

Congressional candidates give inflation top priority

EDITOR'S NOTE: The Record is asking candidates for office representing citizens of this area this question — Why should voters of Northville cast their ballot for you?

Here are the statements from the challenger and incumbent for Congress from the Second Congressional District.

KATHLEEN F. O'REILLY

My family goes back four generations in this area, and I know what concerns my neighbors. As former head of the nation's largest consumer group, I also know how Washington works. There is a great deal the representative from this district could be doing about inflation —

the primary concern here — but which the incumbent congressman is not doing. Let's raise our expectations!

High interest rates, which prevent people from buying homes, and soaring gasoline prices, which drain our pocketbooks, are not solving inflation —

Continued on 16-A

CARL PURSELL

I ask the people of Northville to reelect me as their Congressman on an excellent record of effective, bipartisan representation in Washington, and responsive representation at home.

The effectiveness of my representation is best demonstrated by

my appointment, after only two years in Congress, to the powerful House Appropriations Committee — gaining for our district one of the most influential positions in national policy-making.

The major issues we face are inflation, economic recovery, employment, taxes and energy.

Inflation is Public Enemy No. 1 for all Americans, particularly senior citizens. I've been a leading advocate of a balanced federal budget as the vital first step in controlling inflation.

I've sponsored a responsible 30 percent, five-year tax rate reduction

Explore need to expand township hall

An analysis of space and the future needs of the Northville Township hall was presented to the township planning commission and board of trustees last week.

The analysis was done by the township planning consultant firm of Vilican Leman and Associates. The report was received but no action was taken at the meeting.

"We're going to revise the report and analyze what the township hall needs are right now," Claude Coates, a member of the planning firm. "We will resubmit it in a month, certainly within two weeks."

The township hall study was paid in part with \$14,000 of federal funds from a Community Block Grant. The study was a projection of space needs for the township when it reaches its maximum capacity of 42,000 people.

Part of the presentation involved use of land directly southwest of the township offices. Although the land is not owned by the township, Coates said the parcel was included in the presentation because it was "physically adjacent to the township offices."

The approximately 8.4 acres is across Winchester north of Six and owned by the Elro Corporation. It is zoned B-2, general business. The parcel was zoned for office space until a revote was taken last week on the rezoning. The revote was necessary because an error in the publication of the original rezoning was made and because a new trustee had joined the township board after the original rezoning vote in April.

Stan Woodhouse, an associate at Vilican Leman, said the township had several options for expansion. He noted the township could add to its existing administrative building, build something northeast of the current building, or build on the adjacent property (if the township bought it).

The planning consultants said it would be convenient for residents and save parking spaces by locating any expansion to one site. They added that industrial storage could be at another location.

"What about the feasibility of building a five story building at the northeast end similar to the one Livonia has and using this one as a library?" William Zapke, township trustee asked.

The planning consultants said five stories might be "too much" and "inefficient" for the township.

"Five stories might be too much and the parking might not be enough," Woodhouse said.

The township administrative offices were occupied in 1978. Trustees said the township hall was built with federal grant money and 1966 design plans.

"Realistically, any expansion will be done in a series of small steps," said William Bohan, vice chairman of the planning commission. "I have a problem with this study. I see an immediate need for what to do in the meantime (before township reaches capacity). We need to take a look at needs today and in one year."

"First thing to do is to build here or move functions of township hall elsewhere," said Woodhouse.

"You need an assessment of what your real land options are in the township," said William Mosher, township engineer. "See what's available," he told the trustees and commissioners.

"That northeast site would be one of the finest in Wayne County," said Donald Thomson, township supervisor.

"Do we have money for this?" a woman in the audience asked.

"No," answered Thomson. He said residents in the township would vote on the purchase of the land "But people here don't want recreation, etc. They voted a half mill here and there. They got the township hall for free; their attitude is let's wait and see what else we can get free."

"The need clearly exists (for more space)," said Marvin Gans, planning commissioner. "The commission sent things to the board that the board never wanted to investigate further (about township land acquisition). We have to let people know about it (the need and land acquisition plans). If we don't get the land (for expansion) we're back behind the eight ball."

THE DOWNNS will have 81 racing dates this season, same as last year, and Jackson Harness Racing will have 63, bringing the total to 144 again, Mayor Paul Vernon told city council Monday night, commenting that "everyone has been treated fairly" by Jim Higgenbottom, acting racing commissioner, and noting that a new commissioner has been named. He is Frederick S. Van Tiem, 43, a Midland prosecuting attorney.

NORTHVILLE Board of Education will hold its regular meeting at 7:30 p.m. Monday at Amerman Elementary School. The board is expected to approve the 1980-81 fiscal year operating budget. The public is encouraged to attend and copies of the budget will be available.

NORTHVILLE AND PLYMOUTH Jaycees are sponsoring a Haunted House at the old Wayne County training center on Sheldon between 5 and 6 Mile from October 20 through 31. Hours are 7 p.m. until 10 p.m. Sunday through Thursday; 7 p.m. to 11 p.m. Friday and Saturday. The Haunted House has 4,000 square feet of "scary fun" for all ages. Proceeds will go towards community projects.

Of the 40.1813 millage rate established for Northville, 33.18 mills will be used for operating purposes. The remaining seven mills will be used for the debt retirement fund.

This year's budget represents an approximate 50 percent reduction in state aid over 1979-80. Last year's state aid totaled \$907,031.

"We're seeing a shift in our district from state support to local support," said Harold Hines, director of business and finance.

Over the past few years, the Northville school district has experienced an increase in property

Homecoming winners

Northville High School's 1980 Homecoming was a real winner. At left is the winning Senior Class float chosen by Homecoming judges during halftime at Friday's game. The Class of 1981 float, with a "Wizard of Oz" theme, was chosen the winner over

four other entries. At right is Northville High School's new reigning royalty — Homecoming Queen Dianna Overbey and King Dave Harper. For more pictures of the NHS Homecoming — just take a look inside.

Center Street hearing set

Main rezoning approved

A public hearing to rezone commercial lots on North Center from General Commercial District (GCD) to Central Business District (CBD) was set Monday by Northville City Council for 8 p.m. November 3.

The council acted on the recommendation of planning commission to rezone the lots on North Center that now are commercial to the CBD zoning that had the approval of Ronald Nino, planning consultant.

Original consideration to include lots on Wing and Randolph was dropped by planners from the proposal in the face of strong opposition from residents.

Lots 514-520, 527, 546, 547 a-b, 554-568 of plat No. 6 and lots 680-81, 684, 686-87 of plat No. 7 are to be considered for the rezoning at the hearing.

At Monday's meeting a hearing was held to rezone lots 97-106a fronting on the west side of South Main from Beal to the VFW property from General Commercial District (GCD) to Professional Business Office (PBO).

Following the hearing the proposal was approved unanimously. It followed months of study by planners and council.

Before this action was approved the PBO classification was modified to include a broader business base as use for the Victorian homes along Main.

David Burt, a resident of the Bealtown area at 312 South Main, told the council he is not convinced the PBO classification is "worth as much" as GCD but thinks its objective will be to keep the entrance to the city attractive and to protect the homes behind.

He said he has no strong objection to the modified PBO but would "feel more comfortable with CBD."

Councilmember J. Burton DeRusha recalled that in 1974 the thinking of the city had been that the area would be used for race track expansion. At the time it was given the commercial designation.

Since track expansion has not been in that direction and commercial did not develop along South Main because of lack of parking, he said, the new zoning was considered. It requires less parking space for businesses that do not have a great deal of public traffic.

Councilmember Stanley Johnston observed that he felt Burt and other residents would have fewer problems with lighting under the PBO classification than with CBD.

At the meeting council also routinely without opposition passed the new sign ordinance following a public hearing.

It provides that a primary wall sign, presently allowed for the narrowest building face adjacent to the street,

also be allowed for the building face with a customer entrance off a parking lot.

It also provides for a sign on a marquee or canopy to be 50 percent of the area, instead of the present limit of 20 square feet.

\$9.8 million set for schools

A proposed \$9.8 million operating budget for the Northville public schools 1980-81 fiscal year — an estimated 14.8 percent increase over last year's budget, was presented to the board of education at a public hearing Monday night.

Despite the fact that there is still no state aide bill and the district is expecting executive order cutbacks from the governor's office, the budget was presented to the board for review in compliance with the General School Code which requires all schools districts to approve a budget by November 1.

The board is expected to give final budget approval at its October 27 meeting at Amerman Elementary School.

Of the \$9.5 million in revenues within the proposed operating budget, approximately 95 percent is generated from local sources.

Approximately \$8.3 million in local

the corridors and then returning to their apartments. Other residents made definite decisions to remain in their apartments," she said.

During the drill Fire Chief Jim Allen and his staff also expressed concern to residents. With Mrs. Yoakam they contacted many who did not respond, she reported, advising of the seriousness of not doing so.

Spirited crowd

The rumbling heard in Northville High School's gym Friday afternoon was not a physical education class doing calisthenics. The sound was more a battle cry as students, teachers and administrators fired-up for the 1980 NHS Homecoming game against Walled Lake Western. Friday's

pep assembly marked the opening of homecoming festivities. In addition to the traditional naming of the Homecoming Court, students showed their school spirit by joining the NHS marching band in more than one chorus of the fight song. Photo by John Galloway.

1981 Ford *Parcel Delivery Vans*

Delivery by Lila's

"They thought our building was aesthetically appealing," said owner Dan Collins of Ford Motor Company's choice to use the exterior of Lila's for its new brochure describing delivery vans. Lila's, which does custom work in draperies and designs, has done several projects for the Detroit Athletic Club and this led to a connection at Ford Motor, Collins said. The picture was taken of the back of Lila's Interiors building about one month ago and features models - not Northville residents. Collins said Ford Motor made a special logo of Lila's and attached it to the red delivery van for the photograph. The brochures will be distributed worldwide, Collins said.

Homecoming's a winner

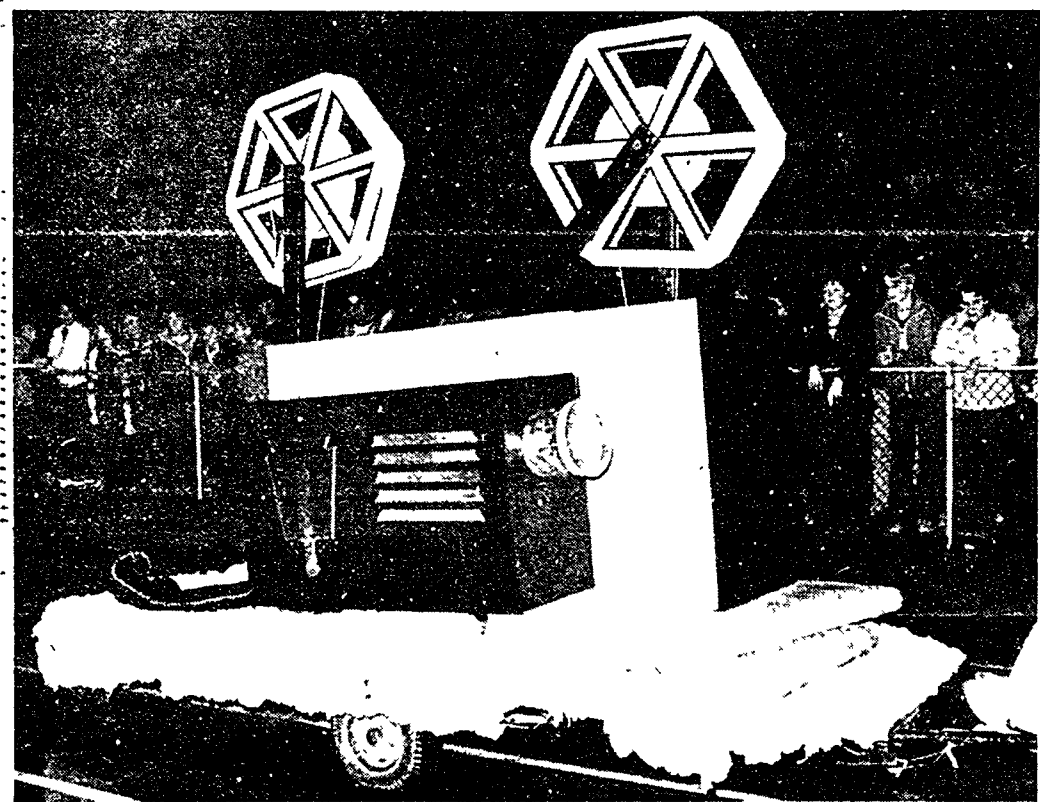

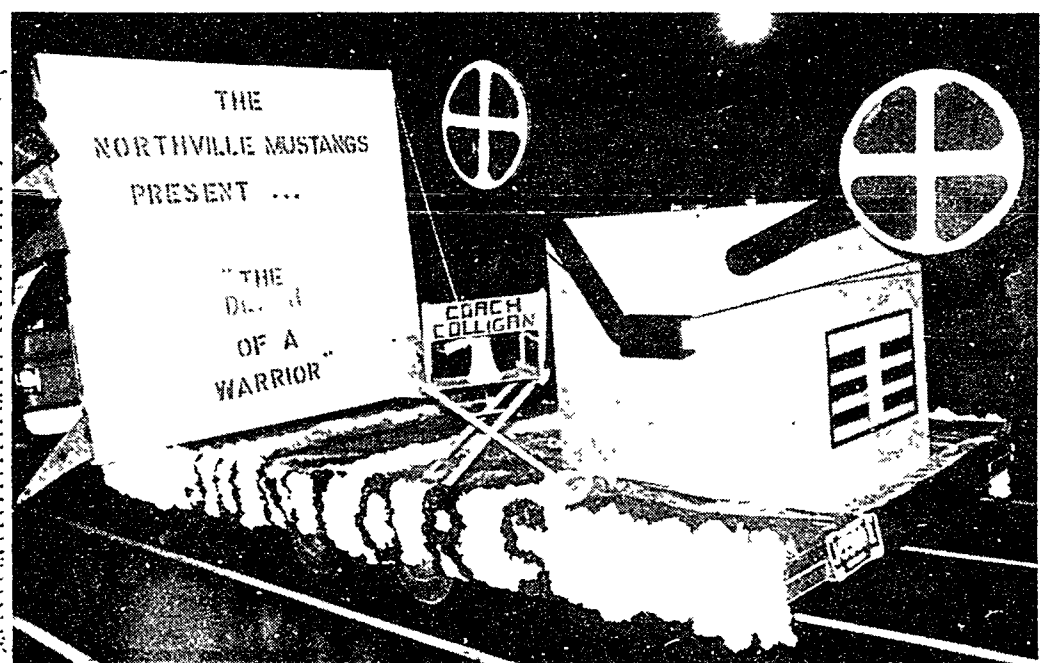

Not even rainshowers could dampen the spirit of Northville High School fans attending the 1980 Homecoming Friday night.

The spirited crowd not only cheered on the Mustangs to a 25-12 victory over Walled Lake Western, but also showed their favorite class support during the 1980 NHS Homecoming float competition, which was centered around "The Movies" theme.

One enthusiastic fan was 7-year-old Jill Bartling, at left, who helped the NHS cheerleaders spark spirit in the crowd. The senior class won the float competition with its "Wizard of Oz" float.

However, judges had a tough time choosing a winner because of the other excellent entries which included, the junior float, middle left, the National Honor Society float, bottom left, and the sophomore "Muppets" float shown below.

Record photos by JANE HALE

MSP trooper honored

Trooper Ivan D. Figgins, formerly of the Michigan State Police Northville post, recently was cited for bravery at a department recognition program held at the training academy in Lansing.

Trooper William D. Gabriel also was cited. Both troopers currently serve at the Detroit freeway post.

George T. Goucher, Jr., of the Battle Creek post was selected as "Trooper of the Year" for 1979.

Five recently promoted officers and six State Police employees with 30 years of service also were recognized.

Gabriel and Figgins

risked their lives in rescuing an unconscious motorist whose car caught fire after colliding with a motorcycle in a Detroit freeway traffic accident in June.

The rescued man was

only slightly injured in the mishap while the officers suffered some burning of hair on arms and head in saving his life.

Goucher was honored for his community services work in the Battle Creek area involving youth and adult groups in programs during his regular working hours and during his off-duty time as well.

Gabriel enlisted in 1977, serving first at Romeo before transfer in 1980 to Detroit freeway post.

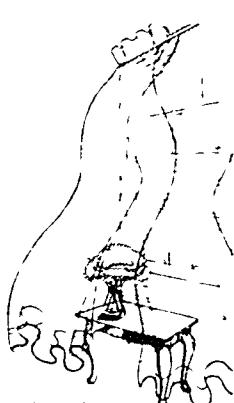

Figgins also enlisted in 1977, serving first at Northville before assignment this year to Detroit freeway post.

GOOD FOR TIME WINE

More Americans are drinking wine nowadays and are paying more attention to the glasses in which it is served. Why not consider a gift of a set of crystal wine glasses? No matter which wines your friends drink, there is a standard glass that would be suitable. Any design is fine as long as it meets the following specifications: 8-10 ounce size, clear glass, tapered bowl and a moderate length stem. These specifications allow for a half filled wine glass to enable the bouquet to escape. The glass is clear to see the clarity of the wine, and a stem is necessary to keep the heat from your hand from heating the wine.

White wines are generally served chilled, red wines at room temperature. You can be sure of satisfying all your wine needs by coming to us at GOOD TIME PARTY STORE, 567 Seven Mile Road, 349-1477. In addition to wines, we carry a fine assortment of party crackers, pretzels and potato chips, including a full line of Charles Chips in regular and large party size. Hot sandwiches, submarines, ham and cheese sandwiches are also available. Open: 9 a.m.-10 p.m. Mon. thru Sat., Noon-6 p.m. Sun.

WINE WISDOM: If there are different size wine glasses, the smaller glass is generally used for white wine.

In township

Explore 'private development'

There aren't any in the township now, but last week private developments were discussed in a planning commission meeting when a proposed subdivision for Six Mile and Beck was rejected. (See Northville Landings story)

Northville Associates, developers of the site, wanted to know how the planning commission thought private developments would affect the township

A private development is a residential area where streets are not dedicated to the public and the residents are charged for maintaining them. Since the streets are not public, residents have the right to restrict access to their streets. Open space in

the development also is owned and maintained by residents, as it is in public developments.

Claude Coates, a township planning consultant, said whether or not to accept a private development "shouldn't be taken lightly. It becomes a maintenance problems for lot owners, school buses won't go on private roads and contracts have to be made by the residents with police for patrols."

Developer Dick Crawford of Impact Marketing said "it doesn't matter to us whether you want a private development or not. As a matter of fact, it's cheaper not to go with a private development. We would appreciate your views on it, however, before we proceed."

A resident near the proposed site asked if the developers would seal off the open land and prohibit area children from playing in the woods.

"Frankly, private developments are a convenience (for working couples) and they have a kind of snob appeal," Crawford said. "It strictly has to do with roads, not open space." Crawford added purchasers would be aware before buying that the lots were private, if it ended up that way.

"Normally open space is owned by lot owners in a subdivision. If the developer wishes to make it public, he has to state such on the plan," said William Mosher, township engineer.

William Bohan, vice chairman of the planning commission, took the item

before a joint meeting of trustees and commissioners last week.

Bohan said commission members "don't feel strongly about it one way or the other yet."

Susan Heintz, trustee, said she wanted to study the item before saying anything. "There are a lot of problems with private roads in Highland Lakes," she noted.

Supervisor Donald Thomson and Trustee William Zapke said they had "no problem" with private developments in the township.

"If you had too many of these in your community, the area would be divided up in separate parts," Coates said.

"But whatever too many is for this township is unknown."

LIT society awarded

The Lawrence Institute of Technology student chapter of the Tau Beta Pi engineering honor society was recently awarded for its superior program of chapter projects and activities

conducted during the 1979-80 academic year.

Michael Bown of 48155 Nine Mile was president of the LIT student chapter during the 1979-80 year and participated in

the group's activities. The students in the society sponsored tutoring services, campus tours, open house activities, and presentations at area high schools.

Seniors ignore fire alarm

Continued from 2-A

Scheduled drills as well as "fire talks" have been held beforehand, Mrs. Yoakam informed the council.

Councilmember Carolann Ayers mentioned that alarms have gone off several times before in the building. There have been false alarms caused by young visitors in the building. It was suggested that residents may have thought this another such alarm.

Mrs. Ayers noted that many residents have hearing problems and may have

to have a special alert. She said many also have difficulty getting downstairs to the lobby and would be doing so with a real effort.

It was decided to send letters to residents stressing the seriousness of the situation.

Councilmember J. Burton DeRusha requested that the letter reflect the real concern of the council in residents' welfare, noting that "it is because we care" that the council is trying to avoid disaster.

• OBITUARIES •

LYLA HUNTER

Service for Lyla Hunter, a former Northville resident who died Monday in LaGrange, Indiana, at the age of 90, will be held at 2:30 p.m. today (Wednesday) at Casterline Funeral Home. Dr. Kent Robert Hunter will officiate.

Burial will be in Rural Hill Cemetery. Mrs. Hunter was the widow of Wilfred James Hunter. She died at Miller's Merry Manor Nursing Home in Indiana after an illness of four years. She was born May 23, 1890, in Illinois.

She leaves a son George T. Hunter of Howe, Indiana, six grandchildren and five great-grandchildren.

EILEEN K. POFF

Funeral service for Eileen K. Poff, 72, was held October 21 at Casterline Funeral Home, the Reverend Guenther Branstner officiating. Burial was at Rural Hill Cemetery.

Mrs. Poff died October 17 at St. Mary Hospital. She was born in Ontonagon, Michigan, April 25, 1908 to Oscar and Ida (Niemi) Aho.

She was a homemaker and came to the Northville community 35 years ago.

She is survived by her husband Rube Poff of Northville and her three children, Jack Edward Rice, Mrs. Joanne Hamsher and Mrs. Jacqueline McAfee.

Other survivors include her sisters Mrs. Hulda LaCourt, Mrs. Ellen Rider, Mrs. Bertha Rantane and Mrs. Ethel Kuster and her two brothers William and Edward Aho.

She is also survived by eight grandchildren and two great-grandchildren.

VERA F. SHERMAN

Funeral service for Vera F. Sherman, 25, was held October 18 at Ware Smith Funeral Home in Midland. Mr. John Hamler officiated. Burial was at Midland Cemetery.

Mrs. Sherman died October 17 at Midland Hospital Center after a lengthy illness. She was born in Wayne County December 26, 1954 to William and Joan (McCoy) Wager.

She is survived by her parents and her husband Jon of Midland. She is also survived by her son Micah.

Other survivors include her five brothers, one sister and her grandmother Mrs. Emily T. McCoy of Redford.

Mrs. Sherman was a member of the Kingdom Hall Jehovah's Witness of Midland

CHARLOTTE STUCKEY

Charlotte Stuckey, 94, of Howe, Indiana, mother of Vincent Stuckey of Northville and sister of Harriet Angell of Northville, died October 16 in LaGrange, Indiana.

Memorial services were held last Wednesday at Redford Baptist Church with Dr. Wesley I. Evans officiating. Arrangements were made by Ross B. Northrop and Son Funeral Home.

Mrs. Stuckey is survived by daughter, Lucille Schuch of LaMesa, California; sons, Vincent, Donald of Howe, Indiana, Stuart of Three Rivers; sister Harriet of Northville; 12 grandchildren and eight great grandchildren.

She was the oldest living member of the Redford Baptist Church. She was a life member of the YWCA, a charter member of the Pallet and Brush Club and a contributor to many charitable

organizations. The family asks that memorials sent to the Detroit Baptist's Children's Home or a favorite charity would be appreciated.

WILLIAM J. VARGO

William John Vargo of 118 Linden died Monday at Metro West Hospital following a heart attack. He was 63.

Funeral service will be at 1 p.m. today (Wednesday) at Casterline Funeral Home with Chaplain Major Gerard Hadad, USAF, officiating. Burial will be in Rural Hill Cemetery.

Mr. Vargo came to the community in 1970. He was a retired U.S. Army Major. He retired in 1959 with service in the European Theater during World War II. He retired in 1975 as personnel director at Detroit House of Correction. He was a member of Northville VFW Post 4012.

He was born May 1, 1917, in Uniontown, Pennsylvania, to Matyas and Elizabeth (Fulop) Vargo. He married his wife Evelyn, who survives, in 1945.

He also leaves six children, Michael of Mound, Minnesota; Anne Mannisto of Northville; Dana Szanti of Dearborn Heights; Mark at home; Elaine Petersen of Northville; and Amy who is studying at the University of Bonn in West Germany. He also leaves a sister Helen Myers of Ensign, Michigan, and two grandchildren.

ROGER WILLIAMS

Roger W. Williams, executive director of the Oregon Newspaper Publishers Association and a former advertising manager for Sliger Home Newspapers, died October 8 of a heart attack.

A native of South Lyon where he became advertising manager of The South Lyon Herald in 1961 when that paper was purchased by William Sliger, 43-year-old Williams had just undergone successfully a second kidney transplant when he was struck by the heart attack at home.

Williams had been executive director of the state newspaper association since 1971. Previously he had been assistant executive vice president of the National Newspaper Association and publisher of Publishers' Auxiliary from 1968 to 1971.

A graduate of Michigan State University, he is survived by his wife, Janet G. Haas Williams, and two children, Michael, a junior at Oregon State University, and Melodee, an OSU freshman; his mother, Gladys Williams of South Lyon; three brothers and two sisters.

News Briefs

TRICK-OR-TREAT hours on Halloween Friday, October 31, were set from 6 to 8 p.m. by Northville City Council.

BOY SCOUT Troop 755 of Northville will be conducting a light bulb fund raising sale from October 20 to November 24. Purpose of this event is to aid the Canoe Replacement Project. The light bulbs will be sold at or below the regular retail price, and members of Troop 755 will be selling door-to-door. Residents who buy lightbulbs will assist in replacing "leaky canoes," said a troop spokesperson.

Wonderful

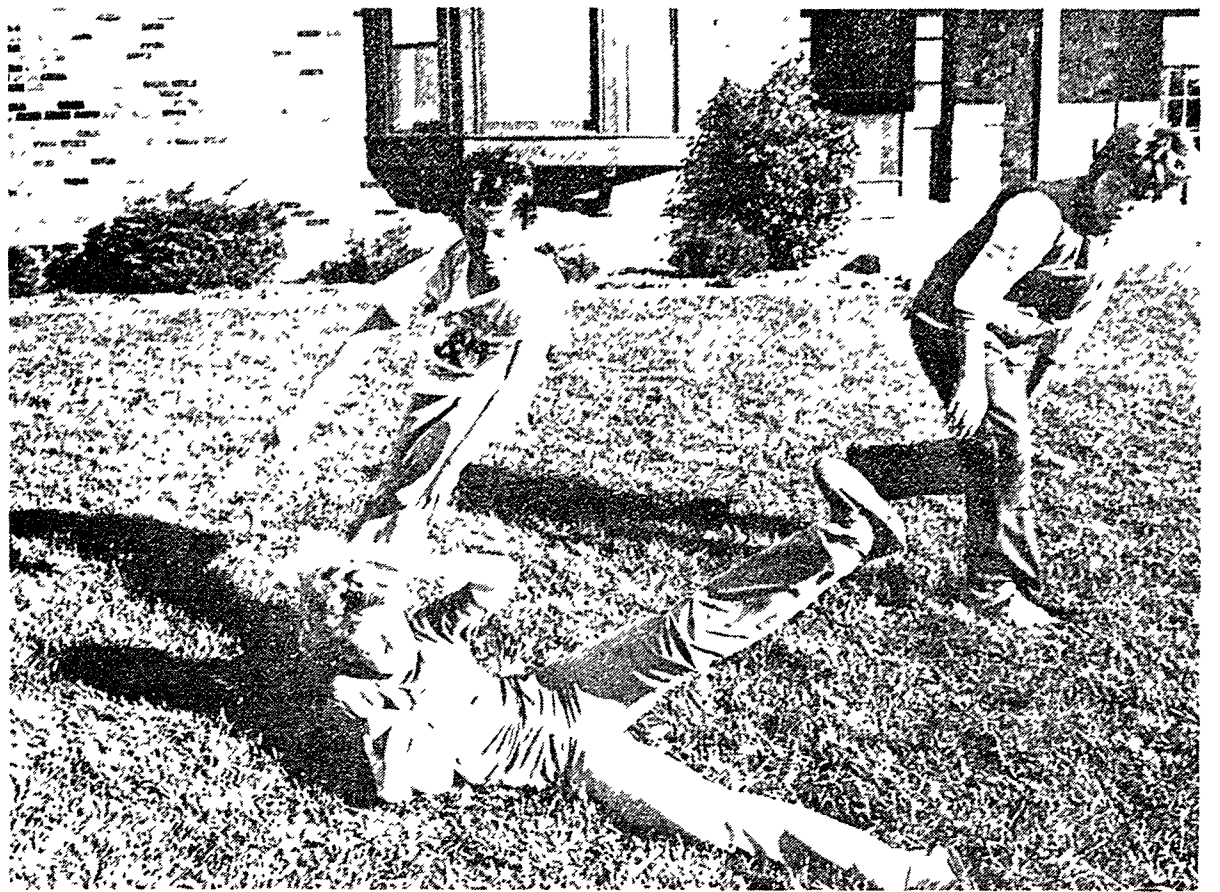

Fall

It was fall at its finest in Northville Saturday. It is no wonder that this time of the year is so many people's favorite season. Looking around, one could find people raking leaves, waxing cars, washing windows, playing touch football on front lawns, carving pumpkins and just enjoying the cool, colorful afternoon. The perfect day for getting ready for the long, cold winter ahead.

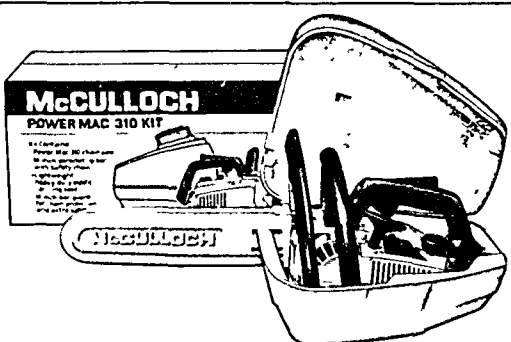

Todd Firek, Tim Roux and Danny Boland were found playing football, Greg Hester was waxing his Stingray, and Luke Stockhausen seemed to be taking a nap in the leaves he had just raked.

Just think — this time next month we may be shoveling snow.

An open and shut case for McCulloch.

Free carrying case.

Sale 169.99
with carrying case. Reg. 204.95.

The Power Mac 310 is the perfect chain saw for trimming trees and other backyard chores. And now, when you buy the Power Mac 310, we'll give you the carrying case free! The Power Mac 310 comes completely assembled with a 14" sprocket tip bar and chain. It's got Solid State Electronic Ignition, a special Anti-Vibration system, and all the safety features you'd expect from McCulloch: Wraparound Chain Brake/Hand Guard, Muffler Shield, Safety Trigger, and more. The Power Mac 310 is a super saw at a super price. We rest our case.

'Miracle Worker'

The Northville High School Drama Club has been busy rehearsing for its fall presentation of "The Miracle Worker" which opens at 8 tonight in the NHS Auditorium. The play will also be shown at 8 p.m. Thursday and Saturday. Tickets are \$3 for adults and \$2.50 for students. Senior citizens will be able to see the play for \$1 Thursday. At right, Tom Crawford as James and Mike Kaley as Captain Keller rehearse a scene before opening night. At the far right, Heidi Schultz as Kate and Leslie Larkins as Viney rehearse with James and Captain Keller.

Housewife sells 'glass plate' for \$10; worth \$1,800

NILES III — The story of a small fortune lost because a housewife had no idea her glass plate was a collector's item recently came to light.

In October, J.R. MacArthur, chairman of the Bradford Exchange, world's largest trading center for collectors' plates, a Mrs. Wise woman wrote I had a Lalique 19th plate which I sold to ... and for \$40 I had not heard of you at that time.

The plate she sold is actually valued at more than \$1,800. Although MacArthur points out that this price is exceptionally high, he said, "I'm afraid others may be losing hundreds or thousands of dollars by not knowing what their plates are worth."

To aid in identifying valuable plates, the exchange issues a report that includes current prices on more than 900 plates, guidelines on what to look for and when to buy, and the plate evaluation checklist used by the exchange.

To obtain a copy with no cost or obligation, just send your name, address, and zip code before Saturday of next week to The Bradford Exchange Dept. #398-43 9301 Milwaukee Avenue Niles IL 60648. A postcard will do.

Shots fired at officer a rare happening here

Police officers always have to be alert that sometime, somewhere, someone may fire a bullet in their direction. It happens every day in Detroit and on numerous occasions in the downriver area.

But in Northville — city or township — it had not happened in more than 15 years.

Until last week. Township Patrolman John Sherman was traveling northbound on Haggerty when he saw a car streak through a red light at the intersection of Five Mile

just ahead of him. "I put on my flashers and began pursuit," Sherman said. "But when I got within 75 yards of the vehicle the car's lights went out and all of a sudden bullets were coming in my direction."

"Four shots were fired, one hitting the upper right-hand corner of the windshield, knocking pieces of glass into the car," he explained. "I ducked under the dash to avoid being hit and lost control of the car."

"I knew that he was trying to hit me," he stated. "He wanted to stop me from chasing him."

The car hit a guard rail and ended up at the bottom of a ravine.

A patrolman for four years, Sherman says the incident does not deter his interest in working in law enforcement.

"I am sure that I will stay in this line of work," he said. "Though it was an awakening experience, I still enjoy my job."

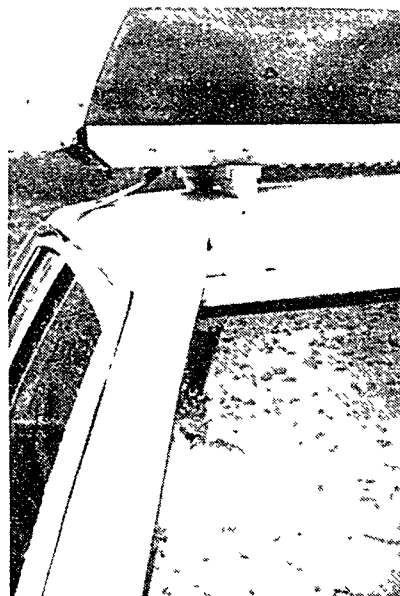

In another community this may not be considered an unusual occurrence. But Ronald Nisun, township police chief, does not remember a city or township officer being shot at in his 14 years on the job.

"I remember one incident of family trouble where a couple of my men were looking down the barrel of a shotgun," the chief recalled. "But, fortunately, no shots were fired."

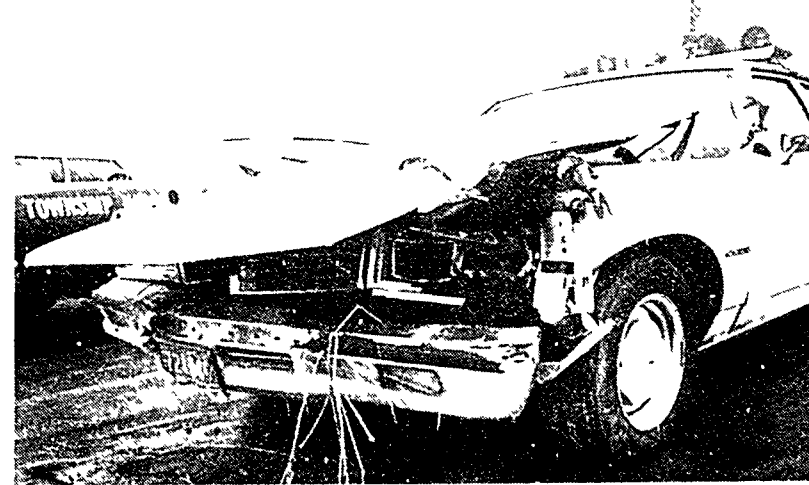

"This is the first time where a bullet was fired that really could have hurt an officer," he said.

Sherman said he did not get close enough to the car to see if there were more than two occupants.

"The shots were fired from the passenger side of the vehicle," he recalled. "So there were at least two."

One bullet hit the right side of the windshield

Township Patrolman John Sherman escaped serious injury although his car didn't

Election day drawing near

Debate runs hot and heavy over Tisch tax proposal

As election day draws nearer, the controversy over Proposal D (the Tisch amendment) continues to swell as opponents and proponents vie for voter approval on the November 4 ballot in an attempt to maintain or increase the level of property taxes and the degree of voter control over these in the state of Michigan.

—Roll back assessments for the 1981 tax year to the December 31, 1977 level.

—Reduce the constitutional ceiling on assessments from 50 percent to 25 percent of true cash value.

—Remove the present uniformity requirement and permit classes of property to be assessed at different percentages.

—Limit annual increases in assessed value to two percent for residential and agricultural property and to the U.S. consumer index increase for all other classes.

—Provide additional tax relief to low income and elderly homeowners and renters.

—Prohibit any new tax on principal homesteads.

—Remove the express authorization for the state legislature to levy specific taxes in lieu of the general ad valorem property tax.

—Delete the present constitutional provisions that authorize the legislature to exempt property from property tax while, at the same time, requiring the exemption of certain

kinds of personal property.

—Require that the imposition of a new state tax or any increase in the rate or base of existing state taxes be approved by 60 percent of the voters.

—Define "tax" to include fees, levies, user charges, and any money collected by the state or any local unit to pay for a service or product.

—Require the state to reimburse local units for much of the loss of property tax revenues.

Currently, taxes are levied on 50 percent of the assessed value of the property. If the Tisch amendment succeeds, this amount would be cut in half again so that taxes would be levied on only 25 percent of the SEV. In an attempt to replace revenue lost at the local level for public services, the Tisch amendment contains a provision requiring the state to fund these from taxes collected at the state level.

Tisch supporters claim that the tax cut would eliminate unnecessary governmental spending without harming the quality of life in the state, increase income flow and job opportunities in the private sector and would boost Michigan's flagging economy as a whole.

Opponents of Proposal D warn that the state will lose over \$2 billion in property tax revenues resulting in drastic cuts in most areas of education and in human service programs across the state.

Should Tisch pass in November, Gerald Miller, state budget director, outlined some of the recommended cuts. They include:

—elimination of state aid to 12 of the state's 15 colleges and universities. Aid to the three largest—the University of Michigan, Michigan State University and Wayne State University—would be cut 50 percent.

—a 75 percent reduction in uniformed State Police and reduction in hours for about half of the 64 posts.

—closure of most of the 84 state parks in Michigan.

—cancellation of all new construction and only minimal provisions for upkeep of existing buildings.

—reductions in benefit levels for those receiving public assistance.

—elimination of the state's meat inspection program.

Vehemently opposed to the Tisch amendment is Zoltan Ferency, the East Lansing attorney whose attempt, with Judge James Giddings of the Ingham County Circuit Court, to keep Tisch off the ballot this November was overruled in the Michigan Supreme Court September 12.

Despite the legal defeats, Ferency, who ran for the governor's seat in the 1970s and who is now an associate professor at Michigan State University, continues to fight the tax cut.

"I don't believe that it's (the tax cut) constitutional," said Ferency. "Most

importantly, the amendment itself and the publication of it does not properly advise the voters of its full implications.

"It would tear the heart out of the constitution taking the power away from the government to tax and putting it in the hands of the people. Now this has not been done anywhere in the western world. It has not been done in any democracy yet."

Ferency stresses that it would be dangerous to ask voters to decide if human services, educational and other state services are needed or not. "The immediate effect of the Tisch proposal would be the failure of the state legislature to have approximately \$2 billion in the general fund," said Ferency.

"The Tisch proposal takes this away each year and doesn't say where the money for essential programs is to be found. When I asked him (Tisch) where the money is to be found, he said 'It isn't any of your damn business and that's for the state to figure out' and that's a direct quote—you can quote me."

Ferency also insists that the passage of the Tisch Amendment would create an unworkable system. "Take the University of Michigan for example," said Ferency. "The U of M is a political subdivision of the state, therefore it couldn't raise the price on football tickets without a vote of the people."

The reason for this, explained

Ferency, is that the amendment defines a tax as any fee charged by the government, and since taxes or 'fees' cannot be raised without a vote of the people, even football ticket price hikes would need approval of 60 percent of the voters.

Backing the Tisch tax cut is the Michigan Association of Realtors (MAR), which has launched a major campaign to push the proposal through. John Galles, spokesman for the MAR, pointed out that "the association's board of directors voted unanimously at the July meeting to back Tisch—I suppose from frustration that property taxes have gone too high in Michigan and because they feel that things have gone too far. They wanted a tax cut, not a tax shift, and the only one that does that is the Tisch amendment."

Asked how he thought local programs could be funded by the state if Tisch passes, Galles said, "The only person that can answer that is Mr. Tisch himself, but priorities (for programs) will be set when the Tisch amendment passes. There's a lot of speculation now about what will happen if it does pass, but it's only speculation. If Proposal A and D pass, or if all the tax proposals pass, that should be interesting."

Proposal A, the Smith-Bullard plan, would shift the burden of taxes from agricultural and property owners for local school operating costs and reduce property taxes overall. However, the state would have to enact new taxes to pay for school system costs.

Proposal C, Governor William

Milliken's plan, would exempt the first \$7,100 of a home's value from property taxes and increase the sales tax from four to 5.5 percent to make up for lost revenue.

"If both C and D pass then the state will be levying a higher sales tax in addition to property tax until 1981," Galles said. "Maybe this would build up a reserve for programs—it could be like a double dip. It's just impossible to say what will happen because nobody knows for sure."

"But there's a provision in the Tisch Amendment that says that two thirds of the legislature can pass interim taxes if they are needed before 1982 and they don't have to have 60 percent of the voters approve this."

"Frankly, a lot of people have been waiving this 60 percent thing against the Tisch tax cut too and I don't think they realize that up until 1963, the state had to get 60 percent of the vote before taxes could be raised anyway—they lived with it that long."

Sitting on no particular side of the Tisch fence is the Citizens' Research Council of Michigan (CRCM), a non-partisan, neutral organization which has just released a report on the intents of all the three tax proposals and their possible effects should any one pass.

A CRCM spokesperson pointed out that although the Tisch proposal would cut the SEV by 50 percent, actually, taxes would be cut another 10 percent because property value assessments would be based on 1978 values

Legal drinking age back on ballot

After voting two years ago to raise the legal drinking age to 21, Michigan voters will be confronted with another proposal on the November 4 ballot which would lower the drinking age to 19.

Proposal B, if approved, would amend the state constitution by setting 19 as the minimum age at which residents can legally purchase and consume alcoholic beverages.

The question regarding the legal drinking age appears on the ballot through the efforts of State Representative Richard Fitzpatrick (D-Battle Creek) who led a petition drive to put it on the 1980 ballot after a referendum to raise the drinking age to 21 in the 1978 election passed by 400,000 out of three million votes cast.

The legal drinking age in Michigan had been 18 since 1972 when the Legislature voted to reduce it from 21.

Although Fitzpatrick's petition drive was never submitted, the Legislature voted in July to place the question on the ballot on its own initiative.

The basic issues involved in the "drinking age" question remain unchanged from the 1978 election.

Proponents of Proposal B argue that the drinking age of 21 discriminates against 18-20 year old who have reached the age of majority and have full legal authority to vote, enter into legal contracts and serve in the armed forces.

Opponents of Proposal B argue that raising the drinking age from 18 to 21 in 1978 has helped reduce traffic deaths and injuries throughout the state by keeping liquor out of the hands of young drivers.

The proposal to lower the drinking age to 19, instead of 18, represents something of a concession to advocates of keeping the legal drinking age at 21.

Opponents of Proposal B have argued that a legal drinking age of 18 increases the possibility that alcoholic beverages

will fall into the hands of 15, 16 and 17 year olds. The argument is based on the premise that 18 year olds are still in high school and can use their legal status to purchase alcoholic beverages for younger classmates.

A drinking age of 19 is an answer to that criticism, according to proponents of Proposal B. By fixing the drinking age at 19, they reason, high school seniors will be effectively prohibited from purchasing alcohol for younger classmates.

Proponents of Proposal B also argue that the 21 year old drinking age is largely unenforceable. They point to court decisions which prohibit drinking establishments from barring 18-20 year olds from the premises as one of the practical problems associated with attempting to enforce a 21-year old minimum drinking age.

According to Fitzpatrick, the question is not whether 19-20 year olds are going to drink, the question is whether they'll be permitted to do it legally.

Ironically, both proponents and opponents of Proposal B cite a report by the Michigan Substance Abuse Services Office as an argument for their respective positions. The report states that one of every five persons enrolled in state alcohol abuse programs is under 20 despite the 21 year old drinking age.

Passage of Proposal B, according to its supporters, would permit police and social workers to direct their efforts at assisting young people who have problems with alcohol.

Opponents of lowering the drinking age, on the other hand, argue that reduction of the drinking age will only add to problems associated with alcohol abuse among teenagers.

Proposal B is backed by bar owners

and others involved in the sale of alcoholic beverages who would stand to benefit by a reduction of the drinking age. The proposal also has been supported by such diverse groups as the Michigan Federation of Teachers and both the Republican and Democratic

state organizations.

Opposition to Proposal B has been expressed by the Michigan Council of Churches, the Michigan Catholic Conference, the National Council on Alcoholism and the Women's Christian Temperance Union.

ROBBIE CLARKE

Clark's featured in program

A former Northville resident is among those invited to participate this Saturday in a multimedia presentation that features poetry, music and art.

Poet and satirist Robbie Clarke, who uses the name Raghudas as a poet, will be among several distinguished local artists participating in the "Romantic Futurists Night" beginning at 8 p.m. under sponsorship of Mayflower and I-Browse Bookstores.

Raghudas, now a resident of Birmingham, will read from his two forthcoming books, "God and Other Cliches" and "The Joy of Weird," each to be published in 1981.

An instructor of Yoga and "universal person," he writes spiritual and romantic poetry designed to uplift and, he says, "give insight into the soul."

In addition, Raghudas writes in the style of the High Romantics, and particularly enjoys the works of Shelley. He also advises that he does original creations on commission, as well as giving performances at gatherings and celebrations, and may be contacted at 644-4946.

Proposal G addresses legislative immunities

By MARK FABIAN

Michigan legislators are exempt from certain state traffic laws and can smoke marijuana in Ann Arbor without paying the \$5 dollar fine, says a state senator backing a ballot proposal to restrict such legislative immunities.

State Senator William Faust, D-Westland, the chief sponsor of the Senate resolution placing Proposal G on the November 4 ballot, says such privileges for state lawmakers have come about unwittingly because of the recent decriminalization of some offenses and too broad a wording in the state Constitution providing legislators with protection from civil suits.

Proposal G, which has taken a back seat to the controversial tax and drinking age proposals as far as publicity goes, would permit the state legislature

to modify the state statute implementing the constitutional provision protecting senators and representatives from civil arrest and civil process.

Opponents argue, however, that the legislators should not be deciding their own exemptions from civil prosecution. "That's a strange way to do business," says State Senator Jack Faxon, D-Detroit. "That's letting the fox decide how to guard the chicken coop."

Faxon, one of just two state senators voting against placing the proposal on the ballot, said he thinks the courts should first provide some direction on legislative immunities before the legislature acts. He also voted against the proposal, he said, because he feels it clutters the ballot with a question the

Holloway rebuilds bakery

Richard Holloway, a Northville resident for 16 years, is spending about \$30,000 to renovate the inside of the burned out former Foltyn Bakery on Main downtown.

Holloway, who is leasing the building from owner Jim Spagnoli on an "indefinite" lease, said the interior was rebuilt from the walls in. He said the 1,400 square feet inside will be "like a brand new building."

Holloway wanted to open next week, but he thinks it will be closer to two to get everything done. "Nothing was saved from the fire," he said. "I'm bringing in all my equipment, tables, etc."

"I'm going to be here for the rest of my life," declared the baker, explaining the indefinite lease. "Jack Scribens, the contractor, has built new walls, replastered, rewired and replumbed the building. He is a perfectionist — and that's good for me

and my bakery."

Holloway is no newcomer to the pastry business. He worked for the downtown Northville bakery when it was owned by Al and Betty Leone and for the past two years has owned a bakery on Lilley in Canton Township. Of this new venture, he says the bakery will offer danish, fancy cakes, pastries, doughnuts or "you name it, we'll try to bake it."

"I always wanted to be in Northville," Holloway said. "This just came at the right time since my lease was up in Canton. It's a lot of work, but I think it's worth it."

Once ready for business, the bakery will be open 7 a.m. to 6 p.m. Monday through Thursdays, and Saturdays, from 7 a.m. to later Fridays, and early Sunday mornings to about 2 p.m.

Foltyn given two years' probation for arson

The penalty for arson: Two years probation and \$330 in court costs.

That is what Bertha Foltyn, who September 11 was convicted of arson of her Northville bakery, must pay.

Wayne County Circuit Court Judge Thomas Brennan, who could have sentenced her to up to 10 years in prison, handed down his decision October 9.

But the longtime baker, who operated her business at 123 East Main in downtown Northville, must pay a much higher price.

Because of the conviction the ailing Foltyn — who suffers from a rare

disease known as acromegaly — will not be able to collect some \$90,000 in insurance monies.

Without that money it is doubtful that she will be able to purchase and run a bakery in the area again, sources say.

A few weeks prior to the March 22 blaze which destroyed the contents of the bakery, Foltyn told The Record she was searching for another place to locate her business.

She said she had received threatening phone calls and was afraid for her life.

A number of persons had offered to

With income tax

Proposal E would finance state prison construction

Tax cuts and tax shifts hog most of the limelight for the state proposals on the November 4 ballot, but one issue—Proposal E on your scorecard—is actually asking for a tax increase.

The proposal seeks to increase the state income tax by .1 of a percent for five years to raise money to build and improve the Michigan prison system.

Specifically, the increase is expected to raise about \$360 million which would:

- construct four new regional prisons;
- demolish the Michigan Reformatory in Ionia by 1990;
- fund preventive programs;

—and finance other state and local correctional purposes.

Although limiting government spending is in vogue these days, the proposal has varied support—including tax cutter Robert Tisch and Governor William Milliken—and is given a chance of passing.

The support appears to have a double-based foundation.

First of all, Michigan residents have traditionally supported law-and-order issues and tend to back prison proposals as long as the jails are not planned for their backyard.

Additional prison space is seen as the

logical effect of recent legislative, judicial and voter trends that have caused the prison population in Michigan to double in the last decade.

Secondly, many of the proposed changes in the prison systems are likely whether or not Proposal E passes with the money coming from the general fund.

Michigan prisons were 10 percent over capacity as of August 1 and have been as much as 15 percent over capacity within the last three years. Changes must be made as was evidenced by a recent circuit court ruling that agreed with a lawsuit that

argued that prisons were overcrowded.

Finally, there are even a number of people who support the issue because they oppose what are seen as inhumane conditions for many of the state's prisoners.

Two prisons, the Ionia prison which opened in 1877 and the Marquette Branch Prison which opened in 1889, need to be replaced because of their age. The State Prison of Southern Michigan at Jackson, the largest walled-prison in the world, contains 5,484 prisoners which is considered too large by modern prison management techniques, according to the Citizens

Research Council of Michigan.

Thus, Proposal E seems to offer something for everyone. More prison space for those who want to see prisoners incarcerated; better facilities and work- and community-release programs for reformers.

However, some opponents to the proposal are not appeased by the reforms. They object strenuously to building additional prison space because, they argue, prisons don't work for most convicted persons. And, they argue, building more prison space will only encourage judges to send more people to prison.

The increase in the state's prison population, which went from below 8,000 in 1973 to more than 15,000 this year, is attributed to four major reasons:

- mandatory two-year sentences for people convicted of committing a felony while in possession of a firearm;
- Proposal B (passed by voters in 1978) which eliminated sentence reductions for good behavior;
- an increase in average prison sentences from 22 months to 32 months over the past decade; and
- a doubling in the number of persons sentenced to prison in the past 10 years.

Proposal H restricts lieutenant governor's authority

Restricting the authority of the lieutenant governor and providing a mechanism to fill a vacancy in that office are the aims of proposal H on the November 4 ballot.

Should the proposal pass, the lieutenant governor would no longer serve as the president of the senate with the ability to break a tie vote and the gover-

nor could appoint the lieutenant governor subject to approval by both houses of the legislature.

The proposal would also permit an incumbent legislator to be appointed as lieutenant governor, something not permitted under existing law.

Backers say one of the reasons the proposal is needed is to prevent the governor from being held captive in the state when a vacancy exists in the lieutenant governor's office.

State Senator William Faust, D-Westland, said there is no one to officially act as the state's executive when the governor leaves under those circumstances.

Faust, chief sponsor of the senate resolution that put the proposal on the ballot, pointed to an instance when then-Lieutenant Governor William Milliken succeeded to the governor's office after Governor George Romney resigned. Since the lieutenant governor's office was vacant, Faust said, Milliken was forced to stay in the state during the racial strife at the time because he was the only one who could declare a state of emergency.

"The governor literally can't leave and that's not in the best interest of the state," Faust said.

The proposal also aims to eliminate what Faust says is a conflict with the state Constitution created by the lieutenant governor breaking a tie vote. The Constitution, he says, provides that before a bill can become law it must be passed by a majority of the legislators elected and serving.

"He's not elected and he's not serving," Faust said of the lieutenant governor. "That is a clear violation of

separation of powers. Here we have the executive deciding what the legislature is able to do."

Opponents contend, however, that a mechanism for filling the lieutenant governor's responsibilities already exists and also argue that an impartial person like the lieutenant governor is needed to break tie votes in the senate.

State Senator Phil Arthurs, R-

Muskegon, said he sees the danger of a concentration of power in the hands of the majority leader if the lieutenant governor's post is eliminated.

The majority leader could be in a position to appoint the presiding officer, he said, thus losing the impartiality he says is needed to break tie votes.

Arthurs also says the Secretary of State already has the authority to assume the governor's chair in cases of

emergency and that several others are already designated as next in line.

State Senator Harry DeMaso, R-Battle Creek, says he, too, is worried about a concentration of power, but he also feels the legislature should not have the right to approve the governor's appointment to the lieutenant governor's post. The governor, he says, should be allowed to appoint members of the executive branch without in-

terference from the legislature. With the recent difficulties surrounding the legislature's rejection of an appointment to the insurance commissioner's post, DeMaso says he doesn't think it's even practical to let the legislature have the right to have a say in such an appointment.

"I've come to the conclusion in this senate that even Jesus Christ couldn't be confirmed," he said.

nor could appoint the lieutenant governor subject to approval by both houses of the legislature.

The proposal would also permit an incumbent legislator to be appointed as lieutenant governor, something not permitted under existing law.

Backers say one of the reasons the proposal is needed is to prevent the governor from being held captive in the state when a vacancy exists in the lieutenant governor's office.

Legislative immunities examined in proposal

Continued from 7-A

House and Senate already have authority to decide on their own.

Attention was drawn to the enlarged protection enjoyed by lawmakers after some of the state's traffic laws were changed last year from criminal violations to civil infractions in order to free up district court dockets and make it easier for citizens to take care of their tickets.

Unforeseen, says Faust, was the possibility that legislators could invoke their civil immunity for those offenses as well as others that have been decriminalized such as Ann Arbor's decriminalization of possession of small amounts of marijuana.

"Certainly a legislator shouldn't be exempt from (those) laws, at least in my mind," Faust said.

State police have reported instances of legislators invoking their civil immunity for some civil traffic offenses, Faust said, but he added that it doesn't stop there. He cites the case of one legislator, whom he did not wish to identify, who had about \$2,000 worth of remodeling done on his kitchen, refused to pay the bill and invoked his immunity when the contractor sued to collect.

"He claims immunity every time his case comes up," Faust said.

The constitutional immunity was originally intended to protect legislators from being sued for remarks they made on the House and Senate floors to insure the most complete discussion possible and to prevent

frivolous lawsuits designed to keep a lawmaker from voting.

In the old horse-and-buggy days, Faust said, someone could start a frivolous lawsuit against a legislator and force the legislator to stay home and defend himself instead of travelling to the capitol to vote on an important issue.

Although Proposal G only gives the legislature permission to modify the law and doesn't mandate any changes, Faust said lawmakers intend to ask the bar association and a commission on the courts to submit a "model proposal" that would restrict the immunities senators and representatives now enjoy to what the Constitution originally intended.

Although Faust maintains a ballot proposal is necessary because the Constitution is being affected, Faxon attributes the proposal to "some anti-legislature sentiment my colleagues feel they have to respond to prior to the fact."

Faxon said no one can argue that legislators should be able to break the law, but he said the alleged abuses are "more fictional than actual."

"Just because someone used it (civil immunity) as a defense doesn't mean it worked," he said. "We didn't hear of any cases where it was upheld."

Faxon said he would have been more comfortable with the proposal had the legislators been responding to a court decision rather than deciding their immunities on their own.

Okay loan to continue recreation

Northville City Council approved a loan of \$5,000 Monday to the Northville Community Recreation Commission as Director Ed Kricitz reported \$10,000 is needed to continue operation of the Community Center building until January, 1981.

Approval was contingent upon the township's also loaning a matching sum and upon the city's loan being repaid by February 28, 1981.

Kricitz and William Bingley, Northville Recreation Commission chairperson who wrote council seeking the aid, said renovation costs have caused the cash flow problem as rentals and fees have not kept up with expenses. Kricitz said rental rates have been raised this month.

He added that the commission intends to be able to repay the \$10,000 in late January when registration fees are collected.

"Without this loan, we will have to cease operations before the end of 1980," the commission wrote city council and Northville township trustees.

"We've been there a year, and we've learned a lot," Kricitz told council. He added that janitor service now is being cut to part-time.

"We knew it would take time to get on our feet," he said. City Manager Steven Walters cited the amount of repair and renovation that had been necessary.

"As a council member," stated Stanley Johnston, "I'm happy to see the public use of the building."

At the meeting council also considered and said it had no problem with a proposed fee schedule for updating of the master plan by graduate students in Urban Planning at the University of Michigan. Tim Lambert, who attended the meeting with four other students, asked for initial payment to be \$700, noting that \$100 in expenses already had been spent. Total fee is to be \$4,000 with the project to be completed next spring. Twelve graduate students

Recreation department seeks loan

Continued from 9-A

will be working on the plan

Low base bid of Peter A. Basile and Son of Livonia for \$15,150 for paving and sidewalk work and to install a barrier free ramp at city hall entrance was

accepted unanimously. Bid of B and J Removal for a used 25-yard rubbish truck for \$3,000 was accepted. It was the sole bid received in two times bids have been sought. Council moved to reject all five bids for renovation of toilet room

facilities to meet barrier free requirements at city hall at the suggestion of the City Manager Steven Walters who said they were far above expectations with all ranging upward of \$10,000. He said requirements would be

rewritten and rebids taken, possibly in spring. Council unanimously voted to increase the city manager's salary four percent, the same percentage hike given the police chief and DPW head at the last meeting. Mayor Paul Vernon told Walters, "The city recognizes and appreciates the contribution you make

but this is all the funds we have in our tight budget." The raise brings Walters' salary to \$36,870. A resolution was approved for an 8.5 percent loan with National Bank of Detroit to purchase the American LaFrance fire truck on order. Price is \$169,577 with the loan to be repaid by October 1, 1985. By unanimous vote, it

was decided to join the Michigan Municipal League Compensation Self-Insurer's Fund which has about 140 communities participating. The non-profit fund eliminates commissions to local agents and promises substantial savings in service fees and administration, council was told.

GENERAL ELECTION

To the Qualified Electors of the Township of Northville, County of Wayne, State of Michigan:

NOTICE IS HEREBY GIVEN, That a General Election will be held in the Township of Northville in the County of Wayne, State of Michigan on **TUESDAY, NOVEMBER 4, 1980**

from 7:00 am in the forenoon until 8:00 p.m. in the afternoon at which time candidates for the following offices and proposals will be voted upon in Wayne County.

Hospital clothing sought

An appeal is made for men's washable pants in all sizes and for men's winter jackets in good condition for patients at Northville Regional Psychiatric Hospital.

Donations may be left at the switchboard at the hospital on West Seven Mile. Those desiring a tax deduction receipt should leave name and address with the donation.

NORTHVILLE CITY COUNCIL MINUTES SPECIAL MEETING September 15, 1980

Mayor Pro-tem Johnston called the meeting to order at 8:00 p.m.

ROLL CALL Present Johnston, Ayers, DeRusha, Gardner Absent Vernon, Exc

1980-81 BUDGET The City Manager mentioned the 1979-80 figures could change up or down depending on the auditors. He felt there should not be any surprises. He mentioned the need to adjust \$8,700 for last year and the current year as it should come out of audit at \$14,000, it would not be called a deficit, just a trade-off.

1980-81 Revenue Revisions. Present 1980-81 General Fund, \$2,107,832; State-shared revenues—1st Quarter Sales, Income tax, minus \$1,200, Sales tax, minus \$9,800. Parking fines (project 1979-80), plus \$1,500, District Court revenue (project 1979-80), plus \$5,000, Cemetery Sales (rate Revision), plus \$2,000, Bldg Rentals (engineer in Scout Bldg.), plus \$6,700, Kerr house rental (day nursery), plus \$800, Revised 1980-81 Revenues, \$2,112,632.

Present 1980-81 Expenditures, \$2,118,932; 1979-80 deficit, \$47,522, total \$2,166,454, Revised 1980-81 Revenues, \$2,112,632, Expenditure reductions required, \$53,822.

1980-81 Expenditure Revisions: Present 1980-81 General Fund, \$2,118,932, Police cars budget for July but paid in June, 1980, minus \$14,000, Police capital outlay and operating, minus \$2,000, Fire Dept capital outlay, minus \$2,000, Reductions in conferences & meetings, minus \$1,300, New tree plantings, minus \$2,500; Join MML workcomp pool Jan 1981, minus

\$2,000, Reductions in central supply, minus \$1,000, Terminate coffee service, minus \$1,500, total \$23,300. Balance of adjustments needed, \$27,522.

Conference & meetings: City Council, Present - \$1,500, Reduction - \$500, City Manager, Present - \$500, Reduction - \$200, City Attorney, Present - \$800, Reduction - \$600 Total reduction - \$1,300.

"Cancel City Attorney's New York conference

"Do not participate in Mayor Exchange Day

The City Manager came up with the adjustments as shown. He took the State Revenue Sharing out and will try to have the second quarter for the next meeting. He stated the need to know whether they will implement the 1980 census figures or whether they will go with the old. There could be a net increase.

He stated the parking fines could be raised. He mentioned the District Court revenue came in \$11,000 over what was budgeted. He did not know the percent of cost.

Councilman DeRusha asked what part we are paying back to the Township.

The City Manager stated he did not know what it is until we get the payment but will pay them back in the next fiscal year. The City would pay them the same dollar figure next year, unless the State voluntarily pays them in June rather than July.

He explained the pattern, this year's fee is already in the budget at \$1,000 a month. He mentioned the City owes them less than \$12,000.

The Cemetery Sals assumes we will raise the rates.

The Building rentals reflect 1/3 of a year. He explained that in a normal year the City would get \$9,000.

The City Manager stated he had discussed the capital outlay with the department heads and

there is not sufficient to produce enough money.

He explained the rest of the expenditure revisions. He stated they could lay off 1 patrolman plus minor adjustments in the Police Department and 1 DPW plus \$4,000 to \$5,000. He mentioned the overtime would have to be controlled.

Discussion on the Budget and revisions and the possibility of lay-offs followed.

Mayor Pro-tem Johnston stated he would take the percent approach on overtime and see how it looks, he would hate to see anybody laid off.

Councilwoman Ayers would also like to see the percent approach given to the Department heads to try and handle.

Ted Mapes, DPW, stated he would prefer that approach.

The City Manager explained how the straight time is assigned to 5 different funds in the DPW and the bookkeeping involved.

Discussion on lay-offs and its effect on overtime and the City followed.

The City Manager stated he thought the approach of trying to handle the overtime would work, it would cause some pressure on services. He mentioned it would limit snow removal outside help during a heavy snow.

Ted Mapes asked about the reaction of the merchants not being able to get into their lots.

Councilman DeRusha asked if he were assuming it could not be done.

Ted Mapes answered without overtime it could not be done.

He explained how he would call his men in early in the morning, etc. He stated he is willing to work with this but Council should be aware of the problem.

Councilman DeRusha commented that the City was trying to live within its means.

Ted Mapes mentioned the time consumed in cleaning Main and Center of snow.

Councilwoman Ayers stated that when the budget was adopted we knew it was going to be tight. These are the types of things that will happen.

Councilman Gardner commented he thought the merchants would be more tolerant.

PARKING CREDITS FOR JOE'S LITTLE BAR The City Manager explained that Mr. Getzie, Joe's Little Bar, requires 11 parking space credits to satisfy his site plan. It would be his recommendation to enter into an agreement with Joe's Little Bar to provide 11 parking spaces at \$2,400 per space.

Motion by Councilman DeRusha supported by Councilwoman Ayers to enter into an agreement with Joe's Little Bar to provide 11 parking spaces at \$2,400 per space.

Motion Carried Unanimously Meeting adjourned at 9:05 p.m.

Respectfully submitted, Joan G. McAllister City Clerk

NOTICE TOWNSHIP OF NORTHVILLE

There will be an official test of the Computers and Computer Programs to be used by Northville Township, Michigan for the General Election to be held Tuesday, November 4, 1980.

The test will be held Thursday, October 30, 1980 at 3:00 p.m. at the Northville Township Hall, 41600 Six Mile Road. Admittance credentials must be acquired from the Township Clerk in advance.

Publish, October 23, 1980

22-15-200-023	

TAKE FURTHER NOTICE that the City Council has caused reports concerning said public improvement to be prepared, which reports include preliminary plans, profiles, specifications and estimates of cost of such public improvement, a description of the assessment district and other pertinent information, and these reports are on file in the office of the City Clerk and are available for public examination.

TAKE FURTHER NOTICE that the City Council will meet on November 3, 1980, at 8:00 p.m., Prevailing Eastern Time, at the Novi Public Library, 45245 W. Ten Mile Road, in the City of Novi, for the purpose of hearing objections to the making of such public improvement.

THIS NOTICE is given by order of the City Council of the City of Novi, Oakland County, Michigan.

Geraldine Stipp, City Clerk

As state representative

Sowers, Kirksey seek Lansing post

EDITOR'S NOTE: The Record is asking candidates for office representing citizens of this area this question — Why should voters of Northville cast their ballot for you?

Here are the statements from the incumbent and challenger for State Representative from the 35th District

JACK KIRKSEY

I am and have been your State Representative for three years. There is no substitute for experience and I have gained legislative experience by representing you on a full-time basis. The following are qualities which I feel are important. I hope you agree. Public confidence — Northville has honored me in the August primary election by casting 88 percent of the vote my way even though I ran unopposed. Leadership — I serve as assistant House whip, vice-chairman of the Labor Committee, appointee to the Governor's Workers' Compensation Task Force, and I am the only House Republican to serve on the Wayne

County Court Reorganization Committee. Beliefs — My voting record and legislative performance clearly reflect the values of my constituents. Availability — I commute daily (40,000 miles annually), personally fund a full time local phone, and attend many local meetings. Tenacious — I will continue to fight for issues important to all of us.

Jack Kirksey, 51, first won the Republican State Representative seat in 1977. The principal of Grant Elementary School in Livonia since 1962, it was Kirksey's first attempt at running for public office. He has been director of probation in Livonia's 16th District for 14 years, and has been a lieutenant colonel in the Air Force Reserves for 24. Kirksey is the vice-chairman of the House Labor Committee, a member of the Educational, Judicial and Mental Health committees, the Republican Assistant Whip on the House Floor, and personnel officer for the House

Republican Party. Since assuming State Representative responsibilities, three bills sponsored by Kirksey have been passed into law. He lives in Livonia with his wife and three children.

BARBARA J. SOWERS

Votes determine a representative's influence and effectiveness in the Legislature. As a Democrat, I will have a stronger voice in the House because of the Democratic majority. There is a basic difference between me and the incumbent. Yes, Mr. Kirksey is an effective advocate for big business. But, there is a difference between "big" and "small." Government waste and deficit spending cause inflation. Big business made the management decisions not to build small cars. This decision triggered the present recession. Believe me, I will show more concern for individual citizens and small business owners! The small business establishment must be strengthened. Rules, regulations and paperwork should not

always apply to big and small alike. I want to reduce inflation and increase jobs. To do this, we must reduce waste and build a healthy business climate. Increased productivity will mean that worker benefits can be increased. Controlling inflation will mean that more people will be able to retire with dignity, knowing their buying power will be secure. Yes, I am concerned about each individual citizen in our community. I am concerned about the welfare of workers. But I will speak out against waste and abuse.

Barbara Sowers, a 40-year resident of the City of Livonia, is a high school counselor there. She is a volunteer probation officer and was president of the Livonia Education Association for two years. Sowers has been a member of the city study committee, and served on recreation and program facilities for Livonia. She graduated from Clarenceville High School and received her undergraduate and graduate degrees from Eastern Michigan University.

BARBARA SOWERS

JACK KIRKSEY

Mercyaires to sing here this Friday

The Mercyaires, a group of musical performers from Our Lady of Mercy High School, will open its 1980-81 season this Friday at Moraine and Amerman Elementary Schools. The Mercyaires will perform musical selections ranging from the "Roaring 20s" to the "new wave rock of the '80s." The program is sponsored by the Junior Entertainment Series of the Northville PTA.

Aids Bankes

Lieutenant Governor James Brickley and State Representative Sylvia Skrell will meet with Wayne County Charter Commissioner candidate Lynn Bankes and supporters at a wine and cheese fundraiser Thursday.

ETHELYN BANKES

MARVIN STEMPIEN

McCracken chairman for Pursell

Paul W. McCracken, internationally known economist and former chairman of the President's Council of Economic Advisors, has been named honorary chairman of the re-election committee for Congressman Carl D. Pursell, R-Plymouth. McCracken, the Edmund Ezra Day Professor of Business Administration at the University of Michigan, said he supports Pursell because the two term incumbent from the 2nd District has "found the right balance between effectively representing the interests of this district, and not losing sight of the national interest."

By proposing a tax plan to Congress which would cut individual tax bills by 30 percent over five years (with taxes indexed to the inflation rate) McCracken said Pursell "was way ahead of President Carter in sensing what needs to be done to revive the economy. His tax plan is a good one, one that can become the basis for good legislation." McCracken has served two tours on the President's Council of Economic Advisors: once between 1956 and 1959, when he was a member of a three member council; and again in 1969 when he began a three year term as the council's chairman. On the University of Michigan faculty since 1948, McCracken has served three years as chairman of the Organization of Economic Cooperation

Charter Commission. "The political complexion of Wayne County is overwhelmingly Democratic," he said. "All of the organizing will be done by a majority party, all the input and essential decisions (will be done by the major political party.)"

"In order for the people to have input they deserve, they should elect a member of a major political party (as charter commissioner). It's a fact of life, in Wayne County the majority party rules."

Stempien, 47, is a resident of Livonia and is a former City of Northville attorney. From 1965-72, he served three terms as a member of the Michigan House of Representatives as was Majority Floor Leader in 1970-72. Stempien received a Juris Doctor Degree from the Detroit College of Law and has been in law practice since 1961 in Livonia. He presently serves as legal counsel to Common Pleas Court. He was the attorney for Michigan Thoroughbred Breeders and Owners Association and for Wayne County Community College.

In 1972, Stempien was the Democratic Party nominee for Second District U.S. Congressman. He is former chairman of Wayne Second Congressional District Committee and was a member of the 1968 Robert F. Kennedy for President Committee in Michigan. His credits include: member of House Committee on Appropriations, chairman of Special Committee on Consumer Credit Code, member of Governor's Blue Ribbon Commission on Court Reform, member of Michigan State Bar Committee on Court Reorganization, draftsman of public acts which established the Michigan Consumer Council and the Michigan Fund to protect victims of collisions with uninsured motorists.

"In the primary, I received a number of endorsements from labor groups to the Urban Alliance," Stempien said. "Civic Searchlight gave me the only 'preferred and well qualified' rating."

Stempien is a member of Livonia Lifespan, Post 166 of the Polish Legion American Veterans, member and president of St. Michael's Federal

Credit Union in Livonia, vice-chairman of Livonia Family Y Building Fund Drive, and served three years in the U.S. Air Force.

"Wayne County needs reform," Ethelyn (Lynn) Bankes, non partisan candidate for a seat on the Wayne County Charter Commission said. "I represent no special interest groups. I am motivated to do a good job solely because of my concern to achieve good county government. It is crucial that the person you elect is competent, dedicated, and willing to give the time necessary to achieve that goal."

Bankes was chairperson for two years for the Livonia PACE (provide a county executive) petition drive, chairperson of County Reorganization for the Livonia League of Women Voters (LWV), a member of LWV, finance chair of Michigan's Women's Political Caucus, Second District; member of the Republican Women's Task Force and a member of Legal Assistant's Association of Michigan.

"I believe the present structure (in county government) suffers from too many elected officials with decision making power over programs and budgets," said Bankes, a Livonia resident for 16 years.

"I would work for a strong elected County Executive who is responsible and a representative of the people. I would also strive for fiscal responsibility, consolidation of overlapping programs and a new structure of county government, much like a municipal government."

Bankes has been endorsed by Congressman Carl Pursell, State Senator Robert Geake, State Representatives Jack Kirksey and Sylvia Skrell and Wayne County Commissioner Mary Dumas.

Civic Searchlight rated Bankes as "well qualified" and the Urban Alliance rated her "recommended" during the primary.

"I am prepared to make the commitment necessary to push for county reform as soon as possible," Bankes said.

Oakland questions banned from ballot in League court case

Four public transportation advisory questions in Oakland County were ruled illegal and ordered off the November 4 ballot by Circuit Court Judge William J. Beer last Wednesday.

In response to a suit filed by the Detroit Metropolitan Area League of Women Voters (LWV), Beer ruled that the Oakland County Board of Commissioners had "no legal or constitutional authority" to place the four advisory questions on the ballot.

Libby Richards, president of the metropolitan area LWV, said the group was "very pleased" with Beer's decision. "Having them off the ballot is more important than keeping such confusing questions on," she said.

County Elections Director Howard Altman said he would follow the order and remove the four proposals from the ballot.

Robert Allen, legal counsel for the county board, indicated that he would not appeal the judge's decision unless he was ordered to do so by the commissioners. Allen, who had to defend the proposals against the LWV lawsuit, had previously advised the commissioners that they lacked the authority to place the proposals on the ballot.

In filing the suit, LWV representatives expressed two major objections to the proposals.

In addition to challenging the commission's constitutional authority to place the questions on the ballot, the LWV maintained that the questions were misleading and poorly worded.

LWV representatives maintained that it was apparent that the voters could interpret the individual questions in various ways and that the interpretation of the "yes" and "no" votes would create much debate by the commission and cause great difficulty in implementation.

Richards said the League felt it was "impossible to prepare voters to vote on such confusing questions and it was our responsibility to initiate the action necessary to remove the questions."

The four advisory questions dealt with the role of the Southeast Michigan Transportation Authority (SEMTA), the role of Oakland County in public transportation and public financing of a transit system.

The advisory questions were as follows:

Question One: Shall a tax be assessed against the residents of Oakland County for the construction, maintenance or

operation of the transportation system, including a subway as proposed by the Southeast Michigan Transportation Authority?

Question Two: Shall the County of Oakland withdraw as a member of SEMTA?

Question Three: Shall the County of Oakland provide a transportation authority for the residents of Oakland County and raise funds for the construction, maintenance and operation of such a transit system?

Question Four: Shall any tax be assessed against the residents of Oakland County for the operation and maintenance of any transportation system without the voted approval of said county residents?

Regarding the first advisory question, Richards said there were three issues a voter could give an opinion on — a tax for regional public transportation, support of a regional transportation plan and the Detroit subway.

She said the question was "very unclear...because of the number of issues involved in that question."

LWV representatives said the first three questions were related and appear to revolve around the second question which concerns Oakland County's relationship with SEMTA and the regional transportation system.

If voters wished to advise the county to continue membership in SEMTA and to continue financial support and receive services, they would vote "yes" on question one and "no" on questions two and three, according to a LWV spokesman.

Opposite votes on each question would indicate that voters wished the county to withdraw from SEMTA.

The implications of setting up an Oakland County transit authority (question three) are that the county feels it is legally possible to establish an authority even though there are no provisions in State Act 204 which permit establishment of a new and independent authority in Southeast Michigan.

A "yes" vote on question four would have meant voters wish to advise the county there is no need for county residents to vote on taxes for operation and maintenance of a transportation system. A "no" vote on question four would have meant there should be a vote by residents on assessing taxes for operation and maintenance of a transportation system.

Police Blotter

Car accident causes resident minor injury

A Northville woman suffered minor injuries October 14 when her vehicle was struck by a car driven by Jackie Lee Wilson of South Lyon, city police reported.

Catherine May Fultz, 342 East Main, received minor cuts and bruises from broken glass when her car, traveling northbound on Novi Road, was struck by a vehicle eastbound on Allen Drive.

Police said Wilson, who had stopped at the stop sign, pulled out and struck Fultz's car.

Wilson, who was ticketed for failing to yield at a stop sign, told police he forgot to check northbound traffic and didn't see the other car.

A Rippling Lane residence was broken into sometime between October 10 and October 12, township police reported.

The burglars apparently entered the home through a bedroom window, police said.

Dresser draws had been ransacked. The only item found missing was a nine-inch hunting knife, police said.

There were no signs of forced entry and the family room doorwall was found open.

Riccardo Brown of Detroit October 16 was convicted of larceny under \$100 in connection with an incident which occurred July 27, township police reported.

The 27-year-old man, a patient at Northville Hospital at the time of the incident, was arrested for stealing a 20-inch bicycle from the driveway of a Dunswood residence.

He was picked up on

southbound Haggerty just south of the Dun Roven Golf Course.

Judge James Garber of the 35th District Court sentenced Brown to 18 months probation. He was remitted to the hospital.

A 1979 Mercury station wagon parked in the driveway of a Six Mile residence was vandalized October 14, township police reported.

The ignition had been tampered with, sun visors broken, rear view mirror damaged, turn indicator

knob missing, AMFM radio and eight-track tape player damaged and speedometer broken, police said.

The vehicle had been left unlocked, the owner told police.

A six year old township boy suffered a concussion after opening the door of a 1947 vehicle he was riding in and falling out, township police report.

The incident occurred on eastbound Eight Mile, south of Woodcreek at

buy her business but she had turned them down for various reasons.

Many believed that someone else may have been responsible for the fire.

But prior to issuing his verdict, Judge Brennan said that he felt the prosecution had shown beyond a reasonable doubt that the fire had been set intentionally and that Foltyn had set it.

State Police fire investigators testified that they had found fuel oil on charred pieces of wood in the pile of debris removed from the bakery.

Witnesses testified that they saw Foltyn leave the bakery approximately 10 minutes before the fire was reported.

Foltyn's attorneys were completely surprised by the decision, since they felt they had a pretty good case.

"We felt it was all circumstantial evidence and that the prosecution really didn't have much," attorney Anthony Lutomski said. "After her (Foltyn's) testimony we felt very confident. But we probably should have asked for a jury trial."

Lutomski said he is preparing an appeal to the Michigan Court of Appeals.

Our opinions

County tax hikes loom

With most of the election debate focused on the state tax proposals, Northville voters of Wayne County ought to be aware that their property tax bills could be increased by the four county propositions appearing on the November 4 ballot. They are Proposal J, K, L, and M.

We oppose all four of them.

Here's what the four proposals would do:

PROPOSAL J — Establish and fix separate tax limits for Wayne County, school districts and townships therein and to increase the tax limit from 15 mills to a maximum of 18 mills for an indefinite period or until altered by the voters. It would abolish the tax allocation board.

PROPOSAL K — Authorize one-half mill (50 cents per \$1,000 SEV) for five years (1981-1985) for operation of Wayne County General Hospital.

PROPOSAL L — Authorize one-half mill (50 cents per \$1,000 SEV) for five years (1981-1985) for mental health care services to Wayne County citizens.

PROPOSAL M — Authorize one-half mill (50 cents per \$1,000 SEV) for operating costs of the county offices of sheriff and prosecuting attorney.

If Proposal J is approved, it would authorize up to a \$50 million increase in local property taxes in Wayne County, or about five-percent increase by all units of governments in the county. Wayne County already has the highest average tax rate of Michigan's 83 counties. Approval of Proposal J would mean taxpayers in Wayne would have an even greater disproportionate tax rate.

Placed on the ballot by action of the Wayne County Tax Allocation Board, the proposal, in our opinion, provides for unnecessary sweeping increases at a time when property taxpayers already are so overburdened that they are seriously contemplating a vote for the drastic tax-cutting of the Tisch Amendment.

Moreover, it comes at a time when reorganization of county government (a charter commission will be drafting a charter in 1981 for submission to voters) is being considered. By

getting the tax increase on the books now, the county could continue to levy these taxes under charter status. (While the County Charter Act establishes a 10 mill county limit, it provides that the actual tax rate cannot exceed the rate imposed the year prior to charter adoption).

Proposal J also provides that the millage increase could be levied yet this year.

We like the idea of fixing county allocated millage and elimination of the tax allocation board but not at the expense of a property tax increase. Forty of the state's 83 counties have fixed millages but they retain the 15-mill limit. It can be done in Wayne, too, but without a property tax increase.

Let's face it, the proposal is an attempt to bail a squandering county government out of the financial dilemma it created for itself without showing voters that the county will use the additional revenue more wisely than it has in the past. It is no mere coincidence that the additional money going to the county with approval of Proposal J equals the county deficit.

To shift attention from Wayne County government's propensity to spend beyond its means, the proposal offers a carrot to schools and local governments: help get us more money and you'll get more money, too.

If voters don't choke on the property tax increase suggested by Proposal J, they may gag on the companion Proposals K, L, and M. At least, however, these three proposals place a limit on the length of time these property tax increases could be collected (five years) and they tell voters where the additional monies will be used.

But these measures, too, will not guarantee that the county will spend more wisely. Potentially, they simply free up existing tax money for use by county officials for other purposes, among them still higher salaries. Earmarking a half mill increase for the sheriff's department, mental health and the county hospital does not necessarily mean the revenues will be in addition to what they already receive.

As for the three specific services themselves, we doubt that Northville receives its tax share of these services now. And we see little likelihood that increasing local property taxes will mean Northville will receive any greater service in any of the three areas.

The combined tax yield of Proposals K, L and M would be \$24 million. Approval of these three proposals, together with Proposal J, would produce \$44 million extra dollars or about 36 percent (not counting the additional monies going to local units) more than the county presently receives. In our opinion, the additional taxes represent \$44 million more in cost to taxpayers with little or no increase in service.

The Record urges a "No" vote on all four proposals — J, K, L and M.

BILL NEUMAN

Speaking for Myself

Fast food good for you?

DR. ELLIOT MOSS

YES

Fast food is good and nutritious. So many people today confuse fast food with quick food. There is simply no comparison. For any meal to be nutritious, it must contain the four basic food groups: bread, cheese, meat and vegetables. While all fast food outlets do not meet this criteria, many do.

Howard Appledorf, a University of Florida professor of nutrition, is a supporter and consumer of hamburgers, french fries, tacos and pizza.

In recent speech at the Midwest Food Service Association, he said "consumers are confused because they rarely get two sides of the story." Fast food can be designed so it meets rigid nutrition criteria. This is

based on how the customer orders his meal, allowing for the basic food groups.

It is also important to note that food is being prepared in a manner much differently from a few years ago. Many sandwiches are heated in a microwave oven, not fried or grilled. French fries are cooked in vegetable oil, not animal fat.

There is no question that fast food is nutritious and good for you if it is ordered and prepared properly.

Bill Neuman
Owner of Dorozo's Pizza
South Lyon

NO

Looking at the wide array of choices offered in the fast food industry, there is no short or easy method of analyzing the available nutrients and calories offered. Certainly, the worst examples can be made by the typical hamburger, french fries and milk shake meal supplying approximately 1,200 poorly constructed calories.

It offers less than 20 percent of the required minimum daily vitamins and is extremely heavy in fat content. Usually the fat content should make up 30-35 percent of a meal. The above example approaches the 50 percent point.

This is not to say that the above example is the only choice. Data supplied by the industry demonstrates that a popular meal consisting of two or three slices of a medium pizza and a low calorie beverage could be substituted. If the pizza was covered

with meat, cheese and all of the available vegetable choices, it would offer approximately 500-600 calories with all the basic nutrients and approximately the correct percentages of fat, protein and carbohydrate.

It is my judgement that there is only one way to approach the decision, this being with the aid of the fast food manufacturers offering us not only a menu of the available food choices, but also a menu consisting of the amounts of calories, fat, carbohydrate, protein and essential nutrients.

With this information and a small amount of counseling, I think most of us could probably choose wisely and maintain nutrition as well as preventing obesity.

Dr. Elliot Moss
South Lyon

Photographic Sketches. . .

By JIM GALBRAITH

Witches' tree

JACK W. HOFFMAN'S COLUMN

Pardon my naivete but I'm having a dickens of a time finding credence in all the flak aimed at a county drain commissioner. This desk has been deluged with "gloom and doom" warnings, some of them obviously outrageous, about what will happen in Michigan and the local community if voters approve the Tisch Amendment.

Frankly, what bothers me most about the assault on Tisch is that all, or nearly all of it, originates with government or its tax-fed relatives. Wouldn't it be nice, for a change, to hear from Joe Bloke who hasn't got his hand in our pockets?

I could believe Joe if he said the sky was falling. But it's tough believing the taxmakers and taxfeeders.

Take the local forum on the state tax proposals. The mayor, superintendent, supervisor and the teachers union rep were asked to "review" Tisch for the public. Some folk find the format a little like the fox "reviewing" the farmer's new chicken fence. They know going in the fox hates the fence. But they wonder about the farmer or the chickens?

Another thing. The media, sad to say, are echoing the "gloom and doom" without question. Two years ago they lauded Headlee and his amendment as sensible, intelligent. Today they pay no attention to Headlee and do not seem to be interested in knowing that he now supports Tisch, nor do they wonder why.

A sister publication last week editorialized that besides wrecking state government "the worst thing" about Tisch is that it will give us minority rule on taxes. Think about that. This reverse piece of logic put out by the fox and accepted without question by the newspaper, is mind boggling.

What's more, in disclosing this "worst" aspect of Tisch the newspaper fails to mention anywhere that voters could — by the same method and by the same simple majority vote on which Tisch will live or die — approve an amendment to increase taxes.

Oh, Joe Bloke, where are you? Is the sky really falling?

Readers Speak

Rippling Lane residents explain weed control battle

To the Editor:

In reply to the letter by Mr. B. Boving, "Ordinance Not Necessary," (October 8, 1980) we feel that this ordinance IS indeed necessary in "high density areas." Contrary to Mr. Boving's statement of "only trivial benefits," the fact is that the benefits realized are many.

Uninformed readers such as Mr. Boving do not realize that the residents of Rippling Lane have paid a premium for their lake lots for the benefit of having a lake view. Consequently, homes on the lake side of our street are also paying taxes accordingly.

The Highland Lakes Condominium Association also assesses us an annual maintenance fee for it to maintain the common area behind these lake lots for recreation and for a park setting. Such a setting in no way exists in its present state.

There has been no maintenance of the common area behind our homes, and so therefore, we do not have a lake view anymore, much less have the enjoyment of recreating there. What we do have instead is ragweed, poison ivy, snakes (in abundance), mice and mosquitoes which we feel are not in the least conducive to healthy family living. We would gladly trade Mr. Boving's wild raspberries, gooseberries and daisies for our snakes, mice and mosquitoes.

We sense that like Mr. Boving, there may be readers that should have the facts straight about this matter and we would like to set the story right once and for all just what our intentions have been from the beginning. Our objective from the onset, was to have passage of a weed control ordinance that would apply only to high density residential areas.

We wish to make it clear and

foremost that we stated this specifically on repeated occasions in meetings with the Highland Lakes Association board members and the Northville Township Board of Trustees. They apparently never heard this or chose not to respond. Barring this, we would settle for a weed control ordinance for this subdivision alone!

Further, we have no desire to see bulldozers come in and sod folks come in to cut down all the trees and level the area, contrary to what some people have been led to believe.

We simply have requested that only the weeds be cut (not use "Agent Orange" as Mr. Boving suggests) and to have those weeds cut to four-inch height.

We residents of Rippling Lane can't help wondering why the common areas all around the Highland Lakes condos are cut and beautifully maintained, and yet ONLY the common area behind the homeowners they choose not to maintain and let grow wild with weeds? If the Highland Lakes Condominium board members think so highly of weeds, then we ask why aren't the condominium owners also surrounded by them? Any reasonably intelligent person, we feel, can see the discrepancy and discrimination that lies within these practices.

We end by saying that Northville Township is the only community in the area that does not have a weed control ordinance, and as more and more people move into developing subdivisions here the problem will have to be addressed sooner or later by the Northville (Township) Board of Trustees.

We appreciate this opportunity to tell the story of our objective for a weed control ordinance as it really is and

hope that your readers can have the complete story.

Concerned citizens of Rippling Lane.

Traffic dangers to children cited PTA asks voters to attend forum

To the Editor:

The subdivisions, the condos, the apartments of Northville and Northville Township are no collection of rural lanes. Our population lives close. Our children, our joggers, dog walkers and bicyclists have only one place — the street. Pedestrians, parked cars and traffic co-exist next to our curbs.

Children are being maimed and killed needlessly. Traffic belongs in the streets. People belong elsewhere. We suggest a system of sidewalks and bicycle paths. Many neighboring communities have responded to tragic losses by bulding bike paths. Certainly, Northville is no less concerned.

In winter, our streets are a glaze of ice. The county claims they can't clear everything at once. Residential streets come last in their order of importance. But, what of unavoidable skids? White-knuckled, we all hope ardently that nobody and nothing gets in our way.

Cars are parked in the streets, obstructing everyone's view. Pedestrians tend to blend in with the maze of color. Kids walk around cars and seemingly pop out of nowhere from behind a fender. (Kindergarteners aren't much higher than some fenders!)

Our children walk to school and to school buses in the streets — hearing shouts from "protectors of the turf" to stay off the grass. We've all hit our brakes hard when a happy-go-lucky child dances into our paths. Children don't believe it can happen to them.

We have many old folks whose vision or coordination is askew, imbibers who get behind the wheel, hot-rodgers, parents stilling quarrels in the backseat, all of the above and all of us white-knuckled on glazed wintry streets. Let's protect all of us from the burden of inflicting injury.

Build bike paths, build sidewalks, provide adequate off-street parking and treat icy streets when the county won't. NOW! This is a critical need now, as it has been for years. Must we undergo more tragedy before we act? Let's be the viable community we know ourselves to be and show our conscience by taking strong, immediate action.

It is a privilege to vote. This privilege is not to be taken lightly. To vote intelligently, an American citizen must arm himself with all the available facts pertaining to the candidates and the state ballot proposals.

The legislative committee of the Northville PTA-PTSA under the chairpersonship of Jean Hubbard will make available the opportunity for Northville voters to become aware of and informed on these state proposals.

To disburse information and answer audience questions will be: Representative Jack Kirksey, Senator R. Robert Geake, Northville Mayor Paul Vernon, Northville Township Supervisor-elect John MacDonald, Superintendent of Schools Lawrence Nichols, Board of Education President Christopher Johnson, City Manager Steven Walters and Northville Education Association President Barbara LeBoeuf.

It will be Thursday, October 23, at 8 p.m. in Northville High School cafeteria.

Plan to attend, become an informed citizen and an aware voter on Election Day, November 4.

Mary Anne Russell
President, Coordinating Council PTA, PTSA

Tivoli Fair help appreciated

To the Editor:

Last week you ran a blurb about the success of our recent Northville Historical Society's Tivoli Fair. I would be remiss if I did not add our thanks to everyone:

To the Northville Community for its outstanding support.

To The Northville Record for its fine coverage.

To the fine vendors whose arts and crafts keep us moving.

To the Northville Downs for the use of their plant.

To the weatherman for relaxing his week-end rain schedule.

A very, very special thanks goes to one fine person — Pat Meyers. Pat has chaired and co-chaired the Tivoli Fair for the past three years. Most are unaware that this task takes hundreds of hours of effort each year to "put on" this event. During her tenure Tivoli has turned over \$20,000 to the money-starved Mill Race Village restoration project. Few have given so much.

Because of this, we can continue on our present project at the village — the Wash-Oak one room schoolhouse.

Again, our thanks to everyone

Sincerely,
Robert K. Daniel
President
Northville Historical Society

Writer asked to sign letter

EDITOR'S NOTE: If the person who wrote regarding sports coverage will come to The Record office at 104 West Main and sign the letter, it will be printed. The name will be withheld from the printed letter on request, but all letters must be signed and must include address and phone number for verification.

Police Blotter

remember which house.

breakfast, police reported.

When the police arrived, the bicycle was nowhere to be found, but later the Scenic Harbour resident called to say he discovered it on his property, according to reports. Police reported the patient said he took the bike from someone's front porch and rode away.

Police report no one has yet claimed t men's brown 26 inch '10 speed, with the initials KIA.

Police received a call about 7:40 a.m. Saturday morning from a resident on Scenic Harbour who said the patient rode up to his house and wanted

about 3:48 p.m. last Sunday. The car was travelling about 30 miles per hour, police said.

Northville township police report a patient from the Northville Psychiatric Hospital took a bike from someone's house near Scenic Harbour but can't

NEWS BRIEFS

BALLOT PROPOSALS B,E,G and H — called the "other" proposals on the November ballot — will be discussed at a public forum at 8 p.m. next Wednesday (October 29) in Room 200, Liberal Arts Building, Schoolcraft College. Lowering the drinking age, income tax increase for prison construction, modifying legislators' immunity and powers of the lieutenant governor will be discussed.

A CANDIDATES' NIGHT will be held at 7:30 p.m. tonight (Wednesday) in the Liberal Arts Theater at Schoolcraft College under sponsorship of the League of Women Voters and the Observer-Eccentric Newspapers. Northwest Wayne Chapter of National Organization for Women will attend and hold its October business meeting after the presentation.

Township Minutes

NORTHVILLE TOWNSHIP BOARD OF TRUSTEES REGULAR MEETING SYNOPSIS

Date: Thursday, October 9, 1980
Time: 8 p.m.
Place: 41600 Six Mile Road

Supervisor Thomson called the meeting to order at 8 p.m.

Present: Mr. Donald Thomson, Supervisor; Mrs. Clarice Sass, Clerk; Mr. Lee Holliand, Treasurer; Mr. James Nowka, Trustee; Mr. William Zapke, Trustee; Mrs. Susan Heintz, Trustee; Also Present: Mr. William Mosher, Engineering Consultant; Mr. Gary Stolicker, Planning Consultant; Mr. Larry Sheehan, Chairman Northville Township Economic Development Corporation, the press and approximately 50 visitors. Absent: Mr. Richard Allen, Trustee.

Plan and Estimate for Beck Road Sewer Mosher Associates Moved and supported to adopt resolution 80-75 setting up special assessment district No. 10 and to set a public hearing date for November 24, 1980 at 8 p.m. Motion carried. i. 35th District Court representative. Moved and supported to appoint Mr. John MacDonald as representative. Motion carried. j. Extension of Approval Time — Maple Hills Subdivision. Moved and supported to grant the Preliminary Plat Stage II approval for one year. Motion carried. k. Ratification of Dispatcher Contract. Moved and supported to table and add to the meeting of October 15, 1980. Motion carried.

9. Recommendations: a. From the Planning Commission. 1. Rezoning Petition 79-8: Moved and supported to accept the recommendation of the Planning Commission and rezone the parcel C from B-3 to B-2. Motion carried. 2. Rezoning Petition 79-8: Moved and supported that the recommendation of the Northville Township Planning Commission be adopted as the adjacent properties tend to OS

activities and based upon the amount of commercial property currently zoned for Convenience Shopping or General Business. Roll Call Vote Ayes Nowka, Zapke, Heintz, Nays Holland, Sass, Thomson. Nays None. Motion carried.

c. From the Northville Township Economic Development Corporation. 1. Recommendation for \$100,000. Innovative Grant monies. a. Letter to Robert Fitzpatrick from Larry Sheehan. b. Letter Mosher Associates — September 30, 1980 c. Letter Larry Sheehan to William Mosher October 6, 1980 d. Letter Robert Fitzpatrick to Larry Sheehan October 6, 1980. Moved and supported to accept the recommendation of the Northville Township Economic Development Corporation for the allocation of the \$100,000 Innovative Grant Funds. Motion carried.

Addendums: 1. Reaffirm vote on drainage and grading Ordinance No. 68. Moved and supported to reaffirm the vote and publish the ordinance. Motion carried. 2. Two appointment Board of Appeals Moved and supported to reappoint Sandra Watts and Ralph Foreman to the Board of Appeals for a three year term to expire on November 1, 1983. Motion carried. 3. Change scheduling of November Board of Trustees meeting — November 20, 1980. Moved and supported to change the November Board of Trustees meeting to the 20th at 8 p.m. Motion carried.

10. Any Other Business that may properly be brought before the Board. A letter from Mr. Knitz requesting funds for the recreation was considered. Response — no funds available. The need for the attorney to have a decision regarding litigation was deferred to the 15th of October. Mrs. Togge questioned the disposition of the monies owed the Township by the City. No disposition has been made. Impact Marketing request for a light Troy Milligan is to handle this.

Adjournment. Moved and supported to adjourn the meeting. Meeting adjourned at 10:50 p.m. THIS IS A SYNOPSIS. A TRUE AND COMPLETE copy may be obtained at the Township Clerks Office at 41600 Six Mile Road Northville, Michigan 48167.

Clarice D. Sass, CMC Clerk

NORTHVILLE TOWNSHIP Board of Trustees Planning Commission Joint Meeting

Date: Wednesday, October 15, 1980
Time: 8 p.m.
Place: 41600 Six Mile Road

Supervisor Thomson called the joint meeting to order at 8 p.m.

Present: Mr. Donald Thomson, Supervisor; Mrs. Susan Heintz, Trustee; Mr. William Zapke, Trustee; Mr. James Nowka, Trustee; Mr. Richard Allen, Trustee; Mr. William Bohan, Vice Chairman Planning Commission; Mr. Marvin Gans, Secretary Planning Commission; Mr. J. Craig Bowby, Mr. Kenneth Sewell, Mrs. Dorothy Gay, Mrs. Pat Wright. Also Present: Mr. John MacDonald, Mr. C. James Armstrong, Mr. Thomas L. P. Cook, and Mr. Richard Henningsen. Absent: Mrs. Clarice Sass, Clerk; Mr. Lee Holland, Treasurer; Mr. Kenneth McLarty, Chairman Planning Commission; Mr. Bernard Baldwin Planning Commission.

2. Mr. Stanley Woodhouse and Mr. Claude Coates presented and reviewed a study for the proposed expansion of the Township Hall.

3. Adjournment: Moved and supported to adjourn the meeting. Meeting adjourned at 9:35 p.m. THIS IS A SYNOPSIS. A TRUE AND COMPLETE copy may be obtained at the Township Clerk's Office, 41600 Six Mile Road, Northville, Michigan 48167. Clarice Sass, CMC, Clerk.

OFFICIAL NOTICE TO THE CITIZENS OF THE CITY OF NOVI OF PUBLIC HEARING

TO CONSIDER APPROVAL OF A PROJECT PLAN AS SUBMITTED TO THE CITY COUNCIL OF THE CITY OF NOVI BY THE ECONOMIC DEVELOPMENT CORPORATION OF THE CITY OF NOVI FOR WEST OAKS DEVELOPMENT COMPANY PROJECT

PLEASE TAKE NOTICE that pursuant to Act 338 of the Public Acts of Michigan of 1974, as amended, The Economic Development Corporation of the City of Novi has submitted a project plan to the City Council for its approval.

Said project plan deals with the construction and operation of a retail shopping space, the site improvements and fixtures, furnishings and equipment therefor including site improvements and pad preparation for the adjacent Kmart and Service Merchandise Projects, which site improvements include parking and other common area improvements for use by West Oaks Development Company and details al information required by law relative to said project and its impact on the community. The project will not require the displacement and relocating of any persons. The location of the project plan area is located at the northwest corner of I-96 and Novi Road and is comprised of 17.325 acres.

The City Council will meet at 8:00 o'clock p.m., Eastern Standard Time, on Monday the 3rd day of November, 1980, at the Novi Public Library located at 45245 W. Ten Mile, Novi, Michigan, and will conduct a public hearing on the advisability of approving by resolution the project plan.

The City Council may approve, modify or reject said project plan.

THIS NOTICE is given pursuant to the requirements of Sections 10 and 17 of Act 338, Public Acts of Michigan, 1974, as amended. Further information concerning the matters set out in this notice may be secured from the City Clerk's office.

All interested citizens are encouraged and will be offered an opportunity at said hearing to address the City Council concerning said project plan.

Geraldine Stipp
City Clerk

NOTICE CITY OF NORTHVILLE LEAF PICK-UP SCHEDULE

City crews will pick up leaves raked to the curbs of City streets through Friday, November 21, 1980. Beginning November 22, 1980, leaves will be picked up only in plastic bags as part of the regular refuse collection schedule. Please be advised that it is a violation of the City Code to rake leaves or other material onto the street shoulders and curbs except during this special leaf collection period.

Ted Mapes, Superintendent
Department of Public Works

School budget set

Continued from Page 1
values and a decrease in student enrollment

This year the total enrollment count for K-12 and special education students is 3,716. Last year 3,814 students were enrolled in the K-12 program.

When the school state aid formula is applied to districts in this situation, it results in local taxpayers shouldering a larger share of the financial burden.

In other words, as the district gets wealthier there is less state aid.

The total 1980-81 general fund

revenues, representing local, state and intermediate district funding sources, are approximately \$9.1 million. The cooperative fund revenues, composed of federal and state grants, are about \$400,000.

Approximately \$5.3 million will be used for instruction this year and \$4 million for support services.

Within the instructional budget, which is a \$669,395 increase over last year, \$1.8 million will go to the elementary schools, \$1.16 million to the junior highs and \$1.17 million to the high school.

For Northville Landings

Planners veto Six Mile-Beck plan

The preliminary site plan of an open space subdivision at Six Mile and Beck was rejected by the Northville Township planning commission last week "in view of its many deficiencies."

The developers, called Northville Associates, had planned for 251 homes to be built on 165 acres. Each lot would be 100 feet wide with a minimum depth

of 140 feet said the developers.

They requested the planning commission reject the first site plan they presented because it showed Curtis Road going through the middle of the proposed development, as Wayne County Road Commission wanted.

The developers sought approval for the second site plan (to be called

Northville Landings), in which a street curved north through the subdivision instead of the Curtis line.

Homeowners from the area voiced their opinions on the development. Planning Commission Chairman Kenneth McLarty excused himself from the proceedings because his home is on the proposed site and he may sell to the developers.

Roger Harrington of Curtis just east of Beck said he was "concerned about the extension of Curtis to the east (via the subdivision). I see no reason to put it through."

Fred Shelley, a resident on Pickford, wanted to see Curtis extended. "Curtis was abandoned to the east where I have five acres. The lots on south side of the river have no access. There's no way to get away from putting Curtis in."

"If Curtis or an alternate is not provided, Fred's land will be landlocked," said Wilkiemeyer, speaking for Shelley. "He wanted to develop the five acres and without the road, he can't. It would be harming him considerably financially."

"I support Shelley," said John Leman of Pickford. "The only practical

way to gain access to his five acres is through the extension of Curtis."

Designer of Northville Landings, Roy Russell, said legally Shelley was not landlocked. "He could always build a bridge," Russell said.

Claude Coates, township planning consultant, said the plat would need a grading plan since the existing ground would have to be altered, an additional access road to either Six Mile or Beck in addition to the two planned access routes, an open space plan, and possibly moving an entrance from Beck Road south.

"I share Coates concerns about two access points, but I don't think Curtis should go through," William Bohan, vice chairman of the commission noted.

Dick Crawford of Impact Marketing and one of the developers said Northville Landings would "emphasize quality as opposed to quantity in this development. We want to maximize the preservation of land and address ourselves to the unique environmental sites" of the proposed project. Impact Marketing has built Beacon Woods North, Whisperwood and Quail Ridge in Northville.

Pursell...

Continued from Page 1

program, to restore purchasing power, savings, investment, productivity and jobs.

I'm leading the drive for alternative energy sources, and my efforts have accelerated energy research.

I'm a leader in the Suburban Caucus, Environmental Study Conference and Northeast-Midwest Congressional Coalition.

For over a decade I've represented this area as County Commissioner, State Senator and the last four years as your Congressman.

The Pursells continue to live in Plymouth, instead of Washington; so I'll never lose touch with you, the people I work for.

Incumbent Republican Congressman Carl D. Pursell, 48, and his family still live in Plymouth, yet the Second District Congressman travels to Washington during the work week.

Pursell is a member of the House Appropriations Committee, and was first elected to Congress in 1976. He was a member of the Wayne County Board of Commissioners from 1969-70; a member of the Michigan Senate from 1971-76 (earned re-election to four year term in 1972).

Pursell earned his undergraduate and graduate degrees from Eastern Michigan University, and was named an Honorary Doctor of Laws at Madonna College in 1977. He was a decorated lieutenant in the U.S. Army, 1959.

Before seeking political office, Pursell was a teacher in Ypsilanti, Taylor and Livonia and assumed his family's business after his father's death in 1961.

He is a member of the subcommittee on Labor, Health, Education and Welfare; Executive Board, Environmental Study Conference; co-founder of the Congressional Suburban Caucus, and he received in 1976 an award from Federal Environmental Protection Agency as Outstanding Environmental Legislator in Michigan.

O'Reilly...

Continued from Page 1

they're causing it! Yet the incumbent votes for decontrol, which will cost every household in this district \$1,000 to \$2,000 annually for the next 10 years!

I've fought for a rational energy policy, based on conservation and alternative energy, which will save energy and money.

Jobs and education must be a top priority. Yet Michigan gets less money back from the federal government on federal taxes you pay than any other state. We need stronger congressional leadership to bring home our fair share to improve the local economy.

Senior citizens deserve better representation than they're getting from the incumbent, who voted against their interests three times out of four last year, according to the National Council of Senior Citizens. I've worked for lower prices and a strong Social Security program so seniors can live in dignity they've earned.

As your legislator, working with you, we can do what needs to be done.

Kathleen O'Reilly, 34, was known as a "premier consumer advocate" during the time she spent as staff attorney and, later, as executive director of Consumer Federation of America from 1975-80.

Her family has lived in Plymouth since 1976. She is a graduate of Marygrove College in Detroit and the Georgetown Law School in Washington, D.C. After passing the bar in 1971, she went to work for a law firm where she was involved with civil litigation. She worked for the President's Commission on Crime, was a volunteer for Ralph Nader's Public Interest Research Group, while a student.

She was awarded the Philip Hart Award for distinguished service by the Michigan Consumers Educators in 1979. The Hart Award is the highest honor from MCE.

In 1975, O'Reilly was the first woman elected chairman of the Young Lawyers Section of the Bar Association of the District of Columbia. She also served on the National Executive Council of the Young Lawyers section of the American Bar Association.

Egypt today

Delegates talk about their country and First Lady Jehan Sadat

By JEANDAY

American women might like to have the provision in Egypt's new divorce law that insures a divorced wife money and "the flat and children until they are 21."

"When he steps out, a special bank will send the money for the wife and take it from him later," explained Dr. Zenab El Sobky, personal representative of Mrs. Ansvar Sadat, in Northville last week.

A member of the Egyptian parliament, she is one of four prominent Egyptian women who are in this country on a three week visit as guests of the Delegation for Friendship Among Women. Their tour began with a five

day stay here with Betty Lennox.

Dr. Zenab El Sobky, a professor of medicine whose field is blood transfusion, is director of the Red Crescent which she said it the Egyptian Red Cross and is a member of the Council of Egyptian Cancer Society.

"I had the honor to create the Cancer Society System in 1959 and asked Mrs. Sadat to be president of the Egyptian society," she told members of Northville Woman's Club last week Tuesday as the visitors were entertained by the club in Yerkes house in Mill Race Village.

The doctor is head of the Cairo society.

She gave much credit to Jehan Sadat for the improved conditions in Egypt

today.

She described the wife of President Sadat as "very modest, very kind-hearted and very keen to work for the benefit of Egypt."

"When she started working with the Red Crescent she spent a whole day each week visiting patients and families. She is working very hard and attends most of our meetings."

She told of Mrs. Sadat's interest in bettering economic conditions for girls on farms, relating how she started a sewing project with 25 machines for girls from farms "who learned to write and read and then to sew."

Their output was sold in the cities and the project expanded to 250 machines and also a woolen machine today.

She told how Mrs. Sadat organized the war effort in 1973 and worked personally with the wounded and their families.

About this time she was instrumental in starting a factory to make artificial limbs and began a "faith and hope" organization to help the handicapped.

She is head of this society and feels we must help them (handicapped) by all means. She also thought of an organization for children with no parents, collecting them into groups of nine of different ages and in each building having a (house) mother; so they live exactly as if they are brothers and sisters together in a family. Its called SOS (Save Our Souls) Village.

"She goes once a week to visit and knows them (the children) by name."

Mrs. Sadat, the physician told club members, also is head of the Egyptian Council for Family Planning.

"We are increasing by 1,200,000 a year. Since 1960 we have had a family planning program. Historically, we have been increasing for many reasons."

"Men used to marry one or two women, and women had children so he could not afford to marry again."

"For five years we have been fighting to change family law. Parliament signed this year the law that a man can not marry again without the consent of the first wife."

"If he divorces her, she keeps the flat and children 'til they are 21."

In the area of cancer research, the doctor said Egypt is trying to do more in early detection.

"We're trying to combat smoking. It's a very bad habit in Egyptian schools; so we have films, talks on television and radio, and posters with the hint that 'this is dangerous for your health' — this is also now on the (cigarette) boxes."

Dr. Sobky gave Mrs. Sadat credit for helping women in Egypt obtain job equality.

"Women who have the same kind of job (as a man) have the same salary. If they have a baby they have a two-month leave with salary, and a year without if they choose."

"Mrs. Sadat has done so many nice things for the working woman. She loves Egypt and cares very much for the working woman."

Mrs. Sadat had known her husband since she was 16, the visitors told club members, relating that she was "young and beautiful and found in him and honest and loyal man. She married in the face of opposition because of their age difference."

The Sadats have three daughters and a son and are grandparents.

"Mrs. Sadat thought to send us here to the Delegation for Friendship Among Americans," the visitors said, giving their First Lady great credit.

Dr. Sobky, herself a member of parliament, pointed out that there used to be eight women members. Now there are 34.

The visitors' backgrounds are proof that women are achieving in Egypt. Hekmat Mahfouz, another member of the group, is a Cairo businesswoman and is close to Mrs. Sadat, serving as a sounding board and as an observer on women's activities abroad, explained Mary Pomeroy, secretary-treasurer of the Delegation for Friendship Among Women and sister of Betty Lennox.

Mrs. Lennox, a township resident and former township supervisor, now is city comptroller. She had visited Egypt with the delegation and had met Hekmat Mahfouz on that trip.

Also in the group here were Dr. Fatma El Gohary, a professor of biology and chairman of the Department of Water Pollution Research Council of the Egyptian Academy of Science, and Mervat Tellawy, a member of the Egyptian consulate at the United Nations.

The Egyptian diplomat said now there are 70 women working in the foreign office, 28 at home and the others in the rest of the world.

Dr. Gohary told club members that Egypt is concerned about

environmental conditions, including air pollution and waste water. She said factory workers' health also was a concern.

The Egyptians had been guests the night before the Northville gathering in Lansing. Helen Milliken welcomed them to the governor's mansion for dinner.

Mrs. Lennox said this was most interesting to the visitors who were viewing small town life in mid-America before going on to Chicago, Texas and finally Washington, D.C.

After the guests spoke, club members were introduced and at the request of the Egyptian women gave their backgrounds and activities.

They were impressed with how many had degrees, Mrs. Lennox reported, and how many do volunteer work.

"This is something that does not happen yet in their country," Mrs. Lennox said.

As visitors and guests met over tea and coffee cups, both were learning much firsthand — the aim of the delegation for friendship in creating a women-to-women network.

MR. AND MRS. WILLIAM WEAVER

MRS. ROBERT MEDENBACH

Couple wed in Scottish ceremony

In the traditional Scottish style, Elizabeth Ellen Grover and William Thomas Weaver were piped down the aisle before exchanging marriage vows at the United Central Methodist Church in downtown Detroit.

The September 13 double ring ceremony was officiated by Mr. Robert E. Walton.

The bride, daughter of Mr. and Mrs. Rodney Grover of 20826 Chigwidden, wore a long, tiered cotton gown with lace insert sleeves and carried a white corsage of silk flowers made by Mrs. Mary Ware of Northville.

The bridegroom, son of Mrs. Mary Weaver of Dearborn and Virgil Weaver of Detroit, wore a full Scottish attire with his McFarlane kilt.

Maid of honor Leslie Gail Grover wore a pastel blue street length eyelet dress with a silk corsage to match.

Bridesmaid Emily Weaver wore a peach eyelet dress and Mrs. Rick Redman who also served as a bridesmaid wore a mint green eyelet dress.

The bridegroom's brother Duncan R. Weaver served as best man. Ross Grover and Rick Redman were ushers.

Approximately 100 guests attended a sit down dinner following the wedding ceremony. The reception, held at the church, featured Scottish Highland dancing with piping by Jim Harrington and Dave Martin.

The couple, who met at the Alma Indoor Highland Dancing Company, honeymooned at the Hyatt Regency before leaving for Red Spring, North Carolina, where they reside.

The bride is working as a children's librarian in Red Springs and the bridegroom is forming a School of Scottish Highland Dance and Piping in

addition to being a farrier.

The bride is a 1975 Northville High School graduate and a 1980 Eastern Michigan University graduate.

The bridegroom is a 1969 graduate of Fordson High School and was manager of the Northville Swim Club this past summer.

He's editor

Scott P. Fisher, son of Mr. and Mrs. Larry Fisher of 44827 Galway, has been named copy editor of the 1980-81 Michigan State University yearbook — The Red Cedar Log.

Fisher is a junior majoring in English and is working on the yearbook to gain practical experience.

He is a 1978 Northville High School graduate.

In candlelight service

Boor-Medenbach vows exchanged

Joan Elizabeth Boor carried a handkerchief with special sentimental meaning as she exchanged marriage vows with Paul Robert Medenbach of New York in a candlelight service last Friday at Our Lady of Victory Church.

The handkerchief had been carried by the bride's late grandmother at her wedding in 1919. The bride is the daughter of Donald P. Boor of 42333 Amboy and Mrs. Frances E. Boor, also of Northville.

She also wore her grandmother's necklace of rubies, diamonds and pearls and carried a white Bible belonging to her sister Kristen Boor-Zaldivar who was unable to attend the service.

The Reverend Father John O'Callaghan officiated at the double ring ceremony.

The bride wore a gown of sheer organza over sata-peau with a Queen Anne neckline. The gown's long, fitted sleeves also were layered with sheer organza.

The bride carried long-stemmed roses entwined with baby's-breath and tied with a satin ribbon.

The bride's cousin Sharon Ann Watts served as matron of honor and wore a V-neck cianta gown in plum.

Bridesmaids Carolyn F. Karr of Dearborn, Kathleen M. Zabinski of Northville and Laurie K. LaFevre of Northville also wore plum cianta gowns with fitted waistbands.

The bridesmaids and matron of honor carried white, long-stemmed roses laced with baby's-breath and tied with plum laced ribbons.

The bride's brothers Bruce and Ken Boor served as attendants.

The bridegroom is the son of Mr. and Mrs. Norbert Medenbach of Scotch Plains, New Jersey.

His brother James Medenbach was best man and Brian Deralthal of Owego, New York, and the bride's brothers Dave and Doug Boor ushered.

A reception following the ceremony was held at Orchard Lake Country Club with approximately 210 in attendance including the bridegroom's uncles Dr. Joseph Murphy of Bloomfield, New Jersey, and Dr. Robert Medenbach of Phillipsburg, New Jersey. The bride's 80-year-old grandmother Mrs. Paul

Boor of Dearborn also attended.

The bride is a 1974 Northville High School graduate and a 1979 graduate of Michigan State University.

The bridegroom was graduated from Fanwood High School in Scotch Plains in 1974 and received an engineering degree from New York Rochester

Institute of Technology in 1978. He currently works for CPAC Inc. in Leicestershire, New York, and is a member of the New York State Kiwanis Club.

The couple met at their first jobs after college. They will reside in Piffard, New York.

Goblins, ghosts to collect for UNICEF

Little ghosts, goblins and witches from the First Presbyterian Church will trick or treat for UNICEF Sunday afternoon from 3-4 p.m.

Children will meet at the church at 3 p.m. and will go by car to various Northville neighborhoods in their attempt to collect funds for needy children.

Following the collection drive they will meet back at the church for games and refreshments.

CHRIS HOLLAND, GARY KITTS

Kitts-Holland engaged

Mr. and Mrs. Lee Holland of 18103 Pinebrook announce the engagement of their daughter Christine Gail to Gary Kitts of Indianapolis, Indiana.

He is the son of Mr. and Mrs. Richard Kitts of Economy, Indiana.

The bride-elect is a 1975 Northville

High School graduate and received her bachelor of science degree from Ball State University in Muncie, Indiana.

Her fiancé is a graduate of Indiana University.

Both are working for the Internal Revenue Service in Indianapolis. A January 10, 1981 wedding is planned.

In Our Town

They convert cones into cash benefits

By JEAN DAY

Rumpelstiltskin spun flax into gold, but the German folktale dwarf is being outdone by local women who have been turning pine cones into cash.

Members of Northville Cooperative Preschool have been earning funds for the past several Christmas seasons by holding wreathmaking workshops that in previous years have been sellouts. Because of greatly increased expenses caused by the move from the scout-recreation building to rooms 215 and 216 in Main Street Elementary this month, the number has been increased to three.

An afternoon workshop with baby-sitting available has been added. "We will teach all comers how to make a pine cone wreath, and we will have all supplies on hand," promises Judy Whitmore. Kathi Jerome, 348-9097, and Kathy Anderson, 349-5494, are taking reservations for sessions at 7:30 p.m. November 12 and 13 and at 1 p.m. November 13. Cost to make an 18-inch wreath is \$15; a 12-inch wreath is \$13 — including the bow this year.

Workshops will be in the school's new location in the elementary. Mrs. Whitmore reports some people are signing up for all three workshops to make wreaths for gifts. Every member of the cooperative has been gathering enough pine cones to fill a large garbage can.

Branch members are making the wreaths

Members of the Northville Branch, Woman's National Farm and Garden Association, have been wiring pine cones at meetings and in workshops in preparation for the annual Greens Mart held in conjunction with the Christmas Walk on the Sunday before Thanksgiving (November 23). There also is advance order taking for the evergreen wreaths decorated with pine cones and bows. They are priced at \$8. Wreaths, grave blankets and roping may be ordered in advance until November 1 with Elaine Bergel, 349-2422, Anne Pyett, 349-2658, or Lillian Nelson, 348-1142.

Because proceeds fund branch scholarships and charitable projects, members diligently have been wiring pine cones. They did so last week as Nancy White, president of the League of Women Voters of Northville, Plymouth, Canton and Novi, spoke on upcoming tax proposals. Assisting Marilyn Meyer, social chairman, were Marge Dabney, Patti Lafler, Marilyn Murphy and Rosemary Palarchio.

Harvest Day's coming downtown

It's a community first. Northville Retail Merchants' Association is planning a downtown Harvest Day celebration with hayrides, apple bobbing and a pumpkin-painting contest for 9 a.m. to 6 p.m. Saturday, November 1.

At Library

Pumpkin contest set

Northville youngsters with a knack for pumpkin carving, may be interested in showing off their work at the Northville Public Library Halloween Jack-O'-Lantern Contest at 2:30 p.m. Saturday. Prizes will be awarded

for the largest, smallest, spookiest, funniest and most unusually sculpted entry. Any materials may be used for decorating pumpkins. Cider and doughnuts will be provided for all contestants. The best entries will be awarded

gift certificates.

All pumpkins will be on display at the library until Halloween when owners can take them home.

To register for the contest, stop by the library or call 349-3020.

Continued from 2-B

Exact location will be determined for certain as Mainstreet '78 renovation progresses, but it probably will be the parking lot opposite the theater.

It's a seniors' prom

A new project — a "for fun" one — of the Northville Jaycettes is a seniors' prom. For all senior citizens, it will include a dance contest and prizes as well as refreshments. Admission is \$1 a person. Northville Community Band members will be playing dance songs from 7-10 p.m. Saturday, November 8, at First Presbyterian fellowship hall. Chris Campbell and Chris Abbey are in charge of arrangements.

Those yellow ribbons have meaning

Another project of the busy Northville Jaycettes is "Tie a Yellow Ribbon" on a tree to remind us all of the hostages. They will be distributing them free to all comers at the Harvest Day November 1 — if they still are needed then. Chairperson Joyce Bousquet also is seeing to it that trees around township and city halls are circled with the plastic, weatherproof reminders.

"SOME COMPANIES LIMIT THE MEAT IN THEIR SAUSAGE. WE LIMIT THE FAT."

There's a good reason why Bob Evans Farms Sausage won't cook away in your frying pan like some other sausage does.

You see, at Bob Evans Farms, we limit the amount of fat in every ounce of sausage we make. So there's just enough to bring out the farm fresh taste.

That's why Bob Evans Sausage always cooks up so tender and delicious. Not greasy. And why it won't shrink to nothing in your frying pan.

And while some companies don't put the best cuts of pork in their sausage, we include all the choice fresh hams and tenderloins. Not just the trimmings.

So try Bob Evans Sausage. Because while we always limit the fat in our sausage, there's no limit on the taste.

Bob Evans FARMS®
WE DO IT RIGHT.
OR WE DON'T DO IT.™

ELECTION NOTICE

To the qualified Electors of the County of Wayne, State of Michigan:

NOTICE IS HEREBY GIVEN

THAT AT THE GENERAL ELECTION TO BE HELD IN SAID COUNTY OF WAYNE, STATE OF MICHIGAN, IN THE REGULAR VOTING PLACE IN EACH ELECTION PRECINCT IN EACH CITY AND TOWNSHIP IN THE COUNTY OF WAYNE, STATE OF MICHIGAN, ON TUESDAY, THE 4th DAY OF NOVEMBER, 1980 BETWEEN THE HOURS OF 7:00 O'CLOCK A.M. AND 8:00 O'CLOCK P.M., THE FOLLOWING PROPOSITIONS WILL BE SUBMITTED TO THE ELECTORS OF SAID COUNTY:

PROPOSAL J

ADOPTION OF SEPARATE TAX LIMITATIONS.

Shall separate tax limitations be established for an indefinite period, or until altered by the voters of the County, for the County of Wayne and the townships and school districts within the County, the aggregate of which shall not exceed 18 mills as follows:

County of Wayne	7.27 Mills
Townships	1.10 Mills
Intermediate School Districts	.13 Mills
School Districts (a school district located entirely within a city or charter township shall receive in addition millage equal to the township millage, in addition, a school district located entirely outside a community college district provided for under section 81 of Act No. 331 of the Public Acts of 1966 being section 389.81 of the Michigan Compiled Laws, shall receive millage equal to the millage provided for that community college district under section 11 of Act No. 62 of the Public Acts of 1933, as amended, being section 211.211 of the Michigan Compiled Laws)	9.25 Mills
Wayne County Community College	.25 Mills
Total	18.00 Mills

PROPOSAL K

TAX RATE LIMITATION INCREASE PROPOSITION FOR WAYNE COUNTY GENERAL HOSPITAL, AND MEDICAL CARE FOR THE INDIGENT.

Shall the County of Wayne increase the millage as provided in Article IX, Section 6 of the Michigan State Constitution and levy an additional .5 of a mill for a period of five years, from 1981 through 1985 (\$50 per thousand dollars of State equalized valuation) the proceeds to be used for the purpose of supporting and maintaining the statutorily mandated hospital care of financially distressed citizens of Wayne County and for the operation and maintenance of Wayne County General Hospital?

PROPOSAL L

TAX RATE LIMITATION INCREASE PROPOSITION FOR MENTAL HEALTH CARE SERVICES.

Shall the County of Wayne increase the millage as provided in Article IX, Section 6 of the Michigan State Constitution and levy an additional .5 of a mill for a period of five years, from 1981 through 1985 (\$50 per thousand dollars of State equalized valuation) the proceeds to be used for the purpose of defraying County obligations for the statutorily mandated mental health care services for the Citizens of the County of Wayne?

PROPOSAL M

TAX RATE LIMITATION INCREASE PROPOSITION FOR WAYNE COUNTY SHERIFF AND PROSECUTING ATTORNEY.

Shall the County of Wayne increase the millage as provided in Article IX, Section 6 of the Michigan State Constitution and levy an additional .5 of a mill for a period of five years, from 1981 through 1985 (\$50 per thousand dollars of State equalized valuation) the proceeds to be used for the purpose of supporting and maintaining the operations of the Wayne County Sheriff and Prosecuting Attorney?

- Said propositions shall be prepared and distributed by the County in the manner provided by law, which statement on the voting machines and ballots shall state the propositions in the form set forth in the preceding paragraphs.
- All public officials of the County of Wayne, State of Michigan, and all municipal units thereof, within such time as shall be required by law be, and they hereby are, directed to do and perform all acts and things which shall be necessary to be done or performed in order to submit the foregoing propositions to the electorate of said County at such general election to be held on Tuesday, November 4, 1980.

COUNTY TREASURER'S STATEMENT

STATEMENT AS REQUIRED BY ACT 278 OF PUBLIC ACTS OF 1964
amending the Property Tax Limitation Act

I, RAYMOND J. WOJCIWICZ, County Treasurer of Wayne County, Michigan, do hereby certify that as of September 19, 1980, the total of all voted increases in excess of the Constitutional fifteen mill tax rate limitation and the years such increases are effective are as follows affecting the taxable property of COUNTY OF WAYNE, MICHIGAN

Local Unit	Date of Election	Voted Increase	Effective for Years	Local Unit	Date of Election	Voted Increase	Effective for Years	Local Unit	Date of Election	Voted Increase	Effective for Years

Creative fitness

Retreat weekend is more than just a workout

By KAREN RICE

It's a beautiful fall weekend. The air is crisp and clear, with just a hint of frost lying in the grass. It's early Saturday morning; the quiet and peaceful rolling hills are refreshing after a hectic week.

It's a perfect time to...exercise? Well, it is if you are Jody Adams or believe, like her, that exercising is a lot of fun. So convinced is Adams that physical exertion is a terrific form of recreation, in fact, she organized a retreat weekend to do just that. What's more, 38 women followed her lead and signed up for the retreat, which was held at St. John's Seminary on the edge of Plymouth the last weekend in September.

Women came from Howell and Hartland, from Fernadale and Farmington, from Northville, Novi and just about everywhere in between to do push ups, sit ups, run in place, play racquetball and learn aerobic dances. Why? They say it feels good.

If the thought of such calisthenic pastimes leaves you cold, you aren't alone. Many people don't care to exercise much and recall with pride the last time they were forced to work out like that was at a time when they couldn't fight back; chances are it was either 10th grade gym class or basic training for the armed forces.

But what the uninitiated don't know is that exercise really can be fun — when it's done Jody Adams' way.

Adams is the director of Creative Fitness, a program that tries to cover all areas of fitness by integrating exercises designed to relax and tone the mind as well as the body, and also emphasizes spiritual well-being.

Her program has been a regular offering through Novi Community Education for the past two years and has grown from meeting a couple of times each week in Novi to the point where 20 teachers and substitute teachers lead nearly 30 classes weekly

Jason bows in

Mr. and Mrs. Clifford Shoebridge of Westland announce the birth of their first child Jason Michael October 3.

He was born at Garden City Osteopathic Hospital and weighed seven pounds, ten ounces.

Mr. and Mrs. Clifford Shoebridge of 303 Pennell are paternal grandparents and Mr. and Mrs. Nicholas Jackson of Redford are maternal grandparents.

Mrs. Rose Stiff and Mrs. Rose Jackson of Redford Township are maternal great-grandmothers.

Mr. and Mrs. Guy Cockendall of Manton are paternal great-grandparents and Mr. George Shoebridge is the paternal great-grandfather.

Clifford Shoebridge is a 1977 Northville High School graduate.

from here to Hartland. Currently, more than 200 people are participating in the program.

Furthermore, Adams is now offering classes designed especially for senior citizens as well as those for preschoolers. Apparently, Creative Fitness is for all ages, shapes, sizes, and physical conditions.

"It's exciting," says Adams. "I can hardly keep up with it now."

Creative Fitness seems to have caught on like wildfire, and devotees of the program are indeed enthusiastic about Adams and her exercises. Adams, however, doesn't take credit for the success of Creative Fitness.

"If you try to do something on your own, very often you fail," she says. "But if you pray to the Lord for guidance, He will help you."

A deep religious faith is part of Adams' personal program of Creative Fitness and can be as much a part of her students' lives as they choose, she says. The logo for Creative Fitness is of a triangle, symbolizing body, mind and spirit as well as the Trinity, she explains.

Certainly all those elements figure into the program Adams has developed. Creative Fitness combines aerobic and gymnastic exercises choreographed to music with yoga and tension-releasing meditation. And it really does look like fun.

The women who signed up for the Creative Fitness retreat, for the most part, have either participated in Adams' program before, are taking her classes through community education now or plan to sign up. They don't look like physical fitness fanatics. They look like your next-door neighbor. They range in age from early 20s to 60-and-holding. But they are almost unbelievably enthusiastic about the Creative Fitness classes and retreats.

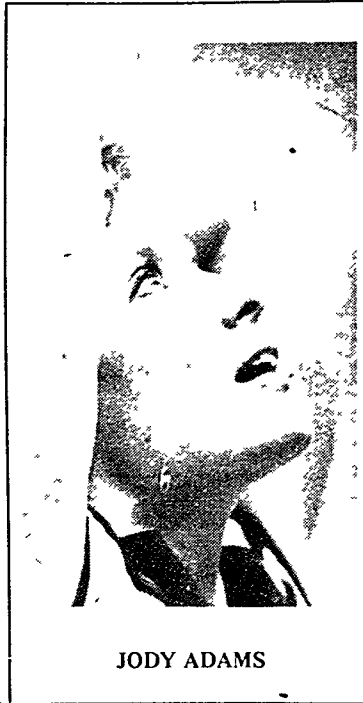

Take Bobbie Lobbia of Northville. She signed up for a Creative Fitness class nearly ago because she thought she needed some exercise. Lobbia admits she had never been much of an athlete, even as a child.

But Adams' program made a believer out of her, she says. Now Lobbia teaches Creative Fitness classes twice a week, attends the sessions and exercises at home on the weekends.

"You know it's a funny thing," Lobbia says. "You think you'd be tired after all of that exercising, but you aren't at all. It's invigorating. You're

really ready to go on for more."

Agrees Harriet Boyer of Farmington. "It feels great! I find that I have so much more energy after exercising. People today are saying exercise is where it's at, and they're right. You just feel exhilarated afterwards."

JODY ADAMS

There was a lot of that feeling going around at St. John's Seminary during the fitness retreat. It wasn't really like going to a health spa, though. It felt more like going to camp.

Activities were planned throughout the weekend, with just enough free time to keep going the spirit of relaxed recreation, yet plenty of scheduled events to keep the group busy.

Friday's activities began with a variety of game choices; women were free to golf on the seminary course, hike, jog, play volleyball, racquetball or baseball. Afterwards, Adams and her assistants led a parcours, a new type of exercise Adams used for the first time during the retreat. Originally developed in France, the parcours is a mile-long course with seven exercise stations-scattered several hundred feet apart.

Beginning at the first stop, groups of six women each did warm up exercises

and stretches before running on to the next station, where Lobbia put them through a weight-toning session. Other stops featured sit-ups and push-ups, aerobic dancing, leg stretches, mock bicycle pumps and a cool-down period.

Next came dinner and some game-playing. Yoga was the last event of the day before "campers" trundled off to their accommodations at the seminary.

Saturday morning started off bright and early with jogging at 7 a.m. for those who were so inclined. After breakfast, the women gathered for a session of Creative Fitness, a number of limbering exercises put to music. Another parcours followed and then came free time and lunch.

Aerobic dancing in the seminary gym was an invigorating — to say the least — part of the afternoon. Keeping up with the instructor is enough to completely wear one out — but keeping up with everybody else is so much fun it's difficult to realize how physically taxing the exercise is.

Weightlifting with Mireille Peerson of Novi, card games and more individual sports activities followed, with another yoga session winding things up for the night.

On Sunday, the pace was a bit slower. Jogging was still a pre-breakfast treat and Creative Fitness exercising was slated for later in the morning. The final event of the day was a breadmaking class.

In addition, Saturday a lecture on holistic health was given by Merrill Lundgren and Harriet Boyer spoke on "Patchwork of Life" Sunday. Appointments with professional masseuses helped soothe some of the tired muscles of the exercisers, too.

But remarkably enough, the sheer volume of planned activities and all that hard work didn't come close to detracting from the real selling point of the weekend: the retreat offered a chance to get away from the hectic pace of home life or work week and become more in tune with one's body and mind.

Even Linda Helfer, who had the task of juggling masseuse appointments and other details, plus keeping track of the campers, had some time to relax.

Perhaps having the most fun of all, though, was Jody Adams. Bounding around in leotards, jogging pants and tennis shoes, she obviously felt at home among kindred spirits on retreat. Or maybe she just thought it felt good to stretch out among friends.

Y motivation class set

Did you know that Winners Do What Losers Won't?

Dr. Carl T. Bergstrom, Ph.D., will tell you all about it in his class at the Plymouth Community

Family YMCA.

Senior Fitness and Senior Folk Dancing also are among the new class offerings at the YMCA this fall.

Dr. Bergstrom, a

psychologist with vast experience in teaching the principles of self-motivation, currently is a school psychologist for the Waterford School District.

Sessions will be held Friday, November 21 from 7-10 p.m. and Saturday, November 22 from 9 a.m. to 5 p.m. at the Plymouth Township Hall on Ann Arbor Road. Fee for the classes is

\$40 for members and \$45 for non-members.

Six-week sessions of the Senior Fitness and Senior Folk Dancing currently are underway at the Tonquish Creek Manor Activities Room.

The classes, taught by Ann Fowler, are free.

The fitness class in conducted on Fridays at 2 p.m., while the folk dancing sessions are at 1 p.m. Fridays.

DR. CARL T. BERGSTROM

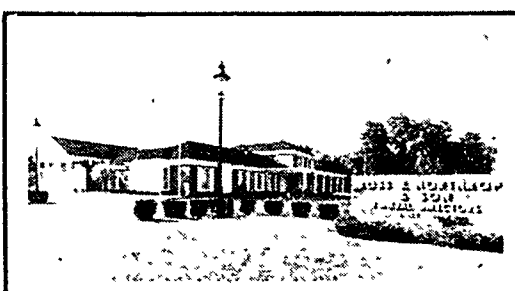

Breakfast slated

Sister Loretta Mellon, O.P., will be speaker at the Saturday morning prayer breakfast of Women's Aglow

Fellowship at 9 a.m. November 1.

It will be held at Cyprus Gardens in Harvard Square Plaza, Sheldon at Ford roads.

Reservations are being taken by Irene Scott, 349-6759, Mary Louks, 455-6654, and Judy Brilla, 459-9720.

INTRODUCING THE CHECKING ACCOUNT THAT PAYS INTEREST

On December 31, your present checking account at your bank becomes obsolete. Because on that day First Federal Savings of Detroit will begin offering a new concept in money management—the First Federal interest-earning checking account.

You'll use this new type of account like any traditional checking account. But it will do something no checking account ever did before. It will pay you interest like a savings account—5 1/4% per year, daily interest, paid and compounded quarterly. Even when you write a check, the amount of that check keeps earning interest until the day the check is deducted from your account.

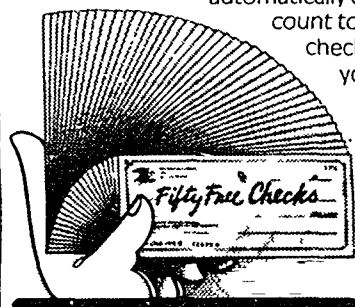

Your First Federal interest-earning checking account will require a low minimum balance of just \$300. And as long as you maintain this balance there is no monthly service charge. First Federal's low minimum balance requirement frees up more of your money for other needs.

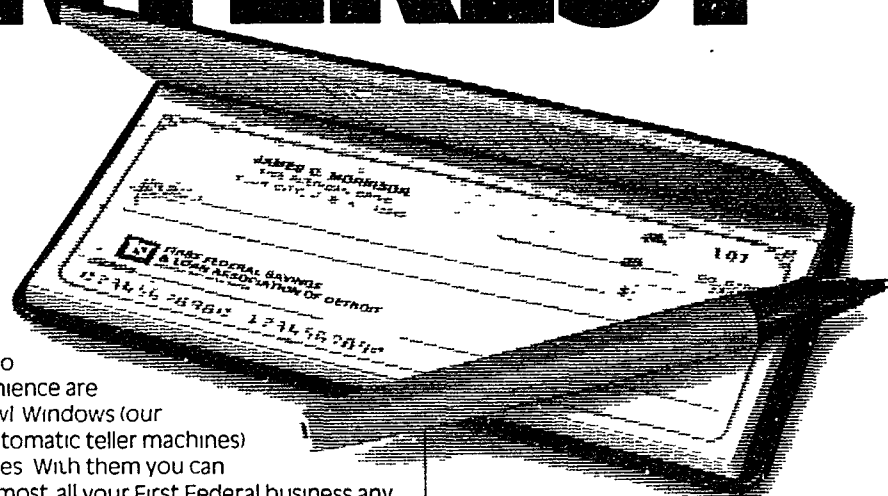

This optional feature of your interest-earning checking account helps protect you from the inconvenience of accidentally overdrawing the account. It provides you with peace of mind. Be sure to apply separately for this service. When accepted, you'll have a pre-approved line of credit available.

You can sign up for your account right now with a minimum deposit of \$300. For making this early deposit, you'll be entitled to 50 free personalized checks which will be sent to you after December 30, 1980. In addition, we'll put that deposit in a regular savings account for you until December 31, earning 5 1/2% per year, daily interest, paid and compounded quarterly. On December 31, we'll automatically convert your account to an interest-earning checking account. And you'll be able to start writing checks and earning 5 1/4% annual interest the highest rate of return allowed by law on interest-earning checking accounts.

First Federal's more than 60 offices mean you can have your interest-earning checking account close to where you live, work, or shop—which ever is most convenient for you.

Adding to this convenience are 15 Night Owl Windows (our 24-hour automatic teller machines) in key offices. With them you can transact almost all your First Federal business any time of the day or night, seven days a week.

It all adds up—a checking account that pays interest, requires a low minimum balance, offers overdraft protection and 50 free checks. And, of course, each month we will return your cancelled checks along with your detailed statement. Apply for your account by sending in the coupon below. Or visit any office of First Federal Savings of Detroit. Your Center for Family Financial Matters. Under Federal law, interest-earning checking accounts cannot be used until December 31, 1980. This service is available for individuals, single proprietors, and some nonprofit organizations.

INTEREST ON CHECKING BEGINS HERE.

I wish to apply for a First Federal interest-earning checking account in the name(s) listed below.

I have enclosed \$_____ to start my account (Minimum \$300)

M. _____ (First Name) (Initial) (Last Name)

Address _____

City _____

State _____ Zip _____

Social Security Number _____

Home Telephone _____

If you wish to open a joint account, please give name with middle initial.

M. _____ (First Name) (Initial) (Last Name)

Also, please send me an application for:

Overdraft Protection ☐

Prestige* Card for Night Owl Window Service ☐

(Your Signature)

(Co-Owner's signature if joint account)

Mail or bring this application to your nearest First Federal office.

Car pooling...try it, you might like it

By DONNA LOMAS

Selling mass transportation to Michigan drivers is not an easy job, but converts to car and van pools are growing in number.

Hundreds of Michigan drivers have long considered driving to work — in their car, alone — a sacred tradition. But rising fuel costs, traffic jams going to and from work, winter weather and its effects have convinced many to leave the driving to others.

Consider these comments from drive alone converts:

"The van is more comfortable, there is room to move, room to sleep. I like the people and we have good discussions on politicians, newspapers, and movies," said Seth Whitmarsh, a South Lyon resident who is a supervisor in the Michigan Department of Social Services in Lansing.

"I do enjoy the convenience of the SEMTA bus," said William Secord of Northville, a parts analyst for Ford Motor Company in the Renaissance Center. "It's better than driving, saves me money and wear and tear on my car, especially in winter. All I have to do is drive my car to Ford's Sheldon Road plant.

Secord says he notices not only workers taking the bus, but also downtown shoppers and others on personal business. Car pools have been used often by social clubs and other special interest groups who ride with each other for different reasons.

"We've always carpooled," said Ruth Klein, a member of the Baseline Questers, an antiques study club from Northville. "It had nothing to do with the gasoline shortage, it's just fun for us to do. Usually it's three or four to a car. We have to leave some room in case we bring something home from a show."

There are disadvantages, however. Secord spends two hours each day to and from work, because the bus makes stops along each way.

"That's the only thing I don't like," he said. "The equipment lately has improved, but better maintenance is the biggest gripe I've encountered. The vans are vandalized quite a bit, sometimes the heater or air conditioner doesn't work. Once we stood at the side of the freeway for 45 minutes waiting for another bus because ours broke down."

"I've carpooled since 1972," said Whitmarsh. "Vanpooling has it all over carpooling. If one person was late for the car pool, everyone was late. The van pool has a set time, you must be there to get on. Everyone had to drive in the car pool. In the vanpool, if you don't want to drive, you don't."

"One other thing: some things are not discussed in a van or car pool, like religion and politics. But there is an Iranian in our van pool and once we had a good discussion on his country."

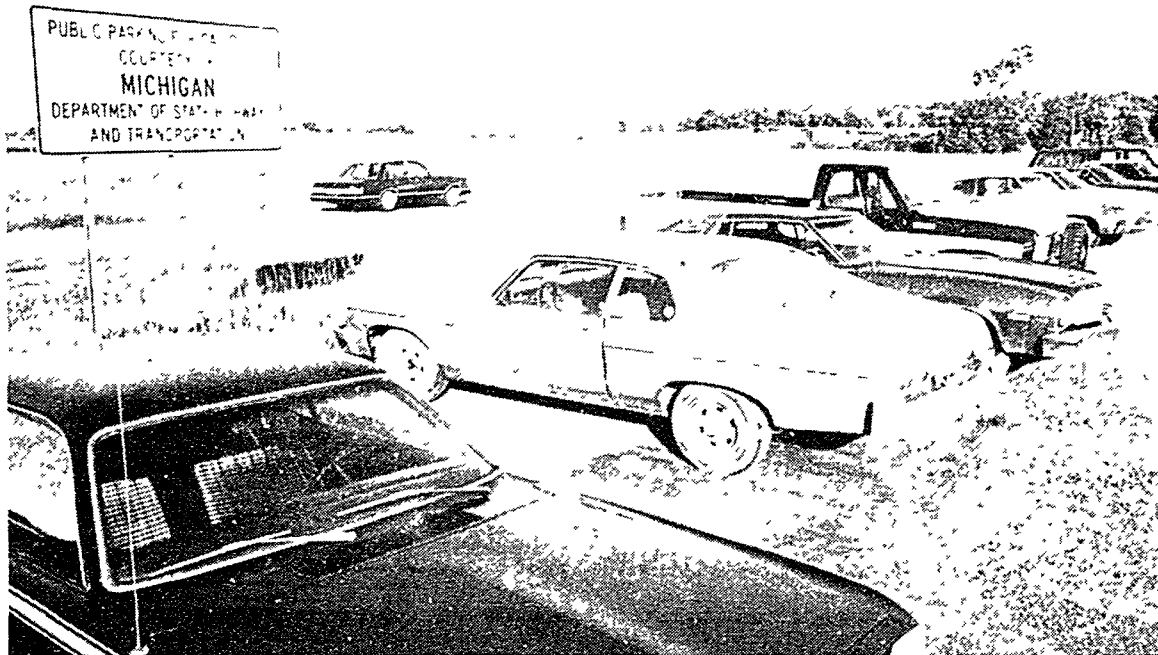

Whitmarsh rides in a state sponsored van pool with 11 others (including the driver) that leaves from Brighton and makes one stop in Howell before driving to Lansing.

The van poolers pay \$3.70 per day, including their insurance and maintenance for the van. "I couldn't drive my '73 models for that amount per day," says Whitmarsh.

Although that van pool is offered only to state employees, another program called MichiVan is offered by the Michigan Department of Transportation. MichiVan is administered locally by Van Pool Services, a subsidiary of Chrysler Corporation. The office is located in Detroit.

Van Pool Services is a non profit corporation that signs up riders, leases and provides vans. It operates from funds granted by SEMTA, and is reimbursed by SEMTA for promoting car and van pooling.

Dan Brudi, a spokesman for Van Pool Services, said MichiVan is offered to

State, others assist car poolers by providing public parking lots

commuters throughout the state, while its contract with SEMTA is so far limited to commuters in Southfield and Livingston County.

"In some outlying areas, commuters work all over Southeast Michigan and they are hard to reach," said Brudi. "People here aren't familiar with mass transportation. It's hard for them to accept, although they can save 60 percent on their transportation bills."

Brudi says Van Pool Services tries to reach potential poolers through employers. He noted larger companies use the vans, while smaller companies benefit from car pools.

Vanpools either pick up commuters at their doors or common pickup points. Each van can elect to have one constant driver or trade off driving duties. If one person drives, there must be a back up driver. Both must pass eligibility requirements, said Brudi.

In the MichiVan program, the driver is responsible for recruiting van pool passengers, with assistance from the Van Pool office in the way of computer passenger lists. Van drivers, however, also enjoy the van for their personal use on weekends (paying only for gas) and a free ride to and from work.

A program called RideMatch is offered by SEMCOG (the Southeastern Michigan Council of Governments).

RideMatch is coordinated by public and private agencies and employers and supported by the U.S. Department of Transportation.

The service is for Southeastern Michigan commuters and says it can save each one up to \$1,000 and 700 gallons of gas per year. SEMCOG works with employers to provide the service.

SEMCOG figures if one person drives 40 miles roundtrip for work, it would cost that person \$4.52 per day in gas and maintenance. Gas is based on \$1.05 per gallon and 43 cents for oil, lubrication, tires and routine maintenance.

At \$4.52 per day, a commuter would spend \$1139 per year in commuting costs, according to SEMCOG's figures. But if the commuter carpooled with three others, he or she would spend only \$284 per year in work trip costs.

SEMCOG notes the savings figure doesn't include savings on insurance,

vehicle depreciation or parking costs.

Secord, the SEMTA (Southeastern Michigan Transportation Authority) rider, paid about \$3 per day driving his car for the 50 mile round trip to work, based on a 20 days of work in a month.

"I pay \$48 a month for my SEMTA ticket, so divided by 20 it's about \$2.40 per day. So I save 60 cents per day, plus wear and tear on my car," Secord noted.

"It's hard to get information about car or van pooling to people," said Brudi. "Some think it's not for them because their work schedules are different. But SEMTA has Park and Ride lots where a van stops to pick people up, so they don't have to work in the same place."

For information on ridesharing, call SEMCOG at 961-4266 or Van Pool Services at 956-5353.

013 Card of Thanks

I would like to thank all the girls in Physical Therapy for being so nice to me in all of my visits. May God Bless you. Jessie Benjamin.

To Pat and John Alstott. Just want to say thanks for everything, Melody and Gordon.

WE would like to thank our friends and neighbors for their kindness and support at the time of our beloved son and brother's death. (Danny LaCroix, September 20th) and a very special thanks to Dick Phillips and Phillips funeral home. Also, Father Vogan for the time he spent with us in prayer and understanding. He helped make our grief and sorrow a little easier to understand and accept. A special thanks to Pat and Larry Norkool. Words cannot express our gratitude and love. To all who paid last respects, sent flowers, contributions and food and food all the lovely sympathy cards we received. Thank you and God bless you. You are all in our thoughts and prayers. Sincerely, Betty, Louise, Denise, Mike LaCroix.

WE wish to extend our heartfelt thanks to our friends neighbors and loved ones for the many kindnesses extended to us during the recent loss of our mother. Special thanks to the many friends of the Highland United Methodist Church for the wonderful dinner served, Roy and Mertle Glynn, Ellen Proctor, the Lynch family and Emory Hinkson. Lynn and Imo Fraser and Leslie and Wanda Fraser.

Business Briefs

SEE WHY THE GREAT AMERICAN ROMANCE with the auto is alive and well at Twelve Oaks Mall as 15 unique Classic Collectibles and 27 of the newest contemporary 1981 styles are exhibited October 24 through November 2.

The best of the Detroit area market automobile industry will be represented by nine local dealers as they introduce the designs, concepts and versatility in cars which are so important to lifestyles today.

"The Age of the Automobile" exhibit will feature an opportunity for local residents to win a free compact car. Participants will win the compact car of their choice or \$6,500 toward the purchase of any new American car in the "Great Car Give-away" drawing to be held November 1.

Entry blanks are available at the Twelve Oaks Mall information booth or any of the following participating dealer showrooms: Bill Cook Buick, Bob Sellers Pontiac, Jack Cauley Chevrolet, Dick Green Chrysler West, Bob Dusseau Lincoln-Mercury, Tom Holzer Ford and Bob Saks Oldsmobile.

"The Great Car Give-away" drawing will be held Saturday, November 1. Special guest Ruth Warrick — Phoebe Tyler of "All My Children" — will draw the winner in the mall center court at 1:30 p.m.

An exciting event during the "Age of the Automobile" will be a Playboy fashion show featuring the men's fashion editor of Playboy magazine, David Platt. The dramatic, fully accessorized shows, "The Fact...the Accessory" will be held Friday, October 24, at 2 and 7 p.m. in Center Court. The fashions will include tailored clothing, outerwear, plenty of fun sportswear and a designer collective addition handpicked by David Platt.

A theme photo contest will be held in conjunction with the display (entry blanks are available on the information booth counter) and valuable prizes will be awarded for first prize in both color and black and white categories. Photos must be taken in the mall and follow the theme: "The Age of the Automobile."

Informal modeling sessions will be held Saturday, October 25 (9-11 a.m.), Tuesday, October 28 (7-9 p.m.) and Thursday, October 30 (7-9 p.m.). Camera enthusiasts are invited to come in and enter the contest. The models will be provided by the mall. Gatsby looks in men's fashions and a nostalgic showcase of women's wear will highlight the cars. Monte Nagler, well-known photographer, will be on hand to give winning tips to all participating photographers.

A Forties Musical Revue will highlight the show on Wednesday, October 29, at 7 p.m. in center court.

"The Age of the Automobile" will be depicted in graphic displays, merchandise exhibits and video displays throughout the 10-day event at Twelve Oaks.

GUARDIAN INDUSTRIES CORP. has reported financial results for the three months ended September 30, 1980 which were at record levels for the 21st consecutive quarter.

Revenues during the third quarter were \$84.2 million, eight percent higher than in 1979. Revenues for the first nine months of 1980 totaled \$224.5 million, or six percent above the comparable period last year.

DETROITBANK CORPORATION has reported earnings for the first nine months of 1980.

Income before securities gains and losses was \$30.7 million, a decrease from the same period last year when earnings were \$36.6 million. On a per share basis, primary earnings were \$3.67, a decrease of 15 percent from the \$4.30 recorded in 1979 which was an all-time record high nine months for the corporation. Net income after securities gains and losses on a primary basis was \$3.18 a share compared to \$4.07 in 1979.

Victory was sweet
for Mustang coach
Dennis Colligan

Mustangs whip Western, 25-12

Northville clinches second place in W-6

By KEN KOVACS

Homecoming 1980 will long be remembered by the football fans of Northville High School.

The 25-12 victory over Walled Lake Western Friday assured the Mustangs of at least a second place finish in the Western Six Conference and gave them a shot at a share of the title — at the least until the next day.

(Farmington Harrison Saturday shattered any dreams the Northville gridders may have had for a share of the crown by crunching Livonia Churchill 19-14 to finish unbeaten (5-0) in the league).

Western coach Chuck Apap also will not easily forget the Northville Homecoming.

Former head mentor at Northville, Apap particularly would have savored a win over his former charges.

But the Mustangs would have none of that.

Striking first on a 28-yard touchdown run by Bob Thomson in the first quarter, Northville never gave up the lead in the contest.

Western's awesome running back, Angelo Buttazzoni got his 100 yards rushing, but amassed the majority of his yards in between the goal lines.

The bulldozing senior fullback crossed the goal line on a one-yard plunge for Western's first score in the

first quarter and again in the third period.

But the Mustangs were producing some offensive drives of their own.

Quarterback Dave Greer scampered 52 yards on an option play and Thomson took the pitch and ran 23 yards to Western's one-yard line the next play.

Greer handed off to tailback Steve Cornalino for the score.

Buttazzoni's second touchdown followed to make it 13-12 in favor of Northville.

(Western signal-caller John Generous overthrew an open receiver on the two-point conversion attempt).

With the game still up for grabs in the fourth quarter, Northville was hit with two holding penalties and faced with third down and 23 yards to go.

Greer hit Brian Pratt with a 20-yard

toss and the flanker fought his way for the first down.

Thomson broke up the middle a few plays later and ran 29 yards for a Mustang touchdown, as split end Dave Ward took Western's safety out of the play with a block at the five-yard line.

"Ward threw a great block," praised coach Dennis Colligan. "He actually knocked him down enabling Thomson to score."

Western took the kick off and started to drive toward the Northville goal.

The Warriors attempted a screen pass to Buttazzoni but Mustang defensive halfback Tim McLaughlin was in the right place at the right time and picked it off.

The junior (who also plays back-up quarterback) scampered 35 yards for the score, putting Northville ahead 25-12 with 1:24 left to play.

"It was a great victory for us," Colligan said of the win. "It's too bad that Churchill didn't beat Harrison, but I guess it just shows you can't count on someone else to do your work."

"We are happy with our second place finish," Colligan admitted.

Thomson led the Mustang rushers with 100 yards on 10 carries, while Greer ran nine times for 99 yards and Cornalino amassed 34 yards in 11 carries.

Scott Spaman and Chris Dimitroff led the Northville defense with seven and eight solo tackles, respectively.

Spaman also assisted on nine takedowns, while Dimitroff had a hand in five tackles.

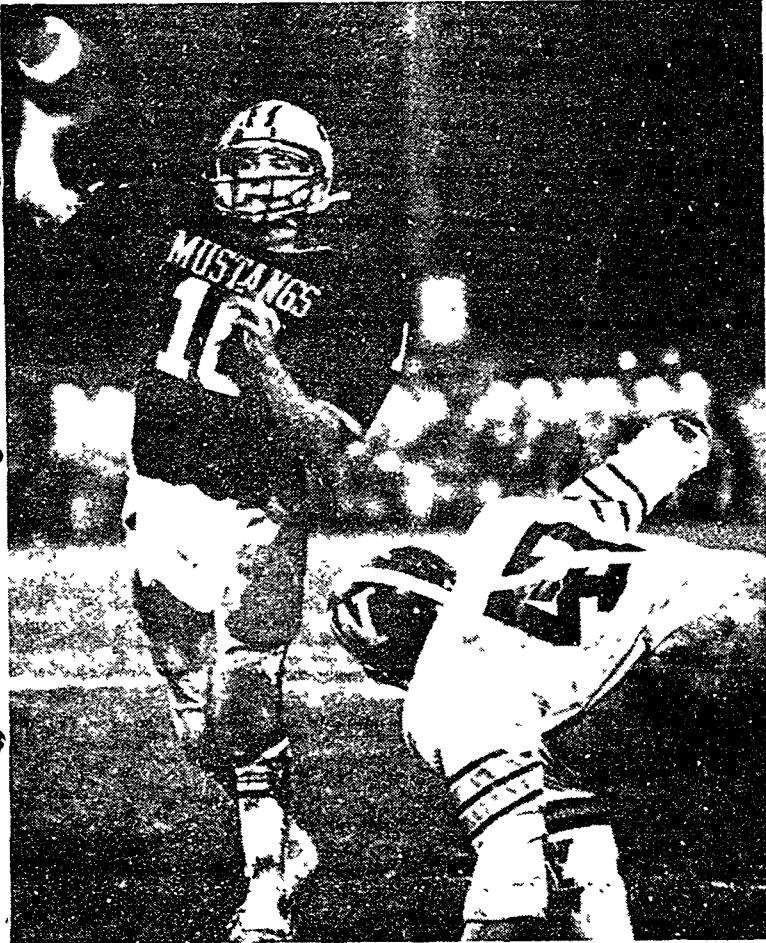

Other defensive standouts were Greer with seven solo tackles, seven assists and one interception and McLaughlin with seven solos, four assists and one interception.

The Mustang junior varsity gridders suffered a 19-6 loss at the hands of the Warriors last Thursday.

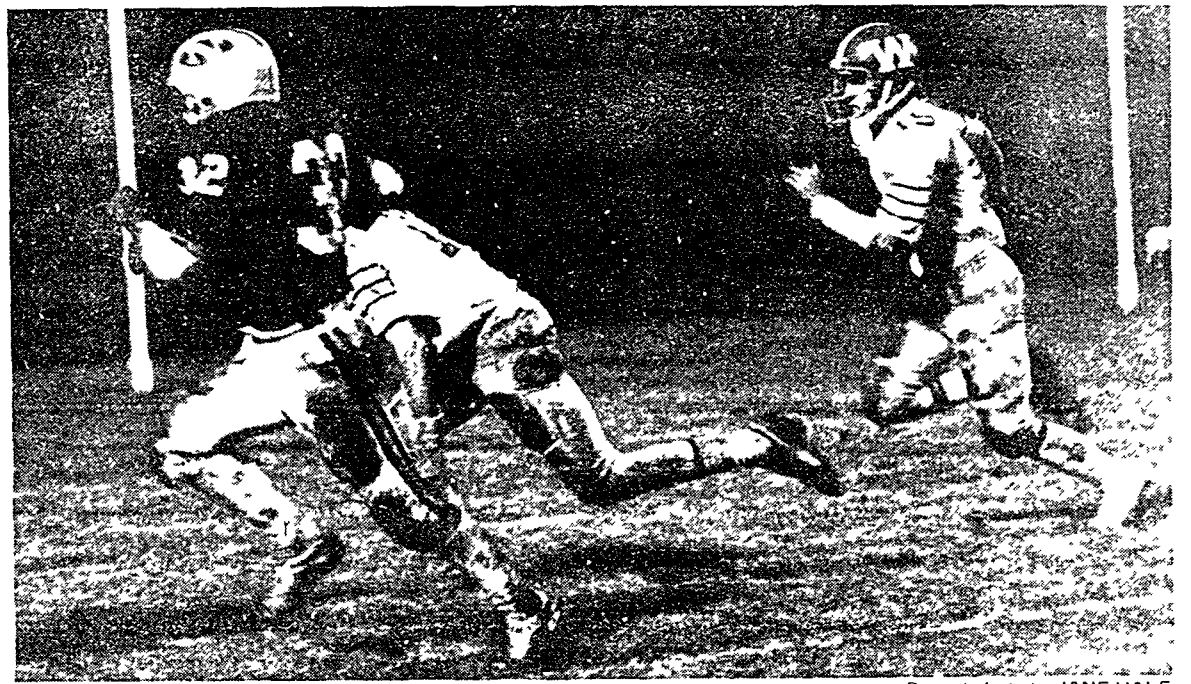

Down 19-0 when the third quarter began, Dan Vogt streaked 72 yards for the Mustangs' only score.

Northville did manage to get inside Western's 10-yard line on two other occasions, but failed to score.

The junior varsity gridders will travel to Milford for a contest Thursday, while the varsity Mustangs will host Milford Friday at 8 p.m.

Dave Greer releases a 25-yard pass to Brian Pratt for a Mustang first down

Bob Thomson led the Mustang ground attack with 100 yards rushing and a pair of touchdowns

Game change

Ghosts and goblins have won out.

Due to Halloween falling on a Friday this year, the final Mustang football game against Novi (originally scheduled for Friday, October 31 at 8 p.m.) will be played on Saturday, November 1 at 2 p.m. at the Northville football stadium.

Mustang kickers unbeaten, second in North-West league

By KEN KOVACS

The Mustang kickers made it 10 in a row last week posting wins over Livonia Bentley, Ann Arbor Greenhill and Oak Park.

The 3-2 comeback win over Bentley all but guaranteed them a second place finish in the North-West Suburban Soccer League behind Livonia Stevenson, which handed the Mustangs their only setback this season.

Northville had to defeat Livonia Churchill yesterday (Tuesday) to clinch the runner-up spot.

Greenhill and Oak Park were no contest for the revitalized Mustang squad — which has given up only five goals during its 10-game winning streak — bowing 5-1 and 2-0, respectively.

"Since we changed the defensive line-up we have had a very solid defense and well-balanced offense," said coach Ron Meteyer. "With Les Neal, Greg May, Doug Lyon and John Starcevic on defense and Jeff Dyer in goal we have been unbeatable."

Livonia Bentley scored two goals in the first period to force the Mustangs to play catch-up.

Then Rick Marshall got Northville on the board scoring off a throw-in by Kevin Swayne.

Three minutes later Swayne kicked one in from eight yards out off a ball headed by Fraser Henderson to even the score at the half.

Northville's final goal was scored when Marshall made a dummy kick (passed the ball faking a kick) and Swayne (crossing behind Marshall) blasted it in from six yards out.

Against Greenhills, the Mustang kickers got four goals in the first period putting the opposition in the hole right from the start.

Swayne scored about six minutes into the game, Henderson followed with goal on a penalty kick at 15 minutes, Marshall added a goal at the 28-minute mark and Swayne got

NHS cross country team puts it all on the line in league meet

By KEN KOVACS

Everything is on the line. The five dual meet victories that the Northville High School cross country team has under its belt have no bearing on league standings.

The Brighton Invitational win and good showings at several other non-league races also have no influence on the final standings.

These meets serve only as preliminary races.

The entire season rides on how well the Mustangs perform in the Western

Six Conference meet set for yesterday (Tuesday).

"We stand a lot to lose, but I like the system," Coach Ed Gabrys said Monday. "We have been working toward this meet all year long and I think the guys are ready."

"It will be a totally mental challenge," he continued. "They are in the best physical shape that they will be in this year. They just have to prepare mentally."

Northville will be battling, among other schools, Livonia Churchill and Plymouth Canton — two squads which

could give the Mustangs a run for their money.

Churchill will be out for revenge. The Livonia squad was champ of the Western Six the first six years. Northville has held that same title for the past three years.

"Though we beat Churchill 22-33 in the dual meet last week, they will be very tough," Gabrys said.

Northville took first, second and third in defeating the Livonia runners last week, Clark Couyoumjian finishing first with a time of 15:59, followed by Scott Dayton at 16:22 and Dave Malinowski at 16:31.

Dayton's time was his best this year, while Malinowski tied his best mark and Couyoumjian came within a second of his best.

Seth Swallow took sixth with a time of 17:11 and Jim Williams, who developed a leg cramp during the race, managed to place 10th with a time of 17:49.

Gabrys also expects Canton, a team which packs its runners well, to give the Mustangs some tough competition.

"Canton has four guys who have been running together for three years," Gabrys explained. "The last time we met them was in the Redford Union Invitational where we had them by about two points. I still say Canton is the team to beat."

In the Henry Ford Invitational last week, the Mustangs posted another good showing, though they bowed to the Dearborn squad, which took first and third spots.

Couyoumjian claimed second place with a time of 15:44, Malinowski was fourth with a time of 15:59 and Dayton finished fifth at 16:01.

Gabrys also praised two sophomore runners who have been improving steadily all year.

Pete Wojcecki posted a time of 18:54, while Paul Smith came in at 19:20.

Wojcecki was slated to run in the league meet yesterday.

NHS kickers make it 10 straight

Continued from D-1

his second goal of the game just before the end of the first period.

Northville's final score came on what was intended to be a pass.

Dave McElroy kicked a 40-yard crossing pass which caught the goalie off guard and fell into the net. It was the longest scoring shot for the Mustangs this year.

Saturday's contest with Oak Park turned out to be a ho-hum affair.

Several Mustang starters arrived late to the game following college aptitude tests that morning.

Eric Lindemier scored at 13 minutes into the period and Swayne added a goal on a penalty kick seven minutes later.

The remainder of the game was uneventful and in coach Meteyer's words, "It was one of the worst games we have played all year."

"The 'B' squad played better that day, shutting out Oak Park's junior varsity squad, 3-0," Meteyer said. "The varsity just came out really flat. We were fortunate to win."

Now 14-1-2 overall and 8-1-1 in league play, the Mustangs are looking to the playoffs.

With a win over Churchill — the squad which kept them out of the playoffs last year — Northville likely will face the second place squad in the Metro Suburban Soccer League.

Likely opponents are Hamtramck or Grosse Pointe North, Meteyer said.

The first round of the state playoffs is set for Saturday, October 25.

Mustang netters claim third consecutive Western Six Conference crown

By KEN KOVACS

A third consecutive Western Six Conference title has been clinched by the Northville High School girls tennis team.

The Mustang netters competed in the league meet yesterday (Tuesday) but going into the match they were assured of the title.

Posting a league mark of 10-0 and an overall record of 13-2, the Mustang racqueteers actually clinched the title with their win over Livonia Churchill October 8.

The only setbacks suffered were against Plymouth Salem, which consistently produces a powerhouse team, and Livonia Bentley in a non-

league upset the second match of the season.

Pacing the Mustang team this year was ace singles player Holly Sixt.

The talented senior, who lost only to state-ranked Jane Neville of Walled Lake Western and Chris Gilles of Salem, will be sorely missed next year.

Another leader in singles play this year was Debbie Spade — who played doubles as a sophomore and junior, but convinced coach Uta Filkin that she could compete in singles.

"I really didn't think that she would perform as well in singles as she did in doubles," Filkin recalled. "But she showed me otherwise."

Spade was the only

Mustang undefeated in her flight (fourth singles) throughout the year.

She scored the only win in the match with Salem, beating her opponent handily and nearly pulled out a second round win in regional play last Friday.

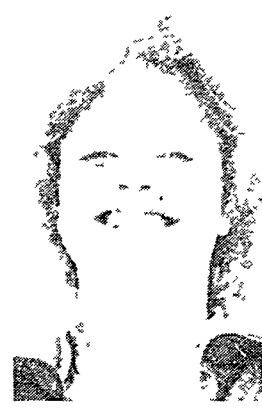

Sheri Robins and Marnie Dillow, respective second and third singles players, also performed very well for the Mustangs this year.

In doubles play Kim Hubbard and Jennifer Missel led the duos at the number one spot, proving to be steady performers throughout the season.

Jana Holloway and Gail Engelmeyer, a new combination, also held their own as did Lisa Gejoff and Kathy Montgomery.

Filkin will be losing more than half her starters to graduation and is counting on the younger players to fill the void next season.

Starters leaving include Sixt, Spade, Hubbard, Missel, Holloway and Gejoff.

HOLLY SIXT

Regional meet results

First round: Sixt (N) won by default. Second round: Defeated 1-6, 0-6 by Lisa Bonder of Ann Arbor Huron.

First round: Robins (N) won 6-2, 6-0 over Monroe Temperance. Bedford player Second round: Beaten by Kelly Lazar of Ann Arbor Huron, 6-3, 6-0.

First round: Dillow (N) defeated Cheryl Walters of Westland John Glenn in three sets, 2-6, 6-1, 6-4. Second round: Lost to second seed Carole Hathaway, 6-3, 6-1.

First round: Spade (N) downed Conny Wielowski of Livonia Stevenson, 6-2, 6-3. Second round: Lost to second seed Gayle Marans of Ann Arbor Pioneer in three sets, 6-1, 3-6, 6-4.

First round doubles: Hubbard-Missel (N) beat Suzi Robitaille and Ann VanTiem of Brighton, 6-2, 6-3. Second round: Lost to first seed Renee Braun and Betsy Moon of Plymouth Salem, 1-6, 3-6.

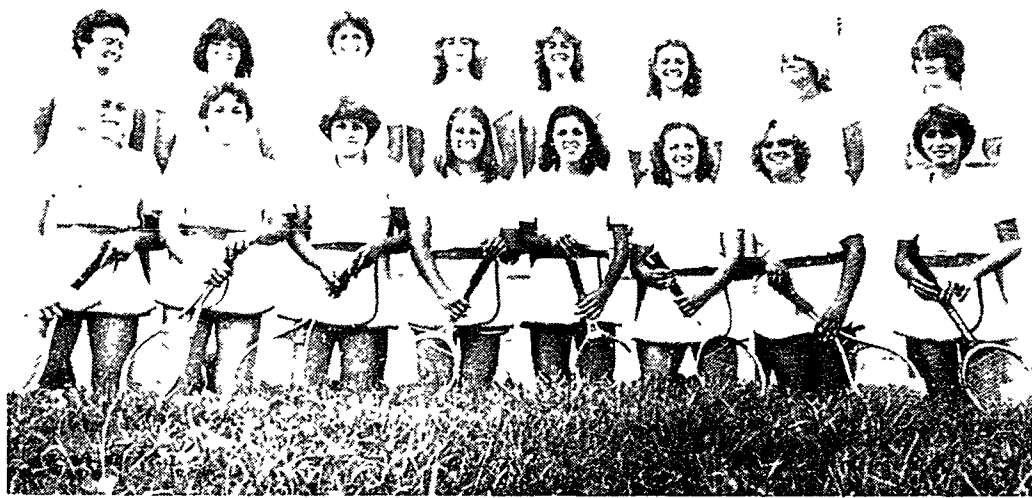

First round: Holloway-Engelmeyer (N) defeated Lisa Rossi and Lora Runk of Adrian, 6-4, 4-6, 6-3. Second round: Beat number four seed Marilyn Dolmat and Beth Quartermouse of Livonia Stevenson, 7-5, 6-2. Quarterfinal play: Defeated by number two seed Monica Boreerts and Sara Fingerle of Ann Arbor Huron, 1-6, 3-6.

First round: Gejoff-Montgomery (N) defeated by number three seed Katie Postnus and Sara Howatt, 1-6, 0-6.

First round: Holloway-Engelmeyer (N) defeated by number three seed Katie Postnus and Sara Howatt, 1-6, 0-6.

DEBBIE SPADE

The Northville High School girls tennis team has wrapped up its third Western Six Conference championship in as many years. Members of the team include coach Uta Filkin, top row, left, Marnie Dillow, Holly Sixt, Sheri Robins, Kathy Montgomery, Liz

McLarty, Kim Hubbard and Kelly Grey. Front row, left, Gail Engelmeyer, Jana Holloway, Debbie Spade, Jennifer Missel, Claudia Horrigan, K. C. Bemish, Jill Stevens and Lisa Gejoff. Stacy Cave is not shown in the photo.

Northville netters claim league victories over Western, Churchill

EDITOR'S NOTE: Several scores were omitted from an article on Northville High School girls tennis in The Record sports section last week. Following are results of those league matches.

The Northville Netters dominated Walled Lake Western 6-1 in a contest October 8.

Western's ace singles player Jane Neville beat Northville's number one singles player Holly Sixt, 2-6, 0-6 — the second time this year — for the Mustangs' only loss.

Sheri Robins downed Holly Spencer, 6-3, 7-6 in a two-hour match, Marnie Dillow triumphed, 6-0, 6-0 over Bev Guthrie, and

Debbie Spade defeated Cathy Fergin, 6-2, 6-0.

Northville also swept the doubles competition, Kim Hubbard and Jennifer Missel beating Cindy Boardman and Michelle Bryant, 6-1, 7-5, Jana Holloway and Gail Engelmeyer triumphed 7-6, 7-2 over Marsha Bryant and Lisa Roselle, and Lisa Gejoff and Kathy Montgomery downed Julie Jenkins and Sue Humble, 6-1, 6-2.

In the netters' 1-6 loss to the powerful Plymouth Salem squad, several Mustang players rallied with their talented opponents.

Robins fought Carol Gillespie, taking two games in the first set and three in the second set,

while Dillow had a little rougher time against Carol Hathaway, losing 1-6, 0-6.

Spade grabbed Northville's only victory in the match downing Sue Dibel, 6-2, 6-1, while Mustang ace Sixt dropped her match to Chris Gilles, 1-6, 0-6.

In doubles play, Hubbard and Missel battled Betsy Moon and Renee Braun before bowing, 3-6, 1-6, Holloway and Engelmeyer gave Vicky Sterling and Lisa Maggio a run for it before being defeated, 1-6, 3-6

and Gejoff and Montgomery dropped a hard-fought match to Lynn Hathaway and Beth Baker, 1-6, 3-6.

The tables were turned

against Livonia Churchill, as the Mustangs swept their final league match, 7-0.

Sixt won easily over Elise Cameron, 6-0, 6-1, Robins blanked Amy Piper, 6-0, 6-0, Dillow edged Debbie Fisher, 6-0, 7-6 and Spade disposed of Pat Louftus, 6-0, 6-0.

The doubles team of Hubbard and Missel was affected slightly by the cold weather, but managed to pull out a win over Katy Bowens and Patty Melon, 7-5, 6-3.

Holloway and Engelmeyer downed Sherry Clark and Alison Clancy, 6-1, 6-2 and Gejoff and Montgomery defeated Paire Burgess and Donna Risioff, 6-1, 6-0.

NORTHVILLE RECORD—WALLED LAKE/NOVI NEWS

FOOTBALL CONTEST

Enter Today! You May Be A Winner!

HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 20. You will notice that each square below is also numbered from 1 to 20 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:
(1) After each number on your paper write the name of the sponsor of the corresponding square.
(2) Following the sponsor's name—write the name of the winning team.
(3) In addition you must pick a score on the outcome of the game in square 20. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.
Be sure to write your name, address and phone number plainly on your piece of paper (your entry). In case of a tie, prize money will be split.

NOTE: Only ONE entry per HOUSEHOLD family per week. Prize money paid only to name on entry. PLEASE do not enter several times using friends' names. Such entries will be disqualified if discovered.

Copies of the contest will be posted at the Northville Record office at 104 W. Main and at the Wall Lake News office, 1340 S. Commerce Road each week. Entries should be addressed "Football Contest", Northville Record, 104 W. Main, Northville, MI 48167 and must be postmarked or brought to our office no later than 5 p.m. each Friday. Employees of the Northville Record and the Wall Lake News or sponsoring merchants are not eligible.

Entry forms available without charge in our offices. Winners announced in paper and posted in offices.

Registration opens for skiing, b-ball

Junior basketball tryouts will be held Saturday, November 1 at the community building.

Third and fourth grade tryouts are set for 9 a.m., fifth and sixth grade at 10 a.m. and seventh, eighth and ninth graders at 11 a.m.

Those youngsters planning to participate in the tryouts must have registered previously.

Further information is available by calling the recreation department at 349-0203.

Ski club registration begins Monday, October 27.

Those wishing to register should bring \$20 and a small picture (mug shot).

Registration is open throughout the ski season, Monday-Thursday only.

The first ski trip is tentatively scheduled for November 21.

Registration for co-ed volleyball will begin November 10.

Resident teams can sign November 10-14, while non-residents can register the following week, November 17-21.

Residents must pay a \$100 registration fee while the cost is \$150 per team for non-residents.

There are 16 openings for teams — eight for Tuesdays and eight for Wednesdays.

Openings will be filled

on a first come, first serve basis.

Registration for men's basketball is open through November 26.

The cost is \$340 per team. Games likely will begin in January.

Open basketball will resume on Monday, November 10 at the community building.

Junior high students can play from 4-6 p.m. Monday and Wednesday while adult time is set for 9-11 p.m., also on Monday and Wednesday.

Cost is 50 cents for one time. Punch cards for five or 10 times also are available at the recreation department.

SALE ENDS OCT. 31st

Dave Smith is tops in football contest

All but three contestants missed seven or more games last week as upsets continued to plague participants in the weekly football contest.

But for Dave Smith of 649 Reed, it was a good week.

Forget that he figured Detroit would defeat Chicago. Forget that he predicted the Lions would thump the Bears by a score of 37-7. Forget that he anticipated a victory for Michigan State. Remember but one thing: he had only four mistakes in the 20 game lineup — two fewer than the next closest contestants.

With four mistakes, Smith easily claimed first place money in last week's contest.

Taking second place with six mistakes was Kriss Vangieson of 623 High. He beat out Jeff Harp, a neighbor of Dave Smith, by virtue of his closer score in the

Detroit-Chicago game. Jeff took third place.

Both Kriss and Jeff incorrectly guessed Detroit would win, but Kriss' score prediction was 25-points off the mark compared with Jeff's 37 points.

Beside Chicago's upset triumph over Detroit, games that proved particularly tough for contestants included Central Michigan's loss at the hands of Northern Illinois, heavily rated Stanford's loss to Washington, and Miami's upset victory over Buffalo.

Also, many contestants incorrectly guessed Walled Lake Western would defeat Northville and that Pontiac Northern would win over Walled Lake Central.

Twelve contestants had seven mistakes, 24 missed eight games, 14 missed nine, five miss 10, five missed 11 and the remainder missed 12 or more games.

WSSL highlights

Continued from D-5

United 6, Livonia 2
Keith Dutkiewicz scored three goals, Chris Hauser kicked in two and Brent Wasik tallied one as United outclassed its Livonia opponent. Tom Veselenek assisted on several goals.

Farmington-34, Fury 2
Farmington opened the scoring at the 16-minute mark but the Fury quickly tied the score 18 minutes into the period on a Chip Huber penalty shot. Twenty-five minutes into the second half Eric Donkers tied the game at 2-2 scoring off an assist by Luchito Mejia. Farmington scored twice in the final 10 minutes to clinch the victory.

Arsenal 3, Farmington-21
Matt Peltz scored two goals assisted by Matt DeMetos. Bill Herguth added another score on an assist by Jordan Beltz for the Arsenal's third goal. Bob Baird and John Gass were cited for their defensive play.

Chargers 4, Livonia-81
Two goals by Fred Cahill and one each by Scott Kubit and B.R. Bohan assisted by Mike Moylan were enough to overcome Livonia. Brad Butterfield and Matt Lomb drew praise for their play.

Girls, 14 and under
Livonia-73, Aztecs 1
Julie Moylan the Aztecs' lone goal, while Cindy Spencer was cited for defensive play.

Farmington-15, Pink Panthers 1
Cathy Korowin scored the lone goal on a pass from Jill Jensen.

Foxes 7, Livonia-60
The Foxes wrapped up the division title with this blanking of Livonia. Julie Anger scored four times, giving her 21 goals for the season. Suzy Terwin, Sandi Stephans and Amy DeMattia added one goal apiece. The Foxes, who ended the season with a perfect 8-0 mark, scored 50 goals. Cited for defensive play were Belinda Cureton, Jane Hodgson, Eileen O'Rourke, Linda Hall, and goalie Cheryl Dellasandro. The defense allowed only five goals all season.

Farmington-23, Charlie's Angels 1
Sheri Cordero scored the Angels' only goal as Farmington edged the Northville squad.

Girls, 16 and under
Northville-32, Livonia-41
Chrissy Kreutzberg and Tish Johnson each scored in the second half to overcome a 1-0 halftime deficit.

Northville-23, Lakes-10
Marianne Moylan, Kim Abraham and Kim Petit notched goals for the winners. Sharon Lane also was cited for her play.

Northville-14, Livonia-10
Chris Hanson, Kelly Coutts, Lisa Cahill and Ann Schwartz all scored.

Boys, 16 and under
Northville-32, Livonia-42
Bruce Wolfgam and Brian Dragon scored for Northville in the hard-fought contest.

Livonia-35, Northville-21
Joe Sugrue collected Northville's lone goal.

Girls, 19 and under
Northville 5, Farmington Celtics 0
Cindy Martin scored three goals to pace Northville, while Marge Muller notched the final score. Melissa McDaniel was praised for her goaltending.

Patriots undefeated

A potent running attack and stubborn defense have enabled the Meads Mill Junior High football squad to post a 4-0 record in as many games this season.

Tailback John Quinn and fullback Robert Craske have led the way on offense, Quinn gaining 299 yards in the first three

games and Craske amassing 340 yards.

Each scored three touchdowns in the first three games.

Neither back scored in last Thursday's 8-0 blanking of Ann Arbor Clague, as quarterback Mike Sylvestere connected on a 15-yard touchdown pass to Mike

Webber with 24 seconds left in the game.

Craske compiled 110 yards rushing in the victory.

The Patriots also have posted wins over Gabriel Richard, 20-12, Farmington, 28-0 and cross-town rival Cooke Junior High, 16-0.

"Our defense was really the key to our win over Clague," said coach Omar Harrison. "We have shutout the last three opponents."

In the win over Cooke, Todd Deal picked off a pass and ran 60 yards for a touchdown for one of Meads Mill's two scores.

The Patriots, who play their home games at the Northville High School football stadium, have three games remaining.

YMCA run set

It's almost time for the second annual Hines Park "Run for Youth."

The annual benefit, which raises money for YMCA programs for underprivileged and handicapped youngsters, will take place Saturday, November 8.

A one-mile "fun run" and three- and seven-mile road races are among the activities set for this year.

All runners will start and finish at Perrinville Elementary School on Hines Drive at Ann Arbor Trail.

Pre-registration fee — entries must be postmarked by November 4 — is \$3 for the "fun run" and \$6 for the three- and seven-mile races.

Race day entry fee will be \$4 and \$8. All participants will get a T-shirt and post race refreshments, courtesy of the Seven-up Company.

Race day registration and check-in will be at the elementary school from 7:30-8:15 a.m. Starting time for the one mile and three mile races is set for 8:30 a.m.

The seven-mile race will begin at 9:15 a.m.

There will be men's and women's divisions including 17 and under, 18-23, 24-29, 30-34, 35-39, 40-49 and 50 and over.

First, second and third place finishers in the three- and seven-mile races will receive awards and the overall male and female winners will be presented with trophies.

Further information on the race or registration is available at the Livonia Family YMCA or by calling 261-2161.

'Coot Cruise' at park

A "Coot Cruise" will be held aboard the Island Queen on Kent Lake in Kensington Metropark near Milford on Sunday, October 26 at 9 a.m.

Naturalist Bob Hotelling will be on board to conduct the 1.5 hour cruise which will focus on the "Coot." Hotelling says the Coot is a funny looking waterbird that hates to fly. It does, however, migrate through the park and in large numbers.

Visitors also will have an opportunity to view a variety of waterfowl. They are asked to bring along binoculars and dress for the weather. They will meet at the boat rental dock.

A \$1.50 charge per person will be made, with advance registration required.

Interested persons should call the park at 685-1561 (Milford).

To talk about animals

A special program entitled "From Hunting to Herding" will be conducted at the Kensington Farm Center near Milford on Sunday, October 26 at 1 p.m.

Man's long association with "domesticated" animals has produced many changes in animals themselves and in man's style of living, says interpreter Lori Anderson who will conduct a tour of the park farm.

Advance registration is required for this two-hour program. Interested persons are invited to call 685-9105 (Milford).

"A Canada Goose's World" is the title of a program to be presented at the Nature Center of Kensington Metropark near Milford on Saturday, October 25 at 10:30 a.m.

Naturalist Bob Hotelling will conduct the program of slides, discussion and observation.

Interested persons must pre-register by calling 685-1561 (Milford).

NHS cagers crushed by Warriors

"It's the kind of night when I figure I am in the wrong profession."

That's the way Gene Wagner, coach of the Northville High School girls basketball team, described last Thursday's game with Walled Lake Western.

The Warriors ripped the Mustangs 69-36 in a contest which saw Northville commit just about every mistake imaginable.

"The girls seemed to be tired right from the start," Wagner recalled. "And in the second half Western just blew us off the court."

Playing with only six players — one player quit last week — the Mustangs had problems right from the start.

Northville shot 33 percent from the floor and hit only 38 percent from the free throw line.

Jacque Nixon led Mustang scorers with 15 points, while forward Melinda House pumped in nine and Tracy Wilkenson, recently called up from the junior varsity squad, had five.

The 5-foot-10 Center, playing in her first varsity game, also pulled down six rebounds.

House, the Mustangs' leading rebounder with eight, fouled out in the third quarter.

"We are not a quick team and it becomes very obvious when we get tired," Wagner said. "It's disappointing that we don't have more girls out for the team. It's very hard to prepare for a game when you don't have anyone to practice against."

The Mustang cagers were scheduled to face Livonia Churchill yesterday (Tuesday). They will take on Plymouth Canton tomorrow (Thursday).

Western's Jill Orcutt (40) drives for a layup as Northville's Melissa McDaniel watches

NO SMOKING

Because You're a Non-Smoker...

YOU CAN GET A 10% REDUCTION IN YOUR HOMEOWNERS INSURANCE RATES FROM CITIZENS

For several years now, Citizens Insurance Company of America has been keeping a watchful eye on how household fires get started. And, we've discovered that non smokers stand out from the crowd. That's why we're offering a 10% discount for non smoking homeowners.

All you have to do to qualify for the discount is verify that no resident of your household has smoked for the past year, and your Citizens homeowners premiums will be reduced by 10%. It's that simple.

Stop in and see, or call your local Citizens Agent today. He's got all the details on the 10% discount for non smoking homeowners.

The Citizens 10% Non-Smoking Homeowners Discount — for more than just the health of it.

FAMILY PRACTICE OF CHIROPRACTIC

24100 Drake Road,

Farmington, Michigan 48024

Phone: (313) 477-7313

Welcome To Our Clinic

The Farmington Professional Center is conveniently located on Drake Rd. S. of Grand River and has received many awards for beautification by the City of Farmington. We take pride not only in the way we look from the outside but also in the professionalism you will receive as a patient at our clinic.

Our Chiropractic Clinic is dedicated to the restoring, maintaining, and building of good health through natural, safe, scientific chiropractic methods. Our goal is to teach you how to achieve a high level of health so that you, in turn, may teach others.

Our Clinic offers health counseling and suggestions for the entire family, including exercise, plus special consultations for any health related problems.

But most of all, we offer you our sincere interest and keen desire to get you well and keep you well.

As you have discovered by now, chiropractors see health problems differently than other healing professionals who just deaden pain with drugs, or surgically remove damaged parts of the body. Chiropractors realize that when your body suffers from symptoms, these symptoms are actually warning signals of your problem and not necessarily the real problem. Chiropractors are "Cause Doctors" and seek only to locate and correct the cause of our health problems. Thereby eliminating your symptoms.

We want you, while under our care, to feel free to discuss any phase of your health, and your family's health, with us.

Throughout the following pages of this paper is information which we feel is of vital importance to you as the chiropractic patient. Please read it carefully and retain this paper for further reference.

WELCOME TO OUR OFFICE!!!

The most valuable asset of a family is that everyone is enjoying good health

Chiropractic has been the method of choice for restoring health and vitality to millions of families throughout the world. More and more intelligent people everywhere are realizing good health is gained and maintained only when a normal flow of nerve energy flows from the brain, down the spinal cord, and out between important spinal vertebrae to our vital body organs and tissues.

Baby Sally's colic may be caused by spinal pressure on the nerves which lead to the millions of glands that carry out the digestive processes. Gentle spinal adjustments are administered to normalize your baby's spine.

Mother's migraine headaches are usually caused by a severe spinal twist at the base of the brain. That's why the headache usually occurs on one side of the head. When mother becomes tense and excited the neck muscles tense up, pulling the vertebrae tighter against the spinal cord. Once the cause of her headaches is corrected, she will once again be the happy, healthy, and loving mother she should be.

Dad's low back trouble may be caused by a wrenching of the lower spinal vertebrae and pelvic bones. Conditions of this type often respond readily to chiropractic care.

Pain, stiffness, and swollen joints indicate the presence of inflamed joints. Because chiropractors are especially trained to adjust spines and restore a normal nerve energy flow to all of the joints, the kidneys and adrenal glands, they have been highly successful in caring for arthritis and other disorders that affect the joints.

Junior may suffer with bed wetting, frequent colds, irritability, constipation, loss of appetite and many other conditions. Tension on the nerves in the neck may also affect his school work. Many parents report an increase in the scholastic ability following chiropractic attention.

High blood pressure over a long period of time causes a great strain on the circulatory pump, the human heart. It is often the predisposing factor in heart attacks or paralytic strokes. High blood pressure many times is caused by spinal pressure on nerves leading to the major blood vessels.

"The doctor of the future will give us no medicine, but will interest his patients in the care of the human frame, in diet and in the Cause and Prevention of disease."

—Thomas A. Edison

What You Ought To Know About On The Job Injuries

The health of the American workingman is of great importance to all people. As a result, extensive research has been done to study all aspects of occupational injuries.

On the job injuries, which cost American businesses 100 million man hours annually, represent a tremendous loss in production and revenues.

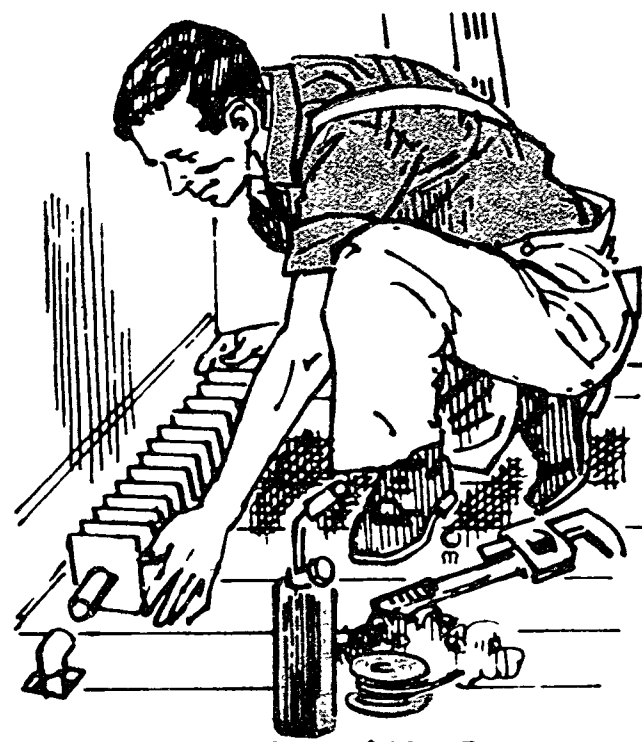

But our concern is with the pain and anxiety suffered by the American workingman—our family, friends and neighbors—when such injuries occur.

The most common occupational injury is sacroiliac strain. It occurs when the sacrum or tailbone slips from its normal position in relationship to the bones of the hip. There may be extensive muscle and ligament strain. The pain is sharp and movement of the legs is restricted. Often the sciatic nerve becomes involved which produces even greater disability.

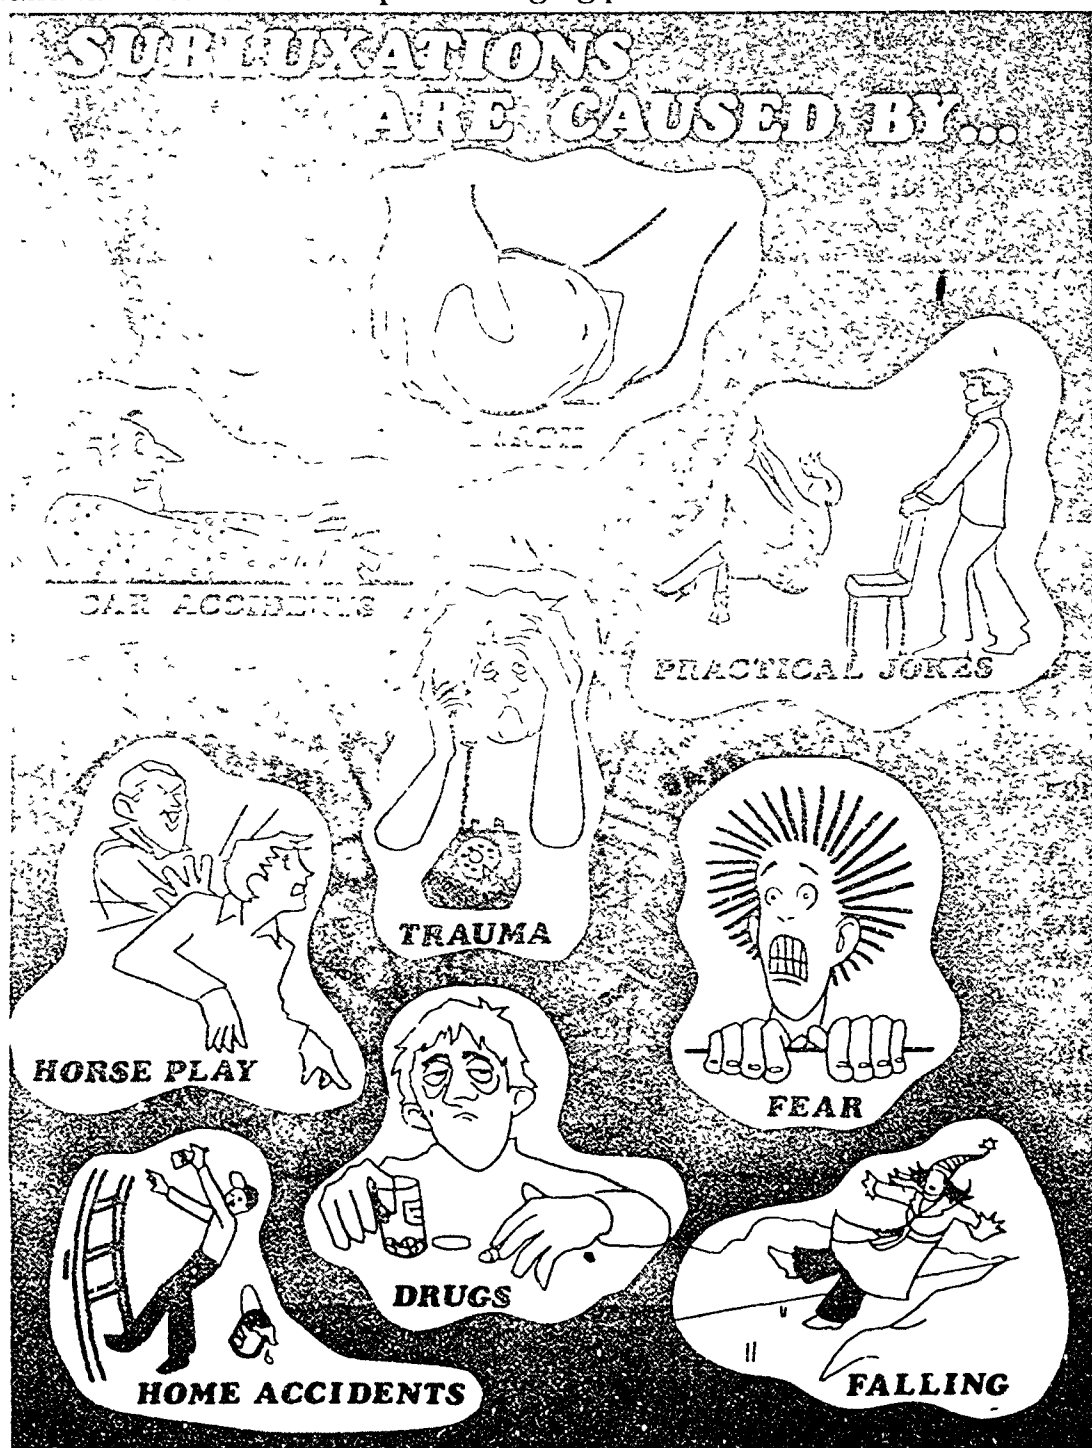

A person suffering from sacroiliac strain may not be able to stand straight. Any attempt to stand tall results in a sharp and stinging pain.

This type of strain is serious. If not corrected a sacroiliac strain can lead to chronic weakness and pain of the region. This injury results from improper lifting, straining when pushing heavy objects and poor working posture. It can be felt anywhere along the spine. There may be an injury to one or more vertebrae. If the strain occurs in the upper back, shoulders and arms may become involved. There is muscular tension and soreness. Any type of motion causes increased pain and all positions, whether sitting, standing or lying, may be uncomfortable.

Spinal and sacroiliac strain are only two of the disabling conditions a worker may suffer as a result of an on the job injury. But since back injuries account for one-tenth of the total time loss injuries in industry, it is this area which deserves attention. And it is this area in which Chiropractic do achieve great success. Chiropractic care can quickly reveal the involved vertebrae and corrective adjustments can bring about relief of the symptoms and a rapid correction of the disorder.

The spine is the life line of the body and good general health depends upon good spinal health. If you or one of your loved ones are hurt on the job, consult our Chiropractic Clinic immediately. Modern scientific chiropractic procedures reduce suffering, time loss and the possibility of permanent serious injury.

Editor's Note:

These testimonials do not mean that chiropractic cures or guarantees a cure. They are to prove that by removing nerve interference, the body heals itself.

Help For Headache Sufferers

Almost everyone of us suffers from a headache sooner or later. Many suffer regularly from this painful symptom. The neck and upper portion of the spine can be considered one of the prime suspects in many cases of recurrent headaches. The Doctor of Chiropractic's experience has taught him that headaches that persist over long periods of time, occurring and disappearing only to occur again when least expected, are related to traceable causes. One such cause is abnormal positioning or an abnormal mobility of one or several vertebrae (spinal segments) in the upper neck.

Sometimes unknown to the patient an accident, fall or improper posture, even an incorrect position while sleeping will force the vertebrae of the upper neck into an abnormal position beyond its normal range of movement. Usually no symptoms appear immediately, but undue stress on muscles, ligaments and nerves will most often result in pain in and tenderness at the base of the skull. This initial pain sometimes spreads from the base of the skull through the nerves of the scalp to the temples and behind the eyes, causing the common, but most unpleasant symptoms of the recurrent headache.

Headache pain is sometimes accompanied by muscle spasm through the neck and shoulders, especially in the back of the neck. Sometimes the pain is so persistent and intense it causes nausea, and is improperly diagnosed as a tension headache or migraine headache. Because many people believe all headaches are caused from nervous tension and stress, and other psychological conflict, years of suffering is endured when a visit to the Doctor of Chiropractic would help correct the cause of the symptom.

Experience of the Doctor of Chiropractic has shown that many if not most headaches are caused by abnormal alignment and mobility of one or more of the vertebrae of the neck and upper back. Treatment has often proven effective in giving the patient relief from the pain and discomfort of the recurrent headache. Talk to your Chiropractor.

The Doctor of Chiropractic is trained to offer specialized care in the effective treatment of recurrent headaches.

WHAT ARE SUBLUXATIONS ?

Vertebral subluxation is not exactly a household word. The average person is familiar with words like cancer, arthritis, stroke, etc., but the silent killer is virtually unknown to most people. Let's take a look at the term vertebral subluxation. If we break the term down we get vertebra, which is a spinal bone. Subluxation broken down give us Sub - meaning less than, and luxation - meaning dislocation. In other words, one of the spinal bones has slipped out of place. This is sometimes improperly referred to as a slipped disc.

The significance of the vertebral subluxation or fixation is that it produces neuronal disturbance (interference with the life force flowing over the nerves). This nerve in-

terference disrupts the control of body processes and produces incoordination in tissues, organs and glandular function. Nerves are directly and indirectly in control of all body processes; interference with the life messages over nerves may cause illness in any part of the body.

Quite often you are totally unaware of a subluxation taking place. Babies are often subluxated at birth without the mother or Doctor being aware of it. The neck is twisted, forceps are used, labor is difficult. These and other factors cause a newborn's vertebrae to misalign.

A slap on the back, tripping on the edge of a carpet, etc., often cause discomfort for a short time and are dismissed as 'nothing to

worry about.' A subluxation has taken place, ignored - perhaps to show up months or even years later as disease.

Less obvious subluxations causes are trauma, fear and drugs. Drugs causing depressions of nerves; fear and trauma causing tension - thus inviting vertebrae to misalign.

Car accidents cause a large portion of subluxations - including the so called "fender benders." The body is jarred and/or startled to an extent where vertebrae subluxate.

Never dismiss any kind of accident - Get it checked immediately by your Chiropractor to prevent any chance of later problems.

THIS IS A SUBLUXATION

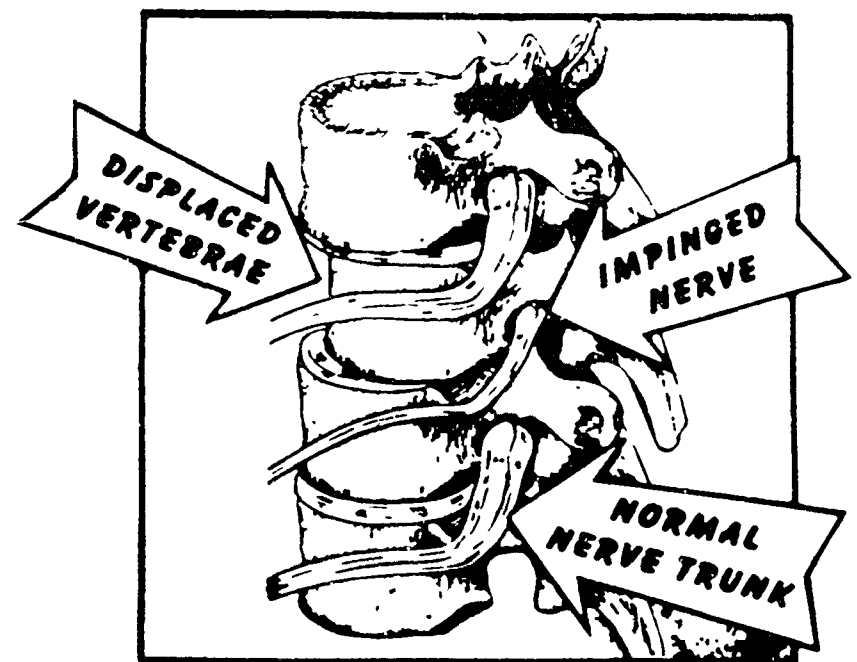

The central nervous system consists of the brain, the spinal cord and 31 pairs of spinal nerves extending to all parts of the body.

The brain generates life-giving energy and sends it down the spinal cord, out the spinal nerves to all cells of the body. Nerves either convey sensory function such as cold, pain, smell and taste, or impulses that give motion to the body.

Any interruption to the transmission of brain energy will slacken and flow and some organ or tissue will be checked in its normal function.

The spine is strong enough to support many hundreds of pounds. At the same time, it is elastic and flexible to enable movement in any direction. There are 24 movable segments or vertebrae in the spine. Between each segment is a soft cushion called a disc, which serves as a ball bearing and shock absorber.

Inside the spine is a tube which contains the spinal cord, the life-line of the nervous system. Between each vertebra are a pair of nerve trunks which carry millions of individual nerve fibers to various parts of the body. If one or more of these spinal fibers becomes impinged, vital organs can become affected, resulting in disease and nervous tension.

Chiropractic

Prolongs life

Reduces suffering

Dr. Phil
Petachenko

Dr. Petachenko this year has been appointed a four year term to the Michigan Board of Chiropractic examiners by Gov. Milliken. He is also an active Elks Member, 32nd Degree Mason and is currently Chairman of the Crippled Children committee of Farmington Shrine Club. Not only a dedicated Doctor of Chiropractic for the past 32 years but he has also been greatly involved in his community.

Dr. Phil
Petachenko

A graduate of Palmer College of Chiropractic joined his father and adds new ideas mixed with traditional methods of chiropractic. Dr. Phil Petachenko has been practicing in the Farmington office for the past year and a half.

Dr. Jabczenski

Dr. Jabczenski also a veteran of over 30 years and rounds off a very professional and experienced team of chiropractors.

SPINAL EFFECTS!

problems begin here

Area Supplied by Nerves	Spinal Column Side View	Results of Nerve Impingement
All tissues, glands and organs supplied with life energy by each spinal nerve.	Names of the nerves which branch from the spinal cord and emit through openings between the vertebrae.	Partial list of conditions and symptoms that can result when there is an absence of life in the nerves.
Blood supply to the head, the pituitary gland, the scalp, bones of the face, the brain itself, inner and middle ear, the sympathetic nervous system	1C	Headaches, nervousness, insomnia, head colds, high blood pressure, migraine headaches, mental conditions, nervous breakdowns, amnesia, epilepsy, infantile paralysis, sleeping sickness, chronic tiredness, dizziness or vertigo, St. Vitus dance

Appendix, abdomen, upper leg, caccum	2L	Appendicitis, cramps, difficult breathing, acidosis, varicose veins
Sex organs, ovaries or testicles uterus, bladder, knee	3L	Bladder troubles, many knee pains
Prostate gland, muscles of the lower back sciatic nerve	4L	Sciatica, lumbago, difficult, painful or too frequent urination, backaches
Lower legs, ankle, feet, toes, arches	5L	Poor circulation in the legs, swollen ankles, weak ankles and arches, cold feet, weakness in the legs, leg cramps
Hip bones, buttocks	S	Sacroiliac condition, spinal curvatures
Rectum anus	C	Hemorrhoids or piles, pruritus or itching, pain at end of spine os sitting

HEALTH

Health, as would all like to express it, exists only when 100% of the brain messages are generated, 100% relayed back to the directing center within the brain. This must be accomplished in both quantity and quality if maximum health is to exist. Gentle chiropractic adjustments are the most effective method of insuring 100% body function.

Enjoy Good Health
....Naturally!

DIS - EASE

The nerves which influence all action within the body are called motor nerves and extend from the brain to all parts of the body. All internal function is brought about by brain messages passing over the motor nerves to other body parts. Speech, circulation, breathing and digestion result from the transference of brain energy.

Extending from all organs back to the control centers in the brain are sensory nerves. These are nerves of feeling with which we differentiate hot from cold, wet from dry, etc. They also inform the brain of trouble anywhere in the body. We are very much aware of these nerves when we feel pain.

Interruption of this process results in the paralysis of normal body function. Resulting in dis-ease.

Adjustments

Chiropractic adjustments are painless, but relieve pressure on spinal nerves.

X-Rays

The Doctor of Chiropractic's responsibility is to be certain there are no complications that might prevent or delay recovery. The x-ray provides the doctor with a means to "look inside" and observe the conditions of the parts of the body so that it can be determined if there are any dislocations, fractures, bone disease, malformations, etc.

Examining

The doctors examine back curvature through a Posture Analyzer which will indicate any misalignment

Accident Victims Require Chiropractic Care

Neck and spinal injuries, as a result of automobile accidents, are among the fastest growing health problems in the country today. The ever increasing number of automobiles on our crowded highways provides the ideal opportunity for the type of accident that results in sudden impact injuries.

Whiplash is the most frequent result of the sudden impact injury. The victim experiences severe headaches, shoulder pain, neuralgia of the neck and many other symptoms which are seemingly unrelated. When the head and neck are violently thrown forward and then backward, one or more vertebrae in the spine can slip out of its normal position, interfering with the transmission of vital nerve energy.

Another common injury occurs when a person is thrown from the seat to the floor of a car, or against the car door. The sudden impact will be to the lower spine and, if the shock is great, vertebrae in this area will become dislocated. The symptoms of such an injury can include severe back pain, bladder disturbances, kidney disorders and menstrual distress among others.

As a result of any sudden impact injury, there may be sharp impingement of the nerves and consequent ill effects upon the victim's general health.

With modern scientific methods, we can quickly locate the vertebra in-

X-Rays shown are taken to determine the existence and degree of spinal misalignment and subluxation. This is extremely important for the precision adjustment (replacement of misaligned vertebra).

jury. Then, with scientific and corrective spinal adjustments, we can realign the vertebrae involved. Even a minor spinal injury can result in an unlimited variety of distressing and painful effects. Many disabling conditions occur years after an automobile accident, but can be traced back to the sudden impact injury.

Our Chiropractic Clinic specialize in treating sudden impact injuries. See us immediately after any type of accidental injury.

It's Like A New Life

I have had scoliosis for approximately 12 years. I have tried everything including hospital stays at the Mayo Clinic among others and no one helped until I discovered chiropractic. My condition was so bad that we all thought I would be in a wheelchair very shortly, and possibly bedridden for life. I could not do anything due to the curve and pain in my back. After chiropractic treatments I have come a long way up the ladder, thanks to you.

I truly hope that through this letter, someone who needs help, chiropractic help, will read this letter and seek chiropractic treatments.

I do not know how to put in words for the way I feel - it is a new life and I can only say THANKS to you and yours.

Beverly Betz

HAT "TIRED, RUN-DOWN" FEELING

The pace of today's world, with its constant stresses and demands is producing a generation of "tired people".

Whether individuals are able to maintain the pace depends on the health of your nervous system.

Vital nerve energy, flowing from the brain through the spinal column, maintains the proper health of the human machine.

That tired, run-down feeling can develop when anything happens to interfere with the flow of nerve energy to the organs, glands and muscles... anything which interferes with

the alignment of the spine or creates pressure on the nerves can interrupt the flow of vital nerve energy. The result... fatigue.

The chiropractor locates the areas of nerve pressure. He makes skillful adjustments which realigns the spine, relieves tensions and pressures, and allows nature to restore the body to health.

With the nervous system properly tuned, the tired, run-down feeling disappears and pep, energy and ambition return.

Enjoy good and abundant health... get a Chiropractic check-up today!

INSURANCE

Questions & Answers

Q. Does my health insurance (Blue Cross-Blue Shield, Teamster, John Hancock, Aetna, etc.) pay for chiropractic care?

A. Yes.

Q. Does my health insurance pay for chiropractic X-Rays and any other examination?

A. Yes.

Q. Does my health insurance pay for regular chiropractic office calls?

A. Yes, many major insurance companies, including Teamsters, Blue Cross-Blue Shield Master Medical Program (General Motors salaried employees, Ford Motor Company salaried employees, Great Lakes Steel, etc.). Aetna Insurance, Metropolitan, Prudential, and Travellers pay a portion if not all regular chiropractic office calls.

Q. If I receive injuries due to an automobile accident, does my no-fault auto insurance cover any chiropractic care that I may need?

A. Yes, all auto insurance coverage in the state of Michigan pays chiropractic care due to injuries sustained in accidents.

Q. I am a senior citizen. Will my Medicare pay for chiropractic adjustments?

A. Yes.

Q. Are chiropractic services covered by Workmen's Compensation Insurance, such as on the job injuries?

A. Yes, the Workmen's compensation law allows you to seek the doctor of your choice after the first 10 days following occupational injury. During the first 10 days, we usually require employer authorization.

Q. Does Medicaid cover chiropractic adjustments and do you accept Medicaid patients?

A. Yes, Medicaid covers chiropractic adjustments and our office will be happy to accept Medicaid patients and any other patient who requests adjustments.

Neck & Shoulder Pain Gone

I am an artist and spend many long hours painting steadily in a fixed position which causes severe neck tension, shoulder pain, upperback pain and headaches.

Chiropractic is the only way I can get relief. I find that if I stay on a general maintenance program, of once or twice a month, I don't build up the tension as quickly or severe.

Sally Brasfield

Medical Doctors Couldn't Help

After spending many thousands of dollars on medical treatments over the past 18 months; three neurosurgeons, three orthopedic surgeons, two physical medicine specialists, two internists, one rheumatologist and an in-patient in the hospital on three separate occasions. My condition progressively worsened to the point that I became bed ridden.

It was at this time that I sought Chiropractic help. In just a few short visits it had done wonders. I am pain free and well on my way back to a useful life again.

Jack Allen

Chiropractic Helping Me Grow

My name is David Le and I was born May 23, 1980. I had my first chiropractic adjustment when I was five days old. My mom also had chiropractic care when she was my age. My parents want to be sure I have the best possible health care to help me grow. That's why, along with seeing my family doctor, they bring me for regular chiropractic check-ups.

Your Child's Spine

The condition of your child's spine and nerve system during the early formative years may determine his or her whole future health. Children do suffer misalignments of the spinal vertebrae through falls, sports or childhood, and later adulthood illnesses can in many cases, be traced to seemingly unimportant spinal injury. For this reason it is especially important that children's spine be periodically examined by a doctor of chiropractic. Prevention beats correction every time.

IT'S UP TO YOU!

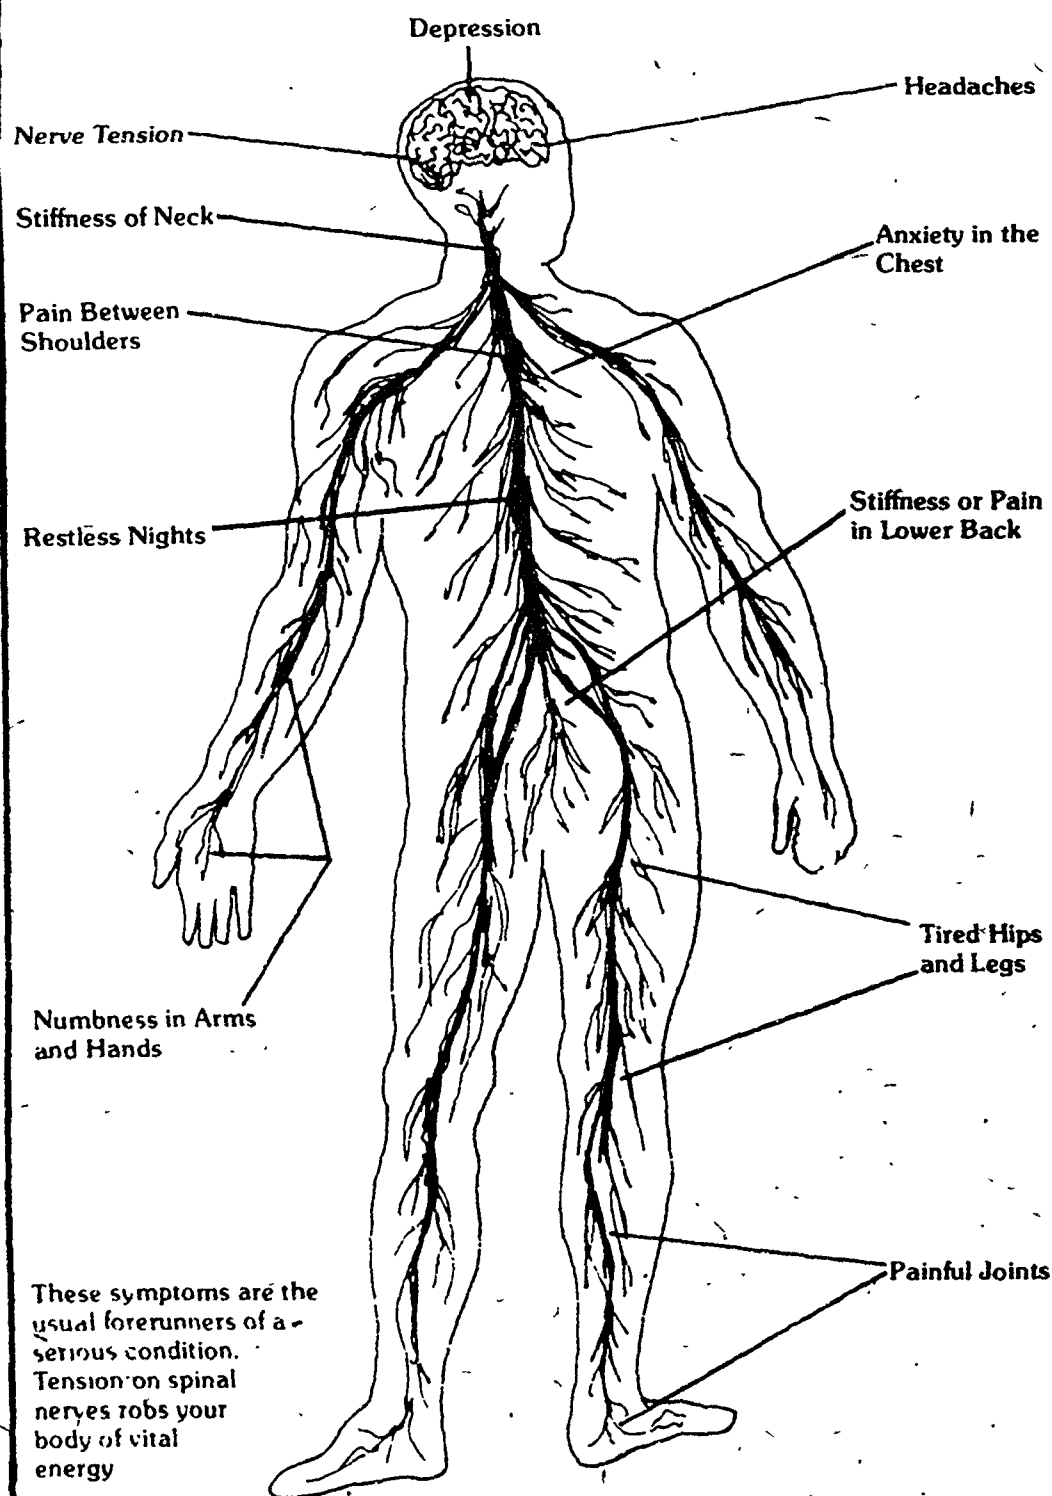

NOW'S THE TIME . . .

. . . to pick up your phone and find out more about chiropractic health care. You've just read about people like yourself who, until a short time ago, were suffering and in the dark about what to do for their ailments. They found out.

Hey Doc.

What about my family?

That's a question that we have heard for years and we have now devised a plan to enable your whole family to enjoy the many benefits of good health.

Many times in the past we've suggested that patients bring in their families for treatments. We've heard patients say, "I'll wait until I get better." What they were really saying was "I just can't afford to have the entire family treated at the regular office fee."

So, to serve the needs of patients who do not have full family health care insurance, we are proud to announce the Family Health Care Plan which will make good health a family affair.

We have designed this plan to extend good health to everyone. There is a genuine concern that families should stay healthy together. Good health is, indeed, a family affair and it is an affair to be remembered.

Take advantage of our new plan today. Call now — 477-7313 and ask about our Family Plan.
