TWENTY-FIVE CENTS

Setting up shop

Northville teachers preparing for yesterday's school opening found their jobs a little easier — thanks to the assistance of some industrious pupils. At Silver Springs, teacher Mary Rochon got a helping hand from the Rossing brothers — Matt, Eric and David. The little Rossings — all students at Silver Spr-

ings — got an early start on practicing the alphabet by posting letters on the wall. By yesterday morning, teachers, students and staff all were settled in classrooms for the start of a new school year. Record photo by John Galloway.

Dome plan raises township debate

By KEVIN WILSON

Debate is rising in Northville Township about whether or not to allow Oasis Golf Center to erect an air-supported structure to cover a portion of the facility for winter use.

While Oasis operators must seek township approval because the \$500,000 dome facility would rise to a maximum 75 feet, they are also ensnared in a debate over which arm of the government is authorized to approve or reject such a facility.

Thus far, the zoning board of appeals has been handling the case because an exception from the normal height restriction of two and one-half stories will be needed if Oasis is to go forward with the project. The ZBA deadlocked 2-2 at an August 30 meeting, eventually deciding to postpone a decision until at least September 13, when all five members of the board are likely to be present.

Reports of that action carried to the following night's meeting of the township planning commission brought a concerned reaction from that body, which may never get to review the plan. Building inspector Troy Milligan told

the commission he and the ZBA have the authority to allow the dome without planning commission review because it qualifies as a "temporary structure."

Potential investors told the ZBA plans are to erect the one-acre structure November 1 and take it down May 1 each year.

Disbelieving commissioners have asked township attorneys for an opinion regarding jurisdiction. Chairman Ken McLarty was visibly angered, stating that any structure that requires a \$60,000 investment in foundations, remains in place six months of the year, is an acre in size and 75-feet tall should not qualify as "temporary."

And the involvement of government doesn't end there. Proponents contend the air-supported shelter would be a boon to the local recreation program, since investors have said they would make it available after regular business hours.

So the proposal and potential uses of the structure are an informational topic for tonight's meeting of the Northville Community Recreation Commission.

Last week's ZBA meeting also

Council to hold hearing on industrial district

A public hearing on setting up an industrial development district in the city will be on the agenda of the next city council meeting at 8 p.m. Monday, but it is unlikely there will be any consideration of selecting a new city attorney until the following week, according to City Manager Steven Walters.

The hearing has been set to facilitate expansion of Belanger, Incorporated, at its present Cady Street facilities. With the establishment of the industrial development district, Walters explained at the August 23 council session when the hearing was set, the firm can then apply for a tax exemption certificate for the new building. It makes polishing and buffing wheels.

Further budget adjustments and city computer proposals also will be on the agenda.

Walters said he did not expect that the proposals for city attorney services would be up for consideration before the September 20 meeting.

Because of the Labor Day holiday postponement, the city council sessions in September are being held on two consecutive Mondays.

Mayor Paul Vernon and council member J. Burton DeRusha have been reviewing applications from legal firms and indicated at the August council

meeting there still were four they wished to consider before cutting off applications. They are to report their findings to the full council which then is expected to make final consideration.

Walters said he understood from DeRusha last week that he and Vernon had not completed their reviews of the last four firms.

The Belanger expansion is to be a 40 by 100-foot building west of the present facility. The company already has appeared before the board of appeals to ask for a setback variance and before the Northville Historic District Commission which approves downtown changes. Both gave approval.

In explaining the request for the industrial development district, Walters said the land would not be subject to the tax exemption under Act 198, Public Acts of 1974, but the building and equipment could be exempted from 50 percent of normal taxes for up to 12 years.

The expansion plans of the firm, which will employ initially four or five additional people, were lauded by the city as a "positive development in difficult economic times."

At the August 23 meeting, the council received an updated report from Walters concerning the need for a city

School district target of discrimination ruling

By MICHELE McELMURRY

The Michigan Court of Appeals has ruled that the Northville Public Schools unlawfully practiced sex discrimination when school administrators denied a former teacher the use of sick leave days to recuperate from childbirth.

In an opinion handed down August 23, the Court of Appeals overturned a Wayne County Circuit Court decision to dismiss the sex discrimination suit filed against the district by teacher Mary Ellen Shaughnessy in 1977.

The Court of Appeals, however, upheld the Circuit Court's decision finding that the school district lawfully denied Shaughnessy use of personal business days for her pregnancy leave.

Assistant Superintendent Burton Knighton said Tuesday that the administration will meet today to decide whether to appeal the decision to the Michigan Supreme Court. The district has until Friday, September 10, to seek application for leave to appeal.

Knighton said the administration has asked its attorneys to compile an analysis of the case, offering the district options as to what course of action should be pursued.

The Shaughnessy case has evolved into a legal seesaw for both the school district and the claimant since the suit was filed in February, 1977.

According to the findings of the Michigan Civil Rights Commission, which originally filed the suit, Shaughnessy, who was hired as an Institution Special Education (ISE) teacher in October, 1975, notified the school district in September, 1976, that she was six months pregnant but intended to continue teaching and planned to use her accumulated sick leave and personal leave days for time missed for childbirth and recuperation.

She was notified October 5, 1976, by then-Superintendent Raymond Spear that it was the district's policy to prohibit use of sick leave or personal leave days for maternity purposes.

After further pursuit, Spear wrote to Shaughnessy October 13, offering her a temporary leave of absence without pay for a period of time equal to her accumulated sick leave and personal leave days. Shaughnessy complied with the conditions of the temporary leave of absence but informed Spear that her compliance was not to be construed as a waiver of her rights.

Shaughnessy's child was born October 23, 1976. She returned to work November 10. As of October 20, Shaughnessy had accumulated 17 sick leave days. Fourteen work days were missed during the leave period.

In February, 1977, Shaughnessy filed a civil rights complaint against the Nor-

thville Public Schools with the Michigan Department of Civil Rights. In the complaint, Shaughnessy alleged sex discrimination because she was not allowed to use her accumulated sick leave to cover her 14-day absence from work due to pregnancy.

Administrators point out that at the time Shaughnessy filed her complaint, it was not the district's policy to allow the use of sick days for time off during pregnancy. There also were no provisions for such sick bank utilization in the Master Agreement with the Northville Education Association.

In May, 1978, however, the Michigan Civil Rights Act was passed and stated that pregnancy has to be treated as a disability.

Though anti-discrimination statutes affecting pregnant teachers did not go into effect until May, 1978, the Michigan Civil Rights Commission ruled in Shaughnessy's favor in December, 1979.

In its ruling, the commission held that Shaughnessy's filing of a complaint with the Department of Civil Rights had been timely and pointed out that while the superintendent had announced the district's policy concerning use of sick leave days for maternity purposes in a letter dated October 5, 1976, negotiations continued after October 5 and Shaughnessy was not actually denied pay for her 14-day absence until her return to work.

The Northville school district was notified by the Michigan Civil Rights Commission in January, 1980, that it "must cease and desist from unlawfully discriminating against female teacher Mary Ellen Shaughnessy" and pay her "monies she would have received by using 14 of her accumulated sick leave days for the time she was off work during her pregnancy."

The district maintained it was not legally obligated to pay pregnancy leave until the Michigan Civil Rights Act went into effect and appealed the decision to the Wayne County Circuit Court of Appeals in January.

In September, 1980, Circuit Court Judge Benjamin D. Burdick ruled in favor of the district and ordered the "Michigan Civil Rights Commission order of December 19, 1979, must be dismissed in its entirety."

In his decision, Burdick ruled that "the Northville Public Schools' policy of differentiating pregnancy from other temporary disabilities by denying use

of accumulated sick leave for purposes of pregnancy and childbirth did not constitute unlawful sex discrimination in violation of the Fair Employment Practices Act..."

The Michigan Department of Civil Rights and the Michigan Civil Rights Commission appealed Burdick's decision last January.

Northville Public Schools were given financial assistance from the Michigan Association of School Boards' Legal Trust Fund in fighting the appeal.

Knighton said Tuesday that the district has not yet contacted the MASB about further financial assistance should it decide to pursue the case any

NEWS BRIEFS

FREE OUTDOOR flea market will be sponsored by the Northville Community Chamber of Commerce this Saturday in the Northville Downs parking lot. Spaces for exhibitors are sold on a first-come basis at \$5 each. Chamber-sponsored indoor flea market will be September 18 at the Northville Plaza Mall. Call the chamber for advance reservations.

RECREATION COMMISSION will discuss potential program benefits of a proposal to erect an air-supported structure to allow winter use of the Oasis Golf Center. The matter will be on the

agenda of a regular meeting at 8 p.m. tonight in city hall.

TOWNSHIP BOARD of trustees meets in regular monthly session at 8 p.m. Thursday at township hall, 41600 Six Mile. Agenda items include review of problems with unfinished homes.

PUBLIC HEARING regarding a proposed Special Assessment District (SAD 11) to construct a sewer in Edenderry Road will be at 7:30 p.m. Thursday at township hall, immediately preceding the board of trustees' regular meeting. Plans and cost estimates for the project will be presented.

Next week

Next week, The Record will introduce its readers to Andrew Burke — a former student at Old Village School and recent graduate of Northville's Institution Special Education Program.

A student in the ISE Program since its inception in 1975, "Andy" has in many ways been a model pupil for Northville's highly-acclaimed program for the mentally and physically impaired.

For Andy, 26, last month marked the end of his long association with Northville schools. No longer eligible for state funded education, Andy, for the first time, is facing life outside the classroom. Yet, through the constant love and support of his parents and family and the many years of care and affection by teachers and aides, Andy's seemingly uncertain future appears brighter.

Next week Record staff writer Michele McElmurry and photographer Steve Fecht will present the first of a three part series profiling Andy, his last days at Old Village School and the outlook for his future.

Twelve Oaks cites honest 10-year-olds

Finding four \$20 bills when you're at a mall could be the start of a great shopping spree, right?

Fortunately for whoever lost \$80 last month at Twelve Oaks Mall, that was not the thinking of two Northville

students who found the money. Kelli O'Hare and Charlotte Sandel, both 10, did what they had been taught was

right. They turned in the bills to Twelve Oaks Mall security department.

When they did not hear of its disposition, their grandmother wondered to The Record whether the money had been claimed properly.

A check with Sheila P. Armstrong, sales promotion director at Twelve Oaks, led to her promise to investigate.

"It was very special of them," she declared as she confirmed that the money had been claimed by someone who could identify the amount and other details of the loss.

But she did not let the matter drop there, both girls last week received letters of commendation from Twelve Oaks thanking them "for being such honest citizens in helping the unfortunate person who lost the \$80."

The letter added, "You may be assured that your conscientious gesture was very much appreciated not only by the person who lost the money but also by all of us at Twelve Oaks...Twelve Oaks is proud to have such outstanding customers shop with us."

Kelli is the daughter of the Dick O'Hares of 514 Langfield and Charlotte is the daughter of Betty Sandel of 1008 Allen Drive.

Both are back in school at Amerman this week with a "summer adventure" to relate.

Charlotte Sandel, left, and Kelli O'Hare have tale of honesty

Commission okays Little Red Schoolhouse plans

Only one decision remains in the township's review of site plans for the Little Red Schoolhouse/William Allan Academy property on Eight Mile Road.

The planning commission has approved the plans, contingent on the school acquiring a variance from the zoning board of appeals to allow parking facilities that are not up to zoning ordinance standards.

The school already has obtained three variances regarding setbacks and similar issues. The ordinance requirements call for 12 parking spaces to be supplied, and the present layout has only six. The only available room for the additional six spaces is in front of the school and would require drivers to back into (unused) county right-of-way for Eight Mile Road. Neither front-yard parking nor use of the right-of-way are approved procedures under the ordinance.

Reviews by planning consultant Claude Coates and engineer Edward McNeely pointed out the parking problem and the lack of information to review adequately storm drainage on the site.

McNeely also found a variation in the lot lines as surveyed which seemed to indicate that Maybury State Park owns a portion of the land used by the school as a driveway to the rear parking area.

Attorney Walter Mason, representing the school, said the state DNR gives the school an annual permit for use of the land in the driveway. He told the commission "we really don't think we really need the time there are only four or five staff there at a time."

At maximum, he later related, there are nine staff members at the school at any given time.

Acknowledging earlier planning commissioner's comments that the one-acre parcel seems to be getting overcrowded, Mason said the school is definitely "contemplating a move" when it becomes economically feasible.

Commissioner Richard Duwel said he felt "very strongly that they should comply" with the prohibition against

parking that utilizes a portion of the road right-of-way, even though the road itself is only one-third the width of the right-of-way.

Duwel said he was concerned that if the property is sold to another school, its operation might generate far more traffic than does the Little Red Schoolhouse and that the road might be widened at some point.

McNeely told the commission that even if Eight Mile were widened to five lanes at that point, there would be 29 feet between the parking spaces and the shoulder of the road.

Commissioner Richard Allen, the trustee member of the commission, said his concerns about parking were "somewhat assuaged" by that explanation, but that the comments from parents regarding the situation were less influential.

"If at some time there is an accident there," he said, "the first thing people are going to ask is 'Who gave them approval?' and I think I know who would be leading the parade."

Most discussion centered on the possibility of changes in operations at the site creating a traffic or parking problem.

"It's possible for buses to be canceled," said vice chairman William Bohan after school representatives said most children ride public school system buses to the site. "It is possible you'd have 12 teachers instead of eight, that you could have 100 instead of 66 students at a time."

Further discussion revealed the ZBA could approve the parking arrangement on an annual basis, and that the schoolhouse buses could not be canceled unless the district canceled all its own buses.

The site plan contingent on ZBA granting a parking variance. The commission voted unanimously in favor.

Approval would bring to an end months of debate between the school and the township regarding the degree of local government's jurisdiction over school

plans. Mason has contended, on behalf of the school, that only state approval is needed for improvements to the property.

The planning commission and

township attorney have argued that the state has authority over building standards, but that site plans and related matters are within the township's jurisdiction.

Correction

A story regarding Wayne County grant appropriations included two factual errors regarding the role of Jim Curran, former director of Wayne County's intergovernmental affairs office.

Curran was incorrectly identified as a member of the Grosse Pointe Woods city council. He is actually a coun-

cilmember in the City of Grosse Pointe. Curran did not chair the August 26 meeting described in the story, but was present as a staff member. Chairman of the session was Red Browning, another Grosse Pointe councilmember.

Curran denied any attempt to "orchestrate" approval of a grant to Grosse Pointe Woods, as was alleged by two persons quoted in the story.

Tax distribution mistake discovered

A foul-up in the distribution of 1981 property tax receipts has township treasurer Richard Henningsen red-faced with embarrassment and requires repayment by the Northville School District of \$51,000 it received erroneously.

As explained by Henningsen at the township board of trustees meeting August 19, the error occurred last winter when his department encountered difficulties in programming the township's old computer.

The problem was in distributing the tax monies to the proper bodies. The township collects all property taxes and forwards the proper shares to the tax-

ing entities — including both Northville and Plymouth school districts.

"We ran into problems with that computer system and ended up posting the distribution of 1981 taxes by hand," Henningsen told the board of trustees. "In the process, an error was made and a little over \$51,000 went to Northville schools that should have gone to Plymouth."

The error, he said, was in assigning eight tax parcels, one of them particularly large, to the Northville district when in fact they lay in the Plymouth district.

"It was an awful lot of work (posting

the distribution by hand) and we worked a lot of 16-hour days around here," Henningsen said, adding that township employees from outside the treasurer's department were even included in the activity of necessity.

"The buck stops with me," Henningsen said. "It's embarrassing, I'll tell you. Eventually the county found it (the error in distribution) on rechecking our work on their computer. Of course, by that time the damage was done."

Henningsen related that the township's new computer system, just now going on-line, should prevent a recurrence. "One of the first things that's going into that machine will be

our tax distribution," Henningsen assured the board.

Henningsen drafted a letter to Northville Public Schools Superintendent George Bell, explaining the error. The school district must repay the overpayment to the township, which must forward the \$51,000 to the Plymouth district.

Clerk Susan Heintz said she went to Bell's office to discuss the problem and found him "understanding."

Bell told the board of education at its last August meeting that the administration had not expected the \$51,000 repayment and, therefore, had not budgeted the payment.

Community Calendar

TODAY, SEPTEMBER 8

THURSDAY, SEPTEMBER 9

OVEREATERS ANONYMOUS: Overeaters Anonymous will meet at 7:30 p.m. at Novi United Methodist Church. For further information, call 624-5604.

***KNIGHTS OF COLUMBUS:** Northville Knights of Columbus meets at 8 p.m. in the administration building at Our Lady of Victory Church.

RECREATION COMMISSION: Northville Recreation Commission meets at 8 p.m. at City Hall.

NEWCOMERS COFFEE: Northville Newcomers will have its annual Fall Coffee at 7:30 p.m. at the First United Methodist Church. Membership is open to anyone living in the Northville School District five years or less. For further information call membership chairman Debbie Gesdorf at 349-6412 or president Sharon Valrance at 420-2201.

CHAMBER MEETS: Northville Chamber of Commerce meets at 8 a.m. at the chamber building.

FARMER'S MARKET: Northville

Farmer's Market at Main and Hutton is open from 8 a.m. to 4 p.m.

DAYTIME TOPS: Daytime TOPS meets at 9 a.m. at First Presbyterian Church.

WOMEN'S CLUB MEETS: Christian Women's Club meets at noon at the Sveden House in Farmington Hills.

LEAGUE OF WOMEN VOTERS: League of Women Voters of Northville-Plymouth-Canton-Novi will meet at 7:30 p.m. at Plymouth City Hall.

TRUSTEES MEET: Northville Township Board of Trustees meets at 8 p.m. at the township offices.

FRIDAY, SEPTEMBER 10

ANTIQUE MART: Plymouth Symphony League is sponsoring its 20th Annual Antique Mart from noon to 9 p.m. at the Plymouth Cultural Center. The show will continue the same hours Saturday and will be held from noon to 6 p.m. Sunday.

MASONS MEET: Northville Council, No. 89, meets at 7:30 p.m. at Masonic Temple.

SATURDAY, SEPTEMBER 11

JOHN SACKETT CHAPTER: John Sackett Chapter, DAR, will hold its first meeting of the year at noon at 21575 West Ten Mile in Southfield. A salad luncheon will be served by Mrs. Raymond Meyers, Mrs. Walter Fysh, Mrs. Rosemary Tibi and Mrs. Elaine Soule. Mrs. Wilson Videau will present a program on the Constitution to celebrate "Constitution Week."

SPINNAKERS MEET: Dr. Lawrence Chamberlain, senior pastor of Northville First Presbyterian Church, will discuss "Dynamics of Interpersonal Communication" at the 7:30 p.m. meeting of Spinnakers in the First Presbyterian Church Fellowship Hall. Spinnakers, a group co-sponsored by the Presbyterian churches of Plymouth and Northville, welcomes new members. Cost is \$1 for members and \$1.50 for non-members.

SUNDAY, SEPTEMBER 12

MILL RACE VILLAGE: Mill Race Historical Village is open from 1-4 p.m.

FREE SQUARE DANCING: A free introductory square dancing class will be offered from 6-8 p.m. at the Community Building. Square dancing courses, sponsored by the Northville Recreation Department, will be held every Sunday with beginner classes from 6-8 p.m. and advanced classes from 8-10 p.m.

MONDAY, SEPTEMBER 13

NORTHVILLE BRANCH WNFCA: Northville Branch of the Women's National Farm and Garden Association will hold its first fall meeting at 11 a.m. at the home of Mrs. Nicholas Sellas. Social Chairman for the day is Mrs. Stuart Campbell. The program, entitled "How to attract birds to your garden," will be presented by Alvin and Betty Simek. There will be a board meeting preceding the general meeting. Guests are welcome.

KIWANIANS MEET: Northville Kiwanis meets at 6:30 p.m. at Henry's Place.

PAPER DRIVE: St. Paul's Lutheran Church School will hold a paper drive from 6:30-7:30 p.m. in the church parking lot.

TOPS MEETS: Northville TOPS meets at 7:30 p.m. at First Presbyterian Church.

BASEBALL BOARD: Junior Baseball board of directors meets at 7:30 p.m. at First Presbyterian Church.

BOARD OF EDUCATION: Northville Board of Education meets at 7:30 p.m. in the board conference room at Old Village School.

NORTHVILLE BPW: Northville Business and Professional Women's Club meets at 7:30 p.m. at the Mayflower Hotel.

MASONS MEET: Northville Masonic Organization meets at 7:30 p.m. in Masonic Temple.

SIGMA KAPPA ALUMNAE: Sigma Kappa Sorority/Alumnae Chapter of Western Wayne County will meet at 7:30 p.m. at the home of Sandy Baer. The meeting will include a program on National Convention. All area alumnae are invited to attend. For more information, call Carolyn Newell at 455-4354.

CITY COUNCIL: Northville City Council will meet at 8 p.m. in council chambers in city hall.

TUESDAY, SEPTEMBER 14

NEWCOMERS' ALUMNI: Northville Newcomers' alumni will hold a membership tea from 9:30-11:30 a.m. at the home of Pat Bissailon, 16256 Winchester Drive.

ROTARIANS MEET: Northville Rotary Club meets at noon in the First Presbyterian Church Fellowship Hall.

CIVIL AIR PATROL: Sixgate Squadron Civil Air Patrol meets at 7 p.m. at Novi Middle School.

CABBAGETOWN MEETING: Cabbagetown Association meets at 7:30 p.m. in Mill Race Village.

SENIORS CLUB: Northville Senior Citizens' Club will resume its meetings at 7:30 p.m. in the First Presbyterian Church Fellowship Hall. President Clarence Harsch encourages all members to attend to vote on bylaw changes. Refreshments will be served.

AMERICAN LEGION: American Legion Auxiliary Unit 147 meets at 8 p.m. at the post home.

HADASSAH MEETS: Northville-Novi Hadassah will host a meeting and evening of Israeli Folk Dance at 8 p.m. at the home of Ruthellen Singer of 44148 Galway. For more information call 349-8310.

NORTHVILLE PWP: Northville-Novi Chapter of Parents Without Partners meets at 8 p.m. at Aberdeen's.

WISER MEETING: Father Bob Schaden will take a constructive look at grief as a natural part of the human experience at the 8 p.m. meeting of WISER — Widowed in Service. The meeting will be held in Room 200 of the Liberal Arts Building at Schoolcraft College.

WEDNESDAY, SEPTEMBER 15

QUILTERS GATHER: Northville Community Quilters meets from 10 a.m. to 3 p.m. at First Presbyterian Church.

Back to school

Northville's K-12 students weren't the only ones getting ready to head back to school this week. Instructors in Northville's Community Education program are busy preparing for upcoming courses scheduled to begin September 20. Marilyn Refalo, above left, demonstrates porcelain doll painting, while instructor Karen Poulos, at right, shows Laura Clarke and Lisa Tuckfield a sample of her crewel stitchery. Among this year's

Community Education offerings are high school completion courses, senior citizen classes, leisure-time classes, physical fitness courses, hypnosis, workshops, travelogue, after-school specials and much more. Community Education brochures are available at the Board Office at 501 West Main. For further information, phone 349-3400, extension 217. Record photos by John Galloway.

Oasis golf dome proposal stirring debate

ntinued from Page 1

ought out township supervisor John MacDonald, who spoke in favor of granting the variance on grounds that the recreation program is in dire need of such potential improvement.

Also in attendance were representatives of several homeowners' associations, most of whom revealed a tendency to oppose the project on grounds it would be unattractive and might set a dangerous precedent that would result in air-supported structures being scattered throughout the township.

The association representatives said they needed time to poll their memberships on the issue, and asked the ZBA to table the matter for a month. The dome proposal was the main agenda item for meeting last night (Tuesday, after 8 p.m.) of the Northville Township Homeowners' Association, an umbrella organization of the subdivision associations, claiming to represent more than 800 voters.

The proposal was laid out, for the second time, before the ZBA last week. At that time, representatives of American Golf Dome Incorporated, manufacturers of the structure, and local investor Bruce Schmitt were joined by two of the three partners in Wil-O-Mac, owners of the Oasis.

Edward McNamara (Livonia mayor) and Bob Osborn told the ZBA the intent of the structure is to allow wintertime operations at the center.

"After Labor Day, the golf business almost dies," McNamara told the board. "The problem we are experiencing is like that many business owners are facing — we have 12 months of bills to be paid out of six months of operation."

Noting the center's presence in the community since 1963, McNamara related that while "Oasis may not be the greatest tax generator in Northville Township, it does generate a lot of jobs for local people."

During a typical season, he said, Oasis employs 40 "young people and senior citizens." Extended operations could create another 25 jobs during winter months, he said.

McNamara said the investors "are convinced this is not a nuisance situation. We're not going to put ourselves in that situation."

American Golf Dome representative Michael Thompson noted the height of the structure is necessary to allow for the trajectory of driven golf balls and

the possible recreation use for softball and touch football.

The air-supported portion is to be made of an off-white fabric specially treated with a teflon-like surface that rejects weather and dirt effects.

It would cover roughly one-quarter the length of the driving range and only 32 of the center's 64 driving tees. Under the dome, golfers and other users would be sheltered from the wind and Thompson said it could be 30 degrees warmer under the dome than outside.

He related that the dome averages 67 feet in height, "not much higher than the freeway ramp right next to us. In fact, this is an ideal site for an air structure. It's shielded from the winds, shielded by the freeway ramp."

During high winds or bad weather, the dome would be inflated further and could reach its maximum 75-foot height.

ZBA chairperson Sandra Walts read a letter from a Haggerty Road resident objecting to the proposal.

Park Gardens homeowners' association representative Liz McCarville questioned the recreational benefits of the dome, noting that few recreation commissioners knew of the proposal.

MacDonald said he had spoken with recreation director Ed Kritz who was "enthused" about the potential. Both McCarville and ZBA member Bernard Baldwin (the planning commission member of the board) asked for "more specifics" regarding the availability of the structure to the recreation department.

Osborn noted that Oasis already cooperates with several educational and recreation programs, naming Schoolcraft College, Garden City, Livonia and Northville Public Schools and Hawthorn Center.

Several residents said they believed the visibility of the structure from afar would be offensive, with some Haggerty Road residents arguing that it would detract from property values.

The Northville Commons Association Board wrote a letter opposing any ZBA vote to approve the height exception, stating it was the belief of the association board that the membership (319 homeowners) would object when informed the dome would be visible from the subdivision, which is at a higher elevation.

McNamara and Osborn pointed out that the Oasis site is at the lowest elevation in the township and the location of the dome is 25 feet below the Haggerty

Road grade. They argued that the terrain would minimize the height effect.

Debate became heated, with MacDonald accusing Baldwin of "browbeating everyone" and of "hiding behind the guise of the planning commission" when he argued against the proposal.

Baldwin argued that approval would set "a dangerous precedent" and was joined by board member Ralph Foreman.

Several proponents responded that the ZBA need only approve the structure for one year at a time and that, if it proved to be a problem, it could be rejected upon reapplication.

Foreman said he felt it the ZBA's duty to keep some such structures out of the township. "Personally, I don't think putting these mushrooms around town is going to make it any more beautiful." He related that someone had recently told him Northville was like "a little Birmingham," to which Thompson responded that Birmingham has four

air-supported structures.

Schmitt said he proposed to donate one-half percent of the net profit, up to a \$2,000 maximum, to the recreation department to help offset its deficit from building operations.

Board member Bernard Bach said he would "never approve something with strings attached. If these people want to make offers after the approval of the variance, that's fine."

He moved to table the matter for two weeks to collect recreation department and homeowner association input, but there was no second.

Foreman moved to reject the proposal, but the board deadlocked on a 2-2 vote, with Foreman and Baldwin seeking rejection and Walts and Bach opposing. On a second motion to table the issue, the board deadlocked again on similar lines until Baldwin switched his vote to allow tabling the matter for two weeks.

Leapin' Lizards!

For those who bought a 10-cent ticket, Kelly Borcherts' production of "Annie" was one of the best bargains around. Before heading back to Amerman, Kelly and company presented their own musical production of "Annie" in the Borcherts' garage on Galway. Price of admission included a soft drink and popcorn. Approximately 25 friends and neighbors attended

the matinee performance last Friday. Among the theatre-goers was two-year-old Thomas Beller, above, who was thoroughly engrossed in the whole affair. Dancing their way through the finale are at left, Haydee Ruiz as Daddy Warbucks and producer Kelly Borcherts as Annie. Record photos by Steve Fecht.

School Notebook

MARK A. RASAK of Centerfarm Lane has been named to the dean's list at Madonna College for the recently completed term.

To be named to the dean's list, students must carry 12 semester hours and maintain a grade point average of 3.25 or better.

Rasak is a biology-chemistry major.

SARAH CONLON, daughter of Mrs. Judith Hollingsworth of 42130 Farragut, is among the 310 freshmen enrolled at Alma College for the fall semester.

A graduate of Northville High School, Conlon has joined other freshmen in a preterm orientation which concludes September 7. The orientation helps freshmen become acquainted with their classmates, Alma and college life before upperclass students arrive and classes begin September 8.

Ten Northville residents are among the more than 2,000 University of Michigan students receiving degrees at summer commencement August 22.

Students receiving degrees were MARLENE JO BUFFA, 42701 West Nine Mile, bachelor of arts; LINDA LOUISE COONEY,

19927 Schoolhouse Court, master of science; ROBERT FREDERICK GURSKY, 16871 Dunswood, master of arts; P H Y L L I S J E A N HECKEMEYER, 45015 Galway, master of business administration; PHILIP MATTHEW HERTER, 46327 Seven Mile, bachelor of arts;

ROBERT IRWIN KRINSKY, 19505 Whitman Court, bachelor of arts; ANDREW STEP MIHALIK, 20117 Silver Spring, master of business administration; ALLEN WILLIAM SCHUERHOLZ, 303 Debra, bachelor of science; ELIZABETH JANE SMITH, 21016 Westfarm, bachelor of science and SUE ANN WASHNOCK, 41221 Knightsford, master of science.

KIMBERLY FLADING, daughter of Mr. and Mrs. Roger Flading of Ladywood, and MICHELLE CROSS, daughter of Mr. and Mrs. Dave Cross of Sutters Lane, attended soccer camp at Michigan State University Sports School in August.

The girls were chosen as the two outstanding offensive players for the August 1 session.

Obituaries

Betty Jo Skingley, 59, dies

Betty Jo Skingley of 406 S. Ely died September 2 at Botsford General Hospital in Farmington Hills after a three month illness. She was 59.

Services were Tuesday, September 7 at Casterline Funeral Home. Dr. E. Page of Plymouth presided. Burial was at Riverside Cemetery in Plymouth.

Mrs. Skingley was a teacher in the Plymouth-Canton school system and lived in Plymouth prior to moving to Northville 10 years ago. Born in Alma, November 3, 1922 to Joseph and Helen B. (Maxwell) Thomas, Mrs. Skingley is survived by her mother, a Plymouth resident.

Her husband, Walter T. Skingley, died in 1966. Mrs. Skingley is survived by daughters Kristin Gardine of Northville and Penny M. Nader of St. Clair Shores.

Also surviving are three sisters, Mary Voss of Washington, Beverly Burnette of Plymouth and Sue Miller of Minnesota; and three brothers, Robert Thomas of Florida, James of Jackson and Joseph of Plymouth.

Mrs. Skingley leaves three grandchildren, Jennifer and Hilary Gardine of Northville and Ann Louise Nader of St. Clair Shores.

The family suggests memorials to the Betty J. Skingley Memorial Fund (for mentally impaired), care of Dr. E. Page, 454 South Harvey, Plymouth, Michigan, 48170.

ETHEL RUELLE

Funeral service for Ethel Ruelle of 401 High Street was held at 11 a.m. September 3 at Casterline Funeral Home. The Reverend Guenther Branstner officiated the service. Burial was at Glen Eden Memorial Park in Livonia.

Mrs. Ruelle died August 31 at St. Mary Hospital. She was 88.

A Northville resident since 1970, Mrs. Ruelle was born December 25, 1893, in Little Falls, Minnesota, to John and Mary (Mahler) Schober.

A retired nurse, she also was a member of Northville First United Methodist Church.

She was preceded in death by her husband Leo who died in August, 1965.

Survivors are several neices and nephews, including Grace Pollock of Northville and James Pollock of Brighton.

Symphony slates competition

Two \$1,000 prizes are being offered to the top winners in the Plymouth Symphony Society's Young Artist Competition for musicians interested in solo performance.

The contest is open to musicians in private study or enrolled in a degree program at a college, university or conservatory. The intent of the competition is to encourage young musicians who are not yet "seasoned" solo performers.

Orchestral and piano contestants must be high school graduates under 26 years of age as of December 31, 1982. Voice contestants should be high school graduates under 31 years of age as of December 31, 1982.

All applicants should be permanent residents of, or have parents who are permanent residents of,

Livingston, Macomb, Oakland, Washtenaw or Wayne counties.

One \$1,000 first prize award will be given in memory of Oliver H. Wagner, a former Plymouth Symphony Society board member. The other \$1,000 first prize award will be given by The Michigan Foundation for the Arts.

In addition to the two first-prize awards, a second prize of \$500 will be given. All winners will perform with the Plymouth Symphony Orchestra February 6.

Preliminary auditions will be done by tapes. Live auditions for finalists will be held November 27. An application is required to enter the competition. For applications and further information contact Mrs. Ralph Bozell, 45897 Denise, Plymouth, or call 455-6512.

Parson to Person...

Is There A Judgment?

Dr. James H. Luther

It is a wonder that thinking individuals who readily accept the need for human laws and judgment, are quick to deny that God will ever exercise judgment. Of course, it is comfortable to deny that which would be a threat to oneself.

In Acts 24:24, Paul was brought before Felix for trial. Yet, instead of trembling before the Roman judge, we find Felix trembling before the preaching of Paul. Instead of flattering his judge, Paul "reasoned of righteousness (which Felix did not have), self-control (which he did exhibit), and judgment to come (which he had ignored)."

You see, Felix was formerly a slave but due to the affection of Caesar, he had been appointed to high office. With Drusilla, the wife of another man, he lived a life characterized by all kinds of Intemperance. Having judged others harshly, he was suddenly confronted with divine judgment that awaited Him! No wonder he trembled!

The truly sad part of this story is he failed to act on the warning of Paul, and accept Christ as God's provision for unrighteous and intemperate people, and thus avoid the judgment to come. Felix was convicted but not converted. Conviction is like pain which warns of the presence of disease; if the pain is unheeded, the disease may be fatal. There is danger in neglect. Do not say with Felix: "When I have a convenient season, I will call for thee." Trust Christ today!

Police Blotter

Crash injures two

In the township

Two persons suffered minor injuries in a two-car collision at Six Mile and Haggerty roads Monday, August 30, township police reported.

Joanna Miller, 18, of Canton Township was ticketed for disobeying a red traffic signal. According to the police report, Miller was southbound on Haggerty, and said she "was not paying attention" and did not see the red light at Six Mile.

She entered the intersection, striking a car stopped in the intersection's east-bound left turn lane on Six Mile. Driver Carl Krupp, 19, of Livonia suffered minor bruises, as did Miller. A passenger in Miller's car was unhurt. Both cars were drivable after the accident.

Township police arrested a 34-year-old Detroit woman September 1 on fraud charges connected with a taxi ride to Northville Regional Psychiatric Hospital on Seven Mile Road. They ended up holding her in the local lockup for more than 24 hours before Detroit police picked her up for two outstanding arrest warrants.

According to the report of the incident, police first contacted the woman at about 10:45 a.m. Wednesday in response to a complaint by the cab driver that she had hired a ride from Cherry Hill and Telegraph roads to the hospital, then revealed she could not pay the \$17 fare.

The cab driver told police he waited an hour while the woman attempted to have the department of social services pay for the cab ride. While waiting, the meter ran charges up to \$30.

Upon her arrest, police found the woman had less than \$7 on her person. A routine check through a computeriz-

ed police information network revealed the two arrest warrants out of Detroit — one for disorderly conduct and another for simple assault in a child abuse case.

After numerous attempts to have Detroit police come to the township station to pick up the suspect, a Detroit officer from the child abuse section retrieved the suspect at 3:30 p.m. September 2.

Local police are seeking a warrant in the fraud case, as the cab company has indicated it wishes to press charges.

Township police picked up an escapee from the state hospital August 31, on Whitehaven near Exeter. State hospital security forces had been in pursuit of the 19-year-old walkaway.

In the city

Three separate stolen bicycle incidents were reported to city police last week.

Unknown suspects stole a 1981 Sears Spirit 10-speed boy's bike parked near the rear entrance to Cloverdale's, 134 North Center, sometime August 25, police report. There was no value placed on the bike.

The complainant said she was working at Cloverdale's when the suspects stole her bike, police said.

Unknown suspects stole a 1982 Murray 20-inch dirt bike while it was parked in a West Main residence's drive sometime August 31, police report. The bike was valued at \$150.

Unknown suspects stole a 1979 Schwinn Varsity 26-inch 10-speed bike parked near a Jeffery residence's front porch sometime August 31, police report. The bike was valued at \$200.

Church plan deficient

Site plans for a Seventh Day Adventist church to be located on Haggerty north of Five Mile Road were tabled by the township planning commission last week. The action allows the church two weeks before the plans are again discussed, but revisions had to be presented two days after the Tuesday commission meeting in order to be placed on the agenda.

Engineer Edward McNeely told the commission the site plans presented for final approval do not contain sufficient information for a thorough review of storm drainage routes, and that what could be determined indicated some problems.

By contrast, planning consultant Claude Coates said the plans meet virtually all standards under his purview.

McNeely said finish grades indicated on the plan show water would pond in an area between the church and the parking lot, that retention ponds are not clearly refined and that offsite grades not shown could have an adverse impact on drainage from the parcel.

Two residents of parcels abutting the property spoke to the drainage issue, both with an emphasis on a pond at the back of the property. McNeely said the flow of water into and out of the pond is not clear on the plans.

William Basse of Parklane said he has "very grave concerns" about possible drainage impact from alterations to the pond. McNeely said the plans seem

to indicate there would be some improvement of drainage away from the pond toward Haggerty Road, which might reduce the frequency with which Basse said the pond backs up and floods his basement.

A Haggerty Road resident said recent grading operations on the site have already improved drainage away from the pond area, claiming what is normally boggy ground through the summer has been dry this year.

Metropolitan SDA representatives said they were anxious to gain approval in order to install foundations before winter sets in and that they realized grading being done now was subject to rejection. The risk was one they said they were willing to accept.

The commission debated whether to reject the plan outright, requiring the church to pay fees for a second review, or table the issue for a month. Consultants said the review from a planning standpoint would be minor but that extensive engineering review remains and would likely result in further charges to the township.

When the church representatives said they wished to speed approval and could produce plans for a previously scheduled special meeting of the commission September 14, the board voted 7-1 to table the plans.

The plans had to be submitted by 5 p.m. September 2 in order to be reviewed in time for the special meeting.

McDonald's keeps its golden arches

Township planners last week approved plans for drive-through facilities at the McDonald's restaurant on Five Mile, backing off from their previously-firm stand that the operators first reduce the height of their sign.

Acting on the advice of township attorney Donald Morgan, the commission deleted its requirement that any final site plan must depict a sign lower than the 40-foot one presently in use. The township zoning ordinance limits pylon signs such as that used at McDonald's to 20-feet in height.

When the restaurant was built more than five years ago, the zoning board of appeals granted a variance allowing the tall sign. Upon reviewing the site plan submittal for alterations to the building for drive-through service, the planning commission, arguing that the ZBA had acted beyond its authority in granting the variance, insisted on reduction of the sign height as a condition of approval for the changes.

But Trustee Richard Allen reported August 31 that Morgan advised linkage of the sign to the drive-through placed the township on tenuous legal ground, since the sign height really has no connection with the alterations being reviewed (installation of an intercom system behind the building, a window in the west side and rearrangement of the parking lot).

There was also legal advice to the effect that the planning commission's failure to protest or take legal action against the ZBA's sign height variance at the time of construction effectively negated its right to do so at this late date.

After reviewing the plans, both township planning and engineering consultants indicated full compliance with township requirements.

The final site plan under review indicated trees would be planted in the parking lot as required by the planning commission during previous reviews. Three types of trees were intended, but planning consultant Claude Coates told McDonald's representatives only one of the types — locust — was suitable for the application.

The restaurant's attorney indicated that only locust would be used.

Commission vice chairman William Bohan directed a few probing questions regarding any planned additions or changes to the pylon sign. He was told the sign would not be enlarged, but the words "40 billion served" would be replaced by a notice of drive-through service. No changes to the entrance and exit signs are contemplated, McDonald's representatives said.

Assured by Coates that even more extensive changes to the sign would not give the township leverage to demand a reduction in its size, Bohan dropped the line of questioning.

The commission voted unanimously to approve the plan.

Workshop scheduled Tuesday

A one-day workshop to help persons understand the role of sexuality among the disabled will be held at 9 a.m. Tuesday in Room B200 of the Liberal Arts Building at Schoolcraft College.

Workshop facilitators will be Tama J. Malamud, M.A., C.S.W. and Andrew Tolle, M.A., S.W. Both are specialists in the area of Human Sexuality.

Stressing that everyone is a sexual being regardless of what their mental or physical state may be, the program will include discussion of such issues as myths, body image, self-esteem, attitudes and feelings. It also will touch on the fact that age often is viewed as a disability.

Nurses, rehabilitation counselors, social workers, counselors, teachers, health care professionals and the disabled are encouraged to attend the workshop. The course fee is \$30. Agencies may group register by calling 591-6400, extension 404.

Schools lose suit at appeals level

Continued from Page 1

urther
If the district drops the case and pays haughtnessy, administrators fear it could open doors for other cases dealing with alleged discrimination prior to the passage of the Michigan Civil Rights Act.
Shaughtnessy, who resigned May 12, 1978, could not be reached for comment. Knighton said the district does not know of her whereabouts and pointed out that it is the Michigan Civil Rights Commission which actually has pursued the case to this point.

Council to meet

Continued from Page 1

computer system The council, on the basis of an earlier report June 11, 1981, had authorized obtaining proposals for such a system.
They were received September 1 and will be presented to council.
In his report, Walters emphasized that the need for the system has become "even more apparent" to avoid clerical staff increases in the face of increasing workloads over the next several years.
He told council that he and comptroller Betty Lennox had been studying systems to make the work load more efficient.
Water billing, he stated, would be reduced from a two-day to a less than one-day operation.
General accounting would be greatly simplified and number of checks reduced while more detailed records could be kept.

At Schoolcraft

Astonishing Neal slated to appear

The Astonishing Neal Waterman Campus will perform at Center Schoolcraft College for Back by popular demand, Neal's demonstration of ESP, mental

telepathy, psychokinesis, paraoptic vision and hypnosis have attracted more than 1,000 people to his past three performances at Schoolcraft.
Making predictions is one of his talents and he has made several accurate predictions including Super Bowl winners, the capture of Patty Hearst, the disappearance of Jimmy Hoffa and the 1977 Johnstown flood.
He has appeared on NBC's Real People, the Mike Douglas Show, To Tell the Truth, P.M. Magazine and other shows. In addition to maintaining a busy performing schedule, he has helped hundreds of people break harmful habits and develop positive, healthful attitudes at his professional hypnosis clinic — The Neal Institute.
The Astonishing Neal's performance at Schoolcraft College will last approximately two hours. The first part of the show will include demonstrations of Neal's ESP and paraoptic vision. During the second half of the show Neal will hypnotize volunteers from the audience.
Tickets for the Astonishing Neal's performance are \$4 and are available at the Schoolcraft College Student Activities Office. For further information phone 591-6400, extension 380.

Ridge lot split passed over Docksey objection

Saying it had done virtually everything that could be done to insure that storm drainage problems in the Docksey subdivision are not worsened as a result, the township planning commission last week approved a lot split for petitioner Al Pearson.

As representatives of nearby homes protested that the action should be delayed until repair work on Wayne County road commission drainage ditches is completed, the commission voted 5-2 to allow Pearson to split the five-acre parcel into four buildable lots of one acre each. The remaining space is to be occupied by an access road off Ridge.

Neighborhood protest upon Pearson's initial application for the lot split led the planning commission to take several out-of-the-ordinary measures before approving it.

Pearson was required to develop a drainage plan for the entire parcel and to include easements to accommodate the drainage flow in plans. The easements are to be included in the agreements as Pearson sells the lots.

The commission also authorized a study of drainage patterns in the area done by township engineer Edward McNeely. That study led to a request to the road commission that a drainage ditch which, at some point, was filled with earth, be trenched out to carry stormwater again.

Recent communications with the road commission indicate the work may be done in the near future. But residents of the Docksey subdivision said they had heard those words several times before in their decade-long battle to relieve flooding in the area.

Docksey homeowners' representatives Joseph Kozler and Harry Henderson told the commission their understanding was that Pearson could not split the lot until the county work was done, and asked the commission to reject the application until that time.

But a reading of the minutes of earlier sessions showed the commission had not made such a pledge. The added requirement made earlier was that Pearson develop a drainage plan, which he had done.

McNeely reviewed the plan, and said it calls for stormwater to drain along a swale/ditch on the southern border of the property eastward. At Docksey Avenue, Pearson's ditch would empty into the county road commission's — the same filled ditch the county is sup-

posed to clean out soon.

"At this point," McNeely said, "it looks to me as though the proprietor of the property has done everything he's been asked to do. I don't know what further can be done, except to make sure the county does its part."

Henderson protested that, if Pearson's property is developed before the county renovates the drainage channel, flooding at the corner of Ridge Court and Docksey Avenue will be worsened.

McNeely acknowledged that was the case, while pointing out that properties to the west of the intersection which now have a flooding problem would likely find the situation improved by Pearson's ditch.

Planning commission chairman Kenneth McLarty told residents the commission had done virtually everything within its power to avoid adding to their problem, but was at the limit of what it could demand of the petitioning landowner.

"We are attempting to work on the drainage problem with Wayne County," McLarty said. "We have required drainage easements to be recorded on the plan. There are no guarantees, we can't tell you it will never flood in your subdivision. But we've made every effort to try to avoid it."

He was supported by commissioner Bernard Baldwin. "I don't see that we can do anymore than we have," Baldwin told Henderson. "I don't know that government can do any more."

After Baldwin moved approval of the lot split, and the motion was seconded by commissioner Marvin Gans, Henderson and Kozler asked one more opportunity to address the board.

"You are acknowledging, by approving this, that 'yes, more water is going to come down Docksey,'" Henderson said.

Kozler and other residents related that the road commission has been less-than-reliable when promising to clean out the ditch, allegedly having staked out the ditch at least twice but never having returned to do the work.

"You're talking about possibly causing a worsening of our problem," Kozler said.

Baldwin and Gans were joined by commissioners Pat Wright, Dorothy Gay and Richard Duwel in approving the lot split. Vice chairman William Bohan and McLarty cast 'no' votes. Bohan and McLarty were the last two commissioners called in the roll call vote.

Bushnell opens new season at Mill Race

Bushnell Congregational Church will begin a new season this Sunday in Northville's Mill Race Village. Northville resident Dr. Robin Meyers, senior minister of Bushnell, will conduct the 9 a.m. service in the New School Church. The Sunday School will launch its new curriculum in the Wash Oak Schoolhouse.

An added feature to this Sunday's service will be the Chancel Choir, performing under the direction of Raymond Ferguson. Soprano Barbara Scanlon will perform along with Steven Labuta, a trumpeter with the Wayne State Symphony Orchestra.

For the past nine months, Bushnell Congregational Church of Detroit has been gathering a "western" parish in the New School Church at Mill Race Village while waiting for the construction of its new church at Meadowbrook and Eight Mile roads.

According to Meyers, the surroundings of the historical village coupled with the church philosophies have drawn many people to Bushnell's services.

"We have witnessed a parade of new faces, brought a distinctive brand of liberal Protestantism to Northville and created an unusually warm and congenial atmosphere for worship," he observed.

"The charm and beauty of Mill Race make an ideal setting to gather a Congregational Church," he added.

He also noted that the Congregational Church, which strongly emphasizes the freedom of the individual in matters of faith, has brought to Northville residents "another church life option."

Those who have attended Bushnell's services at New School Church have had the pleasure of listening to Ray Ferguson, head of church music at Wayne State University and minister of music at Bushnell Church.

One of the country's leading concert organists, he conducts the Bushnell Chancel Choir, which will perform at services every week this season in Mill

Race Village.

In September, Ferguson also be teaching a course in church music and its development entitled "In Search of the Lost Chord."

The three-week course is open to all interested participants — not just Bushnell members — and will be held at 7:30 p.m. every Tuesday beginning September 14. The course is free and will be held in the New School Church.

Another noted Bushnell member William A. Bostick, secretary and administrator of The Detroit Institute of Arts, will teach an eight-week course at the Bushnell Church in Detroit entitled "Exploring the Exciting World of Art."

Bostick will give students a survey of art history in six lectures of two hours each and take two trips to The Detroit Institute of Arts. Media will be limited to painting, drawing, graphic arts and sculpture with some reference to architecture.

Cost for the course is a \$25 tax-deductible donation to Bushnell or \$4 per lecture. Lecture dates are September 25, October 2 and 23, November 6, 13, 20 and 27 and December 4.

Registration for both the music and art courses can be made by calling the church office at 272-3550 or by signing a registration sheet available at Bushnell services in Mill Race.

According to Meyers, the church hopes to attract even more new members this fall with the addition of the Chancel Choir.

"The Northville congregation has all the advantages of being a 'pioneer' church, but with vital connections to a distinguished Detroit Church," he noted.

Newcomers' events set

If you are new to our community, we invite you to attend Northville Newcomers' annual membership coffee to be held tomorrow night at 7:30 p.m. at the First United Methodist Church on Eight Mile near Taft.

This invitation is extended by Newcomers' president Sharon Valrance to anyone living in the Northville School District five years or less. Board members will be present at the coffee Thursday to explain about club programs, including monthly Ladies Day and couple events.

Annual dues of \$10 gives participation in activities, including some 30 interest groups ranging from antiques to wine tasting, and a monthly newsletter.

Membership chairman Debbie Gesdorf, 349-6412, or president Sharon Valrance, 420-2201, may be called for more information. Rides can be arranged.

Reservation deadline for the Couples' September Pizza Party has been extended through Thursday so that new members may sign up at the coffee.

For Northville Newcomers' alumni, a membership tea will be held from 9:30-11:30 a.m. September 14 at the home Pat Bissillon of 16256 Winchester Drive.

The tea, for all new and returning alumni, will be coordinated by Mrs. Bissillon and Toni DuSablón.

Yearly dues have been increased to \$3 per couple. There is an additional \$3 charge for those who wish to receive the Northville Newcomers' newsletter each month.

Checks should be made payable to Northville Newcomers' Alumni and sent to Toni DuSablón at 47131 South Chigwidden by September 30.

Northville Newcomers' Couples' Bowling League is looking for new members. The league bowls every other Sunday at 4:30 p.m., Norm Batzka reports.

Anyone who resides in the city or township is eligible to join — either as members of Newcomers or the Alumni. Jerry Mittman may be contacted about the league at 348-2396.

Village for Faith, Inspiration and Fellowship**

Congregationalism came to New England shores with the Pilgrims in 1620, and over the years has become a fellowship of earnest seekers who believe that religion should be part of the fullness and joy of life. We are an open, non-creedal group, allowing for wide diversity of thought and respecting all denominations in their search for the way. We recognize the Lordship of Christ in personal and church life, and seek to support one another in a community that shares his purpose and his love. We cultivate the arts, worship, friendship, seminars and community service as ways to explore and to celebrate the wonders of God's creation.

Dr. Robin Meyers

Prof. Ray Ferguson

Our Opinion

Trustees' choice disappointing

As Schoolcraft College trustees accepted applications to fill the vacancy Nancie Blatt's leaving created on the board, we hoped local residents would be interested enough to apply and thus give Northville a chance to seek representation on the board.

There has not been a trustee from Northville since R. Robert Geake, now a state senator, resigned when he became a state representative nine years ago. At that time Blatt was named to fill out his term. She subsequently was twice elected to six-year terms. The new appointee will serve until next year and then is expected to run for the two remaining years of the term.

Three local residents were among the 17 applying for the vacancy from the college district. We were encouraged when two were among the five finalists from whom the board would make its choice — but last Wednesday the board tapped Sharon Sarris of Livonia.

It helps a little that Tim Richard at the Livonia Observer, with whom we are affiliated, also finds the selection of another Livonian disappointing. He has followed the board's activities closely for many years and has an educated perspective on the situation. He explains well:

Schoolcraft College trustees last week muffed a chance to build bridges to areas where college strength is soft. After deadlocking for five ballots, the six remaining trustees appointed a Livonian, Sharon Sarris, to a vacancy created by the resignation of another Livonian, Nancie Blatt.

Schoolcraft College District was formed from five K-12 school districts in northwestern Wayne County. Of those five, Livonia has about half the population. Plymouth-Canton and Garden City about 40 percent, and Clarenceville and Northville the remaining 10 percent.

Until Blatt's resignation, the Schoolcraft board was dominated 6-1 by Livonians. With Sarris's appointment, it will stay that way. Schoolcraft trustees know the two-year college increasingly is being perceived as a "Livonia" institution. The idea is not something this writer (Richard) invented. Indeed, at least two trustees, Rosina Raymond and Paul Kadish, unsuccessfully advocated that college trustees be elected from sub-districts so that all geographical corners of the community would be represented.

There is another factor which is disappointing. Sarris comes out of the same 2nd District Women's Political Caucus and Democratic

party which produced trustees Raymond and Laura Toy. On paper, she looks like a clone of Raymond and Toy. Well, the Schoolcraft College board is certainly enriched by a liberal feminist Livonian point of view — but all three women with the same credentials? I'm not certain I will care for that, any more than I would want (say) three Elaine Donnellys there. A board needs diversity.

I hasten to add, however, that Kadish assures me Sarris won't be a Raymond-Toy clone and will have the kind of independent streak Blatt often displayed. Kadish is a trustworthy chap, but even he must admit the whole thing looks bad on paper.

The board deadlocked 3-3 between Sarris and Armen Barsamian, a member of the Garden City Board of Education. Barsamian might have been a 4-2 shoe-in on the first or second ballot but for one thing: he didn't want to give up his seat on the Garden City board. That turned off Kadish who wanted to vote for Barsamian. Granted the attorney general says a person can serve on both a K-12 and community college board; nevertheless, it just doesn't look good. So trustee Michael Burley, who had supported Barsamian on the early ballots, switched his vote on the sixth ballot, and that put Sarris in.

Saying Sarris has good credentials and intelligence, Tim Richard emphasizes his purpose is not to knock the appointee. What happened reflects, he states, on the board, not her — in fact, he says, one can make a good case for Sarris.

The voters elected Blatt, who was a former teacher working in private business and a Livonian. It may be only fair that the board replace her with a former teacher working in private business (cable TV) and a Livonian.

But the bottom line is this: there is no one from Clarenceville, Garden City or Northville on the Schoolcraft College Board. Of the three women on the board, there is none who espouses more traditional political views. Thus, the half-dozen Livonians who rule the roost must work harder than ever to represent the views of all elements of the college community.

Actually, one can make a case that the Schoolcraft board for years has been extremely sensitive to the needs of all corners of the district and has bent over backwards to make the smaller districts feel a part of the community college community.

But some days it just doesn't look like it.

Off the record

By JEAN DAY

Ford, union visit evokes memories of a lesser past

On Monday morning at 10 a.m. a week ago John A. Betti, Ford vice president of powertrain and chassis operations, and UAW vice president Donald Ephlin, head of the union's Ford division, with Norman Fultz, union local 896 president, and J. William Sherrick, who is to be the Ford plant manager here, along with other officials, visited The Record office.

They were en route to an 11 a.m. press conference at the Ford water wheel plant where the announcement was made that Ford is reopening its Northville plant to build fuel tanks for Ford-built products and service and repair shipping racks used by Ford plants.

The new spirit of cooperation that brought both top union and management to the plant for the announcement also was the reason for the stop at the newspaper. Because The Record always has followed activities at the plant closely, reporting week-by-week on ways the closing affected the community and on union efforts to keep it open, we had been disturbed that official announcements routinely had been issued the day we published.

Because we are a weekly newspaper committed to covering local news, The Record resented being a week late in reporting a most important local happening — and we said so, both editorially and to the Ford public relations people. The visit to The Record office proved they were listening, and we're most appreciative.

It enabled us to report additional details — and to feel firsthand the spirit of cooperation that Betti called "the exciting part," which enabled Ford and the UAW to find a way to open one of the company's smallest

plants. Betti explained that Ford had been looking at "things more labor intensive" to employ as many as possible at the plant.

Betti observed that he felt it appropriate that one of the most unique labor-management happenings was taking place in Ford's historic plant, commenting, "I don't think we could have done this a year or two ago." Ephlin agreed, pointing out that a "great deal of employee involvement is taking place." He called it "a unique opportunity."

For this writer the opportunity to hear union and management top leaders explaining how they are working together was a career highlight. I had grown up in industrial Flint and remembered the great bitterness and hardships as union and management opposed each other in the days of sit-down strikes.

I went home and delved into the box that holds notebooks, papers and all the other things you take with you when you leave your parents. I was seeking a term paper I had written on the labor movement. It included the statement that, "The leaders of industry must treat (the worker) as a man." It noted that it was only in 1944 that the union itself United Automobile Workers (CIO) had voted to create a fair policies committee to handle questions of racial, religious or nationality discrimination within the union — it was the first time such a step had been taken by a labor union.

Many steps have been taken since. It's good to be able to report on the most recent. Thank you, George Trainor (regional public relations manager) and Norm Fultz (for reminding officials of our interest and deadlines).

About Town

By JOHN GALLOWAY

After the fact

By PHILIP JEROME

Scenes from a marriage.

She (filling out checks): What's the date today?

He (doing the crossword puzzle and watching Barney Miller): It's the second, September second.

She (suddenly animated): The second? September second? Do you know what tomorrow is?

He (stuck on a five-letter word for Malayan archipelago): Yep. It's the third, September third. It always follows the second. Just remember the old saying, "Thirty days hath September, etc...etc...etc." The third follows the second in every one of them.

She (slightly frustrated): I remember all that, but doesn't the third, September third, ring a bell somewhere in the distant recesses of your mind? Like maybe something that happened 16 years ago?

He (still stuck on a five-letter word for Malayan archipelago): Sixteen years is a long time, my pet. It's really not fair to expect me to remember something that happened on September third — 16 years ago.

She (becoming more frustrated): Let me give you a hint, turkey. I was wearing white, get it? Something old, something new, something borrowed, something blue. We went to the inn at the airport after the reception, and you were happy because we got there in time to watch "Bowling for Dollars."

He (suddenly cognizant that he'd better pay attention to the conversation): Ohmigod, do you mean . . . Could it be . . . You mean that . . . tomorrow's our anniversary.

She (happy again): I knew you would remember. You always remember things like that.

He (happy to have remembered in time to save his neck): You wouldn't expect me to forget the happiest day of my life, would you? The church . . . the reception . . . all our friends and relatives . . . "Bowling for Dollars."

She (even happier): You're such a romantic.

He (gallantly): I'm a lucky man, my pet. By the way, do you know a five-letter word for Malayan archipelago?

Events and information services employed in Novi

To the Editor:

An editorial in the August 25th Northville Record suggests a plan for disseminating local events information. Rather than having events conflict with other area attractions, the editorial recommends that local Chamber of Commerce offices serve as clearinghouses for local events information. One local community, Novi, has had such a clearinghouse service in existence for more than two years.

As a cooperative effort, the Novi Community Education Office, the Parks and Recreation Department and the Novi Public Library have created a Community Calendar and a Community Referral Information Service.

The calendar, housed at the Community Education Office, is accessible by telephone at 348-1200. People needing dates, times and locations of events may call this service between 1:30 and 8 p.m. Monday through Thursday. On Fridays, the service is available from 11 a.m. to 5:30 p.m. At other times and on Saturdays, the public may call the Novi Public Library (349-0720) which also maintains and shares events information.

If such information needs clarification, the library offers the Community Referral Information Service which can quickly provide names and telephone numbers for the over 100 local organizations that sponsor events. Program planners are encouraged to consult the Community Calendar before confirming their arrangements so that they may avoid the scheduling conflicts that you refer to in the editorial.

To publicize the Community Calendar and the Community Referral Information Service, an audiovisual presentation has been prepared. This is available to any area group that wishes to learn more about these services.

Although the Novi Chamber of Commerce is not directly involved in gathering and disseminating events information, they do support and use the clearinghouse service. In fact, the Novi Chamber's full schedule of programs contributes greatly to the list of activities on the Community Calendar. Dianne Bish, library administrator, serves on the chamber's board of directors which helps to maintain open channels of communication.

We hope to become part of any future network of events information and feel

confident that, with local groups' support, we can provide accurate and timely data about events in Novi.

Sincerely,
Brenda Burrell
Public Services Librarian
Novi Public Library

Back-to-school feature story and art praised

The "Are you ready for school?" feature complete with a half-page photo depicting the properly attired boy and girl was great. Michele McElmurry, Steve Fecht and Stephen Cvengros are to be congratulated.

Harry A. Stearnes
Plymouth

Asks for extra session of block grant council

To the Editor:

I have taken the liberty of forwarding your editorial from last week's edition relative to the Community Block Grant

review process to each of the communities in Wayne County that participate in the program. Perhaps, if the elected officials from those communities have an opportunity to read your point of view, they might be willing to support my call for a special meeting of the advisory committee.

For the past four years I have represented Sumpter Township on the Board of Commissioners. It seems that whenever a dump is needed people talk about opening one in Sumpter. When the DNR does not follow up on a monitoring process for a toxic waste dump, then Sumpter Township should seek out whatever funding possible. Their human need in Sumpter should outweigh a beautification need in the Grosse Pointes.

Having walked the streets of Park Gardens I can attest to the problem and the real need for sewers. If the cost has soared on this project and if there is a potential, if not current, health hazard; then the Northville-Township officials should seek out whatever additional funding help they can discover. This human need in Northville Township should also outweigh a beautification need in the Grosse Pointes.

It is my hope that another meeting of this advisory committee will allow for a second look at the method by which their decision was reached in the first place.

It is my hope that your editorial opinion will help those communities that voted the way they did to allow a second look at the Sumpter and Northville requests. You were most correct in stating that "the selection of a beautification project over several applications that dealt directly with human needs for waste disposal, housing and jobs creation is a travesty."

Yours in community service,
R. William Joyner
Wayne County Commissioner

EDITOR'S NOTE: The above letter was accompanied by a copy of Joyner's communication to participating communities in which he sought official support for the calling of a special meeting, suggesting that a portion of the money placed into housing rehabilitation - programs could be removed and allocated to the Sumpter Township and Park Gardens projects.

"Straight Talk On Processing"

What question do I most often hear from people walking into our store seeking advice?

"Why don't my pictures look true to life?"

When I take a look at their snapshots, I see off colors, poor exposures, dust spots, and prints that deserve to be deep sized instead of cherished.

So often their problem is in their processing rather than in their picture taking.

Take a look at the back of your picture. If there is no printing on it, the paper was not made by Kodak. Many companies compound this problem by poorly analyzing the negatives and skipping on how often they change their chemistry in hopes that a lower price will get you to use their processing. Unfortunately these sacrifices can lead to greatly reduced print life and poor prints that you won't want to show your friends.

f-Stop offers both Hite and Kodak processing. Hite, which uses Kodak paper, has an expensive new printer-analyzer that guarantees your prints will look better than any you have had before. This, combined with Hite's low price, next day service and Bloopers-Buy-Back policy assures that your photographs will give you sparkling true colors while providing the fast service you expect. Hite also offers professional 4X6 inch prints.

Why does f-Stop take in more processing than any other retail store or photo booth in the area? Because f-Stop's processors are not about to skip on your photographic memories, plus you receive from f-Stop a "5 gift certificate with every \$50 in processing (contact f-Stop for details.)."

"Stop in today at f-Stop, 43220 Grand River in Novi, 348-9355."

THE WAYNE COUNTY BOARD OF PUBLIC WORKS ANNOUNCES A PUBLIC HEARING

ON A RECOMMENDED ALTERNATIVE FOR TREATING WASTEWATER IN THE HURON VALLEY NORTH SERVICE AREA TO SERVE THE FOLLOWING COMMUNITIES:

OAKLAND COUNTY	WAYNE COUNTY
White Lake Township	City of Northville
Commerce Township	Northville Township
Village of Wolverine Lake	City of Plymouth
City of Walled Lake	Plymouth Township
City of Novi	
Novi Township	
City of Wixom	

ON: TUESDAY, OCTOBER 19, 1982, AT 7:00 P.M.

AT: Northville High School Auditorium (tentative)
775 North Center St. and Eight Mile Road
Northville, Michigan

Public opinion is sought and private citizens, public officials, businesses and public interest groups from these communities and surrounding areas are invited to comment on any environmental, social and economic impacts of this wastewater treatment alternative and its implementability.

At the Public Hearing, the Wayne County Board of Public Works and its consultants will describe the wastewater treatment alternative that is recommended from the six preferred alternatives. Public input is necessary at this time to finalize the recommended alternative.

It has been concluded that the recommended alternative provides the most desirable solution to the wastewater needs of the Huron Valley North Service Area through the planning period year 2005. It provides for flexibility in community participation, the potential for staged construction, compatibility with existing systems, and the opportunity for contractual refinement.

DETAILED INFORMATION IS AVAILABLE FOR PUBLIC INSPECTION

Copies of the draft Facility Plan for the Huron Valley North Service Area, including descriptions of all the alternatives and their impacts will be made available 30 days prior to the Public Hearing. Materials can be reviewed at the offices of the above listed communities or at the following locations:

NORTHVILLE PUBLIC LIBRARY
215 W. Main at Wing Street
(Northville City Hall)

WALLED LAKE CITY LIBRARY
1499 E. West Maple
(Between Pontiac Trail & Decker)

FRED C. FISCHER PUBLIC LIBRARY
167 4th Street at Charles
Belleville, MI

HURON VALLEY PUBLIC LIBRARY

City appoints two to DDA

Northville city council has renewed expiring terms of two commission appointees as well as two terms of members of the Downtown Development Authority.

Ray J. Casterline II was named to another five-year term on the city housing commission effective at the expiration of his current term on September 15. As the action was taken at its August 23 meeting the council commended Casterline for his "outstanding service" on the commission which works closely with Allen Terrace administrators.

Paul Dawson was appointed to another four-year term on the library commission at the expiration of his present term September 30.

Ed Jamieson and Tom Rice, whose terms on the Downtown Development Authority expire September 30, were named to new four-year terms.

All actions were taken unanimously as City Clerk Joan McAllister reported all four had been contacted and were willing to continue serving.

Crosby exhibits

Northville Township artist Johnnie Crosby will appear in a special exhibit at The Frameworks in Plymouth during the Plymouth Fall Festival.

A watercolorist, she will be exhibiting her works with batik artist Katie Fox of Salem and mixed media artist Bell Hull of Livonia.

An opening reception will be held at The Frameworks from 7-9 p.m. Friday. The exhibit will continue through October 9.

Her awards include first, best of show and honorable mentions in the Ann Arbor Women Painters shows, J.L. Hudson and Michigan Water Color Society Travel Show and several local exhibits.

In Touch

Abuse law considered

By JACK KIRKSEY
State Representative

Child abuse. Behind these two words is the vivid reality of broken bodies and the shattered spirits of young people who are battered by the very ones they look to for loving care. Often the abuse goes unnoticed by friends, neighbors and teachers, or suspicions are discounted by false explanations of "accidents" or justified as reasonable "punishment."

But as newspaper headlines indicate and as a special legislative committee is learning, child abuse exists in every segment of the population and it is increasing in staggering numbers. By the time newspapers print the story the child is often dead or so horribly injured or maimed it is difficult for the imagination to comprehend.

In 1975 the Michigan Legislature enacted a law that spells out the procedure to be followed in child abuse cases. But many cases still "fall through the cracks." For the past several months the House Committee on Social Services and Youth has been holding a series of hearings to determine why. It called in a number of experts in the field, including the director of the Department of Social Services, the agency which is responsible for protecting children from cruelty at the hands of adults.

Through these hearings the committee hoped to find out whether or not there are flaws in the system that demand immediate correction. We know that child abuse cases are on the increase but we need to know why. How many cases are unreported and undetected? Child abuse cannot be tolerated and the state cannot shirk its responsibility as advocates for children.

Experts generally agree that stress caused by unemployment can be a factor in child abuse. Michigan's devastating economic situation has forced 620,000 men and women out of work — people who, under these unusually stressful conditions, may take out their anger and frustration on their children. The committee is convinced that we should be looking at the root causes of child abuse and turning our energies toward programs to prevent it, rather than merely dealing with the tragic symptom: the battered child.

In the meantime, the committee has under consideration a bill that would require any suspected incident of child abuse to be automatically reported to the local law enforcement agency for investigation. The Child Protection Act, which this measure would amend, greatly limits the involvement of law enforcement agencies in child abuse

cases. Because of this, it's extremely difficult to gather evidence of abuse even if a family repeatedly comes to the attention of the Department of Social Services and the tragic result is more child abuse and fewer opportunities for prosecution.

Before the legislature adjourned for the summer, the House approved a bill to create the Children's Trust Fund through voluntary contributions collected through the State of Michigan. An optional check-off would be included on state income tax forms for taxpayers who wish to contribute \$2 of their refund to the Child Abuse Prevention Fund. It will be taken up in the Senate later this year.

There is no question that child abuse is an extremely serious social problem as well as equally serious criminal problem. It's imperative that we take strong action to curb it. The cost in battered bodies and spirits is a price we simply should not pay.

Supports reform of county roads

Livonia-Northville Republican State Representative Jack Kirksey is co-sponsor of a bill that would place the Wayne County Road Commission under the control of the county executive. Kirksey and co-sponsor Sylvia Skrel (R-Livonia) vowed to press for passage of the bill so that it takes effect before the first Wayne County Executive takes office in January.

"Wayne County needs to have the Road Commission under the executive's control by the time he's sworn in," said Kirksey. "To wait until later to take up consideration of this would be unfair to the people of the county, and unfair to the new county executive. We can no longer allow this blatant power abuse of county tax dollars to continue unchecked. The sooner we pass this measure the better Wayne County will be."

Skrel said it is "absolutely essential that this new change in the Wayne County reorganization be in place as soon as possible. We introduced this bill in mid-June and it is just now receiving the attention it should have received then."

Several Wayne County legislators co-sponsored the bill that would place the currently autonomous Wayne County Road Commission under the direct control of the county executive. The road commission employs 1,300 people and has a budget in excess of \$145 million.

CITY OF NORTHVILLE NOTICE OF PUBLIC HEARING ESTABLISHMENT OF INDUSTRIAL DEVELOPMENT FOR BELANGER, INC.

Notice is hereby given that a public hearing will be held by the Northville City Council at 8:00 P.M. on Monday, September 13, 1982, in the Municipal Building, 215 W. Main St., to consider the establishment of an Industrial Development District pursuant to Act 198, Public Acts of 1974, as amended.

The proposed district would include the property owned by Belanger, Inc., described as follows:

Lots 10, 62, 63 & 64, Northville Assessor's Plat No. 1.

The purpose of the Industrial Development District is to allow consideration of a partial exemption of property taxes for a new industrial facility.

NOTICE OF HEARING ON SPECIAL ASSESSMENT IMPROVEMENT BY NORTHVILLE TOWNSHIP BOARD

TO THE OWNERS OF THE FOLLOWING - DESCRIBED PROPERTY:

All tax parcels of land on Marilyn Avenue, Maxwell Avenue, Fry Avenue, and Park Lane within the area known as Park Gardens Subdivision excluding tax parcels 13J32A1, 13J32B1 and 13J28A. Said area being bounded by Northville Forest Apartments on the West, Five Mile Road on the South, tax parcel 13H1B2A on the North and tax parcel 13L1 on the East.

PLEASE TAKE NOTICE that the Township Board of the Township of Northville has tentatively declared its intention to make the following described improvement:

SANITARY SEWER MAINS TO SERVE THE FOLLOWING - DESCRIBED LANDS:

All tax parcels of land on Marilyn Avenue, Maxwell Avenue, Fry Avenue, and Park Lane within the area known as Park Gardens Subdivision excluding tax parcels 13J32A1, 13J32B1 and 13J28A. Said area being bounded by Northville Forest Apartments on the West, Five Mile Road on the South, tax parcel 13H1B2A on the North and tax parcel 13L1 on the East.

There has been tentatively designated the special assessment district against which the cost of said improvement is to be assessed as consisting of all the lots and parcels of land set forth above.

Plans and estimates have been prepared and are on file with the Township Clerk for public examination.

TAKE FURTHER NOTICE that the Township Board will meet on September 23, 1982, at 7:30 p.m. at 41600 Six Mile Road in the Township of Northville for the purpose of hearing any objections to the petition, to the improvement and to the special assessment district therefor.

NOTICE TO TAXPAYERS

Beginning October 1, 1982, an additional penalty of \$10.00 will be added to each 1980 and prior years delinquent tax that appears unpaid on the records of the county treasurer. This amount is added according to the provisions of Section 211.59 and 211.60 compiled laws of Michigan to cover the expense of sale at the next May tax sale.

Immediate Payment will save you this additional penalty and keep your property from appearing in the public list of lands to be offered at tax sale.

Banned Book Week recognized

To acknowledge Banned Book Week, Bookstall on the Main currently is displaying several books subjected to banning by groups or individuals throughout history.

Banned Book Week, sponsored by the American Booksellers Association, American Library Association and the National Association of College Stores, is an attempt by the three associations to support the individual's right to choose the books of his or her choice and to point out the dangers of relinquishing that right.

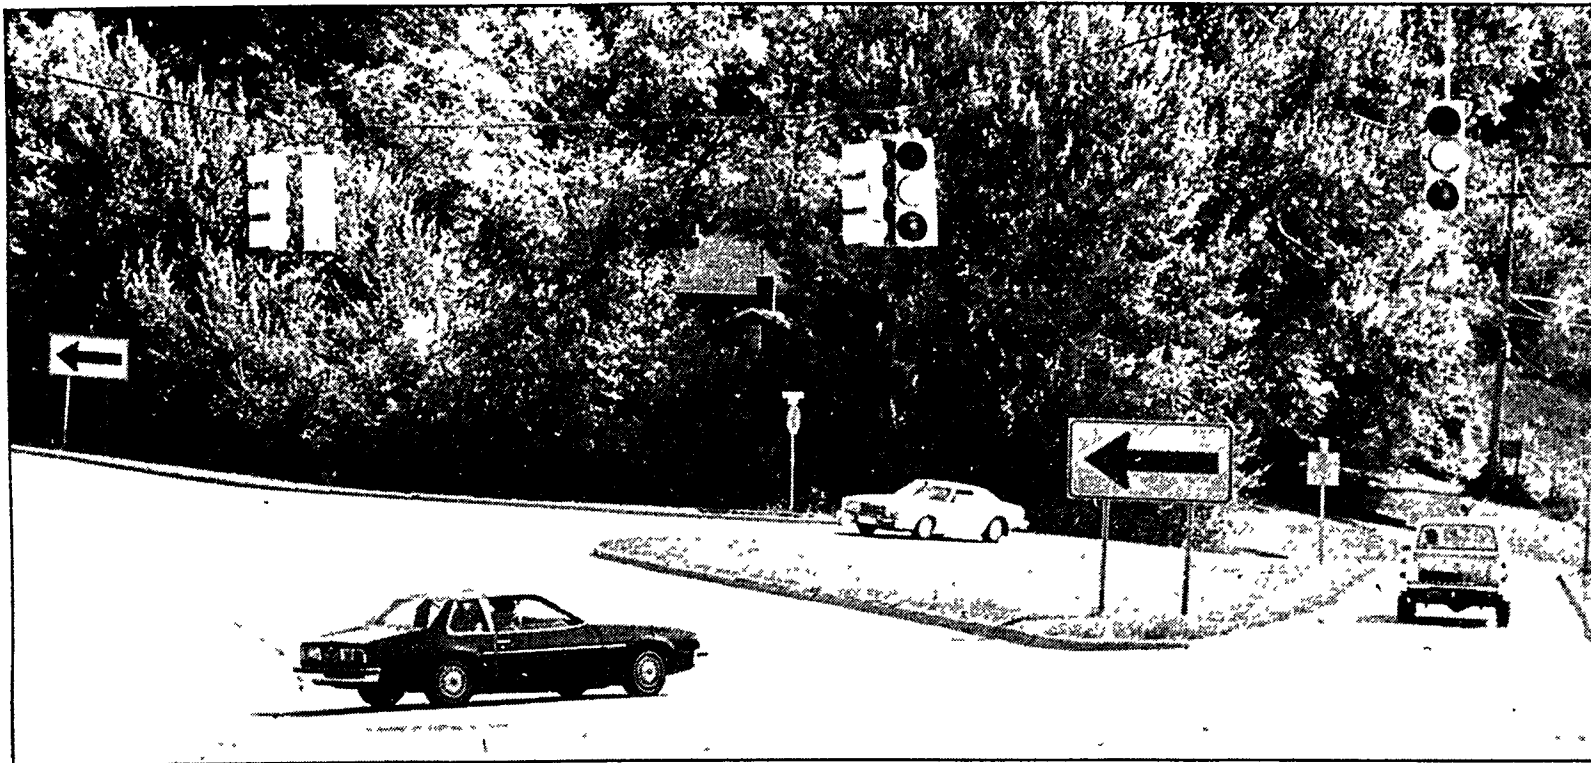

Books currently on display at Bookstall on the Main include The American Heritage Dictionary, The Bible, The Great Gatsby, Sherlock Holmes, The Adventures of Robinson Crusoe, Deliverance, Passages and others.

CITY OF NOVI NOTICE

Notice is hereby given that the City Council wishes to set up a citizens committee to review four specific areas of the Charter and make recommendations to the Council. Anyone wishing to serve or desiring additional information may phone the Clerk's office at 349-4300.

Ready for school

The Oakland County Road Commission installed a traffic light at the intersection of Eight Mile and Taft roads last week — just in time for the start of school. The intersection has long been the subject of debate among both city and school officials — who have cited the need for some sort of traffic signal to help curb the accident problem. While the light currently is just flashing, officials note that it may be actuated during school crossing hours.

Mormons spread the word

In their neat white shirts and dark slacks, the two young men are seen frequently around town, anachronisms perhaps in a world of cut-offs and jeans.

Who are they? And what are they doing?

Their names are Phillip Martin and Bryce Buck, and they're missionaries for the Church of Jesus Christ of Latter Day Saints. What they're doing is telling people about their faith and their beliefs.

"Our church is nicknamed the Mormon Church because we believe in the Book of Mormon," explained Martin, a 23-year-old from Portland, Oregon.

"We believe in the Bible, too," adds Martin, who is 20 and hails from Pocatello, Idaho. "The difference is that we believe the Book of Mormon is another book of the Bible."

Elders Martin and Buck, as they're called in the church, are participating in the youth missionary program which is an integral part of the Church of Jesus Christ of Latter Day Saints.

Although the missionary program is strictly voluntary, all youth in the church are encouraged to give up 1½ years of their lives to spread the beliefs of the Mormon religion.

At the present time, there are approximately 30,000 youth in the mission program.

Elders Martin and Buck are assigned to the Michigan-Dearborn mission and currently are working in the Northville-Novi area.

The young people who volunteer for missionary work receive no compensation whatsoever from the church which has no paid clergy. They are responsible for all their expenses, including food, clothing and shelter.

"You either earn enough money before you start your mission work or are helped by your family," reports Martin, who will be a junior at Oregon State University when his missionary work concludes.

Mormon missionaries are required to work 6½ days per week and receive a half-day off to take care of personal

matters such as washing their clothes and cleaning their apartments.

Their days begin at 9 a.m. and they often work to 9:30 at night spreading the message of the Mormon church.

"The message of our church is simple," says Buck, who worked as a carpet layer in Las Vegas to earn enough money to finance his mission work. "The Mormon religion believes that the Church of Jesus Christ has been restored to earth and God is speaking to them in contemporary times through a modern-day prophet."

The Church of Jesus Christ of Latter Day Saints was founded in 1827 when a man named Joseph Smith found a manuscript in a cave in New York. Smith translated the book which is now known as the Book of Mormon.

In essence, Mormons believe that God is still sending prophets to earth who speak to mankind in contemporary times.

One of the messages imparted by Elders Martin, Buck and other Mormon missionaries involves the church's belief in the Family Home Evening Program. Family life is extremely important in the Mormon church, which encourages people to set aside one night per week to be together as a family.

"Some families may read the Bible and join in scripture studies, while other families may go rollerskating," explains Martin. "Every family is different and has different interests. The important thing is that the family should be together at least one night per week."

Elders Martin and Buck admit they meet with varied success.

In fact, said Martin, missionary work can be extremely frustrating.

"Most people say they're not interested or they already have a religion," he reported. "There's a lot of rejection."

"But it also can be very rewarding," he added. "We believe in what we're doing, and when people take time to listen, it makes everything well worth the effort."

Stage I sets open house

Area residents interested in community theatre are invited to attend an open house of Stage I Productions at 8 p.m. September 15 in the Novi Community Building.

Purpose of the open house, reports Chris M. Ruona, is to acquaint others with the theatre group. Visitors will have a chance to see parts of previous shows, chat with members and ask questions.

Antique shops will be featured during Milford's annual home tour

By ALICE DAVIES

Question: When is a home tour more than just another walk through another home?

Answer: When you can drive through the hills of Western Oakland County and find at journey's end:

- A village that looks like a small-town movie set; shaded streets, porch swings, 19th century shop buildings marching along the one-and-only Main Street
- Ten exceptional tour sites dating from 1837
- A woodwind quintet performing inside the walls of a picturesque stone-walled church
- A costumed quilter at fireside, working at her craft
- A variety of food and drink choices when your touring is done.

The 1982 Milford Historic Homes Tour set for the September 18-19 weekend will offer all this and a lot more. Local merchants like Skip Dowler, who runs Francore's Antiques, will keep tour hours.

"Someone might discover us," Dowler laughed. The shop, a stone basement area below a shoe repair, has a blue-painted door opening onto the Commerce Street level, even though the legal address is Main. "That's because we're on the corner, I guess," Dowler said.

Another antique shop, J&R Resale Antique, is just a few doors up the street, located in the first brick building built in the village. Within the same block are two unusual art galleries.

The waterfall dropping from the upper mill pond provides a dramatic setting

Photo by STEVE FECHT

Skip Dowler of Francore's Antiques in Milford has a shop full of antiques for home tour visitors

for the Mill Gallery at 100 West Commerce. The gallery, once part of a working roller mill on the site, today houses exhibits, matting and framing space. Hanging sculpture and mirror-image prints will be on exhibition.

Main Street Art, a gallery offering the work of fine Michigan artists and craftsmen will also keep tour hours Sunday. All four village businesses are centrally located in the village.

Within the same walking area at 335 North Main, chef Chris Angelosante will offer a special menu at his Appe'teaser Restaurant. The unusual quality of both food and service has attracted an unusual following for this Main Street eatery.

"So far out, it's in," is the way one Detroit daily explained the large out-of-town crowds that have discovered the Appe'teaser. Normally closed on Sunday, the Appe'teaser made an exception for the Home Tour this year and will open from noon to 7 p.m.

At the Historical Museum, visitors can enjoy a five-room representation of Victorian living, as well as a "Saturday Night Bath" and kitchen scene. Village Florist owner Roberta Bearup will turn the 1876 Jewett Kern House into a showcase of historical floral styles.

The 10 tour sites range from a classic white Greek Revival in the 1837 Andrews-Hulewicz House to the 1880 turrets and ruby glass of the ornate Bissell-Craigie House. Sure to be a crowd-pleaser, the 1855 cut stone house built by Squire Washington Rowe in Highland Township will be open to the public for the first time on this tour.

An 1881 brick schoolhouse, now serving as a home; another 1850 Greek Revival built by a prominent early citizen; a graceful 1873 Italianate wooden house now adapted as a beauty shop — each of the 10 sites has its own charm and interest.

Begun by the Milford Historical Society in 1976, the annual home tours have attracted more interest and support each year. Last year's tour drew more than 1,300 visitors. Again this year, antique car owners from the Brighton chapter of the Veteran Motor Car Club of America will be on hand for the tour.

On tour days, tickets will be available at all 10 sites; \$3 for adults and \$1 for senior citizens and students. Tour hours are Saturday 10 a.m. to 5 p.m. and Sunday 1-5 p.m.

Home Tour programs provide a Food & Drink area directory, as well as area listings for dealers in antiques, arts, crafts and collectibles.

Novi slates exposition to honor businessmen

Novi officials will demonstrate their appreciation for the business community by hosting a "Novi Business/Industrial Exposition Day" this Saturday at the Sheraton Oaks Hotel.

The exposition is co-sponsored by the Novi Chamber of Commerce and the Novi Economic Development Corporation (EDC).

"What we're trying to do," explained Donald Grevingood, president of Security Bank of Novi and chairman of the Novi EDC, is show our appreciation for the business people in our community by giving them a forum in which they can demonstrate their products and discuss their concerns with local officials."

Grevingood also noted that the Exposition Day will serve several additional purposes:

"The public is invited to attend the displays and exhibits during the afternoon in order to have a better idea of the types of products which are being manufactured in their home town," he said.

Further, the Exposition Day is designed to give local businessmen an opportunity to meet with each other. "Hopefully," observed Grevingood, "we hope to stimulate conversation among the members of our business community which will be beneficial to all parties concerned."

The Business/Industrial Exposition Day is being sponsored in conjunction with Novi's "Community Appreciation Weekend" and has been set aside to recognize and honor business in Novi.

The morning has been reserved for the business community to be involved in informal discussions with community leaders, city officials and legislators. A business appreciation luncheon will be served at noon.

'What we're trying to do is show our appreciation for the business people in our community . . .'
— Don Grevingood, EDC Chairman

Space will be provided in the Sheraton Oaks' ballroom for 20 Novi businesses to display their products to fellow business associates.

Nancy Chambers, a CPA and an officer in the Novi EDC, reported that businesses which will be exhibiting their products include Kelly Services, G.F. Enterprises, Novi Manufacturing, Vicete Engineering, Classic Products, Heath Electric, Foote Gravely Tractor, Weiss Pollution, Star Pak Solar Systems, Allor Manufacturing, Darling Manufactured Homes and Marty Feldman Chevrolet.

Exposition Day opens at 10 a.m. for exhibits and informal discussions between members of the business community and city officials. The business appreciation luncheon will be served at noon; featured speaker will be John Gross from WXYZ-TV in Detroit.

The exhibit areas will be opened to the public at 1:30 p.m. A fashion show coordinated by Twelve Oaks Mall and Sheraton Oaks will be presented at 2 p.m. And the Exposition Day concludes at 4 p.m.

Anyone interested in additional information about the Novi Business/Industrial Exposition Day should contact Lydia Moses, secretary of the Novi Chamber of Commerce, at 349-3743.

Business Briefs

STARR ADVERTISING, Incorporated, of Northville, has been appointed new agency of record for American-Lincoln, a division of the Scott & Tetzler Company with headquarters in Bowling Green, Ohio. Effective immediately, Starr will be responsible for the company's total advertising and marketing efforts.

American-Lincoln manufactures and distributes a complete line of industrial floor maintenance equipment and supplies for use in industrial, parking, public works and other commercial applications. According to Don Houser, vice president of marketing at American-Lincoln, plans now are under way to re-position and revise the company's approach to the market. Bruce A. Masters, senior account executive at Starr, will handle account management on the agency side.

COMMUNITY NATIONAL BANK has declared a substantial reduction in interest rates for 1982-83 automobiles in a move to further stimulate consumer spending and aid local auto sales.

Interest rates for new car loans financed for periods up to 36-months have been reduced to as low as 15 percent. The action reflects CNB's substantial earnings improvement over profit levels a year ago, along with the drop in current cost of funds.

Warren Eierman, chairman of the board and president of Community National, said earnings for the first six months of 1982 show a significant increase over last year's figures for the same period. "Although the road to complete recovery still looms ahead, our improved earnings picture for the first half of 1982 is an encouraging sign for local optimism," he said.

"While our market rates have traditionally maintained a competitive posture with other lending institutions," Eierman continued, "this aggressive rollback in auto rates reinforces the commitment to interject renewed confidence within our community."

"The optimistic long-range goal looks toward a continued earnings improvement for Community National Bank, thereby reinforcing our stand as a leader in the battle for economic recovery," he concluded.

VETERANS, YOU CAN STILL EARN ARMY PAY AND BENEFITS.

If you can spare a week-end a month plus two weeks year to serve at your local Army Reserve unit, you can earn an extra income of over \$1,222 a year.

You'll get such benefits as your PX privileges back, and even your old rank if you join within 30 months of our discharge.

Call your Army Reserve representative in the Yellow page under "Recruiting."

CARL JOHNSON poses in front of the refurbished entrance of his real estate office at 125 East Main in Northville. The Realtor is one of several local Northville businessmen who have remodeled their store or business fronts this summer following the dedication of Mainstreet '78, a city renovation project that beautified the downtown area in keeping with its Victorian origins. A matching awning blends in with the 1900-era facade of the real estate office.

GREGORY ALBRIGHT is the new owner of Green's Creative Home Center at 107 North Center Street in Northville. Albright purchased the business August 1 from Howard and Lois Green.

Albright, 31, has been in the paint and wallpaper business for the past 12 years. He was a representative for the Pratt & Lambert Paint Company for eight years and the O'Brien Paint Corporation for two years. He is the former Fuller-O'Brien area representative.

Green's Creative Home Center specializes in all types of interior/exterior paint, wallcoverings, window treatments and other interior decorating items.

Albright said the center has one of the largest selections of wallcovering books in the area. "We're adding lines to the store which will complement the appearance and improve the product mix," he reported.

"We've added four suppliers in the window treatment department so customers can proceed with virtually any type of horizontal or vertical window design imaginable." The sundries department also will be expanded.

Albright stressed that the store will continue to offer fine service and employees who are knowledgeable in home decorating. Green's is now offering in-home measurement and installation of window treatments and will soon offer in-home decorating service.

Store hours also have been expanded. Green's Creative Home Center is open Monday, Wednesday and Friday from 8:30 a.m. to 8 p.m.; Tuesday and Thursday from 8:30 a.m. to 6 p.m. and Saturdays from 9 a.m. to 5 p.m.

Realtors cite need to down-size housing

Facing similar affordability problems, home builders are following the lead of car makers in downsizing their product and dropping costly add-on features.

This will mean an even broader range of choice for future homebuyers when these single-family units come on the resale market, according to the Western Wayne Oakland County Board of Realtors (WWOCBR).

"There was a great deal of talk about the need for 'no-frills' housing as prices kept going up during the '70s," said WWOCBR president Lloyd Mason. "But in reaction to the market, new homes kept getting bigger with more and more amenities."

"Now the affordability crunch is combining with changing life styles to reverse that trend. A lot of this may stem from the entrance of more single persons into the market and a desire for lesser needs for home maintenance."

A study of new homes built in 1981 shows an average square footage of

'There was a great deal of talk about the need for 'no-frills' housing as prices kept going up during the '70s. But in reaction to the market, new homes kept getting bigger with more and more amenities.'

— Lloyd Mason, WWOCBR president

1,550, 45 less than a year earlier and 105 less than the peak housing year of 1978. Aiding the drop last year were one in every four new homes built with less than 1,200 square feet of living space.

The study found fewer new homes being built with four or more bedrooms, 20 percent compared to 24 percent in 1978.

Those with three bedrooms also dropped from 64 to 59 percent while those with two bedrooms or less climbed from 12 percent in 1978 to 21 percent in 1981.

More smaller homes last year also brought a significant change in the proportion equipped with two or more bathrooms and those with a bath and a half. The percentage with a single bathroom grew from 15 percent in 1978 to 20 percent last year.

Fireplaces, a fixture in 64 percent of new homes in 1978, slipped to only 55 percent by the end of 1981. Inclusion of

central air conditioning systems, however, continued its growth. The 58 percent reported in 1978 new homes climbed to 63 percent in 1981.

Perhaps reflecting the growth in the singles market, fewer new homes are being built with two or more car garages, 53 percent last year compared to 62 percent in 1978. The study showed that 25 percent of homes built in 1981 had neither garage nor car port.

Just as car buyers are seeking improved gas mileage, home seekers apparently are looking for lower fuel costs. While electricity continues as the heating source for half of new homes, there is a continuing shift to use of natural gas and a drop away from oil.

Other methods also have come into increased use during the past five years. Including such heat sources as wood, coal and solar energy, this other category applied to seven percent of new 1981 homes, up from only two percent a half decade earlier.

"While it doesn't show up in the study, the design of much new housing also is changing," Mason said. "As a result, there is a trend away from formal living rooms toward family rooms where more activity is centered. Areas of little use, such as hallways, also are being eliminated to make the most of available space."

Twelve Oaks Mall schedules autumn fashion spectacular

"Whatever Suits You... '82" fall fashion spectacular will be presented at Twelve Oaks Mall in Novi on Thursday and Friday, September 16-17, at 2 and 7 p.m. in center court.

The musical fashion extravaganza will feature the latest designs and styles from Alcove, Alvin's, Anton's, August Max, Chandlers, Gantos, Hudson's, Lord & Taylor, President Tuxedo, Sibley's Florshiem, The Limited and Winkelman's.

Focusing on reminiscent looks at the past combined with varied lengths, proportions and moods, fall fashions create a "total look" that is feminine and modern. It's a season of options designed specifically for today's lifestyle.

Fall fashions to premier will include suiting — a natural response to tailored or feminine moods and

menswear classics that have taken a feminine twist in women's fashions. See the inspirations of art in shapes, forms and colors that interpret this season's fashions. Early American fabrics and textures that have been recreated and the dynamic new accessories that punctuate every look also will be

highlighted. Individualism is emphasized this fall in "whatever suits you," your lifestyle and workstyle. The fall fashion statement will be disclosed at "Whatever Suits You... '82" at Twelve Oaks Mall on Thursday and Friday, September 16-17, at 2 and 7 p.m. in center court.

Mustangs fall for first time at Country Day

It was bound to happen, but the Northville soccer team did not go down without a fight.

The Mustangs were gunning for their fourth straight Detroit Country Day soccer title Saturday, but the host school finally got its revenge with a hard-fought 2-1 double overtime victory.

It marked the first time in four appearances Northville has not come away with the Country Day title, and also it was the first time Country Day has won its own tournament. Last year, the Mustangs broke open a close contest in the second half to win 5-2, but the two previous wins came by scores of 3-2 and 1-0.

The 3-2 triumph was a double overtime and shootout thriller, which was almost the case again Saturday. However, the victory for Northville was not meant to be this time.

After battling to a 1-1 deadlock in

the first half, neither team could put the ball in the net and thus sent the game into a five-minute overtime period.

Again, neither side was able to kick in a goal and another five-minute minute period ensued. With just two minutes remaining, Country Day booted in the winning goal after a scramble for the ball in front of the Mustang goal.

Despite losing the title, first-year coach Marvin Gans said he and co-coach Dan Swayne were proud of the effort turned in by the young soccer club.

"(We're) pleased with what the kids did at Country Day," he said.

"I'm very pleased we got that far (the championship contest) because we're an inexperienced team," Gans said.

Captain Greg Marshall put the Mustangs on the board first against Country Day with a good, hard drive into the net 11 minutes into the first half. "It was a super play and a good shot,"

Gans praised.

Country Day knotted the score with a goal 26 minutes into the first half. Just like the game winner, Country Day won a scramble for a loose ball in front of the Northville goal.

To reach the finals, Northville came from behind to defeat Brighton 3-2 with a goal by Omar Anisglu at the 35-minute mark in the second half.

Northville could have had more goals, as it outshot the Bulldogs 23-7, but Gans explained "what happened was we were hitting the goal post or missing the open net."

Such was the case when the Mustangs were looking to expand their 1-0 lead provided by Brian Dragon 27 minutes into the game.

Marshall was awarded a penalty kick, but he hit the goal post. Bill Butterfield came up with the rebound, but he, too, hit the post with his shot.

Brighton scored both of its goals in

the second half. The first came on a penalty kick, while the other came when the ball got away from goalie Jeff Metz to give Brighton a 2-1 advantage.

Marshall atoned for the missed penalty kick with a goal at the 30-minute mark to tie the game, and Anisglu won it five minutes later.

The Mustangs downed Birmingham Brother Rice 2-1 in the opening match

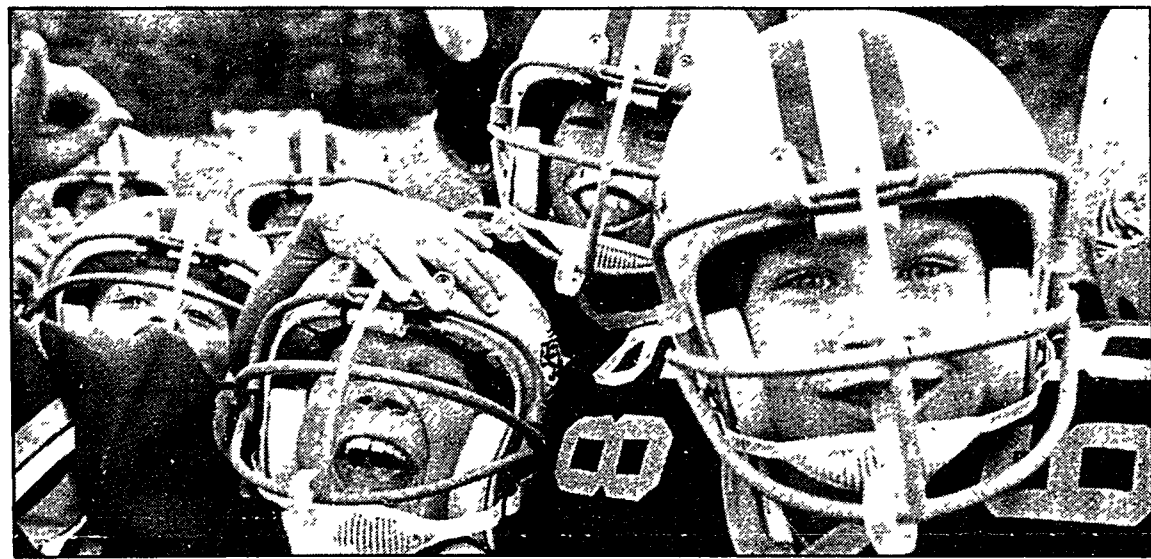

Friday on goals by Fabio Nielsen and Marshall.

The play of Metz in goal and the sophomore fullback line of Bob Goldberg, Doug May and Jim Allen during the tournament received plaudits from Gans.

"Generally, the team's spirit was good and the hustle was good," Gans offered.

Northville opens its regular season against West Suburban Soccer Association rival Farmington at 7 p.m. tonight at the high school football field. The Mustangs also host WSSA foe Plymouth Canton at 7 p.m. Monday.

Youth soccer players wearing their uniforms, and accompanied by an adult, will be admitted free for tonight's contest.

Football returns

It is that time of year again. Football is back into full swing, and coaches and players are ready to begin their drives toward league championships. The action will be hot and heavy on the high school gridiron this fall; so a special supplement has been prepared for our readers. Avid football fans will find in today's newspaper a supplement called "Touchdown '82"

which previews all of the area prep grid squads. Not only will The Record readers find a preview of the Northville Mustangs, but also rundown of the new Western Lakes Conference it has joined. So check it out to find out what is in store for Mustang football before heading to Friday night's contest.

Continued on 2-C

Graduation hits cagers hard

By JOHN MYERS

TRACY WILKINSON

With only four of five starters returning, it could make for a long girls' basketball season at Northville this fall. But first-year coach Rick Hurst is not taking that kind of an attitude.

While he realizes he has a young and inexperienced group of cagers, Hurst believes the Mustangs will be able to stay competitive with most teams on the court.

"We should be able to go out on the floor and keep our poise and play with everybody," Hurst says.

Not only are the Mustang cagers young and inexperienced, the coach is as well to varsity competition. Hurst, who coached at Meads Mill last year, replaces Gene Wagner, who guided the Mustangs to their best record (13-9) in eight years in 1981. Therefore, Hurst has changed the style of the team.

"We have an altogether new system," explains Hurst, adding he is in a learning situation just like many of

his players. "There is no comparison to what Gene's team looked like last year to what we'll look like this year."

The Mustangs used a slow, deliberate type game last season, but there will be more running this season.

"We'll be a run-and-gun type team. Every chance we get we'll try to push the ball up the floor," he adds.

"Tracy Wilkinson is our only returning player, so we have raw inexperience after that," he adds. "It's not that they can't play, but they sometimes are not able to adjust fast enough to certain situations. We'll just sit back, get our bearings and see what happens."

Northville gridgers set for Thurston opener

It is all for keeps Friday night as the Northville football team begins its regular season against non-league rival Redford Thurston at 7:30 p.m. at the high school gridiron.

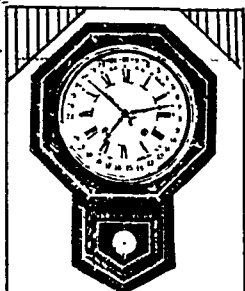

The Mustangs have been practicing since August 16, and fourth-year head coach Dennis Colligan put the team in a four-way scrimmage to get a look at his troops against other competition.

Northville scrimmaged against Dearborn Divine Child, rated one of the best Class B teams in the state, Bloomfield Hills Lahser and Wayne Memorial.

This year's edition of the Mustangs is a young and inexperienced group, but Colligan is hoping the team will jell quick enough to become a force in the new Western Lakes Conference.

The Mustangs will be looking for their third straight win against Thurston Friday night. Last year, the Mustangs downed Thurston 24-0.

For a look at this year's Mustang grid squad, and the new Western Lakes Conference, see today's special football supplement called "Touchdown '82".

HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 19.

You will notice that each square below is also numbered from 1 to 19 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

(1) After each number on your paper write the name of the sponsor of the corresponding square.

(2) Following the sponsor's name—write the name of the winning team.

(3) In addition you must pick the total points scored on the outcome of the game in square 19. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry). In case of a tie, prize money will be split.

NOTE: Only ONE entry per HOUSEHOLD family per week. Prize money paid only to name on entry. PLEASE do not enter several times using friends' names. Such entries will be disqualified if discovered.

Copies of the contest will be posted at the Northville Record office at 104 W. Main, each week.

Entries should be addressed "Football Contest" Northville Record, 104 W. Main, Northville and must be postmarked or brought to our office no later than 5 p.m. each Friday.

Employees of the Northville Record and The Novi/Walled Lake News or sponsoring merchants are not eligible.

Rookie coach transforms Mustangs to running team

Continued from 1-C

he six-foot Wilkinson is the only starter to return from last year's squad. However, the senior cager played a number of contests with a broken finger, Hurst says everything is fine.

Wilkinson still has not reached her potential yet, according to Hurst, but, he'll come around and be a good player."

Junior Denise Liddle, a 5-9 forward who saw limited varsity action during the second half of last season, is slated for starting duty. "I'm pleased with her," Hurst praises. "She has been working hard on her defense, and she might be used on heavily this season."

However, he notes Liddle needs to gain some offensive confidence and improve her variety of shots.

Sophomore Sue Terwin (5-8) is the other probable starting forward. "She is a natural athlete," Hurst said. "She is real graceful and real smooth. If she can get rid of being intimidated, she'll be a good player."

Junior Julie Maliszewski (5-3) and sophomore Kathy Korowin (5-5) are the

probable starting guards. A junior varsity performer last year, Maliszewski will play the point guard slot for Hurst.

"She is just a hard worker...a real scrappy kid," he commends. "She just wants to learn. She is a real good defensive player, and she really hawks the ball. Her ball-handling will be okay."

For whatever skills Korowin lacks at the present, Hurst knows she will make up for in smarts. He also expects her to be a floor leader. "She'll be a natural leader as she gets older," Hurst says.

"Kathy and I think the same. If there is something I want done, I can look at Kathy and she'll know what to do," he adds.

Other players competing for the forward slots are senior Jenny Gans (5-6) and juniors Kelly Parker (5-5) and Lisa Cahill (5-2).

Gans, who was on the varsity last year, is slated to spell Wilkinson at center. "She is probably the strongest player on the squad," Hurst notes.

Cahill possesses excellent speed, while Parker has good all-around abilities, according to Hurst.

Juniors Pat Wazny and Tracy Anderson will be vying for guard spots. Wazny is one of the team's better perimeter shooters, Hurst said, while Anderson plays aggressive basketball.

Also on the Mustang team is Swedish foreign exchange student Christina Sjöberg. The senior will be a fringe player, according to the rookie mentor, and he adds, "she is neat to have on the team."

The Mustangs will be competing in the new Western Lakes Conference this fall. The Western Division, which the Mustangs belong in, includes former Western Six Conference rivals Farmington Harrison, Livonia Churchill, Walled Lake Western and champion Plymouth Canton. The Lakes Division includes Livonia Bentley, Livonia Stevenson, Plymouth Salem, Walled Lake Central and Farmington.

Northville opened its season yesterday against non-league rival Pinckney. The Mustangs host Western Lakes rival Farmington at 6 p.m. Thursday and divisional foe Canton at 6 p.m. Tuesday.

Northville golfers blend youth, experience

By JOHN MYERS

Don't be surprised to see the Northville Mustang golf team battling for the Western Lakes Conference title this fall.

Once again coach Joe Blake has a squad with a good blend of youth and experience to make a run at the new league title. Last year, the Mustangs had the same type of team and came away with the final Western Six Conference championship.

The members of the old Western Six have joined five other schools to form

the new Western Lakes. Northville will be battling familiar foes in Farmington Harrison, Walled Lake Western, Livonia Churchill and Plymouth Canton for the Western Division title.

Plymouth Salem, Livonia Stevenson, Livonia Bentley, Farmington and Walled Lake Central will battle for the Lakes Division championship.

The overall league champion will be determined at the conference meet October 11.

While Blake believes it is too early to tell who will be gunning for the overall

championship, he thinks his Mustangs will be contending for the Western Division title.

"I see us really competing for the best record in (the Western) division," Blake envisions. "I would say we have a good shot — as good as anybody else unless other teams have made some dramatic changes in personnel."

However, he cannot really pinpoint what will happen for the league meet. "We'll have to see how we do against the other teams from the other division," he says.

"With all the chips in a one-day tournament, there are a lot of pluses and minuses to that," Blake adds.

However, with four returning lettermen and five of 10 linkers returning, Blake believes his squad will be in there swinging for the championship.

"Going into the year, I'm fairly confident we'll be contenders," he declares.

The five players back from last year's squad are seniors Dave Pohlod, Kip Mach and Gary Metz, along with juniors Bob Pegrum and Ray Nutter.

Pohlod was the top finisher at the qualifier at Salem Hills Golf Course in late August. The senior carded a 251 for the 54-hole tournament, while Pegrum was right behind at 252. Pegrum also

had the low round for the tournament with a 78 in the second round.

Mach, Nutter and Metz all placed respectively behind the two front-runners.

Others to make the team were juniors Mark Knott and Ken Lisowski and sophomores Eric Morfe, Bob Baird and Dave Jelso.

"We have a couple of sophomores, a few juniors and three seniors in the team, so that is a real nice balance to have on the team," Blake notes.

"There's a lot of match experience, so that shouldn't be too much of a problem," he adds.

The Mustangs opened against Novi yesterday, and Blake was going with his top five qualifiers from the tournament in addition to one other golfer.

Northville travels to Western Lakes foe Farmington Harrison today before hosting non-league foe Redford-Thurston Friday. The Mustangs return to league action Monday against Chubb.

With two of three of this week's matches against non-league teams, Blake says he is going to experiment with the sixth position to give his other linkers some match experience before hitting the meat of the Western Lakes schedule.

Netters to challenge for divisional crown

For the first time in four years, the Northville girls' tennis team did not win the Western Six Conference championship last year.

However, veteran coach Uta Filkin has another strong squad this season, and she intends to make an even stronger bid for the Western Division title in the new Western Lakes Conference this fall.

The Western Lakes was formed when the Western Six disbanded and joined five other schools for this new endeavor. Northville is in the Western Division with former W-Six rivals Plymouth Canton, Livonia Churchill, Walled Lake Western and champion Farmington Harrison.

The Lakes Division is comprised of Plymouth Salem, Livonia Stevenson, Livonia Bentley, Farmington and Walled Lake Central.

"I have good hopes we can take (the Western Division title)," Filkin says. "I think we can take it."

However, the picture is not quite so clear for the overall conference championship, but Filkin does see one team standing out at the present.

"As far as the whole thing, Plymouth Salem is outstanding. They'll be tough to beat," she offers. "That's it in a nutshell."

To make that strong run at the division title, Filkin has seven of 10 players returning from last year's runner-up squad.

Seniors Marnie Dillow, Gail Engelmeyer and Jill Stevens, along with junior Holly Hubbard will handle the singles duties for Filkin.

Dillow was last season's first singles player, while Engelmeyer was third and Hubbard fourth. Stevens played doubles last fall.

Anchoring the doubles team will be Jeannine Cook, Jean DuSablón, Jackie Nicols, Denise Colovas, Vicki Robins and Amy Nieuwkoop.

Cook and DuSablón, both juniors, are slated as one team, while Nicols, a junior, and Colovas, a sophomore, will comprise another squad. Nieuwkoop, a junior, and Robins, a sophomore, will comprise the other squad.

"I think we have an equal team to (that of) last year," Filkin said.

The Mustangs opened their season yesterday against Milford, and host Western Lakes foe Farmington at 4 p.m. today. Northville travels to non-league opponent Livonia Franklin Friday, and heads to conference rival Livonia Stevenson Monday.

Cheers

The junior varsity cheerleaders attended a camp at Northwood Institute in Midland the week of August 9, and the squad took the third place ribbon in the junior varsity division. Members of the team include (from left, first row) co-captain Jill Taschner, Kim Har-

ingan, Kim McRae, Sandra Horstkotle and Tracy Kohl. (Second row) co-captain Lisa Dye, Sandi Stephens and Michelle Craig. Also on the squad, but not pictured is Laura Chamberlain. The junior varsity squad is coached by Lecia McGuire.

Robins in world softball tournament

Things were looking rather bright for Vicki Robins and her North Farmington/West Bloomfield teammates at the 15 year old and under girls' slow pitch World Championship in Pine Bluff, Arkansas, earlier this month.

The team strung together three straight victories in the double-elimination tournament, which left it in prime position to win it all.

But, the bottom fell out after a loss to the eventual champion from Tennessee. The squad then lost a 5-4 heart-breaker in its next contest to finish in seventh place at the 49-team tournament.

Robins, who played this summer for the Northville Stingers and was selected for duty by the North Farmington contingent, did not let the heat get to her as the starting outfielder batted a sizzling .590.

In the first loss to Tennessee, Robins said the team could not find its hitting stroke. In its next contest, the team battled back from a 5-0 deficit in the bot-

tom of the seventh with four runs, but the game ended with a ground out with the bases loaded.

"We shouldn't have lost the game," Robins declared.

However, the tournament loss pain was somewhat eased for her when she and her Northville teammates captured the Sterling Heights tournament crown August 14-15.

The team put together a 4-1 mark in grabbing the title, and beat host Sterling Heights in two out of three games.

The Stingers won the championship contest when Robins drilled a double to score two decisive runs in the third inning to make it a 5-4 contest over Sterling Heights, and proved to be the final score.

Sterling Heights did threaten in the sixth with bases loaded and one out, but the Stingers hung on when they nailed the third base runner at home plate after tagging up in a pop out.

Sterling Heights had won the previous contest 13-9. The host team

had an 11-2 lead at one point, but Robins smacked a homerun to start an ill-fated comeback to 11-9.

Robins was the second leading hitter on the squad this season right behind older sister, Sheri.

Rotary run sign-ups continue

Runners and joggers should note there are things different about the Third Annual "Discover Northville" Rotary Run this year.

First, the date. Unlike the past two years when the run was conducted in October, this year's run will take place Saturday, September 25, beginning at Northville Downs.

Second, there will be a one mile run for runners 12 years old and under in addition to the 10 kilometer and five kilometer races. The entry fee for all races is \$6, and \$9 after September 17. Trophies will be awarded to the overall male and female winners in the 10 kilometer race with trophies for the top three runners and medals for the fourth and fifth place runners in each division. T-Shirts will be given to all entrants.

For more information, call Lieutenant William Tomczyk at 348-1505 or 420-2777.

Adult softball playoffs will begin September 9 at Thomson Field.

A gymnastics instructor is needed for the recreation fall program. The applicant must be a high school senior. Call 349-0203 for more information.

Registration of the fall recreation program will take place September 20-24.

Family passes to all 1982-83 Northville High School and/or junior high school home athletic events now are available from the Northville Athletic Booster Club.

For \$25, each member of a family will receive a non-transferable pass which will allow admittance to any home contest. This fee also includes a family membership in the Booster Club.

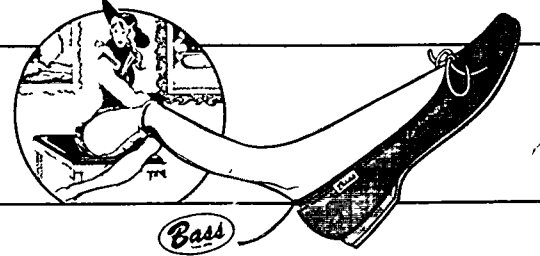

The Booster Club is active in promoting and maintaining sports in the

Northville schools. The club has helped the sports program purchase videotapes, vests for the Pom Pon squad, uniforms for the junior varsity cheerleaders, lane lines for the pool, a pitching machine and batting cage. The club also helped pay for repairs

of the Universal weight machine, and sponsored a student at the Student Athletic Trainer Workshop which took place this summer.

For further information on obtaining the family pass, call Joyce Liddle at 348-2416 or Sarah Deal at 348-1129.

The Northville Record

Landscaped pool captures garden award

The swimming pool Joseph and Judy Meyers added at their Northville Township home has captured the Garden-of-the-Month Award from the Country Girls Garden Branch. The free-form pool with slide and exceptionally attractive landscaping was selected by project co-chairpersons Marie Schultz and Brenda McCloud for the August award after they inspected area gardens which included swimming pools. Daughter Melissa, 13, and son Heath, 11, enjoy the pool along with their parents, below. Heath, at left, takes a fast slide to splash into the pool as Melissa watches. The family has lived on Robinwood 10 years but added the pool just two years ago. Final Garden of the Month for the season will be the September one now being chosen. Record photos by John Galloway.

For every moment worth a memory

Pamela Colbert is married in garden ceremony

Pamela Arice Colbert exchanged marriage vows with Matthew Washington Gaddy in an afternoon garden ceremony August 7 at the home of her parents, the Reverend and Mrs. Clinton T. Colbert, at 43300 Eight Mile.

The bridegroom is the son of Mr. and Mrs. George Gaddy III of Detroit.

MR. AND MRS. MATTHEW GADDY

Preceded by her parents, the bride walked to a trellis arch decorated with floral bouquets where her father officiated at the double ring service at 4 p.m. He is assistant minister at Christ Cornerstone Baptist Church in Detroit.

The bride's gown of dacron organza was trimmed with Chantilly lace. The fitted bodice was styled with a stand-up collar and the beruffled skirt extended into a chapel train. Matching lace edged her fingertip veil.

She carried a cascade bouquet of white chiffon and lace silk roses with real roses intermingled. Her throw-away bouquet also was of silk flowers.

Honor maid Cynthia A. Bell wore a pastel pink spaghetti-strapped gown with chiffon cocoon jacket.

Bridesmaids were Shelley Smith, Angela Wynn, Susan Wendland and Mrs. Arlinda Crossland. They wore rainbow-colored gowns of apricot, pastel

blue, sweet pea green and lilac styled to match that of the maid of honor. All carried cascade bouquets of roses and baby's-breath to match their gowns.

Marvin D. Colbert was best man. Elmer Porter of Chicago ushered.

The wedding and reception immediately following in the garden was attended by 325 guests. Special guests came from Oklahoma, Tennessee, Delaware, Illinois, California and Georgia.

The bride is a 1975 graduate of Novi High School and a 1979 graduate of Hillsdale College. She currently is working on her M.A. degree in piano pedagogy at Eastern Michigan University. She is a private teacher of piano and organ and also is employed with Shatterproof Glass Corporation.

The bridegroom is a 1974 graduate of Northeastern High School and a 1980 graduate of Fisk University. He is an auditor for Detroit Bank and Trust Corporation (Comerica).

The newlyweds are planning an October wedding trip and currently are living in Detroit.

Birth announced

Mr. and Mrs. William Elsesser of 20440 Lexington announce the birth of their daughter Laura Elisabeth August 23.

She was born at Providence Hospital and weighed eight pounds, two ounces.

Paternal grandmother is Mrs. Marie Elsesser of Woodstock, Illinois. Mrs. Audrey Tuttoilmondo of Rantoul, Illinois, is maternal grandmother.

The couple's other children are Joel, 6, and James, 5.

Bring a friend or one of the family and get two superb perms for the price of one. Haircut not included.

Peace-Mayo vows read

Northville resident Agnes Peace exchanged marriage vows with Robert Mayo of Farmington at 4 p.m. September 4 in the library of Northville's First Presbyterian Church.

Lizanne Blake was her mother's matron of honor, and Raymond Mayo was his brother's best man.

The couple will make their home in Farmington Hills.

In Our Town

Dinners sell out fast

By JEAN DAY

It's not surprising that the first dinner dance of the season sponsored by the Schoolcraft College Foundation and catered by the college culinary arts department September 25 is a sellout within a week of its announcement.

The dinners sponsored by the foundation, board of trustees and the Schoolcraft Gourmet Club during the school year have become famous for outstanding food that usually follows a theme — the September 25 event is an Italian dinner. Students in the college culinary arts program have created ice sculptures and elaborate pastries (under the direction of pastry chef Leonard Stec) to complete feasts that are a bargain, usually \$15 a person.

Dean of the culinary arts department Robert Breithaupt coordinates these dinners at Waterman Center. Chef James VanVuren, an instructor in the program, is in charge. A new instructor, Kevin Gawronski is sponsor of the gourmet club.

Reservations already are going fast for the country western dinner being sponsored by the board of trustees November 6, reports Joyce Ludwig in the president's office. She's the person to call for reservations. Texas chili, corn bread, barbecue chicken and perhaps catfish will be among the offerings.

Other dinner dates include an October 8 Oktoberfest and a December 3 dinner, both sponsored by the gourmet club. Gourmet club dinners are given Friday evenings while the board and foundation ones are on Saturdays.

A Hawaiian-Polynesian Night sponsored by the board of trustees is scheduled for February 5; and a Polish Night dinner by the foundation, April 9.

RONALD TOLLEY, LORI SANDERS

RALPH HAUSTEIN, JENNY GLOER

KENT DeRUSHA, CATHERINE BOYD

Couples make autumn, spring wedding plans

Tolley-Sanders

Mr. and Mrs. Fred Sanders of Northville announce the engagement of their daughter Lori Jean to Ronald Ray Tolley, son of Mr. and Mrs. George H. Tolley of Glenmore, Pennsylvania.

The bride-elect is a 1979 graduate of Temple Christian School and was

graduated this year from Bob Jones University.

Her fiancé is a 1974 Downingtown High School graduate and a 1978 graduate of Upper Bucks Aviation School. He currently is employed by Delta Airlines at Metro Airport.

A November 6 wedding is planned.

Hauenstein-Gloer

Mr. and Mrs. Dale R. Gloer of 804 Springfield announce the engagement of their daughter Jenny Ann to Ralph David Hauenstein Jr. of Howard City.

He is the son of Mr. and Mrs. Ralph David Hauenstein Sr. of Howard City.

The bride-elect is a 1979 Northville High School graduate and currently is a

senior at Central Michigan University where she is a member of Alpha Chi Omega social sorority.

Her fiancé is Howard City High School graduate and is a senior at Central Michigan.

A June 4, 1983, wedding date has been set.

The engagement of Catherine Anne Boyd, daughter of Mr. and Mrs. Gerald H. Boyd of Livonia, to Kent Richard DeRusha, son of Mr. and Mrs. J. Burton DeRusha of 46840 Dunsany, is announced.

The bride-elect is a 1978 Stevenson High School graduate and received her industrial management degree from

Lawrence Institute of Technology this year.

Her fiancé is a 1978 Northville High School graduate and earned a degree in construction engineering from Lawrence Institute of Technology. He is employed by Turner Construction and served as president of the Association of General Contractors.

An October 2 wedding is planned.

Hill's fellowship speaker

Guest speaker at the September 17 dinner meeting of the Northville-Plymouth-Livonia Chapter of the Full Gospel Businessmen's Fellowship will be Harold Hill, a retired industrialist of Towson, Maryland, and a deacon in the Southern Baptist Church.

Born in Manchester, New Hampshire, in 1905, he rose to become president of Curtis Engine Company in Baltimore, Maryland, during World War II, at which time he invented the ground energizer unit used on every American airfield for furnishing power to start airplane engines.

He is the author of many best-selling books, including, "How To Live Like a King's Kid," "How To Be a Winner" and "God's in Charge Here." He became a Bible teacher, scientist and Christian Magazine columnist following his recent retirement from Curtis Company.

As a practical engineer and hard-headed businessman, he has been called "a blend of imp and genius" who takes delight in applying the jargon of his trade to describe his experience with Jesus.

The meeting at 8 p.m. follows dinner which will be served at the Sveden House Restaurant in Farmington Plaza. Dinner is \$6 per person including

tax and gratuity. Both the dinner and program are open to the public.

Dinner reservations are required and may be made by calling Daniel Beetler, 349-0006, or Earl Flynn, 348-3352, or by sending check payable to FGBMF, P.O. Box 5332, Northville, by September 15.

HAROLD HILL

Add depression glass show to upcoming dates

The Depression Glass Society of Michigan is planning a 10th anniversary show October 16-17 at Schoolcraft College, Northville collector Carolyn Kuegler reports. She will have a display of glass in her collection at the quilt show being given by the Northville Presbyterian Church Women's Association at the church September 23-24.

This show, "Your Heirloom and Mine — Old and New," is a first time event for the association. Co-chairmen Sybil Kerr and Lois Winters announce it will include a mini-bazaar of quilted and patchwork items.

Club is beginning year with 'sample sale'

Highland Lakes Mothers' Club is sponsoring a 40 percent off sample sale of selected sizes in the fall line of Carters' clothing beginning at 10:30 a.m. September 18 in the gymnasium of Silver Springs Elementary. Sizes to be available are three months, 12 months, toddler three, and girls' five.

Demonstrations set at museum

Twenty-four craftsmen will be demonstrating their skills at the Plymouth Historical Museum during the Plymouth Fall Festival.

Wheat weaving, tinsmithing, cornhusk dolls, needle work and tole painting are some of the crafts being featured.

William Kuehl will be demonstrating and discussing the technique of silhouette cutting. This art form, popular from the 1760s-1860s, was known as the poor man's portrait in early America.

The Plymouth Historical Museum will be open from noon to 7 p.m. September 11 and September 12.

Chamberlain to address Spinnakers

Dr. Lawrence Chamberlain, senior pastor at First Presbyterian Church, will be guest speaker at the fall kick-off meeting of the Spinnakers at 7:30 p.m. September 11 in the church fellowship hall.

Drawing on his specialized training in group dynamics and interpersonal relationships, Dr. Chamberlain will discuss "Dynamics of Interpersonal Communication." His discussion will deal with questions, such as, "How do you function in group setting? Are you more comfortable in a small gathering or in a large group? How well do you communicate with others?"

Spinnakers, a singles group co-sponsored by the Presbyterian churches of Northville and Plymouth, invites single adults of all ages in neighboring communities to attend its kick-off event.

Cost is \$1 for members and \$1.50 for non-members. For further information, call the church office at 349-0911.

Dental Dialogue

of A. Allen Tuchklaper, D.D.S.

MILK NOT CURE ALL

Q. Why did my child develop cavities when I gave him plenty of milk?

A. It's just a myth that drinking enough milk will protect your child against cavities. No amount of milk can insure against decay. However, children need milk daily as long as they are growing. Calcium is necessary for the development of healthy teeth and bones. But decay isn't caused by just one thing. Diet can be a factor that tips the scales in a favorable direction as far as dental health is concerned. So make sure your child receives a balanced diet, avoids snacking,

stays away from sugar, and practices good oral hygiene.

This column is presented in the interest of better dental health. From the office of

'The Gathering' is Festival focus

The service clubs and organizations serving dinner during the Fall Festival never have to worry about being rained out again.

The newly-completed "Plymouth Gathering," a pavilion built over the parking lot between the Penn Theatre and Masonic Temple on Penniman Avenue, was financed with private donations from Plymouth Rotary, Lions, Kiwanis, Jaycees, the Fall Festival Board, Plymouth Community Chamber of Commerce, and a Masonic Lodge, according to Plymouth City Manager Henry Graper. The service clubs will cook their meals under the pavilion during the fall festival, Graper said. Some of the organizations will serve food under it also.

The idea of building a pavilion first came up when part of the final day of last year's festival was rained out.

"We thought if we could get the barbeque pits covered this wouldn't happen," Graper said of the rainout. "The farmer's market was also rained out a few times last year and we thought it would be nice to get a pavilion to cover it."

Graper talked to the various clubs in an attempt to get donations for the structure starting last winter.

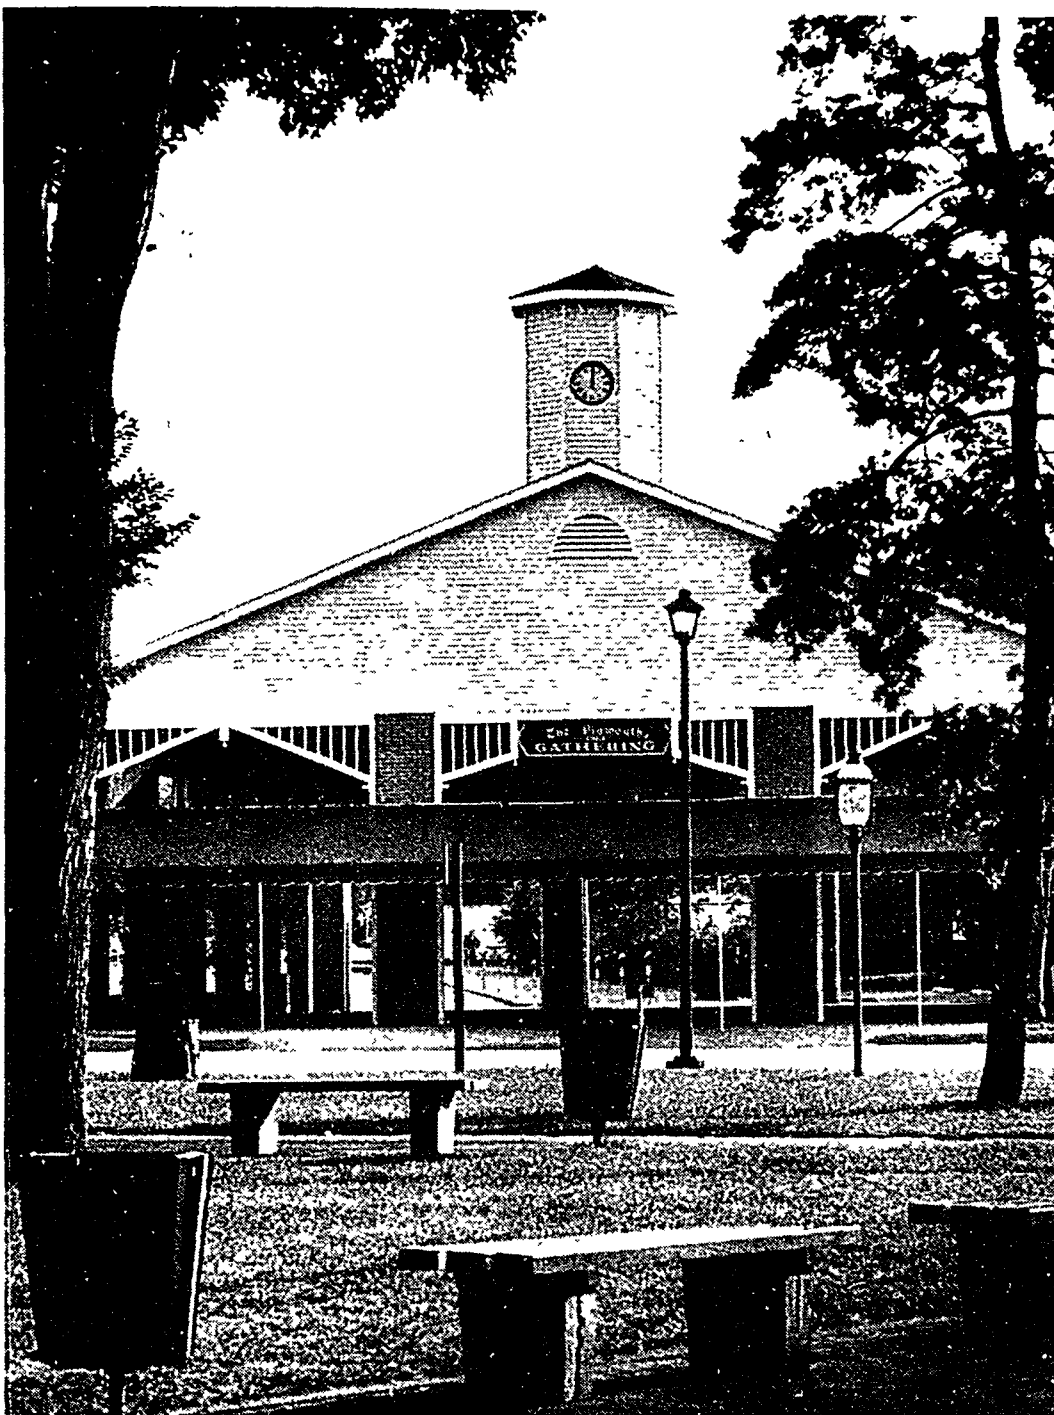

The clubs responded well and provided the city with the \$62,000 needed to complete the pavilion.

The final cost was under the original estimate, the city manager said. One original estimate was \$107,000.

"At first we were going to use concrete pillars and a different mode of construction," the manager said.

The structure's pillars are wooden with a brick cover.

The pavilion was built in about 60 days and right on time, according to Graper.

JOHN STANO/special photographer

"The Gathering" is the name given the pavilion which will be the focus of the 1982 Plymouth Fall Festival.

Credit

(The 1982 Plymouth Fall Festival guide was put together by advertising coordinator Peggy Knoespel and editorial coordinator Emory Daniels.

Assisting in the planning and directing of the section were Rex Hat, Rose Stemmermann, Rick Ficorelli and Dennis O'Connor. Photography was handled by Gary Caskey with some assistance from Craig Gaffield and John Stano. Writers included Elinor Graham, W.W. Edgar, Anne Sullivan and Scott Adler with assistance from Bridget Moran and Jennifer Turner.

Supporting the guide by providing information on a timely basis were the Fall Festival Board, Cathy and Mary Kostreba. Our thanks to all who helped.)

Two Canton Township fire department squads prepare for stiff waterball-fighting competition during last year's festival. This fall features the third annual waterball fight — one of the newer and more popular events of the weekend.

Waterball contest will be Saturday

The city of Plymouth Fire Department will sponsor its third annual waterball contest and muster on Saturday.

The muster will include an apparatus pumping contest, hose cart race, and bucket brigade.

The schedule on Sept. 11 will be: 9 a.m. to 11:30 a.m., apparatus pumping contest, hose cart race and bucket brigade; noon to 12:30 p.m., apparatus parade; 12:30 to 4 p.m., apparatus display; and from 1-4 p.m. the waterball contest.

The waterball contest and muster will take place on Penniman Avenue just west of S. Main in front of the post office.

The apparatus that will participate in the parade will form in the Plymouth Cultural Center parking lot at 525 Farmer. All entries must be in formation by noon to participate.

The apparatus will proceed along a designated route and then to the display area. Participants planning to bring apparatus, and who wish to partake in the morning events should bring their apparatus to the waterball area.

FOR THE WATERBALL Contest, the following rules will apply in addition to the standard waterball rules:

- Only one waterball team of five men per department.

- Liability release form must be submitted with registration form prior to day of event.

- Registration fee of \$5 for each men's waterball team must accompany each registration form.

- A maximum of five women's teams

of six members per team will be accepted. No registration fee required. Any women's team who wishes to participate is required to attend at least one waterball practice with the city of Plymouth Fire Department.

- Any team which shows up after 12:30 p.m. shall be disqualified.

- Trophies will be awarded as follows: men's waterball, first, second and third places; women's waterball, first and second place; hose cart race, first and second; bucket brigade, first and second; engine pumping, first and second.

- All registration forms, liability releases and fees shall be received by city fire department before Aug. 14.

Welcome sight

The American Red Cross is a welcome sight at the Plymouth Fall Festival.

The Red Cross will be the Festival's first aid station offering emergency care for bee stings and scraped knees along with free blood pressure checks.

The Red Cross programs offer first aid and water safety classes, disaster and emergency assistance.

The community also is familiar with the Red Cross blood donor program, volunteer nurses and youths for community service, and counseling to servicemen and their families.

GARY CASKEY/staff photographer

Pony rides and children rides are available during Plymouth Fall Festival, thanks to the Old Village Merchants Association. Enjoying a pony ride last year is Kelly Kosikowski, 2, of Canton, who is steadied by mother Cathy. Leading the horse is Stephanie Ashley of Plymouth.

Almost everyone gets into the act

Besides the major service clubs serving up dinners each day of the Plymouth Fall Festival, a large number of community organizations are involved in the festival in a variety of ways.

Following is a summary of the involvement of the clubs and organizations of the Plymouth Community in the 1982 Fall Festival. Keep an eye out for them on Sept. 9-12.

PLYMOUTH POA

The Plymouth Police Officers Association (POA) will be providing free safety information during the festival as part of its community relations activities. During the year, the union contributes to the Plymouth Community Chorus, Plymouth Fife and Drum Corps and to high school athletics.

FIFE & DRUM CORPS

Plymouth Fife and Drum Corps will be selling tortilla chips with hot cheese dip and pop to festival-goers. Buttons and bumper stickers also will be sold. The money raised during the festival will go to buy uniforms, musical equipment, and travelling expenses.

FIGURE SKATING

The Plymouth Figure Skating Club will be selling hot pretzels, coffee and cold drinks during the Fall Festival. The young athletes raise money so club members can compete in state and regional figure skating competitions.

CLASS OF '84

The Centennial Educational Park (CEP) Student Council and Class of '84 will be selling apples and school buttons at the festival. The Student Council brings the student body closer together in school and in the community.

FAMILY SERVICES

For the first time this year, Plymouth Family Services joins the Fall Festival and will be selling the popular Lebanese dish Kafta. For \$1, festival-goers will be treated to a barbecue Lebanese meat sandwich, seasoned and cooked on a skewer tucked inside of a tender slice of pita bread.

Antique mart opens Friday

The Plymouth Symphony League's 20th annual antique mart will open its doors at noon Friday, Sept. 9, in the Plymouth Cultural Center, Farmer Street at Theodore. Hours for the three-day show are noon to 9 p.m. Friday and Saturday and noon to 6 p.m. Sunday.

The 23 dealers in the mart have been selected for the variety of their antiques. Veteran visitors to the show will find old favorites and several dealers

in the show for the first time.

Those looking for the perfect accessory for their home or the perfect gift will be able to browse through a large assortment heirloom quality items. The collector of primitives will find everything from furniture to small kitchen items.

There will be quilt tops, golden oak era furniture, all types of chairs, wash stands and cupboards, baskets, minia-

tures, glass, dolls, trunks and clocks.

New this year will be a dealer specializing in French quimper ware and country accessories. Another will show her collection of paperweights, and another a priceless collection of antique jewelry.

Admission to the mart is \$1.50. Profits from the show go to support the Plymouth Symphony Orchestra and the Fall Festival.

A 2-day art display

The 11th annual Festival Artists and Craftsmen Show will open at noon Saturday, Sept. 11, in Central Middle School, Main Street at Church.

The event is arranged by the Plymouth Community Arts Council with a committee working year-round to select the finest artists in the state.

Participants must submit examples of their work to a panel of judges to gain acceptance in the show. The result is 80 top craftsmen and artists offering their works for sale.

Visitors flock to the show to do their Christmas shopping or to find the perfect painting or accessory for their own homes. Collectors have a heyday among the

stained glass, baskets, wood carvings, pottery, stuffed toys, and hand-crafted pewter and brass.

Hours will be from noon to 9 p.m. Saturday and noon to 6 p.m. on Sunday. There is a \$1 admission fee for adults, 50 cents for senior citizens and students. Children under 16 are admitted free when accompanied by adult.

Skills of settlers shown at museum

History comes to life at the Plymouth Historical Museum during the town's fall festival. Twenty-five artisans and craftsmen demonstrate the skills of the early settlers in a pioneer-days setting.

The Plymouth Fall Festival regenerates a spirit of early American cooperation in the community. The museum, with artifacts dating from Indian days, lends an authentic

background for the wood carvers, rug hookers, quilters and tinsmiths.

Museum visitors will see Bruce Richard making Shaker-type boxes, Don and Mian Sober doing caning and wood graining, and Betty Tarpinian doing candlewicking.

The museum will be open from noon to 7 p.m. Saturday, Sept. 11 and noon to 6 p.m. Sunday, Sept. 12. The museum is on Main Street.

HOURS: 9 a.m. to 9 p.m.

Theatre Guild opens fest feast

In its new role of ushering in the dining portion of the Plymouth Fall Festival, the Plymouth Theatre Guild plans a real treat for the diners.

The drama group will serve ham, German potato salad and all the trimmings — at \$3.50 each — for the Thursday meal.

The guild moved into the scene when the Colonial Kiwanis Club withdrew because of the high cost of roast beef.

The ham will be prepared, along with other portions of the meal, under the roof of the new pavillion. Tables will be set up in Kellogg Park and under the pavillion.

The dinner is the second major change in the opening festivities in recent years. The Business and Professional Women (BPW) club of Plymouth had served the Thursday night German Night meal of kielbasa and sauerkraut.

When the BPW found it difficult to maintain its German Night opening, the Thursday meal was taken over by the Colonial Kiwanis Club, which started with Italian Night and featured spaghetti.

Now with the withdrawal of the Colonial Kiwanis, the Theatre Guild takes over. It will begin serving the ham dinner beginning at noon Thursday.

GARY CASKEY/staff photographer

Her eyes definitely are bigger than her stomach, but Debbie Swatosh, 2, of Livonia, enjoys every bite of her Plymouth Fall Festival dinner.

Lions seek record for fish fry sales

The Rotarians are not alone in attempting to set a world record by serving 15,000 chicken dinners in six hours.

The Lions Club of Plymouth is looking forward to establishing a high mark by selling of 2,000 fish dinners within two hours at the annual Fall Festival fish fry on Friday.

In recent years, the Lions have averaged more than 3,000 dinners from noon to 8 p.m.

"The big rush always has come between 5:30 and 7:30 p.m.," said Bill Fehlig. "This year we hope to accommodate 2,000 in these two hours, and that should be some sort of a record."

AS USUAL, the fish fry always is a feature of Friday of festival week. With the new pavillion and a change in appearance of the entire festivities, the Lions hope to sell more dinners during the peak hours.

As in other years, ocean perch will be served. It is breaded and is prepared in deep-fry pans with the highest grade of peanut oil.

The preparation of the meal will be done in the new pavillion starting at noon. Prices are \$4 for a dinner, with senior citizens paying \$3.

When the Lions made their debut in the Fall Festival, they served ice cream, a la the old-fashioned ice cream socials.

Switch for JCs economical

The Jaycee Fall Festival Dinner rib dinner has become a victim of these tough economic times. Instead of ribs, the annual Saturday-night feast will be a dinner sausage on a bun, corn on the cob, coleslaw, chips, dessert and beverage.

"The ribs alone were almost double last year's price," said Paul Foster, chairman of the Jaycee Dinner Committee. "The price would have been \$6 per dinner, and that would cost the average family of four \$24."

"We've noticed steadily decreasing sales and profit over the last four years," said Tim Sullivan, Plymouth Jaycee president, and member of the Jaycee Fall Festival Dinner Committee. "We would have to pass the cost onto the consumer, and in this region's economic state we couldn't justify selling a dinner at more than \$5 per person."

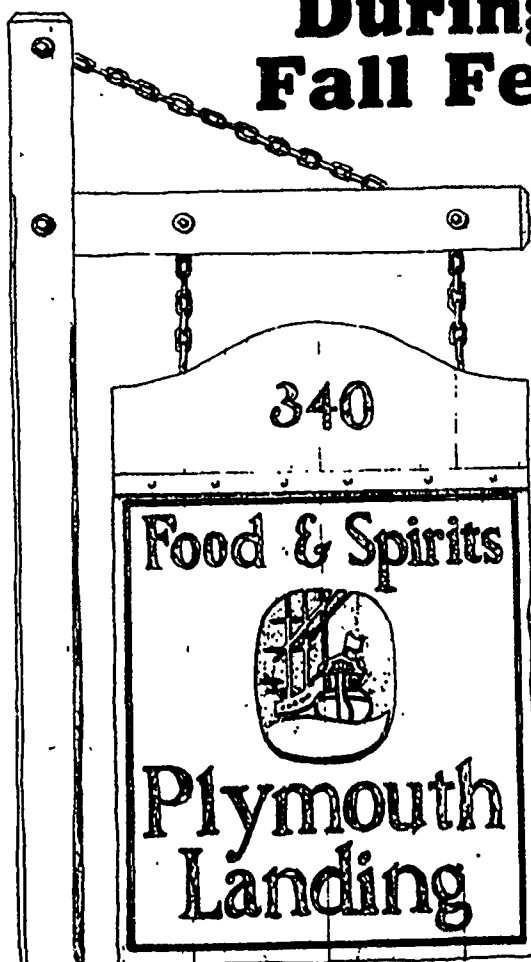

The Jaycees plan to sell 2,500 dinners this year. Dinners will be sold from the Plymouth Gathering (between the Penn Theatre and Masonic Temple), and diners will be able to chow down in Kellogg Park.

The sausages are from Spartan Distribution Center in Plymouth. Cost for the dinner is \$3 in advance and for senior citizens, and \$3.50 the day of the event.

Proceeds from the dinner will go to the Leukemia Foundation and to community-service programs.

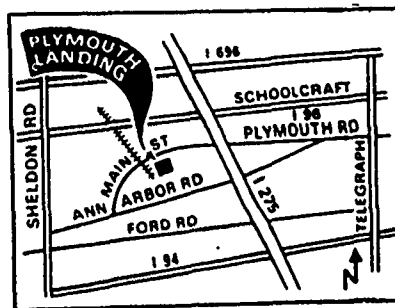

Dinner tickets can be purchased in advance from Plymouth Glass, 1382 S. Main.

Service Cuts Are Forced

Declining state-collected gas and weight taxes forced the Board of Oakland County Road Commissioners to bite the bullet in 1982.

The Board had to cut staff, freeze salaries and wages, and reduce maintenance and construction services in 1982.

Sixty-five staff positions were eliminated, including 29 in Maintenance and 14 in Engineering.

Wages and salaries were frozen at 1981 levels.

Grading of local gravel roads was cut back from 12 times annually to 10 times, and cleaning of ditches on local roads was reduced 25 percent.

The construction program is reduced for the third consecutive year and is 21.8 percent less than in 1981.

Cuts in administration included a department head position (Permits and Special Uses), four other positions and 70.5 percent of the contingency reserves.

Capital expenditures were cut 51.8 percent from the reduced level of 1981.

The Road Commission is at about 80 percent of its 1981 strength, due to the combined effect of total revenues being down 10.1 percent and inflation's impact on costs.

The 1981 strength was down from 1980; and 1980 was down from 1979 - also due to revenue shortfalls. However, in 1980 and 1981 it was possible to avoid maintenance and traffic-safety service cuts and staff reductions by cancelling construction projects, equipment renewal purchases and other economies.

The 1982 program still keeps most maintenance programs at near current levels. Snow and ice control, pothole patching and shoulder repairs are scheduled for the same level of attention as previously, although response times may be slower.

With the staff cuts, salary freezes and service reductions, the Road Commission's expenditures are balanced to the \$31.6 million of anticipated total revenue.

Here's the revenue picture:

State-collected gas and weight taxes: \$18 million.

Federal aid: \$3,761,000.

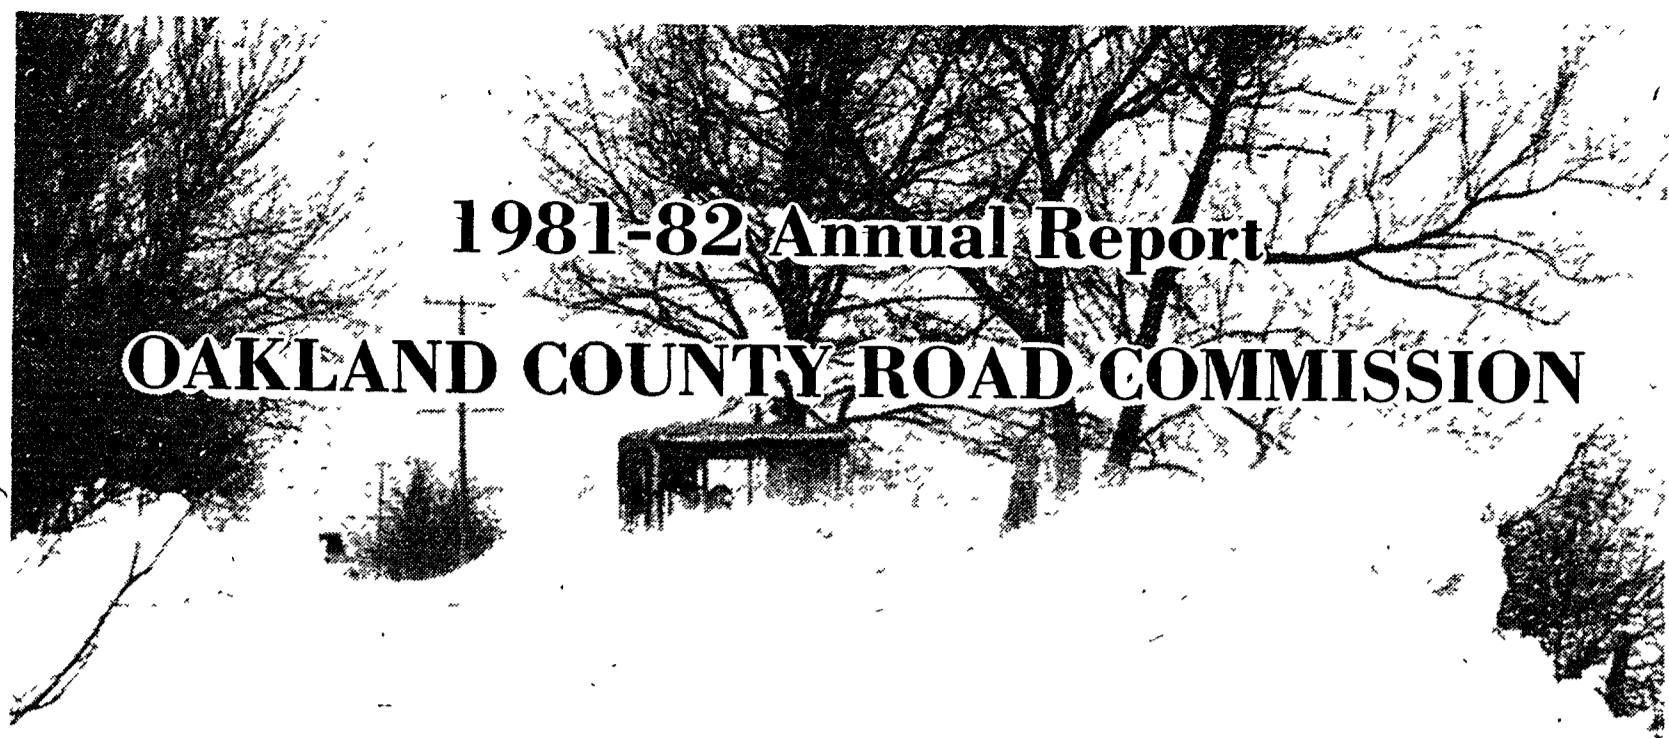

Revenues from local governments (county, townships, cities): \$3,701,000.

From M-DOT for work on state trunk lines: \$4,210,000.

Fees and other revenues, including interest, dust control charges, permits and sale of land: \$1,958,000.

The Road Commission does not levy a countywide property tax; nor does anyone levy a property tax countywide for roads.

More federal aid is available, but the Road Commission's share of state-collected gas and weight taxes are not sufficient to provide the required matching funds.

1981-82 Annual Report OAKLAND COUNTY ROAD COMMISSION

Richard V. Vogt, Chairman

John R. Gnau, Jr., Vice Chairman

Fred D. Houghten, Commissioner

John L. Grubba, Managing Director

September 1982

Safe Roads Still Top Goal

More Cuts Forecasted In '83

Oakland County Road Commission services will likely be cut more in 1983, further in 1984 and deeper again in 1985.

Declining taxes paid by road users and inflation-caused cost increases are anticipated throughout the three-year period 1983-85.

That projection is the basis of a Three-Year Financial Plan prepared by management and accepted by the Board of Road Commissioners in April of this year. The plan will be used as a guide in preparing annual budgets, which for 1983 will be done later this year.

To cope, the plan recommends to cut wages and salaries top-to-bottom, pare staff and construction again, and reduce fringe benefits over the next three years.

"The 1983-85 plan attempts to adhere to the Board's goal to provide a safe county road system and facilities in an equitable manner within the tight constraints that exist," said Managing Director John L. Grubba.

He said the plan seeks to preserve the current level of maintenance and traffic-safety at least through 1984. After 1984, even those areas may suffer staff cuts, he said.

The plan in April forecasted need for employee compensation cut-backs to begin January 1, 1983.

By mid-1982 it appeared that pay and fringe benefit cuts could be delayed until July of 1983.

Thus, the plan when 1983 budget preparations began in August called for:

- Continuation of wage and salary freeze at 1981 levels through June 1983 and then wage, salary and fringe benefit cuts for Managing Director on down beginning July 1, 1983.

- Construction program cuts of \$1.3 million in 1983, another \$31,000 in 1984, and an additional \$574,000 in 1985.

- Twenty-three staff position cuts in 1983: including 19 in the Engineering Department and one in the Department of Transportation Planning and Environmental Concerns (TP&EC), directly reflecting the reduced work program in construction; and one each in the Managing Director's Office, the Secretary-Clerk's Office and the Department of Citizen Services.

- Six staff position cuts in 1984: including four in Engineering and two in purchasing.

- Twenty-two staff position cuts in 1985: including 15 in the Maintenance Department; five in the Traffic-Safety Department; one in TP&EC and one in the Finance De-

partment.

- \$271,000 annually from fringe benefits. The plan suggests eliminating life insurance, dental and optical benefits entirely. But these and other options and specifics are subject to union negotiations.

- Even such cuts wouldn't be enough except that the Road Commission's costs for debt service will be down by \$586,187 in 1983 and continue declining through 1985, said Grubba.

Further economies are also called for in the plan:

- Elimination of the Departments of Personnel, Purchasing and Citizen Services in 1984 and providing these functions under a single Department of Administrative Services.

- To achieve greater job skill and versatility by expanding training programs for employees.

And, the plan makes three recommendations to reduce "matching program" costs.

- No longer absorb the cost increases of maintenance work performed by townships and cities on county roads; instead to freeze Road Commission contributions to such work at 1982 levels.

- No longer make contributions to the cost of special assessment dis-

Published By The Board of Oakland County Road Commissioners

THE BOARD OF OAKLAND COUNTY ROAD COMMISSIONERS

RICHARD V. VOGT
Chairman

JOHN R. GNAUL, JR.
Vice Chairman

FRED D. HOUGHTEN
Commissioner

Chairman's Message:

State Of The Roads Is: 'Disintegrating'

The roads in Oakland County are disintegrating.

Cracking, crumbling, potholing pavements and rutting gravel roads plague motorists more than ever before. People trying to make their cars last "just a little longer" are paying the price at the repair shops.

Most car owners wonder why. After all, they've paid taxes over the years to build and improve the roads. Why can't they be maintained? Is all the tax money that has been put into roads going to go down the cracks?

We on the Oakland County Road Commission can answer the first question. The second question can be answered only by the State Legislature and the Governor.

The cost to keep up with maintenance needs has increased annually. Meanwhile, road-support taxes have declined. Since 1979, it simply hasn't been possible to do as much to maintain and renovate roads as was done prior. Prospects are that even less will be possible next year and less the year after, and much less three years from now.

OCRC Capabilities Reduced

In our front page article we note how our capabilities have already been reduced to about two-thirds and how we may be forced to an even weaker position. Throughout this annual report are the details of how it affects the programs we provide for roads. Also in these pages we tell about help we are getting, from the county and from local units of government.

Unfortunately, not enough funding is possible from these sources. They are hard pressed to meet their many obligations as it is. Only in four of the 23 townships have the people voted local millages for roads. State law prevents the county from using its general property tax for roads; the county can only contribute surplus funds. A countywide property tax designated for roads is not possible in Oakland County, because of restrictions imposed by the State Constitution.

The primary responsibility to tax for roads rests with the state. Indeed, for several decades, the state has been the primary source of funding for county roads. Today, only the state can solve the road funding problem. That's where we all must look for the changes that are necessary if road

funding is ever to be adequately restored.

Legislators tried, in 1978, to boost road funding by increasing the per-gallon tax rate on gasoline to 11 cents. However, they didn't provide for the impact of people switching to more fuel-efficient vehicles. Since 1979 people have been driving more, but on fewer gallons; and therefore have been paying less road-support taxes.

Motorists understandably enjoy the tax break — until they drive on the disintegrating roads.

Need To Restore Revenues

Needed, at a minimum, is for the State Legislature and Governor to restore the road use taxes to their 1979 levels. A proposal intended to do so has been introduced and is awaiting action in the House Taxation Committee. Although a sub-committee has recommended adoption, the Taxation Committee has not yet released the bills for enabling vote.

We on the Board of Oakland County Road Commissioners have forwarded to Lansing formal resolutions urging approval before so much time passes that road disintegration will be beyond the scope of even the restored funding.

Oakland County's Executive and the Board of Oakland County Commissioners have also adopted resolutions of support.

Twenty-eight states have taken steps in the last two years to restore road support revenue levels. Some have provided for the fact that number of gallons sold is no longer a realistic measure of road use and benefit. In Ohio, for example, the Legislature changed to a method that indexes the tax rate to the cost of highway maintenance as well as to consumption.

The "Ohio Plan" is what the proposal now in the House Taxation Committee recommends for Michigan. While not perfect, the "Ohio Plan" has two virtues. Its index relates the taxes to needs and it continues the well-proven equity of user benefit taxation.

It's probable that further adjustments may be necessary between now and the year 2000. Fuel consumption is expected to continue falling off rapidly as the nation's automotive fleet becomes progressively more fuel efficient. For one thing, electrical power will probably be used for vehicles more — and there will be a need to assure equitable road-support revenue from such vehicles. Rather than wait until a crisis is again upon us, we could be preparing now.

We on the Board of Oakland County Road Commissioners have urged that the state enpanel a task force of all interest groups to determine and recommend a comprehensive program. Such a task force and adoption of the "Ohio Plan" are the two most important things that can be done, we advised the Michigan Department of Transportation when it asked for testimony for a state transportation plan.

When the Governor proposed a state income tax increase and cited road needs as a justification, we went on record opposed. There were two reasons: One, the governor's plan contained no guarantee that any money would actually go to roads, rather than to public transit. Secondly, income taxes are not related to road user benefit, and nothing would prevent them from being diverted to other state general fund needs.

Being as dependent as we are on the state for resources to care for the roads, we haven't hesitated to make our voices heard in Lansing. We must, because otherwise our only choice is to cut staff and program. And that means roads disintegrate faster.

Managing Director Comments:

JOHN L. GRUBBA
Managing Director

For years, we at the Oakland County Road Commission have addressed the need to catch up with demands placed on the road system by development.

We have also sought to assure environmental protection and to improve safety.

Funding has always been a problem, but never before have revenues actually declined in times of increased need.

Now, as our Financial Planning Group put it so succinctly, "Survival and accomplishment of basic services under very austere conditions becomes the game plan."

With many management actions such as are highlighted in this annual report, we are working to assure the best services possible.

Chairman

Forecast For 1983-'85 Is: More Cuts Likely

Continued from page 1

strict subdivision street improvements. (Long-standing policy of the Road Commission has been to contribute 10 percent of project costs, when property owners have been

willing to assess themselves for street paving and resurfacing.)

• Encourage townships to pass special millages or develop any means to finance road improvement programs. (This recommendation is in addition to continuing the policy adopted in 1981 of requiring townships to pay 100 percent of costs of

'local' road improvements. Prior to 1982, the Road Commission paid up to 50 percent, the limit allowed by state law.)

The Plan also recommends adherence to policies instituted as advised by previous Three-Year Financial Plans, including 100 percent recovery of costs for services such as

dust-control road chloriding, permits, inspections and etc.

Also, the 1983-85 Plan repeats the recommendation made last year to sell the Road Commission's administration building and to return administration functions to the Paul Van Roekel Service Center at Pontiac.

Three-Year Plan Reflects Revenue/Cost Pinch

"In our 1983-85 Financial Plan we face the fact that we're forced to give up hope of sustaining the 1979 level of services, or even the 1982 level in all areas," said John L. Grubba, Managing Director of the Oakland County Road Commission.

"By 1985 revenues are projected to be about half what would be needed for the 1979 level of services and too little for even the 1982 level", he said.

"The recommended plan for 1983-85 would hold the 1982 line in road maintenance and traffic-safety through 1984, but anticipates even that may be impossible beginning in 1985," said Grubba. He added:

"State-collected gas and weight tax revenue, our largest single source, is expected to decline to \$17 million in 1985, compared to \$18 million in 1982 and \$21.2 million in 1979."

"Other state and federal revenue is projected to be relatively stable through 1985, although federal aid might be greater than projected if other agencies in Oakland County can come up with necessary matching funds. Lack of sufficient gas and weight tax revenue is expected to prevent the Road Commission from providing the necessary match for all federal aid that is available."

"Local revenues are projected to decline, from \$3.7 million in 1982 to \$2.1 million in 1985. This, too, is largely because the Road Commission is not expected to have the funds to provide any matching amounts for locally-desired projects."

"Fees and other revenues ranging from \$1.8 million in 1983 to \$3 mil-

lion in 1984 and \$2 million in 1985 are projected, including 100 percent reimbursement of costs and anticipated sale of property.

"Overall, revenues are projected to decrease from \$31.6 million in 1982 to \$28.9 million in 1985.

"Gas and weight tax revenue is the only substantial amount of income available for basic operations. The Road Commission does not levy taxes for operations and other state, federal and local contributions are for specifically earmarked purposes.

"And, basic operations are becoming more costly. Despite \$819,105 of payroll cuts for 1983

compared to 1982, operating department costs in 1983 are projected to be \$22,621 'greater' than in 1982, at \$19,107,366 compared to \$19,084,745," he said. "This reflects a projected eight percent annual inflation rate in non-payroll costs.

"Also becoming more and more costly are fixed costs of overhead, such as utilities and fringe benefits. Electricity, heat, telephone and water costs are projected to be up \$88,390 in 1983, another \$21,219 in 1984 and an additional \$58,451 in 1985. Such increases are expected despite sale of the Road Commission's administration building in

1984, which is recommended to provide funds for essential equipment replacement.

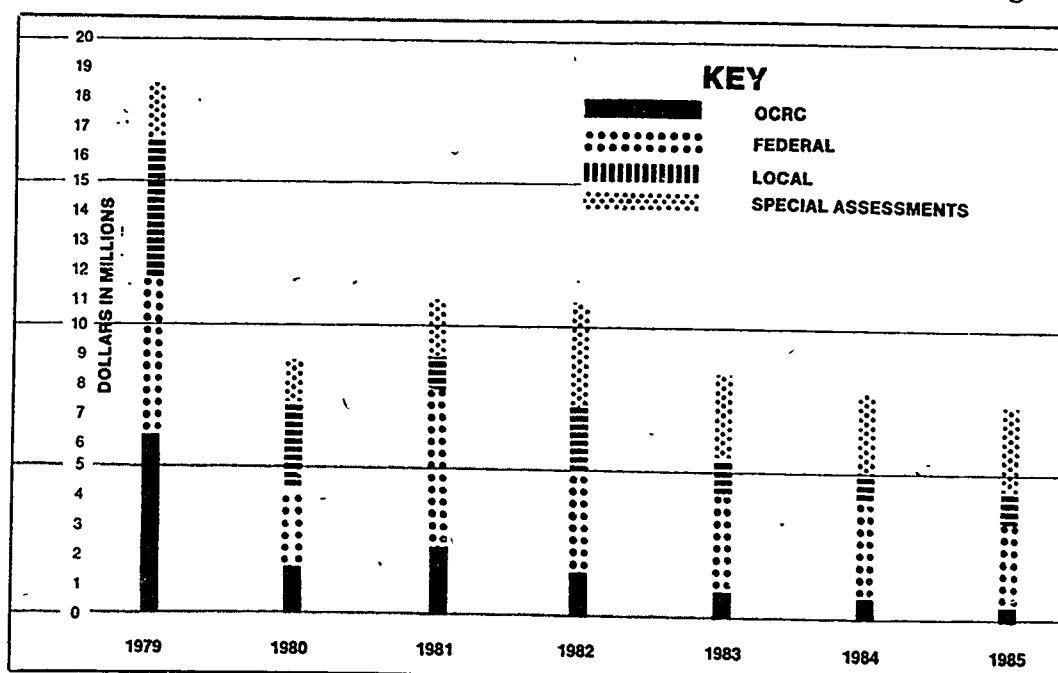

"Hospitalization insurance is projected to be up \$57,134 in 1983 even though it will be needed for 23 fewer people; another \$121,816 in 1984 despite an additional six staff cuts; and up another \$108,220 despite 22 more staff cuts. Blue Cross coverage costs are expected to increase from \$1,049,830 in 1982 to \$1,337,000, or 27.4 percent, in 1985.

"The public's expectation to recover damage costs from public agencies is also pushing up our expenses.

Our cost of liability insurance and other provisions for self-insurance are expected to be up \$86,115 in 1983, another \$189,500 in 1984 and an additional \$104,000 in 1985 - although still not as high as they would be if we hadn't gone to a self-insurance program in 1978," said Grubba.

"In fact, beginning in 1983 we expect to be forced to devote more of our gas and weight tax money annually for insurance, self-insurance and associated costs than for construction: \$1,194,000 compared to \$810,000 for construction in 1983; \$1,383,500 compared to \$787,500 in 1984; and \$1,487,500 compared to \$557,000 in 1985," he said.

Grubba summed up, "With revenues continuing to decline and inflation (even at lower rates than in recent years) continuing to force up costs, the Road Commission will be forced to cut programs in order to provide balanced budgets as required by state statute."

CONSTRUCTION FUNDING - As the Road Commission's ability to provide "matching" funds dwindles, so does federal aid and local unit contributions. Because of increasing property owner interest in subdivision street improvements by specially assessing, total amount may be little affected although the Road Commission will probably have to discontinue providing its customary 10 percent "match."

Street Paving Match Will No Longer Be Possible

Prospects are that the Road Commission's construction program will be less and less each year through 1985, as it has been since 1979.

Funding will be in such short supply that it will be necessary to discontinue the long-standing policy of contributing 10 percent to subdivision street pavings. That may discourage property owners and local units of government, who up until now have had to pay only 90 percent.

In 1982, the Road Commission has \$5,788,000 for construction contracts. That is projected to dip to \$4,455,000 in 1983; to \$4,424,000 in 1984; and to \$3,850,000 in 1985.

The majority of construction funding projected is federal aid: \$3,303,000 in 1983; \$3,195,000 in

1984; and \$3,322,000 in 1985.

Gas and weight taxes available for construction are projected to be \$810,000 in 1983; \$787,500 in 1984; and \$557,000 in 1985. That compares to \$1.4 million in 1982 and \$6.2 million in 1979.

Actually, in 1983-85 the county, townships and cities are projected to be contributing more to our construction program than gas and weight revenues: \$1,025,000 in 1983; \$987,500 in 1984; and \$512,000 in 1985.

Beginning in 1982, the Road Commission requires 100 percent contributions for non-subdivision local road construction projects other than those paid for by a Tri-Party Program.

That Tri-Party Program requires

one-third of costs from townships and one-third from the Road Commission to match one-third contributed by the elected Board of Oakland County Commissioners.

The Road Commission's Three-Year Plan for construction forecasts \$750,000 from all three sources for Tri-Party Program work in 1983 and again in 1984, but doesn't project continuation in 1985.

Other than Tri-Party Program projects, which are typically many but relatively limited in scope, the Three-Year Plan forecasts only the following projects will actually see construction beginning in 1983 through 1985, all federally aided:

- 1983 - New bridge on Long Lake Road west of Coolidge in Troy.
- 1983 - Widening of Orchard Lake

Road to five lanes between Maple and Will-O-Way in West Bloomfield Township.

• 1984-1985 - Reconstruct to four lanes divided Big Beaver Road from east of Livernois to west of Dequindre in Troy.

• 1984 - Add fifth lane on Orchard Lake at the intersection of Middlebelt in West Bloomfield Township and the City of Sylvan Lake.

• 1985 - New bridge on Ten Mile Road west of Beach in Southfield.

Programming projected for the three years includes engineering and right of way acquisition for these projects. It also includes preliminary design work for widening Orchard Lake Road to five lanes between Grand River and I-696, for which construction is tentatively expected after 1985.

BARGAINERS SIGN — After hammering out and gaining ratification of a new contract, members of the negotiating teams sign the document. Seated, from left, are Local 92 President Dean Mersino, AFSCME Council 25 Representative Billy J. Burling, OCRC Assistant Managing Director James Briney, and Personnel Director Lee Rogers. Standing, from left, are Local 92 Vice President Larry Brill, Local 92 Committeemen Harry Hale and Harold Webber, OCRC Traffic-Safety Director Gerald Holmberg, OCRC Maintenance Director James Dunleavy, Local 92 Recording Secretary Ray Stutzman and Chief Steward Larry Watson.

OCRC Hourly Employees Accept Cost-Saving Wage/Benefit Freeze

Hourly employees represented by Local 92, AFSCME, accepted in July 1982 a one-year wage and fringe benefit freeze through June 1983 in a new contract with the Road Commission.

Thus sacrificing ability to keep up with inflation's impact on their personal lifestyles, the 266 employees in the Local assisted in the effort to continue important public services.

"This is certainly good news for the citizens of Oakland County," said Richard V. Vogt, Chairman of the Board of Road Commissioners.

Noting that wage increases provided in prior contracts were less than the rates of inflation, also, he said, "We hope by next year we'll be able to make some monetary improvements, assuming the Legislature does. It's no fun living with a freeze."

The new Local 92 contract is expected to set the pattern for settlements with other union groups at the Road Commission. All non-union employees' pay and fringe benefits are currently frozen at 1981 levels.

A stipulation in the Local 92 agreement provides that if rates of pay or fringe benefits are increased for any other OCRC employees during the contract term, an equivalent increase shall be granted to the hourly employees.

"Unless the State Legislature restores road-support taxes to at least 1979 service levels, we doubt if we'll have the ability to give any raises," said Vogt.

"At the current pace of revenue declines, we're more likely to be needing even greater sacrifices from employees in the form of pay and fringe benefit cuts," he said.

"That would be unfortunate, for both the employees and the public we serve," said Vogt. "We have always tried to offer wages that are

competitive in the Detroit metropolitan labor market, so that we can attract and keep quality people. The work required, often under very hazardous traffic conditions, deserves no less."

Pay grades in the new contract range from \$9.92 to \$10.55 per hour, with employees in the most numerous grade (including Truck Drivers II, Skilled Laborers II and Equipment Operators) at \$10.21 per hour.

Four Banks Help Ridesharing

Four banks in Oakland County have joined the effort to help people save gasoline and reduce traffic congestion by carpooling.

Community National Bank of Pontiac, Pontiac State Bank, Liberty State Bank and First Federal Savings of Oakland distributed 100,000 brochures to their customers.

The brochures explain the increasingly popular practice of

ridesharing and how commuters can take part.

Banks are cooperating with the Oakland County Road Commission's "Share A Ride and Save" campaign, which is funded by a grant from the Michigan Energy Administration.

Thus far, the Road Commission has helped 132 employers, including K-Mart Corporation World Headquarters in Troy, set up viable programs.

Roads Cost Two Ways

Bad Roads Increase Auto Repairs

Bad roads cost \$204 per driver per year in wasted fuel, excessive tire wear and extra repairs.

That's the national average, according to studies conducted for The Road Information Program (TRIP) that used scientific road tests and data supplied by government agencies.

Of the \$204 cost, \$157.08 was wasted fuel due to loss of traction on uneven road surfaces and uneven power flow through the drive train caused by excessive vibration. An additional fuel waste, not studied and therefore not in the calculations, also occurs due to slowing and accelerating to negotiate particularly bad sections of road.

Fifteen percent of the cost is excessive tire wear as vehicles operate

over rough, rutted pavement.

Repairs account for eight percent and include damaged brake, steering and suspension systems.

Road-support taxes cost \$145.38 per driver per year in Michigan.

That includes the four-cents-per-gallon federal tax and the 11-cents-per-gallon state tax on fuel at the pump, and Michigan's vehicle registration fee for automobiles that averages \$26 per vehicle.

Also used is the national average of 10,300 miles of vehicle travel per year per automobile, the national average of 14.38 miles per gallon for all passenger vehicles, and the ratio of licensed drivers to registered vehicles.

Chloride Dust Control Is Available

The Oakland County Road Commission provides road dust control service by contract with townships or with property owners sharing a minimum of 1,000 lineal feet per order.

Calcium chloride is applied. The roadway is graded in concert with chloriding. Only public roads are eligible.

Orders received prior to May 1 qualify for four applications during the season. Orders received between May 1 and June 1 qualify for three applications.

Some townships contract with the Road Commission for township-wide application.

Individuals wishing to order or to obtain information should contact the Road Commission's Department of Citizen Services, at 2420 Pontiac Lake Road, Pontiac, or by telephone, 858-4803 or 4805.

Individual orders must be for a minimum of 1,000 lineal feet of roadway. The rate of application is 1,000 gallons per mile to a width of 16 to 20 feet.

In 1982, the charge for four applications township-wide service was 25 cents per lineal foot (\$250 per 1,000 lineal feet) and for individuals was 30 cents per lineal foot (\$300 per 1,000 feet). Some townships contribute to the cost of individual orders, as determined by township officials.

The Road Commission's Department of Citizen Services will provide any information it has about participation by townships, but doesn't always know particulars of townships' plans, policies or procedures.

Calcium chloride is not effective if oil has been used for dust control the previous year and is not available from the Road Commission for such roadways until a season without oiling has elapsed.

Other details of the program are also available from Department of Citizen Services.

Not included is the four percent sales tax charged in Michigan on fuel sales, because the proceeds go to the state's general fund rather than to its road-support fund. If the cost of this tax is added, to determine "taxes paid on purchase of motor fuel," the total becomes \$185.49 per year. That's based on the mid-July 1982 cost of gasoline (\$1.45.8 per gallon for no-lead) reported by AAA.

Nor are local government taxes devoted to roads from either general funds or special levies included because these vary so widely. In 1981, 12 percent of Oakland County Road Commission revenues came from such sources but the percentage for others with road operating responsibilities is unknown.

Everyone Can Help Fight Winter's Woes

Here are some ways everyone can help with roadway snow and ice control this winter.

"Observing a few simple precautions will improve the safety and convenience of all, and will help to hold down the tax cost", said John R. Gnau, Jr., Vice Chairman of the Board of Oakland County Road commissioners.

He advises:

- Do not drive in a winter storm

unless absolutely necessary, especially during storms of wet snow or freezing rain. Stalled and stranded vehicles present hazards to other motorists and significantly impede snow and ice removal. The longer it takes Road Commission crews to do their job, the more it costs the taxpaying motorists.

- Properly equip all vehicles for winter driving, from snow tires to wiper blades. Winter driving is diffi-

cult enough with the proper equipment. Faulty equipment is dangerous to you and to others, and is an invitation to be stranded.

- When a storm is forecast, remove all vehicles from the sides of roads and streets. This allows plows to clear the area the first time through without expensive return trips. (Many communities have winter roadside parking prohibitions,

and the fines and towing charges can be costly to the citizen.)

- Shoveling or plowing snow from driveways into or across roads or streets is illegal, because it can present a serious traffic hazard. Violations noted are reported, and police do enforce the law. Pile snow on your own side of the road.

• If you cannot pile driveway snow behind the curb or shoulder, be sure to place it to the right as you face the street so that road plows will push it away from rather than back into the driveway entrance. (Road plows unavoidably roll some snow from the road itself into the driveway entrance, because plow blades cannot be lifted for the thousands of driveways.)

• Mailboxes installed on the right-of-way are placed there at the owner's risk. Get them as far off the roadway as practical. A flag or other identifying marker will help plow operators see them and avoid them. If the mailbox post is rotting, it should be replaced so the weight of plowed snow will not break it.

• Snowplow trucks operating with blades up do not mean the drivers are not doing their jobs. They might be heading for fuel or repairs, or enroute to their area of plowing responsibility.

• Remember, during a heavy or prolonged storm, the limited crews must remain on the heavily-travelled critical and priority main routes until these are safe. Only then can they turn attention to subdivision streets, and sometimes this will be a day or two after bad conditions begin. It is too costly to staff and equip to clear all roads and streets on the same priority.

• Avoid calling the Road Commission's snow removal operations centers. They are extremely busy coping with storm situations and their telephone lines should be kept open for emergency calls. Emergency claims must be verified, such as by a doctor.

• If you note an unusually hazardous road problem on state trunklines, which include the freeways, or on county roads, call the Road Commission's Department of Citizen Services: 858-4804 during office hours or 858-4751 at other times.

Gnau said, "Highway safety remains the Road Commission's top priority. Therefore, our winter snow and ice control capability through the winter of 1981-82 was kept at the same level as in previous years although our revenues declined.

"But, every dollar of winter operating costs that can be saved is a dollar for spring, summer and fall road work - such as pothole patching - that otherwise would not be available."

He noted that snow and ice control is paid for by motorists, through the 11-cents-per-gallon state-collected tax on gasoline at the pump and registration fees.

"People are contributing less for road services because they're driving smaller, more fuel-efficient vehicles. But they still deserve safe road conditions and cost efficiency," said Gnau.

Michigan's Rate Not Highest

27 States Increase Gas Taxes

Twenty-seven states and the District of Columbia have changed their road-support tax rates since the beginning of 1981 in efforts to restore road-support revenues.

Eleven states switched from flat rates per-gallon to variable rates based at least in part on other factors, which have had the effect of changing the tax value more than once already.

Most variable rates use indexes keyed to the wholesale price of gasoline. The theory is that wholesale price increases reflect general cost increases faced by road agencies, but that didn't hold true in early 1982.

Ohio's variable rate is determined by a formula that takes into account the federal index of highway maintenance costs and a fuel consumption factor.

The "Ohio Plan" has been endorsed by a subcommittee of the Michigan House of Representatives Taxation Committee for adoption here, but has not been reported by the parent committee for final action.

Michigan continues to rely on the 11-cents-per-gallon fuel tax rate adopted in 1978 that went into effect in 1979. (Although gasoline purchasers are charged a four percent sales tax in Michigan, the proceeds are not devoted to roads. Sales tax revenues go into the State's general fund.)

The Highway Users Federation

periodically reports motor fuel tax rates of all states and the District of Columbia, using per-gallon equivalents for comparison.

Twelve states and the District of Columbia had higher rates than Michigan's as of July 1, 1982.

New Hampshire and Washington D.C. had the highest rate at 14 cents per gallon, followed by Nebraska at 13.7 cents and Iowa, Minnesota, South Carolina, South Dakota and Wisconsin at 13 cents.

GM Research Concludes: 'Shortfalls Imperil Nation's Road Preservation'

America was able to finance 84 percent of road preservation needs in 1976.

Only half could be done in 1980.

Just 30 percent will be possible with expected expenditures in 1985.

Such are the findings of a General Motors Research Laboratories (GMR) study using road condition data collected by the federal government. GMR provided an integrated methodology that examined changes in condition over time to determine mileage that must be restored in the future and costs of those restorations.

GMR's publication, SEARCH, said:

"The GMR analysis indicated that approximately 26,000 miles of U.S.

Ohio variable rate was yielding 11.7 cents per gallon equivalent July 1 and can go as high as 12 cents per gallon.

Indiana, also on a variable rate, was at 11.1 cents per gallon equivalent July 1.

Texas, which derives much of its highway support from oil well taxes, has the lowest rate as delivered at the pump - five cents per gallon.

highway should have been resurfaced or reconstructed each year since 1975 to have kept pace with deterioration.

"It also found that the annual cost of preserving this mileage has increased rapidly, from \$7.9 billion in 1976 to \$14.1 billion in 1980 dollars.

"If projected resurfacing and reconstruction expenditures are not increased, it will cost almost \$120 billion by 1985 to restore the Interstate, arterial and collector highway systems to their 1975 conditions and \$76 billion to restore them to their 1980 conditions."

Dr. Bruce Phillips, GMR researcher, said, "We do suggest that prompt action be taken to preserve our nation's investment in its highway systems."

Here's Construction Program For 1982

There are no general road pavings, resurfacings or intersection improvements in the Road Commission's 1982 construction program.

Pavings and resurfacings were also notably absent in 1980 and 1981 construction. In prior years, before the sharp decline in state-collected gas and weight taxes, about 15 miles of each had been accomplished annually.

The construction program totals \$7.1 million. Of the total, \$3,519,100 is federal aid; \$1,466,700 is OCRC funding; and \$2,100,200 is local government contributions as follows: \$1,050,000 county, \$671,200 cities, and \$379,000 townships.

County Funds Highlight

The majority of the projects in the 1982 program are road safety improvements for which the County Executive and Board of County Commissioners are providing \$800,000 without a matching fund requirement. (The projects were listed in the 1980-81 annual report.)

Also included are \$750,000 worth of Tri-Party road construction projects, for which the County Executive and County Board are contributing \$250,000 participating townships are contributing \$250,000 and the Road Commission by prior commitment is funding with \$250,000.

Tri-Party projects are determined annually in cooperation with the County Board and the participating units of government. (Projects selected in 1982 are listed in this annual report.)

Local Governments Help

Local government contributions totalling 87 percent make possible three of the five county primary road construction projects to be accomplished. Such projects usually do not receive substantial local government contributions.

The three projects are:

- In Commerce Township: Reconstructing as a "T" the intersection of Commerce and Sleeth Roads; with \$58,000 of township funds and \$12,000 OCRC.

- In Commerce Township: reconstructing as a "T" the intersection of South Commerce and Oakley Park Roads; with \$68,000 of township funds and \$12,000 OCRC.

- In the City of Southfield: widening to three lanes the 0.6 mile of Twelve Mile Road between Northwestern Highway and Telegraph Road; with \$135,000 of city funds and \$15,000 OCRC.

A county local road project, paving of portions of Squirrel Road in Pontiac Township, is being administered by the township which has the responsibility for \$300,000 of the cost outside the Road Commission's budget, while the Road Commission is budgeting \$66,000 in 1982.

Special Assessments, Too

The construction program also includes \$4 million for subdivision street improvements, 90 percent of which would be contributed by special assessments on benefitting property owners and/or contributing local units of government.

Federal Aid Included

Another primary road construction project is 75 percent federally funded. It is \$16,000 worth of preliminary engineering for reconstruction of White Lake Road for 1.2 miles between Andersonville and Orr Roads.

Federal aid for 89 percent makes possible a local road bridge reconstruction:

- In Waterford Township, replacement of the Island Park Drive bridge, with \$47,000 federal funds, \$3,000 township funds and \$3,000 OCRC.

Widenings to four or more lanes make up \$4.6 million of the total construction program, but all is for projects begun in 1981, and thus to which the Road Commission, Federal Highway Administration and local units of government were already committed.

The projects are:

- In West Bloomfield Township, design and right of way acquisition for widening of 1.3 miles of Orchard Lake Road between Maple and Willow-Way: \$162,000 federal aid; \$24,000 township; \$24,000 OCRC.

- In Troy, boulevarding of Big Beaver Road from west of Coolidge to east of Livernois, \$1,010,000 federal aid; \$190,000 City of Troy; and \$340,000 Road Commission.

- In Southfield, widening of 10 Mile to five lanes between Telegraph and Northwestern: \$2 million federal aid; \$319,000 city; \$319,000 OCRC.

- In Orion Township, reconstruction of Brown Road between Giddings and M-24: \$227,000 federal aid.

Refunding of staff expenses on delayed projects accounts for \$72,000 of the construction program, including \$61,100 of federal aid, \$7,700 OCRC and \$3,200 of local contributions. The projects now expected to get underway in 1982 are:

- In Bloomfield Township, adding a fifth lane and resurfacing at the intersection of Lahser and Maple Roads; with \$17,000 federal aid and \$1,900 OCRC.

- In Madison Heights, widening to four and five lanes on Twelve Mile Road between John R and I-75, with \$22,300 federal aid, \$3,200 by the City of Madison Heights and \$3,500 OCRC.

- In Southfield, partial funding for replacement of a bridge on Lahser Road south of 10 Mile Road, with \$21,000 federal aid and \$2,300 OCRC.

10 MILE ROAD between Telegraph and Northwestern as it looked in preparation for five new lanes of pavement.

Long-Awaited Widening Of 10 Mile Road Underway

Reconstruction of 10 Mile Road from two lanes to five lanes between Telegraph Road and Northwestern Highway in Southfield began in early June and is expected to be in progress through fall.

Access to Lawrence Technological Institute, WXYZ-TV studios, businesses and homes is being allowed and provided for.

The road is closed to through traffic at two locations: between the entrance to Lawrence Technological Institute and Lahser Road; and between Berg and Lahser Roads.

Motorists are advised to avoid the

area, if possible. The simplest detour is through the Northwestern-Telegraph interchange.

The road will be reopened to traffic for the winter, although final project clean-up is not expected to be possible before next spring.

The construction contract was awarded to the Tony Angelo Cement Company of Southfield for \$2,682,798.

The project is being funded 75 percent with federal aid. The 25 percent local matching funds are being shared equally by the Road Commission and the City of Southfield.

Part Of Big Beaver Is Done; More Planned In Near Future

"Together we have done it," said Oakland County Road Commissioner Fred D. Houghten at dedication of the new \$6.4 million Big Beaver boulevard in Troy on October 5, 1981.

He said, "This project represents the highest level of community involvement ever achieved in a Road Commission project. The final design and many, many features are due to the direct wishes of the people."

"Boulevarding, provisions for pedestrian crossing and extraordinary landscaping as part of the basic construction project are among the highlights," he said.

More than 10 years were devoted to planning and environmental impact review, which included public hearings, a citizens study committee and a referendum of city residents.

"Citizen awareness and involvement has, truly, aided in providing a roadway that will be safer, better serving and the best possible asset to the Troy downtown environment," said Houghten.

In tribute to the citizens, the City of Troy presented a tree to be planted alongside the boulevard. It will become part of a border of trees. Also part of the project is shrubbery in the median provided by the Oakland County Road Commission.

The new boulevard is 3.2 miles long, from east of Livernois to west of Coolidge in the heart of Troy.

The \$6.4 million cost included \$3.7 million for construction contracted to the Tony Angelo Cement Construction Company of Southfield and sub-contractors, \$1.6 million for right-of-way and \$1.1 million for engineering, inspection, signals, signs, markings and street lights.

Funding for the project is 56 percent by the Federal Highway Administration, 25 percent by the City of Troy and 19 percent by the Road Commission.

The Oakland County Road Commission had planned to purchase \$2 million worth of right-of-way in 1982 for the eventual widening of Big Beaver Road from east of Livernois to west of Dequindre in Troy.

The widening would complement boulevarding of the 3.2 miles adjacent on the west and widening eastward in Macomb County.

Federal aid is available to pay \$1.5 million of the \$2 million right-of-way cost. The City of Troy will pay the balance, including \$250,000 that ordinarily would be paid by the Road Commission.

"We just won't have our share," said Road Commission Chairman Richard V. Vogt.

Innovative Method Saves \$\$\$\$

A million-dollar road building problem was solved by Oakland County Road Commission engineers for less than \$100,000.

Through innovative use of geo-technical fabric, wrapping it around compacted slag, a mattress was created to bouy about 1,100 feet of two-lane pavement over a 35-foot-deep peat and marl bog.

Like a giant bag of rough-edged beans tightly knitted and confined, the mattress creates tensile forces that spread highway stresses over a broad area. Eliminated is the need for point buttressing beneath or at the bottom outside edges.

Thus, remove and fill operations estimated to cost more than \$1 million were avoided. The results also are better and cheaper than cor-doroy or gabion alternatives.

Daily traffic to General Motors Truck and Coach Plant uses the resulting roadway, which is the westerly two lanes of Opdyke Road beginning about 300 feet south of Auburn Road on Pontiac's border.

The mattress analogy comes partially from another innovative use of space-age fabric nearby. A little over a mile away, the largest enclosed stadium in the northern United States, the Pontiac Silverdome, sports a 10-acre roof of teflon-coated fabric floated by air pressure and resembling a pillow.

TRB WINNERS - Authors of papers that won TRB honors were, from left, OCRC Transportation Planning Coordinator Brent Bair, Transportation Planners James Barbaresso and Chris Mann, and Traffic-Safety Engineer Michael Labadie.

'CRIS' Helps OCRC Wage War Against Carnage On The Highway

The Oakland County Road Commission now has the most sophisticated data analysis system of any local road agency in the United States.

Called a Comprehensive Roadway Information System (CRIS), "it is a key component in the Road Commission's war against highway carnage", said John L. Grubba, Managing Director.

"We can now compare accidents, roadway characteristic and road-

way obstacle information in computer-quick time and accuracy in a number of ways useful in planning and daily operations," said Grubba.

"For example, programs for highway safety improvements can be identified and recommended. If, say, program money becomes available for shoulder paving, it will be possible to determine where on the road system the money could be used most effectively," he said.

TRB Honors Work Done For Safety

Processes developed as part of the Oakland County Road Commission's "Highway Risk Management Program" have impressed the National Association of Counties (NACO) and the Transportation Research Board (TRB), an affiliate of the National Research Council.

TRB accepted three papers for publication and presentation to its Annual Meeting in Washington, D.C. during January, 1982.

All three processes are used to determine cost-effective means of improving the safety of Oakland County's road system. Several projects in the Road Commission's 1982 work program result from analysis using the processes.

The process detailed in one of the three papers, a procedure useable by even the smallest agencies to evaluate and rank problem locations and countermeasures by cost-effectiveness, was applied in the Oakland County Transportation Systems Management Plan. The plan won a NACO National Achievement Award during 1982.

The second process impressing TRB compares a computerized accident data base to road characteristics to perform a variety of safety analysis functions.

The third process inventories, computerizes and ranks roadside features for analysis in a systematic program for enhancing road safety.

Tri-Party Program In Second Year

County, Communities Boost Some Road Projects

Road improvement projects for the second year of a four-year Tri-Party Program have been selected.

The decisions are made jointly by the elected Board of Oakland County Commissioners, local units of government and the Road Commission which share funding equally.

The program is made possible by the elected County Board's commitment of \$1 million over a four-year period. The Road Commission matches that amount and local units contribute the other third for projects in their communities.

Amounts to be spent in each township, if all participate, were determined on the basis of a formula that gives equal weight to county local road accident experience, mileage and population in each township.

Townships may elect to use any portion of their four-year allotment in any program year.

Because the \$750,000 total allotted for 1982 projects was not completely utilized, projects in 1981 may total \$842,935. An estimated \$816,039 will be needed for projects selected.

Road Commission Vice Chairman John R. Gnau announced the 1982 projects and estimated total cost by townships as follows:

Addison Township (\$24,920): new gravel on Noble Road from the west township line to Haven; and new gravel on Haven Road from Noble to Leonard.

Avon Township (\$84,000): approach paving on Devondale north and south off Auburn; on Rockhaven south off Auburn; on York north off Auburn; on Apple Hill west off Orion; on Grace west of Livernois; and on Ruby west of Livernois.

Bloomfield Township (\$46,000): passing lanes on Long Lake Road at Clubgate and on Maple Road at Waysall.

Brandon Township (\$28,000): new gravel on Hummer Lake Road from Hadley to the Ortonville Village limits; on Granger Road from Sashabaw to Glass; and on Sherwood Road from Sashabaw to Perry Lake Road.

Commerce Township (\$57,500): passing lanes on Maple Road at Benstein; on Oakley Park at Welch; and on Cooley Lake at Carroll Lake.

Groveland Township (\$38,500): new gravel on Jossman in S-curves north of Grange Hall and from Groveland to Perryville; on Bird from Grange Hall to Glass and from Bald Eagle Lake Road north one mile; on Perryville from Dixie to Creek and from Grange Hall to

Brant; on Auten from M-15 to Croup; on Glass from Bird for a half mile east; and on Bald Eagle Lake Road from the township line to Renchick and from Bird a quarter-mile east.

Highland (and Hartland) Township (\$30,000): Resurfacing of Tipsico Lake Road and Murray Hill Road from M-59 north.

Independence Township (\$46,619): pave approaches on Rattalee Lake Road west off M-15; on Flemings Lake Road east off Clarkston Road; and on Pine Knob Road north off Clarkston Road.

Milford Township (\$35,000): new gravel on Garner Road from Commerce Road north for one-half mile and north and south of Dawson; on Charms Road from Wixom to Buno Roads; on Dawson Road from Garner to Martindale and from Milford to South Hill Roads; on Old Plank Road from Buno south for one-half mile; and on Burns Road from Commerce to Cooley Lake Roads and from Wixom to Commerce Roads.

Oakland Township (\$32,000): pave approach on Lake George Road north off Stoney Creek Road; new gravel on Gunn Road from Sheldon to Hadden, on East Buell Road from

Rochester to Haddon, and on West Predmore Road from Hall to Tamarac Subdivision.

Orion Township (\$45,000): pave approaches on Waldon Road west off M-24; and on Greenshield east and west off M-24.

Pontiac Township (\$37,000): drainage improvement in Walton Heights Subdivision.

Rose Township (\$20,000): drainage improvement on Green Cove Road and new gravel on Tipsico Lake Road from Demode Road south for one mile.

Springfield Township (\$40,000): pave all approaches on Hillsboro, Ember and Neilson Roads off Big Lake Road.

Waterford Township (\$128,000): drainage improvement in Oakwood Manor Subdivision; pave approaches, on Lake Side north off Cass Elizabeth, and on Winding Drive north off Cass Elizabeth.

West Bloomfield Township (\$112,000): pave approaches on Glenway south off Maple and on Bloomfield Lane south off Maple; and extend pavement on Inkster Road to south township line.

White Lake Township (\$11,500): passing lane on Cooley Lake Road at Carroll Lake Road.

Building Named For Paul Van Roekel

The Board of Oakland County Road Commissioners has named its facility in Waterford Township the "Paul Van Roekel Service Center."

Thus recognized is the man who has served 25 years as Oakland County Highway Engineer and the agency's chief operating officer.

The building is located at the northwest corner of Pontiac Lake Road and County Service Center Drive.

It has served as the Road Com-

WILLIAM "BERT" MERCER retired. "His quiet leadership is one of the things that has made the Road Commission tick for the past 30 years." Mercer served as Director of Maintenance and Director of Permits/Special Uses.

WILLIAM "JOHNNY" JONES, known as "Mr. Road Commissioner," has retired after 46 years of service. He was Engineering Department Office Manager at his retirement. Jones helped found the Oakland County Employees Credit Union and served several terms as its president.

mission's main headquarters and is currently the base of Maintenance, Traffic-Safety, and Citizen Services Departments; and also houses the main repair garage and the Pontiac District Maintenance operations.

Van Roekel, 56, came to Oakland County from similar duties in Iowa at a time when this county's rapid suburbanization following World War II required intensified road reconstruction and subdivision street development.

He has been a leader in several national and state professional organizations in addition to his duties with the Road Commission.

He recently completed a one-year term as National President of the Transportation Officials Division of the American Road and Transportation Builders Association (ARTBA).

He has also been a member of the Waterford Township Planning Commission since 1961 and was its chairman in 1969-70.

Van Roekel, and his wife, Ann, live in Waterford Township.

PAUL VAN ROEKEL'S 25 years as Oakland County Highway Engineer, the chief operating officer, were commemorated with naming of the Road Commission's facility in Waterford in his honor.

Gopher Gymnastics.	2:45 p.m.
Karen Moody — accordianist	3:25 p.m.
Wonderland Barbershop Chorus.	4:25 p.m.
Plymouth Community Band	5:10 p.m.
Emcee — Arnie Williams	

Rotarians raise sights for chicken dinner

Although it offers the biggest chicken barbecue in the state of Michigan, the Plymouth Rotary Club is seeking a much higher goal for the major event of the Fall Festival.

If plans succeed, the Sunday event will be listed in the Guinness Book of World Records and thus receive worldwide recognition.

No chicken barbecue in the country comes near selling 15,000 dinners in only

six hours, according to a preliminary survey.

That's the schedule arranged for this season with the serving of the meals — \$4 each — starting at noon and going on through the afternoon until 6 p.m.

Club members are optimistic because they have devised a plan for the carry-out dinners. With the speedier plan, the carry-out area at Sheldon and Ann Arbor roads

is expected to boost the total to the record heights.

THE GOAL of 15,000 dinners was expected to be reached last year, but rain interfered, and the total was cut considerably. Now, with the barbecue under the new roof, a defense has been built against the weather, and the 15,000 goal is possible.

The club has ordered 15,000 dinners, said James Somers, who handled the pur-

chasing for this year's Rotary chicken barbecue. Along with them, he ordered 17,000 ears of corn.

The extra 2,000 ears of corn are to accommodate diners who want an extra cob and for people who come just for the corn portion of the dinner late in the afternoon.

Along with the order for chickens and corn, 15,000 buns have been ordered.

If the club sells enough chicken barbecues, it has a shot at world fame.

Bluegrass band to perform

The Fall Festival will be featuring some new entertainment this year at the band shell in front of the Penn Theatre.

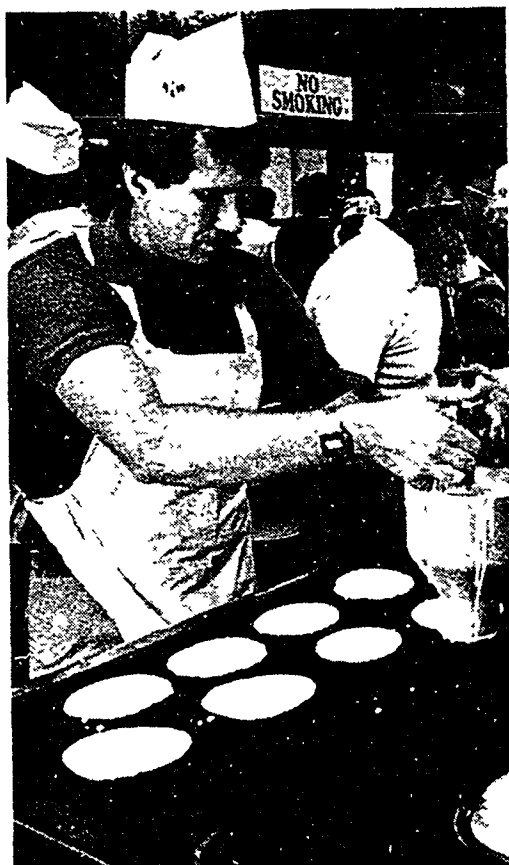

Roy McGinnis and the Sunnysiders, a bluegrass band, will be making its first appearance at the festival along with the Bluegrass Cloggers at 8:30 p.m. Saturday, Sept. 11.

The Bluegrass Cloggers are not affiliated with the Sunnysiders and will be teaching the audience to "clog" as well as entertaining them.

Clogging is an ethnic dance that came from Ireland, England and Scotland with the settlers and was blended into what it is today. The jig is one variation of clogging.

But clogging won't be the only type of dancing entertainment available at the festival, however. There will be the traditional square dancers with Ron Seime calling.

The square dancers will perform at 8:15 p.m. Friday, Sept. 10. People from the audience are welcome to come and swing their partners along with the dancers.

Tim White is a champion pancake-maker at the annual Plymouth Kiwanis breakfast spectacular.

Kiwanians move pancakes outdoors

For the first time since the inception of the Fall Festival, the Plymouth Kiwanis Club will sell pancakes in the outdoors.

Under the new plan, the pancakes will be prepared under the roof of the pavilion between the Penn Theatre and the Masonic Temple, instead of being cooked inside the Masonic Temple.

With the move, the Kiwanians hope to double the sale from about 2,500-5,000, despite the 2 p.m. Saturday of the pancake feast.

Additional electric power now is available under the roof of the pavilion, and six new electric stoves will be added.

When the temple was used, the sales were limited because space and cooking equipment were limited. With the added room and the new stoves, there should be little wait for pancakes.

PANCAKES WILL go on sale at 7 a.m. Saturday. The 2 p.m. end of sales isn't ex-

pected to have much effect, as few pancakes were sold after 2 p.m. in other years.

When the stoves get going and the Kiwanians open for business, a veteran crew will be at the baking end. Chuck Moore, heralded as the best pancake cook in the area, again will be in charge.

With Moore will be veterans, including former mayor James Houk, the oldest of the lot. The other oldtimers will be former mayor James McKeon, Bryan Glitson, and Leo Schultz. Oldtimer waiters will include Bud Schrader, the retired funeral director, and Bob Barbour of the National Bank of Detroit.

With the move outdoors, the Kiwanians hope for a record sale. If the weather is nice, pancakes will be served in the park.

If there is bad weather, the serving will be done under the pavilion, with tables and chairs set up.

Walker & Buzenberg Furniture Sales

A family owned business serving three generations of families for 49 years. In that time we have seen a lot of changes—both in furniture styles and suburban interlocking growth.

However, one thing hasn't changed, we still believe in giving our customers the best possible prices, and service before and after the sale.

"Quality and Savings" is our goal to our customers. Brand names you know.

This display in Emma's Restaurant earned a first place in 1982.

Marigold decorating

Businesses, residences, festival booths and serving lines can compete and beautify the festival with marigold displays.

Residents and businesses are encouraged to decorate the town with the official Fall Festival flower — the marigold.

Marigold decor judging is based on the following criteria: color, dramatic arrangement and creativity.

The Plymouth Lions Fish Fry serving line won last year's competition.

Any one wishing to have their marigold display judged may contact the festival

Don't miss decorated windows

"Old-Fashioned Holidays" is the theme for this year's Fall Festival window-display competitions.

During the Fall Festival, local merchants decorate their store windows following one theme, and each display is reviewed by a panel of judges, according to Pat Carne, chairwoman, Fall Festival Window Display Committee.

Windows can be decorated by either the individual store owners or an organization, said Carne. She's had many stores ask her if a group was available to do the decorating. "Last year we had close to 25 windows decorated," said Carne. "We hope to have at least that this year."

The competition is open to all area merchants, Carne said, although she said most of the participants are in the downtown district. Judging will begin at noon Thursday, the first day of the Fall Festival.

"Forest Place Mall is doing something special this year," said Carne. "They're working on an overall scene." The window displays will remain up throughout the Fall Festival.

"The window displays are an important

part of the Fall Festival," said Carne. "It helps everybody participate and get involved, and it's another facet for the people to enjoy."

The criteria for judging each window display is how well the theme is carried out, artistic creativity, authenticity of the period and initial impact on the judges.

Last year first-place ribbons were awarded to Wiltse Pharmacy and Emma's Restaurant, said Carne.

The window decorating has grown in

popularity, said Carne, and she believes the window displays are a nice added feature to the Fall Festival. "I think the window displays will maintain its popularity," said Carne. "Those who took part last year wanted to do it again."

The competition is open to every merchant, and Carne said if a merchant is interested in entering, all he has to do is decorate his windows and notify the Fall Festival Committee of entry in the competition.

Grange Hall a busy place for the Festival

For the last eight years, Jim Henry has put on the Arts and Crafts Show held at the Grange, 273 Union, during the Fall Festival.

Henry has been a member of the Grange for 20 years, and his interest in crafts goes back twice as far. In 1940, Henry started making toy trucks and doll beds, and he still makes them today.

"It's a hobby with me," said Henry. "I first started selling them during the war, because toys were hard to get," he continued. "I like to see every kid have a decent toy, one that won't be broken in a couple days."

Everything on display at the Arts and Crafts Show is all handmade. "We don't want any of that made-in-Japan stuff people try to pass off as crafts," said Henry. "We have a lot of knitted and crocheted works, candles and ceramics."

"Sure, I'd like to sell some of my own crafts, but I won't have the time," said Henry. During the Fall Festival Henry also makes all the donuts sold at the Grange. "Two years ago, I made 600 dozen donuts," said Henry. But Henry does sell his crafts at area flea markets.

Henry doesn't want to run the Arts and Crafts show next year, and said he's been trying to get someone else to take over.

"Last year I had a heart attack during the Fall Festival" said Henry. "I'm not going to overdo it again this year."

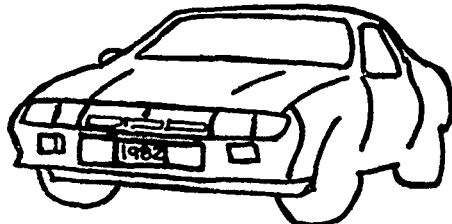

Reservations for booths at the show have been booked since the end of May, said Henry. There will be about one dozen individual craft displays throughout the four days of the Fall Festival.

The show will be on the second floor of the Grange. There is no admission fee. Donuts will be sold at \$1.75 a dozen.

Time to spruce up your pets

Hey kids, it's time to spruce up your pets and get them ready for the annual Plymouth Fall Festival Pet Show.

Pets of all kinds are eligible for this year's pet show.

Categories to be judged are dogs, cats, and the most unusual pet.

This year's pet show is co-sponsored by the Optimists and by the continuing education department of Plymouth-Canton Community Schools. Charles Childs and Larry Masteller are co-chairmen.

"It's a kind of a fun thing," said Childs. "It's an opportunity for kids to show off their mutts."

The show is open to kids through junior high age.

"We don't want high school students or adults," added Childs. "We are not looking for the best trained or the best groomed — we just want the kids to have fun."

About 50 awards will be given this year. A first, second and third place ribbon will be awarded for each area to be judged, including best looking, ugliest, longest tail, most friendly, and the most colorful in each category.

"We try to get animals lovers to do the judging," said Childs. This year the judges are Carolyn Tkacz, Jane Stuart and Bill Strahan, who also were the judges in 1981.

"The pet show was started by Herb Woolweaver about 15 years ago," said Childs. Woolweaver was active in the community through sports, the schools, and local affairs. "Larry Masteller and I picked it up when Woolweaver retired from the school system."

Animals entered in the past pet shows have included many dogs and cats. But the unusual pet category has seen a wide variety of pets, such as peacocks, goats, spiders and ants.

Both Childs and Masteller agree the most unusual pet they have seen in the pet show is an iguana.

Judging begins at 9 a.m. Saturday, Sept. 11, for dogs. Most unusual pet category will be judged at 10:15 a.m. and cats at 10:45 a.m.

Every participant who has a pet entered will receive a free matinee ticket from Margaret Wilson, owner of the Penn Theatre.

There is no limit on the number of pets to be entered.

"If they have 10 dogs, and want to enter them all, they can," said Childs. There is no entry fee, and viewing of the pet show also is free.

The cost of the pet show is absorbed by the Optimist Club.

Green thumbs drawn to fest produce tent

Calling all green thumbs! The Fall Festival is having a produce judging tent where your finest vegetables, flowers and canned goods can be displayed and rated.

Ribbons will be given for first, second and third place finishes as well as honorable mention in 21 categories.

Categories include cut marigolds, flower bouquets, mini flower bouquets (under three inches), largest squash (zucchini), largest squash (other), dried flowers, biggest pumpkin, tallest sunflower and biggest sunflower, to name a few.

The various categories will be judged by Gene Dodge of the Men's Garden Club and Horticultural Department of Parks and Recreation in Detroit. For the first time, the ribbons handed out will have "Plymouth Fall

Festival" written on them.

All kids under age 15 that enter will receive a ribbon.

This is Mary O'Connell's fourth year as chairman of the event. Her first year there were 81 entries, but thanks to a professional judge like Dodge, there were over 300 entries last year, according to O'Connell. She is expecting another big turnout this year also.

To pre-register for the event you should send your name and what you plan to enter to O'Connell, 12008 Tall Tree Drive in Plymouth. There is no limit to what you may enter. The show takes place 1-2 p.m. Sunday, Sept. 12, in front of Central Middle School on Main Street.

It is sponsored by the Crier and organized by the Trailwood Branch Woman's Farm and Garden Association.

Students will be selling artwork

Continued from Page '6

The artwork by students in grades kindergarten through 12th will be on display for sale during the regular Arts and Crafts Show. Staged by the Plymouth Community Arts Council (PCAC), the show will take place Saturday and Sunday in Central Middle School, Church and Main, Plymouth.

The student art sale last year fea-

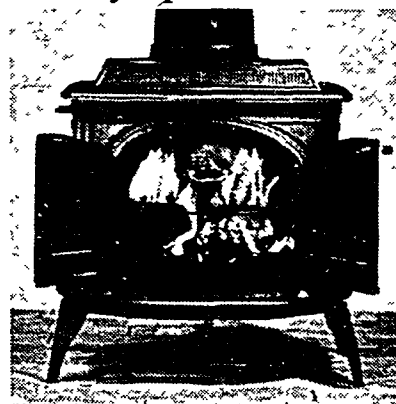

tured a wide variety of artwork including crafts, leathers, ceramics, wooden toys and other items. Some 40 students exhibited.

The student artwork will be in the corridor of Central Middle School.

Students wanting to participate this year should bring their artwork to the corridor of Central Middle School 4-6 p.m. Friday, Sept. 10.

Most community groups join Festival

Continued from Page 5

COMMUNITY CHORUS

The Plymouth Community Chorus will be selling tacos, soft drinks, and community chorus tapes during the Fall Festival. The group also will be singing on Sunday afternoon, Sept. 12.

OPTIMISTS CLUB

The Plymouth Optimists Club will be selling air toys and helium balloons this year. The Optimists also sponsor the Fall Festival Pet Show, an oratorical contest for young people, and college scholarships to local youth.

SALEM ROCKETTES

Plymouth Salem Rockettes will be sponsoring the dunk tank again at this year's Fall Festival. The Rockettes foster school spirit and buy uniforms and equipment with money raised during the festival.

1ST BAPTIST CHURCH

The First Baptist Church of Plymouth will be selling wholesome books at its Fall Festival booth. The literature will be available and priced up to \$7. The church uses the money raised for local relief and moral training to the people of the Plymouth community.

NATIONAL HONOR SOCIETY

National Honor Society members will be taking the weekend off from studying to sell Italian ice at this year's festival.

Italian ice, an alternative to ice cream, will be sold for \$1. The NHS uses its money for academic tutors, community speakers, and for the high school library.

GARY CASKEY/staff photographer

Patrolman Robert Scoggins provided information last year at the booth manned by the PPOA.

BPW CLUB

The Plymouth Business and Professional Women's club will be providing fun for children at this year's festival by allowing children to create spin art masterpieces at its booth near the children's rides. The BPW contributes to the community by sponsoring women returning to college.

CHAMBER OF COMMERCE

The Plymouth Chamber of Commerce will be selling T-shirts and fruit cups at its festival booth. The chamber is devoted to contributing to the community by promoting the town.

CEP FORUM

The CEP Executive Forum will be dishing out old-fashioned hand-dipped ice cream cones during the Fall Festival — single- or double-dip, chocolate, chocolate chip, mint chocolate chip or vanilla.

The CEP Executive Forum brings together students to work on projects such as the Christmas canned food drive, Walk for Mankind, and leadership conferences.

FAMILY YMCA

The Plymouth Community Family YMCA will be selling Italian sausage subs and soft drinks at its booth. Also available will be information on the YMCA's fall programs and its new Town Hall series. The YMCA provides the Plymouth community with enrichment programs, parent-child programs such as Indian guides and maidens, fitness workshops, outings, and a senior citizen organization.

PLYMOUTH CANTON MOOSE

The Plymouth Canton Moose will be selling slush cones in many flavors and colors during the Fall Festival. The Moose contribute to groups that need outside assistance such as scholarship funds, children with learning disabilities, and the Northville Regional Psychiatric Hospital.

OLD VILLAGE

The merchants of Old Village participate in the festival by providing the children with kiddie rides, such as two moon-walks, a merry-go-round, ferris wheel, and boat rides. All rides will cost 60 cents and are near Growth Works on Main Street. The Old Village Association raises money to promote and beautify the residential and business areas of Old Village.

GREEK CHURCH

The Nativity of the Virgin Mary Church will be serving Greek foods for festival crowds. Shis-ka-bob and gyros have been offered in the past and are proven favorites. The dishes are only \$2 and beverages, sweets, pies and bread also are available. The church raises money for community projects such as the Plymouth Goodfells, operation of the church, and its building fund.

COMMUNITY FUND

The Plymouth Community Fund will run an information booth during the festival to let resident know where to go when help is needed.

How Festival is born

The four days of the Plymouth Fall Festival are the results of weeks of planning by a group of dedicated volunteers who meet year-round to plan each year's festival.

Directing the Plymouth Fall Festival Board for 1982 is president Eleanor Shevlin of Plymouth. Assisting her are Jim Anulewicz, first vice president, and Erick Carne, second vice president.

Other officers include secretary Pat Carne, treasurer Eugene Kafila, manager Carl Glass and assistant manager Mike Vanderveen.

Other members of the Festival Board are Fred Eisenlord, Grace Light,

Ken Fisher, Louise Tritten, Jim Ventitelli, Dennis Siegner, Ann-Taylor and City Manager Henry Graper.

The work of the board is done, in part, by committees, which include:

Marigold Committee, Tritten, Fisher and Kafila; information booth, Light; produce tent, Taylor and Anulewicz; entertainment, Shevlin; theme, Carne and Siegner; budget, Anulewicz, Kafila, Light, Shevlin, Glass and Vanderveen; publicity, Kafila, Light, Eisenlord and Tritten; layout, Carne, Ventitelli, Light, Anulewicz, Glass and Vanderveen.

Lots to do and see

Continued from Page 14

THE GRANGE

Plymouth Grange will be serving different foods along with hosting an arts and crafts show. The Grange Hall is on Union Street near "The Gathering" pavillion.

Thursday and Saturday hot beef loaf sandwich with soup, slaw, and beverage will be available for \$2.35. Friday and Sunday stacked ham sandwich with the trimmings will be sold for \$2.10. All of the sandwich extras also will be sold separately. Sloppy joes will be served on all four days, any time of day. Meal hours are from 11:30 a.m. to 2 p.m. and from 5-7:30 p.m. The arts and crafts show is in the upper floor of the Grange Hall.

The Grange's primary focus is the welfare of the farmer and the consumer. They

offer educational programs, perform community services, and promote legislative action for home, farm, family and community issues. The Grange raises money for community programs such as the Salvation Army, Goodfellows, school band, Fife and Drum Corps, Hawthorn Valley, the Jaycees, and Tonquish Creek Manor.

THE CIVITANS

Plymouth Canton Civitan Club members will be selling photo buttons plus yaki-tori and soft drinks. The Civitans sponsor senior citizen programs, cosponsor the Special Olympics in Wayne County, and raise money for such groups as the Plymouth Canton High wrestling team, the Junior Civitans, the handicapped, and the Salvation Army.

How to get to Festival

Many of the Fall Festival activities are in Kellogg Park and along Penniman Avenue in downtown Plymouth.

For out-of-towners, Kellogg Park is downtown in the city of Plymouth at Ann Arbor Trail and Main. Penniman Avenue is a one-way street from Main to Harvey west of Main.

Routes to Kellogg Park and Main include: From I-275 south of Ann Arbor Road, west to Main Street, and north on Main to the park; Plymouth Road west to Mill where Plymouth Road is renamed Main Street and changes directions from east/west to north/south; Ann Arbor Trail west to the heart of the downtown area; M-14 to Sheldon Road exit, west on Shel-

don to Ann Arbor Trail and east on the Trail to Main.

Central Middle School is at Church and Main near City Hall, two traffic signals north of Penniman Avenue (easily within walking distance of Kellogg Park).

Cultural Center is at Theodore and Farmer and is easily accessible by taking Main Street to Theodore, which intersects Main at the C&O Railroad tracks.

The Grange Hall is on Union Street near the northeast corner of Kellogg Park.

Parking areas include: Lot at Cultural Center at Harvey and Theodore; East Central Lot between Church and Penniman Avenue, Union and Main; the Central Lot between Ann Arbor Trail and Penniman, Main and Harvey.

TOUCHDOWN '82

Supplement to Novi-Walled Lake News, Northville Record, Milford Times and South Lyon Herald

Wednesday, September 8, 1982

A new beginning...

Once upon a time, there was the Western Six Conference, the Inter-Lakes Conference and the Suburban Eight Conference.

Each conference was merrily going along its way until economic hard times necessitated some changes. Two of these conferences no longer exist, while the other has been reduced to a mere six squads. Both the Western Six and Inter-Lakes have disbanded, in a sense, and the Suburban Eight is now the Suburban Six.

VIKINGS (1981 finish: third place, 2-7) — Front row: (from left) Dave Belean, Bill Marohn, Marlin Kilmer, Regan Goins, Jerry Makkonen, Doug Barron, Bob Mourad, Scott Adams, Jeff Adams, Jim Ziola. Second row: Curt Calhoun, Dave Chwalibog, Dale Bukoski, Dan Gilbert, Frank Willetts, Doug Scott, Bill Erdman, Mike VanSicklen, Scott Gallagher, Dean Nessen. Third row: Dave Lobert, Jim Comiskey, Mike Arnold, Tom

Kaufman, Tom Menard, Tim Ginster, Jeff Henry, Kurt Couture, Darin Mickel, Ron Knoppe, Bob Lewis. Fourth row: Head Coach John Van-Sicklen, Jim Allen, Wayne Dean, James Shingley, Steve Thibert, Jim Kreutzer, Jason McDole, Greg Pryjowski, Kevin Wheeler, Scott Patrick, Assistant Coach Chuck McKinnon, Assistant Coach Steve Groth.

Runners, defense talented for Vikings

The entire offensive backfield is back. The offensive line boasts a bevy of 200-pound behemoths. Eight starters return to the defensive unit. And one of his players is being recruited by virtually every Big Ten school as well as Notre Dame.

So why is John VanSicklen being so careful about assessing the prospects for the 1982 season.

"All the elements are there," admits the Walled Lake Central coach, "but we don't have a lot of depth and our schedule is loaded with teams like North Farmington, Plymouth Salem, Livonia Bentley and Farmington Harrison (the defending Class B state champs).

"There isn't a breather from start to bottom. If we stay healthy, we could have a pretty decent season. But I'm not going to make any predictions when we have the kind of schedule we do."

Despite the lack of depth and rugged schedule, VanSicklen and the Vikings have a lot of reasons for optimism this year.

Not the least of them is the fact that last year's starting backfield returns intact from quarterback Tom Menard (6-1, 170) to tailback Tom Kaufman (5-8, 160) to fullback Tim Ginster (5-10, 170) to halfback Dave Lobert (5-11, 175).

Making the situation even more en-
-viable is the fact that VanSicklen has

GALLOWAY

Dave Lobert will do more running than sitting

'All the elements are there, but we don't have a lot of depth and our schedule is loaded...'

VanSicklen cautious on chances

some talented back-up material at quarterback in Dean Nessen, a 5-10, 155-pound sophomore, and Dave Chwalibog, a 5-10, 160-pound junior who was slated for the starting job at Orchard Lake St. Mary before transferring to Central this year.

"That's a heckuva backfield," admits VanSicklen, a former all-state guard at Walled Lake before moving on to win All-American honors at Iowa State. "We don't have the one big superstar, but man-for-man we have as good a backfield as anyone around."

"Kaufman was all-conference last year, and Ginster and Lobert are just as good. Menard is a super quarterback who can run and throw, and he's being pushed by Nessen and Chwalibog."

With Menard at the helm, the Vikings will be throwing more this year. And VanSicklen believes he has a pair of super receivers in Steve Thibert (6-5, 210) and Kevin Wheeler (6-2, 200).

Thibert has been switched to end this year to take advantage of his height and 4.8 speed in the 40 after earning all-conference honors at tackle as a junior. Michigan, Michigan State, Notre Dame and virtually every other Big Ten school are attempting to recruit the Viking standout.

Wheeler will start at the other end, making it difficult if not fatal for opponents to try to put double coverage on Thibert.

The Vikings also have size and experience across the offensive front. Jim Kreutzer (6-2, 210), a junior, returns to his starting job at center, while the guard slots will be handled by two more returning starters — Jim Comiskey (6-0, 210)

Central will be on the move with a strong backfield

FECHT

and Mike Arnold (5-11, 190). Comiskey and Arnold are co-captains of the 1982 squad along with Thibert and Ginster.

Jason McDole (6-0, 200) is a returning starter at tackle, while the other tackle slot will be handled by Kurt Couture (5-11, 175), a returning letter-winner. Right behind McDole and Couture are a pair of big sophomores: Greg Pryjowski (6-2, 205) and Doug Scott (6-1, 200).

Defensively, the Vikings are just as well off as eight starters return from the 1981 squad which went 2-7. Thibert and Wheeler at 6-5 and 6-2 will be formidable defensive ends, while Kreutzer and McDole give Central a pair of 200-pound tackles. Arnold anchors the line at nose

guard.

The linebacking corps also is strong with Ginster and Comiskey returning to starting jobs. And the defensive secondary is set with Dan Gilbert and Kaufman returning at the corners, Nessen or Chwalibog at strong safety and Menard at weak safety.

"Defensively, we'll be as strong as we are offensively," says VanSicklen, who serves as defensive coordinator as well

as head coach. "We've got size, speed and experience."

"In fact, things are looking awfully good both offensively and defensively," continues the Viking mentor. "We've got some strong running backs, Menard is a super quarterback and I can hardly wait to see the defenses react when we send Thibert and Wheeler out as receivers."

"If we stay healthy, we can be a force to be reckoned with."

DON'T MISS THE ACTION!

because of "SHOOTING PAINS"

If you're a victim of sciatica, you know what "shooting pains" are all about. The sometimes excruciating pain of sciatica frequently affects the hip, thigh and back of the leg. The ankle and foot are sometimes affected, too. But that's not where the problem is.

The sciatic nerve, the largest nerve in the body, extends from the lower spine to the back of the thigh and knee. Then it divides. One nerve goes down the front of the lower leg, and the other goes down the back of the leg.

It's the inflammation of the sciatic nerve that causes the pain. This can be triggered by an irritated nerve root. What causes the irritation? The cause may be traced to a misalignment of the spinal column that's putting abnormal pressure on the roots of the sciatic nerves as they pass between the vertebrae.

Through x-rays and other procedures, the doctor of chiropractic can locate the misaligned vertebrae. Using a gentle adjustment, he can align it properly again to help eliminate the cause and the pain.

Eighth row: coach Ed Kemp, head coach Chuck Apap, coach Dick Watson and coach Ron Fuson.

Linemen determine success

When it comes to assessing the outlook for the 1982 edition of the Walled Lake Western football team, Chuck Apap is reserving comment.

"It all depends on how well our offensive line progresses," says the Warrior mentor. "We lost our entire offensive line from last year to graduation and now we're starting over from tackle to tackle with juniors up from the jayvees.

"The size, speed and strength are there, but the difference between line play on the jayvee and varsity levels is like night and day. The outcome of our season depends on how well the line comes along."

Warriors' backfield loaded

The line is particularly important to the Warriors this year because Apap believes in running the ball, and he's got a wealth of talented running backs this year.

The strength of the team will be Paul Imms, a 6-3, 220-pound senior who earned all-league honors while rushing for 960 yards last year as a junior. Apap says Imms is already being recruited by numerous Big Ten schools, including Michigan, Michigan State and Ohio State, and has the potential to be as good as any back he's ever coached.

Backing up Imms in the rushing department are five more backs who rate high in Apap's book. Dave Meyer (5-9, 170), Dave Perry (5-10, 193) and Dave Millitello (5-4, 133) could all be starters in "an ordinary year," comments Apap, who also has Rob Adams (5-10, 155) and Greg Paulus (5-10, 170) up from last year's jayvee team where they lugged the ball with considerable success.

A second strong suit will be quarterback where Rick Hunter (5-9, 170) returns to a starting position. Apap calls Hunter an outstanding runner whose passing has improved greatly.

Backing up Hunter at quarterback will be Mickey Folsom, a 5-7, 160 pound junior who would be a capable starter if Hunter were not around.

The Warriors also boast some fine receivers in tight end Aldo Buttazzoni (6-3, 190) and flanker Chris Tasse (5-8, 135). Buttazzoni has the speed to be a hurdler on the Warrior track team, while Tasse possesses "tremendous hands," according to Apap.

"We're strong and experienced at the skill positions, and we're definitely going to be passing the ball more this year," claims the veteran Warrior mentor. "But our success really hinges on how well our line develops.

"You can have the greatest backfield in the world and not go anywhere if you don't have someone to block for them."

And even though Apap says the offensive line is the team's biggest question mark, he also admits that there's reason for optimism.

In the first place, Apap says this year's line will be the biggest he has ever had at Western, and, the six junior starters played together as a unit last year on the jayvee squad which went undefeated against Western Six rivals.

Matt Turner (5-9, 161) is slated for the starting nod at center, while Chris

FECHT

Paul Imms (41) will be the workhorse in a talented backfield

Thompson (6-0, 210) and Matt King (5-7, 170) will be the guards. Rob Wendland (6-2, 200) and Randy Davis (6-2, 205) are set at the tackle slots. The tight end opposite Buttazzoni will be either Chris Knapp (6-2, 170) or Mark Croll (6-3, 220). Croll and Buttazzoni are the only seniors along the offensive front.

Defensively, Apap believes the Warriors will be strong despite the fact only three starters return from the 1981 squad.

The "crazy men" (nose guards) in Apap's 6-2-3 defensive alignment will be Matt King, a 5-7, 170 pound junior who started for the varsity last year, and either Mark Johnson (5-9, 150) or Brian Duskey (5-7, 180). Three 200-pounders — Chris Thompson, Randy Davis and Rob Wendland — are available to handle defensive tackle, while the ends will be Mark Croll (6-3, 220) and Frank Garbacik, a 5-10, 150-pounder who plays like he's 6-8, 250, according to Apap.

Todd Coulter (6-0, 170) returns to one of the linebacking slots, while Rob Adams (5-10, 155) is scheduled for the other. And in the secondary the Warriors will have Hunter, Meyer and Folsom.

Mark Burroughs will handle place-kicking chores, while Mark Johnson will be the punter and Imms will be responsible for kick-offs.

"We've got talented, experienced players at the skill positions," says Apap, "and we could have a real good season. But it really goes back to the offensive line.

"We get a break because our first four games are against non-league opponents and that will give our young

linemen an opportunity to get used to playing on the varsity level.

"How well are we going to do this year?" asks the Warrior coach. "Ask me after the fourth game when I've had a chance to see how our junior line adjusts to varsity competition."

If they make the adjustment — and Apap believes there's a good possibility they will — Paul Imms, Rick Hunter and the rest of the Warriors just might run wild this year.

Young Mustangs ready

Forget the fact the Northville football team will field a young and inexperienced team.

Forget the fact the Mustangs have only six of 22 starters returning to both the offensive and defensive teams.

Forget the fact Northville will be competing in a much stronger Western Lakes Conference this season.

The Mustangs still will be competitive. Just ask Mustang head coach Dennis Colligan. The fourth-year mentor is anxiously awaiting the start of the 1982 campaign in spite of these cold, hard facts.

"I'm not ashamed to put our kids on the field. We're going to hurt some people and we're going to beat some people," Colligan says.

"We're so questionable as for me to tell you how well we're going to do, but I'm getting more confident everyday about this team and their work as a unit," he adds. "We have more determination...more enthusiasm."

Part of the reason for the better determination and enthusiasm is that there are so many starting positions open. Therefore, three to four players are battling each other to gain the starting berth.

With this in mind, it might come as a surprise to hear Colligan note the offensive line is probably the strongest area of the team, for now.

"Potentially, it could be the best looking offensive in four years. They should develop into a fine offensive line. We're

deep, quick and big," he says. "But, there are a couple of question marks."

One of those question marks is the center position where currently sophomore Greg Wendell, 6-foot-2, 200-pounds, has the inside track to the starting slot.

However, Wendell is being pressed by junior Tom Homrick, 5-10, 210-pounds, and first-year senior Dave Bach, 6-2, 195-pounds.

One of the keys to the success of the line, Colligan notes, rests with tackles Steve Schrader and Randy Kratt. "We expect a lot out of the tackles. We hope to get a lot out of them. Both are big, strong and quick," he says.

The 6-3, 205 senior Kratt was a starter

Offensive linemen strength of squad

last season, and is one of this year's tri-captains. A 6-6, 210 junior, Schrader is making a switch from tight end, where he was a starter last year, to tackle this season.

Four players are fighting for the two guard slots with senior Ron Winters, 5-11, 185-pounds, and junior Matt Meyer, 6-1, 170 pounds, the leading candidates.

Junior Mike Weber, 6-4, 185-pounds, is mostly likely to be the starting tight end despite being hampered by a hamstring injury early in practice. "He's got exceptional hands and does an adequate job blocking," Colligan notes. Sophomore John Briningstool, 6-1, 195-pounds, will press Weber for the top spot.

Currently, seniors John McGowan and Jim Thomson are the leading candidates for the starting wide receiver slots, but close behind are juniors Brian Jennings and Ernie Bock.

Only one player in the entire backfield

returns with any kind of starting experience — tailback Andy Dimitroff. The 5-10, 180-pound senior tri-captain only played in two games last year because of a knee injury he suffered in the squad's third game. At the time, he had carried the ball 18 times for 180 yards and three touchdowns.

"We hope we can get him the ball, block for him and go," Colligan says. "I expect big things from him. He's a key to us."

Junior John Quinn, who rushed for over 1,000 yards on the junior varsity team, has the unenviable task of playing back up. First-year junior Steve Smith adds depth to the position.

Senior Ray McDonough, who saw limited action in the backfield last year, and junior Todd Deal are battling for the starting fullback slot.

Another strong battle is going on at quarterback where senior Tom

Yanoschik and junior Dave Longridge are locked in a heated battle.

"Yanoschik is a good team leader, good play-action quarterback and he fakes well. Longridge is a slick ball handler. He's good with the fake and play-action and has a nice touch on the ball," Colligan assesses.

"I feel pretty good about the offense as inexperienced as it is," Colligan says. "It's ahead of the defense."

Ah yes, the defense. Too many times last season the Mustang defense allowed the big or long yardage play to its opponents. It cost them some wins, and Colligan knows this.

"That's one of our goals for this year. We're not going to let ourselves get hurt with the long plays," he explains. "That's a team goal...to stop the long plays. That's a must."

The defensive secondary is largely responsible for stopping the big play. But, the Mustangs have only two experienced players returning to try to cut down on the nine touchdowns over 40 yards allowed.

Seniors Kevin Hite, a tri-captain, and McDonough are the returnees, while no less than eight players are battling for the remaining two slots.

The linebacking corps will be headed by Dimitroff. Deal and Bock have the inside track to the other starting slot.

Along the defensive line junior Tim Jackson and O'Hare are battling for the nose guard slot, while Kratt, Winters and Housman are locked in a battle for the defensive tackle slots.

Schrader and Weber have the inside tracks to the starting defensive end positions.

Andy Dimitroff (center) hopes to repeat many happy scenes

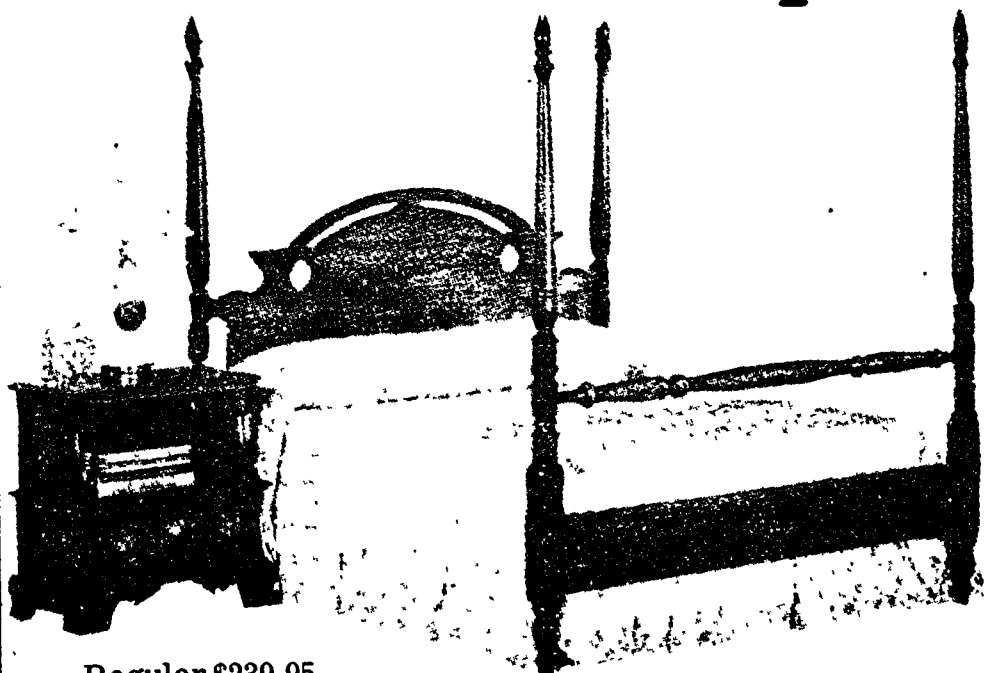

With such youth and inexperience dominating the squad, Colligan realizes his team will not be considered a contender for the Western Lakes title. But, opponents better beware nonetheless.

"Sometimes they (bigger schools) take the little school for granted," Colligan adds. "If they take us for granted, we'll sting 'em."

WESTERN LAKES

continued from cover

So where have these teams gone? Well, add it all together and one gets the new Western Lakes Conference which is ready to begin its initial season of gridiron action this fall. And while this may be a new endeavor, the 10 teams which comprise the new league really are not really total strangers to one another.

The five teams which comprise the Western Division are the same teams which used to knock heads in the old Western Six Conference.

Class B champion Farmington Harrison, Livonia Churchill, Northville, Walled Lake Western and Plymouth Canton will once again battle for supremacy in the Western Division.

Of the five squads which compose the Lakes Division, three used to compete in the now defunct Inter-Lakes Conference, while the other two battled in the Suburban Eight Conference.

Walled Lake Central, Farmington and champion Livonia Steventon battled in the old Inter-Lakes Conference, while Plymouth Salem and Livonia Bentley played in the Suburban Eight.

Most of the coaches like the new league, but some express some reservations.

"That league is going to be competitive," Northville's Dennis Colligan says.

"I think it's going to be a good league," Salem's Tom Moshimer adds.

However, Harrison's John Herrington and Churchill's Ken Kaestner are approaching the league with caution.

"I'm kind of taking a wait and see attitude," Herrington explained. "But, it should be a lot of fun."

"I have mixed emotions over the long haul, but it's going to be excellent football," Kaestner said.

With two five-team divisions, the eighth week of the season has been designated the playoff night. Each team will play its divisional opponent once, and have one cross-division contest, during weeks three through seven to determine who will play whom on position night.

The two divisional champions will meet the eighth week to determine the Western Lakes champ.

Meanwhile, the rest of the teams will play each other according to position. An example is the two second place teams will play each other, the third place squads battle each other and so on down the line.

However, if the two second place teams have met before, then they instead will play the third place teams. This holds true for the remaining squads. Only the divisional champions cannot switch opponents, regardless if they have met before.

Here now is a brief rundown on each division:

WESTERN DIVISION

The coaches here are calling this one of the most wide-open races in a long time. The reason — heavy graduation losses by most clubs.

However, Harrison is still being considered the prime candidate to win the divisional crown despite only one returning starter of a possible 22.

All State kicker Dave Blackmere is the lone starter from a team which won the Class B title with an 11-1 mark, but Herrington believes he has enough talent returning to have another good season.

"I told them (last year's reserves) that they practiced against one of the best teams in the state to show what they

Dave Meyer (24) is part of a loaded backfield at Western

BOYD

'I place Harrison in the role of the favorite, and the rest will scramble for positions. I say that out of great respect for John because if you don't beat John Herrington, you don't win the division'

— Ken Kaestner

could do," says Herrington, whose team is back in Class A.

Blackmere will be playing linebacker and upback in addition to his kicking duties. Other key players on offense include senior quarterback Ken Kish and sophomore running back John Miller.

The Hawks are a little unsettled defensively, according to Herrington, but seniors Tim Smielski and Tim Barsach are expected to play key roles.

Churchill, which was W-Six runner up to Harrison, also has been hit hard by graduation. Only two starters return to a team which was 4-5 overall and 3-1 in the league.

Tight end Steve O'Hare and defensive tackle Gerald Madden return for Kaestner. Other key players include offensive tackle Tim Luch, fullback Bob Foust and middle guard Dave Minz.

"I place Harrison in the role of the favorite, and the rest will scramble for positions," Kaestner said. "I say that out of great respect for John because if you don't beat John Herrington, you don't win the division."

Northville is another team hit hard by graduation as only six starters return to a team which finished 4-5 overall and 2-2 in the league.

On offense, tackles Randy Kratt and Steve Schrader and tailback Andy Dimitroff return. Schrader is switching from tight end to tackle, while Dimitroff is coming back from a knee injury which sidelined him after the third week of the season.

Defensively, the Mustangs return cornerbacks Ray McDonough and Kevin Hite, along with Kratt. Dimitroff also saw action at linebacker before the injury.

Western lost its entire offensive line to graduation, so coach Chuck Apap is hoping his new line will mature quick enough to open some holes for a talented backfield.

The prime running back is senior Paul Imms who just missed a 1,000-yard season by 40 yards. Also ranking high in the backfield are Dave Meyer, Dave Perry and Dave Millitello.

Even though only three starters return to the defense, Apap thinks he has a strong unit. Returning are linebacker Todd Coulter, Rick Hunter, who also will quarterback, and Meyer.

Plymouth Canton returns at least 10 players who started at one time or another for a squad which finished at 2-7 overall.

Coach Rich Barr believes he has one of the best group of players he has had in three years at the helm.

Key returnees on offense include quarterback Pat Murphy and running back Chuck Davis, while the entire defensive secondary of Murphy, Davis, Ron Rienas and Matt Santilli return.

LAKES DIVISION

The feeling among coaches here is that Salem and Stevenson will be battling for the top spot. But, they add, be wary of Bentley, Farmington and Central who all can play a spoiler role.

Probably the most experienced team in the division is Salem as it returns a senior-dominated team, who last year as juniors won three of their final four games to finish 6-3.

The entire offensive line returns for coach Tom Moshimer. Standouts include center Keith Urban, tackle Dave Salvin, tight end David Houle and guard Mike

Moshimer.

Because of the depth of the squad, Moshimer plans to alternate as many players as possible for defense duty. An example, he says, is Scott Jurek will spell either Houle and Urban at defensive end to let one concentrate on offense.

Inter-Lakes champ Stevenson only has four starters returning to a squad which finished 6-3 overall. Coach Jack Reardon notes many battles are continuing for starting assignments.

The returning starters on offense include quarterback Pete Rose and split end Dan McGinlay, while halfbacks Karl Hill and Tom Hamill anchor the defense.

Coach John VanSicklen Central team has all of the elements to turn around last season's 2-7 overall record. The entire backfield returns, along with eight defensive starters, and the offensive line boasts a couple of 200-pound giants.

However, lack of depth and a killer schedule could mean another long season for the Vikings. Still, quarterback Tom Menard, running backs Tim Ginster, Tom Kaufman and Dave Lobert, along with receivers Steve Thibert and Kevin Wheeler, provide some hope offensively.

Bentley coach Steve Naumcheff hopes to be turning the corner with his Bulldog gridders.

Bentley finished at 2-7 last year, but Naumcheff notes losses like the 13-12 heartbreaker to Livonia Franklin last year were commonplace. Thus, the Bulldogs' record could have been better.

Tight end Keith Percin and linebacker Steve Sapienza top the list of 13 returning lettermen. Junior quarterback Steve Gregor, center Tom Watts and fullback Erik Tower are expected to contribute heavily.

Changing losing attitudes at Farmington is one of the main goals of first-year coach Rich Roy. The Falcons were winless in nine contests last season, and Roy says the squad has won only three contests in the past few years.

Some of the top returnees for Farmington include tackles Pete Brown and Tim Parler, tailback Jeff O'Malley, quarterback Paul Wenson and linebacker John Calppison.

KENSINGTON VALLEY

While most observers thought South Lyon would claim still another Kensington Valley Conference football championship last year, Novi rattled the preseason favorite early and went on to claim its first title.

So, can Novi repeat its feat of one year ago, or will South Lyon climb back on top of its perch. Everyone will find out soon enough when the pair collide the third week of the season. But, don't forget Milford Lakeland, Hartland and Howell, all of whom believe they will be right up there battling Novi and South Lyon for the title.

Here is a rundown of the Howell, Hartland, Brighton and Pinckney grid squads:

HOWELL

The jury is still out on the Howell High football team, but Coach John Dukes knew for sure that come fall his defense simply would not be allowed to rest its case.

With six returning defensive starters and an unproven offense, Dukes did not spend a great deal of time deciding which side his bread was buttered on.

"The key will have to be our defense," says Dukes.

The most honored of the defensive returners is Brian Frazzini, a 175-pound quicksilver defensive end who earned all-KVC honors as a junior last season and will see action at running back.

The linebacking crew will be a veteran bunch with seniors Mike Bunce, Ian Whittaker and Brian Freydl in the fold. The secondary is anchored by Mike Porter and Roberto Ramirez. The interior line is anchored by 255-pound Kerry Sigetti and 205-pound Jeff Sundberg.

The Highlander offense has as many question marks as it has players in the early going. The first task for Dukes this fall was finding a quarterback to replace the graduated Daryl Trierweiler. His first choice for the job is Bunce.

HARTLAND

Hartland coach Joe Irvin isn't saying much about his 1982 varsity football team, he doesn't have to. The smile on his face says it all.

Last year's Eagle team finished with a 6-3 record and was third in the Kensington Valley Conference with a 4-2 record.

Other than a loss to South Lyon, where the Eagle defense yielded 38 points, Hartland gave up an average of only eight points per game. The offense tallied 114 points on the year. All of this has Irvin smiling.

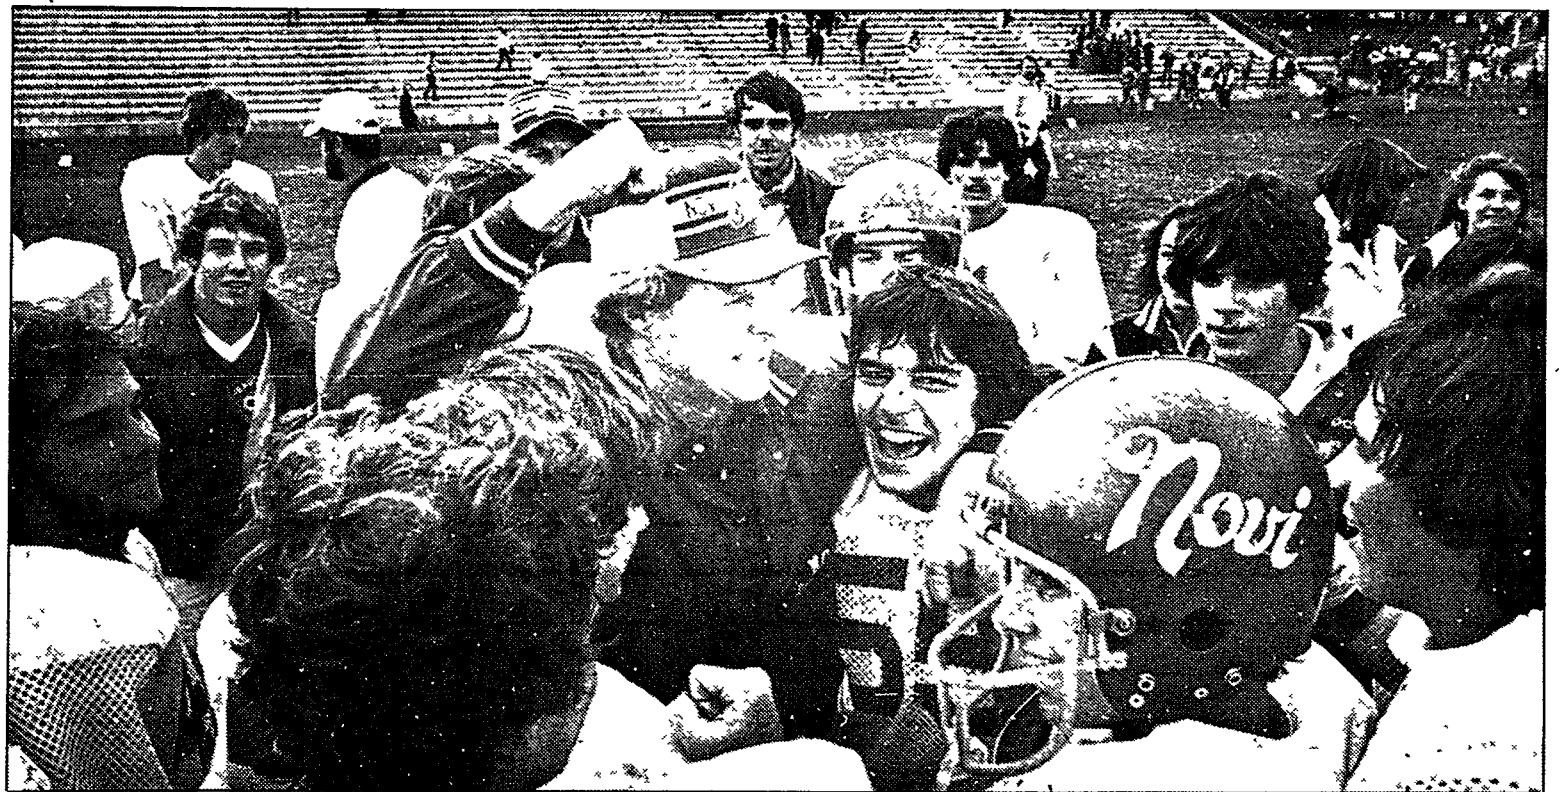

From that squad, Irvin has 12 letterwinners returning including last year's quarterback Scott Brooks and 1980 all-Livingston County quarterback Todd Cowan. Not to be forgotten is quarterback Rick Heavenridge who led the junior varsity squad to a 6-2 record last year.

To make room for the quarterback battle ensuing between juniors Cowan and Heavenridge Irvin has moved Brooks to tailback.

Along with sophomore Ted Selby at fullback, Irvin says his offensive backfield is the strength of the team. The return of Doug Gray, Scott Greyerbiehl and Dan Boratynski bolsters the defensive secondary, making both the offensive and defensive backfields a Hartland strength.

While the backfields return the experience, both lines have been decimated by graduation.

First year senior players Troy Whyte and Dave Krause are two unproven players Irvin hopes can contribute. Mark Loehr is the lone returner to the offense.

Novi coach John Osborne (cap) celebrates winning the KVC title with his players

FEC

sive line, and will see action at linebacker.

BRIGHTON

After two consecutive mediocre seasons, the pressure could be on new Brighton High School head football coach George Reck to produce a winner—now.

However, Reck is not showing signs of feeling any pressure in succeeding seven-year head coach John Seckinger, who resigned last year. Rather, it seems Reck might be enjoying the challenge.

"We going to play hard—that's all I can expect from the kids is to play as well as they can," Reck, who won the job after an extensive search by the district, said. "I don't really care about the record, everybody would like to be 9-0. You just have to play to the best of your ability."

Brighton is coming off a 4-5 season where the defense did the job at holding the opposition, but the offense was never able to get untracked.

The 1982 Brighton varsity team lost a bevy of seniors from a year ago and will be relying heavily on the help the junior class, coming off a 6-2 campaign at the junior varsity ranks, can offer.

The Brighton backfield returns senior Tom Gehres, who controlled the Brighton attack last year, and hard-running senior fullback Mike Matthews.

Junior Chuck Smith received spot starting assignments a year ago and will take over the tailback position. Senior speedster Joe Schumacher will be at end but he is being pushed.

While the backfield is the Bulldog strength, both lines are going to have to be rebuilt from scratch. Junior Mike Kruger returns to anchor the line along with senior Mark Earl. Junior Mike Munce comes back to provide help on the defensive line. John Fenlon and Matthews are back at linebacker.

The offensive line will be built around senior Mike Wittman, juniors Bob Thomas, Greg Garbutt, Smith and Munce.

PINCKNEY

For the past 13 falls, the Pinckney High School football team was under the tutelage of Tom Wilson. Now, 10-year assistant coach Tom Cogswell has taken over and is ready to establish a winning football program.

The Pirates have not enjoyed much gridiron success in the 1980s, posting a 3-6 record in 1980 with a 2-7 mark last

season. Cogswell said he is ready to change a few things.

Cogswell will be changing a ball-control offense to a more big-play offense this season.

To make the big play, the Pirates' fortunes will be carried upon the swift legs of its offensive backfield. Running the Wing-T formation is junior signalcaller Phil Chapin.

Adding to the speed of Chapin are a

pair of "burners," according to Cogswell. Leading the way is junior fullback Scott Crabtree.

Paving the way up front for the big play is the offensive line, a group with considerable inexperience, according to Cogswell.

The lone returning starter for the Pirate offensive line is senior Tim Radu, who is expected to anchor one of the tackle slots.

Hell Week!

FECHT

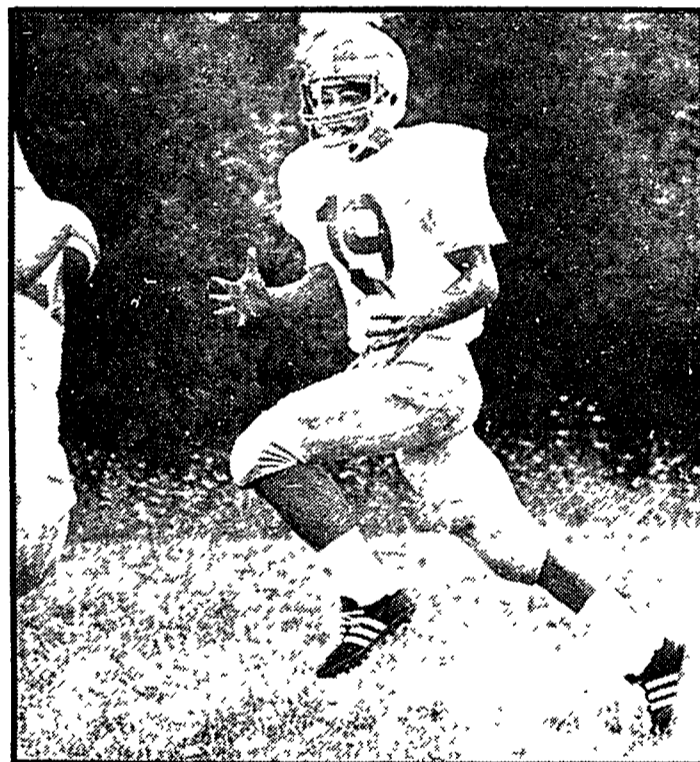

Ah, those dreaded two-a-day football practices every high school griddier has to endure for two weeks starting in middle August. For those who have to go through it, they might best describe the ordeal as "pure hell". Conditioning, of course, is a top priority as coaches have their players do everything from those famed "gassers" (wind sprints) to stretching exercises to limber up the body. Also high on the list for coaches is developing a player's fundamentals as well as working on the offensive and defensive plays.

Lions to make run at KVC title

The annual rite of graduation has a way of evening things out for high school football coaches. What seniors they lose in one area are compensated by upcoming underclassmen in another area. With the changing team roster, the coach changes the team's emphasis from year to year, taking advantage of the

strengths of that particular team.

Such is the case at South Lyon High School, where varsity football coach Dan Skatzka presides over a quick but somewhat inexperienced Lion squad. Graduation has taken from Skatzka his veteran ball players in the offensive backfield. On the other hand, fate has

Lions face tough road to KVC title

blessed the coach with an experienced line and speedy pass catchers.

"Overall, as a team, we're going to be much quicker," said Skatzka, "but by the same token, the least experienced team at the skill positions."

The least experienced players on this year's team will be stationed in the Lions' offensive backfield. "We'll be going with a lot of young kids back there," explained Skatzka, who has earned three conference titles and accumulated a 30-6 record in his four years at South Lyon.

At the crucial quarterback position, Skatzka is looking at two juniors, a sophomore and a senior. In the running are junior John Barabas; junior John Mindling, who quarterbacked the junior varsity team last year; senior Jim Sawle and sophomore Joe Rockel.

Skatzka explained all four quarterback candidates are fairly close in experience. He said it would be impossible to judge at this point who would start for the Lions. The coach added he would like to have two signal callers lined up by the season opener September 10.

Describing the backfield as the Lions' weak spot, Skatzka added this year is the first year he has headed into the grid season not knowing his first two quarterbacks.

Hinged on the quarterback situation is

the passing game. Skatzka said he would like to be ready to throw the ball as much as possible because the Lions have excellent pass-catching ability as well as speed this year.

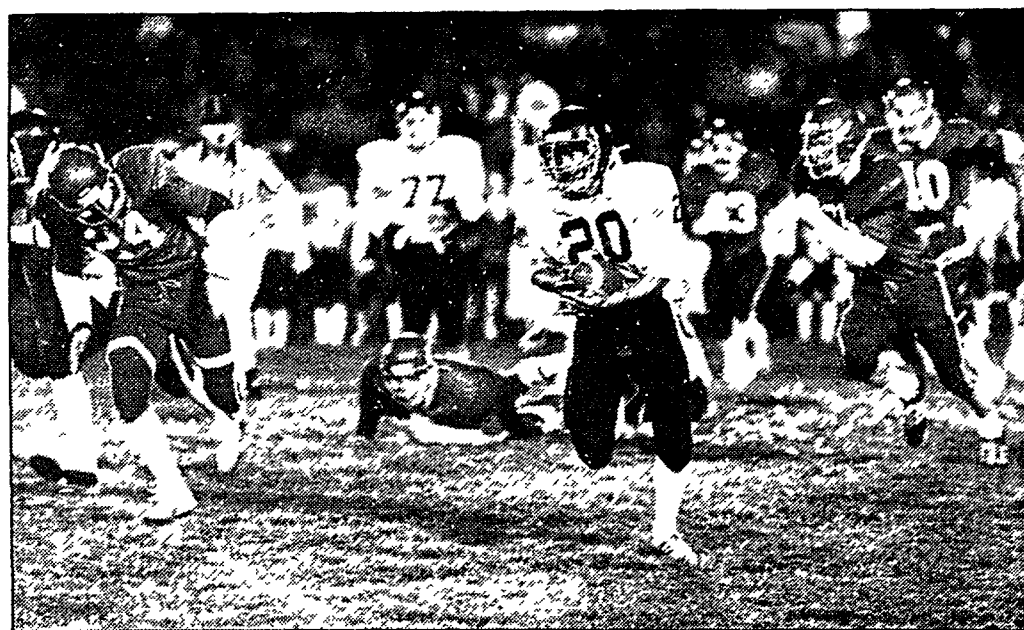

Pacing the Lions is the reception department is senior Steve Case. Track fans may remember Case from last spring. A speedster, Case set school records in the high and low hurdles and set a conference record of 15.1 in the 120-yard high hurdles. He also dashed through 100 yards in the just under 11 seconds.

Joining Case in hyper-space will be Mike Long, who is capable of matching Case's speed. Skatzka also pointed out that junior Jerry Bomay and Barabas will contribute to the Lions' quickness.

South Lyon will find its strengths in its quickness and its offensive line, according to Skatzka. Experience is the norm on the offensive line with seniors Eric Miller, Paul Nueroth, Dan Allison, Gordon Seeley and Jim Green returning this season.

The kicking game is also in the hands, or rather the feet, of some experienced and capable Lions. Skatzka said he has several contenders to handle the punting duties; it's just a matter of picking the right foot. And junior Dave Flack will be returning to take care of the place-kicking responsibilities.

Looking at this year's competition in

GALLOWAY

Mike Long is another fleet-footed receiver

the Kensington Valley Conference (KVC), Skatzka said Novi looks good to repeat as the KVC champion. He pointed out that the Wildcats won the conference crown last season with a junior team.

"They've (Novi) got to be the team to beat," said Skatzka.

Adding spice to the KVC race is the fact that the Novi-South Lyon game have always had something extra. Last year, the Wildcats kept the normally high-scoring South Lyon team out of the end zone and snapped the Lions' 12-game win streak.

When asked why Novi is always so tough, Skatzka said the two teams are very similar. Novi and South Lyon run the same defenses and offenses, he added. When the Lions play Novi, it's like they are playing against themselves.

In addition to Novi, Skatzka will be wat-

ching Milford Lakeland. He said Lakeland might have the best overall talent, with a good number of returners.

Skatzka expects the KVC competition not only to be balanced but interesting as three new coaches join the ranks at Pinckney, Brighton and Milford.

The winning South Lyon coach sees a good start as the key to winning the KVC title. A good start is what the Lions will need as they face Brighton, Novi, Lakeland and Hartland in the first half of the season. And what makes the job tougher is the fact that South Lyon will be at home only against Lakeland in those four contests.

Playing on the road against the tough squads is a factor, said Skatzka. "That is a big factor," he said. "You like to play before the home crowd. It is nicer being home."

Novi sees gold with air attack

"We think there is gold in dem dere passes."

Novi football coach John Osborne has issued the edict. The defending Kensington Valley Conference champion Wildcats will be looking to strike it rich through the air instead of the ground this season.

So, enemy defenses best tune up their radar equipment since Novi plans on filling the skies with footballs.

"We've changed our philosophy. We've been an option and wishbone (running) team in the past," Osborne says. "This year we've converted to the passing game, at least."

The veteran grid mentor realizes the risks involved in relying on a passing game to move the ball. But he just was not satisfied with last year's wishbone attack, even though the Wildcats won the KVC with a 6-1 ledger.

"We didn't move the ball satisfactorily last year on the ground," Osborne explains. "This (passing) might be a better way to move the ball."

"We're looking for a quicker way to the goal line," he adds.

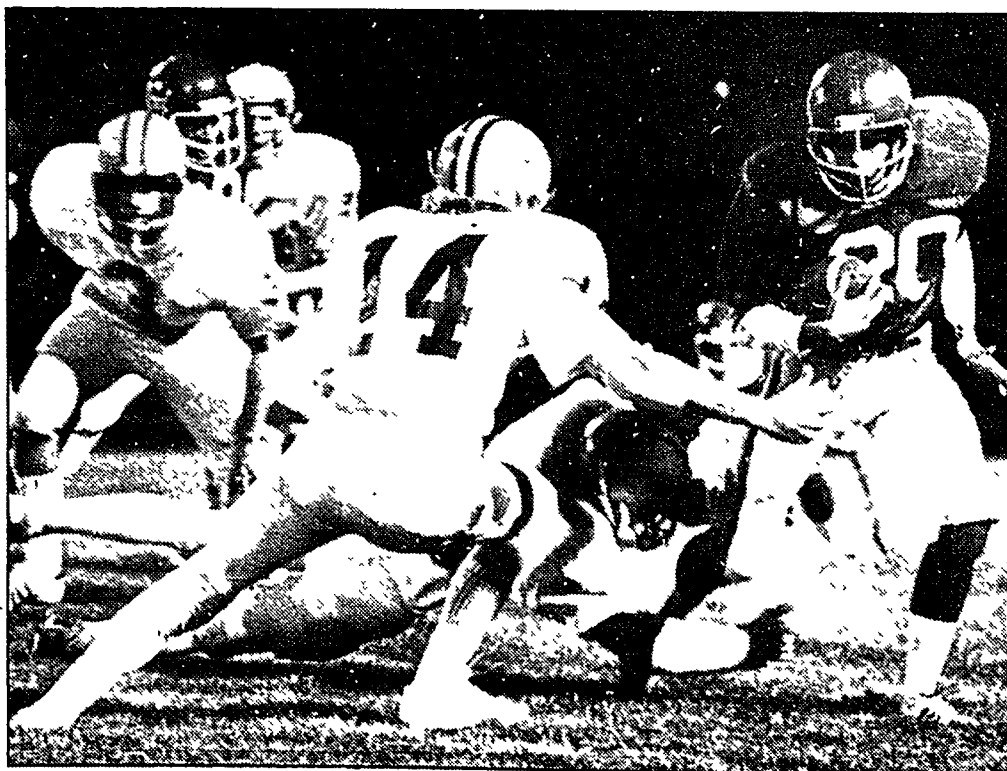

In fact, Osborne is looking for the passing game to establish the running game, instead of the opposite traditional approach. Also, he wants to keep the defenses guessing as to whether the Wildcats will throw or run whether it be first, second or third down.

The key to making the passing game work is the quarterback, and Osborne is entrusting the task to senior Eric Deline. "He's a fine athlete. He has a nice touch on the ball, and he has a nice command of the game," Osborne praises. "We feel comfortable with Eric."

Deline shared the quarterbacking duties with Chris Caudell, who now kicking for the University of Kentucky. Junior Todd Crutchfield is in the back up role.

Not only is the quarterback a key in the passing game, but so is the receiving

Wildcats prepared to defend title

FECHT

Quarterback Eric Deline (9) is being counted on by head coach John Osborne to fill the air with footballs for the receivers to run under and bring the Wildcats better offensive results

corps. Deline will have a group of speed-burners to fire the ball to at the wide receiver and tight end positions.

Seniors Dave Williams and Tim Bunker head the list of fleet-footed wide receivers. "These two have excellent speed, good hands and are tough football players. They can catch a football in a crowd, and they have the ability to run deep and short pass routes," Osborne notes.

Senior Paul Boyd is another speed merchant who will handle the tight end position. "He's got excellent speed. He can cause some trouble underneath if the defense doesn't recognize him," Osborne says.

David Whitehead, who was the only sophomore on the squad last season, is sidelined by a broken leg. Osborne hopes to have Whitehead back by early October because as he put it, "(Whitehead) is a dandy."

While Osborne notes there will be more emphasis on passing, he still wants a balanced attack. "What we're looking for this season is that we would be a 50-50 (pass-run) team," he explains.

No less than six players are in the running for the backfield slots with seniors Rich Sinda, Leonard Vetere and Vince Meo being the top candidates.

To help protect Deline and open some holes for the running backs will be one of the better offensive lines Osborne says he has had in while.

Leading the group is tackle John Antonczak, a 6-foot, 200-pound senior, and considered the strongest player on the squad. "He has had a great off-season," Osborne says.

Another returning tackle is senior Mike O'Connell, who started last season.

One of the top guard prospects is senior John Monitz, while seniors John

French and Dave Harrison battle for the other position.

There is a three-way battle going on for the center position between seniors Jim Simpkin and Al Greenway and junior Kerm Stahr.

Defense was the main reason the Wildcats claimed the KVC title last season, according to Osborne, but this year there are some question marks.

"At this point, we have some weak areas," he explains.

One those areas is linebacker where Osborne says his biggest headache is trying to find a replacement for the graduated Al Smith, an All KVC selection.

Both Meo and Vetere had some linebacking experience, with Boyd, Greenway, Simpkin and senior Fred Karam fighting for positions.

Along the front Antonczak and Sinda are heading the list of defensive ends, while O'Connell, Monitz, French and Harrison are battling for the tackle positions.

The secondary returns a strong group headed by Deline and Williams. Bunker is in line for another starting berth as would Whitehead if not for his injury. Junior Tim Ford currently has the inside track to the other starting job.

Caudell handled the kicking chores for the Wildcats last year, and Osborne said "he was far and away superior to anything we have seen."

"We would like to be considered a contender and as defending champions, we would have to be considered a contender," he says. "It's a lot tougher defending a championship than winning one."

"They're all pointing for you because your a feather in their cap if they beat you," Osborne adds. "We feel we have a very good football team."

EAGLES (1981 finish: third place 5-4) — Front row: (from left) Bill Wilkins, Paul Melton, Craig Payne, Marty Horkan, Glen Miller, Dave Bendall, Dan Lefever, Jim Edelman and Frank Reda. Second row: Rodney Elliott, Jim St. John, Sean Koenig, Steve Spewock, Kip Whiteman, Daril Burmeister, Lino Gerometta, Brett Thierbach and Kurtis Andrews. Third

row: Kevin Helms, Doug Woods, Joe Saulski, Brian Smith, Tim Thompson, Chris Nauarre, Jeff Torlina, Mark Edson and Mike Kirkham. Fourth row: Darrin Campbell, Don Izzo, Tony LaRosa, Ken Kapanowski, Chris Roberts, Brad Perkins, Gary Stehr and Shawn Morgan. Fifth row: head coach Ken Griffiths and assistant coach Bill Mohr.

FECHT

Eagles set to soar above league rivals

Size, speed and experience.

That's the story of the 1982 Lakeland football team, one which head coach Kent Griffiths thinks has the capability to be the best ever at LHS.

Twelve starters return from last season's squad, which rolled to victories in its first five contests before dropping its final four games. The five wins was a season-best for the Eagles, and Griffiths noted the team dropped two of its games on last-play touchdowns.

But last year is history for the Eagles. The 39 varsity candidates, including 25 seniors, want to prove themselves on

the field this year, Griffiths said, and aren't looking back.

"Last year is water over the dam," remarks the second-year mentor. "It's what we do on the field that matters."

Returning players lend plenty of reason for optimism. Five two-year veterans and a bundle of returning let-termen form the nucleus of the 1982 Eagles. The current seniors copped freshman and junior varsity football titles in past years, and many of them played key roles on title-winning teams in other sports.

"These kids know how to win. They're

Griffiths thinks this is best squad, yet

good athletes," states Griffiths. "They should have a winning attitude. They've been there before and they know what it takes."

Talent and experience at the skilled offensive positions make that area one of the team's strengths, Griffiths says. All but one of last year's backfield and receiving starters return.

Quarterback Jim St. John (6-1, 175) will operate a more diversified offense this year, according to Griffiths. He has excellent speed and strength, throws the ball well, and is able to react quickly to game situations.

Griffiths plans to capitalize on St. John's experience and talent by introducing some additional offensive wrinkles to the veer-option offense the team employed last year. Too many teams moved in to stop the run last season, Griffiths says, so this year there will be more passing and outside plays.

When that means a running play, tailback Darrin Campbell (5-9, 155) and fullback Brett Thierbach (5-5, 155) will handle the chores. Both are speedsters with exceptional strength and elusiveness.

Campbell gained 555 yards and averaged five yards per carry for the Eagles last year. Griffiths hopes to get the ball to his senior speedster even more this season.

Thierbach, a sprinter on the track team, replaces Bill Derocher who gained over 600 yards last year. He lacks Derocher's size, but is an excellent blocker.

"I think this is the quickest backfield overall that Lakeland has ever had," Griffiths says. "We'll run out of the I formation a lot more, with a lot of motion and shifting. That gives the tailback a better read on opening of holes."

Wingback Doug Woods (5-11, 175), the team's top receiver the past two seasons, and split ends Dave Bendall (6-3, 180) and Don Izzo (5-7, 140) give the Eagles a quick, sure-handed receiving corps for St. John's aeriels.

Another group of talented athletes provides depth at the skill positions. Quarterback Glen Miller (6-2, 175), tailback Craig Stitz and wingback Kip Whiteman had excellent seasons for the junior varsity last year.

Other juniors Daril Burmeister and Frank Reda back up Thierbach, while Kurtis Andrews, a senior, give Griffiths yet another experienced athlete at quarterback.

Up front, the Eagles are big, strong and quick. Tackles Ken Kapanowski (6-1, 195) and Steve Spewock (6-3, 210) will be starters. A trio of seniors is fighting for

FECHT

Doug Woods is a sure-handed receiver for Lakeland

the guard slots.

Jim Edelman (5-10, 190), Joe Ciofu (5-10, 190) and Sean Koenig (6-0, 185), a starter last year at Waterford Mott, will all see a lot of action.

Joe Saulski (6-5, 200), a basketball standout, returns to the gridiron after two seasons and looks likely to hold down the tight end spot. Greg McBride (6-1, 190), perhaps the team's most versatile athlete, and an All-KVC choice at linebacker last year, will start at center.

"I think we'll have an explosive offensive attack," says Griffiths. "We've got a little of everything this year. But it all comes down to execution."

To go with the solid offense is a fairly experienced defensive front and linebacking corps. Third-year starter Spewock and returning starter Paul Melton (6-0, 175) have the inside track at defensive end. Saulski is also in that pic-

ture.

Two juniors head the tackle can-

'I think this is the quickest backfield overall that Lakeland has ever had'

didates. Gary Stehr (6-3, 211) is a returning starter, and Griffiths is hopeful that Brad Perkins (6-3, 225) will grab the other. Edelman and Kapanowski will swing from offense to back up. Chris Roberts (6-0, 260) may also see some time.

Thierbach is a two-year starter at nose guard, but Griffiths hopes that another player will capture the top job and leave Thierbach free to concentrate on offense.

Four juniors, Tony LaRosa, Frank Reda, Shaun Morgan and Chris Navarre, are in "a wide-open battle" for the job.

Linebacking is solid with McBride, Koenig and Ciofu fighting for playing time.

The defensive backfield features seniors Rodney Elliott and Mark Edson, both with some starting experience last year, Andrews, Woods, Campbell, Miller and Stitz. Campbell and Woods have practiced at safety for two years, but concentrated primarily on offense.

Bendall returns as Lakeland's punter, while McBride, Ciofu or Edelman will handle placekicking.

Coach hopeful despite losses

FECHT

Last graduation day was not a happy one for followers of Milford High School football. Among those departing the halls of MHS for bigger and better things was an awful lot of football talent.

The bulk of last year's 6-3 squad walked off with their diplomas that day. That group compiled the best single season record in 10 years, knocking off archrival Lakeland and Kensington Valley Conference champ Novi along the way.

But head coach Cole Rowekamp isn't one to live in the past. The Milford mentor admits freely that he has few proven players on hand, but that doesn't mean he's writing off the season.

Rowekamp himself is new to his job. He replaces Larry Bittinger in the top coaching spot. Bittinger and assistant

Milford's defense will rely on quickness

coach Ron Marinucci resigned at the end of last season.

Gone with the two coaches are such MHS grid luminaries as quarterback Dave Monroe, who threw for over 1,000 yards last year, and his chief targets Pat Brower and Pete Thome, who pulled in 58 of his passes.

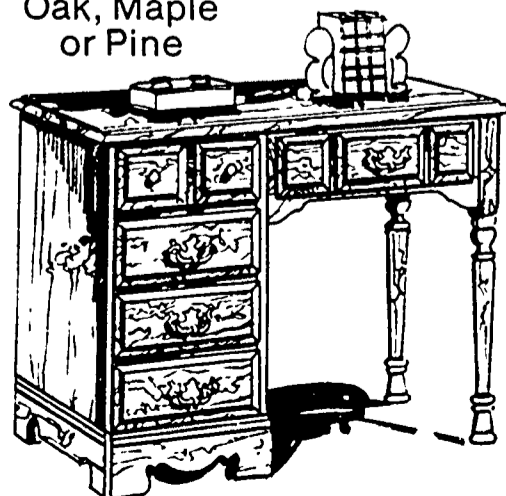

Filling their shoes won't be easy, Rowekamp comments, but the situation isn't hopeless.

Rick Gordon (5-10, 145) has the task of replacing Monroe, who was as big a threat running the ball as he was through the air. Gordon can't match Monroe's sprinter's speed, but he does have a good arm and is a very intelligent player, according to Rowekamp.

Two years a starter at defensive safety, Gordon doesn't lack for game experience. He saw limited action in the QB slot last year, but Rowekamp states "he'll handle the tough spots all right."

Redskins return few veteran players

FECHT

Dave Monroe (11) left big shoes to fill

Two more returning starters will line up in the backfield with co-captain Gordon. Senior halfback Paul Gmelin (5-8, 140) was the Redskins' top ground gainer last year with about 250 yards.

At fullback will be junior Dan Mitchell (6-1, 150), who earned the label of Mr. Clutch last year when he carried the ball in for the winning two-point conversion against Lakeland last year. He added to that reputation by booting a 40-yard field goal in the mud for the winning points in Milford's 10-9 win over Novi the following week.

Mitchell's kicking will be a big factor for a team with little demonstrated offensive potency. He only attempted the one field goal last year, but Rowekamp says he'll be trying more this season.

His range goes over 40 yards, giving the 'Skins a scoring threat anytime they cross the opponents' 30.

The receiving corps has little experience because of the success of Brower and Thome. Senior Rob Pace (6-0, 150) will be the split end, senior Andrew Jackson (5-8, 150), a transfer from St. Hedwig in Detroit, will be the wingback, and sophomore Darryl Barr (6-0, 175) will be the tight end.

Both Jackson and Barr are hitters, Rowekamp says, while Pace relies on good speed and good hands as the team's deep threat.

"We're going to have to pass," says Rowekamp in analyzing his offense.

"Not as much as last year though. would say we'll be about 60-40 run/pass. Our size is our biggest disadvantage."

The lack of size shows up on the offensive line as well. Tackles Tom Melton (6-0, 180) and Wayne Moore (6-1, 190) are among the biggest players on the squad. Other starting linemen are guards Greg Vaden (5-10, 160) and co-captain Frank Perlaki (5-5, 140), and returning starter Carl Censer (5-7, 140) at center.

Because of the lack of size, Rowekamp anticipates the use of more misdirection and trap plays than in previous years. The additional speed up front will be used to get Mitchell and Gmelin outside, he states.

Quickness will be the key defensively as well. Middle guard Chris Sobbe (6-4, 225) provides the size on the line. A three-way battle is going for tackle slots.

Alex Bageris (5-7, 160), Glenn Roach (5-8, 212) and Brad O'Neill (5-10, 150) will all see action on the line. Vaden and Thad Sundria (6-0, 150) will line up at the end positions.

Linebacking will be the defensive strength, according to Rowekamp. Melton will start at middle linebacker and be flanked by Buddy David (5-10, 165) and co-captain Ted Dabbs (5-11, 175). All are quick and hard hitters, Rowekamp comments. Eric Azzoli will also see action at linebacker.

'The kids have a positive attitude. They think 'Hey we can win.' Last year we had two overtime games and won them both'

The defensive secondary is all new. Senior Mike Leonard (5-4, 130) will be at one halfback, with juniors Roger Crouse (6-0, 140) and Steve Young (5-6, 140) splitting time at the other.

Jackson will be the starting safety, but Gordon will also see time depending on game situations and his physical condition.

Rowekamp is looking for good things from the 1982 Redskin football unit. The winning season last year has beefed up the number of players in the program and has really helped the team's attitude, he says.

"The kids have a positive attitude. They think 'Hey, we can win.' Last year we had two overtime games and won them both," he comments. "Milford teams have to scramble for everything they get."

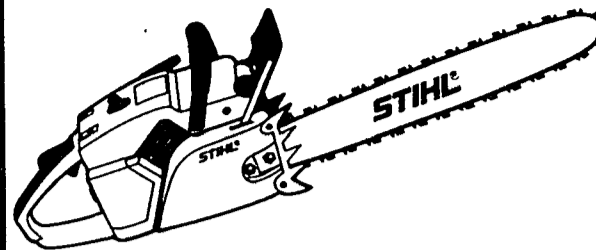

Even graduation can't change that.

LAPINSKI

'You can't coach football just 12 weeks of the year'

LAPINSKI

Football returns to Whitmore Lake

Turnover is a problem most high school football coaches learn to deal with on an annual basis. Graduation takes the seniors but a coach can usually count on a handful of returning varsity football players to provide the foundation for next year's team.

George Housner, varsity football coach at Whitmore Lake High School, does not have the usual turnover problem. That's because Housner did not have a football program last year after a

millage defeat forced the cancellation of fall sports in the Whitmore Lake school district.

While most high school coaches build their teams around several returning varsity players, Housner has just one player this season with varsity football experience. The rest of his football team has collected its football know-how at the junior varsity level.

The lack of a 1981 football program has presented Housner with some obvious

Year lay off hurts team's experience

obstacles for the 1982 season. "It's made a tremendous difference in us being prepared," he says, adding this year's program was not a reality until August 10, one week before the official start of high school football practice.

"It has hurt," explains Housner, referring to the non-season last year. "Every year they (the students) play, they get better at their skills. We'll just be one year behind with them."

Even though Whitmore Lake fielded winter and spring sports teams, this year's fall sports program was still a question mark until last month. Voters in the school district rejected a special millage for the athletic program in June, casting doubt on football. It was not until August that the school board agreed to let the Whitmore Lake Athletic Association, a private group, fund the fall sports program.

August is a time when most football coaches are well into their upcoming football programs. But Housner says he had done nothing all summer because of the unsure state of the grid program. "It's just a problem of starting too late," he says. "You can't coach football just 12 weeks of the year. We're scurrying trying to get football players."

While Housner says Whitmore Lake will field a varsity team of 22 players, the junior varsity team was two short of its minimum of 18 and coaches were on the phone trying to line up the final pair of griders.

Leaving the financial problems aside, Housner says he has a talented group of varsity players. But he admits it will take a few games for the team to get itself together.

Housner will be trying to make the most of his team's speed in this year's offense. He explains he hopes to use the option play this season and run the ball outside. Junior Ed Dreffi, who saw some football experience as a freshman, will call the signals for the Trojans.

Playing behind Dreffi will be senior Jim Robeson, Whitmore Lake's only returning varsity player, Jon Newton and Don Shattock. Housner says all three players have good speed.

Defensively, things are going to be a little tougher for Housner. Senior John Wagner is the only Trojan who has experience in the defensive backfield. He is expected to lead the backfield and Robeson and Newton are expected to be defensive standouts this year. "It's going to be a job," said Housner about his defense.

Dreffi is expected to handle the Trojans' kick-off and point-after respon-

Ed Dreffi (with ball) will be leading the Trojans' fortunes

LAPINSKI

sibilities. He booted the ball at the junior varsity level and Housner described his abilities as excellent. "Ed does give us a field goal threat," explains Housner, adding Dreffi is accurate in the 20-yard range.

The punting job will probably go to Newton, according to Housner.

Even with the late start, Housner says his players will be ready for the season opener September 10 at Manchester. He adds the Trojans have been practicing two times a day, with extra-long sessions at times, to make up for the slow start.

Housner is also happy with the turnout this year. Usually, the team roster numbers in the high teens. This year, Housner has the 'luxury' of 22 players. "Twenty-two is a decent turnout," he says. "I'm very happy with 22. It does make it a little easier to prepare."

Looking over the Tri-County Conference, Housner says Morenci, Sand Creek and Summerfield have much better teams but the Trojans should be competitive against the other four conference squads, Deerfield, Britton, Madison and Whiteford.

Our Pledge

Quality

WE UNCONDITIONALLY GUARANTEE THE QUALITY OF EVERYTHING WE SELL OR YOUR MONEY BACK. AND WE'RE SO SURE OF THE QUALITY OF OUR MEATS, PRODUCE AND DELI PRODUCTS, WE'LL DOUBLE YOUR MONEY BACK WITH PROOF OF PURCHASE IF YOU ARE NOT SATISFIED WITH THESE ITEMS.

PRICE: IF ANOTHER SUPERMARKET'S CURRENT NEWSPAPER ADVERTISED PRICE IS LOWER THAN OUR ADVERTISED PRICE ON AN IDENTICAL ITEM, JUST BRING IN THE AD AND WE WILL MATCH THE PRICE.

PRICE + QUALITY = VALUE
