## Recreation eyes vote on park tax

By BOB NEEDHAM

A millage proposal for park development could face city and township voters in the November election, Community Recreation Director John Anderson said this week.

A four-member committee of the Northville Community Recreation Commission is discussing the possibility of a November millage proposal to improve already-owned park land — specifically, the 36-acre Northville Community Park site on Beck Road between Five Mile and Six Mile, Anderson said. He stressed that the talks are very preliminary at

this point, but that a millage proposal could appear on the city and township ballots in the general election Nov. 8.

Anderson said he is currently trying to pull together some cost figures on development of the Northville Community Park for the committee to use in its discussions.

The feeling seems to be... that they (committee members) would like to, if we had a millage, have it for a very specific thing," Anderson said. The strategy could then be to present to the voters a detailed pre-

## Summersong planned

It's officially summer, making this weekend the perfect time for Northville residents and neighbors to take the time to stroll into town to enjoy the sounds and the sights of the city's "Summersong Festival".

Sponsored by the Downtown Merchants Association, the Summersong Festival is set for Friday and Saturday, June 24 and 25 from 9 a.m. until at least 10:30 p.m.

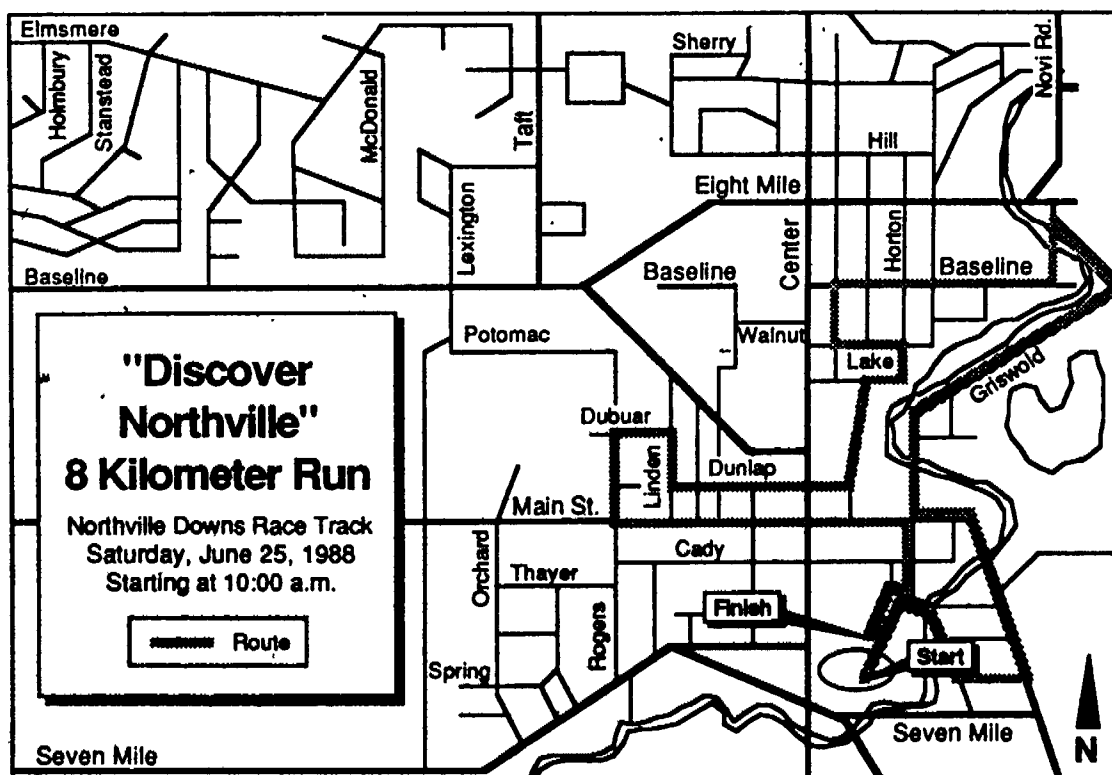

Over 80 arts and crafts exhibitors will be showing their wares in booths set up on Main Street. Musical acts will be entertaining from the bandshell throughout the festival.

While Main Street will not be

closed to traffic, parking will be banned on the street for the duration of the festival. The city and the Merchant's Association have set up parking at Northville Downs with easy shuttle bus service to the entire festival area. For the first time ever, many local stores will join in by remaining open until 10 p.m.

On Friday music will be provided by Greg Knas and his big band sound, the Strolling Clown Band, Jim Joseph and his Dixieland Band, Frank Vanice and the show-stopper — the Big Band sound of Joe Vitale in a "Night of Nostalgia" from 8-10:30 p.m.

On Saturday the music will begin at 10:30 a.m.

## Township copes with drought

By BRUCE WEINTRAUB

While surrounding communities scurry to pass sprinkling bans to combat this spring's drought, Northville Township officials said no emergency measures will be enacted — yet.

"I just talked to the water and sewer department superintendent (Walt Holton), and he said there has been no problems (with the township water supply)," Northville Township Supervisor Georgina Goss said. "But we are asking people to use common sense and conserve as

much water as they can."

Goss added, however, that 85 percent of the Northville residents who use city water may feel the "crunch" if the drought continues. She indicated she would not be surprised if some water conservation measures are enacted if the drought lasts for some time.

Goss said residents who use city water are on the east side of the township, while residents using well water are on the township's west side.

But, while the water supply is as yet unaffected by the drought, the

township's fire department has experienced a dramatic increase in the amount of brush fires.

Township fire chief Robert Toms said from October through the end of May there may have been one brush fire, but from June 1 to June 18 the fire department responded to 18 brush fires.

"I hope people use common sense because so far we've had a large amount of brush fires," Toms said. "The whole area is becoming a tinder box and we are really running a risk

## City residents complying in rationing

By BOB NEEDHAM

Even though some city residents have found themselves without water during the hot weather, a voluntary restriction on lawn sprinkling is basically doing its intended job, city officials said this week.

Some residents around Center and Eight Mile have experienced time without water during the drought because of the way the water system is set up — and that situation is basically unavoidable without great changes to the system, City Manager Steve Walters said.

The city's water lines are in two main sections. The older section is directly tied to Detroit water lines and serves the older section of the city. The newer section comes from Detroit to an underground reservoir which feeds the water tower near the high school. From the tower, the newer subdivisions — the area west of Carrington and north of Amerman School — are served, Walters explained.

When the Detroit system is scrambling to provide high water demand, places like Northville — near the end of the lines — experience low

pressure. And recently, the system has trouble pumping water far enough to get it into the very north end of the older water line system, Walters said.

So, for about three hours Monday evening, some homes in that area had no water at all.

As of Tuesday afternoon, the situation was resolved enough that all ground-level water facilities were working, Walters said. But a second-floor shower, for example, might not work at such a time, he said.

"It's right on the brink, so to speak, of being inadequate pressure,"

Walters said Tuesday. The water tower can feed the "old system" in a fire emergency, Walters said. But opening those pipes in a situation like this week's will not provide water to those homes that don't have it, he explained.

"It just doesn't mechanically work that way," Walters said. The water would just travel back down the system pipes to somewhere closer to Detroit. "We'd be boosting someone out east of us," he said.

The only real solution to the pro-

## Ford to shut plant in city

By BOB NEEDHAM

The Northville Ford Plant will close for good near the end of the year, the company announced Friday, leaving the site's future wide open for speculation.

The Ford Motor Company will offer jobs at the Dearborn Engine Plant to the 42 hourly workers at the Northville plant, company officials said. Some eligible workers may retire instead of moving, but George Yousoufian of United Auto Workers Local 896 said Tuesday that most will probably go to Dearborn.

The announced reason for the close is Ford's shift from steel fuel tanks — which are assembled at the Northville plant — to plastic tanks. The Dearborn Engine Plant makes fuel tanks for Ford vehicles as well as for the Mazda production facility in Flat Rock.

Rumors of a final closing have circulated regularly over the last few years, since the impending shift from steel to plastic fuel tanks has been no secret.

The closing of the plant will end 70 years of Ford manufacturing on the site, mostly making intake and exhaust valves. The present building has stood since 1936 and was already closed once before, early in 1982, then reopened for fuel tank assembly (see related story).

"The production of steel fuel tanks is declining because of changes in product plans — an industry change,

shifting to plastic fuel tanks," Judith Muhlberg, manager of Ford's North American Automotive Operations News Bureau, said Monday.

Yousoufian said the shift away from steel tanks, combined with the age of the Northville plant, probably made the closing inevitable.

"What can you do?" he said. "All the arteries are plugged up and everything else."

Muhlberg said the company's immediate attention is on the Northville workers, and then on the future of the plant site. "Our greatest concern at this point is to take care of all of our people. That's the most important element to Ford, to make sure that the 42 employees at Northville have the same opportunity to move to the Dearborn engine plant," she said.

Yousoufian said some of the old-timers at the plant won't like to leave. "We're diehards," he said. "How would you like to be someplace for 30 or 40 years and go someplace else? And the younger ones have been bounced around a lot."

Unlike the plant's first closing in 1981, this closing will have very little short-term financial effect on Northville, City Manager Steve Walters said Tuesday. During the earlier shutdown, the city lost about \$2 million in personal property tax base when the company removed heavy equipment.

"The real value has been trucked

## Runners to 'Discover Northville'

On your mark, get ready, GO!

It's time for the 8th Annual Northville Rotary Club's "Discover Northville" run. The race is slated for this Saturday, June 25 with the starting and ending lines located at Northville Downs.

There will be a children's one mile fun run beginning at 9:30 a.m. and the 8K race will begin at 10 a.m.

The race is one of the Northville Rotary's biggest fund raising events and all proceeds from entry fees for the race are used toward Northville community service projects.

Race entry fees are \$7 for the children's fun run, \$8 for all pre-registered racers and \$10 for racers who sign up the day of the race.

The Rotary is expecting about 500 entrants, Dick Milder said, and has about 200 pre-registered for the event.

Milder said he is not too concerned about the effect of the heat on the runners, as there will be plenty of water stations for the runners all along the race route. Water stops will be positioned every two miles.

Milder said Northville residents are encouraged to come out and watch the race and cheer on the runners.

Although streets will not be officially closed for the race, Milder said the Northville police will be escorting the runners and holding back traffic at appropriate intersections. Almost the entire membership of the Northville Rotary will be out helping with the race, he said.

Prizes will be awarded for each age group and each race.

## NEWS BRIEFS

**RED WINGS PLAY BALL** — Members of the Northville Township Police Officers Association will play a charity softball game against a team of Detroit Red Wing players on June 29 at 7 p.m. on the Northville High School athletic field. Proceeds from the charity game will be donated to the Northville Recreation department. Steve Yzerman, Petr Klima, Greg Stefan, Rick Zombo and Dave Barr are scheduled to play for the Wings.

**PURSELL MEETING** — Wayne County residents living in the second congressional district will have the chance to share what's on their minds at a town meeting Saturday, June 25 with U.S. Representative Carl Pursell (R-Plymouth).

The 90-minute meeting will start at 9:30 a.m. in the auditorium at Livonia City Hall on Farmington Road near Five Mile. The public is encouraged to attend.

The second congressional district covers all of Northville Township and the part of the City of Northville in Wayne County. It also includes Plymouth, Plymouth Township, part of Livonia, and part or all of Washtenaw, Jackson, Lenawee, Hillsdale and Branch counties.

**LAST CHANCE DECISION** — Some homeowners in the northwest part of the city have until July 30 to decide if they wish to be included in special assessments for sewer and water lines.

Homeowners in the West Eight Mile District Number 2 (including Pheasant Hills, Abbey Knoll Estates and the north part of Northville Estates) and the Northville Estates District Number 2 (the south part of Northville Estates) have until the end of the month to declare they want to be included or excluded in the districts for sewer and / or water. The City Council is scheduled to make a technical confirmation of the special assessment rolls July 5.

Only those homeowners who wish to change the position already on file need to contact the city by the deadline. Copies of the rolls as they stand are available for inspection in the city clerk's office.

**FOURTH APPROVED** — The City Council approved several requests from the Northville Jaycees Monday night in preparation for the community's annual Independence Day celebration.

The council approved the parade route; the use of workers from the police, fire and public works departments; advertising on city signs; and a fireworks permit.

Council members made it clear that the fireworks permit is contingent on receiving an insurance policy for the event from the fireworks display company.

Graduating seniors look at the montage at the all-night party

Record/CHRIS BOYD

# High school graduates party all night

By ANN E. WILLIS

This was not the school they remembered.

The Class of 1988 of Northville High School had stood only minutes before on the hot football field receiving their diplomas and then, without moving more than a few feet away, were whisked south of the border — to Mexico. And if that wasn't strange enough, their parents were there too.

Northville High School's 24th annual All-Night Party for graduating seniors was a success in every sense of the word. A walk down the halls ... rather the streets, of the school ... rather the little Mexican town, where the party was held, found nothing but happy students and even happier parents.

A border patrol met the students at the door and escorted them by train to a world that only the most imaginative and hard-working of parents could have produced. The hours of painting and folding and pasting and planning that went into the party could only be seen as a labor of love for the graduating seniors.

Lou Stoecklin, a conductor on the train and proud father, said the overwhelming comment seemed to be "Our parents did this?"

"It's been great, it's been a wonderful experience," Stoecklin said.

This thought was echoed by Colleen

and Jim LaPrad who were caught outside the building at about 11 p.m. They had snuck in early to see the kid's reactions and were running home to get a little sleep before their 4 a.m. shift.

Arline Paredes was the main coordinator and chief force behind this year's party. She was smiling all night long as she walked between crowds of kids checking on workers and watching her plans come to light. Paredes said 270 kids out of the class in summing up his feelings about the party. Asking the reporter to refer to him as "The Man," Hacker explained why the party was so hot for the seniors. "Everyone is here and this is the last time you'll see them," he said.

Scott Paredes, class president chimed in saying "Everyone here's a senior and everyone appreciates the work that's been done here for us."

"It's the best party of the year," Leah Higgins said. She was a 1983 graduate of NHS who volunteered to work the party.

"The decorations are great," Cathy Page said. "I didn't even know where I was," Pamela Warner added.

Standing in the hallway were Marcia Foley, James Thompson and Megan Abraham. The question was posed, "C'mon, are you really having fun," out of earshot of any parents. "Yeah!" was the immediate — loud answer. "It's really good," Thompson said. "Everybody you want to see is here."

Oh, yes, and about graduation. The night was perfect according to parents and students. The students said they appreciated the short speeches and the beach ball that was tossed from the graduate section. The parents liked the way the sun set making a picture perfect ending to the entire high school career.

But what was on one graduate's mind for the future?

"Monsters of Rock are at the Silverdome tomorrow," Thompson said grinning.

## WHEN WAS THE LAST TIME YOU HAD LUNCH WITH THE PRESIDENT OF YOUR BANK?

A lot of banks tell their customers they're important. But at Security Bancorp Banks we think actions speak louder than words.

That's why on May 23rd, we made a big promise to our customers. A promise that we'd make them feel like our most important customer.

Part of that promise was to listen to your ideas. And that's what Lunch with the President is all about.

Our presidents consider it a privilege to get to know our customers better. And although they can't have lunch with all of you, they want to hear from as many of you as possible.

So, if you're one of our customers, please sign up at one of our branches to have lunch with the president by June 30th. You'll be notified the week of July 4th if you're a lucky winner.

If you're not one of our customers, we hope that Lunch with the President just might make you stop and think about how important you really are to your bank.

## Police investigate several incidents at residence in city

City police are investigating two reports of assaults and two reports of malicious destruction of property at a Northville residence within the past week.

According to police reports, some time last week the windshield of a car was shot out at a Randolph Street residence. Damage was estimated at \$200. Last Thursday at 1:30 a.m. some windows on the same building were broken.

Then, on Sunday, a man came into the building and assaulted two people, police reports said.

Police are pursuing suspects in all the incidents.

**WINDOWS BROKEN** — Four other cars were reported with broken windows one night last week, as were two other houses, city police reports said.

Vehicle windows were broken the night of June 15 and 16 at three other Randolph Street locations as well as one location on Bristol Court.

In addition, three windows were broken on a Chigwidden home the

same night, as was a window on a building on Edwards.

Police are investigating all the incidents.

**ROCK OFF BRIDGE** — A rock was dropped off the bridge across Eight Mile Road at Northville High School Sunday, damaging a car passing underneath.

At about 1:30 p.m. a Westland resident was driving on Eight Mile when a rock came from the bridge and hit the hood of the car, causing a scratch and a dent, the report said. Damage was estimated at \$75.

The driver had seen two kids drop the rock, and chased them to the baseball field, the report said. The two were both five-year-olds from Livonia who were turned over to their parents.

**CLUB ROBBED** — The Northville Swim Club was robbed of \$96 in cash last Thursday or Friday, according to a city police report.

A hole was found cut in a fence at the club, but no breaking in to the

building was found. A drawer was popped open to get at the money.

**BIKES FOUND** — Two bicycles have been found and turned over to Northville city police recently.

One is a black woman's bike found in some bushes, and the other is a black boy's bike found in a road. The bikes may be claimed from the Northville city police if a description is provided.

**PALLET THEFTS STOPPED** — Township police stopped two different thefts of wood pallets from behind the Meijer store at Haggerty and Eight Mile, according to reports.

As of Monday, police were seeking warrants to charge four Detroit residents with larceny in connection with the incidents.

In the first incident, a township police officer on patrol after 2 a.m. Thursday saw a truck parked and loading with pallets. Two men were loading the truck.

The suspects said they had been told they were allowed to take pallets

from behind the store near the dumpster. They said they sell the pallets in Detroit. There were 47 pallets in the truck, the police report said.

Meijer security said they would press charges, and the men were taken to the Northville Township police station. One was released on bond and the other was turned over to Madison Heights police on an outstanding warrant charging him with larceny of pallets.

In the second incident, police were dispatched to Meijer at 1:22 a.m. Saturday and stopped a truck from leaving. Two different men were in the truck, which also contained five pallets.

They said they were also going to sell the pallets at the same location in Detroit given by the other two men. They were taken into police custody for warrants to be sought.

**SHOPLIFTER CAUGHT** — Meijer security stopped a suspected shoplifter from making off with \$200 in merchandise Saturday, according to a Northville Township police

report.

A woman was seen taking a price tag off a purse in the store, then filling the purse with merchandise, the report said. After the woman left the store without paying, she was stopped and the purse was found full of jewelry, clothing, a thermos and an alarm clock.

**ACCIDENT** — A Northville resident got a ticket for failing to remain at an accident in Northville Township Friday.

Two cars collided at Northville Road and Six Mile Road at 12:30 a.m. Friday, a police report said, and one of them drove on. The car was later located and a broken taillight matched to the accident.

The driver who did not stop received a ticket. No one was injured in the accident, the report said.

**DRUNK DRIVING** — A Highland Park resident faces a court date next month after being charged with

operating a motor vehicle under the influence of liquor by the Northville Township police.

According to a township police report, the man was driving on Northville Road Wednesday, June 15, when a police officer noticed he seemed to be speeding. Radar showed him to be going 56 miles per hour in a 40 zone.

The police followed the man onto Six Mile, turning on their lights and then the siren. The man stopped his car east of Bradner, the report said.

After the man had trouble with field sobriety tests he was taken to the township police station. He was later released on \$100 bond.

He is scheduled in 35th district court July 21 on charges of OUIL and refusing to take a breath test.

**AUTO LARCENY** — Some time June 12 or 13 a car on Clement was robbed, according to a township police report.

## Goss wins alternate position at SEMCOG

By BRUCE WEINTRAUB

Northville Township supervisor Georgina Goss was elected Thursday, June 16, as township bloc alternate to the regional clearinghouse review committee (RC2) of the Southeast Michigan Council of Governments (SEMCOG).

SEMCOG spokesperson Kim Mitchell said RC2, created in 1984, consists of 11 elected officials charged with review and comment responsibility for state and federal assisted projects submitted to SEMCOG.

Mitchell said the township bloc is comprised of representatives from townships that are SEMCOG

members. She added Goss will participate in voting only if one of the two township delegates are delegates.

"This is an important position because RC2 meets every other week, so the possibility of every delegate not attending each meeting is increased," Mitchell said.

Goss said she is glad to be on the committee because it reviews all the appropriations to SEMCOG that require federal funding.

"I ran for township bloc alternate because I want Northville Township to have a part in SEMCOG affairs," she added.

## Fire extinguished

A small fire broke out in the office above Crawford's restaurant on Main Street on Tuesday evening, with both city and township firefighters responding to the alarm.

The fire was inside a wall in the building. City Fire Chief Jim Allen said Wednesday, making the fire tough for the firefighters to find. Eventually, they had to tear out a bathroom wall to get at the fire, he said.

Marsha Walker, a waitress at the restaurant, said employees had noticed a smoky smell for some time downstairs in the restaurant. She said Jeff Crawford checked on the smell and ordered customers and staff from the building while the

department was called. By the time firefighters found the blaze, some two-by-fours in the wall had burned almost all the way through, Allen said.

"It was going for a while. We're lucky the smoke started surfacing when it did, instead of in the middle of the night," Allen said.

The cause of the fire had not been determined as of Wednesday.

Allen said the Northville Township Fire Department has agreed to respond to all structure fires in the city as long as the city is experiencing low water pressure.

"It's a precautionary action we're going to take until the water situation improves," Allen said.

# Deal clears way for sub

By PHIL GINOTTI

NOVI— Developers of the proposed "Chase Farms" subdivision and the City of Novi have struck a deal.

Developers will get a slightly more dense development while the city will get preservation of major environmentally sensitive areas under the terms of a consent judgement okayed by the Novi city council last week.

The development is slated to go in between Eight Mile and Nine Mile, just west of Novi Road and the Chesapeake and Ohio Railroad line.

The Novi City Council approved a consent judgement for the site Monday night, June 13.

"I think it's an excellent agreement for the city," Councilman Edward Leininger said. "It was certainly much closer to what I wanted out of the development."

Sponsor of the Chase Farms project, Joseph Kosik, sued Novi last

year after a disagreement over rezoning of the property in the northern end of the proposed development. A negotiating committee made up of Leininger, and Council members Hugh Crawford and Ron Watson had been meeting since shortly after the lawsuit was initiated.

Kosik will be allowed to put in a single family residential development with minimum 90-foot lot sizes and no less than 12,000 square feet of area.

The city will get preservation of a major tract of woodlands in the area besides getting development away from the 100-year floodplain. The area contains several environmentally sensitive areas, including a stretch of the Rouge River system, which runs almost through the center of the property.

A boulevard entrance will also be constructed north to south through the development, which will occupy the space between Eight and Nine

Mile roads.

Bike paths will be installed in the Eight Mile and Nine Mile frontages of the development. Sidewalks will also be required within the development.

"Originally, they had come in with an old-fashioned, grid-type sub," Leininger said. "I'm glad that we were able to come up with something that preserves some of the natural features — the woodlands, the highlands and lowlands."

"It's a very workable plan now that they're staying out of the woodlands," Council member Martha Hoyer said.

Kosik's attorney Robert Bunting of Oxford could not be reached for comment and did not return phone calls last week.

The agreement heads off further litigation on the proposed development. It had been scheduled to go back before Oakland County Circuit Court Judge John N. O'Brien later this summer.

# Compliance easing some water troubles

Continued from Page 1

blem is a major expansion of the Detroit system, Walters said. An expansion is in the planning stages, but will not materialize any time soon, he added.

Meanwhile, the voluntary sprinkler restriction — of only using outside water on odd- or even-numbered days, depending on house number — has eased the water demand in the city significantly, Walters and Department of Public Works Superintendent Ted Mapes said Monday.

"We basically have survived this at this point and I think the voluntary

effort has had some real effect," Walters said at the City Council meeting Monday. Publicity in the Detroit News and on television helped get the word out, and cards mailed by the city increased participation in the voluntary restriction, he said.

"If you get a 30 or 40 percent reduction in that, that's significant," Walters said. "Our source is unrestricted. It's just getting it out here that's the problem."

The Police Department noted 14 violations of the voluntary limitation over the first few days, and gave cards explaining the request to the violators.

The pressure problems are felt throughout the Detroit water system. Mapes told the council that Detroit said this was the worst crisis the system has faced.

"A lot of times it's critical," Mapes said. "This thing is up and down. It's a day-to-day situation."

The council discussed a couple of ways to attack the problem Monday. Members suggested that Walters contact other administrators whose municipalities are Detroit water

customers to look for a cooperative solution.

In addition, Council Member Paul Polino suggested adopting a new city ordinance to give the city manager, DPW superintendent and fire chief the power to declare a water emergency and ban outdoor water use. That would allow such a ban to go into effect without calling a special City Council meeting, he said.

Other council members did not support the idea, saying that a local ban would do no real good system-wide.

Mayor Pro Tem Carolann Ayers suggested one other potential solution: "There's always the Northville well," she joked.

# Ford has a long history at Northville plant site

Although the history of the Northville Ford Plant may be ending within a few months, it has made a long and important mark in the story of the community.

The site housed a sawmill for much of the 1800s. In 1886 a woodwork shop opened, a concern run by the J.A. Dubuar Manufacturing Company.

In 1919 Henry Ford bought the building from Dubuar and moved most of the equipment to Greenfield Village. He converted the shop to produce automotive valves and production began in 1920.

In 1936 Ford built the valve plant which still stands. The new building featured a water wheel — the trademark of Ford's outstate "village industry" plants — which was powered by a small generator in the plant.

For several decades the plant sailed along in valve production until the recession of the early 1980s. It became a real center of attention — eventually attracting notice from NBC TV and the New Yorker magazine.

In November, 1980 — only months

after the Northville Record ran an optimistic story on how the plant had escaped layoffs — Ford Motor Company announced that the plant would close, eliminating the jobs of 230 hourly and 25 salaried workers. Valves would be bought from the Eaton Corporation.

But the employees — in particular, UAW Local 896 President Norm Fultz — were not about to accept the decision. An employee offer of \$3 million to buy the plant was the first attempt to save the facility, but Ford turned the offer down.

During late 1981 and early 1982, rumors of a shopping center on the site flew around town while the actual date of closing was postponed again and again.

Most of the workers were laid off, with a small force of 29 remaining to clean up and shut down. In January, the 29 were laid off for a week, then another week, then a third.

Meanwhile, the shutdown and the plight of the ducks who make their home at the plant caught the attention of the New Yorker, which mentioned the situation and prompted an

NBC news crew to visit Northville.

A pending contract with the UAW proved to be the plant's lifeline. Fultz — who sat on the national bargaining committee — and others, insisted that Ford reevaluate the closing of the Northville plant and one other as part of the contract settlement.

The contract was approved in February, 1982, and in late March the company announced that the Northville plant would reopen.

The doors opened Sept. 1, 1982, for a much-reduced work force to prepare to assemble steel fuel tanks and repair steel shipping racks. The next March, the first certified fuel tank came out of the plant, setting the pattern for the plant's remaining time.

Within a couple of years the steel shipping rack repair operations were moved out of the Northville plant. And now, the shift from steel to plastic fuel tanks will mean the end of Ford manufacturing on the site by the end of the year — about 70 years after Henry Ford first bought the place.

Continued from Page 1

out. That happened in 1981," he said. The building itself is assessed at about \$700,000, he added.

Operations at the plant will continue through the end of December, Muhlberg said. The future of the site beyond December is in the hands of the Ford Motor Land Development Corporation.

Dick Routh, manager of public affairs for the land development corporation, said Monday that the land subsidiary's executive committee will decide the future for the site. Depending on the nature of that decision, it may require approval of the parent company, he said.

Routh said Ford has already begun a study to consider the future of the plant site. Alternatives include outright sale, redevelopment, leasing, and a joint venture with another company, he added.

"There are a wide range of options

that we will be exploring," Routh said. "We're still sort of at square one and have a lot of homework to do yet. But we'll try to come up with a recommendation that is best for both Ford and the community in whatever we do."

The City of Northville also plans a study of possible future uses for the site. As part of an application for federal Community Development Block Grant money earlier this year, the city proposed spending \$13,398 on a study of the plant.

Routh said Ford might be willing to combine forces with the city on studying future uses. "I wouldn't rule that out. We usually work very closely with officials in any community where we are," he said.

In any case, Routh said, the company will welcome suggestions on future use.

Walters said Tuesday city and company officials have started preliminary talks. Walters and Mayor Chris Johnson hope to meet

with Ford officials within a few days to discuss the site's future, Walters said.

The ideal new tenant for the site would be a high-tech, capital-intensive manufacturing plant much like the old Ford valve operation, Walters said. "250 factory workers are more valuable as a group of jobs than 250 part-time store clerks," he said.

However, he added, "I think a very viable alternative is some kind of commercial and/or residential redevelopment, because of the amenities."

Walters said the Downtown Development Authority will probably discuss the closing at its meeting at 8 a.m. next Tuesday.

Within a couple of weeks he expects to be ready for the city to solicit proposals for the future use study. The proposals might be due in late July, or early August, so that the study could be finished by mid-October, Walters said.

Cristen Gazlay is going to Europe with a Girl Scout group

# Scouting Europe

## Student to see England, France in program

By LISA VAN CAMP

The Northville High School junior class secretary for next year is also a Girl Scout. Sound funny?

Girl Scouts are supposed to be little girls in green uniforms running around selling cookies, right? Not as far as Cristen Gazlay is concerned.

Gazlay, a 15-year-old sophomore at Northville High School, will be visiting Europe this summer on a trip sponsored by the Girl Scouts of America.

Gazlay was selected for the trip on the basis of a questionnaire sent out by the Girl Scouts. 200 girls were selected including 12 from the United

States. Many scouts from Canada and the United Kingdom will also go on the trip.

Gazlay is a senior scout and has been a girl scout for ten years. She has received many medals and badges including the Gold Award, the highest honor in girl scouting. She also serves on the Girl Scout Council as an adviser.

Gazlay said she believes the trip will be a learning experience for all involved.

"I think a lot of people are going to change while we're there," she said.

She will leave for her three week trip to England on July 10. The scouts will then camp for five days in North Yorkshire, England. All camping

equipment including sleeping bags and tents, as well as eating utensils will be provided for the scouts. After the camping trip, the scouts will be staying with their host families. The host families are affiliated with the Girl Guides, a European version of the Girl Scouts.

"They wrote me a letter and said they had a cottage on 16 acres of land," Gazlay said about her host family.

The scouts three day visit to London, will feature a tour of Buckingham Palace. Passes to enter the palace are not usually given out to tourists, but since the passes were requested by Girl Scouts, Gazlay will

enjoy a full tour.

The scouts will also travel to Paris. The Paris visit will include a trip to the Louvre, and a chance to see "Phantom of the Opera."

Gazlay said she thinks it is a once in a lifetime opportunity. "Just being there will be fun, I'm really excited about England as a whole," she said.

Because the scouts have a busy schedule, Gazlay said she will not have time to miss Northville.

"They are going to do Paris in three days," said Cheryl Gazlay, Cristen's mother. She is the leader of her daughter's girl scout troop.

"I have two daughters in Girl Scouts so I have to switch off troops," the mother noted.

## Rotary names winners

Weekly winners for the week of June 7 in the Northville Rotary Club's calendar lottery are: Robert Finch of Westland, Jim Miller of Northville, Gene Komarynski of Northville, J.B. Leavenworth of Hale, Jessica and Richard Slatting of Novi, Tony Hollis of Westland and Shirley Ross of Northville.

Weekly winners receive \$25. An annual winner will receive \$1,000.

# Detroit Pistons' success spurs sales in local stores

By BRUCE WEINTRAUB

The Detroit Pistons' run for the National Basketball Association's world title has turned into a financial bonanza for many local souvenir and sporting good stores.

And even though the team lost to the Los Angeles Lakers in the seventh and deciding game last Tuesday, Novi and Northville sports merchants are hoping the brisk sale of Piston paraphernalia will continue.

Carl Perrins, owner of Perrins souvenir and sports shop in Northville, said he's sold 500 dozen shirts through his store and wholesale business since Detroit won the eastern conference final two weeks ago.

Perrins said everyone is taking part in the Piston hysteria because "everybody likes to be with a winner."

"People who weren't Piston fans before the playoffs are now," he added.

Perrins said if the Pistons had won the championship he would have sold 50 per cent more shirts than after Detroit won the eastern conference.

"Having the Pistons in the finals also helped to bring in customers who bought other merchandise in addition to Piston souvenirs," he added.

Perrins said he expects sales to go back to their normal output of about one shirt per week. During the two weeks in which Detroit participated in the finals, Perrins said the sale of Piston merchandise accounted for about one-third of his total business.

*"People who weren't Piston fans before the playoffs are now."*

Store owner

However, the manager of Herman's Sporting Goods in the Twelve Oaks Mall, who asked not to be identified, said his store plans to do well in the wake of the Pistons defeat by selling Los Angeles souvenirs, because "people buy either way."

He said he sold a shipment of 30 shirts last Thursday in about two hours, and basketball enthusiasts have been looking to buy everything from hats and buttons to a Piston toilet seat — which Herman's does not carry.

But, the manager added, Herman's overall business has not been greatly affected by the Pistons recent success.

"Our sales have been limited to shirts, and besides the Pistons have always been an extra perk in town that doesn't add that much," he added.

Of the shirts that have been selling, he said the most popular have been the "Beat LA" and "Isiah" models.

While the Pistons have not caused a big stir at Herman's, the Old Ball Park in Novi has experienced a big sales increase.

Joe Gentile, an employee at the Old Ball Park, said the store has sold five dozen Piston shirts in the past week, and expects high sales in spite of the

loss by the hometown heroes.

He said Red Wing souvenir's continue to sell well even though the team got beat last month by Edmonton in the Stanley Cup semi-finals.

Gentile added many of the Red Wing fans have become Piston fans since the Red Wings lost and the Pistons began their ill-fated quest for the NBA crown.

He noted, however, the Pistons' success has not come anywhere close to the souvenir sales experienced by the Old Ball Park following the Detroit Tigers world series triumph in 1984.

"We're still selling Detroit Tiger 1984 commemorative paraphernalia," Gentile said.

Perrins agreed with Gentile that the Tigers 1984 championship was a greater financial success for his business, and attributed the difference in sales to the fact the Tigers are normally a more popular team than the Pistons.

"The Pistons just don't have as many fans as the Tigers," Perrins said, adding the Pistons souvenir's usually sell better in Detroit, while the Tigers paraphernalia sells well in the entire metro Detroit area.

of big trouble."

Toms said that carelessly throwing a cigarette out could ignite an entire field fire, and if it continues to stay dry, the situation will get far worse.

"People in Northville Township take pride in having their homes nestled in the woods, but with the weather being so dry it is dangerous," Toms said, adding residents who live in homes in the woods should clean all the brush away from their homes within a 50-100 foot radius.

Toms said the township had better get some rain between now and the July 4th weekend, because "if people throw fireworks and it continues to be dry, we'll have a real problem".

He added the fire department carries about 13,000 gallons of water in its tankers, so the drought should not effect the department's ability to battle a large blaze.

Walt Fitzgerald, meteorological technician for the National Weather Service in Ann Arbor, said although it is hard to determine what will happen in the long term, right now it looks like there will be no substantial rain in the near future.

Fitzgerald said the jet stream, which is the air pattern that moves the weather across the country, is usually centered in Michigan, but this year it's north of the border and into Canada.

# Local communities may soon see state revenue-sharing money

By BRUCE WEINTRAUB

The Michigan Senate Thursday, June 16, passed legislation attempting to restore increased state revenue-sharing payments to municipalities, including Northville Township, which show at least a 15 per cent growth in population since the 1980 census.

Louise Alderson, aide to state senator Rudy Nichols (R-Waterford), said the legislation has gone to a conference committee, composed of 3 house and 3 senate

members, who will attempt to work out a compromise package.

State senator Robert Geake (R-Northville) said the Senate included the payments, which were vetoed last year by governor James Blanchard, in their fiscal 1989 general government budget.

"There were 38 cities, villages or townships in our state which proved their population growth by paying for a new census," Geake said. "Northville Township has grown 17.1 per cent since the last census and is eligible for increased state funding."

According to Geake, the state's revenue sharing act allows cities and townships to take their own census, and if it shows a 15 per cent population increase since the last census, that local government is entitled to an increase in benefits.

He added the governor vetoed last year's revenue-sharing payments because "he needed to cut the funds to balance the budget."

Geake said this year's budget includes adequate funds to allow the senate to appropriate the money to make the payments, and he expects

the governor to ask house Democrats to approve more money if it is available.

Northville Township manager Steve Brock said he believes the township is owed the money, and certainly could use the funds. Brock added the township has not included the funds in their 1988 budget, but they are counting on the money to make some capital improvements in the township.

He said Northville Township spent \$12,500 to conduct the mid-decade census, and the revenue-sharing pay-

ment should net the township an additional \$97,283.

Last year, Nichols sponsored an amendment which would have supported the revenue-sharing program by cutting the auto emission testing (AET) program.

Alderson said although the amendment failed, Nichols' legislation made senators aware that money has to be allocated to the revenue-sharing program. In addition to the money appropriated to the revenue-sharing program, the AET program will also be included in the budget.

Representative Gerald Law (R-Plymouth) said the dollar amount proposed for this year's revenue sharing payments is about \$1.5 million less than last year's \$3 million proposal.

"The state encourages communities to do a census, and the population growth of some areas must be met with increased services," Law said. "Currently those communities providing increased services aren't being reimbursed for those added costs under the revenue-sharing program."

# Oakland road fee vote delayed to November ballot

Oakland County voters must wait until Nov. 8 to decide on a \$25-per-vehicle fee for roads. Meanwhile, signs are growing that the issue may become partisan.

The board in March had set the election for Aug. 2, but an administrative foul-up prevented legal notices from being sent to city and township clerks. County Clerk Lynn D. Allen accepted responsibility.

"It demonstrates the wisdom of the Democratic members when they urged a November election," said Commissioner Larry Pernick, D-Southfield, chairman of the minority party's caucus.

Nevertheless, seven of the board's eight Democrats voted against even the Nov. 8 election, complaining there was no "explicit" plan for how \$19 million in revenue would be

*"The story is there are potholes, and we've lost development, and we need \$740 million for roads."*

spent.

The vote was 18-7, with Pernick joining 17 Republicans to approve it.

"I'm disappointed," said John L. Grubba, managing director of the Oakland County Road Commission, which sought the election, "but it's

not a major setback. It's something we're going to have to live with.

"Our position was that Aug. 2 was the best."

"On the other hand, business groups thought November was bet-

ter. It relaxes the pressure and gives communities more time to plan."

The OCRC board, which approves the road budget but has no power to tax or set elections, wants local units to develop a list of projects to sell to voters. The OCRC would like local priority lists returned by June 15.

The proposal, if approved, would levy a \$25 a year fee on every motor vehicle registered to a person or company in Oakland County for 10 years.

Under a formula in state law, the OCRC would get about 58 percent, cities and villages 42 percent. It is the only avenue under state law open to counties to ask voters for more road money.

Pernick said the Nov. 8 date is better because the turnout will be better in the presidential election than in

the state-county partisan primaries of Aug. 2.

Pernick said the reaction in his southern Oakland district is: "What're you going to do with the money?" Frankly, at this point, I do not have an explicit answer."

He said that when he tells people Oakland doesn't get its fair share of state-collected gasoline and weight taxes, "this falls on deaf ears."

"I don't know what the hurry is," said Commissioner Dennis Aaron, D-Oak Park. He opposed setting the election. He chastised the board for failing to adopt its own plan for spending the money.

Commissioner James Doyon, D-Madison-Heights, said the plan, as it exists, lists only first-year projects. "What's the second year plan?" Doyon asked.

"The story is there are potholes, and we've lost development, and we need \$740 million for roads," said Commissioner David Moffitt, R-Bloomfield Township.

The \$740 million figure comes from a 1985 survey the OCRC did of all cities, townships and villages, asking them to list the unmet needs for 10 years due to Oakland's burgeoning economic growth. That translates in to about \$74 million a year.

County officials sought a long list of changes in state law to pump new road money here. They got \$9.15 million in new state money but only one law allowing a local initiative — the vehicle registration fee. Governor James Blanchard and the Michigan Department of Transportation opposed giving counties a chance to levy local fuel taxes.

## CHARTER TOWNSHIP OF NORTHVILLE ORDINANCE NO. 77.02'88

AN ORDINANCE TO AMEND THE TOWNSHIP OF NORTHVILLE ZONING ORDINANCE BY AMENDING THE TEXT THEREOF.

THE CHARTER TOWNSHIP OF NORTHVILLE ORDAINS:

PART I. The Charter Township of Northville Zoning Ordinance No. 77 as amended is hereby further amended by amending Article II, Section 2.2 by adding item 52a to read as set forth below:

52a Lot, zoning: Is single tract of land, located within a single block, which at the time of filing for a building permit, is designated by its owner or developer as a tract to be used, developed, or built upon as a unit, under single ownership or control.

A zoning lot shall satisfy this ordinance with respect to area, size, setbacks, dimensions and frontages as required in the district in which the zoning lot is located.

A zoning lot, therefore, may not coincide with a lot or record as filed with the County Register of Deeds, but may include one or more lots of record.

Change Section 15.18 to read as follows:

SEC. 15.18 SIGNS

The purpose of this section is to regulate outdoor advertising and outdoor signs of all types in all zoning districts. The regulation of outdoor advertising and all signs is further intended to enhance the physical appearance of the Township, to preserve scenic and natural beauty, to make the Township a more enjoyable and pleasing community and to create an attractive economic and business climate. It is intended by the provisions of this Ordinance to reduce sign or advertising distractions, thereby reducing traffic accidents; to reduce hazards that may be caused by signs overhanging or projecting over the public rights-of-way; and to avoid the "canceling out" effect of conflicting adjacent signs. The primary purpose of this section is to permit the identification of uses permitted by this ordinance.

1. Definitions:

For the purpose of this section, the following definitions shall apply:

a. Sign: Is the use of any words, numerals, figures, devices, designs or trademarks by which anything is made known such as to show an individual firm, profession, business, product or message and which are visible to the general public.

b. Accessory Sign: Is a sign which pertains to the principal use of the premises.

c. Non-Accessory Sign: Is a sign which does not pertain to the principal use of the premises.

d. Festoon Sign: Is a sign where incandescent light bulbs, banners or pennants or other such features are hung or strung overhead and are not an integral physical part of the building or structure they are intended to serve.

e. Flashing, Animated or Moving Sign: Is a sign that intermittently reflects lights from either an artificial source or from the sun; or sign which has movement of any illumination such as intermittent, flashing, scintillating or varying intensity; or a sign that has any visible portion in motion, either constantly or at intervals, which motion may be caused by either artificial or natural sources.

f. Ground Sign: Is a sign not attached to any building, and supported by uprights or braces or some object on the ground, and is a type of freestanding sign.

g. Inflatable Sign: Is a sign that is either expanded to its full dimension or supported by gases contained within the sign, or sign parts, at a pressure greater than atmospheric pressure.

h. Maximum Size of Sign: Is the total area of a sign included within the rectangle, triangle, or circle caused by encompassing the outermost portions of the sign or around the outermost edges of a sign formed of letters or symbols only. An area so created shall include all solid surfaces as well as openings and shall include all sides serving as a sign surface. For ground signs, the area shall include the entire area on which copy could be placed, excluding necessary uprights or supports.

i. Name Plate: Is a sign stating the name or street number of a person, firm, building or institution of a certain permitted use.

j. Natural Materials: Include, but are not limited to, wood, stone and brick. Substances specifically excluded from this definition are plywood, pressed board, drywall, concrete block, poured concrete, wood or metal paneling, sheet metal, or any substances synthetically created in a manufacturing process.

k. Painted Wall Sign: Is sign painted directly on any exterior building wall or door surface, exclusive of window and door glass areas on any outside wall or roof or on glass of any building.

l. Political Sign: Is sign relating to the election of a person to public office, or relating to a political party, or relating to a matter to be voted upon at an election called by a public body.

m. Portable Sign: Is any sign which is not permanently affixed to a building, structure, or the ground, or which is attached to a mobile vehicle.

n. Projecting Sign: Is a sign attached to a building or other structure and extending in whole or in part more than twelve (12) inches beyond the surface of the portion of the building line or extending over public property.

o. Real Estate Development Sign: Is a sign placed on the premises of a subdivision or other real estate development to indicate a proposed start or to inform relative to availability.

p. Real Estate Sign: Is a sign placed upon a property advertising that particular property for sale, rent, or lease.

q. Snipe Sign: Is a sign which is tacked, nailed, posted, pasted, glued, or otherwise attached to trees, poles, stakes, or fences, or to other objects, and the advertising matter appearing thereon is not applicable to the present use of the premises upon which such sign is located.

r. Swinging Sign: Is a sign installed on an arm, mast, spar or building overhang that is not rigidly attached to such arm, mast, spar or building overhang.

s. Temporary Sign (Without Permit Required): Is a sign with or without letters and numerals, such as window signs in business and industrial districts, of lightweight cardboard, cloth, plastic or paper materials and intended to be displayed for special events, sales, and notices. Temporary signs shall not be permanently fastened to any structure including posts with permanent footings. Such signs shall not exceed six (6) square feet in area and shall not be intended to have a useful life of more than fourteen (14) days. Permits for the erection of this nature of sign shall not be required.

t. Temporary Sign With Permit Required: Is a sign with or without letters or numerals, such as subdivision openings, construction signs, seasonal events or public and semi-public functions as permitted in all use districts. Such signs shall be constructed of permanent weather resistant materials and shall be fastened to posts with permanent footings as opposed to attachment to a building. Such signs shall not exceed fifty (50) square feet. Permits for erection of this nature of sign shall be required.

u. Vehicle Business Sign: Is a vehicle upon which a sign is painted or attached and is parked or placed upon the owner's premises primarily for advertising purposes.

v. Wall Sign: Is a sign erected or fastened to the wall of a building with the exposed face of the sign in a plane approximately parallel to the plane of such wall and not extending more than twelve (12) inches beyond the surface of the portion of the building wall on which erected or fastened.

2. Signs Not Permitted

The following signs shall not be permitted in any use district:

- Festoon sign
- Flashing, animated or moving sign
- Inflatable sign
- Painted wall sign
- Portable sign
- Projecting sign
- Snipe sign

3. Required Conditions in Any Use District:

The following conditions shall apply to all signs erected or located in any use district:

a. No signs, except those established by the Township of Northville, the County of Wayne, State or Federal governments, shall be located in, project into, or overhang a public right-of-way or dedicated public easement.

b. All direction signs required for the purpose of orientation and direction, when established by the Township of Northville, the County of Wayne, State or Federal governments, shall be permitted in all use districts.

c. Except for permitted swinging signs, signs mounted on a building shall not project beyond or overhang the wall by more than twelve (12) inches. Signs shall not be permitted to be painted directly on the wall of a building.

d. Wall signs mounted on a building shall not project above the highest point used to measure the height of the building.

e. A wall sign shall only be used to display the name of the firm, the address or symbol, or type of business, and shall be placed only on the front of the building.

f. The Zoning board of Appeals, in extending a variance as a hardship, shall not vary any of the standards having to do with maximum size of the sign, location, number or height without having first received a recommendation from the Planning Commission.

4. Schedule of Sign Regulations By Use District

The location, size, height, setbacks, type and number of signs permitted by use district are set forth in the following table and accompanying notes:

### 4. NOTES TO SCHEDULE OF SIGN REGULATIONS BY USE DISTRICT

(1) Square feet or percent, whichever is the smallest.

(2) The total area of all sides of the sign (see definition in paragraph 1.h).

(3) Maximum percentage of the total area of the front facade, including the area of all fenestration.

(4) Ground nameplate not permitted in RM-1, RE or RME District.

(5) Required minimum setback applies from the property line of any zoning lot used for one-family residential purposes.

(6) More than one (1) accessory ground sign shall be permitted provided that for each sign there shall be at least five hundred (500) feet of frontage (property line) on a major thoroughfare, and provided that such signs are not less than five hundred (500) feet apart.

(7) Pumps and dispensers which are within view of public streets shall be permitted to display only information required by law and, in addition, the brand name and type of product being dispensed. One additional sign shall be permitted on the premises announcing the price per gallon of no more than four products with characters not exceeding twelve (12) inches in height. In lieu of this sign, the price per gallon may be displayed on each individual pump structure with characters not exceeding six (6) inches in height.

(8) In those shopping centers where an enclosed pedestrianway, in the form of an interior mall, is provided so that a portion of the rented spaces can be entered only from the pedestrianway, one accessory wall sign per establishment may be displayed on exterior walls of the buildings that face major thoroughfares. No other exterior wall sign shall be used for displaying such signs. The maximum size of each such sign shall be fifteen (15) square feet. Additional six square foot nameplates shall not be permitted for such establishments unless they are placed under a canopy covering a pedestrian access area.

(9) Same as for B-3 District.

(10) The following minimum distance between nonaccessory signs shall be provided on the same side of the street or freeway:

Along freeways — 800 feet apart

Along major thoroughfares — 200 feet apart

This provision shall not apply to political, real estate or real estate development signs.

(11) One (1) square foot for each one thousand (1,000) square feet of land area of the zoning lot, not to exceed two hundred fifty (250) square feet.

(12) Minimum rear and side yard setbacks also apply.

### 5. Incentives For Use of Natural Materials

a. Ground Signs — The maximum size in area of ground signs may be increased by twenty-five (25) percent if the sign is constructed of natural materials and if permitted after review of the sign plans by the Planning Commission. To qualify, natural materials must be used in all parts of the sign, including post or frame. Sign board structures with a wood thickness of less than one and one-half (1 1/2) inch shall not be eligible.

b. Swinging Signs — Swinging signs, constructed of natural materials, shall be permitted as accessory signs when attached to the wall of a building in the O-1, O-2, B-1, B-2, B-3, or FS Districts, subject to the following conditions:

(1) The area of the sign shall not exceed four (4) square feet.

(2) The sign shall not extend beyond the wall of the building by more than four (4) feet.

c. On signs made of natural materials, the lettering or symbols may be made of natural metals, such as copper or bronze, provided that they are approved by the Planning Commission.

### 6. Signs Permitted in All Use Districts

a. Real Estate Signs — Signs used for advertising vacant land or existing buildings for rent, lease or sale shall be permitted when located on the land or a building to be rented, leased or sold. Such sign shall not exceed six (6) square feet in area for one-family residential districts or sixteen (16) square feet for all other districts and shall be removed immediately

after said land or building is rented, leased or sold. Such signs may be permitted in the front yard setback and shall be limited to one (1) for each road upon which the zoning lot has frontage and shall not exceed four (4) feet in height.

b. Real Estate Development Signs — Real estate development signs shall be permitted in all use districts. Such signs shall be limited to one (1) sign per entrance to the development. Such sign shall not exceed sixty (60) square feet in area and shall not exceed eight (8) feet in height.

c. Political Signs — Political signs shall be permitted in the OS-1, OS-2, B-1, B-2, B-3, FS, RD & I-1 Districts. Such signs shall be limited to one (1) per building and shall not exceed sixteen (16) square feet in area and four (4) feet in height, except in the I-1 district where such signs shall not exceed two hundred-fifty (250) square feet in area and ten feet in height. The signs shall be removed within forty-eight (48) hours of the day of the election.

d. Temporary Signs — Temporary signs shall be permitted in the B-1, B-2, B-3, RD & I-1 Districts. Such signs shall be limited to one (1) per establishment and shall not exceed fifty (50) square feet in area and eight (8) feet in height.

e. Directional Signs — Directional signs within the zoning lot area and behind the minimum front yard setback shall be permitted when said sign is placed so as to have its highest point below four (4) feet. Said directional sign shall not be used for advertising purposes, but shall direct vehicular or pedestrian traffic to parking areas, loading areas or to portions of a building. Directional signs shall not exceed six (6) square feet in area and shall not require permits. Directional signs at an entrance point shall be permitted to penetrate a required yard to within ten (10) feet of the public right-of-way line.

### 7. Sign Illumination

a. Electrical requirements pertaining to signs shall be as prescribed under the electrical ordinance of the Township.

b. If illuminated, signs shall be illuminated only by the following means:

(1) By a steady, stationary light of reasonable intensity, shielded and directed solely at the sign.

(2) By white interior light.

c. Light sources to illuminate signs shall be shielded from all adjacent residential districts, buildings and streets and shall not be of such brightness as to cause glare that is hazardous to pedestrians or auto drivers or so as to create a nuisance to adjacent residential districts.

8. Material, Style and Color

a. Signs shall not have light reflecting backgrounds, but may use light reflecting lettering.

b. The various parts of a sign shall be compatible.

c. No more than two (2) colors shall be used for lettering on any sign, except that where a nameplate sign refers to more than one (1) establishment, the background of the sign shall be of one (1) color and all lettering on the sign shall be of one (1) color.

d. Where there are more than one (1) nameplate signs on a zoning lot, the background of the nameplates shall be of one (1) color.

e. Signs located on the same zoning lot shall be similar in character and shall use the same colors.

### PART II. Conflicting Provisions Repealed

Any Ordinance or part of Ordinances in conflict herewith are repealed save that in all other respects Ordinance No. 77, as amended, is hereby ratified and reaffirmed.

### PART III. Effective Date:

The provisions of the ordinance shall be in full force and effect on and after the adoption by the Board of Trustees.

### PART IV. Adoption.

This ordinance may be adopted by the Township Board of the Charter Township of Northville, pursuant to authority of Act No. 184, Public Acts of 1943, as amended, at the next regular/special meeting. (6/23/88 NR)

# Local artist enjoys regional success

By BOB NEEDHAM

Probably everyone who has ever taken an art class has had a piece of work tucked up on a board for everyone to see. Usually, when the next assignment comes along, or when the school year ends, the works all come down.

Usually. When Johnnie Crosby returned to Eastern Michigan University — where she earned her art degree — for a ten-year reunion, she saw one of her drawings still up on the board. That's one way to tell you've done all right.

Crosbie didn't really need that, though; the new Northville resident's talent and skill is clearly demonstrated by her impressive list

of exhibits, including a current show at The Frame Works in Plymouth; by her awards; or just by looking over a few of her works.

Although Crosbie has worked in the past in metal sculpture and acrylic prints, her medium of choice is watercolor painting.

With watercolor, Crosbie said, "There's a lot of accidents. Many accidents. And you take advantage of those... There are basic techniques that you follow, and then you go off on your own."

Watercolor has gone through a lot of changes, Crosbie said. "It's very competitive. The students that graduate now... are better informed."

At one time, Crosbie explained, watercolor was at best a secondary

art, used only for sketches by the serious painters. That has changed dramatically, and now watercolor is respected and understood as a legitimate artistic medium.

"Watercolor, especially in the state of Michigan, has really progressed," Crosbie said.

Her favorite themes are related to nature, such as flowers and landscapes, or abstracts based on these themes. She travels for her health — to places like Italy, Spain, Bermuda, Greece, Alaska and Hawaii — and that provides a tremendous variety of landscapes to use in her work.

Working as hard as she does at her painting can be difficult, Crosbie said. "It's a challenge. I paint almost every day — four to six hours, sometimes," she said.

Her work sells well. The Detroit In-

stitute of Arts has two of her works from an Indian series, and the Mayflower Hotel in Plymouth has used a painting of a flower she did for the hotel menu. "Some I keep for myself," though, she said.

Groups of her paintings can be seen frequently in exhibits. Her latest show consists of 35 paintings at The Frame Works gallery, 633 Penniman in Plymouth. The exhibit will run through June 30, and then in September she is scheduled for an exhibit in Ann Arbor.

Some artists — maybe some whose drawings get taken off the wall before ten years have gone by — approach galleries for potential exhibits. "I don't really have to do that," Crosbie said. "I have about all I can handle."

### Ford plant closing opens door to future

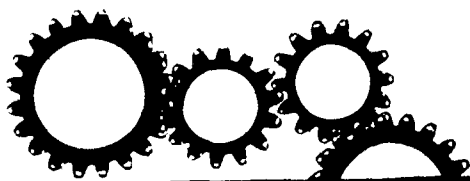

The moment we thought would never really arrive seems to be at hand

The Ford Motor Company announced Friday that the Northville Ford Plant will close by the end of the year. This closing, unlike the closing earlier in the decade, seems like the real finish of the plant.

Everyone knew it was coming, although most of us didn't know when. Really, it was just a matter of time since the 1982 reopening; it didn't seem very likely that a huge corporation like Ford would find much sense in keeping open a plant which employed less than 50 people.

The closing will be an important loss for the city, although nowhere near as harmful as the first closing. The employees are being offered jobs in Dearborn, and while it will be sad to see them go, at least we know they won't face unemployment.

So, with the realization of the final closing staring the city in the face, it's time to figure out — quickly — what should happen to that site.

#### DEVELOPMENT

The city has already planned a study to look at possible futures. That kind of foresight is good to see, and with cooperation between the company and the city, we can expect a plan to emerge which will work to both sides' advantage. Ideally, we'll see a project which will provide employment, tax base, an attractive welcome to downtown from the south, and, not incidentally, a continuing home for the ducks.

Northville is deep into a renaissance which is bringing dramatic changes to the area. The closing of the Ford plant, no matter what replaces it, will surely become a major part of the city's metamorphosis. Good planning here can have a tremendous impact on the city's direction.

### Parks deserve attention

The west side of Beck Road just above the prisons doesn't look much like a park. The area looks like it was once an orchard, but the overgrowth makes that possibility seem an awfully long time ago.

The only clue to the passerby is a big sign advertising the land as the future site of the Northville Community Park. Again, the overgrowth makes that look like an awfully long time from now.

Maybe not, though. The park has not been developed yet because the Northville Community Recreation Department really hasn't had a lot of extra room in its budgets. So it's good to hear that the Recreation Commission is taking the initiative to find some money elsewhere.

Specifically, a committee of the commission is considering a special millage question for park development, possibly for the ballot this November. If such a question does appear, it will likely be dedicated specifically for development of the Northville Community Park, which is eventually planned to include baseball, softball and soccer fields.

It's much too early to comment specifically on a millage proposal; if indeed the committee proposes something the full commission would have to consider it before the residents see a ballot question.

But we're glad that the commission is looking at the issue. The Beck Road park should be a fine facility when it's finished, and it's nice to think that the finish date may be in the foreseeable future.

### Water rationing is serious business

When's the last time water, or the lack of it, was front page news? Usually water related news stories revolve around flooding — seldom around drought conditions. Here in the Midwest we are blessed with a plentiful supply of fresh water and rarely have we heard the words "rationing" connected with the wet stuff. But this month has been anything but normal.

Record drought conditions have forced many communities to enact voluntary sprinkling rules to combat not the lack of water, but the lack of water pressure. The City of Northville has asked residents to alternate the days they water, dependent on their addresses. The township, while not suffering any immediate problems, has also suggested that those whose homes are serviced by the Detroit water system voluntarily alternate their watering schedules. Peak usage times, from 6-9 a.m. and 5-8 p.m., are to be avoided.

Lawns are turning brown, trees are sending out signals of distress and it is very difficult for the homeowner

with hundreds of dollars invested in landscaping to stand idly by and watch it all turn into hay.

But compliance with the voluntary ordinances is more than just nice gestures. There is a real and immediate danger to the community when low water pressure makes fighting fires difficult. It may be somewhat of an annoyance when a resident in the north end of the city finds his or her upstairs shower is not producing the necessary water pressure, but the annoyance would turn much more serious if a fire were to break out in the area.

Everyone is affected by the drought. Only those who live in homes serviced by wells should feel comfortable watering their grass or garden at will. For the rest of us, whether the pinch of water pressure problems have been felt in our area or not, strict adherence to the odd-even alternate watering day schedules will go a long way to easing what could be a very serious situation.

## Downtown dilemma

By Phil Ginotti

Okay, let's settle it once and for all.

Northville has a downtown, Novi still doesn't. That may rankle a few people in Novi. But I'm new around here. Fresh eyes, as they say in the business.

These Novi folks have tried pretty hard but still, no dice. The Town Center is mammoth, but it's still just a shopping mall. Don't get me wrong. It's a nice shopping mall. One of the nicest around.

But I'm just taken with downtown Northville. All the quaint little shops my girlfriend Jenny earmarks my money for. Cloverdale. Genitti's (no relation).

Novi lacks these kinds of places even though I'm having no trouble at all blowing money there too.

Who's the culprit? What's to blame? Well, the answer isn't that easy to ferret out. For one, Novi isn't alone. A number of sprawling ex-townships in Oakland County have this problem. They just didn't develop and aren't developing around one centralized location. My hometown, Commerce Township, is the same way.

And that's not to say it's all that bad. There are benefits in each type of community.

There are a multitude of social and economic reasons why solid downtowns develop in some areas and don't develop in others. But I think a major culprit which is being overlooked is zoning and modern-day city planning.

ing. In fact, modern planning just might be the worst enemy downtown areas have.

Just for kicks, I took a yardstick out one day and started measuring some of the downtown areas in Northville. Did you know that some of the businesses sit within 10 feet of Main Street's curb? Ten feet from curb to door.

Of course, the modern-day urban planner/planning commissioner would sniff at this. They would probably demand a 20-foot setback, sideyard requirements and a variety of other provisions which would make doing the building downright infeasible.

And imagine if a developer brought in plans to construct a line of twenty, two or three story brick buildings built within 10 feet of the street (attached, yet!). They'd get laughed out of town for not understanding the principles of "modern planning."

But what do you see in these downtowns? You see people. People using them. Like the Milford downtown area and the quaint Northville downtown. They took some work to keep that way, but that's shouldn't surprise anyone. Everything old needs help now and then.

Monday when I went out for lunch, there were people everywhere, just walking around, shopping, talking or not doing much of anything.

Nice place, but I don't get the same feeling at the Town Center.

The last time Dave went camping (it was about 25 years ago), he caught the mumps and was replaced by his good-looking brother on the trip into the Upper Peninsula.

And now he's going white-water rafting down the Colorado River. What a joke. How's he going to eat? There aren't any Burgers Kings along the Colorado River. Where's he going to sleep? You can't pull into a Motel No. VI in the Grand Canyon. I wonder if he realizes that nobody's going to turn down the covers and leave a little mint on the pillow when he goes to bed at night.

I wonder if he realizes he's not even going to have a pillow.

Will I miss him while he's gone? Will I pray every night for his safe return? Will I count the days until I once again can see his bald dome gleaming in the mid-day sun?

You bet I will. That turkey still owes me five dollars.

Yes, it's true. David is taking his son Jimmy for a week-long trip down the Colorado River... shooting the rapids through the Grand Canyon.

It's cause for great concern. David falls somewhat

# Schrader plans to be applauded

To the Editor:

I would like to comment on the editorial concerning the proposed Schrader Building restoration which appeared several weeks ago. The writer was critical of the proposed painting of the back of the building. Having examined proposed plans for renovation, I felt it was more in the spirit of trompe l'oeil than simply a mural. Some proposed structural changes are to be made in what is now a painted dark brown block wall. The installation of several actual windows will be balanced by "painted windows" and painted cornices, and will repeat the design of the building front. The proposed painting will use material which was researched for durability.

Granted, this can be regarded an

economy when compared with the cost of real cornices, windows etc, but speaking from personal experience in the restoration of a home, the cost of architectural ornaments for a building is extremely expensive.

In view of the attractive proposed restoration of the building front and interior redesign, I believe we should applaud the innovative treatment of the back of the building, rather than deride it.

## Stilec support

To the Editor:  
Congratulations to School Superintendent Bell and the Board of

Education Members for arranging to keep Mr. Charles Stilec in his youth counseling job at least through school year 1989. It seems to me that there is quite a groundswell of citizen support for a strong, well-funded anti-drug counseling program in our schools. The supportive action by Dr. Bell and the board members indicate that they are right in tune with public opinion.

Congratulations also to The Northville Record for supporting a strong counseling program in our schools (June 18, 1988 issue). The Record is correct in calling for community action to develop plans to fund this program beyond 1989. I think all of us who live in and love Northville are ready to do whatever we can to defend our school children and our community against drugs and the consequences of wrecked

lives, crime and finally, declining property values.  
Let's make Northville's school counseling program the best in Michigan. After all, Northville is the best!

## Police thanks

# Remember, 'Kids are people too!'

This is another in the continuing series of columns written for the Record by Mary Ellen King, Director of Northville Youth Assistance.

Over the years there have been many different theories regarding child rearing. Famous sayings such as "Children should be seen and not heard" and "Spare the rod and spoil the child" are two of the most popular. Both of these sayings bring to mind many stories and personalities from the mean old grandpa to the famous Dr. Spock. Where do we stand today regarding the raising of children? Hopefully, somewhere in the middle.

Social workers, psychiatrists and psychologists are continually asked by parents what is the best theory for raising children. The answers are as varied as there are books written on the subject. There is an interesting thought that has been gaining in popularity and used by many

parents of late. It is a very simple thought "Kids are people too!"

When a child is born into a family everyone tries to figure out who he/she looks like. Grandpa's nose, grandma's red hair, Uncle Harry's ears are the comments of family members as they goggle over the new infant. The truth of the matter is whatever characteristics the child has, this is a totally unique individual. He/she comes with more than a combination of moms and dad's personality. The mixture has created someone who is totally different than any other person.

As the child grows and develops, parents try to instill the social and moral attitudes that are important to them. Treating the child as a unique person during these developing years entails listening, understanding and involvement. It also means keeping priorities in some type of perspective.

Instilling in the child that people's feelings are important as well as respect for

other's rights and property, may be a stronger priority than having the child dress to please parents and having their hair cut or styled the way mom or dad prefers.

Putting emphasis on life long standards rather than on incidental happenings may help the child develop his/her own priorities. Treating the child as an individual in these instances in no way negates the idea of discipline or direction. If a two year old kicks or screams at the mom or dad, most probably he/she will kick and scream at sixteen.

Avoiding the problems of older teenagers means doing years of groundwork. Treating a two year old like an individual means meeting the needs of the child at this state of development — not demanding more than should be expected and not selling short the potential of this child.

"Kids are people too!"

# Growing wiser

By Brenda Bonzheim

My parents have become much wiser since I celebrated my 25th birthday. Actually, I noticed quite a few years ago, but only now have I gathered the courage to admit it.

Dad's advice about working hard and saving money and investing toward buying a house and a decent car doesn't go in one ear and out the other without actually being heard anymore. And Mom's chiding about eating right and getting enough sleep and always keeping my car's gas tank full is starting to make more sense. Come to think of it, even Grandma's warning to "stay out of the sun because your skin is fair," appeared from the depths of my memory a few days ago as I watched a mild sunburn color my arms.

Back when I was a skinny freckle-faced kid with a pixie haircut, I didn't pay much attention to what my parents said to me because I had more important things to think about — like riding my cool pink bike, playing in my friend's treehouse and getting my younger brothers in trouble.

And when I was a freckle-faced teen, I greatly resented the fact that they insisted on a 11:30 p.m. curfew, wouldn't let me

leave the house to go on a date until I turned 18 and wouldn't freely hand over the car keys when I had to make an important stop at the mall. When either one of them spoke to me, their words became mute because I was dreaming about the days when I would be free to do whatever I wanted to, whenever I wanted to do it.

"Someday, when you have children of your own, you'll understand," Mom would say in a comforting tone as I moped around the house I considered somewhat of a prison.

"There's a lot of weeding to do outside," Dad would mumble, sticking to his belief that manual labor is great therapy for any type of anger, hurt or just for recreation and pleasure.

"And when you're through with that, the cars need to be washed. And by the way, your room's a mess," he'd add with a devilish grin as I stomped away from him. "And don't slam the door behind you!" (I usually did).

"I don't see why I have to wash a car you won't even let me drive!" I would say

just loud enough for him to hear.

Thanks to Mom and Dad's discipline, I didn't quit college when I thought I didn't want to continue and I learned the value of earning a paycheck and all those valuable lessons that only parents can teach. It took a move across the state and a few years under my belt before I realized exactly why they enforced all the rules I once thought spiteful and ridiculous.

Now Mom is a valuable resource for recipes, domestic problems and a best friend to talk to whenever something is bothering me. And Dad stores a wealth of information about how to fix my car, how to better manage my time, how to repair broken items and the list goes on. Was he always so wordily and wise?

As a freckle-faced 25-year-old, I realize I have a lot to yet to learn. At the same time, I know two people who will always be there to help and understand and to offer advice they have gained over the years.

And it didn't even take long enough for me to have kids of my own to understand.

# Wayne County tax faces renewal vote

Wayne County voters will be asked to renew the county's 1-mill general operating tax in the Aug. 2 primary — two years before the tax expires. The tax raises an estimated \$30.4 million each year, according to the county office of management and budget. It expires in 1990.

County Commissioners voted to put the issue on the Aug. 2 primary ballot to avoid having to call a special election next year.

"If we don't do it now, we'll have to do it next year and that will cost money," said commissioner Susan Heintz, R-Northville Township.

Commissioners are still debating whether to seek a new tax of up to 2 mills to add jail space and anti-crime

programs, though it is doubtful the tax increase proposal will also appear on the primary ballot.

The general operating tax finances county services, including the jail, juvenile court, public and mental health programs, parks and recreation, job training, senior citizen services and health care for needy county residents.

The general operating tax translates to \$37.50 a year for people living in residences with a market value of \$75,000.

The tax was last renewed during the 1984 state primary. In a change, commissioners seek 10-year approval this time.

Commissioners have long conceded that the 1-mill levy was inadequate

to relieve crowded conditions at the county jail.

They tabled, however, a proposal from commissioner George Cushingberry, D-Detroit, that would ask voters for 2 additional mills for "the construction and operation of jail and juvenile justice facilities and for related criminal justice purposes."

Commissioners generally decided against a jail tax recommendation until the county's ad hoc task force on jail space files its report.

The report is due Sept. 15, commission chairman Arthur Carter, D-Detroit, said, giving commissioners time to place the tax increase proposal on the Nov. 8 presidential elec-

tion ballot.

Carter suggested he would meet individually with other commissioners to discuss the proposal.

Commissioner Bernard Kilpatrick, D-Detroit, suggested a 1-mill jail tax, but withdrew his motion after Cushingberry said it would take at least \$38 million in new taxes to finance proposed anti-crime programs.

As drafted by Cushingberry, the proposal would boost county mental health programs as well as increase jail space.

The issue was referred, without endorsement, from the commission's Committee on Health and Human Services, where it will return.

# County may sign contract with developer by December

A contract with a developer for county-owned land in Northville Township is expected to be signed by Dec. 1, according to sources in the Wayne County Executive's office.

By then, a developer's contract should be "signed, sealed and delivered" for the 1,040-acre site, said Robert Wisler, communications director for the county Jobs and Economic Development Department.

"Construction would begin with the next construction season," Wisler said, adding a March-April 1989 date seems likely.

Sources close to the project said a rough draft of a marketing plan for the property has been sent back to the Detroit-based Lambrecht Co. for modification. Wisler, however, said any delays were a matter of "getting language together" rather than an indication major changes were

sought.

Instead, development would generally proceed as previously discussed with light industry and condominiums or houses sharing space on the property at Five Mile and Beck roads.

"I know Northville Township has expressed interest in light industry," Wisler said. "And there would probably be residential as well."

Lambrecht's study would be

reviewed by corporation counsel — the county legal office — and county purchasing department before being submitted to the county commission.

Commissioners would also have to approve any development contract.

A golf course under consideration for the site has apparently been scrapped.

"That was one developer's proposal," Wisler said. "That doesn't mean there's going to be one."

At this point, the county still seeks a joint development agreement. Such an agreement would allow a developer or developers to build on the site, while contributing annual royalty fees to the county. It would be similar to an agreement between Schoolcraft College and a private contractor on the Seven Mile Crossing office complex in Livonia.

Outright land sale, however, wouldn't be ruled out "if the right of-

fer were to come along."

Though market conditions may fluctuate, the county estimates the land is worth at least \$23 million.

At one time, the site housed a home for mentally impaired adults and the Wayne County Training School for troubled juveniles.

Developing the property has been a goal of the McNamara Administration since it took office in January 1987.

posal for a particular piece of work, he added.

Then, if the proposal passes, the Recreation Commission can use the track record thus established to support any other millage proposals in the future for additional park development or park acquisition, Anderson said.

*"The feeling seems to be . . . that they (committee members) would like to, if we had a millage, have it for a very specific thing."*

— John Anderson  
Recreation Director

ty/township/school district Recreation Commission for consideration.

One difficulty in the talks has been getting the committee members together for meetings, Anderson said.

The Northville Community Park site is off the west side of Beck Road midway between Five Mile and Six Mile, above the Scott Regional Correctional Facility and the Phoenix Correctional Center.

In the Northville Community

time to inform the public and have intelligent discussion of the question, Anderson said. "We want to make sure we have all our ducks in line" on any proposal coming from the commission, he added.

The millage issue is still at the committee level. If the committee develops a recommendation, it would go before the full, nine-member Recreation five-year plan adopted in May, 1986, the park is planned for two

ball fields, a soccer field and parking area for 132 by 1991, with restrooms and concession stands planned for the long-term future. A master plan developed in 1984 also shows two more soccer fields, two tennis courts, ice skating, a sled hill and an exercise/cross country ski trail on the site.

In the plan, development of one softball field and 50 parking spaces was planned for completion during 1986-87. However, development at the site has not yet started.

## Northville bank opens new office

The "grand opening" banner is up, the sprinklers are on and the new-building smell is still slightly in the air at Detroit Federal Savings' brand new office in downtown Northville.

One important thing, however, remains the same. According to Branch Manager James L. Staschke, the friendly customer-oriented service that is a trademark of Detroit Federal, is still there.

Detroit Federal has been a part of the Northville community for 25 years. Until about two months ago, the bank had been a familiar landmark on the corner of Center and Dunlap streets. That changed recently when the a new office was built just a stone's throw away at 250 N. Center Street, near the corner of Center and Randolph streets.

A big reason for the change in location, according to Staschke, is the company's new ability to provide drive-through service for customers.

While Detroit Federal's second

Northville location at 42925 West Seven Mile in Northville Township has drive-through service, the downtown location did not — until the move.

In this day and age of on-the-go, two-job families, drive-through service is a definite plus for simple banking services, Staschke said. The new downtown location has state-of-the-art pneumatic tubes for fast, efficient service at the drive-through windows, the manager said.

Staschke said the new building was built with downtown Northville's unique historic look in mind. "The design was planned in keeping with the architecture of the city," he said. The building has a Victorian brick exterior and a Williamsburg motif on the inside. He noted that the city had been behind the plans for the building throughout the planning stages.

Staschke himself has worked in the

## Business Briefs

JOAN CASE of South Lyon has been named Chief Operating Officer of the Visiting Home Helpers Association (VHHA). Prior to joining VHHA, Case worked at Quality Care in Ann Arbor and held the positions of manager, office administrator and nursing director.

Other experience includes working with Howell Public Schools and Romeo Community Schools as a school nurse, Macomb County Health Department as coordinator of the Immunization "Catch-Up" program and Kirtland Community College as a clinical and classroom instructor.

Case is a member of the Michigan Association of School Nurses, Washtenaw Continuing Care Coalition, St. Joseph Mercy Hospital Alumni Association, Washtenaw County Indigent Care Task Force Committee and Washtenaw County Task Force on Home Health Aide Training.

She graduated from the Mrcy School of Nursing and Central Michigan University. Case is currently an MA candidate at Eastern Michigan University.

The VHA provides personal care services (bathing, grooming, meal preparation and companionship) and private duty nursing for disabled and chronically ill patients in their homes. The organization is a subsidiary of the Visiting Nurse Corporation.

GARY L. RUETENIK

GARY L. RUETENIK of Novi has been elected vice president at Ross Roy, Inc. advertising agency. The announcement was made by Richard C. Ward, executive vice president and general manager of Ross Roy Communications.

Ruetenik came to Ross Roy in 1980 as an account executive on the Chrysler Owner Communications Program. He became a senior account executive in 1981 and an account supervisor in 1983. Because of the success of the program, which now has over nine million owner names, he is currently guiding the establishment of a similar program in Canada.

Prior to joining Ross Roy, Ruetenik was an account executive at R.L. Polk.

JIM STORM

JIM STORM of Northville has earned the highest recognition given by Farmers Insurance Group of Companies to its district managers and agents of "outstanding overall performance."

Storm joined an elite group of fellow achievement winners at the Hyatt Regency Hotel in Maui, Hawaii, June 8-14, as a member of the prestigious Presidents Council. The selection of Storm was announced at the insurance group's Los Angeles home office by William H. Braddock, Vice President-Marketing.

Braddock said final selections for the council are made on the basis of sales production in all insurance lines, overall professional competence and by attaining the highest quality standards.

Membership in the Presidents Council is achieved by only 43 agents out of the more than 14,000 district managers and agents who serve Farmers' operating territories in the 26 western-most states. Member companies of the Farmers Insurance Group include the nation's third largest automobile and homeowners insurers.

Top management of Farmers' companies meet annually at the Presidents Council to discuss key issues affecting the insurance business with their top agency producers.

Storm represents Farmers' member companies in the automobile, homeowners, life, commercial and most other types of insurance.

JAMES MCCREADY of Novi has joined the Group Health and Welfare practice of the Detroit office of Coopers & Lybrand's Actuarial, Benefits & Compensation Group.

McCready is a senior consultant who will be involved in the retiree medical benefits study that Coopers & Lybrand is conducting for the Financial Executives Institute. He also will enhance Coopers & Lybrand's Group Health & Welfare practice in the areas of flexible benefits and group life and health actuarial services.

Prior to joining Coopers & Lybrand, McCready was Director of Underwriting for the national automotive and other accounts at Blue Cross/Blue Shield of Michigan.

McCready is a Fellow of the Society of Actuaries and a member of the American Academy of Actuaries. He received his Bachelor's degree in Actuarial Science from the University of Texas. He resides in Novi with his wife and three children.

DAVE'S CONEY ISLAND & BREAKFAST, owned by David Szymanski (above left), has set up shop at 9135 Highland Road in Pontiac. Szymanski is pictured above with his father, Tony.

A 1985 Lakeland High School graduate, Szymanski was employed as a short order cook for three years. He also studied business management at Oakland Community College for one year.

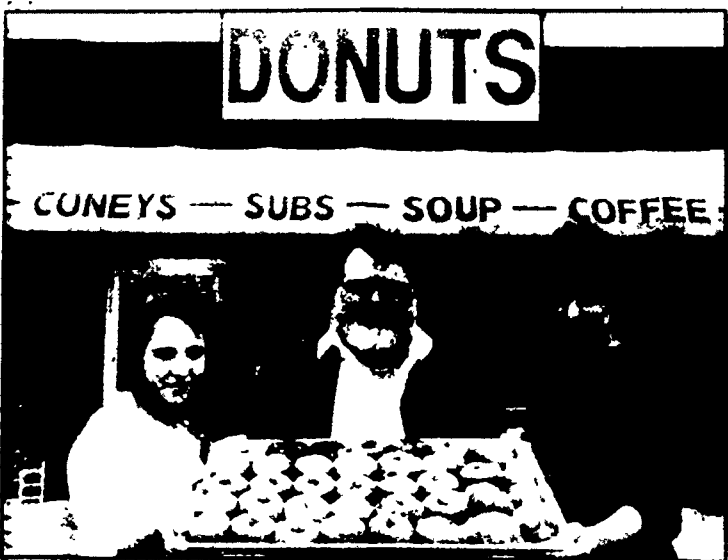

The restaurant includes a complete breakfast menu, along with lunch and dinner plates featuring specialty Coney dogs. It also offers a carry-out service and 15 percent senior citizen discount.

Store hours are 6 a.m. to 3 p.m. Monday through Friday, 7 a.m. to 4 p.m. Saturday and 8 a.m. to 2 p.m. Sunday.

JANIS L. TIBBS, a records supervisor for Great Lakes Bancorp, was recently promoted to assistant vice president.

A Milford resident, Tibbs joined Great Lakes in 1983 as records microfilmer and transferred later that year to the retrieval area. In 1984 she became name and address coordinator. In 1986 she was named customer identification supervisor.

Tibbs is also a member of the National Association of Banking Women. Great Lakes Bancorp is Michigan's third largest thrift institution, with assets totaling more than \$3 billion.

HIGHLAND DONUTS recently opened its doors at 1400 S. Milford Rd. in Highland. The establishment is owned by Michael Culpert and managed by Sue Schang. Culpert (center) and Schang (right) are pictured above with Renee Cahoon, an employee at the donut shop.

One of four stores in the chain, Highland Donuts offers coffee, soup, sub sandwiches, assorted beverages and a daily horoscope.

Store hours are Monday, Tuesday and Saturday from 5:30 a.m. to 2 p.m.; Wednesday through Friday from 5:30 a.m. to 6 p.m. and Sunday from 8 a.m. to 2 p.m.

# Condo-buyers should consider options

Condominiums and their maintenance-free lifestyles have traditionally attracted singles and busy professionals who don't have the time or desire to mow lawns or shovel snow from their driveways. Just as often, individuals opt for a condo rather than a conventional home because of price.

But condos are not for everyone. The Michigan Association of CPAs advises prospective buyers of condominiums to review carefully the various pros and cons before leaping into a purchase.

In many ways, owning a condominium is not very different from owning a conventional, single-family residence. You secure a mortgage, pay real estate taxes and gain many of the same tax deductions as other homeowners. But don't be fooled into thinking that both types of ownership are one and the same.

In a condominium, you own an individual unit as well as a share of the development's common property and facilities, such as a swimming pool or tennis court. However, you generally do not own the property surrounding your home and you may not even have final say on the look of your home's exterior.

While operation and maintenance of the condo's common property are not the owner's concern, the fees for such services are. In some developments, monthly maintenance charges can run as high as several hundred dollars — in addition to mortgage payments.

## Money Management

Consider, too, that most condo owners not only have close neighbors, but also have to abide by numerous community association rules on decorating home exteriors, landscaping and using the development's common grounds and facilities.

For the most part, condominium owners do get the same tax treatment as other homeowners. You are entitled to deduct mortgage interest, property taxes and any casualty losses you may incur. In addition, all the rules relating to the sale of a principal residence apply to condominiums, including the once-in-a-lifetime \$125,000 exclusion of profits to anyone 55 or older who meets the ownership and use requirements.

Some special tax considerations exist solely for condo owners. In rare instances, part of the monthly maintenance fee may be deductible on your federal income tax return. Occasionally, you also may be able to deduct property taxes assessed on the development's common elements. When a share of your maintenance fees is used to pay taxes, for instance, you may be entitled to a deduction.

Similarly, you can often deduct any mortgage interest on your share of common property, such as a social hall where residents gather. Another

advantage can be found in developments that use reserve funds for improving and replacing structures in common areas. In such cases, an individual owner may be able to add his reserve contributions to the condo's original cost and thus trim capital gains when he decides to sell the home.

Before buying a condo, you should try to investigate the type of reserve fund offered by the development. Remember not all condos are equal. Your actual financial liability for a condo can vary greatly depending on several factors, the reserve fund being only one.

Mortgage terms, for example, can be confusing. If the condo developers offer financing packages, be cautious. In some cases, a deep discount in loan rates masks steep increases in future payments. If you finance through a developer, note the term of the mortgage and the annual percentage rate. Figure out what your monthly payments will be not only this year, but what they may be five or 10 years from now.

When calculating the actual cost of a condo, you also need to determine the exact purpose of the monthly maintenance fees. How much money is targeted for future expenses? Are security or other services, such as garbage collection, included? Are

any major repairs pending?

Remember that the amount of the fee can change from year to year, depending on circumstances. Shoddy construction on a newly-developed condo may result in a substantial increase in fees in just a few years. If your developer has built other condominiums, ask those tenants if their maintenance fees have risen and why.

Find out about the other owners. If some have refused to pay their share of the development's upkeep, you and other owners may have to make up the difference. Ask the association about its priorities and future plans. You may not want to pay more maintenance fees in order to establish a fully-staffed day care center, but if the rest of the association votes in favor of such a facility, you'll be obligated to pay your share.

Carefully read the association's by-laws. If you operate a business out of your home, make sure the association permits such activity. By-laws can also place limitations on your ability to rent your home to someone else — a factor which can be of critical importance if the condo is a second home.

The rules and by-laws may also place restrictions on your home-entertainment activities, such as barbecues or parties.

CPAs say that if you are thinking about buying a condo, but plan to rent it out most of the time, remember that you may be able to take the numerous deductions available.

# Detroit Federal bank moves into new office

Continued from 1

Northville offices for over five years and likes the friendly, small-town atmosphere of the city.

"Within the first two years I probably knew almost all of the customers by name," he said. It's that friendly touch that Staschke said has carved Detroit Federal its special niche in the competitive banking field.

"There are few institutions where the manager is almost always accessible to take care of their special needs. The staff (of the bank) is for the most part from the area," he said, which makes them an integral part of the community and the people who use the bank.

"We can offer the most efficient service around," Staschke said, noting that there rarely is a line-up in the bank because "our personnel know how to service your needs to get

you in and out of here as soon as possible."

"Personalized service has been our whole thing," he said, and added that he thinks the bank has one of the most competitive and best checking account programs around.

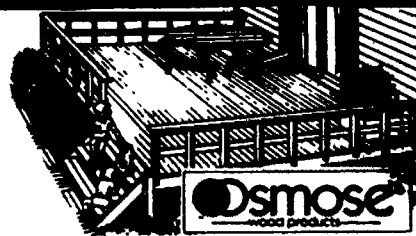

The two Northville branches of Detroit Federal have a total of six employees in addition to Staschke. Detroit Federal, the home office of the Northville branches, is celebrating 50 years of banking service in the Metro Detroit area.

"We're a good bank for the homeowner who is looking for a very stable institution," he said.

"C'mon in and introduce yourself," Staschke urged the members of the Northville community.

Detroit Federal Savings is open Monday through Thursday from 9:30 a.m. to 4:30 p.m. and Friday from 9:30 a.m. to 6:30 p.m.

**NICHOLS REALTY INC.**

Dear Friends,

After ten years of owning and managing NICHOLS Realty, Inc. I have merged my business with Real Estate One, Inc. in researching which real estate firm would help me best serve my clients and customers. I chose Real Estate One, Michigan's largest family-owned real estate company.

As you know, I have been in the real estate business for almost 15 years. EXPERIENCE DOES COUNT. Fifteen years of selling, listing, leasing, managing property, as well as managing and owning my own business, offers you an experienced full-time professional agent capable of handling your important real estate assets to your best advantage.

As a sales agent I have consistently made sales records as a member of the Multi-List's high volume sales club, the "Million Dollar Club," the "TOP 10% Club" and just recently, the "President's Club."

My greatest satisfaction has always been the serving of clients, and knowing that they were pleased with the results. I am equipped to handle all your real estate needs, whether it be a transfer, a rental, an investment, a commercial venture, or more suitable housing.

When you think of real estate, think of ANNIE NICHOLS, Associate Broker, REAL ESTATE ONE. Call me at (313) 348-8430 or 348-3044 or 349-2315.

Remember to ask for ANNIE NICHOLS, I remain your dedicated REALTOR offering PROFESSIONAL SERVICE WITH A PERSONAL TOUCH.

# If you don't keep their names alive, who will?

**An invitation to place the name of a member of your family who immigrated to America in the only national museum created to honor them.**

Whether your ancestors first set foot on American soil at Ellis Island, or entered through another gateway, here is a unique opportunity to show your gratitude. And to present your family with a gift that will be meaningful now and for generations to come. When you make a \$100 contribution to restore Ellis Island, the name you designate will be permanently placed on the newly

created American Immigrant Wall of Honor. You can choose the name of an ancestor or just your own family name. And you'll receive an Official Certificate of Registration. To register additional names, list each name and country of origin on a separate sheet. And remember, there is a minimum gift of \$100 for each.

Please send your contribution today. By acting now you assure that the Ellis Island Immigration Museum will be a place to honor your own heritage, as well as a monument to the great American traditions of freedom, hope and opportunity.

# MILLIONS OF PEOPLE HAVE BEEN CURED OF A DISEASE MOST PEOPLE SEEM TO THINK IS INCURABLE.

Today, one out of every two people who get cancer will survive.

With early detection and prompt treatment, the survival rate for Hodgkin's disease can be as high as 74%. Childhood leukemia: as high as 65%. Colon and rectal cancer: as high as 75%. Breast cancer: as high as 90%.

As far as we've come, we still have quite a way to go. And for that, we'd like your help.

There's only one place where cancer is a hopeless disease: In your mind.

**YOU MADE OUR TORCH  
BURN BRIGHTER THAN EVER.**

**THANKS FOR THE LIGHT.**

We asked you to give a little more to the Torch Drive this year. And you responded by giving a lot more. So that next year the United Foundation's 143 Torch Drive-supported agencies will be able to do more good in our tri-county area than ever before. With more services for the handicapped and elderly... more family counseling... more medical research... and much, much more. Thank you for making the future so much brighter for so many.

THIS IS THE THANKS YOU GET FOR GIVING TO THE TORCH DRIVE.

For making this year the most successful Torch Drive campaign ever, we'd like to say thank you.

But the people who appreciate your valuable time and hard-earned dollars the most, are the people who receive the benefits. You gave them something to smile about. Because with your help, 143 Torch Drive agencies and their recipients are much better equipped to deal with such serious problems as hunger, heart disease, substance abuse, physical handicaps and teenage pregnancy, just to name a few. So you can see, your gift goes toward helping thousands of people who really need it. And what better thanks can you get than that?

TOGETHER, THERE'S SO MUCH GOOD WE CAN DO.

# Second Time Around

## Dresses fit brides' style

Women who are tying the matrimonial knot for the second time are faced with a unique challenge — finding a wedding dress that will suit their tastes while tailoring it to the romantic occasion.

Brides marrying for the second time most likely won't be looking for long, flowing traditional white bridal gowns. Instead, they tend to opt for formal tea-length or above-the-knee dresses or suits that reflect their personalities, tastes and lifestyles.

Depending upon the type of wedding ceremony they choose, the season they choose to marry in and the time of day the wedding takes place, these brides aren't bound by a dictated bridal dress style. Fashion for the second wedding is as varied and individualized as the brides themselves.

To achieve a romantic, personalized effect, bridal consultants often suggest that brides shop in specialized clothing boutiques in search of a dress for the second wedding. Boutiques usually carry upscale or out-of-the-ordinary dress lines not commonly found in department stores.

Locally, brides have several shopping options. In Northville, the Marquis Boutique may offer just what you're looking for. The boutique is owned by Inge Zayti and is located on Main Street, next to the Marquis Theatre.

Ardis McLeod, an employee at the shop, said quite a few dresses for the second marriage are regularly sold there.

Popular choices include those highlighted with delicate antique lace and high Victorian necklines. McLeod commented that off-white is the most commonly chosen color for the occasion, although pastel colors such as peach, sky blue and lilac are popular, too.

The Marquis Boutique offers dresses from Miss Elliot and Ursula, as well as a few other recognized brand names. Dresses range from \$150 to \$300.

A drive to Novi's Twelve Oaks Mall also may be in order for the bride deciding to wed again. The mall's Lily Rubin store features a few elaborate sequin-studded and generously beaded dresses appropriate for the wedding day. Other shopping stops in the mall may include the formal dress departments at Hudson's, JCPenney or Ganto's, as well as small specialty boutiques.

In addition, several formal wedding fashion selections can be found on the dress racks of the mall's Casual Corner store.

Barbara Wilson, left, models a lacy bridal dress from Casual Corner. At left, Ellie Rogers wears another version of a second wedding dress.

For the bride, two of the featured dresses at Casual Corner are a tea-length white lace version with a sash in the back by A-la-carte, at \$120, and an ivory lace dress designed by the same company, at \$110.

As a matter of taste, a more polished, tailored look may be preferred by the second bride, an effect that can be achieved with a white or ivory suit. Suits are available in lacy, feminine styles or classically tailored versions. Pastel pink, peach or pistachio green are appropriate color choices for wedding suits if white or ivory doesn't appeal to you.

Casual Corner's romantic linen dresses trimmed in lace are good selections for bridesmaids or mother-of-the-bride dresses, especially for spring and summer months.

During the winter, velvet dresses in classic styles are popular wedding dress preferences, Armstrong said.

Prices for wedding and bridal party dresses at Casual Corner range from \$80 to \$300.

Armstrong said the store can special order dresses if needed. Unlike the eight to 12 weeks it requires for dresses to arrive at most bridal shops, the wait can be as short as two to three weeks if ordered at Casual Corner.

The Jacobson's store in Livonia also offers a wide selection of dresses suitable for the second marriage.

aren't satisfied by what they find in bridal shops because they tend to be older and have defined, sophisticated tastes. Also, they may have a more specific style of dress in mind.

In turn, these women commonly find themselves searching for their wedding dresses in small boutiques or stores geared toward the professional woman.

"We try to take special care of the bridal party," Armstrong said. "We've even handled a dress for the grandmother-of-the-bride," she said.

Photos by CHRIS BOYD

Pat Armstrong, district manager for Casual Corner, said the store has always carried dresses appropriate for second marriages, but lately the management has placed more emphasis on them.

"We're catering more to all lifestyles in our dresses," Armstrong said. "We had quite a few women coming into the store and asking for dresses suitable for the second marriage. We communicated these needs to our buyers, so there are more dresses available here now."

Armstrong explained that second brides often

## Vedro spends summer minding the ballpark

By DOROTHY NASH  
special writer

She's had it. She's through. That's what Dolores Vedro is apt to say about volunteering for the Novi Youth Baseball League for 8-16 year olds.

She's been treasurer for 10 years, and she was director-at-large for two years. And she's done the secretary job, too.

"But each year when the baseball season starts," she said, "I'm hooked again."

Sure, it's hard work, and it takes time. There are monthly board meetings all year, and Vedro has a financial report to present every month plus a year-end one, too.

Are there expenses in youth league baseball? Of course — for uniforms, equipment, upgrading the fields, putting up new fences, cutting the grass, umpire fees, etc.

Besides being concerned with money, she said that during the season she helps cut grass when

necessary — also chalks fields and picks up trash.

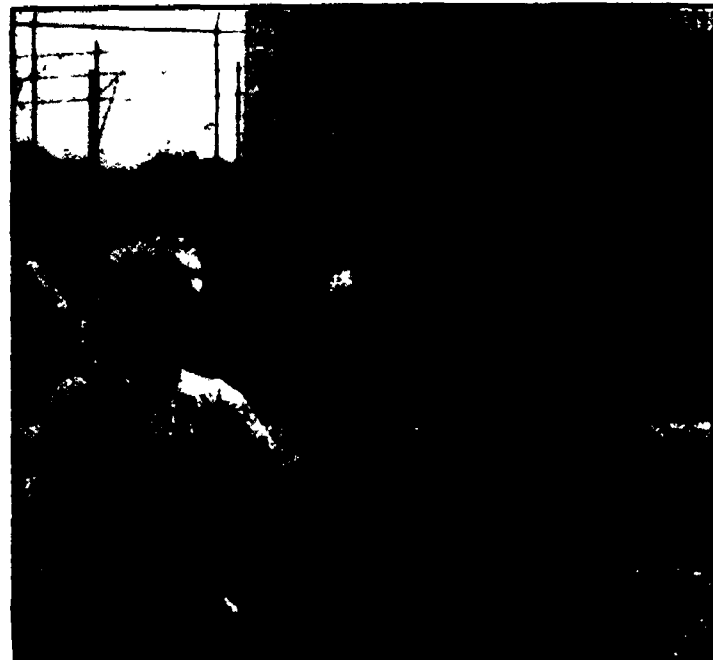

Also she types up the opening day program for the printer, and she types news for the newspaper.

That's it? No more involvement? No. When the season starts, she's on the scene, sitting and watching practice and games "just about every night." She wants to know what's going on in all four divisions. And she's apt to exclaim all of a sudden, "The kid's got a hit!"

How did she get in so deep in this volunteering? In answer, she said, "When we moved here, my husband volunteered in it, and it got so that if I wanted to see him during the summer, I had to, too. Then our two sons got in."

The sons have grown out of the league now, she said, but she and her husband stay in because — well, because "we love baseball and we love the kids."

What she can't understand, though, is why more people don't volunteer.

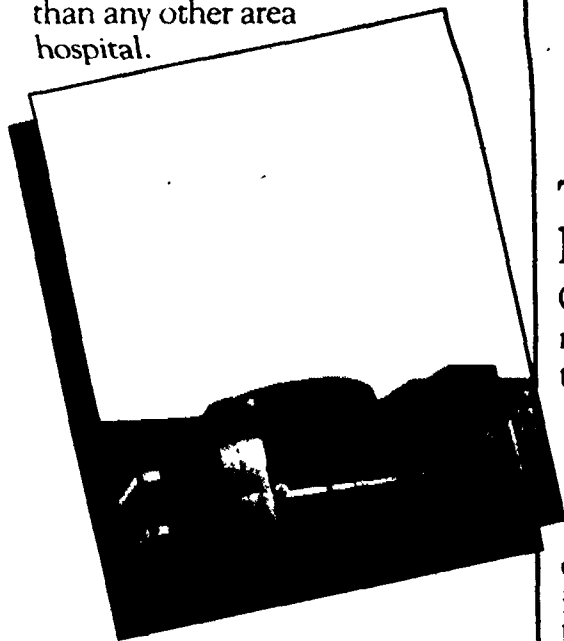

Dolores Vedro happily tosses a baseball in the air at Bosco Field, where she spends most of her time during the summer. On afternoons and evenings when heated games are being played, Vedro can often be found on the sidelines cheering her favorite teams on. She also whittles away most of her spare time taking care of baseball league details.

# Now Providence Hospital gives you more ways to give birth.

## More birthing options than any other hospital.

Introducing Providence Hospital's New Life Center. Suburban Detroit's newest, and we think finest, obstetrics facility. Our New Life Center gives you more birthing options, more choices, than any other area hospital.

### LDR Suites, a popular choice.

Our ten LDR suites allow mothers to labor, birth and recover in one location. These private suites are a welcome departure from the traditional hospital birth experience. Beautifully decorated, each suite creates the perfect setting for you to spend time with your family and bond with your baby.

### Traditional Delivery Suites.

Our new delivery suites are for mothers who wish to have the traditional birth experience or for those who may require a Cesarean delivery. Your husband, or any labor partner who has been through an approved childbirth class, may be with you in the delivery suite during labor, birth and bonding with your baby. Each of our delivery suites is state-of-the-art in every way.

### High-Risk Rooms.

For women with medical problems, we have two high-risk rooms which offer specialized care during labor, birth and the early recovery period. Because we have an obstetrician in-house at all times, we can provide the

essential medical attention you need in the critical moments before your physician arrives.

### Another option, the Family Birthing Center.

Our freestanding Family Birthing Center offers another alternative in the birthing experience. The only one of its kind in the state of Michigan, the Center provides a home-like setting with a staff of experienced nurses dedicated to natural birthing techniques. Our Family Birthing Center is accredited by the National Association of Childbearing Centers and offers the advantages of a home birth. Family and friends are welcome and you can go home in just 24 hours.

### Should the need arise, Neonatal Intensive Care Unit.

Our NICU has the advanced medical equipment and the sophisticated technology to care for seriously ill newborns. An obstetrician, neonatologist and perinatologist are available 24 hours a day to care for newborns with special problems.

### Learn about your options. Set up a tour.

So if you're planning to have a baby, visit Providence Hospital and learn about all your options. Ask your doctor about

Providence, or give us a call at 424-3068 for a free brochure and to schedule a tour. If you don't have a physician, call Providence Hospital's physician referral service at 424-3999.

Unique Choices in Maternal and Infant Care™

# Summersong heard this weekend

By ANNE E. WILLIS

The streets of Northville will be alive with song this weekend, when the annual Summersong Festival comes to Northville. Over 80 arts and craft exhibitors will open up booths on Main Street and a host of musical talent will serenade shoppers and strollers from the city bandshell both Friday and Saturday.

This year's Festival will have two new twists. First, parking will no longer be a problem thanks to the cooperative efforts of the Downtown Merchants Association and the City of Northville. Shoppers will be able to park for free at the Northville Downs parking lot and take shuttle buses to the Main Street Festival area. In addition many downtown shops will remain open to 10:30 p.m. for the Festival.

## Northville Branch wins garden honors

The Woman's National Farm & Garden Association, Northville Branch, received National and Michigan division awards for achievement in WNF&GA projects and activities during the past year. The Northville Branch received national and state honors and citations for achievement at the State Meeting held on June 8 at Port Huron, Michigan.

National WNF&GA Awards Certificates presented to the Branch were:

- First Place in Conservation/Ecology
- First Place in Education (Scholarships and College Grants)
- Michigan Awards Included:
- First Place in Conservation/Ecology
- First Place in Education (Scholarships and College Grants)
- Second Place in Horticultural-Therapy
- Third Place in International Cooperation

Carol Rahimi, president of the Northville Branch commended the immediate Past President, Annie Nichols and Northville Awards Chairman, Karen Ross who submitted the awards applications for consideration in National and Michigan categories, covering Branches in Group C — with memberships of 26 to 50 members.

Rahimi thanked the Northville Branch Members, attending the Branch Picnic-Meeting on Monday, June 13 for their accomplishments this past year in supporting the aims and purposes of WNF&GA, and said the Branch is most deserving of these recognition Awards.

## Annual Fourth of July breakfast planned

As in year's past, the public is invited to attend the annual fourth of July breakfast at the Northville Masonic Temple, 106 E. Main Street. A new expanded menu is being offered by Union Chapter No. 55, Royal Arch Masons, according to presiding Excellent High Priest Herman A. Wedemeyer.

Breakfast serving will start at 6:30 a.m. and will continue until parade time. The menu will feature an "All You Can Eat" special of pancakes, scrambled eggs, hash brown potatoes, ham, orange juice and coffee, tea or milk, all for the cost of \$3.25 per adult and \$1.50 per child up to and including the age of 12.

## Library has trip information

Planning your vacation? The Northville Public Library's rotating book display will help to supply information on such topics as bed and breakfasts, inns, camping, and National parks. This collection will be featured beginning on June 20 and will continue until July 8. For more information, visit the Library or call 349-3020.

# June events planned for area seniors

Several events are scheduled the Northville Area Senior Citizens for the remainder of June.

On Friday June 24 Northville Community Recreation will be heading out to the Reford Theater to see "The Secret Life of Walter Mitty" starring Danny Kaye and Virginia Mayo. The cost for the evening is \$5 and rides will be provided from senior's homes. Pick up will be at 6:15 p.m.

The Northville Area Senior Citizens will also go to see Historic Fort Wayne on Sunday, June 26 at 9 a.m. This promises to be an enjoyable, educational and fun-filled day. The cost of the tour is \$7.50 per person and includes; a one hour tour

of the historic fort, box lunch of chicken, mashed potatoes and gravy, coleslaw and drink. Activities at the fort and round trip transportation from the Northville Community Recreation Building, 303 W. Main Street are also included. Rides are available from homes or apartments upon request. Return is scheduled for around 3 p.m.

The Michigan Eye Center will be holding free eye screenings and blood pressure checks Wednesday, June 29 from 10 a.m. until 1 p.m., at the Senior Citizens Activity Center, located in Cooke School, 21200 Taft Road. Free eye checks will take place at the center. The eye screen-

ing includes tests for: glaucoma, diabetic eye disease, cataracts, retinal disease of the eyes and lids, and visual acuity. You do not need an appointment or reservation, just drop in. Rides are available by calling 349-4140 at least 24 hours in advance (50 cents for a round trip). Please specify time you would like to be picked up from your home. Refreshments will be served.

Next week's menu for free hot lunches served at Allen Terrace, 401 High Street is: Today, Thursday, June 23 — beef stew with carrots, celery, onion and potatoes, biscuit and margarine, spinach salad, individual dressing, fresh fruit and

milk.

Friday, June 24 — crumb topped "Scrod", rice pilaf, oriental salad, pineapple juice, roll and margarine, birthday cake and milk. Monday, June 27 — meatloaf with onion, gravy, mashed potatoes, stewed tomatoes, peaches, wheat bread and margarine, milk. Tuesday, June 28 — tuna noodle casserole, brussel sprouts, three bean salad, canteloupe and milk.

Wednesday, June 29 — hamburger on a bun, baked beans, tomato-onion salad, fruited jello, individual ketchup, milk. Thursday, June 30 is Chef's Day.

# Workshop planned

Starting Over Single, a divorce recovery workshop sponsored by the First Presbyterian Church of Northville, will commence its summer eight week "Practical Guidance Course to a Healthy Divorce Recovery" on Thursday, July 7.

From 7:30-9:30 p.m. the eight week course will share speakers of interest to the newly divorced. The course is sponsored by Single Place, a group organized for the purpose of providing friendship, caring and sharing for all single adults. The course is \$20 per person for the cost of book and materials. Child care is available.

On Thursday, July 7, "Stages of Grief" with Dick Todd will be presented. He will share the stages of grief that many go through whether they are the ones asking for the divorce or the one who is the recipient. To start over single always is to grieve first and then move on to the future with hope and expectation.

"Networking" with Lawrence Chamberlain will be presented on Thursday, July 14. The seminar will look at the psychological dynamics of loneliness as it impacts lives. He will talk about and share creative approaches of dealing with loneliness.

Dr. Chamberlain is Senior Pastor of First Presbyterian Church of Northville.

"Legal Aspects of Divorce: How to Keep the Scales of Justice from Tilting" with Dave Jerome, will be held Thursday, July 21.

During the evening, discussion will be on how the legal process works and the legal implications imposed by divorce.

"Helping Children Through Divorce" with Robert Geake on July 28. This will be a look at the six feeling stages children go through and four approaches adults can take to enter the children's world.

"Getting My Ex in Focus" with Lu Wagner on Aug. 4. She has been separated for four years and is a leader of several previous divorce groups, teaches in different adult education districts and has an excellent background to cover the subject of getting the ex-spouse in focus. She helped originate the Starting Over Single program in Northville.

"Church and Divorce: Spiritual Help" with Jim Russell on Aug. 18. A fresh and hope filled look at the Bible and the church related to divorce. A Christian minister who works with many people of divorced background will interpret and apply spiritual help.

"Friendship and Dating" with Nancy Ray on Aug. 25. This seminar will look at understanding how divorce changes our relationships with married friends, neighbors and co-workers. A look at how relationships work and don't work, the need for new friendships, dating, and the role of love in healing.

The Winners Circle column was created to address questions on the Michigan Lottery and its games. Following are a few of those most frequently asked of Lottery personnel.

**Q: How are Super Lotto jackpot amounts determined?**

**A:** Like other parimutuel games, Super Lotto prize pools are based on the amount played for each drawing. The 25 cents of every sales dollar assigned to the Jackpot prize pool forms an investment in which all the principal and interest combine to pay winners a much larger total over a 20-year period. Players who match five of the winning numbers share the second prize pools comprised of 8 cents of each dollar spent on tickets. The third prize pool, shared by all who match four numbers, is paid from 13 cents of each dollar. Super Lotto has a minimum Jackpot of \$1.5 million. A "rollover" — when no one matches all six winning numbers — keeps the Jackpot growing until it is won.

**Q: What happens if a winner dies before collecting the full prize amount?**

**A:** Payments continue to be paid to the estate of the deceased until the full amount of the prize is awarded. This also is true of \$1,000-a-week-for-life prizes in past instant games which guaranteed payment of at least \$1 million.

**Q: How many prizes go unclaimed and what happens to this money?**

**A:** In an average year, unclaimed prizes represent about one percent of sales revenue. In the past fiscal year, they totaled about \$11.6 million. Primarily made up of small prizes, this money is added to Lottery net revenues which are all assigned to the state School Aid Fund to help support K-12 education.

**Q: How much are Lottery retailers paid?**

**A:** Lottery retailers earn a 6 1/2% sales commission on every ticket sold and receive a 2% redemption commission for their payment of prizes worth up to \$600.

**Q: Are Lottery drawing machines and the computer connected?**

**A:** Similar to equipment used in other lotteries, the drawing machines used for Daily games and Super Lotto drawings are specially designed to make a random selection of numbers. They operate completely independent of the Lottery's computer system. The main computer records wagers in the games and can verify winning tickets only after the drawing is completed and winning numbers are fed into it. Equipment checks are made before and after each drawing. All are supervised by both a Lottery drawing manager and an independent auditor, and videotaped as a matter of public record.

If you have a question not yet covered in these monthly columns, send it to "Winners Circle," Michigan Lottery, P.O. Box 38077, Lansing, MI 48909.

# Presbyterian minister honored

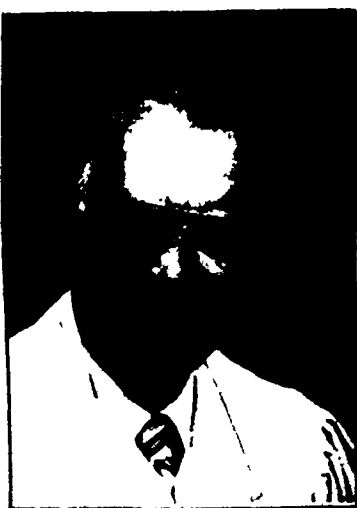

Making a tribute with almost 400 guests in attendance a surprise might seem an impossible feat, but that's what members of University Presbyterian Church in Rochester managed for the Rev. Lloyd G. Brasure, pastor emeritus of First Presbyterian Church of Northville and Parish Visitor on the staff of University Presbyterian Church.

When the minister was invited to a family dinner reunion June 4 at The Main Event in the Pontiac Silverdome, he thought the restaurant was chosen for its convenient location. Friends, family and parishioners, however, came to mark the 50th anniversary of his ordination into the ministry.

"Not until he walked into the restaurant did he have any idea what was happening," reported Brasure's wife, Doris With Sue Prince of University Presbyterian Church she had helped plan the dinner tribute for six months.

Rev. Brasure, who still lives in Northville with his wife, served as senior pastor of the Northville Presbyterian church for 19 years, retiring in 1980.

For the last three years he has been associated with the Rochester church, first as interim minister and since as Parish Visitor. Prior to that, he served temporarily at Drayton Plains Presbyterian Church, old Ward Church, Lakeshore

Rev. Lloyd G. Brasure

Presbyterian Church in Port Huron and Pontiac Presbyterian.

In addition to filling in as supply preacher while churches seek a new minister, the Rev. Brasure is officiating at an increasing number of weddings in Mill Race Historical Village.

He was ordained in May, 1938, at Lake Superior Presbyterian Church in Iron Mountain after attending Wheaton College in Illinois and McCormick Seminary in Chicago.

Except for two years' service as a

chaplain in the European Theatre during World War II, all of Rev. Brasure's service has been in Michigan. Prior to coming to Northville, he served in Lake City, Flint, Saginaw and Petokey.

In addition to his four children, their spouses, and other family members, it was his fellow ministers and present and past parishioners who came to honor him at the anniversary dinner.

Seven ministers with whom he had been associated spoke briefly during the program: The Rev. Wanner H. Brunelle, pastor emeritus of Allen Park Presbyterian Church, with whom he attended summer conferences; The Rev. Harold F. Fredsell H.R., former minister of the Northville Presbyterian Church and with the Presbytery of Detroit; The Rev. Richard J. Henderson, former assistant at the Northville church who now is minister of Faith Community Church in Novi; The Rev. Timothy C. Johnson, former assistant at the Northville church who now is minister of Park Presbyterian Church in Newark, N.Y.; The Rev. Lawrence A. Chamberlain, senior pastor of the Northville church; The Rev. Tedrow W. Dingler, First Presbyterian Church of Racine, Wisc., and The Rev. Charles J. Curley, senior pastor at University Presbyterian Church in Rochester.

"It was far from solemn — it was a

roast," declared Doris Brasure. Rev. Johnson, Brasure's first assistant in the Northville Church, acknowledged that he served in a turbulent period and recalled how he gave his superior many difficult times.

A surprise speaker was Brasure's brother, Charles, who brought with him from Crivitz, Wisc., the suitcase in which the minister had sent home his clothing to be laundered while he was in seminary. Former Northville residents, Don and Bev Williams, attended from Granbury, Texas.

Stephanie Riley, mistress of ceremonies, had arranged a slide presentation of highlights of the honoree's life.

The Brasures' four children and their spouses were all on hand; in fact, it was because Lt. Col. Neal Brasure and his wife, Madelyn, were here from Hickam Air Force Base in Honolulu that the "reunion" was planned to bring the minister to The Main Event.

Lt. Col. Brasure is being transferred to Wurtsmith Air Force Base in Oscoda in July.

Daughter Diane Edwardson and her husband, Jim, came from Elk Rapids while daughter Leslieanne Tuuri and her husband, Tom, attended from Flushing. Capt. Wayne Brasure and his wife, Capt. LeAnn Brasure, came from Albuquerque, N.M.

The Brasures are grandparents of

ANGELA R. KARASH

DAVID J. IFVERSEN

## Karash, Ifversen wed

Angela R. Karash and David J. Ifversen were married on May 28 at 2 p.m. in the home of David and Jacqueline Wallis in Bolingbrook, Ill.

The bride is the daughter of Mrs. Julia Karash of Kentwood.

The groom is the son of Mr. and Mrs. Per Ifversen of Northville.

Judge Morgan officiated at the double ring ceremony which took place in the home of Jacqueline and David Wallis of Bolingbrook, Ill.

The bride wore a tea-length gown of embroidered tulle taffeta and chiffon sleeves. The gown had a sweetheart neckline, dropped waist and was custom made by Julianna of Grand Rapids. She carried a bouquet of white carnations and pale pink roses. A wreath of the same flowers was worn in place of a veil.

The Matron of Honor was Jacqueline Wallis. She wore a floral print dress in pinks and blues, also tea-length, with a dropped waist with a collar and tie in white. Her flowers

were a bouquet of spring flowers in pinks and blues.

Bridesmaid was Kelley Trombly-Freytag of Warrenville, Ill. Her gown was identical to that worn by the maid of honor.

Best Man was Douglas P. Ifversen of Northville, brother of the groom.

Groomsman was Brian T. Nedrow of Livonia, brother-in-law of the groom.

The reception was held at the Wallis home and included 50 guests.

The bride is a graduate of Michigan Technological University and is employed as a research chemist by Pfaltz Labs., Inc. of Waukegan, Ill.

The groom is a 1977 graduate of Northville High School and a graduate of Michigan Technological University. He is employed as a beamline operator at Fermi National Accelerator Lab in Batavia, Ill.

The couple will live in Glen Ellyn, Ill.

## Marquis offers children's summer class

Due to the success of last year's program, the Marquis Theatre is once again presenting its Children's Workshop. The workshop is a day camp for children ages 6 through 12 specializing in theater arts.

Over 50 children attended last year's session, many of whom then

found they qualified for parts in both school and professional productions. Although that kind of success is not guaranteed, a good time definitely is. The children are taught skills in makeup, stage combat, improvisation, auditioning techniques, stage movement, interpretation and TV acting skills. All of the instructors are

professionals with experience in stage, movies, television and opera.

But the main theme of the camp is fun. Come by at 3pm on a Wednesday afternoon and see a troupe of student clowns in full makeup going home, or on a Monday when it is Halloween in June. A fully costumed and staged production tops off each session with

a full house of family and friends to cheer on the actors (no charge, of course).

There are still a few openings in the second session July 11-July 22. The cost is \$250 per session. Call the Marquis Theatre 349-8110 for further information.

## Summer classes offered at New Morning

"I'm bored, mom. There's nothing to do."

Parents can plan ahead to avoid these familiar refrains of summer by enrolling their children in exciting

classes at New Morning School in Plymouth Township.

Education specialists recommend students have time for self-exploration during the summer months.

Classes are offered in three major categories this summer and are offered in two and three week blocks: before the fourth of July, during July, and during August.

The classes include: Air and Space Day camps, Discovery Days and Academic Summer School.

through Friday for a complete class listing.

## It's strawberry time in the area

By ANNE E. WILLIS

You kneel in the cracked, dry earth under the hot, beating rays of a June sun. The dust is thick in the air, the sky a merciless blue. Your neck begins to ache from the bent position, your fingernails are dirty and stained.

In one quick movement you pop the red, round oval into your mouth. Juice slides down your chin and on to your t-shirt while a grin of total satisfaction spreads across your face.

Ah — it's strawberry pickin' time! If this is Michigan and it is June then it is peak season for the fruit. Little berries that pack more punch per quart than almost any other summer fruit. True aficionados disdain the purity of the plastic wrapped cartons in the local grocery store. For them — the only real berry is one which they picked themselves.

Unfortunately for them, like most things this summer, the serious lack of rainfall in the area has hurt the strawberry growers. One of the few pick-your-own fields in the Novi/Northville area on a recent weekday

afternoon proved to be Glenda's Market on Grand River between Meadowbrook and Haggerty in Novi.

According to Chris Cagle, owner with his mother, Glenda, of the produce market, their secret to keeping the over 4 acres of berries producing in the parched heat is a simple one. "Water," Cagle said.

The strawberry patch is indeed being watered almost every minute of the day. Cagle said they have been offering strawberries from that location for four years now.

Taking the time and the energy to pick your own strawberries holds several attractions to people in the area. For some it's a nice outing for the entire family with almost instant gratification. For others it is a way of insuring that their produce is the absolute best and freshest it can be.

Cagle noted that many pick-your-own patches do not allow children, as unattended they can cause havoc with the plants. Glenda's has no such restriction. Weekends have been filled with families trekking to do a little picking "right in their own backyard," Cagle said. He said people are often surprised to learn that a

first-rate strawberry patch is growing amidst homes and businesses in the heart of Novi.

Despite the unnaturally dry conditions, Cagle said this has been a good season for his patch. He is able to water "almost round the clock," because the land is serviced by a well. His strawberries are slightly smaller than in years past, but according to those in the fields on a hot Monday afternoon, the berries were extremely sweet and plentiful.

Now part of the fun of picking strawberries is often the fact that more goes into the face of the picker than into the carton provided by the farm. Cagle laughed when asked about "illegal" berry eating. "We don't weigh anyone when they come in and we don't weigh them when they leave." But he did say he often will see the telltale signs of berries around the lips and fingers of many of the children.

According to Stan Tekiell, who watches over the patch and directs pickers to the rows, families come out in numbers on weekends. "Some of the children have never been in a strawberry patch before and the

parents teach them how to pick," he said.

Arlene Parker of Farmington said the hot weather was fierce but the work was "definitely worth it. There is nothing like fresh strawberries. You pick them yourself and you know that they are fresh."

Alice Pollak has a summer cottage on Walled Lake and she was at the farm picking strawberries to freeze and put up as jam. "You know what you're getting when you pick your own, when you buy them in the store they put all the good ones on the top," she said. It took her about 1 1/2 hours to pick approximately 10 pounds of strawberries, she said.

For Sarah Henry of Farmington, her face flushed with the heat, this was her second outing of the season to pick strawberries. The first batch was made into jelly to be carried to Arizona in the winter.

"These I'm just going to eat," she said smiling.

Strawberry season will end in another week or so, Cagle said. Due to the closing of many local farms because of the drought, pickers should call ahead to make sure the spot is open.

## See the fireworks from Fort Wayne

A concert of patriotic music, picnic refreshments, and the annual International Freedom Festival fireworks will combine on Thursday, June 30, beginning at 5 p.m., for an evening of enjoyment at Historic Fort Wayne on the shore of the Detroit River.

Entertainment for "A Fort Night," the third annual International Freedom Festival AAJ/ Michigan Fireworks Concert will include the 10th Army Band of the Michigan Army National Guard, the Windsor Scarlet Brigade Band, the First Michigan Colonial Fife and Drum Corps and the Windsor Police Pipe Band. The evening's entertainment will conclude with a cannon salute.

Free tickets for the concert are available at all AAJ Michigan offices, Detroit Renaissance in the Renaissance Center, and at Historic Fort Wayne. For ticket information call 297-6389. Tickets are required for admission.

Historic Fort Wayne, Detroit's Civil War fort and Michigan's principal military museum, is at the foot of Livernois and W. Jefferson off of I-75.

**STORYTELLERS** — The eighth annual Michigan Storytellers Festival kicks off at Flint's Crossroads Village at 7 p.m. Friday, June 24, with an outdoor storytelling concert under the village's circus tent.

The festival opens with storytellers Ed Stivender, Temujin and Diane Forlette performing. They will wrap up the evening with ghost stories from 9:30 to 11 p.m.

## Nearby

Saturday's program includes a story swap for amateurs and short tales for children. The village's Hackberry Railroad will make its usual Saturday hourly departures.

Crossroads Village is just north of Flint. Tickets range from \$3.95 to \$6.95. For more information call Genesee County Parks and Recreation at 735-7100.

**THE COASTERS** — The Coasters vocal group will headline the "Twelve Oaks Rock Hop" from 9:30 to 11:30 p.m. Saturday, June 25 at 12 Oaks Mall.

Tickets are \$10 in advance at the Novi Chamber of Commerce, Novi Parks and Recreation, Neah's Ark, Bob Saks Auto, Athena Images, Command Performances and the Jonathan B Pub. Tickets are \$12.50 at the door.

**HORSE SHOWS** — The Bloomfield Open Hunt (BOH) hosts the Detroit Horse Show June 21-25.

Tickets are \$3 per day and \$5 per night with children under 5 free. Parking is \$2 per car days and \$3 per car evenings. The BOH is at 405 East Long Lake Road, just east of Woodward Avenue in Bloomfield Hills.

**"THE FLATS"** — This tragic-comedy by John Boyd, set in Belfast in 1989, is showing weekends through June 25 at the Performance Network in Ann Arbor.

Show times are 8 p.m. Thursdays through Saturdays and 6:30 p.m. Sundays. Tickets are \$8 (\$6 for students and seniors). For reservations and more information call 663-6881.

**WOMEN ARTISTS** — "Women Artists: A Selected Historical Review" is being shown at Madonna College through June 30.

The exhibit is open to the public and is free of charge. It is held in the Exhibit Gallery, Library Wing. Gallery hours are Monday through Friday from 9 a.m. to 5 p.m. and Saturday and Sunday 1-4 p.m. The college is at 1-06 and Levan in Livonia. For more information call 591-5102.

**NAWARA EXHIBIT** — Through July 2, the Nawara Gallery in Walled Lake will present an exhibition titled "Michael Mahoney: Paintings."

Mahoney is showing still lifes and figure paintings, primarily in oils on canvas. An MFA graduate of Wayne State University, he won a Creative Artist Grant from the Michigan Council for the Arts to help prepare the exhibit.

The gallery is at 1100 Welch Road in Walled Lake. For more information call 669-8843.

## Hilberry summer theater festival opens soon

The Hilberry Summer Theater Festival opens at 10:30 a.m. Thursday, July 7, with "The Arkansaw Bear," a play for young audiences by Aurand Harris. Performances continue at 10:30 a.m. July 8, July 11-15, and July 18-22.

Harris, recognized as one of the nation's leading playwrights for children, is also the author of "Andres and the Lion," "Cinderella — A Toby Show," and "Steel Away

Home," which have been seen at the Hilberry during past summer festivals.

"The Arkansaw Bear" tells the story of a young girl whose grandfather is near death. Star Bright, with the help of the "world's greatest dancing bear," helps her understand "the great circle of life." The play was first produced in Austin, Texas, in 1980.

Directed by Gordon Reinhardt of the Hilberry Repertory Company, the play features Ronald Allan-Lindholm, Anita Barone, Gregory Leach, Penelope Miller, Debra Rander and James Vezina. Scenic design is by Richard L. Anderson, costume design by Constance Campbell and lighting by Michael Angelo Terera.

The festival, which runs through July 23, also will include per-

formances of "A" — as in Gilbert & Sullivan — the story of the relationship between the collaborators, by Howard Burman and N.C. Sorokin.

For complete schedule and ticket information, call the Hilberry Theater box office at 877-3972. For group orders for "The Arkansaw Bear," call 877-3910.

# 1988 All-Area baseball squad named

Novi's Dave Skown displays the batting form which earned 'Player of the Year' recognition

Record/CHRIS BOYD

## Mike Yard named 1st team catcher

We have power hitters, we have base stealers, we have crafty pitchers, we have defensive greats — we have it all. What is it? The 1988 Sliger/Livingston East All-Area Baseball Squad. So without further delay, here they are:

### FIRST TEAM

**BERNIE FORNWALD**, Novi, pitcher: Without a doubt, this senior hurler was one of the biggest surprises in the KVC. Fornwald was the Novi pitching ace and didn't even play varsity ball last spring. He had a fine 7-2 record and an even more impressive 1.90 earned run average. Fornwald had 55 strike outs and only 30 walks in 59 innings of work during the season.

"Bernie came through for us every time," Novi Coach Gar Frantz said. "He pitched a lot of close games and we seemed to win most of them."

"Once he started to get on a roll, I took him to the limit and he responded. He battled the batters all the time and he showed poise — which isn't common for first-year varsity players. He had a nice slow curve and that made his fastball look like it was 100 miles per hour instead of 80."

Fornwald also had a fine campaign at the plate. He batted .314, had an on-base percentage of .417 and clubbed a team-high three home runs.

**MIKE YARD**, Northville, catcher: There were many fine catchers in the area, but Mike Yard was the best. As a first team All-WLAA selection, Yard led the Mustangs in just about every hitting category and was also as solid as ever behind the plate. He batted .364 with five homers, 24 RBIs, eight doubles and an on-base percentage of .478. His .974 fielding average was also impressive.

"Mike came on very strong from the midway part of the season," Northville Coach Bob Frellick said. "He ended up hitting as well as anybody on our team and he was our only player named to the All-Conference

squad. He has good power and he has a strong arm — he was consistently cutting down runners trying to steal."

"It may be unusual in high school ball but I let him call the pitches and he did an excellent job. He's an outstanding player and an outstanding person."

Yard will be playing college baseball and football next year at Alma College.

**DAVE SKOWN**, Novi, infield: Skown led the area in hitting with a .463 average. The 6-foot-5, 210-pound first baseman/pitcher was also a team leader in RBIs (24), hits (38) and on-base percentage (.527) as well as second in steals (19) at bats (82), doubles (9) and triples (2).

"When Dave hit line drives, you could almost hear it," Frantz said. "His attitude is great and he is very dedicated to the game."

"He's got great size and he's a good athlete — that's why he's been a varsity starter for three years. From the first moment I saw him, I fell in love with his swing. And defensively, he made our infielders better because you couldn't get a throw past him — he's a big target."

Skown was recruited by many area colleges to play baseball and just last week he chose Eastern Michigan. On the mound, Skown was Novi's number two pitcher with a 4-3 record and a 4.99 earned run average.

**STEVE ROSS**, Novi, infield: This diminutive infielder (second base, shortstop) was hampered by a foot injury early in the season but still managed to hit .414. Ross seemed to be a key figure in just about every Novi rally as his on-base percentage of .527 will attest. Ross also had 10 doubles, two triples and 14 RBIs.

"He's not a big kid but he sure had a lot of big days for us," Frantz said. "When Steve was playing well, it was a sure win for us. He's also an outstanding pitcher, but we didn't use him as much as I would have liked."

ed. Next season, he'll be our top pitcher."

Despite throwing just over 27 innings, Ross had a 3-1 record, one save, and a 3.29 ERA.

**SCOTT WLADISHKIN**, Novi, Outfielder: This speedy junior just may be one of the top prep prospects in Michigan next spring. Professional scouts from major league teams like the Philadelphia Phillies have seen him play already and he didn't disappoint. Wladishkin led Novi in plate appearances (86), hits (36), doubles (10), triples (3), stolen bases (31) and was second in homers (2), RBIs (22) and hitting average (.419).

"This kid's got power and he's super talented — that's obvious," Frantz admitted. "He didn't have the power numbers he had last year but almost everybody threw around him. I have a feeling he's due for a fantastic senior season next year."

In his career, Wladishkin had 57 stolen bases and he's been thrown out three times. He is also widely regarded as one of the finest fielding outfielders around.

"Nobody can cover the ground Scott can cover in the outfield," Frantz said. "Single-handedly, he robbed about a half dozen home runs in centerfield."

**SHAUN HAYWARD**, Milford, pitcher: One has to read between the lines when examining this senior righthander's pitching statistics, which include a 6-4 record.

Hayward did not draw any easy assignments as ace of the Redskins' staff. He lost twice to Kensington Valley Conference champion Howell, once to Novi and Bernie Fornwald and once to state power Southfield Lathrup.

Nonetheless, he recorded a 1.44 ERA in 68 innings, fanned 59, walked 23 and surrendered only 47 hits.

"Shaun had two bad outings... the Novi game and the second Howell game," Coach Mike Stevenson said. "Other than that, he did a great job

for us. He throws hard, his control was good for the most part and he's definitely a great competitor."

Offensively, Hayward finished with a .340 batting average, six doubles, one triple, five home runs, 28 RBIs, 19 walks and 31 runs.

"He carried us at times during the middle of the season," Stevenson added. "He was on base a lot and he hit with power."

**BRIAN LOCKITSKI**, Lakeland, infielder: This hard-hitting third baseman, who bats from the left side, led the Eagles with a .386 average, five home runs and 23 RBIs.

"Brian was our best hitter," Coach Jerry Ganzel said. "He was real steady up there. You could always count on him to make good contact." Lockitski is the latest in a long line of powerful No. 3 hitters at Lakeland. The others include Mark Chambers and Darryl Noren, who graduated in 1985 and 1986 respectively.

A senior, Lockitski added 27 runs, six doubles and one triple. He also handled 75 chances successfully at the hot corner.

"We're going to miss him," Ganzel added. "He's one of the better ballplayers we've had here."

**MIKE SKATZKA**, South Lyon, infielder: This junior shortstop was one of the few bright spots during South Lyon's 13-20 season.

He led the Lions in average (.319), runs (28), hits (29), stolen bases (15), triples (3), RBIs (30), total bases (39) and average with runners in scoring position (.324). He also drew 24 walks — one shy of the team leadership.

Skatzka, a quarterback in football, also recorded a 2-1 pitching record and .902 fielding percentage. He handled 101 of 112 chances successfully.

**SCOTT ARMSTRONG**, Milford, outfielder: This sophomore was one of the most versatile players in the area. He played all three outfield positions, first base and even pitched

"Scott's a super kid who did everything I asked of him," Redskins coach Mike Stevenson said. "He was our most steady outfielder... and he has a great arm. I had a lot of confidence in him no matter where he was playing."

Armstrong — who throws left and bats right — also hit .353 from his lead-off spot in the batting order. He collected four extra-base hits and scored 25 runs.

**AARON STRAND**, Milford, outfielder: A three-sport standout for the Redskins, this senior was red-hot at the beginning of the season and then

cooled down for a .327 batting average.

"Aaron was well over .400 for a good part of the season," Coach Mike Stevenson said. "He hit a slump at the end of the year, but to his credit, he always found a way to contribute. He did it with defense or hustle, or even with leadership."

"Another good thing about Aaron is he fought out of the slump during our big games at the end of the season. He's a kid you can count on."

Strand, a lefthanded batter who often hits to the opposite field, finished with 11 RBIs, 13 runs and 16 walks.

## Celebrity Classic raises \$34,000

Belanger Inc., the Northville-based carwash manufacturer, raised \$34,000 for the March of Dimes at the first annual Belanger/March of Dimes Celebrity Golf Classic at Meadowbrook Country Club in Northville on June 13. The monies raised will be used in the fight against birth defects.

The tournament welcomed 100 participants for 18 holes of golf with local sports celebrities. The athletes participating included Chuck Long and Jeff Chadwick, celebrity co-chairmen of the event, their Detroit Lion teammate Rob Rubick, Channel 7's Steve Garagiola, Red Wing and former Red Wing great Greg Stefan and Mickey Redmond and Vince Banonis, a Detroit Lion alumn.

"With the support of our local community and area businesses we were able to make this tournament a success for the March of Dimes," said L.E. (Bud) Belanger, chairman of the board for Belanger, Inc.

1988 celebrates the March of Dimes 50th birthday and the Belanger/March of Dimes Celebrity

Golf Classic's first. Plans are underway for another tournament next summer — for more information call 423-3200.

**YOUTH GOLF CLASSIC:** The Independent Insurance Agents of Wayne County will sponsor a qualifying tournament for local golfers 17 and under to open the annual Big "I" Insurance Youth Golf Classic (IYGC), the nation's largest youth golf event.

The Wayne County round will be played at the Brae-Burn Golf Club in Northville Township on June 27.

Mary Yurko, IYGC Chairman for the Wayne County Independent Insurance Agents, says more than 900 young golfers entered 18 qualifying tournaments in Michigan last year.

"Winners of the local tournaments will compete in the Michigan finals on July 17-18 in Cadillac," Yurko says. "And the top six Michigan winners will have the chance of a lifetime to play with a PGA pro at the national IYGC finals at Woodlands, Texas in August."

Teen golfers are paired with touring pros for the final IYGC round. Last year's participating pros included: Robert Wrenn, Pat McGowan and former PGA champion Hal Sutton. The IYGC teen winner is also eligible to play as an exempt amateur in the Independent Insurance Open (formerly the Houston Open).

Entry blanks, rules and regulations on entering the local qualifying round are available at the K&H Agency, Inc., 13113 Trenton Road, Southgate (313) 264-0942.

Last year's IYGC attracted more than 10,000 youngsters to 800 local and state tournaments organized by independent insurance agents as a community service effort by local businessmen and women.

**HOLE-IN-ONE:** Leona Bergman of Northville aced the Par 3, 14th hole at Mission Hills Golf Course on June 16. Bergman was playing in the Mission Hills Saints Morning League at the time and used a seven medal wood.

Celebrity Golf Classic dignitaries (from left to right) include L.E. (Bud) Belanger, Goodwill Ambassador Mickey Shaad, former Lion Vince Banonis and Jim Belanger

### SOCCER: Arsenal ties Livonia, 2-2

**GIRLS UNDER 18:** In a position game, Northville Arsenal battled Livonia No. 5 to a 2-2 tie. Green Osborne scored both Arsenal goals and the defensive stars were Lisa Toldstedt, Robyn Koskela and Adrienne Dunkerly. Amanda DeKoker scored a goal to pace Northville United to a 1-1 tie with Plymouth and give United a divisional co-championship. Kristin Bala was the defensive standout for United. Plymouth blanked the Northville Express, 1-0.

**BOYS UNDER 18:** Aaron Sluda scored a goal as Northville Arsenal managed to tie Plymouth No. 3, 1-1. Joel El and Jason Fisher were named the MVPs for Arsenal. The Northville Sting received two goals from both Anthony DeBenedict and Ted Downs en route to a 5-2 triumph over Plymouth No. 1. Jason Abbey was the defensive star in the game for the winners. Ty Fowler and Joel Pittsney notched goals for United in a 2-2 tie with South Lyon No. 1. Bill Rundell and Rob Willard were the MVPs for United. Farmington No. 5 topped Northville Arsenal 3-2. Mark Ritter and Aaron Sluda scored for Arsenal in a cross-town battle, the Northville Express and Northville United fought to a 3-3 deadlock. Danny Schwartz, Aaron Boyle and Matt Schenckle scored for the Express. Joel Pittsney, Rob Willard and Bo Fowler tallied goals for United. The Northville Sting shut out Kensington No. 1, 3-0. Jason Bristol was the offensive MVP with two goals and John Kovalek

was the defensive standout.

**GIRLS UNDER 12:** Northville Arsenal played a great defensive game and tied Lakes No. 1, the division's first place team. The stars for Arsenal included Faye Stevenson and Rebecca Gale. Kerri Kehoe and Jennifer Klausler scored for the Express but Livonia No. 2 edged the squad 3-2. Elizabeth Rivard and Lindsay Schlenberger were honored as the MVPs. Northville United best Plymouth No. 2 by forfeit.

**BOYS UNDER 14:** The Rowdies blanked Arsenal 3-0 thanks to a two goal performance by Brad Custer, and moved into first place. The Rowdies MVP was goaltender Brian Newrock. Farmington ripped Northville United 2-1. Matt Olsack scored the one goal and Rob Nelson was the defensive standout. Chris Barbara tallied three goals and Sean Gordon and Jeff Ozanich each scored one to lead the Northville Express to a 5-2 triumph over Livonia No. 3. Troy Helmick and Mike Gesser were the MVPs.

**GIRLS UNDER 14:** The Northville Express received goals from Mari Kissinger, Kelly Berger and Leslie Allen, but lost to Livonia No. 1, 5-3. Wendy Carroll's hat trick helped propel United to a 6-3 victory over Farmington No. 1. Kim Kapfenst added two goals and Sue Gill started on defense. Jenny Hesse scored the

game's only goal as Arsenal topped South Lyon 1-0. Suzi Morton and Jenny Rush had a strong game for Arsenal. Goals by Bethany MacLean (2) and Karen Seydak were the difference as the Rowdies turned back Lakes No. 1, 3-1. Karen Schwartz was the defensive MVP.

**BOYS UNDER 16:** Northville Arsenal defeated the Huron Valley Rangers 3-1 behind the scoring of Dave Smith (2) and Darin Hesse. With the victory, Arsenal tied for the division championship.

**BOYS UNDER 16:** With a 1-1 tie against the Novi Wildcats on June 10, Northville Arsenal grabbed sole possession of the under 16 division title.

**UNITED STATES SOCCER FEDERATION:** The Northville Sidkicks soccer team, an under 20 boys team belonging to the United States Soccer Federation, will compete in the Hershey's Chocolate Kicks Soccer Tournament held in June 24-25.

The Sidkicks will be going up against the Greenfield (Va.) Dragons, Hampden (Pa.) United and the Randolph Blues in the preliminary round of play. Those qualifying for the finals on June 26 will be vying for the Hesse's Cup Trophy at the Hersheypark Stadium. The tournament is hosted by the Central Pennsylvania Youth Soccer League and proceeds will be made to United Cerebral Palsy.

### BASEBALL: Mets edge Expos, 9-8

**Q LEAGUE:** The Mets defeated the Expos 9-8 in extra innings. Ryan Moats batted in the tying run and Ed Hugener knocked in the winning run. Joe Forte, Steven George and Ryan Kelley all pitched well for the winners. Tom Lyke started for the Expos. The Mets defeated the Reds 8-6 with Ryan Smalwood and Nick Baughman collecting two hits apiece. David Horning hurled three shutout innings for the Mets. The Mets needed extra innings again to turn back the Angels 8-4. Ross Fleming was the winning pitcher and the hitting standouts included Joe Allen, Tim Polanelli and Mark Ritter. The Mets defeated the Giants 16-2 behind the fine pitching of Ryan Kelley and Ross Fleming. Fleming and Nick Baughman led the hitting attack with four hits apiece while Greg Mosheim had three hits and four RBIs. The Astros survived a late rally by the Pirates to win 15-10 on June 11. The winning pitcher was Tom Seward. Neil Yankle (3-for-3, 2 homers, 7 RBIs), Steve Christensen (2-for-3, 2 doubles) and Ron Mar-

shall (2-for-2, 2 runs scored) led the Astros hitting attack. Mike Mathews and Eric Hibbler each homered for the Pirates in a losing cause.

**M LEAGUE:** The Braves scored all 14 of their runs in the third, fourth and fifth innings en route to a 14-6 win over the Twins. Eric Lamieau went 3-for-3 to pace the Twins. The Mets blanked the Twins 12-0 on June 4. Tim Burke and Joey Willey were the only Twins to manage hits. The Twins rallied for five runs in the fifth inning and beat the Expos 12-7 on June 6. Joey Willey had three hits and teammates Bill Spagonelli and Mike McNally added two hits for the winners. On June 7 the Pirates crushed the Reds 11-2. Pirate pitchers Dave McCulloch and Mark Bender struck out a total of 15 batters in the game. Sender, Jared Stewart and Rexi Majumdar led the team offensively. The Indians jumped in front 5-2 after one inning and went on to beat the Padres 8-3. Pat Gordon had a big day

at the plate, knocking in two runs with a double and scoring two runs for the Indians. Bryn Miller was the winning pitcher for the Padres. The Blue Jays ripped the Astros 4-3 on June 8. Marcus Hoeman led the Astros with a pair of runs batted in. The Reds fell behind early but came back in the latter innings to register a 7-3 triumph over the Angels. Brett Inman (3-for-3) and Jay Maack (2-for-3, 3 RBIs) were the hitting standouts for the Reds. Eric Moore's home run in the first inning gave the Angels the early advantage. The Pirates tagged the Astros with a 12-4 defeat on June 10. Dave Anderson paced the Astros at the plate and Jim Inland struck out nine batters in a losing cause. The Reds clobbered the Braves 13-0 behind the strong pitching of Jay Maack, Kevin Collins and Jake Wegand. Brett Inman was the hitting star with a home run, two triples and three RBIs. Tom Willard also had three hits and two runs batted in for the winners.

# Smalec reflects back on a successful soccer campaign

By NEIL GEOGHEGAN

When you outscore your opponents 108-12, you know your doing something right.

Amazingly, that's exactly what the Northville soccer program did during the 1988 season. The bottom line was another outstanding campaign — 17 wins, 3 losses, two ties — but looking back, it probably was the best season, for a Stan Smalec-coached team, since the Mustangs grabbed the state title in 1984.

"I said it from the beginning: I had a special feeling about this team," Smalec said. "We had a nice group of steady seniors on the front line and that showed me we could score goals. We also had a solid group of juniors on defense and a great group of youngsters that fit in perfectly, along with Kristi Turner's outstanding play in goal, it just all fit together and we clicked as a team."

The 1988 Mustangs were probably the most offensively explosive team in Northville history — even more so than the great '84 team. Senior forwards Jodi Smalec and Jennifer Schuerman combined to score 56 goals and 39 assists during the season — which made them one of the most potent 1-2 scoring threats in the state.

Smalec was nothing short of brilliant during the season with 30 goals and 25 assists — tops in the WLAA. The goal tally was just three off the school record for a season (held by Lisa Cahill in '84) but her assist mark set a new season record.

Ironically, Smalec didn't make the All-State first team — as voted by the Michigan Soccer Coaches Association — but she did receive second team honors.

"Hey, second team all-state is a great honor and Jodi was thrilled," her father and coach said. "We know that if she was in any other conference, she would have been on the first team because the WLAA had five players on the first team and Jodi was number six."

The only other Mustang to receive all-state recognition was junior defensive star Heather Sixt (honorable mention), who like Smalec was an All-Conference selection as well.

**"We were a total team — no individuals. That's my type of soccer — aggressive, move the ball up field, tight marking defense and a total team effort every game."**

— Stan Smalec  
Mustang Soccer Coach

tion as well.

"Heather did an outstanding job all season running our defense," Smalec said. "She had a lot of youngsters back there with her and she had to set it and make it work. All you have to do is look at our goals against average — we gave up 12 goals in 22 games. That's about a half a goal a game."

Schuerman led the team last season with 15 goals but her productivity jumped to 26 goals and 14 assists this year, despite a slow start. She was named to the WLAA All-Western Division team, along with freshman halfback sensation Marcie Dart. Junior Abbey Edwards, freshman Karen Cavanaugh and sophomore Kristi Turner were WLAA honorable mention selections. Edwards was second on the team with 16 assists, Cavanaugh was a defensive whiz and Turner set a new single-season record with 13 shut outs.

"We were a total team — no individuals," Smalec said. "That's my type of soccer — aggressive, move the ball up field, tight marking defense and a total team effort every game."

Until losing to Plymouth Canton — the eventual state champion — 1-0 in the Class A semifinals, Northville was on a roll and had won eight straight. Prior to that loss, the Mustangs had outscored five tournament opponents 39-2.

"We were on a roll at the end," Smalec said. "I felt heading into the Canton game that we should have beaten them. We had an off first half and at that level, you can't make those kind of mistakes and get away with it."

Two of Northville's three losses this season came against Canton and Livonia Churchill, two teams from the WLAA that advanced all the way to the state finals. Incredibly, Canton's victory ensured yet another season of domination by the WLAA in girls soccer in this state. Since the playoff tournament was started in 1983, WLAA teams have won all six Class A titles and this year, three of the final four teams were from the conference.

"When we lose, we lose to the biggies," Smalec laughed. "On any given day, we're capable of playing with anybody in the state and we really proved it this year. I'd say this season was just as exciting as '84 — except the outcome wasn't as nice."

The Mustangs will lose Smalec, Schuerman, Jenni Stevens and Heidi Wagner to graduation — and all four are forwards — but the midfield and defensive regulars will be back in tact. That's why Smalec is already excited about next season.

"I think the experience is a plus for all the kids coming back," Smalec pointed out. "Next year, we'll have 16 kids who have been to the semifinals and so if we're lucky enough to get back there, we should be able to handle the pressure better."

**TEAM BANQUET AWARDS:** The Mustangs' banquet was held on June 10, and as expected, senior striker Jodi Smalec was named by her teammates as the 'Most Valuable Performer.' The rest of the major awards went to: Debbie Stevens for 'Most Improved,' and to Jennifer Dragon and Michelle McQuaid for the 'Scholastic Award.' Both Dragon and McQuaid had perfect 4.0 grade point averages.

## Cosmos reach state soccer finals

The Northville Cosmos Premier Soccer team has advanced to the final round of the State Cup Soccer Tournament and will finish first or second in the state.

The team is sponsored by the Northville Soccer Association and is comprised of 16-year old boys from Northville, Novi, South Lyon,

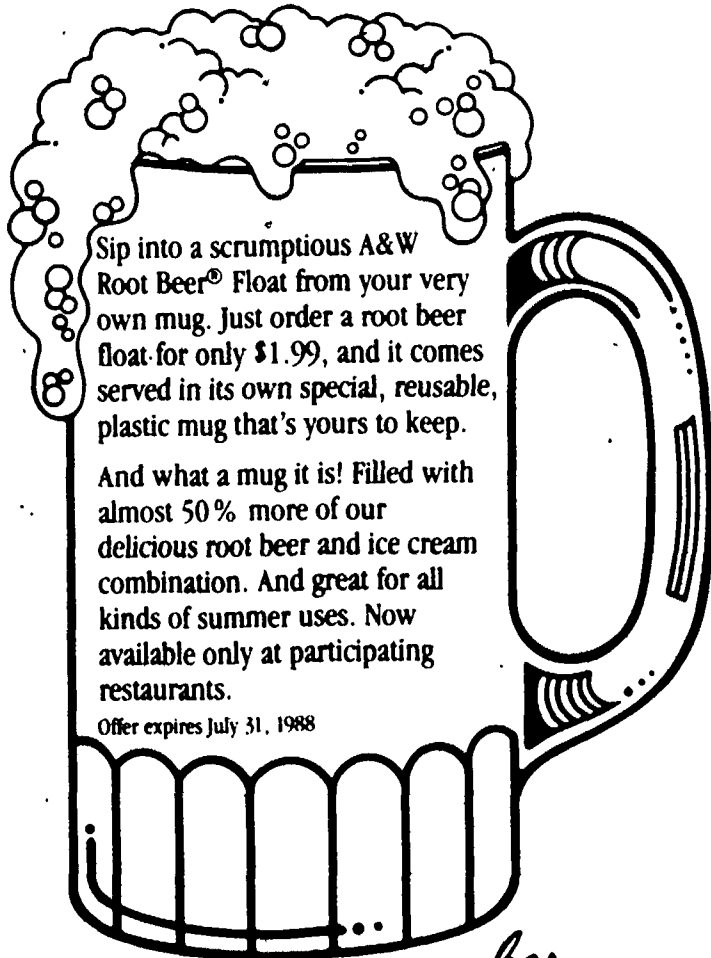

Livonia, Farmington and Plymouth. The Cosmos are undefeated in the Little Caesars Premier Soccer League and State Cup competition so far this season.

In the semi-finals game of the State Cup competition played on May 20 at Schoolcraft College, Northville defeated previously unbeaten Kalamazoo 3-1. The State Cup com-

petition is sponsored by the Michigan State Youth Soccer Association and is a one-game elimination tournament.

The championship game will be held in Kalamazoo in June. With the tournament winner advancing to the Midwest Regionals to be held later this summer.

# Novi's Dave Skown selected the 1988 Player of the Year

By NEIL GEOGHEGAN

When Novi baseball coach Gar Frantz first saw a youngster named Dave Skown playing ball, he immediately fell in love with his smooth, powerful swing.

Now, several years later, Frantz has even more affection for Skown's hitting ability. The 6-foot-5, 210-pounder has been a fixture at first base for the 'Cats for three seasons, and his senior season this past spring was the best ever.

As a matter of fact, the campaign was so outstanding, Skown has been named the 1988 Sliger/Livingston Player of the Year.

"When Dave hits a line drive, you can almost hear it," Frantz said. "He could really kill you at the plate."

For the '88 season, Skown led the area in batting with a .463 average (38-for-82). He also was the Novi team leader in RBIs (24) and on-base percentage (.527). Skown batted fourth in the Wildcat line-up and was always in the thick of the Novi offense.

"I was happy with the season, but my goal was to hit .500," Skown said. "That's what (former Novi great) Jeff Tanderys hit his senior season and I always admired his hitting."

Skown was a complete high school player because he was a solid fielder as well as hitter. And for a player his size, he also exhibited good speed (19 steals — second best on the team).

"He's got great size and he's a good athlete," Frantz said. "He made all our infielders better because you couldn't get a throw past him — he's a big target."

Skown's batting average was by far his best as a high schooler, but his power numbers were down a little —

as were those of most of his teammates. The big senior managed just one homer and two triples in 93 total plate appearances.

"I think all season we had one game that the wind wasn't blowing toward home plate," Skown explained. "The opportunities for homers just weren't there very often so I concentrated on hitting line drives. I didn't worry about it — I hit the ball pretty hard most of the time."

For Skown, the greatest moment of his prep career happened in 1987 when the 'Cats grabbed their first-ever Kensington Valley Conference title. In '88, Novi was a very competitive team but failed to attain its goal of repeating when Howell ran roughshod over the KVC to take away the crown.

"The greatest was when we won the KVC — I'll never forget that," Skown acknowledged. "But I thought we had an excellent season this year. A lot of people were saying that we were rebuilding, but we played well. I thought we could have won 20 games because we did have the talent — we just didn't get some of the breaks."

Skown drew some attention from the college recruiters as a junior when Tanderys was the star of the team. As a senior, Skown was rated as one of the premier first basemen in the state and eventually accepted an offer to play collegiately at Eastern Michigan University after turning down Oakland University. EMU head coach Roger Coryell made a last ditch effort to sign him June 15 when he was on the verge of signing with Oakland. Coryell stayed at the Skown home until 1 a.m. before leaving with his signature.

"The next day, Dave came to

school with an Eastern hat on his head and he was smiling from ear to ear," Frantz recalled.

Skown admitted that Eastern was where he wanted to go all along. The Huron's starting first baseman was drafted by a major league club this spring and it may open a spot for Skown — if not soon, in the near future.

"Eastern's a dream come true for me," he said. "Ever since my sophomore season, playing major college baseball has been my goal."

Skown turned down a scholarship offer from Oakland and accepted a reduced offer from Eastern. Basically, Coryell made a commitment to Skown, offered him a job in the athletic department and said that scholarship money will be made available later, depending on how he progresses and contributes to the program.

"EMU has only eight scholarships to give and 35 players in the program," Skown said. "If I work hard and play some, I'm sure I'll get the scholarship money."

"It's a top-notch program and I couldn't be happier. Mr. Frantz did everything he could for me and I am very grateful. I'm going to try to work as hard as I can to impress (Coryell), and I hope he'll give me a chance somewhere down the line. They will put me on a weight lifting program so I'll get stronger. That's been one of my weaknesses — I'm not all that strong for my size."

He has confidence in himself and he also has the confidence of his high school coach.

"Dave is going to get better — his attitude will make him better," Frantz said. "If he's not an All-MAC player by the time he's through, I'll be surprised."

## Holzer pitchers still struggling

Tom Holzer Ford — Northville's entry in the Livonia Collegiate Baseball League (LCBL) — has been winning at a .500 clip in the first few weeks of the 1988 season, but that just isn't good enough for coach Bob Peterson. With hopes of challenging Little Caesars again for the league title, Peterson is seeing his team lose a lot of ground to the frontrunners despite a 7-6 overall record.

"We haven't got the consistent pitching we thought we'd get," Peterson said. "Everything from hitting to defense seems to be in place — everything except the hitting."

Holzer's best outing last week was a come-from-behind 6-3 win over Ann Arbor Wendy's on June 15 in a game played at Livonia Bentley. Starter Brett Loomis surrendered two runs to Wendy's in the first inning but Holzer came back to tie it with two in the second on a homer by Bob Tatro.

Wendy's scored once in third to go back in front but Holzer rallied for four in the fifth to put the game away. With two outs, Rick Tavor-

mina and Scott Peterson had back-to-back singles, Tavormina scored on a wild pitch and then Kevin Ritter socked a two-run homer to provide the final margin.

**WALTERS APPLIANCE 21, TOM HOLZER 3:** In one of the worst games in recent memory, Holzer fell apart on June 17 and was crushed unmercifully.

Walters scored 19 runs in the fifth and sixth innings when the Holzer pitching staff collapsed, giving up 12 walks and 14 hits. The only bright spot was Keith Dutkiewicz, who went 2-for-2 at the plate for Holzer.

"It was 3-2 heading into the fifth and then BOOM!" Peterson recalled. "It had to be the most embarrassing night we've had since we joined the league four seasons ago. It was a total fiasco."

**TOM HOLZER 4-14, LITTLE CAESARS 7-2:** The locals continued losing in the first game of a doubleheader with Little Caesars on June 19, but did come back to salvage a split in what amounted to

a must-win game.

In the opener, Holzer starter Charlie Weaver suffered the loss while Caesars' Tony Yondura grabbed the victory. Andy Fairman had a solo homer while Bob Tatro and George Hampton each added two hits to lead Holzer.

In the nightcap, Holzer scored five runs in the first and five more in the second to take a commanding 10-0 lead. Caesars came back with two in the third but Holzer broke loose for four in the third and after the end of the fifth inning, the locals were awarded a mercy-rule win.

Kevin Ritter (3-for-3, 3 RBIs) and Rick Tavormina (2-for-2, 3 RBIs) were the big offensive producers for Holzer. Keith Dutkiewicz, Steve Rudelic and Bob Tatro all added two hits apiece. Chris Willerer was the winning pitcher, striking out four.

"We finally got an early lead and Chris (Willerer) took the cue and did a good job," Peterson said. "We almost had to win the second game so it was nice to see us come through."

## Summer sports camps are offered

Youngsters from six to 18 years old can improve their athletic skills this summer by participating in a variety of special "sports camps" being offered by Schoolcraft College in Livonia.

The college, which is located on Haggerty Road between Six and Seven Mile in Livonia, has scheduled summer camps for boys and girls in soccer, volleyball and basketball.

Here's a rundown on what's available.

**SOCCER SCHOOLS:** Schoolcraft is

offering two summer soccer schools this year for boys and girls from 6-18 years old.

Session I is scheduled from Monday, July 25, to Friday, July 30. Session II is scheduled from Monday, Aug. 1, to Friday, Aug. 6. Sessions run from 9 a.m. to 1 p.m. with the last hour open for swimming. There will be no more than 10 players per coach, and each participant will receive a written evaluation upon completion of school.

The cost is \$80 per session or \$140 for both sessions. Additional family

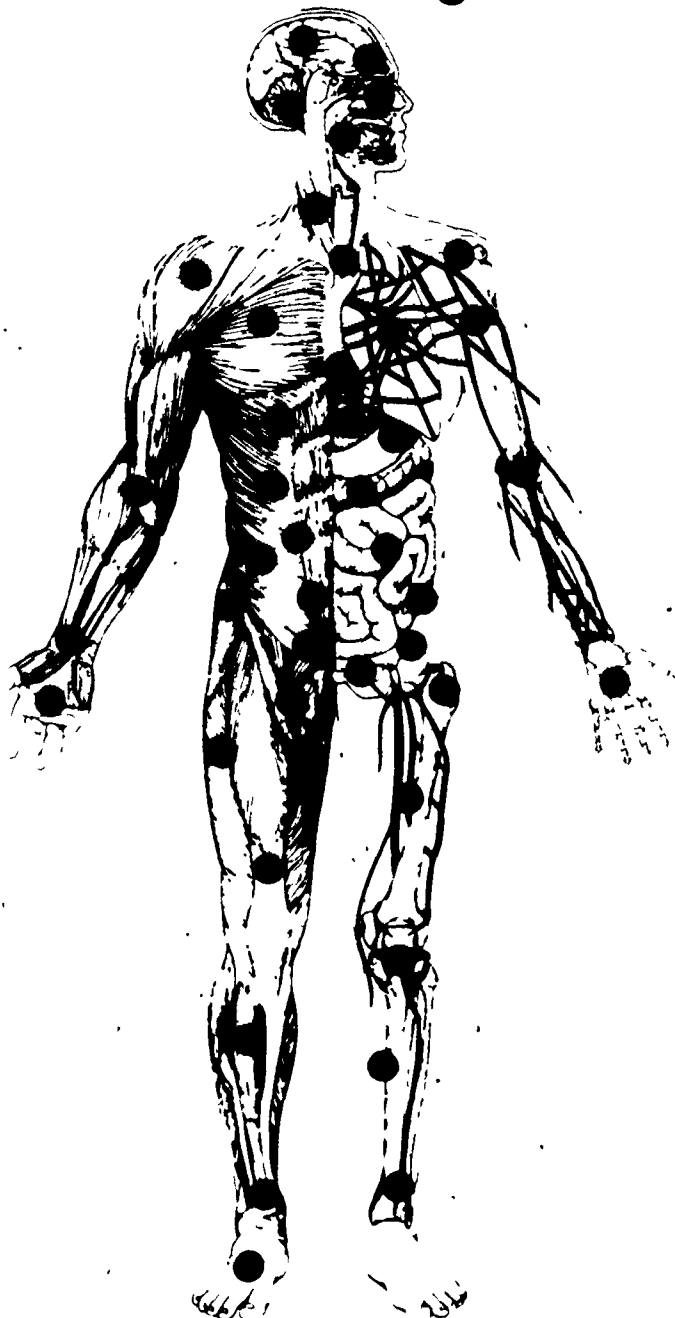

members receive a 20 percent discount. Group registrations of five or more receive \$10 off per registrant.

For more information call Schoolcraft College at 591-6400, ext. 480.

**VOLLEYBALL CAMP:** Schoolcraft is offering a session of its popular summer volleyball camp this year. All sessions run Monday to Thursday from 8:30 a.m. to 11:30 a.m.

## Health seminars help thousands

By NEIL GEOGHEGAN

Northville's Dr. Arthur Weaver estimates that he's helped over 100,000 people quit smoking.

As a matter of fact, for years Weaver has helped hundreds of thousands live better lives — whether it's through weight loss, stress reduction or even better nutrition. Weaver is a Professor of Surgery at Wayne State University, but he established and now directs a non-profit corporation called the Better Living Seminars.

It's main objective is to present to the community educational programs in the areas of health, exercise and nutrition. The seminars have been going on now for about 15 years, and they are as popular as ever.

"There is a lot of interest now — particularly in the health related areas," Weaver said. "There's no question that we can make a significant impact on these people's lives and one of the reasons we've been so successful is that the people come to us and they have already acknowledged that they have a problem. They wouldn't be coming to us for help in the first place if that wasn't the case."

Weaver started a smoking clinic back in 1966 and almost immediately had success. Soon thereafter he started to become recognized as a specialist in the area.

"I got a lot of self satisfaction helping people quit smoking and along the way I got pretty good at it," Weaver pointed out. "I probably know as much about it as anybody in the country or the world."

"But I quickly discovered if you took cigarettes out of a person's life but you left all the other unhealthy habits in, they'd eventually go back to smoking. That's why I developed a follow-up program, incorporated it into a non-profit organization and called it the Better Living Seminars."

Most seminars are run on a donation basis, with the exception of a few that are run through Adult Education classes in school districts.

Weaver organizes seminars year-round but he also found out that some people needed to escape their normal environment if they wanted to kick a particularly stubborn habit. That's when he started sponsoring a

Northville's Dr. Arthur Weaver, founder and director of the Better Living Seminars

Lifestyle-Modification Health Camp once a year.

"We rent a youth camp in Grayling once a year and provide live-in seminars for weight loss, smoking, creative cooking without meat and stress management," Weaver explained. "Some people can't do it if you leave them in their regular environment, so we take them away

from it and it works well."

Participants at the live-in seminars can enjoy 900 wooded acres overlooking Lake Shellenbarger as well as activities like canoeing, horseback riding, exercise classes, bird watching, ceramics, nature trails and counseling. The cost is \$325 per person, \$540 per couple.

"The whole program is really

something we all do for fun," Weaver said. "This camp with private lake and wooded land is my favorite spot in the U.S."

To be placed on a mailing list and to learn more about all the seminars that are offered, mail a request to: Better Living Seminars, P.O. Box 574, Plymouth, MI. 48170. For additional information, call 459-0884.

## Cancer patients invited to support group

The Michigan Cancer Foundation is extending an open invitation to all breast cancer patients and their families to attend a support group meeting tonight (June 23) at 7 p.m. at MCF headquarters in Detroit.

Special guest speaker, Dr. Ernestine de los Santos will address the quality of life after diagnosis — speaking from personal experience. For more information, call Sharon Cure at 833-0710.

## Fitness Tips

## Packed lunch suggestions given by nutritionist

By KATHY SADD, R.N.

Brown bagging it again? Although most of us realize the advantages of packed lunches — they help you stick to your nutritional goals; they allow you to exercise at noon and then "graze" on your lunch later on — many of us are too rushed in the morning to make a lunch. The following are some simple suggestions to add variety to your packed lunch:

• Make your lunch the night before (most of us can spare the five minutes at night more easily than in the morning).

• Make several sandwiches at a time and store them in the freezer. A frozen sandwich in the morning will be a fresh, cool sandwich at noon. (It's best not to freeze sandwiches made with mayonnaise or fresh vegetables, as they may become soggy.)

• Pack dinner leftovers in a plastic container to be reheated or eaten cold.

• Add variety to your favorite sandwich by switching the bread that you use. Try bagels, rye bread, whole wheat rolls, English muffins or pita bread.

• Another alternative is to pack filling separately and spread on crackers.

• If you are trying to avoid excess fat and calories, hold the mayonnaise, butter and fatty meats. Instead, try mustard, diet salad dressing, low fat cheese, lean meats, lettuce, tomato or sprouts.

• For dessert try fresh fruit, yogurt, raisins, dates, oatmeal cookies, fig bars or a bran muffin.

A comparison of two lunches can reveal a lot. Lunch number one, including a turkey sandwich (with mustard, lettuce and tomato), one

apple and two oatmeal cookies has 460 calories. Lunch number two — from a fast food outlet — consisting of a hamburger, french fries and a soft drink has 900 calories.

The Northville Record is working with medical authorities at the University of Michigan Medical Center (M-Care) in Northville to provide up-to-date information on a variety of health-related topics. ## RECREATION BRIEFS

**SOCCER REGISTRATION:** Registrations for fall soccer are still being accepted at the Northville Community Recreation Building. The last day to register without a late fee is June 24.

Players trying out for various travel or school teams should register now, in the event that there is insufficient registration to conduct a league in particular age/skill group.

**BASKETBALL CAMP:** The annual Northville Mustang Basketball Camp is scheduled for June 27-July 1 at the high school.

The camp is directed by Omar Harrison and Darrel Schumacher. The one week camps offers basketball players the opportunity to work on their skills while having fun.

Registration is \$20 for grades 3-6; \$26 for grades 7-12. For more information, call 349-0203.

**SOFTBALL TOURNAMENT/MARATHON:** The Sixth Annual Easter Seal Softball Tournament/Marathon will be held Aug. 6-7 at the Canton Softball Center. Team registrations are now being accepted.

Men's and women's teams are invited to play in the sanctioned, double-elimination tournaments. Paid berths to national tournaments, trophies and prizes will be awarded.

Teams not interested in playing the tournament have the option of playing in the marathon: two hours of softball against a team of the same classification. Team registration is \$165 but only \$75 is needed for deposit. For more information, call Phyllis Hodges at 722-3055.

**OPEN SWIMMING:** Open swimming at Northville High School will continue through the summer. Open swimming hours are: Monday-Thursday (6:30-7:30 p.m. family swim/ 7:30-9 p.m. adult swim lap) and Saturday (noon-1 p.m.). Fee is \$1 per person at the door.

**OPEN GYM HOURS:** The Northville Community Center open gymnasium hours are as follows:

Monday — 2:30-5 p.m.; adults only from 6-8 p.m.  
Tuesday — 2:30-5 p.m.  
Wednesday — 2:30-5 p.m.  
Thursday — 2:30-5 p.m.; adults only from 8:30-10 p.m.  
Friday — 2:30-5 p.m.

Fee is \$1 per person. To check out equipment, you must submit a driver's license, school I.D. or library card.

**SWIMMING INSTRUCTORS:** Walled Lake Community Education is looking for swimming instructors for its spring program. All applicants must be WSI Certified. Rate of pay starts at \$7 per hour. Call 624-0202 for an application.

**WRESTLING CLUB:** The Michigan Wrestling Club invites all high school and former college wrestlers in the area to train at Schoolcraft College each Monday, Wednesday and Friday from 8:30-10 p.m. in the Olympic styles.

For more information, call John Wood at 397-1776.

## Three Mustangs named to second team

Continued from 1

**TODD EBERSOLE, Northville, pitcher:** This senior southpaw quietly went out and had himself a solid season for the Mustangs. He led Northville in wins (3), strikeouts (39) and earned run average (3.10) — and allowed just 16 earned runs in more than 36 innings of work.

All the more impressive if you consider that Ebersole was slowed early in the season with a broken finger.

"Todd was our best pitcher," Northville Coach Bob Frelick said. "He struggled as a junior and then he had the broken finger this season, but he never gave up and he battled back and ended up having a very strong season."

"He's got good speed and he mixes his pitches well."

**DEREK OSBORNE, Northville, infield:** Osborne's batting average dropped almost 100 points compared to last season, but he was still a force for Northville. His .308 average would be great for some, but for Osborne it was more a matter of bad luck.

"He had a solid year, he just didn't get the breaks," Frelick said. "He still hit the ball about the same as he did last year, they just weren't falling in as much. But as far as I'm concerned, if you can hit over .300 in our league, you're a good hitter."

Osborne had on-base average of .431, a fielding average of .971, 16 RBIs, one homer and 16 runs scored. At first base, Osborne committed just four errors but had nearly 150 fielding chances.

**RANDY JONES, Northville, outfield:** Jones was a third of the trio Frelick called "the best fielding outfield in the Western Lakes." Jones was a team leader in on-base percentage (.529), triples (2), doubles (8), walks (39) and runs scored (20). He batted .309 and had 17 RBIs.

"He had some power potential and he's an outstanding fielder with speed," Frelick said. "I suspect he's got a strong senior season ahead of him."

"He's very selective at the plate — very patient — and he's getting much better at handling the off-speed pitches, so he was on base a lot for us."

**MATT BYRD, South Lyon, pitcher:** This hard-throwing righthander won only three of seven decisions, but poor defense and lack of support contributed to those numbers.

A junior, Byrd struck out 61 and recorded a 2.89 ERA in 49½ innings of work. His other pitching statistics include 25 walks and 57 hits.

Offensively, he hit .259 with four doubles, two triples, two home runs and 16 RBIs. He also drew a team-high 25 walks and reached base 46 percent of the time.

**JEFF IRISH, Milford, catcher:** Many feel this 5'10" junior will be a Division I college player one day. And why not? He already has earned all-league honors twice and played on a world championship Mickey Mantle team.

Irish hit .395 with four home runs and 33 RBIs this past season. Some of those numbers were down from his 1987 totals (.507 average, eight homers), but respect from opponents was definitely up — evidenced by 24 walks.

"Jeff is by far our best player," Redskins coach Mike Stevenson said. "His value to us is unmeasurable. The threat he poses both offensively and defensively is something that doesn't show up in the scorebook. The other teams know what I'm talking about."

Irish's other statistics include four doubles, two triples and 22 runs. He also finished the season without a passed ball.

**STEVE BLATT, Milford, infielder:** This senior third baseman got off to a slow start, but eventually turned his game around en route to a .312 batting average and four home runs.

"Blatt was disappointed with himself most of the year," Redskins coach Mike Stevenson said. "He really wanted to have a great year and ended up putting a lot of pressure on himself."

"The thing about it is he did have a good year when you compare him to other people. He hit the ball pretty well and he was solid at third base. His understanding of the game is his main strength. He'll do anything to win. He has good instinct."

Blatt's statistics include four doubles, one triple, 13 RBIs, 14 walks and 24 runs.

**FRED CHARLES, Lakeland, infielder:** This senior made some great strides offensively en route to a .385 batting average and nine extra-base hits.

"Fred will be greatly missed," Eagles coach Jerry Ganzel said. "He was our top pitcher, he was solid at first base and he really came around with the bat."

"To be honest, I didn't expect him to do much offensively. But he kept hitting so I had to keep him

in the lineup."

Charles collected four doubles, two triples, three home runs and 21 RBIs. He also handled 93 of 96 defensive chances successfully.

As a pitcher, the crafty left-hander was 4-5 with a 3.77 ERA. He struck out 44 and walked 21 in 52 innings of work.

**FRED LONDO, South Lyon, infielder:** This senior did a little of everything for the Lions. He was the top relief pitcher around when his control was good, he played a variety of infield positions and also saw some time in the outfield.

A better indication of his talent, however, came earlier this month when he signed a letter of intent to play baseball at Eastern Michigan University. The Hurons like his pitching skills and 88-mph fastball.

For South Lyon, Londo hit .298 with three doubles, one triple and 14 RBIs. He also displayed versatility with nine sacrifice hits.

As a pitcher (1-2, two saves), he fanned 46 batters in 24½ innings.

**STEVE ANDRUS, Lakeland, outfielder:** A pleasant surprise for the Eagles, this junior left fielder hit .338 with two home runs and 17 RBIs.

"Last year, on the junior varsity team, Steve was pretty much an average player," Coach Jerry Ganzel said. "He came into his own this year, though, mainly because he's such a competitor. He was right up there with our top four hitters."

Andrus, who batted either fifth or sixth in the lineup, finished with eight extra-base hits — including five doubles and one triple.

"Steve will have a big role on next year's team," Ganzel added.

**CARL FORD, South Lyon, outfielder:** This senior clean-up hitter, steady throughout the season, finished with a .280 average and team-high five doubles.

His other statistics include 15 runs, one homer, 19 RBIs and only six strikeouts in 100 plate appearances.

Ford also hurried for the Lions and his three victories tied Matt Byrd for the team lead. He fanned 37 batters, walked 12 and had a 3.20 ERA in 35 innings of work.

## Local college presents summer sports camps

Continued from 4

The session, which run from July 11-14, is open to boys and girls ages 14 through adult, with a special beginners group for 10-13 year olds.

An advanced session is scheduled for July 25-28 and is open to boys and girls who are varsity athletes or who have obtained permission from the program's director.

Swimming will be available at the end of each session. Participants must bring gym clothes, knee pads, swimsuit, towel and lock. Cost is \$65 per session or \$120 for players taking two sessions.

# Spree '38 introduces city's first beach

Summertime and the beach is a safe formula for fun which is why Livonia Spree '38 made special arrangements this year to schedule the Michelob Light City Beach.

The beach will be laid on Ford Field, east of the ice arena, for volleyball competition, aerobics, tug o'war, rock'n roll, and other beach summer fun activities June 24-26.

Some three million pounds of sand will be hauled into Ford Field especially for the sun worshipers attending the Livonia Spree.

THE CITY BEACH will be open

from 5 p.m. Friday to 10 p.m. Sunday at the intersection of Lyndon and Stark.

The Michelob Light City Beach — about the size of a football field — will be built Wednesday and Thursday, June 22-23, and removed by Monday, June 27.

The event, presented by Michelob Light and Central Distributors of Beer, Inc., features a wide variety of free activities for a fun-filled weekend and helps kick off the Spree birthday celebration.

Proceeds from the sale of volleyball entry fees and from Michelob merchandise will benefit a local charity.

CONTINUOUS VOLLEYBALL tournaments will be held using two formats.

The first will feature 64 two-person teams (men, women and co-ed divisions) and the second will feature 16 six-person teams. The games will be played on four to six regulation-size volleyball courts in the sand on Livonia's newest and only beach.

Other activities will include a baseball speed-throw contest (judged with radar guns), a basketball free-throw tourney, a body building exhibition, treasure hunt, sand-castle building contests, and other events.

A tug of war is one of the beach games that will be played on Livonia's newest beach, created by hauling in 3 million pounds of sand for volleyball, aerobics and other summer fun activities.

# Grit & grease added to Spree

A Beach Party and Pig Race are two attractions added to Spree '88 to give Livonia's 1988 anniversary celebration a sandy and greasy look.

And two events introduced last year, the Corporate Cup Challenge and the Bed Race, will be making a return appearance this year.

Added to these "newcomers" will be the return of such Spree favorites as the Chili Cookoff, Family Pizza Night, dance, fireworks, carnival rides, circus, and magic show.

All this and more will take place June 21-26 at Ford Field at Lyndon

## New look for birthday party

and Stark, west of Farmington Road and north of Schoolcraft.

A HUGE SAND beach will be laid out by Anheiser-Busch for volleyball, aerobics, and other beach events. Introduced in St. Louis, Mo., the "portable" sand beach is being introduced to Michigan at Livonia Spree.

The Pig Race also is a first-time event for Livonia, although some dis-

gruntled bettors at DRC may at times disagree with that claim. The race will open on Friday, June 24, and return Saturday and Sunday.

Animal acts, polar bears, lions and tigers can be found under the Big Top at the Circus with 4 p.m. and 7 p.m. performances each day. Corky the Clwon will offer a magic show as part of the circus each day at 5 p.m. and 8 p.m. The circus and magic show are on

Diamond 3 of Ford Field.

Wednesday's feature is the Family Pizza Party from 5-8 p.m. in the Eddie Edgar Arena on Lyndon. Besides the pizza, pop and chips for \$1 per person, the party will feature clowns, Crazy Richard the juggler, and a puppet show.

Thursday will feature a polka band performing at the tent from 6-9 p.m., a band at the Showmobile from 8 to 11:30 p.m., square dancing at Eddie Edgar Arena from 8-10 p.m., and the Kiddie-Thon at 7 p.m. at the Livonia YMCA on Stark just north of Schoolcraft.

ON FRIDAY night, the The Boys band will play from 8 to 11:30 p.m. at the Showmobile, polka music from 6-9 p.m. at the tent. The schedule also includes Crazy Richard's juggling act from 8-10 p.m. on the midway, the Big Wheel Race at 7 p.m. in the arena, the Corporate Cup at 6:30 p.m. in the arena, and volleyball and other activities from 6-9 p.m. at the beach area.

Saturday's day-long schedule will open with aerobics on the beach at 9 a.m., volleyball and other activities all day on the beach, the circus, magic show and pig race, with the Bed Race beginning at 5 p.m. at the arena.

The Caruso Brothers will entertain at the Showmobile from 9 p.m.-midnight, polka music will be at the tent from 5-8 p.m., and Crazy Richard will roam the midway from 8-10 p.m. The Livonia Police Officers Association Dance will be Saturday in the arena. A major attraction on Saturday will be the second annual Corporate Cup Challenge competition held at Livonia Bentley beginning in the morning.

## A pig's reward

### Oreo cookies motivate Spree's swift swine

Help cheer on "swinedom's swiftest."

When Robinson's Racing Pigs blaze down a 150-foot oval track at Livonia Spree, cheerleaders will be "rooting" them on. The cheerleader with the winning pig gets an "I picked the winner at the pig races" ribbon, compliments of the show's owners, Paul and Carlota Robinson of Tampa, Fla.

For up to six performances each day, the porkers, all decked out in their racing silks, will engage in hilarious snout-to-snout competition on a special course at Ford Field.

WHAT SPURS the porcine speedsters on is the ultimate reward — an Oreo cookie. For a racing pig with a sweet tooth, there could be no finer reward.

From June 21 to 26, two races will be held per showing. That's because, with the porkers pounding the turf at about 15 miles per hour, each race is over in about seven seconds. If you blink you miss it, so they rerun the race for the blinkers.

Showtimes are 5:30 p.m., 7:30 p.m., 8 p.m., 9 p.m. and 9:30 p.m. on Tuesday, Wednesday and Thursday. On Friday and Saturday, they'll be a sixth show, at 3:30 p.m. Sunday showtimes are 1 p.m. and 3:30 p.m. Admission is free.

Robinson's Racing Pigs are one of the most successful pig breeding-racing businesses in the country. Much to the delight of pig lovers everywhere, they made their debut at the 1985 Florida State Fair in Tampa.

"After that first day we knew we had a winner," said Carlota Robinson. "People were interviewing us from sunup to sundown."

WHEN THE show season ended, the Robinsons and John Capobianco, manager for Creative Outlet of Florida Inc., decided to turn the race into a traveling attraction.

Organizing their 64 porkers into six traveling shows, the Robinsons and their pigs have performed at county and state fairs in 32 states and Canada. The pigs now perform 80 to 100

Pigs in hot pursuit of an Oreo cookie will be one of the highlights of this year's Livonia Spree. At least five times a day, except Sunday, the porky squealers will take to the oval racing track, their racing silks a flyin'.

shows per year.

A staff of 16 is evenly divided between the pigs' breeding and racing operations.

Two years ago Carlota Robinson and one of her prize pigs even appeared on "The Tonight Show" to help settle a debate as to which was smarter — pigs or horses. The Robinsons believe that pigs have gotten a bum rap as to their intelligence and living habits.

"People say they're stupid but they

are not," said Carlota Robinson. "People say they are dirty but they are not."

"Pigs are actually far superior to dogs and cats and rank only behind people, chimpanzees and dolphins in terms of intelligence. You have to show them a lot of love, whatever it takes to get them to trust you."

"During the show, we point out that pigs have gotten a bad reputation that is not deserved one bit."

The pigs travel in their own horse trailer. They even have their own starting gate, fencing and racing silks.

## An easy way to avoid the congestion

One of the easy ways to visit the Spree site is to take advantage of the shuttle bus service offered at the Civic Center.

Ford Motor Co., General Motors and Chrysler Corporation provide passenger vans to transport visitors from the Livonia Civic Center at the southeast corner of Farmington Road and 5 Mile to the Spree site at Lyndon and Stark, west of Farmington Road and north of Schoolcraft.

The shuttle buses are manned by volunteer drivers continuously throughout Spree from 4 p.m. to midnight on weekdays and 1 p.m. to 1 a.m. Saturday and Sunday.

More than 100,000 residents and visitors last year used the free shuttle service. The vans can easily accommodate strollers for the young or walkers for the elderly or handicapped.

Parking at the center is free.

# Spree '38 has much fun just for youth

The little ones are not forgotten when Livonia holds its birthday party.

A number of special activities are planned for youngsters 7 and younger by the Livonia Family YMCA, Livonia Parks and Recreation, and Wayne County Parks and Recreation, for Livonia Spree.

For kids of all ages, one of the biggest draws is the carnival rides by Wade Shows. The carnival will open at 4 p.m. Tuesday and Wednesday, at 2 p.m. Thursday and Friday, and at noon Saturday and Sunday.

All carnival rides require two to four tickets at 50 cents each. Family Fun Pack Sheets are sold at 20 tickets for \$9 or 30 tickets for \$12.

THE YOUTH activities include specials on separate days with the Family Pizza Jamboree being the light of the week.

A Kiddie-Thon Race for ages 7-8 will

Enjoying a ride on the Tilt-a-Whirl at a past Spree are the Fiorenzi family of Livonia — Mark (left), Ryan, Kristi and Darlene.

be held 7 p.m. Thursday, June 23, at the south side of the Livonia YMCA building on Stark north of Schoolcraft. Sponsored by the Livonia YMCA, the Kiddie-Thon is a quarter-mile run with prizes and refreshments offered. Children may register at the site.

A popular activity is the Diaper Derby, for all crawlers, beginning 3 p.m. Sunday, June 26, in front of the YMCA. Sponsored by Wayne Parks and Recreation, the Diaper Derby will pit boys against boys and girls against girls on a 45-foot race track. Winners will be crowned Derby King and Queen and receive prizes. Registration can be done before the start of the derby.

Little Tot Activities for ages 2, 3, 4 will begin 3 p.m. Sunday, June 26, by the Livonia Parks and Recreation staff. The little tots will be testing their skills at penny and peanut digs, guessing games, foot races and a surprise bag toss. The contests will last about an hour with every contestant being a winner and getting a prize.

A Big Wheel Race will be run for 7-8-year-olds beginning 7 p.m. Tuesday, June 23, on the south side of the Livonia YMCA building. Sponsored by the YMCA, the event also includes prizes and refreshments.

There will be free special carnival rides for handicapped children 2-4 p.m. Friday, June 24, at the Spree grounds on Ford Field.

THE FAMILY Pizza Jamboree is 5:30-8 p.m. Wednesday, June 22, in the Eddie Edgar Ice Arena on Lyndon just west of Farmington Road.

The charge of \$1 per person allows the whole family to enjoy entertainment, pizza, pop and chips.

The entertainment includes roving clowns such as Normie the Clown, juggler Crazy Richard, a Magic Show at 6 p.m. with Corky the Clown, a Puppet Show at 6:30 p.m. and at 7:15 p.m. by Rick's Puppet Theater Variety Fantasy Show.

Ricket's Puppet Theater has characters such as the Blues Boys, Polly Parrot, Bruno, Sally Squirrel, E. Bunny, Steve & Eddie, and Santa.

Another special activity for children is the Livonia Police Department's Children's Identification Program op-

erated at Kiddieland. Fingerprinting is done free for children who are accompanied by a parent or guardian.

For students in grades four to 12, an essay contest is sponsored. Students may use 500 words or less to tell why they would like to be part of the circus for a day. The winners will be given a costume and be able to participate in the Saturday or Sunday circus, will be awarded a free ride pass for Spree, and receive a \$50 U.S. Savings Bond. A grand prize winner will receive a new bike.

There will be a winner selected for grades four-six, grades seven-eight, and nine-12. The judges are Bev Griffin of the Livonia Spree Board, Livonia Councilman Dale Jurcisin, and Sue Rosiek, assistant managing editor of the Observer & Eccentric Newspapers.

J.J. Godin of Redford enjoys some cotton candy at a recent Spree.

# What's better than a circus?

By Nechama Baket  
special writer

**Q:** What is more captivating, more thrilling, more visually stimulating and has more attractions than a circus?

**A.** A parade and a circus.

Starting at 4 p.m. Tuesday, June 21, the Livonia Spree Circus will regale circus lovers once again with high wire acts, wild animal shows and other exciting performances featuring among them the hilarious antics of two clowns named Normy and Corky.

Two days later, at 3:30 p.m., the clown band and other stars of the circus will vie for the public's attention while parading from Lyndon and Brookfield to the Spree festival site at Ford Field, Lyndon and Farmington roads.

**RATHER THAN** sit on the sidelines and watch, children are encouraged to decorate their bicycles, tricycles, wagons and even strollers and join the parade.

Youngsters who wish to join should be at the staging area at 3 p.m. to register for the drawing for a brand-new scooter.

Spree on Parade, which is only in its second year, was a great success last year serving as a kickoff for the circus and the magic show that follows the circus each evening, according to Karen Burskey, Spree Committee board member.

Burskey said last year's circus was packed to capacity and there will be few changes this year. And "we're expecting a bigger crowd" for the parade, she said, "a lot of people have been calling."

**AFTER THE** magic show Thursday evening, Spree-goers may attend a spaghetti dinner, sponsored by the Livonia Disabled Veterans Chapter 114, 4-9 p.m. at Eddie Edgar Arena.

The cost of the dinner is \$3.25 for adults and \$1.50 for children younger than 12.

Performances of the circus, sponsored by the Spree Committee and Wade Shows, are scheduled for 4 and 6 p.m. Tuesday, June 21, through Thursday, June 23, at 2, 4, 6 p.m. Friday and Saturday, and at 1:30, 4 and 6 p.m. Sunday, June 26. Admission is free.

Continued from Page 3

Sunday's full slate opens with church services followed by the Pancake Breakfast, attended by civic leaders, from 9 a.m. to 11:30 a.m. in the Eddie Edgar Arena.

The church services will be conducted by St. Aidan Catholic Church at 8:30 a.m. and by The Lord's House at 10 a.m. Seating will be provided for about 250 worshippers.

THE CHILLI COOK-OFF, sponsored by the Livonia Jaycees, will be from 2 to 6:30 p.m. in the arena. The Magic Show (1 and 3 p.m.), circus (2 and 4 p.m.), pig race, and volleyball/beach activities will return. For the younger set the Diaper Derby will be 3 p.m. and the Little Tot Activities 3 p.m. at the Livonia YMCA.

Sunday night, the Dittles will perform from 5-10 p.m. at the Showroom.

bile, polka music from 4-7 p.m. at the tent, and then the ever-popular Fireworks at 10 p.m. at Veterans Park which is immediately north of the YMCA. The fireworks display is put on by the same company which does the fireworks for the Detroit Freedom Festival. The Spree board will invest some \$18,000 in this year's fireworks which will last about 20 minutes.

Each day of Spree, the popular carnival rides by Wade Shows also will be at the festival site. Throughout the festival grounds each day, a variety of ethnic and American foods will be made available by Livonia civic organizations.

The festivities are organized by the Livonia Anniversary Committee and sponsored by Central Distributors of Beer, Budweiser, Little Caesar's Pizza, Pepsi, Stroh's Ice Cream, Eagle Brand Snacks, Michigan Eye Center and Ladbroke DRC/Michigan Mile.

# Tough choices

## Food options mind-boggling

To eat or not to eat will be a moot question for hundreds of visitors to the Livonia Spree this year. The real question will be what to eat and that promises to be a tough decision.

With more than 11 vendors scheduled to hawk their wares from Tuesday, June 21, through Sunday, June 26, the choices will be mind boggling.

TO GIVE you some idea of what's in store come Tuesday, aside from the usual popcorn, hot dogs and drinks, here's a bird's-eye view of some of the eats you will be able to sample:

- Livonia firefighters will light a fire under some good, hot pizza.

- The Livonia Symphony Orchestra and the Livonia Stevenson High Band Boosters are teaming up to offer a selection of nuts.

- The Italian American Club of Livonia will pamper you with wine along with its sizzling, Italian sausage sandwiches.

- Livonia High-Nooners will serve traditional hot, buttery corn on the cob.

- Boy Scout Troop 897 will tempt your palate with mouth-watering, barbecued beef and stacked ham.

- VFW Post 3941 will be looking for a crowd for its kielbasa, sloppy joes, and kapusta plate.

- The Nativity of the Virgin Mary Greek Orthodox Church will be grill-

ing up plenty of its popular shish kebab.

AND TO satisfy the sweetest sweet tooth, there will be desserts such as:

- Livonia Masonic Lodge 586's sinfully delectable chocolate covered strawberries.

- Stroh's ice cream and, for soft ice cream fans, the Livonia Lionesses' soft ice cream.

- Bavarian cream fudge with strawberries and cream dished out by the American Legion Post 32.

- TCBY yogurt brought to you by the Wayne County Sheriff's Local 502.

On Sunday morning, though, you may be yearning for some good, old-fashioned pancakes. The Spree Committee is arranging that, along with sausage, juice, coffee and milk at its fourth annual Spree Pancake Breakfast in the Eddie Edgar Arena from 9 a.m. to 11:30 a.m.

The Spree Committee has invited city officials to the breakfast, so this will be a good time for residents to get acquainted with those elected to run their city. Admission to the breakfast is \$2.50 for advance tickets and \$3 at the door.

Groups manning food stands at the festival also will be in attendance. The group that sells the most tickets for the breakfast and the group with the most members in attendance will split the proceeds of the breakfast.

Charlene Swambee of Westland gets a taste of chili from Dennis Petomere of Detroit at a recent Livonia Spree.

# Chefs prep for Chili Cook-off

The heat will be on inside Eddie Edgar Arena Sunday, June 26, regardless of what weather forecasters predict.

Some serious cooking will be going on there, when more than 30 chili chefs, serenaded by the Keith Taylor musical group, rev up to capture first prize in the Livonia Jaycees Chili Cook-off.

The competition benefits the Sheldon Park Senior Center on Farmington Road in Livonia.

First place will entitle the winner to a cash prize of \$350 and a chance to participate in the International Chili Society's State of Michigan Competition scheduled in September.

Registration for Sunday's competition, which begins at 11 a.m., is \$25 for International Chili Society members and \$40 for non-members. Tasters are welcome at 2 p.m. to the tune of \$1.

The senior center provides seniors 55 and older with a wide variety of activities such as crafts, dancing, card games and small appliance repair.

Seniors 60 and older are invited to join a nutrition program at the center where hot lunches are served.

The Senior Center, housed in a former fire house, is in need of repair, and the Jaycees aim to upgrade the facilities for more activities, according to Colleen Broderick, Jaycee chairwoman.

# Strange happenings at Spree bed race

By Nechama Bakst  
special writer

Something strange is going to happen at the Great Spree Bed Race Saturday, June 25, but the Spree Committee isn't talking.

Karen Burskey and Gary Garrison, board members in charge of the race, are advising people to be at Eddie Edgar Arena at 5 p.m., however, if they want to find out what's going on.

TWO YEARS ago, the Livonia Spree's first bed race was enormously successful, according to Burskey.

Seven beds were decorated by groups such as Ladies of Liberty, Roadrunners of Windsor, and the Bed Bugs — all of whom won in one category or another.

But, alas, last year, not a single bed showed up.

The Spree Speedster, a bed created by the Livonia Spree Committee, waited forlornly for some brave bed-knight to challenge its speed but it was a miserable story of no show and no go.

This year, Burskey vows, thing are going to be different. First, the Spree committee is having the beds built, which removes a lot of pressure from the bed racers.

AND SECONDLY, Burskey said, they'll be adding a little "Surprise excitement" to the race. So, she's hoping

things will go back to the way they were two years ago.

"It's a wonderful event, based on what Windsor does," Burskey said. Windsor has more than 100 people participating in the bed races they organize at their annual International Freedom Festival, and Burskey said these races draw large crowds to the festival.

Teams of five, made up of four runners and one person riding in the bed, will be running against the clock from the starting line on the north side of Eddie Edgar Arena to Stark Road — and back — a distance of about one-quarter mile.

The winning team, who will have the over-all best time, must then compete against the Spree Speedster, which won by default last year. There also will be awards for best costume.

Gary Garrison, an equipment mechanic for the city of Livonia and the Spree board member who is building the Spree Speedster, said he saw a picture of the bed only once but thinks the finished model will be "real fine."

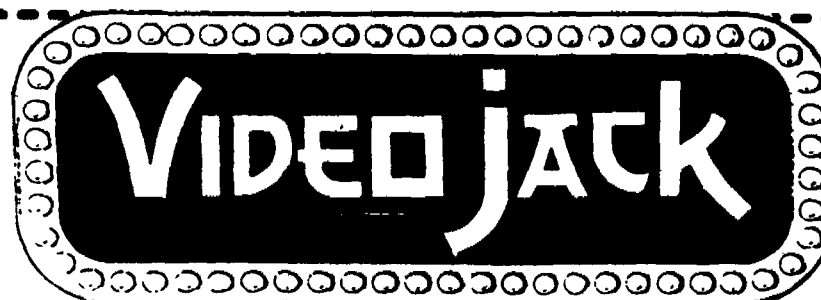

Iron Works Apprentice School Local 26 is building three beds for the race.

Teams will compete in a male division, a female division and a co-ed division, at a cost of \$5 per team. Proceeds will go to a local charity.

All teams must register one hour before the event on the north side of the arena.

# Rock, oldies and polkas reign

By Kevin Brown  
staff writer

Dust off those pointed shoes and peace medallions — live '50s and '60s music will reign at Livonia Spree '88.

But current music and a polka band also

**The musical fare of Spree 38 will include plenty of music from the '50s and '60s, some classic rock, and everybody's favorite polkas.**

are scheduled for the four days of the annual festival, Thursday-Sunday, June 23-26.

Polkas n More will open live entertainment each evening — from 6-9 p.m. Thursday and Friday, from 5-8 p.m. Saturday and from 4-7 p.m. Sunday — at the beer tent.

THE OUTPUT Band will perform at the Showmobile from 8:30-11 p.m. Thursday. This group's material ranges from

'50s and '60s pop and soul to current top 40, country, rock and easy listening.

The band performs songs by artists including the Beatles, the Monkees, Elvis Presley, the Platters, Rufus Thomas, the Temptations, Bruce Springsteen and John Cougar Mellencamp.

The Boys will perform from 8:30-11 p.m. Friday at the Showmobile. The group's song selection features "Louie Louie," "My Girl," "I'm A Believer," "Who'll Stop the Rain," "Walk of Life," "Please, Please Me" and other past and current rock classics.

Featured from 8:30-11 p.m. Saturday at the Showmobile will be the band, Caruso. The Trenton-based band has performed on the college concert circuit, and has opened in concert for Corey Hart, UB40, Rick Springfield, John Cafferty and Joan Jett.

Billboard magazine recommended their single, "London," also featured last fall on WLLZ. That single was released on the group's extended-play record "In The Face," called "the most successful selling record by any unsigned Detroit band," by Harmony House distribution director Sandy Bean.

FEATURED FROM 8 p.m. to midnight Saturday will be the '50s and '60s group, The Fantastics, at the fourth annual Rock-N-Roll Dance in Eddie Edgar Arena.

Cost to attend the event is \$3. Admission is free for accompanied youngsters under 12.

Also at the event, sponsored by the Livonia Police Officers Association, a door prize of a weekend trip to Toronto

will be given away, courtesy of Mickey Redmond Travel.

Steve King & the Dittillies, who performed at last year's Spree, will perform from 6-10 p.m. Sunday at the Showmobile.

The five-piece band is known locally for

playing classic rock for more than a decade. Their style has been described as a return to the old Liverpool-Motown-Southern California sound.

The events take place at Ford Field in Livonia.

Dennis Weber uses a slit lamp to examine a patient's vision. The Michigan Eye Center, which he founded, will offer free vision screening and blood pressure tests during the Livonia Spree.

## Free vision screening blood pressure tests offered at the Spree

Free vision screening and blood pressure testing will be offered daily 3-6 p.m. at the Livonia Spree site.

Staff members of the Michigan Eye Center will be offering the services at the entrance of Ford Field.

The free vision screening includes testing for visual acuity, glaucoma, cataracts, external diseases of the eye and lids and internal eye disease related to hypertension and diabetes.

All participants will receive individualized counseling to discuss screening results.

The Michigan Eye Center was founded by Dr. Dennis Z. Weber to coordinate senior eye care needs with an eye center providing surgical and technological excellence. It specializes in myopia and cataract surgery.

The center, with offices at 8538 Canton Center Road in Canton and Suite 140, 31000 Telegraph, Birmingham, has courtesy van transportation and other community outreach programs.

Cataract surgery is a virtually painless operation, said Weber, which

takes only about 20 minutes on an outpatient basis and can restore vision in a healthy eye. In most cases, he added, patients can resume normal activities within 24 hours.

## Making It happen

Livonia Spree is made possible each year because of the large corps of volunteers who invest hours in planning throughout the year. Leading this large corps of residents are the officers, president Don Vyhnalek, vice president Rich Skaggs, secretary Dave Kimpel and treasurer Bill Fried. Spree officers and board members shown above are: (front row) Harry Tatigian (left), Norm Bowman, Pat Bowman, Rich Skaggs, Bev Griffin, Dan Piercec-

# 16 teams vie for corporate cup

Employees from 16 area businesses will combine fun and fitness when they compete in the second Corporate Challenge Cup to be held at Livonia Spree.

Sponsored by the Livonia Spree Committee, Livonia Family YMCA and the Livonia Chamber of Commerce, the Corporate Challenge Cup will hold opening ceremonies 6-8 p.m. Friday, June 24, in Eddie Edgar Arena, Lyndon, just west of Farmington Road. The judging of company banners, uniforms and cheerleading

will take place along with the tug-of-war.

Track and field competition along with swimming events will be held from 9 a.m. to 3 p.m. Saturday, June 25, at Livonia Bentley-High, Five Mile and Hubbard roads.

Trophies will be awarded to the top-place finishers in the two divisions.

The purpose of the Challenge Cup is to recognize the growing commitment to good health and fitness and to emphasize fun, community pride and spirit.

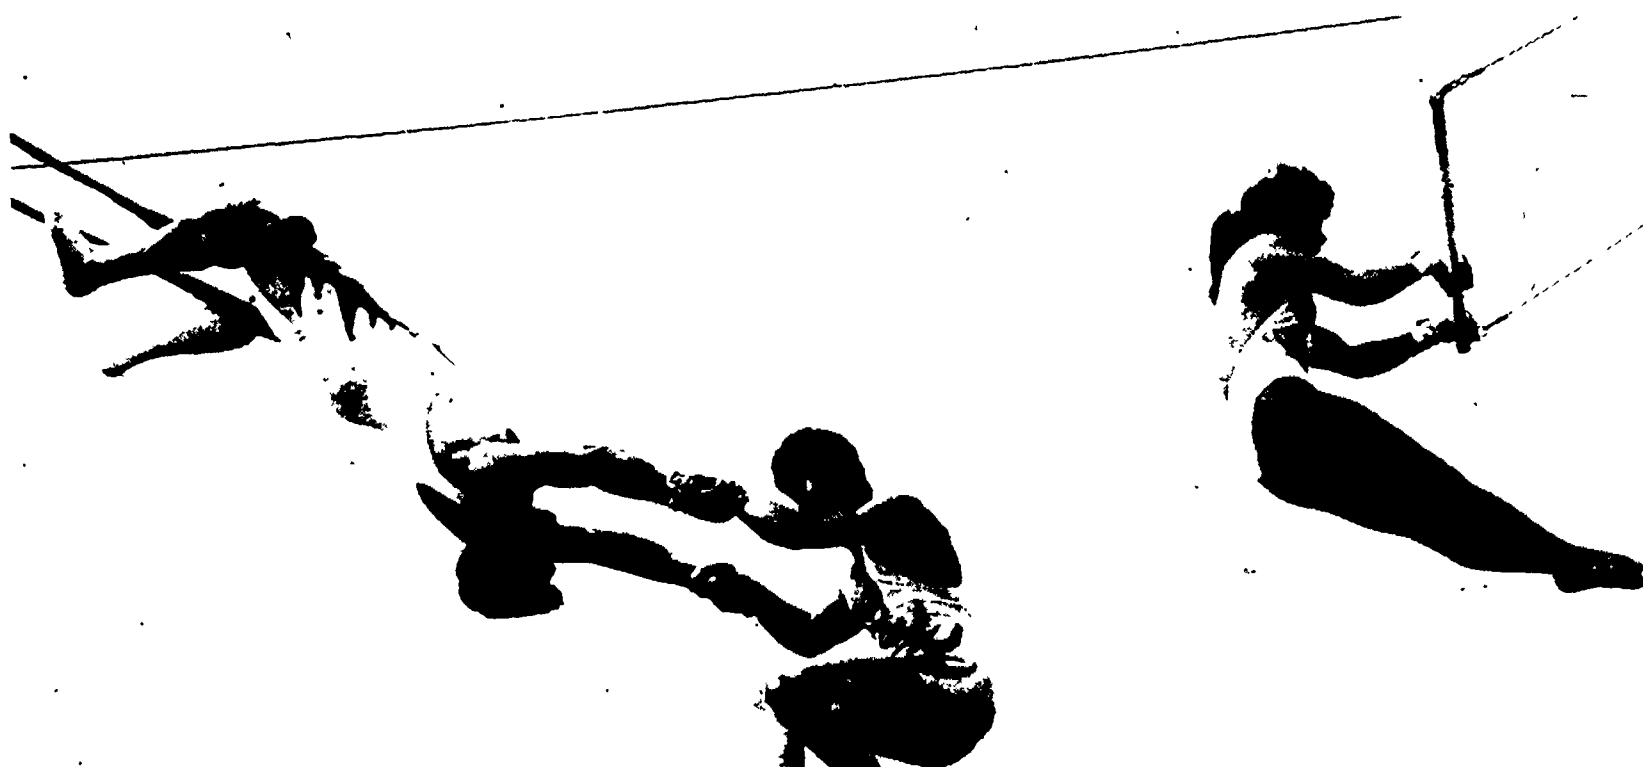

Among the events that will test participants' physical fitness will be a one-mile walk, three-mile run, an obstacle course and swimming events including an inner tube floating contest.

The major sponsor of this year's challenge cup is the Livonia Spree Committee. Cup sponsors (donations of \$1,000 each) are Detroit Edison Wayne-Monroe Division and the Catherine MacAuley Health Center. Event sponsors (donations of \$500 each) are General Motors-Inland, Livonia Mall and Metrovision. GM,

which donated \$1,000, is sponsoring two events.

Nearly 500 people are expected to participate on teams from the Observer & Eccentric Newspapers, General Motors-Inland, Detroit Edison, city of Livonia, Superfit, Manufacturers Bank, Michigan Bell, Livonia Family YMCA, Action Oldsmobile-Nissan, Bill Brown Ford, Corporate Service Inc., Enterprise Leasing and Rent-a-Car, Livonia Public Schools, Metrovision, Unisys and the Olin Corp.

Admission is free.

The Flying Caballeros from Mexico were one of the featured acts under the Big Top of the circus for Spree '87. Before the circus begins, a parade is held each year with all the participants headed toward the circus site. A popular feature of the parade are chil-

dren who decorate their bicycles, get dressed up and join in the fun. Among the parade participants last year was April McGhie, then 5, who is shown here with her decorated bicycle just before the parade began.

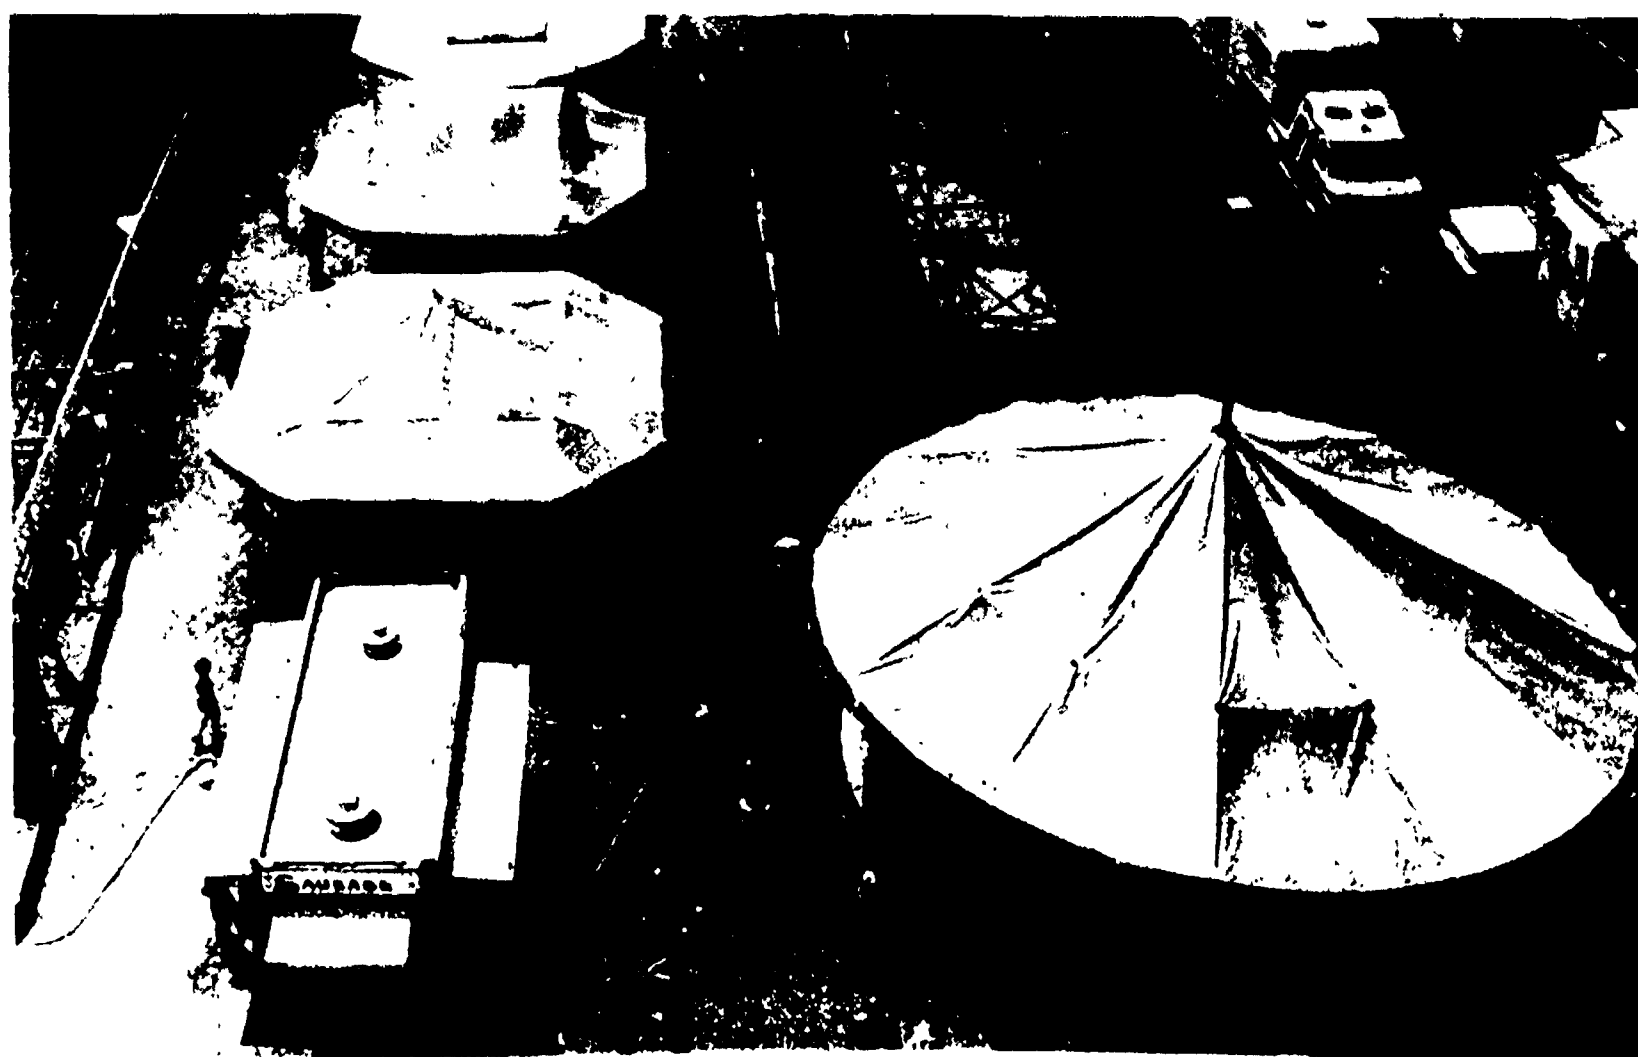

One of the popular fantasies of essay writers, imagining they could be anything they wished, was to be a trapeze artist on the high wires.

# Fantasies of life under Big Top

Tracey Parker, Kim Robesky and Sanjay Kacholiya are the winners in this year's Livonia Spree Essay Contest.

Tracey of Livonia was the winner for grades four to six with Nicki Couturier of Livonia the runner-up. Kim of Canton was the winner for grades seven and eight, with Janet Roberts of Canton the runner-up. Sanjay Kacholiya of Livonia was the winner for grades nine to 12 with Eric Auger of Livonia the runner-up.

Each winner will be able to participate in a Spree Circus performance on either Saturday or Sunday, receive a \$50 U.S. Savings Bond, and a free ride pass for Spree. A grand prize winner, to be announced at the Spree, will receive a bicycle.

The theme was "Come Join the Spree Circus" with each student asked to write in 500 words or less why they would like to join the circus for a day. Judges were Livonia councilman Dale Jurcisin, Sue Rosiek of the Observer & Eccentric Newspapers, and Spree Committee members Bev Griffin and Roger Walkin.

The winning essays are reprinted here.

**TRACEY PARKER**, age 10 and in the fifth grade, wrote:

"Why I would like to join the circus for a day, is because I would like to feel how a star feels. How someone who people look up to because of valor, beauty, and skill feels. To hear the cheering of the crowd shouting 'Bravo' 'More' to be the clown who gets the most laughs; the tight rope walker who keeps the audience in suspense; the ringmaster introducing the acts. All members of the circus play a big part. Ready to back you up if you fall or make a mistake. The whole circus is like one family; working together. All for one and one for all. Helping, working, performing, perfecting. If I were a bare back rider, balancing on a horse as the audience cheers. If I were the lion tamer, willing to risk his life for the pleasure of the crows. A tight rope walker, standing high above all of the people. Walking slowly so as not to make a mistake. The band playing, the ringmaster's booming voice, the crowd's glamerous cheers, the encouragement of other performers. Oh, these are the sounds of glory. The smells a circus performer smells; popcorn, cotton candy, the smell of the animals, all familiar. When the show starts and each act is presented, the feeling of tension, excitement, laughter, relief fill the air. Almost every child sitting in the audience is wishing, hoping, dreaming, of the fantasy that one day he or she will be the tight rope walker, ringmaster or hero that they look up to. Why would I want to be in a circus for a day? To feel the feelings a performer feels, smells, hears, witnesses. But most of all, to be that child who has accomplished that seemingly "impossible" dream."

**KIM ROBESKY**, a junior high student, wrote:

"Oh boy! This is fun! It sure is fun walking around in these silly suits with make-up all over my face and a big red nose stuck on my face. It sure feels good to make all the kids so happy. By the way, I'm Chuckie, the clown. I love making little children happy. All day, I walk around and see the children. I take them out to the center and sit on the elephants with them and play with them. They really enjoy it. They run back telling their mom and dad how much fun they had. I also get on the big unicycle and ride around seeing everybody. Me and what you might call, my clown friends, Joe and Harry, do all sorts of tricks for the people. We tumble and play games, we even get into or on those teensy little cars and motorcycles. How do you think it would feel to be in

that big clown outfit scrunched into a teensy little car with about 15 or 20 other clowns! Ugh! I can't tell you how many people ask us how we do it! The only bad thing about being a clown is how hot and sticky and smelly you get! And all that make-up feels like glue, dripping off your face! But, when I see all those happy little faces, I know it's all worth it!"

**SANJAY KACHOLIYA**, a high school student, wrote:

"To be part of a circus would be a lifetime memory for me. It has always been one of my dreams to perform in a circus. The circus is a trip to fantasy land. There are so many exciting and funny sights to see. The Livonia Spree Circus is no exception to this. Whenever I drive by the Spree, I can almost smell the popcorn. I can also picture

the elephants walking around inside the big circus tent. My face always lights up whenever I go to a circus. I know that my day will be filled with many fun events. The circus has always been a big attraction for me. Thus, if I could join the Livonia Spree Circus I will have accomplished one of the things that I have always wanted to do in my life.

"The circus has provided many great memories for me. The bright colors of the large tent have always amazed me. When I was a little boy, my mouth would always hang open whenever I saw the tigers jump through 'the ring of fire.' I am still shocked over the way the ringmaster controls all of the animals. He seems to have their attention at all times. The clowns are another great part of the circus. I love the way they make people laugh. They are full of tricks and surprises. A clown's smile always seems to light up my face. I have always wanted to be a clown, for I feel that clowns make up a major part of the circus. I have seen many circuses, including one in my home country of India. Circuses throughout the world have many similarities. For example, there are still the thrilling acts and the ferocious growls of the animals. It seems as if the circus communicates a certain language that people can understand all over the world!"

"The Livonia Spree Circus would surely be a learning experience for me. I enjoy meeting new people and I like working with animals. I absolutely know about the hard work and effort involved in setting up a circus. This fact would only make me appreciate the circus even more. I would also like to join the circus because I could get a hands-on experience working with animals. I would be ready to perform any task that comes my way. I feel that I am a hard worker who will give 100 percent at anything I attempt to do. If I could just be a part of a great circus, then I would be truly satisfied! One other reason I would join the Spree Circus is that I love to entertain people. I enjoy seeing people laughing because I feel that this takes them away from their everyday problems of life. A circus is the perfect place to go if one wants to laugh or watch some incredible acts in total disbelief. These are the reasons why I would want to be part of the Livonia Spree Circus. I would truly be honored if I could become part of such a successful and respected circus!"

"A dream is only so much until it becomes part of reality. It would be a great thrill for me to perform in the Spree Circus. I realize that being part of the circus can be quite demanding. But I know I can handle whatever comes my way. Participation in the Spree Circus would be something that I could tell my kids I did. Being part of the Spree Circus is something that I would greatly covet for the rest of my life!"

One of the popular fantasies of essay writers, imagining they could be anything they wished, is being a clown, as shown in the high wires.

# Still can sign up for softball tourney

The Coed Softball Tournament, sponsored by Livonia Spree and Livonia Parks and Recreation, will be held the weekend of Aug. 5 at two Livonia parks.

The tourney will be Friday, Saturday, Sunday, Aug. 5-7 at Ford Field, Farmington Road at Lyndon, and Bicentennial Park at 7 Mile and Wayne Road.

Trophies will be awarded for the champions and runner-up. Last year Jack Demmer Ford emerged as champion with Pizza Company as runner-up.

The entry fee of \$75 per team includes umpires, balls, awards and a three-game guarantee. Entries will not be accepted until the entry fee is paid.

Make checks payable to "Livonia Anniversary Committee."

The first 16 teams to sign up by the close of business Friday, July 29 will be eligible to participate in the tournament. A managers' meeting will be held at 7:30 p.m. Wednesday, Aug. 3.

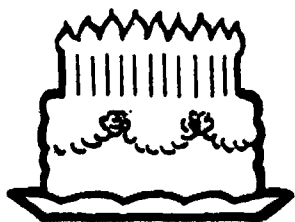

The rosters are limited to 16 players. American Softball Association rules are used with these exceptions:

• Mercy rule will be in effect — 12 runs after 4½ or 5 innings.

• Time limit on all games — no new inning may begin 1 hour and 15 minutes after the start of a game.

• Livonia Parks and Recreation Department rules and regulations also will be in effect where applicable.

For information call parks and recreation at 261-2260.

# The Spree: besides fun what does it mean?

Three Livonia Youth Commission memorial scholarships of \$1,500 each will be presented during Friday's Livonia Spree birthday celebration.

The presentations will begin at 6:30 p.m. in the Eddie Edgar Arena on Lyndon just west of Farmington Road. The scholarship presentations will be part of the Corporate Cup Challenge activities Friday, June 24.

The Livonia Youth Commission will be presenting to Jim Garrison, Sandy Miller and Jim Mogan memorial scholarships to students of Livonia Public

Schools and Clarenceville Public Schools. Garrison, Miller and Mogan were former members of the Livonia Anniversary Committee.

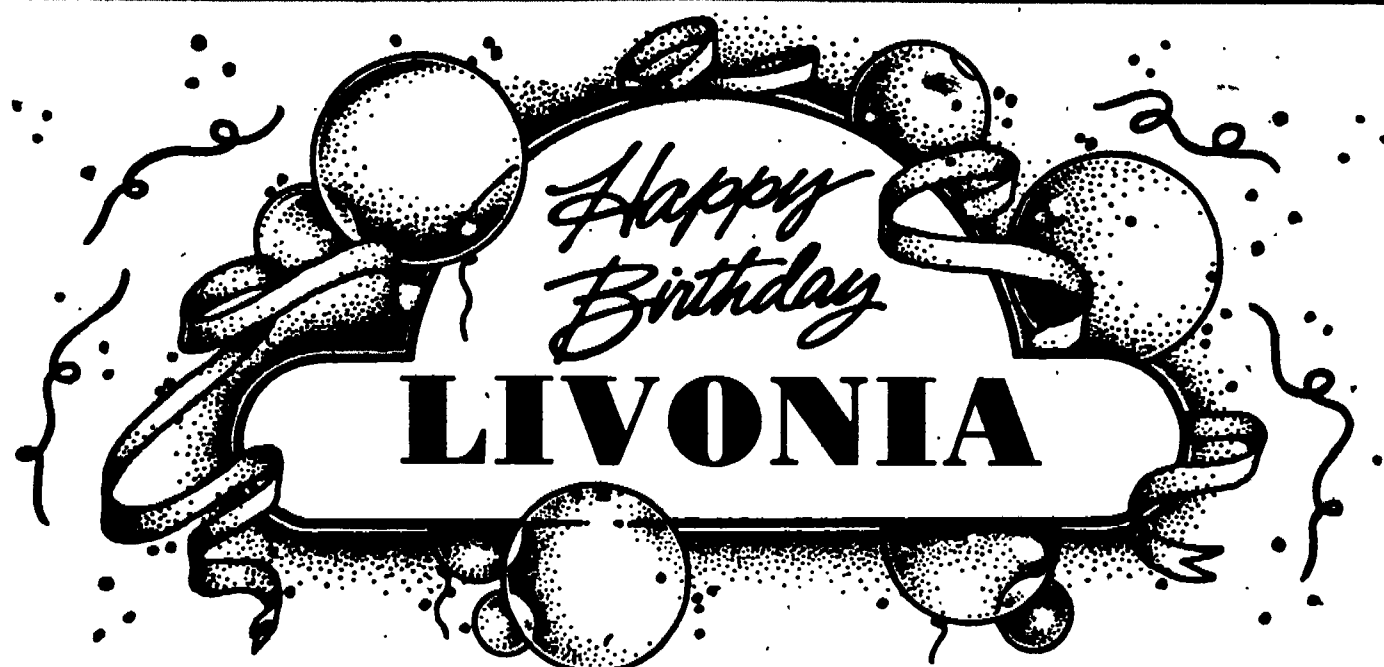

This year's winners are: Joe Overitis of Blackburn Ave., a senior at Livonia Franklin High who will be attending Wayne State University; Pamela Vergos of Brentwood Ave., a senior at Livonia Churchill High who will be attending University of Michigan in Ann Arbor; and Jennifer Guerin of Parker St., a senior at Clarenceville High who will be attending Michigan State

University.

The above students were awarded the scholarships on the basis of grade point average, community involvement, and work experience.

The \$4,500 in scholarship money awarded this year is generated from proceeds from the annual Spree celebration. In past years \$1,000 scholarships have been awarded.

Winners were notified in April. Anyone wanting information for next year's scholarships may call 421-2000, Ext. 353, to receive an application.
