

# Second Annexation Vote Slated Tuesday

For the second time in little more than 29 months, voters of Northville Township will go to the polls Tuesday to decide whether or not the township should be annexed to the City of Northville.

Only township electors will vote in the election. Petitions were not filed by citizens in the city, hence voters there will not participate in this special election.

Last time the annexation matter was put to voters — on May 7, 1973 — both the city and the township voted, and annexation was narrowly defeated by 146 votes. It was approved in the city by a vote of 942 to

259, but was defeated in the township by a vote of 1504 to 1358. Passage in 1973 required approval by voters in both the city and township; passage this time requires only the approval of township voters.

According to Township Clerk Clarice Sass, a record high total of 5,588 persons are registered to vote in the election — 892 more than were eligible to vote in the 1973 annexation election and 395 more than were

eligible to vote in the March, 1975 millage election. Nevertheless, a relatively light turnout is expected next week.

Should township voters approve annexation Tuesday it will mean the merging of two municipalities under one government — the existing city manager-council form of the city.

However, even if approved by voters annexation

must also be resolved in the courts before unification can become a reality. A lawsuit presently is pending in Ingham County Circuit Court. (See related story on this page).

Meanwhile, city councilmen and members of the other key boards of the city have pledged to resign, should annexation become a reality, so that the electors of both the city and the township can vote into office a new council and mayor to govern the united community.

## Attempt to Stop Election Fails In Circuit Court

An attempt to block next week's scheduled annexation election failed Friday in Ingham County Circuit Court.

Responding to a motion by opponents of annexation for a partial summary judgment, Circuit Court Judge Thomas L. Brown declined to issue an immediate decision, continued the hearing until October 17, and then declared that the scheduled Tuesday, October 14 election may proceed.

Plaintiffs seeking the partial summary judgment in an annexation lawsuit begun November 8, 1974 had hoped Friday's hearing would block or delay the election. The plaintiffs — Mr. and Mrs. Joseph Florilli, Mr. and Mrs. Richard Mark Lysinger, and Mr. and Mrs. Richard Mitchell — are represented by Emery Jacques, Jr., an attorney living in the city of Northville. The defendant in the case is the State Boundary Commission, which ordered the annexation and which subsequently, upon being petitioned by citizens of the township, ordered the annexation election.

In layman's language, what Judge Brown said Friday was that he is not yet ready to make a decision on the request for partial summary judgment, that he wants to hear the formal response to the request from the attorney general representing the State Boundary Commission, and that the hearing on the request will resume on October 17.

More importantly to local residents, perhaps, were his clarifying remarks at the close of Friday's hearing in Lansing that the election may be held as scheduled.

Although Judge Brown's action in no way implies a position favoring or disfavoring Jacques' case, proponents of annexation suggest that if voters on October 14 approve of annexation the election result very likely will influence the court's decision in the lawsuit.

If voters disapprove annexation, proponents argue, the lawsuit becomes moot and very likely will be dropped.

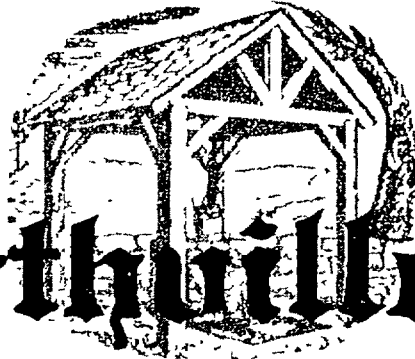

That's why, according to proponents, they hoped Judge Brown would permit the election to be held as scheduled and why opponents hoped he would cancel it.

Jacques, on the other hand, insists the election will in no way affect the lawsuit started by his clients. What's more he argues that even if the Michigan Court of Appeals should rule in favor of annexation in a companion case involving Midland, sufficient unsettled points will remain in his brief to continue the Northville lawsuit.

Furthermore, a summary judgment ruling not favoring his clients will not deter

vigorous pursuit of the lawsuit, he states.

# Schools to Request 2.6 Again

Meads Mill: Where 'Study Hall' Really Means Hall

## In Meads Mill Crowding

By SALLY BURKE

Meads Mill is a school divided.

Half of the 1,048 middle school students were assigned to the school following the reshuffling of boundaries for the new building when it opened this fall. The other half were told they would be bused to the school following the August 18 millage defeat which forced the closing of Cooke Middle School.

Half of the school's floor space follows the traditional concept of classrooms with four walls. The other half was built with the open concept in mind — four or five pie shaped rooms divided only by furniture.

Although the building is constructed to house between 900 and 1,000 students, Meads Mill is overcrowded according to its two

principals, David Longridge and Michael Janchick, many teachers, parents and students.

Commented Longridge, "The open concept is not in effect this year. Every foot of space is being used."

Three classes are being held in the library. There are no shelves lined with books in the library which has remained at Cooke. When teachers need materials, they are brought to Meads Mill from Cooke.

At times, even the cafeteria is used for a gym. The band room and vocal music room are used for academic classes, forcing the band and chorus to use the stage for class meetings.

A media class, too noisy to be held in one of the open space classes, meets at the end of the main hall.

The main hall is crowded

with furniture awaiting transfer to rooms currently being equipped with furniture from Cooke. Boxes of books and teaching materials line hallways in some areas.

And although the school has been open less than three months, dust covers the top of lockers in the halls and counters in classrooms. Maintenance men have all they can do to clean hallways and floors before classes begin the next day.

"We took six weeks of planning and did it in 48 hours," Longridge said. "Some students move with the same group of 30 all day long. We could only assign groups of 30 and then move them on a given schedule all day."

Added Janchick, "Meads Mill was planned as an open classroom school. You do not pick up contained space classrooms, teachers and students and put them in this situation. Students and teachers must be trained for the open classrooms."

But because of the time limit in which planning had to be done, five teachers and 160 students were assigned to a pod. That may mean five different subjects, rather than the ideal situation of all math, social studies or English in one pod at the same time.

Janchick explained that during four hours each day every classroom in the school is in use, including the three rooms in the library.

With half of the building composed of self-contained classrooms, Janchick and Longridge said that the students and teachers in the self-contained rooms are experiencing few if any problems.

"In fact," Janchick said, "the science rooms here are 300 square feet larger than those at Cooke."

But for the teachers and students in the open space half of the school, it's a different story. Classes being held in the library are contending with noise from

## Millage Vote: November 6

A request for a 2.6 mill increase will be put to voters for the second time at the special school election scheduled November 6.

With the date for the election already established, the Northville Board of Education Monday night voted 6-0 to fix the millage increase at the same level as was rejected by voters on August 18.

About 30 persons were in attendance as the board took its action.

Board Vice-President Sylvia Gucken was absent, but she supported the resolution in a letter to the board.

Last time the 2.6 mill increase was put to the voters it was defeated handily, 1765 to 1303.

After the first millage defeat, cuts were made in the school district budget to the tune of about \$250,000. As many as 600 people jammed school board meetings after those actions to protest the closing of three schools and the cutting in half of extra-curricular activities.

Board treasurer Roger Nieuwkoop, chairman of the finance subcommittee, said the subcommittee had drawn up a list of areas for reinstatement if the millage is passed.

Those areas include: rehiring of 15 teachers, reinstatement of extra-curricular activities, increasing clerical help, increasing instructional supplies, increasing curricular development, improving the administrative staff, improving the maintenance staff, increasing health insurance to cover additional staff, and increasing capital outlay.

Superintendent Raymond Spear said that if the millage is passed, he would recommend that the board rehire 11 teachers to begin November 10, and reopen all buildings immediately. He said that the price tag for

doing those two things and following through with the total recommendation from the subcommittee is about \$380,000, the amount 2.6 mills will raise.

A total of \$462,000 would have been needed to "bring the program to normal," Spear said.

## NEWS BRIEFS

**ENROLLMENT** has soared to over 10,000 students at Schoolcraft College, Vice President Ed McNally reports. The all-time high figure includes students registered for semester hour and institutional credit courses. Although community services registration totals are incomplete, the increase will reflect a minimum growth of 12 percent over last fall's enrollment of 8,924. Total credit hours will exceed 70,000 for a minimum 20 percent increase over last fall's 58,000. Enrollments have exceeded previous year's counts every fall since the college opened, with the exception of 1972.

**INFLATION** seems to have finally caught up with mileage allowance paid by Northville School District. Board members have increased the allowance to 13 cents per mile from the previous rate of 10 cents per mile. The 10 cent allowance had been in effect for more than 10 years, administrators said.

**A RESOLUTION** supporting the Schoolcraft-Wayne State University consortium proposal for using the Wayne County Child Development Center property was adopted by the Northville City Council Monday night. Council earlier indicated it supported the consortium, but in light of a recent proposal to establish an alcoholic rehabilitation center on the premises, city officials decided to re-enforce its position by submitting a formal resolution to the Wayne County Board of Commissioners.

**PUBLIC** hearing on Northville School District's \$5.7 million budget will be held Monday, October 27. The budget will be available to the public the week before the hearing, administrators said.

**NORTHVILLE** School District will be receiving a \$13,000 year-round school grant. The grant is contained in the 1975-76 State Department of Education appropriation bill which was signed into law recently.

## It's Official: Six File

It's official: two persons filed for mayor, four for council in the upcoming Northville City Council election slated November 4. Candidates include three incumbents.

Mayor A.M. Allen, who is seeking his ninth term, is being challenged by Thomas Bongiovanni.

In the battle for two council seats incumbents David Biery and Paul Vernon are

being challenged by Stanley Johnston and Eugene Wagner.

Deadline for filing nominating petitions, all of which now have been validated by the city clerk, was October 1.

Bongiovanni is a newcomer to the political field; Wagner was a candidate for council two years ago, and Johnston is a former member of the

board of education.

Wagner was the only candidate to issue a formal statement upon filing. Referring to a pledge by all present members of the council to resign in the event that annexation becomes a reality, Wagner said he intends to serve his full term if elected—"regardless of the outcome of the pending annexation vote."

Continued on Page 12-A

## It's Bicentennial Homecoming

## Musket Fight's Feature of Week

Climaxing a week of homecoming activities at Northville High School will be the traditional parade of floats through downtown and then on the football field at halftime Friday night.

Northville varsity will be playing Plymouth Canton at 8 p.m.

In addition to the class floats there will be a float by the National Honor Society in the parade for the second year.

Homecoming queen for 1975 will be announced and crowned at a pep assembly during school Friday.

Elections were held Monday with three senior girls, one of whom will be queen, chosen. The others and a representative from each class will comprise the court.

Senior representatives are Sarah Kunst, Pat Pantier and Lora Sepp.

Class representatives are Amy Antuna, freshman; Amy Fitzpatrick, sophomore; and Jan Kalota, junior.

## Entertain Men

## At Buffet Fete

Lloyd Livingston, chaplain of the Detroit Lions, will be guest speaker at a buffet dinner meeting of Christian Women's Club at 7 p.m. November 7 at Schoolcraft College.

Husbands will be special guests at the annual dinner meeting with husbands of board members participating in a comical fashion show. A musical program also is planned.

Deadline for reservations is October 24. They are \$12 a couple and are being taken by Mrs. Jackie Crow, 522-1528.

The traditional pancake supper by men of Northville First Presbyterian Church will be served at the church from 5 to 7 p.m. Friday.

Leading off the week of activities at the high school Monday was a lunch hour pie eating contest won by the seniors. A car pile up followed after school.

A tea drinking contest was set for lunch hour Tuesday with a tug-of-war after school. With a nod to the Bicentennial the student congress had scheduled a "Paul Revere Ride" after school Tuesday and a Musket Duel (with squirt guns) Wednesday.

The traditional bonfire on the hill is to be tonight after a flag football game and the junior varsity game Thursday will be with Farmington Harrison. School halls will be decorated Thursday for homecoming.

Decorations will be judged Friday. Following the pep assembly will be a mid-day flag race at school.

The annual homecoming dance will be at the high school Saturday night with the high school jazz band playing for it.

The week's events have been planned by Mike Gordon, student congress president, assisted by Lora Sepp.

Others working on special events for their classes include Lisa Ward, Amy Fitzpatrick, Sally Eisele, Tami Hurley, Ed Erdos, Kathy Carter, Terri Swaine, Mary Poisson, Patty Adams, John Coram, Amy Armstrong, Jane Mach, Mariann Neff, Tracey Plumley, Doug Webber, Kim Goldi, Beth Behrens, Nancy Anderson, Bob Sweeney and Jay Slagle.

**QUEEN CANDIDATES**—One of these Northville High seniors will be crowned homecoming queen and pep assembly Friday. From left, Sarah Kunst, Lora Sepp and Pat Pantier pose after being elected finalists for the title Monday. The queen will reign at homecoming festivities Friday night.

## Announce Births of Sons

Mr. and Mrs. Ronald Dean Meteyer of 41031 10 Mile Road, Novi, announce the birth of their second son, Brett Leigh, September 21 at St. Joseph's Hospital in Ann Arbor.

The baby weighed seven pounds, eleven ounces at birth

and joins a brother, Gerard, 3, at home.

Their father is a biology and conservation teacher at Northville High School.

Mrs. Meteyer is the former Barbara Matt.

Grandparents are Mr. and Mrs. R.D. Meteyer of Redford Township and Mr. and Mrs. F. Frederick Matt of Livonia. Great-grandmother is Mrs. Henry Bottoms of Detroit

and Mrs. Wade Stevens of Nashville, Tennessee.

The baby is the Secord's second grandchild, arriving a month after his cousin, Neil, was born to Mr. and Mrs. Nelson McDonald of Minneapolis on August 30. Mrs. McDonald is the former Nancy Secord. They are expected for a visit here the beginning of November.

## League Marks

## UN Birthday

Announcement of the birth of their first child, Wade William, is made by Mr. and Mrs. William Stevens of Marshall, Michigan. Their son was born October 1 and weighed seven pounds, thirteen ounces.

Mrs. Stevens is the former Linda Secord of Northville. Grandparents are Mr. and Mrs. B. William Secord of Northville and Mrs. Doris Stevens of Detroit.

The baby also has three great-grandmothers, Mrs. Paul Schulz of Northville, Mrs. Robert Adams of Detroit

Robert Lang, a Schoolcraft College political science instructor, will speak on "Highlights of 30 Years of the United Nations" at an area meeting of the Northville, Plymouth, Canton, Novi League of Women Voters at 7:45 p.m. next Wednesday.

The meeting will be held in Plymouth City Hall and is in celebration of the birthday of the U.N.

## In Our Town

## Chamber Will Mix Business, Pleasure

By JEANDAY

**NORTHVILLE CHAMBER** of Commerce annually elects its new board members under most festive circumstances possible — at its fall dinner dance.

The event this year is scheduled for Thursday, October 23, at Meadowbrook Country Club with cocktails beginning at 7 p.m. followed by a prime rib dinner at 8 p.m.

Chamber President Marge Cinader then will conduct a brief business meeting with election of three board members for three-year terms and one for a two-year term. Nominated for three-year terms are Ann Roy, Lee Holland and Mike Preville; for two-year, Aaron Gellerman.

Dancing will follow from 9:30 to 12:30. Frank Sidney and his combo will play a return engagement.

Members, prospective members and those interested in the work of the chamber are invited to attend. Tickets at \$12.50 a person may be reserved by calling the chamber office, 349-7640.

New officers of the chamber then will be elected in November. As she completes her term as the chamber's first woman president, Mrs. Cinader has volunteered to be chairman of the 1976 Northville Fair.

The chamber's energetic, capable president this year was in great measure responsible for the 1,000 entries in baking, needlework and other home-making categories at the fair which impressed state officials.

During her term the chamber also has supplied funding for the pedestrian bridge being built at the Mill Race Historical Village entrance.

**THE DETROIT SYMPHONY** strike couldn't have happened more inopportunistically at least as far as Mrs. Jerry Powledge is concerned. When she moved to Shadbrook in Northville, she was an active member of the symphony's women's association and hoped to involve area women in symphony activities.

By this fall she easily had filled two buses with exactly 100 women who planned to attend the five Friday morning coffee concerts to be given during the current season in Detroit by the symphony.

Last Friday's first one, of course, was canceled. Mrs. Powledge says she's "still noping" that things will be back to normal by the November 21 date of the second one.

Mrs. Powledge reports that she had obtained the bus transportation through SEMTA and that it is going to stand-by and comply with whatever is decided by the symphony management regarding the missed event — if there is a substitution slated, it will provide buses; if ticket holders are reimbursed, it will reimburse also.

Mrs. Powledge attended a symphony meeting in Detroit last Wednesday and feels "sad to think of what's happening" to Detroit's top musical organization but feels there will be solutions forthcoming to problems of both musicians and management.

**WITH A GREENS MART** upcoming in November "everyone is pitching in" to be ready, reports the sponsoring Northville branch of the Woman's National Farm and Garden Association. A pine cone workshop is scheduled as the October meeting at 12:30 p.m. Monday in the Northville Square community room.

Members are asked to bring three half-yard pieces of ribbon with them to the workshop to practice making bows under the direction of Estelle Millington.

Chairman of the workshop, which also is a guest day, is Mary Ware, assisted by Anne Dales, Dorothy Frew and Evelyn Johnson.

**A SPECIAL NEED** for volunteers exists at Northville Residential Training Center. While volunteers are sought in many areas on an ongoing basis, there now is a request for help that could be filled by anyone who enjoys children.

Volunteer Services Coordinator Dolly V. LaCroix explains that parents who attend weekly meetings "because it is essential they take an active role in the treatment of their children" often have difficulty getting babysitters for other younger children. The center, she says, can provide the physical space and some supplies, but there is not enough staff to supervise these youngsters.

The problem would be solved, she adds, if three volunteers would care for the children for each of two days a week from 4 to 8 p.m. Mondays, and 6:30 to 8:30 p.m. Wednesdays. Seven to 10 children, ages five and up, are in need of supervision.

"If anyone has considered volunteering but has not felt he or she could work with our retarded adults, here is a way to help them indirectly," she urges, asking volunteers to call her at 349-8000.

**NINTH ANNUAL** Northville Home Tour September 25 drew about 1,175 women and some men in spite of continuous rain throughout the day. This was the first time it had rained on a tour day, but home hostesses said it caused little problem as visitors took off their shoes at each home.

With tickets priced at \$2, a total of \$2,388 was raised. Money is to be divided between the Northville Historical Society and Northville Presbyterian Women's Association. The women's association was the original sponsor of the tour but for the past few years has shared the community project with the historical society.

Women of St. Paul's Lutheran Church admit they were surprised that the rain did not drop the attendance. They served 380 luncheons. Orient chapter also reported all tickets were sold for its luncheon at the Masonic Temple.

Last Sunday evening Mrs. Roger Harrington, tour co-chairman, began a tour "first". Instead of tea for those who opened their homes and worked on the event, she hosted a buffet supper for everyone at her Curtis Court Home. Assisting was Mrs. James Elliott, a co-chairman.

About 30, including husbands, attended the champagne "thank you."

**TWO PAST PRESIDENTS** and a vice president of the 84-year-old Detroit Review Club now live in the Northville area; so it's not surprising that the club's annual benefit party, a luncheon fashion show, is being held at Meadowbrook Country Club October 23.

Mrs. Howard Bergo of Meadowbrook Road is general chairman of the event, "A Total Fashion Experience," by Harvi's and is second vice president of the club.

Mrs. Louis Hopping, a King's Mill resident, and Mrs. J. Robert Martin, of Highland Lakes, both are past presidents of the club, which usually has held its meetings in the Women's City Club of Detroit and has the distinction of being the first club to meet there.

Like Northville Woman's Club which is only a year younger, having been founded in 1892, the club began, these members note, by having long "reviews" of study topics given by the membership.

Funds raised at the benefit here will go towards philanthropic projects of the club. Festivities are scheduled to begin at 11:30 a.m. when members and guests can browse and shop at an exotic plant table in the lounge.

After luncheon Emily Kay Murphy, Harvi's fashion coordinator will present the latest in fall and holiday fashions.

OPEN FRIDAY EVENINGS

## Falls Trip Follows Rites

Linda Lee Morland and Glenn Allen Justice were united in marriage October 4 in an evening ceremony at the South Lyon United Methodist Church. The double ring rites were performed by Dr. Milton Bank, pastor of the church.

The bride is the daughter of Marteen and William

Morland of 18605 Ridge Road, Northville. Her husband's parents are Margaret and Kyle Justice of 54411 Nine Mile Road, Northville.

A bouquet of purple and white gladioli and chrysanthemums adorned the altar.

Given in marriage by her father, the bride wore a full

length white gown styled with scoop neckline, long sleeves and a short train. Brocaded roses ornamented the bodice and lower portion of the sleeves. She wore a waist length veil secured by a headpiece which matched the trim of her dress. The bridal bouquet was of red roses.

Virginia Ann Coleman of Northville, was her sister's matron of honor wearing a sleeveless gown of light purple topped by a bolero jacket of deep purple velvet. Her flowers were purple and white mums and carnations. Bridesmaids were Victoria Morland of Highland, sister-in-law of the bride, and Loriann Justice, sister of the bridegroom. They were dressed identically to the matron of honor.

Christie Michel was the flower girl and Jeff Justice was the ring bearer.

Serving as best man was Randy Wassenaar of South Lyon. John Rich and Mark Morland, brother of the bride, were the groomsmen. Bruce Morland, brother of the bride, Bill and Robin Justice, brothers of the bridegroom, were the ushers.

The reception for 250 guests was held at the American Legion Hall in Farmington.

The newlyweds chose Niagara Falls for their honeymoon. They will reside in Country Estates on Eight Mile Road.

The bridegroom is a graduate of South Lyon High School and is employed by Bostwick Construction Company in South Lyon.

Special guests at the wedding and reception were the bride's grandmother, Mrs. Minnie Lewis, and the bride's grandfather, Lawrence Morland, both of Detroit; the bridegroom's grandparents, Mr. and Mrs. Obie Jones and Mrs. Marjorie Eden, all of the South Lyon-Northville area.

JACQUELYN WALLACE

## Engaged

Announcement of the engagement and approaching marriage of their daughter, Jacquelyn Melanie, to David Lester Kirchenbauer of Farmington Hills is made by Mr. and Mrs. Charles G. Wallace, Jr., of 1012 Canterbury Street, Northville.

He is the son of Mr. and Mrs. Lester Kirchenbauer of Van Wert, Ohio.

The bride-to-be is a 1970 graduate of Northville High School and a 1972 graduate of Schoolcraft College. She is a legal secretary with the Southfield firm of Crum, Weiss and Werner.

Her fiancé is a 1966 graduate of Van Wert High School and a 1971 graduate of Tri-State College in Angola, Indiana, where he was affiliated with Alpha Sigma Phi fraternity.

## West Novi Volunteers To Aid UF

Mrs. Myrna Henderson, 44080 Marlson, Novi, Torch Drive leader for the Novi area west of Novi Road, is being aided by three area leaders in enrolling, training and directing volunteers this year.

Campaign kick-off is next Tuesday for the 1975 drive which seeks to provide funds for nearly 140 health and community agencies in the Tri-County region, she points out.

Her area leaders are Mrs. Lou Gute of Connemara Hills; Mrs. Sharon Waack of Pioneer Meadows and Mrs. Kit McElroy of Echo Valley.

Mrs. Gute heads the drive in Area Three bound by Novi Road, Northville city limits, Beck Road and 10 Mile. Mrs. Waack, Area Two, leads the campaign in the section bound by 10 Mile, Novi Road, Napier Road and 196. Mrs. McElroy, Area One, covers the area between Napier and Beck roads, Eight and 10 Mile roads.

Mrs. Henderson cites the figure of \$36.2 million raised last year and says she and her workers will appreciate the community's support again this year toward a like figure for Wayne, Oakland and Macomb counties.

## Family Visits Newlyweds

On a fall visit to Wisconsin Mr. and Mrs. Joe Litsenberger of Northville are visiting their daughter and son-in-law and their grandson and his bride.

Their grandson, Scott A. Brown, and his parents, Mr. and Mrs. Clair A. Brown, are former Northville residents now living in Neenah, Wisconsin.

Scott claimed Patricia Ann Hoffmann of Neenah as his bride in an evening ceremony July 25 at St. Gabriel's Catholic Church in Neenah. She is the daughter of Mr. and Mrs. Ralph O. Hoffmann of that city.

They were classmates at Neenah High School-Armstrong Campus from which both were graduated. She now works at Neenah West Bank. Her husband, who attended Northville High School before moving to Wisconsin, attended University of Wisconsin-Oshkosh campus and now works for Choice Beverage, Incorporated.

The couple exchanged vows and rings in a candlelight mass with Father Michael O'Rourke officiating. The altar was decorated with an all-white floral arrangement with candles at the pews.

The bride wore a long, cape-sleeve gown of antique white knit with a short veil for the ceremony and carried an arrangement of white roses,

baby's breath and trailing ivy.

Jean Knefel, honor maid, and the bride's sister, Mrs. Charles Luebke, bridesmaid, wore long, pale peach gowns in white-and-aqua floral print and carried bouquets of aqua-colored daisies.

Duane Casey Brown was his brother's bestman. Kenneth Klemm also attended the bridegroom. Ushers were James Hoffmann and Charles Luebke.

Janet Long and Jeff Mosurjohn, soloists, and Jim Bodenheimer, guitarist, presented music which included "Wedding Song".

A reception followed at the church with the 100 guests including friends from Michigan, New York and Wisconsin.

After a wedding trip to Minneapolis, the newlyweds have been living in their apartment in Neenah. Scott also is the grandson of Walford Brown and the late Mrs. Brown, former Northville residents.

MR. AND MRS. GLENN JUSTICE

## Around Northville

Ted Strasser will be introducing Northville Town Hall's first speaker, David Frost, as he leads off the new season at 11 a.m. this Thursday at the Plymouth Hilton Inn.

Strasser is a Highland Lakes resident and host of WJR's Patterns in Music program.

A near-record attendance is expected for this season's town hall as 714 tickets had been sold by the first of the week.

A family dinner marked the 80th birthday of Mrs. Grace Redner, Piepho of Farmington, chairman of the board of General Filters, Incorporated, of Novi, who retired as president of the firm about six years ago.

On her birthday, September 17, her oldest daughter and her husband, the William B. Forrestis of Orchard Lake, entertained in her honor.

Attending were her husband, Edward Piepho, and another daughter and her husband, the William Millers of Brighton, her sons and their wives, the Roland Redners and the Robert Redners, all of Orchard Lake.

Legal questions of interest to senior citizens will be answered at the next meeting of the Northville Senior Citizens Club at 7:30 p.m. Tuesday in the city council chambers.

Northville attorney Donald Severance will be the speaker.

Orient Chapter Past Matrons will hold its annual meeting with election of officers for the coming year at 7:30 p.m. next Wednesday at the Northville home of Mrs. Hugh Babbitt.

Heide Crissey, member of the Northville chapter of the League of Women Voters, has been named United Nations Day chairman by the Northville City Council.

## Over Sewer Rate Increase

## Daley, Campbell Clash

Mayoral candidate Louie Campbell Monday night charged that politics were involved in a battle by Mayor Robert Daley against a sewer rate increase for the Huron-Rouge system approved by the council over a month ago.

"If you're going to have a fry Lou Campbell night then I want to be there," said Campbell from the audience after the council held over the matter for a report from the city engineer.

Campbell was a member of the Sewer, Water and Road Committee which recommended a 38 percent rate increase to the council. Campbell resigned from the council to run for Mayor November 4 against Gilbert Henderson and thus was unable to participate in the discussion by council Monday night about the rate increase.

suggested that the fund should be increased \$3,000, \$4,000 or \$4,500, there wouldn't be any problem."

Daley contended that the increase was so large that such a surplus would be built up that today's users would end up subsidizing people who start using the system in the future.

"It's coming right out of the pockets of our residents, don't forget," said Daley.

Daley noted that according to the city manager, only \$1,500 in maintenance during each of the last three years had been necessitated. "And now you want \$34,000 a year, nearly 25 times as much."

Councilman Philip Goodman contended that the city certainly needed to

increase the \$20,000 surplus for emergencies that the fund had attained in the past seven years.

"The simple fact that you haven't had a major repair doesn't mean you won't need it," stated Goodman who pointed that repairs can easily run \$10,000 per failure of the system. He stated that the only way in which it could be known if the new increase would bring in too much surplus for emergency purposes would be to have the city engineer do a study on the likelihood of problems within the system and the probable cost of repairs.

"I don't think anyone on the council can say what the disaster would be to the general fund at this point if there is a failure of the system," said Goodman. "I

don't believe \$1,500 (maintenance costs per year in the past) is a good figure on which to base the fund."

According to City Manager Ed Kriewall, the city engineers have already been asked to study the problem and make a recommendation. Because the new rate has already gone into effect on the sewer bills, any rate decrease would entail a cost to the city in changing over of the bills to customers.

The city engineers are to report back to the city as soon as the report is completed and the matter will be put back on the agenda for the next council meeting.

Campbell told the Novi News after the meeting that "In order to have a viable sewer system, it requires certain maintenance. The

only maintenance our system has received since the system was built was when there was a break. There has been no preventive maintenance.

"Not one time has he (Daley) asked when it (sewer system) was cleaned. It hasn't been since it was put in."

Campbell added that the sewer system had not been receiving any money for administration and that administrative costs have been paid from the water fund.

Campbell commented that he considers the mayor's attack as a political tactic. "I wish I knew (why he is doing it). I haven't supported the mayor in every one of his endeavors. As far as I'm concerned, I'm not going to get in a contest with him."

## T-Shirts, Park Are Projects

## Bicentennial Plans Set

The bicentennial may be almost 10 months away but the Novi Bicentennial Committee has already made plenty of progress toward the 200 year celebration.

The committee will meet at 8 p.m. Tuesday, October 14 in the high school cafeteria and at that time will be selecting the winning logos from among entries from Novi elementary students. The logos will be used on T-shirts as well as bumper stickers.

According to Fred Breitberg, President of the Bicentennial Committee, the top logo will be selected from each of the three elementary schools and some T-shirts made available with each. A combination T-shirt and bumper sticker package will cost \$5.

The bicentennial committee (the Novi Jaycees coordinating committee) also has a number of other projects in the formative stages. Besides a give-away contest money raiser, the committee hopes to: decorate fire hydrants; put in 75-100 movable planters in downtown Novi; give away trees to residents; and make arrangements with the Farmington Four theatre to show bicentennial films at a nominal cost.

Most of the projects have received good response. Two projects mentioned at Monday's council meeting were purchase of a "showmobile" (a portable stage on which local bands could perform at one of the area parks) and establishment of a bicentennial park.

According to Breitberg, no decision has been made on which one of the parks will be designated as a bicentennial park.

Breitberg estimated that the committee will have to raise more than \$20,000 to accomplish all its plans and the city has already sent appeals to local businessmen for funds. First contributor was

Kaufman and Broad which gave \$200 to the committee.

The council Monday also handed the bicentennial committee \$500 to be used as seed money for its projects.

"For the committee to be a success, we need the cooperation, work and help of the other organizations and individuals in the community," said Breitberg. "It's not a small undertaking."

New Site Ready  
For Haunted House

"Satan's Crypt" is being readied.

The Novi Jaycees are sponsoring their fifth annual haunted house and plans are underway for a better-than-ever journey into the unknown. This year's ghastly delight will have a new location on Novi Road at 12 Mile Road. The house will be landmarked by the presence of a towering monster.

The hair-raising sights and sounds can be witnessed Thursday, October 23 - Thursday, October 30. Weekdays, the house will be open from 7-11 p.m. Saturday,

October 25 and Sunday, October 26 the "Crypt" will be open from 2-11 p.m. Admission this year is \$75 per person. A special reduced rate of \$50 per person is being offered between the hours of 2 p.m. to 6 p.m. on Saturday, October 25.

The haunted house is the major fund raiser for the Novi Jaycees with proceeds enabling them to continue their community service projects.

Refreshments will be sold by the Novi Jaycee Auxiliary. For information on group rates, call Pam Balagna at 349-7705.

**CANINE CORPS**—Wixom officer and trainer Roger DeClercq is flanked by police dogs Tara (left) and Kojak. Kojak has recently returned to action following a bout with heartworm while Tara is Wixom's latest recruit and is going to be trained to sniff out explosives.

Kojak, Tara Strengthen  
Wixom 'Canine Corps'

When Kojak contracted heart worms a few months ago, there was little optimism for his recovery among the officers of the Wixom Police Department.

As a topnotch police dog, Kojak had gained the admiration and friendship of the police officers, as well as the youngsters throughout the community who had met the 2½ year-old German Shepherd. Unfortunately, heart worm is usually fatal and the chances of Kojak's recovery were questionable even though Wixom Mayor Dr. Val Vangieson, who had reportedly never lost a patient to heart worm, doctored the animal.

Now, a few months later, Vangieson says, that "I think he's pretty much recovered."

"He came back healthy and strong," notes officer Roger DeClercq, Kojak's trainer and owner. The recovery came despite a relapse to what Vangieson believes may have been tonsillitis.

"Now that we have him back, we'll be able to start on narcotics," says DeClercq. "I was going to start him about the time he came down with the heart worm."

The trainer says that when training is completed, Kojak "will be able to sniff out narcotics, heroin, pills. He'll show where they are by either barking or scratching."

DeClercq says he has run into a problem with animal lovers who "think you shoot the dog with heroin and get him addicted

and that's the only way they smell it. We don't addict the dog to narcotics. I don't even let them pick it up."

DeClercq says that Kojak's ability as a narcotics sniffer will definitely help out in Wixom. "If, for instance, we have information that narcotics might be at a certain place, he can sniff it out where we might not be able to find it. It could be in the ground, behind a wall, in the hubcaps of a car or hidden in a suitcase."

It appears, however, that Kojak will soon not be the only police dog in the Wixom department. Tara, a three year-old German Shepherd donated to the city by a resident of Wixom, is expected to join the force. Tara will specialize in sniffing out explosives.

While DeClercq says there's a possibility Tara may be pregnant, "If not, then she'll go through training — obedience, protection, tracking — and then into explosives."

DeClercq says that Tara's ability to sniff out explosives could be a real boon to the area.

"We on occasion have calls of bombs being in schools. She will be able to check out any bomb threat. Where it might take three, four, or five men, she can do it a lot quicker and keep people from getting hurt," adds the trainer.

With the recovery of Kojak and the addition of Tara, Wixom's "dog patrol" may well be one of the best in the state.

## Of \$3.75 Million

## Board Sets Budget

A \$3.75 million budget was approved unanimously by Novi School Board last Thursday following a public hearing with only one person in the audience.

The budget shows anticipated revenue of \$3,715,706 while expenditures are expected to equal \$3,754,081 causing a deficit for this school year of \$38,374. According to the administration, the deficit will be made up through use of the fund equity left from previous years. At the end of the 1975-76 budget year, the fund equity will equal \$202,000.

There were no major changes in the final budget when compared to the preliminary budget. The final budget, however, indicates more closely the funds expected because the school district now knows the number of students on which state aid will be figured, (2,783).

However, Assistant Superintendent Dr. William Barr warned the board that up to \$37,000 could be lost from the state if the governor, through executive order, lowers state aid by one percent to all schools to balance his own budget.

On the revenue side, the school district expects \$3,282,195 from local sources, which includes property tax of \$3,179,695. Revenue from intermediate sources will

equal \$62,500 while revenue from state sources is expected to bring in \$314,871. The school district also expects \$56,140 from federal funds distributed through the state.

This year's expected revenue of \$3,715,706 compares to a figure last year of \$3,382,273.

On the disbursement side, total instruction costs are expected to be \$2,681,673

compared to \$2,414,090 last year.

Other costs for this year are: central administration, \$181,464; health services, \$1,500; transportation, \$153,000; operation of plant, \$364,280; maintenance of plant, \$95,033; fixed charges, \$205,433; capital outlay, \$5,000; community education, \$45,698; student services, \$21,000.

## For Middle Schoolers

## Okay Student Trips

Approval by the Novi School Board for extra-curricular trips was given last Thursday despite fears by trustee Robert Wilkins that some youngsters will not be financially able to attend and that the board has not come to grips with the policy for extra-curricular trips.

Specifically, the board approved a three day trip for eighth grade students to Washington, D.C. Thursday, May 6 - Sunday, May 9. It also approved a one day trip Friday, March 19 for sixth grade students to Toronto and the Science Center.

Both trips were approved 4-2 with members Jim Helmer, Gilbert Henderson, Ray Warren, and Sharon Pelchat in favor. Joel Colliau and Wilkins were opposed.

Wilkins indicated disfavor with the trips because, he said, some youngsters could not afford the trips. He said that negating the good points for the 100 youngsters who can go are "the two or three who end up mentally scarred because they can't go".

"I know there are some parents for which this (trip to Washington D.C.) represents one week's take home pay. We have some people out there who are glad just to have a job," added Wilkins.

Colliau stated, "I do not believe the policy of the board should be to endorse trips of this distance and cost where all kids cannot participate."

The Washington D.C. trip will cost youngsters \$104 while the Toronto trip will cost pupils \$17.

According to Gary Kelly, Middle School teacher and one of the organizers of the Washington D.C. trip, approximately 25 percent of the cost of the trip can be gained through fund raising. In addition, he said, the school does seek out the students who cannot afford to go and uses Title I monies to pay for the trip. Last year, six students were financed through Title I funds, Kelley said.

Wilkins said that the board had to come to

**SOLVES BURGLARIES**—Four burglaries over the past year have apparently been solved by Novi detectives thanks to a tip from a Novi resident on the whereabouts of several guns taken in those burglaries. Novi

Detective Sergeant Gordon Nelson looks over the shotguns, rifles, a pistol and other items taken from two homes in Novi and two in Lyon Township. For details, see story in Novi Blotter, page 6-C.

# Attempt to Stop Election Fails in Court

Continued from Record, 1

Concerning the Midland case, opponents and proponents of annexation in

several related cases — including those involving Novi and Brighton, see it as a possible landmark decision. Nevertheless, most of them,

including spokesmen for the State Boundary Commission, predict the case will go to the Supreme Court before the issues are finally resolved.

Meanwhile, most of the other outstanding annexation lawsuits have been treading water pending the outcome of the Midland case.

By moving for a partial summary judgment, Jacques in effect is asking the court to rule on two of the several allegations stipulated in his briefs. In layman's language it means, if he is successful, his clients could win the entire case by gaining partial victory. And, if unsuccessful, it means that while his clients lose a couple skirmishes they have sufficient ammunition left in their lawsuit to continue the fight.

Either way, the plaintiffs risk nothing.

Basically, the two key points Jacques is making in seeking partial summary judgment are:

1. The court in another annexation case ruled that criteria of the boundary commission was improper and therefore the court should do the same in this case.

2. The court in another annexation case has found that the title of the boundary commission act was unconstitutional and therefore the court should do the same in this case.

Concerning the scheduled October 14 annexation election Jacques admitted that it was his own clients who asked for the election. Nevertheless, he argued, that the holding of the election at this time "would further confuse, disrupt and seriously hinder the efficiency of and functioning of the Township of Northville as well as the City of Northville."

Referring to an article in The Record, he suggested that the reported offer of the city council members to resign is confusing and that it would become even more confusing if the election is held.

(City council members and members of other city boards have pledged to resign, should annexation become a reality, to permit an election and appointment of new officials to govern the united city and township).

Counsel for the boundary commission, Assistant Attorney General Craig Atchinson reminded the court that it had by an order of November 25, 1974 permitted the filing of petitions for the election. Furthermore, he noted that the court subsequently had permitted the state boundary commission to validate the petitions and to order an election.

## Slate Second Annexation Election Tuesday

Continued from Record, 1

Annexation would mean the abolishment of the existing township government.

The sequence of events leading to next Tuesday's election are these:

- Annexation was defeated in 1973.
- On March 7, 1974 — two years after the original annexation petitions were filed — petitions were again submitted to the State Boundary Commission asking that the two communities of Northville be unified.
- Early in August, 1974 the Boundary Commission set a public hearing on the annexation question for September 10, 1974.
- On October 31, 1974 — following the public

hearing — the boundary commission meeting in Plymouth voted unanimously for annexation, which was to become effective on December 31 unless citizens petitioned for an election.

• On November 8, 1974 six township residents filed a lawsuit against the boundary commission and a temporary stay was issued which, on November 25, was modified to permit the filing of petitions for an election and to permit an election to be held.

• On December 2, 1974 petitions were filed with the boundary commission asking that an election be held in the township on the annexation question.

• On June 25, 1975 the State Boundary Commission, after having validated petitions some time earlier, set the election for October 14.

**PANCAKE TURNERS**—Donning aprons to promote the annual Northville homecoming pancake supper at Northville Presbyterian Church are the Reverend Lloyd Brasure and Carl Stephens. Men of the church will serve

pancakes and trimmings from 5 to 7 p.m. this Friday before the annual float parade and football game. Tickets will be sold at the door with the community invited.

**NEW OFFICERS**—Outgoing President Chuck DeLand (left center) presents the gavel of presidency to the new head of the Northville Kiwanis Club, Bob Schron. Other newly installed officers are Hugh Lockhart (right), first vice-president, and Robert Massel, secretary. The club meets each Monday at 6:30 p.m. at Northville Charlie's on Seven Mile Road.

## PTSO Focuses on College

About 100 parents, teachers and students attended the PTSO general membership meeting on September 24 for the group's "Meet Your Administrator" program.

The three Northville High School administrators, Michael Tarpinian, principal, and Barbara Campbell and Ed McLoud, assistant

principals, answered questions from the audience concerning the high school.

Superintendent Raymond Spear and Assistant Superintendent Florence Panattoni handled questions directed to the central administration. Although membership in PTSO has increased this year, an even wider participation would add to the effectiveness of the group and better represent the concerns of the community, Richard Bohn, PTSO president, said.

The PTSO executive board met October 1 to discuss the next general membership meeting set for November 12. The program, "College Night," will focus on college preparation and choice. The executive board also voted to form study groups in the areas of curriculum and

the ESY-TSY programs. Executive board meetings are held the first Wednesday of each month and are open to all PTSO members

## Parents Tour 'Meads' Thursday

An open house is planned for all Meads Mill parents tomorrow (Thursday) from 12:30 to 2:30 p.m. at the school.

Parents are asked to meet

in the school cafeteria and from there will have an opportunity to tour the school and see the students in classrooms.

Following the open house, a

question and answer session will be held in the cafeteria with Principals David Longridge and Michael Janchick. Refreshments will also be served.

Parents will also be able to sign up to help at Meads Mill to help supervise during the lunch hour and during times when students are being bused to and from the school. A request was made for volunteers because of the crowded conditions of the school.

Those wishing to help may call Meads Mill at 348-2620 or Edie Pegrum at 349-7219.

### Novi Charter

### Topic of Talk

William Carter, a member of the Citizen's Research Council, will speak on revising the charter at the Tuesday, October 14 meeting of the Novi charter commission. The meeting will be held at 7:30 p.m. in the Novi School Administration Building.

The public is invited to attend.

## Postal Service Offers Cards

### It's Easier to Complain

Beginning the first of this month, a new Consumer Service Program is being introduced at the Northville Post Office and at other offices across the nation to encourage mail users to register problems with their mail service.

The service, announced by Northville Postmaster John Steimel this week, is designed to improve and broaden the quality of mail service nationwide.

To make it easier for a customer to make a suggestion or register a

complaint about postal service a new consumer service card is available from letter carriers and at the post office, Steimel explains.

The card actually is two large-size postal cards with carbon paper between them. One copy goes directly to Steimel, he says, so that he can begin to work on the problem, and the other goes to postal service headquarters in Washington, D.C., for cataloging and analysis.

The card is designed to take no more than two minutes to fill out with boxes to check

indicating type of mail (letter, parcel post, newspaper or magazine), how mailed (first class, air mail, insured, etc.) and what was involved (delay, non-receipt or damage.)

There is space for sender's name and address and his comments.

The cards are coded with reference numbers for further checking.

In addition, local postmasters and their staffs are ready to discuss any problems, such as lack of courtesy, irregularities in deliveries or collections, collection box convenience and postal office hours.

"We want you to come to us with your problems," Steimel emphasizes, "for the whole spirit of this service program is bringing your problem and gripes out into the open where we can attempt to resolve them."

"The cards will help management spot problem areas and trends and take corrective action if necessary," Steimel adds. Steimel urges customers in Northville to bring their inquiries and complaints to the attention of postal managers. If people feel their problems have not been handled properly, he asks that they see him personally.

The new Consumer Service Program is designed to reflect Postmaster General Benjamin F. Bailar's determination that mail services to the public will be "friendly, courteous and efficient as well as speedy and reliable."

"Good service is a far broader concept than just fast mail handling, as important as that is," he says, noting that "it also is built on employee courtesy, our responsiveness to customer needs, the sympathy and understanding we bring to your own expectations of what good postal service is all about."

The new program was tested earlier this year in Illinois, Massachusetts, Arizona and Rhode Island.

Postal customers in the test found the cards easy to complete and most complaints were resolved to the customers' satisfaction, Steimel reports.

## High Utility Bills

### GOP Topic

Why utility bills keep rising will be discussed at the October meeting of the Greater Northville Republican Club at 8 p.m. October 16 in the Northville school board offices.

The speaker will be William Carlson, superintendent of energy consulting services of Consumer's Power Company.

Mrs. Hugh Sutherland (left) and Mrs. John Dugan display auction art

## Benefit Mixes Champagne, Art

A champagne preview will precede the benefit art auction slated by the Northville Jaycee Auxiliary for 9 p.m. October 27 at the Mill Race Historical Village library.

Mrs. John Dugan and Mrs. Edward Worth are co-chairmen for the event which will feature oils, watercolors and graphics from Fred

Grossman Gallery Art Center in Berkley.

"Everything will be on view beforehand and will be framed or matted," explain the sponsoring Jayceettes.

If a mat isn't appropriate for the buyer's decorating, it may be changed by taking it to the gallery, they add. Original works of Detroit area artists, including sculpture, will be included.

In addition, say the sponsors, no bidder ever pays more than what would be retail price for a piece in the auction. When retail is reached, they say, bidding is stopped.

There will be printed programs that guests can consult while looking at the displays during the champagne preview from 8 to 9 p.m.

Tickets for the auction are on sale at \$1.50 each now at the Banbury Cross shop. For added information call Mrs. Hugh Sutherland, 349-7027, or

Mrs. Joseph Sinkwits, 348-1262.

## Club Schedules

### Craft Auction

Members of the Western Suburban Junior Woman's Club are thinking toward Christmas as they announce two upcoming projects, a craft auction and the annual pine cone wreath workshop. The club's annual craft auction will be held at 8 p.m. Monday at Sword of the Spirit Lutheran Church as part of the October meeting. Crafts to be auctioned all are made by hand by members.

Proceeds will be donated to the Michigan Association for Children with Learning Disabilities. Refreshments will follow the auction. Members are invited to bring a friend.

The club's popular pine cone wreath workshop will be held at 8 p.m. on the evenings of November 4, 5 and 6 at Plymouth First Presbyterian Church. Members will demonstrate wreath making and help those attending make their own wreaths.

Different members are taking reservations for each of the workshops.

To register for the Tuesday, November 4, session, call Mrs. Carole Dunn, 455-0402; for the Wednesday, November 5, session, call Mrs. Judy Trexler, 453-9335; and for the Thursday, November 6, session, call Mrs. Diane Ramsey, 453-2213.

Workshop profits are used for philanthropic works of the club, which is an affiliate of the Michigan Federation of Women's Clubs.

# Overcrowded Schools Put Hope in Millage Approval At Winchester

By JOHN BOZZO

Winchester Elementary School Principal Milton Jacobi said that it was just like moving a family to a new home and finding out there are extra children to care for when he opened the doors to the Winchester school this fall.

He was still filling the building with furniture and the playground with equipment and was not really ready for more guests than 439 Winchester students and their families.

Then on August 25 the Northville Board of Education made it official that he would have to accommodate 351 more children and their families and the staff from the Silver Springs Elementary School.

The move was made necessary by a recent millage defeat which forced the school board to slash about \$225,000 from its budget. About \$150,000 of that money was cut to pay for a deficit from the previous year.

Silver Springs Elementary School was closed after being open only three weeks for its year round students. Both Silver Springs and Winchester schools are new buildings dedicated just last spring.

Also closed were Main Street Elementary School and Cooke Middle School.

Silver Springs Principal Nancy Fieldman was able to keep all but 60 kindergarten students together by moving the students to the Winchester building which now houses two children from elementary schools.

Mrs. Fieldman said she considered it better in the long run for the program she developed if the student body and their teachers were kept together.

After the school board action there were only two days to prepare for the beginning of classes and complete all the moving required.

Both principals last Thursday said they are just now getting to near normal operations.

However, both principals indicated that there will be even more problems if the second millage election, scheduled for November 6, does not pass.

Mrs. Fieldman said one of the reasons that keeps her Silver Springs staff going is the hope that the second millage will pass. She said her staff of 11 teachers had worked very hard with parents to develop a program.

"With the move everything fell apart," Mrs. Fieldman said. "I couldn't get things organized enough to get out of

the office during the first few weeks."

Mrs. Fieldman said that class sizes which were supposed to be at a student teacher ratio of 27 to one, are now at about 36 to one.

Jacobi said that all the last minute budget moves will hurt the quality of education in Northville.

"Both Silver Springs and Winchester were built for individualized instruction," Jacobi said. "One effect of all these things is that the evolution of the development of the concept of neighborhood schools is hampered."

Jacobi also explained some of the physical problems of merging the two student bodies into the Winchester building.

"When the other school moved in we lost a lot of space that we were hoping for," Jacobi said.

Special areas were planned for woodworking, science, cooking, reading, and a professional center, Jacobi said. All these plans had to be shelved.

Formerly there was a teacher for art, music and physical education in all the schools, Jacobi said. Now there is one teacher for each subject for all the schools.

When the art teacher gets to Winchester at the end of

October the class will be held in a hallway. The physical education teacher had to share the gymnasium with another class. Administrators are still wondering where to put the music class when the teacher arrives.

Also, with the teachers coming and going, there is no continuity in those programs.

Since Winchester was intended as a neighborhood school, there is not adequate space for the busing of all the Silver Springs children.

Playground facilities were planned for 500 students. Combined, the enrollment of Silver Springs and Winchester is 790. Administrators said Winchester's capacity is 750.

Other problems include not enough space for coats and boots, inadequate parking, and insufficient supplies of books and films in the media center which was intended for use by 450 children.

Mrs. Fieldman said that if the second millage does not pass they may bring the Silver Springs library materials to Winchester.

She added that all the staff, including the maintenance people who did the physical moving of equipment, have done a fantastic job, considering that there were so many things to do in such a short time.

## At High School

By JOHN BOZZO

When 600 people jammed Northville High School's auditorium to protest the budget cuts which closed down two elementary schools and one middle school, only one person presented a plea on behalf of the high school.

Those budget reductions included a curtailment of programs at the high school which was already plagued by overcrowding and physical plant problems of its own.

High School Principal Michael Tarpinian said, in an interview with a Northville Record reporter last Thursday, the eventual solution may be split shifts at the high school or moving the freshmen to the middle schools.

Any such decision would have to be made by the Northville Board of Education. Until something is done 1579 high school students are being taught in a building with a

capacity of 1400 students.

Programs and operation of the high school were further hampered by August 25 budget reductions.

Five teachers were cut from the high school staff and 40 sections of the curriculum were closed.

School halls and the cafeteria are crowded, students have no study hall room in which to spend their lunch or free period, and lockers designed for one person have to be shared by two.

Besides all that the roof leaks.

"One effect on curriculum was the eliminating of some sections in what I think are critical areas," Tarpinian said, "in the world of work, career education, preparing the kids for the world of work."

Tarpinian explained that reductions have been made in the auto shop, welding and electronics programs. There

was also a cutback in home economics from two teachers to only one section. Business education, typing, and shorthand classes were also reduced.

With the number of students increasing and the teachers decreasing, class sizes have been rising and are now at the 30 through 36 levels, Tarpinian said.

If the second millage issue, scheduled for November 6, also fails, most of the extra-curricular activities also would be deleted from the high school program, he said. Only private donations kept the extra-curricular activities going through the fall.

Tarpinian said one possible solution to the overcrowding at the high school is a split shift which, for example, would require attendance by the juniors and seniors during the morning hours and the underclassmen in the afternoon.

Personally, Tarpinian does not like that solution. He has previously taught at Detroit schools Cody and Finney during a time when such a split shift program was in progress.

"I've had that situation where the kids come and go and it's like a factory," Tarpinian said. "There's no spirit. The kids feel they have no real tie to the school because they are ushered in and out for convenience sake."

He added that if the millage were passed another possible solution could be to teach the ninth grade students in the middle school.

"What's hurting us also is that because of lack of funds our maintenance program is suffering," Tarpinian said.

He said besides the roof the building needs a paint job inside and should be sandblasted on the outside and just generally spruced up.

## Millage Request Set at 2.6

Continued from Record, 1

Hugh Lockhart, in a statement to the board which he said represents the views of about 30 people in the Main Street School area, said that the group strongly supports the new millage request.

The group also supports the reopening of all the Northville schools, he said, but asks that the board reopen Main Street Elementary School next September, after making improvements to the physical structure of the building, instead of reopening it after

the millage is passed.

Finally, the group supports the hiring of a financial manager for the school district, Lockhart said.

Spear said that there is about \$80,000 from a 1972 bond issue available for renovation of the Main Street School.

Nieuwkoop emphasized that the board should stick to its previous commitment to reopen all Northville schools if the second millage passes. However, he added that the board should poll all the parents of students who would

attend Main Street to see if a majority would want the building improvements.

In setting the millage request at 2.6 mills, board members emphasized that the additional \$70,000 lost in revenue (state aid and state equalized valuation) following last August's election "makes the difference between asking for 2.6 mills and asking for less the second time around."

Spear added that the "2.6 won't put us on easy street and we still will be operating

on a tight budget. But the additional 2.6 mills will allow us to open all schools."

Trustee John Hobart said that State Representative R. Robert Geake has said he believes there will be an across the board revenue cut early in 1976, similar to that made last year.

At the end of Monday night's meeting, a Meads Mill teacher in the audience asked if the board had given any thought to ideas of relieving crowded conditions in the schools if the second millage request does not pass.

Spear said that "those kinds of considerations have been made but I do not think that it is proper now, in the light of a second millage request, to discuss such ideas."

He noted that in the past, the board and administration have been accused of blackmailing voters by announcing cuts should millage requests be voted down.

## Frid Resigns

Sid Frid, long time member of the Northville Board of Appeals, has resigned because of reasons of health.

Appointment is expected to be made soon by the council, following recommendations of the appeals board for a replacement.

Frid's term on the board officially expires July 1, 1977.

## Open Space Concept Lost

Continued from Record, 1

adjacent classrooms which may be showing movies or listening to speeches. And there's a built-in problem with keeping the attention of students in a math class when the social studies class next door is viewing a movie.

Ideally, Longridge believes, the school with its open spaces, would have worked out beautifully "if 500 students had been placed in the building with teachers and the school was allowed to grow."

But the millage defeat changed all that, throwing all 1,048 students into the building. It's causing problems for students, "good kids who have never been in

trouble before," Longridge said. "They've got nothing to do and are getting into trouble. The other day they stopped a train on the track near the school."

Through it all, there is an element of team spirit and hope. About one-third of the students are wearing jerseys bearing the Meads Mill name and school colors.

"The teachers have been tremendous," Janchick commented. "The hope that the millage will be passed on November 6 is the only thing that is holding the school together."

Teachers and students are all trying to make the best of the situation, hoping it is only temporary.

Superintendent Raymond

Spear added that the current situation at Meads Mill "leaves considerable to be desired. Working conditions and the learning environment are both strained. But we're getting the best from both teachers and students that we can expect and the teachers and students will have to live with the strain until the millage is passed."

And plans are already underway to have Cooke Middle School open on November 10, the Monday after the millage election, if the millage passes.

If the millage does not pass, Spear explained that there is "no possible way to open Cooke. We must have the millage to open other schools in the district."

# They Give Views on Township Annexation

## For Annexation . . .

Submitted by Township Supervisor Betty Lennox and Dr. George Berquist, Chairman of Citizens for a Unified Northville.

We strongly urge a "Yes" vote for the unification of the City of Northville and Northville Township. In the election two years ago this issue was defeated by a narrow margin of 146 votes. We hope this will not happen again.

Since that defeat, Northville Township has been struggling to survive financially. There have been constant demands upon the Township to provide increased police protection for numerous areas of the Township. We have had very specific problems in the area of "Beer Hill" which is next to King's Mill, and at Highland Lakes, and more recently the intolerable (our own Police Chief's opinion) situation involving the walkaways from the Northville State Hospital. What we must do is take care of the problems in our own backyard with our own resources because it is quite evident that the County and the State have other concerns which have a greater priority.

We currently have several cooperative ventures with the City. One wonders how long the Township can afford to remain in that partnership arrangement because of its diminishing ability to pay its way. The most recent incidence of the Township being unable to participate on a cooperative basis was the City of Northville's Senior Citizen Housing program. This is a clear-cut example as to the disadvantage that is suffered by all of the people of Northville by not being in one governmental unit. If annexation becomes a reality, we can hopefully participate in this project.

If annexation does not pass, there will be increased demands upon the Township for its participation in library, recreation and firefighting. The Township will not be able to afford to stay in these programs and will either have to discontinue them entirely or figure out how to pay its own way. Statistics have proven that if the Township goes it alone, the millage needed to maintain proper police, fire, recreation and library programs will most certainly cost almost twice the amount of millage as it would if we were to join with the City of Northville.

As it has been noted many times before, there have been numerous independent studies by the Citizens Research Council, the University of Michigan, the League of Women Voters and a consultant hired by both the City and the Township; all affirm that one government would be more economical, efficient and responsive than two.

If we become a new city, we will have the following: immediate around-the-clock police protection by fully-trained policemen, an already fully-paid-for City Hall, Police Station and Jail, DPW garage, equipment and grounds, immediate municipally paid trash, rubbish and garbage collection. The latter service would eliminate the need for privately contracted services, a cost which has gone up considerably in the last year for most people. Township citizens are paying from \$36 to \$48 per year which in many cases is an average of two to three mills per household. We would have a voice in control of development of downtown Northville and other

Dr. Berquist

Lysinger

Lennox

Dr. Swienkowski

sections of the existing City and Township. Other benefits are: elimination of costly duplications, locally controlled, more efficient and all around superior maintenance of streets and roads, dust prevention and snow removal, non-partisan local government, a model city's charter that may be changed by the voters and an opportunity to immediately vote into office all new city councilmen.

Exhaustive studies have concluded that annexation will result in an increase of not more than four mills in the Township tax rate. For the average Township property owner, this means a net increase in taxes of \$50 per year. In many cases (those who are retired or who have property with a low tax valuation) there could be no millage increase. The tax rates of the school district, Schoolcraft College district and the County are unaffected by annexation.

We urge you to read carefully what those who oppose annexation are saying. Their position and policies will, in effect, hinder the orderly growth and development of Northville Township to a point where it will become stagnant, ineffective and unable to cope with its problems. It will be unable to control outside developers who will constantly be instituting lawsuits against the Township (there is currently a lawsuit against the Township involving the Six Mile-Sheldon Rd. area which will cost the Township an estimated \$20,000 in legal and \$5,000 in consultant fees over a three-year period). Should other developers institute action against the Township, it will be unable financially to do a proper job of having legal representation to defend those lawsuits.

The time to develop the proper governmental structure to handle the outside forces which are constantly draining the coffers of Northville Township is now. Let's get the most for our citizens from our tax dollars. Those of us in favor of annexation want what is best for the Northville community. We live here. Many of us have lived here many years and have come to this conclusion after thoroughly examining all of the facts. We feel that after examining the facts you will come to the same conclusion and will vote "Yes" on October 14.

## City Buys New Patrol Car

Purchase of a new police patrol car at a cost of \$4,239.58 has been authorized by the Northville City Council.

The car, an intermediate size vehicle (Pontiac-LeMans Enforcer), is to be purchased from Bruce Craig Pontiac of Plymouth. Bid price of the car was \$4,619.90, minus a trade-in of \$650, making the net price \$3,969.98. The purchase price was increased, however, with the installation

of remote control spotlights on the front fenders.

Next lowest bid for an intermediate size car, with trade-in, was submitted by Stu Evans Lincoln-Mercury at \$4,251.14.

Purchase of the LeMans Enforcer was recommended by Police Captain Louis Westfall.

## Against Annexation . . .

Submitted by Mark Lysinger and Dr. John Swienkowski for the Northville Township Boosters. Dr. Swienkowski is also a township board trustee.

We welcome the opportunity to express our views on the annexation election to be held October 14. Contrary to the message constantly presented to residents, we are not "Anti" anything. We are proponents of strong township government.

The real question the voter must ask is, "For an initial increase of 4 to 5 mills, will there be any improvement in the following services? — Fire and police protection, recreation, library, water and sewer service." The answer in each area is "No", with the possible exception of one additional police car.

All published data favoring annexation makes clear that the new millage rate is to only maintain the present level of services. Any improvement in these services can only increase the 4 to 5 mills anticipated.

The increased millage will provide for municipal trash pick-up, although not immediately. Annexation would replace private enterprise with municipal inefficiency. A recent Free Press poll of Detroit and suburbs shows that 91.5 per cent of those receiving municipal garbage pick-up feel private enterprise would do a better job!

In view of the above, what will the township resident receive for an extra 4 to 5 mills? Unfortunately, he will receive only municipal trash collection and one patrol car.

The voter has been told by the annexationist that tremendous savings would be experienced if annexation occurred. What they fail to tell the voter is that the high fixed cost of the city and the hidden costs to the township of this new city more than offset any savings.

In the current City of Northville budget, there are fixed costs for running the present city of approximately a quarter of a million dollars, which cannot be eliminated or reduced by annexation. Township residents would be paying more than one mill for fixed costs from which they derive no benefits.

Why haven't annexationists informed the township residents of the hidden costs of annexation? One significant example is in the area of water and sewer funds, otherwise known as "the million dollar give-away". The township currently has on deposit, funds in excess of one million dollars to back-up the operation of the water and sewer department. Historically, revenues equal expenditures. In the current City of Northville budget, funds have been borrowed from the Public Improvement Fund to balance the Water and Sewer budget. One must wonder why these facts have not been presented to Township residents.

What are some of the further hidden costs of a combined city? What will be the ultimate cost to the taxpayer for senior citizen housing; the new civic center proposed by the C.T.S. Committee; the proposed new library building? Not only construction costs, but operational expenses must be covered. We feel these are admirable objectives, but are they in fact, top priority items for Township resident tax dollars?

Not much has been said to Township residents regarding any of the items we've mentioned. We can't help but wonder why! Is it perhaps by working so hard to sell annexation that the groups proposing it have created a credibility gap? As an example, in The Northville Record Supplement in May, 1973, sponsored and paid for by the Northville Community Chamber of Commerce, the following statements were made concerning a new Township hall: "This new half-million dollar complex most assuredly will become a reality" and "Proponents of Township government are hopeful unification is turned down so they can begin their empire building tomorrow."

Another example of twisted information is found in the brochure titled "Why One Northville" used in the 1973 election. On page 13, it states that the millage rate in the Township, if annexation is defeated, will go to 9.4 mills.

No buildings have been constructed, taxes have not been raised and services are still being provided. The millage rate is still one mill because of efficient management and the voters right to decide his own local taxes.

We have limited our discussion to several of the key points of the annexation issue. Space does not permit elaboration and presentation of all the issues.

In summary, we believe:

A. A careful analysis of the cost and benefits involved indicates that no significant benefits will be received by the Township resident in exchange for a significant increase in taxes.

B. Because of fixed and hidden costs, the true expense of annexation has not been told.

C. There appears to be a lack of credibility regarding information used to promote annexation.

D. Seventy-two Township residents circulated petitions calling for this important election. We ask you to vote and support strong Township government.

We urge the Township resident to consider all he will lose if annexation is approved.

**LEAVING BENCH**—Judge George E. Bowles, a member of Wayne County Circuit Court since 1957, announced that he will retire in January, one year before his current term expires. Judge Bowles, a resident of Plymouth, is well known in the Western Wayne County area and once served as a member of the board of directors of The Northville Record. Bowles has indicated he will open law offices in the Plymouth area. "I intend to be active in the practice of law, particularly, I hope, in an area where I have had extensive experience, the area of mediation and arbitration," Bowles, 60, was formerly chairman of the Michigan Labor Mediation Board, and served as the Wayne County Grand Juror in 1966-67 trying many of the one-man grand jury cases from the Bohn and Piggins grand juries. Judge Bowles and his wife, Catherine, who is a teacher in the Plymouth school system, have three grown children.

## To Seven Mile Road

# OK Silver Spring Drive Extension

The long awaited extension of Silver Spring Drive in Highland Lakes subdivision south to Seven Mile Road is on its way to becoming a reality. Northville Township Planning Commission a week ago Tuesday recommended approval of site plans for the project which will give the 670 families in Highland Lakes a second entrance to the subdivision.

Speaking for Levitt developers, Lloyd Caplan told the commission that "the intent is to complete the road this building year with the guarantee that it will be done within a year's time."

He and Larry Hahn acknowledged that the road extension has been "long in coming" and that the firm has "finally decided this is the proper thing to do" and has filed letters of credit with Wayne County Road Commission to guarantee completion.

The action was lauded by the commission, which has sought completion of a second access to the large subdivision for a long time.

In effect, the action had been forced upon Levitt last July by the Wayne County Road Commission which had notified the developer's attorney that it would not approve further development in the community until the drive was completed to Seven Mile Road.

At present the only access to Highland Lakes is off Eight Mile Road.

Planners also recommended site plan approval at the meeting for a Unit Four revision of building No. 25 on Longwood Court in Highland Lakes.

Site plan approval with reservations also was recommended for Jack Doherty for a one-story warehouse and equipment storage building at the north end of Gerald Avenue.

The approval was indicated as Doherty pointed out that another month's delay would make it impossible to begin construction in the current building year. Drainage and sewage solutions are to be approved by township consultants.

Denial of a rezoning request for a development of 52 acres to be called Cricket Corners for a multiple complex at Beck and Six Mile roads, for which a public hearing was held August 19, was recommended by unanimous vote of planners present. They were John Dugan, chairman, J.C. Bowly, James Nowka, William Bohan and Fred Philippeau.

In making the denial motion Philippeau pointed out that there still are "large amounts of undeveloped land already zoned for multiple in the township and no demand is seen for additional."

The recommendation to the township board of trustees for denial also pointed out that three feasible ways are available to develop the property under present zoning, including the new planned neighborhood development-cluster concept. The property presently is zoned R-2 (residential).

In recommending denial to the planners, township planning consultant George Vilican stated that the change to multiple which was sought "could reopen the demand for a mobile home park" which the developers originally sought.

At the beginning of the meeting a public hearing was held on an amendment to the zoning ordinance to delete

retail nursery sales from farm usage. Action was deferred until the regular October meeting (October 28).

During the hearing James Pasco of 42680 Waterford Road questioned why the deletion was being sought. He stated he now has a retail operation at that location.

A letter from Township Supervisor Betty Lennox informed the planning commission that complete water and sewer plans will be needed for submission from the Northville Plaza on Seven Mile Road as development resumes.

Study of consultants' fees for site plan review, submitted at the August meeting, is to be done at a special meeting October 15.

## Novi Awards Paving Bonds

Sale of two sets of special assessment bonds was approved by Novi Council Monday.

Council approved National Bank of Detroit's bids for \$120,000 in bonds for Commemorative Hills for street paving. National Bank of Detroit bid 6 11/8 percent on the bonds. The high bid was Detroit Bank and Trust's 7 1/8 percent.

On \$50,000 in bonds for street paving in Echo Valley,

council again approved the bid by NBD of 5.874 percent. High bid was Detroit Bank and Trust's 7.818639 percent.

According to the bonding attorney, the difference in cost to the city between the low bids and high bids over the length of the bonds was \$19,500.

The council also approved the bid of Security Colombia Banknote of \$329 for printing of bonds.

## School Board Approves Northville Tuition Rate

Tuition rate for Northville Public Schools has been established for the 1975-76 school year.

Cost for elementary students will be \$377.06 per year, up from \$337 last year, with secondary students being charged \$429.31, up from last year's rate of \$383. The tuition is based on per pupil cost and

is applied to those students whose parents are not residents of the school district.

Superintendent Raymond Spear noted that the district currently has about a dozen tuition students and all of them are from families waiting for homes to be completed so they may move into the district.

## Prosecutor Sets AAUW Talk

The October general meeting of the Northville Branch of the American Association of University Women will host L. Brooks Patterson, Oakland County Prosecuting Attorney.

Patterson will speak to the group at 7:30 p.m. Tuesday, October 14, at the Mill Race

Library Building. The meeting is open to prospective members as well as guests of members.

Hostesses for the evening will be Mrs. David Danes, Mrs. Richard Morgano, Mrs. Douglas Smith and Mrs. Elmer Wisley.

"Most Important Improvement That Could Be Achieved"

# Annexation Offers Voter Rare Opportunity

It was 19 years and two months ago that I walked into the front door of The Northville Record for the first time as publisher of the newspaper.

I was 33, scared, broke and up to my neck in debt. My wife had given me a bunch of flowers to take to Mary Donovan the bookkeeper, I guess so the new boss would make the proper impression.

We moved to Northville a few months later and bought a \$10,000 stucco house on South Wing Street with all the money we could scrape together for a down payment. Our home in the city for those first eight years escaped being torn down for the new Northville Square parking lot. It now stands stripped of its neighbors to the north, which in those days included Rhea Wilcox, the Mollemas and Lothamers.

It's probably impossible to describe the apprehension and butterflies that a neophyte going into business feels. But I know for sure that I never could have survived without a host of favorable conditions.

Like a small and dedicated staff of employees. Mary the bookkeeper is now retired. From that original group only two printers remain, Florence DeVriendt and Clark Berke.

I bought The Record from Glenn Cummings, who made the terms as easy as possible. And Louise Cansfield held a mortgage on The Record from the days her husband had been its publisher. In show business terms, they'd call her an "angel", and that's exactly what she was to me.

Local merchants and businessmen supported the newspaper and its meager printing facilities.

My wife taught school.

The economy was another fortunate factor. Our business grew. In 1961 we purchased The South Lyon Herald and in 1969 The Brighton Argus. Every cent we could save and borrow was invested in better equipment, expanded facilities, more employees. Finally, in 1969 we moved our printing shop from the basement at Main and Center streets into Ken Rathburn's Chevy agency when he decided to close his business and sell the building.

We mortgaged the old Main and Center street building and gave it a long-overdue facelift, rented out offices and housed our editorial, advertising and bookkeeping departments on the second floor.

Meanwhile, the Sligers had saved enough money so that by 1964 we could sell our Wing Street home in the city and move into a new home in the township.

So, why am I telling you all this? Who cares about the local newspaper publisher and his struggles, failures and successes?

It's because I would like my readers (however few) to know me better. Northville has grown so rapidly in 19 years I frequently feel isolated, out of touch with the people of the community.

It almost seems that while all my attention has been directed at making the business grow, the contact that cultivates trust and understanding has diminished.

Despite the smallness of our newspapers compared to today's preponderance of chain-owned operations, the change that accompanies growth is not without sacrifice.

So what am I leading up to as I ramble about the past?

Frankly, it has to do with my feeling towards our community and the importance I place upon the question of annexation that will be decided by township voters next Tuesday.

I wish I knew every township voter well enough to tell them what my 19 years in Northville has taught me about our local governments and how much depends upon their vote.

And I wish they knew me well enough to believe and trust me.

Of course, this is not possible. Northville is a rapidly growing community and it is only natural that a question of such magnitude would provoke controversy.

But it would be nice if rumor and fantasy could be eliminated and we could stick to facts.

I do not believe there is a community in Michigan that has examined the question of annexation more thoroughly than Northville. During the past five years or so three studies

**SPEAKING  
for The Record**  
By BILL SLIGER

have been conducted, all supporting the concept.

The pros and cons have been well publicized. And two years ago an election was held in both the city and township on the question. Campaigns by both sides aired arguments at public meetings, coffee sessions and in the press.

It is difficult to define the gut feeling that comes from a decade of covering both city and township governmental meetings and seeing firsthand the waste of duplication, competitiveness and lack of communication that ultimately cost the taxpayer dearly.

But I can honestly tell my fellow township residents that we cannot escape the responsibility of paying for necessary services and there is no more economical and efficient way to provide them than by joining forces with our city neighbors.

It is a fact that the township will benefit far more than the city if annexation takes place.

True, the city's property tax rate will drop from 10 mills to five or six and the township's will increase from one to five or six. The average city homeowner will save perhaps as much as \$75 annually in taxes.

In the township the tax increase to the average homeowner would be approximately \$80 per year.

The township immediately becomes a full partner in all city facilities — the city hall, department of public works and equipment, police and fire department organizations and equipment — and residents are thereby entitled to resulting services such as snow removal, 24-

hour police service, rubbish pick-up, road maintenance, etc.

Converting the annexation proposal into a business transaction, can you imagine acquiring a full partnership in a thriving enterprise by merely picking up half the rent tab?

The township contributes its assets to the new city, of course, but these facilities fall far short of the city's in number and value.

Last year the township board asked voters for an additional three mills to improve police and fire protection. This year voters were asked for 1.3 mills just to maintain the status quo. Both requests were voted down.

The township cannot continue to operate even at its present minimal level of services without more tax dollars. It is sinking steadily into debt.

One day, somehow, township voters must make a decision. Its present partnership with the city in support of fire, recreation and library services is in jeopardy.

Reasonable, responsible citizens must decide a course of action. It is a serious question that tests the responsiveness of the democratic system.

Is it possible that an electorate can be so informed that it is willing to vote to increase its own taxes and change the familiar and comfortable status quo because it recognizes the responsibility and necessity of doing so?

It would be a rarity in Michigan history. The city of Farmington Hills was born after the city of Farmington voted down annexation of the township, which had voted in favor of the unification.

Northville is unique. It has a broad base of citizens well informed on the question as a result of the three independent studies. And there are large numbers of citizens active in the library and recreation programs who are aware of the township's struggle to meet its share of these jointly-supported programs.

And we are a small community bearing the same name. In reality, annexation would change nothing except the governmental status and our level of services.

And it would provide our united government with the clout so desperately needed to better control the growth and destiny of the everpressing surge of development.

It is significant to note that by its pledge to resign if annexation takes place, the city council has softened the harshness associated with the term "annexation" by making the unification more similar to a consolidation.

Immediately the new, expanded city can elect its own representatives to the council. And if they choose, they can act to amend the charter. Although I believe the city has an adequate charter, one amendment might be an expansion of the council from five to seven members.

One other factor should be mentioned. Township residents should know about Steven Walters, the city manager of Northville.

He is, in my opinion, one of the most capable and informed managers this city has ever had. He is not a talker; he is a doer. The city's business is keenly managed and its budget tightly kept. In reality, the city's tax rate is 9.9 mills although I have called it 10. And Manager Walters can tell you (or show you) where every dollar comes from and goes.

Unlike the township where responsibility for services usually rests at the county level at the desk of someone who is unavailable, in the city the buck stops at Manager Walters.

He is responsible and available to the council and every citizen.

If you have read this far, congratulations and thank you.

I have tried to accomplish a great deal in this column. It is because I believe the unification of the city and township of Northville is the most important improvement that could be achieved for this community in all the 19 years and two months that I have lived and worked here.

It would be an outstanding achievement for the people, one that only history can accurately assess.

I'm not so far out of contact that I haven't heard critics claim that Sliger supports annexation because he either wants to run the town or because he stands to prosper by the arrangement.

That's like asking me when I stopped beating my wife.

I know of no one working for annexation who hopes to make material gains. And this newspaper has never tried to "run" an elected official. We either support them (in print) or we don't. After they're elected they are fair game and we say what we think, again in print, and we believe our efforts are confined to community improvement.

Anyway, my friends, Tuesday is an important day in local history.

Please vote. And if you can bring yourself to believe what is written above, please VOTE YES.

## Rap Crowded School

To the Editor:

Teaching at Meads Mill Middle School is a great deal like working at an overcrowded zoo that has no fences separating the animals. Alas! The result is quite deplorable. Listen:

"My specialty is lions. And yet at this zoo I am with the zebras and elephants. I've been trained and experienced in working with lions all my life. I even majored at college in lions. I know how to feed good things to the lions so they will develop into better lions. I know little about the care and feeding of zebras and elephants.

Most of the other zoo-helpers say they are with animals foreign to their training and experience too. I wonder why the zoo-keeper has me working with zebras and elephants instead of lions? Everyone says it's because there is no money to

run the zoo-system properly anymore so they had to move (corral) all of the animals in big horse-trailers to one zoo and "make do".

I feel sorry for us zoo-keepers having to make all of this "do" stuff. But I really feel sorry for the poor animals. They are still getting fed but not all by special nutritional experts who know what their diet should consist of. A lot of the animals say they like things the way they are now better because they don't have to eat so much and aren't on such special diets. But in the long run most of these animals will pay the price of not eating properly and will have to suffer the pains of hunger and indigestion. Some animals might not even get into the big circus.

If only we had two or three more zoos instead of one overcrowded one. If only we had enough zoo-helpers to

feed the right things to the right kind of animal. Most of the people here at the zoo say these good things won't ever happen though because they think the public won't spend any more money on their zoo-system. Some of the public have already spent extra monies just to keep the zoo-system's acrobatic flying monkey shows open this fall. I hear that some of the public don't like the game warden and that is why they won't spend any more money on the zoo. It is too bad that this singular relationship has to effect all of the animals in such a demeaning way!

Perhaps I'm a little too concerned about all of the animals. Perhaps being with the animals all day, I tend to care too much for them and not enough for people. Perhaps I worry too much about all of the animals and

# Asks About 'Raid'

To the Editor:  
The "drug raid" at Beer Hill in the Northville area last evening, October 1st, has touched off a heated family discussion between my husband, our four teenage children and myself. We are hoping for someone to help clear up our thinking on this matter.

I am not naive enough to live in this area and believe my children have never frequented Beer Hill or experimented with some type of drug, be it in the form of booze or some other type, as most parents in this day and age will admit that it is a very difficult time to raise children. But this is not what I am writing about as that would take another whole letter to state my views on this.

What I am writing about is the argument we had in our home regarding the incident of the arrests last night. Two of my children related events that they heard from friends of theirs that were in the area at the time of the raid. One youth said that while he was at Beer Hill he was searched and a small amount of opium was planted on him by a police officer. He was then hauled, pulled by his hair and thrown on the ground before being finally released. The other incident was that another observer saw a police officer laughingly throw a rock and break a car window after the arrested youths were taken away, this car supposedly belonging to one of the apprehended youths.

My husband and I feel these comments to be completely untrue, while our children hotly defended their friends as not lying and not exaggerating about these incidents. Most likely other children are relating similar type stories to their parents. Our answer to this was that if these types of things were true, these youths should have immediately called the news media or had their parents do so and have these "types of things" investigated. We have found the police in this area extremely cooperative and almost bending over backwards to help young people in all problem areas and if the young people were honest, they would have to admit this is true. But it is these types of rumors that alienate the youths with our officials and we only wish that there were some way to clear up these types of rumors. Any answers? We feel this is very

important to parents, officials, young people and to everyone.

Northville Resident

**Editor's Note:** Wayne County Sheriff's Lieutenant Russell Gregory confirmed that windows were broken in two vehicles suspected of containing narcotics after the owners refused to unlock the vehicles so they could be searched. No narcotics were

found in one vehicle but a substantial amount of suspected narcotics were found in the second. Concerning the allegation that opium was planted on a subject by an officer, Lieutenant Gregory answered that "there were enough people arrested that night that the officers did not have to plant narcotics on anyone. It's a common cop-out that we hear," he added.

## Backs Annexation

To the Editor:

The League of Women Voters of Northville-Plymouth-Canton-Novi urges a "yes" vote on the unification of Northville Township and the City of Northville.

After a two-year study of community planning in the city and township, we conclude that unification is necessary to insure orderly growth of the total area and to provide the necessary services for an expanding population, including recrea-

tional facilities, police and fire protection, and trash disposal.

The League also believes that improved planning and zoning for the total Northville area will be accomplished through a single planning commission and zoning board which are answerable to the entire population.

Annalee Mathes  
President, League of  
Women Voters of  
Northville-Plymouth  
Canton-Novi

## Backs Bike Paths

To the Editor:

All registered voters will be given the opportunity to exercise their democratic right and vote on November 4th in the city election. Facing each voter will be four important propositions. Although each is important to someone, I would like to urge a yes vote on the issue of bicycle paths.

The construction of bicycle paths will have numerous benefits for the citizens of Novi.

1. Safety for young and old riders  
2. Elimination of possible traffic hazards.

3. Transportation for youth employment.  
4. Saving of energy (gasoline) and money.  
5. Providing for family recreation.

6. Safe pedestrian walkways.  
7. Opportunities for participation in community events.

8. A means of exercise for maintaining and improving physical and emotional health.

A yes vote will be a step in forward planning which is a sign of a quality community.

Sincerely,  
Florence Gopigian

## Thanks 'Samaritan'

To the Editor:

This letter is written to thank the "Good Samaritan" who helped me get my car started Tuesday morning, September 23.

My car stalled on Center Street at the race track. In the midst of a lot of traffic, a gentleman, dressed in a business suit and light colored topcoat, took time out to adjust the choke and give my car a push to get started. He also saw to it that I made it to

John Mach's Ford Service before driving on his way to work.

His helpfulness in my hour of need is very much appreciated by me. I do not know his name but I put an extra donation in the church collection plate this morning in gratitude for his good-neighborliness.

Thanks again to that "Good Samaritan"

Sincerely,  
Mrs. Betty Wedemeyer

## Class Goes Camping

Conservation students at Northville High School got a real close look at their subject last weekend during a camping trip to the Huron National Forest.

Ron Meteyer, their teacher, planned to keep the students busy by learning about forestry, lumber practices, wildlife management, soil ecology and water resources.

There are 24 students and one parent, Mrs. Annie Nichols, who went on the trip. They left Sunday and will return Tuesday.

While at the camp the students planned to do their own cooking over campfires and to sleep in cabins.

They also planned to talk with noted wildlife expert Homer Roberts.

# Rap Crowded School

Continued from Page 10 - A

not enough about real people. Heck, at least our schools for people aren't in the same deplorable situation as our zoos for animals. At least people care about their schools and children even though they don't care about their zoos and animals.

Perhaps I should quit my job at the zoo and try to find a job teaching at a school?"

Former English Teacher  
Currently Math, Media, and English Teacher  
Meads Mill Middle School

P.S. I wonder whether or not the Northville Record could acquire a list of teachers at the middle school level that depicts what subject each teacher taught last year and what subjects they are now having to teach this year. The readership might be interested.

P. P. S. To those that think my analogy was too strong or otherwise distasteful you are cordially invited to come to the "Open House" at Meads Mill Middle School on Thursday, October 9 from 12:30 to 2:30 p.m.

Dear Editor:

A sampling of sixth grade student writing is submitted with this letter. The messages were written by Meads Mill students who voiced concern in my classes over obvious problems which are upsetting them.

The letter writing was not a compulsory assignment and it was not graded. Students used their personal notebook paper. Of the more than 100 letters placed on my desk, each writer attacked the problem of an overcrowded school.

At random, here are a few words from ten and eleven year olds. This is a case where the students of Northville should be heard.

Hear! Hear!  
Dorothea Bach  
Meads Mill Sixth Grade Teacher

**EDITOR'S NOTE**—Eleven letters were submitted. Following are excerpts from each along with the young writers' names.

To the Editor:

"I attend an English class in the hall where the South Library should be. There are also two other classes sharing this space"... Roseann Tuggle

"Since the millage didn't pass it's been so crowded. We have three classes in the hall. I go to two of these wallless rooms in the library. The cafeteria is so bad that people have to sit on the floor sometimes"...Eva Skuratowicz

"Sometimes when we are in class a hundred people pass by and disturb us. And it is very hard to learn! Please let the voters know"...Erin McGowan.

"I am a student at Meads Mill. You can't change for classes without being stepped on. You can't even go to the bathroom without being stepped on or waiting in line"...John Giehrli.

"You have to wait about fifteen minutes just to get a carton of milk. And then you walk around trying to find a seat"...Dan Brenner.

"Have you ever tried to concentrate in a class with a hundred-fifty kids walking through, or attempt to eat in five minutes because it takes so long to get food?...That's why I'm urging you to vote for the millage next

election"...Jim Tweedie

"We even have to share lockers in this new school. So let the millage pass"...Rick Burgett.

"If the millage passed none of these things would happen. Not as much time would be wasted in classes. We shouldn't have to be sending home messages for parents to come in and supervise. We don't need parents to supervise as much as we need your votes"...Janet Hudolin.

"When we change classes, it's impossible to get in the hall. And the bathrooms — you have to stand in line to go. There are six people in each line. And by the time your turn comes the bells ring and you're late for class. So please tell the parents to vote Yes"...Jim Atkinson

"In the cafeteria there's so many kids you have to sit on the floor. You should come here. I like all my teachers. They're great. You practically have to wear a football suit to get to your next class"...Billy Underwood.

"When we read, we also listen to a movie. Can you believe we have band in the choir room? It's okay I guess but we have a super nice band room we should be in. I hope the millage passes so that we can have some room"...Scott Dayton.

## Senior Forum Starting

Schoolcraft College will present a Senior Forum on housing and independence beginning today (Wednesday).

The four-part series will meet on Wednesdays at 10 a.m. at the Livonia Senior Center through October 29. According to Betty Andrews who heads senior adult services at the College, Forum topics include "Staying in Your Home," and "Choosing a Retirement Apartment," on October 8 and 15, respectively.

The final two sessions will be devoted to "Retirement Homes, Residential Centers,"

on October 22 and "Choosing a Health Care Facility—Day Care, Adult Foster Care, Nursing Homes," on October 29. Panels of older persons who have made significant housing decisions will lead the discussions

## Speaking for Myself

# Transplant Human Organs?

BOB HERBST

## GOOD . . .

No doubt there is a grey area with regard to organ transplants. The moral issue is a weighty consideration. But if the proper conditions exist, who is to say that a life-saving organ transplant should not be performed?

In the cases where the donor has expired and cannot subsist without mechanical reliance is usually where the question of morality arises. But if the person cannot survive, why not perform surgery that can sustain another life?

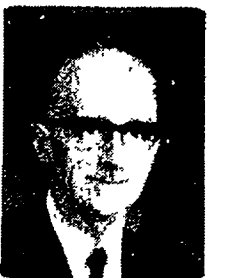

Isn't this where our obligation lies — to the living?

Matter of fact, it might very well be argued that not to donate an organ to save another life is moral irresponsibility.

Medicine has made tremendous progress in the last 10 to 20 years. Vaccines have been discovered that prevent what were formerly fatal diseases; surgery has improved where persons badly injured and disfigured may be restored as human beings.

No less an accomplishment is the organ transplant. It is not perfect today. There are too many instances of rejection. But if medical research continues its amazing advances, tomorrow we may look forward to a better life for many who previously had no hope.

Bob Herbst  
Brighton

MR. KIND

## BAD . . .

It seems to me that the present day practice of transplanting organs of the human body is a venture that may turn out to be a great mistake. In its favor, a person's life can be lengthened, but it can also mean living under intolerable conditions possibly with great pain or with handicaps that may make death preferable.

After all, we all have to die, and after taking all reasonable precautions for the sustenance of life and the maintenance of health, should we not allow death to come at the normal time? Could it not be wrong, not only to take life before the time, but to use such artificial and extreme means to sustain life, that death would not come when it should? Death as we know it is not the enemy. The real enemy is having to live under intolerable conditions, and what we are doing is causing these conditions to become worse and treating the normal way of dying as a monster.

Also, what sort of a biological heritage are we passing on to future generations? If we substitute our own selection of human organs for those nature has provided, eventually nature may not provide its own.

Reverend George E. Kind  
New Hudson

## Built Upon Trust

Since its beginning, our firm has grown to include facilities at three different locations.

This growth would have been impossible without the trust of families throughout the community . . . and to be worthy of this trust is our continuing purpose.

**HURT IN CRASH**—Manuel Perez, 77, of 19321 Gerald Avenue is taken to Botsford Hospital for treatment of head injuries he sustained Tuesday when his car (background) slammed into the corner of the Northville Record Office Building. The one-car accident took place about 12:45 p.m.

when Perez lost control of his eastbound vehicle and veered north into the building on Main and Center streets. Perez was alone in his car. Police, who are continuing their investigation, said there were no other cars or pedestrians on the usually busy street at the time of the crash.

## Honor Accorded Dr. Swienckowski

Dr. John Swienckowski was one of 14 osteopathic surgeons from throughout the nation inducted September 30 into the American College of Osteopathic Surgeons.

The ceremony took place at the Washington-Hilton Hotel at the annual Clinical Assembly in Washington, D.C.

Dr. Swienckowski, a 1965 graduate of the Kirksville College of Osteopathic Medicine was certified in orthopedic surgery last October. Membership in the American College of Osteopathic Surgeons is an honor accorded only after review of every surgical procedure performed over a three-year period plus the submission of an original thesis. The surgical cases are reviewed for variety and a decision is then reached upon the basis of the surgical procedure performed and

content of the thesis.

Dr. and Mrs. Swienckowski attended the Assembly with their two children. They have been Northville residents for six years and Dr. Swienckowski is currently a trustee on the Northville township board.

Dr. Swienckowski

# OK Administrators Salaries

Continued from Record, 1

amended a policy, permitting principals to take vacations during Easter and Christmas breaks, provided there are no children in the buildings. If year-round classes are operating, vacation time may be granted by the superintendent.

The four administrators retaining the same salary as last year include Superintendent Raymond Spear, \$35,500; Assistant Superintendent Florence Panattoni, \$29,000; elementary principals Donald Van Ingen, \$26,800; and

Milton Jacobi, \$27,500.

Salary levels of the other 10 administrators include Ronald Horwath, personnel director, \$27,032, up from \$25,575; Thomas Goulding, administrative assistant, \$19,258, up from \$18,220; Clark Kelly, director of special education, \$21,720, up from \$18,855 as administrative intern and coordinator of special services;

Michael Tarpinian, high school principal, \$25,919, up from \$25,000; Barbara Campbell, assistant high school principal, \$22,556, up from \$21,800; Eddy McLoud, assistant high school

principal, \$20,189, up from \$19,101;

David Longridge, middle school principal, \$25,750, up from \$25,000; Michael Janchick, middle school principal, \$22,800, up from \$18,970 as assistant principal; William Craft, Amerman Elementary principal, \$27,500 (has added study towards next degree), up from \$26,800; and Nancy Fieldman, \$23,080, up from \$22,545.

Board members noted that an average of 16 neighboring districts in Wayne and Oakland County show the average high school principal earns \$28,558; middle school, \$26,546, and elementary, \$25,342.

The average for assistant high school principal is \$24,479

and the average for superintendents is \$37,311.

Spear explained that most districts pay principals on a 42 or 50 week year but that Northville requires its principal to work 52 weeks each year.

In other personnel matters, board members voted to retain the two present legal firms following a study of firms used by and fees charged neighboring school districts.

Retained for general school operation problems was the firm of Thrun, Maatsch and Nordberg. The firm of Keller, Thoma, Toppin, and Schwarze was retained to handle labor relations matters during the school year.

## Air Public Concerns

## Before, After Agenda

A new policy on audience participation is being tested by Northville School Board. Under the policy, announced Monday by Board President Dr. Orlo Robinson, 30 minutes will be set aside for public discussion prior to board discussion of agenda items.

The public discussion time at the end of the agenda will also remain.

Dr. Robinson said the method will be tested in an attempt to shorten school board meetings which, in past months, have been running a minimum of three and one-half hours and as long as five and one-half hours.

He added that the meetings "are turning into public forums with public comments on each agenda item. Many comments are redundant and others are not even related to the item up for discussion."

Groups wishing to speak to specific issues at the time the item is to be considered may

do so by notifying Superintendent Raymond Spear by 11 a.m. on the Friday preceding board meetings.

Also as an aid to the audience, agendas and topics to be considered under each heading will be expanded and made more specific, Dr. Robinson said.

Trustee Martin Rinehart said he was concerned that the 30 minute discussion before the agenda items and reaction at the end did not allow the public to react to items up for consideration.

"Reaction from the audience may trigger debate at the time an item is up for consideration," he added.

Trustee John Hobart said he was willing to try the new policy but that "there may be times on particular issues when we may wish to hear comments from the audience."

Dr. Robinson said that there would certainly be exceptions to the policy.

## PTAs Elect Officers, Hold Breakfast

Amerman PTA opened the fall 'season yesterday (Tuesday) with an open house for all parents.

Parents were invited to the school to see the classrooms and new officers for the 1975-76 school year were initiated by Miss Florence Panattoni, assistant superintendent of schools.

New officers for the PTA are Mrs. James (Ann) Lauer, president; Mrs. Nelson (Diane) Schrader, vice-president; Mrs. John (Claudia) Berry, recording secretary; Mrs. William (Sue) Rasmussen, corresponding secretary; and Mrs. Joan Swanson, treasurer.

More than 300 attended Saturday morning's pancake breakfast at the Highland

## Scouts Collect Linens Here

Girl Scouts of Northville Junior Troop 234 will collect sheets and pillowcases for the American Cancer Society from 1 to 6 p.m. next Wednesday, October 15, at the Kroger store entrance.

The bedding is used by cancer society volunteers to make cancer pads. They ask that donations be washed. White, colored or printed sheets and cases are acceptable. The troop will take items collected to the society's Plymouth office.

Anyone interested may call the troop leader, Mrs. Pat Alkire, at 349-3687.

# Natural Foods

## Brighton Welder Could Tell Euell Gibbons A Thing or Two

By DENNIS KEENON

Euell Gibbons, the nationally-known natural foods advocate, has nothing over Brighton's Matt Kiilunen when it comes to spreading the gospel about healthful eating.

Visit Kiilunen, owner of Weld Mold welding factory, 750 Rickett Road, Brighton, and you're likely to receive a personally guided tour of the plant, a mini-lecture on proper eating and a batch of free health books and pamphlets to boot.

In fact, Kiilunen says he spends about \$6,000 a year on the health literature he distributes to friends and customers. All he asks is that you sign a card, read the books and then come back and discuss them with him.

Some of the titles include "The Golden Treasury of Natural Health Knowledge," "How Thousands of Arthritis Patients Regained Their Health," "Add Years to Your Heart," "Margarine (the Plastic Fat) and Your Heart Attack," "Living without Pain," "Eat Well to Keep Well," "Man's Dictionary of Foods," and newsletters, "Live to Be 100."

Kiilunen has been studying health for some 30 years. At age 69, he puts in 16 hour days at Weld Mold, the factory he opened in 1945, and is constantly on the move, hopping up and down answering questions and directing his employees.

He attributes his boundless energy to proper eating. It wasn't always that way, he said.

"Thirty years ago, I was drinking really heavy and smoking, too," Kiilunen said. "I'd go on real benders and was drinking myself into oblivion."

In the late 1940's, Kiilunen said he lost use of his left vocal cord, leaving him with what he describes as a "squeaky" voice. He's certain that excessive smoking was partially to blame.

He quit drinking for good in 1955. "Oh, I've abused myself," Kiilunen said. "I guarantee that I wouldn't be here today if I had stayed on the old regimen of drinking whiskey, coffee and beer and smoking cigarettes."

The key, Kiilunen contends, is to eat "natural" foods, unprocessed and free of chemical additives, which he believes "poison" the food.

"I like to eat a lot of raw foods," he said. "I'm not a vegetarian but I don't go overboard on meat."

He says people shouldn't touch what he calls fat building foods — those prepared with butter, lard or oleo.

"Fried foods," he said, "are horrible for your system."

Kiilunen eats a lot of raw vegetables. "Cooking destroys the vitamins and nutrients in them," he said.

For breakfast, he'll have cereal and a salad consisting of grated carrots, diced green peppers and cabbage with ground rye and raisins sprinkled over it.

He tries to eat fish every day and when he does eat meat, he takes it rare.

To point out the value of "natural" foods, Kiilunen tells the story about how an admiral and his crew exploring the North Pole in the early 1900's ran out of food and existed on raw fish and walrus for 30 to 40 days.

"They came back in great condition but \$50,000 in the hole in financing their expedition," Kiilunen said. "Well, a meat packaging firm offered to pay the debt if the admiral and his men would eat meat for 30 days the way the company prescribed."

"Ten days into the experiment, they were all getting sick. The admiral said let us fix the meat the way we want, almost raw. They ended up healthy as horses."

The story points out, Kiilunen said, that foods eaten in their natural state are more healthful.

Kiilunen's dream is to start a "natural" farm on 300 acres he owns in the Upper Peninsula near his birthplace. Last Saturday, he was scheduled to travel to a "natural" farm in Merrill (near Saginaw) to learn how it's done.

"I'd like to get that farm going," he said. "It's been something I've been thinking about. You know, one of these years I'm going to go up there and do it."

'I like to eat a lot of raw foods' — Matt Kiilunen

**EDITORS NOTE:** The foregoing poem was submitted to this newspaper by John Elliott, a Brighton resident. The poem was written by a 19-year-old boy, an acquaintance of Elliott, as the boy was facing death. He died of cancer a short time after this poem was written. The poem was read as his eulogy.

### Candle

What holds the spark within me?  
What holds it alight although its burning ember  
low?  
What shadows flicker out beyond the borders  
of my existence?  
Which coal shall be called from the fire tonight  
to extinguish beyond its reach and know?  
What flickering lamp is this I hold?

I've been told that it is me,  
With Christ to softly cup his palms together against  
the breeze.  
Four times I've felt as an ember glowing faintly  
against the dawn.  
Four times the Son of Man arose  
and stayed me gently from the wind  
and kept my low light burning  
until the day had broken in.

The light we are  
placed gently down to flame and flicker  
a short while before the rest.  
Our fate it is  
to know little enough beyond  
the small light that guides us from within  
That we in hope call Christ  
and most pass off for morning.

I've stood in a church, humble  
and dependent upon the small, gentle  
voice of God.  
I've seen the people kneel  
and light their votive lives  
Knowing that they need God,  
little realizing His great need for them.  
I've also seen a votive rack  
full of flickering or brilliantly flaming  
gems of light.  
And come to realize the light our hearts  
in unity command before the throne of God.

How tall is my candle?  
Is it for me to know how long it is to burn?  
For what man shall add an inch to his stature  
or a day to his life?  
Our days are not measured by what we think  
or see  
But by the hand of God  
that gives to each his length and years.

Someday  
The wind will come  
blow lightly  
and  
I'm out.

Whose day for me to say.  
For I am made of hope and doubt  
For as God ordained  
Life is carried off by death  
and death is swallowed up in new life.

But I know myself  
When I feel the icy gentle breeze  
upon my face  
and call upon what is known  
I'll see my sweet Jesus face to face  
at the source of my greater dawn.

Dennis Williamson

Tips on Weaning Your Foal

Here are a few suggestions to make weaning that foal this fall a little simpler:

The foal should, first of all, be about six months old and should be eating a substantial amount of grain and hay at this point.

Generally, there is little problem in this process.

Simply separate the mare and the foal completely. If it is possible, it would be best if they could be out of earshot and eyesight of each other.

However, this is not absolutely necessary and if they are kept in the same barn of adjoining stalls, weaning can still be done as long as the

foal does not have access to the mare and cannot nurse.

Always be very careful when separating them, that the mare and the foal cannot injure themselves on the fencing.

One method used to prevent

## Where Once Thieves Feared to Tread

# Not Even Church Is Sacred

"What must we do: put chains on our doors?"

That question was posed recently by the pastor of a local church where thieves and vandals have been paying their respect by stealing equipment and breaking down doors.

It's a question that more and more churches are asking these days as even these sacred premises become the target of young hoodlums.

"Sad as it may seem," says Northville Detective Hugh Jordan, "there is nothing sacred about churches when kids are breaking into them."

Not even location on a busy, well lighted downtown street appears to be a deterrent to this kind of crime. The First Presbyterian Church of Northville, for example, was hit four times in the past year — and it is located on Northville's Main Street.

If there was a time that the thief considered the church sacred, it is fast disappearing, according to Joel Allen, director of public safety in South Lyon. What's now beginning to happen in the suburbs has been a problem for quite some time in the bigger cities such as Detroit.

"Most church people would like to think that people are inherently good — and therefore they are reluctant to take the step of alarming their churches. They think such a step is an indictment on the human race."

"But as repulsive as it may seem, the alarm system may be the only real answer," says Allen.

"It gets pretty bad when you have to install silent alarm systems but that may be the only recourse," agrees Jordan. But, he adds, other steps can and should be taken. The simple one of checking to

...as repulsive as it may

seem, the alarm system may

be the only real answer...

see that all doors are locked following activities in the church is important. Recently, the night following a break-in of a Northville church police found one of the doors of the church unlocked.

Some church doors have poor locks, other churches fail to lock their windows. These kind of conditions are invitations to those prowling streets at night, says Jordan.

Nevertheless, locking doors has its disadvantages, too.

The Reverend Lloyd Brasure, pastor of the Northville Presbyterian Church, notes that the greatest loss in a recent break-in wasn't in goods

taken but rather in damage done to doors by thieves trying to reach an interior office.

It would have been less expensive to leave doors open with a sign directing thieves to the office, he suggests.

Apparently, in most cases, thieves hit churches thinking they will find money. But invariably they find little or none because churches no longer keep money in their buildings overnight. It is banked immediately.

Why then are churches becoming more frequent targets?

Allen offers these reasons: Most churches were built

during a period when few people were security conscious; they were built with the "open door" policy in mind. They are not forts.

Most churches are used only on Sundays and one or two nights a week, so they are vacant much of the time. Many of them are isolated, and few have built-in security systems.

They often contain expensive equipment, and some have very nice sitting rooms complete with television sets or stereo systems. Some also have kitchens.

According to the Reverend Norman Riedesel, pastor of the First Presbyterian Church of South Lyon, his church has experienced a half-dozen incidents over the past two years — most of which have "involved kids out for plain mischief."

Twice food being collected for the hungry in Detroit was stolen; once some kids broke into the church and "lived there" for a couple of days. Even food is kept under lock

and key now, says the pastor.

Sad as it may seem, one youngster has broken into the church several times, says Pastor Riedesel, and the reason he has given was that "he needed a place to sleep. I told him to come over to the house — but a few days later he broke in again and was found asleep in my study."

Once the cross on the communion table was stolen. It was found, broken and half buried in mud two or three months later.

Several churches report that vandalism is the worst part of break-ins. Equipment has been broken, desks and files ransacked, food dumped on the floor, windows and doors broken, and pictures ripped off walls.

Some churches, despite recurring vandalism, continue to maintain an open door policy. Others, however, are now locking their doors.

Says one Novi minister who prefers not to identify his church: "We keep our doors open at all times...and pray nothing happens."

If your church or religious group has announcements of public interest for Church Capsules, call

437-2011 (South Lyon)

227-6101 (Brighton)

349-1700 (Northville)

A series of evangelistic services will begin Sunday, October 12 at Walled Lake's Community Bible Chapel (Old Duke's Bar on South Lake Drive).

The Reverend Jack Briggs of South Lyon will be the guest evangelist. Services will begin Sunday morning at 11 a.m. and continue evenings through the following Sunday. Each evening service will get underway at 7:30 p.m.

Mr. Briggs is a preacher with a varied background of experience. He has been a missionary, pastor, church founder, teacher, and evangelist in his 25 years of ministry.

Bibles, books and records will be awarded during these services. There will be a special emphasis each evening.

Pastor Roger D. Adams invites everyone to attend these meetings. A nursery will be provided.

Senior High young people at Northville Presbyterian Church have events scheduled for the next three Sundays. At 3 p.m. next Sunday, October 12, they will meet at the church for a picture rally to be followed by a trip to a cider mill. A trip to the Detroit Institute of Arts is set for October 19 immediately following church. A Halloween masquerade party is slated for 6:30 p.m. October 26 at the church.

Our Lady of Victory Catholic Church in Northville has scheduled a Red Cross Blood Bank for October 22 from 2 to 8 p.m. in the social hall. Those between the ages of 18 and 66 are eligible to donate to the program. Anyone wishing to participate in the Blood Bank should call 455-8843 for an appointment and pledge cards are available in the church.

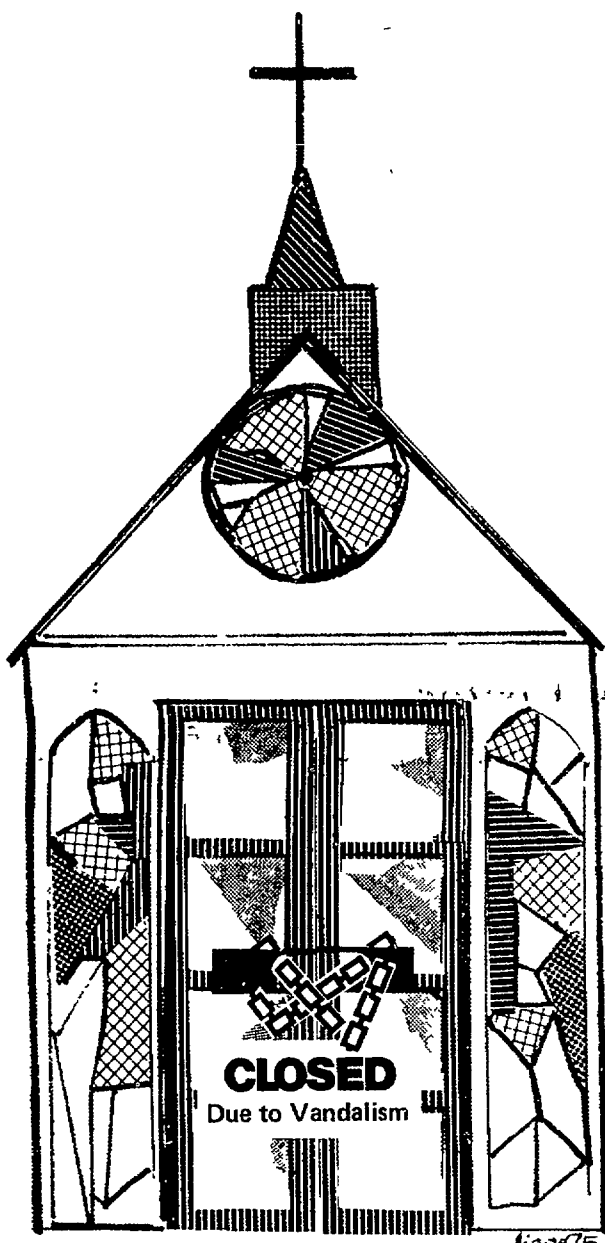

The Women's Friendship Circle of Cross of Christ Lutheran Church of South Lyon is planning a garage sale this Friday and Saturday. The sale will be held at 57591 Travis Road (off Milford Road.) Hours are 10 a.m. to 6 p.m. Friday and 10 a.m. - 4 p.m. on Saturday. Proceeds of the sale will go toward purchase of a mimeograph machine for the church office.

In the October 1 issue of The Herald, the story on the ground breaking by the Cross of Christ Lutheran congregation contained a typographical error which greatly enlarged the size of the planned building. The new church will actually contain 6,400 square feet rather than 64,000.

Dr. Wilbert Welch, president of Grand Rapids Bible College, and the singing Gospel Team from the college will lead special college day youth services this Sunday, October 12, at 9:45 and 11 a.m. at the First Baptist Church of Wixom.

A concert of contemporary Christian folk music will be held Friday, October 17, at 8 p.m. at Mercy High School Auditorium in Farmington Hills. Featured in the concert will be singer-composer Pamela Conn and Friends, a local singing group. Tickets cost \$2 for adults and \$1.50 for students and are available in advance at the high school or at the door the night of the concert.

Continued on Page 3-B

## St. John's Marks Birthday

St. John's Provincial Seminary near Northville is beginning its 26th year of operation, having marked the occasion last week with an open house for all former students last Sunday.

The seminary is located on Five Mile Road at Sheldon on the southern boundary of Northville Township. Current enrollment

numbers 99 men, including 11 deacons who have completed their academic requirements and presently serve as interns in parishes in their respective dioceses. Eighteen new students from throughout the state entered the seminary recently.

Primary goal of St. John's is to provide the professional formation of candidates for

the Roman Catholic priesthood. The three major aspects of the preparation program at the seminary are the theological, the spiritual and the pastoral formation of its students.

In light of today's vision and needs, the seminary also opens its program of study to other men and women beginning or continuing their preparation for diverse Christian ministries.

The 1975-76 school year was marked by three days of orientation. Students were invited to share in the decision-making processes of the various committees which make up the seminary's Faculty-Student Council.

A major thrust for this year will be made by the Steering Committee for Accreditation, a spokesman said.

Under the chairmanship of the academic dean, Father Francis B. Sullivan, the committee will co-ordinate a self study of the entire program at St. John's in the

process of moving toward full accreditation by both the Association of Theological Schools and the North Central Association.

The present faculty is composed of 20 members, made up of priests and sisters from the state who have excellent backgrounds in their specific areas of expertise.

Giving leadership to all the phases of seminary life is its rector, the Very Reverend Robert J. Rose, who is beginning his fifth year in that capacity.

A new addition to the seminary staff is Arthur Kirchner, who has assumed the duties of business manager. His responsibilities include management of the plant and personnel as well as overseeing the use of the seminary facilities which are more and more being used for workshops and seminars by local and national religious groups.

## Is It Reverend, Pastor or Mister?

Hoping to add clarity to a "much confused usage", the Reverend Lloyd Brasure of First Presbyterian Church of Northville has written an article in the church newsletter on "How to Address Your Minister".

He cites the Book of Order of the United Presbyterian Church, U.S.A., which states:

"The office of the ministry is the first in the church in both dignity and usefulness. The person who fills this office has, in scripture, obtained different names expressive of his various duties.

"As he has the oversight of the flock of Christ he is termed bishop.

"As he feeds them with spiritual food he is termed pastor.

"As he serves Christ in the church he is termed minister.

"As it is his duty to be brave and prudent, and an example to the flock, and to govern all in the house and kingdom of

Christ, he is termed presbyter elder.

"As he is sent to declare the will of God to sinners and to beseech them to be reconciled to God through Christ, he is termed ambassador.

"And as he dispenses the manifold grace of God he is termed steward of the mysteries of God."

Both men and women, it is noted, may be called to this office in the Presbyterian faith.

The word "reverend", Mr. Brasure points out, is not mentioned, primarily because it is an adjective.

Proper use of "reverend", he adds, is for formal occasions or printed materials, such as "The Reverend John Smith".

Use of the title, "Mr.", he says, "is very acceptable, or use of the first name when one feels comfortable with it."

"Pastor", he concludes, always is proper and preferred by many church groups.

## Cutting Tips

# Small Plants For Christmas

BY KATHY COPLEY

Small plants are an excellent and inexpensive bazaar item or Christmas gift if you take cuttings from your own established plants.

The two easiest methods are stem cuttings and offsets, but other possibilities are leaf cuttings, air layering, and root division.

Wandering Jew, begonias, philodendron, pilea, and ivy are so simple to start in water that it is silly to try any other method. Simply cut a growing tip 3-4" long and strip the leaves from the bottom 2 inches. Put the stem in water in any household glass and sooner or later it will root. (Probably sooner than later.)

A few pieces of charcoal will keep the water sweeter and help new growth get established.

An equally good method is inserting the stripped stem into moist potting soil and vermiculite (or any loose sterile soil with added peat or sphagnum moss for moisture retention.)

Fertilizer at this point isn't necessary or even advisable. If you simply can't resist the temptation, make the fertilizer very dilute or it will kill the new roots. A better method would be to mist the foliage with the fertilizer solution.

Spider plants and piggy-backs are among those plants which produce offsets, complete plants on a long, wiry stem. Cut the entire stem back to the plant; wind it around 3 fingers, being careful not to crease the stem.

Bury this stem-circle in very loose potting soil which has a high peat or vermiculite content

The leaves will begin to droop in a few hours, but frequent watering and misting should bring them around in 3 or 4 days.

If you feel like it, make a greenhouse or clear plastic over the plants to let in light as it increases humidity.

Air layering is a more involved process, used more on large, tree-like plants than on table plants. Schefflera, dieffenbachia, fig, and rubber trees are candidates for this type of propagation.

Cut the stem diagonally upwards with a clean, sharp knife, about 1/2 way through. If the cut is made just below the leaf node, success is more probable.

Wrap the cut stem with moist, unmilled sphagnum moss or moist peat. Cover the moss with polyethylene film sealed around the stem at top and bottom to retain moisture.

When roots show through the plastic film, cut the stem clear through below the rooted area, remove the plastic, and repot the plant. The new plant may wilt quickly, but frequent misting will bring it back. Watering the old stem may even produce new growth.

Ferns can be increased by root division like mums and shasta daisies in the outdoor garden. Cut through the entire root mass—soil and all—and pot the root section in highly absorbent potting soil. There will be some wilting and dying back, but new growth will quickly compensate for this.

Numerous plants will regenerate if as little as a leaf is put in or on sterile, moist soil. Insert the leaf stem with sanseveria, African violet, and peperomia.

Note that ordinary garden soil is not suitable for these propagation projects. It contains fungus spores and bacteria which are likely to attack the healthy plant section before it has time to produce roots.

To make your effort and attention pay off, use sterile peat, vermiculite, sand, and potting soil commercially available. Mix them in about equal portions.

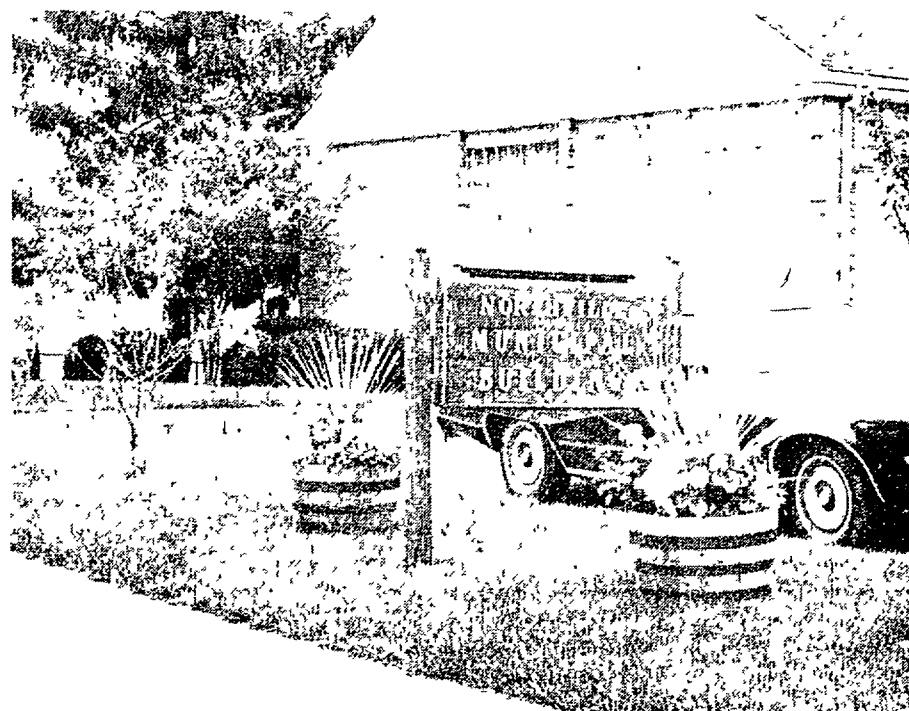

Below is a list of some of the more common houseplants and their propagation methods:

Division: Spider plant, ferns, sanseveria, African violet, Chinese evergreens, clivia, pandanus, strawberry saxifrage.

Stem Cuttings: Pilea, philodendron, Swedish ivy, wandering Jew, Chinese evergreen, coleus, dracaena, English ivy, peperomia, schefflera.

Offsets: Spider plant, piggy-back, pandanus, bromeliads, flame violet, strawberry saxifrage.

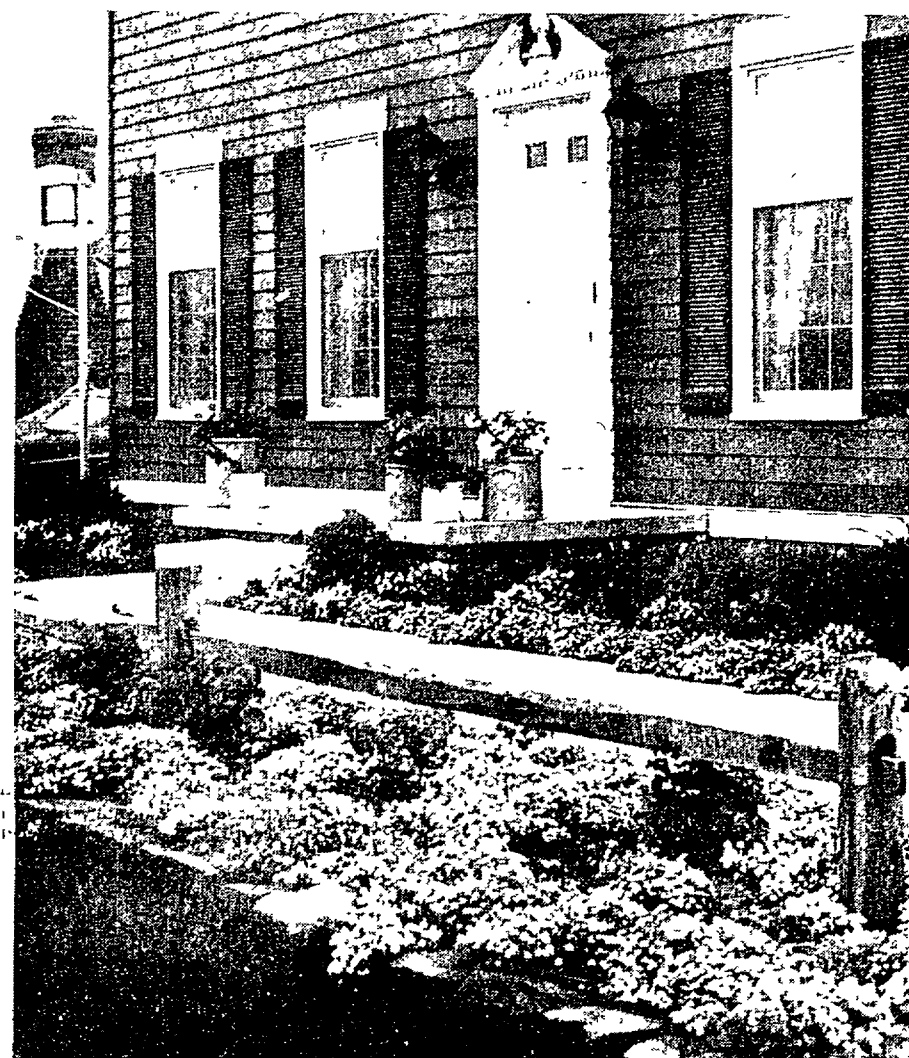

Leaf Cuttings: Begonias, African violets, peperomia, sanseveria, ribbon bush, Christmas cactus, kalanchoe (include a second node), jade plant, gloxinia.

**PLANTERS**—Wooden kegs filled with geraniums enhance the sign marking the Northville municipal building holding city offices on the town's Main Street.

+++++

The Jack Fieldmans have used old-fashioned crocks to hold flowering plants at the entrance of their barn-red New England-style home at 20477 Lexington Boulevard in Northville.

## Church Capsules

Continued from Page 2-B

Two singing groups, Flight and Free Indeed, will be performing at the First United Methodist Church of Brighton this Saturday, October 11, at 7 p.m. for youth, aged 21 and under. On Sunday at 7 p.m., the groups will present a concert for the general public. Both groups are evangelistic teams of young musicians.

Brighton's FISH group (Friends In Service Helping) needs food donations. Protein foods as well as apples, potatoes, and other goods that keep well are requested. Persons who can donate food or children's clothing should contact the officer of Brighton's First Presbyterian Church, on East Grand River.

A new film, "In the Presence of Mine Enemies," will be shown this Sunday, October 12, at 7 p.m. at the Brighton Assembly of God Church, 7364 West Grand River. The movie presents the story of ex-prisoner of war, Captain Howard Rutledge.

## Condominiums Eye Security

Condominium security problems will be discussed by the West Oakland County Area of United Condominium Owners of Michigan at a meeting at 8 p.m. next Tuesday at Applegate Condominium Clubhouse.

Novi Police Chief Lee Begole, Novi Sergeant Dale Gross and Allan Silverman of Security Services, Incorporated, Farmington Hills, will be speakers.

U.C.O.M. points out that "since security is protection," area condominium representatives are being urged to make a special effort to attend. Additional information is available from Mrs. Isabel Collins, 477-2911.

# Days Are Shortening, But Moon Shines Bright

"Shining the whole night through, the beautiful Hunter's Moon of October should help compensate for October's strikingly shorter days," notes University of Michigan astronomer Hazel M. Losh.

Professor Losh says daylight will drop from about 11 hours and 17 minutes at the beginning of October to just 10 hours and 24 minutes by month's end.

"However, the Hunter's Moon, defined as the first full moon following the Harvest Moon, will begin on October 20 and last for several nights in succession," she explains. "Prevailing the whole night through, this moon is characterized by its very slight delay in rising from night to night."

Two meteor showers will occur during the month, she continues, the Draconids on October 9 and the Orionids on October 22. "Most certainly the bright Hunter's Moon will interfere with spotting the Orionids," she observes.

Prominent stars of the month include Capella, the "Goat", rising in the

northeast around sunset.

"Capella is the third brightest star visible from northern latitudes," the U-M astronomer says. "Its temperature and color are very similar to our sun, but it is intrinsically much brighter; if our planet were placed halfway between Capella and the sun, the star would send us 100 times as much light."

Capella is followed in rising by the rest of the stars of the constellation Auriga, which form a well-defined, easily identified pentagon.

Also visible in October, Professor Losh goes on, is "one of the most celebrated groups in the whole heavens: a little cluster known as the Pleiades." The Pleiades come up north of east shortly after Capella.

"Surprisingly, the Pleiades are known far and wide despite the absence of a conspicuously bright star," she notes. "To the naked eye, the Pleiades appear to be six stars arranged like a small dipper. Good eyesight will reveal a seventh star in the

group, exceptional vision nine or ten, and binoculars will increase the number tremendously."

Planets of the month include Jupiter, the bright object rising around sunset in the east.

Rising about two hours after the Pleiades, Mars will complete a triangle with the Pleiades and Capella. Professor Losh says, adding that one should take care not to confuse the bright red star Aldebaran with the red planet. "Mars is four times brighter and should be easily spotted," she says.

For early risers, Venus will "put on quite a show" in October, she goes on. "Venus has entered the morning sky, and will be rising in the east about three hours before the sun. On the third it reaches the greatest brilliancy of its 'morning star' period, and on both the second and the 31st will be situated just north of the waning crescent moon." Saturn will be rising around 1 a.m., and on October 27 will be located just five degrees north of the quarter moon.

## Film on Peru Planned

A documentary film on Peru will be premiered in Schoolcraft College's Liberal Arts Theater at 8 p.m. on October 10.

The two-hour documentary was acquired by Schoolcraft sociology instructor Albert Agosti. It deals with ongoing socio-economic changes, many of which were initiated by the military government which came into power in 1968.

The film will cover what

remains of the Inca civilization and the contradictory role of today's multi-national corporations. An Italian film crew made the picture with the approval of the then President General Velasco Alvarado.

President Alvarado, after coming to power in 1968, expropriated the Exxon-owned International Petroleum Company and confiscated United States fishing boats caught within

Peru's 200-mile sea limit. He also embarked on a policy he described as a combination of Christian humanism and non-Marxist socialism, with sweeping land reform, nationalization of large firms, and the granting of labor union control of some companies.

On August 29 of this year Peru's military leaders overthrew President Alvarado and replaced him with the prime minister and army commander, General Francisco Morales Bermudez.

## Brookland Farm's Home To Mysterious Visitor

When Brookland Farm residents in Novi Township first heard the wailing of a strange bird in their subdivision about a month ago, they thought the bird was quite unique. But the bird left as mysteriously as it came.

Now Township residents report the bird is back.

The bird, described as a parrot with a long beak is green and red. "It's a very colorful bird," commented Ruth Zimmer of Chedworth Court. She suggests that the bird may be a macaw which is noted for its brilliant plumage and harsh voice.

"It's a horrible sound," recalls Mrs. Zimmer, who saw the bird. "I can't imagine anyone having it in their house."

She estimates that the bird is 12-14 inches long.

The problem is that no agency appears willing to capture the bird and with winter on its way, the parrot, native to more tropical countries, will probably be unable to survive.

The city of Novi's Community Service Offices, who handle animal complaints in the city are not allowed to work in the

township. The state police, who provide protection, probably could do nothing. The Oakland County Animal Shelter is primarily involved with dogs.

"I just think if there was some agency we could call, they could coax it down and trap it," adds Mrs. Zimmer.

She admits, however, that it's easier said than done. "It's so heavily wooded it could go anywhere," she says. "It's sort of like the phantom."

## It's Newspaper Week

# Freedom of Press Guaranteed, Not Fairness

By BILL SLIGER

Publisher, Sliger Home Newspapers

Like countless other organizations, associations and professions, this nation's newspapers set aside one week a year to proclaim "Newspaper Week". But most newspaper people are far too busy to do

much about it. And who wants to go around bragging about his profession, anyway?

Maybe this year is different. The theme for Newspaper Week is "Spirit of Freedom" and everyone knows that the guarantee of a free press and freedom of speech appears right in the very first amendment of our United States Constitution.

With so much emphasis on our heritage as we approach our bicentennial year it might be editorial laziness not to mention Newspaper Week and remind ourselves as well as our readers of the importance of a free and responsible press.

Then, too, those PR people who are paid to provide material to promote such occasions have outdone themselves this year.

They remind us that it was 1690, September 25th, in the Colonies that the hemisphere's first newspaper was born (in Boston) — and died on the same day.

The newspaper was called Publick Occurrences Both Foreign and Domestick, and Benjamin Harris was the publisher.

America's first newspaper, Volume I, Number I, was... "suppressed and called in," by government decree.

It mentioned certain immoral activities on the part of European royalty and savage conduct on the part of Indian allies of the English government. What's more, it didn't have a license.

In suspending the publication the Governor and Council gave as a reason that the paper "contained Reflections of a very high nature" and that the news was of "sundry, doubtful and uncertain reports."

Time and the First Amendment have changed both government and newspaper publishing. Indeed, sometimes the public becomes impatient and irritated with both.

Yet, amazingly, even the most severe critics of the press are quick to defend its freedom. The adversarial relationship between the press and officialdom has sparked many a flurry and pointed remarks at individual journalists, specific newspapers, and often, the media as a whole.

But Americans, and especially the nation's most distinguished leaders, are quick to defend freedom of the press. Perhaps they recognize that the First Amendment guarantees that the United States shall have a free press...not a fair press or a responsible

press. Subject to libel and slander laws, newspapers can print anything they wish. And for nearly 200 years the First Amendment has protected big, small, good and bad newspapers, as well as responsible journalists and irresponsible hacks.

The PR people compiling material for Newspaper Week, 1975 credit some 37 colonial weeklies publishing newspapers in 1775 with forging the war of independence. "At this crucial turning point in a nation's history, like so many other crucial turning points, people acted because they got the news, and sensed they were becoming a part of history," writes Dr. Edwin Emery, a journalism professor at the University of Minnesota and author of the current leading journalism history, *The Press and America*.

And what have some of our nation's leaders had to say about the press? Certainly, some unprintable comments, but some that deserve reflection.

"Were it left to me to decide whether we should have government without newspapers or newspapers without government, I should not hesitate for a moment to prefer the latter. But I should mean that every man should receive those papers and be capable of reading them."—Thomas Jefferson.

"To the press alone, checked as it is with abuses, the world is indebted for all the triumphs which have been obtained by reason and humanity over error and oppression."—James Madison.

"A journalist is a grumbler, a censor, a giver of advice, a regent of sovereigns, a tutor of nations. Four hostile newspapers are more to be feared than a thousand bayonets."—Napoleon Bonaparte.

"A reporter is to a politician what a barking dog is to a chicken thief."—Mike Royko.

"If all printers were determined not to print anything till they were sure it would offend nobody, there would be very little printed."—Benjamin Franklin.

"The job of the newspaper is to comfort the afflicted and afflict the comfortable."—F.P. Dunne (Mr. Dooley).

"A free press stands as one of the great interpreters between government and the people. To allow it to be fettered is to fetter ourselves."—U.S. Supreme Court Justice George Sutherland.

"Let the people know the facts, and the country will be safe."—Abraham Lincoln.

"...Even though we never like it, and even if we wish they didn't write it, and even if we disapprove, there isn't any doubt that we could not do the job at all in a free society without a very, very active press."—John F. Kennedy.

"This is the greatest governmental system in the world. Our press has helped to make it so. I am not here just to butter up the press. I do not think it is perfect. But, it is the best press in the world and it is doing a fine job. It is an integral part of our democracy."—Harry Truman.

Like government, a press must be strong, honest, responsible and sincere at its very basic, grass roots' levels. These characteristics do not filter down from the top; they are learned and practiced in the beginning of one's experience, whether it be as a journalist or as a politician.

Therefore, it is perhaps more important that weekly newspapers like ours serving the communities of Northville, Novi, Wixom, South Lyon and Brighton, try their very best to live up to the highest standards of responsible journalism.

We cannot accept this responsibility without printing the bad, as well as the good news of our communities. We must do our very best to accurately reflect the events as they occur.

And because our newspapers have not feared to tread into controversy on our editorial pages, where personal opinions are voiced, we do not expect flattery in public polls.

But we strive for respect. And we hope that the young journalists who pass from our newspapers to larger ones have learned valuable lessons about their profession...and that those of us who remain will continue to remind ourselves of our responsibilities every week—including Newspaper Week, 1975.

And this week on the facing page we pay tribute to the young businessmen who deliver many of our newspapers to the homes of our readers.

All the work of reporters, advertising salesmen, printers, pressmen, composition people, editors and proofreaders means nothing unless the newspaper gets to the reader.

Nearly 20,000 homes in the communities we serve receive either *The Record*, *News*, *Argus* or *Herald*. And these young people pictured on page 5-B deliver most of them on Wednesday evenings.

## Home Newspapers Win MPA Honors

Sliger Home Newspapers copped a host of prizes in the annual Michigan Press Association competition involving some 263 entries from 42 weekly newspapers. Announcement of the winners was made in conjunction with National Newspaper Week (October 5-11), a time when a concentrated effort is made to stress the community service role of a newspaper and the relationship between personal freedom and a free press.

Michigan's weekly newspapers were judged by Virginia newspaper people and the various publications were divided into four circulation categories.

Sliger Home Newspapers include: *The Northville Record*, *Novi News*, which competed in the highest circulation category, Class D; *The Brighton Argus*, which is in the state's second highest circulation category, Class C; and *The South Lyon Herald*, falling in category Class B with a circulation of 4,200.

In its category *The Argus* won more individual honors than any other Class C competitor.

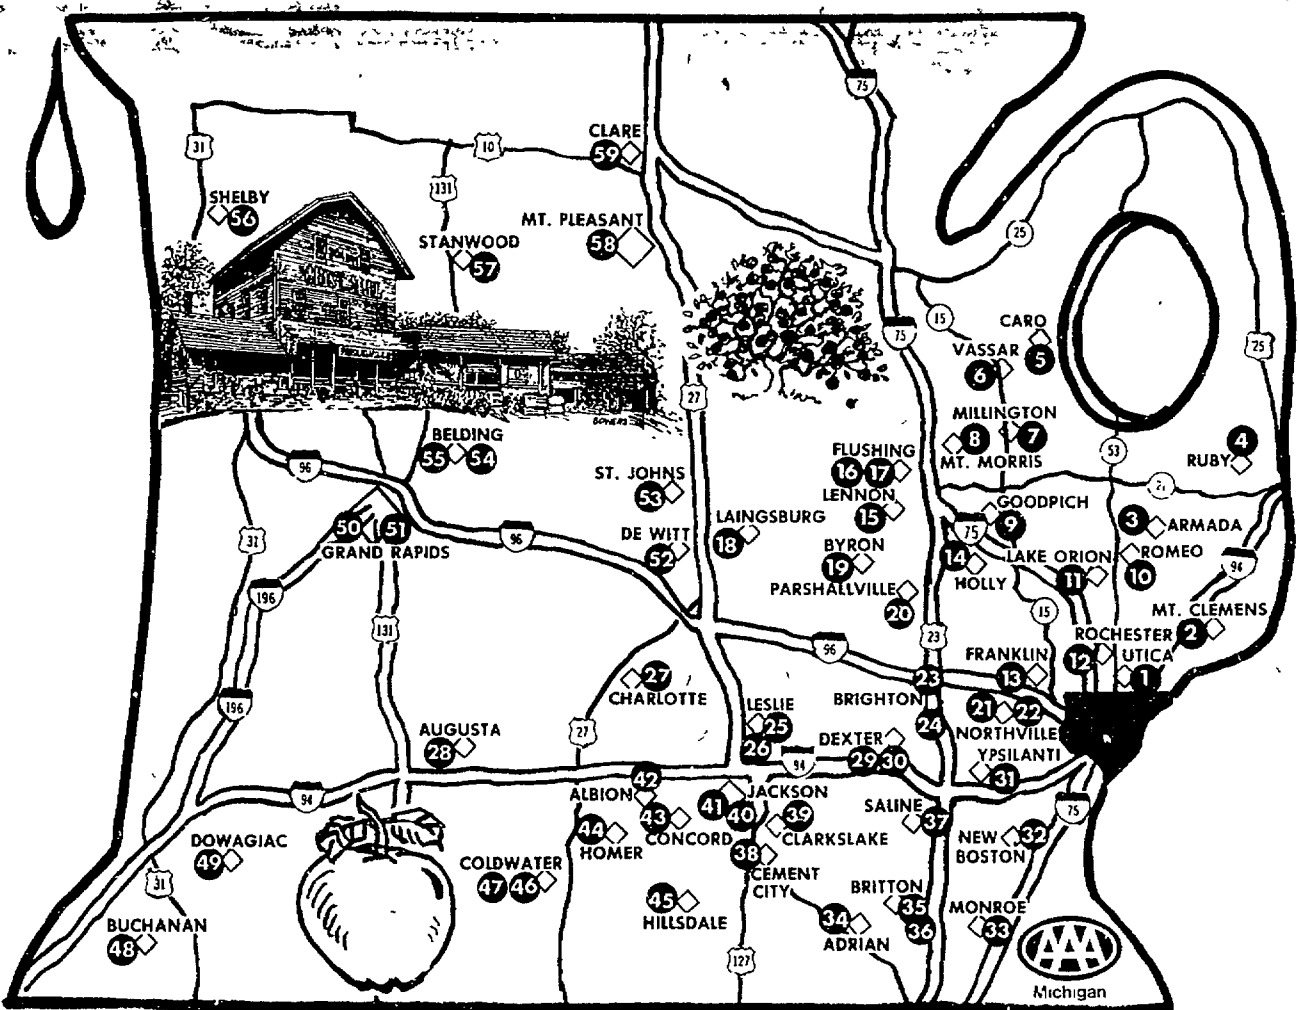

The *Argus*, under the general management of Roland Peterson, received third place honors for original personal columns (by John Beckett), first place for editorial pages, first place for sports coverage, third place for news reporting, first place for use of pictures, second place for advertising idea of the year, and second place for overall general excellence.

The *Record-News* placed third for editorial pages in Class D competition, received honorable mention for use of pictures, won third place for advertising idea, and placed third behind the *Observer & Eccentric* newspapers in Birmingham-Bloomfield and Rochester for general excellence.

The *Herald* received honorable mention honors for news reporting, second place for use of pictures, third for editorial pages and third in feature story competition.

Jack Hoffman, assistant to the publisher, is overall director of Sliger Home Newspapers' editorial staff, while Phil Jerome is managing editor of *The Herald*.

## Your 1975 Guide to 59 Cider Mills in Michigan

1. MIDDLETON, 46402 Dequindre Utica. Ph. (313) 751-1340. Open year around, 11 a.m. - 8 p.m. Tues-Sun.

## Horse's Mouth

Continued from Page 1-B

any problem is to put the foal in a stall and allow the mare to remain in the pasture. Plenty of exercise and withholding one-half of the mare's grain ration for a few days will help dry up the milk supply.

When utilizing this method do not massage the udder since this will only encourage the formation of more milk.

If the mare should become very swollen and developes difficulty in walking, the veterinarian should be contacted. However, this is rarely needed if the mare is properly exercised.

If you follow these few simple suggestions, there should be no problem. Remember too, that even though you feel like the big, bad guy, you aren't.

You're only giving mother nature a helping hand.

The Detroit Junior Horse Show will be held this year October 31, November 1-2.

Sponsored by the Michigan Horse Show Association, the event will be held at the Michigan State Fair Grounds in Detroit.

This year's judges are Helen K. Crabtree from Simpsonville, Kentucky, and William Morris of Petersburg, Virginia.

Entries close October 15 and no post entries will be accepted.

For further information contact the Show Secretary, Mrs. Marie Forsyth, 10133 South Fulmer Road, Millington, Mi. 48746. Or call (517) 871-3137.

Sally Saddle

## As Trophies Prove

## Youngster Rides with Best

Gayle Davidson of Novi may be only 14 years old, but she knows how to judge horses — and has a silver tray and blue ribbon to prove it.

She received the first place award last Saturday in Macomb County 4-H invitational horse judging contest, taking top honors in competition with 74 other entrants.

The daughter of Mr. and Mrs. Robert Davidson of 46876 11 Mile Road, she is a member

GOING TO GRAND NATIONAL—Lori Nelson, 15, and her registered Morgan horse, Fairfield Fusileer, have qualified for the Grand National Morgan Show in Oklahoma City and will be competing there October 16-20. Lori is the daughter of John and Marlene Nelson, owners of the Village Pump in Northville. She won the Junior High Point Trophy at the Justin Morgan Versatility Morgan Horse Show in Kalamazoo September 27, receiving five first place ribbons, a second, two thirds and a fourth. She also won the stock seat championship and reserve championship in Western Pleasure at the Michigan State Fair, where she is shown receiving a winning ribbon from the judge.

of the local Double N Riders 4-H Club.

Last April she placed fifth in 4-H state horse judging competition and was on a Wayne County team that placed fourth.

Gayle has her own horse, Whitmore Shadette, one of seven on the family's six acres.

She became a horse-owner early in life, winning a pony as door prize at a horse show when she was three years old.

Because the pony was injured before she received it, she was given a cash prize which the Davidsons put toward a horse for her.

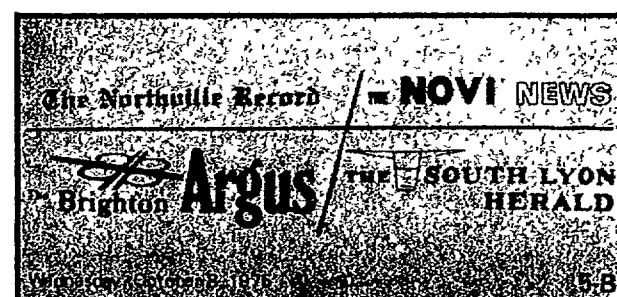

Although she only started judging this year, her experience shows.

She will judge quarter horses in a Michigan State University contest in East Lansing October 18. She'll be back in East Lansing November 7-8 to compete in a continuing education program-horse roundup.

## Northville Realty

Member—UNRA Multi-List Service  
101 N. Center Street Northville

OPEN SUNDAY 1-5  
NORTHVILLE

**45748 Clement Court - Lexington Commons, South** Custom Colonial - 4 Bedrooms, with a den or library, big family room with natural brick fireplace, formal dining room. Kitchen has all deluxe appliances with huge dinette. Nicely finished basement offers space for recreational activities. First floor laundry leading to extra large garage w-automatic door opener. Home is located on cul-de-sac with professionally landscaped lot. Built in 1971, you cannot duplicate this home for the asking price. Come see for yourself!

**49455 W. 7 Mile Road, Northville**  
This is a nice home in the country on 1 1/2 acres. 4 bedrooms, dining room, new kitchen, finished walkout basement. Lot is 198' x 330' - We can show it to you anytime. Price reduced to \$46,500.00.

**41380 W. 8 Mile Road - Northville-Nowi Area**  
Consider this 3 bedroom home on 2.4 acres! An outstanding feature is the large family room with beamed ceiling and natural stone fireplace. The large formal dining room is attractive and the den is an added feature. The property is completely fenced. There are several good utility buildings, one of which being a six stall horse barn w-tack room and heated living quarters. In the future, this corner could possibly be a wise investment.

**21380 Chubb Road - Northville-Nowi Area**  
This outstanding chalet home on 10 acres has 3 bedrooms with the 4th unfinished, 2 1/2 baths, family room with fireplace and a fireplace in the liv. rm. First floor laundry room, formal din. rm. and full basement, hardwood floors, thermo windows and loads of storage space. This property is licensed for kennels and has excellent facilities for same. This home is custom built - You'll love it!

**Northville Area and Schools**  
Call Frank Pauli Now! He is ready to show you one of the nicest 4 bedroom quad-levels in the area (His phone no. 349-1515 or 349-1619). It's in the country on 2 1/2 acres - built in 1968. Has over 2700 sq. ft., custom features highlight this excellent home.

**38620 Morningstar Dr. - Livonia Hills**  
The owner of this brick ranch has a new job up north! It has 3 bedrooms with a 4th in the finished recreation area in the basement, which also has a fireplace. A few of the other features are: wet plaster, cent. air, burglar and fire alarm, intercomm system, marble sills - large screened porch, family room, many closets, 2 car attached garage. Lot 140 x 200 - there is more - Call us!

**Vacant Land - Northville and Area**  
1 Acre Building Lot - 248 x 200 - \$12,000.  
4.8 acres, W. 7 Mile, 300 x 700, Rolling, \$27,500.  
Lot on Norton St., 100 x 150, \$9800.  
Lot on 10 Mile, West of Beck Rd., \$8500.

# Farmington Crushes Wounded Mustangs

If someone had used the phrase "walking wounded" to describe the Northville High School football team last Saturday they would have been very accurate.

Riddled by the injuries to four starting players, and hampered by the loss of another starter before the game began, Northville fell to a 21-0 varsity football loss to Farmington Harrison.

The Saturday afternoon game was played in 70 degree temperatures, an unusual situation for the Northville squad, which usually plays at night in cooler weather.

Farmington players were also out to please their followers who had turned out

for the homecoming contest.

"We're playing on band-aids and tape," Northville football Coach Chuck Shonta said of his ailing team. "The kids played as well as they could under the circumstances."

"We were hurt going into the game," added Shonta, "and coming out of the game we're hurting twice as much. I knew before the season that we had to stay away from the key injuries. We weren't that deep to begin with."

Shonta said that he may have to move some players up from the junior varsity squad to fill in at the varsity level.

Prior to the game the Northville team was minus the services of sophomore

starting tackle Jeff Weber, who was injured a week earlier while playing touch football.

During the Farmington game four players left the field because of injuries. Senior tackle Dave Holland suffered an ankle injury and left the game. Dennis Singleton, a standout halfback for Northville, left the game and was taken to the hospital as a result of a back injury. Linebacker and end Bill Piccolo suffered a head injury, and another tackle, senior Doug Webster, left the game with a knee injury.

Nothing seemed to go right for the Mustangs. Their offense could not put together

a sustained drive nor could it break open the big play. Their defense at times seemed unable to stop Farmington, especially tail back Mike Bowden who ran for 135 yards in 26 attempts.

Farmington ran up a total of 236 yards in the game, all of it on rushing plays.

Harrison began its scoring early in the second quarter when Bowden crashed over the goal line from five yards away for the touchdown with 10:52 left in the first half. The play climaxed 13 play drive which consumed 80 yards.

It took the Farmington team 11 plays from their own 25 yard line to score their next touchdown. Tim Harsha got that score with a one yard run.

Behind by 14 points late in the game the Mustangs were forced to pass. An interception of an Eric Lampella pass set up the final Farmington score. Tim Harsha intercepted that pass at the Northville 31 yard line. Three plays later Paul Rogind scored on a 20 yard run with 3:59 to play in the game. Rogind added an extra point

kick after each of the touchdowns.

Rogind also booted the football well on the kickoffs, kicking it into the end zone on more than one occasion. He nearly connected on a 37 yard field goal attempt in the fourth quarter.

Farmington Harrison Coach John Herrington said that Bowden was the difference on offense for the Farmington team. He acknowledged that injuries had hurt the Northville squad, and then added that his defense played its best game of the year against Northville.

"We thought they executed offensively as well as any team in the league," Herrington said, "so we were really ready for them."

The Mustangs managed only 81 yards on 48 offensive plays. They had 69 yards rushing and completed two of 12 passes for 12 yards.

Farmington intercepted two Northville passes and the Mustangs fumbled twice, losing possession of the football on both occasions.

In the penalty department Northville received two penalty calls for 30 yards, while Farmington was called for five infractions that cost them 55 yards.

Defensive performers for Northville were many as the Mustangs fought against 60 Farmington offensive plays from scrimmage.

Mark Morland led the Mustang defensive effort with seven tackles. Tim Conder had six tackles. Jeff Pink had five tackles, Doug Harding had four tackles, and Kevin Corcoran, Scott Travers, and Jim Eaker each had three tackles for Northville.

The Mustangs now stand 2-2 on the season and 0-2 in Western Six competition. They will try to improve their record when Plymouth Canton travels to Northville for an 8 p.m. game this Friday.

**WALKING WOUNDED**—Northville football coach Chuck Shonta (left) and Dr. Robert Mandell (right) help Mustang tackle Doug Webster (76) off the field after he injured his knee during Northville's 21-0 loss to Farmington Harrison last Saturday. Three other Northville starters were injured during the game.

## Wildcats Worn Down By Tough Saline Squad

Doug Maier, a two-way Novi football starter, pulled painfully at the tape on his bulging elbow as he stood in the locker room after the Wildcat's 20-8 loss to Saline, last Friday at Novi. Wildcats were all glumly pulling at tape, or staring blankly at the wall.

It was a tough frustrating night for Maier and his teammates, a 5-11, 177 pound senior, who played well offensively and defensively. The Novi locker room was a somber place after the game. One of the few sounds to be heard was that of tape being thrown against the walls by distraught Wildcats.

Despite the score Novi Football Coach John Osborne was pleased with the play of the Wildcats, who were minus three of their top players when the game began.

Bob Bannatz, a 6-2, 185 pound junior who anchors the Novi line, was missing from the Saline contest as he was during the previous week's loss to Chelsea.

The Wildcat one-two offensive backfield punch of Andy McComas and Andy Raddant were also unable to play against Saline, as a result of injuries sustained in the Chelsea football game.

As a result the Novi coaches were forced to juggle personnel and play inexperienced players and also to use veterans in positions they had seldom, if ever, played before.

Among the personnel changes were Rick Pretty

got his first starting assignment, at the defensive halfback spot; Bob Sasena was moved to linebacker from the defensive end position; Ken Kardel was moved from linebacker to the defensive end slot; and Mark Mills filled the other defensive end slot by moving from his defensive halfback position.

Novi Assistant Coach Rick Trudeau said also that the Wildcats played well under the circumstances.

"It was a combination of players playing new positions and not knowing all the techniques involved at that position," Trudeau said.

"Some guys had not played before and were not in as great a shape as if they had played before during the season," added Trudeau. "They just wore us down. We were physically tired."

Game statistics reflected the personnel changes. Novi's offense was able to gain only 32 yards rushing during the game. Three Wildcat quarterbacks combined to give Novi 79 yards passing for a net offensive total of 111 yards.

Saline ground out 242 offensively, with all but 14 yards coming on running plays. Saline also controlled the football with 72 plays from scrimmage as opposed to 52 for Novi.

Despite all the obstacles it looked like the Wildcats were going to win the game as they held on to an 8-0 lead until late in the third quarter.

Novi gained the advantage with its only sustained drive of the night by taking the ball 74 yards in nine plays for a touchdown. Tom Morris capped the Wildcat drive when he plunged into the end zone from the one yard-line, with 10:33 left in the second quarter.

The Wildcats scored the points after touchdown with a little razzle dazzle. Tom O'Brien knelt to hold the football for an extra point kick by Ben Galyon. However, instead of placing the ball for the kick, O'Brien stood and fired a pass to Randy Wroten who was in the right corner of the end zone.

Saline also had a major personnel change, a switch which sparked their offense into action during the final two quarters when its team scored its three touchdowns.

The Saline position switch was substituting Dave Fosdick at the quarterback spot. Fosdick scored both the fourth quarter Saline touchdowns, which broke an 8-0 tie game and cemented the Saline victory.

"The other kid started for three weeks and didn't do anything," Saline Football Coach Mervin Ward said. "I got tired of him and put in Fosdick."

Saline scored its first touchdown on a one yard run by Gene Robinson with 6:39 left in the third quarter. Fosdick ran for the extra points which tied the score.

Then with 10:11 to play in the final quarter Fosdick let loose with a 45 yard run, good for the touchdown which eventually accounted for the winning points. Novi's Maier tackled the Saline player on the extra point attempt.

Down by a touchdown the Wildcats took to the air in an attempt to score, only to be foiled again by Fosdick. Fosdick grabbed the Novi pass at the 25 yard line and

raced for a touchdown. Maier again led the Novi tacklers in stopping the Saline extra point attempt.

Playing defense most of the night there were several outstanding performances turned in by the Wildcats. Maier led the defensive charge with 13 tackles. Bob Sasena followed close behind with ten tackles. Mark Mills had seven tackles and Jeff Slattery had six tackles.

Mills recovered one Saline fumble, caused by a jarring tackle by Maier. Slattery pounced on two Saline fumbles.

## Paul Scores Goal In Schoolcraft Win

Steven Paul, of 41882 Sutters Lane, Northville, scored one of the goals in the Schoolcraft soccer team's 3-1 victory over Delta College, October 1 at Schoolcraft.

Craig Krutzbarg and Annio Petralla each had one goal in that Schoolcraft victory, which leaves the team with a 2-1 record this season.

Schoolcraft won their first meet of the season, on the

strength of two Petralla goals, by a 4-2 score over University of Michigan, Dearborn. Andy Lambert and Arthur Wyzshinski each scored one goal for Schoolcraft, September 12 at Dearborn. Eastern Michigan University tied the Schoolcraft team in a practice game, September 23 at Schoolcraft. Mark Mazur scored the Schoolcraft goal.

## Middle School Football Stopped

A policy against seventh grade interscholastic football was reinforced last Thursday by the Novi School Board following an outcry from parents whose youngsters had been informed they could practice and that interscholastic games could be scheduled.

According to Dr. Robert Youngberg, Principal of the Middle School, "games had been announced as being scheduled although the coaches had been told not to."

Parents of some of the youngsters had purchased mouthguards, athletic supporters, and shoes for the youngsters based upon information that games would be held. Some of the parents reportedly contacted the administration when they found out games would not be held.

The administration had allowed practice and training sessions for seventh graders based upon the 1975 Citizen's Advisory Committee Report which suggested allowing seventh grade football.

However, the administra-

tion had not approved any games, feeling "that the more strenuous nature of physical and psychological stress inherent in interscholastic athletics would not be advisable at the seventh grade level."

It was also noted that youngsters could play in the Northville-Novis Colts little league football.

Reportedly, the youngsters who had been practicing were told by the coaches to stop training and practicing when it was found board policy did not allow interscholastic games. Meanwhile, Youngberg unsuccessfully encouraged the youngsters to continue practicing.

Board members polled Thursday at the board meeting indicated that they did not want the policy to change concerning interscholastic football plus they did not want the training sessions to continue. Trustee Ray Warren indicated he feared that such a training program could be used as a lever in the future to get seventh grade interscholastic games.

## Game Site Changed

Athletic officials at Northville High School announced a change in the time and site of their varsity football game against Walled Lake Western High School.

The game will be played at 3:30 p.m. October 24 at the Walled Lake Western High School football field.

Previously the game was scheduled for 8 p.m. October 25 at the Walled Lake Central football field. Central is the only school in Walled Lake with a lighted football field.

Northville athletic officials said that Walled Lake Western High School officials had requested the change because Western had recently purchased spectator stands for its unlighted field.

# Gould Lowers Record 3rd Time

For the third week in a row senior runner Bob Gould lowered the Northville High School cross country record

and led the squad to a dual meet win. Gould's record breaking effort was last Thursday at

Cass Benton against Farmington Harrison. He shaved four seconds off the Mustang record by running a

16:06 time and finishing first in the race. The previous mark was 16:10. Northville Cross Country

Coach Ralph Redmond said that he thought Gould might break the 16 minute mark and still expects Gould will reach that goal before the season end.

Two other Northville runners finished in the 16's as the Mustangs beat Farmington Harrison by a 23-24 score.

Sophomore Don Wilber finished third for Northville with a 16:29 time, his best of the season. Another sophomore, Phil Reed, in his first year of cross country competition, finished third in the race with a 16:59 time.

John Coram was seventh for Northville, followed by Tad Taggart and James Bedford in eighth and ninth places respectively.

The Mustangs were surprised September 30 by Brighton at Burroughs Farms and fell to a 26-21 loss. The Northville dual meet record is now 6-2.

Gould again topped all runners with a 16:39 time. Wilber placed second for Northville. Then the Brighton runners grabbed the third through sixth positions.

"We were looking ahead to Harrison and our kids expected an easier time," Redmond said. "What hurt us

more than anything was our pack was just too far back to compensate for the four kids they put in there."

After running successfully in dual meet and invitational competition early in the season, the Northville cross country team got a taste of what the competition will be like in state tournaments as they finished seventh in the Wayne Invitational last Saturday at Rouge Park.

The meet was won by Grosse Pointe North with 34 team points. Northville's 205 points won the seventh spot among the 18 teams competing.

Standout Mustang runner Bob Gould finished 12th in the individual competition as he ran a 15:53 time in the field of 126 runners. Teammate Don Wilber followed close behind Gould with a 15:55 time, good for 13th place.

Sam James of Highland Park won the event with a 14:58 time. Redmond called James the premier runner in the state.

Redmond said that the competition will be very valuable for the Mustangs in preparing for the regional and state cross country meets.

## Athletes of the Week

Patty Brown

Patty Brown was selected as this week's Mustang of the Week by her girls' basketball coach Mary Minor. Brown is described by her coach as the best player on the Northville team. Brown also has earned the respect of her opponents. After a recent loss to Novi, the Novi coach said that one of their goals had been to stop Patty Brown. Brown scored four points in that 41-21 loss to Novi last Thursday.

Don Wilber

Don Wilber, sophomore cross country runner, has been named this week's Mustang of the Week from Northville High School. Cross Country Coach Ralph Redmond says Wilber is the most determined runner on the team and one of the most consistent. Wilber has been lowering his time throughout the competition this season. Last Saturday he placed 13th in a field of 126 runners at the Wayne Invitational.

Bob Sasena

Bob Sasena, a 5'6, 150 pound senior tri captain, was chosen this week as the Novi High School Wildcat of the Week by football Coach John Osborne. Novi coaches gave Sasena credit for eight first hits and five assists in a losing effort against Saline, Friday night. Osborne said that on four separate occasions during the Saline game, Sasena was responsible for touchdown saving tackles.

Patty Cameron

Patty Cameron was selected by Novi Girls' Basketball Coach Chris Hayward as this week's Ladycat of the Week for her fine play during Novi's victory over Northville last Thursday. Cameron came off the bench to turn in a fine performance against the Mustangs. Novi won the game by a 41-21 score.

## NORTHVILLE RECORD - NOVI NEWS FOOTBALL CONTEST

Enter Today! You May Be A Winner!

### HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 16. You will notice that each square below is also numbered from 1 to 16 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- (1) after each number on your paper write the name of the sponsor of the corresponding square.
- (2) following the sponsor's name — write the name of the winning team.
- (3) in addition you must pick a score on the outcome of the game in square 16. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry). In case of tie, prize money will be split.

**NOTE: Only ONE entry per HOUSEHOLD family per week. Prize money paid only to name on entry. PLEASE do not enter several times using friends' names. Such entries will be disqualified if discovered.**

Copies of the contest will be posted at the Northville Record office at 104 W Main each week.

Entries should be addressed "Football Contest" Northville Record, 104 W Main, Northville and must be postmarked or brought to our office no later than 5 p.m. each Friday.

Employees of The Northville Record—Novi News or sponsoring merchants are not eligible.

Entry forms available without charge in our office. Winners announced in paper and posted in office.

**\$10 First Prize**  
**\$5 Second Prize**  
**\$3 Third Prize**  
**EACH WEEK!**

## Frosh Paces Wildcat Runners

Novi's cross country team beat Willow Run and lost to Brighton in dual meet competition last week.

Freshman runner Jeff Johnston led the Wildcats during the 18-48 victory over Willow Run, October 29. Johnston, coming back from an injury, clocked 17:45.

"Johnston is still not quite

recovered," Novi Cross Country Coach Norm Norgren said. "He's very out of shape and still very tight. He's trying to work the stiffness out of his legs."

Following Johnston were: Mark McKenny, third; Glen Claudel, fourth; Biff McAllister, fifth; and Kevin Branshaw, sixth.

The Wildcats were shut out during a meet against Brighton, by a 15-50 score.

The Wildcat runners competed at the Oakland County meet, last Saturday at Oakland Community College. Norgren said that two of his runners, Johnston and McKenny, finished in the upper half of the 242 field.

## Heckerl Wins Football Contest With Eight Correct Answers

The only contestant submitting an entry with fewer than three mistakes, Bob Heckerl walked off with first place money in the weekly football contest.

Bob had only two mistakes, having incorrectly picked Novi and Wisconsin to post victories.

Bill Taylor of Farmington won second place with three mistakes, while Philip Tweedie and Kevin Bennett tied for third also with three mistakes.

Taylor's score prediction for Michigan's victory over Missouri was 13 points off, while Tweedie and Bennett were 16 points off the mark.

An even dozen other contestants also submitted entries containing three mistakes but their score predictions for Michigan's victory over Missouri were not as close.

They included: David Viers, Mickey Newman, Kirk Mack, Bob Kahn, Tom Graham, Bob Polter, Harold Hinchey, Jim Bedford, David Hotten, Jim Clarey, Ty Cole, and Doug Castillo.

Although Michigan managed to squeeze out only ties in the previous two outings, a surprisingly large number of contestants correctly predicted the Wolverines to defeat the fifth ranked Tigers.

And quite a few picked Michigan State to win over Notre Dame.

Big upset of the week, so far as contestants were concerned, was Northville's trouncing at the hands of Farmington Harrison. Most had picked the Mustangs to win, and a larger number figured Novi would win over Saline.

Seventeen contestants missed four games, 34 missed five, 18 missed six, and five missed seven. The worst entry contained 10 mistakes.

Those missing four games included:

Kitty Nadolni, Steve Alföldy, Mike Lurvey, David Kleckner, Jim Shoner, G.E. Gross, Steve Kroetsch, Thomas Wick, Mickey O'Leary, Scott Love, Bobby Pote, Gary Kucher, Brad Goyt, Stu Lamb, Dan Gougeon, John Davis, and John Fitzpatrick.

Judges noted this week that some contestants continue to submit more than one entry per household, and in two cases entries were submitted by the same person but bearing different addresses.

Such entries, when discovered, are automatically disqualified.

## Chamberlin Leads Golfers

Northville's golf team defeated Farmington Harrison and Livonia Churchill in a double dual meet, October 1 at Northville.

Four Mustang golfers shot in the 30's giving the Northville team a 196 score, lower than the 204 scores turned in by the Farmington and Livonia teams.

Chip Chamberlin was the medalist with a 38. Greg Mack, Don Dales and Steve Pyett each shot a 39 for Northville.

Chamberlin teamed up with Jim Dales to win the Brae Burn Best Ball Tournament, September 30, with a score of 71 after 18 holes.

There were 62 best ball teams from 31 schools entered in the tournament. Northville finished second in the team scoring with a 149, two strokes behind the tournament champion Plymouth Salem team.

Mack and Don Dales, the other Northville best ball team, shot a 78 in the tournament.

Mustang golfers turned in their best scores of the year when they defeated Waterford Mott in a meet at the Pontiac Country Club, by a 189-205 score.

Jim Dales shot his best round of the year when he carded a 34. Don Dales had 37, Mack 38, and Chamberlin shot a 39 for Northville.

Northville also beat Milford in a home meet September 26, by a 202-224 score. Mack was the low Northville shooter with a 37.

Northville's golf team finished in a tie for sixth at the Oakland County Coaches Association Tournament, last Monday at Pontiac Country Club. Farmington Harrison and Brother Rice tied for first place with a 324 score. Northville and Waterford Mott tied for sixth with 331 strokes apiece.

Leading the Northville players was Don Dales, who shot a 79. Jim Dales had an 81, Greg Mack shot 85 and Chamberlin had 86.

## Bus Problems Plague Northville

Bus, bus, where's the bus!

A by-product of all the budget problems and school closings in the Northville School District is that the school buses are working at peak capacity.

When school first started in September there were problems with students getting rides to school and business manager of the Northville Schools, Thomas Goulding, had his hands full making sure everyone got a ride to and from school.

Then one day there wasn't a bus for an athletic team. Northville's girls' tennis got to the meet by automobile, but were afraid they would have to cancel all away meets because of the transportation problem.

Northville has 16 buses on the road now. A Baptist church bus has been borrowed on occasion to take a team to an event, and Goulding said he is talking to the Novi School District about the possibility of borrowing a bus.

Goulding said that the only time he has problems is when there are two away meets scheduled on the same day. Teams which have events on Thursday afternoon include: junior varsity football, girls' tennis, girls' basketball, girls' swimming, golf, and cross country.

After the girls' tennis team did not get a bus for a meet against Ypsilanti, their coach was disturbed.

"All away meets are cancelled because we have no bus," Tennis Coach Uta Filkin said. "No buses are available for any girls' sports. Which is the usual story with girls' sports. We thought we had eliminated the prejudice against women's sports but I guess we hadn't."

School officials indicated that the transportation problems were not a form of discrimination against girls' sports. With the extra busing required by the closing of schools, the district's 16 buses are being used at capacity levels just getting children to and from school.

Officials indicated that transportation of children to school is the first responsibility of the bus program.

Goulding said that scheduling buses for the athletic events is on a day to day basis.

## Sports Calendar

### TODAY, OCTOBER 8

Northville Golf at Cranbrook ..... 3 p.m.

**UP AND IN**—Novi Girls' Varsity Basketball player Mary Kardel (55) shoots for two points against Northville last Thursday. Kardel had 14 points in the game which Novi won by a 41-21 score. Defending for Northville is Cathy Belkowski (35).

## Roggenbuck Lowers Record

Freshman swimmer Kyle Roggenbuck lowered two swim records she had set only one week earlier, as Northville topped Farmington Harrison 116-58 in the first Western Six dual meet, September 30 at Farmington.

Roggenbuck's 200 yard freestyle time of 2:11.6 was good for first place. She dropped over one second from the mark she set just last week of 2:12.9.

In the 500 yard freestyle Roggenbuck had a 6:00.1 time, also a first place finish. This time she lowered her week-old mark of 6:04.6 by over four seconds.

Senior Tracy Piscopink led Northville swimmers to the top three positions in two races. She won the 50 yard freestyle with a time of 27.9, followed by Cathy Biery and Carol Murch in second and third place, respectively.

Piscopink also won the 100 yard butterfly by swimming a 1:12.6 time. Krysten VanRenterghem was second in the event and Lori Hergurth finished third for the Mustangs.

Northville Swimming Coach Karen Turner indicated that team unity and spirit were high among the swimmers. This spirit helped the less experienced swimmers and contributed to add depth to the Northville performance.

The Mustangs swimmers now have a 6-1 record overall and are 2-0 in the Western Six Conference.

Swimming results of the Northville, Farmington Harrison Meet were:  
Northville 116, Farmington Harrison 58  
200 yard medley relay 1, Northville (Mikalonis, Boland, Piscopink, Roggenbuck), 2, Harrison (Kennedy, Joy, Pfaffman, Bernadett), 3, Northville (McLaughlin, Brown, Hergurth, Erdos), 4, Harrison (Humphrey, Sanders, McClintock, Cundy), winning time 2:06.0  
200 yard freestyle 1, Roggenbuck (N), 2, Lahey (H), 3, Foust (N), 4, Boland (N), 5, Carls (H), 6, Arnoldy (H), winning time, 2:11.6  
200 yard individual medley 1, Rudel (H), 2, Mikalonis (N), 3, Greenlee (N), 4, O'Brien (N), 5, Whit (H), 6, Warheit (H), winning time, 2:26.0  
50 yard freestyle 1, Piscopink (N), 2, Biery (N), 3, Greenlee (N), 4, Bernadett (H), 5, Pfaffman (H), 6, Dreyer (H), winning time, 27.9  
Diving 1, Jones (N), 2, Kennedy (H), 3, Conder (N), 4, Setles (N), 5, Seltz (H), winning score, 154.4  
100 yard butterfly 1, Piscopink (N), 2, VanRenterghem (N), 3, Hergurth (N), 4, Dreyer (H), 5, McClintock (H), winning time, 1:12.6  
100 yard freestyle 1, Rudel (H), 2, Biery (N), 3, Murch (N), 4, Erdos (N), 5, Arnoldy (H), 6, Dzieslowski (H), winning time, 58.6  
500 yard freestyle 1, Roggenbuck (N), 2, Lahey (H), 3, Foust (N), 4, Greenlee (N), 5, Warheit (H), 6, Witt (H), winning time, 6:00.1  
100 yard backstroke 1, Mikalonis (N), 2, Kennedy (H), 3, O'Brien (N), 4, Carls (H), 5, McLaughlin (N), 6, Humphrey (H), winning time, 1:07.7  
100 yard breaststroke 1, Boland (N), 2, Hergurth (N), 3, Brown (N), 4, Bernadett (H), 5, McClintock (H), 6, Sanders (H), winning time, 1:23.7  
400 yard freestyle relay 1, Harrison (Lahey, Pfaffman, Dreyer, Rudel), 2, Northville (Biery, Townsend, Erdos, Foust), 3, Northville (VanRenterghem, Murch, O'Brien, Greenlee), 4, Harrison (Carls, Wood, Tribb, Malfer), winning time, 4:26.2

## JV's Tie Churchill

Northville's junior varsity football team fought to a 6-6 tie with Livonia Churchill last Thursday, in a defensive battle played at Churchill with all the scoring coming in the last 1:46 minutes left in the game.

Churchill scored first, with 1:46 left, on a running play.

## Northville PPK Winners Named

Winners have been announced for the Northville Punt, Pass, and Kick competition, sponsored last Saturday at the Northville High School football field by the Northville Jaycees and John Mach Ford.

The top finishers in the competition were: Eight-year-olds; 1, David Ward, 133; 2, Dave Trumbull, 116.5; 3, Doug Hansen, 99.5; Nine-year-olds; 1, Jim Robertson,

177.5; 2, David Longridge, 144.5; 3, Tim O'Leary, 137.5; Ten-year-olds; 1, Robert Foster, 218; 2, Craig Brown, 171.5; 3, Jeff Anger, 167.5; Eleven-year-olds; 1, Michael Kellam, 219; 2, Bart Leu, 211.5; 3, Scott Schaal, 206.5; Twelve-year-olds; 1, Bob Wand, 265; 2, Eric Mueller, 233; 3, Tony Nader, 196.5; Thirteen-year-olds; 1, Russel Gans, 286.5; 2, Rob Ade, 277.5; and 3, Paul Cooper, 227.

Northville received the kickoff and took the ball on their own 35 yard line. Quarterback Doug Marzoni completed six straight passes, the final one a scoring toss to John Horwath with one second left in the game. Four of the completions were to Horwath.

# Ladycat Cagers Claw Mustangs

Playing a slow, deliberate style of basketball, Novi's girls' varsity team trounced Northville, 31-16 last Thursday at Northville.

Two Ladycat players scored in double figures for Novi. Dede McAllen and Elaine Maki both garnered ten points.

"I read John Wooden's book," Novi Coach Chris Hayward said of the famous UCLA coach. "In it he states that any time you play your game, you'll win."

She added that slow, controlled basketball is Novi's game. They played that to perfection against Northville.

McAllen also led the Novi team in rebounds with 15. Mary Kardel added 14 rebounds to the Novi cause.

Miss Hayward said that Novi was concerned about Northville's Patty Brown, and concentrated their defensive efforts against Brown.

Brown and two other Northville players tied for the Mustang scoring honors with four points apiece. Kim Adams and Cathy Belkowski

accounted for the other Northville scoring with two

points each Brown led Northville rebounders with eleven

## Netters Lose Meets

Northville's girl's tennis team lost two meets in dual meet competition last week, in Northville.

Ann Arbor beat the Mustang netters last Friday by a 5-2 score. Northville players were winners in only the second and third doubles matches.

Joan Davis and Claudia Riegner defeated the Huron's Merdy Mayo and Tracy Tupper in the second doubles match by scores of 6-1, 6-2. In the third doubles pairings, Debbie Salmeto and Liz Rider defeated Cindy Finell and Judy Rosenberg of Huron by scores of 6-4, 6-3.

In other Huron meet results: Becky Albus lost to the Huron's Cathy Chase, 1-6, 2-6; Sarah Kunst lost to Christie Collins of Huron, 0-6, 0-6; Lori Hopping fell to Rhonda Graham of Huron, 4-6, 7-5, 4-6; Karin Lotarski was

beaten by Cindy Evaldson of Huron, 1-6, 0-6, and Mary Korte and Paula Horst lost to the Huron doubles team of Lori Stubbs and Janet Mirsky, 6-4, 4-6, 6-7.

Last Thursday the Mustangs were skunked by Farmington Harrison, 7-0, as Northville lost every match.

Results from the Farmington Harrison meet were: Albus lost to Janice Lukasiewicz, 2-6, 0-6; Kunst lost to Emily Burke, 0-6, 0-6; Hopping fell to Linda Lukasiewicz, 0-6, 3-6; Riegner was defeated by Gail Potrykus, 2-6, 5-7; Korte and Horst lost to the doubles team of Denise Moehlnan and Hilde Randolph, 3-6, 0-6; Davis and Lotarski lost to Amy Must and Kay Lee, 1-6, 6-7; and Kathy Herbel and Salmeto were defeated by Carol Nosanchuk and Linda Nosanchuk, 4-6, 1-6.

# NOVI HIGHLIGHTS

## Jeanne Clarke

Ed and Sue Karschnick, former residents of Novi, are the proud parents of twin girls born September 22 at Botsford Hospital. Melissa Lee was 4 pounds, 8 ounces, and Sarah Lynn was 5 pounds, 2 ounces. Grandparents are Mr. and Mrs. Art Karschnick of New Mexico.

Mrs. Glen Salow, Sr. of Taft Road, and Mrs. Nema Weaver have returned from spending the weekend visiting friends in Sprangler, Pennsylvania.

Homer Kent, former long-time resident of Novi, entered the Veteran's Hospital in Ann Arbor on Tuesday.

Diane Smith was guest of honor at the home of her parents, Mrs. and Mrs. Lawrence Smith of Taft Road, at a bridal shower on Monday night. About 40 guests were present. Hostesses were Mrs. Evelyn McCormick, Mrs. Barbara Warren and Mrs. Jeanne Clarke.

Colleen Tague, daughter of Mr. and Mrs. Ray Tague of Beck Road has left her position at the Northville Parks and Recreation Department to attend college at Brand Valley University in Allentown, Michigan.

Leon Dochet, Bill Brewer and Bob Caswell have returned from fishing in Manistee for salmon.

Mr. and Mrs. Mike Needham and their four children of Columbus, Ohio were guests this past week of Mr. and Mrs. James Needham of Willowbrook.

Mrs. Mary Thomas attended the bridal shower Sunday, honoring the bride-to-be of her nephew, Raymond Thomas George, at the Roseville Lutheran Church.

Mrs. Lenore Washegishok of Maudlin, accompanied by other members of her family, visited her grandmother and grandfather at Marquette last week.

Kristin Sorby of Brighton is spending this week with her grandmother, Mrs. Mary Thomas of East Lake Drive.

## Novi Dispatchers and Clerks

This is the last week to call for pickup for any of your usable discards that will be for sale at the annual Trash and Treasure Sale scheduled for October 10 and 11. There will also be a bake sale and gift ideas, including terrariums, will be presented. Items for pickup may be listed by calling 624-0173. The next meeting will be on October 14 at the home of Karen Korte, of Taft Road.

## North Novi Civic Association

Plans are going ahead for the Children's Halloween party to be held at the Community Building for children in Novi. There will be refreshments. Children are encouraged to come in costume. Anyone wishing more information should call Pat Kern at 724-2311.

## NESPO

The next meeting for NESPO will be October 14. At this time, parents of students in the school who are new this year are especially encouraged to come to the meeting. Plans will be made for the next family night skating party which is co-sponsored by this group.

## Novi Lions Auxiliary

October 16 is the date of the membership tea at the home of Joanne Bailey to welcome the wives of new Lion members. All members are reminded of October 20 as the date for the trip to Rochester to the Leader Dog School. Other events coming up include a hayride and square dance on November 22.

## Novi School Menu

This is National School Week and Senior Citizens in the area are urged to participate by coming, if possible, on Wednesday, October 15 or any day throughout the week. Price will be \$7.50 for the lunch for senior citizens. Menus are as follows:

Monday—Lasagna, bread and butter, carrot strips, fruit and milk.

Tuesday—roast beef, mashed potatoes and gravy, bread and butter, buttered vegetable, pudding and milk.

Wednesday—Cheeseburger on bun, crispy potatoes, fiesta salad, chilled peaches and milk.

Thursday—hero sandwich, potato chips, baked beans, pineapple upside down cake and milk.

Friday—oven baked fish, tartar sauce, french fries, bread and butter, cabbage slaw, fruit cocktail bar and milk.

## Blue Star Mothers

About 15 members and guests attended the anniversary luncheon on October 2 at Jimmy's in South Lyon. Mrs. Homer Kent, chairman, who arranged the event with Fall motif, was unable to be present as her husband was taken to the Veteran's Hospital. The group recently presented the hospital with a coffee urn for Ward 6-W, as well as a subscription to the Detroit News for use by patients.

## Novi Little League

A reminder of the general meeting to be held on October 9 at 8:00 p.m. at the Novi High School. All managers and potential managers are asked to bring in all the tickets at this time. Final details will be worked out at the meeting for the special event to be held on October 26 at 3 p.m.

## Welcome Wagon

Ladies evening bridge will be on October 14 at 7:30 p.m. Contact Nancy at 349-5822 for details. Everyone is reminded that on Wednesday there is mixed volleyball from 7:30-10:30 p.m. at the Village Oaks Gym. Contact Beth at 349-3113. The next general membership meeting will be on October 16 at 7:30 p.m. at Village Oaks and the speaker will be Novi Councilmember

Romaine Roethel. On October 14, the creativity group will be meeting and will learn about knitting at 8 p.m. Contact Scotty at 348-9616. There are exercising classes being held on Tuesday and Thursday from 9:30-10:30 a.m. at the Novi United Methodist Church. Call Carol, 349-9151, for details. Baby sitters are available.

## Novi Jaycee Auxiliary

The Auxiliary assisted the Jaycees with the "Punt, Pass and Kick" contest held on Saturday, October 4 at the Middle School, for boys 8-13 years. Chairman Bobbie Breitberg will hold a meeting with her committee regarding the drive for Kimberly Clark Seals from Kleenex, Kimbles, and other products, to help in the fight against Muscular Dystrophy. The Jaycees Kid's Halloween party will be at the home of the McNary's. If you haven't called before, you are asked to call Joan before October 11 if you plan to attend. The next board meeting will be at the home of Bobbie Breitberg on Tuesday, October 14.

## Novi Rotary

Guest speaker last week was Al Strohmeyer of General Motors who spoke regarding new legislation pertaining to Workman's Compensation. Plans have been made to have Novi Councilman Lou Campbell speak regarding the

road situation in Novi at this time. Members are reminded that the annual fruit cake sale will be coming up in the near future.

## Willowbrook Community Association

The semi-annual general membership meeting was held recently and there was election of officers. They are: John Beach, president; Jon Dostal, vice-president; John McMillan, treasurer; Judy Dostal, secretary.

Directors for sub No. 1 are Bob Flattery and Paul Bailey. For sub No. 2 directors are Bob Pohlman, Norm Schollett, Bill Mueller and Mary Nunnery. For sub No. 3 the director is Stan Carnes. There is a need for two additional directors in sub No. 3. Anyone interested in working in this area are urged to contact the officers.

## Novi Senior Citizens

Novi Senior Citizens met at the United Methodist Church on Ten Mile Wednesday, October 8, at noon. Hosts were Mr. and Mrs. Leonard Butler, Mr. and Mrs. Ted Newhouse, and Mr. and Mrs. Paul Perdue. They all enjoyed a covered dish luncheon with cards following.

Mable Stagesburg would appreciate cards as she has returned home from the

hospital and is convalescing at home. Any member knowing of someone ill is asked to contact Mrs. Helen Trahan.

## Novi Weight Watchers

Those attending the Novi class of Weight Watchers are receiving the latest in eating management techniques through a weekly module program. Lecturer is Rosie Tague, resident of Beck Road, and the class meets on Tuesdays at 7 p.m. at the Living Lord Lutheran Church on 10 Mile Road. This week, several new members were present from the Northville class which is closing.

## Novi Pin Pointers

Mystery game was won by Bernice Harwood and High Bowlers were Evelyn Cotter with 181, Joan Reyniers with 184 in a 525 series and Sandy Detloff with 187. Standings as follows:

Woodsplitters	13	3
High Lows	12	4
Kool Kats	8	8
Weber Contractors	8	8
Novi Drug	8	8
Number One	8	8
Banana Splits	8	8
Woodlammers	8	8
Willi, H. Kelly Co	7	9
Four on the Floor	7	9
Alley Cats	7	9
Clowns	4	8

## Novi Rebekah Lodge

A thank-you from Thelma Cheeseman to all who donated or worked on the Roast Beef Dinner and Bazaar. The regular meeting will be on October 9. Also on the same date will be District No. 6 visitation at South Lyon Lodge. Five lodge members will be attending the Rebekah assembly in Grand Rapids from October 19-22.

## Novi Cub Scouts

The Pack meeting was held last week with many new boys being inducted in the pack. A list will be available next week. Additional officers on the adult committee include Eddie Rhea, Jim Russell, Webelos Vera Johnson, and Connie Webster. Winners of the Physical-Fitness Contest

last Saturday were: Eight year-olds - Craig Santos; Nine year-olds - Mark Nothnagel and Pat Mason; 10 year-olds - Ken Franks. These boys will compete with other cubs in the Clinton Valley Council at Camp Agawam on Clarkston Road on October 11.

## Novi Girl Scouts

There is a need at the Orchard Hills School for a leader for Brownie Troop No. 50. Also needed are leaders for a Junior Troop. Call Pat Grey at 349-7157 if you are interested. The next orientation for new leaders is Thursday, October 9, from 9:30 a.m. to noon at the First Congregational Church in Royal Oak. Call Ginny Folsom at 349-5713 for details. Other training is coming up, including one on "outdoor skills" Saturday, October 11, and one on "Colonial Arts and Crafts Dabbler," Tuesday, October 14. The next basic leadership class is scheduled

for Wednesday, 7:30-10 p.m. at the Council center.

## Parents Without Partners

The monthly meeting of the Novi-Northville chapter will be on Friday, October 10 at the American Legion Hall on Dunlap in Northville. Coffee is at 8 p.m. and the meeting starts at 8:30 p.m. Speaker will be Charles Yeramian, Associate Dean of Students at Oakland Community College who will be speaking on "Value-Basis for Everything." Beginning October 12, there will be a travel week-end in Montreal. Contact John at 425-8169 for details. Golf is continuing, weather permitting, at Dun Roving every Monday at 6 p.m. The course is at Haggerty Road south of 6 Mile. Also on the week-end of October 11 will be the Wayne, Westland and Livonia Treasure Hunt which Novi-Northville members have been invited to attend. Contact Charlotte, 455-3477.

## Novi Man Sues City Over 1974 Arrest

A \$2,000,000 lawsuit against the City of Novi charging that a Novi man suffered irreparable damage to his standing in the community and earning power has been instituted in district court.

The lawsuit stems from an incident in February of 1974 in which a Novi man was arrested and arraigned on charges of impersonating a police officer and being drunk in public.

According to reports at the time, Richard Athey of 41071 McMahon Circle was arrested by police following an incident at Dave's Hamburger Stand. Witnesses at the time said that Athey overheard an unknown customer telling a waitress that a gas station had just been robbed and the attendant shot. Athey then allegedly questioned the waitress about the story, stating he was a detective.

Subsequently police were called and Athey arrested on charges of being drunk in public and impersonating a police officer. The charge of impersonating a police officer was dropped. The charge of being drunk in public was tried in court and Athey found innocent.

Athey told this newspaper that as he paid for his food, the waitress saw in his billfold a badge that he carried in his job as a District Security Supervisor for a food chain.

Athey said that he is suing because of what he believes was a false arrest and that he has lost numerous friends because of the incident. He reported that a year and a half later he lost his position as District Security Supervisor. He blamed it on the arrest although, "I can't say this was the direct cause."

## Okay Extracurricular Trips

Continued from Novi, I

grips with whether the schools should be paying the whole cost and the scope of class trips. "We have not adopted a policy on how it (the trip) happens and why it happens."

Warren responded that, "I think every time we vote yes or no on a trip we're grappling with it. I think we have a good policy."

Trustee Helmer commented that, on the other side of the coin, there are many youngsters who otherwise could never go on a trip to the nation's capital if they did not go at a group rate in school.

The trip to Washington, D.C. includes visits to the Ford Theatre, Peterson Home, Bureau of Engraving and Printing, National Geographic Society, White House, Capital Library of Congress, Mt. Vernon, Arlington Cemetery, Supreme Court, Smithsonian Institute, the Jefferson, Lincoln and Washington Monuments, the F.B.I., National Archives, Embassy Row and the Pentagon.

Kelly indicated there are 39 chaperones so far to watch over the 212 students for the Washington D.C. trip. The board specified that no chaperones will be allowed to drink alcoholic beverages on the trip.

## Petitions Circulate

A petition being circulated by Meadowbrook Manor residents in Novi will determine if that subdivision is hooked into the Detroit water system at a price that could make it a real bargain for residents.

Residents of that subdivision have been up in arms over failure of A&P Construction Company of Plymouth to repave subdivision streets and do ditch work and general cleanup of the subdivision after putting in sanitary sewers this summer.

Residents met with the city manager and city engineer last week and were told that the paving and clean-up had not been done because the contractor had approached the city about the possibility of putting in water mains at an "attractive" price in the spring.

"I think that if I lived there, I'd have to consider the water main because they probably won't get it any cheaper," said City Manager Ed Kriewall.

## NO-SERVICE-CHARGE CHECKING WITH SECURITY!

Do it with  
**NOVI'S**  
5 1/2%  
Savings

It's very simple. Just open a 5 1/2% Security Time Passbook (STP) account with \$500 or more, and you're automatically eligible for a personal No-Service-Charge Checking account. YOU EARN MORE on your savings because the interest on your 5 1/2% STP account is compounded daily, yielding 5.65% interest annually. \* Interest is paid quarterly. All you need is a minimum balance of \$500. And it's an open account, which means you can add to it at any time in amounts of \$1 or more! YOU SAVE MORE with your No-Service-Charge Checking account because there's no service charge. ADD 'EM UP. Depending on how many checks you write, your No-Service-Charge Checking account can save you money in the course of a year. These savings, plus the extra interest you earn with your 5 1/2% STP account, can

mean substantially more money in your pocket. Whatever your needs, we have a personal checking account for you. Take our Thrifty-150 checking account. There's no service charge as long as you keep a minimum balance of \$150 in your account, or an average monthly balance of \$400.

Or consider Dime-A-Time Checking. There's no minimum balance required and all you pay is 75 cents a month to maintain the account and 10 cents for each check you write.

Whatever you need in banking, Security Bank of Novi has it. Including checking and savings accounts, loans, Security BankAmerica® Drive-In banking and more. Join our circle of friends at 10 Mile and Meadowbrook.

\*Federal law requires interest penalty for early withdrawal. Security begins at home. Phone 478-4000

## Seeks Community Hall Land

The Novi Community Organization, (NCO) comprised primarily of the Novi Rotary Club, Moose, and Jaycees is currently seeking property on which to build a new Novi community hall.

"What we're doing is trying to make enough money to purchase the land and put up a building," said Harvey Zameck, president of the organization. The NCO has been holding various events to raise funds.

Zameck said that his

organization is interested in constructing another building because the present community hall, connected to the Novi Elementary on Novi Road, no longer is able to serve Novi adequately.

"We found the facility to be inadequate," said Zameck. "The organization did not have a very nice place to meet in Novi. There is no place to hold a dance."

According to Zameck, the organization hopes to construct a community center that is much larger than the present community hall.

However, he estimates that cost of the land will be at least \$40,000 while the building could cost as much as \$300,000.

"Once the building is up, we think it will be self-supporting," added Zameck.

While the NCO has not actively sought donations, Zameck indicated it will take plenty of hard work and money to make a go of the project.

## Police Blotter

## Two Men Killed, One Hurt in 6 Mile-Napier Crash

## In Salem

Two men were killed and a third injured when their car was hit broadside by a truck at the intersection of Six Mile and Napier Road late Monday morning.

Killed in the accident were Morris Givens, 50, of 8112 Frederick in Salem and LeRoy Beard, 57, of Detroit. Givens' son, Raymond Louis Givens, 21, was taken to St. Mary Hospital with a broken arm and concussion and now is in University Hospital in Ann Arbor. The younger Givens was driving the car.

According to Michigan State Police, the Givens' car was hit about 11:15 a.m. Monday by a stake truck driven by Michael Francis Sypula, 22, of Romulus. Sypula was not hurt.

The truck was southbound on Napier Road when it struck the westbound Givens car. The stop sign at the intersection for southbound Napier Road traffic had been

taken down by vandals several weeks ago, neighbors reported, and had not been replaced.

The vehicles came to rest against a fence on the southwest corner of the intersection at Salem landfill.

Beard and Morris Givens were pronounced dead on arrival at St. Mary Hospital. Michigan State Police are continuing their investigation in the accident. Assisting at the scene were officers from Northville Township and Washtenaw County Sheriff's Department.

The Givens' family is well-known in the Salem-South Lyon area through their participation in athletics. Raymond was a standout in both football and wrestling during his high school career in South Lyon. He is presently a member of the Livingston County Sheriff's Department.

## In Novi

Four burglaries have apparently been solved by Novi detectives as the result of a tip provided police by an informant last week.

According to Detective Sergeant Gordon Nelson, a 17-year-old Northville man and a 13-year-old Novi juvenile have been arrested and charged with two counts of breaking and entering. Arrested was Lawrence Svatora, 51370 Six Mile in Northville.

An informant told police that a young girl was seen carrying several guns from a home in the 50000 area of Nine Mile into a wooded area.

Corporal Ralph Fluhart and officer Rasmussen searched

the premises and grounds and recovered six shotguns and rifles, a revolver, gun scopes, tapes, an FM stereo unit, a camera, clock and money.

After the items were recovered, Detective Nelson determined that the items had been taken from four homes in the Nine Mile and Napier area. Two of the homes burglarized were in Novi while two were in Lyon Township.

Svatora was arraigned on the two counts of breaking and entering October 6 before District Court Judge Martin Boyle and remanded back to Oakland County Jail on \$5,000 cash or surety bond. Possible charges are pending from South Lyon Police.

According to Nelson, Svatora is currently out on \$1,500 bond from Homes County Jail in Mississippi. There, he was being held for possession of marijuana when he escaped from the prison, allegedly stole a car and was later picked up by the Mississippi Highway Patrol. He had a handgun on him at that time. He was then released on \$1,500 bond after being charged with escaping from the county jail, possession of a stolen automobile, and carrying a concealed weapon.

The 13-year-old Novi boy also arrested is to be petitioned into juvenile court for breaking and entering.

The 16-year-old girl is also being petitioned to juvenile court for possession and concealment of stolen property.

According to Nelson, Svatora is also being investigated for possible involvement in other breakings and enterings throughout the area.

An apparent attempted rape began in Milford but ended in Novi October 3. An unidentified 36-year-old Wixom man is being held on charges of attempted rape.

According to officers, the girl was at Tim's Bar in Milford at 1 a.m. October 3, and was allegedly grabbed by

a subject who held a suspected knife to the girl's throat as she came out of the

restroom.

She was forced into the subject's van and driven to a field off Child's Lake Road in Milford where the subject allegedly attempted to rape her. After a struggle, the girl got away, only to be caught and taken back to the vehicle. The girl then reportedly told the man she would do what he wanted if he took her to her apartment. The man agreed and took her to a home on Novi Road. However, instead of being her apartment, the girl was at a home owned by friends and began banging on the door and screaming.

The subject fled northbound on Novi Road and, through information supplied by the girl, was picked up at Stratford Villa in Commerce Township by Wolverine Lake Police.

Two men were arrested at noon Saturday for obtaining a controlled substance by fraud at Novi Drugs on Grand River.

According to Detective Nelson, arrested were William Richards, 25, of Detroit and William Fedorko, 26, of Dearborn Heights.

Police arrested the men after receiving a call that a man was trying to purchase dilaudid, a morphine derivative, with a forged prescription. The druggist had called the doctor to verify the prescription and found that the doctor had not prescribed the drug and had prescription sheets stolen from his office.

Police arrived and arrested the man, identified as Richards. The pharmacist then noticed that a companion in the man's vehicle who had used a forged prescription to gain the same drug the previous week.

Both men were charged with obtaining a controlled substance by fraud and arraigned Monday before 52nd District Court Judge Gene Schnelz where they were released on \$5,000 personal bond. Examination was set for October 22.

Bob-O-Link Golf Course at Grand River and Beck roads

was entered during the early morning hours of October 1 and \$5,780 in liquor, golf equipment and an RCA color television, as well as an undetermined amount of change from vending machines was taken. The building was entered through the second floor window. The burglary is still under investigation.

A car-bicycle accident at 5:23 p.m. October 5 left the bicyclist, Karen Marold, 26, of 39517 Villagewood in Novi in the hospital.

According to traffic officer William Brown, the bicyclist was eastbound on the south side of 10 Mile near King's Pointe Road. An automobile driven by Richard Crabtree, 22, of Detroit was also eastbound. He reportedly swerved into the center lane to miss the girl and swerved back when he realized he had gone too far into the westbound lane. The car struck Mrs. Marold. She was taken to Providence Hospital in Southfield.

Crabtree was cited for failure to yield the right of way.

Three men were arrested September 27 after they allegedly attempted to steal a snowmobile being stored at Holloway Construction Company, 29250 Wixom Road in Wixom.

According to reports, Wixom officer Bruce Kirby was on patrol when he noticed suspicious circumstances at the establishment. He stopped and three men ran into the brush.

Kirby radioed for back-up help plus Wixom's police dog Kojak. Utilizing the public address system from a Novi back-up unit, Kirby announced that a police dog would be arriving. At that point, one of the subjects came in from the field, giving himself up. A second man was found by Kojak.

A third man could not be located but later gave himself up to police.

Oscoda, Gregory said. All are out on bond and none were wanted by other departments, he added.

Confiscated in the raid were quantities of opium, LSD, PCP, cocaine, marihuana and pills.

Lieutenant Richard Stover said that some of the pills were prescription drugs and many "were clandestine pills, made in underground labs. The majority of drugs confiscated was marihuana and many of the persons who were arrested said they came to Beer Hill since they knew marihuana would be available."

Gregory confirmed that windows of two vehicles suspected of containing drugs were broken. He said the locked cars were unoccupied at the time and the owners refused to open them so they could be searched. No drugs were found in one car but a large amount of drugs were found in the second vehicle.

The two-hour raid began shortly before 7:30 p.m. Twenty-two plain-clothes officers from the Detroit Police Central Narcotics Section and Redford Township and Westland police departments had been circulating in the crowd of 150 buying drugs before 28 uniformed sheriff's deputies moved in.

was entered during the early morning hours of October 1 and \$5,780 in liquor, golf equipment and an RCA color television, as well as an undetermined amount of change from vending machines was taken. The building was entered through the second floor window. The burglary is still under investigation.

A car-bicycle accident at 5:23 p.m. October 5 left the bicyclist, Karen Marold, 26, of 39517 Villagewood in Novi in the hospital.

According to traffic officer William Brown, the bicyclist was eastbound on the south side of 10 Mile near King's Pointe Road. An automobile driven by Richard Crabtree, 22, of Detroit was also eastbound. He reportedly swerved into the center lane to miss the girl and swerved back when he realized he had gone too far into the westbound lane. The car struck Mrs. Marold. She was taken to Providence Hospital in Southfield.

Crabtree was cited for failure to yield the right of way.

Three men were arrested September 27 after they allegedly attempted to steal a snowmobile being stored at Holloway Construction Company, 29250 Wixom Road in Wixom.

According to reports, Wixom officer Bruce Kirby was on patrol when he noticed suspicious circumstances at the establishment. He stopped and three men ran into the brush.

Kirby radioed for back-up help plus Wixom's police dog Kojak. Utilizing the public address system from a Novi back-up unit, Kirby announced that a police dog would be arriving. At that point, one of the subjects came in from the field, giving himself up. A second man was found by Kojak.

A third man could not be located but later gave himself up to police.

Oscoda, Gregory said. All are out on bond and none were wanted by other departments, he added.

Confiscated in the raid were quantities of opium, LSD, PCP, cocaine, marihuana and pills.

Lieutenant Richard Stover said that some of the pills were prescription drugs and many "were clandestine pills, made in underground labs. The majority of drugs confiscated was marihuana and many of the persons who were arrested said they came to Beer Hill since they knew marihuana would be available."

Gregory confirmed that windows of two vehicles suspected of containing drugs were broken. He said the locked cars were unoccupied at the time and the owners refused to open them so they could be searched. No drugs were found in one car but a large amount of drugs were found in the second vehicle.

Arrested in the incident were: Thomas Goers, 19, of 39411 Squire Road in Novi, Michael Schultz, 19, of Howell and Steven Osbrouck, 20, also of Howell. All were arraigned the following day on a charge of attempted larceny and released on \$1,000 personal bond each.

Approximately \$143 damage was done to a car parked in the 1800 area of Evona, September 29.

A rear window was shot out and the rear view mirror broken also. Police found a lead pellet in the car.

A metal box with \$500 in stocks, cash and coins was taken sometime during the last five weeks from a home in the 27000 area of Lakeridge.

A Detroit man was apprehended October 2 by a Ford Motor Company security guard as he attempted to leave the plant with a \$146 radio strapped under his arm. The man, Jesse Adams of Detroit, was released on \$1,000 personal bond at the arraignment.

Two plate glass windows, valued at more than \$1,000, were broken in a house on Northville Road south of Six Mile Road. The damage was reported September 29.

Three mailboxes were damaged late Friday or early Saturday morning in the western portion of the township.

A 1971 blue Ford Mustang valued at \$900 was stolen September 27 from where it was parked at the Village Apartments.

## In Township

Township police are looking for a 1975 white Lincoln stolen September 30 from the parking lot on Aqueduct Court in Highland Lakes. The car, which was locked at the time of the theft, had also been stolen six weeks ago and recovered in Detroit.

Police said sporting equipment was in the trunk of the car.

Moraine Elementary School on West Eight Mile Road was the target of vandals this weekend after the school was broken into late Saturday or early Sunday. The alarm system, which was turned on

at the time of the break-in, was not functioning, township police said.

Windows were broken in the principal's office and on the east side of the building. The office was ransacked and a typewriter was thrown on the floor. Taken from one classroom which was entered was \$15. Investigation is continuing.

Three camper trailers parked at Highland Lakes were damaged last Wednesday or Thursday. A large window on one trailer was broken, causing \$160 damage.

Attempts were made to enter another camper, damaging the door lock. Repairs were placed at \$150. A third trailer was broken into after the door was pried open but nothing was discovered missing, police reports said.

Two plate glass windows, valued at more than \$1,000, were broken in a house on Northville Road south of Six Mile Road. The damage was reported September 29.

# Former Residents Stop for Visit

By NANCY DINGELDEY

Even if it was only for a couple of hours on a Thursday morning the gals of Northridge would agree it was "just like old times" chatting with Mary Beth Bissell over a cup of coffee.

The Bissells departed Wixom some 18 months ago to live near Paris, France where Phil's company had transferred them. They returned to the States two weeks ago, re-enrolled their

four boys in Wixom Elementary and had good plans to move back into their home on Hopkins Drive. Such was not the case, however, for right in the middle of their move the company decided it was on to Van Wert, Ohio and another new home.

Neighbor Bev Walters had already planned a welcome home coffee for MaryBeth which quickly turned into a "hello-goodbye" affair instead. Needless to say, the Thursday coffee was a

hilarious event as MaryBeth described the "American in Paris"—especially relating to their kids. The boys had been enrolled in a French school near their home which served five course lunches, creating a few problems. The tales of the menu, which always included "funny fish", caused MaryBeth to investigate. "Funny fish" were, in fact, sardines and after a while, reported MaryBeth, the boys actually got to like them.

Further tales of visits to the

art museums, the streets of Paris and life in general brought the group to near hysterics. From all the glamour and glitter of Paris which is, disappointingly enough, not the Paris of old, to the "middle of a corn field in Ohio", Wixom once again has to say "au revoir" to the Bissells.

Eighty-six miles per car were logged by the large group who participated in the Wixom treasure hunt a week ago. Clues took people far and wide in search of a little plastic disc with a constant eye on the clock. Everyone gathered at the Ponderosa in Pontiac for a steak dinner.

For some, especially the Coys and the Walshs, the evening proved to be one of constant roadblocks which read something like this...stopped along the way by three freight trains, battery failure, a flat tire and questioned by the police. They didn't make it in the top ten!

Proving their prowess in not only problem solving but in driving ability, as well, were the team of Bonnie and Denny Haight and Pam and Tony Dodge. Their reward...\$100 and the grand opportunity of putting on the next hunt. Just a few months back, the same team won the Burroughs hunt so some devious minds will be very active come next spring.

Thirteen minutes behind the winning car and capturing \$75 for their abilities were the Highgate sixsome of Schemanske, Flug and Stone. And just five minutes behind them and still plugging away for that top spot the sturdy group of Morehead, Paisley and Vangieson. For their efforts they gained \$50.

Finishing in fourth place and the last to receive any money were Joan and Howard Hollister, Rose and John Victory, and MaryBeth and Phil Bissell. Theirs was a \$25 prize.

For all the rest of the hunters there were bottles of wine and packs of beer to

complete the evening.

It was a fun evening and special thanks are due to the organizers. Susie and Steve Boulton, Sue and Pete McMillan and Carol and Karl Johnson...all of Highgate.

A super good afternoon last week as the ladies once again gathered for the fall ladies luncheon. The program was one which captured the fancy of the audience as they watched a fall fashion accessory show. All the handbags and accessories were cleverly designed...in fact, the whole afternoon was clever. A good job was done by Lynda Schemanske, Patty Flug and a bevy of other gals from Highgate.

Now that we're really into October, enjoying some beautiful fall colors and feeling a true nip in the air, we can think ahead to some of the things happening this month.

Tops on the list is the Fire Department Open House on Sunday, October 19 from 3 to 6 p.m. It will be the "unveiling"...and chance for the public to view Wixom's first complete fire station. There will be door prizes, refreshments and the chance to be in on the "christening" of a brand new structure. Meet the men who make up Wixom's total volunteer force and see how this department works.

The monthly meeting of the Wixom Historical Society will be held on Monday, October 20 at 8 p.m. in the Wixom Library. Topic of the evening will be scrimshaw...the ancient mariners' art of carving on whale bone with a display and demonstration.

And for those who enjoy visiting art and craft shows, the Farmington Community Center will be having their annual show on October 25. I guess it's near time to think about Christmas. With that subject in mind you might want to think a little further ahead and plan on Wixom's own arts and crafts show...the Holiday Boutique. That will be in November

## Appeals Board Acted Properly Says Attorney

Legal opinion supports the right of the Zoning Board of Appeals in granting a lot split to Councilman Paul Folino.

The opinion of City Attorney Philip Ogilvie was sought following a council debate over the legality and propriety of the appeals board to grant the splitting of a lot at 350 East Main Street.

(The request of Folino was subsequently withdrawn when the councilman indicated he had sold the lot intact and no longer needed it divided).

Councilman Paul Vernon had questioned the propriety of the board's reasoning in granting the variance. He challenged the board's right to grant the lot split to make the land more saleable. All but Councilman Folino appeared to agree with Vernon.

At the time the city attorney concurred with Vernon that

the action of the appeals board, based on the facts at hand, was improper. Furthermore, the board compounded its error, Ogilvie added at the time, because the split creates a lot of lesser size than is permissible by city statute.

Upon researching the matter, however, Ogilvie concluded that the "zoning board of appeals did not exceed its authority..."

Continued the attorney in his formal opinion:

"It might be argued that in view of the conditions placed upon the zoning board of appeals in granting a variance from the provisions of the zoning ordinance that the board exceeded its authority in this particular case, since it did create a parcel of land which was greatly below the minimum requirements for a buildable lot.

"However, it is my opinion that this is not the case even though the decision rendered might not have been wise, in

view of the request made by the applicant. It is my understanding that the zoning board of appeals is attempting to establish a more formal procedure for the review of applications of this nature. If this is done I feel it is very unlikely that a situation such as has arisen out of this particular matter will ever occur again."

The city attorney also concluded that the board of appeals was the "proper body" to hear an appeal of this kind.

William Bingley, chairman of the appeals board, requested the council make public the city attorney's opinion since the "integrity" of the board had been publicly questioned earlier.

Councilmen and members of the board of appeals are to meet in a special study session next week Tuesday. Among other things officials will hear a review of the law as it affects decision making of the appeals board.

### OK \$1,000

Northville City Council has agreed to underwrite up to \$1,000 to support the activities of the Northville Bicentennial Committee.

First of the projects planned by the committee in celebration of the nation's 200th birthday was the recent concert by the 5th Michigan Regimental Band of Howell.

### 'Split' Tabled

Request for a split-tax collection has been tabled by the Northville City Council pending settlement of the annexation question.

The request that the city collect half of the school taxes in the winter, half in the summer was made by the Northville Board of Education.

## MOBILE HOME PROTECTION

State Farm has economical coverage for your mobile home and contents. Liability protection for you. Many optional extras to meet your specific needs. And of course you can depend on the best service. Call for details.

**"RAINCHECK" POLICY**  
Everything you buy at Kroger is guaranteed for your total satisfaction regardless of manufacturer. If you are not satisfied, Kroger will replace your item with the same brand or a comparable brand or refund your money.  
We also guarantee that we will do everything in our power to have ample supplies of all advertised specials on our shelves when you shop for them. If, due to conditions beyond our control, we run out of an advertised special, we will substitute the same item in a comparable brand (when such an item is available) reflecting the same savings or, if you prefer, give you a "RAIN CHECK" which entitles you to the same advertised special at the same price any time within 30 days.
