

Northville Festival serves up taste of Old World

What began as just some family fun in "clowning around" blossomed into a full-fledged family act that has played to audiences throughout Michigan.

And this weekend they'll bring their act to Northville, performing in the annual International Festival sponsored by the Northville Community Chamber of Commerce.

The Clark Family Players, who proved popular at the recent Michigan State Fair, will bring a combination of harmonica, puppetry, magic, singing, dancing, imitations and balloon sculpture to the festival on Saturday afternoon.

Actually, the festival will get under-

way Friday at 5 p.m. and wind up at 5:30 p.m. Sunday.

Most of the entertainment during the three-day festival will have an ethnic flavor.

But the Clarks, explained Chamber President Paul Folino, represent a strictly American fun experience.

The Clark Family Players sprouted in the back seat of the family's vacationing car several years ago. To fill up empty time, Gerald and Mary Ellen Clark encouraged their three children to sing.

Soon the parents were joining in.

And out of the musical togetherness, came the family's 'show biz careers.'

The Clarks are scheduled to perform at 4:30 p.m. Saturday afternoon.

Their performance and all other performances during the festival will be staged in the Old World Cafe — a special dining area located inside the Northville Downs grandstand area.

The entertainment, however, is just a part of the fun planned during the festival, emphasized Folino.

Dozens of booths, featuring hobby-crafts, art, and foods of countries throughout the world, will be set up along the "midway" area east of the Old World Cafe.

"All of it will be inside, so the festival will be held no matter what kind of

weather we have."

Beside the foods in the midway area, a variety of Italian foods — from complete dinners, sandwiches to snacks — will be offered in the Old World Cafe by the Genitti family of Northville.

Emcees for the various acts planned during the festival will include Nick Serkanian, Scott Kilgore, Armando Ojeda and John Stilson.

Stilson is a Northville Jaycee, Ojeda and Kilgore are WJR Radio announcers, and Serkanian is a Northville resident who has a show on WMZK Radio.

Lieutenant governor to address chamber

Michigan Lieutenant Governor James H. Brickley is coming to Northville.

Announcement was made this week that Brickley will be the guest speaker at the Northville Community Chamber of Commerce annual dinner on Tuesday, October 25.

The annual program will be held at Meadowbrook Country Club, beginning with a cash bar at 7 and followed by dinner at 8 p.m. Tickets will go on sale next week at \$12.50 each.

Born in Flint in 1928, Brickley received his bachelor of philosophy and law degrees from the University of Detroit.

His career in public service has extended through all levels of government. He served with the FBI, on the Detroit Common Council, as assistant prosecutor for Wayne County, and as U.S. attorney.

He was first elected lieutenant governor in 1970. From 1975 to 1978 he served as president of Eastern Michigan University and then in 1978 he was again elected lieutenant governor.

TWENTY-FIVE CENTS

Happy birthday!

Ninety years old today, Grada Bulten was feted Sunday at a birthday party at the First Baptist Church. An active, alert, no-nonsense

immigrant from the Netherlands, this delightful Northville citizen is the focus of this week's Going Like 60 feature. See Page 4-A.

Speed control under fire

'Bumps to stay' says city council

Speed bumps — the experimental traffic device installed on three streets — survived a public hazing Monday.

In the face of both criticism and support, the Northville City Council decided to keep the bumps at least temporarily so that they may be given a more thorough trial.

More than 20 persons turned out to comment or to listen to debate over the bumps — a narrow strip of asphalt laid crossways on streets to slow traffic. The bumps have been installed on Base Line (behind the high school), on East Street, and on North Rogers.

Similar bumps were installed by the school board on the high school drive several years ago. Two of them are still in place.

The bumps have not been used long enough to determine their effectiveness, council concluded. Based on officials' comments, it would appear the bumps will remain in place at least through the winter.

Citizen criticism and support was about evenly divided.

But no one denied that the bumps are slowing traffic, and most everyone — including those supporting the bumps — said they personally disliked them.

Several residents living on the streets supported the bumps — but not all of them.

Charles Freydl, who lives on North Rogers, said he disliked the bumps but suggested that if they must be installed they ought to be spaced more properly on North Rogers. Furthermore, he noted that petitioners who had asked for traffic control had suggested stop signs, not speed bumps.

He and another resident also said neighboring homeowners are being harassed by the "Mad Honker," who each morning and evening is honking his car horn just before passing over the bumps. The noise of the honker and the rumble of cars driving over the bumps, they said, is a nuisance.

On the other hand, Hugh Foreman, who also lives on Rogers but further away from the bumps, praised council for having them installed. They have cut down traffic, slowed speeders, eliminated racing, and proven "very effective," he observed.

Chief critic of the bumps, particularly those on East Street, was Joan Iversen, a mother of high schoolers, who expressed concern that the bumps may

NEWS BRIEFS

In training

See Page 2-C

A LETTER to the State Department of Natural Resources is to be sent next week by Township Supervisor Donald Thomson, officially alerting that agency of local concerns that capacity in the sewer interceptor through the township is being exceeded. Earlier, Thomson was warned that such a letter would trigger a ban on all new construction in the township and the adjoining cities of Northville and

Novi. "My concern must be for the health and welfare of our residents, not for developers," the supervisor said.

HOMEMADE COOKIES will be sold Friday afternoon at Saint Paul's Lutheran Church by the Lutheran Ladies Auxiliary to raise money for charity. The baked goods will be made by the auxiliary women and sold at the

Predictions on the money

Two and a half teaching positions have been added at Moraine and Silver Springs elementary schools to bring the average class size down to manageable size.

There are officially 3,854 students in the Northville K-12 program according to the official state "fourth Friday" count. Mrs. Zayti of the child accounting office said Monday.

The counts are very close to last spring's estimates. By school, Amerman has 493 students, 420 at Moraine, 349 at Silver Springs, 518 at Winchester, 525 at Cooke Junior High, 514 at Mead's Mill Junior High, and 1,035 at the Northville High School.

The district had projected 3,850 students. "We were within just a fraction of the projected numbers," said Larry Nichols, school superintendent. "Our projections were right on target at the high school, a bit low at the elementary and high at the junior high," Nichols said.

The fourth Friday numbers are the basis for how much money the school district will actually get in state aid. The district will likely get just a bit

more than \$44,573 projected in the spring.

Throughout the district there are 188 children enrolled in kindergarten, 201 in first grade, 223 in second grade, 276 in third grade, 287 in fourth grade, 285 in fifth grade and 301 in sixth grade. In addition there are 19 special education students attending the elementary schools, Nichols reported.

At the junior high level, seventh grade has 342 students, eighth grade has 348 and ninth grade 336. Thirteen special education students are enrolled at the junior highs.

Tenth grade students number 332, eleventh grade 369 and twelfth grade 329. Five special education students are enrolled at NHS.

These statistics show that the biggest percentage of the students are in the upper grades.

"This pattern of more kids at the high school than in kindergarten is not unusual in the metro area," Nichols said. "It is a typical declining enrollment pattern, where every grade is smaller than the grade after it. It is an

Swan Harbour Apartments get township nod

Construction of an apartment complex at the corner of Seven Mile and Silver Spring will soon be underway.

The developer of the proposed Swan Harbour Apartments, Varmen, Inc., September 25 was granted approval of a final site plan by the Northville Township Planning Commission.

Approval did not come easily, however, as the developer had preliminary plans rejected a number of times over the past year and a half and was forced to make many minor adjustments in his plan to get final approval.

The commission's approval, in fact,

is contingent upon the finalization of legal negotiations between the township and the developer and the submission of a green belt plan for the boundary line area of the apartment complex which borders on Seven Mile.

The legal agreement concerns the high concentration of proposed buildings in each of the two sections of the complex.

The first section will be built west of Silver Spring while the second will be located east of the street.

Township planners are concerned that the developer might complete the first phase of the project (west section), then sell the other property to another

developer, who could change the plans, and possibly create a density in this section which would be higher than allowed by the township zoning ordinance.

To avoid this problem, the township planners have required—in a legal agreement—that the developer refrain from building three specific buildings in section one until 50 per cent of section two is completed.

"We are not trying to make things difficult for the developer," said William Bohan, chairman of the planning commission. "The intent of our action is to provide protection for the township."

In other action the commission:

—Conditionally approved a preliminary site plan for an industrial building to be built for Marrick Industries on Gerald Avenue.

—Rejected the preliminary site plan for phase II of the proposed Northridge Apartments.

—Approved the preliminary stage II plat for Maple Hills Subdivision, to be built by Abbey Development on Six Mile abutting the eastern border of the township hall property.

—Rejected the preliminary site plan for a storage building to be built by Jim Long on Gerald Avenue.

Maple Hill gets plat two approval

The developer came prepared to do battle. But for the first time in three meetings, there was nothing to fight about.

The developer, Abbey Development Company, had its preliminary stage II plat unanimously approved September 25 by the Northville Township Planning Commission.

The developer proposes a subdivision on Six Mile abutting the township hall property on the east.

Two previously submitted plats were rejected by the commission because they did not conform to the township subdivision regulation ordinance.

The most recent refusal came August 28. The developer's plat was turned down because it did not include the actual geometrics and dimensions of tract

El Chicken Kiwanis

Raised in a tree, the high-flying El Chicken Kiwanis gets some pointed instructions from City Attorney Philip Ogilvie, coach of the city council's official entry in the Plymouth Chicken Flying Contest scheduled Sunday. Presented to council by the Northville Kiwanis Club, represented here by Chief Rodney Cannon, El Chicken Kiwanis was netted by club members during a Snipe Hunt in Livingston County. Council, which had been

training a Ford Motor duck, was informed that rules prohibit ducks and turkeys. That's when the Kiwanis club came to the city's rescue. According to Kiwanian Cannon, "This bird's such a high flyer the Metro jets will have to adjust their flight patterns over Plymouth." The contest will get underway on Main between Penniman and Ann Arbor Trail, immediately following a 1 p.m. parade.

Kiwanis clubs install officers in Plymouth

Jack W. Hoffman, editor of The Northville Record and assistant to the publisher, was installed as president of the Northville Kiwanis Club last week.

He succeeds Robert Massel, who remains a member of the club's board of directors.

Hoffman, who served as president of the South Lyon Kiwanis Club when he was editor of The South Lyon Herald in the early 1960's, was installed along with officers of three other area clubs in joint ceremonies at the Mayflower Meeting House in Plymouth.

Other new officers of the Northville club include John Genitti, first vice-president, Salim Abraham, second vice-president; David Ryan, secretary; and Ray J. Casterline, treasurer.

Serving on the board of directors, along with the officers and Massel, are: Russell Kelly, Dr. Richard Slating, Lorne Cook, and John Steimel.

Also installed last week were the 1979-80 officers of the Plymouth, Colonial Plymouth and Canton Kiwanis clubs. The installation of officers was chaired by Governor Gil Zitzelsberg of the Michigan district.

Opening remarks were delivered by Gene Overholt, immediate past governor. Guest speaker was Thomas Arnold Forsythe.

Installed as presidents of the other clubs were William Miller, Plymouth; Timothy C. Yoe, Colonial Plymouth; and Jonathan S. Miller, Canton.

Poe at TSU

New students registering for the fall quarter at Tri-State University, located in Angola, Indiana, included Alfred G. Poe, son of Mr. and Mrs.

Alfred P. Poe, 220 Hill Street. A graduate of Northville High School, he will be majoring in mechanical engineering.

HONOR SOCIETY members are putting their heads together to develop an idea for a winning float with the theme "International Year of the Child." Floats from all Northville High

School classes and clubs will best be seen in the Homecoming parade at 7 p.m. Friday. From left are Stacey Simpson, Dale Fisher, Gary Beason and Pam Bingley.

Student congress

NHS spirit moves them

By **PAM BINGLEY**
Student Congress President

The 1979-80 school year is off to a good start. This year's student congress officers are Pam Bingley, president;

Dave Fisher, vice-president; Matt Yanoschik, treasurer; Kris Quinn, secretary.

Student congress was very busy during the month of September. The sophomore party was held on

September 21. Student congress is also offering eight-by-10 family portraits for only \$5. Homecoming has been planned, organized and is waiting to be carried out.

The student congress held Teacher Appreciation day on September 19. At that time, Mrs. Patricia Dorrian Sandbothe received a poetry book, with deepest sympathy in memory of her husband.

The senior class this year is also underway with Todd Mach, president; Dave Zabinski, vice-president; Steve Bourne, treasurer; and Amy Missel, secretary.

Junior class officers are: Dave Harper, president; Annette Coram, vice-president.

Sophomore class elections were held recently. Congratulations to Matt Wright, president; Karen Patterson, vice-president; Kim Smith, secretary and Liz Robinson, treasurer.

The student congress would like to invite all community members to the homecoming parade at 7 p.m. on Main Street preceding the game against Waterford Mott this Friday.

Parade leads off

Homecoming set Friday

This is homecoming weekend in Northville, complete with parade, pep club, queen, king and a football game Friday with Waterford Mott.

The homecoming parade through Northville begins at 7 p.m. Friday, October 5. The parade will begin at the First Presbyterian Church parking lot at 200 East Main. The route will go from the church onto Main, west on Main, right on North Center to Eight Mile, then left on Eight Mile to the football stadium.

The homecoming theme this year is "International Year of the Child," the same theme as a United Nations proclamation for 1979.

Tonight, October 3, junior, senior and sophomore girls will compete in flag football at 6:30 on the football field. Entrance is free and high school girls reported last week the games are going to be "pretty vicious."

Also today, students will finish voting for the homecoming king, queen and court. Winners will be announced at a pep assembly at the high school tomorrow.

Vernon faces no opposition;

Folino to run

Mayor Paul Vernon will be unopposed, but five persons will be battling for two seats on the Northville City Council come November 6.

Vernon was the only person to file nominating petitions for the office of mayor. Thus, he will be unopposed for re-election to his second two-year term in the November election.

In somewhat of a surprise, former council member Paul Folino, who was defeated by Vernon in a bid for mayor two years ago, pitched his hat into the political ring for city council.

He joins four other persons who have their eyes on the two four-year council seats. They include Incumbent Council Member Stanley Johnston, Carol Ann Ayres, Kevin Hartshorne and Jerome Mittman.

The latter three are political novices, seeking their first elective offices.

Ayres is an appointee on the city's library commission and a long-time supporter of the public library. She lives at 518 Morgan Circle. Hartshorne, who lives at 256 Griswold, is employed in management for the service industry and Mittman, who lives at 997 Springfield Court, is an analyst for the Ford Motor Company.

Councilman Wallace Nichols, whose term is expiring along with that of Johnston, has decided to retire from political office and will not seek re-election.

Terms of two other members of council are not up in this election. They are J. Burton DeRusha and Dewey Gardner, both of whom were elected two years ago.

Johnston was first elected to council four years ago. He was a former member of the Northville Board of Education.

Approval for Maple Hill

Continued from 2-A

and proposed streets.

Another developer, Elro Corporation, had its plans rejected the same evening for the same reasons. Elro had a special meeting September 11, at which stage II plat approval was given.

Elro is proposing a 275-lot subdivision at the northwest corner of Six Mile and Sheldon.

Abbey must now submit the plat to the Northville Township Board of Trustees for approval.

"I was pleased with my picture and so was my family. I had a nice wide selection to choose from. But in order to have your picture turn out you need a good photographer and a friendly atmosphere which I found at Albright's."

Susan Paquette

tomorrow. Student congress president Pam Bingley said the winners should be elected on "how much they do for the school." The king, queen and six representatives will be chosen from the senior class. Two representatives will be chosen from the junior class and two from the sophomore class.

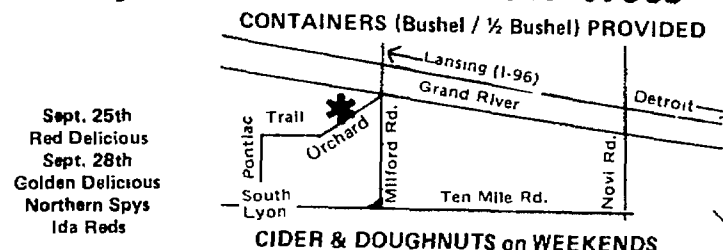

The king, queen and court, and class and club floats will all participate in the homecoming parade.

Half-time activities during the game will be centered around "International Year of the Child." Children from the elementary and junior high schools will be involved. The game starts at 8 p.m.

She's young at ninety

Continued from 4-A

"Then one day he told the class, 'the Bulten girls' father was in jail last night.' My sister took off her shoe and I took mine and we beat the teacher until the principal dragged us off. He didn't come back to the classroom for three weeks. And he never said anything bad about our father again."

All of the children quit school early to help support the family.

Grada went to work in a factory at the age of 15. She came down with TB, recovered and later went to work as a housekeeper, never again going back to the factory.

In 1914 she was engaged to be married. But three years later, Grada made a decision: "My mother came first. I don't want you to feel sorry for me; it was my choice. I asked my brother, a minister, and he said it had to be my decision. I could not leave my mother because she had already suffered so much. I told him I could not marry him, even though I loved him. He understood, and later he married someone else."

A Baptist, having been raised in the Dutch Reformed Church, Grada worked as a maid for a Catholic family much of her early life. She loved them, and it was with this family — a rich family that lost most of its wealth during World War I — that she came to the United States in 1923 — a year after her mother's death.

In America, the family could no longer afford to pay her so Grada talked her way (using the few words of German that she knew) into a scrub lady's job in a Catholic hospital in Bismark, North Dakota.

"I earned a fantastic amount... \$25 a month and room and board. I was on my feet all the time and my arches broke and I had to give it up." She went to work for a family, again earning "good money" — \$1.65 for an eight hour day plus two meals.

In 1928, her English improving, she moved to Grand Rapids taking a job in a hospital there at \$50 a month. Four years later she returned to the Netherlands with the Catholic family she loved so dearly. But five months later she returned, the family remaining in the Netherlands.

She took a job at Grace Hospital in Detroit in 1934, taking care of the medical staff's quarters. She made 52 beds and cleaned 32 rooms daily.

"It was the best job I ever had. Very hard work, but the doctors were very kind and considerate."

In 1941 she applied for a job with Maybury TB sanatorium in Northville, got the job and then quit almost immediately. "I'd had TB three times in my life and I just couldn't stand seeing other people suffer with it."

But she was persuaded to return. And she worked at Maybury, under another Northville resident, Donald Nutten, for the next 17 years before retiring in 1958.

Concerning her job at Grace Hospital, Grada says it "the Lord's direction that I take the job. It put me among doctors who could help me when I came down with double pneumonia. I probably would have died if they hadn't taken care of me."

"I've been in Jesus' hands all of my life. Oh, yes, I am convinced the Lord has protected me all these years and has guided me along the path. Don't misunderstand me. My hand isn't long enough to pat myself on the back and I shouldn't even if I could. I have weaknesses; we all do. But the Lord says Knock... and he will answer."

During the time she worked at Maybury, Grada and a companion, the late Anna Gibson, purchased a house in Northville. Grada lives there yet.

Despite her age, she keeps the house, makes her own meals, occasionally walks downtown, visits with neighbors, daily goes to Allen Terrace for lunch ("you can't beat lunch there for 50 cents"), and she is regularly in attendance at the First Baptist Church near her home.

She answers every question put to her. Here are some samples:

If you had to live your life over, what would you like to be?

Mayor Paul Vernon proclaims October 3 'Grada Bulten Day'

"A lawyer; I think I'd make a good one. A lawyer because I could help people. If I couldn't be a lawyer, I would be a carpenter. My father taught me to love it. I like to hammer and saw. Just yesterday I took the squeak out of that door."

What's your favorite food?

"Ox tail. Oh, my yes, ox tail soup. I make the best soup. Can't make much else I'm not much of a cook. Hate to sew, too."

Do you have any hobbies?

"Not really. I like to read... the Bible, Readers Digest, your paper."

What concerns you most in today's society?

"The absence of God. Unions. Politicians. We've got more politicians than we need. They're all telling us what they'll do for us when they're running for election; after they're in they forget us."

What concerns you about unions?

"I was member of the union. At one time unions were good. Today their greed is destroying the workers, the union and everything else."

Who was or is your favorite President?

"Hoover. I never had a chance to vote for him because I didn't have my citizenship yet, but what I heard of him he was outstanding. I liked Roosevelt, too."

Never thought much of Kennedy. I hope Ted Kennedy doesn't run. Carter doesn't have enough intelligence to be a good president. Nixon might have been a good president if he hadn't been a crook. Ford wasn't too bad."

What accounts for your long life?

"God, of course, and being raised on goat's milk."

How is your health?

"Excellent. They cut some cancer out of my tongue, but as you can see I talk pretty well. The sugar diabetes is a blessing because I can't eat sweets and sweets are bad for anyone."

What do you think of women's 'lib'?

"Don't like it because it keeps the mother out of the home, and children need mother. I could not have survived without my mother's attention. Leaving a note at home saying 'Fix your dinner' isn't a proper way to raise a child."

What do you think of Northville?

"I love it; it's a beautiful place. But I sure don't like all this building going on."

What about Allen Terrace?

"Nice place, but I couldn't live there. I prefer my own place. I think Maybury would have made a better place for senior citizens. It's a shame they tore those buildings down."

Long-time residents die

FREDERICK B. HARTT

Tragedy marred the tournament marking the end of the Northville Golf League season Saturday afternoon at Salem Hills Golf Club.

Frederick B. Hartt of 777 Thayer Boulevard, Northville, collapsed on the 18th green. He failed to respond to resuscitation efforts.

Mr. Hartt, 61, had been associated with American Airlines for 33 years and elected last May to take management leave preparatory to retirement.

A resident of the community for 26 years, Mr. Hartt had been a deacon of the First Presbyterian Church and was a veteran of World War II.

An avid golfer, he was playing Saturday with his regular partner, Charles Ely Jr., in a foursome with John Hlohenic and Ken Wolfe.

"He had chipped to the green and marked his ball waiting for me to putt," Ely stated. "And when he stooped to replace his ball on the green, he fell."

Dick Osborne, assistant professional at Salem, applied cardiac pulmonary resuscitation technique until an ambulance arrived. Mr. Hartt was taken to St. Joseph Mercy Hospital in Ann Arbor where he was pronounced dead shortly after arrival. He did not regain consciousness.

Services were conducted Tuesday afternoon at the First Presbyterian Church with the Reverend Lloyd Brasure officiating. Interment was at Rural Hill cemetery. Arrangements were administered by Casterline Funeral Home.

Mr. Hartt was born July 8, 1918 in Pontiac, the son of Basil and Florence MacDonald Hartt. He is survived by his wife, Patricia, and two daughters, Mrs. Prudence Pande of Tempe, Arizona, and Mrs. Meredith Skinner of Acworth, New Hampshire; two brothers, Harold of Troy, and Warren of Pontiac; his father, a Pontiac resident; and one grandson.

STANLEY WILLIAM SMITH

Stanley William Smith of 264 Hutton, a Northville resident since 1944 and local plumbing contractor who also was plumbing inspector for the city and township of Northville, died September 27 at Ford Hospital in Detroit. He had been ill for a year.

Death came four days after his 55th birthday on September 23. He was born in Williamstown, Vermont, to Alfred and Signe (Matson) Smith.

Funeral service was held Saturday at 11 a.m. at Casterline Funeral Home, Incorporated. The Reverend Lloyd Brasure of First Presbyterian Church where Mr. Smith was a member officiated. Interment was in Rural Hill Cemetery.

Since 1944 Mr. Smith also had worked as an usher at Northville Downs. He was a member of Northville

Masonic Lodge No. 186, Redford Shrine Club, Orient Chapter No. 77, Order of Eastern Star, Northville Commandary No. 39, Council No. 30, Union Chapter No. 55, Royal Arch Masons.

He also was a member of Lloyd H. Green American Legion Post 147 and Veterans of Foreign Wars Post 4012 as a World War II veteran. He was a member of the Fraternal Order of Eagles here and of the Plymouth Elks lodge 1780.

He leaves his mother Mrs. Margaret Smith of Belding, a daughter Mrs. John (Cynthia) Sutton of Dover, Massachusetts, a brother Alfred of Harbor Springs, sisters Mrs. Harry German of Belding, Mrs. James Clark of Fredrick, Michigan, and three grandchildren.

ROSE M. NILES

Rose M. Niles, 84, wife of the late harness racing driver and harness industry booster, died Saturday,

September 29 at her home at 400 Ely Drive, Northville.

Born May 9, 1895 in Attleboro, Massachusetts, she was the daughter of Joseph and Malvena (LaClaire) Fonteneau.

Her husband, who died December 11, 1975, was well known throughout the harness racing circuit. A member of the Harness Horsemen's Association, he was one of the industry's most successful drivers in the metropolitan area.

Mrs. Niles had lived in the Northville area for 46 years.

She is survived by four daughters, Dorothy Darnell of Northville, Mrs. Lorraine Osborne of Livonia, Mrs. Arlene Dale of South Lyon, Mrs. Sandra Webster of South Lyon; four sons, Norman Niles of Northville, Howard Niles of South Lyon, Archie Niles of New York, and Willard Niles of South Lyon.

Funeral services were held Tuesday, October 2 from the Casterline Funeral

'Bumps to stay'

Continued from Page 1

result in an accident involving persons — students and adults — driving to and from the high school.

The East Street bumps, because they are located on a steep hillside, require drivers to slow or stop before driving over them, a condition that could lead to a serious problem during snow and ice.

The bumps represent a serious traffic hazard — for both student and adult drivers — are damaging to automobiles, will cause snow removal problems, make the driving of stick-shift cars on the street almost an impossibility, and are dangerous for the many bicyclists who bike to and from the Northville Swim Club, she said.

"I consider them (bumps) a traffic hazard and if my car is damaged or my children injured, I will sue the city for every cent I can get," she declared.

Mrs. Iversen suggested the installation of asphaltic rumble strips in place of the bumps.

Nothing that they are used effectively elsewhere, she said rumble strips could be installed so that they discourage speeding on the downhill lane. Those on the uphill lane, because of the way they are installed, might make traction in winter better for automobiles, she added.

Mary Patterson, a resident on adjacent Walnut Street, also expressed criticism of the bumps and added that the bumps are simply driving speeders from East to Walnut.

Two other residents on East — Nancy Schoultz and Dorothy Shipley — voiced support for the bumps, which they hailed as effective speed controls. Citing instances where accidents or near accidents have occurred because of the speed on the hillside, they pointed out that the lives of persons living on the street are threatened by inconsiderate drivers — young and old.

Futhermore, the fact that children play near the corner of St. Paul's Lutheran School makes the speed bumps even more desirable.

Responding to a point by Mrs. Iversen that it is unfair to blame the speed problem on students, Mrs. Shipley said no such blame is intended. Mothers driving from the swim club, she asserted, are perhaps greater violators.

Mrs. Iversen noted that no bump-caution signs have been erected on either East or Rogers, thus making the city particularly liable should an accident result from the bumps.

(The city's insurance agent had said the city would be covered — provided caution signs are erected to alert motorists of the bumps.)

City Manager Steven Walters admitted the caution signs have not yet been installed. It was a matter of timing, he explained. The asphalt company did its work prior to the receipt of the signs.

Mayor Vernon, responding to comments, said that he personally disliked the speed bumps, but that council intends to "give them a chance" to prove their effectiveness or ineffectiveness.

The council, he said, struggled with the speeding problem "for a long time," and that "only after careful research and deliberation" did it decide to have the bumps installed on an experimental basis.

Council, upon the advice of the police department, decided against the installation of stop signs, he said. Such signs are effective traffic control devices but not speed control devices, he observed, sparking agreement from Police Chief Rodney Cannon.

All other council members also supported a longer trial period for the bumps, which were installed last month.

Varani leads series

A new series of Sunday afternoon music programs will begin October 14 at the Marquis Theatre on Main in Northville.

Virtuoso pianist Flavio Varani will play the opening recital of "Mostly Chopin" at 3 p.m. Sunday, October 14.

Varani is an internationally known pianist who is currently artist-in-residence at Oakland University. Appearing this season with the Oakway Symphony, West Bloomfield Symphony, Scandinavian Symphony and at Meadowbrook with the Detroit Symphony, Varani has received great acclaim in Paris, New York and his native Brazil.

The Varani concert is the first of four concerts to be given at the Marquis this season, said Fountain Laing, musician and concert organizer.

The second recital will feature cellist Richard Pippio accompanied by Ms. Laing at the piano. Tickets will be \$4 for the general public and \$2 for senior citizens and students. For further information call 349-8110.

National Merit picks three Northville High students

Three National Merit Scholarship semi-finalists have been selected from Northville High School, Principal George Aune announced this week.

The three semi-finalists are John Higgins, 17, son of Mr. and Mrs. John Higgins of 42945 Whitestone Court; Bill Hopping, 17, son of Mr. William Hopping, 921 Jeffrey Drive; and Dave Vallance, son of Mr. and Mrs. James Vallance, 47100 Maplebrook.

The three boys are among 15,000 high school students nationwide to qualify in the 1980 National Merit program. They are now in the running to become finalists, who compete for 4,300 merit scholarships to be awarded in the spring of 1980.

The boys were among the highest scorers in Michigan on the PSAT/NMS-QT test which they took in 1978.

They may qualify as finalists by meeting the further requirements of being endorsed by school administrators, by submitting records which confirm their high academic standing, and by substantiating their high qualifying test scores with equivalent scores on

another test such as the SAT. Over 90 per cent of the semi-finalists are expected to qualify as finalists next February. Merit scholars will be chosen in April and May.

If the boys become finalists they will be eligible to win \$1,000 merit scholarships and/or four-year college scholarships up to \$6,000. Whether they win or not depends on their academic records, extra-curricular accomplishments, test scores and leadership qualities.

The merit scholarships are not allocated on the basis of need, but on academic standing.

The scholarships are supported by grants from business and industry. The 1980 competition is the 25th conducted by the National Merit board. Since 1956 over 58,000 students have won merit scholarships valued at more than \$161 million.

John, Bill and Dave do not know what college they will be attending yet but they do have definite career goals. John plans to be an engineer, Bill wants to become a lawyer and Dave wants to be a doctor.

John Higgins, Bill Hopping and Dave Vallance are NHS National Merit semi-finalists

Homemade cider

Having toured an apple orchard earlier, children of the Willowbeck Farm Nursery here were given an extra special treat last week when Michelle Fisher, mother of one of the

children, brought an old hand-cranked cider press to the Beck Road nursery. Here Mrs. Richard Norton (left) is assisted by Connie Walters and the children in making cider.

Home, with the Reverend Fr. John O'Callaghan of Our Lady of Victory Church officiating.

Burial was in Rural Hill Cemetery.

GENEVA SIMPSON

Geneva A. Simpson, 72, of 327 East Spruce Street, Harrison, died September 19 at the Clare Nursing Home.

Born February 1, 1907 in Salem, she was the daughter of Irvin and Nora (Chubb) Stevens. She had resided in Harrison for the past nine years, having moved there from Northville.

Surviving are her husband, Joseph Harrison; one daughter, Barbara Covington of Pontiac; eight grandchildren and four great-grandchildren, and a host of other relatives.

Funeral services were held Sunday, September 23 from the Phillips Funeral

Home, South Lyon. Burial was in the South Lyon Cemetery.

ARMELDA STOVER

Funeral service for Armelda Stover, 54, was held Friday at Ross B. Northrop and Son Funeral Home in Northville with the Reverend Glenn H. Kelly of First Baptist Church of Livonia where she was a member officiating.

Interment was in Oakland Hills Cemetery in Novi.

Mrs. Stover died September 25 at Botsford Hospital.

A homemaker, she was born June 13, 1925, in Arkansas to Elmo and Pearl Smith.

She leaves her husband Donald, a daughter Mrs. William (Nancy) Hullet of Charlotte, North Carolina, a son David, brothers Leon and Elmo of Arkansas, sisters Mrs. Dorothy Rogers and Mrs. A. Sara Gentry of Arkansas, and one grandson.

Worried About How You'll Look With A Hearing Aid?

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike . . . and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free.

The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 02987, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

Ooh magic

Northville children were treated to Daren Dundee's award winning World of Fun Family Variety Show September 29 during the Northville Jaycees' third annual Septemberfest at the Northville Plaza on Seven Mile. David Morton, Scott Kolassa and Sean Kolassa (above) react to the magic show, while David Saikaly (below, center) participates in the show with fellow volunteers Kari Osaer (left) and Karen Kepner. At right, Mrs. Suzy Mack and Sally Parcell seem entranced by the amazing magic being performed.

Open house College to present 'theater of the deaf'

Date for the traditional potluck dinner and open house, a three-night event at Silver Springs Elementary, has been changed to October 16-18.

It is sponsored by the PTSA.

Schoolcraft College will present the National Theater of the Deaf (NTD) and its production of "The Wooden Boy — The Secret Life of Gopetto's Dummy" at 8 p.m. October 20 at O'Leary Auditorium in Garden City.

Presented by the College's Office of Student Activities and cosponsored with the Cultural and Public Affairs series, the performance under the direction of Joe Layton is a sly and sardonic adult's retelling of "Pinocchio." It ridicules human wickedness in a wild kaleidoscope of comic misadventures.

Nine of the twelve NTD actors are deaf. Various deaf actors speak, however all use visual language. The company's performance style blends strong and graceful American sign language with speech, mime, dance, music and song. Presented as a theater of the deaf, not for the deaf, the performances are designed to be enjoyed and can be understood by all people.

The National Theater of the Deaf has given more than 2000 performances in 47 states, including two Broadway appearances. Over 100 million viewers have seen the NTD on national television programs such as Sesame Street, the CBS special "A Child's Christmas in Wales," and the PBS special, "Who Knows One."

Tickets for Schoolcraft students, deaf persons, senior adults or groups of 10 or more are \$3 and available at the Student Activities Office. Tickets at the door and for the general public are \$5. Further information may be obtained by calling the Student Activities Office at 591-6400, extension 380.

Fessler opposes ten-cent check tax

State Representative Richard D. Fessler (R-West Bloomfield) has urged his constituents to write legislative leaders in Lansing to make them aware that Michigan consumers oppose a proposed 10-cent tax on every check cashed.

Fessler said he is calling for the letter-writing campaign to House Speaker Bobby Crim (D-Davison) and State Representative George Montgomery (D-Detroit), the bill's sponsor, to advise the officials of the widespread opposition to the plan.

Under the plan introduced this summer, persons who cash checks would be charged a 10-cent tax.

For instance, if any employee cashes a paycheck, he or she would be taxed 10 cents on that check. If a businessman receives his receipts in checks, he would be taxed for each payment made to him.

The money derived from the tax would be used to fund the state's home heating assistance program this winter.

"Just about every public hearing that has been held on this particular bill has brought an inordinate amount of criticism of the proposal," Fessler said. "I am asking that the people I represent in the legislature take the time to let Mr. Crim and Mr. Montgomery know that there are only a handful of people in the entire state who support the tax."

Fessler called the bill "utterly ridiculous" and claimed that the new tax would burden "every resident of Michigan with higher banking costs while causing inflation to increase at an even faster rate."

"By having these letters sent to the people who want this bill passed, we'll be letting them know there are very few people who favor a new everyday tax," Fessler said.

Township recreation possibilities unveiled

By KEN KOVACS

Imagine a 100-acre recreation center and park which includes a nine-hole golf course, outdoor swimming pool, lighted ball fields and tennis courts and a scattering of picnic areas.

Picture also, if you will, a 20-acre park and a 30-acre park which provide active sports areas in the respective east and west portions of the community.

Add six "neighborhood recreation areas" and bicycle paths which connect recreation, education, civic and shopping facilities and you have, in a nut shell, the recommendations of Northville Township's planning consultants.

Vilican-Leman Associates, Inc., presented its recreation report to the Northville Township Planning Commission members at their regular meeting September 25.

The purpose of the report, according to the consultants, is to "establish the parameters within which a comprehensive recreation plan can be developed."

In order for the recommendations in the report to become reality the Northville Recreation Commission would have to incorporate them into a total recreation plan which would have to be approved by both the city and township.

But the biggest problem for township officials is to figure a way to get enough money to purchase the some 200 acres of land needed for the suggested recreation developments.

The township has only 46.2 acres of existing recreation lands, including parcels owned by the school district.

Vilican-Leman's recommended facilities call for some 208 additional acres.

There is no discussion of implementation or financing possibilities in the report. These functions are the responsibility of the recreation commission.

The basic recreation concept in the report states, "There should be recreation facilities provided that encompass both the active and passive recreation types. Further, some recreation facilities should serve relatively small neighborhood areas while others serve the township as a whole..."

Each of the neighborhood areas would service residents surrounding an

elementary school. The school ideally would be located at the center of the neighborhood.

The distance to the school would be no more than one-half mile. The typical neighborhood unit would be composed of about 3,000-5,000 persons in 1,000 to 1,600 dwelling units.

The neighborhood recreation facility, particularly for its active components, would be designed to complement or augment the elementary school. Active recreation facilities (ball fields, swings, slides, basketball hoops, etc.) would be provided at this level for use by K-6 children.

Passive recreation facilities might also be provided centrally for the relaxation of the older people in the neighborhood.

The community-wide facilities suggested would service four to six neighborhood units, with a high school or junior high located at the center.

Northville Township, with 15 proposed neighborhoods could be considered as two communities with rather equal concentration of population and dwellings west and east of Northville Road.

These community playfields would be for the active recreational needs of those beyond the elementary age level and normally are the facilities at a junior high or high school.

These should provide space for organized sports such as baseball, soccer and football with facilities for spectators, landscaping, areas for such activities as tennis, indoor recreation and shelter houses.

Some wooded areas for picnic grounds and other semi-active and passive uses may also be included.

The consultants suggest a 20-acre park be developed in the 'east community' and a 30-acre park in the 'west community'.

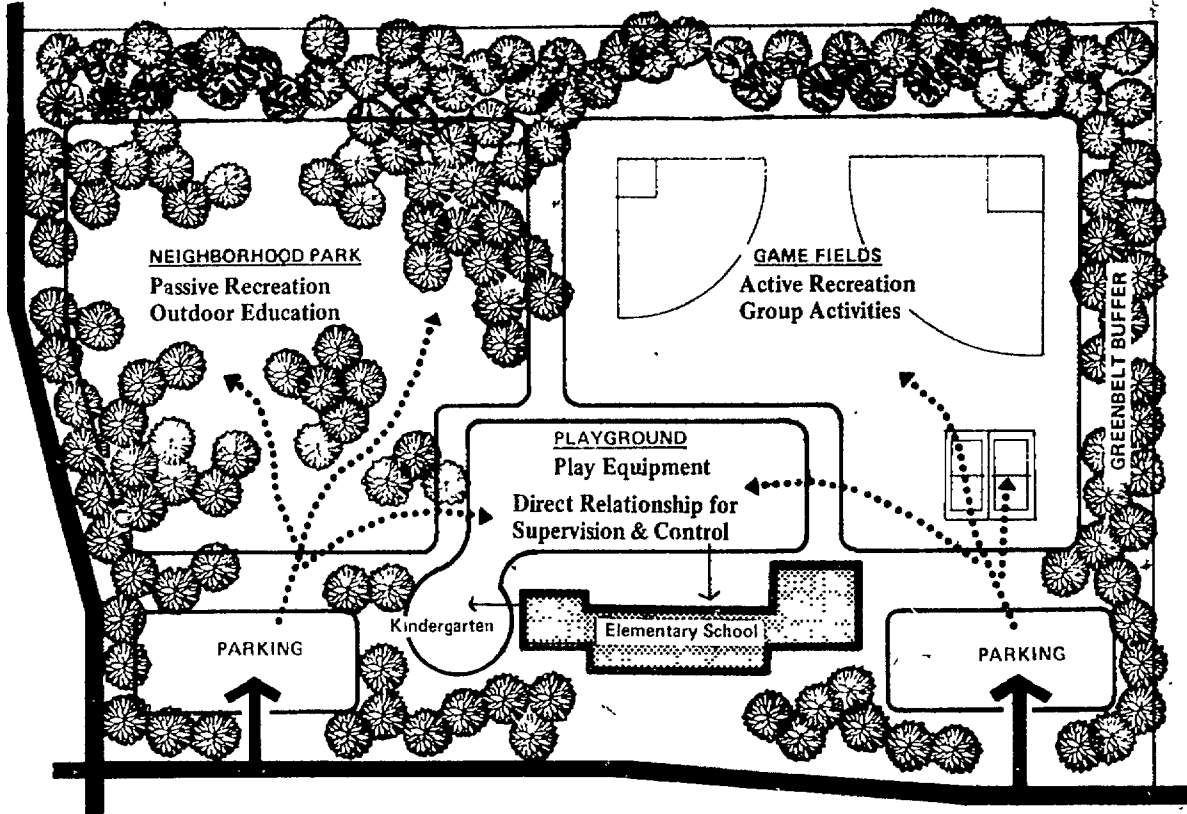

The consultants also recommended a 'recreation center and major park' which would service the entire community.

The firm recommended the 90-100 acre development include: an outdoor swimming pool and wading pool; outdoor, lighted artificial ice rink; lighted basketball court plus additional practice courts; six lighted tennis courts; baseball and softball diamonds; a little league field; two soccer fields; volleyball area; four outdoor lighted ra-

quetball courts; winter sports hill; nine-hole golf course, pro shop and putting green; snack bar; picnic area with tables and grills; shuffleboard and horseshoe courts; and a one-mile Vita course (jogging and fitness trail).

In addition to the two community and one major park recommended, the consultants further suggest that the township consider the provision of eight foot wide bicycle and pedestrian paths linking major land uses in the township.

Vilican-Leman suggest three types of bike paths to accomplish this: 1. An independent riding surface designed for exclusive use of bicyclists, not necessarily within road rights-of-way. 2. Narrow travel lanes adjacent to the paved road within existing road rights-of-way dedicated to the exclusive use of the bicyclist by means of lane markings or dividers. 3. Use of existing paved streets with appropriate signs. No restriction is made of the movement of either motor vehicles or bicycles.

NEIGHBORHOOD SCHOOL - PARK CONCEPT | vilican leman & assoc inc planning consultants

Class sizes equal estimates

Continued from Page 1

indication of declining enrollment in the district unless new housing brings in new children."

The district had to hire the two and a half new teachers because the elementary school did have more children enroll than expected.

The new teachers at Moraine at the second and fourth grades have cut down class sizes there to an average of 26.5, Nichols said.

Moraine classrooms are 25 percent smaller than average classrooms at other elementary schools.

"When we put 30 students at Amerman, it is crowded," Nichols said. "But when we put 30 at Moraine, we have wall-to-wall students."

The Northville Board of Education approved hiring the two and a half teachers October 24. "We told the community we would keep the staff-student ratios at reasonable levels," Nichols said.

The added half-day kindergarten teacher at Silver Springs has reduced the size of the kindergarten there.

The Institutions' Special Education program has enrolled 434 students this year, plus 68 "homebound" students, special education students who attend the ISE program but who live at home.

Funding for ISEP is administered separately by the state.

Though complete class size statistics had not been developed by Monday, average class sizes figured by Nichols September 24 are close enough so "the figures are accurate within a tenth," Nichols said.

He said the average teacher-to-student ratio at the elementary schools is 28 to one. At Amerman it is 29 to one, Winchester 28.41 to one, Silver Springs 28.3 to one and at Moraine 26.5 to one.

At the high school the ratios are 30.1 to one, Nichols said, with class sizes ranging from the 20s to about 33. The highest average class size is in social studies, with a 30.8 to one ratio.

The spring estimate of 3,850 was close to the actual 3,854 students because of a combination of several projections, Nichols told the board.

Last spring the district asked every principal to come up with the most accurate student projection for his or her building. The central office staff gave an estimate, the district asked a computer at University of Michigan to give a five-year projection of the district and Mrs. Zayti asked area builders for their estimates on how many new homes were going up in the school district.

A combination of all these estimates gave the 3,850 figure, Nichols said.

'Country Girls' to organize

An organizational fall meeting of Country Girls Garden Branch was held Tuesday afternoon at the Winchester Road home of Barbara Kimery.

Five branch members attended the Michigan Farm and Garden

Association tea at Fair Lane, the Henry Ford home in Dearborn. Shirley DeHof and Mrs. Kimery served as

hostesses while Karon Frisbie was among those presiding at the tea table. Jeanette Griggs and Barbara George also participated.

VARIETY—Variety is the best descriptive word of the entertainment planned during the three day International Festival this weekend at Northville Downs. New this year will be the Clark Family Players, a popular variety act that recently played at the State Fair. The Clarks include (above, left to right): Gerald (dad); Eileen, 16; Mary Ellen (mom); Eugene, 14; and Christopher, 11. Performances, which include a variety of ethnic dances and music, will be held in the Old World Cafe (right).

Italian dinner tickets going

With only a limited number of tickets available, persons wishing to attend the annual Columbus Day Fiesta in Highland Lakes should make reservations immediately.

That's the word from John Clemente, chairman of the subdivision association's social committee.

The all-Italian fun-filled evening, including a full course dinner, wine, continuous music, and dancing will be held on Saturday, October 13 from 7:30 p.m. to 1 a.m.

It will be held inside the Highland Lakes clubhouse and under a tent on the terrace.

Food will be prepared and served by the John Genitti family.

Persons wishing tickets should contact either Clemente, at 349-6025, or Genitti, at 349-0522. Tickets are \$15.

NOTICE

The 1978 survey of local government finance revenues and expenditures including actual expenditures of Federal Revenue Sharing and Antirecession funds are available for inspection in the Finance office of the City of Novi, 45225 West Ten Mile Road, Novi, Michigan, 48050, between the hours of 8:00 a.m. and 5:00 p.m., Monday thru Friday.

Council Minutes

NORTHVILLE
CITY COUNCIL MINUTES
September 17, 1979

ROLL CALL:
Mayor Vernon called the meeting to order at 8:00 p.m. Present: Vernon, DeRusha, Gardner, Johnston, Nichols. MINUTES OF PREVIOUS MEETING:

Minutes of the September 10, 1979 meeting were approved with the following corrections:

Page 4, after the motion on the Northville Estates Street Sign Proposal should be added "Motion Carried Unanimously."

Page 4, Bid figures: David's Fence total bid should be \$8,500.00; New Hudson Fence Co. bid total should be \$8,166.40. MINUTES OF BOARDS & COMMISSIONS:

The following minutes were placed on file:

Northville Recreation Minutes, August 22, 1979.

APPROVAL OF BILLS: Motion by Councilman Johnston supported by Councilman Gardner to approve the following bills:

GENERAL FUND, \$97,813.42; MAJOR STREET FUND, \$2,028.01; LOCAL STREET FUND, \$1,748.50; EQUIPMENT FUND, \$4,779.83; WATER FUND, \$14,881.80; PUBLIC IMPROVEMENT FUND, \$25,442.43; TRUST & AGENCY FUND, \$180,740.09; ALLEN TERRACE OPERATING FUND, \$8,180.52; SPECIAL ASSESSMENT FUND, \$12,901.50; CEMETERY TRUST FUND, \$1,224.11; RECREATION FUND, \$16,948.17.

Motion Carried Unanimously.

COMMUNICATIONS:

a. Communication from Representative Rick Fessler re a public hearing — Drafting Legislation to Assist Local Governments in Planning Functions. The meeting will be held Sept. 21, in Pontiac City Hall.

b. Resolution re postage free absentee ballots from the City of Madison Heights — this is for information only.

c. Communication from Representative Jack Kirksey re our resolution re the reorganization of Wayne County's court system.

d. Communication from the Wayne County Board of Commissioners with resolution re Articles of Organization for Wayne County which was referred back to committee for more study.

Communication describing the Foster Grandparents Program.

Communication from Senator Wm. Bradley re our Resolution on the General Revenue Sharing Program.

Revenue and Expense Statement for May from the Detroit Water and Sewer Department.

Communication from Wayne County Road Commission to a Northville Citizen complaining about the conditions of S. Main from 7 Mile to the Business District.

The County informed Mrs. Joels that the City had contacted the County three years ago and the County had offered a \$60-40 pay participation, if the City were interested. They stated the City had not conveyed their desires to the Board.

Mayor Vernon suggested the City Manager write to the Wayne County Board and take them up on their offer.

The City Manager stated a meeting had been scheduled the following week and Northville

Road could be discussed at this time.

Mayor Vernon asked if City Council were in agreement they should write a letter of rebuttal to the County and send a copy to Mrs. Joels.

Communication from Lexington Commons Association asking that their neighborhood be eliminated from future routings of the "Walk for Mankind."

Mayor Vernon asked that a copy of the letter be sent to the Jaycees.

Communication from the Lexington Commons regarding the speed limit on 8 Mile Road between Beck and Taft roads and a copy of Oakland County Road Commission's answer. In which they state they are now making a study of this location.

Communication from the City of Plymouth advising that Title III funds under the Old Age Assistance Act have been denied as a result of the City of Plymouth having missed the due date for the submission of the completed application.

The City Manager advised that full application is now in and will be subject to supplemental funds as they become available in two or three months.

COMMUNICATIONS:

Mr. Tom Wheaton, Chairman of the Planning Commission, stated he had received a copy of the Master Plan of the Township and asked Council for any views.

Mayor Vernon mentioned new people moving into this area relate to downtown Northville. Also that most move here because they want to and because of the quaintness of the City. He has concerns because of the shopping centers which are springing up in the Township and asked that this be mentioned to the Township Board.

Mr. Wheaton stated he would ask the Township Board to sent copies of the Master Plan to the City Council. He also mentioned he would hope the channels of communication would be kept open. He felt there was not a serious effort being made to develop industrial along the 275 industrial highway.

Mr. Richard Mazur, 227 N. Rogers, thanked Council for the speed bumps on N. Rogers and stated they were definitely slowing down traffic.

Councilman Nichols mentioned some of the drivers are now turning down Dubvar to Linden because of the bumps.

Mr. Charles Ayers, Morgan Circle, was interested in what lead to the installation of the speed bumps.

The City Attorney explained the difficulty in enforcing the speed limits in those areas. He also explained that No. Rogers has just recently been opened up as a through street from 8 Mile to N. Main and Seven Mile.

Mayor Vernon commented the speed bumps had been installed after careful thought and study.

Mr. Ayers asked if there were any criteria used.

Mayor Vernon stated there had been citizens complaints and police been posted on these streets and written tickets. The situation became one which could no longer be condoned.

He also mentioned the residents of Rogers Street presented a petition. The Police Department were asked to do a study. The Mayor stated that generally ac-

tion is based on Police Department reports.

Mr. Ayers stated he has concerns regarding the speed bumps. He asked if there were a minimum speed limit for placing speed bumps. He wondered if the streets met the criteria for having speed bumps.

Mayor Vernon stated that speed bumps were not the general practice of the City Council, however there have been serious problems on both those streets. He also stated that so far good reports have been received regarding the speed bumps.

Mr. Ayers stated he is personally opposed to the bumps because they are potentially dangerous and harmful to the cars. He also asked about the City's liability.

The City Attorney stated our insurance carriers find no problem with the bumps as long as signs stating "Speed Bumps Ahead" is used.

Mr. Ayers commented that with all the ways available to control traffic, he felt some way should have been used.

PUBLIC HEARING AN ORDINANCE TO AMEND THE DEVELOPMENT AND TAX INCREMENT FINANCIAL PLAN FOR THE NORTHVILLE DOWNTOWN DEVELOPMENT DISTRICT.

The City Clerk read the Notice of Public Hearing as published.

Mayor Vernon opened the Public Hearing and asked for any comments, there being no response, he closed the Public Hearing.

Motion by Councilman DeRusha, supported by Councilman Gardner to adopt the amendments to the Development and Tax Increment Financing Plan for the Northville Downtown Development District, which was adopted by City Council on December 4, 1978.

Motion Carried Unanimously.

PUBLIC HEARING AN ORDINANCE TO AMEND THE NORTHVILLE DOWNTOWN DEVELOPMENT DISTRICT.

The City Clerk read the Notice of Public Hearing as published.

Mayor Vernon opened the Public Hearing and asked for any comments, there being none, he closed the Public Hearing.

Motion by Councilman Johnston supported by Councilman DeRusha to adopt an Ordinance to Amend Title I, Chapter 14, of the Code of Ordinances of the City of Northville.

Motion Carried Unanimously.

G.E. MILLER PROPERTY:

Mayor Vernon introduced Mr. Dick Wilkinson, Vice President, Downriver Federal Savings and Loan Association, who has looked at the property in question and is desirous of and is proposing to purchase the G.E. Miller property for \$150,000 and had a check made payable to the City of Northville for \$15,000 as a deposit.

They are prepared to deed back to the City a portion of the lot for a park area, as shown on the City's proposed site plan.

Councilman DeRusha stated he was glad to see this area developed.

Discussion on the parking spaces and parking fund followed.

The City Manager pointed out that the purchase price includes

Joan G. McAllister

CITY OF NORTHVILLE NOTICE OF PUBLIC HEARING

Notice is hereby given that the City Council of the City of Northville will hold a public hearing Monday, October 15, 1979, in the Northville City Hall at 8:00 p.m. to consider the adoption of an ordinance to amend Title 8, Chapter 2 MINORS to restrict Minors at the Northville Downs Raceway by adding the following Sections as follows:

The City of Northville Ordains that:

Section 1

Sec. 8-204 ATTENDANCE AT RACE TRACK BY MINORS:

(a) MINORS UNDER 12 YEARS OF AGE PROHIBITED INSIDE FENCED AREA — No child under 12 years of age shall be permitted inside the fenced area of Northville Downs Raceway.

(b) MINORS BETWEEN 12 AND 18 PROHIBITED INSIDE FENCED AREA, UNLESS ACCOMPANIED BY PARENT OR GUARDIAN — No child between the ages of 12 to 18 shall be permitted within the fenced area of Northville Downs Raceway unless said child is accompanied at all times by a parent or guardian.

(c) VIOLATIONS — Any person that brings any child within the fenced area of Northville Downs Raceway in violation of the foregoing provisions of this Ordinance or who aids or abets any child in the violation of said provisions shall be deemed guilty of a violation of this Ordinance.

(d) EFFECTIVE — The provisions of this Section shall be effective only during the time when Pari-mutuel betting activity is in process.

Sec. 8-205 PENALTY — Any person who shall fail to comply with any of the provisions of this Ordinance shall, upon conviction thereof, be subject to a fine of not more than \$100.00, or imprisonment for a period not to exceed 90 days or both such fine and imprisonment in the discretion of the Court.

Section 2

This Ordinance shall become effective ten days after enactment thereof and after publication thereof.

Joan G. McAllister
City Clerk

Publ. 10-3-79

Police blotter

Blackout gets blame for damage

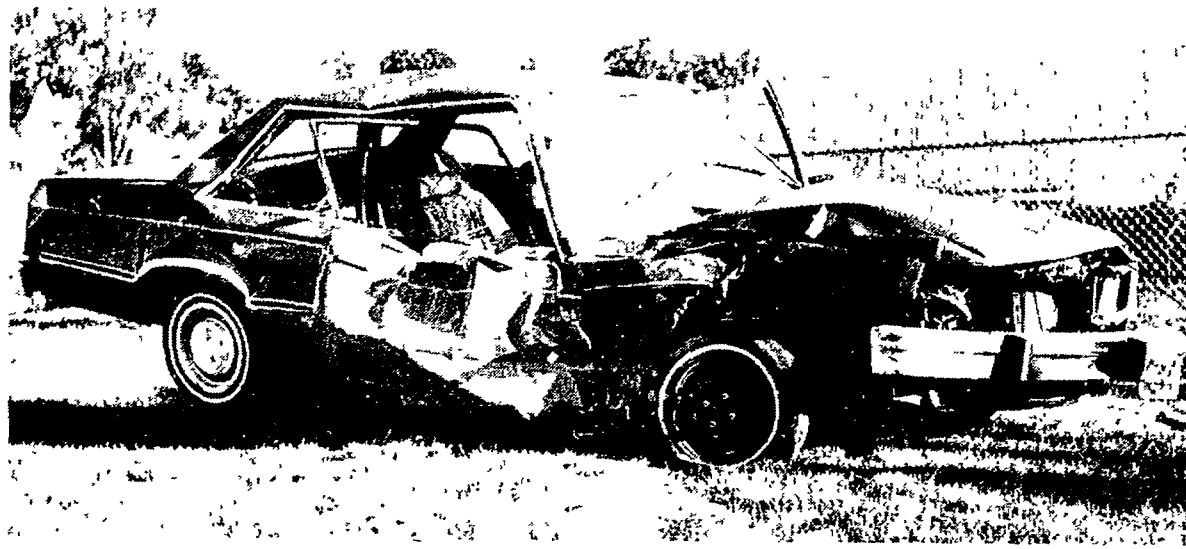

Township police are investigating a mysterious property damage accident which occurred September 29 near Six Mile and Winchester.

Helen Smirnow, 18285 Jamestown Circle, driving her car westbound on Six Mile, steered her vehicle into the right lane to pass a car waiting to turn left onto Winchester, and that is the last thing she remembers, she told police.

The car crossed the eastbound lane of Six Mile, went through a wooden fence, ran over some shrubs and came to a halt in the backyard of a home at 41900 Baintree.

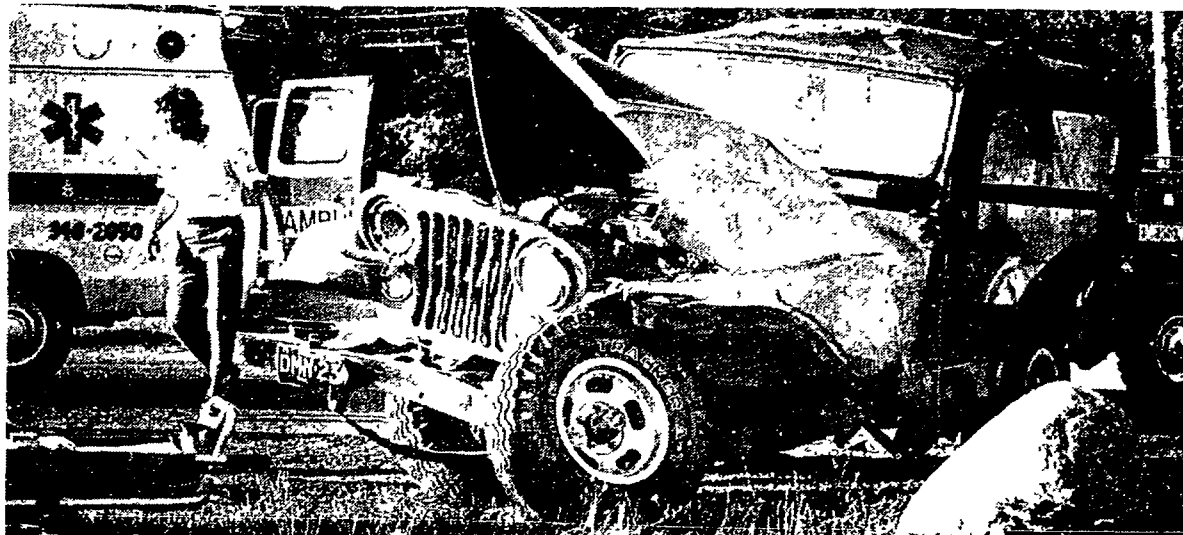

Mrs. Smirnow told police she may

Continued on 14-A

A John Mach Ford service mechanic and a Plymouth woman were seriously injured September 27 when their vehicles collided at Seven Mile and Sheldon, city police reported. A 1979 Fairmont (above), being test-driven by John Syzdek of Milford following transmission repairs, was traveling eastbound on Seven Mile, police said, when the car struck a 1974

AMC jeep driven by Lisa Ann Lindsey of Plymouth. The Jeep (below) was northbound on Sheldon. Both drivers were taken to Botsford Hospital, treated and released. Witnesses told police Sheldon traffic had a green light, while Seven Mile travelers faced a red signal. Syzdek was ticketed for disobeying the red traffic signal.

City Council Minutes

Continued from 10-A

The allocation of 6 parking spaces to DRFS in the lot at the north end of the site. The purchase price could be considered as \$12,000 plus \$10,000 for site parking space credits, or as \$150,000 with the 6 spaces provided physically at the north end of the site.

The City Manager also pointed out that the proposal from DRFS is advantageous to the City for the following reasons:

(1) The City exercises control over the pattern of development on the Main-Hutton corner. (2) The City obtains an open-space area at the corner, right-of-way for widening Hutton at Dunlap, and additional parking at the Hutton-Dunlap corner, without any City funds involved in the end in effect, the DPW lots will wind up being traded for these benefits.

(3) The City obtains a desirable new business in the Downtown Development District. Motion by Councilman DeRusha, supported by Councilman Gardner to waive bids on the Miller Property for the reasons stated above.

Motion carried Unanimously. Motion by Mayor Vernon supported by Councilman Nichols to accept the agreement to purchase offer by Downriver Federal Savings and Loan for the G.E. Miller property in the amount \$150,000.

Meeting was recessed at 8:20 and reconvened at 9:30 p.m. Motion Carried Unanimously.

POLICE DEPARTMENT. A Public Nuisance Complaints Definition - A public nuisance is defined as blight, noise, littering and dumping complaints.

b. Ordinance to Amend Traffic Code re parking 2:30-7:00 a.m. Motion by Councilman Johnston supported by Councilman DeRusha to Publish for Public Hearing on October 1, 1979 an Ordinance to Amend the Uniform Traffic Code for Michigan Cities, Townships & Villages.

Motion Carried Unanimously. Mayor Vernon asked that item 18 on the Agenda be taken out of order since Mr. Folino was in the audience.

CHAMBER OF COMMERCE RE INTERNATIONAL FESTIVAL SIGNS

Communication from the Northville Community Chamber of Commerce requesting permission to temporarily install 3 portable signs for their International Festival.

These signs will be located at 8 Mile and Novi from 9-23 to 10-7 and at S. Center St. And E. Hines from 9-18 to 10-7 also at 7 Mile and S. Main. The signs are the same that have been used for the Garage Sale and Sidewalk Sales and will be removed after the Festival.

Motion by Councilman Gardner, supported by Councilman Johnston to grant permission to the Northville Community Chamber of Commerce to temporarily install the 3 portable signs at the locations and for the dates as stated above.

Motion Carried Unanimously.

WAYNE COUNTY ROAD CLOSURES FOR PARADES, CELEBRATIONS & FESTIVALS Communication from the Wayne County Road Commission listing procedures and requirements for obtaining a road closure permit for a parade, celebration or festival.

It was stated that the City need not close County streets for parades, etc., and will be even more careful not to become involved in this in the future.

NORTHVILLE LIBRARY DEPOSITORY RESOLUTION. Motion by Councilman Johnston, supported by Councilman Nichols to adopt a Resolution naming Manufacturers National Bank as a designated depository of the City of Northville Library Fund and the Treasurer, Steven L. Lennox, and Controller, Betty M. Lennox to both sign withdrawal or transfer orders.

Motion Carried Unanimously.

DEPOSITORY RESOLUTION. Motion by Councilman Johnston supported by Councilman Gardner to adopt a resolution establishing D.R.F.S. as a designated investment depository for the City of Northville and the Treasurer, Steven L. Lennox, and Controller, Betty M. Lennox to both sign withdrawal or transfer orders.

Motion Carried Unanimously.

APPOINTMENTS: a. Housing Commission

Mayor Vernon stated Mr. John Stuart of the Housing Commission would be receptive to serving another term if it is understood and acceptable that

he may not serve the entire 5-year term.

Motion by Councilman Gardner support Councilman DeRusha to reappoint Mr. John Stuart to the Housing Commission.

Motion Carried Unanimously.

b. Beautification Commission The application of Elroy Ellison was received.

Motion by Councilman Gardner supported by Councilman DeRusha to appoint Elroy Ellison to the Beautification Commission.

Motion Carried Unanimously.

WING STREET RIGHT-OF-WAY: Motion by Councilman Nichols, supported by Councilman Gardner to adopt a Resolution dedicating as a public right-of-way for street purposes, to be known as South Wing Street, the following:

A part of Lots 225, 226, 227, 228, 233 & 234, Assessors Northville Plat No. 3, of Blocks 13, 14, 15, 16, and 17 of Plat of the Village (now City) of Northville and part of the S.W. 1/4 of Sec. 3, T. 15, R. 8E., Village (now City) of Northville, Wayne County, Michigan, more particularly described as follows:

Beginning at the S.E. Corner of Lot 233, thence S 79° 02' 35" W 52.01 ft.; thence N 21° 50' 35" W 288.64 ft.; thence N 88° 01' 25" E 20.00 ft.; thence N 3° 58' 35" W 75.19 ft.; thence N 88° 32' 50" E 5.13 ft.; thence S 62° 57' 00" E 29.03 ft.; thence S 3° 58' 35" E 30.05 ft.; thence N 88° 01' 25" E 20.00 ft.; thence S 3° 58' 35" E 99.82 ft.; thence S 84° 31' 45" W 50.02 ft.; thence S 3° 58' 35" E 230.08 ft.; to the point of Beginning and the west 50.00 ft. of Lot 228; and the west 50.00 ft. of Lot 227; and the west 50.00 ft. of Lot 226; and the west 50.00 ft. of Lot 225; and the north line of said lot.

Resolved Further, that said right of way is hereby accepted into the street system of the City of Northville for operation and maintenance.

Motion Carried Unanimously.

MISCELLANEOUS Mayor Vernon offered a Resolution recognizing John J. Carlo as a citizen and civic leader of the City of Northville and dedicating the new addition to the City Hall as the John J. Carlo Library Addition.

Motion by Mayor Vernon support by Councilman Nichols to adopt a Resolution recognizing John J. Carlo and dedicating the new addition to the City Hall as the John J. Carlo Library Addition.

Motion Carried Unanimously.

Communication from Frankmuth Mutual re Senate Bill 428 commonly referred to as the Essential Insurance Reform Bill.

This bill would, in effect, raise insurance rates if you live outside of Downtown Detroit. It would also raise rates for adults and senior citizens in order to lower rates for young drivers under 25 years of age and in like manner raise rates for married drivers to lower rates for unmarried drivers.

Motion by Councilman Johnston to adopt a Resolution opposing Substitute Senate Bill 428 insofar as it relates to the risk area involved to send copies to our legislators and all surrounding areas, also send a copy to the Frankmuth Mutual and the MML.

Motion Carried Unanimously.

Communication from Senate Majority Floor Leader Plawewski rejoining the Local Governmental Conference of Western Wayne, Minutes of the August 20 meeting, its objectives and agreement.

Motion by Councilman Johnston supported by Councilman Gardner to adopt a resolution to join the Local Governmental Conference of Western Wayne and that copies of the resolution be sent to the Local Governmental Conference of Western Wayne, the Governor and the State Senators, Representatives and County Commissioners of this District.

Motion Carried Unanimously.

Councilman Nichols discussed the MML Conference held Sept. 12-14. He attended the Headline meeting where consensus of opinion was that the Headline was intended for the local level rather than the state level.

He discussed the other meeting he attended Discussion of Police Departments expanding or broadening their authority to take on some duties of the Fire Department and vice versa.

The City Attorney stated the sale of property on the north end of the Allen Terrace would be consummated on the following Wednesday afternoon.

It was stated that the monies realized from the sale would go into the Allen Terrace Trust Fund.

Mr. & Mrs. Charles Lapham had donated \$5,000 to the community, \$2,000 to the Allen Terrace Trust Fund and \$3,000 to the Historical District.

Mayor Vernon discussed the possibility of the Northville Downs harness racing dates being cut this year and the thoroughbred racing dates being

increased. He would be attending a meeting at the Racing Commissioners office with the City Attorney and City Manager.

Meeting adjourned at 10:40 P.M.

Respectfully submitted, Joan G. McAllister City Clerk

SPEAKING
for The Record
By BILL SLIGER

Soon the details of a campaign to raise funds for high school band uniforms will be announced.

Whatever the success of the effort, the proceeds will be doubled thanks to an anonymous donor who has promised to match funds at least as high as \$9,000.

It's estimated that the required 90 to 95 uniforms will cost between \$18,000 and \$20,000. The goal is to come up with a handsomely-outfitted Northville High School marching band for the 1980-81 school year.

But beyond the need for uniforms, there's instrument replacement and maintenance to be considered; and the music library itself is in a sickly state.

If one were to be expected to contribute to improvement of the music program, it seems reasonable to ask what steps are being taken to avoid repetition of the deterioration.

And this is the approach the Northville High School Band Boosters, under the leadership of Bonnie Wagner, have taken in setting out to "turn things around" for the band program.

First of all assurances have been gained from the board of education to recognize financial responsibility within its budgetary capabilities to support the music program. And the board also endorsed the Band Boosters' campaign drive.

But beyond this, Superintendent Larry Nichols has given clear evidence that one of his objectives as the school district's new chief executive is to bolster up the total performing arts program.

Admittedly, the Langfield trust fund, donated by the late C.E. Langfield for support of the high school band program, has not produced the dividends that closer scrutiny of investments could have achieved.

The \$53,600 fund grew only by \$3,200 last year, obviously a poor showing. Trustees of the fund are determined to review the investments with the objective of increasing the flow of annual dividends into the band improvement program.

Nichols envisions the establishment of sinking funds to assure a systematic program for replacing and maintaining instruments, cleaning, maintaining and replacing uniforms as needed to avoid massive change-overs, and regular updating of the music library.

What Nichols would really like to see happen in the schools — and community — is a new emphasis on performing arts such as drama, band, orchestra, forensics and vocal music.

These kinds of functions, the superintendent believes, provide a showcase for student talent and offer entertainment to the community.

"Actually, it is a visible area of pride, not just for the students but for the entire community. It's more important by its absence. Without these programs we don't enjoy the benefits of youths' talents; there's no contribution to the quality of life; no source of community pride."

So the Boosters, board and superintendent have declared that the school system's music program — indeed, it's full range of performing arts — will not be ignored or shortchanged; it will be encouraged.

They hope, of course, the community will lend its support to the fund drive and feel confident that their contributions will be well invested.

☆☆☆

Last Friday Fred Hartt completed stress tests just to prove his heart was sound.

The check-up was important to Fred at this point in his life. At 61 he had decided this summer to take early retirement from American Airlines, where he had worked for 33 years.

His wife, Pat, retired this summer, too. She's been an art teacher in the Wayne-Westland public school system for many years. Fred and Pat had made no hard-set plans for the future yet. But certainly they looked forward to winter months in San Miguel, Mexico where they had purchased a home several years ago.

Saturday afternoon Fred dropped dead on the 18th green at Salem Golf Club.

I've known Fred for about as long as I've lived in Northville. I'll never think of him without remembering his laugh, or broad-smiling face.

He was a modest man who made friends, never enemies.

He was good enough at bridge to have accumulated master points; as a student at Alma he was a member of the golf team.

During World War II the B-17 in which he served as a gunner was shot down over Germany. Fred spent a year-and-a-half at Stalag 17B concentration camp in Austria.

He seemed almost to apologize for the experience when pressed to tell the details.

Fred's happy-go-lucky nature veiled his sensitivity and curiosity. He liked people and enjoyed life. And that's how he died.

Speaking for Myself

JIM DAVISSON

51st state
Superior?

CHARLES VARNUM

YES

Why should a split between northern and southern Michigan to form the State of Superior be necessary? Because our tax structure is the same but services rendered are less. Because messages relayed to Lansing are treated as afterthoughts. The cities get a bigger piece of the pie.

What Superior can do is return the governing process back to the hands of the local townships for self-analysis and voter process. The old town hall style of government. Could Wayne County assemble for a local problem and resolve an issue within a matter of hours? No, but smaller northern communities can govern themselves without outside assistance far better than metro areas.

Problems that could be tackled locally are Indian fishing rights; tourism; jobs; natural resources; senior citizens and health care (senior programs and centers

to enable them to use their lifelong talents and minds — we can learn from them); colleges and universities; farming; education; fuel (wood-burning program from northern Michigan resources); conservation (replace the DNR with local people); toxic wastes.

How in the world could we separate and survive financially? Is it feasible? We feel it is; in fact, the money flow out of these 42 northern counties is staggering. Revenue on fish and game licenses, lumbering, timbering, taxes, oil, bridge fees, federal government payments on land — we could go on.

We're holding up our hands. It's time someone paid attention. Don't be surprised if the State of Superior becomes the 51st State of the Union.

NO

Once again the suggestion of statehood for the Upper Peninsula has been raised. This proposal has surfaced off and on ever since the UP was attached to Michigan following the Toledo War. I am confident that the proposal will meet the same fate as previous ones.

Separate statehood for the UP is simply not a practical course for the citizens of either peninsula. Political reality is simply not going to allow separate statehood to come about, the likelihood is infinitesimal.

The State of Michigan has no incentive to want to reduce its land area, resources and population by such a severance; nor is there any incentive on the part of the existing states to dilute their political power in Washington by giving two U.S. Senators and a Congressman to 15 Michigan counties.

The UP stands to lose a great deal by disassociating itself from Michigan, financially, influentially and

politically. The UP often benefits from Michigan expenditures to a larger extent than would be expected from the relative populations of the two peninsulas. It should be noted that the UP has representation in Lansing and that if legislative change is desired, it is possible to work with the Michigan Legislature to make that change.

Perhaps the most telling argument of all against spending time debating and studying statehood is that there are simply too many more important problems to deal with. The long-range answers to unemployment and other economic problems can only be dealt with in Michigan and the country as a whole. Increasing fragmentation is no answer at all.

By JIM GALBRAITH

JACK W.
HOFFMAN'S
COLUMN

Talk to Ed Lindsey, 41. He's beaming.

And no wonder. He's probably on his way to becoming a millionaire.

General manager of a Cadillac dealership, Lindsey has invented something that gun buffs say is a winner. It's a four piece rifle rest. Retail for about \$9. And that's \$35 to \$40 cheaper than the standard rifle rest.

A patent is pending on the gun rest, which the Northville inventor is marketing under the name, "Bingo Rifle Rest."

"If it sells, it's a 'bingo!', and that's the reason for the name," he explains.

Friends, relatives, cohorts all figure Lindsey has it made.

But the inventor isn't quite as confident. Oh, sure, he's enthusiastic. After all, area gun shops have begun selling his product, Guns and Ammo magazine calls it a "super idea" and will soon feature it in the magazine's "What's New" column, and gun club members in the metropolitan area are snapping them up. Yet, when Lindsey comes home at night and sees the boxes and boxes of gun rests that fill his garage, he knows he must sell an awful lot of them just to recoup his investment.

Unlike the standard metal rest, Bingo is made of styrofoam. Weighs less than a quarter of the metal one. And besides being cheaper and lighter, it is more stable. A shooter can leave a fine rifle in the Bingo rest and walk away from the bench without worrying that the rest will fall over and damage the stock.

Legal do's and don'ts

School district explains negotiations procedure

By ELLEN SPONSELLER

Though the Northville teachers' strike is now a memory the school district is trying to make the community aware of the sequence of events leading up to the settlement of the new three-year contract.

Director of Personnel Burton Knighton explained the entire negotiating procedure from the district's point of view at the Northville Board of Education meeting October 24.

Negotiating positions of both the district and teachers were being dreamed up as long ago as December 1978, long before most people were even aware that negotiations were going to take place, Knighton explained.

"At executive sessions the Board of Education analyzed the contract agreement. During meetings in January, February and March the board expressed their wishes and we obtained administrative and supervisory input," Knighton said.

The board finished its package of proposals April 26. At the first session with teachers ground rules were established. The Northville Education Association (NEA) presented its position May 8, 17 and 24, opening 13 of 15 articles in the contract. Articles dealing with Negotiations procedures and board rights and responsibilities were left alone.

"We analyzed the teacher's position then presented our position June 14, 21 and 24," Knighton said. The board's merit pay concept was introduced June 27. "It represented the board's philosophy of opposition to the lock-step salary schedule. The subject was not raised again until mediation," Knighton said.

Negotiations dragged through July and August with little movement on either side. Finally after a fruitless meeting August 22 both the NEA and the board negotiating teams declared

themselves at an impasse and decided to call in a state mediator.

Harry Reinfelder, a soft-spoken negotiator from Lansing, opened mediated talks August 27.

As provided under state law the mediator is in charge of calling the meetings and can do most anything he wishes to prompt a settlement.

Mediators usually rely on "moral suasion." Reinfelder met with each group separately, asking them unofficially about potential compromises they might make. Legally what happens during mediation is not a matter of public record, in that a mediator may not divulge what is told to him in confidence.

According to Administrative Law Judge Joseph Bixler of MERC, however, there is no law prohibiting either teachers or the school district from discussing what is taking place during mediated negotiations.

"There is no law prohibiting them doing that," Bixler said. "The parties may reach an agreement that they are not going to discuss negotiations. For our people (the mediators) anything told them is confidential with them. You won't get a mediator to talk about it."

The law in question is PA 379, the Michigan Public Employee Relations Act. The danger of "letting the cat out of the bag" is an unfair labor practice charge, Bixler said.

"If you print something indicating an offer to an employee that has not been officially offered at the bargaining table you could be setting yourself up for an unfair labor practice," Bixler said.

Neither the teachers or the school district here made any positions known other than the original proposals until the contract was settled.

However, Tom Schwarze, school district attorney, said an unfair labor practice charge would be dangerous.

"It is clear under a supreme court

ruling that if a district discloses mediated positions before they are made official that they cannot obtain an injunction," Schwarze said. "There is nothing more dangerous than committing an unfair labor practice during negotiations. When you are seeking an injunction the judge will look at two things: one, that the district is suffering irreparable harm, and two, that the board has not committed an unfair labor practice."

Schwarze argues that PA 379 "clearly prohibits the committing of unfair labor practices. The law doesn't say you can't do it (make mediated positions public) but it does say you can't commit unfair labor practices."

"I would never allow a client to disclose a mediated position before it was official," Schwarze added.

The groups continued meeting August 27, 29, 31 and September 1. "The board thought some progress had been made," Knighton said.

The teams met with the mediator September 4. The board suspended payment on the teachers' health insurance. Then, September 10, the board of education directed the team to seek an injunction to force the teachers back to work.

At the same board meeting about 250 area teachers and citizens crammed the board offices to protest the strike. The board explained it could not divulge the positions because the talks were in mediation.

The next day, September 11, mediation was set for 10 a.m. The teams had been told that the mediation might give way to "fact-finding."

Fact-finding is recommended by a mediator when he feels nothing more can be done in mediation.

"The normal procedure is that fact-finding is a quasi-legal hearing where both sides have the opportunity to present their cases. They have the opportunity to select where the testimony is presented. And the parties usually

have the opportunity to choose one of three fact-finders," Knighton said.

Instead, it looked to the district like the mediators would employ the same technique that got a settlement in Plymouth — "expedited fact-finding" — a speeded-up version where each side presents facts and the fact-finder makes a non-binding written judgment on what he or she feels is a fair settlement.

Events on September 11 remain clouded.

"The board team was preparing the injunction and we contacted MERC (Michigan Employment Relations Commission) at 9 a.m. saying we were available. At 12 noon we received a call saying that they were looking for a fact-finder. At 2 p.m. we got a call that fact-finding was set for Thursday, September 13," Knighton said.

But the NEA team filed an unfair labor practice against the board team for not appearing for negotiations that morning. "Both teams had been given the name of the fact-finder on September 10," said Barb LeBoeuf, president of NEA. "The board team called at 9 a.m. and said they would not be available until later in the afternoon. The NEA team was present and ready (at 10 a.m.) for expedited fact-finding." The NEA filed an unfair labor practice that day.

On Wednesday, September 12, the teams received a call from Harry Reinfelder. "He wanted to give the talks one more try before Thursday (when a court injunction hearing was set and fact-finding was scheduled)," Knighton said.

Midnight marathon negotiations at the Ann Arbor Hilton did the trick and at 8:30 a.m. Thursday the sides had a contract.

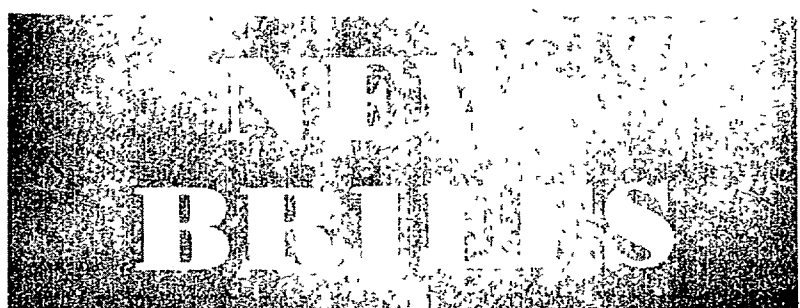

"We maintained management's right to set class size and got a teacher 'The board got tuition and extra credit responsibility clause,'" Knighton said.

pay restricted to cover only job-related classes. And now outside experience credit is our option to give," he said.

Teachers got a "just cause" clause specifying that teachers transferred for performance reasons must have a written evaluation. They also got a stronger agency shop enforcement, leaves for ISEP teachers, and a better layoff

recall bumping pattern for elementary teachers.

The "teacher responsibility" clause specifies that teachers must aid building administrators in enforcing the student code of conduct and the student abuse code. Both sides consider it a gain. "It will insure backing for teachers by the administration when they enforce the code," LeBoeuf said.

Continued from 1-A

school, 201 Elm, at 1 p.m. The public is invited.

A SPECIAL MEETING of the Northville Township Board has been scheduled for Wednesday, October 10 — one day before the board's regular October meeting — to discuss the township's budget, which Supervisor Donald Thomson has stated is "in serious trouble." Revenues have not materialized as they had been proposed, Thomson said, which means there is insufficient money to pay for budgeted township services. The meeting is set for 8 p.m.

MASSACHUSETTS Institute of Technology representative Matt Cole will be at Pioneer High School in Ann Arbor on October 18 at 7:30 p.m. to talk to students and their parents who are interested in attending M.I.T. Cole will also be at Lawrence Technological Institute in Southfield on November 1 at 7:30 p.m. to talk to students and parents.

A JUNIOR MISS for Northville will be chosen November 17, announces Ron Barnum, president of Northville Jaycees, who annually sponsor the program open to senior high girls. A presentation on the program will be given October 10 during the lunch period in the high school auditorium. For boys, there will be an explanation on the Jaycees and their community involvement. Anyone interested in either program is encouraged to attend.

A REQUEST for permission to erect temporary signs in the city to direct traffic to two new township subdivisions — North Beacon Woods and Quail Ridge — has been unanimously denied by city council.

COLLEGE representatives will come to the Northville High School library conference room this month to talk to students and their parents. Gary Camp from Hope College will come October 5 at 10 a.m.; Skip Zabel representing Albion College will be here October 8 at 10:30 a.m. and David Pike of Nazareth College will come October 9 at 11:50 a.m. All interested parents and students are invited to attend.

WITH THE ADOPTION Monday of a resolution approving the Old Mill Restaurant remodeling and enlargement project, council took its last step in the bonding procedure under the Economic Development Corporations Act. The Old Mill owners are seeking EDC tax-free bonds to finance the project. No expenditure of city funds for this project is to be made.

CITY OFFICIALS were "encouraged" by the dates announced this week for thoroughbred racing. Although the trotting dates won't be announced until later this month, the dates for the runners suggest Northville Downs may receive the same number of dates it received last year. Earlier, Hazel Park and DRC had asked for fewer dates for runners but, at the expense of the Downs, more dates for harness racing. The number of "dates" for the runners was not reduced.

BECAUSE the banner signs periodically erected over city streets by city organizations are seen as costly nuisances by the DPW, and because council members find the movable trailer signs equally unsightly, DPW Superintendent Ted Mapes has been authorized to draw up plans for proposed substitute signs that might be erected and maintained by the city for specifically approved civic projects.

Bumps receive backing

To the Editor:

This letter is directed to Joan Ifver-son, the parent of a Northville High School student who in last week's paper objected to the East Street speed bumps.

I am one of the residents that went to City Council meetings to plead for those speed bumps that Mrs. Ifver-son refers to as "traffic hazards." I live on the corner of Walnut and East and have observed what goes on before, during and after school. Last spring we had to have one of our cars declared a total loss because of the careless driving of one of the students. There have been two instances, on police record, where students have been traveling eastbound on Baseline (behind the high school) at such a high rate of speed that they were unable to negotiate the curve onto East Street and ended up in the wooded lot at the

end of Baseline. I ask you, Mrs. Ifver-son, how would you or your son or daughter feel if a child (my seven year old son?) had been playing in that field? Could you live with that? Isn't it worth just a little inconvenience? Our driveway is on East Street and we drive over the bumps many times every day. I think it is worth it.

As for Mrs. Ifver-son's concern about her car sliding back down the street when she slows for the speed bumps in icy weather, East Street is one of the very first streets to be plowed, and it can still be plowed even with the bumps. If any student or parent is still concerned, one could always use the high school access drive that enters onto Center Street, it has speed bumps, but it has a more gentle slope.

Mrs. Patricia Meyers

Jack Kirksey urges hospital safety steps

The state should do everything within its power to create the safest possible security system at Northville State Hospital, State Representative Jack Kirksey (R-Livonia, Northville) said following a recent meeting of the security advisory committee at the hospital.

"We should be able to say to the community that although a foolproof system is perhaps impossible, we have done everything physically possible to create the safest mental hospital in the state," Kirksey said.

"It has to be a system that protects both the community and the patients. Unauthorized visitors have been known to try to enter the hospital and harm the patients."

Kirksey said that a three-sided fence around the hospital grounds would only "temper" the problem.

"A fence doesn't stop escapes from the Detroit House of Corrections, it only reduces the number and slows them down," Kirksey said. "A fence around the hospital must have electronic sensors because there are not now, nor will there ever be, enough guards to watch all areas on the grounds constantly."

Kirksey said, however, he does support the concept of a three-sided fence as one step toward effective security and will work with Senator Robert Geake on securing appropriations.

"But we must also recognize the need to re-key all the hospital locks since many of the present keys have been found in the hands of the patients," Kirksey added.

"The outside lighting is inadequate and must be improved. Training of the security staff in the past has been practically nonexistent, although I expect it to improve shortly."

"The trees and undergrowth on the hospital grounds are so thick that surveillance by

the guards is next to impossible."

Kirksey said he would support a program to enable those on probation for misdemeanors or capable patients to environmentally thin the forest around the hospital.

"I think all these steps must be taken to make the hospital safe for the patients and to protect the community," Kirksey said. "One step alone is not enough."

GOOD TIME FOR WINE
by Jim Roth

The best way to store wine? Standing it straight up. This prevents air from entering and ruining the wine, while keeping the cork moist enough so that it will not crumble or shrink. The popular way of storing wine, diagonally, prevents the sediment at the bottom of older red wines from churning when the bottle is tipped upright to open. If limited space prevents storing wine standing straight up, the next best way is to lie it down horizontally.

You'll find most popular wines, as well as some of the lesser known varieties, available from us at **GOOD TIME PARTY STORE**, 567 Seven Mile Road, 349-1477. Come in and talk over your purchases with us. We'll help you select a bottle to go with your dinner party or as a special gift for your hostess. Open: 9 a.m.-10 p.m. Mon. thru Sat, Noon-6 p.m. Sun.

WINE WISDOM:
The small metal wine-tasting cap the sommelier (wine steward) wears around his neck is called a tastevin.

PLAY MICHIGAN'S DAILY LOTTERY

Ed Lindsey hopes to hit 'bingo' with his invention

Jack's Column

Continued from 12-A

Gun rests are for target shooters who go in for super fine shooting and for hunters who want to zero in their scopes and sights.

Lindsey's a gun buff, frequently going to the range to shoot skeet or target practice. He wanted a gun rest, but \$50 seemed like an awful lot of money. He began to think of ways to make a cheaper one.

General Motors' X cars were being delivered with their bumpers protected by styrofoam blocks. Lindsey took a block home and began tinkering.

"I couldn't cut the stuff and when I tried burning a shape into it, the stuff crystallized and it would mar the stock of a good gun."

Finally, with the aid of his wife, he looked up a manufacturer who agreed to die-cut his styrofoam rest. It was perfect.

Lindsey pumped all his spare money into the project. Production was costly and so, too, was packaging. Boxes, labels and the rests arrived at his house separately. The boxes had to be assembled.

"It's been hectic," he says, "but I've

really enjoyed it."

Bingo Gun Rest is not his first invention, nor will it be his last. He's already working on a work bench rest and a fishing lure.

Recalling his first invention, the father of three children laughs and says, "It ended with dog teeth in my arm."

The family's pet German Shepherd would occasionally shed its hair all over the place. Lindsey figured the best thing to do would be to comb out all the loose hair.

He rigged up a contraption, utilizing a power driven speedometer cable. He made "paddles" which he attached to the cable.

"I ran the thing over the dog's back and it worked beautifully."

"But," he added, "when I started down the dog's side where the skin is loose, it started wrapping the folds of skin around the cable. By the time I yanked the plug, the poor dog has its teeth buried in my arm."

Lindsey junked the invention. "I figured I'd have more lawsuits than income and I couldn't risk any more teeth marks."

For deaf/blind

ISEP hopes for play grant

"For a blind/deaf person the idea of running outside and playing on the swings is an impossibility. They have no space-time concept. To run is an inconceivable skill," said Leonard Resmierski, director of the Institutions' Special Education Program (ISEP).

But if the Northville school district gets a new federal grant, deaf/blind children and youth may have a chance to play on the swings after all.

ISEP is trying to get a \$52,000 proposal approved for an "Outdoor Leisure Recreation Program for Deaf/Blind

Children and Youth." The proposal has made the top ten cutoff of all the programs submitted nationwide, the district was notified recently. But only about five of the ten projects will be selected so district administrators have their fingers crossed for the final

notification in October.

"We would take, for example, a jungle gym and put adaptive equipment on it so blind/deaf children could use it," Resmierski told the Northville Board of Education October 24. "You can't buy already-adapted equipment anywhere at the present time."

If the district gets the grant the adapted playground equipment would be placed behind the Main Street Elementary school board offices. Initially the area would be fenced off while the project is in the experimental stages for the federal study. Eventually the equipment would be available for all students' use, Resmierski said.

Michigan Bell has already donated a running cable on part of the ISEP playground so that blind/deaf children can run, without getting hurt by holding onto the cable.

The new proposal was written by Alan Katsimpalis, adapted physical education teacher at the Annex and Beth Flack, Annex building administrator.

The proposal was based on the "non-existence of reputable programs for leisure education for deaf/blind and multiply impaired individuals," a memo by Glack and Katsimpalis said.

One feature of their proposed study is to incorporate the special equipment onto a regular playground, as possibly a model concept for all future playgrounds.

cular saw, a portable radio, a valuable briefcase, two calculators and a valuable picture book were among the items taken, police said.

Entry was apparently gained through a rear garage window, police said.

City police reported a Hummel plate worth some \$225 was taken from Sandies Hallmark Shoppe, 124 East Main September 25.

A clerk working at the store told police she was in the store all day except for a few minutes when she went out to move her car.

A woman was the only customer in the store, and the plateone when she returned, the clerk said.

She described the woman as a white female about five feet tall and about 55 years old.

Woman blacks out at wheel

Continued from 11-A

have blacked out temporarily, losing control of the vehicle.

A 16-year-old Northville girl and a Whitmore Lake woman suffered minor injuries September 28 in an auto crash at Seven Mile and Silver Springs, township police reported.

The Northville girl was attempting to make a left turn from eastbound Seven Mile onto Silver Springs, when her car collided with a westbound vehicle driven by Theresa Steele, police said.

The driver of the westbound vehicle said she tried to avoid the accident but could not.

No citations were issued. Police are investigating the accident.

A Six Mile residence was broken into September 27 sometime between 7:30 a.m. and 5:30 p.m., township police reported.

The home was apparently entered through a rear bedroom window which had been broken, police said.

According to police reports, three bedrooms were entered and the front and rear doors of the home were found open.

It is not yet known if anything was taken from the home.

Some \$600 worth of power tools and other items were taken from the garage of an East Street residence September 26 between the hours of 9 a.m. and 8:10 p.m., city police reported.

City accepts DPW low bid

R. B. Schuchard Building Company has been awarded an \$18,830 contract to erect a storage pole barn on the city's department of public works property.

Schuchard was the lowest of three bidders on the project, recommended by DPW Superinten-

dent Ted Mapes. The other bidders and their bids were: J. & J. Pole Company, \$21,400, and Wickes Building, \$19,524.

The Northville City Council also accepted the low bid of Overhead Door Company, at \$3,840, to install the doors on the pole barn. Other bidders on

the doors were: Barcol Overdoors, \$4,900, and Crawford Door Sales of Ypsilanti, Inc., \$4,016.

The pole barn, a free standing building, is to be used to store city DPW equipment which presently is parked outdoors in all kinds of weather.

Search for bikeways

Continued from 13-A

short range goal, he said.

Once recommendations have been developed, they will be taken to affected governmental agencies. "We will be seeking governmental-community support for the project."

Calling Sunday's tour the kickoff of "Project Bikeways," Boor invited persons interested to meet at the well at 11 a.m. Persons having questions about the project or the tour may call him at 349-2710.

Kennedy job: 'Like working for own family'

By JEAN DAY

Imagine the fun you could have shopping if the name of your charge card read "Ethel Kennedy."

Lora Sepp of Northville and a sorority sister from Michigan State University know. They purchased birthday presents for Mrs. Kennedy's children with her charge plate during an exhilarating summer experience.

"It was like working for our own family," recalls Ms. Sepp of her unforgettable summer of '79 at Cape Cod.

Just before returning to Michigan State to begin her senior year as a communications major with emphasis on business, Lora Sepp and her Chi Omega sorority sister Sheryl Jurva closed Mrs. Robert Kennedy's house in the famous "Kennedy compound" after a birthday bash for Courtney and Kerry Kennedy.

The girls were left to straighten up, have the rugs taken out and the house closed for the season following the big party.

Earlier they had picked up some of Mrs. Kennedy's 11 youngsters as they arrived for the weekend, purchased and wrapped presents and then helped with the drinks.

"Senator (Edward) Kennedy attended and helped with the cake. The Shivers were there. They had a singer and the first man to climb Mount Everest," Ms. Sepp recounts.

When the girls left the compound after the first week in September, Ms. Sepp says, all the Kennedy family had left except the mother of the clan, Rose Kennedy. One of the disappointments, she admits, was that they did not get to see Jackie Kennedy Onassis.

They did take pictures of her gray, gabled rambling house in the compound. Ethel Kennedy's hip-roof house was painted white. This is where they lived during the closing days.

The job actually evolved, Lora reveals, after the girls met Mrs. Kennedy when they went to Cape Cod to clean houses for the summer.

It was Lora's second summer in the Nantucket Sound resort area.

"Last summer," she explains, "a group of five of us from Chi Omega went to Falmouth and rented a duplex. We waitressed last summer."

"This summer I began cleaning houses and hosted. You might say our work at Mrs. Kennedy's was 'liaison'. We did whatever was needed, moving to the compound at the end."

A 1976 honors graduate of Northville High School, Ms. Sepp is the

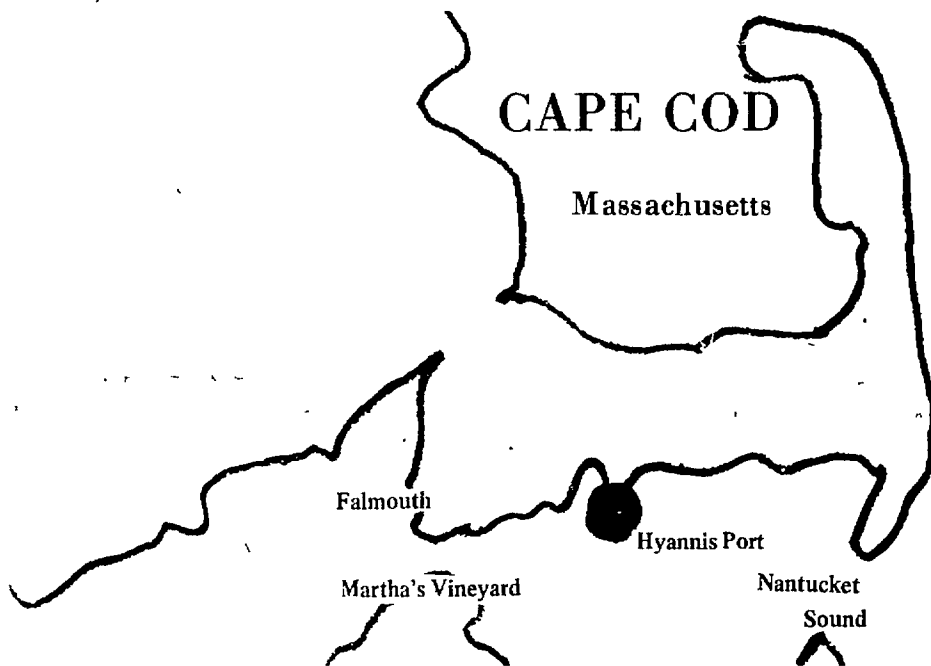

daughter of Mr. and Mrs. Edward Sepp of 46108 East Fonner Court.

Last summer's experience may not have been as remunerative as those of some of Lora's fellow MSU students, but it is hard to beat for excitement.

Asked about the pay, the 21-year-old tall blond admits that working for Mrs. Kennedy at \$3.50 an hour wasn't accumulating a fortune, but she quickly adds that they worked as many as 82 hours a week "just doing what you would in a family." And the memories are priceless.

Susan Heckler to wed Gregory Boll in June

On the fringe of autumn, the engagement of Susan Ann Heckler to Gregory Martin Boll is announced by her parents, Mr. and Mrs. Theodore John Heckler of 18410 Fermanagh Court.

He is the son of Mr. and Mrs. V. V. Boll of 18262 Arselot.

The bride-to-be and her fiancé are 1974 graduates of Northville High School and 1978 graduates of Hillsdale College.

At Hillsdale she affiliated with Chi Omega sorority and he with Alpha Tau Omega fraternity.

The bride-elect currently is employed in the Walled Lake School District while her fiancé is enrolled in the Master of Business Administration program at University of Michigan.

A June, 1980, wedding is being planned.

Food lures couples to Montreal

By JEAN DAY

Dining on fillet of beef marinated in mustard sauce and chocolate mousse with cognac was part of the reward of a trip to Montreal September 21-23 for couples in a Northville gourmet group.

For five years the William Maguires, George Berquists, Robert DeHoff's, Edward Meyers, Earl Edens and David Polings have been getting together on alternate months during the fall and winter to prepare and enjoy culinary delights. Countries, such as Hawaii and Sweden, regions, such as the southern United States and California, and ethnic backgrounds, including Jewish, have provided dinner themes.

The David Polings, who recently moved to Bethel, Connecticut, met other members of the group who flew to Montreal from Windsor September 21. They headquartered at the Bonaventure Hotel while exploring Old Montreal, Olympic Village, Notre Dame of Montreal and Mary Queen of the World Cathedral that is a quarter-scale copy of St. Peter's. Touring Old Montreal they happened on a Benji movie being made with Omar Sharif and Jane Seymour.

Seeking out the French restaurants, of course, was the trip highlight. In Old Montreal they sampled beef and fish dishes at Les Siles du Roy (meaning "candlelight meal") and enjoyed the beef and mousse at Le Colibri ("The Hummingbird") where they were seated at tables with checked cloths in an old-world atmosphere. They also recommend the Swiss Sunday brunch at the Queen Elizabeth Hotel. "Kirsch cakes and the Black Forest toret were exceptional," enthuses Pat Eden.

The group previously tried Toronto's restaurants. Next trip on the agenda will be to Harbor Springs.

Her button went to the Vatican

When former Northville resident Mary Meaker, a button collector for many years, read that Pope John Paul II had had his office in St. Mary's Church in Krakow, Poland, she thought

of her "Trumpter of Krakow" button.

"How many times do you wonder about your buttons, how they came into being and who wore them," wrote Mrs. Meaker in an article in the Indiana Button Society bulletin, explaining how she decided to send her button to Pope John Paul.

The M. F. Meakers moved to Noblesville, Indiana, to be near their daughter when he retired as a teacher from the Northville schools. They formerly lived on West Seven Mile. Mrs. Meaker, a Methodist, went to the local Catholic priest in Noblesville to learn how to send her gift. This was done in October, 1978. In May of this year came thanks, appreciation and good wishes from the Vatican. Then came an autographed picture of Pope John Paul. Mrs. Meaker, in a letter to her friend Louese Cansfield, says the portrait "now hangs on our living room wall."

She adds that it gives satisfaction to think "there's no limit to the many ways our buttons can give happiness."

Can a belt or pin pull it together?

Northville Jaycettes are offering all interested women of the community from 18 to 35 years old an opportunity for a free fashion update.

Terry Massey, a free lance fashion coordinator will be the speaker at a fall membership meeting at 7:30 p.m. Tuesday at Northville township hall. She will tell Jaycettes and guests how to make last season's fashions current.

"Wear an outfit you have a question about. Anything from sports to evening," invites Pat Orr, who is in charge of the evening, "and learn how to bring it up to date with accessories and changes." She adds that it is not necessary to have a husband in the Jaycees — or even to be married — to join the Jaycettes.

"As much as I love my son, I need adult interaction and company. The Jaycettes offer a terrific opportunity for self improvement," she states, explaining why she became a Jaycette. She may be called at 349-9184 about the civic organization.

Kim Zabell, Shari Wilson set dates

Mr. and Mrs. Warren Zabell of 21500 Holmbury announce the engagement of their daughter, Kim Marie, to Stewart McLeay.

He is the son of Mrs. Elizabeth McLeay of Dearborn and the late Robert McLeay.

The bride-elect is a 1977 graduate of Northville High School and now is a student in social work at Eastern Michigan University.

Her fiancé, a 1975 graduate of Edsel Ford High School, is employed at Steel-Fab, Incorporated, in Dearborn.

A June 14 wedding is being planned.

Mrs. Dorothy Wilson of Frederick, Maryland, a former resident of the Northville and Plymouth area, announces the engagement of her daughter, Shari Dee, to Michael Norman Anderson.

He is the son of Mr. and Mrs. Norman Anderson of Clinton, Minnesota.

The bride-to-be also is the daughter of the late Ernest "Bud" Wilson. She attended Northville High School and is a

recent graduate of the American School of Chicago.

Her fiancé was graduated from Clin-

ton High School in 1974 and from the Willmar Area Vocational Technical Institute in Minnesota in 1976. He was

graduated as a carpenter.

A December 8 wedding is planned in Plymouth.

KIM ZABELL, STEWART McLEAY

Winners named

Tivoli Fair's success

Crowds lined up at the entrance to Northville Downs a half hour before the Friday morning opening of the two-day Tivoli Fair September 21-22.

Everything from baked goods to painted crafts and flowers was sold at some 94 booths at the annual event sponsored by Northville Historical Society.

A highlight of the end of the fair was the awarding of prizes to lucky winners of 27 donations.

Barb McLaughlin was the winner of the tennis package which included a year's membership to Western Racquet Club, a tennis racquet and stringing from Racquet Connection and tennis bag and wine from Good Time Party Store.

Theda Lyke won the storm door and installation from Weskonson Company.

Other winners and their prizes were:

D. Joels, men's Bulova watch, Northville Watch and Clock Shop;

David Danes, stained glass planter, Tiffany Art Glass;

Verna Wall, original painting by Lynne Paquette;

Ruth Angell, two lithographs, McAllister's House of Decorating;

Mrs. K. H. Babbitt, oil lamp, The House, Incorporated;

David Danes, dinner for two, Jolly Miller;

D. A. Willoughby, crystal harness racer, Northville Downs;

R. Anderson, five music lessons, The Gift-fiddler;

Jane Pettit, 15-pound turkey, Andy's Meat Hut;

Nancy Joslin, wooden candle lamp, Green's Creative Home Center;

Leslie Tolcher, tickets

to Schoolcraft dinner theatre;

Leslie Tolcher, dried flower arrangement, IV Seasons Flowers;

Elmer Schubert, gift certificate, Freydl's;

William Stockhausen, antique spool towel rack, Stone's Unfinished Furniture;

R. Couse, tickets to "Brigadoon," Marquis Theatre;

J. Luckett, hair cut, Fashion Cellar;

A. Bauser, brunch for two, Mayflower Meeting House;

D. Bingham, potpourri, Long's Fancy Bath Boutique;

D. A. Willoughby, gift certificate, Northville Camera;

Irene Kaluzny, bird feeder and 25 pounds of seed, Ely True Value;

L. M. Siebert, B.

Bouquet holds meaning

Terry Lapham married Saturday

The cascading bouquet carried by Terry Lynn Lapham last Saturday for her marriage to John Patrick Bueter symbolized four generations of family brides.

The bride's mother, Mrs. Charles Ponsford Lapham, had made the lace flowers and beige silk leaves from pieces of her own wedding gown, the gowns of her mother and her husband's mother and from the wedding dress of Terry's great-grandmother Ponsford.

Beige phalenopsis orchids and brown baker fern together with fresh stephanotis and ivy completed the original bouquet.

The bridegroom is the son of Mrs. Catherine Bueter of Elkhart, Indiana, and W. L. Bueter of Pleasant Lake, Michigan.

Officiating at the candlelight service at 6:30 p.m. in First Presbyterian Church were the pastor, the Reverend

Lloyd Brasure, and Father Gerard Hadad, former priest at Our Lady of Victory Church, now of Melvindale.

The church was decorated with arrangements of ivy and ivory lilies of silk.

The bridegroom's brother, Michael Bueter, played the guitar and sang "The Lord's Prayer" and "The Wedding Song."

As she was given in marriage by her father, the bride wore a Piccione designer gown of imported ivory organza and re-embroidered alencon lace. Tiny beaded medallions were sprinkled on the sheer, cap sleeve yoke. The fitted bodice featured a lace-trimmed natural waistline. The A-line skirt extended into a semi-cathedral train. At the hemline was a crystal-pleated ruffle.

Her ivory silk illusion veil was fingertip length and was trimmed with alencon lace and pearls

The bride carried a handkerchief from the Lapham family and her maternal great-grandmother's Bible.

Vicki Ashby came from California to be maid of honor.

Bridesmaids were Leslee Graham, cousin of the bride, and Lisa Willis, both from Florida, Becky Terpevitch, Cindy McNight and Mimi McDonald.

They wore long gowns of Qiana in a coppersone fall hue fashioned with matching chiffon capelets and carried coppersone silk lilies and ivory lace flowers.

Brian Bair of Elkhart was best man. Ushers were Scott Lapham and Gregg Graham, brother and cousin of the bride, Charles, Michael and Andrew Bueter, brothers of the bridegroom. David McDonald of Milford was ring bearer.

A recreation for 250 guests followed at Meadowbrook Country Club with

special guests including the bridegroom's grandmother, Mrs. H. M. Legee of Elkhart, the bride's grandparents, Mr. and Mrs. Jack Taylor of Tawas and Mr. and Mrs. John Clark of Mahanomen, Minnesota. Others attended from Indiana, California, Florida, Ohio, Indiana and Michigan cities.

The bride was graduated from Northville High School and attended Schoolcraft College and John Wesley College of Owosso. She is employed at Silveus and Broadway Oil Company of Warsaw, Indiana.

Her husband is an alumnus of Central High School. He attended Hope College in Holland, Michigan, and Indiana University of South Bend. He is employed by Willie's Construction Company of Indiana. After a wedding trip to southern Florida, the newlyweds will be living in the new home built for them in Winona Hills, Indiana.

MRS. JOHN PATRICK BUETER

MR. AND MRS. KEVIN ALDER

MR. AND MRS. GREGORY KEMP

Dawn Howard wears mother's bridal gown

"How Do I Love Thee" by Elizabeth Barrett Browning, one of literature's most famous love poems, was read at the marriage of Dawn Michelle Howard and Kevin John Alder by her grandfather, Glen Gillow.

Sentiment played a large part in the 1 p.m. late summer nuptial mass at Saint Paul's Cross of the Monastery in Detroit.

The bride, the daughter of Mr. and Mrs. Joseph B. Howard of 1024 North Center, wore the wedding gown her mother had worn 22 years earlier.

The bridegroom is the son of Mr. and Mrs. Irvin J. Alder of Pontiac.

The bridegroom's cousin, Father Ronald Alder of St. James parish in Ferndale, officiated at the double ring service for which Gregg Zyjewski was organist. He also sang the "Lord's Prayer" which was sung at the wedding of the bride's parents.

Ronald Miller, best man, read a Bible verse to the bride and bridegroom.

Julia Howard was her sister's maid of honor. Cindy Carter of Novi, Christa Fichtenberg of Detroit and Linda and Christine Alder, sisters of the bridegroom, were bridesmaids in long, yellow Qiana dresses with draped necklines and pleated skirts. They wore

natural straw hats and carried fireside baskets with daisies tied with yellow streamers.

Ushers were James Purdue, Dan Alder, Michael Kneffel and Mahmoud Foroughi from Iran.

The bride continued the tradition of wearing a pearl necklace that had been given to her mother by Dawn's grandmother, Gloria Gillow.

The wedding gown was an original William Cahill design of French silk and chantilly lace fashioned with short sleeves and square neckline. The hooped skirt extended into a train. A pearl tiara held the bride's veil, and she carried white silk daisies, statice and baby's-breath arranged with iridescent leaves.

A champagne reception for 130 followed at Farmington Community Center. The cake was a replica of the one at the wedding reception of the bride's parents.

After a trip to London, Ontario, the newlyweds are living in Daniel Heights, married housing facility at Michigan Technological University in Houghton. They had met on campus where the bride is a business and communication major. She is a 1977 graduate of Novi High School.

Her husband is majoring in mechanical engineering. He is a 1976 graduate of Redford Union High School

Lisa Gallinat speaks vows in ceremony

Lisa Mary Gallinat of Northville and Gregory Robert Kemp of Livonia exchanged wedding vows and rings August 31 in an evening double-ring ceremony before Father Alex Brunett at St. Aidan Catholic Church in Livonia.

The new Mrs. Kemp is the daughter of Mr. and Mrs. Russell Gallinat of Livonia. The bridegroom is the son of Mr. and Mrs. Robert Kemp, also of Livonia.

Shades of peach and beige used in gowns and flowers marked the ceremony that featured the wedding couple lighting a unity candle while Dave Walker played the guitar and sang "Wedding Song."

As she was escorted to the altar by her father, the bride wore a white organza gown fashioned with a V-neckline and chapel train. A full ruffle edged the long gown outlined with daisy appliques. The same trim highlighted the mandarin collar and wide cuffs securing sheer full sleeves. Her veil, also outlined with the tiny flower appliques, fell from a lace Juliet cap.

Silk roses and carnations in a cascade arrangement was tied with ribbons streamers.

Julie Getkin, a Northville friend of the bride, attended as maid of honor. Lauren Kemp, sister of the bridegroom, Barbara Dickman and Kathy Kosko were bridesmaids. All were identically

gowned in peach floral chiffon dresses with long accordinian pleated skirts. The blouson-style bodice was highlighted with a ruffle cape overlay. Peach garden hats banded in floral lace trim identical to that on the bridal dress completed the outfits. All carried colonial bouquets of white carnations and peach colored blossoms tied with peach ribbons.

The bridegroom, wearing a white cut-away tuxedo with tails and ruffled shirt, chose Matthew Gallo of Walled Lake to be his best man. A brother, Jeff Kemp, the bride's brother, Steve Gallinat, and Jeff Albrite served as groomsmen. All were attired in beige tuxedos with peach ruffled shirts.

A reception at the Carl Stitt Post, Dearborn Heights, was attended by 200 guests, including out-of-towners from Massachusetts, northern Michigan and Canada. Special guests were the bride's aunt Mrs. Marilyn DelValle and cousin David Reis from California.

The couple, who had met through introductions by their honor attendants, are graduates of Livonia Stevenson High School. The new Mrs. Kemp is an advertising representative for The Walled Lake-Nowi News. He is employed as a draftsman for Guardian Industries, Novi.

They are making their home in Northville.

Andrew Murany arrives

Andrew Christopher is the new addition at the Tucson, Arizona, home of George and Kathy Murany. He weighed six pounds, fourteen ounces on birth September 23. He joins a little brother Patrick

Joseph, 2, at home. Grandparents are George and Jan Murany of Northville and Dom and Marge Fontana of Green Valley, Arizona. Paternal great-grandmother is Mrs. Vesta Adams of Green Valley.

AAUW auction adds 'Do-It' service

This year local American Association of University Women members have added a new category to their "Make-It, Bake-It, Grow-It, Sew-It" auction. They also will "Do-It" as a new service donation.

The popular annual event will be at 7:30 p.m. Tuesday at Cooke Junior High in Northville.

President Kathy Crossman reports that among the "Do-It" services will be labor to make a pair of draperies. Member-seanstress Jan Wilhelm has volunteered this talent. Homemade bread to order is another offering.

There also will be priced baked

goods, plants and recent paperbacks. Jay Ward and Shari Clason will be auctioneers for the evening.

Items for which they'll be seeking bids include 15 counted cross-stitch pictures, a hand painted vase donated by Louva Waterman, china painter and former member. A large dried flower arrangement has been donated by IV Seasons Flowers.

Greenfield Village pewterer John Groot is giving two handcrafted pewter candlesticks.

Arlene Frayne, Karen Olsen and Sherry Duff are in charge of the project. Interested guests are welcome.

To Town Hall

Phil Donahue's coming later

Phil Donahue, who was to open the new season for Northville Town Hall Monday, will appear here later in the year, Chairman Carolyn DiComo stated Monday.

The celebrity speaker had to cancel his scheduled appearance as his son was in an automobile accident in Chicago September 28 and

still was in a coma when the Northville Town Hall chairman was notified.

"We definitely will reschedule as soon as he is able and we can find a date at the Plymouth Hilton Inn," Mrs. DiComo said, adding that the sellout audience has been "just super" in understanding the situation.

"Now is the time for all good neighbors to come to the aid of their community."

Get involved

Lend a hand to the disabled Mom across the street. Help a blind senior citizen learn to use the local mass transit system. Find the hard-to-place youngster a new home in the neighborhood. Get help for the child abuser down the block. And counseling for the alcoholic co-worker.

How?

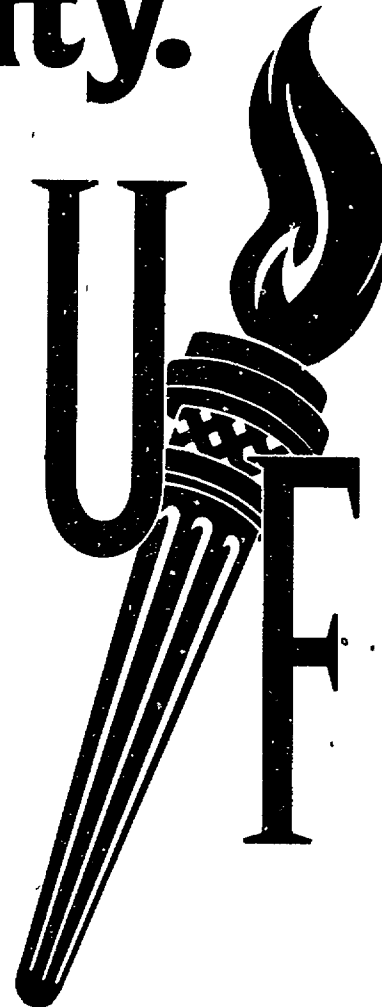

By giving and giving generously to the 1979 United Foundation Torch Drive that's

Every year you've done your part by contributing to Torch Drive-supported agencies like the Homemaker Service of Metropolitan Detroit, Greater Detroit Society for the Blind, Homes for Black Children, Family and Neighborhood Services of Wayne County, Alcoholism Treatment Center, St. Joseph Hospital in Mt. Clemens. Plus 132 other community and health agencies that provide people you know with the assistance they need. And this year they need your support as much as ever.

So when your neighborhood Torch Drive volunteer calls, show how much you care.

After all, they're your neighbors. And it's your community. So if you don't give, who will?

People who need... need people who care.

This message was made possible by a contribution from
FORD MOTOR COMPANY FUND

"Torch Drive contributions are not used to pay for this ad. The cost is paid for by the sponsoring company, in addition to its generous Torch Drive gift."

Auto-Owners has 2 car insurance rates for young marrieds:

Better.
And better.

If you're a young married couple, chances are Auto Owners can save you money on car insurance. Because unlike some other companies, Auto Owners doesn't make you wait until you're 25 years old to get good rates. You can get Auto Owners preferred married rate on car insurance at 23. And that can save you money.

Plus, if you're married and under 23, Auto Owners also has a reduced rate for you.

Cheer out our lower rates and you'll probably discover that you and Auto Owners should get together. And that could turn out to be the perfect marriage.

Sesquicentennial year

Home tour visitors last Saturday viewed displays covering the history of First Presbyterian Church in Northville as part of the church celebration of 150 years since its founding in 1829. The spire of the church is in the background in this view of the Mill Race Village where buildings also were open on tour. New

School Church, center, for a time was worship place for a group of Presbyterians. Official celebration will be November 18 with an all-congregation dinner, the Reverend Lloyd Brasure announces. Photo by Jane Hale.

Party's for Steve Arquette

Former eighth grade classmates of Steve Arquette hosted a Sunday outing at Farrell's Ice Cream Parlor for him in September.

He was presented with a rosary "to remind him he's in our prayers," organizers reported. About 14 attended the party planned by Theresa Kawel and Carolyn McDermott.

Club focuses on barns

"Barns" will be the topic of the competition at the meeting of Northville Camera Club at 7:30 p.m. October 10 in the Our Lady of Victory administration building. James and Marion Ochs will be hosts.

Matrons reelect president

Marion Dunaitis was reelected president of Orient Chapter, Order of Eastern Star, Past Matrons' Club at the annual meeting at the home of Enid Penn.

Other new officers for the coming year are Millie Peltto, vice-president; Betty Wedemeyer, secretary; Frances Famuliner, treasurer.

Chairmen appointed were Lena Bogart, cards; Mrs. Famuliner, dinners; and Hazel Boyden, publicity.

May Babbitt will be hostess for the next meeting at 12:30 p.m. October 17.

Tivoli Fair's success

'Year of Prayer' begins at OLV

A Year of Prayer at Our Lady of Victory Church officially will begin at the 12:30 p.m. Mass this Sunday when Bishop Thomas J. Gumbleton, regional bishop of the Archdiocese of Detroit, will be the main celebrant.

The Reverend John F. O'Callaghan and the Reverend Ronald D. Thurner, church co-pastors, explain that during the Year of Prayer the parish "will be thanking God for His abundant blessings, praying for each others' needs and asking for His healing."

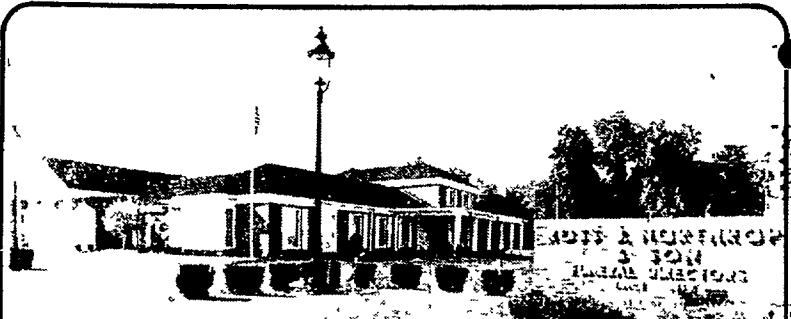

"Together we will seek divine guidance for Our Lady of Victory parish community," they state.

All members are invited to attend the mass Sunday and to meet the bishop. A list of spiritual activities available

in the area is being compiled for the parish by the church committee composed of the co-pastors; Sister Peter Damian, S.H.C.J., pastoral ministry; Sister Christine Greika, S.S.J., Liturgy-Music; and Sister Helen Williams, I.H.M., and Mrs. Jeanne Fakler, religious education coordinators.

Our Lady of Victory annual parish mission began Saturday and will continue through Friday. During the mission, the pastors are asking members to consider prayerfully the meaning of their faith and its place in their lives individually and as a family.

Evening services are being held at 7:30 p.m. through Thursday. Morning mission masses are at 10:30 a.m. through Friday. Private confessions are scheduled after each session.

Area Newsbeat

BRIGHTON — Opening the door wide for Meijer Thrifty Acres, the Brighton City Council surprisingly rezoned the Bowen property off Grand River to accommodate the development.

PINCKNEY — A week after hearing local residents complain that the festival has become too big, the Putnam Township Board voted 4-1 to pop the balloon festival's bubble. "None of the township board was against the balloon festival," said Supervisor Bruce Chapman. "It was a nice event when it started and it was just local. It grew too fast." Last year it attracted 20,000 people, resulting in an abundance of traffic, drinking and trespassing problems, officials reported.

BRIGHTON — Only one Livingston County school district — Hartland — appears to have as many students as officials predicted when they prepared budgets this year. The result is that Howell, Pinckney and Brighton districts may not have the revenues they expected.

HAMBURG — Supervisor James DeWolf and the township board have been named as defendants in a citizen's lawsuit claiming that they acted in violation of the state's opening meetings act by not allowing citizens an opportunity to speak before granting final approval for a subdivision proposal.

PINCKNEY — Joe Bennett, a high school linebacker, took a block in the abdomen. He felt some pain, but walked away from the drill. A few minutes later he doubled over. A few hours later he was on the operating table in Ann Arbor where doctors removed a kidney.

SOUTH LYON — The good news is that there is no shortage of fuel to heat your home here this winter — fuel oil, gas, and coal are in good to adequate supply. The bad news is that you may experience a cash fuel oil customers who will see as much as 100 percent increase in the price per gallon this winter compared to last.

SOUTH LYON — City council has approved a three-hour parking limit in downtown lots. It also is considering the possibility of specially assessing downtown merchants to pay to enlarge the Wells Street parking lot.

NOVI — Residents in the Novi School District will be paying a lower millage rate next year as a result of the implementation of the Headlee amendment. Assistant Superintendent William Barr told the school board that implementation of Headlee will result in a 1.08 mill rollback in the local tax rate.

WALLED LAKE — The Michigan State Boundary Commission will hold a public hearing November 29 in Commerce Township on the City of Walled Lake's request to annex portions of Commerce.

WALLED LAKE — Superintendent Don P. Sheldon's handling of recent contract negotiations with the Walled

Lake Education Association (WLEA) was defended by six members of the school board in response to a critical statement issued to the press by a seventh board member earlier.

WIXOM — Council Member Melvin Green has decided not to seek reelection, although he filed nominating petitions for the post in June and will be listed on the November ballot.

WALLED LAKE — The Walled Lake City Council is expected to enter into its first ever contract with the city manager this week.

NOVI — Members of Novi's Faith Community United Presbyterian Church now will be able to proceed with groundbreaking plans for their new church building. The city planning board has voted unanimously to grant preliminary site plan approval for the proposed church which is to be located on a 3.6 acre parcel on the north side of Ten Mile between Novi and Taft roads.

He will preside at convocation

Wayne E. Turton, Grand High Priest, Royal Arch Masons of Michigan, will preside at the 131st Grand Chapter Convocation which is to be held at Valley Plaza Convention Center in Midland on October 4, 5 & 6.

Residing with his wife and children in Farmington Hills, he is active in the Northville and Farmington Masonic Lodges, having served as high priest of Union Chapter No. 55, Royal Arch Masons in 1968 and now holds the offices of conductor of the council of Northville Council No. 30, Royal and Select Masters, Tyler of Crusader Council No. 142, allied masonic degrees and Seneschal of Prince Edwin York Rite College No. 8.

WAYNE E. TURTON

'Night Life' tour slated

Visit with "Nature's Night Life" during a 2½ hour program to be conducted at the Nature Center of Kensington Metropark near New

London on Tuesday, October 9 at 7 p.m.

Here's a chance to see and/or hear deer, raccoons, owls, and other

night animals and to learn more about their adaptations for night living. Naturalist Dave Moilanen, with the use of slides and a walk along the nature trails will introduce participants to "Nature's Night Life."

Advance registration is required and participants

should bring flashlights. Vehicle entry permits are required (Annual: regular — \$7, senior citizen — \$2 or Daily — \$2).

For information/registration, contact the Nature Center at Kensington Metropark — Phone 685-1561 (Milford).

When you wish upon a star . . .

By ELLEN SPONSELLER

We wish on them. We put them on our flag, on famous people's doors and on children's foreheads. Poets rave about them. We sing about them. But when was the last time you really looked at the stars?

Stargazing is fun and free, spiritually uplifting and intrinsically romantic. All you need is a field far from any city, where you can step through the wet grass, breathe in the cold night air and look into the sky as far as you can see.

"People sometimes neglect the sky even though it is part of nature," says Steve Horn, naturalist at Kensington Park. "Some people are afraid of astronomy because they think it is too technical. But you don't have to be an astronomer or a scientist to study the sky."

Horn gives free lectures in astronomy at Kensington Park. He takes groups on nature trails during the summer and autumn evenings and talks of myths and Indian legends of the sky. He points out constellations. Yes, that is the Big Dipper. Yes, that is the Andromeda galaxy. Yes, that is a satellite. No, that is not a UFO.

Both the Indians and the Europeans spent centuries trying to describe how the universe worked and how the stars got there, Horn explains.

Indians believed that the stars came to shine in the sky after the Sky Father gave the animals a bag of shiny stones to brighten up the night sky so the animals would not be afraid of the dark. The animals climbed each hill and placed the stones in pretty patterns into the sky, until the coyote became tired of carrying the load of stones and threw them into the sky at random.

The Europeans believed the sky was a solid object moving around Earth, the center of the universe. The sun and moon moved faster than stars across the sky, the early astronomers believed, because they were on wheels.

Actually, Horn says, astronomers describe the universe as filled with "islands" of stars called galaxies.

Earth and all the stars we see with the naked eye are in our galaxy, the Milky Way. Our galaxy is 100,000 light-years long and shaped like a spiral with a bulge in the center.

The white ribbon of stars covering the sky is what we see as we look through millions of stars toward the edge of our galaxy.

The Huron, Ottawa and Potawatomi Indians of Michigan all believed the Milky Way was the campfires of weary souls making their way across the sky to join the sky spirits.

In the October sky, the Big Dipper in the north is the easiest marker in the sky, Horn says.

Both the Greeks and Indians believed the constellation was a great bear, Ursa Major. The Greeks believed the dipper was the bear and the stars trailing out behind were the bear's tail, elongated as a result of Jupiter heaving the bear into the sky by the tail.

The Indians said the great bear had three hunters behind him who eternally chase the bear around the sky.

The Indian legend says that the first hunter once shot the bear and blood and fat spilled out over the earth, covering the leaves with red and yellow and staining the robin's breast. Each year, the legend says, the leaves still turn red and yellow in sympathy.

Though it is nice to have an expert pointing out the constellations, you can

Milky Way

It's Nashika-wawa-sun

Since ancient times astronomers have continually struggled to improve their knowledge of the universe. With powerful telescopes they ferret out secrets of the skies, but there are still many unsolved mysteries. Creation, for example. Black Holes. Pulsars. Quasars. Radio waves from space.

While still struggling with these problems, scientists have managed to decipher a few of the simpler mysteries of the universe. Here are some star facts in simple terms that might come in handy on your stargazing expeditions:

Twinkle twinkle, little star

Stars appear to twinkle when dense and dirty air on the earth's atmosphere causes light coming from great distances to waver as the light passes through. Planets, whose reflected light from the sun does not have to travel as far appear to give off a more constant light. A star that is lower on the horizon may appear to twinkle more because its light is moving through more of the earth's atmosphere before you see it.

If you really look you will see that stars have different colors. Cool red stars have a surface temperature of only 5,500 degrees Fahrenheit. The hottest stars which reach 50,000 degrees surface temperature shine blue. Capella, visible this month in the northeastern sky, shines orange. It has a surface temperature of approximately 10,000 degrees. A star's brightness is measured in magnitude. A star of the first magnitude is brighter than one of the second magnitude, and so on.

Catch a falling star

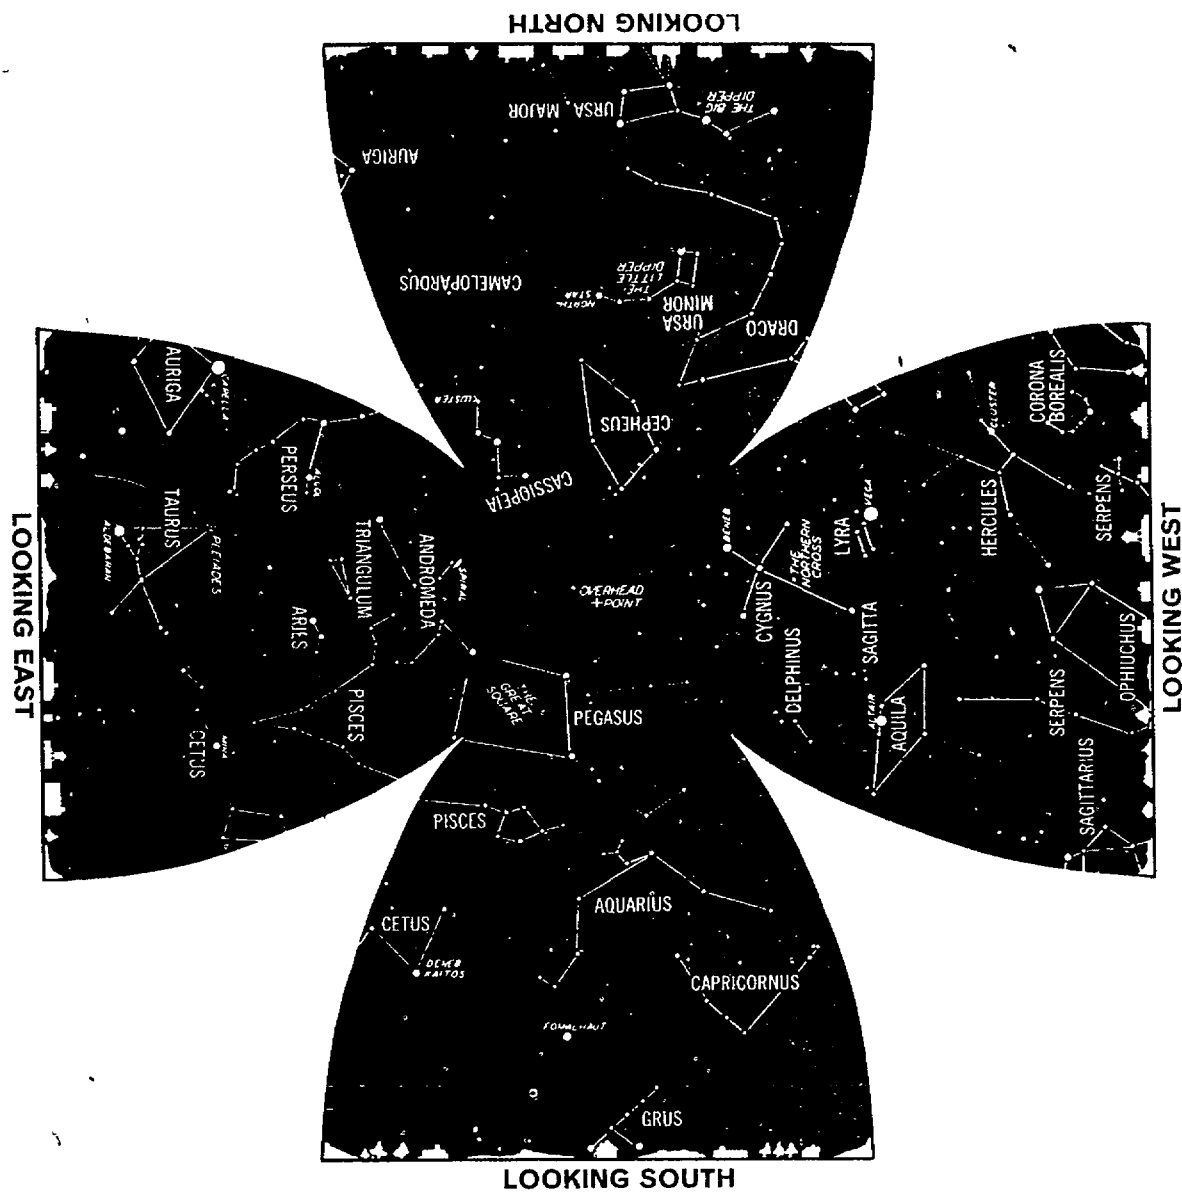

Many "falling stars" can be seen every hour if you are there to see them. Astronomers estimate that about seven are visible per hour. What you are really seeing are meteor showers as the earth passes through the dusty trail of a comet. Most of the time the meteoroid breaks up before it hits the earth. Early American settlers believed that a falling star meant a witch had died. In 1966 spectators in Denver, Colorado saw a spectacular 1,000 shooting stars in one minute as the earth passed through the Temple comet's path.

There are more than 1,000 satellites from several countries which are currently orbiting the earth. (No, you cannot from this distance tell which are friendly weather satellites and which are spy ships.)

Starlight, Starbright

The farthest thing you can see with the naked eye is the Andromeda Galaxy, 2.2 million light-years away. To put that in simpler terms, if you were on a spaceship traveling as fast as light it would take you 2.2 million years to arrive at our neighbor Andromeda. Light travels 186,380 miles per second or about 11 million miles a minute. The light you see on earth from the fuzzy blob which is Andromeda is 2.2 million years old.

Aurora Borealis or the northern lights are one of the most spectacular sky sights. Indians believed they were spirits dancing in colorful robes across the sky. Astronomers believe the northern lights are caused during periods of high solar activity when high-energy particles are electrified and emit a glow as they line up with the earth's magnetic field. The Ojibwa Indians of northern Michigan called it Nashik-a-wa-wa-sun, Lone Lighting.

Things are looking up

Yes, you can read a star map in the dark. By putting red cellophane across your flashlight you will be able to see both the stars and your map perfectly.

Read the simple star map at left by holding it in front of you according to which direction you are facing. For example, if you face south then you should hold the page up so it reads, "looking south." If you want to look at stars in the east hold the page in front of you so it reads, "looking east." You should be able to see most of the constellations depicted here without aid of binoculars or a telescope.

The map is most accurate October 3 at about 11 p.m., October 8 at 10:30 p.m. and October 16 at 10 p.m. Since this map was drawn for stargazers on the latitude of Philadelphia and Tokyo (the 40th parallel), Detroit viewers on the 42nd parallel will be able to see a few more stars in the northern horizon and may not be able to see some constellations on the southern horizon at all.

Where should you go stargazing? Unless you own a Caribbean island or live in the Australian outback, it is nearly impossible to find a completely dark site from which to observe the

Completing budget tops lawmakers agenda

By WARREN M. HOYT

The fall legislative agenda and how much of it becomes law will determine the effectiveness of the 1979 legislation session.

Completion of the 1979-80 budget tops the immediate agenda that appears to have few high priority items although some promise to be time consuming.

Besides the budget leftovers, some of the uncompleted tasks include consumer protections in obtaining essential insurance, requirement for sunset review of governmental programs, regulation of wetlands, resolution of the

future of Michigan's presidential primary and Wayne County reorganization.

The \$4.6 million general fund operating budget was mostly approved when the Legislature recessed in July, but a grants and transfers bill and capital outlay bills remain to be sent to the governor.

The Legislature will formally revive Governor William G. Milliken's line-item vetoes, the foremost being his veto of budget restrictions in the welfare budget on non-therapeutic abortions.

The governor's authority to take that

action was, early in September, upheld by the Court of Appeals and the issue is before the state Supreme Court.

One of the first items facing the Senate is getting the so-called essential insurance bill in a joint conference committee where differences between the House and Senate can be resolved.

The bill would prohibit insurance redlining and meet the Supreme Court objections to the no-fault automobile insurance act.

As approved by the Senate, the bill dealt only with auto insurance and eliminated the division of the state into separate rating territories. The House

added homeowners insurance coverage to the bill but said the state could be divided in no fewer than 20 rating territories.

Wetlands legislation is now in the House Conservation, Environment and Recreation Committee. It is one of the top priorities of both House Speaker Crim and the governor.

Crim has said he is ready to go "head to head" with the bill's chief opponent, Rep. Dominic Jacobetti (D-Negaunee). Jacobetti has in past sessions been able to bottle up similar legislation in his Appropriations Committee.

Also high on the priority list is conflict of interest legislation that has been getting sharp controversy from local officials. Related to the conflicts bill is another political reform bill — the sunset bill.

Legislators, however, may find themselves holding off on those issues to deal with bills relating to Wayne County reorganization.

Some type of decision will also have to be made this fall on the presidential primary. Senate Republicans have predicted the Senate would approve a House bill eliminating the primary.

However, the speaker has said he thinks the primary will continue in current state which means the National Democratic Committee will no longer consider results from the primary as a valid means of selecting delegates to the national convention.

Wayne County reorganization, another issue involving a standoff between the governor and the Legislature may soon come to a head.

The county reorganization is viewed as a long-term solution to its long-standing deficit problems.

Technicolor forests are heralding autumn

Sunny days, crisp evenings and forest lands turning technicolor proclaim the arrival of autumn in Michigan. It's the season of harvests and Halloween, summer memories and holiday plans.

The Michigan Travel Bureau's Calen-

dar of Travel Events shows October to be a month of festal activities and entertainment as bright and colorful as the landscape.

High on the list of popular fall activities are the Fall Color Cruises, out of

Charlevoix, aboard the motor ship Beaver Islander. The cruise meanders along the shoreline of Lake Charlevoix providing passengers with a breathtaking view of Mother Nature's seasonal spectacular. Cruises are scheduled for October 6-7, 13 and 20. Reservations are limited and should be made in advance through the Charlevoix Chamber of Commerce.

On shore, color tours are planned in Crystal Falls and Iron River, October 1-10, at Newaygo, October 1-21, at Cadillac, October 3-31, and at White Cloud, October 6-7 and 13-14. Area color tour maps are available, at local Chambers of Commerce to point you in the most colorful direction.

The perfect prelude to cold winter nights is the annual Red Flannel Festival at Cedar Springs, October 6. The Festival of the Forks at Albion is also set for October 6, and both events will feature parades, chicken barbecues and a variety of fun and games.

Octoberfest at Big Rapids, October 3-7 and Kalamazoo College, October 12-14 will be flavored with bratwurst and beer, and enlivened with music and dancing.

The Kalamazoo Nature Center brings back fall festival fun of early America, October 6-7, with the Fall Harvest and Crafts Festival. Horse drawn wagon rides, old-time harvest activities and pioneer crafts will highlight the weekend.

Parades, games, crafts, bargains and good things to eat will be in evidence throughout the state, throughout the month, as many communities celebrate the season. Bellaire holds their Autumn Festival October 12-13; a Fall Harvest Festival, Chippewa Nature Center, Midland, October 13-14 and at White Pine Village, Ludington, October 19-21; and, Squires Street Square, Rockford offers Harvest Festival weekends, October 6-7, 13-14, 20-21 and 27-28.

At Greenfield Village, Dearborn, the Autumn Harvest Weekend, October 5-7 spotlights pioneer crafts, antique farm machinery, folk music and dancing; and during the October Crafts Weekends at the Village, October 12-14, 19-21 and 26-28, village craftsmen and guest artisans will demonstrate their expertise in dollmaking, pottery, and 15

Poet's Corner

Phone Power

Alone,
Need I be drawn
As a draft from the cocoon
Of a blanketed dream
To the clarion insistence
Of a phone — it must
Be Important News
At 7 a.m.
Voices drift in the window —
Go to work....
"Another nice day."
Yet, day slips its robe
Of pleasant silk
About my altogether
As I run half-blind, two rooms
And hardly know
Which phone of two to uncradle,
Eyelids dropped to hold back day —
"Hello, hello —" I call
A bit extra loud, and
Hear a faint response
"Ain't this Connie?"
Fury at the rude
Destruction of a dream
Opens both eyes to better
Shout, not even "Sorry."
Just "Wrong number!"

F.A. Hasenau

Lady Friend

I know you never went away because you
wanted to.
You really did not need the time for searching
that you told all of your friends.
They knew you had taken that road too many
times
before.
Your heart was at peace but this was not your
belief...
your presence left a quiet memory unto those
who loved you.

If we had a box to fill with memories of you,
time could not give us enough...for you were
the mountain of peace to us...
the stream of happiness...
the joy of frolic and sunshine in our lives...

But there was an artist within you...
who needed freedom...
as a bird who had to take to flight...
out across every horizon...
and all of us wish you the fortune or wisdom
you search for...
because knowing you as we did, you will find it...
and live it.

Patricia Kotlarczyk

That First Year
or So

An infant kicks and then he sprawls;
He climbs a leg and then he falls.
And full of pep, he takes a step —
Lands in a heap and goes to sleep.

Then up and at 'em once again;
Seems like he reaches to obtain
A bottle at the table's edge
Or a well-filled dish
Down on the ledge.

With well-spilled food upon his bib
He'll head out to seek his crib,
There to settle in a doze
With baby dreams
In sweet repose.

Charles E. Hutton

My Man

The Duke is dead
Oh no he's not
Or have you ever not noticed
This world is full of dukes

I know a few myself
The kind of guys who strive
They strive for everything
But most to be men
And to be the best

A Duke loves earth and water
He cries as he laughs
He loves women — all of them
But he does not tolerate smallness
Especially in himself

Some dukes are kings
And a king needs a queen
Some need more than one
For a Duke — above all else —
Always needs love
And that makes him a man

Northern Splendor

I read Jack's piece awhile ago;
It made me yearn to tour
Up north again with autumn's glow
Near the waters of Detour.
And then to go on further
Through Hiawatha land —
Tahquamenon and Paradise
And there to take my stand
Midst nature's gorgeous color
Beyond words to portray
By the golden, falling waters
For a lifetime or a day.

Charles E. Hutton

Fall Flight

A hairstreak butterfly
Lights on
A pine cone acorn
Readying for a ballet
To spotlight leaves
Painted for Fall...
Mulched with those
Fallen; potato-chipped
To scuffle with feet
And waken
Departing birds.

F.A. Hasenau

David's Destruction

A steeple bell
Lying there like a body
Caught by fallen brick
And jack-strawed wood;
A woman's blue-cloth slipper
Companions the scene.
Is someone left there
To tell this story
Of David's anger
Venting his wrath
On Dominic?

F.A. Hasenau

Patricia Kotlarczyk

Seasons

We are as seasons
continually budding out.
Changing. Forming patterns
to the handwork of our
existence.
Beneath all the sun and
rain, reality forever forms the
continuance of our
"life patterns"...ever budding
forth for those who seek the secrets
within...being present...aware...and
waiting
for all life.

TRAVEL PLANS INC.

NORTHVILLE TRAVEL PLANS at 101 East Main has a new owner-general manager, Ed Jamieson, above left, this month. He is pictured with Delores and Cecil Fleming, former owners who are retiring to the Spanish-style home they built a year and a half ago in Mesa, Arizona.

New owner Jamieson and Mrs. Fleming are former co-workers at AAA travel. Jamieson, his wife Barbara and family live at 41718 Ladywood in Northville Colony.

Jamieson previously worked at Olympia Travel. Among his accounts was the Red Wing travel business. He became a good friend and business associate of Red Wing Gordy Howe. The two previously were

partners in Howe Travel agency in Southfield. Howe, Jamieson says, now lives in Connecticut and is not a part of Travel Plans.

The Northville business has a new telephone, 348-7200. Jamieson plans to introduce charter trips and other special vacation programs.

Mrs. Jamieson will be helping in the office. Julie McMaster will continue with the firm, and Paula Massie, formerly with Howe Travel and S & H Travel Awards, will join Jamieson as travel consultant and secretary.

MAUREEN PORTER of 46825 Timberlane in Northville has been honored for outstanding sales achievement as a sales director in the independent field marketing organization of Mary Kay Cosmetics, Incorporated.

"Her success as a sales leader has earned her the opportunity of using a free new pink Buick Regal for up to two years. It reflects the growing prominence of women in business and appropriately recognizes their capabilities," states the announcement from Dallas, Texas.

To qualify for the award Ms. Porter led her sales unit to become one of the top units in the Mary Kay organization in the last six month period.

She became a beauty consultant in February, 1974, and a sales director in August, 1975. Since its inception in 1963, Mary Kay has grown from a regional cosmetics firm into an international organization comprised of more than 46,000 independent beauty consultants and more than 1,000 independent sales directors who demonstrate and sell the products throughout the United States, its territories, Canada and Australia.

GERRY DODDS, Northville resident and Realtor Associate with Century 21 Suburban Realty, Inc. in Northville has earned special recognition for her sales in 1979 by exceeding a million dollars in gross sales.

Century 21 Suburban Realty's Broker, Dick Ruffner states that he is "especially pleased that Mrs. Dodds was able to reach this goal so early in the year," since she just joined his organization in January 1979. Ruffner attributes some of Mrs. Dodds' success to her earning the G.R.I. designation from the Michigan Association of Realtors.

Mrs. Dodds' enthusiasm for the real estate profession has encouraged her to participate in Century 21's national recruiting program.

GERRY DODDS

Indians to shipping

Museums tell story of state

Michigan's museums tell a story that spans the state's mining, lumbering and Great Lakes shipping eras and reaches back to the days of the Indians and the missionary-explorers, reports Automobile Club of Michigan.

They also spotlight some of the world's finest artwork, salute internationally famous skiers, pay tribute to the state's auto and furniture industries and explore the world of science.

Alpena's Jesse Besser Museum of Art, Science and History boasts one of the Midwest's finest artifact collections on early man in the Great Lakes.

At Harbor Springs, the museum named for Ottawa Chief Andrew J. Blackbird is housed in the century-old dwelling he used while acting as postmaster for the early settlers and traders. On exhibit are birch bark canoes, quill baskets, Wampum, paintings, maps and household implements.

Indian relics also are displayed at Copper Harbor's Astor House Museum, named for the man who made millions in fur trading in the 19th Century. Other big attractions include a collection of 300 antique dolls and exhibits devoted to mining, the railroad and the Great Lakes.

Other fine museums in the Upper Peninsula include the one at Lake Linden, which is housed in an old Calumet & Hecla mining office building. It features relics from the days when copper was king.

Ishpeming, a prime winter sports area, hosts both the National Ski Museum and the National Ski Hall of Fame.

French missionary-explorer Father Jacques Marquette is honored by museums at St. Ignace and Sault Ste. Marie. Marquette founded a mission in St. Ignace in 1671 and a museum has been established there in 135-year-old Mission Church near the site of his Marquette Park grave.

Marquette is among those honored by the Shrine of the Missionaries at Sault Ste. Marie. Visitors are invited to tour a "Mission of Man" religious exhibit at the base of the tower or ride an elevator 174 feet up to an observation deck for a panoramic view of the Soo Locks and the American and Canadian Soos.

The days of sailing vessels are recalled at the Museum of the Great Lakes at Bay County Historical Museum in Bay City and at the Dossin Great Lakes Museum on Detroit's Belle Isle. Shipboard relics, navigational equipment, marine paintings and scale-model ships are among the attractions.

A different type of power is on display at Dearborn's Henry Ford Museum, Flint's Alfred P. Sloan Jr. Museum and the Gilmore Car Museum at Hickory Corners, about 20 miles northwest of Kalamazoo.

Some 200 antique cars are on view at the Henry Ford Museum, along with letters, documents, pictures and gifts depicting the auto pioneer's life, first car, first engine and the remarkable Model T.

There are more than 60 cars and carriages at the Sloan Museum, named for the late president and board chairman of General Motors Corp. The Gilmore

Museum's collection numbers more than 50, with the majority over 50 years old. It is open Sundays only during summer.

Collections of guns and uniforms are on display at Detroit's Fort Wayne Military Museum and at the State Historical Museum in Lansing. The fort was built in the 1840s and visitors are able to tour the barracks, powder magazine and tunnel.

Some of the world's finest art is found in the art institutes at Detroit, Flint and Grand Rapids. Among the Detroit Institute of Arts' most notable exhibits are collections of African art, 17th Century Dutch and Flemish paintings and armor.

The Flint Institute of Arts features Renaissance art, tapestries and furniture plus antique French

Salute to past

Some Michigan communities have erected tributes to famous persons which are points of interests for vacationers.

Oscoda's 20-ton Lumberman's Monument is a famous landmark and visitor attraction which recalls the state's lumbering era. It is located on a high bluff overlooking the Au Sable River.

Cobo Hall was named after a former Motor City mayor and is part of a \$100-million Detroit River complex in downtown Detroit. The hall is one of the world's largest exhibition buildings.

paperweights and Oriental art. Grand Rapids' fine art collection is housed in a building erected in 1844.

Grand Rapids also has a Public Museum and Planetarium with displays devoted to Michigan wildlife, plants and archeology, plus a special section on furniture in tribute to the city's fame as Furniture City.

Michigan's wildlife is highlighted at the cave-like Call of the Wild Museum at Gaylord. Exhibits on animals, birds, insects and all manner of things of interest to youngsters can be found at the Children's Museum in Detroit and at Cranbrook Institute in Bloomfield Hills.

Holland, Dutch capital of the United States, is the site of the Netherlands Museum, a collection of memorabilia from both the Old and New World Dutch heritage.

A different part of the world is represented at Marshall's Honolulu House, which is a duplicate in miniature of the Hawaiian home of a chief justice of the Michigan Supreme Court who had served as U.S. Consul to Hawaii.

The stagecoach days are recalled with a visit to Historic Walker Tavern at Cambridge Junction in the Irish Hills. It was an important stop on the old Detroit-to-Chicago stagecoach line.

Huron City was a major logging community in the 1850s but forest fires and heavy logging ended the area's lumbering business and it soon became a ghost town. Seven of the original buildings have been restored, and there is a museum open to the public in summer.

HOME ENERGY-CONSULTANT

TUNE UP YOUR HOME FOR WINTER!

Each fall you take your car to a mechanic for a tune-up or some type of winterization to insure reliable and efficient operation for the coming cold weather. Unfortunately, your house doesn't knock or ping like a car to indicate that something might be wrong. It just sits there performing below par.

Why not give your house a winter checkup to prepare it for the coming heating season.

- Check the amount of insulation in the ceiling. The greatest heat loss in most houses is through the roof. If your house has less than 2-1/2 inches of insulation in the ceiling or attic, you should add a minimum of 6 inches of insulation. This is the easiest area in which to install insulation.
- Check cracks between window frames and between door frames and the wall. Every crack, both inside and outside the house, should be caulked. And, you can "caulk-it-yourself." It's easy!
- Check for drafts around doors. Outside doors or doors to unheated areas need to be properly weatherstripped. A 1/8-inch crack around a standard door frame is responsible for losing as much heat as a hole the size of a grapefruit.
- Check to see that there are no poorly fitting or broken windows.
- Check to see that all single-pane windows have some type of storm windows. If you decide to purchase storm windows, get several estimates from dealer/contractors. Also, there are less

expensive do-it-yourself ways to stop heat loss through windows. Special kits are available to cover your windows with rigid clear plastic, or you can purchase even less-expensive clear plastic in rolls.

- Check room air conditioners in your windows. If you can't remove and store them for the winter, carefully weatherstrip around them. Special plastic covers are also a good investment, or make your own covers with a roll of plastic film and masking tape.
- Check dampers on fireplaces, kitchen and bathroom exhaust fans and dryer vents to see that they close tightly when not in use. Clean away any debris that may be preventing proper closing.
- Last but not least, include the furnace in your winter checkup. Clean the blower fan and replace air filters on your furnace. Not only should these filters be replaced in the fall, but also whenever they become clogged - or at least twice a year. If your furnace is equipped with a humidifier, be sure it is clean and operating properly. Consider installing an automatic setback thermostat. To be sure your entire furnace system is operating efficiently, have your furnace cleaned and adjusted by a competent serviceman before the heating season starts.

Giving your house a winter checkup and winterizing now can mean saving both energy and money in the cold winter months to come!

Nature center's treat

Fall is one of the most popular seasons at the Nature Study Area of Kensington Metropark near New Hudson. Both the nature study building and trails are open year-around.

The Nature Center Building, of contemporary design, features seasonal exhibits. Naturalists are on duty to answer questions or explain special features. Visitor hours are: Week-ends - 10 a.m. to 5 p.m.; and Monday through Friday - 1 p.m. to 5 p.m.

(Mornings are reserved for school groups during the school year).

Four nature trails, from 1/2 mile to 2 miles in length, are labelled for self-guided hikes. Trail hours are daylight to dusk. Canada Geese inhabit Kingfisher Lagoon and welcome snacks from visitors.

Persons visiting the nature study area are prohibited from collecting flowers, leaves, rocks or animals. Family pets and picnicking are not permitted in the

nature study area. However, there is usually a designated picnic site near the nature study area to accommodate school groups.

Special guided nature hikes are available to the general public on specific dates. For additional information call 685-1561 (Milford exchange) and ask for the Nature Center.

Metropark vehicle entry permits (Annual: regular - \$7, senior citizen - \$2 or Daily - \$2) are required.

'Fall Scenes' walk slated

Take a closer look at nature's "Fall Scenes" during a special walk to be conducted at the Nature Center of Kensington Metropark on Saturday, October 13 at 9 a.m.

Dazzling colors,

migrating birds, squirrels caching food for the winter, and other fall activities combine to make a walk through the woods interesting and enjoyable. Naturalist Dave Molanen will explain the why and how of some of

these seasonal changes and activities seen along the trail.

Participants should bring binoculars. Advance registration is required for this 1 1/2-hour walk.

Here's farm hours

Children's Farm hours are 10 a.m. to 5 p.m. and the Pioneer Inn Restaurant hours are 10 a.m. to 6 p.m., both open weekends only.

The farm has a barn, chicken coop, corral, carriage house, plus several

farm animals such as cows, chickens, geese, turkeys, ducks, horses, goats and sheep - which visitors can watch frolic, feed or pet.

Chicken dinners or snacks are available at the Pioneer Inn Restaurant.

other crafts in the Village buildings.

Watch ethnic craftsmen at work, discover unusual gifts from around the world, or just sit back and relax at the Old World Cafe, October 5-7 at the International Festival, Northville Downs. The arts, culture and cuisine of nearly three dozen nationalities will be featured. Admission is \$1.50 for adults, 75 cents for children under 16.

The works of Michigan artists will be the focus of the Michigan Watercolor Artists Exhibition, opening October 3 at the Jesse Besser Museum, Alpena. More crafty creations can be found at the Senior Citizens Arts & Crafts Show, October 20-28 at the State Fairgrounds, Detroit and the Arts & Crafts Exhibit, Meridian Mall, Okemos, October 24-28. Antique lovers will want to note the Antique Show and Sale, October 4-7, State Fairgrounds, Detroit; World Wide Antique Show, Civic Center, Lansing, October 5-7; and the Antiques Market, Oc-

tober 21, Farm Council Grounds, Ann Arbor.

Architectural treasures of yesterday will be open to visitors on Bay City's Tour of Homes, October 7; the Tour of Homes, at Coldwater, October 14; and Lansing's Turner-Dodge House will be prettied up by local interior designers beginning October 15, and continuing through November 4.

Star-studded entertainment brightens stages across Michigan in October. The Detroit Symphony's Weekender Pops Series features the multi-talented Steve Allen, October 5 and 7, at Ford Auditorium. Kalamazoo's Miller Auditorium, on the Western Michigan University campus, has a full line of entertainment this month, starting out with America's goodwill ambassador, Pearl Bailey, and the Louis Belson Orchestra, October 6; followed by the mellow vocal styles of Lou Rawls, October 12; and on October 30, Isaac Stern, accompanied by the Kalamazoo Symphony Orchestra.

The "first family" of Dixieland Jazz, the Preservation Hall Jazz Band, performs October 28, at Warriner Auditorium, in Mt. Pleasant; and the American dance sensation of the 70's, the Twyla Tharp Dance Company, brings their unique style to Detroit's Music Hall, October 30 through November 3. Richard Basehart brings "Damn It, I Was There," to Warriner Auditorium, Mt. Pleasant, October 7; "Showboat" pulls into Miller Auditorium, Kalamazoo, October 9-10; and the "Music Man" spots trouble in River City, from the stage of Snyder Theatre, Jackson, October 4-7 and 11-13.

International offerings this month feature the Moscow State Symphony Orchestra, at Michigan State University, East Lansing, October 14, and again at Miller Auditorium, Kalamazoo, October 16. The Michigan State Lively Arts Series hosts the Dresden State Orchestra, with pianist Malcom Frager, October 29.

Other colorful happenings this month include: the Cavalcade of Bands, October 13, at Western Michigan University, Kalamazoo; the music of Gene Kruppa and Tommy Dorsey is featured at the Big Band Festival of the Fabulous Forties, October 24, Miller Auditorium, Kalamazoo; the Rare Book and Antiquarian Book Fair, October 26-27, at the main branch of the Detroit Public Library is sure to turn up an interesting tome or two; and the Detroit Ski Show, October 26-28, at the State Fairgrounds Coliseum, Detroit offers everything for the skier, from seminars to ski fashions for the upcoming season.

Plan your escapades in Michigan in the months ahead with a free copy of the Michigan Calendar of Travel Events, by writing the Travel Bureau, Michigan Department of Commerce, Post Office Box 30226, Lansing, Michigan, 48909.

Hey Kid!
Whatcha doin'
WEDNESDAY?

We've
got
a
job
for you.

Once a week, on Wednesdays, our community newspapers are home delivered by young people just like you (minimum age eleven years old). They're earning money every week and are eligible for our contests for prizes and vacations. More people are reading our newspapers in Northville, Novi, Walled Lake and South Lyon and Livingston County therefore, we need additional carriers. So if you live around here and aren't doing anything on Wednesday...

CALL TODAY and we'll tell you all about it
227-4442

HAVE QUESTIONS ABOUT A CAREER IN REAL ESTATE?

Rizzo-Northville Realty offers you an opportunity to learn about the real estate profession and its career opportunities at our Career Seminar.

Our seminar will be held at no cost or obligation to you.

The seminar will tell you:

- How to obtain a license
- How commissions are paid
- How much you can earn
- How to select a broker
- If real estate is for you

Call Mr. Rozzo or Mr. Schmitt at 349-9460 for reservations. The seminar will be held Wednesday, October 3, 1979, 7:30 p.m. at our Northville office, 505 N. Center St. next door to Chatham Foods.

WE PUT THINGS WITHIN EASY REACH !

Reaching people is the goal of all forms of advertising . . . some are successful and some are not. But of all forms of advertising available, only one has the distinction of being able to consistently reach those people who are ripe for responding to the advertiser's message. This, of course, is the Classified Advertising section of your newspaper. Why? Because your Classified section is aimed at a pre-sold audience . . . people read the Classified Ads because they are already in the market to buy! It isn't necessary to convince them that they should buy a home or an automobile or rent an apartment, or look for a job or engage the services of an electrician . . . they are already convinced of their need . . . what they want is someone who can ANSWER that need.

It is also the only people-to-people medium that is available to every member of the community! Individuals turn to the Classified Ads every day to buy or sell items ranging from pets to power mowers and bicycles to motor boats. And the Classified section is the only place they can reach so many people at such a low cost.

So if you're a businessman or an individual who wants to reach out and pick people who are ripe for your messages, put that message in the Classified Advertising section of this newspaper.

Cagers get first loop victory in two seasons

The world didn't stop turning. The sun didn't rise at midnight. Bells weren't sounding across the valley. But the shouts of joy and emotional release that sounded in the Northville gymnasium Thursday night were just as appropriate. The Mustang girls varsity basketball team finally won a game.

Led by Jacque Nixon's 34 points, Northville won going away over visiting Farmington Harrison, 61-51.

Nixon, a sophomore, hit 13 shots from the field and eight from the charity stripe in amassing her game-leading total.

Northville got off to a less than spectacular start as the Harrison team began the contest as if there were only 20 seconds left to play. Farmington out-jumped, out-shot and out-hustled the lethargic Mustangs. The result was a 6-0 lead after less than a minute played.

A quick time-out and a verbal shot in the motivation by Coach Dave Schoop resulted in a display of life activities in the Northville team. The Harrison players tired and before long Northville had pulled up even with them.

At the end of the first quarter, Northville led 12-10.

The battle waged on with both sides showing instances of brilliance. Harrison had two guards who would dribble straight up the middle and leap for the basket, only to shovel the ball off at the last second to a girl standing to the side of the basket. Since Northville's defense would collapse around the driving girl, the one to the side with the ball was wide open. She invariably shot and made a basket.

Then it would be Northville's turn. Sandra Flannigan and Heidi Wagner started to play aggressive defense. Flannigan was a sparkplug and consistently came down with rebounds, often fighting the ball away from the taller Harrison girls.

Wagner, one of the tallest on the Northville team, began to fight for the ball, a number of times forcing jump situations when she wrapped up the stronger Harrison girl on a rebound. Wagner also showed some finesse on a number of drives to the hoop.

The teams retired to their dressing rooms at the half with the score 26-23 in favor of Northville.

SIDELINES

By Jim Haynes

Can football survive?

This isn't a warning, it's a prediction. Within the next twenty years, football will not exist.

My blood steps up a pace or two when I watch the fall ritual of violence. That's why football is so popular now. But the situation is rapidly approaching the edge of acceptability. As more and more athletes are crippled, the public will one day soon reject the football mentality that grips our male population.

The outcry won't stem from the many injuries that professional football players suffer. These men are paid gladiators. The public rationalizes these athletes' injuries as a risk the men are paid to accept. Rules may be changed to lessen the risk the men are paid to accept. Rules may be changed to lessen the risk of injury, but the elimination of football will never happen because of violence at this level.

At the college level is a little different, but not much. Again, these athletes are on scholarship and are in essence being paid to compete; amateur gladiators if you will. There is a collected moan and a sigh of pity if an All-American gets tackled and his knee shatters. The sorrow is thirty percent regret for his injury and seventy percent regret that the young man will never collect the millions of dollars that could be guaranteed if he were healthy and drafted by a professional team.

No, the downfall of football will come at a much lower level of play. Within twenty years, I predict that football will be banned at the high school level.

These athletes are not paid gladiators. The only thing these kids get out of a game is the pride that comes with victory, the feeling of accomplishment that comes from winning one for your school. The knowledge that you have performed well in front of your friends and family is a relief the pressures these groups put on athletes.

But the grief that shows on a mother's face when her boy lies crippled for life on a stretcher after he is tackled, or has his knee twisted so severely that the insides resemble silly putty instead of a marvel of bio-engineering, is a grief that won't fade away with the next week's game of the week. Helmeted players on a television set safely set away from emotions by anonymity and distance.

There is a needless slaughter going on in high schools across the country and if we were outraged by Vietnam, we should be outraged by football violence.

Two weeks ago a Pinckney JV player, Joe Bennet, was participating in a drill during practice. The drill is called a breakdown drill and is used to fine-tune the offensive timing of certain plays. Bennet was blocking the defensive position on the drill and as the play ensued, was blocked in the stomach. He felt pain afterwards, but got up to continue. Then he collapsed.

Just hours later he was in St. Joseph's Mercy Hospital in Ann Arbor minus a kidney.

People with only one kidney, or one spleen, or one of anything within the body that has two for original equipment, can never play contact sports again. That is, unless they want to risk losing the other, which would regulate them to an existence on life-support machinery, which is really no life at all relatively speaking.

Bennet's case is just one of many that occurs each fall. In Northville, Todd Jennings was a fast, sure-handed receiver who held promise for the varsity team. He broke his leg during the final pre-season scrimmage and was lost to the team for the year. A sacrifice for the team? Was it justified? It could have been worse.

It is easy to rationalize injuries, especially minor ones and, if we listen to those in charge, even major ones. Speaking as a former player and one who had broken on a college team, if you let it be known that a finger that was broken or jammed on the previous play, or your leg hurts from a hard tackle, more often than not your manhood is put into question. "What's the matter sissy, can't take it?" or "Aren't you man enough for the game? If not, leave now." Of course, any high school kid, and even most adults, who value their peer acceptance, will stay. If a kid does leave, chances are he will always be thought of as someone who "couldn't make it."

To survive a brutal session such as football is a test of manhood. As much as any aboriginal hunting rights or marine boot camp. And the ones who propagate this feeling year after year are the coaches who were once the kid that hurt in practice, or the father who went through it "when I was your age." It has to stop.

Of 14 helmet manufacturers in existence in 1977, there are now on-

FINALLY—Sue Townsend (22), Jacque Nixon (30) and Sandra Flannigan (41) apply defense to Harrison (above) in last Thursday's 61-51 victory. The win was the first league victory in two years for the Mustangs and the first of the regular season this year. Heidi Wagner (right) goes up for two.

14-and-under Fillies level Livonia 4-1

Girls' 14-and-under scores:

NORTHVILLE FILLIES 4, LIVONIA GREEN MACHINE 1
The Fillies opened the scoring at the 10-minute mark of the first period when Jill Anger notched a goal for Northville. Livonia tied it up, however, with a goal 20 minutes into the game. Jane Moylan scored the lead goal at the 60-minute mark to pull the Fillies back out in front. Cathy Kirwan scored the third goal shortly after and then Mary Orian-

dini notched her first career goal to put the game out of the Green Machine's reach. Kim Abraham and Anne Schwartz were other Fillies to be singled out for good play.

NORTHVILLE AZTECS 5, LIVONIA GOLDDIGGERS 3
Chris Hanson scored the first Aztec goal at the five-minute mark of the game after taking a pass from Lisa Cahill. Livonia came back to knot the score at 17 minutes. Cahill then sent a

shot past the Golddigger goalie to give Northville the lead. Amy Nieuwkoop put the Aztecs up by two with a goal at 35-minutes. Becky Baumann then took the ball and threw it in to Cathy McConville who promptly shot it past the Livonia goalie for the fourth Northville goal. Hanson scored her second goal of the game and the Northville coach started to substitute. With the second team on the field, Livonia scored two more goals. Kim May, Joan Robinson, Judy Bustamonte and Lorraine Sellas were all praised for their defensive contributions.

LIVONIA FIREBALLS 4, NORTHVILLE STARS 1

It was a battle of the unbeaten with Livonia proving to be the superior team on this meeting. Down 1-0 at the half, Northville tied the game on Sue Borwick's goal early in the second half. Livonia came back to score three goals in the final 15 minutes of action to take the win.

Boys 14-and-under scores:
NORTHVILLE UNITED 3, LIVONIA STRIKERS 0

Omar Anisoglu played pinball with the Livonia Strikers last week. He shot the ball and it bounced off of two Striker defenders before skittering into the Livonia net for a 1-0 United lead. Craig Stuart received an assist on the play. Jim McCulloch took a pass from Ray Green at the 55-minute mark and scored for the second Northville goal. Anisoglu scored the final United goal.

NORTHVILLE HOT SPURS 4, LIVONIA (No. 6) 2

Scott Gala and Joel Grasley each scored on corner kicks in the first half that gave Northville a 2-1 lead over Livonia. Chuck Kellar scored at the 55-minute mark to give the Spurs a 3-1 lead. Kellar then sent a throw-in pass to Joey Arwady who converted it into the fourth Northville goal.

NORTHVILLE ARSENAL 5, FARMINGTON (No. 1) 0

Steve Muller scored the first of his two goals for the evening on a breakaway 25 minutes into the game. Jeff Metz scored on a banana-curve shot from the corner at the 30-minute mark. Brian Dragon, Steve Starcevic and Muller all scored goals in the second half.

FARMINGTON (No. 2) 1

NORTHVILLE ROWDIES 0

Farmington scored the lone goal of the game with just five minutes left in the contest. The score came after an off-sides call against the Northville team.

Girls 10-and-under scores:
NORTHVILLE AZTECS 2, NORTHVILLE STARS 1

The Aztecs jumped out to a 2-0 lead on goals by Carrie Settino and Kristin Spigarelli. The Stars came back to notch a goal in the fourth quarter but couldn't pull the game out of the fire. Lisa DeAlexandria scored the lone Star goal.

Other 10-and-under scores:
Northville Stars 0, Livonia Red Hots 4 (Wed.)

Northville Aztecs 0, Livonia Stingers 4 (Wed.)

Northville Pink Panthers 0, Plymouth (No. 4) 1

Northville Foxes 0, Plymouth (No. 3) 10

Boys 10-and-under scores:
NORTHVILLE UNITED 1, LIVONIA STORM 1

"This was United's most exciting game in two years," coach Al Hauser said. "This was due to the constant charges both sides made. Mark McConville had approximately six breakaways down the wing. I was worried about Livonia because my opposing coach used to be the U of M Dearborn campus soccer coach." The play of Jack Sylvestre gave Hauser reason not to worry as the young soccer player neutralized the Storm's top player while managing to score the tying goal in the third period. Hauser also complimented Scott Griggs in goal and Chris Drew and Joe Fugedi for good all-around play.

NORTHVILLE STING 0, LIVONIA VIKINGS 0

John Harris and Greg Beaber played at goalies for the Sting and held the Vikings scoreless. Unfortunately, the Viking goalie turned the same trick on the Sting forwards.

NORTHVILLE COSMOS 3, PLYMOUTH (No. 2) 3

The Cosmos were down 2-0 after the first quarter but tied the game on a second-period shot by Eric Smolenski and a third-period goal by Don Potts. Potts's shot was a diving header on a pass by Jeff Terwin. In the fourth quarter Plymouth regained the lead but

Terwin blasted a shot past the defending goalie and retied the game at 3-3.

NORTHVILLE BLACK KNIGHTS 2, LIVONIA WIZARDS 2

It was a zig-zag game as each side took turns scoring goals to take the lead and then to regain it. Mike Kelly scored both of the Knight goals.

NORTHVILLE HURRICANES 2, LIVONIA (No. 7) 1

Northville took a 2-0 lead in the second quarter on goals by Jeff Donaldson. Ron McDonald assisted on each. Livonia scored its lone tally in the third frame. The Hurricane coach praised the play of Steve Hogarth in goal for the winners.

Other 10-and-under scores:
Northville Hot Spurs 2, Livonia Blue Angels 4 (Robbie Ketola scored twice)

Northville Arsenal 4, Livonia Rowdies 0 (Chris Garcia (2), Gregg Dziewit and Pat O'Rourke scored)

Northville Tornados 0, Livonia Express 9

Northville Champs 1, Plymouth (No. 8) 5

Girls 12-and-under scores:
NORTHVILLE COUGARS 2, LIVONIA WONDERS 1

Livonia took a 1-0 lead in the first quarter. The Cougars tied the game on a pass from Mary Beth Larabell that Jill Berner converted into a goal in the second frame. Both sides tightened their defenses up after that and it wasn't until the final 30 seconds of the game that Berner was able to score again.

NORTHVILLE PINK PANTHERS 1, LIVONIA ORANGE CRUSH 1

Livonia scored in the first quarter of the game and then kept the Northville team pinned down until, with just two minutes left to play, Kathy Korowin managed to score on a penalty kick. Panther coach Bert Schwartz used four goalies in the game: Korowin, Julie Cass, Roxanne and Sheri Russell.

NORTHVILLE STARS 0, PLYMOUTH (No. 4) 0

A defensive game, the contest was a test of goalie, Marin Rosmorduc, who had 11 saves. Nancy Poirier and Jill Stiles contributed good defensive support for Rosmorduc.

Other 12-and-under scores:
Northville Aztecs 0, Plymouth (No. 3) 5

Northville Foxes 0, Plymouth (No. 2) 2

Boys 12-and-under scores:

NORTHVILLE ARSENAL 2, LIVONIA WARRIORS 1

Jamison Anderson scored for Northville in the first quarter on a pass from Toby Balai. Livonia tied the game in the second period. The game remained tied until the fourth quarter when Luchido Mejia passed to Dave Balok for the winning goal.

NORTHVILLE CHAMPS 3, LIVONIA WILDCATS 2

Scott Greiner scored two goals in the first quarter, with Matt Peltz providing passing assistance. Livonia scored in the second and third quarter to tie the game. Eric Gala broke the tie and gave Northville the win when Peltz passed to Greiner who dished the ball off to the racing Champ, who sliced the ball past the diving Wildcat goalie. Curt Settino was a brick wall in the nets for the winners.

NORTHVILLE EXPRESS 1, LIVONIA ROWDIES 1

Livonia scored in the third period for a 1-0 lead. Then, with 10 minutes left in the game, Chris Hauser took a pass from Cam Ramsey who had stolen a corner kick and then blasted it 40 yards to the waiting Express forward, who calmly banged it home for the tying goal.

Other 14-and-under scores:
Northville Hot Spurs 2, Livonia Blue Angels 4 (Robbie Ketola scored twice)

Northville United 0, Farmington Royal Blue 5

Northville Cobras 1, Livonia Cosmos 3 (Nick Morris)

Northville Black Knights 1, Livonia (No. 7) 4 (Tom Veselanak)

Northville Hot Spurs 0, Livonia (No. 24) 4

Girls 19-and-under scores:

LIVONIA (No. 3) 3, NORTHVILLE AZTECS 1

Marj Muller scored the lone Northville goal.

BIRMINGHAM 2, NORTHVILLE STARS 0

Northville had 37 shots on goal and still couldn't score. Martina Millen was singled out for her good defensive play for Northville.

Continued from 1-E.

Could Northville hang on for the win? The team had come close twice before, losing 36-33 to both Novi and Howell on consecutive weeks. This game, however, was to be different. And that difference was Jacque Nixon.

The 33 points that Northville had scored the two previous weeks were the highest number of points the Mustangs had scored this season. Schoopp was concerned about the team's lack of offense. His remedy: give the ball to Nixon.

She shot from the outside and made it; when the Farmington defense moved out to stop her, she drove right past them for two. When her teammates shot and missed, Nixon would be there for the rebound and back up again, tickling the nets with the faintest swish.

Flannigan, Kim Kurzawa and Sue Townsend are the scrappers on the team and these three played at breakneck speed, trying for rebounds, bringing the ball up, playing aggressive defense. But it was Nixon who was the

stabilizing force on the floor. When she had the ball, the tempo was just as fast-paced, but controlled.

Northville led 40-33 at the end of the third quarter. The crowd watched the clock with one eye and the game with the other. Could they hold on for eight more minutes. Seven. Six. Five.

Nixon grabbed a rebound and raced down the court, pulling up smoothly when the Farmington player managed to get position. The Harrison player saw her slow down and also began to decelerate. At that moment, Nixon would shoot past to the net, leap and swish.

The seconds ticked away. The clock seemed to slow down in its relentless count. Could Northville hang on?

The buzzer went off. The game was over. The Northville bench emptied and the players embraced each other in a whirlwind kaleidoscope of orange and black jerseys, arms and shouts.

"I feel great," Schoopp said. "The

kids did a super job. We looked like an old team when we were down 6-0, but after that we just out-hustled them. Jacque Nixon did an excellent job. She was great on defense, especially at the end of the game.

"Everyone did an outstanding job. This is our first league win in over two years. We've come close in other games. Hopefully we're over the hump now."

Flannigan and Wagner each scored 10 points for the winners. Kurzawa scored six and Townsend notched a single point.

The Mustangs JV won its fifth straight game, beating the Harrison JV 33-13.

Margie Muller scored 14 points to pace the Northville attack. Melinda House scored eight, Julie McDaniel had five and Janet Hudolin three.

Greer gives air show as Mustangs top Canton

What does Mustang quarterback Dave Greer have in common with a howitzer? If you answered the ability to hurl objects long distances accurately, you can pat yourself on the back and put a gold star on your forehead.

Greer displayed his passing ability last Friday night when Northville dismantled Plymouth Canton 19-6. Greer hit eight of 12 passes for 167 yards and three touchdowns against Canton. He also gained 19 yards rushing on just two carries.

"We saw some coverage that we thought we could take advantage of," Mustang coach Dennis Colligan said. "We were able to isolate our receivers one on one with their defensive backs and that opened up the pass for us. We try to adjust to whatever the defense gives us. Next week if we think we can run, we'll run."

Speaking of run, the Mustangs were without the services of senior halfback Joe Hamp. The scatterback Mustang took a hard hit to his thigh in last week's contest against Farmington Harrison and is nursing a deep bruise on his thigh. Also out of action was senior defensive back Ken Weber, who twisted his knee in practice last week.

Northville scored the first time it had the ball. Canton opened the game by kicking off to the Mustangs. Northville marched down the field in seven plays to score. The drive covered 63 yards.

With ball on the Northville 37-yard line, Greer dropped back and hit flanker Gary Kucher along the sidelines with a pass that moved the ball up to the Canton 36-yard line. A holding call on the play moved the ball back to the Canton 45. Halfback Bob Crisan carried the ball to the Plymouth 34 on the next play and then Greer carried to the Canton 25 for first down. Two running plays by Scott Millard and Crisan resulted in no yards gained, so with third down and 11 yards to go, Greer dropped back to pass for a second time in the contest.

Wide receiver Dan Goehman was alone in the corner of the end zone and Greer found him with a pass that gave Northville the lead at 6-0. Crisan's kick for the extra point was blocked.

The score remained 6-0 at halftime. Whatever the Plymouth coach told his team in the locker room wasn't the right advice because on the opening kickoff, Canton fumbled the ball and Northville recovered on Plymouth's 30-yard line.

Crisan gained eight yards on the first play of the series. Millard drove up the middle for nine on the next play. Millard carried again and gained just three yards, to the Plymouth 20. Crisan was then dropped for a five-yard loss on an ill-ventured sweep the next play and with third down and 17 yards to go, Greer went to work again.

Dropping back, he checked Goehman, but the defense was hanging on to him like a bees after a honey bear. So he looked to the right and spotted flanker Paul Cooper in the corner. Greer fired and Cooper caught the ball for Northville's second touchdown of the game. Northville's try for the two-

point conversion failed.

Northville kicked off. This time the Canton runner who caught the ball made it up to the Plymouth 36-yard line before he fumbled. But fumble he did and the Mustangs recovered.

Greer promptly threw to Goehman who hauled the ball in on the Canton 13-yard line. Crisan and Millard took turns carrying the ball but could only move it up to the Plymouth 6-yard line. So on fourth down Greer tried another pass but this time his magic didn't work as the ball fell incomplete in the end zone.

Canton took over the ball and promptly fumbled again, but this time the Plymouth players were able to recover their own mistake. It was to no avail, however, as the drive fizzled before it got started and Canton was forced to punt.

Northville took over on their own 34-yard line. After two running plays which netted small yardage, Greer hit Goehman with a pass that carried the Mustangs up to the Canton 48-yard line. Greer then carried the ball on a quarterback sneak, ala Gregg Landry, up to the Plymouth 36 where the last Canton defender managed to tackle him. Two more running plays for small yardage, and Greer took to the air again, this time hitting Goehman with a 25-yard touchdown pass. Crisan's kick for the extra point was good and Northville led 19-0.

Canton managed to score six minutes into the fourth quarter when Northville fumbled on its own 27-yard line. After a short drive, Canton quarterback Steve Gray scored on a three-yard plunge. The two-point conversion attempt failed and Northville led 19-6.

From this point on, Colligan started to substitute freely and the rest of the game evolved into a defensive struggle as neither team's offense was able to generate any kind of action. The game ended with Northville on top 19-6.

"There were a couple of fumbles in the second half that were beneficial for us, Colligan understated. We were able to use everyone tonight. In the first half the defense kept us in the game. Bob Boshoven was inspirational. He made nine solo tackles and had nine assists."

Crisan gained 47 yards on 13 carries for the Mustangs. Millard managed 40 yards on 11 carries.

This Friday the Mustangs will host Waterford Mott in Northville's annual homecoming game. Mott is 0-4 on the year, but Colligan isn't taking them lightly. They're going to be fighting," Colligan said. "They lost back-to-back to two of the top teams in the league in Walled Lake Western and Livonia Churchill. Our kids may have their minds on things other than the game with homecoming. Mott is physically big and they have a tough defense. I look for them to come in looking for their first victory. They think they have a good shot at us."

Colligan said that Hamp may return to the lineup by Friday's game but

Weber's return may be a bit longer. Also, Bob Thomson missed last week's game but is expected to be back in action Friday. The punter/kicker was hit in the leg during practice last week and his knee flared up. Kickoff time for the Mott game is 8 p.m.

SPORTS TALK

Who is your favorite sports figure and why?

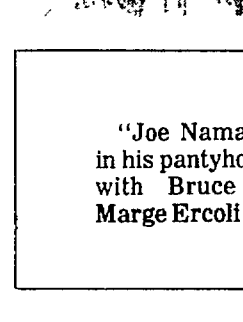

"Rodney Marsh. He's a great soccer player. He's a very skillful athlete." John Starcevic.

"Julius Irving. He's an excellent shooter. He's the best jammer in the National Basketball Association. He's a nice guy." Tim Wagner

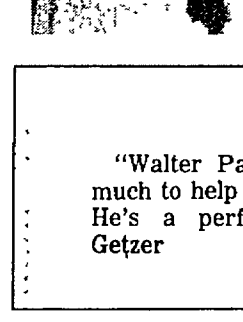

"Steve Garvey because he's the perfect athlete. He's the All-American boy. He's a clutch when his team needs him." Doug Eaker

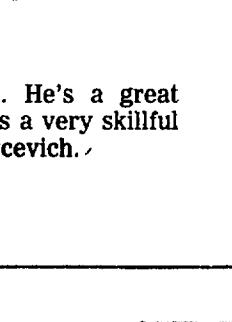

"Joe Namath looks pretty good in his pantyhose, but I'd go jogging with Bruce Jenner anytime." Marge Ercoli

"Jim Thorpe, I feel sorry for him. He made those records and then had his Olympic medals taken away because he played semi-pro ball. It wasn't fair." Jeff Dyer

"Walter Payton. He's done so much to help out the Bears team. He's a perfect athlete." Rick Getzer

Scott Dayton

"It was a very close meet," Northville coach Dave Gram said. "Everyone worked very hard. They were constantly pushing each other from start to finish. It was only at the last half mile that I was sure Northville was going to win. At the three-quarter mile mark Farmington had five runners right up front."

Harry Couyoumjan was the top finisher. The Mustang runner broke the

2-0 in league

Thinclads running them over

It was odd or even for the Northville Varisty cross country team and the Mustangs took odd, defeating the Farmington thinclads last week 25-30.

Northville runners finished 1, 3, 5, 7, and 9 while the Farmington runners chalked up the 2, 4, 6, 8 and 10 positions. The odds won out.

tape at 16:18, finishing ahead of Farmington's John Murphy. Dave Malinkowski clocked in at 16:47, good for third. He was just ahead of Farmington's Bill Atkinson. Scott Dayton took fifth place for the Mustangs as he crossed the finish line at 17:06.

Other top finishers for Northville were Clark Couyoumjan, who finished seventh overall with a time of 17:33 and Ross Grover, who came in at 17:45.

"The key to our win was Clark," Gram said. "He clinched it for us with his seventh place finish. Ross showed excellent determination finishing ninth. He gave us his best time of the year."

"This team deserves a lot of credit. They've worked long and hard. People like Doug Wright, who finished at 18:38 and Jim Williams, who ran a 19:45. They deserve a lot of credit."

The JV Mustangs turned in some good times also. Steve Stuart clocked in at 18:08, Dan Whitaker had a 19:08, Todd Vincint finished in 19:20, Tom Allen had a 19:30, Dan Vogt crossed at 19:30, Villas Allen recorded a 20:08, Anita Sledz had a 21:32 and Kathy McMillan finished at 21:25.

Against Harrison, the race wasn't even close, as the Mustangs won 17-44. Northville took the Farmington team on last Thursday. "Harrison had just seven runners," Gram said. "Only five finished. They've had difficulty obtaining consistent coaching. The team does have two good runners though."

Those two good runners managed to capture the fifth and sixth places, but Northville's cadre of good runners took everything else, Harry Couyoumjan again took first, this time with a 16:14.

Malinkowski was second at 16:32 while Dayton brought up third with a 16:56. Clark Couyoumjan captured the fourth spot with a 17:20 and Grover placed seventh with a 17:29.

Wright at 17:46 and Stuart at 17:58 were the next highest Mustangs in the

finish. Anita Sledz ran a 20:45, her second fastest time this year. Kelly Assenmacher ran a 24:56.

Northville is now 4-0 overall, and 2-0 in league competition. That record sets the Mustangs right on top of the Western Six league race.

"Low rates are a big reason we're the largest home insurer. But there are more..."

NORTHVILLE RECORD—WALLED LAKE/NOVI NEWS

FOOTBALL CONTEST

Enter Today! You May Be A Winner!
HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 18. You will notice that each square below is also numbered from 1 to 18 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- (1) after each number on your paper write the name of the sponsor of the corresponding square
- (2) following the sponsor's name — write the name of the winning team.
- (3) in addition you must pick a score on the outcome of the game in square 16. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry). In case of tie, prize money will be split.

NOTE: Only ONE entry per HOUSEHOLD family per week. Prize money paid only to name on entry. PLEASE do not enter several times using friends' names. Such entries will be disqualified if discovered.

Copies of the contest will be posted at The Northville Record office at 104 W. Main and at The Walled Lake News office, 1340 S. Commerce Road, each week.

Entries must be postmarked or brought to our offices no later than 5 p.m. each Friday. Mail-in entries should be addressed "FOOTBALL CONTEST," Northville Record, 104 W. Main, Northville, or Novi-Walled Lake News, 1340 S. Commerce Rd., Walled Lake.

Employees of The Northville Record and The Novi-Walled Lake News or sponsoring merchants are not eligible.

Entry forms available without charge in our offices. Winners announced in paper and posted in offices.

TAKE A DIVE—Holly Raycraft is the top diver on the undefeated Mustang swim squad. Against North Farmington last Thursday, Raycraft scored 156.2 points to take first place. In the top photo Raycraft is unfolding from her tuck position and in the bottom picture she straightens to enter the water as cleanly as possible.

Tankers tops, triumph twice

The Northville girls varsity swim team made it three in a row Thursday night as the Mustangs beat North Farmington 50-31.

Sue Cahill, Leslie Farquhar, Tammy Selfridge and Allyson Farquhar teamed to win the first event, the 200-yard medley relay, with a time of 2:05.21. Carolyn Brown, Carolyn Schrot, Cathy Norris and Katie Ruddon teamed to take fourth in 2:22.03.

Allyson Farquhar won the 200-yard individual medley by swimming the event in 2:28.0. Selfridge came in third at 2:28.0.

Kim Storm won the 50-yard freestyle event by clocking in at 24.8. Kristy Iverson completed the sweep in the event by placing second with a time of 28.9.

Holly Raycraft won the competition by scoring 156.2 points.

In the 100-yard fly, the best that Northville could do was take the second and third spots. Leslie Farquhar recorded a time of 1:10.3 for second place and Norris placed third with a time of 1:23.9.

Storm came back in the 100-yard

Continued on 6-E

Willis wins at Welch

The Northville Golf League held its 31st annual Ed Welch Memorial Tournament last Saturday at the Salem Hills Golf Course.

Larry Willis earned low gross honors with a score of 77. Low net went to Ray J Casterline, who shot 60.

Closest to the pin came on holes six and 14. Stanley Johnston earned the honor on the sixth hole while James Cutler turned the trick on 14.

Carl Stevens earned one of two longest-drive awards for the afternoon. It came on the seventh hole. Johnston also earned longest-drive honors. His

shot came on the 16th hole.

The league recently finished its 24-date schedule. The championship team for the season was Willis and Casterline. They combined for 67 points.

Second place went to Fumio Omura and John Stutterheim, with 66. Voted most improved golfer was Chuck Mann. Individual point winner was Willis and low average award went to Omura with a 39.7.

Chuck Mann and Doc Buoniconto were the last place team in league competition.

10-0 in league

Netters take two to lead league

The Northville girls varsity tennis team stretched its unbeaten streak to 10 with victories over Plymouth Canton and Farmington Harrison last week.

On Wednesday, September 26, the Mustangs downed Canton 6-1. Holly Sixt won at first singles 6-1, 6-2; Eve Engelmeyer won at second singles 2-6, 6-1 and 6-0; Lisa Gejoff took third singles 6-2, 6-2; and Sheri Robbins won at fourth singles 6-1, 6-3.

Stephanie Colovas and Lynn Herald, in the number one doubles slot, won 6-2, 6-1 but the second unit of Jenny Missel and Kim Hubbard dropped their match 4-6, 3-6; the first time this duo has lost all year; and the third team of Debbie Spade and Jana Holloway won 6-4, 6-0. "I was told that Canton was strong in

singles," Northville coach Uta Filkin said. "But it was the other way around. They were strong in doubles." The Mustang JV also played against

Eve Engelmeyer

Canton Wednesday. The result was a split, 2-2.

Kim Smith lost at singles, 7-8; Kathy Montgomery and Maureen Naszradi lost at a doubles slot, 5-8; Kathy Phillips and Colleen McCormick won 8-4; and Tracy Wool and Lorie Kormanis won at another doubles berth, 8-1.

At Harrison on Friday, September 28, the Mustangs swept all of the matches to win 7-0.

Sixt won 6-1, 6-2 at first singles; Engelmeyer won 6-2, 6-1 at second singles; Gejoff took third singles 6-2, 6-1; and Robbins won at the fourth slot 6-1, 6-0. "It looks like Sheri's coming along nicely now," Filkin said.

Colovas and Herald took first doubles 6-0, 7-5; Missel and Hubbard won at se-

cond doubles 6-2, 6-4; and the third team of Spade and Holloway were victorious 6-1, 6-2.

Sheri Robbins

Linksters drop to second in loop

It wasn't a week that the Mustang golfers will remember in years to come. In fact, they would probably just as soon forget it happened.

On Tuesday, September 25, four members of the team competed in the Plymouth Best Ball tournament, held at Northville's home course. The four were Bob Stephans, Todd Mack, Ted Seltz and Terry McMann.

The team of Stephans and Mack shot a 74 while Seltz and McMann combined for a 79. The team total of 153 was good for a 13th place finish out of a 25 team field.

"I thought that playing on our own course, we could have done better," Mustang golf coach Joe Blake said. "I

thought that we would be a little closer to the lead. After the first few holes we were but we didn't play the front nine as well as we could have."

Going into last week's action, Northville had been tied with Harrison for the league lead. But on Thursday, September 27, Farmington removed any doubt as to who was really at the top. The two teams squared off in a head-to-head battle for sole possession of the league lead and Northville came out of the scrape a smarting 196-211 loser.

"It wasn't even close," Blake said. Mack was the low man for the Mustangs. The Northville leader shot a 38. But after that it was strictly night of

the living dead. Stephans, usually the low man for the crew, shot a 42, the worst score he's had all year. McMann came in with a 41, Seltz a 44, Brian Shake a 43, and Mark Denhoff a 44.

"They (Harrison) played exceptionally well," Blake said. "This is their

lowest total of the year. Outside of Mack and McMann, we didn't play as well as we might have. Our low this year is 198, so we would have had to have played our best golf of the year to have beaten them anyway."

...Swimmers

Continued from 5-E

freestyle to capture her second first-place finish. She touched the wall at :55.81 while Laurie Sellen, who placed third, finished at 58.6.

Nancy Donovan finished first in the 500-yard freestyle with a time of 5:50.8. Lori Hackman brought up third place with a 6:44.9 finish.

Cahill and Selfridge finished 1-2 in the 100-yard backstroke, with times of

1:04.6 and 1:09.3, respectively.

Brown and Schrot placed third and fourth, respectively in the 100-yard breaststroke. Brown swam a 1:29.2 pace while Schrot clocked in at 1:36.1.

Alyson Farquhar, Leslie Farquhar, Sellen and Storm combined to win the 400-yard free relay to round out the events. The team's time was 3:54.1. Iverson, Diane Hrubick, Marla Wald and Pattie Wright came in third with a time of 4:47.3.

Registration set

This is the last week for registration for the Youth Basketball program sponsored by the Northville rec department. Registration ends Friday, October 5. The program is divided up into three divisions: a division for those in grades 3-4, 5-6 and a group consisting of 7, 8 and 9 graders.

Open swim hours are Monday and Wednesday, 8:30-9:30 p.m.; Saturday, noon-1 p.m. and 4-5 p.m. Adult open swim is also on Saturday, from 1-2 p.m.

Rec Meetings

Adult co-ed volleyball organizational meeting
Tuesday, October 9 at 8 p.m.
Women's basketball organizational meeting
Thursday, October 11 at 7 p.m.
Men's basketball organizational meeting Thurs-
day, October 11 at 8 p.m.
Ski club organizational meeting Thursday, Oc-
tober 25 at 4 p.m.
All meetings will take place at the Northville
Community Center.

Colts lose

The Northville/Novi JV Colts football team took one on the chin this last weekend when they were upended 19-9 by the Westland Northstars. and then a 16-yard touchdown pass to Benji Evans. Evans carried the ball in for the extra point. That gave the Colts a 9-0 lead. But it wasn't to last.

The Colts opened the scoring in the game when Paul Newitt tackled the Westland quarterback in the end zone for a safety and two points.

The Colts increased their lead when quarterback Dave Denhoff keyed the drive by completing two important passes; first a 12-yarder to Jeff Bush

Reed 13th at run.

Northville's Phil Reed and Jim Bedford were the top Schoolcraft Community College harriers at last weekend's Eastern Michigan University Invitational cross country meet.

Reed placed 12th overall with a time of 21:55 for the four-mile course. Bedford ran a 5,000 meter course.

Kickers tie; still unbeaten

The Mustang varsity soccer team's dream of an undefeated season is still alive, but the chances of winning each game ended Thursday evening as the team suffered a 1-1 tie against Livonia Churchill.

"They seemed to want it more than we did," Northville coach Ron Meteyer said. "They were high, they really wanted the game. Afterwards, Churchill acted as if they had won. In fact, they treated the tie like a win."

"It was frustrating. We were out-hustled. It might just wake us up. There was really no excuse for our play. Our passing was off and our attack was off. They were getting to the ball quicker than we were. It's possible that we were overconfident."

Churchill scored first, at about the two-minute mark of the first half. Northville responded with a goal at the 28-minute mark. Kevin Swayne punched a header past the Livonia goalie to knot the score. From there that point on the game was a defensive struggle.

"We had two guys out with sickness and two others who could only play a little because they were under the weather," Meteyer said. "Greg May and Dean Gaurd have both caught that

24-hour thing that's going around and Doug Lyon and Dave McElroy were both unable to play a whole game."

"Perhaps we were riding too high on our Country Day accomplishments. It seems that everyone knows about us and wants to beat us. I was concerned all week with our lack of intensity at practice. This might get their feet back on the ground."

On Saturday, the Mustangs played Oak Park and won 9-3. Indicative of the type of game the contest was, all of Oak Park's goals came in the second half when Northville's second team was on the field.

Kevin Swayne opened the scoring for the Mustangs with a goal at the 10-minute mark of the first half. John Davis scored the second from his fullback position on defense.

Swayne struck again 23 minutes into the game when he took a header pass from Barry Ouellette and jammed it past the sprawling Oaks Park goalie. Swayne notched the hat trick when he scored minutes later after taking a Greg May pass.

At halftime the Mustangs held a 4-0 lead. Rick Marshall made it 5-0 four minutes into the new half when he went in unassisted and rang a goal off the crossbars at the rear of the net. Russ Gans scored the sixth Northville goal and Ouellette rammed home two in a row to follow to expand the lead to 9-0. McElroy added the crowning touch when he scored with just two minutes left to play.

The Mustang JV soccer players engaged in a 40 minute contest with Oak Park's JV and the result was a 4-0 win for Northville. Steve Ross, Craig Henderson, John Vanderwow and Eric Nowka all notched goals for the winners. Steve Ouellette recorded his first shutout in goal for the Mustangs.

Northville's record now stands at 7-0-1.

Kevin Swayne

Contest winners named

Steve Alföldy, a previous winner, came up with first place in last week's football contest.

Alföldy, who lives at 41734 Rayburn in Northville, had but one mistake. He picked Denver to defeat Oakland.

Second place winner was Doug May of Northville, who edged out third place winner Mike Hilfinger by coming up with a closer score in the Denver-Oakland game. Both had two mistakes in their entries.

Contestants who finished out of the money with three mistakes included:

Gregg Balko of Wixom, Mrs. Pat Hansen of Walled Lake, Robert Brown of Ann Arbor, Anne White of Plymouth, and Pat Allen, Jim Tweedie, Jeff Stuart, Rob Massard and Finn O'Leary

of Northville.

None of the contestants were marked wrong for the 12th game in last week's line-up since Air Force and Navy won't clash until this week.

Most difficult games for contestants proved to be Oakland's win over Denver, Nebraska's 42-17 triumph over Penn State, Ohio State's 17-13 victory over UCLA, and Brighton's 22-15 win over Novi.

Surprisingly, a majority of contestants correctly predicted Notre Dame's victory over Michigan State. And most figured Michigan would whip California.

A total of 14 contestants had four mistakes, 17 had five errors, 13 had six mistakes, five had seven mistakes,

... Gridders

ly eight. And of those eight, there may be seven throwing in the towel soon. Why? Lawsuits.

A helmet is one of the most deadly weapons in existence. Made of hard plastic and propelled by a moving mass of varying weight, when it makes contact with a stable boy such as another player's knee or stomach, there will more often than not be damage. This damage is not limited to the hittee, either. A helmet, if shoved back by a blow to the front, will force its hard back-edge down onto the player's neck, sometimes with the severity of a Bruce Lee karate chop. That is why the manufacturers are pulling out. They are being sued right and left by angry parents whose kids have died or have become paralyzed from blows such as that described. The parents contend that the helmet is defective in its role as protective device; the courts agree. I contend that the game is at fault, not the equipment.

The reason football will die out is because once it is stopped at the high school level, there will be no feeder system into the college ranks, which in turn, is a feeder system into the professional ranks.

Sports Illustrated recently ran a story that offered some pretty sobering statistics. The article, on brutality in football, predicted that this fall's season would see over a million injuries to high school kids in approximately 20,000 schools across America; 70,000 injuries to college players at more than 900 schools; and an infliction rate of 100 percent (at least one injury for every player) in the National Football League.

Is football really worth a young man's limbs or even his life? It's for each of us to decide, on our own.

At least most of us have a choice. Robert Francis Mudd, Jr. doesn't. Seven years ago he was paralyzed while making a tackle for a Stockton, California high school team. Now he lives the life of an invalid with his parents. What kind of future is there for him? What kind of a future will there be for football? You decide.

JV beat Harrison

Scott Spaman and Chris Dimitroff combined to rush for over 200 yards in leading Northville to a 44-12 rout of Farmington Harrison.

The first Northville score came on a four-yard run by Spaman to cap off a 28-yard drive in the first quarter.

The second score also came in the first quarter. Dimitroff plunged into the end zone from the one-yard line to top off a 48-yard drive.

Quarterback Tim McLaughlin picked off a Farmington pass on the next

series and ran it back to the Harrison 17-yard line. Spaman carried the ball three times, gaining 16 yards. McLaughlin carried the ball over from the one-yard line.

The final Mustang tally came on a 33-yard McLaughlin to Todd Zoroya pass. The ball was short so Zoroya came back up the field to catch it, then broke a tackle to sprint into the end zone. Spaman again carried for the conversion and the score was 44-6.

"We're so happy you're married, we'll give you up to 50% off on your auto insurance."

"If you're 23 to 25 and married, we've got a wedding gift for you... our best preferred rate on your auto insurance. Chiropractic Can Help You!

IT'S NOT JUST FOR SORE BACKS

More often than not the story is the same. You have spent years suffering with pain and discomfort. The medical doctors have tried every known medication to cure your condition, but it was all in vain. The pills and medicines may have helped for awhile, but the pain would return and you had to keep popping pills to feel good. You may even have had an operation or two, in a futile attempt to "cut out" the pain.

Now the doctors don't really know what to do for you. They keep experimenting with different drugs, hoping to find one that you haven't built up an immunity to. You're getting desperate. You have begun to accept pain and discomfort as "normal" conditions.

Then you receive a newspaper in the mail explaining the merits of chiropractic health care. Or, perhaps a friend suggests to try chiropractic. With a defeated attitude you ask, "What can chiropractic do for me? That's only for sore backs!" In like manner you toss the newspaper in the nearest trash can.

And so you continue to suffer, not able to enjoy life to its fullest. To you, another dawn means another day of misery. Your condition is hopeless—right?

Wrong!

If you had listened to your friend, or read the chiropractic literature with an open mind, you would have discovered what millions of people already know—in case after case, sickness after sickness, and disease after disease, **CHIROPRACTIC PUTS AN END TO SUFFERING!**

Contrary to the preconceived notion of many Americans, chiropractic is not only for sore backs. Chiropractic health care has proved invaluable to sufferers from allergies, anemia, acne, arthritis, asthma, bursitis, constipation,

colds, deafness, epilepsy, diarrhea,

rheumatism, gall bladder trouble, paralysis, indigestion, vertigo, liver problems, nervousness, neuralgia, sciatica, tonsillitis, high blood pressure, kidney disorders and many more ailments too numerous to mention. In fact, if you sit in a chiropractor's waiting room for any length of time you will hear testimonials from patients on how the doctor has cured everything from hiccups to heart disease. The truth is that any chiropractor who is "worth his salt" cannot and will not accept any credit for curing the patients' sicknesses. A disease is "cured" when the vital nerve impulses flow freely from the brain to all parts of the body, thereby allowing the body to heal itself.

Which brings us to the chiropractic principle.

Life exists in the human body and uses the brain as its headquarters and power plant. The brain generates powerful life-giving energy sending it down the spinal cord, which is housed by the spinal column or backbone, and out the spinal nerves to all parts of the body. These life-giving nerve impulses supply the energy required by the body to carry on its normal functional activities.

The body can function properly and will be healthy if its nerve channels are free and unobstructed. However, if the flow of this powerful, intelligent nerve force is altered, either in quantity or quality, by physical obstruction or negative mental qualitative interference, disharmony, imperfection and disease are the inevitable results.

Nerve interference is caused when one or more of the 24 movable vertebrae in the spine becomes thrown out of its normal alignment in relation to the vertebrae above and below, putting pressure on the nerves that exit through openings in

the vertebrae, or directly on the spinal cord. This misalignment is known as a subluxation and is the main source of disease in the human body.

The causes of subluxations are many. Any sudden jar or jerk of the spine can cause nerve interference. Even simple nervous tension can twist and contort the spine, causing interrupted flow of nerve energy. It is necessary for a chiropractor to locate and eliminate these subluxations of the spinal column to allow the life source to flow unobstructed to every part of the body. When this happens, the body will return to a state of good health.

A chiropractor corrects subluxations by exerting gentle pressure on the misaligned bones, causing them to return to their normal position. This exerting of pressure, by hand only, is a spinal adjustment.

While other forms of therapies strive to cover up and treat symptoms such as pain, chiropractic attacks the cause of sickness and disease. Pain is the body's way of

letting us know that all is not well. It is a signal that there is a roadblock somewhere between the brain and the body—a restriction of the flow of the vital life force that is required for all parts of the body to function normally. Drugs do absolutely nothing to eliminate the cause of disease.

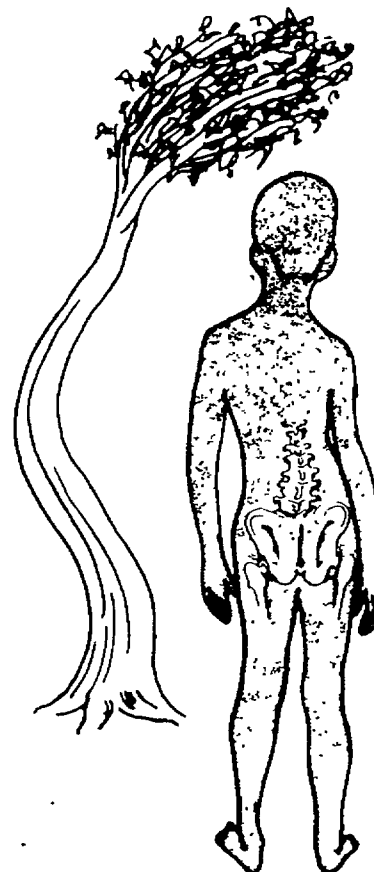

So, if you are about to give up hope and accept pain as a normal condition, consult a chiropractor. He is an expert in his work. His profession has, from its very beginning, advocated spinal adjustments for the restoration of health. His methods are the most advanced of all the healing arts known to man. The choice is yours. Are you going to continue feeding your body drugs to treat symptoms rather than causes, or do you wish to improve your health with a drugless method that is well on its way of becoming the largest healing art in the world? You are the only one who will benefit or suffer with your decision. Please choose wisely.

DR. NICHOLAS DOINIDIS

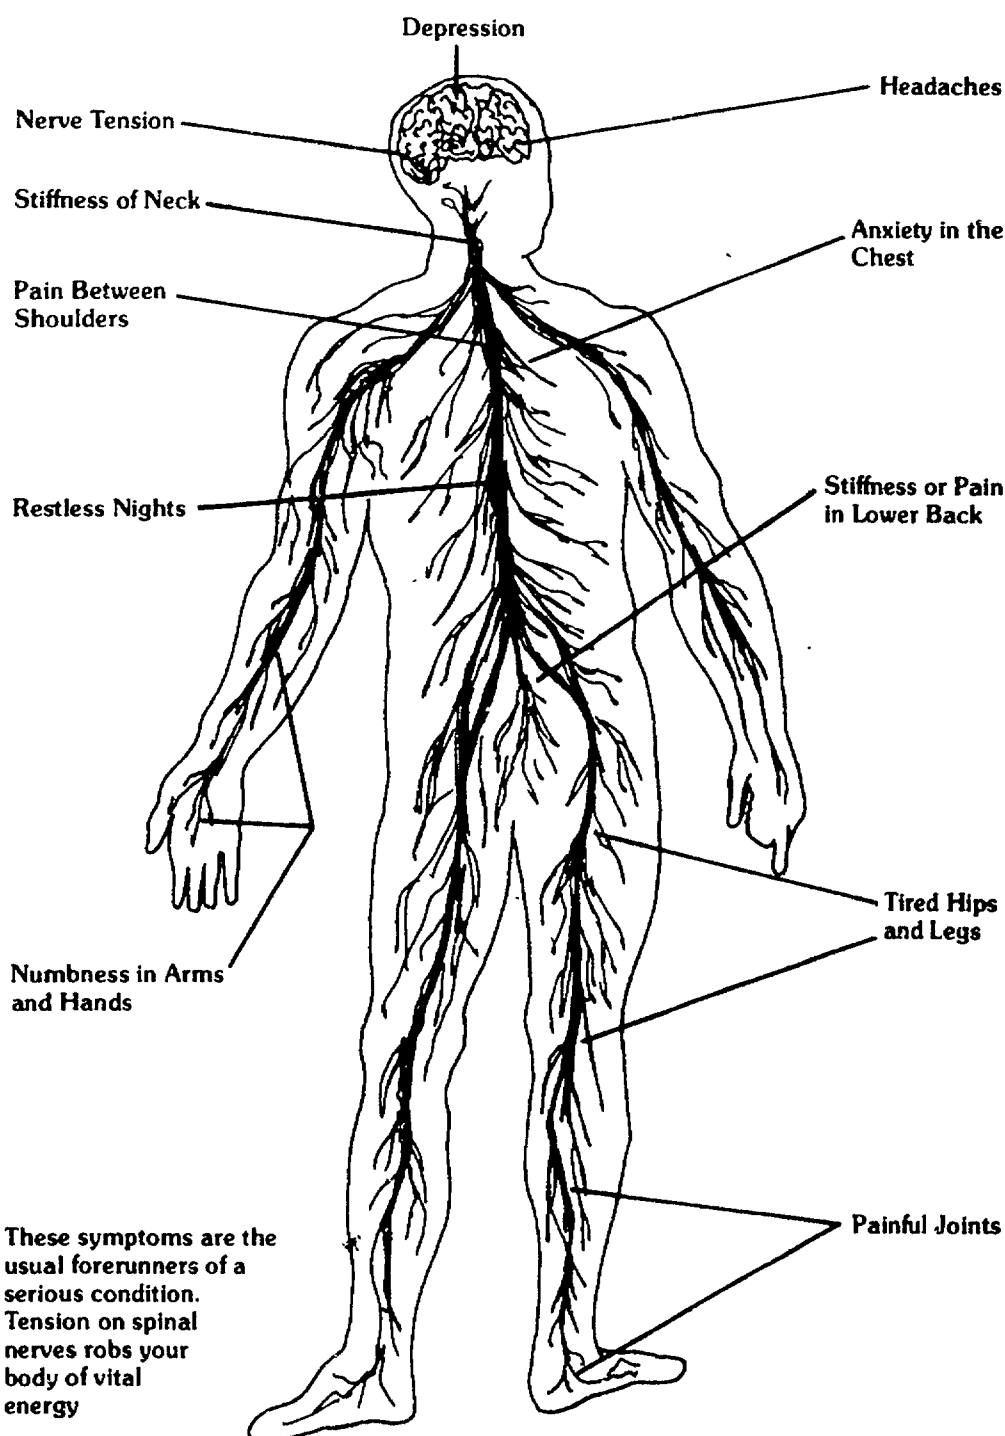

As a twig is bent so grows YOUR CHILD'S SPINE

The condition of your child's spine and nerve system during the early formative years may determine his or her whole future health. Children do suffer misalignments of the spinal vertebrae through falls, sports or minor accidents and stress. The onset of childhood, and later adulthood illnesses can in many cases, be traced to seemingly unimportant spinal injury. For this reason it is especially important that children's spine be periodically examined by a doctor of chiropractic. Prevention beats correction every time.

The average patient in our office spends less because the "cause" of his affliction is arrested. This includes necessary instrumentation, spinal x-rays, and office visits. With children, the average costs are considerably less because of a child's fast rate of response. **MANY PEOPLE SPEND MORE JUST FOR RELIEF ... PRESCRIPTIONS, PAIN RELIEVERS, TRANQUILIZERS ALL COST MONEY ... AND YOU STILL END UP SICK ... YOU HAVE SPENT MONEY AND TIME ... AND STILL HAVE THE TROUBLE ...** the old cliché that "You'll just have to live with it," or "It's your nerves" just doesn't make sense in a chiropractor's office ... **LET'S GET RID OF THE TROUBLE SO YOU CAN LEAD A HAPPY, HEALTHY LIFE ... you are entitled to it ... so why not have it?**

11 Danger Signals

The most valuable asset of a family is that everyone is enjoying good health.

Chiropractic has been the method of choice for restoring health and vitality to millions of families throughout the world. More and more intelligent people everywhere are realizing good health is gained and maintained only when a normal flow of nerve energy flows from the brain, down the spinal cord, and out between important spinal vertebrae to our vital body organs and tissues.

Baby Sally's colic may be caused by spinal pressure on the nerves which lead to the millions of glands that carry out the digestive processes. Gentle spinal adjustments are administered to normalize your baby's spine.

Mother's migraine headaches are usually caused by a severe spinal twist at the base of the brain. That's why the headache usually occurs on one side of the head. When mother becomes tense and excited the neck muscles tense up, pulling the vertebrae tighter against the spinal cord. Once the cause of her headaches is corrected, she will once again be the happy healthy, and loving mother she should be.

Dad's low back trouble may be caused by a wrenching of the lower spinal vertebrae and pelvic bones. Conditions of this type often respond readily to chiropractic care.

Pain, stiffness, and swollen joints indicate the presence of inflamed joints. Because chiropractors are especially trained to adjust spines and restore a normal nerve energy flow to all of the joints, the kidneys and adrenal glands, they have been highly successful in caring for arthritis and other disorders that affect the joints.

Junior may suffer with bed wetting, frequent colds, irritability, constipation, loss of appetite and many other conditions. Tension on the nerves in the neck may also affect his school work. Many parents report an increase in the scholastic ability following chiropractic attention.

High blood pressure over a long period of time causes a great strain on the circulatory pump, the human heart. It is often the predisposing factor in heart attacks or paralytic strokes. High blood pressure many times is caused by spinal pressure on nerves leading to the major blood vessels.

EDITOR'S NOTE

The accompanying testimonials do not mean to infer that the chiropractor cures or guarantees a cure to your health problem. They are to prove that by removing nerve interference, the human body will heal itself.

'Hey Doc,

What About My Family?"

That's a question that we have heard for years and we have now devised a plan to enable your whole family to enjoy the many benefits of good health.

Many times in the past, after being restored to good health through chiropractic care, our patients have asked about care for their entire family. "I just can't afford to have the entire family treated at the regular office fee," they say. Even though our \$10 office call is the very lowest in the area, we realize

that it can be a burden to large families.

So, to serve the needs of patients who do not have full family health care insurance, we are proud to announce the Family Health Care Plan which will make good health a family affair.

Under our new plan, which is in effect whenever two or more family members who do not have full family insurance visit us on the same day, the first

member pays only \$10.00, or the entire family for \$12.00.

We have designed this plan to extend good health to everyone. There is a genuine concern that families should stay healthy together. Good health is, indeed, a family affair and it is an affair to be remembered.

Take advantage of our new plan today. Call now — 348-7530 and ask about our Family plan.

Chiropractic Can Head Off Your Next Headache

What's the most common complaint that people bring to our Chiropractic Life Center?

More than half of the people who visit our office complain about headaches.

It has been estimated that there are over 200 different causes of headaches. Head pain can be a dull throb, a severe ache, a sharp, constant pounding or any variation in between. They may be classified as mechanical, functional, toxic and reflex. These are the most common types and they are caused by one common factor: nerve pressure.

When tension builds up in the neck muscles it causes tremendous pressure on the nerves. And that pressure is responsible for the headache.

Based upon scientific studies, every organ, gland, muscle and tissue of the body must be supplied with its quota of vital nerve energy. This energy, which originates in the brain, passes through the spinal column and branches out to every organ in the body. If these delicate nerves are subject to pressure, a distressing condition develops.

The Doctor of Chiropractic will correct this nerve interference and release the pent-up pressure that causes tension and headaches. Upon locating the misaligned segments of the spine your chiropractor will make an adjustment to restore the misaligned vertebra and remove the pressure on the delicate nerve trunks.

When this pressure is relieved, the vital nerve energy will flow unchecked and tension that builds in the muscles is relaxed. All glands, muscles and body parts will begin working together. Headaches are very rare in the human body under these conditions.

If you're plagued with headaches let your chiropractor help. He'll relieve the pressure, relax the tension, relieve the pain, and restore your good health.

WE'RE A CHIROPRACTIC FAMILY

My husband used to come home feeling tired and run down from his sheet metal job. And occasionally his back hurt him also. A relative told him to go see a chiropractor. He decided to give it a try even though he knew nothing of chiropractic. After 3 adjustments his backache was gone and he felt a "zip" in his life.

No one had worse headaches than me so I decided to get regular adjustments also. Am I glad I did because now my aspirin bottle is never used. Fighting headaches naturally with chiropractic adjustments makes more sense than masking the pain with a pill.

My 2 children are as healthy as can be but I still take them for their regular adjustments. Why wait until they get sick. And with Dr. Doinidis' family plan we couldn't go wrong.

What a wonderful world this would be if everyone switched to this drugless method of healing. Why not turn yourself and your loved ones on to chiropractic.

The Addis Family

NO MORE HEADACHES

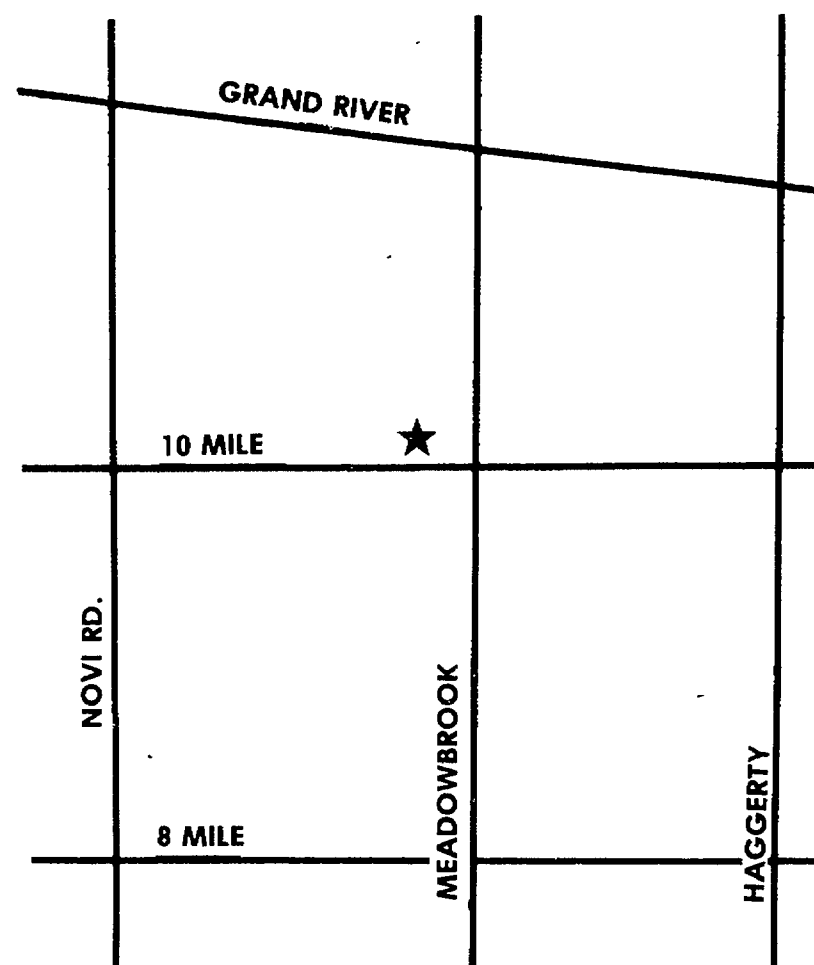

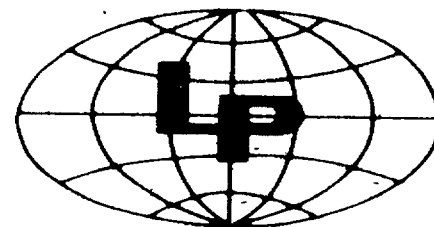

I used to have headaches that occurred every day. I tried other doctors but all they did was give me bottles of pills that didn't work. Finally I started getting adjusted by Dr. Doinidis. In a short time my headaches were gone and I felt a lot stronger and healthier. Dr. Doinidis said that my problem was in my neck and that his adjustments simply relieved the nervous interference.

My husband Jim had problems with nervous tension in his shoulders so he started getting adjusted by Dr. Doinidis also. He feels great so now we get adjusted just to keep feeling great.

Thank you,
Sylvia Gotsis
