

Township Planners Table Oak Springs Rezoning

Recommendations against rezoning of 309.60 acres on Sheldon and Six Mile roads for a proposed Oak Springs of Northville development by Equity Resources, Incorporated, were given Northville Township Planning Commission Tuesday by its planning consultant and engineer.

In addition to their reviews the commission received a letter from the Wayne County Planning Commission stating it has considered the project and recommends approval.

Before it tabled the petition until its October 29 meeting to give Equity time to study the reviews, the commission and an audience of about 20 citizens also heard letters of objection from John Unger and John DeMott, area property owners. Planning Consultant George Vilcan pointed out that the

commission had spent two years in updating its new master plan and that the rezoning request would, in his opinion, be in conflict with township philosophy.

He added that he "failed to understand the logic of a shopping center (proposed at the Six Mile-Sheldon intersection) in the development which would require the rethinking of the development of the entire western portion of the township."

Engineer William Mosher also cited the center in his comments, saying it would be "approximately double the size of the typical neighborhood type but inadequate for a regional type center."

Later, in replying for Equity, Edward Vettel, Jr., said

the shopping center's proposed 25 acres also includes roads into other parts of the development, reducing it, by his count, to about 18 acres.

Vilcan, in his report, warned that the township should consider the project as able to go to its full possible capacity. He pointed out that the standards now allowed for the area under the new master plan (without any rezoning) are not so stringent as they formerly had been. They have been increased from a previous possible total of 589 dwelling units for the area to 759. Under the petition, he calculated, the units would go to 1,312.

DeMott, in his letter, said he was not opposed to the R-2 zoning but did object to the higher density R-3 being sought

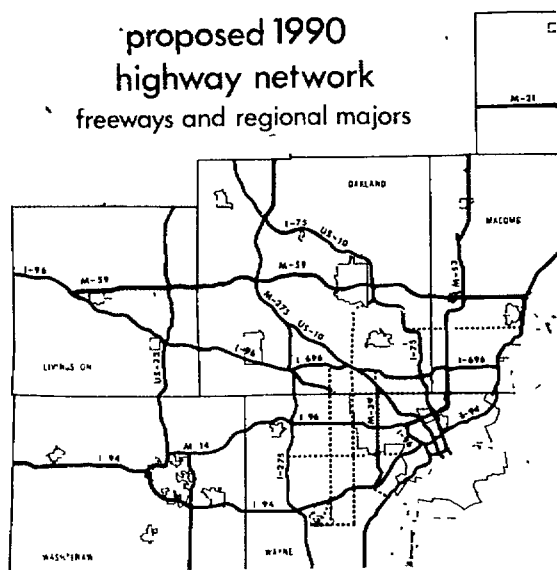

by Equity. (R-2 permits 110-foot frontage while R-3 allows 85-foot with sewer and water).

DeMott asked the commission to proceed with "the recently affirmed guidelines" and added that he saw no need for a shopping center as area residents now exist well with none except downtown Northville.

Unger, who also spoke against the petition, in his letter estimated that the density increase request would represent a 76 percent greater density than is the township average. The magnitude, he agreed, is open to debate, "but the impact is certain."

PEANUTS will go on sale in downtown Northville this weekend (Friday and Saturday) as Northville Kiwanians attempt to raise money to support two projects — the Forney Clement children's hospital unit in Ann Arbor and the Northville youth recreation program. The newly formed Northville Kiwanis Club, incidentally, will hold its installation of officers program Monday evening at the Tack Room Restaurant.

CALLING IT a good job of budgeting, Northville School District auditors said they found no exceptions to the district's financial records for the 1973-74 school year. Expenditures, including reimbursed year-round school costs, totaled \$4,789,000 and were \$20,000 over revenues received. A fund equity of \$86,420 has been carried forward to this year's budget, auditors said.

FIRST GRADERS at Amerman and Main Street elementaries are participating in a pilot testing program of the Michigan State Assessment Test, Assistant Superintendent Florence Panattoni reports. Following the program involving several school districts, test will be formulated and administered to first graders throughout the state next year.

A SIDEWALK fund-raiser Saturday in downtown Northville will cap Burns Awareness Week in Northville where Jaycees are raising monies for the National Institute for Burn Medicine. They and firemen will be manning a fire awareness booth and displaying fire equipment. Fire detection equipment and fire extinguishers will be sold. Children will be able to have their pictures taken on a fire truck.

School Holds Firm On Reservoir Stop

Noting that changing one school bus stop to a dead end road would necessitate changing similar stops in the school district, Northville School Board members declined a request from residents on Reservoir Road and Homer Monday night. Parents of children on the two streets petitioned to have the bus stop moved from the base of Reservoir at Hines Drive to the top of the hill for

safety reasons. Spokesman for the parents, Robert Budd, told the board that residents "feel we have a dire problem where we live. The bus stops two tenths of a mile from any house" and he reported that the students have been subjected to an indecent exposure incident this September and last. However, board members,

Dipping Revenues Worry School Budget Makers

Declining home construction, a decision not to levy the full amount of millage, fewer than anticipated students and a less than expected surplus from last year's budget are leaving Northville School District's budget up in the air.

Earlier, the school board declined to levy .82 mill to which it was authorized which would have produced \$105,000. And a drop in home construction is leaving Northville about 200 or more students short of the anticipated 4,625 on which the preliminary budget was predicated. That represents another \$195,000 less in revenues.

However, Northville is not alone. Novi School District is experiencing similar problems. See Novi, Page One.

"For each child less than we thought would enroll, we lose \$975 in state aid," Business Director Earl Busard explained. "We're sitting on the budget until after D-Day (Friday) when we will take the final count of students on which state aid will be based."

Through a bookkeeping error discovered by school district auditors, the anticipated surplus from last year which will be plugged into this year's budget was sliced \$60,000.

Busard explained that a grant of \$60,000 for the district's year-round school program was entered twice.

"When 85-percent of the budget is being paid out for salaries, it's hard to stop \$200,000 from the budget to make up the state aid we won't be getting," he said.

"But I guarantee that on October 28, when the school board adopts the budget, it will be balanced," Busard stated.

He added that there is one bright spot in the budget picture. A portion of the funds raised by the levying of special education millage by Wayne County Intermediate School District will pay for a portion of last year's program.

"We didn't anticipate any funds would be forthcoming for special education," Busard commented, noting that in effect those monies would make the surplus greater by an estimated \$51,000.

Projected enrollment, which is the major factor in the reason for the uncertainty in the budget revenue, is declining "for the same reason Northville township is facing money problems," Busard explained.

Northville School District bases its enrollment projections on figures given to the district by the builders operating within the school boundaries.

"We received those projections in February of how many homes would be completed and then in March the bottom went out of the housing market," the business director observed.

Houses are still being sold, he said, but they "are being bought by more established families, not those with several little children."

"Kindergarten through fifth grade enrollment is down by 125 students, 55 of whom are at kindergarten level," Busard said. "We have 269 students enrolled in kindergarten and had expected 320. We haven't been that low since 1972 when 258 kindergartners started school."

School district administrators are keeping their fingers crossed that they don't lose any more students before tomorrow's D-Day count but they aren't pinning their hopes on picking up enough students to meet their initial projection.

Superintendent Raymond Spear explained that "We've been in financial difficulties before and have gotten out of them. We'll just have to do the same this year."

SPARKED BY BLAST—This vacant house on Six Mile Road east of Ridge was destroyed by fire shortly after 11 a.m. Friday when a dynamite charge set too large started the building on fire. The house, located on

Thomson Sand and Gravel property, was being used by Alcohol, Tobacco and Firearms personnel for training in explosives.

Pizza Caper—A Slice of Life

Hungry is the word Northville City Police are using to describe two thieves who held up a Dino's Pizza delivery boy.

And when it was all over, the delivery boy still had his money and his pizza — minus two pieces.

"That's all they got," the police officer said with a straight face.

It all began shortly after 12:30 a.m. Sunday when the youth got out of his car to deliver a pizza in the 300 block of North Ely Drive.

As he neatly balanced the pizza in one hand he noticed two youths running towards him. Figuring robbery was the motive, he dropped the pizza and took a swing at one of the starving duo while the equally famished partner picked up two slices and both thieves fled.

Neighboring police departments picked up the radio transmission and immediately offered assistance — ranging from Italian tracking dogs to inquiries on what type of pizza was stolen.

"Call it a square shooter without anchovies," the cop told this reporter as a slow grin broke across his face.

"No we didn't keep the evidence because how do you initial a pizza?" he questioned.

"Yes, it really happened, yes, we're still investigating, but if we get any suspects, can you imagine what the prosecutor's going to say when he reads this one?"

Fire Destroys House

Feds' Bang Blamed

A dynamite charge set too large triggered a spectacular blaze when it exploded shortly after 11 a.m. Friday, engulfing a vacant home on Six Mile east of Ridge Road in flames.

The old farm house, on property owned by Thomson Sand and Gravel, was being used by the Alcohol, Tobacco and Firearms (ATF) division of the US Treasury Department for training personnel in explosives.

According to City of Northville Fire Chief Herman Hartner, no one had notified the fire department or Northville township police department of the planned explosion. There were no injuries from the explosion or fire, Hartner said.

Owner of the property, Don Thomson, said he knew ATF would be destroying the home but was unaware of when the explosives would be used.

Training sessions planned included instructors setting off different types of explosives with students then sent into the home to determine

the composition of the explosive used.

One ATF employee told The Record that the first blast had been set off and the second "got out of hand."

The fire alarm was turned in to City of Northville Police at 11:15 a.m. as an assist to Plymouth Township Fire

Department with the location given as Ridge Road and Plymouth (M-14).

Fire Chief Hartner said the "dispatcher did the correct thing by sending us right out but Plymouth township knew nothing of the fire."

City Approves

'Turn on Red'

Drivers on Center Street, both north and south-bound, will be able to turn right on the red light after stopping as soon as signs are erected.

Northville City Council approved the turns Monday, indicating it expected the action will smooth the flow of traffic on Center with the turns operating much the same as at Main Street and Hutton.

The council also acted to change the two-way stop signs on Griswold at Cady. Both east and west traffic on Cady now will stop while north and south traffic on Griswold will have through designation.

In making the change, the council mentioned that it felt the original intent was to make Griswold the through

Style Show Set By Woman's Club

Past presidents of Northville Woman's Club will model in a fashion show by Claire Kelly as the club opens its 82nd year with a luncheon at Meadowbrook Country Club Friday, October 4.

The opening meeting traditionally honors past presidents. They will be introduced by Mrs. William Switzer.

Mrs. George Weiss, new president, will preside at the luncheon at 12:30 p.m. following a cocktail hour beginning at 11:30 a.m. As has been the custom, the luncheon is a club guest day.

Mrs. John Brown, program chairman, announces that

models will be Mrs. E. A. Chapman, Mrs. W. H. Cansfield, Mrs. W. B. Chase, Mrs. D. G. Day, Mrs. Elroy Ellison, Mrs. O. F. Reng, Mrs. George Kohs, Mrs. Charles Yahne, Mrs. R. M. Atchison and Mrs. C. E. Woodruff in addition to Mrs. Weiss and Mrs. Switzer.

Members' reservations are being taken by Mrs. A. B. Kline, club recording secretary. Deadline is this Friday.

Members needing transportation are asked to call Mrs. Donald Funk, committee chairman, or her committee, Mrs. J. F. Keese, Mrs. William Fuertges, Mrs. Gene Cushing and Mrs. Alfons List.

Schedule Visitation In Creative Nursery

Two visitation days are planned at Creative Day Nursery School, located in Northville First Presbyterian Church, to give preschoolers and their parents a "sample" of the school program.

Now in its seventh year of operation in Northville, the creative nursery is inviting parents to observe a session while their children participate in the activities. Visitations will be from 9 to 11:30 a.m. Monday, September 30, and Wednesday, October 2.

Those interested in attending either session are asked to make reservations before September 29 with

either of the school's two directors, Mrs. Ann Stasinos, 476-1810, or Mrs. Ellen Wahi, 349-2161.

The visitations are being scheduled, they explain, so that children and parents may become familiar with the developmental program offered for preschoolers two or three days a week. There is no charge for the sample sessions.

China Painters

Work on Rose

The October meeting of the Northville Spring Chapter of China Painters will convene at 10 a.m. next Thursday at the Plymouth Credit Union. Frances Ebert will conduct a workshop on the second fire for a Christmas Rose plate. Members and guests are asked to bring a lunch and remain for a business meeting.

FOCUS ON FASHION—Claire Kelly, center, who will show a full spectrum of daytime through evening fashions from her Northville shop at the opening luncheon of Northville Woman's Club October 4 at Meadowbrook Country Club, poses in a pantsuit with Mrs. George Weiss, club president, right, also wearing a pant costume for the show, and with Mrs. John Brown, club program chairman in charge of the event.

Parents Announce Births

From Fresno, California, comes announcement of the birth of a daughter, Melissa Taklai, to Dr. and Mrs. James Hung of that city. Mrs. Hung is the former Mary Godfrey of Northville.

The baby is their first child and weighed seven pounds, one ounce at birth on September 17.

Maternal grandparents are Dr. and Mrs. Hugh Godfrey of Northville. Paternal grandparents are Mr. and

Mrs. Chi-Wai Hung of Hong Kong.

A son, Aaron Russell, was born to Mr. and Mrs. Frederick Witt of Plymouth September 21 at St. Mary Hospital. Their firstborn weighed eight pounds, one ounce.

Mrs. Witt is the former Kathy George. Grandparents are Mr. and Mrs. Norman Witt, 236 South Center Street, Northville, and Mr. and Mrs. Charles George, 16850 Meade, Northville.

Community Directory, Phone Book Upcoming

By JEAN DAY

A NEW DIRECTORY of community organizations and a Northville telephone book are being planned by area clubs as service projects.

Northville's directory of community organizations with names of officers will be the first off the press. It is to be a cooperative venture of the Northville Jaycettes and the Northville Chamber of Commerce.

This will be the second community directory to be compiled by the Jaycettes. The first was issued two years ago.

The updated version is under the direction of Mrs. John Buckland of the Jaycettes who is working with Mrs. Margaret Zayti of the chamber of commerce. At a meeting Monday with her committee Lesa Buckland divided existing lists of organization names among her committee of Mrs. Samuel Hall, Mrs. Miles Tuttle, Mrs. Gerald Campbell, Mrs. Hugh Sutherland and Mrs. John Dugan.

Organizations which have been on existing lists automatically will receive a call to update information, she said. Any new organization which would like to be included should call Mrs. Buckland at 349-0773.

Purposes of the organizations will be explained in the brochure, she added. Governmental, church and school bodies will be included as well as civic, social and fraternal groups.

As soon as compilations are complete, the information will be typed and duplicated by the chamber. With matching funds, the groups hope to use permanent covers and keep the information current.

It is hoped that the booklets will be completed in about a month and then will be available without charge at the chamber and at city and township offices.

NORTHVILLE MOTHERS' Club is planning to issue its fourth telephone directory in 1975. As in previous editions of 1968, 1971 and 1973, it is expected to be issued in late summer and distributed to every household in the community.

The biennial directory is under the chairmanship of Mrs. Donald Williams and Mrs. Charles Fountain with Mrs. Kalin Johnson in charge of advertising.

At the club's first meeting of the new club year Monday night plans were discussed also for the annual Christmas cocktail parties to be given December 7. Mrs. John Conder and Mrs. Edward Hodge are co-chairmen.

A March 22, 1975, date was announced for the annual dinner dance to be held at Meadowbrook Country Club. Mrs. David Longridge is chairman. Mrs. John Veselenak is co-chairman.

The active group of mothers also slated a thrift sale for October 26 at Northville Presbyterian Church under chairmanship of Mrs. James McCurdy,

assisted by Mrs. Robert Williams. A used paperback sale will be held in January. This is a repeat of last year's popular event at the high school. Mrs. Harold Wright is chairman, assisted by Mrs. John Brown.

ST. MARY HOSPITAL again will be the beneficiary of a fashion show sponsored by the active women's group. This year's event will be October 3 at Raleigh House. Luncheon is to be at 12:30 p.m. following a social hour.

The show will be of Bonwit Teller fashions with jewelry by Charles Warren.

One of the most active Friends of St. Mary members is Northville's Pat Brown. She is in charge of raffle arrangements at the luncheon. With only 14 active members, she points out, everyone does something.

Proceeds will be added to the expansion fund. Ticket reservations at \$10 a person may be made with Mrs. Betty Maston at St. Mary Hospital, GA 7-4800, extension 232.

Many Northville women attended last year's show, Pat Brown mentions.

EVEN THOUGH YOU never joined Newcomers Club when you came to Northville, you can become a member of the Northville Newcomers Alumni Association. That's the word from the alumni who are seeking former Newcomer members or anyone who has lived in Northville more than three years who would like to participate in its activities.

At a get-together September 6 the 16 couples attending voted to levy dues of \$2 to cover mailings. Anyone interested in learning more about the alumni group is invited to call Mrs. Marie Herbel, 349-7482.

AREA RESIDENTS with a little time to spare — even an hour a week — may wish to volunteer at the Northville Residential Training Center located on the west edge of Northville State Hospital at 41001 West Seven Mile Road.

Mrs. Dolly V. LaCroix, volunteer coordinator, is seeking volunteer help to assist in training retarded residents.

"The support of concerned members of the community is vital to our programs for the retarded," she stresses, asking anyone interested to call her at 349-8000, extension 308. She points out that experience is not required as training is offered volunteers in the program.

She suggests also that young people or groups may wish to volunteer as anyone over 14 years old is welcome.

KING'S MILL residents are being invited to a "Make New Friends Night" beginning at 9 p.m. this Friday at the clubhouse.

This is the first in a program of social activities for residents being planned by Mrs. Marian Shokaluk, new activities director. Upcoming events will include a gala New Year's Eve dance, she announces.

ANNUAL WESTVIEW Drive Association picnic with about 80 people from 14 families attending was hosted by Mr. and Mrs. Eugene Guido at their home September 15.

In addition to games, youngsters were treated to pony cart rides by the Robert Geakes.

The Sunday previous the Guidos entertained both his and her families at a reunion at their home with a total of 110 attending. Among the guests were Dorothy Guido's parents, Mr. and Mrs. William King, former South Lyon residents now living in Arcadia, Florida.

Piping Cold Soup!

Create a Soup or Salad Meal With Your Fresh Garden Yield

"Gazpacho" — it's a recipe for cold, fresh vegetable soup that's gaining in popularity during the harvest season.

It's being made locally by housewives, some of whom are calling it a salad while others consider it a cold soup. Using fresh vegetables from the garden or outdoor markets, the recipe is served as a main course as well as a side dish.

While there's some question about whether recipes used today are Spanish or Mexican, there's no doubt about the antiquity of the dish. It's mentioned in both testaments of the Bible, Time-Life researchers have reported.

In Greek and Roman literature it is termed "drinkable food."

The thick soup of cucumbers, tomatoes, onions, bread, oil and vinegar that is mashed, strained (in some versions) and flavored with garlic is defined as Spanish cookery in the dictionary.

Sally Henrikson is one Northville resident making - Gazpacho often because it's a favorite with her husband, Wes. She serves it as a salad.

She thinks her version is Mexican.

It uses chopped vegetables, rather than strained in some cold soup recipes.

This is her recipe:

GAZPACHO SALAD

3 tomatoes, peeled and cut into wedges
1 cucumber, peeled and thinly sliced
1 green pepper, cut into thin strips
1 onion, thinly sliced and separated

Combine a half-cup of oil with one-fourth cup tomato juice or V-8 juice. (Mrs. Henrikson uses V-8), one-fourth cup vinegar, salt, pepper and garlic powder to taste.

Pour mixture over vegetables, chill and let sit.

"The longer it sits, the better it is," she adds.

Mrs. Henrikson serves her Gazpacho on lettuce greens and garnishes it with croutons. The recipe serves 6-8 as a side salad. For a main course salad, she recommends doubling it.

This is a recipe that Mrs. Henrikson clipped from a newspaper several years ago.

When the recipe is made as a cold soup in Seville, Spain,

housewives grind ingredients with a mortar and pestle, placing the mixture in a clay bowl with water and wine vinegar. It is allowed to settle and absorb the clay's earth flavor

Flexibility is a key to the growing popularity of this cold fresh vegetable soup.

It is placed in a shadow and moved as the shadow moves through the day.

SPANISH GAZPACHO
Cold fresh vegetable soup
2 medium cucumbers, peeled and coarsely chopped
5 medium tomatoes, peeled and coarsely chopped
1 large onion, coarsely chopped
1 medium green pepper, deribbed, seeded and coarsely chopped
2 tsp. finely chopped garlic
1 c. coarsely crumbled French or Italian bread, trimmed of crusts
4 c. cold water
1 c. red wine vinegar

AAUW States Membership Tea

A membership tea being given by the Livonia branch of the American Association of University Women from 2 to 4 p.m. this Sunday at the home of Mrs. Patricia Smith, 15939 Edgewood, Livonia, is open to interested Northville-November women holding baccalaureate degrees from accredited institutions.

Mrs. Smith may be contacted at 427-9516 for additional information.

Grange Benefit

Plymouth Grange No. 389 is holding a fall rummage sale from 9:30 a.m. to 5 p.m. October 5 at the Grange Hall, 273 Union Street, Plymouth. Anyone with donations may call 453-6387 or 453-6425

Here's Easy Method

Cold Fresh Vegetable Soup

2 cucumbers, peeled and diced
1 medium onion, diced
1 medium pepper, deseeded and diced
4-5 large tomatoes, peeled and coarsely cut
2 Tbsp. cooking oil
2 Tbsp. vinegar
lemon juice to taste
dash garlic powder

Combine above ingredients and cover with large can (48 ounce) V-8 juice. Chill several hours in refrigerator. May be kept for several days. Serves 6.

This is the recipe Mrs. George Murany has shared with Northville friends. She suggests that anyone who makes her own tomato juice substitute it for the V-8 juice in the recipe.

Foundation Sponsors Prime Rib Benefit

A gourmet dinner-dance open to the general public has been scheduled for October 26 by the Schoolcraft College Foundation.

Foundation President Armen Barsamian of Garden City said proceeds from the event will be earmarked for student scholarships at the college. A \$30 per couple donation covers the complete dinner and an evening of dancing.

The menu announced by Dr. Mehdi Kianfar, dinner-dance chairman, includes appetizer, salad, roast prime rib, potato, cheeses and fruits, dinner beverage and a selection of fine wines.

Dinner will be served in the upper level of the Waterman Campus Center at 6 p.m.

Attendance for this event will be limited to 240 guests. Tickets are available through Foundation members or may be obtained by calling Mrs. Joyce Ludwig at 591-6400, extension 213.

Organized in 1966, the Foundation is a non-profit corporation of College District residents who raise and administer endowment funds for the College and its students. Its membership is approximately 50, and others interested in joining the organization may obtain complete details from Mrs. Ludwig.

IT'S GAZPACHO!—Mrs. Wes Henrikson dishes up a serving of her version of Gazpacho, the cold fresh vegetable fare that's growing in popularity locally as it's served as a salad, as shown here, or as a cold soup.

It's a French Recipe

Savor Squash in Stew

Use summer squash fresh from your garden or from the farmers' market to perk up meals with this interesting vegetable stew, suggest specialists from Michigan State University.

The dish is popular in southern France and in the Mediterranean countries

1/2 large sweet onion (one cup) sliced
2 cloves garlic, chopped
2 Tbsp. oil
2 small zucchini, cut in 1/2 inch slices
1 large green pepper, cut into strips
3-4 tomatoes, peeled and diced or 1 can (1 lb.) Italian

plum tomatoes
2 tsp. salt
1/4 tsp. pepper
1/2 tsp. basil
2 Tbsp. chopped parsley

Heat oil in heavy skillet or kettle, and add garlic and onion. Cook until wilted. Add remaining ingredients in layers and mix well over brisk heat. Cover and cook 15 minutes.

Uncover, lower heat and continue cooking until vegetables are tender and juice is thickened. Stir occasionally. Makes six servings. Serve hot or cold with additional oil and a little

vinegar, if desired.

Variations: Substitute any type of summer squash for zucchini. Add one small eggplant, peeled and cut in one-inch strips. Southern Europeans use olive oil in preparing this dish.

Freeze Garden Greens, Leftovers to Use Later

Here are some practical tips to help in getting better service from your home freezer.

Freeze leftover bits of meat, poultry or vegetables to use in soups and casseroles.

Freeze individual packets of chopped onion or green pepper, especially when they're from your garden, to use later.

Overwrap and freeze a pound of butter when it's on special to use in Christmas cookies.

Freeze in individual packages slices of cake or cookies to use for snacks or lunches.

Make and freeze fancy sandwiches or dips a few days before your party.

Freeze tart or pie shells baked or unbaked. They may be stacked when frozen to conserve space.

Freeze "drifts" of whipped cream and store in a plastic bag to use later.

Computer's on Way

Novi city council Monday authorized the city manager to secure bids for a mini-computer, the same as Northville's (right) for use in the city offices. Cost is estimated at \$25,000 to \$30,000, and according to acting City Manager Ed Kriewall, the city has sufficient monies budgeted to cover first year payments.

THE NORTHVILLE RECORD - NOVI NEWS

Thursday, September 26, 1974

Novi's State Aid Slashed; Board Eyes New Budget

With its state aid receipts expected to plunge by more than \$400,000, Novi school board members were admittedly worried this week as they began reviewing the proposed 1974-75 budget calling for a total outlay of \$3,284,565.50.

Public hearing for the budget has been scheduled for 7:30 p.m. on Thursday, October 3.

As presently estimated, the proposed budget shows a deficit of \$5,350.50 — a relatively minor amount in view of the budget's \$3 million plus size.

Easily the most disturbing aspect of the budget, according to administrators, is the giant decrease in anticipated state income. Based on the state aid formula it appears Novi's state aid revenue will skid from \$597,644 received in the current year to \$184,822.50 in the next fiscal year.

State aid is expected to dip in neighboring Northville as well, but not by nearly this amount. (See related story on Record, Page 1).

The state aid decreases here and elsewhere results because the state aid formula is tied directly to student enrollment and state equalized valuation. And in Novi, enrollment is increasing at a far slower rate than anticipated while the district's SEV has increased dramatically.

Novi's proposed budget anticipates property tax revenues of \$2,941,743 in the next fiscal year as compared to the \$2,142,670 in property taxes received this year.

Thus, local taxes represent an increasingly larger portion of the district's revenue. State aid, which once was a major revenue source, shares a declining role in financial support of the school system.

State redistribution of federal funds, however, is expected to increase in 1974-75 from \$21,486 last year to \$37,000.

By far the biggest portion of the proposed new budget is again for instructional purposes — which includes teacher salaries. The total here, including both the elementary and secondary levels, is pegged at \$2,415,967.43 as compared to \$1,944,955 during the current fiscal year.

The break down is \$1,007,042.50 for elementary instruction and \$1,241,062.93 for secondary instruction.

According to one board member, the second-year provisions of the teachers' current two-year contract are boosting salaries by more than 10-percent — not including step increments. "Our teachers are among the highest paid in the whole county," said Trustee LaVern DeWaard.

Here's what the new budget shows in the way of salaries: Elementary principals' salaries are increasing from

\$59,849 to \$66,972; teacher salaries from \$614,266 to \$783,883; librarian salaries from \$41,434 to \$46,110; secretary salaries from \$18,225 to \$19,235.

Elementary textbook outlay is increasing from \$10,909 to \$13,280; teaching supplies, from \$29,919 to \$30,415; library, \$6,981 to \$8,425; and audio visual, from \$2,918 to

\$5,212.50.

Secondary principal salaries are pegged at \$90,960.93, up from \$87,495 in the current budget; teachers' salaries are climbing from

\$692,153 to \$879,504; librarian salaries, dipping from \$35,298 to \$34,767; counselors, up from \$50,491 to \$72,277; secretaries, down from \$45,733 to \$38,400.

Total secondary salaries are up from \$931,506 to \$1,161,972.93.

The secondary textbook

EXAMINES DAMAGE—An unidentified resident of Country Cousins Mobile Home Village surveys the damage to a trailer caused by a fire at 39533 Rusten Saturday. No injuries were reported and fire damage was held to \$8,000 as neighbors sprayed down the inside of the trailer with hoses before firemen arrived. Cause of the fire is undetermined.

He's County Engineer

Novi Picks DPW Head

A 53-year-old engineer with the Wayne County Road Commission has been named superintendent of the Novi Department of Public Works.

Edward Smiadak, who has been with Wayne County for 34 years—the last seven of which were in the capacity of assistant field engineer, was chosen for the job over two other candidates one of which was a city councilman.

His salary is fixed at \$17,000.

Considered along with Smiadak was Dan Gannan, an engineer, and Councilman Edwin Presnell. Presnell was not present at Monday's meeting.

The council picked Smiadak on the second of two paper ballots. On the first ballot Smiadak received three votes, one short of a majority. Results of the second ballot were not disclosed.

Smiadak, contacted the following morning by this newspaper, expressed surprise by the appointment. Because it had been several weeks since his interview, Smiadak figured he had been eliminated from contention.

"I hope I'll have the support of the whole council," he said. "I was shot at in the war... and I don't need anyone taking pot-shots at me at this stage. I'm not a job hopper... so unless I've got council support they may have to reconsider."

A graduate civil engineer from the University of Detroit, Smiadak became

eligible for retirement from his county job upon reaching 30 years employment. Married, with four children and one grandchild, he lives at Lake Sherwood near Milford.

Smiadak was a Navy flyer in the Pacific during World War II. He is a fellow of the American Society of Civil Engineers, member of the Michigan Engineering Society, and a member of the Wayne County Society of Engineers.

The new appointee will fill the seat left vacant with the resignation of Robert Shaw four months ago.

Honor Ackley

Dedication of a plaque at the Walled Lake City Hall in memory of the late Harold Ackley, former city manager in Walled Lake as well as Novi, will be held Sunday, September 29 at 2 p.m.

Presenting the dedication speech will be State Representative Clifford Smart. Refreshments will be served following the dedication. The bronze plaque is being erected by citizens of Walled Lake.

An open invitation to all Novi area friends of Mr. Ackley have been extended by his family.

PARK CLEAN-UP—Novi Mayor Robert Daley (second from left) helps carry a log which is to be burned up as part of the Novi Park Clean-up last Saturday. Approximately 40

people showed up to help and the city was well represented as DPW, fire and police departments provided services (see related story page 9-A).

It Pinches!

Tight Money Market Curbs Enrollment Increase in Novi

The tight money market squeezed concerns from the Novi Board of Education this past week as it took a look at projected school enrollment.

Big concern is that the district's enrollment increase this year is running well under what had been anticipated.

Officials view this slow down with mixed reactions: The decrease means fewer dollars in state aid (see related story) but it also gives the district a little more time to build classrooms for the inevitable growth around the corner.

Enrollment in Novi schools stood at 2,689 on September 13 — up 142 from 2,547 last year. Officials had predicted considerably more.

State aid is predicated upon the number of students on the fourth Friday of September.

"Many factors seem to have contributed to the lower-than-anticipated enrollment," Superintendent Gerald Kratz told board members last week. "The turn down in the economy, unemployment, tight money market, smaller family planning, and the Supreme Court decision on cross-district bussing are all probably reasons for the slowing of our potential growth."

Dr. Kratz said total elementary K-5 enrollment has increased only 24 additional students over last year. The district totals were 1,261 in 1973, and now are 1,285. "This is only a 1.9

percent growth factor which the district officials will watch very carefully as new projections are calculated for future programs planned," he said.

The number of secondary students have increased from 1,294 students to 1,404 for a percentage increase of 8.5.

This growth, according to the superintendent, was primarily in the high school where an additional 77 students increased the total to 792 from 715 in 1973.

"However, upon close examination, last year's senior class was 134 and the new freshmen total 201, or 67 student difference by just moving the grades up one, which clearly indicates only 10 new move-ins in the high

school," Dr. Kratz emphasized. The middle school, said Dr. Kratz, increased just two students over the summer months from 610 reported in April, 1974 to 612 as of September 13. When compared to last October's count of 594, however, the middle school did grow by 118 students, he added.

"What this all means," said the superintendent, "is that the total district K-12 enrollment has increased only half as much as last year and has increased very little over the summer months."

"The total percent of increase is only 5.6 percent in comparing the same period one year ago. New

enrollments will certainly take place over the next few weeks, but in no way will the school district's past large increase in enrollment continue.

"Growth in the numbers of students has been rapid over the past five years but seems to be slowing down. It now appears the growth of the district enrollment will allow adequate time to build the new schools needed for the housing of additional students."

Here's an enrollment comparison in Novi over the past few years:

1968—1,569; 1969—1,712, up 143; 1970—1,809, up 197; 1971—1,953, up 144; 1972—2,148, up 195; 1973—2,547, up 399; and 1974—2,689, up 142.

Girl Scouts Plan Meet In October

Opportunities for adults for national and local responsibility in Girl Scouting will be discussed at the year's first meeting of the Plymouth-Northville Area Association of the Huron Valley Girl Scout Council, it was announced Monday.

The meeting of all registered Girl Scouts age 14 and over will be held Wednesday, October 2, from 7:30 to 9:30 p.m. at Northville First Presbyterian Church, 200 East Main Street, according to area association chairman, Mrs. Cameron (Ruth) Dostie of Plymouth. At the meeting, Mrs. Clare (Judy) Parker of Plymouth, a member of the council's nominating committee, will describe procedures of selection of delegates to the national convention of Girl Scouts of the U.S.A., and other positions of responsibility.

The meeting, which will bring together area senior scouts, troop leaders, assistant leaders and members of the council's board of directors and policy-making committees, will organize the association's activities for the coming year.

Girl Scout pins will be presented to the area's new troop leaders, Mrs. Dostie said.

Persons wishing more information should call Mrs. Dostie at 453-7544.

Northville Junior Girl Scout Troop 573 made camp-out plans, named patrols and committee chairmen at an opening tea last week.

Working with Mrs. Karen Dunnabeck, leader, and Mrs. Pat Caplan, co-leader, will be Mrs. Fran Bissa, assistant co-leader and uniform exchange chairman. Mrs. Caplan also will serve as calendar chairman.

Other chairmen are Mrs. Bernice Baggett, cookies; Mrs. Gerry Tuttle, telephone; Mrs. Sally Henrikson, badges; Mrs. Gail Nigro, field trips; Mrs. Betty Broderick, camping and first aid.

Patrol leaders and co-leaders are Kris Baggett and Jackie Kelly; Holly Henrikson and Jackie Nixon; Patty Dunchock and Beth Caplan; Carol Kernohan and Terri Nigro. Sherry Dunnabeck will be troop scribe and Charlene Campbell, treasurer.

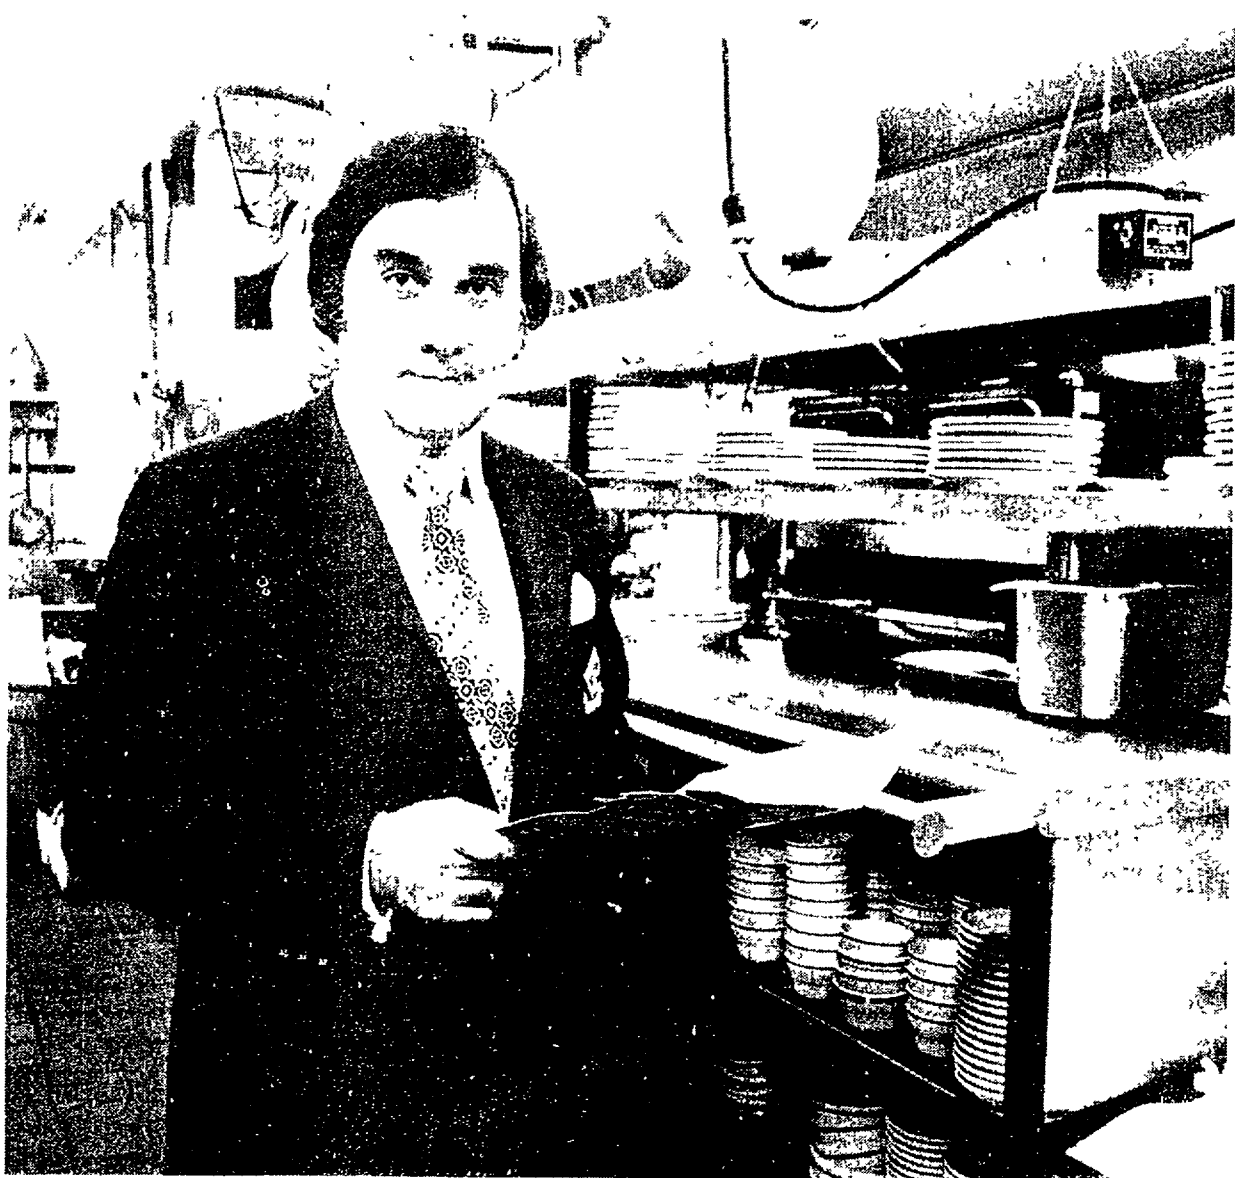

Plans were made to make patrol flags at the troop outing October 4-6 at Camp Linden.

Mrs. Bissa, in addition to serving as local uniform exchange chairman, also will collect unneeded uniforms.

Troop Takes on Park Clean-up

Northville Girl Scout Junior Troop 530, instead of holding its regular meeting after school at Amerman Tuesday, planned a community service clean-up of the city park at Baseline and Carpenter streets.

The scouts were to gather at the home of their leader, Mrs. Jane Francoeur, and afterward planned to visit the cider mill.

MEADOWBROOK HEAD—It's official - George Karydes last month was named manager of Meadowbrook Country Club. Because of a deep interest and background in

food, Karydes checks the club menu as he plans "adventures in food" for the club. He formerly was assistant manager at Meadowbrook.

For Meadowbrook Manager

George Karydes Tapped

A man for whom food always has been an adventure officially has been named manager of Meadowbrook Country Club.

George Karydes already is known to the club membership as he was assistant manager at the club under Richard Brennan. He was named manager by the board of directors last month.

His appointment came after Brennan, who managed the club since May, 1972, left to assume management of Greenville Country Club in South Carolina.

For an interim period, before Brennan's appointment, he served as acting manager of the club. He came to the club four years ago last August.

Karydes' interest in food, he explains, stems from his previous experience as banquet manager at the

Mauna Loa restaurant in Detroit, where he worked from 1967 to 1971.

He came to the Mauna Loa from Cleveland, Ohio, where he was employed by the Mark, Incorporated, restaurant chain. He also worked in Ohio with the Hilton Hotel chain and at the Sheraton Cleveland.

Born in Athens, Greece, where his mother still lives, Karydes recalls living through that country's revolution in 1944 which changed his life plans.

His father, who had been city registrar, was executed as the Communists took over. Karydes said he joined the Greek Merchant Marine after graduation in 1952 and then "saw the world".

Looking back on his service as a third mate, he says now the benefits were the "adven-

tures in food and in meeting people".

Thus, when he came to this country in 1953, his interest in food led him to his present career. He married his wife, Vera, in Ohio. They have three children, Spyro, 17, Anastasia, 16, and Andrew, 13.

Several "new ventures" in dining festivities are planned by Karydes, including a "Carnival at Meadowbrook" November 16. Popcorn, penny candy and games will be part of the fun, he says, with waitresses and bus boys dressing in clown costumes to carry out the theme.

Foods of Germany were to be featured at an Oktoberfest last weekend. Plans also were being made for the annual President's Ball October 26. This event honors retiring President George Torgerson.

Miss Smiley To Perform With Choir

Miss Laurel Smiley, daughter of Mr. and Mrs. Weldon Smiley, 43943 Cottisford, a sophomore, was accepted as a member of the concert choir at Bethel College, it was announced this week. Bethel is located in Indiana.

The Concert Choir is under the direction of Professor William Spade who is at Bethel for his second year. He returned to the area from Norway where he had directed an interdenominational youth choir in addition to his teaching duties in Oslo. He was also organist for a 1200-member Norwegian Evangelical Free Church, Norway.

The choir will perform for the public after several weeks of rehearsal. Their traditional performance of the Messiah will be given in early December.

Founded in 1947 Bethel College is a four-year coeducational Christian liberal arts school fully accredited by the North Central Association of Colleges and Secondary Schools.

technician in environmental control at Technology Corporation.

KATHRYN WICK

Announcement is made in Bridgeport, Michigan, of the engagement of Kathryn J. Wick to Paul R. Christine by her parents, Mr. and Mrs. Fred Wick, former Northville residents.

The future bridegroom is the son of Mr. and Mrs. Richard Christine of Palatine, Illinois.

The bride-elect is a 1973 graduate of Northville High School and now is attending Ferris State College, studying to be a medical records technician. Her fiancé, a 1971 graduate of St. Viator High School in Palatine, also attends Ferris. He is majoring in data processing and is affiliated with Lambda Chi Alpha fraternity.

A summer 1975 wedding is being planned.

Announcement of the engagement of Sharon Creas vanBuren to David Willard Simon of Ypsilanti is being made by her parents, Mr. and Mrs. James H. vanBuren of 18355 Edenderry in Northville.

He is the son of Mr. and Mrs. Willard Simon of Jackson, Michigan.

A holiday-season wedding is planned for December 21 of this year.

The bride-to-be is a graduate of Northville High School and now is attending Cleary Business College. She is employed as front desk clerk at Holiday Inn West in Ann Arbor.

Her fiancé, a graduate of Garden City West Senior High School, now is a senior at Eastern Michigan University working toward a BS degree in speech pathology. He is a member of Delta Sigma Phi and is working as a laboratory

News Around Northville

Mizpah Circle, King's daughters, will hold its fall spread next Tuesday at the home of Mrs. K. H. Babbitt, 306 Rogers Street, at 12:30 p.m. Members are to bring a passing food dish and their own table service.

Miss Mildred Young, president, will be attending the state convention in Owosso October 8 and requests a good attendance at the meeting to make plans and choose delegates to the convention.

An in-club fund raiser at the meeting will be an auction to which members having birthdays in October donate a \$1 gift—to be sold to high bidders.

Frieda Ong, 18168 Jamestown Circle, is one of 110 freshman and transfer students who have received prestigious Student Life Scholarships at Oakland University for 1974-75.

The renewable scholarships are based on academic achievement and on contributions to school and community.

The local winner, whose major outside activity involves church work, is a graduate of Northville High School.

Mr. and Mrs. Bruce H. McAllister, former Northville residents now living in Stuart, Florida, are making plans to return to Michigan for the forthcoming marriage of their daughter, Diann Irene, to Richard Bruce Ording, son of Mr. and Mrs. LeRoy Ording of Northville.

The wedding is to be October 19 at the First Presbyterian Church of Northville with a champagne reception following at Meadowbrook Country Club.

The bride-elect, a design coordinator in the family business, McAllister's House of Decorating, in Northville is using a theme of calico, candlelight and straw flowers for the wedding.

Her fiancé, a recent graduate of Hope College with a BA degree in economics is employed at Ford Motor Company.

Northville Senior Citizens Club members will have a final opportunity to attend a Tiger ball game this season and to see Al Kaline play Saturday, Mrs. Richard Sharon, trip chairman announces.

A bus will leave for the ball park at noon Saturday from Kerr House. No reservations are necessary.

Tips on Real Estate

by Bruce Roy

Zoning laws are intended to protect communities from dissonant and erratic uses of land which would disrupt the harmony of a given area. These laws are promulgated by municipalities usually, but in some cases are being superceded by state law. Certain areas are designated as residential, commercial, or industrial, limiting use to the specified purpose. Limits are set for minimum land area, building height, boundary setbacks, and ecology conformation.

DID YOU KNOW THAT?

According to Multi-List records, there have been 184 real estate sales in Northville so far this year financed by: 9 cash, 58 assumptions, 1 HUD, 90 conventionals, and 26 land contracts.

BRUCE ROY REALTY, INC., 150 N. Center St., Northville, 349-8700 invites you to come in and talk with one of our friendly staff who will be happy to answer any questions you might have regarding the real estate field. If you are selling a home, list with us... we will handle the complete transaction starting with the listing, appraising, advertising, selling, financing and closing. What could be easier?

NOVI ATTRACTION—Novi High School's largest-ever group of majorettes is shown ready to perform at last Friday night's football game. Majorette captain Twila

McCuaig, a Novi senior, is at the left while Denise Paquette, featured twirler, kneels in front.

Resource Center Opens For Women In Area

Schoolcraft College has opened its Women's Resource Center.

Designed to provide women on campus and in the community with various services, the new Center is now open Monday through Friday 9 a.m. until 2 p.m., and on Tuesday and Thursday evenings from 7 to 9.

It is located in room L-184 of the Bradner Library and is staffed with 40 volunteers under the direction of Ms. Nancy Dufour.

Approximately 30 women visited the Center during its first week. Typical of the kinds of questions they are asking:

"Is there a test that can tell 'What are the job opportunities for a 61 year old?'"

"What's the NOW (National Organization of Women) group on campus all about?"

"Is there financial help available for a woman going

through a divorce?"

"What about financial aid for a part-time student from a middle income family? We're putting two kids through college and there's no extra money for me."

Also included among the Center's many services: information in the form of books, pamphlets, magazines and files that can provide answers to questions on a variety of topics, and referrals to community agencies, education and employment representatives and resource persons in a variety of areas.

Also available will be informal group discussions on particular topics. The first such group will meet 1 to 3 p.m. Wednesdays beginning September 18 on the topic "Let's Take Another Look at Occupations." This series will give women an opportunity to examine 30 or more occupations while studying

various aspects of those occupations. Those wishing to participate in this or other groups may call 591-6400, ext. 339 to register.

The Center will be offering peer guidance. Community women trained in listening and problem solving skills will be available to assist others in working on individual problems and plans. Women wanting to discover their interests and abilities will have the opportunity to do so through the Center's testing service.

Community women who have researched particular topics will report their findings to the community in "Feedback" sessions. These will be held on Monday evenings from 7 to 9. Eight sessions are planned and the first one begins October 7.

For further information regarding the Women's Resource Center call 591-6400, ext. 339.

NIGHT SPARKLE—Denise Paquette provides a fire-and-sparkle on the football field at half time during last Friday's Novi football game.

PTA Council Sponsors Free TB Testing Clinic

A free TB testing clinic for all mothers who help in Northville Public Schools is being sponsored by the PTA Coordinating Council.

Tests will be given between 9 and 11 a.m. Tuesday, October 1, with reading of the tests scheduled between 9 and 11 a.m. Thursday, October 3. Both will be held at the Board of Education offices, 303 West Main Street.

No appointments are necessary, PTA Council spokesmen explain, and the tests are available to all mothers who help with hot dog sales and in classrooms

throughout the year. Certificates will be given out on October 3 to those who return to have the TB tests read, spokesmen note.

The free clinic is the first sponsored by the PTA Council. In previous years, helpers had to make their own arrangements for the TB tests which are required for all persons who work with children.

Growing Audiences Prompt Schoolcraft Appointment

Growing audiences and expanding programs have prompted the appointment of a programming assistant at Schoolcraft College.

She is Midge Ellis whose responsibilities in the new post will extend to the Cultural and Public Affairs Series as well as to the college's Student Activities Office.

Promotion is a major function of Mrs. Ellis' job. She will also supervise program details like facility preparation, transportation and staging.

Her work in student activities will include instruction in areas such as the selection of programs, contacting agents, producing shows and handling tickets.

A 14-year Livonia resident of the Clarenceville School District, Mrs. Ellis has long been involved in school affairs. She coordinated the popular Clarenceville Jazz Series, was active in American Field Service (A.F.S.) and the Association for Childhood Education (A.C.E.).

Earlier, as a Grandview Elementary parent, Mrs. Ellis was instrumental in establishing a kindergarten readiness program now used throughout the district and in a number of Livonia schools as well.

The Ellis children, Holly 16, Gary 15 and Tim 11 all attend Clarenceville schools.

For the past three years Mrs. Ellis has served as a

community representative on Schoolcraft's Cultural & Public Affairs Advisory Committee. She also helped coordinate a number of its programs, voluntarily assists lending experience to her new job.

The student body will be a prime audience Mrs. Ellis hopes to reach. "We have many areas of enrichment at Schoolcraft," she said, "but it takes involvement and we need to get more students involved."

She said she wished more would take the time to just read a bulletin board on campus. "Even this could make a difference in the numbers of students attending our programs,"

Mrs. Ellis believes, "because the quality and variety are certainly here."

MIDGE ELLIS

OCC Enrollment Sets New High

Oakland Community College's Fall enrollment of 16,470 students on its four campuses is the largest in its history. With 6,242 students enrolled, the Orchard Ridge Campus remains OCC's largest campus. This figure is just short of the 1971 record enrollment of 6,262 students for the campus.

In explaining the large enrollment, Dr. S. James Manilla, Provost, Orchard Ridge, commented,

"I think that the fine effort our staff and faculty have made during the past year to highlight our campus in the community is responsible, in part, for this growth. The Spring Gaslight Festival brought many visitors to the campus for the first time. Of course, the quality instruction we offer in a wide variety of academic and vocational disciplines is bound to attract students."

The Orchard Ridge Campus of OCC first opened for classes in September, 1967. Now beginning its eighth academic year of service to the community, Orchard Ridge, located at the intersection of I-696 and Orchard Lake Road in Farmington, offers a wide variety of programs and courses in academic and vocational areas. The Campus also provides

numerous community programs and services to the south-central and southwestern portion of Oakland County.

The Orchard Ridge Campus, in addition to its regular academic programs, offers a wide variety of community-oriented classes (credit and non-credit) for the general education and interest of the community. Real estate, personal finances, ceramics, photography, yoga and witchcraft are a few examples.

The GLENS at Hamilton Farms:

**Possibly this area's
most luxurious apartments.
You decide.**

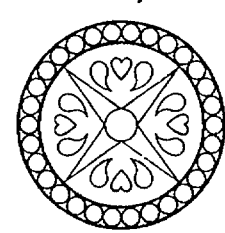

You get the best of old Brighton, and the best of the new. A gently rolling site with duck ponds, woods, the beauty of unspoiled nature. Yet nestled snugly, unobtrusively among the trees are some of the most luxurious apartments in this area. Or anywhere.

You can choose from studio, one-bedroom, two-bedroom units (some with two baths). The quality of design and construction is obvious. In the living room: large sliding glass door to balcony or patio. In the kitchen: range, double-door refrigerator/freezer, sound-conditioned

dishwasher. In the bath: ceramic-tiled tub and shower and vanity. All through the apartment: wall-to-wall carpeting, individual gas heat and air conditioning unit, insulating glass. Acoustic barriers between apartments. Carports available.

The Glens is a completely separate apartment community at Hamilton Farms. With a private swim club for residents only. And the rural, peaceful environment that attracted you to this area in the first place. The Glens at Hamilton Farms. Luxury, redefined.

School Seeks Help In Career Program

In an effort to promote career education, Northville Public Schools is looking for volunteers who are willing to provide on-the-job learning experiences to students.

"We also need resource people who are willing to talk to students about their occupations," Fred Holdsworth, career and vocational education coordinator, said.

Those interested in either providing the training or talking to students should fill out the form which can be found in this week's issue of The Record.

Forms should either be returned to Holdsworth at 303 West Main Street or he can be contacted at 349-3400, extension 214. Persons interested in hiring students should ask for

extension 317.

The career education program involves students in all grades with the basic objective of developing student awareness of the more than 20,000 job classifications and 15 job clusters.

Through the program, middle school students will be given an opportunity to explore some of the occupations and high school students will have a chance to select and prepare for employment.

Holdsworth explained that although the school district is presently providing job exploration through several courses, "we would like to expand job opportunities for more of our students."

"We want to hear from those who can help," he added.

Students to March For College Loans

The second annual hike-athon to raise money for no-interest loans at Schoolcraft Community College will be held Saturday afternoon.

Beginning at 1 p.m. from Northville, the hike-athon will include 25 marchers from the Collegiate Patriots but sponsors and walkers are still needed.

"We need people who will walk with us and people who will back us for a quarter, dime, nickel or even a penny a mile," Frank Londy, spokesman for the Patriots, said.

Those interested in walking or sponsoring one of the walkers should contact Walter Lockhart at Schoolcraft, 591-6400, extension 326.

Last year, the Collegiate

Patriots sponsored the first Hike-Athon and raised almost \$400 to help students. All proceeds go into the college fund.

Londy said the funds are "for anyone, they are non-qualified loans. Last year, four no-interest loans were given to students to needed assistance to continue their education and this year we hope to build the fund so even more students can benefit."

Londy said marchers will assemble at the American Legion Hall in Northville at 1 p.m. Saturday and will be driven to Hines Drive and Merriman Road where the hike begins.

Marchers are expected to return to Northville between 3:30 and 5 p.m.

Schoolcraft Gets Funds for Series

Schoolcraft College has received a \$1,915 grant to sponsor a series of lectures during its upcoming "Future's Week" scheduled for October 7-11 on campus.

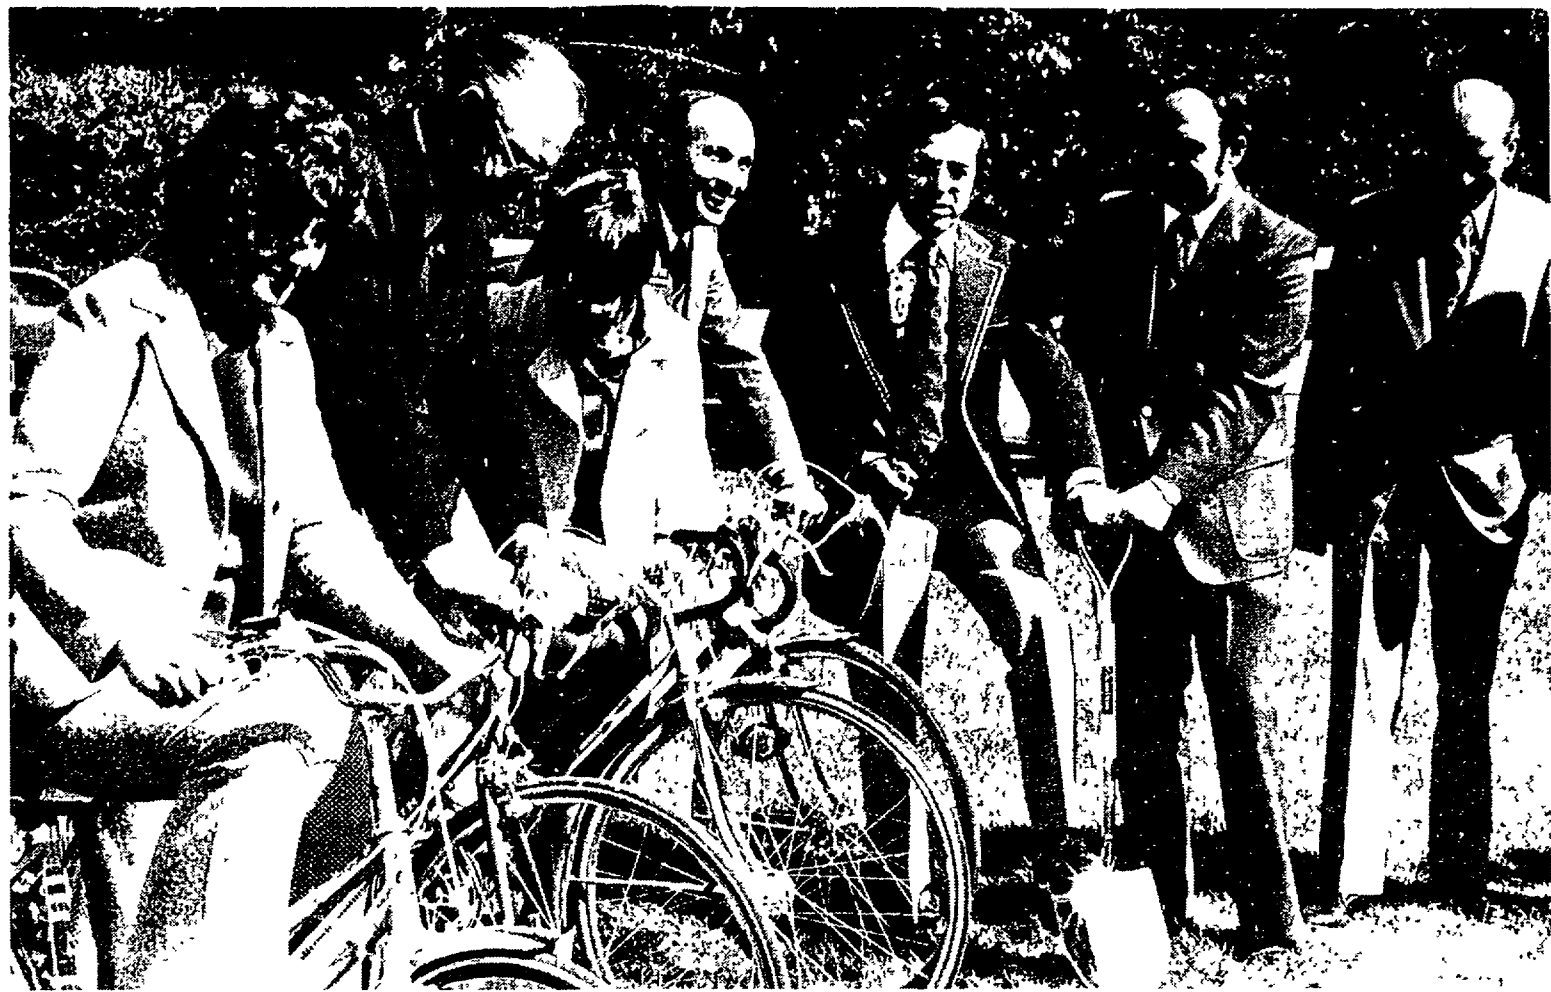

The grant was made by the S & H Foundation, charitable arm of The Sperry and Hutchinson Company, a diversified corporation best known for its S&H Green Stamps.

The lectures are scheduled for the entire week according to William J. Burke a Schoolcraft instructor and chairman of the Ad Hoc committee sponsoring Future's Week. "Each of us has a vital stake in the future," he said, "and we will

examine it with speakers who have a variety of viewpoints."

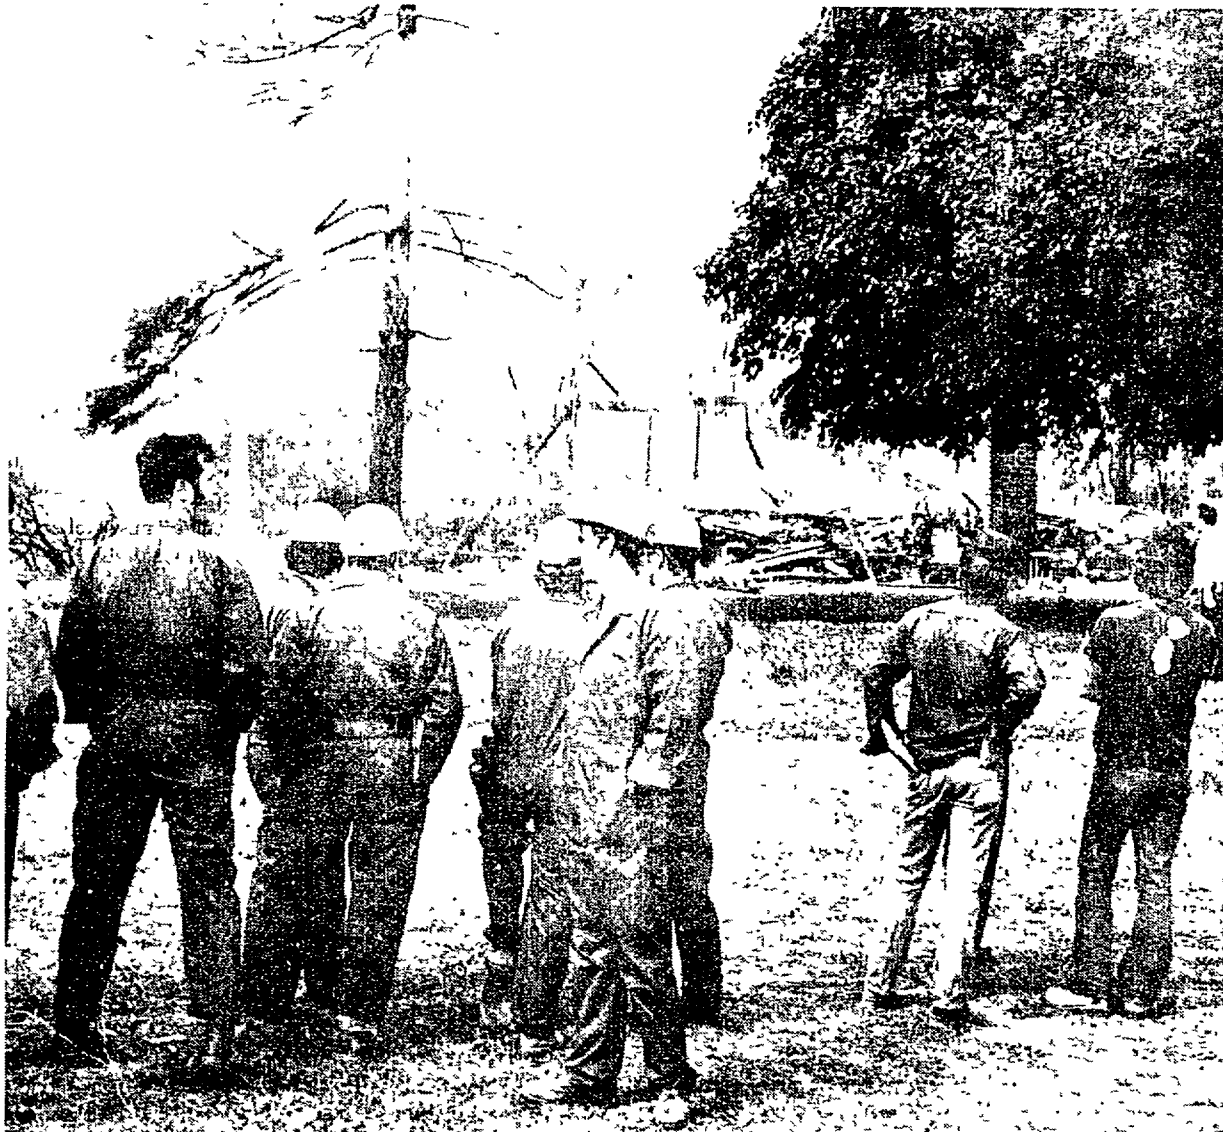

Schoolcraft College was one of 32 colleges and universities to win an S&H Lectureship Grant this year. There were 369 entries. Since the program began in 1960, more than 460 grants have been made, with total awards exceeding \$825,000.

Robert C. Ball of Bayly, Martin & Fay, a Sperry and Hutchinson Subsidiary who presented the check on behalf of S&H said that the Lectureship Program was designed to bring prominent and thoughtful speakers to campuses and to help strengthen college and community ties by opening the lectures to the public.

HINES BIKE PATH—Ground was broken Monday for the first mile of a planned 20-mile bike path along Edward Hines Parkway from Newburgh to Maybury State Park. Waiting for the November 1 completion of the first leg are (left to right) Mary Dumas, Wayne County Commissioner; John Dufour, Livonia Park System; Beverly McAninch, mayor of Plymouth; and Robert Geake, state

representative; as Michael Berry, chairman of Wayne County Road Commission; and State Senator Carl Pursell break ground. Watching is John Lesinski, chairman of the county public works committee. The first stretch of the \$50,000 project will run along Newburgh Lake. An additional \$60,000 has been earmarked to extend the bike trail to Maybury, Pursell said.

A House Warming

Students and instructors survey the remains of a vacant house on Six Mile Road east of Ridge Road which caught fire following an explosion shortly after 11 a.m. Friday morning. The house was being used by Alcohol, Tobacco and Firearms Division of the Treasury Department for training sessions in explosives when the vacant house went up in flames after a dynamite blast. See story on Record, Page One.

District, Union OK Pact

Northville School Board members ratified a two-year contract with Local 547 (cafeteria, transportation and custodial workers) and approved a one-year salary schedule for secretarial and clerical personnel. The action took place Monday.

As part of the agreement with Local 547, the school district removed from bus drivers' personnel the letter of reprimand issued over the refusal of drivers to drive during an ice storm last April.

The union also agreed to withdraw its demand for arbitration, school administrators said, resolving the grievance filed over the matter.

The agreement with the union calls for an across the board increase of 10 percent this year, retroactive to July 1, and an increase of six percent in the 1975-76 school year.

Raises range from a minimum of 26 cents to a maximum of 47 cents per hour.

Other items in the agreement call for two additional paid holidays per year, bringing the total to 11, elimination of all paid personal business days, clarification of the grievance procedure and a probationary period of 90 days while the traditional school schedule is in session.

Employees will also be more involved in filling vacancies and will allow drivers to yearly select bus runs by group of assignment.

The salary schedule approved by the school board for secretarial and clerical personnel includes a 10 percent across the board adjustment, retroactive to July 1.

Administrators pointed out that Class I beginning employees will earn \$2.58 per hour while those on the top level of the schedule will earn \$5.27 per hour.

Garden Club Plans Boutique

Village Creek Garden Club, organized last year, has set November 2 as the date for its holiday boutique, which will be held from 9 a.m. to 5 p.m. at Village Oaks Clubhouse.

Workshop sessions are being held by the club's 35 members to make cone wreaths and other decorative items as well as such needlework projects as host and hostess aprons for men and women.

Sponsored by the Hill and Dale branch in Farmington, the club is state and nationally affiliated.

Who's Who to Feature Northville Graduate

Rene Wheaton will be among those students featured in the eighth annual edition of Who's Who Among American High School Students, 1973-74.

A graduate of Northville High, Rene is the daughter of Mr. and Mrs. Richard Wheaton, formerly of Northville and now of Plainwell.

Rene is attending Northern Michigan University where she is majoring in nursing. She is a recipient of the Michigan State Competitive Scholarship Award and is

active in sports, church and Girl Scout activities.

Students from over 20,000 high schools throughout the United States are recognized for their leadership in academics, athletics, activities or community service by Who's Who. Less than three percent of the students nation-wide are awarded this recognition.

In addition to having her biography published in the book, Rene will also compete for one of 10 scholarship awards funded by publishers of the book, Who's Who added.

BATTLE FIRE—Northville volunteer firemen fight smoke to feed in hose as they battle last Monday's 2 a.m. fire at 400

South Ely Street. The fire, which gutted the house, reportedly began in a furnace room.

Opens in January

Plan Optional School

Beginning second semester, the Northville School District plans to offer an optional educational program to high school students.

An advisory committee of administrators, parents, teachers and students has been formed to act as an on-

going committee to assist in completing the design, development and implementation of the program.

The optional program will be designed to help decrease the "disenchantment of some young people with traditional

school," Assistant Superintendent Florence Panattoni said. Alternative programs will be established and students will still be required to complete specified courses for graduation.

The proposed program grew out of research conducted last school year by Project YES. The goal of YES was to identify policies, practices and programs in the Northville schools which could be improved to better meet the needs of some students.

After months of study, Northville's YES team, funded by the Wayne County Intermediate School District, submitted findings recommending an alternative high school.

The program "depends largely on the quality of the personnel with the staff selected on the basis of its ability to relate to students with divergent needs," YES committee's report said.

Students must have the approval of their parents to enter the program which would include a two-hour seminar as its core, exploring mutual needs and areas of concern.

Emphasis will be placed on helping students develop skills necessary for working

independently.

Persons wishing additional information on the program or having suggestions to contribute may contact either Kathleen Densmore, who is in charge of setting up the program, or Fred Holdsworth, career and vocational education coordinator. Both may be reached by calling 349-3400

Oakland Awards Bid

The Board of County Road Commissioners has awarded a \$69,920 contract for another of its 1974 regular construction projects and tabled bids for six additional projects totaling \$429,315.25, according to Road Commissioner Fred L. Harris.

Harris said J.D. Armstrong Landscape Company, of Fraser, was awarded the \$69,920 contract for widening and resurfacing the intersection of Haggerty and Fourteen Mile roads in the cities of Novi and Farmington Hills and West Bloomfield and Commerce Townships. He said the project is scheduled for completion about mid-November.

Fire Guts City House Monday

A fire, described by authorities as one of the worst house fires in recent history, caused an undetermined amount of damage as it completely gutted the inside of a City of Northville residence at 400 South Ely Drive early Monday morning.

Five persons living at the residence including Dorothy Darnell, owner of the home, and her parents escaped injury as they were awakened by smoke and left the home.

Police responded to a call of smoke in the house at 2:07 a.m. and after checking conditions called in the fire department. First policemen on the scene reported being unable to reach the source of the fire in the basement area with fire extinguishers because of the intense heat and smoke generated.

Fire trucks arrived at 2:18 a.m. but were unable to contain flames in the basement area as they spread through the ceiling to the upper floor of the tri-level structure. Authorities on the scene said an open sliding glass window on the bottom floor of the home created an updraft ventilation whipping flames through the house.

A gas explosion was also reported

Six Mile at Napier

Salem Eyes Ski Slope For Landfill Reclamation

Salem Township could become the site of a major ski slope that would equal or surpass any slope presently located in southeastern Michigan.

That possibility exists as a result of a proposal from the Holloway Sand and Gravel Company for the reclamation of the southwest corner of their property. The land is currently being used as a sanitary land fill.

Specifically, Holloway has proposed that once the fill has been completed, the land would be ideally suited to the creation of a ski and winter recreation area.

Involved are approximately 130 acres located at the southeast corner of Napier and Six Mile Roads.

At present, a portion of the property is owned by the township, while the rest of the land is owned by Holloway.

Township Supervisor Philip Brandon told Sliger Publications Monday that the matter is presently under consideration and has been referred to the Board of Appeals which will set a public hearing to consider Holloway's request for a conditional use permit to conduct an additional sanitary landfill operation in the area.

Issuance of that permit would be conditional on construction of the ski slope.

History of the project goes back to the time that the township and Holloway entered into an agreement which permitted Holloway to proceed with a sanitary landfill on approximately 40 acres at the corner of Six Mile and Napier.

Included in that agreement was a stipulation which called for the property to be deeded to the township once the landfill had been completed.

That agreement has been carried out and the property now owned by Salem.

Approximately one and one-half years ago, Holloway purchased an additional piece of property adjacent to the original landfill and was granted another conditional use permit for another landfill.

The proposal to build the ski hill was prompted by Holloway's recent purchase of another 50 acre parcel adjacent to the first two. The Holloway proposal is that if the Board of Appeals would grant another conditional use permit for a landfill, they would construct the ski slope.

Once the fill has been completed, the entire 130 acre, would be deeded over to the township.

Brandon reported that the proposal grew out of a study of what purpose the property could be used for once filling operations have been completed.

"Our original findings were that it was ideally suited to a ski slope," said the supervisor. "We did a little more research and the possibility became a little more interesting."

Holloway has been in contact with a firm which specializes in the development of such slopes, according to Brandon. The firm has developed ski hills at nine different locations around the state, including Mt. Brighton and Pine Knob.

The project would require quite a bit of dirt, but Brandon said that Holloway would be able to provide the required amount through its various highway construction projects across the state.

Issuance of the conditional use permit for the landfill is subject to the approval of state and county agencies, as well as the local Board of Appeals.

Brandon said that according to the proposal the township would retain control over the dimensions and aesthetics of the project. "We would be able to direct Holloway's engineers as to how we would like the project to take shape," he said.

Another condition would grant township residents full use of the landfill while it was still in operation.

"What we're talking about is erecting a full-size ski hill," commented Brandon. "The average ski run is approximately 1,300 to 1,400 feet in length and we have more than 4,000 feet between the railroad tracks at one end

of the property and Six Mile Road at the other.

"There's enough room there for a ski run as long as any ski slope in southeastern Michigan. We could build a hill that would be comparable to, or even surpass, Mt. Holly."

Brandon noted that the present board is only making plans for construction of the hill.

"The project is still six or seven years away," he stated. "By that time, it's possible that none of the present office holders would be around. What we can do now is provide a long range plan. It was our feeling that we could provide our citizens with a first class ski environment."

Brandon suggested that once the project has been completed, if it is approved, the township board could then study several options for its use. One such option, offered Brandon, would be to contract with a private firm to operate a lodge and ski lift and share the profits with the township.

Brandon also stated that the landfill operations over the next five to six years do not need to be a detrimental factor

Recent laws, he said, have given local authorities excellent control over filling operations. "There's been a stigma attached to landfills, but I feel that we can keep the problems down to a minimum," he said.

"It was my feeling and the feeling of the board that there were an awful lot of positive aspects to the proposal. I don't think traffic problems would be that great because of the nature of such a development; the township residents would have access to the fill while it was in operation; the residents and area citizens would be provided with a much needed recreational facility; and the township might ultimately be provided with a source of additional revenue."

"All in all," said Brandon, "there seemed to be quite a few positive aspects to the proposal. Ultimately it could provide something which would be of benefit to the people. We thought there was enough merit to the project that it should certainly be considered."

City, School Tap CTS Appointees

Appointments were made to the City, Township, School Board Blue Ribbon Committee Monday by Northville City Council and Northville Board of Education.

The community-wide committee will analyze findings of the feasibility study on the use of the three school buildings on Main Street. Appointments to the committee will also be made by Northville township board at its October meeting.

Approved by the city are eight appointments:

Mrs. Jane Wiegand (Jay Wendt, alternate), representative of the library commission; Bruce Turnbull (Lisa Buckland, alternate), plan commission; John Stuart (John Steimel, alternate), housing commission; Clarence Harsch, senior citizens.

Others are Paul Folino (Wes Henrikson, alternate), recreation commission; W. Wallace Nichols, city council;

Russell Clark (Wilson Funk, alternate), citizen at large; and Jack Hoffman, community service organization - historical society.

Eight appointments made by the school board and their alternates are:

William Duey (Robert Taylor, alternate), representative for the Novi portion of the school district; Ron Zollers (Carolyn Beyer, alternate), Lyon township portion; Glenn Deibert (Lael Echols), Salem township portion; Stanley Johnston (Dr. Robert Mandell), school district at large.

Others named by the school board are Annalee Mathes (Patricia Wright), League of Women Voters; Les Bowden (Marjory Cinader), Chamber of Commerce; the Reverend Father Gerard Hadad (the Reverend Lloyd Brasure), religious leaders; and John Hobart (Andrew Orphan), board of education.

Novi's Dual School Tax Collection Gets 'Iffy' Backing

Twice a year collection of school taxes has the conditioned backing of the Novi City Council.

But unless the council is satisfied that its conditions are met don't expect dual collections to become a reality.

Council members Monday night authorized the administration to continue a positive investigation of dual collection, long a top drawer request of the school board,

with the understanding that council could be persuaded to implement the process only if—

—The school district underwrites cost of implementation.

—It does not create a disrupting burden on city personnel and/or upset billing procedures.

—It is determined to be procedurally and economically sound

Furthermore, in a tongue-

in-cheek observation Councilman George Athas wondered aloud if dual collection is implemented and it does save the school district up to a half-mill worth of interest costs if the school board is prepared to reduce its tax levy by the half-mill.

Athas was more concerned, however, with the effect dual collections might have on the escrow accounts of home buyers. He cautioned fellow council members that while

dual collection may save the school district interest monies, it could represent a big initial blow to the homeowner's pocketbook.

More specifically, the councilman pointed out that lending institutions would have to double-bill buyers of homes during the first year of dual-tax collection to build up escrow accounts. Purpose of these accounts, he reminded council members, is to build up sufficient monies to cover

future tax bills, not the past bills. In other words, homeowners pay into their escrows in advance of the tax bill, he explained.

The twice a year collection of school taxes has been strongly recommended by the school board to eliminate the necessity each year of borrowing money against tax anticipated income. Annual interest rate on this borrowed money approximates \$25,000 to \$35,000.

According to the school board, collection of half the taxes in the summer and the other half in the winter will mean sufficient available operating monies throughout the year.

If implemented, the taxpayer would receive a bill for half his school taxes in the summer (he now receives his bill for the total amount in the winter). He would continue to receive his city tax bill in the summer.

City administrators were

unable to immediately estimate cost of implementing dual collection because that cost would be dependent upon whether or not the city's new mini-computer (purchased later in the meeting) could be pressed into service, it was explained.

Machine time and personnel costs have yet to be determined. But officials estimate the extra billing will require an additional \$200 to \$300 in postage. To provide separate bills — one for city

taxes and another for school taxes — might cost another \$180, it was pointed out.

When it was suggested that the new computer could be used for the dual collection procedure, Athas warned that the city had better take a closer look at the machine's capacity. By assigning school-related work to the machine its memory capacity is diminished and hence its capacity for doing city-related work is reduced, he pointed out.

Citizen Rips School Board Over NHS Appointment

Calling it the "sloppiest questioning ever," a resident of Northville School District ripped the school board for its method of appointing Eddy McCloud as assistant principal at Northville High.

Richard Barron of 21000 East Chigwidden told the board it had "spent 45 minutes of close questioning on whether or not to move the bus stop and less than 10 minutes of the sloppiest questioning ever on a \$19,000 appointment," before confirming the superintendent's action.

"You had the option of returning the job specifications and getting the answers to your questions," he added. "You as a board should examine your conscience as to whether you're doing your job."

Saying that the action "makes you a rubber stamp board and you did not meet your responsibilities" to students at Northville High, Barron said he believed the release of McCloud's

appointment to the newspaper was premature.

Last week, The Record carried the story of McCloud's selection and that it was to be confirmed Monday by the school board.

Barron also criticized the board for not pressing the administration further on McCloud's credits toward his masters' degree.

Administrators said he has earned 13 credits towards his degree, explained that he would be receiving his degree by the end of the school year but they could not answer questions on what were the courses he had already taken. Barron questioned whether or not the new assistant could "complete his masters' degree in one year while having a full time job."

Superintendent Raymond Spear said he was abiding by Principal Michael Tarpinian's wishes in appointing McCloud, that he felt McCloud was qualified and that "the total best interest of the school district has been

taken into account. We have made nine appointments this way and you choose to object only to the last."

Board Vice-President Dr. Orlo Robinson, cutting off any further discussion between Spear and Barron, said that Barron's "point is well taken as far as announcing his appointment before acting upon it."

"As far as his selection, I do not support all that you say," Dr. Robinson said.

In other personnel action Monday, board members hired William A. Bowditch, a 1970 graduate of Wayne State University with an educational specialist degree.

He will teach welding and auto mechanics at the high school at a salary of \$16,355. He has 20 years' teaching experience in Detroit schools.

Novi Council Meets Monday

A position paper on Novi's stand relative to the Randolph Drain is expected to come out of a special Novi City Council meeting next Monday at 7:30 p.m.

Councilman Louie Campbell requested the meeting so that the Novi council could firmly establish its position prior to next month's hearing before the inter-county drain commission.

The controversial drain matter concerns cost sharing between Northville and Novi for construction of an enlarged and improved drainage route known as the Randolph Drain because of its route along Randolph Street in Northville.

Rezoning Defeated, Says Fried

An attempt to rezone a 75 foot section of property on the southwest corner of 10 Mile and Haggerty roads was ruled Monday by City Attorney David Fried to have been defeated despite a 4-2 vote.

The vote had been taken at a special September 11 council meeting without Fried present, and the attorney ruled that six council votes were necessary, according to the city charter, because of a petition against the rezoning.

The property, along with another 275 feet of frontage along 10 Mile Road is owned by Victor Almas who had wanted all the property to be rezoned to C-1 local business. Seventy-five feet had been zoned R2A (restricted multiple family residential district) with the remainder PO (professional office).

It was indicated by city officials that the 75 foot R2A zoning had been in error initially and it was moved that only that property be rezoned to C-1 with the remainder staying PO.

Entering into the situation was a petition with 11 signatures of property owners living immediately south of the property on Burton who were fighting the change.

The vote on the motion was 4-2 in favor of the rezoning and Mayor Robert Daley ruled it had passed subject to review by the city attorney.

Fried consequently ruled Monday that the charter required passage of the motion by four-fifths of the council and the motion failed.

Citizens, Officials Flex Muscles

Novi Lake Park Gets New Look

Novi's City Park now has a new look as the result of Saturday's "largest clean-up" in the history of the park.

Approximately 40 people showed up to work and watched as the old restroom, victim of vandals, was torn down and hauled away.

In addition, a hill which had blocked the view of incoming park goers from the basketball and tennis "magic square" was graded down.

The clean-up was truly a city affair as the fire department, department of public works (DPW), police department, and community services section all were present and helped with all phases of the action.

Representing the city administration was Mayor Robert Daley, Acting City Manager Ed Kriewall, and City Clerk Gerry Stipp.

Tree stumps were hauled away while old dead trees were pulled up and burned or buried. Grass in the picnic area was cut by Farrell Rose who donated use of his tractor.

Michigan Tractor of Novi donated a front end loader which was used to tear down the old restroom and to grade off the hill.

According to Joseph Toth, head of the beautification commission which was the driving force behind the clean-up, a citizens' committee studied the

situation approximately a year ago and recommended grading down the hill.

This was to be done so that "magic square" basketball and tennis area would be visible. Picnic tables next year will also be put leading to the "magic squares", Toth indicated.

Donating a pick-up truck for use in picking up trash and other items throughout the

park was D & G Heating in Novi. Faygo donated pop.

Toth said that much of the credit has to go to the DPW for providing trucks to haul away debris from the restroom, and for assisting in many other ways throughout the clean-up.

"We feel the clean-up was an excellent success," said Toth. "A major eyesore, the decrepit restroom was

eliminated and removed"

According to Toth, he is hopeful that the Parks and Recreation Commission will work next spring to open up and develop other areas of the park.

"We are attempting to restore the park to its previous condition and to maintain it that way," said Toth.

Wixom Council Receives Park Recommendations

A letter from the parks and Recreation Committee giving recommendations on what to do with 64 acres of property being leased from Huron Clinton Authority for use as a park was made public at Wixom's council meeting Tuesday night.

The property is located south of Glengary and north of Hillcrest roads and is just west of Hickory Hills Golf Course. The land was leased in February from the Huron Clinton Authority.

Although the letter, addressed to the mayor, was not read at the meeting, Bill Abrams, Director of Parks

and Recreation Committee of the city said the committee recommends any improvements be of a temporary nature because the lease is only for three years.

Noting that the Wixom Jaycees will help on actual work and use of heavy equipment, the committee recommends the Jaycees be permitted to cut a roadway into the park, grade and establish at least one ball diamond, level off a parking lot and do any other grading necessary to accommodate those facilities.

It also recommends drilling a well for a handpump, as well

as pit toilets, and a picnic area with several tables and barbecue grills.

Total cost was estimated at close to \$7,400 for the work — which the city would have to pay.

The letter also recommends the city department of public works (DPW) add personnel to handle the additional load, or a full time employee be hired under the direction of either Robert Trombley, director of the DPW, or Abrams.

The letter also says that a more detailed report on the park project will be passed along to the council sometime in the future.

Phone Transfer Delayed in Novi

Transfer of telephone equipment to Novi's new city hall annex now under construction has been temporarily delayed.

The delay resulted Monday when council declined to authorize the transfer — expected to cost an estimated \$4,000 — pending confirmation that sufficient monies have been budgeted to cover the expenditure.

Although Acting City

Manager Edward Kriewall reported monies are available, Councilwoman Romaine Roethel challenged this fact because she was unable to find a related \$10,000 allocation in the budget.

Existence of the budgeted monies has since been confirmed, the manager reported Tuesday, and formal council authorization is expected to take place at the next council meeting.

a page for expressions
...yours and ours

Although it's barely fall and a long winter lies ahead, summer is occupying all the attention of officials at Northville Downs.

This summer was not a happy one for Michigan's pioneer harness racing track.

Once the scene of 54 nights of balmy summer evening racing the Downs was awarded 24 summer nights in 1974, a meet that hardly makes opening the gates worth the effort.

And Downs' Executive Manager John Carlo is bitter about the situation and critical of the commissioner.

Emphasis is focusing on summer, 1975 now because new state regulations establish October 15 as the deadline for announcing next year's harness racing schedules.

On September 15 Carlo filed his request for 54 summer nights. But if this year is an indication of the future, and the big tracks (Hazel Park and Wolverine) keep pressuring for back-to-back summer harness meets, Northville may be squeezed out of the summer picture entirely.

It's Carlo's contention that such an eventuality would be detrimental to harness racing from the standpoint of the fan, the horsemen, employees, track owners and the state.

Naturally, the City of Northville suffers financially, too, if the pari-mutuel handle dips at the Downs, so local officials have kept a close eye on state racing developments.

From a revenue standpoint, it isn't how many nights of racing that counts. It's when and where the racing takes place.

Carlo points this out in an article published in the August edition of The Michigan Harness Horseman magazine. It is entitled "The Bitter Taste of Success".

Author Carlo declares in the article that the winterization of Northville Downs (new clubhouse, air conditioning, etc.) was the result of an ultimatum set forth by the Racing Commissioner. He said the \$3½ million improvement program was undertaken to save summer racing dates for Northville.

And statistically the article points out that winter racing at Northville Downs increased year-round interest in the sport and in two years following the winterization of

Northville state harness racing revenues began booming.

Carlo also shows statistically that the best months for harness racing at the best locations in any large city are January, February and March.

His point is that Hazel Park and Wolverine, being closer to the large centers of population, would realize bigger handles if they winterized and held meets during these months, as well as summer.

Operational costs are about \$2,000 more per night for winter racing. But with more betting by bigger crowds during the prime winter months it could be more profitable for the operators as well as the state and local governments, Carlo declares.

He contends it isn't fair (and contrary to a promise given) to take away summer racing from Northville and leave it with the winter dates when it has most difficulty in attracting people because of its distance from the population center and the uncertainty of conditions for travel in winter.

Whatever the pressures, politics or commissioner's fancy, there's evidence that the state's racing set-up needs re-examination.

Naturally, the competition for dates will continue so long as there are individual interests to be served — and this list includes horsemen, track owners, cities receiving revenue from the tracks, the state, and finally, the fan.

But firm rules for equity must prevail in a business like pari-mutuel racing where the individual operators must await the decision of a state agency to know when, and consequently how profitably, their businesses may be conducted.

Carlo concludes his "Bitter Taste of Success" article with these suggestions for future harness racing in Michigan:

- 1—All three metropolitan tracks should be winterized;
- 2—Monthly meetings of all licensees (harness and thoroughbred);
- 3—A three-man commission to replace the present one-man set-up;
- 4—At least one or two licensed tracks in other portions of the state;
- 5—Race meets of not longer than 75 days or nights (preferably 60) at one location.

CARL A. GERSTACKER

GOOD...

I would propose that government initiate a voluntary support of the citizenry by means of what might be called a "five and ten" program. Under this program government would ask industry to take a pledge, company by company, not to raise its price index by more than a reasonable level, such as five per cent, from Labor Day 1974 to Labor Day 1975. And government would ask labor leaders to pledge that they would limit their wage demands to a reasonable level, such as 10 per cent, during the same period.

I believe such a program would find the support of both industry and labor, and under strong leadership from the President and Congress we could make this work. I would like to see many companies flying a flag that said they were backing the program — the flag being awarded to those who pledge to fight inflation by staying within these reasonable boundaries.

If such a positive program were adopted, Dow Chemical would be one of the first to pledge to do its part. Unions, stores, and companies that met or bettered the standards that were set should receive public approval.

I do not know that five and ten are the right numbers — this should be open to debate, of course. There could be very legitimate reasons for variance in different industries. The important thing is to set standards — reasonable standards — and get industry and labor to pledge to try to meet those standards.

Speaking for Myself

Wage, Price Controls?

FRANK J. FAZEKAS

Within a short time, under the pressure of public opinion, many would take the pledge — and we'd all get together and fight inflation. That's the important thing.

Carl A. Gerstacker
Chairman of the Board
The Dow Chemical Company

BAD...

Remember months ago when the government imposed wage and price controls? Well, the economy is still reeling from those restrictions.

When bureaucrats attempt to manipulate the economy, the results are usually disastrous.

History has shown that government imposed controls lead to shortages, black markets, and higher real prices for everything the consumer wants.

And what happens when wage and price controls are finally lifted? Extreme price movements take place in the direction opposite to the controls.

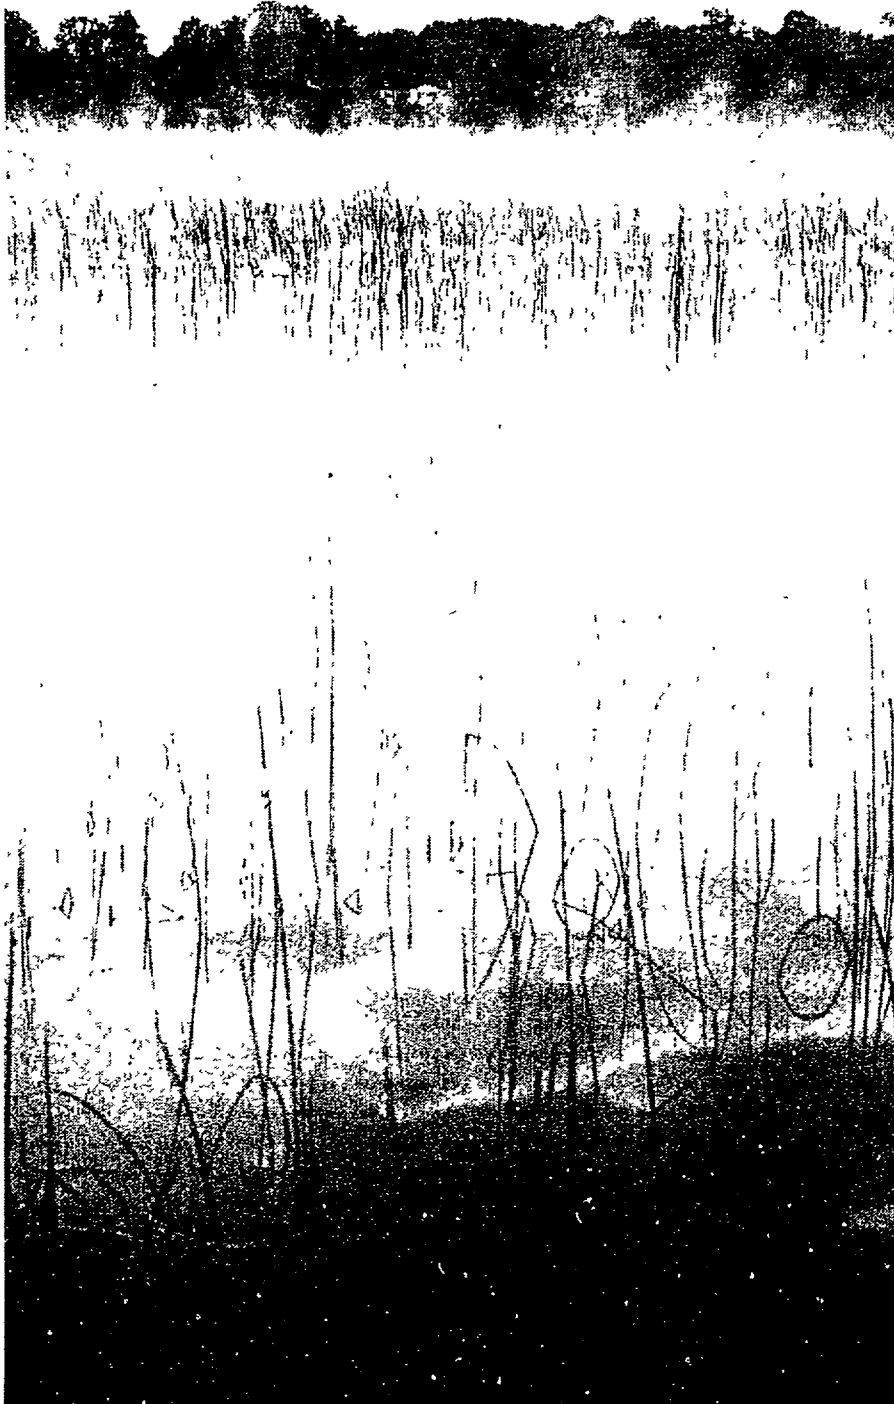

It's obvious that price controls won't stop inflation. They compound the problems of inflation by creating new obstacles for the consumers.

No, wage and price controls will not work. Controls by a bureaucracy is no match for the free market in the allocation of human and material resources for the good of everybody.

Frank J. Fazekas

Photographic Sketches . . .

By JIM GALBRAITH

September Morn

By JACK W. HOFFMAN

Out hunting for an old reservoir this past week I unexpectedly bagged a white elephant instead.

"They tell me you're trying to unload an old Plymouth reservoir in Northville Township. Just how old is it?" I asked the engineering department personnel for the City of Plymouth. "About 10 years old," came the quick reply.

"But that's impossible," I protested. "How can the reservoir be 10 years old when Reservoir Drive's been around for a half century or more."

There was a pause while someone searched the records and then she was back on the line: "You were right," she said. "Our records show the property was purchased from William Johnson in 1895." Plymouth, she said, paid less than \$500 for the property.

I drove up to look the reservoir over only to run smack dab into a new fence. Then I learned that Plymouth has already sold the property. . . to Ross Northrop.

A little more investigation solved the mystery. When Northville Township Supervisor Larry Wright revealed the other night that Plymouth was trying to sell Northville its reservoir he was talking about a newer reservoir — one that Plymouth built "about 10 years ago" on Beck Road. Use of the reservoir up on Reservoir Drive was long ago discontinued, I'm told.

Ironically, sale of the latter reservoir to Ross Northrop returns the property to the "homestead" of William Johnson. Dr. W. G. Johnson, you see, is Ross Northrop's great grandfather and the historic old Johnson farm home is where the Northrops live today off Six Mile Road. The Northrops' property (part of the old Johnson farm) abuts on the reservoir.

The farm of Dr. Johnson, a veterinarian who died in July of 1924, included what today is part of the Wayne County Child Development Center property.

A short item in The Record of October 11, 1895 said this about the reservoir at Mead's Mill: Cementing of the reservoir is now completed. It will hold over 1½ million gallons of water.

Northrop has no immediate plans for his newly acquired reservoir. Main purpose in buying and fencing it, he confided, was to put a damper on all the parking and necking that was going on there almost nightly.

Now, about that newer reservoir.

"It's the biggest 'white elephant' we've got. . . and we were kinda hoping Northville Township might like it," a spokesman for the City of Plymouth confirmed.

"Why, look, you could make a beautiful skating rink or swimming pool out of it, or maybe even turn it into a night club and call it Midnight on An Oasis."

Only trouble with the night club act," said another Plymouth official, "is that it probably wouldn't sit well with the good nuns next door."

The reservoir — a huge metal bin that looks like

We Like Letters

This newspaper welcomes Letters to the Editor. We ask, however, that they be limited to 500 words and that they contain the signature, address and telephone number of the writer. Deadline for submission is 12 noon Monday. Names will be withheld upon request. We reserve the right to edit letters for brevity, clarity and libel.

Meet Your Area Officials

U.S. CONGRESSMEN—Second District (includes Northville and Salem Townships and that portion of the City of Northville in Wayne County; Marvin L. Esch, 200 East Huron, Ann Arbor, Michigan 48108, Phone: 665-0518. Nineteenth District (includes cities of Northville, Wixom and Novi and Township of Novi); William Broomfield, 508 North Main Street, Milford, 48042.

STATE SENATOR—Fourteenth Senatorial District (including all area

communities); Carl Pursell, 46200 North Territorial Road, Plymouth, 48170.

STATE REPRESENTATIVE—Thirty-fifth Representative District (including city of Northville in Wayne County and Northville Township); R. Robert Geake, 48525 8 Mile Road, Northville, Phone 349-2319. 24th Representative District (including city of Northville in Oakland County, Wixom and Novi); Clifford Smart, 555 Walled Lake Drive, Walled Lake, Phone 624-2486.

RECOGNIZE ANYONE? — Taken from the files of The Record, this picture taken inside the old library building (now relocated and restored to its original church-like appearance in the Mill Race Historical

Village) obviously involved a women's activity of one kind or another. Identity of the women is unknown. Do you know any of them? The picture, it is believed, was taken in 1950 or 1951.

At Reservoir-Hines Drive

School Holds Firm on Bus Stop

Continued from Record, 1

although saying they were sympathetic to the problem, noted that other bus stops in the district necessitate students walking by wooded areas and fields.

Superintendent Raymond Spear said that "other stops

are across from Northville State Hospital and Detroit House of Correction. If a case can be made for this area, then there are grounds for several other areas, too."

He added that if the stop was moved, the bus would have to back up and since 1968, the district has had the

policy of not placing bus stops where the vehicle would have to back up to leave the area.

Time to travel up the hill, pick up students and back up would mean rescheduling the bus which, although would not take too much time, would be money, school trustees said.

Spear pointed out that he does not "believe that the incidents (indecent exposure) are grounds for change but I do not take them lightly."

Budd gave a report to the school board, showing other police cases which have occurred within one mile of the bus stop since 1972, including robberies, rapes and other exposure incidents.

"We are asking for your assistance in protecting our children," he told trustees. "The homes are all at the top of the hill and mothers are 10 minutes from reaching the bottom if a child is in danger."

"Unless one resident walks to the edge of her yard, the bus stop cannot be seen from any of the homes," he pointed out.

School Board Vice-President Dr. Orlo Robinson commented that the time parents would spend helping the driver back up the bus would "much better be spent watching the students at the stop."

Budd added that residents in the area do not feel that mothers walking to bus stops with the children would stop the incidents. He explained that parents do accompany the children to the bottom of the hill and home from the stop and that the incidents have taken place immediately after the parent passes by.

Board members also expressed concern over trying to get a bus up the steep grade in the winter and Budd said that the hill was only impassable two days last winter.

Admitting that no matter which decision the board made in the cases would be unpopular, Trustee Sylvia Gucken urged the board to place more effort on "local police to work with the people in the area to protect the children."

Trustee Karen Wilkinson said she was "in total sympathy with the parents

but problems arise whether stops are in a subdivision or not.

"If we had to make the decision on one case only, I'd say take the bus up the hill. But when we think of the other stops, it multiplies the problem," she observed.

Board members voted 6-0 (President Martin Rinehart absent) to leave the bus stop

at the base of the hill with the understanding that the administration will look into other ways of possibly helping solve the problems in the area.

Budd said Tuesday that the parents would be appearing before the Northville township board October 10 to ask them for assistance in relocating the bus stop.

Table Zoning

Continued from Record, 1

Vettel stated that Equity was "not seeking multiples" in its request but the higher density R-3. He previously had outlined Equity's intention to seek Planned Neighborhood Development (PND) for 440 units after the R-3.

James Nowka, commission chairman, pointed out that even if the commission should rezone to R-3 there is "no guarantee" that it also will to the PND concept.

In the Equity presentation, under the PND, single family and townhouse and garden apartments were planned in the giant development.

In other discussion the commission pondered the question posed by Mosher of "how a lot can be part of a street and a street be part of a lot."

Working under terms of the consent court judgment, the commission considered objections of the Wayne County Road Commission on roads in the proposed Mobilife Estates project, a 600-space mobile home development for Six Mile and Ridge roads.

In its letter the county pointed out that the standard for both private and public roads is the same, 60 feet. The consent judgment allows private roads, which Mobilife had planned at 30 feet with 15-foot easements on each side. If the easements are considered part of the road to bring it to 60 feet, Mosher pointed out, then the lot sizes fall below specified size, 4700 square feet average.

Mobilife representatives present indicated the firm "has no intention of altering its lot sizes and, however, does intend to build roads to Wayne County specifications."

Commission member Bernard Baldwin said the lack of road commission approval should be Mobilife's problem and that the firm's interest seemed to be simply "getting the most yield out of the land." He moved to table action until township advisors could give advice on how to proceed at the next meeting.

Dun-Rovin's application for PND development was rejected on the basis that it does not meet township standards.

At the request of the petitioner, rezoning of the Pasco property on Waterford road was tabled until the October meeting.

Guidelines for division of land parcels were discussed with planners to make recommendations at the next meeting.

At Wixom Council Meeting

Name Building Authority

In a light agenda intended to make way for a later closed personnel meeting, Wixom Council Tuesday night approved Mayor Val Vangieson's recommendations for members of the building authority and approved a monthly night for special study sessions.

Vangieson recommended that George Johns, Sidney Resner, William Schumann, Mike Cannazzaro and Shirley Kujala be named to the Building Authority. The recommendation was unanimously accepted.

Schumann will serve until 1975, Johns and Resner until 1976, and Cannazzaro and Mrs. Kujala until 1977.

The Building Authority was created to go through the process of selling bonds specifically to pay for the new fire station — as well as any future buildings.

The first Tuesday of each month was designated as a day for special study council sessions provided there is

need. Minutes will not be kept, it was agreed, although the public can attend.

A special council meeting is planned for October 1, although it will be a meeting of record.

The council approved a request from the fire department for the city to advertise for bids for two portable radios and chargers. Fire Chief Robert Potter said they are budgeted items.

A request from the Walled Lake Jaycees to locate their Halloween haunted house on the corner of West Maple and North Wixom Road received approval from the council.

A representative of the Jaycees said the haunted house will be open from October 25-31.

Councilman James Lahde suggested that the council consider a summer youth program similar to that in use in Southfield.

The program — called Eco-Corps — "would work on various environmental improvement programs city-wide, such as litter clean-up, tree planting, ...etc.," according to a letter describing the Southfield program.

Object is to employ youths and "maybe we could take some initial steps in this direction for next year," suggested Lahde.

Traffic Officer Vern Darlington received a commendation from Police Chief George VonBehren for his report and investigation into the death of a Livonia motorcyclist in Wixom August 20.

According to the commendation, "The quality of the investigation and personal attention given to the aggrieved, and the overall professional conduct displayed by officer Darlington is worthy of commendation."

Wixom Assistant to the Mayor William Travis also told the Novi News that negotiations with the police department on new contracts

have ended and that provisions in the new contracts call for dental, optical, sickness and accident policies.

Starting patrolmen will receive \$12,000 pay, four year

patrolmen \$14,000, Corporal \$14,840, and Sergeants \$15,680.

In addition, the city has agreed to contract out the picking up of dogs instead of police having to pick them up.

Babbitt Named Head Of England Air Base

Colonel Louie A. Babbitt has assumed duties as base commander and commander of the 48th Combat Support Group at Royal Air Force Station Lakenheath, England, the largest U.S. Air Force operated installation in the United Kingdom.

three children, Cheryl, 28, Linda, 25 and Jack, 17.

LOUIE BABBITT

A component of the U.S. Air Forces in Europe Command, RAF Lakenheath is an F-4 Phantom jet equipped, combat ready flying unit, dedicated to the preservation of peace and freedom for members of NATO and the nations they support.

Colonel Babbitt joins the staff there after serving as the director of administration and assistant chief of Staff at U.S. Air Forces in Europe headquarters at Ramstein Air Base, Germany, for the past year and a half.

He is the son of Mrs. May H. Babbitt of 305 South Rogers. He is married to the former Gloria V. Curtin of New Port Richey, Florida. They have

Top of The Deck

an oil storage tank — stands just north of Our Lady of Providence school. It was built by Plymouth just a year or two before that city hooked up with the Detroit system.

Some Plymouth officials were bent on developing an independent water source but the whole matter became a hot political issue before a contract with Detroit was finally consummated.

Said an ex-Plymouth official: "Even if we hadn't got Detroit water that damn 'White Elephant' would have been useless. It was an engineering blunder... built at the wrong elevation!"

Of Plymouth's offer to sell, Supervisor Wright said, "Thanks, but no thanks. Maybe if they paid us something for taking it off their hands..."

Council Approves

'Turn on Red'

Continued from Record, 1

street as it carries the heavier traffic load.

Councilman Paul Folino requested the city study possibility of widening the northwest corner of Dunlap Street at Center to permit a third lane of traffic. The city manager is to prepare a report for council.

A report on the fall paving program lists for completion soon final topping on the north parking lot, surface work on Center at Lake streets and base paving on the Spagnuolo property (parking lot behind Main street stores on the north) and also on the southeast corner of the south parking lot after driveway and storm sewer are in.

The council indicated that surface repair on the parking lot east of Long's Plumbing should be the financial responsibility of the firm.

Final paving on the south parking lot, on the Spagnuolo property and resurfacing behind the stores and final work on Wing Street are being deferred until spring. There is some settling on Wing and

patch work is being done, Walters reported.

Approval to go ahead with plans for the construction of a protective salt shed was given with the expectation that any delay will only increase costs. Walters had pointed out that, while \$10,000 had been budgeted, he anticipated the cost bids will come in "closer to \$18,000."

Sign Up Set

For Driver Ed

Registration begins tomorrow (Friday) for driver education classes at Northville High.

Forms for the classes may be obtained from the high school office and should be returned to Assistant Principal Eddy McLoud by Friday, October 4.

Registration is open to any Northville resident, including those attending parochial schools

Little Hartland Goes Big Time, Plays Host to Detroit Red Wings

By JOHN BECKETT

On Monday, September 9, 1974, Hartland — that's right, little bitty Hartland — became a major league town.

That's the day the Detroit Red Wings became the Livingston County Red Wings, moving their operations to this small community south of Flint.

Of course, it wasn't a permanent move. The National Hockey League Red Wings weren't leaving the friendly confines of Olympia Stadium for good. Just for pre-season practice.

But it was still the biggest thing to hit Hartland since the establishment of the Waldenwoods Conference Center some 50 years ago.

"It's been a real plus for us," admitted Allen Demas, manager of the Nordic Ice Arena, where the Red Wings have been working out for the past three weeks.

"It was a real good thing financially," Demas said, "plus it got our name all over the state. And people I talk to think it's been the greatest thing to ever happen to Livingston County, as far as athletics go."

Lots of people have certainly shown interest in the Wings. Practice sessions, all of which have been open to the public, have been

1,800 fans turned out for Saturday's scrimmage at Nordic Ice Arena

well attended. And two intrasquad scrimmages drew 1,300 people last Wednesday and 1,800 people Saturday.

The Nordic Arena hasn't been the only institution to profit from the Wings' out-of-town excursion. Part of the proceeds from admission fees for the practice sessions and

scrimmages will go to the Livingston County Hockey Association, the local little league hockey organization.

The Holiday Inn, in nearby Howell, has also received quite a shot in the arm by hosting the Red Wing entourage — some 70 to 80 persons — during pre-season training camp.

"It's been a big deal for the City of Howell and the area," Holiday Inn Manager Dale Smeltzer stated. "I couldn't say enough about the Red Wings. They've been real gentlemen — in fact, less trouble than the same number of regular guests would be."

Detroit's stay in Hartland, which will officially end this Saturday, has been praised by all concerned.

"I think it's worked out real well," said Wings' General Manager and Coach Alex Delvecchio. "The boys have enjoyed being out here. They've got to play a lot of golf and the spirit on the club is just tremendous."

It was Delvecchio, one of hockey's all-time greats who first thought of moving training camp to Hartland. The switch was prompted when Olympia booked the stadium for a Disney on Parade show, leaving the Wings without a practice site.

"We hated to see them go," Olympia Manager Lincoln Cavalieri said, "but Olympia is a big place and we have to keep it busy. Still, I think the situation has worked out well for everyone."

Delvecchio, impressed with the facilities at the new arena (Nordic is less than a year old), liked the idea of moving camp to Hartland.

"I think it'll give us a chance to relax away from the city and concentrate on our work," the coach said at the beginning of practice. "There are a lot of recreational opportunities around here for the boys when they aren't on the ice. I think this will bring us more together as a team."

Ten days later, after the Wings' first intrasquad scrimmage, Delvecchio felt his theory was working.

"Our attitude has really been great," he said. "The boys have really been working hard, and I'm hoping that hard work will make up for a little lack of talent."

There were, naturally, some hangups in moving the entire Red Wing organization — players, coaches, trainers and scouts — to Livingston County.

Demas and his crew quickly found they had to build the ice thicker for the Wings than for junior hockey teams.

"These guys really skate hard," Demas

Golie Bill McKenzie

said "Of course, it's their business and they put all they've got into it. At first, we didn't know how to resurface the ice for them, but we learned."

The Holiday Inn put together a special training room for the Wing players and catered luncheons at the arena. And Nordic turned much of its office space over to the hockey club.

Delvecchio and company will still be practicing at Nordic this week, between exhibition games around the state. Meanwhile, the Virginia Red Wings, Detroit's American Hockey League affiliate, will continue to work out in Hartland and will wrap things up with an exhibition game Saturday night against the Baltimore Clippers.

By Sunday, things will be pretty much back to normal in the small town of Hartland, where youngsters have recently been spending plenty of time getting autographs from their favorite hockey heroes.

As for the future, Demas says there has been talk of the Red Wings returning, but nothing has been settled.

"We'd love to have them back," he smiled. "It's been quite an experience, and they're a great group of people."

The Livingston County Red Wings. Has sort of a nice ring to it...

349-1700 (Northville)

Gary C. Collins, Gospel ventriloquist, puppeteer, and magician, will be presenting special programs for children of all denominations at the Brighton Wesleyan Church September 29 through October 4. Programs on Sunday will be at 9:45 a.m. and 6 p.m. Monday through Friday presentations will meet at 7 p.m. Call the Reverend T. D. Bowditch at 227-4073 for further information.

Area pastors and laymen are invited to attend an all-day seminar called "A New Face for the Church" at Highland Church of the Nazarene Monday, September 30. Dr. Lawrence O. Richards, professor of Christian education at Wheaton Graduate School, Wheaton, Illinois and author of books about Bible study, will lead five discussions during the day. Discussion topics include tomorrow's church, rediscovering community, the ministry, the role of the pastor in change, and involvement in goal setting. Sessions will convene at 9 a.m., 1 and 6 p.m. and the registration fee for the day is \$5.

Youth Club, a Christian education program for youth grades four through 12, will begin meeting October 3 at the South Lyon United Methodist Church. Sessions will be held every Thursday from 3:45 to 7:35 p.m. and will include Bible study, choir hour, dinner, and activity period. The Reverend Don McLellan will direct the program. Three women who attended special training classes in Youth Club Administration, Mrs. Carol Bentley, Mrs. Ginny Lawson, and Mrs. Linda Stevens, will help administer the program. Parents who have registered children for the program are required to attend a parents' orientation meeting this Thursday, September 26, at 5:30 p.m.

The annual church family picnic of the First United Methodist Church of Northville will be held this Sunday, September 29, at 1 p.m. at the Willows on Six Mile and Northville Roads.

Places are available in the Mother's Day Out program, a cooperative child care service sponsored by the first Presbyterian Church of Brighton. All Brighton pre-school age children may be registered for the program. Sessions meet every Thursday during the school year, from 9:30 a.m. to 12:30 p.m. Mothers rotate supervising children so that each mother works one Thursday and has three Thursdays free each month. Interested mothers should call the church office at 227-7411 for further information.

Vocal soloist John Hall will be presenting programs of sacred music at the 11 a.m. and 6 p.m. services at Highland Church of the Nazarene Sunday, September 29. A recent graduate of the University of Michigan School of Music, Mr. Hall has performed at Bible conferences, crusades and youth rallies across the country.

Mrs. Merry Derrick, "The Merry Potter" of Walled Lake, will present a scripture message and pottery demonstration at St. George Lutheran Church in Brighton Tuesday, October 1, at 8 p.m. The Women of the Church are sponsoring the program.

Our Lady of Victory School P.T.O. will host a school open house Thursday, September 26, at 7:30 p.m. Parents will tour the redecorated school and meet with teachers, the new parish priest Father Gerard Hadad, and the new school principal, Philip Schwartz.

Everybody can learn to accept only "the true, the good of God," Martin N. Heafer, C.S.B., will tell an audience in Plymouth, Monday, September 30.

"To find continuing good in our lives," he will explain, "we must be willing to live more spiritually, more close to God, as Spirit. This demands that we express the spiritual qualities of love and true spiritual joy, rather than aim for merely material comfort, ease and success."

A Christian Science lecturer and teacher from Houston, Mr. Heafer will speak in First Church of Christ, Scientist, 1100 W. Ann Arbor Trail at 8 p.m.

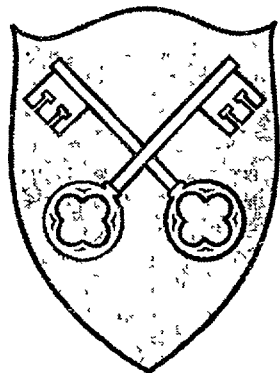

Mr. Heafer will describe the application of prayer to a variety of everyday experiences in his local lecture.

He has a degree in mathematics from Southern Methodist University, lives in Houston and was an executive with a business machine company prior to devoting his full time to the public practice of Christian Science. He is a member of The Christian Science Board of Lectureship and a teacher of Christian Science.

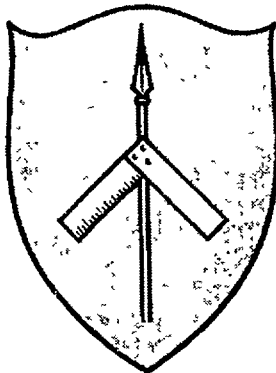

Accept Only the True is the title of his lecture.

Religious Symbols

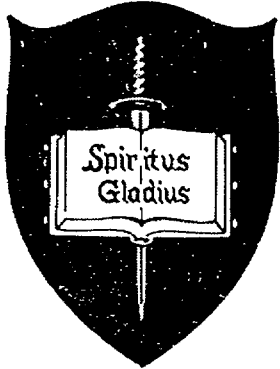

Do You Know Their Meaning?

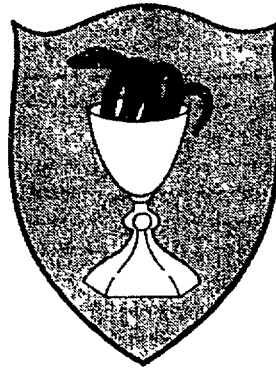

Saint Peter

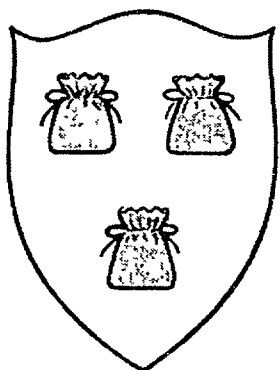

Saint Thomas

Saint Paul

St. John the Apostle

Saint Matthew

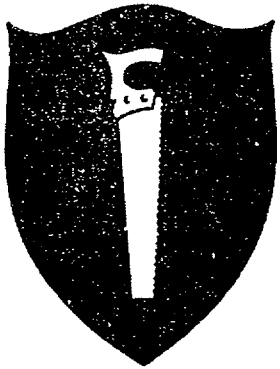

Saint Luke

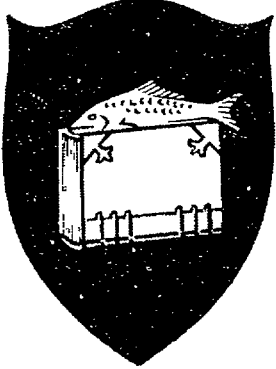

Saint Mark

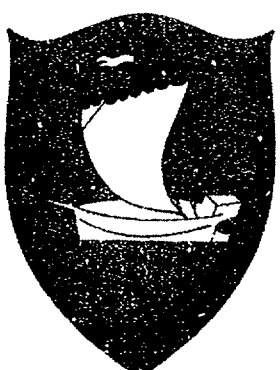

St. John the Evangelist

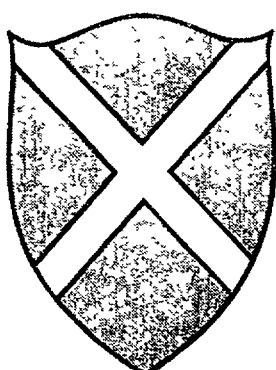

Saint James Minor

Saint Simon

Saint Jude

Saint Andrew

Symbolism is nowhere more prevalent than in the Christian church — and yet, ironically, the meaning of some symbols are mysteries for many Christians.

Even clergymen will admit they are not familiar with all the symbols of Christianity. There are just too many to keep on top of them all.

They range from the old traditional, such as the cross; to the contemporary, such as the "Light My Fire" type banners; to the far-out Jesus Christ Superstar vestments worn by some clergymen.

Even Dirk Thompson, Jr. member of the third-generation of stained glass artists admits that he must refer to a catalogue to learn the meanings of some symbols.

"We did some work for a church in Rochester — the 12 Apostles — and the pastor spent 12 Sundays explaining each symbol to his congregation.

"People will go to church Sunday after Sunday and not really know what two crossed keys mean in their church window."

The cross, the raised hand (Hand of God or God the Father), IHS (King of Jews), and the open Bible are symbols most often reproduced in the stained glass windows, said Thompson.

The most unusual window symbol he has done was the plain black shield — meaning Judas the betrayer, and the largest he was commissioned to do was a 48-foot high symbol of St. Thomas (spear and carpenter's square).

Here's a sampling of some symbols supplied by clergy in this area:

Crossed keys — Meaning Saint Peter because the Lord said to him, "And I will give unto thee the keys of the kingdom of heaven..."

Other symbols for Saint Peter are the inverted cross; the crowing cock; and the church on a rock. Background for the keys usually is a shield of blue. Sometimes the shield is shown in red as a sign of Peter's blood shed for the cause of Christ.

Sword and book — Assigned to Saint Paul because he was the persecutor of the church. The book is a symbol of his conversion.

Lion — Symbol of Saint Mark, emphasizing the power and the miracles of the Saviour. The lion, as king of Beasts, is used as the symbol of strength.

Winged ox — Symbolizes Saint Luke, emphasizing the sacrifice and the atonement of the Saviour. The biggest sacrifice was the ox. Given wings, the ox indicates it was a heavenly sacrifice.

Eagle — Saint John has the eagle for his symbol. He reaches greater heights of revelation than any other Evangelist.

Three bags — Because Saint Matthew was a tax collector when Jesus called him, he has the three money bags as his symbol. Other emblems for Saint Matthew are the money chest and the battle axe.

Triangle — The Trinity, Father, Son and the Holy Spirit. Five dots on a cross — Appearing on the Easter candle, they represent the five wounds of Christ.

Alpha and Omega — First and last letters of the Greek alphabet, these letters also appear on the Easter candle representing the birth and death of Christ. And, significantly, the candle is lighted for funerals and baptisms.

Red stole worn by clergyman — Symbol of the Holy Spirit, or symbol of Christ's sacrifice and worn during the Pentecostal half of the Christian calendar.

Green stole — Symbol of life or growth, it is worn during the non-festival or Trinity half of the Christian year.

White — Color used on Easter and Christmas and other high festival occasions.

Black — Worn on Good Friday.

Violet — Symbol of penitence.

Dove — Symbol of the Holy Spirit as well as peace.

"X" — Saint Andrew is said to have died on a cross shaped like an "X", hence his symbol. Since the date of the first Sunday in Advent is always the Sunday nearest to Saint Andrew's day (November 30), this cross has become the emblem of the beginning and the end of the church year.

Cup and serpent — This emblem is assigned to Saint John because an attempt was made on his life through poison put into the communion cup. Showing the serpent rising out of the chalice is a reminder of the poison put in the wine. Other emblems for Saint John are an eagle over a cauldron, the scroll of the Gospel or Revelation; a serpent and a sword.

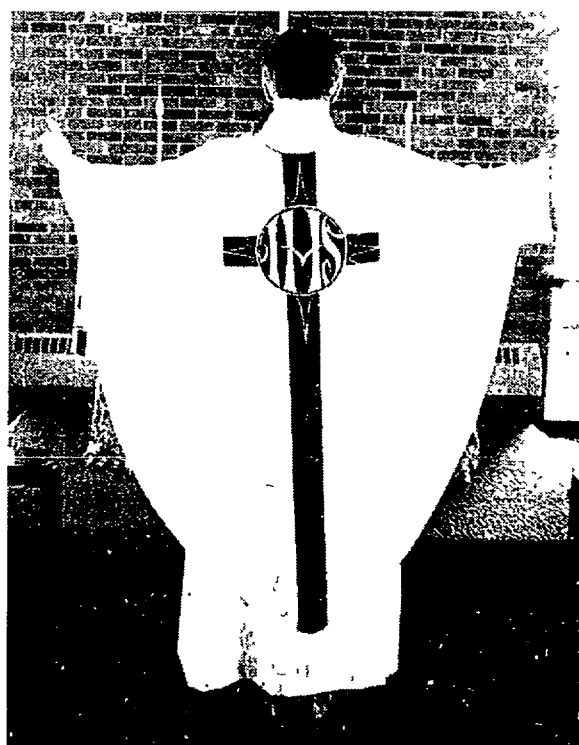

Cross and bread — The cross and two loaves of bread are symbols of Saint Philip because of his answer to the Lord, "Two hundred pennyworth of bread is not sufficient for them, that every one of them may take a little".

Square and spear — The carpenter's square and spear symbolize Saint Thomas, who reportedly was the first missionary in India where he built a church with his own hands. He was killed by the spear of a heathen priest. Other emblems for Saint Thomas include a spear, four arrows and three stones; and three stones and a leather girdle.

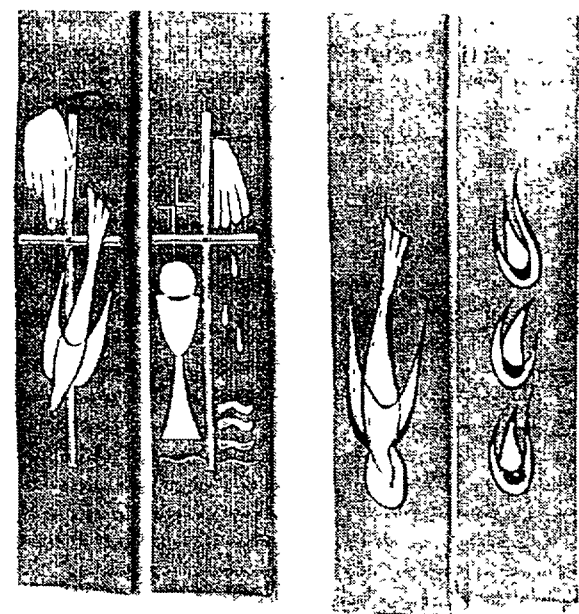

Sailboat — This ship signifies the mission voyages made for Christ by Saint Jude. Other emblems for Saint Jude include the inverted cross; a spear and a club; loaves of bread and a fish.

Fish on a book — This symbol is for Saint Simon, who was a fisher of men through the Gospel. Other emblems for him include two oars and a battle axe; a fuller's club; and a long saw and an oar crossed.

Saw — Symbol of Saint James Minor who was thrown from the pinnacle of the temple and then his body was sawed into pieces. Other emblems for him include three stones; and a windmill.

SYMBOLISM is demonstrated here in vestment worn by the Reverend Fr. Leslie Harding of Holy Cross Episcopal Church in Novi.

Stoles used at St. Paul's Lutheran Church

John McCabe Eyes President Ford's Seat

LANSING, When Gerald R. Ford moved into the White House Oval office, he was the first man ever from Michigan to become President of the United States.

John McCabe wants to be the second.

McCabe, a chunky greying gentleman from the Jackson area, already has paid for some 22 billboards touting his candidacy. Extending from Toledo to the Upper Peninsula, the signs proclaim the errors of Watergate and the virtues of a free press. "A free press is the first line of defense for a free people," says one billboard near Lansing.

THE 60-YEAR-OLD McCABE, until recently chef at the Country Club of Jackson, is NOT kidding.

He ran as a write-in candidate in New Hampshire in 1960, then became active again briefly in 1964. He's a Democrat now, although the earlier forays were as a Republican.

McCabe says he believes a public servant should "have the guts to enforce the law or the guts to demand that the law be abolished."

"EVERYTHING under one roof." "One-stop service center."

Sounds like a discount store, doesn't it? But it's a government service that's the topic here.

Governor William Milliken asked lawmakers to release funds that would speed up implementation of government service centers outside Lansing. "We must accelerate the development of the 'one-stop' concept of providing government services outside of Lansing," Milliken says.

"The public will be better served and consolidation of state services will improve effectiveness by improving communications and efficiency among the agencies."

TO UNDERSTAND the problem, one must hark back to a 1970 study which prompted Milliken to say such centers would be justified in Alpena, Benton Harbor, Detroit, Flint, Grand Rapids, Jackson, Marquette, Pontiac, Saginaw and Traverse City.

Since then, new facilities have been acquired in Detroit, and the state is constructing an office building in Grand Rapids.

Now Milliken is asking the Legislature's Joint Capital Outlay Committee to approve funding for site studies for office facilities in four more of those cities: Flint, Jackson, Saginaw and Traverse City.

CLANG, CLANG, CLANGETY-clang, clang.

That's what a San Francisco cable car sounds like as it chugs up and sweeps down that city's roller-coaster hills.

It's not the cable car-type transportation, but high-speed trains and other forms of rapid transit that probably will be the glamor stars in Michigan's public transportation future, says Jim Kellogg, deputy director of the Department of State Highways and Transportation.

And, says Kellogg, it's the familiar intercity buses that will play an important role in determining if these new methods of transportation are successful.

"AS MICHIGAN BUILDS expanded transit systems serving high travel demands, we'll depend even more on intercity buses to inter-link with other transportation modes," Kellogg says.

He's looking for ways to encourage expansion of bus service in the state.

CUTTING THE NUMBER of wheels may increase efficiency — and save gasoline. That's the hope of the Michigan Department of Natural Resources, which is issuing motorcycles instead of automobiles to 18 conservation officers.

"We expect these motorcycles to increase patrol mileage, offer additional versatility for on and off the road enforcement and act as a deterrent to off-the-road vehicle violations," says George M. Dahl, chief of the DNR law enforcement division.

The Department says the automobiles used now by the officers get about eight miles per gallon. They expect about eight times that — 70 miles per gallon — from the motorcycles.

Sodding—Sure But Expensive

By Kathy Copley

Sodding is the quickest, surest, and most expensive way to have a lush lawn. When selecting a sodding organization, you will be best able to judge quality if you understand the most common options.

Which is the better base, top soil or peat moss? Both are good, but peat is lighter if you plan to lay it yourself. Peat sod often has a more dense root system, but for the first few days after it has been laid it doesn't hold water as well as a top soil sod.

What size is best, 18" x 6', 2' x 4½', or a 2' x 4' slab? Few growers cut 2' x 4' slabs. With the other two sizes, you are laying one square yard with each strip, so it doesn't matter which you use.

How thick should the root base be? The standard depth is ¾" to 1½". Much thicker and the soil won't mend to the soil as quickly as is desirable. Much thinner and too much of the root system will have been lost in the cutting process. How old should sod be? 1½ to 2 years is best. Young sod has the fastest growing roots, but the pieces of sod won't hold together if the sod is too young.

Landscapers differ widely on the preparatory services they offer. Should the lot be rototilled, raked, rolled, or what? Should you put down top soil first? Is it best to apply fertilizer to the ground before laying sod?

Ideally, 2" of top soil would be tilled into the existing soil to a depth of 2", giving an enriched base of 4". One square yard of top soil covers 120 square feet to a depth of 1". Figure out how many yards you'd need for a 2" layer. Then ask your landscaper how many yards he would plan to include for the price quoted. If you need 15 yards of top soil to cover your yard to 2", be suspicious of an organization which plans to use 2 yards. In terms of return on your investment, no top soil is about as good as not enough top soil.

Adrian Sod recommends an application of a 10-6-4 fertilizer, at rate of 10 pounds per 1,000 square feet. Do this the same day as the sod will be laid.

When the sod is laid, Mr.

Bernie Tassin of Adrian Sod advises, "Keep your soil totally saturated for the first week to ten days. Don't walk on it for the first week. Put the sprinkler in the far corner of the yard. When the soil is wet to 4" — 6", pull the sprinkler toward you. It should be so wet that you leave footprints when you walk."

Upkeep of new sod is simple. Keep an eye out for the bluish tint which signals dehydrated grass and water thoroughly. One inch of water per week is enough for most established lawns, but new sod needs more.

Never mow off more than one-third of the length of the grass blades. Because most of the bluegrasses need to be kept a little long to withstand summer heat, set your mower for 2½" — 3" and mow when it is 3½" — 4" long. Fall mowing could be a little closer, but still follow the one-third rule. (Grass manufactures food in the blades, cut them too severely and the whole plant suffers.)

Merion Blue is the most common sod for our area because of the rich green color, its ability to withstand cold temperatures, relative resistance to disease, and rapid response to fertilizer and water. Today, though, there is a growing trend toward blends so no single disease or pest can destroy a lawn.

This may be too obvious to mention, but here goes anyhow. Sod from the back of your lot toward the front. Otherwise, you are walking and wheelbarrowing over newly laid sod to get to the places in need of sod. Also, a vehicle can easily carry sod pallets over bare dirt to any convenient area of your lot. If you sod the front this fall and the back next spring, you are going to be the vehicle doing the hauling.

If seeding is the most sensible approach to your new lawn, you can do it yourself or hire a landscaper. To do it yourself, you should know a few things about soil, climate, and seed.

Because it is easier to prepare the entire seed bed properly before you sow, rather than bit by bit afterwards, incorporate 2" of top soil into the top 2" of soil, as for sodding. For heavy

clay, add garden gypsum. The water-retention qualities of sand are improved with Canadian peat moss.

Rake the soil fairly smooth, being sure it is free of rocks and large clods of earth. Don't worry about getting rid of the small rake furrows. A slightly furrowed seed bed will hold the seed better than a perfectly smooth one.

Broadcast the seed by hand or spreader at the desired rate for the type of seed. Spread ½ by walking north-south, and ½ minus 1 cup by walking east-west. (The 1 cup is for patching later.) Walking over the area you have just seeded is fine, since it gives the seed better soil contact.

When the seed is sown, cover the entire area with ¼" — ½" of soil. If you decide to roll the ground at this point, use an empty roller. One filled with water will compact the soil you just finished aerating.

Cover the soil with straw, if you want, so only 25 percent of the soil shows.

Water well and frequently, but not so much that rivulets form, eroding tiny canyons which grow all too rapidly.

Why doesn't everyone seed instead of sod? It is less expensive, but also more risky. It takes as much or more time to adequately prepare soil for seed rather than sod. Then, too much water or rain may wash away the seed. Too little water, and it won't germinate or will wither once it has sprouted. Birds pull an occasional

worm from sod, but can devastate seed. A sodded lawn is good looking in a week. Seed may require more than a year, plus much spot seeding of thin or eroded patches.

The decision may very possibly rest on which you have more of — time and patience, or money. But saving money by seeding is not the same thing as saving money on seed. Buy the very best you can afford.

Avoid rye grass, a cheap annual grass used only for a quick cover. It dies back in the fall, leaving a bare yard. Also avoid any mixture high in: annual bluegrass, redtop, or Timothy. All are nurse crops to keep down weeds

while perennial grasses get started.

Seed sown between now and October 15 can be expected to give adequate coverage by next summer, but it will still need spring touching up.

Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments and horse show news to Sally Saddle, care of the South Lyon Herald, South Lyon, Mi. 48178.

How To Load An Unwilling Horse

Plan ahead as it takes a few days to train a horse for this. Put the horse and trailer in a small area. Be sure that the trailer is supported so that it cannot rock or tilt. Tie the loading doors open and place grain and hay in the trailer, near the entrance.

At the end of a few days the horse should be eating all of its meals in the trailer manger.

The horse will soon realize that no harm will come to him either going in or out of the trailer. You may attempt loading the horse by leading him in, however, be sure there

is always grain as a reward whenever he goes into the trailer

How To Break A Pony Or Horse From Kicking

To know how to break this obnoxious habit you must know the reason for the horse's kicking. Most horses will kick in self-defense when eating or running with other horses. This is a natural instinct and very, very hard to overcome.

However, if your horse or pony is one that kicks at people, just to be smart or to scare someone, you may find these suggestions helpful.

If the pony or horse should kick when trying to be caught, try taking a bucket of grain when catching him. This way he will get used to walking toward you head first.

This method may also be used when trying to catch an animal in his stall. Stand at the door with a bucket of grain and let him come up to you.

If he kicks while you are brushing or cleaning his feet then you will be able to handle the situation better.

Be sure you have a good rope to tie him with, one that will not break under pressure.

Place a lead chain through the halter rings. This should go over the nose and have a long leather strap. Keep this strap in your hands at all times but do not apply pressure unless it is absolutely necessary.

When the horse or pony tries to kick, immediately give a very sharp, hard jerk on the chain, then let up and proceed with what you were doing.

LOST WILL

Anyone knowing the whereabouts or execution of a lost will & testament of Margaret A. Benish late of Northville, Michigan, please contact Owen J. Cummings, 33900 Schoolcraft, Livonia, Michigan 261-2400. 22

1-3 Card Of Thanks

I wish to thank my many friends for the cards, flowers & visits. Also my thanks to the Doctors & staff at Atchinson's Clinic and the Clergyman of Northville during my stay at St. Mary's Hospital. Fred A. Casterline

Our sincere thanks to all our friends, neighbors, and relatives for cards, flowers, and acts of kindness shown during our recent bereavement. Vincent Weinburger and daughters

1-3 Card Of Thanks

Our sincere thanks to friends, neighbors, and relatives for cards, flowers, and acts of kindness shown during our recent bereavement. Special thanks to the New Hudson Methodist Church, Rev. Mitchinson, and Dick P. Hips.

The Family of Earl F. Beckel

The Family of Robert A. Vogt, Sr. wish to express their gratitude to all friends and relatives during our recent bereavement. Special thanks to Dr. Nixon and the nurses at St. Joseph's Hospital and to Reverend Kirkby

We would like to thank all of Steve's friends, our friends, relatives and neighbors who have helped so much during this time of sadness at the loss of our Son & Brother, Steven Michael. God will provide a brighter path. Mr. & Mrs. Jack Gattrell, Mrs. David Shepherd, Karen Gattrell

1-4 In Memoriam

In loving memory of our darling Deborah Lockwood who passed away Sept. 25, 1973. Sadly missed by her husband Paul, her parents, Mr. & Mrs. H. H. Erickson and family and Mr. and Mrs. Roy Lockwood

BUSINESS BRIEFS

DONALD J. SOMMERVILLE has been appointed national business management manager, American Motors Corporation, Raymond M. Mizak, director of sales operations, has announced.

Sommerville formerly was retail management manager for Ford Motor Company.

He began his automotive career with Ford in Chicago as a graduate trainee, and subsequently served as vehicle distribution scheduler, sales planning analyst and administrative coordinator for Ford Marketing Institute.

In 1967 he was transferred to the Lincoln Mercury Division Dallas district where he served as zone sales manager, merchandising manager, metropolitan zone sales manager and business management manager. He was named retail management manager for Ford in Detroit in May, 1974, before joining American Motors.

A native of Highland Park, Illinois, he is a graduate of the University of Illinois and is presently an MBA candidate at the University of Detroit.

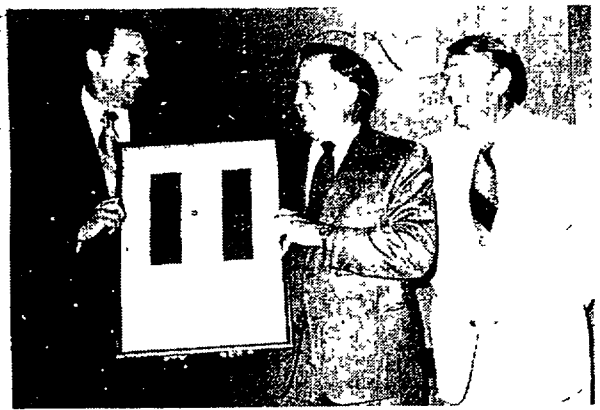

Sommerville resides with his wife, Donna Rae, and their three children in Northville.

DONALD SOMMERVILLE

AS A GESTURE of the long-standing Canadian American friendship, Manufacturers National Bank of Detroit is offering for sale Canada's Olympic coins, issued to commemorate the games of the 21st Olympiad to be held in Montreal in 1976. The Royal Canadian Mint will strike seven series of four distinct sterling silver coins.

All coins will bear a bas relief profile of Queen Elizabeth II on the face. Reverses will depict a wide range of Olympic activities and themes, designed by prominent Canadian graphic artists. The first series is now available through all 72 branches of Manufacturers National Bank of Detroit.

JOHN MACH (center) of John Mach Ford, a Ford dealership in Northville, accepts Ford Division's Distinguished Achievement Award from J. Carver Wood, Jr., (left), Detroit district sales manager, and Bernard L. Crumpton, the division's Great Lakes regional sales manager. The national award honors Ford dealers who have consistently maintained superior facilities, service and salesmanship.

LINDA BUDNIK has joined the real estate firm of Alger F. Quast in Milford as a sales associate serving the South Lyon area. Linda is a native of South Lyon and a graduate of South Lyon High School. She received her BS degree from Eastern Michigan University. She is married to Michael Budnik, also of South Lyon, and resides in Union Lake with her husband and two children.

FIRST FEDERAL SAVINGS of Detroit has opened its first branch office in Novi, and the first branch facility for any savings and loan association in this rapidly growing community.

The First Federal branch is located at West Ten Mile and Meadowbrook.

Tom Spiegel, previously assistant manager of First Federal's Redford branch, will head the staff at the new Novi office.

Available at this office will be a complete line of First Federal's savings and loan service including certificate and regular passbook savings accounts, home mortgage loans, and loans for students, home improvements and mobile homes.

Spiegel, a resident of Farmington, earned a degree in accounting and finance in 1971 from Northern Michigan University. Upon graduation from college, he joined First Federal as a management trainee.

First Federal, with 35 offices throughout the Metropolitan Detroit area, is the largest savings and loan association in Michigan and the sixth largest S & L in the nation.

THOMAS SPIEGEL

Michigan's autumn color tour guide

FREE GUIDES—To help tourists following Michigan's exploding autumn colors the Michigan Tourist Council has prepared a Color Tour Travel Wallet, containing 24 suggested tours mapped throughout both the

upper and lower peninsulas with particular historical and general points of interest. For a free copy, address your request to the Michigan Tourist Council, Lansing 48926.

An old fashioned barn dance, titled "Barn Buster for Brinker", is planned Saturday night to raise funds for William Brinker, Democratic candidate for State Representative from 24th district. The district includes Novi, Northville and the South Lyon area.

The festivities will begin at 8:30 p.m. and last until 1 p.m. They will be held at Simmon's Orchard on 10 Mile Road between Beck and Taft roads. A band, free beer, set-ups and snacks are planned.

Other candidates for national, state and local offices are expected to attend.

A donation of \$10 per couple will be charged at the door, or tickets may be obtained beforehand by calling 394-3114. The fund-raising committee is comprised by Barbara Shoemaker, Eileen Campbell, Martha Hoyer, Kathy Campbell, and is headed by Louie C. Campbell.

Brinker's campaign manager is Cathi Wierzbicki of Novi. Campaign treasurer is Thom McConeghie of Novi, while Martha Hoyer of Walled Lake is secretary, Tom Brookover of West Bloomfield is publicity chairman, and sign chairpersons are John and Liz Giese of Milford.

Republican Morris K. Udall, D-Arizona, is expected to deliver the keynote speech Saturday, October 5 at a fund raising banquet for 2nd District Congressional candidate John Reuther.

The banquet will take place at 7:30 p.m. Saturday Oct. 5 at the Thunderbird Hilton, 14707 Northville Road in Plymouth. It is sponsored by the 2nd Congressional District Democrats.

United Auto Workers vice-president Douglas Fraser will be a featured guest at the banquet.

Udall, 52, is the brother of former Interior Secretary Stewart Udall and a popular advocate of environmental legislation and congressional reform.

Currently, he is the chief House sponsor of the national Land Use Planning Act, the Surface Mining Control and Reclamation Act and a three billion dollar energy research and development program.

Norman R. Hughes, state chairman of the Conservative Party of Michigan, has announced the appointment of Mrs. Joanne Logie of Berkley as office manager for the new state headquarters in Auburn Heights.

Anyone wishing to have a Conservative Party Candidate speak to their group or organization should contact Mrs. Logie at the Auburn Heights office, 2901 Auburn Road, Auburn Heights. (313) 852-6240 or (313) 852-6241 between 1:00 p.m. and 9:00 p.m. Monday thru Friday

Citing complaints from home gardeners, Congressman Marvin L. Esch has asked the Federal Trade Commission to investigate the shortage of canning jar lids which he said is frustrating efforts by consumers to beat the high cost of food.

In a letter to FTC Chairman Lewis Engman, the Michigan Republican said the shortage has become so acute that Detroit area residents have been forced to wait in long lines for jar lids and pay a price that is more than double last year's 40-cent-a-dozen average cost.

"The inability to purchase canning lids is especially discouraging for home canners who had hoped to offset the high cost of vegetables and fruits," said Esch. "Many are now faced with the prospect of seeing their produce rot in backyard gardens because of the lack of proper canning materials."

"Now that the recount is over and my friend and challenger, Ed Pierce, has conceded, I am starting my campaign for the general election."

With that statement this past week John Reuther launched his campaign in earnest.

The Democratic candidate in the Second Congressional District said he would address his campaign to the problems in the district as well as telling voters of his opponent's record.

For example, Congressman Esch, charged Reuther, has expressed concern about the high prices and shortages of heating oil and gasoline and yet he voted against the Anti-

Horse's Mouth

Continued from Page 3-B

If he tries to kick again, repeat the same response and continue again with whatever you were doing. Your horse will soon learn that he can expect to be punished whenever he tries to kick and will soon stop.

The same procedure should be used to stop a horse from biting. Place a lead chain over the horse's nose and give a hard jerk immediately whenever the horse attempts to bite. You should then always proceed with whatever you were doing previously.

This method must often be repeated for several days or even weeks, depending upon the horse and how often the procedure is repeated.

disqualify a horse in competition.

Blindness, lameness, bone spavin, broken wind, string halter or crampiness are included on the list.

Often, however, a judge runs into some other defects in a horse which would discriminate him in competition rather than label him completely unsound.

A few of the more common defects are capped hocks, cracked feet, filled hocks, bowed tendon, bog spavin, cocked ankles, curb, hip down, parrot mouth and monkey mouth.

A horse is considered sound provided there is not a partial or total loss of function, preventing him or likely to prevent him from performing the ordinary duties of his class.

Several readers have requested information on what constitutes an unsound animal. Featured below are a few of the defects which could

Wildcats Crush Lions, 26-12

Its Win Streak Snapped, Novi Shoots for Another

Bouncing back from its season opening loss to Northville two weeks ago, the Novi Wildcats rolled past arch-rival South Lyon 26-12 Friday night in their first league contest of the season.

But for a productive passing rally late in the final quarter while Novi's second-stringers were getting playing time, the Lions might have gone home to their strike-closed school nursing a shutout.

The Lions' two touchdowns—both on passing plays launched off the arm of Quarterback Ray Foley—marred an otherwise outstanding Novi game.

Following as it did close on the heels of Northville's triumph that snapped Novi's 21-game winning streak, the victory served notice to other Southeastern conference teams that the Wildcats cannot be counted out of the race.

Looking for their third-straight conference title, Novi travels to Dexter tomorrow where the Dreadnaughts, reeling from the 35-14 licking at the hands of Milan last week, are anxious to collect their first victory of the season.

What's more Dexter would like nothing better than upset the Green Machine that did them in last year by the score of 37-0.

But for the time-being, let the Wildcats enjoy their win of last week.

Coach John Osborne's varsity eleven moved unmolested up and down the field through much of three-quarters of play, piling up 272 yards on the ground enroute to 18 first downs. Best the Lions could do on the ground was 43 yards.

The Novi defenses, like the offense, played superb ball. They sacked the quarterback three times tossing him for a game net 22 minus yards. Even the Lions' workhorse, Fullback Steve Gurney, was limited to just 24 yards in nine carries.

Novi scored its first touchdown on its second turn at the ball. In 11 plays for five first downs and 64 yards, the Wildcats scored as Fullback Dane Neutz shot over the center from two yards out. Neutz also carried the ball over for the two-point conversion.

As he did much of the evening, Halfback Bill Barr played a major role in that first TD drive. He carried six of the 11 plays for 41 yards.

The Wildcats' second score came easier. Halfback Brian Schingek set it up by picking off one of Foley's passes on the Lions' third down. Six plays later, the Wildcats scored just as the second quarter got underway. This time it was Schingek who did the honors, bucking over from the one.

The first of two extra-point kicks in the game was blocked at this point.

Enroute to his touchdown, Schingek brought fans to their feet with a beautiful 13-yard tight-rope act along the right sideline. That long gainer, combined with a Gary Ford to Barr pitch-out that netted 16 yards, set the stage for the TD.

The two teams battled pretty evenly for the remainder of the half, although South Lyon had a major threat going at the intermission. Just after being sacked by Ron Buck for a 10-yard loss, Foley came right back with a pass to Bob Griswold for 25 yards. The Lions then pushed to the four yard line before the clock ran out.

If that South Lyon drive proved encouraging, the first

play in the second half had to be discouraging. The Lions fumbled just after the kick and Novi took possession at the South Lyon 30. Six plays later Barr pushed over from the two. Again his kick was blocked.

Another South Lyon miscue led to Novi's fourth and last touchdown. On second down with the ball at the 49, South Lyon's quarterback fired a pass that was intercepted by Mike Collins.

In the ensuing drive, highlighted by a 33-yard pass play from Barr to Jeff Slattery, the Wildcats took seven plays to score. And it was Barr, plowing past three would-be tacklers, who picked up the TD from eight yards out. A run for the extra points was stopped short.

At this point South Lyon launched an aerial attack that produced four completions in seven passes. Foley and his receivers picked up gains of 20, 28, and 13 through the air before the quarterback fired a 16-yard TD pass to Griswold.

The points after touchdown attempt through the air misfired.

The Lions came back minutes later to score again. This time on second down from the Lions' own 29 yard line, Foley fired to Halfback Don Geise for a 71-yard TD. A pass for the extra points was caught out of the endzone and ruled dead.

Mustangs Look Flat But Snuff Out Trojans

Northville's 14-0 win over Clarenceville Friday has to raise a big question mark among partisan fans.

Which is the real Mustang team—the one that stopped a tough Novi squad's 21 game winning streak or the team that last week mustered only 14 points against a team that it blanked 26-0 last year?

The answer to that question is likely to come tomorrow when undefeated Farmington Harrison invades Northville in a Western Six opener for both teams.

Actually, the Mustang-Trojan game was never really in doubt despite the fact that

Northville led only 7-0 at the half. It was more a question of how high Northville would run up the score against the inspired Clarenceville eleven.

The Mustangs put the Trojans in the hole near the end of the first quarter—forcing Clarenceville to punt from its own 18 and giving Northville good field position at the Trojan 39.

Three plays later Clarenceville's defensive end was detected interfering with Scott Leu's attempt to grab a pass from Tom Marzonie, putting Northville within striking distance at the 18 yard line.

Following an illegal procedure call against the

Mustangs, Halfback Doug Crisan carried the ball 20 yards in three plays to set the stage for Junior Bruce McGlory's three-yard plunge through the Trojan line for the score.

Keith Trumbull's extra point kick was good and the Mustangs led 7-0 with 10 minutes to go in the second period.

The touchdown appeared to rally the Trojans who quickly took the ball at the 28 and marched down the field to the Mustang 14. But a 15-yard clipping penalty pushed the Trojans back to the 29 yard line.

Clarenceville then on first down surprised Northville with a long pass to the right side of the field where it was pulled in at the 3 yard line. But once again a penalty—this time for not being set for a full second—hurt Clarenceville.

Pushed back to the 34, the Trojans, nevertheless, recovered to advance the ball to the 10 before running out of steam.

Northville took the ball in the second half but an illegal block called against the Mustangs put them in the hole at the 10. Four plays later Northville was forced to punt—to the Mustang 40.

The Trojans drove 10 yards but missed a first down by inches. Four plays later a 14-yard pass to Leu from Marzonie put the Mustangs at the 50 with a second down and one yard to go.

Quarterback Marzonie tried a sneak in hopes of picking up the first down—but suddenly found more daylight than

expected. Breaking a couple of tackles, he headed toward the right side of the field and out-ran the remaining Clarenceville defensemen to give the Mustangs a 13-0 lead with 5:10 left in the third period. Trumbull kicked the extra point to round out the scoring—but not the action.

Hero of the night was Defensive Halfback Leu. In the last minutes of the third quarter and in the fourth quarter Leu pulled down three interceptions to very possibly save the game for the Mustangs.

Leu picked off Trojan passes at the Northville 14 and 37 yard lines. And then with only a few minutes left on the clock, he stopped a 41-yard Clarenceville drive by grabbing a pass at Northville's 5 yard line and running it all the way back to the Northville 40 before he was hauled down.

The Mustangs pushed forward another 40 yards and were threatening to increase their victory margin when time ran out.

Racer Vince Muzzin

Finishes High at Track

Northville resident Vince Muzzin had a productive weekend at Waterford Hills Road Racing track, finishing second in the Bahamas Atlanta Grand Prix and first in the Formula Ford race.

Muzzin, who had recently finished as Central Division champion of the sports car club of American with the maximum points attainable, had his hands full in the Bahamas Atlanta race.

Starting third in the field of 20 cars, Muzzin averaged 76.3 miles per hour and actually ran the fastest time of all racers, breaking a track record with a top lap time of 1:07.1, as well as finishing the

race with the fastest overall time.

Muzzin, driving a Chevron B-27 for the first time in Bahamas Atlanta class competition led for 15 of the 40 laps after the leader and eventual winner Tom Klausler spun out.

In the Formula Ford competition, Muzzin had an easy time finishing a half lap ahead of number two man Don Erickson.

For his finishes, Muzzin received second top money in the Bahamas Atlanta Grand Prix of \$1,500 and top spot money of \$250 in the Formula Ford competition.

Halfback Bill Barr (44) was a workhorse in Novi's first touchdown drive Friday night

'Team of Winners'

Mustang CC Victor Twice

"This is a team of winners," remarked coach Ralph Redmond after his young team of Mustang harriers ran their season record to 3-0 with two wins last week.

Northville collected victories over Plymouth Salem 23-38 and league rival Plymouth Canton 18-40.

"This has been a big week for us—we're gaining the much needed confidence and experience that is so necessary for a young team," reported Redmond. "These young kids, Gould, Wibec and Coram are improving every meet and are placing no limits on their accomplishments."

Against Salem, it was Northville's Bob Gould and Salem's Walt White who were fighting it out for first place honors. Neither White nor Gould had been defeated in three meets.

At the one mile mark, White held a slight edge over Gould and teammate Robbie Foust, and he was still in command of the race nearing the two mile mark.

Gould made his move shortly after the two mile turn

and opened up a 100 yard lead—which was later padded to 150 yards by the end of the course.

Gould was clocked on the three mile Cass Benton course at 17:13 followed by White in 17:31 and Steve Judd, also of

Salem, at 17:52.

Following them were Mustangs Robbie Foust, 17:54; Ron Georgoff, 18:14; Don Wilber, 18:14; John Coram, 18:14; Dan Earehart, 18:29; and Tim Hurley, 18:33. Plymouth Canton, however,

appeared to pose more of a threat to the unbeaten Mustang streak as their first seven runners were returning lettermen.

"Our kids really attacked the course against Canton," said an enthusiastic Redmond, who noted that Gould and Foust took over the early lead and were never headed as they went on to finish 1-2.

Freshman Don Wilber provided more of a scoring cushion for the Mustangs as he ran his best time of the season at 17:57.

Northville's Cross Country team also was a participant in the Schoolcraft Invitational Tournament Saturday and finished high in a tie for tenth spot with 308 points. Winner of the meet was Edsel Ford with 92 points.

Highest finisher on the Northville squad was Robert Gould with a time of 16:47.5 for 23rd place out of 110 runners. Don Wilbern was 51st at 17:24.

Mustang
of the
Week

SCOTT LEU

Scott Leu was named Mustang of the Week after his excellent defensive performance in the 14-0 win over Livonia Clarenceville last week. Leu pulled in three interceptions in the late going of the game which made Northville Coach Chuck Shonta say that Leu's defensive effort saved the game. The passes were intercepted on the Northville 14, 37 and five yard lines,

A SWIFT KICK—An unidentified Northville Penny Arcade Soccer player takes a swat at the ball during action last Saturday. In that game, Penny Arcade Green won 5-0 over the

gold team. Scott Robbins scored three goals. Mike Swayne and Clark Kreutzberg both added single goals while Mike Muzzin had two assists.

NORTHVILLE RECORD - NOVI NEWS

FOOTBALL CONTEST

Enter Today! You May Be A Winner!

HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 16. You will notice that each square below is also numbered from 1 to 16 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- (1) after each number on your paper write the name of the sponsor of the corresponding square.
- (2) following the sponsor's name—write the name of the winning team.
- (3) in addition you must pick a score on the outcome of the game in square 16. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry). In case of tie, prize money will be split.

NOTE: Only ONE entry per HOUSEHOLD family per week. Prize money paid only to name on entry. PLEASE do not enter several times using friends' names. Such entries will be disqualified if discovered.

Copies of the contest will be posted at the Northville Record office at 104 W. Main each week.

Entries should be addressed "Football Contest" Northville Record, 104 W. Main, Northville and must be postmarked or brought to our office no later than 5 p.m. each Friday.

Employees of The Northville Record—Novi News or sponsoring merchants are not eligible.

Entry forms available without charge in our office. Winners announced in paper and posted in office.

REPLAY

with John Osborne

Novi's coaching staff was wearing big smiles this week in the wake of the Wildcats' impressive 26-12 victory over arch-rival South Lyon in the Southeastern Conference opener.

"They (Wildcats) looked good, real good, so we can't be anything but pleased," chortled Coach John Osborne. "They played the caliber of ball that spells winner."

Coming off the demoralizing loss to Northville — a defeat that snapped Novi's 21-game victory string — the Wildcats demonstrated conclusively that they aren't about to fold in the face of adversity.

Osborne and his sidekick, Rick Trudeau, obviously were worried following the season opening loss. They figured it might prove psychologically damaging to Novi while pumping more determination into the Lions. But the worries were for naught. Novi played a whale of a game — the kind of game that makes partisan fans wish the Wildcats had another crack at the Mustangs this season.

The jitters that plagued Novi two weeks ago were absent in last Friday's game...and that pleased Osborne. But more importantly, he was pleased that so many of his players turned in overall good performances. It was tough to single out any one individual as playing outstanding ball, he said, because so many performed well.

"They did well defensively, and their take-charge offense was excellent. Blocking was outstanding."

"Our inside game worked well...we gave them (Lions) a good workout over the middle of the line. Dane Neutz worked that hole pretty good."

South Lyon's quarterback, Ray Foley, failed to live up to pre-season predictions, but Osborne attributes this shortcoming to the pressure placed on him all night by Novi's charging tacklers. "He wasn't given many opportunities," Osborne observed.

As he looked ahead to Friday's game at Dexter, Osborne signalled a note of caution.

"Don't write them off," he said. Despite Dexter's loss to Milan last week, it boasts a pretty good team. "After all, they've got to have some smarts because they adopted our wishbone offense," he smiled.

"Dexter had some fumblytits last week, but we're told their backs moved pretty good and they've got one fellow in there who has some real speed. If they clean up some of their mistakes we'll have our hands full."

Football, Novi Middle School at Chelsea, 4 p.m.

REPLAY

with Chuck Shonta

Northville's 24-0 victory over Livonia Clarenceville was seen as a mixed blessing by Mustang Coach Chuck Shonta. "Being able to shut out a team when we played that poorly is a good indication," he said. "Despite all the mistakes we still won 14-0."

Shonta indicated that his team would be working this week on many of the causes of those mistakes.

"I was disappointed in the penalties," said the coach. "We made stupid mistakes in execution—offenses, being in motion..."

But mistakes helped the Mustangs as well, he admitted. One near touchdown pass for Clarenceville was called back when the referees detected that the team had not been set for a full second before the snap.

Northville simply did not play as well this past week as it played in the opener against the Novi Wildcats, Shonta said.

"Marzone had a fair game but it wasn't his best. He played better against Novi," said the coach.

Scott Leu, however, played excellent ball, Shonta pointed out. "He probably saved the game for us with those three interceptions."

All three of Leu's interceptions came at crucial points near the end of the game, stopping long Clarenceville drives.

And Shonta added that Eric Lampella, who took over the reins on the field after Marzone's touchdown run, also did a fine job.

Although they now have chalked up two straight shut-outs, the Mustangs are still in no position to start coasting. "They're all tough from here on in," cautions Shonta.

But the Mustangs may well have added another weapon to their arsenal as they experienced some success utilizing the airways. Fans can expect to see the team start throwing more as it does battle with the other Western Six contenders, Shonta indicated.

"I think we can beat Farmington Harrison, but we have to get the idea of playing good football in our heads. We can't let down."

"We had a letdown after the Novi game," added Shonta. "We were so high our players came onto the field expecting to play well, but instead were flat. We can't have the same attitude when we take on Farmington. We're going to have to play topnotch football."

Regentik Claims Second Contest

She missed three games but Christine Regentik nevertheless won first place in the second weekly football contest conducted by this newspaper.

A Wixom resident at 48361 Pontiac Trail, she was declared the winner over five others with three errors by virtue of her closer pick of the Detroit-Minnesota game. She had the Vikings winning 21-7 when, of course, it wasn't quite that bad: 7-6.

Taking second place was Randy Armstrong of 46000 Pickford Court—24 points off the actual score.

And tied for third place and sharing \$3 were: Paul Baelz of 20332 Whipple; Peter Wright of 19850 Westhill; and Greg Suckow of 917 Novi Street. Each of these three missed guessing the Detroit-Minnesota game by 25 points.

John Wilson of 418 Randolph Street also had three mistakes but he missed the Minnesota-Detroit game by 42 points and thus finished out of the money.

The first place winner receives \$10, and second place winner \$5.

Upsets by Iowa (21-10 over UCLA), Wisconsin (21-20 over fourth-ranked Nebraska), and Navy (7-6 over Penn State) proved to be the toughest games for contestants. Most contestants missed two or more of these three games.

Most everyone correctly predicted both Northville and Novi would win their games.

Those contestants missing four games and finishing out of the money were:

Don Campbell, Jeff Jones, Ruby Cole, Jan Pauler, Todd Hannert, Rick Marrone, Joe Hamp, Rick Asher, and Steve Stuart.

According to judges, some contestants continue to submit more than one entry from a single household. In such cases all entries are disqualified. Also, it is apparent in some cases that several entries are being submitted by the same person although different names and addresses are given. These, too, will be disqualified, judges said.

P, P & K Contests Set

Separate Punt, Pass and Kick contests—sponsored by two Ford dealers and the Jaycees of Northville and Novi—were announced this week.

The contests are scheduled to take place Saturday, October 5—the Novi contest at the Novi high school football field beginning at 8:30 a.m. and the Northville contest at the Northville high school practice field beginning at 10 a.m.

Sponsor of the Northville contest is John Mach Ford of Northville, and the sponsor of the Novi contest is Stark Hickey West Ford, Detroit.

Punt, Pass and Kick is a nation-wide contest open to youngsters between the ages of 8-13. There is no entry fee.

Last day to register at the Ford dealerships is Friday, October 4. Youngsters may pick up their registration entries, when accompanied by a parent or guardian, at

the sponsoring dealerships.

In Novi last date to register will be October 5 at the competition site.

According to Gerald Tjell, Jaycee chairman in Northville, the contest offers competitive events in several categories of punting, passing and kicking from a tee for both girls and boys.

The top scorer in each of the six age groups will be invited to represent his respective community in zone competition. Winners of zone contests will proceed through a series of successively tougher competitions leading ultimately to the national finals at this year's Super Bowl game on December 29.

Each registrant, explained Novi's co-chairmen, Harvey Larson and Rey Rodriguez, will receive a free Punt, Pass and Kick tips book which includes a complete set of rules, conditioning exercises and punting, passing and

place-kicking tips from outstanding pros.

There is no body contact in PP&K, they emphasized, and no special equipment is needed. Youngsters compete only against others in their own age group and

participation does not impair a youngster's amateur standing.

Assisting with final registration and with maintaining competitive records in Novi will be the Jaycee Auxiliary of Novi.

Two Colt Teams Remain Perfect

Northville Colts football teams had good success over the weekend winning both varsity and freshman games, but had to settle for a loss in the junior varsity contest.

In the varsity match, the Colts kept their perfect string intact by bumping the Westland Jet varsity 18-6.

The varsity scored two touchdowns on runs and another on a pass play while playing another strong defensive game—the varsity won last week's game 12-0 over the Westland Meteors.

The Colts freshman team also kept their perfect record unblemished by beating their Westland Jet counterpart 20-12.

The Colts used a strong running game, as well as tough defense to hold back the Jets after they scored twice on pass plays to make the game close. Freshmen return to action Saturday as they do battle with the Romulus Flyers team. Game time is 5:30 p.m.

Only setback of the night was suffered by the Colts Junior Varsity who went down to their third straight defeat 13-0.

The Colts played a strong game but two touchdown runs by the Westland Jets ruined their bid for win number one. Junior Varsity action against Romulus will begin at 7 p.m. Saturday.

Wildcat of the Week

30

With so many players playing a fine game it was especially tough to pick a top player this week, said Coach John Osborne. "But that's the way we like it. After looking at the game films I don't think there's any doubt that Brian Schingeck deserves the honor." He came up with three extra special plays and his blocking was excellent. The 5-8, 150-pound senior halfback scored the second touchdown.

BRIAN SCHINGECK

Northville Golfers Win

Northville's golf team picked up three wins in action during the past week.

Against Walled Lake Western at Bay Pointe Country Club, the Mustangs won by twelve strokes 212-226. Jim Dales was the medalist with a 38.

At Brae Burn Golf Club, Northville walked away with

a 203-209 win over Redford Union. Dales was again the medalist at 38.

Against Livonia Churchill Monday, Greg Mack was the medalist as the Mustangs bumped the opposing squad 215-217. However, Churchill is considering lodging a protest concerning scoring, it was reported.

JV's Rip 'Skins

Northville's Junior Varsity team appears to be well on its way to a winning season as the Mustangs bombarded Milford 34-6 last Thursday. The win following a 50-0 victory over Novi two weeks ago.

The Mustangs were "right on the ball" from the beginning as Mustang Norm Pratt recovered an early Milford fumble on the Redskin's 30 yard line.

After several plays, Mustang halfback Dennis Singleton dove through the middle of the line to put the first Mustang touchdown on the scoreboard. A conversion attempt was no good.

With 6:13 left in the first period, Rick Marrone took a Greg Armstrong pass for a touchdown and Earl Bingley added two points on a dive.

In the second quarter Kevin Corcoran intercepted a pass on the Milford 35 yard line and a short while later Earl Bingley scored on a dive play from the two yard line. The conversion attempt was no good.

With 1:35 left in the first half, Milford scored on a 39 yard pass play to make the halftime score 20-6.

In the third quarter, with eight minutes remaining, quarterback Armstrong snuck over from one yard out for the Mustangs.

Linebacker Tim Conder intercepted a Milford pass on the 'Skins 20 yard line and returned it to the 15 before being stopped in the third quarter.

Schedule Dance

Novi Athletic boosters will be throwing a dance at the Wixom VFW Hall October 19 at 9 p.m.

Cost of the event is \$15 per couple which includes refreshments, set-up, and the band. Funds raised from the dance will go for the benefit of Novi's athletic program.

For tickets, call Flo Pantalone, 474-8580 or Marcia O'Brien, 474-7131.

Name Officers

The Mustang Athletic Booster's Club has elected new officers.

They are: President, Ted Marzone; Vice-President, Dick Lurve; Secretary Treasurer, Lee Holland.

The club's next meeting is planned for 7:30 p.m. Monday, October 28 at Our Lady of Victory Social Hall.

ANOTHER GARBAGE TRUCK — This new \$28,000 garbage pack was recently added to the City of Northville's DPW fleet of trucks. It is one of three city garbage-rubbish

packers — one is 20 yards capacity and the other two, including the one above, have 25 yards capacity. This new packer is a Garwood, the chassis a Chevrolet.

Obituaries

Harness Track Owner Dies

Leon A. Slavin, 71, noted Michigan industrialist and sportsman, died September 13, at the University Hospital in Ann Arbor of complications following heart surgery.

Mr. Slavin was co-owner of the Western Board and Paper Company in Kalamazoo and of the River Downs Race Track in Cincinnati, Ohio. For the past 26 years, he owned and operated the Jackson Harness Raceway in Jackson and the Jackson-at-Northville racing meet in Northville for the past six years.

A past President of the Congregation of Moses in Kalamazoo, Mr. Slavin also was a member of Temple B'nai Israel, B'nai B'rith, 32nd degree Masons, and the Shriners.

Mr. Slavin is survived by his wife Ruth and her daughter Christina, and by his brother William Slavin, his daughter Nanette Slavin Rakieten and four grandchildren, Timothy, Daniel, Michael, and Dorothy Rakieten, all of Kalamazoo. Services were held at Langeland Memorial Chapel in Kalamazoo at 622 S. Burdick St., Sunday noon, September 15. Burial was from the Slavin Auditorium in the Beth Jacob Synagogue in Dayton, Ohio at the family plot on Monday noon, September 16.

The family requests that donations and memorials be made to the Michigan Heart Fund and the American Cancer Society.

JEFFREY WAYNE HARRIS
A motorcycle accident in Livonia claimed the life of a former South Lyon area resident this weekend.

Jeffrey Wayne Harris of 235 South Center Street, Northville, died September 21 of injuries sustained in the accident. He was 19 years old.

Born to Sterling and Mary (Jidov) Harris October 22, 1954, in Detroit, he was a welder by occupation.

Survivors include his mother, Mrs. Donald Stevens of Central Lake, a sister, Mrs. Edward (Linda) Canfield of Ann Arbor and three brothers, Dale of Ypsilanti and Timothy and David at home.

Memorial services were held at New Hudson Methodist Church Tuesday, the Reverend Robert Mitchinson officiating. Cremation followed services.

SIGNE NELSON
A former resident of Northville, Signe O. Nelson of Fort Lauderdale, Florida,

LEON SLAVIN

died last Wednesday, September 18, in Florida at the age of 77.

Born May 4, 1897, she was the wife of Harold S. Nelson who preceded her in death. A retired beautician, Mrs. Nelson lived in Northville until moving to Florida 10 years ago.

Surviving are a daughter, Mrs. Lorraine Hill of Fort Lauderdale, and two grandchildren.

Funeral services were held Saturday at Baird Case Funeral Home in Fort Lauderdale with burial following private services Monday at Acacia Park Cemetery.

PAUL TARSITANO
Funeral services were held Saturday in Owosso for Paul Tarsitano, 82, who was a Northville resident from 1921 to 1956. He died September 19 at Owosso Memorial Hospital after an illness of three weeks.

Father Ray Rodemacher officiated at the funeral service at St. Joseph Catholic Church where the deceased was a member. Interment was in St. Paul's Cemetery, Owosso.

Mr. Tarsitano, who was

born in Santo Ippolito, Italy, February 28, 1892, was one of the famed Cavaliers of the Italian Cavalry associated with the U.S. Forces during World War I. He was awarded a gold medal for this service.

He was the son of Constantino and Michelina (DeRose) Tarsitano and was married to Julia Tarsitano, who survives.

He also leaves a daughter, Mrs. Charles Spagnuolo of Owosso; a brother, Joseph, in Italy; and four grandchildren.

Before retirement, he was a machinist with Ford Motor Company.

HELEN TESHKE

Funeral services will be held today (Thursday) at 2 p.m. for Helen Teshke of Livonia who died Tuesday at Beverly Manor Convalescent Home in Novi after a long illness. She was 80 years old.

Born September 21, 1894, in Northville, she was a lifetime resident of the area. The daughter of Wilhelm and Anna (Miller) Meissner, she married Emil W. Teshke who preceded her in death December 28, 1971.

Mrs. Teshke was a member of Grace Lutheran Church of Livonia.

Surviving are two sons, Gerald W. of Livonia, Marvin L. of Niles, eight grandchildren and four great-grandchildren.

Funeral services will be held at the Casterline Funeral Home where the Reverend Victor Halboth Jr. of Grace Lutheran will officiate. Burial will be in Rural Hill Cemetery.

JEFFERY PICKERAL

Funeral services were held yesterday for Jeffrey Douglas Pickeral, 16, who died Saturday in Cheboygan Community Hospital following a motorcycle accident.

The youth, who was born November 21, 1957, in Detroit, lived in Novi all of his life and was a senior at Novi High School. He was a member of the First Presbyterian

Church of Northville and the Art Club of Novi.

Surviving are his parents, Charles and Shirley (Adcox) Pickeral of 25726 Beck Road, two sisters, Loretta K. and Stacey, a brother, James Paul, and grandparents, Mr. and Mrs. Raymond Adcox of

Novi.

Services were held at the Casterline Funeral Home where the Reverend Lloyd Brasure of the First Presbyterian Church officiated. Burial was in Oakland Hills Memorial Gardens, Novi.

Two Forums Set For Area Seniors

Two senior forums have been scheduled by Schoolcraft College this fall dealing with home nursing and coping with legal affairs.

The forums are presented by Schoolcraft's Senior Adult Services to provide resource persons who meet with senior adults. They discuss issues important to the retirement years and teach skills older persons say they need.

The forums are presented without charge and at locations convenient to retired persons.

Home Nursing, co-sponsored by the Livonia Senior Center, will be taught by a registered nurse from the American Red Cross. It will cover maintaining good health, using good body mechanics, providing personal services for a bed patient and simple treatments. Classes will be held at the Center, Five Mile and Farmington Roads, on four Tuesday mornings from 10 to 12 noon beginning October 1.

Legal Affairs of the Older Adult, co-sponsored by the Plymouth Department of Parks and Recreation, will be offered on four Friday mornings from 10 to 11:30 beginning October 4. Sessions will be held in the Plymouth Cultural Center, 525 Farmer Street, Plymouth. Topics to be covered include banking, housing, funerals and wills, and estates.

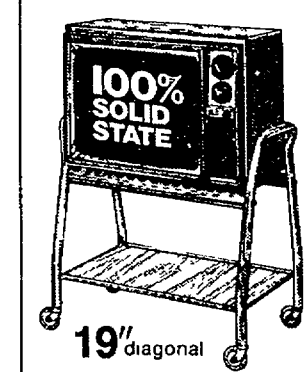

Resource persons for this forum include Loretta

McGee, Senior Assistant Manager of the National Bank of Detroit in Plymouth; Robert Reed, attorney from Michigan Legal Services; Fran Yocum and Jim Houk of Plymouth Housing; Win Schrader, Jr. from Schrader Funeral Home, and Richard Wernette, Plymouth attorney.

All interested senior adults and family members are welcome to attend. Registration may be completed by calling 591-6400, Ext. 218.

Post Office Announces Christmas Mailing Dates

Although most area residents haven't begun to think of Christmas shopping, the post office is beginning its "Mail Early" campaign.

Northville Postmaster John Steimel has issued the 1974 Christmas mail schedule, which sets deadlines as early as mid-October for the Far East.

Here are the deadlines. International mail:

Far East—surface parcels, October 15; surface greeting cards, October 25; air parcels, December 9; air greeting cards, December 14.

Africa and Near East—surface parcels, November 1; surface greeting cards, November 4; air parcels, December 9; air greeting cards, December 14.

Europe, South and Central America—surface parcels, November 11; surface greeting cards, November 18; air parcels, December 11; air greeting cards, December 16.

Canada and Mexico—surface parcels, December 2; surface greeting cards, December 7; air parcels, December 14; air greeting cards, December 19.

Domestic mailing dates for the contiguous 48 states are, surface parcels, December 10; and surface letters, December 15. Air parcels and letters have a deadline of December 21.

Alaska and Hawaii deadlines, surface parcels November 30; surface letters, December 15; airmail, December 20, for both letters and parcels.

Overseas military mail deadlines are:

Far East (Antarctica, Australia, Burma, Indonesia, Japan, Korea, New Zealand, Okinawa, Philippines, Taiwan, Thailand and Vietnam)—space available (SAM), November 20; surface, October 28; parcel airmail (PAL), November 27; airmail, December 2.

Near East (Ethiopia, Iran, Israel, Saudi Arabia and Turkey)—SAM and surface, November 1; PAL, November 7; airmail, December 2.

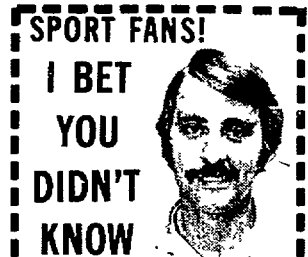

Africa (excluding Ethiopia), Congo, Liberia—SAM and surface, November

11; PAL, November 18; airmail, December 9. Europe—SAM, November 20; surface, November 11; PAL, November 27; airmail, December 11.

Bedford Earns Scholarship

Peter Bedford, son of Mr. and Mrs. Michael Bedford of 19450 Beck Road, has recently received a scholarship for upperclass resident award at Eastern Michigan University. The award, presented by the EMU housing office, helps cover the cost of room and board. Bedford is a junior majoring in history.

Brought to you By Larry Wichman

Of all the passers who have ever played pro football, which one had the best percentage of completed passes in a season?...Record is held by Sammy Baugh, who in 1945, completed 70 per cent of his throws...No other regular pro passer has ever topped that.

Oddly enough, here's a football question that looks easy, but it's surprising how few fans — even the real good ones — can answer it... Try it on your friends and see... The question is this: Everybody knows a football field is 100 yards long from goal line to goal line — but, do you know how WIDE a football field is?... A football field is 160 feet, or 53 and one-third yards wide.

Ever wonder where the tradition started of having a band at football games... It was at Notre Dame, which was the first college in America to have a band... Their band first marched at a football game in 1888... They really started something, didn't they?

I bet you didn't know that oil changes, tune-ups and many other services were available at the Uniroyal or Dunlap Tire store...

Novi Tire Co.

Decathlon Champs Brave Cold Weekend Weather

By NANCY DINGELDEY

Parks and Recreation staged its annual decathlon last Saturday at City Hall. Although the day dawned grey and chilly, kids and their parents arrived for the 9 a.m. starting time . . . many

manned with a thermos of hot coffee and heavy coats. There were dashes and bike races, football kicks and baseball tosses for the kids in first through sixth grades at Wixom schools . . . lots of activity.

This year the medals and ribbons were all given at ceremonies immediately after the games rather than

having the children wait for several weeks for them to be handed out at school. This year's medal was all new too . . . designed especially for Wixom depicting all sporting events in a circle, the medals awarded were gold, silver and bronze signifying the place the child scored in the event.

Ribbons were also awarded from first through fifth place. Unfortunately, because of space consideration, we can only mention those children who placed in each event. So here goes . . .

The 30 yard dash for first grade boys found fleet-footed Scott Hollister capturing first followed by Richard Boulton

and Andy Rourke while the first grade girls were led by Christine Hauge. Coming in second was Marla Hughes while Kandi Southerland took third.

Second grade boys running 35 yards had Jay Westervelt taking first, Mike Craig in second and Jimmy Glenn third. Jill Dingledey took the first place ribbon in the girls

second grade dash followed closely by Ginny Victory and Ruth Sutherland in third. Going on to third grade boys in the 40 yard dash it was Karl Buttenmiller at the head of the pack, Kyle Chura taking second and Tom Simonick for the bronze medal. The girls

were led by Laurie Haight, second went to Laurie Stombaugh and third to Amy Colyer.

The 50 yard dash for fourth graders was led by Craig Kimmel, followed by Dennis Aubrey and Brian Berger. Sandy Mackey led the way for the girls, Kelli Korthas put on the speed to take second with Carol Dingledey third.

Fifty yard dash for fifth graders went to Rob McCormick first, Charles Watson in second and Bill Craig third. Renee Walker took honors for the girls, Sharon Green won the silver medal with Pam Allred taking the bronze.

Being a little older, the sixth graders got to run a little farther as they competed in the 60 yard dash. Tim Mackey took top honors with Kevin Kimmel and Ed Kent close behind. At the head of the pack for the girls was Leslie Bozynski, Sally Hollister and Brigitte Nissen.

The boys took over the field for the football kick which found Craig Kimmel zonking the ball 65'1" to place first in the fourth grade. Brian Berger and Shawn Parton were second and third. Top marker for the day was by Jeff Posey who took the honors in the fifth grade class. Mark Hughes followed at 61'5" and Bill Craig at 50'4". Leading the way for the sixth graders were Ed Kent, Tim Mackey and Kevin Kimmel capturing the bronze.

It was the "jump and touch" for the girls as the fourth grade girls took the field. Kelli Korthas was in for another first followed closely by Carol Dingledey with Sandy Mackey picking up third. Patti Glenn, Pam Allred and Carla Hardmeyer took home the medals for the fifth grade girls while the gold went to Brigitte Nissen, silver to Sally Hollister and bronze to Leslie Bozynski in the sixth grade class.

The baseball throw found all age groups competing with some really good tosses chalked up. For the first grade girls it was Christine Hauge, Lori Mackey and Erin McCormick gathering up the medals while for the boys it was Tommy Stombaugh, Scott Hollister and Richard Boulton scoring. In the second grade, Kim Kusterer, Ginny Victory and Ruth Sutherland proved to be the girls with the arms while Mike Craig, Jay Westervelt and David Ballmer took it for the boys. Third grader Laurie Stombaugh captured the gold, Laurie Haight took the silver and Amy Colyer gathered in the bronze. For the boys it was Karl Buttenmiller in first, Tom Simonick second and David Buie third.

Fourth grade girl honors went to Sandy Mackey, Kelli Korthas and Carol Dingledey. The boys were led by — who else — but Craig Kimmel, followed again by Brian Berger and Shawn Parton. For the fifth graders it was Patti Glenn, Carla Hardmeyer and Debbie Aubrey. Taking top honors again for length was Jeff Posey with a toss of 125', Chuck Watson and Rob McCormick. And for the sixth grade girls it was Leslie Bozynski, Vicky Quinton and Brigitte Nissen winning. For the boys Tim Mackey was first, Kevin Kimmel, second and Ed Kent, third.

Yet another event, the running broad jump found all classes competing with first graders Richard Boulton, Tommy Stombaugh and Michael Simonick chalking up their wins while Erin McCormick, Maria DeCarlo and Lori Mackey took the honors for the girls. Second grade girls were led by Jill Dingledey followed by Ginny Victory and Kim Kusterer. Gathering up medals for the boys were Jimmy Glenn, Jay Westervelt and Craig Schumann.

In the third grade it was

Laurie Stombaugh winning another gold with Laurie Haight and Amy Colyer picking up second and third. Kyle Chura placed first for the boys followed by David Buie and Matt Walsh. Only first and second medals were awarded in the fourth grade girls competition with Carol Dingledey taking first and Kelli Korthas in for second. The boys took home three as Craig Kimmel took the top honors, Tim Bozynski second and Dennis Aubrey third.

Dennis Wiedenbeck's efforts gave him first place in the fifth grade boys while close behind was Rob McCormick and Jeff Posey. The girls leader was Sharon Green with Patti Glenn, picking up another medal for her second place jump, and Debbie Aubrey taking third. Longest jumps of the day were made by the top sixth graders Tim Mackey for the boys with 10' 22" and leaping Leslie Bozynski at 9' 1/2" for the girls. Kevin Kimmel and Ed Kent chalked up the other places for the boys and Brigitte Nissen and Vicky Quinton for the girls.

The final event was the bike races for fourth, fifth and sixth grade boys and girls. Using a set course, the object was to finish the course in the fastest time. Kelli Korthas was on top again for the girls, peddling in for second was Sandy Mackey, third was tied up by Carol Dingledey. Taking his fifth first place medal — only boy in the entire day of competition to do so — was Craig Kimmel. Tim Bozynski wheeled in second and Brian Berger for third.

Fifth grader Renee Walker took top honors in the girls' event with Pam Allred grabbing another ribbon and Debbie Aubrey marking her final for the day with a third. Bill Craig, Chuck Watson and Rob McCormick were tops in the boys' division.

Sally Hollister was the top winner for the sixth grade girls in the bike event with Vicky Quinton and Leslie Bozynski tallying for their final medals. Ed Kent chalked up the victory for the boys with Tim Mackey and Kevin Kimmel taking second and third honors.

Parks and Recreation has made a display at Wixom Elementary School of the winners and ribbons. Also on display will be the permanent decathlon over-all winners plaque that hangs in City Hall. Names to be engraved on that plaque as decathlon winners for the first, second and third grades are Laurie Stombaugh in the girls' division and Jay Westervelt for the boys. Boys' and girls' division winners for the upper grades are Kelli

Kortha and Craig Kimmel. Craig won five first place awards . . . both are fourth grade students.

Mark October 6 on your calendars now for the annual Police Open House, Sunday afternoon at City Hall. Lots of things to see — refreshments and door prizes. Meet the good guys . . . Wixom's Police force.

Tired of the hassle? Come in and browse or be personally helped.

City Crimes Rise Slightly August Report Shows

Burglaries, thefts and vandalism showed slight increases in August over the City of Northville within figures for the same month last year.

A report recently issued by City Police Captain Louis Westfall shows one more burglary, four more thefts and three more incidents of vandalism took place in August of this year than during the same month last year.

Burglaries totaled 10 in August, including five homes and five business places. Two

attempts were also reported, police said.

The 18 thefts included bicycles, seven; thefts from buildings, four; thefts amounting to more than \$100, three; and under \$100 value, four.

Police also investigated two reports of missing motor vehicles, one of which was taken with intent to steal.

Another category showing an increase during August is fraudulent checks. Thirteen were reported last month, up from two cases turned over to

police during the same month last year. One accounting incident was reported while none occurred in August, 1973.

City police made 39 arrests in August, including drunkenness, six; disorderly conduct, one; drunken driving, three; driving with suspended license, six; thefts over \$100, three; disorderly person under the influence of narcotics, one; and driving without ever having acquired a license, one.

Other arrests included eight persons who were wanted on warrants issued by city police and 10 persons wanted on warrants issued by other police agencies.

During August, police also treated 12 sick or injured persons, recovered two missing persons, investigated one family trouble complaint, took 13 lost and found and two stolen property reports, investigated one dead body incident, handled three city ordinance violations and assisted six other police and fire agencies.

instrument will be shown.

Police equipment, such as tear gas grenades and flares, as well as confiscated narcotics and weapons will be present.

People attending can be fingerprinted, and fingerprint form cards will be given out as souvenirs. There will be free rides in police cars for the kiddies.

Homebaked goods will be provided free, as well as soft-drinks. Prizes will be given away including a 10-speed bicycle.

Last year 700 people showed up on a cold, rainy day for the annual event and police spokesman Larry O'Rourke estimated that more than 1,000 will show up this year.

"This event is intended to better police-community relations and to make young people aware we're here to help them," said O'Rourke. "We're not afraid to show off an A-number one department."

Accidents Up; Injuries Dip

Traffic accidents in the City of Northville are up 10 percent from last year but injuries continue to decline with 29 percent fewer persons injured this year than last.

According to a report released by the Northville Police Department's Traffic Division, 160 accidents have taken place through August, up from 145 reported through the first eight months of 1973.

Through August, 118 in-traffic accidents took place, up from 109 the previous year. A total of 42 crashes took place in parking lots during the first eight months of this year, up from 36 reported last year.

There have been 30 injury accidents this year compared with 38 last year. Thirty-seven persons have sustained injuries in accidents, down from the 52 persons hurt last year, police reports show.

Police have written a total of 1,338 hazardous moving traffic tickets, down 104 from the first eight months of last year, and have issued 396 non-hazardous violations, down from the 592 written last year.

Traffic Tops Juvenile Cases

Although juvenile cases reported in August by Northville City Police doubled when compared with the same month last year, more than half of cases involved traffic offenses.

According to a report recently issued by the police department, 14 cases in August involved juveniles, including eight traffic offenses.

Other juveniles were apprehended for curfew and loitering, three; liquor law violations, drug law violations and thefts from buildings, one each.

Police Blotter

Probe Break-Ins, Thefts

In Northville

Two break-ins were reported to city police last week with a juvenile admitting to one of the break-ins.

According to city police detectives, a residence at 430 East Main Street was entered during the late morning hours and a small amount of cash taken.

Investigating officers said the juvenile has been sent to a youth home.

An unrelated break-in was reported at noon Thursday at Skin Deep, 339 North Center Street.

Police said the break-in took place the night before and a small amount of money was taken.

A cloth cutter, valued at \$469, was taken from Belanger, Incorporated, 455 East Cady Street.

Investigating officers said the theft took place between 4 p.m. September 16 and 7 a.m. the following day.

A Northville High coed's purse was stolen from her locker last Monday. The girl told police the locker was locked between 9 a.m. and 1 p.m. when the theft took place.

The purse contained \$10 cash, an am-fm portable radio and miscellaneous papers.

Ann Arbor Police recovered a 1969 Dodge Polara stolen from the parking lot of Fairbrook Apartments on Seven Mile.

Recovered at 2:45 a.m. last Thursday, the car was taken between September 14 and 15.

A 22-year-old Wixom-Walled Lake area man is free on personal bond awaiting arraignment in Wayne County Circuit Court on charges of forging a prescription for sleeping pills.

City police detectives said David Matthew Shepherd was bound over to circuit court last Thursday after he waived examination. He will appear before Judge Benjamin Burdick October 16.

Burdick, who was arrested by city police July 26 on charges of fraudulent procurement of a controlled substance, got the drug with a forged prescription at a Northville store in early June, police said.

A portable television set and a new muffler, still in the package, were stolen from an unlocked car last week.

The South Lyon owner of the car told police he parked the vehicle in the lot on West Main Street during the evening and when he returned the items were gone. Value was placed at \$130.

A 21-year-old Northville man was charged with fleeing and eluding after he failed to stop for police early Saturday morning.

According to reports, police spotted the car at 1:47 a.m. traveling westbound on Main Street at Griswold. Because the car was exceeding the speed limit, police followed, attempting to pull the vehicle over at High Street when speed was

clocked at 45 mph.

The driver ignored police, accelerating to speeds in excess of 100 mph west of Orchard Drive. Police said the driver lost control of the vehicle when he attempted to turn north on Beck Road and slid into an embankment. The driver was not injured.

In Township

More than \$300 damage was done to a home under construction at 16211 Winchester Drive last week when vandals threw bricks through windows.

Township police reports said the incident took place between last week Monday and Tuesday.

A 1966 tan Dodge was stolen from Seven Mile Road near Northville State Hospital between 3 p.m. Sunday and 7:45 a.m. Monday.

Contained in the car are a blue suitcase of men's clothing, household utensils and four prayer books, reports said.

A Detroit man, Fernando Sergio Davila, has been sentenced to one to 15 years on a charge of unarmed robbery.

The sentence was recently handed down in Wayne County Circuit Court. Davila was arrested by township police August 13, 1973, and charged with armed robbery stemming from an incident July 26 of that year when a 15-year-old Milford youth was robbed in Hines Park near Cass Benton Drive.

In Novi

A 13-year-old girl reportedly was raped after she and another girl hid unsuccessfully under a bridge from the attacker.

According to Novi police reports, the girls were walking August 29 from 8-8:30 p.m. along Haggerty Road, south of 12 Mile Road when a man rode by on a motorcycle and told them to get on the cycle. When they refused he left the scene.

Reports indicate the girls then went under a bridge on Haggerty Road to hide but the man came back, went under

Injured Youth

Now Recovering

Jeff Crawford is recovering from injuries he received September 14 in a two-car accident on Chubb Road at Seven Mile.

According to his father, the youth received a broken shoulder and broken knee cap and is now home. Two other youths died in the accident.

The 15-year-old youth is the son of Mr. and Mrs. R. A. Crawford of 616 Oakland. Jeff is a sophomore at Northville High.

the bridge and demanded that one of the girls undress. When she refused he reportedly forced her to undress and then raped her.

Because the subject threatened the girls if they told, they did not report the incident to their parents.

The girls described the subject as a white male, 19-20 years old, approximately 5'9" tall with a blond Afro type haircut. He was wearing a Levi jacket and is believed to have carried either a pistol or a knife in his left pocket.

The motorcycle was described as dark blue with sissy bars. The helmet was also blue.

A citizens band radio valued at \$250 was taken from a truck cab at Inter Lake Windows, 25460 Novi Road Thursday, September 12.

According to police reports, there were no signs of forced entry of the vehicle.

In Wixom

A 1968 350 CC Honda motorcycle valued at \$450 was recovered after being stolen from a parking lot in the Indian Lodge Apartments sometime from September 13-15.

According to reports, the motorcycle was stolen while the owner was on vacation and was later found by Milford police with the tires missing.

There are no suspects in the theft, police said.

PARSON to PERSON

Cedric Whitcomb, Pastor

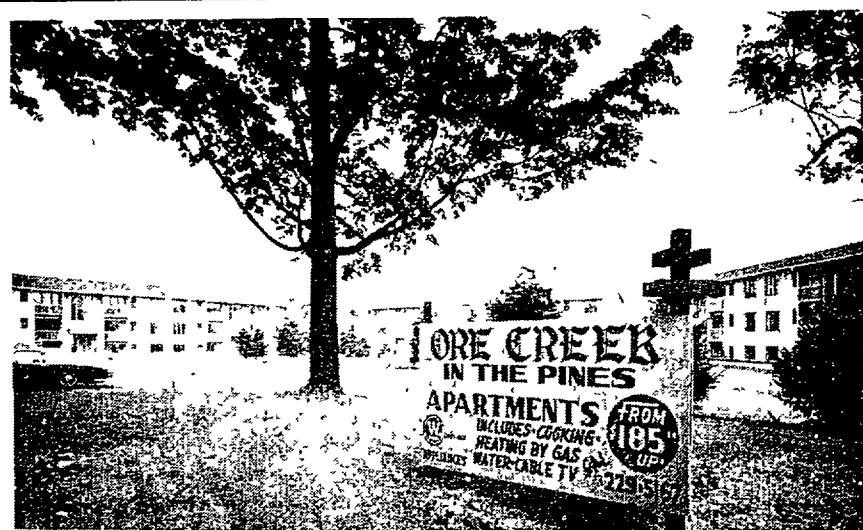

For one year it's been my privilege to visit with you through "Parson-to-Person." I've had fun writing the column and I've appreciated the many of you who've remarked that you read it each week and find it enjoyable and beneficial to your personal life. It's been my prayer that "Parson-to-Person" would be of spiritual enlightenment, that your own heart has been warmed and that your thinking has been turned toward the Lord Jesus and what He wants to do for you in your life.

If you're a regular reader of this column, I'd appreciate hearing from you this week. For all those who write or call, I'd like to send you an exciting booklet called, "Man Alive." After reading the booklet, you'll discover the opportunity of enrolling in a free Bible study course that you can work on in your spare time in your own home. I'd like to make this available to all of our readers. Write for your copy.

While this column is sponsored by the First Baptist Church in Northville, of which I am the Pastor, there has been no mention made of our church. I'd also like to take this opportunity and extend to you and your family an invitation to visit our church, especially if you have no home church of your own. Our church is Bible-centered and it's designed for the entire family. I hope we'll hear from you and have the pleasure of your visit real soon.

DPW Defended

Park 'Eyesore' Draws Fire

Personnel of the Novi Department of Public Works were defended this week by the city council when it was suggested their performance in maintaining city parks was unsatisfactory.

Acknowledging that park maintenance was shortchanged this past summer, Mayor Robert Daley blamed shortage of funds. "The source of the problem is not the DPW," he declared, but rather the absence of funds.

The mayor was joined in this defense by Councilmen Denis Berry and Louie Campbell, both of whom contended the DPW performed exceptionally well this summer in the face of shortage of personnel and financing.

Despite the fact the department has been without a superintendent for several months, the DPW maintained roads and carrying out a major ditching program with a minimum of employees, they asserted.

"We're only talking about six people in the DPW," said Campbell, "so when you add more work (parks maintenance) on roads, ditching, etc. you've got real problems. I think they should be commended for the work they did this summer."

Monday's discussion was triggered by a letter from the chairman of the parks and recreation commission,

Joseph Pochter, who said city parks and facilities "are absolute eyesores and embarrassments to this community. The DPW, as directed by council action, cannot be depended upon to provide even minimal levels of maintenance."

Pochter said the commission "is certainly aware of the financial problems that exist. We are also aware that several key members of the management team of the city are missing. We would remind council, however, that many of the aforementioned dilemmas have been persistently present over the past several years. There is one substantial difference now that four additional parcels (acquired during the 1973-74 budget period) will also require maintenance or they, too, will become eyesores."

The commission chairman urged council to have the parks and two "Magic Squares" regularly maintained and mowed, and he suggested "that all refuse be collected and disposed on a regular schedule. Finally, that all facilities be sustained at some acceptable level."

In view of the maintenance problems this past summer, Councilwoman Romaine Roethel suggested that care of the parks become a regular part of the DPW's maintenance program.

Siding Contract Awarded in Novi

A. Green & Son, Inc., low bidder, was awarded the contract for aluminum siding on the new city hall annex under construction in Novi. Green's bid was \$1,050, lowest of five bidders whose prices ranged upwards to \$2,400 by Armstrong Siding Company.

Council vote in awarding the contract was 5-1, with Councilman Louie Campbell casting the dissenting vote. He was not satisfied that sufficient monies are budgeted to cover the expenditure.

Also, because Councilman Denis Berry wanted to explore the expense and benefit of using fire resistant materials the council postponed naming of a contractor for dry wall for the annex.

And on the matter of dry wall, Campbell wondered aloud why city officials were recommending purchase of materials for the annex when such materials would not be permitted by the city for use in private developments.

In another transaction Monday, the council awarded a demolition contract to

Capital Wrecking Company, Inc. Capital's bid of \$740 was lowest of two prices submitted for removal of the building located at 133 Wainwright.

Legal Notice

STATE OF MICHIGAN
THE PROBATE COURT
FOR THE
COUNTY OF WAYNE

Estate of CASS R. BOLTON
Take Notice On September 10th, 1974, at 10:00 a.m., in the Probate Courtroom, No. 1 City County Building, Detroit, Michigan, before the Hon. Frank S. Szymanski, Judge of Probate.

On the petition of Douglas Bolton the Will of the deceased dated April 19th, 1962, was admitted to Probate and Administration of the Estate was granted to Douglas Bolton, the Executor named.

Creditors of the Deceased are notified that all claims against the estate must be presented to Douglas Bolton at 16355 Bradner Road, Northville, Michigan 48167 and copies of the claims must be filed with the Court on or before November 21, 1974. Notice is further given that the Estate will thereafter be assigned to persons appearing of record entitled thereto.

To the Qualified Electors of the Township of Northville, Wayne County;

Notice is hereby given that registration for the General Election to be held on Tuesday, November 5, 1974, will be taken at the Office of the Township Clerk, 16300 Sheldon Rd., Northville, Monday thru Friday, 9:00 a.m. to 5:00 p.m.

Notice is further given that the LAST day for registration is Monday, October 7, 1974. The Clerk's office will be open Saturday, October 5, 1974, 8:00 a.m. to 5:00 p.m. and on Monday, October 7, 1974, from 8:00 a.m. to 8:00 p.m. for the purpose of registration and that after said hour and date no further registrations will be received for said election.

Sally A. Cayley, Clerk
Township of Northville

TOWNSHIP OF NORTHVILLE, WAYNE COUNTY, MICHIGAN ORDINANCE No. 49

An Ordinance adopting for the Township of Northville the Building Officials and Code Administrators International, Inc., Basic Building Code, Edition copyrighted 1969, known as "The BOCA Basic Building Code-1970," and the 1973 accumulative supplement thereto, known as "The BOCA Basic Building Code, Accumulative Supplement 1973," prescribing controls of all matters concerning the construction, alteration, addition, repair, removal, demolition, use, location, occupancy and maintenance of all buildings and structures and their service equipment, by reference, and to provide for regulation by the Township Board of minimum construction requirements of dwellings, buildings and structures within the Township of Northville, to authorize penalties, to provide for the establishment and administration of the Township of Northville Department of Buildings and Safety, to provide for conflicts with other ordinances and to repeal or save ordinances in conflict herewith.

The Township of Northville Ordains:

PART I. Pursuant to the provisions of Act No. 230 of the Public Acts of 1972, as amended, being Sections 125.1501, ET SEQ., C.L. '48, and known as the "State Construction Code Act of 1973," the Building Officials and Code Administrators International, Inc., Basic Building Code, edition copyrighted 1969, known as "The BOCA Basic Building Code-1970," and the 1973 accumulative supplement thereto, known as "The BOCA Basic Building Code, Accumulative Supplement 1973," promulgated and recommended by the Building Officials and Code Administrators International, Inc., being nationally recognized model building code, be, and the same hereby is, adopted by reference and all provisions thereof are deemed incorporated herein by reference, save and except such portions as are hereinafter deleted, modified, supplement or amended by PART VII, below.

PART II. This Ordinance shall be known and may be cited, amended and supplemented as the "Building Code of the Township of Northville."

PART III. The purpose of the Ordinance and of the BOCA Building Code-1970, and the BOCA Basic Building Code, Accumulative Supplement 1973, as adopted by reference in Part I, hereof, shall be to regulate and control all matters concerning the construction, alteration, addition, repair, removal, demolition, use, location, occupancy and maintenance of all buildings and structures, existing or proposed, and their service equipment in the Township of Northville, Wayne County, Michigan, except as such matters are otherwise provided.

In other ordinances or statutes which contain stricter controls or regulations, to insure the public health, safety and welfare as they are affected by Building construction, through structural strength, adequate ingress and egress facilities, sanitary equipment, light and ventilation and fire safety, and in general, to secure safety to life and property from all hazards incident to the design, erection, repair, removal, demolition, use and occupancy of buildings, structures or premises within said Township of Northville, to provide for the administration and enforcement of said Building Code of the Township of Northville, and to provide penalties for the violation of the provisions of the Building Code of the Township of Northville.

PART IV. A complete printed copy of the BOCA Basic Building Code-1970, and of The BOCA Basic Building Code, Accumulative Supplement 1973, promulgated and recommended by The Building Officials and Code Administrators International, Inc., are and shall be kept in the office of the Clerk of the Township of Northville and the copy shall be available for public use and inspection at the office of the said Clerk during the regular business hours of said office.

PART V. This Ordinance, pursuant to Section 8(4) of Act No. 230 of the Public Acts of 1972, as amended, being Section 125.1508(4), C.L. '48 shall not apply to public or nonpublic schools within the Township of Northville without concurrence by the school authorities having jurisdiction.

PART VI. Whenever the word "Municipality" shall be used in the BOCA Basic Building Code-1970, said word shall be held to mean the Township of Northville.

PART VII. The BOCA Basic Building Code-1970 shall be, and hereby is, modified, amended or supplemented by the following deletions, modifications, amendments and supplements as denominated by the appropriate section and decimal modification set forth in The BOCA Basic Building Code-1970, and as so modified, amended or supplemented The BOCA Basic Building Code-1970, shall be, and hereby is, affirmed and adopted, to read, INTER ALIA, as follows:

A. Section 107.1. The provisions of The BOCA Basic Building Code-1970 and of the Building Code of the Township of Northville shall be administered and enforced by the Township of Northville Department of Buildings and Safety, the establishment of which department is hereby ratified and affirmed. The administrative official in charge of said department shall be known and titled as the "Building Official".

B. Section 107.2. The Building Official shall be appointed and may be removed by the Supervisor of the Township of Northville with the approval of the Northville Township Board of Trustees.

C. Section 107.3. Inspectors and other employees of the Department of Buildings and Safety as shall be necessary for the administration of the Building Code of the Township of Northville shall be appointed and may be removed by the Supervisor of the Township of Northville with the approval of the Northville Township Board of Trustees.

D. Section 107.4. A Deputy Building Official, who shall exercise all powers of the Building Official during the temporary absence or disability of the Building Official, may be appointed and removed by the Supervisor of the Township of Northville with the approval of the Northville Township Board of Trustees.

E. Section 107.10. The Building Official and members of the staff of said department shall make such reports and engage in such work as the Supervisor of the Township of Northville or as the Northville Township Board of Trustees may from time to time direct or request. The Building Official shall report and be responsible for the administration of said department to the Northville Township Board of Trustees through the Supervisor of Northville Township.

F. Section 118.1. Before receiving a permit, the owners, builder or his agent shall pay to the Treasurer of the Township of Northville or other authorized agent, the fee specified in the following table. In applying the provisions of this code in respect to new construction, alteration, additions or other building operations, the physical value of the work shall be determined by the Building Official on the basis of current costs or as otherwise provided in the local ordinances.

SCHEDULE OF PERMIT FEES

(A) Zoning permit fee (when building permit not issued)\$5.00

(B) Building permit fee:

(1) New, additions and alterations of less than \$1,000.00 valuation, fee\$10.00

(2) New, additions and alterations of \$1,000.00 or more but less than \$10,000.00 valuation, fee of \$10.00 for first \$1,000.00 valuation, plus fee of \$5.00 for each additional \$1,000.00 valuation or fraction thereof.

(3) New, additions and alterations of \$10,000.00 or more, fee of \$55.00 for first \$10,000.00 valuation, plus fee of \$2.00 for each additional \$1,000.00 valuation or fraction thereof.

(C) Demolition permit fee—same fee as applicable under subsection (b) above provided that the physical value of the demolition work shall be based on double the assessed valuation thereof.

(D) Moving of Building Permit fee:

Before a permit for the moving of any building or structure may be issued, the applicant shall file with the Township Treasurer a cash or surety bond, in form and with sufficient sureties acceptable to the Township Treasurer, in the penal sum of not less than Ten Thousand Dollars, saving and protecting the Township of Northville harmless from all damages to private property that may arise from the use of any streets, alleys, boulevards, parks or other public places in the moving of said building or structure, and the applicant shall file with the Township Treasurer a public liability and property damage insurance policy, naming the applicant and the Township of Northville as the insured, and providing for the payment of any liability imposed by law upon such applicant or the Township of Northville to the extent of Ten Thousand Dollars for injury to or death of any one person and Twenty thousand dollars for injuries to or deaths of more than one person and for damage to property in the amount of two thousand dollars and the applicant shall file with the Township Treasurer a cash or surety bond, in form and with sufficient sureties acceptable to the Township Treasurer, in the penal sum of not less than one thousand dollars, the condition of which bond shall be that the applicant guarantees to the Township of Northville that the moving of the building or structure will not cause, or allow as the result of such moving, the collecting of stagnant water or leaving of the land in a condition determined by the Department of Buildings to be unsuitable or to be unfit for the growing of turf or for other land uses permitted in the zoning district in which such moving occurs, in addition, the applicant shall file with the Department of Buildings a specification of the route over which the building or structure is to be moved and the time allowed for such moving as approved by the Fire Chief of the City of Northville. The foregoing requirements shall not be applicable in the case of the moving of a building or structure within the limits of the property on which it is located.

In no event shall a permit to move a building or structure be issued by the Department of Buildings unless and until the Department of Buildings finds that under the facts the applicant has sufficient knowledge, experience, equipment and facilities to properly conduct such moving and that the structure and the use thereof at the proposed location thereof within the Township of Northville would be lawful and not injurious to the contiguous property and surrounding neighborhood; provided, that upon denial of said permit and within thirty (30) days of such denial, the applicant may appeal such denial to the Board of Trustees, whereupon that body may approve the issuance of a permit.

(1) From one location to another within the Township plus an amount based on the cost of moving and all necessary work to place the structure in its completed condition and computed the same as for new construction, fee\$25.00

(2) From another municipality to Northville Township plus an amount based on cost of moving and all necessary work to place structure in its completed condition and computed the same as for new construction, fee\$50.00

(3) From Northville Township to another municipality, fee\$15.00

(D) Special Inspection Fees and Additional Fees:

(1) Inspection requested before work is ready, fee\$5.00

(2) Owner of representative does not keep appointment for inspection with the inspector, fee \$5.00

(3) When approved plans are not on the job during inspection, fee\$5.00

(4) Violation notices requiring re-inspection, fee\$5.00

(5) Special inspections when requested, and re-inspection, fee\$5.00

(6) Temporary Certificate of Occupancy, fee \$5.00

(7) Temporary Certificate of Occupancy, renewal, fee\$5.00

(8) Fee for permits not obtained before work is started shall be computed double that for new construction, based on the estimated cost of construction.

(F) All residential maintenance and alteration contractors of all residential builders or both and who do work in the Township of Northville shall register with the Clerk of the Township of Northville and pay the following fee, or fees as the case may be, to the Treasurer of the Township of Northville:

(1) Residential maintenance and alteration contractors registration, fee\$1.00

(2) Residential builders registration, fee\$1.00

(3) The expiration of such registration fee shall be the 31st day of December of each and every year.

(G) V.A., F.H.A., and conventional mortgage inspections of residential buildings, fee\$50.00

(G) Section 120.5. Upon the request of the holder of a building permit, the Building Official may issue a temporary certificate of occupancy for a building or structure, or part thereof, before the entire work covered by the building permit shall have been completed, provided such portion or portions may be occupied safely prior to full completion of the building without endangering life or public welfare, and provided further that such temporary certificate of occupancy shall be for a period not to exceed six (6) months, and the same may be renewed once, in the discretion of the Building Official, for a period not to exceed six (6) months; if the Building Official determine the holder of a temporary certificate of occupancy is not making reasonable and diligent efforts to complete the work, he shall terminate said certificate at any time.

(H) Section 122.2. (1) A person or corporation, including an officer, director or employee of a corporation, or a governmental official or agent charged with the responsibilities of issuing permits or inspecting buildings or structures, who commits any of the following acts shall be fined not more than Five Hundred Dollars (\$500) or imprisoned for not more than ninety (90) days or both:

(a) Knowingly violates a provision of the Building Code of the Township of Northville or the BOCA Basic Building Code-1970 and the rules for the enforcement thereof.

(b) Knowingly constructs a structure or building in violation of a condition of a building permit.

(c) Knowingly fails to comply with an order issued by the Department of Building and Safety of the Township of Northville or the construction Board of Appeals.

(d) Knowingly makes a false or misleading written statement, or knowingly omits required information or a statement in an inspection report, application, petition, request for approval or appeal to the Department of Buildings and Safety of the Township of Northville or the Construction Board of Appeals.

(e) Knowingly refuses entry or access to an inspector lawfully authorized to inspect any premises, building or structure pursuant to this ordinance.

(f) Unreasonably interferes with such an inspection.

(g) Knowingly issues, fails to issue, causes to be

issued or assists in the issuance of any certificate, permit or license in violation of this Ordinance or other applicable laws.

(h) Having a duty to report violations of this Ordinance or the rules promulgated hereunder or other applicable laws, knowingly conceals such a violation.

(2) With respect to subdivision (c) of subsection (1), a person is guilty of a separate offense for each day that he fails to comply with a stop construction order validly issued by the Department of Buildings and Safety of the Township of Northville, and for each week that he fails to comply with any other order validly issued by the Department of Buildings and Safety of the Township of Northville. With respect to subdivisions (a) and (d) of subsection (1), a person is guilty of a separate offense for each knowing violation of any provision of the Ordinance or rules promulgated hereunder and for each false or misleading written statement or omission of required information or statement knowingly made in an application, petition, request for approval or appeal to the Department of Buildings and Safety of the Township of Northville or the Construction Board of Appeals. With respect to subdivision (b) of subsection (1), a person is guilty of a separate offense for each knowing violation of a condition of a building permit.

(I) Section 123.2. Any person or corporation, including an officer, director or employee of a corporation, who knowingly fails to comply with the provisions of Section 123.0 and Section 123.1 shall be subject to the same penalties, upon conviction, as are provided in Section 122.3 (1) (c) and Section 122.3 (2).

(J) Section 126.3. The third member of the Board of Survey shall receive for his services a fee of Fifty Dollars (\$50) for each hour of service and said fee shall be paid by the appellant. Prior to convoking the Board of Survey, the appellant shall pay the sum of One Hundred Dollars (\$100) to the Treasurer of the Township of Northville and the Treasurer shall utilize said sum to assure and make payment of the aforesaid fee of the third member of the Board of Survey, provided that any portion of said sum in excess of the fee actually incurred by the appellant to said third member of the Board of Survey shall be returned by the Treasurer of the Township of Northville to the appellant.

(K) Section 127.21. The Board of Appeals shall consist of three (3) members appointed by the Supervisor of the Township of Northville with the approval of the Northville Township Board of Trustees, one member thereof shall be appointed for three (3) years, one for two (2) years, and one to serve one (1) year; and thereafter each new member shall be appointed to serve for three (3) years or until his successor has been appointed.

(L) Section 127.22. Each member of the Board of Appeals shall be a licensed professional engineer or architect, or a licensed builder, or a superintendent of building construction with at least ten (10) years of experience, for five (5) years of which he shall have been in responsible charge of work; and at no time shall there be more than two (2) members of the Board of Appeals selected from the same profession or business; and at least one of the members of the Board of Appeals shall be a licensed professional engineer with structural or civil or architectural engineering experience.

(M) Section 127.23. During the temporary absence of any member of the Board of Appeals by reason of disability, illness, travel or otherwise, the Supervisor of the Township of Northville shall designate a qualified substitute to serve in the place and stead of such absent member(s). A permanent vacancy in any member's term shall be filled within thirty (30) days following the occasion of such permanent vacancy.

(N) Section 127.43. When the three (3) members of the Board of Appeals are not present to consider a specific appeal, either the appellant, the Building Official or their representatives may request a postponement of the hearing.

(O) Section 127.51. The Board of Appeals shall affirm, modify or reverse the decision of the Building Official by a concurring vote of two (2) members.

(P) Section 127.52. Failure to secure two (2) concurring votes to modify or reverse the decision of the Building Official shall be deemed a confirmation of the decision of the Building Official, except that the appellant shall be entitled to further hearing before the full Board of Appeals if there were not three (3) members present when the vote was taken and provided said hearing is requested in writing by the appellant not later than the termination of the next business day following the decision of the Board of Appeals to which appellant takes exception.

PART VIII. Pursuant to Section 8 of Act No. 230 of the Public Acts of 1972, as amended, being Section 125.1508, C.L. '48, the Township of Northville hereby elects not to be governed by said Act, known as the "State Construction Code Act of 1973," and the code for which provision is therein made.

PART IX. Ordinance No. 6 and all parts thereof or amendments thereto, is hereby repealed as of the effective date of this Ordinance.

PART X. Any prosecution arising from a violation of Ordinance No. 6 repealed herein, which prosecution may be pending at the time this Ordinance shall become effective, or any prosecution which may be commenced in the future for offenses committed before the effective date of this Ordinance may be instituted, tried and determined in accordance with such provisions of Ordinance No. 6 in effect at the time of the commission of the offenses.

PART XI. If any clause, sentence, section, paragraph or part of this Ordinance, or the application thereof to any person, form, corporation, legal entity or circumstance, shall be for any reason adjudged by a Court of Competent jurisdiction or be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this Ordinance and the application of such provision to other persons, firms, corporations, legal entities or circumstances, but said judgment shall be confined in its operation to the clause, sentence, section, paragraph or part of this Ordinance thereof directly involved in the case and controversy in which said judgment shall have been rendered and to the person, firm, corporation and circumstance then and there involved. It is hereby declared to be the legislative intent of this body that this Ordinance would have been adopted had such invalid or unconstitutional provision not been included in this Ordinance.

PART XII. Any and all ordinances of the Township of Northville heretofore adopted and not herein repealed are hereby ratified and affirmed and neither this Ordinance nor The BOCA Basic Building Code-1970 and the BOCA Basic Building Code, Accumulative Supplement 1973, adopted by reference shall be construed or interpreted to alter, affect, amend, repeal, supersede or abate the terms and provisions of such previously adopted ordinances except that ordinance herein repealed.

PART XIII. The provisions of this Ordinance shall be, and the same hereby are, declared to immediately necessary for the preservation of the public health, safety and general welfare and this Ordinance shall be, and the same hereby is, declared immediately effective and in force from and after the earliest date allowed by law.

PART XIV. This Ordinance was adopted by the Township Board of the Township of Northville, Wayne County, Michigan, at its regular meeting duly called and held on the 12th day of September, 1974, and offered to be given publication in the manner prescribed by law.

NOVI HIGHLIGHTS

By JEANNE CLARKE
624-0173

Mr. and Mrs. Edwin Steinberger of Meadowbrook Road have returned from taking the Amtrak to California. They were gone 2½ weeks and were able to visit Steinberger's brother in Los Angeles and also took a tour through Universal Studios among other sightseeing.

on Tuesday between 9:30 and noon at the First United Methodist Church in Birmingham.

Novi Youth Assistance Committee
Next meeting will be October 3. All members reminded this will be a meeting designed to educate new members to the goals and aims of this group. Plans are being made to have speakers from South Lyon Youth Assistance and other surrounding areas. There will be an exchange of ideas at that time.

NOTICE OF REVIEWING OF APPORTIONMENTS FOR INCURRED MAINTENANCE AND REPAIR EXPENSES FOR SLY DRAIN LOCATED IN WAYNE COUNTY, MICHIGAN

Notice is hereby given, that on October 7, 1974, Monday, from 8:30 a.m., E.D.T., until 4:30 p.m., at the office of the Wayne County Drain Commissioner, 3400 Cadillac Tower, Detroit, Michigan 48226, or at such other time and place thereafter to which I, Charles N. Youngblood, County Drain Commissioner for the county of Wayne, may adjourn the same, the apportionments for incurred maintenance and repair expenses for the Sly Drain special assessment district will be subject to review. At said review the costs for incurred maintenance and repair expenses will be open for inspection by any parties interested.

Your parcel of land being in the Sly Drain drainage district is subject to assessment for incurred maintenance and repair expenses. All property owners owning property within the special assessment district will be given an opportunity to be heard.

This notice is given pursuant to Act 270 of the Public Acts of 1972.

Dated this 18th day of September, A.D., 1974.

CHARLES N. YOUNGBLOOD
Wayne County Drain Commissioner

CITY OF NORTHVILLE, CITY OF NOVI NOTICE OF HEARING RE APPORTIONMENT OF COST RANDOLPH STREET DRAIN PROJECT WAYNE AND OAKLAND COUNTIES

NOTICE IS HEREBY GIVEN, that the cost of the pending RANDOLPH STREET DRAIN Project (estimated at \$597,500) has been tentatively apportioned as follows, to-wit:

STATE OF MICHIGAN (no highways involved) 60.0000 %
COUNTY OF WAYNE, on account of benefits to county highways 1.1163 %
COUNTY OF OAKLAND, on account of benefits to county highways .8004 %
CITY OF NOVI, Oakland County, Michigan 29.9315 %
CITY OF NORTHVILLE, Wayne County, Michigan 68.1518 %
100.0000 %

NOTICE IS FURTHER GIVEN, that the Drainage Board for said RANDOLPH STREET DRAIN will meet at 10:00 o'clock A.M., Eastern Daylight Time, on the 8th Day of October, 1974, in the City Hall, 215 West Main Street, in the City of Northville, Michigan, for the purpose of hearing any objections to the said apportionments.

NOTICE IS FURTHER GIVEN, that the plans, specifications and estimate of cost of said RANDOLPH STREET DRAIN and also, a description of the area to be served thereby are on file in the office of the Wayne County Drain Commissioner, 3400 Cadillac Tower, Detroit, Michigan. The said estimated cost is \$597,500, but the apportionment percentages as finally established by the Drainage Board shall apply to the actual cost of said drain when finally completed.

NOTICE IS FURTHER GIVEN, that at said hearing any public corporation to be assessed, or any taxpayer thereof, will be entitled to be heard.

NOTICE IS FURTHER GIVEN, that after consideration of all objections to the apportionments the Drainage Board shall determine whether the apportionments fairly reflect the benefits to accrue to each public corporation and the extent to which each public corporation contributes to the conditions which make the drain necessary. If the Drainage Board determines that the apportionments are equitable it will enter a Final Order of Apportionment confirming the apportionments. Section 536 of Act No. 40, Public Acts of Michigan, 1956, as amended, provides that the Final Order of Apportionment shall not be subject to attack in any court, except by proceedings in certiorari brought within 20 days after the order is filed in the office of the Wayne County Drain Commissioner, the Secretary of the Drainage Board for the RANDOLPH STREET DRAIN, and that if no such proceedings shall be brought within said 20 day period the legality of the assessments for the drain shall not thereafter be questioned in any suit at law or in equity, either on jurisdictional or nonjurisdictional grounds.

NOTICE IS FURTHER GIVEN, that if the Drainage Board enters the Final Order of Apportionment a special assessment roll assessing the estimated cost of the Drain against the public corporations in accordance with the confirmed apportionments will be prepared and presented to the Drainage Board for approval. The Drainage Board then intends to issue evidences of indebtedness of the RANDOLPH STREET DRAINAGE DISTRICT in anticipation of the collection of installments of said assessments and the interest thereon. Each public corporation assessed is obligated to levy sufficient taxes to pay the assessment installments and interest as the same become due unless there has been set aside moneys sufficient therefor.

This notice is given to and for the benefit of the aforesaid public corporations and all taxpayers thereof by order of the Drainage Board of the Randolph Street Drain.

CHARLES N. YOUNGBLOOD
Dated: August 27, 1974. Secretary of the Randolph Street Drain Drainage Board

—Northville Township Board Minutes—

MINUTES OF THE NORTHVILLE TOWNSHIP BOARD, REGULAR MEETING, SEPTEMBER 12, 1974, 8:00 p.m., 16300 Sheldon Rd., Northville, MI.

CALL TO ORDER

The meeting was called to order by Supervisor Wright, at 8:00 p.m.

1. ROLL CALL

PRESENT: Lawrence Wright, Supervisor, Margaret H. Tegge, Deputy Clerk, Joseph Straub, Treasurer, John MacDonald, Richard Mitchell

ABSENT: Charles Schaeffer, Leonard Klein, Sally A. Cayley

CONSULTANTS: Donald Morgan, Attorney; William Mosher, Engineer

2. APPROVAL OF MINUTES OF AUGUST 14, 1974.

MacDonald moved, supported by Straub to approve the minutes of August 14, 1974. Ayes All Motion carried.

3. APPROVAL OF BILLS PAYABLE

MacDonald moved, supported by Mitchell to approve the bills payable. Ayes All Motion carried.

4. APPROVAL OF MINUTES OF W & S COMM. MEETING OF AUGUST 7, 1974 (SPECIAL NOTE ON ITEM NO. 81, AUGUST 1974 W & S FINANCIAL REPORT, RECEIPTS FOR AUGUST 1974, PLANNING COMMISSION MINUTES OF AUGUST 15, 1974, MINUTES OF NORTHVILLE RECREATION COMMISSION OF APRIL 25, 1974, MINUTES OF THE NORTHVILLE LIBRARY ADVISORY COMMISSION OF AUGUST 1, 1974; TREASURER'S REPORT FOR AUGUST 1974)

Mitchell moved, supported by

MacDonald to approve the above Ayes All Motion carried.

Mitchell moved, supported by MacDonald to take Item No. 2 of Old Business out of order. Ayes All Motion carried.

2. DEFERRED COMPENSATION PLAN FOR TOWNSHIP EMPLOYEES

Mr. Boyce appeared before the Board representing Penn Mutual Insurance re deferred compensation plan for employees. He stated that this plan gives the employees a chance to get insurance coverage at low rates, but he could not guarantee that the IRS would approve this plan.

Mr. Wright stated that the Board will have to study the plan. It will first be evaluated, then it will be presented to the employees. Mr. Wright thanked Mr. Boyce for coming and said they will contact him later.

REPORTS

1. CLERK'S QUARTERLY REPORT.

Discussion followed, Mr. Wright stated that for exploration, and on his own initiative, he had been in the Northville City office to find out how the City Building Department was operating, and he and Mr. Walters discussed the possibility of a joint Building Department.

Mr. Wright stated that the Township Building Department has a serious financial problem. Alternative plans were discussed.

After much discussion, Mitchell moved, supported by Straub that all alternatives be brought to the Board to have Mr. Wright evaluate, in conjunction with the Building Inspector Ayes All Motion carried.

2. POLICE REPORTS FOR JUNE & JULY

Mitchell moved, supported by MacDonald to accept the police reports for June and July 1974. Ayes All Motion carried.

CORRESPONDENCE

1. DONALD C. MORGAN LETTER REGARDING FARMLAND AND OPEN SPACE PRESERVATION, PUBLIC ACT NO. 129, 1974, AND SEC. 5240 (1), M.S.A.

Copies of the Public Act were distributed to the Board Members.

MacDonald moved, supported by Straub to receive and file Ayes All Motion carried.

2. DONALD C. MORGAN REQUEST REGARDING AMENDMENTS TO UNEMPLOYMENT COMPENSATION ACT.

A letter was read from Mr. Morgan on this matter. Mr. Morgan said that January 1, 1975 the act becomes effective and the Township should become a part of this program.

MacDonald moved, supported by Mitchell to receive and file, and to refer to the Clerk's Office for the process of paying Ayes All Motion carried.

3. DEPT. OF COMMERCE LIQUOR CONTROL COAM. REGARDING REQUEST FOR TAVERN OWNER FOR DANCE PERMIT NORTH VILLE ROAD.

MacDonald moved, supported by Mitchell to receive and file Ayes All Motion carried.

4. DEPT. OF COMMERCE, LIQUOR CONTROL COAM. REGARDING REQUEST FOR A FOOD STORE FOR SDM LICENSE.

MacDonald moved, supported by Straub to receive and file Ayes All Motion carried.

5. NORTHVILLE PUBLIC SCHOOLS REGARDING EGRESS OF SCHOOL ON FRANKLIN ROAD.

A letter was read from Mr. Spear which was in response to a letter sent to him on the matter of closing the entrance on Franklin Rd. He said that

this request was reviewed by the Board's Facilities Subcommittee on August 7 and subsequently by the full Board at its regular meeting.

The Board generally reflected a sympathetic note regarding the request, however, was not supportive of eliminating the parking lot entrance. The main entrance and exit of the school building is on Waterford Road and they expect the bulk of all school traffic to utilize this service drive. The entrance to the parking lot off Franklin Road was established as auxiliary and is expected to be used minimally. He stated that they intended to watch the situation closely after the building is opened for the purpose of determining total traffic impact created by the school.

Straub moved, supported by Mitchell to receive and file Ayes All Motion carried.

6. TOWNSHIP OF BROWNSTOWN, a) RESOLUTION REGARDING HOUSE BILL 5513, b) RESOLUTION REGARDING HOUSE BILL 5514, c) RECOGNIZING NEED FOR PUBLIC SERVICE VOLUNTEERS

a) MacDonald moved, supported by Straub to receive and file Ayes All Motion carried.

b) MacDonald moved, supported by Mitchell to receive and file Ayes All Motion carried.

7. NORTHWESTERN GUIDANCE CENTER REQUEST FOR FINANCIAL SUPPORT.

A letter received from Northwestern Child Guidance Clinic requesting a contribution of \$500 toward their programs. Discussion followed.

Mitchell moved, supported by Straub to receive and file Ayes All Motion carried.

8. MARJORIE J. SLIGER, CHAIRMAN OF LIBRARY ADVISORY COMMISSION.

A letter dated 9/24 was read from Mrs. Sliger. Straub moved, supported by Mitchell to receive and file Ayes All Motion carried.

9. MARGUERITE YOUNG LETTER OF RESIGNATION FROM BOARD OF REVIEW

Mrs. Marguerite Young's letter of resignation as a member of the Board of Review was read to the Board. Mr. Straub moved, supported by Mitchell to receive her letter of resignation with regret and to have the Clerk write a letter of thanks for her long period of service. Ayes All Motion carried.

OLD BUSINESS

1. DISCUSSION OF MILLAGE FOR NOVEMBER BALLOT

Mr. Wright informed the Board that the deadline for getting the issue on the ballot, is October 17. He was concerned about the budget and felt the need of One (1) Mill for operational needs.

Mr. MacDonald felt that the Board should know more about the needs of the Library, Recreation, Senior Citizens, and perhaps their representatives should appear and tell the Board exactly what they need to operate on.

Mr. Straub felt that this question should be discussed at budget time, and the question should be something for the new Board to handle.

After much discussion, Mitchell moved, supported by Straub to delete Item 1, Old Business. Ayes All Motion carried.

DISPOSITION OF TITLE II GRANT, EMPLOYMENT AND TRAINING GRANT.

Mr. Wright stated that the Township has until October 1 to submit the report Item 4 on the agenda has reference to the subject matter.

Mr. Nisun wrote a letter to the Board in which he said there is a need for an additional patrolman grant under the Title II program would provide for this position.

Mr. Straub suggested that this money be used to pay for the new clerk in the building department. (Under the program a person must be unemployed for 30 days.)

Mr. Straub moved, supported by MacDonald to check on having the Clerk's Office and the Building Department, put under the Title II program. Ayes All Motion carried.

5. DISCUSSION OF ADOPTION OF ENTERTAINMENT ORDINANCE ISSUED IN CONJUNCTION WITH LIQUOR LICENSES.

Mr. Morgan explained to the Board what would be involved with the adoption of such an ordinance and did not feel action would be taken at this time.

Straub moved, supported by MacDonald to have Item No. 5 deleted. Ayes All Motion carried.

NEW BUSINESS

ADOPTION OF 1973 SUPPLEMENT TO THE BOCA (BLOG) CODE

Mr. Morgan explained the adoption of the 1973 Supplement to the Board.

Mitchell moved, supported by MacDonald to adopt the 1973 Supplement in redaction of the Building Code. Ayes Straub, Wright, Tegge, Mitchell, MacDonald. Nays None. Motion carried. This will be Ordinance No. 49.

RECOMMENDATION

1. FROM WATER & SEWER COMMISSION ON SEPT. 4, 1974 REGARDING PURCHASE OF NEW VEHICLE FOR WATER & SEWER DEPARTMENT

Mr. Mosher stated that two vehicles could serve more systems and there is a need for a better vehicle for heavier loads, which should have extra heavy duty seats, and it was recommended that the vehicle have a traction lock.

Mitchell moved, supported by MacDonald to authorize the water & sewer department to take bids on the new vehicle, then come back to the Board for approval of the purchase. Ayes All Motion carried.

2. RECOMMENDATION FROM THE PLANNING COMMISSION NEW SCHEDULE OF REZONING FEES

Mitchell moved, supported by Straub to adopt the recommendation of the Planning Commission regarding rezoning fees (copy attached). Ayes Straub, Wright, Mitchell, MacDonald, Tegge. Motion carried. Resolution No. 74-78 adopted.

APPOINTMENTS

1. APPOINTMENT TO REPLACE MARGUERITE N. YOUNG ON BOARD OF REVIEW

Mr. Wright recommended Mrs. Marcia Collins, to replace Marguerite N. Young on the Board of Review.

Straub moved, supported by MacDonald to appoint Mrs. Marcia Collins to the Board of Review. Ayes All Motion carried.

ANY OTHER BUSINESS WHICH MAY BE PROPERLY BROUGHT BEFORE

THE BOARD

Don Marengere asked if Mr. Wright had done anything about the trash receptacles in Insubbrook and Highland Lakes, since the last time he appeared before the Board.

Mr. Wright said he did confer with the Building Official and he said that the trash receptacles are in accordance with the ordinance.

He will again submit this complaint!

to the Building Department the Building Department will then advise Mr. Wright on this matter, Mr. Wright will then get in touch with Don Marengere, at 348-2339.

Straub moved, supported by Mitchell to adjourn the meeting. Ayes All Motion carried.

Meeting adjourned at 10:15 p.m.

Margaret H. Tegge, Deputy Clerk

Library News

Novi Library's story hour got underway last week Wednesday in the library.

Open to four and five year old pre-schoolers, the 10 a.m. session was conducted by Mrs. Jane Brown. In addition to listening to stories, the pre-schoolers participated in finger plays, poems and songs.

This first session will end October 30 and the second will begin in November. Classes are limited to 15 children and parents interested in signing up their children should call the library for details at 349-0720.

call the high school office, 349-5155, between 9 a.m. and 10 a.m. Monday through Friday. A registration fee of \$1 will be charged.

New books available in the public library this week include:

IN NORTHVILLE

ADULT NON-FICTION

"In Celebration of Small Things," Sharon Cadwallader; The author believes in the return to older ways used in America that brought people together. A look at the simple living arts.

ADULT FICTION

"You and Me, Babe," Chuck Barris; A rich girl and poor boy marry, see Europe and return to the States to build a vast empire of television game shows.

"The House of a Thousand Lanterns," Victoria Holt; Best Seller. Gothic story set in England and Hong Kong in the late 19th Century.

"The Goldsmith's Wife," Jean Plaidy; Historical fiction set in 15th Century London depicting Jane Shore's life as wife of a goldsmith and mistress of King Edward IV.

City Council Minutes

September 3, 1974

Mayor Allen called the regular meeting of the Northville City Council to order at 8:00 p.m.

ROLL CALL: Present: Allen, Biery, Folino, Nichols

ABSENT: Vernon (excused)

MINUTES OF THE PREVIOUS MEETINGS Minutes of the regular meeting of August 19 and the special meeting of August 26 were reviewed. Correction on page 26, 10th paragraph, change to "starting solid recreational vehicles." (August 26 Minutes)

Minutes stand approved as corrected.

MINUTES OF BRDS. & COMMISSIONS Minutes of the Historical District Commission of July 24 were reviewed. Councilman Folino pointed out that on page 1 under "Retail Sign" the name of the retailer is not stated, and since a motion was made and action carried this information is necessary for the record.

APPROVAL OF BILLS: A question was raised on check No. 2832 as to the exact location of the work that was done.

Motion by Councilman Folino support by Councilman Biery to approve the bills as presented subject to check No. 2832 being looked into.

EQUIPMENT FUND \$38,015.57

GENERAL FUND 83,890.74

LOCAL STREET FUND 4,700.72

MAJOR STREET FUND 3,861.07

PUBLIC IMPROVEMENT FUND 11,495.26

TRUST FUND 21,360.58

TRUST AGENCY FUND 140,856.54

Carried unanimously.

COMMUNICATIONS FROM CITIZENS: None.

JAYCEES RE BURN AWARENESS WEEK: Miles Tuttle from the Jaycees explained to Council the establishment of the Institute for Burn Medicine and the Jaycees fund raising drive scheduled for September 22-28. He asked Mayor Allen to sign a proclamation declaring September 22-28 Burn Awareness Week.

Motion by Councilman Folino support by Councilman Biery to proclaim the week of September 22-28 as Burn Awareness Week.

Carried unanimously.

COMMUNITY FACILITIES STUDY City Manager discussed his memo concerning the Community and Facilities Study. Northville Twp has requested a joint meeting with the City and School Board for September 5 at 8 p.m. to discuss the study and their November millage request. A memo from the Board of Education was included with recommended guidelines for the establishment of the Blue Ribbon Committee. The Northville Jaycees also sent a letter indicating their continued interest in being involved in the study.

Councilman Folino, Nichols and Biery will attempt to attend this meeting.

WATER & SEWER SERVICE FOR LOT D TAFT COLONY SUB: John Condon, 2645 Woodhill, Northville, asked Council to extend City water and sewer to his property, which is located across the street from existing utilities. City Attorney referred him to the Township, as a release is necessary from them before the City can service the property.

LETTER TO COUNTY RE USE OF CHILD DEVELOPMENT CENTER Councilman Folino discussed the letter he wrote Wayne Co. on behalf of the Recreation Commission regarding the recreational area at the Wayne County Child Development Center being

bought or leased for City recreational usage.

CENTER ST. WIDENING SOUTH OF LAKE City Manager reviewed his memo concerning the widening of Center St. south of Lake. A voluntary assessment agreement has been reached concerning the widening in front of 436 N. Center.

Motion by Councilman Biery support by Councilman Nichols to authorize the Mayor and City Clerk to sign the assessment agreement for 436 N. Center.

Carried unanimously.

Motion by Councilman Nichols support by Councilman Folino to approve a contract with Marino Concrete Co. for work on N. Center and Lake street at the unit prices as set forth in City Manager's memo of August 30.

Carried unanimously.

ANNEXATION HEARING. City Manager's memo on the annexation hearing September 10 was discussed. Council decided that a letter should be drafted stating the Councilman's position on annexation and have each one sign it. This will be presented at the hearing.

POLICY ON CENTER ST. WIDENING. A resolution was prepared stating the policy on N. Center Street widening.

Motion by Councilman Nichols support by Councilman Folino to adopt the resolution setting policy on N. Center St. widening.

Carried unanimously.

Mayor Allen instructed the City Manager to have this resolution published in the paper and to send a letter and a copy of the resolution to all businesses along Center St.

RIGHT TURN ON RED AT CENTER & DUNLAP. Mayor Allen suggested a sign be posted allowing right turns on a red signal at Center and Dunlap, as this has worked out quite well at Hutton and Main and would alleviate the traffic problem somewhat on Center.

Captain Westfall suggested the first one or two parking meters on Center be removed to allow turning traffic a lane, and have it striped.

A traffic control order will be ready for the next meeting.

RANDOLPH DRAIN: The Randolph Drain Apportionment was discussed as it was revised at the August 27 meeting of the Drain Board. A public hearing was scheduled for October 8th.

Information will be assembled and presented at this hearing concerning what the City has done to encourage the project along and provide for drainage.

RESOLUTION ON DEVELOPMENT ADJACENT TO DRAIN COURSES: A resolution was presented setting policy on development adjacent to drain courses. Councilman Nichols urged the second paragraph be dropped.

Motion by Councilman Nichols support by Councilman Folino to adopt the first paragraph of the resolution for development adjacent to drain courses.

Carried unanimously.

LANGFELD BLOCK PARTY. Residents on Langfield requested permission to close the street from Novi to Canterbury for the evening of Sept. 13 beginning at 7:00 p.m.

Motion by Councilman Folino support by Councilman Biery to approve the closing of Langfield for the block party on Sept. 13th.

Carried unanimously.

SEALCOATING. One reply was received for sealcoating City streets, and City Manager recommended its adoption since the price seemed reasonable.

Motion by Councilman Nichols support by Councilman Biery to waive bids for sealcoating.

Carried unanimously.

Motion by Councilman Folino support by Councilman Biery approving the sealcoating of \$3.5 cents a square yard from the Highway Maintenance and Construction Company.

Carried unanimously.

ZONING ORD. SUMMARY. A summary of the Zoning Ordinance to be published in the Record was reviewed.

Motion by Councilman Folino support by Councilman Nichols to publish the summary of the Zoning Ordinance in the Record for enactment on September 5, 1974.

Carried unanimously.

TRAFFIC CONTROL ORDER. Motion by Councilman Folino support by Councilman Biery to adopt Traffic Control Order 74-21.

Carried unanimously.

M.M.L. CONVENTION: Councilman Folino as delegate and City Manager Walters as alternate were chosen to attend the M.M.L. Convention September 11-13.

73-74 AUDIT: The 1973-74 Audit was tabled until the next meeting.

LIST OF MATTERS REFERRED Mayor Allen asked that the List of Matters Referred be on the next agenda.

STOP SIGNS. Councilman Nichols mentioned that some of the stop signs need replacing or painting. City Manager replied that new stop signs have been ordered.

ANNUAL MEETING. Councilman Biery pointed out the hole on S. Main that was fixed a few weeks ago is back again.

Councilman Folino, in referring to the Center St. resolution, suggested Council might want to give some consideration on other streets in town that are up for development, such as E. Main.

Councilman Folino mentioned once again the bump on S. Main west of Taft needs to be fixed.

PROPERTY TAX REIMBURSEMENT: City Manager told Council that the senior citizen property tax reimbursement set up by the State went into effect in July, and the State is requesting penalties not be charged for those eligible for it.

Motion by Councilman Nichols support by Councilman Folino to authorize the waiver of penalties to senior citizens and veterans qualifying for the exemption.

Carried unanimously.

City Manager said the City has mistakenly been picking up trash for three homes on Spring St. that are in the Township. Once this was discovered the Township Supervisor requested the City to continue to pick up for them and they will pay for the service.

City Manager will find out the current rate for pickups and establish a rate for these homes, on the basis that they are isolated from regular Township collection routes.

There being no further business, Mayor Allen adjourned the meeting at 10:10 p.m.

Respectfully submitted,
Patricia Rajda

YMCA to Offer Classes in Novi

A six-week mini-program of eight classes is being offered directly to Novi area residents by the Farmington Area YMCA beginning next Monday.

The extension is made possible with the cooperative efforts of the Novi United Methodist Church, 41671 Ten Mile Road, and the Living Lord Lutheran Church, 40700 Ten Mile Road.

Daytime classes, it is announced, will have babysitting available at 50 cents an hour. YMCA memberships are youth, \$12; adult, \$20; family, \$30.

Indian guide federation programs also are being held in Novi at the Methodist church with a meeting set for October 1 from 7:30 to 8:30 p.m. for guides, princesses and trailblazers.

For more information on the Novi and Farmington programs call 474-3232.

Daytime classes in guitar, art, yoga, women's trimnastics and "Kreatives for Kiddies" for the pre-school child will be offered at the Novi Methodist Church beginning September 30.

Free noon time lectures about health foods, fitness, self-defense, communications skills, travel, film making, art and religion will be held from 11:45 a.m. to 12:45 p.m. at the Methodist church. Those planning to attend are to bring a sack lunch. Tea and coffee will be provided.

Evening classes in women's fitness, co-ed Hatha yoga, and co-ed guitar for beginning and continuing students will begin Wednesday, October 2, at the Living Lord Lutheran Church.

Registration is required prior to starting classes and may be done by mailing money and request to the YMCA office, 28100 Farmington Road, or in person at the office.

Fees for all courses except Kreatives for Kiddies will be \$8 for members and \$12 for non-members. Kreatives for Kiddies, with art and gym play, from 9:45 to 11:15 a.m. or 1 to 2:30 p.m. will be \$11 for members and \$17 for non-members.

And on Saturday, October 5, 1974 — 8 a.m. to 5 p.m.

As provided by Section 498, Act No. 116, Public Acts of 1954 as Amended.

From 8 o'clock a.m. until 8 o'clock p.m. on said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE AS SHALL PROPERLY apply therefor.

In addition the Clerk's Office will be open from 8 o'clock a.m. until 5 o'clock p.m. on the Saturday preceding the 30th day.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

UNREGISTERED PERSONS NOT ENTITLED TO VOTE

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P.A. 1954.)

TRANSFER OF REGISTRATION, APPLICATION, TIME

SEC. 506. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made after the 30th day next preceding any election or primary election, unless such 30th day shall fall on a Saturday, Sunday or a legal holiday in which event registration transfers shall be accepted during the following day.

TRANSFER OF REGISTRATION ON ELECTION DAY

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village and has not recorded such removal with the local Clerk shall execute a transfer of registration request, listing the new residence address thereon over his signature, with the election board in the precinct in which he is registered at the next ensuing primary or election. The inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact by affixing his initials upon said request. The applicant for transfer, after having signed an application to vote as provided in Section 523 of this act, shall then be permitted to vote in such precinct for that primary or election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

GERALDINE STIPP, City Clerk

Four Receive EMU Degrees

Four area residents recently were awarded baccalaureate degrees at the conclusion of the summer session at Eastern Michigan University. They and their degrees are:

From Novi, Linda Gorman of 22724 Shadow Pine, BS degree; and from Northville, Deniece Bidwell of 9650 Chubb Road, BS degree; Frances Murphy, 567 Reed, secondary provisional certificate; and Kathleen Pardonnet of 21481 Woodfarm Drive, BS degree.

GIVE YOUR HAIR A PHYSICAL CHECK-UP

DID YOU EVER THINK YOU MIGHT HAVE — SICK HAIR?

MANY PEOPLE DO, YOU KNOW.

There's a way to determine the health and condition of your hair. That's through Hair Analysis. It's like giving your hair a physical check-up.

First, samples of your hair are taken and tested on a sensitive instrument called a Micro Gram Scale. Readings from this scale evaluate your hair's tensile strength and elasticity.

A photomicrograph is taken of your hair from which you can actually see the internal structure of your hair shaft.

All this information is examined by trained hair analysts. They diagnose your hair problem and recommend a corrective program.

Our salon Hair Analysis program works in conjunction with Redken Laboratories. Our trained cosmetologists study the corrective program designed for you. They set up a treatment schedule to rebuild and maintain the health of your hair.

If you suspect you might have "sick" hair — shouldn't you make plans to give it a check-up?

Call today for your Hair Analysis appointment!

Two Trustees Dissent

Novi Approves Hikes In School Salaries

Personnel salary adjustments were approved by a split 4-2 vote of the Novi Board of Education Thursday following an executive session.

Casting the dissenting votes were Secretary Ray Warren and Trustee LaVerne DeWaard, who explained that he wanted to vote adjustments on an individual basis since they favored some, opposed others.

Warren said he voted against the measure because it failed to give board members the opportunity to express disagreement with any one increase.

But the board decided to lump all of them in one package.

"We met in executive session," said DeWaard during the discussion. "And as a board we agreed to attack each (salary) individually, but out here (in public) we consider them as a whole."

Later, DeWaard told this newspaper several of the increments "were outrageously high" and that he could not in good conscience support them. One salary increase, in particular, rankled him, he admitted—that of Administrative Assistant James Koster, whose salary was boosted from \$15,900 to \$17,300.

Approved salary increases, in addition to that of Koster, included:

Doris Darling, director of food service, \$6,275 to \$7,300; Richard Garlick, director of maintenance and operations, \$13,250 to \$15,000; Michael Zemanski, maintenance foreman, \$12,000 to \$13,584; Maurice Delisle, mechanic, \$5.52 to \$6.18 hourly.

Carol Boyer, secretary to the superintendent, \$10,000 to \$11,120 plus \$25 additional for each school board meeting attended as recording secretary; Donna Stankevich, secretary to the assistant superintendent, from \$3.21 to \$3.86 hourly; Rita Winowiecki, payroll clerk, \$4.04 to \$4.74 hourly; and co-op students, from \$1.65 to \$1.80 hourly for first year and \$1.95 for second year.

Raises for substitute bus drivers were temporarily shelved pending receipt of additional information.

The board also, by its split vote, authorized contractual increments for the following teachers in recognition of additional academic achievement:

Janet Ban, BA to BA plus 15; Gregory Camacchi, BA to BA plus 15; Pamela Conger, BA to BA plus 15; Timothy Falls, BA plus 15 to MA; Gene Gutierrez, BA to BA plus 15; Mary Heid, BA plus 15 to MA; Barbara Miller, one-half BA to one-half BA plus 15; Gordon Selter, BA to BA plus 15; Nancy Stamp, BA plus 15 to MA; and Judy Weiner, BA to BA plus 15.

During a discussion about additional academic achievement earned by teachers, Board Vice-President Gilbert Henderson sided with Trustee DeWaard in taking the view that such recognized achievement ought to occur in the teachers' area of instruction.

In other words, said Henderson, "I wouldn't like to be subsidizing a teacher for a law degree."

Concerning this matter, the

superintendent was directed to investigate what other districts do and to report his findings and recommendation to the board for future contractual consideration.

(Superintendent Gerald Kratz explained that teachers' existing contract does not require specific areas of achievement, and therefore the board cannot require it).

School Board Hires CM Firm

A modified contract officially hiring a construction manager for the new Novi high school was approved without dissent last week.

The 5-0 vote (Trustee Norman Miller was absent and Trustee LaVerne DeWaard was excused early because of illness) followed a lengthy discussion in which some members demanded contract modification in exchange for their vote.

Those modifications were technical in nature concerning such things as an 8-percent hold-back, more definitive monthly billings, and a specific split of the CM's cost between the high school and elementary schools.

The CM firm of Miller-

Meet Tonight

Novi School Board officials will confer with representatives of the high school architect and the management consultant tonight in a public meeting in the administration building.

Primary purpose of the 7:30 p.m. meeting is to provide general information on the high school building program. More specifically, the board is to act on a proposed set of guidelines for construction.
