

July 4 celebration marks town's 150th birthday

What do you do on July Fourth one year after the Bicentennial? If you are in Northville, you celebrate the sesquicentennial.

Northville, 150 years young, will roll back the calendar Monday for a fun-filled, old-fashioned, rollicking-good-time Independence Day celebration. There will be elephants, an ice cream social, VIP's, bands, a chicken barbeque, square dancing, watermelon eating contests and much more.

Starting at 10 a.m. with a parade that Northville Area Jaycee organizers say is only fantastic, the festivities continue

at Mill Race Historical Village where the Jaycees and the Historical Society will feed, entertain and even challenge you throughout the afternoon with events sure to delight the young of all ages.

Mill Race activities are co-sponsored by the Jaycees and the Northville Historical Society.

At dusk, the day will end in true July Fourth style with a booming fireworks display at the high school, also courtesy of the Jaycees.

Jaycee Greg McManus is in charge of the celebration.

"Everything is going together well," said Jaycee Vice President John Stilson. He's also in charge of this year's version of the parade which he says will be "spectacular."

"There are over 40 main attractions and all sorts of fill-ins," he said.

The parade will begin at 10 a.m. sharp at the Northville Downs parking area. Northville police will lead the way up Griswold to Main Street where it travels west before most of the two or three thousand who will view the procession.

At Rogers Street, the parade will

head south as it heads back to the Downs.

Northville industrialist Jan Reef is the Parade Marshal and the VIP's include Wayne County Sheriff William Lucas — one of five people being considered to head the F.B.I. — Northville Mayor A. M. Allen, Northville Township Supervisor Wilson Grier and a host of politicians.

Special guests in this year's parade will be two of Northville's most distinguished former officials — former Police Chief Joseph Denton and former Clerk Mary Alexander.

Name the ingredients that make a parade great and this one has them.

You want music. Then there is the Amherstberg Community Band, the Clan MacRae, Plymouth Fire and Drum, the Troubadours, a Dixieland band, Frost Junior High Tudor singers, and the Northville High School Band.

Want more? How about the Salem Rockettes, the Canton Cheifettes, the Northwest Militia, a U.S. Marine Corps marching unit and St. Roberts Cardinales?

There will also be horses (what's a parade without horses?), antique cars,

motorcycles, Boy Scouts, Cub Scouts, a VFW contingent and even a couple of pachyderms, which are bound to make an elephant-sized impression.

Floats will also be on display including those from Cutler Realty, the Girl Scouts and Brownies, Indian Princesses (YMCA), League of Women Voters, Northville Newcomers Club and the Republicans Club.

It will take about 90 minutes for the entire parade, Stilson predicted.

Following the parade, the Northville

Outdoor service scheduled Sunday

What most participants last year called a "very moving experience" will be repeated Sunday when area churches hold the second annual outdoor ecumenical worship service at the Mill Race Historical Village.

The service will get under way at 8 a.m. in front of the historic library building, which was built originally as a church nearly 140 years ago.

Last year's service took as its theme the nation's 200th birthday. This year's service, which marks the start of a big Fourth of July weekend celebration, will key on Northville's 150th birthday.

Not all churches are taking an active role in the service, some because joint services are against their religious policies, but anyone is welcome to attend.

Among those churches that are participating are the Catholic churches of Northville and Novi, the Methodist and Presbyterian churches of Northville and Novi, and the Full Salvation Union church of Lyon Township.

Clergy from several of these churches will take part in conducting the service.

Following the introit, the Reverend Lloyd G. Brasure, pastor of the First Presbyterian Church of Northville, will present the greeting and call to prayer.

A choral anthem, Almighty God of Our Fathers by Will James, will be presented by a community choir under the direction of William G. Williams. Accompanist will be Joanne Vollendorf.

The Reverend James Andrews of the Full Salvation Union, will lead the audience in a unison prayer.

Another choral anthem, this one, Let There Be Music by Frances Williams with words by Marjorie Elliott, will follow.

Lessons from the Holy Scriptures will be presented by the Reverend Karl L. Zeigler, pastor of the First United Methodist Church of Novi.

Following these lessons a hymn, Faith of Our Fathers, will be sung by the audience.

The morning homily will be delivered by the Reverend Father Gerard Hadad of Our Lady of Victory Catholic Church.

Title of Father Hadad's presentation will be "Instruments of Peace."

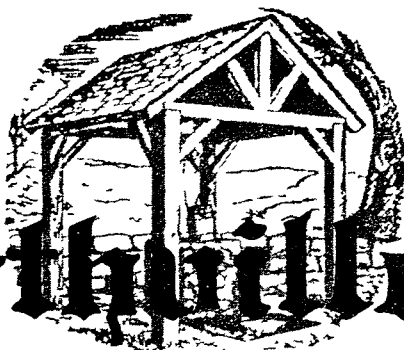

Following the homily another hymn, O Beautiful for Spacious Skies, will be sung by the audience.

The benediction will close the service.

Ushers for the service will be members of Boy Scout Troop 755. Commemorative programs will be provided by The Northville Record, with the cover designed by Donald Fee.

Persons planning to attend the service are invited to bring their lawn chairs. Otherwise they are asked to come prepared to sit on the Mill Race grass.

In event of rain the service will be held in the Northville Presbyterian Church.

TWENTY-FIVE CENTS

Propane truck blast guts store

Flames engulf truck and store as firemen haul hose to hydrant

Condition of driver is critical

A mid-morning explosion of a parked truck carrying 150 propane fuel tanks shot flames hundreds of feet into the air and totally destroyed Six and Park Party Store at Northville road and Six Mile Tuesday.

The driver of the truck, Gordon Long, 21, of Farmington Hills, was rushed to the University of Michigan Burn Center at Ann Arbor where his condition is listed as critical.

Six other persons — three adults and three children — escaped from the store and upstairs apartment uninjured.

Northville firemen, two ambulance services, Detroit Edison, township, city and state police and county sheriffs rushed to the explosive scene to fight flames, cut hot electrical wires and control crowds gathered from neighboring Hines Park.

Andree Serra, 56, a clerk in the store, described what happened. She said that shortly after 10 a.m. the driver of the truck entered the store. Ms. Serra said she told the driver she could hear gas escaping from the truck. Long walked back outside to inspect the truck, which was parked in the entrance drive of the store.

Suddenly, she said, the tank-filled truck exploded. One of the three-foot-long tanks was later found 35 yards away from the truck across Northville road.

The truck, another car parked in the lot, and the store were instantly engulfed in flames. Long's clothes were set afire. A second auto in the lot was also badly burned.

Ms. Serra was in the store with Gary Harkins, 22, and Ron Johnston, 10. All three ran from the store immediately.

In a second floor apartment was Lisa Canfield, 31, with her son and nephew. They also escaped from the burning building.

Witnesses reported that the driver's face and arms were badly burned. He stripped off his clothes and was rushed to the burn center in Ann Arbor.

Township Police Chief Ron Nisun reported that Long was the only person injured in the explosion-fire. Dave Rowe, a fireman, was treated at St. Mary hospital for smoke inhalation and released.

Firemen poured water on the flaming truck, building and adjacent power lines and transformer. Department water tankers plus a pumper serviced by a fire hydrant next to the store provided a steady source of water, but the wooden frame two-story building, truck and cars were totally engulfed in

NEWS BRIEFS

AN AIR MEDAL will be awarded to Township Supervisor Wilson Grier at the reviewing stand following Monday's Fourth of July parade. The medal will be presented by the Navy department to Marine Reserve Captain Grier "for meritorious achievement in aerial flight as a naval aviator" during service in Southeast Asia from September, 1972 to May, 1973.

BECAUSE Fourth of July falls on Monday, next week's regular meeting of the city council has been switched to Tuesday. Council meetings begin at 8 p.m. in the city hall council chambers.

NORTHVILLE'S annual farmers market will open July 14, Chairman John Genitti announced this week. The market, to be held in the municipal parking lot across from the theater, will operate each Thursday through the growing season. It opens about 8 a.m. Farmers wishing to participate are asked to contact Genitti at 349-0522.

Election's July 30

School millage hike: 2.8

A five-year, 2.8 mill tax hike—which will meet "crucial" needs for next year, but may not keep up with increasing costs after that—will be submitted to Northville school district voters on July 30.

If approved, the increase millage would generate about \$450,000 and allow the district to provide six-hour days in the high school, an expanded junior high program, elementary school instructional music, an assistant junior high school principal and some, but not all of the necessary instructional supplies and capital expenditures.

The levy request is less than the 4.2 mills that Superintendent Raymond Spear recommended to lower pupil-teacher ratios and to prevent further

millage increases in the next few years.

A 2.8-mill increase would mean a school tax hike of \$70 for someone who owns a \$50,000 house. The district now levies 32.8 mills for operation and 7.19 mills for debt retirement for a total of nearly 40 mills or \$1000 tax on a \$50,000 home.

Spear said it was likely that additional millage requests will be forthcoming in a year or two even if this one passes if the district wishes to maintain or improve its present level of operation.

Next year, the district will have to seek renewal of a three-mill levy passed three years ago and it's possible that an additional millage try will be tagged onto that.

The July 30 election will be the first

time the district has sought additional millage since April of 1976 when 3.9 mill hike was approved after two earlier issues were defeated.

Even with that additional revenue, the district will not be able to fund its presently budgeted items for next year without an additional \$200,000, said Spear.

At the present 32.8-mill tax levy, the district will have \$6.9 million in revenue next year which would force a teaching staff reduction of 10 teachers, the elimination of all capital outlay funds, and the cancellation of an expanded extra-curricular program.

It would also mean that several programs and improvements sought by

Fire destroys lumberyard on Base Line

See Page 2-A

Flames consume old Base Line lumberyard

Flames visible for miles are silhouetted across railroad

Fire of undetermined origin roared through a former lumberyard on Northville's northeast side early Saturday morning leaving behind little but charred debris and scorched rubble.

Flames leaping as high as 60 feet in the air and visible from several miles away levelled all but the front and part of the west walls of the structure and threatened a nearby cider mill.

Both the former lumberyard, located just within Northville City's boundary line at 630 East Baseline Road, and the cider mill, which is just to the east in Northville Township, are owned by the same man, Vern Bodker of Brighton.

Bodker used the destroyed building for storage purposes and also rented space to two tenants, Urban Partitions and Target Construction Company.

Early damage estimates were pegged at \$200,000, according to Northville police.

An arson squad from the Michigan State Police post in Northville has officially listed the cause of the fire as undetermined.

An investigation is continuing but is difficult because of the extent of the blaze, which is believed to have started in the rear of the building.

The fire was reported at 1:14 a.m. by John Early of the Novi Ambulance Department who spotted it from Novi Road.

Northville firefighters reached the site minutes later, but flames had already shot through the roof. The fire may have been burning for nearly an hour before it was discovered, according to fire department Captain Charles Gross.

Even though the fire had nearly reached the front offices when they arrived, the firefighters — who were assisted by the Novi Fire Department — were able to save much of the contents of the front offices including furniture, machinery and records.

And they were also able to prevent the blaze from spreading to Parmenter's Cider Mill a few yards to the east.

The fire did burn part way through a stack of apple crates between the

lumberyard and the cider mill, but a Novi tanker was placed by the mill to supply water and a fireman with a hose was placed on the roof to successfully contain the blaze.

"The fire department did a tremendous job," said Bodker who was called from his home early Saturday morning to view the fire.

Four firefighters were injured and three required hospital treatment.

John Bourne, of the Northville department, and Steven Brooks of the Novi unit, were treated and released at area hospitals for smoke inhalation and heat exhaustion.

Russell Turner was also treated and released after his eyelid was burned and Bob Korson was treated at the scene for smoke inhalation by the Novi Ambulance Department. Both are from the Northville department.

Several cans and a fuel oil tank ruptured during the fire causing mild explosions, but the flames were kept away from a shed on the west side of the property that housed many

combustible materials.

Traffic on the C&O Railroad track that runs down the west side of the property was shut down for two hours and both Detroit Edison and Michigan Bell wires were damaged during the blaze.

Gross said the fire was brought under control by 4 a.m., but added that firefighters were on the scene until 11 a.m. the next morning.

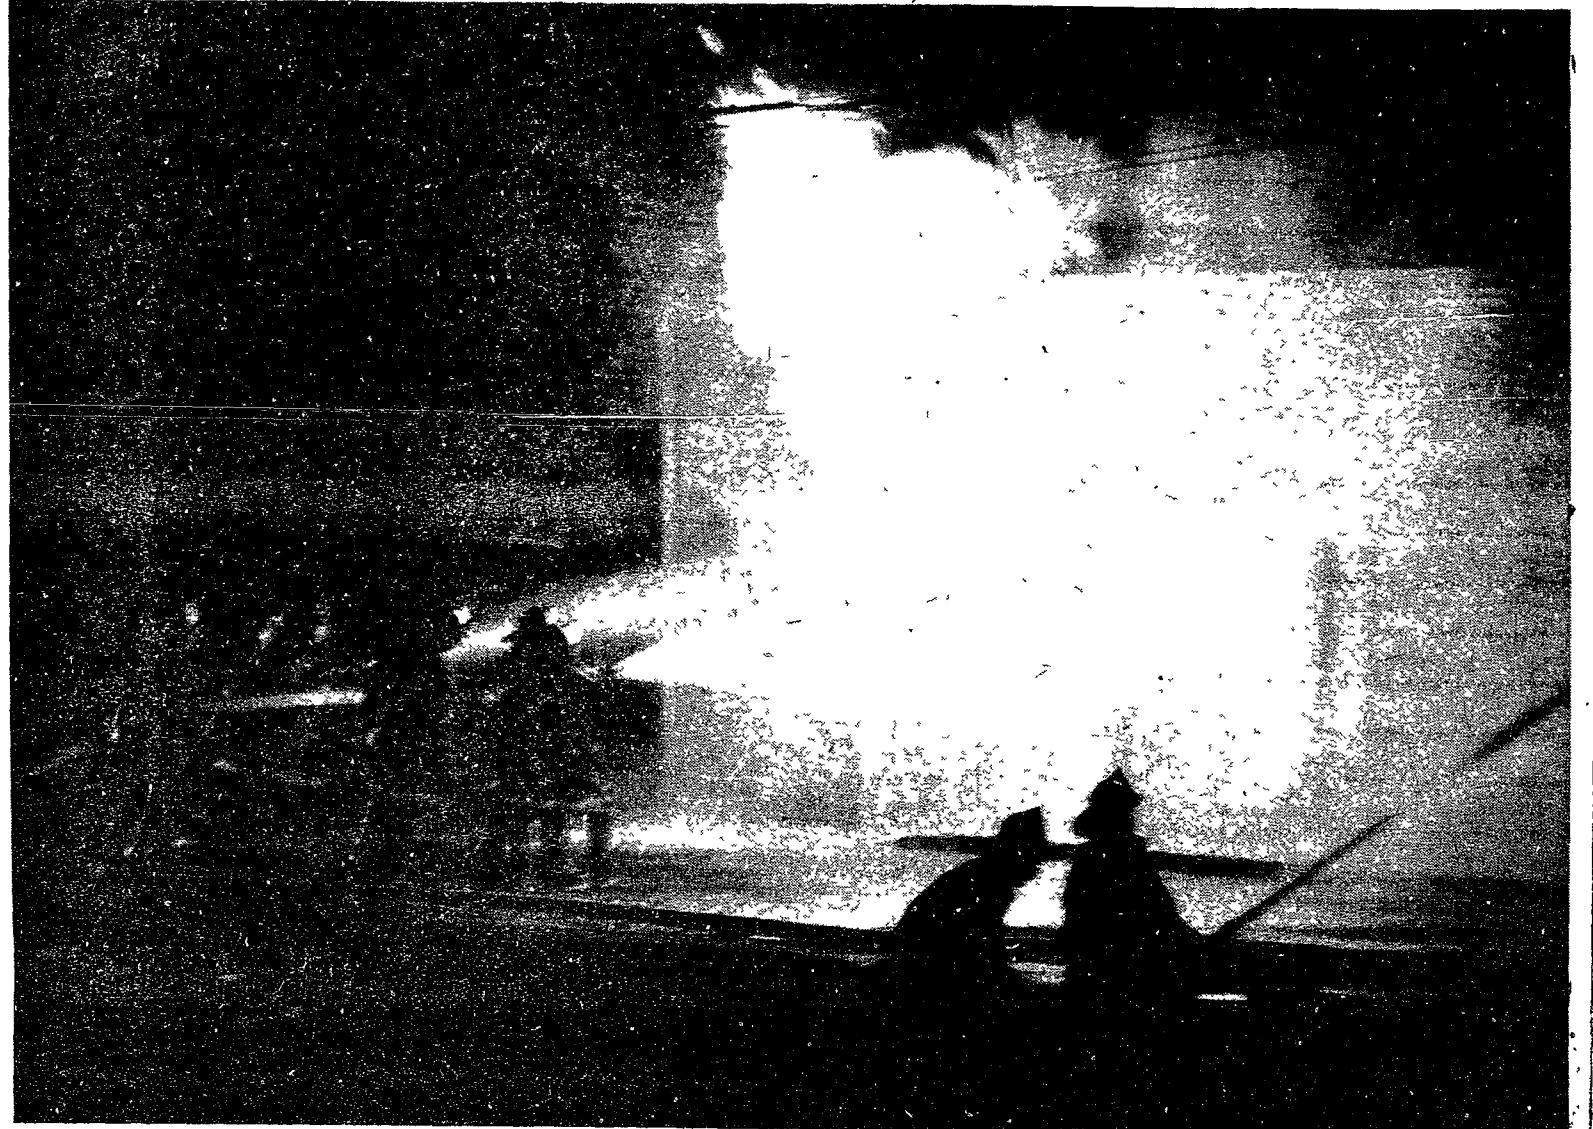

He said about 200,000 gallons of water were pumped during the night.

Bodker said the building was insured, "but not for very much," and that he had already met with architects to discuss a new structure.

One of the tenants, Urban Partition, is making efforts to reopen at the burned site.

Bodker has owned the property for about four years. Before that, it was known as the Lee Building Supply Company which was opened by Leon Kwek in 1967.

The previous business on that site was Nowels Lumber and Coal Company.

Flames shoot out of the remaining lumberyard building on Base Line as firemen battle blaze

Tank-filled truck is lost in flaming inferno following explosion

Truck skeleton and gutted store. Some of 150 tanks jettied from truck

Fire guts store; truck driver critically burned

Continued from Record, 1

flames by the time firemen arrived.

A police check on the license plate of the truck indicated it was owned by Northwest Propane Company of Farmington Hills. A company spokesman confirmed the identity of the driver.

The party store building was tied to Northville history in that it had been constructed in the past half-century from timber from historic Meads Mills, that once stood on the opposite side of Six Mile road where Adistra Corporation was recently located.

It was built, according to 89-year-old Ralph Gibson, a life-long Six Mile Road resident, by Billy Richard on what was the farm property of a Mrs. Loud.

"I can remember when there wasn't any building there. It is where the streetcar used to stop. They called it Loud's Corner on the line."

Richard, according to Gibson, lived in the old mill, converted to a house, for a number of years before he had it torn

down to use the lumber to build the store.

"He lived in the store with, I think, son-in-law who operated it for a long time."

Actually, the store originally was located immediately at the corner of Six and Northville roads. Later, however, Six Mile was re-routed under the railroad viaduct so that it passes quite some distance north of the store today, said Gibson.

The roadbed from the old right-of-way is still visible. Waterford Road is part of what originally was the original Six Mile right-of-way.

The mill from which the store was built was the center of what once was a thriving little unincorporated community called Waterford. The original mill was destroyed by fire prior to 1850. It was rebuilt but eventually abandoned as an active business.

At one time Henry Ford planned to move the mill to Greenfield Village but those plans never materialized. After the building was removed, Ford built one of his "river plants" on the site. That building still stands.

Marriage with Novi

Walled Lake paper coming

Readers of The Novi News will find a major format change in the weeks ahead.

William C. Sliger, publisher of Sliger Home Newspapers, has announced that beginning in mid-July The Novi News will no longer be published as part of The Northville Record.

The Novi News will instead be published in conjunction with The Walled Lake News, a new newspaper being introduced in the Walled Lake Area by Sliger Home Newspapers.

The basic format of interchangeable front pages will remain the same except that the front page of The Walled Lake News will appear within The Novi

News instead of The Novi News front page appearing within The Northville Record.

All inside pages of The Novi-Walled Lake news will be the same.

News from Wixom, which currently appears on the front page of The Novi News, will now be transferred to the front page of The Walled Lake News. The Record will continue to publish major stories of interest from the City of Novi.

The decision to break The Novi News apart from The Northville Record was prompted by a desire to place added emphasis on news from the Novi area and to begin publication of a paper in the Walled Lake Area.

The Walled Lake News will cover Commerce, Wixom, and Wolverine Lake as well as the City of Walled Lake and Walled Lake Community Schools.

There is a natural geographic affinity between Novi and Walled Lake (two thirds of the lake is located within the corporate limits of Novi) and a significant number of Novi residents live in the Walled Lake School District and have Walled Lake mailing.

Offices of the Novi-Walled Lake News will be located at 1340 South Commerce Road in Walled Lake. New phone number is 642-8100.

Managing editor of The Novi-Walled Lake News will be Philip Jerome, who has been affiliated with Sliger Home Newspapers for the past six years.

A graduate of Northville High School and Maryville (Tennessee) College, Jerome served as editor of The Novi News from 1971 to 1974 and for the past three years has been managing editor of The South Lyon Herald.

"We're extremely excited about the change in format and the new newspaper," stated Jerome. "Under the new format we will be able to place

Barbara Robinson tries out one of many carnival attractions

Hundreds turn out

'Gala Days a success'

Although all the bills aren't in and a final tabulation is yet to be done, Gala Days chairman Steve Dulac called the week-long annual Jaycee-sponsored event a success.

Dulac said the combined ways and means, community service project event raised somewhere over \$3000 for the community service-oriented group. Those funds, said Dulac, will be pumped back into the community in the form of various Jaycee projects throughout the year.

Dulac and his nine-member committee have been working on Gala Days since February planning the

carnival attractions as well as game tents, a special auction and completely free pancake breakfast served to the community Sunday morning.

Between 800 and 1000 people came out for the breakfast alone which was supported by area businesses through both supply and money donations.

One of the largest attractions during the week was the "car smash" which, according to Dulac, served a dual purpose.

For 25c or 50c, people were given the opportunity to heft a sledge hammer

Continued on Page 8-A

Insurance costs soaring; city seeks help

If you think your insurance premiums have been climbing, consider those of area municipalities.

Novi went begging for bidders on its insurance and came up blank on the first attempt. The next time it asked for bids only one proposal came in.

And that proposal, Novi council members learned, is going to cost a pocketful of money.

Quick calculation by Finance Director Fred Todd, following opening of bids Monday, indicated the bid of Advance Underwriters means insurance costs will more than double.

Todd pegged Advance's proposal at \$189,000, compared with last year's cost of \$73,276.

Earlier this year, the City of Northville experienced a similar dramatic cost increase for insurance.

In a letter to State Senator Daniel Cooper, Todd called the insurance problem an "impending crisis."

"Recently, the City of Novi requested bids for insurance coverage, but received none," said Todd. "Many insurance companies indicated an unwillingness to insure municipalities, due to the high incident of claims nationwide, and the lucrative awards made by juries in tort liability cases."

"Novi requests your help in solving our insurance problem. Over the past three years, Novi has seen an alarming increase in the insurance cost."

Todd told the senator that the city's insurance carrier had predicted Novi probably would have to pay \$150,000 to \$175,000 for less coverage during the 1977-78 fiscal year.

As it turned out, the prediction was too conservative.

"The City of Novi is keenly aware of the crisis in municipal insurance and the high dollar cost. Something must be

done at the state level to remedy or reverse the current trend toward doubling and tripling of rates," wrote Todd.

Todd recommended two possible legislative remedies:

• Draft legislation that would authorize passing insurance cost and related legal fees directly to the taxpayer. "This would make the taxpayers aware of the high dollar cost of insurance, and provide a means whereby cities can utilize additional legal services to help reduce the claims."

• Reduction of the dollar amount of tort liability settlements by considering a liability tax on the difference between what an individual sues for and what he receives as a final settlement.

Novi's insurance costs totalled \$32,820 in 1974-75. They increased to \$50,540 in 1975-76, and to \$73,276 during this current fiscal year ending June 30.

Indicative of these cost increases is what has happened with general liability coverage: cost for this coverage was \$2,984 in 1974-75, \$9,485 in 1975-76, \$20,181 in 1976-77, and under the new proposal given council Monday the cost for general liability will soar to nearly \$60,000... and that's for only half the insurance coverage (\$1 million versus \$500,000).

The umbrella insurance premium increase is even more dramatic. It was \$998 in 1974-75, \$1,500 in 1975-76, and \$12,000 in 1976-77. The new proposal pushes it to \$63,000.

Since insufficient money has been budgeted for the higher costs, council authorized the administration to negotiate with the insurance underwriter on a pick-and-choose basis.

Council was assured the city will be covered when the current insurance expires.

Council oks zoning changes

Novi council took action on four zoning matters and tabled another in a meeting that lasted until nearly 1 a.m. Monday.

Tabled at the request of the petitioner was the proposed rezoning of property of Holtzman & Silverman on Meadowbrook Road at Cherry Hill.

H&S had requested that the property be rezoned from one-family residential (R-4) to low density multiple-family residential (RM-1).

Council action included:

• Denial of rezoning of two lots on Austin Drive from an R-4 (one-family residential) to a B-3 (general business district) classification.

• Approval of a zoning change from I-2 (general industrial district) to I-1 (light industrial district) for 29.3 acres of land at the northeast corner of Meadowbrook and Grand River.

• Approval of rezoning from B-3 (general business) to R-4 (one family residential) and from RM-1 (low density multiple family) to R-4 (one family residential) of property at the southwest corner of 10 Mile and Taft roads.

• Approval of a change from R-1 (one family residential) to R-2 (one family residential) classification of 51.6 acres of land near the northeast corner of Llewellyn and Meadowbrook roads.

The Llewellyn-Meadowbrook rezoning, requested by Kopy-Densmore Builders, was approved by a 6-1 vote with Councilman Robert Schmid dissenting.

Noting that the rezoning will permit half-acre lots instead of acre lots, Schmid argued that homes on one-acre lots are selling elsewhere and that "we need and could use" one-acre home sites in Novi.

Furthermore, he doubted citizens in the area, despite their absence Monday, would applaud the zoning change after having earlier opposed an R-3 zoning for the property.

Although he supported the rezoning, Councilman James Shaw made it clear

that he would be very reluctant to look favorably upon any forthcoming petition that might suggest planned unit development for the property.

Concerning the rezoning of property at the corner of Taft and 10 Mile Road — a request by the planning board, Mayor Gilbert Henderson and Philip Goodman cast the lone two "no" votes.

Goodman argued that he had been shown no good reason why the property should be changed from a zoning classification made by the city a decade ago.

The fact that the new zoning makes the property conform with the master plan is insufficient reason for making the change, he said. What are the arguments behind the master plan's recommendation for R-1? he asked.

Goodman also noted that the existing zoning was ordered by council after enactment of the master plan, suggesting that there must have been persuading reasoning to make council rezoning the property 10 years ago when such rezoning was in conflict with the master plan.

Other members of council took exception to Goodman's contention that a master plan is only a "piece of paper."

Opposition to business at the intersection, council members suggested, is a reflection of a general citizen concern that 10 Mile Road is rapidly becoming a corridor of corner businesses.

They argued that while the master plan is only a guide, it is a guide that must influence council decisions in orderly development is to occur.

The fact that the new high school is located across Taft Road from the property also influenced the council's decision to back the rezoning.

Initially, a move by Goodman to deny the rezoning died for lack of support, whereupon Councilwoman Patricia Karevich motioned to approve the rezoning.

Continued from Novi,

College plan on back burner

The proposed consortium between Schoolcraft College and Wayne State University may not be dead, but it has been moved to the back burner. Previously, the two schools had approached the Wayne County Board of Commissioners about developing a consortium arrangement to operate the Wayne County Child Development Center in Northville Township.

Little has been said about the consortium recently, but action was necessitated by inquiries from a group calling itself the Northville Township Economic Development Corporation.

In a June 13 letter to Schoolcraft College President C. Nelson Grote, Wilson C. Grier, supervisor of Northville Township, said the corporation was planning to make a bid for the Child Development Center property. He also said the corporation was "interested in working with the consortium to ensure its success."

Both Schoolcraft and WSU have had financial problems lately and have

been forced to back away from any immediate involvement in such a project.

The Schoolcraft board of trustees, at its June 22 meeting, adopted a resolution advising that it could not foresee any joint SC-WSU action in the "foreseeable future." But it refused to close the door on any action whatsoever.

Trustee Mark McQuesten called the consortium idea financially impractical. "We know that Schoolcraft can't afford it. It's a mistake to allow Northville Township to delude itself that Schoolcraft and Wayne State would someday take action," he said.

McQuesten added that the consortium with Wayne State "might not even be desirable." He suggested instead that Schoolcraft enter into a consortium-type arrangement with Madonna College. "It would be much more practical and I'm sure they're willing," he said.

"I'd much rather emphasize a 'meaningful relationship' with our sister institution, Madonna College, rather than bringing Wayne State to compete with Madonna. That would be counter-productive," McQuesten said.

Trustee Ronald Cowden agreed that Schoolcraft College should not give "false hope" to Northville Township or the backers of Economic Development Corporation.

Trustee Nancie Blatt dissented, saying, "I can see the problems with the consortium and the Child Development Center at this time." She stressed the words "at this time."

"I don't want to give the people of Northville Township false hope, either. But I won't vote to throw the whole consortium out the window," she said.

"It's important to cooperate with Wayne State on a whole lot of programs. We must keep the idea of the consortium separate from the plans for the Child Development Center."

Chairperson Paul Kadish and Vice

Chairperson Rosina Raymond agreed that it would be a mistake to pull out altogether. Kadish said that at some time in the future Schoolcraft College, with or without WSU involvement, might be able "to put some of those buildings to use."

"Without making a definite financial commitment, I'd like to give them (the Northville Township Economic Development Corporation) some moral support," Kadish said.

Mrs. Blatt added, "I think there's much that Wayne State offers that Madonna College doesn't. I wouldn't like to cut relations with either. There should be a spirit of cooperation with both."

"I think Madonna College has much to offer this community," Kadish added, "but I'd hate to give the impression that the Schoolcraft-Wayne State consortium was brought about to compete with Madonna. That was not the intent of the consortium."

He resists sale on open market

While emphasizing that he is not anxious to dispose of the former Child Development Center near Northville under any conditions, Wayne County Commissioner Alex Smith nevertheless will continue his support for an open market sale in order to resist use of the facility as a prison, he said.

Smith explained his tactic in an interview after a June 16 meeting when the Board referred the open market proposal back to the public works

committee for more study and recommendation.

The plan to sell the property to the highest acceptable bidder was introduced by Commissioner Alex Smith, from Dearborn, with co-sponsorship from Smith and Thomas Presnell, from Westland, all members of the public works committee.

Approval of an open market plan would create competition for a State offer to buy the 300-acre facility for use as a state prison, Smith explained.

He noted that a majority of 14 votes of the 27 commissioners is needed to put the property up for open sale.

Smith said that he and other sponsors will continue lobbying for the necessary votes until the next board meeting, June 30.

He stressed that: "I am not all eager to sell the property under whatever circumstances, but if we must sell I want it to serve on the tax rolls, and not as a Michigan prison."

"I would hate to reject the open market idea at this time, then later discover that enough votes exist to authorize the prison sale," Smith observed.

"It is important to understand too," he pointed out, "that even if we do approve the open market sale, we can still pick and choose our options, and reserve that privilege for as long as we want."

"Approval of the open market concept," Smith continued, "does not mean an automatic sale to anybody, but it will allow us the freedom to review an alternative other than the State's."

New ordinance aimed at heading off prison

Acquisition of the Wayne County Child Development Center by a local agency moved a step closer Thursday with the holding of a public hearing on an ordinance permitting the establishment of an Economic Development Corporation of Northville Township (EDC).

Northville Township Board, which conducted last week's hearing, is expected to formally adopt the new ordinance next month.

The proposed ordinance directs that an EDC be incorporated and that the ordinance be filed with the Michigan Secretary of State.

"We may call a special board meeting early in July to take up the EDC ordinance and the hiring of a fire chief. If we don't do it then, we'll adopt it at the second Thursday in July (July 14)," said Supervisor Wilson Grier.

Although the purpose of the EDC, as authorized by the ordinance, is far reaching, its immediate goal is to acquire the child development center to prevent its use as a prison or as some other function deemed undesirable by the township.

A letter has been sent to the Wayne County Board of Commissioners by Grier requesting that sale or lease of the child development center, where the present township hall is located, be shelved pending a formal proposal by the EDC.

The proposed ordinance formally recognizes formation of a single EDC—that which was requested by William Miron, Ross B. Northrop and John Dugan.

All three are leaders of opposition to the prison proposed by the state.

Miron and Northrop are private citizens who have been spearheading the fight against the prison, and Dugan is chairman of the township's planning commission which sees the prison as a clear violation of the township zoning ordinance and a threat to the orderly implementation of the master plan.

No public opposition to the proposed ordinance was raised at Thursday's hearing. In fact, only County Commissioner Mary Dumas questioned the board, and her questions concerned only the timetable for the EDC's establishment—not the ordinance or the EDC itself.

Cautioning the board that county commissioners cannot sit on the child development matter indefinitely, she urged the board to notify the county that it is establishing the EDC and that a proposal for acquisition of the child development center is forthcoming.

Supervisor Grier promised speedy establishment of the EDC.

What's more, Grier said the existing EDC, which functions throughout the Northville school district, will do much of the preparatory work in developing a specific proposal. Later, when the Northville Township EDC becomes a reality, the work begun by the existing agency will be transferred to the new EDC.

Miron is an officer in the existing EDC.

Decision to establish a separate EDC for the township is based on the fact that the existing agency does not have the broad bonding powers that the new agency would have under the state act of 1974. Furthermore, according to Grier, the 1974 law does not recognize an area EDC serving school districts whose boundaries extend into more than one municipality.

Nevertheless, Grier sees the new EDC working closely with the existing agency, with some members of the existing agency serving on the new township EDC.

The board of directors of the EDC must, under the law, consist of nine persons, not more than three of whom must be officers or employees of the township, and two representatives of neighborhood residents likely to be affected by activities of the corporation. Northrop and Miron live in the vicinity of the child development center.

Directors serve without salary.

Members of the EDC, under the act, are to be appointed by the supervisor. No decision has been reached by Grier as to persons he will appoint.

Under the ordinance, the EDC "provides the means and methods for encouraging and assisting local industrial and commercial enterprises in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in Northville township."

It also can assist in "expansion of commercial enterprises to more conveniently provide needed services and facilities to the Township of Northville and the residents thereof" and assist the township and citizens "in strengthening their industrial, commercial, and residential base."

Without divulging publicly what he has in mind, Grier told board members he was to meet with the township's planning consultant and a bonding attorney yesterday to draw up a "very attractive" idea for consideration by the EDC.

Grier said a number of reputable builders and financiers, such as Greenspan and Max Fisher, have voiced interest in acquiring property from the EDC should it succeed in making a purchase from the county.

While no specific proposal has been developed for the property, the EDC reportedly will consider acquiring the Child Development property on the east side of Sheldon Road for some public purpose, such as a college, and selling off vacant lands on the west side of Sheldon for private development to recoup its investment.

In her comments to the board last week, County Commissioner Dumas said there has been a "decided" change in attitude by many commissioners relative to future use of the child development center.

Many commissioners, she said, appear reluctant to sell the property for prison purposes, and a number of them would prefer that the property be retained to provide facilities for future expansion of county governmental agencies.

The state proposal for a prison, Mrs. Dumas explained, has lost some of its steam—primarily because of the opposition raised here to that plan, but also because of encumbrances on the land west of Sheldon.

Farm lands there have been leased to farmers, and the state would be forced to wait any construction of a new prison until after crops have been harvested or pay farmers for their investments in those crops.

Furthermore, she noted that the county has a long-standing lease agreement with the gas company for underground storage of gas on part of the property. While this lease would not deter construction of a prison, it would limit the location where the building could take place, Mrs. Dumas said.

The child development center contains 728 acres, of which 600 acres of largely vacant land is located west of Sheldon. It is the property east of Sheldon that contains the buildings—one of which is being leased by the township for a township hall.

In view of the growing reluctance of some commissioners to sell the property, Mrs. Dumas reported that the county probably would welcome a leasing arrangement with the township at perhaps \$1 per year plus cost of maintenance. Maintenance costs exceed \$200,000 annually.

Such a lease, she explained, would satisfy those commissioners who would prefer not to sell the property so that it could be preserved for future county needs, while satisfying other commissioners

who are concerned about the annual maintenance costs that are strangling an already deficit county budget.

Questioned by the board, Mrs. Dumas said she is unaware of the specifics of the proposal by State Representative Richard Fessler that the state acquire the nearby Detroit House of Correction as an alternative to the purchase of the child development center for a prison.

Fessler plans to propose legislation for purchase of DeHoCo.

He toured DeHoCo last week.

Fessler believes DeHoCo would serve adequately as a state prison for up to 500 minimum and maximum security prisoners—thus relieving some of the state's existing prison overcrowding.

The women's division of DeHoCo—that portion of the property located in Northville Township—is scheduled to be closed this summer with the opening of a new women's prison near Ypsilanti.

Novi pastor certified

The Reverend Karl Zeigler of Novi was awarded a provisional certificate of authorization recently by David Collier, executive director of the American Cancer Society's Oakland Unit.

Mr. Zeigler, president of the South West Oakland branch, was presented the certificate at a meeting of Novi United Methodist Church.

Members present voted to apply for an unqualified charter, the next step toward receiving a qualified charter as a branch.

The branch now has a post office box, and mail may be addressed to the branch at P.O. Box 39, Novi 48050.

Next meeting of the group will be Thursday, July 7 at 8 p.m. at the Novi United Methodist Church.

They aim to make Title IX more than a pretty face

EDITOR'S NOTE — First in a series on Northville's effort to comply with Title IX.

Believe it or not, Title IX involves more than insuring that high school girls can try out for the football team.

The 1972 legislation is aimed at wiping out sex discrimination — for both boys and girls — in a myriad of forms in the nation's schools (or at least those that accept any federal money which is most of them).

Sex discrimination can range from the obvious — refusing to hire a person because she is a woman — to the less apparent — subconsciously encouraging girls to pursue careers that have been stereotyped for women.

"In the 60's, there was a lot of human rights legislation and some — such as Title VII which required equal pay for equal work — included sex discrimination," said Pat Bubel, a physical education teacher who chairs Northville's Title IX Advisory Committee.

"But before Title IX, there was no comprehensive legislation dealing with sex discrimination," she added.

The advisory committee, along with coordinator Nancy Soper — a central office administrator — is working to bring Northville into compliance with Title IX by next summer's deadline.

Northville is behind schedule. A district wide self-evaluation, which was supposed to be finished last year, will only be partially completed this summer.

"We're not alone in being behind the timeline," said Ms. Bubel. Part of the problem is an "information timelag" caused when Health, Education and Welfare guidelines, in typical government style, were not adopted until 1975, three years after Title IX was passed by Congress.

Now, however, subcommittees are completing self-evaluations in four critical areas — employment practices, counseling, athletics and a fourth encompassing category that includes

peer pressures and rules of behavior.

Using a variety of methods — such as surveys, questionnaires and inter-group discussions — the subcommittees are trying to uncover practices which cause students, teachers and administrators to be treated differently and detrimentally because of their sex.

A problem they have encountered is that, with a few blatant exceptions, examples of sex discrimination are more likely to be subtle and ingrained rather than flamboyant or malicious.

For instance, school hiring policies may prohibit sex discrimination. But job descriptions may be drawn up so that virtually no women are eligible.

"In personnel, very few women can apply for a position if it requires five years experience," explained Ms. Bubel. "Title IX is pointing to stressing competency and skills rather than past experiences."

Existing conditions can sometimes present reasons to delve beneath

policy. Sexual stereotyping may be behind the fact that male kindergarten teachers are rare and in some districts, including Northville, non-existent.

Merely making policies letter perfect is not the solution, however. Policies are only as effective as the people who carry them out.

"Your black-and-white rules may say people are treated the same," said Ms. Bubel, "but the way that black-and-white rule is carried out may be different."

Such is the case when, counselors drop discriminatory aptitude tests but fill shop class with boys and home economics with girls.

"Part of it (unwitting discrimination) has to do with being informed," said Ms. Bubel. Simple awareness can persuade elementary teachers to quit giving the hammers to the boys and the recipe books to the girls during play periods.

Another, more troublesome, aspect can be illustrated through girls sports, which are belatedly approaching equity as far as funding and facilities go. The girls, however, won't be on par with the guys until male and female students, teachers and administrators take them as seriously as they do boy athletes.

In other words, when was the last pep rally for a girls team? The same road-block stands in the way of many solutions to sex discrimination.

"In any area of discrimination, to a large extent, you are dealing with intangible attitudes," said Ms. Bubel. "And attitude changes take longer."

Attitude changes work both ways. Boys who fight may be automatically suspended, but girls who tangle may only be admonished. And is it fair to force boys to cut their hair shorter than girls must?

"In some areas, boys are discriminated against and we never thought about it that way," conceded Ms. Bubel.

Those who are sincere about coming to grips with their subliminal dis-

crimination are finding that discussion groups can be enlightening.

Others, who shy away from Title IX or who view it as another misguided effort by extremist women, may either feel threatened or be uninformed, said Ms. Bubel.

"It's amazing but some people were shocked to learn that the law exists and others were surprised to learn that it was so simple — there shall be no sex discrimination," she said.

Thus far, resistance has been minimal; partly because there has been little done except for the passing out of checklists and questionnaires.

"The difficult part will come when we collect the data and recommend changes," said Ms. Bubel.

It becomes even more difficult now that staffs are being cut. How does one even the distribution among administrators when all but one or two are men, no jobs are being added and those that hold the positions aren't leaving?

"That's when our commitment and our will to realize Title IX will show," said Ms. Bubel.

(Next: A look at counseling)

Paul Vernon (left), city councilman, was installed as president of the Northville Rotary Club Saturday night during a dinner program at the Park Haus Restaurant. He succeeds Charles Mann. Pinning the president's badge on Vernon is long-time Northville Rotarian, Russell Amerman. Ed Bogart paid special recognition to the outgoing president, Steven Walters reviewed the club's year, and C. A. Smith presented the invocation. Other new officers of the club include Steve Walters, first vice-president; Bernie Miller, second vice-president; Richard Slating, secretary; Lee Holland, treasurer; Art Olson, sergeant at arms; Harold Penn, bulletin; and Jim Allen, Milt Jacobi, Miller, Mann, Vernon, Walters and Art Radford, members of the board of directors. The club meets weekly at noon in the social hall of the Presbyterian Church.

Readers Speak

Firemen earn praise

To the Editor:

We see a lot of cartoons depicting firemen sitting around the fire station playing cards and eating goodies. But don't ever believe this! I've seen the Northville Fire Department, along with the departments from Plymouth and Novi in action and their cooperation and effort were magnificent.

When a fire broke out Saturday morning in some very old wood buildings and warehouses that I owned on Baseline Road, these truly gallant men risked life and limb to control it and keep it from spreading to adjacent buildings.

Wearing masks because of the dense smoke, they sat on the roof of the building next door and kept it covered with water to keep it from igniting.

In spite of the nature of the buildings, and the fire being discovered too late to even hope to save them, the firemen still managed to keep the fire from destroying the office equipment, furniture and records in the offices adjacent to Baseline Road.

Five firemen were hospitalized during the many hours they fought the blaze.

My most sincere gratitude to all of the firefighters.

Vern Bodker

Burger Chef allowed to have it their way

Exterior modification to the corners of Burger Chef restaurant, 401 North Center Street, was approved this past week by the Northville (city) Planning Commission.

The change involves the removal of the corner windows on the front and side of the building, which are to be covered with textured siding to match the remainder of the building.

This change, together with interior remodeling nearing completion, is aimed at providing more privacy for patrons and to glamorize the restaurant, a spokesman said.

In other business of the commission, a proposed addition to the Little Hill Apartments, located off Hutton Street north of Dunlap, was considered.

While agreeing in principle with the addition, planners told the applicant, Kenneth Rathert, that additional data as a requirement for site plans will be needed before the commission

can take official action to approve it.

Rathert acquired an interest in the apartments earlier this year.

The proposal calls for an additional one-story apartment building containing six units.

Planners also approved erection of a storage building for lawn implements for the new apartment complex of Dennis Roux. The apartments are located on the east side of Taft

Stec named to dean's list

Gary L. Stec of 42130 Sutters Lane has been named to the University of Michigan - Dearborn's School of Management dean's list for the winter 1977 term which ended in May for maintaining a 3.4 or better grade point average while carrying a minimum course load of 12 semester credit hours.

Road, south of Cooke Junior High School.

In another matter, Roux complained bitterly about the condition of Councilman Paul Folino's insurance parking lot on North Center Street.

He charged that Folino has violated city regulations by constructing a lot that fails to meet requirements of the planning commission. If a city councilman can violate conditions mandated by the city, how, then, can requirements made of others be enforced he asked.

Since Folino was not present, Chairman Burton DeRusha ruled that it would be improper to discuss the matter until Folino appears before the commission on a proposal to modify his parking lot.

Roux owns a professional office building immediately south of Folino's establishment.

1 Block West of Grand River

Wixom prodding

C & O to make changes

Anyone passing through Wixom knows what it is like to be caught by a freight train going through switching procedures. Blasting horns, irate motorists, police citations and fines against the trains for blocking the crossing have not made a dent in the sluggish hide of railroad officials.

But the pressures put on those same railroad officials by two of the largest auto manufacturers may possibly be a bright spot on the horizon for the rumbling motorist.

Not only have the switching procedures in the marshalling yards of Wixom tied up street traffic, they have been jamming the main line traffic of the railroad as well.

The marshalling, or switch yard located between Beck Road and Pontiac Trail is the largest yard of its kind in Oakland County. Those tracks serve not only the Ford Motor Company in Wixom but GM in Flint as well.

The "back and forth" switches have caused delays on the main track, in turn stalling other routed trains trying

to get through to their very important customers.

The pressures applied to the C and O Railroad by the auto giants is bringing action to Wixom. A main-line bypass plus two additional switching sections within the marshalling yards are being added. That new line work is scheduled to begin very shortly.

The "very" was emphasized by Assistant to the Mayor Bernard VanOsedale.

"The bypass operation plus the additional sections should keep the tracks over the streets cleared of stalled trains," VanOsedale added railroad officials said they hoped the additional tracks would keep all switching maneuvers within the yards.

In addition, the railroad is installing the long-awaited hard rubber track base at the Pontiac Road crossing in the center of Wixom. The base is reportedly the finest of its kind and is meant to create a smooth, virtually bumpless crossing for motorists.

Once completed, the Pontiac Trail

crossing will be free of construction. VanOsedale will then switch his sights to the Oakland County Road Commission in hopes of obtaining installation of a left-turn arrow at the crossing north to Wixom Road.

A second railroad problem at Beck Road is being held-up by a piece of circuitry needed to activate the arms of crossing gates called for at that point. C and O spokesman Lloyd Clark said the gates will be installed as soon as the track circuitry is received by the railroad.

The pedestals for the gates were installed some time ago, then removed and properly repositioned in advance of beginning construction in the marshalling yards. VanOsedale said the crossing would also be leveled as much as possible.

With the construction in the marshalling yards, a long-standing problem between the railroad and Edward Rose & Sons, developers of the

Summer school starts Tuesday

Fourth of July fireworks will have already faded away when summer school starts next week in Northville.

The first of two three-week sessions for elementary students begins at 8:30 Tuesday morning at Amerman School.

Classes run for 2½ hours, four days a week — 8:30-11 a.m., Monday through Thursday — and cover either reading or mathematics.

The first session runs through July 22 and the second session runs from July 25 through August 11.

Students may choose to study either reading or mathematics during each of the three-week sessions, according to Michael Burley, summer school coordinator.

The cost of each session is \$18 per child.

Pre-registration was held last month, but students may still be enrolled in the first session on the first day of classes.

Parents can register their students for the second session at the Northville Public School Administration Building, 303 West Main Street, or by calling Burley at 349-3400.

A summer school for secondary students was cancelled because of insufficient interest.

Lutheran women eyeing convention in Washington

Persons from throughout the United States, Canada and the Caribbean are expected to attend the triennial convention of Lutheran Church Women scheduled for Washington, D.C. August 8-12.

Theme for the convention is "Chosen by God for One Another."

Lutheran Church Women is an international organization of representatives from Lutheran Church in America congregations.

The board of directors of Lutheran Church Women has approved a project to advocate and enable "in-depth study of the family and human development and the relationship of these to Christian beliefs"

Included in the project are seminars on family and faith, development of support groups from families, leader and consultant training, resource preparation and continuing research and evaluation.

The Lutheran Church Women of Epiphany Lutheran Church on Five Mile Road in Northville Township, under the direction of Mrs. Keith Jack, is a local affiliate.

"Their work in support of our congregation's ministry has given us a fine example of Christian commitment during the past several months," according to the Reverend Fred Prezioso, pastor of Epiphany Church.

Chamber slates band concerts

A series of summer band concerts, sponsored by the Northville Community Chamber of Commerce, are being planned. Chamber President Ann Roy announced this week.

First concert will be held Wednesday, July 13 at 7:30 p.m. in the city hall park at the corner of Wing and Cady streets.

The band concert program was initiated in 1927 by the late Conrad Langfield.

Directing the band will be Robert Williams, who has been with the Northville band program for the past 25 years.

Williams, a graduate of the Wayne State University band school holds an MA degree in music from the University of Michigan. He is a member of the Michigan School Band Orchestra Association.

Married, with four children, he is a resident of Northville.

'Scholars' named

Each year the University of Michigan selects Regent-Alumni Scholars for their superior academic achievement and their potential contribution to U-M as students.

This year out of 1,900 candidates, 472 from Michigan schools, six Northville High seniors were honored.

They are the following:
Suzanne Marie Basich of 336 North Ely Drive;
Jessica Irene Bacsanyi of 44262 Wyngate; Richard Joseph Bischoff of 41896 Rayburn; Carolyn Wright Calmes of 45795 Clement Court; Laurie Jean Day of 20359 Woodhill Road; and Cathy M. Herbel of 43600 Cottisford.

Former Novi area school district students help themselves to buffet-style meal at their class reunion held at Novi High School

Walled Lake News

New paper coming

Continued from Novi, 1

greater emphasis on news in and around the Novi area.

"There will be expanded coverage of news from Novi, including meeting coverage, editorial comment, community events, and news analysis.

"Novi is a dynamic community in which many important changes are currently taking place," he added. "Under the new format, we will be able to provide the citizens of Novi with increased coverage of the events that are taking place around them."

Jerome will be responsible for coordinating an editorial staff of three people.

Wayne Loder, who replaced Jerome as Novi News editor in 1974, will continue in his present capacity. A graduate of the Michigan State University School of Journalism, Loder will cover the Novi City Council and the Novi Board of Education, while Jerome

will cover the Novi Planning Commission.

Carl Davies will be editor of The Walled Lake News section of the new paper. A native of Pennsylvania, Davies holds BA and MA degrees from Lehigh University. He previously served as managing editor of The Mountain Top (Pennsylvania) Eagle and has been affiliated with Jerome as news editor of The South Lyon Herald for the past 1½ years.

Nancy Dingeldey, who has written a weekly column in the News for the past seven years, will be Community Editor of the Novi-Walled Lake News. A Wixom resident, she will be responsible for coordinating coverage of club, organizational, and social news items in both Novi and Walled Lake.

Michael Preville will head the advertising department of the new Novi-Walled Lake News. He will be assisted by Linne Sopp and William "Pug" Sliger, Jr.

C&O takes action

Continued from Page 7-A

Village Apartment complex will have to be dealt with by the two organizations and the City of Wixom as well.

Rose, according to city officials, was and still is required to drain his property of storm water run off. Rose requested permission to install an 18-inch drain pipe under the railroad tracks eventually leading to a larger natural drain.

The railroad called for the installation of a 30-inch drain. Rose stalled saying he would then be forced into carrying the cost of draining the entire area. The unresolved problem

must now be faced, with the possibility of the city bearing some of the costs incurred.

"The problem must come before council before a possible solution can be reached," commented VanOsedale.

VanOsedale, remarking on all the train problems in Wixom, said it would be nice to think it was citizen unrest that pushed the railroad into making some long-overdue changes.

"In the many conversations I've had with railroad people, I once suggested the marshalling yards be moved from their present location to the wide-open space lying southeast of Beck Road."

3 attend band camp

Three Northville-Nov area students are attending the Blue Lakes Fine Arts Camp, a summer school of the arts located just north of Muskegon.

Michael R. Kamish and Michael Murphy, both of Novi, and William L. Walker of Northville, have all selected band as their elective major at the camp.

Blue Lakes has programs throughout the

summer for elementary, junior high, high school and college students.

Students have the option to major in art, ballet, band, jazz-rock ensemble, orchestra, piano and theatre.

Old Novi schools stage 37th reunion

The 37th annual Novi Area School reunion was held June 25 at Novi High School featuring a potluck dinner and good times for the former students that attended.

Bill MacDermid, president of the Novi area school reunion, said that four out of the eight former country school districts were represented by the 40 people present.

Each year at the reunion the earliest student representative, and the most recent student representative are announced.

This year Mrs. May (Holcomb) Babbitt, Mrs. Marie (Miller) Neuman and Mrs. Hazael (Wilcox) Brashire were the earliest students in the Novi school district. All three were classmates when they entered the first grade together in 1902.

The most recent representatives of the school districts were Miss Pauline Graham and Mrs. Bernice (Berkowski) Woodhouse. They left the district in 1942.

Mrs. Babbitt, Mrs. Brashire and Mrs. Woodhouse all eventually became teachers in the Novi School District.

MacDermid said there are several former students who no longer live in this area but send a letter each year to be read during "Mail Call" at the reunion.

MacDermid, who left the district in 1940, would appreciate being contacted by former students so that he could get them on the invitation list for next year's reunion.

Former Novi area school district students should contact Bill MacDermid at 44050 Stassen, Northville, Michigan.

3 from area receive Oakland degrees

Three Northville-Nov area residents received degrees from Oakland University's recent commencement exercises.

Mary E. Hubbard of 47111 S. Chigwidden, Northville, received a bachelor of science degree in human resources development.

Donna L. Wohletz of 40118 Jefferson, Novi, received a bachelor of arts degree in elementary education.

John W. Ratcliffe of 46730 Two Mile road, Novi, received a bachelor of science degree in chemistry. He was also honored for his outstanding achievements in chemistry at the recent education night sponsored by American Chemical Society.

Novi approves rezoning

Continued from Novi, 1

Relative to the rezoning at the corner of Grand River and Meadowbrook, council voted unanimously to grant the request of Vincenti Investment Company.

Vincenti explained that the firm plans to develop an industrial park on the property, eventually moving its own business (which involves outdoor storage of heavy equipment) or modifying it to conform with the new zoning.

Work on the industrial park has already begun.

By unanimous action, council rejected a business zoning for the two lots on Austin Drive, between Iva and Erma streets.

Mrs. Marilyn Fox, the petitioner, sought the rezoning to facilitate her dance studio business that backs up to

the lot in question. The studio faces on Novi Road.

In passing the matter on to the council, planners recommended that council consider an alternate zoning of P-1 to permit vehicular parking.

Such parking, Mrs. Fox explained, would allow her to conduct her business within the requirements of parking. She noted that the lots on Austin are not sufficiently large to permit construction of houses under the city's single family zoning ordinance.

A motion of Councilman Shaw to recommend to the zoning board of appeals that a parking variance be granted the petitioner was turned down by a 5-2 vote. Joining with Shaw in the unsuccessful move was the mayor.

Those opposing the motion suggested that the petitioner can, on her own, seek the variance and that the council should not influence the appeals board's decision.

Gala Days a success

Continued from Novi, 1

and take a whack or three at two specially designated cars brought in by the Jaycees and Novi Fire Department.

After the sledge hammer demolition, the "Jaws of Life" moved in for two demonstrations of that extraction equipment. Dulac said both demonstrations drew large crowds with those people observing the operation showing "a real interest".

A special auction Sunday earned well

over \$200 for a Novi family. Put in contact with the family through the auspices of the American Cancer Society, the Jaycees arranged the auction with donations again coming from area merchants and residents.

Dulac, appearing hoarse after the gruelling week and admittedly tired said, "It may have taken six months out of my life to put it all together but it was worth it. I personally have a feeling of great satisfaction knowing Gala Days was once again a successful venture."

 **GOOD TIME WINE**
by Jim Roth

When you go vegetable or fruit shopping, most of the time you want to be careful you don't buy anything that is overripe. But, if you are a wine grower in Germany, your favorite grapes would be overripe and covered with mold. Doesn't sound too appetizing, does it? Well, these are prized grapes, the mold eats away the skin of the grape causing the water inside to evaporate. All you have left then is a delightful drop of juice, very rich in sugar, which will give you a wine especially noted for its bouquet and quality. Of course, the other grapes are not thrown away, but they are not used for the most famous and expensive wines.

Keep us in mind at **GOOD TIME PARTY STORE**, 567 Seven Mile Road, 349-1477 when looking for wines, beer and liquor. For your next party, serve your guests genuine draft beer. We have keg beer in both ¼ and ½ barrels and all the equipment necessary to serve the keg beer. Hot sandwiches, submarines, ham & cheese sandwiches are also available. Open: Mon. thru Sat. 9 a.m. - 10 p.m., Sun. Noon-6 p.m.

WINE WISDOM:
The richer the food, the fuller flavor the wine should be.

Field Day at City Park

Wixom plans gala Fourth

By NANCY DINGELDEY

A gala Fourth of July for all of Wixom is planned for this Monday... our 201 birthday party if you will.

Taking up where we left off one year ago, the Police and Fire Departments have joined forces and are planning a Police-Fire Field Day at the City Park.

Grand finale is another super-fantastic fireworks display equalling that of last years.

And anyone that was at the park for our Bicentennial celebration knows the entire day was a grand event gathering up rave notices, especially after the night time show.

Opening ceremonies are scheduled for 2 p.m. with the V.F.W. once again raising the colors. Some brief, and I'm told they will be brief, messages from city officials will pave the way for what is hoped to be a fun-packed day for the whole family.

Manning the chefs' hats will be members of the Police Department slaving over the hot grills serving up America's finest, most popular fare... hamburgers and hot dogs. There'll be pop and chips to fill the tummies, served throughout the day.

"Suds" will be available for the adults with the V.F.W. handling that popular spot. The Wixom Historical Society will have an array of tempting desserts for sale... from plain to fancy, by the piece.

There'll be lots of games to keep the kids busy... bring baseball mitts for a round or two on the diamond. Parks and Recreation will have horseshoes ready and waiting as well as volleyball for those sports enthusiasts.

The Fire Department will be out in

force again offering water fights and lots of water fun for anyone willing and able. Teaming up, the men will take battle with the barrel strung overhead on a little cable.

The kids will have their turn with the hoses too, using booster lines trained on special spinners strung on that very same cable. There will be fire engine rides, lots of sirens and rides in the park on a big old hay wagon from the Spencer Farm.

The entire day is being coordinated by Al Blashfield and Phil Leonard from the Police Department and George Spencer from the Fire Department. Many long hours have gone into planning this day of fun for the whole family.

If you remember last year, leaving the park after the fireworks was one of the smoothest maneuvers ever, aided in large part by the Police Department's Mounted Patrol. They'll be there again this year with additional manpower supplied by the Wixom Watch CB Club.

Kojak, Tara and Cimmonen will be on hand for an afternoon show, led through their paces by Roger DeClercq. Both Kojak and Tara, trained German Shepherds and members of the Wixom Police Department, have literally thrilled crowds with their abilities "in getting the crooks."

Big Cimmonen, trained in crowd control, will also be put through his paces. The gorgeous bubble-gum loving horse is sure to be an attraction.

Planning a family get-together on the Fourth? Move it from your backyard to the Wixom City Park. It lies directly behind the V.F.W. off Loon Lake Road. Bring lawn chairs or blankets and settle in for a fun-filled, safe, Fourth of July.

New ordinance limits dog ownership in city

A dog ordinance has been created in the City of Novi, which limits the number of dogs which can be kept on property within the city.

The ordinance, which amends the city's dog ordinance by adding the limit, specifies that "no person who shall reside on a lot having less than 40,000 square feet in area or in an apartment, or condominium, or attached dwelling, shall keep or harbor more than three dogs the age of six months or over."

The ordinance does allow persons with more than three dogs in those areas to obtain a kennel

license through the State of Michigan.

The ordinance amendment was passed as an emergency measure necessary for the public peace, health and safety and was put into effect immediately upon passage Monday.

Approval to the measure was given 4-1 with Robert Schmid opposed. He commented that "I know some people who would rather have dogs than kids."

Very little discussion on the ordinance amendment was held.

The ordinance follows

on the heels of a dog sanitation control ordinance, which was passed recently to stop dog owners from allowing their pooches to "soil, defile, or defecate or to commit any nuisance in any public thoroughfare, sidewalk, passageway, bypass, play area, park or any place where people congregate or walk."

That ordinance requires dog owners to remove droppings deposited by their dog and requires dog owners to carry a container to collect the dog droppings.

Lobdell promoted

Vickie Lobdell, daughter of Mr. and Mrs. Richard W. Lobdell of 319 S. Rogers Street, has been promoted to senior airman in the U.S. Air Force.

Airman Lobdell, an inventory management specialist, is assigned at K. Sawyer AFB, with a unit of the Strategic Air Command.

The airman, a 1971 graduate of Northville High School, attended Northern Michigan University at Marquette.

Wayne County asks Milliken's OK

Wayne County Commissioner Richard E. Manning has appealed to Governor William Milliken to support a proposed plan to use \$2 million in state funds to maintain police protection by Wayne County Sheriff's deputies in seven rural Western Wayne County townships.

"Wayne County taxpayers currently pay for the township road patrols, but that service is scheduled to be discontinued on July 15 because of the county's severe deficit problems," Manning said.

The proposal for state funding for the county road patrols is part of a compromise developed by key state legislators to resolve the debate over what police agency should patrol Wayne County freeways.

Wayne County Sheriff William Lucas has been seeking that assignment and appropriate funding for his deputies, stating that local police control is an important issue.

State Police have been patrolling the freeways since last summer when Governor Milliken ordered the troopers into the area to meet emergency conditions.

In a June 16 mailgram to Governor Milliken, Manning asked:

"We are most hopeful that you will look favorably on the compromise reported today to fund the Township Road Patrol for Wayne County."

"We recognize the reservations of Colonel Hough but in light of Wayne County's deficit problem and the urgent need for police protection in the semi-rural areas of Michigan's most populous county, this innovative approach is most appropriate."

Colonel Gerald L. Hough is the Michigan State Police Commander. He has stated he opposed the compromise.

The townships involved are Brownstown, Canton, Huron, Northville, Plymouth, Sumpter and

Van Buren.

Manning praised Senator Bill S. Huffman, vice chairman of the senate appropriations committee, state AFL-CIO President William Marshall and Metropolitan AFL-CIO President Thomas Turner for their efforts "in presenting a plan that is in the best interests of everyone concerned."

"News reports of the compromise indicating \$2 million in state aid for the township road patrol is the best news we've had in Wayne County in a long time," Manning declared.

He added, in a mailgram to Senator Huffman:

"Your proposal is a superb compromise and will help maintain an absolutely essential service to over 150,000 citizens."

"We will work with you in every way to support this compromise."

Manning pointed out that state money for Wayne County deputies was

justified by the proponents of the plan "because state troopers provide local patrol services in many out-state areas, particularly in northern Michigan and the Upper Peninsula."

"If out-state rural areas are getting state money because it is difficult to finance a local police department with a limited population, then the same should apply to our rural citizens," he stated.

Manning's strong endorsement of the proposal was co-sponsored by County Commissioners Rose Mary C. Robinson, chairman of the board of commissioners' public safety & judiciary committee, which has been dealing with the township patrol financial problems, Norbert Wisniewski, and John Korney, all of Detroit.

Manning, a democrat, represents District 18, which encompasses Redford Township and western Livonia.

Speaking for The Record

At last! Novi charter ready

The wheels of government sometimes turn too slowly to suit us. Such was the case in development of Novi's revised city charter.

At times the charter commission seemed to be so mired in nitpicking debate that we and others feared its job would never end.

Thus, we are both surprised and delighted with the announcement that the job is done and the proposed new document is ready for submission to the governor's office.

It's been a long time since the commission was established by a 1974 election to revise the city charter. The law provided commissioners three years within which to complete their work. This coming November marked the deadline.

During the past 2½ years, the commission has reviewed, studied, debated and rehearsed section after section of the document. Complicating their tedious task along the way was the resignation and reappointment of several commission members.

Despite the delays, we are pleased with the final proposal. It represents, in our opinion, an overall improvement of the existing charter.

Not all of its provisions were unanimously accepted by commissioners, and very likely the public will not be entirely pleased with each and every change.

We particularly applaud the commission's decision to retain the city manager form of government and its strengthening of the city manager's responsibilities. In our opinion, a switch to a strong mayor form of government together with adoption of a ward system, as had been proposed, would have been a tragic mistake and a step backward.

We agree with the commission's chairman, Mrs. Mabel Ash, that the revised charter proposal is a "good consensus" of the commissioners' differing viewpoints. And we think, as does Vice-Chairman Carol Smith, that "it's a workable charter — not just for two years but for 10 years."

To all original charter commissioners and their replacements who helped develop this revised charter proposal go our congratulations. It was slow in coming, but the final product was worth the wait.

When voters go to the polls in November to pass judgment on the commission's work, we hope they will agree with us.

Support sagging

A campaign for funds to oppose a state prison at the Child Development Center on Sheldon road in Northville Township has another week to run.

Collections are lagging badly. Organizers of the Western Wayne County Residents Association, a handful of citizens who have been most actively engaged in the fight against the prison facility, are quietly disappointed.

True, many of them reside most closely to the proposed installation, so maybe they had the most at stake.

They took bold steps in an arena of battle where they had little experience. When the prospect of a prison first cast its shadow on the community, they acted promptly without regard for cost or consequences. Their sole objective was to stop the prison.

Right now it's better than even money that Northville has effectively blocked the prison proposal. But some expenses continue in the prolonged fight.

Meanwhile, even though the WWCRA was given widespread support in its battle against the proposed prison, the big share of money has come from relatively few pockets.

The campaign is \$15,000 short of its goal. That's \$15, each from 1,000 area citizens.

The deadline is July 8. The local post office box for receiving donations is P.O. Box 49. Checks can be made out to the Western Wayne County Residents Association.

Speaking for Myself

Turn Farrah

off Fawcett?

YES . . .

Farrah Fawcett, the blonde with the flowing mane, has managed to inundate the media of the entire U.S. to such a degree that even SHE must be beginning to be bored of it. This flood of Max Factor — Revlon — Avon — Colgate — Right Guard — Clairol — Dr. Scholl's charm which has been gushing out from Tinsel-Town has left me with a feeling that I would like to see all this Madison Avenue hoopla dry up, and turn Farrah's Fawcett off!

If you've been to the magazine counter lately, and tried wading through all the rag-mags with her mug shots plastered all over them in a futile search for one without one, you will know what I mean. Enough is enough.

Even the kiddies can't escape. The toy sections now offer for the toddlers Farrah paint-by-number kits, so the little people can learn what's really important in the grown-up world, syndication!

I really can't see much else in Farrah's case. As an actress, she probably won't steal away with Oscar, and most who have watched that mock-serious "Charlie's Angels" would have to agree. Her looks aren't really THAT great (minus perhaps a half pound of greasepaint) and her Twiggy bod can't compare to perhaps Elizabeth Taylor or Sophia Loren, or the late Marilyn.

So what's all the big deal? In my opinion it's one of the slickest ad-con jobs that Tinsel Town and Madison Avenue have ever pulled off. After women have teased their hair and men their fancy, Farrah's Fawcett will drip dry. As far as I'm concerned, the sooner the better.

Barry G. Yoder
Brighton

'Starboard list'

Fourth warning

Michigan's state highway department is predicting a record for travel over the upcoming Fourth of July weekend.

Traffic experts estimate motorists will drive 765 million miles over the holidays. That's some 15 million motorist miles more than last year.

Obviously, more miles driven by more motorists increases the possibility of highway accidents.

Don't become a July 5 statistic. Observe the 55-mile-per-hour speed limit on the highways.

Remember, too, that area residents can enjoy the Fourth at home and leave the car in the garage.

A full day of entertainment will again be provided by Northville Jaycees.

JACK W. HOFFMAN'S COLUMN

The same woman who laughed when the preacher asked her to obey me 23 years ago flipped out again Friday as we dined with the Honeymooners.

Except for the pomp and pageantry surrounding the Queen of England, she simply has no respect for ritualistic ceremony or sentimentality.

Her idea of respect is bowing to the toilet bowl if it gurgles free after a thrashing with the plumber's helper.

For her, reverence is that moment of silence just after she's packed six kids off to bed; reverie is the state of meditation in front of a laundromat washer.

As for sentimentality, she abhors it all.

I saved the box in which her wedding ring came; she burned our marriage certificate. I kept her love letters; she lined the cat's litter box with mine.

Given her penchant for disrespect, I should have known better when on Friday our advertising manager, Mike Preville, invited us out for an evening at his club following his marriage.

"Oh, boy, I'd be delighted to go," she lied. "I've never been to a meeting of the Royal Order of Forest Rompers. Will Jackie Gleason be there?"

(Forgive me, Mike, she coined the name for your organization, not I).

It was a pleasant evening.

The Rompers were perfect hosts, and Joan was surprised to learn that Rompers do not use passwords to gain admission, they are robeless, do not require members or guests to bow before the Romper mascot, and no one wore raccoon tails.

And neither Ralph Crampton nor Ed Norton was there.

Suddenly, however, the band stopped playing, the dancing, drinking and merrymaking stopped, the lights dimmed, and we found ourselves rising in unison with the audience as the chief potentate took the microphone.

Heads were bowed.

"Fellow Rompers, it is the hour of recollection..." he began.

Standing close behind her, taking in the solemnity of the occasion, I felt her trembling and for a moment I thought her corset may have pinched off her circulation.

"Wherever Rompers should roam, through forest or dell..." he continued as the light dimmed a smidgen more with the sound of a bell.

She was shaking uncontrollably now.

"From far and wide, we pause at this magic hour..."

Poor girl, I thought, she's really moved.

But now there was a distinct rumbling within... the unmistakable sound of a belly laugh choked off behind clenched teeth.

If the newlyweds were not already there, I would have crawled under the table. Instead, in my embarrassment, I gave her a reprimanding pinch and it all spilled out just as the good Rompers were repeating their vows.

"Now you've done it," I scolded her on the way home. "We'll never be invited back."

"I couldn't help it," she apologized. "I pictured them all romping around in the woods and then stopping at the magic hour for some recollection."

Forgive her, Rompers, she laughed at Jackie Gleason, too.

CONGRESSIONAL SEARCHLIGHT
by CONGRESSMAN
CARL PURSELL

Slowly, reluctantly the dried skin on the alleged Korean effort to bribe Members of Congress peels away. And the unsavory odor released in the process may soon be too strong for anyone to ignore.

The latest episode was testimony before a Congressional committee by a former chief of the South Korean CIA, Kim Hyung Wook. He testified that there was a coordinated effort, led by Korean President Park Chung Hee himself, to bribe Members of Congress in an effort to assure favorable U.S. policy toward Korea.

Favorable U.S. policy means big dollars in financial aid and military support, and tolerance for the questionable practices of the Park government on the human rights front.

To assure the continued support of the country which sacrificed many lives in the defense of South Korea, the allegation is that large cash payments and other favors were extended to a number of past and present Congressmen, both Democrats and Republicans.

Like you, I'm waiting for the facts to come out from the various investigations now underway. But what I've seen so far doesn't look good. Not at all.

At this point in the investigation, I think it's time President Carter appointed a special prosecutor to give us an unbiased look into the scandal. Certainly too much is at stake to let a Congressional investigation of its own be the sole probe into this matter.

The former Korean CIA chief implicated, through his testimony, Tongsun Park as a central figure in the bribe scheme. Park has fled the country. Among others named as participants in the bribe efforts were

controversial Rev. Sun Myung Moon, and Suzi Park Thompson, an assistant to former House Speaker Carl Albert.

We're still awaiting definitive information on these Koreans, the extent of the illegal activities they may have been involved in, and a full accounting of the Members of Congress who may have been on the receiving end.

Despite the past pious statements from Congressional offices about "following every lead no matter where it goes" in the notorious Watergate affair, I've seen little evidence of equal zeal to unearth the Korean connections of Congressional colleagues.

Over a month ago I joined with some other Congressmen to urge the House Ethics Committee to adopt a more rapid and open effort to get to the bottom of this scandal.

Significantly, the first major public testimony came not before the Ethics Committee, but before a House International Relations Subcommittee. That does not encourage me about the Ethics Committee's dedication to the task at hand.

There are some indications that the Ethics Committee is proceeding. Proceeding at a most deliberate pace, to be sure, but at least proceeding.

I still have two questions about their probe: are we going to get a full expose of Congressional involvement; and if so, will we have the facts before or after all involved have retired from the Congress.

While there's no evidence as yet to indicate a cover-up by Congress, I'm comforted by the fact that there are also non-Congressional investigations peering into the allegations of a shadowy Korean pipeline to the U.S. Capitol.

News From Lansing

BY R. ROBERT GEAKE

STATE SENATOR

State lawmakers may once again have to deal with the issue of abortion as the result of a U.S. Supreme Court ruling that states are not required to provide Medicaid funds for abortions unless a mother's life is endangered.

It is estimated that about 1,000 of the abortions performed each month in Michigan are paid for by Medicaid funds at a total cost of about \$2.5 million annually. The state pays 10 percent, while the federal government picks up the remaining 90 percent of the bill.

Now that the Court has ruled that states do not have to provide funds for abortions, however, anti-abortion lawmakers are readying legislation to prohibit the use of Medicaid funds for abortions in Michigan.

The Legislature voted two years ago to bar Medicaid payments for abortions. That vote was overturned, however, by an attorney general opinion which said the state had no authority to set that limitation.

Thus, Medicaid funds have been allocated to qualified recipients for all abortions performed in a hospital, clinic, or doctor's office in the first 12 weeks of a pregnancy and in a hospital only during the second 12 weeks up to six months. No Medicaid funds are allowed for abortions after six months of pregnancy unless the mother's health is endangered.

Proponents of eliminating Medicaid funds for abortions argue that it is improper for state monies to go for abortions.

Those who want to retain the funds, however, believe that women who are poor would be discriminated against if they are unable to obtain abortions through state financial assistance when women who have more money can continue to have abortions because they can afford them.

Lawmakers who oppose abortion are many in number and it appears that any bill to eliminate Medicaid funds for abortions could pass both houses of the Legislature.

The Governor, however, and a number of lawmakers who favor continuation of funds for abortions, have vowed to wage a strong fight against the bill when it is introduced.

Both the Senate and the House approved legislation this week outlawing child pornography in Michigan.

Passed by the Senate were two bills (SB's 380 and 381) which prohibit the use of minors in sexually explicit materials and the production and distribution of such materials which use minors as subjects.

And, the House also approved a bill (HB 4332) banning the production and distribution of commercial sexual matter with minors.

The measures provide stiff penalties for failure to abide by the prohibitions. Persons who allow or arrange for such productions involving children under 18 for commercial purposes could get 20 years in jail and be fined \$20,000. Sellers of such material could be sent to jail for seven years and fined \$10,000.

Lawmakers gave the bills unanimous approval in the belief that enacting such harsh penalties is the only way to stop what appears to be a rapidly increasing practice in Michigan.

More than a dozen cases of the use of children in pornography have been reported.

Members of each legislative body will now begin examining the bills passed by the other chamber to determine which measures should be sent to the Governor for his signature.

Readers speak

Honor grad praises NHS staff

To the Editor:

After reading numerous current issues in the Northville Record, you must be really questioning the High School staff in regard to their concern for students. While community members have previously portrayed negative attributes of our staff, I would like to challenge them at this time and illustrate their many more positive attributes.

Unlike a general attitude which seems to be still growing in our community, our teachers do care about students before 8 a.m. and after 3 p.m. After personally surveying many a Northville teacher, results show teachers care more about their students than the community sees and many a student realizes.

Northville High School is fortunate to have a teaching staff that is well qualified, experienced and who possesses a diversity of backgrounds. It's no wonder that a staff with these credentials is able to provide students with a wealth of educational opportunities and experiences. Every department is composed of creative teachers, who aim to give their students a more well rounded educational background than a classroom setting can offer.

Even with many a teacher working in a 30:1 student-teacher ratio, they continue to "give their all" for students. While a list of school achievements, because of teacher encouragement could be prepared, it would only go on for pages. However, I feel it only worthwhile to give credit where credit is deserved and mention some of the many achievements which made up our successful year — 1976-77.

Yearly NHS English students seem to take more than their share of writing awards. Again this year, we had many a "gold key" winner along with writing honors. Drama students did quite well in providing you in the community with their excellent stage performances. Our jazz and marching bands have played exceptional this year even with the absence of the freshman class. Our math, science and language students all received honors from national competition. The school newspaper — Mustang — took honors when it was voted a "superior" paper this year by Schoolcraft College critics. Art students are also recognized as Scholastic Art winners. Did you know that?

NHN is also privileged to have on its staff Ms. Pat Dorrian who was voted Michigan's top creative writing teacher last year. A college level humanities program taught by three highly professional women, Ms. Dorrian, Ms. Woodard, and Ms. Brown, also benefits many a student. Mr. Meteyer and others provide students with extra seminars in science weekend conservation trips and advancement opportunities at local colleges.

Our business teachers, Mr. Saunders and Mrs. Gorshak, have also been responsible for a successful co-op program which provides jobs for many a Northville student. As well as Northville High School's own school store, the Hill Top Shop.

Language teachers, Ms. Serafa, Ms. Prestel and Ms. Guequierre, spend many hours socializing and on after school and evening adventures with their students. They devote time into plays and language festivals as well as devoting "their vacation time" to sponsor trips abroad.

Ms. Jane Crawford, a psychology teacher, creates an environment of relating psychology to her students through class work as well as community involvement. An invitation is open to all who work with the mentally retarded in both area Northville schools and neighboring institutions — as well as assisting in local hospitals and businesses.

Ms. Barb LeBoeuf has encouraged many history students to take part in governmental elections and campaigns with her own zeal and intelligence with politics.

Our coaches, Mr. Koepke, Mr. Simpson and Mr. Redmond, have also encouraged many a student on to their victory, bringing back many a trophy and good name to N.H.S. This department, I'm sure, you already know very well about with its excellent coverage by this paper.

Even to commend individual teachers and departments is only half of recognizing all of what teachers put out for students. It would be highly inadequate not to mention the

numerous after school and evening hours teachers devote for students. Many a teacher attends meetings, workshops, becomes involved in new community groups, communication programs, even takes time to listen to students speak — a form of mini counseling and devotes many a Saturday — all because they are concerned for students.

These, friends, are all factual times NHS teachers gave during this past school year, all because they cared about students. But now that TSY is over and ESY will soon be ending how many of our teachers will still be spending this summer at a college continuing their own education and improvement?? Many!! Because many will continue to care even when the "school calendar" is over.

I hope these factual records will help to restore your belief and faith in our communities' teachers. Especially to the parents of high school age students. I would hope that you are debating whether or not to send your child to NHS, that a question of doubting the quality of education and teachers would not be on your list. For there is no validity in such a doubt.

Will you, as a community, now believe that our teachers care? They do...so when next year's September calendar opens, begin and continue to support the teachers who work in our community — for it is and will be your child who will benefit from their works.

Fines for M-D

Books pile on library tables at Northville high school add up to more money to fight muscular dystrophy. Media specialist Dan McCulloch (right) agreed to donate fines for overdue books to the MD drive that has been

conducted by the student congress. Helping to count the books are student congress President Bob Krinsky (center) and Vice President Jim Carmichael.

Service patrol enjoyed camping

To the Editor:

The Silver Springs service patrol went on an overnight camping trip to Greenfield Village Thursday, June 8th. We had so much fun that we would like to thank our chaperones, Mr. and Mrs. Petit, and Mr. Young. We also would like to thank Mrs. McGrath and Mrs. Piskor for driving. A special thanks to Mrs. Dicks and Mr. Heney for their guidance and support through the year.

Sincerely,
Silver Springs
Service Patrol

'Thanks for help'

To the Editor:

I would like to express my appreciation to all those friends, neighbors, high school students, and concerned citizens who worked in my behalf. Thank you.

Sincerely,
Richard Herbel

A Salute To 201 YEARS OF FREEDOM

America is another year older. That's cause for celebration. Since her founding in the 18th century, she has drawn strength from the blend of hard-working, independent-thinking peoples who have reached her shores. They have come from all over the world and labored against formidable obstacles in search of an ideal—equality among men, freedom to act according to their beliefs and a better way of life. All Americans have not reached that goal, but we are getting closer. Happy Birthday America!

Behind scenes

Parade making no easy task

How do you make plans for a pair of elephants who have got to get through your parade in time for another parade a few miles away?

Very carefully.

That's just one of the problems that faced Northville Jaycee John John Stilson this year when he assumed the duties of parade chairman for the annual Fourth of July extravaganza.

"I've never done a parade before in my life," a remarkably relaxed Stilson mused last week. Even so, all of the major work for the parade is finished. "All we're doing now is fighting the minor problems," he explained. "If you had been here three weeks ago, I would have said it was way behind."

As he flipped through a two-inch volume of parade data compiled by previous chairmen, Stilson noted that the past experiences proved helpful.

But, he added, getting the information was one thing and organizing is quite another.

The dozen people in the parade committee must cover everything from scheduling the scores of entries that march in the parade to cleaning up the mess afterward.

And that means making arrangements for antique cars, horses, floats, "VIP's, bands and, yes, elephants.

The elephants, by the way, will probably be scheduled near the start of the parade since they — and a couple of

bands — are due in Plymouth that afternoon.

"It takes an enormous amount of letter writing and direct contacts to get commitments," said Stilson.

The problems were compounded this year because Stilson wasn't given the job until after the first of the year. Normally, preparations begin in November.

Another consideration is what Stilson calls the "fantastic" financial commitment made by the Jaycees.

The parade calls for a \$6000 to \$8000 drain on the service club's budget. They try to recoup with various projects throughout the year, a chicken barbeque on the Fourth and a contest — also on the Fourth — which offers as prizes \$300 worth of food, a complete tennis outfit and a camera kit.

Northville City and Northville Township both make contributions to help cover costs.

What isn't figured into the final balance sheet is the countless hours that the Jaycees put into the parade.

That effort continues right through the Fourth as parade entries must be parked, assembled and lined up before the 10 a.m. starting time.

During the parade, 16 Jaycees will be designated as parade officials to handle any problems that may occur.

After Monday, there's not much to do except look toward July 4, 1978.

"And I'm going to see that the planning gets started early," said Stilson.

Parade marks birthday

Continued from Record, 1

band and Mayor Allen will march to Mill Race for a flag-raising ceremony that will kick off the afternoon events.

There will be a lot of food there including the traditional Jaycee chicken barbeque, hot dogs and — for the really ambitious — a watermelon eating contest at 1:15.

For dessert, try the ice cream social behind the Yerkes home sponsored by the junior docents of the Historical Society. While there, watch the demonstration of the old-fashioned ice cream making (noon until 5 p.m.).

The docents will also be offering tours of restored buildings at Mill Race.

When you're not eating, wander through the flea market and check out the white elephant sale and the arts and crafts display sponsored by the Historical Society.

School board sets millage rate at 2.8

Continued from Record, 1

students and parents could not be financed.

The additional \$446,000 that will be generated by a 2.8-mill tax hike would be spent as follows:

—14 additional teacher positions, \$192,000. This includes four high school teachers which would also reinstate the six-hour day at the high school; six junior high teachers, which would expand program offerings; and four elementary teachers, which would allow for instructional music and expanded needs in reading and library services.

—A junior high assistant principal, \$20,000. This would be a new position and would allow the two junior high school principals to spend less time on discipline and attendance and more time on curriculum.

—Two custodial positions, \$20,000.

—Fringe benefit costs for new employees, \$20,000.

—Extra-curricular salaries to meet program equalization needs, \$11,500. This would allow the hiring of 12 junior high girls basketball and girls volleyball coaches and two assistant junior high swimming coaches.

—Instructional supplies, \$57,000. Textbooks are needed at all levels, according to principals and teachers.

—General maintenance, \$18,500. Maintenance has been criticized heavily this year, particularly at the high school. Administrators say part of the problem can be solved with better procedures and supervision, but more money is also needed for the oft-neglected area.

—Extra-curricular operating costs, \$19,500.

—Capital outlay, \$88,500. Twice that much could be used, but it is better than no funds for capital outlay which is what is budgeted if there is no tax increase.

School board President John Hobart said he was "bothered" that the board was going for just enough millage to meet next year's needs rather than requesting the money necessary to fund the budget for several years.

However, he joined four other board members in approving the request. The two other board members, Martin Rinehart and Marjorie Sliger, were absent Monday but had previously indicated their support of a millage try.

Next month, both Rinehart and Vice President Roger Nieuwkoop—neither ran for re-election—will be replaced by new board members James Lewis and Charles Peltz.

Both men opposed a millage try in their campaigns and neither has indicated if he will support this request.

Want some summer fun? Go out and climb a rock

Rock climbing isn't the type of activity most Michigan residents get hung up on over their weekends. Thus a class offered in it wouldn't spark much interest, right?

Wrong, says Doug Maddex, a man who should know.

Maddex is an experienced instructor of rock climbing classes, and earlier this month he took over the Northville Recreation Department's first such program. Called Rock Climbing I, the program's purpose is to teach those interested the basic techniques involved in climbing, rappelling and belaying.

Only seven people signed up for the program, but Maddex is impressed with their enthusiasm.

Comparing classes he now teaches in Wayne, Farmington and Northville with those he's had in the past, Maddex says people "are becoming more and more interested" in learning to climb and that "they're getting better and better" at doing it.

"I think interest in rock climbing is

really growing," he says. "A lot of people are getting into it just because it is so interesting, and for the experience."

He adds that the interest isn't confined to a particular sex or age group, either. The seven people in his Northville class, for instance, range in age from 19 to 49 and include two women. Maddex claims women normally account for 30 to 40 percent of his classes.

But what can a person learn about climbing in a classroom?

"There's some basic facts you need to know," says Maddex. A typical class, he explains, might consist of learning how to tie various climbing knots, what the different signals are that climbers use, and how to avoid accidents.

Safety is stressed particularly strongly. According to Maddex, "learning to follow proper procedures safely" is far more important than anything else, and he makes certain his students are aware of it. He considers rock climbing an "extremely safe"

activity for those using proper equipment and safety precautions.

In addition to classroom learning a person is exposed to simulations of an actual climb. In the fourth of five weekly classes last Thursday, for

instance, Maddex had each of the Northville students tie up and put on his own harness.

Then, wrapping a long climbing rope

Mike Zayti legs out a hit during Blues Invitational

Local comeback fails

Close but no cigar.

Northville Animal Aide fought back the hard way in last weekend's Blues' Invitational Softball Tournament in Northville, but in the end it was Walled Lake's Pete Drakos Insurance that took home the championship trophy.

Drakos exploded for four runs in the top of the seventh in the title game against Northville's National League club to break open a tight, low-scoring battle and win 7-2.

Animal Aide lost 9-1 to Drakos in the first round of the 10-team tournament to fall into the losers' bracket right away. From there they won four straight games to earn a berth in the championship contest.

After their first loss Animal Aide edged Northville American League rival Sheehan's On-The-Green 10-9. Then it was 12-4 over another American League team, Zayti-Northeast, and a 6-5 upset over Novi powerhouse, J.P. Realty.

The game with J.P. Realty was a classic. J.P., which lost 14-9 to Drakos in the previous game, jumped on Animal Aide for two runs in the third and another in the fifth.

Going into the bottom of the seventh Animal Aide trailed 3-0. With bases

loaded and one out, though, Ed Jacques smacked a two-run single. Jamie Moore followed with a sacrifice fly, and the game went into extra innings.

J.P. Realty, the first-place club in Novi's National Division, scored twice in the top of the eighth, and once again Animal Aide looked down and out. But once again they rallied to tie the game, this time on a bases-loaded single by Steve Jacques.

One out later Ed Jacques knocked his brother in with a sacrifice fly, and the game belonged to Animal Aide.

In the championship game Drakos scored once in the first and once in the third for a 2-0 lead. Dave McClain got one back in the bottom of the third when he singled and came home on as two-base error off the bat of Tony Carrasco.

Behind 3-1 in the bottom of the sixth, Animal Aide added another on a leadoff single by Moore, a walk to Dave Zima, and Steve Jacques' base hit.

The party ended in the seventh, though, when six of Drakos' first seven hitters singled for four runs. Animal Aide went down in order in their half of the seventh.

Of the 10 teams competing in the tournament five were from Northville and one (J.P. Realty) was from Novi.

Unidentified J.P. Realty player dives back to avoid tag

Froberger leaves

Recreation head resigns

Charles Froberger, director of the Northville Recreation Department for the past two years, will formally

CHARLES FROBERGER

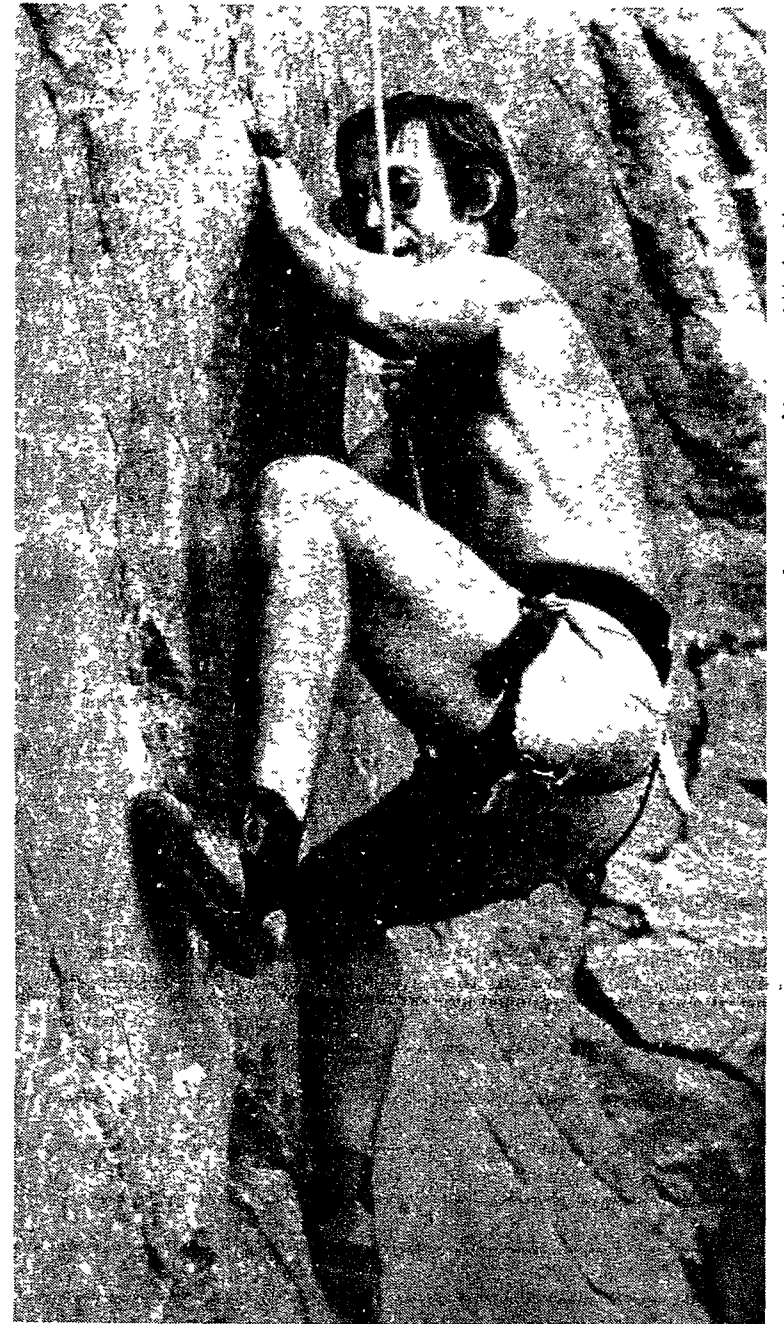

announce his resignation from that post at a special meeting with the City and Township Recreation Commission tonight (Wednesday).

The meeting is open to the public and starts at 7:30 p.m. in the Commission Office, 215 W. Main St.

Froberger has been offered a position as an ice arena manager at the Taubman Company in Sterling Heights. His decision to leave Northville, he said, was a "complicated" one involving "many different ingredients."

"I love my job here and I hate to leave Northville," Froberger said, but added he's looking forward to the chance to advance his career in another area of recreation.

Froberger said he doesn't know how much longer he'll be staying as Northville's Recreation Director, but said he wants to assure "a smooth transition" to his successor before cutting his ties here. The Recreation Commission will probably discuss that transition at tonight's meeting, he said. Froberger took over a Recreation Director in May of 1975.

Rock climbing is taking a hold in Northville Recreation class

Novi youngsters aim for Metro in track meet

Novi youngsters will have a chance to qualify for this year's Detroit Metro Junior Olympics track meet next month.

Parks and Recreation is sponsoring its first annual city meet at the high school July 16, with the best competitors advancing to the Junior Olympics at Willow Metro Park July 28.

Boys and girls from 10 through 15 years old will each be divided into three age categories. Events will include chinning, softball throwing, the 50-yard dash, the broad jump, and the hop, step and jump.

There will also be a shuttle relay involving both boys and girls.

County Swim-Mobile. On Friday the Swim-Mobile journeys to Village Oaks School from 1 to 5 p.m.

It's all part of the Novi Parks and Recreation's expanding Summer Playground Program, a daily series of scheduled activities for elementary and Middle School youngsters in Novi.

The Swim-Mobile is just one of several traveling activity centers that Novi will be getting this summer. Last week Recreation Director Barry Smink sealed an agreement with Oakland County's Mobile Recreation Program that will allow the city to use five other Mobiles in the next seven weeks.

With one exception, each Mobile will travel to both Orchard Hills and Village Oaks.

On July 8 the Puppet-Mobile comes to town, followed by the Skate-Mobile (July 11), Nature-Mobile (July 25), Art-Mobile (August 3), Sport-Mobile (August 10), and again the Skate-Mobile (August 18). The Nature-Mobile will only visit Orchard Hills because of Village Oaks' scant natural surroundings.

Smink is exuberant about getting the Mobiles, and expects good turnouts for their appearances.

"I think Oakland County should be applauded for the success they've had with these things (and) I'm looking forward to it going over well here," he said.

The swimming pool came to the swimmers in Novi

Climbers not fazed if road is rocky one

Continued from Page 1-B

around a tree out back of the Scout Recreation Building and placing one person on each end of the rope in pulley-like fashion, Maddex watched as the students mimicked climbs.

Using signals they'd use in an actual climb, one student would act as a climber and the other as a "belay" (an anchor man who helps pull the climber up). These simulations, Maddex claims, are good preparation for a student's first actual climb because they utilize the same kind of motions he would use in the real situation.

Each course in rock climbing also includes a field trip to a local climbing area. Grand Ledge, a western suburb of Lansing, is the nearest outlet to this area. Last week the Northville class journeyed there and, according to Maddex, "climbed really well".

Local enthusiasts can also climb at the Rattlesnake Conservation Area near Toronto. Brad Carter, who helped Maddex with the Northville program, has been involved in rock climbing for years and he, like many other Michigan residents, travels to Rattlesnake or Grand Ledge almost every weekend.

Both Carter and Maddex are from a recreation organization called Michigan Wilderness Consultants, Inc.

Located in Wayne, its purpose, according to Carter, is "to teach people outdoor skills (and) let people have more enjoyment out of doors."

Maddex, who's been teaching rock climbing and other outdoor recreation programs for the past three years, will also instruct an advanced class called Rock Climbing II through the Northville Recreation Department, starting August 10. From the response, he's gotten from the beginners' class he expects to see most of the seven boys for the advanced program.

A course in Rock Climbing I is also being offered through the Farmington Rec Department starting July 6.

Albion bound

Andy McComas, an All-State running back from Novi High's league champion football squad last season, will be carrying the pigskin for Albion College this fall.

McComas, who was also an honor student at Novi, is one of five high school All-Staters picked up by Albion.

Last fall Albion won the MIAA conference title and finished their football season with a 9-0 record.

In addition to football McComas lettered in basketball, track and baseball last year.

Girls softball leaders way ahead

Leaders of Northville's girls' softball leagues are running away from the pack.

With one week left in the Intermediate (12-13) and Primary (9-11) Divisions and two weeks to go in the Seniors (14-15) Division, the biggest battles are for second place.

SENIORS DIVISION

In the Seniors Division the Travelers opened up a five-game lead over the Gems last week by sweeping their games against the Sunbirds and Phillies. One more victory this week will clinch the Travelers' second straight divisional championship under Coach Bernie Kurzawa.

After knocking off the Sunbirds 20-2, the Travelers beat the Phillies 13-5 Wednesday in a game that stayed close until the fourth inning.

Kim Nichols' two-run double in the top of the first got the Phillies off to a 3-0 advantage, but that lead vanished quickly. In the bottom of the first Kim Kurzawa, Audrey Riegner and Julie Abraham hit back-to-back doubles to help the Travelers score four times and go ahead.

After the Phillies tied it in the top of the third the Travelers came back for three tallies in the bottom of the third

on hits by Riegner, Abraham, Stephanie Colovas and Angie Cave to go up 7-4.

The fourth inning proved to be the Phillies' real undoing, though. Doubles by Colovas, Kurzawa and Abraham plus base hits from Lori Parrish, Mary Bradley and Teresa Mitchell enabled the Travelers to score six times for a 13-4 lead.

The Phillies added one in the fifth on four Traveler errors and a single by Maureen Naszrade, but the game was already out of hand.

The Travelers' Amy Abraham was particularly impressive defensively. Despite a sudden switch from catcher to first base she's playing well, and committed none of the Travelers' nine errors in the Phillies' game.

INTERMEDIATE DIVISION

Following two victories over the

Sunbirds and one over the Liberties last week, the Gems were five games up on the second-place Travelers.

Friday's 12-7 win over the Sunbirds was closer than expected, though. After jumping out to a 5-0 lead in the first two innings the Gems watched as the Sunbirds whittled their lead to 5-4 in the fourth.

In the bottom of the fourth Jackie Nixon, Connie Daraban and Betsy Barron singled to give the Gems a 7-4 edge, but the Sunbirds bounced back for a run in the top of the fifth.

Coach Joan Cave's Gems finally put the game out of reach in the bottom of the fifth. Two singles by Candy DiComo combined with hits from Jackie Ballard, Kelly Gray, Mary Helen Kirwin, Daraban and Nixon helped the winners score five times.

Two runs in the Sunbird sixth finished up the scoring.

PRIMARY DIVISION

Entering the season's final week the Primary Division's Travelers have a three-game lead over the Gems, thanks to victories over the Gems and Sunbirds last week.

Wednesday's game versus the Sunbirds went right down to the wire, though, before the Travelers pulled out a 12-11 win.

Grace Suddendorf's home run early in the game helped the Travelers to a 12-4 lead, but the Sunbirds refused to fold. They had narrowed the gap to two runs as they came to bat in the last inning.

After scoring once the Sunbirds loaded the bases with two outs. Leftfielder Molly Middleton squashed the threat, though, when she caught a line drive for the third out.

The Travelers, coached by Karen Woodruff, now have a 10-1 record.

Day Camp to emphasize outdoors

There's a new twist to the Northville Recreation Department's Summer Day Camp program this year.

Emphasis will be on outdoor activities in the five-year-old program, which starts Friday and lasts through August 19.

According to Recreation Director Chuck Froberger "the main objective this year is to get the kids outside and to do things on their own."

Called "Summer Fun in the Sun," the program will take place every Monday through Friday (except July 4) from 9

a.m. to noon at the Scout Recreation Building and at the Winchester and Silver Springs elementary schools. It's open to kids from five through 15 years old.

Activities will include field trips, swimming, games and other endeavors based on the program's theme of the week. Community Week, for example, might include a bike parade or holding a bike rally in which participants earn points for using proper signals on a bicycle course.

Animal Week will include a trip to the Detroit Zoo and an opportunity for the kids to make their own papier-mache animals. Other weekly themes include: International Week and Indian Week.

According to Froberger "every child will win something (and) every minute will be filled with fun and games."

Cost of the seven-week program is \$6 for city residents and \$15 for others. Residents can sign up at the Northville City and Township Recreation Commission, 215 W. Main St.

Derby in August

Northville's eighth annual Soapbox Derby, originally scheduled for last Saturday, has been postponed until August 6. No specific location has been arranged yet.

For further details contact Pete Winter of the Northville Jaycees, evenings at 349-5588.

Top teams win again

Party Store and RPM Automotive proved to be the cream of the crop in Novi's Major and Minor Leagues last week as they continued their winning ways.

Party Store of the Major League's Blue Division upped its record to 12-0 following two 14-run victories over Novi Policemen and B&V.

Their 14-0 win over Novi Policemen was especially impressive. Policemen entered the game with a 7-3 record and tied for first place in the Red Division.

After struggling to a 6-0 lead in the first five innings of the contest Party Store erupted for eight runs in the top of the fourth to turn the game into a rout.

Eric Deline had four hits in four trips to the plate, scored three runs, knocked in three RBIs and pitched the entire game for a one-hitter for Party Store. Tim McClorey added two hits and four RBIs for the winners, while Jeff Demorest went 3-for-5 and scored twice.

In another crucial game two days ago Party Store scored three times in the top of the first and went on to defeat Red Division's first-place Novi

Firemen 7-1. The Firemen had polished off Novi Policemen 14-3 last Thursday to set up the showdown between the major League's two first-place clubs.

RPM Automotive, meanwhile, increased its league lead over Spartan Concrete from one to two games last week with victories over Poured Brick Wall and Andy's Meat Hut.

Going into Thursday's game with Meat Hut, RPM sported an 11-1 record to Andy's 6-5 mark. It took a last-inning rally to give RPM a 5-4 triumph, though.

After jumping off to a 2-0 lead in the first on Kevin Alexander's two-run homer, RPM kept quiet until the fourth. Then Alexander punched in two more with a two-run double to give his team a 4-0 lead.

Andy's fought back to tie it up in the bottom of the fourth, though, setting up RPM's last-minute heroics.

With two out and Todd Glaesmer on first Chip Payton walked. Tim McBride followed with a run-scoring single, and RPM had the lead back.

Pitcher Tim McKernan then sewed up the victory by retiring Andy's without incident in the bottom of the fifth.

Bike parade, rally Friday

Kids interested in showing off their bikes will get plenty of opportunity to do it this Friday (July 1).

The Northville Recreation Department is sponsoring a Bike Parade and Bike Rally starting at 9 a.m. in front of the Scout Recreation Buildings, 215 W. Cady St.

From there the Northville City and Northville Township Police Departments will escort a bike parade through downtown Northville and eventually to Northville Downs. The

parade is open to anyone from five through 16 years old.

Then, at 10 a.m., a bike rally stressing safety measures will take place at Northville Downs. The Northville City and Northville Township Police Departments will judge the rally.

Decorations for the bike parade will be provided free at the Scout Recreation Building for youngsters involved in the rec department's "Summer Fun in the Sun" program. All others must bring their own decorations.

SURPRISED TEACHERS—Appreciative students arranged a surprise story for Carol Pasco (right) and

Marilyn Collins whose hard work made the Search class a success.

Search class

Kids surprise teachers

When Marilyn Collins and Carol Pasco read this, they are going to be surprised.

The two Northville junior high school teachers were well aware of the picture that accompanies this story. But they thought the photo was merely an acknowledgment of the facelift given the Cooke school library.

Little did they know that the picture was part of a ruse contrived by the 30 or so students who are part of the new and innovative Search class.

The hoax is the kids' way of saying thanks for the extra work volunteered by the teachers to keep school exciting. "With math and everything, you can get bored," explained Andy Anderson. "But with the things (that they do in

Search), you can be creative with yourself," added Sue Danol.

Search students were split into two groups that each studied an interesting topic for two or three weeks. Then the groups got together to talk about what they had learned before striking out on a new subject.

Course matter in the elective class for extended school year students ranged from bird watching to movie making.

The teachers supplied about six or seven themes and the students would choose those that were most appealing.

Search allowed the students to get a feeling for bird watching, movie making (they made two movies — one about a bird watcher and one about an earthquake), radio broadcasting and Spanish.

They also did public service projects such as making model airplanes for handicapped children and cleaning and painting the library which produced some unexpected benefits.

"We found supplies that the principal didn't know were there," said Karen Pattison.

Although Joe Traudt said some of the kids "goofed off" at times, he said "You learn a lot (in Search) even if you don't realize it."

"You get a little bit of knowledge about a lot of things," agreed Sue Danol.

Last week, Mrs. Collins brought them all some candy bars for working so hard on the art room. Meanwhile, the students were already getting in touch with The Record to surprise their teachers with this story.

3 new bids sought

New bids will be sought from three low bidders for a trimmed-down remodeling job at Northville's Main Street elementary school which is being financed by the federal government.

Last December, Northville schools was awarded \$691,000 from the \$2 billion public works act to renovate the basement and first floor of the building for classrooms and the third floor for administrative offices.

Two weeks ago, however, the low bid from nine contractors was \$300,000 more than budgeted which has caused the school board to alter its plans.

Monday night, the board agreed to

submit "post bid bulletins" to the three low bidders and ask for prices on merely renovating the first two floors for classrooms and replacing windows on all three floors.

The Main Street Elementary was closed for public school use two years ago when the district was hit with declining enrollment and a financial crunch.

Neighborhood residents have since pushed for its reopening but school board members have stressed that, even with the renovation, students will not be moved back into the building, unless the district can afford the extra operational costs.

Bridge maraton winners told

Top spot in the annual Northville Mothers' Club marathon bridge competition this year has been won by Mrs. Millie Edgeworth and Mrs. Bernitta Adcock with a score of 31,520.

Mrs. Carolyn Nieuwkoop, club marathon chairman announced that the women compiled the highest score among the 11 groups of women and couples playing during the past nine months.

Millie Edgeworth and Bernitta Adcock played in Ladies' Day Group III.

Taking second high in their group were Mrs. Edna Johnson and Mildred Osen, 23,250 and claiming third were Mrs. Pearl Parmenter and Jean Ambler, 22,970.

Other winners in the Ladies' Day Group, listed in first, second and third place.

Ladies' Day Group I, Mrs. Barbara Henrich and Mrs. Rosemary Mentag, 24,330. Mrs. Bonnie Rinehart and Mrs. Bev Williams, 23,700. Mrs. Marge McMillin and Mrs. Shirley Horwath, 23,080.

Ladies' Day Group II, Mrs. Anne Lang and Mrs. Barbara Yoder, 29,610. Mrs. Lenore Bauman and Mrs. Lenore Llewellyn, 25,060. Mrs. Midge Kovar and Mrs. Millie Edgeworth, 23,040.

Ladies' Day Group IV, Mrs. Diane Corwin and Mrs. Anne Guilberg, 28,860. Mrs. Joy Holloway and Mrs. Joanne Kissell, 25,400. Mrs. Judy Jakubowski and Mrs. Mary Ellen Daly, 23,020.

Ladies' Day Group V, Mrs. Dorothy LaCourse and Mrs. Gladys Landine, 25,460. Mrs. Bonnie Rhinehart and Mrs. Bev Williams, 25,030. Mrs. Joanne Akins and Mrs. Shirley Rail, 24,040.

Ladies' Day Group VI, Mrs. Phyllis Lemon and Mrs. Carolyn Nieuwkoop, 28,730. Mrs. Maureen Frey and Mrs. Leslie Ryder, 26,160. Mrs. Del Breckman and Mrs. Jan Anthony, 25,550.

Winners in Ladies' Night Group I are Mrs. Dorothy Hartshorne and Mrs. Betty Greenlee, 28,390. Mrs. Nan Beck and Mrs. Barbara Keogh, 25,860. Mrs. Hazel Kline and Mrs. Ginny Taylor, 25,180.

Ladies' Night Group II, Mrs. Sylvia Donkers and Mrs. Barbara Lesperance, 31,110. Mrs. Lou Havalala and Mrs. Barbara Eaton, 25,360. Mrs. Nan Oliver and Mrs. Phyllis Lemon, 25,150.

Couples' Group winners are: Group I, Mr. and Mrs. Bill Hahn, 32,690. Mr. and Mrs. James Simpson, 30,420. Mr. and Mrs. Jerome Esper, 30,070.

Group II, Mr. and Mrs. Lee Hammond, 27,470. Mr. and Mrs. Ron Beford, 23,370. Mr. and Mrs. Marty Rinehart, 22,060.

Group III, Mr. and Mrs. Robert

WINNING HANDS—Bernitta Adcock and Millie Edgeworth, both seated, show winning form as the top scorers in the

annual Northville Mother's Club bridge marathon, as chairman Carolyn Nieuwkoop looks on.

Horner, 26,800. Mr. and Mrs. Glen Deibert, 26,460. Mr. and Mrs. Arthur Greenlee, 25,640.

Group IV, Mr. and Mrs. Blake Couse, 29,550. Mr. and Mrs. Bill Hahn, 28,830. Mr. and Mrs. John Crotteau, 28,790.

Anyone interested in playing in the couple or ladies' groups may call next year's chairman, Mrs. Ardis McLeod at 455-2436.

Proceeds from the monthly play are used by the Northville Mother's Club for its benefits to schools and young people. Over \$10,000 has been contributed in the past two years.

Cash prizes are awarded to the top winners amounting to \$50 for first place, \$20 for second place and \$10 for third place.

Police Blotter

Conservation officer stabbed

A conservation officer, attempting to issue a littering citation and enforce a no trespassing ordinance in Highland Lakes Saturday night was stabbed, beaten and robbed by the two men he was citing.

Michael Hanson, walking his dog in the Lake Success area came upon two men accompanied by two women actively throwing liquor and wine bottles. Identifying himself as a law officer, Hanson asked for and received identification from one of the men.

While issuing the citation, Hanson was jumped by the pair, thrown to the ground, punched, roughed up and finally stabbed with a large pin-type object.

The pair then grabbed Hanson's 38 snub-nose revolver, handcuffs, and identification and was forced to lay face down on the ground at gun point before the foursome fled the area.

Moments later, Hanson flagged down a passing Northville Township Police patrol unit on Griswold Road. Remembering the name on the driver's license of one of his assailants as Thomas Susarczyk, police ran a file check. Hanson positively identified Susarczyk as one of the pair through mug shots.

Warrants for Susarczyk and one "John Doe" warrant for his accomplice were issued Monday charging both men with three felony counts.

Both are charged with assault with intent to murder, robbery unarmed and possession of a firearm during the commission of a felony. Both face life prison terms on those charges.

While badly bruised and nursing multiple lacerations, Hanson was not hospitalized.

The littering violation initiated by Hanson against the pair carried a fine of \$100 or a 90-day misdemeanor prison charge or both.

Donna Luckett and Richard Norton, both of Northville, were injured in a single-car accident Friday morning at West Main near Woodhill. Both young people were taken to St. Mary Hospital by ambulance following the 2:30 a.m. crash.

Ms. Luckett, driver of the car heading east on West Main, lost control of the vehicle on loose gravel. Police reports indicate the car left the road striking a tree.

Northville Township Police said the road surface is gravelled with washboard-type chuck holes.

Police investigated a larceny from an auto on Ladywood Court in which a combination stereo 8-track tape-radio was taken. The incident occurred between 9:30 p.m. June 21 and 7:30 a.m. June 22 with value of the equipment placed at \$260.

In similar incidents occurring during the week, a stereo cassette player-CB radio combination was taken from a car parked in a driveway on Old Bedford. Value of that equipment was listed at \$375 and is thought to have been taken after 1:45 a.m. Thursday.

A CB radio with digital readouts was taken from a car parked at a Banbury residence sometime after 2 p.m. Saturday. The car doors were reportedly locked.

Unknown persons pried open a passenger window to gain entry to a car parked on Portis sometime Sunday. Missing from the car were valuables totalling \$440.

Two large rocks were thrown through the front window of a building on Silver Springs Drive sometime after 12:45 a.m. Saturday. Damage was estimated at \$400.

A car parked at the Griswold gravel pit was broken into while its owner was walking in the area Thursday afternoon. A wallet and estimated \$200 in jewelry were taken from the car.

Township police officers were called to Dundalk Lane early Sunday morning on two complaints. A resident of the area was awakened by noise at 5 a.m. and observed two men carrying off what appeared to be hub caps.

Further investigation by officers disclosed that not only were four wire hubcaps taken from a car parked at a neighboring residence, but that the car belonging to the man initiating the police call had been vandalized as well. The rear window of his car had been smashed with an unknown object.

In Northville . .

One "Mr. Friendly" trademark image was stolen and another damaged over the weekend when unknown persons climbed the 24 foot construction tower at Northville

Lumber on Baseline Road to remove the familiar signs.

During the incident, electrical wiring to the signs was destroyed and a flood light broken. Total damage was estimated at \$260. Value of the missing sign was placed at \$106.

Vandals knocked down a light pole located in a rear parking lot at the Brookside Hardware Store on Novi Road sometime Friday night. Damage was reported to be \$200.

A collision with a light pole while playing baseball at Ford Field left a Redford youth suffering a possible broken leg. The 11:30 p.m. June 20 mishap found 18-year-old David Thayer removed from the field by stretcher and taken to Botsford Hospital.

A visitor to Northville found it difficult to leave after vandals slashed both rear tires on her car. Northville City Police officers said it appeared the tires had been slashed with a knife or some similar sharp object.

The incident occurred on Yerkes street sometime Friday night.

In Novi . . .

Novi Police spent two hours in the Connemara Subdivision June 17 taking vandalism complaints. The officers determined the damage was done between 3 and 4 a.m. the same day.

Police found a house on Galway sprayed with yellow paint. Vandals also spray-painted a street and street signs the same color. Residents on neighboring streets reported mailboxes damaged or torn off their poles, wooden fences torn down and flowers pulled out.

The following day, officers responded to eight similar vandalism complaints on Lynwood, Heartwood, Beck, Cottisford, Pheasant Run, Galway and Nine Mile roads.

A 1976 Lincoln was vandalized during the night hours June 19 while parked in the owner's drive on Old Orchard Court. According to police reports, there were burn holes in the vinyl top, the sun roof glass was cracked and corrosive fluid had been poured on the car.

Damage to the car was estimated at \$500.

A screwdriver and hatchet are thought by police to be the objects used to chop a hole through a garage wall to gain entry to a home on Sierra Wednesday.

Missing from the home was a reported \$120 in cash.

Workers found a boom truck, a large piece of heavy equipment used in construction work, minus all eight tires early last week. The truck had apparently been jacked up and the tires removed during the night hours.

Value of the missing tires was placed at \$2000.

An older man reportedly driving a van was said to have removed a variety of plants and pots from a backyard on Rexton June 21. Value of the items, thought to have been taken between 10 a.m. and noon, was placed at \$150.

Approximately \$300 in hand tools and a tool chest were taken from a vehicle parked in a driveway on Novi Road. The owner reported the tools missing at 7 a.m. June 21.

A portable TV set valued at \$150 was taken from a home on East Lake Drive while the residents of the home were away last week. The incident is thought to have occurred between 9:30 p.m. and 1:30 a.m.

In Wixom . . .

With the arrest of three young men and the later arrest of a fourth man involved, Wixom Police were able to clear up a series of breaking and enterings to automobiles occurring between 3 and 4:30 a.m. June 19.

The foursome were charged with three counts each of B and E auto. Preliminary examination was before Judge Gene Schnelz in 52 District Court, Walled Lake, June 20. All were released on \$2000 personal bond each pending a later court date.

The four men were seen by a resident of the Village Apartment complex who notified police. Staying on the phone while patrol units were deployed to the area, the woman supplied descriptions of the men and their activities as they moved from car to car. The stolen merchandise was found next to their vehicle.

After a brief foot-chase in which three of the group were apprehended, police learned of similar B and E's performed at Helder Co-Op Apartments on Grand River and a single incident at Maple and Milford Road.

The fourth man, who escaped during the chase, later appeared at the Wixom Police station to claim his car.

The elusive Richard West, maintenance man burglar of the Village Apartments, is back in Oakland County Jail after his arrest June 20. West remains in jail, unable to post a \$5000 cash bond.

West, arrested in a series of B and E's at the apartment complex, was released from jail after posting a \$3000 cash bond two weeks ago. Shortly after his release, he attempted to burglarize an occupied apartment at the Village. Residents who saw him identified him to police.

A second warrant was issued with police nabbing him as he appeared to pick up a paycheck from the manager at the Village. West was charged with breaking and entering with intent to commit a larceny. Examination is scheduled July 1 in the Walled Lake courtroom of Judge Gene Schnelz.

Faulty electrical wiring is thought to be the cause of a car fire in the Village complex June 21. The Wixom Fire Department called to the area at 11:30 p.m. quickly extinguished the blaze.

An employee at the Ford Motor Company lost a tape deck and 15 tapes to burglary while he was at work in the plant. The locked car, parked in the employees lot, was entered sometime between 3 and 11:30 p.m. June 18. Value of the missing items was placed at \$254.

A pick-up truck parked at the Continental Bar was stolen early Thursday morning, while its owner, an employee, was at work. The pick-up, equipped with a brown and white camper top has not yet been located.

An FM stereo radio and speakers, valued at \$150, were taken from a car parked in a lot near Pontiac Trail sometime after 2 a.m. June 21. The vehicle was reportedly not locked.

Timothy Rourke of Wixom, apparently misled by construction signs, made a bad left turn and wound up in a hole, severely damaging his small sports car.

Rourke, making a left turn from Wixom Road on to Pontiac Trail became confused by railroad construction signs and drove into a large hole left by railroad workers. Rourke suffered only slight injuries.

Police at the scene of the Rourke accident, observed a second car making a similar left turn, drive into the same hole.

Students cited at Meads Mill

Northville Meads Mill Junior High School has announced the names of 86 traditional school year students who made the honor roll by earning a grade point average of 3.5 or higher. They are:

7th Grade
Paula Broderick, Chrys Carson, Kathy Hermansen, Jeff Hooten, Melinda House;

Dana Kitchen, Barb Kraft, Carol Kulha, Greg Lewis, Jennie Mao, Jerry Rothermel, Eva Skuratowicz, Jim Tweedie, Glen Wheatley.

8th Grade

Echoes of Chamber

Ethnic festival planned here

By ANN L. ROY
Chamber of Commerce President
Northville

It's about that time again — here is an update on the activities of your Northville Chamber of Commerce.

Band Concerts

Michael Preville, band chairman, reports that the concert program is well on its way. The first band concert will be on Wednesday, July 13 and will be held in the park south of the city hall. Our own Northville High School Band, under the direction of Director Robert Williams, will perform on this date. Forthcoming dates that have been confirmed are July 20 and 27, August 3, 10 and 17. You all come, you heah!

October Ethnic Festival

Hurrah and hallelujah! After much research and preliminary groundwork, the board of directors has approved a real honest-to-goodness genuine ethnic festival to be held at Northville Downs on October 7, 8 and 9. The chamber will work in conjunction with a coordinator from the Detroit International Institute. These will be gala, fun days with ethnic food, music, dancing, etc. There will be something for everyone.

Status of Proposed Prison

Publicity about the proposed prison in Northville has been practically nil lately, but I have a very skeptical attitude toward this issue. I feel that we should not let down our guard and that we should continue our opposition to the prison. Donations have been slow in coming in — perhaps it has slipped your mind. Write that check today (any amount is welcome) and mail it to the Wayne County Residents Association, P.O. Box 49, Northville, Michigan. If you have already donated, God bless!

Chamber Group Insurance

Reminder: The Northville Chamber of Commerce has an excellent group insurance program awaiting you if you are in need of a program. Call any of the following members for further details: Les Bowden, Richard Lyon, Bloom Agency, Wes Henrikson, or Northville Insurance Agency.

Single Business Tax

Ouch! They got this writer for another bundle. When are our legislators in Lansing going to amend this unfair legislation? I have a friend in business that lost money in 1976 and still had to pay a huge sum to the state. Write or call your legislator today.

New Executive Director

Like a fish takes to water...that's the way our new executive director, Essie Nirider, has taken to his chamber duties. Essie is doing a monumental job and the chamber directors are extremely pleased with his performance.

Welcome New Members

Paul Folino, John's Market-John Genetti, Dick Ruffner-Century 21, Judy Berry-Federal Credit Union, Francis Rudd-Ross Office Realty, Anthony Rizzo-Northville Realty, Florence Leikett-The House, C.R. Mechanicals, Inc.-Richard Tomzak, Rizzo Realty-Arthur Rizzo.

We are extremely pleased with the cooperation the Northville community is giving to the Chamber of Commerce. We are here to serve and represent you. If you have any questions, call Essie Nirider at 349-7640. Have a nice summer.

In Northville Township

Police contract covers 3 years

An employment agreement covering a three-year period from April 1, 1976 through March 31, 1979 has been reached between the Northville Township Police Officers Association and the Township of Northville.

Township police officers will receive pay increases amounting to 20 per cent. The retroactive contract provides for a payment of \$1,300 per officer for work performed prior to April 1, 1977. Commencing April 1, 1977 a new wage

schedule provides a 15 per cent hike over current pay, while on April 1, 1978 wages increase five per cent for the balance of the contract.

Township Supervisor Wilson Grier said he was "exceptionally pleased with the settlement." He noted that the one-time \$1,300 bonus was a negotiated amount covering the first year of the pact.

The bargaining unit of the police officers association is composed of non-probationary officers other than the

chief and sergeant. Presently this unit is composed of four officers, while two others hired in April remain on probation for a period of one year. The township's total police force totals eight men including the chief, sergeant and six officers.

The department also includes five fulltime dispatchers, two parttime and one trainee for a total of 16 personnel. Dispatchers are represented by a separate bargaining unit.

Under terms of the old contract starting pay for police officers was \$9,812 annually. After six months and up to one year the rate was \$10,444.50; one-two years, \$11,110; two-three years, \$12,234; and after three years, \$13,330. Effective April 1, 1977 the wage rate for township patrolmen is as follows: up to one year—\$11,333; one-two years—\$12,832; two to three years—\$14,130; after third year—\$15,396.

April 1, 1978 the wage rates become: \$11,900, \$13,474, \$14,837 and \$16,166, respectively.

Other benefits in the 28-page document include: stand-by duty pay at rate of one hour's pay for each four hours; paid funeral leave for immediate family up to four days; three personal business days; five days vacation for one year employment, 10 days for two years, and a day per year

thereafter up to 20 days; original uniform issue plus \$500 per year for replacement and maintenance; 11 holidays including New Year's, Washington's birthday, Good Friday, Memorial Day, Independence and Labor Days, Thanksgiving and the day after, Christmas and the day before, and the patrolman's birthday. Patrolmen will be paid at double-time rate if scheduled to work on one of the designated holidays.

Life, health and disability insurance programs are currently in effect for the township police department. Officers are allowed one sick day per month worked accumulative up to 60 days.

The contract provides that police officers must reside within eight miles of the township boundaries.

Supervisor Grier said the current township police budget stands at \$230,000 annually. Approximately \$130,000 of the funds come from a 1.5 mill levy approved by voters last year and earmarked for police department. For the upcoming fiscal year the 1.5-mill levy will produce about \$141,000.

Since receiving the voted millage, two officers have been added to the police force. Two new patrol cars have also been purchased bringing the department's total to five cars.

Approve tuition hike

In-district Schoolcraft College students will pay \$2.50 more for each credit hour beginning this fall.

The Schoolcraft Board of Trustees approved the increase at their regular meeting Wednesday, June 22.

While the in-district tuition rate is being raised from its present level of \$13 per credit, rates for out-of-district and out-of-state students will stay the same. Out-of-district students will still pay \$26 per credit and out-of-state students will pay \$39.

Schoolcraft President C. Nelson Grote said the college would realize \$289,000 in additional revenue.

Another option presented for board action would have raised in-district tuition to \$15 and would have held other tuition levels constant. That plan, it was estimated, would have resulted in only \$231,500 in additional revenue.

At an earlier study session, the administration had raised the possibility of hiking tuition levels across the board. Under that plan, in-district students would have paid \$15, out-of-district students would have paid \$28 per credit and out-of-state students would have been charged \$40 per credit.

That plan would have brought in \$294,000 in new revenue.

Grote said he decided, and the board concurred, that raising out-of-district and out-of-state rates would put

Schoolcraft in a non-competitive position.

"Take a student living in southwestern Wayne County. He's deciding between Eastern Michigan University and Schoolcraft College. He can go to Eastern for a lower tuition rate," he said. Eastern Michigan's resident rate stands at \$24.50 per credit. Schoolcraft's present out-of-district rate is already higher than that charged by Eastern Michigan.

Grote also cited a similar example using Oakland University in Rochester. Oakland's tuition rate stands at \$24.25 and would be well below \$28 Schoolcraft had considered charging.

Even though additional revenue will be brought in, the college will operate on a "continuation budget," Grote said. The proposed property tax increase, which was defeated June 13, would have meant approximately \$375,000 in additional funds, he said.

Had the millage increase been approved, Schoolcraft would have been able to retain its tuition levels, reinstate major maintenance programs and restore services which had been slashed in austerity moves, Grote said.

"There will be no new programs. We will still have to keep the library closed on weekends and curtail weekend activities," Grote said.

Novi bands star tomorrow

Two Novi bands will be featured at Livonia's "Music Under the Stars" concert program tomorrow night.

The Livonia concert series is presented annually during the summer months by the Livonia Arts Commission. Perfor-

mances are held in the park behind the Livonia City Hall at the southwest corner of Five Mile and Farmington roads.

Tomorrow's concert begins at 8:30 p.m. Admission is free.

The appearance by the local bands mark the first time Novi High School's

new jazz-rock ensemble has appeared in conjunction with the Novi Community Concert Band.

This performance also will be the first time the "Music Under the Stars" program has been devoted entirely to showcasing Novi talent.

Before you buy your next new car, find out how to make it last.

We've got a free folder that'll tell you how Ziebart rustproofing works. How we do it. What makes our rustproofing better than anybody else's. And what'll happen if you don't rustproof your car.

If you're buying a new car, domestic or imported, or if you just bought one, you should complete this coupon and send it to us.

It could add years to the life of your car.

Find out why. Just return coupon.

OBITUARIES

ANNA K. CASTERLINE

Anna K. Casterline, wife of the late Ray J. Casterline, founder of the Casterline Funeral Home, died June 23 in St. Mary Hospital of Livonia at the age of 86.

Services were held for Mrs. Casterline, a lifelong Novi-Northville resident, on June 25 at the Casterline Funeral Home, with the Reverend Gerard Hadad of Our Lady of Victory Church officiating. Burial was at Rural Hill Cemetery.

Born May 10, 1891 in Novi to August and Marie (Gottschalk) Kreager, Mrs. Casterline was a resident of the Whitehall Convalescent Home when she died.

She leaves a son, Fred Casterline of Northville; one grandchild, Ray J. Casterline II of Northville; and two great-grandchildren, Courtney and Kelly Casterline.

Mrs. Casterline was a life member of the Northville Garden Club, the Kings Daughters and the Women's Club and a charter member of the Ladies Auxiliary of Lloyd Green No. 147.

IAN H. WILSON

Services were held June 23 for Ian H. Wilson, a 25-year resident of Northville, at Ross B. Northrop Funeral Home. The Reverend Lloyd G. Brasure of First United Presbyterian Church officiated. Burial will be at Flagler Memorial Park, Miami, Fla.

An admission manager at the Detroit Race Course, Mr. Wilson, 63, of 563 West Main suffered a heart attack while playing tennis at the Fish Hatchery Park.

He leaves a wife, Marcia Mulloy Wilson; three daughters, Mrs. Peter (Kip) Karl of Fenton, Mrs. Edward (Bonnie) Marino and Mrs. Brett (Patricia) Anderson, both of Miami, Fla.; a sister, Mrs. Margaret Sharpe of North Carolina; and three grandchildren.

He was born April 4, 1914 in Kilmarnock, Scotland to James and Marion (Hamilton) Wilson.

Mr. Wilson was a member of the Miami Temple Lodge No. 247 F. & A.M., Mahi Temple and the Scottish Rite Valley of Miami.

GLADYS JOHNSON

Gladys V. Johnson of 216 West Street died suddenly in her home on June 28, at the age of 74.

A lifelong resident of Northville, Mrs. Johnson was a retired bookkeeper for Guernsey Dairy and a member of the V.F.W. Ladies Auxiliary of Northville.

Survivors include one daughter, Mrs. Beatrice Myers of Livonia; three grandchildren and four great-grandchildren.

Her husband, Charles, preceded her in death in 1932.

She was born in Northville to Charles and Amelia (Wagenschütz) Ford on August 14, 1902.

Burial will be at the Rural Hill Cemetery.

For further information in regard to the services to be held contact the Casterline Funeral Home.

Memorials will go to the V.F.W. Auxiliary of Northville.

ARVEL L. RILEY

A retired Detroit police lieutenant of the mounted division died June 22 at New Grace Hospital in Detroit.

Arvel L. Riley, 76, of Livonia was a 50-year member of the Moslem Temple Shrine, a member of the Livonia Shrine Club, a life member of the Ionic Lodge No. 474 F. & A.M. and a member of the Scottish Rite Valley of Detroit.

A Livonia resident since 1950, Mr. Riley was one of the developers of the Idyl Hills sub-division.

He is survived by his wife, Laura; two sisters, Fern Huntsman and Ethelene Graves; and a brother, Herbert Riley, all of Missouri.

Services were held June 25 at the Ross B. Northrop Funeral Home, with Dr. William D. Mercer of the Nardin Park United Methodist Church officiating. Burial was at Parkview Cemetery.

Mr. Riley was born January 11, 1901 in Missouri to Eugene and Ethel (Rowland) Riley.

BOND AUTHORIZING RESOLUTION

WHEREAS, the City of Novi, Oakland County, Michigan (the "Municipality"), is a municipal body corporate organized and existing under and pursuant to the laws of the State of Michigan and is authorized by Act No. 62, Public Acts of Michigan, 1963, as amended (hereinafter sometimes referred to as "Act No. 62"), to acquire lands within or without its corporate limits and to construct and/or acquire, improve, enlarge and remodel industrial buildings thereon and to acquire and install industrial machinery and equipment therein and to lease the same in order to alleviate and prevent conditions of unemployment, to assist and retain local industries, to meet growing competition for new industries and to strengthen and revitalize the economy of the Municipality in general; and

WHEREAS, the Municipality is authorized by Act No. 62 to issue industrial development revenue bonds payable solely from the net revenues derived from the Project thus acquired or constructed through the issuance of such bonds; and

WHEREAS, the Municipality has made necessary arrangements with Worthington Service Corporation, a Delaware corporation (hereinafter defined as the "Company") for the location of the Project (hereinafter defined) within the Municipality, from which Project the Municipality will receive the benefits contemplated by Act No. 62; and

WHEREAS, pursuant to and in accordance with the provisions of Act No. 62 the Municipality shall finance the cost of acquiring, constructing or installing the Project by the issuance of the Bonds to be issued in accordance with the Indenture (hereinafter defined) and to be paid solely from the net revenues received by the Municipality under the Contract (hereinafter defined) and neither said Bonds nor any interest coupon appertaining thereto, if any, shall ever constitute a general obligation of the Municipality within the meaning of any constitutional or statutory or charter provision or limitation; and

WHEREAS, it has been determined that the estimated amount necessary thereto and to the issuance of the Bonds will require the issuance, sale and delivery of Series A Bonds in the principal amount of \$625,000, and that completion of and desirable improvements to the Project may require the subsequent issuance, sale and delivery of Additional Bonds at such time and from time to time as may be found necessary, which Series A Bonds and Additional Bonds are more particularly described in the Indenture and which Bonds are to be secured in the manner and under the terms and conditions set forth in the Indenture; and

WHEREAS, the acquisition, construction, installation and leasing of the Project and issuance of the Bonds by the Municipality as herein recited and provided will serve the intended accomplishments and in all respects conform to the provisions and requirements of Act No. 62;

NOW THEREFORE, BE IT RESOLVED by the City Council of the Municipality:

1. The following words and terms as used in this resolution and the preambles hereto shall have the following meanings unless the context or use clearly indicates another or different meaning or intent:

"Acquisition Fund" or "City of Novi Industrial Development Acquisition Fund - Worthington Service Corporation Project" means the fund created by Section 10 hereof.

"Bond" or "Bonds" means the Series A Bonds to be issued under the Indenture.

"Bond Fund" or "City of Novi Industrial Development Revenue Bond Fund - Worthington Service Corporation Project" means the fund created in Section 9 hereof.

"Bondholder" or "holder" (when used with reference to Bonds) or "owner of the Bonds" means the registered owner of the Bond.

"Company" means Worthington Service Corporation, a Delaware corporation, lessee under the Contract and its successors and assigns.

"Contract" means the Lease Purchase Contract executed by and between the Municipality and the Company, dated as of July 1, 1977, approved by this Resolution, as the same may be amended from time to time.

"Guarantee Agreement" means the Guarantee Agreement executed by and between Studebaker-Worthington, Inc., a Delaware corporation and the Trustee, dated as of July 1, 1977, as may be supplemented from time to time in accordance with its terms.

"Indenture" means the Mortgage and Indenture of Trust, dated as of July 1, 1977, to be made and entered into by and between the Municipality and the Trustee, as approved by this resolution, as may be supplemented from time to time in accordance with its terms.

"Municipality", "City", or "City of Novi" means the City of Novi, Oakland County, Michigan, or any successor municipal corporation succeeding to its rights and obligations under the Contract and the Indenture.

"Project" shall mean the industrial building and the site therefore as set forth in Exhibit A to the Indenture, and the machinery and equipment to be installed thereon, as set forth in Exhibit B to the Indenture, including such modifications thereof, substitutions thereof, and improvements to the Project (as defined in the Contract), and excluding deletions therefrom as shall be made in accordance with the Contract, but not including the Company's own machinery and equipment installed under Section 6.3 of the Contract.

"Series A Bond" or "Series A Bonds" means the \$625,000 principal amount of the City of Novi, Michigan, Industrial Development Revenue Bonds (Worthington Service Corporation Project), dated July 1, 1977, authorized to be issued under Sections 201 and 202 of the Indenture.

"Surplus Fund" or "City of Novi Industrial Development Surplus Fund - Worthington Service Corporation Project" means the fund created by Section 11 hereof.

"Trustee" means National Bank of Detroit, a national banking association, Detroit, Michigan, and its successors and any corporation resulting from or surviving any consolidation or merger to which it or its successors may be a party and any successor trustee at the time serving as successor trustee hereunder.

"Trustee's Address" means National Bank of Detroit, c/o Corporate Trust Department, P.O. Box 222A, Detroit, Michigan 48222.

2. The City Council of the Municipality does hereby determine that it is necessary and for the best interests of the Municipality to acquire and construct or install the Project and lease the Project to the Company, and does hereby determine that the estimated cost of the Project including all costs of the issuance of the Bonds, all engineering, architectural, inspection, fiscal and legal expenses and all other costs and expenses in connection therewith as provided in the Contract and Indenture is not less than Six Hundred Twenty-Five Thousand (\$625,000) Dollars. The City Council, based on advice of the Company, does hereby determine that the cost of the industrial machinery and equipment as a part of the Project will represent less than two-thirds (2/3) of the total cost of the Project.

3. The Municipality shall borrow the sum of Six Hundred Twenty-Five Thousand (\$625,000) Dollars and issue its Series A Bonds therefore in the form of a single fully-registered bond as provided herein to provide the funds to defray the costs of the Project as set forth in Paragraph 2 above and as provided in the Contract and Indenture.

4. The Series A Bonds shall be designated "City of Novi Industrial Development Revenue Bonds - Worthington Service Corporation Project". They shall be dated July 1, 1977, and shall bear interest from the date thereof at a rate equal to Seventy-Five (75 percent) percent of the prime commercial lending rate of the National Bank of Detroit, Detroit, Michigan, in effect at the close of business on the fifteenth (15th) day of the month next preceding an interest payment, but in any event, not exceeding ten (10 percent) percent per annum. In the event that National Bank of Detroit ceases operations and does not have a prime commercial lending rate, then the interest rate on the Bonds shall be at a rate equal to SEVENTY-FIVE (75 percent) PERCENT of the average of prime commercial lending rates of the three largest (as measured by assets) banks in the City of New York, New York, in effect at the close of business on the fifteenth (15th) day of the month next preceding an interest payment, but in any event not exceeding ten (10 percent) percent per annum. For purposes of only determining accrued interest to be paid to the Municipality by the Purchaser of the Bonds at the delivery thereof, the date on which the rate of interest shall be fixed shall be the fifteenth (15th) day of the month next preceding the delivery date. Said interest shall be payable January 1, 1978, and semi-annually thereafter on July 1 and January 1 of each year. The bonds are being issued in the form of a single fully registered bond in the denomination of \$625,000, which matures in the principal amounts and on the dates set forth in the following schedule:

Year	Principal Amount Payable on:	
	January 1	July 1
1978	\$45,000	\$45,000
1979	45,000	45,000
1980	45,000	45,000
1981	45,000	45,000
1982	45,000	45,000
1983	45,000	45,000
1984	45,000	40,000

The installments of principal and the interest on the Series A Bonds shall be payable as the same respectively become due by the Trustee in lawful money of the United States of America by check of the Trustee payable to the registered owner upon presentation of the Bond to the Trustee for appropriate notation of payment on the payment record attached to the Bond.

Installments of principal hereinafter set forth are not subject to prepayment except as hereinafter provided.

The principal installments of the Series A Bonds which mature on or after July 1, 1979 are subject to redemption prior to maturity on any interest payment date on or after January 1, 1979, in whole or in part and, if less than all of such principal installments are to be redeemed, in the inverse chronological order of maturity of said installments and in multiples of \$5,000 at 100 percent of the principal amount thereof, plus accrued interest to the redemption date.

5. The Bonds shall not be a general obligation or indebtedness of the Municipality and shall never constitute nor give rise to a pecuniary liability of the Municipality or a charge against its general credit or taxing powers. The Bonds shall be special obligations of the Municipality payable solely from the net revenues derived from the Project (except to the extent payable out of moneys attributable to Bond proceeds or the income from temporary investment thereof and, under certain circumstances, proceeds from insurance and condemnation awards, as provided in the Contract and Indenture). All net revenues from the Project shall be pledged and a security interest therein shall be granted in and unto the Trustee and under the respective successors in trust for the payment of the principal and interest on the Bonds and the performance of the other obligations of the Municipality contained in the Indenture, except amounts payable under Article V of the Contract and the rights of the Municipality under such paragraphs. The payments when paid by the Company, pursuant to the Contract, except those payments received under Article V of the Contract, shall be paid directly to the Trustee for the account of the Municipality so long as any Bonds shall be outstanding and unpaid. The Municipality shall assign, set over to, and grant a security interest in the Contract and its right, title and interest therein, except the Municipality's rights under Article V of the Contract, to the Trustee for the benefit of the Bondholders. The Municipality acknowledges that any amounts received under the Guarantee shall be deposited in the Bond Fund and applied to pay the principal of and interest on the Bonds.

6. The Bonds shall be signed on behalf of the Municipality by the manual signature of the Mayor and countersigned by the manual signature of the City Clerk and the corporate seal of the Municipality shall be affixed thereto. There shall be endorsed on the Bonds the Trustee's certificate of authentication, substantially in the form hereinafter set forth which shall be duly executed on behalf of the Trustee by a duly authorized officer thereof before the Bond shall be entitled to any right or benefit under the Indenture. Said Bonds shall be delivered in the manner provided by the Indenture and the Bond Purchase Agreement.

7. The Bonds shall contain a recital that they are issued pursuant to Act No. 62, Public Acts of Michigan, 1963, as amended, and said Bonds shall be in substantially the following forms with such appropriate variations, omissions and insertions as are permitted or required by this resolution and the Indenture.

(FORM OF BOND)

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF OAKLAND
CITY OF NOVI
INDUSTRIAL DEVELOPMENT REVENUE BOND
(Worthington Service Corporation Project)
Series A

No. R-1 \$625,000
KNOW ALL MEN BY THESE PRESENTS that the City of Novi, County of Oakland, Michigan (herein referred to as the "Municipality") for value received, hereby promises to pay from the source and as hereinafter provided, to the National Bank of Detroit, Detroit, Michigan, or registered assigns, the principal sum of Six Hundred Twenty-Five Thousand (\$625,000.00) Dollars, unless prepaid prior thereto as hereinafter provided, on January 1 and July 1 in the years and installments as follows:

Year	Principal Amount Payable On:	
	January 1	July 1
1978	\$45,000	\$45,000
1979	45,000	45,000
1980	45,000	45,000
1981	45,000	45,000
1982	45,000	45,000
1983	45,000	45,000
1984	45,000	40,000

and to pay interest on the balance of the principal sum from time to time remaining unpaid at a rate equal to Seventy-Five (75 percent) percent of the prime commercial lending rate of the National Bank of Detroit, Detroit, Michigan in effect at the close of business on the fifteenth (15th) day of the month next preceding an interest payment, but in any event not exceeding ten (10 percent) percent per annum.

In the event that National Bank of Detroit ceases operations and does not have a prime commercial lending rate, then the interest rate on the Bonds shall be at a rate equal to Seventy-Five (75 percent) percent of the average of the prime commercial lending rates of the three largest (as measured by assets) banks in the City of New York, New York, in effect at the close of business on the fifteenth (15th) day of the month next preceding an interest payment, but in any event not exceeding ten (10 percent) percent per annum.

Said interest shall be payable on January 1, 1978, and semi-annually thereafter on July 1 and January 1 of each year until the principal amount hereof shall have been paid, both principal of and the interest on this bond being payable in lawful money of the United States of America at the principal office of the Trustee, National Bank of Detroit, Detroit, Michigan, or its successor in trust (herein referred to as the "Trustee"). Payments of principal and interest, including prepayments of principal and interest hereinafter provided, shall be made by the Trustee on the Payment Record made a part of this Bond, and such payment shall fully discharge the special obligation, hereinafter described, of the Municipality hereon to the extent of the payments so made. Upon final payment of principal and interest this Bond shall be surrendered to the Trustee for cancellation.

This Bond is a special obligation, hereinafter described, of the Municipality, limited in aggregate principal amount of \$625,000 issued and authorized to be issued pursuant to and in full compliance with the Constitution and laws of the State of Michigan, particularly Act No. 62, Public Acts of Michigan, 1963, as amended (herein referred to as "Act No. 62") and pursuant to a resolution (herein referred to as the "Resolution") of the City Council of the Municipality adopted and approved on January 1, 1977 for the purpose of acquiring an industrial building, and the site therefor, and acquiring industrial machinery and equipment (herein collectively referred to as the "Project") and leasing the same to Worthington Service Corporation, a Delaware corporation (herein referred to as the "Company"), pursuant to a Lease Purchase Contract dated as of July 1, 1977 (herein referred to as the "Contract"), and paying necessary expenses incidental thereto and to the issuance of this Bond so as to hereby alleviate and prevent conditions of unemployment, assist and retain local industries and to strengthen and revitalize the economy of the Municipality in general. The payment of principal and interest in respect of the Bond has been unconditionally guaranteed by Studebaker-Worthington, Inc., a Delaware corporation (the "Guarantor"), pursuant to a Guarantee Agreement, dated as of July 1, 1977, from the Guarantor to a Trustee for the benefit of the Bondholder (herein referred to as the "Guarantee"). Said Bond is issued under and is secured and entitled to the protection of a Mortgage and Indenture of Trust (hereinafter referred to as the "Indenture"), dated as of July 1, 1977, duly executed and delivered by the Municipality to the Trustee.

The Indenture and the Contract are recorded in the office of the Register of Deeds, Oakland County, Michigan, and the Indenture, the Contract and the Guarantee are on file at the principal offices of the Municipality and Trustee. Reference is hereby made to the Indenture for a description of the property mortgaged and to the Indenture, the Contract and the Guarantee for the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Municipality, the Company, the Trustee, the Guarantor and the holder of this Bond and the terms upon which this Bond and the terms upon which this Bond is issued and secured, and the right of the Municipality to issue Additional Bonds which will be of equal standing with this Bond.

This Bond is transferable only upon the registration Books of the Municipality kept by the Trustee. Transfer may be effected only by the registered owner in person or by his attorney duly authorized in writing with a duly executed instrument of transfer satisfactory to the Trustee for transfer on said registration books and verification of the endorsements made on the Payment Record attached hereto of the portion of the principal amount hereof and interest hereon paid or prepaid, and every Transferee shall take this Bond subject to these conditions.

Installments of principal hereinafter set forth are not subject to prepayment except as hereinafter provided.

In addition to the installments of principal required to be paid by the Municipality as hereinafter set forth, the Municipality shall have the right to prepay on any interest payment date on or after January 1, 1979, the entire principal amount hereof then remaining unpaid, or such lesser portion hereof as it may determine in inverse chronological order of said installments and in multiples of \$5,000 at 100 percent of the principal amount of such prepayment plus accrued interest to the date of such prepayment.

Notice of any such optional prepayment shall be given at least 30 days prior to the prepayment date by mailing to the registered owner of this Bond a notice fixing such prepayment date and the amount of principal to be prepaid. Prior to the date fixed for prepayment, cash funds shall be placed with the Trustee to pay the amount of principal fixed to be prepaid and accrued interest thereon.

This Bond is a special obligation of the Municipality and shall never constitute a general obligation of the Municipality within the meaning of any constitutional or statutory or charter provision or limitation, but is payable solely from the net revenues derived from the Project (except to the extent paid out of money attributable to Bond proceeds) financed through the issuance of this Bond and which has been leased to the Company. This Bond shall never constitute nor give rise to a pecuniary liability of said Municipality or a charge against its general credit or taxing powers. Rental payments sufficient for the prompt payment when due of the interest on and principal of, this Bond are to be paid to the Trustee for the account of the Municipality and deposited in a special account created by the Municipality and designated "City of Novi Industrial Development Revenue Bond Fund - Worthington Service Corporation Project" and have been duly pledged for that purpose. In addition, this Bond is secured by a mortgage on the Project.

The holder of this Bond shall have no right to enforce the provisions of the Indenture, or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture; provided, however, that nothing in the Indenture contained shall affect or impair any right of enforcement conferred on the holder by Act No. 62 or the right of the holder to enforce the payment of the principal of and interest on this bond at and after the maturity thereof, or the obligation of the Municipality to pay the principal of and interest on this bond to the holder hereof at the time, place, from the source and in the manner in said bond and the Indenture expressed. In certain events, on the conditions, in the manner and with the effect set forth in the Indenture, the principal of this Bond may become or may be declared due and payable before this scheduled payment thereon hereinafter set forth, together with accrued interest thereon. Supplements and amendments to the Indenture, the Guarantee and the Contract may be made only to the extent and in the circumstances permitted by the Indenture and the Guarantee.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED, that all acts, conditions and things required to exist, happen and be performed precedent to and in the execution and delivery of the Indenture and the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by law and that the issuance of this Bond, together with all other obligations of the Municipality, does not exceed or violate any constitutional, statutory or charter limitation.

This Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Indenture until the Trustee's Certificate of Authentication hereon shall have been executed by the Trustee.

IN WITNESS WHEREOF, the City of Novi, Michigan, has caused this Bond to be signed in its name by its Mayor and countersigned by its City Clerk, and its corporate seal to be affixed hereto, all as of the first day of July, 1977.

8. The Bonds shall be fully registered as to both principal and interest in the name of the owner in the manner provided in the Indenture.

9. There is hereby created by the Municipality and ordered established with the Trustee a trust fund to be designated "CITY OF NOVI INDUSTRIAL DEVELOPMENT REVENUE BOND FUND - WORTHINGTON SERVICE CORPORATION PROJECT" which shall be used to pay the interest on and the principal of the Bonds. There shall be deposited into the Bond Fund, as and when received, (a) the accrued interest received on delivery of the Series A Bonds; (b) all rents specified in Section 4.5 of the Contract; (c) All moneys received by the Trustee under and pursuant to any of the provisions of the Contract or the Indenture when accompanied by directions from the Municipality or Company that such moneys are to be paid into the Bond Fund; and (d) all other moneys received by the Trustee for deposit in the Bond Fund under the Indenture or the Guarantee.

Except as provided in Section 509 and Article VII of the Indenture, moneys in the Bond Fund shall be used solely for the payment of the interest on the Bonds, and for the payment, prepayment or redemption of the Bonds at or prior to maturity. No moneys in the Bond Fund (other than amounts available under the provisions of Sections 301 and 304 of the Indenture) shall be used to prepay or redeem prior to maturity a part of the Bonds outstanding; provided, however, that whenever the amount in the Bond Fund from any source whatsoever is sufficient to prepay or redeem all of the Bonds outstanding and to pay interest to accrue thereon prior to such redemption, the Municipality covenants and agrees to take and cause to be taken the necessary steps to prepay or redeem all of said Bonds on the next succeeding interest payment date for which the required notice may be given.

The Bond Fund shall be in the custody of the Trustee but in the name of the Municipality, and the Municipality hereby authorizes and directs the Trustee to withdraw sufficient funds from the Bond Fund to pay the Bonds and interest thereon as the same become due and payable and to make said funds so withdrawn available to the Trustee for the purposes hereinbefore described.

10. There is hereby created and established with the Trustee a trust fund in the name of the Municipality to be designated "CITY OF NOVI INDUSTRIAL DEVELOPMENT REVENUE ACQUISITION FUND - WORTHINGTON SERVICE CORPORATION PROJECT". The proceeds of the Series A Bonds shall be paid to the Trustee for deposit in the Acquisition Fund, except that the accrued interest shall be deposited in the Bond Fund.

The Acquisition Fund shall be used to pay the cost of the Project in the manner provided in the Contract and Indenture. Moneys in the Acquisition Fund shall be expended and disbursed upon requisition of the Company in accordance with the provisions of the Contract. Upon completion of the Project and payment of all costs and expenses incidental thereto as provided in the Contract and the Indenture, the balance remaining in the Acquisition Fund, other than amounts retained by the Trustee for the payment of costs of the Project not then due and payable, shall be transferred to the Surplus Fund or the Bond Fund, as provided in the Contract.

11. There is hereby created and established with the Trustee a trust fund in the name of the Municipality to be designated "CITY OF NOVI INDUSTRIAL DEVELOPMENT SURPLUS FUND - WORTHINGTON SERVICE CORPORATION PROJECT". There shall be deposited therein said Surplus Fund such moneys as are required to be deposited therein by the provisions of the Indenture and Contract, and the moneys in the Surplus Fund shall be used for the purposes and at the times provided for such use by the Contract and Indenture.

12. The maintenance and repair costs of the Project, all taxes in connection therewith and other charges will be assumed and paid by the Company under the Contract and, accordingly, the Municipality has no obligation with respect thereto and all such costs, expenses, taxes and fees and charges shall be paid by the Company, as provided in the Contract.

13. The Company will take out and continuously maintain in effect or cause to be taken out and continuously maintained in effect during the term of the Contract, insurance with respect to the Project of the types, in the amounts and with coverage and insured parties as provided in the Contract. The Municipality shall not be obligated to take out such insurance or to pay the cost thereof, but shall be protected thereby, it being the intent and purpose that the Company pay all costs in connection with the obtaining, procuring and maintaining the foregoing insurance coverage. The proceeds of any recovery under the foregoing insurance policies shall be used and disposed of in the manner provided in the Contract and Indenture.

14. Upon occurrence of an Event of Default (as defined in the Indenture) and which has not been remedied as provided in the Indenture, and upon the filing of a suit or other proceeding to enforce the Indenture, to enforce the rights of Trustee and holders of the Bonds under the Indenture, and at all times subject to the Indenture, the Trustee or the holders of the Bonds, among other rights and remedies, shall be entitled to the appointment of a receiver. The receiver may enter and take possession of the Project and administer, lease and maintain the same, with power to impose and collect charges sufficient to pay principal of, interest on and redemption premiums, if any, on the outstanding Bonds and for the payment of operating expenses and to receive and apply all income and revenues thereafter arising therefrom in the same manner and to the same extent as the Municipality might do under the Contract, Indenture, this resolution and Act No. 62. In addition, the Trustee shall have all the rights, powers and privileges, upon the occurrence of an Event of Default, as are specified in the Indenture or as may be provided by law.

All moneys received by the Trustee pursuant to any right given or action taken under the Indenture shall be applied as provided in the Indenture.

15. The Company shall have the options and obligations to purchase the Project provided in Article XII of the Contract for an amount of money specified in the Contract. The Municipality recognizes all of the rights of the Company to purchase the Project as provided in the Contract. The Municipality recognizes the right of the Company to make additions, improvements or modifications of or to the Project, and to remove machinery and equipment in the manner provided in the Contract and Indenture.

16. National Bank of Detroit, a national banking association, shall be Trustee under the Indenture, and as Trustee, principal paying agent and registrar. The Trustee shall signify its acceptance of the trusts imposed by the Indenture by its execution of the Indenture.

17. The Series A Bonds shall be sold to the Purchaser as defined in, and in accordance with the terms and conditions set forth in the Bond Purchase Agreement to be executed and delivered by the Municipality in accordance with Paragraph 20 hereof.

18. The Contract, including Exhibits A and B thereto, on file with the City Clerk and on which has been endorsed by the City Clerk the date of adoption of this resolution, is hereby approved. The Mayor and City Clerk are hereby authorized and directed to execute, acknowledge and deliver the Contract, including Exhibits A and B thereto, in substantially the form approved with such necessary and appropriate variations, omissions and insertions as required, for and on behalf of the Municipality and the City Clerk is hereby authorized and directed to affix thereto the corporate seal of the Municipality.

19. The Indenture, including Exhibits A and B thereto, on file with the City Clerk and on which has been endorsed by the City Clerk the date of adoption of this resolution is hereby approved. The Mayor and City Clerk are hereby authorized and directed to execute, acknowledge and deliver the Indenture, including Exhibits A and B thereto, in substantially the form approved with such necessary and appropriate variations, omissions, and insertions as required, for and on behalf of the Municipality and the City Clerk is hereby authorized and directed to affix thereto the corporate seal of the Municipality.

20. The Bond Purchase Agreement for the sale of the Series A Bonds on file with the City Clerk and on which has been endorsed by the City Clerk the date of adoption of this resolution, is hereby approved, and the Mayor and City Clerk are hereby authorized and directed to execute and deliver the Bond Purchase Agreement in substantially the form approved with such necessary and appropriate variations, omissions and insertions as required, for and on behalf of the Municipality and the City Clerk is hereby authorized and directed to affix thereto the corporate seal of the Municipality.

21. The Mayor, City Clerk, City Attorney and other officials of the Municipality are hereby authorized and directed to execute and deliver such other opinions, certificates, affidavits or other documents or instruments as may be required by said Contract, Indenture or Bond Purchase Agreement, or take any and all such action which may be necessary or convenient to effectuate the execution and delivery of said documents or the Bonds referred to in the preambles hereto. The Warranty Deed and the Bill of Sale conveying the Project, as required by the Contract, are hereby accepted when delivered.

22. This resolution shall be published in full in the Novi News, Novi, Michigan which the City Council hereby determines and declares to be a newspaper of general circulation in the Municipality.

23. This resolution shall be effective upon such publication.

24. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

I hereby certify that the foregoing constitutes a true and complete copy of a Resolution duly adopted by the City Council of the City of Novi, Michigan, at a Regular Meeting held the 27 day of June, 1977, and that public notice of said meeting was given pursuant to and in full compliance with Act No. 267, Public Acts of Michigan, 1976.

Geraldine Stipp
City Clerk, City of Novi, Michigan

I hereby certify that the foregoing constitutes a true and complete copy of a Resolution duly adopted by the City Council of the City of Novi, Michigan, at a Special Meeting held the 27th day of June, 1977, and that public notice of said meeting was given pursuant to and in full compliance with Act No. 267, Public Acts of Michigan, 1976.

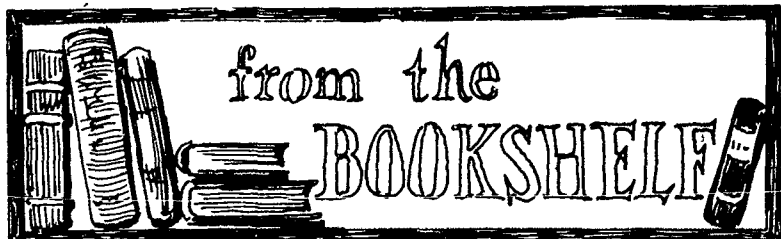

I further certify that the following Councilmen were present at said meeting: Councilmembers Hoyer, Karevich, Roethel, Schmid, Shaw, & Mayor Henderson, and that the following Councilmen were absent: Goodman.

I further certify that Councilman Shaw moved adoption of said Resolution, and that said motion was supported by Councilman Schmid.

I further certify that the following Councilmen voted for adoption of said Resolution: Council members Hoyer, Karevich, Roethel, Schmid, Shaw & Mayor Henderson and that the following Councilmen voted against adoption of said Resolution: NONE.

JOB OPENING

CITY OF NORTHVILLE

BOOKKEEPER-ACCOUNTANT

The position of bookkeeper-accountant for the City of Northville will be open upon the retirement of the present employee on July 29, 1977. The position is responsible for supervising the general accounting system, payroll system and water billing system. A general knowledge of accounting procedures and practice is necessary. A background in governmental accounting and/or local government in general is helpful.

Please apply with a complete resume concerning related qualifications to the City Manager's office, 235 N. Main St., (telephone 349-1300), no later than Friday, July 1st.

Based on the resume and a review of qualifications and references, the five most qualified applicants will be required to take an accounting examination as a part of the selection process.

Additional information about the responsibilities about the position, and information about wages and fringes will be furnished to those applicants who inquire in person at the City Manager's office.

Steven L. Walters,
City Manager

School construction

Novi loses out in bid for grant

Hopes of funding a Novi High School outdoor sports arena with federal public works monies were dashed Thursday night with the announcement that the construction application had been denied.

The public announcement came at the Novi Board of Education meeting at the Village Oaks School.

Dr. Gerald Kratz, Novi School Superintendent, said the school district did not appear on the target list recently released by the Economic Development Administration, making the district totally ineligible for funding.

Saying he was very disappointed in the denial, Kratz added he had asked EDA officials for an investigation into the allocations due to a possible oversight.

Board member Joel Colliau said, "Obviously we aren't going to play football in a new stadium at the high school this fall and must now consider various approaches." Those approaches will probably be discussed at July board meetings.

The Novi School District was one of thousands of agencies applying for funds during Phase One of the local public works program announced by the government last year.

The program, established by Congress in mid-1976 to stimulate economic recovery, pumped some \$6 million in grants throughout the country. Winners in the local battle for funding were the Walled Lake and Huron Valley School Districts along with the City of Wixom.

A second \$4 billion package was later

established federally with those units applying, but denied funds during Phase One, eligible to reapply. In the second phase, five percent or \$197,659,000 was allocated to Michigan. The district reapplied, submitting a figure of \$1,359,194 to finance the construction of the sports arena at the new high school site.

Hampering the application was a second criterion for eligibility laid down by the EDA. It called for an annual unemployment rate equal to or above 6.5 percent. According to Kratz, the unemployment figure in Novi dropped below that level in April.

Pointing to the allocation list showing disbursements of second-phase funding, Kratz said it was apparent "that when the government got down to small cities there just wasn't any

money left."

Of the total package, state projects received nearly \$20 million of the available funding. Pocket-of-poverty—those areas where the unemployment rate exceeds 8.5 percent—picked up \$12 million.

Detroit, a big winner in Phase One funding, gained close to \$27 million from the second package. Flint, Pontiac and Grand Rapids received \$7, \$6.7, and \$5.4 million respectively.

Oakland County grants amounted to \$3.7 million while Wayne County projects got the nod for \$9.2 million.

The remaining \$101.8 million was divided among other projects throughout the state. Kratz said the smaller cities, school districts and other municipalities were fifth in a line of five dispersal priorities.

Hire teachers

Despite challenges by two groups on the prospective hiring of one teacher at the high school level, the Novi Board of Education Thursday night approved the hiring plus seven other additions to the instructional roster.

Of some concern to both the Novi Education Association and a group of parents was the hiring of Donna Spala as a high school physical education teacher. Both groups said their concerns over hiring Ms. Spala were not aimed directly at her personally or her credentials but rather over the position she would hold in the district.

The NEA requested the board postpone any action on Ms. Spala's employment pending the outcome of a grievance filed by a teacher over the position. That grievance involves a middle school teacher who applied for but did not receive the high school assignment.

Edward Sobkow, commenting also on Ms. Spala's hiring, asked the board for

clarification of her position. Reportedly acting as spokesman for a group of parents, Sobkow said the group was concerned over rumors that Ms. Spala would be assigned the job as girls' varsity basketball coach.

Commenting on Sobkow's anticipation regarding the coaching assignments, Dr. Gerald Kratz, Novi School Superintendent said, "Extra-curricular activities such as coaching are not assigned until August. What we are doing tonight is simply hiring an additional teacher for the department."

Kratz added, "I don't think the professional integrity of a person to be hired should be aired in public." Pointing out that the school board was aware of the situation on "both sides of the fence," Board President Sharon Pelchat flatly commented, "We don't want this dragged into a slug-fest."

Novi council minutes

CITY OF NOVI
OAKLAND COUNTY, MICHIGAN
SUMMARY OF CITY COUNCIL PROCEEDINGS

The Council of the City of Novi met in regular session at the Novi School Administration Building on Monday, June 20, 1977, at 8:00 P.M. The meeting was called to order by Mayor Henderson. All members of the Council were present with the exception of Councilmen Goodman and Shaw who were excused. Also present were: Edward Kriewall, City Manager, David Fried, City Attorney, Geraldine Stipp, City Clerk.

A plaque was presented to Kathy Crawford for her outstanding service to the City in acting as Chairman for the Michigan Week Activities.

The Council adopted a resolution commending the Needs and Priority Assessment Committee for their effort and professional caliber of the report they submitted to the Council.

A resolution was adopted commending the Jaycees and Jayettes for their continued support to improve community pride and community involvement.

The Association Management Company had complaints as to response from the Police, Fire and Building Department. The City Manager will meet with representatives of Country Place, Mr. Brose, the three Department Heads, and the City Engineers regarding the problems of enforcement of the Ordinances.

The Council will interview two new applicants for the Planning Board prior to the 27th Council meeting.

The drainage complaint in Meadowbrook Glen will be placed on the June 27th Agenda and Mr. Mosher to submit a report.

Fireworks Permits were approved for Ray Shapiro for June 29th and the Novi Jaycees for a display to be held at Gala Days.

Final approval of the preliminary plat of Whispering Meadows No. 2, No. 3, No. 4 was granted, subject to the following conditions: (1) The Developer shall agree in the R.U.D. Contract to carry out the obligations contained in the letters dated May 4, 1977 and June 3, 1977, from Burton A. Binder Kaufman & Broad Homes, Inc. to George Mitchell, President of the Village Oaks Common Areas Association in regard to maintenance of the retention basins and the water flowing into the Village Oaks lakes. Further that the developer shall provide in his covenants and restrictions the same conditions. (2) That the proprietor shall provide for adequate storm water facilities within the land proposed for platting and outlets thereto, to the satisfaction of the City Council prior to the approval of the final plat.

Final preliminary approval for Turtle Creek Subdivision was granted subject to the following requirement of the State Plat Act:

That the proprietor provide for adequate storm water facilities within the lands proposed for platting and outlets thereto, to the satisfaction of the City Council prior to the approval of the final plat.

Final approval of the Preliminary Plat of Petros Subdivision was granted subject to the conditions stated in Villian-Leman's letter dated June 17, 1977, and that the access ways meet the requirements of Ordinance 45 with regard to width.

The lot split for Novex One was approved to split Lot 18.

A resolution was adopted approving a transfer of location for Novi Inn of the 1976 Class C licensed business from 43379 East Grand River to 43317 East Grand River.

Public Hearing Dates were set as follows: July 18, 1977 for the Quirk Landfill License; July 18, 1977 for the Richards Landfill License; and August 8, 1977 was set as the public hearing date to consider the rezoning request of Bestak Company.

Resolution No. 4 was adopted for

Greys Subdivision sewer setting a public hearing for July 11, 1977. A request was received from the Pioneer Meadows Homeowners Association for a street light at Beck Road and Ten Mile Road. The Council authorized installation of a street light at that intersection.

An Amendment to the Dog Ordinance No. 77-59.02 was adopted.

A resolution was adopted with several budget amendments to the 1977-78 budget.

The City received a request to vacate certain platted properties shown as Liliac Court in Idemere Park Subdivision. The owners will have to petition the Circuit Court in this matter.

In the case of Central Advertising vs. the City of Novi, the matter was argued before the Appeals Court last Wednesday and a decision is expected in 90 to 120 days.

There being no further business, the meeting was adjourned at 11:00 P.M.

Geraldine Stipp, City Clerk

Novi boat rental program ready to get underway

Novi's up-and-down boat rental program on Walled Lake is apparently ready to get under way again after three weeks of insurance delays.

According to Parks and Recreation Director Barry Smink, Novi's City Council and the city's insurance carriers have OK'd an agreement that will allow the city to restore the program by Friday.

It all started last month when Richard Huhn, who owns four paddleboats and three catamaran sailboats, began renting his boats at Walled Lake's City Beach in conjunction with Novi Parks and Recreation.

After renting them for two weekends

Huhn and Smink were informed of a snag in liability insurance. Novi's City Council apparently felt Huhn's \$300,000 policy wasn't adequate, that a \$1 million policy was necessary.

"I didn't see how the boats could present any sort of danger unless (the danger was) due to our negligence," he said, "and we were trying to cover ourselves by taking every possible precaution."

Smink said he was later informed that most lawsuits against programs like the Walled Lake rentals are in the range of \$1 million, and he claims this satisfied any questions he had about the city's decision.

He took exception to an article in last

week's Novi News that he said indicated he begrudged City Council for delaying the rental program. "I did not blame City Council at all (for the snag in the program)," Smink said. "I believe City Council has been highly professional in its actions, and I back their judgment 100 percent."

Last week Smink worked out an

agreement with City Council and Huhn to avoid paying the high premiums (between \$1000 and \$1500) for a \$1 million policy.

According to Smink the agreement calls for the city to take over Huhn's operation and run it as part of the Parks and Recreation program. Under that format the city's own \$1 million blanket

policy would cover the liability.

At the end of the season the program's profits will first be used to pay off all costs of operation and any additional insurance costs the program may incur on the city. Anything left after that will go to Huhn.

According to Smink the program will

get under way as soon as the city's insurance carrier receives a letter explaining the operation, which he says means this weekend at the latest.

The boats will be rented daily, from 1 p.m. to dusk on weekdays and from noon to dusk on weekends and holidays.

Board approves hiring

Continued from Page 10-B

We are aware of the problems connected with the position."

In the audience throughout the proceedings was the young Central Michigan University graduate later introduced after the board approved her hiring. Donna Spala, receiving a salary of \$9450 will be on hand in the fall as a physical education-swimming instructor at Novi High School.

Other personnel added to the high school staff through board action include Richard Elton, Auto Shop,

David Wendlandt, Graphics; Gerald Ellsworth, Mathematics; Margaret Laine, Chemistry-Life Sciences; and, Rose Riopelle, Social Studies.

Cathy Kier, with a degree from Eastern Michigan University, will be added to the staff of the Middle School teaching Spanish and French.

Both Elton, a graduate of Wayne State and Ms. Kier will receive salaries of \$9879. Wendlandt, Ms. Laine and Ms. Riopelle, holding degrees from Eastern Michigan and Ellsworth from Alma, will receive starting salaries of \$9450.

NOTICE OF SPECIAL ASSESSMENT HEARING

CITY OF NOVI

COUNTY OF OAKLAND, MICHIGAN

TAKE NOTICE that the City Council of the City of Novi, Oakland County, Michigan, has determined it to be necessary to make the following described public improvement in the City of Novi:

Installation of Sewer and Sewer Laterals

The City Council has determined that the cost of the above described public improvement shall be assessed against the following described property abutting the above described improvement:

Lots 1 thru 14 inclusive, Grey's Subdivision

TAKE FURTHER NOTICE that the Council has caused reports concerning said public improvement to be prepared, which reports include necessary plans, profiles, specifications and estimates of cost of such public improvement, a description of the assessment district and other pertinent information, and these reports are on file in the office of the City Clerk and are available for public examination.

TAKE FURTHER NOTICE that the City Council will meet on Monday, July 11, 1977, at 8:00 P.M. Prevailing Eastern Time, in the Novi School Administration Building, 25575 Taft Road, Novi, Michigan, 48050, for the purpose of hearing objections to the making of such public improvement.

THIS NOTICE is given by order of the City Council of the City of Novi, Oakland County, Michigan.

Published: June 29, 1977

PROPOSED FLOOD ELEVATION DETERMINATIONS FOR THE CITY OF NOVI, MICHIGAN

AGENCY: Federal Insurance Administration, HUD.
ACTION: Proposed Rule.
SUMMARY:

Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the City of Novi, Michigan.

These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Krimm, Assistant Administrator,

Office of Flood Insurance, (202) 755-5581 or Toll Free Line (800) 424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C., 20410

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the City of Novi, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (P.L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 P.L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by Section 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements.

The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at City Hall, 43315 Sixthgate, Novi, Michigan.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Honorable Gilbert Henderson, City Hall, 43315 Sixthgate, Novi, Michigan, 48050.

Energy!

Laser may be answer to fuel crunch

By BARBARA JOHNSON

Some 150 employees — mostly scientists — at KMS Fusion, Inc., in Ann Arbor are sitting on pins and needles these days.

The future of what they believe is the key to an inexhaustible, safe source of electric power and synthetic fuel is being debated now by Congress. In coming weeks, the House and Senate will decide the fate of the company's request for \$9.2 million in Energy Research and Development Administration funds.

For KMSF scientists, the sure answer to the energy crunch lies in the thermonuclear process, laser fusion, developed at their laboratory in 1969.

Researchers there don't talk in terms of if they can produce an alternative energy source and, in particular, a substitute for natural gas. Their concern is when their process will be put to use commercially. Whether laser fusion plants become a reality this century or next, they say, depends entirely on politicians who control the pursestrings.

In simplest terms, explains KMSF Program Director J.F. Clayton, fusion involves submitting molecules to intense pressure and causing nuclei to combine and release energy.

At KMSF, a laser beam triggers the fusion process. Tiny glass pellets filled with deuterium and tritium (hydrogen isotopes derived from water) are subjected to the laser beam for a fraction of a billionth of a second.

The pellet compresses and heats to millions of degrees. An implosion results which causes the nuclei to fuse and releases high energy neutrons. The neutrons, in turn, are used to split other molecules or, in effect, extract hydrogen from water.

The production of hydrogen through laser fusion has been the primary

target of KMSF research because hydrogen can readily be converted to methane gas and because of the pressing need for a natural gas substitute. But scientists point out the same process could produce a wide range of synthetic fuels.

The current research program at KMSF calls for imploding about 10 pellets a day, one at a time. Years down the road, scientists envision a continuous flow of energy coming from

Staff changes mark new Sliger publication

Appointments, promotions and reassignments of newspaper staffers were revealed this week with the announcement of an additional publication in the Sliger Home Newspapers group.

The fifth SHN newspaper, The Walled Lake News, will be launched next month, Publisher William Sliger announced.

It will join a family of community-oriented newspapers that includes The Northville Record, The Novi News, The South Lyon Herald and The Brighton Argus.

Two members of The Herald Staff will assume key roles on the new newspaper.

Philip Jerome, Herald editor for the past three years, has been promoted to managing editor of The Walled Lake News-Novu News, while The Herald's news editor, Carl Davies, has been named editor of The Walled Lake News.

Retaining his position as editor of The Novi News, a newspaper whose base of operation will be shifted from Northville to the Walled Lake-Novu area, is Wayne Loder.

Taking over as editor of The Herald is Dennis Keenon, who has been news-feature editor of The Argus since 1973.

Replacing him at Brighton is Christina Golembiewski.

Replacing Davies at The Herald will be Evelyn Bagwell.

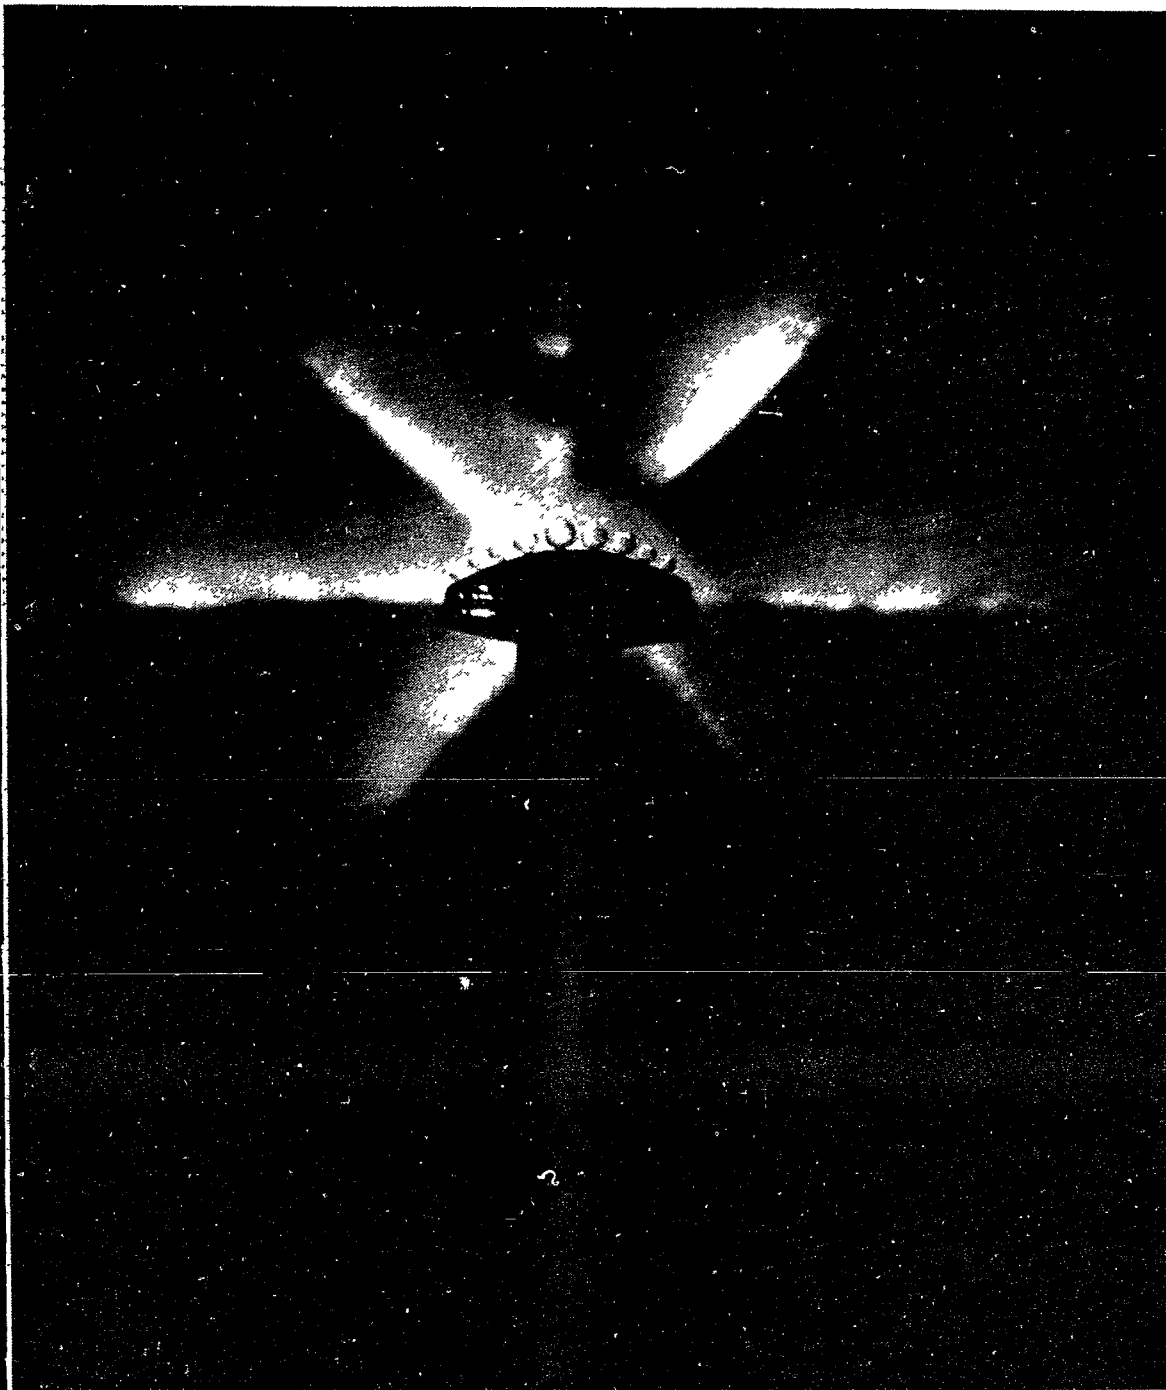

Sherrill Cannon, a part-time photographer since prior to graduation from Northville High School last year, has assumed a full-time photographic role with the Sliger newspapers. She and SHN's photography director, James Galbraith, will share the additional photo assignments at Walled Lake.

Meanwhile, Richard Perlberg has been appointed news-feature editor of The Record, and Michael Lash has been named sports editor, serving both The Record and The Novi News.

Assuming advertising responsibilities for the new Walled Lake paper are Linne Sopp and William Sliger, Jr., supervised by Michael Preville, advertising manager of The Record who remains based in Northville.

The Brighton Argus remains under the direction of Editor Roland Peterson, while Jack Hoffman remains editor of The Record and assistant to the publisher, responsible for the

Don't neglect your house plants

By Kathy Copley

House plants can enjoy your summer vacation as much as you do since they thrive in the sun-shine and humidity. But, like the rest of us, they need their share of protection from some of Summer's extremes.

Plants which spend the summer indoors need a trip to the North or East — window, that is. Those sun-loving plants which required a winter in the South window will probably bake there in July and August. This time of year, even North and East windows are enough for most sun worshippers.

It is not so much the additional sunlight which causes the problem — like bleached leaves, leaves curling down — but the excessive heat which builds up between the window and the plant. Air conditioning minimizes this but does not altogether counteract the problems of sun constantly beating down on plants accustomed to much more moderate conditions.

This extra sun causes increased evaporation — from the leaves, soil, and even the clay pot. So, extra water is in order. While a thorough soaking — up to the rim in a pan of room temperature water — is the best

watering technique, you may find yourself doing it more often. Misting the foliage will cool it down, too.

Most plants will do just fine outside for the summer. The only problems could be sudden exposure to Nature's extremes. All day sunshine untempered by window glass, thunderstorms, and the like can wilt and tatter even the toughest philodendron or spider plant.

Such plants (with drainage holes, naturally) up to the rim in a spot lightly shaded by overhanging shrubs, a balcony, or large shade tree. By sink-

ing the pots, you make watering easier and minimize the possibility of wind or stray cats knocking the plants over. Water and fertilize as you would the rest of the outdoor plants.

For large specimens or ones which it is impractical to move outside — in a fancy metal pot, for example — a vacation can be tough. The house is closed up and the afternoon temperature soars; wilting leaves get no relief from misting and the soil gets dried by the hour.

A kindly neighbor is the best guarantee of healthy plants, but there are other tricks. Set pots with drainage holes in a large

waterproof tray or sunny sink or tub and add 1" of water. Plants shouldn't sit in water, but for a week or so it won't hurt, especially since there won't be an inch of water for long.

Several brands of self-watering pots are on the market. Made with various combinations of double pots and wicks, they store extra water and release it as needed.

Rig up a home-style wick by braiding 3½ inches wide strips of terry toweling cut to allow the finished length to reach from two inches below the pot's soil line to a bowl of water.

Wet the braided wick and push one end two inches into the pot (along the edge, between the pot and the soil) and put the other end in a bowl generously filled with water. As moisture is taken from the soil, capillary action draws moisture up the wick and into the soil.

Clear plastic bags, drawn around plants, pots and all, create a greenhouse — terrarium effect and nearly eliminate the need for additional water. Just be sure to include a frame of stakes, wire hangers, or whatever to hold the plastic away from the leaves.

THE NORTHVILLE RECORD—NOVI NEWS
SOUTH LYON HERALD—BRIGHTON ARGUS

Celosia—quaint old girl turns torrid temptress

Celosias include both the plume or feather celosias and the crested cockscombs.

The plume celosias come in vivid shades of pink, yellow, scarlet, carmine, crimson and gold. Some varieties have bronze leaves.

The most useful varieties are the new compact early blooming types that grow no more than 12 to 18 inches high. However, if you have the space for larger plants, the two to three ft. tall background varieties are more rugged and have long stems for cutting.

The crested cockscombs have foliage that is quite similar to their plumed cousins. Their elaborately folded and convoluted flowerheads, resembling exotic forms of coral, fascinate everyone with their variations.

White, purple and green colored combs, all the range of pink, red, yellow and strong golden-rod colors will have you marveling at what God hath wrought. Some of the newer large flowered varieties mature at a height of only six inches!

Plant them and you can be sure that even the proudest visitors to your garden will spend some time on their knees.

Celosias are one of the garden flowers that are easier to grow from seeds than from transplants. If seedlings are grown in flats, pots, or packs to the point of showing bloom color, they are past the best stage of transplanting. Overgrown seedlings may be stunted beyond the point of recovery.

Celosia seeds need lots of warmth to sprout — 70 to 75 degrees F. Wait until summer has definitely arrived before planting. Cover seeds lightly with sand, sprinkle liberally with a fine spray and

IT'S NEW—Wait until you see the leggy, awkward, late bloomer, the old girl has blossomed out in dozens of sizes, shapes and hot colors that can liven up your garden like a spark in a bucket of fireworks. Too exciting? Relax, the celosias are really pussycats to grow from seeds and will fit into any landscape plan.

cover the row with clear plastic.

The plastic will admit the warming rays of the sun and keep soil temperatures high on cool nights. Seeds should sprout within 10 days. Remove plastic as soon as sprouts begin to appear.

In the warm soil of the South and Southwest, summer-sown celosia seeds need no coaxing to sprout. Sow thinly so that small seedlings can be dug with a ball of soil around the roots and transplanted to fill gaps.

Celosias begin to bloom about 60 days after planting and will stay in flower all summer long except in the deep South where they burn out in August.

You can dry young celosia flowers by hanging them in a warm room. Mature flowers can be dried with the aid of silica gel or borax and will retain much of their natural color.

A lap a day

Backyard pool a health aid

Back in the days when doctors made house calls, the old adage declared "an apple a day keeps the doctor away."

Many doctors today suggest that one of the best ways to ensure that you don't have to come to them is to swim a few laps every day.

Some doctors recommend swimming and other exercise as an excellent defense against heart attacks. Others prescribe swimming in cases of severe hypertension, or for those with high blood pressure.

Increasingly, too, this

form of "non-medicinal exercise" is employed in the treatment of emotional tensions and in psychotherapy.

Among the doctors who are most enthusiastic about the benefits of the country's most popular outdoor sport are many who are themselves participants in the Master Swimming program sponsored by the American Athletic Union.

Begun six years ago, this program encourages competitive swimming for adults age 25 or older.

Well over 5000 people have joined the program to date. Among the most famous is former-Tarzan Buster Crabbe. Among the oldest is 83-year-old Collister Wheeler, who also happens to be a track and field star.

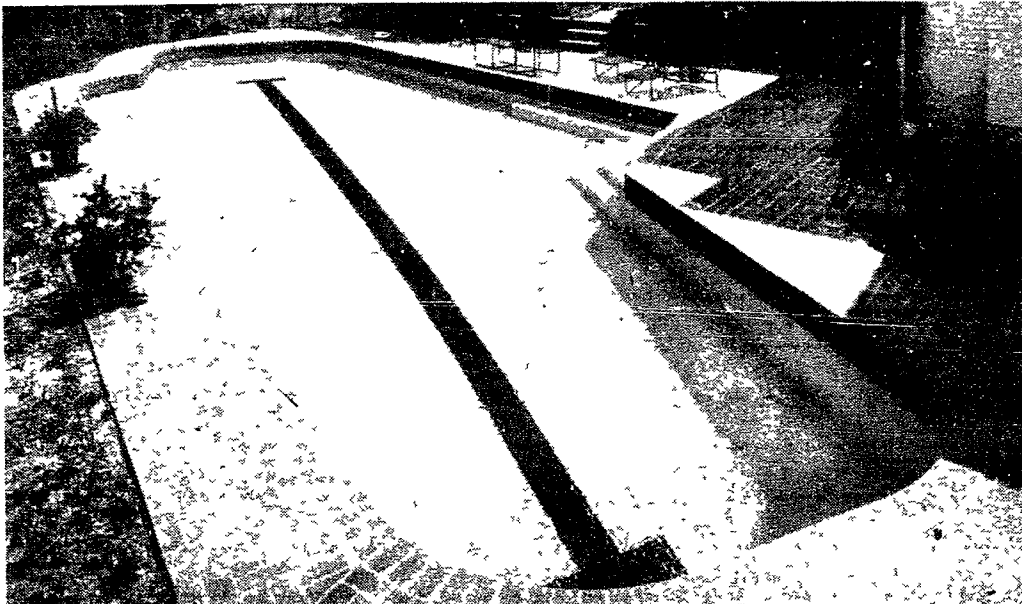

Last September, this Oregonian set a new world record in the 200 meter run at the National Masters Track & Field Championship, where he also won a 100 meter dash and took top honors in a discus event, reports the Master Swimming committee's monthly newsletter.

One recent issue of that newsletter, reporting on a survey of why members joined the program, revealed that a majority of respondents desire to improve their cardiovascular fitness.

Other motivating factors include an interest in improving body tone, relaxation, recreation and weight loss.

Participants in the Master Swimming program are encouraged to swim at their own pace, not over-exerting themselves, as they compete within five year age groups.

Many people train together for these competitions. Others do so in the privacy of their own backyards. The number of families owning their own pools is increasing at the rate of some 300,000 yearly, the

LAPPERS LIVE LONGER—Doctors suggest that a few daily laps in the pool can result in better health — and perhaps a longer life in which to enjoy the pleasures of swimming. This St. Louis pool measures 55 x 10 x 21-ft. and

is an ideal length for lapping. Ample deck space is provided for relaxing after a good swim. This type of home pool with lane indicators is becoming increasingly popular, reports the National Swimming Pool Institute.

National Swimming Pool Institute reports.

And while there is no way to determine what percentage of this total takes part in the Master Swimming program, it is safe to assume that a sizable number of those using home pools are now enjoying the many benefits of increased physical activity.

Home pools, says a local NSPI spokesman, can be enjoyed by every age. The youngest will, no doubt, make the most use of such facilities — because they have both the time and the energy.

Adults, on the other hand, are likely to be inclined to spend most of their time reclining beside the pool, or entertaining in the same area. Neither is unhealthy exercise, but nothing beats being a swimmer.

Swimming competition, the forte of the Masters Swimming organization, is fine for those who like that sort of thing. Swimming for its own sake, however, is excellent for everyone.

Because your muscles can be toned up while swimming, because you can at the same time be relaxing, because however long you swim you will be doing your body a favor, you should — as the NSPI puts it — "swim for the health of it."

BUSINESS BRIEFS

ELMER HEUPEL of 23830 Forest Park, Novi has been elected to the presidency of the Western Wayne County Chapter of the National Association of Accountants. The term runs through May, 1978.

Heupel is a certified public accountant and a partner in the Detroit offices of Alexander Grant and Company. He has held several offices in the Western Wayne Chapter and is also a delegate to the Michigan Council of the National Association of Accountants.

The National Association of Accountants is a professional organization of management accountants consisting of nearly 100,000 members throughout the world.

The chapter services Western Wayne County and a portion of Oakland County and consists of 177 members representing; universities, government and private industry.

ELMER HEUPEL

SHIRLEY BOURGEOIS

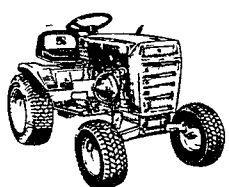

SHIRLEY BOURGEOIS has joined CENTURY 21 Real Estate of 224 South Main Street, Northville, as a sales associate.

A graduate of Dondro High School in Royal Oak, she recently had been employed as a sales representative and district manager for Avon Products, Inc.

She and her husband, an English teacher in the Northville school system, have a daughter, Michele, who will be married next month and next fall will begin nurses' training. They also have a son, Steve, who will be a junior at Northville High School next fall.

Business Briefs

RATZ HARDWARE in Brighton is now being managed by George Schrader, a Livingston County resident since 1966. Schrader has been in the hardware business about eight years, having worked for various hardware stores.

"We're trying to become a do-it-yourself," Schrader said. The idea is to help the customer to help himself with various projects.

In addition, Schrader said that becoming a charge account customer at Ratz can pay off. If charge account customers pay their bills before the 15th of the month, he said, they will get a 10 percent discount on all merchandise previously purchased.

Another new twist for the benefit of customers, Schrader noted, is a 10 percent above cost charge on all items ordered from Ratz and not carried in stock.

Repair service also is being offered. Schrader says he offers Mobile home service, does electrical and plumbing work and will repair small appliances and power tools.

The new manager said that he is currently in the process of building up stock at Ratz, which is open 8 a.m. to 6 p.m. Monday through Saturday.

Dean Sellman, who previously operated Ratz, is still the store owner.

MARK BRUNETTE, a truck driver for Kroger, has been chosen to receive the 1977 B. H. Kroger Community Service Award for the Michigan Marketing Area of Kroger Food Stores.

Brunette, who lives in Northville, won the award for the outstanding record of voluntary community service in the Michigan Marketing Area, which includes all of the Kroger facilities in the state of Michigan.

He received a plaque signifying his selection for the 1977 Award at a dinner given in his honor on June 8. In addition a \$100 grant will be made in Brunette's name to the community organization of his choice.

In announcing the award, David A. Burt, Vice President of the Michigan Marketing Area, said:

"It is a privilege to honor employees such as Mark Brunette for his excellent record of community activities. He is among many Kroger employees who are contributing meaningful service to their communities. Such volunteer action makes these communities better places to live and work. This awards program is intended to give proper recognition to our employees for the community work they perform."

The award is named for B. H. Kroger, who founded the Kroger Co. in 1883 in Cincinnati, Ohio. Kroger, who died in 1938, was a civic and philanthropic leader as well as one of the nation's outstanding businessmen.

Brunette has been active in many community affairs. A key interest is working with the Jaycees. He has been particularly interested in Jaycee projects dealing with both the mentally and physically handicapped. He has participated actively in the Junior Special Olympics for mentally retarded children. He is also a member of the Mobility Awareness Team, a group concerned with eliminating barriers for the wheelchair-confined people.

As a member of the team he was invited to participate as a member of the President's Committee of Employment for the Handicapped. In addition, he has received a Governor's Citation for his work with the handicapped. He has held both local and state Jaycee offices and has unselfishly served the needs of his fellow citizens.

LEONARD PORTER, 23732 Le Bost, Novi, was recently elected President of the Michigan Hospital Public Relations Association.

Under the auspices of the Michigan Hospital Association, MHPRA strives to create a better understanding of hospital public relations and foster professional skills among its members, who are representatives of over 60 health care institutions throughout Michigan.

Porter is currently Director of Communications for the Detroit Osteopathic Hospital Corporation. Prior to joining DOHC in 1973, he was Assistant Director of Development at Monmouth College, Monmouth, Illinois.

He received a bachelors degree from Monmouth College and his M.S. degree in communications from the University of Illinois.

"GET ACQUAINTED DAYS" at the Novi-10 shopping center proved to be a success June 5-12 as stores throughout the new shopping center combined to hold a giant sale.

Novi High School Jazz and Rock Ensemble Band under the direction of Craig Strain put in an appearance on June 11 and played various pieces for a half an hour.

The shopping center is located at 10 Mile and Meadowbrook Roads and features, among others, the A&P store, Brown Drugs and TG&Y. Other businesses in the shopping center are: Dr. Burton Davis Podiatrist; Hook's Jewelry; Head and Hair Salon; Book Mark Book Store; Fisher Sporting Goods; Dr. Paul S. Keller, Optometrist; Radio Shack; Sundae Inn Novi; Denny Burton's Restaurant; William's Mens Wear; Random House Interiors; American Hobby; Maternity Factory Outlet; LaFleur Florists.

BEN SKELTON, Vice President of Rymal Symes Realtors of Novi was given the honor recently of presenting the first place trophy for English Pleasure Championship during the Novi Youth Assistance Horse Show.

Receiving the trophy was Nan Wetterstroem, 20, who has been riding for 10 years. A student at Schoolcraft College, Miss Wetterstroem resides in Northville. She rode "Poplars Proclamation", owned by Meg Potter of Northville.

VICTOR WILKINSON of Northville has been appointed to the position of Plant Manager for the Howmet Alloys International facility in Exeter, England. The announcement was made by HTCC President Theodore Operhall.

Wilkinson, presently sales manager for HTCC's Metal Products Division at Plymouth, has been with the company since 1965. He came to Howmet from General Electric where he served in GE's vacuum melting operations.

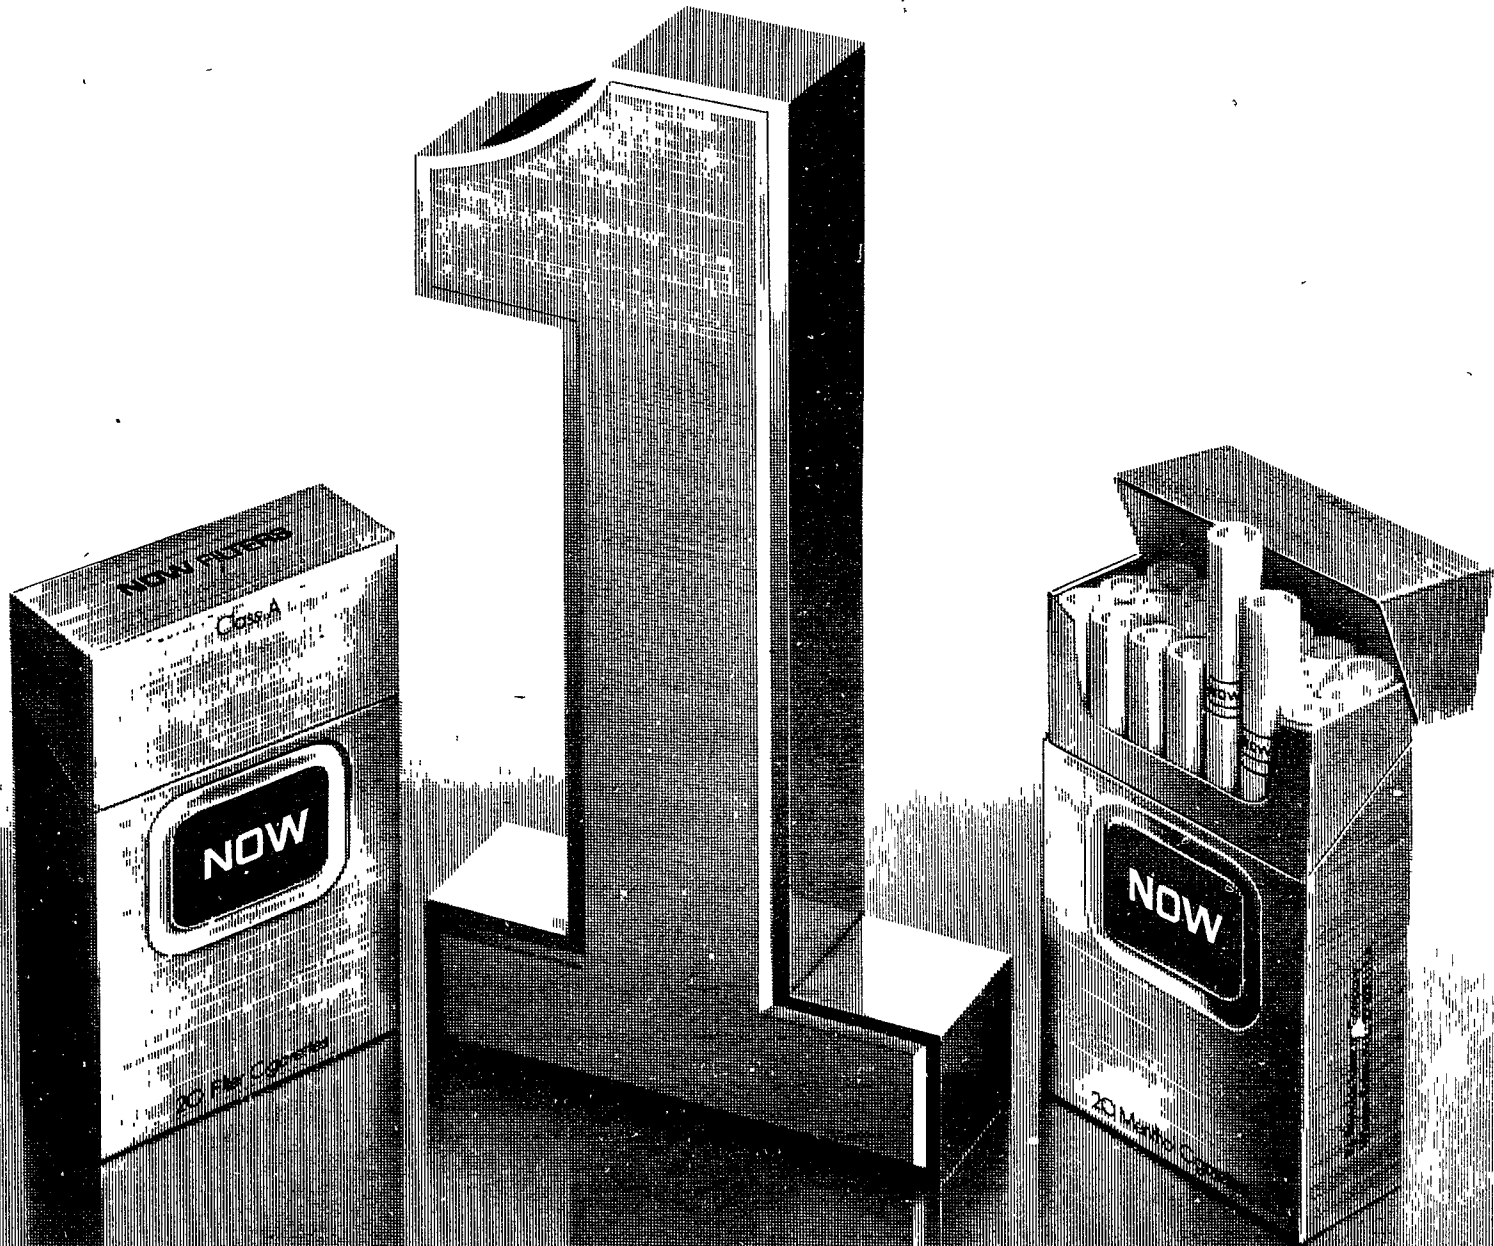

He received his B.S. in Metallurgical Engineering from Michigan Technological University.

He will be assuming his new duties in England in August.

The Light Touch

by ANN L. ROY

Why did the moron put the chicken in hot water? He wanted hard boiled eggs.

"I spent last summer in a very pretty city in Switzerland."

"Berne?"

"No, I almost froze."

Did you ever see the Catskill Mountains?"

"No Sir, but I've seen them kill mice!"

We're Selling Properties! LISTINGS WANTED!

Business Briefs

RONALD BERLIN, a Northville resident, has been named president of Standard Realty Property Services, Inc., the property management arm of the Standard Realty Group, Southfield. He will continue as president of Standard Securities Corporation, the group's syndication arm.

Berlin succeeds William H. Poore, who has been named president of Standard Court Players Corporation, another Standard Realty company.

Berlin, 25, joined the Standard Realty organization as office manager of the Lemontree apartment complex while attending college. He is an accounting graduate of Eastern Michigan University and has operated his own tax consulting firm and worked as a construction supervisor.

Standard Realty Property Services, Inc. manages more than \$70 million in rental properties in which Standard Realty Group executives are general partners. Most of these projects are in Michigan, and include the Lemontree and Deer Creek apartment complexes.

KENNETH R. COLOMBO, staff head-auditing, methods and procedures, Cadillac Motor Car Division, GMC, Detroit, has been elected to the board of directors of the Institute of Internal Auditors, Inc.

The Northville resident's election as district vice president for the Central Region was announced during the 14,000-member professional association's 36th International Conference, June 19-22 at the Diplomat Resort and Country Clubs.

This is Colombo's first international post with the Institute. His duties will include acting as liaison between chapters in his district and the regional vice president, assisting those chapters in planning and establishing activities, and representing them at IIA board of directors' meetings.

At the local level Colombo has served IIA's Detroit Chapter as president, a member of the board of governors, and on various committees.

Colombo, a graduate of Walsh College, is a certified internal auditor. He is also a member of the American Society for Industrial Security.

The Institute of Internal Auditors is a worldwide professional organization dedicated to the advancement of the internal auditing profession. The Institute serves as a medium for the exchange of ideas and information among internal auditors the world over.

THE BOARD OF DIRECTORS of Quanex Corporation at South Lyon has declared a quarterly cash dividend of 30 cents per share on the \$5 par value capital stock. The Dividend is payable August 25 to shareholders of record at the close of business on July 25.

THREE NOVI residents have begun working high in the sky beside the Detroit River in the new downtown Renaissance Center.

They moved with the central office of the AC-Delco Division of General Motors from longtime quarters in the GM Building on West Grand Boulevard to a tower in the riverfront complex. They are Gregory J. Dunn, Mary L. Madill, and Angela P. Summerfield.

It is the first group from an auto manufacturer to occupy space in the Renaissance Center, in which General Motors is a partner with a \$12 million investment.

The Novi residents are among 458 men and women in AC-Delco's ultra-modern new headquarters "demonstrating by their presence the

continuing belief of GM in a growing and prospering Detroit" according to General Manager William C. Lee.

"All of us are enjoying our new home and continuing to be fascinated with exploring the Ren Cen and surrounding areas," he said.

Lee expressed confidence that the employees "will meet the twin challenge of continuing to effectively serve the nationwide customers of AC-Delco and also participate in the revitalization of downtown Detroit."

RICHARD ALONZO

THOMAS PAYNE

GUARDIAN Industries Corp. announces the promotion of Richard Alonzo, formerly manager of engineering, to the new post of vice president-engineering.

Alonzo, who joined Guardian in 1968 to organize an engineering staff to build the company's first glass manufacturing plant at Carleton, Mich., holds a degree in mechanical engineering from the University of Detroit.

Alonzo lives with his wife and two children in Northville.

THOMAS C. PAYNE of Northville has been promoted to the position of general manager, Hudson's Southland store. He has been Hudson's divisional merchandise manager of men's and young men's clothing.

A resident of Northville, Payne joined Hudson's in 1957 as a salesperson in men's furnishings at Hudson's Northland.

THE BOARD OF DIRECTORS of Security Bancorp., Inc., the parent company of Security Bank and Trust Company of Southgate and Security Bank of Novi, at a regular meeting held on June 21 declared a 15 percent stock dividend. This dividend will be distributed on August 10, 1977 to shareholders of record on July 5, 1977. The annual cash dividend rate of \$1 per share will be maintained.

Cash will be distributed in lieu of fractional shares at the average market price on the record date as reported in the Detroit newspapers on July 6, 1977. This dividend raises the number of shares outstanding from 1,456,331 to approximately 1,673,880 an increase of approximately 217,549 new shares.

Security Bancorp.'s most recent previous stock dividend was 10 percent distributed on October 1, 1976.

AAA bicycle tour promises variety, adventure

Wine-tasting, hang-gliding, spelunking and a futuristic look at a nuclear power plant are among adventures awaiting bicyclists on a 134-mile circle tour through Southwest Michigan, according to Automobile Club of Michigan.

The route follows the Lake Michigan shoreline and its towering sand dunes, meanders along the St. Joseph River and traverses mile upon mile of vineyards, orchards and cornfields.

Most of the cycling is along lightly traveled roads that pass state parks with white sandy beaches. There are also glimpses of industrialized sections of Benton Harbor, Niles and South Haven.

Cyclists may choose to take only the 37-mile Watervliet-South Haven-Benton Harbor loop via M-140 and the Blue Star Highway. M-140 runs through rural towns and past small farms. Blue Star Highway hugs Lake Michigan's tree-lined shore, with Van Buren State Park's fine beach, camping and picnicking facilities situated just three miles south of South Haven.

En route to Benton Harbor-St. Joseph from South Haven, there are two more parks—Benton Township and Rocky Gap—where cyclists can rest and enjoy the beauty of Lake Michigan.

At St. Joseph, 25 miles south of South Haven, Lake Boulevard Park hugs the shoreline, overlooking the St. Joseph River's ship-turning channel and the fishing boats out on the lake. There are park benches and a band shell for summer concerts.

B.L. 94 takes cyclists out of St. Joseph to the Red Arrow Highway, where the Scenic Lookout Park at the south city limits offers another chance to rest before starting the seven-mile ride to the Donald C. Cook Nuclear Power Plant on a bluff

overlooking Lake Michigan just north of Bridgman.

Wednesdays through Sundays, the adjacent Cook Nuclear Center gives free 45-minute presentations on electricity and nuclear energy, or visitors can just browse among the exhibits, including one of a wristwatch-sized television. Outdoors, there is a patio and lake overlook area with picnic tables, or visitors can use the indoor snack bar. The center is scheduled to be closed June 20-June 28 while new programs are installed in the three multi-media theaters.

From Bridgman, it is a

four-mile ride to Warren Dunes State Park and its towering sand dunes, where daredevils with huge kite-like structures strapped to their backs soar into the air when the wind is right. On weekends, hang-gliding lessons are given for a fee.

Just a quarter mile south of Warren Dunes, cyclists turn off Red Arrow Highway and onto Browntown Road for the trek eastward into Michigan's wine country. It is a 12-mile ride to the Tabor Hill Winery via Browntown, Gardner and Mt. Tabor roads.

Half-hour to 40-minute tours of the winery, plus

wine-tasting, are offered daily from noon to 5:30 p.m. There are picnic tables and visitors can sample any wine in the house.

From Tabor Hill, it is a five-mile ride via Mt. Tabor, Snow Road, and the Red Bud Trail through picturesque vineyards and along the winding St. Joseph River to Bear Cave Resort north of Buchanan.

For \$1 on weekends from Labor Day to Nov. 1 and daily from Memorial Day through Labor Day, amateur spelunkers—cave explorers—are taken on half-hour guided tours of the cavern to see stalactites and other rock formations of varying colors and to cool off in the 58-degree, year-round temperature.

Bear Cave Resort offers camping, canoe rental and picnicking on the banks of the St. Joseph River, and there is a general store to replenish supplies

From Bear Cave Resort to Niles, it is a seven-mile scenic ride along the St. Joseph via Buchanan and Niles-Buchanan Road. In Niles, the route turns northward and continues 15 miles to Dowagiac via M-51. Campgrounds are located north of Niles and just north of the M-152 intersection.

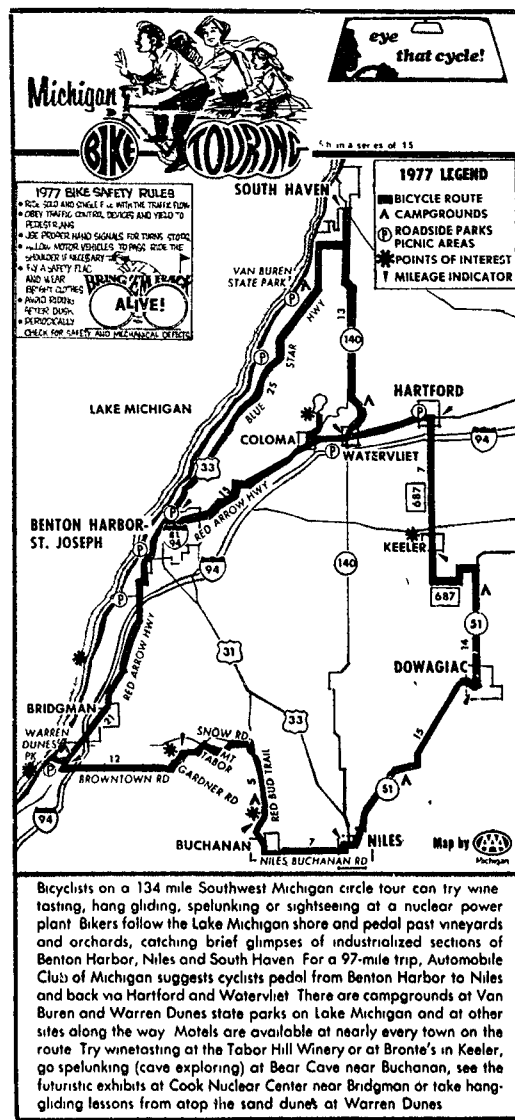

Nine miles north of Dowagiac, take C.R. 687 west and north past five miles of vineyards to Keeler, home of the Bronte Winery and Vineyards. Bikers can take the half-hour tours year-round and see the huge wooden barrels once owned by mobster Al Capone before more wine-tasting.

Continuing north on C.R. 687, there are about seven more miles of vineyards before reaching Hartford and its delightful city park with a stream running through it and picnic tables and baseball diamonds.

The return to Benton Harbor via Red Arrow Highway takes cyclists through Watervliet, where there is another lovely park in the center of town, and through Coloma, where a short side trip to Paw Paw Lake and Deer Forest reveals tame deer, trout ponds and picnic groves.

From there it is just eight miles back to Benton Harbor via Red Arrow Highway past more farmland, orchards and rural towns. Cyclists will find motels all along the route, and there are private campgrounds in addition to the two state parks.

Bicyclists should pace themselves according to their ability. The League of American Wheelmen estimates the average bicyclist can cover 35 to 50 miles a day with ease. A card and pamphlet containing bicycle safety tips are available free at all Automobile Club of Michigan offices.

The Old Man

An old man hobbled down the street,
...slowly, sadly, pathetically,
While the busy city revolved,
...Revolved like a merry-go-round about him.

Every element of the city,
From its every human and building,
Down to its every cell,
Thrived and moved restlessly with life,
...everything except the old man.

Ancient amid his surroundings,
And hobbling painfully down the street,
What a contrast the old man was,
to the life and vitality surrounding him.
How oddly foreign he seemed compared,
to the youth and birth about him.

Hobbling on to nowhere,
With a set expression engraved upon his face,
One of dejection; hopeless and desperate,
Pleading mercy within, begging for love,
...Please?

His feeble hands grasped his cane for security,
Useless, non-productive hands,
In the past....
Had done great things,
creating and performing,
Had extended love to others,
Helping and praying
Hands that had done so much, so much...

Hands that had done so much,
Now their greatness and vitality,
Were left to memories in the past,
For their prime was long gone...
Now only clinging to a cane lifelessly; a
worthless task.

Like a merry-go-round,
The city springing with life amid a constantly
changing tune,
Revolved about the old man hobbling down the
street,
Hobbling toward no set destination,
just on and on and on....
The forgotten one.

The old man; a key to the city's past;
our past,
Held within him the living knowledge of history,
Remember him, love him, learn from him,
You foolish people,
He is old outside
But new and full of living knowledge inside.

And like the old man hobbling down the street to
death,
The city will someday end,
the merry-go-round no longer revolving,
the tune no longer changing,

Listen foolish people,
the present generation,
To the old man,
the past generation.

But nothing escapes death,
And nothing remains full of life forever,
And everything grows old someday,
Just like the old man...

so listen to him
listen foolish people
listen.....

Anne-Marie Regan
Age 14

Streams of Enlightenment

There have been times
throughout my life
where absurdities and
frequent lack of control
have taken me back
from the whole broad spectrum
of what we're all doing here..

We're here...
all of us... finding who we are,
finding other people...
finding truth,
which is difficult sometimes.

And yet as I gaze out on the
quiet streets of the city,
with lights casting flowing shadows
of trees and civilization,
there is found an inner peace...
a stream of consciousness...
a meaning there
that time will bring on answers;
for there is always a pathway
onward.

Pat Kotlarczyk

Offer 'Circle Calling'

A new optional telephone service that will enable Northville-Novis residence customers to make short-haul long distance calls at a discount rate is now available.

The new offering, named "Circle Calling," has been developed by Michigan Bell for residence customers who make a substantial number of calls outside their local calling area.

Circle Calling provides discounts for dialed calls within a 30-mile radius of Northville-Novis.

It costs an additional \$2.50 a month, with a call allowance of \$1.50 and a 30 percent discount on long distance calls to exchange centers located within 30 miles of the central office in Novi, explained Haze Wilson, manager here for Michigan Bell.

"This new offering gives those who have such calling needs a plan they may subscribe to, and those who don't have such needs do not have to pay for such service," Wilson said.

Circle Calling discounts apply at all times except from 7 a.m. to noon Mondays through Fridays.

Under the plan, if a customer is accustomed to calling from Northville

or Novi to an individual 21-25 miles away, for example, the regular day rate is 11 cents a minute.

With Circle Calling, the day rate would be discounted at 30 percent and the evening rate would be discounted an additional 30 percent.

The allowance of \$1.50 would give this customer up to 19 "free" or "allowable" day minutes, or up to 27 "free" or "allowable" evening minutes.

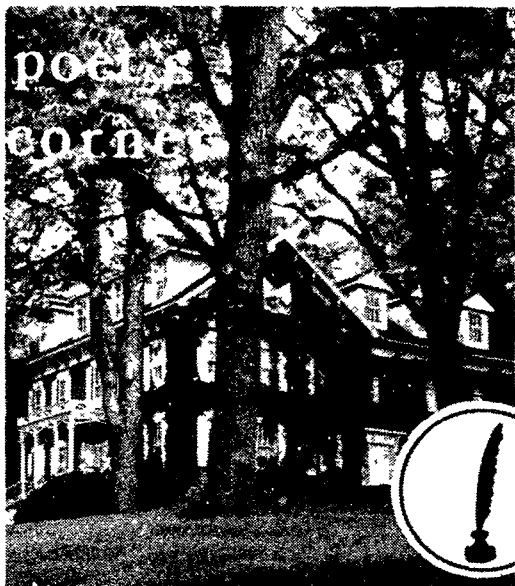

After the allowance of "free" minutes is used up, the rate would then be 7.7 cents per minute between noon and 5 p.m., and 5.39 cents after 5.

The Circle Calling long distance rates would be:

Miles	7 a.m. - Noon	Noon - 5 p.m.	5 p.m. - 7 a.m.
0-10	5c	3 5c	2 45c
11-15	6c	4 2c	2 94c
16-20	7c	4 9c	3 43c
21-25	11c	7 7c	5 39c
26-30	16c	11 2c	7 84c

There would also be an added charge of up to 2 cents for each call made.

Telephone users interested in Circle Calling may contact the local Michigan Bell business office for additional information and rates, Bell's manager said.

Peace

In the name of Christ, we pray
For peace throughout the world today;
In every home, and everywhere
May all invoke this simple prayer.

With faith to know, as we believe
Will come the answers we receive;
To love our fellowmen, and find
The key to peace for all mankind.

Char' as E. Hutton

Wings

The dark-winged swallows skim to and fro
As they dive and bank and rise;
Sailing high and low, o'er the lake below,
Or soaring toward rain-filled skies.

They come and go through the mist and the fog,
As they play their games on parade;
They come in mystery and then disappear
On wings of their spritely charade.

Charles E. Hutton

Log Cabin

Deep in the forest,
all is nice.
a log cabin,
made of sugar and spice.

Sun comes up,
nature wakes me,
birds singing,
glad to be free.

Sun Sets
colors fill the sky,
night has fallen.
day has gone by.

say my prayers
I sleep sound,
in my log cabin,
with everything around.

Kathy Berry

Annie and Me

My wine and I like the summer sun.
Like lying in all the bright.
My wine goes down and we become one.
A sun-burned haggard sight.
A breeze flits by and reminds me,
I need another bottle.
My fluid friend has deserted me;
So off I go in a waddle.
The grass is a green conspiracy
determined to trip me up.
Even the sun seems against me
as its heat laps at my cup.
Just a few more steps I'll have to stagger
and then I'll have some more.
And when that's gone I'll drunkenly swagger
to my flop spot on the floor.

Tom Zimmerman

Old Tree

So stately you stand
Your majestic branches
Grove for the heavens.
Your trunk carries the scars,
Of the fight for life.
Yet still you live on.

One day you will fall,
How sad the world will be.
Will they know
What had happened?
Will they realize
The beauty they have lost?

Kathleen A. Bell

A Meeting

I looked above and saw the raindrops fall
From darkened skies. Drops touched the green
elm leaves
And slipped into a quiet swamp so small
I wonder how they found it. One perceives
This is a place of peace. It's just a pond,
A swamp, that rises with the summer rain;
And weeds and grass grow wild. To be this fond
Of country land might be naive: it's plain.
But sounds of raindrops and the scents of clean
Wet foliage refresh the mind. Across
The pond a little rabbit sat between
The bushes, sheltered by a tree with moss
On it. The rabbit paused and seemed to loll:
It looked above and saw the raindrops fall.

RUTH BURLAS

My Yesterday

Where have you gone, My Yesterday?
I only closed my eyes and you had slipped away.
You were the beauty of my life, a joy-filled time,
You were each moment, each desire, so
sublime.

Why have you gone, My Yesterday,
When I so wanted you to stay?
The Future cannot hold the sweet
Full pleasures which your days did greet.

Ah, My Yesterday, you did but fade
So quickly, like a drawn shade.
But may I glimpse, once in awhile,
In daydreams, your enchanted style?

May I keep close, deep in my heart
Those moments dear, those times apart
From any others which I'd spent—
Because those seemed from Heaven sent?

You'll always be my happiness
But the Past is lost to us, I guess.
When your waning hours brought a sigh,
My soul began to tremble... and to die!

My Yesterday! Can Future's Door
Afford your joys to me once more?
I loved you in my special way—
My Yesterday, My Yesterday!

If I could bring you back right now to me
I would never, ever set you free...
For you were "gold" — My Yesterday,
But now, alas, you've slipped away.

Sliger staff changes announced

Continued from Page 1-C

overall editorial operation of the five
Sliger newspapers.

Jack Kaake is in charge of the Sliger
publications' circulation department.

Keenon, the new editor of The Herald,
is a 1971 journalism graduate of
Michigan State University.

He served as sports writer for the
Midland (Mich.) Daily News from 1963-
65, was reporter-sports writer for the
same newspaper in 1966, and from 1967-
68 he served as assistant editor of The
Livingston County Press.

He was an infantryman in Vietnam
and later a combat correspondent,
returning to The Press in 1970. He
joined The Argus staff in 1973.

Ms. Golembiewski holds BA and MA
degrees from the University of
Michigan where she majored in
journalism. She has served as a
reporter for Detroit area weekly
newspapers and The Detroit News.

Perlberg is a 1972 graduate of the
University of Michigan.

He worked summers at The Arenac
County Independent while attending
school, and later served as assistant

editor for The Livingston County Press
and as editor of The Belding Banner.

Lash also was graduated from the
University of Michigan (1976). He
worked on the sports desk of the U-M
student newspaper and was a high
school correspondent for The Oakland
Press.

Ms. Cannon, a 1976 graduate of
Northville High School, served as a
high school co-op photographer for The
Record prior to graduation. Since
graduation she has worked part-time
for the SHN papers while attending
Schoolcraft College.

The laser beam intensifies as it travels through about 40 feet of optics equipment

'Laser fusion is the key to a virtually limitless supply of man-made gas . . .' — Congressman Pursell

Engineer John Simpson makes an adjustment to the chamber where fusion occurs

Energy

Laser fusion may hold key to nation's future

Continued from Page 1-C

a fusion plant where as many as 50 pellets per second would be imploded by a synchronized laser pulse.

If the present level of funding remains stable, (KMSF received \$7 million in ERDA funds last year), Clayton estimates the company will develop its first prototype for a commercial plant in 15 to 20 years.

KMSF has its friends in Washington, among them, not surprisingly, Congressman Carl Pursell from the second district.

"Laser fusion is the key to a virtually limitless supply of man-made gas to replace our vanishing supply of natural gas as a critical energy source for the future," Pursell said recently. "I view our effort for increased KMSF funding as a test of this nation's determination to achieve energy independence."

But some of Pursell's colleagues and administration officials disagree with him.

Of five laboratories in the United States experimenting with laser fusion, KMSF is the only private corporation. The others are government facilities where research is directed as weapons development.

ERDA's grants to KMS the past two years have been geared to furnishing government labs with data developed in Ann Arbor.

Ultimately, the politicians and scientists agree, the problem is one of priorities.

Said Pursell: "Some believe that all government support should be channeled into research at government

labs which are primarily concerned with weapons development. Any potential energy benefits would come as future spin-offs of that work.

"I vigorously disagree with the idea that we must have laser weapons before our people can have laser-fueled heat. I believe our priorities should clearly be with the civilian energy aspects of the program."

Clayton is not optimistic that the company will get funds to step up its research and development program. The Carter administration, he believes, is more interested in short-term energy solutions, conservation more than innovation.

The company has not always been as dependent on federal funds.

KMS Fusion was incorporated in 1969 as a division of the two-year old KMS Industries, Inc., started in 1967 by the late scientist-entrepreneur Kieve S. Siegel.

Over the next six years, divisions of the parent company were sold to produce revenue for Fusion.

In 1975, when all KMS divisions had been sold and \$20 million in private investor funds had been depleted, KMS executives first appealed to the federal government for support.

Demand Builds For Merit Taste Technology.

High and low tar smokers converted as news of 'Enriched Flavor' tobacco spreads.

There is a way to pack flavor—extra flavor—into a low tar cigarette.

MERIT proved it.

By cracking cigarette smoke down into separate elements, researchers were able to isolate certain "flavor-rich" ingredients that deliver taste way out of proportion to tar.

The result was 'Enriched Flavor' tobacco. Tobacco that delivers the kind of taste smokers can switch to. And stick with.

"I tell you that they are fantastic!...if you can change me, you can change anyone."

—Mrs. Bonnie Lindsay
Bridgeport, Connecticut

© Philip Morris Inc. 1977

Kings: 8 mg. 'tar,' 0.5 mg. nicotine av. per cigarette, FTC Report Dec. '76
100's: 12 mg. 'tar,' 0.9 mg. nicotine av. per cigarette by FTC Method.

Warning: The Surgeon General Has Determined
That Cigarette Smoking Is Dangerous to Your Health.

REGULAR and MENTHOL

This kind of smoker enthusiasm is typical of what smokers are saying about the taste of MERIT.

"After smoking one pack, I was really amazed...they are as good as the cigarettes with higher tar."

—Mrs. Brenda Clark
Opelika, Alabama

"I have been searching for a low tar cigarette for some time now. All others I've tried have no taste...I'm a MERIT man."

—Ray Echard
Parkersburg, West Virginia

Only one cigarette has 'Enriched Flavor' tobacco. And you can taste it.

Home made!

Docents to crank up a cool holiday treat

Picture Northville at the turn-of-the-century on a hot July Fourth. Barefoot children followed by shaggy dogs, young couples strolling hand-in-hand along the creek, mothers proudly displaying their picnic feasts and a hardy crew

hand-churning ice cream to top off that feast. Seventy odd July Fourth's later, this scene, although somewhat updated, will be repeated when the Northville Historical Society junior docents sponsor an ice-cream social on the back

porch of the Yerkes' home at the Mill Race Historical Village. The docents, costumed guides at the Mill Race, will be giving out free samples of the hand-churned ice cream as well as selling 15-cent ice cream cones from

Guernsey Farms Dairy. If the nostalgia bug bites after tasting the home-made confection perhaps it may stir you on to greater things — like making your own ice cream. In case that happens here is the recipe the

junior docents will be using to make their home-made delight:

Todd'l Inn Ice Cream

The recipe is from Mrs. J. Beecher Todd of

Continued on Page 3-D

COOL CONFECTION—Junior Docents, Marge Renaud (center), and Natalie

Snyder, eagerly eye the ice cream Lisa Brownell (seated) is generously scooping out.

She's up to her neck in festival hot dogs

A Novi woman is now in the throes of arranging over a mile of hot dogs, kegs of beer, gallons of soft drinks and hundreds of ice cream cups, for the Old-Fashioned Freedom Festival Downtown Family Picnic.

Mary Lou Masters, of 22936 Telford, heads up the picnic that is now a traditional part of the weeklong event for the

residents of Detroit and Windsor and their suburbs.

"When we say old fashioned, that includes the 10 cent beer and hot dogs," Ms. Masters said.

The picnic is set for July 4, Detroit's Kennedy Square, and is one of about 20 events included in the week-long freedom festival schedule. Celebration gets under way at noon.

Japanese art

Members of the Northville Branch, Woman's National Farm and Garden Association, took a lesson from the orient as they tried Moribana-Shin arranging at a workshop meeting directed by member Ruth Whitmyer June 13. Moribana, she explains, is a school of Japanese art while "Shin" denotes a formal arrangement. All arrangements in the workshop session used six branches and six flowers.

Area betrothals mark advent of summer

Mr. and Mrs. Frank P. Bacchian of 23109 Meadowbrook, Novi, announce the engagement of their daughter, Julie Kaye, to Brandon D. Patton of Garden City.

The bride-elect is a 1976 graduate of Novi High School and is a recent graduate of Virginia Farrell Beauty College. She is employed with John Ryan and Associates of Plymouth.

Her fiancé is the son of Mr. and Mrs. Albert Patton of Garden City. He is a 1972 graduate of Garden City High School and is employed with the Chrysler Corporation.

A September 2, 1977 wedding is planned.

Mr. and Mrs. George E. Zeuner of 18801 Marilyn announce the engagement of their daughter, Carol Jean, to Paul James Bottrell of 2185 South Reese, Reese, Michigan.

JULIE KAY BACCHIAN

The bride-elect is a 1976 Northville High graduate and is currently employed with the Tri-County Dental Health Council in Southfield.

Her fiancé is the son of Mr. and Mrs. Phillip L. Bottrell of Sault Ste Marie, Michigan. He is a 1970 graduate of Sault High in Sault Ste Marie and is an assistant manager for TG&Y of Saginaw.

A September 24, 1977 wedding is planned.

Mr. and Mrs. William H. Kelly of 18308 Laraugh, announce the engagement of their daughter, Marcia Rose, to Samuel Scott Evett of Indiana.

The bride-elect is a 1974 graduate of Northville High School and is currently attending Michigan Technical University where she is majoring in Business Administration.

Her fiancé is the son of Mr. and Mrs. Samuel Evett of Munster, Indiana. He also attends Michigan Technical University where he is majoring in civil engineering technology and business administration.

He belongs to the Delta Sigma Phi fraternity and Blue Key Honor fraternity.

An August 20, 1977 wedding is planned.

Three receive WMU degrees

Two Northville area residents were graduated from Western Michigan University recently.

Lorrie Ann Root, daughter of Mr. and Mrs. Kenneth Root, 44447

Chedworth, received a bachelor of business administration degree.

John H. Pacific also received a bachelor of business administration degree. He is the son of Mr. and Mrs. Hiram

Pacific of 46955 Grasmere.

They were two of the 1,300 persons who received bachelor degrees at WMU second semester commencement exercises.

Put some gusto into summer

In the 1800's ice cream sodas were one of the events of the summer, but most often on a warm Sunday afternoon people would walk in the park, stop by that new kind of place called a soda fountain and enjoy a new kind of frothy beverage called an ice cream soda or a cold, mouth-watering lemonade.

Today, people of all ages still enjoy both lemonade and ice cream sodas, but more often they are made at home rather than at a soda fountain. Frothy ice cream sodas are still made as in the olden days, with carbonated water, ice cream and flavoring, but the lemonade is made from a new and exciting mix, Country Time lemonade flavor drink mix.

It has a good old-fashioned lemonade taste — not too tart and not too sweet with 100 percent natural lemon flavor.

Treat your family and friends to an old-fashioned ice cream treat with a modern twist — Frothy Ice Creme. Its made with the delicious lemonade flavor drink mix, milk, ice cream, flaked coconut and club soda.

Make it up and then stand back to watch the group down them with gusto!

Frothy Ice Creme

1 scoop lemonade flavor drink mix
1 cup vanilla ice cream, softened
1 cup milk

1/4 cup flaked coconut
1 bottle (7 fl. oz.) club soda, chilled

Add drink mix to ice cream in a blender container, and blend thoroughly. Add milk and coconut and blend thoroughly. Just before serving, add club soda. Makes about 3 1/2 cups or three servings.

They're cranking up treat

Continued from 1-D

Northville. It has been in her husband's family from 50 to 60 years.

It goes as follows:

Combine—
2 lbs. brown sugar; 1 lb. light, 1 lb. dark
2 heaping tablespoons cornstarch
2 eggs well beaten

Mix these together and slowly add 3 quarts of half and half. When

mixture becomes a smooth paste consistency you can start adding half and half faster. Stirring constantly, bring the mixture to a full boil, it will look like it has curdled, remove from heat and let cool. Once it has cooled add 1 quart of half and half and one generous tablespoon of vanilla.

Fill the freezer compartment of the ice cream maker three-

fourths to seven-eighths full. The rest of the space is to allow for expansion.

Around the side of the freezer compartment put a layer of ice, a layer of salt and so on, until it is filled. You will use about 1 1/2 to 2 bags of crushed ice.

Hand churn for one hour or until it can no longer be cranked.

Let the ice cream cure for two hours. It will yield 6 quarts.

Lisa Brownell demonstrates the fine art of hand-churning ice-cream

Novi Highlights

JEANNE CLARKE
624-0173

Sharon Duffey, daughter of Mr. and Mrs. Frank Duffey of Thirteen Mile Road continues to participate in Irish Dancing competitions. She returned last weekend from the Toronto Irish Folk Dance Event. She has appeared at the Ethnic Festival in Detroit and recently competed in an Irish "Feis" at St. Bernard Seminary in Dearborn Heights.

Mr. and Mrs. Floyd Darling of Taft Road have been entertaining their grandchildren, Deanna and Kelly Grey from Bridgeport, this past week.

Mr. and Mrs. Alex Glance of Stassen Street attended the graduation of their niece, Dawn Schultz, from Vassar High in West Saginaw.

Mrs. Laurie Hewitt of Hopkins was a weekend guest at the home of her parents, Mr. and Mrs. Alvin Killeen of Beck Road. She was guest of honor at a baby shower in Birmingham given by Alice Psenka.

Anthony Knish of Maudlin was married to Leona Daily at a garden wedding at her home in Union Lake. About 150 guests were present at the wedding and reception.

Mr. and Mrs. Leslie Clarke hosted a family reunion with several of their foster children on Father's Day. Among those present were Mr. and Mrs. Corby Duke (Linda Early) and their family, Mr. and Mrs. Dennis Jeffers (Sylvia Lawrence) and their family, Mr. Charles Early, Mr. and Mrs. Ray Horton and family, Mr. and Mrs. Pete Timko and family; special guest was great-grandmother, Mrs. Marie Travis.

Denise Stipp, daughter of Mr. and Mrs. Skip Stipp, has been touring with a musical group from Maranatha Baptist College of Watertown, Wisconsin. They

will be guests of honor at a family night at the First Baptist Church on Thursday, June 30, starting with a potluck dinner at 6:30 p.m.

Novi Community Band

The Novi Community Band and the Novi High School Jazz-Rock Ensemble will be featured at Livonia's "Music Under the Stars" concert on Thursday, June 30. The performance begins at 8:30 p.m. behind Livonia City Hall, Five Mile and Farmington Road. Admission is free.

Novi Senior Citizens

On June 28, the Novi Senior Citizens held a final business meeting at the Novi Community Building which is scheduled to close early in July. The members of the Novi Senior Citizens wish to thank the managers and owners for the many courtesies extended to them during their tenure of meetings at the building.

On Tuesday, September 27, the first meeting will be held in a new location, Orchard Hills Elementary School, 41900 Quince Drive.

Thanks to Gordon Wilcox for the new arrangements.

Anyone having any questions in regard to the first annual picnic can call Nat Adams at 624-2431 or Leonard Butler 477-6873 for details.

Don't forget to make plans to tour the Pennsylvania Dutch country September 27-October 1.

Novi Girl Scouts

A reminder: there is still space

available in any of the Girl Scout camp programs, if interested contact the Girl Scout Office in Lathrup Village. You need not be a scout to apply. Day Camp in the Novi area will be in Warren's Woods July 11-14 and 18-21.

Brownie Troop No. 153 went to Kensington last Saturday to complete parts of their Brownie B Badge. While there, they visited the Nature Center, rode the Island Queen, visited the Children's Farm where they saw a magic show and had a guided tour by way of a hayride. They were accompanied by Mrs. Grace Stisko, Mrs. Richards and Mrs. Clarke.

Novi Youth Assistance

The Fourth Annual All Trophy Horse Show was held June 5 at Quad-La Farms owned by Bruce Adams. The horse show chairman was Mrs. Jody Adams who reports some of the winners as follows: High Point Trophy went to Gayle Davidson riding Whitmore Shadette; Western Pleasure to Don Staley on One Whiskey; Stock Seat Equitation to Vickie Neff on Ima Handy Jo; English Pleasure to Nan Wetterstrom on Poplar's Proclamation; English Equitation to Kim Wolf on Mr. Malony; Pony Pleasure to Betsy Potter on Chris; Pony Equitation to Mary Cergol on Apache.

The weather did not cooperate so the anticipated income for Youth Assistance projects did not reach expectations. There is a need for additional donations from individuals and organization, to help send the youngsters, that are planning to go, to camp.

Donations may be sent to Box 151, Novi and checks may be made out to the Novi Youth Assistance. Plans are being made for an additional show in September at the Children's Farm in Kensington.

Parents Without Partners

Activities coming up include a family party in the form of a pool and ice cream party for kids, big and little, those who make early reservations will receive free treats, date is July 2 from 1 p.m.-5 p.m.

The next ball game is scheduled for Sunday, July 3, 12 noon at the Training Center. A cheering section is requested.

On Tuesday, July 5 there will be an activities meeting at 8 p.m. If you cannot attend, please contribute your ideas by phone 478-4345.

The next family party will be on Friday, July 8, with family bowling at Northville Lanes and ice cream following at Friendly's.

North Novi Civic Association

At their meeting on June 21 they heard reports on Gala Day Activities and the rummage sale. Upcoming plans include a "Parade of Boats" scheduled for 2 p.m. on July 4. Everyone is asked to meet at 1159 East Lake Drive, south of Fourteen Mile Road. If you don't have a boat but wish to ride in one for the parade, be at the above address.

The members of this group are asked to be present at the July 5 meeting of the Novi City Council to discuss the trash pickup.

Novi Friends of the Library

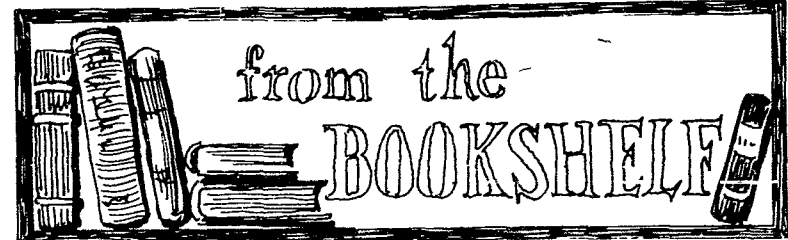

The Friends are very pleased with the turnout of youngsters involved in the summer reading program. To date, there are 160 youngsters participating, of these 52 are in the "Read to Me" program.

All of those in the program may look for their names in the special display at the Library, those in the "Read to Me" program may find their names in the

apple tree and the others in the farm display. The program will conclude July 29 with party following on August 1.

American Legion Post No. 19

At their June 22 meeting they made final plans for the July 12 installation with the regular meeting following on July 13. They decided during the summer months to have one regular meeting in July and one August 10.

New books appearing on local library shelves last week include:

IN NORTHVILLE

ADULT FICTION

"Blood Flies Upward," E.X. Ferraris; While working for a rich couple, Alison tries to discover clues to the mysterious disappearance of her sister.

ADULT NON-FICTION

"S.O.S. — Save on Shopping Directory," Iris Ellis; Where and how to buy clothing and accessories, fabrics

and textiles, housewares, gifts, food, large appliances, furniture and carpeting and save 50 percent or more!

"Earth, Water, Wind, and Sun; Our Energy Alternatives," Daniel Halacy; A vast amount of technical information about the many different possibilities of alternative energy sources.

"Past Forgetting; My Love Affair with Dwight D. Eisenhower," Kay Summersby Morgan; The true story of the love affair between General Dwight D. Eisenhower and Kay Summersby.

Make your memorial a truly lasting tribute. Look for the Rock of Ages Sealmark before you buy.

Sponsored by Salem Bible Church, Ivan E. Speight, Director

'Y' program

She heads day camp

A Sports Day Camp being offered by the Plymouth - Northville YMCA, which begins July 5, has an accomplished track athlete to serve as its instructor.

Shelia Owen, a physical education teacher at Wilson Middle School in Wyandotte, has been running competitive track for ten years.

Throughout those years Miss Owen has accumulated a roomful of trophies, has qualified for the 1972 and 1976 Olympics and has ranked, state and nationally, top five for the past seven years.

Miss Owen's goal for the Sport Day Camp program is to help youngsters develop a good sense of competitive spirit as well as athletic skills.

Instead of focusing on the glories of success, she will emphasize what

being an athlete is really about: physical fitness; constant training; development of skills; and dedication.

"It will be more of a clinic than anything," she said, "because I will stress good diet and sleep habits as well as proper training methods, because they all work together to build an athlete."

She also hopes that the youngsters, through this experience, will retain and use the skills and habits they've learned throughout their lives.

Fees are \$16 weekly for members, \$20 for non-members, with a reduced rate available for members taking two or more sessions or with two or more family members participating.

A registration fee of \$5 is required for each session with the deposit being part of the total fee.

For complete information call the YMCA, 453-2904.

FREE AND ALMOST FREE...

...TO CELEBRATE THE GRAND OPENING OF FIRST FEDERAL SAVINGS OF DETROIT'S NEW LIVONIA OFFICE.

Open or add to a First Federal savings account and choose a fine product as a free gift or special purchase.*

Open a new savings account (or add to an existing one) at our new First Federal Savings of Detroit branch office at 37077 West Six Mile at Newburgh Road in Livonia and take home a beautiful bonus, either free or at a very special low price.

Type of Account	Minimum Amount	Annual Rate	Effective Annual Rate††
Regular (Daily Interest)	No Minimum	5 1/4 %	5.35%
One-Year Certificate†	\$1,000	6 1/2 %	6.66%
2 1/2-Year Certificate†	\$1,000	6 3/4 %	6.92%
4-Year Certificate†	\$1,000	7 1/2 %	7.74%
6-Year Certificate†	\$1,000	7 3/4 %	7.98%

*Federal regulations require a substantial interest penalty for early withdrawal from certificate savings accounts.
††Interest on all First Federal savings accounts is paid and compounded quarterly.

The whole offer is our way of saying, "Hello, it's nice to see you." And we think you'll be glad to see us, too. Because First Federal is where you earn high interest on insured savings—all the way from our 5 1/4% per year daily interest regular savings account up to our 7 3/4% per year 6-year certificate savings account and everything in between.
And we're also the only place you can get

Cash-Master™ savings accounts, First Federal's package of savings and free services which you'll want to find out about when you visit our new Livonia office.

So come on in and help celebrate the Grand Opening of Livonia's new First Federal Savings of Detroit office.

CHECK THE CHART!
Choose your free gift or special purchase at our new Livonia office.

*Check the price chart and you'll see exactly how you can become the owner of the product you've chosen. In many cases, as you can see, there's absolutely no charge; in some there is,

but the savings are substantial.

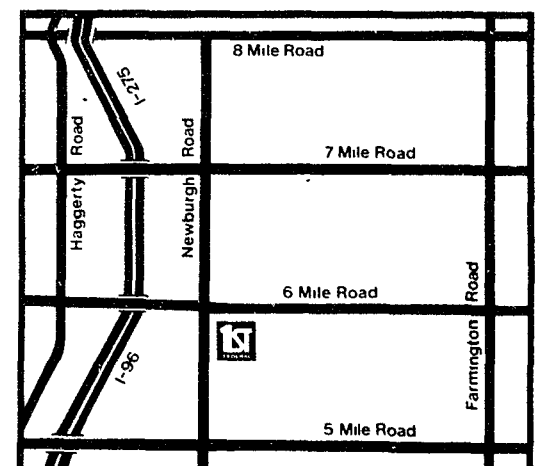

- Basic cooking, menu-planning in a ring binder that lets you add your own favorites.
- Gardening how-to from the experts. Divided into easy-to-use sections with room for additional material.
- Build it, fix it, remodel it. This loose-leaf book tells all, lets you add new information.
- Turns lights and appliances on and off automatically once every 24 hours. Plugs directly into convenient outlet.
- Make home bookkeeping, schoolwork, shopping easier with this handful of space-science electronics, complete with memory storage and recall.
- Powerful 3/4" drill that turns hard work into pleasant projects.
- Single-speed power saw that cuts down the work of cutting wood, many other materials.
- Large, easy-to-read numerals with lighted dial and A.M. and P.M. alarm calibrations.

Federal regulations permit only one gift per account. Offer good while supply lasts.

Yours for the asking: laminated luggage tags... absolutely free.

Here's a very valuable bonus gift: your business cards sealed in plastic and turned into tags meeting current airline requirements. We'll make them for you while you wait—no charge, no deposit required. And if you don't have busi-

ness cards, we'll even make name and address cards for you at no cost.

Girl staters tap 3 from area

During this year's 37th annual American Legion Auxiliary Girls State held on the campus of Olivet College in Olivet, two Northville girls and one Novi girl were elected to positions in mock governments.

Shana Kissel of Northville was elected to the position of city manager for the mock city of Schuitemsa. Shana is also a member of the marching band, the pep band and is secretary of the bands.

Audray Jo Spiers of Novi was elected city director of public works for the mock city of

Bogart. Audray is a member of the student council and the newspaper staff.

Carol McLaughlin of Northville was elected commissioner for the mock Barns' Board of Commissioners.

Purpose of the mock elections is to enable participants to learn by doing.

A government specialist served as a counselor to each group. The participants became familiar with electoral process by competing for public office and sharing in formulating public policies and laws for their mythical cities.

It's party time for tennis league

A tennis party was held for those playing in the Spring Tennis League at the Lexington Commons North Shelter on June 24.

Twenty-seven couples gathered for the pot-luck dinner planned by Mrs. Arlene Kurzawa, Mrs. Colleen McCormick and Mrs. Marcie McConville.

Winners of the various divisions were announced by Mrs. McConville, chairman of the league.

In the Ladies Singles division, beginners Linda Coltrane and Mary Ketola placed first and second.

In advance beginner first place goes to Kirsten Hicks and second place, a tie, to Diann Korowin and Joan Sellen.

Lill Nelson took first place, and Jane Litchfield, second place in the

Intermediate category. Sue Eppers placed first and Judy Hanson, second in the advanced category.

In the Couples division, Bob and Mary Ketola took first place in the beginners category, while Walt Brownsberger and Linda Coltrane took second place.

In the intermediate category Bob and Mary Kiwak placed first.

The winners of the Men's Singles division are, in a tie, Don Hanson, and Jay Simpson.

The members of the Spring Tennis League wish to extend their appreciation to Mrs. McConville for all the time and effort she has put in handling the tennis league.

Her poster wins!

Patricia Schneider, a recent graduate of Northville High School, placed first in her region in the annual poster contest sponsored by the Michigan Harness Horseman's Association.

The daughter of Mrs. Marion Schneider, 19309 Crystal Lake Drive, Miss Schneider will attend the University of Michigan School of Art next fall.

Her poster was selected from the many entries by judges Senator Jack Faxon, an artist, art critic and art collector; Professor Joseph Kusai, head of the Design

Department at Michigan State University; and Mrs. Marie Linehan, a Michigan harness horsewoman.

Miss Schneider will receive a certificate of merit and a \$25 check for her entry.

The winning posters will be displayed at the Woverine Raceway in Livonia, the Hazel Park Raceway and the Jackson at Northville Meet at Northville Downs. There will also be reproductions of the posters for viewing at Michigan fairs this summer.

Home Decorating with Howard & Lois Green

Set the mood for your child's room with color. Children respond to the primary colors. Bright enamel paint in a happy yellow or gay red, scrubbable printed wallpaper, washable fabrics, attractive pictures and good lighting make a cheerful environment for "child's play." Keep the furniture sturdy and simple. Warm the floor with non-skid area rugs, hang interesting cafe curtains on brass rods, or use revolving louvers to control the light and air. Choose chintzes, cotton, gingham for spreads and coverlets. Use chests and toy boxes for quick storage, set clothes rods at a reachable height for order. Provide a low shelf or desk, a bookcase and bulletin board for homework and hobby. Invite in some friendly stuffed animals and it will all work to keep your child comfortable and happy.

For bright colors for your child's room or any room in your home, come in and see the wide array of shades we feature in our FULLER O'BRIEN PAINTS here at GREEN'S CREATIVE HOME CENTER, 107 N. Center St., 349-7110. We also feature the largest selection of wallpaper patterns in this area — more than 100,000 patterns to choose from. We can get every pattern that is available on the market today.

HANDY HINT:
An acoustical ceiling gives privacy and quiet to a school age child and cuts down noise for the family.
