'I'm gonna eat and eat 'til I bust'

"We'll be cooking just about everything most people would have on Thanksgiving ... nothing unusual ... just turkey, dressing, some salads and probably some cakes and pies," says 83-year-old Frank Lewis (left) who has been cooking daily for himself and others "for longer than I can remember." Besides his

sister and a few friends, sharing the Thanksgiving table will be his older brother, Victor, who at 94 promises, "I'm gonna eat and eat 'til I bust." The two brothers, who live together, are featured this week in a historical recollection of one of the nation's worst railroad disasters. Turn to Page 7-C.

Gunman Robs Hamlet

Plymouth Man Arrested

An 18-year-old Plymouth Township man was charged Tuesday afternoon with last week's armed robbery of Hamlet Food Mart on Novi Road. Arrested Monday at his home was Michael Duane Simon. He offered no resistance.

His arrest caps nearly a week of intensive investigation by Northville City Police and Michigan State Police detectives. The armed robbery took place about 9 p.m. Wednesday and netted approximately \$150.

Two city police officers who surprised the lone gunman in the process of the hold up were disarmed. Their guns were recovered Monday afternoon in a U.S. Postal Service mailbox on the Plymouth Township-Livonia border.

Arraigned Tuesday before 35th District Judge Dunbar Davis, Simon stood mute and bond was set at \$50,000. Examination on the charges has not been set.

According to state police, Simon's arrest also solves two recent armed robberies in Canton Township and Westland.

In the Hamlet robbery last Wednesday, Simon reportedly was in the process of holding up the store owner and an employee when on-duty police officers Sergeant Allen Cox and Auxiliary Patrolman Alan Zielinski walked into the store unaware of what was taking place. A customer in the store at the time of the robbery was not held by the gunman.

Sergeant Cox said the gunman believed an alarm had been set off notifying police and became extremely nervous. When convinced that the officers just happened to walk in during the robbery, he ordered them to put their service revolvers on the floor. During this time, he had the hammer of the handgun pulled back, ready to fire, Cox remembers. When Auxiliary Zielinski attempted to remove his gun with his hand, the gunman allegedly thought it was an attempt to draw the weapon and again became jumpy.

During the sequence of events, Salem Abraham, owner of the store, had a handgun pointed at the holdup man. Realizing, however, that the reflex action of his shot would cause the man's gun to discharge into one of the officers at which it was pointed, Abraham did not use his gun.

Another employee in the rear of the store at the time of the holdup, heard loud voices and came out to see what was happening. Seeing the officers' guns on the floor and the gunman, the employee went to call the police department.

The gunman escaped out the front door and ran through the subdivision on foot.

Officers from Northville, Northville Township, Novi, Livonia, Plymouth, Michigan State Police and the Wayne County Sheriff's Department helicopter combed the Village Green subdivision for nearly three

Terminating Township Contract

City Seeks New Pact For Fire Department

Northville Township is to be notified this week that the city intends to terminate the present city-township fire department and negotiate a new agreement.

By unanimous action Monday the city council voted to terminate the agreement as of June 1, 1976 and to "enter into a new pact that provides more clearly and equitably for the sharing of operating costs between the city and township."

Although some of the fire department equipment is owned partially or fully by the township, the department is based in the city and the service is primarily a city one furnished the township by contract.

The fire hall is located in the city hall building on Main Street at Wing.

"Since there is no provision in the agreement for modifications short of termination, and since the recommended modifications substantially change the agreement, this appears as the most effective approach to accomplishing the change," explained City Manager Steven Walters.

Walters told councilmen it is important to advise the township board of city concerns now "so that the financial impact of the proposed cost-sharing and payment-cycle modifications can be considered in their budget planning. If the present agreement is terminated by notice on December 1, 1975, a new agreement if adopted would go into effect on June 1, 1976, two months into the township's 1976-77 fiscal year."

The present agreement was established in July of 1965.

Three basic areas of cost-sharing inequities that the city has insisted need reconsideration are:

- The burden of lost employee manhours by a limited number of employers, primarily the city, from volunteer responses to weekday-daytime township fires.

- The inadequate provisions in the agreement concerning many of the costs which are now being billed as a result of the accounting system improvements.

- The lag in repayment cycles in the present billing schedules, which causes the city to carry large expense balances for township fire service for many months, placing an undue cash-flow burden on the city.

Under the present agreement the following cost sharing is provided:

- Township pays all wages of firemen responding to township calls.

The city's concern is that this provision has been interpreted to mean the hourly volunteer firemen's pay, but not the employers' wages lost when volunteers leave their jobs to respond to a fire.

- Township pays all costs of equipment, maintenance and repair on equipment owned by the township.

The city's concern is that maintenance on jointly-owned equipment has been billed on a 50-50 basis, but until recently the DPW labor spent on fire equipment maintenance was generally absorbed by the city because of inadequate labor cost accounting.

- Township pays \$125 per month rental for the fire hall.

The city contends this 10-year-old rate is unrealistic.

- Township pays all other expenses, including administrative costs, mutual aid salaries and training

Two Will Resign If Recall Wins

Reaction to petitions being circulated by the Northville Township Boosters Club calling for an election to recall Supervisor Betty Lennox and Trustee John MacDonald ranges from silence to outrage this week. Two fellow board members have stated they will resign if the recall campaign succeeds. Two other members took no position. And a third said he would not sign petitions and "would not like to see the petitions against the supervisor succeed."

A flurry of letters (see pages 12, 13-A) criticize the action. One of the letters was submitted by a Boosters' Club member (Barbara Yant),

who explains she opposed annexation but could not support recall.

R. M. Lysinger, president of the Boosters, acknowledged that he had received a copy of the letter. "Nothing has changed as far as I know. But her letter will become an item at our next meeting," he indicated. Lysinger, who has stated that he supports the recall action against the two elected township board members, said the club would meet within the next week or two and discuss the subject before taking any action on filing of the petitions.

Trustees James Nowka and

Continued on Page 14-A

costs, proportionate to the number of township fire calls.

The city contends this provision is vague, and that

NEWS BRIEFS

825 CHRISTMAS DOLLARS will be given away by 25 Northville merchants to local shoppers in the annual campaign to encourage Christmas shopping in Northville. The Christmas Dollars can be spent just like money in any of the 25 participating stores. The first Christmas Dollars will be given away Monday, December 8. See page 8-A for full details.

IT'S A PRETTY GOOD bet that a proposed new recreation budget, to be presented to the city council and the township board next month, will call for a substantial increase in contributions by the city and township—perhaps by 60 percent. The increase will reflect a big expansion in departmental services resulting with a full-time recreation director this past year.

JOHN GENITTI, owner of E.M.B. market, has been named to the Northville City Planning Commission to fill the vacancy created with the resignation recently of James Donnan.

PRELIMINARY DESIGN of the proposed senior citizens housing development will be presented to the city council December 1 by the Northville Housing Commission. The presentation will include a slide program, a scale model of the site and the proposed building configuration. The proposal already has been presented to the Senior Citizens Club which reacted very favorably. The housing is to be located on the Eastlawn Convalescent Center property which is being purchased by the city.

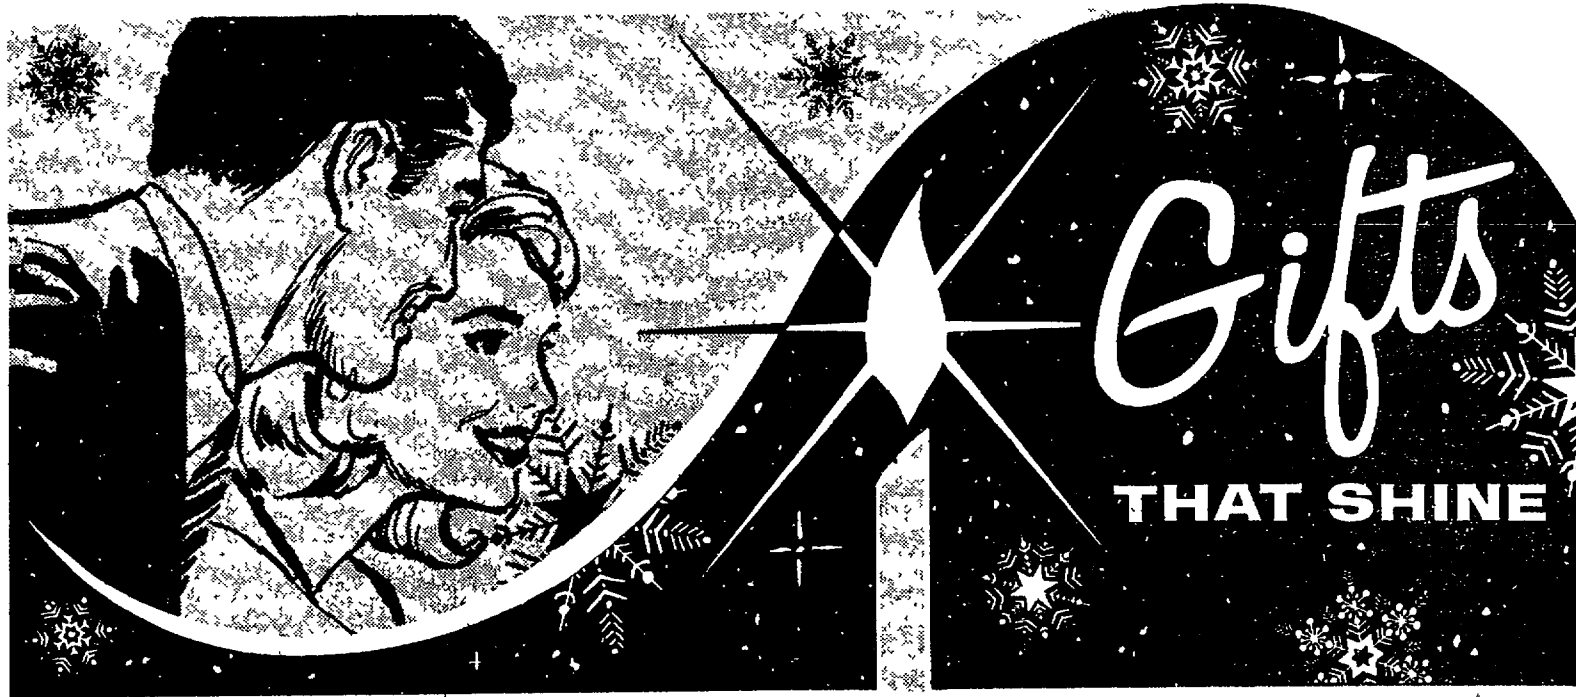

ATTENDANCE CALLS to Meads Mill Middle School should be made to a new phone number. School officials found that with the attendance calls the regular phone line at the school has been overburdened. The new phone number of 349-5960 should alleviate some of the demand upon the office phone.

UNICEF will be receiving a check for \$923.72 collected during Halloween by children in all Northville elementary schools. Moraine teacher Naomi Poe, coordinator for the drive, said that the check is the largest ever sent by the children. "All the students worked hard and it shouldn't be long before we collect over \$1,000 for UNICEF."

ANOTHER BIG SUCCESS—Northville Historical Society's annual Tivoli fair, held last weekend in the Northville Square shopping center, was once again a gigantic success. Not only did the Society raise over \$4,000, it generated a

significantly increased business for the stores in the mall. Above is the Society's own booth, which did a brisk business both Friday and Saturday.

In Our Town

Holiday Season's Time for Parties

By JEAN DAY

"IT'S BEGINNING to Look a Lot Like Christmas" is the theme for the Christmas tea of Highland Lakes Women's Club to be given at the clubhouse at 1 p.m. next Thursday, December 4.

With Thanksgiving here most local organizations are in the midst of holiday season plans.

Northville Jaycee Auxiliary is announcing the Saturday, December 6, date for its annual Children Only Christmas bazaar to be held in the city council chambers in city hall.

Northville Mothers' Club is tallying responses for its fourth annual cocktail party, also December 6 in nine members' homes, for which 550 invitations have been sent out.

Newcomers Club has two festive dates upcoming. Christmas cocktails December 13 at the Vincent Pachecos and at the Sid Albrechts. A Christmas cookie exchange is set for December 5.

THE HIGHLAND LAKES Women's Club is inviting all women of the subdivision to attend the tea next Thursday which will feature a holiday program by Ted Strasser, whose Patterns in Music program is a Sunday favorite on radio station WJR.

Strasser, who has been with the station since 1963, is a master at weaving music and words together with a theme and has created some 2,000 themes for his programs, as he plans to do with "It's Beginning to Look a Lot Like Christmas" for the women's club. He and his family are residents of Highland Lakes.

Mrs. F. Keith Jack, club president, will preside at the event. Babysitting will be provided with women who plan to use the service asked to call Pam at the clubhouse, 349-4006, to make a reservation.

CHILDREN ONLY are admitted to the Jaycee Auxiliary bazaar to be held from 10 a.m. to 2 p.m. next Sunday in the council chambers.

At that time youngsters from three to ten years old will be able to shop for \$1 or \$2 gifts for their parents, as did about 300 boys and girls last year.

The Jaycee Auxiliary members have examples of each gift on display with duplicates all pre-wrapped for quick purchasing. Chairman Jane Dugan says there will be about 700 "really good gifts that children will like to give and parents will be pleased to receive."

Last July, she explains, gifts were ordered in quantity at special prices from wholesale catalogues. Bread trays, nail care kits and Christmas decorations are examples of the wares from which little ones may pick with the help of auxiliary workers.

THE TWO CHRISTMAS cocktail parties planned by Northville Newcomers are limited to the first 50 couples making reservations. Mrs. Charles Peltz, president, points out. Hours are 8:30 p.m. to 1 a.m. December 13, with a \$4 a couple tab. Chairman Sharon Smith is asking each couple to bring an hors d'oeuvre and a white elephant gift. Pat Neff, 348-1977, and Karen Brown, 349-7696, are taking reservations.

Newcomer ladies will be exchanging cookies in several homes next Friday between 9:30 and 11:30 a.m. Chairman Fran Firek is requesting members to choose a favorite recipe and make five dozen cookies. Coffee cake will be served as members exchange and get copies of

TED STRASSER

recipes. Reservations must be made by Tuesday with Mrs. Firek, 349-8833, or Cathy Coultrip, 348-1676.

MOTHERS' CLUB PARTY workers were cooking and freezing last week in preparation for the cocktail fetes to be held from about 6 to 8 p.m. (exact hours depending upon the hostess) next Saturday at the homes of co-chairmen Mrs. Edward Hodge and Mrs. Keith Wright, and Mrs. Charles Fountain, Mrs. Richard Lyon, Mrs. Irvin Marburger, Mrs. Herbert Weston, Mrs. Donald Willoughby, Mrs. William VanBuren and Mrs. Martin Rinehart, president.

Last Wednesday 2500 meat balls were made "by hand" from quantities of ground chuck in a work bee held in Mrs. Harold Wright's kitchen.

"Many hands made light work," comments Pat Wright, pointing out that she, Sue Wright, Mary Whiteside, Rae Deibert and Anne Pyett assembled that many in three and a half hours.

The recipe has been a feature of all previous cocktail benefits and originated with Fay Tellam, a former member who has since moved. The first year Mrs. Tellam made the entire recipe herself. Practice makes perfect, says Pat Wright, revealing that this year they are a bit larger.

Because the club has received requests for the recipe, she's sharing it. This recipe was multiplied 15 times for the club parties.

COCKTAIL MEAT BALLS

3 lbs. ground chuck
1 med. onion
2 eggs
1 tsp. garlic salt
1 tsp. onion salt
½ tsp. pepper

Combine onion chopped and eggs in blender. Form ingredients into balls. Makes 150 small ones.

Heat together a jar of chili sauce and ¾ c. grape jelly. Add meat balls and simmer a half hour. Refrigerate and skim off grease. Reheat just before party and serve.

MARY KRAUSE

JANISSE BLACK

Engagements Told

MARY KRAUSE

Mr. and Mrs. Warner Krause of 46065 Fonner Road announce the engagement of their daughter, Mary, to Second Lieutenant John Cast. He presently is stationed at Fort Stewart, Georgia, where he is combat engineer battalion platoon leader. He is the son of Mr. and Mrs. Darrell Cast of Hamilton, Ohio.

A 1972 Northville High School graduate, the bride-to-be is a senior at Michigan State University where she is a member of Delta Phi Alpha Honorary German Society. She is to graduate in June, 1976, and plans to teach German or history.

Her fiancé is a 1971

graduate of Badin High School in Hamilton and a 1975 MSU graduate with a major in forestry.

A July 24, 1976, wedding date has been set.

JANISSE BLACK

Announcement of the engagement of Janisse Joan Black to James Anthony Spagnuolo is made by their parents.

The bride-elect is the daughter of Mr. and Mrs. Robert W. Black of 110 South Rogers. Her fiancé is the son of Mr. and Mrs. Joseph Spagnuolo of 203 Debra Lane. Both are graduates of Northville High School.

An April 24, 1976, wedding date at Our Lady of Victory Church has been set.

Macrame Plant Hangers Are Good Gifts

Living green plants are "big" for home decorating and are expected to be among this year's most popular Christmas gifts — especially if they come with their own macrame hangers.

If you can tie a simple half knot, you can create a net-like hanging planter.

All it takes, as Carol Noffz demonstrated this month to the Northville branch, Woman's National Farm and Garden Association, is 36 yards of natural jute, six beads with quarter-inch holes (if you wish) and a potted plant.

Take the basic premise that macrame is the process of knotting your own original design and work from very basic instructions.

That's what the garden club members did in their popular workshop held at the home of Mrs. Roger Pyett.

They found the "natural twist" shown in the photographs, which is distinctive of macrame, "just happens" as the knots are worked.

To make a hanger about 36 inches long here are Mrs. Noffz' instructions:

Cut six cords each six yards long.

Fold all six in half together and make an overhand knot leaving a loop at the top.

Separate the 12 cords into three groups of four each. It's easier if you hang the loop from a high hook.

Repeat the following instructions for each of the three groups:

Tie about 30 half knot sinnets which will twist to create the spiral look.

Slide a bead up the two center filler cords and tie a square knot.

Take all four cords and tie another hand knot.

To have enough cord length it is now IMPORTANT to switch the longer two cords to the outside and use the shorter two as fillers.

If desired, stick another bead over the shorter fillers.

Garden Club members learn macrame at recent holiday workshop

CAROL NOFFZ
Demonstrates Macrame

Education Is League Topic At December Holiday Tea

The League of Women Voters of Northville, Plymouth, Canton and Novi will host a holiday tea from 1 to 3 p.m. on Wednesday, December 3, at the Old Library in the Mill Race Village on Griswold Street.

Program for the meeting will be local education with guest speakers coming from the area school districts.

Representing Northville will be Superintendent Raymond Spear or Assistant Superintendent Florence Panattoni. From Plymouth will be Superintendent John M. Hoben with Dr. Gerald B. Kratz representing Novi.

The three school representatives will discuss their districts in general, showing a map of their district and the location of the schools.

New and innovative programs in each of the districts will also be discussed along with federal and state budget cuts in education and the effect they will have on each district.

The holiday tea is open to the public and babysitting is available by calling Annalee Mathes at 349-7334 for reservations.

Wed in Northville, California

Bingley-Sanger

Kimberly Ann Bingley and Frederick Stuart Sanger II exchanged vows last Tuesday evening, November 18, before an altar decorated with floral arrangements done by the bride. She also made the bouquet she carried.

Officiating at the 8:30 p.m. double ring ceremony at the First Presbyterian Church was the Reverend Richard Henderson.

Parents of the couple are Mr. and Mrs. William J. Bingley of 1039 Allen Drive and Mr. and Mrs. Frederick Sanger of 45175 Clement Court.

Given in marriage by her parents, the bride wore a long white halter gown with matching feather trimmed jacket. She carried a bouquet of roses and orchids.

Maid of honor Karen McDonald wore a blue blouse and matching printed skirt. Pam Bingley was her sister's bridesmaid, wearing a rust colored blouse and printed skirt. Both carried yellow roses and baby's breath.

Best man was Brad Austin while Earl Bingley, brother of the bride, served as usher. Mrs. H. O. Evans was the organist.

A reception at the bride's

home for 40 guests followed the ceremony. Special guests included the bride's mother's parents from West Branch and her father's parents from Burlington.

The couple, who met in graphics class at Northville High School, is attending Schoolcraft College. The bride is employed at LeFleur Florist in Northville. Her husband is a dispatcher for Novi Ambulance and plans to become an emergency medical technician. They are making their home in Northville.

Kushmaul-Tuck

Lee Kushmaul and Mar Tuck, former Northville residents and graduates of Northville High School, returned to be married last Saturday.

They asked the Reverend Guenther Branstner to perform the double-ring ceremony at 4 p.m. in First United Methodist Church of Northville.

It was a family service with the bride's parents, Mr. and Mrs. Donald Kushmaul, attending from Oscoda, and the bridegroom's, Mr. and Mrs. Ronald Tuck, coming from Cleveland.

Given in marriage by her father, the bride wore a full length white gown fashioned

with oval neckline and short sleeves. Her corsage was of multi-colored blossoms.

Mrs. Sandra Pruitt of Southfield was her sister's attendant while the bridegroom asked his father to be best man. A family dinner followed the ceremony.

The newlyweds will live in Ann Arbor where the bridegroom is a dental student at University of Michigan.

Murany-Berwald

Mr. and Mrs. George Murany of 46842 Grasmere announce the marriage of their daughter, Susan Kay, to

James Spencer Berwald on November 1 in Sebastopol, California.

He is the son of Mr. and Mrs. H.F. Berwald of Santa Monica, California.

For the evening ceremony at the home of a friend the bride wore a long, pearl gray wool skirt and matching silk blouse. She is a 1967 graduate of Northville High School and a 1971 graduate of University of Michigan.

She presently is employed with Hewlett-Packard, an electronics firm, in Palo Alto, California. Her husband is self-employed as a cabinet maker.

They now are living in Palo Alto but plan to build their own home next spring near Bemidji, Minnesota.

Esch Sets Hours

Congressman Marvin Esch (R-Michigan) will hold a congressional action line office hour Tuesday, December 2, from 5 to 6 p.m. at his Livonia district office. The office is located at 15273 Farmington Road, south of Five Mile Road.

Congressman Esch's district office is open daily from 9:30 a.m. to 2 p.m.

Nancy James (standing), Barbara Clement and Sam Battiatto wait for Tramp

Lady and the Tramp

Novi Businessmen "Adopt" Lonely Pup

By WAYNE LODER

The setting could have come straight from a Walt Disney movie.

Abandoned, a lonely, starving pup finds itself adopted by a beautiful young lady who gives the dog a home, kindness and love.

In the case of "Tramp," a black and white mixed Terrier, there's more truth than fiction to the heartwarming story of the pup that showed up one day and has since been "adopted" by part of Novi's business community.

Since Tramp came on the scene last June, she's accumulated many friends in the area of Grand River, east of Novi Road. One of them is Barbara Clement, Assistant Manager of National Bank of Detroit.

"We'd like to catch her before the cold weather so we could give her a home," says Miss Clement who nicknamed the dog Tramp. "If we could only get her in here..."

But it's not only the several employees at NBD who would like to give Tramp a home.

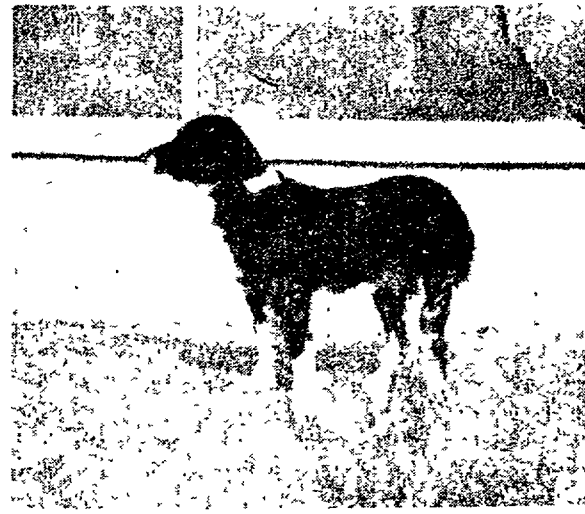

Workers at Novi Auto Parts, Novi Party Store, Typewriter Shop and Michigan Tractor have all attempted to persuade the terrier to make her home with them.

"It's our theory she's probably been mistreated. She's really afraid of us," explains Miss Clement as to why the pup still makes its home out in the cold.

Despite her apparent fear of man, Tramp still comes around every morning at 8:30 a.m. for dog food and tidbits always left for her by the first employee to arrive for work at NBD. Then she takes off across the street and during the day also gets handouts at Novi Auto Parts, Novi Party Store and the Typewriter Shop. Even on Sunday Miss Clement makes a special trip to the bank to feed Tramp and, hopefully, to persuade the dog to become friends with Miss Clement's own dog.

But all attempts have been unsuccessful.

Board Selects Jolly To Fill Vacancy

Novi School Board last week named Terrance Jolly as a board member replacing Gilbert Henderson who was elected mayor of Novi.

The appointment of Jolly to the board was short and sweet as only one vote of the board was necessary to name Jolly as the winner. An original list of eight candidates — later expanded to nine — was narrowed down by the board members to Jolly and Virginia Gillick before the meeting.

At the Thursday meeting, member Sharon Pelchat nominated Mrs. Gillick while Robert Wilkins nominated Jolly. Board Attorney Frederick Knauer, who acted as the official vote tallier, told the board of Jolly's election on the first ballot.

Other people nominated by board members at the previous board meeting November 6 were: Russell Fertitta, Nancy Heinonen, Lawrence McFarland, Audrey Murphy, Lawrence Smith and Melvin Stephens. Past City Manager and Councilman George Athas was later put into nomination.

All nine candidates were interviewed for 20-30 minutes November 18 and Jolly and Mrs. Gillick selected as the two finalists.

While Jolly is replacing Henderson on the board, former vice-president Ray Warren was named to replace Henderson as president while Mrs. Pelchat was named as

vice-president replacing Warren.

Jolly is well known to the area having lost a narrow victory in 1972 to Martin Boyle for 52nd Court Judge. Jolly is a partner in the Bloomfield Hills law firm of Matheson, Bieneman, Parr, Schuler, and Ewald.

He received his law degree from the University of Detroit in 1968 and has served as an Assistant United States Attorney for the Eastern District of Michigan. His duties included serving as a trial attorney for the criminal division, preparing and prosecuting trials in criminal areas involving federal prosecution. In addition, he prepared appellate briefs and represented the United States in the Sixth Circuit Court of Appeals and United States Supreme Court.

Prior to entering law school, the 34-year-old Jolly had received his bachelor's degree from the University of Detroit in the field of marketing and he worked in industrial relations for the Ford Motor Company during the time that he was working toward his law degree.

He is a member of the Michigan State Bar, Federal Bar, Detroit Bar, Oakland Bar and the American Bar Association. He received an honorable discharge from the Michigan National Guard in 1969 after six years of service. Married, Jolly has two children attending Novi schools and lives at 22557 Brookforest.

Member LaVerne DeWaard waits as Dr. Gerald Kratz swears in Terrance Jolly

Election Coming

Coy's Seat Still Vacant

Two votes last Thursday by the Oakland County Board of Commissioners did little more than use up paper as the board failed to come up with a successor for 24th District Commissioner Lew Coy.

With 14 votes necessary to appoint a new commissioner, the county board twice failed to give either Novi's Dennis Murphy or Walled Lake Mayor William T. Roberts the necessary number. With only those two names in nomination, the board gave Murphy 13 votes and Roberts 12 each time.

While all of the remaining 26 commissioners were present, Republican Commissioner Mary Dearborn staunchly upheld her stand that she favored holding an election and abstained from the vote. All of the other commissioners followed party lines, the Republicans voting for Murphy and the Democrats for Roberts.

While it was known previously that Mrs. Dearborn would not vote for Murphy, Republicans were hoping to pick up at least one Democratic vote to get Murphy into office.

Because of failure by the

board to appoint a successor, the decision will now have to be made by a vote of approximately 20,000 voters in the 24th district. Deadline for choosing a successor was November 22, 30 days after Coy's resignation.

During the board meeting, the matter was referred for study to the Government Committee which is expected to make a recommendation on date for the election to the county board. The county board then applies to the

City Inspector

Dies Sunday

Philip C. Young, a Planning and Building Inspector with the City of Novi, died suddenly Sunday morning of a heart attack.

Mr. Young, who had been with the city since October, 1971, was stricken at his home and pronounced dead at McPherson Health Center in Howell at 6:30 a.m. Burial was Tuesday at Brighton Hills Memorial Park.

Continued on Page 8-C

county Scheduling Committee for an election date.

Howard Altman, Director of Elections, said that a primary election must be held within 45 days of the request to the county Scheduling Committee. The general election can then be held as early as 22 days after that although Altman said he is recommending at least 30 days due to the need to have absentee ballots available at least 20 days before the election and to insure a smooth running election.

The primary and special general elections have been estimated to cost anywhere from \$15,000 to \$25,000 and there still remains a big question mark as to whether the cost will be spread through taxes over all of Oakland County or only the 24th District, which is made up of Novi, Wixom, South Lyon, Lyon Township, Farmington Hills, Walled Lake and the Oakland County portion of Northville.

According to Altman, candidates wishing to have their names put into nomination must pay either

Continued on Page 8-C

Cuts Effective December 23

The Christmas vacation may be just a little less jolly for the families of at least seven Novi School District employees — who last week were told they are being laid off effective December 23.

The cuts were not entirely unexpected as the board faced the problem of cutting expenses by some \$54,000 because of expected cuts in state aid later this year. The cuts were recommended by the administration at the previous board meeting.

Up to 11 employees may eventually get the axe although the alternative remains for hours for noon aides to be halved rather than laying off five noon aides.

Besides cutting the employees, the board also agreed to cut instructional materials, outside-district field trips, and reimbursed and emergency overtime.

Jobs cut include: Elementary — reduce total hours by 50 percent or

equivalent of five noon aides (savings \$7,500); lay off two teachers' aides at Orchard Hills, Mary Bruce and Sandra Lemon (savings \$5,000); Middle School — lay off two math lab para-professionals and one teachers' aid who helps in study hall, Evelyn Bain, Janet Fertitta, and Gladys Pearce (savings \$6,000); lay off one secretary, Jo Ann Koch (savings \$5,000); High School — lay off one teacher's aid, Suzanne Madigan (savings \$2,000).

Actual savings may be slightly less than the figure originally supplied by the administration as the board decided to hold off on the effective layoff date from the original December 1 to December 23, the final day before the holiday vacation.

Other approved cuts include: Reimbursed and emergency overtime only (savings \$5,000); outside district field trips not already approved (savings \$2,500).

Under instructional materials, reductions include: teaching supplies (savings \$11,500); athletic supplies (savings \$2,000); conferences (savings \$4,500); contracted services (savings \$6,500); capital outlay (savings \$2,000).

Dr. Gerald Kratz, superintendent, said that the cuts were made in areas intended to "least affect students."

Decision to go with the cuts was made unanimously by the seven member board.

Several employees

scheduled for layoff were in the audience though there was little emotional questioning of the board decision to make the layoffs.

However, Evelyn Bain, one of the affected Middle School para-professionals, pointed out to the board that marking periods end after Thanksgiving and cut-offs should be then.

"If you're gonna lay us off, do it now, don't prolong it," she told the board. She noted that on the basis of a letter already sent out to affected employees stating that cutbacks would be effective December 1 if agreed upon by the board, she had already made plans for December.

Terrance Jolly, new board member pointed out that if an employee wanted to be laid off effective December 1, the board would certainly allow it.

Dr. Kratz pointed out that the board wanted to move back the effective date to allow, hopefully, better Christmas for the families of the affected employees.

"Many district around us have already initiated expenditure reductions," added Dr. Kratz. "As of tonight, the Huron Valley School District is pink slipping 80 teachers."

To a question by board member Joel Colliard as to whether the cuts would hurt discipline on the playground in the elementary schools because of noon aid cuts,

Town Hall Meetings Begin January 12

A series of "Town Hall" meetings starting with one January 12 has been instituted by Novi Council.

The meetings, to be held seasonally, are intended to allow residents a chance to air gripes, problems and suggestions that might not normally be brought up at council meetings. First meeting will be held at 7:30 on Monday, January 12. No site has been chosen.

"I would hope we would get some good citizen input," said Councilman Philip Goodman who suggested the idea. The councilman suggested that the meetings be informal with audience participation throughout. Goodman

suggested also that department heads be present to answer any questions and to help solve problems.

Goodman also noted that not many residents are aware of HARC (Help and Response for Citizens), a 1974 program instituted to allow "complaint coordination and follow-up effort that will assure the residents of Novi of positive action with regard to any questions or complaints that are directed to the City."

In that program, residents are encouraged to direct problems to appropriate departments for normal situations. If the problem is

Taft Hearing

Set December 3

Continuation of the public hearing on the paving of Taft Road is scheduled for 8 p.m. Wednesday, December 3 at the Novi School Administration Building.

Though City Manager Edward Kriewall could not be reached for comment yesterday, City Clerk Geraldine Stipp said the council will probably not attempt to iron out a dollar assessment figure to charge residents along Taft Road from Grand River to 11 and 11 Mile to 10 Mile.

Seek Items

Anyone with items of historical interest about Novi who would like to display them at the Novi bicentennial office is asked to call the city bicentennial number, 349-1976.

Items will be returned following the bicentennial.

Season Used to Start Earlier

She Tells Christmas Customs of Past

By JEAN DAY

If you've been decrying the "commercialism" of a

Christmas season that begins with Thanksgiving and extends to New Year's, consider the celebrations

during the Middle Ages.

The yule season began with All Hallow's Eve on October 31 and continued into the first week of February.

This was one of the facts revealed by Mrs. Richard Foy as she talked about Christmas customs of the past to her Silver Springs Quaker chapter last Wednesday.

In addition to researching the paper Mrs. Foy opened her Seven Mile Road home for the meeting and tea, at which she served holiday cookies based on old recipes.

The feasting, the blazing yule log and the decking of houses and halls with evergreen boughs all began in the 11th to 15th centuries, Mrs. Foy explains, noting that as early as the fourth century the nativity was observed

amid superstitious surroundings.

Early Christians, she observed, decided not to put down pagan superstitions but to adapt them. Thus, the greens of the British druids were decorations and the presents to dissuade demons were gifts to the Christ child.

Celebrations changed drastically, between the 5th and 11th centuries, she said, with entertainment by jugglers and others accompanying the wild boar feasts. Dancing became a main amusement.

Wassail bowls filled with ale or beer or something hot with spices made their appearance by the ninth century in Britain while the lighted candle in the window followed midnight mass in Ireland

It was the reformer Luther, however, Mrs. Foy revealed, who lighted the evergreen tree at the holidays in Germany. The custom came to this country, she explained, in 1842 when a young teacher at the College of William and Mary decorated a tree as was done in his homeland.

With the penny post in 1839, she continued, came the Christmas card. The first printed cards were the work of John Calcott Horsley in 1843.

Waxed figures, Mrs. Foy told the Quakers antiques group, have appeared since early times. The first angels were very human-like and wore clothes.

"Probably because it was decided they were superhuman," she

speculated, "wings were added to the figures later."

It was St. Francis of Assisi in Greccio, Italy, she said, who recreated the birth of Christ in wax figures in 1223. Ever since the creche has been a Christmas tradition with wax figures depicting the

Lois & Howard Green

The use of stark white walls throughout your house can be your most versatile starting point. White will add expanse to any room and acts as the perfect backdrop to any combination of hues. With the addition of black, there is no more sophisticated combination of colors. Many people dress their homes in varying themes of just these two shades. But take white and join it to the spectrum of colors and you can be as bold and beautiful or cool and serene as your personality dictates. The drama of white is endless; let it act as a catalyst in your home!

When you're ready to paint your walls, come in and see us at GREEN'S CREATIVE HOME CENTER, 107 N. Center St., 349-7110. We offer personal, friendly service. Our many years of experience in the paint and wall covering field will be of benefit to you. Whether it's white paint you want or any of the 1500 possible colors we have to offer, we're at your service. We have all the necessary supplies for the do-it-yourselfer. We are the home of FULLER-O'BRIEN PAINTS!

DECORATING TIP:

When shopping for fabrics, rugs, etc. for your home, bring as many samples with you as possible to see their common effect together.

Novi Jaycee Auxiliary Plans Lunch with Santa

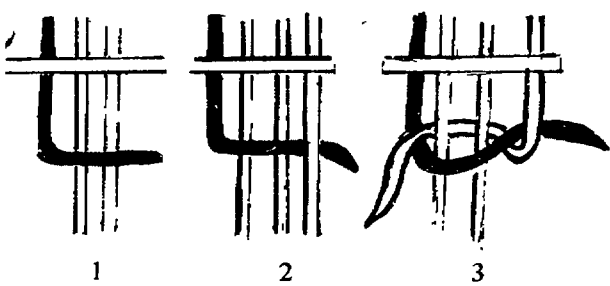

The Novi Jaycee Auxiliary will be presenting "Lunch with Santa" Saturday, December 6, at the Novi Middle School Cafeteria.

Santa is scheduled to make appearances for the luncheons which will have seatings at 11 a.m. and 1:30 p.m. Cost is \$1.25.

After a lunch of hot dogs, potato chips, juice and cookies, there will be entertainment, a chance to shop at the children's only

shop (prices range from \$.25 to \$1), and a visit with Santa. Parents are invited to bring their cameras.

Tickets must be purchased in advance and children under six must be accompanied by an adult. Tickets can be obtained by calling Sandy Mitchell of Willowbrook subdivision at 474-4377, Sandy Bertsch of Meadowbrook Glens at 349-7215, or Bobbie Breitberg of Village Oaks at 349-5689.

Plant Hangers

Continued from Page 3-A

Skip down an inch and continue tying 15 more half knots.

Now we begin to make a container harness:

Take two cords from one group and two from another and tie a square knot.

Repeat, forming three sets of square knots, thus making a net.

Finish by making an overhand knot with all 12 cords. Leave a long tassel. Can fringe ends or add beads.

"Emphasize individuality and the variety possible in the steps by increasing or decreasing the number of knots," suggested Mrs. Noffz as she reviewed the instructions.

Assisting her with the garden club workshop project have been Mrs. Ruth Whitmyer, Mrs. Wilma Cushing, Mrs. Mary Lou Larue, Mrs. Shirley Millard, Mrs. Ardis McLeod and Mrs. Polly Kelly.

Toffee candy is "secret" ingredient

She Tells Christmas Customs of Past

Continued from Page 5-A

baby Jesus. Many of these were German, made with papier mache covered with wax.

She displayed an early wax angel of this material which was designed to be hung as an ornament.

Wreaths, too, she said, have been widely used holiday decorations as they symbolize eternal life. They are Germanic in origin with the evergreen ones coming from northern Europe and the Della Robbia fruit and nut ones from Italy.

The Della Robbia wreaths, Mrs. Foy points out, included oranges, pears, cucumbers,

poppies, pine cones, grapes—whatever was growing and available.

"I imagine herb wreaths came into being the same way," she mentioned, "as colonial housewives stepped out the kitchen door and gathered herbs from their cooking garden."

Christmas, in Queen Victoria's day, she said, was "unabashedly sentimental" with houses decorated with greens and holly, trees covered with gingerbread figures and the wassail bowl "more of a lark than today's."

It was in the Netherlands, though, that St. Nicholas appeared during what was principally a children's

holiday. Mrs. Foy stated, explaining that in this country he became Santa.

St. Nicholas wore a white robe and was accompanied by Black Peter, representing the Moors of Spain, where (instead of the North Pole) St. Nicholas lived.

Good children received candy or a Dutch chocolate in the shape of their initial, Barbara Foy told the Questers as she passed samples of Dutch candy of the same type still being made today.

A deep-fried tart of doughnut-like dough with candied fruits and raisins or currants was a Dutch treat for New Year's Eve, the hostess

told the Questers as she served the recipe.

Each guest also took home the Dutch cookies, Speculaas, made from wooden molds of figures of men and women. Still being made today, the molds vary in size from less than a foot to almost life-size.

They often are used only for decoration, Mrs. Foy said, showing examples borrowed from Ali Riddering of Salem. With today's molds come the recipe for Speculaas, which Mrs. Foy shared.

SPECULAAS

1/4 C. butter or oleo
dash salt
1/4 C. white sugar
1 small egg
2 C. all-purpose flour
2 tsp. baking powder
1/4 tsp. baking soda
1 Tbsp. Speculaas spices
1 Tbsp. milk
1/4 C. finely chopped citron, optional
1/4 C. finely slivered almonds, optional

Cream butter with salt and sifted sugar and egg. Sift flour, baking powder, spices (Speculaas spice, Mrs. Foy says, is available in such specialty shops as the Dutch-American store in Howell). Knead, with milk, citron and

almonds, through the creamed mixture.

Bake on greased cookie sheet about 12 minutes at 350 degrees, or longer for thicker cookies.

Molding—make dough, preferably the day before for easier handling. Dust molds with rice flour. Take chunk of

dough, flatten it out on your hand to roughly the size of mold. Press into mold. Continue until all the figures are filled. Cut off excess.

Hold board above cookie sheet using pointed knife to help cookies drop out on sheet. Wash board with soap and water at end. Rinse.

Wixom Students Learn Spinning

Black-eyed Susans turn wool a soft green while blueberries produce a greyish blue.

These facts and many other interesting pieces of information about spinning and weaving were given recently to students at Wixom Elementary by spinner Joyce Pew.

Mrs. Pew explained to the children the whole process involved in making woven garments, from shearing the wool off the sheep to spinning it on the wheel and weaving the resultant yarn into fabric.

"You can weave almost anything, even your own hair or your dog's fur," she told the children. The yarn will take on different textures depending on the material used.

Mrs. Pew said that although she has been weaving for several years she just taught herself to spin last winter. She also started experimenting with natural items such as flowers and berries to make the dyes for her wool.

The presentation of her skills to school children is her bicentennial activity. "I think they should see that all clothing doesn't come from the store wrapped in plastic," she said.

Homemade Bread's Treat for All

Homemade breads always have been "most satisfying"—both to make and to serve.

The "American Heart Association Cookbook," published in 1973, terms bread baking "as basic as the land itself, at once an experience to raise the spirit, calm the soul and warm the stomach."

Next time you have the creative urge, it suggests trying Hobo Bread.

HOBO BREAD

2 C. raisins
2 C. boiling water
4 tsp. baking soda
4 C. flour
2 C. sugar
1/4 tsp. salt
1/4 C. oil

Put raisins in a large pot that has a tight-fitting lid. Pour in boiling water to cover. Stir in baking soda. Cover

tightly and let stand overnight.

Preheat oven to 350 degrees. Prepare three one pound coffee cans by oiling them and coating with flour.

Combine flour, sugar and salt. Add the oil and flour mixture, a cup at a time, to the raisins, stirring well after each addition.

Fill the prepared cans half full with the batter. Bake 70 minutes. Remove from the oven and let stand 5 to 10

minutes. Run a knife around the edge of each can to loosen and shake out. Yield: three loaves.

Pumpkin Pecan Bread also is an American Heart Association recipe:

PUMPKIN PECAN BREAD

3 1/2 C. flour
2 tsp. baking soda
1 1/2 tsp. salt
1 1/2 tsp. nutmeg
3 C. sugar

1 C. oil
4 eggs
two-thirds C. water
2 C. canned pumpkin
1 C. chopped pecans
1 1/2 tsp. cinnamon

Preheat oven to 350 degrees.

Sift together the flour, soda, salt, cinnamon, and nutmeg. Add sugar and stir to mix thoroughly. Make a well in the center of the dry ingredients and add all at once the oil, eggs, water and pumpkin. Mix well and add the nuts.

Pour batter into four 8 by 4-inch loaf pans, filling each half full. Bake for one hour or until a wooden toothpick inserted in the center of the loaf comes out clean. Yield: four loaves.

1 C. sugar
1 1/2 tsp. baking powder
1 tsp. soda
1/4 tsp. salt
1 tsp. vanilla

1 C. (8 oz. or 1/2 pt.) dairy sour cream

1/2 C. butter or margarine, softened
2 eggs
1/4 C. chopped nuts
3 1/4 oz. (approximately 1/4 C.) chocolate toffee candy bars, coarsely crushed
1/4 C. butter or margarine, melted

Generously grease and lightly flour 9 or 10-inch bundt pan. Combine 1/4 C. sugar with cinnamon; set aside. In large mixer bowl, combine remaining ingredients except nuts, candy bars and 1/4 C. melted butter or margarine. Blend at low speed until moistened; beat three minutes at medium speed, scraping bowl occasionally.

Spoon 1/2 C. of batter into prepared pans. Sprinkle with 2 Tbsp. cinnamon-sugar mixture. Spoon remaining batter into pan. Sprinkle with remaining cinnamon-sugar mixture, then with nuts and crushed candy bars.

Pour the 1/4 C. melted butter over batter. Bake at 325 degrees for 45-50 minutes until top springs back. When touched lightly in center. Cool upright in pan for 15 minutes; remove from pan.

News Around Northville

Cindy Capdevielle of Northville, a student at Southeastern Louisiana University, was among those students honored recently at the annual honors convocation.

To be recognized for academic honors, a student must be regularly enrolled at Southeastern, maintain a "B" average, and have completed at least two semesters at Southeastern with a "B" average.

Northville - Plymouth chapter of Lifespan, Incorporated, will be participating in a benefit bazaar at the Plymouth Cultural Center from 9 a.m. to 9 p.m. December 5. Baked

goods, craft items and a contest to guess pennies in a jug will be featured.

Mizpah chapter of King's Daughters will hold its annual Christmas tea following its meeting at 2 p.m. next Tuesday in the community room of Northville Square.

Members not attending last month's meeting may bring gifts for the Mott Children's Hospital in Ann Arbor. Those having December birthdays are to bring a gift for auction.

Northville Spring Chapter, China Painters, will meet for a Christmas potluck luncheon and gift exchange of hand-painted china at 11:30 a.m. Thursday, December 4, at 27825 Shiawassee Road in Farmington.

Coffee cake can be served from breakfast to late-night snack time. It's great to have when vacationing friends drop by.

The surprise in this rich, buttery cake is crunchy toffee candy. Pockets of the candy form while the cake is baking. It's a make-ahead recipe that freezes well.

TOFFEE COFFEE TREASURE CAKE

1/4 C. sugar
1 tsp. cinnamon

Girl Scouts Announce New Oakland Director

Southern Oakland Girl Scout Council's board of directors has approved the appointment of Ms. Beverly Robbins as executive director. She replaces Polly Monroe, who retired to Arizona in September.

In her position, effective November 1, the new director's responsible for administering the work of the council as delegated by its 34 member board of directors.

She will work with a staff of 17 to provide services to the council's 15,000 active girls and adults, including Novi troops.

Though new to the area from Kansas City, she is not new to Girl Scouting. She has been registered as a scout since she was a girl member, then became a troop leader and volunteer adult trainer.

Her professional scouting career began in Pittsburgh, Pennsylvania as a camp director. Since then she has worked as director of an Ohio council, been a member of Girl Scouts of the U.S.A. training them, director of the Midwest training center, membership specialist, and most recently consultant for 15 Girl Scout councils.

Musicale Plans Celebration

Farmington Musicale, which includes Northville members, is planning its 10th anniversary celebration, a concert of organ and choral music, to be presented at 7 p.m. December 10 at Antioch Lutheran church.

A reception will follow the program.

Fashion Cellar

Fashion Cellar is featuring the latest in curly heads with a variety of looks easily customized for each patron. Styles range from the little frizzette to pouffy shoulder-length curls exploding from a smooth crown.

"Curly hairstyles are sweeping the country," said Nick. "And in order to give the body, support and easy-to-manage convenience patrons want for the season, the hair requires a good perm."

Helene Curtis UniPerm, featured at Fashion Cellar, gives the body and manageability these styles require. And UniPerm, available only at professional beauty salons, offers the unique advantages of moist lotion, conditioned neutralizer and perfectly processed results time after time.

Nick states that all the hairdressers in his salon are completely trained to give UniPerm and are eager to bring the exciting magic of these new styles to patrons.

Madrigal Club Sets Concerts

Tickets for the Madrigal Club of Detroit's concerts at 8 p.m. December 6 and at 3 p.m. December 7 are available from Northville members, Mrs. Annalee Mathes, 349-7334, and Mrs. Ruth Seranian, 349-5786.

The Saturday concert will be given at Calvary Lutheran Church in Southfield while Sunday's will be at Grosse Pointe Memorial Church.

The program is to feature Bright's "Trilogy for Women's Voices" and "Bell Chorus" from Mahler's Third Symphony, along with works by Bach, Berlioz, Brahms, Dello Joio, Palestrina, and Poulence as well as traditional Christmas music.

As a memorial tribute to the late August Maekelberghe, Madrigal conductor for more than 25 years, "How Do I Love Thee?" will be presented.

Tickets to either concert are \$2.50 for adults and 50 cents for students.

Announced Yesterday

Esch Seeks Senate Seat

Congressman Marvin L. Esch, who has represented Northville and Salem for several years, announced his candidacy

CONGRESSMAN MARVIN L. ESCH

yesterday for the seat being vacated by United States Senator Philip Hart.

Even before his formal announcement in Ann Arbor, Esch was considered the front-runner for the Republican nomination.

Hart is a Democrat.

Esch was first elected to Congress in 1966. Four years ago he defeated Marvin Stempien, former Northville city attorney, for re-election to the Second Congressional District seat.

In making his announcement, Esch challenged those who seek office in 1976 "to make government work to provide essential services in an efficient and effective manner."

Calling for a moratorium on congressional experimentation, the 48-year-old Esch said, "many in the Congress make a bad mistake when they pile still more new programs on top of government that can't administer the old ones very well."

Continuing, he said, "If government

cannot implement the legislation or effect the proposal or make the program work, then your taxes are being wasted. When a welfare system does little but keep more and more people on welfare, it isn't working.

"When an education system is forced to give more attention to busing children than to giving them a quality education, it isn't working. When a judicial system frees more criminal repeaters than it jails, it isn't working. And when Washington's attitude toward the automobile causes thousands in Michigan to lose their jobs, government isn't working.

"I am one Republican committed to quality education for our children, economic security for our elderly, assistance to those who really need it and an opportunity for employment for all citizens. But for any of these goals to be achieved, the first priority of all must be government that works."

The five-term congressman emphasized, "It is time that you and I decide just what the essential services are we want from

government and how we can get them efficiently and effectively."

Esch, who said he would criss-cross the state in his election campaign, preceded his formal announcement in Ann Arbor with campaign stops in Marquette and Traverse City. He leaves today for campaign stops in Lansing, Grand Rapids, and Saginaw before returning home to spend Thanksgiving with his wife, Olga, and three children, Emily, Leo and Tom. All three are college students.

A leading Republican member of the Education and Labor Committee, he has co-authored manpower, education and vocational rehabilitation legislation.

In 1974 he defeated John Reuther, nephew of the late Walter Reuther, in what was one of the most difficult races in the country.

As Congressman in the Second Congressional District, Esch represents Monroe County; the eastern half of Washtenaw County including Ann Arbor; and Livonia, Plymouth and Northville in Wayne County.

Cooke, Meads Mill

PTAs Combine

Parent-Teacher Associations of Cooke and Meads Mill Middle Schools have combined their operations.

Both groups decided to merge their functions as a result of the closing of Cooke Middle School after the recent millage failures.

All PTA meetings and student activities will be jointly sponsored by the combined association.

Already planned is a 50's Day for the students on Tuesday, December 2. All students may dress as their parents did in the 1950's, and after school there will be dancing and refreshments in the cafeteria. The gym will be open for student activities.

Admission to the after school activities will be in the form of donations. These donations and proceeds from the sales of refreshments will be contributed to the George Berryman Fund. Berryman is a teacher who is on sick leave.

A parent-teacher conference will be held at Meads Mill Middle School next Wednesday, December 3, from 6 p.m. to 9 p.m.

On the following day, December 4, a conference will be held from noon to 3 p.m. at Meads Mill. Children will have a half day of school on this date.

All conferences will be held in the cafeteria. No appointments are necessary.

The joint PTA group will sponsor a meeting on Wednesday, December 10, devoted to looking at the various changes which may occur at the semester break to help correct problems of overcrowding. The meeting will begin at 7:30 p.m. in the middle school cafeteria.

Board members of the PTA are: co-presidents, Edith Pegrum and Dick Bischoff;

co-vice presidents, Joy Holloway and Doris Lewis, co-secretaries, Dorothy Calmes and Rita Simpson; and co-treasurers, Joan Sellan and Margaret House.

All PTA membership dues collected for Cooke have been transferred to the Meads Mill treasury. This amount is \$48 and represents 32 memberships at \$1.50 each. Of that amount, 20 cents goes to the national PTA, 75 cents to the state organization, and 55 cents stays with the local group.

A total of \$249.84, remaining in the Cooke treasury from the 1974-75 school year, will be held in a savings account until the Cooke PTA once more becomes active as a separate group.

Diamond Gets Salt Contract

A contract for rock salt has been awarded to Diamond Crystal Salt Company of St. Clair by the Northville City Council.

Diamond Crystal submitted the lowest of three bids for the salt used for city streets in winter weather. Its bid was \$12 per ton.

The two other bidders and their bids were: International Salt Company, \$13.30 per ton; and Morton Salt Company of Detroit, \$14.20 per ton.

To State Budget Problem

Fessler Gives Answer

State Representative Richard Fessler (R-Union Lake) has come up with a way to solve the budget problems of Michigan's public schools.

"If every public school employee would take three and a half days of unpaid vacation this year, we could save the \$47.5 million needed to balance the budget for our schools," Fessler said.

"This would mean that none of the services offered in our schools would have to be cut back and the education of our students would not suffer through this severe money crisis."

The state is facing a possible \$300 million deficit in the state budget. The state constitution demands that the budget be balanced, disallowing deficit spending. Therefore, the Governor has proposed a cutback in spending for K-12 schools throughout the state.

"According to the Department of Education

figures, 82 percent of all K-12 expenditures go for salaries," Fessler said. "Of the total expenditure for education for 1975-76, some \$2,362,671,466 goes for salaries. In order to save the \$47.5 million needed to balance the budget, every employee would have to give up 3.6 days of pay."

"It is possible that it is unconstitutional for the state to take any steps that impair the obligation of contracts between the schools and the employees," he added. "Therefore I'm asking all local districts to take the initiative themselves to reach an agreement with their employees to take the three and a half days of vacation."

"It's possible that these days could be taken on Mondays throughout the year so that employees could enjoy a three-day weekend."

The school year schedule is composed of more than the required 180 days in case of bad weather which forces

them to close, Fessler pointed out, so these days could be used and the students would not lose any days of their required number of days.

"It's possible that the legislature could offer some kind of incentive for districts to adopt this plan. Maybe those districts that take their three and a half days without pay could be exempt from having their budget cut, which would mean that everyone would keep his job," stated Fessler.

"A move like this would do wonders for teachers by raising their esteem in the eyes of the public. They would be contributing to the solution of a very serious problem that could jeopardize the education of our young people."

Novi Awaits Budget Ruling

Novi City Attorney David Fried will soon hand down a formal written opinion that will allow budgeted and appropriated funds to be spent with a simple majority rather than the 5-7 approval of council as it does now.

The city charter provides that the 5-7 approval is necessary for appropriation. However, Fried said that in his opinion, once the budget is adopted and the appropriation resolution is adopted, the criteria set forth by the city charter have been fulfilled and only a simple majority approval would later be required to spend the dollars.

Fried said, however, that if the budget has to be amended to spend some money, a 5-7 approval would have to be given.

Fried added that his ruling would not affect previous allocations that failed due to the 5-7 requirement unless the council reconsidered them.

New Bridge 'Godspell' Tickets At Mill Race Include Surprise Is Cedar

The newly dedicated bridge in the Mill Race Historical Village here is entirely constructed of cedar.

According to bridge data released by the Northville Historical Society, the bridge has a span of 50 feet, a width of nine feet, and the top point of the walk-way surface is six feet above the water.

Its supports are 12 x 12 cedar piles driven into the mill race bottom. The cost of the bridge, which was donated by the Northville Community Chamber of Commerce, was \$5,000.

Construction was begun during the second week in August of this year and completed November 7. Some 250 hours of donated time are represented by this construction.

The bridge project leader was Hugh Forman.

Serving as the main entrance to the historical village, the bridge contains the following timber:

75 nine-foot long 4 x 12s; seven 16-foot long 9 x 12s; 10 14-foot long 12 x 12s; 10 five-foot long 6 x 6s; 24 nine-foot long 2 x 4s; 12 nine-foot long 4 x 4s; 10 five-foot long 4 x 4s; and 12 10-foot long 2 x 8s.

City Council Names Walters

City Manager Steven Walters, who serves as treasurer of Northville, has been designated by the city council as the person who may deposit city money with Manufacturers National Bank, 129 East Main Street.

WANTED

Persons interested in having their clothes altered or restyled. Personal fittings on both men's and women's clothing in our modern tailoring shop. Phone 349-3477, Lapham's, 120 E. Main—Downtown Northville.

Phil Shangraw of Plymouth; Dennis Saltarelli of Northville; Helen Slaven of Garden City; Sue Kruk of Detroit and Jerry Westerman of Ann Arbor.

Tickets are available at the campus bookstore daily Monday through Friday. Reservations can be picked up at the door if tickets have been paid for in advance of the scheduled performance.

"In Godspell," Dr. Rudick says, "Christ is pictured as a man with problems, desires, hopes and ambitions. He is an idealist and succumbs as a martyr, but he dies having revealed courage, compassion, tenacity, wit and most importantly—humanity." He added, "the performers are clad in outlandish clown-like costumes and the entire production has the atmosphere of a bizarre carnival with the deep fervor of a revival meeting."

Included in the \$6.75 ticket price is a French cuisine of gourmet snacks consisting of Quiche Lorraine, bowls of mixed cheeses and fruits, French bread with red and white wines. Dining will begin at 6:30 with the Godspell performance following at 8 p.m.

The Godspell cast includes Rhonda Boccarossa, Steve Doud and Julie Rotary of Livonia; Charla Baird and

Name Marlene Mercier To Novi Park Commission

Novi Council last week appointed Marlene Mercier, 23777 Maude Lea Circle to replace Reynel Rodriguez on the Parks and Recreation Commission.

Rodriguez put in his resignation effective November 3 because he is moving from Novi for employment in Cleveland. In making the

recommendation for Mrs. Mercier, Parks and Recreation Commission Chairman John Balagna said that she "has expressed an interest in serving on the commission...and we feel she is a most worthwhile candidate for appointment to the Parks and Recreation Commission."

Her appointment was made unanimously by the council

Novi Families Invited

A family workshop dealing with separation and divorce and its effects on children, parents and the community will be held Saturday, December 6 from 9 a.m. to 1:30 p.m. at the Novi Middle School Library.

The program is being

offered by the Novi Youth Assistance Parent Education Committee in cooperation with Novi Community Education and will feature as its guest speaker Dr. Peter Medrano, Director of Children's Services, Oakland County Community Mental Health.

Coffee and donuts will be provided as well as free babysitting. A \$1 donation is requested.

Individuals or families who are interested in attending are asked to call 474-5784 to confirm a space in the workshop as the number of participants will be limited.

YMCA Sets December Classes

Registration is now underway for three classes being offered during December by the Canton, Northville, Plymouth YMCA. Offered during December

will be a mini-class in Christmas crafts, dried flower arranging and daytime women's fitness.

Openings are available in all classes and those interested in registering for one or more of the courses may phone 453-2904 or stop in at the YMCA office at 271 South Main Street in Plymouth.

The Christmas Mini-Craft Variety class began on Monday, November 24, and will run for four weeks through December 15. Classes are held from 10 to 11:30 a.m. in the Plymouth Credit Union and cost is \$8 for "Y" members and \$10 for non-members.

The class includes Christmas ornaments of macramé, papier tole, bread dough and a calico Christmas tree.

Dried flower arranging begins Thursday, December 4, and will be offered in both day and evening sessions.

Daytime sessions will run from 12:30 to 2:30 p.m. and

will be held at the Plymouth Credit Union on December 4, 11 and 18. Evening classes, from 7:30 to 9:30 p.m., will be offered at Plymouth Middle School West on December 4, 11 and 18.

Taught by Shirley Neu, the classes will include instruction in arranging flowers in different containers. Supplies will be available and the cost is not included in the fee which is \$8 for members and \$10 for non-members. A permanent bouquet will be taken home by the students in each class.

Women's daytime fitness will be offered on Tuesdays and Thursdays at the Presbyterian Church of Plymouth Cost is \$12 for members and \$16 for non-members with babysitting available for 50 cents per child.

The fitness classes will be held December 2-4, 9-11, 16-18 and January 6-8, 13-15 and 20-22. All classes run from 10 to 11 a.m.

Novi Coed's MSU Fencer

Robin Sale of Novi thinks strategically and moves with pointed precision in a foil fencing class at Michigan State University.

"Fencing is a game of intellectual reflexes, conveyed on automatic feet," says Professor Charles Schmitter, instructor of the class.

Fencers must use their minds much in the same way as chess players, says Schmitter. "In fencing and in chess each player has a certain knowledge of strategic moves, and the winner is usually the one who knows these moves better."

"Automatic feet" are necessary, adds Schmitter, because a fencer thinking about what his feet are doing has lost the war.

Miss Sale, daughter of Mr. and Mrs. Robert F. Sale, 41098 McMahon Circle, is a 1975 graduate of Novi High School. She is a freshman at MSU majoring in preprofessional veterinary medicine.

"Poise and self-confidence are developed through fencing," explains Schmitter. In fencing there are no prerequisites of height, weight, or physical stature, so the sport is open to many students who have not participated in sports previously.

Most of Schmitter's students are intelligent and well-

coordinated, although, he says some are also "romantically minded," and want to be one of the Three Musketeers.

Fencing has changed character since the days of knights in shining armor, Schmitter points out. "For one thing, it makes a big difference in your fencing technique whether you are fighting for your life.

The legs work the hardest in fencing says Schmitter, because of the way they support the weight of the body, although, the hands can also take a beating, because usually the students hold the foils tighter than they have to.

During the class periods students discuss fencing techniques and strategies with the professor, and then practice these techniques individually or in pairs.

"Beat, extend, plunge," explains Schmitter, as he demonstrates how he beats his foil against the foil of his opponent to knock it sideways, and then extends the plunges in for the attack.

"We want a clear, sharp beat," says Schmitter, "none of this Thanksgiving stuff, like the sound of two knives grinding against each other."

At the end of each term students have a good idea of what fencing is all about and they can participate in simple bouts.

Open Forum's Tuesday

A Women's Resource Center Open Forum on human potential will be presented at Schoolcraft College on December 2.

According to Jean Christensen of women's programs and services at the college, the Forum is designed to provide a personal growth experience. Individuals will participate in a mini-thon, sampling some of the personal growth activities available through the College's popular human potential seminars.

Susie Durkin, who is a human potential group leader and Women's Resource Center volunteer, will

facilitate the Forum. She will help participants identify their strengths and assets.

The Forum will meet from 8 to 10 p.m. in Room 210 of the Liberal Arts Building, and is open to the public without charge. Further information is available by calling women's programs and services at 591-6400, extension 369.

Downtown Open House...

CHRISTMAS WALK—Under bright sunny skies record numbers of shoppers strolled along downtown streets (above and top right) and into Christmas-decorated stores from noon to 6 p.m. Sunday as Northville merchants held their annual Christmas open house. "The turnout was simply fantastic," most store owners agreed. Parking lots were jammed, stores and streets were crowded, and people generally were in a festive, holiday mood. Even Santa Claus (right) came to town.

SANTA ARRIVES—Amidst Sunday's jammed-packed crowds for the annual Christmas open house in downtown Northville, Santa Claus arrived smiling and well and then held forth in Northville Square shopping center to speak with eager

youngsters who waited in line for the opportunity to visit with him. Among those who had a word or two with Santa was 2½-year-old Jeffrey Lower, son of Lynn Lower of 15955 Winchester.

Cheese 'n Wine Party...

LWV HOSTESS—Mrs. Walter Couse, a supporter of the League of Women Voters, opened her Edenderry home to more than 80 people attending the group's annual cheese

and wine party. With her is Northville City Attorney Philip Ogilvie, one of the few male members of the League.

PARTY GUESTS—Among guests attending the third annual League of Women Voters of Northville, Plymouth, Canton and Novi cheese and wine party Friday were Northville City Councilman and Mrs.

Wallace Nichols and State Representative R. Robert Geake. The League social fund raising event drew more than 80 people from all four communities.

THE CHORALAIRES—The Novi Choralaires singing group has completed initial auditions and members of the new group gathered last week for the first practice. While auditions will continue until December 2, the 29 member Choralaires will meet Tuesday nights in the band room at Novi High School from 7:30 p.m. to 9:30 p.m. and will be

practicing light classical, patriotic, contemporary and religious music. Flanking the front row of the group at the first rehearsal last week were chairman Donald Grevengood (left) and director William Edwards (right). Anyone interested in auditioning can contact Cindy Hoops, 349-0036 or Grevengood at 478-4000.

SAFETY IN MIND—Doing Christmas shopping with an eye towards safety, Bettie and Fred Sterner look over the gift suggestions offered by the Northville Fire Department with Fireman Joe Bishop (right). On sale at the fire hall are fire extinguishers, smoke detectors and chain link escape ladders. Persons interested in

learning more about the safety equipment may stop by Northville City Hall or call 349-1300 or fireman Charles Gross at 349-4997. Firemen will also install smoke detectors at no extra cost and help homeowners in placing the detectors at proper locations throughout their homes.

Approves Glenda Resolution

Novi City Council Holds Three Hearings

Three special assessment hearings were held by Novi Council Monday night but at the recommendation of Novi City Manager Edward Kriewall, action was taken only on one.

The public hearings held were: Grand River-Taft Road sewer; 10 Mile-Taft Road Sewer; Glenda Street Resurfacing.

Only hearing at which action was taken was the Glenda Street Resurfacing. At that hearing, the council unanimously approved resolution number 3 ordering the city engineer to come up with final plans, specifications and estimates of cost.

Approximately 1/4 of the affected property owners along Glenda were present at the council meeting and they indicated that they wanted the city engineer to proceed on a plan combining Alternates "A" and "B" which were suggested by the city engineers, Johnson and Anderson.

Alternate "A" called for approximately 60 percent reconstruction of the street utilizing the good base remaining. Cost would be approximately \$39,700 of which 20 percent would be picked up by the city leaving \$31,760 to be picked up by homeowners. That would amount to either \$675 per lot or \$6.05 per front foot.

Alternate "B" called for complete reconstruction of the street at a cost of \$48,700 less 20 percent city share or \$38,960 per lot or \$7.56 per front foot.

Glenda Street residents, at the suggestion of City Engineer Harry Mosher, asked that the city proceed with a plan which would allow the good base remaining to be utilized in the new street construction.

While work would probably begin in the spring or summer next year, the road, under either alternate, was expected to hold up 15 years, according to Mosher.

Until the city learns the amount of front money needed for the Dayton-Hudson sewer, Kriewall recommended holding off any action on either the Grand River-Taft Road or 10 Mile-

Taft Road sewers. Kriewall noted it may be hard to get front money through Oakland County due to a court battle currently being waged between the Oakland County Executive and the Oakland County Road Commission.

Cost of the Grand River-Taft sewer, which would run southeasterly along Grand River from Beck Road to Taft and north, was listed as

\$407,000 of which the Michigan State Highway would pick up approximately \$65,000 for taps at the I-96 rest area.

Tap rate cost is recommended to be \$3,256. There are expected to be 125 taps of which the highway department will pick up 20. Total cost for a homeowner for a tap, interceptor charge and line from the sewer main to the house could total \$5,000 which Dieron Taftalian, a Grand River resident, said he would oppose. He contended that earlier the city had said there could be 400 taps and the cost per tap to homeowner would be slightly over \$1,000.

Cost of the Ten Mile-Taft sewer, which runs 4,185 lineal feet would be approximately \$309,000 or \$364,000 including oversizing. Estimated cost per tap would be \$2,367. The new Novi High School and the city library would be served by the line. The school would pick up 80 taps or \$189,000 of the cost. Kriewall said that the school district may put up the money initially for its taps, thus lessening the front money burden of the sewer.

Service Set

Livonia Christian Church, Disciples of Christ, will have a Thanksgiving Eve service at 7:30 p.m. today, Wednesday, at the church at 36075 Seven Mile Road.

This second annual Thanksgiving service will include both the chancel choir and the Saints and Singers Choir of the congregation. The Reverend William H. Hass will lead the worship service. Father Jerry Fraser, associate pastor of St. Edith's parish in Livonia, will give the sermon.

Turkey Is Number One

Turkey is available all year round but remains the number one favorite at Thanksgiving.

Total U.S. production for the year is down six percent from 1974, but, contrary to U.S. production, marketing officials of the Michigan Department of Agriculture say Michigan's turkey crop for 1975 increased nearly 25 percent.

Total production is 1,367,000 birds, compared to only 968,000 in 1974.

You'll find a variety of turkeys to choose from at most retail stores.

There are plain ones and the fancier self-basting ones, injected with butter or other ingredients to make them more tender and flavorful. Conveniently stuffed frozen turkeys are ready to pop into the oven.

Buttery, Kennedy Earn Play Honors

Rob Buttery and Karen Kennedy received awards for their role in last weekend's production of "Dracula", the fall play at Northville High School.

Director Kurt Kinde presented Buttery with the Oliver award for on stage performance and Kennedy with the George award for her contribution backstage.

Buttery played the part of Doctor Von Helsing, a specialist in obscure diseases, who first suspects a vampire is at large.

Kinde remarked prior to the play that "Dracula" being a drama, as opposed to the comedy plays usually performed in the fall, would be a real test of an actor's dramatic ability.

Kennedy received the George award for her work as the ticket director. She coordinated the sale of tickets and ticket reservations for four performances of the play.

Kinde also announced a change in the policy of presenting the awards in the future. After the fall play juniors will receive the award for professionalism over two years. Following the spring play seniors will receive the awards for professionalism over a four year span.

The awards are now given on the basis of professionalism shown in one play.

SPEAKING for The Record

By BILL SLIGER

In many of us the spirit of Good Will may not be dominant throughout most of the year.

But if it is to expose itself through our crusty exteriors, it will happen during the holiday season beginning at Thanksgiving and lasting through Christmas, or possibly New Year's.

So it would seem appropriate on this Thanksgiving week when we pause to count our blessings that we take time to acquaint ourselves with George Berryman.

He is a 33-year-old resident of Northville who taught music in the middle school from 1967 until this year.

I suspect the young man will count his wife, friends and faith among his blessings on Thanksgiving. But good health will not be on the list.

Right now he is legally blind. Diabetes and a kidney ailment have combined to curtail his career. But he still studies the Bible weekly with his pastor and he clings to the belief that one day he will return to the classroom.

Three days a week he goes to the hospital for dialysis treatment. He is waiting for a kidney transplant operation.

Last Wednesday he was called to the hospital for the transplant. But it was determined after four hours of preparation that the proposed kidney was not suitable.

While George may not be enjoying good health, he has no shortage of friends.

Last June before he took health leave from teaching, his fellow teachers and school employees collected some \$2,500 to make up for wages lost when he exceeded the

George Berryman

Readers Speak

'Booster' Opposes Recall Move

To the Editor:

As a Township resident and a member of the Booster Club, I do not wish to be annexed. At first the arguments for filling the petitions for recall seemed sensible, as all of us wish to have politicians in office that support our views. However, after going to church on Sunday, I applied something my minister said to this issue. I now feel it would be morally wrong and unjust to remove two people from office in such a manner.

Although I do not know these people, I wouldn't want

this done to anyone in my family or anyone that I cared for. These people have done nothing criminally wrong, they have only supported what they believed in. People are individuals, no two alike. This world would be in a sad state if there was no room for another's views.

MacDonald and Lennox were elected under the democratic process and another election is only a few months away. We can all vote for who we want at that time, but let's not make an issue more important than two lives. Their careers would be

severely damaged and their reputations ruined.

As officials who have spent their time serving Northville Township, they deserve much more respect and credit than to be presented with a recall petition. This kind of thing will only discourage qualified individuals from running for office, and we need the best we can find.

Let's not make a Watergate mess in our small, quiet town. Let's get back to normality, do what is fair and go no further with these petitions. I am asking those who are so anxious, think what you would

LOU COY

YES . . .

Yes, I think the city of New York should get whatever help is necessary to get it out of its present financial dilemma.

At first my reaction was negative, I figured a city the size of New York should be able to help itself. In fact, I was appalled that it was in such dire straits, but then I began to think of it as a well-to-do older brother (or sister) and thought if my older brother were to suddenly experience severe financial setbacks I would do all in my power to help him, why then am I against help for New York?

I think my pride was hurt — that such a thing could happen to the largest city in the United States of America. That we would publicize it for all the world to see.

Hadn't the U.S. washed enough dirty linen in public over the past few years? But again common sense prevailed — we never turn our back on a Vietnam, an Israel, a Great Britain. Now it is time to help one of our own.

The government can't say it can't afford to help New York, it must simply divert the ever running flow of money to the needy European and Asiatic countries into its own needy area.

Show the American people that we are indeed able to "help ourselves" and that we can and will take care of our own

Lou Coy
Brighton

Speaking for Myself

Bail Out New York?

A.M. ALLEN

NO . . .

I do not believe the United States government should bail out New York City with a direct gift. If it did so such a step could be precedent setting, and once started where will it end?

Many cities in this nation avoid financial ruin by raising their tax rates. Are we certain New York has done all it can in raising taxes? Is its tax rate really comparable to those of other struggling United States cities?

Personally, I feel the government should enact enabling legislation to make it possible for New York to meet its obligation. I am sure that if New York is forced into bankruptcy the people of the United States ultimately will end up paying the bill through higher municipal bond rates and higher interest rates to all of us.

I would have no objection to the federal government loaning New York money to meet its obligations, with a couple of stipulations:

1. That the money be repaid within a reasonable length of time.
2. That New York correct its mismanagement and waste.

Our government has loaned money to many foreign countries in times of crisis. Now we are faced with a crisis within our own country. I am hopeful the United States can be helpful without taking money from all of its citizens to bail out a city that has mismanaged its own affairs.

A. M. Allen
Mayor of Northville

Says Trustee Nowka

'I Shall be Compelled to Resign'

To the Editor:

I have written this letter several times over to tone down my feelings about the effort underway to recall Supervisor Betty Lennox and Trustee John MacDonald. I regard this action as being absurd, a fraud, and generally a great disappointment.

I was surprised to find that I, too, had not been included. My position was well known as supporting the unification of the Township and City. I had also worked in this effort in a belief that the rationale was sound and there were favorable benefits to be derived by the citizens of the Township. The election indicated that our citizens considered the risks or costs were too great and the question tumbled to defeat. This is all over now. I, as well as Betty and John, intend to proceed to continue to promote the very best operation of Township Government.

Now comes the action to recall by the Northville Township Boosters Club, Inc. I am aware that certain members of the Northville Township Board have been prominent among its guiding membership. It could be assumed that the support or influence of these people would be necessary to commence such an action. Prolonged silence can be interpreted as consent of people who are required to be "up front" with their opinion on such matters or can it be that all of this is being done in hopes of building a political bridge for the apostles of this group?

The petition sets forth charges that seem to be interpretations by apparently

vindictive authors with tailored excerpts of various articles meant to cast credence on suggested reasoning. In The Detroit News, it was admitted that the motivations were essentially political. Therefore, I do not believe them worthy of too much discussion. The poverty of the merit here, however, is exceeded to my view only by the shabbiness of the intent.

I view the intent as being to demean and diminish Betty Lennox and John MacDonald

from their recognized popular posture in Northville Township. This popularity has been earned through performance both on the Township Board and otherwise in the community. There are those who just can't stand this reality. Regardless of how far this effort to recall should go before it fails, as it should fail, it will leave the stigma of this challenge on these good people. This will remain as a diminishing stain to citizens who are unwilling to sort out and identify this

counterfeit act for what it is. If this attempt should succeed to remove these dedicated and productive people from the Township Board, I shall be compelled to resign forthwith from the Northville Township Board of Trustees. Public approval of this recall will require me to seriously re-inspect my own ability to sort out the good from the bad and the valuable from the worthless.

My disgust in this irrevocably damaging action is irrepressible because it is

so downright unfair and unjust. I'm surprised that anyone can develop any pride in this act considering the utter lack of good reasons for it. Maybe it is too easy for me to distinguish a willful and contemptible act to defeat good people. I reject and repudiate baseless excursions such as this recall effort and trust that the people of this community will display their indignation as well.

Township Boosters Club under Fire for Recall Action

To the Editor:

I don't believe it! The combined audacity and stupidity of the "Northville Township Boosters Club" is amazing by anyone's standards! The organizers and leaders of the club are, however, by their sheer asininity revealing their true purpose and intent. It is to build an empire in the township that only they control and to destroy any person or form of opposition that stands in their way.

They have no class whatever, not even to the degree of enjoying their victory in defeating annexation with grace and dignity regardless of how they won. They now want to smash into oblivion those they have defeated. I sincerely believe and hope that the thinking, reasonable people in the township will not fall for their muck and garbage and realize for what it's worth—the low despicable attack being made on two conscientious township officials is based on lies, misinformation, and pure rot. They are not accidental, they are deliberate in "Boosting" their township empire.

Anyone that cares to investigate can readily ascertain the township is in serious financial difficulties, for only one reason. Simply put, because the one(1) mill they are currently limited to in taxing township residents will not and cannot support the level of services being given and demanded by township residents. As we grow larger, with new subdivisions, new and greater numbers of old demands for service will be made. That's academic. And taxes will have to go up. Yes at the moment by our vote, if we don't say yes, obviously a bankrupt township isn't far behind.

The sum of ten (10) mills in our own is not unbelievable. Remember we have no physical plant, equipment, a manpower to add to any consequence. To start from scratch and on our own would be extremely costly. With annexation, as one city, we would have had to add very little to what is already fairly substantial, and by broadening the tax base over both city and township the rates would have to be much less than two independently side by side. If not then why are the "Boosters" so very concerned about the "Mutual Assistance Program" with the city? They are in conflict—if they are so all fired hot to Boost Township Government then why don't they call for an end to "Mutual Assistance with the City" and go it alone on our own as they seemingly want to. A number of those mutual programs are currently in trouble in terms of township involvement. And what makes them think the city is going to want

assistance pacts with the township much longer anyway? Particularly, when the Township starts paying their share a little slower. Annexation could have been pur (township residents) greatest bargain ever. I wonder why so very many independent neutral organizations recommended annexation as being beneficial and desirable to both communities, and all the many studies recommended the same as being very feasible and desirable. How come no professional disinterested public organization recommended against annexation?

I for one cannot and will never condemn anyone, public officials included, for standing up to be counted for what they think is right and in the best interests of the community as one unified in reality to everyone's best advantage. They acted in good conscience, everything was above board; there were no ulterior motives, their statements taken in context were factual and meaningful if one cared to be involved and learn for himself, and finally they also would have had to pay any additional taxes annexation would have caused, and more importantly would have to stand the criticism of any part of a failure in putting it all together. They only tried to tell it to us like it is! Time will prove who is right. Remember, no one can please everyone. There will always be some for and some against, and that's OK!

We in Northville Township do not need the "Northville Township Boosters Club", because if their divisive, factionalizing, destroying tactics are supposed to Boost Township Government it escapes me for one. They are disgusting in their vicious, below the belt efforts. I hope we all have better sense!

Sincerely,
Eugene S. Guido

To the Editor:

I was shocked to read in the last issue of The Record about the recall campaign against two of our township officials. John MacDonald and Betty Lennox are both fine, capable and conscientious public officials, and their recall is based purely on petty & irresponsible partisan politics.

Recall is a tool intended to remove from office officials who are incompetent or guilty of malfeasance. It is not a tool for purging political enemies or people who don't share your opinions.

Careful examination of the recall charges will show that MacDonald and Lennox are guilty only of speaking out on an issue they felt was vital to

the community.

Are members of the township board immune from our constitutional guarantees of freedom of speech? Are all future public statements of township officials to be submitted to the Boosters for approval? Is this still America?

It is time for both sides to realize that annexation is over and dead, and begin to work together for the betterment of the community.

The irresponsible and hysterical actions of the Township Boosters will only serve to further divide and polarize the community to the detriment of its people and should be opposed by all responsible citizens.

Dr. George R. Berquist
41979 Banbury Ct.

Northville-Novl

Marriage Eyed

To the Editor:

In twenty-five years of residency in this area, it has been the pleasure of my family to have lived in Northville City, Northville Township and Novi. For the latter half of that period it has been the constant desire of Northville to unify itself with Northville Township. Such a proposal of marriage has been rejected on several occasions.

Upon one or two occasions, Northville has taken a piece of old Novi Township. For this purpose we will not question for whose good it was. After all, Wixom really seceded

from Novi Township.

Now, let us look at a few interesting facts:

1. As is established, Northville Township does not want to have much to do with Northville.

2. Novi is a growing city with beneficial industrial arteries along the C & O Railroad and Grand River Avenue and a future massive retail complex. Both of these should provide extensive benefit and revenue to the city.

3. Northville is an established community of new and older homes that in its desire for unification seems to be bursting at the seams.

4. Although much of Novi is still open land (and that's not all bad at this point), the spread of residential development has moved well within its boundaries.

5. Both Northville and Novi have a rising new breed of enthusiastic political and civic minded people with an abundance of expertise and ambition.

The thought has been going through my mind for a number of years. Perhaps this is the best course of unification if unification must be done. By their similarities and by their distinctions these two have much in common.

One can offer a dowry of civic services and a distinctive community. The other can offer room for a growing city and business development. I am not a tax expert nor a civic engineer, so someone else would have to pursue this further.

It's just a thought. But it would be interesting to hear the comments of others.

Now, you may ask, what would you call a city like this. I don't think I'd worry about that. But here is something interesting. The letters N-O-V-I are already in N-O-R-T-H-V-I-L-L-E.

John N. Wortman

Jacques Refutes

Township Role

To the Editor:

As the attorney for the six Township residents that commenced the lawsuit against the Michigan State Boundary Commission in regard to the attempted annexation of Northville Township to the City of Northville, I have to take exception to an item that appeared in your paper on Wednesday, November 19.

Your paper reported in the Lennox-MacDonald recall article on Page 12A, that "Both the supervisor and Trustee noted that the Board voted funds (maximum \$1,000) for legal fees because

the Township was named defendant in a suit brought by six Township residents, including a Board member."

The Township of Northville is not now, and never has been a defendant in this lawsuit. The only defendant is now, and always has been, the Michigan State Boundary Commission.

Yours truly,
Emery E. Jacques, Jr.

Judge's Ruling

'Is Ambiguous'

To the Editor:

On November 12, Judge James Thornburn ruled that certain portions of Public Act 207, 1921 as amended, a state statute, was ambiguous and vague as it relates to Town Center (Royal Development Co. vs. City of Novi) The land in question located at Ten Mile Road, Haggerty Road and Old Grand River is the parcel in question.

Originally, on this rezoning request, Royal Development Co. had requested a seven point spot rezoning on 43.92 acres of land. There were several types of rezoning requested. When it was presented to council it was treated as a single package rezoning, in which case, Old Orchard residents had the right to submit a petition objecting to this spot rezoning because they backed up to the proposed project which fronts on Haggerty Road. Since this parcel was treated as a single package, the residents did, in fact, back up to the Town Center Proposed Project.

Had Royal Development Company gone through their original proposed seven point spot rezoning and each parcel to be rezoned be voted on separately by the Novi City Council, the residents would not have backed up to Haggerty Road. This is because each parcel would have backed up to the other Town Center parcel. Royal Development Co. on their "optioned" land probably knowing that they could not get all seven parcels rezoned as they wanted them agreed that the package would be taken as a whole rather than separately by the Novi City Council. Therefore, Public Act 207 is not ambiguous and

vague as it pertains to the Old Orchard residents.

This act has been used in Novi before by residents as well as in other communities in this state by petition. (I won't go into this ordinance as it is rather long.) Did Judge Thornburn look at this property in question in person before making his ruling? Can you imagine the number of communities besides Novi that will be affected by this ruling if it is left to stand?

Sincerely,
Charles M. Young
24714 Old Orchard Road
Novi, Michigan

Swimming Coach

Likes Coverage

To the Editor:

As coach of the Northville High Girls' Swim Team, I would like to take this opportunity to thank the Northville Record and Mr. John Bozzo for the excellent coverage during our season. We had an extremely successful season, winning the League championship and placing eighth in the state. A great amount of team cohesion and spirit was directly attributed to your continued media support. With girls' sports on the upsurge, it is reassuring to see the Record taking a lead in women's sports coverage in the area.

Sincerely yours,
Karen E. Turner

Vote Post Mortem

Should End Here

To the Editor:

I suppose it is about time to halt the post mortem on the

school millage defeat. However, I cannot resist a response to Mrs. Elden Biery's letter in which she refers to me.

I was grateful that Mrs. Biery, along with a substantial, but unfortunately insufficient number of the rest of us, voted to support the millage. In my opinion, however, the contributions to provide private support for public education, aided in its defeat.

It is logical to assume that the incentive to support all school activities by voting to increase school taxes is dulled, when your particular projects are being supported by special interests.

I hope the next time the school board realizes this, and then all of us in the Northville school district will have to decide whether to support the entire school system, not just a few popular activities.

Florence E. Hinman

Lansing

Responds to Police

EDITOR'S NOTE — Following is a copy of a letter sent to the Northville Township Police Officers Association.

Gentlemen:

I would like to answer your letter concerning the statement that was printed in the Northville Record.

This article referred to a combined police department that would have been formed if the voters had so designated it and read as follows "If we become a new city, we will have the following: immediate around the clock police protection by fully trained policeman"

It has always been my concept that if the area had become one city our police force would have been retained and combined with the force of the City of Northville. This unified

department would have had a complement of officers sufficient to give protection to the united geographical area.

I am very sorry that even after my conversation with officers Presnell and Roscoe there has been continued misunderstanding concerning this statement.

In no way was there intended, nor in my opinion indicated, any criticism of the professionalism of the Township Police Officers. I feel that they are well trained, competent, respectful to all, devoted to Township needs.

Sincerely,
Betty M. Lennox
Supervisor

For Galli, the "miracle" isn't in the fountain. It is in the hearts of youngsters who think of others. "I believe it is worthy of note that the children of this neighborhood are imbued with the spirit of helping those less fortunate or otherwise handicapped in some manner," said the proud fountain maker.

Incidentally, the kids involved were Mark and Marty Krammer, Glen and Brian Hicks, Kevin and Nicki Kolb, Brian Buckmaster, Will Carpenter, Steve Chiznell and Graham Bicknell.

Water Rate Going Up

Water-sewer rates are going up in the City of Northville.

Following a public hearing Monday in which no one commented or objected to the proposed increases, the city council unanimously revised the city's rate schedule which means the average rate hike will be 33 percent.

The rate hike will be included in December bills.

Since then, according to the council, inflation has reduced the city's reserve for operation and maintenance to a point that a year-end deficit for the system resulted on June 30 of this year.

The old rate schedule produced \$201,000, which was \$67,000 short of meeting the current expenses.

Although the average bill of water-sewer customers will increase substantially, the new rate schedule means senior citizens will experience a smaller rate increase and, in some cases, an actual rate reduction if 4,000 gallons or less are used per quarter.

The new rate schedule calls for the greatest increases to occur in these ranges of use:

15,000 gallons quarterly, up from \$16.07 to \$21.68 (35 percent); 20,000 gallons, up from \$20.77 to \$28.78 (38 percent); 30,000 gallons, up from \$27.67 to \$37.98 (37 percent); 40,000 gallons, up from \$34.57 to \$47.18 (36 percent); 50,000 gallons, up from \$41.57 to \$56.38 (36 percent); and 100,000 gallons, up from \$75.97 to \$102.38 (35 percent).

SEASON'S FIRST—Northville was cloaked in a soft blanket of snow late Monday and early Tuesday morning, her first of the season. Here on Ford Field it muffled the sounds of "play ball" and over on the fish hatchery courts, where Sunday afternoon men and women were still enjoying games of tennis, the nets were only artistic reminders of a season now apparently past.

Two Will Resign If Recall Wins

Continued from Record, 1

Charles Rosenberg, who like Lennox and MacDonald supported annexation of the township to the city, stated they would resign their seats on the board if the recall action succeeded.

"Our position on annexation was no different than theirs. If

they're recalled, then we're guilty of the same thing," explained Rosenberg. Trustee Nowka outlines his position in a letter to the editor which appears in this edition.

Trustee Dr. John Swienkowski, who has been a member and officer of the Boosters Club and who was appointed to the board with

the support of Lennox and MacDonald, admitted having "mixed emotions" about the recall action.

"I feel people have the right to recall any public official if they think they are not performing in the public interest. And I don't think any official who is doing his job should have anything to worry about from recall action," he stated.

Dr. Swienkowski said he "would not like to see Betty Lennox recalled," then added, "if recall is going to have an adverse effect on action of the board to get the township moving and united, I would not be in favor of it."

"I guess that's as far as I can go," the trustee concluded, noting that he had not circulated or signed the petitions, but admitting he had been aware of the club's recall intentions.

Trustee Richard Mitchell, also an opponent of annexation, said he could not state whether he favored or opposed the recall action. "I'd have to write a statement and

it would take until the end of the week," he said Tuesday.

Appointee - Clerk Clarice Sass issued the following statement: "Mrs. Lennox and I have Township business to attend to which keeps us both very busy. I feel we have a responsibility to all the people of the Township to do this job, which we are doing to the best of our ability."

"The right of recall has been given to the people and some people have decided to exercise this right."

"As township clerk, I feel I have no right to take a stand on this issue."

Between 800 and 900 signatures are required to bring about a recall election and signatures must be collected within 90 days. Lysinger has indicated that an election is possible early next year.

Supervisor Lennox and Trustee MacDonald have come under fire of the Boosters Club for alleged statements and actions involving their support of annexation.

Suspect Arrested

Continued from Record, 1

hours searching for the robber. Tracking dogs from Wixom and Michigan State Police joined in the search, following the scent to the corner of Novi Street and Allen Drive where it was lost.

Road blocks were set up at all entrances to the subdivision and motorists going into or coming out of the area were checked.

No shots were fired during the hold up and no one was injured.

When the police revolvers were recovered Monday, both had been unloaded, with Simon later reportedly indicating he knew they would be found and did not want anyone to be hurt. Thinking the gunman would not have taken three weapons with him, police officers had made a thorough search of the subdivision Thursday in an attempt to locate the officers' guns.

City Seeks New Fire Pact

Continued from Record, 1

it (the city) is not adequately protected by the present agreement.

According to the city manager, the agreement is silent on the repayment schedule for shared costs. Generally, the practice has been to bill township costs for volunteer fire wages monthly, fire hall rental quarterly, and all other costs annually.

"Since all costs are billed after they are incurred, the city carries large expense balances for township fire service for many months at a time," he said.

Presently, there are 22 volunteers with the Northville Fire Department. Nine are full-time city DPW employees, eight of whom live in the city and the other in Novi; two are city policemen living in the city. All the remainder are city residents, except for one volunteer living in the township.

Only 10 city employees and two employees of city businesses are available to fight fires during daylight working hours.

"Because the response to weekday daytime fires in the township takes employees away from the city DPW and other local employers, while the township neither contributes employee volunteers for city fires

nor pays for employer's lost time, these employers are in effect subsidizing the cost of fighting township fires," Walters told councilmen.

The city, for example, invested 282 manhours in lost DPW time during the past fiscal year, he explained.

"The city paid the DPW employees during these hours but got no city work from them, while the township received the benefit of their availability while paying only the volunteer firemen's pay. The cost to the city of these 282 manhours was at least \$2,260 in wages and fringe benefits, plus the indirect cost of the inefficiencies of disrupted DPW work schedules," the city manager added.

"A more equitable cost-sharing," he continued, "would result if both the city and the township repaid all employees for each manhour lost when volunteer firemen leave their jobs to fight fires. This could be done at some flat rate, paid monthly or quarterly to each participating employer. It would not only make the city-township cost-sharing more equitable, and reduce the burden on the cooperating employers, but might also encourage other employers to consider allowing an employee to participate."

Concerning cash flow, Walters pointed out that the cash-flow burden on the city during the most recent fiscal year averaged \$15,446.21.

In recommending a new agreement that provides "more clearly and equitable" cost sharing, the manager cautioned councilmen that they must be prepared to operate the fire department in the city alone. "We should keep in mind the possibility that the present financial and political climate in the township may lead to the township terminating the agreement for fire service and that the city's pressing for more equitable cost-sharing could encourage it," he emphasized.

Net cost increase to the city should the township choose not to renegotiate a new agreement would be \$14,175 annually, the manager said.

However, he added, "there would be other factors which would be advantageous to the city, although not a direct cost saving. These would include a substantial reduction in the disruption of DPW work schedules (60-percent of the present disruption is from township fires), and reduced administrative and clerical workload which could be used on other assignments."

"The city would also face the cost of buying out the township's share of the fire truck and equipment van which are owned jointly."

Water Agreement In Jeopardy, Too

An old city-township water agreement may be dusted off here in an attempt to erase a potentially serious health hazard in the township just west of the city boundary.

But in considering renewal of the agreement, Northville city councilmen made it clear Monday that unless the township takes steps to reconstruct water lines in the vicinity the city may no longer supply water to that area.

Presently, the City of Northville sells water to the township to service the area west of Clement, but the lines in the township are in such a poor state of repair, officials pointed out, that a steady stream of complaints of inadequate pressure and dirty water are coming from the residents of the area. And, city councilmen noted, the complaints are aimed primarily at the city — not the township — even though the lines are located in the township.

Township officials have requested the city to renew the water supply pact signed in 1972, which provides for the supply of water to Hillcrest Manor Subdivision and areas adjoining Clement Road south of Main Street.

In discussing the renewal Monday night, however, councilmen noted that the township failed to live up to a key part of the 1972 agreement — namely to petition for special assessment to provide for new water lines. Any new agreement, councilmen declared, will contain some binding requirement that new lines will be installed.

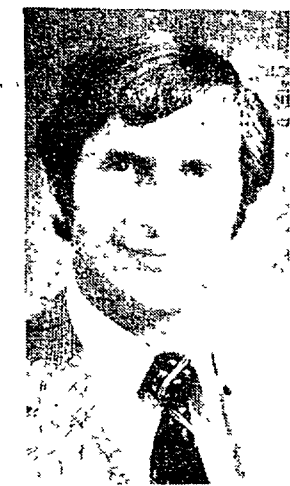

Meanwhile, the council has tabled further consideration of an extension pending receipt of a report from the

State Health Department about the water lines.

At a meeting of city and township officials on November 19 it was concluded that a serious health hazard exists from low water pressure and potential back siphoning into the public mains, and that Township Engineer William Mosher, who attended the meeting, is to contact the State Health Department.

Others attending the November 19 meeting included Clyde Mehr of the Wayne County Health Department.

The county health office recently received a letter from a resident in the area concerning the water situation.

DR. ROBERT MANDELL

Robert M. Mandell, D.O., of Northville, was elected to membership of the American College of Osteopathic Surgeons at their annual convocation held recently in Washington, D.C. Dr. Mandell, who is a member of the Northville Board of Education and Sports Medicine Consultant at Schoolcraft Community College, is a graduate of the Philadelphia College of Osteopathic Medicine and is a practicing orthopedic surgeon in Northwest Detroit. In addition to his many civic groups, Dr. Mandell is a member of the American Osteopathic Association and the Michigan Association of Osteopathic Physicians and Surgeons, Inc.

Lease Copier

Northville City Council has voted to terminate its lease for a 3-M copier and lease a Xerox Midel 7000 copier instead.

Increased copy volume no longer makes the 3-M machine as economically advantageous, according to the city manager.

Because the city projects that it will soon reach the 12,000 copy volume per month, the cost of the more versatile Xerox machine compares more favorably with 3-M.

We're launching a new Navy recruiting station in Plymouth.

The man in charge of our new Navy recruiting station is Mike Meyer. And starting October, 1975, he and his staff will be ready to tell you about all the great opportunities the new Navy has to offer the young man or woman who wants to get ahead in the world. Posing for a conventional family shot during a recent gather are 40 members of the Herbst family, with Mr. and Mrs. Louis Herbst seated in the middle

Thanksgiving...It's A Time for Herbst Homecoming

Thanksgiving...

For most people, it means packing up the kids for a day at grandma's and grandpa's house, replete with a hearty meal of turkey and other tasty foods and a chatty time with members of the family or friends.

The Herbst family of Brighton will be making the annual Thanksgiving pilgrimage — but with a mighty big difference.

The family will get together, as it has

traditionally. Food aplenty will be there, featuring, probably, a ham as well as a turkey. The warmth of the day with brothers and sisters, grandma and grandpa, children, great-grandchildren and great-great-grandchildren will suffuse the house.

The Herbst gathering will be different from most other repasts in that no less than 50 members of the family — and probably more — will crowd into the brick ranch of 89-year-old Louis Herbst and 84-year-

old Mable Herbst.

Mom Herbst, as her nine children might refer to her, won't be preparing the whole meal, as she did for many years when her children were younger and either living at home or raising families of their own.

The children will share in the preparations this year, although Mom Herbst might make the rolls.

Mrs. Hilda Strazakowski, one of the nine Herbst children, will be preparing something for the Thanksgiving meal. She said that Mrs. Merrill Herbst, who also lives in Genoa Township, probably will prepare the turkey. Mrs. Ruth Schneider of Webberville also will be helping with the meal.

Besides Hilda, Merrill and Ruth, the other six children of Mr. and Mrs. Louis Herbst are Lyle, Florence, Wilbur, Maxine, Mildred and Lois.

There are 29 grandchildren and about 15 to 18 great-grandchildren, many of whom will be gathering

in Brighton tomorrow.

They'll gather at about 12 noon at the Louis Herbst home on Brighton Road. Dinner, with all the trimmings, will be served shortly thereafter in the basement, where tables will be set up.

Thanksgiving isn't the only occasion when the Herbst family assembles. They also gather at the Louis Herbst home for Christmas and anniversaries of Mom and Pop Herbst, who have been married for 65 years.

"I guess they all like to be together," Mrs. Louis Herbst observed. "We've got grandchildren with children. That's the way we see some who don't live around here."

How many are in the Herbst family, including all those grandchildren and great-grandchildren?

"I haven't been counting lately," Mrs. Herbst said with a laugh. "They're still coming."

THE SAVERS...

The Saver family joins First Federal in wishing Everyone a joy-filled Thanksgiving Holiday.

THE HERBST FAMILY—The Herbst family of Brighton won't be the only one gathering for Thanksgiving tomorrow, but it'll be one of the largest family affairs. The nucleus of the family is shown in this early portrait

including Mr. and Mrs. Louis Herbst (center) and their nine children (front, l-r) Mildred, Merrill, Ruth, Wilbur (back) Maxine, Hilda, Lyle, Lois and Florence.

Poet's Corner...

Thanksgiving

This year I think I'll thank the Lord,
For all the things I can afford
I'll thank Him for the way I live
The way he's taught me to forgive

I'll thank Him for His understanding
When things in life get too demanding
I'll thank Him for my willpower
And for the minutes in an hour

I'll let Him know I can decline
When someone takes my place in line
I'll show him that I've found a way
To make the best of every day

I'll thank Him for my family life
The patience it takes to be a wife
When things get rough I will not grumble
I'll let him know that I am humble

I'll show Him that I need His strength
To master a talent, I'll go no length
The Miracle I'll pray for every day
That Peace will be here to stay!

Fran Mc Casey

November

Tramping down the oozing mud
that clings to boots and rubs
the chafing grasses raw,
I feel the souls of dying ears
and breathe the hazing fears
of near December's haunt.

Sallying back through misty swamp
where once the summer creatures romped
without a care for death,
I find no reason for their oversight
as I observe their southbound flight
and loose a fogging breath.

Thomas Zimmerman

Autumn Lesson?

Autumn's profusion of colors blaze forth bravely for
all to see
The last and best attempt of valor before the winter's
death freeze.

The skies never bluer, hues never truer even on
summer's most balmy day
Could nature be teaching a lesson to guide us along
life's way?

Nancy Whisman

'It's Easier to Help Than Be Helped'

No Families for Turkeys

For years, Hamburg Pastor Carl Welser has distributed three or four turkey baskets prepared by local cub scouts and the veteran's group to needy families in the area.

This Thanksgiving, Mr. Welser has a problem. He's got 12 turkeys to give away, and he can't find families to give them to.

It's a unique problem, the pastor admits — and a frustrating one.

"The need is there. But we know there are folks in need who wouldn't touch a turkey basket with a 10-foot pole.

"The problem is how to match the supplies

available with those in need and still account for pride," he said.

In years past, they've had no problem finding recipients for the holiday foodstuffs.

Each year, Mr. Welser explains, Hamburg's V.F.W. Post 1224 donates a few turkeys. The local cub scout groups add canned goods and potatoes to the basket.

As pastor of St. Paul Lutheran, the cub scouts' sponsor church, Mr. Welser contacts families and makes the deliveries confidentially.

Until this year, the veterans supplied three or four turkeys.

"And we could always find families for those," Mr. Welser said.

"Usually, there's one family that is in the community's eye, that has suffered a tragedy the community is aware of.

"Then there are one or two families where a parent has died or there's been a recent divorce.

"And, usually, there is one family in chronic need."

This year, the veterans post was especially generous, and donated 12 turkeys.

"With the economy and unemployment situation, they assumed more families would be in need."

Last week, Mr. Welser contacted officials to put him in touch with needy families.

He talked with school personnel, the county Social Service Department, and public health nurses in the Health Department. Still, no families.

On Friday, he was optimistic. He had learned of a few folks who might need the food. And if the baskets

Carl Welser takes names of needy

aren't distributed now, they'll try again at Christmas time.

In the meantime, Mr. Welser says pride prevents families having difficulty from making their needs known.

"It's much easier to help than to allow yourself to be helped. As much as other people may want to help, it's rough to sit back and accept it."

Church Capsules

If your church or religious group has announcements of public interest for Church Capsules, call

437-2011 (South Lyon)

227-6101 (Brighton)

349-1700 (Northville)

The "Advent Event" church service will be held Saturday, November 29 from 10 a.m. to noon at the Novi Episcopal Church of the Holy Cross.

A service for both children and adults, the meaning of the advent, advent wreath and advent calendar will be explained along with the meaning of the ornaments on the traditional Jesse Tree.

The story of St. Nicholas will be told while children make old testament ornaments. St. Nicholas may even visit the church and hand out gold coins to the youngsters.

+++++

Shepherd of the Lakes Lutheran Church, Brighton, will celebrate Thanksgiving with a special communion service tonight (November 26) at 7:30 p.m. at Birkenstock School. The public is invited to participate in the service.

+++++

Lieutenant Wilburn Legree, the "singing cop" from Flint, will be featured singer and speaker at a meeting of the Livingston County Holiness Association on Tuesday (December 2) at 7:30 p.m.

The meeting will be held at the Salvation Army building, 221 North Michigan, in Howell.

Lieutenant Legree will talk about juvenile delinquency, drug abuse and the responsibilities of the church.

Baptists Hold Seminar

Youth Evangelist Tom Allen of Manchester, Ohio will lead a family revival series at the Fellowship Baptist Church, 10774 Nine Mile Road, Whitmore Lake, December 3 through 7.

"Wanted: Church Members...Dead and Alive" will be his topic for the initial service at 7 p.m. Wednesday. All services are open to the public.

A study hour in revival truth is scheduled for 10 a.m. on December 4. The evening service Thursday will deal with, "Worldiness or Godliness?"

Friday's schedule also includes a 10 a.m. study hour. "God's Judgement is Coming on Sensual Society" will be the 7 p.m. message.

A youth seminar is slated to begin at 9 a.m. Saturday on the topic of "The Totally Committed Young Person at Home", followed by "The Solution for Suffering" at 10:30 a.m.

Immediately after the noon lunch break, Mr. Allen will lead a discussion of "The Revolutionary Principles of Christian Dating." "Practices and Promises for Dating" will be presented at 2 p.m.

The series concludes Sunday with "Home, Sweet Home; the Spirit Filled Family" at 9:45 a.m. and "Living By Feeling — Living by Faith" at 10:30 a.m.

Mr. Allen, a ministerial student in Ohio, has also spoken recently at the Wixom Baptist Church.

O.L.V. Sets

Art Bazaar

Plans for a Christmas bazaar, given by mothers of children at Our Lady of Victory School, began last Thursday with a poster contest at the school.

Winning posters will be used to publicize the event which will be held December 5 and 6 in the school basement. The event will run 10 a.m. to 8 p.m. both days.

Proceeds from the event will be donated to the art department at Our Lady of Victory which is staffed solely with volunteer help.

Parents have donated items which will be on sale at the craft display. There also will be baked goods and tea on sale.

Eighth grader Beth Groves won the five dollar prize for the best poster. Kim Assenmacher, a fifth grader, won second prize money of three dollars. A brother-sister team combined to win the third place prize of one dollar. They are Chris Schrot, a fifth grader, and his sister, Carolyn, an eighth grader.

WINNERS—Four Our Lady of Victory students took top honors in a poster contest to promote the school's two-day bazaar next week. From left, they're Beth Groves (first place), Kim Assenmacher (second place), and brother-sister team, Chris and Carolyn Schrot (third place).

St. John's

Hosts

Bishops

The Bishops of Michigan gathered at St. John's Provincial Seminary near Northville recently to accept the commitment of 26 seminarians from their respective dioceses to continue their studies toward ordination to the diaconate and priesthood.

The ceremony, called Admission to Candidacy, is a relatively new rite in the Church. It replaces the rite of first tonsure where a layman used to be admitted into the clerical state. Admission to Candidacy is an opportunity for the men who aspire to the priesthood to publicly manifest their will to offer themselves to God and to the Church.

In the ceremony itself, the respective bishops called for the candidates by name and asked them a series of questions pertaining to their resolution to complete their preparation so that they may faithfully serve the Church.

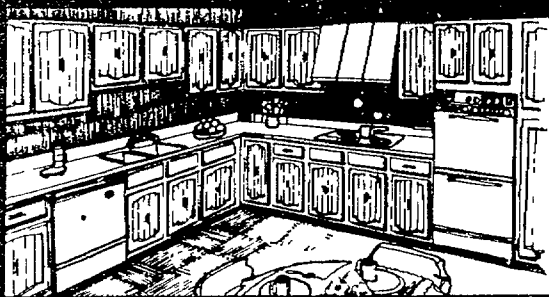

After the candidates had answered the questions, the Bishop invited them to place their hands in his as a symbol both of the acceptance of the commitment made by the candidates and also of the Church's promise to fervently pray for the candidates' perseverance in their vocation.

John Cardinal Dearden, Archbishop of Detroit, who was the principal celebrant of the Candidacy Eucharist

Poet's Corner

My Ol Scrap-Book

When I was a little lad,
My mother made for me
A scrap-book full of clippings
I read with greatest glee.

Jokes and riddles it contained,
And puzzles by the score;
Rhymes and patriotic verse—
All that, and pages more.

A piece about the ocean
And one about our flag;
Classics by Walt Whitman, too,
And old "Abe Martin's" bag.

The years have passed and almost all
Their memories contained,
But through all time, those faded gems
Forever have remained.

I cherish now this tattered book,
Well filled with by-gone lore,
And relish each age-yellowed line
As I read them all once more.

Charles E. Hutton

Vacancy

Some houses
Have lonely eyes
Lonelier than people;
Black sockets,
Windows.
Sad shrubs —
What light
Do they use?
Is a star
Enough?

F. A. Hasenau

For Drivers Only

God plants
Blue Chicory
Looking like
Bachelor Buttons
With Queen Anne's Lace
And wild Buttercups
Along the roadside;
He is so thoughtful.

F. A. Hasenau

Charming Clawmarks. . .

When I encountered the expression
from you — can't we just be
friends . . .

I realized, I had come down a
crumbling dead-end.
If only I could control my
sentiments towards you
The seat of all my emotions would
be a much lighter, cheerful hue.
Please, no more lies, pretense, or
dark-colored good-byes,
Words this callous I can no
longer comprehend.

Jeanette Westerfield

How to Publish Your Poetry

Are you the silent scribbler
type who jots down poems in
notebooks, and dreams of
someday seeing your hidden
talents discovered?

Would you like to find out
how to get your poems
published?

Then the Poets' Peoples'
Session at the Northville
Public Library might interest
you

On Wednesday, Dec. 3, a
special discussion for poets,
published or not, will be held
at the library at 8 p.m. Such
topics as how and where to
submit poetry for publication,
and aspects of the copyright
law will be discussed.

Poets will have a chance to
read their works and share
their insights with others of a
literary bend.

If enough response is shown
at this first meeting, the
library will consider making
this type of session a regular
on-going program.

The suggestion for this
program came from young,
local poet, P.F. Lazor, who
has succeeded in publishing a
collection of his work.

Persons wishing to attend
this program are asked to
register at the library or call
349-3020.

The Parachutist

In the pink-blue sky
Five strange parachutes floating
Down from a red plane.

Jim Iott
(age 16)

By CLIFF HILL

Every traveler has his pet theory on how to handle
U.S. foreign currency on trips. Here are my ideas that
have worked so far.

Take along about 50 one dollar bills. These are for
tipping at foreign departure cities when you've run out
of local money and don't want to cash another
Travelers Check.

Don't cash more Travelers Checks than you feel
you will use in the country where you are located.
Cash Travelers Checks at airport banks or downtown
banks — never at hotels. Hotels invariably "clip" the
foreigner with prohibitive exchange rates.

Try to carry one or more international credit
cards. Your choice. They are always a financial back-
up if you spend too much or lose your Travelers
Checks.

About Travelers Checks. Bank of America is
especially acceptable in Asia, while American
Express is highly rated everywhere and has the best
facilities for replacing lost checks.

If you have a checking account with a four figure
balance or more, the bank will often supply you with a
"Courtesy Card" that guarantees one check up to \$250
on one occasion. This is often a great help.

+++

I have often been asked to rate the most beautiful
countries from a vacation standpoint. Everyone has
his own rules to measure beauty and vacation sites,
but here's my choice. (Feel free to disagree with me.
Send me a card about your favorite).

First: The Seychelles Islands, some few hundred
miles southeast of Trivandrum, India. It can be
reached by two different airlines. It is tranquil, the
natives are beautiful people, anxious to be friendly
with you, and always pleasant. Weather: Moderate
from 70 to 85 degrees. Beaches: glorious, even better
than the Gold Coast of Australia. Prices: very
moderate.

Second: The island of Tobago, 30 minutes from
Trinidad. Here is where the movie Robinson Crusoe
was filmed. The natives have names like "Little
Whistle-Big Mouth," "F.D.R. Friend of Man," and
"Charley-The Bespoke Tailor." Upon death, the
deceased is buried within the hour, with a funeral
procession of steel barrel musicians pounding out
"When the Saints Come Marching In." A quaint,
lovely place. I once recommended it to Bill Sliger and
his family, and he gave it a good rating upon
returning. I would nominate the Arnos Vale Hotel in
Scarborough, Tobago as the most beautiful flowering
hotel (cottage type) covered with orchids in this
hemisphere. No visa is required for entry into either of
these two lovely places.

+++

When you're in Rio, tear yourself away from the
golden beaches and scanty bikinis. Try to attend any
one of the local cathedrals and view the glorious
religious rites, especially the Macumba with its
encircling beat fantasies. The Hotel Nacional Rio is a
good choice there. At Rinca o Gaucho dinner will
include some of the finest steaks in the world!

Incidentally, U.S. travel to South America grew 27
percent in 1974.

To Enrich Customers' Lives

Coordinator Banking on Art

When Peg McCarthy walks
into the Novi branch of First
Federal Savings and Loan,
her first inclination is
probably to look at the several
pieces of art-work hanging on
the walls.

Miss McCarthy, a
Birmingham resident, has
been art coordinator for First
Federal for the past three
years and, as such, deter-
mines what art-work will
be purchased and hung in
each office.

"Before 1973 we had various

officers purchasing art,"
explains Miss McCarthy.
"Our effort was a little
disjointed. Some art-work
would be good and some
would be not so good. Usually
that would be the last thing
thought of at a new office."

Miss McCarthy says her
role now as art coordinator
and the general art program
which the company now uses
is intended not only to provide
a warm feeling for customers
but also "to enrich our
employee's lives."

In the Novi First Federal
office, contemporary art
predominates though the
"premiere" piece of art is an
original painting by Michigan
artist Pat Mayhew called
"Bay View Hillside", a
depiction of an old historic
home. Most of the paintings,
however, are less expensive
lithographs by national or
internationally renowned
artists.

With a second branch
coming to Novi in the next few

years, Miss McCarthy says
that her company will make
an attempt to utilize art-work
that depicts the way it used to
be in Novi by using sketches
and drawings of the area as it
used to be. She notes that it
may be an industrious
underlying because of the
scarcity of old sketches for
modern artists to utilize as a
basis for drawings.

But Miss McCarthy notes
that the art enrichment
program has been successful
at the First Federal offices
throughout Michigan and
"half a dozen employees have
entered art school. This
enrichment program has
opened people's eyes and
they're buying art-work
themselves."

Eight pieces of art-work are
on display in the Novi Branch
at 10 Mile and Meadowbrook
Roads.

Peg McCarthy hangs 'Zurich Improvization' lithograph in Novi branch

Most Grown Houseplant

African Violet Nearing Title

By KATHY COPLEY

African violets once lined
the window sills at Grandma's
house, but they are now
regaining their position of the
most grown houseplant,
among plant lovers of all
generations.

Saintpaulia isn't a violet at
all, but related to the gloxinia,
with hairy leaves and fleshy
stems.

They aren't hard to grow,
but they are hard to grow well
because of some of the plant's
special requirements.

In terms of light, they need
strong, bright light, essential
for flowering. A sunny
window sill usually does the
job, but a few hours near a 100
watt incandescent lamp will
make up for the missed
sunlight.

Let your leap up and plop
your African violets on the
first sunny sill in sight, read
further. Afternoon sun is too
strong and will discolor the
leaves, leaving them pale and
brittle.

Water spots on the leaves
which are left to dry in the
direct sun will also discolor
the leaves, with yellow spots
where the water dried.

Too little sun has its
influence, too. Many leaves
and few flowers is a sign of too
little light, as is small leaves
on long leaf stems.

African violets are more
sensitive to improper
watering than most plants.

Cold water spots the foliage;
hot water burns the roots, so
use tepid water. Saintpaulia
like to be evenly moist but not
soggy, so water when the
surface soil is dry to the
touch.

Softened water contains
salts which collect on the pot
and in the soil, causing the
crown or leaves to rot.
Prevent this by using rain
water or distilled water and
by dipping the rim of the pot
in paraffin or covering it with
tape or tin foil. A cardboard
collar is another way to keep
leaves from touching the pot
rim.

The situation of stem or
petiole rot is more common in
clay pots than in plastic and
nearly non-existent in
ceramic pots with drainage
holes.

African violets have no rest
period like so many other
flowering plants; they will
bloom 12 months of the year if
they have proper light, water,
and a dilute fertilizer every 6-
8 weeks. The roots are quite
soft and sensitive so apply
liquid fertilizer only to moist
soil. A 5-10-5 or 4-12-4 balance
of nutrients is good. Too much
nitrogen leads to lush foliage
but few flowers. Phosphorus,
the second number, gives
good flowers and roots; this is
why a fertilizer specially
formulated for African violets
is different from one for most
houseplants.

If your plants show signs of
hardening or greying center
foliage or short, twisted
flower stems, the problem is
probably mites; control them
with kelthane, also
recommended for most indoor
plant pests.

They need bright light,
supplemented by artificial
light if necessary. They need
a high phosphorus fertilizer.
They bloom best when there is
only one crown per pot, and
when that crown is slightly
pot-bound. Cold water
reduces bloom.

Dry air causes curled
leaves and dropping buds.
The merest hint of cooking
gas, as from an unlit pilot
light on the stove, will be the
end of any buds.

Study Improved SAT Scores

LANSING—Looks great on paper. Michigan students scoring better than the national average on Scholastic Aptitude Tests. But what does it all mean?

That's the question state education officials are pondering in light of those reports that scores achieved by Michigan's collegebound students who took the SAT haven't zipped downward as far as others did on the national level.

"We frankly don't know why it happened that way," says one

spokesman. "But we are going to look deeply into the subject." The Department of Education has asked for all the SAT data in hopes of coming up with some sort of answer.

THE NUMBERS—which some caution against emphasizing too strongly — show that the average math score of Michigan high school graduates who took the SAT this year were only one point lower than the scores of Michigan students who took the tests five years ago. Nationally, the average math scores plummeted 16 points.

Average verbal score of Michigan students this year was down 12 points from the 1970 average. On the national level, average verbal scores zoomed 21 points downward during the same period.

"We should avoid jumping to broad, sweeping conclusions," says Dr. John Porter, state superintendent of public instruction.

He says there are many factors which could have influenced the scores, including: a significant decline in the number of students taking the college boards in Michigan; a growth in the community college system, where college boards are not required; and an attempt by many colleges to recruit students from disadvantaged social-economic backgrounds. Those young people may not do as well as others on the college boards, it's noted.

NO SOLID PREDICTIONS yet, but there are indications that the flu bug won't be biting awfully hard this winter in Michigan.

Public Health Director Maurice Reizen says that in the southern hemisphere, where winter already is over, there's been a generally mild influenza, with no signs of any new virus strains.

Most cases, he says, were of a type for which there is plenty of vaccine. "This is encouraging," Reizen reports, "because about 30-40 per cent of the general population have already developed immunity to this disease" (Type A, Port Chalmers influenza).

THOSE IN so-called "high risk groups," however, had best start thinking now about getting the vaccine. Such groups include children and the elderly with respiratory or cardiovascular problems such as asthma, emphysema and heart disease.

Reizen says that despite adequate supplies of vaccine, only about 15 per cent of those in the high risk group received vaccine last year.

"If we can increase the percentage, and with the fairly high general population immunity, there seems a good chance that this winter will be unusually good as far as influenza is concerned," Reizen said.

ASSASSINATION attempts ... Family shootings ... Increased crime...

All have brought the issue of private ownership of handguns into the forefront in recent weeks.

And Rep. Stephen Monsma, D-Grand Rapids, thinks he's found a way to at least reduce accidental gun deaths and killings done in a "fit of temper" between relatives or friends. (Monsma admits that people who want to commit a crime would "probably still be able to get guns," even if his proposal became law.)

He wants to require handgun owners to pass a State Police exam and investigation, and allow no more than one gun in a home. Other guns could be stored elsewhere.

A COMPLETE BAN on private ownership of handguns also has been proposed in Lansing, along with a measure calling for extra jail sentences for criminals who use handguns.

All three measures are waiting action in the legislature.

PICKING a presidential candidate at primary time costs money — dollars that Sen. Patrick McCollough, D-Deerborn, and 25 colleagues think should be paid by the state.

McCollough recently introduced legislation calling for the state to pick up the estimated \$2.5 million tab for the 1976 presidential primary.

"Local units of government have felt the effects of an inflationary economy even more than the state," McCollough says. "They simply can't afford (to pay for the primary) and they should not be expected to pay for what is really a state obligation."

Michigan reimbursed local units of government nearly \$2 million for the cost of the state's first presidential primary in 1972.

Kensington Hosts Quackers

This time of year ducks and geese continue to migrate through southeastern Michigan, with many species stopping at Kensington Metropark near Milford.

From time to time, over 15 species of migrating ducks stop at the Metropark, including Mergansers, Golden Eye, Red Head, Scaup, Canvasback and Bufflehead. Loons are also common. But perhaps the most familiar sight are the Canada Geese, easily recognized because of

their V-formation in flight as they head toward the East Coast or South to seek a warmer climate in winter.

Canada Geese stop at several areas in the park, including along the Huron River, on Kent and Wildwing Lakes and sometimes at Kingfisher Lagoon in front of the Nature Center Building. Often they fly into the park in the morning, stay during the day and then go winging on their way.

Several hundred Canada Geese make their home in Kensington Metropark, according to Naturalist Bob Hotelling. "You can usually find them on Kingfisher Lagoon in front of the Nature Center and the Canada Geese always welcome a 'hand-out' or 'snack' from park visitors.

Canada Geese have long necks, may weigh from 10 to 15 pounds, are black and white in color and have a white patch on their head. They are often called

Self Examination

Why don't some of us stop and repent
Before we criticize our President
He is as human as you or I
And he makes mistakes, like any other guy

Look back on those before him
There were many times when things were grim
We were sometimes hungry in my day
When my father couldn't even find work for a day

There were wars and depression
And so much aggression
Mistakes were made back then
But we don't even remember them

Our Presidents don't just step into their role
It's we who elect and decide their goal
Maybe we should take part of the blame
After all, it's just part of the game

"Let he without sin, cast the first stone"
But no, Mr. Nixon had to stand it alone
I am sure he's as honest as any other
The good things he's done are kept under cover

Didn't he bring home our boys?
Didn't he greet Russia, and China with so much Poise?
Maybe he has made a mistake or two
But again I say, haven't you?

Let's try to understand his plan
That our President is only another man
He will do what is fair in every way
Forgive and forget his misgivings today

By Fran McCasey

Heavy Reading

I jog each morning faithfully
To keep myself a-nimbo
But when I stop to catch my breath
My muscles are akimbo.

I try each diet in the book
To gain a form more svelte,
But when I dare to take a look
I need a longer belt.

I look at my scale aghast
And try to go on a fast.
After living on water
I decide that I oughter
Give up and go on a blast.

Charles E. Hutton

The Kitchen Clock

The old wooden clock on the Kitchen wall
didn't keep time very well at all.
At ten . . . it rang eight,
At noon it showed nine.
It was the most beautiful of clocks,
but kept very poor time.

Richard Sebastian

The Airport

On the ground I saw
Five monstrous machines ready
To gobble the sky.

Jim Iott

Michael

There is this man
I know and like,
His name is Michael
More commonly Mike.

At times he is sort of
unbearable, you know,
'Cause sometimes to others
He need put on a show.

But don't get me wrong
he is really quite loveable,
In fact you might say
Most times he is huggable.

And when you come down to
the real fact of the matter,
I could not live without
him,
Even if I had 'ter!

Molly Murany

Always There

A physician's day is hard and long,
His constitution must be strong—
The problems of his patients heaped
Upon his shoulders miles deep.

And when blest evening does arrive
For relaxation he does strive.
But Lo! the phone's incessant ring
More problems unto him will bring.

So many thankless hours are spent
In research, with his knowledge lent
And mingled with his colleagues' store
Yet ever-searching, more and more.

We do not understand the strife
That pales his individual life,
For granted taken, always there
Accepting more than his just share.

For years we leaned on our "G.P."
He asked just for a token fee.
His pleasure was derived from those
Whose health reflected ways HE chose.

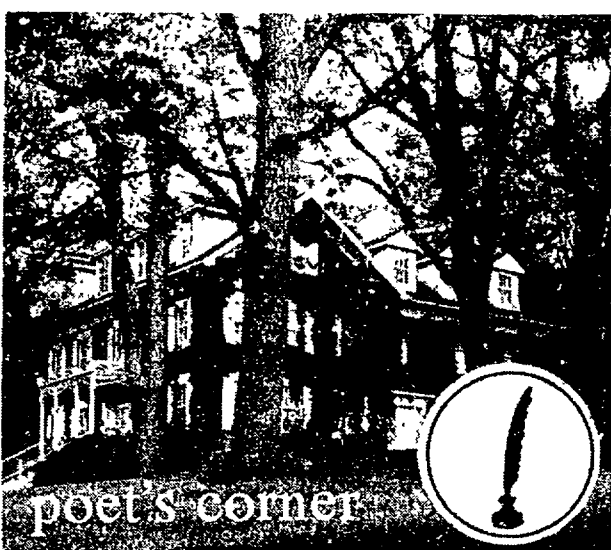

Today we walk to clinics bright
Whose doors are locked up in the night.
And house-calls are a thing of yore—
Of "family-friends" we hear no more.

And everywhere we look we see
A doctor of some specialty...
Bones, heart, stomach, ears and eyes,
Nerves and skin and otherwise.

But none can ever take the place
Of the jolly and confident smiling face
Who's close to the heart as he can be—
The treasure of our old "G.P."

Do we forget him when he's old?
The years he spent, HIS hours of gold?
So whisper just a silent prayer
For in your heart he's ALWAYS THERE!

Johanna M. Cafolla

Shakespearean Sonnet

What dreams we did possess when we were young!
With open minds we did accept beliefs and rules;
And voices soft did whisper words among
Small hearts who never thought at all of fools.
But as the years flew by we slowly found
That men we knew were not composed of gold,
And one must sift through stones to pan a pound
Of this rare element by which we mold
The noble spirit sought by knaves and kings.
What happened to our innocence and love?
They're swept aloft, escaped on wandering wings
Of birds, to soar eternally above.
And when we learn the lessons of the sage,
We find our bodies old and bent with age.

Ruth Burlas

For Each Other

i am not here for you,
nor,
you for me . . .
but,
rather we are here for each
other and,
if by chance we fall in love
it's remarkable and,
if by chance we don't —
it's unreasonable.

Marsha dee Gruesbeck

White

White means clean...someone said,
and so I painted my garbage can white..
and then my car, my house, my lawn..
I went to those selling White at sales.

White means clean...someone said,
but just what did that someone mean?
White...clean...bright...White..
It doesn't mean....that it's clean.

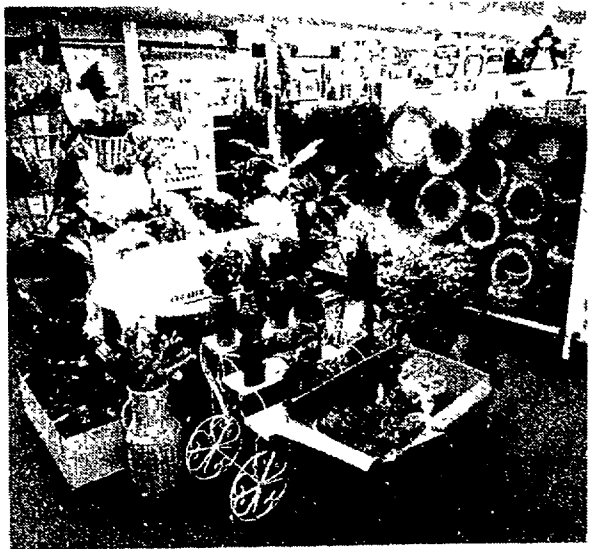

White means clean...someone still said,
and I replied what do you mean,
White friends? White shoes? White lights?
White gloves...They carry you away
in White gloves?

Richard Sebastian

I looked at all that I made White,
the soil and dirt and rain came,
White means CLEAN...someone said,
And so I did.

A Column About People, Places 'n Things

REVIVAL of the Christmas Trim Shop at Ely True Value Home Center in Northville was announced this past week. The shop will combine house plants and the traditional Christmas trimmings that were so popular when the shop was last operated by Ely. It is located at 316 North Center Street, Northville.

GLEN R. COULTRIP of 350 Sherrie Lane in Northville has been named Salesman of the Year for domestic sales for Oxford Laboratories, Inc., subsidiary of G.D. Searle & Company.

Announcement of Coultrip's selection was made by Oxford President William Finney and Vice President for National Marketing R.F. Cunningham at a recent awards dinner in San Francisco.

Oxford Laboratories, Inc. is headquartered in Foster City, California.

Coultrip, who has been with the company for two years, holds a BBA in marketing and an MBA in management from Western Michigan University. He and his wife, Catherine, have two daughters.

GLEN COULTRIP

DR. JOHN A. ANDERSON of Northville has been named head of allergy in Henry Ford Hospital's recently completed ambulatory care center that opened October 27 in Dearborn Fairlane Complex.

The \$6.2 million center will provide 24 hour medical care, ordering a wide range of health care services to surrounding communities. Easily accessible, studies indicate 1.1 million people live within a 10 minute drive of the Fairlane complex.

Dr. Anderson, 40, joined Henry Ford Hospital in 1969, specializing in pediatrics and allergy. He is married and has three children.

He received his M.D. from the University of Illinois in 1960, his internship was at the University of Illinois research and educational hospital (1960-61) and his residency was at the same place (1961-62) and the U.S. Naval Hospital in Bethesda, Maryland (1964-65).

Dr. Anderson served as a lieutenant commander in the United States Navy and he taught pediatrics at George Washington University. He is a member of the American Academy of Pediatrics, American Academy of Allergy, Michigan Allergy Society and Detroit Pediatric Society.

Dr. JOHN ANDERSON

WINS AWARD—A giant replica of a Series E Bond symbolizes Ford Motor Company's top employee suggestion award — U.S. Savings Bonds totaling \$3,700 face value — won by Northville resident Mardiros "Mike" Derderian (left). Derderian, a methods and systems analyst at Ford Parts and Service Division, receives the award from R.A. Barrett, division controller. Ford employees earn suggestion awards by submitting ideas for improving company efficiency. Derderian and his family live at 47055 South Chigwidden, Northville.

DR. BURTON C. DAVIS of Novi, attended the 3rd Annual Scientific and Business Conference of the Academy of Ambulatory Foot Surgery, an

international professional association of podiatrists, November 13-16, at The Diplomat in Hollywood, Fla.

Papers on, The Simplicity and Worth of the Implant; Extensor Digital Tenotomies: Why?; Neuroma; The Hidden Persuader; Surgical Anatomy, New Hammer Toe Procedure, were among some of the subjects covered in the scientific sessions.

The annual business meeting of the Academy was held on Friday, November 14th, the annual banquet on Saturday evening, and the conference concluded on Sunday morning.

The Academy of Ambulatory Foot Surgery was formed to promote education and research among podiatrists who are equipped and have the skills to perform foot surgery in their offices and to help eliminate heavy hospital bills for their patients.

THANKSGIVING at the Mayflower Hotel in Plymouth will be something extra special this year. Owner Ralph Lorenz announces that the menu will be an authentic re-creation of the first Thanksgiving dinner. Lorenz has researched the preparation and manner of service of the 1621 Thanksgiving meal and plans to reproduce exactly what the Pilgrims did. It is the first time the meal has been prepared for the public, although Lorenz did serve it previously to a gourmet food society. Included on the menu will be pumpkin soup, roast tom turkey with corn bread, venison stew, baked corn custard, squash with gooseberry preserves and other dishes including Plymouth Pilgrim Succotash. Reservations for Thanksgiving dinner at the Mayflower will be accepted.

ROGER KLINGE of South Lyon has been employed at the Plymouth Hilton Inn in Plymouth.

Klinge is a front desk man at the newly opened inn which is located on Northville Road, just south of Five Mile Road. The inn has approximately 70 employees.

THE AUTOMOBILE Club of Michigan (AAA) honored a client-agency relationship dating back 40 years when it presented an anniversary cake to Stockwell-Marcuse, Inc., Southfield-based ad agency, at a recent Adcraft Club of Detroit luncheon meeting. Richard R. Dann, executive vice-president of the Auto Club, presented the 40th anniversary cake to William Stockwell, retired co-founder of the agency; Mrs. Philip Marcuse, widow of the agency's other co-founder; and Jim Lewis, of Northville, president of Stockwell-Marcuse. During the 40 years since AAA first became a client of the agency in 1935, Dann noted that the Michigan Auto Club's membership had increased from 60,000 to its present all-time high of 1,200,000 members.

JOHN R. MILAM of Novi has been promoted from tax agent to general tax agent for the Michigan Wisconsin Pipe Line Company headquartered in Detroit.

Announcement of the promotion was made by John W. Barnes, assistant secretary of the company.

In his new position Milam will report to General Land and Tax Agent Donald E. Reuther.

A graduate of Wayne State University with a degree in business, he is presently attending night school at Wayne State taking political science courses.

Prior to working for Michigan Wisconsin Pipe Line Company, he was a first lieutenant in the United States Army, stationed in Pleiku Province of Vietnam as an advisor to the South Vietnamese.

Milam is co-chairman of the Stonehenge Condominium Steering Committee. He and his wife, Maxine, who works for Jafco Inc. of Novi, live at 23675 Stonehenge Boulevard. They have one child, son Alex, who attends Village Oaks Elementary School.

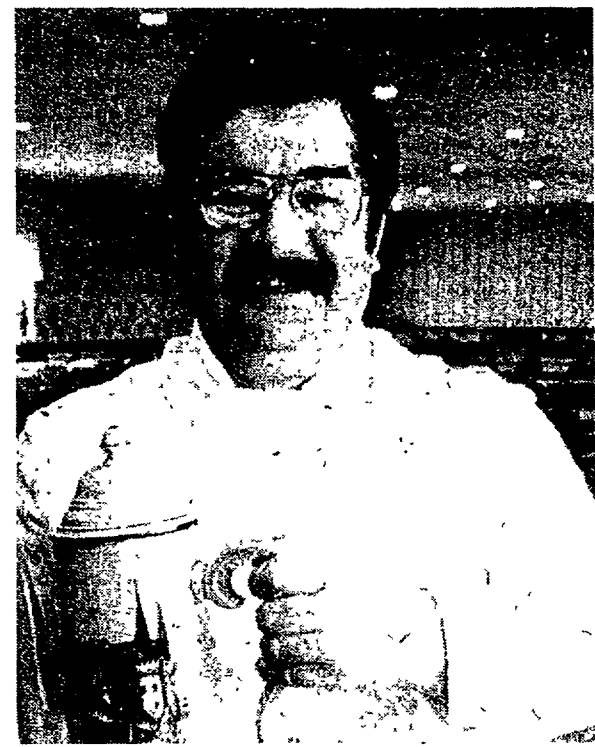

JOHN MILAM

you have to put a great deal of yourself into a business to make it successful, gives plenty of credit to his family.

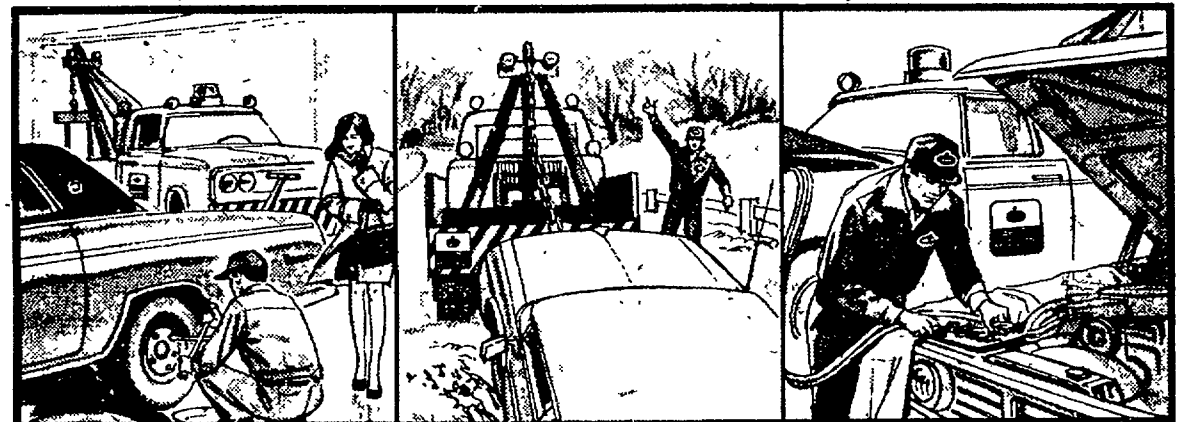

"My wife's the backbone of the business and my sons are very active workers," says the man who has catered as many as 30,000 dinners for three consecutive days from his relatively small kitchen.

Philipp personally buys all of the meat used in the business and the tenderness and richness of his beef stroganoff attest to his shrewd selections as well as his expertness at the stove.

Roman Philipp has Romanoff's Catering ready

Hot Shooting Ladycats Win District

Surviving their toughest test of the tournament, Novi's Ladycat basketball team won the Class B district basketball championship with a 44-42 victory over Pinckney, last Monday at Brighton.

Novi will advance to regional play tonight at Troy Athens High School.

Three victories in the district games give the Ladycats a 13-2 record as they advance further into the state tournament.

The district championship is the second in two years for the Novi Girls' basketball team. The other championship was also won at Brighton.

Falling behind early in the Pinckney game, the Ladycats fought back to take the lead and held an edge throughout most of the contest.

Mary Kardel scored eight points in that first quarter. She went on to better her personal high of 17 points and set a new Novi girls' scoring record with 20 points against Pinckney.

Kardel accounted for all the Novi scoring in the second period when she netted six points.

Midway through the third period, Pinckney was able to tie the score. However, the Ladycats scored four straight buckets and went into the final stanza with an eight point lead.

Janet Cook scored four points in that quarter. Those were her first points of the tournament.

Kardel netted six points in the same period.

Pinckney's half court press was causing Novi trouble during the third, and again in the final quarter.

During the fourth period Pinckney again was able to tie the score.

Novi had trouble moving the ball against an aggressive Pinckney defense and the Ladycats almost lost the game when they decided to play safe and stall with only a couple minutes left.

Down by two points, Pinckney rebounded a Novi free throw attempt and raced down the court, drawing a foul.

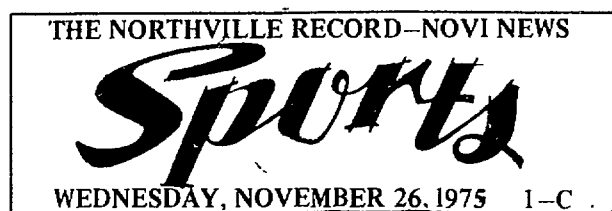

Pinckney missed both free throws, rebounded the ball and missed another shot.

Patty Cameron grabbed the errant ball for Novi and held on until the buzzer sounded.

It was Cameron who provided the scoring punch late in the game. Her clutch fourth quarter shooting enabled the Ladycats to keep one step ahead of Pinckney.

She entered the action in the third quarter and scored her first points on a fast break at the end of that period.

In the final stanza Cameron was particularly effective with long outside shots. She netted eight points in that period. All of the field goals were made from 20 feet or

further away.

Dede McAllen also netted two clutch free throws in the final quarter for the Ladycats.

Coach Chris Hayward attributed the Novi victory to "guts."

"It was going in and knowing we had a job to do and beating them," she said. "We threw out everything we knew to learn a new offense. We were worried about their guard press."

Pinckney played a tough defense, stealing the ball away from the Ladycats 12 times.

Novi was also tough with six steals. Elaine Maki had five of those steals.

Kardel led all scorers with her 20 points. Cameron finished the game with 10, McAllen had eight, Cook had four, and Maki had two points.

Kardel was also the leading rebounder with 13. Lari Neutz had 10 rebounds and was cited by Coach Hayward for fine defensive play.

Novi connected on 29 percent of their shots, making 21 of 72 attempts.

Pinckney made only 22 percent of their shots, connecting on 16 of 72 shots.

Novi gained entry into the district finals with victories last week over Brighton and South Lyon.

Both games were taken in easy fashion as the Ladycats defeated Brighton 43-33 last Thursday and came back Saturday with an impressive 55-17 decision over South Lyon.

Against Brighton, Novi took an early 12-4 lead at the end of the first quarter. Leading the way was Maki who had five points. Cameron also had four points in the first period.

Using an aggressive full court defense the Ladycats lengthened the lead to a 20 point margin by the end of the third period.

Brighton was able to bring the score to the final 10 point margin after Novi began sending substitutes into the game during the final quarter of play.

Tying for the Ladycat scoring lead were Maki and McAllen, who each netted nine points. Poyhonen scored eight points, Cameron had seven, Kardel had five, Neutz had four points and Mary Fisher scored one.

Both Brighton and Novi shot the ball fairly well from the field, each netting 30 percent of their field goals. Brighton connected on 10 of 33 shots, while Novi made 16 of 52

attempts.

McAllen led the Novi rebounders with seven, while Cook had six.

Leading a strong defensive effort was Maki. She stole the basketball eight different times and tipped away passes on two more occasions. Cook also played a good game with five steals.

A strong second quarter doomed any South Lyon hopes of stopping the Ladycats.

Trailing by an 8-3 mark at the end of the third quarter, South Lyon watched Novi explode for 21 points in the second stanza. Meanwhile, the Lyons could net only two points.

Cameron had the hot hand in that second quarter as she netted 12 points.

Another good defensive effort coupled with fine shooting carried the Ladycats to an easy win.

The Ladycats connected on 22 of 59 shots from the field for a 38 percent average.

South Lyon scored on only 22 percent of their shots from the field, making five of 24 attempts.

Leading in the Ladycat scoring was Cameron, who finished the game with 18 points. Kardel was close behind with 17, Maki scored eight, McAllen had six, Anne Robinson scored three, Carol Poyhonen had two, and Pam Smithson scored one point.

Neutz led the rebounders with 12. Kardel was second with 11, Cook had nine rebounds and McAllen grabbed seven rebounds.

KEEP AWAY—Novi girls' basketball player Dede McAllen holds the ball away from a Brighton player in the first game of the district tournament. McAllen scored nine points against Brighton and was a steady player throughout the district games.

Sports Banquet Slated

The fall sports banquet sponsored by the Novi Athletic Boosters on Monday, December 1 kicks off "sports week" at Novi High School.

The banquet, for students and parents of students involved in fall sports, will be held Monday, December 1 in the high school commons. No time has been announced for the potluck dinner. Parents of fall sports participants will be notified.

On December 2, the date for

DISTRICT CHAMPS—Novi girls' basketball players and their coach gather around center court after winning the Class B district basketball championship in Brighton. Coach Chris Hayward holds the trophy her team won with

three straight victories over their opponents. The final victory was a thriller, with Novi holding on to beat Pinckney 44-42. The Ladycats advance to regional play tonight at Troy Athens High School.

Novi Cagerettes Defeat Dexter For Share of Conference Title

Novi girls' basketball team claimed a share of the Southeastern Conference title with a victory over Dexter last week Tuesday.

Fighting off an early 10-0 deficit, the Ladycats grabbed a three point lead late in the game and hung on to defeat Dexter by a 33-30 score. The victory earns Novi a conference tie for first place with Dexter.

Scoring 12 points while allowing only two, the Ladycats erased Dexter's early lead.

Novi knotted the score 14-14 at halftime with the come from behind effort. Both teams fought to another deadlock at the end of the third period, each scoring 10 points. Novi outscored Dexter 9-6 in the fourth quarter to gain the victory.

Only three Ladycats reached the scoring column. All of them scored in double figures.

Dede McAllen led her Novi teammates with 12 points. In an earlier loss to Dexter, McAllen was held scoreless.

Mary Kardel and Elaine Maki rounded out the scoring with 11 and 10 points,

respectively.

The game was marked with mechanical difficulties when the scoreboard broke down. Times had to be shouted to the coaches and the score was kept manually with flip cards. Red cards were used for Dexter and green cards for Novi.

In the second half the scorekeeper switched colors without telling the coaches so that on one occasion Coach Chris Hayward thought her team was ahead by two points when it was actually behind Dexter.

However, Coach Hayward said the mechanical difficulties may have aided Novi in overcoming the early Dexter lead.

"Strangely enough it didn't look like a 10 point lead,"

remarked the coach. "I think not having a big flashing score in front of us helped."

"At the quarter 1 I told the kids we have to catch up and we have to do it one point at a time," she added.

The victory gave Novi an 8-2 mark against conference foes and an 11-2 record versus all opponents at the end of the regular season.

After two early season losses, Novi had to win the rest of its league games in order to finish with the tie.

Earlier defeats were against Lincoln and Dexter teams. Novi turned around beat both teams in the second half of the season.

Tournament play began last Thursday at Brighton with Novi taking on Brighton in the first game.

competition.

The Ladycats take a six

game winning streak into the tournament.

Roggenbuck An All-Stater

Kyle Roggenbuck was selected last week by the Detroit News for its All-State swim team.

She earned the honor by virtue of her 25.25 performance in the 50 yard freestyle event at the Michigan High School Girls' State Swim Meet, November 15 at the University of Michigan.

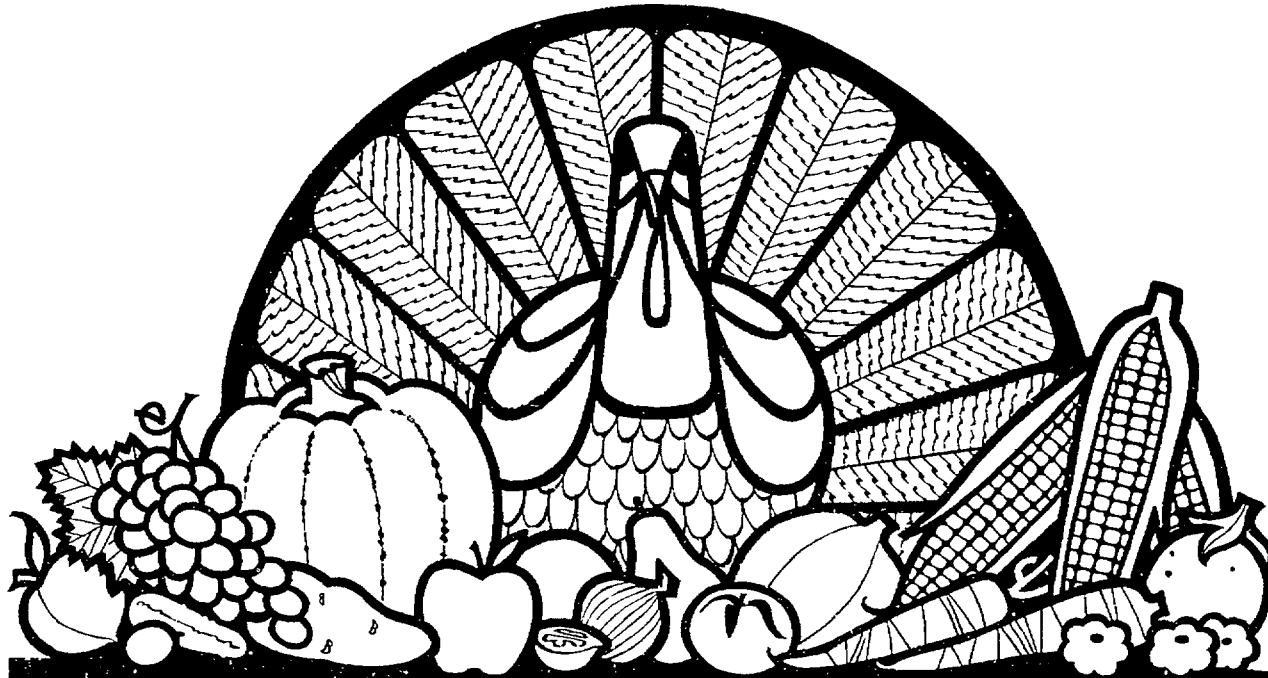

Roggenbuck was second in the event.

Usually the All-State designation goes to those swimmers who finish first

in an event. However, if one swimmer wins more than one event, another girl may be added to bring the total to 11 swimmers on the team.

Carol Eggers of Livonia Stevenson edged Roggenbuck in the 50 yard freestyle. Later in the meet Eggers also won the 100 yard backstroke.

Roggenbuck will appear along with 10 other All-State swimmers in a Detroit News article scheduled soon. She is a freshman this year.

Mustangs Winless

After Tourney Loss

Northville's girls' basketball team ended a winless season as the Mustangs were eliminated from the Class A district tournament by Plymouth Canton, 53-32, last Monday at Farmington.

Coach Mary Minor said that she is proud of her Mustang team which played hard in every game of the season, with little reward.

She indicated that the girls played their best game of the season in an attempt to beat Canton. They were more aggressive on defense and under the boards than they have been all season.

"The game plan was to hit Canton hard under the boards, stop their fast break, and close up the middle," the coach said. "Northville did all

of these things until the second half.

"The game would have been a lot closer if the offense had been on," she added. "The team has a lot of spunk considering the type of season we've had."

Northville's record falls to an 0-16 mark after the loss.

Leading the Mustangs in both the rebounding and scoring departments was Patty Brown. She connected for 17 points and grabbed 23 rebounds.

Kum Adams had six points for Northville. Debbie Korte scored four, and Denise MacDermaid had three points.

Adams and MacDermaid were also high on the rebounding charts with eight and six respectively.

Look for Close Race in Western Six

Asking the Western Six Conference basketball coaches to name one pre-season favorite is like trying to pull teeth.

According to those same coaches the battle for the conference title should cause just as much excitement as a trip to the dentist.

Waterford Mott, Farmington Harrison, and

Livonia Churchill are the three teams mentioned most frequently in connection with the league crown. Northville and Plymouth Canton also are listed as tough teams, while Walled Lake Western is expected to have a building season under a new coach.

Mott Coach Ray Robinson expects his squad to be improved over the one which

finished second in the conference last season.

"We have seven lettermen returning," Robinson explained, "all of whom started at one time during last season."

"We're not extremely big," he continued, "but we have fair overall size. I look for us to be a much quicker team, doing more fast breaking than we did last year. Early season indications show us to be very good shooters."

Leading Mott is 6-5 senior center Andy Madonia. He is supported by three seniors out for the forward position. Dave Bair and Bill Neal both stand at 6-3, while Tim McKay is a 6-0 prospect. Tony DeSantis, a 6-0 senior forward, also may see action at forward.

Three seniors round out the guard position for Mott. They are Brian Bearden at 5-10, Howard Elmy at 5-9, and John Sweet at 5-11.

Robinson pegs Harrison and Churchill as the top contenders, along with Mott.

Harrison Coach Bob Sutter has seven lettermen returning, and he believes his team has a shot at the title provided his cagers play together. The strong point of Harrison's squad will be rebounding, he noted.

Two senior forwards highlight the Harrison team. Mike Styles at 6-3 and Mark Brozek at 6-4 are returning.

Both earned second team all-league honors last season.

Harrison finished fourth in the conference last season with a 5-5 record.

At Churchill, Coach Pat Montagnino hopes to improve on last season's 2-3 mark which earned a tie for fifth in the league.

He has six lettermen on the squad. Eric Kihn, a 6-5 senior center, is the tallest player. Two junior forwards who stand 6-3 also will add height. They are Dave Clare and Tom Bay.

Matt Foster, a 6-2 forward, also is a likely starter. At the guard positions Scott Shepard and Mike Streicher both are returning to the team.

Churchill also has a couple tall juniors slated to see action. They are Paul Cherly at 6-4, and John Jameson at 6-5.

"When you go 5-15 I don't care what kind of experience you've got coming back, you've got that losing syndrome to beat," Montagnino said.

He coached Churchill teams to three straight league titles prior to the poor performance last season.

"I think it's probably going to be the most balanced league since we started," Montagnino said. "Harrison, Mott, Canton and us will probably be in there along with Northville."

Although Northville lost 10 seniors from its championship team last season, Montagnino will not slight the Mustangs.

"You never want to count Walt out," Montagnino said of Northville Coach Walt Koepke. "He is such a good coach and gets so much out of his kids that you never know

about Northville."

Koepke has four seniors out for the squad this season. None of them were starters on last year's team. Northville finished the 1975-76 season with a 22-2 record.

Leading those seniors is 5-8 guard Chris Armada. He is quick and aggressive on defense and also has an accurate shot.

Mark Lisowski will hold down the other guard position. He stands 6-0.

Jay Slagle is the tallest Mustang player at 6-4. He is slated for the center position.

Bill Piccolo, at 6-2, is the other senior. He's an aggressive defensive player and a strong rebounder. Piccolo probably will miss the first few games while he recovers from a football injury.

Although chances of repeating as champion may seem remote because of the number of players lost to graduation, Koepke said the Mustangs may surprise some teams.

Plymouth Canton Coach Casey Cavell has seven lettermen on the squad. Two 6-2 seniors are returning starters at the guard position. They are Tom Close and Kieth Osborne.

Under the boards Canton will be led by another pair of seniors who are fighting for the center slot. Steve Salyer at 6-6 and Dave Pink, who stands 6-2. Slated for the forward position is Bill Parson, a 6-2 senior.

"We'll be strong in the backcourt," Cavell said. "If our senior line comes through

we'll be in good shape."

Ted Felegy has just taken over the coaching job at Walled Lake Western. He has the dual task of building a program while fighting a losing pattern at the school.

"We've never had a winning season in the six years we've had a program at Western," Felegy said. "Our first objective is a .500 season and to turn the attitude around to a positive note."

Three seniors are returning. Center Dave Leskinen and forward Jeff Martin should add important height at 6-3. Dan Michaels a 5-9 guard, is the other letterman.

"I'm looking for a wide open race in the Western Six," Felegy said.

So, it seems, are the other veteran coaches in the league.

Athletes of the Week

Lari Neutz

Lari Neutz was selected as Ladycat of the Week by Novi Girls' Basketball Coach Chris Hayward. Neutz earned the honor with her fine defensive work in the district tournament games last week. She scored four points in a game against Brighton and was the leading rebounder in a game against South Lyon with 10.

Patty Brown

Patty Brown earned Mustang of the Week honors for her play in the Class A girls' district basketball tournament at Farmington. Despite losing that game to Plymouth Canton, Brown played a fine game. She led the Mustangs in both the scoring and rebounding departments with 17 points and 23 rebounds.

MUSTANG ENTRY—These eight Northville players will lead the Mustangs during the upcoming Western Six Basketball season. They are (left to right) Mike Graham,

Tony Armada, Dave Brewer, Dave Duey, Jay Slagle, Bill Piccolo, Mark Lisowski, and Chris Armada.

Scott Leu to Play at EMU on Tech Squad

Scott Leu, Northville's athlete of the year in 1975, will return to the lower Michigan area November 29 as a member of the Michigan Tech varsity basketball team.

Tech will play a 7:30 p.m.

game that day at Eastern Michigan University in Ypsilanti.

Leu, a 1975 graduate of Northville High School, was the leading scorer for the Mustangs as he led the team to a Western Six

Conference title and a 22-2 record. He also earned All-Western Six honors.

Northville Basketball Coach Walt Koepke said Leu was the best player on

that championship team. He hopes to bring both the varsity and junior varsity teams from Northville High School to see Leu, and the college cage squads in

action. Koepke reports that Leu is doing well with the Michigan Tech squad, and scored 23 points in a pre-season scrimmage.

Dykstra, Heckerl Share First In Final Football Contest

Two persons shared first and second place money in the final football contest of the season this past week.

Both missed three games, both guessed Ohio State to beat Michigan, and both were 10 points off the mark in the Ann Arbor game.

The top winners were Julie Dykstra of 445 Grace and Bob Heckerl of 18585 Sheldon Road. In third place, also with three mistakes but 13 points off the mark, was Tom Graham of 18840 Jamestown Circle.

Julie guessed the Buckeyes

would win 24-21, Bob had Ohio on top by the same score, and Tom picked Ohio 16-6.

Eight contestants missed four games. They were:

Mark Lee, Andy Bemish, Mickey O'Leary, C. W. Johnston, Fred J. Robinson, Dave Knauss, Bob Potter, and Doug Castillo.

Most missed game, of course, was the 17-17 tie between Duke and North Carolina. Other games

causing contestants most difficulty (surprisingly, Michigan's loss was not one of them) were Kansas over Missouri, SMU over Baylor, and Syracuse over Kentucky.

Twenty-one contestants missed five games, 31 missed six, 24 missed seven, 16 missed eight, and the remainder missed seven or more.

Fifteen entries were disqualified because they failed to follow contest rules

Mat Club Begins

Novi's wrestling club will begin its third year of operation this winter with practices starting December 3 for all boys 14 years of age and younger.

Coach Tom Ford will conduct the program with help from Novi High School Coaches Russ Gardner and Jim Sasena.

Participants will be wrestling in AAU sponsored tournaments against boys in their own age bracket.

"The schools in our high

school league all have junior high school wrestling programs," Varsity Coach Gardner explained. "When they get to high school they have two years of experience. Even though there aren't many meets at least they'll have a couple years of learning the moves."

Scheduled events include a tri-meet between Orchard Hills, Novi Elementary and Village Oak, and also a city championship between the three elementary schools.

Novi Cagers 'Cautiously Optimistic'

"Cautiously optimistic" are the words used by Novi Coach Ron Flutur to describe the Wildcat basketball fortunes during the upcoming season. "I don't want to build them up too much," commented Flutur. "But I want them to know they're good."

"I feel this year's team has probably got more potential than any other team I've seen at Novi," the coach added. "A lot depends on how hard they work. If they want to work we'll get the job done, and so far they've worked hard."

Flutur prefers to talk about the upcoming season rather than to dwell upon the past. Last season the Wildcats

finished with a 4-14 record and a tie for sixth in the Southeastern Conference. When pushed he remembers that the best Novi basketball team posted a 9-10 record.

This is Flutur's third year as coach and he said he is fighting an uphill battle to develop a winning basketball team.

The Wildcats have 12 players on the squad for the 1975-76 season, six of them are lettermen from last year. Coach Flutur has his troops working out twice a day, once in the morning before school and again after classes are finished.

Leading the field of lettermen is Bill Giorgio, a 5-10, 155 pound, junior co-captain who will play at the guard position. Giorgio was an honorable mention on the Southeastern Conference basketball team and an All-Area selection on the Sliger Publications star cage squad. He scored an average of 12 points per game last season.

"He really knows how to play basketball," Flutur said. "He ball handles well, passes well, and shoots extremely well from the outside."

Holding down the other designation of co-captain is Scott Parsons, a 6-1, 155 pound senior. He can play at either

the guard or forward positions.

"Last year, toward the end of the season, he really started coming on strong," Flutur said of Parsons. "He averaged in the double figures near the end of the season. His strong points are his driving ability and he's got a good soft shot."

(Returning to the squad is Bob Bannatz, a 6-3, 190 pound junior letter winner. Flutur expects Bannatz to be the main rebounder and notes that he was the second leading rebounder on the squad last year. Bannatz is slated for the center slot.

Senior Don Durocher, a 6-3, 175 forward, is another letterman returning to action this season.

"Don has really improved over last year," comments Flutur. "He developed his outside shot over the summer but needs to work on passing and ball handling. He's contending for a starting spot."

Another player who should see action at the forward position is Biff McAllister, a 6-1, 155 pound senior letterman. Although he did not play much last year Flutur reports that McAllister is greatly

improved over last year.

Also at the forward position is Andy McComas, a junior letterman.

"He's a good defensive player and performs all aspects of the game well," Flutur said. "He also rebounds well for a 5-11, 165 pound forward. He's a good, steady player."

A leading newcomer to the team this season is John Pisha, a 6-4, 190 pound junior. Pisha was the leading scorer and rebounder on the junior varsity squad as a sophomore. He figures highly in the plans for the upcoming varsity season.

"He's got to learn to do a few things differently than in the past on the JV team, but he's learning and adjusting well," comments the coach. "I look to him for a lot of rebounds this year. He's a contender for the starting job at center."

JV Ladycats Unbeaten

Novi's junior varsity basketball team finished an unbeaten season and won the Southeastern Conference title last week but not without a close call in the final game of the season.

The Ladycats held on to defeat Dexter in that final contest by a 29-27 score in what Coach Chris Hayward described as a "hair raising" victory.

"Dexter had a lot of people there, and there was a lot of noise," Coach Hayward said. "Our kids weren't used to that. They had a hard time hearing on the floor when they were talking to each other."

Besides the noise, the scoreboard broke down, times had to be yelled to the coaches and the scoring was kept manually.

Novi fell behind by an 8-2 score after the first quarter but fought back to gain a 16-13 margin at the end of the second period. The Ladycats were leading by as many as

five points through the third quarter and into the final stanza.

"Then it just turned into 'spaghetti ball' and everyone went for the ball and there were a lot of travelling," the coach said.

Novi also got into foul trouble at this point, and Dexter took advantage of free throw opportunities by netting three more points in that final period.

Holding a four point lead with 2:30 to play in the game, one of the Novi players scored a basket for Dexter.

However, the Ladycats held on for the victory and the completion of their perfect season. Leading in the point totals for Novi was the scoring duo of Sue Beal and Betty Banks who each netted eight points. Ricci Mulligan had six points, Mary Ann Wizinski netted four points, all in the

fourth quarter, and Laura Birou had three points.

The Ladycat jayvee cagerettes have an unblemished 16-0 record this season. They were 10-0 against Southeastern Conference opponents.

Over the past three years the Novi junior varsity team has compiled a 28-2 mark against league foes.

Northville Icers Post Victories

NORTHVILLE'S PACERS have compiled a 4-1 record against Pee Wee hockey competition during the past few weeks. The Pacers compete in the District 5 Travel League which is, according to Northville hockey sources, the best travel league in Michigan.

The Pacers won a non league match against a Farmington Open Team by a 2-1 score, October 26. Dino Rose scored the first goal for Northville with an assist from Steve Creedon. Jeff Hastings netted the winning point with help from Larry Popich and Brett Thompson.

After losing a league game, October 27, by a 3-0 score to Redford, the Pacers turned around to gain a 3-0 decision over the Farmington Flyers, October 30, in another league contest.

Jack Macintosh initiated the scoring with an assist from Bob Darrow and Ken Winemaster. Darrow connected on a goal of his own with assists from Winemaster and Macintosh. Macintosh again scored a goal with the same duo of Winemaster and Darrow giving an assist. Terry Evans scored an unassisted goal and Darrow wound up the Northville scoring with the final goal of the game, aided by an assist from Macintosh.

Swamping the Pacers in a November 3 game was the team from Garden City. Darrow scored one goal and assisted Macintosh on another, but their effort fell short as Northville dropped a 9-2 decision.

Darrow scored two goals against Dearborn, in a November 7 game, leading the Pacers to a 3-1 victory. Macintosh assisted Darrow on one of the goals and the other was unassisted. Ross netted the first point of the game for Northville with an assist from Creedon.

Five different Northville players scored goals in leading the Pacers to a 5-2 victory over the Westland Travelers in a November 11 game. Winemaster began the scoring with assists from Darrow and Macintosh. Brett Thompson followed with another score after receiving assists from Evans and Rose.

Macintosh got on the scoring column with assists from Darrow and Larry Popich. Scott Flood and Evans each scored an unassisted goal to wind up the Northville scoring.

A last minute goal by a Plymouth team held Northville to a 2-2 tie in a November 17 contest. Evans scored an unassisted goal in that game and Winemaster netted the other Northville score with an assist from Macintosh.

Northville slapped a lot of shots on goal, in a November 18 game against Livonia, but failed to connect with a single score as the team fell to a 4-0 defeat.

hockey victories last week.

Belanger defeated Haggerty Lumber by a 2-1 score, November 22.

Don Rose scored the first Belanger goal with an assist from Mike Coolman. Pete Cameron netted the winning points with aid from Rose and Coolman in a non league game November 17, Belanger defeated the Livonia Bruins 5-2.

Cameron led the Belanger scoring with three goals. He was assisted by VanMarter and Platte on the first score, Coolman on the second score, and Sean Gucken on the third goal.

Coolman scored on an unassisted goal and Mark Regentik netted the final Belanger score with an assist from Andy Orlando and VanMarter.

Michigan Boiler extended its unbeaten record to six straight games in the over 30 hockey league with two victories last week.

The team, composed of Northville residents, smashed the Plymouth Rookies by a 12-0 score, November 23.

Jim Macintosh had four goals, Ray Levan had four, Demetrios Lambros scored two, and Dick Wald also netted two.

Goalie Bill Fourwiler played tough defense in the shutout. He has allowed an average of one goal per game.

Boiler scored a 2-1 victory over Farmington November 19. Charley Drake led off the scoring with an unassisted goal and Macintosh netted one goal with an assist from Dick Wald and Drake.

NOVI HIGHLIGHTS

By JEANNE CLARKE
624-0173

Last Friday had to be Dolores Tomaneck's lucky day. She has been bowling for five years and has a 129 average but on Friday she bowled her best game ever, coming up with a 223 and a 536 series. That was the women's "hi" game at Drake's Lanes but she actually won in three different jackpots. She received a 200 pin for bowling over 200 in a game and then received a Bicentennial patch that is given for 200 score games. Upon returning home, she found that she had won \$25 in the lottery.

Chester Proffitt, son of Mrs. Glen Salow Sr. of Taft Road had the misfortune to fall and break his hip. He is a patient at Veterans Hospital, Room 457, in Ann Arbor.

David Michael Kerr, son of Mr. and Mrs. Gary Kerr of Rockhill Lane was christened on November 11 at his home, with Father Kevin O'Brien officiating. Also present were his godparents, Mr. and Mrs. Mario Spalletta and Mrs. Pearl Spalletta.

Guest of honor at a birthday party on Saturday was Mrs. Neal F. Geppart at the home of her parents, Mr. and Mrs. Erwin F. Geppart.

Bill MacDermid of Stassen Street has returned after spending two weeks at Botsford Hospital following surgery.

Mr. and Mrs. Alex Glance of Stassen are planning a family dinner on Thanksgiving, with about 16 people in attendance from Garden City, St. Clair Shores and Plymouth.

Sally Spalletta celebrated her eighth birthday on Sunday with a family birthday party.

She is the daughter of Mr. and Mrs. Mario Spalletta. Harold Saunders, former City Manager of Novi, was in town last Saturday visiting friends. He is leaving Bennington, Vermont to become the Finance Director of the City of Saginaw in the very near future.

Parents Without Partners
Plans have been made for a Thanksgiving Eve Dinner and Dance at the Hilton on November 26. Call Rosemary or Fran to confirm this date, as it was necessary to have a quote for reservations of the banquet room. On Thursday, November 27 an open house will be at several homes, Art Stewart's from 2 p.m. - 4 p.m. Fran Rudd's from 4 p.m. - 6 p.m. and Judy Calhoun's from 6 p.m. - 8 p.m. Call them if you may be coming. Friday, November 28 will be the Novi-Northville general meeting with afterglow held at the Legion Hall. There will be a special cheese and wine houseparty on November 29. Call in reservations two days in advance to 349-9374. On Sunday, November 30 there will be a card party and discussion. Call 453-6816 by 6 p.m. if you plan to attend. Starting the December schedule will be adult activities meeting at Fran's home. Call by 6 p.m., 349-3745. A reminder that Woody Herman will be in concert at Clarenceville High at 8 p.m. on December 2.

Novi Girl Scouts
Troops in the Novi area wishing to decorate a tree with an International theme at the Farmington Community House should contact Ginny Folsom at 349-5713. There is also a need for troops to go caroling at Meadowbrook Hall in December. Contact Mrs. Folsom for the date and additional information. On December 13, it will be Girl Scout Salute Day at the Detroit Theatre and a live musical play entitled "One Life: The Dilemma of Nathan Hale" will be presented.

There are special prices for groups of 10 or more. Performance times are 11 a.m. and 2 p.m.

Brownie Girl Scouting has been opened for girls who are six years old or in the first grade. There is a need for two leaders to start a troop at Novi Elementary School. Flyers were sent home this past week and they should be mailed to Mrs. Folsom at 23833 Meadowbrook Road, Novi.

Troop 627, a Junior Troop for fourth and fifth graders, is meeting at 7 p.m. at Village Oaks School. There is still room for additional girls in this troop. Any girl in the fourth or fifth grade not already in another troop or who is having transportation problems after school can contact Mrs. Folsom regarding eligibility to meet with this troop.

Novi Athletic Booster Club
A reminder of the sports banquet on December 1 which will be a potluck dinner at 7 p.m. in the Commons. Any parent who has not been contacted is asked to call Mrs. MacAllister at 349-0185. There are additional jackets available for sale from Jackie Schingek, 476-1948. These jackets have "NOVI ATHLETIC BOOSTER" on the back and a Wildcat on the front. They are not to be confused with the student "N" jackets.

Welcome Wagon
Some of the activities coming up in December will include Mahjongg on December 1. For information contact Scottye at 348-9616. Then on December 2 at 9:30 a.m. will be the ladies' exercise class at the Methodist Church on 10 Mile. Call Carol, 349-9151. A "get acquainted coffee" is being planned on December 8 at 8 p.m. If you are a current member of Welcome Wagon, you are invited, as well as anyone new in the area. Call Scottye for information.

Orchard Hills Booster Club
At the recent meeting of the club, a very successful report was given with a total of \$1,447.64 profit from the recent bazaar. All parents are encouraged to start now to

start work on projects for the one next year. Other plans for the coming year include the publishing of a cookbook with recipes from local people. If you have a favorite you'd like to share, contact Ginger Gillick at 349-9967. In February, a review entitled "Red, White and Blue" will be presented by the teachers and in March a book fair will be held.

Novi Rebekah Lodge
The Past Noble Grands met at the home of Irene Wendland on 11 Mile Road for a potluck dinner on Thursday and Doris Darling was co-hostess. The Independent Club will have its Christmas party on December 8. It will be at the home of Mrs. Wendland at noon and will include a potluck lunch. Everyone is asked to bring table service, a \$1 exchange gift and a 25 cent prize. The next lodge meeting will be December 11 at which time elections will be held.

Jaycee Auxiliary
The next general membership meeting will be on November 25 at the Novi United Methodist Church and it will be an open meeting as other people will be present from the district. This will be the craft auction. Additional events coming up include visitation at Highland on December 1. On December 6, the annual Saturday lunch with Santa will be held at the Middle School. Times will be 11 a.m. and 1:30 p.m. For tickets call Bobbie Breitberg at 349-5689.

Novi Senior Citizens
At the meeting on November 25, several of the Senior Citizens who have returned from the trip to Grand Ole Opry reported a good time. They also enjoyed seeing "Mr. Roberts" at a theatre in the round in Lexington. The new loudspeaker that Helen Trahan and Hazel Mellon purchased was used to good advantage at the meeting. Plans were made for the next meeting to be held December 12 at the United Methodist Church on 10 Mile and everyone is asked to bring a \$2 exchange gift with it being marked man or woman.

North Novi Civic Association
The following special guests were present from the Novi Building Department at their recent meeting: Director of Building and Safety Earl Bailey, Fire Marshal Ed McBride, Plumbing Inspector Charles Stewart, Electrical Inspector Wayne Merriman and Building Inspectors Don Savon, Robert Bonkowski, and Phil Young. A very informative discussion was held with questions being presented by the audience. Other business included the setting up of a Social Activity committee to be headed by Dave Skender, and a Notification committee with Chairman Nina Ciot.

Lions Auxiliary
Final plans were made for the Holiday Arts and Craft show scheduled December 6 and 7 at the Novi Community Building. The traditional Lions candy canes will be on sale in time for Christmas gift giving. A bake sale with homemade items will be available. A big stuffed animal will be given away and Santa Claus will be a very special guest. Other forthcoming plans include the Auxiliary singing Christmas carols on December 15 at the Whitehall Convalescent Home on Grand River. December 1 is the reservation deadline for anyone planning to attend the New Year's Eve party, and

the can be called in to Jackie Lentz.

Novi Pin Pointers
Mystery game was won by Shirley Vincent. "Hi" bowlers were Audrey Blackburn with 182, Pat Crupi with 186, 194 in a 514 series. Sharon Icenogge had 197 in a 530 series and Edie Race a 205. Standings are as follows:

Wood Splitters	30 1/2	13 1/2
Four on the Floor	30	14
Novi Drug	27	17
Hi Low	26	18
Banana Splits	23 1/2	20 1/2
Kool Kats	23	21
Spirit of 76	23	21
Number One	21	23
Willie Kelly Co.	21	23
Windjammer	21	23
Weber Contractors	15 1/2	24 1/2
Alley Cats	16 1/2	27 1/2
Clovers	16	28
Sandbaggers	9	35 1/2
Willie Kelly Co.	21	23

VOICE
VOICE is proud to announce a repeat performance of our popular family Holiday Sing-a-long. This year's get-together will be December 4 outside Village Oaks School and will be led by Mr. Tim Daley and his guitar. Afterwards there will be hot chocolate and cookies inside the school. Watch for more information on this fun family event.

Tuesday, December 6 at 8 p.m., there will be the December VOICE Board meeting to be held at the Stahr residence. Interested parents are welcome. Call the school for more information.

Taft Hearing Set

Continued from Novi 1

The previous Novi Council met an impasse when it was unable to agree on a front foot figure which would be equitable for residents of that road.

Mrs. Stipp explained that it currently appears the city does not have enough money to subsidize either a \$10, \$12 or \$14 per front foot figure which had been discussed by the previous council. She noted that the city currently does not have enough Act 51 road monies available and that bonding cannot be for more than 50 percent of the cost of the project.

A road bonding question which had Taft Road as its top priority was defeated by a scant 30 votes in the November 4 election.

Mrs. Stipp told the council Monday that with an impending special election to fill the 24th District County Commissioner seat previously held by Lew Coy (see related story, Novi 1), the council could try once again to get a road bonding question approved.

She noted, however, the problem that the city would have to receive approval of the election date from the Election Scheduling Committee 45 days before the election. No date has been set yet for either the primary or special election but Mrs. Stipp indicated the city council, if it so wished, should be ready to approve a question when the election date is set by the county.

Korzhavin Appears

Russian poet, playwright and critic Naum Korzhavin will appear twice at Schoolcraft College on Thursday, December 4.

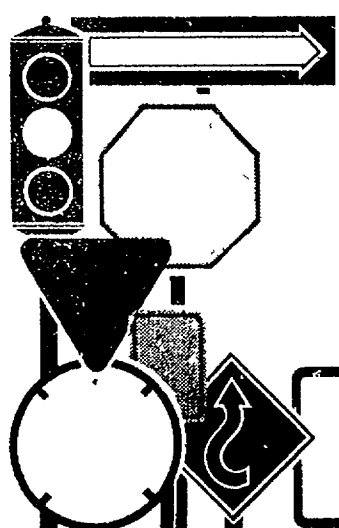

Korzhavin will lecture on Soviet culture at 2 p.m. and will read his poetry at 8 that evening.

Police Blotter

Wallets Taken at Stores

In Northville

Six thefts were reported to Northville City Police during the past week, three of them occurring at Northville Square.

Employees of Haig Shoes, Aquatic Gallery and Richard's Children's Wear reported wallets were stolen from purses left in the office areas of the three stores. All the wallets were later recovered but an undetermined amount of cash was missing.

Police are continuing their investigation into the incidents.

Last Wednesday evening, \$135 was stolen from a purse in the kitchen area of St. Paul's Lutheran Church.

Taken along with the cash was a wallet, savings book, driver's license and miscellaneous identification.

Unknown persons broke into a locker in the girls' gym area of Northville High School last Monday morning and took a total of \$67 from two purses.

According to reports, the purses were found in a nearby trash container but the money was missing.

A Sears quartz watch, valued at \$123, was stolen from a home on Canterbury. Owner of the watch told officers he believes it was taken during a party held at the home earlier this month.

Three destruction of property cases were reported to city police over the weekend.

Two men reportedly broke the front door window of Winners Circle Bar on West Main Street early Monday morning. The men began pounding on the door attempting to gain entry after they had been put out of the business.

On Saturday night, a thermopane window at Cloverdale Dairy was broken after a youth became upset when the telephone would not work. Witnesses said he kicked in the window.

And the same night, an unknown man kicked in and scratched the rear quarter panel of a 1974 Oldsmobile. The damage took place about 8 p.m. while the owner was driving on West Main Street west of Center Street.

In Novi

A 14 year-old Novi juvenile has been released to his parents pending a possible juvenile court hearing after he was arrested Saturday evening for his involvement in a breaking and entering which occurred in the 24000 area of Woodham in the Echo Valley subdivision.

According to detectives, residents at the home heard a noise in the bathroom at approximately 8 p.m. and found the youth coming in by way of a bathroom window. Detectives said that allegedly the youth had broken into the home earlier while the family was gone and

then was returning a second time. A revolver valued at \$150 which was allegedly taken in the first breaking and entering was recovered. The youth has been released to his parents. A second youth may have been involved and detectives are continuing to investigate.

Two Brighton men and one Hudsonville man ages 19-20 were arrested Monday night with close to a pound of suspected marijuana in their car after officers Gerald Pratt and Jack Grubb stopped a vehicle which was being driven erratically on Grand River west of Novi Road.

The subjects were subsequently arrested and were being held pending arraignment.

Multi Elmac Corporation, 22700 Heslip Drive was broken into November 18 and a safe broken open with a sledge hammer.

According to police reports, \$1,000 was taken from the safe as well as two calculators and two electric typewriters.

The detective bureau is investigating.

A \$70 Unisonic calculator was stolen November 18 from a student locker at Novi High.

The student reported the lock on the locker was not functioning correctly and could not be locked.

A total of \$312 worth of merchandise was taken November 19 from the Old Orchard Club House. Taken was a Bogan radio-amplifier, a General Electric radio, and \$12 cash. A sliding door wall was pried open to gain entry.

The detective bureau is investigating.

A 34 year-old Farmington man was arrested November 18 when Novi policeman John Zimmer on patrol spotted a van parked in the Speedway gas station, 14 Mile and Haggerty Road.

Zimmer discovered a hand pump and hose leading through a hole in the bottom of the van and into an underground gas tank. Fresh gas was spilling inside the van.

In Township

A car stolen last year in Louisiana was recovered Thursday night by Michigan State Police on a routine traffic stop in Northville Township.

Two men, one from Northville and one from Plymouth, will not be charged with receiving stolen property because the owner does not wish to prosecute, police said.

According to reports, officers stopped the vehicle on Northville Road at Six Mile for not having a license plate light.

A check of the license and vehicle identification number showed the 1974 Oldsmobile had been stolen in November of last year from Lafayette, Louisiana. Both men said they did not know the vehicle was stolen.

Break-in of an equipment

shed located at Hawthorn Center on Haggerty Road was reported last Wednesday.

A padlock had been cut to gain entry but nothing was stolen. A pack of burned matches was found inside the shed. Spokesmen for Hawthorn said the shed has been broken into numerous times during the past year.

Northville Township police investigated a weapons violation case last Tuesday evening on Lehigh Court after a woman reported she saw a teenager pointing a gun at her.

According to police, a 13-year-old girl was standing in a doorway and clicking the unloaded handgun. Investigating officers said the girl told them she was not pointing the weapon at the girl but at an object. She was turned over to her parents after questioning.

Ditch Caves In, Kills Workman

A 36-year-old construction worker from Walled Lake, Clifford Humble, was killed in Northville Friday morning when the walls of the ditch in which he was working collapsed, burying him.

Humble was taken to Boatsford Hospital where he was pronounced dead about 40 minutes later. The accident took place at 10:15 a.m. on Silver Springs Court just east of the viaduct off South Main Street.

City police officers said they freed his head and neck in about five minutes and it

In Wixom

The Wixom Bar, 49365 Pontiac Trail, was burglarized of \$700 worth of cash, personal checks, and \$100 in change Friday, November 21.

According to police reports, a screen window frame was ripped out to gain entry.

A 1971 Ford Mustang was stolen from the 48000 area of Hickory November 19. Value of the automobile was set at \$1,200.

A guitar, rifle and stereo pedal valued at \$357 were taken from a home in Maple North November 15.

A 1973 Mustang was taken from in front of an apartment in Maple North November 19. The car was found nearby with two cans of beer and four shotgun shells.

State Police Handle October Complaints

A total of 55 complaints were handled in Northville Township by Michigan State Police troopers during October.

A report recently released by Lieutenant William Tomczyk showed that cases included accidents, five; break-ins, two; drunken drivers, assaults, one each; walkaways from Northville State Hospital, 11; and miscellaneous, 24.

Lieutenant Tomczyk pointed out that the

miscellaneous complaints include incidents occurring at the Women's Division of Detroit House of Correction and escapes from the Women's Division.

Through October, a total of 737 cases were handled within the township by state troopers.

Included were accidents, 39; assaults, 20; thefts, 18; break-ins, 17; drunken drivers, 13; and armed robberies, two.

Continued from Novi, I

Dr. Kratz replied that he felt

Novi Sets Meeting

Continued from Novi, I

not taken care of residents are directed to call the city administration and ask for HARC.

According to a flyer on HARC, "The City of Novi will implement complaint forms at the departmental level and also at the HARC post to insure that complaints receive resolution. Each complaint will have a number that will exist in the central file and remain as an active complaint until it has been taken care of."

"HARC will refer problems to the proper department for resolution and if there can be no resolution at this level, the matter will be automatically referred to the city manager. If necessary, the manager can then take the matter to the city council."

"The problem we've had over the last two years is that people don't call the DPW, the Building Department or the Police Department," stated Goodman. "They call the city manager."

The city administration indicated that with the December tax bills would be included a notice of the Town Hall meeting for January 12 as well as information about HARC and telephone numbers for all departments on a list which could be placed next to the telephone.

discipline would not suffer. "I don't think it will affect discipline on the playgrounds one bit," stated Dr. Kratz, who pointed out that he has discussed the situation with school employees and explained ways the schools could come up with additional people at crucial times to beef up the playground crew.

Dr. Kratz said that cutting the noon aid hours "is a lot easier than pink slipping all probationary teachers and going in a direction I don't like at all."

He also pointed out that all contingency funds have been eliminated. "We're saying Mr. and Mrs. teachers and Mr. and Mrs. Principal, you don't have more money than we said you had."

Board also agreed that rather than cut off all field trips for this year that have not already received approval because the request would not yet normally have come in that the cut in field trips would not come until the next school year.

In a related matter, the school board went on record opposing the original proposal by the governor for cuts in general state aid and certain categorical aids.

The board resolution suggested "that all reductions deemed necessary be applied by utilizing an equal percentage reduction in all

categorical sections of the State Aid Act and... that a moratorium be approved on the application and enforcement of rules and regulations relating to all categorical sections to allow local districts to make local decisions to accommodate budget reductions without incurring legal or financial penalties"

Cycle Races Saturday

About 150 professional motorcycle riders will compete in an indoor race at the Michigan State Fairgrounds, this Saturday night.

Featured in the event is Rex Beauchamp, who at 25 years of age is a six year veteran of the American Motorcycle Association National Championship Camel Pro Tour.

Beauchamp has three national championship victories to his credit.

Many of the top riders at the event, including Beauchamp, Jay Springsteen, and Ted Boody, Jr., are veterans of Team Michigan at Northville Downs.

Doors at the Michigan State Fairgrounds open at 6:00 p.m. for time trials. Races are at 8:00 p.m.

Novi Businessmen Adopt Pup

Continued from Novi, I

Tramp keeps a wary distance and so far has managed to stay away from the snares of the Humane Society and the Novi Community Service Bureau, as well as not getting hit by any cars despite the fact she crosses Grand River several times each day. If Tramp ever is caught by the Humane Society, Miss Clement has asked that the pup be given back to the employees at NBD or one of the other businesses so Tramp can have a good home.

Sam Battiat, owner of the Novi Party Store, feels the same way. "It's just like the

dog is waiting for someone to pick him up. He's not afraid of you. He just doesn't want you touching him."

With winter weather coming up, Tom Karalash, an employee of Michigan Tractor who has grown fond of Tramp, built an insulated dog house, complete with a window, which is located at NBD in hopes that Tramp will at least have shelter from the cold. Nancy James of Novi Auto supplied the roofing.

"We're all very attached to her," Miss Clement with the proverbial twinkle in her eye. "If we could get close to her, she'd have a home 10 times over."

Northville City Council Minutes From the Bookshelf

November 10, 1975
Mayor Allen called the meeting to order at 8:00 p.m.
ROLL CALL: Present: Allen, Biery, Folino, Nichols, Vernon

SWEARING IN OF NEWLY ELECTED COUNCILMEN: Mayor advised of Charter's requirements for regular meeting following a City election, and introduced Judge Dunbar Davis.

Judge Davis commented on the motives of good citizens seeking public office. He then administered the oath of office to Councilman elect Stanley Johnston, Councilman Paul Vernon and Mayor A. Malcolm Allen.

The Council congratulated the newly elected members and thanked Councilman Biery.

ELECTION OF MAYOR PRO TEM: Mayor advised Charter calls for electing Mayor Pro Tem.

Motion by Mayor Allen supported by Councilman Johnston to nominate Paul Vernon as Mayor Pro Tem.

Carried unanimously.
LIQUOR LICENSE EXTENSION FOR BOWLING ALLEY: City Attorney reported that the Liquor Control Commission will not accept nor enforce local conditions as part of local recommendations on license approvals. However, a local condition could be applied by the Council and enforced by local inspection and future Council action on license renewals.

Motion by Councilman Nichols that the extension of the liquor license to the lounge area at the Northville Cocktail Lounge (Northville Lanes) 132 S. Main St., be approved.

Carried unanimously.
City Attorney and City Manager were directed to draft an agreement between City and Northville Lanes concerning limiting liquor on the lounge area to avoid it when youth might be present, for Council to consider.

BOARD OF ZONING APPEALS VACANCY: Motion by Councilman Vernon supported by Councilman Folino to appoint John Hinman to the Zoning Board of Appeals.

Carried unanimously.
Letter from Mr. and Mrs. Bush indicating a decision not to exchange fence line easements was ordered filed. There being no further business, Mayor Allen adjourned the meeting at 8:25 p.m.

Respectfully submitted,
Steven L. Walters

November 3, 1975
Mayor Allen called the meeting to order at 8:00 p.m.
ROLL CALL: Present: Allen, Biery, Folino, Nichols, Vernon

MINUTES OF PREVIOUS MEETING: Minutes of the October 20th meeting were approved as submitted.

MINUTES OF BOARDS & COMMISSIONS: Minutes of the Planning Commission of October 7th and the Zoning Board of Appeals of September 3rd were received and placed on file.

APPROVAL OF BILLS: City Manager to provide a breakdown on General check No. 2745 for Councilman Folino, in reference to a bill for the sign at Griswold and E. Main, Councilman Vernon asked Council if they would approve of a similar one at 8 Mile and Center, and Council OK'd it. The Beautification Commission will reassume the responsibility for this project.

Motion by Councilman Vernon supported by Councilman Nichols to approve the bills as submitted.

Equipment Fund \$ 4,120.81
General Fund 65,336.63
Local Street Fund 3,645.89
Major Street Fund 3,645.75
Payroll Fund 3,503.16
Public Improvement Fund 3,746.14
Recreation Fund 4,186.99
Sewer and Water Fund 9,706.75
Trust and Agency Fund 15,579.21
Carried unanimously.

COMMUNICATIONS: Request from the Historical Society to erect two banners over Main and Center Streets from the market of November to advertise the Tivoli Fair.

Motion by Councilman Folino supported by Councilman Vernon to approve the erection of the banners for the Tivoli Fair.

Carried unanimously.
Request from the March of Dimes to conduct their annual drive in January and February and the Mother's March January 22-26th.

Motion by Councilman Folino supported by Councilman Biery to approve the annual March of Dimes drive.

Carried unanimously.
Notice of rate hearing from Detroit Edison.

Letters from Four Seasons Gift Shop and Del's Shoes outlining vandalism problems. These will be discussed next meeting in connection with the liquor license transfer at 157 E. Main.

COMMUNICATIONS FROM CITIZENS. None.

PUBLIC HEARING FOR REZONING OF LOT 636

Mayor Allen opened the public hearing on the rezoning of Lot 636, Assessors Northville Plat No. 6, from R1-B to R-A. City Attorney summarized the notice as it appeared in the Record.

There being no comments, the public hearing was closed.
Motion by Councilman Folino supported by Councilman Biery to approve the rezoning of Lot 636, Assessors' Plat No. 6, from R1-B to R-A.

Carried unanimously.
LIQUOR LICENSE FOR BOWLING ALLEY 132 S. CENTER: A spokesman from Northville Lanes was present to discuss their request for a special permit liquor license for the lounge area of Northville Lanes. He explained that business has dropped off because most leagues want to bowl where alcohol can be brought out to the lanes. The lounge area was defined as that area outside of the lounge, extending to the lanes. There have not been any problems enforcing the current regulations.

Councilman Vernon expressed concern over the fact that children use the lanes and asked if the drinks can be restricted to the lounge during the day and the lounge can be included during the evenings.

City Attorney to check with the Liquor Control Commission on setting conditions on the license. The proprietor said he would cooperate completely with such a restriction. This will be on the next agenda.

HIGH SCHOOL BAND SALE: Letter from the Northville Band Parents Club requesting permission to sell pumpkin bread and candles on November 23rd in the parking lot next to the insurance building on Main, and in December in the various parking lots.

Motion by Councilman Folino supported by Councilman Biery to allow the Northville Band Parents Club to sell their pumpkin bread and candles on November 23rd and in December in the various parking lots.

Motion by Councilman Folino supported by Councilman Biery to allow the Northville High School band students to sell pumpkin bread and candles on November 12th and Sundays in December, limited to a display area of one space next to the Northville Insurance Agency.

Motion and support withdrawn.
Motion by Councilman Folino to allow the Northville High School band students to sell pumpkin bread and candles on November 12th and Sundays in December, limited to a display area of one space next to the Northville Insurance Agency.

Motion and support withdrawn.
Motion by Councilman Folino to allow the Northville High School band students to sell pumpkin bread and candles on November 12th and Sundays in December, limited to a display area of one space next to the Northville Insurance Agency.

Motion and support withdrawn.
Motion by Councilman Folino to allow the Northville High School band students to sell pumpkin bread and candles on November 12th and Sundays in December, limited to a display area of one space next to the Northville Insurance Agency.

Insurance Agency with permission to sell anywhere.

Motion withdrawn.

Motion by Councilman Folino supported by Councilman Biery to approve the Northville High School Band Students request as per the letter of October 29th, subject to final approval of the City Manager.

Carried unanimously.
SEMOG GENERAL ASSEMBLY: Notice of SEMOG General Assembly November 6th. City Manager and Councilman Folino to attend.

PARK PLACE NAME CHANGE: Memo from Councilman Vernon recommending Council consider changing the name of Park Place to E. Cady St. to avoid confusion in finding Cady St. from S. Main St.

Motion by Councilman Vernon supported by Councilman Nichols to approve for publication the proposed street name change for Park Place and set public hearing for November 24th.

Carried unanimously.
HB 5527: City Attorney reported on HB 5527, which proposes to establish a planning and development agency in replacement of SEMOG.

Motion by Councilman Vernon supported by Councilman Nichols to adopt a resolution opposing HB 5527 with copies sent to legislators and the Michigan Municipal League and the originators of the bill.

Carried unanimously.
WASTEWATER CONTROL DISTRICT RESOLUTION: City Manager reported on the resolution which would designate the Wayne County Board of Public Works as the applicant for the Wastewater Control District. The County will be holding a meeting November 12th to decide which agency will be the applicant. Action was deferred to the November 24th meeting.

HISTORICAL DISTRICT REBARRIER FREE DESIGN LAW: Memo from City Manager regarding a conflict between the Historical District Ordinance and the State Barrier Free Design Law, which affects the Bedspread Place Council to study this and make a decision on what action to take within the month.

SIGN ORDINANCE: Memo from City Manager on Sign Ordinance revisions regarding Real Estate Open House signs, and Commercial Wall Signs. This will be referred to the Planning Commission and Historical Commission.

BASE PAVING OF CADY ST. LOT: Two quotations were received on

paving the lot on Cady St. east of the parking deck: Bickes, \$2,600 and Howell Construction, \$2,925.

Motion by Councilman Folino supported by Councilman Vernon to accept the low quotation of \$2,600 from Bickes for the paving of the Cady St. lot.

Carried unanimously.
RADAR UNIT: Memo from Captain Westfall regarding service and opinions of those agencies who have used the Movar radar unit. This will be brought back next meeting after the company is investigated more thoroughly.

DPW CLERK: Memo recommending the City establish a full time clerk's position for the Department of Public Works was discussed.

Motion by Councilman Vernon supported by Councilman Nichols to establish a full-time DPW Clerk position as recommended.

Carried unanimously.
Motion by Councilman Folino supported by Councilman Vernon to appropriate funds of \$2,300, to the Police Dept., and \$7,000 to DPW Administration to fund for remainder of fiscal year 1975-76.

Carried unanimously.
WATER & SEWER RATES: Water and sewer rate increase approaches were discussed.

Motion by Councilman Nichols supported by Councilman Vernon to approve for publication amendments to Sections 7-306, 7-313, 7-318, 7-323 and 7-402 of the City Code of Ordinances and set public hearing for November 24th.

Carried unanimously.
APPOINTMENTS: Councilman Vernon recommended John Hinman to replace Sid Frid on the Zoning Board of Appeals. The Board will be polled on their choices and this will be taken up at the November 20th meeting.

MISCELLANEOUS: Councilman Folino mentioned the "Bicentennial Community Signs" going up in other communities. This was referred to the Bicentennial Committee.

Councilman Vernon asked City Manager to notify property owners of the Drainage Board meeting on November 19th regarding the Randolph Drain.

There being no further business, Mayor Allen adjourned the meeting at 10:40 p.m.

Respectfully submitted,
Patricia Rajda

New books available in the public library this week are:

IN NOVI ADULT READING

"The Persian Prince," Evelyn Anthony; An atmospheric, suspenseful, fast-moving story that travels the world, from London to Teheran and then the Riviera where the heroine is a hostage.

"Ragtime," E.L. Doctorow; Set in America at the beginning of this century, the characters are three remarkable families whose lives become entwined with those of Henry Ford, Harry Houdini, J.P. Morgan, Theodore Dreiser, Sigmund Freud and Emiliano Zapata.

"Dear Once," Zaida Popkin; We meet four generations of an immigrant Jewish family that arrived at Ellis Island in 1899, exiles from a Russian-Lithuanian village. This is a warm, engaging family story that will please readers looking for heartfelt stories of family life — marriages, births, deaths and loves.

ADULT NON-FICTION

"The Practical Parent," Raymond J. Corsini; For normal parents with normal children with normal problems. Based on the psychological theories of Alfred Adler, this book gives parents who are having difficulty handling their children both general and specific advice on how to deal with uncooperative behavior, picky eating, thumb-sucking, bickering and resisting bedtime.

"Twelfth Antiques and Their Current Prices," Edwin G. Warman; A check list and guide of comparative prices for antique dealers and collectors. 1975 issue.

"Great Trains of North America," P.B. Whitehouse; Traces the history of the great trains and railroads from their beginnings to the present and looks at the possibilities for the future. Many illustrations in color.

"Tie-Dyeing and Batik," Mary Frame; Complete step-by-step instructions on how to tie-dye and batik. There are full instructions for 26 designs, including clothes, accessories and articles for the home.

IN NORTHVILLE ADULT FICTION

"The Place of Stones," Constance Heaven; Emma is torn between her loyalty to her father and her love for a young Frenchman.

"Highland Fling," May Mackintosh; An antique dealer learns the key to a series of murders may be a recently stolen antique doll house.

"Done to Death," Sara Woods; Anthony Matland asks his wife to investigate some poison pen letters which

lead to gossip and murder.

ADULT NON-FICTION

"Dog Days at the White House," Traphes Bryant; Memoirs of the Presidential kennel keeper.

"The Life of Mary Cassatt," Nancy Hale; Biography of the only American painter ever to be accepted by the French Impressionist group.

"Baseball when the Grass Was Real," Donald Honig; from the 20's to the 40's, told by men who played it.

JUVENILE READING

"The Way It Was — 1876," Suzanne Hilton; Life in the U.S. during the Centennial celebration.

"102 Questions and Answers about the Sea," Peter Richard Limburg; Reveals some of the characteristics of the ocean and its inhabitants through answers to frequently asked questions including icebergs, largest fish and height of waves.

"The Stonecutter," Gerald McDermott; A Japanese folk tale. Not even the mightiest mountain is immune to a determined stonecutter.

"Careers in Aviation in the Sky and on the Ground," Bob McGonagle; describes jobs in the field of aviation from air traffic controllers and maintenance personnel to pilots and weather specialists.

"Mussolini's March on Rome," Jerre Gerlando Mangione; Traces Mussolini's life and the events leading up to his rise to power in Italy during the 1920's.

"Women Who Win," Francene Sabin; Brief biographies emphasizing the athletic achievements of such women as Billy Jean King, Cathy Rigby, Micki King, Cheryl Toussaint and others.

"How Democracy Failed," Ellen E. Switzer; Analysis of interviews with various German people about national

events and attitudes preceding World War II reveal why Hitler succeeded and the personal reasons Germans allowed him to come to power.

"Ginnie and Geneva Cookbook," Catherine Woolley; Collection of 50 recipes of dishes that are referred to in the author's Ginnie books.

Movies End

On Saturday

Charlie Chaplin, Marie Dressler and the Keystone Cops starring in "Tillie's Punctured Romance" will culminate the Old Time Movie series on Saturday, November 29.

Sponsored by the Northville Public Library, the film will be shown free of charge in the community room on the upper level of the Northville Square.

Showtime is 2 p.m. and the film runs for one-hour and 20 minutes.

Library Closes

Thanksgiving

The Northville Public Library will be closed Thursday, November 27, in observance of Thanksgiving Day.

The library will be open for business as usual on Friday, November 28.

THIS NOTICE is given by order of the City Council of the City of Novi, Oakland County, Michigan.

Geraldine Stipp,
City Clerk

Township Board Minutes

Minutes of the Northville Township Board regular meeting, November 13, 1975, 10300 Sheldon Road, Northville, MI 48167

The meeting was called to order by Supervisor Lennox, at 8 p.m.

Present: Betty Lennox, Supervisor, Clarice Saxe, Clerk, Charles Rosenberg, Treasurer, John MacDonald, Trustees, John Swienkowski, Trustee, James Nowka, Trustee, Richard Mitchell, Trustee, William Mosher, Engineer, Ron Nisun, Chief of Police.

Approval of the minutes of the regular meeting, October 9, 1975.

Approval of the minutes of the special meeting, October 27, 1975.

Mrs. Lennox added to Item 7 New Business under B. Request from Northville Public Schools to split school tax collection stating that a letter was written to Mr. Steve Walters regarding cost for collection of summer taxes.

Mrs. Lennox said that the estimated total cost to the Township would be \$2,680. Minutes of both meetings stand approved.

3 BILLS PAYABLE: Moved and supported to accept the bills payable through November 13.

4 ACCEPTANCE OF OTHER MINUTES AND REPORTS: a. Receipts for October 1975. b. Clerk's report for October, 1975. c. Treasurer's report for October 1975. d. Water & Sewer financial report October 1975-Water & Sewer semi annual report, Water & Sewer Regular Meeting October 8, Planning Commission, Special Meeting October

15, Building Department Report, October, Police Dept. Report, Recreation Department Report, Library Advisory Commission Meeting October 13, 1975

Moved and supported to accept minutes and reports.

5 CORRESPONDENCE: Letter from J. D. McLaren, Supervisor of Plymouth Township concerning withdrawal of Northville Township from suit against Wayne County Board of Commissioners regarding Sheriff's Patrol.

Moved and supported to receive and file.

6 OLD BUSINESS: a. Attorney status on Boundary Commission Suit.

Moved and supported not to pursue any further action of the Township Attorney on behalf of the Boundary Commission in the pending lawsuit.

b. Parental Responsibility Act.

Moved and supported to receive and file.

c. Adopt Resolution amending Resolution 7477 (PND FEES) establishing new Fees.

Moved and supported to return to the Planning Commission for further review.

d. Request from Mr. Ray Spear to reconsider summer tax collection.

Moved and supported to table this item until the next regular meeting to allow Mr. Spear to answer some of the questions brought up at this meeting and to permit the Treasurer to review the principal mortgage holders in the Township and to contact them on their

views on the impact on the taxpayers if such a split is allowed.

Mr. Spear said he would find out the following:

1. Interest made on loan investment money year 2.

2. School district could make on summer tax collections if only a portion is received. 3. Kind of interest received if all three municipalities agree.

4. Cabaret Licenses (Tabled at the October 9, 1975 meeting)

Moved and supported to have the Township Attorney work with the Building Department and the Police Chief's group on ordinance to present to the Township Board.

5. Proposed Ordinance on fencing of lakes on Northville Township.

Moved and supported to have Mr. Morgan draft an ordinance for fencing undeveloped lakes and gravel pits in the Northville Township.

6. School crossing safety at Meads Mill (Tabled at the October 9 meeting)

Mr. Harris of the Wayne County Road Commission, Mr. Spear met to discuss the problem. One sign would be relocated, flashing lights were not needed, a suggestion is being made to the State Police for a 25 mph speed limit survey be made. It will take 4 to 6 weeks before the information is received.

Moved and supported to receive and file the Supervisor report on school crossing.

7 NEW BUSINESS: a. Chief Nisun regarding New Police Car Equipment.

Moved and supported the purchase of two decals for the two police cars that are on order at a cost of \$53.90 each.

Moved and supported to authorize payment of \$73.90 per car, for the installation of equipment from the old police cars to the new ones. This is to be done by the chief on his own time.

Moved and supported the purchase of a pager at a cost of \$250.00.

Computer Program: Mr. Nisun reported that the cost of this program has risen from 4.8 cents per transaction to 10 cents. It was felt that the Chief could minimize the reports given to the Township Board. The board agreed that Chief Nisun could keep the cost at a minimum by using the computer system for Uniform Crime Reports, fulfilling the State and Federal requirements.

Moved and supported that the Township Board commend and congratulate Chief Nisun for being elected Vice President of the Wayne County Chief of Police Association.

b. Northville Township Police Officers Association.

Moved and supported to move Item 7 (b) to the end of the agenda.

c. Community Development Block Grant.

The Community Development Block Grant involved the City of Northville and the application for senior citizen housing. However the grant was for the purchase of land. The two communities would like to change the use of the grant, possibly for recreation. Moved and supported that the Block Grant Program should be investigated further.

d. Township Budget Deficit

Moved and supported that the item be removed from New Business.

e. Status of property deed to Township. Mrs. Lennox explained that the deed was to April, 1977. She requested that the deed line be extended but as yet has received no response. Mr. Mitchell felt that the feasibility of a fire station could be pointed out to Thompson Brown. Moved and supported to table this item to the next regular meeting.

f. Revision of Land Fill Ordinance and Fees.

Moved and supported to table this item.

Great Salem Wreck

'... The deafening roar as the two engines came together, the crashing of splintering timbers, the hiss of steam, contributed to make a scene of indescribable horror'

Patriarch of a black family that has inhabited Salem since prior to the Civil War, Victor Lewis was hot and tired and 26 in 1907 when his matched team of horses pulled into the saw mill standing at the west edge of the railroad tracks.

He knew instantly something was wrong by the absence of men who normally would be busy about the yard. Someone confirmed his suspicion by shouting, "There's been a train wreck on the Van Sickle place."

Over on the Floyd Smith farm, located south of Six Mile several blocks from the saw mill, Frank Lewis, Victor's young brother, also heard about the accident.

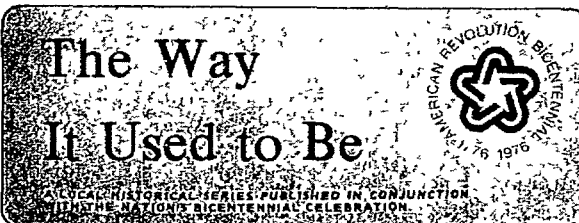

"We dropped everything and highailed it over there," remembered Frank, who in 1907 was 15 years old.

As soon as Victor had put the horses in the barn and fed and watered them, he too "footed it down the tracks," crossing Six Mile Road near the heart of Salem where the Donald Ridderings now live, and then "ran nearly the whole distance, maybe a mile or two," to the site of one of the nation's worst railroad disasters.

What the Lewis boys saw that day in 1907 would be forever etched in their memories. At 94 and 83 respectively, Victor and Frank Lewis today still find the place mentally devastating as they wander back in time. They may be the last living residents of the area who saw the results of the Great Salem Wreck that killed 33 people and injured scores of others on that warm morning of July 20, 1907.

As great as the disaster was and as widely publicized as it became, the so-called Great

Salem Wreck didn't occur in Salem at all but rather in Northville Township — perhaps a quarter mile east of Napier Road on a spot where the track today curves through the Detroit House of Correction property as it zips

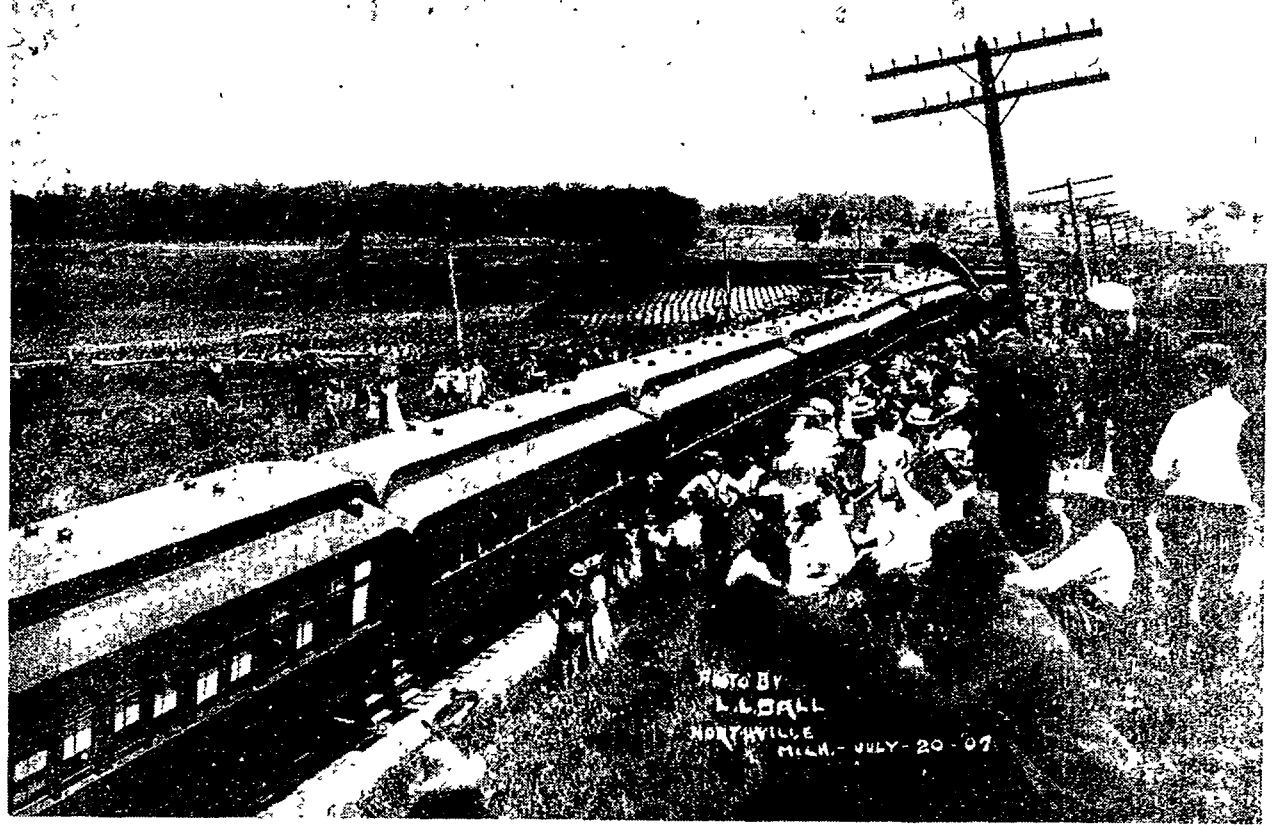

southeast toward the Five Mile crossing near Ridge Road.

Resident on the farm property for some 20 years, managing it for DeHoCo, Herb Bissa was unaware of the accident much less the fact that it occurred on his place.

He's not alone. Hundreds of golfers cross the track within sight of the accident scene enroute to the nearby Brae-Burn Golf Club and few, if any, are aware that one of the nation's worst disasters occurred here.

Earlier this month, Victor and Frank Lewis waited for a giant diesel and its string of boxcars to pass and then walked slowly to the edge of Napier Road, pointed down the track to the "cut" through a 20-foot high hill and agreed, "There, that's the place. It looks about like it did that day in 1907."

A local newspaper account of the tragedy began this way: "Rushing down the steep grade four miles west of Plymouth shortly after 9 o'clock Saturday morning, a special

Spectators and survivors wait on the hillside as rescuers probe the train wreckage below

Photo courtesy of Edmund Yerkes

Pere Marquette passenger train, consisting of ten coaches and a baggage car, filled with employees of the road from Ionia, and friends, crashed into a westbound local freight, piling the trains up in a hopeless mass.

"The wreck snuffed out the lives of 31 persons (33 eventually perished) and seriously injured about 100 others. Six coaches and a baggage car were smashed to splinters....

"Where the trains met is a cut some 20 feet deep. Never was a more thorough job done in the way of demolishing rolling stock, and the wonder is that any of those in the six coaches shattered, some of them to unrecognizable masses of debris, managed to escape instant death.

"Penned in like rats in a trap, without a chance to save themselves, the occupants of the coaches were thrown hither and thither. In the twinkling of an eye, the trainload of happy excursionists were conveyed into a horrible morgue. The deafening roar as the two engines came together, the crashing of splintering timbers, the hiss of steam, contributed to make a scene of indescribable horror."

Dr. Thomas Henry of Northville was the first physician to arrive on the scene, according to his nurse, the late Mrs. William Parks. Recalling that July day in 1907, Mrs. Parks said a few years ago that "Dr. Tom had driven his old car" the four miles to the scene. It was slow going, however, and "people walking got there as fast as he did," she said. "His supplies were exhausted in 10 minutes. People streamed across the cornfield, bringing sheets, pillow cases, shirts, and anything that might be used for bandages."

By the time Victor Lewis jogged into sight of the wreckage the accident was already several hours old. Even so, the young black man was stunned by what he saw. "I couldn't believe it; pieces of the train and the bodies were everywhere. They had the dead and dying lined up along the fence, several hundred feet long. I stood on the hill and watched; there wasn't anything else I could do."

Frank Lewis figures it was shortly before noon when he arrived. The accident occurred about 9:15 a.m. "They were searching in the wrecked cars for people. Those cars were made of wood, and they were crumbled like match sticks. I saw bodies without arms, without legs, even without torsos. One of the doctors dug around in the smashed cars holding an arm like it was a stick or something. I don't think he knew he was carrying it.

"When my mother showed up right after the crash they tore off her dress for bandages. They used everything they could get their

hands on. A lot of ladies went away from there blushing.

"I went home for dinner, but came back afterwards to watch into the night. Towards the end there was a fire; I think they set it afire to get rid of the trash. One of the rescuers was killed while working inside the wreckage. They had a terrible time getting the rescue train close enough so they could load up the injured.

The relief train, remembered Mrs. Parks; was fired up by her brother-in-law, Lee Passage. It brought in help from Detroit.

Near the scene of the wreckage was an orchard, and there they placed the injured to shade them from the hot sun. Part of that orchard still stands today.

Upon hearing of the accident, Ionia relatives of the victims tried reaching the scene by special train only to be delayed for quite some time in South Lyon where they were forced to wait until the train carrying the dead had passed on its way to Ionia.

A day after the crash, workmen were still busy clearing the wreckage.

An inquest was ordered almost immediately. The trial, which lasted several days, was held in the Princess Rink, a large-frame building that used to stand behind the Main Street stores in downtown Northville. The place was packed daily. Reporters from throughout the Midwest were present.

Among those who managed to squeeze into the rink to watch the proceedings was Charles Hutton of Walled Lake, then just a tiny boy who could not comprehend the meaning of the trial.

"I remember someone shouting and it seemed to be directed mostly at one man. I felt sorry for him. I don't remember much else except that the place was jammed with spectators, and it was awfully hot inside."

Although the jury eventually placed blame on a number of different people and on the railroad itself, it concluded basically that the crew of the freight train had misread their orders because they were so badly scribbled. They thought they could get to the Salem siding well before the passenger train was due.

Despite the fact that the jury found various men partly responsible for the tragedy, none was ever prosecuted, and within a month after the crash their names had disappeared from the pages of the nation's newspapers as did further reference to the crash itself. It did not, however, disappear from the memories of those who saw the carnage.

"You don't forget something like that," according to Salem's oldest residents, the Lewis brothers. "It's with you forever."

Victor (left) and Frank Lewis revisited the crash site recently. That's the 'cut' where the two engines collided off in the distance of this picture.

ORDER REPRODUCTIONS

Bound reproductions of this series of 12 recollections from local history will be offered for sale for a limited time. Each of the twelve pages will be reprinted full-size on fine quality paper and bound in an attractive cover. The series will make a fine Bicentennial gift, or a lasting keepsake. Please place your orders now. None will be taken after May 15, 1976. Orders will be completed in June, 1976. Price of the reproductions is \$4, or three for \$10. All orders must be paid in advance and reproductions picked up at our printing offices, 560 South Main Street, Northville. For mail orders, add \$1.00 for handling and postage per order.

I'd like to place my order for bound reproductions of "The Way It Used To Be". My check for \$..... is enclosed. I understand that the reproductions will be printed next May (1976) and that I will be notified when I may pick them up at 560 South Main Street, Northville. (Add \$1.00 per order for postage if order is to be mailed).

Wixom Newsbeat

Goodfellow Sale's Coming Soon

BY NANCY DINGELDEY

It all started back in 1958. That was the year that the Wixom Goodfellows were "born"...and they have been helping less fortunate Wixom neighbors ever since.

The Goodfellows are always around but usually their good acts are not tooed nor do they receive much recognition except during the holiday season. Then they brave chilling winds, cold feet and frozen hands by standing on street corners, selling newspapers with the dimes and dollars earned immediately turned into baskets of food, clothing, shoes or boots for families beset by difficulties.

Who are the Goodfellows? Way back in '58 it was William Welke. he was Justice of the Peace at the time, Frank Jazdzinski was the Chief of Police, Fred Beamish was a councilman and Bob Trombley. They were the

original board of directors. Since then the ranks have swelled with Edwoud Grubb, Ozzie Simmons, Louie Weeks, George Tuorin and Bruno Aro becoming a part of the "good guys". Others are Paul Salo, Barry Westervelt, John Miner, Howard Cunningham, George Johns, Henry Mack, Russ Wahapaki and Roy Boman. Along with the "Good guys" are the "good gals". The men insist the Goodfellows would have gone down the drain long ago if it hadn't been for Lillian Byrd, Lottie Chambers, Betty Taylor, Mary Paryu, Hilda Furmen, Elna Salo and Lillian Spencer. That's just to name a few of the helping hands around town.

The annual Goodfellow paper sale 'throughout the neighborhoods of the City and on the street corners will be conducted on December 13, 14 and 15. But inflation has hit this group too. Last year 13 families had a much happier

Christmas due to the efforts of the group and more are being added to the list this year. With the treasury balance and the newspaper sale, the Goodfellows realized it was going to be difficult to make ends meet.

So, to really make sure they can continue to be the bearers of good things, the newspaper sale will be coupled with a "basket of cheer" sale this year. The goal is to raise at least \$1,000.

There's always a Goodfellow around...that basket of cheer could be yours...and at the same time you'll know you are really helping someone in your own backyard.

A toast to the Goodfellows and the gals...they all wear white hats! May their goals be reached and may the warmth and cheer they bring spread to all parts of the City.

Remember Goodfellow Week...it starts December 13. The basket of cheer will be

given away December 19.

It's the time of year again...when turkey day is off overlooked...and its meaning lost in the glitter that means the beginning of the hectic but beautiful Christmas season. Thanksgiving...a day loaded with calories, stacks of dirty dishes and the gathering of families. It hardly seems possible that a year could disappear into the past so quickly. It's certainly been a year of higher prices and a struggle, in many cases, to make it from one month to the next. But then, there are so many things we can be thankful for...a good and perfect opportunity to reflect.

So, another toast...this time to the turkey and all the trimmings with a little added emphasis on what it's all about. May yours be a super happy and thankful occasion.

The Farmington Hills Chapter of the Sweet Adelines of which Ogie Pilo and Elna Salo are members are

presenting an evening of "Christmas Around the World". It's an evening devoted to dancing, good food and excellent entertainment. Anytime a group of "barbershoppers" gets together, there's bound to be good harmony promising just a super good evening.

It's one of the first nights scheduled in the holiday month...Friday, December 5 at the Rosedale Community Center in Detroit, beginning at 8 p.m. There will be dancing to a live band, a "midnight" buffet, doorprizes and song. Beer and set-ups will be provided...for additional spirit, bring your own.

Contact Ogie Pilo at 624-1928 or Elna Salo at 624-1991 for tickets which are \$7 per person. No tickets will be available at the door.

And if the highways take you to family gatherings for Thanksgiving, make it a safe trip!

—Area Obituaries—

DEWEY BAKER

Services were held earlier this month for Dewey Baker of Jackson Street in Novi who died November 3 in St. Mary hospital at the age of 74.

Born December 28, 1900, in the Netherlands, he was the son of Peter and Gertrude (Van Hoften) Baker. A resident of Novi for the past five years, Mr. Baker was retired, having worked as a foreman for Michigan Consolidated Gas Company. Surviving are his widow,

Lembi, whom he married on October 10, 1958, a daughter, Mrs. Frederick (Lois) Gruhler, a sister, Mrs. Ida Baker and a granddaughter, Amy.

Funeral services were held November 6 at the Harry J. Will Funeral Home in Livonia where the Reverend Gerald Fisher officiated. Burial was in Forest Lawn Cemetery.

SIOBHAN HALDANE
SEAN HALDANE

Private funeral services were held Monday for Siobhan Patricia and Sean Patrick Haldane, twin infant children of Mr. and Mrs. John C. Haldane, who died last week in Sinai Hospital in Detroit.

Born prematurely on November 18, Sean died one day later and Siobhan died two days later.

Surviving are their parents, John Caldwell and Judith Patricia (Rubin) Haldane, a sister, Maureen, and a brother, Brendan. Also surviving are great-grandmothers Sophia Sullivan of Grosse Pointe, Emily Gill of Plymouth, and grandparents, the John C. Haldanes of Sterling Heights and the George Rubleins of Winona, Minnesota.

Services were held at the Casterline Funeral Home where the Reverend Father Gerard Hadad of Our Lady of Victory Catholic Church officiated. Burial was in Holy Sepulchre Cemetery, Southfield.

ALEX JOHNSON

Services were held Tuesday for Alex E. Johnson of Novi who died Friday, November 21, in Pontiac General Hospital following a car accident. He was 65.

A resident of Novi since 1965, Mr. Johnson was born October 5, 1910, in Sault Ste. Marie, the son of Charles W. and Hilma (Uitto) Johnson. A retired machinist, he was owner and operator of Alson Research Company in Novi.

Surviving are a daughter, Barbara Jo Johnson at home, two sisters, Mrs. Hilda J. Hunt of Sault Ste. Marie, Mrs. Selma Dufina of Mackinac Island, and five brothers, Karl E. of Wayne, Wayne V., Ivan O., Toivo J., all of Sault Ste. Marie, and Robert G. of Livonia. One brother and one sister preceded him in death.

Services were held at the Ross B. Northrop and Son Funeral Home where the Reverend Lloyd G. Brasure of the First Presbyterian Church officiated. Burial was in Oakland Hills Cemetery, Novi.

DR. DENNIS LACH

Private funeral services were held last week in Walsenburg, Colorado, for Dr. Dennis Paul Lach - who formerly worked at Northville State Hospital. Dr. Lach was found dead in his Plymouth Township home on November 12.

Born April 19, 1917, in Czechoslovakia, he was christened Zednek Lach but took the name Dennis Paul Lach when he moved to the United States.

From 1957 to 1967, he worked at Northville State Hospital and spent the past six years working at Wayne County General Hospital.

Surviving are a daughter in Europe, one grandson, an aunt, Mrs. Bessie Echler in Walsenburg, and several cousins.

ROSE MILLER

Funeral services were held Monday for Rose Isabell Miller of Jamestown Circle who died Thursday, November 20, at Hope Care Convalescent Center in Westland at the age of 85.

Born October 30, 1890, in Bay City, she was the daughter of George and Celia Angers. Her husband Earl preceded her in death.

A retired assembler for General Motor Diesel Division, Mrs. Miller moved to Northville seven years ago. She was a member of Our Lady of Victory Catholic Church.

Surviving are two daughters, Mrs. Dorothy Neumann and Mrs. Marjorie Newell, both of Northville, six grandchildren and seven great-grandchildren.

Bible services were held Sunday evening at the Casterline Funeral Home with funeral services held Monday at Our Lady of Victory where the Reverend Father Gerard Hadad officiated. Burial was in Holy Sepulchre Cemetery, Southfield.

November 19, at his home following an illness of several months. He was 73 years old.

Funeral services were held Friday at Our Lady of Victory Catholic Church where the Reverend Father Gerard Hadad officiated. Burial followed in Holy Sepulchre Cemetery, Southfield.

A resident of Northville for the past five years, Mr. Molley was a retired employee of the Ford Motor Company. Born March 13, 1902, in Allegheny County, Pennsylvania, he was the son of Michael and Mary (Yantz) Mali.

He was a member of Our Lady of Victory and the Northville Senior Citizens Club.

Surviving are his widow, Pauline, a daughter, Joan of Northville, and four brothers, John of Warren, Rudolph of Detroit, Frank and Fred, both of Pittsburgh.

The Rosary was recited Thursday evening at the Casterline Funeral Home.

DOROTHY SHOEBRIDGE

A lifelong resident of the area, Dorothy M. Shoebridge of Terrace Drive in South Lyon died Wednesday, November 19, in Annapolis Hospital, Wayne, after a long illness. She was 66 years old.

Born November 7, 1909, in South Lyon, she was the daughter of Abraham and Mae (Throop) Knisley. She was employed as a machine operator by Great Lakes Plastic of Salem.

Her husband, Irving, died in 1960. Surviving are three children, Thomas of South Lyon, Mrs. Daphne Hansor of Novi, Irving of Melvindale, a brother, Alton Knisley of Lansing, a sister, Mrs. Jane Frye of Phoenix, Arizona, 11 grandchildren and five great-grandchildren.

Funeral services were held Friday afternoon at the

"RAINCHECK" POLICY
Everything you buy at Kroger is guaranteed for your total satisfaction regardless of manufacturer. If you are not satisfied, Kroger will replace your item with the same brand or a comparable brand or refund your money.
We also guarantee that we will do everything in our power to have ample supplies of all advertised specials on our shelves when you shop for them. If, due to conditions beyond our control, we run out of an advertised special, we will substitute the same item in a comparable brand (when such an item is available) reflecting the same savings or, if you prefer, give you a "RAIN CHECK" which entitles you to the same advertised special at the same price any time within 30 days.
