

Bowling break for some clowning around

Receiving some enthusiastic advice

Oh, My! It's A Strike!

She sees by the voice at her side

It's A Kiwanis Project

High Schoolers Squeeze Laughter from Handicapped

Fun and laughter was contagious Saturday morning as 15 handicapped youngsters enjoyed a couple hours of bowling at Northville Lanes.

It was the second such activity for physically and mentally handicapped youngsters under sponsorship of the Northville Kiwanis Club. More activities are planned.

"Isn't it wonderful! You've got to see it to really appreciate it," a jubilant adult with wet eyes commented while watching

He was only partially correct. No one really had to see to enjoy the fun. A blind youngster proved that as she stood smiling at the foul line listening to the high school student at her side who explained what was happening to the ball and the pins she could not see.

And on another alley, still another youngster squealed with delight when the pins fell in a clatter she could not hear. Being blind or deaf or mentally handicapped made no

difference to these youngsters. For two hours they were ordinary youngsters having lots of fun — thanks mostly to the high school students who volunteered their assistance, said Kiwanis Project Chairman Hugh Lockhart.

"They've done an outstanding job, and we Kiwanians really appreciate it as I'm sure the parents of these youngsters do," he said. The students were organized by Jane Crawford of the high school staff, he said.

Each child had at least one high school student at his or

her side during the bowling. One of them was an exchange student.

Handicaps included deaf, blind, emotional disturbed, and trainable and educable retarded. Future activities, according to Lockhart, will include other kinds of physically handicapped children, he said.

The bowling alley proprietor also assisted the club in the project by providing rent-free shoes and reduced bowling rates.

NEWS BRIEFS

COACH KOEPKE'S Mustang cagers concluded the regular season last Friday night by avenging the only defeat on its 19-1 season record by downing Farmington Harrison, 52-44. Monday night the Mustangs won the first game of district play-offs over Southfield, 61-52. Tonight (Wednesday) the Mustangs enter the second round of tourney play against Plymouth Salem at Southfield at 7 p.m. (See details on sports pages, 1-C).

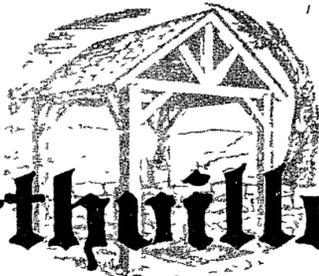

PETITIONS calling for an election in Northville Township on the annexation question have been validated by the State Boundary Commission and officials in Lansing will soon develop some possible election dates. In excess of 1,400 signatures were validated, significantly more than was required, a commission spokesman said. There is some speculation by township officials that the election could possibly be held in May, but if not then perhaps not until next fall.

BOARD OF REVIEW hearings are scheduled to be held in March. Better watch for them, taxpayers! It's your only chance to examine and question your property assessments for next year's tax levy. Speaking for The Record points out that property owners in the township and Wayne County portion of the city of Northville will receive property valuation hikes because of increases in "equalization factors". See page 10-A.

SENIOR CITIZENS will get an assist with their grocery shopping beginning next Tuesday, March 4. A school bus will be used to pick up senior shoppers with student volunteers in the Northville High School community services class of Mrs. Jane Crawford going along to help. Anyone wishing the weekly service is asked to call 349-2468 between 9 a.m. and 4 p.m. by Friday noon for next week's pick-up. Senior citizens also may call Northville Chamber of Commerce, 349-7640, for the shopping service.

TEMPORARY quarters for Michigan State Police appear to be in jeopardy as state budget cuts have temporarily delayed remodeling of the nurses quarters on the western edge of Northville State Hospital property. Located near the site where the new headquarters complex is to be constructed, the temporary facility would house both the Detroit and Plymouth state police operations under one roof, Lieutenant William Tomczyk commented.

HISTORY BUFFS are invited to take "A Pilgrimage with Abraham Lincoln" at 8 p.m. this Thursday as Farmington principal Dr. Weldon Petz deals with the "humanism of Lincoln" at the February meeting of Northville Historical Society at Mill Race Village.

New Library Proposal Likely

TOUR LIBRARIES—City and township officials together with members of the CTS Blue Ribbon Committee visited two libraries Monday night—at Romulus and Garden City —to get a better idea of the space required to house a library serving the size of Northville.

The two libraries visited have square footages of 11,141 and 11,100 respectively, compared with Northville's present 3,900 square foot library. A 10,000 square foot new library is likely to be proposed by the CTS committee.

CTS Committee Nears Wrap Up

While no decisions have been made as yet, it appears the City-Township-School Board Blue Ribbon Committee soon will issue a recommendation calling for construction of a cultural center complex containing a 10,000 square foot library.

But even if the proposed facility is given the green light, by the time necessary municipal approvals, legal work, architectural drawings, bonding, and construction are completed several years will have elapsed, CTS members predict.

Best guess now is that such a facility probably wouldn't be ready for occupancy for five years.

That being the case, the CTS committee probably will recommend an interim larger location for the library, perhaps in the present school administration office (former community building).

One more meeting of the steering committee is planned before the committee of the whole takes action on the final report and recommendation which goes then to the sponsoring agencies — the city council, township board, and school board.

Most CTS members appear to agree that the ultimate use for the present school administration building should be for recreational purposes. It is suggested that during the period the building is being used temporarily by the library the recreation department could utilize space in the annex building (middle school) next door.

Most of the committee discussions thus far appear to rule out the possibility of senior citizens housing on school property on Main Street. Initial consideration suggested such housing might be provided in Main Street Elementary School. However, members of the senior citizens CTS subcommittee and the Northville Housing Commission prefer location of such housing along Wing Street, immediately south of the post office.

Again while no formal CTS conclusions have been reached, it appears that senior citizens housing probably would occur independent of development suggested for the school site.

If the cultural center complex materializes, its facilities will serve senior citizens as well as other residents of the community, CTS committee members have stated.

In discussing the proposal for interim use of the administration's present office building, School Trustee Andrew Orphan suggested last week that perhaps both the school and the library could occupy the building, thus saving taxpayers the cost of temporarily providing administrative offices elsewhere.

His suggestion would have the library occupy the gymnasium portion of the administrative building (where board meetings are now held), while the administrative offices would continue to occupy the west side of the building. Use of only half of this building by the library, it was noted, would represent a doubling of the library's present size in the city hall building.

Under such an arrangement, suggested Orphan, the school board would also have to use part of the annex building temporarily. However, most administrative offices would remain intact.

Here then is what is now being suggested:

Suspect Bound Over

Witness Says She Heard Shots

James J. Olin was bound over to Oakland County Circuit Court last week following preliminary examination on charges of first degree murder.

The 23-year-old Jackson State Prison parolee will be arraigned in circuit court on the charges at 8:30 a.m. Friday. He is being held in Oakland County Jail.

The preliminary examination was held Thursday before 35th District Court Judge Dunbar Davis in Northville with the only testimony Thursday given by Pamela Minidis, 20, of Detroit who told the court she had driven out to Northville with Olin and was outside the party store and heard the shots fired the night of the murder.

Miss Minidis, a material witness in the case, has been

given immunity from prosecution in the case. The order of immunity covers all written and verbal statements she may make.

She told the court she was "in a car parked on the shoulder of Eight Mile Road in Northville, the same side as the party store" and that

approximately 150 feet away she could see the Joe's Pantry sign.

Court Ruling Blocks Summer Racing Here

There will be no summer racing at Northville Downs this year, and perhaps, never again.

Michigan's pioneer harness racing facility became the industry's "winter track" with the ruling Monday in Wayne county circuit court by Judge Thomas J. Foley that Racing Commissioner Leo Shirley had not acted

unreasonably in awarding the metropolitan area's two major tracks all the summer season racing dates.

Judge Foley's ruling means that "back-to-back" summer harness racing at Hazel Park and Wolverine (Livonia) has the go-ahead and that Northville's current 83-night

'COMING ATTRACTION'—Watching a rehearsal of three plays for children to be presented by Friends of Northville Library at 7 p.m. this Thursday in Northville city council chambers are, center left to right, Mrs. Linda Capper and Mrs. Susan Zikmund with Page Capper, 4, Todd Zikmund, 3, and Alyson Zikmund, nine months. Actors are Dennis

Reno, left, Mona Odeh and Wallace Smith, at Orchard Ridge campus of Oakland Community College. They will present "Little Brute Family," "Frederick—The Story of a Field Mouse" and "What's the Matter with Corruthers?" The library-month presentation is open to all area youngsters without charge.

Fashion Expert Tells BPW

'You'll Wear Khaki by Summer'

"Fashion is the kind of business that's always looking for a hula hoop. Clothing manufacturers continually are seeking a great new item to promote," Free Press fashion writer

Marji Kunz stressed to Northville Business and Professional Women Monday. Introduced by her mother, Mrs. Myrtle Ferguson, a club member, the writer ticked off style trends, observing that

"designers are dipping back into the past" for ideas. "I'll bet that half of you will have a khaki skirt for summer," she predicted as she noted a move afoot to replace the blue jean look with khaki and olive drab.

This "combat clothes" look, she said, already is in evidence in the "sleek watering spots of the world like Monte Carlo and Rio." "Get in on a fad or trend early — or forget about it," she warned, "if you want to get your money's worth from your clothes investment."

Along with the super-string and thong bikini, the writer who roams the world's fashion scene, cited the trucker or bowling shirt with a name across the back as "more chic than Dior" in Europe.

Agreeing that "most couture looks do come from Paris," the speaker noted that "eventually they're in K-Mart."

"Home sewers," she added, "have good access to new couture looks as Vogue-Butterick pattern company is one of the largest purchasers of couture models."

For the woman "who wants to look sensational on next-to-

nothing," the fashion expert suggested: "Try to buy clothes you can wear 'year round'." "Don't just put colors together in cliché arrangements. Red, white and blue may be great for the Bicentennial, but combinations such as gray and purple or navy with bright green or orange can be more distinctive."

"The loose silhouette is in — try combining a new, flaring skirt with a blouse you have — or get a fuller blouse and wear it with your old skirt." "Wide belts and long belts to wrap around are coming; buy one to wear with your skirts."

She mentioned that sandal high-heeled shoes worn in the 1950's are making a comeback. "I really don't want to talk about skirt lengths," she declared, "as there isn't just one length anymore."

She speculated that most skirts will stay around the kneecap. "Look in store windows and magazines," she urged, "not to see just the clothes but how items are put together — you'll get to know the trends."

She listed as "in" — less-pronounced shoulder lines, fuller skirts, monotone combinations, any bow

neckline, "precious touches" such as pleated detailing on blouses and dresses, chain and wide belts, garden party prints for summer and a "gypsy princess look — without so many necklaces."

Out of fashion right now, she said, are: Hair hanging to the shoulders (her own was short and very curly); Clothes so stiff they stand alone;

Matched sets of jewelry. — It's not what it used to be. Even if you have a whole set of matching turtle jewelry, just wear one piece at a time." Platform shoes.

Part of the problem in a changing look in make-up, the BPW women were told, is that a woman tries the red lipstick but neglects to go the rest of the way with "city eyes" and more colorful base.

With new fashions, she warned, underwear, too, changes. "These days underwear doesn't hold in as much as it did — and it's not supposed to. Clothes are softer, for a more rounded look."

"If you've bought a complete five-piece polyester outfit, try wearing just some of the pieces together — you don't really want to look like a pre-packaged dinner," she concluded.

In Our Town
Karen's 'Top' Model
At Automobile Show

By JEAN DAY

WHEN DETROIT automobile companies were seeking models for the prestigious Detroit Auto Show at Cobo Hall, which precedes the New York and Chicago shows, a newcomer model from Northville was tapped.

Blonde, 19-year-old Karen Sepp who has been modeling for agencies just two years was one of the glamorous models in evening gowns posing by a shiny new automobile.

And what make car was Karen enhancing?

Cadillac.

"Cadillac was the first automotive firm to interview Karen, and they accepted her," reports her mother, who thinks Karen's statuesque five feet, eleven inches height helped.

Karen is the daughter of Mr. and Mrs. Edward Sepp of 46108 East Fonner Court. She's also one of the family's three striking blonde daughters.

A 1973 honor graduate of Northville High School Karen now is attending Oakland College at its Auburn branch full time studying commercial art and taking courses in mass media.

She's also busy with modeling assignments from two agencies. She's registered with both Gail and Rice and Leslie Fargo.

Karen attended Northville schools ever since her family moved to Northville in 1962 and she entered Main Street Elementary. It was while a teen, who was tall for her age but who "never slumped," her mother recalls, that she began modeling fashions at Saks Fifth Avenue.

Saks people encouraged her to go on in the field and introduced her at the Leslie Fargo Agency.

down the same job she loved last year. She's in charge of reservations at Snowmass near Aspen. Part of her salary — and a big job inducement — is a ski pass, according to her mother.

A June, 1973, graduate of Michigan State University, Linda last year had the thrill of going skiing with actor Robert Redford — she's frankly hoping for a repeat this season.

WOMAN-OF-THE-YEAR deadline for entries in the fourth annual competition sponsored by the Northville Jaycee Auxiliary is next Friday, March 7, Mrs. Jane Dugan, chairman, reminds organizations and individuals.

Either, she stresses, may nominate a woman who is outstanding in her contributions to the community. Mrs. Dugan has application blanks which may be obtained by calling her at 455-5317.

A TIME CHANGE to avoid an overlap with World Day of Prayer services at 1 p.m. Friday, March 7, at Our Lady of Victory Church has been voted by Northville Woman's Club board.

The club will meet at 2 p.m. next Friday at Northville First Presbyterian Church to hear Oded Borowski, professor of theology at University of Michigan and an expert on the Old Testament.

He also is "deeply involved" in archeology and will combine his expertise in a slide talk relating the Old Testament to archeology, Mrs. Jack Dewsbury, program chairman of the day, announces.

Dr. LaMont Okey, U of M professor originally scheduled to speak, she notes, has suffered a heart attack.

Mrs. George Weiss, club president, in announcing the time change for this meeting, points out that women will be able to hear Father Emil Womack speaking on the theme, "Become Perfectly One," before the club program, which is designed to fit in with World Day of Prayer.

A BRIDAL TEA was given Monday afternoon by Mrs. George L. Kresin at her home on Fairway Drive III to introduce her son Scott's fiancée, Miss Virginia Houston, to 40 friends.

The bride-elect is the daughter of Mr. and Mrs. James Houston of Amboy Court. She and her fiance, who currently is serving in the U. S. Marine Corps on the West Coast, will wed March 15 at Our Lady of Victory Church.

A RECEPTION PARTY for couples is planned by Northville Newcomers from 8:30 p.m. to 12:30 a.m. Saturday, March 15, at Lexington Condos clubhouse. There's even a "rebate plan" for members who arrive by 8:45 p.m., Mrs. Peter Keffer, chairman announces.

Guests are encouraged to wear their oldest outfits for the evening of mixer-type games. Each guest will have a computer-like schedule to play such games as Tripoly and shoot pool. A late night potluck supper will follow. Reservations are \$1.98 a couple and should be made with Mrs. Michael Walsh, 349-9315, by March 7.

"This should be a really great party for getting acquainted," Mrs. Howard Pithian, president, says, inviting prospective Newcomers Club members to make reservations. Newcomers to the community, she adds, may attend one meeting as guests before joining.

Volunteers Aid DeHoCo Programs

"Women who want to help other women" are being sought for two American Association of University Women-sponsored correction projects at Detroit House of Correction.

"Lifeliners," a volunteer program with women serving life sentences, and "Step-

Up," a program for women serving seven years or more, provide informal lay counseling in group and in one-to-one conferences.

Mrs. Launa Wakenhut, chairman of the project sponsored by the Plymouth-Northville and the Livonia branches of AAUW, points out

that both projects are very similar in goal and scope and are designed to encourage and support DeHoCo women in self-initiated rehabilitative efforts.

Volunteers, she states, also maintain contact and interest in released women and serve as a link between

incarcerated women and the public.

A four-session workshop for potential volunteers will be held at 8 p.m. on four successive Wednesdays in March, beginning March 5, at Pilgrim United Church of Christ, 36075 West Seven Mile Road, Livonia.

Sessions, Mrs. Wakenhut explains, will include presentation of complete information on both projects, goals, philosophies and methods. Panel discussions by active volunteers and DeHoCo staff members and empathy training will be part of the sessions.

A tour of DeHoCo facilities is planned.

Participation is open to interested women in surrounding communities. Membership in AAUW is not a requirement.

The two projects are the only volunteer one-to-one programs available to DeHoCo women, Mr. Wakenhut points out, adding that because DeHoCo is Michigan's only prison facility for adult females, area women are the only ones in the state who have the opportunity, and perhaps the responsibility, to become involved.

"Lifeliners," she explains, grew out of an AAUW study group more than three years ago. It meets every Tuesday evening at the prison. "Step-Up," a spin-off of the original group, began meeting last fall on the first and third Mondays of each month.

For additional information on the first workshop Mrs. Wakenhut may be contacted at 453-1810, or Mr. Priscilla deStigter, 427-1955.

CLUB 'POW WOW'—Valerie Smith, left, shows details of her old-style Sioux Indian costume to Mary Zbikowski, daughter of Mrs. Z. T. Zbikowski, program chairman for the Northville Woman's Club mother-daughter event Saturday at Northville Presbyterian Church. Valerie, a junior at University of Michigan majoring in fine arts, is the daughter of Mrs. Harvey Smith, a new member of the club. She displayed costumes and accessories from her Indian collection.

March Shows 'Think Spring'

Four Groups Slate Fashion Fetes

Four style shows are scheduled for the first two weeks in March with fashions ranging from women's to men's-and-children's.

Eighth annual fashion show sponsored by the Schoolcraft College Women's Club leads off the list at 8 p.m. Wednesday, March 5, in the Upper Waterman Center on campus. Tickets are \$2.50 and may be obtained by calling 474-5035 evenings. Proceeds will be given to the student loan fund.

Fashionscope '75 is the name of the luncheon show being given by Northville Newcomers Club from 11:30 a.m. to 2:30 p.m. March 12 at Meadowbrook Country Club. Open to members, alumnae and guests. The event is \$6.25 and includes luncheon with a special Meadowbrook salad, chicken Eugene and

strawberry parfait, Mrs. Howard Fithian, club president, announces. Deadline for reservations is March 7 with Mrs. Richard Morgano, 349-8063, and Mrs. Glenn Hauge, 349-6125, co-chairmen, taking reservations. Meadowbrook Country Club's spring fashion show will include entertainment as well as luncheon.

Crowley's will present the

show with professional models and a "super show" of entertainment at 1:30 p.m. following lunch at 12:30 p.m. The cocktail hour will begin at 11 a.m. Mrs. John Macca, 477-2537, may be called for reservations. "What's New for Spring" is the theme of the supper-buffet and style show slated for 6:30 p.m. March 12 at Schoolcraft College by the Northville

Business and Professional Women.

Women's fashions will be by Claire Kelly and men's by Lapham's with hair styles by Northville House of Styles. Models will be both professionals and members. Proceeds will be used for scholarships at Schoolcraft College, Mrs. Dorothy Guido, president, announces.

Tickets at \$6 are available from members or from Mrs. Marlene Danol, ticket chairman, 349-5282.

Name Committees For Senior Party

Committees were named last week for the annual party honoring graduating seniors at Northville High School.

Fred Sanger is general chairman for the party traditionally hosted by parents of graduates. The all-night event again will be held in the high school cafeteria following graduation ceremonies June 10.

Parents of the seniors are being asked to donate \$9 per family to help defray party expenses. Donations should be sent as soon as possible to William Dyke, 46265 Sunset, Northville, with checks to be

made payable to the Northville Senior Class Party 1975.

Other chairmen working on the event are, breakfast, Ted Marzonic; buffet, Bob Rhoton; Clean-up, Mr. and Mrs. Ralph Luckett; decorations, Mrs. L. E. Baltz; entertainment, Robert Carr; publicity, Mrs. Thomas Johnson; security, David Pink; telephone, Mrs. Joseph Stelmach; check room, Jerry Rotta.

Letters detailing party plans will be sent to parents of the seniors soon, the committee announced.

MR. AND MRS. HAROLD HATCHETT

Couple Marks Milestone

"They gad about a lot," commented Mr. and Mrs. Harold Hatchett's daughter as she reported plans to honor the active, long-time Northville residents on their 50th wedding anniversary.

Their daughter, Mrs. Alvin (Marja) Killeen of Novi, is their only child. She and her family helped arrange a golden anniversary reception last Sunday afternoon at Northville First Presbyterian Church for old friends.

Gertrude and Harold Hatchett have been Northville residents since 1933, moving to the community about eight years after their marriage on February 19, 1925, in North Little Rock, Arkansas.

He retired from Ford Motor Company with 29 years of service at the Northville Valve Plant.

They now live at 520

Horton Street in town but for 24 years were residents of Seven Mile Road where they maintained five acres and gardened.

They are members of the Presbyterian church and Northville Senior Citizens Club.

He is a member Lloyd H. Green American Legion Post 147 and is a life member of the

Northville Masonic Lodge.

In addition to their daughter they have three grandchildren, Mrs. Kristie Taylor of South Lyon, Laurie of Allegan and Jerry of Wixom, and one great grandchild, Sean Michael Killeen.

Residents Fight 'Low Cost' K&B Homes in Court

A group of 27 Fairfield Farms homeowners in Novi has succeeded in obtaining a restraining order in court to stop developer Kaufman and Broad from selling homes in that subdivision with less than 1,300 square feet of floor space.

The group went to court last Wednesday to stop the sale of three "New American" homes with retail prices ranging from \$32,000 to \$37,000.

The ruling by Circuit Court Judge Richard Kuhn stops sale of the two smaller homes. No hearing date has been set but it should be within the next week.

The complainants, all owners of Raintree homes with homes ranging in price from \$44,000 to \$54,000 charge that K & B made promises when they originally moved in that the subdivision would be

a planned community with no homes of lesser value being constructed.

Susan O'Donnell, spokesman for the homeowners, said "We decided to bring suit because they misrepresented what would be built in the area. We bought in a planned community because we wanted to know what the neighborhood would be like in 10 years."

Mrs. O'Donnell contended that the homeowners are fearful that the sale of the lower priced homes will bring down the resale value of the Raintree models. Currently, 40 of the more expensive homes have been built and 100 lots still remain on which the New American homes could be constructed.

One of the major selling points, Mrs. O'Donnell said,

was that all homes would be of the same size and price range and that the property value would remain high making resale easy.

She also said that because only three models are being offered in the lower price range, the designs would be more repetitive. There were six Raintree Models, she said. She noted that a main point in the suit is that the smaller models have left out many features of the Raintree homes and have even made the garage optional.

She contended that when the present homeowners purchased their homes, they had to follow a master plan for the subdivision which called for each home to be put on certain lots to decrease repetitiveness. She added that many homeowners had to take what they considered less desirable elevations to

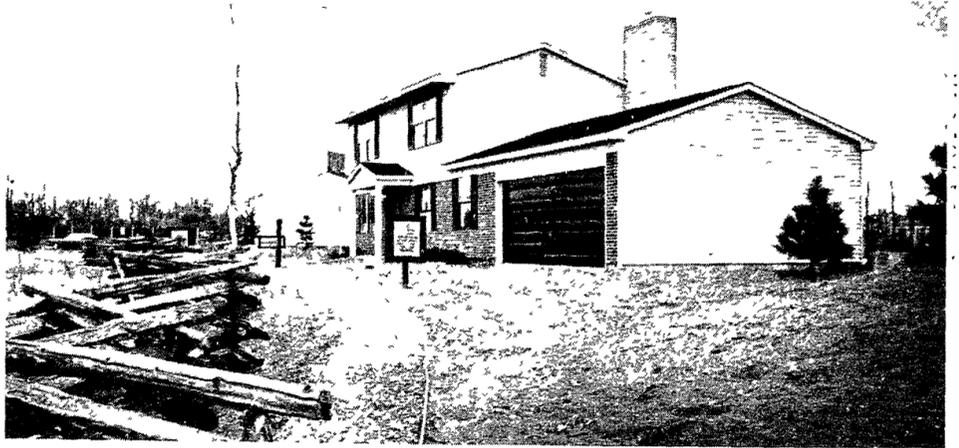

get the home of their choice.

Now, she said, K & B plans on allowing any of the new homes to be built on any of the lots — thus with no community development plan in action.

"The point is that the small house has its place, but we bought in an area that was a planned community and we placed quite an investment in our homes. The consumer is getting it again."

Mrs. O'Donnell said that the attorney for the homeowners has submitted to the attorney for K & B written documents presented by the builder to homeowners which stated that no lower priced homes would be constructed and that the subdivision would be a planned community.

Representatives of Kaufman and Broad were unavailable for comment.

SUBJECT OF SUIT—Fairfield Farms homeowners have banned together in an attempt to stop construction of "lower priced" homes such as the one pictured

above. The homeowners contend that developer Kaufman and Broad had promised that no lower cost homes would be constructed in the development.

Council to Hire Full-Time Chief

Novi Council last week approved the hiring of a full-time fire chief for the city at a rate of \$10,000 per year including fringe benefits to be paid for by CETA grant Title II monies.

The decision ended a long battle over whether the city should contribute to the salary approximately \$8,000 to raise the total salary of the chief to \$18,000 including fringe benefits.

Present Fire Chief Duane Bell is a prime candidate for the position and admitted that "I could care less" if the city pays \$10,000 or \$18,000. He said that he originally agreed he would take the position at the \$10,000 rate because of the city's current financial bind and told the council last week that he would be willing to work at that figure until the upcoming fiscal year.

"The only thing I'm concerned about is the future," Bell said. "I have spent 26 years in the city. I've given a lot of free time... my main concern is the future of Novi," said Bell.

The fire chief indicated that as the Dayton-Hudson project comes to the city, the fire chief will have added

paperwork. He said that by hiring a chief now at \$10,000, he hoped that equipment and records could be set up so that a fully paid fire chief could move in "smoothly".

"It's gotten to the point where the city council is bickering too much over a few dollars," he chided. Bell did not indicate his feelings about continuing on in the fire chief's position after the present fiscal year for either the \$10,000 or \$18,000 figure.

Leaving the subject of fire chief pay, Bell recommended that the city seek bids and order a fire truck as soon as possible because of an 18 months delay in delivery. He also pointed out that the cost of fire trucks is increasing at a rate of 20 percent every six months.

The council approved a resolution allowing the city manager to examine applications and to recommend to the city a person to hire for the fire chief's position.

Other positions to be filled under CETA Title II and Title VI grant funds include a fire and safety aide, a financial and grant aide, and seven laborers for the DPW.

Novi Council Turns Down Dam Repair Bids 3 Times

The on-again, off-again fight between the city of Novi and Meadowbrook homeowners over repair of the Meadowbrook Dam continued last week and this week as the council defeated three motions to do the work and held over the matter until next Monday when the council is expected to vote again on the matter.

The Meadowbrook subdivision association Monday offered to pay \$1,000 toward repair of the dam, but a motion to get the work done

required five votes and with councilmembers Romaine Roethel and Denis Berry absent, the motion could not muster the necessary votes.

Councilman Edwin Presnell, who voted against the motion, contended that the city should haul in sand and let subdivision residents sandbag until the city could temporarily relieve the lake.

Mayor Roberth Daley also voted against the motion, but only as a means of allowing him to remain free to move to have the matter put on

Monday's agenda. A motion to reconsider must be made by a person voting against the original motion, and Daley moved to have the matter put on Monday's agenda.

City Manager Ed Kriewall also answered previous requests the city consider doing the work itself with CETA employees if beneficial to the city, by stating that it had been determined that the cost to the city to do the work would be almost as much as the low bid of Robert Harris at \$4,750 and that it necessitated

specialized work beyond the scope of the DPW.

The dam has long been a subject of controversy over whether the city should repair the dam because of contributing to the water flow problem or if the homeowners should pay because the dam and lake are privately owned.

Main concern centers around the fact that excessive flooding this spring could wash out the dam by eroding away earth around it. Last

THE NORTHVILLE RECORD—NOVI NEWS

Wednesday, February 26, 1975

Monday Is Question Deadline

Council to Decide on Millage

Novi council is expected to make a decision Monday whether to ask the voters of Novi for a new millage.

The administration presented information on the financial status of the city at a special Novi council meeting Monday and the council learned that it must make a decision on the millage quickly if the city hopes to meet deadlines for an election which would allow approved millage to be used for the 1975-76 fiscal year.

Approximately 150 residents showed up for the presentation Monday and heard a presentation by the city manager which showed the status of city finances and what effect a three mill addition would have. Previously, the city manager recommended the council ask for an earmarked millage of two mills for the police department and one mill for the fire department.

The proposal is intended to make up for lost grants and to maintain present levels of service without laying off employees. Some police officers may be added through utilization of a surveillance grant.

The city manager provided figures to the council Monday showing a five year projection of both revenues and expenditures. The projections showed the city falling further and further into the hole without a new millage.

Specifically, the five year projection showed income in the city rising from \$1,292,000 in 1975-76 to \$1,924,000 in 1979-80. With an additional 3 mills, the figure rises to \$1,854,000 in 1975-76 and \$2,554,290 in 1979-80.

Meanwhile on the expenditure side, with only a 10 percent increase included to take care of inflation, the city expects to spend \$1,531,000 in 1975-76 and \$2,242,000 in 1979-80.

Including additional needed men and equipment for the fire department, projected expenses rise to \$1,615,000 in 1975-76 and \$3,421,000 in 1979-80.

Basically, this means that if no men or equipment are added, and the city receives no millage, the city expects to be \$100,000 in the hole for 1975-76, rising to close to \$300,000 in 1979-80. With an additional three mills, the city would be \$300,000 to the good by 1979-80, if no men or equipment are added. However, including police and fire needs, the city would still fall approximately \$900,000 short of total revenues necessary.

In other words, the city could add some policemen and some fire equipment with the additional \$300,000 to the good, but could not hope to add all the men and equipment necessary.

One chart at the meeting showed that the police department, to be up with the recommended police level would have to jump from the present 22 officers to 33 officers in 1975-76, increasing steadily to 56 officers by 1979-80. City Manager Ed Kriewall and Police Chief Le BeGole said the city has fallen behind and the chart includes catch-up figures.

The citizens Finance Committee, which earlier went on record opposing a millage increase, presented the council with a position paper which showed the city compared with several other nearby cities.

"One of the things that came out is that Novi has more employees per thousand than these other communities," Don Young, vice-chairman of the committee said. He added that the city should look at the possibility of decreasing the number of clerical workers.

The position statement said, "If the council requests the voters to approve a millage increase for capital improvements, roads or bike paths, and is sincere in the intent that the funds received from the millage increase shall be used only for the specified purposes, then the council should be willing to have the funds earmarked to assure that usage will be limited to the uses the voters approve, in other words to assure the good faith and compliance with the fund intent by future councils and to avoid any raids on the various capital funds to offset general fund increase pressures."

The Novi chamber of commerce also went on record opposing any millage increase.

"Our economy is attacked by an International Oil Cartel, inflation of unparalleled levels, unemployment and business difficulties have generated a general atmosphere of pessimism that lies upon the land," said the chamber statement. "To add an increased burden to the taxpayers without careful study and a serious attempt to avoid it now is not in our opinion advisable."

The chamber recommended that a committee be organized, consisting of elements of Novi's business community and a councilmember and that the committee review the operating procedure of the city and the effectiveness as related to cost and to present its findings and recommendations to the council.

The commission also recommended that the planning board meet with representatives from all elements of the city to plan zoning.

The chamber contended that planning is necessary to bring big business into the area and that income from commercial and industrial development could bring in enough money to take care of the city's financial needs. The chamber also asked for a public relations person who, linked with a positive attitude of all elements of the city staff and Novi residents can attract good sound businesses that will adequately provide the revenues required."

Councilman Denis Berry replied that the city needs funds first to develop roads and other areas of the city before it can hope to get big business to come in to provide the tax base which the chamber alluded to. He added that some companies had not come into Novi in the past because of that reason.

The Novi Parks and Recreation Commission also gave a presentation advocating that residents also be asked for a half mill to pay for bike paths in the city and another half mill to take care of the city parks and create a parks department for that purpose.

Residents met the information and city manager's proposal for a millage increase with mixed reactions.

Those opposed basically contended that with the present state of the economy, they could not afford a tax increase. In addition, they pointed to higher assessments each year which, they said, netted them no additional services.

Residents in favor of the millage said that the city needs the millage for increased police and fire protection. Others appeared favorable to the parks commission proposal noting that little recreational facilities exist in the city.

Wixom Council Eyes Service Center

Wixom continues to head toward possible construction of public service center to serve city residents.

The project, which has been discussed at previous council meetings, is still in the formative stages, and if approved, would provide a parks and recreation office area as well as a community meeting room. The center would be added to the current city hall, and includes renovation of that area.

"This is a community service center to encompass projects and community service programs," said Assistant to the Mayor Bernie

Van Osdale "We're not building new offices."

While there has been no commitment to the project, the city architect, Winebrenner and Ebejer, has presented preliminary sketches of the proposed project. The sketches have not been released to the press. Soil borings were taken last week at the city hall to determine the suitability of land for the civic center.

VanOsdale said he expects no real progress on the project for 4-5 months. A meeting is scheduled for March 25 with the architect to discuss the project.

Open House Set For Senior Center

An open house will be held from 1 to 5 p. m. Wednesday, March 5, at a new senior citizen multi-purpose center sponsored by the Oakland County Office of Economic Opportunity.

Located on the main floor of the old building of the Church of Christ on Pontiac Trail in Walled Lake, the center is for senior citizens in Novi, Wixom, Walled Lake and Commerce.

It will be open five days a week and is to serve as an employment center to help senior citizens find part-time work and also to find people to help those who need jobs done.

"It also is planned as a drop-in center where craft projects can be done later," George Johns, a Wixom resident and member of the planning board, announced.

Refreshments will be served at the open house with entertainment to be provided by Brown's "Musical Surprise" from 2:30 to 4 p.m.

Furniture donations, especially card tables, are needed for the center, Johns said.

A staff will be on duty during the week at the center and may be reached for further information by calling 824-21402.

WINTER FLOODING—Homeowners in the area of Meadowbrook Dam woke up Monday to find Ehns Drive leading into their subdivision off Nine Mile Road flooded with over a foot of water. Subdivision Association President Garry Kidd told the Novi council

Monday night that the water is at a dangerously high level and the council should authorize immediately repair of the dam. The association has offered to pay \$1,000 of the \$4,750 cost.

Township Clerk's Trip Fosters Middle East Friendship

"If anyone had told me 10 years ago that I would be taking such a trip, I just wouldn't have believed it," mused Northville Township Clerk Betty Lennox as she displayed pictures just received from her trip to the Middle East.

Among Women taking the trip last November to meet with outstanding women of the Arab world. While not official, the trip, Mrs. Lennox explained, was made "with the blessing of the United States' State Department."

In Cairo the American women were shown a new resident school where blind children were being taught such skills as basket-weaving.

The delegation found, Mrs. Lennox noted, that women are holding high offices in the Arab world. She pointed out that one Egyptian woman, Dr. Aisha Rateb, is Egypt's Minister of Social Affairs.

She was hostess to the delegation when it was entertained by President Sadat.

Mrs. Elly Peterson of Charlotte, Michigan, former national GOP committee woman, is president of the 60-member Delegation for Friendship Among Women.

Mrs. Mary Pomeroy of St. Paul, Minnesota, is its executive secretary. She is the sister of Betty Lennox.

Fifteen members participated on the invitational tour to meet women in the Middle East, with each paying her own way.

Mrs. Lennox and her husband, Richard, live at 41828 Sutters Lane in Northville Township. Before moving to Michigan she operated a television advertising business of her own in New York City, one of the reasons her participation was invited.

After flying from New York to London the group continued to Cairo, spending 11 days in Egypt, Beirut, Lebanon, Abadan, Iran, Damascus, Syria, and Baghdad, Iraq, were other itinerary highlights.

As they toured facilities and sights in the developing countries, Mrs. Lennox recalled, they found women they met proud of what is being achieved and anxious to display their country's accomplishments.

In little Kuwait, women don't have the vote—yet, she said, but while many areas are extremely poor, the government is accomplishing much with its new oil richness.

Betty Lennox is enthusiastic about the value of woman-to-woman confrontations.

"Only in Iraq," she said, "did we feel a coolness at first; we found two Russian women visitors were being entertained at the same time as we were, but by the time we left we could feel our hostesses had warmed up."

She pointed out that the delegation mingled with women in government at such events as the lavish reception banquet given by Princess Badriah Al-Soud at the palace in Kuwait. Here guests included Jan Stolfus, American wife of the U.S. Ambassador.

"Ambassador Stolfus summed it all up," Betty Lennox stated, "as he told us we were opening avenues for officials to meet women previously inaccessible."

This communication was what the journey was all about.

KUWAIT BANQUET—Mrs. Betty Lennox joins a buffet line at a banquet in the palace at Kuwait given in honor of the visiting Delegation for Friendship Among Women.

Next to her, from left, are Mrs. Jan Stolfus, wife of the United States Ambassador to Kuwait, Princess Badriah Al-Soud, hostess, and another member of the delegation.

She was a member of the Delegation for Friendship

PERSON-TO-PERSON—Northville Township Clerk Betty Lennox, as a member of the U.S. Delegation for Friendship Among Women, is in smiling communication with Mrs. Anwar Sadat, wife of the President of Egypt, while the group visited Cairo.

For Women's Feedback

College Sets Sessions

The Schoolcraft College Women's Resource Center has announced plans for eight Feedback sessions on Tuesdays from 7 to 9 p.m. through March 25.

Scheduled to meet in room 370 of the Forum building, the

sessions have been designed to meet concerns which have been expressed through the Women's Resource Center. A discussion outlining the objectives and services of the Center took place at the first meeting on February 4.

Topics planned for March include "Educating Today's Women for Tomorrow's Opportunities," "G.E.D.—What 'can' high school equivalency do for you?" "Realities of the Working Woman's World," and

"Communications — with each other and with our children."

Individuals who plan to participate in the Feedback sessions are not required to register in advance and can attend without charge. The College is located at 18600 Haggerty Road in Livonia.

Tri-Delta's Plan Brunch Project

Area Delta Delta Delta alumnae are invited to attend a Pansy Brunch sponsored by the Dearborn-Western Wayne County Tri-Delta Alumnae at 11 a.m. Saturday, March 8, at the Plymouth home of Mrs. Charles Repp, 47911 Brewster Court.

Mrs. Richard Sievert of 47141 Chigwidden, Northville, is assisting with a chapter project, making puppets and pillows for children at the Plymouth Center for Human Development.

Members attending the brunch are asked to bring materials to make the puppets and pillows.

On Dean's List

Denise Hannahan of 24491 Olde Orchard Road has been named to the Dean's List of Northern Michigan University for the fall semester. To qualify for this honor students had to carry at least a grade point average of 3.25 out of a possible 4 points.

News Around Northville

Northville Spring Chapter of China Painters will meet at 10 a.m. Thursday, March 6, at the Plymouth Credit Union. A second workshop will be presented by Barbara Stratyckuck on "Indian Corn."

Members are asked to bring a sack lunch and to plan to stay for a business meeting following.

Mizpah Circle of King's Daughters will meet at 2 p.m. Tuesday in the Northville Square Community Room. Committees working on plans for the 80th anniversary celebration will give reports. Refreshments will be served after the business session.

A few openings still exist on a senior citizen trip to New Orleans planned by the Northville-Plymouth Chapter of the American Association for Retired Persons. The 10-day trip by charter bus will cost \$395 and will include transportation, lodging, tips, eight lunches, a dinner, sightseeing and a boat trip.

It is not necessary to be a member of the AARP to take the trip, Mrs. Fanny Bear, trip chairman points out. She may be reached at 453-8262. Deadline for reservations is February 28.

Mr. and Mrs. Jim Spagnuolo of Northville attended the funeral of his cousin, Johnny Fabiano, in Lansing Monday. Mr. Fabiano, who was 53, was killed during a robbery of his store.

Also attending the funeral from Northville were Paul

Folino, Mrs. Joe Spagnuolo and Mrs. Mary Anne Weston

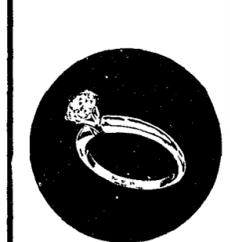

Girl Scout Sunday will be marked in Northville March 9 at services at Our Lady of Victory Catholic Church and at Northville First Presbyterian Church.

Scouts planning to enter in the procession at Our Lady of Victory Church are asked to be at the church at 9 a.m. for the 9:30 a.m. Mass. Protestant scouts planning to attend the 11 a.m. service at Northville First Presbyterian Church are asked to assemble at 10:30 a.m.

Those who have uniforms are asked to wear them. Leaders wishing additional information about the services or the flag ceremony are asked to call Mrs. Nancy Bohn, 349-1269.

For Northville Buses

Adopt New Procedures

New procedures for boarding school buses are being practiced in the Northville School District.

According to Business Director Earl Busard, the procedures were recently implemented to cut down on disciplinary problems at the loading area near Cooke Middle School.

In addition, Busard said the school will be prosecuting students who are caught throwing snowballs and other objects at buses, other vehicles, and people.

With the new loading procedures, drivers will be standing outside of their buses, assisting in the supervision of students boarding the buses.

Busard explained that an increase in the incidents of throwing snowballs and other objects at the buses has prompted the school district

to implement a procedure for prosecuting those persons.

"All staff members who see and can identify any person throwing objects at or into the pathway of vehicles have been instructed to report the action to their immediate supervisor," Busard said. "Upon the supervisor's

Rotary Hosts

Senior Citizens

Tuesday was Senior Citizens Day at the meeting of the Northville Rotary Club.

The Presbyterian Church bell ringers and a group of high school students provided the program for the Rotarians, senior citizens and several shut-ins.

The occasion also marked the 70th anniversary of Rotary.

approval, a complaint will be filed with the appropriate law enforcement agency."

He noted that this winter alone, windshields and windows of buses and cars have been broken, a girl at Cooke Middle School sustained injuries when hit by a snowball and drivers have nearly lost control of their buses from objects being thrown at the buses.

"Main areas of problems are in the bus compound, high school pedestrian overpass, high school hill and subdivision streets," he explained. "One driver was hit in the face with a snowball thrown through a bus door while students were getting on the bus."

Diversion of drivers through actions of students is the main concern of the administrators, Busard emphasized.

Set Story Hours, See Novi Plans

Registration opens on Monday, March 3, for the spring series of story hours at the Northville Public Library.

Open to residents of the city and township of Northville only, the story hours will be held Tuesday from March 11 through April 15.

Sessions will be held at 10 and 11 a.m. and children may be registered for either. Librarian Elaine Lada said. The story hours are for students between the ages of three and five.

Friends of the Novi Library will meet at 8 p.m. Tuesday, March 4, in the library to discuss building plans.

Board members of the library will be at the meeting to answer any and all questions on the building to be constructed at 10 Mile and Taft Road as part of the Novi civic center.

Many youngsters have toured the Novi Public Library during February.

In addition to the regular story hour which meets every Wednesday morning, two

Brownie troops visited the library with their leaders, Librarian Dorothy Flattery said.

Troop 161, led by Mrs. Judith Mahle, and Troop 404, led by Mrs. Pat Mobarak, learned about the card catalog, looked at books in the library, selected a book to take home and finally learned how to sign out books.

On Friday, February 21, the Novi Co-op Nursery, visited the library and about 35 children selected books for the mothers to read to them, Mrs. Flattery said.

WINTER SAILORS—Mr. and Mrs. Fred McLean, former owners of the Spinning Wheel Fabric Shop in Northville, front, and Mr. and Mrs. E. R. Karrer, also former Northville residents, pose on the cruise ship, Boheme, during a seven-day voyage with stops at the Dominican Republic, the Virgin Islands, Puerto Rico and Haiti.

YOUNG MODELS — All set to model fashions in Amerman Elementary School's PTA mother and daughter fashion show are (above, left to right) Amy DeMattia, Lori Housman and Margaret DeMattia. At right, one of the youngest models for Tuesday's show, Elizabeth DeMattia, poses with her mother, Mrs. Robert DeMattia. Fashions for all seasons will be modeled in the show which begins at 7:30 p.m. in Amerman's gym. There is no charge for admission. The outfits, all sewn or crocheted by the mothers, will be described by Mrs. Ronald Housman and entertainment will be provided by the school's music department under the direction of Mrs. Janet Greene. Refreshments will be served and a gift certificate from Southdowns Tennis Club will be given as a door prize.

Novi OK's Paving Resolutions

Resolutions five and six aiming toward eventual paving of Willowbrook Number Two subdivision were approved by Novi council last Tuesday.

Resolution number five approves engineering plans and directs the assessor to prepare the assessment roll, while resolution six sets the third public hearing for

March 17. The project is expected to cost \$158,341 and the city will pick up 20 percent of the cost. Assessment will be \$754 on each of the 168 lots.

Councilman Philip Goodman questioned the possibility of using seven DPW employees to be hired under CETA funds to do ditch clean-out in the project, at a

savings to affected homeowners. City Attorney David Fried said any savings could be passed on as a credit to homeowners

Openings Available For Cancer-Scan Test

Thirty women had signed up by this week for a breast cancer-scan clinic being offered at the First United Methodist Church of Northville through Therma-Scan Corporation Thursday, March 6.

Interested women are invited to call 453-8224 between 9 a.m. and 5 p.m. this Thursday; 349-9486 from 9 a.m. to noon, Friday; and 349-5094 from noon to 5 p.m. Friday.

A \$20 fee will be charged at the time of the test. Babysitting will be provided as will transportation if needed.

Women of the church are hoping to have 10 more appointments for the 15-

Free Pap Test Offered

Appointments are being taken beginning this week for a free Pap Test clinic to be held March 17-21 at the Plymouth Veterans Building.

The clinic is open to all area women, but appointments are necessary and may be made by calling the Plymouth office of the Michigan Cancer

Foundation, 453-3010 or 453-1432, between 10 a.m. and 4 p.m. week days.

Appointments for the clinic will be scheduled between 9 a.m. and 4 p.m. It is sponsored by the Plymouth Registered Nurses Association and the Michigan Cancer Foundation annually.

School Surveys Teachers For Staffing Buildings

Survey responses from present Northville teachers are being tabulated to assist administrators in staffing the three new schools.

According to Personnel Director Ronald Horwath, teachers in grades kindergarten through eight were asked to list their preference for work year (year-round school or traditional), grade they wish to teach, building and subject area.

Horwath pointed out. He noted that the survey will "assist the administration in assuring a well-balanced staff for all buildings in the district next year."

"This is only a preference and everyone will not be given the assignment they request,"

Tips on Real Estate
by Bruce Roy

"FOR SALE—BY OWNER"
Selling a house on your own may not be as prudent as you think. A buyer does not like to expose his financial status to a seller but he will to a third party who wants to help him make a purchase. He wants advice, but he won't show his hand to you. He may not question certain things for which there may be simple answers because he thinks you may take offense. He may not say what he likes for fear of appearing too eager. A real estate professional mediates between both parties to keep the sailing smooth. Selling is an art that should be left to those who know how.

Our staff at **BRUCE ROY REALTY, INC.**, 150 N. Center St., Northville, 349-8700 is composed of personnel who know the best values in this area and can help you locate them. After you find the home of your dreams we can assist you in obtaining a mortgage through our long term association with many of the local financial institutions. In addition to residential real estate we also handle farms, vacant property and commercial. Open 7 days.

DID YOU KNOW THAT:
When giving a warranty deed the seller guarantees to protect or defend title to the property against all claims, and warrants that the title is free and clear, unless otherwise stated

Council Rejects Bids for Dam Repair

Continued from Novi, 1
year's flooding eroded soil around the dam and exposed portions of two large concrete wings which extend approximately 10 feet on both sides of the 12 foot dam.
A report from city engineers Johnson and Anderson completed in April noted that the dam would need replacing but recommended certain remedial measures to prevent further erosion. Those measures included placing broken concrete for twelve feet in front of the downstream portion of the dam to prevent further erosion. It also recommended rebuilding the embankment

on both sides of the dam downstream. Total cost of the measures was set at \$3,300.
Despite the suggested repairs, city engineers indicated that even with the repairs, there would be no guarantee that the structure will not collapse under the spring flooding anyway.
In trying to clarify exactly what that means, engineer Harry Mosher in a recent letter to the city explained, "The proposed remedial work, which was initiated at the city's request, was intended to correct the erosion damage and inhibit further weakening of the dam. The proposed repairs will not alter the general unsatisfactory nature of the dam itself."
Stated Mosher at last week's meeting, "If one has a structure that might fail at anytime and depends on earth support...and if the earth is washed away, no matter what the dam is like, there will be problems.
"There are a number of us who are surprised it is still standing."
Since the time of the cost estimate for repairs, the price has already risen and two

recent bids ranging from \$4,750 to \$8,000 were rejected by council.
At that time, City Attorney David Fried pointed out the city would not be legally responsible for the dam washing out if the city had not caused additional waters to flow in. He added that the burden of proof would be on any person injured and suing as the result of the dam breaking.
Council last week reconsidered the low bid of Robert Harris of Novi for the work and also considered the use of soon to be hired CETA grant DPW employees who could provide the labor to do the work.
An initial motion to determine if the CETA employees could do the work, and for the repairs to be made if the cost was less than \$4,750 and in the best interest of the city was defeated despite a 4-2 vote in favor. Because the motion called for expenditure of city funds, five votes were needed to pass.
A second motion that a resolution be adopted authorizing Harris to do the work was also defeated by the same motion. Denis Berry and Edwin Presnell opposed both measures while Philip Goodman, George Athas, Louie Campbell and Mayor Robert Daley favored the motions.
Berry indicated he opposed any action until it could be determined how much money the Meadowbrook Homeowner's Association would contribute to the cost. Attorney Fried noted the cost could not be special assessed if the city went ahead and did the work. It also could not sue the homeowners, he said, adding that any money received would have to be given on a voluntary basis. Asked if the city could

assess under emergency provisions of the charter, Fried said he would have to check.
"If the residents can come up with a dollar figure on the material, maybe we can come up with a dollar figure for labor," stated Berry.
Meadowbrook Subdivision president Garry Kidd stated, "I can only speak for the

board of directors. We're concerned about the problem and feel time is of the essence. We haven't discussed with anyone in the city the cost and we're open to negotiations."
He added that the question of who is to blame should be considered. "You're talking about a project that exceeds the total annual budget by half again as much."

Mayor Daley continued his previous stand that the city should see that the repair work is done immediately and the question of who pays should be worked out afterward.
"I'd much rather argue over three to four thousand dollars than to be a joint part defendant to a liability suit"

Geake to Speak Here On Education, Strikes

State Representative R. Robert Geake will be the guest speaker tomorrow (Thursday) night at the Northville PTA Coordinating Council's monthly meeting.
He will speak on educational legislation currently pending in the state and teacher strikes.
The meeting, which is open to the public, begins at 8 p.m. in the Northville School Board offices, 303 West Main Street.
During the council's meeting, members will discuss the science fair held last week and present nominations for awards.

Other plans being made by the council include the award breakfast scheduled for Wednesday, March 5, to honor teachers and administrators for service to the school district. The breakfast will be held at Amerman Elementary School with principals, the PTA executive council, Superintendent Raymond Spear and Assistant Superintendent Florence Panattoni as guests of the council.
Those being honored will receive framed certificates citing them for five-year blocks of service to Northville

The perm of tomorrow is here today.

Bill
If you're into the new, natural look in hair fashions, you probably think perms are not for you. Not true!
Redken has created a system of perming without free ammonia (and its harsh results!) Formulated for today's hair fashions, the Redken Trichoperm System has protein derivatives and a low pH (close to your hair's natural pH). The combination of a low pH, no free ammonia and protein derivatives results in a perm that comes out better, is much more natural looking.
If you want your hairstyle to last without the frizzy, me too look of yesterday's perms, you want The Redken Trichoperm System. Available in a formula specifically suited to your type of hair. Make an appointment today!

ROBERT CURVIN
A resident of the area for the past 15 years, Robert W. Curvin of 48422 West Eight Mile Road died Thursday, February 20, at his home. He was 66 years old.

Retired from Robert Curvin and Sons Trucking Company in Novi, Mr. Curvin was born December 4, 1908, in Vassar, the son of Archibald and May (Whetstone) Curvin.
Surviving are his widow, the former Dorothy Risdon, a daughter, Mrs. Janis Martin of Milford, two sons, Robert Jr. and James A., both of South Lyon, and 10 grandchildren. Also surviving are two sisters, Mrs. Geraldine Bessie of Fort Lauderdale, Florida, and Mrs. Byron Randolph of El Cajon, California.

Funeral services were held Saturday afternoon at the Casterline Funeral Home where the Reverend Lloyd Brasure of the First Presbyterian Church of Northville officiated. Cremation will be at Evergreen Cemetery, Detroit.

WARREN DOYLE

Funeral services were held Saturday for Warren Frederick Doyle of 45192 Galway Drive who died Thursday, February 20, in Botsford Hospital at the age of 49.

A resident of the area for the past 10 years, Mr. Doyle was born March 25, 1925, in Detroit, the son of William Joseph and Gladys (Greene) Doyle. He was employed at the Ford plant in Wixom and a member of the Masons of Walled Lake and a veteran of World War II, Army.

He is survived by his widow, Maxine Doyle, his father who lives in Florida, four children, Glenn of Farmington, Debra, Ronald and Karen, all of Northville, and one grandchild.

Also surviving are a sister, Will'ys, and a brother, Keith of Detroit.

Services were held at the Casterline Funeral Home where the Reverend Guenther C. Branstner of the First United Methodist Church of Northville officiated. Burial was in Oakland Hills Memorial Gardens in Novi.

MARY NORRIS

Funeral services were held Friday in Fort Wayne, Indiana, for Mary H. Norris of Fort Wayne, a former resident of Northville. Mrs. Norris, who had been ill for the past year, died Tuesday, February 18, in St. Joseph Hospital at the age of 42.

Born April 4, 1932, in

Saginaw, she was the daughter of Mr. and Mrs. Carl W. Mueller and lived in Northville from 1959 to 1963. She was a member of the First Presbyterian Church of Fort Wayne.

Surviving are her husband, James L., her parents who live in Saginaw, two sons, James and Robert, both at home, and a brother, Donald Mueller of Saginaw.
Services were held at the Mungovan and Sons South Chapel in Fort Wayne with burial in Covington Mausoleum, Fort Wayne. Living memorials may be made to the First Presbyterian Church of Fort Wayne or Sunnyside Presbyterian Church in South Bend, Indiana.

HARRY SHAFER

Funeral services were held last week in Florida for Harry D. Shafer of Melbourne, Florida, who died Tuesday, February 18, in Brevard Hospital, Melbourne.

A former businessman in Northville, he and his father operated an electrical shop on North Center Street. Mr. Shafer, who was born July 18, 1904, in Northville, moved from here about 25 years ago.

Surviving are his widow, the former Hazel Cole, his mother, Mrs. Elsie Shafer of Plymouth, a daughter, Mrs. Eva Thompson of Elkhart Lake, Wisconsin, two grandchildren and an aunt, Mrs. Martha Eckles of Florida.

ROBERT G. YERKES

Memorial services are being planned for Robert George Yerkes, formerly of Northville, who died February 9 in Tryon, North Carolina, at the age of 77.

Mr. Yerkes was a member of the family which founded the First Presbyterian Church of Northville. He lived in Northville for about 20 years before moving to North Carolina 10 years ago.

Born July 16, 1897, in Detroit, he was the son of George B. and Jennie (Butterfield) Yerkes. A graduate of the University of Michigan Law School, he served in the U. S. Naval Air Force during World War I.

In Detroit, he was a member of the Detroit Club, Detroit Players, Bay View Yacht Club and a life member of Detroit's Old Club. He also was a member of Northville's Lloyd H. Green American Legion Post and a member of the Boy Scouts of America for about 65 years.

In Tryon, he was active in civic affairs and was a member of the Thursday Cracker Barrel Club at the Tryon Baptist Church.

He is survived by his widow, the former Dorothy Flindt, two daughters, Mrs. Michael Nagy and Mrs. Pittman Brown, both of Slidell, Louisiana, and five grandchildren.

Memorial services will be held April 2 at the Casterline Funeral Home in Northville. In lieu of flowers, memorial gifts may be sent to the Boy Scouts of America.

Nearly 300 projects were entered in Northville's Science Fair last week with parents, teachers and students viewing the project during the three-day event.

"The fair was a huge success," commented Edie Pegrum, science fair coordinator for the sponsoring PTA Coordinating Council.

Overall winners included Frank Bartson, Bill Lockwood and Linda Hoover, all middle school students. Approximately 200 students from the middle school entered projects. David Schopp, administrative intern at Cooke Middle School and chairman of the fair noted.

"There were many unique and well done displays and I'm sure the students learned a lot by entering," he added.

Projects from 100 elementary students in grades three through five were entered. Teacher representatives at the elementary level included Bill Lenz of Moraine, Gary Hukka of Main Street and Kathy Pratt of Amerman. Norm Hannevald represented the middle school instructors.

All students who entered the fair were given certificates, and participation ribbons. Winners were selected in the categories by judges. They are:

Botany— First, Becky Ransier; second, Dan Whitaker; third, Leslie Magdich; fourth, Nancy Orr
Zoology — First, Ross Grover, second, Rosie

Baranowski; third, Lori Pope
Medicine — First place tie, Randy Baxter and Dan Murray, second, Lori Steebler.

Math — First, Todd Pascoe, second, Diane Perpich; third, Margot Baranowski.

Chemistry — First, Connie Coutts; second, Audrey Riegner; third, Kent Kratz; fourth, Patt Boyd, fifth, Lynn Oliver.

Microbiology — First, Linda Hoover.

Earth and Space Science — First, Toby White; second, Karla Bacanyi; third, Mark Coullar; fourth, Jim Bedford; fifth, Dan Johnson.

Physics — First, Bill Lockwood; second, Marie Johnson; third, Mary Gesler; fourth, Greg Bach; fifth, Jill Berquist.

Engineering — First, Frank Bartson; second, Holly Kent; third, Rick Morefield; fourth, John Markatos; and fifth, Dan Ludwick.

Those students earning places in the various categories are now eligible to enter their projects in the Science and Engineering Fair of Metropolitan Detroit.

Judges for the middle school projects included Bernard Bach, Dr. Richard Balek, James Crain, Dr. Carol Geake, George Kausler, John Leinonen, Jan Mueller, Bruce Pegrum, Alfred Poe, Dr. Orlo Robinson, Dr. John Romanik and Robert Stickland.

SCIENCE DISPLAYS—About 200 entries were on display last week at Cooke Middle School for the first Northville District Science Fair. The fair, sponsored by the

Northville PTA Coordinating Council, included projects from all levels with winning entries eligible to compete in metropolitan science fairs.

Health Seminar's Saturday

Novi and Wixom residents may take advantage of a comprehensive health seminar scheduled for 9 a.m. to 5 p.m. Saturday, March 1 at Walled Lake Western High School.

Presentations, which feature several prominent specialists, will focus on proper diet, ways to prevent heart disease, leisure activities that are good for

your heart, and a preventive approach to dental problems.

In addition, Wayne State medical students will be present to assist participants by taking their blood pressure and determining weight by measuring fat tissue.

A \$5 fee for the program includes lunch. For more information, call the Walled Lake Community Education Department at 624-0202.

We have the job that's right for you . . . now.

Choose your skill and learn it while you serve your country. Benefits include: guaranteed promotion, 30 days' paid vacation, free travel, job security, and free medical care. Earn good pay while you learn in the Air Force.

Contact your Air Force Recruiter. Call Sgt. Gene Teeple, 522-1190, 15195 Farmington Road, Livonia.

POETRY PUBLISHED—Northville High School graduate D. Diane Riggs has written one of 53 poems selected for publication in the April issue of English Journal. Published by the National Council of Teachers of English, the magazine sponsored its Spring Poetry Festival in which 800 poems were entered. Miss Riggs, who graduated in January, is the first Northville student to place in the contest with her poem "Used." Northville High students are also awaiting results of several other literary competitions and are making plans for the school's literary magazine "Centaur" which includes poetry, prose, art and photography from students at all grade levels. Miss Riggs served as editor of the magazine last year.

Disney Films on Tap Sundays in Northville

Tickets are still available for the Walt Disney Film series being sponsored by the Northville PTA Coordinating Council.

The films are scheduled to

be shown at Northville High School auditorium on three consecutive Sunday afternoons, this Sunday, March 2, March 9 and March 16. Films begin at 1:30 and run until 3:30 p.m.

Tickets for the full-length feature films are \$1.50 for the series and may be purchased at the door Sunday. For further information contact Shirley Davis at 348-1289.

State Warns Snowmobilers, Cyclists About Short Cut

The State Highway Department has requested that snowmobilers and motorcycle riders discontinue crossing the recently opened M-102 interchange which runs north-south along the eastern border of Novi between I-696 and I-96.

"We have signs up galore telling them the road is open to traffic and to keep out," said Frank Simmons, Administrative Assistant for the Metropolitan District of the State Highway Department.

"We constantly tried to discourage them but they ignore us," added Simmons. "We are very much afraid someone is going to get killed."

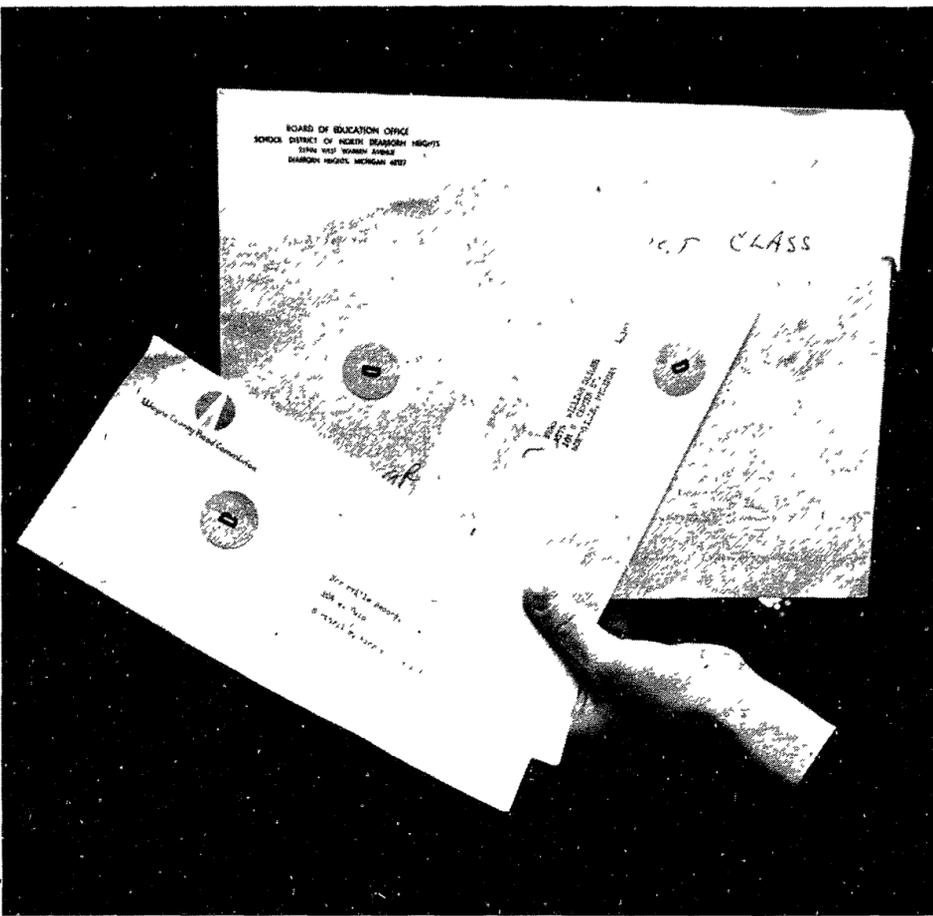

Simmons explained that snowmobilers have cut the restraining fences in several places and continue to cross the freeway. The northbound portion of the interchange is situated in such a way that a car coming along could not see a snowmobiler crossing the freeway because the particular area in question is on a curve.

He added that though the police have been contacted and are patrolling the portion of road, it's still hard to stop the offending snowmobilers who can just take off where the patrol cars cannot follow. Simmons said the main concern is safety.

Novi police indicated that they are aware of the problem and have beefed up patrols. They ask that anyone who spots a snowmobiler either cutting the fence or crossing the road should try to get the registration number and contact Novi Police as soon as possible.

SAFETY DANGER—Although signs have been installed warning snowmobilers not to cut across the now open M-102 freeway on the east boundary of Novi, the state highway department continues to find cut fences from snowmobilers who have done just that.

CODE MAIL—These letters bear vibrant pink stickers marked with a D. Each, Northville Postmaster John Steimel

explains, was the top piece on a color-coded bundle earmarked for one zip code area — in this case Northville's 48167.

With Bright Circles

Color Codes Speed Mail

If your letter has arrived with a vibrant inch-round circle affixed, it doesn't mean that the post office has singled out your mail for special attention.

The highly visible circles in five colors are a new color-coding instituted by the postal service to speed delivery of bundled mail.

The round dot, usually a vibrant pink with a black D

imprint, merely means that your letter was the top one on the bundled package.

Northville Postmaster John Steimel explains that the D sticker "indicates one complete package with the same five-digit zip code." All mail in the bundle, in the local instance, then was destined for one post office.

The stickers are applied at a sectional post office, which, Steimel continues, for the

Northville area is Detroit.

A green circle imprinted with the number 3 is used on bundles of mail destined for the same sectional center, or Detroit, from this section of the state.

A yellow circle imprinted with the letter C is used on bundles of mail destined for a multi-coded city, which means a city having more than one zip code.

An orange circle with a

letter S indicates the bundle of mail is all to go to one state.

A blue circle with the letter F designates mail for one firm. Steimel says this usually is mailed received in quantity by large industries or businesses, such as Ford Motor Company.

Steimel adds that the post office code is a faster method of tagging bundles than previously required specific labels for their destination.

Extend Patrol through April

Township road patrol service from the Wayne County Sheriff is at least assured through April at the present level of service.

The Board of Commissioners authorized the continuation recently to enable a

sub-committee of the Public Safety and Judiciary Committee to carry on cost negotiations with the seven western Wayne County townships involved.

The commissioners have threatened to abolish the

service unless the townships agree to share cost of the patrols, but instead the townships filed suit in circuit court charging the sheriff with a legal obligation to police their areas.

In a court hearing January 31, Judge Thomas J. Foley

postponed decision on a motion by the Board's Office of Corporation Counsel to dismiss the suit.

No further court action is expected until April 30, but in the meantime the commissioners are still asking the townships to contribute an additional \$97,000 necessary to maintain the present level of service through the current fiscal year ending Nov. 30.

Full-year cost at the present level is \$467,000. The commissioners allocated only \$350,000 for the patrols for the fiscal year which began December 1, but later added \$20,000 to continue present strength through January.

At present the township patrols occupy 28 deputies and three squad cars, operating around the clock seven days a week. The patrols service the townships of Brownstown, Canton, Huron, Northville, Plymouth, Sumpter and Van Buren, all involved in the lawsuit.

In another action at their board meeting February 6, the commissioners also appropriated \$62,289 for the hiring of three additional attorneys for the County Prosecutor's Office.

Two of the attorneys are scheduled for the out-county office of the Prosecutor, and one is to be assigned to Detroit's Recorder's Court trial staff.

THOMAS NASSER

Treat Patients With Party

Patients at Beverly Manor Convalescent Home in Novi were entertained at a Valentine party February 14 by members of Brodhead-Farmington Hills VFW Post 2269.

President Wilma Weatherford, Mrs. Shirley Manninen, Mrs. Irene Mason, Mrs. Irene Johnson, Mrs. Mary Weatherford, Comrade Carroll Weatherford and hospital chairman Mrs. Irene Staub directed the bingo event with the assistance of Mrs. Kathleen Keegan, activity director.

A Valentine doll fashioned of candy kisses was the door prize won by Roy Larson. For being a resident of the home for six years Forrest Narrin received a gift; Mrs. Grace Mulliniks was given a corsage.

All patients at the party received Valentine nut cups filled with candies. Mrs. Manninen had made the favors. Cookies and punch were served.

Thomas Nasser

Police Promote Detective

State Police D-Sgt Thomas J. Nasser, 32, of the department's satellite crime lab at Plymouth, has been promoted to detective lieutenant 12 and transferred to the micro-chemical unit of the headquarters crime lab at East Lansing.

He joined the department in 1964, serving first at the Mt. Pleasant, Jackson and East Lansing posts before assignment in 1968 to the headquarters crime lab. In 1969 Nasser was transferred to Plymouth when the first State Police satellite laboratory was opened there, receiving a promotion later that same year to detective sergeant 10. In 1971 he was advanced to detective sergeant 11 and assigned to the drug unit at Plymouth, transferring to the micro-chemical unit there in 1973.

Nasser was born at Iron

River where he graduated from high school. He had college training first at the University of Michigan and Northern Michigan

University at Marquette and then earned a bachelor of science degree with majors in biology and chemistry at Madonna College in Livonia.

Speaking for Myself Permit Public Employees to Strike?

JAMES PETRES

SPEAKING for The Record

By BILL SLIGER

The trick to an annual column about property assessments and their relationship to tax bills is to keep the details simple.

That isn't easy to do.

But at the outset it's really enough for the property owner to know that Board of Review hearings are held in March and if you wish to question the valuation placed on your property, you should attend one of these hearings:

In Northville township—March 4, 5, 10 and 11;

In Northville city—March 11 and 25;

In Novi—March 10, 11 and 12;

In Wixom—March 11, 12 and 25.

Millage is levied against the state equalized valuation (SEV) of real property. One mill equals one dollar of tax levy per \$1,000 of SEV.

So it becomes important to know what's happening to the SEV of your house and lot, as well as the millage rate levied by your city, township, school, county or community college taxing unit.

For purposes of this column, we'll forget about tax rates and just discuss what's happening with the new property assessments for 1975-76.

Property owners in Novi, Wixom and the Oakland county portion of the city of Northville do not have to worry about property assessment increases due to an "equalization factor". Like last year, their state equalization factors remain at 1.0—which means that their property assessment is exactly the same as their SEV, the valuation used for levying taxes.

It's possible, of course, that one of these property owners could have a property assessment increase if an addition or other improvements have been made to their homes or buildings.

Property owners in the Wayne county portion of the city of Northville and Northville township will find that their property values (SEV) have been increased by hikes in the equalization factors.

So this means a higher tax bill even if the tax rates remain the same.

In the Wayne county portion of the city, for example, the state has applied a 1.12 equalization factor to all properties.

In short, this means county and state assessors believe that real property in the Wayne county portion of the city has a market value of 12 per cent more than the current assessments.

So all 1974 assessments (which were the same as the state equalized valuations) will be multiplied by 1.12 for taxing purposes.

If a house had a \$10,000 SEV for 1974 (which indicates a market value of \$20,000), in 1975 that same house in the Wayne county section of the city of Northville will have an SEV of \$11,200 (and, therefore, its new market value is estimated at \$22,400).

That means each mill of tax costing the \$20,000 homeowner \$10 last year will cost \$11.20 for 1975.

In the township the situation is much the same.

Last year all township assessments were multiplied by a factor of 1.38 to arrive at the SEV. This year the equalization factor has been hiked to 1.46.

This means a house assessed in the township last year at \$10,000 had an SEV of \$13,800 for taxing purposes. In 1975 that SEV becomes \$14,600. So in the eyes of the tax experts a Northville township home with a market value of \$27,600 in 1974 is worth \$29,200 this year.

The public is entitled to examine assessment rolls of all properties. Just go to the treasurer's office of your city or township hall. You may make comparisons, if you wish, to determine whether equity exists between various properties within the taxing district.

The test, of course, is to decide whether or not you believe your property could be readily sold for an amount equal to twice the SEV. It's entirely possible the broad brush of the "equalization factor" that applies to all properties may unfairly increase one parcel beyond its market value, while leaving others below or at proper taxing levels.

If after you have examined your property SEV, you believe it is too high, then you should attend one of the March Board of Review hearings.

The board members are local citizens who will consider your complaint courteously. They call upon assessing consultants from the county to help make their determinations, but if they believe your property has been unreasonably caught up in the escalating "equalization factor", they have the authority to reduce the SEV.

You don't need a lawyer. Go yourself. But go easy. Remember, they're performing an unpleasant duty for very little compensation. They deserve your consideration, just as you deserve theirs.

All those parking spaces around the city of Northville's business district came in mighty handy last Friday night at the Midnight Madness sale.

Every lot including both levels of the parking deck was filled for the unique sale event. It brought smiles to many merchants.

YES . . .

You only need to agree with one fact and one principle to accept the right of public employees to strike. The fact is that we have granted industrial workers the right to strike when wages and working conditions become intolerable and efforts toward settlement reach impasse. Historically, we have accepted this collective action as the worker's sole protection against exploitation by owners and managers. The principle is that of equal rights — the one on which our political and social structure rests, at least theoretically. If workers in the private sector can strike, and if the principle of equal rights means anything, then public employees must have the right to strike. That's how it is logically, anyway.

In fact, however, we withhold the right to strike from public employees because we consider their services indispensable. If nurses strike, the sick are not as well cared for. If teachers strike, students learn less. If sanitation workers strike, our garbage rots under our noses. But must these public employees, whose skills we consider so essential, be victimized by the very importance we give their positions?

Ideally, of course, public employees would never need to strike. We would recognize the importance of their skills by insuring them reasonable wages and working conditions. Conceding the fact reality falls short of these ideal goals, however, we cannot leave public employees vulnerable. If we do, public service can slip into public slavery.

Roberta Johnson
Ann Arbor

NO . . .

Employees in the public sector have many important, if not essential, duties to perform. Those of us in the police profession have the responsibility of protecting life and property and of maintaining order. Firefighters also have the task of protecting life and property. Those public employees in education, public works, and in other government positions have their responsibilities that are also essential to the health, safety, and well-being of the citizenry.

It is because of the importance of these duties that I do not feel that public employees should have the right to strike. We all know of the problems caused by the recent teacher strike in the Crestwood School District, and some may remember the Montreal Police Strike of 1969 which cost the lives of two people, many more injured, and over one million dollars in property losses in less than 24 hours. I am sure few people would like to think of having a major snowfall without DPW and road commission crews around, or of not having a fireman when you need one.

I do agree that public employees should have a means of settling labor disputes, without striking, and that is the responsibility of the Legislature to enact appropriate laws, such as the present arbitration act. I do not feel that my rights are being violated just because I can't strike, as long as I have a legal remedy to use to settle problems. I feel that present laws in this state were enacted in the spirit of the constitution, that is to "— insure domestic tranquillity, — promote the general welfare —" These two wishes can best be realized by not allowing public employees to strike.

Rips Novi Assessment

To the Editor:
A notice I received from the City of Novi, 19 February, 1975, increasing the assessed valuation of my house 27 per cent for 1975 over 1974, and a total increase of 41 per cent over 1973, far above Department of Labor statistics on inflation, is a convincing illustration of the extent to which taxation depletes mass markets prior to severe depression as developed in my book "Capitalism in a Changing World".
The Tax Foundation, Inc. reported 8,000,000 full time employees in state and local

government in 1971 at an average wage of \$730 per month with annual payrolls in excess of \$72 billion. These figures would be much higher today. One out of every six employable workers is employed by government which means that \$20 out of every \$100 paycheck of the non-government worker goes to pay the wages of those fortunate enough to be on some city, state or federal payroll. (See Chapter 9 of "Capitalism in a Changing World".)
We have in Michigan "public servants" who are receiving salaries ranging

from \$300 to \$1,000 per week, some of whom receive in addition to their salaries such "extras" as a home, motor car, car expenses, "travel" expense, and liberal expense accounts all at the expense of the taxpayer. The former director of University Hospital, not being able to "live" on his \$45,000 a year salary plus his expense account, double billed the University for travel and was finally charged with eight counts of fraud by the Attorney General's Office.
Taxpayers have to pay to be

By JACK W. HOFFMAN

"The thing about Jeff," said Principal William Craft, "is that he's just another kid here at school. He's bright, a little ham, and he's a patrol boy."

Jeff Lee's that, of course, but he's also a television star...Northville's biggest little celebrity.

And therein lies the significance of the principal's remark, "he's just another kid here at school." He's an 11-year-old boy first, a child star second.

Just as in his township home where Jeff shares equal billing with his four brothers, he holds no special status in the classroom nor does he seek it. Above all he is not a spoiled brat. Neither is he, however, shy. Give him just half a reason and he'll sing and dance on the spot.

In case you don't associate the name with the face, Jeff's the lad who tells his mom not to worry, that he will buy the hamburgers in the nationally televised ad for Hardee's Hamburgers.

The ad's just one of many that the Amerman School fifth grader has done in Detroit and New York. One of them, for JIF Peanut Butter, is due to come out soon and, like the others, will be shown nationally.

He also has done commercials for several other companies, over both television and radio.

TV commercials are not Jeff's only show business activity. His acting, dancing and singing credentials include: Starring as Jerry in Channel 7's weekly show, "Jerry In the Circus," in Channel 4's "Jack and the Beanstalk," and in Channel 9's "Peter Pan." He also starred in a cabaret show in New York, in nearly a dozen stage productions throughout the metropolitan Detroit area, and has modeled for Oldsmobile and Ford.

Next month he'll star in a Plymouth Theatre Guild production, "All My Sons."

"I've wanted to be in show business ever since I was this high," explains Jeff in the living room of his house. His mother lets him handle his own interview, explaining only that her son's acting career is his own doing. Her other sons — ages 16, 15, 14 and six — have their own talents, but none of them involve acting or dancing.

Jeff's obviously accustomed to speaking with adults, and he handles himself well...to the point of volunteering information when the reporter fumbles for just the right question.

Because he continually talked about one day becoming an actor, just as another youngster might talk about becoming an Al Kaline, the Lees a few years ago enrolled their son in a summer parks and recreation program in Livonia where the family then lived. The program concluded with a play, and the Lees figured this brief theatrical fling would end their son's ambition. But they were wrong. Jeff was even more determined, and soon the director was inviting the youngster to perform again.

"One thing led to another," says Jeff, "and soon I

Readers Speak: Novi Study Favors Earmarking

To the Editor:
The attached study of city financing and cost levels was undertaken in October of 1974 to determine a reasonable millage level for the City of Novi. Survey questionnaires were sent to twelve communities believed to be similar to Novi and having a tax base close to that of Novi. Six of the communities were in close proximity to Detroit. Results of the replies were tabulated and three communities were selected as comparable to Novi in community character. The basic characteristics used to establish comparability were: population, miles of roads, total incorporated area and assessed valuation or tax base. While none of the three communities selected are near Detroit, two are suburbs of Grand Rapids and the third is a suburb of Muskegon. Although no two cities are exactly alike, the statistics indicate the three selected communities are very similar to Novi in most respects. The three communities selected were contacted for copies of their 1974-75 budgets and other pertinent data. Adjustments were made as required to make the format

and functional content of their budgets comparable to that of Novi. The attached seven pages present comparisons of: population, tax base, revenue, expense and personnel levels of the four communities as well as the average of all four and the relationship of Novi to the average. It should be noted that by including Novi in the average, the comparison is weighted in favor of Novi. Were Novi to have been excluded from the average, Novi would appear far less favorable or more unfavorable in comparisons to the average. The first page of the study compares the basic factors which established comparability of the four communities. These data indicate that, based on the average; Novi has 3,165 less inhabitants, 26.6 less miles of roads, 3.8 more square miles of area, a \$9.8 million higher tax base, 16 more general fund employees, a \$227,100 higher general fund budget and levies 1.5 mills more in property taxes to support the general fund. The second page of the study is a functional analysis of the four budgets.

Significant are the facts that Novi spends \$40,900 more each year for general administrative functions (primarily for clerical employees), \$119,200 more for Building and Safety, \$184,400 more for police activities, \$60,900 less for fire protection and \$94,000 less for direct public benefit programs such as parks and recreation, street lighting and leaf pick-up. The third page is a personnel analysis by type of work performed, and indicates that Novi has 4.0 employees per 1,000 population as compared to the average of 2.5, and that the higher employee levels are found in the building inspection, police and dispatch and all other clerical employees in the general fund. Administrative and Building Department clerical employees in Novi number 15 as compared to the average of ten. The data in the survey show that similar communities operate on an average of two and one half general fund employees per thousand population, while Novi has four. As previously pointed out, most of these extra Novi employees are in clerical type jobs. This suggests that a re-evaluation of the need and clerical workload situation in Novi could easily result in sufficient savings to enable the City administration to operate within the current six and one half mill tax limitation for the general fund. Holding the line on general fund millage would be consistent with the belt-tightening that all individuals are finding necessary during this period of unemployment and economic uncertainty. The other communities included in this study seem to have accomplished this and in addition they have some paid Fire Department personnel and are able to perform more direct benefit programs for the residents. It is believed that the City of Novi must establish a

meaningful capital budget for acquisition of permanent equipment such as fire engines and stations, municipal properties and the construction of municipal buildings, and that this can best be done through an earmarked millage which is limited to permanent

facilities and equipment expenditures. Evidence of the need for an earmarked millage similar to the road fund is the attached excerpt for the Norton Shores City budget explaining that its "Capital Improvement Fund" budget revenue from property taxes "is down from the previous year because the millage for this purpose was reduced to offset the General Fund increase." This is exactly what has happened in the City of Novi year after year and is the reason why needed capital improvements have not taken place. Novi City tax base and millage revenues have increased by an average of 25 per cent annually during the past six years; however, increased operating expenditures have absorbed the entire revenue increase, leaving little for capital items and public benefit programs. If the Council requests the voters to approve a millage increase for capital

improvements, roads or bike paths, and is sincere in the intent that the funds received from the millage increase shall be used only for the specified purposes, then the Council should be willing to have the funds earmarked to assure that usage will be limited to the uses the voters approve, in other words, to assure the good faith and compliance with the fund intent by future councils and to avoid any raids on the various capital funds to offset general fund increase pressures. Citizens Finance Committee Donald C. Young Jr. Vice-Chairman

He prefers stage work to television, acting and dancing to singing. But his real favorite is the Broadway musicals. He has a stack of records, and he's worked up a dancing and singing routine for many of the musicals. Suddenly, in the middle of the interview he asks, "Would you like to see one?"

Following the applause, he returns to the reporter's questions, wrapping up the interview by saying he plans to go to college some day to study acting. "If I can't get into the theatre," he says, "I'll become a television weatherman. If I don't become a weatherman, I'll be a pilot, and if I can't be a pilot, I'll let mom and dad support me."

Here's Quick Way To Figure the Cost Of Township Millage

By TOWNSHIP CLERK BETTY LENNOX

Backs Ticketing

To the Editor:
On Thursday evening, January 23, 1975, I went to the Northville Square Shopping Center, and when I arrived there was a police car in the square parking lot. The Patrolmen were putting tickets on at least two cars that were illegally parked. One of the cars was a new Mark IV. I would like to congratulate the Northville Police Department for this enforcement of parking regulations. It has been a source of aggravation to me for a very long time now, when parking lots are clearly posted "NO PARKING OR NO STANDING" and/or the

parking spaces are clearly striped, and people continue to park illegally. It is a sad thing when people who are supposed to be mature adults, place so much importance on their own being, and choose not to conform. This is another small but important factor that causes the younger generation to rebel against the "Do as I say, not as I do" establishment. Keep up the good work Northville. Now if the law enforcement agencies would also concentrate on the people who refuse to scrape the snow and ice off their rear windows and tail lights. Sincerely, Arthur Gratton

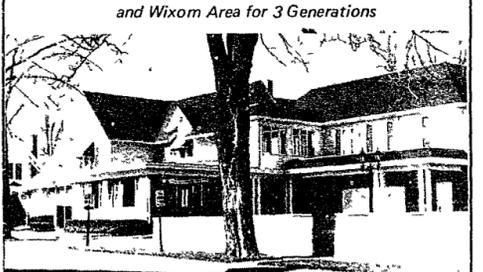

Tests Rank Students High

Results of the Stanford Achievement Tests show Northville students are above their grade level in their work. According to results announced to the school board Monday night, Northville students are above the national grade level norm in all areas. Assistant Superintendent Florence Panattoni explained that all first, second, third, fifth, sixth and eighth graders were tested during the first

month of school this year. Results show that the students are above grade level in all subjects, working ahead of the national norm in some cases by one month (second grade reading) and in others by as much as 14 years (eighth grade science). Areas tested included vocabulary, reading, word skills, math, spelling, language, social studies, science and listening comprehension. Total scores on the battery

of tests include second grade, 2.5 level, norm is 2.1; third grade, 3.6, norm is 3.1; fifth grade, 5.8, norm is 5.1; sixth grade, 7.2, norm is 6.1; and eighth grade, 9.2, norm is 8.1. First grade scores, recorded on a different scale than the higher grades, showed the students at the high end of the average scale in the areas tested — word reading, math and listening. Miss Panattoni noted that the average IQ of the district is just higher than 108 and in 1968 it was an average of 110. In reporting on the Michigan Assessment Tests, Miss Panattoni explained that both fourth and seventh grades did better this year than did the same grade levels tested last year. Districts are no longer compared with each other, she added. A total of 58 objectives were tested with seventh graders doing better than last year's group on 48 objectives. Two remained the same and eight objectives saw lower scores this year last. At the fourth grade level, the students did better than last year on 43 objectives, as well as last year on six and scored lower than last year on nine objectives. Individual test results are available to all parents upon request.

FULL HOUSE—"Buy George", the midnight madness sale sponsored by more than 30 downtown Northville merchants last Friday night proved to be a huge success. Hundreds of shoppers wandered throughout stores in the central business district and Northville Square buying the 9 p.m. to midnight

bargains. The picture above was taken in Northville Square during one of the three prize drawings. Winners and their prizes were: Helen Stasiuk, an electronic calculator; Mrs. Charles Meyers, a Sanyo cassette; and Mrs. A. Palarchio, a multiband Juliette radio.

New Library Plan Likely

Continued from Record, 1

1. Development of senior citizen housing south of the post office.
 2. Temporary location of the library in the school administration building.
 3. Temporary use of the annex building by the recreation department and partially by school offices and/or storage.
 4. Eventual permanent use of the administration building for recreational purposes.
 5. Movement of the school administration offices to either the second floor of Main Street Elementary School or to a second floor above the proposed cultural center complex.
 6. Razing of the annex building with development of the cultural center complex on this site, with possibly a connecting corridor or breezeway to the building now housing the administrative offices.
- A complicating factor resulting from these suggested proposals is that it might necessitate the addition of a multipurpose room at Main Street Elementary School. There is no such facility there now and children must use part of the gymnasium in the administrative office building (where the library would be relocated).
- Also presently using this gymnasium are middle school youngsters from the Annex, and in the evening it is used by children from OLV Catholic and St. Paul's Lutheran schools.
- The annex building classrooms are slated to be closed this year with the opening of the second middle school near

Bradner and Six Mile roads. In the face of stiff public opposition, the school board has decided to continue elementary classrooms in Main Street Elementary even though the number of students attending this school will be reduced with the opening this year of two new elementary schools in the township.

As envisioned presently, the proposed cultural center complex would include —

- A 10,000 square foot library (presently, the library occupies some 3,900 square feet of space).
- A 200-seat auditorium for use by small theatrical programs, lectures, conferences, film presentations, school board meetings, senior citizens programs, LVW programs, intergovernmental meetings, etc.
- Large meeting room with estimated floor space of 800 square feet to accommodate a wide range of club or organizational meetings and activities.
- Smaller meeting room, perhaps 25 x 25 feet in size, should be provided for smaller group meetings, etc.
- Sink facilities would be included in one or both of these rooms to facilitate use for art and crafts.
- Kitchenette, centrally located so that coffee and light refreshments can be served to groups meeting in the various center rooms.
- Restrooms, and a lobby.
- Provisions for a second story to be added at a later date if it becomes necessary.

Murder Suspect Bound Over

Continued from Record, 1

Olin is charged in the murder of Joseph Snage Jr., owner of Joe's Pantry on Eight Mile Road near Randolph.

In recounting the events of January 23, Miss Minidis said they had driven out to Northville from Detroit in her car. Olin, who was driving, and she first stopped Chatham Food Store, making a few purchases and leaving the store shortly before 9 p.m.

She said the defendant left the vehicle telling her "he might hold up the store." Miss Minidis testified she heard a series of shots while Olin allegedly was in the store and then Olin came out carrying two paper bags of money and a wallet.

The seven-shot .380 caliber Beretta which she said Olin had in his possession that evening still contained two bullets when she said she again saw it after they got to a motel sometime around 10:30.

She said the wallet contained a driver's license belonging to Mr. Snage among other items but that

only the money was kept and that Olin discarded the wallet and its contents along Telegraph Road.

Upon questioning from Oakland County Prosecuting Attorney L. Brooks Patterson, Miss Minidis said she had been told by Olin that he might hold up the store and that he told her he "shot him because a dead man can't talk."

She also said Olin told her "Mr Snage begged him not to shoot him, that he had a family."

It was established Thursday that the owner of the store had been shot five times in the back and that a total of \$480 in cash had been taken from the store.

Several times during the testimony of the material witness, Mrs. Marian Shaheen, sister of Mr. Snage, broke into tears in the courtroom.

Olin, who is being defended by Attorney Robert Sterling, did not testify during the preliminary examination. His parents were present in the courtroom.

Township Hears Zoning Appeal

OAK SPRINGS, the 310-acre development planned at Six Mile and Sheldon roads, will be the topic of a special meeting tomorrow (Thursday) beginning at 7:30 p.m. in Northville Township Hall. Developers of the project, Equity Resources, are appealing a denial of rezoning handed down in October by the township planning commission.

'Silent Observer'

Chamber OKs Tip Plan

Approval of the "Silent Observer" program suggested by the city has been voted by the board of directors of the Northville Community Chamber of Commerce.

The proposal goes now to the township board for its concurrence before the program can be officially launched.

Under the proposal, the city and township would share with the chamber the cost of providing rewards for tips leading to convictions of those persons involved in felonious crimes.

One third of the cost would be shared by the chamber, one third by the city and another third by the township.

"It's an excellent idea," said Chamber President Marjory Cinader. "Everyone on the board is definitely in favor of it." She and other board members met Thursday with City Manager Steven Walters, who outlined the proposal as he did earlier with the city council.

Purpose of the program is to deter crime by publicizing the permanent offer of rewards, and to aid in crime detection by encouraging citizens and others to provide information to police departments, anonymously if desired.

It is patterned after the program in Battle Creek.

Any person who sees a crime being committed or who has knowledge that a crime has been or is about to be committed within the city or township, said Walters, is encouraged to report it by one of two ways.

A rewards committee is to be established, consisting of the mayor of the city, the supervisor of the township and the president of the chamber of commerce, or in their absence their designated substitutes.

The following reward amounts are being proposed:

- \$1,000 for conviction for the crime of murder.
- \$500 for conviction of armed robbery, arson, rape, fictitious report of bombing, an attempted bombing or threat to bomb, breaking and entering an occupied dwelling or building, delivery of dangerous drugs which are felonies;
- \$300 for conviction for breaking and entering an unoccupied dwelling or building, larceny from a building or person.
- \$100 for conviction of felonies or convictions for crimes that are lesser included crimes of felony for which the defendant was arrested.

Ineligibility for the rewards are policemen, licensed or unlicensed security guards or any other enforcement individual; any employer or employee on duty at any building or premises where one of the aforementioned crimes has been committed; and any victim of a crime.

If a Silent Observer is entitled to a reward, under the locally proposed program, he shall only be entitled to one reward per criminal activity, and the reward shall be based upon the most serious conviction or plea.

There are two basic ways to report a crime under this program: The Silent Observer informs the police agency and identifies himself or the Silent Observer reports the crime to the police agency but does not identify himself. If he elects the anonymous method, he gives the police agency a number such as his social security number - forwards or backwards, draft registration number forwards or backwards, old or new license plate numbers or operators license number forwards or backwards, or any other number that he can latter readily recall.

Each police agency is to be provided with a set of forms and each page thereof is to be perforated so that the top can be detached from the bottom. The top portion and bottom portion shall contain identical report numbers.

The police agency is to print

the informant's "Silent Observer Identification Code" number in the space provided above the perforation. On the space below the perforation in the area marked "clue" the law enforcement officer shall print the information he received from the Silent Observer. It becomes the responsibility of the Silent Observer to remember his Silent Observer Identification Code and his report number for future use in claiming any earned reward.

The officer then immediately detaches the top portion of the paper and places it in a sealed envelope marked only with the words "Silent Observer Report No. ???". It is to be turned over to the city manager or police captain of the City of Northville as soon as possible and placed in a secure place, which is accessible only in the

joint presence of said manager and captain.

If the rewards committee determines that a clue is eligible for a reward, it is to publish in The Northville Record a summary of the criminal activity, the arrest and conviction, the Silent Observer number, and the amount of the reward.

Upon publication of the notice, the Silent Observer is to call the police captain or city manager in person and state that he was the Silent Observer involved in the clue for which the notice was published. The Silent Observer gives his name and address or his Silent Observer identification code and report number. At this time confidential arrangements are to be made with the Silent Observer to get the reward to him.

Summer Racing's Out

Continued from Record, 1

meet which began January 1 will run its course through April 8. The sulkies then move to Hazel Park for 82 nights until July 12. One July 15 through October 18 they race at Wolverine. Jackson brings part of its meet to Northville for the opening of the winter season, October 20 through December 31.

Northville Downs, with support from the city of Northville and the track landlords (Northville Driving Club) had challenged Commissioner Shirley's 1975 schedule on the basis that he had promised Northville Downs in 1968 that if it winterized its track, it would continue to receive summer dates, and that because of the higher cost of conducting winter meets, the local track could not operate profitably on a winter-meet schedule alone.

Judge Foley made it clear that he the court could not substitute its judgment for that of the racing commissioner. He also accepted the commissioner's reasoning that summer racing at the bigger tracks provides better quality racing and more revenue for the state.

The judge said there was no evidence to support the claim that Commissioner Shirley had promised future summer dates. He further declared that such a promise could not be made legally.

Downs' Executive Manager John Carlo said he would instruct his attorney, Arthur Brauer, to file a notice of appeal. It seems unlikely, however, that the appeal will be undertaken.

Attorney Brauer expressed

disappointment that Northville Downs was restricted in the evidence it was permitted to submit. But he said that he believed sufficient gains had been made to strengthen the local track's position next year if it is again locked out of summer racing.

Carlo was a little more philosophical.

"If they want us to be strictly a winter track, then they'll (the state) have to increase our percentage of the mutual handle to make up for the added cost of operations," Carlo concluded.

Champion Mustangs Top All-Star Quintet

By JOHN BECKETT

Just two points kept Coach Walt Koepke's Northville High School Mustangs from a perfect regular season.

Northville, which posted a 19-1 season's record and won the Class A Western Six title, lost just once, by a 56-54 score, to Farmington Harrison.

The rest of the season, the Mustangs were obliterating some teams (they smacked Milford by 40 points late in the season) or were nipping others (they edged Waterford Mott in the final second on a shot by Guard Scott Leu).

Either way, they established themselves as the winningest team in the area this year and naturally dominated selections to Sliger Home Newspapers' first All-Area Basketball Team.

Picked by Home Newspaper reporters, with the help of area coaches, this year's All-Area Team includes six members of the powerful Mustangs—three on the first team, one on the second and two in the honorable mention ranks.

The first team All-Area stacks up as a high-scoring aggregation. Varying in height from six feet to 6-4, the first team averaged 80 points a game during regular season play, with all five members capable of regular double-figure scoring.

The second team was slightly less potent. Somewhat smaller—ranging in height from 5-10 to 6-3, this squad averaged 66 points a game from its five double-figure scorers.

FIRST TEAM

Although three Northville players were named to the first team All-Area, the two highest scorers on the squad were from Pinckney and Hartland.

MIKE LATIMER, a six-foot senior from Pinckney High, was the area's most prolific scorer with a better-than 21 point per-game average.

An aggressive forward who led the Class B Pirates to an 11-9 record, Latimer was named to the All-Ingham County League team last year and is figured to repeat again this season.

"Mike's strongest point is his ability to get his shots off," Pinckney Coach D. J. Lincoln said. "He has the ability to shoot every time he gets the ball, because he is aggressive and has good quickness and good moves."

Latimer began the season with a 36-point effort against Brighton and soared over the 30-point mark three more times before the season ended.

The strong senior was also a consistent rebounder for the Pirates, coming up with an average of nine caroms a game.

ERNIE SWEETEN, the only junior named to the first team, is also the tallest player on the All-Area squad at 6-4.

A spindly center, Sweeten scored at the rate of nearly 19 points per game to lead Hartland, a Class B member of the

Northville Man Named Associate Church Minister

The Reverend Richard Henderson, assistant pastor of First Presbyterian Church of Northville since July, 1972, is being elevated to the rank of associate pastor at the 11 a.m. service March 2 at the church.

Installing officer will be Walter Greene, President of the Detroit Presbytery and a vice president of the National Bank of Detroit.

The service also will include baptism of the Hendersons' son, Jonathan Richard, born July 6, 1974. Adding special significance to the ceremony is the fact that Reverend Henderson's father, the Reverend J. Hubert Henderson, will officiate at the baptism.

The elder Henderson is minister of Wallace Memorial United Presbyterian Church in Greentree, Pennsylvania, a Pittsburgh suburb. Mrs. Henderson will accompany him here for the dual service.

The Reverend Richard Henderson and his wife, the former Sheila Anne White, live at 121 East Baseline in

Northville. In addition to their small son they have a daughter, Jennifer Anne, who will be four years old in May.

Reverend Henderson preached his first sermon at Northville Presbyterian Church July 16, 1972. He was hired to direct Christian education and youth work of the church.

He was ordained in Greentree, his home town where he had attended local schools through high school level. He was graduated in 1968 from Muskingum College, New Concord, Ohio. Two years at Pittsburgh Theological Seminary followed.

He served his internship at Rochester, Michigan, University Presbyterian Church and finished his senior year of seminary in May, 1972.

He will continue to serve the Northville church in much the same way as previously, the Reverend Lloyd Brasure, church pastor said, with the church expressing its appreciation by promoting him to the new post.

World Prayer Day

"Become perfectly one" is the 1975 theme of World Day of Prayer to be observed Friday, March 7, by Church Women United all over the world.

Three ecumenical services in the Sliger Home Newspaper circulation area will mark World Day of Prayer March 7.

The service for Church Women United in the Northville-Nowi area will be held at Our Lady of Victory Church in Northville at 1 p.m.

For South Lyon and New Hudson church women, the service will be held at 10 a.m. at St. Joseph Church in South Lyon.

In Brighton, the service will be held at St. George Evangelical Lutheran Church at 1 p.m.

Church Capsules

If your church or religious group has announcements of public interest for Church Capsules, call

437-2011 (South Lyon)

227-6101 (Brighton)

349-1700 (Northville)

The Reverend Virgil Jones, Presbyterian chaplain at Wayne State University, will be guest speaker at the third Lenten dinner program at Northville First Presbyterian Church following devotions and singing at 7:30 p.m. Tuesday. The potluck dinner will be at 6:30 p.m.

"He is one of the outstanding black ministers in our denomination — he's a brilliant fellow respected by laymen and ministers alike," said the Reverend Lloyd Brasure, church pastor, in announcing the event. The Reverend Jones will bring two Christian foreign students at WSU with him.

+++++

The congregation of the South Lyon United Presbyterian Church is participating in "One Great Hour of Sharing" all during the Lenten season with special offerings placed in envelopes distributed for this purpose. Monies donated go for world relief, emergency and resettlement services and for the self-development of people.

The Reverend Norman Riedesel, pastor of the church, reports that a portion of the gifts remains with the United Presbyterian Church in the United States to aid in areas of disaster such as the tornado lashed sections of Indiana, Ohio and Alabama.

In addition the World Council of Churches receives a portion to aid foreign countries. He cites an instance last year when the fund was used to aid in building a fish farm in Africa. The purpose was to assist the people in that area to learn to support themselves by productive work.

+++++

Brighton's Mothers on the Move invites all area women to attend a two-day conference, March 3 and 4, at Mercy College on Outer Drive in Southfield. Rose Cameron explained the purpose of the conference is to help wives and mothers "restore confidence in themselves, their families and God." Featured speaker will be Bruce Maramore, Ph. D. of Rose Mead, California, author and lecturer on family relations. Interested women should register before March 1. Nursery facilities will be provided for \$2 per day per child. Cost of the conference ranges from \$6 to \$21, depending on days and meals attended. For further information or to register, women should call Rose Cameron at 229-8582 or Joyce Chaplain at 229-4330.

+++++

The Women's Association of the First Presbyterian Church of Northville is now collecting items to sell at their annual spring rummage sale. Articles may be left at the church through tomorrow, February 27. The sale is scheduled for Friday and Saturday, February 28 and March 1, at the church.

+++++

The Livingston County Cluster of United Methodist Churches will hold its third Lenten service this Sunday, March 2, at 7:30 p.m. at the Hardy United Methodist Church of Hartland. The Reverend Tom Hart will conduct the service.

+++++

The Reverend and Mrs. Arthur Karshnick, formerly of Northville, will speak at the evening service, Sunday, March 9, at 7:30 p.m. at the First Baptist Church of Northville. The Karshnicks are presently ministering to Navajo Indians in New Mexico by appointment of the Berean Mission.

+++++

Father Albert Matyn of the Church of St. Joseph, South Lyon, was recently appointed to serve a two-year term on the Priests' Senate of the Archdiocese of Detroit.

+++++

Dave Boyer, singer and saxophonist, will appear this Saturday, March 1, at 7:30 p.m., for the Huron Valley Youth for Christ at Pioneer High School in Ann Arbor. Boyer, a professional performer since age 15, became a Christian in 1965. Tickets for the performance are \$2 at the door.

'Preventive Medicine' Given to Happily Married

Preventive Medicine — it's the newest approach to treatment in almost all the health sciences.

It's also a sound approach in marriage counseling, says Myron Hornyak, clergy consultant to the Washtenaw Community Mental Health Department.

Hornyak last week began teaching a five-week "theological - psychological" program on love and marriage at Brighton's St. Paul's Episcopal Church geared for those with healthy marriages.

"There are three stages in any kind of treatment — preventing, curing, and maintaining. This program is preventive.

"We're hoping to help people develop introspection as far as their own marriages are concerned, and to help them grow." Hornyak said.

One of the first goals in the program, says Hornyak, is to clarify common misconceptions about marriage.

"The first misconception about marriage is that persons marry for love," Hornyak said.

"When couples marry for love, each individual cares as much about the other person's security, satisfaction, and

development as he cares about his own.

However, many couples do not marry with that conception of love, Hornyak said.

"They may marry because they are physically attracted to one another, or for help in business or economic security, or out of fear of loneliness or that they will not marry at all."

There are other misconceptions about marriage, Hornyak said.

People falsely believe that marriage is a cure for loneliness, for example, or that well-adjusted spouses do not have conflicts, or that children improve marriages automatically.

Despite the fact couples may marry for the "wrong" reasons, or that they have unreasonable expectations of marriage, Hornyak said he believes most couples can "grow into love" and make their marriages work.

But it takes effort. "Marriages fail for two reasons. Persons either chose the wrong mate or they are unwilling to expend the energy to make marriages last."

Married persons need to work most on communication, the counselor said.

"Couples must develop an awareness of how they affect one another. For every action, there is a reaction, and we sometimes forget that."

Another important condition for happy marriage, says Hornyak, is that individuals "have good healthy self-concepts."

"This is taken right out of the Bible — 'love your neighbor as you love yourself. You have to love yourself first, before you can love your closest neighbor, your spouse.'"

A fair fight or a healthy disagreement between spouses can actually bring couples closer, said Hornyak.

"When individuals argue with the attitude that someone must lose, and someone must win, both individuals lose."

"But if both individuals argue seeking to resolve an issue, they're both winners because they have eliminated a source of conflict in their marriage."

Finally, Hornyak said, persons must strive for a greater correlation between their feelings and their thoughts.

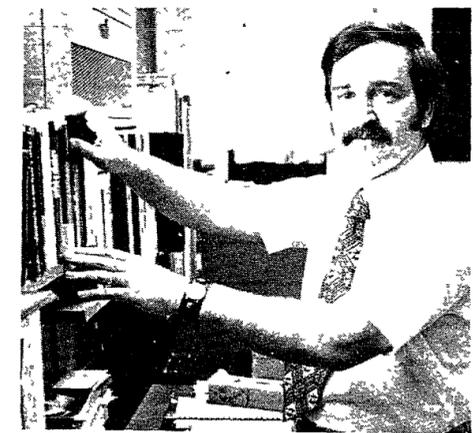

"Jealousy, for example, is a real feeling. Mates must accept it as a feeling, and be honest with one another about it."

Although living styles and alternatives are changing, Hornyak said he believes "very strongly in the family as a unit of society."

"The present divorce rate, which is almost one in two nationally, indicates to me that people are struggling to find meaning in their marriages."

"I believe there can be great meaning in marriage, and that people need the independence and interdependence of marriage."

Hornyak, who also holds a Masters degree in social work, has been counseling married couples in Michigan and Ohio for 18 years.

REVEREND RICHARD HENDERSON

Seminary Schedules Two March Concerts

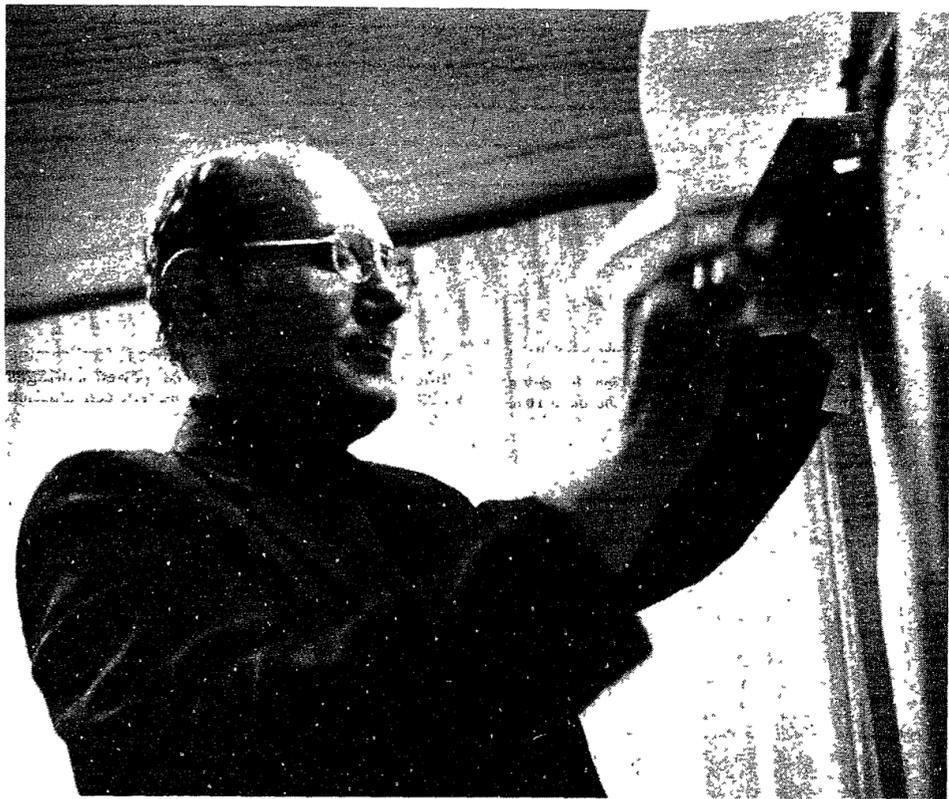

Two concerts in a 25th anniversary classic concert series are announced by St. John's Provincial Seminary. They will be presented in the seminary chapel at Sheldon and Five Mile roads and are open to the public without charge.

"The Soldier's Tale," (L'Histoire du Soldat) by Igor Stravinsky and C. F. Ramuz will be given at 7:30 p.m. Sunday, March 16. The performance, the seminary announces will be complete;

the work will be read, played and danced.

The drama is under the direction of Raymond Masters. The performance is made possible by the Musicians' Performance Trust Fund and the Detroit Federation of Musicians.

"An Evening of Chamber Music" will be presented at 7:30 p.m. Sunday, April 13, and will include music for tenor, oboe, cello and piano. Soloist will be Charles Fantazzi.

Myron Hornyak prepares to teach his marriage course at Brighton's St. Paul's Church

May Be Pests

Why Does Plant Droop?

By KATHY COPLEY

When a houseplant droops, it could be from the amount of light, heat, moisture, and nutrients, as described in an earlier article. If juggling these doesn't perk things up, the trouble may be a disease or plant pest.

Luckily, houseplants are subject to fewer diseases and insect infestations than outdoor plants, but their presence indoors is much more bothersome.

A healthy plant usually has adequate natural defenses against mites, aphids, mildew, and the like, but once the plant shows the signs of disease or infestation by dropping leaves or stunted growth, it is time to take action. Included below are descriptions of the most common indoor plant pests and the methods and products to eradicate them.

The presence of a few insects can usually be eliminated without the use of chemical products. Try picking the bugs off by hand or removing them with a cotton swab dipped in rubbing alcohol, nail polish, or witch hazel. For a more widespread problem, wash the plant gently in warm, soapy water, followed with a rinse in clear, warm water. Resort to chemicals only when these less drastic measures fail.

The presence of cottony white fluff on stems and in leaf axils is a sign of mealy bugs. If removing the bugs with a cotton swab doesn't control them, spray the plant with malathion, nicotine sulfate (Black Leaf 40), or a systemic insecticide. One application is usually enough.

Thrips cause deformed or streaked leaves and may also be eliminated with malathion, a good all-purpose insecticide for inside and outside use.

White flies are sucking insects which cause leaves to turn yellow and die. The bugs don't do much flying unless they are disturbed, as when you pick up a pot to water it. They are quite difficult to control, so several applications of malathion may be necessary.

The small, fleshy green, red, or black insects which cluster on new growth are aphids, the same insect which does such damage to roses. Spray every three days with malathion, nicotine, lindane, or thiodane until the pests are gone.

Stunted growth, cupped leaves, and blackened buds result from the attack of Cyclamen mites. These almost invisible mites can be controlled with a spray of dimite or kelthane every 2-4 weeks. To avoid their presence from the beginning, pot plants only in sterile soil and spray the soil of each new plant when you get it from the greenhouse or nursery.

Red spider mites cause similar damage and can be detected by the fine webs they spin in leaf axils. They like warm, dry air so they multiply quickly in winter. High humidity and good ventilation will discourage them.

Spider mites are easily dislodged by washing the underside of the leaves 2-3 times a week. If this is too much trouble, spray with dimite, aramite, kelthane, or malathion every other day for a week.

Clusters of brown or gray patches, especially on stems, may go unnoticed. These are the shells which protect the adult form of the sucking insect scale. A few can be scrubbed from strong stems with water or rubbing alcohol. Otherwise, spray with malathion, nicotine, or diazinon.

Bacterial blight is usually the culprit when the leaves become grey and watery and the crown of the plant rots. Spraying with captan or ferimate will eliminate the blight, but a severely damaged plant may never recover. Unless the plant is a particularly valued one, it is best to toss it out before others become infected.

The same kind of mildew which attacks zinnias and perennial phlox attacks indoor plants and, like its outdoor counterpart, it is caused by warm, humid conditions. If leaves are coated with a white, powdery substance, spray the plant with one of the many available fungicides like karathane and phaltan, or dust with zineb or sulphur.

Before you buy a new chemical to treat an insect, inside or out, see if something you have won't do just as well. Often a small infestation of an insect can be eliminated by a product which normally wouldn't do much against a whole garden full of the bug in question. If you want to keep only one on hand, make it malathion.

Michigan Mirror

Chunks of Metal May Save Shoreline

LANSING—Ugly, angular metal chunks jutting from the tiny beach at Point Betsie on Michigan's western "coastline" may do nothing for the seascape. But their goal, to cut shoreline erosion, more than balances the blight.

Shore erosion, the loss of land because of the energy of waves and currents produced by large wind storms, has been such a problem in Michigan that the Legislature authorized the Department of Natural Resources to take "action to avert catastrophic consequences" in 1973.

A Demonstration Erosion Control Program, involving the University of Michigan Coastal Zone Laboratory, resulted.

ANYONE WHO OWNS shore property and has experienced or fears erosion might well take a look at what that program is doing, because one principal aim was to help private land owners make decisions about protecting their property.

In fact, a particular effort was made to find "reasonably effective methods which could be constructed by the property owners themselves."

RESEARCH BEGAN with selection of more than a dozen sites around the state where there are severe erosion problems.

Then some type of protective method — sand fill, groins, revetments, sea walls, off-shore breakwaters — was installed and its effectiveness evaluated with respect to reduction of erosion rates, cost, construction difficulties and durability.

Those evaluations now are available in a comprehensive report, complete with photographs and specific diagrams. Folks who want a copy of that report can obtain one by writing to: Water Development Services Division, Department of Natural Resources, Mason Bldg., Lansing, MI 48926. Ask for: Michigan's Demonstration Erosion Control Program Evaluation Report.

THE REPORT CAUTIONS that the one-year study cannot come up with final conclusions. "Many shore installations appear to perform well temporarily but fail after several years," it notes.

Thus, the report recommends the monitoring portion of the study continue for five years.

But it does contain some clues for property owners who may have taken to the water in bathing trunks to shore up their shores with sand bags.

ARE PENALTY POINTS an incentive to slow down?

State Representative Ernest Nash, R-Dimondale, an 18-year veteran of Michigan's State Police force thinks they are, and he's trying to renew legislative consideration of applying points to drivers caught violating the 55 mph limit.

"Lawmakers thought the 55 mph limit was only temporary when they adopted it almost a year ago," Nash points out. "Its purpose was to save gasoline during the shortage and they didn't want to penalize people for something that was only temporary."

But now that the federal government has made the 55 mph limit permanent, Nash figures it's a different story.

"People didn't pay any attention to the lower limit," he says. "In order for (that) limit to have any effect, it's going to be necessary to put points back in the system."

Nash's proposal calls for two points to be added to the record of a driver caught doing 10 miles or less over the speed limit. Anyone going 10-15 miles over the limit would be penalized three points, and that would be boosted to four for exceeding the limit by more than 15 miles an hour.

Michigan needs to look ahead, develop long-range goals and identify potential problem areas — and that's something the Legislature is not equipped to do.

So says House Republican Leader Dennis Cawthorne of Manistee.

Cawthorne says legislative bodies "are primarily equipped to meet problems on a piecemeal, crisis-by-crisis basis." What's needed in addition - he says, is a "commission on the future."

PROPOSING A BIPARTISAN commission, similar to one operating in Minnesota, Cawthorne asks such questions as:

—What should our state be like in 25 years?

—How do we get there?

"A commission on the future could provide our citizens and legislature with specific long-range policy alternatives and give us direction in achieving the selected goals," he says.

The idea is similar to one advocated at the local level by Daniel Kruger, a professor of industrial relations at Michigan State University.

Seeks 'Good Time' Change

Two bills amending the "time off for good behavior" provisions for persons confined in the state's penal institutions have been introduced by State Representative Richard Fessler who represents Wixom, Novi and the Oakland County portion of Northville.

One measure revises the schedule and conditions under which good time and special

good time are awarded while the other deals with conditions under which an inmate is eligible for parole.

These bills conform with the purpose of a resolution adopted last week-end by Michigan Republicans at their state convention in Grand Rapids.

The bills, Fessler said, are designed to eliminate instances where inmates are

released after serving only a portion of their minimum sentence.

"During the last two years there have been three instances of violent crimes in the 24th District and a fourth in Oak Park that were committed by persons who were paroled from prison before serving a minimum sentence," Fessler said

Babson Report

Utility Stocks at Near Record Low

WELLESLEY HILLS, Mass.—A sector of the energy spectrum which is badly in need of relief is the investor-owned electric utility industry. And the relief may have to be massive and possibly involve government financing.

Such a proposal has been advanced with the cautionary note that unless assistance is forthcoming immediately we shall be facing real power shortages within two or three years with resultant construction delays, area unemployment, and sharply higher electric rates.

The nub of the problem is the inability of utilities to attract at reasonable cost adequate capital for construction of expanding facilities, because of several sore spots in the picture. Declining earnings and a sagging stock market saw utility stock prices fall to near-record lows.

New common can be offered only at or below current stock prices. Since these are often under book value, companies are reluctant to risk heavy dilution by new stock offerings.

THE OTHER financing route, debt offerings, also has pitfalls. (Usually the ratio of common stock to bonded debt determines which will be offered.) A principal yardstick in determining a bid for bonds is "debt coverage," which is, simply stated, the number of times that company earnings will cover debt interest liability.

In many cases, the past ten years have seen this ratio plummet from a level of extremely good coverage to today's skimpy coverage. With this situation, many bond credit ratings have been lowered by the rating services, and investor interest has waned or at best resulted in lower bidding (and higher interest costs) on new utility debt offerings.

WITH STOCK and bond offerings either deferred or bringing inadequate capital, utility managements have had to revise their projections and cut back or defer construction plans.

In November 1974 it was estimated that over \$16 billion of construction of new generating facilities had been curtailed. Over 50 percent was nuclear, and if building is ever resumed it will no doubt be at escalated prices. Cutbacks also hit building trades on work-in-progress with employment layoffs.

The utilities have experienced some slackening in demand for power since the Arab oil embargo. This has influenced some of their future projections for demand and caused some power plant deferrals.

However, even before President Ford's January

message to the nation outlining our energy resource needs through 1985, there was an estimate of capital requirements for all energy industries of huge proportions, with electric utilities responsible for nearly three-fourths of the total. So, in the long run, power plant expansion is inevitable and somehow the capital funds must be raised to support construction.

THERE HAVE been numerous suggestions for making utilities more attractive to investors. Sufficient rate relief would be one way, but with fifty or more regulatory bodies setting rates it might be difficult to achieve equitable unanimity.

A more concrete suggestion would call for government assistance in the form of insurance and guarantee of debt securities. This is not unlike the manner in which the government backs home owners through FHA mortgage coverage. It would also be similar to the guarantee of financing by the Rural Electrification Administration.

It is felt that government backing of utility offerings would improve credit ratings, bringing higher prices and lower interest costs for the companies.

Red Cross Gets

Dems' Blood

In the first of what is planned to be numerous "community involvement" projects, members of the Wayne Second District Democratic Party donated blood to the American Red Cross recently.

The blood drive was held at facilities provided by Faith Lutheran Church, 30000 Five Mile, Livonia, with members of the congregation also contributing blood.

"There was a feeling among some Democrats that since we've 'spilled' so much blood at the polls the past few years, that we certainly could give some blood to the Red Cross," noted Alan Helmkamp.

Observe Birthday

Alpha Nu Chapter of Delta Kappa Gamma will observe the honorary professional teaching sorority's birthday at its dinner meeting at 6 p.m. Monday, March 3, at Hillside Inn.

Miss Ada Fritz will give a review of the organization's founding.

2-1 Houses For Sale **2-3 Mobile Homes**

NOTICE: Our Realty offerings herein, and we of Towns Pillar welcome your comparisons.

Town and Country Homesites, to fit your taste, needs, ability to finance and still live in comfort. Examples: Follow (80 acre farm located 8 miles from Howell, on black top, with two barns, feeder bldg., machine and other buildings, plus — a two family home. All in need of a repair man's touch. Yet the entire farm is priced below the average cost of land alone.) (Attractive 3 bdr. rm. Family rm. in divided basement renders extra comfort to this cozy home. See it today. Reduced to \$25,700.) (Handy Mans Special, best describes this 7 rm. Howell Home. Located close to stores, shopping, and schools. Sound buy for anyone at only \$14,500 Ask for Peggy) (Lake front 2 bedroom year around residence, on scenic clear lk near Brighton. A sports minded special with fireplace and other goodies, A must see to acknowledge value at \$35,800 Ask for Renee.) (3 mi. to Pinckney Schools; and we proudly present this scenic 1800 ft. Ranch. Fireplace and family room within full view of private pond. New horse barn included, and with immediate access to over 800 acres of open State land. Now reduced to \$60,000. Must see.) (Executive Ranch, only 2 miles from Howell. Situated on five acres with black top rd. front and offering 3000 ft. of modern living area, two fireplaces, three baths. Four bdr. rms., A dual propane heating system to lighten the utility cost. Finishing of interior now being done. Some landscaping remains to the entirety of this full brick home and attached two car garage. Much more is offered then written, at \$65,000.00. prime gravel rd. front and back top. And here we have the 33 acre Farm suitable to the needs of many. An A-1 large full brick Home; two barns and machine shed in good condition. All acreage is high. 30 tillable or desirable for horse track or whatever. A picturesque and sound buy if there ever was one, at \$83,000.00) **LAND BUYER:** We're now offering (a variety of land parcels, 1, 10, 15, or 20 acres you name it! Many already surveyed and perked; with good prices, terms and a variety of locations. Large land sites available from \$650 per acre, and up.)

Champion Mustangs Top All-Star Quintet

Continued from Page 1-B

Flint Suburban Conference, to a 13-7 season's record. Sweeten's best single-game effort was a 30-point performance late in the season, which included a 14-for-16 night at the free throw line.

In a game the following week, Sweeten showed his all-round talent by scoring 15 points, grabbing 17 rebounds and blocking seven shots.

"Ernie was who we went to in a pinch," Hartland Coach Jerry Doerr said. "I don't know of many guys who can stop him one-on-one. He's at least going to get a foul and he's a very good shooter."

SCOTT LEU, Northville's 6-1 "quarterback" guard, was one of the keys to his team's success, according to Mustang Coach Walt Koepke.

The smoothest guard in the area, Leu averaged 14 points a game to lead the Mustangs in scoring.

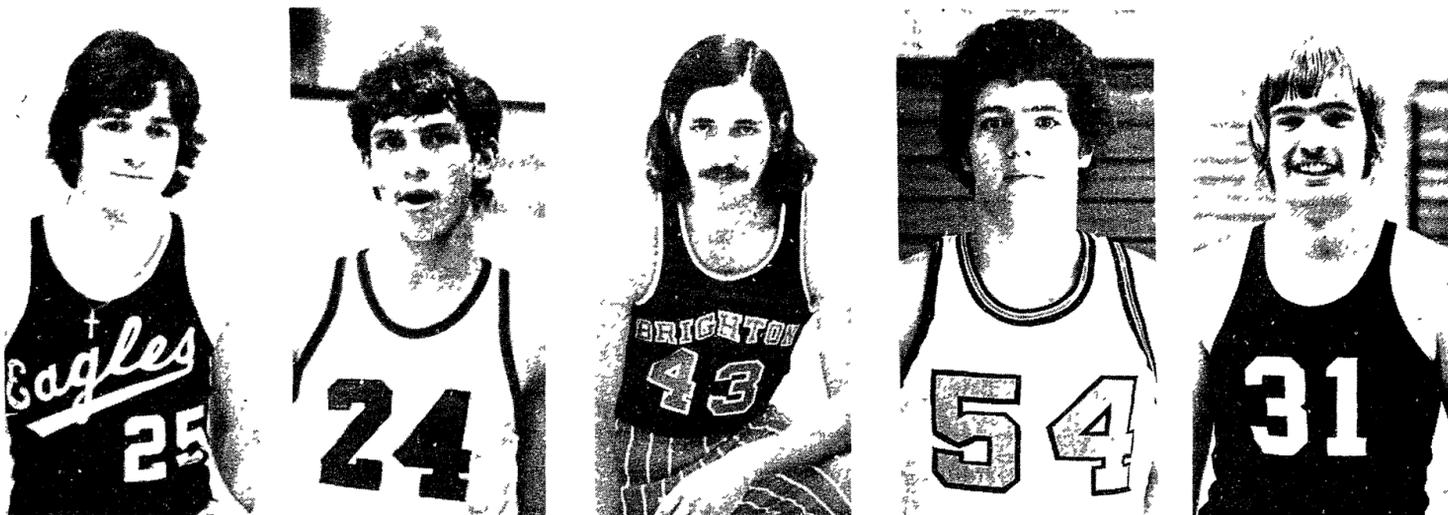

Getting points wasn't necessarily Leu's major strength, however.

An extremely steady player, the sparkling guard handed out assists and keyed the Northville offense with his penetration and heady play.

"Scott is a good, strong defensive player, too, and is exceptionally quick," Koepke noted.

Leu came through in the clutch for the Mustangs. It was his 30-foot jumper in the last second which enabled Northville to beat Waterford Mott, and it was his two free throws in the last 10 seconds which gave the Mustangs a win over Livonia Churchill.

Here's Our All-Star Second String Selections

MARK DAULT - Hartland

MIKE GRAMER - Pinckney

SCOTT BANDKAU - Brighton

DOUG CRISAN - Northville

ED HOCK - South Lyon

TOM EIS, the 6-4 senior center of the Mustangs, was another key to Northville's attack.

The second-leading Mustang scorer, with a 13.7 per-game average, Eis was also Northville's leading rebounder, with an average of 11 per contest.

A strong player with a good eye around the basket, Eis was also tough on defense.

The first time Northville played Waterford Mott, Waterford Center Mark Gisse, a 6-6 pivot, scored 29 points but eventually fouled out against Eis.

The second time the two teams met, Eis limited Gisse to only six points.

MIKE CAMPBELL, a six-foot guard-forward, is the other Northville Mustang on the first team All-Area.

An excellent shooter with good quickness, Campbell averaged 12 points a game while alternating between the backcourt and frontcourt, depending on the strategy of the moment.

Called the "garbage man" by Coach Koepke, Campbell had a knack for being in the right place at the right time to score. He started the season with a 16-point performance in just three quarters against South Lyon.

SECOND TEAM

MARK DAULT, a 5-11 senior forward for the Hartland High School Eagles, was one of the most consistent players in the area.

Averaging over 16 points per game, Dault failed to make double figures on only two occasions all year. While hitting the nets from inside and out, he was also a team leader who played nearly every minute of every game.

"He was our floor leader," Coach Doerr said. "The other kids looked to him. And besides scoring, he averaged about seven assists a game and usually got about six or seven steals each game."

ED HOCK, South Lyon's six-foot senior center, was the picture of hustle.

An extremely aggressive player, Hock scrapped away for his points and led the Lions by averaging 12 a game.

Eventually named to the second-team All-Southeastern Conference, Hock showed his all-out hustle by outplaying 6-5 All-SEC Center Dan Scotton of Saline, both times the teams met.

MIKE GRAMER was Pinckney's "Mister Outside" to complement Latimer inside.

A 5-10 senior, Gramer is exceptionally quick and it was this quickness which enabled him to average over 14 points per game.

"Mike is our leader in assists, with 73, and he's also our best free throw shooter, with 73 per cent," Coach Lincoln said. "He's a big factor in our press and our fast break."

SCOTT BANDKAU, though not a starter for Brighton at the beginning of the season, turned out to be the Bulldogs' most consistent player.

Gifted with surprising leaping ability, the 5-11 senior averaged 13 points and eight rebounds a game for the Bulldogs before sustaining an injury with two games left in the regular season.

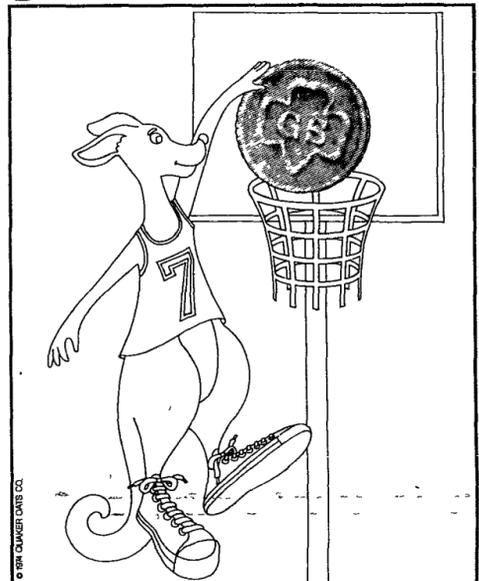

Bandkau's best effort of the year came the first time Brighton played South Lyon. He scored 26 points in that game to lead the Bulldogs to victory, and was named to the second team All-SEC.

DOUG CRISAN, a 6-3 senior forward, was the "power forward" for the Northville Mustangs.

A burly and aggressive rebounder who was also the All-Area Football Team's fullback, Crisan averaged 11 points per game for Koepke's cagers.

Crisan's best scoring performance came against Walled Lake Western, when he dropped in 23 points to key a Mustang victory.

Business Briefs

A Column About People, Places 'n Things

BRIGITTA AND JIMMY LAUNCE—she a German born professional model, he the witty WJR radio afternoon disc jockey — welcome everyone to "their home," as part of the 1975 Award Winning Idea Home program. The Launce's home is the Carleton at Lexington Condo Homes, just west of Taft Road at Eight Mile in Northville, a three bedroom, 2½ bath condominium. Partners Thompson-Brown and Nosan Building Corp. patterned this Carleton after the tastes and likes of Brigitta and Jimmy, especially the gourmet kitchen featuring built-in appliance center and maximum use of Rubbermaid space savers plus under-the-cabinet fruit ripening (or plant growing) lights. The first floor laundry is a sewing room, gift-wrap and-or plant-potting room. A main level closet has been converted into a luxurious walk-in bar with dry sink, liquor cabinet, and wine rack. The Carleton and other condo homes are open daily 1 p.m. to 8 p.m., Saturday noon to 5 p.m., Sunday noon to 7 p.m. All models are closed on Thursdays. The Carleton is priced from \$50,400.

W. THOMAS MUNSELL of Northville has been named the Young Engineer of the Year by the Detroit chapter of the Michigan Society of Professional Engineers.

A structural engineer of the Masonry Institute of Michigan, Munsell serves as secretary of the Detroit Chapter, M.S.P.E., and as secretary of the chapter's Community Action Program which provides technical assistance, for example, to Mother Waddles Perpetual Mission in Detroit.

The Northville man is a civil engineer with a B.S. degree from the University of Missouri.

He is a member of the National Society of Professional Engineers, the American Society of Civil Engineers, the Construction Specifications Institute, the American Concrete Institute and the Engineering Society of Detroit.

He also serves on the national code committees for the American Concrete Institute and the American National Standards Institute.

The holder of the "Young Engineer of the Year" award lives at 41550 Rayburn.

Munsell, who is to be officially honored today in Detroit, was introduced Monday at a Detroit Press Club news conference by John Banicki, president of the Detroit chapter.

At the same time Banicki announced that "Engineering...Exploring New Energy Frontiers." has been selected as the theme for the 1975 National Engineers Week, February 16-22.

The theme, he said, is based on the fact that "engineers are aware that the energy crisis in the United States could disrupt and change the American way of life more than any other ongoing domestic problem confronting the nation today."

He said further that, "Even with conservation, by the year 2,000, the U.S. will probably require three times as much energy as it does today, and that America's future supply in this century will have to come from new technology."

DANIEL H. BERGSTROM, Northville resident, has been elected a director of the American Society of Body Engineers for 1975.

Bergstrom currently holds the position of manager, body and structure applications, at the Ford Motor Company and is a graduate of the Michigan Technological University with a bachelor of science degree in mechanical engineering.

He started his career in body engineering at the Fisher Body Division of General Motors Corporation and moved to the Ford Motor Company in 1955. His work at Ford has been as a body designer, project development engineer, reliability engineer, principal design engineer, supervisor of advance body, and recently assumed his present position.

Bergstrom has served the American Society of Body Engineers on the educational committee in 1963 through 1966, being chairman of the committee in

DANIEL BERGSTROM

1965; the publications committee in 1965; secretary and house chairman of the 1967 technical convention, assistant secretary for the society in 1968, the company representatives and the membership committee. He is also a member of the Engineering Society of Detroit and the Society of Automotive Engineers.

"MAIN STREET MERCHANT," a motion picture which chronicles the growth of Gambles, will be shown to the South Lyon Kiwanis Club on Monday, March 10.

The highly diversified, Minneapolis-based merchandising company has produced the 35-minute motion picture to answer the question "what is Gambles." The film plays an important part in the company's 50th anniversary program throughout 1975 and portrays the life story of the company's founder, Bertin C. Gamble, from his boyhood in Hunter and Arthur, North Dakota, to his present position as Board Chairman and Chief Executive Officer of Gamble-Skogmo, Inc., one of the nation's largest merchandising companies.

The film also records the 50 years of growth of the company since its start on March 11, 1925, when the Gamble Auto Supply Company was opened in St. Cloud, Minnesota. Today, with annual sales of approximately 1.5 billion, Gambles' merchandising divisions service 3,255 retail outlets in 34 states and all the Canadian provinces.

The film dramatically shows the American free enterprise system at work.

BENJAMIN H. PADDOCK, III, president of City National Bank of Detroit, has announced the promotion of Andrew McIntyre to assistant vice president in the Branch Division.

McIntyre joined CNB in 1968 as a branch manager with overall responsibility for the operations and personnel of his branch office. Prior to joining the bank McIntyre spent several years with another Detroit-based bank. He holds the Standard Certificate of the American Institute of Banking. He is a member of that organization and is also a member of the Dearborn Heights Chamber of Commerce.

McIntyre currently manages the City National Branch office at Ann Arbor Trail and Evergreen in Dearborn Heights.

He and his wife Vonda Lee reside in the city of Novi.

ANDREW MCINTYRE

MICHIGAN SEAMLESS TUBE experienced its second best first quarter in history during the first quarter ending January 31, 1975.

MST President Carl E. Pfeiffer announced net earnings of \$1.281 million on net sales of \$25.73 million for the three months ending January 31.

The net sales of \$25.73 million exceeded the record first quarter sales of \$1.281 million in 1974, but the first quarter earnings of \$1.281 million were less than last year's record \$1.464 million. Pfeiffer credited the decline to the strike which idled the South Lyon plant for the first two months of the quarter.

In separate action at the annual meeting of MST shareholders in Detroit, the directors declared a regularly quarterly dividend of 30 cents per share payable May 26 to shareholders of record on April 25, 1975.

MST shareholders approved an amendment to the Certificate of Incorporation to increase the number of authorized shares of common stock to 5 million shares.

BONNIE HARBAGE of Beverly Hills has become a full partner with Mim Gorman of Birmingham in the Et Cetera Shop in the Northville Square downtown mall, it was announced this past week.

The shop originally was owned and operated by Ms. Gorman and Dean Shuttlesworth. Ms. Shuttlesworth, however, has since given up her share of the business and moved to Florida.

Under the new partnership, no changes in the business are planned. The shop will continue to feature a wide range of household goods, decorations and gifts.

NORTHVILLE now has its own electrologists, the practice of removing unwanted hair safely and permanently by the latest short wave technique. Regular weekday hours will be maintained by two registered electrologists.

Owner and operator Brenda L. Boyd, is a lifetime resident of Northville. She is a graduate of Northville High School, attended Schoolcraft College and graduated from Alexandra Beauty College where she attended school for electrolysis. She has been

employed at Northville Pharmacy for the past three years.

Operator Diane J. Stabenau, is also a long-time resident of Northville. She is a graduate of Northville High School, attends Schoolcraft College where she will graduate in April with an Associate Degree of Science. She graduated from Alexandra Beauty College where she attended school for electrolysis.

Both are registered and licensed by the state of Michigan and are practicing in the Northville Professional Center, located at 424 North Center.

Subscription Contest Winners

Five Carriers Off to Florida

Five young carriers who deliver Sliger Home Newspapers weekly will take off Monday for sunny Florida.

They're the major winners in the six-week subscription contest conducted in Northville, Novi, South Lyon and Brighton. Their prize is a three-day, two-night visit to Disney World, Sea World and Cypress Gardens.

Nearly 100 of the 150 independent carriers who deliver Sliger Home Newspapers participated in the campaign for new subscribers.

To be eligible for the top prize a carrier had to sell at least 80 new subscriptions. Youngsters who did this were: Charla Huff, Northville; Steve Crossman, Brighton; Todd and Chris Curvin, South Lyon and Novi. Chris Lyngso of Hartland qualified for the trip by the luck of the draw. One name was selected at large from the field of all carriers who had sold at least five new subscriptions.

Circulation Manager John Kaake announced that 1,185 new subscriptions were sold to The Northville Record-Nowi News, South Lyon Herald and Brighton Argus.

Carriers who did not win the top prize were awarded other prizes such as bicycles, radios, sporting goods, etc., depending upon their sales.

The carrier-salesmen and their chaperons will leave by Eastern Air Lines Monday morning for Orlando. They will return Wednesday evening.

Manager Kaake said he was pleased with the results of the contest which concentrated

its attention on gaining new paid subscribers within the trading areas of the communities served by Sliger Home Newspapers. Kaake said that new sales were highest in Novi followed by Brighton, Northville and South Lyon.

FLORIDA BOUND—These five carriers are the winners of Sliger Home Newspapers circulation contest that resulted in 1,185 new paid subscribers to The Northville Record-Nowi News, South Lyon Herald and Brighton Argus weekly newspapers. Along with Mary Roctol, Brighton agent for The Argus, and Circulation Manager Jack Kaake (back row) they'll be leaving Monday for Disney World in Orlando. Pictured (l. to r.) are: Chris and Todd Curvin, Charla Huff, Steve Crossman and Chris Lyngso.

Faces Salem Tonight

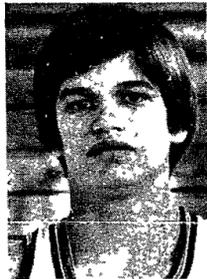

Northville Rips Southfield at District

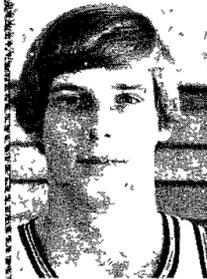

Leu, Eis Named To League Squad

The Western Six champion Northville squad found itself dominating the all conference team as coaches chose Scott Leu and Tom Eis to the first team while Doug Crisan was named to the second team this week-end.

While Northville dominated

SCOTT LEU

TOM EIS

the first team, Waterford Mott's Mark Gisse, Farmington Harrison's Bob Mason and Walled Lake Western's John Gabriel rounded out the squad.

Besides Northville's Doug Crisan, Churchill placed forwards Matt Foster and Jay Nelson on the second team while Western's Bill Romberg and Canton's Dave Edwards also were chosen.

Northville's Mike Campbell and John Boland were given honorable mention.

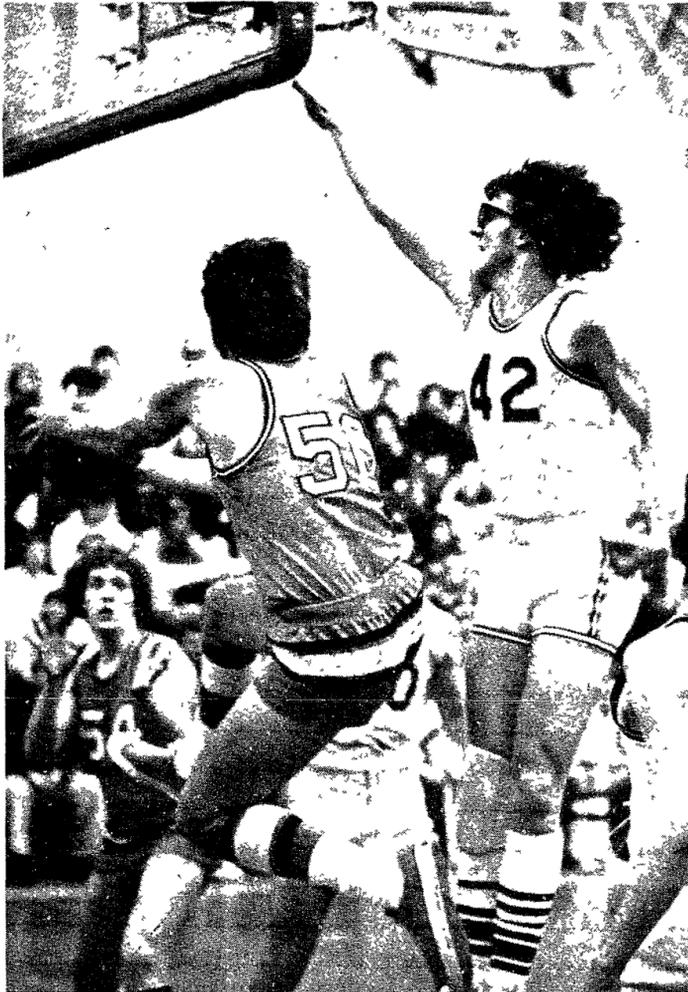

The honors for Scott Leu and Tom Eis are the second this week as both players were also named, along with Mike Campbell, to the Sliger all-area first team (see story page one, section B). Doug

Crisan was named to the second team.

Leu was the top vote getter, receiving 46 of a possible 50 points from the opposing coaches.

Northville coach Walt Koepeke appeared happy with the selections. "We were happy to put five boys somewhere in the selections, but we were disappointed that Mike Campbell was not named to the first team. He was one of our steadiest players."

Guard Scott Leu was the leading Northville scorer averaging 14 points a game. Tom Eis was second averaging 12 points while Doug Crisan put in 11 points a game.

IT'S TOUGH GOING—Mustang John Boland goes high but still finds his way blocked during last week's victory over Farmington Harrison. After defeating Southfield Monday, Northville finds itself in a clash with Plymouth Salem tonight at 7 p.m. in the semi-finals of the district tournament at Southfield.

Northville will go up against Plymouth Salem tonight as the result of knocking off host Southfield in the first round of the district tournament Monday 61-52.

Northville was expecting little real trouble from Southfield but found its hands full as Southfield was aiming for an upset on the Western Six King, which the week before had rounded out a 19-1 season by defeating Farmington Harrison, 52-44 to avenge its only loss.

The Mustangs had their troubles with a Southfield sophomore Bill Phillips who Northville coach Walt Koepeke credited as one of the best sophomores in the state. Phillips was especially effective in the first half — when Northville had most of its troubles.

Though Northville came out strong and jumped off to a 13-10 lead, the Southfield combination of hot shooting and good defense helped the host team outscore the Mustangs 20-8 in the second quarter to take a 30-21 halftime lead.

In fact, in the third quarter Northville fell behind by 13 points before starting a comeback that saw the Mustangs outscore Southfield 14-11 in the third quarter to narrow the edge to 41-35 at the third quarter mark. The fourth quarter wrapped up the contest for Northville as Doug Crisan and co-captain Scott Leu were red-hot with each shoving through nine points as Northville overpowered Southfield in the final stanza to the tune of a 26-13 edge to win the game.

Balanced scoring helped out the Mustang cause as five men jumped into the double figure column. Scott Leu's 16 points was tops while center Tom Eis shoved through 13. Doug Crisan added 12 points while Mike Campbell and Al Benedict 10.

Koepeke credited Eis for his effort against Phillips. "He really did a job on him," said the coach. Overall the Mustangs shot 65 per cent from the freethrow line hitting 13 of 19 and 50 per cent from the floor.

"We had a real bad second quarter," said Koepeke after the victory. "We started man-to-man, then went to a zone. We just were not doing well on the boards."

The turning point, he said, was the full court man-to-man press which Northville threw at Southfield in the second half.

The victory places Northville into the semifinals of the tournament against Plymouth Salem tonight (Wednesday), at 7 p.m. The game is do or die for both teams and the Mustangs have to face a Salem team with three frontline players ranging in height from 6-6 to 6-9½.

"With all that size, I hope Doug Crisan with his bad back is able to play," said the Mustang Coach. "We'll have to shoot well, rebound well — we'll have to do a lot of things right."

Salem, which had a bye in the first round of the tourney, only has two losses during the season and was rated second in the metro west by the Detroit News. Northville was rated third.

The finals of the tournament will be at 7 p.m. Saturday.

Last Friday, Farmington Harrison found out there was just no holding the Mustangs down.

Earlier in the season upset by the Hawks, 56-54, the Northville five was eager to avenge its lone loss of the season and the Mustangs weren't taking any chances as they accumulated as much as a twelve point lead before beating Harrison 52-44.

Begins District Play Thursday

Novi Snares South Lyon In Final Game Victory

One sure way to pump some cheer into a losing season is to wrap things up with a winning finale.

And that's just what Novi did Friday night at South Lyon where the Lions, anxious to avenge an earlier defeat in the season, were bent on knocking off Coach Ron Flutur's quintet.

A transfer student, Kevin Baize, was billed as the young man who would personally carve up the Wildcats in

tuning up for the upcoming tournament. Baize was impressive, but the Wildcats were more impressive.

"They really played a good game," enthused Flutur about his team's 76-63 victory following a long string of defeats in the Southeastern Conference.

"I'm convinced we have the guys to do the job if only they keep playing together as they did Friday. If they do that we're going to be tough in the

tournament," he said.

Novi, which drew a first round bye, is scheduled to take on the winner of the South Lyon-Dexter game at 7 p.m. Thursday at South Lyon.

Passing in Friday's contest by the local players was perhaps the best exhibited all season. Under the basket and outside they passed well, and "they moved like they meant business."

A clue that the Novi cagers were playing for each other

came when Don Durocher, a substitute who wanted to play, volunteered to sit on the bench so Bill Barr could remain in the game and eclipse his best scoring output of his prep career. That's why the senior was still in the game in the fourth quarter when second stringers had taken over the other positions on both teams.

Barr flipped in 23 points to break his personal record.

He had seven for 13 or 53.8 percent from the floor, nine for 10 at the free throw line for 90 percent. In addition, he picked up 15 rebounds and four steals — five on offense and 10 on defense.

Barr's rebounding in the last half of the season was outstanding, sharply contrasting with a mediocre first half season performance.

Scott Parsons, who will be among Flutur's key starters when the Wildcats begin their 1975-76 season, played an exceptionally fine game. He was Novi's second highest scorer with 15 points.

Pat McAllen, another senior playing his last regular season game, flipped in 14 points and accounted for 13 rebounds. His passing was outstanding. And Bob Bannatz played one of his best games of the season, picking up 10 points and nine rebounds. Bill Giorgio shot 60 percent from the floor in picking up 12 points. He was credited with three steals.

The Wildcats started slow but still managed to hold a tie at the intermission. In the second half, however, after letting the Lions pull into the lead, Novi came up with a couple of defensive adjustments and then recaptured the lead they had held at the end of the first quarter.

Novi Volleyball Is Winner In New 'Experiment'

"It was an experiment, at least for me, and I'm proud of the way these girls performed."

"That's the way Chris Hayward summed up Novi's first season of volleyball competition in the Southeastern Conference. The varsity six finished with a 6-4 mark for the season, while the Jayvee squad was 3-4 for the season.

"That's not bad considering," said the coach, who praised the varsity squad for its showing in the last week of play. "The Wildcats kicked things off with a victory over Farmington Hills Christian last Wednesday and followed that up with a thrilling three game victory over Hartland Friday.

"In the SEC tourney at Ypsilanti Lincoln Saturday, the Novi varsity club defeated the host team in two straight games before losing to

Brighton in two games.

Combined with the league results during the season, the showing Saturday gave the Wildcats a third place finish behind first place Brighton and second place Saline.

Last Wednesday's victory was close as the Wildcats won the opener 15-7 and then battled a stubborn opponent in posting a 19-17 victory in the nightcap.

The junior varsity club also defeated Farmington Hills in two games, 15-9 and 15-0.

The junior Wildcats lost their end of the competition with Hartland in two games, 15-5 and 15-6.

In their half of that competition, the varsity six started slow losing the opener, 15-4. Novi bounced back in the second round to win 15-7 and then polished off Hartland in an ulcer producer, 18-16.

"It was a thrilling contest," said the coach. "Hartland

beat us so badly in the first game their coach put in the reserves in the second round and we won. She wasn't taking any chances in the final game so she put her first string back in."

The finale was close all the way but Novi came up with the game-winning points. Dawn Spero served up 10 of them.

At Ypsilanti Saturday Novi defeated Lincoln handily, 15-6 and 15-1, and then fell to the eventual SEC champion, Brighton, in two straight games, 15-8 and 15-13.

JIM SACKLACH, 148 pound Mustang, was the only local matman to qualify for the regional tournament Saturday at Trenton.

Sacklach, who finished third in his weight class pinned his first opponent in 34 seconds and won a second match on an 8-4 decision. He raised his record to 16-4 for the season.

INTERVIEWING of the top nine candidates for the recreation director's job has begun, it was reported at last week's meeting of the Northville Recreation Commission. A total of 52 applications for the full time position were received. Commission members, which now include the newest member, Marcella J. Colling, learned that high school students are to start a busing service for senior citizens soon.

FIVE NOVI wrestlers were medal winners in last week's two-day ninth grade tournament at Pontiac Northern which drew 300 wrestlers from 39 schools. They were: Tony McCarty, first; Randy Weaver and Kevin Mills, third; and Tom White and Steve Weber, fourth.

CHRIS CAUDELL, whirlwind 11-year-old Novi runner, ran his best time ever in the mile over the weekend with a 5:12.9 to take that event at the AFL-CIO AAU track meet at Cobo Hall.

Chris, a fifth grader at Orchard Hills, was just a few seconds off the national record. Last year, he won the mile event with a time of 5:38.6. Chris also won the 1000 yard event and anchored a relay team that set a meet record in the mile. This year he only ran one event.

THE MUSTANG JV'S claimed a share of the Western Six basketball championship with Livonia Churchill, bumping Farmington Harrison 59-51 last Friday.

Center Dan Duey played his best ballgame of the year putting in 13 points and grabbing 10 rebounds. Tony Armada had his usual good game scoring 17 points and hauling down 14 rebounds. Freshman Peter Wright, brought up for Mike Graham who was injured earlier in the week, scored 14 points.

Earlier in the week the JV's lost in the final four seconds to Milford 55-53. Tony Armada scored 25 points. The games leave Northville 9-11 overall and 7-3 in league contests.

IN NORTHVILLE RECREATION Department basketball action, the Mohawks trimmed the Raiders 28-8, the Pistons bombed the 76'ers 50-18, the Trotters trampled the Mustangs 34-6 and the Celtics edged the Cougars 26-19. The Sonics also beat the Hawks 16-9, the Lakers slammed the Bullets 22-4 and the Royals blasted the Knicks 33-7.

NORTHVILLE'S GYMNASTS came up on the low end of two meets last week barely losing to Farmington Harrison 97-95 and Riverside 110.05-109.15.

Against Harrison, the tumbling and trampoline events were where the Mustangs lost out. Lori Plumly claimed first in vaulting and Nancy Rider third. On the uneven bars, Jill Ransier came in second while on the beam, Sheila Fasang tied for first and Ester Fountain second. Natalie Folino took third. Sheila Fasang grabbed first on the floor, Marianne Neff second. Natalie Folino finished third in tumbling and Jill Ransier took first on Trampoline.

Against Riverside, Sue Benedict, Jill Ransier and Nancy Rider took the first three spots while on the floor, Marianne Neff was second and Sheila Fasang third. Natalie Folino was second on the beam. In vaulting, Lori Plumly finished second and Jill Ransier third. Miss Ransier finished first in the trampoline while Miss Neff was third in tumbling.

NOVI LITTLE leaguers can still sign up for summer baseball by contacting Chuck Pickeral at FI 9-0729 or Pat Alexander at 476-5121.

Best Bet's Phoenix Lake

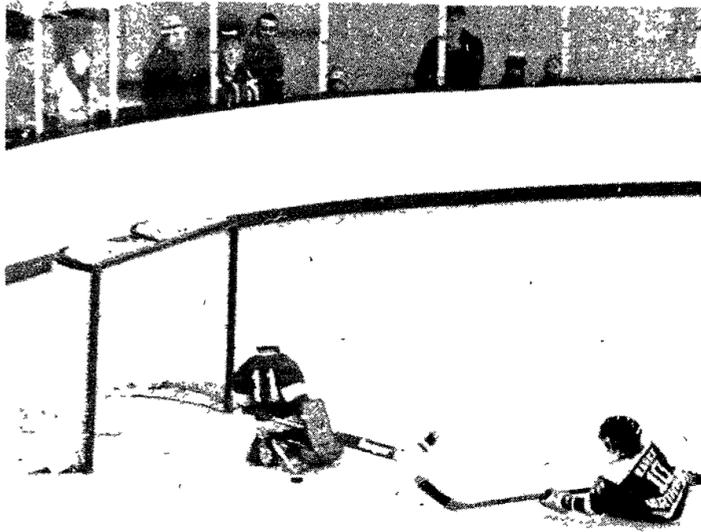

Fishing on island lakes has been spotty, with fair to good for bluegill and crappie reported on Duck, Heron, Tipsico, White, Wolverine, Valley and Wildwood Lakes in Oakland County, reports Ralph Hay of Northville, fisheries biologist for the district DNR headquarters in Pontiac.

The most common bait used for panfish has been waxworms.

In Wayne County the best bet for fishing is Phoenix Lake, located at the edge of Northville Township at Five Mile and Northville Roads.

Perch fishing on inland lakes is best in Tipsico and White Lakes, Oakland County. In Lake St. Clair perch fishing has been good off Selfridge Air Base and fair to good at Fair Haven and Harsen's Island.

Pike fishing on inland lakes has been best in Pontiac and White Lakes, Oakland County.

LEADS BRAYS—Brian Wanke, Brays Bruin defenseman, scores the lone goal of the contest in a 1-0 defeat of Wayne. The mite house team Bruins of the Northville Hockey Association, has an 18-1-1 record with five league games remaining.

Brays' Remains Red-Hot

Brays Bruins continued its winning ways in Northville hockey picking up three wins.

The Brays team bumped the G.C. Rangers 4-0 with John Storm scoring two goals and Brian Patterson and Mike Demeter coming up with a single tally and assist each. Scott Swienkowski was credited with two assists.

Brays Bruins beat G.C. No. 4 2-1 February 16. Harold York scored both goals. The Bruins also trimmed Wayne 1-0. Brian Wanke scored on a breakaway while Bruin goalie

Jeff Temple stopped a Wayne breakaway in the last three seconds to capture the shutout, his 12th of the season. The mite house team Bruins now lead the league with a record of 18-1-1.

The Hamlet Food Mart Pee Wee team coached by Bob Kucher, wrapped up the Plymouth-Northville House league championship with two wins during the past week.

Hamlet defeated second place Plymouth ACTS Computing 5-3 and third place Northville Haggerty Lumber

4-0 to claim the championship. The two wins gave Hamlet a 15-0-2 record with the second place team trailing at 9-5-3.

In the ACT's game, Hamlet scored two quick first period goals from David Ward who was assisted by Gary Yoder and Rick Wisniewski. ACTS scored a late goal in the first period by Rick Wisniewski and Gary Kucher added goals in the second period to take a 4-1 lead into the final period. David Ward added a goal in the third period to insure the Hamlet victory and to give him a three goal hat trick for the game.

Goalie Kurt Wolf picked up his twelfth shutout of the season and his fifth in league play as he paced his team to a 4-0 win over Haggerty Lumber.

After a scoreless first period, Hamlet's Gary Yoder scored two goals in the second period. The first was unassisted while killing a penalty and the second on assists from Wisniewski and Mike Pohlod. In the third period, Kucher scored on a pass from Mike Shingler while David Ward finished the scoring on a pass from Gary Yoder.

In a non-league game, Jim Wilson's two goals and Gary Yoder's single goal game Hamlet a 3-0 win over Southfield. The three wins raised Hamlet's season record to 30-7-2.

The Earl Keim Realty Squirts picked up a pair of wins over the weekend, topping Romulus 3-0 and the Plymouth Blackhawks 5-2. In the Romulus game, a three goal hat trick by Kevin Henderson and shutout goaltending by Mike Wiest was the difference. Mike Norton and Todd Thomas got credit for assists.

In the decisive 5-2 win over the Blackhawks, scoring honors were shared by Henderson with two goals and Joe Renault, Dave Pohlod and Charles Meredith with one goal apiece. Northville assists in the Plymouth game went to Henderson, Renault, Thomas, Meredith, and Pohlod.

Northville Botanical Products raised its record to 12-5-3 with a 3-1 victory over Garden City. Rick Matley, Bill Morden and Eric Purcell shined through the goals. Steele was credited with an assist.

Perkins Engines came through with a 2-1 win over Farmington as Steve Creedon and Bruce Meinger both scored goals. Bob Pegrum was given two assists and Ken Winemaster one.

BREAK RECORD—Northville's Russ Gans (left) and David MacDonald are shown with Bulldog Aquatic Club coach Keith Wright following the Central State Championships in Cincinnati last week. David swam on a Bulldog foursome that established a new national record in the 200-yard medley relay for the 11-12 year age group. Russ and David also broke the Michigan mark in the 200-yard freestyle relay. Both boys were on the Bulldog relay team that holds the Michigan Record in the 400 medley relay. The Bulldogs', 11-12 year teams have broken all of the state marks in their age groups during the past month and a half.

Tankers Prepare For League Meet

Northville's tankers tuned up for the league meet with a pair of victories beating Walled Lake Western 133-39 and Livonia Bentley 63-20.

For the Mustang squad, which goes into this week's league meet with a 15-2 record, the victories were not much of a challenge. Northville claimed all except for one first place in both meets.

Against Western, double winners for Northville were Mark Chaffin in the 200 medley relay and 100 freestyle.

Swayze in the 200 medley relay and 100 backstroke, Sullivan in the 200 medley relay and 100 breaststroke, Ed Erdos in the 400 freestyle relay and the 200 individual medley, and Steve Lockett in the 400 freestyle relay and the 200 freestyle.

Against Bentley, double winners were Kramer in the 200 individual medley and 100 breaststroke, Jeff Guider in the 400 freestyle relay and 100 freestyle relay, Lockett in the 400 freestyle relay and the 50 freestyle.

But coach Ben Lauber is ready to forget the dual meet season. With only two losses, the team is aiming for revenge as they concentrate on Harrison, the administered of both defeats.

"We figure we have a good chance," says Lauber. "The factor in our favor is that you can swim four boys in each event in the league meet. In home meets we could only use two, in away meets three. It's only in the championship meet where we can use four."

"It should be our best meet of the year. We've been talking about depth all year. This meet calls for depth and you can capitalize if you have the depth."

While Lauber admits that his front men are not as strong as Harrison, he still expects to pick up all the marbles.

"Our strongest event will be in the driving," he says. "We hope to get first second and third. Right now, scorewise, we have the top three scorers in diving in the league in Joe Devereaux, Scott Knapp and Mark Owens.

"We also expect to do well in the short and middle distance, freestyle, breaststroke, and individual medley."

"We're expecting Harrison to pick up first place in the 200

freestyle, individual medley, butterfly and breaststroke."

Preliminaries are set for Thursday night at Schoolcraft College while the finals will be Saturday.

Results from last week's meet against Western were:

200 Medley Relay 1 (Swayze/Sullivan, Roggenbuck, Chaffin), N Time 1:49.4, 2 Northville, 1:56.0, 3 Western, 2:03.6
200 Freestyle 1 Lockett, N Time: 2:00.2, 2 Cahill, N, 3 Hackmann, N, 200 Individual Medley 1 Erdos, N Time 2:13.6, 2 Kramer, N, 3 Wright, N
50 Freestyle 1 Musynak, WLW, Time 1:24.2, 2 Roggenbuck, 24.9, 3 Yanoschik, 25.4
Diving 1 Devereaux, N Points: 211.25, 2 Knapp, N, 3 Owens, N
100 Butterfly 1 Greenlee, N Time 59.2, 2 Latifer, N, 3 Weyburne, N

Handwriting Class Planned for March

Did you know that each time you sign your name or write a letter, traits of your personality are showing? Many things can be learned about people from their handwriting.

Now there's an opportunity to not only learn more about yourself, but your family and friends also through a "Handwriting Analysis" class offered by the Canton, Northville, Plymouth YMCA. The class begins March 6 and will be held each Thursday

evening through April 24 from 7:30 until 9:00 p.m. in Plymouth's Middle School East. The instructor will be Lucille McKenney, a Northville resident.

Included in the course will be a detailed analysis of your own handwriting plus instruction on the art of analysing other people's. To register call the YMCA office at 453-2904 in Plymouth. The class fee is \$12.00 for "Y" members and \$18.00 for non-members

BOOSTERS PREPARE—Novi booster's club members John Osborne and Joan McAllister show off the boosters jackets which are being sold by the club for \$15. Latest project of the club is the Saint Patrick's Day Dance set for March 15 at 9 p.m. in the Wixom Union Hall, 28900 Wixom Road. Donation is \$15. For ticket information, call Kay Buck, 474-6293 or Marian Yakel, 349-8856.

For State Wrestling

Three 'Cats Qualify

Three Novi varsity wrestlers qualified for the state regional tournament to be held Saturday at Riverview.

They include Tony McCarty, a freshman who earlier copped a first place in the ninth grade tournament at

Pontiac, Bob Sasena and Al Jones.

McCarty becomes the first freshman from Novi to ever advance to the regional wrestling level.

The Wildcats finished fourth in the district behind New Boston Huron, first, Southgate Aquinas, second, Willow Run, fourth.

Ironically, Novi outperformed the five other Southeastern Conference teams entered in the district involving 20 schools.

"I think it pretty much shows that we blew the league tournament," said

Coach Russ Gardner, remembering that two weeks ago the Wildcats finished fifth in the league tourney behind Dexter, Chelsea, Saline, South Lyon and Milan.

Of the eight SE teams, all were entered in last week's district tourney except Dexter and Chelsea. Thus, three of the five teams that bettered Novi in the league tourney finished beneath the Wildcats in the district.

"It really pleased me," said Gardner. "It means we were a lot stronger club than what the league meet suggested."

In dual meets Novi finished the season with a 12-3 record.

Mustangs Top Southfield

Continued from Page 1-C

The Mustang victory gave the team a regular season record of 19-1 and 9-1 in the league. Northville clinched the Western Six title the week before with a victory over Livonia Churchill. The Mustangs added an 86-46 bombing of lowly Milford last Tuesday.

With the victories, Northville finished its finest season since 1961 when the team lost out in the state semi-finals, finishing the season 20-1.

Though Northville struck first blood against Harrison, the Hawks came back quickly and took over the lead, going in front by as much as five points, 16-11 with 14 seconds remaining in the first period. A two-pointer by Mike Campbell narrowed that score to 16-13 at the end of the initial period.

The Mustangs tied up the game 18-18 with 5:49 remaining in the second period and finally jumped in front 22-20 on a pair of free throws by Doug Crisan. Northville expanded the lead to 26-20 and took a 27-25 edge into the locker room.

The third quarter, Northville took solid control of the game as Tom Eis came on strong showing through six points. The Mustangs cored the first six points to take the lead 33-25. The Western Six champion retained the lead going ahead 41-33 at the buzzer.

Scott Leu's 15 footer early in the fourth quarter gave Northville its biggest edge of the contest 45-33. From there, Northville coasted in for the victory.

Mike Campbell was high man for the Mustangs tossing in 14 points. He was followed closely by Scott Leu with 13 points and Tom Eis with nine.

"I don't know how a team that lost ten games can give us so much trouble," said Coach Walt Koepke after the contest. "They had one of the tougher zones we've had to play against."

Koepke attributed the victory to better conditioning on the part of the Mustangs.

"They hurt us on the backboard in the first quarter," explained the coach. "We got going well against their zone in the third quarter. We were ahead by as much as 12 points at one time. Then they went to a man to man. We should have been moving better against that."

Koepke added that he thought his team had a little

letdown in the second period only hitting four of ten shots. In the third quarter the Mustangs hit on seven of ten shots from the field and in the fourth period, when Northville played deliberate ball, going for the sure shot, the Mustangs hit three of four shots.

Koepke credited Scott Leu and Mike Campbell for their good shooting effort and John Boland, Doug Crisan and Tom Eis for controlling the backboards. Crisan was hampered with a bad back.

Against Milford, Northville had a field day putting four players in double figures while two more scored eight points apiece.

Behind the hot shooting of Scott Leu and Norm Boerger, the Mustangs took complete control of the contest in the first quarter jumping out in front 23-5. Milford was only able to shove through one field goal.

With many of the Northville reserves in during the second period, Milford outscored the Mustangs 22-18. Sixth starter Al Benedict put in nine points for Northville in the second period. The score at the end of the half was 41-27 in favor of Northville.

The third period, Northville's first string was back in and improved upon its first quarter mark outscoring the Redskins 26-6 for a 67-33 edge. Doug Crisan put in eight points during the third stanza.

The reserves came back in for the Mustangs in the final quarter and Bill Shaughnessy came on strong showing through ten points, including four field goals and a pair of freethrows.

Besides Shaughnessy's ten point effort, Scott Leu led the effort with 15 points. Al Benedict added 11, Doug Crisan ten and Tom Eis and Mike Campbell eight points apiece.

Top Athletes of The Week

Wildcats

Scott Parsons, the Lanky cager with the smooth moves under the basket, pumped in 15 points Friday. The six foot junior had five for nine from the floor (55.6 percent), five for eight at the foul line (62.5 percent), five rebounds and one steal. "Offensively, he's outstanding, a real asset, but he's still got to work on his defense and his rebounding," says his coach.

Season high scorer with 58 points, Senior Dawn Spero, the Wildcats' all-around star on the volleyball court, claimed top honors in her team's last week of play. It was her superlative play that kept Novi in the game Friday after the Wildcats took the short end of the first round against Hartland. "She's come up with key plays throughout the season," boasts her coach.

Mustangs

Al Benedict earned the honor of Mustang of the Week for his effort in Monday night's district opener and for his effort throughout the season. Benedict scored 10 points in the district opener. He has been a steady sixth starter for the Mustangs. He is currently leading the team at the freethrow line hitting 84 percent.

Marianne Neff was selected by her coach to be Mustang of the Week for her effort in two gymnastics matches last week. She scored a 7.3 against Riverside on the floor exercise and came in second on the same event against Harrison. Miss Neff has been a consistently high scorer for the Mustang gymnasts throughout the season.

Aids Wayne

Sophomore 158-pounder Dan Dooley, from Northville, helped anchor Wayne State University's sixth place finish in the 12-team Grand Valley State Tournament February 1.

Dooley, a Northville resident who is a product of Detroit Catholic Central's wrestling program, was runner-up at 158 pounds with three decision victories before losing in the finals.

Dooley, at 10-5-0 this season, is one of only two wrestlers on Wayne State's program in double figures.

Form Area Soccer Loop

A new soccer league called the Western Suburban Soccer League has been formed by the communities of Northville, Plymouth, Livonia, and Farmington.

Teams will consist of 16 players with age groups of 10-12 and 13-14 year-olds. Norman Davis, Northville soccer coach, said he is hopeful of having two teams from Northville in each age group. A ten game schedule is planned with the season beginning April 19 and ending June 8.

A fee of \$6 per boy will be charged. Half of the fee will go to the sponsoring Northville Recreation Department for insurance and equipment while the remainder will go to the league for referees and trophies.

Games will be played at Schoolcraft College on Sunday afternoons and will not interfere with the Northville baseball program scheduling.

Registration is set for March 8 at the Scout Building from 9 a.m. to noon. Anyone interested in helping with the program is asked to call Norm Davis at 348-1289 or Dan Swayne at 349-5682.

Banquet Plans Revealed

The Western-Six conference basketball champion Northville Mustangs will be honored at a banquet Wednesday, March 26 at 6:30 p.m. in the high school cafeteria.

Also being honored are members of the junior varsity and varsity cheerleading squads, the freshman and junior varsity basketball teams.

Tickets are \$5 per person and can be purchased in the high school office or at Freydl's on Main Street. All basketball fans are welcome.

NOVI HIGHLIGHTS

By JEANNE CLARKE
624-0173

The Reverend Robert Vaughn, on furlough from his work as a missionary in Africa for 28 years, is spending a few weeks at the Ray Warren residence on Haggerty Road, while in the area obtaining equipment prior to returning to the Central African Republic. He also has been visiting the Lawrence Smith family on Taft Road.

Long time resident Hergott Travis is in the intensive care unit at St. Joseph Hospital in Room 530, Ann Arbor.

Mr. and Mrs. Joe Whyte and family of Napier Road have returned home after attending the Snowmobile Races at Black Lake this past weekend.

Bob Taylor of Detroit was guest of honor at a family birthday dinner held at the Russell Taylor residence on Meadowbrook Road last week.

Jeff Bruehl of Brian College in Dayton, Tennessee visited his fiancée, Darlene Smith, at the home of her parents on Taft Road last weekend.

Robin Fox, formerly of Novi, now living in East Lansing entertained about 12 members of her family at a dinner on Sunday.

Mrs. Winnie Dobek of Twelve Mile Road is recovering from injuries suffered in a car accident occurring in Ann Arbor where she had been visiting her son Jerry at University Hospital.

Mr. and Mrs. Hadley Bachert of Fonda Street have returned from Mason where they were guests of the Redkners and while there they attended a dinner dance at Lansing.

Mr. and Mrs. Lewis Tank of Nien Mile Road are the new great grandparents of Daniel John Gok, son of their grandson and his wife, Dennis and Dorica Gok. He was born February 15 at Providence Hospital in Southfield.

Mr. and Mrs. Brian Matthews of Newcourt have returned home after visiting Mr. Matthew's grandmother who has been very ill in New York.

Mr. and Mrs. Rick

McDonald, who have been residents of Owenton Street, have moved into a new home in Walled Lake. Mr. and Mrs. Bob Isherwood of Maudlin are moving to Farmington this week.

Mrs. Betty Harbin was pleasantly surprised on Sunday when her two daughters Loretta and Jan hosted a family dinner in her honor to celebrate her birthday.

Novi Firemen's Association
A good time was had by the Novi Firemen's Association and their guests last week at the Holiday Inn in Farmington. Each lady attending was presented a corsage as a token of appreciation for all their work on their various activities throughout the year. Awards were given out to Fire Chief Duane Bell, former chief, Fred Loynes, and Assistant Chief Bob Skellenger. Special award was given to Ed McBride, Novi City Fire Marshal as the fireman of the year.

Village Oaks School

On Friday night February 28, the community is invited to attend a basketball game between the fifth grade class and the Village Oaks staff at 7:30 at the high school. Tickets are available from fifth graders at \$1 for adults, 50 cents for children, at the door or by calling 349-3240. This is one of several money making projects the fifth graders have participated in to obtain enough money to attend camp on March 10-14 at the Walled Lake Outdoor Center in Commerce Township. They also have worked on a rummage and bake sale recently and last week they sponsored a family night at Lakeview Roller Rink in Brighton when 275 were present.

Novi School Menu
Monday — Homemade vegetable soup, meat and cheese sandwiches, fruit, cookies and milk.
Tuesday — Italian spaghetti, hot rolls, buttered vegetable, tossed salad, jello and milk.
Wednesday — Hot pork sandwich, mashed potatoes with gravy, buttered vegetable, applesauce cake and milk.
Thursday — Sloppy Jo hamburger, potato chips, buttered vegetable, dessert and milk.
Friday — Creamy macaroni and cheese, tuna or peanut butter sandwich, cole slaw, fruit and milk.

PREPARE FOR CONCERT—Members of the Novi Community Band and the High School Chorus have been preparing for "An Evening of This and That" to be presented February 27 at 7:30 p.m. in the High School Commons. Here, Denise Stipp (left), Ruth Smith, Ray Murphy, and Ken Snew look over some of the music to be played at the concert. Guy Smith will be directing the band and Sue Koryzn the chorus.

Novi Elementary School
Mrs. Smith's fifth grade class is collecting used children's books in preparation for a used book sale with prices ranging from 5 cents to 50 cents. Anyone having paperback or hard cover books that are no longer wanted is asked to place them in the box located in the library. The proceeds will be used to buy new books and audio visual aids for the library.

Village Oaks Pack 239

At the annual Blue and Gold pack meeting, several adults were honored and received the following pins: Jim Russell, four years; Jerry Northnagel, nine years; Marianne Gross, four years; Shirley Thorpe, six years; Vera Johnson, two years; Marcia Bizeau, one year; Jo Wineka, eight years; and Jean Franks, one year. The Arrow of Light Award was presented to Chris Mercier and the Webelo Induction Ceremony was held for Rodney Johnson and Tom Ferguson, who received the Webelos Book and ribbon.

Webelos receiving awards were: Mike Bonventre—three year pin, citizen, engineer, geologist, craftsman, forester, outdoorsman; Dave Russell—three year pin, craftsman, aquanaut, athlete, and sportsman; Keith Bolick—craftsman, athlete, and sportsman; Mark Bolick—sportsman and athlete; Joe Boley—craftsman; Chris Merciere—traveler, sportsman, scholar, naturalist, and forester; Greg Stockemer—three year pin; Scott Gross—three year pin. The den awards will be presented next week.

Novi Senior Citizens
Another successful meeting was held on Tuesday evening by the Senior Citizens group, which is rapidly growing this year. Secretary Hazel Mellon is accepting dues at this time and would like to have this matter taken care of as soon as possible by members. Newcomers to Novi in this age bracket are urged to start attending the meetings to

make new friends and get the latest information regarding special discount prices at Northville Square and for other entertainment activities. The next meeting will be a covered dish luncheon at the Novi United Methodist Church on Ten Mile at 12 noon on March 12. Those attending are asked to bring their own table service.

Parents Without Partners

A board meeting will be held at the home of Mae Kirchengs on March 12 to complete plans for the March and April calendar of events for this group. Plans already have been made to attend the Icecapades on March 16 with reservations to be in by March 11. Anyone wishing more information is asked to contact President Connie Mallett at 349-9346. This event will be on a Sunday at 5 p.m. so children and parents can both attend.

Novi Jaycee Auxiliary
M.I.A. Sunday was noted this past weekend throughout the churches in the Novi area. Special prayers were offered for those still missing in action. This project was sponsored in this area by the auxiliary. Additional information will be available shortly for the annual Bunny Luncheon being held on March 22 at Novi Middle School. Chairmen are Marlene Nielsen and Pam Balagna.

Novi Blood Bank
Citizens in the Novi area are being asked to keep April 18 open — the date when the Red Cross Bloodmobile will be at the Novi Community Building from 2 to 8 p.m. Ray Tobias, chairman, is hoping this early information regarding the date will encourage more cooperation. Last year a disappointing total of 55 people participated from the City of Novi. Of this group, 11 pints were donated by Michigan Tractor, and nine came from Novi Heights Subdivision. "In a city of this size there should be a total of about 320 pints taken," officials emphasized. Presidents and chairmen of organizations may contact Mr. Tobias for pledge cards to be presented at their next meetings by calling 349-5455.

Novi Pin Pointers
Mystery game was won by Barb Brinker with high

bowlers this week being Rita Stockemer 180, Bernice Semke with 181, Barb Pietron with 187, Pat Crupi with 190 and Del Fisher with 191. Standings are as follows:

Ashley and Cox	68	20
Weber Contractors	47 1/2	40 1/2
Number One	46 1/2	41 1/2
Kool Kats	45 1/2	42 1/2
Wood Splitters	45 1/2	42 1/2
Odd Balls	43	45
Novi Drus	42 1/2	45 1/2
Four on the Floor	42 1/2	45 1/2
Banana Splits	36	52
Sweethearts	23	65

Novi Lions Auxiliary

Next meeting of this group will be March 17. It will be held at the Lentz residence on Taft Road. Nomination of officers for the coming year will be discussed, and again, all wives or widows of Lions Club members are urged to attend and become involved in the work this group is doing to support the Lions Club.

Old Orchard Condos
March 11 is the date set for a Tupperware party to be held at the clubhouse at 7:30 p.m. Proceeds of this sale will be used to buy playground

VOICE
A reminder of the meeting on March 4 when Dr. Walter Ambinder will be speaking on "Verbal Child Abuse." Plans will also be made for the Spring Fling to be held on May 30 from 6 to 9 p.m. with Sandy Moss acting as general chairman.

Cub Scout Pack 240 Orchard Hills

Everyone is reminded of the Committee meeting set for March 6 at the home of Gordon Buck at 7:30 p.m.

The Annual Blue and Gold Banquet was held last week with the following boys becoming Bobcats—Robert Hartson, Mark Olson and Mike Sheeham. The following boys have achieved the Webelo rank—Tom Truscott, Scott Badarach, Keith Brockman, Eric Sutherland, John Lane, Mike Dennis, Richard Discher and Bruce

Folsome. The Arrow of Light was presented to the following: David Heinz, John Pilch, Peter De Bruie, William Walker and Marc Brinker. Additional awards will follow next week.

Novi Rebekah Lodge

Hostess Doris Darling will serve a luncheon including Sloppy Joes following the regular lodge and initiation on Thursday, February 27 when three new members will be initiated. One from the Clyde Lodge also will be present. Drill Practice is set for Tuesday March 4 at 7:30 p.m. at the Lodge Hall. All members are urged to be present. Those who cannot attend should contact the drill captain.

March 13 will be district visitation at the Novi Lodge. At the last meeting plans were made for a "Running Rummage Sale".

The Independent Rebekah Club will start holding meetings again this coming Monday at 10 a.m. to start sewing on rainbonnets. Those coming are asked to remember their sandwich and table service. Jennie Champion will be hostess.

Novi Welcome Wagon

On March 4 the Daytime Bridge will be at 10 a.m. at the home of Bea Liddicot 23900 Lynood. Coming up on March 10 will be a board meeting at 8 p.m. at the home of Nancy Trabin at 22725 Cranbrook Drive. Women's Evening Bridge will be on March 12 at 7:30 p.m. at the home of Fran Augustine 24519 Old Orchard. March 14 is the date set for the ladies daytime activity starting with lunch at the Southwestern Vocational Center. Those wishing to attend may meet at Novi Plaza at 11 a.m. to form car pools. In the afternoon everyone will attend the Farmington Community Center for an arts and crafts display. Contact Barb at 349-9398. Plans are being made for the card party and fashion show by Claire Kelly on March 20 at 7:30. Tickets are available by calling Barb at 349-0269 or Sheryl at 349-5724.

Novi Athletic Booster Club

Wednesday, March 5, is the date set for the next meeting when plans will be completed for the annual dance and money making activity on March 15. Boosters are also involved in a project of selling Booster jackets. Anyone in the community may join this group so make plans now to attend the next meeting.

questions should contact Shirley Brooks. Anyone interested in working at Day camp in a counselor capacity may attend the training session on Wednesday, April 30 or Tuesday, May 6. For more information call Shirley or Ginny Folsom at 349-5713. Girl Scout Week will be celebrated March 9-15. All Scouts attending Church services on March 9 are asked to wear their uniforms.

Novi Co-Op Nursery

Applications are being taken for next fall's program for the three-year-old morning session on Tuesday and Thursday and for the four-year-old sessions, morning or afternoon, Monday, Wednesday or Friday. Call Nona Pickering at 349-5793.

Novi Firemen's Association

A good time was had by the Novi Firemen's Association and their guests Saturday night, and each lady attending received a corsage. Special award was given to Ed McBride as the Fireman of the Year for all his help to the fire department. Others who received gifts were Fire Chief Duane Bell, former chief, Fred Loynes, and Assistant Chief Bob Skellenger.

Youth Assistance Committee

Next meeting will be March 6 at the Holy Cross Episcopal Church from 8 to 10 p.m. There will be a speaker that night and any organization or subdivision who has not yet sent a representative is urged to do so and all areas may be involved in the projects, camp, one to one, etc.

Novi Girl Scouts

All Novi delegates for the Southern Oakland Girl Scout Council are required to attend a delegates meeting at 8 p.m. on March 10 at the home of Dottie Pilo, area chairman. A Council meeting is slated March 25 at 9 a.m. All leaders are reminded of the meeting scheduled for February 27 at 7:30 at the United Methodist Church when the film "Day Camp" will be shown. Day camp in the Novi area will be June 23-24. Anyone having

PARSON to PERSON
Cedric Whitcomb, Pastor
I love America and I'm glad I'm an American. America, however is a prodigal nation.
The prodigal son in Luke 15. was not violent, he looted no stores, he burned no buildings, he didn't lie, cheat or defraud anyone. If he didn't do any of these things, what did he do? HE WASTED HIS SUBSTANCE IN RIOTOUS LIVING. America is guilty of that sin. If we'd suspend that kind of living, we'd make a gigantic contribution to the economic welfare of our own country and to the food problem of the world!
Did you know that according to the Alcohol, Tobacco and Firearms Division of the United States Treasury Department in Washington that in 1973 there were 14,433,957,218 pounds of food grains, juices, concentrates, sugar, syrups, molasses and other raw materials used in the manufacture of booze in the United States? That was enough food commodities to feed 20 million people!
Did you know also that the flow of alcohol in America cost the American economy in excess of 50 billion dollars. The total federal revenue tax from these beverages was \$5.15 billion... a loss of nearly 10 to 1.
It's rather obvious from these figures that if we'd clean up our riotous living in our country we'd make a fantastic contribution to the American economy and the food crisis in our world. It has to start with that individual American who consumes an average of 32.5 gallons of booze per year.

Police Blotter

Arrest Man in Holdup

In Northville

A 35-year-old Detroit man has been charged with the September armed robbery of the Chatham Food Store on North Center Street. Arrested on the charges Thursday was Willie James Saunders. He was arraigned the same day and placed on a \$50,000 bond. Preliminary examination was held Monday in 35th District Court and Saunders was bound over to face the charges in Wayne County Circuit Court next month. According to city police detectives, Saunders was arrested by Oak Park police on a warrant issued by city police. Through investigation following the September hold-up, police issued the warrant and Saunders was arrested on the local warrant after being picked up by Oak Park on another charge. In late September, two men walked into the grocery store shortly before midnight, robbing the cashier's office of \$6,200.

Nicholas James Roy, 22, of Plymouth was bound over to Wayne County Circuit Court Monday to face charges of gross indecency with a female minor and assault with intent to commit gross indecency. Roy was arrested February 15 on the charges by city police. He is being held in Wayne County Jail in lieu of \$10,000 bond.

Drivers of three vehicles were injured in a chain reaction accident early Saturday morning on South Center Street just south of Fairbrook. Treated at St. Mary hospital after the 12:15 a.m. accident were Norma Jean Parsons of Westland, who sustained neck injuries, and Patricia Eckert, a passenger in her car; Lewis Musulin of Garden City, who had shoulder injuries, and two passengers in his vehicle, Peter Satak of Southgate and Rich Rollins of Wayne.

Also injured was the driver of the third vehicle, Dewey Mosely Jr. of Livonia who sustained cuts and bruises. According to police, the Parsons and Musulin vehicles were stopped when Mosley attempted to stop his car but could not. He hit the rear of the Musulin car, pushing it into the Parsons vehicle. Mosely was ticketed for failing to stop in assured clear distance.

Four thefts reported to police during the past week are under investigation. A soft drink machine, valued at \$600 and weighing 700 pounds was stolen from Don's Standard Station on East Main Street sometime late Friday or early Saturday. The machine is white, orange and blue with Faygo lettered on the front. Recording equipment

valued at \$690 was stolen from the music library room at Northville High School over the weekend. Missing are two microphones and two speakers which were located seven feet from the floor. Also stolen over the weekend was a pick-up truck cover removed from a 1975 truck parked at Mach Ford Sales on Seven Mile Road. The cover, with sliding windows, is valued at \$544. And a Leslie man reported to police that his pocket was picked while he was at Northville Downs Thursday. Theft of the wallet, which contained \$317 and various papers, was reported Monday night.

An indecent exposure incident is being investigated by city police. Two persons reported seeing a youth about 13 years old last Wednesday afternoon behind Northville High. They said the youth, who was wearing a blue ski jacket, maroon slacks and a yellow shirt, exposed himself about 4:20 p.m.

Approximately \$1,300 in stereo equipment and records was stolen during a break-in of a home in the 500 block of Langfield last week. Missing from the home is a stereo and \$300 worth of records. According to reports, the theft was discovered about 9 p.m. last Wednesday. Two bedrooms in the home had been rifled but nothing was reported missing from those rooms.

Car equipment valued at nearly \$170 was stolen from a vehicle parked in the lot on Dunlap and Wing last week and more than \$100 in vandalism done to the auto at the same time. Police reports said the theft, which was reported last week Tuesday, had occurred February 15. Missing are four hubcaps. In addition, the passenger's side of the car was scratched from front to rear with some type of sharp object.

Building materials were reported missing from a house under construction in the 16100 area of Winchester Road. The theft, which took place February 14, was reported last week Tuesday. Missing are 12 sheets of plywood, 12 two-by-four's and four rolls of tar paper. Total value of the materials was placed at \$136.

In other activity, township police arrested six persons on 14 warrants during the past week. Four of the arrests stemmed from routine traffic stops, one from a drunken driving charge and the sixth from a larceny arrest. An escapee from Northville State Hospital was apprehended about 11 a.m. Saturday at the corner of Six Mile and Haggerty Road

In Township

Two men have been arraigned on charges of receiving and concealing stolen property and will face examination in 35th District Court Thursday, March 6. The two were arrested last Wednesday morning by township patrolmen Gary Batzloff and Michael Cayley who spotted them in a parking lot on Five Mile Road near Fry.

Arrested at 2 a.m. were Kurt D. Jacoby, 21, of 15711 Marilyn, and Kurt Tracy Williams, 18, of Livonia. Both pled not guilty when arraigned before 35th District Judge Dunbar Davis.

According to township police reports, the two were seen leaving one car and getting into another. Officers said several objects were on the ground between the two vehicles and the two were stopped as they attempted to drive from the area. Further checking revealed 1974 model car left in the lot had been stolen from Northville Forest Apartments. In the front seat of the vehicle in which Jacoby and Williams were found was a tire. Police said other items recovered at the scene included anti-freeze, a brief case, calculator, cameras, film and miscellaneous items. A 1975 pickup truck which had been stripped was recovered by township police Saturday morning at the rear of a vacant house at 44505 Six Mile Road.

The truck, missing both doors, battery, radiator and power steering unit, was found shortly before 8:30 a.m. It had been reported stolen from Livonia at 12:30 a.m. the same day. Tires, valued at \$200, were stolen from a 1974 Thunderbird parked on Windsor Court late Thursday night. Owner of the vehicle discovered by his car jacked up with the rear tires missing about 11 p.m.

Building materials were reported missing from a house under construction in the 16100 area of Winchester Road. The theft, which took place February 14, was reported last week Tuesday. Missing are 12 sheets of plywood, 12 two-by-four's and four rolls of tar paper. Total value of the materials was placed at \$136.

In other activity, township police arrested six persons on 14 warrants during the past week. Four of the arrests stemmed from routine traffic stops, one from a drunken driving charge and the sixth from a larceny arrest. An escapee from Northville State Hospital was apprehended about 11 a.m. Saturday at the corner of Six Mile and Haggerty Road

Arrested at 2 a.m. were Kurt D. Jacoby, 21, of 15711 Marilyn, and Kurt Tracy Williams, 18, of Livonia. Both pled not guilty when arraigned before 35th District Judge Dunbar Davis.

Arrested at 2 a.m. were Kurt D. Jacoby, 21, of 15711 Marilyn, and Kurt Tracy Williams, 18, of Livonia. Both pled not guilty when arraigned before 35th District Judge Dunbar Davis.

Arrested at 2 a.m. were Kurt D. Jacoby, 21, of 15711 Marilyn, and Kurt Tracy Williams, 18, of Livonia. Both pled not guilty when arraigned before 35th District Judge Dunbar Davis.

Arrested at 2 a.m. were Kurt D. Jacoby, 21, of 15711 Marilyn, and Kurt Tracy Williams, 18, of Livonia. Both pled not guilty when arraigned before 35th District Judge Dunbar Davis.

and returned to jail in lieu of \$1,000 cash bond. Exam date was set for March 7.

Two other persons who were in the car, William Cross, 33, of Detroit, and Terri Mann of Detroit were also charged with having open intoxicants in a motor vehicle. Their trial date has been set for February 27.

Marijuana, allegedly found in the car, is still under investigation.

Novi police also arrested Michael Sharkins, 21 of 210 Bernstadt in Novi and Spring Lamont, 17, of Novi February 22 after police were called to the Oakland Hills Memorial cemetery on a call of two people in the snow.

Sharkins was arrested for drunk in public and Lamont with drunk and disorderly. When Sharkins was searched at the police station, marijuana was found in a baggy and police also charged him with possession of marijuana. Sharkins was released on \$200 bond and Lamont on \$50 bond.

Two watches valued at \$80 were taken from a home on Austin in Novi February 20-21. A rear door glass was broken to gain entry.

An automobile parked on Wedgewood Avenue in Beachwalk development was burglarized and a citizens band radio valued at \$200 taken February 23.

A neighbor noticed a person wearing a stocking cap in the car and upon approaching him the suspect escaped on foot into Walled Lake trailer Court. A piece of wire was used to enter the vehicle.

Gerald Garrett, no address given, was arrested February 21 and released on \$174.06 bond after he was picked up by state police in Lyon Township and turned over to Novi Police. He had been wanted on a bench warrant for failure to make the required restitution in a previous accident case.

An eight track tape deck and speakers valued at \$80 were taken from a vehicle February 24 which was in a parking lot at Ship Ahoy Apartments on South Lake Drive.

Three tapes were also taken.

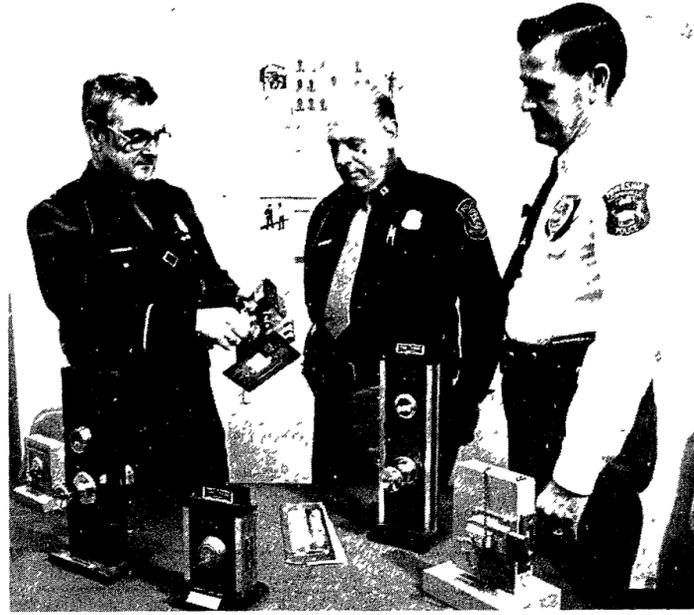

In Wixom

A 55 gallon oil drum valued at \$85 was stolen between February 18 and 21 from the Union 76 gas station at 28055 South Wixom Road. The Union 76 station is open 24 hours a day.

Daniel and Yvonne Kritzer, both 17 of 1708 Wixom Road were injured and taken to West Oakland Ambulatory Care Center February 20.

Kritzer was driving south on Flamingo and hit a parked car in the rear end. No one was injured in the other car. Contributing to the collision was a frosted windshield.

Kritzer received an incapacitating injury while his sister received a non-incapacitating injury.

CRIME PREVENTION—Explaining how the various types of door locks work is Michigan State Police Lieutenant William Tomczyk while City Police Captain Louis Westfall and Township Chief Ronald Nisun look on. The locks are just one of the methods homeowners have of preventing break-ins and a series of crime prevention programs are available through the local police department.

Charge Seven Juveniles Here

Seven juveniles were charged with offenses by Northville City Police during the month of January, one less than in January of 1974. Of those involved in cases during the first month of this year, four were referred to juvenile court and three of the offenses were handled within the local department. Cases involving juveniles this year included shoplifting, three; traffic offenses, two; assault and battery, one; and runaways, one. Those involved were boys aged 15 and 16.

Seek Applicants

Applications are now being taken by the Northville Township Police Department for the proposed expansion of the department. According to Chief Ronald Nisun, applications for full-time patrolmen and full-time and part-time dispatchers may be obtained in person at the township police department. Forms should be picked up between 9 a.m. and 5 p.m. weekdays.

Launch Crime Prevention Series

Recognizing that crime is a community problem as well as a police problem, the Department of Michigan State Police has instituted a state-wide program aimed at educating citizens in their crime prevention responsibilities. According to Trooper Michael Garrison, who is coordinating the programs for the Northville area, "This involves identifying the types of crime that the community is experiencing and combating crime through citizen involvement." The involvement of citizens centers around residents following a plan of action which is open to them, minimizing the possibility that they will be the victim of crime. Persons interested in hosting a program in crime prevention may contact Trooper Garrison at the Michigan State Police Post in Plymouth, 455-5550. The post is located at 1024 South Mill Street. The Northville Chamber of Commerce will be the first area group to host the crime prevention program. Aimed at city and township businessmen, the program is scheduled for March. Several programs are available for area residents and, Garrison explained, city, township and state police will analyze monthly crime reports and will be able to supply timely programs. "If break-ins are rising, Continued on Page 7-C

Northville Ousts Three On School Drug Charges

Three students have been suspended indefinitely from Northville High School after they were caught exchanging pills in the school last week. According to Superintendent Raymond Spear, the three students have been suspended from school "pending resolution of this matter." The superintendent said the school is "working with the parents and they have been cooperative." He added that the administration will press charges against the students involved for delivering drugs. Spear said this is the first time during the present school year that students have been suspended on drug charges. He noted that at least one of those involved was a sophomore.

-Northville City Council Minutes-

Northville City Council Minutes, February 10, 1975
 In the absence of Mayor Allen, Mayor Pro Tem Vernon called the special meeting to order at 8:00 p.m.
 ROLL CALL: Present: Biery, Folino, Nichols, Vernon. Absent: Allen, on vacation out of state.
PUBLIC HEARING ON SIGN ORD AMENDMENT Mayor Pro Tem Vernon opened the public hearing on the sign ordinance amendment at 8:01 p.m.
 Eugene Wagner, 663 Thayer, President of the Northville Square Merchants Association, was present. Also present were Mr. McMannis and Mr. Art Radford in support of the proposed amendment.

There being no further comments, Mayor Pro Tem Vernon closed the public hearing at 8:05 p.m.
 Councilman Folino questioned the application of the amendment to a cooperatively owned operation. The City Attorney replied that only a large percentage owner (for example over 50 percent of the property involved) would qualify.
 Councilman Nichols expressed concern that the wording "business or activity" might allow future councils to approve a sign for an undesirable situation.
 Motion by Councilman Biery to amend the ordinance by amending the wording "activity" to "business complex" in two places in the first paragraph and that an additional condition be added as follows: If the business complex requests the sign, said sign shall advertise the business complex activities, and not a single business.
 Motion died for lack of support.
 Motion by Councilman Folino to support by Councilman Biery that the sign ordinance be adopted as amended by changing "activity" to "business complex" in two places in the first paragraph and that an additional condition be added as follows: If the business complex requests the sign, said sign shall advertise the business complex activities, and not a single business.
 Carried Unanimously.
NEXT COUNCIL MEETING DATE, Motion by Councilman Biery to support by Councilman Folino to add to the agenda the subject of the next meeting date. Carried Unanimously.
 It was determined that the regular meeting be held on February 17th even though it is a holiday.
 There being no further business, Mayor Pro Tem Vernon adjourned the meeting at 8:55 p.m.
 Respectfully submitted,
 Steven L. Walters

1,400,000 (4 million)
 1,650,000 (5 million)
 Based on a recommendation by the City Manager, motion by Councilman Folino support by Councilman Biery to accept the bid of \$880.00 for a one year policy of \$3,000,000 coverage from Les Bowden and Associates, the St Paul Companies.
 Carried unanimously.
LANDSCAPING OF PARKING LOTS Milo Hunt, secretary of the Beautification Commission, presented plans for landscaping of the municipal parking lots. The plans, drawn up with the guidance of D.P.W. assistant supervisor Ted Does, permit easy snow removal and does not reduce the number of parking spaces. Cost estimates will be presented at the next meeting.
 Mr. Hunt and Mr. Mapes suggested the wall made of railroad ties behind City Hall be removed as it is buckling. This would be gradually sloped into the park area.
DUNLAP-CENTER & 8 MILE-CENTER INTERSECTIONS. Memo from City Manager outlining proposed widening of Dunlap Center and 8 Mile and Center intersections. The widening will necessitate relocating Center St into presently adjacent to Dunlap St. Council authorized the City Manager to proceed with negotiations for easements.
 Councilman Nichols suggested that, rather than have a turn lane at Randolph, Council might consider closing Randolph at Center, as this corner is a dangerous one. Traffic would eventually turn at Wing and Randolph when Wing St. is opened to 7 Mile Road.
 City Manager also recommended that the provision of left-turn lanes for all traffic directions at Eight Mile and Center be pursued with Wayne County for construction in 1975 if possible.
BUILDING DEPARTMENT FEE SCHEDULE. Motion by Councilman Nichols support by Councilman Biery to adopt by resolution the schedule of fees for the Building Department as presented by City Manager.
 Carried unanimously.
PLAN COMMISSION REVIEW OF FEES. Planning Commission's fee changes were reviewed.
 Councilman Vernon requested that there not be an additional fee for projects in the Historic District. He also suggested an additional fee be charged on architectural site and landscape reviews where an applicant returns for modification after final approval by the Plan Commission.
 Fees for zoning changes and subdivision review were accepted. Council requested Plan Commission to comment on the above suggestions.
TRAFFIC CONTROL ORDER 75 2. Motion by Councilman Nichols support by Councilman Folino to adopt Traffic Control Order 75 2.
 Carried unanimously.
TRAFFIC STUDY. Results of a traffic study conducted in the north end of the City, concerning through traffic using residential streets, was discussed. Methods of controlling such traffic includes prohibiting turning movements, one way traffic, dead end streets or improved traffic flow on intended routes.
 Councilman Vernon mentioned that the planned informational signs directing traffic to turn at Griswold to reach the racetrack or continue on to Plymouth might alleviate the problem. He also commented on the long delay of installing the traffic light at 8 Mile and Novi Road and requested information on whom to contact at the county level.
 The study will be discussed further at the next regular meeting.
MICHIGAN WEEK. City Manager asked for Council's suggestions on a partner for Government Day. Councilman Vernon mentioned Manchester Councilman Nichols suggested Chelsea if these cities are not participants. City Manager will choose another.
POLICE JURISDICTION. City Attorney summarized the Mutual Assistance Agreement between the Grosse Pointes and cautioned Council that such an agreement is a bit more than the City may be interested in. Another agreement that is more general will be reviewed, and City Attorney will also consult with the district judge.
 Councilman Nichols expressed interest in the mutual assistance agreement, suggesting the City may find it very desirable in the next few years. Copies of the Grosse Pointe Agreement will be passed out to Council for further study.
APPOINTMENTS. No appointments were made.
MISCELLANEOUS. Councilman Nichols asked the status of the entertainment license for the Drawbridge.
 City Manager reported that they have not responded since the original request was rejected due to change in ownership. This will be checked into further.
 Councilman Vernon presented a Certificate of Appreciation given to the Beautification Commission by the Postal Service for beautifying the Northville Post Office.
 There being no further business, Mayor Pro Tem Vernon adjourned the meeting at 11:20 p.m.
 Respectfully submitted,
 Patricia Reida

NORTHVILLE CITY COUNCIL MINUTES

February 3, 1975
 In the absence of Mayor Allen, Mayor Pro Tem Vernon called the meeting to order at 8:03 p.m.
 ROLL CALL: Present: Biery, Folino, Nichols, Vernon. Absent: Allen (on vacation out of state).
MINUTES OF PREVIOUS MEETING. Minutes of the January 27th Council meeting were reviewed. Correction on page 4, first paragraph, add "and this revision subject to." Minutes stand approved as corrected.
GENERAL ORDINANCES AND COMMISSIONS. Library Advisory Commission Minutes of January 23rd were accepted and placed on file.
APPROVAL OF BILLS: Questions on bills No. 1075 and 1107. City Manager to report on these next meeting.
BUILDING AUTHORITY NO. 2
 EQUIPMENT FUND 3,943.43
 GENERAL FUND 43,922.42
 LOCAL STREET FUND -2,524.69
 MAJOR STREET FUND 1,414.08
 PAYROLL FUND 4,614.16
 PUBLIC IMPROVEMENT FUND 77,044.89
 RECREATION FUND 1,130.80
 SEWER AND WATER FUND -13,087.21
 PARTIAL LOAN PAYMENT TO GENERAL FUND 10,000.00
 TRUST AND AGENCY FUND 210,209.95
 Motion by Councilman Folino support by Councilman Biery to approve the bills as presented.
 Carried unanimously.
 City Manager reported on bills questioned at last two previous meetings.
COMMUNICATIONS. Letter from Dr. David LaRou requesting Council approval for the raising of a banner across Main St in front of City Hall to promote February as "Use Your Library Month".
 Motion by Councilman Folino support by Councilman Nichols to approve a request by the Library Board for the raising of a banner across Main St to promote "Use Your Library Month".
 Carried unanimously.
 Letter from Secretary of the Library Advisory Commission announcing a bus-tour of nearby libraries on February 24th, and inviting Council to participate. This will be discussed further at the February 17th meeting.
COMMUNICATIONS FROM CITIZENS. JUNE'S SOLICITATION REQUEST. City Manager reported that tag days and a door-to-door solicitation request from St. Jude's Hospital was approved last year.
 Motion by Councilman Folino support by Councilman Biery to approve tag days and a door-to-door solicitation request as per letter dated January 6, 1975, for St. Jude's Children's Research Hospital.
 Carried unanimously.
 Councilman Nichols asked if door-to-door solicitations could be discouraged, as many people contribute to charities throughout the year and do not want to be disturbed at home.
 City Manager to report on the number of solicitation requests received last year.
UMBRELLA INSURANCE BIDS. The following bids were received for a commercial umbrella insurance policy:
 The St. Paul Companies \$480,000 (1 million)
 Les Bowden & Associates 880,000 (3 million)
 Citizens Insurance Co. 1,280,000 (5 million)
 Ken Rathert (identical bids) 1,225,000 (5 million)
 (Bid requires fleet ins with Citizens)
 Farm Bureau Mutual 650,000 (1 million)
 James Beasley 900,000 (2 million)
 1,150,000 (3 million)

NOTICE OF SPECIAL ASSESSMENT HEARING

CITY OF NOVI
County of Oakland, Michigan

TAKE NOTICE that the City Council of the City of Novi, Michigan, has determined it to be necessary to make the following described public improvement in the City of Novi:

Sanitary Sewer and Sanitary Sewer Laterals

The City Council has determined that a part of the cost of the above described public improvement shall be assessed against the following described property abutting the above described improvement:

The Parcel Identification Numbers of the parcels are as follows: The properties are located in the Novi Heights Subdivisions and nearby unplatted areas.

OFFICIAL NOTICE OF SALE

\$325,000.00
 City of Novi, County of Oakland, State of Michigan
 Public Library Bonds

SEALED BIDS for the purchase of the above bonds will be received by the undersigned at the Novi Community School District Administration Building, located at 25575 Taft Road, Novi, Michigan, on Monday, the 7th day of April, 1975, until 7:30 o'clock p.m., Local Time, at which time and place said bids will be publicly opened and read.

BOND DETAILS: Said bonds will be coupon bonds of the denomination of \$5,000.00 each, dated November 1, 1974, numbered in direct order of maturity from 1 upwards and will bear interest from their date payable on September 1, 1975, and semi-annually thereafter.

Said bonds will mature on the 1st day of September, as follows:

- \$15,000.00 September 1st of each of the years 1975, 1976 and 1977;
- \$20,000.00 September 1st of each year from 1978 to 1981, inclusive;
- \$25,000.00 September 1st of each year from 1982 to 1985, inclusive;
- \$50,000.00 September 1st of each of the years 1986 and 1987.

Bonds of this issue are not subject to prior redemption.

INTEREST RATE AND BIDDING DETAILS: The bonds shall bear interest at a rate or rates not exceeding 5 per cent per annum, to be fixed by the bids therefor, expressed in multiples of one-eighth or one-twentieth of 1 per cent, or both. The interest on any one bond shall be at one rate only, all bonds maturing in any one year must carry the same interest rate and each coupon period shall be represented by one interest coupon. None of said bonds shall bear interest at a rate per annum which is less than 50 per cent of the rate borne by any other bond. No proposal for the purchase of less than all of the bonds or at a price less than 100 per cent of their par value will be considered.

PAYING AGENT: Both principal and interest shall be payable at a bank or trust company located in Michigan qualified to act as paying agent under State or United States law, to be designated by the original purchaser of the bonds, who may also designate a co-paying agent, which may be located outside of Michigan, qualified to act as paying agent under the law of the State in which located or of the United States, both of which shall be subject to approval of the undersigned.

PURPOSE AND SECURITY: The bonds are issued pursuant to Act 305, Public Acts of Michigan, 1919, as amended, and Act 202, Public Acts of Michigan, 1943, as amended, for the purpose of paying part of the cost of acquiring, constructing, equipping and furnishing a library building and site therefor in the City of Novi. The bonds will pledge the full faith and credit of the City of Novi for payment of the principal and interest thereon and will be payable from ad valorem taxes, which may be levied without limitation as to rate or amount.

GOOD FAITH: A certified or cashier's check in the amount of \$6,500.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the City must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

AWARD OF BONDS: The bonds will be awarded to the bidder whose bid produces the lowest interest cost computed by determining, at the rate or rates specified in the bid, the total dollar value of all interest on the bonds from May 1, 1975, to their maturity and deducting therefrom any premium.

LEGAL OPINION: Bids shall be conditioned upon the unqualified approving opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, a copy of which opinion will be printed on the reverse side of each bond, and the original of which will be furnished without expense to the purchaser of the bonds at the delivery thereof.

DELIVERY OF BONDS: The City will furnish bonds ready for execution at its expense. Bonds will be delivered without expense to the purchaser at a place to be agreed upon. The usual closing documents, including a certificate that no litigation is pending affecting the issuance of the bonds, will be delivered at the time of the delivery of the bonds. If the bonds are not tendered for delivery by twelve o'clock noon, Local Time, on the 45th day following the date of sale, or the first business day thereafter if said 45th day is not a business day, the successful bidder may on that day, or any time thereafter until delivery of the bonds, withdraw his proposal by serving notice of cancellation, in writing, on the undersigned in which event the City shall promptly return the good faith deposit. Accrued interest to the date of delivery of the bonds shall be paid by the purchaser at the time of delivery.

CUSIP numbers have been applied for and will be printed on the bonds at the City's expense. The improper printing of CUSIP numbers or the failure to print such numbers shall not constitute grounds for the purchaser to refuse delivery of the bonds.

THE RIGHT IS RESERVED TO REJECT ANY OR ALL BIDS.

ENVELOPES containing the bids should be plainly marked "Proposal for Public Library Bonds".

Approved: Feb. 18, 1975

 City Clerk

OUTSTANDING—Novi's varsity cheerleading team was judged the 10th best Class B team in the state during finals competition recently at the University of Detroit. The local cheerleaders advanced to the finals after winning outstanding honors in regional competition in Farmington. The first three teams in order were Flint Bentley,

Charlevoix, and Chesaning. Coach of the Novi cheerleaders is Chris Hayward. Members are (1 to r, rear) Janet Cook, Mary Dawn Withers, Sheri McGahey, Michele Sumner, and Vikki Kuick; and in the front row, Kate Pierce, Lucine Tafrahan, and Valerie Coon.

Northville Reorganizes Police Force

Reorganization of the Northville city police department was approved by the city council last week.

Action of the council means—
—establishment of a community service officer position.
—assignment of a juvenile officer to the public schools.
—creation of an additional police sergeant position.

Estimated costs of these changes is put at \$3,700, with much of it being picked up through federal Emergency Grant provisions, according to City Manager Steven Walters.

More specifically, the city's share of the community service officer is put at \$2,000, the additional sergeant at \$700, and the school liaison officer program at \$1,000.

The latter program must be approved by the Northville School Board before it becomes a reality. It is not a new concept, however, since city and school officials discussed it months ago following drug abuse incidents involving students.

Assignment of this officer will follow establishment of terms mutually acceptable to the city manager and the school district, the council authorized. The council anticipates that the city will absorb the cost of the officer for the initial trial of the program.

The officer, who has not yet been named, may be assigned to Cooke Middle School or the high school, Walters told council members in a study session last week.

The role of this officer in the school is seen as establishing a closer link between the police department and students and staff members in hopes that the officer can head off problems before they materialize or quickly cap them if they do occur. He will not be a school guard, Walters has emphasized.

The "community" service officer, councilmen have agreed, will be selected from the police cadet ranks. His total beginning salary is put at \$8,632.

His duties will be limited to—

1. Enforcement of minor city ordinances (parking meters, signs, snow removal, trailers, etc.)
2. Responding to minor non-criminal complaints from citizens.
3. Routine services within the department.

Much of his enforcement, the city manager explained, will be done by warning notices although tickets will be issued when necessary.

Selections of the additional police sergeant will be based upon examination scores and departmental rating.

Set Crime Prevention

Continued from Page 5-C

then we will be stressing programs to combat break-ins," he explained.

Programs available include prevention of home burglaries, auto theft and self protection for women. Presentations aimed at the business community cover shoplifting, armed robbery and fraudulent checks.

"We'll be comparing monthly crime reports and looking at the needs of the community according to what type of crimes are happening," Garrison said.

"The object is to educate the citizens in what they can do to prevent crimes. One result may be an upswing in the number of crimes reported, giving us a true picture of what's happening in the area," he added.

Crime prevention programs will be presented in conjunction with the Northville City Police Department and Northville Township Police Department.

CALL TO ORDER: The meeting was called to order by Supervisor Wright at 7:30 p.m.

1. ROLL CALL:

PRESENT: Lawrence Wright, Supervisor; Betty Lennox, Clerk; Charles Rosenberg, Trustee; James Nowka, Trustee; Richard Mitchell, Trustee; John MacDonald, Trustee (arrived late).

ABSENT: Joseph Straub, Treasurer

ALSO PRESENT: 10 visitors, the press

2. ROAD DUSTING CONTRACT WITH WAYNE COUNTY ROAD COMMISSION

Nowka moved, supported by Mitchell that the Township enter into a contract with the County of Wayne to provide for dusting of the roads for the year of 1975, also that the same formula be used on the roads as was used last year. Ayes Wright, Mitchell, Nowka, Rosenberg, Lennox Motion carried Resolution 75-12 adopted

3. DISCUSSION OF RECREATION BUDGET

Lennox moved, supported by Rosenberg to remove this item from the agenda. Ayes. All Motion carried.

4. STUDY OF PRELIMINARY 1975-76 NORTHVILLE TOWNSHIP BUDGET

Mr Wright stated that at the Meeting of January 30, 1975, the Library Commission stated that they are very interested in using the Northville Square as their new location for a library. Mr. Wright went on to say that they have been offered a building in the Wayne County Child Development Center, but the Library Comm is not very interested in this location.

Mr. Nowka suggested that a representative from the Library Commission should be invited to attend the next meeting, to discuss the matter.

General discussion followed with the Chief of Police explaining the Police Budget to the members of the Board

5. SET MILLAGE FOR MARCH 25, 1975 ELECTION

After much discussion, Rosenberg moved, supported by Nowka to adopt a proposition of 13 mills increase for operating purposes. Ayes Wright, Mitchell, MacDonald, Rosenberg, Nowka, Lennox Motion carried. Resolution No 75-13 adopted

Mr. Mitchell wanted to point out that information explaining the budget should get to the people of the Township and he feels this communication should be an obligation of the Township Board

6. BALLOT WORDING FOR MARCH 25, 1975 MILLAGE ELECTION

Betty Lennox proceeded to read the wording for the millage election

"Shall the Township of Northville, Board of Trustees be authorized to levy ad valorem property tax millage in the amount of 13 mills, for a period of 10 years for General Operating Expenses for the Township of Northville."

The uses of this money will be \$33,000 for Police, \$13,000 for Recreation, \$3,000 for Library, \$16,000 for salary increases, and \$40,000 will be carry over

Rosenberg moved, supported by Nowka to adopt the wording of the ballot. Ayes Wright, Mitchell, MacDonald, Rosenberg, Nowka, Lennox Motion carried Resolution No 75-14 adopted

Mr. Wright wanted to congratulate Mr. MacDonald on the award he received from the Jaycees

7. ADJOURNMENT

Nowka moved, supported by Rosenberg to adjourn the meeting. Ayes All Motion carried

Meeting adjourned at 9:50 p.m.
Betty M. Lennox Clerk

Eyes Health, Safety Acts

An area-wide seminar to explain the new Michigan and the federal occupational safety and health acts will be sponsored by the Northville Chamber of Commerce from 8:45 a.m. to 3:30 p.m. March 19 in the Northville Square upper level community room.

Representatives of the Michigan Department of Labor and Department of Health and the Greater Detroit Safety Council will conduct the seminar. Mrs. Marjory Cinader, chamber president, announced.

All employers of area businesses and industries and employees are welcome to attend, she said, stressing that the program is not limited to chamber members but is sponsored by them as a community service.

Chambers in Novi, Wixom and Walled Lake are being invited to participate, she said as the sponsors feel this is "very important legislation with far-reaching consequences."

Mrs. Cinader adds that, effective July 1, school and city governments, will be included in the acts' provisions.

Reservations to attend the seminar should be made by calling 349-7640 or writing the chamber, P.O. Box E, Northville.

Put the damper on wasted heat

Don't let heat (and dollars) go up your fireplace chimney. When the fire's out, keep the fireplace damper closed.

To seal-off other heat wasters...

- Weather-strip around doors and windows. Caulk cracks.
- Keep drapes and blinds drawn at night.
- Set thermostat to lowest comfortable daytime temperature and down to at least 65 degrees for sleeping.

Also, install proper insulation in your attic... at least six inches, to save fuel and money.

USE ENERGY WISELY

Consumers Power

WIXOM FLOODING—Rain plus thawing sometimes equals flooding and that's what happened in Wixom Sunday as reports were received of flooding on Pontiac Trail at

Wixom Road (above) and at the corner of Beck Road and Pontiac Trail.

Driving Habits Written in Stars

By NANCY DINGELDEY

From time to time it is rather fun to share a non-essential blurb with you avid readers looking for trivia. Sometime back, the British Automobile Club wondered how or if the sun signs (or astrological signs, if you wish) had any bearing on the way people drove cars. They contacted the London Astrological Center and the results were printed in the Fall issue of the "Family Safety" magazine: Aquarius...the water carrier, January 20 - February 18, Progress is the key word...as far as driving, they are the drivers who like the wind in their hair. Try his honor, THE Mayor, Denny Haight, Bill Tyler and I must include myself. I can vouch for a couple being "el leadfoot". Pisces...the fishes, February 19 - March 20, means Idealism. As drivers they appear to be dreaming but in reality they are power maniacs hiding behind a meek exterior. The honor goes to Bill Travis. Aries...the ram, March 21 - April 19...impulse. Aries suggests an over fondness for

speed and dangerous showing off on the road. The only Arian at City Hall is Bob Wagnitz and I'd like to see him showing off on the road in that dainty road grader of his. Taurus...the bull, April 20 - May 20...diplomacy. Taurus car owners take extra good care of their vehicles, polishing and touching them up but with little real love for driving them. Birthdays of note in this month include Jerry Pastula, Joan Hollister, Larry Beamish and my close friend Bob D. I understand that Joan occasionally vacuums out her car and Bob screams at me to wash the windows. Gemini...the twins, May 21 - June 20...diffusion. Gemini drivers are just the opposite of Taurians. They enjoy the going and are a bit disappointed when they arrive someplace and the trip is over. Larry Rourke, George Von Behren, Fred Morehead, and Carolyn Anderson are all born under this sign. Offhand I might say that it suits Fred. Cancer...the crab (or moon child if you wish), June 21 - July 22...patriotism. Cancer is the sign of the family motorist who needs the back seat full of children to feel at home. It

suits Beverly Walters who always seems to be hauling kids around but also included in this month are Bob Trombley, June Buck and Janice Proffitt. Leo...the lion, July 23 - August 22...leadership. Leo's look to their cars as status symbols and tend to buy alot more horsepower than they really need. That's why John Victory drives a V.W.! It's sort of "iffie" for Dick Shaffer of the V.F.W. Virgo...the virgin, August 23 - September 22...chastity. Virgo drivers see themselves as extremely careful - always watching the gauges and quick to blame any other driver on the road for any mistake. If you knew my mother you'd say it fits her to a "T". Rosemary Victory claims "not kind, courteous and wonderful me!" Other Virgo's are Priscilla Whaley and Marcia Clement down at City Hall. Libra...the balance, September 23 - October 23, justice. Libras are the non-aggressive sort. He is a joy to have in other cars and is an insurance company's dream. Smilingly, Bernie VanOsedale

and Ann MacDonald admitted their greatness. Scorpio...the scorpion, October 24 - November 22, investigation. Strange that many of our police officers happen to have birthdays under this sign. Scorpio suggests quick silver, changing moods - cool and logical one moment, emotional and rash the next. Included under the sign of Scorpio are Vern Darlington, Dave Schwanky, Bruce Kirby and how can we forget Sylvia Vangieson, OUR first lady and Carolyn Morehead. Sagittarius, the archer, November 23 - December 20, honesty. Sagittarius behind the wheel is the original vroom, vroom - slap dash and flashy. Could you believe Jane Fitzgerald, who added quickly "only sometimes!" Capricorn...the goat, December 21 - January 19, caution. Capricorn's, according to our British friends, never break the rules. "That's right," says Bill Abrams. He's been driving since he was 14 years old and has never had a ticket. Last call for the big bash staged at Mercy College this

Saturday by the Northridge Subdivision. Tickets, available from Betty Flanagan, Mary Jo Naragon and Bev Walters are \$25 per couple and include dinner, dancing and an open bar. There'll be a dance marathon and jitterbug contest to go along with the "new deal days" theme.

CMU Honors Students

Nancy A. Burt of 21410 Lujon Drive, Northville, is among the students honored at Central Michigan University in Mt. Pleasant for achieving a straight "A" average last semester. The CMU senior also was among eight Northville-Novu area students named to the academic honors list for the past semester for having a cumulative grade average of "B" or better for his or her entire college career. Others on the honors list

are, from Northville, Sharon Marie Crishon, 1030 Grace Court, a junior; Mark J. Dougher, 44860 Thornapple Lane, William F. Pettit, 21234 Stanstead, Stephen Serkaian, 45755 Bloomcrest Drive, and Lisa A. Willis, 18273 Jamestown Circle, all sophomores. Named from Novi to the academic honors list are Leslie A. Pearce, 22905 Talford Drive, a junior, and Susan J. Shobe, 23070 Ennshire, a sophomore
