Planners review CBD

By KEN KOVACS

The voice of the people has been heeded.

Residents' concerns — voiced at a public hearing September 16 — apparently were a major consideration in the city planners' recent decision to eliminate the residential portion of their proposal to rezone from GCD (General Business District) to CBD (Central Business District) a large portion of the downtown area.

At a regular meeting October 7 planners voted unanimously to recommend to the city council that the areas currently zoned GCD — which do not include the residential lots on North Wing and Randolph — be rezoned to CBD.

"I think it is obvious how the citizens

feel about this area," said Member Charles Freydl, who made the motion for recommendation.

But Member James Cutler had some concerns.

"What do we do about the parking problem?" he asked. "Are we being fair to the city by doing this? We have refused people parking because of a lack of space. I think we should use the same brush on everybody."

"You've got to face the problems that might occur," he continued. "I am just trying to look at the problems we are creating."

But Chairman C. Thomas Wheaton assured Cutler that "we will resolve the problems."

The recommendation for rezoning, as explained by Ronald Nino, city

planning consultant at the public hearing was initiated because "the city does not have the land to offer to potential businesses."

Nino said several requests for business locations in the city were turned down because of the unavailability of properly zoned land.

The city council has the ultimate power in zoning and rezoning matters.

In accord with the recommendation for rezoning, planners also discussed some proposed CBD text changes — an ordinance to amend the current zoning ordinance.

Chatham and a number of other businesses would be non-conforming if the text changes were adopted.

"We have just about eliminated GCD from the entire city," Nino explained. "I would suggest that you make some changes in the districts to go along with the recommended rezoning."

"We've got to bring them (uses) all together under the CBD district," he said.

Commissioner Kissinger did not agree, however.

"You can't keep adjusting districts," he argued. "We are going to start qualifying again. It seems that we are starting to move the chess men again and we haven't really thoroughly examined the board."

Following the suggestion of Chairman Wheaton, planners agreed to discuss the matter at the next meeting October 21.

In other action the city planners:

— Tabled site plan and architectural consideration for a proposed addition to the Huff Welding Company, 21043 Novi Road, until the commission's site plan committee can review the proposal in detail. Members also asked planning consultant Nino for a written review.

A MEETING to discuss plans to expand township hall will be held at 8 p.m. tonight (Wednesday) at the hall at 41600 Six Mile with members of the board of trustees and the planning commission attending.

TONY KLEIN, manager at Maybury State Park, this week announced new hours for the "Living Farm." Though the park is open 8 a.m. to 10 p.m. year-round, the farm will be closed Tuesday and Thursday and be open 10-5 p.m. the remainder of the week. Group tours will be given on Thursday and Friday mornings only. Advance registration is required for tours.

VOLUNTEERS are soliciting throughout the community from now through November 6 for the United Foundation, Northville area representative Rosemary Palarchio reported last week to Northville City Council which gave its permission for the annual door-to-door campaign.

A JOINT meeting of Northville City Council and Northville Township Board of Trustees with the Northville Community Recreation Commission, originally scheduled for this month, has been delayed until 8 p.m. November 12 to enable more members of all groups to be on hand. The philosophy of fees charged in the program is to be discussed at the session in city council chambers.

Clerk's error causes revote on zoning

New votes were taken on three township rezoning issues last week by the township board because of an error in publication.

A rezoning request for a parcel at Six Mile and Winchester (southwest of the township administrative offices) was previously granted by the township trustees; this time, the request was denied.

The parcel will remain zoned B-2, general business. In April, the township board voted four to three to rezone from B-2 to OS-1, office service. Last week, a tie vote emerged on the item, and the parcel reverted to B-2 zoning. Voting in April to rezone to OS-1 were Susan Heintz, Bill Zapke, James Nowka, and former trustee John Swienckowski. Voting against OS-1 zoning in April were Lee Holland, Clarice Sass and Don Thomson. Last week, Holland, Sass and Thomson voted the same way, as did Nowka, Zapke and Heintz. However, Richard Allen, who replaced Swienckowski following his resignation, was absent from the meeting.

The petition to rezone was initiated by the township planning commission, which initially wanted a rezoning to one family residential on the 11.88 acres parcel. However, that was changed to OS-1 in the spring. The Wayne County Planning Commission recommended approval of the OS-1 petition.

Jeffrey Orly from Elro Corporation, urged the trustees to wait and vote on the rezoning with a full board. "I

vehemently object," he said. The Elro Corporation has a lawsuit with the township over the use of the Six and Winchester and the Six and Sheldon parcels.

The township board re-voted and retained its original agreement to rezone land at Eight Mile and Haggerty to general business. Its owners had wanted to build a Meijer Thrifty Acres store before the township planning commission initiated a rezoning petition.

Township trustees also affirmed their original vote on the rezoning request for land at Six Mile and Sheldon to be rezoned to one family residential for a subdivision.

Amended maps for each of the rezoning petitions were not published by the township's administrative office as required by law, according to Eunice Switzler, administrative assistant for the township.

The law states a zoning ordinance or an amendment to a zoning ordinance (or a rezoning) must be published within 15 days after its adoption by the board. The ordinance takes effect 30 days following the day following the date of publication. The failure to timely publish means that the it is an invalid and ineffective ordinance, according to township attorney Donald Morgan.

Because the township board has a new member, reaffirmation of the rezoning votes would not suffice by law, said Switzler. New motions on each of the rezoning requests were required.

City master plan to be updated

Master plan for the city appears about to be updated.

Northville city council agreed at its October 6 to take advantage of an offer from the University of Michigan to have students in the School of Urban Planning prepare an update of the city's master plan.

City Manager Steven Walters, who had been contacted by the instructor of the program, explained that six or eight students in the program supervised by faculty prepare the plan during two semesters as part of requirements for a graduate degree.

The city's contract with the university covers the expenses of travel and plan publishing costs. Walters said the maximum amount should be about \$4,000.

Council members, noting that the current master plan is more than seven years old, agreed with Walters that the offer could be a boon to the city as the previous update cost about \$20,000.

Also influencing the council to accept the offer was the fact that 1980 census figures could be used.

Walters reported that the students would begin immediately and have a final plan prepared by next May.

C. Thomas Wheaton and Luke Durst of the planning commission attended the council meeting and recommended accepting the offer. They said students at U-M prepare about four or five plans a year and have done so for the communities of Brighton, Tecumseh, Wayne, Saline, Milan, Westland and Ypsilanti.

Wheaton and Durst said they had contacted some of the other cities and had inspected the documents prepared. They exhibited completed, professional examples. They received a negative reaction from Wayne but felt there was misunderstanding. Ypsilanti, they commented, has adopted the students' plan as its master plan.

Durst said the students understood that "Northville has a unique situation with its historic district and would work to keep it."

Three advantages of the update, Walters summarized, would be giving an emphasis to historical preservation (missing in the current plan), using higher population figures and noting general development patterns of neighborhoods.

New life for old 'Castle'

Local couple moves Hay House to rural hilltop site

By DONNA LOMAS

The perfect 25th wedding anniversary gift, according to Joe and Nancy Marcicki, former residents of Northville, is to buy an old castle, move and renovate it.

So that's what the newlyweds-at-heart did. They bought the old Hay house and moved it to their 15 acre plot at Napier and Eight Mile.

The Hay house was built at the crest of a hill on Rogers Street in 1931. Affectionately termed the 'Castle' by

surrounding residents, the 50 year old structure was to be bulldozed until a story about it caught the Marcickis' attention.

"I had noticed the house before," Nancy Marcicki said. "I always thought it was beautiful. My husband and I moved the house we live in now, so we figured we could move this one."

The Marcickis contacted the Hay house owner, Denis Roux, and

convinced him they were serious about moving the house. For the price of moving it and clearing the debris from the site, the Marcickis were granted their request.

Since September, the Marcickis have been busy arranging for permits from septic to utility wires. After denuding the house of its original brick facing, the roof was taken off for the move and the hill on which the house stood had to

be backfilled to make a steep grade safer to take the house down.

Jerry Geldys, the housemover, also was busy coordinating police escorts and utility and phone wire clearance. "He was very, very careful about the move," Mrs. Marcicki said. "He walked it all the way down Eight Mile. He even had a fellow from a pick up truck sweeping leaves. He was very conscientious about the trees and other

property."

The move took from 10 a.m. to 3:30 p.m. one day last week. The house went down its hill to Potomac, north on Lexington Boulevard and west on Eight Mile. Then it traversed south on Greenridge Drive to Woodbend north, back to Eight Mile west and then north on Napier. The route went through Beacon Woods North in order to avoid the overpass on Eight Mile near Moraine School.

The Marcicki's castle now sits at the foot of a hill at its Lyon Township home. A driveway of some sort has to be built over the mushy land before the house can be moved onto a new foundation at the top of the hill.

It will take the Marcickis from six months to a year to complete their renovation plans. The couple's original estimate for this project has fallen short of the actual costs they've encountered and expect to encounter during the renovation.

"No way to tell how much it will cost, we'll just have to wait and see," Mrs. Marcicki noted. "Things have escalated so much since we moved our last house (10 years ago), we'll probably have to take out a mortgage on this one. We were hoping to do it for a lot less."

The couple estimates it will cost as much as \$60,000 for the moving and restoration process (not including land).

Mrs. Marcicki pointed out the amenities inside the house: plaster walls, wood moldings and baseboards, brass railing to second floor, cedar closet, tiled vestibule, walk in pantry, walnut hardwood floors, large rooms and windows, and a fireplace (the walnut mantel is gone) framed in Briarhill stone.

"We want to keep it as original as possible," Mrs. Marcicki said. "We're not going to do this cheaply."

The house will be redone in bricks gathered from the demolition site of the Graystone Ballroom in Detroit. The Marcickis have sold the red Hay house bricks to a Northville resident who will build a patio with them in his garden.

Plans to enlarge the kitchen, install new windows, re-roof and add a garage will be done "one step at a time."

Was moving 'the Castle' worth it? "I'm just relieved that it's here," said Mrs. Marcicki. "When you look back on what we did 10 years ago, we did it for less money. Now that we may have mortgage payments again, I'm not too thrilled. But in a year or so, we'll have it in better shape."

Title I grant awarded

A \$187,481 Title I Grant recently was awarded to Northville Public Schools to be used for its special education programs for the 1980-81 academic year.

The Title I allocation is a continuing grant which will be used to help fund projects started three to four years ago, according to Special Education Director Leonard Rezmierski.

Rezmierski told the board of education at its regular meeting Monday that the program has lost funds over the years because of declining enrollment, but added he is "pleased that we have been awarded this grant again."

The grant will be used to fund projects for the trainable mentally impaired (TMI), severely mentally impaired (SMI) and students in the Institution Special Education Program (ISEP).

The grant will be disbursed among 11 different areas including: curriculum, inservice, professional resource development, pre-voc and vocational education, community awareness, Communication Enhancement Resource Center, medical consultant, Sensory Motor Room, behavior modification, audio-visual and the psychomotor-movement education project.

Some of the projects within these areas which will continue to be funded include, the "Top of the Burger Restaurant," a student training restaurant in the Burger School Vocational Food Preparation and Service Department, the computer project at Moraine School, and

continued publication of the "Encompasser," the special education newsletter.

The board unanimously accepted the Title I Grant for the 1980-81 academic year.

The board also unanimously approved a \$6,067.30 landscaping bid from Greenridge Nursery to landscape the Old Village School (Annex).

Landscaping to be done at the Old Village School will include the planting of trees and shrubs, spreading of topsoil, sodding and the spreading of stone chip mulch in the back of the school.

In other business the board: —approved the adoption of Superintendent Lawrence Nichols' proposed Administrative Compensation Program. The program, divided into five levels for central office administrators and supervisors, represents a salary scale based on such considerations as overall job responsibility, supervisory responsibility, complexity of decisions, numbers and levels of staff members supervised, experience and training necessary for adequate performance of the job and other similar factors. The board approved the program by a vote of 6-1, with Trustee Douglas Whitaker opposing.

—supported a recommendation by Nancy Soper, assistant superintendent for instructional services, to apply for \$6,000 talented and gifted education grant. The State Department of Education received a Federal Grant for on-going planning and implementation of gifted and talented education and is

offering public schools the opportunity to apply for the grant. If the funds are awarded to the Northville school district, the planning grant would be utilized in the development of the gifted and talented program at the junior high schools.

—approved bill warrants and payroll of \$5,207,228.41.

Amerman's 'whales of readers' take a break from the books

At Amerman

Students are 'whales of readers'

For 38 Amerman students, grades 2-4, a summer full of reading activities proved to be a rewarding experience.

Last Tuesday Amerman staff and parents honored the little readers at a special assembly held at the elementary school. The students, who worked cooperatively with their parents each day during summer vacation on various reading projects, received "Whale of a Reader" badges signifying their accomplishments.

The students participating in Amerman's Summer Reading Program were required to follow a day-to-day reading calendar which included reading everything from the ingredients on a Cheerios box to studying the instructions for a Monopoly game.

Students completing all of the

requirements on the summer reading calendar, which was created by Amerman teachers, were presented with badges by their parents at Tuesday's assembly.

A punch and cookie reception was held in Amerman's Library following the program.

The reading program, which was initiated in June, is being planned again for next year.

The program is open to all students in grades 2-4 and teachers are hoping that even more children will participate next year.

To show their classmates just how hard they have worked, the summer reading participants will be showing off their "Whale of a Reader" pins tomorrow when Amerman hosts its school-wide "Button and Badge Day."

The following is a list of "Whale of a Reader" winners according to class: Eunice Martin's class — Jenny Beyersdorf, Carl Brown, Jon Dickinson, Julie Hilfinger and Amy Skrade.

Patricia Atkinson's class — Darren Kehoe and David Raczkowski. Karen Wineman's class — Lee LaChance, Tim Hubbard, Todd Wolfe and Erin Wernholm.

Vayle Hall's class — Laureen Harp, Stacey Lang, Amy Mathis, Amy Priest, John Totten, Steve Ventura, Jon Wasserman and Craig Schlonsky.

Maryanne Bourne's class — Alisa Belliston, Mandy Berlinski, Mike Lang, Mark Hilfinger, Peter Beyersdorf, Tim Norgren, Beth Ursel and Gretchen Peters.

Bonnie Martin's class — Tommy Brain, Laura Whichello, Michael

Jordan and Jocelyn Wiedman.

Marilyn Kaestner's class — Scott Byam, Toma Chaudoin, Harvey Chesney, Jed McDaniel, Susan Bickner, Donna Wilhelm and Gretchen Powell.

Lawyer sends letter; Allen takes late oath

Because newly appointed township trustee Richard Allen did not take the oath of office before joining the board and voting on issues, the township board last week reaffirmed that all actions taken by Allen were valid.

Allen took the oath of office from Judge Dunbar Davis September 18, a few days after a letter from Donald Morgan, township attorney, was written to Clerk Clarence Sass.

In the letter, Morgan noted that Michigan law provides that all township officers, including trustees, take an oath of office before the

township clerk or other officer authorized to administer oaths. Further, Morgan added, "the subscribed oath must be filed with the township clerk who shall record the same. In the instance of Trustee Allen, such did not occur."

Morgan noted that he found no statute that set a time limit on when an oath of office should be taken but said Allen would need "to cure the failure to take" the oath of office.

A motion was made by Trustee Susan Heintz to affirm all Allen's votes. The motion passed unanimously.

Commissioners tap Buckland

Lesa Buckland last week was elected to serve as chairman of the Northville City Planning Commission.

At a regular meeting of the commission October 7 fellow planners also passed a motion that all officers progress to the next higher office automatically.

The motion passed by a vote of 5-1. Member Luke Durst, who will advance from secretary to vice-chairman, cast the lone dissenting vote.

Members Buckland, Bruce Turnbull, and William Tucker were not present.

Member Freydl was elected secretary.

C. Thomas Wheaton, former chairman, who twice held that office, told fellow planners he would not serve another term as chairman.

"If you elect me chairman I will resign from the commission," Wheaton stated. "I think it is time someone else took over."

Township funds tight, city owes, says trustee

Northville Township has spent 50 percent of its budget so far in its 1980 fiscal year, which began April 1.

"We are out of budget," noted Trustee James Novka at the regular trustee meeting last Thursday. "Do we have a serious problem?" he asked Lee Holland, township treasurer.

"That's right," Holland replied.

The trustees passed a \$954,060 township and a \$1,046,800 water and sewer budget last March. Included in the budget were \$1,000 each wage increases for the supervisor, township clerk, and deputy clerk. The supervisor earns \$23,000 per year, the township clerk earns \$19,500, the deputy clerk earns \$13,250.

The trustees also increased the fire and police department budgets for this year, and accepted recommendations for water and sewer salaries, as well as a \$20,865 salary for the building

department chief.

The temporary election employees budget was cut \$500 by the trustees last March 31, leaving \$12,960 for election costs.

The township allocated \$60,816 for recreation and \$54,398 for the library this year; for joint use with the city.

Calling the \$5,885 the township has in its contingency fund "inadequate," Holland said there were three major reasons for the current difficulty with the township budget.

"The city owes us half of \$35,000 that they say they can't pay back this year," Holland said. "The state owes us \$8,000 for intangibles. The township is settling with its police dispatchers for an amount greater than in the budget."

The money due the township from the city is a result of an overpayment by the township for district court costs.

City, township have absentee ballots now

Absentee ballots now are available to both township and city residents.

The township reports that it already has received requests for between 400-500 ballots, mostly from senior citizens. Application forms were sent all senior citizens living in the township.

Quite a few college students also have requested absentee ballots, township officials report. Greatest number of requests in the city has been from college students, states Joan McAllister, city clerk.

She has received 45 requests

from Oakland County residents of the city and says half are from college students. More than 100 have been requested from senior citizens, collegians and servicemen in the Wayne County portion.

Requests are being processed this week as Wayne County absentee ballots were received October 8, about two weeks late. From now on, officials state, they will be sent out as soon as the requests are received.

Absentee voters have until 8 p.m. on November 4, election day, to return the ballots.

Trustees accept rezoning recommendation

study of the site and project
The rezoning also was recommended by the township planning commission and approved by the county planning commission.
Focus on the item now shifts to Wayne County EDC which is seeking the deed to the land from Wayne County.
Robert Fitzpatrick executive director of the county EDC said budget scheduling conflicts has made it difficult to determine when a meeting with the county will be held.
The first step Fitzpatrick said is

to schedule meeting with county attorney and auditors to determine an appraisal of the property. The county EDC has independently appraised the proposed elderly village property at \$1.8 million market value.
Fitzpatrick indicated there was a difference in the EDC appraisal and the county's.
Fitzpatrick's appraisals are predicated on re-use of land as if it were new.
Fitzpatrick said it's a difference of opinion. Hopefully we can resolve it by showing them how the independent appraisal was arrived at.

Fitzpatrick said he expected a meeting with the county within the next two weeks.
Lloyd W. Mosher township engineer took exception with the way the township EDC distributed the federal monies Mosher who was not present for discussion at the EDC meeting said the township's requirement of 10 percent administrative fees was a kickback in which we would be unwilling to participate and believe the township should avoid for fear of criminal charges.
The township has the right to

reimbursement and it must submit detailed billing on the use of federal funds as anyone else officials said. However, the wording of the grant money disbursement was changed by the township EDC so there is no other misunderstanding said EDC Chairman Larry Sheehan.
Mosher and Associates received \$15,810 of the grant money Villan, Leman and Associates received \$33,570, Zuchelli Hunter and Associates received \$40,500 and the township may receive up to \$10,000 for administrative costs.

Escape rate still high at hospital

The Northville Township Police Department assisted in returning seven patients to the Northville Psychiatric Hospital during September, according to Chief Ronald Nisum.
Nisum noted that patients the township police department were in contact with "were not involved in any criminal activity."
The hospital reported 41 escapes for September. Of those 28 were returned and 16 remain out. So far this year, 319 escapes left the hospital and 251 have returned.
It really concerns me, especially with state law coming," said Bill Zapke township trustee.

Youth's death apparent suicide

The body of a 21 year-old Northville Township resident who apparently committed suicide was found October 8 behind some trees and bushes near his home township police reported.
The body of Douglas Edward Strayan 1540 Bradner was discovered by his father George as he was cutting the grass last Wednesday morning.
Found with the body were a 12 gauge shotgun and a box of shotgun shells.
Though the young resident suffered some mental problems and was a patient at Northville State Hospital for a short time, family members told police the victim "did not seem depressed when they saw him the day before his death."

The man was last seen alive Tuesday evening when he borrowed the family car to go out.
George Strayan told police he thought he heard a loud bang about 11:25 p.m. Tuesday but thought it was one his other sons slamming a door.
Strayan told police he was in the morning in the parking lot of the church which is located adjacent to the home on the east side of Bradner north of Five Mile. The keys were in the car and a 12 pack of empty beer cans was found on the floor of the vehicle.

Police investigation revealed that the gun had been purchased at a K mart store in Plymouth on Tuesday along with the shells.

A 22 year old Northville man arrested October 10 by city police has been charged with attempted armed robbery and possession of a firearm during the commission of a felony.

Daniel Parker 196 Yorktown Court allegedly pulled a gun on a fellow employee of the Ford Valve Plant after work last Wednesday and asked him for his money and some cocaine according to police reports.
The complainant told police Parker was waiting in his car outside the plant when the shift ended just after midnight.
He walked over to the car and Parker asked him to get in. He told police they drove to the Gedy Street parking deck where Parker allegedly pulled the gun.

The defendant told him his wallet was at the plant, so they drove back he said. He then got out and directed the security guard to call police.
Police arrested Parker and confiscated a .38 caliber Smith and Wesson hand gun which was found in the defendant's car.

More than \$100 damage to the aluminum siding of a Six Mile residence October 7 is being blamed on high school students township police reported.
The owner told police apples were thrown at the house she believes due to a rivalry over floats being constructed for the Northville High School

homecoming parade October 17.
Police are investigating the incident.

City police report someone tossed white paint on the west side of a building at 424 North Center a week ago Sunday or Monday. The brick building was hit by paint carried in plastic bags police said. The damage is estimated at \$150.

Township Police Officer John Sherman was "shook up" but otherwise unharmed after two suspects fired four shots from a car on the duty officer was chasing township Police Chief Ronald Nisum said.

One of the shots struck the right corner of the windshield of the passenger side of the patrol car Sherman was driving police said.

According to reports Sherman was patrolling alone at 1:05 a.m. Sunday morning when he saw a car go through a red light at Five Mile and Hogford. The officer turned on the patrol cars' emergency flashers to pull the car over but the vehicle ahead turned off its headlights and sped off police said.

Sherman said he saw a flash come out of the passenger side and he heard something hit the windshield and ducked, Nisum said. Sherman lost control of the car Nisum said, damaging it severely.

This is the first time one of our officers has been shot at Nisum remarked. This kind of thing does happen here.

Police said they have a suspect and are investigating the case.

City police arrested Daniel K. Parker and charged him with assault with intent to commit armed robbery and possession of a firearm police said. Parker was arraigned Friday before Judge Dunbar Davis who set a \$25,000 bond. Examination is scheduled at 9 a.m. tomorrow in the Northville court.

Northville Township residents in Northville Commons and Colony Three subdivisions are being asked to help police identify a large black dog in that area that killed one pet Monday.

Township Police Chief Ron Nisum said the dog is possibly a mixture of Labrador and Doberman. The dog has a chain collar and a white flea collar around its neck, police said. The animal was seen on Dundalk and Tamar and on Chatterton and Cottswold.

Call the township police at 349-9400 with information.

Six first floor front and rear windows of a Woodcreek mobile home were shattered October 6 apparently by rocks being thrown at them township police reported.

Damage is estimated at \$100.

MEN
WORKING ...

... at
Main
and Center

The southwest corner of Main and Center was the digging site last Thursday for this Mainstreet '78 project crew from Namar Construction Company in Livonia.

Dale Burnett, (far left) of Troy, was busy breaking up the sidewalk with a jackhammer so the backhoe (above) could scoop out a trench for the installation of utility ducts. Utility wires which now criss-cross above Main Street soon will be buried in these underground ducts, thus creating a more aesthetic downtown area.

Henry Gavel (left) of Detroit and Mike Huzar (right) of Livonia provided some essential (and perpetual) muscle work this job requires.

Three MPA citations won by The Record

Three awards in the Michigan Press Association's 1980 newspaper contest were won by The Northville Record. Six other awards — three each — went to sister papers the Novi-Walled Lake News and the Milford Times.

The Record captured third place for the use of graphics in the newspaper in the contest judged by the Colorado Press Association. Judges worked with 948 entries from 72 weekly newspapers and 33 daily papers, awarding over 200 certificates of excellence to both dailies and weeklies throughout the state.

In the feature story category The Record received the second place award among Class A weekly papers for a story written by former staffer Ellen Sponseller. Headlined, "Quiet Noel on A-63," it was an interview with a patient at Northville State Hospital on Christmas Day. Sponseller spent Christmas morning getting his thoughts.

He told her being away from family and wondering "if you're ever going to get well" were his concerns. The story

was printed December 26, 1979. Sponseller now is on the staff of The Ann Arbor News.

Record photographer Jane Hale's picture story of a boy with his new dog, "Spring puppy," received an honorable mention in Class A sports or feature picture category.

The hand-lettered awards join some 56 others on display at The Record offices at 104 West Main.

Novi-Walled Lake News under Editor Phil Jerome received second place award for general excellence. Reporter David Ray, who since has been promoted to an administrative post with the organization in the Lansing area, garnered an honorable mention for an editorial opposing M-275. The paper also received honorable mention for sports coverage. Reid Creager is sports editor.

Milford Times won first place in Class C for general excellence. The newspaper also won second place in its class for enterprise stories and second for sports coverage.

City gets grant to save energy

The city is taking advantage of 50 percent funding grant under the National Energy Conservation Policy Act program to have publicly owned buildings analyzed for energy saving.

City Manager Steven Walters reported to city council October 6 that the city hall and DPW yard buildings qualify and that a local firm, Business and Electronic Systems of South Main, has been doing the survey. He said he is getting low-cost, practical suggestions.

He estimated the city's cost at about \$1,200, but noted that the federal funding is for technical assistance but is not for implementing suggestions.

He said that money to put them into effect "could be recovered within a couple of years" in energy savings.

Are they weeds or 'natural habitat'?

The Northville Township Board of Trustees voted unanimously to remove from its meeting agenda last week a township weed control ordinance, citing the "unworkability" of such an ordinance because the township is rural in parts and developed in others.

Following comments by homeowners on Rippling Lane, Scenic Arbor and Eight Mile Road, Trustee Susan Heintz motioned to remove the item and was seconded by Clerk Clarice Sass. Trustee Richard Allen was absent.

"I certainly realize a problem," Heintz said. "We could go on for another two hours about weed control. But I cannot see a weed ordinance for the entire township at this time. To me at this point it seems unworkable to have an ordinance for weeds."

"But I want the county to take care of

weeds on county roads," said Sass, making the comment after a resident from Scenic Arbor in Highland Lakes said weeds at the intersection of that road and Rippling Lane "impaired vision."

Residents from Rippling Lane in Highland Lakes have complained of unmowed weeds behind the condominiums that abut their property. Of the 52 houses on Rippling Lane, 35 are members of the Highland Lakes Homeowners Association, said Kathy McNally, president of the group.

"Every house (of the homeowners group) has to pay a \$50 association fee to the condominium association. If not, a lien goes against the house," said McNally.

"It's an eyesore back there and we need it taken care of," said Sharon

Kubit, a resident of Rippling Lane who said she was not associated with either the Highland Lakes homeowners' or condominium associations.

"If the ordinance is written properly, it can be done," she added.

Supervisor Donald Thomson asked if there was anyone in the audience representing either association and if the issue was resolved.

"As far as we are concerned, it is," said Irving Benson, secretary pro-tem of the Highland Lakes Condominium Association.

"No, it isn't," said McNally. "We finally got together with the condominium association and it was an excellent meeting, but we cannot speak for the whole block. We didn't go there just about the weeds. The meeting was between the two boards. We have to go

back to our people with what was said."

According to a letter sent by Dorothy Gay, president of the condominium association, and Benson, to Troy Milligan, building official for township "a satisfactory agreement was completed." The letter was also sent to McNally and Thomson.

Benson said an article printed in the Record was "incorrect. I meant that 75 percent of the residents at Rippling Lane were represented at the meeting by the seven that were present," Benson said. One of the members Benson said was present, Molly Kuclo, said she and two others were not at the meeting.

"It's very difficult to recreate in eight inches of weeds," said David Craik, a

Two named National Merit semi-finalists

Two Northville High School students have been selected as National Merit Scholarship semi-finalists, High School Principal George Aune announced this week.

The two students are Ann Drew, daughter of Mr. and Mrs. Frank Drew of 504 Reed and Thomas Rothermel, son of Mr. and Mrs. Thomas Rothermel of 42370 Norham.

As semi-finalists, both students will enter the National Merit competition this year to qualify as finalists in the program and become eligible for a National Merit Scholarship.

In addition to the two semi-finalists, eight senior class members will receive National Merit certificates of commendation. The certificates are awarded to those students who rank below the PSAT/NMSQT test level required for semi-finalists, but show exceptional academic promise.

Those students who will receive certificates of commendation are: David Booth, son of Mr. and Mrs. Wilbur Booth; Jane Field, daughter of Mr. and Mrs. David Field; Susan Kofta, daughter of Mr. and Mrs. Joseph Kofta; Judith Orr, daughter of Mary Ann Orr; Linda M. Schneider, daughter of Mr. and Mrs. Horst; Stacy K. Simpson,

daughter of Mr. and Mrs. James Simpson; Shelly Thacker, daughter of Mr. and Mrs. Robert Thacker and Lori Vest, niece of Mrs. Euga Villanueva. Approximately 33,000 of one million students across the nation are commended by the National Merit board.

The two semi-finalists were among the highest scorers on the PSAT/NMSQT tests which they took last year.

To qualify as a finalist in the National Merit competition, the students are required to submit their transcripts to the National Merit board as confirmation of a high academic standing and must also have the endorsement of the school administration.

National Merit Scholars are chosen in April and May.

The National Merit Scholarships are not based on need, but on academic standing. The scholarships are supported by grants from business and industry.

The 1981 competition is the 26th conducted by the National Merit board.

The official awards will be presented to the students during the Honors Convocation.

Is it 'natural habitat' or are they weeds?

Continued from 6-A

homeowner on Rippling Lane. "You were talking earlier about walkways from the hospital. I personally had a close encounter of the third kind with one of the hospital patients near those weeds. One of these children could go out there and they'll get jumped. Then the township board will say: maybe we should pass a weed ordinance. We want those weeds cut to four inches.

"We don't have gooseberries or foliage out there. There are no daisies and pansies growing in that nest," Craik added.

"Wait and they'll grow," said Bent Boving, a resident of Eight Mile who said he was an "innocent bystander."

"I urge no township regulation for solving a very local problem," Boving said. "The cost (for a weed ordinance)

would be borne by us who live in natural areas and not those who live in mowed areas. It is not fair. Weed removal promotes erosion and weed killer is unacceptable. Red sumac is a weed and I like it — it provides foliage, it is lovely, and it is a sound barrier from traffic."

"They want it left alone," said Bill Mosher, a resident of the condominiums and township engineer. "It's a habitat for wildlife."

"Then why isn't the rest of the place like that (a wildlife habitat)?" said Craik.

"That's a stupid question," said Mosher.

"It is not. You are a stupid man for saying that," Craik replied.

"Isn't this a civil matter?" William Zapke, township trustee, asked.

Beecher at Illinois college

David Beecher, son of Dr. and Mrs. Lawrence Beecher of 20208 Longwood, has entered the first year of professional study at the Illinois College of Optometry in Chicago for the 1980-81 fall term.

The Illinois College of Optometry is a four-year professional college. Most students entering the college have a bachelor's degree and will receive the Doctor of Optometry (O.D.) degree upon graduation.

Beecher is a graduate of Farmington High School. Prior to his enrollment at ICO, he completed his pre-optometric studies at Ferris State College.

Rural Hill graves are set amidst towering trees

Still an area bargain

Council votes to hike rates at Rural Hill Cemetery

Prices for lots in city-owned Rural Hill Cemetery doubled effective October 7 as Northville City Council unanimously adopted a new fee schedule—but they're still a bargain in relation to prices in other area cemeteries.

A new fee schedule in which a standard adult grave lot is \$250 was drawn up by City Manager Steven Walters after he reported to the council that city rates had not been changed in many years and that charges did not

cover perpetual care.

Previously, the cost of an adult lot had been \$125.

The new rate of \$250 includes \$80 for the maintenance trust fund and \$170 for the general fund.

Walters compared this charge with lot costs of \$300-\$600 at Acacia Park; \$500 at Bethel Memorial Park; \$325 at Glen Eden; \$470-\$875 at Holy Sepulchre; \$282-\$360 at Oakland Hills; \$275-\$400 at Parkview Memorial in Livonia; and \$245-\$250 at Riverside in

Plymouth.

New fee for a single grave in the single grave section, available at need with no advance reservation, is \$200 while provision for a welfare burial in this section is \$160 with opening and closing fees bringing the total to \$335.

Juvenile graves in a special section are \$150 with opening and closing costs ranging from \$110 to \$150 by size. Baby graves are \$120 including all costs.

In addition to raising lot charges in the cemetery located off Seven Mile on

a hilly, wooded site just south of Rogers and beyond Northville Laboratories, the council raised charges for opening and closing graves from \$145 to \$175 on week days. Services after 3 p.m. will incur an extra charge of \$50.

Charges for Saturday, President's Day, Good Friday, Veterans' Day, Friday after Thanksgiving and the day before Christmas will be \$250. Graves will not be opened or closed on Sundays, New Year's Day, Memorial Day, Independence Day, Labor Day,

Thanksgiving or Christmas.

Walters had brought the matter before council when he became aware of the city's low charges, expressing the fear that in the future other than local residents would use the cemetery because of the low cost. He said this has not happened to date, however.

City council, facing a tight budget, asked Walters to set up a new fee schedule that would return more to the city.

When the discussion began last

month, the city manager pointed out to council that the city has saved substantial administrative costs at the cemetery as Allen Monument Works has handled this service for many years without charge.

There is no fear of running out of space in the cemetery, council was assured, as 30 acres still are undeveloped on the wooded site. There are about 75-100 burials a year in Rural Hill.

College slates dinner dance

Tickets are now available for the Schoolcraft College Foundation's annual fall dinner-dance October 25.

Featuring an Oriental semi-buffet, the menu includes table compliments of fresh lotus root salad, cucumber salad with spicy dressing, fresh asparagus salad and flower rolls.

A hot buffet will include barbecue smoked spare ribs, sweet and sour monkfish, stir-fried sea scallops and pork kidneys, szechwan duck, stir-fried chicken breast with hoisin sauce and ham and scallion fried rice.

Dessert will be mandarin orange and almond torte.

The dinner is scheduled from 6:30 to 9 p.m. with the buffet open from 7 to 8:30 p.m. Tickets are \$15, tax deductible, and may be obtained by calling Joyce Ludwig at 591-6400, extension 213.

Dancing is planned from 8 to 11:30 p.m.

Council resolution

Roll call voting ordered by city

In the future all votes of the city's official bodies on actions taken at their meetings will be by roll call vote.

At its October 6 meeting city council unanimously passed a formal resolution calling for an individual polling of members on all voting matters.

In passing the resolution the council stated it wishes to establish a uniform policy that applies to actions of all boards and commissions of the city regarding official action on matters they consider. Each member's vote will be on record.

The council suggested the resolution also be sent to the township with the request that it be adopted for meetings of joint city-township bodies, the recreation and library

commissions.

The city council took action to establish a uniform voting policy as it has been aware of legal dangers as well as ambiguities of voice voting, as opposed to individual polling of commission, board and council members.

One of the reasons that prompted adoption of the resolution was ambiguity of a recent vote of the city planners at which one member was not allowed to abstain but remained silent during the voice vote, which was recorded as unanimous.

Earlier this year the council passed a motion prohibiting abstentions by a member of an official board, commission or council unless there were a conflict of interest.

Voters have choices November 4:

Proposal A: Cut school taxes — hike state income tax

The Smith-Bullard proposition was introduced by Representatives Roy Smith (R-Saline) and Perry Bullard (D-Ann Arbor) as a constitutional amendment that would reduce local property taxes by shifting the burden to industrial and commercial properties and increasing personal income tax.

The proposal establishes a maximum statewide property tax levy of 24.5 mills (currently 50 mills).

If passed, the Smith Bullard proposal would not allow property tax at the local level to exceed 24.5 mills. One provision includes new limits on tax millage for counties, townships, community colleges, vocational education, special education and intermediate school districts. Depending what individual communities now levy in property taxes, some homeowners (and owners of farm property) will pay more, others will pay less.

Another provision included in the

Smith Bullard 24.5 mill limit is the amount of operating millage residential and farm property owners can vote extra for K-12 school programs, counties, townships and community colleges after the five year phase-in period of the proposal.

11-4 NOVEMBER 1980 ELECTIONS

Local school districts could not ask voters for more than seven operating mills in taxes in 1981-82 and after. The seven mill or income tax increase has been called the 'enrichment option' for each local district. The state legislature will allocate operating millage equally

among all state school districts, according to the proposal.

Revenue for schools would be made up by imposing a maximum of 30.5 mills on industrial development and commercial property throughout the state, in addition to the possible local levy of 24.5 mills.

Operating millage for local school districts would also come from an increase in personal income tax statewide. According to the Smith-Bullard plan, the shift to personal income tax for school revenue is major. The increase in income tax is estimated at 1.5 percent; from the current 4.6 percent to 6.1 percent.

Local control over the hiring of school employees, what classes students will take and educational services will be left to the local districts to decide and is constitutionally guaranteed, according to the Smith-Bullard proposal.

The state legislature would be responsible for coming up with a

financial framework that would insure that an equal amount of dollars is spent per pupil statewide. The legislature would have a five-year phase-in period. During the phase-in, the state legislature must reimburse the local district for loss of funds per pupil, the proposal states.

The first \$25,000 state equalized valuation (SEV)—the market value would be twice that amount or \$50,000—on a home would be exempt for citizens 65 or older.

Proponents of the Smith Bullard proposal say the shifting of taxes from local property to personal income is more equitable for funding education, especially since different local property tax bases now affect per pupil financing from the state.

Advocates also note the proposal is a shift, not a cut in taxes, and districts retain local control over programs and employee hiring. The proposal addresses the need for property tax

relief of senior citizens, say proponents.

Opponents note the Smith-Bullard plan does not specify the financial plan the state legislature will follow for providing equal school district funding, nor does it specify how much personal taxes will increase.

Those backing Smith-Bullard include the League of Women Voters, the Michigan State Police Troopers Association, the Michigan Council on Alcohol Problems, the MSU Employees Association, the InterFaith Information and Action Council and the Michigan

Education Association.

Rural community officials say Smith Bullard would take away local control of schools, and submit that the Michigan Education Association and other unions would have "strengthened influence" by lobbying the legislature for their goals.

Groups that have not endorsed the Smith-Bullard proposal include the Michigan State Chamber of Commerce, the Michigan Farm Bureau, the Schoolcraft Board of Trustees and the Northville School District.

Proposal C: The governor's plan

Proposal C is being billed as the "responsible" property tax cutting proposal by a group which calls itself the Coalition For Property Tax Reduction.

But critics of the proposal say it is a tax shift not a tax cut. The ballot proposal would cut property taxes by about \$800 million statewide, but the loss in revenues would be made up with a hike in sales tax from four to 5.5 percent.

This plan—to cut property taxes, but raise sales taxes—was put on the Michigan ballot for Nov. 4 by the state house and senate with the support of Governor Milliken.

Supporters of the bill say this bipartisan backing is the result of fears over what might happen to state government if the Tisch tax cutting plan is approved by voters.

Keith Molin, former head of the state's labor and commerce

departments is the president of the coalition group. Earlier this month, he announced the results of a poll taken by Market Opinion Research of Detroit which showed that Proposal D, the Tisch property tax cutting proposal could win, if voters were told that Tisch would drastically cut property taxes, but were not told that monumental cutbacks would have to be made because of tax cutting caused by Tisch, Molin told the media.

The coalition calls Proposal C "a necessary first step that must be taken in order to cut residential property taxes in our state," and says "Proposal D is an irresponsible approach that would devastate the ability of the state and local governments to provide essential services."

As a response to the poll, Proposal C backers issued copies of a recommended state budget in the event that Proposal D is approved by voters.

The recommended budget has produced some fireworks from backers of the Tisch proposal. Tisch, himself, has called the recommended budget "absolutely deceptive."

According to backers of Proposal C, the budget calls for the following cuts:—elimination of state aid to 12 of the state's 15 colleges and universities. Aid to the three largest—the University of Michigan, Michigan State University and Wayne State University—would be cut by 50 percent.

—Closure of a majority of state mental health facilities with immediate movement of 7,000 of the state's current 9,600 institutionalized residents into the state's communities.

—The closing of the Michigan School for the Blind in Lansing and the School For the Deaf in Flint.

—Elimination of statewide testing of elementary and secondary level students to measure their achievement levels.

—A 75 reduction of in uniformed State Police and reduction in hours for about half of the 64 posts.

—Closing of Camp Grayling and all National Guard armories in te state, meaning, according to Proposal C backers, the state would lose its ability to respond to natural disasters.

—Closure of most of the 84 state parks in Michigan.

—A cutting of half of parole and probation services; elimination of the state's meat inspection program; elimination of all economic development programs; reductions of benefit levels for people receiving public assistance and cancellation of all new construction and only minimal provisions for upkeep of existing buildings.

The planned cuts, according to Gerald Miller, the state's budget director, is a "realistic assessment of what could happen to such crucial areas as mental health, education and

law enforcement, if Proposal D passes."

"The effect of Proposal D would be to cut \$1.7 billion from the state's general fund, which is used to finance most operations of state government. But as a result of the required levels of state support for local units of government contained in the Headlee Amendment to the Constitution, the net effect of state operations is to require us to stretch \$1.6 billion in revenues to cover programs that now cost about \$3.6 million," Miller said.

Tisch has strenuously attacked Miller's figures, saying that Michigan's revenues in the fiscal year that ended Oct. 1 was more than \$14 billion, and that his proposal would result in a 14 percent cut in state spending, not a 55 percent cut in spending as is suggested by Miller.

Proposal C, if approved by the voters, would cut assessments to residences by \$7,100. The assessed value of a home is half of its estimated total worth. A home worth \$40,000 is assessed at \$20,000.

The application of Proposal C to a home valued at \$40,000 would be to reduce its assessment from \$20,000 to \$12,900 and thereby reduce the amount of property tax that owners of the home would pay.

To make up the loss of funds to the state caused by this trimming of the assessed value on homes, the state legislature would raise the state sales tax from four to 5.5 percent.

According to Collette Moser, cooperative extension specialist for Michigan State University and a member of a special team which is examining the tax proposals, senior citizens with low incomes would be the chief beneficiary of Proposal C.

In addition to the \$7,100 reduction in property assessment, senior citizens over 65 and earning less than \$10,000 annually would be exempt from \$1,200 in property taxation, and this might result in a credit for their total tax bill for them.

This \$7,100 reduction would only apply to operational millages levied by a municipality and would not apply to taxes levied to pay off long-term debts.

According to Moser, about 25 percent of a person's income goes to pay for taxable goods. A person with a \$20,000 income spends about \$5,000 on taxable goods. At four percent the tax is \$200, and at 5.5 percent, the tax is estimated to be about \$275.

For those with a \$15,000 income, the sales tax would jump from about \$150 to \$200, Moser said.

Funds generated by the increase in sales tax are planned to be placed in a special fund and used to reimburse local units of government, and if there was insufficient funds, the money would be distributed proportionally based on the prior year.

LWV files suit to stop Oakland ballot query

The League of Women Voters of the Detroit Metropolitan Area, which includes the Northville, Plymouth, Canton, Novi League as one of eight located in Oakland County, filed an order October 10 in Oakland County Circuit Court to remove the Transportation Advisory Questions from the November 4 ballot.

After thorough analysis of the Advisory Transportation Questions, the LWV decided in late summer that the citizens would be poorly served by having to vote on such questions, it is explained.

"Our efforts at persuading the county commissioners to withdraw the questions, or at the very least reword, were unsuccessful," the League states.

The League explains that in the process of preparing objective voter information on the transportation questions this fall, it became more apparent to the LWV that the voters

could interpret the individual questions in various ways and that the interpretation of the "yes" and "no" votes would create much debate by the commission and cause great difficulty in implementation.

"The LWV of DMA is entering litigation because we feel it is the only recourse left. The basic issues to be raised are: 1. The county's lack of legal authority to place advisory questions on the ballot. 2. Misleading and poorly worded questions which foster incorrect assumptions. We have retained the firm of Downs, Perech and Downs P.C. to represent us."

Libby Richards, president of the Detroit Metro Area LWV, stressed that "the LWV is in the business of voter education. We feel it is impossible to prepare voters to vote on such confusing questions and it is our

Continued from 10-A

responsibility to initiate the action necessary to remove the questions."

On May 22 the Oakland County Board of Commissioners voted to place on the November ballot four advisory questions concerning public transportation: the role of SEMTA; the role of Oakland County in public transportation; and public financing of a transit system.

The league defines advisory questions as those that are nonlegal, nonbinding.

It says the questions were placed on the ballot as there has been some dissatisfaction over certain elements of the regional transportation system of which the county generally has been supportive. The appointment process to SEMTA's governing board has been questioned, as has the subway portion of the light rail line as part of the regional plan.

The Southeast Michigan Transportation Authority, an agency created to oversee public transportation in the seven-county area, adopted a regional transportation plan December 18, 1979, that calls for new service and service improvements for the region: large and small buses, heavy rail (commuter train), light rail (evolving from the trolley concept) and a People Mover (in Detroit Central business District).

The advisory questions read:

Question 1, Shall a tax be assessed against the residents of Oakland County for the construction, maintenance, or operation of the transportation system, including a subway, as proposed by the Southeast Michigan Transportation Authority?

Question 2, Shall the County of

Oakland withdraw as a member of SEMTA?

Question 3, Shall the County of Oakland provide a transportation authority for the residents of Oakland County and raise funds for the construction, maintenance, and operation of such a transit system?

Question 4, Shall any tax be assessed against the residents of Oakland County for the operation and maintenance of any transportation system without the voted approval of said county residents?

The League says that the first three questions are related. They appear to revolve around the second question, which concerns Oakland County's relationship with SEMTA and the regional transportation system.

If the voters wish to advise the county to continue membership in SEMTA and to continue financial support and to receive services, they would vote "yes" on Question 1 and "no" on Questions 2 and 3, the league explains.

Opposite votes on each would indicate they wished the county to withdraw membership and support and forego services.

Implications of setting up an Oakland County Authority (Question 3) are that Oakland County feels it is legally possible to become an Authority although there are no apparent provisions in State Act 204 allowing the establishment of a new and independent authority in Southeast Michigan.

A "yes" vote on Question 4 means voters wish to advise the county there is no need for county residents to vote on taxes for operation and maintenance of a transportation system.

Council approves salary increases

By unanimous action Northville City Council approved salary hikes for department heads, the city clerk and others not covered by union contracts at the October 6 meeting.

At the previous meeting union contracts with employees were okayed. Details of the Northville Command Officers Association agreement also were approved October 6.

The council accepted City Manager Steven Walters' recommendation that City Clerk Joan McAllister's salary be increased from \$20,509 to \$22,505 annually. He pointed out that 1979-80 salaries of the city clerk in Novi and Plymouth (\$24,491 and \$26,509, respectively) were higher than the salary Northville has been paying its clerk.

The salary scales were approved on hourly rate amounts which Walters said could be translated into annual salaries by multiplying by 2080 hours.

Increases range from 6.6 percent for lowest paid employees to 4 percent for highest. Employees also now have an employer-paid retirement for the higher rates.

DPW superintendent's increase is from \$14.82 hourly to \$15.42 with DPW foreman going from \$8.40 to \$8.90 an

hour. The police chief's salary went from \$14.52 to \$15.12, making Chief Rodney Cannon's new salary \$31,449 annually.

Housing Director (Allen Terrace) Fran Yoakam went from \$9.60 to \$10.06 an hour while Allen Terrace Maintenance head went from \$5.72 to \$6.10 hourly.

City manager's secretary went from \$8 hourly to \$8.46, or a new salary of \$17,596 yearly.

Walters said provision for increases had been made in the 1980-81 budget, which recently was pared to keep it in line with reduced income.

Provisions of the NCOA contract included the city picking up total pension costs effective July 1, 1980. Officers will receive the same uniform cleaning allowance as patrolmen, \$200.

Each also will receive an off-duty allowance of \$325 annually for maintenance of an off-duty weapon. The city agreed to pay annual dues for each member belonging to the Wayne County Lieutenants, Sergeants and Corporals Association up to \$25 a year. They currently are \$15. Wages are in percentage spreads also as agreed to in previous years.

Township to review manager candidates

Northville Township has received 36 responses so far in its township manager search, reported Richard Henningsen of the wage and salary review commission.

"Seven of them are very good

candidates," Henningsen said. "We've conducted four interviews and have three to go."

Henningsen said the commission will have its recommendations ready for the township board on October 27.

"It doesn't serve much purpose for the three of us to interview candidates," Lee Holland, township treasurer said. Holland, Clerk Clarice Sass and Supervisor Don Thomson will be replaced after the November elections.

"If this township board - at least part of it - wants the township manager, they should hire him," said Sass.

The new township board is expected to hire a business manager before Christmas.

Koontz retires from MSP post

State Police Detective Sergeant Edward L. Koontz, Jr., formerly stationed at the second district headquarters now located at Northville, has been granted a deferred retirement.

Koontz joined the department in September, 1968 giving him a total of 12 years of service with the State Police.

He first was assigned to the Bridgeport post. In 1976 he was promoted to detective sergeant at the second district headquarters now located at Northville.

He was transferred in 1977 to the detective division at Detroit.

Department credits include a unit citation and a citation for professional excellence.

The unit award was for his part in solving several murders and other crimes in 1976 in the Novi and Detroit areas.

The other citation was for his part in solving three murders and a series of armed robberies in 1976.

Koontz was born at Charlotte, North Carolina, and graduated from high school at Jackson, Michigan.

Koontz served as a member of the Michigan National Guard during the period between 1964-70.

concern that it was a function of the Zoning Board of Appeals.

The City Attorney stated that the City Manager would have to give a hardship for solicitation of employees. He stated he would like to research this and not give an off the cuff opinion.

The City Manager explained there were provisions in the sign ordinance for a temporary sign for 48 hours four times a year which could be lumped together for 8 days. He asked what would you tell the next person coming in with the same request.

Councilman DeRusha stated he would vote no, he would not want to see a proliferation of this.

The City's sign was discussed and it was explained they were for Civic events only.

The City Attorney would research this and if he thinks it should go to the Zoning Board of Appeals he will so instruct Mr. Athas if not, he will get back to Council in two weeks.

NORTHVILLE ARTS COMMISSION

Agenda Item 17 was discussed next.

Heather Fee, Northville Arts Commission, presented the Powers and Procedures to Council for approval by Council.

The Powers and Procedures were discussed by Council and the following amendments were made.

Article VI

Section 1. Recommendation Removal shall be made . . .

Article VII

Section 3. A quorum shall consist . . . at the time of the meeting.

Section 4. Parliamentary procedure . . . except as otherwise provided in these by-laws.

Article X.

Section 1. Recommendations to City Council for amendments to these Powers and Procedures may be made at any regular meeting upon a majority vote of the entire membership of the Commission present at the meeting.

Mayor Vernon asked the Arts Commission if they had any problems with the changes.

Heather Fee commented they did not.

Motion by Councilman Gardner supported by Councilman Johnston to adopt the Northville Arts Commission Power and Procedures by-laws as amended this evening.

Motion Carried Unanimously.

Motion by Councilman Gardner supported by Councilman Johnston to adopt the Northville Arts Commission Budget for 1980-81 as presented.

Motion Carried Unanimously.

The meeting was recessed at 9:35 and reconvened at 9:50 p.m. BUILDING DEPARTMENT.

The City Manager stated he is negotiating with the City of Plymouth as well as the City of Novi and mentioned that Plymouth was also meeting tonight. He would have more on this at the October meeting.

It was Mayor Vernon's opinion that the City's of Plymouth and

Northville were more alike than the City of Novi.

CEMETERY FEES

The City Manager presented a fee schedule and a survey of charges of nearby cemeteries. The City's fees were much lower and the City Manager suggested an increase and then look at it again in another two or three years.

Discussion on the lots and prices followed.

Councilman DeRusha asked why they have not proposed a higher price increase and does not know why we are subsidizing the cemetery.

Discussion on the opening and closing of the graves followed. It was noted the fees did not cover the costs.

Mayor Vernon commented the cost of the lot plus the interest in the Trust Fund was not enough to cover the cost of the perpetual maintenance. He mentioned that if the trust fund increased it would balance out.

The City Manager stated it would if we continue to increase the trust fund shares.

The City Manager would come back at the next meeting with adjusted figures.

SIGN REQUESTS

b Chamber of Commerce

Request from the Chamber of Commerce for permission to attach signs advertising the Flea Market, which was rained out, to the back of the City signs. The Flea Market is scheduled for Sept. 27. The Tivoli Fair will have signs on the front advertising their fair.

Motion by Councilman Johnston supported by Councilman Gardner to approve the request of the Chamber of Commerce to use the back of the City's sign under the supervision of Ted Mape.

Motion Carried Unanimously.

c Cancellation of Ski Swap Sign

Northville Mothers Club requested to withdraw permission for a sign advertising the Ski Swap Sale from October 31 through November 8. They had received approval from Council to put the sign up at the last meeting.

Motion by Councilman Johnston supported by Councilman Gardner to withdraw approval of the request of the Northville Mothers Club for the sign advertising the Ski Swap Sale.

Motion Carried Unanimously.

CHALLENGE — CITY OF PLYMOUTH.

Challenge from the City of Plymouth to enter their annual Chicken Flying Contest to be held Sunday, October 5, 1980.

Motion by Councilman Ayers supported by Councilman DeRusha to accept the City of Plymouth's challenge and appoint the City Attorney as the Official Chicken Flier.

Motion Carried Unanimously.

Mrs. Smith, Northville Preschool Nursery, stated she has a talented chicken and offered it to the City to use.

APPOINTMENTS:

a Housing

City of Harsch's term has expired as of 9-15-80 and he does not wish to serve again.

A recommendation was asked for from the Housing Commission.

b Recreation

Motion by Councilman Gardner supported by Councilman DeRusha to appoint David McLaughlin to the Recreation Commission. The term will expire 1-1-83.

Motion Carried Unanimously.

c Library

Councilman DeRusha's term has expired on the Library Board as of 8-30-80.

Councilwoman Ayers was willing and interested and Councilman DeRusha suggested it would be more appropriate to appoint her to the City Library Board.

Motion by Councilman Johnston supported by Councilman Gardner to appoint Councilwoman Ayers to the City Library Board. The term will expire 8-30-85.

Motion Carried Unanimously.

WAYNE COUNTY COMMUNITIES FOR EQUAL REPRESENTATION COSTS.

Communication from Frank J. Lada, Chairman, with copies of Minutes, Attorneys' Report, status report on assessments paid, estimation of various assessments based on current paid membership and a copy of the statements for legal services rendered.

At their meeting on August 21, 1980, it was noted that the balance due to the attorneys is \$35,000. The cost for filing and proceeding any further action in Federal District Court would be an additional \$10,000 to \$12,500.

Councilman DeRusha commented that the City has overpaid their assessment.

The City Attorney stated the City has to say whether they want to go further with the litigation or drop it when the next meeting is held on October 23, 1980.

Councilman DeRusha thought they should quit.

Councilwoman Ayers commented after looking at the total effort, she thought the City should not continue to proceed.

Mayor Vernon commented the City has paid and has not received dollar value for it.

Motion by Councilman Ayers supported by Councilman Gardner that the City of Northville will not pursue the matter further and if asked to contribute further will decline.

Motion Carried Unanimously.

REVISIONS TO 1980-81 BUDGET:

The City Manager explained the Resolution re the 1980-81 Budget. He mentioned the cuts are the same numbers talked about before and the net figure is the same to pick up the deficit. The source of the cuts were on the attached sheets. He would put a letter out with the paychecks explaining about not receiving the City revenues until next January or February.

Mayor Vernon mentioned he had talked to Senator Geake and that Revenue Sharing would not be received also.

The City Manager thought the City would be looking at further reductions in November.

Mayor Vernon stated a need to

keep watch and take continual action if necessary. He mentioned that so far there have not been any lay-offs but they may have to. He mentioned people will have to realize revenues can not be cut back without affecting other things. Councilman DeRusha will have to decide where to make the cuts.

The City Attorney mentioned if the Tish passes they will have to go to 20 mills and would still only get half.

Motion by Councilman Johnston supported by Councilman DeRusha to adopt a resolution adjusting and revising the 1980-81 budget as follows:

RESOLVED, that the 1980-81 General Fund Budget be revised as follows:

The City Manager explained it was standard policy that forced the City to change our 4th of July parade route.

MISCELLANEOUS

A copy of Mayor Vernon's letter to Senator Ross re the race track and related bills.

Mayor Vernon did attend the meeting on Substitute Bill 4747 and amendments to that bill were created, S2. He explained the number of amendments offered to S2 by the Governor's office, i.e., a reduction of fines from \$5,000 to \$1,000 and the strong effort on the part of the lobbyist to usurp and deregulate racing as much as possible. The amendment provides for all funds to be paid by the State back to the municipality at a reasonable length of time, but is not definite and does not say when. He thought an amendment should be offered giving a specified time period for the payback.

Mayor Vernon stated we are in general agreement with HB4747 but would resist anything that would be detrimental to the City. He stated a need for someone to go to the next meeting which would be held tomorrow at 3:00 p.m.

The City Attorney mentioned the Governor's bill was buried in committee. He commented that until all amendments are in he cannot say whether or not we are in favor of the bill (4747). He also mentioned the lobbyist has amendments but would not disclose what they are at the present time.

Mayor Vernon expressed concern re the amount of power the lobbyist has in his letter and his intent was to make Senator Ross more aware of the City's position.

Rotary.

Communication from William Tomczyk, President, Northville Rotary requesting permission to

conduct a 10,000 meter run in the City of Northville, Sunday, October 12, 1980, during the hours of 11:00 a.m. to 1:00 p.m. He outlined the route to be taken.

Motion by Councilman Johnston supported by Councilman Gardner to grant permission to the Northville Rotary to conduct a 10,000 meter run in the City of Northville, Sunday, October 12, 1980, during the hours of 11:00 a.m. to 1:00 p.m. subject to the supervision of the City Manager and Police Department.

Motion by Councilwoman Ayers supported by Councilman DeRusha to grant permission to the Northville Joycees to use the three City signs to advertise their Haunted House from October 15 through October 31, 1980 under the supervision of Ted Mape, DPW.

Motion Carried Unanimously.

Novi Township

Communication from the City Manager in reply to Novi Township's request for the City of Northville to consider providing fire protection service to them.

His letter stated the request had been reviewed by the Fire Chief, City Manager and City Council and it was concluded that it would not be practical for the City to provide the Township with fire protection.

The most critical concern was the lack of a public water supply in Novi Township and our fire department is not set-up to serve areas without public water.

Council was in agreement with the letter.

Main Street '78 Construction Progress Report

The City Manager stated there would be a report every week.

Our opinions

Code cost staggering

Today's "D" Day — the last public hearing on the controversial Juvenile Revision Code (HB 4774) before the measure can become law.

Back in 1977 when the legislation was getting its first baptism we strongly opposed the code revision. Northville officials, including City Attorney Philip Ogilvie, also spoke out against it. Today, millions of debate words later, we're still convinced the revision is bad. Not only does it remove juvenile matters from family and local community, it represents a mandated massive additional expense that taxpayers cannot and should not have to shoulder.

In Wayne County alone the estimated cost is a staggering \$16 million, and that expenditure doesn't include the hundreds of thousands of dollars the revised cost will cost communities of Wayne County.

Some opponents of the code revision suggest that its principals and objectives are basically good but only if adequately funded.

We would agree that some of the principals and objections are good but, overall, we believe the measure is nothing to laud. It is government and courts telling parents and communities how best to deal with their juveniles and charging them top dollar for this unwanted service.

Last month Juvenile court administrator Prentice Edwards contended implementation of the code, just in Wayne County, would require the addition of

another 25 courtrooms. Others believe his estimate is "on the low side."

Consider just a few of the costs as seen by county, court, school and police officials, who studied the code revision for 600 hours, and issued an 18-page report:

General expansion and additional time spent on caseloads, \$9,725,000; mandated and expanded review of hearing on neglect, abuse, dependency cases, \$1.6 million; mandated, expanded, more frequent review hearings on delinquency cases, \$1,080,000; expanded rights and means to appeal and proliferation of appealable issues, \$550,000; staffing needed for neglect and abuse adversarial cases, \$560,000.

If after the Senate Judiciary Committee holds its last hearing today in Lansing, it deems the Juvenile Revision Code acceptable the costly code revision can become law with a stroke of a pen by the governor.

Therefore, citizens and officials who agree that they can ill afford these mandated expenditures for something they do not want it behooves them to write the governor today and express their disapproval of the revision code. It may be their last chance.

Here's the governor's address:

William G. Milliken, Office of the Governor, State Capitol, Lansing, Michigan 48903.

Run's great

If you stood on the sidelines in the chilly Sunday afternoon and listened to the comments by runners and spectators you came away proud of the fact that the Northville Rotary Club had staged a very successful first "Discover Northville" run.

Runners, nearly 180 of them, cheered the winners and then spontaneously and enthusiastically applauded Rotarians for sponsoring the event and for conducting it in a professional, efficient manner.

"We've participated in several runs in the state," a still perspiring father of a running

family told Run Chairman William Tomczyk, "and I've got to say you've done an outstanding job — from start to finish. Don't change a thing next year except maybe the weather."

Indeed, Tomczyk and the other Rotarians and support personnel deserved the praise. They took an idea and a theme, organized a 10,000 meter run (about six miles) and then carried it off with hardly a hitch, thus bringing credit to themselves, the club and their community, and assuring that this event will become increasingly popular next year and thereafter.

Ax guessing

Individual roll call voting seems to us a reasonable request for accountability from those who serve on city boards and commissions. Therefore, we applaud the action of Northville City Council at its October 6 meeting in passing a resolution establishing a uniform voting policy that requires a roll call vote on all official actions on matters brought before local commissions and boards.

Individual polling of members will keep the records straight and is the business-like method of operating. It certainly should not deter any member of a commission or board (most of whom serve without

compensation) from voting his or her conscience.

The request that the township also adopt the resolution for the jointly operated library and recreation commissions should be no problem.

Earlier the city adopted a resolution prohibiting any board or commission member from abstaining from voting unless there were a clear conflict of interest. That action, together with the new resolution, should provide chairpersons with the mechanisms for efficient policymaking with the accountability that any public body needs.

Detroit Lions in Super Bowl?

CHUCK APAP

YES

As exemplified by Tampa Bay narrowly missing the Super Bowl in 1980, it is not absurd to think the Detroit Lions have an outside shot at getting into the greatest sporting event of the year.

The Detroit Lions are definitely for real. They are a fine football team and for the first time in 10 years, they are going to be in competition for the National Conference football title.

I am not about to say they are going to be Super Bowl Champions because it takes years of building to get a team to be world champions. But with the acquisition of Billy Sims, a fine offensive line and a gutsy quarterback like Gary Danielson, they are beginning a building stage to a championship team.

Another reason for the Lions being a contender is the level of competition in the National Conference.

NO

The Detroit Lions are improved 5,000 percent over last year, but they are not ready to take on the Super Bowl.

Let's look at two people on the team. What would happen to the Lions if Gary Danielson or Billy Sims got hurt? I feel that the Lions can make the playoffs and will do a good job in them but they cannot match up to teams like Pittsburgh and Dallas.

The Lions will need a year or two before they can get a winning edge and the additional back up players it takes to play every week in the National Football League.

The Lions will still make mistakes that the great teams do not because of their age and inexperience. The Lions are young and need more time to develop

The Lions should win their division, thanks in part to an easy schedule. Once they get into the playoffs, the teams to beat are Dallas, Philadelphia and Los Angeles. Once a team gets into the playoffs, anything can happen.

Now is the time to put to rest all the eternal pessimists and get behind the only possible championship team we have in professional sports in the Detroit area. Besides, it is more fun to think positive about our fine, young football team than to criticize and look down on potential champions.

JACK W. HOFFMAN'S COLUMN

"Here's my entry," said former boss Bill Sliger a few minutes after my challenge to would-be headline writers hit the street. He, other staffers, members of the public and even my wife turned in some beauties — proving, I guess, that headline writing is fun if not difficult.

You'll recall I offered \$10 for the "best" headline written by a reader and \$10 for the "best" headline submitted by a staffer for this story: A hunter shot an arrow at a buck, missed, and was trampled to death by a doe.

Entries had to be three lines each, each line not exceeding 12 counts.

A number of contestants submitted more than one headline, one of them 13. My wife came up with three. Her favorite I found difficult to understand: Bow hunter/dies, totes/too much doe. "Ease in understanding is essential so you lose," I told her as she aimed an imaginary arrow at me.

Here are some of the better examples written by readers:

Revenge is/mine sayeth/the doe, wrote Jean Pinkelman. Pretty good, but the third line is much too short.

"I agonized over the fact that I couldn't have spent more time with this: 'The possibilities are endless...'" wrote Carmen A. Muscatell in submitting: Hunter slain/by deer's doe/during tryst. Many a professional headline writer, faced with deadline pressure, has "agonized," Carmen.

Jane Francoeur's favorite was, Hunter dies/for a buck;/doe did it. I liked a couple of her alternatives, too: Doe catches/buck-passer/hunter dies. Buck eludes/arrow;/doe/bags archer.

Frank Kastner, like my wife, submitted some puzzlers. But Val Kastner did better: Buck lives/archer dies/doe killer.

Joyner blasts cronyism

To the Editor:

I have written to the Wayne County Civil Service Commission and expressed my opposition to the appointment of one of its members to a newly created position of Assistant Director of Personnel Services at the Wayne County Road Commission.

In addition, I will not support the renomination of Mr. Henry Kozak to the Civil Service Commission, and I have asked the Wayne County Road Commission to terminate the appointment of Joan Pettipren.

Since my service on the Wayne

County Board of Commissioners began, I have objected to the misuse and abuse of appointed positions. I will continue to fight against any county elected or appointed officials accepting higher paying, full-time positions within the county.

Further, I am opposing one of our Wayne County Commissioners, Martha Scott, being appointed to fill the position of Joan Pettipren on the Civil

Service Commission. We must start now to stop this constant inbreeding that can only do harm to the county.

I welcome any inquiries on this matter of appointments and cronyism and will continue to fight to see it ended.

Yours in community service,
R. William Joyner

Toss bouquets

To the Editor:

I want to thank the Northville community for its cooperation and wonderful response to our Garden of the Month project. Gardeners always seem to be special, and we sure met some wonderful people, and reviewed some lovely gardens.

As with all projects, and especially one of our type, the publicity and cooperation of The Northville Record was the key factor in presenting our project to the community and making it a success.

Thank you, one and all, and we'll be back in the spring, looking for that special garden!

Tivoli successful

To the Editor:

On behalf of the Northville Historical Society, we would like to thank The Northville Record for the excellent coverage of the Tivoli Fair Arts and Crafts Show.

We would also like to thank Northville merchants and individuals for their donations, and the many volunteers whose time and talents made the 1980 Tivoli Fair a very successful one. We are happy to report the fair earned \$7,800 which will be used to continue Mill Race Historic Village restoration.

Land offered

The owner of about 39 acres west of Waterford Pond and abutting the C and O Railroad has offered it for sale to Northville Township at \$6,000 per acre.

"This land...might be an excellent park facility for the township and/or the abutting homeowners," said Donald W. Greene, president of Robert Wolf

Company, a property management firm representing the landowner.

Greene made the comments in a letter addressed to Supervisor Donald Thomson.

Thomson said there was one entrance and exit to the land, and the bridge over the dam was old. The board took no action on the letter.

I opposed the measure because of the exorbitant and irresponsible unemployment benefit increases proposed by the Democratic majority in the senate.

While I believe unemployed workers in Michigan should receive some increase in their current benefits, the additional estimated \$500 million to \$1 billion this benefit increase package would cost per year comes at a very bad time in Michigan.

Our employer-financed unemployment compensation system is already \$1 billion in debt to the federal government, thanks to the national recession, Michigan's depression, and

double-digit unemployment in our state.

This legislation would boost the maximum unemployment compensation benefits more than 50 percent from the current \$136 per week to over \$200 per week. Based on our current economic condition, Michigan businesses could not afford this added cost.

In addition, it would all but remove any financial incentive to return to work among the low and moderate wage earners. For example, an employee earning \$150 for a 40-hour week would receive only \$136 more take home pay per week by working than if he or she remained unemployed.

The bill also would eliminate some of the abuses among persons who quit their jobs but still qualify for unemployment benefits. However, the estimated \$150 million cost savings per year in this area is way out of balance with the \$500 million to \$1 billion per year benefit increase costs.

Furthermore, I suspect that when the House-Senate Conference Committee convenes, labor pressure will result in the "voluntary quits" section of the bill being gutted if not completely removed from the package.

I would have supported a fair increase in unemployment benefits for the genuine "needy" unemployed workers, especially if the increase had been phased in over a one or two year period. But Democrats and labor officials weren't interested in dealing seriously with the voluntary quits problem. It is obvious they are more concerned with protecting the "greedy" abusers of the system and forcing the possibility of a gubernatorial veto of the entire legislation than working cooperatively to improve the benefits for the "needy" unemployed workers in Michigan.

Club to hear stencil talk

Jan Dersey and Pat Seizler of Plymouth, who have researched and adapted the old art of stenciling to today's decorating, will talk on "Itinerant Stencilers" at 1:30 p.m. meeting of Northville Woman's Club this Friday.

It will be at First Presbyterian Church and

is a guest day.

Mrs. David Jerome, program chairman for the day who is to introduce the speakers, says they will show slides of 60 rooms that have stencils.

They will demonstrate the craft which decorates pillows and fabrics as well as walls of entire rooms.

Arrangements will be made at Friday's meeting for carpooling for a November 7 visit to Dearborn Historical Museum. Members will leave Northville at 10 a.m. for the 11 a.m. museum tour. They are to bring bag lunches, chairmen Mrs. C. Earl Eden, Jr. and Mrs. Robert DeHoff ask.

Flood insurance meet set

A public meeting has been set for 7:30 p.m. October 21 in city council chambers to hear about the national flood insurance program.

Robert Freitag, flood insurance specialist with the Federal Emergency Management Agency based in Chicago, will be present to discuss the city's flood insurance study and answer general questions on the national program.

Representatives of the Michigan Department of Natural Resources and the study contractor also will be

attending the meeting.

City Manager Steven Walters told city council at its October 6 meeting that it is necessary for a community to have a flood plan in effect in order to obtain flood insurance.

Flood plain areas must be identified, he stated.

Flood plain management regulations required by the federal program vary with the type of flood hazard. If the study has designated floodways, specific regulations are required in local ordinances.

Council approves update for city's master plan

Continued from Page 1

He said he had discussed the city's situation with Mainstreet '78 renovation now going on and the community's historical aspects to be preserved and the U-M representatives indicated they would be willing to work with them.

Council member Carolann Ayers asked how the project could be funded. Walters said the funds would be available in the public improvement funds budget.

J. Burton DeRusha, noting that an update would be needed in the near future, stated he felt it would be a good thing to take advantage of the offer. Acceptance was unanimous.

At the meeting the council held a public hearing to consider the ordinance to amend the zoning ordinance to reduce width of city parking spaces by one foot, making nine feet the standard width for 75-90

degree patterns, and reducing the length one foot to 19 feet.

Spaces with eight by sixteen dimensions for small cars also will be included in parking areas. Double striping for public and private lots was specified. The ordinance was passed unanimously after the hearing.

The council also approved publishing a hearing for a proposed new sign ordinance that will permit building signs to be duplicated on the back the same size as on the front of a building and makes provision for marquee signs.

Upon recommendation of the planning commission a public hearing was set for October 20 to rezone lots 97 through 106a on South Main from General Commercial District to Professional, Business, Office. The hearing was necessitated because of the text changes in the PBO classification.

Marlo Thomas: 'That Girl' is now her own woman

By MICHELE McELMURRY

No, Marlo Thomas is not "That Girl" anymore. She is, as she explained to a packed house at Northville Town Hall, "That Woman."

Ms. Thomas, who opened town hall's 20th season Thursday at the Plymouth Hilton Inn, said her years as the star of "That Girl" were a reflection of her own life in the 1960s — a life which has changed considerably for the actress over the past decade.

"I don't feel stereotyped because of 'That Girl,'" she said, "I just feel familiar."

Ms. Thomas, who created, produced and starred in the Emmy award-winning series, explained she wrote the story of "That Girl" because "she was me 15 years ago."

"The story was all really based on my real mother, my real father and my family," she said.

However, she added that none of the networks was interested in the story at that time because they believed audiences didn't want to watch a show about a "single woman struggling to be an actress."

However, after finally selling the idea she proved the networks wrong. "That Girl" achieved top ratings and made Ms. Thomas a star.

She explained that the series was really atypical for its time. The networks were worried about the viewers reaction to a woman living on her own, she said, and tried to write in a new character.

"They wanted me to live with a younger brother or an aunt," she said.

I didn't marry before because I didn't think men and women could live fairly and equally — now I do

"Who goes to New York to live with a younger brother or an aunt?" she exclaimed.

As the show's popularity increased Ms. Thomas said she began getting approximately 5,000 letters a week from viewers.

"I would get a lot of letters from women who would write in and say 'Please don't marry Donald!'"

Ms. Thomas left the show in the '70s to expand her horizons both professionally and socio-politically. A staunch supporter of equal rights — for both women and men — Ms. Thomas wrote the highly successful book, "Free to be... you & me," which was published in 1974.

"Free to be... you & me," was a book about choices, Mrs. Thomas explained.

"It was an untelling of lies," she said. "It was a lie to say that little boys don't want to cuddle dolls or that girls don't want to play with cars."

The freedom of choice is an issue which has kept the actress active both politically and socially. Since the early '70s she has been a spokesperson for the Equal Rights Amendment, traveling

throughout the country not only to help people understand the ERA issue, but to hear feedback from various groups.

Ms. Thomas told the town hall audience that in order for people to make free choices "we must pass the Equal Rights Amendment."

"We have to tell young women that they don't have to choose between being a mommy or a doctor," she explained. "And I would say the same thing to men."

"Men have grown up thinking that they had to support a family all by themselves, could never cry and could only show affection to dogs and cars," she said.

"When I became a producer, I vowed not to cry," she explained, "and it was then that I realized how many pent-up, choked-up emotions men were hiding in themselves."

"We do not bring up our boys to show their feelings," she said, "they would rather die than show tears."

"I don't think anything will help change men more than the passage of the Equal Rights Amendment," Ms. Thomas said. "We have to tell young men and women that we will defend their right to be free."

Ms. Thomas said her family and background have helped her in making choices.

"I was raised to believe that I have a right to fight for my rights," she explained.

"My mother's mother played the drums in a beer garden," she said. "She used to bill herself as Danny

LINDA MARQUESS, JAMES JENSEN

MR. AND MRS. MICHAEL SPRINGBORN

Couple makes November wedding plans

Mr and Mrs Thomas L. Marquess of Cuyahoga Falls, Ohio, announce the engagement of their daughter Linda Ann of Westland to James Thomas Jensen, son of Mr and Mrs Robert Jensen of 15718 Portis.

The bride-elect is a 1974 graduate of

John Glenn High School and 1980 graduate of Eastern Michigan University.

She currently is employed as an occupational therapist at Akron General Medical Center.

Her fiancé is a 1975 Northville High

School graduate and currently is attending Eastern Michigan University. He is employed at Meijer Thrifty Acres in Canton and plans to attend Akron University.

A wedding date has been set for November 28.

In Plymouth church

Springborn-Dumas vows recited

Michele Marie Dumas, daughter of Mr. and Mrs. Patrick N. Hickey of Milford and Bradley Dumas of Inkster, exchanged wedding vows September 20 with Michael Wayne Springborn.

He is the son of Mr. and Mrs. Leonard Springborn of 18325 Jamestown Circle.

The double ring ceremony was held at St. Paul's Evangelical Lutheran Church with Pastor Leonard J. Koeniger officiating at the service.

The bride was given away by both her father and step-father. She wore a white gown trimmed in Venice lace with a Queen Anne neckline and chapel length train. Her bouquet was a combination of pink carnations and red

roses.

Mrs. Michael Bergeron was matron of honor wearing a gown of dusty rose with slit sleeves and a pleated skirt.

Bridesmaids Marilyn Stewart, Barbara Hawley, Debbie Sieple and Mary Murphy wore wine-colored gowns and carried bouquets of carnations, baby's-breath and a single red rose.

The bridegroom's nephew Matthew Springborn served as ring bearer and his niece Marleen Springborn was flower girl.

Curtis P. Cuninghame was best man. Ushers were Michael Dumas, Martin Springborn, Sean Murphy, Leonard Springborn Jr. and Timothy Murphy.

Approximately 200 guests attended the reception held at the Plymouth Cultural Center following the wedding.

The couple recently returned from a wedding trip to the Poconos Mountains in Pennsylvania.

The bride is a graduate of Cherry Hill High School and the Virginia Farrell Beauty School. She currently is employed at Village Hair and Care in New Hudson.

The bridegroom attended Plymouth High School before entering the Military Police Corps and now works for the Michigan Department of Corrections in Detroit.

Mary Lawrence Gaitskill is back on the University of Michigan campus this fall in her senior year as a journalism major. But last summer she had an experience her classmates could envy.

She served a 10-week internship with Redbook magazine in New York, most of it in the fiction department.

And she now has a certificate presented at a graduation luncheon at the conclusion by Editor Sey Chassler. It states she has satisfactorily

completed the 14th magazine internship in the program that ran from June 11 through August 22 sponsored jointly by The American Society of Magazine Editors and the Magazine Publishers Association.

Adding to the young journalist's summer was the experience of living at New York City University in students' quarters.

She is the daughter of Lawrence and Dorothy Jane Gaitskill of 690 Thayer.

Junior Miss program's at Marquis

By JEAN DAY

Northville Jaycees are seeking contestants for the 14th annual Northville Junior Miss Competition which will have a changed format this year. It is to be held on a Sunday afternoon — at 2:30 p.m. November 16 — in the Marquis Theatre with Northville resident Ted Strasser, host of WJR Patterns in Music program, as master of ceremonies.

Ron Barnum, local Jaycee co-chairman with Jim Steel, reports that the competition is not limited to senior girls at Northville High School. This year the Jaycees are seeking to make it an area-wide event with girls living in the district but attending other schools also eligible to compete. Barnum says there has been interest shown already from Ladywood High School. The Jaycees are being assisted, as usual, by the Northville Jaycettes. Debbie Anderson is their chairperson.

"We're looking for the ideal senior high school girl," says Barnum, "who will be judged upon poise and appearance, talent, scholarship and personality." The Jaycees have stressed that this is not a bathing beauty contest.

Last year's winner Nancy Orr, a talented pianist, will be asked to crown the new Junior Miss, in keeping with tradition. Prizes of \$100, \$75 and \$50 will be awarded to the top three contestants. Local merchants also contribute prizes. As in the past, the winner goes on to compete for scholarships at state and national levels. Northville has a good record, Barnum points out, in having had a state winner, Michigan Junior Miss Pam Smith in 1968, as well as several runners-up.

Entry forms are available this week at the high school's main office and from Barnum, 349-8027, Steel, 348-0303, and Ms. Anderson, 349-4426. The Jaycees would like to have them returned by November 1. Saying that the competition has proved to be fun for contestants as well as an excellent way to gain public speaking experience, Barnum adds that his goal is to have 20 entrants this year.

They celebrated at Genitti's

This Saturday — and for the past several Saturday evenings — hard-working Toni and John Genitti personally have been serving their Hole-in-the-Wall guests multi-course Italian dinners, scheduling them to meet theater curtains.

Following the Saturday's football game October 4 Jean and Von Boll returned here to host dinner for 10 with the Genittis. Most were friends from Ohio who had come up for the game, but the group also was celebrating the birthday of the Bolls' daughter-in-law, the former Susan Heckler who became the bride of Greg Boll in June.

Other diners hurried across the street to see "Honeysuckle Rose" at the Marquis.

Ship survivor's Elaine Chabut's brother

Long-time local residents — like Betty Cowie — who thought that Allen Rice, a survivor of the cruise liner Prinsendam (which caught fire off the coast of Alaska October 4) and an associate pastor at Detroit Metropolitan Methodist Church, is the brother of Elaine Chabut are correct. Mrs. Chabut and her brother are the children of the late Dr. Merton S. Rice, well-known minister at the Detroit church. Mrs. Chabut retired to Sun City, Arizona, from Northville.

Mothers' Club to confer with Dr. Campbell

Problems and programs at Northville High School will be discussed by Dr. Barbara Campbell, assistant principal, at Monday's meeting of Northville Mothers' Club at 8 p.m. at

Maybe We're Not Magicians. . .

Members will share concerns with Dr. Campbell during a question-and-answer session following her talk.

McClendon to address KD

Forty-ninth annual convention of the Wayne County Branch of King's Daughters will bring members of 17 circles to Northville next Monday.

President Marge Bolton of the local Mizpah Circle, which is hosting the convention, announces it is being held at Northville United Methodist Church on Eight Mile.

Wayne County King's Daughters president is Joan Smith of Northville. She will be presiding at the meeting at 10 a.m. following a coffee hour and registration at 9 a.m.

Featured speaker at 10:30 a.m. will be Dr. Edwin J. McClendon, professor of health education at University of Michigan and a Choctaw, a native American Indian, who now serves as chairperson of Native American Indian Grants for Michigan.

A resident of Plymouth, he is past president of the Plymouth-Canton Board of Education and of the

Community Human Relations Commission. A well-known author and speaker, he will be discussing the situation of the American Indian.

Married with three grown children, he was born and raised in the old Choctaw Nation in Southeast Oklahoma. He attended tribal elementary school and then boarding school in Chillico, going on to earn his BS degree in physiology, speech and social studies at University of Oklahoma. He received his master's there in guidance and counseling from the school of health.

He received his doctorate in curriculum development in health education from Wayne State University.

An open invitation is issued to area residents interested in attending. Mrs. Bolton may be called at 349-3518. This is the deadline for reservations for the luncheon which will be at 12:30 p.m.

Musical thrills OLV. St. Paul students

Youngsters at both Our Lady of Victory and St. Paul's Lutheran schools Friday watched an original musical, "A Place To Be Me," presented by Adventures in Theatre, a Southfield-based professional children's theater group.

Now on a six week tour, the musical production is followed by a question period with the cast talking to children who have just viewed the live theater presentation.

Library film set for seniors

"The Lion in Winter," starring Katherine Hepburn, recreates the pomp and pageantry of 12th century England in this month's senior citizen film at Northville Public Library.

The film will be shown at 2 p.m. tomorrow in the library meeting room.

All Northville and Northville Township senior citizens are welcome to attend the monthly films sponsored by the Friends of the Library. Refreshments are provided during intermission and there is no charge for admission. Persons wishing more information can call the library at 349-3020.

WINNING CHICKENS — First place winner, above in the Plymouth Fowl Festival, entry of Northville Detroit Federal Savings, is held by Terry Fraser, manager, flanked by Shari

Danielian, Kelly Calhoun, 10, Kathy Krasinski, Mary Mann. Float winner, "Billy Bird," right, is admired by young helpers Jack Pattee, Lisa and Dawn Mills.

Northville birds win Fowl Festival

Northville residents have been clucking over the way they swept the Plymouth "farm yard" field last week

at that city's annual Fowl Festival. Winning live bird in the high-flying contest October 5 was the fowl entered

by Detroit Federal Savings of Northville. Manager Terry Fraser has the first place blue ribbon to prove it. He was urged on to victory by local "chickens" wearing Detroit Federal Savings-Northville sweat shirts.

tractor which was completely hidden. The driver sat inside.

Speakers hidden in the neck played "In the Mood," by the Hen House Five.

Working on "Billy Bird" also were Mary Lou Mills, Bill's wife, and children Dawn and Lisa. Judy Buckless and Dee Pieh with Brad and Arin joined in the construction fun, too. Others were Jack Pattee and Karen Sackett of South Lyon.

Then the first prize-winning float "Billy Bird" was a local entry, the inspiration of William Mills of 10030 Seven Mile and his co-workers at the Ford plant in Saline, Ted Buckless of Brighton and Bob Pieh of Deerfield.

"Billy Bird" is an 11 by 14-foot chicken constructed of thousands of plastic flowers made from garbage bags. They were attached to a frame made of chicken wire — what else? The entire chicken rode to glory on a garden

Mrs. Mills says they felt rewarded with the \$100 first prize, but adds that their "Billy Bird" real chicken entry in the flying competition didn't do so well. He bit owner Ted Buckless and "soared straight down"

Thomas's mother-in-law.

"She was a real inspiration to me," she said. "She gave me the courage to ahead and be what I wanted to be."

"I didn't become a teacher like I was supposed to. I became an actress like I wanted to."

Ms. Thomas said one of the main reasons she had never married until four months ago was that "the idea of being a good wife and mother was too immense for me."

"I looked at all the other women in my family and I knew I couldn't do what they did — I couldn't be the enabler," she said.

"My mother is the great guilt of my life," she said, "she gave up everything for her children."

However, four and a half months ago Ms. Thomas married talk show host Phil Donahue, who was one of last year's town hall guests.

Ms. Thomas described her husband as a "man who is in the top five percent of liberated men."

"One of the reasons I really care about Phil is that he is a fair person," she said. "I didn't marry before because I didn't think men and women could live fairly and equally — now I do."

By marrying Donahue, Ms. Thomas also became an "instant mother" to four boys and a teenage daughter.

"It's very interesting with the boys," she said, "they listen to me much more than they listen to Phil."

Since becoming a parent to five step-children, Ms. Thomas said she has learned that parenting is much more

than a one-woman job.

"Being a parent is not just a woman's job," she said. "Most of us get way too much mothering and not enough fathering."

Ms. Thomas said her marriage has helped her in not only understanding shared responsibilities but has also helped her to realize the importance of being what she wants to be.

"I love what I do and I won't give it up," she said. "But I'm also crazy in love with my husband."

"Don't let anyone ever tell you that women want to give up love and a home for the marketplace," she added. "No woman should have to face loneliness for success."

"One of the biggest attractions between Phil and me is that we both have terrific optimism and idealism," she said.

"I do all these things because I believe in the future."

Ms. Thomas graciously signed autographs before and during the luncheon which followed her lecture.

Ms. Thomas and her secretary sat at the head table during the luncheon with Town Hall Chairman Carolyn DiComo, new vice chairman Reggie Hodson, special guest Bonnie DeWan, president of Our Lady's League of Our Lady of Victory Church, which sponsors town hall, and other town hall committee members Audrey Marino, Dorothy Hartshorne and Claire Long.

The next town hall guest will be Terry Hekker, author and champion of the profession of housewifery. Hailed as the new Erma Bombeck, she will make her appearance November 13.

Adventurous pickers head into Foreman orchards for apples

Mulch means good cider but forget using it as fertilizer

Area presses are humming

Bumper apple crop means cider aplenty

By MICHELE McELMURRY

For most Michigan residents autumn is a time for football games, hay rides, pumpkin carving, apple picking and best of all — cider sipping.

With Michigan's vast array of apple orchards, it is no wonder most people have started tossing aside the lemonade in favor of one of the state's most popular refreshments.

Michigan is the third largest apple-producing state in the nation and is first in the production of Jonathons and Northern Spys, two favorite cider apples.

The Michigan Department of Agriculture has reported that due to a frost-free spring, state growers are expected to produce 900 million pounds of apples this fall, the second largest yield in this century.

With 90 cider mills in Southern Michigan alone, it is easy to see why apples are in such demand.

Most cider mills opened at the end of August and will continue to stay open

through November. However, now is the peak season for cider and most mills are ready for the crowds of October cider-sippers.

Cider mills, which once sold only cider and doughnuts and on occasion caramel or candy apples, have become big business for many mill proprietors.

Mills now feature everything from wagon rides to gift shops. However, there is no denying the fact that most residents are lured to the mills for just a plain old glass of cider and a homemade doughnut.

In addition to edible goodies, cider mills also seem to draw crowds because of their rich historical backgrounds.

Many cider mills throughout the state were constructed in the mid to late 19th century and have changed little since the early days. Some even boast the original water wheels used to generate electricity.

One cider mill with a long and somewhat tragic history is Parmenter's Northville Cider Mill located at 714 Baseline.

The mill, which has been in the Northville area for almost 108 years, is owned by Vern and Ruth Bodker who purchased it 13 years ago.

The mill had been in the Parmenter family for almost 95 years and was Northville's second oldest continuous business.

However, tragedy struck the old wood mill three years ago. In the early morning hours of December 3, 1977, the mill was completely destroyed by fire. Officials believe the fire was caused by arson and still are investigating the incident.

However despite the mill's destruction, the Bodkers were determined to keep the business going and decided to rebuild it on the same site the following July. Three months later they were back in business.

"It was amazing how fast this (the building) went up," Mrs. Bodker said.

Since the buildings reconstruction, business has been back to normal. Though many people were attracted to the mill because of its heritage, Mrs.

Bodker explained that many of the old customers have come back just for the cider.

"Things are really getting busy now," she said. "October is always a busy month."

Parmenter's, which sells cider, doughnuts, caramel apples and homemade peanut butter, has had the presses rolling since the Saturday before Labor Day and will continue until the Sunday before Thanksgiving.

All of the original presses used by Parmenter's were destroyed in the 1977 fire and the mill is now using new and much more up-to-date machinery which, according to Mike Corcoran, supervisor of the mill, has made things much easier.

Corcoran explained that much of the old machinery was obsolete and that finding parts for broken presses was "close to impossible."

At Parmenter's, cider is made four to five days a week with the most cider made on Fridays and Saturdays, Corcoran said. "Our busiest day is

Sunday — that's when we really get the crowds," he added.

Corcoran explained the cider-making process as really quite simple. After all, "you don't add anything," he said, "it's just apples."

Parmenter's apples come from orchards in Lowell and three types of apples are used — Jonathons, Delicious and McIntosh.

Corcoran explained that October is the peak season for cider mills because the apples are at their best.

"In September apples are a little tart and in November they are overripe," he explained. Cider-sippers should take note of this in determining the peak period for their favorite type of cider.

Corcoran explained that the cider-making process begins with sorting the apples. This entails separating the good apples from the bad apples with the good apples being sent through an automatic washer which cleans them with nylon brushes.

After the apples are cleaned, they are placed into a grinder. Corcoran said

rice hulls also are placed in the grinder to separate the juice from the pulp.

Steel plates within the grinder move together, Corcoran explained, putting pressure on the rice hulls which cause it to separate the juice.

Once the juice has been separated it is pumped into 1,500 gallon cider tanks.

The remaining pulp from the cider dries up and is thrown out, Corcoran said. Though many people have tried to use it as fertilizer it is "no good," he added.

The cider tanks at Parmenter's are kept at about 35 degrees. "We really stress cold cider," Corcoran said.

From the tanks, it is siphoned into plastic containers and is ready for sale.

Corcoran said cider should be kept in the refrigerator no longer than a week as it starts to ferment after about seven days.

Parmenter's sells cider by the gallon, half gallon, quart and glass.

The mill is open daily from 10 a.m. to

SIARTO MACHINE & TOOL COMPANY, INC., of Novi has launched the Model II Rotary Pallet Machining System. A highly sophisticated metal removing machine, the Model II has proven itself a viable alternative to traditional dial index and in-line transfer machines.

Much new thinking has gone into the Model II's development and resulted in repeatability accurate to 0.0004 inches. This is achieved by a unique ring gear principle which serves as the machine's transfer mechanism.

The ring gear, formed with a single steel billet, is powered by a programmable D.C. index drive which assures a smooth and precise transfer cycle. When indexing is complete, conical locators bring pallets into final location for machining operations.

Since the ring gear serves strictly as the transfer mechanism, pallets are designed to float during the index cycle and independently locate at each work station.

This important feature effectively combats the cumulative indexing error commonly found in dial machines and enables the Siarto System to achieve repeatability to 0.0004 inches. To maintain this accuracy, Siarto has developed a patented lift and carry device which eliminates sliding wear on the locating pads during the transfer cycle.

Pallets are locked into final location by either hydraulically actuated cylinders or a patented wedge type clamping device. The wedge mechanism, which increases clamping force in geometric proportions, assures accurate pallet location in cases of increased tooling thrusts such as the machining of forgings.

Modular construction plays an important role in the Model II's accuracy and flexibility. Eight pie-shaped register assemblies form the basic machine's circular configuration. This modular concept of eight cast iron housings permits the maintenance of close tolerances during machining and assembly operations while at the same time providing an open center layout to accommodate more and larger machining units.

Siarto Rotary Pallet Machining Systems have been widely accepted by the automotive industry in the manufacture of rack and pinion housings, power steering pump housings, tie rod ends, steering control arms and pistons.

In view of Siarto's corporate commitment to research and development, a Model III and Model IV System are already on the drawing boards.

In addition to the automotive industry, Siarto Machine & Tool Company serves the home appliance, off-road equipment, mining, sport and recreation, plumbing, lawn and garden and other high volume industries.

DAVID A. KEEN has been promoted to vice president-manufacturing of Diamond International Corporation of Farmington, it was announced this week.

DAVID KEEN

Keen joined Keen Manufacturing in 1954, which subsequently merged into Diamond Automation. He has held numerous responsibilities and promotions in manufacturing, sales, service and ag construction before becoming manufacturing manager in 1974.

Keen will continue to be responsible for all manufacturing functions in Alabama and Michigan, and is directly responsible for the plant expansion program currently underway.

A Northville resident, Keen lives at 42853 Rayburn Drive with his wife, Elizabeth. They attend the Ward Presbyterian Church. He is an active private pilot and a member of a local aviation association as well as the Livonia YMCA.

"HOW MUCH HOUSE CAN I AFFORD; how do you get a mortgage loan; what type is best for me; will prices keep going up; how do I check my credit rating; how much do I need for a downpayment?"

These are typical questions being asked by first-time home buyers and answered in a series of free educational seminars being conducted by the Western Wayne Oakland County Board of Realtors (WWOCBR).

"While present home sales are down, we know there are many people hoping to move into the home market in the next few years," said John J. Halser, WWOCBR president. "So we are offering these seminars to educate potential buyers on the process which is becoming increasingly complex.

"With absolutely no sales pressure, we literally walk seminar attendees through each of the homebuying steps so they will be knowledgeable shoppers when they do enter the market."

The next WWOCBR seminar will be held in the Livonia City Hall on Tuesday, October 14 at 7:30 p.m. Attendance is open with reservations requested through a call to WWOCBR at 478-1700.

"We selected Livonia as a central point in our 1,600 square mile territory," Halser said. "But, like our earlier seminars, we expect to draw attendance from throughout the entire metropolitan region."

"Previous seminars have included persons from both Macomb and Washtenaw counties. Of course, the information we provide is applicable anywhere. Although we don't try to sway them, we hope that when they do enter the market they will want to move into our territory and do business with one of our 4,500 members."

The two-hour seminars are designed around a panel of experts who spend the first hour discussing key points from home affordability to the role of the attorney in real estate transactions. The second hour is devoted to responding to both written and oral questions. A free kit of

background materials also is provided each attendee.

"I think several people attending the first seminar expected it to be some sort of sales gimmick," Halser said. "When they found out it was strictly a public service venture, many referred their friends so attendance has been building requiring our move to a larger site. We look forward to a capacity turnout and advise those interested to call early to reserve seats."

Printed flyers providing more detail on the next seminar are available at WWOCBR member offices and also are being distributed at various lending institutions and other locations.

TWO NOVI residents have announced retirement after years of service with Kensington Metropark near Milford. They are:

Frederick A. Loynes, 65, who has been a member of the building maintenance staff since May 16, 1962. Previously he worked for Novi Community Schools and earlier was self-employed. He will retire February 1, 1981. For several years he was fire chief for the City of Novi.

Robert C. Skellenger, 59, who has been chief park ranger since January of 1956. He was hired full-time as park ranger on January 1, 1955 and started at the park in 1953.

Born and raised in Detroit, he will retire December 31, 1980. He has served as assistant fire chief of Novi and has been with the department more than 30 years. He also received a Huron-Clinton Metropolitan Authority (HCMA) 25-year service pin.

Park officials also announced that Patricia Eising Carlson of New Hudson has been awarded a 15-year service pin by HCMA. She is supervising naturalist at the nature study area of Kensington Metropark. She started at the nature center of Stony Creek Metropark in 1965 and was promoted to her present post in 1968.

LAWN-MAN PROPRIETORSHIP SCHOOL is now open in Detroit, offering career opportunities to males and females looking for an alternative to unemployment.

Gerald Curwin, president of the school and a Novi resident, said that persons with a desire to own a service business and are not afraid of hard work for good money can acquire their dream at the end of a five-week intensive classroom and in-the-field training program.

The graduate of Lawn-Man's course is qualified to be sole proprietor of a lawn maintenance service business and, in many cases, have customers acquired during the in-the-field segment.

The uniqueness of the program is its short training period and the simplicity of the required training, resulting in a low initial investment required to become the owner/operator of a business.

In addition to learning how to do the work, students learn how to operate the entire business from sales to tool maintenance.

Curwin is a seven-year veteran of the lawn service business in both Michigan and Indiana. He believes that success in the business is a result of knowing what-not-to-do as well as what-to-do. Based on his own background, he has developed a training program manual which has been accepted for licensing by the Michigan Department of Education.

Curwin says he is "very proud of its acceptance for licensing, especially since the program was required to pass a review from one of the largest colleges in the state before the license was issued."

"In view of the recent economic problems we face, there is still a tremendous demand for professionally trained lawn care people who know how to plant and maintain trees, shrubs, plants and grass," Curwin added.

Bumper apple crop means plenty of cider here

8 p.m. On the weekends crafts booths are set-up outside.

Another cider mill in the Northville area which draws large crowds is Foreman's Cider Barrel at 50050 West Seven Mile.

The mill, owned and operated by Ralph Foreman, has been in the area about 50 years.

Many people are attracted to Foreman's because of the open apple orchards where customers are invited to "pick their own."

In addition to cider and doughnuts, Foreman's also sells a variety of goods including pickles, exotic teas, jellies, jams, plum butter, pumpkin butter and much more.

The cider mill is open August through December from 9 a.m. to 6 p.m. Monday through Friday. Persons wishing to pick their own apples can do so on Saturday and Sunday from 9 a.m. to 7 p.m.

The following is a listing of other area

cider mills:

Diehl's — 1478 Ranch Road in Holly, seven miles north of M-59 off Milford Road. Phone (313) 634-8981. Open through February, 9 a.m. to 6 p.m. daily, March through July, 10 a.m. to 6 p.m. Saturday, 1:30-6 p.m. Sunday.

Erwin Orchards — 58354 Pontiac

Trail, New Hudson. Open Monday-Friday from 9 a.m. to 6 p.m. Can pick your own apples — \$6 a bushel. Wagon rides. 437-0191.

Warner's Orchards — one half mile south of Grand River at 5970 US-23 in Brighton. Open Tuesday-Saturday 9 a.m. to 6 p.m. Sunday 11 a.m. to 6 p.m.

013 Card of Thanks
THE family of Ethel Bohnet wishes to thank all our relatives, friends and neighbors for the kindness, prayers, and concern for us in our recent illness and loss of our mother. Special thanks to Dr. Ronald Peets for the wonderful care he provided over the past several months and the ladies of the VanTown United Methodist Women for the dinner. Also to Rev. Haering and Gorsline Funeral Home for everything.

THE family of John D. Thorpe, Sr., wish to thank the many friends and relatives who helped us through our recent bereavement. A special thanks to Thomas P. McGuire who conducted the services, Father John O'Callaghan for his words of comfort and encouragement, friends and neighbors for the excellent food, and heartfelt support. Also to Schraders Funeral Home, who handled the arrangements and owners and employees of the Guernsey Dairy, Irene Thorpe, John D. Thorpe, Jr. and family, Cynthia Bastion and family.

THE family of David Bishop wishes to express their love and appreciation to all who helped them in their time of need. To Father Charles Irvin for his support and prayers, to Father Conklin for the use of St. Mary's church, to Brian Sheller for his gentleness, the warm love expressed to us thru contributions of food, prayers and time from friends, family and neighbors. We will always treasure the love shown us. We ask God to bless all of us. Mrs. Marlene Bishop and David Jr.

THE family of Walter Geda would like to thank Pastor Keith Schneider, ladies of Cross of Christ Church, the Varsity Football Team, Coaches and Cheer Leaders, the Booster Club, Brian and Rita Anderson, and a special thanks to the Holbel Family and all other friends whose kindness has helped us at this difficult time.

Poet's Corner

Have a Good Day

Look at someone and smile today—
It doesn't matter if they look away.
Rush and bustle,
Hustle and shove—
Too busy,
Too busy,
To share your love.

Tell someone you care,
Go on—hug your kid—
It doesn't matter if he wonders what he did.

Put on a smile,
Don't wear a frown,
Don't let this old life get you down.
You will never be as young as you are today,
So SMILE at someone as you go on your way.
Kit Henderson

Sayings

You have to walk before you can run,
Talk before you can shout,
Take a look before you leap,
Don't cast a clout 'till May is out.

Turn your money over when you see a new
moon,
Eat an apple every day,
Don't look a gift horse in the mouth,
Butter on a cat's paw makes her stay.

Waste not, want not,
Out of the frying pan into the fire,
Don't put it down, put it away,
Everyone loves a trier.

A place for everything and everything in its
place,
Pride comes before a fall,
Old sayings, whether they be true or false,
I love them ALL.

Kit Henderson

Alone

alone strokes my cheek with quiet
it doesn't shriek
doesn't demand me
ripping me from my eyes
it allows my ears to pick
up the pieces of my words
my mouth to form them

alone makes the floors and
the four walls stationary
and I get in sync with them

Kathleen Ripley Leo

Don't Give Up

Inch by inch
It's a cinch.
Mile by mile
Takes awhile.

Charles E. Hutton

Breakfast Bites

The wild Canary
Diligently pulls seeds
From the purple Scotch briar
Flower, pieces dropping
As it cleans it away,

"He likes it
He likes it"
I think as he
Preen under yellow wing
On the silver, cyclone fence.

F.A. Hasenau

Bothersome Buzz

I settle down to drift and dream,
My back just settling in the bed;
When suddenly there is a buzz
Of mosquito or fly overhead.

F. A. Hasenau

Mustang gridgers mow down Waterford Mott, 20-6

By KEN KOVACS

The Mustangs rushed their way into a tie for second place in the Western Six Conference last Friday manhandling Waterford Mott 20-6.

A solid Northville defense held Mott scoreless until the final two minutes when the reserve squad got over on a dive.

Meanwhile, quarterback Dave Greer was handing off to Steve Cornalino, Scott Robins and Bob Thomson, who consistently ran for big yardage.

"We planned to pass a lot more but the running game was working so well we stuck with it," explained coach Dennis Colligan. "Greer ran the option real well and I can't say enough about our backs. They did one heck of a job running the ball."

Cornalino gained 77 yards in 12 carries, Robins had 49 yards in five carries and Thomson ran 12 times for 42 yards.

An interception by senior Steve Denhof set up Northville's first touchdown.

The defensive halfback picked off a pass at the Mott 35-yard line and returned it to the 10.

Thomson scored a few plays later on a one-yard dive. (The extra point kick was missed).

The Mustang defense gave up some yards to Mott but stopped them when they needed to.

Northville's second score came on a 65-yard march capped off by a 25-yard gallop into the end zone by Robins.

Mott then threatened, pushing inside the Mustang 10-yard line.

But Northville's defense would not yield. Mott was stifled and the Mustangs took a 13-0 lead into the locker room at the half.

Mott continued to key on quarterback Greer in the third quarter giving Cornalino, Thomson and Robins some running room.

Northville's final score came following a 24-yard pass from Greer to tie Joe Millen, who was wide open when the safety came in to help stop the option.

Greer fired the ball to Millen just

before he was dropped and the senior end was caught from behind at the one-yard line.

"He should have scored," Colligan said. "But I don't think he knew anyone was behind him. He thought he could just walk in (for the touchdown)."

Thomson scored his second touchdown of the evening on a one-yard plunge.

Colligan praised the work of his offensive line, singling out guards, Scott Norton and Steve Armstrong.

"They really did the job opening holes for the backs," he said. "(Neil) FitzPatrick at center and the two tackles (John) Ackley and (Mark) Holland also deserve a lot of credit.

"I really am ecstatic about the performance of our tailbacks and the entire offense."

Defensively, the Mustangs' Tim McLaughlin led the way with six

unassisted tackles and seven assists, while Greer had five unassisted takeaways.

Defensive tackle Ed Burry collected two fumble recoveries for Northville.

The Mustangs now 3-1 in the Western Six and 4-2 overall, will host Walled Lake Western Friday for the Northville homecoming.

"On paper we look equal," Colligan said. "I am looking for a tight ball game."

Also 3-1 in the league, Western last week suffered a heartbreaking 31-28 loss to unbeaten Farmington Harrison.

While Western and Northville battle for second place, Livonia Churchill will do its best to hand Reggie Upshaw and the Harrison squad their first setback.

A Churchill victory combined with a Northville win could result in a two-way tie for the title.

Dennis Curtis claims first Rotary run crown

John McKinley may not be the fastest runner around. But it would be awfully hard to find another 61-year-old who could run 10,000 meters (approximately 6.2 miles) in 58 minutes.

The South Lyon resident was the eldest of 177 runners who last Sunday completed the first annual "Discover Northville" run sponsored by the Northville Rotary.

Dennis Curtis trotted over the finish line first with a time of 31:16. On the heels of the 26-year-old Livonia runner were John Young and Paul Bedford who tied for second with a time of 32:44.

Vivian Enders of Rockwood ran the course, which started and ended at Northville Downs, in 42:01 to finish ahead of 29 other women runners.

Although he did not finish the race, 10-year-old Charles Leibel of Warren was the youngest participant.

Lieutenant William Tomczyk, commander of the Michigan State Police Northville post, and a member of the Northville Rotary, was very pleased with the turnout.

"People came from as far away as Okemos and Mount Clemens and if it would have been a warm, sunny day we probably would have had another 100 people," he predicted.

As it was about 25 of the 202 applicants did not show or did not finish the race.

The 177 who did participate received "Discover Northville" T-shirts.

Runners finishing first through fifth in each of the 12 divisions — six men's groupings and six women's — were presented with a trophy.

Tomczyk estimated that the run raised about \$600 for the Northville Rotary Foundation.

Division winners are as follows:

Men, 16 and under — Brian Van Buren of Livonia; 17-21 — John Young of Southfield; 22-30 — Dennis Curtis of Livonia; 31-40 — Milt Heinz of Livonia; 41-49 — Fred Karn of Trenton; over 50 — Jim Menlove of Ann Arbor.

Women, 16 and under — Colleen Lee of Livonia; 17-21 — Denise Down of Livonia; 22-30 — Vivian Enders of Rockwood; 31-40 — Mary Lund of Novi and 41-49 — Rita Pederson of Northville.

Cheers greet Martha Phillips at the finish line

Mott claims first to edge Mustang golfers

By KEN KOVACS

If not for Waterford Mott...

That's what members of the Northville High School golf team are saying to themselves this week after losing the Western Six Conference to the Mott linksters.

It wasn't that the Mustang golfers played poorly. Mott just played better.

"We would have had to win the league meet to gain a tie with Mott for the title," explained coach Joe Blake. "But we look second to Mott in the meet and ended up second in the conference."

The Western Six champs had 12 points, while Northville had 10 and Farmington Harrison was third with 7.4.

Rounding out the league were Livonia Churchill with 6.5, and Plymouth Canton and Walled Lake Western claiming three points apiece.

In the league meet Northville's Ted Seltz fired a 77 for 18 holes, second only to Mott ace's score of 74.

Other Mustang scores were Terry McMahon 83, Mark Goodson, 86, Tom McMahon, 87 and Mark Denhof, 87.

"It's hard to get everyone to shoot good on the same day, but that's what

we needed to do to win," Blake said.

The Mustang linksters placed seventh among 21 teams at a regional tournament at Burrows Farms last week.

Northville posted a score of 334. Goodson led the team with a 79, while McMahon posted an 82, Seltz shot an 85 and Steve Handley came in at 88.

Catholic Central won the tourney with a score of 316 and will be one of three teams to compete in the state tournament.

In final league dual meets last week, the Mustangs triumphed 216-231 over Walled Lake Western and outdistanced Churchill, 205-217.

Goodson paced Northville with a 38 against Western, while Seltz shot 42, McMahon posted a 43, Handley fired a 43 and Mark Swanson finished at 47.

Seltz led the Mustang linksters with a sizzling 37 in Thursday's match with Churchill.

Goodson fired a 39, McMahon posted a 40, David Pohlod had 44 and McMahon shot 45.

In special honors, Seltz was selected to the all-league team based on his

Lose to Stevenson, Huron

Tankers dunked despite determination

By KEN KOVACS

It was inevitable. The string of victories posted by the Northville High School girls swimming team had to end sometime.

Last week the talented tankers, who had posted six straight wins, were beaten twice.

But it took Ann Arbor Huron, which finished second in the state in 1979 and Livonia Stevenson, a squad which is in the running for the state championship this year, to beat the Mustang swimmers.

Northville grabbed six first place finishes in the 11 events in losing to Stevenson 96-74 last Tuesday at the Livonia pool.

Kim Storm, who has swam well consistently this season, set a new team

and pool record posting a time of 24.0 in the 50-yard free style.

Storm also set a team record in the 100-yard free style with a time of 54.4, while Allyson Farquhar set a pool record in the 100-yard breast stroke swimming the distance in 109.7.

Farquhar also won the 200-yard individual medley.

Hollie Raycraft continued her winning ways taking a first place in diving with 202.65 points.

"I was real proud of the girls," praised coach Ben Lauber. "We knew that these teams would be very strong. We swam well at Stevenson. We just didn't have the depth."

The 200-yard medley relay team of Farquhar, Storm, Tammy Selfridge and Kathy Bainbridge captured first place in both meets.

The foursome, which posted a time of 1:55.8, missed by only .6 the record set last year by Farquhar, Storm, Selfridge and Sue Cahill.

Cahill, a 1980 graduate, was in Lauber's words "probably the top high school girl swimmer in the state."

"I can't say enough about Bainbridge," Lauber praised. "Being a sophomore she has really come on strong for us. I really didn't expect the girls to come that close to the record set with Cahill last year."

The Mustang swimmers took the majority of first place finishes against Ann Arbor Huron in a very close meet Thursday.

Storm set a new team mark in the 100-yard free style, posting a time of 53.6.

Raycraft again took the top honors in diving, Farquhar won the 200-yard

individual medley and 100-yard breast stroke and Storm also won the 50-yard free style.

"It was a beautiful meet from coach's standpoint, a swimmer's standpoint and a spectator's standpoint," Lauber said. "The girls worked hard and pulled together. Huron is just that tough."

Though they must put the two losses behind them and look ahead, the Mustang swimmers still are unbeaten the league and Lauber feels they are well-prepared for the upcoming league meet.

"We have to be favored at this point," he said. "We have beaten every league opponent we have faced."

Though Northville High School is sponsoring the event, it will be held at the Livonia Churchill pool which has a six-lane pool, as opposed to Northville's five lanes.

Local skaters win awards

Two Northville residents were among 500 participants in the fifth annual United States Figure Skating Association Invitational held recently at the Wyandotte Yack Area.

Susie Okopny, 8515 Napier, won a silver medal for her compulsory program, and a gold medal for her free style program.

Noelle Schimick came away with a gold medal in compulsories and a gold medal for free style skating.

Both girls skate out of the Plymouth Skating Club and practice at the Plymouth Cultural Center.

Okopny, a ninth grader at Meads Mill Junior High, has collected four gold medals, two silver, and one bronze in the past 12 months.

Schimick, a sixth grader at Our Lady of Victory, has won three gold medals and two silver.

The seven girls coached by Marie Mazur Zigninow won seven gold medals, four silver medals and two bronze medals in 14 programs at the invitational.

NHS soccer squad claims two shutouts

Posting shutouts over Farmington Harrison and Livonia Franklin last week the Northville High School soccer squad boosted its overall record to 11-1-2.

A 6-1-1 league mark puts the kickers in a tie for second place in the Northwest Suburban Soccer League with Livonia Bentley, who they were set to face Tuesday.

Harrison didn't have a chance as Northville dominated every phase of the game in a 12-0 shellacking.

Rick Marshall scored three goals for the Mustangs, Eric Leindemier, Doug Marshall and Kevin Wayne had two apiece and Greg Marshall, Les Neal and Dave McElroy added one each to account for the scoring.

Northville fire 22 shots on goal to Harrison's one.

"Our new adjustments on offense and defense have really done the job," said coach Ron Meteyer. "We have won the last seven games and five of them have been shutouts."

Franklin gave the Mustangs a little more trouble, but Northville

Runners remain unbeaten in dual meets, down Mott

The Northville High School cross country team kept its record intact last week squeaking out a 29-30 win over Waterford Mott.

The Mustang runners have not lost a dual meet in three years.

The junior-dominated squad also claimed a fourth place finish among 22 teams in the Redford Union Invitational last Tuesday with a score of 121.

Clark Couyoumjian posted a time of 15:58, his best of the year for a second place finish, while Scott Dayton was seventh with a time of 16:26 and Dave Malinowski finished 12th at 16:41.

Other Northville times were Seth Swallow at 17:10 and Jim Williams at 17:33.

Dearborn with a good pack took first place with 70 points, while Farmington finished second with 109 points.

Northville's win over Mott on Thursday gave the Mustangs a 3-0 mark in the Western Six Conference.

Couyoumjian, Dayton and Malinowski finished one, two, three respectively, each posting his season best time at Cass Benton - Northville's home course.

Couyoumjian ran the course in 15:46, Dayton

came in at 15:53 and Malinowski posted a 16:09.

"We can't always count on a one, two, three finish," said coach Ed Gabrys. "But it sure is nice when it happens."

The runners now have week to rest and prepare for the league meet which is scheduled for October 25 at Schoolcraft College.

"We will be training on the hills of Cass Benton this week," Gabrys said. "The league meet will really tell the tale of who will take the championship. Canton is the team to beat. They are the ones we are shooting for."

Mustang netters beaten by Salem

By KEN KOVACS

Coach Uta Filkin predicted it, her players feared it and last week Plymouth Salem did it.

What the powerful Salem netters did was dominate the Northville High School girls tennis team — which has dominated so many squads this season — 6-1 in a turnabout of events.

The Mustang netters won three of four matches last week downing league opponents Waterford Mott, Walled Lake Western and Livonia Churchill, but could not stop the Salem's "super squad."

Debbie Spade was a delightful surprise, beating Sue Dohel 6-1, 6-1 for Northville's only victory against Salem.

"She always says she can win if she gets to play someone who hits hard," Filkin said. "And I guess she is right."

Mustang ace singles player Holly Sixt rallied with Chris Gilles, but still lost out, 1-6, 0-6 to the number one-ranked state player in 14 and under last year.

"She (Holly) wasn't blown off the court by any means," coach Filkin said in defense of her top player. "Holly stayed with her

and the match really was much closer than the score indicates."

The Northville netters still remain unbeaten in the Western Six Conference and are expected to do well in the league meet next Tuesday, October 21.

Friday the racquetballers will travel to Ann Arbor for the all-day regional tournament.

In the 7-0 win over Mott, Northville swept the singles competition, Sixt winning, 6-0, 6-1 over Melissa Bachman, Sheri Robins besting Colleen Boyle, 6-4, 6-3, Marnie Dillow outdistancing Kathy Pitts, 6-3, 6-0 and Spade handling Karen Dabbs, 6-2, 6-1.

The Mustang doubles teams also dominated play, Kim Hubbard and Jennifer Missel beating their opponents, 6-1, 6-0, Jana Holloway and Gail Engelmeyer winning by default (6-0, 6-0), and Lisa Gejoff and Kathy Montgomery triumphing, 6-1, 6-0.

Western's ace singles players Jane Neville handed Sixt another loss, beating the talented Mustang, 2-6, 0-6 for Northville's only loss.

Robins won 6-3, 7-6 in a two-hour match with Holly Spencer, while Dillow triumphed, 6-0, 6-0 and Spade won, 6-2, 6-0.

Girls, 19 and under
Northville 1, Stevenson 1
The Stars, led by Elizabeth Bohan's goal, fought to a 1-1 tie with the 1980 division champ Livonia Stevenson. Martina Millen and Michelle Waldman were cited for their offensive and defensive efforts.

Girls, 16 and under
Northville-23, Livonia-42
Marianne Moylan scored two goals and her sister, Jane, one in a come-from-behind win.

Northville-33, Livonia-24
Tish Johnson, Amy Nieuwkoop and Chrissy Kreutzberg collected a goal apiece to clinch the win for Northville.

Northville-112, Lakes-11
Lisa Cahill scored four times for the winners. Kicking in one goal were April Karl, Holly Hubbard, Kathie McConville, Kelly Coutts, Ann Schwartz, Judy Bustamante, Chris Hanson and Joan Robson.

Boys, 16 and under
Livonia-13, Northville-21
Dirk Nowka collected Northville's lone goal.

Morris led the Chargers past the Express. Don Hubbard anchored the defense which chalked up its third shutout of the season.

Fury 5, Plymouth-31
Two first half goals by Eric Donkers, assisted by Scott Hebda and Chip Huber, gave the Fury a 2-0 lead at the half. Two unassisted goals by Toby Balas and one by Marc Crotteau on a breakaway capped the scoring for Northville. Brant Nicholas in goal and Scott Trepicone at halfback drew coaches' praise for their defensive efforts.

Tornadoes 5, Livonia-101
Goals by Tom Ross, Jerry O'Brien, Scott VanderMolen, Don Graham and Mark Guard led the Tornadoes past Livonia in this well-balanced effort. Jamie Clark, Dave Yezback, Kevin McNeely and Bob Huot were singled out for their efforts. Kris Berlin was cited for his play in goal.

United 7, Livonia-40
Three goals by Chris Hauser and one each by Brent Wasik, Keith Dutkiewicz, Randy Harper and Mark McConville were more than enough as United routed its opponent. McConville's goal was scored on a spectacular "bicycle" kick.

Girls, 14 and under
Northville-26, Lakes-10
Charlie's Angels blanked the Cosmos with goals by Gaynell Wagner, Diane Dragon, Jenny Horst, Sandie Spigarelli and two Sheri Cordero.

Farmington-23, Pink Panthers 2
Kathy Korowin and Colleen Kirman collected goals for the Panthers. Susan VanderBok was credited with an assist.

Continued on 6-D

Members of the 1980 Mustang golf team include Joe Blake, coach (top row, left), Terry McMahon, Steve Handley, Ted Seltz, Mark Goodson, Tom McNamara, Bob Swanson, Gary Wolfe, Mark Denhof, Dave Pohlod and Kip Mack.

Golfers take second

season average of 40.5.

Four of the six all-league golfers were from the Mott.

Goodson posted a 40.8 average, just one-tenth off the average of the final all-league selection.

"Goodson was an unexpected pleasure this season," Blake praised. "He was someone I hadn't counted on. Coming from another school I didn't know what he could do. But he finished with the second best scoring average on

the team."

Blake also praised the steady play of Seltz, lauded McNamara for his great improvement and predicted Pohlod would be a future Northville standout.

"I am happy with the way we played this year. There was a lot of consistent scoring."

"A record of 10-2 overall is very good and an 8-2 league finish also is a good year," he continued. "I would have to say I am pleased with the season and am looking forward to next year. Six of my golfers will be coming back."

Kickers win

Continued from 2-D
scored four goals in the first half and that was that end.

Doug Marshall and Kevin Swayne each scored two for the Mustangs.

"We took our lumps (a loss to Livonia Stevenson and two ties) early in the season," Meteyer said. "But we learned a lot from it."

Marchers invited

Come join the parade. That invitation has been extended to anyone who would like to march in the Northville High School Homecoming Parade this Friday.

Marchers should meet behind the Presbyterian Church at 6:30 p.m.

Cagers plan second half comeback

By KEN KOVACS

The first half of the season is over. And that's just fine with Coach Gene Wagner.

The first-year varsity coach of the Northville High School girls basketball team is looking forward to a much better second half.

The Mustang cagers, now 3-7, 1-2 in league play, lost some very close games because of mistakes. The fact that there are only seven players on the team also may have been a factor.

Despite two more losses last week — to Livonia Franklin, 54-32 and Waterford Mott, 47-44 — the optimistic Wagner is hoping he can solve both problems that plagued his squad the first 10 games.

"The girls have made a lot of progress and now I think we can play with every team in the league except Plymouth Canton," he predicted. "We lost games to Novi, Mott and Howell that we could have won."

"With a little experience under our belt and the addition of a player I am confident we can win some of those close ones the second half."

Wagner and junior varsity coach Fred Holdsworth have agreed to bring up JV center Tracy Wilkerson to help

the varsity.

The 5-foot-10 sophomore, who started practice with the team Friday, likely will be utilized at center, Wagner said.

The Mustang cagers could have used Wilkerson last week when they battled Franklin's 6-foot-3 center and 6-foot forward. The two towering tipsters scored more than half of Franklin's 54 points — the center dropped in 17 while the forward had 12.

The Northville squad pulled down 42 rebounds, evidence that the Mustang cagers were giving their all.

House collected 10 rebounds despite playing with bruised ribs, while guard Marge Mulier and forward Melissa

McDaniel each had seven and Janet Hudolin pulled down six.

A dismal shooting display of 27 percent from the floor and numerous turnovers were costly, however, as the Mustangs were left in the dust.

Jacque Nixon, who consistently has led Northville in scoring, pumped in 18 points. House added seven, McDaniel scored four and Muller had three.

"Our girls really hung in there," coach Wagner praised.

The Mustang cagers are scheduled to take on Walled Lake Western tomorrow (Thursday).

Marrone wins contest

The tie-breaking score in the Detroit-New Orleans game had to be used in determining all three winners in last week's football contest.

Each of the three submitted entries containing three errors.

Even the tie-breaker, however, failed to separate the second and third place winners so both will share second and third place money.

Steve Marrone, 44809 Galway Drive, came away with the first place prize, guessing Detroit to win 22-12. As Lions

fans know, the first-place Motor City team won by a score of 24-13 — so Steve was off by just three points.

Ron Barnum, 515 Reed Street, and Jay Bartling, 15879 Portis, each were seven points off the mark, although by different scores. Barnum figured Detroit to win, 28-10, while Bartling had Detroit on top, 27-17.

Only one other person, Larry Wallace, submitted an entry with three mistakes. But Larry was 17 points off the mark.

FOOTBALL CONTEST

Enter Today! You May Be A Winner!

HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 20. You will notice that each square below is also numbered from 1 to 20 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

(1) After each number on your paper write the name of the sponsor of the corresponding square.

(2) Following the sponsor's name—write the name of the winning team.

(3) In addition you must pick a score on the outcome of the game in square 20. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry). In case of a tie, prize money will be split.

NOTE: Only ONE entry per HOUSEHOLD family per week. Prize money paid only to name on entry. PLEASE do not enter several times using friends' names. Such entries will be disqualified if discovered. Copies of the contest will be posted at the Northville Record office at 104 W. Main and at the Walled Lake News office, 1340 S. Commerce Road each week. Entries should be addressed "Football Contest", Northville Record, 104 W. Main, Northville, MI 48167 and must be postmarked or brought to our office no later than 5 p.m. each Friday. Employees of the Northville Record and the Walled Lake News or sponsoring merchants are not eligible.

Entry forms available without charge in our offices. Winners announced in paper and posted in offices.

Colts remain unbeaten varsity, JVs take wins

Both the varsity and junior varsity Northville-Colts took easy victories last weekend over the Ann Arbor Rams.

The varsity Colts claimed their fourth shutout in six games blanking the Rams 20-0, while the JVs also posted their fourth win, 12-0.

David Denhof scored on a seven-yard run for the varsity Colts for the first

touchdown.

Mark Harbaugh and Doug Hartman accounted for the next two scores with runs of 29 and two yards, respectively.

Scoring on extra point scampers were Scott Lazara and John Klockenga.

Cited for their defensive play were Lee O'Brien, David Iafolla and Phil Pendleton.

The junior varsity Colts

scored first on a pass from halfback John Taschner to Gary Harper from 10 yards out.

The Colts also scored once in the second half on a 43-yard drive capped off by a 10-yard run by Sean McClorey.

Both varsity and JV Colt teams have given up only 18 points this season.

The Colts will not play this weekend.

Bulldog runner

John Coram, a 1978 graduate of Northville High School, is a member of the Ferris State College 1980 men's cross country team. While a Mustang runner, Coram was named to the all-conference team his senior year under coach Ralph Redmond.

Northville picked

Northville High School has been chosen to host two regional sporting events this fall.

The Michigan High School Athletic Association has picked Northville as the site for the Class A cross country regional meet which begins on October 25 and the Class A girls basketball district championships November 20, 21 and 24.

More than 60 schools will be represented at the three-day cross country meet, which will be run at the Schoolcraft College course.

There will be 25 class A boys teams, 25 class A girls teams and 12 class D teams.

The first of five races will start at 10 a.m. on Thursday, October 25.

The top three teams in the Class A girls and boys races will advance to the state finals set for November 1 at Kirsley High School in Flint.

The Class D state finals will be run in Pottsville, Michigan.

Teams expected to participate in the girls basketball districts, which will be played at Northville High School, include Farmington, North Farmington, Our Lady of Mercy (also from Farmington), Livonia Stevenson, Walled Lake Western and Northville.

The first game will be played Thursday, November 20 at 7 p.m. and will be followed by another contest at 8:30 p.m.

The winners will play each other on Friday at 7 p.m. and the two teams which draw byes in the first round will face each other at 8:30 p.m.

Tickets will be priced at \$1.50. No athletic passes will be honored for these events.

Recreation program sign-up dates listed

Organizational meetings for Northville recreation adult basketball will be held tomorrow evening at the community building, 301 West Main.

A men's meeting is scheduled for 7 p.m., while women interested should plan to meet at 7:30 p.m.

Registration fee is \$340 per team. Teams can register through November 26 at the recreation office.

Open basketball — for adults and kids — has been cancelled, due to a lack of participation, until further notice.

An organizational meeting for the recreation ski club is scheduled for 4 p.m. tomorrow at the community building.

Ski club registration will begin Monday, October 27.

Those wishing to register should bring \$20 and a small picture (mug shot).

Registration is open throughout the ski season, Monday-Thursday only.

The first ski trip is tentatively scheduled for November 21.

Registration for co-ed volleyball will begin November 10. Resident teams can sign up November 10-14. Fee is \$100.

Non-resident teams can register the following week, November 17-21. Non-resident fee is \$150.

There are 16 openings for teams — eight for Tuesdays and eight for Wednesdays.

Openings will be filled on a first come, first serve basis.

Junior basketball tryouts will be held Saturday, November 1 at

the community building — third and fourth graders at 9 a.m., fifth and sixth graders at 10 a.m. and seventh, eighth and ninth graders at 11 a.m.

Those youngsters planning to participate in the tryouts must have registered previously.

There are a few openings left. Further information is available by calling 349-0203.

People Serving People

Pastor Thomas Trask

PEOPLE SERVING PEOPLE

God has brought together a team of staff members here at Brightmoor Tabernacle who are dedicated to serving people. We feel strongly that the needs of people can be met through the Lord Jesus Christ. It has been and is God's plan that He works through human channels. Most of the staff members have received their degrees in their field of service; however, more importantly, they have a genuine love for people and this is communicated when they are ministering to them.

Charismatic In Worship

CHARISMATIC IN WORSHIP

We here at Brightmoor Tabernacle believe in Worship which is Holy Spirit centered.

We sing choruses that exalt the Trinity: Father, Son and Holy Spirit. *Psalms 100:2, Psalms 105:2 (Many of them being scripture choruses)*

We lift up the name of Jesus in praise and adoration. *1 Timothy 2:8*

We believe in praying one for another. *James 5:16*

We believe in praying for the sick with the anointing of oil. *James 5:14*

We believe in the praying in an unknown tongue (prayer language). *1 Corinthians 14:2*

We believe in the gifts of the Spirit and that they are to be exercised in the church. *1 Corinthians 12 & 14*

We believe the church today is to be patterned after the early church as described in the books of Acts.

... I will lift up my hands in Thy name. Ps 63:4

"20-20 Groups"

Many members of the Brightmoor Family extend their charismatic fellowship by meeting in homes around the Metropolitan area. We refer to them as "20-20 Fellowship Groups", as illustrated in Acts 20:20. It is a time of fellowship, Bible study, prayer and praise. There is a group meeting in your area. These groups afford an opportunity to fellowship with a smaller segment of the total body of the church.

Music

MUSIC

We believe music was created by God for man to use to serve and worship Him. For that reason we feel opportunity should be given to allow people to use God-given vocal or instrumental talent in the church. Styles vary, but the message is still the same.

MUSICAL OPPORTUNITIES

SONbeams Choir

Children's music program

The SONshine Gang

Children's music program
Grades 5 through 8

The Ambassador Choir

Youth-oriented choir for High School-and-up age young people that sings every Sunday evening.

The Tabernacle Choir

Adult choir that sings every Sunday morning and two to three major musicals during the year.

The Carpenter's Union & Union Band

A selected group of singers and instrumentalists that performs contemporary Christian gospel at their home church and where invited.

The Tabernacle Orchestra

An organization open to qualified members of the church family. The orchestra accompanies the Tabernacle Choir on many Sunday selections and on major musical concerts. Their music is both demanding and exciting.

The Tabernacle Singers

An organization of selected singers who sing at their home church regularly and around the state where invited. Their style is up-to-date, yet easy to listen to.

Brightmoor presents...

Special Guests

Brightmoor believes in bringing some of the Nation's finest speakers and singers to visit and minister to our Metropolitan family. Each one's ministry, though varied, leads to the maturing and development of the person. God in ministering to the church has given us men with different gifts to encourage the church.

FACTS OF INTEREST

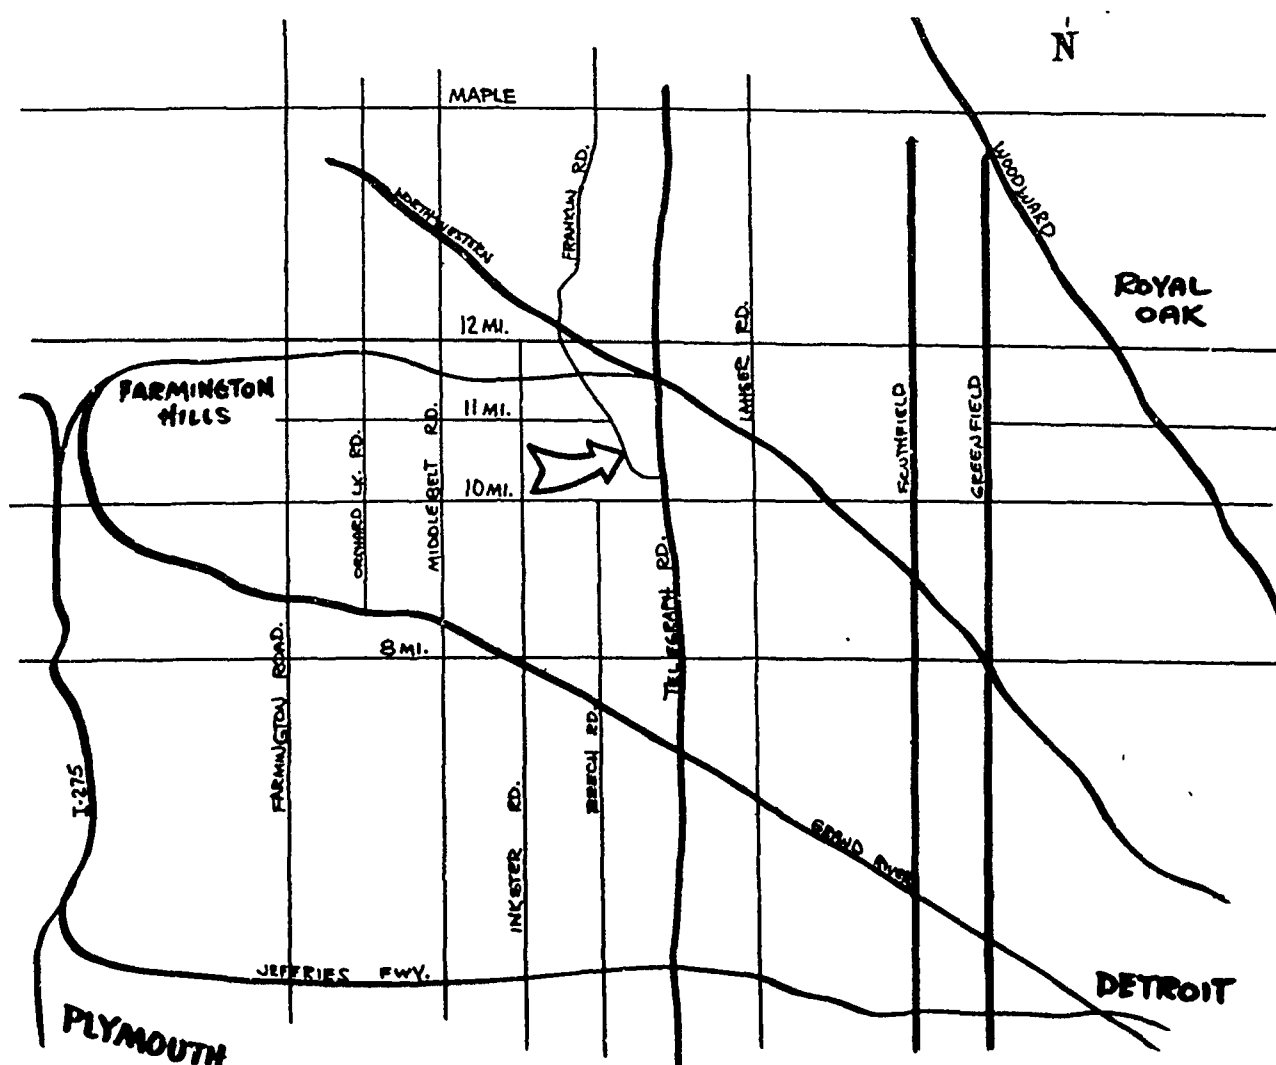

The new facility located at 26555 Franklin Rd., Southfield, is the first of five projected phases and is located on a beautiful twenty-tree acre site, strategically situated within a thirty-six mile radius of southeastern Michigan. The first phase which we are dedicating this week includes a 2,700 seat sanctuary; parking for 685 cars; a banquet hall seating 600; an ultra-modern sound and lighting installation for live television; education and nursery facilities. Also included is an office complex. It is anticipated that construction for Phase II will begin in the Spring of 1981.

Rev. Mario Murillo

MARIO MURILLO

Mario Murillo is one of today's most powerful voices in Evangelism. He has been used of God to found Resurrection City, a rapidly growing Evangelistic outreach to the San Francisco Bay area, as well as to minister powerfully in churches and meetings across the nation. Mario addresses audiences of thousands monthly at a meeting called the Night of Miracles in the Los Angeles area. Hundreds of people have received Jesus and experienced God's healing power through this meeting. God has used Mario throughout the United States to minister Salvation Power to the Lost, Healing Power to the Sick and a Prophetic Word to the Church, challenging every individual to know and serve God with all of their hearts.

Brightmoor is...

learning through God's Word

The objectives of the Christian Education Department are to see that all who enter receive Jesus Christ as Savior and Lord; to help each person know, believe, and obey the Bible as the inspired Word of God; to develop Christ-like character; and to help each person find and fulfill his place of service in the body of Christ.

To attain these goals, Bible-centered classes are offered to all age levels taught by dedicated and qualified individuals. Classes are designed to meet the specific needs of each age group with an emphasis on practical Christian living.

Senior High Girls

Classes for everyone

Brightmoor is... *People Like You*

"PEOPLE LIKE YOU"

Brightmoor Tabernacle feels that the church of tomorrow lies with the youth and young adults of today. With that in mind, it provides a well-rounded ministry that meets the needs of these varied age groups.

The Youth Ministry, under the leadership of Reverend Dan Brown, provides a calendar of events that minister to both the spiritual and social needs of the Junior High, Senior High and College and Career.

The Singles Ministry, under the leadership of Stephen R. Tackitt and Dottie Polich, endeavors to meet the spiritual, emotional and social needs encountered by loss of a mate, the unmarried and the divorced persons.

The Young Marrieds Ministry, under the direction of Reverend Tom Weekley, meets a vital need in teaching practical lessons in Christian family living as well as providing Christian fellowship. Activities are planned regularly with a young married's budget in mind. Christian

Education classes cover such practical matters as husband/-wife relationships, child development and discipline, Christians and their finances, etc. A feeling of friendliness and Christian love is the basis of this practical ministry.

Getting to know the "family"

Brightmoor Tabernacle's involvement with people has been felt around the World with the building of churches in India, South America, Canton Calvary and Coldwater. This is made possible as a result of a loving, concerned congregation.

With recognizing the need to minister to the entire family, the auxiliary departments of the church fulfill the unique needs of a diversified congregation. These auxiliary groups are always desirous of extending a welcome to new members to become a part of their activities.

We Believe...

... the Bible is the inspired and only infallible and authoritative Word of God.

... there is one God, eternally existent in three persons: God the Father, God the Son, and God the Holy Ghost.

... in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death, in His bodily resurrection, in His ascension to the right hand of the Father, in His personal future return to this earth in power and glory to rule a thousand years.

... in the Blessed Hope — the rapture of the Church at Christ's coming.

... the only means of being cleansed from sin is through

repentance and faith in the precious blood of Christ.

... regeneration by the Holy Spirit is absolutely essential for personal salvation.

... the redemptive work of Christ on the cross provides healing of the human body in answer to believing prayer.

... the baptism of the Holy Spirit, according to Acts 2:4, is given to believers who ask for it.

... in the sanctifying power of the Holy Spirit by whose indwelling the Christian is enabled to live a holy life.

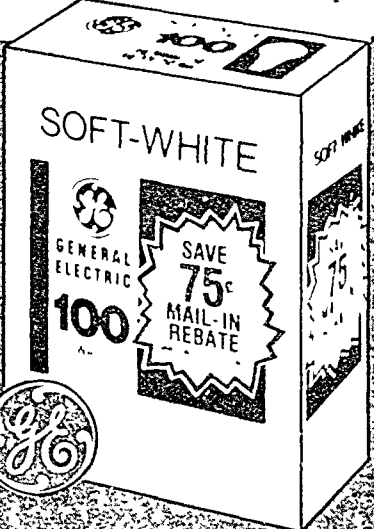

... in the resurrection of both the saved and the lost, the one to everlasting life and the other to everlasting condemnation.
