

# Group homes offer new life for mentally retarded

By KEN KOVACS

Everyone should have the opportunity to develop to his or her full potential. No problem, you say, everyone in this country has that opportunity. Not so if you are one of Michigan's 270,000 mentally retarded residents.

"When they see a kitchen maybe once a week—in institution education classes—how can you expect them to be able to cook?"

The opportunities for those who are developmentally disabled — and probably have spent most of their lives in an institution — have been very limited. But things are looking up. Community placement units, such as the one at the Northville Residential

Training Center, hope to do away with institutions all together, eventually.

The Northville unit — one of three in Wayne County — is planning to open six contract group homes and one Alternative Intermediate Services (AIS) home this summer in Western Wayne County — which includes Northville, Northville Township, Plymouth, Plymouth Township, Livonia and Westland.

(Existing homes which will be converted to group homes are called contract homes. Newly constructed barrier-free residences are called AIS homes).

For approximately 1,200 mentally retarded Michiganders placement units hope to move to group homes and other living arrangements in the community this year, these homes and others will provide them an opportunity to become a functioning part of society.

"Many of these people don't have an identity," said Denise Horvath, educational-recruitment coordinator for the Northville placement unit. "When they see a kitchen maybe once a week — in institution education classes — how can you expect them to be able to cook?"

"If they are in contact with a kitchen setting everyday at their living quarters they will have a much better

opportunity to learn," she said. "And it's the same for learning other things needed to become a functioning part of society."

The emphasis on "normalization" of mentally retarded persons does not mean that residents of the group homes will become what we know as "normal," Horvath said.

"It simply means that a normal environment will serve as a major factor

in encouraging and developing 'normal' behavior."

Laima Starwas, who has worked at various state mental health facilities for more than six years, is the director of the Northville placement unit.

She said when homes are sought out they try to match an area with a functioning level of clients.

"We do look at the community when we select clients to live in a particular

home," she said. "We wouldn't pick people who are very low functioning for a highly populated subdivision."

"A rural, less populated area would be more appropriate."

The 200 Michigan group homes the department of mental health plans to open in the next two years will provide the intensive level of care required to meet the needs of mentally-retarded persons with physical and/or sensory

handicaps, Starwas said.

She said the homes also will serve those with a low level of self-help skill development, persons who require continuing intensive training in such skills as eating, grooming, dressing or social interaction.

There is no provision to serve persons with related medical problems who require intense medical supervision, however.

Brown-and-tan Victorian residence at 304 South Main is slated to be replaced with new building

## Site plans disclosed for Bealtown business

Wednesday the City of Northville Board of Appeals is expected to review plans for a new building requested for 304 South Main.

Owner Gino Rimanelli of Livonia appeared before the board at its last meeting with site plans for a building to be built on the lot on the southwest corner of Main and Beal.

The brown Victorian house with tan trim on the property is slated to be torn down to make way for the commercial building.

The property now is zoned commercial but is in the Bealtown area for which city planners recommended a professional, business, office (PBO) classification after a public hearing April 15.

The recommendation was not accepted last week by the city council, and the matter is back before the planning commission to be discussed May 6.

The city is suggesting that a new zoning classification be considered.

Rimanelli, who owns a barber shop in Farmington, has stated that he also does wig work and is considering having a retail store in Northville on the site. He has asked permission to build a retail store and office building.

His request came before the board of appeals as the building would be located too close to an adjoining residence.

Because it is a corner lot, the property has, in effect, two front yards, and Rimanelli is seeking to move the proposed building to give the required footage from the residence.

While the South Main area currently is zoned to permit commercial, the planning commission has revised its master plan (future projection) for the area to reflect the renewed interest in maintaining the Victorian houses as residences.

On the advice of Ronald Nino, city planning consultant, the planners felt they were taking a "realistic" view in recommending the PBO zoning. Nino stated that in this zoning old residences often were retained to house offices, whereas, in commercial they usually were torn down.

He cited it as a means of preserving old homes.

Residents in the area who attended the meeting were divided in opinion about the planned change. Those who live on South Main indicated they wished to preserve the commercial zoning

for higher resale. Residents of Yerkes supported an entirely residential concept or, if necessary, the more restrictive PBO.

Adjacent to the property coming before the board of appeals is a freshly painted blue-and-tan residence. Across Beal is a home being used as an office by BEMS Energy Management firm and Cannon Hearing Aids.

At the May 7 meeting the board of appeals also will hear a request from Michigan Bell Telephone Company for an addition to its building on North Center.

## That's not sick — that's science

By ELLEN SPONSELLER

The hit of the Meads Mill science fair for visiting elementary students undoubtedly was Denise Colovas' dissected fetal pig.

"Ooh, gross," Silver Springs fifth and sixth graders hollered as they crowded around the display last Wednesday afternoon.

"That's sick, poor little pig," someone else said, glancing on with keen interest.

"It's kind of neat," said others, straining to see.

"Ok, lets get away from the pig," a teacher commanded. "That's enough. There are other projects to see."

He was right. More than 235 projects

in the biological and physical sciences were entered in the triennial Meads Mill science fair.

The fair was judged April 21 by the same group of teachers, parents and administrators who judged the Cooke Junior High science fair in February.

"We gave students a whole list of ideas," said Norm Hannewald, chairman of the science department. "Judging was based upon 30 percent scientific thought, 30 percent creative ability, 15 percent thoroughness, 15 percent skill and 10 percent clarity and appearance."

Hannewald said he encouraged parental involvement in the students'

## And who should be president?

## Iran: what do you think?

Northville residents are just as confused as the President and his advisers are about how to free American hostages in Iran, and most of them do not like any of the presidential choices, an informal Northville Record survey shows.

Fourteen city and township residents — picked at random — were asked on Monday and Tuesday, "What do you think the United States should do now in Iran?"

"First, I think they should continue with economic and political sanctions to the fullest extent. If it cannot be peacefully settled we should resort to military action," said Elizabeth McCarville, 15840 Fry.

"I'm definitely against any force," said Marguerite Young, 905 Spring Drive.

"Now that they have the hostages spread all over I don't think we have a chinaman's chance of getting them out. I think we should proceed with diplomatic methods at this time," said David Ryan, who works at 145 Cady.

"I am very opposed to military action," said Jim Steel, 103 North Center. "Going to war with them is out of the question. We should continue economic sanctions. I get scared when I hear people say, 'nukes'."

"I don't think our military should have gone there in the first place," said Pauletta Edwards, 15415 Northville Forest. "Even if we would have been successful a lot of people would have been killed."

"We shouldn't try what we tried last time," said Jeanne Pierman, 44116 Galway. "We should stick with economic, not military sanctions. I don't approve of what Iran is doing to the bodies of the men who were killed there."

"We should continue the original policy of trying sanctions, not force," said Fred Stockwell, 42147 Roscommon.

"Well, we tried to get them out and failed. We should try to get the hostages out but I don't know how," said Irene Adkins, 17421 Ridge.

"That's a loaded question," said Peggy Kozler, 49030 Ridge Court. "I think they should take military action now."

"We should just lay back and let diplomatic channels take their course," said Jennifer Gadberry, 18423 Jamestown Circle.

"I think it is too bad the rescue attempt didn't work. I think they should play it cool for awhile then try again," said James Osborne, who works for the Northville City Police Department.

"I don't listen to it anymore," said Violet O'Keefe, 235 First. "It got so dull I stopped watching. It's all the same thing."

"That is a problem I get a headache thinking about," said Mrs. Edward Riley, 125 Walnut. "I don't know what we should do."

"I really don't have a definite opinion," said Mary Vallance, 47100 Maplebrook.

When asked the question, "Who do you think should be President?" our reporters received a host of names, many of which will not appear on the ballot.

"None of the above," joked Mrs. Gadberry. "John

## Legislature is reviewing bed cutting

The Michigan legislature has 90 days to debate the merits of a controversial hospital bed reduction plan which, among other things, would reduce St. Mary Hospital in Livonia's capacity from 304 to 250 beds.

Eight committee members, roughly half from Detroit and half from suburbs and rural areas, were elected by the house and senate last week.

Senator Robert Geake (R-Northville) will sit on the committee, as will Representative Sandy Brotherton (R-Farmington).

Senator Edward Pierce (D-Ann Arbor) and Representative Ray Hood (D-Detroit) are co-chairmen of the committee.

Suburban interests will try to prove the bed reduction plan favors large regional centers at the expense of community hospitals. City interests will maintain that the plan will consolidate services and make for a cheaper health care system in the long run.

"This issue is so hot that nobody was able to agree how many people should sit on the legislative committee," Brotherton said last week.

"The senate could not decide upon five senators to name to the committee, so increased the number to seven. Then the house increased its number to eight, then the senate added another member."

"So I think everybody is satisfied

## City council faces big cutting task in budget

If Northville City Council wants to keep expenditures within the 13.3 percent guideline, it will have to cut nearly \$96,000 from the proposed budget now before it.

Council got its first look at the general expenditure budget, proposed by City Manager Steven Walters, on Monday. It was to continue its studies of the \$2,165,612 proposal Tuesday.

Possibly, council will set a public hearing for the budget on Monday. If it does so, a tax levy will be proposed at that time.

As it is presently proposed, the budget would require a tax levy of 14.82 mills to raise the necessary revenues to cover the budget.

The 13.3 percent guideline suggests the millage rate be pegged at 13.42. In 1979 the tax rate was 14.13 mills. There

is no law compelling council to not exceed the 13.3 percent increase, although earlier when discussing and eventually approving the recreation budget council indicated a desire to limit the increase to the Consumer Price Index (13.3).

The tax limiting Headlee Amendment, based on the CPI guideline, reduces the maximum millage the city may levy — from 20 mills provided by city charter to 18.73. The city has never approached the maximum levy so, technically, Headlee has no real clout in the city.

It is the "spirit" of Headlee that council appears to be considering.

As presently proposed, the 1980-81 budget would exceed the 1979-80 anticipated expenditures by \$132,791.

#### A SPRING GARDEN

somewhere in the community is going to be chosen Garden of the Month for May in a new project of Country Girls Garden Club, an affiliate of the Woman's National Farm and Garden Association. "We're hoping residents will recommend special gardens in their neighborhoods," explains Mariann Batzka, chairperson, who may be called at 420-2799. Each month during the growing season of May to September the club plans to cite an outstanding garden.

#### A FAMILY who would enjoy

having an exchange student for four months is being sought for Anna Jooste, Northville Rotary's first student from South Africa. On the program, Anna is scheduled to move to a second host family in mid-May and to rotate to a third home from September to January. Chuck Mann, 349-5400, may be contacted. Rotary supplies spending money for its students with hosts responsible for food and lodging.

REGULAR MEETING of city council slated May 19 has been changed to Tuesday, May 27 because of a conflict with the scheduled Mayors' Exchange during Michigan Week. Northville exchanges with Davison this year.

THE NEXT city election will utilize only three precincts. Precincts 1 and 2, voting at the city hall, have been combined to be called Precinct 1. Precincts 3 and 4, voting at Amerman, will become Precincts 2 and 3.

These young scientists garnered first place ribbons at the Meads Mill science fair last week. From bottom left, they are: Neil Chowdhury, Cris Kulha, Jacki Nicols, Mark Leinomen,

Kim Abraham, Carole Anderson, Ray Kiplinger, Kris Harris, Denise Colovas, Valerie Salvatore, Khris Korowin, Kris Petit, Karen Thompson.

## Science fair produces host of winners, prizes

Continued from Page 1

projects. "We just want to make sure the parents aren't doing the project," he said.

Neil Chowdhury was a winner in microbiology when he tested several brands of toothpaste to see whether they kill bacteria. They don't, he concluded.

Valerie Salvatore found that though plants can survive in water without animals, snails cannot survive without plants.

Botany winners Khris Korowin and Kris Petit tested plant growth when oil and gasoline were placed on the soil as compared with a regular plant (the plants with gas and oil turned black and died, proving you should not water your petunias with STP).

A student studied how long it took for jars of peas to get moldy, observing that on the fourth day the peas in the jar on top the refrigerator were getting "shriveled up." Another curious scientist made her goldfish drunk by putting white wine and pure alcohol on its tail and observing the slowed blood flow. "After the alcohol, he just laid on the water," she reported. The real fish, presumably "drying out," wasn't at the exhibit.

Winners, in order of place and subject were:

Electricity: Chris Kulha, Jody Brumett, Jane Hodgson, Scott Yaeke, Teri Goehmann. Honorable mention:

Brian Worth, Dan Wilkinson, Patty Tomjack, Eric Wheatley, Ira Bonstein, Kevin Hite.

Chemistry: Ray Kiplinger, Vicki Skuratowicz, Kathy Jacob, Saumya Bhavsar, Craig Miller. Honorable mention: Dan Good, Mike Hayes, Tina Barnes.

General Physics: Kim Abraham, Halley Mallette, Sue Doyle, Abdhish Bhavsar, Mary Beth Landrum. Honorable mention: Chris Willner, Scott Thomasson.

Light Physics: Mark Leinomen, Jeff Cramer, Eric Creekmore, Kris Berlin.

Earth and Space: Karen Thompson, Michelle Craig, Kara Zolbak, Kathy Korowin.

Human: Carole Anderson, Marianne Rothermal, Sarah Stock, Pam Khoury, Beth Henningsen and Sue Bosanko. Honorable mention: Craig Towalski, Kathy Niemiec, Cindy Dehof, Marnie Horngren, Drew Paredes, Jody Burns.

Microbiology: Neil Chowdhury, Anne Wertheimer.

Zoology: Denise Colovas, Sean Morrissey.

Botany: Khris Korowin and Kris Petit, Jerry O'Brien, Sandra Vincenti, Beth Pappus, Kim Herrington. Honorable mention: Holly Pope, John Pappus, Danielle White.

Natural History: Kris Harris, Angi Butterfield.

General Biology: Valerie Salvatore, Don Graham.

General Engineering: Jacki Nicols, Mike Nelson, Kurt West, John Knauss.

## Bed reduction planned

Continued from Page 1

upon eight members from the senate and eight from the house," Brotherton said.

Other members of the committee are Senators Bill Huffman (D-Madison Heights), David Holmes (D-Detroit), James DeSana (D-Wyandotte), Gilbert DiNello (D-East Detroit), Donald Bishop (R-Rochester), and Michael O'Brian (D-Detroit).

Representatives who will serve on the committee include Barbara-Rose Collins (D-Detroit), David Evans (D-Mt. Clemens), Bela Kennedy (R-Bangor), Gary Vanek (D-Royal Oak), Jeffrey Padden (D-Wyandotte) and William Bryant (R-Grosse Pointe Farms).

During the next 90 days the committee will conduct public hearings and meetings to test the fairness of the bed reduction plan.

Plus Program language classes

# Guten Tag, Bonjour and Holá

The students recite their lesson: "Bonjour, madame, comment allez vous? Tres bien, merci, et vous?"

In another room: "Guten tag, Herr Braun. Wie geht es dir? Danke, es geht mir gut. Und dir?"

You see, mon ami, learning a foreign language isn't just for high school anymore.

"The gifted students at all four elementary schools are learning French, German and Spanish," said Plus Program Director Gayle Fountain. "The classes I have observed are going very well."

Twenty-eight third and fourth year language students from Northville High School are teaching conversational languages to 125 to 130 kids in the Plus Program.

"Those high school kids are so enthusiastic," Fountain said. "It is a mutual gain for both the teachers and students."

The classes began with the second semester and will end soon. Twice a week, parents transport the high schoolers to the elementary schools, where they conduct language sessions. The classes are optional for plus program students.

"They learn conversational phrases, counting and names. We had this program last year, too. We've found that students retain a lot of what they learned last year. They are very interested in this," Fountain said.

The NHS student instructors come from the classes of German teacher Gail McDonald, Spanish teacher Emily Manchot Serafa and French teacher Marie Hopkins.

Und da, amigo, ist alles.

Spanish is easier for Plus Program students at Moraine with a little help from Northville High School teachers Paul Cook and Karen Robinson. The two give conversational Spanish lessons to Robert Gaines, Patrick

Beemer and Ronnie McDonald as part of an elementary school program for gifted students. Other elementary students are learning French and German.

## Red Cross comes out for blood

An opportunity to help those suffering from heart disease, leukemia, and hemophilia is being offered to city and township residents.

Your donation also could be used to help victims of accidents or mothers in childbirth.

The annual American Red Cross Blood Drive is scheduled for tomorrow, May 1, from 2 to 8 p.m. at the First Presbyterian Church, 200 Main.

The Northville Jaycettes, who will be assisting Red Cross volunteers by registering donors and serving a meal to volunteers, are asking eligible donors to give a pint of the precious liquid which is needed by patients in 75 hospitals in southeastern Michigan.

All blood used in these facilities is obtained through volunteer donations. And the goal of 110 pints may be

harder to reach this year.

"We really are going to need more donors this year," said Joan Kinnelly of the Northville Jaycettes. "We are running into some problems."

"We have contacted some of last year's donors and a number of them said they recently gave at another location and will not be eligible on May 1," she said. "We hope we can recruit some new donors and reach our goal."

Anyone between 17 and 66 who is in good health and weighs a minimum of 110 pounds may donate.

You can give blood once every 56 days.

Last year the drive here produced just under 100 pints, Kinnelly said.

To register as a donor call Joan Kinnelly at 349-8026 or Marion Wilcox at 349-7358.

**QUICK HANDS**—Children's author Alfred Slote takes time to autograph a student's copy of one of his books after speaking to a group of sixth grade writers at Amerman Elementary Friday. Amidst stories of the catcher with "quick hands" and the princess who wouldn't talk, Slote managed to slip in a few more serious messages about reading.

## Children's author tells kids how to be writers

Children's author Alfred Slote claims his books sell well because he has an 11-year-old mind.

"I know if I can understand my books, the kids will, too," he told a group of young Northville authors Friday.

Slote talked to area fifth and sixth graders at Amerman Elementary who paid rapt attention as the 54-year-old writer told them if they want to be authors they have to believe in themselves and not be afraid of failure. "I could paper these walls with rejection slips," he said. "I've had publishers and teachers who told me I couldn't write. But I had to believe in myself. Nobody's successful all the time. You can't be afraid to fail."

Slote, executive television producer for the University of Michigan, wrote adult novels until he was 42, when he realized that his real talent was writing "sports fiction" for children aged 8 to 12.

"I think television is a powerful medium," he said. "But if you just watch TV all the time, you'll grow up to be a dumbhead, because you'll get all the pictures from television instead of seeing them in your head like you do

when you read."

He told the students that to get a book published, they have to persevere.

Slote said he started writing when he was 12 years old. His first book, an adult novel, was published when he was 25.

He told the children that an author cannot make a living by writing, unless he sells his work to television or films.

"You have to write, then go back and polish the book. You have to rewrite. I write about what I know, and also what I'm a stranger to."

Several of Slote's baseball books are set in Ann Arbor, where he lives.

Slote said he always is working on a book, writes regularly every morning, doesn't mind being interrupted while he is working and thinks writing is fun.

"The most important thing for a writer is to keep writing," he said. "I found out at age 42 that I have an 11-year-old mind. It's a funny thing to admit. My adult novels sound like other author's novels. But for better or worse, I found something that I do, something that if the cover was ripped off my book and someone started to read it in the middle, they would know, this was written by Alfred Slote."

## In Uniform

Douglas A. Behrend, son of Mr. and Mrs. Douglas O. Behrend of 510 Morgan Circle, has been promoted in the U.S. Air Force to the rank of technical sergeant.

Sergeant Behrend is an avionics systems technician at Fairchild Air Force Base in Spokane, Washington. The sergeant is a 1967 graduate of St. Agatha High School.

Private Joseph E. Schimpf, son of Mr. and Mrs. John T. Schimpf, 1016 Springfield, recently was assigned as a

# Agility on the top . . .

## Picture story

By Jane Hale

# . . . Mud on the bottom

"You get nervous for the first few minutes every day you get up there...and then you don't pay any more attention to it," explains ironworker Dan Horan, Jr. (right) of Fenton. "The worst is working up real high on a windy day." The last couple weeks haven't been too bad in that respect; foreman Tim Brown (left) and Burk Klein (above, left), both of Milford, and the rest of the crew have been working on what will be a new three-story office building off Haggerty, just north of Eight Mile. Biggest hindrance lately has been the rain...and where rain falls, mud follows.

# Retiring planner recommends larger lots in township

By KEN KOVACS

The time-consuming job of updating the 1974 Northville Township Zoning Ordinance began at a study session Saturday as planners reviewed the planning consultant's initial recommendations.

Following an announcement that he will retire in July, George Vilican explained the proposed ordinance changes to planners — including new commission members Patsy Wright and Dorothy Gay, participating in their first regular commission study session. "The most dramatic change in the zoning ordinance is in lot sizes," Vilican said.

In accordance with the Master Plan of Land Use, planners are seeking to decrease the projected ultimate population of the township by some 10,000.

This is accomplished by requiring larger lots through the zoning ordinance, effectively decreasing density.

The proposed changes would increase

an R-1 (single family residential) district by half an acre — from one acre to one and one half acres — for a plot without public utilities and from 30,000 square feet to one acre for a parcel having public utilities.

The changes proposed for R-2 and R-3 districts — also single family designations — include increasing the square footage in R-2 from 16,000 to 18,000 with public utilities.

"We are going to cost the builder some money," Vilican said. "But the cost increase will probably be less than nine percent," Vilican and William Mosher, township engineer, agreed.

Vilican said he expects a lot of rezoning requests (from R-2 to R-3) if this change is adopted, but he told planners that in his opinion the township easily could defend them in court.

William Bohan, commission vice-chairman, challenged the proposal, arguing that it would defeat the purpose.

"I can see hundreds of requests to go to R-3," he predicted. "We would end

up with reduced lot sizes. Maybe we want to consider raising square footage in R-3."

A compromise planners tentatively agreed upon was to keep R-2 square footage at 16,000 and increase R-3 from 10,200-square feet to 12,000 square feet.

Also, lot widths would be increased substantially in R-1 and R-3 but would remain essentially the same in R-2.

Lot frontage would be increased by 50 feet in each of the districts — 35 to 40 in R-1, 30 to 35 in R-2 and 25 to 30 in R-3.

Minimum sideyard setbacks in R-1 would remain at 15 for one and two

could total no more than 30 feet.

R-2 sideyard minimums would be increased from eight to 12 feet for one and 20 to 24 for two.

An increase from 8 to 11 for one sideyard and 20 to 22 for two would be allowed in R-3 districts.

A new ordinance requirement introduced by Vilican under the Subdivision Open Space section would require a public hearing be held when a developer submits his open space plan to the township.

"It is not mandatory, but I suggested it because of the concern expressed by

some residents in the past," Vilican said. "Green space is very critical."

Bohan said he likes to see the public involved as much as possible, but questioned whether, in this case, it would really be necessary.

"I hate to see regulations just for regulations sake," he said. "I can see many instances in which no one will really care."

A suggestion introduced by Commissioner Bernard Baldwin seemed to be acceptable to other planners.

"Why don't we just notify the adjoining property owners," he said. "They

are the ones who would be concerned if anyone was."

Other proposed ordinance changes discussed included:

— Increasing the park and recreation area required in a subdivision from 4 to 3 acres.

— Not including any surface water areas in the computation of open space.

— Deleting R-1 districts from current density requirements under Planned Neighborhood Developments.

Planners have set May 17 at 8 a.m. as a tentative date for their next zoning ordinance study session.

## School trustees suspend student

A 15-year-old boy will be suspended for the rest of the school year for drug violations.

The Northville Board of Education upheld the findings of a hearing officer in recommending the suspension Monday night.

"We are upholding the hearing officer's decision in recommending suspension under section K, being under the influence of and in possession of controlled substances," read Trustee Chris Johnson (a city police report said the boy was found with 16 white pills, later determined to be hallucinogenic, and a small amount of marijuana).

This case is the first test of a new student code of conduct adopted by the school district last summer in which a suspension of more than 20 days or expulsion can be disputed all the way up to the school board.

When the boy was suspended from school March 18 by Northville High School Principal George Aune, he and his parents requested a hearing with a hearing officer from the school district.

Burton Knighton, assistant superintendent for administrative services, acted as hearing officer before the boy, his parents and their lawyer.

When Knighton upheld Aune's decision, they appealed for a hearing before the school board. The board met with the family last week and heard their case.

On Monday night the board recessed into executive session for 20 minutes while they deliberated. When they returned, they agreed 6-0 to uphold the suspension. Board Secretary Richard Barron was excused from voting since he was absent from the hearing.

In another legal action, the board of education voted to ask for legal aid from the Michigan Association of School Boards to appeal a civil rights commission ruling.

The board has a July court date in circuit court in which it will fight to keep from paying a former Northville teacher 14 days sick leave she took when she was pregnant.

The civil rights commission ruled in January that the board must "cease and desist from discriminating against female teacher Mary Ellen Shaugnessy" and pay her for time she took off to have her baby in October, 1977.

The district contends that anti-discrimination laws did not go into effect until May, 1978, and that the law should not be applied retroactively.

The district fears if the ruling is upheld that many other teachers will apply for back wages for when they were pregnant.

If the MASHB helps pay for the litigation, the school board agrees to keep the association informed of the case and seek its advice before decisions are made.

## Two on GUSC dean's list

Two Northville students were named to the winter term dean's list at Grand Valley State College, the college has announced.

Leslie Kresin and Gregg Swayze both achieved at least a 3.5 grade point average while carrying a 15-credit hour course load.

They were among 300 students named to the honor roll.

## Two area residents earn degrees at NMU

Two Northville residents received degrees from Northern Michigan University in Marquette Saturday.

Joyce Kochans, 21325 Woodhill, received a bachelor of science degree.

Degrees were awarded to 671 persons in the commencement exercises. The graduation address was made by Congressman William D. Ford (D-Michigan).

David Harrington, 18327 Jamestown, received a bachelor of science degree in law enforcement.

The City of Northville will receive bids for one (1) Electronic Cash Register until 11 a.m. on Monday, May 5, 1980, at which time they will be opened and read.

Bids should be submitted in the bid forms provided, in a sealed envelope marked "Cash Register Bid", to:

City Clerk  
215 W. Main Street  
Northville, MI 48167

The City reserves the right to reject any or all bids, and to waive irregularities in the best interest of the City.

Steven L. Walters,  
City Manager

## CITY OF NOVI HEARING ON PROPOSED USE OF REVENUE SHARING

The City of Novi will hold a public hearing at the City Offices, 45225 W. Ten Mile Road, Novi, Michigan on Friday, May 2, 1980 at 4:00 p.m. for the purpose of obtaining written and oral comments from the public on the proposed uses of revenue sharing funds in the upcoming budget for the fiscal year 1980-81.

All interested citizens, groups, senior citizens and senior citizen organizations are encouraged to attend the hearing. Persons attending the hearing shall have the right to provide written and oral comments and suggestions regarding possible uses of revenue sharing funds.

Following is important planning information for the proposed use hearing.

Amount of revenue sharing funds expected to be received during the upcoming fiscal year \$49,000.

Geraldine Stipp, Clerk

## AB — ADVERTISEMENT FOR BIDS

The Board of Education of the Northville Public Schools, Northville, Michigan, will receive sealed Proposals for a new aggregate surface running track, football field and field events project at Meads Mill Middle School located at 16700 Franklin Road, Northville, Michigan. Also included is related miscellaneous asphalt paving work and an alternate for tennis courts on existing paving.

THIS IS A REVISED PROJECT ORIGINALLY BID OCTOBER, 1979.

Proposals will be received until 3 p.m., Tuesday, May 6, 1980 at the Board of Education Office, 501 West Main Street (Second Floor), Northville, Michigan at which time and place the proposals will be opened and publicly read aloud.

Single proposals will be received for a General Contract for all work.

Drawings and Specifications may be obtained on and after April 22, 1980 at the office of the Architect, St. Cyr Architect and Associates Inc., 10833 Farmington Road, Livonia, Michigan.

A deposit of \$30.00 will be required for each set of drawings and specifications. Bidders returning their sets in good condition within ten (10) days after the bid opening will receive a full refund.

Drawings and Specifications will be on file for reference at the office of the Architect and Detroit offices of Dodge Reports and Builders Exchange.

Proposals must be submitted on forms furnished by the Architect and must be accompanied by bid security in the form of a certified check or bidder's bond payable to the Board of Education of Northville Public Schools, for a sum not less than five percent (5%) of the amount of the proposal.

Bids cannot be withdrawn after the scheduled time for bid opening without forfeiting their security to the Board of Education.

In the event that the successful bidder fails to enter into a Contract with the Board of Education, this security must be forfeited to the Board of Education.

All proposals shall remain firm for a period of thirty (30) days after official opening of bids.

Performance Bond — Owner will require the successful bidder to provide Performance Bond in the amount of 100% of the Contract and Labor and Material Bond in the amount of 100% of the Contract.

The Board of Education reserves the right to reject any or all bids in whole or in part to waive informalities therein and take such action as it may deem in the best interest of Northville Public Schools.

BOARD OF EDUCATION  
NORTHVILLE PUBLIC SCHOOLS  
Richard C. Barron, Secretary

## NOTICE OF SPECIAL ASSESSMENT HEARING CITY OF NOVI COUNTY OF OAKLAND, MICHIGAN

TAKE NOTICE that the City Council of the City of Novi, Oakland County, Michigan, has determined it to be necessary to make the following described public improvement in the City of Novi:

S.A.D. No. 55 — Trans X Street Paving  
Improvements shall consist of constructing approximately 2500 linear feet of 36 feet wide 9 inch thick concrete curb and gutter roadway with associated underground storm sewer, inlets, catch basins, and manholes.

The City Council has determined that a part of the cost of the above described public improvement shall be assessed against the following described property abutting the above described improvement:

23-151-008	23-151-018
23-151-009	23-151-019
23-151-012	23-151-020
23-151-013	23-151-021
23-151-014	23-151-022
23-151-015	23-151-023
23-151-016	23-326-005
23-151-017	23-326-006

TAKE FURTHER NOTICE that the City Council has caused reports concerning said public improvement to be prepared, which reports include preliminary plans, profiles, specifications and estimates of cost of such public improvement, a description of the assessment district and other pertinent information, and these reports are on file in the office of the City Clerk and are available for public examination.

TAKE FURTHER NOTICE that the City Council will meet on May 12, 1980, at 8 o'clock p.m., Prevailing Eastern Time, at the Novi Public Library, 45245 W. Ten Mile Road, in the City of Novi, for the purpose of hearing objections to the making of such public improvement.

THIS NOTICE is given by order of the City Council of the City of Novi, Oakland County, Michigan.

Geraldine Stipp, City Clerk

## Police Blotter

# State hospital patient drowns at Hawthorn

State police are investigating the April 22 drowning of a Northville Regional Psychiatric Hospital patient.

Archie Taylor, 53, formerly of New Boston, apparently drowned while swimming at an indoor pool at Hawthorn Center, 18471 Haggerty, township police reported.

The patient and nine other state hospital residents were taken to Hawthorn by three attendants, one a lifeguard, according to police.

The attendants said Taylor was standing at the shallow end of the pool when they left briefly to let another patient into the restroom.

When they returned — not more than a minute later, they said — the found him face-down at the bottom of the pool.

Attempts by a hospital physician to revive Taylor were unsuccessful.

He was transported to St. Mary Hospital where he was pronounced dead on arrival.

The Department of Mental Health also is investigating the incident.

Two motorcycles valued at \$900 were stolen from the storage shed at a Franklin residence April 25, township police reported.

The bikes — a Yamaha and a Penton — were stored in the shed which is without a door, police said.

Currently, there are no suspects.

A seven-piece tea service valued at \$900 was reported stolen from a Silver Springs residence April 21, township police said.

A resident of the home told police she was in the basement when she heard noise upstairs, but just thought it was a family member.

Later she went upstairs to find the doorwall open and the tea set, which included a silver tray and teapot, missing from the dining room table.

The doorwall had been left unlocked, she told police.

A two-car accident April 23 on Eight Mile near Haggerty left a Detroit man with minor injuries, township police reported.

A vehicle traveling eastbound on Eight Mile, driven by LeRoy Walters of Detroit, attempted to make a right turn onto Haggerty from the passing lane, cutting off a vehicle traveling in the right lane, police said.

Walters' passenger Georgia Grech of Detroit suffered cuts and bruises.

Walters and the driver of the other vehicle, Elizabeth Blades, were not injured, police said.

Walters was issued a citation for making an improper turn.

A 15-year-old Northville Township resident was arrested April 25 for possession of marijuana, township police reported.

Police found the youth in the woods southwest of Edenberry, apparently attempting to bury the pot, they said.

He was released to his parents, pending the issuance of a juvenile court petition, police said.

A 16-year-old Northville High School student was arrested for breaking and entering at the high school April 27, city police said.

The youth had entered the building, which was locked, to get some notes from his locker, he told police.

He showed officers that even though the doors were locked, with a hard jerk it could be opened.

School officials were notified and said they will check the security system, police said.

Police said the youth was released to his parents, pending possible issuance of a juvenile court petition.

The windshield of a 1977 Chevy pickup truck was smashed April 28 while the vehicle was parked in the driveway of a Lake Street residence, city police reported.

The damage is estimated at \$100.

## College tuition up

By TOM LONERGAN

A tuition increase, which for most Schoolcraft College students will average \$12 a semester, will take effect in the fall semester.

The board of trustees, on a 5-2 vote last week, approved a \$1.50 increase in resident tuition to \$18.50 per credit hour.

A college spokesman said the typical Schoolcraft student who takes eight credit hours a semester will pay \$157 in tuition next fall, which includes student activities and registration fees. The

same student paid \$145 under the current tuition rate.

Trustees Harry Greenleaf, Nancy Blatt, Rosina Raymond, Richard Haward and Leonard Wozniak voted for the tuition hike.

Trustees Mark McQuesten and Michael Burley, who favored a different increase, voted no.

Non-resident student tuition also has increased \$1.50 to \$29 per credit hour.

Residents are students from the K-12 school districts of Northville, Clarenceville, Garden City, Livonia

## Fitness conference set

Continued from 6-A

structors, students, senior adults and individuals who head community, "Y", nursing home or other programs which provide physical activity for older and retired adults.

Registration for the conference begins at 8. Two morning workshops will follow Dr. Schomaker's address. Nutritionist Pamela Stander of the Dairy Council

of Michigan will present "Nutrition-It's Never Too Late," and health education specialist John Swanson will present "Smoking and Your Health."

After a luncheon at the Waterman Campus Center, an ExerciseDance for Older Adults demonstration workshop will be given by Phyllis Weikart, assistant professor, University of Michigan department of physical education.

Persons wishing additional information may call community services at 591-6400, extension 409.

## Students attend math competition

Young mathematicians from Meads Mill and Cooke Junior High went to Eastern Michigan University to compete in a university-sponsored math test Saturday.

Students who finished at the top of EMU preliminary math tests at both schools were eligible for the EMU competition.

Cooke Junior High administered the initial test a few weeks ago. Seventh grade winners were (first) Carolyn MacDermid, (second) Mike Wasserman, (third) Wendy Mackey, (third) grade winners were (first) Nancy Anderson and (tied for

second) Dave Borin, Dave Longridge and Jerry Pawloski.

Carolyn, Wendy, Nancy and Dave all went to the EMU competition Saturday.

At Meads Mill, students who scored highest in the initial test in March were eligible for the EMU test Saturday. They were Rob Workman, Karen Moore, Don Young, Cindy Parowicz, Suzy Terwin and Bob Guldberg.

Besides the test Saturday, EMU offered mathematics interest sessions and computer demonstrations.

## Biological clock adjusts itself

That hour of sleep you lost last Saturday night or Sunday morning as the nation shifted to daylight savings time probably didn't affect your biological time clock.

"I doubt that the difference would be very perceptible," says Schoolcraft professor Roger Sutherland, "because most people are not all that punctual, especially on a weekend."

Only someone on a very tight schedule would notice an hour's difference, the biology professor reassured.

The main thing to remember as the annual ritual of "spring forward and fall back" takes place is to reset your bedside clock. Your biological one will adjust itself.

## Administrator loses job

# ISEP bites the bullet

The effects of declining enrollment in the Institutions' Special Education Program were felt Monday as the Northville Board of Education did not renew the contract of Assistant Supervisor of Burger School Lelia Harris.

Harris has high seniority and tenure as a teacher in the ISE program, so will be eligible for a teaching position in September.

The board stressed that it was not her work, but declining enrollment in the program which caused them to not renew her contract as an administrator.

Under district contract, Harris could have requested a hearing before the board of education

about the non-renewal, but did not.

ISEP staffers may face more cuts similar to Harris' as enrollment drops even further within the next year. ISEP's enrollment has dropped from 505 in September to 475 in March. The district is predicting an enrollment of 425 next year.

The drop is a direct effect of Judge Charles Joiner's decision last August to cut the number of institutionalized handicapped at Plymouth Center for Human Development.

Plymouth Center's population was 560 in March. By September, population must drop to 500. It must drop to 440 in March 1981 and to 100 by 1983. Most residents are being placed in communi-

ty homes in other areas.

All this has a direct effect on the ISE program, which educates the Plymouth Center's

students.

ISE administrators expect more cuts as Plymouth Center's population drops.

GOOD TIME WINE

Part of the art in making red wine comes in knowing which way is best to store the wine while aging and for how long. Some wines do best in redwood cooperage which mellows it but preserves the fruity flavor. Others do best stored for long periods in small oak barrels which add dimension and complexity. An expert winemaker, after tasting the blend that has been allowed to come together, can indicate how to let various wines achieve their highest potential before being bottled for the table.

Allow us at GOOD TIME PARTY STORE, 567 Seven Mile Road, 349-1477 to provide you with wine, and other beverages, for all your needs. Serve your guests genuine draft beer. We have keg beer in both 1/4 and 1/2 barrels. Open: Mon. thru Sat. 9 a.m.-10 p.m., Sun. Noon-6 p.m.

WINE WISDOM: When decanting red wine, be careful not to let the residue get into the decanter.

IT'S CUSTARD TIME — NOW OPEN

## Board approves Jokers concert

The Joker's Motorcycle Club has been given permission to hold a benefit concert on the Northville High School football field this summer to raise money for Muscular Dystrophy.

The Northville Board of Education gave its approval after reading an impressive set of recommendations from the Farmington Jaycees, the Reverend Guenther Branstner and Chief Lee BeGole of the Novi Police Department.

"I can without hesitation recommend the Jokers as a sponsoring organization..." wrote James Mitchell, president of the Farmington Jaycees.

"I can testify to the high quality of their public service endeavors," BeGole wrote.

"We have worked closely for at least six Christmas occasions distributing fruit baskets to shut-ins," wrote Branstner.

Though distributing Christmas baskets and the like are not what one thinks of as usual for a motorcycle club, the Jokers, 48420 West Eight Mile, was started in 1942 and has been located in Northville for the past 14 years. "We always have and always will maintain very high standards with the community," said Kenneth Farhat, president, in a letter to the school board.

The concert will take place August 23 from noon to 8 p.m., featuring five bands, refreshments (no alcohol). All proceeds will be donated to the muscular dystrophy association.

## Squire's Harvest Set

# WHERE YOU SAVE IS MORE IMPORTANT THAN EVER TODAY.

These days, there are more savings options than ever before. But not all of them guarantee their rates for any length of time. So you can wind up with high interest today. But tomorrow may tell quite a different story.

**We guarantee your interest at First Federal.**

All First Federal certificate interest rates are guaranteed to remain at a high level throughout a set period of time, no matter what the money market does.

Equally important, savings accounts at First Federal are insured to \$100,000 by the Federal Savings and Loan Insurance Corporation. And with multiple ownership of accounts, it's possible to provide insurance coverage for a whole lot more. We'll gladly show you how.

**Your money—and our people—are working close to you.**

When you save at First Federal, your money remains conveniently nearby. So if

you suddenly need to use it, you can quickly and easily make a withdrawal at any of our more than 50 branch offices. Whenever you need information or assistance, we have people standing by in your neighborhood to help you.

**All savings places aren't created equal.**

Some of today's new savings plans make good sense for some people. However, we feel ours are unique in combining high interest and the security most savers desire.

So the choice is yours. You can take the risk of earning other kinds of high interest. Or you can relax with the confidence that you're collecting ours.

\*Federal regulations require a substantial interest penalty for each withdrawal from all certificates with a term of more than 12 months.  
\*\*The effective annual yield is subject to change at renewal and assumes that the interest rate remains unchanged and that both the principal and the interest your certificate earns are reinvested. The compounding of interest during the term of our 182 Day Money Market account is prohibited.  
\*\*\*Interest is compounded continuously.

"Now, your savings are insured to \$100,000."

# Our opinions

## A word to the wise

A profit-making organization calling itself Ten Grand Investment Company has been established in Northville. Most of its members are outstanding citizens who have devoted many years of unquestionable service in the community. We know most of them personally and have admired their integrity as businessmen, officials and as contributing citizens. And we count them as our friends.

We mention Ten Grand not because we find something wrong with this private enterprise but because we don't want something to happen that would spoil our admiration of good citizens. Better that we point out a potential problem before it is allowed to occur.

Ten Grand is in the business of buying and selling properties for a profit. Each of its members, we understand, contributed \$10,000 as working capital. Its members include: A. Malcolm Allen, Stanley Johnston, Philip Ogilvie, Lee Holland, Donald DiCorno, Ervin E. Kamp, L. W. "Buzz" Snow, William Finkell and John Miller.

One is a former long-time mayor and a member of the Downtown Development Authority; one a council member and vice chairman of the DDA; one the professional consultant for the DDA and another a partner of that consultant; one is the city attorney; one is the township treasurer; two are members of the Northville Driving Club; and one is a retired long-time township businessman.

So far as we know the only property Ten Grand has acquired to date is the bowling alley at Center and Cady. Its members, we are told, have impressive plans for this property, plans that would greatly enhance our city.

## Enough is enough

Because, apparently, city officials are concerned that the tax base may be hurt by the commercial strip on Seven Mile, they are considering a modified central business district zoning along South Main.

But does the city really need additional areas for commercial development? We don't think so.

We firmly believe South Main — from Beal to Gardner — should be returned to its original residential classification, just as is advocated by the city master plan.

It disappoints us that city officials can find fault with the township's strip commercial zoning on Seven Mile while at the same time proposing that essentially the same thing be done

We wish them well. But at the same time we caution them and the public about the potentiality for conflicts of interest. Because some of Ten Grand's members have official city capacities and because they are obviously aware of city plans and needs, they must understand that even well-intentioned actions will be suspect. Every step Ten Grand takes, therefore, must be carefully scrutinized by its members and by the public.

What are the kinds of conflicts that should be avoided?

For example, the DDA is hopeful Joe's Little Bar can be persuaded to move to another location, permitting retail development of the Main Street site. We wouldn't want to learn someday that Ten Grand has purchased the property without it ever having been placed on the public block.

For example, the city would like to see the burned-out bakery building site become a shop-lined pedestrian walkway from Main Street to the parking lot off Dunlap. We wouldn't want to learn someday that Ten Grand has purchased the building for resale to the city at a penny more than its appraised value.

For example, the council is proposing a modified central business district zoning along South Main. We wouldn't want to learn someday that Ten Grand has purchased South Main property for commercial development, particularly in view of its pipeline to city hall.

Hopefully, in the glare of the public spotlight Ten Grand will be doubly careful to avoid even the hint of conflict. We want its members, our friends, to remain as clean as hound's teeth.

along a major entrance to the city.

It also disturbs us that city officials would propose commercialization of South Main even before the city's ambitious and commendable revitalization of the central business district enters the construction stage. South Main commercialization, in our opinion, is counterproductive to Mainstreet 78.

Back in January we editorialized, "Let's stop looking for new areas for commercial and PO zoning when we haven't even utilized properties we already have in the better suited central business area." We repeat that admonition now as council members prepare to discuss South Main commercialization with planners.

TAMMY SELFDRIDGE

## Speaking for Myself

### Should girls ask guys out?

GLAD EVANS

#### YES

Asking a male out for a date is not a sign of promiscuity but rather a step in the struggle for sexual equality. Although a question of moral values and ingrained tradition, reversing the roles of social interaction is healthy and non-detrimental.

Suppose a male is too shy to initiate a relationship. In this case a female could take this opportunity and confront the male for some type of an engagement.

Many presumable relationships never commence because a male is too reserved or a female is restrained by social norms.

Often when a female is forced to move to another community or state, she lives an unsocial life due to

the limitations placed on her by society. If society did not install these restrictions and pressures on the female, she would be able to pursue a more social life.

Presently, although it may be diminishing, society stereotypes the kinds of females that would ask a male out for a date. This is sad because it deprives many respectable and amiable females of a gratifying relationship. Times have changed, old traditions have died, and sexual equality is a long-awaited social change.

Tammy Selfridge  
Northville

#### NO

I question why any girl would put herself in the position for a turn-down when with just a little extra effort (I believe the old-fashioned term is flirtation) the same end can be accomplished and a "good time had by all."

Here are some comments from boys I talked to about this subject.

"No way," "Too aggressive," "Too much pressure on the guy," "If they ask for date — what else do they

want?," "Type you'd take home to father — not to mother," "Not feminine — I'm old fashioned," "Men prefer the subtle approach," "Girls are too smart for this," "I'm a romantic," and "I like hard-to-get girls."

No — I don't think girls should ask boys for dates. However — I asked a man to marry me — he said "yes".

Glad Evans

## JACK W. HOFFMAN'S COLUMN

### Liar coined 'middle age'

Nobody grows old "gracefully," least of all columnists in "the prime of life."

When I came to town barely out of my teens (if you don't count the infantry years), almost everyone in this office was older, so I was the "young man" who resented the label. Today almost everyone in the office is younger, so now, having only last year tossed my class of '50 sweater into the trash barrel, I'm "middle aged" and equally resentful of the label.

When I came to town the owner of the paper was older than I. Today he's younger. So I can say with some degree of authority that age hath no advantage. A boss is a boss is a boss. Age counts only on draft boards and social security forms.

All of which is to say that age labeling should be banned. It is relative nonsense.

Labeling me "middle age," for example, is like calling Michigan a "mid-west" state. How can something in the east be in the middle of the west?

Similarly, how can someone born in December be in the middle of his age? How can someone well beyond half of life expectancy be middle aged?

My father used to tell me he was middle aged the day he became exactly twice my age. But he reclaimed the title each time his other three children hit this magic number.

With six kids of my own, using my dad's formula, I can keep the middle age title on and off through age 70.

(I wouldn't want this to get back to my wife, but if we had one last hurrah, making it number seven this year, I could reclaim the middle age title in 2027 at age 94).

No sir, I say the guy who coined "middle age" was either a young liar or an old imbecile. And neither had kids.

## News from Lansing

# He brings tidings of economy woe student tuition hike

By R. ROBERT GEAKE  
STATE SENATOR

I am certainly thankful that the ancient practice of killing the messenger who brought bad news is not in vogue today. For what I am about to report to you is not encouraging.

While being a messenger of bad news is not my usual practice, I feel that all of us must be fully aware of the realities we face here in Michigan.

Our economy is in real trouble.

In January, when I reviewed with you Governor William Milliken's proposed budget for fiscal 1981, I pointed out some rather somber statistics.

At that time, it was estimated some 500,000 persons in Michigan would be without jobs by June of this year. The latest figures from the Michigan Employment Security Commission (MESCC) now reveal that 455,000 persons were without jobs in Michigan in March. That figure does not reflect the latest massive wave of layoffs in the troubled auto industry.

In January, it was expected that the highest level of employment in Michigan, which occurred in the last quarter of 1978, would not be reached again before the last quarter of 1981. Now there are some experts who say Michigan's employment and economic picture may never return to what it was before.

Economists at the University of Michigan and Michigan State University agree that today's soaring inflation rate and the rush to build smaller cars will lead to permanent loss of jobs, a

decline in buying power and workers taking jobs in other states.

And to further complicate Michigan's economic dilemma, it was reported in January that auto production for this fiscal year would decline by nearly 18 percent. Latest U.S. production figures for this year show auto production off about 26 percent and truck output down nearly 52 percent.

In addition, due to the continuing decline in the national economy, the Carter Administration has proposed a substantial cutback in the federal budget, including the elimination of federal revenue sharing. This loss will cost Michigan \$100 million.

What does all this mean to us? It means that we are in for some hard times in Michigan. When the national economy falters, Michigan is hit early and hard. And when the national economy pulls out of its doldrums, Michigan is the last to recover.

It is now evident that our economic situation is going to be worse than most of us anticipated when the governor presented his "constrained" budget to the legislature in January.

That budget reflected many difficult and painful decisions — cuts amounting to nearly \$200 million in existing state programs. That budget called for only a modest five percent increase in general fund recommendations.

Now, due to the increasing severity of the fiscal situation, Governor Milliken has proposed cutting an additional \$180 million from his proposed budget. Hardest hit in the latest wave of program cuts are school aid, college and

university appropriations and social security. However every state department, with the exception of the state police, is affected in the latest budget slashing.

The Department of Social Services (DSS) would, under the latest cutbacks, suffer a loss of \$31.1 million. That department already is in financial trouble this year because of the soaring welfare caseloads. The demand for 1979-80 welfare services has far surpassed the average amounts allocated to cover cases. The figures are staggering.

As of February, ADC cases had exceeded this fiscal year's caseload budget by almost 11,000. General Assistance (GA) cases already are 23,000 over budget and those who only receive food stamps have exceeded budget by more than 34,000. It is obvious that the legislature will have to provide a supplemental appropriation to carry the department through the remaining five months of this fiscal year. Estimates on the supplemental amount have risen from \$80 million to \$150 million.

The governor has proposed cutting \$50 million from school aid and \$20 million from college and university appropriations. This means that tuitions at state-supported colleges and universities will continue to climb. Some centers of higher learning already have announced tuition hikes for next year ranging from 9.5 to 10.5 percent.

A reduction in school aid will most certainly see more requests for school millage increases at the local level or a

sharp reduction in the education programs.

And while the governor did not cut out his proposed \$40 million dollars for distressed cities, legislative talk around the capitol indicates that the votes probably won't be there in light of the new proposed budget cuts in other areas.

With severe cutbacks in such important areas as school aid, higher education, and social services, it is very apparent that all of us are going to have to make some major sacrifices.

I am happy to report, however, that the senate already has begun the extremely difficult task of formulating a budget for the next fiscal year. This is the earliest that the legislature has started the long, tedious process in many years. This year, of all years, it will be very important that each legislator spend a great deal of time analyzing the budget. We cannot afford the luxury of leaving this painstaking task up to the appropriations committee members alone.

As I begin looking at the budget and determining in my mind what sacrifices will have to be made, I would appreciate hearing from you.

You know everyone wants their taxes reduced. The simplistic answer I receive when I ask how that should be done is, "Cut spending in state programs as long as it isn't in my special interest program."

I think we have reached the point in Michigan where, unfortunately, all programs will suffer...the good with the bad.

Continued from 8-A

and Plymouth-Canton and a small part of Novi.

McQuesten favored a smaller increase in non-resident tuition to put Schoolcraft "in a more competitive position" with neighboring community colleges.

Hayward responded that non-resident students are more attracted by a college's program than lower tuition. "If you have the program and that's what they want, they'll pay it (higher tuition)," he said.

The two community colleges with

which Schoolcraft competes for students have lower non-resident tuition rates.

Wayne County Community College has a \$15 per credit hour rate, while Henry Ford Community College (HFCC) in Dearborn charges out-of-district students \$23 per credit hour, for up to 10 hours, and \$22 for more than 10 hours.

Schoolcraft President C. Nelson Grote said WCCO's out-of-district tuition will likely increase. HFCC is considering a \$1 increase in non-resident tuition for next fall.

## Tax cut stricter than Tisch's voiced

A proposed constitutional amendment aimed at cutting Michigan property taxes by up to 70 percent is emerging as a serious alternative to the Tisch amendment, according to State Representative Jack Kirksey (R-Northville).

The measure, authored by State Representative Mark Siljander of Three Rivers, will appear on the November ballot if enough signatures are collected on petitions by

early summer.

"This amendment would reduce property taxes substantially," Kirksey said. "It's a tax cut, not a shift, and some of the lost revenues would be made up through a one percent increase in the state's sales tax."

"At this point, there are 23 different property tax proposals being considered in Lansing. Most of them will never gain much support, but it's important for people to be

aware of the differences between these major tax proposals before they sign petitions to get any of these plans on the ballot."

Kirksey explained that the Siljander amendment would eliminate property taxes on the first 26 mills assessed by the state's local school districts.

"The savings to taxpayers is estimated at over \$1.2 billion," he said. "That is significant tax reduction, with a good portion made up through

the increased sales tax. This is an important provision, in my opinion, because Michigan is facing a serious financial future."

Kirksey said that all the tax proposals are confusing and technical and require careful consideration.

"In Livonia, Northville and Westland we have critical declining enrollment problems and consideration of any tax proposal must take that fact into account."

"There is an emotional mood in the state now, a general feeling that the Headlee Amendment isn't limiting taxes," he continued. "I think that's regrettable because it will

really take about two to three years to feel the total impact of Headlee."

"But I don't think people should vent their emotions by seizing something as radical as the Tisch proposal. This would create a drastic situation for all forms of government, and especially our schools."

Kirksey said he definitely supports limiting property taxes, but a 50 percent reduction would necessitate making up some of the lost funds through new forms of taxes.

He explained that, if approved, the Siljander amendment would:

—exempt all property tax on homes valued up to \$50,000 for senior citizens and blind and disabled persons;

—substantially increase tax breaks for renters.

—limit state income tax burden by indexing personal exemptions to the rate of inflation.

—guarantee lottery revenues for education.

—limit the number of school millage elections to two per year;

—provide for direct state reimbursement to local units of government;

—require a two-thirds vote of the legislature to increase taxes or create a new tax.

## Hearing impaired get educational program

Hearing impaired persons in Michigan, who have not received appropriate educational services in the past, soon will be served by a new program at Northville Regional Psychiatric Hospital.

Through the combined efforts of deaf and hearing advocates and the State of Michigan, money has been appropriated to the Michigan Department of Health to develop a mental health program serving hearing impaired persons.

As a result, a pilot program — entitled "Center for the Deaf Treatment Services" — now is being planned here.

A 20-bed in-patient unit will be developed to serve deaf and hard-of-hearing persons over 17 years of age.

The new program is under the direction of Steven K. Chough, D.S.W.

The majority of the in-patients who will be hospitalized in the CDTs are likely to have mental disorders and/or emotional/behavioral difficulties, largely due to a host of confounding familial, educational and social ramifications of

hearing loss, it was explained.

These external ramifications of deafness are primarily responsible for serious problems in personality development and are the key to intervention and treatment, according to hearing impaired experts.

The new program will provide the hearing impaired in-patient with a variety of therapeutic and diagnostic services.

In addition to the in-patient services, personnel in the program — currently being selected by Dr. Chough — will be available to provide educational, case consultation, diagnostic and evaluation services in other institutions as well as community mental health programs.

In the future, there are plans to establish several out-patient clinics for convalescent hearing impaired patients and non-hospitalized deaf citizens throughout the state.

Dr. Chough, himself a profoundly deaf person, is well recognized for his work in the field of deafness.

## WET the BED?

### FREE INFORMATION ON BED WETTING

Information on Bedwetting - send for a FREE booklet on how to stop bedwetting in the privacy of your home.

**95% Success Rate**

### "Bedwetting is Serious and Harmful..."

If you have a bedwetter in your home, I strongly urge you to take steps at once to end it. The correction of bedwetting is an important mental health aid. It is very harmful to the child, distressing to the parents and can lead to very serious complications later on in life. Don't be blind to this problem no matter what you have been told by anyone else. Do something about it and do it now.

Joseph G. Molner, M.D.,  
Master Public Health

### BED WETTING IS CORRECTABLE

Many procedures such as restricting liquids, taking a child to the bathroom on a schedule, scolding, etc. do not end bedwetting. It can be stopped as early as 3 years of age. It should definitely be stopped before school age.

The most serious mistake parents make is to wait for the child to outgrow bedwetting, because there are millions of adults who never outgrow it.

## Township brush fire threatens area homes

By KEN KOVACS

Homeowners on Curtis and Six Mile near Beck are resting a little easier this week, relieved that last Wednesday's brush fire didn't reach them.

Township Fire Chief Robert Toms said flames rising to 30 feet swept over some 40 acres fields between Seven and Six Mile, coming within 150 feet of nearby homes.

"At first we couldn't contain it," he said. "We started to evacuate residents from their homes."

"We had everybody out there and finally cut it off," he continued.

Residents said the blaze started about 10 a.m. but didn't appear to be significant at that time.

But by 11 a.m. the blaze had picked up momentum and was moving south "faster than the men could run," according to Toms.

Police received several calls, including one from Jerod McIntosh, 13, of 46912 Curtis who was home with the measles.

"He was watching television when he saw the smoke," his mother said. "Then he ran outside and climbed up a

tree and saw the flames high in the air."

A strong wind was pushing the fire toward Six Mile and in its path was the home of Patti McLarty.

"At first I didn't think it could get across the creek (which runs along the back of the house)," she said. "But when they (firemen) told me it could sweep right across the water I got a little concerned."

Some 35 city and township firefighters fought the blaze until just after noon, Toms said.

He called this the "worst grass fire in the township so far this year."

And he is fearful of more.

"Conditions are very ripe for grass fires," he said. "We didn't have much snow this winter and the water table is lower than normal."

"There is a lot of very dry material in the woods and fields and until things get greener the potential is there for a really dangerous grass fire."

The blaze apparently was caused by careless burning of leaves or rubbish, Toms said.

Township police are investigating the incident.

## She receives Master's

Northville resident Elaine Cavin Rollins will receive her masters of business administration degree in commencement ceremonies Saturday May 3 at the University of Michigan.

Ms. Rollins of Glen Haven Circle plans a career in marketing. Prior to her recent studies she taught for 14 years in secondary schools in Westland and Detroit. Her bachelor's degree in social studies from Michigan State

University was awarded with honors in 1964.

She is the wife of Gene Rollins, a labor negotiator for General Motors Corporation, and the daughter of Mr. and Mrs. Albert Cavin of Jamestown Circle.

## VFW program to increase bike visibility

A "Perpetual Light-A-Bike Program" will be launched Saturday, May 17 under sponsorship of the VFW post in Northville, it was announced this week.

According to spokesmen for VFW Post 4012, reflecting strips will be attached to all bikes by VFW representatives and their guests.

A drawing will be held for a new 10-speed bike, which will be donated to the post at one-half cost by Northville Bicycle Shop. Every person who participates, adult or child, will receive one ticket, the VFW explained.

A community service officer for the city will be on hand to sell licenses at 50-cents each.

"This program is offered for the safety and protection of bike riders," said VFW spokesmen. Participating May 17 in this safety program kickoff will be State Senator R. Robert Geake, Wayne County Commissioner Mary Dumas, Mayor Paul Vernon, and representatives of the Northville city police and the state police.

To give emphasis to the program, Mayor Vernon has proclaimed May 17-24 as "Bike Week" in Northville.

The proclamation salutes the service of the VFW post, noting that riding bikes is not only enjoyable but healthy exercise; that with the energy crises there will be more and more people riding bikes as a method of transportation; and that there is "a definite need for safety precautions such as lighting and marking bikes so they may be clearly seen at night and a need to mark bikes for identification purposes."

Steve Buelow sends his kite soaring high

Matt Beemer unwinds string slowly

Pieces of paper stretched over two sticks of wood and a length of string might equal a kite to most people. At Moraine elementary they also were the materials which help build parent-child relationships.

A kite-making parent-child workshop was held April 1 at the school with 50 attending.

Then last week Tuesday, on a record-setting balmy day, the results were sent skyward by 20-30 youngsters.

All handmade, the kites were judged in a contest by Principal Donald Van-Ingén and Ronald Metty, a parent helper.

Pat Beemer's creation won for soaring highest; Chrissy Stille's was judged the best decorated; and Chris Beecher's took the "most original" honor. Greg Poulos had the largest entry while Dan Holstein's was smallest.

For string holders whose kites dipped and soared and darted like birds at the end of the tugging lines and young spectators alike, it was a lovely day to play.

Matt Metty's kite flew great — for a brief while

In Our Town

No home tour planned this year

By JEAN DAY

For the first time in 13 years, there will not be a Northville Home Tour this fall. The decision was made by both sponsors — the Women's Association of First Presbyterian Church and Northville Historical Society — who acted upon the recommendation of last year's tour committee to hold a home tour only every other year.

"A lot of people have told us it's a good idea," says Lois Winters, co-chairperson representing the Presbyterian Church. Jewel Luckett, who headed the 1979 tour for the historical society, gave the same report.

Proceeds last year, they point out, were down 50 percent while expenses were up sharply. Each organization realized a profit of only \$700 from a total of \$1,400. Even on a rainy day in 1975 the tour made a profit of \$2,388.

Mrs. Winters adds that many more communities now are holding home tours and last year Okemos, near Lansing, had its tour the same day as Northville's. Milford, she mentions, now holds a two-day tour to eliminate long lines at each house. The long lines here, she says, brought criticism.

A two-day event has been suggested for Northville, but staffing has presented problems. Originally, the tour was sponsored only by the church. By joining forces with the historical society, it was possible to continue.

Mrs. Winters also cites difficulty in obtaining homes to be open as a factor in the decision. Already some homes have been open more than once. The C. Harold Bloom home at 710 West Main was open on the first tour in 1967 and again in 1975 with the Richard Lyons as owners. Mrs. Lyon is the Blooms' daughter.

Other homes on the 1967 tour were Charles Ely home (now occupied by the Wes Hendriksons), E. A. Chapman home on Randolph, George Kohs house by the cemetery on Cady and the H. F. Meyer home, the only new house on the tour.

"We'll have to come up with other ideas for our organizations for a year," Mrs. Winters observes, saying that with a year's time perhaps more homes will be available for the tour in 1981.

Country Girls to meet Cranbrook planner

After meeting at 11:30 a.m. Tuesday at the home of Bette Moran, 41966 Baintree Circle, for a business session, members of Country Girls Garden Club will proceed to the home of Rudy Fedes at Ann Arbor Trail to view his rock gardens. The gardener-consultant helped design Cranbrook's rock garden, reports Pat Nixon.

The garden club also is planning a trip to Cranbrook Gardens, leaving at 9 a.m. May 20 from the United Methodist Church here.

To the Hilton — twice

Elroy Ellison, president of Northville Rotary, and his wife as well as the Harold Penns were in Kalamazoo last Thursday and Friday to represent the local club at the state Rotary convention at the Kalamazoo Hilton.

JACQUELYN HARTNER

Engaged

Mr. and Mrs. Ray G. Hartner of 551 Carpenter announce the engagement of their daughter, Jacquelyn Ann, of Union Lake, to William Ramsey Kupfer of Union Lake.

He is the son of Mrs. Margaret Murphy of Lathrop Village and William Kupfer of Union Lake.

The bride-elect is a 1971 graduate of Northville High School and is employed as a salesperson with Detroit Body Products. Her fiancé, a 1968 graduate of Southfield High School, is a carpenter with Guaranteed Construction of Southfield.

A candlelight ceremony is planned at Our Lady of Victory Church August 22.

Yesterday the Ellisons were right back at the same hotel, this time attending a meeting of the Michigan Association of School Business Officials.

It was a surprise for Margaret Tegge

Friends and co-workers of Margaret Tegge surprised her April 8 with a dinner at China Fair as she retired from the township office as deputy clerk with 24 years of service. Even through the storm caused a power shutdown the party went on by candlelight and flashlights for the cooks.

Mrs. Tegge, who plans a jaunt to Florida, was honored with a framed tribute from Governor Milliken, plaque and inscribed charm bracelet as well as a gift certificate.

This tea's for Margaret Nauman

Margaret Nauman, who has retired as secretary of First Presbyterian Church, is being honored at a reception tea by officers of the church following the 11 a.m. service May 18.

Mrs. Nauman, who has been the secretary for a decade and a half, is being cited for her dedication and service.

Bride-elect Lizanne Peace feted

Lizanne Peace, who has set May 24 for her marriage to Robert Blake of Cromwell, Connecticut, was honored at a miscellaneous luncheon shower given by Mrs. Frank Kastner at her home on Donegal Court April 19. Both the bride-to-be and her fiancé are graduating from Purdue University. She will receive her master of science degree while he is an engineering graduate. They will be living in West Palm Beach, Florida.

Medieval decorators sought for annual senior party

Getting a medieval fortress ready for a "Perfect Knight" takes engineering, but parents of Northville High seniors are proving they are inventive and able.

The all-night party which has become a tradition following graduation is a final gift of parents to their graduates. It is held at the high school and is decorated following a theme.

This year the title is "Perfect Knight" and Judy Gordon is in charge of decorating around that theme.

At a meeting April 20 of all committee chairpersons plans were made to execute the medieval designs.

Parents are working in homes afternoons and evenings. The committees are hoping that any parent of a graduating senior who has not become involved will contact an area captain.

Erecting the great front hall and bridge are William and Betty Schulz, 349-6272, and Burr and Elizabeth Joslin; ceiling banners and table decorations, Betty Broderick, 349-3844; stained glass windows and band stand, Shirley Davis, 348-1289; patio, Evelyn Benefield, 349-5154; and window scenes, Judy Gordon, 349-2103.

Joan Marzonie is serving as telephone chairperson for Betty Blanchard, 349-4975, and Carol Townsend, 349-5989, party chairmen, who also may be called for information.

Ted Marzonie, entertainment committee chairman, announces that the rock band, "Network," will play at the party.

The all-night fling will follow graduation June 16.

Families with seniors are asked to send their \$13.50 contribution as soon as possible to Luanne McCurdy, 47191

West Main, Northville. Seniors will receive their official invitation to the seniors-only party through the mail about a week before graduation.

## PTA-PTSA News

# Council slates joint meeting

**EDITOR'S NOTE:** Northville PTA-PTSA News is compiled monthly during the school year by volunteer Jackie Payne who is assisted by publicity volunteers in each elementary and junior high. The column appears on the last Wednesday of the month.

### COORDINATING COUNCIL

The PTA-PTSA Coordinating Council will hold a joint meeting with high school administrators at 8 p.m. May 15 at the board office.

This will be an opportunity for parents to learn about curriculum, discipline policies and other general information regarding the high school. A question and answer period will follow the presentation.

All parents are invited and urged to attend.

The council is looking for someone to serve as recording secretary during the 1980-81 school

year. If you are interested in volunteering in this way, please call me at 349-8713.

Glenda Buist, president  
Coordinating Council

### COOKE JUNIOR HIGH

The school year is winding down; however, spring sports are in full swing. The track team is doing well under the direction of Cy Nichols.

First issue of the seventh grade Cooke Courier was published just before Easter under guidance of editors Dave Dore and Mike Wasserman.

Cheerleading tryouts have been held for the 1980-81 year.

The forensic team traveled to the University of Michigan last Saturday to take part in a state tourney.

Ninth graders will be going to the high school May 13 for orientation.

Don't forget, teachers, May 15 is your luncheon at school.

Mary Weaver

### MEADS MILL JUNIOR HIGH

Parents are invited to the Festival of Arts at 7:30 p.m. May 14. During the evening the 1980-81 slate of officers for Meads Mill PTSA will be presented and voted upon.

Bentley High School Choir will perform at an assembly May 7.

Science Fair projects were judged April 21. Winners were awarded ribbons. Elementary students as well as junior highs were invited to view the displays, and an open house was held for parents and friends.

Principal Ron Horwath is continuing his informal meetings with parents every few weeks. These get-togethers, begun to bridge the transition from elementary to middle school and answer any questions parents might have, are very well attended.

Track season has begun with first Meads Mill practice April 7.

A forensic meet was held April 19 and was followed by state competition April 26.

Joyce Kormanis

### AMERMAN

It is flower time again at Amerman. This year the pick-up time for flowers will be from 2-5 p.m. May 22. Order forms will be sent home the first week in May. Begonias, marigolds and impatiences are being offered in full or half flats. Geraniums can be purchased individually. Karen Brown, flower sale chairperson, can be contacted at 349-7696.

Those attending the talk by the Reverend Fred Prezioso on the importance of family communication at the general meeting April 29 learned a great deal. Jaki Mathes was in charge of arrangements.

Children have been busy this past month. April 3 the upper elementary classes held a "fifties day" with children dressing in attire from the 1950s. Mona the Puppet entertained at an assembly April 23. James Honey and Jeff Lightfoot took some fifth graders on a one-day field trip to

Chicago.

At 7:30 p.m. today the lower elementary and plus music students are presenting a concert at school.

May 7-9 fifth grades and Van Horn's split fifth-sixth grade will go to Camp Ohiesya near Holly on a three-day outdoor educational experience. This is a completely voluntary experience.

Judy Dore has completed her mural in the lobby, and furniture and planters have been delivered. Lightfoot will plant and care for them.

The picnic tables purchased by the PTA to honor Otto Wiley have arrived. Van Horn and other teachers will assemble them and soon they will be placed in the courtyard for all to enjoy.

Claudia Berry

### MORAINE

"Children's Favorites" is the theme of the spring music concert to be given at 7:30 p.m. May 1. First, second and third grade students will perform under the direction of Ann Jarvi.

The Walt Disney movie, "The Rescuers," is the next parent-child activity. It will be shown at school at 7 p.m. May 2.

Continued on 4-B

## Bargains at school

As they inspect items for the May 3 benefit flea market at Schoolcraft College, Harriet Hawkins and Mary Lutoski, volunteers from Northville, offer up a toast to its success — in mugs that are among collectibles to be sold in the Women's Resource Center's own booth. The center will benefit from the market which is being coordinated by volunteers of the WISER (widowed in service) program. Booths will be set up by more than 60 dealers in the physical education building and on the south parking lot. Hours are 10 a.m. to 5 p.m. Saturday. The event is free to the public.

## Baptize two babies

Sacrament of Holy Baptism was celebrated at Epiphany Lutheran Church April 27.

Kristen Leigh Dawson, infant daughter of Mr. and Mrs. Gregory Dawson of Northville,

and Edwin Karl Siegner, infant son of Mr. and Mrs. Dennis Siegner of Plymouth, were baptized.

A reception followed the service at the church located at 41390 Five Mile in Northville Township.

## Evan is first child

Birth of their first son, Evan Michael, is announced by Mr. and Mrs. James Demers of 45819 West Seven Mile. He weighed eight pounds, 15 ounces on arrival April 16 at Providence Hospital in

Southfield.

Grandparents are Mr. and Mrs. James Demers of Livonia and Mrs. Mary Stawski of Westland.

Evan also has a great-grandmother, Mrs. Alice Charron of Los Angeles.

# Detroit's Only Country Music Station

## Best One Too!

Take it from Deano Day and the entire WCXI air staff. WCXI Radio is the best country station in town. And the biggest country station in town with 50,000 watts at 1130 AM. When you combine the finest country music with Michigan

State sports and regular newcasts, WCXI is without a doubt the most entertaining. We've got it all — sports, news and country music, on Detroit's only country music station. Country, pure and simple, WCXI.

## Men run this sale

Need a stepladder, or a spare tire?

The annual masculine rummage sale held by the Northville United Methodist Men's Club has become known as the place to find car, household and sporting goods bargains.

This year's sale will be held at the church from noon to 9 p.m. Friday and from 9 a.m. to 5 p.m. Saturday.

Used furniture, sporting goods, appliances, tools, games, pictures, lawn equipment, tires, windows, bicycles, toys, dishes, radios and lamps are among items in the sale.

A bake sale also will be held during the sale.

Begun 13 years ago by the men of the church, the sale is staffed by members of the men's club and is one of its most successful fund-raisers for church projects.

Judy Dore's rainbow, suggested by Phillip Payne brightens Amerman lobby

## List Mother's Day events

### Mizpah Circle to elect

Mizpah Circle of King's Daughters will hold its annual meeting with election of officers at 1:30 p.m. May 6 at First United Methodist Church. A tea will follow the business session.

Churches in the community are observing Mother's Day, 1980, with unusual fashion shows.

Both First Baptist and First United Methodist churches in Northville are having bridal fashion shows in conjunction with mother-daughter banquets.

The First Baptist Church is sending announcements that are replicas of

wedding invitations, requesting "the honor of your presence" at the banquet at 5:30 p.m. May 3 in the church fellowship hall.

A bridal fashion show will follow. Mrs. Joyce Stichler will be the speaker with special music by the Stichler Girls Five.

Other special music, "You're Something Special," will be given by Judy Kim and Kelly Byam.

Reservations may be made by calling the church office, 348-1020.

"Memories" will be the theme of the mother and daughter banquet to be held at 6:30 p.m. May 9 at First United Methodist Church.

Wedding dresses of the 1930s, 1940s, 1950s, 1960s and 1970s will be modeled in "Wedding Dresses in Review."

One wedding dress to be featured, dating to 1913, belonged to the mother of Grace Pollack. Modeled with the dress will be the original necklace worn with the gown on Miss Pollack's mother's wedding day.

Wedding dresses will be worn by different generations of a family.

An open invitation is extended to the community to attend the special even-

ing that begins with punch at 6 p.m.

Tickets are \$4.50 for adults and \$2.50 for children 10 or under. Kathy Witt is taking reservations at 420-2925 until the May 4 deadline.

"Stitch'n Time" is the title of the mother and daughter fashion show of First Presbyterian Church to be held at 7 p.m. May 14 in the fellowship hall. Fashions sewn by the mothers and their daughters will be featured. Tickets at \$1.50 for adults and 75 cents for children now are on sale at the church.

The women of Faith Community Presbyterian Church of Novi are holding a mother-daughter dessert at 7 p.m. Monday in the fellowship hall of the Northville Presbyterian church. Women of this community are invited.

The program will include children's fashion show. There will be a free-will offering.

The senior high fellowship at First Presbyterian Church in Northville is planning a Mother's Day brunch at the church after services May 11.

## Dealing cards and pie

Prizes and refreshments that include home-baked pies by members are features of the Our Lady of Victory parish spring card party planned for 8 p.m. May 9 at the church social hall. Admission will be \$3 each per-

son at the door. Tickets may be ordered in advance and tables arranged with Collette Egan, chairman, at 349-7417.

The event is open to everyone in the community.

## PTA news

Continued from 3-B

Audrey Jacobsen, chairperson, reports there is a 50 cent charge and parents must accompany children.

Sixth graders and their teachers will spend May 5 at Camp Ohyesa in Holly. A "day of environmental education" is planned by the camp personnel.

May 8 will be "Foot Day" for third grade students. Unusual shoes and foot gear will be worn and displayed. A parade, contests and "foot stories" will be part of the fun.

Kindergarten round-up will be the morning of May 1 and the afternoon of May 2. Children will

## There's Only One "Oh" In Detr it!

It's WOMC FM104 — affectionately known as "Detroit's Big Oh." And there's no other radio station in Detroit quite like it.

For oh-peners, WOMC lightens up your day with your favorite personalities. Down-to-earth, entertaining Detroit favorites like Marc Avery from 6 to 10 AM and Tom Dean from 3 to 7 PM.

But that's not all—oh no. "Detroit's Big Oh" also keeps you

up-to-date with exclusive Accu—Weather reports, the latest traffic reports, national and local news—even live broadcasts of University of Detroit basketball.

Oh... and we almost forgot... WOMC plays your kind of music. No funk, no punk and no junk. Just good music—and lots of it. Everything from Bob Dylan to Barbra Streisand.

So turn your dial to WOMC FM104 today. It's a Detroit oh-riginal!

"Detroit's Big Oh!"

# Spring brings many PTA events

Continued from 4-B

have opportunity to visit the kindergarten classroom and to climb aboard and look around a school bus.

Congratulations to the new executive board for 1980-81. Officers are Karen Poulos, president; Shari Daniels, vice president; Cyndie Metz, recording secretary; Margie Sievert, corresponding secretary; and Carolyn Abramovich, treasurer. Installation and an appreciation coffee will be at 10 a.m. May 15.

A Junior Entertainment Series program on May 13 will feature Ben Franklin as portrayed by Ralph Archbold in authentic colonial dress. He is well known for his appearances at Greenfield Village. Following the assembly he will meet students informally in their rooms.

Many other activities are scheduled for Michigan Week May 11-17.

There will be an open house for parents and grandparents, a talent show, movement education demonstration by Karen Turner and a program on Mexico by Naomi Poe's first graders.

Second annual spring plant sale is going very well, reports Shari Daniels, chairperson. Flats must be picked up between 4-6 p.m. May 22.

Second annual spring plant sale is going very well, reports Shari Daniels, chairperson. Flats must be picked up between 4-6 p.m. May 22.

## WINCHESTER

Winchester greeted spring with a flurry of fun and activity.

Mona the Puppet of Sunday morning television fame entertained students.

Winchester young authors met with other students in the district at Amerman in a very productive session fostered by the publishing centers at each school manned by volunteers.

Fifth and sixth graders viewed Meads Mill Science Fair. Small groups of sixth graders have been visiting the junior high for a "sneak preview" of what's to come in September.

A kindergarten, first and second grade family night will feature Eddie Jaye and Carlton D. Crow in a ventriloquism presentation at 7:30 p.m. today in the multipurpose room.

Orientation days for next year's kindergarteners will be May 1 and 2. Forms are available at the school office.

The glee club spring music program will be May 7.

Be planning your flower needs. Our PTA plant sale is coming in June.

MaryAnne Russell

Parent-teacher conferences in late March were well attended and led up to the excitement of the science fair. Mrs. Janet Rigney was teacher coordinator. The title of the fair was "The Earth." Projects were shown to advantage in the Rondelle display.

Many were well-constructed volcanoes;

others were displays of rocks from our earth, collections and writings on shells, forests and even some of the creatures that roam the earth.

One of the mice even had to be renamed when it produced a litter of little ones!

## SILVER SPRINGS

It was good to see all the Silver Springs families again at the swim night at Northville High. The April 23 event welcomed Principal Marcia Wiss back from the elementary principals' conference.

Silver Springs plant sale will be May 16.

A fine arts program scheduled for May 13 has been postponed. However, all children will be participating in a special program before the end of the year.

PTSA board meeting was held April 24. Announcement of officers for the 1980-81 year will be made shortly.

"Mona the Puppet" was welcomed April 22. Students learned many things about puppetry that will help us use our new puppet stage.

# Here's where to get your 'just desserts'

By PHIL JEROME

You say your wife is complaining because it's been three months since you took her out to dinner and then it was only because it was your anniversary and she really expected something more than hamburgers and fries at the local drive-in?

And you say your kids are all over your case because you used to take them down to the Burger Biggie for treats whenever they got an A on their report card, but the high cost of food has got you worried and you keep reading that Ford and General Motors are laying off workers and your company makes fan belts and your children have just turned into a 1980's version of the Whizz Kids and you haven't seen so many A's in one place at one time since the last time Oakland was in Detroit to play the Tigers?

And you say your in-laws are coming to town next week and your wife is already hinting that it would be 'really nice' to take them out to dinner because it's their anniversary and your mother-in-law makes Kate Smith look like a summa cum laude graduate of Weightwatchers?

Is that what's troubling you, bunkie? Well, there are alternatives.

And, if you're worried about the rising cost of everything from gasoline to fuel oil, but don't want to give up those pleasant evenings of dining out with the wife, you can take advantage of them.

Why not take the little woman — or the kids, for that matter, out for a special dessert?

There are all kinds of area restaurants which offer unique and interesting desserts which will treat the taste buds and provide the perfect ending to a pleasant evening whether you're dining out, going out for a dessert after dinner at home or just stopping off after an evening at a concert or the movies.

So the next time you're looking for an inexpensive touch which makes an evening something special, treat yourself to some of these mouth-watering goodies.

"Some places call it Bananas Foster and others call it Bananas Flambe, but here we call it Bananas Tropicale," reports Richard Stoychoff, co-owner of THE SARATOGA TRUNK on Grand River in Novi.

As is the case with most 'flambe' desserts, the taste of Bananas Tropicale is enhanced by the showmanship involved in having it prepared at your table.

The dessert, a specialty at The Saratoga Trunk, is made with brown sugar, butter, rum, cognac and creme de banana which is heated in a pan and then spooned over sliced bananas and ice cream.

Other dessert specialties at The Saratoga Trunk are Strawberries Romanoff and a selection of alcohol-based desserts which include Spanish Coffee.

If you like cheese cake, head for LEO MCGINNIS' on Grand River Avenue in Brighton.

"There's nothing particularly exotic about cheese cake, but it's one of the best and most popular desserts going," says Roy Stewart. "And we've got some of the best cheese cake around."

McGinnis' imports its cheese cake from Al Nicolosi's Deli which is located in New Jersey across the river from New York City. Stewart claims it's one of the "best cheese cakes in the United States."

McGinnis' also offers a special selection of cream drinks for desserts, including banana, strawberry and peach pina colodas.

Delicious desserts are a matter of pride at THE MAGIC PAN CREPERIE in Novi's Twelve Oaks Mall.

"We've got about 15 desserts on the menu and all of them are unique and delicious," claims Manager Andy Marincic.

One of his personal favorites is a Strawberry Crepe made with fresh strawberries served in a crepe filled with sour cream and topped with whipped cream and brown sugar.

Also popular are a Southern Praline Crepe which features a crepe filled with vanilla ice cream and covered with a praline sauce and a Cherries Royale Crepe which consists of whole black branched cherries spooned over a folded crepe filled with creamy cheese filling.

There's nothing particularly fancy about the desserts at THE GOLDEN PLATTER on Pontiac Trail in South Lyon unless you happen to love authentic Greek baklava, says Chef John Bricolas.

Baklava is a Greek pastry made of fillo (strudel leaves) and filled with chopped honey and walnuts.

The baklava at The Golden Platter is made at a Greek bakery in Farmington and shipped to the South Lyon eatery.

"Red Apple Delight" is the name of the dessert specialty at THE CANOPY on Grand River Avenue in Brighton.

"We get a lot of calls for it because it is unique," comments kitchen supervisor Evelyn Stevenson. "And once you're tried it, you'll know why."

Red Apple Delight has almost nothing to do with apples. What it is is a

large scoop of ice cream shaped and colored to look like an apple and then filled with creme de cocoa.

"It's delicious," says The Canopy's kitchen supervisor. "It's the house specialty."

Norm LePage, owner of NIFTY NORMAN'S in Walled Lake, says his chef is working on a dessert menu that is distinctive as the special selection of hamburgers offered at the popular spot, but for the time being customers will have to be content with the Nifty's Strawberry Pie.

And anyone who's ever had it can tell

you that the Strawberry Pie is a lot of contentment. Simple enough, it's a good, old-fashioned piece of strawberry pie with a glaze topping. For an extra touch, have it served with a scoop of Hagen Dazs ice cream.

"Hot Apple Mountain" is what it's called, and it's one of the most popular desserts going at NORTHVILLE CHARLEY'S on Seven Mile in Northville.

Hot Apple Mountain is made from a special mixture of apples, cinnamon and sugar served hot over a shortcake and vanilla ice cream in a deep dish.

Sort of a deep-dish apple pie ala mode. "It's great," says Kitchen Manager Terry Turner. "People just keep on coming back for more."

And those are only some of the special desserts offered at area restaurants. Without putting too many more miles on the automobile, you can enjoy Amaretto Mousse at MAUDE'S in Ann Arbor or Mud Pie (a frozen chocolate mocha ice cream pie with a graham cracker base) at MOUNTAIN JACK's in Farmington Hills.

The point is — going out for dessert is both delicious and inexpensive.

Richard Stoychoff prepares 'Bananas Tropicale' at Novi's Saratoga Trunk

## Business Briefs

PACESETTER FINANCIAL CORPORATION, of which the Brighton State Bank is an affiliate, recently announced that shareholders of the Almont Savings and Bank and Hillsdale State Savings and Bank voted overwhelmingly to affiliate with Pacesetter.

It is anticipated that the Almont bank will become an affiliate with the Grand Rapids firm on April 30.

Pacesetter's newest affiliate is Pacesetter Bank in Lansing which opened for business on February 25, 1980.

PRIVATE PROPERTY WEEK is being observed in Northville April 13-19 by proclamation of Northville Mayor Paul Vernon. He presented a copy of the signed document to John J. Halser (center), president of the 4,500-member Western Wayne Oakland County Board of Realtors, and Northville Realtor Carl Johnson at the city hall. Theme for the week is "Private Property Rights — Protect them."

WINNERS of the East shopping center at Grand River and Halstead, have been announced by the store's manager, Alice Scott.

Winning girls are: Janet Duncan of Novi (first), Karen Van Akin of Northville (second), and Pamela Kalte of Novi (third). Winning boys are: Brian Cuneo of Livonia (first), Tony Bradley of Southfield (second), and Chris Bradley of Southfield (third).

Teachers who judged the contest are Mrs. Helen Baker of Farmington Hills and Maryann Rossman of Farmington.

# Bedding plants produce an overnight splendor

Instant gratification is a pleasure sought by many people, but found by few, gardeners included.

Gardening with bedding plants will satisfy a person's needs for immediate fulfillment with a minimum of effort.

Bedding plants are the marvelously colorful flowering annuals and perennials that are available in the form of professionally grown seedlings from nurseries and garden centers.

The seedlings are mature enough to go directly into the garden or containers. They provide instant color to otherwise barren or uninspired landscapes.

Seedlings are the overburdened homeowner's answer to starting plants from seeds. Germinating seeds takes time, diligence and special materials, and often results in weak, spindly plantlets because ideal conditions are difficult to provide.

In addition, home grown seedlings frequently fall victim to the common, fatal disease — "damping off."

Bedding plants are so called because tradi-

tionally they have grown to glory in flower beds. Flower-filled beds of geraniums, petunias, marigolds, zinnias and all the other spectacular annuals are still a visual delight.

Combining annuals and perennials in the same bed can be a particularly effective approach to gardening.

Perennials, such as delphinium, foxglove and shasta daisy, will come up each year in the same spot. Ever spring a different selection of annuals can be used along the border of the bed and to fill in between the periodically blooming perennials for a continuous display of color throughout the summer.

Their distinctive colors make annuals excellent for defining space around the home grounds. They are superb for lining walkways, and work wonders separating different garden sectors.

Bedding plants need not be restricted to setting roots exclusively in the ground. All kinds of container plantings can embellish a terrace, patio, porch or window.

Redwood tubs, wooden wine barrels, window

boxes and ordinary flower pots are all viable containers in which bedding plants can be grown to perfection.

Small pots and boxes can be moved from spot to spot for the most striking and decorative effect at any given moment.

Any hanging baskets filled with pendulous petunias or ivy geraniums are lovely, yet take up no valuable garden space.

The care and handling of bedding plants poses no special problem.

Condition the earth before planting with about two inches of organic matter such as peat moss, leaf mold or compost. In addition add 5-10-5 fertilizer at a rate of two pounds per 100 square feet.

After the danger of frost has passed, transplant the seedlings into the ground on a cool, cloudy day or in the evening. Once they are in place the gardener can water the seedlings thoroughly.

Throughout the summer, water the plants any time the soil feels dry. Gardeners cannot rely on Mother Nature alone to provide ample water

week in and week out.

To encourage vigorous growth and flowering, additionally fertilize the plants every two to three weeks.

The weekend gardener whose time is precious will find the dazzling array of bedding plant seedlings to be the perfect shortcut to a spectacular

floral display.

On Saturday the backyard might be bare, but by Sunday it could be in bloom.

## Pedal to see nature at park

Naturalist Steve Horn will conduct a bike tour at Kensington Metropark near New Hudson on Saturday, May 10 at 1 p.m.

The five-mile bike path

will be used to observe the natural beauty of woodland, field, and lake shore habitats. The tour will begin at the Nature Center parking lot and will last about two hours. Participants must provide their own bikes.

Advance registration is required. Persons wishing to register or who wish additional information may call the park at 685-1561 (Milford).

## Learn how to grow wildflowers

A special program entitled "Planting Your Own Wildflower Garden" will be presented at the Nature Center of Kensington Metropark near New Hudson on Saturday, May 20 at 10 a.m.

Naturalist Bob Hotal-

ing will lead the two to three hour program. Subjects to be covered include choosing a site, preparing the soil, sources of plants, selecting the right species, and maintaining the garden through the year.

Participants should meet at the Nature Center building. Advanced registration is required.

Persons wishing to register or additional information may call the park at 685-1561.

## Eastern Hemlock ideal grower in moist areas

A moist area in the landscape can be a problem.

But if the soil is well-drained that same area can also be an opportunity — an opportunity to add an Eastern Hemlock (*Tsuga canadensis*) to your home grounds.

According to Harold Davidson, extension horticulturist at Michigan State University, the Eastern Hemlock does well on moist soil as long as it has good drainage. It will grow well on the north side of a building or wall, where many other evergreens would not thrive.

And it performs nicely as an understory tree in wooded landscapes as long as it receives sufficient moisture.

The Eastern Hemlock has a pyramidal crown and long, somewhat drooping branches. Its needles are short — one-half to two-thirds inch long — and flat, with two parallel whitish lines of stomates (pores for respiration) on the underside.

The needles are arranged in flat

sprays, which give the plant its characteristic delicate appearance.

A native of many parts of the Upper Peninsula, the Eastern Hemlock also is found in lower Michigan, especially along lake shores.

In the landscape, the hemlock can be left to find its own form or pruned into an evergreen hedge.

For a dramatic effect, Davidson recommends Sargent's Weeping Hemlock. A graceful, mound-shaped plant, it is two to three times as broad as it is tall (eight to ten feet at maturity). Its drooping branches give the impression of an evergreen waterfall.

Though beautiful, hemlocks are not often used in Michigan landscapes, probably because they will not thrive in a dry, open spot.

Persons whose home grounds contain a suitable planting site — shaded and moist but well-drained soil — are asked to consider the hemlock, Davidson says.

"It can be a magnificent addition to your landscape."

## Business Briefs

CHRISTOPHER WOOD of Walled Lake has been appointed by National Bank of Detroit as Second Vice President of its Comptroller's Division.

As manager of the Financial Planning Department, Wood oversees the management planning and profit center accounting activities of the bank. During his nine years with NBD, he has worked as a methods analyst in the Financial Analysis Department and as a financial officer and group manager in the Comptroller's Division.

He holds a BSE-IE degree in industrial engineering from the University of Michigan and an MBA degree in finance from Wayne State University.

RALPH BASSETT OF BRIGHTON has been elected vice-president of Tolley International Corporation. With the company since 1967, his present position is health and welfare consultant at the branch office in Birmingham.

TIC assists employee benefit programs in the U.S. and Canada by providing administrative, actuarial and consulting services.

ACROMAG, INCORPORATED of Wixom has appointed Brewer Associates, Inc., of Dearborn as its advertising agency.

A high technology company, Acromag provides analog signal conditioning modules for the processing, instrument and computer industries.

Executive Vice President Gordon Garrett is the account executive and agency President Don Brewer is the account supervisor.

THE ADJECTIVE "DARLING," never be used to describe the new Heidi's Salon at Twelve Oaks Mall. Carefully avoiding the stereotypical "pink" effect of many hair salons, Heidi's draws a new standard of sophistication to the beauty salon world.

Heidi's Salon in Novi is the fifth in a chain owned by local entrepreneur Heidi Brancheau Stein who feels strongly that quality hair design and sophisticated surroundings should be both convenient and accessible.

The salon offers a full range of beauty services including cut, style, perm, color, make-up consultation, manicure, pedicure and special cut, style and a grooming program just for children.

Designer Larry Ebel, one of the leading commercial designers in the Greater Detroit Area, has created a clean, contemporary theme throughout the salon. Low, plush carpeting, deco floral graphics framed in stainless steel, pillows, chrome and glass tables, elevated platforms and comfortable couches punctuate a sleek but fun reception area.

The hair stylists at Heidi's have the most updated and customized styling equipment. Patrons will find themselves resting in comfortable, upholstered chairs surrounded by a variety of plants. The walls in the styling area display an entire series of fun-classic Detroit car prints, giving both men and women something to focus on.

Heidi's Salon is open from 8:30 a.m. to 9 p.m. Monday through Saturday and noon to 5 p.m. on Sunday.

GUARDIAN INDUSTRIES CORPORATION reported record sales and earnings in its first quarter ended March 31, 1980. This marked the nineteenth consecutive quarter in which higher sales and earnings were recorded over the comparable year-earlier period.

KENNETH M. REYNOLDS has been named consumer banking officer at Manufacturers National Bank of Detroit.

Reynolds, who lives in Novi, has been with the bank since 1976 and has specialized in consumer lending since 1977.

A native of Kalamazoo, he holds both bachelors and masters degrees from Western Michigan University. Married with one child, he serves as director of the Novi Jaycees.

A NORTHVILLE physician is among eight doctors who will receive awards for distinguished service to Providence Hospital on May 9 at the Detroit Plaza Hotel. He is Dr. Albin J. Wickowski.

He will be honored at a black-tie awards dinner sponsored by the Providence Hospital Foundation.

Dr. Wickowski, a family practitioner and member of the Providence Hospital medical staff since 1946, completed both his internship and residency training in internal medicine at Providence. He received his medical degree from Wayne State University in 1940.

FRED W. SCOTT has been named consumer banking officer of Manufacturers National Bank of Detroit.

FRED SCOTT

He is assigned to the consumer loan department and is responsible for business development working with outside dealers in consumer products and services.

Scott joined the bank in 1964 and has specialized in consumer lending. In addition to his bank assignment he is a director of the Home Improvement Council of Metropolitan Detroit and officer of the FHA Title I Lenders Association.

Married, he has three children and lives in Northville.

RONALD BAGLEY has recently joined Starr Advertising of Northville as an account supervisor, agency president Henry Starr has announced.

Bagley, a resident of Toledo, Ohio, will help direct the agency's account services in Ohio. He comes to Starr from Widerschein-Strandberg Associates where he served as an account executive representing that agency's promotion and merchandising efforts.

FREDRICK'S OF FARMINGTON, a "gentlemen's clothier," recently has moved to the Twelve Oaks Mall in Novi. Owned and operated by the Rubinstein family, Fredrick's caters to the professional businessman and carries everything from designer suits to tailored formalwear.

Owner Fred Rubinstein states that Fredrick's specializes in personal service, friendly salesmen and has a master tailor shop employing three experienced tailors. A willingness to special order makes Fredrick's unique. In addition to regular sizes, the store carries clothing for the hard-to-fit man.

A sophisticated yet comfortable atmosphere is featured throughout the store. From the mirrored ceiling to the finely upholstered sitting area, Fredrick's presents a special touch of elegance which makes every customer feel special.

The Rubinstein family has been in the men's clothing business for almost 50 years. Under the name of Fredrick's of Farmington, the store had existed in Farmington for the past 14 years until its recent move to the Twelve Oaks Mall.

DR. NICHOLAS DOINIDIS of the Doinidis Chiropractic Clinic in Novi notes that Governor William G. Milliken has proclaimed the week of May 1-7 as "Michigan Spinal Health Care Week."

In observance of this special week, Dr. Doinidis and the Michigan Chiropractic Council are joining Governor Milliken in urging all Michigan citizens to take advantage of this opportunity to learn more about the potential health problems that can occur from poor spinal health care and how these problems can be prevented.

Through this effort, the Council hopes to create greater public awareness of the vital importance played by correct posture and proper spinal health care in the preservation and maintenance of overall good health.

The Council points out that many of today's health problems originated from postural mis-alignments that started as a result of childhoods falls, bumps or minor accidents that went undetected at the time.

### He Took You Away

Sitting by a tree in a field  
Radio, sunflower seeds, and beer.  
What did our friendship yield?

An album, a necklace very dear.  
A tape of your voices.  
I know I need more than this.  
What are my choices?

It's your presence I miss.  
Your sweet song of laughter.  
Come back to me.  
Leap from the hereafter.

Swim in the lake.  
Lie in the sun talking to me.  
I open my eyes  
And your faces I see.

I try so very hard  
To make my dreams come true  
To make you all come back  
But there's nothing I can do.

You are all free now  
I'm left on the ground.  
Thinking, hoping, praying,  
That you were still around.

Sorting out the thoughts  
Not accepted in my mind.  
Try somehow to fill this hole  
That you have left behind.

Mary Mullally,

### Unusual Sight

Loitering the market  
parking lot —  
one smart seagull  
(a shopping cart, to himself)  
begs handouts —  
by the sulk look.  
Eyes perking ecstatic  
as contributions  
dot the asphalt,  
he pulls his shabby  
feather-coverage together...  
squawks, simultaneously  
fluttering down...  
and accumulates.

Margaret O'Brien

### Receded Realm

Tire-turtled chunks —  
Five days without a face;  
Empty halls,  
Brick sides,  
Did he exist?  
Or did he blow apart  
To recede  
Piece by piece;  
His close-set  
Probing eyes last?

F.A. Hasenau

### Restless Souls

They walk the night in search of peace ... looking  
at places ... faces ... knowing a restless heart.  
They open eyes to the early dawn ... another  
sleepless  
night behind unblinking eyes ... searching  
through  
empty fields and streams for answers that are  
lying there in the stillness,  
seemingly never finding the key that opens the  
door  
to unending love and sincerity ...  
to find solace in the late hours ...  
the early morning sun ... giving ... of the self to  
others  
hoping to find meaning in people ...  
but always off of the beaten path ...  
waiting and looking ...  
seeking an answer.

Patricia Kotlarczyk

## Northville netters continue unbeaten

Northville's tennis team continues to minate its opposition. The Mustangs topped Harrison 6-1 and beat Cranbrook's "B" team 6-1 last week to remain undefeated.

Northville now stands at 4-0 overall and 2-0 in the Western Six League race.

The match with Harrison was closer than the score would indicate. Three matches were settled in three sets with a tie-breaker thrown in for good measure.

Barry Ouellette vanquished his foe 6-1 at first singles. The Mustang ace has yet to lose a set this season.

Doug Horst, at second singles, beat his opponent in two sets, 6-3, 6-4.

Jeff Williams lost his first set 4-6 at third singles, but recovered to take his next two 6-2, 6-1.

At fourth singles, Russ Gans had a tough time of it, but won in two, 7-5, 7-5.

His services have been lost to coach Dick Norton, as Gans injured his ankle over the weekend playing soccer.

He will be out for at least a week, according to Norton.

Andy Orlando and Ian Wild went three sets to escape their Harrison foes. The Mustang duo won 6-3, 4-6, 10-8.

Mark Swayne and Jim Herbel teamed to make the second doubles tandem, but lost 1-6, 3-6.

Les Neal and Russ Horst lost their first set in a tie-breaker 6-7, but came back to knock off the opposition 6-1, 7-5 in the last two sets.

With some minor lineup alterations, Northville had little trouble thrashing Cranbrook's squad.

Ouellette won 6-0, 6-1; Horst topped his man 7-5, 6-4; Williams also took his opponent to 7-5 in the first set, and came back to finish him off 6-2 in the second; and Gans won 6-3, 6-3.

Swayne and Herbel, at first doubles, lost 1-6, 4-6. Wild and Neal, at the number two slot, won 6-2, 7-6 and Rick Marshall and Dale Fisher were victorious at third doubles, 6-4, 6-2.

"I think we played fairly well," Norton said. "So far it's not looking too bad except for the injury to Gans. I'm going to have to find someone to play at fourth singles now. I think it might be Les Neal."

Northville will take on Churchill today in a home match which begins at 4 p.m. The Mustangs will then host Salem in another 4 p.m. contest on Thursday.

Photo by Jane Hale

Russ Gans, the Mustangs' number four singles player, has been lost to the team for at least a week.

Photo by Jane Hale

Barry Ouellette continues his dominance as singles ace

## Sail Inn tourney set for Brighton

The Sail Inn of Brighton will host the Sail Inn Men's Softball Tournament on May 16, 17, and 18, to be held at Scranton and Spencer fields in Brighton.

This tournament will consist of 16 teams, rated in Class B or C, in a double elimination structure. Two Dudley Top Flight softballs will be furnished per game, along with two A.S.A. registered umpires.

Trophies will be awarded to the first place sponsor and 15 individual team members, second place sponsor and 15 individual team members, and to the third place sponsor.

The deadline for team entry fee and team roster will be May 8, or to the first 16 team entries. Entry fee is \$85 (make check or money order payable

to Sail Inn Softball).

Mail entry fee, team roster (including names, numbers, addresses and phone numbers) and contract to: Bob Morton, 4448 Pleasant Valley Road, Brighton, Michigan, 48116.

This is a roster tournament—no pick-up players will be permitted.

# Rec soccer review

**BOYS 10 AND UNDER**

Livonia-14, Northville Black Knights 1  
Tom Ursel scored the lone Northville goal. He was assisted on the play by Andy Abbosh. It came in the third quarter of the contest.

Plymouth-54, Northville Cosmos 1  
Robert Jameson led a spirited Cosmos offense by scoring a first period goal. However, it was the only Northville score of the game. Chris Harris assisted on it and Nick Salas made 10 good saves in goal for the losing squad.

Livonia-95, Northville Express 1  
Todd Booth, assisted by Brian Williams, scored the first goal of the game in the first period, but the Express couldn't hold on to win. Steven Pearce took a turn in the nets for the losing team, and while he was in Livonia failed to score.

Livonia-16, Northville Rowdies 2  
It took the Northville team three periods to get on the score board, and then the Rowdies could only ring the bell twice. Kirk MacKinder scored both of the goals and was assisted by Matt Smith on both of them.

Livonia-157, Northville United 1  
Bobby Dudley scored the lone United goal in the second quarter on a good pass from Billy Butske. Coach Roger Bennett said the score didn't indicate just how close the game was.

**BOYS 12 AND UNDER**

Plymouth-15, Northville Sting 1  
The lone Northville goal was scored by a Plymouth defender. John Harris was outstanding on defense for the losing squad.

Northville Citadel 1, Farmington-10  
It was a scoreless game going into the final five minutes. Vini Mussin then banged home the winner on a penalty kick. Goalie Richard McCulloch earned the shutout with some outstanding play in the Citadel nets.

Northville Arsenal 3, Plymouth-22  
John Larabell set up Chris Gorceya twice with picture-perfect passes and the later banged both home to give Northville a first period lead. Brad Metz, on an assist by Greg Dziewit, scored the third goal in the second period.

Plymouth-42, Northville Hot Spurs 1  
Northville lead 1-0 with five minutes left in the game when Plymouth scored both of its goals on deflection shots. Ken Kossak scored the Spurs goal on an assist by Richard Smith.

Livonia-102, Northville United 0  
Livonia scored both of its goals in the first half and held on to earn the shutout. Mike Allen turned in a good performance for the losing team.

Farmington-43, Northville Hurrican 1  
Jeff Donaldson scored a goal in the second quarter to knot the score at 1-1, but Farmington pulled ahead to win in the second half.

Northville Cosmos 6, Plymouth-81  
Nick Morris and Eric Smolenski each scored goals in the second period to send Northville into the lead, which it held for the win. Avansh Bhavsar scored twice in the third quarter and Smolenski and Morris each added goals to give Northville the five goal margin.

Northville Black Knights 5, Plymouth-120  
Michael Kelly scored four goals for the winners. Three were unassisted and the fourth came off of a pass from Tom Alexandris. Ken Neal added the fifth

Knight goal, assisted by Mike Kelly and Mike Ulaszek. Paul Smith was in goal for the shutout. He relied on strong defense by Steve Brooks and Nome Lakin.

**BOYS 16 AND UNDER**

Northville Arsenal 1, Livonia-21  
Garron Gavalas scored a goal in the second half to tie the game for the Arsenal. He scored on a crossing pass from Greg Marshall. Dirk Nowka, Chuck Keller, Marshall and Dan Perlich were singled out for their outstanding play.

Northville United 2, Plymouth-20  
Omar Anisoglu scored the first goal at the 20 minute mark of the first half. Mike Nelson added the second United goal in the second half. Steve DeMattos and Clay Walts were lauded for their fine defensive work in preserving the shutout.

**GIRLS 16 AND UNDER**

Northville Aztecs 5, Northville Fillies 2  
The Aztecs scored first on a goal by Christine Hanson with an assist from Kathy McConnelville. Lisa Cahill then scored the next two Aztec goals. Ann Schwartz and Kelly Coutts assisted on the marks. The Fillies struck back on goals by Marianne Moylan and Kathy Kirwan. In the second half, Cahill added two more goals on assists from Schwartz and Holly Hubbard to give Northville an assured win.

**BOYS 19 AND UNDER**

Northville 5, Westland 2  
Rick Marshall, Eric Lindemier and Jeff Dyer each scored second half goals to break a 2-2 first half tie and give Northville a win in its opening game of the season.

Northville 4, North Farmington 1  
With the score knotted at 1-1 at halftime, Northville exploded for three second half goals to win the game. Kevin Swayne scored two goals, and Craig Lafferty and Les Neal one each to give the team its first win in Schoolcraft College Soccer League play.

**BOYS 14 AND UNDER**

Northville Arsenal 2, Livonia A 2  
Doug May scored with an assist by Tom Ross to put Northville up 1-0 in the first half. Livonia scored two straight goals to take the lead, but in the second half Ross notched the second Arsenal goal for the tie.

Northville Black Knights 10, Plymouth 0  
The Black Knights dominated play entirely. Matt Peltz scored three goals, Steve Berry and Adam Danes two each, and Billy Herguth, Kurt Settino and Doug Hartman one each for the winners.

Livonia-46, Northville Chargers 5  
Fred Cahill notched three goals and B.R. Bohan and Scott Kubit one apiece, but it wasn't enough as the Chargers blew a 3-0 first period lead and then a 5-3 lead.

Northville Express 5, Livonia-61  
Cam Ramsey scored the only first half goal to give Northville a 1-0 lead. He added two more in the second half to go along with goals from Don Goode and Gary Lampella.

Livonia-134, Northville United 1  
Livonia scored the first goal of the game in the first half, but Keith Dutkiewicz tied the score with a penalty kick at the 35 minute mark. Livonia broke the game open in the second half by scoring three unanswered goals.

Kathy Montgomery puts her foot to the ball as Janie Mao (12) watches during Northville's 2-0 loss to Bentley

## Bentley tops kickers

It's back to earth for the Northville girls varsity soccer team.

The Mustangs escaped a harrowing mugging at the feet of Bentley Thursday, losing 2-0. Northville coach Ron Meteyer felt that Bentley could have scored even more goals.

"They were bigger, faster, more skilled than us," he said. "And, we played poorly. Had we played better, the outcome could very well have been different."

"When we play them again, we'll try some new things on offense."

Meteyer said his four-halfback attack was causing troubles for his charges so he will shift to another mode of offense.

He praised the work of the Mustang defense, however. Without its performance, the score could have been even more lopsided, he said.

"The defense played well enough to hold them to two goals. Bentley should have had four or five, I thought," Meteyer said. "They (Bentley) played that well."

Meteyer said his defenders broke up 13 potential scoring chances for Bentley. Northville limited the winners to just eight shots on goal.

Unfortunately, the Mustangs were only able to manage two.

Melissa McDaniel was in goal for Northville. She had her work cut out for her.

The first Bentley goal came 10 minutes into the first period. Bentley sent a corner kick arching across the front of the net. McDaniel was boxed out of the play and was unable to stop the ball when the wind caught it and rolled it back into the goal.

The second Livonia score came within just two minutes to play in the contest. McDaniel stopped a shot in close, diving for the ball, but it deflected off of her and into the clutches of a Bentley aggressor, who hammered a kick into the net over the prone Mustang goalie.

Meteyer praised the work of three Mustang defenders in particular: Michelle Waldman and Michelle Mathes for the duration of the game, and Melinda House, who came in off the bench to neutralize many Bentley drives.

"I'm just glad it wasn't worse," Meteyer said when asked to evaluate the loss. "Bentley controlled play against us like we had against Harrison and Fordson. Maybe it's a good thing as the girls can now see just how far they really have to go. But don't count us out. I think we can still be a factor."

Northville drops down to third in its battle with Stevenson and Bentley for the league title.

Stevenson is currently 4-0-0, Bentley 3-0-0 and Northville is 2-1-1.

## Diamondmen edge Harrison for win

Bob Thomson has been the pitcher of record in two of the Northville varsity baseball team's games.

But he hasn't earned a win or suffered a defeat.

Thomson has garnered two ties. The Mustangs tied Salem last week 4-4, and the game was called because of rain in the sixth inning.

Earlier in the season, Northville tied another school because of darkness. Thomson pitched in both contests.

As for wins and losses, the Mustangs

are doing fairly well in that department.

Northville beat Harrison 7-6 to raise its record to 4-1-2 overall and 1-1 in the league.

Rick Borthwick picked up the win against Harrison. He is now 2-0 on the mound.

The Mustangs fell behind 3-0 in the top of the first inning but managed to come back, scoring three runs of their own to tie the game in the bottom of the inning.

Dan Goehman singled and stole second to open Northville's attack. Gary Kucher was hit by a pitch, putting two men on base when Jim Behen stepped into a fast ball and sent it screaming to the fence for a double.

But on the throw, the Harrison fielder missed the ball and both Goehman and Kucher scored, with Behen finally ending up on third.

Borthwick then aided his own cause by hitting a single, knocking Behen home.

Harrison scored three more times in the third inning to go up 6-3, but the Mustangs wouldn't roll over.

In the bottom of the fifth inning, Behen singled, Paul Luiki walked, and Borthwick walked to load the bases. Boshoven then walked to force in Behen.

The next play was a suicide squeeze bunt that caught Luiki between third and home. But he escaped the rundown

Continued on 4-D

## ... Rec soccer

Continued from 2-D

### GIRLS 10 AND UNDER

Northville Pandas 2, Plymouth-3 1  
Trailing 1-0 at the end of the first quarter, Northville tied the score at the half on a goal by Liz DeMattia. Chris Abitz got the game winner in the third quarter. Both goals were assisted by Heather Sixt. Dana Roslinski was outstanding in goal and on defense for the winners.

### GIRLS 12 AND UNDER

Northville Pink Panthers 3, Plymouth-2 2  
With only 11 Panthers suited for the game, the Northville team relied on an outstanding performance by goalie Laura Helpler. Lisa Irwin scored twice

for the winners and Stacey Murdock once.

### Livonia-6 1, Northville-5 0

Northville goalie Roxanne Serkaian put in a strong performance to hold Livonia to just one goal.

### GIRLS 14 AND UNDER

Livonia-23, Northville Pink Panthers 2  
Lucy Petrides gave the Panthers a 1-0 lead, but Livonia scored two goals to take the lead. Cathy Korowin tied the game for Northville, but Livonia scored again to win. Jill Beamer assisted on the Korowin goal.

Livonia-53, Northville Foxes 3  
Julie Anger, Margaret DeMattia and Jane Hodgson each scored goals for the Foxes in a seesaw battle with Livonia.

## Mantle tryouts slated

Tryouts for Northville's Mickey Mantle Traveling League team will take place on Thursday, May 1 at 6 p.m. at the high school baseball field.

A second tryout-

practice will take place on Sunday, May 4 at 9:30 a.m. at the Cass Benton field.

The Mickey Mantle team is for boys aged 15

and 16. The team will be coached by Al Blackburn.

Persons wishing additional information may call George Kormanis at 348-9847.

# Boys track team weak in one area; lose two

Northville boys track team took it on the chin two more times last week, but with each loss the team appeared to be making progress.

The Mustangs lost 81-51 to Bentley on Tuesday and 72-60 to Canton on Thursday.

Northville coach Ed Gabrys pointed out that in each of the team's two losses, there were two specific areas where the Mustangs weren't producing points: the sprints and hurdles.

He is switching some people around this week in practice in an attempt to shore up those areas.

One area where he no longer has headaches is the field events.

And how does Ed Gabrys spell relief? D-a-v-e W-a-r-d.

The big senior has been a sure-fire point getter for the Mustangs all season, and last week was no exception.

In fact, in both losses, Ward accounted for one quarter of all the points in each contest.

Against Bentley he took firsts in the high jump (6'0") and the discus (120'11") while earning a second in the long jump (19'3") and a third in the shot put (40'9").

But Ward isn't doing it all by himself. Todd Vincent tied with the Bentley pole vaulter for first, but on the basis of more misses at the winning height, came in second with a leap of 11'0".

Pete Blanchard took third, clearing 8'6".

Scott Robins took a third in the long jump, sailing 18'10" and a third in the high jump with a leap of 5'8".

In the sprints and hurdles, out of a possible 46 points, Northville earned two.

Greg Burnham earned both points with thirds in the 120-yard high hurdles

(:17.8) and the 330-yard low hurdles (:45.4).

In the longer races, Northville left Bentley at the starting blocks.

Doug Wright and Clark Couyoumjian finished one-two, respectively, in the 440-yard dash.

Wright clocked in at :53.3 while Couyoumjian was right behind with a time of :53.8.

Harry Couyoumjian won the 880-yard run with a time of 2:01.7.

The mile relay unit of Harry and Clark Couyoumjian, Wright and Ken Weber, continued to win uncontested.

Northville beat Bentley in this race with a time of 3:37.

Ross Grover ran the fastest mile of his career in taking second place (4:40.7). Scott Dayton came in third with a time of 4:47.3.

In the two-mile run, Dayton and

Grover changed places and moved up a notch.

Dayton took first with a time of 10:43 and Grover was second at 10:48.

The Mustangs closed the gap even tighter with a 12-point loss to Canton.

It could have been because the sprints and hurdles crew earned six points this meet.

Ward again led the way taking firsts in the long jump (18'0") and the high jump (5'8") while earning two seconds in the discus (123'1") and the shot put (38'9").

Wright took a second in the long jump (17'2.5") and Vincent cleared 10'6" for a second in the pole vault.

Wright doubled back to take a first in the 440 (:54.3) with Clark Couyoumjian (:55.0) and Weber (:55.5) following in order.

Burnham placed second in the high

hurdles (:19.3) and Dan Hutton (:19.6) was third.

Robins finished third in the 100-yard dash (:11.2) and the 220-yard dash (:25.1).

Dan Vogt earned a third in the low hurdles with a time of :44.2.

The mile relay unit captured first (2:43.5) and Harry Couyoumjian was first in the 880 (2:00.5).

Grover took first in the mile (4:45) while Dayton was second (4:52).

In the two-mile, Dayton and Grover each ran their fastest times ever, taking second and third, respectively.

Dayton finished with a time of 10:34 while Grover clocked a 10:38.

Northville will take on Harrison tomorrow at 4 p.m. and then compete in the Observerland Relays, beginning at noon on Saturday. The relays will take place at Redford Union.

## JV softball team loses

They say that losing creates character.

The Northville JV softball team had its character developed a bit last week as the squad dropped two contests.

On Monday Northville met Plymouth Canton and lost 17-10.

Stacy Hoover started and pitched the entire game for the Mustangs. She pitched well, according to coach Joe Blake.

Hoover gave up only five walks and controlled the Canton batters for six innings. But she didn't fare so well in one frame, the fourth.

Plymouth erupted for 11 runs on 10 hits in that inning.

On Tuesday the Mustangs lost a heart-breaker against Redford Union, 9-8.

Northville nursed an 8-4 lead until the last of the seventh inning, when Redford exploded with

nine hits, six walks and five runs.

Besides hurling, Hoover led the way at the plate. She collected three hits in three at-bats.

In the series, Tammy Chew, Darcy Lovelace, Jill Matteucci and Diane Ciskowski all hit well, according to Blake.

He also singled out Chew and Ciskowski for their fine defensive work at shortstop and first base, respectively.

## ... Baseball

Continued from 3-D

and scored.

Then, with two outs, Steve Norton drilled a single to right field to push across Borthwick and Boshoven with the tying and go ahead runs.

Borthwick was relieved by Thomson but went five innings, giving up three hits, four earned runs, four walks and striking out five.

Thomson went one inning, giving up no hits, no runs, walking two and striking out two.

John Hale relieved Thomson in the seventh inning and earned a save by retiring the side after giving up a harmless single.

It was another case of first inning jitters for the Mustangs as Salem jumped out in front 2-0 in the first frame.

Northville fell even further behind when Salem picked up a run in the second.

But Northville scored in the third when Kucher singled, Behen walked, moving Kucher to second, and Luiki smacked a hit that sent Kucher scampering home.

Salem added a run in the fourth to go up 4-1, but in the fifth the Mustangs added two more runs to make the game in-

teresting.

Behen led off with a single and Hale rapped a grounder to the third baseman, who overthrew to first allowing Behen to score and Hale to cruise safely into third.

Luiki then grounded out, but on the play Hale scored.

In the sixth, with the rain increasing and two outs on the board, Goehman singled and stole second. Kucher then rifled a shot into centerfield that allowing Goehman to score and tie the game.

In the bottom of the inning, the umpires let Salem bat even though the pitchers had trouble holding the ball and the batters lost their bats on swings in the wet weather.

Salem went down one-two-three. The game was called and Northville now has more ties than it does losses.

"We're looking good. I'm pleased that these guys battle back," coach Bob Kucher said in evaluating his team's play. "I'm concerned about too many errors, though. We're hitting well, and if we could just take care of our errors, I think we could be a definite contender."

Northville will take on Churchill today at the Northville field, beginning at 4 p.m.

## Golf championship set

The Fourth Annual USGA Women's Public Links Amateur Championship will be held at the Center Square Golf Course, Center Square, Pennsylvania, June 25 through June 29, 1980.

The qualifying round for Michigan will be played at the Salem Hills Golf Course on June 2, 1980. Starting times will be announced after the applications with \$10 entry fee are submitted.

These applications should be received no later than May 14. Last year there were 61 entries.

The Women's Public Links is the newest of the 10 national championships conducted annually by the USGA. In 1979

there were 695 entries and Lori Castillo of Honolulu, Hawaii defeated Becky Pearson of Miami, Florida.

There were 28 locations around the country where the qualifying rounds were played with 120 players advancing to the championship round. The winner of the individual championship received the Robert F. Dwyer Trophy donated by Mr. Dwyer, a former member of the USGA Executive Committee.

For more information contact Eveylyn Denton, 38138 Southfarm Ct., Northville, Mich., 48167. Entry forms will be available at public golf courses.

## The Boating Bargain.

A whole weekend of fun on 10 gallons of gas or less.

The next time you pump 20 gallons of gasoline into your car for a day's drive, think about this.

Just think about how little gasoline it takes for a weekend of water skiing, skin diving, sunning, swimming, secluded beaches, starlight nights.

We'll put it another way. Just a couple of gas cans filled up at your local pump can keep you on the water for the whole weekend.

And, if you think getting into boating is expensive, think again. Boats are investments which often increase in value. Boat loan interest is tax deductible and loans are easy to arrange at most Michigan Marine Dealers Association member showrooms. A small initial investment and you're under way. Come on in. We'll show you how you and your family can enjoy a full summer's worth of fun for about the same price as a two week vacation for two in Hawaii.

Bring in the coupon below to a participating Michigan Marine Dealers Association member and you could win a boat, motor and trailer or boating accessory. There is no obligation and nothing to buy.

# Softball squad whitewashes Harrison 12-0

The Northville varsity softball team won a game last week, but it lost something much more important. Judy Orr, a junior, who was the team's leading hitter last year and a first-team member of the Sliger All-Area Softball team, has been lost for the season due to ligament damage suffered during practice last week Tuesday.

Orr hit .370 last season, knocked in 12 runs and scored 12. She was named to the Western Six All-Conference second team as a sophomore last season.

Orr's spot in left field will be filled by the team's RBI-leader, Sandra Flannigan, who usually plays second base. Michelle Cain will take over the chores at second for Flannigan.

The loss of Orr could prove to be a critical one for the hitting-hungry Mustangs. Last year only two players hit over .300, Orr being one of them.

Her injury leaves Kim Kurzawa as the only other over-.300 hitter on the squad.

"At first I thought it was a sprain," Coach Tim Lutes said. "But it turned out to be ripped ligaments. She was the leading hitter on the team last year. She is a fine defensive ball player and a fine leader. We're going to miss her."

Lutes said the Mustangs, their foe on Wednesday was less than a test for the depleted squad.

Northville beat Harrison 12-0 in five innings, using the mercy rule to end the game.

Harrison won the league last season with an almost all-senior crew. This

year it is trying to fill all of the holes with rookies. The team isn't faring well.

The Mustangs won with just two hits. The 12 runs came on five hit batters and 14 walks, with a sprinkling of errors thrown in.

Flannigan upped her team-leading

RBI total to seven with a two-run double while pitcher Julie Abraham collected the only other Northville hit, a bloop single.

The lack of offense concerns Lutes, but he takes solace in the fact that his squad has a solid defense, one that

didn't commit a single error in Wednesday's game.

"Defensively we looked pretty good. We have been limiting our errors lately," he said. "Regrettably, the ones we've had seem to come at bad times.

But I would say that defense is our strength."

Abraham hurled a strong game, going the distance and allowing only three hits, two walks while striking out one Harrison batter.

The win gives the Mustangs a 2-3 record overall, and leaves them 1-1 in the Western Six.

"The league this year shows good balance," Lutes said. "No one is undefeated which means we still have a good chance at winning it."

## Girl tracksters win more battles but not war

The Northville girls track team won most of the battles Thursday, but it lost the war with Plymouth Canton.

The final score was 64-59.

The Mustangs took nine first place finishes out of 15 events, which normally would be enough to guarantee any team a win.

But Northville isn't just any team. It is a team without depth. And that is the reason it lost.

After the nine firsts, Northville managed just three second place finishes and five thirds.

Canton out-placed the Mustangs 28-17.

Liz Massoian got the ball rolling for Northville. She took first place in the long jump, sailing 13'9.5".

In the high jump, Sheri Robins and Cathy Ciskowski finished second and third, respectively.

Robins placed with a leap of 4'4" and Ciskowski cleared 4'2".

Northville was shut out in the shot put

and the discus.

Mary Nutter claimed second in the 110-yard hurdles with a time of :18.85. She was nipped at the finish line by the Canton runner, who won with a time of :18.84.

Chris Spigarelli earned Northville's first win in the running events, breaking the ribbon at :12.36 in the 100-yard dash.

Kathy McMillan logged a 6:29.3 in the mile run, which was good enough for third.

Northville won all of the relay events. In the 880-yard relay, Diane Darrow, Vicky Arwady, Robins and Spigarelli teamed to take first with a time of 1:59.5.

The same crew won the 440-yard relay, clocking in at :57.2.

Between the two relays, Tammy Selfridge ran a 1:09.4 to claim first in the 440-yard dash.

Nutter and Katy Otten took first and

second respectively in the 220-yard hurdles.

Nutter ran a :37.07 while Otten cruised in at :37.08.

In the 880-yard run, two Mustangs again shared the glory, with McMillan winning with a time of 2:45.92 and Selfridge earning third with a 2:49.6 clocking.

Spigarelli broke the ribbon at :29.24 in the 220-yard dash, her second first of the meet.

Robin Georgoff gave the Mustangs some much-needed muscle in the two-

mile run, taking third with a 14:27.34 finish.

Finally, Northville won the mile relay, with Selfridge, Karen Sledz, Mary Groves and McMillan teaming to run a 4:52.8.

Northville coach Bob Prom listed some highlights from his squad's performance.

Nutter's first and second in the hurdles, McMillan's and Selfridge's performances in the distance events and Spigarelli's dominance in the sprints pleased Prom.

Mazzoian's effort in the long jump was her personal best, while Prom is sure that Robins and Ciskowski will improve in the high jump once the weather allows them to get more practice.

Prom said his distance people are paring their times and will score points as the season progresses.

Katy Otten was another bright spot for the Mustangs, Prom said.

She has improved her times in the hurdles and he is confident that she will help the team more in the future.

## Recreation News

May 16 is the deadline for ski club members to turn in their ID cards to

the recreation department for reimbursement. Any adult softball teams interested in renting the Community Center's gym for practice should call 349-0203 for more information.

If any adult is interested in playing softball in any of the three adult leagues (men's, women's and co-ed), but who isn't on a team, the recreation department has a waiting list from which players are chosen to fill vacancies on existing teams.

There are still plenty of garden plots available for any senior citizens who want to try their green thumbs. Just contact the recreation department to reserve a piece of land, officials stress.

## Mustang News

Due to repairs on the turf of the Northville High School football field, all remaining home contests for the girls varsity soccer team will be played at Meads Mill Junior High School, Athletic Director Ralph Redmond announced.

All games, even the previously scheduled night contests, will take place at 4 p.m. The Northville varsity baseball and softball teams have moved into the semi-finals of the

Brighton Tournament. Each of the teams will meet its Pinckney foe on Saturday, May 10 for the semi's. These games will be at noon.

The final round of the tournament will take place in a 4 p.m. contest that afternoon. It will pit the winners of the Northville-Pinckney and Hartland-Fowlerville games against each other.

There were eight teams involved with the tourney at the beginning, two weeks ago.

## Panthers win

Northville Pink Panthers, members of the Great Lakes Soccer League, played their second game of the season Sunday and beat the Livonia Rockets 6-1.

The Panthers, made up of girls 19 years and under, got two goals from Janice Irwin and from Sharon Campbell and one each from Angie Butterfield and Kris Petit to

defeat the Rockets. Karen Berlin and Donna Schlachter shared duties in the net.

The Panthers opened their season with a 3-1 win over the Canton Wildcats two weeks ago.

Butterfield scored all three goals in that game.

The team will next play on Saturday at Northville Township Field 1, against the Garden City Flames.

## 24 students receive help

Twenty-four Northville students were helped this year by Growthworks, a Plymouth agency.

Students were given aid through programs ranging from crisis counseling to jobs. All programs are designed to give a boost to students who have had difficulties at home or at school.

Turning Point is a counseling and crisis service which helped 900 residents last year. Trained social workers and counselors give counseling over the telephone or in person. They have specific groups designed to deal with child abuse, wife abuse, and personal growth for teenagers.

Counselors deal with surface issues such as family problems, loneliness or depression, and with deeper emotions and values.

Telephone number of the 24-hour service is 445-4900.

Several Northville students participated in Title IV works projects such as renovation of the Northville Community Center on East Main.

The work project pays students minimum wage, but more than that, groups receive training in technical skills for the job and instruction in independent living skills, job retention and employability, with the goal that students learn to be responsible for a project.

For their participation, participants receive credit toward high school graduation. Last year 100 percent of the students who had dropped out returned to school, including those with histories of poor school attendance.

High school graduates receive help from the Michigan Employment Program at Growthworks, under which a young person aged 18-24 gets on-the-job training in an entry-level job.

In the first phase of the program, participants learn employability, interpersonal and survival skills, and career education.

In the second phase, each participant is placed with an employer for up to three months of formal training. Employers are expected to hire their trainee on a permanent basis if he or she completes the program.

For information, call 455-4095 or 455-4090.

## Park slates bird walk

A bird program entitled "Warbler Walk" will be held at the Nature Center of Kensington Metropark near New Hudson on Sunday, May 11 at 9 a.m.

Wood warblers are small, lively and colorful migrants that invade Michigan in large numbers during May. For many birders, warblers are the highlight of the spring season, says naturalist Bob Hotaling who will take participants on a three-hour walk of identification and observation.

Participants, who must register in advance, are advised to meet at the Nature Center building and to bring along binoculars.

## GET MORE YEAR 'ROUND LAWN CARE WITH A VERSATILE SNAPPER!

1. An outdoor vacuum which picks up leaves and litter, and packs them into a large grass catcher, and with optional accessories
2. A mulching mower which turns cuttings into lawn food and you don't have to rake or empty the bag
3. A leaf shredder so you can go over four times as far without emptying the bag
4. A grass catcher which will quickly and easily empty cuttings directly into disposable plastic bags

Before you buy a mower, compare the quality and performance features of a SNAPPER. You'll find SNAPPER is worth more because it does more. And its price is competitive with other quality mowers.

# At Schoolcraft

## Vets press to keep counselor

Under pressure from student veterans, Schoolcraft College has agreed to keep its fulltime veterans counselor through June 30.

However, the Schoolcraft Veterans Club, recently organized due to the impending closing of the veterans counselor office, wants a commitment that the college will apply for federal funding to keep the office open longer.

President C. Nelson Grote has proposed the school's counseling office handle veterans counseling, a decision opposed by the veterans group.

The group contends the school will be replacing the fulltime veteran's counselor with a parttime service.

At last Wednesday's board of trustees meeting, Grote and a spokesman for the veterans differed over an apparent tentative agreement the two had reached earlier in the day.

Grote said he would consider applying for an estimated \$12,000 in federal VCIP (Veterans Cost of Instruction Program) funds, but added, "I'm not going to take an

oath that we're going to apply for it."

Veterans club spokesman Thomas Ontko, a Schoolcraft student, claimed that Grote had made a "firm commitment" earlier in the day to apply for the VCIP funds.

But Grote told trustees he has "not been willing to make a commitment that we will."

He said accepting the funds may mean the college has to keep a fulltime separate veterans counselor. Since last summer Grote has wanted the office merged with the counseling department.

The veterans office was scheduled to be closed Friday and fulltime counselor John Borenski of Plymouth Township was to be laid off.

Grote said Borenski will remain on the job the next two months to train other counselors on the federal veterans programs.

Ontko said the vets club needed more than two months to investigate other funding sources for a separate counselor.

"This two month time period does not give the veterans a chance to pursue an alternative," he

said. But Ontko found little support among Schoolcraft trustees, who maintain the service is being transferred, not cut.

"There's no way there's any intent to cut down on the services," said Trustee Richard Hayward. He said that if

the name of the veterans counseling office had been kept intact with the proposed transfer, he doubted if the veterans would be opposing it.

Schoolcraft has applied for VCIP funds since the early 1970's. College officials say the amount of federal funding has decreased each year

since 1976 because of the school's veterans enrollment has decreased.

They say the demand no longer justifies continuing a separate fulltime counselor.

Grote said it will cost the college \$3,400 to keep the veterans office open through June.

## How to increase the fruits of your labor.

When you take Apple as a business partner, you get a lot more than just a computer. You get a complete system designed to help you manage your business more effectively. From Canadian bluff

Rock climber survives 75-foot fall

By KEN KOVACS

The bone in his left leg was shattered and his body severely bruised and cut. But it could have been much worse. Craig Ruffner could have been killed in his rock-climbing fall April 13. The 20-year-old Northville Township resident, his 18-year-old brother, Keith and a friend were rappelling down the face of a bluff at Kelso Provincial Park near Milton, Canada when the corner of his jacket got caught in the figure-eight loop through which the rope is woven. In an attempt to cut the tangled coat free, the rock climber of two years unknowingly severed his lifeline and fell 75 feet to the ground, fortunately landing on dirt.

"When I hit the ground I felt a sharp pain in my leg and when I finally stopping rolling through the rocks I couldn't lift it," Ruffner said. During the fall, his head hit numerous rocks, causing a large gash in his forehead — which bled badly, he said — and numerous cuts elsewhere on his face. "Luckily, I was conscious the whole time," he explained. "The doctor said if the pressure in my head had not been eased by the bleeding, I easily could have had a concussion and who knows what might have happened to me then." The young climber admits the accident was his own fault. "I was just really dumb," he says freely. "I was in too much of a hurry."

"I was using a cheap rope, too," he continued. "If I would have had my other climbing rope it wouldn't have happened." Despite the near fatal accident, Ruffner says he will take to the bluffs again when his injuries have healed. "I wouldn't tell anyone don't climb," he said firmly. "I don't want it (the accident) to scare away other potential rock climbers. "I have had some of the most fun ever while climbing and rappelling," he said. "I would just warn others to use

the right equipment and don't be dumb like I was." The Halton Region Conservation Authority has discouraged climbing at nearby Nemo and Rattlesnake bluffs, Ruffner said, where at least three people have lost their lives in similar accidents. A total ban of climbing on conservation property in the area — located about 35 miles north of Toronto — currently is being considered by members of the authority, according to a local Canadian newspaper.

This Kelso park bluff nearly killed Craig Ruffner

Schoolcraft offers real estate course

Individuals must be licensed to sell real estate, and Schoolcraft College can help. Pre-Licensing Real Estate Sales courses will be offered for five-week sessions on Mondays and Wednesdays beginning April 28 and June 2. Offered through community services, the classes will meet from 7

to 10 p.m. in Room 160 of the Liberal Arts Building. The course fee is \$95. The course will cover real estate fundamentals of real estate law and other regulatory laws, legal aspects of real estate, financing, real property conveyances, marketing, valuation concepts, contracts, and basics of home construction and design.

Designed to help prepare students to write the Michigan examination for the real estate salespersons license, the course carries three continuing education units of credit. Registration information may be obtained by calling community services at 591-6400, extension 409.

## Wood Treatments

Most softwood lumber species may be treated to keep out moisture, retard decay, and resist insects or fire. Because treated lumber can substantially increase the life of buildings in which it is used, the additional cost can be easily justified.

Two basic techniques are used to treat lumber chemically in order to achieve these properties.

In the coating method, preservative chemicals are applied by dipping, spraying or brushing on the surface of the lumber. Even though two coats of preservative are normally applied in this manner, chemicals are not forced into the interior wood fibers.

Pressure treating forces chemicals deep into the cells of the wood. This process gives the deepest, most uniform penetration of preservatives.

A few suggested applications for pressure treated lumber are: sills, plates, and furring strips in contact with masonry foundations. Three broad classes of preservatives are used in the pressure-treating process.

- Creosote, the oldest wood treatment technique, has a coal-tar base.
- Pentachlorophenol, an oil-mineral spirits based treatment, is used in many exterior applications. Some odor is connected with this treatment method, which is popular for agricultural and fresh water resistant situations.
- Waterborne salt treatments are applied to lumber that will be used in the home. Lumber that is treated in this manner is odor-free and can be readily painted.
