 150 detached single family homes, 178 single family clustered homes, and 912 multiples composed of townhouses and apartments. Named Oak Springs of

**MILLAGE HIKE** is back on Northville township board's agenda for discussion tonight (Thursday) at the meeting which begins at 7:30 p.m. Consideration will be given to placing a request for an increase in operating millage on either the August or November ballot. A proposal to ask for millage along with the public safety funds in April was defeated by the board.

**TEN YEAR OLD** Kris Baggett of 20825 Napier talked members of her family into emptying their piggy banks and boxes of \$35 worth of pennies this week to help alleviate the penny crisis. The pennies were exchanged at Manufacturers National Bank of Detroit Tuesday.

**CLAUDE N. ELY** Memorial Fund has received 50 shares of Detroit Edison stock from two anonymous donors. The donation to the fund was announced Monday by Superintendent Raymond Spear who added that the fund now contains 100 shares of stock.

**REMODELING** of township office facilities at the Wayne County Child Development Center has been awarded to Richard Zabell at a cost of \$7,648. Township officials said the work was scheduled to get underway this week.

**DISCUSSION** is expected to begin soon between developers of the Highland Lakes subdivision and city officials concerning a city suggestion that the "DPW" street under the viaduct, between the subdivision and Northville Road be formally established and improved for the convenience of Highland Lakes homeowners.

Jaycee Tom Walts demonstrates the making of a spectacular show

### Directing Fireworks Show

## He's Got A Bang-Up Job

With 15 years of "doing this crazy thing" behind him, 32-year-old Tom Walts will be on the sidelines next week "coaching" fellow Jaycees in

exploding a thousand dollars worth of fireworks.

The annual Jaycee display, which caps day-long Fourth of July festivities, this year will

be "bigger than ever," featuring 250 aerial shells and 15 ground pieces representing 202 pounds of explosives.

The show — perhaps the largest in the metropolitan area outside of Detroit — will get underway at dusk next week Thursday in the same location above the high school athletic field.

Spectators are urged to park their cars at the high school and to watch the display from the south side of Eight Mile Road.

Walts stepped down as an "active player" and became "the coach" last year. He supervised the display set-up and "settled back that evening in a big lawn chair to coach and just watch."

"It was actually the first time I ever saw my own fireworks display," he laughs. "In past years, I was always too busy running around to look up. And this is the role I will continue. At the age of 32, I can't run as fast as I could my 'rookie year' 15 years ago."

Calling himself a amateur pyrotechnician, "not a pyromaniac," Walts was introduced to fireworks back in 1959 as a lifeguard at the country club in Corydon, Indiana. The club manager approached him, recalled

Walts, and said, "we just bought a commercial fireworks display. Get a crew to set them up on the Fourth, and set them off that night."

That first year, he says, looked like the Keystone Cops.

"Our aerial shells were okay, but our ground displays were a complete disaster. We didn't dig our holes deep enough and half of them fell over after we lit them that night. Our pinwheels were set up wrong and didn't spin but just shot out a few sparks. Our

## Probe Park Robbery, Rape

A 20-year-old Northville couple was robbed at gun point, tied up, the girl abducted and raped early Saturday morning near the bridge path area in Hines Park near Sheldon and Seven Mile Road.

Township police said they are looking for a white male approximately 25 years old, five-foot eight inches tall, husky build, 165 pounds. The suspect fled the area on foot and dropped the ski mask he was wearing near the couple's car.

The girl's purse was later found on Seven Mile Road at the entrance to Northville State Hospital. The \$200 it contained was missing.

According to township reports, the couple said they were walking in the park about 3 a.m. when they were approached by the man. He carried a nickel plated handgun and a long blade knife.

He ordered the couple to be quiet, told the girl to take the money from the boy's wallet and give it to him. The wallet contained about \$5.

He then tied the boy up, took the girl to another area, raped her and tied her up, fleeing on foot.

Police said the girl gave the man directions to their car, trying to talk him into taking the money contained in her purse which was left in the car, rather than raping her.

She told police that after the man fled, she found the boy, untied him using her teeth and he then untied her. They flagged down a city police car

Northville's Fourth of July parade, sponsored annually by the Jaycees, will get underway at 10 a.m. next week Thursday.

The parade will be followed by the Jaycees' fun festival, which includes a chicken barbecue, a dunk 'em tank, and watermelon eating contest, in the city hall park near Cady and Wing streets.

(Also on the Fourth, the Northville Historical Society will present its flea market at the Mill Race Historical Village. See story on Page 2-A).

According to Jaycee officials, the parade will begin at Northville Downs, proceed to Main Street, west on Main

to Rogers, Rogers to Cady, to Wing, Wing to Fairbrook, and Fairbrook back to the Downs.

Persons or organizations still wishing to enter a float or otherwise participate in the parade are urged to contact Ron Bodner at 349-3730.

John Mengelt of the Detroit Pistons will be the parade marshal.

Area children are encouraged to enter their decorated bicycles in the parade. This year for the first time they will ride at the front of the parade. No motorized bikes will be permitted in the parade.

## In Our Town

# Everyone's Invited to Mill Race on Fourth of July

**MILL RACE PLANS**—Northville Historical Society member Donald Fee envisions Northville's Mill Race Village restoration on Griswold Street will look somewhat like this when complete. The old library building and Hunter house already are being restored. Others are hoped for or are imaginary. Read In Our Town to learn plans for specific buildings shown in the diagram by number.

THE MILL RACE VILLAGE MASTER PLAN

## Band Plans July Concerts

Three community band concerts featuring light and "pop" music will be given in July by the Northville High School band, conductor Robert Williams announces this week.

The band also is getting ready to march in the annual Northville Fourth of July parade.

The concerts will be presented at 8 p.m. on three Tuesdays — July 9, 16 and 23

— on the high school hill or in the auditorium, depending upon the weather. Guest conductors and soloists will be featured.

Band students already have the yearly summer band program, Williams says. It includes daily workshops for

individual instruments.

Group classes, sectionals and rehearsals for the concerts as well as theory classes are available for all Northville music students for which schedules have been sent, Williams adds. The schedule also is available in the high school office.

## Birth in Brazil Told

An original birth announcement with bundled baby being carried by plane and then, inside, landing by parachute tells of the birth of Paul Edmund II, son of Don and Janet Eagan, who left in mid-May to do missionary work in Belem, Brazil.

The baby, born June 16, and weighing six pounds, 13 ounces, is the newest grand-

son of Mr. and Mrs. Paul Eagan of Mann Court in Northville.

The baby's father will be doing jungle flying from his base at the mouth of the Amazon River, taking missionaries into the jungles.

Arriving just in time to settle before the baby's birth, both parents have been enrolled in a Portuguese language school.

By JEAN DAY

AN OLD-FASHIONED outdoor market and crafts sale will be held following the Fourth of July parade next Thursday at the Mill Race Village.

This will be the second annual flea market-craft event and again benefits the Northville Historical Society restoration project. Marie Bonamici, who is in charge of space sales, says the market will continue throughout the day until about 6 p.m.

There still are spaces available for anyone who wants to set up a table and sell his crafts or antiques, she adds. She should be contacted at the Sunflower Shop, 349-1425.

Asked what would happen if it rains, always a holiday worry Mrs. Bonamici says dealers will bring "big umbrellas" as the event goes on—rain or shine.

Area residents who are setting up booths include Jane Kaake, macrame and pottery; Cynthia Shaffer, leather goods—wallets, belts, purses; Nelda Hosler, miniatures; Helen Meisel (who formerly had a shop in Northville), a general line of antiques; and Nancy Bohn, furniture.

Village Pump Antiques also will have an area with a general assortment. Sunflower Shop will have a booth of jewelry and collectables. A "Country Gardens" dealer will have needlework and quilted items while "Traditional Handcrafts" features spinning and weaving exhibits.

Lemonade is to be dispensed by the historical society.

If this year's market is a repeat of last year's, it will again be an "old-time sociable." Couples and families strolled about the displays and visited with friends.

A special attraction this year will be the restored old library building. Northville Historical Society officers promise that it will be open so that interested residents may see the accomplishments of the past year.

A CARD PARTY benefit is planned in the old library building at the Mill Race for noon, August 1. It is to be a luncheon with various card games to follow.

This will give women interested in the restoration a chance to help (donation is \$3) and also to view at leisure the building details. Sponsored by the Northville Historical Society, the luncheon will be strictly by advance ticket sale with tickets limited to 100.

Area residents are invited to "come play any kind of cards—or just come for luncheon." Ticket reservations are being taken by Mrs. Donald Ware, 349-2232, and by Mrs. Beth Lapham, 349-2925.

BY JULY FOURTH last year the old buildings at the Mill Race had just been placed on their foundations. Windows of both still were boarded, but the old library was open for visitors to view interior, stripped to bare supports.

This year the bunting-draped building is gleaming with fresh white paint outside and with soft yellow on newly plastered interior walls.

Authentic small-pane windows allow light to stream in. The polished floor is wood, and the balcony is restored across the front.

As plans go forward for the adjacent double-wing Hunter house and for two more buildings to be in the restoration by the Bicentennial, there is increased interest in the Mill Race Village master plan.

Many have viewed the drawing of the Mill Race as it could look in the future done by Northville Historical Society member Donald Fee.

SOME LOCAL properties, officially or informally, have been promised to the restoration. Others are "hoped for" structures the historical society would like to acquire while still others are imaginary.

The little red schoolhouse, number 3, sketched to the left of the old library building is one of the structures listed as "to be acquired." Several such schoolhouses typical of their time still exist, and the historical society hopes to acquire one.

One that some local history buffs hope might be moved and thus preserved is the Wash-Oak schoolhouse on Currie Road. So named years ago because residents of the road lived in Washtenaw or Oakland counties, the area since has become part of South Lyon school district.

South Lyon school district no longer owns the building, it says, and the property reverted to original owners. A fire and vandalism have taken their toll but the building still stands.

MASTER PLAN buildings, numbers 1 and 2, at the Mill Race are envisioned as a village general store and a blacksmith shop, respectively. Mrs. Fee says these are imaginary but typical-of-the-time structures. (Some residents have associated the architectural lines of the first structure with those of the Main Street building that presently houses Joe's Bar.)

The impressive residence, number 6, sketched at the end of the cul-de-sac is the home behind the Northville First Presbyterian Church on Cady Street, known locally as the "Couse House." It was restored in the 1930's by the late Walter Couse.

Now owned by John Carlo, it informally has been promised to the restoration, according to Northville Mayor A. M. Allen. When there was talk a few months ago, he says, of tearing down the handsome home with its "floating" butternut staircase, the Northville Downs executive manager said the historical society could have it.

Because bandstands and gazebos were a part of very small town scene, the bandstand was included in the master plan, hopefully some day to be the setting for summer concerts.

The next structure, number 7, on the proposed plan is the Center Street residence which Folino Insurance now occupies. Owner Paul Folino has promised this building to the Mill Race. It apparently once was Northville's old jail.

Final home, number 8, in the proposed restoration is a mansard roof home typical of several in the community. The one sketched is very similar to a home on South Center Street.

In addition to the proposed master plan, Northville Historical Society members have been dreaming of other additions for the future. For instance, it has been suggested, "how about a covered bridge over the Mill Race at the entrance which could be an entrance booth and also a telephone booth?"

Since the entire Mill Race was only a dream a scant few years ago, it's very possible that all this—and more—can be a reality.

## Denise Fuertges Is Wed

MRS. DAVID FARHAT

When Denise Fuertges became the bride of David L. Farhat in Lansing last Saturday, it was the third time her uncle, the Reverend Theodore Fuertges, OSB, had officiated at a family ceremony.

He was the officiating clergyman when her parents, Mr. and Mrs. William Fuertges, of 1012 Grace Court, Northville, were wed and also at the marriage of her sister, Sheila, to John Kain.

The double-ring ceremony June 21 was a low nuptial mass at 7:30 p.m. in St. Gerard Catholic Church.

The bridegroom is the son of Mr. and Mrs. Leo A. Farhat of Lansing.

A buffet reception followed at Majello Hall. Among the 250 guests were the bride's grandparents, Mr. and Mrs. Vern Fogerty, who came from their home in Princeville, Illinois for the ceremony.

The bride's gown of candlelight silk organza over silk polyester had been made by her mother. The fitted bodice of Venetian lace was fashioned with short sleeves. The shirt extended into a cathedral train. A Juliet cap of matching lace held her fingertip veil of silk illusion. She carried a bouquet of spring flowers.

Kathleen Fuertges was her sister's maid of honor in a full-skirted gown of sky-blue crepe with short, full sleeves and a square neckline trimmed with lace.

Bridesmaids were the bride's sister, Mrs. Kain; the bridegroom's sisters, Ann, Mary and Nan Farhat; and Mrs. Stephen Cooper.

They wore gowns in rainbow pastel shades styled to match that of the maid of honor. All carried nosegay arrangements of pastel roses and white mums tied with ribbons matching the dresses.

Leo Farhat, Jr., was his brother's best man. Ushers were other brothers, Mark and Matthew; the bride's brother, Theodore Fuertges, and Robert Kain. James and Vincent Farhat were altar servers.

Gary Becker of Northville was organist.

After a wedding trip to Northern Michigan, the newlyweds will make their home in Lansing.

The bride is a Northville High School and Michigan State University graduate and now is employed by Winkelman's. Her husband is a senior at MSU and will graduate in December.

The bride earlier was honored at showers given by Mrs. William Miron in Northville and by Mrs. G. G. Feaster; Mary, Ann and Nan Farhat for friends and relatives in Lansing.

MRS. JOHN J. McLAUGHLIN

## New Series of Classes On Childbirth Listed

Five locations are announced for a series of Lamaze Childbirth Education classes to be held in July for interested area residents under sponsorship of the Plymouth Childbirth Education Association.

Taught by nurses, the classes give instruction in neuromuscular control and effective breathing techniques to help the mother participate in the birth of her child.

A film, "The Story of Eric", and slides are part of the presentation.

Although husbands are urged to attend, it is not required, according to Mrs. Doris Cross, 371 Blunk, Plymouth, 4855-7750. She may be contacted for additional information or write Box 311, Plymouth, 48170.

The classes, which will meet once a week at 7:30 p.m., are scheduled: July 8, Wickes Furniture, 29635 Seven Mile; July 9, St. John's

Episcopal Church; July 15, Garden City Hospital; July 25, Newburg Methodist Church; and July 31, North Farmington Baptist Church.

Earlier this month the Plymouth association sponsored a luncheon for childbirth groups of the Detroit area to hear reports from seven members who attended the national convention in St. Petersburg, Florida.

Michigan and Ohio, it was found, are leading in membership increases throughout the nation.

MR. AND MRS. DONALD NUTTEN

## Nuttens Celebrate 50th Anniversary

Mr. and Mrs. Donald Nutten were honored Sunday afternoon at a golden wedding anniversary celebration at the home of their daughter and her family, the Martin Cayleys of 46262 Sunset.

While the couple's actual anniversary won't be until June 28—this Friday—cards have been arriving for more than a week. As the Nuttens have lived in Northville for almost 40 years, coming in 1935, it's not surprising they have many friends.

Their daughter, Sally Cayley, began school here and now is retiring as township clerk. Co-hosting Sunday's fete was the Nuttens' other daughter, Shirley Wagner of Wyandotte. The Nuttens have two grandsons, the Cayleys' sons.

The former Sally Ann Boyd and Donald Nutten were married at a neighborhood church by her home in Detroit by the Reverend William H. Camfield.

The only reminders of her wedding dress, Mrs. Nutten says, that she still possesses are the amber-colored crystal buttons. In 1924, she remembers, not too many brides wore white satin. Most, like her, were married in street dresses.

Since he retired from Maybury Sanatorium in 1961 as maintenance supervisor, Mr. Nutten has become well known throughout the area for his woodworking.

Until recently when he has

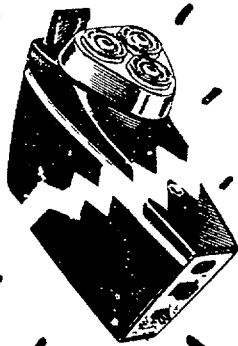

not been well, he spent about three hours a day with his tools.

He recalled earlier this year that he began making footstools and tables after retiring. He graduated to grandfather clocks and has crafted more than 80.

He also has repaired antiques and made furniture for area residents at his home at 46200 Sunset.

Sunday, however, all the Nuttens had to do was admire the decorated anniversary cake and receive best wishes from friends.

## Debra Alexander Is Bride

A wedding trip west to Las Vegas, Nevada, and California followed the marriage June 8 of Debra Lynn Alexander, daughter of Mr. and Mrs. James D. Alexander of 43944 Six Mile Road, Northville, to John Joseph McLaughlin.

He is the son of Mrs. James P. McLaughlin of West Bloomfield.

The couple exchanged vows and rings in an afternoon ceremony at Our Lady of Refuge Church in Orchard Lake with Father Francis Dietz officiating.

Given in marriage by her father, the bride came down the aisle to the music of "A Time for Us." Other pieces included "We've Only Just Begun" and "Turn Around."

Chantilly lace trimmed the bride's floor-length gown of white organza, detailing the neckline and yoke of the bodice. Matching lace with seed pearl trim also was used on the Juliet cap which held her cathedral veil of illusion. She carried a bouquet of bridal pink rosebuds, white daisies and baby's breath.

Kathleen A. McLaughlin was maid of honor.

Bridesmaids were Mrs. Robert Stinar (the former Kyle Miller), Mrs. Steven (Julie) Harris and the bridegroom's sister, Pat McLaughlin.

They wore matching long pink gowns flocked with white flowers and trimmed with white lace. The gowns were fashioned with tie belts. They wore white, large-brimmed hats and carried bouquets of white daisies and pink sweetheart roses.

James P. McLaughlin was best man for his brother. Ushers were Charles Alexander, Tom McLaughlin and Ken Jedrusik.

A special guest at the ceremony and reception was Mrs. John Haller, a former

Northville resident. After selling their home on Sheldon Road, the Hallers moved to Europe to make their home in Liechtenstein.

About 180 guests attended the reception at the Livonia UAW hall, with out-of-towners also coming from Gladwin, Roscommon, Mancelona, Lake Odessa and Grayling, Michigan, as well as from Ohio, California, Kentucky and Windsor, Ontario.

The bride works for Graphic Controls Corporation in Farmington while her husband is employed with Lorraine Tool and Die Company in Livonia. They will live in a townhouse in Wixom.

## Lifespan Event Set

Three prizes will be awarded by the Northville-Novi Lifespan Chapter in a drawing at 5 p.m. next Thursday, July 4, in Our Lady of Victory Church parking lot.

Mrs. Delphine Wilkinson, chairman, announces that a

boy's 10-speed bicycle, a lady's steel tennis racket and a basketball set will be given

Mrs. Sheila Johnson of Wixom, president of Nurses for Life, is to draw the lucky numbers.

## Accept Resignation

After waiting two weeks, Novi's City Council officially accepted the resignation of City Manager Harold Saunders at its Monday night session.

Saunders had submitted his resignation at the council's

June 10 meeting.

The motion to accept the resignation "with regret" was passed by a 5-0 vote. Councilmen Louie Campbell and Denis Berry were not present when the vote was taken.

Page 4-A

THE NORTHVILLE RECORD — NOVI NEWS

Thursday, June 27, 1974

**CLOSED FOR THE SUMMER** — The beach at Novi's City Park on Walled Lake has been closed for the summer. At the direction of the city council, the Novi DPW department erected snow fences along the length of the beach Monday.

Still to be installed are the "no swimming" signs. The decision to close the beach was reached as the council sought ways to eliminate maintenance expenses during its current financial difficulties.

## Discuss Control of City Park

## School Acts to Save Programs

In light of the city's present financial difficulties, Novi's Board of Education has volunteered to underwrite the cost of the city's summer recreation programs at Orchard Hills and Village Oaks elementary schools.

In addition, City Manager Harold Saunders revealed recently that school officials have expressed an interest in taking over several additional programs.

Although talks are only in preliminary stages, the possibility that the school board would take over the operation of the Novi City Park on South Lake Drive is one of the areas being explored.

Contacted at board offices Tuesday, School Superintendent Dr. Gerald Kratz told The Novi News that he had indicated the interest of the school board in the fate of the city's recreational programs to Saunders the next step, however, Dr. Kratz indicated, must come from the city.

"We're trying to help in

whatever way we can while the city is experiencing financial difficulties," stated Dr. Kratz.

"The city currently is in the position of having to shut down programs which are beneficial to the youth of the community. All we're doing is telling the city council that we're willing to sit down with them to discuss what can be done to keep some of those programs operational."

The basis for discussions about the fate of the city's recreation programs developed when the city council was forced to make drastic cutbacks in its 1974-75 budget in order to make up a deficit of approximately \$125,000 which developed during the 1973-74 fiscal year.

One of the areas hit hardest by the council cutbacks was the budget for the Parks and Recreation Commission which is charged with the operation of the city's recreation programs.

The Parks and Recreation Commission expended close to \$30,000 in the 1972-73 fiscal

year and \$20,000 in fiscal year 1973-74. Originally, the proposed 1974-75 budget called for Parks and Recreation to receive \$29,000. When the \$125,000 deficit came to light, however, the proposed \$29,000 allotment was chopped to \$5,000.

Since the city is obligated to pay \$4,000 toward the salary of Community Education Director Milan Obrenovich, virtually all city recreation programs were eliminated.

At its June 17 session, the council directed the DPW department to install fences across the beach at the Novi City Park since it cannot afford to maintain the beach area.

A proposal to close the remainder of the 15-acre City Park had to be abandoned because the city is obligated to keep the "magic square" open to the public because it was financed with a federal grant.

The School Board has already taken over one of the city's programs when it

agreed to underwrite the summerplayground program at Orchard Hills and Village Oaks schools.

Cost to the school district is pegged at \$720.

Should the city council and school board get together for additional talks, the status of the City Park could well become one of the major topics.

"I've been through the City Park on several occasions and in my estimation it is a beautiful piece of property," commented Dr. Kratz. "I think it has all the possibilities to be developed into a community showplace — a

place where people would like to go."

Dr. Kratz also mentioned that several members of the school board were interested in establishment of an environmental education center and that the 15-acre City Park would make an ideal location.

"I know there are a number of legal questions which would have to be faced, but I don't think we should rule out the possibility that some sort of arrangement could be worked out which the schools could get an outdoor educational center and the park could be kept open for the public."

## State Police Cutting Back X-Way Patrols

Announcement that the Michigan State Police are discontinuing their regular patrols of the state's expressways has evoked an angry response from the Novi City Council.

Informed of the change in State Police policy at its June 17 session, the council directed City Manager Harold Saunders to send letters protesting the decision to Lansing.

"The state police should be advised that just because they're abandoning their responsibility does not mean that we are going to take it over," commented Mayor Robert Daley.

"We're being faced with the possibility of having to pick up additional responsibility at just about the same time that our present financial difficulties are going to force us to take a long, hard look at cutting the size of our force."

The council was informed of the state police decision by Councilman Louie Campbell who said he has learned that the city would have to take over control of the portion of the I-96 expressway which runs through Novi — a stretch of approximately five miles.

In explaining the new state police policy, Novi Police Chief Lee BeGole noted that the decision to "get off the expressways" applied only to regularly scheduled patrols.

"In the past the Redford state police post has assigned one car to patrol the expressway from the Detroit city limits to the Brighton city limits," BeGole reported. "The state police will continue to patrol the expressway, but they will not do so on a regularly scheduled basis."

"There will be no regularly scheduled state police patrol

of the expressway," BeGole emphasized.

The Novi police chief said that the state police decision had been prompted by the decisions of Farmington and Farmington Hills to take over control of the sections of expressway which passed through their boundaries.

"Southfield had taken over its section of the expressway several years ago and when Farmington and Farmington Hills also took over control, it meant that the state police were providing the service for just two communities — Novi and Wixom."

BeGole also noted that the state police have not refused to assist in policing the expressway. "They will continue to assist us in handling calls just as they have in the past," he stated. "We have always cooperated

with each other in the past and we will continue to do so. Previously they have called us when they were unable to respond to calls on the expressway. Now the primary responsibility will rest with us. In the event that we are unable to respond to a call, we will call them for an assist."

The end result of the state police decision to withdraw its regular patrols of the expressway will be that the expressway will not be patrolled.

BeGole has told the city council that he has no intention of assigning a car to patrol the expressway.

"We'll respond to accident reports, but that's it," said BeGole. "With our current manpower situation, there is just no way that we can take on the responsibility of patrolling the expressway."

## Vangieson Becomes

## Fifth Wixom Mayor

Dr. Val Vangieson was sworn in as the fifth mayor in the City of Wixom's history Tuesday as the city council accepted the resignation of Gilbert C. Willis.

Gunnar Mettala, the city's senior councilman who has served since Wixom was incorporated 16 years ago, was named mayor pro-tem on interpretation of the city charter by Wixom attorney, Gene Schnelz.

It was Mettala who requested that the city's auditing firm "take a look at the budget and give an informal report". He, in doing so, stated, "The city is in good

shape and Willis deserves this."

At the conclusion of the regular agenda it was Mettala who presented a statement, which, he said, was being made "out of fairness to Mayor Gilbert Willis — and also out of fairness to the people of Wixom — I believe his departure deserves some explanatory comments that could not be given in his letter of resignation, his news conference and the many newspaper articles."

Saying that the council was not "that difficult" to get

Continued on Page 4-C

## Recommend Citizen Input In Selecting City Manager

Emphasizing that its action is not intended as a rebuke of the city council, the Novi Board of Education has adopted a resolution urging more citizen involvement in city decisions.

More specifically, the resolution recommends that a committee of citizens be involved in the selection of the future city manager.

Catalyst for the resolution is a board concern that the city's recent public image may adversely affect the school district. For example, for awhile the board worried that adverse Novi publicity might lead to a poor credit rating as the district attempted to sell its \$13.5 million bond issue.

The resolution reads: Whereas, the Board of Education of the City of Novi believes that a nation or a community reflects the

attitudes and aspirations of dedicated citizens, and

Whereas, it recognizes the contributions of municipal bodies and staff members to the educational, civic and social progress of a community, and

Whereas, it takes pride in the service which all of these governmental units give to school and community life in Novi, and

Whereas, the organization and day to day planning of city and school government reflects credit ratings and bond issues, and

Whereas, the healthy growth, including commercial, industrial, sewer and water are all dependent upon close cooperation and communication of both citizens and governmental leaders, and

Whereas, the anticipated

growth and building needs both of the city and schools depend on active support of the community,

Now, therefore, be it resolved that the Board of Education of the Novi Community School District expresses its deep concern about the future of the city and schools, and

Be it further resolved that the Board of Education of the Novi Community School District suggests that the City of Novi, in its selection of its new leadership, involve citizens in a meaningful way, and

Further be it resolved that the Board of Education recommend that a committee composed of citizens be involved in the selection of the future city manager for the City of Novi.

**CLEANING UP NOVI** — Novi Jaycee President Dave McCarthy (right) presents Mayor Robert Daley with a token bag of trash after the Jaycees spent Sunday afternoon picking up litter along Ten Mile and Novi roads. The Jaycees collected two truck loads of trash in the one and one-half miles from Ten Mile and Meadowbrook to the Novi

City Hall. On hand to accept the Jaycees' contribution were (left to right) City Manager Harold Saunders, Mayor Pro Tem Romaine Roethel, Mayor Daley, DPW Employee Leroy Wixom and daughter Penny Wixom, and McCarthy. Wixom donated his time Sunday to drive the trucks for the Jaycees.

## Mill Race Gets Gift

# Host Beautification Meet

When the Beautification Council of Southeastern Michigan held its quarterly meeting at the Drawbridge restaurant in Northville earlier this month, it marked the second time the council had been entertained there.

Ten years ago, members of the Northville Beautification Commission hosting the event with the City of Northville recall, the same location was chosen — only then it was the Northville First Methodist Church.

Highlight of the day-long event was the presentation of a check for \$4,000 to Northville's Mill Race Village restoration project made by Howard Lancour, executive director of the Michigan Bicentennial.

He was featured speaker at the luncheon, making the

occasion a dual-purpose event. His topic was "You Are the Bicentennial."

The check was accepted by John Burkman, immediate past president and chairman of the board of directors of the Northville Historical Society.

As the check was presented, the Northville Historical Society outlined future plans. It is hoped that the restoration village can include two more buildings by 1976.

A workshop session on the Southeastern Michigan Transportation Authority at 10:30 a.m., June 12, in the Northville City Council chambers preceded the luncheon. Its speaker, Mrs. Dolores Wolfe, brought members up to date on SEMCOG developments affecting area communities.

Twenty-five communities were represented by those attending the quarterly session. They included Southgate, Trenton, Walled Lake, Hamtramck, Warren, Grosse Pointe Woods, Grosse Pointe Park, Belleville, Oak Park, Mount Clemens, Lathrup Village, Waterford, Romeo, Berkley, Birmingham.

Others were Livonia, Dearborn, Lincoln Park, Wayne, Taylor, Riverview, Redford Township, Farmington Hills, Farmington and Novi. Consumers Power, a council member, also was represented.

Mrs. Bea Carlson of the Northville Beautification Commission served as hostess at the morning workshop and presented a nostalgic report on the commission at the luncheon, also giving the history of the building where the luncheon for 112 officials and guests was being held.

Beautification Council President Shirley Richardson lauded the efforts of the Northville Commission in arranging the event. Noting the standing ovation given Mrs. Carlson, she said, "It's very obvious you have personally given of yourself to the City of Northville... (and) that your fellow citizens admire and respect you for what you have done."

Mrs. John Burkman of the commission enlisted the aid of the Northville Branch, Woman's National Farm and Garden Association, in decorating tables at the

luncheon. They were centered with miniature replicas of the Northville well containing fresh flowers.

Mrs. Paul Vernon was responsible for favors from local businesses. In addition she converted old telephone insulators into candle holders which were given to those attending.

Special programs featuring a reproduction of the projected Mill Race Village restoration were arranged by Milo Hunt. Dr. John Swienkowski led the assembly in the Pledge of Allegiance. Commission Chairman Paul Vernon was responsible for obtaining the luncheon speaker.

Mrs. Robert Brueck was chairman of the day.

A tour of the historic district and other sites of interest in the community was arranged by Wilson Funk and Ted Mapes. Special maps were prepared. The tour concluded the day's agenda.

Earlier this spring the Southeastern Michigan Beautification Council celebrated its 10th anniversary and noted that 16 communities were charter members. Northville is among them.

**JULIE MARIE PRESENTS—**Youthful adagio dancers practice outdoors at Highland Lakes as their instructor, Mrs. Donald Bonsall, oversees final rehearsals

before a performance this Friday by 70 youngsters at Bentley High School. Now a Highland Lakes resident, Mrs. Bonsall's professional name is Julie Marie Hawk.

## Horwaths Off to Bahamas

MIDDLE SCHOOL teachers and staff members sent Principal J. Ronald Horwath and his wife off in style as they gave them a trip to the Bahamas. The "happy promotion" present was paid for by the teachers, office, cafeteria and maintenance personnel. Commented teacher Mrs. Priscilla Smith, "We all feel he really was a great principal and made the building run smoothly. A good principal makes life easier for all." Horwath has been promoted to personnel director of the school system.

## Highland Lakes' Event

# 70 Dancers in Program

When Mrs. Donald Bonsall moved to Highland Lakes with her husband and four children, it almost was to be expected that she would involve the subdivision's youthful residents in dancing.

As Julie Marie Hawk she has been a lead ballerina in a career extending from New York to the West Coast.

For the past year she has been instructing youngsters in classes at Highland House. Then for the past three months the pupils have been joined by other youngsters, including even members of the Highland Lakes baseball team.

At 7:15 p.m. this Friday, June 28, in a program at Bentley High School 500 parents and friends will see the results in a dance program, "Julie Marie Presents."

Three and four-year olds are to perform in a costumed "Skunk" dance with older students doing folk numbers, ballet and even an acrobatic adagio work. (This is where the baseball players were recruited to assist the young ballerinas.)

Mrs. Alice Hawk, Mrs. Bonsall's mother, has been working on costumes while another Highland Lakes

resident, Mrs. Barbara Feldman, has been in charge of stage supervision. Stage helpers are Mrs. Pat Ponzetti, Mrs. Serita Stangis, Mrs. Mary Naples, Mrs. Lela Lutz and Mrs. Denise Swayze.

Julie Marie's professional partner, Gary Wiecekowski of Detroit, will dance with her during the show. Other professionals include Pat Ponzetti doing a Hawaiian number, Ilona Hawk and Julie Acosta, a concert piano duo. In recalling her own career beginnings, Mrs. Bonsall mentioned she received an early start on the Ted Mack amateur show and on the Auntie Dee programs. When the Detroit City Ballet Company was formed, she added, she became its first lead ballerina.

She studied in Detroit with Theodore J. Smith and went on to New York City. She studied at the American School of Ballet and at the Ballet Russe as well as under Mary Sheaping, mistress of Sadler Wells, the London Ballet Company. She learned Spanish dancing on the West Coast from Eduardo Cansino, a noted expert who was Rita Hayworth's father.

Later, in addition to modeling, Mrs. Bonsall has worked in commercial television, including Hallmark commercials.

For the past weeks, however, she's been most involved with teaching the young dancers "how to perform". The program was conceived, Mrs. Feldman reports, as "an outlet for youngsters here."

Mrs. Bonsall, the mother of four children ranging in age from three to 15, declares that it has been a "most pleasurable" experience to work with almost 70 subdivision youngsters.

Participants include Gretchen Dettloff, Dana Dorthy, Megan Rosenberg, Shelia Worden, Beth Vestimica, Mickey Koehler, Heidi Johansen, Erin O'Neal, Julie Ponzetti, Amy Barth, Christie Harrell, Jill Dannenfeissic, Gina Ponzetti, Noelle Bonsall, Lisa and Carla Vincenti, Elaine Howell, Lori Usell, Pam Barstow, Jill Feldman, Lynn Bechtel, Jacque Stangis, Kay Thomson.

Others are Ginny Naples, Karen Stenson, Kristen Lutz, Karen Graves, Zoi Vallassis, Elizabeth and Ann Pond, Jackie Stengel, Amy and Britt Evans, Brigitte Cahill, Betsy Rosser, Beth Caplan, Janet Waller, Diane and Kim Rice, Maria Wald, Georgia Regan,

Robyn Swanson, Sandra Vincenti, Connie Fogel, Cherie Stangis, Karen Flapio, Tammy McConnell, Kelly and Tracey Wool.

Others are Beth Koehler, Susan Klenke, Elizabeth Walker, Kimberly Curry, Deanne Graham, Linda Graves, Alisa Krinsky, Michelle Dominique, Julie Charlet, Helen Miller, Diane Dechape, Renate Cahill, Yvonne Swayze, Tawanya Smith, Nicole Bonsall, Bryan Metnick, John Leonard, Mick Sterns, Mark Mitnick, Eddie Olah, and Jim Adcox.

**SPINNING—**Cooke Middle School student Holly Kent gave a demonstration of her spinning talents as part of the school's annual Festival of Arts held recently. Other featured events of the fair included a style show presented by the home economics classes and projects from the shop and art classes. Student projects were also on display in science, English, social studies and math classrooms during the festival.

# Paths Limited; Riders Compete for Space

By DONALD MEADOWS

"Hey Billy, ya want to go ride our bicycles somewhere?"  
"Sure. Where do you want to go?"  
"I don't know. Where can we ride our bikes?"

Currently there is really only one place children and adults can ride their bikes in the Northville-Nowi area — in the streets. Despite sidewalks and park paths, the bicyclist still has to use the road to get anywhere.

Several bike trails are being planned for this area. None are scheduled to be ready before late summer, however. Most will not be ready until at least next year.

At Maybury State Suburban Park, located west of Beck between Seven and Eight Mile, five miles of surfaced trails are being made ready, according to Robert Remer, park manager. The trails are marked and wait only to be surfaced. Remer expects them to be ready later this summer, about the same time the park is scheduled to open.

In Novi, a couple of bike trails have been proposed but are still in the planning stage.

"We haven't gotten the report from the engineers on the plan to put in a trail along Taft Road," said Gerry Stipp, city clerk. A survey by C & O Railroad on plans to run a bike trail along their tracks in Novi has not been received yet either, she said.

In Northville, there has been some talk concerning

bike trails by the planning commission but nothing concrete has come of it yet. The responsibility for bike trails in Northville has so far been relegated to the county and state.

County Commissioner Mary Dumas and State Senator Carl Pursell report that the county has appropriated monies, matched by the legislature, to build a bike trail parallel to Edward Hines Parkway between Dearborn and Northville.

Construction is now up to the county road commission. Until trails are built in this area, the road must serve the needs of both motorists and bicyclists. This causes safety problems for both, though most area police departments reported no accidents between autos and bikes this year through early June.

Two serious accidents have occurred this year in Northville Township, however, both on Seven Mile Road, reports Officer Philip Presnell. Two youngsters were seriously injured.

According to Novi police, generally "quite a few" accidents occur during the summer on the Grand River stretch to Kensington Park and in subdivisions where there is a concentration of biking children.

Police departments in the cities of Northville, Novi and Wixom, and in Northville Township visit schools to speak to students on bicycle safety.

A bicycle clinic was conducted in Northville in April by Jaycees, with the cooperation of city and township police departments.

In the city and township of Northville bicycles are licensed through the police departments upon payment of a nominal fee. With licensing,

serial numbers of bikes are recorded and a license attached to the bikes as a means of fighting theft.

Novi and Wixom police departments do not currently license bicycles.

Certain laws must be obeyed by bikers. Bicyclists have the same rights and responsibilities as motorists. A bicycle is no match against an automobile though.

Bicyclists must ride on the right-hand side of the road, traveling with the flow of traffic. Bicycles are not allowed on limited-access highways and expressways. Wherever there is a bike trail provided next to a roadway, the bicyclist must use the trail rather than the road.

Bicycles must be equipped with working brakes, a horn or bell, a permanent seat, reflectors and in some communities, a license. If the bicycle is to be ridden at night, it must also have a front lamp that gives off a white light visible at least 500 feet ahead.

Bicyclists should also ride single file, give proper hand signals (in Michigan, simply extend the left arm) and give pedestrians the right of way.

Tim Smith of Town and Country Cyclery in Northville had a few other suggestions for bikers, including a checklist for bicycle maintenance.

"Go over the bike once a month to make sure things are tight, lubricate parts that need it and check for breakage," he advised. "Oil the chain, derailleur and other moving parts to reduce wear and keep them working smoothly."

"Tires should be checked about once a week and kept up to pressure so that they will last longer and roll easier," Smith said. "Wheel bearings should also be repacked about once a year," he further suggested.

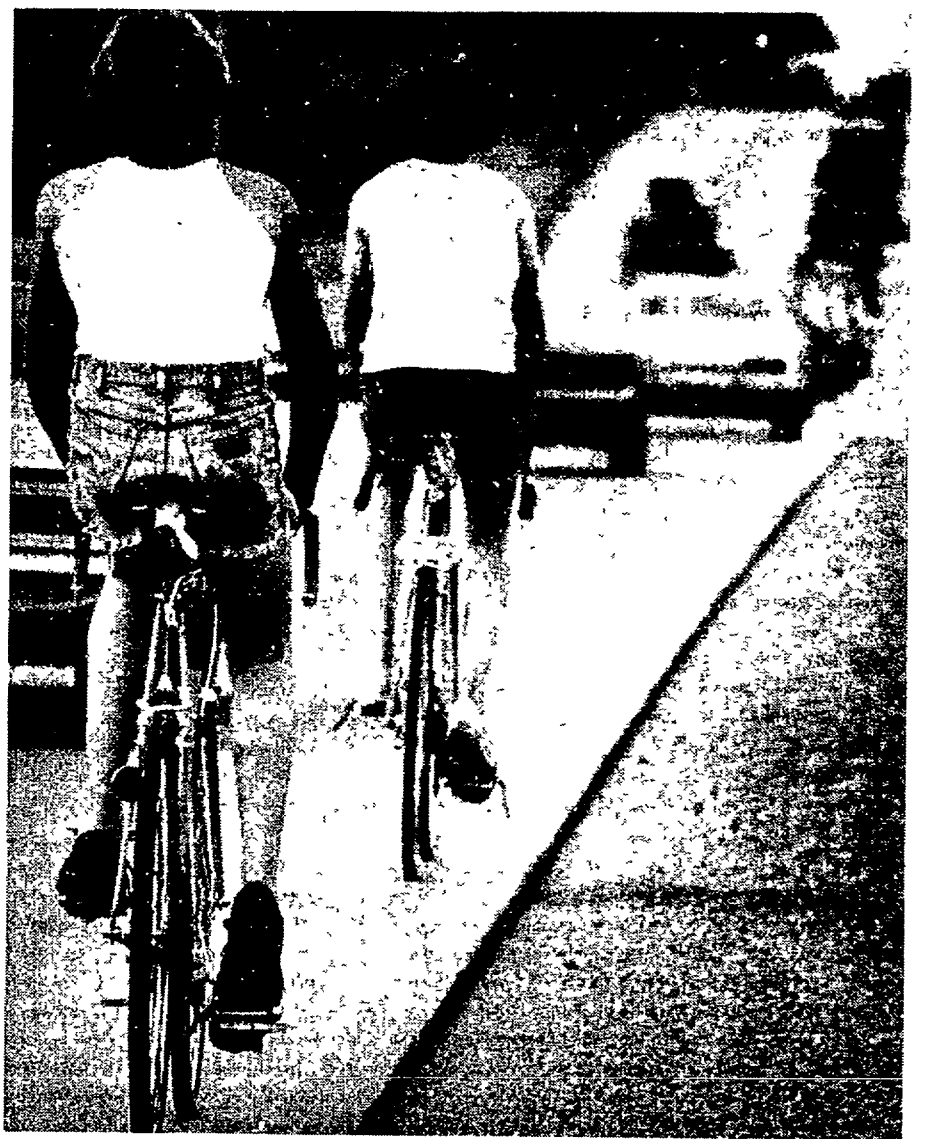

A bicycle that is the right size, equipped with a few useful accessories and a rider who is in condition for the distance and pace being traveled also adds to the enjoyment and safety of bike riding.

For people interested in bicycling, American Youth Hostels offer maps, tips, a suggested conditioning program and organized trips of various lengths for riders of various abilities.

Included among the trips AYH will sponsor this weekend is a camping trip to Froud Lake from Farmington for beginning riders. For the more skilled rider, a 65 mile round-trip excursion to Kensington is planned for Saturday.

There is a charge for members, of 25 cents for adults and 10 cents for children to go on the trips, according to Rena Thompson, AYH executive director. The fee is double for non-members, who are allowed to ride three times with the groups before they have to join AYH to continue.

A number of long distance rides of 300 miles and more are also planned by AYH. For further information, call the Detroit Council at 273-8560.

Bikers ride on narrow ribbon of road while steady stream of cars go by

Accept Maxwell Water Study

## Hearing Set on Sewers

Public hearing will be held tonight (Thursday) to act on a proposed bond resolution for installation of sewers in Grand View Acres. The hearing, which begins at 7:30 p.m., will be held in the township offices, 301 West Main Street.

The bond resolution, originally acted upon by the board last June, 1973, is outdated, township trustees learned, and the hearing will be to increase the allowable interest rate from five percent to six percent.

Also on tonight's agenda will be unfinished business from the board's June 13 meeting.

At that June 13 meeting, trustees also received a feasibility study for including Maxwell Road (Grand View

Acres) in the water line project. Estimated cost was placed at \$76,220. Extension of the water line along other streets in the area was estimated at the same cost.

Last week, it was incorrectly stated that the feasibility study covered sanitary sewer lines.

## 1st Magnitude BEAUTY SALON

'Individuality in Hair Care'

110 W. Main, Northville

Upstairs, Across from Northville Square

349-3750

WALLED LAKE WESTERN high school student Dean Scourtes adjusts his bicycle in preparation for a 450 mile bicycle trip

sponsored by the school district while other participants look on.

## Cyclists Pedal 450 Miles

Four-hundred and fifty miles. That distance takes only 90 minutes by jet, or nine hours by car (traveling at energy saving speeds, of course).

By bicycle, however, it takes a lot of human energy and almost seven days, but that's how 16 teachers and students from the Walled Lake School district did it last week.

The group left Friday, June 14, to bicycle an average of 75 miles a day up to South Higgins Lake, near Roscommon. They camped on the road along the way, and when they arrived spent a day canoeing on the Au Sable River before returning to Walled Lake last Thursday.

Despite "horrible weather," with rain and stiff winds all the way back, everyone completed the trip. One bicycle was repaired enroute, and one rider was treated for a minor injury.

The 11 students and five

sponsors making the trip did not go on a whim. Everyone (but obvious exceptions like track team members) was required to pass a fitness test of running two miles in 18 minutes. After the test, most went on fitness or endurance training programs in preparation for the trip.

This tied in well with the Community Education Department's reason for sponsoring the trip. "One of the things we are in business for is to help kids increase their self esteem," said organizer Gary Doyle, a student relations coordinator in the department. "Engaging in an endurance activity like this gives a person a real sense of accomplishment."

In case someone overestimated their strength, parents had to agree to come pick up anyone who could not continue because of illness or exhaustion.

Getting into shape was not

the only preparation necessary for the trip.

Each person's bike was thoroughly safety checked and supplied with necessary spare parts. Also, with the help of the Michigan Tourist Council, the group's route was mapped out along country roads to minimize any safety hazards. A truck to carry equipment and a spare bicycle also had to be arranged for.

Each participant in the program paid a \$20 trip fee to cover things like extra bike parts, campsite fees, and gas costs for the truck. Each person was also expected to bring from \$30 to \$40 to pay for his own food. Most participants came from Western High School.

Participants in the bike trip were: Donald Balmes, Elaine Schulte, Tim Jackson, Tim Smith, Bob Zavitz and Jim Sandberg of Walled Lake,

Linda Kenny, Madlyn Soave and Debbie Haney of Novi, Steve Kaszubowski and Dean Scourtes of West Bloomfield.

Teacher sponsors were: Gary Doyle, Pat Smith, Carl Hemming, Diane Hall and Mike Turnbull. Truck driver is Cathy Schodowski.

Turnbull, who lives in Wixom, is the son of Mr. and Mrs. Bruce Turnbull of Northville.

handsome gifts. The big winners and the schools they represent are (l to r, standing): Steve Chisnell of Main Street; Scott Santos, Moraine; Jill Thomas and Tom Phillips of Amerman; (seated), Robyn Swanson and Amy Evans of Moraine; and Linda Dearing of Main Street.

## Library Adds

### Sixth Day

Northville Public Library will be open Monday through Saturday beginning Monday, July 1.

The new six-day schedule was announced by Librarian Elaine Lada. Previously, the library had only been open five days.

Hours of operation include Monday, Wednesday, Friday, noon until 8 p.m.; Tuesday, Thursday, noon until 6 p.m.; and Saturday, 10 a.m. to 2 p.m. The hours will remain in effect throughout the summer months, Mrs. Lada said.

In addition, Mrs. Lada reminds readers of the Summer Reading Club in which children who read at least six books during the six-week club will receive certificates. More information on the club may be obtained from library personnel.

Movies scheduled for Wednesday, July 10, are "Curious George Rides A Bike" for ages three through eight to be shown at 1 p.m., and "Paddle to the Sea," ages nine through 12, scheduled for 1:30 p.m.

Movies are shown in the Northville City Hall Council Chambers and parents are invited to the library during the movies for coffee.

**GIFTS FOR SAFETY**—As part of its continuing program, Manufacturers National Bank of Detroit, provided pen and pencil sets to be given honored safety service youngsters in Northville's elementary schools. Accepting the pens from Jack Werner (right), bank vice president in the Northville office, is Principal Donald VanIngen. Another regular benefactor of the Northville safety program is Jan Reef, who provides gift necklaces for winning safety service girls.

## Rotary Sends Boy to Camp

Thanks to the Northville Rotary Foundation and the Rotary Club, a young handicapped Northville student will be able to attend a remedial camp in Grand Traverse Bay this summer.

The foundation, according to board secretary Herman Moehlman, voted unanimously to underwrite the \$1,000 cost of sending the third-grade youngster to the camp for speech therapy. His parents were financially unable to provide the special schooling.

The Shady Trails Camp program, sponsored by the University of Michigan, will

cover the period of July 8 to August 23.

Northville Rotarians also have voted to donate \$200 to the Fellowship of Christian Athletes to assist in the payment of fees for camp for

two athletes residing in the Northville School District.

Members of the board include Jan Reef, Philip R. Ogilvie, Dunbar Davis, Harold Penn, Herman Moehlman and Lee Holland.

## Cheryl Visnyak

# Wins State 4-H Title

Cheryl Visnyak, a 16-year-old senior at Northville High School, last weekend was named Michigan Dairy Foods winner in state 4-H competition at Michigan State University.

She earlier had been named Oakland County and then a five-county regional winner.

The daughter of Mr. and Mrs. Zolie Visnyak of 50855 West Nine Mile Road, Cheryl has been helped, her mother says, by being part of a "farm family". She has had her own cow, "Sara", ever since it was a calf four years ago. It now has its own calf.

At the 4-H Tel-Awards competition in East Lansing, district finalists were graded on an achievement point

system and on notebooks they had prepared. In addition, Cheryl reports, judges asked general questions on attitudes about Watergate and on high school peer groups.

Earlier this year Cheryl was first runner-up in competition for 4-H county queen. She also is a junior leader in ceramics and has entered the swine competition.

Last year Cheryl participated in an inter-state 4-H

student exchange and went to Washington, D.C., on a "citizenship trip". This week her family is hosting an inter-state exchange student from Minnesota.

This is the second year that Cheryl has entered the dairy foods competition for 4-H. She will represent Michigan at the National 4-H Congress to be held in Chicago in November where she will be competing for national honors, trips and

scholarships.

When Cheryl, who begins her senior high school year in September, is graduated, she hopes to attend Michigan State University. She further hopes to pursue a dual major, home ecology so she may go into home extension service work and a nursing major.

That's a big program, but Cheryl is used to challenges from her seven years in 4-H work.

**SHE'S STATE WINNER**—Cheryl Visnyak, 16, who became Michigan 4-H Dairy Foods winner last weekend in state finals in East Lansing, poses with her cow, "Sara on the family farm. Cheryl now is looking ahead to national competition.

## Science Class

### Opens in Novi

A new summer science class, set to begin in July, has been approved by the Novi Board of Education.

Titled "Fresh Water Fish", the course is seen as "the first step in a plan for offering a different biology course each summer for a series of four summers", according to Superintendent Gerald Kratz.

The course is to provide one-half credit in science, involving 45 hours of work — 25 in the field and 20 in the lab. On five of the 10 class meeting days, field trips to Ann Arbor are planned.

More specifically, the class is to supply students with information about classification, habitat, feeding, reproduction, senses, growth and development of fishes common to the Great Lakes area.

## From Northville PTA

# Honor Teachers' Service

Twenty-four Northville teachers were honored with Educator Service Awards presented by the Northville Area PTA Council at luncheons recently given by the local PTAs in honor of their teachers.

Amerman PTA awarded certificates to their teachers on Education Day of Michigan week while Moraine PTA held a luncheon June 12. Main Street held its service luncheon Saturday. Cooke Middle School, Cooke Annex and Northville High teachers

honored for services were also presented with their awards Saturday.

Those receiving the awards included Robert Williams, 20 years; Arnold Anderson, Ralph Redmond, 15 years; Robert Kucher, Marjorie Sliger, 10 years.

Five year awards were presented to Jack Thibault, Sandy Craig, Mae Grudnicki, Nancy Fieldman, Patricia Keeler, Jeree Bachelor, Judith Higbee, Cheryl Mallette and Bonnie Nagel.

school. Track students will have their last day of classes July 25. For those students who can't wait until classes resume, the district is offering a summer school program beginning today (Thursday) at Moraine for all elementary children.

## Bids Waived, City Buys Philips Computer

Waiving bids, the Northville City Council voted unanimously Monday to purchase a \$33,186 computerized accounting machine from the Philips Company.

Quotations on six different machines from three different firms — Burroughs, Nixdorf and Philips — had been secured by the city manager, Steven Walters.

Council waived bids, on grounds that lower prices could not be obtained by bidding and that writing meaningful specifications would be difficult because of so many variations between models.

It then voted to purchase the Philips 1000-word magnetic ledger card equipment, under a five year contract, at a cost exceeding that of the other machines considered. Council picked the Philips 1000, upon recommendation of the manager, on the basis that "it is the best system for the city's needs."

City officials rejected possible purchase of the school's one-year old Burroughs L5000 because it has a smaller memory capacity than recommended by the auditors and because

Burroughs was not willing to provide adequate assurances concerning reprogramming, installation and maintenance costs on this used machine.

Northville Schools is selling the machine and contracting for a computerized accounting service with Wayne County, Walters reported to council.

The new equipment reportedly will trim complicated city accounting time down from days to a couple of hours. According to Walters, the machine would be capable of serving a larger community should the city and township eventually become one municipality.

Walters said it is possible the city may contract with the township and/or the district court to do some of their accounting work with the machine.

Prices of the six machines considered by the council ranged downward from the Philips purchase price to the Nixdorf 820-23 at \$24,141.

## Reh Seeks Township Trustee Post

Robert R. Reh of 42801 Waterford Road has withdrawn nominating petitions for the office of Northville township constable.

Reh, who presently serves as constable, will run for trustee on the Republican ticket in the August primary. He filed petitions for both offices last week.

## Retired Adults Offered Special College Programs

"It's a fantastic opportunity for the retired adult but too many are missing the boat," says Jan Reef, member of the Senior Adult Advisory Committee in talking about senior adult services at Schoolcraft College.

"You Can Start" is the theme of the committee's current campaign to interest citizens to take part in the program, and this theme means, says Reef, that "you can start to know the challenge of enrolling in a community service course to learn a new skill or perfect an old one."

Quoting the committee brochure, he continues: "You can start" to experience the excitement of attending a regular college class to learn about something you've always wanted to know.

"You can start" to feel the stimulation of joining a group of fellow retirees in a discussion group.

"You can start" to be enriched by attending a concert or a lecture by a well-known authority.

"You can start" to share your talents by volunteering your time.

Schoolcraft offers senior adults the opportunity for life-long learning," according to Reef.

The Board of Trustees has recognized the need for special encouragement for older citizens to participate in college programs and services. A senior adult program has been developing since January.

Senior adult student identification cards are issued to residents of the college district who are retired from full time employment. This card entitles the senior adult to—

—Register to attend a regular college course on a space available, credit-free basis;

—Apply for a scholarship for one community services course a session;

—Enroll in any of the senior forum groups which meet at various times of the year. These informal discussion 8-groups explore issues of interest to older adults and are assisted by a resources leader;

—Volunteer time and talent on campus or in the community through the Retired Senior Volunteer Program (RSVP);

—Request free tickets to the Cultural & Public Affairs series presented by the Schoolcraft College Cultural & Public Affairs Committee;

—Attend all athletic events without charge;

—Obtain a college library card and enjoy all student library privileges.

Interested adult seniors are invited to call the Schoolcraft community services office, 591-6400, Extension 218, to request an identification card.

## Parent Voices Protest Over School Change

Although a parent vigorously protested, the Novi Board of Education by a vote of 6-0 last week approved a boundary change for school attendance.

Specifically, the board accepted the recommendation of Superintendent Gerald Kratz that the boundary for Village Oaks be changed to include both the Olde Orchard and Applegate condominium children and that a search be begun for a crossing guard for the 1974-75 school year.

"This year it was determined that the children from Olde Orchard and Applegate should be reassigned to a school other than Orchard Hills Elementary because of the overcrowded conditions which are projected for the fall of 1974," said Dr. Kratz. "We are in the process of reviewing the class sizes and comparative staffs at all three elementary schools, along with the geographic location as they relate to Olde

Orchard and Applegate subdivisions.

Suggesting children in the subdivision had been unfairly chosen for this shift, Aileen Ross likened the boundary change to a "game of musical chairs". Switching children from one school to another, especially when the school programs differ, make adjustment difficult.

Such changes, she suggested, are academically harmful to children.

However, Village Oaks Principal David Brown pointed out that parents of the children in question will have the choice of enrolling their children in a traditional program or in a student activity centered program. Both are offered at Village Oaks, he said.

When pressed for reason for making the choice of children, Dr. Kratz said teacher-pupil ratio together with the fact that the children in question live nearer Village Oaks than to Orchard Hills were influencing factors.

The superintendent also informed parents that there is no guarantee that the children will not again be switched once the new elementary school is open. But when these switches are made they are made in the interest of the child.

### Board Offices Close Early

As in past years, the summer hours for the Novi School Board offices will be trimmed by an hour each day. Throughout July and August the offices will be open from 8 a.m. to 4 p.m. Regular hours, 8 a.m. to 5 p.m., will resume on September 1.

# Salem Clerk Dies

Cancer claimed the life of Salem Township's clerk Thursday.

Laura Verran, 62, died at St. Joseph Mercy Hospital in Ann Arbor. She had been ill for seven months.

Active and, according to her husband, Salem Inspector Fred C. Verran, in no pain until the final month of her life, Mrs. Verran served as clerk for seven years and missed only three or four meetings during her terminal illness.

Mrs. Verran was born September 12, 1911 in Marianna, Pennsylvania to Thomas and Ellen Lawson McAdoo.

The Verrans had resided in Salem, at 7897 Six Mile Road, 26 years.

Mrs. Verran served as the lone Democrat on the Salem Board.

In addition to her husband, Mrs. Verran is survived by sons Dale and Tom, both of Salem, and her sister Mrs. Sally Sylvester of Grosse Pointe.

Mrs. Verran was also active in the Salem Farmers Club, the Farm Bureau and the Business and Professional Women.

A life that was marked by innumerable successes because "she knew she could do it if she tackled it" in the words of her husband, was ushered out by the Reverend Norman A. Riedesel of the First Presbyterian Church of South Lyon Monday in rites at Casterline Funeral Home. Burial was in Salem Walker Cemetery. Memorial contributions may be made to the building fund of the Presbyterian Church of which she was a member.

## ROBERTA FRASER

Funeral services are being held at 1 p.m. today for Mrs. Munroe (Roberta Mary) Fraser, 65, of 50000 West Six Mile Road, Northville.

She died June 24 at Botsford General Hospital after an illness of six days.

The Reverend Ivan E. Speight is officiating at the service at Casterline Funeral Home with interment to follow at Thayer Cemetery in Northville Township. The family is serving as pallbearers.

A 20-year area resident, Mrs. Fraser was a housewife. She was a member of Salem Bible Church.

She was born August 23, 1908, in Detroit to Oliver and Lela (Bauer) Vezinau.

In addition to her husband, she leaves four sons, Robert J. of Garden City, Ronald M. of Westland, Donald D. of Milford, and Terry K. of Northville; two sisters, Edna

and Mary Lee, both of Florida; a brother, Donald Vezinau of Florida; and four grandchildren.

## RALPH HOUTZ

Funeral services were scheduled for 10 a.m. Wednesday for Ralph Ellsworth Houtz, 51, of 447 Butler, Northville, who died suddenly June 22 while on a golf outing in Windsor, Ontario.

A resident of the community for 10 years, he was a supervisor for Evans Products Company.

The Reverend Lloyd Brasure of First Presbyterian Church of Northville officiated at the service at Casterline Funeral Home. Interment was in Cadillac Memorial Gardens West in Garden City.

He was born April 4, 1923, in Lemont, Pennsylvania, to George E. and Helen E. Houtz. His father survives.

He also leaves two sons, Robert Gordon of Northville and Thomas Carl of Steamboat Springs, Colorado; sisters, Mrs. Adeline Anderson of Milford, Mrs. Sandra Burd of Westland; brothers, Kenneth Houtz of Salem, Virgil Houtz of Wixom; and his former wife, Mrs. Rita Aldenderfer.

## HERBERT ROGERS

Funeral services were held Saturday, June 22, for Herbert Otto Rogers of Livonia, a resident of the area for most of his life, who died Tuesday, June 18. Mr. Rogers, who died at Beaumont Hospital, was 68.

Born July 10, 1905, in Robins, Ohio, he was the son of Adolphus and Eleanor (Scott) Rogers. A retired employee of the Ford Motor Company, Mr. Rogers was a member of the Covenant Community Church of Redford township.

A son, Harry, preceded him in death. Surviving are his widow, Bessie Brown Rogers, two daughters, Mrs. Thelma Burgess of Union Lake, Mrs. Connie Coykendall of Livonia, a son, Terry of Redford township, two sisters, Mrs. Marjorie Gibson of Ohio, Mrs. Isabel Abraham of Plymouth, a brother, James of Plymouth, and five grandchildren.

Services were held at the Casterline Funeral Home where the Reverend W. Howard Schoof officiated. Burial was in Parkview Memorial Cemetery, Livonia.

## GERALD WACHTEL

Gerald K. Wachtel, 55, a Novi resident until moving to his daughter's home in Dearborn Heights in February, died June 19 after a year's ill-

ness. He was owner of Awi Cast. Dental Laboratory on Grand River in Detroit.

He had been a resident of Novi with his family since 1960.

Funeral services were held Saturday at Harbin Funeral Home with the Reverend Leslie F. Harding of Holy Cross Episcopal Church officiating. A Masonic service was held Friday. Interment was in Woodlawn Cemetery.

Mr. Wachtel was a member of the Michigan Dental Association, Palestine Lodge No. 35, F and AM, Palestine Chapter 159, RAM.

He was born February 24, 1919 in Racine, Wisconsin, to Louis and Marjorie (Lee) Wachtel.

In addition to his widow, Ruth, whom he married 29 years ago, and his daughter, Mrs. Brian (Patti) Getyina of Dearborn Heights, he leaves a son, Jimmie; stepfather, James Sorensen; and a brother, Clarence.

# School Purchases 120-Acre Site

Purchase of approximately 120 acres for a high school, middle school and nature trail area was authorized by Northville school board members Monday night.

The site, part of a 244-acre parcel, is located on Six Mile Road, west of Sheldon, and is owned by Robert Haass. It is directly opposite of the vacant land owned by Wayne County Child Development Center in which the district has also expressed an interest.

Purchase price is estimated at \$6,500 per acre. The site has been eyed for several years by the district which holds an option on the parcel.

While Haass offered the western portion of site to the district, architects told the board they believe the eastern portion, which the board authorized administrators to purchase, is more useable because of less steep grades. When questioned by board

members Monday, Superintendent Raymond Spear said he has "no idea when we will get an answer on the Wayne County Child Development Center property. They have placed our request for negotiations on the property with others for future study." The county property is located south of Six Mile and west of Sheldon road.

Trustee Andrew Orphan told Spear "not to terminate negotiations on the parcel in case this falls through."

Although no date has been established for construction of the schools, administrators commented they are eyeing opening of the school about 1980. Planned for the site is a 2,200 pupil high school, 1,000 student middle school, nature study center and athletic areas.

Completion of purchase of the site is expected before July 8.

# Probe Park Robbery

Continued from Record, 1 at Seven Mile and Sheldon Road about 3:20 a.m.

Dogs from Michigan State Police followed the attacker's scent to inside the Kroger Store on Dunlap Street. Wayne County Sheriff's Department helicopters and city police joined township officers in the search for the man.

Township Patrolman Philip Presnell has asked that anyone hearing or seeing anything suspicious between 2:30 and 3:30 a.m. Saturday to contact him at 349-6666.

He said that the couple's car was parked on Hines Drive directly behind Kings Mill and that the man's ski mask was found next to the car.

"We feel someone, especially anyone living in Kings Mill, may have seen or heard something about that time," Presnell added.

The man was alone and police believe he went to his vehicle after the attack since the purse, found at the state hospital, appeared to have been thrown from a car.

# Township Removes Sewer Proposal

Proposal to construct a storm sewer for the middle school on Bradner Road at Six Mile at a cost of \$32,000 has been withdrawn by Northville township.

According to Superintendent Raymond Spear, the township "does not feel that they can fulfill their commitment to build the sewer for \$32,000. Because of that, we are asking you to reconsider running the line along the back property line of Franklin Road parcels," he told board members Monday.

The township's letter only stated that the price figured was too low. It did not propose another cost, administrators said.

Spear said that by purchasing easements from property owners who front on Franklin Road, the "sewer can be built more cheaply than going down Franklin, if we get the cooperation of land owners."

Director of Business and Finance Earl Busard said he met with some of the property owners last week and "they seem to appreciate our position. If we put the sewers along Franklin Road, they feel development will be more likely in the area than if we build to our own specifications."

If the sewer was constructed along Franklin Road, the district would have had to build it large enough to handle future storm water from adjacent properties.

In a related matter, school board members referred to the facilities sub-committee a request submitted to the township board to designate Franklin Road as a natural beauty road.

Spear said that if the road is granted the designation sought by residents it "may mean we cannot run the sewer line down the road." Township trustees will hold a public hearing July 18.

# Novi OKs 4 Appointments

Three appointments to the Planning Board and one appointment to the Elections Commission were made by the Novi City Council Monday.

Named to fill vacancies on the Planning Board were John Roethel, James Koster, and Donald Smith. Roethel and Koster were named to fill their own expired terms. Smith was appointed to the vacancy created by Edward Leffler's decision not to seek reappointment to the board.

Roethel is chairman of the planning board.

Appointed to the Elections Commission was James

Newbold, a teacher in the Novi School system. Newbold was appointed to fill the vacancy created by the resignation of Mrs. Patricia Karevich.

## SPEAKING

### for The Record

By BILL SLIGER

Little regard is given to the importance of a service until it is needed.

For example, water supply is taken for granted until the main breaks; and who cares about the television repairman unless the tube's on the blink; and Edison, Consumers and Michigan Bell are just bills to pay unless the lights go out, the furnace isn't working or the phone's dead.

Generally speaking these services do not fall into the same "emergency" category as police, fire or ambulance service.

When an ambulance is really needed, it's important. Life may depend on the response time. A minute could make a difference.

That's exactly why Northville's city council is so deeply concerned about complaints it has received on the present service being provided city and township residents.

Both city and township officials have met recently with representatives of the firm that is being provided local accommodations for its ambulances and personnel.

It would appear that the city has experienced more problems with the caliber of service than the township. At least for the present Township Supervisor Lawrence Wright expressed the belief that service improvements have been made.

But the council has numerous complaints, several very serious, dealing with slow response time, excessive speeding by the ambulance vehicle and failure of the company to have at least one ambulance located in the community at all times as per their agreement.

Monday night the council stood at the "last straw" stage when it heard Ray Casterline of Casterline Funeral Home report what had happened when one of his employees suffered a heart attack on the job.

Casterline stated that he requested that the ambulance take the stricken employee to St. Joseph hospital in Ann Arbor.

He reported that he, and others who also heard the response, were shocked to hear the ambulance attendant say that his tires were too worn and therefore it would be safer to drive to St. Mary hospital in near-by Livonia.

Police have complained that response time has been too slow.

And Mayor A. M. Allen knows by his own recent experience that the communication system leaves something to be desired.

While he does not imply that his wife could have been saved by prompt ambulance response, he

sadly reported the following experience with the Pontiac-based dispatcher:

Just three weeks ago the mayor called for ambulance service when his wife was stricken in the early morning hours. The Pontiac dispatcher instructed the mayor to call the local service directly because she was unable to understand the mayor's address instructions. (Ironically, the mayor's home is just three or four blocks from the local ambulance facility).

So he placed the call directly and was told that all calls must be placed through the Pontiac dispatcher. He explained the problem, but ended up calling an ambulance service in Novi.

Meanwhile, much later than it should have been, the local ambulance arrived. As fate would have it, the Novi ambulance was delayed by a train.

The mayor knows by firsthand experience the total frustration one experiences when a badly-needed emergency service falters.

He recognizes, too, as do his fellow councilmembers, that communication foul-ups, personnel changes, etc., can cause lapses in service excellence.

But there would seem to be little excuse for "unsafe tires", excessive speeding in high-traffic areas, or slow response time in the relatively small community of Northville.

City Manager Steve Walters points out that response time of the volunteer fire department is better than the ambulance service. He believes it should and can be improved.

Meanwhile, he suggests that if anyone has an emergency need for an ambulance (heart attack, bad accident, etc.) that the call for the ambulance be placed directly with the police department, either in the city or township. The officer can then relay the message properly.

It's possible that a police car can be dispatched immediately, also, if it's an emergency where police can provide assistance.

Meanwhile, local officials should be encouraged to continue their efforts to improve service by whatever means they can.

Prompt ambulance response and professional attendant assistance can mean the difference between life and death in many emergency cases.

YES . . .

Is homosexuality an illness? My personal opinion is definitely, just as much as alcoholism and drug addiction. As an illness it should be researched much more than it has been. If parents are alerted to indications of homo tendencies in young childhood treatment could be started early.

Homosexuals are different in their thinking and accepting the teachings of the Bible than the norm, and rather than looking down upon them they should have counseling and all the help available to them to overcome this illness.

They must be re-educated and rehabilitated so they can lead lives that do not set them apart. Their educators must be God-fearing individuals who believe in what they are doing and not some far-out individuals who think that everyone is entitled to do as he pleases, no matter who is hurt by the process.

God, and man, have given us laws to live by and they are for the good of all. We must abide by them or the world will become more corrupt as time goes by.

Let's have more deep and meaningful research on this illness. Then early detection will become a way of life and help can be given before the illness becomes too deeply imbedded. I firmly believe the old adage—"An ounce of prevention is worth a pound of cure".

Mrs. Donald Starr  
Brighton housewife

NO . . .

An operational definition of a homosexual is one "who is motivated in adult life by a definite preferential erotic attraction to members of the same sex and who usually...engages in overt sexual relations with them".

The evolution of this preference for the same sex is based on multiple factors under consideration and debate, namely constitutional, hormonal and environmental. Freud wrote that it was a variation of sexual function caused by arrested sexual development.

Whatever the etiology, homosexuality is a way of life and not an illness. Homosexuality is compatible with full mental health. It does not automatically imply neurotic functioning. Homosexuals can have a plethora of problems just as many heterosexuals can. Many stressful psychological symptoms occur as products of society's prejudicial attitude to homosexuality, ranging from considering it an illness, crime, perversion, sin or a degradation.

Homosexuals surrender the procreative functions of sex in favor of the interpersonal aspects to establish intimate relationships with another human being, and in the latter they are like heterosexuals.

To use a framework of illness places the burden of change from homosexuality to heterosexuality, thereby exonerating itself from learning to be more understanding and tolerant of persons who enjoy a different form of sexual activity.

Happy Days Are Here Again

By JACK W. HOFFMAN

When school resumes in Novi next fall, it will have one of the few male kindergarten teachers in Michigan.

But before chauvinists in your family conjure up an effeminate character who tiptoes through the tulips, they better reserve judgment until after they have met 30-year-old Dennis Lampron of South Lyon.

Lampron is nobody's patsy — male or female, and he'll take on anyone who has the mistaken impression that elementary teachers are a step below secondary or college level instructors.

Furthermore, he vigorously refutes those who believe teaching young children is the female's domain.

So the youngsters who enter his kindergarten class next fall will be greeted by a man...a man who loves children and who is firmly convinced he has one of the most important roles in the education profession.

What's more their teacher will be a husky ex-Army paratrooper and a former Golden Gloves boxer who has two master's degrees and is just a short step away from his doctorate.

Hired two weeks ago by the Novi Board of Education to teach next (school) year at Novi Elementary, Lampron presently is a second grade teacher in the Brighton School District. His wife, Leslie, teaches the same grade level in River Rouge.

Both entered the profession a few years ago as first grade teachers before moving to the second grade level. This year, the couple sought either a "teaching team" assignment or kindergarten assignments.

Novi offered and Lampron happily accepted the kindergarten job...but Leslie, a former national kayak champion from Ann Arbor (her sister is an Olympics

## Readers Speak: Defends Novi City Manager Saunders

To the Editor:

During the past few weeks I have read the newspaper reports of actions and alleged actions of both the Novi City Council and Mr. Harold Saunders, Novi City Manager, and feel that I must speak out on this matter.

As a citizen who has been very active in subdivision association matters, attended many City Council meetings, and generally pressed the city administration for improvements in many areas, I believe my view of both the City Council and City Manager to be a fair and unbiased one. It certainly is

one which could only be held by an actively involved citizen, not prejudiced by an administrative position, adverse publicity, or public opinion, as yours might be. The articles regarding the Novi City Manager these past few weeks have certainly created public pressure and embarrassment over the city's financial condition. They have also been irreparably damaging to the Novi City Manager. In fact, regardless of their accuracy or inaccuracy, they were a complete public character assassination.

I for one do not feel they

were justified.

My reasons are as follows:  
1. The City Manager has been in office just over one year. This is too short a time to gain control of all the problems Novi is experiencing.

2. The demands on the City Manager have expanded tremendously over the past year or two, much faster than any one person could handle.

3. The changes in the Mayor, City Council, and City Attorney have added talent, never before available to the city administration. This talent and ability has resulted in even greater

expectations and demands on the City Manager.

4. The Novi Building Department investigation, has dominated the attention of the City Manager for more than 50 per cent of his time in office.

5. The general economic conditions which were sheer disaster for the building industry, eliminated a major portion of Novi's income. This income was always reliable in past years due to Novi's rapid expansion.

6. The current City Manager is a professional whose talent and ability were a welcome addition to our

city. It is very unlikely that a better City Manager will or can be located to take his place.

7. There have been many demands and pressures placed upon the City Manager during his term of office that the City Council is not aware of. I for one as an official of our subdivision association, and as an individual, have pressed him continuously on many subjects. His response has been professional and sincere, within the limits of his position and other demands placed upon him. There are many other reasons why I think our City

Manager is a good one. For example his lack of irritation while I pressed him on a problem at home after working hours, the same day his two sons were operated on (I was not aware of the situation before hand), or his sincere concern at 1:30 a.m. on March 9th as he personally knocked on the doors of homes to warn families in the path of danger when flood waters and resulting soil erosion threatened to collapse the dam in Meadowbrook Lake. I personally urge each member of the City Council to

## Bang Up Job Top of Deck

Continued from Record, 1

and our mortar turned into a large, used banana peel.

American Flag fell off the supports and became a red, white and blue burning blob on the ground.

"Our Niagara Falls display should have had a five second fuse. Instead, it was a split second fuse. When my friend lit it, he became part of Niagara Falls. You have never seen anyone run so fast in all your life."

Fortunately, the 'sparks' from these fireworks are not extremely hot, explains Walts. They are much like the sparks of a sparkler.

"In 15 years, neither the people working with me, or the people watching the displays have ever had even the slightest burn. But I'm knocking on wood."

After six summers as being the fireworks chairman in Corydon, Walts "passed the torch" and he and his wife moved to Des Moines, Iowa. "There I joined a local Jaycee chapter where it became known I was a 'fireworks expert.' This chapter was planning its first Fourth of July celebration so again I had my old job back again.

The shows in Des Moines were especially nice, recalls the Northville fireworks chairman, because "we displayed the fireworks at one end of a half-mile long lake and the spectators were at the other end. The reflection of the ground displays on the water was just spectacular."

The "only goof" in Iowa occurred one year when one of Walts' assistants accidentally placed a shell upside down in the mortar buried in the ground.

Mortars are the heavy metal tubes in which the aerial explosives are touched off. The shell is lowered to the bottom of the tube, he explains, and a fuse is lighted. The shell explodes, hurling the projectile a 1,000 or more feet into the air where a timed charge bursts it into the colorful displays seen by spectators.

"Since the fuse comes out the top of the shell that you hold when you drop the shell in the mortar, I don't see how in the world he put it in inverted, but he did. He then lit the fuse, the shell exploded,

"Fortunately, it was the last shell of the display. If this had been the first shell, our show would have ended like a knockout in the first 10 seconds of a prize fight. And we would have been left with 150 aerial shells that we could not have fired because our mortar was demolished.

"Since then, I have always had spare mortars on hand. After six years in Des Moines, the Walts moved to Northville where, the Jaycee laughs, I again "answered the call."

This marks his third year as the Northville Jaycee fireworks chairman. "Anything unusual happen in Northville during that period?"

"In 1972 we had a pinwheel fly off its mounting, spin down the hill on the ground, and bounce off a man's hood. It must have been Richard Petty. No one else could have driven away that fast."

That's another good reason why motorists ought not to park on Eight Mile Road but rather at the high school, he adds.

Last year the American Flag was supposed to be the last ground piece fired during the finale. "But we mounted the flag a bit too close to one of the other ground pieces and when it was ignited about the middle of the program, the sparks from this set off the American Flag. One person told me later, "What a neat way to light the flag!"

A sales representative for the Keller Manufacturing Company, Walts raps his knuckles on wood and says, "I have never had a 'rain out' in 15 years."

Once, however, he saw a thunderhead moving in over the fireworks area in Indiana, he recalls. "We decided to move quickly. We set off a planned one hour show in about 12 minutes. Our display looked like Omaha Beach on D-Day.

"It has been said that your best fireworks display is when there is something happening every minute. If that is true, our 'D-Day' show was by far the best. As we fired the last shell, an ocean fell out of the sky."

Continued from Page 10-A

star), is still looking for a kindergarten assignment.

This summer Mr. and Mrs. Lampron will be instructors for pre-schooler classes in South Lyon where Lampron also has taught adult education classes.

"I'm really going to miss these children," said Lampron as his class in Brighton drew to a close. "We've grown very attached. Their parents have become close friends of my wife and I."

The bond between teacher and children, says Lampron, goes beyond academics. "I see my role as motivating them socially as well. What success I've had with children, I think, is due to the fact that we respect each other."

Although the Lamprons have no children of their own, Lampron naturally has become the father image for many of his youngsters. And he relishes the role.

"I have lunch with my kids every day, and occasionally we have some of them and their parents home for dinner. We go roller skating together, and, in short, we really have a ball. All my kids, I'm proud to say, are happy and doing well."

One of a family of four who grew up in Inkster, Lampron has master's degrees in group dynamics and early childhood education at Eastern Michigan and University of Michigan, respectively. He has a straight "A" record in graduate school.

He served in the Army Paratroopers from 1962-65 making 36 jumps and earning the coveted master jumping wings.

He boxed for six years before and during the service, "winning a few and losing a few."

## Parade's Next Week

Continued from Record, 1

Prizes will be awarded for the best decorated bicycles.

Capping the Jaycee festivities will be a fireworks display at dusk on the Fourth. (See story elsewhere.) Jaycee drawing winners will be announced during the evening show.

The barbecue, which features a complete meal with crispy outdoor barbecued

chicken, will be held in the rear of the city hall. Delivered dinner orders will be provided large family gatherings or parties of 10 or more people at no additional service.

Persons interested in this delivery service are asked to call either Douglas Loomis, 349-1664, or Richard Norton, 349-2467, before July 3. Serving begins immediately

# Treat Grads to 'Outstanding Party'

To the Editor:

Another graduation and another outstanding party, accomplished by committees of volunteer parents of Northville High School seniors, are now history.

The program of music and dancing, decorations, swimming, buffet snacks, and breakfast was enjoyed by 260 graduates. We had in attendance a well behaved group of young ladies and gentlemen. All the "thank yous" for a nice evening from many was graciously received.

"Conestoga Trail", the name of our party, led the graduates to our town of New Prospect which was located in the cafeteria at the high school. All of the store fronts were copied after an old western town with a Blacksmith Shop, Silver Slipper Saloon, General Store, Barber and Dentist Shop, a Bank, Jewelry Store, Mustang Hotel, town jail, Assay Office and a movie

house called Goldies Vista Vision. All were beautifully reproduced by our decorating committee.

Everyone was given a red neckerchief and a red, white and blue stars and stripes on a shield shape decal, as favors upon starting down the trail.

The master of ceremonies was Mike Sporer, a disc jockey of Wayne State Radio Station. The "Tearfires"

Rock group provided music for the evening starting at 10:30 p.m. thru 3 a.m. the next morning. Snacks were in abundance and replenished throughout the evening as were the soft drinks. Breakfast was served at 3 a.m. after the swimming. We gave cash prizes by drawing numbers, you had to be present to win. The master of ceremonies awarded record

albums as the evening progressed.

This all took place Tuesday, June 18, following the commencement exercises.

A very special "thank you" to all parents who worked hard and put in an abundance of their time to make this party an event to remember.

Sincerely,  
Mrs. Dolly Cummings,  
General Chairman

## Newcomers Impressed

To the Editor:

We have been concerned by recent letters criticizing the Novi Building Department, as our own contacts with Mr. Bailey and his staff have a very favorable picture of the workings of the department.

When we applied for a permit to do additional electrical work in our home, Mrs. Baird, the chief permit clerk, was extremely helpful in outlining procedures. The inspector who came to approve the work was prompt and courteous.

On several occasions we have called on Mr. Bailey in regard to questions on local ordinances or requirements and he has always been most helpful. When we have been at the department offices, our observations were that the employees, far from lounging about, were more likely handling two things at once.

Granted we are newcomers and may not be totally aware of the overall situation, but we feel that in all fairness we should let people know that at least in our case, the department deserves only praise.

We would add that this praise extends to the council members, board members, and city administrative staff whom we have called upon for information and assistance.

Very truly yours,  
Lt. Col. and Mrs.  
Edward Gilbert  
22887 Cranbrook  
Novi, Mich.

**ROTARY RECOGNITION**—The Northville Rotary Club presented a "certificate of appreciation for outstanding service" to The Northville Record newspaper last week. The unique award contained the following hand-inscribed citation: "The Rotary Club of Northville, Michigan presents this certificate as an expression of appreciation for constructive and progressive service rendered in the Northville area." Presenting the award is Rotarian Charles Smith. Accepting on behalf of The Record are Publisher William C. Sliger and Jack W. Hoffman, assistant to the publisher.

## Defends City Manager

Continued from Page 10-A

visualize yourself in the City Manager's position, considering the above mentioned circumstances, as well as the hundreds or thousands of other problems the city administration—Manager and Council—faces every day. I further suggest that Mr. Harold Saunders' resignation be rejected, and that the city administration lay to rest once and for all the rumors of dismissal.

Men and women of your caliber must be above the pressures of adverse publicity and avoid the use of a scapegoat to ease the pressures of financial embarrassment created primarily by the economy.

I believe that either the City Council or the newspapers have sentenced an innocent man to "hang", and that you

are morally obligated to correct that injustice. Please attempt to do so immediately. Respectfully yours,  
G. B. Kidd

Close Vote  
Cancels  
Grievance

Following two tie votes, the second broken by the president, Northville Education Association decided not to take their grievance over year-round school to arbitration.

According to NEA President Priscilla Smith, she cast the tie breaking vote which means contract negotiations will not be conducted this summer on the two-year pact signed last year.

Mrs. Smith said the vote, taken last week, resulted in a 23-23 tie the first time. "Someone then asked for a second vote on the arbitration question and the re-vote ended in a 26-26 tie."

In explaining her tie-breaking vote, the NEA president said she did not feel "that what we would gain from arbitration would be worth the cost, this time."

"If concerns continue to arise over year-round school," she continued, "informal negotiations or a grievance can be used."

She added that presently, air conditioning is the greatest concern of teachers.

Problem over whether or not the contract should be reopened arose over what "district-wide" meant in the two-year agreement. The contract states that it may be re-opened if the year-round school program is district-wide.

The district maintained that offering year-round school at all grade levels did not constitute a "district-wide" program. The NEA took the opposite stand.

A grievance filed by NEA was turned down by Superintendent Raymond Spear and his action was supported unanimously earlier this month by the school board.

Mrs. Smith explained that those voting for continuing the grievance felt that "even though the program is experimental, that is not a reason for not negotiating concerns."

She added, however, that most of the teachers who wished to continue the grievance wanted the arbitrator to decide what was agreed upon at the table, whether the intent of the talks last year concerning year-round school meant the contract could be opened if YRS was offered at all grade levels, as the NEA said they did, or whether it meant the contract could be opened only if the program was mandated, as the district said it understood.

"What some members didn't understand was that what the arbitrator would decide would be only the meaning of 'district-wide' as it applied to the language in the contract," she explained, "not if 'mandated' (which was not in the contract) was discussed at the bargaining table last year."

Reopens July 22  
Adjourn Zoning Hearing

commercial zoning would permit other kinds of businesses should the service station cease to exist.

James Martin, representing the oil company, cited Asher's long and commendable service at the location as an indication of what property owners could expect in the future. There is absolutely no intention of using the site for any other purpose than as a service station, he insisted.

And relative to Stone's report of neighboring objections, Asher said he had personally visited owners of adjacent properties and had found that nearly all of them had no objections to the company's improvement plans.

As council took the matter under advisement, Councilman Paul Vernon observed that in deliberating the matter council must consider what might happen if improvement of the station is not permitted. A vacant station building may be more of a nuisance to the neighborhood than a larger operating station, he suggested.

Concerning the North Center Street proposal of Les Seeligson, who along with Paul Sigalo has a purchase agreement on two of the three houses lying between the Chatham parking lot and Walnut, upgrading of the houses for professional office use is suggested.

Basically, his plan calls for rejuvenation of the original architecture of one and possibly both houses, maintaining the existing front yards and trees, and providing parking in the rear of the houses.

Mrs. C. Oscar Hammond, who owns the corner house, made it clear Monday that if the council plans to give the adjacent two properties a professional office designation she wants the same for her property.

In view of the motoring and pedestrian traffic in the area, her home as a residence has become too trying, she indicated.

Her neighbor to the rear on Walnut Street, Harry Larkin, also indicated he wanted the PO designation for his property if a change is given the other properties.

By suggesting a zoning use change that calls for retention and improvement of the residential character of the houses, Seeligson appears to be gaining officials' support.

Two of the officials who have been among the strongest opponents of extending commercial zoning to Walnut, Councilman Wallace Nichols and Planning Chairman J. Burton DeRusha, after hearing the plan called it the "second best" use for the property — the first being residential.

DeRusha, who noted the planning commission earlier had unanimously recommended retention of the residential zoning, emphasized that his "second best" observation was a personal opinion and did not necessarily represent the opinion of other planners.

Councilman Vernon, who favors a zoning change, cautioned fellow members, however, not to lose sight of the fact that once a zoning change is granted there is

nothing to prevent another plan from developing.

Charles Lapham, commenting on the zoning proposal to permit residential uses on second floors of downtown buildings, suggested the council modify the provision so that it does not require special permission of the planning commission to allow such second-floor use.

Other public hearing matters concerned: - An observation by Dennis Roux that an adjustment of the zoning boundary line at Lake and Center to give the same zoning designation to two adjacent lots owned by the same person;

- Presentation to council of the petitions, originally submitted to planners, by Richard Bohn, calling for retention of a residential classification of five houses on Randolph and Wing Street. (Present plans call for this residential classification).

The Brighton Argus / THE SOUTH LYON HERALD

Wed., Thurs., June 26-27, 1974

'Racing's a great sport, but it's a bad hobby...'

Brighton race mechanic John Adams

## Brighton's John Adams

# Man Behind The Racer

By JOHN BECKETT

You might say John Adams, born and raised in Indianapolis, has racing in his blood.

You certainly wouldn't be wrong in saying that. Adams spent his boyhood sneaking into and hanging around the auto tracks of Indy "the way other kids go to the movies." He grew up around auto racing, studied engineering in college, worked for a while in the auto industry and now owns his own foreign car repair shop in Brighton.

Adams doesn't drive race cars, but he does love them. For most of his life, Adams has worked on race cars. He has built them, tested them, torn them down and re-built them.

Adams gives the distinct impression that he'd love to be in a pit crew at the Indy 500 someday; that he'd love nothing more than to lift the big time of auto racing.

The chances of John Adams ever doing that are pretty slim, though, and he knows it. But that hasn't kept him from pursuing his interest in racing.

"Actually, it'd be very wishful thinking for us to think we could ever break even in racing," Adams said last week while discussing his current racing project, a Formula A car he and partner Dan Ramschissel hope to start racing late this summer.

"The only guys who really make it are the ones with a sponsor behind them," he said, "like some big company which just uses the racing for a write-off."

"We could never campaign this thing ourselves. We just don't have the finances to do it."

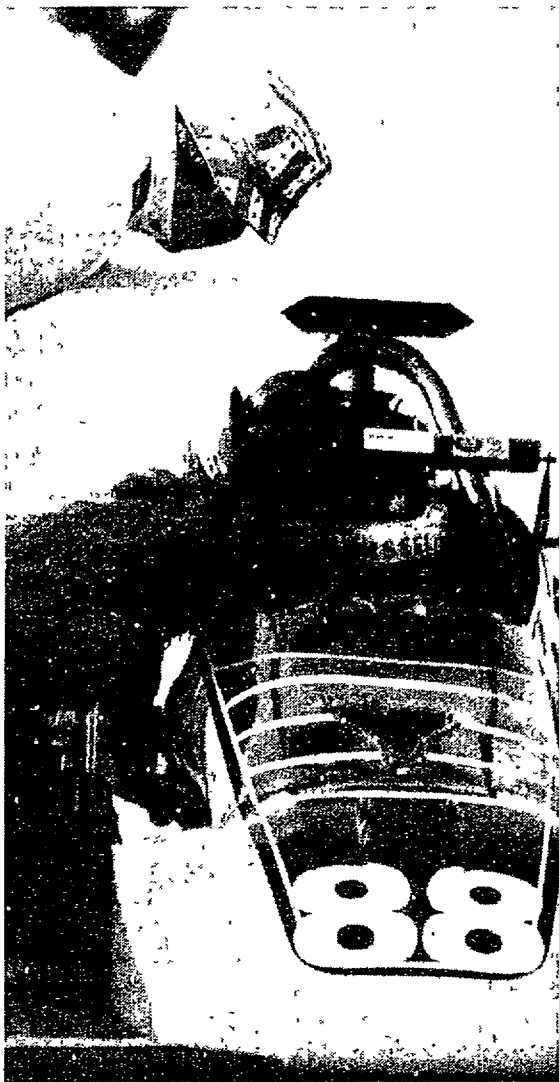

"Even when we race, we don't really go into it with the idea of winning," Adams said. "But maybe if we could just finish. You can get from \$800 to \$1,000 just for finishing last, and we'd be happy if we could just win enough to cover the weekend's expenses."

Adams said he and Ramschissel, who have been working on their Formula A for the past six months, are in the race game mainly for the love of racing.

"Heck, the only one who makes any money is the man behind the wheel," the mechanic explained, "and then only if he has a sponsor."

"We'll probably end up selling our car after the first time or two we race it. But just the idea of getting it ready, of getting it into a race and finishing, is fun."

It's also a rather expensive idea,

Adams confers with driver Ramschissel

according to the mustachioed mechanic.

"It's sort of like taking your wife to buy a new home," Adams drawled with a hint of Indiana accent. "You want to do it, but you're afraid to leave her with the guy too long, for fear of how much it'll cost you."

Adams and Ramschissel, who used to race the smaller, less expensive Formula V cars, decided to try their luck with the big

machines late last year, when they found out where they could get a good deal on such an auto.

They used the proceeds from the sale of their Formula V to purchase the Indy-type car, which they've been working on ever since.

Now, the Adams Enterprises racing team hopes it is only about two months away from racing the machine.

"People don't realize how much preparation goes into getting a race car ready," Adams said. "It's just unreal. Everything's got to be right, because if it isn't, you could get a guy hurt."

"This is like a dream come true for us," he went on. "We're working on it little by little, and maybe by July it'll be ready to start testing. Then we hope to race at Indianapolis Raceway Park in late summer."

Adams and Ramschissel, of Westland, have been working on the car in their spare time and on weekends. As a result, what would take one month of steady work has taken them months of piecemeal attention.

The car, which will be capable of hitting 195 m.p.h. on the straightaway, has a 480 horsepower engine with Lucas fuel injection system. Although Adams said he couldn't put an exact pricetag on the racer, he said such a car could be expected to sell for between \$5,000 and \$14,000.

Besides being expensive, the machine is also complex.

"There's a lot that goes into these things," Adams said. "If you're going to be taking a curve at 150 m.p.h., you want to know that car's going to handle properly. So you have to check the suspension, gear box, brakes and everything, time and time again."

Adams said it's also crucial to have a good driver-mechanic relationship.

"We're lucky in that way, because Dan and I really hit it off," Adams noted. "He can relay his concerns to me. If you have a driver and mechanic who can't really relate, you could have someone getting hurt."

Hopefully, all the time and effort expended by Adams and Ramschissel will be worth it late this summer, when the duo enter the car in the Gran Spree in Indianapolis.

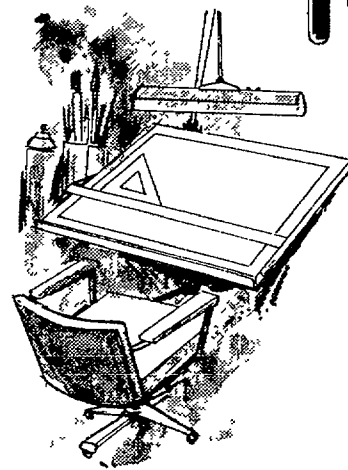

Meanwhile, the pair will continue to search for a sponsor — someone who will back them financially so they can race the car more than once or twice.

"We can't do it on our own," Adams said. "On cars like these, the motors have to be torn down every two races, at least. We just can't afford all that expense, plus the cost of traveling to races and all that."

"If we could get a sponsor, we might enter a few races," he said. "But if not, we probably won't race it too much."

"Racing's a great sport," Adams smiled, "but it's a bad hobby, because it's so expensive."

# Carpet Yard in Color

You can add instant color to your home landscape with annual flowers, says William Carpenter, Michigan State University horticulturist.

"There are literally hundreds of different kinds of annual flowers in a wide range of colors, heights and shapes," says Carpenter. "By using color, height and shape wisely you can add a new dimension to your garden."

Annuals look best in large groups usually of the same type and color with a contrasting border. They are usually planted in flower beds, patio boxes, rock

gardens, urns, or almost any container. Some unique planters: wooden dividers, old shoes, bathtubs, sinks, tire and washtubs. Annuals can also be trained to grow like small trees and shrubs.

Listed below are some of the most common annuals used in exterior decorating.

**PANSY:** Pansies come in red, yellow, blue and bronze mixtures growing 6 to 10 inches tall. They are especially good for rock gardens and shady locations in the garden.

**MORNING GLORY:** The blue and pink flowers are on vines 8 to 22 feet tall. They are excellent along fences and porches in full sunlight.

**MARIGOLD:** Marigold plants range in height from 6 to 30 inches and are orange, bronze or yellow in color. They are very versatile, being good for window boxes, backgrounds and borders.

**IMPATIENS:** Impatiens are red, white, orange or purple in color and 10 to 20 inches tall. They are especially suitable for shady areas.

**FOUR-O'CLOCK:** These plants grow 20 to 24 inches tall and the basic colors are red and white. They are excellent for formal flower beds.

**DAHLIA:** Excellent as a background plant, Dahlias grow 18 to 40 inches tall. They come in a wide range of flower sizes and colors including red, yellow, purple, orange and white.

**COSMOS:** Also good as a background plant, cosmos are white, pink and crimson in color and grow 30 to 48 inches tall.

**COLEUS:** Coleus plants grow well in the shade, making them good for planters or window boxes. The plants are 18 to 24 inches tall and come in a mixture of showy leaf colors including reds, yellows, greens and white.

**BALSAM:** These plants grow 20 to 30 inches tall and

produce red, pink and purple flowers. They are especially good for planters, hanging baskets, and window boxes.

**AGERATUM:** Ageratum is a good border plant producing blue and white flowers. Growing to a height of 6 to 18 inches, it should be encouraged to branch by pinching the tips.

**VINCA:** These plants are 15 to 18 inches tall with white or purple flowers. They are good plants for window boxes and hanging baskets, and grow well in shady or sunny locations.

**SWEET ALYSSUM:** An excellent border plant growing 6 to 10 inches tall. The basic colors are white and blue.

**SUMMER CYPRESS:** Grown for its foliage, this plant is most often used as a hedge or as a divider for large beds. The plants grow 30 to 36 inches tall.

**SPIDER PLANT:** Growing 30 to 36 inches tall, with pink or white flowers, the spider plant is good for backgrounds.

**SALVIA:** These plants are 14 to 16 inches tall and come in bright red or pink. They are excellent as border plants and grow well in full or partial sunlight.

**PORTULACA:** Portulacas are 6 to 9 inches tall producing red, pink, yellow and white flowers. They are good for rock gardens or hot and sunny locations unfavorable for other annual flowers.

**PHLOX:** These plants are 6 to 12 inches tall and can be adapted to rock gardens. Colors include pink, white and pastel salmon with a white eye.

**PETUNIA:** The petunia is available in almost every color including red, pink, blue, white, and two-color mixtures. They grow 8 to 24 inches tall and are good for window boxes, hanging baskets, and flower beds.

Most annual flowers are suitable for cut-flower arrangements and many can be dried.

## 'Thin Vegetables When They're Tiny'

Crowding your vegetable plants to get as many as possible can actually cause a smaller yield, says Robert Herner, Michigan State University horticulturist.

Thin your vegetable plants when they are still small. Be sure the soil is moist when pulling out the extra plants to prevent injury to the remaining plants.

Turnips, rutabagas and other root crops should be thinned before their tap-roots become fleshy. Onions and radishes can be left in the ground until they are large enough to eat. Then thin them and leave the others to develop completely.

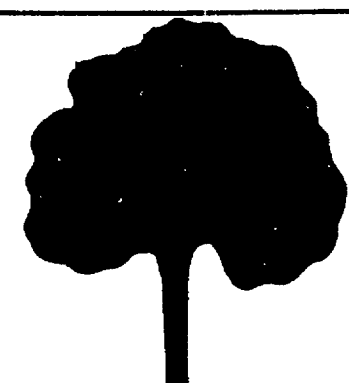

Herner warns that it is much wiser to thin plants than to sow seeds far apart. You can't be sure every seed will germinate and you might be left with very few plants.

Leftover vegetable seeds can be planted next spring if they are properly stored, says J. Lee Taylor, Michigan State University horticulturist.

Store your leftover vegetable seeds in a cool, dark, dry place. Next year, plant the stored seeds thicker than normal because germination may be poorer than for fresh seeds.

Some seeds maintain their germination potential better than others. If you want to determine how thick to plant the seeds, put about 10 seeds in a moistened paper towel. Keep the paper towel damp and note the germination rate.

Too much water will do more harm to your garden plants than too little water, according to Michigan State University horticulturists.

## Pictured Rocks

# Glacial Patterns Awed Indians, Attract Tourists

Few natural attractions anywhere can match the color and beauty of Pictured Rocks National Lakeshore in Michigan's Upper Peninsula, according to Automobile Club of Michigan.

The Pictured Rocks area is now officially a National Lakeshore Park.

Joseph Ratke, Auto Club touring manager, pointed out. "While a few can be seen from land, they are best viewed from the water."

Pictured Rocks cruises, lasting three hours, leave from the Munising Municipal Pier through the summer and early fall. Two trips daily are scheduled through June with five trips from July through August during the height of the tourist season. After Labor Day the schedule reverts to two trips daily.

The king-size murals are composed of red Cambrian sandstone, interlaid with mineral oxides and other geological sediments that have hardened through centuries into thin strata. Years of glacial ice, wind, sun and rain have carved spectacular patterns on the face of the cliffs. Soluble oxide deposits then stained them with many hues.

The result, Auto Club noted, is weird and beautiful forms, including soaring towers, domes, profiles and even the prow of a gigantic "ship". Numerous caverns, some with an area of five or six acres, have been cut into the cliffs by continuous motion of the waves.

The beauty of these rocks and the thunder of the waves in the caverns filled the Indians with awe. The Chippewa, who controlled most of the Upper Peninsula and camped here each summer, believed that the gods of thunder and lightning lurked in the resounding caverns.

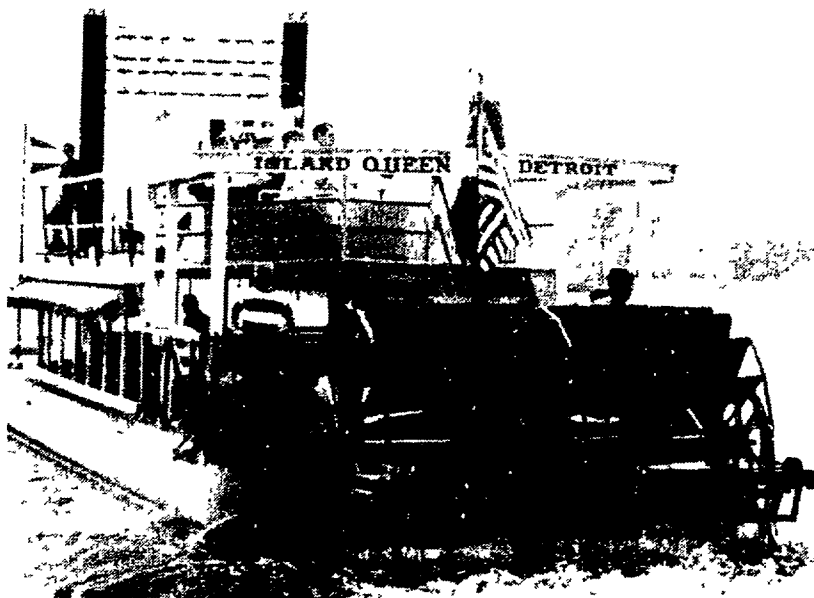

Here originated the legends of the Chippewa's warrior-hero, Hiawatha, later made famous by poet Henry Wadsworth Longfellow.

White men first saw the Pictured Rocks when French explorer Pierre Radisson led an expedition along the southern shore in 1658. He wrote in his journal: "These coasts are most delightful and wondrous ... at one point we came to a remarkable place ... a bank of rocks that the wild men made a sacrifice to ... they sling much tobacco and other things on it in veneration."

"The rocks are so high and so steep it is impossible to climb to the top... Along the shore are many caves caused by the violence of the water ... when the lake is agitated the waves go into these cavities with great force and make the most terrible noises, like the shooting of great guns."

Father Marquette came to the area in 1668, followed by other missionaries and traders, who visited regularly until the French relinquished the territory to the English.

After the Americans defeated the British in the War of 1812, Gen. Lewis Cass, accompanied by Henry Rowe Schoolcraft, noted student of Indian lore, explored the Upper Peninsula. Longfellow derived much of his material for Hiawatha from the works of Schoolcraft.

THE ISLAND QUEEN, popular 60-passenger sternwheeler, is now making 45-minute tours around Kent Lake in Kensington Metropark each summer. This popular excursion boat leaves the Boat Rental Building Dock hourly Wednesday through Sunday, noon through 5 p.m. It also makes pick ups at the East Boat Launch Dock Wednesday, Thursday and Friday, noon through 4 p.m. only. Visitors have an excellent view of the 22 miles of shoreline and the riverboat is available for private charter. Charges are 50 cents per person.

## Michigan Mirror

# Is Little Mini-Biker Legal? Asks Austin

LANSING—That little fellow on the mini-bike may be having a great time. But is he legal?

That's the question posed by Secretary of State Richard Austin, who says many parents don't seem to know the laws about the small cycles.

Each season more and more very young children—many only eight or nine years old—are stopped by police for driving mini-bikes on public roads, parks and recreation areas, Austin reports. And that is against the law, a misdemeanor chargeable against the parents.

TO DRIVE a mini-bike legally on public property, a youngster must be at least 15 years old and have at least a "special restricted operator's license." That license can be obtained after a boy or girl has passed a driver education course as well as special tests given by the Department of State.

There are regulations on cycle equipment too, if it is to be driven on public property.

Austin says a mini-bike must have working brakes, horn, "all other equipment required by law"—and a valid license plate and insurance.

"Mini-bikes must not be driven on public roads after sunset," he adds. "The only exception is a driver who gets special written permission from his local police chief. In such cases, the cycle must be equipped with working headlights and tail lights, which must be turned on after sunset."

Here are some other mini-bike musts and must-nots provided for in Michigan law:

—No passengers, even if there is extra seat space.

—An approved safety helmet for the driver.

—A maximum 35 mph speed when the cycle is driven legally after sunset.

—Headlights and tail lights turned on after sunset, even when the bike is used only on private property.

MICHIGAN STATE POLICE are taking to the road in an effort to enlist new troopers.

With their new 28-foot, \$15,500 mobile recruiting van, the State Police plan to tour several areas of the state. They're scheduled to visit Adrian on the Fourth of July; Battle Creek July 12-13; Saginaw Fashion Square Mall July 18-21; the Ionia Free Fair July 26-August 4; and the Michigan State Fair in Detroit August 23-September 1.

The mobile recruiter, paid for through a federal grant, is the first owned by the State Police. It's equipped with desks for testing officer candidates as well as a walk-through display area.

"FREEDOM OF INFORMATION" legislation may be in the offing in Michigan if Rep. Michael Dively, R-Traverse City, has his way.

Dively says his proposed open records bill would require that all public records be open for viewing and copying by both the press and public.

"Present statutes dealing with this subject are meaningless," the lawmaker contends. "They are vague and put the responsibility of proving why certain material should be made public on the citizen, who must undertake legal action against public officials who withhold information."

THE SITUATION should be just the other way around, Dively says.

His proposal would "put the responsibility in its proper place" by forcing public officials to prove why certain material should NOT be made public. Only information of a personal nature relative to other individuals could be kept confidential under Dively's bill.

## For Young Adults

# College Sets GED Tests

Schoolcraft College is administering the General Educational Development Test (GED) twice monthly at its Instructional Center in Garden City.

The GED test is for persons who have not completed high school and wish to obtain the equivalency diploma. They must be 18 years old and their high school class must have graduated.

The test consists of five separate exams. Individuals work at their own speed, usually completing three parts the first day and the last two parts the second day.

Ten test dates have been scheduled at the Center during the rest of the summer: June 18 and 19, July 9 and 10, July 23 and 24, August 6 and 7 and August 19 and 20. There is a \$5 charge for the test. Applicants may register in person by completing a registration form and paying their fee. The Center is located at 29205 Florence Street in Garden City.

Current plans are to offer GED preparation classes two nights per week at the Center in the fall. The classes assist persons in passing the GED test. The tests may be taken until they are passed, but waiting periods between exams may be shortened by taking the preparation class.

Once an examinee successfully passes the GED test, the State Department of Education issues a high school equivalency certificate. This certificate is recognized by industry, corporations, and institutions of higher education.

During the 1973 calendar year, 10 percent of all high school diplomas awarded nationally were through GED testing. A total of 440,216.

examinations were administered at 2,232 testing centers in the 50 states, the District of Columbia, five outlying areas and five Canadian provinces.

The average age of all GED examinees was 25.1 years, and the average years of formal schooling completed was 9.8. Of the total examined, 42 percent indicated the test was taken to qualify for postsecondary education or training.

Further details on GED testing at the Schoolcraft Center are available by calling 425-3380.

## Instructor

## Gets Ph.D.

Ronald J. Monfette, a Schoolcraft College administrator and resident of Farmington Hills, has completed a doctoral program at Wayne State University.

The new Dr. Monfette has earned a Ph.D. in Industrial Education. His dissertation involved a survey of school laboratories to determine if their sound levels were within ranges prescribed by the Occupational Safety and Health Act (OSHA) of 1970.

# Bible Stories Come Alive

Jonah and the Whale and Daniel in the Lions' Den are more than allegories to the Reverend Donald K. Koehn (pronounced Kane), a 27-year-old missionary who lives in Brighton.

They are stories of real men and real circumstances. They are the inspired word of God, who makes all things possible.

But there's a problem—how to make these stories come alive for young people, from pre-schoolers to high schoolers.

Mr. Koehn has his answer. He uses visual aids which he claims set the Bible schools he teaches apart from most others.

"It looks like it's really happening," Mr. Koehn said, referring to the three-dimensional stage mounted in front of the church. The children, about 150, had just viewed Daniel in the Lions' Den and in smaller groups were now engaged in learning Biblical messages and reviewing the meaning of the story.

Mr. Koehn narrates the stories. And with animated gestures and manipulation of the lions and Daniel, he dramatizes the Biblical story.

The purpose of all these histrionics, of course, is, as Mr. Koehn phrased it, "To get children involved in the Christian life, to get them to find Jesus Christ in a personal relationship."

That's not all that the Brighton missionary does to enliven the Biblical stories or to make religion a felt experience. He also resorts to games, such as tic-tac-toe, to reinforce what he's teaching and to capture the interest of the young people, most of whom are 10 years of age or younger.

It's girls against boys. Who has the most Bibles? The girls. Give them one point for each Bible. One girl brought in the most new People? Give her a watermelon.

Who can find and read aloud before anyone else the Biblical passage Mr. Koehn has just cited? "All right, young lady, where do you want to place the 'X'?" (on the large tic-tac-toe board). The missionary, pointing at the children, asks a question about the story of Daniel. A boy answers, who then says he'd like the 'O' placed in the upper right hand square.

On and on it goes. Points are given out. Some one keeps a tally. The girls are way ahead of the boys. Tomorrow morning, it'll be the same procedure.

For two and one-half hours each day, from 9 a.m. to 11:30 a.m., the tight schedule is followed. The class might be

conducted at night for two hours, but the same tight schedule is followed.

"We try to keep them moving," Mr. Koehn said. "We try to get them thinking about the theme of the week. This week it's 'This is The Life'. We point out the abundant life Christ has given to people and how the children can make their lives more abundant."

"We're non-denominational," Mr. Koehn said. "We don't take doctrinal issues of any church. We just tell stories out of the Old and New Testaments."

Called Uncle Don by the youngsters, Mr. Koehn will continue teaching vacation Bible school through August 30. He teaches a week at each church, wrapping up each school with a program, usually on Friday night, with parents in attendance, but possibly on a Sunday, if the congregation wishes.

This week the voluble missionary and wife Tracy, who assists him, are at the Salem Bible Church.

The 13 churches Mr. Koehn visits with the vacation Bible School are located in Livingston and Washtenaw counties, although Livingston County might legitimately be called his home base.

After graduating from the Grand Rapids School of Bible and Music about four years ago, he came to Livingston County as an area director of the Rural Bible Mission, a Kalamazoo-based organization, which sends out about 30 missionaries in southern Michigan.

"It's a faith mission," Mr. Koehn points out. What he means by that is he trusts the Lord will take care of expenses. Actually, the money is generated by donations from the children and "moms and dads".

The results of the missionary's efforts have been quite dramatic. Total summer enrollment four years ago, Mr. Koehn estimates, was 1,700 to 1,800 children. Last year, the total was 2,500 to 2,800.

In one church alone, vacation Bible school attendance has risen from 33 the first year to an anticipated 600 this year.

Actually, Mr. Koehn's mission is a year-round activity. When public and parochial schools are in session nine months of the year, he teaches religion under the release time class law, which requires written parental permission. Religion is taught in churches near schools for one hour a month per child.

"My greatest thrill," Mr. Koehn said, "is when a boy or girl comes up and says, 'Uncle Don, I have just asked Jesus Christ to come into my heart as my personal savior.'"

The energetic Reverend Koehn

## He's A Lawyer

## Bishop Sees Novi by Air

A former assistant attorney general of Virginia took center stage here Thursday—but not in the courthouse.

Although he has a degree in industrial engineering and is

a member of the Virginia State Bar and the Supreme Court of the United States Bar, the man who toured Novi by helicopter came not as an attorney but as the Michigan Episcopal Bishop.

The Right Reverend H. Coleman McGhee, Jr., was the guest of the Church of the Holy Cross throughout the afternoon and evening.

He toured the community Thursday afternoon aboard a B-V Construction helicopter, later had a private dinner with the Bishop's Committee of Holy Cross, and then took part in the confirmation service in the evening. Bishop McGhee brought with him a richly varied background.

Born in Richmond, Virginia in 1923, he is married and has five children. He was educated in Virginia and holds a B.S. degree in industrial engineering from

## Repairing Of Organ Underway

Visitors to First Presbyterian Church of Northville services since Easter may not be aware that its organ is undergoing extensive repairs because it still is being used every Sunday.

When it was announced the beginning of April, however, that the beautiful sounds of the organ might be stopped if it were not repaired soon and there were not funds in the current budget for repair, church groups and individuals began to raise the \$11,280 needed.

A major repair item was the organ wind chest, damaged when the roof in the old church leaked at a joint. This item is at least \$5,000, according to Mrs. William Williams, wife of the choir director who has played the organ although she is not the church organist.

Along with the repair, she adds, is the addition of five new ranks of pipes for the organ.

Repair work was begun on the organ in April as the Women's Association pledged \$1,000 and raised an additional \$1,100 with a rummage sale. Other church groups, including the Men's

### NEW LISTING IN NORTHVILLE

COMMERCIAL ZONING permits many uses for this large, 2 story house on Main St. Built by Henry Ford for valve plant employees. 2800 square feet. 15 rooms, 3 full baths. Classic styling lends itself to an antique shop or unique professional offices. \$45,000

### NEW LISTING IN NORTHVILLE

COMMERCIAL ZONING on this house across from a block of City parking. Presently used as residential rental unit. Excellent condition inside. \$6,000 down payment on a low interest land contract makes this an attractive buy at \$34,900

3 bedroom house on 2 1/2 ACRES of rolling land in Northville Twp. Up to 7 1/2 additional acres available. Rear of property overlooks a small man-made lake. Houses on acreage around Northville are in short supply and we believe this will not be on the market very long. \$45,000

Small house on 2 1/2 ACRES in Northville Twp. with additional 2 1/2 acres available. A superlative buy. Present rental income from the house would help meet the monthly payments. Primary value in the land. Easy terms available. \$25,000

SEE WHY NANCY IS PROUD!

Nancy is proud of her immaculately clean and beautifully decorated home. She loves her gleaming kitchen, the walk-in pantry, formal dining room, four bedrooms, abundance of closets, bath off the master bedroom, den, and family room. She also loves having several doorways entering onto the huge deck across the rear of the home. Tom and Nancy have added a 20 x 30 pole barn to their nicely landscaped 2.2 acres, which gives adequate room for pony and garden. Tom says he must sell and move on, and Nancy says NO! But this home is offered at only \$46,500, and we think you'll understand Nancy's feelings once you've seen the property.

### JUST LISTED

New 2 story colonial in Brighton Township with Hartland Schools. On ten private acres with pond in rear. Top quality and beautifully decorated. Owner leaving country. Only \$65,500

25 acre parcel in Hartland. Real nice land & location for \$35,000.

2000 square foot brick lakefront home in Hartland—never lived in—fireplace, garage, 2 full baths, landscaped, only \$43,900.

Newer home secluded on 2.6 wooded acres with nice pond. Quad level home needs few finishing touches, but priced at only \$44,900.

### REDUCE TAXABLE SALE PROFIT

If you sell your home and make a profit, Uncle Sam will expect to get a share of that profit in the form of income tax. That is, unless you reinvest your proceeds in another home or are over 65.

Therefore, those who profit from a home sale, put the check in the bank and rent an apartment, should not overlook any legitimate expenses which would reduce the size of the taxable gain.

Expenses such as the Realtor's commissions, deed preparation, legal and appraisal fees, and any escrow fees, can be taken off the top

So called "fix up" expenses also can lead to tax savings. This "fix up" work must be done during the 90 day period before the sale and payment must be made no later than 30 days after the sale.

If there is anything we can do to help you in the field of real estate, please phone or drop in at HARRY S. WOLFE OF LIVINGSTON COUNTY, 3768 E. Grand River, Howell, Phone 546-7550. We're here to help!

**REAL ESTATE ONE IS NOT FOR EVERYONE**

Real Estate One is quite selective about who joins our sales team (probably an important factor in why we outsell every other firm in Michigan). We need reputable, ambitious people to earn and grow with us. To learn more about the exciting opportunities available, you're invited to attend our next Career Seminar on THURSDAY, JUNE 27, 7:30 at 222 W. GRAND RIVER, BRIGHTON. Call 227-5005 for your reservation.

Thank you for calling Real Estate One.

House Speaker Carl Albert has named Congressman Marvin L. Esch the Congressional Representative to the 59th Session of the International Labor Organization Conference being attended by representatives of 108 nations.

Esch will attend sessions of the ILO this week in Geneva, Switzerland. The agenda of the ILO, which began meeting June 5, includes control and prevention of occupational cancer; problems of migrant workers and vocational guidance and vocational training.

The International Labor Organization is dedicating to a worldwide effort to further humane conditions of labor. The delegates develop resolutions and conventions which set standards for affecting working conditions throughout the member nations.

The U.S. delegation consist of delegates and advisors from government, the AFL-CIO and other unions and management groups.

Dr. Ed. Pierce, the Ann Arbor family physician seeking the Democratic nomination for Congress in the Second District, strongly criticized the Nixon Administration Saturday for agreeing to supply nuclear fuel to Egypt, calling it "a potentially very dangerous mistake."

"I am very disturbed by the agreement made between President Nixon and Egyptian President Sadat," Pierce said to supporters in Monroe. "I think it's a serious error to ship atomic products that could be used in making nuclear weapons into a situation like that in the Middle East."

"When you consider the kind of deep-seated hostility that exists in that area of the world, and the destruction already done there with mere conventional weapons, it seems hard to understand why anyone would want to in any way risk nuclear weapons coming into the conflict."

As he began a house-to-house campaign in Northville this week, R. William Joyner, candidate for the Democratic nomination for state representative in the 35th District disclosed his 1973 income and urged other candidates to do the same.

"I firmly believe all candidates for state and federal office should disclose their income and tax statements. Only by being frank and open can we hope to win the public's confidence."

Joyner, who faces Ernest R. Grant in the primary, said one of his main platform planks is working for campaign finance reform.

The Livonia Democrat's joint income tax state of 1973 indicates that together, he and his wife earned \$15,918.96 in wages and received \$708.28 in interest income. They paid \$2,236.46 in income tax.

Gerald C. Davis, a Livonia attorney, has announced his candidacy for the Democratic nomination for the Wayne County Board of Commissioners. Davis seeks to capture the 19th District seat currently held by Republican Mary Dumas. A Livonia resident of seven years, Davis practices law in Livonia with the firm of Cummings & McClorey, P.C.

John E. Breen has filed 7,200 nominating petition signatures with the Michigan Secretary of State office in support of his candidacy for one of the five newly created Wayne County Circuit Court judgeships. The primary election for the five Judges of the Circuit Court, 3rd Judicial Circuit will be held August 6.

Breen, a 47 year old attorney has 20 years trial experience and is presently Chief Condemnation Trial Attorney for Wayne County Road Commission Legal Division.

NORTHVILLE'S Teri Van Buren, a publicity department aide at Detroit Race Course, congratulates Ace Commander on his recent victory in the \$40,000 Frontier Handicap at DRC. Ace Commander is owned by Mrs. Margaret David of South Lyon.

## Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments and horse show news to "Horse's Mouth" care of the South Lyon Herald, South Lyon, MI. 48178.

Dear Sally,  
Does the fact that a mare comes in heat mean that she also necessarily ovulates? And, if not, how does one find out if she really is ovulating?  
Mary H.  
Livonia

In answer to your first question, no. A mare may experience her heat period without ovulation taking place.

If she is ovulating your veterinarian can sometimes feel the follicle by means of a rectal examination. It is often difficult to determine but generally speaking, rectal palpation will give you the answer.

Dear Sally,  
How can I get my three year old fully to stop rubbing her mane? I am treating the mane with a dark liquid every two or three days which is supposed to be for fungus but it doesn't seem to be doing any good.  
Any suggestions?  
Pat W.  
Northville

Check with your veterinarian and maybe you could get a skin culture taken then you'd know exactly what organism you are fighting. Unfortunately the mane takes from six months to a year to grow back in.

Dear Sally,  
What is creep-feeding, and what is a good creep feed?  
N. M.  
Howell

Creepfeeding is the practice of self-feeding young foals in a separate enclosure away from their dams.

Because of the difficulty in formulating and home-mixing foal rations, the purchase of a good commercial product generally represents a sound investment. Such rations should (1) contain high quality ingredients, (2) be well fortified with protein, minerals and vitamins, and (3) be palatable.

And a reminder—get your show results in. We'd like to know how you're doing!

Two Northville residents have been appointed to leading positions for the upcoming 18th annual Michigan All-Arabian Horse

Show sponsored by the Arabian Horse Association of Michigan.

Mrs. Lena Hembrey of Northville is the trophies and ribbons chairman for the show, while Robert Lupini of Northville is the paddock manager.

The show is scheduled to open Thursday, July 18, and continue through Sunday, July 21, at the Michigan State

Fairgrounds Coliseum in Detroit.

Some 1,000 Arabian horses from throughout the Midwest and Canada are expected to compete in 109 different classes. Winners will receive trophies and the right to compete in the national show later in the year.

The show is free to the public.

## Area Masons

### Get 32nd Degrees

Three area residents were among the nearly 500 Master Masons from 11 southeastern Michigan counties who received the Scottish Rite's of 32nd Degree at a two-weekend reunion in Detroit recently.

They are Robert F. Lehman, Sr. of 18394 Jamestown, Beecher O. Burlock of 31 Brookside Place, and Hershel G. Gordon, Jr. of 25712 Seeley Road.

The class was named in honor of the late Lloyd H. Diehl, a 33rd Degree Mason who died in 1972.

## 130 Years Old

St. Stephen's Episcopal Church of Hamburg, which worships in the oldest edifice in the diocese, is celebrating 130 years of continuous service with special observances this month.

## College Records Top Enrollment

Schoolcraft College is just completing its highest enrollment spring session in the history of the College.

Registrar Russell Bogarin reports that 2,526 students are attending classes this spring, collectively generating 10,994 credit hours. Compared to last year, it represents 192 more students and an additional 1,213 credit hours.

These totals also reflect 354.6 full-year equated students (FYES), or 39.1 over last year.

While 1,175 students attend day classes, 1,184 students

## Chapel Singers

### Perform in Brighton

"Jesus Is Coming," a musical written by John Peterson, will be presented by the Chapel Singers at the Brighton Wesleyan Church at 6 p.m. Sunday, June 30.

The personal, intimate and bodily return of Christ, one of the great central truths of Scripture, is of increasing interest to earnest believers everywhere," The Reverend T.D. Bowditch, pastor, said.

"Never before has there seemed to be such eager anticipation of the Second Coming, and never before have there been such overwhelming reasons to 'look up,'" he concluded.

The Chapel Singers is a group of men and women from the church, under the direction of Robert Osterlund, with Allene Tumell and Candi Osterlund as accompanists and Sally Newton on trumpet.

Members of the group are Marge and Dave Norris,

## Babson Report

# Blames Slump On High Rates

WELLESLEY HILLS, Mass.—The upturn in residential building looked for in the second half of this year may well be postponed as a result of sky-high interest rates and a marked decline in mortgage funds because of disintermediation.

Building permits, a leading-tipoff on where housing is headed, were recently reported to be 43 percent below levels of a year ago. But prospects for companies in the housing field are not entirely bleak.

The three companies featured in this column today, for example, are dependent to some degree on the residential housing market, yet they have enough strength in other areas to offset to a considerable extent the bad effects of a drop in their housing business.

The Research Department of Babson's Reports feels that these companies should do reasonably well even in a poor housing year and much better when the housing upturn does materialize. Such stocks seem well worth buying at today's low prices.

CHAMPION INTERNATIONAL: This company is the result of a merger between U.S. Plywood Corp. and Champion Papers, Inc. in 1967.

Late statistics indicate that 60 percent of sales totals comes from building materials, 30 percent from paper and allied products, and 10 percent from home furnishings. There has been considerable fluctuation in company earnings since 1967, but in 1973 net sales rose 18 percent to a record \$2,208 million and net income leaped 45 percent to \$86.8 million.

Although we would expect some slowing of profits gains this year, the reported first-quarter net income was 27 percent ahead of the year-earlier rate, and the year as a whole promises to be relatively good.

Purchase of the common stock is recommended for investors seeking appreciation; also favored is the \$1.20 Cv. Pref., which provides a higher yield. Both issues are average grade and listed on the N. Y. Stock Exchange.

GIANT PORTLAND CEMENT: This concern is well managed and operates as a regional cement producer in the fast-growing Southeastern markets. In terms

of profit margins, return on stockholders' equity, and earnings, GPO in recent years has outperformed many of the large cement firms.

Despite the fall-off in housing starts, overall construction activity in GPO's area is expected to continue sufficiently strong for the company to realize significant benefits from its new cement facilities.

Unusually severe weather conditions resulted in a drop in earnings last year, but the two most recent quarters have been well ahead of year-earlier levels. With the help of new plant facilities and higher cement prices, further earnings can be expected in coming quarters. In our opinion, the speculative-grade common (NYSE) is an attractive buy for investors looking for capital appreciation potential plus a fairly liberal yield.

The company has no long-term debt and only \$2.5 million in current liabilities while current assets total \$12.7 million.

PPG INDUSTRIES: A well-diversified manufacturer, the company produces a wide line of glass, chemicals, coatings and resins, and fiber glass. It serves not only residential and commercial construction lines but also the automotive, chemical processing, petroleum refining, and export and international markets.

In 1973 PPG chalked up another record year as earnings and sales rose 13 percent. Although profits are expected to dip in 1974 because of sharply higher costs and reduced demand in some of the company's major markets, prospects for the long term are optimistic.

The future earnings base has been considerably enlarged by the aggressive capital spending program of recent years. The price of the common stock would now seem to discount adequately the anticipated earnings slowdown.

In our opinion, purchase of the average-grade common stock (NYSE) should prove rewarding for accounts in search of long-term appreciation and dependable income. Dividends have been paid each year since 1899.

THOSE INTERESTED may have a free copy of an even more detailed report on all or any of these three companies by writing to Babson's Reports, Inc., Wellesley Hills, Mass. 02181.

## Bishop Visits

Continued from Page 4-B

Virginia Polytechnic Institute, a J.D. degree from the University of Richmond Law School, and an M. Div. degree and a D.D. degree from the Virginia Theological Seminary.

Among other positions, Bishop McGehee was assistant attorney general of Virginia, vicar at St. John's Episcopal Church in Arlington, Virginia, rector of Immanuel Church-on-the-Hill in Alexandria, Virginia, and Bishop Coadjutor of the Diocese of Michigan.

He is qualified to practice law in Virginia and before the U.S. Supreme Court.

Besides sharing center stage with confirmands in Novi, his visit to the

community had one other purpose. And that was to meet with the Bishop's Committee to discuss progress, goals and problems of the parish.

As is his unusual practice, the meeting with the committee was without the presence of the local vicar, the Reverend Leslie F. Harding.

Club and the Mariners, also offered donations.

Adding to the fund have been memorial tributes as well as profits from the sale of a record made by Dean Sanford, a member of the choir who died suddenly May 11. Individuals, too, have made donations.

While the amount for the organ repair contract has been raised, additional funds are being accepted to replace the present ventilation curtains in front of the pipes with a grill.

This replacement, the church notes, will provide better sound flow and will be done by church volunteers.

The church hopes the repairs will be completed in September. At that time, according to the Reverend Lloyd Brasure, a recital is planned.

**ELECTION RESULTS** were recently announced by the Sales and Marketing Council of the Builders Association of Southeastern Michigan (BASM).

The election was a result of a growing membership's determination to strengthen their organization. Newly elected officers are:

President, Bob Bruce of Thompson-Brown Company; vice-president, Fred Denning of Highland Construction Company; secretary, Milt Smith of Sullivan & Smith; and treasurer, Don Alexander of Pyramid Properties, Inc.

**SEVERAL EMPLOYEE** promotions have been announced by Robert J. Willett, president of First National Bank in Howell.

Mrs. Sharon Willett, at the Brighton Branch has been promoted to Head Teller at Brighton. Her new duties will include the responsibility for all teller work and the supervision of tellers in the Brighton office. She has been with the bank for four years and she resides in Brighton.

Mrs. Elaine Renn has been promoted to supervisor in the Customer Relations-New Accounts area in Howell. Her duties will involve the supervision of the area and all secretarial duties of the President. Mrs. Renn has been with the bank three years and she resides in Hartland.

Mrs. Gerry Ochs has been promoted to supervisor-head loan teller at the main office. This is a new position which gives Mrs. Ochs the responsibility of the supervision of the entire loan teller area. Mrs. Ochs lives in Howell. She has been with First National for eight and one-half years.

# MNB, Mach Ford Gain on Idle Choo Choo

Guess who failed to win even a single game last week in Northville Recreation Department's Men's Slo-Pitch Softball League.

Choo Choo Car Wash, that's who.

Surprised? Don't be. As anyone who ever cracked a copy of A. Conan Doyle can tell you, there's a perfectly logical explanation for everything. And anytime Choo Choo Car Wash goes through a week without winning a game, simple deductive reasoning should tell you that they didn't play.

The American League leaders were slated to play twice last week, but each time their games were called on account of rain and they ended the week exactly where they had started it - perched securely atop the American League standings with a 7-0 record.

Two teams - Manufacturer's National Bank and John Mach Ford - took advantage of Choo Choo's inactivity last week to pick up a half game in the standings on the two-time American League champions

MNB picked up its eighth win of the season by edging Fairway Landscaping, and Mach Ford recorded win number seven by dumping the Northville Jaycees.

Both MNB and Mach Ford have also suffered three losses so far this season, however, and trail the undefeated Car Washers by three full games in the all-important loss column.

Manufacturer's Bank managed to retain its hold on second place by taking an extra-inning 9-8 win over Fairway Landscaping in the

best game of the week.

Fairway opened the scoring by breaking loose for three runs in the top of the first inning. MNB came back with three in the bottom of the second and then went out ahead as Jim Belz belted a two-run homer in the bottom of the third.

The Bankers added single tallies in both the fourth and fifth innings to take a 7-4 lead into the sixth, but Fairway rallied for four runs in the top of the sixth to regain an 8-7 lead. MNB tied it up in the bottom of the sixth as Dan Temple singled and eventually came around to score on a sacrifice fly off the bat of Bob Mandell.

After a scoreless seventh inning, the Bankers managed to pull the game out of the fire by scoring once in the bottom

of the eighth. Dan Fialon bloomed a double that landed on the left field line and raced home with the decisive run on Temple's second consecutive single.

Bob Kucher and Dick Norton paced the 12-hit MNB attack by rapping out three hits apiece, while Temple and Fialon each collected a pair of hits. Ron Hubbard, Joe Hay, Dan Corcoran, and Kim Marburger each had a pair of hits for Fairway.

Keeping pace in the standings with MNB was the John Mach Ford squad which registered an easy 12-2 triumph over the Northville Jaycees in their lone game last week.

Mach Ford wrapped up the win early, scoring five times on four hits and three Jaycee errors in the top of the first

inning. Paul Jamieson's two-out double was the big blow in the inning.

The Jaycees countered with a run in the bottom of the first as Tom Barber scored on a sacrifice fly off the bat of Vince Hanson. And then added another run in the second as Ron Reitenour singled home Bob Hilton. But after those two tallies they were unable to push anyone else across the plate as they were limited to just four hits over the final five innings.

Mach Ford was led in the hitting department by Jamieson and Bob Lieber who posted three for three and two for two days at the plate respectively. Ray Beckstein and Art Mach also contributed two hits apiece, while Linton Groszitz belted a three-run homer in the top of the fifth.

Tom Donoghue and Rick Clark had two hits apiece to account for half the Jaycee safeties.

In the only other American League game last week, Stan Nirider's Fairway Landscaping team scored three times in the sixth and seventh innings to take a come-from-behind 8-5 triumph over Exotic Plastic and Rubber.

The two teams played on scoreless terms until the top of the fourth when Fairway tallied a pair of runs on a single, two errors, and a sacrifice fly.

Exotic remained scoreless until the fifth when they suddenly broke loose for five runs to take a 5-2 lead over the Landscapers.

Fairway then tied the game with three runs in the sixth and won it with three more

runs in the top of the seventh. Ron Hubbard doubled home Nirider in that seventh inning rally to put Fairway on top 6-5 and Dave Coe followed with a two-run homer to provide insurance.

Jerry LaCross raked out three hits in four at bats to share hitting honors with Coe for the winners. Fairway tossed Dan Corcoran scattered eight hits among eight different Exotic hitters. Jim Daniels' triple in the five-run fifth inning was the lone extra-base rap surrendered by Corcoran.

## Presbyterians Post Major Upset; Surprise National League Leaders

There may be a race in the National League of the Northville Recreation Department's Men's Slo-Pitch Softball League after all this summer.

For awhile it was beginning to look as if Plymouth State Home was going to pull away from the rest of the teams and have an easy trip to the National League championship.

But last week the ninth-place Presbyterian Church Men's Club posted the biggest upset of the year when they handed the State Home their first loss of the season by a score of 3-0.

The State Home still leads the National League standings with an 8-1 record, but the loss dropped them back into contention with several other clubs for the league crown. The Tavern won its lone game last week to pull to within one game of the league leaders and Newcomers-Little Caesars nailed down a pair of wins in last week's action to up their record to 7-3 and pull within a game and a half of the front running State Home squad.

Tavern and Little Caesars have the ninth-place Presbyterian Men's Club to thank for their renewed hopes in the National League pennant race. Wins have been few and far between for the Presbyterians since they first fielded a team three years ago, but last week the Presbyterians pulled off the biggest upset of the year when they handed Plymouth State Home a 3-0 setback.

It was a pitcher's battle all the way as both Irv McLeod of the Presbyterians and Denny Milobar of the State Home tossed fifty five-hitters. The Presbyterians came out on top by bunching four of their five hits in the first two innings.

A single by Ken Parsons and Jim Curl's triple accounted for the first run of the game. And Dick Sanford then lofted a sacrifice fly to score Curl as the Church Goers took a 2-0 lead in the first inning. The Presbyterians added a third run in the second frame as Bill Bretz and Dan Smith collected singles.

And that was it. The Men's Club failed to score again, but the State Home never did get on the scoreboard and went down to a 3-0 defeat.

The Tavern held onto second place in the standings and picked up ground on the State Home by blasting out a 28-9 verdict over the Northville Police.

The Tavern scored nine runs in the first, eight in the second, and seven in the third to make a complete rout of the contest which was mercifully halted after five innings.

Jeff Sudz and Darryl Boughner each had perfect four-for-four days for the Tavern, but hitting honors went to John Norman who belted three round trippers in the five inning affair. Adding three hits apiece to the Tavern's 26-hit attack were Rich Pringle, Pat Bullion, and Gary Herter.

Mike McCarville was the lone Policeman with more than one hit. Newcomers-Little Caesars

also took advantage of the State Home's loss to pull back into contention by registering a pair of victories. The two wins upped Little Caesars' record from 5-3 to 7-3.

First of the two Little Caesars' wins was a nine-inning 6-5 triumph over Keith Heating-Rizzo Realty.

Keith-Rizzo took a 5-2 lead after three innings. But Little Caesars scored twice in the sixth and then tied the score at 5-5 with a run in the bottom of the seventh. Neither team scored in the eighth and Little Caesars finally pulled out the win in the bottom of the ninth on singles by Bob DeAlexandris and Bob Martin and an infield grounder off the bat of Dave Llewelyn which enabled DeAlexandris to race

in from third with the decisive tally.

Martin had three hits and Rick Webster, Tim Sheehan, and DeAlexandris each had two hits to pace Little Caesars. Gary Calder and Tony Rizzo each rapped out a pair of hits for Keith-Rizzo.

Little Caesars' other win came a great deal more easily as they bombed the Con Langfield Cougars 12-3. Bob Holloway tossed a six-hitter and his teammates scored three times in the first and four in the third en route to the one-sided win.

Tim Sheehan stroked out three hits, while Bill Todd, Paul Steckley, Tom Campbell, and Holloway each added a pair of hits to spark Little Caesars. No Cougar had more than one hit.

VFW Post 4012 registered an 11-10 victory over St. Paul's Lutheran Church to move into fourth place ahead of the Cougars. The Veterans jumped off to a quick 4-0 lead in the game by scoring four times in the top of the first. By the end of the sixth, however, the Lutherans had fought back to take a 10-7 lead. The Vets staged another four-run outburst in the top of the seventh to pull out the 11-10 triumph as Kerry Luedtke's triple proved to be the big blow.

Luedtke and Rich Burton each collected three hits in the game to lead the Veterans' 14-hit attack. Fred Shipley stroked out two singles and a double for the Lutherans.

In the only other National League game last week, Keith

Heating-Rizzo Realty collected 17 hits and blasted the Lutherans by a 25-3 margin. Six walks and eight Lutheran errors contributed to the rout.

Bruce Griggs had four hits and Ty Madge and Mike King had three hits apiece to share offensive honors for the winners. Jerry Le Van, the Keith-Rizzo hurler, limited the Lutherans to just five hits - two of them by Eric Johnson.

## National League

**SAFE AT THE PLATE**—Charlie Fialon (1) of Manufacturer's National Bank and the ball arrive at home plate at the same time in action in the Northville Recreation Department's Men's Slo-Pitch Softball League last week. Catcher Fred Hicks of Fairway Landscaping was unable to grab the ball and make the tag in time as Fialon scored what proved to be a key run in MNB's 9-8 extra-inning victory.

## Beth Sheppard Competes For US Gymnastics Title

Beth Sheppard, the 17-year-old elite gymnast from Novi, defeated two-time champion Kathy Belford of Ohio to win the Region VI gymnastics championship in Mansfield, Ohio, recently.

Gymnasts from Michigan, Ohio, Illinois, Kentucky, Indiana, and West Virginia competed in the Ohio regionals.

As a result of the victory, Miss Sheppard will compete with other regional winners from across the country in the National Junior Olympics in Lincoln, Nebraska, on August 9.

Beth ran up a total score of 70.07 points to defeat Miss Belford for the regional championship by two-tenths of a point. Miss Belford was vying for her third consecu-

tive regional title. Beth went ahead of the defending champion in the next to last event - the uneven parallel bars - and then held on through the balance beam to win the title. Miss Belford needed to outscore Beth by three-tenths of a point in the balance beam to regain the lead and the championship, but came through with a score of 9.0 - just five-hundredths of a point ahead of Beth who had a score of 8.95 on the beam.

Miss Sheppard's scores in each of the four events which comprise women's gymnastics were as follows: floor exercise (9.0 in the compulsories and 8.887 in the optionals); vaulting (8.15 in the compulsories and 8.7 in the optionals); uneven

parallel bars (8.5 in the compulsories and 9.25 in the optionals); and balance beam (8.65 in the compulsories and 8.95 in the optionals).

Miss Sheppard, who graduated from Novi High School two weeks ago, plans to continue her gymnastics career in college. "I got scholarship help from both EMU and MSU, but I'm going to go to Southern Illinois University," she reported. "They've had the top collegiate gymnastics team in the country for a long time and I think I can learn a lot if I go there."

Beth's goal is to compete on a United States team. "I don't care if it's in the Olympics or the Pan-American games," commented Beth. "I just want to compete for the United States."

## Colleges Nab SC Stars

Two Schoolcraft College athletes have earned scholarships to four-year schools.

Gymnast Ken Avis will attend Central Michigan University on a scholarship in September, and Howard Strick has received a full-ride to wrestle for the University of Wyoming.

"We expect that there will be several more Schoolcraft athletes receiving scholarships to four-year schools before classes resume in the fall," commented Dr. Marvin Gans, Schoolcraft's Director of Athletics.

"We know that there are a

number of colleges and universities who have expressed an interest in several of our athletes. Coaches at four-year schools are beginning to look more and more to the junior college level for athletic talent."

Avis, 20, has competed for Schoolcraft for the past two years under the tutelage of Cec Woodruff. A 1972 graduate of Livonia Stevenson, he holds Schoolcraft records in both the parallel bars and the high bar. In the recent National Junior College College championships, Avis placed seventh in the high bar and

eleventh in the all-around.

Strick, a graduate of Hazel Park High School, has been voted the outstanding wrestler on the team in both his years at Schoolcraft.

Larry Meyer, Schoolcraft wrestling coach, reported that Joe Dowler, coach of the University of Wyoming, feels that Strick is one of the two or three outstanding junior college wrestlers in the nation.

Strick performed in the 118 and 126-pound weight classes at Schoolcraft, but is slated to grapple at 126 and 134 for Wyoming.

# Seever's Narrow Victor In 5th Soap Box Derby

"13" proved to be the lucky number Saturday as 13-year old Brian Seever of 380 Eaton Drive drove soap box racer number "13" to victory in the Northville Jaycees' fifth annual Soap Box Derby.

A total of 17 racers vied for top honors on the Maplewood Street hill.

Homemade racers of every imaginable design raced two abreast down the Maplewood Street incline in the double elimination competition which took 40 heats to complete.

Second place honors went to

eight-year old Daniel Yoder of 106 South Ely Drive, while third place honors went to nine-year old Eddie Pilarz of 21650 Chubb Road, who narrowly edged out Tom Phillips of 565 Langfield.

Each of the top three finishers received an engraved trophy from the Jaycees. Winner Brian Seever was presented a 3x5 foot checkered flag from the Roger Penske racing team of Southfield.

Although one driver's car catapulted over the curb and flipped upside down and

another car knocked down a race official near the finish line, no one was seriously injured.

An estimated 500 persons watched the races.

Awards were presented by Jaycee President Harvey Tull and Project Chairman Bob Risher.

The Jaycees are preparing plans for Soap Box Derby VI next year and remind community youth between eight and 13 years of age that it is not too early to start thinking about next year's entry.

## Class F All-Stars Named

July 4 has been set as the date for the annual All-Star game between Northville's Class F (13 and under) League and the Mic-Mac Association out of Detroit.

Thirty-four all-stars have been selected from Northville's nine-team Class F League. The 34 all-stars will be divided into two teams which will meet two Mic-Mac All-Star teams in a double-header at Henry Ford Field beginning at 3 p.m.

This is the third year that the Northville and Mic-Mac All-Stars have competed against each other. Mic-Mac is a privately financed athletic association for

Detroit youngsters.

Named to the Northville All-Star squad were the following players:

Representing the F. O. Eagles are John Holdsworth, Todd Nadeau, Jeff Norton, Dan Thomas, and Toby White. Named to the All-Star squad from Anger Manufacturing were Dave Austin, Dan Brewer, Chris Hoyle, Lon Russel, and Roland Tarrow.

Representing Little Caesars Pizzeria are Gary Beason, Miles Burke, Rob Dinsner, and Scott McMillan. Named to the team from the Casterline Braves were Ron Angell, Dan

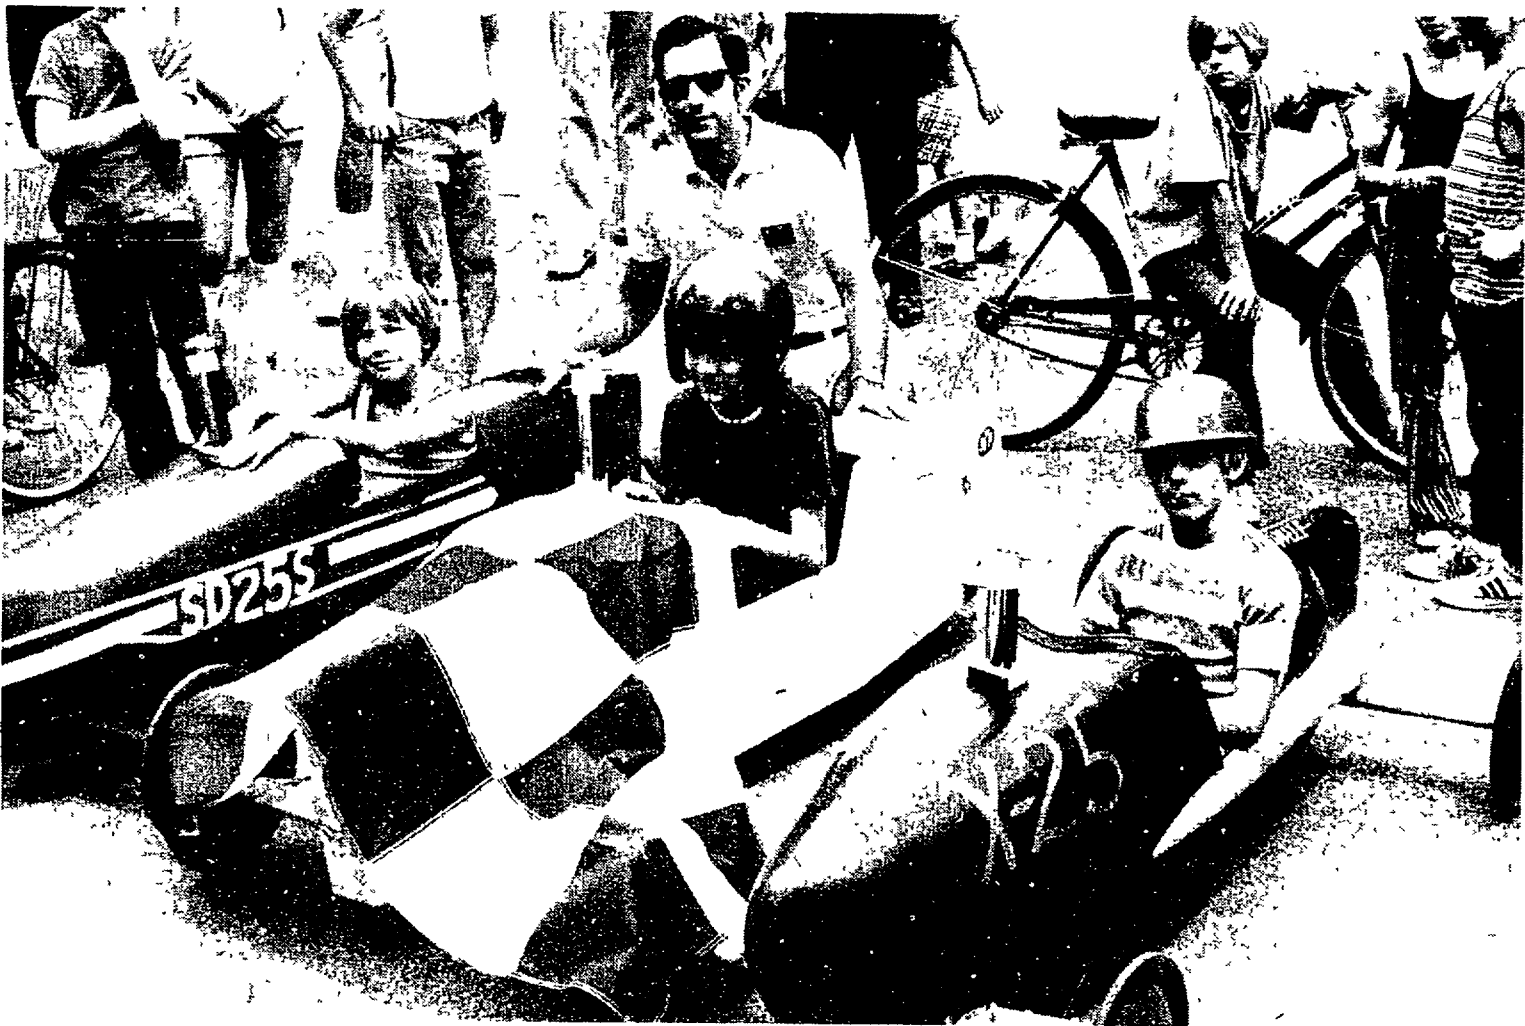

Davis, Bob LaPlante, and Ken Webber.

Members of the Highland Lakes squad on the All-Star team are Tim Cavanaugh, Tom Ellis, Ken Gratton, and Gary Wald. Representing Colts Green are Steve Cooper and Jim Maricki. Named to the All-Star team from the Yankees are Dave Biery, Bob Crisan, Jim Kulha, and Steve Bourne.

Representing the Giants are Luigi Folino, Scott Robbins, and Carl Kohn. Rounding out the All-Star unit are three players from the Norm Davis-coached team. They are Ray Coram, Mark McDonald, and John Davis.

**NARROW VICTORY** — Brian Seever (above right) claimed top honors in the Northville Jaycees' Soap Box Derby Saturday as he nipped second-place finisher Dan Yoder (above left) at the finish line after the two had

finished in a dead heat in their first meeting. In the picture below Jaycee President Harvey Tull poses with Seever (center), Yoder (left), and third-place finisher Eddie Pilarz (right).

## Jaycees Set Junior Champ Meet

Northville's Jaycees will be looking for another state champion when they sponsor their annual Junior Champ Track and Field Meet this Saturday (June 29) on the Northville High School track.

Junior Champ is a nationwide program sponsored by the United States Jaycees. Local champions compete for state honors, and state champions move on to national competition.

Northville had one state champion last year. Earl Bingley won the long jump competition in the Intermediate Division (15-16 year olds). In addition, Northville had one second

place finisher (Tom Coram in the 880) and two third place finishers (Bill Witek in the pole vault and Dave Harrison in the triple jump).

Junior Champ is open to boys and girls between the ages of eight and 18 years. Athletes from Novi, South Lyon, Brighton, and Livonia are eligible to compete in the Northville Junior Champ Meet this Saturday.

The meet is slated to get underway at 10 a.m.

Medals will be awarded to first, second, and third place finishers.

Competitors are divided into separate age groups.

PeeWee Division (8-10 year

olds): Boys in the Pee Wee Division compete in the 60 yard dash, 100 yard dash and the long jump. Girls in the PeeWee Division compete in the 60 and 100 yard dashes and the long jump.

Junior Division (11-12 olds): Boys in the Junior Division compete in the 100, 220, and 440 yard dashes, the mile run, and the long and high jumps. Junior Division Girls compete in the 60 and 100 yard dashes and the long and high jumps.

Prep Division (13-14 year olds): Prep Division boys may compete in the 100, 220, and 440 yard dashes, the 880 yard run, the mile run, the long jump and high jump. Girls in

the Prep Division may compete in the 100 and 220 yard dashes and the long and high jump.

Intermediate Division (15-16 year olds): Boys compete in the 100, 440, 880, mile, 180-yard low hurdles, pole vault, high jump, shot put, and long jump. Intermediate Division girls may compete in the 100, 440, 880, high jump and long jump.

Senior Division (17-18 year olds): Events for boys in the Senior Division are the 100, 440, 880, mile, 180 low hurdles, pole vault, long jump, high jump, and shot put. Events for Senior Division girls are the 100, 440, 880, high jump, and long jump.

Competitors are limited to two events.

For additional information about the Junior Champ Meet contact Dave Pevovar at 349-0635.

# Super Teams Dominate Novi Softball Loop

The 1927 Yankees had nothing on Jim Storm Insurance and Miami Blue Water Pools.

You can talk about "Murderer's Row" all you want, but it's just hard to imagine any team being any more formidable than the two National League leaders in the Novi Parks and Recreation Commission's Men's Slo-Pitch Softball League.

Storm Insurance is 8-0 for the season, while Blue Water Pools is just half a game back

in the National League standings with an 8-1 record — their lone defeat being a 6-5 setback at the hands of Storm Insurance in the only meeting between the two super-powers.

The two teams dominated action in the Novi League last week as each posted a pair of lop-sided wins. Storm Insurance won its games by margins of 24-0 and 15-4, while Blue Water Pools ran up 23-0 and 16-7 verdicts over its two opponents.

All told, the two teams outscored their opponents by a combined margin of 78-11.

## National League

Storm Insurance maintained its half-game lead over Blue Water Pools by winning both its games last week.

The National League leaders opened the week by blasting out a 24-0 decision over Novi Heights in a game that was mercifully ended after four innings.

Six home runs contributed to the rout. Chuck Kantola belted a pair of round trippers, while solo shots were collected by Dan Laho, Jim Juopperi, Lloyd Huotari, and Ted Sturos.

Sharing hitting honors for Storm Insurance were Jim Eskola, and John Lassila who each stroked out three hits.

In spite of the offensive fireworks, however, the game's top honors went to Storm pitcher Walt Maki who tossed four innings of perfect softball, holding the Heights without a hit. It was the first no-hitter and the first perfect game in league history.

Don W. Kelsey Company touched Maki for nine hits in his next mound appearance, but those hits were to little avail as the hard-hitting Storm Insurance squad banged out a 15-4 decision.

Ted Sturos, the league's leading hitter, paced the win by belting two home runs and a pair of doubles in four trips to the plate. Walt Maki also had four hits and Lloyd Huotari stroked out three safeties to share hitting honors for the winners.

Doug Thrush had a pair of hits to pace DWK.

Matching Storm Insurance blow-for-blow was the second-place Miami Blue Water Pools squad which also won twice last week.

Blue Water Pools opened its week by blasting out a 23-0 triumph over DWK which had the distinct misfortune of

having to meet both super-powers last week. It was leftfielder Jim Poner who paced the one-sided rout. The free-swinging Poner collected eight rbi's by smashing home runs in each of his first four trips to the plate before finally flying out in the sixth inning.

Also delivering circuit clouts for Blue Water Pools were Phil McMillan, Bill White, and Bob Pisha.

John McMillan, Sr., gave up just six hits in recording the shutout.

Mike Veenstra, Doug Thrush, and John Beach had two hits apiece for DWK.

The only other National League team posting a victory last week was Jamaican Pools which moved into a tie for third place with J. P. Realty by beating J. P. Realty 8-6.

Jamaican Pools moved to an 8-2 lead at the end of four innings and then held on for the victory. John Pantalone sparked the Pools offense by ripping out a single, double, and triple in four trips to the plate. Russ O'Dowd and Rich Elie each had a pair of hits for the winners.

Roy Link and John Padgett had two hits apiece to pace J. P. Realty's nine-hit attack.

The Inn scored ten times in the final two innings to turn what had been a 3-2 thriller into the 13-2 rout.

Corky Olivitch had three hits and Paul Faulkner, George Hawkins, Dennis Brooks, and Dave Alexander each rapped out a pair of safeties to spark the attack. Brooks had a sacrifice fly in addition to key hits in the sixth and seventh innings as he personally drove in five teammates.

Ray Murphy with a three for three performance with the stick was the lone Tire player with more than one hit. Recording its first win of the season last week was Portec Paragon which scored eight runs in both the fifth and sixth innings to rout Lakewood-Colony 21-10.

Jerry Imstrand and Ron Schluchter banged out home runs among their four hits to share offensive honors. Imstrand finished the game with two doubles, a triple, and the home run to bat in five

runs for the winners. Lee Norton had three hits and Roger Davis rapped out a pair of hits to pace Lakewood-Colony.

## Novi Little League

# Spartan Concrete Clinches Title

One champion has already been crowned and two other championships have just about been officially determined as the 1974 Novi Little League season draws to a close.

Play in the Pony League (8-9 year olds) came to an end last week with Spartan Concrete firmly entrenched atop the standings with a 10-2 record.

There's still one week of play left in both the Major and Minor Leagues, but barring

any unforeseen circumstances the championships in both leagues have also been wrapped up. General Filters is title-bound in the Major League with an 11-2 record, while Lynch Precision has just about clinched the Minor League championship with a 12-2 record.

Once the regular season comes to an end with this week's play, the Novi Little Leaguers will swing into All-Star action. The Pony and Minor League All-Star games will be played at 10 a.m. and 2 p.m. respectively at Paul

Bosco Field on June 29. The All-Stars from the Major League will play the Walled Lake Little League All-Stars on July 18. And the Babe Ruth League All-Stars will square off against Fenton's All-Stars on July 12.

All-Stars Scott Quinn, Pat Smith, and Bob Johnson aided pitcher Don Sullivan and hard-hitting catcher Larry Tabaka in spurring Spartan Concrete to its Pony League championship.

In the Major Leagues General Filters came out of the basement in 1973 to come

within two games of a perfect record in 1974. The Filters have won 11 games so far, while losing just two.

They have a substantial three-game lead over Michigan Tractor and the Novi Police who are tied for second with 8-5 records.

Both the Police and Tractor scored wins last week. Todd Gillick belted a two-run triple and then stole home to spark the Police to a 12-8 verdict over the Novi Firemen, while Michigan Tractor set up the two-way tie for second place by recording a 7-6 triumph over the Police.

In the Minor League Lynch Precision has just about wrapped up the crown in spite of suffering a pair of losses last week. Jeff Demorest pitched Siarto Machine to a 7-6 win over the Minor League leaders, and Todd Faulkner pitched and smacked a home run to pace Fendt Transit to a 12-4 win over Lynch Precision.

In other Minor League action last week Jamaican Pools blasted out a 20-5 win over Marcus Glass as Scott Badarak homered and

Duncan Harding delivered a triple.

All-Stars will be selected by the secret ballot of the players	

## Lorraine Takes Over 1st In Novi Women's Softball

Lorraine Tool and Die jumped off to a big early lead and then withstood a late rally to register an 11-7 win over Meadowbrook Realty and take over sole possession of first place in Novi's Women's Slo-Pitch Softball League last week.

The two teams had entered the game deadlocked for first place with 2-0 records.

But the Lorraine girls quickly established their superiority by breaking loose for three runs in the first inning and then adding seven more in the second as Kim Sutton and Jennifer Sibole delivered doubles and Jo Anne Griffin belted a triple. Meadowbrook Realty, in the meantime, was unable to mount a serious offensive threat until the sixth when they pushed across four runs. They added two more runs in the top of the seventh as Kathy Nied homered, but were unable to narrow the margin any further and ended

up on the short end of the 11-7 score.

Terri McGahey paced the winners by rapping out three hits in four trips to the plate. Ginger Gillick and Gail Jensen each collected a pair of hits for Meadowbrook Realty.

West Oakland Bank took advantage of Lorraine's victory to pull into a second place tie with Meadowbrook Realty by registering an 18-11 victory over No-Nonsense Fashions.

West Oakland tallied four runs in the first and then added six more in the second. They put the game out of reach with a five-run outburst in the fifth.

Pam Dietrich and Connie Mohr paced the hard-hitting West Oakland Bank girls by stroking out three hits apiece. Connie Mohr's three hits included a double and a home run as she drove in five runs in the contest.

Shelia Cochran also homered for West Oakland Bank and Sally McCurdy and Kathy Owen joined in the attack by rapping out two hits apiece. Chris Hebson had two hits and Pat O'Dowd drove in

three runs to lead No-Nonsense Fashions.

In a battle of the cellar-dwellers, Farmington Sports Center registered its first win of the season by blasting Maxwell Insurance 36-1. Barb Fisher and Joan Baer homered for the winners. Joining them in the attack were Vivian Huotari who had five hits and Linda Jahlas and Sarah Schaeffer who each rapped out four hits.

Donna Polinsky accounted for two of the five hits that Maxwell Insurance was able to garner in the game.

Lorraine Tool and Die	3 0
Meadowbrook Realty	2 1
West Oakland Bank	2 1
No-Nonsense Fashions	1 2
Farmington Sports	1 2
Maxwell Insurance	0 3

# NOVI HIGHLIGHTS

By JEANNE CLARK  
624-0173

Mr. and Mrs. William Primeau, new residents of Nine Mile Road, were pleasantly surprised at a 25th wedding anniversary party given for them by their

daughter, Mrs. Suzanne Thompson. Among the friends and relatives present were two original members of the bridal party, Mrs. Lillian Chiaz and Mrs. Betty O'Connell.

Mrs. Helen Crawford,

formerly of the Novi area, is visiting for several weeks from Fort Myers, Florida and is staying with her son Jeff Crawford of Farmington. She attended the graduation of her son, Jack Crawford, from the Detroit College of Law on June 10. Her mother,

Mrs. Laura Comer, accompanied her on the trip and is visiting her sister, Mrs. Lou Harnden of South Lyon.

Mr. and Mrs. Russell Race, Jr. of Grand Rapids visited his parents, Mr. and Mrs. Russell Race of Twelve Mile Road, over the weekend.

Mr. and Mrs. Jeff Hull of Novi have returned home after spending two weeks at their cottage near Pointe Pelee, Canada.

Suzi Morris was guest of honor at a personal shower last Thursday. Hostesses were Donna Robertson and Carol O'Neill, and guests were close girl friends from school. Suzi will be married in July to Pat Macaluso.

Michelle Stipp has returned after spending a week in Northern Michigan with Jerry Lynn Crutchfield and Jeri's grandparents, Mr. and Mrs. Allan.

Mr. and Mrs. Wilbur Allen (Phyllis Wendland) are visiting Mrs. Irene Wendland of Eleven Mile Road. While here they attended the 50th wedding celebration of his grandparents, Mr. and Mrs. Allen of Wixom, at the First Baptist Church of Wixom on Sunday.

Mrs. Douglas Watson of Stassen Street was hostess for her birthday club last Tuesday evening. The evening was spent playing cards.

Mr. and Mrs. Russ Ortwine of Novi Road hosted a combined graduation open house and going away party for Richard Ortwine, who will be leaving for service shortly. He will be stationed in San Diego, California.

Mr. and Mrs. Russell Button, accompanied by Russell, Jr. and Rose and also Kevin Crain, spent the weekend at Lost Lake Woods near Hubbard Lake.

While most teachers are enjoying a vacation right now, Mrs. E. A. Wilson, 21634 Connemara Drive, is spending her days in Redford General Hospital since falling a month ago and breaking her hip on a school playground in Redford where she is a first grade teacher.

Donna L. Robertson of 44010 Stassen has been named to the Academic Honors list at Ferris State College. The honor was announced by Dr. James V. Farrell, vice-president for academic affairs.

**North Novi Civic Association**  
At their last meeting this group made plans to make a concentrated effort to help citizens in the north end to get registered and members will set up areas in Walled Lake this weekend. Look for them on Friday and Saturday.

The next meeting will be on Anyone north of Twelve Mile Road is encouraged to come out to this association meeting.

**Novi Senior Citizens**

The Novi Senior Citizens met at the Novi Community Building on Tuesday, June 25, at 7 p.m. following the meeting. Refreshments were served by hostesses Florence MacDermid and Chris Plemons. Plans were discussed regarding their invitation from the Jaycees to participate in Gala Days. Also

plans were made to attend the musical at Beverly Manor on Wednesday, June 26. For further information contact Secretary Dolly Algenani at 476-7862.

**Novi Jaycee Auxiliary**

Joan McNary, president, and Mary Geyer, director, have returned to Novi after attending the National Jaycee Convention in San Diego. A total of 359 delegates from Michigan attended the convention which drew 2,000 members. There was a "States" party with each state represented giving token representation to those present. There was also a parade of the 50 states. Michigan placed third. Vice President Gerald Ford was the guest speaker. Phil McNary of Novi, who has been internal Vice President of the Novi group, was given the presidential award for recruiting 56 members. At a recent meeting of the Jaycee Auxiliary members presented the Youth Assistance with a donation toward sending a child to camp.

**Novi Girl Scouts**  
There is a need for Junior leaders in the fall, with training available now at the Learning Center. If you are interested in working with fourth, fifth or sixth grade girls at Orchard Hills contact Pat Grey at 349-7157, or at Village Oaks contact Joan Griffin, 349-7217.

Day Camp started this week with 218 campers registered — along with 40 adults. There are eight units of children, one cadette group, two junior units, four brownie units, a boys unit for workers' children 7-12, and a mini unit for workers' youngsters, girls and boys from 3 years to 6 years. Special days planned will be Wednesday. Everyone will be dressed up, all mixed up. Friday will be a progressive dinner. Next Monday July 1 will be visitor days and on Wednesday, July

3 will be the traditional ice cream and autograph day.

**Friends of The Library**

The summer reading program is involving some 132 students. It will continue through July with a very special party being planned by the Friends of the Library for the participating youngsters.

The group is trying to earn money to buy a projector for the library through a "New and Used Book Sale" to be held July 18 and 20 at the Novi Community Building. If you have any books to donate, there are empty boxes in Novi stores for this purpose. Calls can be made to any member of the committee.

**Novi Rotary Club**

The public is invited to the installation dinner of the new staff of officers being planned for this week at the Bob O Link Golf Club. Anyone wishing to attend may contact any Rotarian for additional information.

**Novi Rebekah Lodge**

The Independent Club will have a picnic at the home of Hildred Hunt on Eleven Mile on Monday, July 1, at noon. Everyone is asked to bring their own table service, a potluck dish, also a 25 cent prize.

Several members attended the visitation at the Clyde Lodge District No. 6. The next meeting will be Thursday, June 27th with hostesses Alice Hopkins and Irene Staman furnishing refreshments following the meeting.

Member Lillian Byrd of Wixom is confined to her home and cards would be appreciated.

**Novi Youth Assistance**

Clara Porter, chairman of the Bike Trail committee, recently had a meeting with her co-workers and had as guest speaker, Dr. Hough of

Oakland University, City Manager Harold Saunders, Council Member Romaine Roethel, Dr. Jerry Kratz and School Board member Gil Henderson to hear how Avon Township planned and finally had a successful Bike Trail program throughout their area.

At the Youth Assistance meeting Tuesday night, Ruth Ellen Crawford was appointed chairman of the Youth Assistance Volunteer program which is a similar program to Big Brother-Big Sister program. She will be working with Wally Cook, case worker in bringing this program to the Novi area.

Everyone is reminded of the Big Horse Show being planned by Youth Assistance for the Novi Gala Days on July 10 under the direction of Jeanne Adams. Monies from this will go towards the camping program.

**Novi Women's Golf League**

Twenty women were at the first game on Monday, June 24, with the three leaders being Lori Fear, Connie Lunski and Dolly Hensel. This is under the sponsorship of the Novi Parks and Recreation.

**Novi Jaycees**

Novi's Jaycees will hold

their general membership meeting for the month of July on Tuesday, July 2, at Bob-O-Link Golf Course on Grand River Avenue.

The meeting is slated to get underway at 8 p.m. Anyone interested in joining the Novi Jaycees is invited to attend the session.

## Accepts

### Lone Bid

The Novi board of education accepted the lone bid for sale of \$13.5 million school building and site bonds Tuesday night at an interest rate of 7.159908 per annum.

Net interest cost to the school district over the 29 year period of the bond issue will be \$19,184,972.20.

The bid was submitted by Halsey, Stuart & Co., Inc.

Board members expressed disappointment at receiving only one bid, and admitted that they had hoped the interest rate might be lower.

But in deciding to accept, rather than reject the bid, the five members present and noting that further delay wouldn't insure lower interest rates, but would probably result in higher building costs.

The \$13.5 million bond issue was proposed to build a new high school, pay for an addition to an elementary, convert the present high school to a middle school, build another elementary and acquire sites.

## Council OKs

### New Schedule

By a 4-3 vote, Novi's City Council adopted a new schedule for council meetings at its Monday night session.

Effective July 1, the city council will meet on the first and third Mondays of the month. Public hearings and special sessions of the council will be held on the second Wednesday of the month.

Meetings will begin at 7:30 p.m.

The council presently meets every Monday at 8 p.m.

Proposed by Councilman George Athas, the motion ran into opposition from Councilmen Louie Campbell and Edwin Presnell and Councilwoman Romaine Roethel.

**NEED TO UNWIND?** — Try yoga. That's the advice of Mrs. Jodie Adams (above) who will be teaching an eight-week session in yoga in conjunction with the Novi Community Education program. The class will meet every Monday beginning July 1 from 7:45 p.m. to 9:30 in the Novi Middle School Library. There is a \$12 registration fee. For further information about yoga lessons contact the Community Education Office at 349-5126. Above Mrs. Adams demonstrates the "Matsyendrasana" position.

## Becomes Wixom Mayor

Continued from Novi, 1

along with, Mettala stated publicly what had been said by others informally.

"Mayor Willis," he said, "was a retired career officer — Navy. In the military service, the commanding officers have the ultimate final decision. His word is law. The buck stops at his desk...."

"Willis brought this military command philosophy to Wixom City Hall. To assume full responsibility for city administration, he also had to make administrative and executive decisions rather than to delegate jobs to his subordinate department heads."

Saying the former mayor had become "buried" in a

"mountain of decisions" his Mettala concluded that "command philosophy would not permit him to pass the buck. This was his undoing."

Mettala then pointed out that the job of mayor would take more time than Willis was allocating to his business — "the activity that earned him his living. His sales-oriented business had to suffer because the Mayor of Wixom was a full time job for him."

The budget adopted by council was called "the straw that broke the camel's back" by Mettala, explaining that the mayor and council had different priorities and that the final budget was a compromise.

"Just like in a family, there are differences of opinion," Mettala said, and, as they can cause the family to break up and separate, "Willis has chosen to separate."

Pointing out that Willis chose to leave while "the team was winning and not because he had not done his share," Mettala contended "there should be no stigma attached."

Mettala pointed out that since Willis was first elected in 1971 Wixom's population has doubled. "We had the largest rate of growth of any

city in the Metropolitan Detroit area.... Willis can point to this with pride and say 'Something that I did was right for Wixom'...he left office with Wixom solvent. We had money left over for rainy days.

Willis can also say that he did not propose any pie-in-the sky schemes for wasting the taxpayer's money."

Mettala stated that, first of all, "Willis was an honest, dedicated mayor who deserves commendation and recognition for what he has accomplished during his term in office."

Let us help you get to know your community as quickly as possible. Our hostess will call on you and present you with gifts, greetings and useful information.

## In Northville

### Appoint Planners

Two city planning commission members have been reappointed and two other commission vacancies have been filled.

Council last week reappointed Charles Freydl, Jr., and Francis Gazlay. This week, by split votes, the council named Harold Bourne, 551 Reed, and James Donnan, 337 Sherrie, to the planning commission.

Voting against the appointment of Bourne, who was nominated by Councilman Paul Folino, were council members Wallace Nichols and Paul Vernon.

Folino then cast the lone dissenting vote in the appointment of Donnan, 337 Sherrie, pointing out that he favored Mary Conley. (His motion to appoint her had failed to draw a second).

The new appointees fill the posts formerly held by Thomas Wheaton and Ray Jackson.

Other recent reappointments of the council include: Mrs. Ruth Burkman and Dr. John Swienkowski to the Beautification Commission, and Sidney Frid to the zoning board of appeals.

Appointment of two other zoning members has been postponed.

### ANTIQUE CAR OWNERS, MARCHING UNITS & OTHERS

Judging for trophy and awards. Enter your car, unit, etc. in Northville J.C.'s 4th of July Parade. No entrance fee. Call Parade Headquarters, 349-3730 - Days.

**NEW PROSPECT**—Created by parents of graduating seniors for one night only, the town of New Prospect boasted a population of 306 until 4 a.m. last Wednesday. Besides dancing, swimming, eating and visiting shops and a cemetery along the Conestoga Trail, students found time to reminisce with their classmates. The party was the 10th annual event sponsored by parents. Other themes have included 1973, All Aboard; '72, Hot Fun in the Summertime; '71 Up, Up and Away; '70, Age of Aquarius; '69, The Centennial Celebration; '68, Aloha '68; '67 Sayonara '67; '66, TNT (Top Northville Talent); '65, Twelfth of Never; and '64, The S.S. Escape Hatch.

### School Milk Prices Increased

**MILK PRICES** charged to Northville students will be increased to six cents per half pint or 30 cents per week, effective July 1. The raise in price is due to a hike in the amount charged to the school district which is 8-31 cents per half pint. Administrators commented that the price has doubled in the past two years.

# Northville City Council Minutes

June 3, 1974  
Mayor Allen called the meeting of the Northville City Council to order at 8:00 p.m.

ROLL CALL: Present: Allen, Biery, Folino, Nichols, Vernon  
MINUTES OF PREVIOUS MEETINGS: Minutes of the regular meeting of May 28 and the Special Meeting of May 29 were reviewed.

Correction May 21 minutes, page 2, 11th paragraph, change to, "at Maplewood rather than at Ely."  
Page 2, 12th paragraph, change to, "at Maplewood."

Page 3, insert fourth paragraph, "Councilman Folino felt that there was not enough discussion and study sessions on the budget, and could not, therefore, vote on its passage."

Minutes stated approved as corrected MINUTES OF BRDS & COMMISSIONS: Minutes of the Building Authority of May 29, 1974, were approved and placed on file.

APPROVAL OF BILLS: Following a general discussion, motion by Councilman Folino support by Councilman Vernon to approve the bills as submitted.

GENERAL FUND DEBITS \$19,804.02  
LOCAL STREET FUND DEBITS \$26,937.00  
MAJOR STREET FUND DEBITS

1,538.14  
PUBLIC IMPROVEMENT FUND DEBITS 4,540.60  
WATER FUND DEBITS 7,924.05  
TRUST AND AGENCY FUND \$58.83

Mayor Allen asked for an end-of-the-fiscal-year report on all police-related fiscal expenses.  
COMMUNICATIONS Resolution from Westland supporting HB 3292, Special Assessment Revolving Fund, which defers payments of Special Assessment on senior citizen home-steads and sets up a \$3,000,000 State Revolving Fund to reimburse local units.

Resolution from Hazel Park supporting SB 1207 which proposes a redefinition of rape.  
Resolution from Oakland Twp tabling the consideration of acceptance of the Oakland Co. Solid Waste Disposal resolution.

Letter from Oakland Twp. to Mr. Chace, Chairman of SEMCOG, objecting to the fact that SEMCOG, of the request of Mr. Alexander, Director of Oakland Co. DPW, SEMCOG did not send out mailing and a questionnaire about solid waste plans.

Resolution from Romulus supporting HB 5967 and SB 1306 providing an increase in State Tax Revenues earmarked for municipalities.

Resolution from Romulus asking the State Lottery Dept. to forward to all municipalities a complete accounting of the activities of said Dept.  
Resolution from Romulus asking that HB 5413 be amended to provide an allocation of the appropriate percentage of the State personal income tax to cities, etc., on a per capita basis.

Resolution from Romulus opposing SB 781 which provides "retainage" amounts held back from progress payments made to contractors for public bldgs., sewer, etc., to be deposited in an escrow account, to be paid upon completion of the project.

Resolution from Hazel Park opposing Edison's rate increase request.  
Resolution from Hazel Park urging the Michigan Public Service Commission to consider reduction in the price of gas charged to various rate classes of Consumers Power Co.

Letter from Grace Miller, 410 Center, questioning the change of zoning from commercial to P.O. on part of her block. She raised a question also on

converting the second floor into apartments, and was informed the City would not approve of some of her plans, because of "code". She would like to know the facts behind this. This will be discussed at a work session and taken up at the Public Hearing for the Zoning Ordinance.

Letter from Don Horne, Cassopolis Village President, thanking everyone who took part in Mayor Exchange Day for the hospital.

COMMUNICATIONS FROM CITIZENS: John Dugan of the Jaycees was present to ask Council to pass a resolution to allow them to run their August festival which will require a beer license, from August 1-5. This is the same affair as they have had the past two years. After receiving Council's support, they will go to the Police Dept. to clear plans with them.

Motion by Councilman Folino support by Councilman Vernon to adopt a resolution approving the Jaycees' request for their August Festival, following the necessary procedures as in the past.

Carried unanimously.  
The Chamber of Commerce requested permission to erect banners 24' x 2' at four areas in the City: 7 Mile and Northville Rd., 7 Mile and Sheldon, 8 Mile and Center and 8 Mile and Novi Rd., during the sidewalk sales.

Motion by Councilman Folino support by Councilman Biery to allow the Chamber of Commerce to display the banners as requested in their letter to Council dated June 3, with details to be

worked out with the City Manager.

Carried unanimously.  
Mr. Lorenz was present to answer any questions about the motorcycle races held June 1. He reported a record turnout, with the races completed by 10:17 p.m., dust was kept to minimum, and all motorcycles met the decibel limit set by the AMA. Council had no further questions.

PUBLIC HEARING ON 1974-75 BUDGET: Mayor Allen opened the recessed Public Hearing on the 1974-75 Budget.

Mrs. Sliger, of the Library Board, reviewed her letter in which she requested that the increase in State aid, amounting to \$1,350, be turned over to the Library to provide for additional equipment and books, or reserved towards expenses of a new library.

Councilman Vernon said in view of the fact the Library makes a worthwhile, necessary contribution to the community, he would recommend Council make the change in the budget.

Motion by Councilman Vernon support by Councilman Folino to amend the budget by adding \$1,350 to the Library Fund and to the revenue.

Carried unanimously.  
Mr. Stratton asked how much higher this year's budget is over last year's. The General Fund figures for each year were stated, City Manager and Councilman Folino explained the need for the increase.

Motion by Councilman Folino support by Councilman Nichols to adopt a

resolution as per City Manager's memo dated May 30, 1974, for the transfer of funds of \$15,000, from Public Improvement Fund to the General Fund.

Motion by Councilman Folino support by Councilman Nichols to adopt a resolution as per City Manager's memo dated May 30, 1974, for the transfer of funds of \$75,000, from the Public Improvement Fund to the General Fund.

Carried unanimously.  
Motion by Councilman Nichols support by Councilman Vernon to adopt the resolution for the 1974-75 Budget, as amended.

BE IT RESOLVED, that the 1974-75 City Budget be adopted as determined following a public hearing thereon, including appropriations as follows:

GENERAL FUND: \$1,079,200  
General Government \$186,850  
Public Safety \$47,350  
Public Works \$270,450  
Recreation & Cultural \$43,950  
Other Expenses \$140,600  
TOTAL \$1,079,200

MAJOR STREET FUND \$61,000  
LOCAL STREET FUND \$49,800  
EQUIPMENT FUND \$83,200  
SEWER & WATER FUND \$219,800  
PUBLIC IMPROVEMENTS FUND \$605,000

BE IT FURTHER RESOLVED, that the millage rate for the 1974 tax levy be set at 10.3 mills, producing a tax levy of \$446,190.00 on a State equalized Valuation of \$43,319,490.00, and

BE IT FURTHER RESOLVED, that notice of the adoption of the 1974-75

Budget be published in the Northville Record. Carried unanimously.

TAX ANTICIPATION NOTE RESOLUTIONS: City Manager reviewed his memo in which he recommended Council pass two resolutions for a tax anticipation note.

Motion by Councilman Biery support by Councilman Vernon to adopt the standard MFC Resolution for Operating-Current Fiscal Year, for \$100,000.

Carried unanimously.  
Motion by Councilman Folino support by Councilman Biery to adopt the standard MFC Resolution for Carrying "Official Notice of Sale".

Carried unanimously.  
HISTORIC DISTRICT COMMISSION: Councilman Vernon reviewed a letter from the Historical District Commission to the Chairman of the Planning Commission outlining rules of procedure. He felt Council should be aware of these rules as well.

BIDS ON REFUSE PACKER BODY: Council reviewed the bids received for the refuse packer body. Bids submitted are as follows:

Garwood Det. Truck Equip. Inc. - 21083 Molnd Rd., Warren, MI - Delivery 30-45 days \$9,472.00  
LP-925-9 \$11,360.00  
Perzani & Reid Equip. Co., Inc. - 3960 W. Fort, Detroit, MI - Delivery 30 days from receipt of chassis \$11,360.00

25 cu. yrd. \$10,578.40  
+Mark V. \$11,648.60  
Bell Equipment Co., 379 Indusco Court, Troy, MI - Delivery 5 or 6 months \$11,648.60

25 2R \$11,835.00  
+Is the heavy duty packer that was specified.  
City Manager recommended the low bid from Garwood Det. Truck Equip. Inc. for \$11,360.00, be accepted.

Motion by Councilman Folino support by Councilman Biery to accept the low bid from Garwood Det. Truck Equip. Inc. for \$11,360.00.  
Carried unanimously.

LIST OF MATTERS REFERRED: List of Matters Referred as revised May 31 was reviewed.  
The Storm Drain for the parking lot at Center and Caday will be checked into by the City Attorney tomorrow.

City Manager will request a joint

meeting with Novi Council to discuss the Randolph Drain.

The Fish Hatchery Tennis Court problems have been corrected except for the surface repair. If the original contractor does not take care of it, another contractor will be called in.

The Bongiovanni property purchase is still awaiting a court date.  
The traffic tie-up at 8 Mile and Novi Rd. has been alleviated by a sequential light that is to be installed.

Action was deferred on the sewers for Northville Estates.  
Councilman Vernon reported that the Public Safety Committee is awaiting further action from the Township, as we submitted our proposals to them.

The demolition of the Green Apts. has been completed, but disposition of the land must be worked on. The original contract will be looked up and parking spaces worked on.

Final pay for Acting City Manager Russ Clarke will be worked out by Dave Biery by the next meeting date.  
City Attorney will check on the trailers at Northville Lab again.

The light at the Drawbridge was followed up on by the Mayor, who reported that it was adjusted a few inches but that it hasn't helped too much. Deflectors will be suggested.

Councilman Vernon said the plan for the directional sign at 8 Mile and Center St. is still alive. The southwestern corner is being studied.

The Senior Citizens Housing appraisals are in, and the feasibility study is due in July.

City Attorney and Councilman Folino will continue work on the proposed Amusement Machine Ordinance.  
The north-south traffic by-pass will be worked on further when Center St. is officially ours.

A light ordered for the Main and Rogers intersection has not been installed as yet.  
Councilman Folino reported he had a meeting with General Ambulance but has not heard from them since. He will set up another appointment.

The contractor for the sidewalks on Taft Rd. cannot get the original engineer for the job, but has retained another.

City Manager will present a list of City Fund members at the next meeting.  
Regarding race track age limits, Mr. Shurley of the Racing Commission is

conducting a study of minors and Sunday racing, and would like a member of the City present.

City Attorney will attend the meeting.  
The Recreation Commission Resolution will be looked up to determine the procedure for adding more members.

City Manager, Captain Westfall, and City Attorney will be meeting with the Manager of the Square to discuss the lotting problem.

City Attorney is awaiting a reply from the insurance company on student riders in police cars, but Council is doubtful that the City will be able to provide this activity due to the lack of sufficient police cars. This will be on the agenda of the next meeting.

City Attorney reviewed the Township's ordinance on the use of private

vacant land and said it did not meet with the needs of the City.

Revising of the Vehicular Racing Ordinance will be worked on the time being.

The Drawbridge Parking Assessment is being worked on by the Mayor and City Manager.

WING ST. PROJECT: City Manager reported engineering costs thus far of \$4,341.00 for the Wing St. project.

BEAUTIFICATION NEWS: Beautification Commission is hosting the Beautification Council of Southeastern Michigan on June 12. All members of Council are invited.

There being no further business, the meeting was adjourned at 11:20 p.m. Respectfully submitted,

Patricia Rajda

## REGISTRATION NOTICE FOR GENERAL PRIMARY ELECTION TUESDAY, AUGUST 6, 1974

To the Qualified Electors of Precincts 1 thru 7 Inclusive CITY OF NOVI, COUNTY OF OAKLAND STATE OF MICHIGAN

Notice is hereby given that in conformity with the "Michigan Election Law", I, the undersigned Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration.

NOTICE IS HEREBY GIVEN THAT

I WILL BE AT MY OFFICE

MONDAY, JULY 8, 1974 - LAST DAY

From 8 o'clock a.m. until 8 o'clock p.m.

The 30th day preceding said Election

and on Saturday, July 6, 1974

8 a.m. to 5 p.m.

As provided by Section 498, Act No. 116,

Public Acts of 1954 As Amended.

From 8 o'clock a.m. until 8 o'clock p.m. on said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

In addition the Clerk's Office will be open from 8 o'clock a.m. until 5 o'clock p.m. on the Saturday preceding the 30th day.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ELECTOR UNABLE TO MAKE

PERSONAL APPLICATION, PROCEDURE

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

UNREGISTERED PERSONS

NOT ENTITLED TO VOTE

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P.A. 1954.)

TRANSFER OF REGISTRATION, APPLICATION, TIME

SEC. 506. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made after the 30th day next preceding any election or primary election, unless such 30th day shall fall on a Saturday, Sunday or a legal holiday in which event registration transfers shall be accepted during the following day.

TRANSFER OF REGISTRATION ON ELECTION DAY

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village and has not recorded such removal with the local Clerk shall execute a transfer of registration request, listing the new residence address thereon over his signature, with the election board in the precinct in which he is registered at the next ensuing primary or election. The inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact by affixing his initials upon said request. The applicant for transfer, after having signed an application to vote as provided in Section 523 of this act, shall then be permitted to vote in such precinct for that primary or election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

GERALDINE STIPP, City Clerk

## NOTICE OF HEARING TO REVIEW SPECIAL ASSESSMENT ROLL City of Novi County of Oakland, Michigan

TO THE OWNERS OF ALL THE FOLLOWING DESCRIBED PROPERTY ABUTTING THE FOLLOWING DESCRIBED IMPROVEMENT:

Street Paving Improvements

TAKE NOTICE that a special assessment roll has been prepared for the purpose of defraying the special assessment district's share of the cost of the following described public improvement:

Lots 5 thru 102 inclusive

Orchard Hills

The said special assessment roll is on file for public examination with the City Clerk and any objections to said special assessment roll may be made in writing prior to the close of the hearing to review said special assessment roll.

TAKE FURTHER NOTICE that the City Council and the City Assessor will meet at the Novi Middle School 25299 Taft Road, Novi, Michigan, at 7:30 p.m., Eastern Daylight Time, on July 15, 1974 for the purpose of reviewing said special assessment roll.

Geraldine Stipp

City Clerk

## OFFICIAL NOTICE OF SALE \$75,000.00 City of Northville Counties of Wayne and Oakland State of Michigan TAX ANTICIPATION NOTES

Sealed bids for the purchase of tax anticipation notes of City of Northville, Counties of Wayne and Oakland, Michigan, of the par value of \$75,000.00 will be received by the undersigned at the City Hall, 215 W. Main Street, Northville, Michigan, until 8:00 o'clock p.m., Eastern Daylight Time, on the 8th day of July 1974, at which time and place they will be publicly opened and read.

The notes will be dated July 1, 1974 will mature September 15, 1974, and will bear interest at a rate or rates not exceeding 6 per cent per annum. Both principal and interest will be payable at a bank or trust company located in the State of Michigan to be designated by the original purchaser of the notes which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government, subject to the approval of the City of Northville. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

The notes shall not be subject to redemption prior to maturity.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from July 8, 1974, to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest dollar interest cost to the municipality. No proposal for the purchase of less than all of the notes at a price less than their par value will be considered.

The loan is in anticipation of the General Fund Operating Tax due and payable July 1, 1974.

A certified or cashier's check in the amount of 2 per cent of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer must accompany each as a guarantee of good faith on the part of the bidder to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the notes. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at a place to be agreed upon with the purchaser. The right is reserved to reject any and all bids. Envelopes containing the bids should be plainly marked "Proposal for Notes".

Rosanna Cook  
Acting City Clerk  
APPROVED: June 18, 1974  
STATE OF MICHIGAN  
MUNICIPAL FINANCE COMMISSION

## NOTICE OF REGISTRATION PRIMARY ELECTION

To the Qualified Electors of the Township of Northville, Wayne County:

Notice is hereby given that registration for the Primary Election to be held on Tuesday, August 6, 1974, will be taken at the Office of the Township Clerk, 301 W. Main Street, Northville, Monday thru Friday, 9:00 a.m. to 5:00 p.m.

Notice is further given that the LAST day for registration is Monday, July 8, 1974: The Clerk's office will be open Saturday, July 6, 1974, 8:00 a.m. to 5:00 p.m. and on Monday, July 8, 1974, from 8:00 a.m. to 8:00 p.m. for the purpose of registration and that after said hour and date no further registrations will be received for said election.

Sally A. Cawley, Clerk  
Township of Northville

## CITY OF NORTHVILLE NOTICE OF REGISTRATION GENERAL PRIMARY ELECTION

To the Qualified Electors of the City of Northville, Wayne and Oakland Counties.

Notice is hereby given that registrations for the General Primary Election to be held on Tuesday, August 6, 1974 will be taken at the Office of the City Clerk, 215 W. Main St., Monday thru Friday 8:00 a.m. to 5:00 p.m.

The Clerk's office will be open on Saturday, July 6, 1974 8:00 a.m. to 5:00 p.m. for purposes of registration.

Notice is further given that the LAST day for registration is MONDAY, JULY 8, 1974. The Clerk's office will be open 8:00 a.m. to 8:00 p.m. for the purpose of registration and after said hour and date no further registrations will be received for said election.

Rosanna W. Cook  
Acting City Clerk

# Police Blotter: Investigate Break-Ins, Thefts in Area

## In Novi

Novi police arrested three suspects on breaking and entering charges last week as they were about to board a flight to San Francisco at Detroit Metropolitan Airport.

The three—two adults and a juvenile—were arrested in conjunction with the break-in of a residence at 130 Buffington in Novi which occurred on June 18. A total of \$170 worth of cash and personal property were removed from the residence during that theft, police reported.

After investigating the circumstances of the burglary, officers from the Novi Detective Bureau went to Metropolitan Airport and made the arrests.

The three suspects have been released on bond. Names are being withheld pending final determination of charges by the Oakland County Prosecutor's Office.

Two juveniles were taken into custody by Novi police last week in conjunction with a \$150 in damages done to a residence at 125 Owenton on June 17.

According to police a nine-year old Novi boy and a 13-year old boy from Plymouth used rocks to break a total of 13 windows in the residence.

Novi Detective Lieutenant Richard Faulkner stated that appropriate action against the juveniles would be taken by the Novi Police Department's Juvenile Bureau.

An attempted burglary at Country Building Supplies was thwarted last week when thieves were apparently unable to break into the safe.

According to police reports, thieves broke into the Country Building Supplies office at 43754 Grand River, but were unable to break into the safe. Nothing was reported missing, but the \$550 safe was destroyed, according to reports.

A 1973 Honda motorcycle and two 10-speed bicycles were reported stolen from the garage of a residence at 41481 Chattman on Thursday, June 20.

The motorcycle was valued at \$800, while each of the bicycles was valued at \$90.

Police have since recovered the motorcycle as the result of the observations of an off-duty Novi policeman. The two bikes have not been located however.

Police also recovered three other bicycles and a 7½ horsepower engine last week.

The property was discovered by officers from the Detective Bureau during the investigation of a burglary. One of the bicycles was found to have been stolen from a residence at 23034 Balcombe the previous day.

Owners of the other two bicycles and the engine are still undetermined.

Police report that the property was recovered from one adult and two juveniles. Appropriate action will be taken upon completion of the investigation, reported Detective Lieutenant Faulkner.

Two refrigerators were reported stolen from Kaufman and Broad's Lakewood-Colony model homes last week. The refrigerators, each valued at \$350, were removed from models located on Village Woods Road.

Police believe teenagers are responsible for two incidents of vandalism which occurred along Parkridge

Road on Monday, June 10.

Rear windows of two different automobiles were broken out.

The cars had been parked along the road, police reported. The windows were apparently broken by bricks thrown out of passing automobiles, according to reports.

Police are looking for a white male, about 5-10 tall with red or blond Afro-style hair in conjunction with the burglary of a residence at 23650 Meadowbrook Road.

Police have asked that anyone with information about an individual meeting this general description contact the Detective Bureau at 349-2444.

A total of approximately \$25 in coins were removed from the house during the break-in, police reported.

Cash was also the target of thieves who broke into a residence at 41700 11 Mile Road on June 21.

An estimated \$80 in quarters plus a quantity of women's jewelry were taken during the theft, according to reports.

The burglary of a residence at 47549 Nine Mile Road on June 14 also resulted in the theft of money.

Police reported that the persons responsible for the theft also did much damage to the interior of the house with a hammer. Exact amount of the stolen money has not been determined.

A three-year old Novi youth narrowly escaped serious injury when he was struck by a car on Poinciana last week.

The youth was riding his bike down the parking lot of his home when the accident occurred. The youngster suffered only minor bruises.

No charges were brought against the driver of the car whose vision was obstructed by cars parked on the side of the road, police said.

A 17-year old Novi girl was taken to Providence Hospital last week as a result of injuries suffered in an accident which occurred in the Novi High School parking lot.

Jacklyn Moran, 17, of 40440 10 Mile Road suffered a skull fracture in the accident. She had been riding on the trunk of a car driven by Judith Ellen Mitchell, 17, of 22817 Heatherbrae Way, according to police. Miss Mitchell was issued a citation for careless driving.

The incident occurred at approximately 10 a.m. on June 13.

A Northville man was transported by ambulance to Botsford Hospital last week as a result of injuries suffered when he was struck by a car driven by his wife.

Waldo M. McIlmurray of 27098 Taft was northbound on Novi Road in a pickup truck. He was followed in a 1970 Cadillac driven by his wife, Mary McIlmurray.

The accident occurred when Mrs. McIlmurray failed to stop when traffic slowed on Novi, just north of Nine Mile Road, and struck her husband's truck in the rear.

## In Northville

A 17-year-old Dearborn Heights girl was hospitalized with injuries after her car was involved in an accident early Sunday morning and burst into flames, trapping her. The crash occurred at Eight Mile and Sheldon Road.

Patricia Diane Fick received a head cut, leg injuries, possible internal injuries and mouth injuries.

According to police reports, Miss Fick was traveling on Eight Mile Road when her car was struck by Gerard Pipas, 19, of Detroit who was northbound on Sheldon. Pipas received minor injuries in the accident which happened shortly before 1 a.m.

Northville Fire Department was called to extinguish the flames. Police said Pipas failed to stop at the intersection.

Ten white wall tires were stolen from 1974 cars parked at John Mach Ford and two other cars were damaged in attempts to remove the tires. The thefts took place sometime over the weekend.

According to police reports, locks were punched out of the trunks of four vehicles, two locks were damaged on two other cars and windows of six vehicles were damaged during the theft.

An attempted arson case was reported in the 500 block of Morgan Circle. Saturday shortly after noon. Owners of the home told police burned matches were found under the utility door near the garage and a small candle had been placed in the door frame.

Investigating officers said the candle had been lighted in an attempt to set the wood on fire.

Golf clubs valued at \$100 were stolen from a car parked in the Ford Valve Plant parking lot on Griswold sometime Sunday during the day.

Owner of the car told police unknown persons broke the lock on the trunk of his car to gain access to the clubs, damaging the trunk lid.

Three city of Northville police officers responded to a request for help early Saturday morning to assist Livonia Police in quelling a disturbance at a party. Answering the call at 1:25 a.m., police returned to Northville at 2:40 a.m.

New officers have been elected by the Northville Police Officers Association. Patrolman Norman Kubitsky was elected president at the group's meeting last week. Patrolman James Petres was selected vice-president; Patrolman Gerald Ryan, treasurer; and administrative Dispatcher Alice Ritchie, secretary.

## In Township

Two break-ins in Northville township and two destruction of property complaints at the elementary school site in Northville Commons were reported to police during the past week.

Tires and gasoline valued at more than \$1,000 were reported stolen to Michigan State Police last Monday.

Taken from a storage shed at 19442 Gerald Avenue, the goods were discovered missing at 7:30 a.m. Gone are 300 gallons of gasoline, four dump truck tires and wheels, three truck tires and wheels and two loader tires.

Michigan State Police suspect a tank truck was used in the theft of the gasoline. Investigating officers said no tool marks were found on the shed.

Break-in of a home on Beck Road near Six Mile was investigated by township police. Reported at 6 p.m. Thursday, the break-in is thought to have taken place after 3 p.m.

Unknown persons pried open a basement window, ransacked three bedrooms and took old coins. Nothing else in the home was discovered missing.

The elementary school under construction in Northville Commons was hit twice by vandals.

According to state police reports, the first incident occurred between 5 p.m. June 14 and 6 a.m. June 17. A front-end loader parked in front of the school had dials on the dash broken and sand poured in the oil. An electrical cord on the sump pump was cut.

Last Thursday morning or late Wednesday night, vandals took a ladder, climbed over a brick wall into a locked room and ripped a pay telephone off a stand.

An attempt was made to enter the coin box and when that failed, the vandals smashed the phone with a three-foot length of pipe. Damage to the phone was estimated at \$200.

## In Wixom

A resident at 2636 Potter Road told police that thieves apparently entered his kitchen and stole his wife's purse while he and his wife were watching television in the front room.

The purse was last seen on the kitchen counter at 11:30 p.m. on Wednesday, June 19. The theft was discovered at 12

midnight that same day.

The purse contained driver's license and car registration, check book, several credit cards, and a small quantity of money, according to reports.

Two 10-speed bikes were reportedly stolen from a

residence in the Finn Camp last week. Value of the bicycles was estimated at approximately \$200.

The bikes, which had been left on the porch of the residence, were stolen between 10 p.m. on June 13 and 11 a.m. the following day.

A five-speed boy's bicycle valued at \$105 was stolen from a residence at 1960 Roxbury Run last week.

The bike was stolen between 7 p.m. on June 11 and 1 a.m. on June 12. It had been left in the garage of the residence.

## Jaycees Push ID Program

Working in conjunction with the Novi Police Department, Novi's Jaycees are continuing to sponsor a program designed to cut down on burglaries.

Named "Operation I.D." the program attempts to discourage theft of personal property.

The program provides Novi residents with the use of an engraving tool with which they are instructed to mark all of their valuables with an identifying number, preferably the drivers license number.

High theft items such as television sets, radios, bicycles, firearms, electric tools, tape recorders, typewriters, cameras, and small appliances should be marked.

The second phase of the program consists of letting would-be thieves know that the items have been marked. This is accomplished with the use of stickers which are attached to windows and doors.

Police throughout the country have endorsed programs like "Operation I.D." as a major deterrent to breaking and entering.

Thieves are reluctant to take items which can be readily identified, police note. There have been numerous incidents where thieves have

been apprehended with stolen property, but since it was not possible to trace the property back to its original source, conviction was impossible.

Police also note that an engraved article has a much greater chance of being returned to its rightful owner.

Engraving tools and full information will be provided to participating residents and

community groups. There is no charge for use of the engraving tools.

Citizens interested in obtaining use of the engraving tool should write the Novi Jaycees at Post Office Box 249, Novi, Michigan, 48050. The engraving tool may also be obtained by calling the Novi Police Department at 349-2444.

### The GLENS at Hamilton Farms:

**Possibly this area's most luxurious apartments. You decide.**

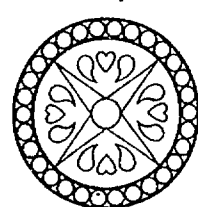

You get the best of old Brighton, and the best of the new. A gently rolling site with duck ponds, woods, the beauty of unspoiled nature. Yet nestled snugly, unobtrusively among the trees are some of the most luxurious apartments in this area. Or anywhere.

You can choose from studio, one-bedroom, two-bedroom units (some with two baths). The quality of design and construction is obvious. In the living room: large sliding glass door to balcony or patio. In the kitchen: range, double-door refrigerator/freezer, sound-conditioned

dishwasher. In the bath: ceramic-tiled tub and shower and vanity. All through the apartment: wall-to-wall carpeting, individual gas heat and air conditioning unit, insulating glass Acoustic barriers between apartments.

The Glens is a completely separate apartment community at Hamilton Farms. With a private swim club for residents only. And the rural, peaceful environment that attracted you to this area in the first place. The Glens at Hamilton Farms. Luxury, redefined.

# Summer Rec Slates Programs

By NANY DINGELDEY

This is the week Wixom's Summer Recreation program gets underway.

Under the direction of the Parks and Recreation Commission, the summer program began with a bang last week when the Oakland County Showmobile arrived at Wixom Elementary School Tuesday with clowns and live entertainment.

All kids between the ages of six and 12 years old are eligible to participate in the

program which includes ecology projects, field trips, sports, games, and arts and crafts projects. The program begins every day of the week at 9 a.m. and runs until noon. It should provide a sure-fire cure for those summer doldrums.

Other activities being offered in "Recreation '74" are free golf and tennis lessons. The golf lessons will begin June 25 at Hickory Hills Golf Course and run for the next eight weeks. They are open to students in grades

three through 12 and start at 9 a.m. Tennis instruction will be available on the City Hall tennis courts beginning at 9 a.m. on June 26.

Also part of the Parks and Recreation Department's summer program will be movie parties on the first and third Tuesday of the month. Sponsored by the Wixom Public Library, the movies will be shown in City Hall at 1 p.m. The library will remain open until 3 p.m. each Tuesday. The library will continue to offer a story hour

for the younger set every Thursday at 9:30 a.m. The library will remain open until 11:30 a.m. on Thursdays.

Although the Finn Camp's celebration of Juhunnas is intended to welcome the warm, sunny days of summer, this year's festivities were met with cool, crisp weather. Nonetheless, it was a gay crowd of people who gathered to watch ethnic dancers, enjoy the huge bonfire, and eat delicious pasties under the stars. A good crowd of Wixomites joined the Finns to make a merry celebration.

A twenty-fifth wedding celebration planned by their children surprised Pauline and Arnold Leppi of Evona Street last Tuesday. Their home was decorated in pink and white streamers and wedding bells. A two-tiered cake carried out the theme. Friends and relatives from Detroit as well as neighbors in Wixom joined to toast the couple.

Memories were much alive during the evening as guests looked through the Leppi wedding book and did a lot of "remember when".

Scout Day Camp drew to a close last Friday, and for many a Scout leader and helper mother it is recuperation time. It's not easy to keep a watchful eye on twenty lively girls as they make fires, cook, and wash the dishes. But it was not all work for the youngsters who attended the Southwest Oakland Girl Scout camp at the Multi-Lakes Conservation Club. There were nature hikes, arts and crafts, song sessions, and, for some canoe trips.

Day camp this year for the eight fly-up Brownies from Wixom Elementary School meant their first over-night experience at camp. As Thursday approached, the girls were pretty excited, as

they dragged in all their over-night paraphernalia.

The experience was something like a massive slumber party with ten wiggly little girls together in a tent on the "awful hard ground". There were songs around the campfire, "sommores", and screeches that "someone's looking in the window." All was going along pretty well until the rains began to fall.

As the rains began to fall harder and the thunder and lightning set in, the calls from the tents came in waves. "my sleeping bag's wet", "Susie's scared", "Mary wants to go home."

At 1 a.m. when the calls got fewer and fewer and more eyes began to close from sheer exhaustion, the mothers breathed that big sigh of relief and figured they'd finally won the battle.

It was short lived, however. Not one half hour later the head honchos of the camp announced that severe weather warnings were up and the whole camp had to be evacuated. It was an unbelievable announcement after all that had transpired to get the little critters to sleep.

Literally shaking the poor groggy little ones to wake them, collecting shoes (a massive job in itself), finding clothes, and sorting out heads in cars to whisk them out of camp was an unbelievable task.

The entire camp was evacuated in less than one-half hour...and with 500 girls to account for it would have to be considered a fine job. But can you imagine the dad who went to bed thinking that all the kids and their mother were at scout camp only to awake in the morning to find bodies "parked" on every available bed, couch, and floor?

The end to the whole story...the storm never came!

## Propose Subdivision

Continued from Record, 1

Northville, the subdivision would cover 285 acres of rolling, wooded and open farmlands on the north and south sides of Six Mile Road.

A northwest corner parcel of about 22 acres would house a shopping center of 110,000 square feet of floor space. Offices also would be included within the corner parcel.

(In area and units, the proposed subdivision is more than half the size of Highland Lakes, which will have nearly 2,000 units on more than 400 acres.)

On the south side of Six Mile Road, the Oak Springs would be bounded on the south and west by the Wayne County Child Development Center property. On the north side, it would stretch north to the existing homes in the vicinity of Thornapple Lane. At its northwestern boundary it would be near Edenderry Subdivision.

No roadways out of Oak Springs to the north are

proposed. A street is planned, however, at the western boundary, north of Six, into the area where the school district is purchasing 120 acres. (See story on page 9-A.) Most streets into the subdivision will be off Sheldon.

A proposed elementary school site of 10 to 15 acres is proposed in the northwestern section of the subdivision. Asked if the site is to be donated to the school district, a spokesman said the matter has not yet been considered. However, he indicated if the property were donated, Equity would expect open space "credit" under the PND concept.

Oak Springs, if it becomes a reality, would be the first township subdivision under the PND provision of the newly adopted ordinance.

In commenting on the proposed shopping center, spokesmen emphasized that its purpose is primarily to serve the immediate neighborhood. It is not meant to compete with the downtown sections of Northville or

Plymouth, they stressed.

Main tenants are likely to be a supermarket, occupying from 35,000 to 40,000 square feet of floor space, and a drug store of from 8,000 to 13,000 square feet of floor space, it was pointed out. The remaining tenants probably would be specialty shops.

Responding to questions from the commission, spokesmen explained that Equity is primarily an owning-coordinator of developments, not a construction firm.

The bulk of Equity's presentation was composed of a market analysis sketch (the formal document is to be presented later) and a review of studies conducted for the corporation on matters of topography, traffic, soil, hydrology, and vegetation and spatial analysis.

Asked if Equity could substitute the existing R-2 (single family detached residential homes) zoning for R-3 zoning as requested, spokesmen indicated their market studies show that it would be "absolutely impossible economically" to do so.

Equity is asking that the corner parcel slated for a shopping center be changed from R-2 to B-2, while the R-3 designation is requested for the remainder of the property.

In other business Tuesday night, planners also set a public hearing on the rezoning request of Wil-O-Mac Corporation for August 15 at 7:30 p.m. The petitioner is requesting a change from R-3 to RM (multiple family units) for the property at the northeast corner of Haggerty and Five Mile roads. More than 30 acres are involved.

## OK Schedule

Continued from Record, 1

grant the individual salaries, said he did so "with reservations for an individual. They are of such personal nature that they cannot be stated in a public meeting."

Neither Dr Robinson nor Mrs. Gucken said they understood in the secret session that Orphan would be voting against the individual salaries and the suggestion was made to privately iron out the difficulties since the board appeared headed for a narrow approval.

Trustees did not agree with the superintendent's evaluation of the individual in question.

However, Board President Stanley Johnston, who arrived at the meeting just as the board was about to recess for the second time, criticized board members for their actions.

"Since I have been on the board (for eight years) I have stayed away from evaluations of the superintendent's evaluations. That's the job of the superintendent and not the job of the school board."

Orphan commented that he "appreciates your position but we are all subject to making errors."

Johnston bristled, "On what basis are you making your judgment?"

The board's vote on approving the individual salaries ended in passing 5-2.

### Hikes to 17%

Continued from Record, 1

to \$21,500 from \$20,425 for a 5.2 percent increase. Kucher's work year is based on 210 days.

Increases for Longridge, Janchick and Horwath are based upon new assignments and placement upon the first step of those positions, Superintendent Spear explained.
