

# O'Shea Surfaces to Rip Pursell's Voting Record

Incumbent. . .

For Senator Carl Pursell the 1974 campaign has been a little bit like crawling into a boxing ring with an invisible man who has a handsome name.

What's more his opponent has been keeping such a low profile in the campaign that the spectators — the voters of the 14th Senatorial District — are beginning to wonder if there is a real person to go with the name, suggests Pursell, a Republican.

"Up until now (two weeks ago) he hasn't appeared at a single candidates night or interview with any organization in our district. I'd be surprised if he meets with you. Even Democrats in his hometown are wondering who he is."

Suspecting that his opponent is counting on his name to win for him as some Democrats in Redford claim it did in the primary, Pursell refuses to take re-election for granted. Not even endorsement by the UAW, which normally goes to

CARL PURSELL

"I am pleased to have all the labor endorsement—UAW, AFL-CIO..."—Senator Pursell

"...but I'll tell you

I have the rank and file

votes..."—Michael O'Shea

MICHAEL O'SHEA

Challenger. . .

Admittedly deserted by the union in which he and his father are officers, Michael K. O'Shea contends his opponent "sold" his vote to the UAW to garner the union's support.

But the strange marriage — union supporting a Republican — doesn't bother O'Shea, who sees it as an understandable move on the part of the union to get Senator Carl Pursell to endorse labor legislation.

The union's decision, he insists, had nothing to do with his own qualifications or the qualifications of Pursell. As a union officer, O'Shea says he can appreciate the importance the union placed on the Senator's vote. So rather than contest the UAW's endorsement of Pursell he is content to live with it, he says.

"Anyway, Carl Pursell might have the UAW endorsement, but I'll tell you I have the rank and file votes," he emphasizes.

### Band Salutes Beauty

Northville High School senior Terry Albus holds her own nosegay as well as a sheaf of flowers presented to her as she is announced as queen at half-time ceremonies during Northville's homecoming game

Friday. The Mustangs won 21-0 from Walled Lake Western. The pretty queen, daughter of Mr. and Mrs. Frank Albus, 20279 Silver Springs, Highland Lakes, is a member of the school band.

## City to Join Downs In Racing Date Suit

The City of Northville is joining forces with Northville Downs in a lawsuit to contest racing dates set here recently by the state racing commissioner.

City council members Monday adopted a resolution which says the city will "join with Northville Downs, the Northville Driving Club and the Michigan Horseman's Association in legal action against the determination of the state racing commissioner concerning the 1975 state racing schedule."

Meanwhile, it was learned Tuesday that members of the Michigan Horsemen's Association were expected to meet this week to decide if it should join the lawsuit. "They are about 90-percent in favor of it," The Record was told.

John Carlo, executive manager of the Downs, predicted the suit would be started next week following approval of the Horsemen's Association.

In adopting the resolution Monday, Mayor Protem Paul Vernon revealed that appeals to the Governor's office to head off Racing Commissioner Leo Shirley's racing dates decision fell on deaf ears.

"They gave us the familiar story: 'thank you for the information,' and 'we'll look into it immediately,'" Vernon said.

When Vernon suggested Shirley had violated the city's trust, Councilman Paul Folino accused the commissioner of lying. "I would swear on a stack of Bibles he sat right there in our meetings and told us we had nothing to worry about if we made the necessary improvements."

Councilman Wallace Nichols also remembered the meetings.

The resolution referred to these improvements, pointing out "Northville Downs has made certain improvements in its facilities, and the City of Northville has made certain improvements in its street and parking systems, on the basis of assurances from the State Racing Commissioner that summer racing dates at Northville Downs would not be further reduced."

Specifically, the council resolution criticizes the commissioner's continued annual reduction of summer racing dates, and it takes to task his 1975 racing schedule

which includes no summer racing dates at Northville Downs—compared to 24 dates in 1974 and 54 dates in 1969.

"This reduction in summer racing dates," the resolution declares, "has resulted in a loss of parimutual tax rebates to the City of Northville because of the lower level of revenues per night from winter racing compared to summer racing."

Furthermore, the resolution estimates the lost revenue at \$29,000 in 1975 from the reduction of 24 summer dates in 1974, and \$65,000 from the reduction of 54 summers dates in effect in 1969.

The resolution calls the 1975 racing schedule "unfair and punitive to the City of Northville."

**A HEAVY TRUCK BAN** is in the offing for Center Street. Alarmed by an increasing number of trucks using the street, the city council Monday instructed the city manager to develop load restrictions for the street. The ban very likely will affect all through traffic by heavy trucks. Excluded would be trucks servicing businesses.

**VETERANS' DAY** Holiday officially will be observed Monday, October 28, with no mail home delivery by the Northville post office. Postmaster John Steimel announces. Local veterans' groups, however, plan to mark the traditional day November 11.

**UNLESS** citizens can persuade it to do otherwise, the Northville City Council has served notice that it is prepared to approve at its next meeting—November 4—the proposed Randolph Street zoning to permit rear lot parking development at 124 Randolph. The zoning change was requested by the Friendly Ice Cream Corporation, which proposed to develop an ice cream parlor on the former site of Ritchie brothers' laundry.

**NORTHVILLE** was twice saluted this week at the annual meeting of Keep Michigan Beautiful, Inc. in Lansing. On Monday, Mrs. Beatrice Carlson and Mrs. Paul Vernon accepted on behalf of the Northville Beautification Commission a distinguished achievement award for the commission's work here. The following day the same organization awarded a special award to the Drawbridge Restaurant for preservation of a historic Northville building by turning an old church building into an attractive restaurant.

**RECREATION COMMISSION** is looking at hiring a full time director for the program, Don Thomson, commission member, told township trustees Monday. Operation of the department, next year's projected budget and expansion of the recreation commission will be discussed at the township's November 14 meeting.

## Township Braces for \$85,000 in Cuts

"We have to cut our budget by \$85,000 between now and the end of our fiscal year in March," Northville Township Trustee Leonard Klein told fellow trustees Monday night.

"There will have to be belt tightening in more areas than just people. That's \$15,000 in cuts per month," Klein commented.

The special meeting of the township board was held Monday to discuss how to bring the 1974-75 budget into balance with dropping revenues. Whether the budget was a "victim of rapid

growth" in the township or a "victim of recession", those present agreed that cuts must be made.

Attending the session were Supervisor Lawrence Wright, Treasurer Joseph Straub, Trustees John MacDonald and Klein along with Deputy Clerk Margaret Tegge.

Absent were Clerk Sally Cayley and Trustees Richard Mitchell and Charles Schaeffer.

Board members noted that during the first six months of the fiscal year, \$170,683 in revenues of the projected

\$426,124 have been brought in.

Estimates of revenues yet to come show another \$171,000 can realistically be raised.

Anticipated revenues include property taxes, sales tax rebates, excess of roll monies, building permit fees, revenue sharing and fines and fees from the police department.

Klein suggested reverting back "to the budget year when we spent \$341,000. We have to strive to meet in all departments that budget."

In 1972-73, the township budget was balanced at \$320,000. Klein stressed that it

"is fiscal responsibility to live within that \$341,000. It tells me that we do not have any greater work load now (than in 1972) bringing in that amount of money."

He continued that "We have tried to be everything to everybody. There is only so much money and certain items under contract to do certain things. In other areas, we must pare down."

"The police department may be a necessity we cannot afford. I have given an awful lot of thought to that," Klein continued.

Explaining that "I really wasn't going to come to the meeting tonight because I'm a lame duck," Klein, who chose not to seek re-election, added that he "would hate to see the next board which comes in faced with financial chaos created when I was on the board."

Deputy Clerk Tegge pointed out that anticipated revenues could even be lower than what the board estimated Monday. "With the economy the way it is, I don't know how taxes will come in."

A letter to Supervisor Wright from township legal counsel Donald Morgan read at the meeting explained that no services must be provided by the township, although there are 25 items the township may provide. The letter

explained that if there are no contracts, services may be withdrawn, but contracts must be honored.

Presently, the township contracts for fire protection from the City of Northville and has an agreement with the city on the fish hatchery park and to provide quarters for the ambulance service. It also has an agreement to rent township hall quarters from Wayne County.

MacDonald and Klein suggested that the supervisor, clerk and treasurer meet with department heads to make

the cuts in the budget. They are to report to the board at its November 14 meeting.

Klein noted that even if all personnel were cut and salaries eliminated, only \$10,000 per month would be saved. "In some areas we can pick up salaries, some in the boards and commissions and fees and some in purchasing. We have to come up with a six month budget of \$171,000."

Mrs. Tegge commented that "We really are at a minimum with personnel."

Continued on Page 12-A

## Budget Hearing's Monday

Public hearing on Northville School District's proposed 1974-75 budget will be held at the school board's regular meeting Monday.

Hearing on the budget, which is balanced at \$5,343,596, begins at 8:30 p.m. in the board offices, 303 West Main Street. The meeting begins at 8 p.m.

Approximately \$117,000 has been cut from the budget in order to bring expenditures in line with revenues. Cuts followed a decrease of 246 students in enrollment from those expected and the

accompanying loss anticipated in state aid.

Superintendent Raymond Spear said the cuts include not hiring a curriculum coordinator this year, returning to the normal seven hour day at the high school next semester, freezing maintenance repairs, allowing supplies to deplete and not purchasing athletic equipment in this year's budget.

He added that the \$36,000 contingency fund has been eliminated and travel expenses have been cut.

The superintendent said

that "scheduling and budgeting is being done with the intent of returning to the normal traditional day at the high school."

"A lower than anticipated enrollment at the high school has not brought on the overcrowding which we had expected," he said.

Early this year, the school board implemented several measures to alleviate anticipated overcrowding at the high school, among them the addition of classes at 7 a.m.

Continued on Page 12-A

## Randolph Drain Back on Agenda

A resolution urging the inter-county drain board to consider Novi's newest Randolph Drain proposal as a separate project was adopted by the Northville City Council Monday.

The resolution was prompted by a Novi suggestion to the drain board that specific route and/or channeling inside the City of Novi become part of the Randolph Drain proposal.

Noting that Northville has been trying to develop a preventative flood project since 1968, the resolution contends the proposal of Novi "would cause needless delay" and require a new apportionment to "reflect Novi's greater benefit from the enlarged project."

Next public meeting of the drain board is scheduled next Tuesday at 7 p.m. at the Northville council chambers.

## Dr. Chen Looks Ahead

## Sees Acupuncture by Sonic Ray

Dr. Calvin Chen of Northville, known nationally as one of the first physicians in the country to do acupuncture research, is anticipating a new breakthrough in the field with the use of ultrasonic waves in place of needles.

Use of ultrasonic waves now is under study, Dr. Chen, assistant medical superintendent at Northville State Hospital and clinical associate professor at Wayne State University, told members of Northville Woman's Club Friday.

He is enthusiastic about the prospect, he explained, as their use would make possible control studies of the effectiveness of treatment. "Even though I was born in China, I was a skeptic about acupuncture until a few years ago and thought it was a 'witchcraft thing,'" Dr. Chen admitted.

"Since I was educated in the west (Loma Linda University in California), the idea of imaginary lines or meridians leading to internal diseased organs that, by puncturing with a needle, could be returned to healthy condition was a pill I could not swallow," Dr. Chen continued.

He "reluctantly agreed" to do research with another Northville doctor, Dr. Pang Man, he recalled, as he was seeing personal evidence that acupuncture did work.

It was in his family room in Northville, he added, that the two doctors came to discover the "two gate control" theory of pain centers.

"Acupuncture is by no means a panacea," he warned, while pointing out that "it does seem good for pain not amenable to ordinary treatment" and cited

migraines, neuralgia and whiplash as examples.

As a defect Dr. Chen mentioned that it is not known why acupuncture works in some cases and not in others, but pointed out that it does not work on an apprehensive person.

"The new acupuncture," he said, "with the mechanization of the twirling needle with electric machinery has changed the process."

He predicted that in the next two to three years physicians practicing acupuncture will be in a much better position to advise if it really is worthwhile.

Whether or not acupuncture is painful, he said, "depends upon the individual's degree of sensitivity."

Other pain-causing factors, he pointed out, can be a dull needle or electricity turned up too fast for the patient to tolerate. These, he added, can be minimized with very sharp needles and slow advance of the electrical impulse. He said the needles themselves are very thin, about one-tenth the size of a hypodermic needle.

"How long the effect of treatment lasts can be a variable thing—in some it only takes a single treatment, in others, two or three, and in others there's no effect at all," Dr. Chen said, but added that "for those who respond, it's beyond imagination."

He reserved opinion on acupuncture's effectiveness for deafness, paralysis and multiple sclerosis. Its value in cancer treatment, he admitted, is debatable.

"Migraine headache on the other hand," he cited, "is one of the most gratifying to treat, and asthma and bronchitis have been treated throughout

the ages in China."

Dr. Chen said he attended his son John's graduation September 27 from Loma Linda University's medical school with his son now having been accepted for psychiatric training by that university.

While at the graduation, he mentioned, he spoke with a physician who had given 15,000 acupuncture

treatments "with gratifying results."

He tempered this success-image by pointing out that treatment usually is given for diseases that do seem to respond.

However, he said, many cases that are treated are those for which no other remedy had been effective. "Every university,

including University of Michigan, Wayne State University and Michigan State University, as well as area hospitals have research (on acupuncture) going on," Dr. Chen told his audience as he advised them to "keep your eyes open for new studies," as there still are many unknowns in this field that's growing in popularity so rapidly.

ACUPUNCTURE AUTHORITY—Dr. Calvin Chen and his wife, center, chat with Mrs. William Davison who introduced the assistant medical superintendent at Northville State Hospital and nationally quoted specialist on acupuncture to Northville Woman's Club last Friday.

## Reuben R. Jensen Weds Janet McCann Here

Reuben R. Jensen of 18500 Sheldon Road, Northville, took Janet McCann of Miami, Florida, as his bride in a candlelight service last Saturday at First Presbyterian Church of Northville.

A Northville resident for more than 18 years, except for a brief transfer to Indianapolis, he has just been elected one of four new General Motors executive vice presidents.

The couple had met earlier

this year at another wedding, that of the bride's niece, Barbara Spengler, who became Mrs. David Kaplan April 28.

Mrs. Robert H. Spengler of Southfield (Barbara's mother) is Mrs. Jensen's sister. She and her husband attended the couple.

The Reverend Richard Henderson officiated at the single ring ceremony at 6 p.m. which was followed by a dinner reception for 89 guests at the Raleigh House in Southfield.

Given in marriage by her brother, Robert J. McCann of Pittsburgh, Pennsylvania, the bride wore a toast-shade chiffon gown encrusted with silver and gold beading and carried a bouquet of

gardenias and yellow roses. Mrs. Spengler's gown was peach chiffon. She carried a bouquet of coral roses.

They are the daughters of Mrs. Margaret McCann. Hiram R. Pacific and William Greig served as ushers at the ceremony for which the altar was decorated with yellow and white mums. Flowers were placed in the windows.

Elizabeth Browning's poem, "How Do I Love Thee?" was used in the service as well as the songs, "We're Only Just Begun," "What Are You Doing the Rest of Your Life?" and "You're Mine, You're Mine." A delayed wedding trip is planned to Acapulco, Mexico, and Hawaii.

The bride attended school in Pittsburgh, Pennsylvania, while her husband studied mechanical engineering at the University of Nebraska.

He has been elected one of four new General Motors executive vice presidents, a member of the board of directors and the GM executive committee, effective December 1, 1974. He is to continue to be in charge of overseas operations and will assume jurisdiction of non-automotive and defense groups.

He was widowed last year. His three children, Mrs. Shannon Santora of North Stonington, Connecticut, Bruce of Indianapolis (with their spouses) and Scott of South Lyon, attended the ceremony and reception.

## In Our Town

## Fall Vacationers Off On Colorful Jaunts

By JEAN DAY

A FEAST of the Hunter's Moon, including an Indian powwow and recreation of pioneer history, took eight Northville residents to Lafayette, Indiana, last weekend.

Sharing the Roland Bonamicis van with them were the Harvey Smiths, their daughter Valerie and their sons, Scott with his wife, and Bradley.

This eighth annual celebration at a historic fort at Lafayette near Purdue University drew crowds of 10,000 persons each day, Rosemary Smith relates. Visitors, she explains, see many old craft demonstrations and sample corn chowder and apple butter.

The local historical society there helps retell the fort's history, dating back to 1700's, with people in Indian, voyager, English and Spanish costumes making it a colorful sight, she adds.

Fall is growing as a travel season as many local residents save vacation time to take color tours. Dr. and Mrs. Russell Atchison are among those who visited New England. They arranged to meet the William Farringtons in Stowe, Vermont, where both couples spent a few days at the Stowehof.

Other Northville couples touring together included the Leonards Kleins and the Armin Grossmanns, who flew to Germany from Toronto. They report that Martha Grossmann's girlhood German "was a real help" in their sightseeing and shopping.

The George Millers' vacation started on the West Coast as they visited Alaska after attending the California automobile show. They flew west but were met by son Vic, his wife Sandra and their children when they took the ferry down from Alaska. Then all camped out enroute home.

The Frank Whitmyers are back from their first visit to Hawaii—and are most enthusiastic about their stops at the Outer Islands.

LAST FEBRUARY Dr. and Mrs. Andrew Caghey visited the beautiful island of St. Lucia in the Caribbean for a rest. While there they saw the hospital where Dr. Caghey now is offering his services for three weeks as a volunteer "where needed."

He and his wife, Frances, are leaving Sunday for a "first try" at this

kind of volunteer work. Mrs. Caghey, a teacher in year-round school at Amerman Elementary, will be on vacation from classes and plans to help in any way needed.

The family has previously entertained inner city children at the Caghey home on Timberland and Mrs. Caghey explains that now they are "trying" out-of-the-country service.

THE GREENS MART of the Northville branch of the Woman's National Farm and Garden Association has earned a reputation for being a great place to buy choice wreaths and roping for the holidays.

This year pre-orders are being taken to guarantee a selection. Wreaths ranging from small size to up to 10-foot diameter may be ordered. A decorated 26-inch wreath is \$5. Elder and white pine (18 cents a foot) and balsam (30 cents a foot) roping as well as plain and flocked branches are available by pre-order. Mrs. William Switzer, 349-0628, is taking orders.

The Greens Mart is held on alternate years and will be December 5 at Northville Presbyterian Church. All profits are used for two scholarships given by the branch.

MRS. PAUL BARBER, a Northville musician and teacher, will be featured in the November 6 Federation Day program of the Farmington Musicales. She is to perform in a clarinet duet in a program devoted to "Clarinet Through the Ages."

Mrs. Barber, who serves as co-chairman of the Glockenspiels, a Musicales junior group, will direct a dozen young people of the Glockenspiels in a clarinet choir with music to range "from baroque to contemporary." The 12:30 p.m. program will be held at University Hills Church on Farmington Road.

The Musicales group, with a membership including Northville residents, is affiliated with the National Federation of Music Clubs.

ANNALEE MATHES, a Northville resident and also a friend of good music, has been working on the fund-raising campaign of the 59-year-old Madrigal Club of Detroit. A past president, she also is announcing the club's annual Christmas concert to be held December 8 at 3 p.m. at the Detroit Institute of Arts.

IT'S OFFICIAL—Northville City Councilman Paul Vernon, serving as mayor pro tem Monday, signs the proclamation of Mrs. Eugene Guido, president of the Northville Business and Professional Women, marking this week as National Business Women's Week in Northville while council secretary Patricia Sattler looks on.

## 'Rape Shift' Topic Of BPW Speaker

Detroit Police Officer Judy Dowling, who has worked many midnight patrols on "the rape shift," will relate her experiences while giving members of Northville Business and Professional Women tips on basic self-defense at their dinner meeting at 6:30 p.m. Monday at Hillside Inn.

Recent concern for the rising number of rape and street crimes has caused Officer Dowling to go on the lecture circuit to speak on "Rape." She will answer questions during the informal evening presentation.

Officer Dowling joined the Detroit Police Force July 7, 1966, and spent three years

working primarily night patrols in the women's division—work which included numerous midnight shifts.

In August, 1969, she requested department endorsement for a youth program she was conducting during off-duty hours, which resulted in her being transferred to the youth bureau where she developed the concept that evolved into the now-growing P.A.L. program.

She then was assigned to the P.A.L. program and is a member of its executive board. During winter months her assignment involves working as a member of Team Seven of the school team unit, which covers the Detroit Board of Education Region Seven school district.

The purpose of this unit is to visit schools and to control school difficulties involving fights, drugs and walkouts.

Off-duty, Officer Dowling is married and raises palomino quarter horses on a small farm on the outskirts of Mount Clemens.

This week the Northville chapter of the Business and Professional Women has a "National Businesswomen's Week" display in the window of the Four Season's Paper 'N' Spice store at 115 East Main Street. The observance is being held October 20-26.

## FISH Appeals For Clothing

FISH, the area's emergency help organization, is making an appeal for children's clothing, sizes eight and under, and for a boy's winter coat, size 10.

In addition, volunteers note, twin and double bed sheets have been requested. Bedspreads and curtains also frequently are sought. Anyone with donations may call Mrs. Joan Schroeder, 453-3559.

**GIVING THE BAND A BOOST**—Mrs. Philip Ogilvie is one of the first Northville residents to display the new 1974-75 decal of the Northville High School Marching Band. It's being sold by Kurt Andersen, center, its designer, and Jill Boyd. Band members will go door-to-door through the community with the decals Saturday. Donations, they say, of any size will be appreciated and will help send the band to camp.

## Couple Celebrates 50th Anniversary

Mr. and Mrs. Roy Tibbitts, Northville residents for 26 years until they moved north to Prescott, Michigan, in 1955, celebrated their 50th wedding anniversary October 12 at a dinner at Prescott Brethren Church for 35 family members.

The couple's daughters, Mrs. Clayton (Dora) Kelley and Mrs. Kenneth (Lorraine) Jewell, both of Plymouth, and their families attended the celebration. The Tibbitts have six grandchildren and three great grandchildren.

Before their marriage October 12, 1924, in West Branch, Mrs. Tibbitts was Esther Hostetler. Mr. Tibbitts worked at Maybury Sanatorium for 25 years before retiring.

# Oakland County Commission Candidates Tangle

## Incumbent. . .

Republican candidate Lew Coy, who will be running against Democratic primary winner William O'Brien, has been looked upon by other commissioners as a "free thinker" and Coy indicates that he considers that to be a main reason why he is the best person to stay in the 24th district county commissioner's seat.

"I had taken three positions which my own caucus was somewhat unhappy about," says Coy. "Eventually I'll prevail on all three of them. When you're bucking the establishment, that makes people upset with you."

Some political observers have even said that the powerful majority Republican caucus was so upset with Coy that some members attempted, unsuccessfully, to back opposition against Coy in the primary.

"I would hope the Republican party will allow a person

enough latitude to allow a divergence of opinion," says Coy. "But I won't rule that out."

The three stands which Coy says were unpopular were: cutting down on county employees who had county cars available for their own use; seeking an investigation of the county building department; and his controversial stand on the county hospital.

Coy introduced an amendment to a resolution to change the county car policy. Previously the policy was vague and some cars reportedly were provided as political favors.

Coy's amendment would provide county cars only for those persons who drive 600 miles a month.

"If they didn't drive 600 miles a month, then they'd have to use a private car and we'd pay them 14 cents a mile," says Coy. "I still feel there are entirely too many county employees who have cars over there who don't deserve them."

Continued on Page 3-C

## Challenger. . .

While Democratic candidate for the 24th district county commissioner seat William O'Brien agrees that incumbent Lew Coy is an "experienced six year man", he contends that Coy has not kept the citizenry informed of county actions during his terms in office.

"I didn't have a lot of input from him on what the county government was doing," says O'Brien of his term as a Novi councilman. "He should have contacts with all the legislative bodies. He should be out to South Lyon and Lyon Township."

O'Brien also insists that Coy should be using the news media more to inform residents of what county services are available.

"A goal that I would establish is to put out each month or every two months a newsletter to all the legislative bodies that would give a summation of what has been under consi-

deration and what has been passed," says O'Brien. "This newsletter would also ask for input from legislative bodies and citizens."

O'Brien adds that he would also consider putting in a private telephone line to his home specifically for county business — this to come from the \$35 per meeting he would receive as a county commissioner.

While O'Brien notes that Coy has a standing offer that anyone with a problem should call him personally at home, "what happens if he gets 33,000 phone calls between 4 and 6 p.m.?"

The challenger notes that Coy "knows people at the county level" but claims he hasn't been effective.

"He's not a strong representative. He's a nice guy. I think I'm more verbal. I have a background in local politics which he doesn't. He waivers back and forth on such issues as the county executive."

## Sister Beauties

Novi's smiling homecoming queen Mary Dawn Withers, daughter of Mr. and Mrs. Charles Withers, 41432 Glyme Drive, is congratulated by her sister, Jeanne, (left,) who was sophomore court representative, and by Kate Pierce, junior representative, while her father looks on. Novi won from Brighton 28-8 Friday.

Page 4-A

THE NORTHVILLE RECORD — NOVI NEWS

Thursday, October 24, 1974

## School Board OK's Contract for CM Here

Approval of the construction management contract with the Miller-Davis Company was approved by a 6-1 vote of the Novi Board of Education Thursday.

Casting the dissenting vote was Trustee Norman Miller, who contended the contract should contain an 8-percent withholding clause. Other board members concluded that since the contract calls for withholding of the final payment pending satisfactory completion of the new high school the 8-percent clause is unnecessary.

Miller-Davis is to be paid \$360,000 for its work in supervising the construction of the new high school at the southeast corner of Taft and 10 Mile Road.

Company manager

assigned to the project is Jack Ritter

Wording for a purchase option agreement with the City of Novi was returned to the drawing boards pending satisfactory resolution of school-city differences growing out of the initial draft of the agreement proposed by the city attorney, David Fried.

The school district's attorney, Frederick Knauer, expressed confidence that differences can be resolved easily. Among these differences are the length of the option and the amount of "good faith" money specified.

Involved is the bulk of the now school-owned property at 10 Mile and Taft. Part of the property is to house high school facilities, part the new

public library, and part the city's proposed municipal complex.

Cost to the city for the land has been pegged at \$4,397.06 per acre.

A "right to read" resolution was adopted by the board on a 6-1 vote. Board President Robert Wilkins voted against the measure on grounds that the program represented by the "right to read" concept could and should be developed at the local school district level rather than through the auspices of the Michigan Department of Education. He viewed the resolution as an abdication of local responsibility.

High School Architect Richard Prince received unanimous authorization to begin the bidding process for site work.

Lawrence, Gregory Balko is to head up the safety patrol program at Village Oaks, and Leslie Condon was named sponsor of the Pom Pom Club at the Middle School. Stipend for each of these three positions was set at \$94.

A staff presentation on elementary science curriculum was given the board, together with a strong concluding recommendation that the program be upgraded by the adoption of the Modular Activities Program in Science.

Board members were impressed with the teachers' enthusiasm and indicated that if additional data requested proves satisfactory they probably will approve purchase of the necessary materials to introduce the program into classrooms immediately.

## Councilman Ed Presnell Hospitalized

Novi Councilman Edwin Presnell is in St. Marys Hospital of Livonia suffering from a heart attack which occurred October 16.

According to reports, Presnell was home in bed when he suffered chest pains and went to the hospital. Initial testing indicated he had not suffered a heart attack, but further tests confirmed that he had suffered a heart attack, it was reported.

Presnell is expected to remain in the hospital for two more weeks and then will have to rest for the next three months, persons who visited the councilman said.

The hospital Monday reported Presnell's condition as "fairly good" but would release no other information.

## Novi Millage Faces Voters in November

Novi residents will be asked November 5 on the ballot to approve a millage increase allowing the city to levy up to 10½ mills operating expense in the next two fiscal years, with a one mill drop each succeeding fiscal year until taxes are back to the 6½ mill level.

While there are backers on both sides of the question, city officials favoring the millage increase contend that defeat of the approval will, in effect, tie the hands of the council elected by the people to see to the administering of the city.

The decreasing type millage is intended to give the city a shot in the arm now, while starting to decrease when tax monies start becoming available from the Dayton Hudson shopping center around 1977, the city will be able to gradually revert back to the 6½ mills specified in the charter. There is an end in sight, officials say.

A main opponent of the millage increase is Councilman Louie Campbell who voted against placing the question on the ballot. "We haven't done our homework and decided what the priorities must be," Campbell told the Novi News. "This was my reason for voting against it."

Campbell indicated that he is not against the millage proposal per se. "If the council comes up with a written set of priorities, I would definitely be in favor of it," said Campbell. Opponents of the millage increase point to a report prepared by the Citizens Finance Committee which said the city has "no need for an operating millage increase at this time."

The report suggested, however, that the city is in serious need of additional fire equipment, facilities and fulltime personnel to handle currently planned building and that consideration should be given to requesting approximately one mill specifically earmarked for fire department funding so that long lead equipment could be ordered immediately.

Opponents of the allocated millage attacked the proposal, pointing out that the earmarked millage could lead to labor problems. For instance, they said, the cupboard might be bare for pay increases for policemen, while firemen would have a whole mill to work with.

But the fire department is one of the areas that must have financing, and will receive funding if the millage passes, officials indicate.

Fire chief Duane Bell says that the city, because of its financial plight, has not been able to supply the fire department with equipment necessary to take care of the rapidly increasing Novi population.

"We have exactly 11 pieces of equipment and only four are owned by their city while seven have been bought and paid for by volunteers," says Bell.

"At this time we need a general all purpose off the street rig which could hold 200-300 gallons of water. We also need two 1,000 gallon tankers and another pumper, as well as either a ladder or aerial truck."

Bell estimates that it will take at least two years for delivery of a ladder or aerial truck from the time it is ordered and that cost will be somewhere in the neighborhood of \$175,000.

Bell adds that inflation is hurting hard and "the sooner we buy some of this, the less it will hurt later."

The city also needs 2,000 feet of hose in reserve because it currently has none, and there could be real problems should

the present hoses break, he warns.

"We should also be acquiring land somewhere now for future fire stations before the city is all built up," added Bell. "If we wait until after it's all built up, the cost will be astronomical."

"This year they cut my budget \$10,000 from last year. They eliminated all our money budgeted for schooling."

"Basically, the big effect of the present situation is that the equipment is not the best available. We are using old trucks that are worn out."

"If there's a breakdown, it could determine if we will save or lose a house. When we go to a fire, we don't know if a hose will bust, a pump fail or what."

Persons serving on the original city charter commission showed mixed reaction to the millage proposal with former mayor Joseph Crupi supporting the plan.

The charter commission that established the present limitation in 1968 recognized that the limitation was "very restrictive, but we felt it was the only way the charter could be approved", Crupi said.

Present day administrators point to very real consequences should the millage not pass.

Mayor Daley cites drastic cutbacks in city services, both fire and police, if the millage increase proposal fails.

"We will have no choice but to reduce either the clerical staff or the operating staff," adds Daley. "I don't have surplus employees or any area in the budget where we can cut. We're down to a bare-bones budget now—all we can do is take out vital organs."

"This millage is not being requested as a bonus. It is absolutely essential to continue services you have," adds the mayor. Daley points out that the city cannot continue to live

Continued on Page 8-A

## Debate on Millage Slated Tonight

Local questions appearing on Novi's ballot November 5 will be debated at 7:30 p.m. tonight (Thursday) in the Middle School.

Councilman George Athas and former councilman Donald Young will debate the millage question (see story this page).

Laverne DeWard, a member of the Novi school board, will speak in favor of the strong mayor proposition, while Northville City Manager Steven Walter will defend the council-manager

form of government on the advisory question.

Mabel Ash, former city clerk, and Mack Porter and James Cooper, both candidates for the charter commission will discuss the charter revision proposal and the charter commission role. City Manager Ed Kriewall will field any questions relative to city finances and services.

The debate is sponsored by the Northville-Plymouth League of Women Voters under Mrs. Sue Young, Novi chairman.

## Daylight Robbery Nets \$87,000

Two men wearing ski masks and holding snub nose revolvers walked into the Eight Mile branch of National Bank of Detroit last Wednesday and walked out a few minutes later with \$87,297 in cash, travelers checks and treasury notes.

No shots were fired and no one was injured. Three customers were in the bank.

According to Novi police, the hold-up occurred at 11:47 a.m. Two black males, described as being in their early 20's, walked in their car to the bank and as they entered, pulled the ski masks down over their faces. They were also wearing coveralls.

One remained near the door while the other found the bank manager and told him to open the vault, which he did. After taking the money from the vault, the subject stopped at the teller's cage and cleaned it out.

As the robbers left the building, one said "Don't anybody come out this damn door or you'll get a bullet in the head". Novi detectives reported.

The subjects then sped eastbound on Eight Mile Road into Farmington Hills. Police roadblocks were setup but were unsuccessful in stopping the car.

An audit of the bank showed that the robbers made off with \$50,497 in cash, \$21,800 in traveler's checks, and two \$10,000 negotiable treasury bill notes.

Police subsequently recovered the car in Farmington Hills after a man out walking his dog found the car. It had been stolen October 15 from Korvette's in Roseville.

Agents from the Federal Bureau of Investigation have

## Police Blotter

# Suspect Arson in Blaze

### In Northville

Arson is being investigated as the cause of a fire which gutted a city owned house early Tuesday morning.

Fire broke out in the vacant house on South Center Street about 3:15 a.m. and was reported by a passing motorist. City patrolmen, who had been past the house at 3:10 a.m., said no fire was seen at that time and theorize it was set just after they left the area.

The house, located at 117 South Center, just south of Main Street, had no power lines connected to it. Michigan State Police arson squad, which was called to investigate the blaze, said the fire started in the back stairway.

A few firemen and a truck remained at the scene after 4:50 a.m. and the department was recalled at 6:05 a.m. when the fire rekindled.

Break-in at Dino's Pizza on Novi Road is being investigated by city police detectives this week.

Approximately \$150 in cash was taken from the business after a window was broken to gain entry. The break-in took place late Tuesday night or early Wednesday morning.

A car radio valued at \$150 was removed from a 1968 model vehicle parked at John Mach Ford last week.

The radio was reported missing last week Tuesday from the car which was parked on the east side of the lot.

Police are investigating an attempted accosting which was reported shortly after 5:30 p.m. last Tuesday.

The incident took place in the area of Dunlap and High streets when a man between 20 and 25 years old asked a young girl if she wanted a ride.

The man drove a small sports car, had black hair and was of medium height with a thin build.

Vandalism amounting to \$150 was done to a pickup truck parked at Phil's 76. The damage was reported last Wednesday when the windshield of the vehicle was discovered broken.

All members of the Northville City Police Department recently completed training in the use of karate sticks.

The course was taught by Sergeant Dale Gross of the Novi Police Department. Instruction included use of the karate sticks for crowd control, arrests and defense.

Two more officers from the city police department have completed the advanced police officers training program.

Attending the 40-hour course were Patrolmen Gerald Ryan and Howard Reeves.

The program is conducted by the Southeast Michigan

Criminal Justice Training Center, Captain Louis Westfall announced.

### In Novi

Indecent liberties were taken with a 12-year-old girl October 5 as she was stopped while riding her bicycle through a field on the west side of Meadowbrook Road between 10 Mile and Chattman.

According to police reports, the girl was riding her bicycle through the field after stopping at the 7-11 store and came across a man walking who accosted her.

He was described as a white male, 23 years-old, 5'6" tall, medium build with dark brown shoulder length hair. He also had brown eyes and had a goatee or a mustache. He was wearing blue jeans and a light blue shirt.

A model home under construction at King's Pointe Drive was burned October 10.

Arson was suspected and police reported several persons were questioned.

That same day, a condemned home at 41656 Ten Mile Road also burned. Fire chief Duane Bell said the fire had been set in several places. Bystanders said they had observed youngsters running from the scene.

Thefts from two cars reportedly occurred in the Paragon parking lot October 8.

According to reports, a 1970 Opel GT was broken into and a \$135 Pioneer tape player stolen. Approximately \$75 damage was also done to the car.

Several scrapes and a dent were made to the car where entry was gained and there were pry marks on the dash and several pieces of plastic dash were broken out to gain access to the tape player. Some 8 track tapes were also missing.

That same day a bowling ball and bag, an 8 track tape deck, speakers, and several 8 track tapes were taken from a 1973 "Vega." Total value was placed at \$317.

Approximately \$1,200 in currency was reportedly taken October 12 from a filing cabinet in a home in the 42400 block of Grand River.

A black male may reportedly have been involved, witnesses stated.

Holy Cross Church, was the victim of a burglary which netted approximately \$800 in equipment sometime between October 10-12.

A screen was removed to gain entry. Taken was a Sears adding machine, a typewriter, digital clock radio and a telephone mate answering device.

A missing two year-old, Crystal Larzene triggered a search which involved help from neighbor, police and the fire department before she finally showed up.

The girl, who was living at 226 Henning was finally found

several hours later in the upstairs bedroom at a neighbors home.

According to police reports, the girl turned up missing October 14 when a babysitter went to check her at 11:15 a.m.

A house to house search was instituted of nearby residences and officers and residents combed nearby woods. Firemen were also summoned.

The child was finally found in the upstairs bedroom at a neighbor's home.

A 16 year-old Dearborn Heights girl was injured when the car she was in went out of control and struck a tree last week.

Injured and taken to St. Mary's Hospital in Livonia was Djann Jaroch. She was riding in a car driven by 17-year-old Dan Radziejewski.

### In Wixom

Use of Wixom's police dog Kojak resulted in the apprehension of a 19 year-old Walled Lake man October 15 who sped away from police after they observed him driving at a high rate of speed.

Placed under arrest for being drunk and disorderly was Michael Ardt.

According to reports, Ardt was observed by police weaving while on southbound North Wixom Road.

He braked, but was clocked at 56 miles per hour on radar. He then reportedly picked up speed, but then came to a stop on the shoulder of the road and ran into the woods on the west side of North Wixom Road.

Officer Roger DeClercq was called in and when he yelled that he was going to take the dog into the field, Ardt gave himself up.

He was arrested and lodged in Oakland County Jail. He was later released on personal bond.

A 17-year-old Wixom man was accosted by two men as he and a juvenile girl walked on Maple Road, west of Beck Road at 10 p.m., October 17.

One of the men struck him in the face with a fist. When the 17 year-old pulled out a small knife to protect himself, one of the assailants reportedly removed a pistol and threatened him if he didn't put it away.

Both subjects ran to the rear of a church and police were called. The incident is still under investigation.

Approximately \$190 was taken from the till at the Red Oaks bar October 18.

According to reports, a lone person was in the bar when the owner went into the back room. The subject was gone when the owner returned, and he found the money missing from the till.

A total of \$1,085 worth of goods was taken from a home in the 48200 block of Pontiac Trail October 12-13.

Taken were an RCA XL 100 portable TV, panasonic stereo, and a hundred 8 track tapes.

A sliding glass door may have been used to enter the home.

A 1971 Harley 350 Sprint motorcycle was stolen last week after it broke down on Loon Lake Road.

The owner reported he

pushed the cycle behind a fence at the Finnish camp at 7:30 p.m. When he returned at 11 p.m., the motorcycle was missing.

New car inventory turned up a 1975 Lincoln at the Assembly plant which was missing. The car was described as being black.

A 1973 Ford was stolen from the parking lot at the Ford assembly plant October 14-15. The car was valued at \$2,500.

### In Township

Theft of 200 gallons of gasoline from Howell Construction on Seven Mile Road east of Northville Road is being investigated by township police.

The gasoline, valued in excess of \$100, was taken between 8 p.m. Thursday and 8 a.m. Friday, police said.

A youngster sleeping beneath a window escaped injury early last Wednesday morning when a rock was thrown through the second story window.

Township police said the incident occurred shortly before 4 a.m. in the 16400 block of Old Bedford. Glass was strewn over the girl and a large rock was recovered from the room.

Fourteen eight-track stereo tapes were stolen from a car parked in the area of 18697 Innsbrook Drive.

Valued at more than \$100, the tapes were in a black case. The theft occurred last Wednesday between 2:30 and 3:15 p.m., police reports said.

### Pack Members Needed Here

Cub Scouts and parents are needed for Pack 721 in Northville which this year has less than 40 members.

Mrs. Mina Bhavsar, den mother, said many of the families have moved since last year "and we're looking for more members".

Boys eight years old and older are eligible for membership. Pack meetings are held once each month and den meet once each week.

Last month the pack went on a hayride and upcoming events include a swim party and a trip to Canada.

Those interested in more information on Cub Scouts may contact Mrs. Bhavsar at 349-5591.

**GIVE YOUR HAIR A PHYSICAL CHECK-UP**

DID YOU EVER THINK YOU MIGHT HAVE — SICK HAIR? MANY PEOPLE DO, YOU KNOW.

There's a way to determine the health and condition of your hair. That's through Hair Analysis. It's like giving your hair a physical check-up.

First, samples of your hair are taken and tested on a sensitive instrument called a Micro Gram Scale. Readings from this scale evaluate your hair's tensile strength and elasticity.

A photomicrograph is taken of your hair from which you can actually see the internal structure of your hair shaft.

All this information is examined by trained hair analysts. They diagnose your hair problem and recommend a corrective program.

Our salon Hair Analysis program works in conjunction with Redken Laboratories. Our trained cosmetologists study the corrective program designed for you. They set up a treatment schedule to rebuild and maintain the health of your hair.

If you suspect you might have "sick" hair — shouldn't you make plans to give it a check-up? Call today for your Hair Analysis appointment!

**REDKEN**

**Hair Sanctuary**

477-5231 Farmington

**POPSICLE VILLAGE** — Thanks to Steve Dyer (center), a city by the name of Northville has been created from popsicle sticks by third graders in Miss Barbara McCallum's Moraine Elementary class. Steve, who's looking over the display with Debbie North and Chris Doyle, brought the sticks to build the city. The project took three weeks to complete and is the beginning of the social studies unit. Included are two houses, gas station, restaurant, dime store, grocery store, train station, school, bank and police-fire station.

## Offer Child Care Facts

Novi and Wixom residents can receive child care information and referrals from the Oakland County Community Coordinated Child Care Council which is offering the service in conjunction with the Walled Lake Center of the Oakland County Commission on Economic Opportunity.

Included is information on day care centers, nurseries, co-operative nurseries, facilities for handicapped preschoolers and educational opportunities in child care for adults and young adults.

Persons seeking information or referrals may call 624-5520.

Persons wishing to be part of the child care service may call 624-5520 Monday-Friday

from 9 a.m. - 5 p.m.

Information regarding day care homes is available from DSS at 858-1745.

### Fall Reminder—Burning's Illegal

Northville Township Police Chief Ronald Nisun reminds residents that it is against township ordinance to burn leaves, trash and other items. Nisun said that several cases have been reported to

police during the past week and violations have been issued.

In addition, he pointed out that any open burning is prohibited in Wayne County.

## Nine Earn Degrees

Seven Northville residents and two Novi residents were among students who received advanced degrees from Eastern Michigan University at the conclusion of its summer session.

Those from Northville are Charles Boerger, 220 Elm Street, MS degree, Toni Bufe, 18800 Jamestown Circle, MA; Lorraine Cutler, 419 Ely Drive, South, MA; Roger Frayer, 42508 Lake Success, MS.

Others from Northville are Leo Kinsella, 18513 Jamestown Circle, MS; David Pevovar, 43797 Doris Court, MA; and Madeline Short, 18101 Jamestown Circle, Master of Business Education.

Novi residents receiving degrees are Dorothy Billing, 22717 Cranbrook Drive, MA; and Carl Stevens, 23560 East LeBost, MS.

## Two Officials At Seminar

June Buck, city clerk of Wixom, and Caroline Anderson, city treasurer, attended a University of Michigan division of management education seminar October 7 in Ann Arbor.

"Management Orientation for Women Supervisors" was the title of the seminar which was conducted by B Susan Bishop and Vernethia C Little.

Miss Bishop is program director for the division of management education, a unit of the U. of M. graduate school of business. Miss Little is an equal employment opportunity administrator with Blue Shield of Michigan.

The seminar was held to share ideas and problems of members of business and government fields.

## Robbery, Shooting Probe Continues

Barbara E. Senton remains hospitalized with gunshot wounds she sustained last week after two men robbed her Northville township home.

Township Police Chief Ronald Nisun said that Mrs. Senton is still in stable condition. She was shot last week Monday by two men who had broken into her home. Investigation is continuing.

Nisun said Mrs. Senton returned from shopping while the two men were ransacking her home. They came outside

and ordered her and her two children at gunpoint from the car and took them back into the house at 15857 Ridge Road.

Between \$35 and \$50 was stolen from her purse and she was then shot twice in the head. The boys were not hurt. The two men also took a television set before fleeing in a 1967 green Pontiac which they had parked behind the house.

# Township Candidates List Views on Campaign Issues

## Supervisor...

**ROBERT OLESON**  
Democrat  
Supervisor

1. I would build up the public safety department of Northville township as this must be done sooner or later and the sooner the better.

2. The question of quality enters into the picture in the answer to this question. I believe that land use in the township should be studied and reviewed by professional consultants within the near future.

We desire responsible representation by considering the needs of all the residents of the subdivisions and multiple dwellings located in the township. We should unite in a general effort to advance a comprehensive master plan for land use in Northville township.

3. I feel that the township should fight for increased revenue sharing funds, efficient accounting procedures and careful planning should be introduced to clean up the mess in the township government. Fiscal responsibility has been ignored, by the administration, at the national, state and township levels of our political system.

We must change this situation by electing responsible leaders, thereby introducing fiscal integrity into government. Your township administration admits that it has failed in the areas of budgeting and finances. The township is balancing on the brink of financial disaster. I

hope to restore the faith of our taxpayers by introducing fiscal reform in the near future.

**LAWRENCE WRIGHT**  
Republican Incumbent  
Supervisor

1. Having investigated the services offered by the municipalities within the 20 square miles represented by Northville township, the City of Northville and the City of Plymouth, I think it is clear that a good deal of money is wasted unnecessarily because of duplication of police services.

The City of Plymouth has 29 police officers and three dispatchers, the City of Northville has 13 policemen and three dispatchers; and Northville township has five policemen and two dispatchers. That's 46 policemen and eight dispatchers in three communities covering about 20 square miles!

It is obvious that a pooling of resources through a jointly operated single police department would be far less costly and yet more efficient. I propose immediate studies be launched — involving two, three or more communities — to seriously consider establishment of a combined police department.

2. At the turn of the century lumber barons came into Michigan and their motto was, "Cut and Move On!" They devastated one of the state's most precious resources. I think this simile should tell us something. We cannot afford to permit developers unlimited exercise

**EDITOR'S NOTE:** The following three questions were asked of all Northville Township candidates. Their replies to the questions were limited to 500 words.

1. Do you believe the township police department should be expanded, or do you believe the township should contract with another municipality for total police service? Why?

2. Do you feel too many multiple dwelling units are being located in the township? Is the projected ultimate population of the township suitable to you?

3. With no new millage forthcoming for the 1975-76 budget year and in view of the increasing cost to maintain the present level of services, how do you propose to achieve a balanced budget next year? Be specific.

to "Build and Move On," leaving us with their service problems.

The township through its master plan and its zoning ordinance has fairly provided a variety of housing. We cannot be accused of prohibiting sound development. Having said that, I think it is incumbent upon township officials to speak up when they believe any one kind of housing is exceeding the bounds of sound community planning. Multiple housing is fast reaching that stage, and I fear if we continue to permit it to continue at past rates we will create serious imbalance.

It is unreasonable to expect a community of 17.7 square miles, of which about 5 miles is non-taxable public lands, to accommodate between 50,000 and 60,000 people by 1990.

Fortunately, by effectively controlling development today we can produce a more reasonable population size in the future.

3. I won't mince words. We face grave financial problems. We have no alternative but to reduce existing services. And no service is so sacred that it should be exempted entirely. Each department will have to sacrifice. It may mean layoffs, reduction of service hours, or perhaps total elimination of one or more services.

I shall soon call a special township board meeting to begin deliberating reduction possibilities. At the same time we will have to look beyond the 1975-76 budget year and develop alternative measures for presentation to the public next spring. To put it bluntly,

the people will have to decide if they want to pay more taxes or permanently reduce services.

## Clerk...

**JANET Van VOORHIS**  
Democrat  
Clerk

1. The time has arrived when quality not quantity must be the measurement. Quality dictates using the latest methods to train any new police officers and update current police officers in available programs.

Pressure should be brought to bear upon the county for increased patrols by the sheriff's department. There has been lack of cooperation between the two organizations. Utilization of what we have is a necessity during the current budget problems. Therefore, until the budget problem is resolved, I don't believe we should expand or contract with another municipality. Rather we must insist on quality performance from all concerned.

2. Here, too, quality is a measurement. The very best use of our land must be considered, studied and reviewed by professional consultants. A comprehensive master plan for land use is needed now. Too many multiple dwellings can cause a blight, create many problems and even depress real estate values. Progress cannot be stopped, nor do I desire to do so, but what we do with the land is extremely

important. For the present there are enough multiple dwellings. We cannot provide the services an urban community needs and until we can, a moratorium on multiple dwellings should be declared. Despite some saying it can't be done, there are communities that have used this method.

After excellent planning and a comprehensive master plan to back us, the township can start orderly growth toward the projected population figure.

3. Fiscal reform. Cutting unnecessary expenses, not using inflated projected figures, careful planning are a must. The mess created by using anticipated revenues from building permits is a good example of the troubles the present board has created and is now involved with ways to extricate the township from financial woes.

Representatives must be responsible and responsive to the taxpayer and his dollar.

**BETTY LENNOX**  
Republican  
Clerk

1. I believe that contract service for additional police protection for the township of Northville should be investigated and considered.

The City of Northville with only two square miles of land has a police department consisting of a captain, two sergeants, two corporals, eight patrolmen and five patrol cars, while the township with 16.75 square miles within its boundaries has a chief, only four

patrolmen and three patrol cars. The city has round-the-clock police protection while the township with its present facilities and staff can provide only 20 hours of coverage per day.

In the long run both these areas would benefit financially and the township would receive more complete police service if it could contract on a limited basis, with the city to use its facilities and personnel in conjunction with the township's present personnel and equipment. If contracting with another municipality does not take place, the township will have to spend a larger sum of money expanding its present protection. (I have used the City of Northville as a prime example but other municipalities should be investigated also.)

In these days of rising costs we particularly should be thinking of getting the most effective service for the least dollars spent.

2. Northville township, after much consultation and study, has recently adopted a new master zoning plan. This plan has made provisions for a very adequate number of multiple dwellings to give the township a good balance of single family versus multiple dwelling units. If this zoning is adhered to Northville township will ultimately be a well planned community with convenient shopping, services and recreation.

We cannot restrict the growth completely although currently the lack of sewer capacity and mortgage

money has virtually stopped building in the township.

I believe we have a sufficient number of multiple units both currently and projected.

The projected population according to the township consultants seems realistic.

3. Northville township, as do many local governments today, faces the problem of increasing costs due to demands for more and better services with incomes that do not rise proportionately.

With the township's income down this year it is questionable as to whether we can maintain the present level of services.

To achieve a balanced budget for the 1975-76 year we would again have to count on revenue sharing funds. In the past there has been too much reliance on building department revenues. There now appears to be too much reliance on the income from revenue sharing funds. If the township board does not get voted millage it can:

1. Reduce personnel

2. Reduce certain cost items such as materials and office equipment

3. Consider being a charter township which would permit the board to levy up to five mills

The residents must realize that if they want the same or increasing service the money must be forthcoming to provide them.

# Township Candidates View Issues

Continued from Page 6-A

## Treasurer...

**ROBERT POPE**  
Democrat  
Treasurer

1. We believe that the quality of the township police department should be upgraded through the development of improved techniques, seminars and the training of current police officers. More police protection can be retained if the township fights for increased patrols provided by the sheriff's department from the county. Rather than just increasing the quantity, we feel that quality performance will provide the solution is an answer to current budget problems.

2. The question about multiple dwellings should be answered based upon the concern of the residents for quality land use in the township. We must demonstrate responsibility by representing the needs of all the residents of the subdivisions and multiple dwelling units located in the township. We should unite in general effort to advance a comprehensive master plan for land use in Northville township.

3. We feel that the township should fight for increased revenue sharing funds and more assistance from Wayne County for additional police protection to balance the budget. Efficient accounting procedures and careful budgeting should be introduced to clean up the mess in township government. Fiscal respon-

sibility has been ignored by the administration at the national, state and township levels of our political system.

We must change this situation by electing responsible leaders and thereby introducing fiscal integrity into government. Your township administration admits that it has failed in budgeting and finances. The township is balancing on the brink of financial disaster. We hope to restore the faith of the residents by introducing fiscal reform in the near future.

**JOSEPH STRAUB**  
Republican Incumbent  
Treasurer

Thank you for the opportunity to express my thoughts on some very vital township issues. I think questions one and three are so closely related that I am going to make one reply cover both of them.

1. & 3. In my opinion we cannot continue to maintain the present level of the police department, let alone expand it. For example: the current police budget for the year is \$92,082 or about one and one-fifth mills on our state equalized assessed value.

For the first six months of this fiscal year the police department expenditures amounted to \$55,155; \$48,335 from the general fund and \$6,820 from federal revenue sharing. In addition to these over-budget figures, the four patrolmen are joining the union and they are demanding a 12 percent salary increase not including numerous expensive fringe benefits that will even further increase the

already over-budget expenditures.

On the revenue side of the budget the building department revenue was set at \$75,000. For the first six months of the fiscal year the income was only \$15,394, and since the remaining six months represent the slowest part of the building season, it would appear impossible to receive the balance of \$60,000. So, in two budget areas the township is faced with a significant over expenditure in one and a very serious income deficit in the other.

I realize my remarks are critical of the current budget, however, I feel my criticism is justified because I voted against passing the budget, based primarily on these two specific areas.

What to do about the situation? The present financial condition of the township certainly indicates: 1. Revenues — that more realistic income figures must be determined, not just figures pulled out of the air to balance with the proposed expenditures. 2. Expenditures — it will be absolutely necessary for the new township board to establish priorities on what services they will be capable of providing with the limited funds available. In addition to priorities, the expenditures necessarily must be better controlled by the inauguration of a sound purchasing system, which I have advocated for the past two years.

And finally, after discussion with the various candidates, I sincerely believe that the election of the Republican slate of candidates will go a

long way toward providing solutions for the township's financial problems.

2. After over a year of study and deliberation the township adopted a new master plan which is probably the most up-to-date master plan in Wayne County. I am of the opinion that if the planning commission and township board remain with the basic framework of this plan that the number of multiple dwellings will be limited, and this limitation will satisfactorily pass all current legal restrictive requirements.

## Trustee...

**DONALD MARENGERE**  
Democrat  
Trustee

1. The question on expanded police services is not in the best interests of the community at this time. The majority of our township electorate voted against a proposition for expanded public safety by a whopping majority. I shall, if elected, continue to go to the people to see what their feelings are on this issue.

It is self-serving on The Record's part to bring up contractual police services since The Record is so dedicated to annexation. Contractual services with the City of Northville which never saw fit to engage in this dialogue before will help to achieve its goal of annexation. I disagree with The Record's approach.

2. Over one-third of the township's population lives in multiple dwellings. The question is poorly chosen for it

leaves multiple dwelling residents with the idea they are second rate citizens and unwanted. Shouldn't The Record answer this question? It was a leader favoring increased multiple dwellings over the past few years. It backed increased multiples at Highland Lakes at the expense of single dwelling homes. The failure of The Record to chastise Levitt and Sons for its failure to meet its promise is a sorry episode in The Record's history.

3. For over 75 years Northville township has run its affairs without increased millage and with balanced budgets. The current budget is still in the black. A balanced budget is a readily achievable goal if those members on the board who favor annexation quit playing politics and settle down to running the township for our best interests.

**HUGH SUTHERLAND**  
Democrat  
Trustee

1. In April of this year township residents voted down a special millage for public safety; before it can be determined whether more police protection is required we must first determine whether this millage was defeated because the residents didn't want it or because the proposal was poorly worded and not properly publicized by the then township administration.

Unlike some candidates for trustee, I do not feel it is my position to dictate to the residents what services they

## Robbers Net Two Novi Dams \$87,000

### Topic of Meetings

Continued from Novi, 1

taken over the case. Fingerprints have been obtained from the car.

According to Lieutenant Richard Faulkner of the Novi police, evidence was found near the abandoned car which figures into the case, although he would not elaborate.

Faulkner also reported that some papers, as well as several keys to the bank, were subsequently found in Detroit. They had been involved in a fire, he said.

A representative of the National Bank of Detroit indicated that film from the bank's automatic cameras was processed incorrectly and no pictures turned out

The Meadowbrook dam continues to be the topic of discussion in Novi as the council has planned two meetings related to the dam for Tuesday.

Following a meeting at Northville city hall concerning the Randolph Drain next Tuesday, council members present are to meet with county drain board representatives to find out where the county is in relation to the Patnales Drain, which figures into the Meadowbrook dam situation

The council is also to meet with homeowners after November 5 to discuss the situation.

The council Tuesday also received a verbal report from

Harry Mosher, city engineer from Johnson and Anderson, advising that temporary measures previously suggested by the firm would only stop erosion around the dam and would not help the dam itself to stop from breaking under possible spring flooding.

City Manager Ed Kriewall also said the city is considering a plan put forth by homeowners of the subdivision to drain the lake to stop the possibility of flooding breaking the dam. Kriewall cautioned, however, that the city would have to adhere to a timetable for construction of a new dam if the city is to go that route with the approval of the homeowners.

## Student Carvings Now On Display at Library

Carvings by Northville Public School students will be on display in the Northville Public Library through October.

Vermiculite and wax carvings done by sixth

graders at Cooke Middle School Annex are on display in the library's showcase. Mrs. Shirley Talmadge, art instructor, set up the display.

Featured upstairs in the children's section are art works by Main Street Elementary School.

Librarian Elaine Lada reminded patrons that new hours of operation are in effect at the Northville library

The schedule includes Monday through Thursday, noon until 8 p.m.; Friday, noon until 5 p.m. and Saturday, 10 a.m. to 5 p.m.

## OBITUARIES

### BILL NOTTENKAMPER

The Reverend Bill Charles Nottenkamper, minister of Salem Congregational Christian Fellowship in Salem, died Wednesday, October 16, at St. Joseph Mercy Hospital in Pontiac at the age of 32. He had been ill for the past two months.

Born September 30, 1942, in Clarksville, Arkansas, he was the son of Charles and Willine (Russell) Nottenkamper. He was a resident of Salem for the past four years.

Surviving are his widow, Karen, his parents, two children, Billie and Kary at home, and a sister, Mrs. Brenda Davies.

Funeral services were held Friday, October 18, at the Casterline Funeral Home. Officiating were Gerald Scott, Richard Sullivan, Michael Stevens and Hugh Gullede. Burial was in Rural Hill Cemetery.

### ROBERT SIMMONS JR.

A life long resident of Northville, Robert R. Simmons Jr. died suddenly October 15, at St. Mary hospital at the age of 44.

Funeral services were held Thursday, October 17, at the Casterline Funeral Home where the Reverend Philip Rodgers Magee of the First Presbyterian Church of Plymouth officiated. Burial was in Oakland Hills Memorial Gardens.

Born April 30, 1940, in Detroit, he was the son of Robert and Gwendolyn (Grubb) Simmons. A stockbroker, Mr. Simmons worked for William C. Roney and Company since 1960. He was a graduate of Plymouth High School.

Surviving are his widow, Margaret Cates Simmons, his parents who live in Plymouth, four children, Glynn, Robert, Gregory and Rebecca, all of Northville, a brother, George of Detroit, and a sister, Mrs. Charles (Julie) Crowther of Plymouth.

### SHANNON CALLAHAN

Funeral services were held Friday for Shannon Marie Callahan, six-year-old daughter of Mr. and Mrs. James A. Callahan of West Main Street, who died October 15 at University of Michigan Hospital.

Born August 24, 1968, in Flint, she moved to Northville from Rochester with her family in 1973. She was a member of Our Lady of Good Counsel Church in Plymouth. Surviving are her parents, a sister, Jennifer, two brothers, Timothy and James, and maternal grandparents, Mr. and Mrs. Ralph Robke of South Fort Mitchell, Kentucky.

Wake service was held Thursday evening at Schrader Funeral Home with funeral services the following day at Our Lady of Good Counsel. Officiating was the Reverend Father Kenneth MacKinnon with burial in Holy Sepulchre Cemetery.

### DR. HAROLD SPARLING

A former Northville resident, Dr. Harold I. Sparling, died October 12 in Chambersburg Hospital in Pennsylvania after an illness of two months.

Dr. Sparling, who was 78, moved to Northville in July,

1925, where he was in private practice until 1952 when he moved to Chambersburg.

Born June 13, 1896, in Ubyly, he was the son of Chris and Clara (Murdock) Sparling. Dr. Sparling was a member of the Presbyterian Church of Falling Spring, Pennsylvania, the Franklin County Medical Society, American Medical Association and Letterkenny Officers Club in Chambersburg.

He also was a member of Lloyd H. Green American Legion Post 147 in Northville, former member of Masonic Lodge in Northville, Retired Officers Association and BPOE 600.

Dr. Sparling was a World War I Veteran, serving in the Navy, and served with the Army in World War II. A graduate of University of Michigan Medical School, Dr. Sparling was a retired lieutenant colonel in the Army Medical Corps. He had been post surgeon at Ketterkenny Army Depot in Chambersburg for 16 years, retiring eight years ago.

Surviving are his widow, Mrs. Marjorie Magee Sparling, two daughters, Mrs. Norman (Marcia) Frid of Northville, Miss Carol Ann Sparling of Fraser, three grandchildren, and two sisters, Mrs. Harry (Jewel) Bell and Mrs. Claris Brown, both of Ann Arbor.

Memorial service was held October 15 in the Presbyterian Church of Falling Spring. Contributions may be made to the memorial fund of the Falling Spring church.

### MARGARET SCHULZ

Services were held Wednesday, October 23, for Margaret Hutton Schulz of Detroit who died Monday in Providence Hospital at the age of 70.

A life time resident of Detroit, Mrs. Schulz was born December 11, 1903, the daughter of Thomas and Frances E. (Hutton) Duffy. She was a member of Mt. Zion Evangelical Lutheran Church in Detroit and Washington Lodge in Detroit. Her husband, Harold, died December 20, 1972.

Surviving are a son, William Schulz of Northville, a daughter, Mrs. Carol Northup of Ellsworth; two sisters, Mrs. Hazel Fienner of Farmington, Mrs. Dorothy Orr of Detroit, a brother, William E. Duffy of St. Clair, and seven grandchildren.

Services were held at the Casterline Funeral Home where the Reverend Gerd E. Heidman of Mt. Zion officiated. Burial was in Glen Eden Cemetery, Livonia.

## Attend Workshop

Building department representatives from Novi and Wixom were among nearly 300 persons who attended the Michigan Construction Code Workshop held at Central Michigan University recently.

The workshop was sponsored by CMU's center for study and research in public administration and local government and off campus education.

Attending the day-long workshop were Ralston Calvert, assistant director for the Building and Safety Department in Novi; Priscilla Whaley, clerk for Wixom Building Department; and William Tyler, building official for Wixom.

# Amends Ordinance On Building Codes

A parking standards amendment to the zoning ordinance, and building and electrical codes were adopted by the Northville City Council Monday following public hearing.

All but the building code received all three votes of the council members present.

Casting a "no" vote on the building code was Councilman Wallace Nichols, who wanted to amend the code to require concrete walls between apartments as an added fire retarding measure.

The two other councilmen — Paul Vernon and Paul Folino — agreed with Nichols and indicated they would join with him at the next meeting in calling for the concrete wall provision, but they pointed out that unless the code was adopted by a November 6 deadline the city would automatically fall under the state code — a less restrictive document.

Since the city attorney and two councilmen were not present they felt they could not properly prepare substitute wording at the council table. They opted for approving the code as is and amending it at a substitute meeting.

Both the building code and the electrical codes were

adopted by reference — the 1970 edition and 1973 accumulative supplement to the Basic Building Code, and the 1971 edition supplement to the National Electrical Code, respectively.

The parking amendment includes a uniform standard for offices and retail stores of one space for each 150 square feet of gross floor area rather than "usable" floor area as originally recommended by the planning commission.

In PBO district only, however, the requirement is modified this way: 1. Professional offices of doctors, dentists and similar professions require one space for each 150 square feet; 2. Banks require one space for each 200 square feet; and 3. Professional and business offices

except as already indicate require one space for each 300 square feet of gross area.

The ordinance also includes requirements for residential, institutional, and other business and commercial developments.

### Plan Fair

A "Holiday Fantasy Fair" will be held by Plymouth Grange No. 389 from 9 a.m. to 8 p.m. November 1 and 2 at the Grange Hall, 273 South Union, Plymouth.

It will include a country store and handcraft booths. A roast beef supper at \$2.75 for adults and \$1.25 for children will be served. Reservations should be made with Mrs. Ruth Strebbling, 453-6425.

# Millage on Ballot

Continued from Novi, 1

on federal revenue sharing and building department revenue because they both are drying up fast.

"The city was underfinanced initially," he said. "It was a compromise situation going from the township to the city. There has been a fantastic change in the economy. It hasn't been on a straight line type of graph—it has greatly accelerated during the last year."

"It will cost me about fifteen cents a day more under this plan—about the cost of a candy bar—and to be able to pick up the phone and have a policeman here at 3 a.m. in the morning is worth it."

# Township Candidates

Continued from Page 7-A

should or should not have but rather to determine what their desires are and work toward that end.

2. There are presently not too many multiple dwelling units in the township but the trend toward excessive multiples appears to be there. Present plans for the township are too short range and seem to be directed more at obtaining present revenues through building permits and an instant tax base, than looking at the long range development of the area.

Planning for the growth of the township in dwelling units should not be related to the income it can generate. If we are to survive as a township we must plan our growth in housing units to obtain the kind of community mix we desire and keep fiscally sound by other sources of income.

As for the projected ultimate population of the township, I do not feel that a projected population of 27,000 by 1990 is not excessive given our land use.

3. Fiscal planning in the township has been a disaster for many reasons but I feel one of the prime ones is that for too long the township board has been dominated by elements that rather than being supportive and progressive in their leadership of township government have been narrow minded and short range. These factions rather than planning for the growth of the township have been more intent on holding the township back, dissatisfying its residents and planning for annexation.

To improve our fiscal position two proposals appear in order. First, the township should call for a special operating millage to solve our short range needs. Second, establish a committee to study the possibility of and make recommendations regarding a charter township form of government.

**JAMES L. NOWKA**  
Republican  
Trustee

1. I do not believe that the township police department should be expanded because under the existing revenue limitations, we can't afford to do so and maintain solvency. For that same reason, it is not feasible to contract for such services at this time.

There is also the question of how the township could maintain a proper share of the management and control of such contracted services. I

prefer a joint effort on the part of the city and township to carefully examine collective police and fire department activities in a public safety unit concept. This action could maximize the use of available talented manpower and could be augmented by a volunteer reserve support group.

2. During my eight years as a township resident, I have many times publicly expressed my great concern about the actual and proposed zoning to RM (high density multiple). To the present, many developments have already been built or are now under construction. We cannot change what is already physical fact. I believe that this provision should be dealt with carefully.

I feel that our building codes should be examined to insure that we are being sufficiently demanding as to the quality of construction. This would encourage a developer to consider what he will be up against in the township when he ponders his development. It is important that we strive to encourage the best type of development. The current projected population in the township by the master land use plan is well-conceived and acceptable.

It would be my desire that, Northville township be developed in low density residential, taking best advantage of the picturesque topography of the area.

3. Realistically, there is no way that the present level of services can be maintained without financial help from the electorate.

The controversial budget of 1974 had within it anticipated income from areas that clearly failed to perform. One principal area of weakness was estimated income from building permits, resulting in less than 30 percent of planned revenue so far. It is only good fortune that our current financial position is as good as it appears.

Action must be taken quickly to relieve potential serious problems by putting expense budget in line with real income. The action which may be required is a reduction in expenses in the operation of the township and help from the people. The supervisor's effort to consolidate township and city building departments, if workable, is a good beginning in this reduction of cost.

**CHARLES ROSENBERG**  
Republican  
Trustee

1. The approach to improving and expanding police protection in the township should ultimately provide the taxpayers with the best protection for the least cost. I believe the best approach would be to enter into a joint effort or contract with Northville for police service. With this approach the township would share the cost of the police chief, dispatchers and police facil-

ities, rather than paying the entire cost as we do today. The savings from the shared expenses should be spent on additional police officers to work on patrol.

Before we go in that direction there should be some assurance that the township will be able to pay for this kind of joint venture as well as having control over the services being rendered.

2. I do not feel that there are too many multiple dwellings being located in the township, but I do feel that the township should not let any further multiple development than is provided for in the present zoning ordinance. As a trustee I would insist that a good balance be maintained between multiple and single family development.

The 58,000 projected ultimate population based on approved land use in the township, is somewhat more than I would like to see in the township.

3. It has been obvious for the past two years that the township has been in serious financial condition. There has been little positive action other than the ill-fated public safety proposal to remedy the situation. I believe there will have to be cuts in service to balance the 1975-76 budget. The services to be cut and the extent to which they will be cut depend on the deficit the township will face and the priorities of the township board.

It is difficult at this time to be specific on what should be cut. If elected I would insist that the administrative and police operations be reviewed to insure there are no frills or unneeded expenses.

**GUY COYKENDALL**  
Democrat  
Constable

Did not respond to questionnaire.

**RAYMOND GOLEN**  
Democrat  
Constable

1. Due to the apparent limitations imposed by the current budget and millage, expansion of the police department would be difficult at the least. Efforts should be made to upgrade the quality of the existing police department and to obtain additional police patrols from the county and the state police.

2. Land use and future township growth should be studied and reviewed by competent professional consultants with adequate representation from all segments of the township population. Ultimate number of multiple dwellings and size of future population should not be allowed to increase to a point where Northville is another victim of "urban sprawl."

3. With no new revenues coming in, it is apparent that services will have to be cut

unless more outside funds from revenue sharing and more county assistance can be obtained.

Professional, efficient accounting and budgeting practices must be introduced to insure the maximum return from current finances.

**ROGER EISING**  
Republican  
Constable

1. As our community grows, the need for increased police protection becomes evident. Local communities should keep local control. Expansion of the present police department depends on the people in the community.

2. & 3 I do not feel the remaining two questions pertain to me in my capacity as a candidate for constable. A constable is not a voting member of our township board.

**E. F. PETERSON**  
Republican  
Constable

1. The local police department should be expanded to meet the demands of the electorate which depends upon the willingness of the electorate to finance such expansion.

If local control of the police function is to be maintained, as it should, it would not seem practical to contract with another municipality for the service.

2. & 3. Since a constable has no authority to act on questions 2. & 3., I believe it would be presumptuous for me to reply.

## Program Planning Continues

Planning is continuing for Northville's optional high school program which is scheduled to get underway in January when the second semester begins.

Facilities are currently being sought for the program which will operate away from the high school campus.

Included in the program will be a daily two-hour workshop where students and staff will concentrate on interpersonal communication skills, decision making skills and development of academic skills among others.

Following the workshop, individual and group counseling, program development and mini-courses will be held.

Teacher for the program, Miss Kathleen Densmore, said room is needed between 7:30 a.m. to 4 p.m. Anyone having facilities which the school could use are asked to contact her at 349-3400 extension 218.

**SNEAK PREVIEW**—Youngsters last weekend got a sneak-preview of the "kiosk" which will be used in two puppet show presentations Sunday. The event will be the Wixom Public Library open house Sunday from 2-6 p.m. at 49329 Pontiac Trail.

## For Second Wixom Fire Post

# City Buys Property

Wixom came a step closer Tuesday night to its goal of putting a fire station on both sides of the Chesapeake and Ohio railroad tracks when approval was given by council for purchase of property on North Wixom Road.

The property, located just north of Potter Road at 1305 North Wixom Road on the west side, is being purchased for \$21,000 from John Ryding. Purchase money for the 3.46 acre parcel is to come from federal revenue sharing monies and is to be paid by land contract.

Wixom Council also approved the construction of structurally identical fire stations at the two sites for the purpose of saving money on engineering costs and having the building authority go out for bonds on both firehouses at the same time.

Assistant to the Mayor William Travis could give no time estimate on date of issuance of bonds because of necessity for approval from the Michigan Municipal Finance Commission.

"If you chop one fire station off now, it will cost double in five years to add it back on," said fire chief Potter responding to council queries.

Councilman Gunnar Mettala noted that because of the depressed condition of the construction business, commercial building is at a standstill because money is tight. He advised that these companies "will bid the least now because they're hungry."

The council also approved a revised budget. Major changes include addition of a secretary for the mayor and — after a lengthy verbal discussion — transfer of \$2,000 from the contingency fund to help finance the Walled Lake Alcohol and Drug Education

(ADE) program. Treasurer Carolyn Anderson informed the council that the city will receive from the county \$17,635 under the Comprehensive Employment and Training Act (CETA). Previously the city had been allocated \$5,195 but councilmen indicated the increase was given "to attack unemployment on a local level."

Mayor Val Vangieson indicated favoring the hire of a fulltime assessor with the money

## Voter Information on Tape For Blind, Handicapped

Voter information about candidates and issues on the November 5 ballot is available on cassettes to blind and physically handicapped people in Wayne County by the Wayne County Library For the Blind and Physically Handicapped.

Volunteer readers have recorded information from the 1974 Voters Guide of the League of Women Voters and

the library will mail upon request cassettes to all individuals who cannot use conventional printed material.

Persons requesting voter cassettes may call the library, 274-2600 (toll free from Detroit) or 722-8000.

The library, located at 33030 Van Born Road in Wayne, is open 8:30-4:30 Monday through Friday.

## Library Sets Open House In Wixom

Wixom Public Library will host an open house Sunday in its new quarters at 49329 Pontiac Trail from 2-6 p.m.

The Library open house, planned to acquaint residents with the new location will feature two puppet shows at 3 p.m. and 5 p.m. by the Friends of the Library. Refreshments will be served throughout the afternoon. Off the street parking is available at the rear of the building.

Classified in library terms as a "store front" operation, the library is, nonetheless, a big step forward in providing library services to the citizens of Wixom.

The fledgling group opened its services to the City a little over a year ago by "borrowing" a wall in City Council chambers. Books came on long term loan from the Michigan State Library and other institutions. Story hours and movie parties were instigated and offered to the children to introduce them to the services provided in their own city.

The shelves in City Hall soon began to bulge and space was at a premium. The Lutz Building seemed to be the answer but was dropped because of high remodeling costs.

The Library Board then found a different facility that suited its needs, at least temporarily. The building that used to house the "Rock Shop" is the library's new quarters.

The DPW lent its forces and in one week the transition from city hall was completed. The Wixom Jaycees volunteered their manpower to construct a multi-purpose unit dubbed the "kiosk." Its first official function in the library will come this Sunday when it is used for two puppet theatre presentations. The Wixom Extension Club put itself to work fashioning felt puppets with RoseMarie Ankofski designing the colorful characters.

Since the move to the new building, the library has begun adding hard cover adult best sellers and a variety of craft books to its stacks. Reference materials including encyclopedias, dictionaries and a thesaurus are available. The total collection now numbers over 2,700 volumes.

## HOW TO SAVE ON AUTO INSURANCE

Good Drivers Between 30 & 60 Yrs. Old Need No Longer Be Penalized By High Rates

Farmers Insurance Group now makes it possible for you to stop paying for the other driver's accidents. Statistics prove good drivers between 30 and 60 are preferred risks and entitled to special low rates and broader coverages.

## 30/60 AUTO INSURANCE PACKAGE

## SPORT FANS! I BET YOU DIDN'T KNOW!

Brought to you  
By Larry Wichman

What were the five greatest football games ever played? A sports service recently took a survey to find out—in the opinion of experts from coast to coast. And here are the five games they picked:

1. Notre Dame 35, Army 13 in 1913. This game was picked because of its historical importance. This one game, more than any other, proved the value of the forward pass in football.

2. Illinois 39, Michigan 14 in 1924. The game when Red Grange made runs of 95, 66, 55 and 40 yards each for 4 touchdowns in the 1st quarter. This is voted the greatest individual performance of all time.

3. 1925 Rose Bowl. The classic meeting of football's most famous backfield (Notre Dame's Four Horsemen) and the man some call the greatest single back in history (Stanford's Ernie Nevers).

4. 1940 National League title game (Bears 73, Redskins 0). This game was picked because it helped establish the modern formation; and because many say the Bears—that day—were the most perfect football team ever seen on a field.

5. 1958 NFL title game (Colts 23, Giants 17 in overtime). The experts said this was the most exciting big game ever played.

You probably have some favorite games yourself that you'd rank among the five greatest of all time, but these are the ones the experts picked, and we thought you'd enjoy reading it.

I bet you didn't know...that all changes, tune ups and many other services were available at the Unifroyal Dunlap Tire store.

## As We See It

# Novi's Broke, Millage Proposal Deserves Support

While we are not particularly enamored by the "declining" aspect of the proposed Novi millage increase, nevertheless we find it far more acceptable than the "earmarked millage" concept championed by some who are most vociferous in opposing the proposal appearing on the November 5 ballot.

More preferable, we believe, would have been a permanently established higher millage limit.

Basically, the millage proposal appearing on the November 5 ballot would temporarily raise the city's millage rate from 6½ mills to 10½ mills. It would remain at 10½ mills for the first

two years. Then in each of the succeeding three years it would drop by one mill until it is again at the current level where it would remain.

Theoretically, the millage can be decreased from 10½ mills over the five years because the city's tax base—state equalized valuation—will increase to make up the difference. We are not so sure the city can count on this SEV increase. However, officials confidently point to completion of the gigantic Dayton-Hudson shopping center within five years. This being the case, the resulting additional tax base easily would permit return to 6½ mills, they contend.

But even if these officials are wrong and

Novi finds it cannot operate on 6½ mills after the five years are up, the fact remains that Novi desperately needs additional operating monies now. To suggest that Novi can continue operating expanding services on a millage rate intentionally set low several years ago to gain city charter approval is ludicrous.

We must agree with Mayor Daley: "This millage rate was then (6½ mills in 1968), and is now, totally inadequate for the development of a community the physical size of Novi..."

Let's face it: the City of Novi is broke and is on the verge of bankruptcy. A good portion of the first two years' millage increase will be needed

just to correct the city's present financial deficit.

As critical as we have been of the actions and inactions of the Novi City Council, we know full well that neither this council nor the wisest council possible can finance municipal services when costs exceed revenue.

The ballot proposal, we believe, is an acceptable compromise between those of us who believe the millage limit should be high enough to allow the council to set a levy based upon need, and those who would oppose any increase or who would favor earmarking funds.

We urge voter approval on November 5.

## Record's Opinion of Propositions, State Legislators

# Voter Preparation Saves Time, Uncertainty in Booth

Voters will face a lengthy ballot when they go to the polls November 5 that will include four state propositions in addition to congressional, gubernatorial, state legislative, judicial, county and township candidacies.

And in the city of Novi a millage proposal calls for voter action (see editorial by Jack Hoffman).

The voter would be well advised to be prepared prior to closing the polling curtains to avoid being pressured into hasty decisions or inadvertently skipping an entire section. The latter is easy to do when one feels compelled to come out from behind the curtain because others are waiting in line.

Here's how I'll vote on the four state propositions:

**Proposal A — Constitutional amendment to prohibit the use of motor fuel tax funds by law enforcement agencies for highway patrol purposes and to limit the use of motor fuel tax funds for public transportation to one-eighth of the amount received — NO.**

This proposal is closely tied to proposal D, which seeks to sell bonds for a state mass transit system. Road commissioners, truckers and people interested in building highways want to be sure tax monies from gasoline are used exclusively for highways. In my opinion the restriction is not necessary nor in the best interests of the total public.

**Proposal B — A state bonus for veterans who served during the period of January 1, 1961 and September 1, 1973, commonly referred to as the Vietnam bonus, although it is not necessary for the veteran to have served in Vietnam to receive a bonus — NO.**

Personally, and at the risk of being labeled "anti-veteran", I oppose all veterans' bonuses, and particularly at the state level. The cost to Michigan's taxpayers for the Proposal B bonus would be \$205 million in principal and \$102 million over a 25-year-period for the six percent interest payments, all of which must come from the state's general fund.

If there's an obligation to servicemen in direct dollars, then it should come from the federal government. Frankly, any sum would be too little to pay for the sacrifices and services of some, while anything would be too much for others.

Federal dollars spent on rehabilitation, education, job training, disability pensions, insurance and medical care for returning veterans may not attract the attention desired by vote-conscious politicians who propose lump-sum bonuses, but they do far more for the veteran, his family and the nation.

**Proposal C — Removal of sales tax on food and prescription drugs — NO.**

It's difficult to imagine the taxpayer not voting himself a cut. It's even more difficult to imagine some legislators, pretending that some \$200 million can be cut from the state budget. The voter should be wary of this proposal and be prepared to pay another tax if it passes. The dropping of sales tax on

food and prescription drugs could be a most desirable proposal, if it were honestly accompanied by an explanation of how the taxpayer would be asked to make up the lost revenue.

**Proposal D — A \$1.1 billion bond to provide public transportation systems — YES.**

Michigan and the metropolitan Detroit area lag far behind in providing modern, economical and rapid transportation systems for the thousands of citizens who do not, or cannot, drive, who do not own autos, and who must rely on some sort of public or private transportation system to go to work, shop, visit and relax. In reality, good public transportation is desirable for all citizens. Aggressive leadership by the state is needed if such facilities are ever to be provided in Michigan. This broad proposal for land, sea and air systems would finance the project.

At the state level area voters will elect a judge to the newly created 52nd District Court serving Novi and Wixom, and state senators and representatives in both the Oakland county Novi-Wixom area and Northville's Wayne county portion.

The easiest choice for Novi and Wixom voters on the ballot should be Gene Schnelz for district judge.

He has all the qualifications: honesty, ability, experience, dedication, maturity plus youthfulness and a sense of humor.

Voting for Schnelz for judge should be a comforting experience for those who worry about picking qualified men for the bench.

He's exactly what our founding fathers had in mind when they established our court system. Vote for Schnelz.

For state senate in the 14th District, serving all of Northville township and the Wayne county portion of the city, as well as Plymouth, Livonia and Redford township, we repeat our strong support of Senator Carl Pursell.

His district has been changed, cutting out all the normally Republican Oakland county portion and adding Democratically-dominated Redford township. With Plymouth, Livonia and Northville votes, plus strong campaigning in Redford, Pursell should win reelection easily. His fine performance record deserves voter support.

In the 15th state senatorial district, which includes Novi, Wixom and the Oakland county portion of the city of Northville, we favor Democratic Senator Daniel S. Cooper of Oak Park.

Also an incumbent with a new district, Cooper is well respected for his work as a state representative for six years prior to being elected to the senate in 1970.

**Vote for Cooper for state senate in the 15th district.**

For state representative in the 35th district, which includes the township of Northville, the Wayne county portion of the city, and Livonia, we support Incumbent Republican Robert Geake, a Northville resident.

Geake faces a strong challenge from William Joyner of the more heavily populated area of Livonia, but we believe Representative Geake has performed well for his constituents and that his opponent has failed to demonstrate that he could do better in the job. Joyner appears to be easily disturbed by trivia and this disturbs us.

**Representative Geake should be returned to office.**

Frankly, we've had trouble picking our favorite in the 24th district race for state representative (Oakland County portion of city of

Northville, Novi and Wixom).

It's the legislative seat that Republican Clifford Smart filled so capably before he retired.

It's a Republican district, so we suspect Attorney Richard Fessler of Waterford township will defeat Democrat William Brinker, a school teacher from Novi.

Fessler is a strong law and order man and ably identifies the trouble areas associated with parole, particularly where the criminal repeats the crime.

But his solutions are less easy to understand, unless postponing the repetition of a crime for a month or year can be viewed as an improvement.

At any rate, Fessler seems to fit the political mold of the strong party man, hard and able worker, so maybe he can do the job.

Democrat Brinker probably has had less practical experience in the political and legislative arena, but he was an able member of Novi's city charter commission. And he's an educator...and he's concerned and involved in community affairs.

Our staffers living in the Oakland county area will probably vote for Brinker, like they did for McGovern.

## Speaking for Myself

# Teach Latin In High School?

CARL WELSER

YES . . .

A great tragedy of mandatory education in the United States has sprung from the need to streamline and economize the idea of a truly classical education. Latin is, after all, the root and sinew of our native tongue.

No one in centuries past could lay claim to scholarship without a thorough knowledge of Latin. For English speaking people, the failure to study Latin is shortsighted and paralyzing beyond repair.

Sensible attempts are made to offset the demise of Latin by substituting "modern" languages in our curricula. This would be wonderful if only the student were prepared to study a living language by first understanding a dead one.

Classical Latin — dead these many centuries — is the perfect cadaver on which a beginning language student might practice away his initial clumsiness.

Only a grossly provincial person refuses to study the languages of other nations. But I doubt whether 5 percent of French, German or Spanish students ever rely on their experience to converse with people for whom these languages are a native tongue.

On the other hand, fully 100 percent of all Latin students make extensive and lifelong use of their study. English verbs are barely conjugated. You must study Latin to see conjugation at its best. English nouns are rarely declined. You need Latin to understand the notions of the genitive, dative and accusative cases.

Lacking training in Latin, students of English are forever condemned to the arduous practice of "diagramming" sentences in a losing effort to elucidate relationships that are revealed effortlessly by studying Latin.

Michigan residents especially profit from knowing that "peninsula" is just the Latin way of saying "almost an island".

Reverend Carl Welser  
Hamburg Resident

THOMAS CASE

NO . . .

No, Latin should not be offered in the high school curriculum. It is a dead language and has little or no utilitarian value in today's society.

Latin has been dropped as an entrance requirement for medical training and the other professions. You don't have to have Latin to get into an American university.

We do our children a disservice by offering and encouraging them to take Latin in high school. The children who use their precious school time taking a dead language lose the opportunity to learn something of value such as Spanish, history, auto shop, or some other subject that will serve them in their collegiate or vocational careers or in their daily living.

The existence of Latin in our high school curriculum acts as a barrier to change. Valuable resources are tied up in the Latin offering and thus are unavailable for more timely courses. The South Lyon high school curriculum is a good example.

South Lyon offers Latin in the curriculum, but does not offer Spanish which is the second most widely used language after English. South Lyon also has only a few vocational education courses to serve the 60 percent of the students that do not go on to college. But we do have Latin.

Our society is changing and the schools must change with it. It's time to drop the Latin offering and bring on an offering more in tune with the needs of today's children.

Thomas A. Case, Ph.D.  
Vice-president, South Lyon  
Board of Education

## Kissing Cousins Trace the Past

By JACK W. HOFFMAN

If you are like me you have often begun "serious" genealogical research. . . and just as often you have shelved your interest, leaving for another day the acorn of a family tree.

Fortunately, not all people are like you and me. Some, like Donald Sinden, have persisted and their perseverance has produced fascinating results. Sinden, for example, has traced people with his surname throughout the world.

It was partly his genealogical research, partly a desire to enjoy the hospitality of a Northville couple that brought Sinden, his wife, and his brother, Leon, to our community Sunday afternoon. They were the guests of Dr. and Mrs. Donald L. Zinkon of 39900 Stoneleigh.

Mrs. Zinkon is a "kissing cousin" of Sinden and, as such, she is one of the tiny branches on the detailed family tree that Sinden has been assembling over the past several years.

A telephone call a year ago to a Sinden in Seattle led Donald Sinden to a Sinden family in Ohio and eventually to Mrs. Zinkon, a former Sinden. They have been communicating since then—he from England and she from Northville—because both, it turns out, were researching the family tree independently.

Perhaps the most interesting Sinden that his research has uncovered to date was a Happy Sinden—a dancer widely acclaimed in English theatrical circles in the early 20th Century.

Unfortunately for Happy, the theater in those years enjoyed about as much respect as did prostitutes. Fortunately for Donald Sinden, the theater today in England is a highly respected profession. . . and he is one of its most distinguished actors.

He is starring in the Royal Shakespeare Company's "London Assurance" now playing at the Fisher Theatre in Detroit.

His wife, Diane, is a former actress. They have two grown sons. Brother Leon is an understudy in "London Assurance", which moves to the Eisenhower Theatre in the Kennedy Center after its engagement here, followed by a stand in New York.

Besides his Shakespearean and classical roles, Sinden has appeared in motion pictures and on television. He appeared in "The Day of The Jackal" and with Richard Burton in "Villain". This past year, in his first trip to the United States, he starred in the yet-to-be released Walt Disney production, "The Island at The Top of The World".

It was during a theatrical engagement in Australia that Sinden's genealogical research was triggered. A relative in that country asked about family members and Sinden had to confess he didn't know much about them. He promised, however, to search out the information upon returning to England. That search continues today, and according to Sinden, it probably never will end.

He estimates there are 400 living Sindens in the world today, all traceable to the village of Battle in England where the family's recordable history began in 1640. Battle, Sinden points out, is a tiny place but of major historical importance. It was here that the Battle of Hastings was fought—not at Hastings as many histories would have us believe.

It's purely conjecture, laughs Sinden, but available information suggests the Sinden family may have been fathered by a Monk who left an English monastery.

"Has it ever occurred to you that we all have two parents, four grandparents, eight great grandparents, 16 great-great grandparents and 32 great-great-great grandparents?" he asks.

"Genealogy, it seems to me, reduces itself to this: Back in the 17th Century 4,000 people went to bed and produced 2,000 people. And then 2,000 people went to bed and produced 1,000, until eventually it got down to you or me. Isn't it marvelously simple!"

Sinden, who pours over telephone books in every city he visits, urges, "My good fellow, would you please have your readers contact me at the Eisenhower Theater or Mrs Zinkon if they know of any other Sindens?"

### Object to Gun Store Opening in Square

To the Editor:

How many of you have been in the Northville Square recently? The atmosphere of the shops and restaurants is pleasing and inviting, but how long will it stay that way? Are you aware that very soon a retail store will be selling "Guns—Ammo and Reloading Equipment" there? What do these posted words mean? Rifles? Bullets? Pistols? Handguns? Does this

fit in with Northville and the upcoming holiday season? Do any of you really think a shopping mall, in a residential area is the appropriate place for a store like this? Could it in any way be an asset to the center of our community?

The implications are all here. Think about it. . . and do something. There's still time.

Julie Hollister  
Sue Muminger  
Northville

**FAMILY HERITAGE**—Dr. and Mrs. Donald (Novella) Zinkon and their son, Dennis Lee, (left to right), hosted an English theatrical star, Donald Sinden (center), his wife Diane, and his brother Leon Sinden here Sunday

afternoon. Sinden, a genealogical researcher, is a distant cousin of Mrs. Zinkon. He is currently starring in a Victorian comedy at the Fisher Theatre.

## Shocking Specials

### Groups Cook up Halloween Fun

#### Haunted Houses...

Spooks began roaming last night, scaring the dickens out of those brave enough to visit the Northville Jaycees' haunted house in the old building on the former Farmcrest Dairy farm at Six Mile and Bradner roads.

The hair-raising adventures continue through next Wednesday, October 30. Hours are 7 to 10 p.m. on weekdays and from 1 to 11 p.m. on weekends. Call either Sam Hall, 349-6593, or Arlen Westling, 349-5698, for details.

The old stand of ghosts and what have you are moaning again in Novi where an estimated 15,000 persons are expected to visit the haunted house located on Novi Road between Nine and 10 Mile roads.

Novi Jaycees' house is open from 6:30 p.m. on weekdays and from 1-10 p.m. on Saturday and Sunday through October 30. Call Nancy Hemker, 349-5743, for group rate information.

#### Party Treats...

Dr. Magic and other magicians will be on hand to entertain area youngsters age 10 and under at a Halloween party from 7 to 9 p.m. Halloween Night (next Thursday) in the community room at the rear of the upper level in Northville Square.

Sponsored by the Northville Square merchants' association, the evening also will include free hayrides at the square, games and prizes, cider treats for youngsters and coffee for their parents. All children attending, the association stresses, must be accompanied by their parents. Parents will be able to obtain the free tickets for the hayrides at a booth at the

entrance to the community room. During the party, Main Street between Wing and Center will be closed to traffic for the hayrides. The party is timed to begin

at the end of the 7 p.m. begging time for most small children. It is being held in conjunction with the annual open house held by Northville firemen at the Main Street station.

Square merchants hope that the party will become an annual event.

#### Window Painting...

Northville high and middle school students are invited to celebrate Halloween early this year by decorating downtown store windows with "Halloween Hallucinations" between 10 a.m. and noon this Saturday.

Under sponsorship of the Northville Jaycees, the window-painting will be done by teams of four to six student painters. Registration is from 9 to 10 a.m. at a booth in the municipal parking lot on Main Street next to Northville Drugs. All participants must sign in and each team must present a rough sketch of their interpretation. Store window assignments will be on a first-come basis, the Jaycees state.

Jaycees will provide poster paint, containers for mixing colors and for water and sponges. Teams preferring to use stencils, brushes or other materials must provide their own.

The completed work will be judged, with special consideration being given to best use of space available, details included and

originality of ideas. Neatness of surrounding area and the sidewalk will be considered in judging.

"Our goal is to make Northville even more beautiful," the sponsors say. Judging will be done at noon with all participants receiving free passes to the Northville Jaycees' haunted house.

#### U-M Promotes Local Resident

One Northville resident is among three University of Michigan-Dearborn faculty members who received promotions and another resident has been hired as a supplemental faculty member.

Jane T. Fan was promoted from adjunct lecturer to lecturer in chemistry.

Hired as one of three new supplemental faculty members for the School of Engineering was Bruce W. Butske, adjunct lecturer in mechanical engineering.

### Novi Open House Termed A Success

To the Editor:

The public response to the jointly sponsored Novi Firemen and Novi Jaycee Auxiliary Fire Station Open House on October 12 was beyond all expectations. We would like to thank the many people who gave extremely generous donations to the Burns Awareness program, all the firemen and their wives who put in so many hours on this event, all the members who gave of their time to work and all the children who filled out their Fire Safety check lists.

you signed your name, you can pick them up at the Fire Station. To say we had over 2,000 people would be a low estimate. Thanks again to the great people of Novi for their support of this entire program.

Joanne McNary, President  
Novi Jaycee Auxiliary  
Nancy Heinonen, chairman  
Fire Station Open House  
Kathy Crawford, chairman  
Burns Awareness Program

To those of you who came near the end of the Open House, we apologize for running out of fireman hats. If

# O'Shea Surfaces to Rip Pursell's Record

## Incumbent. . .

Continued from Record, 1

Democrats, permits him the luxury of coasting, says the senator from Plymouth.

"Every vote counts," asserts Pursell. "If my support stays home on election day I'm finished politically. . . it's as simple as that."

So Pursell admittedly is "running scared", pumping for every vote as he stresses his senatorial record as well as his service on the Wayne County Board of Commissioners. He doesn't criticize his opponent, he says, because he doesn't know much about him.

When asked why he has UAW support and some Democratic support, he replies:

"I think the basic responsibility of a public official is to represent the people who make up his district. When I was on the county board I did that. Issues are the most important thing to me, regardless of partisanship. And I see in my district a high rate of independent, rather sophisticated voters who are intelligent, who know who the candidates are, and if they come out to vote will split their ticket. This is one of the highest ticket-splitting districts in the country. . .

"I am very pleased to have Democratic support as well as independent and Republican support. Even when I was in a 'safe' Republican district I still had a good representative interest in the working man. . .

"I am pleased to have all the labor endorsement — UAW, AFL-CIO, Teamsters, building trades and all of the organizations affiliated with the working people in our district."

County reorganization is not a "popular issue", says Pursell, but he nevertheless is proud of the fact that he developed the county executive concept "of bringing good management into county government. It is one of the 'model' bills in the country. It's permissive legislation; we did not mandate change because I still believe strongly in local government."

"In Northville I was pleased to develop enabling legislation, working with your school leaders, on the 45-15 plan. Basic concept is to allow local school districts to develop alternative forms of utilizing school facilities on a year-round basis. Now that's going to save the taxpayers millions of dollars in capital outlay money, although I'm not so sure it will save money in operating expenses."

A third piece of legislation of which Pursell is proud concerns recycling of solid waste. "And that bill, too, is considered a 'model' bill in the United States. It has passed the Senate and it is almost complete in the House, and we will be looking at it in November."

"This legislation will bring into Michigan free enterprise that is looking for a single state with enabling legislation to encourage the private use of technology. It means utilizing recycling technology to turn solid waste into a source of energy rather than dumping it into landfills. That's the long range goal. It won't happen overnight, but admittedly it is the long-range solution that interest me. I'm not too interested in crisis-to-crisis kind of legislation to deal with the state's problems."

Pursell also points to the clean-up-of lakes projects he is spearheading in the district. "We have almost \$400,000 in the fund this year to start some channelling, to put in some fishing docks, and we are going to restock those (Phoenix and Wilcox) lakes hopefully with northern pike."

"I'm also excited to be able to help in establishing a bicycle path from Maybury (state park) in Northville through the parkway system — 20 miles. That program has now been concurred on by county officials and by federal officials, so we will have a multiple funding mechanism to establish a bicycle path in this area. It will be the longest and best in the state. The first leg is already completed."

Referring to the proposed new state police post planned in Northville Township, he says "we are pleased to have been able to bird-dog that project through the legislature. In terms of financing it will be a \$2 million project, but more importantly this largest state police post in Michigan and its crime lab will be a major boost for law enforcement in Northville and throughout the remainder of the area."

Pursell says he opposes the proposal to repeal sales tax

on food and drugs.

"I'm a member of the Senate Appropriations Committee and I have a pretty thorough knowledge of our state budget. . . Repeal will take \$200 million away from the general fund — monies that ordinarily would go to local schools, to our mental health facilities here, and to cities in the way of revenue sharing. So I must agree with the Governor on this point: if the people elect to repeal the tax we will have to replace it to fill the gap in our budget. Otherwise, we will have to cut back on the budget."

"Now I think there are some areas where we can cut back. Sander Levin is partially right when he says there is some fat in the budget, but I disagree with him when he says we won't have to replace any of the \$200 million."

"I can see some reason for popular support of repeal, especially by senior citizens. But I'd rather see a reduction in property tax than in sales tax. Property tax is the most serious burden our senior citizens have today. . .

"I sponsored a constitutional amendment now being debated by people interested in some kind of educational financing that is not so dependent on property tax. . . I do not want to go to a 'Proposal C' type question, which was defeated heavily in '72, to completely wipe out property tax. I think there is reason to have 12 or 13 mills of property tax, rather than the state wide average of 26 mills, for local financing of schools. With local financing you get local control."

"If you abdicate all your responsibilities to Lansing or, as in the case of the welfare system, to Washington you lose control of the program. That is what has happened to welfare. We have abdicated that problem. Cities have said it is too tough a problem, let's give it to the boys in Lansing or the people in Washington. Consequently, we have no statutory authority in the welfare program to any extent. We end up matching dollars. The federal government writes all the rules and regulations on welfare, and I wouldn't want to see that happen to education."

Pursell contends the importance of "checks and balances" is just as critical on the state level as it is in Washington. Abuse of the executive branch cannot be tolerated at the state level any more than it can in Washington, he declares. That's why, he explains, he did not back the Governor when he vetoed the bill that gave the Legislature a few extra days to review rules and regulations developed by departments."

"The departments in Michigan government," he asserts, "have more power than the Legislature. Public health department, road commission, all of these kinds of departments have tremendous amounts of power in rule-making authority. And these rules become effective within 60 days if the Legislature doesn't turn them down. It puts us in the negative position of having to turn them down after the fact rather than reviewing them constructively. And when we go back in November I think the House will override his veto, too."

"Restoration of the role of the legislative branch of government in Michigan as policy maker is absolutely vital. The governor's office has 250 people on its staff. We don't have that kind of talent in the Legislature to develop research on long range solutions to solid waste, or taxation, or education. It's way out of balance. And regardless who the governor is, I'd like to restore the co-equal balance of government in Michigan."

## Challenger. . .

Continued from Record, 1

That kind of support, he suggests, plus the ground swell of resentment against Republicans growing out of the Watergate affair, plus the redistricting that makes the 14th District lean towards Democrats will help sweep him into office.

"It is a Democratic district now — 53 percent — and considering the events of the last two years I felt the opportunity was there so that's why I got into this race," he explains.

The fact that he hasn't attended many public candidate functions, he says, isn't a matter of avoiding them but rather that he hasn't been invited. He says it has been difficult for people to reach him because he recently was married and has been away on a honeymoon.

His experience, suggests the Redford Township constable, qualifies him to hold the job and he quickly ticks off the following: Member of the 17th Democratic District executive board, chairman of Wayne County Young Democrats, recording secretary for 17th District UAW CAP, precinct delegate, member of Wayne County Democratic Committee, state convention Democratic delegate, and involved in Redford Township politics for six years.

Senator Pursell "has one of the worst voting records I have ever seen," argues O'Shea. "Again and again Carl Pursell has evaded, ducked or walked out on many votes on important issues. . .

"Carl Pursell didn't vote for the repeal of tax on food and drugs."

"Carl Pursell again failed to vote the bill that would have given senior citizens with limited income 50 percent break in their utility rates."

## Township Trustees To Cut \$85,000

Continued from Record, 1

Supervisor Wright said he believes that if the township "went to the electorate for operational millage, we would get it."

Klein disagreed and Mrs. Tegge said that "people are really concerned about their pocketbooks."

MacDonald said that "I have a basic belief in people that given a rational direction to go, they will accept it, barring a depression."

He added that the "township cannot continue to perform and give services under the one mill. We can go with the city as one and mutually share costs and services or we can continue to be separate, becoming a charter township (five mill tax limitation without a vote of the people) or becoming a separate city."

"If we become a separate city, it would mean starting from scratch," MacDonald said.

"We have got to get together or it will be like this all the time," he stated.

"Carl Pursell failed to vote for the Michigan State Police appropriation bill for the last four years."

"Carl Pursell failed to vote for public health appropriations for the last four years."

"Carl Pursell failed to vote for a bill that would have given Michigan Blue Cross-Blue Shield subscribers their choice to go to any hospital they want regardless of what was stipulated in their contract."

"I could go on and on and on, and it's right in the record. . . the people in the 14th District didn't have a voice on issues such as crime, education, senior citizens, welfare. I'm exploiting his non-voting record and people are very receptive to it."

Key to his own campaign, he says, is a strong plank to force the state to return more tax dollars to local communities to improve police services.

"We've been campaigning on crime, that's the big one. Crime is up 47-percent. I think something has to be done. I think the old formula of one police officer for 1,000 citizens is completely outdated. I think we need more state aid to accomplish that. We need two policemen in a car; we need to increase the size of our police departments. We need more revenue sharing (money) for local governments for this."

Furthermore, O'Shea contends police officers must be able to function without unfair residency requirements dangling over their heads. If elected he will introduce legislation to abolish these requirements in all communities in Michigan, he says.

O'Shea supports the proposition calling for veterans' bonuses, supports the mass transit proposal, and strongly endorses the repeal of sales tax on food and drugs.

He takes pride in the role he played in getting the latter proposal on the November ballot.

"It's something that needs to be passed, something I worked very hard for especially in the last weekend before the deadline when they were short of signatures."

"When you talk about the repeal of sales tax on food and drugs, Carl Pursell failed to vote for it on the Senate floor. Consequently, a lot of people had to put in a lot of hard hours, including myself, in order to put that issue on the ballot."

To pay for increased local police services, O'Shea proposes to chop appropriations for the Michigan Department of Welfare and for higher education.

"The department of welfare is nothing more than a give-away program from what I can see," he asserts. "I think we need legislation to combat it, to keep it down, to control it. . . As it is now Michigan is turning into the pot of gold of the North, a perfect place to move into and to draw welfare almost immediately."

As for state aid to higher education, he is convinced too much money is being poured into colleges and universities attended by less than 20-percent of children coming out of high school. "The government spending is way out of line. I think the Republican administration has been extravagant, and I think it is about time we revamp all our spending for (education) and come up with a new formula in order to disperse the state funds."

When his suggestion that "floating of bonds" to pay for veterans' bonuses will not cost any tax money is challenged, he replies that the proposed expenditure "is just a drop in the bucket", that it is unfair to have paid bonuses to veterans of earlier wars and not to Vietnam veterans.

To offset the loss of revenue from the repeal of sales tax on food and drugs, O'Shea suggests the state "begin using" monies from the Michigan Lottery. He believes revenues produced by the lottery have been flowing into a frozen fund at a rate of about \$1 million per week and have not yet been tapped.

When asked again if he believes lottery monies are not currently being used, he replies, "I wish I had Senator Pursell's insight, or, not insight, but I wish I had the opportunity to have all the facts and figures which I don't. I only have a small portion of them. They are very hard figures to come by, I'll be very frank with you."

He adds that if lottery monies are not untouched there are other areas in the state budget where excess monies exist that can be used for priority items such as local police department improvements to combat crime.

"You have a lot of (earmarked) funds sitting there for appropriation of roads," he points out. "You have billions of dollars that are sitting there that they are unable to use for the roads, that are not needed, that are over appropriated. It's not needed at this time. I think frozen funds like that should be broken loose for the needs of the state at this time."

## 8 Mile-Novi Signal Nears Installation

Motorists traveling through the Eight Mile - Novi Road intersection will have to wait at least until mid-November and possibly until Christmas before the traffic signal is installed.

According to the Wayne County Road Commission, the order for installation of the signal was placed with Detroit Edison in mid-September. Normally, it takes 60 to 90 days from the time of order until the light is in operation.

Although the intersection is inside Oakland County, Wayne and Oakland counties share the maintenance of Eight Mile Road. Cost of the light, estimated at \$7,600, is also being shared by the two.

The Eight Mile - Novi Road intersection has had the highest accident rate in the City of Northville for the past several years, most of the mishaps caused by driver confusion over turning onto and off of Novi Road and nearby Novi Street.

## Budget Hearing Set for Monday

Continued from Record, 1

and 3 p.m.

Spear estimates that returning to the seven hour day "will save about \$4,500 in transportation costs."

He added that a mid-year budget review will be held and "if things look better and we have the money, we will reinstate some of the items we have cut."

Anticipated revenue included in the proposed budget calls for \$3,729,257 to be raised through local taxes with an operational millage of 28.07. Total tax rate will be 35.4 mills, the same amount levied last year. Total locally generated revenue is estimated at \$4,081,157.

Federal and state support is estimated at a total of \$1,175,939, including \$948,839 in state aid. Last year the district received \$1,099,523 in state aid.

## Party Aids Annexation

A pro-annexation, fund-raising cocktail party will be held at 8 p.m. Friday at the Drawbridge Restaurant.

Anyone in the community interested in supporting a unified Northville may contact Mrs. George Kausler, 349-6044, city chairman for the event, or George Berquist, 349-1324, township.

Anyone unable to attend who would like to make a donation may mail it to Charles Gross, 400 Orchard, Northville. There is no set price for the cocktail party, Mrs. Kausler explains, but donations will be taken.

**Grand River To Get Fill**

That slag fill on a low portion of Grand River that flooded last spring is going to get a paved surface before the snow flies, if plans of the Oakland County Road Commission materialize.

Vice Chairman Frazer W. Staman, of the Board of County Road Commissioners, says the board has accepted a low bid of \$15,137 by the Morrison Company to improve drainage and apply an asphalt pavement over the slag fill.

Staman said the contract will be awarded immediately for construction this fall.

The Brighton Argus / THE SOUTH LYON HERALD

Wed., Thurs., October 23-24, 1974

## Brighton's First Stop

## Artrain Opens with Flourish

Artrain, the six-car touring exhibit of the Michigan Council for the Arts, opened last Wednesday with official ceremonies under the big tent next to the Train in downtown Brighton.

A host of local officials were on hand. But the featured dignitaries were Mrs. William G. Milliken, one of the prime movers in the Michigan Council for the Arts, Thomas G. Sharpe, state representa-

tive from the 51st District, and E. Ray Scott, executive director of the Michigan Council for the Arts.

Scott praised Sharpe for providing the deciding ninth vote among House Appropriations Committee members. Sharpe's vote, Scott said, assured the Michigan Council of the Arts that it would receive the \$2 million in operating funds that

it requested.

Master of ceremonies was Dick Kelly, chairman of the Brighton Artrain Steering Committee and the newly organized Brighton Council for the Arts.

The focus was on Artrain during its stay in Brighton, which ended Monday night, but sharing the spotlight were local artists who demonstrated arts and crafts

in Artrain, around the Mill Pond in downtown Brighton and at the Brighton Mall.

Featured also during the Rainbow Festival, the name given to Artrain's appearance in Brighton, were performing artists, amateur and professional, who provided entertainment under the big tent. Brighton was Artrain's first Michigan stop after returning from a southern tour. The train now will tour Michigan

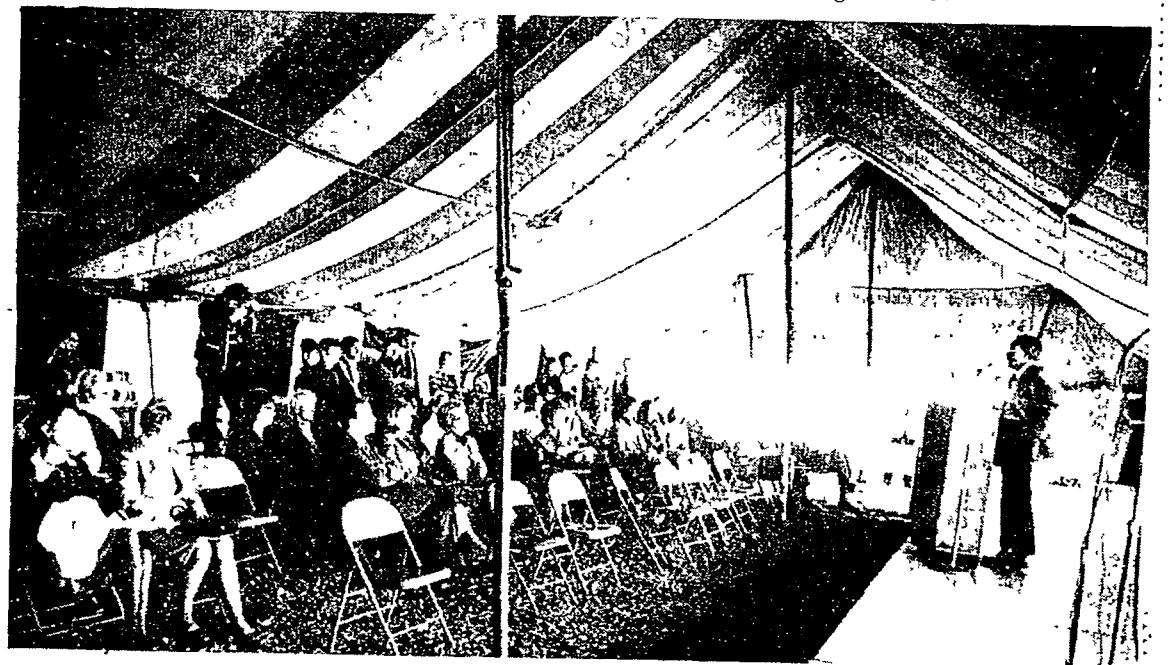

until December, bringing to thousands a new 20th Century art display featuring works from various state galleries and collections.

John Hohmann of Artrain says that Artrain will be renovated for the Bi-Centennial Celebration in 1976. Historical works of art will be featured proclaiming the 200th birthday of this nation.

## Festival

## Festivities

Artrain's visit to Brighton officially got underway last Wednesday with E. Ray Scott, executive director of the Michigan Council for the Arts, addressing local officials under the big tent, with Mrs. William G. Milliken, alongside Dick Kelly, chairman of the Brighton Artrain Steering Committee, cutting the ribbon at the entranceway to Artrain, and with a hot-air balloon taking off from the Artrain site along the railroad tracks in downtown Brighton.

## Out of the Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments and horse show news to Sally Saddle, care of the South Lyon Herald, South Lyon, Mi. 48178.

A healthy horse... Stands squarely on his four feet, seldom resting a foreleg unless there is something the matter with it.

His coat is shiny and soft and lies down flat and smooth.

His eyes are wide open and the eye lining (as well as the inside of the mouth and nostrils) is a salmon-pink color.

His appetite is normal. His skin is slightly moist, no perceptible sweating just moist enough to keep the coat soft and the skin supple.

His pulse (felt by the tips of the fingers) over the large artery where it rounds the lower jaw immediately in front of the heavy muscle of

the cheek is steady and even when the horse is at rest with about 33 to 40 beats per minute in mares and geldings and 28 to 32 in stallions. The younger the horse, the faster the pulse, while the well-bred horses show a higher pulse rate than cold-blooded animals.

His temperature normally registers between 99.5 and 101 degrees, being lowest in the morning and highest in the afternoon.

(The horse's temperature is normally taken with an ordinary greased rectal thermometer or a special equine type that has a string and a ring to prevent it from getting lost in the rectum.)

His breathing is even and quiet when at rest with eight to 16 counts per minute.

His bowel movements take place four to eight times during each 24 hour period and the droppings are free from mucus and odor. A healthy horse's digestive system is almost constantly at work. You can usually hear the rumbling of peristaltic sounds when you place your ear against the horse's flank.

His urine is light yellow in color and slightly cloudy. It is eliminated five or more times a day in a total quantity of four or seven quarts.

His limbs and joints are free from excessive heat and swelling which are most easily detected by running your hands down the legs and comparing each limb to its matching one.

(article reprinted from "A Horse of Your Own" by M.A. Stoneridge)

349-1700 (Northville)

Young people and adults from the Lord of Life Lutheran Church will be participating in a 10-mile walkathon with other churches in the Detroit area this Saturday, October 26. The walk will begin at St. Timothy Lutheran Church in Oak Park and end at the Augustana Lutheran Church in Detroit. All donations collected on the walk will go to the World Famine Relief fund. Last year the Lord of Life contingent raised over \$300 for the fund. All interested persons may join the church members at 9 a.m. Saturday at Spencer Elementary School or call Pastor Dave Kruger at 229-4896 for further information

+++++

The Brighton Rotary Club is sponsoring Hurricane Relief, a project to collect light-weight summer clothing for Honduran hurricane victims. Clothes for persons of all ages and sizes may be donated before the Sunday, October 27, deadline. The local gathering place is the home of Mr. and Mrs. Robert Leland, 1125 Spencer Road in Brighton. Persons are asked to call the home at 227-3611 before bringing donations. Clothes will be taken from the Lelands to the Calvary Lutheran Church in Southfield, the depot for the Southfield Rotary Club. From there, eight trailers will transport the clothes to Gulfport, Mississippi where the United Fruit Company will pick them up for delivery to Honduras.

+++++

The Reverend Herbert VanderLugt will be preaching at the Fellowship Bible Church this Sunday, October 27, at the 10 a.m. and 7 p.m. services. He will also conduct a "Question Box" at the 11:15 Sunday school program. Mr. VanderLugt has pastored the Zeeland Baptist Church, led the "Question Box" Christian radio program, and published religious study books and pamphlets. He is currently a contributing editor of the religious publication, "Our Daily Bread."

+++++

Pastor Jim Krauss of the Highland Church of the Nazarene announced that the Envoys, a male quartet from New Jersey, will present a Concert of Gospel songs October 20 at 7 p.m. at the church. Mr. Krauss said the group travels about 100,000 miles a year in the United States performing gospel and sacred music

+++++

The United Methodist Women of the First United Methodist Church of Northville remind all persons making items for the church bazaar that deadline for submission is November 1.

## A Real Entity or a Symbol?

# Ministers See Different Devils

God cast Lucifer out of heaven for his insurrection,

and with the new name of Satan, the Devil began "his ministry to separate man from God", Mr. Warren said.

Unlike God, Mr. Warren said, Satan is not omnipresent or omniscient. Therefore, he has a legion of demons, other fallen angels, to assist him in his evil work.

Though Satan is the ruling force of evil and exists in opposition to God, he is nonetheless a part of God's dominion, Mr. Warren said

Why, then, does God, the assumed Creator of good and love, allow Satan to perpetuate evil and separate man from God?

Mr. Warren explained that God created men with free wills. As Lucifer chose to rival God and thus fell from heaven, so can men choose to follow Satan or God. Thus, Satan enters our lives only by our own choosing, by our questioning and doubting God, Mr. Warren said.

In Mr. Warren's view, the current revival of the occult and heathen practices of witchcraft, hypnotism, and spiritualism are symptomatic of Satan's influence in the world today.

"The Devil is the root cause of all evil in the world today. He is a very real person with whom people can develop personal relationships just as they do with Christ. He is working only because men have willfully availed them-

selves of him," Mr. Warren said.

"But, as the Bible says, I believe he will be condemned to hell in the end. But I also think it's going to get worse before it gets better. There will be more occult in the world, and more devilry. Those trends will set the stage for the second coming of Christ—and that will happen soon."

Mr. Warren said he believes it is possible for persons to be possessed by the Devil because Jesus cast demons from sinners.

Other pastors share Mr. Warren's view of a real and personal devil.

The Reverend Roger Hartwig of the Assembly of God Church in Howell said, "Satan is alive and well on earth."

Mr. Hartwig said Satan is a real being, with the power to come into our lives and possess us.

"But I don't have to fear the Devil because I have the love of God in my heart. No person who loves God need fear possession by the Devil," he said.

James Miller, presiding overseer of the Brighton Jehovah's Witnesses, said there are two spiritual influences in the world, God and Satan.

Commenting on the sin and corruption in the world today, Miller said "The whole world is now in the hands of the Wicked One or Satan

"Satan works like a criminal to enter the minds of the selfish and doubting. He moves secretly and stealthily. He doesn't advertise his presence, but he's there all the time."

The Reverend Carl Welsler of the Hamburg Lutheran Church takes a less literal view of the Devil.

According to Mr. Welsler, the Devil is the spiritual

personification of evil, "a representative of ever-present temptations," and he said most people in his church believe in such a representative of evil.

Mr. Welsler says he does not believe in possession by the devil.

"I would tend to think of so-called possession by the devil as any other psychosis or mental illness, to be treated like those diseases," he said.

Mr. Welsler says, as much as persons may believe in the Devil as an opposite figure to God, he does not think most people dismiss responsibility for their own wrong-doings and blame the Devil.

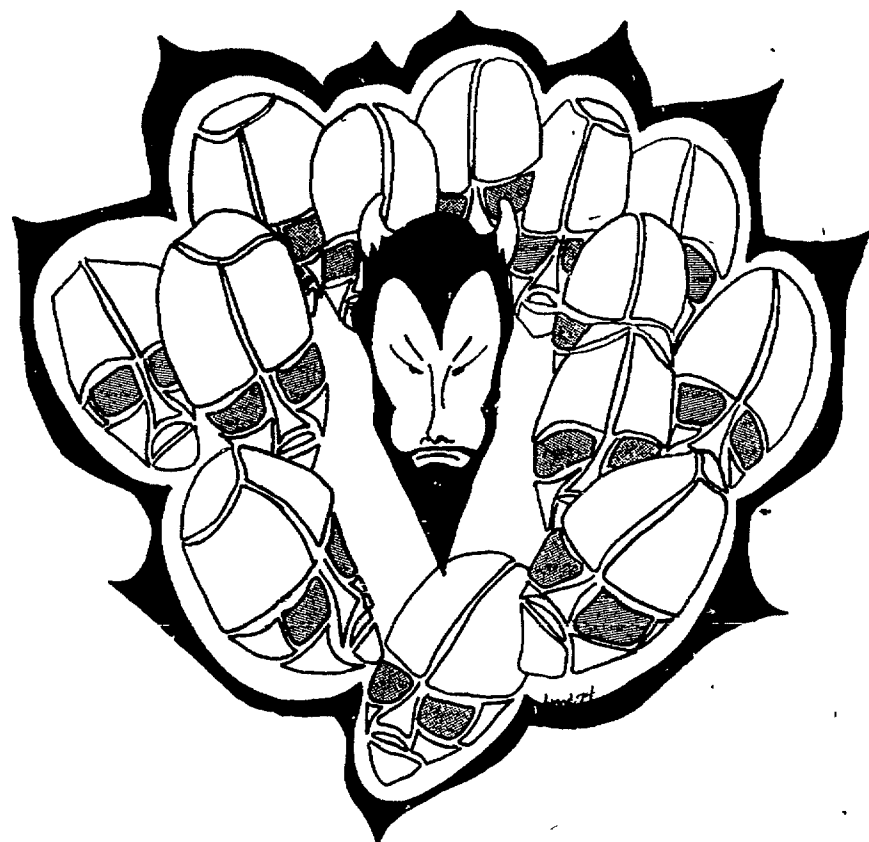

"I think most persons are more likely to blame themselves or other persons for their wrong-doings. They don't sincerely say, 'The Devil made me do it.'"

The Reverend Larry Carver of St. Paul's Episcopal Church of Brighton says he never uses the word "devil" in his sermons, though he refers to "the demonic" and sin.

"I don't conceive of the devil as an individual, a little red man with a pitch fork, he said.

"Evil," he said, "is passive rather than active. It is the absence of good. Evil happens when persons lose sight of the Gospel, rather than by possession of the Devil.

Mr. Carver speculated that most Protestant and Catholic denominations interpret the Bible's depiction of the Devil "symbolically rather than literally"

**THE DEVIL AND HIS DEMONS**—The fact we associate the Devil and devilry with Halloween stems from a religious tradition, says the Reverend Carl Welsler. In early Renaissance Europe, pilgrims traveled to holy capitals Halloween night to commemorate All Saints Day November 1. The pilgrims believed that the Devil cast his demons on them in the forms of ghosts and goblins to thwart their mission.

## Pinckney Church Honors Veterans

The Pinckney Congregational Church is sponsoring an Annual Veteran's Service this Sunday, October 27, expecting about 1,000 participants in its Fifth

Annual Veteran's Service this Sunday, October 27, announced the Reverend Henry Reinewald.

Among the guests marching in the parade and attending the service will be Senator Philip Hart. Mr. Reinewald

said this is the first occasion he knows that the United States Senator has visited Pinckney.

Other guests will include State Senator Gilbert Bursley, State Representative Thomas Sharpe, the Livingston County Board of Commissioners, the Putnam Township Board, and Pinckney Village President Leonard Lee.

In addition, presidents of all eight state veteran's auxiliaries will be present, as well as state commanders of four of the eight organizations.

Mr. Reinewald said the church started the special veteran's service when he came to the church five years ago because "there was no service of recognition for veterans in Livingston County at that time.

"At our first service, we had twelve veterans in attendance. The third year, about 250 veterans attended, and last year we had over 700 participants," Mr. Reinewald said.

Activities will begin at 10 a.m. Sunday when all guests, veterans groups, and the Fifth Regimental Band of Howell will assemble at the Village Square for a parade down Mill Street to the church.

After the morning service, the Fifth Regimental Band will present a concert in the field adjacent to the church, and the Hamburg V.F.W. and Ladies Auxiliary will hold a luncheon-picnic.

Mr. Reinewald said the day has become a "true family affair and everyone is

**RURAL HILL BEAUTIFICATION**—Split rail fencing has been installed on the south side of the bridge at the entrance to Rural Hill

Cemetery. Besides providing protection the fencing enhances the approach to the cemetery owned by the City of Northville.

### The GLENS at Hamilton Farms:

**Possibly this area's most luxurious apartments. You decide.**

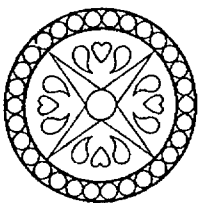

You get the best of old Brighton, and the best of the new. A gently rolling site with duck ponds, woods, the beauty of unspoiled nature. Yet nestled snugly, unobtrusively among the trees are some of the most luxurious apartments in this area. Or anywhere.

You can choose from studio, one-bedroom, two-bedroom units (some with two baths). The quality of design and construction is obvious. In the living room: large sliding glass door to balcony or patio. In the kitchen: range, double-door refrigerator/freezer, sound-conditioned

dishwasher. In the bath: ceramic-tiled tub and shower and vanity. All through the apartment: wall-to-wall carpeting, individual gas heat and air conditioning unit, insulating glass. Acoustic barriers between apartments. Carpets available.

The Glens is a completely separate apartment community at Hamilton Farms. With a private swim club for residents only. And the rural, peaceful environment that attracted you to this area in the first place. The Glens at Hamilton Farms. Luxury, redefined.

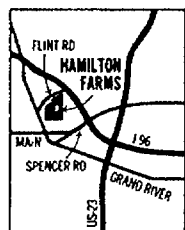

**Studio, 1- and 2-bedroom apartments from \$185**

## BUSINESS BRIEFS

**BIG BOOST**—Northville's junior football program received a shot in the arm recently with a donation from Arcade 5, one of the businesses located in Northville Square shopping center. Accepting the check on behalf of the Colts organization from Arcade 5 owner Gene Wagner is Tom Campbell. They're standing in front of Arcade's new outside entrance located on Wing Street.

**MIEKE SABO**, owner of Mieke's Country Curl in Wixom, plans to open a gift shop soon to share a place with her beauty salon at 131 North Wixom Road. The beauty salon, which features 'country' decor, is located south of the post office. Besides the owner, Pam Westervelt is an operator in the salon.

**NORTHVILLE'S** highly successful farmers market, currently held each Thursday on a municipal parking lot in the city's central business district, may be moved indoors soon as colder weather arrives. A spokesman for Northville Square shopping center, also located in downtown Northville, said a portion of the center is being considered for the market.

**JOHN C. JAMESON**, 45743 Clement Court, Northville, has qualified as a member of the 1974 Star Club of New York Life Insurance Company.

The Star Club is composed of New York Life agents who achieved significant sales records in 1973-74, according to General Manager Fred E. Rogers, C.L.U. of the company's Michigan General Office.

**STUART POLLOCK** of Northville has been named a Producer-Director on the staff of Channel 25, WVIZ-TV, Cleveland's public television station, where he will work with public-affairs and instructional programming, including the production of the weekly interview show "Kamm's Corner".

Son of Mr. and Mrs. S. W. Pollock, Sr., 20590 Clement, Northville, he holds a BA in Communication Arts from Michigan State University (1966) and has been in the radio-TV field for 18 years. He worked in Detroit and Lansing radio, and was affiliated with WKAR-TV, Lansing, for seven years, where he held the position of Senior Producer-Director.

**JAMES T. PONDER**, of 42232 Westmeath, Northville, has been appointed treasurer of the Alexander Hamilton Life Insurance Company of America by the board of directors.

According to executive vice-president of finance, Patrick M. Sheridan, who announced the appointment, Ponder will be responsible for the activities of the Investment Department including management of the company's \$160 million in assets.

A native Detroit, Ponder earned a B.S. Degree in accounting from Wayne State University in 1967, the same year he joined the Alexander Hamilton organization. He was promoted to supervisor of accounting in January, 1970, and has held various management positions since, including director of accounting and controller, the post he held prior to this appointment.

He and his wife Pamela have two children. Alexander Hamilton Life Insurance Company of America, the principal subsidiary of Hamilton International Corporation headquartered in Farmington Hills, Michigan, has over 100,000 policy holders, with more than \$1.2 billion of life insurance in force.

# Nine Men Campaign for Governor

**LANSING**—Michigan may be tops in the nation in distribution of doctors, dentists and other health personnel — but there are serious problems in some parts of the state.

So the Michigan Health Council and several other organizations are putting on the fourth "Physicians for Michigan Communities Health Fair" next month at Michigan State University in East Lansing.

**THE FAIR WORKS** this way: Folks looking for medical personnel for their towns, clinics or organizations set up display booths, touting the good points of locating in their areas.

Earlier this year, at a similar fair in Ann Arbor, the Rev. Tom Wantland, pastor of St. Sebastian parish in Bessemer, represented Gogebic County. Delegated for the job by his area Kiwanis, Rotary and Jaycees, he spoke of Gogebic County's medical clinic, public and private schools, community college, availability by air to other areas — and "the best skiing in the world."

**CHECKING CAREFULLY** all the displays are medical and osteopathic medical students, interns and residents — those trying to figure out where to settle when their education is completed.

A recent poll of medical trainees in

the state, commissioned by Michigan Blue Shield, showed: 52 percent of the students planned to secure internship positions in other states; 28 percent of Michigan's interns planned to go elsewhere for residency training; and 46 percent of the residents in training in Michigan hospitals at the time of the poll planned to begin their practice in other states.

**A RELATIVELY SAFE** prediction today is that either Republican Governor William Milliken will win reelection in November or Democratic challenger Sander Levin will unseat him to become the next Michigan chief executive.

But there are seven others running for the governor's seat, so if you're looking for an alternative, you can think about these candidates.

They are: Zolton Ferency, Human Rights Party; Hugh Davidson, American Independent Party; Eldon Andrews, Michigan Conservative Party; Thomas Dinnis, Communist Party; James Horvath, Socialist Labor Party; Robin Maisel, Socialist Workers Party; and Peter Signorelli, U. S. Labor Party.

**ALONG WITH** the gubernatorial and other candidates, the ballot will include four major issues:

—Limiting use of the Motor Fuel Tax Fund,

—Authorizing sale of Bonds for bonus payments to Vietnam and other veterans.

—Removing the sales tax on food and prescription drugs.

—Authorizing sale of \$1.1 billion in bonds for statewide transportation systems.

**IF YOU'RE FRUSTRATED** about how your car is — or isn't — being repaired these days, this may not be much consolation. But it may give you hope for the future.

Secretary of State Richard H. Austin says his department already is at work gearing up to implement the new "garage mechanic and facilities licensing act."

**THE LAW**, given final legislative approval in the recent pre-election session in Lansing, calls for licensing of major auto repair shops and certification of some mechanics.

It will take effect in April.

Under the measure, licensed shops must: provide written estimates and do

their work within those estimates; hand over replaced parts so the customer can see they really needed replacing; and have surety bonds.

**GOVERNOR WILLIAM MILLIKEN** called the bill a "major step toward the protection of one of Michigan's largest consumer groups — the motoring public."

In the same vein, Attorney General Frank Kelley said the bill "will go a long way towards correcting what has become the No. 1 complaint of Michigan consumers."

Kelley also recalled results of a survey conducted last year by his office, in connection with the Michigan Citizens Lobby. "Of the 35 dealerships surveyed, more than 70 percent were either incompetent dishonest or both," he said.

**A 25-YEAR OLD MICHIGAN** woman now represents the interests of this state and all others on the American Revolution Bicentennial Board.

Carol Evans, one of those planning Michigan's 1976 celebration, was named to the post recently by President Gerald R. Ford. She's one of only three members selected from state bicentennial groups for work on the national team.

## Babson Report

# Medical Gains Up

**WELLESLEY HILLS, Mass.**—In 1973 the typical medical and hospital supply company had an earnings gain of about 20 percent over that of the prior year. Another good increase is being racked up this year. Furthermore, the prospects for additional gains as the 1970's move along look very bright.

Overall spending for health care continues to represent an increasingly large share of total personal spending.

Even though most of the important companies engaged in the business of supplying hospitals, nursing homes, and the like with medical equipment are still experiencing good sales and earnings increases, one would never know it by looking at the prices at which their stocks are selling. Over the past year or two they have all fallen sharply.

**THE PRICES** of the stocks of such companies as Barnes Engineering, Damon Corp., Bio-Dynamics, Cordis, Cenco, and some others are only a fraction of what they were in the early 1970's. Even the stocks of some of the leaders in the field such as American Hospital Supply, Baxter, American Sterilizer, Searle, and Becton, Dickinson have taken it on the chin.

This price weakness has been due chiefly to the general decline in the stock market, where selling emphasis has been on stocks with high price-earnings ratios.

In times past the majority of medical equipment stocks were generously appraised by the investing public; hence, they have come under especially heavy selling pressure.

**AS ALREADY** mentioned, total health care expenditures are continuing to increase, due largely to the big jump in the number of people 65 or older. This group accounts for more than one-fourth of total health care spending. Another positive factor for the medical equipment field is the persistent need for hospital modernization and renovation both here and abroad. In addition, the industry should benefit from advanced

product prices, new product developments, and the continued expansion of nursing homes, medical laboratories, and outpatient care centers.

Furthermore, the shortage of trained personnel means more business for certain makers of time saving medical supplies. Beyond the very near term it seems almost certain that a national health bill will be enacted. When this happens — perhaps in 1975 — it should give a further boost to the medical equipment industry.

**CURRENTLY** there are hundreds of relatively small firms in the business of producing medical equipment. Some, of course, are only one-product companies. But there are also a number of very sizable and prominent corporations that are dominant in the industry.

Among those are American Hospital Supply, American Sterilizer, Baxter Laboratories, Beckman Instruments, Johnson & Johnson, Milton Roy, Cenco, and Becton, Dickinson. Along with these, there are some extremely big firms that produce medical equipment but whose major interests lie in other areas.

These would include General Electric, Boeing, RCA, Litton, and Rockwell International, as well as most of the leading drug makers such as G.D. Searle.

**AT THE PRESENT TIME**, the Research Department of Babson's Reports is advising retention of the stocks of all major companies involved in the production of medical supplies. For those who are interested in acquiring representation in the industry, the stocks of American Sterilizer, G. D. Searle, and Becton, Dickinson are recommended.

The shares of all three of these concerns appear to be oversold and do not reflect the excellent growth prospects. Searle, of course, is primarily a manufacturer of ethical drugs, but in later years it has greatly extended its interests in the medical supply field through acquisitions.

## Phone Call May Produce Free Shrubs or Trees

With the continued growth of freeways and subdivisions in this area, large portions of land continue to be bulldozed and filled. This process puts many attractive trees and shrubs up for grabs on state or developer-owned land.

A phone call to the proper authorities may well get you permission to remove plants before the heavy machinery arrives.

Assuming you have authorization to dig, a few suggestions are in order. Dig the hole in your lawn before you start out. Once the newly dug tree is out of the ground, time becomes crucial. Tender roots begin drying out and dying almost immediately, except in a completely dormant tree, so you need to get it back into the ground as quickly as possible. (Follow the guides in last week's article on hole digging and soil preparation).

To the digging site, take the following: a large spade, a hatchet or sharp pruning shears, rope, a gallon or two of water in a plastic jug, something like heavy cloth to wrap the tree roots in, a large plastic garbage bag, and a bushel basket.

Your aim is to remove as large a root ball as possible, preserving as many roots as possible. In their natural state, the roots of deciduous trees and shrubs extend out from the trunk as far as the branches do. Most evergreens have a tap root as long as the tree is high. In either case, you won't be able to dig a root ball large enough to get all the roots.

Nurseries avoid this problem by root pruning. They regularly cut the roots which extend beyond 12" — 15" from the trunk. This forces the development of a network of small feeder roots close to the trunk and makes it possible to ball and burlap a tree without unduly disturbing the root system. You can do the same thing

— if you are patient — by using a sharp shovel to cut the roots on one side of a tree one year, and the other side the next. Dig the tree the third year.

As a rule of thumb, begin the hole about 1' from the trunk for a 3' — 4' tree, giving you a 2' root ball. Angle down so you end up with a root ball roughly soup bowl shaped. Tip the tree to the side and slide the burlap (or other strong fabric) underneath the exposed half of the root ball. Then tip it back and pull the material completely underneath so you have enough material to pull up around the trunk. Secure the burlap with rope.

Put the wrapped root ball in a garbage bag, and the whole thing into the bushel basket. Sprinkle it generously with water and pull the plastic tight to keep out as much air as possible.

Prune one-quarter — one-third from each branch to

encourage bushiness and make up for the immediate loss of feeder roots.

Plant the tree on the same level it grew naturally.

## Civil Service Recommendation

Wayne Commissioners  
Eye Salary Increases

The Wayne County Board of Commissioners is considering salary increases for elected officials which amount to less than the County Civil Service Commission and some elected officials believe they deserve.

The package of proposed raises for elected county officials and their deputies was recommended by a subcommittee and approved by the board's general government committee. In most instances, the county civil service commission recommended more.

The full 27-member board of commissioners will consider the package for the first time at a ways and means committee budget session at 9:30 a.m., Thursday, October 24. The package would raise the base salary of county commissioners from \$10,000 to \$14,000, but would eliminate up to \$2,880 in \$30 per diem payments for attendance at committee meetings.

The civil service commission had recommended that the base salary of county commissioners be increased to \$13,000 while retaining the per diem payments.

Increases recommended by the civil service commission for most other county offices were also reduced.

Exceptions are the chairman and vice-chairman of the board of commissioners and the chairman of the board's five standing committees.

The civil service commission recommended that the board chairman's present potential maximum annual compensation be increased from \$14,900 to \$17,900 and the vice-chairman's from \$12,900 to \$15,900.

The package approved by the general government committee sets the chairman's salary at a flat \$20,000 and the vice-chairman's at \$17,500.

Committee chairmen would receive \$1,000 more than other commissioners.

County Commissioner Samuel A. Turner (D-Detroit), chairman of the general government committee and its salary study subcommittee, commented on the recommended increases:

"We felt the board chairmanship has evolved into virtually a full-time job and should be compensated accordingly. The board vice-chairman also is required to put in a lot of extra time. There are extra time demands on committee chairmen, also.

"A number of other commissioners work full-time at their county offices, but in general non-chairmen have the flexibility to supplement their incomes if they so desire."

Turner said scrapping of the \$30 per diem payments would eliminate a complex record-keeping function and encourage more efficient scheduling of committee meetings.

Sheriff William Lucas, County Auditors Richard T. Kelly and Leonard D. Proctor and Presiding Common Pleas Court Judge Julian P. Rodgers argued before the general government committee that the recommended increases for their offices were not enough.

The Sheriff's salary would go from \$29,485 to \$30,000, the Auditors' from \$26,756 to \$27,500 and the Common Pleas judges' from \$33,308 to \$34,000.

The civil service commission recommendations for those offices were respectively \$34,485, \$29,756 and \$36,808.

Lucas reiterated his contention that his salary should be on a par with that of the prosecuting attorney whose pay would go from \$37,676 to \$40,000. Lucas said he didn't want the \$315 raise because it would push him into a higher tax bracket and actually cost him money.

Rodgers argued that the 13 common pleas judges have the highest caseloads and that salaries for all judges should be the same. Circuit court judges now get \$41,130. The civil service commission recommended that this be hiked to \$44,287, but the subcommittee did not recommend an increase.

Other recommended increases are as follows:

County clerk, drain commissioner, register of deeds, and treasurer from \$26,756 to \$27,500; deputy county clerk, deputy drain commissioner, deputy register of deeds and deputy treasurer, \$23,283 to \$25,000; deputy prosecuting attorney \$32,937 to \$35,000; and undersheriff \$24,986 to \$27,500.

Wayne County officials have not had raises in two years.

## In 2nd, 19th Districts

GOP Incumbents Face Challenge  
2nd District . . .

MARVIN L. ESCH  
Incumbent Republican

1. Amnesty  
In general, I support the concept of taking each case individually and for review and allowing the review process to be carried forth in an expeditious and reasonable manner. I am concerned about expediting the cases and bringing about the maximum degree of equity.

It is important, I think, to hold firm to the belief that every citizen should be treated equally under the law. In the long run I also believe there must be a complete review of all discharges other than honorable. In the short run, however, I have held to the Martin Luther King philosophy, i.e., every individual who breaks a law should be willing to pay a price for breaking the law, and thus, those who wish to return to this country should be willing to contribute in an alternate service capacity.

2. Economy  
Inflation is public enemy number one. It must be attacked on three levels: (1) STOP government deficit spending — the major cause of inflation; (2) MONITOR and ATTACK those who are using inflation to raise prices and to engage in price gouging tactics; and (3) ALLEVIATE the burden of those most hurt by inflationary pressures.

There will be some congressional candidates who will try to use the inflation crisis by suggesting that if elected they can come up with simple, pat solution. Some such proposals call for a total government take-over of our economy. I do not agree with this, nor do I agree that there is any simple solution.

The truth is the Congress and the President and our citizens must work together if we are to be effective in putting an end to our economic ills.

3. Campaign Reform  
If we are to bring credibility back to government we must, as John Gardner of Common Cause has said, begin "at the major pressure points." This means reform at the campaign level and requires total openness in finance reporting and a reform of the reporting practices themselves. While the 1970 Campaign Reform Act was a major step forward in reporting practices, it was not enough. The people have a right to know who supports a candidate — and not just the name of an innocuous committee.

It also means major reform at the other "pressure points," including congressional and budget reform; and reform of state and local government as well. Thus far, Congress has passed several reform measures including the Budget Reform Act, modeled after legislation I introduced more than two years ago, which will reassert Congressional responsibility over the Federal budget and force Congress to set a budget ceiling and establish priorities. A second reform has been the establishment of the Office of Technology Assessment, also patterned after a bill I introduced. And third has been a redefining of Congressional Way Powers to

JOHN REUTHER

prevent the President from carrying out undeclared wars.

However, two very important forms need prompt and immediate attention if the goal of a truly effective and responsive Congress is to be achieved. These two are the Campaign Reform Bill and the Bolling Committee proposals to reform the archaic House Committee structure.

In all these areas we must move to make government regain its credibility with the people. I will do everything I can to assure that the people and government can move ahead in mutual trust and cooperation.

JOHN REUTHER  
DEMOCRAT

1. Amnesty  
Ford's amnesty order is unfair on two counts. On the one hand, it provides two years of employment for draft evaders at a time when the unemployment rate for Vietnam veterans in Michigan exceeds 15 percent. On the other hand Ford's system passes judgment only on the small percentage of American citizens who were forced by the draft to make a painful decision. While no answer to this dilemma is completely fair, I feel that a general amnesty without conditions offers the best solution.

2. Economy  
We face the worst economic crisis since the Depression. Unemployment in Michigan has averaged more than 10 percent — the highest in 16 years. Inflation has reached 15 percent — the worst in our peacetime history. Yet, the current Republican policy amounts to little more than rearranging the deck chairs on the Titanic. Congress must take bold, specific steps to deal with current disaster.

Taxes: I absolutely oppose Ford's 5 percent surcharge on middle income taxpayers. It magnifies the unfairness of a basically unjust federal tax system. The millionaire, who pays nothing, will continue to pay nothing. I strongly favor raising the personal income tax deduction from the current \$750 to \$850 in order to help offset recent increases in the cost of living. The revenue to finance this tax cut would come from closing the more than \$6 billion in loopholes currently used by the oil industry.

Special Interest Subsidies: A major cause of inflation is the multi-billion dollar system of subsidies paid to wealthy special interest. For example, the Republican incumbent, Marvin Esch, strongly supported the \$4 billion a year farm subsidy program which paid farmers not to grow food. The policy of deliberate scarcity has added more than \$600 to the average family's food budget.

Corruption: Our current system of financing elections fosters the kind of corruption which causes inflation. For example, in 1971 Richard Nixon met with milk producers and agreed to raise federal supports on the price of milk in return for a \$2 million campaign contribution. This Milk Deal alone has cost us \$500 million

EDITOR'S NOTE: Democratic and Republican candidates in the two districts within the circulation area of this newspaper were asked to give their answers to the following three questions. Their replies were limited to 750 words. The candidates and their districts are: 19th District — Republican Incumbent Congressman William S. Broomfield and Democrat George Montgomery. Second District — Republican Incumbent Congressman Marvin Esch and Democrat John Reuther.

1. What modifications of President Ford's amnesty order do you suggest? Explain.

2. What in your opinion is the cause of our economic ills and how do you propose to cure them?

3. What campaign measures need to be enacted into law?

a year in the higher milk prices.

Anti-Trust Enforcement: The ITT scandal provided a shocking example of the government's refusal to enforce our federal laws against monopolies and price-fixing. The government's refusal to enforce the law extends to every major industry. It has been estimated that our goods and services would cost \$90 billion a year less if we enforced our anti-trust laws. Last December, Marvin Esch, the Republican incumbent, voted against enforcing our anti-trust laws against the oil companies. We need a Congress which will press for vigorous enforcement of the law.

Unemployment: I firmly believe that whenever the private sector of our economy fails to provide enough jobs, the federal government should become the employer of the last resort. It would cost less to put our unemployed people back to work than the total cost of the obsolete B-1 bomber. Unfortunately, the incumbent Republican has consistently voted against public service employment. Last June, he failed even to show up for a vote on a bill that would have provided 40,000 public service jobs.

3. Campaign Reform  
We need a Congress which will not merely talk about campaign reform, but act upon it. Our political system continually suffers because our elected officials are beholden to wealthy special interests. According to Common Cause, the incumbent Republican in this district ranks 9th out of 435

e. a strict limitation on the total amount that can be spent in a campaign.

Throughout this campaign I have gone beyond the law in disclosing my personal finances and campaign contributions. I hope other candidates will do likewise.

## 19th District

WILLIAM BROOMFIELD  
Incumbent Republican

1. Amnesty

I am opposed to unconditional amnesty for deserters and evaders. But I do agree with the President that it is time to bind up the nation's wounds and concentrate on the problems facing us, and I hope the Clemency Review Board he has established will make a thorough and fair evaluation of each individual case.

I strongly believe that all those who choose to return must pledge their full allegiance to the United States, and be willing to earn their re-entry to the country by accepting some form of alternative service.

2. Economy

The causes of our economic ills are many, but certainly a substantial contributing factor has been excessive government spending. The

## 19th District

Broomfield: Continued from Page 10-B

careless process of spending more than we brought in each year has caught up with the country.

money market is an increase in interest rates. Continued fiscal irresponsibility can only increase our present problem.

Besides setting a poor fiscal example at the federal level, government deficits fuel inflation in more tangible ways. Heavy government borrowing is required to finance debts, and the inevitable result of the government competing in the

Congress must take the lead in fighting inflation by balancing the budget and prohibiting further deficit spending. Congress should be required to tell people the full cost of new programs and where the money to finance such programs will come

WILLIAM BROOMFIELD

GEORGE MONTGOMERY

and obviously premature! I believe the amnesty offer was untimely, also. I think President Ford should have given priority to seeking a complete accounting of the MIA's, who did serve during the Viet Nam conflict, and whose fate is still unknown. This should have preceded any consideration of amnesty for those who chose voluntary exile.

Moreover, it is apparent that most Americans are not yet ready to welcome the resisters back into society without penalty, because we won't admit that the resisters' only crime was "premature morality." Most resisters, on the other hand, are equally unwilling to "earn their way back," because they feel that they, too, "have suffered enough" during their long exile. Thus, the amnesty offer satisfies few and contributes little to bind-up the nation's wounds.

Therefore, I question the wisdom and timing of President Ford's decisions. I recognize, however, that Congress lacks the power to nullify — or even to alter — either the pardon of Nixon or the amnesty program. It is the President's prerogative to grant pardons and to declare amnesty. He has acted as he saw fit, and he alone bears the burden of responsibility.

### Poet-Critic To Speak At College

Poet, literary critic, anthologist, and writer of children's books Chad Walsh will speak at Schoolcraft College at 2 and 8 p.m. on October 28.

The afternoon presentation in room 210 of the Liberal Arts Building will be devoted to "The Future of Poetry in America."

In the evening, Dr. Walsh will present explanatory readings from his own poetry in the Newman House on Haggerty Road south of the campus. There is no charge for either performance and the public is invited.

Dr. Walsh is the first literary personality to appear this year in the Poetry Series sponsored by the College's Cultural and Public Affairs Committee. He is Professor of English and writer-in-residence at Beloit College in Wisconsin.

2. Economy The United States is suffering from an advanced case of economic stagnation with simultaneous cost-push inflation. This situation, unprecedented in the post-war era, was caused by prolonged exposure to monetary policies geared to "managed recession."

Unfortunately, President Ford's "WIN" program can not whip this inflation now or ever, because it is designed to alleviate "demand-push" inflation — which is not the economy's ailment. Consumers are not pushing up prices with wild spending and impulse buying. They can't afford to buy anything but necessities.

If austerity is our salvation, the federal government should lead the way by trying to live within its income for the first time in seven years. But federal deficit spending continues, because neither the President nor the Congress have enough "guts" to cut the sacred cows — excessive Pentagon spending and Foreign Aid "giveaways."

The National Debt has increased by more than one-third, from \$365 billion to \$500 billion, in only six years during the Nixon-Ford administration. As a result, the carrying charges on the National Debt now consume about seven cents out of every federal tax dollar.

Constant refinancing of an ever-growing National Debt has placed the federal government in unfair competition with financial institutions such as savings and loan associations. This, in turn, has drained cash out of the domestic economy, depressed the construction industry, and ruined the real estate business.

Congress must assume more responsibility for economic policy. Balancing the federal budget is the best way to begin to curb runaway, "double-digit" inflation. This should not be achieved by blindly slashing essential, job-producing domestic programs; but through prudent pruning of the most wasteful military and foreign aid expenditures.

Congress must strengthen our domestic economy by allocating more of the nation's resources to satisfy long-neglected civilian needs. American consumers want housing, health care,

educational services, and a clean and safe environment. And American workers want jobs — not welfare!

3. Campaign Reform The first step in cleaning-up our elections should be strict compliance with existing election laws, both state and federal. Political fund-raising and campaign expenditure limits, and public reporting requirements, must be enforced with equal vigor against both incumbent and non-incumbents alike.

Moreover, incumbent officials should set a good example when running for re-election by voluntarily complying with not only the letter, but also the spirit of the election laws — which they helped to enact. Unfortunately, there is often arrogant disregard of the laws by incumbents.

Ultimate reform of political campaigns must include a modest ceiling on individual contributions, outlawing of all special interest contributions,

reasonable limitation on fund-raising and campaign spending, total prohibition of media advertising, and full public disclosure of campaign finances.

The length of campaigns should be shortened. Broadcast media should present public service programs featuring confrontations between candidates for all except the most local offices. Newspapers should provide their readers with full coverage of all candidates within their circulation areas.

Finally, the press should take the lead in helping the public establish realistic expectations concerning the performances of public officials. Asking candidates to present solutions to complex social and economic problems in a limited number of words, generally forces candidates to deal in simplistic generalities — and to promise more than they can deliver.

### REAL ESTATE PROJECTIONS:

#### Energy Crisis in Housing

Our country is short in gas and electrical power. Thus, there shall be changes in home construction. Awnings shall return. Insulation shall be doubled. Double doors — less glass — glassed areas facing south — homes heated by solar systems shall become a reality.

#### Financing

Banks are discussing escalated interest rates — adoption of varied, escalated payments for each buyer, based on his ability to pay. Remember! This is only talk at this point.

#### DID YOU KNOW THAT? NOW IS THE TIME TO BUY!

Regardless of what the interest rate may be, the longer the prospective homebuyer waits, the more he will have to pay for his house when he finally decides to act. Thanks to "Big Brother" inflation.

BRUCE ROY REALTY, INC., 150 N. Center St., Northville, 349-8700 will be able to help you find the home of your dreams from our large number of listings. Now is the time to buy a home as land and property values are on the increase and real estate purchased today makes one of the best investments against inflation. Open 7 days.

from. If taxpayers knew in advance the total cost of all government programs, many of the programs would never get off the ground. Any anti-inflation plans will require flexibility, and a delicate balance between toughness and human considerations.

We must be sensitive to the effects anti-inflation measures will have on each aspect of the economy, but we must also realize it will take a certain amount of belt-tightening and cooperation from government, labor, business, and consumers to control this great national problem.

3. Campaign Reform Reform of our present elections system is long overdue, and certain steps are necessary to achieve fairness and high standards in our campaign process. Limits must be placed on the amount of money an individual can contribute to any one

candidate. The fact that one wealthy person can outweigh the influence of thousands of equally concerned, but less well-heeled, citizens presents a threat to the very foundation of our political process.

Financing of campaigns should be taken from the special interest groups and returned to the people by eliminating special interest money from campaigns in any form. Realistic spending limits for House, Senate, and Presidential campaigns are needed to keep campaign spending in proper perspective.

Perhaps most importantly, a strong, independent regulatory body is needed to oversee federal elections and take action when violations are discovered. Campaign laws mean nothing if they are not strictly enforced, as we have seen in the past.

Some of these provisions, and others, are included in the Election Reform Act of 1974, which Congress intends to pass before the end of this session, and which I strongly support. Although the bill does not eliminate special interest spending, it does limit it, and overall the legislation is a giant step in the cleaning up of our election process.

GEORGE MONTGOMERY

Democrat

1. Amnesty None. The United States Constitution gives the President the powers of a king — to grant pardons and to declare amnesty. President Ford chose to exercise both of these powers in September. Although Richard Nixon has admitted no wrong doing, he has been pardoned for it! The pardon was indiscreet

## Women's Club Gets New Name

Schoolcraft Women's Club, which began on the college campus 10 years ago as Schoolcraft Faculty Wives, has been renamed to include all women on the college staff.

A "Tenth Anniversary Night" meeting was held September 25 at Waterman Center.

Past presidents were honored. They include Mrs. Florence Bradner, cited for her work as advisor and for "being very instrumental" in starting the organization.

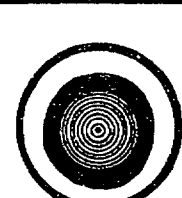

Others honored were Mrs. Wanda Piller, Mrs. Pat Ryktarsyk, Mrs. Barbara Feenstra, Mrs. Pat Niergarth, Mrs. Rikki Gans, Mrs. Nancy Ordowski, Mrs. Ann Gordon, Mrs. Karen Woodruff and Mrs. Goldie Wrenbeck. All except two were present.

Mrs. Wrenbeck is beginning her second term as president. Dr. Nelson Grote, Schoolcraft president, was a

special guest at the festivities. A silver tea was served by present officers.

A benefit fashion show will be held March 5, 1975, with proceeds earmarked for the student loan fund at the college.

**"OPEN FOR BUSINESS"**—Georgia Grant (right), Manager of National Bank of Detroit's newest Instant Loan Center, stands in front of the new office with Loan Interviewer-Closer Hazel Ashworth.

**NATIONAL BANK OF DETROIT** has announced the opening of an Instant Loan Center in Novi.

Located at NBD's Novi office, 43100 Grand River Avenue, the center has been designed to bring faster, more convenient and more confidential banking service to residents of the Novi area.

"The opening of the center is another plus for the Novi area," said Georgia Grant, of Southfield, manager of the center. "We can administer auto loans, personal loans, and the new 'Extra Loan' for all types of home improvements. Most loans can be approved right in the office."

In addition to Ms. Grant, the Novi Instant Loan Center will be staffed by Loan Interviewer-Closer Hazel Ashworth, of Livonia.

The Novi Instant Loan Center is the 16th to be put into operation by National Bank of Detroit. According to bank officials, customers cite the prompt, personal and confidential treatment of their money needs as the primary benefit of the Instant Loan Center program.

Hours for the new office are 9 a.m. to 5 p.m., Monday through Thursday, and 9:30 a.m. to 7:30 p.m. on Fridays.

**GERALD W. DILLOWAY**, vice-president-cashier at The State Savings Bank of South Lyon, was one of 190 executives from 24 states who successfully completed the eighth annual seminar for junior bank officers sponsored by the Independent Bankers Association of America at Ball State University in Muncie, Indiana, recently.

The seminar offered an intensive five days of lectures and group analysis of practical banking subjects.

The seminar is planned exclusively for young men and women who are officers of America's independent banks. It is directed by Dr. Joseph B. Black, Jr., dean of the college of business administration and associate director Dr. David T. Nelson at Ball State, and planned by the IBAA Bank Study Committee, headed by William P. Givens, president of The Merchants National Bank of Muncie, Indiana.

**DAVID PORTA**, 767 Drummers Lane, Brighton, has qualified as a member of the 1974 Star Club of New York Life Insurance Company.

The Star Club is composed of New York Life agents who achieved significant sales records in 1973-74, according to General Manager Lester L. Schoenberg, C.L.U. of the company's Northland-Detroit General Office.

**NORMAN L. COMFORT** has been promoted to the position of manager-broker for the Howell Town and Country Real Estate office in South Lyon.

Comfort fills a position left vacant by Karl Maydock who has been transferred to the "New Homes" division of the firm's office in Brighton.

Comfort's wife Geraldine, is also employed at the South Lyon branch as a saleswoman. The couple are the parents of two children Alan, 19 and Audrey, 17.

**KAREN STAMPER** has been promoted to the position of head bookkeeper at The State Savings Bank of South Lyon.

Miss Stamper is a 1973 graduate of South Lyon High School and is presently taking a banking course through the American Institute of Banking. She has been at State Savings Bank for one year.

**MANUFACTURERS NATIONAL CORPORATION'S** consolidated net income for the nine month period ended September 30, 1974 amounted to \$13.23 million compared to \$12.19 million for the same period in 1973, announced Dean E. Richardson, chairman.

This amounts to \$4.26 per share in 1974 and \$3.93 per share in 1973 based on average outstanding shares of 3,103,923 in 1974 and 3,100,328 in 1973.

Income before securities gains or losses for the first nine months in 1974 amounted to \$13.58 million or \$4.37 per share compared to \$12.21 million or \$3.94 per share for the same period in 1973.

For the third quarter, net income amounted to \$4.40 million or \$1.40 per share in 1974 compared to \$4.03 million or \$1.30 per share in 1973. Income before securities gains or losses in the third quarter of 1974 and 1973 respectively amounted to \$4.74 million or \$1.51 per share and \$4.06 million or \$1.31 per share.

Manufacturers National Corporation is a bank holding company that wholly owns Manufacturers National Bank of Detroit, Manufacturers Bank of Livonia, Saline Savings Bank and Manucor Leasing, Inc.

**NATIONAL DETROIT CORPORATION**, the holding company parent of National Bank of Detroit, reported record earnings for both the third quarter and for the first nine months of 1974.

Consolidated income before securities profits or losses for the 1974 third quarter was \$10,742,910 or \$1.81 per share, compared with \$9,791,828, or \$1.64 per share, for the same period a year ago, an increase of 10.4 percent on a per share basis.

Consolidated net income for the quarter ended September 30, 1974 was \$10,705,062, or \$1.80 per share, a 13.9 percent increase over last year's third quarter results of \$9,445,007 or \$1.58 per share.

## Along the Campaign Trail

Eldon Andrews, Conservative candidate for governor, will address social studies students at Northville High School beginning at 11:50 a.m. next Monday. Other gubernatorial candidates have been invited to speak to classes here as well.

Mary Dumas, local representative on the Wayne County Board of Commissioners, has labeled salary increase recommendations for commissioners "totally inappropriate at this time."

Candidate for re-election, she said, "I disapprove any attempt to discuss or approve such raises at a time when the attention of the board should be concentrated on the problems of the 1975 budget."

"Furthermore, and perhaps most important, is the proposal of a salary increase to \$20,000 for chairman of the board. While I do not deny the extra amount of time and effort required of the chairman of the board of commissioners, I feel it is a direct attempt to set aside permanently any consideration of the elected county executive proposal. That I will not do."

The Police Officer's Association of Michigan has endorsed State Representative Robert Geake for a second term in the November 5 general election.

The announcement was made this week by Gerald E. Keller of St. Clair Shores, chairman of the P.O.A.M. Political Action Committee.

Geake, a Republican, represents the 35th state House district which includes all of Northville Township and the City of Northville in Wayne County. He was elected to his first term two years ago. At that time Geake stressed crime prevention and drug abuse programs as key elements in his election platform.

During his current campaign Representative Geake has stressed his voting record which weighs heavily in favor of law enforcement programs. He has also been an advocate of tougher sentencing for persons convicted of crimes involving firearms or the selling of illegal drugs.

The Police Officers Association of Michigan represents over 6,000 law enforcement officers throughout the State. Representative Geake was endorsed previously by the Livonia Police Officers Association.

U.S. Senator Philip Hart will be the guest speaker at a "Democratic Devils' Night," at 6 p.m. Wednesday, October 30, at the Alpine Ski Lodge, 6775 E. Highland Road.

## 4 State Proposals To Appear on Ballot

Although a proposal calling for the removal of sales tax on food and prescription drugs is generating most attention this month, three other state proposals also will appear on the November 5 ballot.

**Proposal A** — A proposed constitutional amendment that would (1) prohibit the use of motor fuel tax funds by law enforcement agencies for highway patrol purpose; and (2) limit the use of motor fuel tax funds for public transportation to 1-18th of the amount received.

**Proposal B** — A proposal that (1) authorizes the state to provide veterans of the Vietnam and other conflicts who served between January 1, 1961 through September 1, 1973 with a service bonus; (2) authorizes the state to borrow the sum of \$205 million to pay this bonus; (3) authorizes the state to issue general obligation bonds; and (4) provides for the repayment of the loan from the general fund.

**Proposal D** — A proposal that (1) authorizes the state to borrow the sum of \$1.1 billion to finance the planning, acquiring constructing, and equipping of various land, air, and water transportation systems, other than operating and maintenance expense; (2) authorizes the state to issue general obligation bonds; and (3) provides for repayment from the general fund.

The sales tax proposal — **Proposition C** — suggest amendment of the state constitution to (1) remove the sales tax on food and prescription drugs used for human consumption except food prepared for immediate consumption and alcoholic beverages; and (2) compensate units of government, other than the state, for the resulting loss of revenue by increasing each present allocation of sales tax revenue to such units by 1-15.

Sponsored by the George F. Montgomery for Congress Committee, the event will feature a spaghetti dinner, and entertainment by Montgomery's three daughters who will perform Scottish and Irish ethnic dances.

Tickets and ticket information can be obtained by calling Montgomery for Congress headquarters, 334-3561.

Montgomery, who is an associate professor of political science at Oakland Community College, Highland Lakes Campus, is seeking the Congressional seat in the 19th Congressional District.

Michigan needs to protect road funds by adoption of ballot Proposal "A" whether or not mass transit bonds are approved November 5, according to Senator James Fleming, chairman of the Senate Highways Committee.

"Roads and streets will continue for many years to be the basic transportation network for Michigan and there is urgent need that user taxes be safeguarded against diversion to prevent deterioration of our road systems," Fleming declared.

"Existing highway user revenues, paid for by motorists, now are only half-adequate to maintain state, county and municipal roads and streets in safe-driving condition and provide needed surface improvements."

"Proposal A will help protect these funds from further erosion by limiting the amount of diversion to mass transit."

Proposal A on the November 5 election ballot limits diversion of highway funds for mass transit to no more than one-eighth of gasoline and diesel fuel revenues and also prohibits use of road money for financing police road patrols.

Proposal A has been endorsed by many highway user and highway industry groups.

Senator Fleming is honorary chairman of the Proposal "A" Educational Committee.

Congressman Marvin L. Esch said the new pension reform law he helped draft will give thousands of workers in the Second Congressional District a much-needed federal guarantee that they will not lose pension benefits to which they are entitled.

The congressman noted at a campaign appearance here that the bill signed into law on Labor Day by President Ford contained many of the provisions of his own Omnibus Pension Security Act which he said had prompted an "overwhelmingly favorable response from constituents throughout the congressional district."

Esch, who is seeking a fifth term in the U.S. House, told senior citizens in Monroe that the bill seeks to guarantee that 35 to 40 million workers covered by pension plans will get the retirement benefits they had expected.

"Too often we have seen incredible examples of people denied their hardearned pension benefits because of job discharge or company bankruptcy," said Esch. "For the first time workers will have a federal guarantee they will not lose their benefits. Moreover, individuals not covered by pension plans may save up to \$1,500 in special accounts with taxes deferred and self-employed persons can set aside up to \$7,500 instead of the previous \$2,500 annually."

John Reuther, candidate for Congress in the 2nd District, told an audience at Livonia's Senior Citizens' Activity Center that the nation needed "bold specific steps" from the Republican administration to conquer inflation.

Reuther also hit Republican Incumbent Marvin Esch for his "continued support of backward economic policies that may sweep the United States into a major Depression."

"A major cause of inflation is our government's refusal to enforce anti-trust laws which would guarantee the integrity of our competitive, free enterprise system," Reuther said. "Last December, the Republican Incumbent Marvin Esch voted against enforcing our anti-trust laws when dealing with oil company monopolies."

"Marvin Esch is voting for ever increasing expenditures and nearly every new government agency to take control of your property and life," exclaimed Roy S. Jones, American Independent Party candidate for 2nd U.S. Congressional district, at the Huron Valley Toastmasters Club in Ann Arbor, Monday evening, October 14.

"Mr. Esch voted FOR the Consumers Protective Agency under H.R. 31363," Mr. Jones continued, "doesn't it sound

wonderful? It passed under the guise of helping the American consumer. Actually it will have Big Brother Government calling the shots. You will be told, through regulations, what kind of car you may drive, what kinds of clothes, paints, appliances or materials are government approved for manufacture and sale. It must have approval of the powers-that-be in Washington. What an opportunity to purchase government approved of second rate products so that fat-cats don't have to compete, because the product you may choose does not have Government Consumer Protection approval."

"The Consumers Protection Agency has passed in the house, but it is not yet through the Senate, so far as I know," Roy Jones stated. "I urge you to call, write and telegraph your Senators, tell them to vote against this monstrosity in good shepherds disguise."

The Internal Revenue Service (IRS) has stopped the practice of retroactively taxing student forgiveness loans, Congressman William S. Broomfield (R-West Bloomfield) has announced.

Broomfield was a sponsor of legislation designed to modify a June, 1973 IRS ruling designating forgiven student loans as taxable income, and subjecting the loans to the three-year tax law statute of limitations. Early this year thousands of tax due notes were sent to students whose loans had been cancelled since June 11, 1970.

The forgiveness clause in student loans, according to Broomfield, allows certain graduates to have their loans cancelled by working for a specified period in an area having a shortage in their particular field.

Broomfield and other House members introduced a bill last June to rescind the retroactive portion of this ruling, claiming it was unfair to tax students who had no way of knowing their cancelled loans would eventually be designated as taxable income. The IRS subsequently announced last week their decision to delete the retroactive portion of their ruling.

Governor William G. Milliken vetoed the so-called Off-the-Road-Vehicle bill because it "fails to measure up to Michigan's high standards of excellence in protecting our environment and in guarding the rights of private property owners."

Milliken took action as soon as his staff completed its review of the legislation.

"I wanted to veto the measure as soon as possible for several reasons," the Governor said. "First, I believe that the age of introducing machines into our environment without first carefully weighing their impact must come to an end."

"Second, I want to urge the Legislature to act yet this year to provide a sound state program of ORV registration and regulation for the benefit of all our citizens."

The Oakland County Board of Road Commissioners has unanimously endorsed a proposal to prevent further diversion of state highway funds for other purposes.

The county road policy agency endorsed Proposal A, which will appear on Michigan's November election ballot, according to William M. Richards, chairman.

The proposal, said Richards, would amend the state constitution so as to ban further encroachments on the Motor Vehicle Highway Fund for non-highway purposes.

The Wayne County Board of Commissioners is urging public support for the November ballot proposal "B" which would provide a bonus up to \$600 for some Michigan military veterans who served in Vietnam.

"Our Vietnam veterans deserve at least the same consideration that has been extended to veterans of World Wars I and II and the Korean conflict," said County Board Chairman Robert E. FitzPatrick.

## Wildcats Bump Brighton To Cinch Title Share

Novi, the pre-season dark-horse behind Saline and Chelsea, posted triumphs over both adversaries and then, last week before a huge homecoming crowd, galloped past a weak Brighton eleven to claim at least a share of the Southeastern Conference championship.

The 28-8 victory over the Bulldogs, coupled with South

Lyon's loss to Chelsea last week, assured the Wildcats of their third straight SEC title.

With only two league games remaining, Novi could lose both and still share the title. If it splits or wins both games it becomes the undisputed champion.

The certainty of winning the crown couldn't come at a more opportune time. Last

week's homecoming victory cost Novi the services of its number one quarterback, Gary Ford, whose high school football career ended with a broken collar bone. That costly loss, coupled with the ankle sprain suffered two weeks ago by Halfback Bill Barr, leaves the Wildcats vulnerable in the face of any stiff assault.

And if those injuries aren't enough to put the last two league games in doubt, consider the fact that Novi's second-string quarterback—Ford's backup Pat McAllen—cracked some ribs in practice Monday afternoon.

Coach John Osborne expects the left-handed passer to be in uniform tomorrow at Ypsilanti Lincoln but he's not sure how much action the taped-up senior will see. Even without the rib injury, McAllen wasn't playing at full-steam. He underwent surgery this past spring and coaches have been reluctant to push the tall, 170-pound back.

Although Ford is lost for the remainder of the season, he can look back over this senior year with pride. He moved up to the starting QB role, ably filling the position held last year by All-Conference Dave Brown.

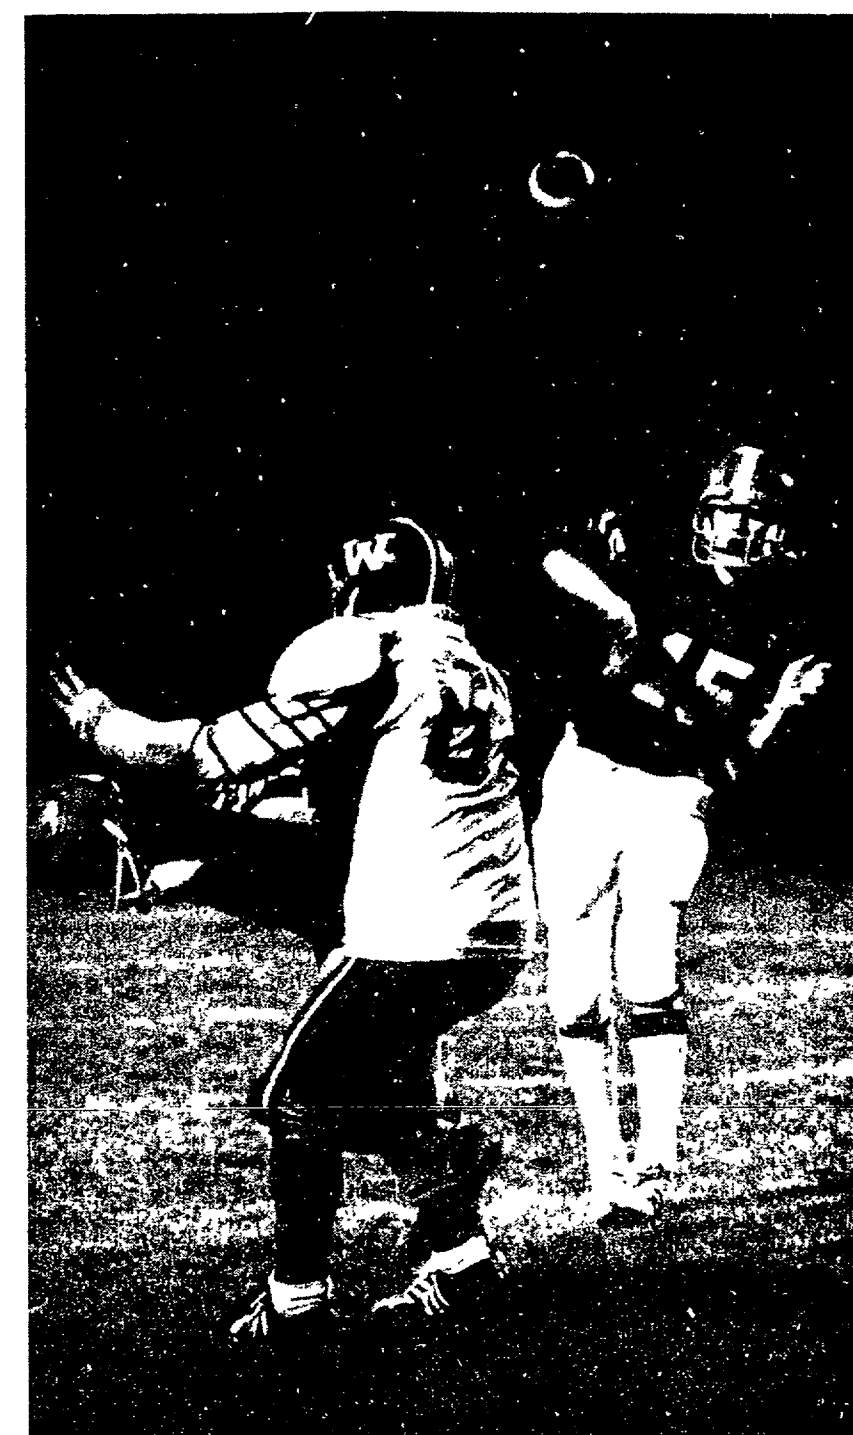

Even before his injury late in the second quarter (he had picked up 13 yards on an end around play), he passed to Randy Wroten for a 20-yard TD and then later shot through the left side of the line to score from eight yards out. Just before the intermission, Wroten pulled in another TD pass — this one a 29-yard aerial off the arm of Ford's replacement, McAllen.

The Wildcats sandwiched a safety between these touchdowns when Brighton Quarterback Bob Schmidt was snagged in the end zone — one of several times the sophomore was sacked in the course of the chilly evening.

Early in the third period, McAllen picked up Novi's first touchdown with a 14-yard gallop through the left side of the line.

A two yard dive into the end zone with but four seconds to go saved Brighton from a shutout.

Although only 20 points separated the league's leader from the cellar dwelling Bulldogs, Novi on paper was far superior. The Wildcats rolled up 225 yards to Brighton's 40. Novi had 14 first downs, Brighton 4.

**LAMPELA PASSES** — Mustang quarterback Eric Lampela lets fly one of several passes thrown during last Friday's homecoming game against Walled Lake Western. Northville came up with a 21-0 win in the match. The win gives the Mustangs a 4-2 record overall and a 2-2 record in league competition. Northville faces Livonia Churchill in a rare day contest tomorrow.

### Statistics

	Brighton	Novi
Rushing	12	225
Passes	12	9
Completed	3	2
Intercepted	2	1
Yds. Gained Passing	20	49
First Downs	4	14

Fumbles Lost	1	3
Punts	4	3
Average Punt	30	25
Penalties	8	13
Yards Lost Penalties	52	118

Rushing Nov — Andy McComas, 13 (111 yards), Brian Schingek, 15 (96 yards), Gene Neutz, 5 (17 yards), Ford, 5 (21 yards), Brighton — Tim Colley 20 (77 yards), Jim Walls, 6 (13 yards)

Steve Takalo, Western's first runner clocked in first with 16:32. He was followed by Bob Gould 16:47, Ron Holland (Western) 17:01, Rob Foust, 17:03, Tom King (Western) 17:09, Don Wilber 17:16, Larry Korpela (Western) 17:22, Dave Behrens 17:33 and Ron Georgoff 17:35.

"The Western meet was a tossup," said the Northville coach. "The league meet this year should be a good one."

## Mustangs Stymie Western, 21-0

Just as homecoming is a time for festivities off the field, Northville's grid squad made it a time for fireworks on the field too as the Mustangs rolled over Walled Lake Western 21-0 last Friday.

No one can say that the Mustangs were anything but mighty against the undermanned and outclassed Warriors. Despite the closeness of some of the statistics, Northville ran over, under, around, and through Walled Lake Western, and the only question in anyone's mind was how high the Mustangs would be able to run the score.

Mustangs started off the scoring early. After kicking off to the Warriors, the Northville team recovered a fumble on the Western 38 yard line and began a steady march. The team moved the ball down to the one yard line when halfback Larry Pink took the ball on a handoff and slammed through the line to pick up the first Mustang score. Kicker Keith Trumbull pumped the ball up and over

the goal post and the Mustangs led 7-0.

With 3:52 remaining in the second period, Doug Crisan rambled 26 yards, picking up several good blocks along the way to sew up a 13-0 edge. Trumbull came in and collected his second perfect point kick of the night.

A 15 yard personal foul added to a good yard return by McGlory gave the Mustangs good field position on the opening kickoff of the second half at the Warrior 40 yard line.

Seven plays later Pink punched over from five yards out and Trumbull added his third point of the night to round out the scoring with 8:01 remaining in the third period.

Later in the period a lost fumble stopped a 39 yard Mustang drive at the Warrior nine yard line.

The Mustangs, who are now 4-2 overall and 2-2 in league competition do battle with league foe Livonia Churchill tomorrow at the Churchill field.

### Mustang of the Week

Choosing a "Mustang of the Week" is always tough, and this week was no exception as both Doug Crisan and Larry Pink played excellent games. The nod had to go, however, to senior halfback Crisan who played, perhaps, the biggest role in helping the Mustangs win their homecoming game over Walled Lake Western last Friday. Crisan, always the workhorse of the team, carried the ball 19 times for 170 yards total rushing. He also scrambled 26 yards in the second quarter for one of the team's three touchdowns.

DOUG CRISAN

### REPLAY

with John Osborne

Coming down to the end of the season, Novi Coach John Osborne hasn't got enough fingers to count the injuries that have hurt his Wildcats through the first half-dozen games.

Most disturbing has got to be the loss of Novi's star quarterback, Co-Captain Gary Ford. The 5-10 senior suffered a broken collar bone in the first half in Friday's homecoming game against Brighton. He's out for the remainder of the season.

His loss means Osborne must turn to his tall left-handed hurler, Pat McAllen, who underwent knee surgery earlier this year and he still is not back up to his best playing condition. What's more, McAllen cracked a couple of ribs in practice Monday and will go into Friday's game wrapped up like a mummy.

In case McAllen doesn't make it, who can Osborne turn to?

"That's a real problem. We've got the split end, Randy Wroten, a sophomore who really hasn't been in there too much yet. Ironically, he suffered a broken collar bone over the summer and wasn't able to start practice until late in September.

"He (Wroten) played quarterback on the Jayvees last year. He's got great speed and he's been playing some good split end for us, but he's been in there only a few times as quarterback this season."

Ford's value to the team was easily apparent in the second half of Friday's game, Osborne points out.

"Once we got a player in the first half, we looked sharp, but then when Ford got hurt it was downhill. We hadn't practiced enough without him in there, so we had some problems in signal calling, the timing wasn't quite there so the penalties started piling up."

Penalties, indeed! The Wildcats piled up 13 of them and were assessed 118 yards. For Brighton that lost Novi yardage was greater than its own combined passing and rushing yardage. The Bulldogs had only 40 yards on the ground, 20 in the air.

Friday's loss left Brighton tied for last place with Dexter and Lincoln with 1-4 marks. Novi is on top (5-0), while four teams are tied for second (3-2): South Lyon, Chelsea, Milan and Saline.

### Lose Twice in CC

## Mustangs Find Going Tough

It was a tough week for the Mustang harriers.

The Panthers from Redford Union and the Warriors from Walled Lake Western both bested the Mustangs in close contests. Redford Union handed the Mustangs a 31-24 defeat while Western edged the harriers 29-27.

Despite the losses, harrier coach Ralph Redmond appeared encouraged by what took place in the two meets.

"Redford Union and Walled Lake Western are fine teams and we ran them tough," said Redmond. "We knew they

would be stronger competition. Our kids hung in against them all the way and we're running our best times of the season."

Against Redford Union, Bob Gould turned in his best performance of the year on the Cass Benton three mile course as he shaved 15 seconds off his previous best time. Gould finished first in 16:33.

But it was a pack of Panthers who then crossed the finish line. Mike Hosty, Doug Milne, John Shannon, and Andy Kritzman finished 2, 3, 4, and 5.

Northville's pack was just behind as Rob Foust, Don Wilber, Dan Earehart and Eric Manley took positions 6, 7, 8, and 9 to round out the scoring.

Walled Lake Western, according to many Western Six League coaches, is the team to beat and the Mustangs almost did.

"We almost took them," commented Redmond after the meet. "One position would have done it for us."

The Mustangs exchanged places with the Warriors

through the first eight finishers

Steve Takalo, Western's first runner clocked in first with 16:32. He was followed by Bob Gould 16:47, Ron Holland (Western) 17:01, Rob Foust, 17:03, Tom King (Western) 17:09, Don Wilber 17:16, Larry Korpela (Western) 17:22, Dave Behrens 17:33 and Ron Georgoff 17:35.

"The Western meet was a tossup," said the Northville coach. "The league meet this year should be a good one."

Novi's halfback, Brian Schingek (30), was the fastest player on the field Friday

# Colt Varsity Wins

Northville's Colt football teams had fair success over the weekend registering a win, tie and a loss in three matches.

Colt varsity won its seventh straight game this year by bumping the Garden City Panthers 31-6. The game also marked the 25th consecutive victory for the varsity in a three year period.

Against Garden City, the varsity scored in every quarter but the last while holding its opponent to a single touchdown.

Colt varsity will play its final game of the season Sunday against Ypsilanti for homecoming.

The junior varsity Colts didn't fair quite so well as their older counterparts and settled for their fifth loss of the season 13-0 against Garden City.

While the Jayvees have not won a game and are 0-5-2,

The freshman Colt team kept its unbeaten string alive, but not quite in the manner they had been hoping for. They played to a 0-0 tie with Garden City.

They'll try to wrap up the season with a win against Ypsi Sunday.

Freshmen suffered several

costly turnovers and one touchdown was called back during the hotly contested contest.

The freshmen will be looking for their 14th victory in a row without a loss over a two year span when they play Ypsilanti at 1 p.m. Sunday.

## Dyer Triumphs On Detroit Pick

The Detroit Lions tradition-breaking victory over Minnesota surprised just about everyone but the three winners in last week's football contest.

All three picked Detroit to win.

Taking first place with just one mistake was Carol Dyer of 19680 Clement. She failed to guess the tie between Michigan State and Illinois, as did everyone else.

Second place winner was Guy Cole, 356 Fairbrook, who also missed the MSU-Illinois 21-21 tie. In guessing the score of the Detroit-Minnesota game, however, Carol was just three points off while Guy was 15 points off.

Finn O'Leary of 43663 West Six Mile Road took third place, missing two games — the tie between MSU and Illinois and Minnesota's 23-17 triumph over Iowa. He was one point off the Detroit-Minnesota game.

Twenty-three other contestants also missed just two games, although their guessed scores were not as accurate. They are: E. W. Brown, Greg Bach, John P. Foley, Paul Baetz, Tim Bennett, Pat Lemon, Matt Fasang, Charles Eubanks, Ed Kritch, Anne White, Joe Hamp, Don Campbell;

Scott Leu, Michael Leu, Mark Murray, Jerri Faulkner, Mike McClure, Amy Fitzpatrick, C. W. Johnston, John Holdsworth, Fred Wick, Diane Horwath, and Robert Brown.

### Schedule

THURSDAY, OCTOBER 24

Football: Lincoln Junior Varsity at Novi, 7 p.m.; Northville Junior Varsity at Livonia, 7:30 p.m.; Northville Varsity at Canton, 8:30 p.m.

FRIDAY, OCTOBER 25

Football: Novi Varsity at Lincoln, 7:30 p.m.; Northville Varsity at Livonia, 8:30 p.m.

Cross Country: Northville at MHSAA Regionals, Novi at state regional

SATURDAY, OCTOBER 26

Basketball: Redford Union Girls at Northville, 4:30 p.m.; Brighton girls at Novi, 6:30 p.m.

Football: Milan at Novi Middle School

SUNDAY, OCTOBER 27

No varsity sports scheduled

WEDNESDAY, OCTOBER 30

No varsity sports scheduled

## Wildcat of the Week

Doug Maier, a small but scrappy guard, garnered Novi's "player of the week" honors this past Friday by virtue of his consistently fine performances. He was particularly impressive against Brighton in the Wildcats' homecoming game.

"He turned in some excellent defensive plays — not to mention the fact that he stopped Brighton for a safety," said Coach John Osborne. "He was also outstanding as an offensive guard — not just against Brighton — but in most of our games this season."

A junior, on whom Novi's line hopes may rest next season, Maier stands 5-10 and tips the scale at 162 pounds.

**SHOWS FORM** — Northville's top diver, Barb Jones shows her form during last week's victory over Livonia Churchill. The undefeated team still has to get by Plymouth Canton tonight to wrap up the league championship.

## Junior Mustangs Dump Mott To Keep Unbeaten String

The junior Mustangs kept their title hopes intact by handing Waterford Mott a 20-8 defeat last Thursday to remain unbeaten.

With 5:57 remaining in the first period, halfback Dennis Singleton swept 10 yards to put the first Northville score on the board. The conversion was no good.

In the second period, with 10:37 left, fullback Earl Bingley took the ball three yards on a dive play to add six more points, while the conversion attempt again was no good.

Waterford Mott did not play dead, however, and in the fourth quarter marched to the Mustang end zone only to fumble with Northville recovering.

The Mustangs handed the ball back on a fumble at their own 15 yard line and Mott marched into the end zone with three minutes remaining to make the score 12-6. The conversion was good.

A quarterback option to Dennis Singleton gave the Mustangs a 71 yard gain to the one yard line putting the Northville team on the verge of wrapping up the win. With

2:40 remaining, Singleton took the ball over. A conversion pass from quarterback Greg Armstrong to Rick Marrone put Northville ahead 20-8.

### Sets BB Registration

Registration for boys in grades 3-6 for fall basketball has been announced by the Northville Recreation Department.

Interested boys should register at the Scout Building on Cady Street near the post office from 1-5 p.m. October 24, 25, 28, or 29.

Registration fee is \$7 per participant, and each boy must furnish his own shoes, socks, and gym shorts.

Participants must also have a Northville Recreation Department participation which costs \$1.50 for residents of the township or city and \$5 for non-residents living in the

school district. If a youngster was registered for the 1974 summer program, that card is good.

No further registration will be conducted after initial team formation unless approved by the league director.

Volunteers are also needed as score keepers, time keepers, and coaching assistants. Persons interested should call 349-0203 during the registration period, or stop at the recreation office.

## Girl Swimmers Chalk up Another

You won't find Northville's girl swimmers resting on their laurels just because they beat Livonia Churchill, one of the toughest teams around, 55-30 last Thursday.

The girls, who are undefeated, still have to face Plymouth Canton tonight before entering state tourney competition. While the girls all but wrapped up the league championship with the win over Churchill, they aren't yet looking past Canton.

In knocking off Churchill, Northville set some new pool records.

"Tracey Piscopink broke the minute mark in the 100 yard freestyle," said Coach Karen Turner. "This is the first time in the history of swimming here that a girl has done it. Overall the girls in this meet had outstanding times."

In addition, freshman swimmer Vida Mikalonis claimed the 100 yard

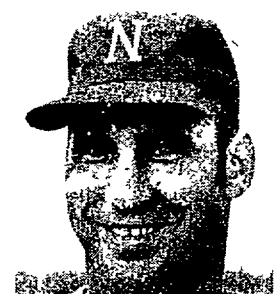

backstroke pool and team record at 1:07.6. The 400 free relay team also qualified to appear in the state meet with a time of 4:07.5. This broke the required mark of 4:14.6.

Results were:

200 Yard Medley Relay: Northville (Mikalonis, Coates, Vaningen, Piscopink), Churchill: Northville (Blery, Greenlee, Fuertes, Erdos), Churchill Time 2:07.0  
200 Freestyle: Bretz, N. Holland, N. Hunter, C. Smith, C Time 2:22.1  
200 Individual Medley: Cox, C. Greenlee, N.; Havem, N. Lotton, C Time 2:33.8  
50 Freestyle: Red, C. Blery, N. Foust, N. Shneck, C.  
Diving: Nuckous, C.; Jones, N. Peirlye, C.; Ransier, N. Conder, N. Rayburn, C.  
100 Butterfly: Van Ingen, N.; Casler, C.; VanRenterghem, N.; McQuellian, C Time 1:13.4  
100 Freestyle: Reid, C.; Piscopink, N.; Boshoven, N.; Smith, C Time 39.5  
500 Freestyle: Bretz, N.; Greenlee, N.; Wozitz, C.; Reiner, C Time 6:30.1  
100 Backstroke: Mikalonis, N. Cox, C.; Holland, N.; Annerind, C Time 1:09.6  
100 Breaststroke: Coates, N.; Ransier, N.; Casler, C.; Dove, C Time 1:21.6  
400 Freestyle Relay: Northville (Viningen, Blery, Mikalonis, Piscopink), Northville (Foust, Boshoven, VanRenterghem, Hove); Churchill, Churchill Time 4:07.5

## REPLAY

with Chuck Shonta

Northville coach Chuck Shonta doesn't mince words when he says that his team played a good time.

"I felt the whole team played well—the offensive line did an excellent job of opening up holes and an outstanding job of blocking."

"On Crisan's run for a touchdown, the blocking was excellent downfield," added Shonta. "And Pink also did an outstanding job of running. It was a team victory."

Shonta noted that Walled Lake Western "moved the ball well on us, they were one of the few teams able to run on us—they did a pretty good job on that point."

But he also pointed to the Northville defense which held the Warrior scoreless and even stopped what looked like a touchdown drive on the Mustang two yard line in the third quarter.

"Eric (Lampela—quarterback) looked good. He's improving with every game, the whole team is. We were happy with him. He executed well."

Penalties—and the Mustangs suffered eight for 105 yards—hurt the team and Shonta said that they probably kept the team from scoring at least one more touchdown.

What will happen tomorrow when the Mustangs go to Livonia Churchill?

"Churchill lost to Harrison and they're going to be looking for our scalps—but they won't be able to get them. Our kids are capable of playing good ball against them. They're a tough team, but we're a tough team too."

## "Filly" in Charge

## Jackson Opens Downs Monday

Sulky racing resumes at Northville Downs Monday night under the Jackson-At-Northville banner that has become a fall tradition.

For 54 nights during this late fall and early winter meeting that extends through December 31 there will be a new look in the front office where Ms. Nanette Slavin Rakieten will guide track operations as president and general manager.

Following the untimely death September 13 of her

father, Leon A. Slavin, Ms. Rakieten put aside her studies in a doctoral program at Michigan State University to continue with advanced planning and other arrangements that had been formulated since Jackson closed its own meeting last June

One of the nation's few women to hold a racetrack executive post, Ms. Rakieten is no newcomer to the Harness racing sport. In making decisions for the oncoming meeting she comes across with a tone of authority and seasoned judgment.

"Apprehensive? Not really," she said. "Racetrack talk had been part of our family conversation as long as I could remember. On vacations we went to the races," she recalls.

So now, Ms. Rakieten is at the races every day — averaging 12 working hours — and loves it "thanks to the wonderful cooperation I have received from all sides. Horsemen have rallied in support of this meeting and our director of racing Tom Smith says the barns will soon be full."

In addition to racing director Tom Smith, Robert Matthias will serve as comptroller, Edwin McCarthy, mutuels manager, Dave Biery, admissions manager, George Rattenbury, track superintendent, Bruce Stewart, presiding judge, Elmer Swan, paddock judge and Phil Mauger, announcer.

Post Time will be 8:15 p.m., six nights a week and in addition to Win, Place and Show wagering there will be Perfectas on the 4th and 8th races, Trifectas on the 6th and 10th with the nightly feature event set for 9th race, making a change this year.

# Coy, O'Brien Debate Issues

## Incumbent. . .

Continued from Novi, 1

Coy also sought an investigation into the county building department because of poor construction of some buildings and poor planning of others.

"I was upset with the building department because it didn't put a drinking fountain or a bathroom in the addition to one of the buildings," he says.

Coy adds that "a good share of my caucus was upset with me because of my stand on the hospital."

"Republican philosophy is that private business can do a job better and more reasonably than government can," explains Coy. "The hospital is one exception."

"I've worked in private hospitals, government hospitals, church related hospitals and I just feel that the church related and government related hospitals have a more empathetic outlook on things than hospitals which are in business for a profit."

"I just feel people who are old, down on their luck, and people who created this county should not be thrown out to institutions that are based on the profit motive."

"A lot of Republicans wanted the county out of the hospital business in January, 1973, but subsequently, with the exception of three Republican votes, the county hospital prevailed about a month ago."

Coy adds, "I held out and in 18-19 months the majority of the republican caucus saw it my way and I prevailed. It sounds egotistical, but I feel at times one man can hold out and win."

Continues Coy, "If you look at Kuthy (Democratic candidate for county executive), he's taking my platform. He wants a building department investigation—he wants the automobile policy examined—and he wants the county to stay in the hospital business."

Coy also says he expects to have more effect in his position after being re-elected and sites the hospital turnaround by Republicans as proof the majority Republican caucus is supporting his position on various legislative proposals.

Besides his three controversial stands, Coy says he also favors combining the county building department and department of public works.

Coy also points out he pushed combining the physicians and nurses in the county hospitals to also take care of the county jail.

"This has been a tremendous savings in government and this is what I think should take place in government."

Coy says that at the first of the year he will introduce a bill seeking to combine labs in the hospital, health department, DPW, drain office, jail, and drug abuse departments.

"Maybe we can't get them all under one roof—because they specialize in different areas—but we can get them under one department head and save money," says Coy.

He adds that he would have introduced the legislation before if he had felt he had the support.

"I will continue to support taking general funds and putting them in the road program. This is one of the few counties that takes money from the general fund and puts it in the road program," says the incumbent. "I introduced the original bill and it's been done each term since."

While Coy admits the action has little effect on Novi because it goes more towards the gravel program, he points out that this gives the road commission some relief so that other funds can be freed up for use in other areas throughout the county including Novi.

Coy also supported the Comprehensive Employment and Training Act which gave the city of Novi \$11,488 and the Novi School District \$8,404 for hiring of employees.

"There are other programs and projects, I'll have to watch closely," adds Coy. "I've got to see to it that we don't get any more of the solid waste than is our share. I want the landfills as far out of the 24th district as possible."

He says that the overall master plan shows an incinerator in Farmington and a sanitary landfill in Lyon Township and that Novi would be affected by traffic between the two points.

"I'll be watching to see to it that we're not unjustly dealt with."

Coy has also been fighting to protect Lyon Township and has been quoted as saying that the only time the county board knows it exists is when the commissioner's trying to find a location for a sanitary landfill.

The incumbent also points to his successful resolution which permits toll-free telephone service to the county service center from any location in the county.

His major priority is "to promote coordination between departments, eliminate duplication and to keep the budget down."

While Coy is quick to point out that his opponent, O'Brien, has the educational background necessary for being a commissioner, "I don't see how he can do it and continue being a school teacher."

"The majority of meetings are during the day. Almost all of the committee and board meetings are held during the day. I don't see how he can make 90-120 day meetings."

Coy adds that his attendance record has been the best of any commissioner and that he attended 130 meetings last year.

He is on the legislative, equalization, personnel practices, and health committees of the board of commissioners. Coy is seeking his fourth term on the county board.

He is a retired Detroit fireman.

## Challenger. . .

Continued from Novi, 1

O'Brien sites five major programs which he hopes to help institute should he reach office.

"First, I'm concerned about public health with regards to old people and the indigent. I know it's available, but how do you get to Pontiac to use it?" asks O'Brien.

The challenger says that as an outgrowth of this, he supports increased mass transportation and favors better routing of SEMTA's (Southeast Michigan Transportation Authority) bus routes planned, sometime in the future to extend down into southern Oakland County. The only route existing currently extends down into Walled Lake from Pontiac.

"I would have to favor appropriate increases in public transportation to Pontiac," explains O'Brien. "There are clusters of people who need transportation and the planners should say where they are."

## Houghton Homecoming

# Foresters Name Shelley Mitchell

Shelley Mitchell of Northville, a sophomore at Michigan Technological University at Houghton, Michigan, was one of 17 candidates nominated to compete for the title of homecoming queen at the university.

SHELLEY MITCHELL

She is the daughter of Mrs. Jane Mitchell, 18376 Jamestown Circle, and a 1974 Northville High School graduate. She finished high school in January and enrolled then at the Upper Peninsula university.

Her sponsor in the homecoming queen competition — with the queen crowned at half-time ceremonies on October 12 at the Michigan Tech-Moorhead football game — was the Tech-Forestry Club.

Miss Mitchell has brown eyes, dark brown hair and is five feet, four inches tall. She is majoring in forestry, and also is interested in horseback riding, music, ballet, scuba diving and camping.

## NORTHVILLE RECORD - NOVI NEWS

# FOOTBALL CONTEST

Enter Today! You May Be A Winner!

## HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 16. You will notice that each square below is also numbered from 1 to 16 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- (1) after each number on your paper write the name of the sponsor of the corresponding square.
- (2) following the sponsor's name — write the name of the winning team.
- (3) in addition you must pick a score on the outcome of the game in square 16. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry). In case of tie, prize money will be split.

**NOTE: Only ONE entry per HOUSEHOLD family per week. Prize money paid only to name on entry. PLEASE do not enter several times using friends' names. Such entries will be disqualified if discovered.**

Copies of the contest will be posted at the Northville Record office at 104 W. Main each week.

Entries should be addressed "Football Contest" Northville Record, 104 W. Main, Northville and must be postmarked or brought to our office no later than 5 p.m. each Friday.

Employees of The Northville Record—Novi News or sponsoring merchants are not eligible.

Entry forms available without charge in our office. Winners announced in paper and posted in office.

**\$10 First Prize**

# NOVI HIGHLIGHTS

By JEANNE CLARKE  
624-0173

Phillip William is the name of the new baby boy born on October 18 to Mr. and Mrs. Frances Korte of Taft Road. Phillip weighed 11 pounds 6 1/2 ounces and was born at Providence Hospital in Southfield. He joins Karen, Deb and Tom at home. Grandparents are Mrs. Helen Curnutte and Mr. and Mrs. Aloysius Korte.

Jan Stickman, student from Grand Rapids Bible College was the weekend guest of Peggy Stewart of 13 Mile Road, who also attends the

school and was home visiting her family.

Mr. and Mrs. Erwin F. Geppart of Meadowbrook Road hosted a birthday party for their grandson Jeremy who celebrated his fifth birthday this week.

Mr. and Mrs. Marvin Tibble celebrated their twentieth wedding anniversary on Sunday at a party given by seven of their children and their families. Guests were present from Irish Hills, Wayne, Plymouth, Brighton, South Lyon and the immediate area. Over 100 people attended, including 13 great-grandchildren and 39 grandchildren. Mabel Campbell of New Hudson made the 3-tiered anniversary cake and served.

Christine Caswell of Owenton celebrated her fourteenth birthday this week. Her mother Mrs. Margaret Caswell also celebrated her birthday this week.

Rose Button, daughter of Mr. and Mrs. Russ Button, was home for the weekend from Spring Arbor College. Weekend guest also included Kevin Crain.

A wedding reception was held for David and Jane Bumann at the Bungalow Restaurant in New Hudson on Saturday night. The reception was given by Mr. and Mrs. O. Bumann of Wixom Road for the couple who was married in Joplin, Missouri, in August. About 40 friends and relatives attended.

**Novi Heights Association**  
All residents of Novi Heights Association are reminded of the November 6 meeting to be held at the home of Mrs. Signa Mitchell on Whipple Street.

**Novi Senior Citizens**  
Novi Senior Citizens held their meeting on October 22 at the Novi Community Building. A representative of the Novi City Council explained the need for the millage vote. An invitation was extended by Nat Adams to all members and friends to the square dance to be held Saturday November 9, at the Veterans of Foreign Wars Hall at 26562 Loon Lake Road. Tickets are available at the door or see Adams.

The next meeting will be November 13 at the United Methodist Church. The covered dish luncheon will be under the direction of Mrs. Emily Newhouse and the bazaar under the chairmanship of Mrs. Helen Trahan. All ticket money for the afghan should be in by that date.

**NESPO**  
This Saturday will be the day of the Halloween Hullahaloo at Novi Elementary School with Mrs. Diane Canup as chairman. She held a workshop at her home this week to make the items for the spook house. The fair is open to the public and will be from noon to 3 p.m. There will be refreshments available. Other attractions are pony rides, pumpkin patch sale, penny pitch, fortune tellers. A special attraction will be the Principal Pull with Principal

English, math and science—in that order—are the high school courses that Novi High School graduates believe have helped them most in their present roles. The findings were part of a state-wide survey completed early this year and subsequently tabulated by the Michigan Department of Education.

Size of the sample of persons who returned the survey form was 32,345 in the state, 3,770 in the county, and 31 in Novi. One hundred Novi graduates were sent the forms.

The two top choices of Novi graduates were the same as the state-wide and county choices. But where science was the third choice of Novi students, state-wide and county students picked business courses as their third choice.

Order of the other local student preferences were vocational and business (tied), other, art-music, and language (tied), and social studies.

The county and the state-

'HALLOWEEN HULLABALOO'—Mrs. Judy Killick, left, and Mrs. Diana Canup, chairman, put the finishing touches on a scarecrow for the Novi Elementary School Halloween party from noon to 3 p.m. this Saturday at the school while Mrs. Vivian Huotari, already in crowd costume, watches. Sponsored by NESPO (parent organization) the fair will include a spook house, games, pony rides and fortune-telling.

Roy Williams participating.

**North Novi Civic Association**  
Co-chairmen for the Halloween party for this association's children being held on Sunday at 3 p.m. are Tim Napier and Kimberly Hoyer. These young people will be planning the entire party.

Everyone north of 12 Mile Road is encouraged to come to the meetings Monday at the Novi Community Hall at 8 p.m. Mayor Robert Daley will be present to answer questions regarding the Millage issue.

**Novi Jaycee Auxiliary**

President JoAnn McNary and Candy Creedon visited the Union Lake Jaycee Auxiliary last week also the auxiliary reclassification meeting in Howell. Bonnie Hayosh is presently preparing a public safety workshop to be presented at the fall state board meeting in Traverse City in November.

At their meeting on Tuesday night, the group celebrated seven years of community service to Novi with a birthday party. Guests

included presidents of neighboring auxiliaries.

**League of Women Voters**  
Thursday, tonight, is the candidates night being presented by the league for the residents of Novi at which time a panel will discuss the charter commission and millage proposition. Time is 7:30 p.m. at the Novi Middle School. Refreshments will be served.

November 7 is the next regularly scheduled meeting of this group. Anyone interested in joining the group

is urged to attend.

**Parents Without Partners**  
A reminder of the October meeting to be held on Friday at the Northville Presbyterian Church with Jack Boland as speaker. This group is open to any single parent, widowed, unwed or divorced. The children's Halloween party will be Saturday at the home of Judy Calhoun 349-1052 from 1-3 p.m.

**Novi Rebekah Lodge**  
This Saturday is the date for the annual roast beef dinner presented by members of the Novi Rebekah Lodge. Also available will be the bazaar and bake sale starting at 1 p.m. with the dinner being served from 5 to 7 p.m. Tickets are available from any member or at the door.

This Thursday, sisters are reminded, will be the last opportunity to bring in canned goods for the food baskets at the regular meeting. Reports will also be heard from the delegates who attended the annual Rebekah Assembly being held at the Pantlind Hotel this week in Grand Rapids. The first nomination of 1975 officers will be held at this meeting.

**Novi Youth Assistance**  
The Novi Youth Assistance Bike Committee will be starting work on the surveys this week. They will be assisted by the Novi Jaycee Auxiliary. Four hundred homes will be contacted through out Novi by the canvassers. If you are interested in helping, contact Clara Porter at 349-6876. The next meeting of the Novi Youth Assistance group will be November 7 at Holy Cross Episcopal Church.

**Novi Blue Star Mothers**  
Next meeting for this group will be Thursday, November 7, at noon at Jimmy's Restaurant in South Lyon. This will be the anniversary luncheon chaired by Jerry Kent. A reminder to bring a \$1 exchange gift.

**Novi Welcome Wagon**  
The board meeting will be next Monday at the home of Carol Moritz, 22826 Ennshire, at 7:30 p.m. Plans will be finalized for the special Halloween party being planned for residents at Whitehall Convalescent Home with members of this group and their children in Halloween costumes visiting the home. Anyone wishing to help can contact Bev Adams at 349-5427.

**Novi Rotary Ann's**  
Next Tuesday is the date set for the meeting of this newly organized group. There is a need for additional Rotarian's wives to come to the meeting and become involved in the service work being planned. If

you have any questions, contact Margaret Johnson, president.

**Cub Scout Pack 239**  
**Village Oaks**  
At the October 10 Pack meeting, the following boys received their awards:

Den 1—Bobcat pin and Wolf Book—Jeff Siegel, Todd Woodall, Bill Saindon, Jeff Thorpe, Michael Kolaso, and Patrick Mason (Bear Book).

Den 2—Bobcat Pin—Dony Warthman, Daryll Rhea.

Den 5—Del Brockman Den mother—One year service pin and one year perfect attendance—Scott Badarack, Keith Brockman and John Lane.

The next pack meeting is tonight, Thursday, at Orchard Hills School, 7:30 p.m.

## PARSON to PERSON

Cedric Whitcomb, Pastor

It almost seems as though we're looking for some kind of "Six Million Dollar Man" who can solve the present problems of inflation, economics, crime and all the social ills of our day. 1900 years ago when the Lord Jesus Christ was beginning His public ministry, the world then was looking for the same kind of a person. They were looking for a deliverer, a king or a prophet.

At that time, John the Baptist (no connection with Baptists today, set them back on their heels when he announced the Lord Jesus in this way: "Behold the Lamb of God, which taketh away the sin of the world (John 1:29) People had forgotten about their sin. They were looking for a king when what they needed was a savior.

It's difficult to get people to realize they're sinners and the world doesn't need a superhero or a miracle-working reformer, it needs a savior.

The problems of our world are not economic and social. These are merely by-products of man's real need—the fact that he's a sinner. When the Lord Jesus came He came to be our sacrifice for sin. He died for sin and died that people might be forgiven of their sin. Through His death He became our Savior. We'll never know personal peace, say nothing about international peace, until we realize we're a sinful, needy people and receive the Lord Jesus Christ as personal Lord and Savior.

## NOTICE OF SPECIAL ASSESSMENT HEARING

City of Novi

County of Oakland, Michigan

TAKE NOTICE that the City Council of the City of Novi, Oakland County, Michigan, has determined it to be necessary to make the following described sanitary sewer public improvements:

Construction of Sanitary Sewer and Sewer Laterals. The City Council has determined that the cost of the above described sanitary sewer public improvements shall be assessed against the following described property abutting the above described improvements:

PARCEL IDENTIFICATION NUMBERS: 15-152-003, 15-152-004, 15-152-005, 15-152-006, 15-301-001, 15-301-002, 15-301-003, 15-301-004, 15-301-005, 16-176-020, 16-176-021, 16-176-022, 16-251-001, 16-251-002, 16-251-003, 16-251-004, 16-251-005, 16-251-006, 16-426-001, 16-426-002, 16-426-003, 16-426-005, 16-426-006, 16-426-007, 16-300-020, 16-300-021, 16-300-039, 16-300-022, 16-300-023, 16-300-024, 16-451-001, 16-451-002, 16-451-003, 16-451-036, 16-451-037, 16-451-006, 16-451-007, 16-451-008, 16-451-009, 16-451-010, 16-451-025, 16-451-027, 16-451-028, 16-451-029.

TAKE FURTHER NOTICE that the City Council has caused reports concerning said public improvements to be prepared, which reports include necessary plans, profiles, specifications and estimates of cost of such public improvements, a description of the assessment district and other pertinent information, and these reports are on file in the office of the City Clerk and are available for public examination.

TAKE FURTHER NOTICE that the City Council will meet on Wednesday, November 13, 1974, at 7:30 p.m. EST, at the Novi School Administration Building, 2575 Taft Road, Novi, Michigan, for the purpose of hearing objections to the making of such sanitary sewer public improvements. This Notice is given by order of the City Council of the City of Novi, Oakland County, Michigan.

# Northville Council Minutes

October 7, 1974

Mayor Allen called the meeting of the Northville City Council to order at 8:15 p.m.

**ROLL CALL:** Present: Allen, Biery, Folino.

Absent: Nichols (death in family), Vernon (unavoidable business in Arizona).

**CLAUDE N. ELY AWARD:** The presentation of the Claude N. Ely Award was deferred as the recipient could not attend this meeting.

**MINUTES OF PREVIOUS MEETING:** The minutes of the Council meeting of September 23 were reviewed. On page 3, resolution for Randolph Drain, add last sentence to read "Be it further resolved that a copy of this resolution be forwarded to the Plan Commission."

Minutes will be placed on file as corrected.

**MINUTES OF BRDS & COMMISSIONS:** Minutes of the Plan Commission for September 17 and the Zoning Board of Appeals for September 25 were reviewed. Brief discussion on page 2, 4th paragraph on Plan Commission minutes. Minutes were approved and placed on file.

**APPROVAL OF BILLS:** Councilman Folino questioned check No. 1008. City Manager to check to see if this is covered by insurance.

Motion by Councilman Biery support by Councilman Folino to approve the bills.

**EQUIPMENT FUND** \$ 2,847.96  
**GENERAL FUND** 44,801.30  
**LOCAL STREET FUND** 808.21  
**MAJOR STREET FUND** 910.60  
**PUBLIC IMPROVEMENT FUND** 1,228.30  
**LOAN TO WATER FUND** 20,000.00  
**SEWER AND WATER FUND** 13,287.50  
**TRUST AND AGENCY FUND** 39,782.75

Carried unanimously.

**COMMUNICATIONS:** Resolution from Birmingham received requesting the State and Liquor Control Commission to amend the Liquor Control Act to grant to all municipalities the right to approve or disapprove the issuance or transfer of SDM and SDD licenses.

Motion by Councilman Biery support by Councilman Folino to adopt the above mentioned resolution and send copies to the proper legislative officials.

Carried unanimously.

Letter from Marcia Frid, Northville Band Parents Club, requesting permission for band students to sell booster decals Saturday, October 26 or November 2 if weather is bad.

Motion by Councilman Folino support by Councilman Biery to approve band students selling band booster decals Saturday, October 26, subject to final approval by the City Manager and Police Department.

Carried unanimously.

Letter from the Principal of Northville High requesting permission to hold a pep rally and bonfire at the Water Tower site October 17, 1974, with the Fire Department in attendance as in the past.

Motion by Councilman Folino support by Councilman Biery to approve the bonfire conducted by the Junior Class of Northville High subject to final approval of the City Manager, Police and Fire Departments.

Carried unanimously.

Letter from Martin Gluckstein, Detroit, commending Officer Rathbun and the night duty station officer for their courtesy and assistance on September 22, when his vehicle broke down.

**POLICE REPORT:** Police Report comparing incident levels of the past six years with 1974 was discussed and placed on file.

**MERS DELEGATE:** Motion by Mayor Allen support by Councilman Biery appointing Paul Folino as the

delegate and City Manager Walters as alternate to the MERS Annual Meeting in Traverse City, October 26th.

Carried unanimously.

**HELP YOUNG AMERICA WEEK:** Yale Silverman from Colgate-Palmolive Co. was present to ask Mayor Allen to proclaim the week of November 17-23 "Help Young America Week." This would give recognition to the Colgate-Palmolive Co. and millions of youths in supporting and raising funds for organizations such as Boy Scouts, Girl Scouts, 4-H, etc.

Motion by Councilman Folino support by Councilman Biery to proclaim November 17-23 "Help Young America Week."

Carried unanimously.

**TRIVOLI FAIR:** Letter from Northville Historical Society asking permission to hang a banner for the Trivoli Fair across E. Main St. near the First Presbyterian Church from early November until the 23rd.

Motion by Councilman Folino support by Councilman Biery to approve the Historical Society's request to hang a banner for the Trivoli Fair across E. Main from November 1 through the 23rd with details to be worked out with the City Manager.

Carried unanimously.

**RECREATION COMMISSION:** A letter from Mr. Henrikson, Secretary of the Recreation Commission, recommending the addition of two members, one from the City and one appointed by the Township. The additional members are necessary because of the increase in population.

Motion by Councilman Folino support by Councilman Biery to expand by one the members from the City on the Recreation Commission, subject to approval by the Township.

Carried unanimously.

**RANDOLPH DRAIN:** Material completed by the City Manager regarding the Randolph Drain was reviewed by Council. This information was sent to the Inter-County Drain Board for the public hearing October 8.

**TRAFFIC CONTROL ORDERS:** Motion by Councilman Biery support by Councilman Folino to adopt Traffic Control Order 7424.

Carried unanimously.

Motion by Councilman Folino support by Councilman Biery to adopt Traffic Control Order 7425.

Carried unanimously.

**WORKMENS COMPENSATION BIDS:** Bids received for Workmens Compensation Insurance were discussed. City Manager corrected the computation on Les Bowden's Great American bid due to a clerical error in the report, and pointed out the corrected figures showed this bid is better overall than Farm Bureau's and recommended the acceptance of Les Bowden's bid for Great American.

Northville Insurance	\$13,156
Citizens	
Les Bowden & Associates	12,157
Great American	13,156
Advanced Underwriters	13,156
The Home	
Advanced Underwriters	13,156
U.S. Fid. & Guaranty	14,282
Charles Wind	
Michigan Mutual	13,142
Ed Lockwood	
Albany	13,154
Wayne County Farm Bureau	
Farm Bureau Mutual	

Motion by Councilman Folino support by Councilman Biery to accept Les Bowden's Great American bid of \$13,157, for Workmens Compensation Insurance.

Carried unanimously.

**SALT SHED BIDS:** Council reviewed the bids received for the salt shed as follows:

Unibuilt Inc. \$13,500.00 30 days complete

Midstate Treated Timber Products 17,498.00 90 days

J. M. Lapham & Son, Inc. 17,748.80 45 days

City Manager said the error on Unibuilt's bid was reported after he contacted Unibuilt and questioned the large difference between bids. Unibuilt revised their bid to \$17,000.00. There followed a discussion of the prices and completion dates.

Motion by Councilman Folino support by Councilman Biery to reject Unibuilt's bid of \$13,500 as they admitted they are unable to complete it at this price and after bids were opened they revised theirs up \$3,500. Their bid bond will be returned.

Carried unanimously.

Motion by Council Folino support by Councilman Biery to accept the bid of \$17,748.80 from J. M. Lapham & Sons, Inc. in the best interests of the City, as the difference in the completion dates, (45 vs. 90 days) would not justify the acceptance of the Midstate bid.

Carried unanimously.

**CRIMINAL JUSTICE INSTITUTE AGREEMENT:** City Manager recommended Council authorize the Mayor and Clerk to sign an agreement to be a participating member of the Criminal Justice Institute, a major source of departmental training. This institute replaced the old Detroit Police Academy. There is no cost except as training courses are actually used.

Motion by Councilman Biery support by Councilman Folino to authorize the Mayor and Clerk to sign an agreement with the Criminal Justice Institute.

Carried unanimously.

**OAKLAND COUNTY ASSESSING AGREEMENT:** City Manager recommended Council authorize the Mayor and Clerk to sign an agreement for assessing services with Oakland County, the cost of which is approximately \$1,800 a year.

Motion by Councilman Folino support by Councilman Biery to authorize the Mayor and Clerk to sign an agreement for assessing services from Oakland County.

Carried unanimously.

Mayor Allen felt the assessors should have proper identification and alert the City when they begin assessing.

**BUILDING CODE ORDINANCE:** Motion by Councilman Folino support by Councilman Biery to approve the Building Code Ordinance for publication and public hearing on October 21, 1974, at 8:00 p.m.

Carried unanimously.

**ELECTRICAL CODE ORDINANCE:** Motion by Councilman Folino support by Councilman Biery to approve the Electrical Code Ordinance for publication and set public hearing for October 21, 8:00 p.m.

Carried unanimously.

**ZONING PARKING REQUIREMENTS:** The parking requirements amendment to the Zoning Ordinance was looked over by Council. The public hearing on this has been set at the October 21st meeting.

Mayor Allen asked when Mr. Nino will start the parking needs study. City Manager replied a work proposal is being prepared and should be ready October 21st for Council action.

**MISCELLANEOUS:** Letter from League of Women Voters received inviting the Mayor and Council to attend a showing of the movie "The Flooding River" on October 9.

Councilman Folino, Mayor Allen and City Manager to attend.

City Manager asked if Farmer's Cider Mill signs are viewed traditionally as approved special event signs.

Council told him no, permission has never been requested or given. City Manager pointed out the color and shape of signs could be mistaken for stop signs. He was instructed to collect the Cider Mill and ask them to consult with the City regarding proper placement of the signs. The Historical Society may want to be involved in the design of new signs.

There being no further business, the meeting was adjourned at 10:20 p.m.

Respectfully submitted,

Patricia Rajda

# LOOK OUT!

Here it comes. The campaign rhetoric. The guilt by association charges. The countless attacks on our Congressman Marv Esch. Don't be misled. Look at the Esch record.

It's a record of leadership on the issues.

It's a record of commitment not to any special interest group, but to doing an effective job for all the people.

It's a record of performance, not promises.

But don't take our word for it. Here's what others say:

## For Education

"Your re-election to the U.S. House of Representatives will be in the best interest of children, parents and constituency as a whole. We look forward to working with you during the 94th Congress... the children of the nation need men like you to have quality education."

James A. Harris, President  
National Education Association

## For Employment of All Americans

"On behalf of the Nation's cities, I wish to offer my congratulations and express my appreciation for your untiring efforts in the development of a compromise bill that will address the major concerns of the cities in restructuring the manpower system to make it more effective and efficient."

U.S. Conference of Mayors

"It was your prompt action that made it possible for us to meet the needs of unemployed workers and their families in Michigan."

S. Martin Taylor, Director  
Michigan Employment Security Commission

## For The Handicapped

"It is an established fact that Marvin Esch has become one of the most formidable advocates on behalf of both handicapped children and adults, especially in his capacity as a member of the House Education and Labor Committee."

"In the 93rd Congress alone, Mr. Esch made most significant contributions to two vital pieces of legislation, the Rehabilitation Act Amendments of 1973 (PL 93-112) and the Education Amendments of 1974 (PL 93-380). Both of these Acts carry reforms and innovations which will undoubtedly have a most considerable positive impact on the education and general well-being of both the handicapped and gifted and talented."

National Council for Exceptional Children

## For Responsible Government Spending

"We concur in the judgment of the sponsors of the amendment that it makes sense economically and politically to reduce the number of American military personnel by the 200,000 figure proposed. The UAW hopes you will vote for the Blatnik-Carter-Esch-Matsunaga amendment when it is taken up next week, probably on Tuesday."

Jack Beidler, Legislative Director, UAW

## For Legal Services

"As president of the National Legal Aid and Defender Association, a membership organization dedicated to the goal of equal justice for all, I would like to extend sincere thanks to you for your work in making the National Legal Services Corporation a reality..."

"... we welcome the enactment of the legal services corporation bill as an important step in establishing legal services as a continuing, integral part of our system of justice..."

Revis O. Ortique, Jr.  
Pres., National Legal Aid and Defender Association

## For The People

"I know, we the people of Monroe County have more upon your shoulders than anyone else. You are probably overworked and very sick of complaints but we want you to know that you are the one we can count on for anything."

Mrs. Grace Shanaway, Monroe

## Action: Northville

\* Through position on powerful Appropriations Committee, secured NEW STATE POLICE POST FOR NORTHVILLE, to be constructed on Seven Mile Road—providing greater police protection for our families.

\* Led successful fight for funds for extensive stocking and new fishing docks for PHOENIX LAKE and provide BIKE PATHS through Northville. Both projects now underway.

\* Sponsored law for NORTHVILLE YEAR-ROUND SCHOOL PROGRAM, a pioneering effort paving the way for more effective use of school facilities in Michigan.

\* Obtained grant to IMPROVE SAFETY on congested NORTHVILLE TRAFFIC ROUTES.

time that the recommendation from the Planning Commission comes. Ayes: All Abstain Cayley Motion carried

2. City of Romulus - a. Resolution regarding implementation of Welfare Cutting Reforms. b. Resolution regarding opposition to further bans on owning hand guns.

MacDonald moved, supported by Mitchell to receive item A. Ayes: All Abstain Cayley Motion carried

3. Wayne County Board of Commissioners - Letter appointing Supervisor Wright to a committee to help determine future of Wayne Co. Child Development Center.

Mr. Wright stated that he considers this appointment an honor, and the meeting places for this committee will be the Ponchartraine Hotel, and that it will be of no cost to the Township. A letter was read from the Wayne County Board of Commissioners. Schaeffer moved, supported by Mitchell to receive and file Ayes: All Abstain Cayley Motion carried

4. Mich. Dept. of Treas. - Requesting a Resolution Establishing a Central Mailing Address for the Township.

The Township Board should establish a central mailing address for the Township so that no mail will be sent to the homes of the Supervisor, Trustees, etc., and that the Clerk should pick up the mail weekly and distribute it.

MacDonald moved, supported by Straub to establish a central mailing address for the Township Ayes: All

Abstain Cayley Motion carried. Resolution No. 74-84 adopted

5. Northville Jaycees - Request permission to conduct a "Haunted House" at 42270 Six Mile Rd.

Straub moved, supported by MacDonald to grant permission to the Northville Jaycees to conduct a "Haunted House" at 42270 Six Mile Rd. Ayes: All Abstain Cayley Motion carried

6. Northville Recreation Commission - Requesting additional member from Township for Commission.

Straub moved, supported by MacDonald to ask for necessary resumes. In accordance with their requests Ayes: All Abstain Cayley Motion carried

7. Wayne Co. Office of Civil Defense - Regarding Relief Act of 1974.

Mitchell moved, supported by Schaeffer to receive and file Ayes: All Abstain Cayley Motion carried

8. Consumer Protection Agency - Establishment of Division Office.

Mr. Wright stated that we do have room for them, and they only meet 1/2 day of the month for a whole year. MacDonald moved, supported by Mitchell to ratify Mr. Wright's action in offering office space Ayes: All Abstain Cayley Motion carried

9. Michigan Township Assoc. - Regarding payment of dues.

Our 3 year period of insurance expires on the 19th of January, 1975, and at that time the Township will no longer be members of the Township Assoc. Straub moved, supported by MacDonald to table Ayes: All Abstain Cayley Motion carried

10. Burnham & Flower Agency, Inc. - Resume of Township Insurance, with regard to Jan. 1975 expiration date.

Mitchell moved, supported by MacDonald that we get estimates from a minimum of 3 insurance companies (plus Burnham & Flower) for all insurance needs of the Township Ayes: All Abstain Cayley Motion carried

OLD BUSINESS  
1. Chief Nisun's request to hire patrolman under Title II Program.

Mitchell moved, supported by Schaeffer that we hire a patrolman under the Title II program with the understanding that he is aware that his employment will or will not terminate when the money from the grant runs out. He must meet all the qualifications, and in the future he may be valuable to another community Ayes: Mitchell, Wright, Straub, MacDonald, Schaeffer Abstain Cayley Motion carried Resolution No. 74-85 adopted

RECOMMENDATIONS  
1. From Planning Commission - Requirements of surveyor's plan &

properly description for rezoning petition.

2. From Planning Commission - Site plan to be given to the Police Dept. and Building Official for comments.

## Custodian Home After Surgery

While Otto Wiley has been recuperating from surgery at his Horton Street home, his days have been brightened by students at Amerman Elementary School.

Wiley, who is a custodian at

the school, has been receiving cards and drawings from the elementary students.

"All the children at the school like him," commented Principal William Craft, "and are anxious to have him get well."

## NOTICE OF SPECIAL ASSESSMENT HEARING

City of Novi

County of Oakland, Michigan

TAKE NOTICE that the City Council of the City of Novi, Oakland County, Michigan, has determined it to be necessary to make the following described sanitary sewer public improvements in the City of Novi.

Construction of Sewer Main along Ten Mile Road

The City Council has determined that the cost of the above described sanitary sewer public improvements shall be assessed against the following described property abutting the above described improvements:

22-400-017	22-400-009	22-400-001
22-326-002	22-326-001	22-377-003
22-377-002	22-377-001	22-376-004
22-376-003	22-376-002	22-376-001
22-351-012	22-351-011	22-301-050
22-301-049	22-301-048	22-301-047
22-301-046	22-301-045	21-400-007
28-200-002	27-100-001	27-200-001
27-200-003		

TAKE FURTHER NOTICE that the City Council has caused reports concerning said public improvements to be prepared, which reports include necessary plans, profiles, specifications and estimates of cost of such public improvements, a description of the assessment district and other pertinent information, and these reports are on file in the office of the City Clerk and are available for public examination.

TAKE FURTHER NOTICE that the City Council will meet on November 13, 1974 at 7:30 p.m. EST, at the Novi School Administration Building, 25575 Taft Road, in the City of Novi, for the purpose of hearing objections to the making of such sanitary sewer public improvements.

THIS NOTICE is given by order of the City Council of the City of Novi.  
Geraldine Stipp, City Clerk

10-21-74

## CONSTRUCTION AND SITE WORK, PHASE I

### NEW ELEMENTARY SCHOOL

### NOVI COMMUNITY SCHOOL DISTRICT

### NOVI, MICHIGAN

## ADVERTISEMENT FOR BIDS

Proposals will be received until 8:00 p.m. on Thursday, November 14, 1974, by the Board of Education, Novi Community School District, 25575 Taft Road, Novi, Michigan 48060 for Construction and Site Work at the New Elementary School as indicated below. Proposals shall be in a sealed envelope addressed to the Owner with name of Bidder and Bid Category indicated on the envelope.

Proposals will be read aloud at the Office of the Board of Education at the above address.

A deposit of \$50.00 will be required for each set of Contract Documents. Full refund of deposit to bidders will be made if documents are returned in good condition within fifteen (15) days after bid date.

Contract Documents may be obtained from the Office of the Architect or the Office of the Construction Manager at the addresses listed below.

Drawings and Specifications will be on file and may be examined at the following locations after October 24, 1974:

1. Office of the Architect—Harman Tibedeau Wedge & Associates, 407 Fort Street, Port Huron, Michigan 48060.

2. Office of the Construction Manager—Miller-Davis Company, 1029 Portage Street, Kalamazoo, Michigan 49001.

3. Construction Office—Taft Road, Novi, Michigan.

4. F.W. Dodge Corporation in Detroit, Grand Rapids & Lansing, Michigan.

5. Builders and Traders Exchange in Detroit, Michigan.

Except as otherwise indicated in Instructions to Bidders, no proposal will be considered unless accompanied by either a certified or cashier's check on an open solvent bank or a bid bond with an approved surety company in the amount of 5 per cent of the bid made payable to the Board of Education, Novi Community School District.

Bids will be received in accordance with Bid Categories listed below under the Construction Management concept:

Bid Category Number	Bid Category Title
1	Site Preparation
	Site Clearing
	Stripping
	Mass Grading
	Engineered Building Fill
2	Structural Steel
3	Steel Joists
4	Metal Deck—Materials
5	Metal Deck—Erection

The Board of Education reserves the right to accept or reject any or all bids and to waive irregularities in proposals. No bid may be withdrawn within thirty (30) days after the bids are opened.

Published by authority of the Board of Education, Novi Community School District, Mr. Ray L. Warren, Secretary.

Richard Prince & Associates, Inc.,  
Architects  
3623 Douglas Avenue  
Kalamazoo, Michigan 49007

Site Preparation - Phase I  
New Senior High School  
Novi Community Schools  
Novi, Michigan

## ADVERTISEMENT FOR BIDS

Proposals will be received until 8:00 p.m., November 7, 1974 by the Board of Education, Novi Community Schools, Novi, Michigan for Site Preparation - Phase I for the New Senior High School. Proposals will be read aloud in the office of the Board of Education, 25549 Taft Road, Novi, Michigan.

A \$25.00 dollar deposit will be required for each set of contract documents. Refund of deposit will be made by the Architect if documents are returned in good condition within fifteen (15) days after Bid date.

Plans and specifications will be on file and may be examined at the following locations after October 16, 1974

- Office of Richard Prince & Associates, Inc.: 3623 Douglas Avenue Kalamazoo, Michigan
- Owner's Office: 25549 Taft Road Novi, Michigan 48050
- Office of the Construction Manager Miller-Davis Co.: 1029 Portage Kalamazoo, Michigan
- F. W. Dodge Corporation in: Kalamazoo, Michigan Detroit, Michigan Flint, Michigan Grand Rapids, Michigan Lansing, Michigan Toledo, Ohio
- Builders & Traders Exchange in: Detroit, Michigan Saginaw, Michigan Kalamazoo, Michigan Grand Rapids, Michigan

No proposal will be considered unless accompanied by either a certified or cashiers check on an open solvent bank or a bid bond with an approved surety company in the amount of 5 per cent of the proposal as liquidated damages if the successful Contractor fails to sign the contract and file necessary insurance within fifteen days after Notice of Award by the Owner of Architect.

The bonding company on issuing a bid bond thereby obligate themselves to furnish a Performance, Labor and Material Bond in the full amount of the contract should the subject Contractor be low bidder.

All work will be performed under a single contract as set forth in Instructions to Bidders under Construction Management Concept.

The Owner reserves the right to accept or reject any or all bids and to waive irregularities in proposals. No bid may be withdrawn within thirty (30) days from the date of reception.

Published by authority of the Board of Education, Novi Community Schools, Novi, Michigan.

## NOTICE TO BIDDERS

Sally A. Cayley, Clerk  
Township of Northville

# Coy, O'Brien Debate Issues In Uniform

Continued from Page 3-C

O'Brien points to Leisure Co-op Homes in Wixom, which is basically made up of senior citizens, as an example of a cluster which may have a definite need for public transportation.

O'Brien adds that public health is a function of the county government and while residents provide 15 mills for county operations, "I don't see a return in services to our area and if it is, it isn't being publicized by Coy."

The challenger argues that he favors the county hospital continuing and that what the Republicans have provided is merely akin to a nursing home.

He also says he favors establishment of smaller community emergency hospitals — despite claims of dollars lost because of idle beds.

"I also favor an adequate county jail, fully manned, to take the burden off the local police. The Republicans began it but they haven't finished it."

O'Brien points to the new county jail and notes that the Republicans allowed a \$10,000,000 jail to be built, but then haven't provided the funds to completely staff it.

"The county picking up prisoners at local municipalities is the first thing the Democrats have gotten from county government," says O'Brien. "I wouldn't want a super police force, but it should be adequate."

"I also have great hope for elected county officials and I favor Kuthy for that post," says O'Brien.

He adds that he would support eliminating the autonomous county road commission in favor of a department of public roads which would be under the county executive, who is responsible to the people.

O'Brien also contends that while Oakland County valuation went up 10-11 percent during 1973-74, providing several million dollars more funds, the money hasn't been allocated equitably.

"It seems that when allocated, these extra funds should be provided on a wider basis to the county."

Replying to charges by Coy that he would be unable to attend daytime county meetings because of his position as a teacher with the Southfield school district, O'Brien says the assumption is false.

"Teachers have some flexibility," he contends. "I have many accumulated leave days coming. If that fails, I'm eligible for a one year sabbatical."

"The county commissioner's job is a parttime job and that's how it supposed to be," O'Brien says. "I will take a sabbatical only if it becomes necessary."

He also says that he can attend just as many meetings as Coy has said he attended.

"If I couldn't cope, I would resign," he says. "I wouldn't consider myself to be an absentee commissioner." O'Brien notes that there has been a proposal that county commissioner meetings be held at night when the electorate is able to attend. "That fits my schedule even better."

O'Brien, summing up his position, says, "I don't consider myself to be a radical liberal, but rather an independent Democrat."

Marine Private Eric S. Hansor of 26545 Taft Road, graduated from recruit training at the Marine Corps Recruit Depot, San Diego. Physical conditioning, discipline and teamwork are emphasized during Marine recruit training.

Classes include instruction in close order drill, Marine Corps history, first aid, uniform regulations and military customs and courtesies.

Wright-Patterson AFB, Ohio, is the new assignment of Air Force Captain Forrest L. Pretzer, son of Mr. and Mrs. Therese Kohler, 1932 West Gerald.

Captain Pretzer, an astronautical engineer, was assigned to Wright-Patterson from Vandenberg AFB, California. He will be working with the Air Force Flight Dynamics Laboratory.

A 1956 graduate of Northville High School, the captain received his B.S. degree in aerospace engineering in 1968 from Auburn (Alabama) University and his M.S. degree in aerospace engineering in 1969 from the University of Michigan.

He was commissioned in 1968 upon completion of Officer Training School, Lackland AFB, Texas.

## Township Minutes

Continued from Page 6-C

MacDonald moved, supported by Schaeffer to accept the recommendations of Ayes Wright, Straub, MacDonald, Schaeffer, Mitchell Abstain. Cayley Motion carried Resolution No. 7486 adopted.

ANY OTHER BUSINESS WHICH MAY BE PROPERLY BROUGHT BEFORE THE BOARD.

1. SAD No. 4 Const. Acct.

As SAD 4 Construction is about to begin and monies will be received shortly necessitating an account to handle these funds, MacDonald moved, supported by Mitchell to authorize the Clerk and the Supervisor to sign Ayes Straub, MacDonald, Schaeffer, Mitchell, Wright Abstain. Cayley Motion carried Resolution No. 7488 adopted.

2. Ratify selection of bond printing co.

As this matter was not on the agenda of the special meeting of 10-8-74, as a direct item, it was necessary at this time to ratify the decision of the Board on 10-8-74. Mitchell moved, supported by MacDonald to ratify the selection of Midwest Bank Note Co. Ayes MacDonald, Schaeffer, Mitchell, Wright, Straub Abstain. Cayley Motion carried Resolution No. 7489 adopted.

3. Resolution from Wayne County Road Commission - Regarding Proposal A.

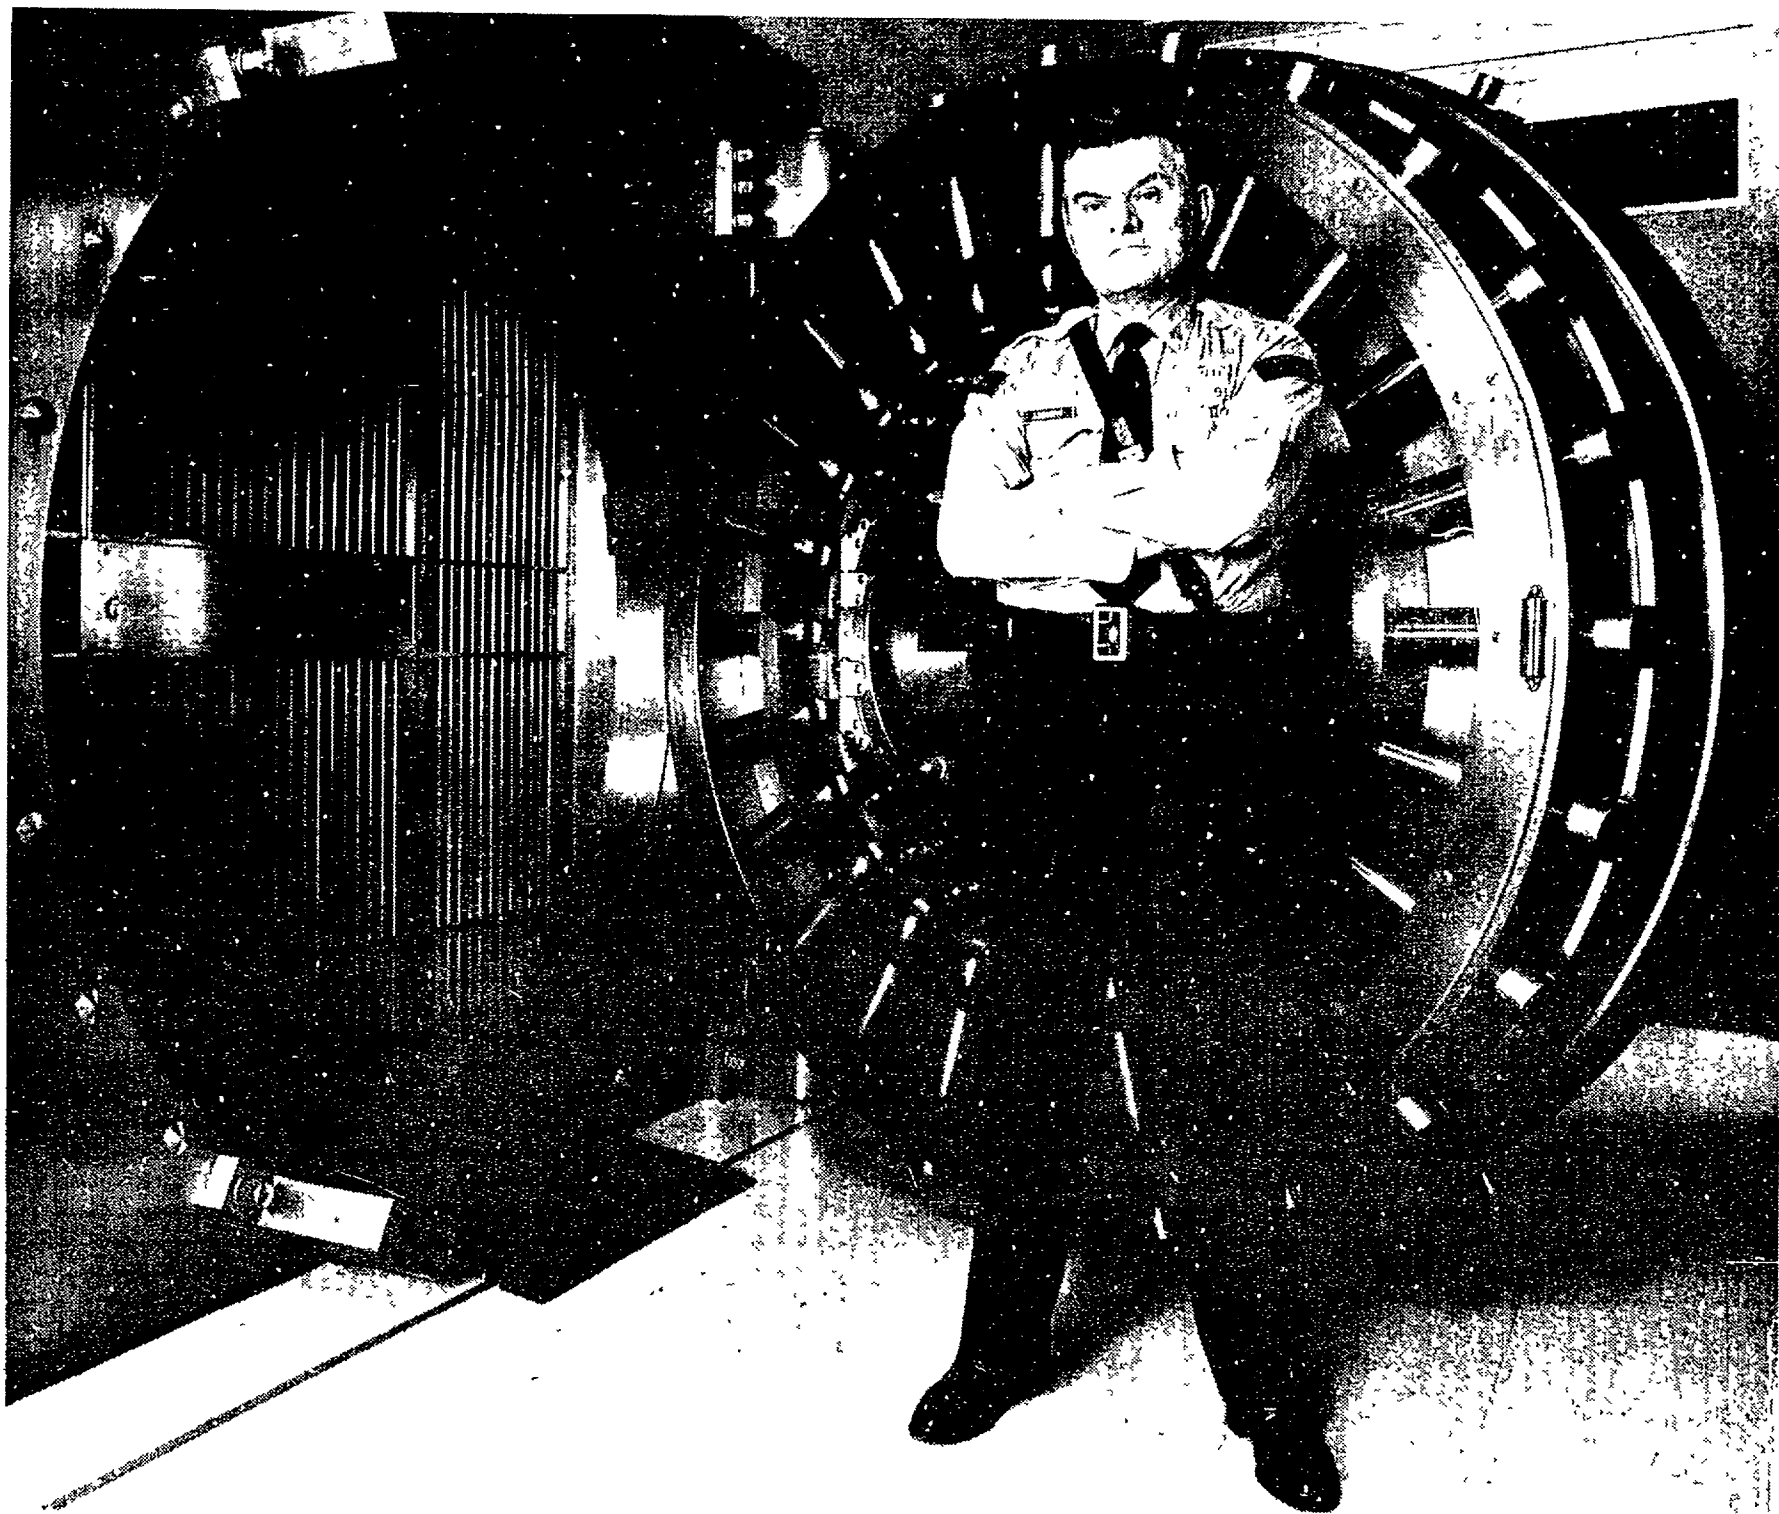

This resolution is supportive of Proposal A, which will be on the ballot in November. The Commission is requesting support from other governing bodies for this Proposal, which would limit the amount of gas tax to be used for other than road maintenance. Mitchell moved, supported by MacDonald to table this matter to the special meeting so that members of the board can come up with their own ideas about this gas tax Ayes All. Abstain. Cayley Motion carried.

4. Letter of resignation from Clerk Sally A. Cayley.

A letter was read from the Clerk, Sally Cayley, received October 10, 1974 in which she announced her resignation. Her resignation will become effective October 31, 1974 at 12:01 a.m.

Schaeffer moved, supported by MacDonald to accept the resignation with regret, and to assign Mr. Wright to write a letter of thanks Ayes Schaeffer, Wright, Mitchell, Straub, MacDonald Abstain. Cayley Motion carried Resolution No. 7490 adopted.

Mitchell moved, supported by Straub to adjourn the meeting Ayes All Abstain. Cayley Motion carried. Meeting adjourned at 9:30 p.m. Sally A. Cayley, Clerk.

## At NBD, you get a lot more than 7 1/4% interest.

Let's be honest...just about every bank in Detroit will give you 7 1/4% interest on savings certificates of \$1000 or more left on deposit for 4 years. And so will National Bank of Detroit.

But NBD can give you something extra no other bank in Michigan can give you — the security of dealing with Michigan's

biggest bank, with assets of more than \$8,000,000,000.

And you don't have to have a thousand dollars, or leave your money on deposit for 4 years, to have your savings protected by NBD. The same \$8 billion in assets, and long-time reputation for financial soundness, stand behind every NBD savings plan...even if you open a

regular EveryDay Interest account with only a few dollars.

Why not get the safety and security of Michigan's biggest bank, by starting a savings program at the NBD office near you?

We have what it takes to make banking a lot better for you.

## Making banking better for you.

Federal law and regulation prohibit the payment of a time deposit prior to maturity unless three months of the interest thereon is forfeited and interest on the amount withdrawn is reduced to the passbook rate.

## It's Our Policy

By

Dick Bingham

First step in protection is avoiding loss. Here are a few tips to protect your safety, and the things you care about:

Moving into a new house or apartment? Have new double cylinder locks installed.

Never leave your keys in your car. Even if they're not in the ignition, if you've "hidden" them, they can be found and used.

A sheet rock or plaster ceiling above your furnace will give you better protection. Do you know where your emergency oil burner shut-off switch is located?

If you plan to be away, notify your neighbors and the police, so they can keep an eye on the house.

Report broken street lights to the police or highway department. You deserve all the protection that good lighting affords.

To top off your protection plan, insure your belongings in case of loss. Call Talmay Agency, 25912 Novi Road, 349-7145 for an insurance plan custom-tailored to your needs.

## GENERAL ELECTION

To The Qualified Electors:

NOTICE IS HEREBY GIVEN, That a General Election will be held in the City of Northville, Precincts 1 and 2, County of Wayne, State of Michigan, at the City Hall, 215 W. Main St.

Chilly Weather Greet Scouts

By NANCY DINGELDEY

This past week has found one weather record broken after another and, according to the weathermen, our day of Indian summer may have happened this week. Oh well, I just wouldn't know how to wash windows this time of year unless it was snowing. Fall is the traditional time of the year for Boy Scouts, Girl Scouts and Campfire Girls to get in that one last weekend of camping experience. The Girl Scouts of Wixom joined girls from their Southwest Association on October 5 at Stoney Creek Metropark north of Rochester. It was supposed to rain the entire weekend but instead they were blessed with probably the only gorgeous weekend in the month.

Not so with the Boy Scouts. Their chosen weekend was

this past one and what a "beauty". Friday night was just plain cold and to the bugle call early Saturday morning, the first chore of the day was to sweep the snow off the tents. Bill Allred is the Scoutmaster for one of the groups which included Ted Bowman and our son Mike on his first expedition as a Boy Scout. Ted's folks purchased the Wahamaki home on Bogie Drive.

I packed father and son out of here on Friday night and was not too surprised to see them wearing the same clothes on Sunday when they returned. It's a good thing Mike's uniform is a little large...he had more clothes under it than on top.

Daily activities kept the blood circulating but along about dusk the cold started to bite. Bob's only complaint was that his knees got cramped in his sleeping

bag...or, that the sleeping bag was actually too short. It would appear that the bag was not made to take the whole of his six foot frame.

But when I asked if the boys had learned anything over the weekend I must admit I wasn't ready for the answer... "yah, don't take toothpaste". One squeeze of the tube gave me the clue...it was frozen!

It's almost time to turn the calendar to a new month which will be kicked off with the Wixom Treasure Hunt on November 2. I can see it now in ten foot of snow! More converts to the special art of treasure hunting are Gayle and Mel Hardesty of Maple Road. They went on their first in Westland over the weekend and Gayle says they're still recuperating. Only accidentally set off one burglar alarm which caused a bit of a commotion. Other than that they're anxious to go at it again.

Christmas decorations and inexpensive gift ideas. This Saturday session will begin at 9 a.m. until 3:30 p.m. with time out for a sack lunch and coffee. More information on registration will appear in the newspapers.

Wixom's own Holiday Boutique is scheduled for November 23 at the V.F.W. Hall on Loon Lake Road. The boutique will feature even more booths than last year and should be filled with lots of Christmas gifts at affordable prices. The ladies of the Wixom Extension Club will also raffie off their beautiful handmade quilt on that day.

The Finn Camp will be having its annual Christmas bazaar right after the

boutique and it's another great place to shop right in your own backyard.

To close out the month of October there is an open house at the Wixom Library Sunday from 2 to 6 p.m. Since moving to their new quarters in the old Rock Shop on Pontiac Trail the library has taken on a new look and it is hoped that everyone will stop in for a visit. Refreshments will be served throughout the afternoon, as well as special puppet shows at 3 and 5 p.m. staged by the Friends of the Library.

If ghosts and goblins are your bag, try the Haunted House on the corner of Wixom and Maple Road for a spine chilling night out. It all starts October 25.

Civitan Club Serves Breakfast Sunday

Northville King's Mill Civitan Club is planning a Sunday morning pancake and sausage breakfast October 24 from 9 to 1 p.m. in the clubhouse on Northville Road between Six and Seven Mile roads.

Cost for the breakfast, to which Northville area residents are invited, is \$1.50 for adults and \$1.25 for children under 12, according to Carl Schleicher.

In making the announcement, Schleicher also invited area men and women to become members of the service club which meets every Thursday evening at 8 p.m. in the King's Mill clubhouse.

"We sincerely believe that you will enjoy the fine fellowship of our members

and the satisfaction of working in various projects to improve our community," said the membership chairman.

Interested men and women may call Schleicher at 349-4535, or any of the following persons: Leslie Griffin, president, 326-2449; Robert Cervin, president-elect, 349-3546; or Louis Hopping, director, 349-2086.

**"The Yellow Pages is the best prescription for curing profit problems!"**

"We've used the Yellow Pages since we opened our pharmacy in East Detroit, and we keep using it. We like to keep our name before a constantly changing public," claims Joseph A. Sokal, Hennessy Pharmacy, 20803 Brock, East Detroit. "One year we used a coded telephone number in our ad and received approximately 100 calls per week on that line alone. Almost our entire advertising budget goes for the Yellow Pages."

"The Yellow Pages is a great friend to have—especially when a businessman is just getting started," says Michael Richardson, Dependable Battery Co., 13550 Dix Toledo Road, Southgate. "Two years ago we opened our battery shop and placed an ad in the Yellow Pages hoping to draw retail business to supplement our wholesale accounts. You can imagine our surprise when we got a large wholesale account that had located us through the Yellow Pages! Wholesale or retail, our Yellow Pages ad more than pays for itself."

"When I bought Warren Rustproofing, one of the first things I did was increase the Yellow Pages advertising. We are now in five different directories. We don't advertise in any other medium because we don't need to. Approximately 75% of our new business comes from the Yellow Pages. Our faith in the Yellow Pages has been rewarded. Although this year and the one before were supposed to be slow in retail sales, we've done fine."

Jim Malget, Warren Rustproofing, 25600 Van Dyke, Center Line.  
"A little less than two years ago, I decided to open my own driver training school," explains Peggy Ostro, ABC Driving School, 542 West 8 Mile Road, Ferndale. "As quickly as I could, I took out a large ad in the Yellow Pages. Why? Because it's the best source of business I know. At least 90% of my business, and perhaps more during my first year, could be traced directly to my Yellow Pages ad. The Yellow Pages is the most efficient advertising medium I know."
