

Supervisor John MacDonald talks in township with Carl Pursell ... while City Manager Steven Walters chats with Pursell, staff on bus

Expansion okayed at local post office

Expansion of the Northville Post Office has been approved by the Postal Service Regional Capital Improvement Committee in Chicago, it was announced last week.

Mayor Paul Vernon and City Manager Steve Walters made the announcement with Congressman Carl Pursell (R-Plymouth). The three, together with late postmaster John Steimel, had worked together to gain approval for the expansion.

Pursell was in the area with his congressional staff members to familiarize them with local issues and concerns (see related story) when the announcement was made at city hall.

"After considering various proposals for correcting the inadequacies of the Northville Post Office, the postal service has OK'd the plan for expansion on the present site," Pursell said. "This is the option we have favored and we are pleased that federal officials have, in this case, adopted the local viewpoint."

Expansion will approximately double the interior and parking areas of the facility at 200 South Wing.

The post office presently has 5,100

square feet of floor space and 7,800 square feet for parking. Plans call for over 10,000 square feet interior room and about 16,000 square feet parking area after the expansion.

The next step is to acquire adjoining land, which includes a house, to clear the way for the addition. Occupation date of the addition is slated two years from now.

Pursell said he hopes the postal service will see fit to mount a memorial plaque on the addition to honor the late postmaster who worked toward approval of the project.

Enlarged facilities were sought because the present building, once adequate for the task, has become cramped and overloaded in the past decade due to population expansion. The post office serves the greater Northville area, which includes some portions which lie within the borders of Novi, Lyon and Plymouth townships.

Northville Township, alone, has grown 50 percent in population since 1970 and has ultimate growth potential to a population of 42,000 from its present 15-16,000.

TWENTY-FIVE CENTS

Residential tax rise opposed

Property tax equalization by class, mandated by a 1979 law, suddenly is receiving attention as residents become aware of the certain impact on local taxes — increases that would hike residential valuations for tax assessments in most of the city by 41.7 percent and in the township by 20.9 percent.

Valuations would have risen anyway without the law, but by only 14 percent in the city and 15 percent in the township. The law, which first takes effect on 1981 property tax bills to be sent out in late February, is now drawing opposition.

"Cities and townships are just starting to get up in arms about it," City Manager Steven Walters said, noting that last week a meeting of area communities was held in Westland.

On Friday Walters represented the city at a hearing in Lansing called by several representatives and senators to discuss the impact of equalization by class on residential taxpayers in 1981.

Walters reported to council Monday night that House Bill 4044 has been introduced to delay implementation for one year. Walters said that it was stated this must be acted upon in a hurry and signed by the governor by February 15 to become effective for the 1981 tax year.

Walters recommended that the council adopt a resolution strongly recommending deferral to the legislature and send it to Lansing immediately.

The big impact in the city, Walters said, is in the Wayne County portion as the Oakland County portion of the city under the new state law, Public Act 114, would increase only about 14.5 percent, about the same amount as it would without P.A. 114.

"I don't think when the law was enacted anyone comprehended the impact," Walters said.

Council member J. Burton DeRusha attended the Westland session at which the Westland assessor was designated to represent Wayne County communities.

Township business manager David Leiko said someone from the township would have attended both the Westland session and the Lansing meeting, but the announcement of the meeting was sent to the wrong address and did not arrive until after both meetings had passed.

"We have called the right people and stated our support of the actions of the group," Leiko said. "We are certainly not pleased with the law. It is too early to say if a resolution will be on the board (of trustees) agenda. (It meets February 12). There has been some discussion of stating opposition by resolution."

Walters gave council a report on the Lansing hearing, noting that recent efforts to cut property taxes are useless if P.A. 114 is implemented.

"It's a farce to do what the governor is suggesting (5 percent sales tax with decreased property taxes) and then to implement this," Walters said.

To defer implementation for one year, the legislature must act swiftly in approving the bill, he said.

The resolution passed unanimously by council after DeRusha moved to do so notes that Public Act 114 of 1979 established the new procedure for separate equalized valuation for com-

mercial, industrial and residential property to be effective with the 1981 tax year.

In making the objection council states, "This act was made effective prior to a full awareness of the extremely serious economic conditions which developed in the State of Michigan during 1980."

"This act was introduced prior to a full awareness of the extremely strong concerns which taxpayers in this state have about increasing property taxes and the burden of property taxes on residential properties."

The resolution also urges the legislature to consider a modified approach to implementing equalization by class, suggesting a staged implementation over several years to lessen the burden on taxpayers.

Walters said he could "see a major storm brewing" as he feels there is limited basis for changing the base. Under P.A. 114 properties get their own factor under four separate classes — residential, commercial, industrial and agricultural.

The large increases seen under P.A. 114 in Wayne County communities has been laid to a failure of assessors to maintain the legal valuation of residential property at 50 percent of market value for tax purposes.

Most Oakland County communities, and the city portion which lies within that county, are valued no differently under the new law than without it.

When passed two years ago, the law was seen as a means to put a halt to the practice in some communities of overvaluing commercial property and undervaluing residential ones. The legislative intent was to improve the business climate and force equitable distribution of community tax bases.

Walters, however, contended that the situation in Northville, at least, cannot be laid solely to improper valuations in the past.

Honoree Ogilvie with Paul Folino, presenter A.M. Allen

Chamber honors Ogilvie

Northville city attorney Philip R. Ogilvie was named Citizen of the Year at the annual Northville Chamber of Commerce dinner meeting Thursday at the community building.

"It is recognition long overdue for outstanding service to this community," said former mayor A. M. Allen as he made the announcement — always a surprise — and presented a plaque to Ogilvie.

"This wrangler," commented Allen whose speech was in keeping with the dinner's country western theme, "came to the community over 31 years ago and didn't have very much to do; so he got involved in the community when there was money to raise or sick widows to help."

Allen himself was recipient of the Citizen of the Year Award three years ago. He was followed by Postmaster John Steimel, who died last month. Last year's recipient was Essie Nirider, who was retiring then as executive secretary of the chamber.

First recipient of the award was Jan Reef in 1976.

Kay Keegan, who succeeded Nirider as executive secretary, said Ogilvie's name was placed in nomination by the Northville Rotary Club.

Ogilvie recalled that he joined Rotary shortly after coming to town in 1950. He was sponsored by the late Tom Carrington and has been an active member ever since, serving as president in 1955. He continues to work on Goodfellows annual newspaper sales and Easter seal campaigns with C.A. Smith, another Rotarian.

Ogilvie also has been a member of First Presbyterian Church of Northville since he and his wife Ethel moved here. He is an elder in the church and for more than 10 years has taught the Presbyterian men's class. In the past he had taught the church youth class.

For the past several years he has coordinated a Christmas project with the church and Rotary, with volunteers from both organizations taking names of patients at Northville Regional Psychiatric Center (state hospital) to supply Christmas gifts.

These are patients, Ogilvie said, who

otherwise would not receive presents. Ogilvie works with Jean Batchelder at the center on this project.

Ogilvie mentioned it is similar to one of remembering patients at Maybury Sanatorium years ago, which he organized.

Even before coming to Northville Ogilvie had been active in Boy Scouting and is the recipient of scouting's Silver Beaver Award. He has been chairman of the local Sunset District and represented it on the Detroit executive council. In 1964 Ogilvie formed a local cub pack and served as cubmaster.

Ogilvie was one of the founding members of the Schoolcraft College Foundation, serving as president of the Board of Governors of the foundation for two years. He still is a board member. The foundation raises funds for student loans, grants and scholarships.

A graduate of Detroit College of Law, Ogilvie presently is a member of the Council for Public Corporations section

Pursell, staff tour area on learning expedition

Congressman Carl Pursell (R-2nd District) toured the Northville area with his staff Thursday, pausing on the way to announce approval of an addition to the Northville Post Office.

The announcement was made at the end of a whirlwind series of meetings through the Wayne County portion of Pursell's district. Long-sought approval of the project came from postal service offices in Chicago (see related story).

Pursell said he believed the trip was a unique venture for a congressional office. He brought the entire staff from his Washington office to Michigan to participate with the local staff in a series of meetings throughout the district.

Riding a chartered tour bus, the staff spent Wednesday in Monroe County, Thursday in the Wayne County sector of the district (which includes the Plymouth and Northville areas and Livonia) and Friday in Washtenaw County (including stops in Ypsilanti and Ann Arbor at Eastern Michigan University and the University of Michigan).

Saturday was devoted to briefing on issues from experts at U-M.

While in the Northville area, Pursell and his staff toured the Wayne County Child Development Center and other state- and county-owned lands in the township.

The bus stopped at Northville Township Hall, where supervisor John MacDonald, clerk Susan Heintz, and business manager David Leiko, boarded the vehicle to give the staff a brief summation of the community's character and concerns.

They distributed a "fact sheet" and took pains to point out the problems caused by the high proportion of non-taxable land (roughly one-third of the half-size township) and government owned property.

The township requested the congressman's assistance in its battle with the U.S. Bureau of the Census to have its population count shifted from roughly 13,000 upward to over 16,000.

It also notified the staff it seeks help in having the Phoenix Correctional Facility registered in a township zip code (although it is located within the township, the prison's mailing address is outside and causes problems in ac-

James Carey of Strecker & Carey C.P.A. firm will make an income tax presentation. The public is welcome.

ACTING Northville Postmaster Robert Arnold has been on duty at the post office since January 19. A resident of Minneapolis, Arnold is on a postal service management training program. He came here from Chicago and expects it will be two to three months before a permanent postmaster is appointed for Northville to replace John Steimel who died last month.

CITY COUNCIL has been invited to meet with Northville Historical Society at its monthly meeting at 8 p.m. February 19 in New School Church in Mill Race Historical Village to discuss fees charged for the use of buildings, funding and services to the village.

CONTROVERSIAL group homes will be the subject of a talk at Monday's Northville Kiwanis Club meeting when Alan M. Nichols, executive director of the Northwest Regional Residential Centers, Inc., speaks at O'Sheehan's restaurant (Little Caesars) on Seven Mile. The program, open to the public, will take place at 7:15, following the club dinner.

NORTHVILLE Board of Education has moved its meeting place to Old Village School on Main. The board will hold its first meeting of each month in the conference room on the school's top floor.

NEW HOURS for the Northville Chamber of Commerce office in the community building at 303 West Main are 9 a.m. to 1 p.m. Monday through Friday beginning this month. At the board of directors meeting at 7:30 p.m. February 12 at city hall

“...As far as I’m concerned, it’s the logical thing to do...”

“...I’ll be honest, I don’t like to think about my own death or that of somebody I love...but one day, I was looking at my will and it occurred to me, what will my family do if I die? And I thought, the first thing they’ll want to do is plan a funeral and hey, we haven’t ever even talked about one!”

“So we discussed it and figured it’s gonna be important one day, so why not get what I want and the family wants down on paper. Now I know there won’t be any confusion over what ‘Daddy’ would’ve wanted. Actually, I’m surprised I didn’t think of it before...”

If you’d like more information on the benefits of preplanning, we hope you’ll call us. We’ll send you a complimentary brochure outlining preplanning arrangements.

counting for federal and state funding programs).

The congressman might also be helpful in acquiring federal funding for an elderly housing project on the child development center grounds, township officials said.

Pursell said he supported such efforts, saying many of the township's problems have occurred as a result of Detroit “deciding to dump all its problems out here.”

After the brief presentation, the bus pulled out and went directly to city hall where City Manager Steven Walters boarded and met Pursell's staff, and the announcement of post office addition approval was made.

When Pursell mentioned the staffers were to be at University of Michigan later, he was informed that the city has entered into a cooperative agreement with U-M in which urban planning graduate students are doing a master plan update for the city.

“I want all the members of the staff to be closely acquainted with the people they really work for,” Pursell said, “the people who elected me to represent them.”

He said the tour was made to that end, because “We should never be insulated from the economic, employment, educational and other problems people are struggling with in the ‘real world.’”

Pursell also revealed at the city hall stop that he had just been appointed to the subcommittee on transportation which handles mass transit and assured that he “will be taking a hard look at Detroit's subway plans.”

Attendance policy curbs ‘skippers’

By MICHELE McELMURRY

A student's classroom attendance, like all other aspects of his or her education, is a topic of concern for parents, staff members and administrators alike.

Though good attendance is mandatory for students at any age, it becomes especially important at the high school level where students are suddenly faced with graduation and credit requirements.

For most students, the high school atmosphere appears much more lax than that at the junior high or middle school level. Rather than a regimented six-hour class day, high school students can enjoy an open campus atmosphere and can plan their own class schedule.

Yet, the change in routine for many students also can lead to attendance problems. The freedom available is sometimes abused—mostly through “skipping” class.

At Northville High School, the chronic class skipper seems to be taking heed as “student attendance in class is much improved,” according to Assistant Principal Barbara Campbell.

Campbell, who is handles attendance problems at the high school, credits the improvement to the attendance policy implemented last year.

She said the major difference in the new policy in comparison to previous policies is the distinction between an excused and unexcused absence.

Under the policy, students who have two unexcused absences are referred to Campbell, who issues them a warning and sends home a notice to parents indicating the number of absences a student has accumulated.

Four unexcused absences result in a drop from the course.

However, Campbell emphasized that students who have excused absences, such as illness or personal reasons, are only referred if there are more than six absences and are not dropped if all absences are excused.

At the board of education meeting last Monday, Campbell reported that 213 students were dropped from classes last semester due to poor attendance.

However, as Campbell later explained,

the number of students dropped from classes does not appear as high when put into perspective.

According to the attendance report presented to the board, 117 students were dropped from one class, 64 were dropped from two classes and 32 were dropped from three or more classes.

Campbell said that with approximately 5,500 classes taught at the high school, the figure represents a small percentage of the students.

Campbell said that the referral system seemed to curb many students from skipping more than twice, but added that problems can arise when a student with two unexcused absences becomes ill.

In most cases, students who have skipped one or two classes and suddenly catch the flu and miss school because of illness are dropped from the course, she said.

Dropping students from classes is not an easy thing to do, Campbell explained.

When a student is dropped from a course for attendance reasons, Campbell said the parents are immediately notified and that a conference is held to work out a way for the student to make up the lost credit.

In many cases, she said, students can make up the credits the next semester by taking an additional class.

She emphasized that students and parents always are warned when two unexcused absences are reported.

For Campbell, a lot of hours are spent working out attendance woes.

“Attendance is not a very popular responsibility,” she added.

Last semester Campbell handled 1,487 referrals. However, she explained that the number of referrals only involved 491 students—which meant that many students were seen more than once.

The figure also indicates that more than 500 NHS students were never referred for attendance problems.

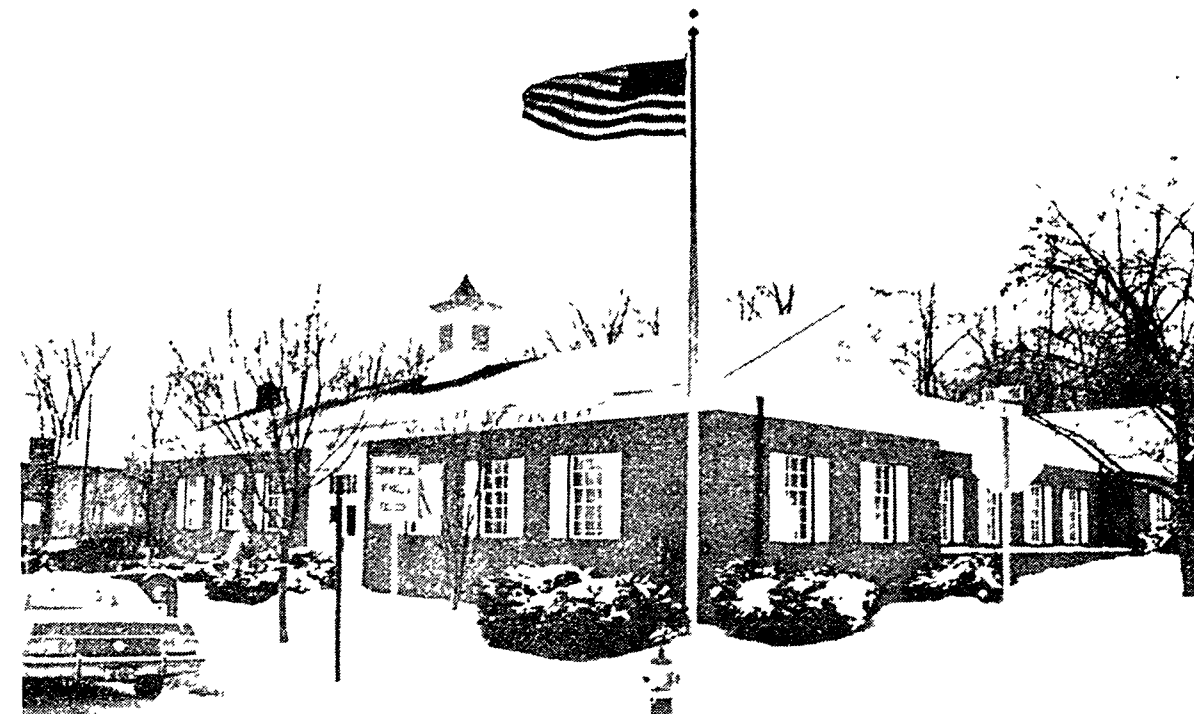

Last year 671 students were referred to Campbell for attendance reasons and 16 percent of those referred were dropped. This year 13 percent of the 1,487 students referred were dropped.

According to NHS Principal George

On his visit to Northville last week, Congressman Carl Pursell announced the approval of the post office expansion project which he has worked on with Mayor Paul Vernon and City Manager Steve Walters. The interior space of the post office, located on the corner of Wing and Cady, and the parking area will be almost doubled by the expansion

Addition coming

project. The facility currently has 5,100 square feet of floor space and about 7,800 square feet for parking. Projections call for more than 10,000 square feet inside the expanded building, with about 16,000 square feet for parking. The estimated occupancy date for the addition is 1983.

Aune, staff response to the attendance policy has been positive.

Though the policy entails “extensive paperwork” for staff members, Aune said, “most of the teachers really work on this.”

Campbell also added that “parent reaction has been most supportive.”

To help parents understand the policy and to get feedback from the communi-

ty about the policy and other topics of concern at the high school, Campbell has been holding a series of neighborhood meetings to discuss such issues.

She said two meetings have been scheduled for February and said persons interested in attending should contact her at the high school at 349-3400, extension 302.

The Canterbury model in Northville Colony Estates

The Kentwood, a large colonial, is the showpiece of Beacon Woods North

Township houses included on list of Idea Homes

Hoping it will help spur an expected revival in the housing market the Builder's Association of Southeastern Michigan (BASM) has launched its 1981 Idea Home program with two of the lures to buyers located in Northville.

Northville Colony Estates and Beacon Woods North subdivisions each have an entrant in the Idea Home list

Last year was one of the worst in recent history for Michigan's second largest industry and projections for 1981 call for a rebound by mid-year.

Northville Township, one of the hot spots for new construction in recent years, suffered along with the rest in 1980 but the two Idea Homes may help the 1981 figures by bringing more people to the community to look, and perhaps, buy new homes.

The Kentwood, a large colonial, is the showpiece at Beacon Woods North, off Eight Mile near Beck. The \$142,900 house by Derin Construction Company is one of four models in the subdivision, which is a development by a consortium of builders which includes, in addition to Derin, Dennis Roux Construction, Benevigna Building Company, and S&S Homes

At Northville Colony Estates the featured house is another colonial, called the Canterbury. The 2,250 square foot floor area and central entrance are features of this \$99,900 house by Greenspan Development Corporation.

The subdivision is off Six Mile, just west of Haggerty Road and includes five models, four of which have available custom designing of exterior elevations

Prices at Beacon Woods North start at \$138,900, at Northville Colony Estates

the starting price is \$89,900.

Many builders are advising those who expect to buy a house soon to shop now because some mortgages are still available at older rates in the 12 to 13 percent range. Once the market rebound begins, they advise, gains from lower interest rates may be offset by higher prices.

Builders expect a strong revival in the housing market sometime in 1981 with release of pent-up demand for new housing from people who deferred buying last year

Projections differ, however, on when the revival will happen and how strong it might prove to become. Some associations are projecting a strong increase in spring while others put it off to mid-year.

BASM is making one of the more optimistic predictions, expecting a 50 percent increase in sales over last year beginning in mid-to-late spring. Leaders of the association say the housing recovery is not necessarily tied to a rebound in the auto industry

The Western Wayne-Oakland County Board of Realtors is predicting a further cooling in the market for existing homes prior to a mid-year recovery. WWOCCR notes that the Michigan existing-housing market recovered before the national market after the last recession, but is likely to lag behind national figures in the newest recovery.

Mortgage rates, which took much of the blame for the 1980 slump, will not show any sharp decline in the early part of this year, WWOCCR predicts, but should "edge down to more acceptable levels later in the year."

For now, builders are preparing for the expected recovery and adding incentives to buyer traffic, such as the Idea Homes.

Aging beauty

As we age, the mystery of Time more and more dominates the mind.

We live less in the present, which no longer has the solidity that it had in youth; less in the future every day narrows its span.

The abiding things lie in the past.

-John Buchan

At chamber dinner

Ogilvie named Citizen of the Year

Continued from Page 1

of the Michigan State Bar Association.

He began practicing law in the middle of 1949 with Clifton Hill here. He bought out Hill's Northville interest in 1955 with Hill keeping his Detroit practice in the Dime Building.

Ogilvie recalled his first office was over Schrader's Furniture Store here. In the late 1950s he moved to Main Street over Northville Realty. He moved the office to its present location at 104 West Main almost 10 years ago.

After becoming village attorney in 1953, Ogilvie was instrumental in helping it become a city in 1955.

In 1967 he was appointed municipal judge on the resignation of Charles McDonald. A district court was established and in the fall of 1968 Ogilvie lost the election to Judge Dunbar Davis.

At this time Marvin Stempien, who had been serving as city attorney, was elected to the legislature and Ogilvie again became city attorney.

He served as legal advisor to the Northville Area Development Corporation.

The Ogilvies, who have been residents of Linden Court since 1960, are parents of a son Gary, now married and living in Canton, and a daughter Janet Mankus, married and living in Westland.

Mrs. Ogilvie, their son Gary, his wife Jodie and Ogilvie's legal assistant Mary Ellen Patterson Hollis attended the dinner program.

A long-time friend, Mrs. Arthur Schnute, also attended especially to see the attorney receive the award. As he accepted the honor, Ogilvie said he found "Northville a beautiful place to live and raise Janet and Gary—I thoroughly enjoy living here."

Ogilvie also was congratulated by Paul Folino, chamber president who presided, and by Representative Jack Kirksey, who attended with his wife.

During the meeting Scott Lapham, Dewey Gardner and Toni Genitti (chamber secretary) were reelected to the board of directors after the

nominating committee report was made by Terry Fraser.

City Manager Steven Walters and Mayor Paul Vernon then presented an update report of Mainstreet '78 with slides.

Walters reported that conduits now are in place for the Edison, Bell telephone and cable television lines.

In the spring, he promised, the beautification with Victorian-style lamp posts, benches and interlocking ornamental brick paving will be installed.

Because of the project's unusual captured-tax approach, chamber members were told, Walters and Ver-

non had been invited to speak at a governor's conference at Ferris State College. Northville was the first community in Michigan to adopt the concept, Detroit's use for the Renaissance Center was the second, Vernon said, adding that on a per-capita basis Northville's downtown project easily was the larger of the two.

The evening concluded with Father Joe Dustin and his combo with vocalist Alma Santa entertaining. The entertainers were taped by PM Detroit television program as part of a feature on Father Dustin, a priest at Holy Redeemer Church.

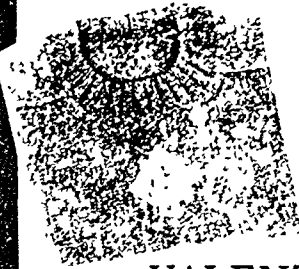

Record photo by JOHN GALLOWAY

Entertaining priest

Father Joe Dustin, left, a priest at Holy Redeemer Church, and his combo entertained guests at last Thursday's Chamber of Commerce dinner honoring Philip Ogilvie as Citizen of the Year. Vocalist Alma Santa joined Father Dustin during the dinner's entertainment program.

City offer

No parking meters in city's future?

Members of the Northville Chamber of Commerce were given a "proposal" and a "challenge" by the city at the annual dinner meeting of the chamber last Thursday.

Offer was made of a city loan program whereby a merchant can combine a regular bank loan and a loan from the new revolving fund of the Downtown Development Authority (made possible by grant fund allocations) to make building improvements.

The DDA loan — up to \$2,000 would be interest-free — thus reducing the percentage of a bank loan.

City Manager Steven Walters explained this combined loan could reduce a 16 percent rate to 12.8 for the five-year-term.

Also proposed was the removal of parking lot time limitations as well as downtown curb meters when Mainstreet '78 is completed.

Here the "challenge" issued the merchants was to resolve the problem of making certain those who work in the downtown stores and offices do not abuse the parking privilege by taking up street space needed by shoppers.

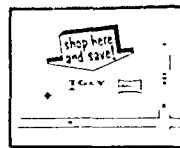

It was suggested that a chamber committee be named to work on ways the prime parking could be kept for shoppers.

Chamber members were challenged to "pull together and make Mainstreet work for all of us."

Public hearing set

Township trustees to reconsider Winchester rezoning

Township planners and trustees will try again to find a suitable zoning class for a parcel at Six Mile and Winchester.

Currently zoned B-2, the 10-acre site would be zoned for residential use if it were to comply with the township's master plan of land use.

When that document was completed last year, the planners made an attempt to change the zoning to residential, but when the owners protested, compromised and recommended the board of trustees rezone the property OS-1 (office services).

But that zoning, once approved by the

board, was never published as required by law and the zoning reverted to B-2.

An attempt to approve the zoning change on a revote failed, due to a change in trustees and a single absence.

Last week, the planning commission, acting on a request from the board of trustees, reconsidered the matter. It decided to try once again and set a public hearing date to begin the process.

The Elro Corporation, owner of almost eight of the acres in question, filed suit against the township when the

OS-1 zone was approved. It contended that in combination, denial of B-2 zoning at both that property and land at Six Mile and Sheldon effectively prohibits business development on two sites bought with that purpose in mind.

The failure to publish the change makes part of the suit moot, but it has not yet been processed and could be carried forward if the latest effort is successful.

The parcel was one of many changed in a group when the master plan was approved. It also includes slightly over two acres owned by a private party.

Jeff Orley, representing Elro, protested the planning commission's action and indicated the company would pursue legal action if the property was rezoned again to office uses.

He proposed a closed door meeting between Elro representatives and members of the township government to resolve the situation prior to setting a public hearing.

"We would like to review the suitability of the site for office uses with you," Orley said. "We are ready to discuss this, and if the township is not, it's obvious where we're going meet."

Commissioner Richard Allen indicated a willingness to hear Elro's side, but opposed any sort of private meeting between the developer and township officials.

"There is no need for a private closed meeting," Allen said. "Regardless of whatever legal action you pursue, and how it might relate to other properties, this property, in my own opinion, must stand on its two feet."

James E. Littell, representing Robert Haus, owner of the remaining two acres of the property, emphasized to the commission that he thinks Haas's segment

should be considered separately from Elro's.

"I don't want Mr. Haas to have his land use decided in a settlement of some sort with Elro," Littell said.

Allen told both representatives that the proper time and place to air their views would be at the public hearing, which the commission set for March 10.

"Everyone involved, and anyone in the township, will have an opportunity to make their input at the public hearing," Allen said.

16 residents named to college dean's list

Sixteen Northville residents have been named to the dean's list for the fall term at Madonna College.

Students earning outstanding academic honors were Kathleen LaFave, Kathleen McGillis, Ellen Gartner, Kelly Lauck, Victoria Bleggi, Paula Huot, Laura Zwiler, Mary McGrath, Gary Kerstein, Robert Brock, Mary Cowley, Mark Leier, Donna Harris, Johanna McLaren, Louann Langdon and Edward Gill.

Students named to the dean's list at Madonna College must carry at

least 12 semester credit hours and maintain a grade point average of 3.25 or better on a 4.0 scale.

Gary A. Waterman, son of Mr. and Mrs. Wade Waterman of 21357 Woodhill, is one of the 175 students who earned a place on the dean's list for the fall semester at Taylor University in Upland, Indiana.

Waterman is a freshman at Taylor.

To attain the dean's list, a student must earn a 3.6 or better grade point average on a 4.0 scale for the semester, while carrying 12 or more credits.

Police Blotter

Burglars steal cash from safe

Burglars escaped with more than \$2,600 in assorted coins and currency taken from a safe at the Clark Service Station, 510 South Main during the early morning hours of February 1, city police reported.

Police said the thieves entered the building by breaking out a west side window.

The locks on the safe had been drilled and hammered out, police said.

Currently, there are no suspects.

Frank Mennill of Livonia was arrested and charged with possession of marijuana January 27 at Northville Downs, city police reported.

The man was found in possession of a quantity of the illegal substance in a men's room at the Downs, police said.

He was released on personal bond pending examination, which is set for February 10 at the 35th District Court.

Police are investigating the recent theft of a tool box from a locker in the auto shop at Northville High School sometime between January 9 and January 26.

Among the items in the tool box were several screw drivers, wrenches, sockets and pliers.

The stolen property is valued at \$112.

Police said they do have some leads.

Eighteen dollars in assorted currency was taken from a Mariner Court residence January 29, township police reported.

A resident told police she was awakened by the light beam of a flashlight shining into her bedroom. The thief apparently also was startled, as he fled, the resident told police.

The burglars, apparently, entered the home by prying open the rear doorwall, police said.

No other items were found missing.

Police are investigating the theft.

A portable Pioneer AM/FM cassette stereo was reported stolen from a 1975 Plymouth parked in the driveway of a Dorisa Court residence January 26, city police reported.

The stolen property is valued at \$150.

The window glass in a door located at the east end of Northville Downs was broken out January 27, city police reported.

Damage is estimated at \$120.

A 34-year-old patient who walked off the grounds of Northville State Hospital January 24, wandered into Northville Charley's and had to be forcibly removed, township police reported.

Police said they asked the woman several times to go with them back to the hospital, but she refused.

Sergeant Philip Presnell and a hospital security officer then escorted the patient back to the hospital.

Four wire spoke hub caps were reported stolen from a 1980 Ford Granada parked in the lot at Northville High School January 30, city police reported.

The property is valued at \$400.

A LITTLE STIHL GOES A LONG WAY.

Introducing the Stihl 009. It's one of the smallest saws we make, but like our other models, it's big on power and performance. The 009 is a great homeowner value. And since it's a Stihl, you know it will be around for a long time to come.

OBITUARIES

BERT CURRALL

Funeral service for South Lyon resident Bert Currall, 72, will be held today at 1 p.m. at Ross B. Northrop and Son Funeral Home. The Reverend Robert V. Warren will officiate. Burial will be at Cadillac West.

Mr. Currall, who was retired from the H. O. Trerice Company, died February 1 at Providence Hospital.

He is survived by his wife Mildred, his daughter Mrs. Robert (Betty Yvonne) Knoll of Birmingham and his son Lester of Myrtle Beach, South Carolina.

Other survivors include his sisters Mrs. Doris Olson and Mrs. Anne Kuhlmeier, his brother Arthur and six grandchildren.

Mr. Currall was a member at the First Baptist Church of Wixom.

Memorial contributions can be made to the Christian Day School in care of the church.

WILLIAM R. LEMMON

Funeral service for longtime Northville resident William Lemmon, 87, was held January 31 at Casterline Funeral Home. Dr. James Luther officiated. Burial was in Rural Hill Cemetery.

Mr. Lemmon, a retired school employee, died January 28 at St. Mary Hospital.

He was born in Hartwick, Michigan, January 16, 1894 to Augustus and Mintie (Hall) Lemmon.

He moved to Northville in 1923 and was a member of the First Baptist Church.

He was preceded in death by his wife Blanche who died September 5, 1976.

Mr. Lemmon is survived by his daughters Mrs. Herbert (Madeline) Ware of Northville, Mrs. Charles (Thelma) Hackett of Lansing, Mrs. James (Donna) Reed of Biloxi, Mississippi, and Mrs. George (Maxine) Casteel of New Hudson.

He also is survived by his brother Clifford and his sister Mrs. Alice Babb of Evert, Michigan.

Other survivors include 21 grandchildren and 30 great-grandchildren.

JOHN McMANN

Funeral service for Northville resident John A. McMann, 53, was held January 28 at McCabe Funeral Home in Farmington Hills. Father John O'Callaghan officiated. Burial was at Holy Sepulchre Cemetery.

Mr. McMann, president of the Holcraft division of Thermo Electronic Corporation, died January 25 at Henry Ford Hospital after a lengthy illness.

He was born in Detroit May 3, 1927 to Albert and Jean (Fennell) McMann.

He was a Lawrence Institute of Technology graduate and a member of the Engineering Society of Detroit and the American Society for Metals. He

also was past president of the Industrial Heating Equipment Association. He is survived by his wife Carol and his four sons Tim, Dan, Terry and Pat. Other survivors include a grandson and a sister.

MELVIN H. MITCHELL

Funeral service for lifetime Northville resident Melvin H. Mitchell, 66, was held January 26 at Our Lady of Victory Church. Father John O'Callaghan officiated and burial was at Rural Hill Cemetery.

A rosary was held at Casterline Funeral Home January 25.

Mr. Mitchell died January 22 in Orlando, Florida.

He was born February 20, 1914 to Arthur and Edna Mitchell.

He is survived by his wife Pauline and his two sons Robert of Northville and Lynwood of Grand Haven.

Other survivors include his brother Arthur Mitchell of Roger City, his sister Mrs. Eleanor Duke of Arkansas and nine grandchildren.

Mr. Mitchell was retired from Consumers Power Company and was a member of Our Lady of Victory.

FREDERICK E. WICK

Funeral service for Frederick E. Wick, 53, was held January 30 at St. Peters Lutheran Church in Plymouth. Pastor Leonard J. Koeninger officiated and burial was at Rural Hill Cemetery.

Mr. Wick died January 26 at the University of Michigan Hospital after a long illness.

He was born January 5, 1928 in Farmington to Henry and Doris (Banta) Wick.

He is survived by his wife Mary Annette and his mother who resides in Nokomis, Florida.

Other survivors include his daughters Mrs. Sandra Koehler of St. Louis, Missouri, Mrs. Theresa Good of Westland, Mrs. Gayle Smith, Mrs. Dolores Tomala and Julie Shelton of Plymouth and his sons David Shelton of Cypress, Texas, and Thomas Shelton of Westland.

He also is survived by his sisters Mrs. Maxine Nicosia of Wisconsin, Mrs. Laura Stiers of Belleville, Mrs. Sharon Johnson of Minnesota and his brother Lyster Wick of Grandville.

His father and mother-in-law Mr. and Mrs. William Robertson of Waterford and 10 grandchildren also are survivors.

Mr. Wick, a production controller for Burroughs Corporation, was a Northville High School graduate and received degrees from Cleary College and the University of Illinois.

He was a member of St. Peters Lutheran Church and a past president of its Men's Club.

Funeral arrangements were made by Casterline Funeral Home.

Tomczyk receives honors for 30-year police service

William Tomczyk, commander of the Northville State Police Post, recently received a 30-year service award from Michigan Department of State Police.

Tomczyk was among those honored at a promotion recognition ceremony January 22 at the department training academy southwest of Lansing.

Three officers serving at other Michigan posts received bravery presentations and several recently promoted troopers were recognized.

Charlotte Day and James Hauncher, lab scientists at the Northville post, were among those honored.

Trooper Daniel Girard, also of the Northville post, was honored for a recent suggestion of his

which has been implemented and resulted in saving the State thousands of dollars.

Girard, a former court officer, developed a system which virtually eliminates the time an officer formerly spent in court on a misdemeanor case.

Under his plan, a detailed case report replaces the officer in court, enabling him to perform other duties; it also greatly reduces the amount of overtime paid by the state.

State police estimate the one-year savings at the Northville post alone was \$45,000.

Girard is the first trooper to win the top prize in the Michigan Civil Service suggestion award program, which was re-initiated in 1978.

He received \$1,000 for his suggestion.

Welcome To Woodland Medical Center

(Adjacent to Twelve Oaks Mall - I-96 & Novi Road)

A Community of Family Medical Services ...In One Convenient Facility!

Woodland Medical Center, the area's newest, most modern medical facility, is now open and providing the finest in professional health care for every member of the family. From pediatrics to geriatrics...ophthalmology to walk-in urgent care...Woodland brings together over 50 highly-qualified physicians of diversified medical skills. While we retain the concept

of private practice relationships with patients, each physician offers the benefits of group practice...for we recognize and encourage consultation among our colleagues. And as a group, we maintain the latest technological diagnostic equipment available anywhere.

As a dramatic new development, Woodland is the culmination of

many years of clinical experience. For more information, write or call for our free brochure. And please feel welcome to visit our center. Our staff recognizes the importance of human relations...and we offer you and your family the opportunity to acquaint yourselves with our services...our concern...and our care.

Our Opinions

Repair yes, change no!

Should management of the Mill Race Historical Village be assumed by the City of Northville?

We don't believe it should.

Given the inherent problems of most organization dependent on volunteer help, the historical society, we believe, does an excellent job in managing the Mill Race. Furthermore, we're convinced government operation of this city-owned facility would be more expensive and less beneficial.

That is not to say, however, that the historical society should manage the Mill Race without consultation with the city.

Historical society officials ought not let legitimate criticism of Mill Race fees dampen their enthusiasm nor sour relationship with the city.

For example, when Mayor Paul Vernon voiced concern over the fee schedule for use of the Mill Race facilities, he was echoing the concern of many others as well as himself. In our opinion, the fee schedule and the administration of it do indeed need overhaul and that overhaul should include the city's assistance.

Philosophically, we believe the fee structure should encourage use of the Mill Race facilities particularly by those

who help subsidize it. Within that framework, the fees ought not be compromised on the basis of friendships, contributions or society membership.

We disagree, for example, that a local taxpayer should be charged the same rate as a Livonia resident.

And we find it unfair that the fee for some local organizations and for some functions may be waived or reduced, while others must pay; that the fee appears to be tied to overhead costs of the entire Mill Race rather than to the building being used; and that use fee for weddings performed by the mayor may be different than the use fee for weddings performed by others.

To suggest that the fee schedule ought not have surprised the mayor and council since society board meetings are public is little different than suggesting the council's concern should not have caught society officials by surprise since council meetings also are open to the public. The point is that communication need not require attendance at meetings; a simple exchange of written minutes, proposals and financial statements would help minimize "surprises."

Our intent here is not to fan embers of disagreement but to urge both the society and the council to work cooperatively to resolve their differences and to solve problems at hand.

Congratulations

Last Thursday at the annual chamber of commerce dinner City Attorney Philip Ogilvie became the community's Citizen of the Year. As former mayor A. M. Allen said when he made the surprise announcement, "It was an honor long overdue."

Nominated by Northville Rotary for the award, Ogilvie has been a familiar sight selling

Goodfellow papers and participating in the Easter Seal campaign. As we listed his involvements — with his church, his profession and such community service as that at Schoolcraft College — it became apparent that he has not "lent his name" to causes but is a worker for what he believes.

Congratulations, Phil!

What You Said About...

What you read in The Record, how you read it

If you're reading this, it says something about the way you read the newspaper. Is this one of the first or last items you decided to read?

Psychologists might make some interpretation about how the way you read the paper reflects your personality. Advertisers put great store in scientific polls of what is most read, and least read, in a paper.

Editors, on the other hand, are just plain curious. This week, Record staffers asked people what they read in The Record. The responses, below, do not reflect what a survey of our readers might show, but they are interesting nonetheless, even if all they prove is that The Record is black and white and read all over.

KURT WESTPHAL — I read sports first and I usually stop there. I sometimes look at the main section to see if there is anything interesting.

RALPH REDMOND — I am a headline reader. The headlines in The Record never cease to amaze me. I spend the majority of my time in the sports section. I usually read that from front to back. If I spot an interesting feature with a good kicker in the main section I'll stop and read it.

SUE HATCH — I read everything, front page to back because it pertains to my job (city police dispatcher and records clerk), even though I don't live in Northville. I like to know what is going on.

CARRIE MITCHELL — I usually read a couple front page stories, the police blotter, Our Town, weddings, birth and engagement announcements, obits and then the T.G. and Y. circular. I also read the letters to the editor. I usually skim the headlines and read anything that deals with the township.

BARBARA WILLIAMSON — I read everything, but I ALWAYS read the want ads.

MARGE LONGRIDGE — I read the front page first, then Our Town and sports. I read sports because we know so many of the students.

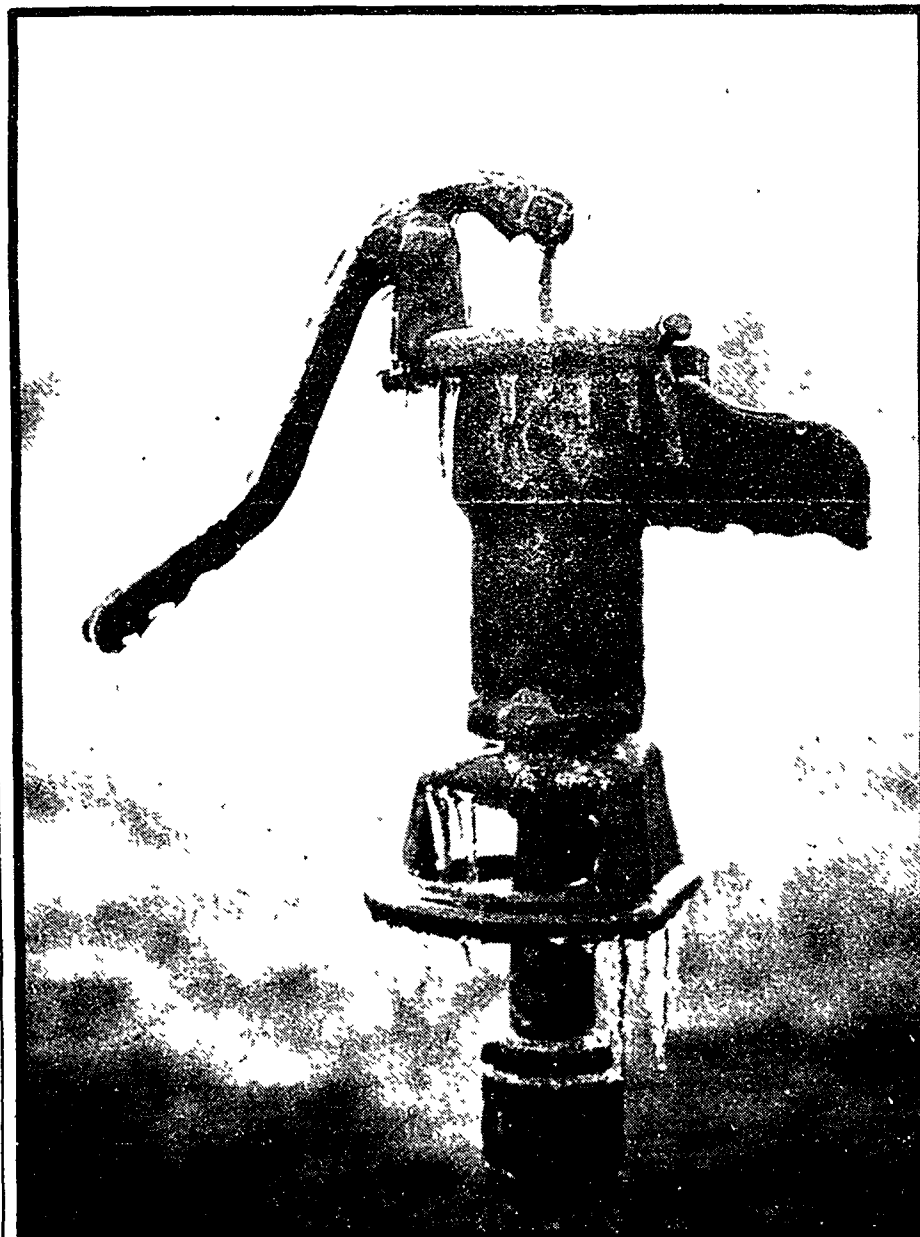

PHILIP OGILVIE — I read the editorials first, which many people wish were signed, and then the front page, Our Town and sports.

JUDY WHITMORE — I probably look for schedulings of events. I kind of browse through the paper looking for events and activities. I really like the Our Town section. I like knowing what people are doing.

Photographic Sketches...

By JIM GALBRAITH

Six more weeks

Your letters welcome

This newspaper welcomes Letters to the Editor. We ask, however, that they be limited to 500 words and that they contain the signature, address and telephone number of the writer. Deadline for submission is noon Monday. Names will be withheld upon request. We reserve the right to edit letters for brevity, clarity and libel.

JACK W. HOFFMAN'S COLUMN

Friend Jack is mentally retarded. He's about my age but he can neither read nor write. And yet, when it comes to music he's excellent. He plays harmonicas like a professional, sings well, and he has committed to memory the words of dozens of songs, particularly those that were popular when he and I were young.

When I first heard him perform for Kiwanis Club members I was astounded. "How can someone who cannot remember the letters in the word 'song' from one minute to the next remember thousands of words that most of us forgot years ago?" we asked ourselves. Music, we concluded, must have some special magic for the retarded.

That thought was reinforced recently as I watched a fascinating segment of the TV show, "That's Incredible." Besides documenting the incredible patience and love of the woman who raised a profoundly retarded child from infancy to young adulthood, the story also told of the special magic of music.

Taking a near dead baby that no others wanted — a baby that was blind, deformed and mentally retarded — the foster mother not only nursed the baby back to life but she launched a grueling regimen of exercise that permitted the child to eventually walk and to feed himself.

Along the way, she would sit next to the blind child at the piano, take his hand and bang the keys randomly. She saw it as a way to exercise his fingers, not as a musical lesson.

Then one evening after going to bed, she heard something downstairs. Believing someone had forgotten to turn off the television set, she investigated. She found the boy at the piano playing the classics as well as a professional. Like the TV audience which watched the boy perform, the mother could not believe what she saw and heard. Somehow, the "exercises" at the piano had triggered an innate musical genius in the boy.

Today the young man, who cannot read nor write, is singing and accompanying himself on the piano.

Readers Speak

Levy criticism at attendance policy

To the Editor:
Tonight I came home extremely happy in that our 52 American hostages were finally home safe. I then picked up The Northville Record and read the headline and article about 213 lives being destroyed in our own town in America. Our high school assistant principal said that this was an improvement! God help us!

Our high school administration appears to go on without any idea of the destruction of the lives of our children caused by their zeal for perfect attendance. Attendance seems to be all that really matters! The education of our children is secondary! This attitude can only be considered as sick as the attitude of the Iranian students.

In view of their attitude we had not choice but to place our daughter in a private school this year. She missed school a great deal last year when she had a tumor removed from under her jaw muscle in the world's first successful operation of its type.

However, as she missed over a month of school and had two unexcused absences, we had to fight to keep her in school. Some teachers gave her "D's" when they were forced by our assistant superintendent to keep her in class rather than drop her as ordered by Dr. Campbell and approved on appeal by Dr. Aune. Teachers admitted she was doing "A" or "B" work except for the fact that she had more than 10 absences.

It is time the people of Northville make clear to our school board that the

attitude expressed by our high school administration is wrong! We do not want our children mistreated. We can not and must not accept the disruption of lives in the name of Perfect Attendance or Iranian Unity.

Sincerely,
R Duane LaMoreaux

To the Editor:

Thank you for exposing the attendance problem at the high school. The problem has been with us a long time, and it needs to be resolved.

If 213 students "skip" school often enough to be expelled, something is drastically wrong with the educational system in this community. Your figures reveal that 1,704 student class hours were missed by these students. One needs to know why.

Presuming the figures are accurate, it is interesting to note that at least another one-and-three-quarters teachers will be needed for the students to pick up the pieces and retake the credit hours. Why were these students not urged, motivated and challenged to stay in their classes?

Certainly no sensible parent condones a "skipping school" routine; however, relate some facts: a teacher gets 15 paid sick days and two paid "business" days per year. A student gets failed and dismissed for taking six sick days and two "business" days. No wonder the kids have trouble understanding justice.

Perhaps if our highly paid administrators would put their concerted

efforts into creating a truly stimulating environment instead of counting absences, the students wouldn't feel the compulsive urge to "skip."

A Mom

Historical society asks meeting with city

To the editor:

(This is) an open letter to the Northville city mayor, city council, manager and attorney, plus members and friends of the Northville Historical Society and The Northville Record.

Subject: The Northville Record's front-page article, dated January 28, reporting on the January 19 city council meeting in which certain questions were raised about the fees charged by the historical society together with other reported comments concerning: city ownership, use of taxpayers' money and appropriations to the Mill Race Village.

The board of directors has directed me to invite the Northville mayor, the council, the city manager and attorney to attend the board's regular meeting Thursday, February 19, at Mill Race Village at 8 p.m.

It is the purpose of the board to discuss the questions concerning fees, as well as the city's funding and other society funds, gifts and services that have been acquired and volunteered to

the Mill Race Village since its inception.

The board's monthly meeting is open to its members and friends. And, as usual, is open to The Northville Record.

It is hoped that this meeting will help clear the air as well as prevent any provocation on matters afore outlined.

Sincerely,
Robert K. Daniel,
President-
Northville Historical Society

Friends thanked for Steimel help

To the Editor:

We would like to express our appreciation to Mayor Paul Vernon and Mr. Jack Hinman for their assistance at the home of John Steimel on Saturday, January 17, 1981.

Such situations can be trying even for those of us who have to deal with emergencies as part of our job, and we realize that it must have been so much more difficult for these men since John was a close friend.

We knew and liked John and feel saddened that our combined efforts in assisting the Novi Ambulance Emergency Medical Technicians were unsuccessful.

Red Cross asks for blood to meet rising demand

Increased usage of blood and blood components as medical therapy has resulted in an increasing demand for blood donations, reports the American Red Cross.

Elective surgery at some of the 75 hospitals served by the Southeastern Michigan Region Blood Services was cancelled in mid-January to a critical blood shortage.

A number of blood drives will be conducted throughout the state in February. Eligible donors need not be a member of sponsoring organizations to give blood.

Blood can be donated by anyone in between the ages of 17 and 65 and in good general health. Seventeen-year-old donors must have parental consent. Donations take less than one hour.

The Wayne, Washtenaw, Oakland, Macomb and St. Clair County hospitals supplied by the blood service use over 950 units of blood each day. William Shafer, director of the operation said. Recent collections have fallen to averages as low as 650 units per day.

The recession is taking its toll on blood donations, with production cutbacks, delayed start-ups and high

unemployment keeping workers away from traditional blood collection sites in the workplace.

Donations can be made locally at the Livonia Donor Center, 15425 Middlebelt on Monday, Wednesday or Thursday between 2 and 8 p.m.; Tuesday, Friday from 10 a.m. to 4 p.m.; or Saturdays from 9 a.m. to 2 p.m. Appointments can be made by calling 422-2787.

Red Cross Bloodmobiles will be at: —Holy Trinity Lutheran, 39020 Five Mile, Livonia, from 3 p.m. to 9 p.m. Thursday, February 5. Appointments at 464-0211 during blood drive hours.

Correction

A photograph accompanying a story in last week's Record about the closing of Stuart Oil Company's Northville factory did not accurately represent the factory plant. The storage tanks in the foreground are those of Ely Fuel, Inc. The Stuart factory is a building in the far background of the picture. The Record apologizes for any confusion caused by error.

He's initiated

Kurt Naszradi, son of Mr. and Mrs. Edward Naszradi of 41963 Sutters Lane, was initiated into Zeta Rho Chapter of Sigma Chi Fraternity at Central Michigan University January 17.

Naszradi, a junior at CMU, is a business major.

3. Adjournment Moved and supported to adjourn the meeting Meeting adjourned at 7:25 a.m. THIS IS A SYNOPSIS A TRUE AND COMPLETE copy may be obtained at the Township Clerk's Office at 41600 Six Mile Road Northville, Michigan 48167.

Susan J. Heintz, Clerk

TYRONE — The township board here has invited representatives of the Fenton Public Schools to attend its meeting so school representatives can explain their proposal for twice annual collection of school taxes.

PINCKNEY — School board members have voted to proceed with a disciplinary hearing for a high school chemistry teacher for stealing gasoline from the school district.

HOWELL — Although tax increases are rarely popular, Livingston County is not expected to witness a large revolt by local assessors this year over residential property assessment increases recently ordered by the county.

HOWELL — Dr. Robert Greenway is the newest member of the Howell City Council.

HOWELL — In the face of higher interest rates and the overall bad economy, residential housing starts in Livingston County fell 66 percent last year below 1979 figures, according to data released from the county building department.

BRIGHTON — Nearly 60 residents appeared in force at the township board meeting to show their opposition to a gravel mining operation in their neighborhood hasn't wavered.

BRIGHTON — Jerry Cassell, administrative assistant for continuing education and recreation for Brighton schools, resigned as the school board prepared to fire him.

SOUTH LYON — The fired superintendent of schools here has taken a job as a teacher at the high school.

NORTHFIELD — A group of Northfield Township residents, angered by the township board's approval of a rezoning request, have started a referendum drive aimed at overturning the rezoning.

SOUTH LYON — The David Ode family is still celebrating with the return to the United States of their "Uncle Bob" — Uncle Bob Ode, one of the 52 hostages.

MILFORD — Kmart Corporation has requested rezoning applications with an eye toward constructing a store near the corner of General Motors and South Milford roads.

MILFORD — Last year the Huron Valley School District paid \$8,710 for microcomputers and related equipment to Comm-Data, a Milford-based company of which board of education member, Larry Jones, is one of four owners, The Milford Times has learned.

MILFORD — The DNR has appropriated \$750,000 to relocate a controversial gun range on Proud Lake Recreation Land, but plans for the new site will not be presented to the township until April.

WALLED LAKE — A "raffle" being conducted by the Sillet Family Restaurant here, may be illegal because of its requirement that hopeful winners must purchase a breakfast, lunch or dinner to become eligible, according to the attorney general's office.

WOLVERINE LAKE — Four village council seats here will be up for grabs in the April 6 election.

Resolution sent to Lansing

Tax equalization law opposed by council

Continued from Page 1

Looking over city commercial sales during the past three years, Walters said, does not give a valid picture.

"To say that (residential) properties are 40 percent off assessment when you know they are going up with the downtown project is faulty information," he declared.

He said there have not been enough city sales of non-residential property during the past three years to give a valid picture.

Without sales, the actual market value of the commercial properties is difficult to ascertain and charges that they are overvalued remain unsubstantiated.

All A's at MSU

Three Northville residents are among the 501 Michigan State University students who achieved a 4.0 or "straight A" average during the fall term.

Honor students are Catherine Foust of 19777 Meadowbrook, a senior in human ecology; Diane Kleckner of 1056 Allen, a junior in agriculture; and Mary Wertheimer of 41344 Windsor Court, a senior in romance languages.

Multiple zoning decision due soon

The township planning commission decided last week to drop a political hot potato in the board of trustees' lap. The board had dropped it on the commission last month.

At issue is a rezoning request, number 79-9 (indicating the original petition was filed in 1979), to change the zoning class of a 22 acre parcel north of Seven Mile across from the State Police Post from R-3 (single family residential) to RM (multiple family residential).

Owner of the parcel Frances Graham, represented by her brother, Edward Wilkemyer, requested the rezoning.

Neighboring residents protested that additional multiple construction along Seven Mile Road would cause increased traffic on what is already a high-risk driving area.

The township planning commission, following a public hearing June 10, elected to recommend that the board rezone the southernmost 910 feet of the property RM, leaving the remainder R-3.

The commission argued that the master plan of land use for the township calls for multiple zoning in that area, but only to a line that divides the property.

The Wayne County Planning Commission, however, saw the situation differently; it recommended rezoning the entire parcel, as did the county road commission.

With one traffic study in hand and another on the way, the board of trustees first tabled the matter, then referred it back to the planning commission for reconsideration.

Which didn't know what it was supposed to do with it, as it already had considered everything within its purview and made its recommendation.

"I, for one, come out, traffic notwithstanding, that we did make a proper recommendation," said William Bohan, vice chairman of the commission.

"It was well thought-out," said commissioner William Baldwin.

"I move we write the board, saying we believe our previous recommendation represented the best use of this

land," Bohan concluded.

The board probably will decide the issue at its February 12 meeting. And someone, either Graham and Wilkemyer, or nearby residents is likely to be angered by the decision.

Or, the board could accept the planning commission's notion, and rezone part of the property. Then it could have both sides angry at it.

Either way, careful consideration does not come cheaply. Engineering consultant William Mosher and planning consultant Claude Coates indicated the referral back to the commission alone cost some \$500.

Coates conducted a study of possible road connections throughout the area and presented his interpretation to both the board of trustees and the planners.

For Super Sewer

Public advisory committee formed

Northville Township played host to representatives of several communities acting as a citizen's advisory committee (CAC) in its first meeting to discuss the Huron Valley Wastewater Treatment Plan last week.

Formation of the CAC is required under EPA-regulations for wastewater management programs funded by the federal government.

The Huron Valley system, still referred to as Super Sewer despite the deletion of some portions of the original plan, is divided into two major segments, north and south.

The southern system, including a large sewage treatment facility to be located in Brownstown Township, is in the design phase now, the step immediately preceding construction.

The northern segment, serving all participating communities north of Canton Township, including Northville Township, Plymouth Township, Northville, and Novi is now entering the planning phase, the first step.

The advisory committee that met last week will review the work of project

engineers, evaluate the plans and their equitability to all the communities served and generally provide a means of public input to the planning process.

Representatives from throughout the affected area, which includes non-participating communities, are included in mailing lists and on the committee.

The 16-members of the committee will meet monthly, in Northville township hall. The February meeting will be to discuss more than 30 alternative methods of sewer service to the affected communities.

These methods, according to Mike Sellar of Black and Veatch, leading consulting engineers on the project, include use of a Walled Lake sewer treatment plant, or expanding existing services through the Rouge Valley service area as two alternatives to linking up with the southern portion of the project.

Northville Township engineering consultant William Mosher told the engineer it would not be wise to consider the use of the Walled Lake plant as a serious alternative.

"You do know, don't you, that if you try to tie into Walled Lake, you're going to find yourself in federal court?" Mosher asked.

Sellar said those factors would be considered when making a final decision but that EPA regulations require a study of all possible alternative service plans.

Public participation in the planning phase of the north service area sewer will be coordinated through the Southeast Michigan Council of Governments (SEMCOG) with SEMCOG representative Mary Jean Fitzsimmons guiding the committee.

In addition, representatives are designated from the Wayne County Department of Public Works (the grant receiver) and a socio-economic consultant from Massachusetts.

Northville Township Supervisor John MacDonald is one of four public officials on the committee. His designated alternate is David Lelko, business manager.

Special interest groups and business and economic interests also are represented on the committee.

Kirksey co-sponsors bill to curb gold, silver theft

A major bill that promises to crack down on thefts of stolen gold and jewelry across the state has been co-sponsored by State Representative Jack Kirksey (R-Livonia, Northville).

The bill, with broad bi-partisan support, is aimed at closing the market for burglars who steal precious metals and then sell their loot for immediate money with minimal risk, Kirksey explained.

"Because gold and silver is more valuable now than ever before on the spot market, everyday advertisements promise 'instant cash' without questions," Kirksey said.

"Law enforcement officials throughout the state agree that the ease with which thieves are able to sell their stolen property has contributed to the rise of burglaries, and many reputable dealers and jewelers are finding themselves the unwitting accomplices in a crime that grows as the price of gold and silver climbs."

Kirksey said that the number of burglaries statewide has increased as much as nine times in some areas and doubled in others.

He said the bill had been drafted with the assistance of county prosecutors, police chiefs, sheriffs and jewelers throughout the state.

"The nature of the problem makes it

impossible to control through local ordinances," he said, "and investigators have been unable to retrieve many of the stolen items because they are usually out of the state or melted down by the time the burglary report is filed."

"Under the provision of this bill, dealers would be required to register with their local police or county sheriff if they want to deal in receiving precious metals, or 'scrap' as it is called."

In addition, dealers would not be able to lawfully purchase precious items from minors, and identification would be required from everyone attempting to sell gold and silver to a dealer. A seven-day holding period would also be required so local officials could recover fenced items.

"The bill has been reviewed by numerous state and local agencies, statewide associations and people dealing in precious metals," Kirksey continued, "who have given their suggestions to make it a strong and workable bill."

"I think this is a reasonable response to a serious and growing problem, and hope it will be approved quickly so people will no longer live in fear and uncertainty that the skyrocketing price of precious metals will make them the targets of these thefts."

Joyner, Dumas appointed to committees

Local representatives on the Wayne County Board of Commissioners were appointed to two committees by the board chairman recently.

R. William Joyner of Plymouth was named to the general government committee, while Mary Dumas of Livonia was appointed to the rules committee which advises the board on internal procedures and regulations.

Making the appointments was Samuel A. Turner, re-elected board chairman by his col-

leagues for a second consecutive one-year term.

Re-elected vice-chairman was Clemens E. Bykowski.

Committee chairmen include:

Ways and Means (includes all 27 members of the board), William G. Auzore of Lincoln Park; general government, Paul G. Citkowski of Detroit; public works, Clarence R. Young of Ecorse; human resources, Kay L. Beard of Inkster; and public safety and judiciary, Edward K. Michalski of Detroit.

Give your baby a valentine kiss

Love story told to aid a cause

By JEAN DAY

Vikki Schmidt is a slim young woman with a huge heart. She has wed and been widowed in a bittersweet love that both knew was doomed from its beginning. And she's only 25.

Because Valentine's Day comes next week and also because next week is the lesser-known "Kiss Your Baby Week," the Northville High School valedictorian of the Class of 1973 is willing now to talk about her own life.

She's doing so because she has become very involved with Cystic Fibrosis — the disease that killed her young husband last May — and the Cystic Fibrosis Foundation.

Often misdiagnosed as a less serious respiratory disorder, Cystic Fibrosis has one unique sign to which parents are being alerted during "Kiss Your Baby Week" February 8-14.

"A salty taste stays on your skin even with treatment. Treatment can cut down infection, but it won't arrest anything. The sooner CF is diagnosed, however, the longer the patient is going to live," explains Vikki.

Vikki's knowledge is professional. She is a nurse at Children's Hospital of Michigan in Detroit and a volunteer for the Metro Detroit Chapter of the Michigan Cystic Fibrosis Foundation, which also has a Washtenaw County Chapter in Ann Arbor and a Greater Michigan Chapter in Saginaw.

"Eight months ago I swore I wouldn't have anything to do with the foundation or work with the disease," she says.

But after moving to Howell where her family now lives to give herself time to re-think her life, the former Vikki Brown is in process of moving back to a flat in Hamtramck and is working four days a week at Children's Hospital.

It's located just two blocks from the apartment she and Matthew Thomas Schmidt shared for almost a year. They had met after Vikki was graduated summa cum laude from Harper Hospital School of Nursing in 1978 with honors in pediatrics.

"Pediatrics is really different," she says. "It's not antiseptic and you work to encourage the patients."

In the medical adolescent unit at Children's she began work with asthma, Sickle Cell Anemia, cancer and seizure disorder patients as well as those with Cystic Fibrosis. That's where she met Matt.

"We started seeing each other in December, 1978, and it became a whirlwind thing," she remembers.

"There was a gift he had of trying to squeeze everything he could out of life although he was really sick," she says of Matt Schmidt.

"He was not just being alive — he was really living."

She explains that the young man was an inspiration to other young patients at the hospital. It was the patients and staff who honored the couple with a

bridal shower when the wedding was set.

He was very sick, she says, and was in the hospital for about two weeks every couple of months as the Cystic Fibrosis continued.

Because his hospital expenses were covered as a single person but would not be if he married, she explains, they had no choice as she could not afford the tremendous medical expenses.

"We lived together, not because we wanted to that way, but because there was no option."

Then, when Matt returned to the hospital last May and they knew the end was nearing, Vikki donned a white eyelet dress and their families gathered in his hospital room for the wedding May 11. He died May 12.

Of the disease that took his life, she says, when first diagnosed in 1936, few children lived past preschool years. With early diagnosis and proper treatment today 50 percent live through their teens. Matt was 21.

"Damages go on all the time and are irreversible but antibiotic therapy and proper diet that includes enzyme replacements help," says Vikki who points out that CF is not contagious. It is a genetic or inherited disease for which there is no cure at present.

Most CF patients develop lung disease as thick mucus obstructs airways of the lungs and respiratory system. The effect on the sweat glands results in a high concentration of salt in

perspiration.

Vikki tells of another young patient who was dying at age 11, recalling he told his mother in the reality of dying, "Mom, 11's too young to die. I know what to do — 80 is better. To get to 80 you cut through all (the non-essentials)."

That, says Vikki, is what Matt did. "You can get real attached to patients," Vikki admits. "You swear you never will again, but you do. It doesn't have to be the cutest, brightest or nicest kid."

"Johnny was the toughest street kid I ever met, but he was great. It hurts when they die, but you know the family needs attention then."

"In the long run that's what makes it (nursing) worth it, knowing you can do something."

After Matt died, Vikki took leave and went to live with her sister Donna Beebe in Howell where her mother and stepfather, Joyce and Fred Cannarile, also live.

But eight months later Vikki Schmidt is back at work. She has applied for a special post in the Cystic Fibrosis clinic and is redecorating her Hamtramck flat.

Two months ago she began organizing a young adult group of youths 13 and older afflicted with Cystic Fibrosis.

There are 97 in the Greater Detroit area, she reports. She had 10 turn out for the group's first activity in January — an outing to Chung's Chinese Restaurant located near the hospital.

"It can give peer support," she says, mentioning that organizing is a bit difficult as limitations of the patients depend on the degree they are afflicted. She plans an outing to Cedar Point and a roller skating party in the future for the youngsters who live all over the Detroit area, including Northville,

Walled Lake and South Lyon.

"For now," says this plucky young woman, "I really want to put my energy into the CF foundation."

She's asking mothers to kiss their babies "to show your love and to see if your child's skin is salty."

It could be the best valentine a parent could give as CF affects approximately one in every 1,800 newborns — making it the most common, fatal genetic disease in the United States.

Vikki Schmidt relates love story to aid Cystic Fibrosis cause

In Our Town

Political 'pro' got her start at NHS

By JEAN DAY

Those who knew Mari Egbert when she was a senior at Northville High School in 1971 aren't at all surprised to see her featured as a political "force to reckon with in this new era of political conservatism" in the February 2 issue of the weekly People magazine. She is starred in People's "Lookout section: a Guide to the Up and Coming."

Last November, the magazine states, she masterminded one of the GOP's major coups, the dethronement of four-term Georgia Senator Herman Talmage.

The Northville native told People she got her start in politics at 14 when she joined the teenage Republicans to meet people. As a senior at Northville High Mari was winning American Legion oratorical contests. After being chosen winner of the Lloyd H. Green Post local contest in which she spoke on the constitution, Mari went on to capture top spot in district competition.

As a teenage Republican Mari in 1971 wrote in "Speaking for Myself" in The Record, "I believe there are many very intelligent and responsible young people. An 18-year-old who is willing to accept the challenge of running for a public office should be encouraged to do so." She was

writing on one of the new freedoms granted 18-year-olds.

Mari and her parents, the Earl Egberts, lived in Northville Estates. The senior Egberts later moved to Tecumseh, Michigan. Mari went on to study political science at James Madison College at Michigan State University. After organizing students for Governor Milliken, she set up phone banks for Richard Nixon and Robert Griffin in 1972. While still in college, she began a managerial campaign winning streak now 8-1 that is described in People.

This former student's at Russian Embassy

Mark Dillen, his wife Anne and their eight-month-old daughter Vanessa Alexandria are now in Russia after a January visit here with his mother, Mrs. Robert Geschke, in Lexington Commons condos. While he was studying Russian at the University of Michigan the family lived on Bloomcrest.

It was at the U-M that the couple met. He went on to Columbia University in New York to study foreign languages and get a journalism degree. After working for Radio Free Europe in Yugoslavia, he has gone to work for the U.S. embassy as a liaison officer working with American students in Russia. Vanessa was born at the American base hospital in Italy and is Barbara Geschke's first grandchild, she reports proudly. The Geschkes hosted an open house for the visitors.

The Dillens expect to be in Russia for 16 months and then will be sent to Washington, D.C.

Austin's a tarpon winner

From Miami, Florida, comes the announcement that

Continued on 3-B

Mari Egbert was a Northville High School senior when this picture was taken 10 years ago. It appeared in The Record with her comments on political ability of young people. She's now cited for her own expertise in the national magazine, People.

Maybe We're Not Magicians. . .

It's cookie time!

New varieties offered with old favorites in this year's Girl Scout sale

From left to right Sandy Loftus, Susie Brain, Theresa Wilhelm, Donna Wilhelm and Laurel Wilkinson get ready for the Girl Scout cookie sale

Well, cookie lovers, they're back. Yes, those sinfully delicious Girl Scout cookies which have become as much of an American tradition as apple pie, will go on sale this Friday.

Northville Girl Scouts will be taking orders February 6-17. Deliveries are from March 16-27.

This year the Girl Scouts have added two new varieties to the list of cookie favorites — Old Fashioned Oatmeal and caramel, coconutty Sumores.

In addition there are Thin Mints, Peanut Butter Patties, Chocolate and Vanilla Sandwich Cremes and Peanut Butter Sandwiches.

Despite inflation and increased costs, cookies are the same price as last year — \$1.50 a box.

Each box of cookies sold provides an 85 cent contribution to Girl Scouting. Of the 85 cent contribution, 20 cents goes directly to the selling troop and the rest supplements funds provided by area United Ways and other sources.

The annual Girl Scout Cookie Sale not only raises funds for the troops and the Huron Valley Council, but gives each girl an opportunity to acquire skills in meeting the public, keeping accurate order records and handling sums of money.

This year a Marketing Badge in Juniors and a Marketing interest project for Cadette and Senior Girl Scouts have been introduced.

The purpose of the Marketing Badge is for girls to learn the process of marketing by developing skills used during the cookie sale including planning, promotion, sales and evaluation.

The objective of the Marketing interest project is to discover who local business women are, learn sale production, comparative shopping, advertising, selling, record keeping, product delivery and evaluation techniques.

The first Girl Scout cookie — a vanilla shortbread baked in the shape of the Girl Scout insignia, the Trefoil — was introduced in 1933. Though it is still a favorite, others have been added to the selection. All cookies are made in Michigan at FV-Interbake.

This year's cookie sale goal for the 7,000 Huron Valley Girl Scouts, ages 9 to 18, has been set at 500,000 boxes sold.

If this goal is reached, it will mean a \$425,000 contribution to Girl Scouting with \$125,000 going directly to troop programs.

So beginning Friday, Northville residents should keep an eye out for green clad scouts coming to the door. Orders only are taken once a year so now is the time to stock up and forget about dieting until spring.

Engaged

Mr. and Mrs. Arthur Palarchio of 18275 Edenderry announce the engagement of their daughter Mary Kay to Robert William Stirling of Warren.

He is the son of Mr. and Mrs. Raymond Stirling of Warren.

The bride-elect is a 1979 Northville High School graduate and currently is a second year student at Western Michigan University where she is studying criminal justice.

Her fiance is a 1975 Center Line High School graduate and currently is a senior at Western Michigan University where he is majoring in computer systems engineering.

A wedding date has not been set.

Shopping, film set for seniors

A shopping trip to Twelve Oaks Mall has been planned for Northville area senior citizens tomorrow. Buses will leave Allen Terrace at 9:30 a.m. and fees are \$2 per person.

A travelogue on Texas will be shown at 11:30 a.m. Saturday at Salem High School in Plymouth for all interested seniors. The film is free and reservations must be made by tomorrow. Buses will pick-up at Allen Terrace and Big Boy

For reservations call the Community Center at 349-0203 or Marie Knapp at 349-2230.

High School students seeking food donations for MD dance

Northville and Novi High School students are seeking food donations from area residents for the February 20-21 Muscular Dystrophy Dance-a-thon at Novi High School.

Approximately 450 students will be dancing in the 24-hour dance marathon to raise money to help fight muscular dystrophy.

Donations will go towards feeding the dancers. Anyone interested in making a donation should contact Katie Ruddon at 349-3954.

Annual fireside chats coming

AAUW slates crisis, alcohol talks

JAMES FRANCEK

JUSTINE GREEN

Members of the Northville Branch of the American Association of University Women will have an opportunity to choose between two different lectures at the annual "Fireside Chats" being held concurrently at 7:30 p.m. February 10

Justine Green, a psychologist and co-owner of a training and consulting firm, will speak on "Family Crisis" at the home of Jeanne Hubbard at 18312 Shadbrook.

James L. Francek, corporate coordinator of the Employee Health Services Counseling Program for Ford Motor Company, will discuss "Alcohol and Drugs: Current Patterns and Concerns" at the home of Marilyn Robison at 775 Springfield Drive

Justine Green received her bachelor's degree in psychology from the University of Michigan and is presently a master's degree candidate in family studies at Michigan State University.

As co-owner of Process Unlimited, she develops workshops for organizations desiring help with communication skills, time or stress management and leadership training.

In her presentation to the AAUW, Ms. Green will explore concepts of the family life-cycle, the ecological approach to the family and coping methods for crisis and stress.

Francek's background includes a bachelor's degree in philosophy and a master's degree from the University of Michigan.

He also has had four years of study in Theology at St. John's Seminary in Plymouth. He is a member of the National Association of Certified Social Workers and has been a part-time professor and a parish priest for the Archdiocese of Detroit.

He will discuss alcohol, marijuana and the effects on the individual and family at the AAUW meeting. He also will show a film on alcoholism as seen through the eyes of children.

Refreshments will be served at both lectures with programs beginning at 8 p.m.

Prospective members who would like to attend either session should call Jay Ward at 349-3456 to make a guest reservation. All women who are graduates of accredited colleges and universities are eligible to join the AAUW.

Elizabeth Decker, Michael Engel, married in double-ring service

Elizabeth Ann Decker, daughter of Mr. and Mrs. Maurice Decker of Farmington, and Michael Robert Engel, son of Mr. and Mrs. Robert Engel of Brighton, exchanged marriage vows in a double ring ceremony December 19 in Howell

Attendants were Theresa Taylor of

Northville and Mark Steele of Northville.

A reception for the couple was held January 24 in Brighton.

The bride is a 1979 Northville High School graduate. Her fiancé is a 1978 Hartland High School graduate and is employed as a Culligan delivery man.

The couple is residing in South Lyon.

In Our Town

Continued from 1-B

Chuck Austin of 890 Yorktown Court in Lexington Commons condos earned a gamefish award in the Metropolitan South Florida Fishing Tournament when he caught and released a tarpon.

He was fishing out of Islamorada, in the Florida Keys, with Captain Ron Wagner on the "Producer." Pleasure Boating Magazine sponsors a handsome plaque for the most tarpon released in the Spinning Division of the tournament. The tournament continues until May 3.

Newcomers busy with "sew and tell"

"Sew and Tell" is the theme of February Ladies Event for Northville Newcomers. A demonstration is slated by JoAnn Fabrics to show skillful ways to fold napkins, create decor for table settings and offer choice ideas of things to make for the home, announces Chris Williams, president.

The women will gather for the lesson at 1 p.m. February 11 in Highland Lakes Clubhouse where coffee, tea and doughnuts will be served. Reservations are to be made with Shar Valrance, 420-2201, through Friday. There is a limit of 40 and a charge of \$2.50 each.

Garden branch meets Monday

The Northville branch of the Woman's National Farm and Garden Association will hold a crafts day at 12:30 p.m. February 9 at the home of Barbara Callahan.

Members will be making dried flower arrangements and are asked to bring a

generous supply of dried items, a container and shears. Wires, tapes and oasis will be provided.

Crafts Committee Chairman Jamie Hove and her committee will assist with the creations.

Kofta named Regents Scholar

Northville High School student Susan L. Kofta of 725 Spring Drive is among the 41 high school seniors who have been named Regents Scholars for the 1981-82 academic year at Eastern Michigan

University. The \$1,200 scholarship, the most prestigious offered by the University, requires a minimum 3.75 grade point average and test scores of 24 on the American College Test or

1050 on the Scholastic Aptitude Test. The scholarship is renewable if a 3.5 grade point average is maintained at Eastern. The scholarship is not based on need.

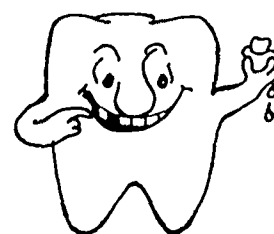

Dental Dialogue

of A. Allen Tuchklaper, D.D.S.

CATCH A FALLING TOOTH

Q. Is it true that you can put back teeth that have been knocked out of the mouth?

A. Yes, but it must be done quickly, preferably within the first hour after the accident. Wrap the tooth in a clean wet cloth and find your dentist immediately. He will clean the tooth, treat the root and position the tooth back in its socket. Also some type of brace will be used to secure it. It's really a simple procedure and one that usually works.

This column is presented in the interest of better dental health. From the office of

At Woman's Club

Collector speaks on pewter, delftware

By MICHELE McELMURRY

When it comes to pewter and delft tile collecting, Salem Dutch Crafts Shop owner Ali Riddering is more than just an area authority.

At last Friday's meeting of the Northville Woman's Club, featured guest Ali Riddering treated the capacity crowd to a discussion of the history of delft and pewter and also displayed pieces from her famous collection.

Mrs. Riddering, who grew up in the village of Santpoort near Amsterdam, has been a lifetime collector of both antique and contemporary delft and Dutch pewter objects.

She and her husband Donald opened their Salem shop on West Six Mile in 1956 and Mrs. Riddering has actively

pursued her study of Dutch pewter and delft tiles.

For several years now she has selected the delft tiles sold in Colonial Williamsburg and for the 1976 Bicentennial she had an original delft tile commissioned depicting the first salute to the United States at Fort Oranje on the Dutch island of St. Eustatius.

To understand the history and development of delft, Mrs. Riddering has researched the subject extensively.

Delft, a glazed earthenware which is usually blue and white, was originally made in Delft, a city of the southwest central Netherlands.

Mrs. Riddering explained that the worldwide expansion of delft was due in part to the Spanish siege of Antwerp in the 1570s.

"Economically Antwerp never recovered," she said. This caused many of the craftsmen — including potters — to move to other areas such as France, England and the Netherlands.

She explained that though blue is most commonly associated with delft, other colors such as red, green and purple were popular during the Renaissance.

The blue color used in delft tiles comes from cobalt oxide, Mrs. Riddering added. "The price of these medals in the 15th and 16th centuries was not an easy matter," she said.

Mrs. Riddering explained that one of the oldest patterned tiles in her extensive collection is a Moorish one.

She said the designs on the delft tiles differ according to the particular

period in which they were made.

"Pomegranates and grapes were a famous Renaissance design although people probably never had seen a grape or pomegranate," she said.

After the defeat of the Spanish Armada in 1588, Dutch painters popularized soldier designs.

Other designs were ships "which were very often found on dishes and were very popular to the Dutch," she said, and animals "which were not always recognizable — it's anybody's guess what these designs might be."

She explained that the tiles were mostly used for architectural purposes.

By the later part of the 17th century delft china was being used for more practical purposes, she said.

As an example of this she displayed a blue and white tobacco pot which was made in Virginia. The pot, inscribed with "Virginie" on the front, would not only be used to hold tobacco but also would be considered a decoration for a fireplace mantel.

For pewter, Mrs. Riddering explained that it is much harder to find out about its origins in comparison to the delft tiles.

She said there is not a great deal of difference in appearance between antique and new pewter, but added that lead — once a prime element used in pewter — was eliminated long ago from the mixture.

Today's pewter is 95 percent tin, two percent copper and three percent antimony.

She explained that the difference between dull and shiny pewter depends on the alloy consistency.

"When pewter comes out of the mold, it's shiny," she illustrated; "however, the alloy consistency soon turns it dark."

Much to the chagrin of those who like the pewter finish, Mrs. Riddering closed by telling the audience that it used to be fashionable to paint or lacquer over pewter pieces.

Can Can dancers appear with popular Marine unit

Marines to entertain

Recreated Civil War unit has Can Can dancers

The Marines are landing here for what promises to be one of the most entertaining Men's Night programs ever held by Northville Woman's Club.

The internationally acclaimed First Marine Band, a recreation of the United States Marine Band of 1863, will perform following the club's 7 p.m. dinner this Friday.

For this meeting, the club is moving to the Northville High School cafeteria and switching to an evening program with husbands as special guests.

The 110-member touring company, undefeated in competition since its inception in 1977, will bring dancers, vocalists, ceremonial Marines and the full military band to town. These are not regular U.S. Marines, but rather veterans and their families, plus civilians, who recreate history.

The unit is the official band of the Marine Corps League, Department of Michigan, and is the only recreated United States Marine Band in the world.

Whether performing for former Vice President Walter Mondale at the White House Ellipse or for President Ronald Reagan (when he was a candidate), the unit brings out an "Up with America" feeling.

During the last three years the unit has been involved in more than 250 performances, traveled more than 42,000 performance miles, and visited 17 states and provinces.

The Naval Dancers have brought crowds roaring to their feet with authentic American clogging from the Maine Seaford Festival to Boston's Jubilee 350.

Their French Can-Can and their challenge sailor's hornpipes have delighted spectators from Philadelphia's Rose Tree Festival to St. Albans — at Vermont's Historical Days — to the U.S. Navy celebration of historic Brodhead Armory in Detroit.

Regular Marines have met their historical ceremonial drill counterparts with hearty hand shakes, as the First Marine Band's color party came off the field after loading and firing black-powder rifles in 19-count manuals.

Professional show producers across the country have visited backstage to congratulate the band's staff and musicians on the finest of professional performances and have been surprised to find the unit made up entirely of volunteers, many younger than 18, rigidly disciplined and selected by severe auditions from many thousands of musicians.

Spearheading the officer unit and directing the creation and performance of the First Marine Band are Colonel David L. Jaehnig, former director of the State of Michigan Bicentennial Band, Lieutenant Colonel (and dancing mistress) Roslynn Jaehnig and bandmaster Major Mary Jones, a former Navy WAVE.

The uniforms of the band are replicas of the United States Marine Band uniforms of the Civil War period, and are authentic down to the buttons.

The appearance of the band and the ceremonial Marines on parade create the picture of the United States Marine Band on duty in Washington, D.C., and at Gettysburg during that conflict.

Music ranges from earliest days of the military music to present day, with emphasis on music before 1919.

A typical program ranges from the works of John Philip Sousa to tunes of the Big Band Era, and from tunes of the services to the dances of American history. Vocalists bring music of American history to audiences.

The 200-member organization includes a new United States Navy Jackie Band, patterned from the 1920s, for younger musicians ages 10-14.

The organization raises nearly all of its own funds, except for small occasional funds from the Michigan Council for the Arts. It has a \$100,000 a year budget.

The unit includes a fife and drum corps and a Tommy Dorsey-Glenn Miller dance band as part of its full military band, and performs regularly for military balls and veterans' conventions.

Mrs. Richard Bischoff, who heads the evening's arrangements, announces that Mrs. Richard Henderson will give the invocation.

Mrs. David Jerome and Mrs. Kenneth A. Pickel are assisting with arrangements. Mrs. Peter Simpson is taking reservations.

BEFORE YOU OPEN AN INTEREST-EARNING CHECKING ACCOUNT... COUNT TO TEN.

If you think all interest-earning checking accounts are the same, you haven't been reading the fine print. Just one example: Major financial institutions in this area require minimum balances ranging from \$500 to \$2000 for such an account, in order to avoid monthly service charges. First Federal Savings of Detroit requires only \$300.

So if you're about to open an interest-earning checking account, count the advantages you get at First Federal. You may get some of them elsewhere. But only at First Federal do you get all ten. Count 'em.

1. Your First Federal interest-earning checking account earns 5 1/4% annual interest.

2. First Federal compounds this interest continuously and pays it monthly providing an effective annual yield of 5.467%.

3. There is no monthly service charge as long as you maintain a minimum balance of just \$300.

4. First Federal offers overdraft protection. (You must apply for this benefit separately.)

5. First Federal gives you your first 50 personalized checks free. No strings attached.

6. First Federal returns your cancelled checks with each monthly statement. Free.

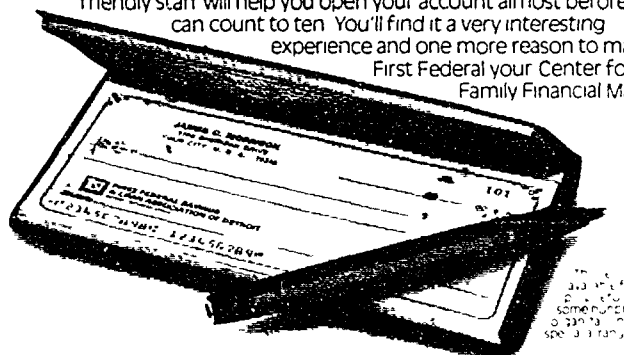

7. First Federal has over 60 offices conveniently located near where you live, work or shop. You can transact your First Federal business at any one of them.

8. First Federal provides fifteen 24-hour Night Owl Windows (automatic teller machines).

9. First Federal's Prestige® Emergency Cash feature entitles you to nationwide, out-of-town emergency cash withdrawals from your interest-earning checking account.

10. If you're at least 62 years old and sign up for direct deposit of your Social Security or other retirement benefit, you can have an interest-earning checking account at First Federal free of monthly service charges and with no minimum balance requirement.

Ten advantages that explain why thousands upon thousands have already opened their interest-earning checking accounts at First Federal. Join them. Just drop in at any First Federal office, and one of our friendly staff will help you open your account almost before you can count to ten. You'll find it a very interesting experience and one more reason to make First Federal your Center for Family Financial Matters.

All's ready for giant ice carnival

By KURT MADDEN

The White Lake Inn, licensed as a hotel resort, sets on a scenic shoreline of Oakland County's third largest body of water. It's a favorite among local residents who want to drink a beer, play games and dance on weekends.

But after this weekend, the inn and its owner, Richard "Buzz" Crozier, won't be the same.

The three-story structure, 3955 Ormond Lake Road, about three miles north of M-59 in White Lake Township, will be the center of what is likely to be the biggest winter event in Oakland County's history...at least, that's Crozier's hope.

Called the White Lake Winter Carnival, the event is an attempt by Crozier to duplicate the success of Tip-up Town, an annual extravaganza played out each winter on Houghton Lake in northern Michigan.

White Lake, with its 546 acres, 26 miles of shoreline and about 20 inches of ice, is a perfect setting for Crozier's dream.

The carnival, as it is described by Crozier, is a combination family-fun, public relations for local law enforcement and a wing-ding of a fund-raiser for Muscular Dystrophy.

The carnival starts Saturday, Feb. 7 at 9 a.m. and ends temporarily Sunday, Feb. 8 at 2 a.m. Seven hours later at 9 a.m. the carnival will start again and be over 2 a.m. Monday.

"I think it's going to be a huge success. It'll be the biggest thing ever to hit White Lake," said Crozier, 40, who purchased the inn nearly three years ago after a stint as a deputy with the Oakland County Sheriff Department's Marine Division and as a patrolman with the White Lake Township Police Department.

"We planned this with the family in mind. It's going to be cheap, not something that will cost a family \$30 to \$40. You can spend \$20, and your family will have a good day. "Everything will cost \$1. We decided on that instead of \$2 or \$3 because of the economy. Nobody has much to spend," Crozier remarked.

Fifty percent of the money raised at the carnival will be donated to Muscular Dystrophy, an aspect of the event that makes Crozier proud. But equally important to Crozier is the fact that area law enforcement personnel will be there in uniform to talk to youngsters.

"It's going to be public relations for the police. I think it's real important for the public to talk to and shake hands with their police and with local elected officials."

"I think it's vital for the police to create a good atmosphere with the

Richard "Buzz" Crozier stands on a stairway at the rear of the White Lake Inn. The inn is on the shoreline of White Lake, a 540-acre plain of ice which will serve as the site for the first White Lake Winter Carnival.

Business...

TILLMAN DOZIER has been appointed personnel relations manager for Ford Motor Company's personnel and organization staff. He succeeds Donald S. Martin, who retired after 26 years with the company.

The Ford Personnel Relations Division administers the company's open door policy which is designed to help solve work-related problems of salaried employees.

Dozier, a Thorndyke Court resident of Northville, joined Ford in 1964 as a statistical analyst with the Ford Division. He became educational affairs program coordinator in 1970, and personnel and organization staff educational advisor in 1972.

In 1974 he was named assistant industrial relations manager for Trim Operations, and later that year was named personnel planning manager, Minorities Management. Prior to his new position, Dozier had been manager of the industrial relations department at the Dearborn Engine Plant since 1976.

Born in New Haven, Michigan, October 23, 1936, Dozier received bachelor's and master's degrees from Wayne State University in Detroit.

A. H. "LON" KELLY, manager at the General Motors Proving Ground, has been reappointed chairman of the General Motors Milford Public Affairs Committee for 1981 by GM President E.M. Estes.

In addition to Kelly, the Milford Public Affairs Committee includes Carl B. Bell, manager of budgets and costs; J. King Foster, manager of operations services; H. Peter Leitz, manager of facility services; Kenneth G. Peterson, director of chassis systems; Ralph W. Wiese, director of vehicle emissions and export type approval and Charles W. Oyerly, GM's regional public relations manager.

Since 1935, public affairs committees have been responsible for guiding and coordinating GM's community relations activities in more than 70 cities where General Motors has manufacturing facilities or other major operations.

GUARDIAN INDUSTRIES CORPORATION of Novi reported record revenues and earnings in both its fourth quarter and its fiscal year ending December 31, 1980.

Revenues in the fourth quarter were \$81.3 million, 11 percent higher than \$72.9 million in 1979 which is restated to conform to new reporting classifications. Earnings rose 33 percent in the quarter to \$6.6 million, compared with \$4.9 million the previous year.

Revenues for the year 1980 totaled \$305.7 million, eight percent higher than the restated \$284.2 million in 1979. Earnings were 22 percent higher, rising from \$22.7 million in 1979 to \$27.6 million in 1980.

Guardian Industries President William Davidson said the company's progress in 1980 was particularly noteworthy when consideration is given not only to the poor health of the domestic economy, but also to the fact that the company's results were penalized about 20 cents per share as a result of the decision to adopt two new accounting policies, gaining cash flow and added conservatism to financial results.

"A key event in 1980 was the substantial increase in productivity achieved by Guardian Photo Division which elevated its profits by

about three times over depressed 1979 levels," Davidson continued.

"Also of importance was fee income earned from our engineering services provided in conjunction with the construction of a float manufacturing facility in Venezuela. Glass operations performed well in the difficult 1980 year, with sales up six percent.

"We look forward to continuing our growth momentum in 1981 and taking advantage of new capacity recently added throughout our operations," added Davidson. "Given the fundamental strengths of our company, we are confident that Guardian is well positioned in its major markets for the decade ahead."

Guardian Industries Corp. (NYSE) is a major manufacturer and fabricator of flat glass products used in construction and, to a lesser extent, automotive applications. Other building products manufactured by the company are fiberglass and mineral wool insulation. Guardian also services the amateur photography market through a nationwide network of 13 photo processing facilities.

SECURITY BANKCORP, INC., of Southgate has announced record fourth quarter consolidated income before securities gains or losses of \$1.922 million, an increase of 6.8 percent over the 1979 fourth quarter.

Security Bankcorp, Inc., is the parent company of Security Bank of Novi as well as Security Bank and Trust Company, Security Bank Monroe County, Security Bank of Richmond (formerly National Bank of Richmond), Security Bank Oakland County (formerly Keatington State Bank) and SecureData Corp.

For the full year 1980, consolidated income before securities gains or losses was \$7.508 million compared to \$8.766 million for the full year 1979, a decrease of 14.4 percent. Consolidated net income for the full year 1980 decreased 10 percent from the full year 1979.

JAMES L. WHITEHOUSE, clinical chemist for the five hospitals of the Peoples Community Hospital Authority (PCHA), has been elected chairman of a key committee of the Michigan Section of the American Association for Clinical Chemistry.

A resident of Novi, Whitehouse has been a PCHA clinical chemist for four years.

He works out of Annapolis Hospital in Wayne, although his job responsibilities expand to the entire Authority, which includes Beyer Memorial Hospital in Ypsilanti, Heritage Hospital in Taylor, Outer Drive Hospital in Lincoln Park and Seaway Hospital in Trenton.

Whitehouse was elected to the chairmanship of the Professional Relations and Political Affairs Committee of this region. The Michigan Section of the organization also covers portions of Ohio, Indiana and Ontario, and has a membership of 250 clinical chemistry professionals who are affiliated with hospitals, independent laboratories and other areas of research in the medical profession.

C.A. HULL COMPANY of Walled Lake was the low bidder on four projects totalling \$7.206 million through the Michigan Department of Transportation.

All bids must be approved by the State Transportation Commission and the State Administrative Board before contracts are awarded.

C.A. Hull submitted the low bid of \$4.435 million for construction of a five-lane concrete road for one mile of Seventeen Mile between Mound Road and Van Dyke in Sterling Heights. The project includes a four-span concrete box-beam bridge over Conrail tracks.

The Walled Lake firm also submitted low bids in the amount of: \$1.906 million for construction of two three-span girder bridges in Waterford Township; \$960,000 for construction of a six-span plate girder bridge in Watertown Township; and \$205,000 to remove an existing bridge and construct a two-span pre-stressed concrete box-beam bridge over the Pine River in Standish Township.

F.M. "MIKE" MALOTT of Novi has been appointed Automobile Club of Michigan's Warren manager. He succeeds John Anderson, who was named Auto Club's Ten Mile-Kelly manager.

Malott had been a regional sales manager at Auto Club's Dearborn administrative offices since last April.

He joined Auto Club as a sales representative at the Lansing branch in 1954. He was appointed Saginaw manager in 1975.

The Albion native is a Navy veteran and attended Ball State University in Muncie, Indiana.

VAN A. WEBBER of Novi has been named Automobile Club of Michigan's Royal Oak manager. He succeeds Richard Owen, who was named a Field Operations regional sales manager.

Webber has been Auto Club's East Dearborn manager since April.

He joined Auto Club in 1967 as a sales representative and in 1974 was appointed a Sales Administration assistant. He was named a regional sales manager in 1975 and became Auto Club's Royal Oak assistant manager in 1979.

He attended Central Michigan University and received his bachelor's degree in business administration from the Detroit Institute of Technology. Webber also has taken graduate courses at Wayne State University.

He is a member of Alpha Sigma Phi. Webber has two daughters and one son.

Business brief

BALLOONS AND THINGS is the name of a new business venture opening in South Lyon this week. Larid and Nancy Peters, with their children, Wendi Fisher, 15, and Matt Fisher, 10, will be delivering balloon "bouquets," complete with ribbons for just about any occasion you can think of.

Right now they're gearing up for Valentine's Day and a wedding order. Dressed in costume, members of the family will be delivering standard within a specified area of South Lyon for \$15 for a dozen multi-color helium-filled, nine-inch balloons. They will also do personalized arrangements.

"We're planning to do some balloon-a-grams and some arty things," explains Nancy, who describes herself as an "old art teacher," turned alcoholism therapist.

A part-time venture, the Peterses will be operating Balloons and Things from their Eleven Mile Road home for the time being.

Michigan Mirror

'Preserving land essential'

By WARREN M. HOYT

The governor's Community Development Cabinet recently released a report indicating new state agricultural development bonds to provide low-interest farm loans, treatment of agriculture as a target industry for economic and job development and establishment of exclusive agricultural zones are needed to preserve state farm lands.

The report noted Michigan is losing farm land at the second greatest rate in the nation at 115,000 acres per year.

Lieutenant Governor James Brickley, who chairs the cabinet, said, "When we usurp farmland and build on it our cities and villages, we move food production father and farther away from our population centers. We also pay little heed to the need for greater food production for future generations."

Release of the farmland preservation report came on the heels of a recommendation by outgoing U.S. Transportation secretary Neil Goldschmidt that the state drop plans to build a new freeway leg southwest of Lansing through prime agricultural land and follow instead an existing highway corridor.

The transportation committee approved the freeway rather than destroy homes and businesses along the highway, but critics say the proposal will open 16,000 acres of farmland to development.

The report, however, does not directly address highway development as a factor in loss of farmland to other development.

The report does urge that "development should be directed away from essential farmland."

"Farmland preservation does not entail the prohibition of all future development but requires the directing of growth to ensure that there is land available for agriculture as an important economic activity," the report noted.

Among the ways to channel development, the report continued, is to amend the subdivision control act to make it more effective in preserving land by extending the law to cover any subdivision of land in unincorporated areas and implementing the community development impact assessment process, which includes consideration of the effects of state actions on farmland and agriculture.

The low-interest loans urged by the

cabinet would be provided through new powers of the Job Development Authority, which through agricultural development revenue bonds would purchase loan guarantees.

In order to qualify for the low-interest loans, the report says farmers should be required to enroll in the existing state program providing tax breaks in exchange for a 10-year commitment to keep land in agriculture production or in the proposed exclusive agricultural zoning.

The zoning proposal would establish agriculture as the highest and best use of land in designated areas.

Other recommendations include funding for the Department of Commerce to designate agriculture as a target industry and conduct a study of agribusiness to determine how it can be strengthened; a farm transfer program by establishing a state authority for the mortgage, purchase or lease of farmland to keep family farms intact, make capital more available and to enable prospective farmers to more easily get started; and increased technical assistance, more agricultural research and promotion of the development of the agricultural support industry.

Local airports offer recreation

On your next trip to the airport, relax and watch the planes lift off, take flying lessons or try skydiving, aerobatics or soaring, suggests Automobile Club of Michigan.

At Bishop International Airport in Flint, spectators may watch planes from an outside

observation deck for a dime or from the old FAA tower for a quarter. The tower has an added attraction — loudspeakers broadcast radio conversations between pilots and airport controllers.

There is a 10-cent admission fee for the observation deck at

Detroit Metropolitan Airport in Romulus. The airport restaurants also offer excellent views of jumbo jets.

Admission to the observation deck at Detroit City Airport is free, and hungry travelers can grab a bite at Sonny's Weather Station while watching

the local air traffic.

Kent County International Airport in Grand Rapids offers both and observation deck with coin-operated telescopes and a viewing area across from the terminal, complete with parking space, picnic tables and a popcorn wagon on summer weekends.

The Grand Rapids airport also boasts a restaurant with a view of the air traffic and it is named appropriately the Golden Eagle.

For more of the same, try the Red Baron Cafeteria at Emmet County Airport in Pellston; the Kittyhawk Restaurant at W. K. Kellogg Regional Airport, Battle Creek.

West Airport Inn at Branch County Memorial Airport, Coldwater; Murphy's Sky Room at Jackson County-Reynolds Field, Jackson; the Prop-Stop at Kirsch Municipal Airport, Sturgis; and the Meridian at the Oakland-Pontiac Airport, Pontiac.

The Meridian is located inside the terminal of what bills itself as Michigan's busiest airport, and it is not unusual to see planes taxi up to within 30 feet of the restaurant's big glass windows. If "Cuban 8s," "vertical rolls" and "hammerhead turns" are what you're after, then you should enroll in one of the two aerobatics schools available at the Pontiac airport.

"Sample Flying" is what lessons are called at Jackson. Certified Flights Inc. (517-784-9134) offers a "Mini Sample" — a 10 minute introduction ride — at \$7.50.

Parachuting or skydiving lessons are given at Al Meyers Airport in Tecumseh. The Tecumseh Parachuting Service (517-423-7720 or 423-9997) takes more than 300 people up each weekend, and the jumps go on from dawn to dusk.

Glider rides are available on weekends at the Frankfort City-County Airport in Frankfort, site of the National Soaring Festival. You join a pilot aboard a motorless craft which is pulled into the air by another airplane or winch, then released to soar gracefully over the countryside with only the sound of the wind in your ears.

A 15-minute "introductory" flight costs \$20 and is offered weekends in good weather. For information, call (616) 352-7623.

Abrams Municipal Airport at Grand Ledge is the place to go to watch helicopters. The Michigan Army National Guard holds drills on weekends and usually every Wednesday and Friday evening.

The giant glass windows in the Muskegon County Airport terminal near Muskegon offer glimpses of passenger planes being prepared for takeoff.

Plane-watchers at Cherry Capital Airport in Traverse City can enjoy refreshments at the Sun Catcher Lounge while practicing their favorite pastime or — in summer — sit out on the patio as the planes go overhead.

Homeward Bond.

The road to buying a new home can be difficult. But United States Savings Bonds can make the journey a lot easier.

All you have to do is join the Payroll Savings Plan where you work.

That way, a little is set aside from each paycheck to buy Bonds. Automatically.

You'll be amazed how quickly they pile up. Before you know it, the Bonds have built you a nice down payment. And you can build a nice, new home.

If you've been trying to save for a new home, buy U.S. Savings Bonds.

And get your savings headed in the right direction.

Take stock in America.

Alvin named to Hall of Fame

Wistert brothers make college football history

History was made last weekend as the third of the Brothers Wistert was named to the National Football Foundation's College Hall of Fame.

Alvin "Al" Wistert, 10250 West Seven Mile, Northville joined brothers Francis (Whitey) and Albert who were named previously. No other family in America has produced three College Football Hall of Famers.

Wistert is among 11 former college All-American football players named to the Hall of Fame January 31.

A tackle at Boston University in 1946 and at the University of Michigan from 1947-1949, Wistert was one of six linemen named to the squad.

The linemen and five backs will be officially inducted at the Foundation's 24th annual Awards Dinner December 8, 1981 at the Waldorf Astoria in New York City.

They will be enshrined at the Hall of Fame at Kings Island, Ohio in August, 1982.

The 1981 College Hall of Famers, elected by the Foundation's 12-man Honors Court, also include such notables as former Dallas Cowboys Roger Staubach, who played at the U. S. Naval Academy from 1962-1964 and Bob Lilly, a tackle at Texas Christian University from 1958-1960.

Both have recently retired from professional football.

Al, a 6-foot-4, 248-pounder, won All America honors at the age of 32 and 33. (He did not enter college until after serving six years in the Marine Corps in World War II.)

He played at Boston University before transferring to U of M, where he played for Fritz Crisler and Bennie Oosterbaan in 1947 and 1948 when the Wolverines were undefeated national champions.

Wistert is married and the father of

AL WISTERT

two children. He presently is the head probation officer for the Criminal Court in Northville.

The Wistert brothers' father, a policeman, was shot and killed by a hold-up man in the line of duty when Alvin was 10.

Encouraged by their mother, the Brothers Wistert all became involved in athletics and, consequently, became college football All-Americans.

Each electee's candidacy is based also on good citizenship and love of country, in addition to his performance on the field of play, according to Fred Russell, vice-president of the Honors Court and sports columnist for the Nashville Banner.

All have enjoyed success in their chosen profession after their days of glory on the gridiron ended.

District tournaments set

Area high school sports fans will be treated to two district playoffs at Northville High School next month.

The Mustangs will be among five basketball squads vying for the district title during the three day tournament, set for March 3, 5 and 7.

Millford, Millford Lakeland, Walled Lake Western and Walled Lake Central are scheduled to participate.

Northville will open the tournament against one of the other four entries at 7 p.m. Tuesday.

Other games are scheduled for 6 p.m. and 8 p.m. on Thursday, while the championship game is set for 7 p.m. Saturday (March 7).

Also on March 7, eight area

high school volleyball squads will be involved in their own district tournament at Schoolcraft College.

Spikers from eight of nine schools — Southfield, Millford Lakeland, North Farmington, Farmington, Northville and the four Livonia schools — Churchill, Bentley, Franklin and Stevenson — will be competing for the district title.

(A drawing February 24 will determine which two squads must compete in a pre-district match. The loser be not participate in the district tournament).

The first match is scheduled to begin at 9 a.m., the second at 10:30 a.m. and the third at 1 p.m. Finals are slated for 5 p.m.

Back on top

Ward scores 28 as Mustangs reclaim W-6 lead

By KEN KOVACS

The Mustangs are back

A stubborn Farmington Harrison basketball squad gave the Northville cagers a real dogfight Friday night, but when the scoreboard showed no time left to play it was Mustangs 63, Hawks 58.

Tim Lutes' hustling roundball squad displayed the unselfish style of play which has enabled it to cruise to an 11-2 overall record and post a 5-1 mark in the Western Six.

It was the type of play which was absent when Northville was shocked by Livonia Churchill (59-50) a week earlier.

The Mustang victory, highlighted by center Dave Ward's career high 28 points, snapped a Harrison-Northville first place tie.

The Mustangs have a one-game lead over Harrison and Churchill, which currently are tied for second place with 4-2 marks.

(Churchill knocked off Canton in another Western Six contest Friday.)

The Hawks came out smoking as they outscored the Mustangs 16-8 in the first period of play. But the Northville cage

crew regrouped in the second quarter and — led by forward Tim Wagner's six points — blasted the Harrison squad 20-8 to grab a 28-24 halftime advantage.

Ward netted 12 of his points in the first half hitting four field goals and four of six free throws.

The 6-foot-7 senior also hauled in 16 rebounds during the contest.

"He played with the most intensity for the longest time he has this year," praised Lutes. "I hope he can retain that the rest of the season."

Duke Dusablon sunk four of five shots at the foul line in the first half and added a field goal to the cause.

The senior forward finished the contest with 10 points, also his season high.

The Mustangs continued their dominance in the second half as reserves Dusablon and Gary Kucher helped starters Greg May and Dave Greer work the ball to Ward.

Kucher led the Northville squad in assists with six. The senior guard also added five points on a field goal and three of five free throws.

Greer pumped in eight points and was credited with four assists.

Senior Kevin Swayne also contributed to the Mustang victory, sinking

a crucial basket in the final minutes, while adding a assist and a pair of steals.

"Our kids really want that Western Six title," Lutes stated. "We got outstanding performances from all four players off the bench."

Though his team now sits alone atop

the Western Six, Lutes admits there still is a long way to go.

"I don't feel we are in the driver's seat yet," he said. "I feel we can beat anybody at home, but we have two tough road games ahead of us — at Plymouth Canton and Waterford Mott."

Sue Cahill sets new record

Northville native Sue Cahill set a new Big Ten record in the 200-yard butterfly Friday, January 23 as the University of Michigan women swimmers drowned Wisconsin 102-29.

A high school All-American at Northville High School in 1980, Cahill currently is a freshman at U of M.

The Wolverines, who are closing in on their sixth consecutive Big Ten title, won 13 of 15 events, but the highlight of the meet was Cahill's record-shattering performance.

Her time of 2:05.05 also qualified her to compete in the

AIWA National Championships to be held in Columbia, South Carolina in March.

Among top scorers

Ocelot cager shines

Phil Blevins, a freshman member of the Schoolcraft College basketball team, currently is among the leading scorers in the Michigan Community College Athletic Association. In nine games the 6-foot-6 Blevins has scored 175 points — an average of 19.4 per contest. Blevins and teammates Dennis Freeman and Mike Williams recently led the Ocelots to a 68-58 victory over the Michigan State University junior varsity cagers. Blevins scored 10 points

before fouling out, while Freeman led Schoolcraft scorers with 24 and Williams added 14.

Blevins nearly set a new Schoolcraft single-game scoring record recently by netting 39 points in a 93-83 loss to Mott Community College. The record stands at 41.

The Ocelot cagers currently boast a 10-8 overall mark and are 4-6 in the conference.

Roll over Salem

NHS gymnasts take second at Saline tourney

By KEN KOVACS

Following a 92.65-56.95 thrashing of Plymouth Salem Monday, January 26, the Northville High School gymnasts fell prey to Jackson Lumen Christi, finishing second at the Saline Invitational Saturday.

The Mustangs amassed 88.85 points to Lumen Christi's 91.6 at the Saline Invitational, while the host team finished third in the eight-team field.

Other participants include Brookline Columbia Central, Haslett, Michigan Center, Okemos and Tecumseh.

"It was virtually a two-team meet," said a disappointed Jack Townsley, Northville

coach. "We suffered our lowest scores this year on the vault. But we almost pulled it out anyhow."

Townsley was a bit perturbed with the judges, who gave Amy Aaron a score of 6.85 on her balance beam routine.

"She did a very fine routine and they just didn't give her a fair score."

Despite the questionable scoring, Northville won the balance beam competition, amassing 22.55 points.

Senior standout Paula Broderick scored an 8.0 and sophomore Pam Stephens was awarded a 7.7 for her performance.

Lumen Christi took the other three events, each by less than two points.

Broderick earned an 8.75 in the floor exercise while, Stephens scored an 8.0 and Holly Raycraft was awarded a 7.25, to give the Mustangs an even 24.

But Lumen Christi managed a 24.3 to claim the event.

The vaulting event went to the tournament winner, 24.35-22.95.

Broderick scored at 7.95, Stephens had a 7.7 and Aaron posted a 7.3 for the Mustangs' top three finishes.

On the parallel bars, Broderick posted a 7.5, while Aaron received a score of 6.45 and Anita Hodge, who suffered minor injuries to her hip, still managed a 5.4.

Northville lost the event by a score of 20.35 to 19.35.

"The parallel bars were on the wrong setting for Anita and she took some rough bangs on her hip," Townsley said. "She was the first performer for us, so the other girls adjusted the setting and didn't have a problem with it."

Enroute to trouncing Salem, Northville swept the first three places in every event.

The Mustangs', highest point total (25.3) came in the vaulting competition.

Stephens took first place with a score of 8.55, Aaron was second at 8.45 and Broderick took third, posting an 8.3.

Hodge posted a 7.6, good enough for fourth place.

Broderick won the parallel bars with a score of 7.8, while Stephens took second earning a 7.6 and Aaron was third with 7.1.

Stephens topped all competitors on the balance beam, as she was awarded a score of 7.65.

Broderick finished a close second at 7.6, Aaron posted a 6.8 for third, Raycraft was fourth at 6.5 and junior Lora Kiraly scored at 5.7 in her first appearance this season.

Broderick swept the floor exercise with a score of 8.0, while Stephens was runner-up at 7.75 and Raycraft collected a score of 7.05 to claim third place.

Cougars claim ninth victory

Doug Martin and Sean McLaughlin netted 11 points apiece to pace the Our Lady of Victory fifth and sixth grade basketball team to its ninth win of the season Sunday.

The Cougars downed St. Hilary 34-21 and trounced St. Agatha 30-19 to boost their overall record to 9-1 in CYO league play.

The young OLV boys led 10-0 at the end of the first quarter, led by the scoring of Martin, Joe Brielmaier and John Larabel.

Hilary cut the margin to six points in the third period before McLaughlin scored nine unanswered points to ice the win for OLV.

Brielmaier collected six points, while Larabel had four and Tom Orlovski netted two.

Against St. Agatha the Cougars outscored their opponents 21-1 in the first half, enabling them to coast through the second half.

McLaughlin led the Cougar scorers with 11, Brielmaier added 10, Martin had six, Larabel notched two and Tom Whelan collected one.

Currently, the OLV fifth and sixth graders stand at 5-1 in the CYO.

The boys and girls seventh and eighth grade OLV cage teams also won handily last weekend.

Howard Daly's girl cougars trounced St. Hilary's 27-13.

Amy DeMattia's 20 points led all scorers. Ann Wooden added four points, Colleen McGillis had two and Dana Reynolds notched a single point.

The OLV boys overwhelmed St. Hilary's 62-47 as Greg Ryba collected 24 points and Todd Thomas added 20.

Tim Mixon's fifth and sixth grade girls did not fare as well, losing to Precious Blood 19-14.

Cathy Borisko, Lisa Martin and Julie Brady were cited for their efforts.

Tammy Chew was one of the Mustangs' stellar performers

NHS spikers troubled

Victory was not in the cards for the Northville High School spikers last week.

Livonia Churchill handed the Mustangs their first disappointment Monday, tripping the Northville volleyball squad in two straight games, 15-9, 15-12.

Hoping their fortunes would improve, the Northville players traveled to Plymouth Canton Saturday only to be beaten down again.

The Mustangs did fare slightly better in the 20-team tournament, however, winning five of eight games before they were eliminated.

Northville had beaten Dearborn Fordson 15-10 and lost to the same team 15-9 earlier in the day.

Fordson's one-point advantage allowed the squad to continue play, while the Mustangs were sent to the showers.

"If Brighton would have beaten Ford-

son — they split — or we would have gotten two more points in our victory over them we would have stayed," explained Steve McDonald, Northville coach. "But I still think the girls played extremely well."

In the loss to Churchill, the Mustangs had problems with serves and serve receptions.

"We didn't play well at all in the first game," McDonald said. "But the girls started to gel in the second game. They know exactly what they did wrong."

Kim Maguire led the Mustangs with scoring 12 good hits in 16 attempts.

Tammy Chew also played well, collecting eight good hits in 10 attempts.

Melinda House had the best serving stats for Northville, claiming six good serves in eight tries.

The Mustangs currently stand at 3-4 in dual meets and are 1-4 in Western Six competition.

Top of the Key

Unless some prep basketball player within the Sliger Home Newspapers circulation area gets hot in a hurry, this year's race to the Top of the Key could soon be a foregone conclusion.

Despite the fact that Northville's Dave Ward currently trails Milford's Rob Sharpe in the battle for top individual scoring honors, the Mustang center probably won't have any competition for awhile. Last week Sharpe was felled with mononucleosis, and doctors say he'll be out four to six weeks.

The bad news not only means that the Redskins will lose their best offensive threat, it also means that Sharpe may fail to play in enough games to qualify for the SHN scoring title (15 games — including playoffs — will be the minimum). He currently has amassed 205 points in 11 contests, a rate of 18.7 per game.

Sharpe's illness opens the gates for Ward, who was his usual dominating self in the Mustangs' 63-58 win at Farmington Harrison Friday. The 6-7 stan-

dout tallied a career-high 28 points as Northville moved to 5-1 in the Western Six Conference.

Here's this week's Top 10 (at least nine games played):

1. ROB SHARPE, MILFORD: (Games 11, Total Points 205) Average 18.7.
2. DAVE WARD, NORTHVILLE: (Games 13, Total Points 235) Average 18.0.
3. DAVE RICHMOND, WHITMORE LAKE: (Games 13, Total Points 210) Average 16.1.
4. ERIN HILL, WALLED LAKE CENTRAL: (Games 12, Total Points 180) Average 15.0.
5. DEAN DANKE, MILFORD LAKE: (Games 10, Total Points 145) Average 14.5.
6. KEITH HODGENS, SOUTH LYON: (Games 12, Total Points 166) Average 13.8.
7. MIKE XENOS, WALLED LAKE WESTERN: (Games 12, Total Points 164) Average 13.7.

Man of the year

Jack Riggs of Northville accepts the "Horse Racing's Man of the Year" award from witty Detroit weatherman Sonny Eliot at the recent 11th Annual Metropolitan March of Dimes Sports Awards banquet at the Detroit Plaza Hotel. Riggs is an announcer for Hazel Park Race Track, Detroit Race Course and Northville Downs.

Tankers tripped twice

Pete Talbot would like to have another shot at Livonia Churchill. He would do things a little differently next time, he said, and his Mustang swimmers "could pull off a victory."

If there were a next time.

As it is, Talbot and his tankers will have to live with the 89-83 loss they suffered Thursday at Churchill's pool.

"If I would have made one change in one event I think we could have won the meet," the frustrated coach said. "We probably would have taken first and second place in the 400-yard free style relay and that would have made the difference."

Northville did claim five first place finishes, but took second and third in the 400-free style.

First place winners for the Mustangs were Gary Lauber in the 200-yard individual medley (2:25.20) and 100-yard butterfly (1:09.39); Dave Copp in

the 500-yard free style (5:51.55) and Char Ramsey in the 200-yard free style (1:54.28) and 100-yard free style (52.85).

The Mustang tankers

finished second in seven events.

Northville was scheduled to host Ypsilanti last night (Tuesday). The tankers' next Western Six meet is set for Thursday at Plymouth Canton.

A daytime and a night time meeting will be held. Times for the hearings are:

TUESDAY, FEBRUARY 17, 1981: 7:30 p.m. in the Board of Commissioners Auditorium, Committee Room A, Oakland County Service Center, 1200 N. Telegraph, Pontiac.

WEDNESDAY, FEBRUARY 25, 1981: 1:30 p.m. in the Board of Commissioners Auditorium, Oakland County Service Center, 1200 N. Telegraph, Pontiac.

DANIEL T. MURPHY
COUNTY EXECUTIVE
COUNTY OF OAKLAND

NOTICE
CITY OF NOVI
1980 TAXES

ON FEBRUARY 18, 1981, A 3% PENALTY WILL BE ADDED TO ALL UNPAID 1980 DECEMBER TAXES FOR

Personal and Real Properties located in the City of Novi. Payments must be physically received by the Treasurer's Office on or before February 17, 1981 to avoid penalty.

After February 27, 1981, a revised statement must be obtained from the City Treasurer's Office during the month of March, before payment can be made at the Oakland County Treasurer's Office.

DOG LICENSE

Oakland County residents may obtain dog licenses at the City Treasurer's Office for \$4.00 through Friday, February 27, 1981. Dog license fees will be increased to \$8 on March 2, 1981.

Evelyn I. Natzel
Assistant Treasurer

Office Hours: 8:00 A.M. to 5:00 P.M.
Monday through Friday — Closed Saturdays

CLOSED: Monday, February 16, 1981

Baseball, soccer signup deadline set

The final day of registration for youth spring soccer and junior baseball will be Saturday, February 7 from 9 a.m. to 3 p.m. at the community building.

Each player should bring a wallet-size photo, proof of birth-date and registration fee.

Further information is available at 349-0203.

The February Northville Community Recreation Commission meeting is scheduled for 8 p.m. Wednesday, February 11 in the city council chambers.

The recreation offices will be closed February 16 for the observance of Washington's birthday.

A one evening cross-country ski clinic will be offered from 7-9 p.m. Thursday, February 5 at Meads Mill Junior High School.

The clinic will include classroom instruction and ski time. Equipment will be provided, if needed.

Cost is \$3.50 for persons will their own equipment and \$5 for those who need to rent skis.

Registration deadline is 10 a.m. Thursday.

Further information is available at 349-0203.

Open basketball for elementary and junior high school students is open from 3-5 p.m. Monday and Wednesday at the community building.

Cost is \$1 per visit.

**ADVERTISED
ITEM POLICY**

Each of these advertised items is required to be readily available for sale at or below the advertised price in each A&P Store, except as specifically noted in this ad

Prices effective thru Saturday, February 7, 1981.
 Items offered for sale not available to other retail dealers or wholesalers.

HERE'S HOW TO ENTER: Fill out official entry blank. Deposit it at any A&P Store or mail to the address shown on the entry blank. Envelope must be postmarked by February 24, 1981. Additional entry blanks are available at any A&P Store. No purchase necessary. All persons 18 years of age and older are eligible except employees of The Great Atlantic & Pacific Tea Co., or agents and their families. The first weekly drawing will be held in each store Saturday, February 7, 1981. A customer selected at random will draw citrus winners' names and the name of one finalist in the vacation prize drawing. Similar weekly drawings will be held on the next three Saturdays. The vacation prize drawing, from names of finalists, will be held at The Great Atlantic & Pacific Tea Co. Winners of vacations will be notified by telephone. All prizes will be awarded. Vacation winners must take trip before August 29, 1981. Dates subject to availability (excluding April 12th thru April 25th, 1981). The chances of winning a prize depends on the number of entries we receive in 82 A&P Stores and in the mail. Winning prizes are not transferable.

K mart[®] ADVERTISED MERCHANDISE POLICY

Our firm intention is to have every advertised item in stock on our shelves. If an advertised item is not available for purchase due to any unforeseen reason, K mart will issue a Rain Check on request for the merchandise (one item or reasonable family quantity) to be purchased at the sale price whenever available or will sell you a comparable quality item at a comparable reduction in price. Our policy is to give our customers satisfaction always.
