Neighborhood fights to keep above waste

(EDITOR'S NOTE: This is the first of two stories examining the septic problems of Park Gardens subdivision — a problem so severe officials have called it a threat to health. In this segment, the reporter presents residents' views of what is happening and why; next week, the official explanations of the problem and what is being done about it will be presented).

By KEVIN WILSON

Park Gardens. It is a calming name, one that implies lush green grass and colorful flowers in a quiet setting.

At first glance, this comparatively small subdivision in the remote southeast corner of Northville Township seems to live up to the moniker.

The area has the comfortable atmosphere of an older neighborhood, with a mix of old and new houses in variety pleasing to the eye. Large trees are not uncommon, and though most of the homes are not as large or grand as those in other parts of the township, pride of ownership is evident in even the most humble among them.

That pride has been sorely pressed for many years because the hard clay soil beneath these homes accepts neither septic fields nor storm water. It harbors a water table mere inches from the surface, even when it hasn't rained in a week or more.

It is a problem few like to discuss, but one Park Gardens residents must face every day, and literally fight during rainy seasons.

It presents itself in many ways impossible to ignore — most notably through the stench of human excrement laying in puddles on the surface, but there are others. Accompanied by Liz McCarville and Shirley Basse, founders of the new homeowners' association here, we will tour the neighborhood, speak to the residents, and let them explain.

There is a peculiar admixture of moods among the people — most of them angry to one degree or another, many of them feel cheated, all we spoke to feel trapped by the situation.

But there is also hope, and a growing sense of neighborhood. Both are spurred by the promise of a solution. They are the human side of the equation — the side to be served by all those engineering terms and accountants numbers that form the promise.

It is a promise many fear to trust.

"Sewers are coming in two years," Shirley Basse says as we walk toward a neighbor's yard, her children traipsing at her feet. "For 20 years, sewers have been coming in two years."

Her cynicism has grounds. Septic failures, and difficulty with storm drainage, are not new problems in the area — documentation goes back 30 years or more.

Township officials have acknowledged the problem for over a decade, perhaps longer. Yet Wayne County only stopped issuing new septic permits a little over two years ago, and many new homes were built where, officials now acknowledge, the land could not accommodate them.

Many of those we will talk to today moved in within the last eight years, either in new homes or in existing ones. Some outsiders would say they should have been more careful when buying their homes. The residents respond that they were as careful as anyone else.

"You have to start from ground zero when you move here," Basse says. "Nobody volunteers any information." Virtually everyone we talk to says the seller provided no warning, nor did official sources, or real estate agents.

Gordon Wong, who has one of the better performing septic fields, asked the county department of health to inspect his place when buying in 1976. He heard nothing about an historic problem, only that his field was working and he could expect an average life of 15 to 20 years for the system.

"He (the inspector) pointed out a few failures to me, and implied they were from poor maintenance," Wong recalls. "There was never any mention of a health threat. I feel slighted that no one saw fit to tell us about the problem."

Wong said he is now concerned about what will happen in the future — he sees his neighbors' problems, and his field is not perfect in the rainy springs and falls.

Back with Basse and Liz McCarville, we visit Rosemary Kaske, who is disabled and on a fixed income.

She has two lots. Neither lot will accept a septic system. The one her house is on has had several septic fields and repairs. A large tree in her yard is dead, human waste floating at its roots. The township engineer told her the septic overflow poisoned the tree.

McCarville hopes someone can help Kaske and get the septic pumped out as a temporary measure, replace the system as a

Continued on 5-A

Park Gardens subdivision could be served by sewers as early as late fall of 1982, residents were told last week, if the homeowners agree to assess themselves for the construction.

In a meeting attended by an estimated 50 residents of the subdivision plagued with septic failures, township engineer Edward McNeely said the "off-site" portion of the sewer project (being paid for through federal grants) is in progress and that the entire project hinges on the subdivision's willingness to pay for connecting sewers.

And state Senator Robert Geake (R-Northville) even had some good news for those most unable to pay.

The four phase, more than \$1 million project, is well on the way, he said, to providing two pumping stations and a forced main line near Five Mile Road (the first three phases).

One station is in township possession, the second is being put out for bids now, and the forced main is being planned. "My directions from the township board are 'go' and that's precisely what I'm doing," McNeely said.

If the residents of the subdivision petition for a special assessment district (S.A.D.) to install lateral and connecting lines, he said, "I could see the whole dog-gone thing completed by end of next fall."

That portion of the project being paid through grant monies totals over \$320,000 gathered over the past four years. Park Gardens residents would have to assess themselves (through the S.A.D.) an estimated total of \$751,000 to make the system usable.

Assuming the residents would pay on

Highland Lakes opts no payment to pave Wallis

Any attempt to pave Wallis Street as a connecting link between Silver Spring Drive and South Main will have to do without the cooperation — or money — of the Highland Lakes Condominium Association.

It appeared for about a week that the association would reconsider its opposition to the plan and cooperate in the venture, first proposed by other landholders bordering the street.

Association board members met with township officials August 12, discussed the matter at a board meeting August 17, and referred it to the association finance committee.

Meeting August 19, the finance committee recommended against the paving, advising that it would be preferable to maintain the gravel road and grade it as needed for access to the association's recreational vehicle lot and Gerald Avenue maintenance building.

According to a letter from manager Raymond Thompson to the township, "It is the position of the board of directors that no action be taken to pave (Wallis)."

Much of the plan hinged on abutting landowners footing the bill for the paving, as no monies for the project are available from township coffers.

All others, including Pulte Homes, which owns the north side of that segment of Wallis adjacent to Highland Lakes, have agreed to pay their share of the venture, assuming a suitable price is found when bidding the contract for the city's South Main repaving project.

Primary Highland Lakes objection to the project is a fear that a through route at Wallis would attract excessive traffic from Northville Downs regulars when Seven Mile backs up at the train crossing.

City pledges to blockade the Wallis entrance under the viaduct during peak track traffic hours did little to allay those concerns, township officials said.

The township and city support the plan on several grounds, the former especially so since Wallis and Gerald are the only township-owned streets.

Of most concern, Clerk Susan Heintz said, is emergency access to Highland Lakes. Trains crossing at Seven Mile block fire and ambulance vehicles from the shortest route into the development. If emergency vehicles could go up South Main and enter the complex on Wallis, response times would improve dramatically, backers hold. Without a

Continued on 5-A

the basis of frontage on the streets the sewer line is installed in, they would be assessed from \$3,200 for a 66-foot lot up to \$8,243 for a 170-foot lot, to be paid over 15 years at nine percent simple interest. Basic estimates placed the cost at roughly \$49 per foot of frontage on a served street.

As with all S.A.D.s, residents would have the option of paying the entire assessment immediately, thereby avoiding interest charges, or spreading payments out. Early paybacks would result in lowered costs overall, but higher outlays at the beginning.

Payments would decline annually because of the way simple interest is calculated. For instance, a 66-foot lot would pay \$510 the first year, and \$235 in the fifteenth and final year. Comparable figures for the largest, 170-foot lot would be \$1,290 and \$600.

Additional lines not included in the S.A.D. would be needed from each residence to the right-of-way line in the street. Costs will vary with the length of

the line and other variables encountered.

McNeely emphasized that the figures presented were only a conservative estimate and said it is possible the cost would be lower than that cited. He also warned that a significant delay in passage of an S.A.D. could result in much higher costs.

"It is a good market to bid in right now," the engineer said. With a construction slump such as the current one, contractors often offer lower prices, shaving profits, in order to get any work available.

Still one variable remains, that of the method used to assess the cost. Speaking at an earlier meeting about a different S.A.D., McNeely noted that the state leaves distribution of the cost up to the local government. Costs have been spread in many different ways. One township S.A.D. split the cost by assigning 50 percent on a straight per-household charge and 50 percent by frontage foot, for instance.

At a Thursday meeting of the recently formed Park Gardens homeowners' association it was decided to attempt formation of an special assessment district, according to representative Liz McCarville.

The group must determine which area is to be served by the district, keeping in mind that it needs signatures from owners of 51 percent of the land area within the determined district.

It must then circulate the petitions and secure sufficient signatures to authorize the township to create the district.

An aspect of special assessment districts that often confuses those applying is that residents must commit themselves to the financing prior to ascertaining a definite cost. This is because many expenditures must be made before a firm cost figure can be compiled. This is of concern to many Park Gardens residents, who fear they

Continued on 3-A

Woman slain in Plymouth

Funeral service will be held at 11 a.m. today at Casterline Funeral Home for Stacey Ann Hurrelbrink, 21, whose body was found by police early Sunday morning in Plymouth.

Police have charged Ronald John Hartwig, 32, of Plymouth with first-degree murder in the slaying of Ms. Hurrelbrink.

Hartwig pleaded not guilty at his arraignment Monday in the 35th District Court before Judge Dunbar Davis. No bond was set at the arraignment and the suspect is being held by Plymouth police awaiting a preliminary examination tomorrow in the 35th District Court.

Responding to an early-morning tip, police found the partially clad body of Ms. Hurrelbrink tucked in the brush along the railroad tracks on the north side of the Old Village Inn on Mill Street.

Police said a witness called at 5:58 a.m. to say that a body was hidden in the brush on the north side of the railroad tracks between Holbrook and Mill Streets.

Police found Ms. Hurrelbrink clothed in a Walt Disney World Mickey Mouse T-shirt. They said they believed the body had been lying there for two hours and theorized the slaying took place sometime between 1 and 2 a.m.

The Wayne County medical examiner's office said Ms. Hurrelbrink died of injuries to the head from a blunt instrument.

Police said after searching the Inn they found blood on the basement floor and believe a hammer was used in the slaying.

Police still are searching for the weapon.

Residents of the Inn told police they heard nothing. Police said Ms. Hurrelbrink was an acquaintance of the suspect and believe she went to the Inn Saturday night to visit friends.

Another suspect in the slaying was an 18-year-old female resident of Old Village Inn who was arrested with Hartwig by Plymouth police. However, she was released Monday morning and no charges were filed.

According to her mother, Ms. Hurrelbrink had been living in fear. "She's been running scared from something for the last two months, from what I don't know," Mrs. Glaeda Hurrelbrink said.

Northville police said they received a report last week that Ms. Hurrelbrink was being chased. They said a woman found Ms. Hurrelbrink's purse last Wednesday in the duck pond near the Northville Valve Plant.

When they attempted to locate her, police talked to her father, George, an employee at the Ford Sheldon Road plant. Hurrelbrink told Northville police Stacey had earlier called her aunt in Wayne to say she was being chased by someone.

He told police she had asked her aunt to pick her up at a bowling alley in Northville. Police later located her at a restaurant here and returned her purse.

The Hurrelbrinks said they last saw Stacey sometime Saturday. They had been caring for Ms. Hurrelbrink's 2-year-old daughter Krystal, while she was out.

Acting Plymouth Police Chief Carl Berry said it was the first murder in Plymouth in the last "seven or eight years."

The Hurrelbrink's neighbor Curtis Powell said Stacey was "always a very attractive girl, but lately she seemed depressed. It pretty much shocked the neighbors."

"People are pretty much petrified. Through the years, we've never had anything like this in the area," Powell said.

In addition to her mother, father and daughter, Stacey is survived by her brother Scott, 17, and her grandparents Mr. and Mrs. Paul Nitzel of Northville and Mr. and Mrs. George Hurrelbrink of Clarion, Pennsylvania.

The Reverend Guenther Branstner of Northville's First United Methodist Church will officiate at the funeral service. Burial will be at Rural Hill Cemetery.

The family suggests memorials be made to any charity.

School starts Tuesday for St. Paul's students

St. Paul's Lutheran School will begin the 1981-82 year Tuesday when 240 students in preschool through eighth grade report for classes.

Principal Kenneth Lehl, who is beginning his 13th year with the school, reports the enrollment figure is up a little from last year.

Two new teachers have been hired as replacements and a former teacher is returning.

Renee Beck of Farmington Hills will be teaching seventh grade and music. She also assists with the church music program. A 1980 graduate of University

of Michigan with a music-teaching major, she has been substitute teaching in other schools.

Carol Witzke Simmons will be teaching second grade. A graduate of Eastern Michigan University, she previously taught special education classes in the Pontiac schools and also had taught in Maine.

Hilary Dunbek will be teaching fourth grade. She had taught at the school two years ago and now is returning.

School hours tentatively have been set from 8:45 a.m. to 3:15 p.m. for the year.

Ambulance firm praised, berated

Despite the recent purchase of a rescue vehicle for use by its fire department, Northville Township is "not actively seeking" an alternative to services supplied by Novi Ambulance, the board of trustees said August 13.

Purchase of the rescue unit in July was described as primarily for the use of the fire department, but Supervisor John MacDonald made clear he interpreted it as being also a preparatory move for a possible change in the way ambulance service is provided in the township.

But that switch is not imminent, the board said at its regular August meeting while speaking to a Livonia resident who appeared in support of the Novi firm.

The ambulance company, and owner John Early, have been under fire in recent months for alleged overcharging, slow response times and improper licensing procedures. The firm was cleared of the latter allegations by state officials shortly before the board authorized purchase of the fire rescue unit from the city of Plymouth.

Surrounding publicity, and advice of her doctor, prompted Beth Ann Baker of Livonia to write a letter to the board of trustees and appear at its meeting in support of the service she received when her neck was broken in an automobile accident at Six Mile and Haggerty in March.

She emphasized the use of a cervical

collar that she credited with saving her from being paralyzed for life.

"I understand," she told the board, "that the state requires ambulances carry the collar, but doesn't make them use them. I also learned that Mr. Early has a policy for his company that says they are to use all the equipment that is there. If they didn't have that policy, I would be paralyzed now."

She told the board that any change in ambulance companies should be accompanied by a review of policies to make sure a replacement firm uses the collars regularly.

At that point, Trustee Richard Allen noted that "there is no active program to find another ambulance company right now."

The same evening's board packets contained a letter critical of the ambulance operation written by Lillian Chagnon, a registered nurse who concluded that she "would not recommend Novi Ambulance Service, even for my dog."

The latter writer is employed by Providence Hospital and she recounted Novi Ambulance service taking her husband to that facility when he had a heart attack. Early has alleged that a consortium of officials at the hospital are behind an effort to discredit him and his firm because they wish to form another ambulance company.

Chagnon alleged that the ambulance drivers took 45 minutes to verify that

her husband was having a heart attack, and then gave him a staphylococcus infection when inserting an intravenous tube. The latter problem manifested itself later at the hospital, she wrote. The charge was \$330, she said, and the trip to the hospital "a terrible journey."

Chagnon wrote business manager David Leiko and Supervisor John MacDonald "in the hopes that both of you can work together and get some action going against this outfit," the letter said.

MacDonald said at an earlier meeting that he had received "numerous complaints" about overcharging and slow response times from Novi Ambulance.

Writers and callers on both sides have contacted township hall and The Record offices in recent weeks. Most of

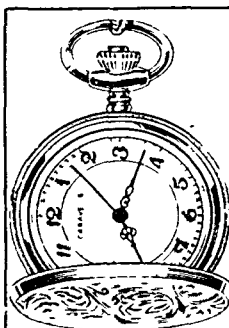

those supporting the firm said they found the charges not unreasonable for the service provided, which they said was exemplary.

Baker's letter typifies the supporting argument when she writes, "perhaps the people who are complaining weren't in a life or death situation. I was... Perhaps these other people feel they that they can put a price on what they would be willing to pay for their lives, I can not."

Baker said she was taken to St. Mary hospital. She said her doctor suggested she write the letter supporting use of the cervical collars.

She asked to address the board again if, at any time, it considers changing ambulance firms so she may emphasize mandatory use of cervical collars in any company chosen.

Drop box planned for post office lot

Within a few days motorists should be able to drop letters into a mailbox chute from the driver's side of their automobiles, rather than having to slide across to the passenger side or maneuver illegally to deposit mail into the box in front of the post office.

At its August 17 meeting city council learned that in a cooperative city-post office effort a mail drop box with vehicle chute will be placed in the parking lot opposite the post office. It will be located in the landscaped island on the south end of the Wing street lot behind the MAGS building.

It will be positioned so that vehicles may drive up and deposit mail from the driver's window.

A concrete pad for the drop box is to be installed as soon as possible by the Northville Department of Public Works, City Manager Steven Walters reported.

The location, he said, will be advantageous for snow removal and is in a convenient traffic pattern in the lot.

Post office officials confirmed that

the box would be installed as soon as the slab was ready, commenting that this is "something that has been needed for a long time."

There now are mail drop boxes in front of the post office, on Main in front of the MAGS building and at the Dunlap entrance to the Arbor Drug parking lot, but all are placed so that deposit is from the passenger side.

At the council meeting Walters also reported that the balance of \$20,900 of the purchase price for the Kerr House property on Cady has been received from the Central Regional Office of the United States Postal Service.

The city-owned property was sold to permit an addition on the present post office building at Cady and Wing.

The city council also was informed that the property in turn has been sold to George W. Timmons, Incorporated, of Columbus, Ohio, owner of the present post office building.

The council at the session granted an easement to Timmons for the purpose of constructing a storm sewer.

Schoolcraft registers soon for continuing education

Wills and Estates, Silk Floral Design and Chinese Customs and Social Life are among the new courses to be offered this fall by Schoolcraft College's Continuing Education/Community Services division.

Walk-in registration will be held from 3-8 p.m. September 2 and 3 in the auxiliary gym on campus.

Other new courses include Advanced Photographers-Model Usage II; Copperplate Calligraphy; Introduction to Television Production and Radio Production Techniques.

Continuing Education courses offered through the Women's Resource Center feature Women and Work; Role

Changes in the Home and Workplace; Alone Again: Focus Widowhood; Loving Again: The Next Time Around; Parent Skills Training; and Women Business Owners.

Community Services, which offers credit-free classes, seminars, workshops and conferences, has several new courses among its 30 classes being offered including Folk Dance for Fun and Fitness; Beginning Guitar; Beginning Sabre Fencing and Spotlight on Stratford (Ontario).

Classes are scheduled to begin September 14.

Persons requesting further information should call 591-6400, extension 404.

Delivery's underway for new community directory

Delivery of the 1981-82 Northville Community Directory compiled by Northville Mothers' Club was begun last week by Northville Record newspaper carriers and is expected to be completed this week.

Published every other year, the telephone directory is a fund raising project of Northville Mothers' Club. Barbara Sixt, chairman, reports that copies are being delivered without charge to residents listed therein.

Additional directories will be available for purchase, she said, adding that she already has received favorable comments from residents who have received the new directory. It is popular, she pointed out, because of the larger size type used.

The directory contains names, addresses and telephone numbers of persons having City of Northville or Northville Township mailing addresses as listed in the Northwest area Michigan

Bell Telephone directory. It also includes residents living in the Novi subdivisions of Brookland Farms, North Hills, Westridge Downs and Conemara.

There are two more pages of resident listings in the new directory than in the one issued two years ago.

The 1981-82 directory has a blue cover. It features a sketch of a landmark barn located off Six Mile near Bradner. The artwork is by John

Veselenak, husband of club member Martha Veselenak.

The 1979-80 directory also depicted a barn on its white cover. It was the work of the Veselenaks' son Jeff.

The directory earns money for club projects in the public schools through sale of advertising and listings in the classified index.

It also contains a civic directory and a listing of emergency numbers. The civic directory contains numbers of city

and township departments and local schools.

The directory has been a popular project of the club for many years. It was started in 1968 by Barbara Schwendemann and Janice Murany.

Club members are assigned pages in the Northwest Bell directory from which to cull the local names. These are cross-checked and compiled for the local directory.

Anyone who has been listed and has

not received a directory by next week is asked to call The Record circulation department, 349-3627.

Those wishing to purchase additional copies may contact Barbara Sixt, 348-1709.

This year, to date, she added, the club has not found any errors in the directory. The last directory had some of the alphabetical listings garbled — and one year the chairman's name inadvertently was omitted.

may have to sell their homes just to afford the sewer installations (see related story).

Those concerns led to McNeely's estimate presented last week. Offering an estimate before the S.A.D. is created is an unusual, but not wholly unprecedented, procedure.

Attorney Steven Adams, representing the association, meanwhile, had several questions for the water and sewer commission.

He learned, as has been reported previously, that new pumping stations are needed because the one currently in place is inadequate to handle the added load of Park Gardens.

Adams also was told the Park Gardens area is virtually alone in the southeast corner of the township as a residential area not served by sewers. Others are primarily Greenspan subdivisions and are tied into a large sewer system in the area.

Although some other areas could eventually be served by the new sewer systems, Adams was told it would not be possible to assess some costs to these areas.

"Just like Park Gardens people will not have to pay some part of the cost of the sewers they will pump into, later developments can't be assessed for what will be in place," he was told.

While outlining the possibility of state help for senior citizens and disabled persons to pay the special assessments, state Senator Robert Geake urged the residents to approve the assessment district. He even went a step further, and offered some advice about how better to afford the cost.

"The assessment district is like millage; it's charging yourself over a period of time to get the services you

need," Geake said. "At this point, I think it's a good deal. I think it's the only way to go."

He advised that the state would pay the assessments for senior citizens or disabled persons with annual incomes under \$10,000. In return, the state would have a lien against the property when it is sold or inherited.

Told that such a program would not help young, low income families (the area was classified a low income district for federal grant purposes), Geake had another suggestion.

"It could be argued, because of the present problem, that tax valuations on your homes are too high. If the assessments were reduced, you'd be paying less taxes and could better afford the sewer assessments."

The senator advised the association to discuss the possibility with township officials, then noted another twist to the situation.

"If your assessments are reduced," he said, "you are paying less tax. Most of your tax goes to the schools, but — it's Plymouth Schools."

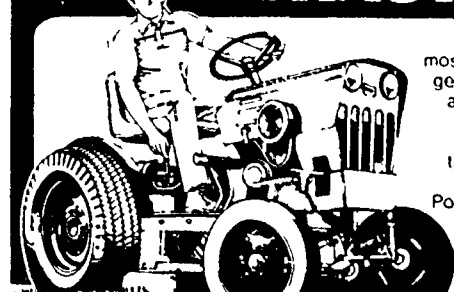

Parents in the audience suggested that was not an alternative they relished.

Geake responded that the issue was in their hands at this point.

"I'm convinced the problem has to be solved as swiftly as possible, and I'm afraid that means (petitioning) on yourselves an S.A.D.," he concluded.

Eventually, explained Supervisor John MacDonald and Water and Sewer Commission Chairman Robert Terwin, a determination that the septic failures pose a threat to public health could lead a court to impose the special assessment on the subdivision, regardless of majority desires. By that point, they warned, the cost could be considerably higher.

SAVE \$520* NOW GET A 48" MOWER FREE WITH A POWER KING TRACTOR

Now when you buy the toughest most versatile tractor in town you also get a free 48" rotary mower! Just buy any new Power King tractor and the mower is yours at no extra cost! Trustees condemn unfinished houses

Three houses in Whisperwoods subdivision will be condemned and slated for destruction, adding further evidence to the extent of the new housing market slump locally.

The township board of trustees voted to condemn the unfinished houses Thursday, August 13 and handed the matter over to its attorneys.

Citing "unresolved customer complaints" and continued failure to complete the three structures, building official Troy Milligan recommended condemnation because the action "seems to be the only solution to me."

Milligan earlier told the board of problems having Landau Builders, a firm suffering badly from the housing market slump, complete its obligations, and that the unfinished structures pose fire risks. Children playing in the buildings and vagrants living in them were also cited as concerns.

The homeowners association in the development sought as well to forestall condemnation, taking some steps to address the situation, such as mounting garage doors where none had been installed by the builder.

Trustee Thomas L.P. Cook, who lives in the subdivision, asked if there were not some other alternative to condemning the structures. Told there was not, Cook voted with the majority to authorize the attorney to condemn the houses.

Milligan suggested that buyers could take title to the lots involved as restitution for their down payments.

Other lots in the subdivision where landscaping has not been completed were also dealt with by the board's action. Milligan wants one finished immediately, and wrote that the other could be handed over to the purchaser, who would have two years to complete the landscaping.

Winners announced in bridge marathon

Top scorers in the Northville Mothers' Club 1980-81 Marathon Bridge competition were Iris Kampf and Rita Young in the Ladies Day III group with a score of 31,210, according to chairperson Mary Pohlod.

Runners-up in the Ladies Day III group were Barbara Yoder and Betty Balkwell with a score of 27,480 and Doris Hantoon and Alice Daddow with 25,080.

Connie Conder and Joanne Rennell were the leaders in the Ladies Day I group with a score of 29,770. Hazel Kline and Betty Marshall took second with 28,710 and Ann Padmos and Nancy Blay followed with a score of 27,550.

In the Ladies Day II group, Mary Pohlod and Jane Traudt scored 27,290 and were followed by Nancy Rosselot and Judie Bohan with 26,030 and Kay Beveridge and Ruth Pollack with 24,350.

Ladies Day IV winners were Mary Ellen Daly and Judy Jakubowski with a score of 28,220. Runners-up were Mary Pohlod and Diane Ramsey with 27,360 and Norma Leach and Barbara Williams with 23,810.

Barb Heinrich and Rosemary Mentag were top scorers in the Ladies Day V group with 29,700. They were followed by Amby Talbot and Elizabeth Dettler with 24,690 and Nancy Nadeau and Karen Marold with 23,440.

In the Ladies Night competition, top scorers were Nan Oliver and Phyllis Lemon from Group II with 28,640. Runners-up in that group were Jayne Hilfinger and Vida Chirgwin with a score of 28,100. Maureen Frey and Leslie Ryder followed with 25,610.

Winners in the Ladies Night I group were Joy Holloway and JoAnn Kissel with a score of 23,690. Runners-up were Carol Lower and Margie Sievert with 23,520 and Judie Bohan and Cherry Millette with 23,130.

Winners in the Couples Night competition were Blake and Carol Couse of Group I with a score of 37,180. Len and Mary Pat Kaminski followed with a 32,560 score and Gordon and Joan Bahl took third with 29,150.

Couples Night Group II winners were Howard and Mary Ellen Daly with 20,890. Runners-up were Roger and Carolyn Nieuwkoop with 20,780 and Gordon and Colleen McCormick with 19,650.

Proceeds from the annual tournament will be used to fund projects for the Northville Public Schools.

The Mothers' Club also is interested in forming a men's group to play on the first Thursday of the month and a duplicate couples' group for the second Friday of each month.

Persons interested in forming a group should contact chairperson Mary Pohlod at 420-2162 or Sarah Deal at 348-1129.

It's radar Police report increase in moving violations

Moving violations totaled 213 for the month, in contrast to 72 for June, 1980.

Asked by councilmember G. Dewey Gardner about the jump, Cannon said it's due to the department's new radar units.

While most police department activity is comparable to that of the same time last year, Northville City Council at its August 17 meeting noted there was one exception in the June report of Chief Rodney Cannon.

"We can turn and catch traffic at various angles," he explained.

Total of moving violations for this year through June was given as 1239, contrasted with 587 for the first six months of 1980.

Parking violations for June totaled 135, almost the same as June, 1980, when there were 139. For the first six months of the year, however, the total of 2430 was far above the 1464 for the same time in 1980.

During the meeting the council adopted traffic control order 81-07 designating the south side of Randolph from Center to the east side of the American Legion building drive as a "no parking at any time" area.

Cannon explained it was an oversight that the area was not already so designated. The matter came to the attention of the police department, he said, at the sidewalk sale.

Septic failures create daily struggle in Park Gardens

Continued from Page 1

longer-term fix. Behind her, Nancy Fowler stands in the yard she tried to make level with her neighbors' by pouring in 15 loads of sand. Her yard still floods.

But that, she says, is nothing. At some time in the past, someone decided the best way to be rid of the combined storm water/waste was an open ditch running down the lot line between her place and Carol McIlmurray's.

That's overgrown now, but water still flows down it. In front of her house is a different story. Repeated pumpings of the septic field, and installation of a new one, proved useless.

The stormwater ditch in front of her house issues an unbelievable stench.

"My husband finally routed it right out there," she explains. "It's either have it there, or laying on top of my front lawn."

Fowler, too, has young children.

It hasn't rained in more than a week, yet ditches are full and puddles lay on the ground throughout our tour.

Across the street is a "natural drain" McCarville has taken to waving as a flag to prove officialdom has ignored the subdivision.

"No one knew it was here," she explains. "I keep showing it to them, and the county must have put it in at some time, but no one knows anything about it."

Except the residents, of course. When

it rains, the natural drain, which leads toward a pond near school grounds, fills with water and waste and flows through their yards.

This spring, it filled bank-to-bank (more than a foot deep in many spots) and backed up into a sludgy pond at a low spot between Tanger School (in the Plymouth district) and the easternmost Park Gardens yards. It is an area obviously well travelled by motorcycles, and the low spot was apparently created by their wheels.

Near this drain lives Pat Antuso, whose yard is on the route stormwater takes as it flows from the unbuilt Greenspan Northville Colony 4 development. It floods her basement, and water stands ankle to knee deep diagonally across her large lot. Septic systems can't handle such flooding in the area, and they, too, overflow.

Antuso has a garden, but is not sure if the tomatoes are edible. Health officials recently advised against growing gardens in the area, and recent soil borings show human contamination farther below ground level than anyone could imagine. Twenty-five feet in spots.

"This is where I'd really like to see them do a soil boring," McCarville says. We are on Maxwell, looking at the Sly Drain, which is supposed to handle storm water. It is littered with dead branches, leaves and growing vegetation atop a thick layer of soil. However large it once was, it hardly looks ade-

quate now there are 52 homes on Maxwell alone (there are 19 on Fry). Near where we stand, a puddle of raw waste sits on the surface, gathered where the road side ditch is supposed to meet the drain.

"A DNR person came through here and counted eight houses in a matter of minutes where people just gave up and were dumping their waste directly into

believe she enjoys having human waste floating on her lawn.

Because water will not drain away, and the septic field overflows, Mish says she does her family's clothes at the laundromat when it rains. If she confines herself to one load a day, but not every day during a dry spell, she can do clothes at home, "and it's not too bad."

Stanley Mish has to take "teacup showers."

"He just splashes a little water on himself and tries to get clean with it," Mish says. "Warning? None. I mean, I just recently found out, the people we bought from used to wash their kids in the utility basin. Nobody said anything."

Officials advise Park Gardens residents to conserve water to minimize their problems. Mish laughs at the thought — she doesn't use enough to cut down anymore.

Move out? The Mishes were thinking about it, when the hope of sewers, killed by the belief that no one cared about the area, was renewed. But they would have had to face a problem their neighbors know all too well.

"I've had it up for sale since June," says McIlmurray, 15875 Parklane. Her large white home has attracted no one. Not with that natural drain just down the street and the publicity surrounding the idea of sewer service.

McIlmurray sounds bitter at times — she was a Park Gardens resident when the story was that the sewers would be provided with federal money. She only recently discovered the homeowners, collectively, will have to foot almost three-quarters of the bill if the project is to come soon, while the federal grants cover the rest.

Wong, the man who felt "sighted" at not being told about the problem, has thought about selling. But he couldn't get a decent price if he told about the problems in the area — even though he is one of those counting themselves lucky because the plumbing doesn't back up.

"If I were to sell... How would I do that?" he asks across the fence. "I'd lose money, or not be able to sell. That's all there is."

He doesn't even consider lying about the situation.

"I find it hard to believe any owner here didn't know about it (when selling)," he says.

With no formal notice of the situation, many homeowners have gone to considerable expense, believing the problem was their own homes alone.

Typically, toilets and sinks backed up in their homes and residents assumed, naturally enough, that the plumbing was bad. Many thousands of dollars were spent on new plumbing systems — which sometimes helped a little but didn't touch the roots of the problem.

The Mishes laid in 180 feet of new line to a new septic field. Raw sewage still floats in their yard, and if it didn't,

PAMELA MISH AND SON MATT

"Sly Drain," McCarville says.

The county, whose drain it is, acknowledges that the drain (actually an open ditch that is supposed to be stream when it rains) is too full to do its job. It has offered to clean it out, but someone has to pay for the work.

"They said they could assess the residents," McCarville said. "There they go, dipping into our pockets again."

Up Maxwell a bit, we meet Pamela Mish. She and husband Stanley moved in six years ago this December. Son Matthew is 2. Her tale is similar to the others — no warning from anyone, paying for a new septic field that works no better than the old one.

Mish has some thoughts about why the problem has stood so long. She thinks that, since Park Gardens is both remote from most of the population center in Northville Township and has a lower average income, there is some class prejudice at work, forstalling official response.

"We've had things said like 'oh well, they like to live like that down there.' Now, really," she says. "We are not dumb. My husband and I both work hard, we try to improve our home. There are college people here, there are..." she throws up her hands, exasperated at the thought anyone could

Sandy Madincea and Steve Siodlowski stand atop garage foundation

there would still be the ditch out front full of waste.

Because of the frequent failures, everyone who can afford to do so has his septic system pumped out regularly, as though it were it were an outhouse.

One of the thrusts of the new homeowners' association is to make sure potential buyers are informed of the septic situation. So far, the push for official notice has not fared as well as the battle for sewers.

Even with sewers in the area, there is some indication storm water alone could be a problem. Much of the flooding is from poor drainage — if the yards were not saturated with septic flow, perhaps the ground could absorb a healthy rain. No one knows.

Residents believe the storm drainage problem has increased in recent years. They blame the wholesale removal of trees in the Greenspan development, and what they suspect is improper grading there, for the problem.

An engineering inspection determin-

ed it was impossible to say whether the water table had been influenced by the grading or tree removal. Greenspan did mound earth at the ends of the streets, diverting the flow.

"It doesn't go down our streets any more," McCarville said. "It runs across the top of our yards." Still, it is some improvement.

Central to fears that the water table is rising is the graphic evidence of fence posts and garage foundations seemingly pushed out of the ground by some giant force.

Sandy Madincea has fence posts with cement footings, once completely buried, standing a foot above ground level. So do the walls of her garage.

"The foundation just gradually heaved up," says her friend Steve Siodlowski, pointing to the floor inside that remained at ground level. The garage is useless for cars, the cracked and splintered floor is bowl shaped.

Continued on 10-A

Liz McCarville sits on what was her porch, before flooding

Wallis paving rejected

Continued from Page 1

paved Wallis, entrance must be made from Eight Mile.

Emergency vehicles have been damaged traveling the gravel roadway on Wallis, and the usually poor condition of the surface slows the vehicles, at the least. Conditions are bad enough that ambulances have been ordered not to use the street for fear that they might not make it through.

Although Wayne County has refused to take over the road, citing the viaduct as too low for emergency vehicles, no township or city fire trucks encounter any difficulty with the site.

Without the cooperation of the Highland Lakes association, paving of

the street would be only partial, at best. City and township officials, and other area landowners, are still exploring the prospects.

If the full length of roadway is not paved, it could harm the project's ability to qualify as a major street, and reduce the possible state payments (from gas and weight tax revenues) for road maintenance.

Township attorney's are researching legal routes to having the street paved by the landowners and maintained by the city while retaining township control of its street. City officials suggested deeding the right of way for street purposes only, but the township attorney indicated a 99-year lease arrangement might better protect township interests.

Trustees to consider second try for millage

Township trustees will meet in special session at 6:30 p.m. Thursday in township hall to discuss the possibility of a November 3 election to increase police millage.

The meeting immediately precedes a joint session involving recreation planning.

Police millage in the township is currently at 1.5 mills, renewed May 27. In that same election, voters narrowly rejected a request for an additional one mill for police.

Only one month ago, township supervisor John MacDonald said the board was not yet considering a second attempt for the new millage. He said the board was awaiting a petition or other indication of interest on the part of voters.

No such petition has been presented,

and the citizens committee that campaigned for the earlier ballot issue has been inactive.

Earlier discussions of seeking the millage addition in a second election indicate that the board is likely to place the question on a ballot no later than November 3, coinciding with the county charter election that date.

Without the added millage, the township has said it will have to lay off one patrol officer, reducing manpower to nine. With the resignation, and subsequent termination, of Ronald Nisun from the ranks, the department already is at that level.

Nisun is appealing the termination notice, however. In the meantime, the township is negotiating with its patrol officer's union, working without a contract since March 31.

Police Blotter

Thieves strike locally

Wire wheel covers valued at \$200 were stolen from a Pinto on Silver Spring Drive August 23, township police report.

The owner of the car told police the covers were stolen between 11:30 p.m. the previous evening and when he returned to the parked vehicle at 11 a.m.

A display camera was stolen from a showcase window of an East Main Street business August 15, city police report. The plastic model camera was

valued at \$160.

The owner told police unknown persons took the camera from a showcase and had to open a glass door to gain entry.

Stereo equipment totaling \$250 was stolen from a car parked in a Novi Road lot August 17, city police said.

Taken were a \$100 Pioneer FM tuner and cassette, a \$100 power booster and two speakers worth \$50.

The owner said unknown persons pried back the rear vent window to gain entry to the car, police said.

Court begins murder trial in Swan Harbour killing

Trial of township resident Jeanette M. Peterson on charges of second degree murder stemming from the May 11 shooting death of Yussuf Karriem in a Swan Harbour parking lot began Thursday.

After selection of a courtroom and jury, actual hearing of the evidence in the trial began Monday in Wayne County Circuit Court before Judge Farmer. Trial was continuing at press time Tuesday.

Peterson allegedly shot boyfriend Karriem, 36, of Detroit with a .22 caliber weapon between 7 and 8 a.m. May 11 in a parking lot adjacent to her apartment in the Seven Mile Road complex east of Northville Road.

Karriem died later that morning in Northville Regional Psychiatric Hospital, where he was taken when symptoms of the gunshot wound were mistakenly interpreted as evidence he was an escapee of the mental institu-

tion. The bullet wound was discovered after his death, police said.

Based on evidence found during a search of her apartment, township police obtained an arrest warrant for Peterson and she turned herself in, accompanied by an attorney, the Friday following the incident (May 15).

Charges of racism in police handling of the death were leveled when then-chief Ronald Nisun said one of the factors in the decision to take Karriem to the mental hospital was that he was black.

Those charges were denied, and township police unions and officers said Nisun's statement did not reflect department policy or operating procedures. Nisun also denied any racist intent to the statement, explaining that it was based on the hospital being the highest concentration of black population in the area. Hospital personnel at the scene also believed Karriem was an escapee, he noted.

Bustamante completes basic

Airman Louis J. Bustamante, son of Mr. and Mrs. Joseph M. Bustamante of 355 Orchard, has been assigned to Chanute Air Force Base, Illinois following completion of basic training.

During the six weeks at

Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, he completed basic training that earned credits toward an

associate degree in applied science through the Community College of the Air Force.

Bustamante now will receive specialized instruction in the avionics systems field.

He is a 1980 graduate of Northville High School.

Floyd Garrison ends 25 years of police service

After more than 25 years of service, Michigan State Police First Lieutenant Floyd H. Garrison, an assistant second district commander at Northville, decided to retire August 15.

Among his list of department credits, Garrison, 49, of Milford, was cited for professional excellence for his part in the subsequent capture of the suspect slayer in April of 1978 who had fatally shot a Jackson city police officer. The officer had been policing a suspected vehicle theft when he was slain.

Garrison joined the department in August, 1955, serving

first at the former East Lansing post before transfers in 1959 to Gaylord and in 1963 for a first assignment in Jackson.

A promotion to corporal and transfer to the Niles post followed in 1965 and the next year he was assigned to the Bay City post where he earned the promotion to sergeant II in 1971.

Commandership of the Jackson post and a promotion to lieutenant was bestowed on Garrison in 1973. He was advanced to detective first lieutenant and assigned to the detective division in the Detroit area in 1978.

Garrison had been assistant

district commander at Northville since his transfer there in January, 1980.

Born in Flint, Garrison graduated from high school there and later enrolled at the University of Michigan for a year and a half, studying engineering.

Beginning in 1949, he was in the U.S. Marine Corps for 48 months, including 16 months overseas duty.

He and his wife, Ellen, have a son and three daughters. One daughter, Diane, is a trooper and his brother, Charles, is a detective sergeant with the State Police.

FLOYD GARRISON

Transfer, promotion announced

DONALD SWALLOW

The promotion of one Michigan State Police officer from the Northville post and transfer of another to the post has been announced by a department spokesman.

Trooper Donald H. Swallow was promoted

to sergeant III and assigned to the traffic division at Northville from Ithaca.

Sergeant Larry W. Copley of the traffic services division was promoted to lieutenant IV and transferred from Northville to the vehicle inspection section of divi-

OBITUARIES

WILLIAM R. ANDERSON

Funeral service for William R. Anderson, 11-months old, was held August 22 at Casterline Funeral Home. Dr. James J. Luther of First Baptist Church officiated. Burial was at Rural Hill Cemetery.

The son of Mr. and Mrs. Robert Anderson of South Lyon, William died August 19 at Botsford General Hospital. He was born in Michigan, September 2, 1980.

He is survived by his parents and his brother Edward Allen Anderson.

Other survivors are his grandparents Mr. and Mrs. James Anderson of Livonia and Mrs. Bonnie Prichard of Indiana.

The family suggests memorial contributions be made to the Neo Natal Unit of Children's Hospital, 3901 Beaubien, Detroit, 48201.

RUTH LOREE BAKER

A memorial service for Ruth Loree Baker, a retired registered nurse, was held at Ross B. Northrop and Son Funeral Home Tuesday. The Reverend Richard O. Griffith of the Novi United Methodist Church officiated. Burial was at Grand Lawn Cemetery.

Miss Baker, 69, died at her Jamestown Circle home August 19. She was born in Holdrege, Nebraska, February 14, 1912, to Herbert and Mary (Kenig) Baker.

Miss Baker was a retired registered nurse with the Wayne County Department of Health. She received her nursing degree from the University of Michigan and served as a nurse in World War II with the University of Michigan Corps Army Unit. She earned her master's degree in 1950.

She is survived by her brother Warren Baker of Alma, Nebraska.

DONALD RAY STOVER

Funeral service for area resident Donald Ray Stover was held August 21 at Ross B. Northrop and Son Funeral Home. The Reverend Glenn H. Kelly officiated at the service. Burial was at Oakland Hills Cemetery in Novi.

Mr. Stover died August 19 at St. Mary Hospital after a long illness. He was 59.

He was born in Detroit, October 2, 1921, to Lewis and Anna (Dunajewski) Stover and was employed by Michigan Bell as an installer.

Mr. Stover was preceded in death by his wife Arnelma, who died in 1979.

Survivors include his daughter Mrs. William (Nancy) Hulett of Charlotte, North Carolina, and his son David Stover of Livonia.

Other survivors include his sisters Mrs. Edna Perry of Minneapolis, Minnesota, and Mrs. Helen Jaskowski of Riverview.

He also is survived by two grandchildren.

Township not joining call for moratorium

A growing movement among local governments calling for a moratorium on community placement programs of the state Department of Mental Health will have to proceed without Northville Township in its ranks.

The township board voted August 13 not to join in the call for a moratorium, simply receiving and filing two city resolutions about the issue without a vote.

Trustee James Nowka entered a motion to support the moratorium call, but his motion died for lack of support.

The city is but one of many area government's

lobbying for a ban on group home placements until after further study and establishment of stricter guidelines.

A recent state audit suggested that some group home operators are making excessive profits while offering poor services.

The township is taking a "wait and see" attitude, according to Clerk Susan Heintz, following the resignation of Frank Ochberg as director of the department of mental health.

Although DMH has said the change in administrators will not be accompanied by a radical

shift in policies, some suggest that the department may be less energetic in application of the community placement philosophy.

Trustee Nowka, after his motion to seek a moratorium failed, made the motion to simply receive and file a second city resolution suggesting changes in the community placement system, including return of local control for zoning and building inspections.

Support for the moratorium idea has come from the Oakland County board of commissioners and the city of Novi, among others.

Festival will feature crafts

The 10th Annual Plymouth Fall Festival Artists and Craftsmen Show is scheduled for September 12-13 at Central Middle School in Plymouth.

The show, which has

become a tradition of the Plymouth Fall Festival, will feature the work of 80 artists.

The show will be open from noon to 9 p.m. September 12 and from noon to 6 p.m. September

13. The Artists and Craftsmen Show is a major fundraiser for the Plymouth Community Arts Council and there is a \$1 admission fee for adults.

Council votes support for transportation tax

Declining gas and weight tax revenues were discussed by Northville City Council at its August 17 meeting as it studied what has become known as the "transportation survival package" of proposed legislation.

Transportation interest groups, including the Michigan Municipal League, are urging support of HB 4936-4940 package introduced by Representatives Mary Brown and Martin Buth before the legislature adjourned for the summer.

City Manager Steven Walters pointed out that it is unfortunate that initially the revenues were "pegged to gallons and not price."

Council member J. Burton DeRusha agreed that, to straighten out the situation and to continue receiving funding for city street and road programs, the tax is going to have to be pegged, as proposed, to price.

The House Bill proposes to provide an automatic allocation to, local and regional transportation agencies from the Comprehensive Transportation Fund and to provide for the accounting and allocation of the SEMTA tax monies (outlined in HB 4936) in order that the monies can be released from escrow.

Under the bill, 62 percent of the net CTF revenues are appropriated to eligible transportation authorities and

governmental agencies for public transportation operating and capital purposes.

The package of five bills would revise the base for highway user (motor fuels and vehicle registration) taxes to provide future growth in revenues and increase allocation of auto related sales taxes to the CTF and provide a formula for allocating an assured share of revenues to public transportation agencies.

House Bill 4937 proposes to replace present specific per gallon taxes with a uniform tax computed on the basis of 11 percent of the average wholesale price of gasoline during the prior six-month period. However, gasoline would continue to receive the discount that is in the law through 1984.

Council member Jerry Mittman objected to the formula as he noted that "we all benefit from good roads, even if we are not the driver."

Council member G. Dewey Gardner said he endorses the formula because it insures that the funds collected "have to be used for roads."

The council voted 3-1 to support the Transportation Survival Package with Gardner, DeRusha and Carolann Ayers in favor and Mittman opposed. Mayor Paul Vernon arrived later in the meeting after the vote was taken.

Schoolcraft choir auditions scheduled for September 8

The Schoolcraft College Community Choir will hold auditions for its 1981-82 season at 6:30 and 7 p.m. September 8.

Choir Director Marilyn Jones will audition women at 6:30 p.m. and men at 7 p.m. in Room 319 of the Forum Building.

Choir officers will be available to talk with prospective members and answer questions about the group. The choir's first rehearsal is scheduled to begin at 7:30 p.m.

The fall season will feature Christmas works by Buxtehude, Britten, Vaughan, Williams, Holst and others. A December 4 concert will include

works with solos for all parts and feature accompaniments for harp, piano and harpsichord.

In January, the choir will begin working on Beethoven's "Mass in C Major," which will be performed with the Plymouth Symphony Orchestra in April.

The 60-member choir is designed for those with previous singing experience and represents a wide range of ages and musical backgrounds. Rehearsals combine sight reading, voice training, music theory, practice of concert music and a social "coffee break."

Offered through Schoolcraft's continuing

education program, the choir is a credit-free class available at a \$25 semester fee regardless of residence.

Marilyn Jones is music director at Renaissance High School in Detroit and is in her seventh year as community choir director. She holds a Ph.D. in music education from the University of Michigan and has taught on the music faculty at both Wayne State University and Schoolcraft College.

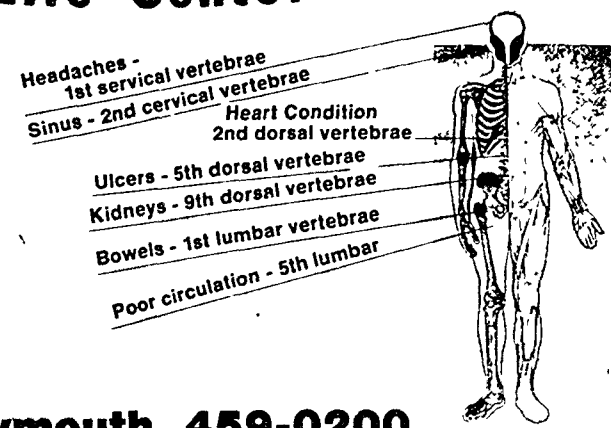

Persons wishing further information should call Shari Clason at 349-8175 or the Community Services office at 591-6400, extension 409.

Pat Antuso in her garden — flooding is frequent as water flows through to "natural drain" behind her

Rosemary Kaske shows Carol McIlmurray how wastewater underfoot killed tree

Carol McIlmurray and Liz McCarville inspect overgrown Sly Drain

Storm water a rising aggravation to septic woes, Park Gardens says

Continued from 5-A

Next door, he says, the garage did the same thing. The floor was replaced with 10-inches of steel reinforced concrete a couple of years ago. That 10-inch floor, clearly visible from outside, now sags in the middle.

Of most concern to parents in the area is that the problem seems to be spreading as far as Tanger Elementary School near Five Mile and Haggerty.

A pond behind the school, which receives the flow from the "natural drain" has a murky brown color to it. Kids have peeled the fence back on the school's gate, and are known to swim in the pond. There is a raft reminiscent of

Tom Sawyer floating in the water when we visit.

Shirley Basse says a neighborhood child told her he no longer swims in the pond. "He said he got dunked into it and the water tasted bad."

Health risks include malaria, and there is a single known case of the disease in the past few years. The family does not wish to address it, but McCarville says the father is "very worried" that his daughter's illness was related to the septic failures.

It was the risks to children, and the recognition this spring that the pond behind Tanger could be contaminated,

that really spurred the homeowners to organize.

In the course of their investigation, they have consulted officials with the county health department and drain commission, the township and the school system. They discovered a county system surprisingly ignorant of the entire matter, and a recently elected township board that feels it is doing more than anyone in the township has done in ages. Next week, we shall talk to same officials and gather their impressions of the situation, why it exists, and what should be done.

Meanwhile, Park Gardens residents continue to live with it, day by day.

It's up, up and away for contest winners

Some time in the next few days four lucky winners of free trips could be in the air bound for Phoenix or Kansas City.

They won by filling out entry blanks at Northville Travel Plans for the flights being given by Republic Air Lines.

Ed Jamieson, owner of the Northville agency, which expanded to larger quarters at 110 West Main this summer, was one of 300 agents selected by the air line to give away four trips in the contest held the first two weeks of August.

First winner was Carole Pappas of 16607 Winchester. Names were drawn by Barbara Jamieson, co-owner with her husband of the travel agency, as Northville Record editor Jean Day watched.

Lorraine Steimel of 488 Hill also was a winner, along with Linda Peterson of Royal Oak and P. Andersen of 15599 Lakeside, Plymouth.

Billed as Republic's Tremendous Travel Agent Travel Giveaway, the contest began during the annual Northville sidewalk sale.

The air line conducted the contest in the Detroit Metropolitan Area. It was open to Michigan residents 18 or older.

Winners may choose either Phoenix or Kansas City as their round-trip coach destination. The travel must be completed by September 2, however, and is not transferable.

Mrs. Pappas, who was about to leave for a medical meeting on Mackinac Island with her husband when notified last week that she was a winner, said she hopes to manage a quick trip to Phoenix afterward.

Mrs. Steimel received the call that she was a winner just after she returned from a vacation with family in Thunder Bay. She, too, would opt for Phoenix and hopes to take a long weekend before the deadline.

A tanned Linda Peterson said she was just back from Florida but thought Phoenix "looked good."

A note on the P. Andersen winning slip said she would be on vacation until August 22.

In all, it appeared that the four winners all were about to get a second vacation, thanks to Republic's Tremendous Travel Agent Travel Giveaway.

Posing with Barbara Jamieson of Travel Plans, second from left, are trip winners Linda Peterson, Lorraine Steimel and Carole Pappas.

INTEREST ON CHECKING

Come to Standard Federal Savings for Interest on Checking, plus a FREE gift.

If you've put off opening a new interest-earning checking account, now's the time to open one. Because right now, when you open a new Standard Federal checking account with \$500.00 or more, you'll get the double advantage of 5 1/4% interest, plus a free gift!

**Standard Federal checking accounts
earn the highest interest allowed
by law.**

These accounts earn 5 1/4% interest continuously compounded, for an effective annual yield of 5.467%.

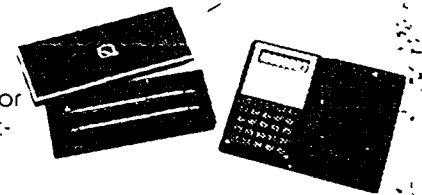

You may open an account in any amount. However, with a minimum balance of \$500.00 OR an average daily balance of \$1,000.00, you may write all the checks you wish, with no monthly service charge. (A \$5.00 monthly fee is assessed if you go below the minimum or average requirements.)

- Each month you'll receive a detailed statement of your account which lists your checks in numerical order, your deposits, any service charges assessed and the interest earned during the statement period.

- Personalized checks are printed free of charge if you choose not to have your checks returned with your monthly statement. There will be a charge for printing personalized checks if you wish to have your checks returned to you. With either option you may select a style that provides a carbon copy of each check for your records.
- A permanent record of each check will be kept by Standard Federal Savings. If you need a copy for any reason, microfilm copies of as many as 25 checks per year (or all checks relating to an IRS audit) will be provided at no charge.

SPECIAL NOTICE TO CUSTOMERS 62 YEARS OF AGE AND OLDER:
Customers 62 years of age and older who have direct deposit of social security or other retirement checks into any Standard Federal Savings account will pay no monthly service charge on their checking accounts.

Choose a FREE gift when you open a new Standard Federal checking account with \$500.00 or more. Take your choice of a handsome choice of pen and pencil set beautifully packaged for gift giving, or a pocket-size calculator with handy carrying case.

Gifts are limited to new checking accounts opened with \$500.00 or more. Regulations restrict the number of gifts to one per account and no individual may receive more than one gift. No gifts are allowed for funds transferred from one Standard Federal Savings account to another. Gifts cannot be mailed. This offer good for a limited time only.

FREE GIFT

when you open a new checking account with \$500.00 or more.

Edenderry sewer district petition approved

Sewer service is coming to the Edenderry Drive area, at the cost of residents, despite the wishes of the owners of the two largest parcels of land to be served.

Township Special Assessment District 11 was created August 13 when the board of trustees accepted a petition signed by owners of more than 51 percent of the land area in the district, which includes all land on Edenderry Drive between Seven Mile Road and the Johnson Drain.

Creation of the district was a near thing, as those signing the petition own smaller parcels of land totalling just over 52 percent of the land area. Owners of the largest parcels, those at the corner of Seven Mile and Edenderry, both oppose the sewer project, sought by those nearer Johnson Drain because of failing septic fields due to high water table.

Robert LaTarte, whose property ex-

tends from Seven Mile all the way back to the drain, has nearly 1,000 feet of frontage on Edenderry. Distribution of the cost of sewer installation is usually based, at least in part, on the frontage of a lot on the street served.

"I sympathize with the problem that made people do this," LaTarte said, "but I haven't experienced anything to make me seek a sewer."

Susan Foster, who said her husband James W. was unable to attend the board meeting due to a business trip, said the Foster's also oppose the sewer project.

"We're not experiencing that kind of (septic failure) problem," she said. "We didn't buy there to be tied into a subdivision system."

Foster suggested residents with septic problems research some of the more innovative technologies of waste disposal rather than install sewers. She suggested Buckminster Fuller's ideas as a starting point.

Her suggestion met with no response. Other residents of the area documented the failure of their septic systems in letters to the board.

S.A.D. petitions require signatures from owners of 51 percent of the land area in the district. Signatures were garnered from owners with roughly 52 percent of the land area.

Township engineer Edward McNeely suggested an alternative to charging by frontage foot would be a straight charge by buildable lot combined with a frontage rate. This might make it easier on the large lot owners, but it would be impossible to say without a survey of LaTarte's lot specifically to determine the number of buildable lots that could be carved out of the area.

"Where did this thing go wrong?" LaTarte asked. "These are all very expensive houses back here (petitioning for sewers). If the ground won't handle septic, how were they built?"

Liz McCarville, of the Park Gardens

homeowners association, noted that percolation tests are not foolproof, offering as evidence the large number of new buildings allowed in her subdivision.

Records of problems on Edenderry go back to 1977, Foster said, asking why she wasn't told when buying in 1979 that sewers would likely be needed.

It was noted that only recent law requires sellers to reveal such problems, and that enforcement of the new requirement will be difficult.

On the advice of McNeely, the board accepted the petition, creating township special assessment district 11, on a 6-1 vote. Trustee C. James Armstrong voted against the motion.

Several other public hearings for the S.A.D. will be conducted as cost figures become available. Cost distribution and inclusion in the district will be addressed in those hearings and by later board action.

Market

Northville Farmers' Market every Thursday is filled with fresh produce, eggs, flowers and plants as the peak of the growing season is reached.

The chamber of commerce-sponsored market now officially is located on Main across from First Presbyterian Church. A new green sign marks the corner where farmers arrive weekly at 8 a.m. with corn, tomatoes, cucumbers, potatoes and other produce.

The market will continue through fall from 8 a.m. to 4 p.m. Thursdays.

Serving the Northville, Novi and Wixom area for 3 generations

She's delegate at AIA Congress

Dena Irwin, a 1979 Northville High School graduate and member of the Aestheticians International Association and the Skin Care Association of America, has returned from Hollywood, California, where she attended the AIA World Congress VI.

The convention schedule included lectures, classes and exhibitions with latest skin care equipment and techniques.

She was the youngest of the 400 delegates attending from all over the world, half being from foreign countries.

The daughter of Mr. and Mrs. Lawrence Irwin of Highland Lakes, she was 1979 Junior Miss runner-up here.

She also is a graduate of Oakland Institute of Cosmetology in Union Lake, The Von Lee International Skin Care School in Pikesville, Maryland, and the John Power Modeling School in Southfield.

DENA IRWIN

Three will attend Alma orientation

Three Northville residents are among the 360 freshmen planning to attend an 11-day orientation at Alma College beginning August 29.

Students expected to attend the Alma orientation are Les Neal, son of Mr. and Mrs. Kenneth Neal of 16850 Old Bedford; Loni Shoup, daughter of Mr.

and Mrs. Larry Shoup of 21111 Center Farm and Kevin Swayne, son of Dr. and Mrs. Danial Swayne of 18321 Laraugh.

During orientation, freshman are introduced to the rigors of Alma's academic life by taking one of 24 seminars offered as samples of the college's course work. The students spend about 30 hours attending or studying for the seminar they choose. They also meet with advisors, take placement tests and register for fall term classes.

She's senior citizen of the year

Caroline Bridges earns honors

By STEPHEN CVENGROS

The wooden clock with the golden pendulum above Caroline Bridges' kitchen table is stopped at 6:14. Either it wound down or just ticked itself out — no matter, it isn't running.

But the same can't be said for its on-the-move owner.

Caroline Bridges, go-getter extraordinaire, is always running. If she's not visiting ailing parishioners of St. Matthew's Lutheran Church, you might find her raising funds for retinitis pigmentosa or the Lutheran Children's Friends or even picking up some tiny flower pots for a friend without transportation.

Last Thursday afternoon the Walled Lake Senior Citizens, an organization tied to the Walled Lake School District, sat Bridges down long enough to name her recipient of its annual Senior Citizen of the Year Award.

"It's ladies like her that keep our community going," Don Sheldon, superintendent of the Walled Lake Consolidated School System, lauded Bridges' actions while presenting her the plaque.

Sheldon's comments, as overused or oversimplified as they might seem, are true.

Just a look at Bridges' involvements would be enough to take the breath out of a race horse.

• 10 years of volunteer work with the Red Cross blood bank

• President of the West Lake Center of the Walled Lake Senior Citizens

• Constant fundraiser for retinitis pigmentosa, a hereditary disease that leads to blindness

• Organizer of the Lakeland zone of Lutheran Children's Friends, an area that encompasses Northville

• A member of the Grandpas and Grandpas Band, she plays kazoo

• And those are just the "official" involvements. Excluded from the list are such everyday occurrences as driving friends to church, visiting homebound sick parishioners of the St. Matthew's Lutheran Church and running little errands for friends who are stranded.

And as if that wasn't enough, Caroline Bridges might be found behind the counter of Bridges Pizza or managing a Walled Lake apartment complex, both owned and operated by one of her five sons.

A resident of Walled Lake for 42 years, Bridges claims the city is still pretty much the same as it has been her entire life here.

"It hasn't changed that much," she says and then explains how she came to live in Walled Lake. "It was going to be a temporary thing. But the boys liked the lake. So we had a house on the lake."

Despite the view that things are still the same in her hometown, Bridges says she believes "there are still a lot of things that need to be done."

Bridges claims better management is needed in Walled Lake, especially when compared to other communities.

"For example, the seniors in Wixom, if they want to throw a party, the city helps," she says. "We get no help from Walled Lake."

"They had the band thing (Music in Motion) and other seniors were upset that they had it at the Villa," Bridges adds, explaining senior citizens in Walled Lake live throughout the community and some were discouraged by the placement of all the concerts at the Villa.

"All things included, her family and retinitis pigmentosa (RP) receive the most attention."

And in many instances, the two convictions cross over and intertwine with each other.

Of Bridges' five sons, four have been afflicted with RP. The invasion of this disease has driven her to aiding in a permanent rummage resale store with most of the income from sales going to RP.

But like any mother she boasts about her boys and their courageous conviction to continue to lead normal lives after being stricken with blindness.

And rightfully so, her bragging rights include a lawyer, teacher, salesman, pizzeria proprietor and marketing representative.

The fight against RP now receives most of her attention and is endless.

As an example, when Caroline Bridges turned 75 in June she asked her family and friends to donate whatever they would have given her as a present to RP.

"There was nothing I wanted," she explains. The result?

Nearly \$700 was given to the national RP foundation.

But not every cause nor everything she does is so directly tied to her heartstrings. Caroline Bridges is just a go-getter. She can't sit still. And above all, she cares about people — well, because they're people.

"Once," she retells a story, "someone in Northville asked me if I got my boys from the Lutheran Children's Friends because I have such interest."

Caroline Bridges laughs a little about that story.

She's just that kind of person.

Caroline Bridges, go-getter extraordinaire, is always running. If she's not visiting ailing parishioners of St. Matthew's Lutheran Church, you might find her raising funds for retinitis pigmentosa or the Lutheran Children's Friends or even picking up some tiny flower pots for a friend without transportation.

Our Opinions

Dewey Gardner home on North Center's a prize winner

Project's a winner

Even as new shrubs and trees are being planted to enhance the downtown Mainstreet beautification project, another private, focus on beautification in our community deserves recognition.

This is the second year that the local Country Girls Garden Branch (an affiliate of the Woman's National Farm and Garden Association) has sponsored a Garden of the Month Award program. It has cited homeowners who take pride in their gardens, giving an award certification and publicizing a different choice monthly during the growing season.

The project is headed this year by Pat Eden and Shirley DeHoff who inspect gardens recommended by others and who themselves seek a variety of gardens, ranging from a country plot to a landscaped pool (in July) and a city garden this month.

As Mrs. Eden called last week to relate that Dewey Gardner's in-town garden on North Center had won the August award, she stressed that this was a recognition based on inspection after the garden had been suggested to the branch. This input is welcomed, she said, as it is proof of the success of a new civic project.

The Gardner landscaping joins the winning garden of Mayor and Mrs. Paul Vernon in demonstrating that beauty can be achieved on a city lot. The first garden to receive a reward this year was that of Mrs. Donald Yerkes. The city hillside garden was abloom with spring flowers when chosen in April.

The branch is to be commended for the variety of its selections — and for making us all more aware of what can be done to beautify our neighborhoods.

Salary sacrifice appreciated

Township trustees are to be commended for sacrificing their wages in order to save the job of an employee.

Although the amount involved is minimal (\$25 per regular monthly meeting, no pay for other meetings), the gesture is not merely symbolic. Over the period involved, the sacrifice comes to a couple hundred dollars apiece for the four trustees. In a squeaky tight fiscal year such as the current one, a few hundred dollars is more significant than it may at first appear.

Trustees were not paid in some previous years, while in others they earned more. The decision to put the minimal salary in the budget of the current year was a carefully considered one, made from the position that service as a trustee is valued by the community and appreciation expressed through a small recompense for the time

and effort involved was defensible.

And so it was, until the continued erosion of manpower in central administration threatened to so damage the clerk's office that it would be virtually impossible to conduct an election. The employee charged with many election-related tasks is currently paid with federal dollars from the CETA program. The flow of that money to township hall ends in September and the next election is in November.

Rather than hope to muddle through short-handed, the trustees sacrificed their salaries to retain the employee. The services of Trustees Richard Allen, C. James Armstrong, Thomas L.P. Cook and James Nowka deserve appreciation — even if the township can no longer afford to do it monetarily. Let this serve as one indication of gratitude; we hope there are others.

Your letters welcome

This newspaper welcomes Letters to the Editor. We ask, however, that they be limited to 500 words and that they contain the signature, address and telephone number of the writer. Deadline for submission is noon Monday. Names will be withheld upon request. We reserve the right to edit letters for brevity, clarity and libel.

Speaking of ... a wedding

By Jean Day

Once there was a little girl, but somehow she has grown until I scarcely recognize the daughter I had known.

As I watched my daughter Laurie, 22, pause before beginning her walk to the altar for her marriage at First Presbyterian Church almost two weeks ago, the words my father once sent me on a birthday came into my mind. It has been a long time since the Day family with three-and-a-half year old Laurie moved to Northville. She has grown up here and in part the young lady she is today was shaped by living in this community.

There never has been a time that the move has been regretted.

I remember enrolling the redheaded newcomer in the cooperative nursery, and having her immediately taken under the wing of Biz Gazlay who made every child feel wanted. Nursery school parents like Pat Wright became my friends — and Laurie entered kindergarten no stranger to her classmates.

When Laurie began elementary school, I stepped up my work schedule (part-time then). I remember the day Main Street Principal Donald VanIngen knew where to find me at The Record when Laurie became violently ill — and understanding publisher Bill Sliger said, "Go, and work from home."

I remember how the library always had a cozy corner for children to browse — and how safe I felt my daughters were as they walked there frequently. Laurie's sister Robin once remarked that they "never go into town without seeing someone we know." She added that it

would be hard to do anything that she didn't want discovered here. There was — and is — the feeling that it's still possible to be an individual in a small community.

In high school I remember how Bill Williams so often checked to see that Laurie had a ride home after nightly band practice because he knew I had evening meetings. Then there was Pat Dorrian-Sandbothe who encouraged Laurie, and the hundreds of other youngsters in her classes, to write about their feelings, giving an ability to express themselves.

The church in which Laurie walked down the aisle to become the bride of Eric Egeland also has been important in our lives. Laurie met her husband on a church work camp at which many members have volunteered their services to make possible through the years. Pastor emeritus Lloyd Brasure also encouraged young people like Eric and Laurie to become student members of the session.

Laurie once joked that she felt very safe in our neighborhood — "with the Guards on one side and the Marshalls on the other." Having caring neighbors like these and the Bachs, Westons and Evanses who have lived on the street for most of the 19 years we have has been another plus. It was special to have Bud and Pearl Weber, former neighbors who moved to Pittsburgh, come for Laurie's day.

I watched the radiant young woman who had been the little girl in braids become the bride of the young man with whom she has such happy compatibility; and I thought of all those who had helped her become the person she is today — with gratitude.

JACK W.
HOFFMAN'S
COLUMN

A giant fire appears to have raged overnight, leaving a scorched job market of stomach disorders.

Nobody's anybody nowadays unless he or she can claim to be a "burn out" — a victim of occupational stress, stagnation and frustration.

Strange, isn't it, how society places new labels on old truisms to give them fresh perspective. In the olden days, society lauded those who put their noses to the grindstone. Today, the grindstone work ethic has disappeared.

Suddenly nobody's lazy anymore, just stagnated.

In one week's period, I noted that air controllers, teachers, lawmakers, reporters, preachers, waitresses and even marriage partners are claiming a share of the "burn out" syndrome. All are claiming their jobs are more stressful than your job or mine. Having laid claim to stress, they can legitimize lack of enthusiasm.

"I'm having a stress attack," my wife explained when I asked about my supper and she pointed at the refrigerator. "You'll have to get your own supper; I can't stand cooking anymore."

"Is it that time of the month?" I asked.

"It's that time of the day," she huffed. "Supper time. I'm tired of waiting on you hand and foot. After a hard day at the office I'm in no condition to cook."

"That bad," I sympathized. "How would you like to go out to eat?"

Amazingly, the stress disappeared instantly. But later, at the restaurant, a waitress with a nervous disorder spilled coffee on our table. "This job's the pits," she said while mopping up. "I'm about to tell 'em to take the job and stuff it."

Burn out. It's the in thing to be. If you've got a tough job but love it you're a misfit.

Parents protest school board's transportation cuts

To the Editor:

Please be advised of my concern for the safety and well-being of my child and of all children who currently attend and of those who will be attending Meads Mill Junior High School in the future from Northville Colony Estates III and IV.

The board of education has taken the attitude that Six Mile Road is a safe place for children to walk. I totally disagree. The traffic during the morning hours and all day for that matter is extremely heavy. Many cars travel in excess of the speed limit. Further there is no sidewalk and no safe place for anyone to walk.

The winter months bring even more treacherous road conditions together with freezing temperatures.

I would like the Northville Board of Education to seriously consider my concern and that of neighboring parents and reinstate the school bus service to Northville Colony Estates III and IV for safe transportation to Meads Mill Junior High School.

Yours truly,
Pamela Pawlak

P.S. There are currently 24 students in need of safe transportation from this subdivision.

To the Editor:

In response to the front-page story on "Board Approves School Bus Cuts" dated Wednesday, August 12, being a

parent of a junior high student attending Meads Mill Junior High School, I am extremely concerned for the safety and welfare of my child and all junior high children, who at this present time, in order to get to school, are being forced to walk along a hazardous highway, Six Mile Road, on which road the majority of traffic well exceeds the 50-mile-an-hour limit.

The hazardous conditions will be more than doubled during the winter months with icy roads and the build up of snow along the shoulder of Six Mile Road.

I feel the Northville Board of Education should immediately reinstate the bus service for Meads Mill students from Northville Colony III and IV.

Yours very truly,
Joan Brining

Record letter policy needs reconsideration

To the Editor:

The letter of August 5, 1981, directed towards the Northville Community Recreation Department points out the need to reconsider your letter publishing policy. The highly personal attack by the letter writer on the director was hidden behind the anonymity accorded by your paper. The Detroit Free Press only allows anonymous let-

ters under extreme conditions. Certainly a Northville paper has the same responsibility to require signatures and publish names.

I realize the letters must be signed, but I believe you can no longer continue to allow the policy of using pseudonyms to cloak the identity of the authors. If individuals are willing to publicly indict, they should have the courage to be publicly identified.

I believe the letter reflects an attitude which concerns me greatly. There are many people in the community who devote a great deal of time and effort to programs such as recreation. One only has to go back a few years to a recreation program that had no organized baseball, no soccer and no community building. Through the efforts of a great number of citizens and the recreation department, a highly developed program encompassing the provision of many activities and facilities has evolved. Yet some people choose to focus only on the particular issues which they find disturbing.

We live in a community in which most people would be proud to live. If we continue to look at what's wrong, rather than the advantages, we will convince ourselves otherwise. I do not advocate a Pollyanna attitude. I have worked for and will continue to work towards the improvement of the Northville community. I do believe that constructive criticism coupled with a commitment to action is a solution, not anonymous attacks on the institutions and their personnel.

Sincerely,
Charles S. Peltz

Vernon's arcade idea should be supported

To the Editor:
Camelot it ain't.

Nor does it exist on some high pinnacle of purity.

On the other side of the coin, however, Northville has, over the years, been a pretty "clean" town in which to raise families, do business and socialize.

We've managed this mode of living through the application of prudent and equitable rules and regulations, good security and honest legislation. There have been, there are, and there will be, problems.

A problem situation faces our city council at the present time in the matter of arcades and how best to cope. No matter whether or not we need arcades, or not, they do exist and we may get our share. If so, our ordinance for their control must be in line with reality and common sense.

And, on that score, we concur with Mayor Vernon's suggestion that arcades be controlled along the same rules and regulations of our pool hall ordinance. The suggestion makes sense and would be fair and impartial.

Give the mayor your support for good legislation.

Respectfully submitted,
Wally Nichols

He expresses thanks for refugee article

To the Editor:

On behalf of Paul Wisniewski (the Polish refugee) and myself, I want to thank The Northville Record and especially reporter Kevin Wilson for your help in finding Paul a home. Our special thanks to the Romanik family and the dozens of others that called with various offers of help.

Paul has a beautiful family to live with and has just completed his first week's work.

Thank you,

English visitors find friends in Northville

To the Editor:

On the First of July, my husband and I started our first visit to America. Our friends, Rita and Bruce Burnbull, spent two weeks making our stay most enjoyable touring Michigan and showing us places of interest. We saw Niagara Falls in Canada and looked in wonder at the overwhelming display of Christmas

decorations at Frankenmuth. Our visit to Mackinac Island was like stepping back in time.

We spent two refreshing days at the Turnbolls' cottage at Lake Michigan, and gazed in awe at the vast expanse of fresh water. We were introduced to friends and relations of the Turnbolls, who went out of their way to make us welcome. We were greeted with "Hi" by people we had never met.

We were invited to a block party on the Fourth of July, and made to feel most welcome. We were most surprised by the vastness of space and the cleanliness of the streets, but most of all by the friendliness of the people of Northville.

You have a town to be proud of, and we shall have many happy memories of our stay with you.

Marjory and
Frank Adams
London,
England

NOTICE TO BIDDERS

The City of Northville, Michigan will receive bids up to 11:00 A.M., Tuesday, September 8, 1981 for Road Salt. The City Council reserves the right to accept or reject any or all bids. All bids must be submitted on standard forms furnished by the City. Address bids to Northville City Clerk, 215 W. Main Street, Northville, Michigan, 48167, in a sealed envelope bearing the inscription:

BID FOR ROAD SALT

At the close of bids, the bids will be opened in public. A decision on the bids will be made by the Northville City Council on September 8, 1981.

By KATHY JENNINGS

Reporter reviews area history

Before long there will be people moving to this area who may not realize that there hasn't always been a K mart on the west side of Novi Road, or even a Twelve Oaks Mall just north of Northville.

To address this problem, to satisfy the curiosity of newcomers interested in learning that there was a Novi before Twelve Oaks Mall, and for residents who remember the area as it once was, we offer this compilation of news stories taken from back issues of The Novi News dated August 16 and August 23, 1956, for your late summer reading enjoyment.

The nameplate on the front pages, applicable then, would serve just as well today: "The Novi News — Serving A Growing Community." The Novi News then was part of The Northville Record with front pages interchanged.

Novi Road had been a death trap twice in the week preceding the publication of the August 16, 1956 edition of The News.

A lead story was that the Northville school board had refused to accept students in eighth through twelfth grade from the Novi Township school district because Northville schools had not received \$8,000 in overdue tuition fees from the 1955-56 school year.

Reportedly the Novi Township school board was scrambling around prepar-

ing proof that it could pay tuition fees for approximately 60 students if the students were allowed to attend Northville Schools.

The Novi Township school district, then in its infant stages, had no school of its own and had asked the Northville school board to continue its past policy of accepting students on a tuition basis, The News reported.

"Previously, Novi School had agreed to take kindergarten through sixth graders, asking that Northville take the seventh grade students and above. But when it was pointed out that Northville's seventh grade is already crowded, Novi School agreed to take them."

Members of the school board were

trying to determine whether the district could afford to pay the tuition required to enroll students in schools across district lines. They had been told by Northville School Superintendent R. H. Amerman that tuition would be raised from \$199 to \$205.

Parents were soon to learn that the situation was either vote to approve a millage increase or their students wouldn't go to school.

Meanwhile, Novi Township was fighting on two fronts to retain its territory.

The News reports that in a "last-ditch" fight to keep part of its territory from annexing to the City of Northville, the township board instructed its attorney

to test the validity of an election that would give an 82-acre tract of Novi Township to Northville.

"Involved in the dispute is an 82-acre tract lying between the Eight and Eight½ Mile lines and extending west from Center Street for approximately one-quarter mile."

Voters in the area had unanimously approved the annexation earlier that month.

"Although only five residences are located in the area at present, a 60-home subdivision is proposed upon annexation by the city. It is also the site of Amerman Elementary School and the proposed new Northville High School," The News reported.

Plants are part of decorating in this home

By JEANDAY

Visitors to the Northville Commons home of the Gary Sixt family will find their eyes are drawn irresistibly to the walls. Barbara Sixt has used them to

continue a blue color scheme throughout the colonial-design home and to display family portraits, trophies, handwork and interests.

In daughter Holly's bedroom, for instance, a Mustang cheerleader doll

shares wall space with the 1981 graduating class picture and other mementos of the high school years Holly has just finished. The family's oldest child, she will be starting Michigan State University this fall, leaving her bright bedroom with plaid ceiling and deep blue walls. Vibrant green is the accent color — most evident on a rocking chair and picture frames. Tennis trophies fill a wall shelf.

"Everybody plays tennis," observes Mrs. Sixt.

"Everybody" includes her husband Gary whose trophies are displayed on grass cloth walls of the study. In addition to Holly, the children are Christopher, who is starting high school this fall, Heather, a fifth grader, and Cameron, who will be in first grade.

"This is the longest we've ever lived in one home," Barb Sixt remarks, noting that since her marriage December 23, 1961, they have lived in six different places as her husband moved with Ford Parts and Service assignments. They became the first occupants of the house five-and-a-half years ago.

Mrs. Sixt adds with satisfaction that they have now completed the landscaping and a rear sun deck so that only maintenance is needed.

Porch plants give a hint that this is a "green thumb" home where plants hang and flourish everywhere. The front door is decorated with a grape vine wreath.

Visitors are welcomed into a spacious hallway decorated with a blue stripe paper, a yellow velvet chair and hanging plants. A focal point is a small-scale

tall case clock, made by a friend. Portraits of the children line the stairway. Three were done by a New England artist with that of the youngest child being the work of an Ann Arbor artist after the family moved here.

Mrs. Sixt, a substitute teacher in the Northville ISEP, has found time to do the crewel work that is framed on a living room wall. Crewel work in blues, greens and gold on the piano bench and a chair was chosen to "pull the room together," Mrs. Sixt says, explaining that such pieces as the gold davenport came from her former home and a different color scheme.

A blue wallpaper in stencil design is used in the dining room. Both living and dining room windows are covered only with white shutters, giving an airy look and light control.

Antiques such as a Hoosier baking cupboard in the keeping-room kitchen area blend with a reproduction oak table and chairs. The unusual tin-topped cupboard was found right in Northville upstairs at Black's Hardware, the owner says.

A fireplace with extruded mortar brick fills the far wall of the family room. Baskets are used to decorate the kitchen soffit.

A wall collection in the kitchen is centered with a Pennsylvania Dutch fractur reproduction that is a record of the couple's marriage. Similar fracturs in the bedrooms record the children's births.

"I call it organized clutter," Barb Sixt says as visitors admire her many collections.

Behind the bedroom door marked

with a tiny pillow embroidered with the words, "Heather's Place," is a room any fifth grader would love. The tiny-block quilt on the bed had been made by Heather's great-great aunt. Embroidered and ribbon pillows are pretty accents.

Color pictures depict Heather's swim

team involvement. There also is a collection of stuffed dolls.

The room shared by Chris and Cam is dominated by a blown-up poster of Chris taking a tennis swing. It held special interest for Record

G. Dewey Gardner finds few weeds among marigolds and geraniums

City garden captures August award

A garden in the city has been chosen by Country Girls Garden Branch of the Woman's National Farm and Garden Association as the Garden of the Month for August. The summer blooming garden at the G. Dewey Gardner home at 850 North Center was suggested to the garden club for the honor because it illustrates what can be achieved on a city lot, explains Pat Eden, co-chairperson of the project with Shirley DeHoff.

As might be expected from a florist (Gardner is owner of IV Seasons in Northville), the garden with tiers of flowers in the backyard is eye-catching. It's also colorful with bright geraniums and other flowers.

Gardner declares the garden is low-maintenance because he "jams the flowers so close there's no chance for weeds." Record photo by John Galloway.

Couples wed in summer ceremonies

Cox-Gearns vows exchanged

Cynthia Jayne Gearns, daughter of Mr. and Mrs. William C. Gearns of 452 Butler, and Steven Donald Cox, son of Donald Cox of New Boston and Mrs. William David of Garden City, exchanged marriage vows July 18.

The double ring ceremony was held at Northville's First Presbyterian Church with the Reverend John L. Mishler officiating.

Accompanied down the aisle by her father, the bride wore a white satin gown and a strand of pearls which belonged to her grandmother Lucille Rowe. Seed pearls and lace enhanced the bodice and she carried a bouquet of white daisies with blue carnations and yellow baby's-breath.

The bride's sister Mrs. Diane Laprise was maid of honor and wore a yellow Qiana gown with a matching tulle cape and carried a nosegay of white daisies and yellow baby's-breath.

Serving as bridesmaids were the bride's sister Mrs. Nancy Cash and

Tracy Laprise, the bride's niece. The bridesmaids wore blue Qiana gowns with matching tulle capes and carried white daisies and blue baby's-breath.

Best man was Frank Baker and ushers were Jon Laprise, Norman Fox and the bride's brothers Bill and Paul Gearns.

A reception at the V.F.W. Post in Plymouth followed the ceremony with approximately 100 guests attending. A special gift to the couple was a six-tiered wedding cake given by Mr. and Mrs. Richard Holloway of Northville's Holloway Bakery.

The bride attended Northville Public Schools and is employed as a baker at Northville High School. She also is president of the Northville City Fire Department Auxiliary.

The bridegroom is a Garden City High School graduate and is employed by B and J Removal in Northville.

Following a wedding trip to Tawas, the couple returned to Wixom where they will make their home.

of Levelland, Texas, was matron of honor. She wore a white gown with a red floral print and carried a bouquet of red, white, pink and burgandy lilies, stephanotis and mini-carnations.

Bridesmaids were the bridegroom's sister Cindy Gentle of Belleville, Lorrie Deibert of Dallas, Texas, and Karen Kasee of Cincinnati, Ohio.

The bridesmaids wore white gowns with a black floral print and wore red and white mini-carnations in their hair.

The bridegroom's niece Traci Gentle was flower girl.

Barry Susterka of Laramie, Wyoming, served as his brother's best man.

Ushers were Toni Ellis, Kevin Owen,

Curt Cullin, Thom Patterson and the bride's brother Mike Long.

Approximately 175 attended a reception at Nicky's in Livonia following the ceremony.

The bride holds both bachelor's and master's degrees in special education from Eastern Michigan University. She is employed by Wayne-Westland schools.

The bridegroom is a senior at Eastern Michigan University and is employed by General Motors Hydramatic.

Following a camping trip to South Dakota and Wyoming, the couple made their home in Belleville.

Brenda Cook, Robert Hove united

Brenda Lavina Cook, daughter of Mr. and Mrs. Duane E. Cook of Gladwin, and Robert Allen Hove, son of Mr. and Mrs. Orin A. Hove of Northville, were married August 15 in a double ring ceremony.

The ceremony was held in the garden of the Cook's home in Gladwin and the Reverend Walter Damberg officiated the service.

Carrying her great-grandmother's handkerchief, the bride was accompanied down the aisle by her father. Her silk organza gown was enhanced with lace and seed pearls and she carried a bouquet of silk daisies, yellow roses, stephanotis and ivy.

Matron of honor was Julie McClure of Mt. Pleasant. Her yellow voile gown was edged in white lace and she carried a basket of daisies, yellow roses and ivy.

The bride's niece Jill Weber was junior bridesmaid and flower girls were Kristen and Amy Weber, also nieces of the bride.

The junior bridesmaid and flower

girls carried baskets of mixed yellow and white summer flowers. All flowers carried by the attendants were arranged by the bridegroom's mother.

Dennis Woehler of Mt. Pleasant was best man and the bride's brother Steven Cook of Kalamazoo was usher.

Following the garden ceremony, 80 guests attended a buffet dinner reception at the Butman Town Hall in Gladwin. The wedding cake was made by the bride's aunt Marie Cook by Midland.

Following the reception, the couple took a week-long wedding trip to Northport.

The bride is an Eastern Michigan University graduate and holds a degree in special education. She currently is employed by the Gratiot-Isabella Intermediate School District.

The bridegroom is expected to be graduated from Central Michigan University in December. He plans to continue his studies and earn his master's degree in child psychology.

The couple will reside in Mt. Pleasant.

Laura Belanger married here

Holding her great-grandmother's pearlized mass book with her bouquet, Laura Anne Belanger, daughter of Mr. and Mrs. Bud Belanger of 20248 Woodhill, became the bride of Kevin Christopher Morgan in a double-ring ceremony July 25.

The bridegroom is the son of Mr. and Mrs. Eugene Morgan of Manchester, Connecticut.

The ceremony was held at Our Lady of Victory Church with Father John O'Callahan officiating.

The bride and bridegroom shared in the lighting of the unity candle and the prayer to the Mother Mary.

The bride wore a candlelight gown with cathedral-length train. Chantilly lace embroidered with seed pearls enhanced the bodice and a lace ruffle edged the skirt. Her Juliet cap held a cathedral-length veil.

Her bouquet consisted of pink and cream roses, stephanotis and English Ivy and was tied with cream ribbons.

Gigi Belanger, the bride's cousin, served as maid of honor. The bodice of her pink Qiana gown was enhanced with lace and the hem was trimmed in Schiffli lace. She wore a half-circle hairpiece of roses, carnations and baby's-breath. Her bouquet was made of pink carnations, daisy mums, ivy and pink ribbon.

Serving as bridesmaids were Kathy Morgan, Kay Asher and Patricia Noone. They wore dusty rose Quina gowns fashioned after the maid of honor's.

The bride's cousin Julie Belanger was junior bridesmaid and wore a pink gown with white lace overlay.

Best man was Robert Hall and ushers were David Elwell and Michael, Lee and David Belanger.

David Elwell and Jimmy Belanger served as readers and ring bearer was Robert Wentworth III of Ann Arbor.

A reception at Meadowbrook Country Club followed the ceremony with approximately 140 guests attending. Out-of-town guests included the Hunts and Mrs. J. Richter from Ohio, Mr. and Mrs. J. Rhode from Minnetonka, Minnesota, and Mr. and Mrs. E. Morgan and their daughter Maureen from Manchester, Connecticut.

Following the reception, the couple left for Kiawah Island, South Carolina. The bride is a Northville High School graduate and attended both Manchester Community College and Western Michigan University.

The bridegroom attended Schoolcraft College and Manchester Community College.

The couple will make their home in Northville.

Barbara Long wed at St. Paul's

Barbara Jean Long, daughter of Edward Long Jr. of Northville and Evelyn Long of Plymouth, became the bride of Brad Dane Susterka in a candlelight ceremony June 26 at St. Paul's Lutheran Church.

The bridegroom is the son of Donald Susterka and Betty Susterka of Belleville.

The double ring ceremony was of-

ficiated by the Reverend Charles Boerger. Soloist was Robin Harrower.

The bride wore a white chiffon gown enhanced with a Queen Anne neckline and trimmed with Venise lace, pearls and sequins. Her camelot cap held a fingertip veil and she carried a bouquet of white stephanotis, phallopopsis orchids and mini-carnations.

The bride's sister Patricia Blanchard

Circle members bake to aid others

By JEANDAY

Members of Mizpah Circle of King's Daughters began making apple pies back in March for the circle's sidewalk sale booth August 1. Throughout the months before the annual merchants' sale members continued making apricot, rhubarb and other homemade pies.

They were double-wrapped and frozen unbaked until the day before the sale. Then they were distributed to circle members for baking. "They really were fresh," reports Marge Bolton as she relays the information that the bake sale, the circle's biggest fundraiser every year, yielded more than \$700. The circle uses this money for its work at University of Michigan Children's Hospital, for Thanksgiving baskets and work for King's Daughters home.

Mizpah Circle will hold its first fall season meeting at 12:30 p.m. Tuesday at First United Methodist Church. The budget will be presented and plans made for the coming year.

It's joining time for Newcomers

Newcomers is gaining a reputation for sponsoring unusually great parties at which those new to the community can become better acquainted. The group's annual fall membership coffee will be at 7:30 p.m. September 9 at First United Methodist Church, Eight Mile at Taft.

"We look forward to seeing familiar faces as well as anyone new to the Northville community," reports President Judee Sweet as she outlines membership qualifications — anyone living in the Northville School District five years or less is eligible to join, annual dues are \$10. Membership chairperson Ellen VanNoord, 348-8726, or President Sweet, 420-3278, may be contacted for more information.

"The Great Sandwich Caper" is the billing of the first Newcomer couple event September 19 at the home of Don and Joyce Good. Newcomers will become better acquainted as they work in teams to build award-winning sandwich creations. Reservations are being taken until September 2

by Barb Flis, 349-5477, party chairperson. Admission for the evening is \$10 and a dish to pass. Wine and beer will be provided. Reservations are limited to 35 couples with all current members and those interested in joining invited.

Newcomer alums opt for hors d'oeuvres, pizza

First fall get-together of Northville Newcomer Alumni group will be a wine and hors d'oeuvres evening at the home of Kathie Skynar, 21602 Welch, at 7:30 p.m. September 9. She is coordinator of the alum activities with Barbara Weix for the 1981-81 year.

For an alum pizza and beer party from 7 p.m. until midnight October 3, Janyne Hilfinger, 43885 Galway, and Sue Nix, 43867 Galway, will open their homes. Pat Belloli, 348-3397, may be called between September 10-24 for reservations which are \$7.50 a couple for pizza, beer, pop and volleyball.

Kruegers research ancestors at Cherokee headquarters

The Robert Krueger family has returned from a 4,000 mile tour which included stopping at the headquarters of the Cherokee Nation at Talequah, Oklahoma, for ancestral research. After visiting friends in Springfield, Illinois, and Jefferson City, Missouri, they toured the Carlsbad Caverns enroute to Fort Bliss, Texas, where Bob Krueger had reserve duty.

Mrs. Krueger, Judy Ann, Kitty, Karen and Robbie visited Juarez, Mexico. On the way to visit friends in Los Cruces, New Mexico, they stopped at White Sands Space Museum, Colorado City and Pueblo, the Black Hills Monument and the Badlands. In Armstrong, Iowa, they visited Mrs. Krueger's mother, Mrs. Catherine Sturm. They also visited friends in Des Moines and stopped at Fort Sheridan, Illinois, on Army Reserve business.

Families welcome little newcomers

Lesli Weston Adamson and William Andros Adamson of Ann Arbor are parents of their first child, a son who was born August 19 at St. Joseph Mercy Hospital in Ann Arbor.

Named Weston Andros Adamson, he weighed eight pounds, 12 ounces at birth.

Grandparents are Dr. and Mrs. Herbert E. Weston of Northville and Dr. and Mrs. Thomas C. Adamson of Ann Arbor. Paternal great-grandparents are Mr. and Mrs. T. C. Adamson of Illinois and Colonel and Mrs. H. A. Huncilman of Indiana. Maternal great-grandmother is Mrs. Charles H. Lay.

The baby's mother is a 1970 graduate of Northville High School.

David Mitchell-Yellin is a 1971 Northville High School graduate and currently is working at the University of Michigan.

Mr. and Mrs. Stan Nirider of 510 North Center announce the birth of their first child Matthew Emrich August 14.

He was born at Sinai Hospital in Detroit and weighed nine pounds, 12 ounces.

Maternal grandparents are Mr. and Mrs. C. James Armstrong of Northville. Former Northville resident Essie Nirider of Alden is paternal grandmother.

Maternal great-grandmother is Ruth Armstrong of Plymouth and paternal great-grandmother is Anna Kidman of Northville.

David and Elizabeth Mitchell-Yellin of Ann Arbor announce the birth of their first child Benjamin July 31.

He was born at St. Joseph Mercy Hospital and weighed six pounds, two ounces.

Paternal grandparents are Mr. and Mrs. Winifred Mitchell of Northville and maternal grandparents are Mr. and Mrs. Ed Yellin of New Rochelle, New York.

Bruce and Nancy White of South Lyon announce the birth of their first child Colleen Elizabeth August 6.

She was born at Providence Hospital in Southfield and weighed eight pounds, eight ounces.

Maternal grandparents are Northville residents Mr. and Mrs. Joseph Dunnabeck. Mrs. Isobel White of Birmingham is paternal grandmother.

Offer childbirth classes here

Preparation for childbirth classes will be offered at Northville High School beginning September 9.

Sponsored by the Adult and Continuing Education Program, the sessions are designed to help the expectant mother

during labor, as well as prepare her partner for the birth.

Classes also will focus on techniques for reducing pain during labor and relaxation and breathing exercises.

The September 9 ses-

sion will run through October 14. Another session will be held November 4 through December 9.

For further information and registration call Nancy Vanderworp, A.S.P.O.-certified childbirth educator, at 348-1361.

Engagement announced

The engagement of Teresa D. McCreless, daughter of former South Lyon residents Mr. and Mrs. Dayton E. McCreless of Milan, and Steven B. Gurney of Whitmore Lake is announced.

The future bridegroom is the son of Mr. and Mrs. Stanley Gurney of 8269 Currie.

The bride-elect is a South Lyon High School graduate and attend-

ed Washtenaw Community College for two years. She currently is employed in the billing department at Whitmore Lake Convalescent Center.

Her fiancé also is a graduate of South Lyon High School and currently attends Eastern Michigan University. He is employed by Baker Construction Company.

A September 11 wedding is planned.

Dental Dialogue

of A. Allen Tuchklaper, D.D.S.

TOOTHPASTE TIDBITS

Q. What's the best kind of toothpaste to use?

A. First it's the proper brushing of your teeth and not the toothpaste you choose that's important. However, fluoride toothpastes can decrease decay in children, and there are several good ones available. Abrasive dentifrices, usually advertised as "whiteners", can cause wear of the enamel and shouldn't be used on a daily basis. And if your teeth are very sensitive there are desensitizing pastes your dentist can recommend. Just remember toothpaste is meant to keep your teeth clean and

free of plaque, and not to insure your popularity and sex appeal.

This column is presented in the interest of better dental health. From the office of

A. Allen Tuchklaper, D.D.S.

ENTERTAINMENT

MEANT

MARQUIS Theatre on Main Street in downtown Northville reopens Friday with the movie "Superman II," with Friday and Saturday showings at 7 and 9:15 p.m. and 8 p.m. showings Sunday through Thursday during the two-week run. The movie has just completed its first run in theaters and will be shown for \$1.50. The theater was closed during downtown renovation.

UPCOMING at Kensington Metropark: Farm interpreter Lori Anderson discusses natural cosmetics and shows how to make home-made recipes using fruits and vegetables on Saturday at 1 p.m.; a family nature walk and picnic on Tuesday at 6:30 p.m.; and farm demonstrations daily through the fall at 5:30 p.m. Information: 685-1561.

FARMINGTON Community Center's resale shop, "The Second Edition," resumes fall hours Tuesday, daily from 11:30 a.m. to 2 p.m. Information: 477-8404.

CANDY JOHNSON, the late jazz saxophonist, is honored in memorial concerts Thursday at the Detroit Institute of Arts' "Jazz At The Institute" with performances at 7 and 9:30 p.m. Information: 832-2730.

"**MON ONCLE D'Amerique**," a 1980 film directed by Alain Resnais, is shown Friday and Saturday at 7 and 9:30 p.m. and Sunday at 7 p.m. at the Detroit Institute of Arts. Information: 832-2730.

"**NEW MYTH**," a clay artwork by talented Detroit artists, is on display through September 5 in Hudson's Downtown store, 7th floor Old Print Shop.

A **BASS** shoemaker demonstrates how the Bass penny loafers are made from 6 to 8 p.m. Thursday at Hudson's in Twelve Oaks Mall.

EXHIBITION of early 1800 handicrafts and arts is slated Friday Saturday and Sunday during the 1981 Ypsilanti Yesteryear Heritage Festival at the historic Hutchinson House, 600 North River Street. Information 482-4920.

TEL-TWELVE Mall presents its first doll show and sale Saturday and Sunday.

A "**STAR Cruise**" aboard the Island Queen is slated Friday at 9:30 p.m. at Kensington Metropark near Milford. Charge is \$2; registration is required. Information: 685-1561.

Grand River relay kick off

Nation's oldest state fair opens Friday

A 100-mile relay from Lansing to Detroit kicks off the opening ceremonies of the 1981 Michigan State Fair beginning Friday and running daily through Labor Day, September 7.

The relay, which features 30 runners from the Michigan Recreation and Parks Association, begins in Lansing at 10 a.m. Thursday. Runners follow Grand River Avenue until they reach either Kensington Metropark near Milford or Maybury State Park in Northville.

They'll camp there overnight, resuming their journey at 4 a.m. Friday. From Grand River, the runners will exit at Southfield's Inkster Road and then proceed along Eight Mile to the fairgrounds at Woodward.

Expected time of arrival is 11 a.m., which coincides with the fair's ribbon-cutting ceremony in front of the "Amazing Acre" — a new agricultural exposition sponsored by a contingent of the state's commodity and agricultural groups. Dedication of two new exhibit facilities — one of which will house the Amazing Acre — also takes place at that time.

Three hours of rides will be "on the house" Friday from 10 a.m. to 1 p.m. as part of the opening day festivities.

So you say your idea of stunt driving is steering with one hand and eating Egg McMuffin with the other? Chances are you haven't cruised through a burning barricade at 55 mph, hurtled your car 65-feet through space or driven on only one front and one rear tire.

That's the kind of stuff visitors to the fair will be able to see as they leave the drivin' to the four-wheel daredevils of the Joie Chitwood Auto Thrill Show, featured Monday through September 4, with two shows daily at 2 and 7 p.m., at the fairgrounds' grandstands.

The fair may earn itself a mention in the annals of historic culinary accomplishments as its hosts the world debut of garlic wine Friday.

Garlic wine, as well as the onion version, will be just a couple of the highlights of the fair's Amazing Acre.

But don't pour your Chateau Lafite Rothchild down the kitchen drain. Garlic and onion wines are designed for cooking, not imbibing, explains John Coleman, who developed the pungent liquids at his Vendramino Winery in Paw Paw.

A part-time winemaker and a full-time engineer for Ford Motor Company, Coleman introduced onion wine at last year's fair and presented Governor William Milliken with the first bottle. Since

SOMETHING TO CROW ABOUT—Governor William Milliken meets popular Michigan comedian/ventriloquist Eddie Jay and his pal Carlton D. Crow, two of the entertainers who will perform daily for visitors to the Michigan State Fair opening Friday.

then he has sold 7,000 bottles of the stuff through word-of-mouth promotion.

The fair's line-up of new and expanded contests is expected to attract an even greater number than the 10,000 Michigan residents who last year displayed their culinary, agricultural and artistic talents at the fair.

They're competing for prizes in community arts (baking, canning, crafts); fine arts (paintings, drawings, photographs, sculptures); horse show; youth division; livestock, poultry, rabbits, pigeons and caviar which also covers, agriculture, floriculture, horticulture and wine show categories.

Best of all, the best will be displayed throughout the fair for the thousands who attend the fair.

Among the groups and their exhibits for the fair's first Amazing Acre are:

—Michigan Certified Farm Markets: functional farm market where fresh produce will be sold to fairgoers; sales of fruit juices made from Michigan fruits.

—Michigan Park Producers Association: sale of prepared park products; display of various cuts of pork in an Ag Building cooler; information booth.

—MSU Ag College: a 2,000-square-foot exhibit area featuring seven different species of livestock as well as livestock experts to answer questions:

also, an antique farm equipment display.

—Michigan Christmas Tree Growers Association: decorated Christmas tree exhibit.

—Mott Community College: alcohol still using cull potatoes.

—Monitor Sugar Company: dessert samples, educational materials.

—Michigan Bean Commission: information booth, bean dip samples, literature.

—Michigan Wine Institute: product display (from four Michigan wineries), information booth/literature.

—American Dairy Association: milk and ice cream sales, information booth/literature, 4-H demonstrations.

—Michigan Beef Commission: beef sausage samples, information booth/literature.

—Michigan Sheep Breeders Association: information booth/literature.

—Michigan Department of Agriculture: exhibit stressing the importance of county fairs in Michigan.

—Michigan Farm Bureau: exhibit showing how Michigan agricultural products are marketed internationally.

—Michigan Millers Association: slide-tape show dealing with the milling and processing of wheat.

—Women for Survival of Agriculture in Michigan: information booth.

—Michigan Asparagus Producers: samples of appetizers made with asparagus, information booth/literature dealing with food preparation.

—INARI, a privately-owned soybean processor: roasted soybean samples and sales.

—Michigan Apple Commission: apple recipes, exhibit highlighting importance of apples to Michigan.

—Hilltop Orchards: donated fruit trees that will become a permanent part of the roofed structure exhibit area.

—Vendramino Winery: onion and garlic (cooking) wine sales, food preparation demonstrations, recipes.

Daily performances by celebrity entertainers such as Tammy Wynette, Don McLean, Chaka Khan, Doty West and Mitch Ryder are free after payment of the general fair admission.

Admission to this the nation's oldest state fair is \$4, with children 11 and under admitted free when accompanied by an adult.

The fair, administered by the Michigan Department of Natural Resources, is located at Eight Mile and Woodward in Detroit.

APPOINTMENT of Dr. Myron G. Zeis as medical director of Saginaw Steering Gear Division of the General Motors Corporation has been announced by General Manager Ellis M. Ivey, Jr.

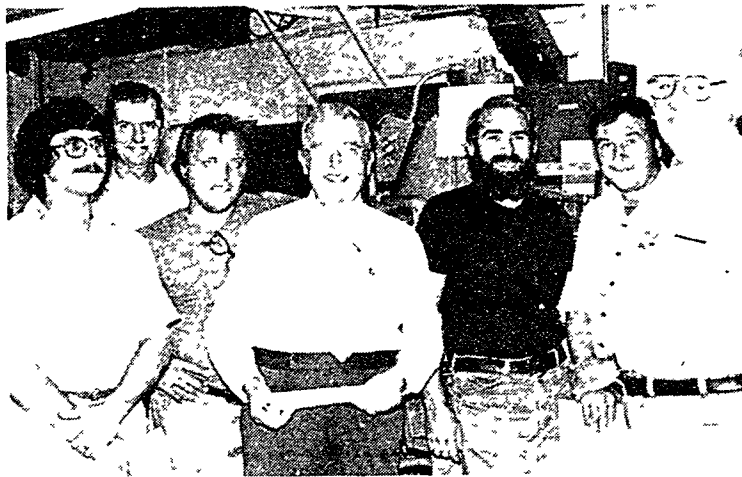

DR. MYRON ZEIS

medical director at the Chevrolet-Livonia plant.

Dr. Zeis is a member of the American Medical Association, the Michigan Medical Society, the Wayne County Medical Society, the Michigan Occupational Medicine Association, the American Medical Association and the Detroit Occupational Physicians Association.

He served with the U.S. Army Medical Corps in Korea from 1953 to 1955 and attained the rank of captain.

EMPLOYEE AWARDS: Shown after the presentation are (l to r): winner Jon Vernier; Gary Johnson, recording secretary and Tom Lucier, plant chairman United Auto Workers Local 174; Numatics President William Carls; winner Paul LeVeque; winner John Sitko; Robert Prince, vice president in charge of finance.

NUMATICS PRESIDENT William Carls recently presented three employees with checks totaling nearly \$2,000 for their award-winning suggestions to improve manufacturing processes at the Highland plant.

In the belief that all employees help determine product quality, Carls established the award system to recognize and encourage employee participation in that process. John Sitko, a 16-year employee, received the highest award of \$626.20; Jon Vernier was awarded \$618.28, and Paul LeVeque, another 16-year employee, \$528.52.

The July 31 group of three awards represented the largest amount presented at one time by the international valve company. Numatics began production in 1949 and now has seven plants world-wide; five in Michigan, one in Ontario, Canada and one in West Germany.

At the Highland plant, approximately 100 salaried workers, 175

hourly and 64 summer student workers presently are employed. Twenty-nine employee awards totaling \$3,875.83 have been made by the company.

E. Everett Perkins, president of The State Savings Bank of South Lyon announced that Kathleen McDonnell has been named to fill the position of Money Desk recently created within the bank by the Board of Directors. Miss McDonnell joined the bank in 1976 and has worked in most areas of the organization. She is currently in charge of the bank's auto branch in the Brookdale Shopping Plaza.

The Money Desk position will coordinate the sale of the bank's new customer retail repurchase agreement program. This program consists of the purchase of a U.S. Government security by the bank, the sale of portions of the security to customers and the repurchase of the customer portion, at maturity, by the bank. The new program begins September 1.

Miss McDonnell's responsibilities will also include the sale and purchase of Federal Funds, customer security sales and purchases and the sale of large customer and corporate certificates of deposit.

KATHLEEN
McDONNELL

PHILIP A. PALARCHIO of Lansing has been named a development manager in Prudential Insurance Company's Lansing ordinary agency. He will be responsible for recruiting and training new special agents headquartered at State Employees Credit Union Building. A 1974 graduate of Northville High School, Parachio is the son of Mr. and Mrs. Arthur Palarchio of 18275 Edenderry in Northville. A 1979 graduate of Michigan State University, he was recruited by Prudential during his senior year and has been a special agent for two-and-a-half years.

Poetry . .

Easter Eruptions

Spring threads
Needle the grass
To nest bunnies,
And birds
To bonnet trees
To trill
"A Happy Easter."

F. A. Hasenau

Poetry . . .

What's new...?

Pussy-cat, pussy-cat,
Where have you been?
(Sitting on the stereo, listening to Queen).

Pussy-cat, pussy-cat,
What did you there?
(Man, their sound was more than I could bear).

Pussy-cat, pussy-cat,
What did you then?
(This hep-cat hopped down and gave them a TEN).

Pussy-cat, pussy-cat,
Where are you now?
(I'm gone, man, real gone, Mee-ow, mee-OW'.)

Kit Henderson

Sheehan's on the Green cruises to rec title

Mercy sakes, Sheehan's on the Green really went all out to win the 1981 Northville Recreation Men's Softball Playoff Tournament title during the weekend.

Sheehan's powered its way to a 23-8 verdict over Long Mechanical Monday in an all-American League match up in the final and if the mercy rule had been in effect, the game would have been over after six innings.

After falling behind 2-0 in the opening frame, Sheehan's scored five times in the top of the second inning and never looked back in winning its fourth straight game of the tournament.

The triumph made Sheehan's the playoff champion and American League runner-up for 1981. The loss gave Long Mechanical the American League playoff runner-up title.

Sheehan's John Boland started things off in the second with a long homer to centerfield. Sheehan's scored four more times on doubles by Mike Theisen and Pete Wight, singles by John Folino and Todd Eis and sacrifice flies by Andy Bechtel and Greg Phillips.

The second inning rally might possibly have been sparked by two great

defensive plays to start the contest by right-centerfielder Wright.

In the first inning, Wright climbed the fence and took away a sure homerun from John Sinclair and came right back to almost do the same thing against Ron Tini, but Wright could not hang onto the ball and Tini ended up with a double.

After pushing across five runs in the second, Sheehan's added two more in the third and fourth stanzas and one tally in the fifth.

The crushing blow came in the sixth when Sheehan's exploded for eight runs on nine hits.

Long Mechanical had a small seventh inning rally when Jim Long, John Sinclair, Bill Sinclair each singled, Tini doubled and Doug Wojay followed with another single to drive across the final four runs, but by then the game was out of reach.

Top batsman for Sheehan's in the final contest was John Folino with four hits and three runs-batted-in, while teammates Theisen, Boland, Eis and Wright each collected three hits and three rbi.

Leading the way for Long Mechanical was Long with three hits, while John Sinclair, Bill Sinclair, Rex Balko and Larry Michalak each rapped two hits.

To make the championship contest against Sheehan's, Long Mechanical downed J&S Steel, 12-7, in the final loser's bracket game Monday.

However, the way the game started it looked like it might be a short night for Long Mechanical.

Dennis Belleperch drilled a homer to start the game off right for J&S Steel, but that was all the team could muster in the opening frame.

Long Mechanical evened things up with a run in the bottom of the first when Long scored on Bill Sinclair's sacrifice.

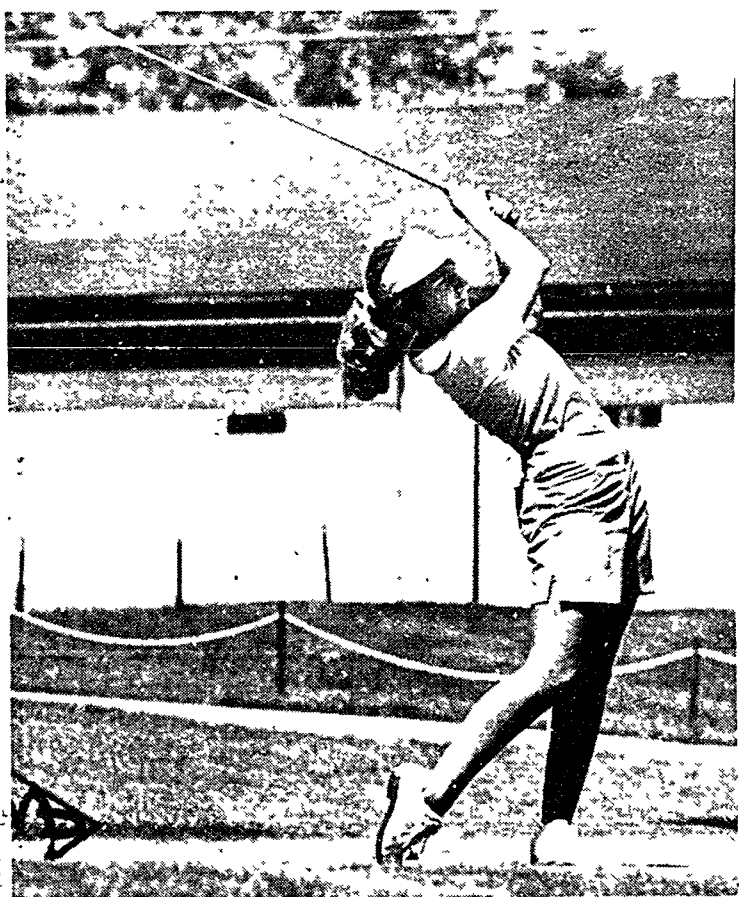

J&S Steel scored three runs on singles by John Muir, Bob Radigan, Belleperch, Russ Barnes and Ron White to surge ahead, 4-1, in the second inning.

Long Mechanical bounced right back in its half of the second with five runs to take a 6-5 lead. Singles by Balko, Jim Zayti, Rick Bingley and John Sinclair, plus a couple of errors produced the runs.

But, a four-run fourth by the eventual winners proved to be the difference in the contest. Six out of the first seven batters in the Long Mechanical lineup banged singles during the big rally.

For J&S Steel, which received trophies for being the National League and playoff runner-up, was led by Belleperch, Barnes, White, Yankee and Muir, each of whom collected two hits.

Henningsen brothers bike across America

By JOHN MYERS

When Doug and Dave Henningsen say they are going on bike ride, don't think they mean a little jaunt around the neighborhood.

Chances are the Northville township brothers are thinking about biking up and down the coast of California or, yes, even making their way across the United States.

And that is actually what the two brothers have done or are doing now.

Last week Monday Doug returned home from a six-week, 4,000-mile trip which started in Portland, Oregon, and ended when he rode his bike up his driveway on Banbury.

Although not quite so long or as far a trip as Doug's, Dave left August 14 to peddle his way up and down the coast of California, Washington and Oregon.

One might think a lot of planning went into Doug's trip, but he said that was not the case.

"Two weeks before I left was when I really decided to go. I needed some planning, but it was pretty much hop on a bike and go," explained the 21-year-old Doug, who is a senior at Michigan State University.

"I'll go right now (on another trip) if you give me a day or two to pack," Doug added.

It would not take either man long to pack. According to Dave, all a person needs is a sleeping bag, small tent, cooking utensils, clothing (enough for about four days) and a couple of water bottles.

"That is it in a nutshell. You only want to take that much for better riding ease," said Dave, 20, August 14 before he flew out to California. He also attends MSU, but is a junior.

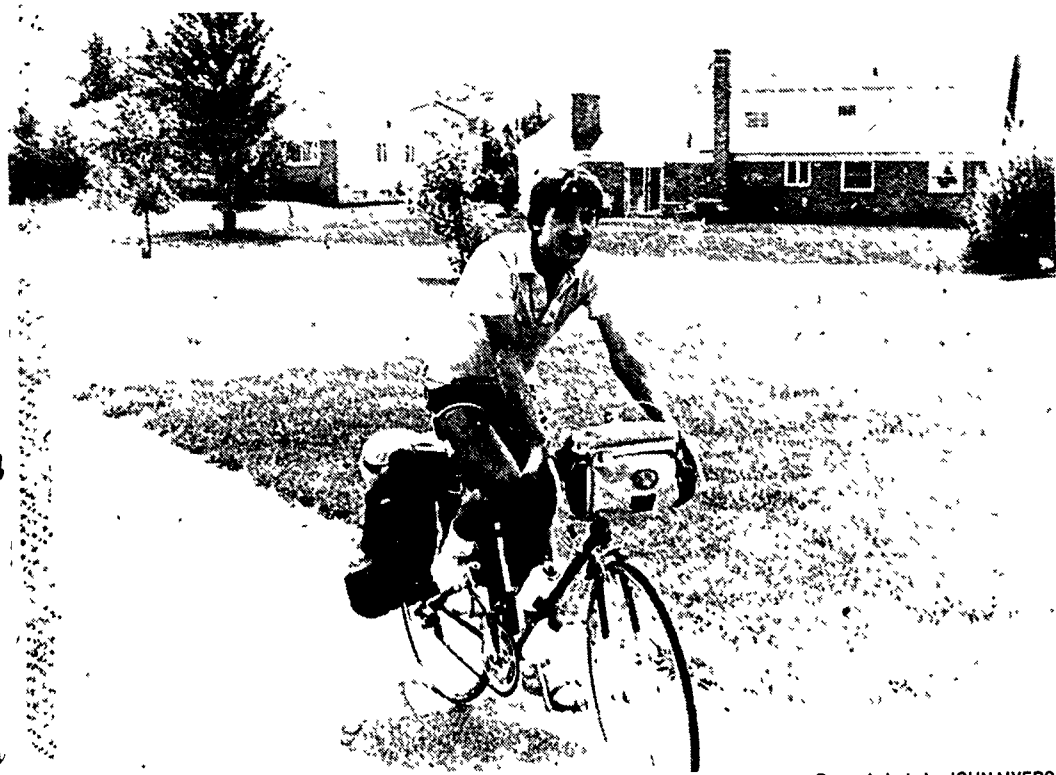

One other essential item the two bikers needed were maps of the areas they were going to travel.

Maps and small booklets with detailed information about the bike route are provided by Bike Centennial, a non-profit organization which researched the roads around the country to determine the best possible path for the cyclists.

The cross-country trip for Doug started in Portland, Oregon, but he did not start traveling the Bike Centennial route until he reached Eugene, Oregon.

Once on the Bike Centennial route, Doug traveled through Oregon, Idaho, Montana, Wyoming, Colorado, Kansas, Missouri, Illinois, Indiana, Ohio and finally Michigan.

Winner's Circle, Action Dry Wall take softball titles

It went right down to the wire, but there finally was a clear cut champion in the National League in adult softball action this summer.

Both Action Dry Wall and J&S Steel were tied for the divisional leadership heading into the final week of the season and were trailed closely by the Eagles, Sheehan's Little Caesar's and the Northville Jaycees.

When all the dust had settled, Action Dry Wall (15-3) claimed first by one game over J&S Steel and the Eagles (both 14-4) and by two games over Sheehan's Little Caesar's and Northville Jaycees (both 13-5).

Over in the American League, Winner's Circle Bar had wrapped up first place two weeks ago and finished the year with the best record for both leagues at 17-1.

There was a battle between Sheehan's on the Green and Long Mechanical for second place. Sheehan's took runner-up honors with its 15-3 mark, while Long Mechanical was 14-4.

Winner's Circle Bar, J&S Steel, Sheehan's on the Green and Long Mechanical are moving on to the state tournament starting Friday in Plymouth (Massey Field) and Westland.

However, playoff action for 13 teams which qualified for the 1981 Northville Recreation Men's tournament began last Friday and the champion was determined Monday night.

NATIONAL LEAGUE

Action Dry Wall 14, St. Paul's Lutheran Church 8: the victory gave Action Dry Wall first place in the tough National League race and a spot in the state tournament.

Action Dry Wall broke open a close 7-5 lead with a four-run fourth inning and then sealed the verdict with three more tallies in the bottom of the fifth.

Al Parran paced the 17-hit attack for the winners with a perfect four-for-four performance. Gary Globish added three hits, which included a homerun and four runs-batted-in.

Other top batsmen for Action Dry Wall were Ted Gores with three hits and Tom Mallon and Steve Harris with two hits apiece.

St. Paul's, who gave Action Dry Wall all it could handle, was led by John Mueller's three hits and Bob Bannatz's homer and single. Ken Cobb and Roger Schultz each added two hits.

Eagles 8, O'Sheehan's 7: The Eagles withstood a seventh-inning rally by O'Sheehan's in order to gain a second-place tie with J&S Steel.

A sacrifice by Tim Nye scored what proved to be the winning run in the top of the seventh inning to give the Eagles an 8-5 lead.

Recreation home run king Joe Stankis blasted a one out two-run round-

tripper in the bottom of the inning for O'Sheehan's, but it was a little too late.

Leading the way at the plate for the Eagles were Paul Koslowski; Len Zywick, Dave Vaughan and Jerry Maki, all of whom had two hits. One of Koslowski's hits was a homer in the fifth inning.

For O'Sheehan's, Scott Dewitt, Bob Macioce and John McNally each collected a pair of hits.

Northville Jaycees 22, J&S Steel 6: it was a costly loss for J&S Steel since a triumph would have kept it in a first-place tie with Action Dry Wall.

Leading 5-0 after two innings, J&S Steel saw the roof cave in when the Jaycees tallied six times in both the second and third frames and added insult to injury with an eight-run sixth.

Eight out of 10 batters in the Jaycees lineup had two or more hits with Mike Cameron leading the way with four. Tom Rapson had three hits and knocked in five runs, while Mark Rhodes and Ken Osborne also added three hits.

J&S Steel had six players bang two hits apiece, but it was not enough to pull out the win.

Dennis Belleperch, Fred Yankee, Gary Callender, Gary Batzloff, Ed Bolinger and John Muir were the top hitters for the losers.

Action Dry Wall's Chuck Burke sends the ball flying

South Lyon Kiwanis sponsors two fun runs

As part of the grand opening for the Witch's Hat Museum, the South Lyon Kiwanis are sponsoring a pair of "fun runs" Saturday, September 19.

The runs, five and 10 kilometers in length, are just one of the events slated for September 19 and 20 to celebrate the opening of the Witch's Hat, a 1909 railroad depot which has been converted by the city and volunteers into a museum. Proceeds from the runs will be used to further restore the Hat.

Participants in the runs will be divided by sex and eight different age groups, depending on their age the day of the runs. Trophies will be awarded to the first male and female finishers and awards will also go to the top three finishers in each sex and age group.

The age groups for the runs are as follows: Under 14 years old; 14-19; 20-29; 30-39; 40-49; 50-59; 60-69 and 70 and over.

Entry fee for the event is \$5 and includes a T-shirt. All entries must be received by September 12. Late entries will be charged \$5 but will not receive a T-shirt. Participants may register the day of the run between 8-8:45 a.m.

Those interested in participating can pick up application blanks at a number of South Lyon businesses or The South Lyon Herald office. Out-of-towners can have an application blank mailed to them by calling South Lyon Mayor Joel Allen at (313) 437-9697.

Both the five-kilometer (3.1 miles) and the 10-kilometer (6.2 miles) runs will start at 9 a.m. near South Lyon High School, located at Nine Mile and Pontiac Trail.

The course will taken runners through rural and city streets. Police and amateur radio club members will marshal the course. Split times will be available to runners and one aid station will be provided in the five-kilometer run and two will be provided in the 10-kilometer run. The South Lyon ambulance service will also be on hand.

Both runs start and end at South Lyon High School.

In addition to the runs themselves, a free pre-run clinic will be held Friday, September 18 at 7 p.m. at a location yet to be determined. At the clinic, running films will be shown and experienced runners and medical experts will be present to field questions. The clinic is open to all runners and non-runners.

Runners may pick up their run packets the day of the run between 8-8:45 a.m. In addition, lockers rooms for men and women will be available but runners should bring their own soap and towel.

For those participants of the 10-kilometer run, Mark Mitchell, a member of the Frank Shorter Racing Team, will provide some competition. A former South Lyon resident, Mitchell recently finished first in the Michigan Heart Association's 10-mile run in Detroit.

In addition to the runs, other grand opening events include a parade, a tour of the Hat, live music, folk dancing, melodramas and skits, an antique machinery display and the Kiwanis Club's famous barbecued chicken.

Sheehan's on the Green rec playoff champ

Continued from 1-D

Sheehan's also beat J&S Steel, but the contest was in the winner's bracket with the victor needing only one more triumph to win the overall title.

Sheehan's had to come from behind to pull out a 5-4 verdict.

J&S Steel tallied three times in the second inning on singles by Gary Callender and Barnes, a double by Bruce Griggs and another single by Jim Kohl.

J&S Steel added what proved to be its final run of the game in the third when John Muir scored on a fielder's choice play by Batzloff.

Sheehan's finally broke the ice in the fourth when John Folino singled and scored on Boland's sacrifice and Doyle doubled and scored on Bechtel's single.

Sheehan's tallied three times in the fifth on singles by Eis, Doyle and Boland and a double by Wright.

Leading the way for Sheehan's in the contest was Doyle with two hits, while Boland was the top rbi man with two. For J&S Steel, Barnes was three-for-three while teammate Muir added two hits.

Other victories for Sheehan's included a slim 5-4 verdict over O'Sheehan's. O'Sheehan's took home a trophy for being the National League playoff runner-up.

Both teams traded three runs in the first inning and one more in the second, but Sheehan's tallied once in the third which proved to be the winning run.

The first victory of the tournament for Sheehan's was a 7-0 verdict over Belanger's as pitcher Wright held Belanger's to only three hits.

Long Mechanical began the tournament right with two victories, downing the Northville Jaycees, 7-4, and Our Lady of Victory, 10-5, before losing its first game to J&S Steel, 8-7.

However, Long Mechanical bounced right back with victories over Baber Roofing, 9-8; O'Sheehan's, 13-12; and then turned the tables on J&S Steel in the semifinals.

J&S Steel also started the tournament with a couple of victories. Steel's first triumph came against Sheehan's Little Caesars, 7-4, and its next win was

against Long Mechanical, before losing to the champion Sheehan squad and then Long Mechanical.

Other tournament scores were Belanger's over Canterbury Cleaners, 10-9; O'Sheehan's defeating Northville Gallery of Flowers, 6-3; Our Lady of Victory downing Northville Lab, 13-3; Sheehan's Little Caesars thumping Baber, 18-8; O'Sheehan's getting past the Eagles, 6-2; and the Northville

Jaycees winning by forfeit over Northville Lab.

Also, Baber Roofing eliminated the Eagles, 8-4; Our Lady of Victory downed Canterbury, 11-6; Gallery of Flowers defeated Sheehan's Little Caesars, 7-3; Belangers outslugged the Jaycees, 12-7; Baber Roofing edged Belangers, 5-1; Our Lady of Victory downed Gallery of Flowers, 10-4; and O'Sheehan's slipped past Our Lady of Victory, 5-4.

If Your RECORD is not delivered by 6 p.m. Wednesday phone 349-3627

Mickey Newman plays with national winner

Detroit West Seven can be thankful it selected Northville's Mickey Newman to play on its team in the 13- and 14-year-old Sandy Koufax National Championship baseball tournament in Knoxville, Tennessee, two weeks ago.

That is because Newman was a major contributor in Detroit West Seven breezing through the tournament and claiming the national title at Bill Meyer Stadium, home of Toronto's minor league affiliate, the Knoxville Blue Jays.

Detroit West Seven won all five of its games in the championship drive. West Seven defeated Brooklyn, New York, 5-4; Los Angeles, California, 10-7; Puerto Rico, 8-0; Knoxville, 9-2; and Puerto Rico again, 11-2.

Newman played in each contest at either shortstop or thirdbase. His .500 batting average was the fourth best in the tournament.

Individual highlights included a single, double, one run-batted-in and he scored the winning run in the close verdict over Brooklyn. In the

semifinal game against Knoxville, Newman belted a long 330-foot homerun, drove in two runs and scored twice himself.

In all, Newman hit safely in four of the five games he played. His fielding was just as superb as he made many good plays and committed only one error for the tournament.

For his efforts, Newman received the ball he blasted for a homer, a trophy for being on the championship team, a championship plaque, a souvenir participation band and a participation certificate.

Baseball caps were traded between the Puerto Rico and Detroit West Seven teams after the game as a tribute of respect and friendship. Before the contest, Puerto Rico presented each Detroit West Seven member with a small cloth map of its country.

Newman also played with the Detroit team which won the state tournament to advance to the nationals. He hit .545 and belted one round-tripper in the state tournament.

Sayre captures junior golf title

Two Northville youths were among the top finishers at the Fifth Annual Junior Golf Invitational which took place last week Tuesday at the Meadowbrook Country Club.

Fifteen-year-old Wendy Sayre claimed the top honor in her bracket by shooting a 116 for 18-holes. Taking runner-up honors in the nine-year-old for boys was Brian D'Alexandris, who shot a 68 for nine holes.

Dan Sullivan almost made it three Northville youths, but he was defeated in playoff by two other 15-year-olds that had tied his score of 87 for 18 holes.

One other Northville youth played in the tournament, Kristin D'Alexandris, but she was not near the top two positions with her score of 99 for 18 holes.

The tournament was to have been played July 28, but a consistent rain forced the rescheduling until last week Tuesday.

Originally, 124 golfers from 20 clubs were to have participated, but tournament director Liz Smith said 94 golfers played from 18 clubs due to the rescheduling.

"Still, everything worked out well," Smith said. Other Meadowbrook golfers who fared well were Gordie Hershisier, 17, and Joe Mancinelli, 14, each of whom won their respective age divisions.

Meadowbrook's Amy DeMattia, 13, Mark Johnson, 10, and Matt Dodge, 11, were runners-up in the tournament.

Each youth played in his/her age bracket with the nine- through 12-year-olds only playing nine holes and the 13- through 17-year-olds playing 18.

Doubles tourney deadline today

Alright joggers, start getting ready for the Second Annual "Discover Northville" Rotary Run to take place 11 a.m. October 4.

The 10 and five kilometer races will begin at the Northville Downs race track.

The entry fee is \$6 on or before September 21 and \$9 the day of the race.

Trophies will be awarded to the top five finishers in each division with T-shirts given to all entrants.

Men's divisions are ages 13 and under, 14-17, 18-23, 24-29, 30-39, 40-49 and 50 and over. Women's

divisions are 17 and under, 18-23, 24-29 and 30 and over.

All proceeds from the race will be used for community and International Rotary projects.

For further information, call 348-1509 or 420-2777.

Local tennis buffs who still are scouring the area for a tournament to participate in need look no further than Northville.

The Racquet Connection and the recreation department are co-sponsoring the End Of Summer Doubles Tournament to take place at the

Fish Hatchery Park tennis courts.

The fee is \$10 per event and entry deadline is today at 6 p.m. Entry forms may be brought into the Racquet Connection, 124 North Center No phone entries will be accepted.

There will be men's doubles, women's doubles and mixed doubles divisions for all ages. There will be a 35 and over division if there is enough interest. Trophies will be awarded to the winner and runner-up in each event. Tennis balls are supplied.

First round matches may be scheduled for Friday.

For further information, call Kerry at the Racquet Connection at 348-6350.

Northville's Kevin Shrot had a successful summer playing softball this year.

Playing with the Tri-City Suns, Shrot's team took second place in the Wayne County slow-pitch softball league for special education persons.

To cap the rewarding season, Shrot was placed on the All Star team as a catcher.

Henningsen brothers travel America by bicycle

Continued from 1-D

One of the most scenic spots, according to Doug, was biking along the Lewis and Clark highway and the Lochsa River.

"The Lewis and Clark was the nicest area, but it was a narrow logging road and there were no cities along the way. You would notice signs like, 'No gas — 70 miles,'" Doug said.

While the view was good, Doug said bikers always had to be careful of the logging trucks which would travel the road periodically.

"You had to keep an eye for trucks coming by at 50 miles-an-hour. If you pulled off the road to avoid the truck, you would slide down the cliff right into the river," said Doug, noting cyclists also had to fight the wind created by the trucks passing by to stay on the road.

"The state of Idaho suggests bicyclists don't ride along the route, but it is the only paved road in the area," he added.

Another interesting spot in Idaho was Jerry Johnson's Park where there was a hot spring for people to go swimming, Doug said.

"The hot spring wouldn't be listed in

any touring books. People there get a six pack (of beer) and go to the spring for a swim. It draws a lot of people from different areas," he explained.

In his travels through Missouri, Doug said the people shunned most bicyclists from the road and the townspeople's attitude toward them was negative.

But it was just the opposite in Kansas. "That was the nicest state (people-wise). It is not really an interesting state, but the people look forward to seeing you," he said.

Kansas also was hot and windy, but that did not bother Doug.

"Kansas was hot, about 90 to 100 degrees, and the wind out of the south felt like 30 miles-an-hour," he said.

"The cold (weather) bothers me. I can't handle it. I seem to ride better in the hot than the cold," Doug added.

The hot weather, coupled with the strong wind, creates a problem cyclists need to be aware of, Doug said.

"Staying cool is a problem and you have to watch out for dehydration. Because the wind is strong, it dries your sweat and a cyclist won't realize he is losing body moisture," he explained.

Therefore, the key is to drink plenty of water while riding, Doug said, in

order to keep from getting thirsty, which is a sign of dehydration.

"Once you feel thirsty, it is too late," he said.

The remedy is to stop cycling for a while and drink plenty of water, Doug suggested.

Wyoming also was an area where a cyclist had to have plenty of water, Doug said, since the cities were far apart along the route.

"You would just have to take it easy and look for farm houses in hopes of refilling your water bottles," he said.

"I also carried water purification tablets if I found a stream to get water from," Doug added.

Two 20-ounce bottles were enough for Doug to carry, but he said some cyclists carry as many as they can get on their bike.

Benefit softball game to help MD Association

Football practice for all seventh through ninth grade players for both Meads Mill and Cooke junior high schools will begin September 10, Northville Athletic Director Ralph Redmond announced.

All boys should have had a physical prior to that date, Redmond said.

Whether you like to ride a bicycle everyday or just once in a while, the 1981 Metropolitan March of Dimes 11th Annual Superide is looking for you.

The 75-kilometer ride to benefit the March of Dimes will take place at 8 a.m. September 12 at Belle Isle and will feature the Detroit Lions' Jeff Komlo, veteran athlete Nick Feldman and many other celebrities. The event is co-sponsored by Vernor's and radio station WDRQ.

Sponsor forms and information may

"For part of Wyoming, that is not a bad idea," Doug said.

Finding city parks to camp out overnight for free was another good idea.

"Bigger cities were harder to convince to let you stay in the city park. The smaller cities...those are nice. They put in (showers) for the bicyclists at the parks. They really like to see the bicyclists come through their town," said Doug, who did stay in three motels along the way.

Now, what does a bicyclist do for breakfast, lunch and dinner?

"I ate out of a lot of grocery stores for lunch," Doug said. "I stopped at a couple of Wendy's, but mostly it was peanut butter and jelly sandwiches, cantaloupe, bananas, peaches — and raisins are big, too," he explained

A 20-mile ride was the norm for Doug before eating lunch and putting in anywhere from 100 to 130 miles a day was standard.

So the next time you see Dave or

Doug riding their bike, don't think they just went for a leisurely tour around Northville. They might just have completed another long distance trip across parts of the United States.

Golf tournament slated

Northville's Chamber of Commerce is sponsoring its first golf outing October 7 at the Fox Hills Country Club, 8768 North Terriorial.

The chamber is looking for interested golfers to play 18 holes of golf and if they wish, partake in a three meat buffet afterwards. A cash bar is available all day.

Cost is \$27.50 per person for the golf and dinner. If one wishes on-

ly to golf, the cost is \$17.50. The cost is \$12 for dinner only.

The golf participation is limited to the first 40 entrants, but dinner reservations are unlimited.

Northville merchants are donating prizes for everything from men's and women's low score to the longest drive.

For more information, call the chamber at 349-7640 between 9 a.m. and 1 p.m.

NHS athletic passes available

Northville High School and Junior High athletic teams are fast approaching the start of their respective seasons and the Northville Athletic Booster Club has announced family passes for all 1981-82 home contests are available.

For \$25, each member of a family will receive a non-transferable pass which will allow admittance to any home contest.

For further information, call Joyce

be obtained by calling the March of Dimes at 863-3000 or Northville's Town and Country Cyclery at 349-7140.

The Detroit Pistons are playing softball?

That's right. The National Basketball Association team will be battling against the squad from the Northville Michigan State Police Post Crime Lab Saturday in a softball contest benefiting the Muscular Dystrophy Association.

The game begins at 7 p.m. at Plymouth Massey Field at Haggerty and Plymouth roads.

The Detroit Pistons' Classy Chassis Cheerleaders also will be at the contest.

The cost is \$1 for adults and 50 cents for the children. Also, a drawing for prizes will be conducted for the children.

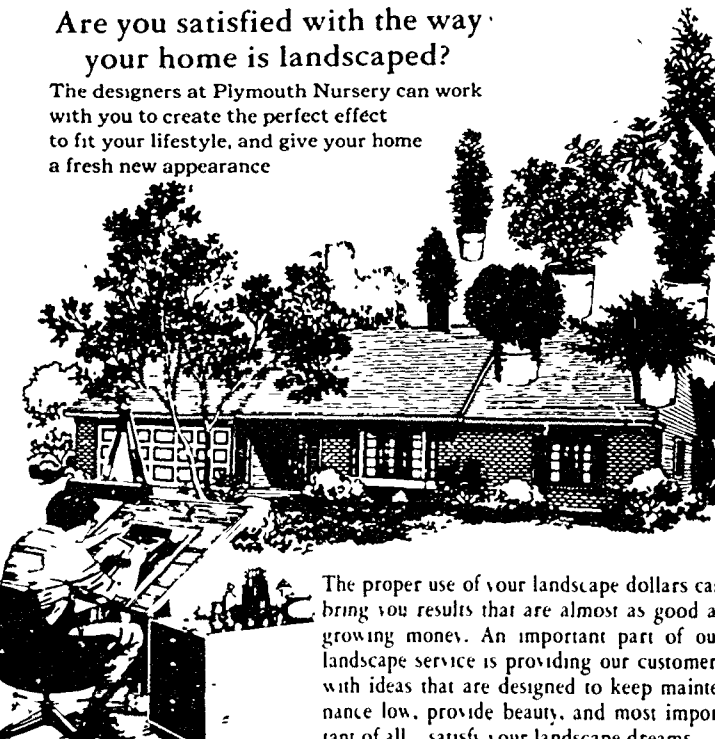

Liddle at 348-2416 or Nancy May at 349-0049.

The Booster Club also is instrumental in helping promote and maintain sports in the Northville schools. Examples of the club's work are purchases of videotapes, a color television set, new goal posts and training films for the swim team.

The club recently sent money to the Northville Athletic Department for the purchase of a new scoreboard.

Winner's Circle, Action Dry Wall win league crowns

Continued from 2-D

Sheehan's Little Caesars 10, Our Lady of Victory 9: four runs in the last two innings provided Sheehan's with a much needed victory to stay tied for fourth in the National League.

Tony Pump, Ray Janisse, Don Phillippi and Jim Barbour all slashed three hits to pace the winners' hitting attack. Bob Martin also contributed with two hits.

O.V.L., which saw a 9-6 lead evaporate in the late innings, was paced by the efforts of Dave Penrod and Ed Nazaradi, both of whom went three-for-three at the plate, while Bill Brielmaier and Randy Prokop each added a pair of hits.

Sheehan's Little Caesars 6, Urban's Partition & Remodeling 3: both teams had lots of hits, but not lots of runs. Still, it was a victory for Sheehan's Little Caesars.

Five players from Little Caesars collected two hits to account for 75 percent

of the offensive attack. Ray Janisse, Gary Courtner, Bob Kehoe, Mark Miller and John Baumann each had a pair of hits for the winners.

Larry Urban's three-for-three performance made him the top batsman for the losers, while Bob Clark added two hits and Brett Young collected a single and two rbi.

Belanger 12, First United Methodist Church 9: the win kept Belanger's at the .500 mark for the season, while First United missed a chance to tie for ninth place.

A three-run eighth inning did the trick for Belanger, which was paced by the batting of Harvey Steffte, who had four hits and two rbi.

Mike Lawerance added three hits and three rbi, while teammate Dave Dennington collected a pair of hits and drove in four runs for the winners.

Gary Beason led the First United attack with four hits, while Al Benedict banged three hits. Brian Turnbull had two hits and four rbi, while Chris Eden

and Doug Cook both added a pair of hits.

First United Methodist Church 14, L&H Players 13: Eight runs in the last two innings helped propel First United to the triumph.

Seven of the starting 10 players for First United had two hits or more with John Monagle collecting three hits to lead the team.

Gary Becker, Brian Smith, Al Burling, Gary Beason, Brian Turnbull and Keith Kreutzberg all had two hits for the winners.

Rich Giraud and Don Barrett each went four-for-four for the losers to pace their hitting attack, while Steve Harmon and Carl Harmon each added two hits. One of Steve's hits was a homer.

Our Lady of Victory 18, L&H Players 8: O.V.L. ended the regular season with a bang, while L&H Players had to fall to defeat for the second time during the week.

Bob Turon went four-for-four which included a homer and five rbi to pace

the winners. Dave Penrod added three hits, including a homer and three rbi, while teammates Randy Prokop, Greg Penrod and Gary Tuz each added three hits.

For L&H Players, Bill Abrams had three hits in three plate appearances, while Steve Harmon had three hits, including a homer and Delaine Harmon collected three hits.

AMERICAN LEAGUE

Winner's Circle Bar 12, Northville Gallery of Flowers 1: the American League champion closed out the regular season with its 16th straight triumph.

Pete Talbot was the top hitter for Winner's Circle with a homer, double and four rbi. Jim LaPlante, Keith Trumbull, Mark Lisowski and Craig Forhan each had two hits in the victory.

Gallery of Flowers had only four hits for the night with Tom McLaughlin, Dave Sherman, Bob Simmons and Pat

Duffy each slashing a single.

Sheehan's on the Green 13, Canterbury Cleaners 9: a four-run fourth inning powered Sheehan's past Canterbury and kept itself out of a tie for second place with Long Mechanical.

Mike Theisen was the main hitter for the winners with a perfect four-for-four performance and three rbi. Tim Doyle had four hits and two rbi, while Pete Wright and Andy Bechtel each contributed three hits.

For Canterbury Cleaners, Mike Lang and Russ Gans each had two hits in the losing effort.

McNeely & Lincoln 3, Recycled Raiders 1: it was a low scoring affair

with McNeely gaining the win with two runs in the third inning and jumping out of the cellar for the first time all season.

Jim Foley had three hits to pace the winners, while Reid Creagar, Dave Glowinski and Mike Dwyer each collected singles.

Steve Cauzillo led the Recycled Raiders with two hits, while teammates Mark Swayne, Bob Powell and Mark Naszradi each had one hit.

McNeely & Lincoln 12, Baber Roofing 2: this could probably be called a major upset as McNeely won only its third game of the year against the league's fourth-place team last week Tuesday.

Lisa Grunheid is all smiles after her horse, Shiaway Sour Ball, took a second-place honor at a 4-H show in Midland. Michigan Harness Horseman's Association's Don Price presents the award

Grunheid sells horse at Adrian auction Sunday

Back in the fall of 1980, Lisa Grunheid applied for and received a standardbred foal to raise before auctioning it off a year later in a project called the Michigan 4-H Standardbred Horse Production.

The year has past and Grunheid sold the colt, Shiaway Sour Ball, at an auction in Adrian Sunday for the nice sum of \$3,200. According to Lisa's mother, Mrs. Werner Grunheid, the average price of the 19 4-H horses auctioned was \$3,000 with the lowest price at \$1,110 and the highest at \$6,500.

The reason for Shiaway Sour Ball's high bidding price was because Grunheid and the colt took second place in the conformation class of the Michigan 4-H Standardbred Horse Production Project show at the Midland County Fair this month.

For raising the horse, Grunheid received a year's expenses plus one third of the selling price.

Robert Huff of Shiawassee Farm, the owner of the horse, received two thirds of the selling price.

NOTICE OF ADOPTION OF UNIFORM TRAFFIC CODE

Notice is hereby given that pursuant to the provisions of Act 62 of the Public Acts of 1956, State of Michigan, the Uniform Traffic Code for cities, townships and villages was adopted by reference by the City Council of the City of Novi, on the 17th day of August, 1981.

The purpose of such Code is to regulate the operation of vehicles, to provide for the regulation and use of streets, highways and alleys and other public and semi-public places within the City of Novi and to provide penalties for the violation of said code.

A complete copy of the Uniform Traffic Code is available at the office of the City Clerk for inspection and distribution to the public at all times.

No further or additional publication of the Uniform Traffic Code is required or contemplated.

Dated: August 17, 1981

Geraldine Stipp City Clerk

ORDINANCE NO. 81-81.03

AN ORDINANCE TO ADOPT BY REFERENCE THE UNIFORM TRAFFIC CODE FOR MICHIGAN CITIES, TOWNSHIPS AND VILLAGES AS MODIFIED TO PROVIDE FOR THE SPECIAL NEEDS OF THE CITY OF NOVI; TO PROVIDE FOR PENALTIES FOR VIOLATION THEREOF; AND TO REPEAL ORDINANCE NO. 80-81.02.

THE CITY OF NOVI ORDAINS:

Part I. That the Uniform Traffic Code for Cities, Townships and Villages promulgated by the Director of State Police and published in the 1979 edition of the Michigan Administrative Code and Amendments as published in the Quarterly Supplement No. 5 to the 1979 edition of the Michigan Administrative Code, in accordance with the Public Act 62 of the 1956, State of Michigan, is hereby adopted by reference except as to the sections set forth in Part II hereof.

Part II. That the following paragraphs and sections being Section 1.004 Bus; Section 1.007a Controlled Substance; Section 1.010 Driver, Driving; Section 1.018a Operate or Operating; Section 2.5 Impounding of Vehicles; Immobilization of Vehicles; Authority; Procedure; Public Sale; Section 2.10b Civil Infraction; Temporary Detention, Accident Citation, Citation Form and Procedure; Section 2.17a Falsification or Illegal Disposition of Citations; Penalties Section 2.17c Procedure Upon Arrest for Certain Offenses; Section 2.36 No Stopping, Standing or Parking Zones; Section 2.36a Tow-Away Zones; Section 3.2a Failure to Stop Upon Police Signal; Section 5.8a Making a False Report; Section 5.15 Driving Under the Influence of Intoxicating Liquor or a Controlled Substance; Section 5.15a Criminal Prosecutions for Driving Under the Influence of Intoxicating Liquor, Tests, Admissibility, Presumption, Liability for Withdrawing Blood, Refusal to Take Test, Other Evidence, Option to Demand Breath Test Only, Jury Instructions. Section 5.15b Impaired Driving, Violation as Misdemeanor; Section 5.15c Implied Consent; 5.15d Right to Refuse Chemical Tests; Section 5.15f Hearing, Failure to Request, Suspension or Denial of License, Permit or Operating Privilege; Section 5.15g Uniform Standards for Administration of Chemical Tests; Section 5.20 Overtaking and Passing on Right of Moving Vehicles; 5.26a Driving in Left Turn Only Lane; Section 5.31a Required Position and Method of Turning From a Roadway at Other Than an Intersection; Section 5.43 Right of Way, Vehicle Turning Left; Section 5.51 Boarding or Alighting from Vehicle, Hitching to Vehicle; Section 5.55a Throwing Objects at or into Paths of Vehicles Prohibited; Violation as Misdemeanor; Section 5.59 Interference with Driver's View or Control; Section 5.62a Penalties; Section 5.63 Possession, Display of License, Violation Punishable as Misdemeanor; Section 5.70b Proof of Insurance; Section 5.81 Windshield Obstructions, Cleaning Devices, Wipers, Additional Equipment, Violation as Civil Infraction; Section 5.101 Freeways, Entry, Use, Stopping Restricted; Section 8.10 Stopping, Standing or Parking Vehicles, Violation as Civil Infraction; Section 8.23c Unlawful Standing or Parking of Vehicles, Prima Facie Responsibility of Registered Owner, Affirmative Defense, Indemnification, Citation; Section 9.3 Penalties; Section 9.3a Default in Payment, Civil Contempt; Section 10.34 Operating Snowmobile Under the Influence of Intoxicating Liquor or Controlled Substance; Section 10.34a Authorizing Operation of Snowmobile by Person Under the Influence of Intoxicating Liquor, Controlled Substance or a Combination Prohibited; Section 10.52 Arrest Without Warrant; shall be amended and added to the Uniform Traffic Code for Cities, Townships and Villages adopted herein and shall read as follows:

Section 1.004. Bus. "Bus means a motor vehicle designed for carrying more than ten (10) passengers and used for the transportation of persons, and a motor vehicle, other than a taxicab, designed and used for the transportation of persons for compensation. But does not include a school bus, a bus equipped and used for living or camping purposes, or a motor vehicle which is in a car pool, vanpool, or a family passenger vehicle and which is designed to carry fifteen (15) persons or less.

Section 1.007a. Controlled Substance. "Controlled Substance" means a controlled substance as defined in Section 7104 of Act No. 368 of the Public Acts of 1978, as amended, being Section 333.7104 of the Michigan Compiled Laws.

Section 1.010. Driver, Driving. "Driver" means a person who drives, or is in actual physical control of, a vehicle.

"Driving" means steering or controlling a vehicle while in motion. Section 1.018a. Operate, Operating. "Operate or Operating" means being in actual physical control of a vehicle regardless of whether or not the person is licensed as an operator or chauffeur.

Section 2.5. Impounding of Vehicles; Immobilization of Vehicles; Authority; Procedure; Public Sale.

1. A police agency may immediately remove a vehicle from public property or any other place open to travel by the public and impound the vehicle in any of the following circumstances:

- When a vehicle is in such a condition that the continued operation of the vehicle upon the highway would constitute an immediate hazard to the public.
- When a vehicle is parked upon the highway in such a manner as to create an immediate public hazard or an obstruction of traffic.
- When a vehicle is left unattended on a bridge, viaduct or causeway where the vehicle constitutes an obstruction of traffic.
- When a disabled vehicle on a street constitutes an obstruction of traffic and the person in charge of the vehicle is, by reason of physical injury, incapacitated and unable to provide for the vehicle's custody or removal.
- When a vehicle is left unattended on a street and is parked in a manner which constitutes a definite hazard or obstruction to the normal movement of traffic.
- When a vehicle is found being driven on the streets or highways in an unsafe condition which endangers persons or property.
- When a vehicle is left continuously unattended on a street for more than forty-eight (48) hours may be presumed to be abandoned.
- When a driver of the vehicle is taken into custody by the police department and the vehicle would thereby be left unattended on the street.
- When removal is necessary in the interest of public safety because of fire, storm, snow, or other emergency reason.
- When a vehicle is found parked in a tow-away zone which is designated by the traffic engineer and which is properly signposted.

2. A police agency may immediately remove from and impound or immobilize a vehicle located on public property or any other place open to travel by the public whose owner has failed to answer six (6) or more parking violations notices or citations regarding illegal parking.

3. A police agency which impounds a vehicle under subsection 1. of this section shall do all of the following:

- Check to determine if the vehicle has been reported stolen.
- Within twenty four (24) hours after impounding the vehicle, enter the vehicle as impounded into the law enforcement information network.
- Within seven (7) days, excluding Saturday, Sunday and legal holidays, after impounding the vehicle, send a notice that the vehicle has been impounded to the owner and the secured party, if any, by certified mail. Each notice shall contain all of the following information:
 - The year, make and vehicle identification number of the vehicle.
 - The location from which the vehicle was taken into custody.
 - The date on which the vehicle was taken into custody.
 - The name and address of the police agency in whose custody the vehicle is being held.
 - The location where the vehicle is being held.
 - The procedure to redeem the vehicle.
 - The date by which the vehicle must be redeemed.
 - That a procedure exists to contest the impoundment of the vehicle.
- A warning that the failure to redeem the vehicle within fifteen (15) days after the date of this notice may result in the sale of the vehicle and the termination of all rights of the owner and the secured party to the vehicle or the proceeds of the sale or to both the vehicle and the proceeds.

4. If the owner does not contest the impoundment of the vehicle, he or she may obtain the release of the vehicle by paying the accrued charges to the custodian of the vehicle.

5. If the owner contests the impoundment of the vehicle, the matter shall be resolved after a hearing conducted in the district court. An owner who contests the impoundment of the vehicle may obtain release of the vehicle by posting a bond as determined by the Court.

6. After the disposition of the hearing described in subsection 5 of this section and, if a hearing is not requested, not less than fifteen (15) days nor more than one hundred eighty (180) days after the date the notice described in subsection 3(c) of this section is sent, the police agency shall offer the vehicle for sale at a public sale unless the vehicle is redeemed.

- A public sale shall be conducted in the following manner:
 - It shall be under the control of a police agency.
 - It shall be open to the public and consist of open auction bidding.
 - It shall be held not less than five (5) days after public notice of the sale has been published.
 - The public notice shall be published at least once in a newspaper having a general circulation within the county of Oakland. The public notice shall give a description of the vehicle for sale and shall state the time, date and location of the sale.
- The money received from the public sale of the vehicle shall be applied in the following order of priority:
 - Towing and storage charges.
 - Expenses incurred by the police agency.
 - Remainder to the secured party, if any. If there is not a secured party, remainder to the owner. If the remainder of the money is not claimed by the secured party or owner within thirty (30) days after the sale, it shall become the property of the City of Novi.

9. If there is no bidder on the vehicle, the police agency may do one of the following:

- Turn the vehicle over to the towing firm to satisfy charges against the vehicle.
- Obtain title to the vehicle for the City of Novi by doing both of the following:
 - Paying the towing bill and storage charges.
 - Applying for title to the vehicle.
- Hold another public sale pursuant to subsection 6 of this section.

10. Within two (2) days, excluding Saturday, Sunday and legal holidays, after the disposition of the vehicle the police agency shall do both of the following:

- Notify the Secretary of State of the disposition.
- Cancel the entry into the law enforcement information network described in subsection 3(b) of this section.

Section 2.10b. Civil Infraction; Temporary Detention; Accident Citation, Citation Form and Procedure.

1. A police officer who witnesses a person violating this Ordinance, which violation is a civil infraction, may stop the person, detain the person temporarily for purposes of making a record or vehicle check, and prepare and subscribe, as soon as possible and as completely as possible, an original and three (3) copies of a written citation, which shall be a notice to appear in court for one (1) or more civil infractions. A police officer of the City, who witnesses a person violating this Ordinance and that violation is a civil infraction, that police officer may pursue, stop and detain the person outside the City of Novi for the purpose of exercising the authority and performing the duties prescribed in this section and Section 2.10; as applicable.

2. A police officer may issue a citation to a person who is a driver of a motor vehicle involved in an accident when, based upon personal investigation, the officer has reasonable cause to believe that the person is responsible for a civil infraction in connection with the accident. A police officer may issue a citation to a person who is a driver of a motor vehicle when, based upon personal investigation by the police officer of a complaint by someone who witnessed the person violating this Ordinance, which violation is a civil infraction, the officer has reasonable cause to believe that the person is responsible for a civil infraction and if the attorney for the city approves in writing the issuance of the citation.

3. The form of a citation issued under subsection 1 or 2 shall be as prescribed in Sections 2.8 and 2.10c.

4. The officer shall inform the person of the alleged civil infraction or infractions and shall deliver the third copy of the citation to the alleged offender.

5. In a civil infraction action involving the parking or standing of a motor vehicle, a copy of the citation need not be served personally upon the defendant but may be served upon the registered owner by attaching the copy to the vehicle. The City Council may by Resolution also authorize personnel other than a police officer to issue and serve a citation for a violation of this Ordinance involving the parking or standing of a motor vehicle. In a civil infraction action involving the abandoning of a vehicle, a copy of the citation need not be served personally upon the defendant but may be served upon the registered owner by certified mail.

6. If a parking violation notice other than a citation is attached to a motor vehicle, and if an admission of responsibility is not made and the civil fine and costs, if any, prescribed by ordinance for the violation are not paid at the parking violations bureau, a citation may be filed with the court in compliance with Section 2.10d and a copy of that citation may be served by first-class mail upon the registered owner of the vehicle at the owner's last known address. A parking violation notice may be issued by a police officer, including a limited duty officer, or other personnel duly authorized by the City, to issue such a notice under this Ordinance. The citation filed with the court pursuant to this subsection need not comply in all particulars with Sections 2.8 and 2.10c but shall consist of a sworn complaint containing the allegations stated in the parking violation notice and shall fairly inform the defendant how to respond to the citation.

7. A citation used under subsection 5 or 6 for a parking, standing, or abandoning violation shall be processed in the same manner as a citation issued personally to a defendant pursuant to subsection 1 or 2.

8. As used in subsection 6:

- "Parking violation notice" means a notice, other than a citation, directing a person to appear in a parking violations bureau in the City, and to pay the fine and costs, if any, prescribed by ordinance for the parking or standing of a motor vehicle in violation of the Ordinance.
- "Parking violations bureau" means a parking violations bureau established pursuant to Section 8395 of Act No. 236 of the Public Acts of 1961, as amended, being section 600.8395 of the Michigan Compiled Laws.

Section 2.17a. Falsification or Illegal Disposition of Citations; Penalties. Whoever knowingly falsifies a citation, copies of a citation, or a record of the issuance of a citation; disposes of a citation, copy, or record in a manner other than as required in this code; attempts to falsify or dispose of a citation, copy, or record; or attempts to incite or procure another to falsify or dispose of a citation, copy, or record shall be fined not more than Five Hundred Dollars (\$500.00) or shall be imprisoned in the county jail for a term not to exceed ninety (90) days, or both.

Section 2.17c. Procedure Upon Arrest for Certain Offenses.

- A person arrested without a warrant on a charge of violating Section 5.14 of this Ordinance, shall be taken, without unreasonable delay, before a Magistrate or Probate Court having jurisdiction. If under existing circumstances it does not appear that releasing such person pending the issuance of a warrant will constitute a public menace, the arresting officer may issue a citation as is provided in Section 2.10 of this Ordinance.
- A person arrested without warrant on a charge of violating Sections 5.15 or 5.16 of this Ordinance shall be taken, without unreasonable delay, before the Magistrate of District Court having jurisdiction.
- A person arrested without a warrant on a charge of driving a motor vehicle without a valid operator's or chauffeur's license in his immediate possession as provided in Sections 5.62, 5.62a, 5.63, 5.64, 5.66 of this Ordinance, shall be taken, without unreasonable delay, before the Magistrate of District Court having jurisdiction. If the arresting officer otherwise satisfactorily determines the identity of the person and the practicability of subsequent apprehension in the event of a failure to voluntarily appear before a Magistrate of District Court as directed, the officer may release the person from custody after issuing him a citation as provided in Section 2.10 of this Ordinance.

Section 2.36. No Stopping, Standing or Parking Zones. The traffic engineer may determine and designate zones where stopping, standing or parking is prohibited due to hazardous conditions which may exist or where conditions exist which would cause undue delay in traffic. Such zones shall be designated by posting proper signs at such locations. The distance between any two (2) such signs shall be at that distance determined by the traffic engineer as an appropriate distance.

Section 2.36a Tow-Away Zones. The traffic engineer may establish tow-away zones as follows:

- At locations already designated as no stopping, standing or parking zones.
- On streets where the normal width of the roadway is reduced by a building or buildings or by a construction project.
- At or adjacent to streets and locations where safety and traffic movement is affected by occurrence of a public event.
- Such tow-away zones shall be designated by posting signs reading "Tow-away zone." Such signs shall be posted independently or as an extra panel attached below the posted signs prohibiting stopping, standing or parking at the location. The distance between any two (2) such signs shall be that distance determined by the traffic engineer as an appropriate distance.

Section 3.2a Failure to Stop Upon Police Signal.

- A driver of a motor vehicle, who is given by hand, voice,

emergency light or siren a visual or audible signal by a police officer, acting in the lawful performance of his duty, directing the driver to bring his motor vehicle to a stop, and who willfully fails to obey such direction, by increasing his speed, extinguishing his lights, or otherwise attempting to flee or elude the officer shall be punished, upon conviction, as provided in Section 9.3 of this Ordinance. The officer, giving the signal shall be in uniform; and a vehicle driven at night shall be adequately identified as an official police vehicle.

2. A driver of a motor vehicle who has been stopped by a police officer and subsequently flees or attempts to flee or elude the officer, either by motor vehicle or on foot, shall be in violation of this section.

3. A person who violates this section is guilty of a misdemeanor.

Section 5.8a Making a False Report.

1. It shall be unlawful for any person to willfully and knowingly make to any police officer a fictitious report giving false information relating to a traffic accident or violation or a city traffic or ordinance violation, knowing the same to be false.

2. A person who violates this section shall be responsible for a misdemeanor.

Section 5.15 Driving Under the Influence of Intoxicating Liquor or a Controlled Substance.

1. A person, whether licensed or not, who is under the influence of intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance, shall not operate a vehicle upon a highway or other place open to the general public, including an area designated for the parking of vehicles. A peace officer may, without a warrant, arrest a person when the peace officer has reasonable cause to believe that the person was, at the time of an accident, the driver of a vehicle involved in the accident and was operating the vehicle upon a public highway or other place open to the general public, including an area designated for the parking of vehicles, while under the influence of intoxicating liquor or a controlled substance, or a combination of an intoxicating liquor and a controlled substance. A violation of this subsection is punishable as provided in subsections 3 and 4.

2. The owner of a vehicle or a person in charge or in control of a vehicle shall not authorize or knowingly permit the vehicle to be operated upon a highway or other place open to the general public, including an area designated for the parking of motor vehicles, by a person who is under the influence of intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance. A violation of this subsection is punishable as provided in subsections 3 and 4.

3. A person who is convicted of a violation of subsection 1 or 2 is guilty of a misdemeanor, punishable by imprisonment for not more than ninety (90) days, or a fine of not less than One Hundred Dollars (\$100.00) nor more than Five Hundred Dollars (\$500.00), together with cost of prosecution, or both.

4. Upon conviction of a person under this section, the court, in addition to the penalty imposed under subsection 3 and as part of the sentence, shall order the operator's or chauffeur's license of that person to be suspended by the Secretary of State for a period of not more than two (2) years and may order the Secretary of State to issue to that person a restricted license permitting the person during all or a specified portion of the period of suspension to drive only to and from the person's residence and place of employment, in the course of employment, to and from an alcohol training program as ordered by the court, or pursuant to a combination of those restrictions. The court shall not order the Secretary of State to issue a restricted chauffeur's license which would permit a person to operate a truck or truck tractor, including trailers, which hauls a dangerous material.

5. The court, before accepting a plea of guilty under this section, shall advise the accused of the statutory consequences possible as the result of a plea of guilty in respect to suspension of an operator's or chauffeur's license, the penalty imposed for violation of this section, and the limitation on the right of appeal.

6. The operator's or chauffeur's license of a person found guilty of violating this section shall be surrendered to the court in which the person was convicted and the court shall immediately forward the surrendered license and an abstract of conviction to the Secretary of State. The abstract of conviction shall indicate the sentence imposed pursuant to subsections 3 and 4. Upon receipt of, and pursuant to the abstract of conviction, the Secretary of State shall suspend the person's license and, if ordered by the court and the person is otherwise eligible for a license, issue to the person a restricted license stating the limited driving privileges indicated on the abstract. If the license is not forwarded to the Secretary of State, an explanation of the reason why the license is absent shall be attached. If the conviction is appealed to circuit court, that court may, ex parte, order the Secretary of State to rescind the suspension or restricted license issued pursuant to this section.

Section 5.15a. Criminal Prosecutions for Driving Under the Influence of Intoxicating Liquor; Tests; Admissibility; Presumption; Liability for Withdrawing Blood; Refusal to Take Test; Other Evidence; Option to Demand Breath Test Only; Jury Instructions.

1. In a criminal prosecution for operating a vehicle while under the influence of intoxicating liquor, or for operating a vehicle while visibly impaired, the amount of alcohol in the driver's blood at the time alleged as shown by chemical analysis of the blood, urine, or breath shall be admissible into evidence. If a test is given, the results of the test shall be made available to the person charged or the person's attorney upon written request to the prosecution, with a copy of the request filed with the court. The prosecution shall furnish the report at least two (2) days before the day of the trial and the results shall be offered as evidence by the prosecution in a criminal proceeding. Failure to comply with the request shall bar the admission of the results into evidence by the prosecution. The amount of alcohol in the driver's blood at the time alleged as shown by the person's blood, urine, or breath shall give rise to the following presumptions:

- If there was at the time 0.07% or less by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was not under the influence of intoxicating liquor.
- If there was at the time in excess of 0.07% but less than 0.10% by weight of alcohol in the defendant's blood, it shall be presumed that the defendant's ability to operate a vehicle was impaired within the provisions of Section 5.15b due to the consumption of intoxicating liquor.
- If there was at the time 0.10% or more by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was under the influence of intoxicating liquor.

2. A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Only a licensed physician, or a licensed nurse or medical technician under the direction of a licensed physician and qualified to withdraw blood acting in a medical environment, at the request of a peace officer, may withdraw blood for the purpose of determining the alcoholic content of the blood under the act. Liability for a crime or civil damages predicated on the act of withdrawing blood and related procedures shall not attach to a qualified person who withdraws blood or assists in the withdrawal in accordance with the act unless the withdrawal is performed in a negligent manner.

3. A person charged with a crime enumerated in subsection 1 who takes a chemical test administered at the request of a peace officer, as provided in subsections 1 and 2, shall be informed that the person will be given a reasonable opportunity to have a person of his or her own choosing administer one (1) of the chemical tests, as provided in this section, within a reasonable time after his or her detention, and the results of the test shall be admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant. A person charged with a crime enumerated in subsection 1 who is requested by a peace officer to take a chemical test as provided in subsection 1 and 2 shall be informed that he or she has the right to demand that one (1) of the tests provided for in subsection 1 shall be given him or her, and the results of the test shall be admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant.

4. The person charged shall be advised that the person's refusal to take a test as provided in this section shall result in the suspension or revocation of his or her operator's or chauffeur's license or his or her operating privilege.

5. This section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was under the influence of intoxicating liquor.

6. Notwithstanding any other provision of this section, a person requested to take this test shall be advised that he or she has the option to demand that only a breath test shall be given, in which case his or her refusal to submit to another test shall not constitute a refusal for the purpose of Sections 5.15c and 5.15d.

7. If a jury instruction regarding a defendant's refusal to submit to a chemical test under this section is requested by the prosecution or the defendant, the jury instruction shall be given as follows:

"Evidence was admitted in this case which, if believed by the jury, could prove that the defendant had exercised his or her right to refuse a chemical test. You are instructed that such a refusal is within the statutory rights of the defendant and is not evidence of his guilt. You are not to consider such a refusal in determining the guilt or innocence of the defendant."

Section 5.15b. Impaired Driving; Violation as Misdemeanor.

1. A person shall not operate a vehicle upon a highway or other place open to the general public, including an area designated for the parking of vehicles when, due to the consumption of an intoxicating liquor, a controlled substance, or a combination of an intoxicating il-

Continued on 7-D

Continued from 6-D

quor and a controlled substance, the person has visibly impaired his or her ability to operate the vehicle. If a person is charged with violating Section 5.15, a finding of guilty is permissible under this section.

2. A person convicted of a violation of this section is guilty of a misdemeanor, punishable by imprisonment for not more than ninety (90) days, or a fine of not more than Three Hundred Dollars (\$300.00), together with cost of prosecution, or both, in the discretion of the court.

Section 5.15c. Implied Consent.

1. A person who operates a vehicle upon a public highway or other place open to the general public, including an area designated for the parking of vehicles, is considered to have given consent to chemical tests of his or her blood, or urine for the purpose of determining the alcoholic content of his or her blood if the person is arrested for a violation of Section 5.15 or 5.15b.

2. A person who is afflicted with hemophilia, diabetes, or a condition requiring the use of an anticoagulant under the direction of a physician shall not be considered to have given consent to the withdrawal of blood.

3. The tests shall be administered at the request of a peace officer having reasonable grounds to believe that person was operating a vehicle upon a public highway or other place open to the general public, including an area designated for the parking of vehicles, while in violation of Section 5.15 or 5.15b.

4. If after a highway accident the driver of a vehicle involved in the accident is deceased, a sample of the decedent's blood shall be withdrawn in a manner directed by the medical examiner for the purpose of determining blood alcohol content. The results of an examination of the blood of a deceased driver shall be used for statistical purposes only.

Section 5.15d. Right to Refuse Chemical Tests.

A person who is requested pursuant to Section 5.15c to take a chemical test shall be advised of the right to refuse to submit to chemical tests; and if the person refuses the request of a peace officer to submit to chemical tests, a test shall not be given without a court order. A sworn report shall be forwarded to the department by the peace officer. The report shall state that the officer had reasonable grounds to believe that the person had been operating a vehicle on a public highway or other place open to the general public, including an area designated for the parking of vehicles, while under the influence of intoxicating liquor or that the person had been operating a vehicle while his or her ability to operate a vehicle had been impaired due to the consumption of intoxicating liquor and that the person had refused to submit to the test upon the request of the peace officer and had been advised of the consequences of the refusal. The form of the report shall be prescribed and furnished by the Secretary of State.

Section 5.15f. Hearing; Failure to Request; Suspension or Denial of License, Permit, or Operative Privilege.

1. If the person who refuses to submit to a chemical test pursuant to Section 5.15d does not request a hearing within fourteen (14) days of the date of notice pursuant to Section 5.15e, the Secretary of State shall suspend the person's operator's or chauffeur's license or permit to drive, or nonresident operating privilege, for a period of not less than ninety (90) days or more than two (2) years. If the person is a resident without a license or permit to operate a vehicle in the state, the Secretary shall deny to the person the issuance of a license or permit for a period of not less than ninety (90) days nor more than two (2) years.

2. If a hearing is requested, the Secretary of State shall hold the hearing in the same manner and under the same conditions as provided in Section 322 of the Act. At least ten (10) days notice of the hearing shall be mailed to the person requesting the hearing, to the peace officer who filed the sworn report, and if the City attorney requests receipt of the notice, to the City attorney. The hearing officer shall be authorized to administer oaths, issue subpoenas for the attendance of necessary witnesses, and may grant a reasonable request for an adjournment. The hearing shall cover only the following issues:

- Whether the peace officer had reasonable grounds to believe that the person had been operating a vehicle upon a highway or other place open to the general public, including an area designated for the parking of vehicles, in the state while in violation of Section 5.15 or 5.15b.
- Whether the person was placed under arrest for a crime enumerated in Section 5.15 of this Ordinance.
- Whether the person reasonably refused to submit to the test upon the request of the officer.
- Whether the person was advised of the right under Sections 5.15a, 5.15c and 5.15d of this Ordinance.

3. After the hearing, the Secretary may suspend or deny issuance of a license or driving permit or a nonresident operating privilege of the person involved for a period of not less than ninety (90) days nor more than two (2) years. If the person involved is a resident without a license or permit to operate a vehicle in the state, the Secretary may deny to the person the issuance of a license or permit for a period of not less than ninety (90) days nor more than two (2) years. The person involved may file a petition in the circuit court of the county in which the arrest was made to review the suspension or denial in the same manner and under the same conditions as provided in Section 323 of the Act. All hearings in circuit court shall be de novo and shall be limited to the issues enumerated in subsection 2.

4. When it has been finally determined that a nonresident's privilege to operate a vehicle in the state has been suspended or denied, the department shall give notice in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of each state in which he or she has a license to operate a motor vehicle.

Section 5.15g. Uniform Standards for the Administration of Chemical Tests. The department of state police may promulgate uniform rules for the administration of chemical tests for the purpose of the Act.

Section 5.20. Overtaking and Passing on Right of Moving Vehicles.

1. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

- When the vehicle overtaken is making or about to make a left turn.
- Upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two (2) or more lines of moving vehicles in each direction and when such vehicles are moving in substantially continuous lanes of traffic.
- Upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free from obstructions and of sufficient width for two (2) or more lines of moving vehicles and when such vehicles are moving in substantially continuous lanes of traffic.
- The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway for the purpose of passing or driving.

2. A person who violates this Section is responsible for a civil infraction.

Section 5.26a. Driving in a Left Turn Only Lane.

1. On streets where a center lane is clearly indicated by signs as being reserved for the exclusive use of vehicles desiring to turn left, it shall be unlawful to make such a left turn movement from any other lane and it shall further be unlawful for any vehicle to enter such lane except to make such a left turn movement and then only within the block immediately preceding the intersection at which the turn is made; provided that this section shall not prohibit a left turn movement from this lane into a driveway, when such turn can be made in safety and without interfering with vehicles lawfully in such lane to make an intersection turn. Provided further that such vehicles shall enter the left turn lane only in the block within which the left turn is to be made.

2. A person who violates this Section shall be responsible for a civil infraction.

Section 5.31a. Required Position and Method of Turning from a Roadway at Other Than an Intersection.

1. Turns from a roadway at other than an intersection, where lawful, shall be made in the same manner and from the same lane as specified in Section 5.31 for turns at an intersection.

2. A person who violates this Section shall be responsible for a civil infraction.

Section 5.43. Right-of-Way, Vehicle Turning Left.

1. The driver of a vehicle intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is so close as to constitute an immediate hazard, but said driver, having so yielded and having given a signal when and as required by this Ordinance, may make such a left turn and the drivers of all other vehicles approaching from the opposite direction shall yield the right-of-way to the vehicle making the left turn; provided, that at an intersection at which a traffic signal is located a driver intending to make a left turn shall permit vehicles bound straight through in the opposite direction which are waiting a go signal to pass through the intersection before making the turn.

Section 5.51. Boarding or Alighting from Vehicles; Hitching to Vehicles.

1. No person shall board or alight from any vehicle when such vehicle is in motion. No person shall climb onto or hitch on any moving vehicle with or without operator's consent and no operator shall knowingly permit such action.

2. Any person who violates this Section is responsible for a civil infraction.

Section 5.55a. Throwing Objects at or Into Paths of Vehicles Pro-

hibited; Violation as Misdemeanor.

1. A person shall not knowingly cause any litter or any object to fall or to be thrown into the path of or to hit a vehicle traveling on a street.

2. The violation of this section is punishable by a fine of not more than Five Hundred Dollars (\$500.00) together with cost of prosecution or not more than ninety (90) days in county jail, or both. A person who violates this section is guilty of a misdemeanor.

Section 5.59. Interference with Driver's View or Control.

1. No person shall drive a vehicle when it is so loaded, or when there are in the front seat such number of persons as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle.

a) No person shall ride in or operate any motor vehicle unless all portions of such person's body are entirely within that portion of the vehicle designed for the carrying of passengers or merchandise or as otherwise permitted by this Ordinance; providing however, that this section does not apply to any person whose employment makes it necessary to ride otherwise.

b) It shall be unlawful for the operator of a motor vehicle to allow any person to ride in the said motor vehicle unless all portions of such person's body are entirely within that portion of the vehicle designed for the carrying of passengers or merchandise; provided, however, that this section does not apply to the operator of a motor vehicle whose business makes it necessary to ride otherwise.

2. A person who violates this section is responsible for a civil infraction.

Section 5.62a. Penalties.

1. A person whose operator's or chauffeur's license or registration certificate has been suspended or revoked and who has been notified, as provided in Section 212 of the Act, of the suspension or revocation or whose application for license has been denied, as provided in the Act, or who has never applied for a license and who drives a motor vehicle on the highways of this state or who knowingly permits a motor vehicle owned by the person to be operated by another on a highway, except as permitted under the Act, while the license or registration certificate is suspended or revoked is guilty of a misdemeanor and, upon conviction, shall, except as provided in subsection 2 of this section, be punished by imprisonment for a period of not less than three (3), but not more than ninety (90) days and, in addition, a fine of not more than One Hundred Dollars (\$100.00) together with cost of prosecution, may be imposed. Unless the vehicle was stolen or used with the permission of a person who did not knowingly permit an unlicensed driver to operate the vehicle, the registration plates of the vehicle shall be confiscated.

2. A person whose operator's or chauffeur's license has been suspended under Section 321A of the Act because the person failed to answer a citation and who drives a motor vehicle on a highway may be punished by imprisonment for not more than ninety (90) days or a fine of not more than One Hundred Dollars (\$100.00), or both.

3. A person who is convicted of a second or subsequent violation of this section is guilty of a misdemeanor and upon conviction shall be punished by imprisonment for not less than five (5) days, but not more than ninety (90) days and, in addition, a fine of not more than Five Hundred Dollars (\$500.00) together with cost of prosecution may be imposed. Unless the vehicle was stolen, the registration plates of the vehicle shall be confiscated.

4. The department, upon receiving a record of the conviction of a person upon a charge of unlawful operation of a motor vehicle while the license of the person is suspended, revoked, or denied, or of the conviction of a person for violation of the motor vehicle laws of this state while the license of the person is suspended, revoked, or denied, shall immediately extend the period of the first suspension or revocation for an additional like period or, if a period has not been determined, then for not less than (30) days, but not more than one (1) year.

5. Before the plea of the person is accepted under this Section, the arresting officer shall check with the department to determine the record and status of the person according to the department files and shall so inform the court.

Section 5.63. Possession, Display of License, Violation Punishable as Misdemeanor.

1. Every driver shall have his operator's or chauffeur's license in his immediate possession at all times when driving a motor vehicle, and shall present the same upon request of any police officer for the officer's inspection.

Section 5.70b. Proof of Insurance.

1. The owner of a motor vehicle who operates or permits the operation of a motor vehicle upon the highways or the operator of the motor vehicle shall produce, pursuant to subsection 2, upon the request of a police officer, evidence that the motor vehicle is insured under chapter 31 of Act No. 218 of the Public Acts of 1956, as amended, being Sections 500.3101 to 500.3179 of the Michigan Compiled Laws. An owner or operator of a motor vehicle who fails to produce evidence under this subsection when requested to produce that evidence is responsible for a civil infraction.

2. A certificate of insurance, if issued by an insurance company, which certificate states that security which meets the requirements of Section 3101 and 3102 of Act No. 218 of the Public Acts of 1956, as amended, being Sections 500.3101 and 500.3102 of the Michigan Compiled Laws, is in force shall be accepted as prima facie evidence that insurance is in force for the motor vehicle described in the certificate of insurance until the expiration date shown on the certificate. The certificate, in addition to describing the motor vehicle for which insurance is in effect, shall state the name and each person named on the policy, policy declaration, or a declaration certificate whose operation of a vehicle would cause the liability coverage of that insurance to become void.

3. If an owner of a motor vehicle is determined to be responsible for a violation of subsection 1, the court in which the civil infraction determination is entered may require the person to surrender his or her operator's or chauffeur's license unless proof that the vehicle has insurance meeting the requirements of Section 3101 of Act No. 218 of the Public Acts of 1956, as amended, is submitted to the court. If the court requires the license to be surrendered, the court shall order the Secretary of State to suspend the person's license and shall forward the surrendered license and a certificate of civil infraction to the Secretary of State. If a license is not forwarded, an explanation of the reason why it is not forwarded shall be attached.

4. This section does not apply to the owner or operator of a motor vehicle that is registered in a state other than this state or a foreign country or province.

Section 5.81. Windshield; Obstructions; Cleaning Devices; Wipers; Additional Equipment; Violation as Civil Infraction.

1. A person shall not drive a motor vehicle with a sign, poster, or other nontransparent material on the front windshield, side windows, or side or rear windows of the vehicle which obstructs the driver's clear view of the highway or an intersecting highway. A person shall not drive a motor vehicle with a dangling ornament or other suspended object, which in any way obstructs the vision of the driver of the vehicle, except as authorized by law.

2. The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow, or other moisture from the windshield. The device shall be constructed so as to be controlled or operated by the driver of the vehicle. A vehicle that is licensed as an historical vehicle is exempt from this subsection if the vehicle was not originally equipped with such a device.

3. Every windshield on a motor vehicle shall be maintained in good working order.

4. A licensed commercial vehicle shall not be operated on the highways at any time between December 15 and March 15, both dates inclusive, unless the vehicle is equipped with a hot air windshield defroster, an electrically heated windshield, or other means capable of keeping the windshield heated and maintained in operable condition at all times.

5. A licensed motor vehicle that is manufactured after January 1, 1956, shall not be operated on the highways unless it is equipped a windshield washer which is maintained in operable condition at all times and which is capable of cleaning the windshield so that the driver has a clear view of the highway or an intersecting highway.

6. A person shall not drive a motor vehicle with either of the following:

- A window application, reflective film, or non-reflective film upon or in the front windshield, the side windows immediately adjacent to the driver or front passenger, or the side windows adjacent to and forward of the driver or front passenger, except that a tinted film may be used along the top edge of the windshield and the side windows or side windows immediately adjacent to the driver or front passenger if the material does not extend more than four (4) inches from the top of the windshield, or lower than the shade band, whichever is closer to the top of the windshield.
- A rear window or side window to the rear of the driver composed of, covered by, or treated with, a material that creates a total solar reflectance of thirty five (35%) percent or more in the visible light range, including a silver or gold reflective film.

7. A person shall not drive a motor vehicle if driver visibility through the rear window is obstructed, unless the vehicle is equipped with two (2) rearview mirrors, one on each side, adjusted so that the operator has a clear view of the highway behind the vehicle.

8. A person shall not drive any motor vehicle without first, removing snow, ice or frost from the front windshield, side windows and rear windows of such vehicle.

9. This section shall not apply to any of the following:

- The use of draperies, louvers, or other special window treatments, except those specifically designated in this section, on the rear window or side window to the rear of the driver if the vehicle is equipped with two (2) outside rearview mirrors; one on

each side, adjusted so that the driver has a clear view of the highway behind the vehicle.

b) The use of nonreflective, smoked or tinted glass, nonreflective film, perforated window screen, or other decorative window application on the rear window or side window to the rear of the driver.

c) The placement of a necessary certificate or sticker that does not obstruct the driver's clear view of the roadway or an intersecting roadway.

d) A vehicle registered in another state, territory, commonwealth of the United States, or another country or province.

e) A special window treatment or application determined necessary by a physician, for the protection of a person who is not light or photosensitive, if the owner or operator of the motor vehicle has in possession a letter signed by a physician, indicating the need for the special window treatment. However, the special window treatment or application shall not interfere with or obstruct the driver's clear vision of the highway or an intersecting highway.

10. A person who violates this section is responsible for a civil infraction.

Section 5.101. Freeways, Entry, Use, Stopping Restricted.

1. No person shall stop a vehicle on the paved road of an expressway or on the paved portions of any ramp connecting such expressway to any other street or highway, for the purpose of boarding or discharging passengers or pedestrians.

2. A person who violates this section shall be responsible for a civil infraction.

Section 8.10. Stopping, Standing or Parking Vehicles; Violation as Civil Infraction.

1. A person shall not stop, stand or park a vehicle in any of the following places, except when necessary to avoid conflict with other traffic or to comply with the law or the directions of a police officer or traffic control device:

- On a sidewalk.
- In front of a public or private driveway.
- Within an intersection.
- Within fifteen (15) feet of a fire hydrant.
- On a crosswalk.
- Within twenty (20) feet of a crosswalk, or if there is not a crosswalk, then within fifteen (15) feet of the intersection of property lines at an intersection of highways.
- Within thirty (30) feet of the approach to a flashing beacon, stop sign, or traffic control signal located at the side of a highway.
- Between a safety zone and the adjacent curb or within thirty (30) feet of a point on the curb immediately opposite the end of a safety zone, unless a different length is indicated by an official sign or marking.
- Within fifty (50) feet of the nearest rail of a railroad crossing.
- Within twenty (20) feet of the driveway entrance to a fire station and on the side of a street opposite the entrance to a fire station within seventy five (75) feet of the entrance if properly marked by an official sign.
- Alongside or opposite a street excavation or obstruction, if the stopping, standing or parking would obstruct traffic.
- On the roadway side of a vehicle stopped or parked at the edge or curb of a street.
- Upon a bridge or other elevated highway.
- At a place where an official sign prohibits stopping or parking.
- Within five hundred (500) feet of an accident at which a police officer is in attendance, if the scene of the accident is outside of a city or village.
- In front of a theater.
- In a place or in a manner which blocks immediate egress from an emergency exit conspicuously marked as an emergency exit of a building.
- In a place or in a manner which blocks or hampers the immediate use of an immediate egress from a fire escape conspicuously marked as a fire escape providing an emergency means of egress from a building.
- In a parking space clearly identified by an official sign as being reserved for use by handicappers which is on public property or private property available for public use, unless the person is a handicapper as described in Section 1.012b or unless the person is parking the vehicle for the benefit of a handicapper. A certificate of identification issued under Section 675(5) of the Act to a handicapper shall be displayed on the lower left corner of the front windshield or a special registration plate issued under Section 803d of the Act to a handicapper shall be displayed on the vehicle.
- Within five hundred (500) feet of a fire at which fire apparatus is in attendance, if the scene of the fire is outside a city or village. However, volunteer fire fighters responding to the fire may park within five hundred (500) feet of the fire in a manner not to interfere with the fire apparatus at the scene. A vehicle parked legally previous to the fire is exempt from this subdivision.
- In violation of an official sign restricting the period of time for or manner of parking.
- In a space controlled or regulated by a meter on a public highway or in a publicly owned parking area or structure, if the allowable time for parking indicated on the meter has expired.
- On a street or highway in such a way as to obstruct the delivery of mail to a rural mailbox by a carrier of the United States postal service.

2. A person who violates this Section is responsible for a civil infraction.

Section 8.23c. Unlawful Standing or Parking of Vehicles, Prima Facie Responsibility or Registered Owner; Affirmative Defense; Indemnification; Citation.

1. If a vehicle is stopped, standing, or parked in violation of sections of this Ordinance or other ordinance, prohibiting or restricting the stopping, standing, or parking of a vehicle and the violation is a civil infraction, the person in whose name that vehicle is registered in this state or another state at the time of the violation is prima facie responsible for the violation and subject to Section 9.3 Penalties.

2. The owner of a vehicle cited for a stopping, standing or parking violation pursuant to subsection 1 may assert as an affirmative defense that the vehicle in question, at the time of the violation, was in the possession of a person whom the owner had not knowingly permitted to operate the vehicle.

3. The registered owner of a vehicle who is found to be responsible for a civil infraction as the result of subsection 1 has the right to recover in a civil action against the person who parked, stopped, or left standing the vehicle in question damages in the amount of any civil fine or costs, or both, imposed pursuant to Section 9.3. The registered owner of a vehicle may provide in a written agreement that the person who parked, stopped or left standing the vehicle in violation of this Ordinance, when the violation is a civil infraction, shall indemnify the registered owner for any civil fine and costs imposed upon the registered owner for that civil infraction.

4. A police officer who issues a citation for a vehicle that is stopped, standing or parked in violation of this Ordinance prohibiting or restricting the stopping, standing, or parking of a vehicle may issue the citation for the violation to the operator of the vehicle if the operator is present at the time of the violation.

Section 9.3. Penalties. 1. Pursuant to Act No. 300, of the Public Acts of 1949; as amended, if a person is determined to be responsible or responsible "with explanation" for a civil infraction under this Ordinance, the judge or district court magistrate may order the person to pay a civil fine of not more than One Hundred Dollars (\$100.00) and costs as provided in subsection 2. Permission may be granted for payment of a civil fine and costs to be made within a specified period of time or in specified installments, but in the absence of permission being included in the order or judgment, the civil fine and costs shall be payable immediately.

2. If a civil fine is ordered to be paid under subsection 1, the judge or magistrate shall summarily tax and determine the costs of this action, which shall not be limited to the costs taxable in ordinary civil actions, and may include all expenses, direct and indirect, to which the plaintiff has been put in connection with the civil infraction, up to the entry of judgment. Except in civil infraction for a parking violation, costs of not less than Fifty Dollars (\$50.00) shall be ordered. Costs shall not be ordered in excess of One Hundred Dollars (\$100.00). Except as otherwise provided by law, costs shall be payable to the general fund of the City of Novi.

3. In addition to a civil fine and costs ordered under subsection 1, the judge or magistrate may order the person to attend and complete a program of treatment, education, or rehabilitation.

4. A district court or magistrate shall impose the sanctions permitted under subsections 1 and 3 only to the extent expressly authorized respectively by the chief judge, presiding judge, or only judge of the district court district.

5. The district court may establish a schedule of civil fines and costs to be imposed for civil infractions which occur within the city. If a schedule is established, it shall be prominently posted and readily available for public inspection. A schedule need not include all violations which are designed by law or ordinance as civil infractions. A schedule may exclude cases on the basis of a defendant's prior record of civil infractions or traffic offenses or a combination of civil infractions and traffic offenses.

6. If a person has received a civil infraction citation for defective safety equipment on a vehicle pursuant to Section 2.4, the court shall waive a civil fine and costs, upon receipt of certification by a law enforcement agency that repair of the defective equipment was made before the appearance date on the citation.

7. If a person has received a civil infraction citation pursuant to

Continued on 8-D

Continued from 7-D

Section 5.70b for failure to produce evidence that a motor vehicle is insured under chapter 31 of Act No. 218 of the Public Acts of 1956, as amended, the court shall waive a civil fine and costs upon receipt of certification by a law enforcement agency that the defendant, before the appearance date on the citation, has produced evidence that the vehicle was insured on the date of issuance of the citation as required.

8. A default in the payment of a civil fine or costs ordered under subsection 1 or an installment of the fine or costs may be collected by a means authorized for the enforcement of a judgment under chapter 40 of Act No. 236 of the Public Acts of 1961, as amended, being Sections 600.4001 to 600.4065 of the Michigan Compiled Laws, or under chapter 60 of Act No. 263 of the Public Acts of 1961, as amended, being Sections 600.6001 to 600.6097 of the Michigan Compiled Laws.

9. If a person fails to comply with an order or judgment issued pursuant to this section, within the time prescribed by the court, the driver's license of that person shall be suspended pursuant to Section 2.10h until full compliance with that order or judgment occurs. In addition to this subsection, the court may also proceed under Section 9.3a.

10. Every person convicted of a violation of any provision of this Ordinance not constituting a civil infraction shall be punished, unless otherwise provided, by a fine of not more than Five Hundred Dollars (\$500.00) together with cost of prosecution or by imprisonment for not more than ninety (90) days, or both in the discretion of the court.

Section 9.3a. Default in Payment; Civil Contempt.

1. If a defendant defaults in the payment of a civil fine, costs, or both, or of any installment, as ordered pursuant to Section 9.3(1), the court, upon the motion of the plaintiff or upon its own motion, may require the defendant to show cause why the default should not be treated as in civil contempt and may issue a summons or order to show cause or a bench warrant of arrest for the defendant's appearance.

2. When a corporation or an association is ordered to pay a civil fine or costs, the persons authorized to make disbursement shall pay the fine or costs, and their failure to do so shall be civil contempt unless they make the showing required in this section.

3. Unless the defendant shows that the default was not attributable to an intentional refusal to obey the order of the court or to a failure on his or her part to make a good faith effort to obtain the funds required for payment, the court shall find that the default constitutes a civil contempt and may order the defendant committed until the civil fine, costs, or both or a specified part thereof, is paid.

4. If it appears that the default in the payment of a civil fine or costs does not constitute civil contempt, the court may enter an order allowing the defendant additional time for payment, reducing the amount of payment or each installment, or revoking the fine or costs or the unpaid portion thereof in whole or in part.

5. The term of imprisonment on civil contempt for nonpayment of a civil fine or costs shall be specified in the order of commitment, and shall not exceed one day for each Ten Dollars (\$10.00) of the fine and costs. A person committed for nonpayment of a civil fine or costs shall be given credit toward payment for each day of imprisonment and each day of detention in default or recognition before judgment at the rate of Ten Dollars (\$10.00) per day.

6. A defendant committed to imprisonment for civil contempt for nonpayment of a civil fine or costs shall not be discharged from custody until one of the following occurs:

a) The defendant has been credited with the amount due pursuant to subsection 5.

b) The amount due has actually been collected through execution of process or otherwise.

c) The amount due has been satisfied pursuant to a combination of subdivisions a and b.

7. The civil contempt shall be purged upon discharge of the defendant pursuant to subsection 6.

Section 10.34. Operating Snowmobile Under Influence of Intoxicating Liquor or a Controlled Substance. A person shall not operate a snowmobile on public property or private property open to the public while under the influence of intoxicating liquor; a controlled substance; or a combination of intoxicating liquor and a controlled substance.

Section 10.34a. Authorizing Operation of Snowmobile by Person Under Influence of Intoxicating Liquor, Controlled Substance or a

Combination Prohibited. The owner or person in charge or in control of a snowmobile shall not authorize or knowingly permit the snowmobile to be driven or operated by a person who is under the influence of intoxicating liquor; a controlled substance; or a combination of intoxicating liquor and a controlled substance.

Section 10.52. Arrest Without Warrant. If a peace officer has reasonable cause to believe that a person was, at the time of an accident, the driver of a snowmobile involved in the accident and was driving the snowmobile while under the influence of intoxicating liquor; controlled substance; or a combination of intoxicating liquor and a controlled substance; the peace officer may arrest the alleged driver of the snowmobile without a warrant.

Part III. Savings Clause. It is the legislative intent that all provisions and sections, clauses and sentences of the Ordinance be liberally construed, and should any provision, section, clause or sentence be held unconstitutional or invalid, such holding shall not be construed as affecting the validity of any of the remaining

provisions, sections, clauses or sentences, it being the intent that this Ordinance shall stand notwithstanding the validity of any provision, section, clause or sentence.

Part IV. Reference in Code. References in the Uniform Traffic Code for Michigan Cities, Townships, and Villages to "governmental unit" shall mean the City of Novi.

Part V. Repeal and Savings Clause. Ordinance No. 80-81.02 entitled, An Ordinance To Adopt By Reference The Uniform Traffic Code For Michigan Cities, Townships And Villages As Modified To Provide For The Special Needs Of The City Of Novi, is hereby repealed in its entirety.

All proceedings pending or incurred under Ordinance No. 80-81.02 at the time this Ordinance takes effect are saved and may be consummated according to the law in force when they are commenced. This Ordinance shall not be construed to affect any prosecution, pending or begun, at the effective date of this Ordinance.

Part VI. Effective Date. Notice to be Published. This Ordinance is hereby declared

to be an emergency ordinance, which is immediately necessary for the preservation of the public peace, health and safety, and shall become effective immediately. It shall be published by publication of a Notice of Adoption of Uniform Traffic Code, as well as, publication of this entire Ordinance in a newspaper circulated in the City. A copy of this ordinance shall be available for public inspection and distribution to the public at the office of the City Clerk.

MADE, PASSED AND ADOPTED BY THE NOVI CITY COUNCIL THIS 17th DAY OF AUGUST, 1981.

Patricia A. Karevich, Mayor Pro Tem
Geraldine Stipp, City Clerk

CERTIFICATE OF ADOPTION

I hereby certify that the foregoing is a true copy of the Ordinance passed at the regular meeting of the City Council held on the 17th day of August, 1981.

Geraldine Stipp, City Clerk
