FIFTY CENTS

Public hearing

Above, concerned residents filled the Northville High School auditorium to hear possible solutions for the Amerman Elementary School overcrowding situation. School Superintendent George Bell, right, explained the possible options and outlined the costs to the residents. This was a public hearing on the proposals and audience members asked questions and gave opinions. Bell said he will present an option for board approval during the Jan. 23 school board meeting which will be held in the High School forum.

O'Brien is appointed to one year term filling vacant township planning seat

By BRUCE M. WEINTRAUB

Northville resident and realtor Barbara O'Brien was appointed Thursday to fill a vacancy on the township planning commission following unanimous approval by the board of trustees. The board's appointment, which confirmed the recommendation submitted by Supervisor Georgina Goss, fills the commission vacancy

created by the resignation of Marvin Gans last month.

Goss, who noted she had two written applications for the position (resident Robert Willerer was the other applicant), said both residents were extremely competent and had the technical background to fill the commission spot.

Goss said she chose O'Brien to sit on the planning commission "because since she (O'Brien) is

already on the beautification commission, she can act as a liaison between both bodies."

"Barbara O'Brien has the ability and dedication to the community to fill the position, and it will be helpful to have a (planning commission) liaison member to the beautification commission," Goss said.

Tree ordinance gets emergency OK

By BRUCE WEINTRAUB

After months of working to make it a manageable and enforceable provision of the zoning ordinance, the Township Board of Trustees passed the woodlands ordinance into law last Thursday.

Township officials said the ordinance was passed into law on the first reading under an emergency provision in the township charter. It will take effect today, Jan. 19.

Supervisor Georgina Goss said the

ordinance was passed on the first reading to combat a tree clearing project off of Seven Mile and Haggerty roads.

The trees are being cleared for an office and residential project, according to Trustee Richard Allen.

"Passing the woodlands ordinance on the first reading gives us the authority to deal with spring construction," Goss said, adding Township Attorney Ernest Essad has indicated the ordinance will stand up in court.

"Passing the woodlands ordinance on the first reading gives us the authority to deal with spring construction."

— Georgina Goss
Township Supervisor

Township Planning Director Carol Henry said if the woodlands ordinance went through the normal

procedure it would not take effect until late March.

Crowding at Amerman is examined

By BRUCE M. WEINTRAUB

They came, they listened, they voiced their opinions.

Approximately 300 parents of students currently attending Amerman Elementary came out to the Board of Education public hearing to discuss their school's overcrowding problem.

Following a two hour give-and-take session between parents and Superintendent George Bell, no clear-cut solution to the problem could be offered by parents.

The hearing began with Bell discussing all 15 of the solutions proposed by the facilities subcommittee. Shortly thereafter, Bell discussed, in detail, the four most feasible solutions he presented to the board last Monday.

"We're trying to do what's best for the kids in Northville," Bell said. "Of the 15 proposals, a lot of them did not offer the relief we are looking for. We have a target of 500 students attending Amerman."

As of Friday, Jan. 6, Bell said Amerman's enrollment is about 730 students, with total capacity being about 730 students.

The four solutions considered by the board include:

- Sending children (K-3) west of Taft Road to Moraine;

- Sending children (K-4) west of Taft to Moraine;

- Sending children (K-5) west of Taft to Moraine;

- Sending children (K-5) west of Taft to Cooke.

Option one would have 201 students attending Moraine and 602 at Amerman; option two has 265 students at Moraine and 520 at Amerman; and options three and four have 323 students at Moraine and 480 at Amerman.

Bell said option one (children K-3 to Moraine) is no longer being considered by the board because it will not solve Amerman's overcrowding problem.

As for sending children to Cooke or Moraine, parents attending the hearing seemed split down the middle, with proximity to each school being the major decision factor.

Greater concern, however, was given to which group of students would be sent to either opened school.

Amerman teacher Jeff Lightfoot said he has two sons attending Amerman and favors a "phasing" of any solution to the overcrowding problem.

Lightfoot said students K-4 should be sent to either opened school and fifth graders left at Amerman. He

Proposal D funds set for Maybury

By BOB NEEDHAM

The Northville area is already set to get a share of the park improvement money approved by state voters in November, and more may be on the way.

In a group of state park improvements approved by the state Department of Natural Resources last week, Northville's Maybury State Park was announced to be in line for improvements to the fishing pond and for a new storage shed at the farm area.

The money will come from a state bond issue for recreation improvements, approved by state voters in November as Proposal D.

But the total bond sale is for \$140 million — and the newly-announced work only accounts for an estimated \$18.7 million across the state. The rest of the money is set for state park improvements in future years and for improvements to local recreational facilities. And when the state starts doling out that money, Northville will be in line.

The Maybury improvements are underway now, Park Manager Gary

Fischer said.

"We've already started on the shed project. We've started putting the foundation in and so forth. I have no idea when they're going to start the pond, other than that it would be some time in the spring," Fischer said.

The new shed will be something like 80 by 25 feet and will store farm equipment. "We've got everything outside right now," Fischer said.

The pond work will involve draining out the water and then sealing the bottom, probably with a kind of clay. "We're losing water out of there somehow," Fischer said. "For some reason this didn't hold water like they expected."

Although the DNR has settled on its improvement projects across the state, the Legislature still must formally appropriate the money.

Maybury may also be in line for work next summer, when a new cold storage building is planned at the park headquarters off Beck Road, Fischer said.

Raid finds marijuana

Police are seeking a warrant against a Northville resident after a raid on the person's home turned up an unspecified amount of marijuana, according to city police.

Officers of the Northville Police Department and the Western Wayne County Narcotics Enforcement served a search warrant at a city home in the early morning hours of Thursday,

Jan. 12, police said. They seized an unspecified amount of marijuana, a car, a car phone and a beeper.

As of Tuesday afternoon, a warrant was pending against the resident of the home. Police did not release any additional information because the formal charges had not yet been brought.

Community Calendar

Northville Action Council to meet tonight

TODAY, JANUARY 19

N.A.C. MEETS: Northville Action Council meets at 7 p.m. at city hall. The group is organized to further substance abuse education in the community. Everyone is welcome. For more information call Bill Hamilton, 344-8426 or Roxanne Casterline, 349-1237.

CO-OP BOARD MEETS: The Northville Cooperative Board of Directors will meet at 7 p.m. at Moraine Center. All members are welcome.

HISTORICAL SOCIETY: Northville Historical Society Board of Directors will meet at 7:30 p.m. at the home of Bob & Harriet Welland.

GREAT BOOKS: The Great Books Discussion Group will meet at 8 p.m. at the Livonia Civic Center Library on 5 Mile east of Farmington Road. The book under discussion will be "Caesar and Cleopatra" by Shaw.

FRIDAY, JANUARY 20

MEN'S BIBLE STUDY: A non-denominational Bible Study Group, sponsored by the Michigan Fellowship of Christian Athletes, will meet at 6:30 a.m. at the Rib and Egg Restaurant on Novi Road north of 8 Mile. For more information call Clayton Graham at 349-5515.

WOMAN'S CLUB MEETS: The Northville Woman's Club will meet at 1:30 p.m. at the First Presbyterian Church. Guest speaker Pat Ferreo will present the film "Hearts and Hands", depicting the artistry of past generations of American needlewomen quilting. Co-

chairpersons of the day are Dottie Crain and Marian Pickl. Members may bring a guest.

BUSINESS MEN'S FELLOWSHIP MEETS: The Northville-Plymouth-Livonia Chapter of Full Gospel Business Men's Fellowship International will meet for dinner at 6:30 p.m. with a meeting following at 7:30 p.m. at the Sveden House of Farmington. Guest speaker Jim Ford will discuss "Many Miracles God Performed in Five Months of His Life and When Problems Recurred." Everyone is welcome. For reservations call Stan Marentette at 464-7291.

ORIENT CHAPTER MEETS: Orient Chapter, No. 77, Order of the Eastern Star, meets at 7:30 p.m. at Masonic Temple.

SATURDAY, JANUARY 21

NEWCOMERS MEET: The Northville Newcomers will hold a Couples Dinner at 6:30 p.m. at Genitti's Hole-in-the-Wall Restaurant. Chairpersons for the event are Kathie Nelson and Sue McCoy.

SUNDAY, JANUARY 22

STEP PROGRAM: The First United Methodist Church of Northville will conduct a STEP (Systematic Training for Effective Parenting) Program from 5 to 7 p.m. at the church. The group discussions and readings will run for eight consecutive Sundays ending March 12. The course is \$20 and open to the public, but enrollment is limited. For more information call 349-1144.

MONDAY, JANUARY 23

SENIORS MEET: Area seniors are invited to play pinocle/bridge today and Thursday from 12:30 to 4 p.m. at Cooke School located on Taft Road north of 8 Mile.

TOASTMASTERS' CLUB: Motor City Speak Easy Toastmasters' Club will meet for dinner at 6 p.m. with a meeting following at 6:45 p.m. at O'Sheehans. Guests welcome, call Mary Louise Cutler at 349-8855 for information or reservations.

B.P.W. MEETS: Northville Business and Professional Women's Club will meet at 6 p.m. followed by dinner at 6:30 p.m. at Genitti's Hole-in-the-Wall. Guest speaker Elizabeth Allen, a representative with Wordhouse & Associates, will discuss "The Importance of Financial Planning for All Women." Reservations can be made by calling 348-1167.

NORTHVILLE KIWANIS: Northville Kiwanis meets at 6:30 p.m. at the VFW Post Home.

SCHOOL BOARD MEETS: Northville Board of Education meets at 7:30 p.m. at Silver Springs Elementary School.

MASONS MEET: Northville Masonic organization meets at 7:30 p.m. at Masonic Temple.

CITY COUNCIL: Northville City Council meets at 8 p.m. in the council chambers.

TUESDAY, JANUARY 24

SENIOR VOLLEYBALL: Area seniors are invited to play volleyball and other indoor sports at 9:30 a.m. at the Northville Community Center, 303 W. Main Street. For more information call Karl Peters at 349-4140.

ROTARIANS MEET: Northville Rotary Club meets at noon at First Presbyterian Church fellowship hall. Guest speaker will be Mike Yalooma of Ameritech.

CRAFT NIGHT: The Northville Newcomers presents a Craft Night at 7 p.m. at New School Church in Mill Race Historical Village. Countryside Farms and Greenhouse will instruct the group in making swags using eucalyptus and dried flowers. Chairpersons for the program are Sue Hillebrand and Diane Gale.

PARENTS' SUPPORT GROUP: Northville Parents' Support Group meets at 7 p.m. in room 21 at Moraine Center. For more information call Mary Ellen King at 344-1618.

PARENTS WITHOUT PARTNERS: The Northwest Chapter 731 of Parents Without Partners will meet at 7:45 p.m. at the Monaghan K of C Hall. The program is entitled "Supermom, super person." For more information call 624-5540.

AMERICAN LEGION: Northville American Legion, Post 147, meets at 8 p.m. at the post home.

Parents, board mull Amerman overcrowding problem

Continued from Page 1

noted this would mean fifth graders would not have to move twice, since they will be attending Meads Mill Middle School in the sixth grade.

No clear consensus on this idea could be identified among the parents attending the meeting.

In fact, on a vote initiated by Board Member Don Klokenga, about 50 percent of the audience said they preferred a phase-in program, while 50 percent felt the entire K-5 program should be involved in the solution.

Bell noted, near the end of the meeting, only 53 students currently at Amerman would be affected in the event of a phasing solution.

Without offering a solution preference, many residents questioned whether a quality group of staff and materials would be furnished at either opened facility.

Bell assured the audience that quality education will be offered at Cooke or Moraine.

"Everyone on the board agrees that the quality of the educational program will not diminish no matter what solution is chosen," Bell said.

Some residents at the meeting voiced a concern about the status of programs currently at Moraine and Cooke if the board decides to reopen either site.

Moraine Principal Mary Kay Scullen said her program would not experience a major disruption if the building is opened to an elementary school.

Scullen said some of her classes may have to be moved to Cooke if Moraine is reopened, but added the move should not result in a significant student loss.

"Under all options we can maintain the programs currently offered

at Moraine," Scullen said. "Whatever option is chosen by the board and community we will deal with."

Bell said the district tried to find space for other programs currently at Moraine — such as the Northville Co-op Preschool — if Moraine is opened for an elementary school.

If Cooke is opened for an elementary school, Bell said there would be no room to accommodate the Senior Citizen Drop-In Center, which currently resides in the Cooke cafeteria.

Senior Citizen Coordinator Karl Peters said that he is personally hoping the district will reopen Moraine to give the seniors an opportunity to find another home.

Peters said there is a rumor that Cooke will be used as a middle school in one or two years, which would also displace his program.

"We feel the seniors would like a

place of their own," Peters said. "Cooke School has been a great place for the senior program because it has been large enough to allow for growth."

He noted the senior program is currently looking to move its program to the Northville Recreation Center located on Main Street.

Bell said at this time the district has no plans to reopen Cooke as a middle school. "We still have room to play with the population at Meads Mill."

Bell noted the hearing overall was successful because it gave the com-

munity an opportunity to give input into finding a solution to the overcrowding problem.

"I will meet with my cabinet at the end of the week and come to a conclusion based on the public hearing," he said.

Bell did say the cost of reopening either Cooke or Moraine would play a role in his recommendation to the board.

"All the options are possible and workable, but cost does figure into the decision," he said. "However, we have no room in the budget for

anything here.

"Once we determine the solution, then a decision will have to be made as to where to find the money in the budget."

To reopen Moraine as an elementary school would cost about \$80,000, while reopening Cooke about cost about \$160,200, according to Bell.

Bell noted the district would save \$10,000 in transportation costs if Moraine is reopened rather than Cooke, based on the fact that more students will be able to walk to Moraine.

Meet Angela Oberg, Merchandising Editor for BRIDE'S magazine, Friday, January 27, 7 p.m., in our Livonia store. Bridal couples welcome! Enjoy a mini fashion show and seminar on etiquette, wedding planning and first home furnishing. One-on-one consultations with Ms. Oberg from 1 to 5 p.m. For your appointment as well as reservations, call 591-7696, ext. 233.

Jacobson's

We welcome Jacobson's Charge, MasterCard, VISA, and American Express. Shop until 9 p.m. on Thursday and Friday. Until 6 p.m. on Tuesday, Wednesday and Saturday.

WINNERS CIRCLE
BY LAURIE KIPP

Sales for the Michigan Lottery's exciting new instant game, "Fame & Fortune," started January 10. This column covers special features of the game including its exciting new weekly TV show.

Q. What's so different about this game?
A. Six lucky lottery players will star on statewide TV each week and try for a top prize of \$50,000. It will be one of the richest game shows on television! ("Fame & Fortune" replaces the instant games which changed every 8-10 weeks.) In addition to that weekly \$50,000 top prize, players will also find other cash awards, up for grabs, as well as exciting prizes such as new cars, dream vacations and big-screen TVs.

Q. How do you get in on the action?
A. Any scratched-off ticket showing three "TV" symbols qualifies you for the next weekly drawing when signed with name, address and phone number and mailed to: "Fame & Fortune," PO Box 30077, Lansing, MI 48909.

Q. When will the drawings be held?
A. After the first six contestants are drawn for the initial TV show on January 28, all drawings will be held during the "Fame & Fortune" TV show and names of the next six contestants will be announced on the air.

Q. What happens if your name is drawn but you miss the show?
A. All contestants will be called by a Lottery representative and receive a letter by Express Mail giving full details. We're sure you will also hear from friends who were watching.

Q. When will "Fame & Fortune" be on TV?
A. Beginning Saturday, January 28, it will appear every Saturday between 7:30-8:00 p.m. The broadcast will also include live drawings of the Daily 3, Daily 4 and Super Lotto games.

Q. What stations will carry the show?
A. All stations now carrying the Monday through Saturday night drawings: WDIV-TV, Channel 4 in Detroit; WUAB-TV, Channel 14 in Bath Creek; WYLL-TV, Channel 25 in Flint; WZZM-TV, Channel 11 in Grand Rapids; WILX-TV, Channel 10 in Lansing and Jackson; WLCN-TV, Channel 6 in Marquette; WGLI-TV, Channel 8 in South Ste. Marie; and WCTU-TV, Channel 29 in Favers City as well as some local cable outlets.

Q. Will "Fame & Fortune" still have smaller prizes that can be won instantly?
A. Yes. Besides a chance to win TV millions of players can still win prizes of \$2, \$5, \$25, \$50 or \$100. These are paid by any lottery ticket retailer.

For submitting a question leading to this column, Clara Rounds of Mt. Clemens will receive 50 "Fame & Fortune" tickets.

If you have a lengthy question not yet covered in this monthly column, send it to: "Winners Circle," Michigan Lottery, PO Box 30077, Lansing, MI 48909.

NEWS BRIEFS

CORRECTION — An article on Northville Planning Commission approval of a proposed day care ordinance contained an error.

The article incorrectly stated that Commissioner Chris Gazlay was the only dissenter on an 8-1 vote in favor of the proposal. In fact, the lone dissent came from Commissioner Greg Presley.

The Record regrets the error.

COUNCIL SCHEDULE — The Northville City Council has altered its regular meeting schedule for the month of February.

The council has scheduled a special study session for 8 p.m. Monday, Feb. 6. The agenda will be discussing goals and objectives for the city.

Regular city council meetings are scheduled for Feb. 13 and Feb. 27, both on Mondays at 8 p.m.

NEW CHAMBER SERVICE — The Northville Community Chamber of Commerce is opening up a new community service and needs the help of groups in the city and township. The Chamber will be coordinating a calendar of events to keep track of activities in Northville. Service and civic groups are asked to call the Chamber when scheduling events — both to prevent conflicts and to have their activity listed. The calendars will be printed and left in stores around town as well as sent out to interested parties. Call the Chamber office at 349-7640.

OMNICOM SERVICE EXAMINED — The recent rate increase announced by Omnicom Cable has got the attention of the Northville City Council.

On the suggestion of Council Member Jerry Mittman, the council informally agreed last week to ask Omnicom officials in for a discussion of rates and service.

"It's just been a long time since we... had two-way communication," Mittman said.

PARKING PROGRESS — The design for the new parking deck off Center and Cady streets is moving ahead.

City Manager Steve Walters said Monday that the city has had two meetings with the engineer of the parking deck, which will serve the new Main Centre residential / retail development downtown.

A preliminary presentation is scheduled for the Northville Planning Commission meeting at 8 p.m. Tuesday, Feb. 7, Walters said.

ARTS COMMISSION OPENING — Loretta Lang has resigned from the Northville Arts Commission.

Her resignation has been accepted with regret from the arts commission by the commission itself and by the city council.

The commission sponsors projects such as the "Town One South" book of Northville poems, the summer downtown concerts, and the Michael Farrell lecture series.

MINING ORDINANCE APPROVED — The township board unanimously approved the second reading of a new mining ordinance at its regular meeting Thursday.

The ordinance will go into effect 30 days from Jan. 16. Township officials have said it is the most restrictive ordinance allowed under state statutes.

Graham named temporary manager

By BRUCE WEINTRAUB

Though his office is located in a secluded part of township hall, Financial Director James Graham was appointed temporary office manager by the Board of Trustees Thursday.

In conjunction with his elevation to the manager's position, Graham was given a 14 percent raise to increase his salary to \$31,500, and his classification has been upgraded to department head.

Graham is temporarily filling the township manager position vacated last month by the resignation of Steve Brock.

While he said an adjustment period will be necessary to become comfortable with his new duties, Graham noted the purpose of his new job is clear.

"I believe an adjustment period will be needed because I'll need to become a more public person for the time being," Graham said. "But I think the whole idea of this position is to create a smooth transition between the past township manager and the new one."

At Thursday's board meeting, township Treasurer Richard Henningsen, who recommended Graham for the office manager position,

Jim Graham

outlined his new responsibilities. They include: filling the township manager position on an interim basis, being responsible for all closings and financial reviews, and taking on supervisory duties for the WTUA agreement.

Henningsen said Graham's experience with township matters played a role in his decision to recommend him for the position.

He also noted that Graham served

as temporary office manager for a short time in late 1986 between the time Bruno Scacchitti died and Steve Brock took office.

"Jim has been here for three years," Henningsen said. "His (Graham's) experience puts us in a position to eliminate the position he works at and make slight additions to his new position."

A 1984 graduate of Central Michigan University, Graham is currently attending Eastern Michigan University's masters of business administration program. He lives in Lyon Township with his wife, Cathy.

Commensurate with his new responsibilities is a salary increase. However, Henningsen said Graham will continue to receive his new salary after the township hires a new manager.

"(He got the raise) because I thought I was going to lose him," Henningsen said. "He almost has a master's degree and with three years experience, I know accountants can go far."

Graham said that he has two years to go before he gets his masters degree and added he has not or is not entertaining any new offers.

"My position has been underpaid in comparison to other communities, but I have not received any offers or

attracted a bidding situation," he said. "However, I have kept my ears open to opportunities."

Graham said as the new office manager, he intends on straightening out the department approval system, getting involved with the payroll and investment transactions.

"I have a good relationship with the other department heads, which will help me," he added. "Basically, this will be a team effort and I'll only be coordinating it."

"We'll get the job done for a few months without a problem," Graham said.

Conversely, as Graham gets ready to tackle his new position, former township manager Steve Brock breathed a sigh of relief while carrying boxes out of his office last Friday.

"I feel good," Brock said, with a big grin. "I'll miss the people with whom I worked every day. I enjoyed working here because I learned more than I thought I would and really grew a lot."

Without any current job plans, Brock said he plans to take it easy for a while and catch up on some work on his car and a much needed shopping trip.

He added a week-long trip to the Super Bowl in Miami will also keep him busy for the time being.

Attendance declines at Northville track

Attendance and betting during the Jackson at Northville horse racing meet dropped again in 1988, continuing a pattern of recent years.

The fall race meet showed drops in total attendance, average attendance, total handle (amount of money bet) and average handle. The new figures come shortly after new 10-year lease agreements were signed between principals.

The total Jackson at Northville handle in 1988 was \$33.12 million. That compares to \$33.59 million in 1987 and \$33.86 million in 1986. The drop from 1987 to 1988 was about 1.4 percent.

Total attendance for the meet was 159,490 in 1988. In 1987 it was 167,313 and in 1986 it was 178,335. The drop from 1987 to 1988 was about 4.7 percent.

The average figures showed larger drops.

Average attendance for the meet was 2,246 — a 10 percent drop from 1987's 2,497. Past year averages were 1986, 2,662; 1985, 2,891; 1984, 3,227.

Average handle was \$466,499 — about a 7 percent drop from the previous year's \$501,376. Past years were 1986-\$505,395; 1985-\$549,379; and 1984-\$556,927.

Joyce Schultz, controller and office manager at the Jackson Harness Raceway, said the figures are basically a continuation of a pattern which the track — and the industry in general — has seen for the past several years.

"We've been losing people right along. The fact of Sports Creek (a newer track near Flint) takes a lot of our attendance," she said. "A lot of

"We've been losing people right along. The fact of Sports Creek (a newer track near Flint) takes a lot of our attendance. A lot of the people from the Lansing area don't bother to come to Northville any more."

Joyce Schultz,
controller/office manager
Jackson Harness Raceway

the people from the Lansing area don't bother to come to Northville any more."

The Jackson Harness Raceway sub-leases the Northville Downs track for October through December each year. The Downs' own season runs from January to April. Nor-

thville Downs leases much of its space from the private Northville Driving Club.

Late last year, Northville Downs signed new lease agreements with both the Driving Club and Jackson Harness Raceway. Each runs for 10 years.

Police Blotters

Vintage Corvette stolen from Northville residence

A 1965 Corvette was stolen from a garage on Woodhill last week, according to a city police report. Valued at \$20,000, the car was yellow and covered with a car cover. It was backed into the garage with the battery removed and a small amount of firewood in front of the car. The theft occurred between 10 a.m. and 3:30 p.m. Thursday, Jan. 12, the report said.

MAIL STOLEN — Four paid bills were stolen from a mailbox on Springfield Court, according to a city police report. On Dec. 19 or 20, four bills with checks were taken from the box when they were waiting to be picked up, the report said. The checks totaled over \$200.

DRUNK DRIVING ROUNDUP — Township and city police issued at least three tickets for operating a motor vehicle under the influence of liquor (OUIL) in the past week, according to police reports. Among the incidents were:

- At around 2:25 a.m. Saturday, police stopped a car near Eight Mile and Novi Road after clocking it at 65 miles per hour in a 40 zone. The driver, a Northville resident, failed field sobriety tests and was taken to the station, where two breath tests registered a blood alcohol level of .12 percent. Anything above .10 is OUIL in Michigan. The driver was ticketed and released later that morning.
- A Northville resident was ticketed after police stopped the auto on Main Street at 2 a.m. Tuesday, Jan. 10. The driver failed field sobriety tests and was taken to the police station, where breath tests registered .13 percent. The suspect was ticketed and released to the custody of his father.
- A South Lyon resident was ticketed at 3:06 a.m. Saturday, after police stopped the car on northbound Hines Drive after the driver was clocked at 58 mph in a 45 mph zone. The driver failed field sobriety tests and was taken to the police station, where breath tests showed a blood alcohol level of .11 percent. The driver was ticketed and held in jail

until he sobered up.

SEVEN-HINES ACCIDENTS — The intersection of Seven Mile and Hines Drive was the site of two accidents on icy roads Wednesday night, according to city police reports. At 11:15 p.m., two Dearborn residents in different cars ran into each other when one lost control on the ice. One driver reported minor injuries. Then, at 1:10 a.m., a Farmington Hills resident lost control and crashed in the same intersection. The driver was issued a ticket for failing to drive at a safe and prudent speed.

FAIL TO STOP — Minor injuries resulted from a collision at Main and Griswold last week, according to a city police report. A Northville resident driving on Griswold did not yield to Main traffic, and hit another auto on Main, the report said. The driver was ticketed for failing to yield at a stop sign.

IMPROPER PASSING — A Northville resident was ticketed for improper passing on the right after an accident Thursday afternoon.

Another driver was stopped at the intersection of Randolph and High making a right turn, when the first driver tried to pass on the right and the vehicle collided, a police report said. The second driver said the first driver had signaled for a right turn. No injuries were reported.

HUBCAP RIP-OFF — \$200 worth of hubcaps were stolen from a residence on Rayburn Court last Tuesday between 4:30 p.m. and 7 a.m., according to a township police report. The complainant said unknown persons took all four hubcaps off his 1987 mini-van. The van was parked in the driveway. Police said they have no suspects or any other information on the incident.

AUGER TAKEN — An auger worth \$1,500 was stolen Saturday from a construction site off of Ridge Road, according to a township police

report. The complainant said unknown persons entered the construction site and stole the auger off of the back of a tractor parked on the west side of the site. Which weighs about 500 pounds, could be used by a construction company or someone who plants trees or puts up fences. He said it is not something that an average person could use, as it takes two men to carry. Police said they found one set of tire tracks which appear to be that of a small truck.

FENDER BENDER — Township police said a three-car accident Saturday on Haggerty Road north of Six Mile was apparently caused by a driver failing to use due care. One driver suffered a minor injury, but refused to be taken to a hospital. Police said vehicle one was traveling southbound on Haggerty Road in the curb lane when it tried to make a right turn onto Northville State Hospital Drive. Police report the car, while making

the turn, slid on ice into the second vehicle, which slid into the curb lane and hit a third car. The driver of the first car said she was going at a slow speed, but lost control on the icy road.

POSSESSION OF LIQUOR — A Redford resident was charged with possession of marijuana and a Livonia resident was charged with possession of open liquor in a car Sunday morning, according to a township police report. Police said that while on patrol westbound on Six Mile Road, they observed a parked car in a field on the north side of Six Mile. Police report there is a no trespassing sign in front of the field. After detecting a strong odor of intoxicants coming from the car, police said they found an open bottle of rum on the front seat and a plastic bag of marijuana on the passenger side floor. Both of the youths were released at the scene after the driver registered a blood alcohol level of .01 percent. They are scheduled to appear in 35th district court at 9 a.m. on Feb. 16.

Northville council adopts policy outlining ethical conduct

A complete set of standards for conduct and ethics is now in place in the City of Northville. The city council last week adopted a three-page policy for ethical conduct. The rules apply to all city employees, all members of city boards and commissions and the council. The new document contains three main sections: definitions, the standards of conduct, and a procedure to follow when a possible conflict arises. The Northville City Charter provides that any city officer or employee may be removed from office or fired if found guilty of an act of misconduct, but until now "misconduct" has gone largely undefined. The new code specifically defines misconduct as a violation of the standards.

- Under the standards, a city officer (elected or appointed) or employee may not:
- Release confidential information acquired through their duties to an unauthorized person before the information is publicly released.
 - Represent their personal opinion as that of an agency.
 - Improperly use personnel, property and funds under their control, or use them for their benefit; that is, such resources must be used "judiciously and solely in accordance with prescribed constitutional, statutory, and regulatory procedures."
 - Solicit or accept a gift or loan of money, services or anything of value to benefit any entity other than the city, which tends to influence the way they perform official duties.
 - Engage in a business transaction in which they might profit from their official position, or in which they might benefit financially from confidential information gained through their city affiliation. Teaching on one's own time is specifically excluded from this prohibition, as long as the official / employee has no direct dealing — as part of their city duties — with whoever hired them to teach.
 - Accept employment or render

services when it conflicts with their official duties, or when it may tend to impair judgment or action. • Participate in making contracts or loans, issuing permits, and the like, to a business or person in which they have a financial or personal interest. "Financial interest" and "personal interest" are defined in some detail, basically as a situation where the official or employee would be affected differently from the general public. When a city employee has a financial or personal interest, they must report it to a supervisor and "refrain from participation to whatever extent is necessary." If the supervisor determines there is no conflict of interest, the employee will not be subject to a misconduct charge. A board or commission member must advise the full board and request to abstain from voting; the board then makes the decision. The city council unanimously adopted the new rules at its meeting Monday, Jan. 9.

In first proposing the rules, City Manager Steve Walters said that some city officers had wondered what conflict-of-interest provisions were in place, and that no specific case prompted the proposal.

CHARTER TOWNSHIP OF NORTHVILLE
ORDINANCE NO. 79-01-89
AMENDMENT TO
SUBDIVISION REGULATIONS

An ordinance to amend Ordinance 79, Subdivision Regulations to Provide for Woodlands Protection.

The Charter Township of Northville ordains:

Sec. 1. Amendment to Section 300, Initial Plat Investigation.
Section 300, Initial Plat Investigation or Ordinance 79, Subdivision Regulations is hereby amended to add a new subparagraph 7 which subparagraph shall read as follows:

7. A determination should be made as to whether the area is subject to review for Tree and Woodlands Protection under Sec. 406 paragraph 3 and Section 15.34 subparagraph 3(a) through (c) of the Zoning Ordinance, Ordinance No. 77.

Section 2. Amendment to Section 301 Preliminary Plat Procedure (Stage 1).

Section 301 Preliminary Plat Procedure (Stage 1), subparagraph "f" existing Conditions is hereby amended to add a new subparagraph "f" which subparagraph shall read as follows:

1. Tree and Woodlands Protection information pursuant to Sec. 406 paragraph 3 and Section 15.34 3d(3) 3.1-3.4 of Zoning Ordinance No. 77 will be required.

Sec. 3. Amendment to Section 406 Natural Features.

Section 406 Natural Features of Ordinance 79, Subdivision Regulations is hereby amended to read as follows:

Sec. 406. Natural Features:

1. The natural features and character of lands must be preserved wherever possible. Due regard must be shown for all natural features such as large trees, natural groves, water courses and similar community assets that will add attractiveness and value to the property, if preserved. The preservation of drainage and natural stream channels shall be considered by the proprietor and the dedication and provision of adequate barriers and easements, where appropriate, shall be required.

The object of tree protection is to preserve and protect woodlands areas, in particular the rear fifty (50) feet of each subdivision lot.

2. Woodlands Applicability

Plats shall be reviewed for tree protection when the site contains one or more of the following:

- a. A woodlands area as depicted on the Woodlands Area Map
- b. Officially designated Historic or Specimen Trees.
- c. Other trees not found on the Woodlands Area Map which are twelve (12) inches in d.b.h. or greater.

3. Required Information - Trees and Woodlands

a. For trees and woodlands areas within which no development is proposed, the general locations, based on aerial photography interpretation or sampling methods, of existing trees shall be shown. A summary of the number, size and species of trees, shrubs and groundcover shall be provided.

b. For woodlands areas within which development is proposed, a tree inventory shall be provided on the topographic map identifying all trees of eight (8) inch d.b.h. or more by size, common and genus name (e.g., Maple/Acer) and condition. A separate key identification shall be provided and all such trees shall be tagged in the field with an identifying number.

c. Existing general soil conditions throughout the parcel based on soil borings or Soil Conservation Service Maps within the woodlands area shall be provided.

d. For all trees eight (8) inch d.b.h. or greater within a woodlands area proposed to remain, and twelve (12) inch d.b.h. trees or greater outside woodlands areas, a topographic elevation at the base of the trunk shall be indicated. A summary by number, species, and size, of trees less than eight (8) inch d.b.h., shrubs and groundcover within a woodlands area and information as to whether they are to remain or be transplanted.

4. Tree Protection During Construction

Before development, land clearing, filling or land alteration commences, the developer shall be required to erect for the protection of remaining plants, barriers as approved by the Township.

a. Such protection shall remain in its approved location until such time as it is authorized to be removed by the Township, or issuance of a Final Certificate of Occupancy. During construction, no attachments or wires shall be attached to any of said trees to be protected. Wood, metal, or other substantial material shall be utilized in the construction of barriers. Barriers will be required for all trees being protected, except in the following cases:

(1) Street right-of-way and utility easements may be ribboned by placing stakes a maximum of fifty (50) feet apart and lying ribbon, plastic tape, rope, etc., from stake to stake along the outside perimeters of such areas to be cleared.

(2) Large property areas separate from the construction or land clearing area into which no equipment will venture may also be ribboned off as above.

b. No activity shall be conducted within the drip line of any tree designated to be retained, including but not limited to the placing of any solvents material, construction machinery, or soil within such drip line.

c. The developer and/or the builder shall erect signs throughout the project that are clearly visible stating words to the effect that all subcontractors, suppliers and tradesmen are to help maintain the trees and will be held responsible for any unauthorized damage to trees and woodlands.

Sec. 4. Repealer.

All ordinances or parts of ordinances in conflict herewith are repealed.

Sec. 5. Severability.
Should any section, subsection, paragraph, sentence, clause or word of this ordinance be held invalid for any reason, such decision shall not affect the validity of the remaining portions of the ordinance.

Sec. 6. Savings.

This amendment ordinance shall not affect violations of the Zoning Ordinance or any other ordinance existing prior to the effective date of this ordinance and such violation shall be governed and shall continue to be separately punishable to the full extent of the law under the provisions of such ordinance at the time the violation was committed.

Sec. 7. Effective Date.

This ordinance shall become effective upon its publication.

This ordinance is declared to be an emergency ordinance.

This ordinance was adopted by the Charter Township of Northville Board of Trustees at a regular/special meeting held on the 12th day of January, 1989, and ordered to be given publication in the manner required by law.

DURAFLO II
FUEL CONDITIONER

The Most Reliable
WINTER FUEL CONDITIONER
You Can Buy!

DuraFlo® II Winter Fuel Conditioner (WFC) outperforms all major competitors - including Amoco 6342, Ethyl Hi Tec 4510, Exxon Paradyne 25 and Nalco 5375 - to give your customers maximum winter fuel reliability.

- Maintains flow to **at least** -25° Fahrenheit with #2 fuel
- **Eliminates** the need to blend in #1 oil or kerosene
- **Provides more** heat per gallon
- **Eliminates** fuel line and filter plugging
- **Cleans** burner nozzles and combustion chambers
- **Reduces** "no heat" calls
- **Reduces** soot and odor
- **Fights** bacteria and corrosion
- **Reduces** smoke and particulates
- **Increases** burner reliability

With DuraFlo II WFC everyone wins. Your heating oil customers get more value for their fuel dollar. You eliminate cold weather blending with #1 oil or kerosene. Pollution of our environment is reduced. Over six years of use testing prove DuraFlo II WFC provides your most reliable cold weather performance.

Township appoints O'Brien to planning commission

Continued from Page 1

O'Brien received a one year appointment to the planning commission. Willerer received an appointment as an alternate to the zoning board of appeals, replacing Carole Miller who resigned last month.

During Thursday's board meeting, O'Brien said about 10 of her friends showed up to speak before the board on her qualifications as commissioner.

A graduate of the University of Michigan, O'Brien has been a Northville resident for the past 24 years. She is married to Ed O'Brien and has four children: Judith, James, Julie and Jerry.

In addition to her five years as Realtor at Weir, Manuel, Snyder & Ranke, Inc., and six years as a member of the beautification com-

Barbara O'Brien

mission, O'Brien has also served on the joint township and city ses-

quicentennial celebration, the township economic development commission, and the township forward planning commission.

School board member Carol Rahimi said that based on her involvement and knowledge of the community, O'Brien, her neighbor, will be a commissioner "having the right interest for the township."

"I believe that Barbara O'Brien understands development and the speed of growth," Rahimi said. "I think she does not want Northville Township to become a boom community. She feels like a lot of us, who are glad for progress, but want to be careful what progress takes place."

Jerome Delaney, broker-manager at Weir, Manuel, Snyder & Ranke, Inc., said O'Brien has a combination of concern for the community and expertise in development, real estate, taste and design.

"It is one thing to have concern and it is another to have concern and qualifications," Jerome said. "Barbara is a good listener and I think she will be a good team player."

As for her real estate background, Delaney said he does not foresee a conflict of interest situation ever arising.

"I trust Barbara has the honesty and integrity to step down if any conflict of interest situation should arise," Jerome said.

O'Brien, who said she is elated to receive the commission appointment, added she would "step back" if a conflict of interest situation ever arose.

"I've got to do something — and I sell property in Plymouth, Northville, Canton, Novi, Livonia, Bloomfield and even Brighton."

She added her family only owns the

one-half acre of property on which her home sits. "You can't put anything else on the property."

O'Brien said her real estate background should help her as she learns the ins and out of the commission.

"Through real estate I know what makes things desirable and what will preserve the quality of life here," she noted. "I regard this as a Northville community. At one time I did not know the boundaries of the city and township. Now I very much do and that makes a difference."

On the issue of orderly development, O'Brien said she welcomes development, but added she hopes that as the commission moves forward, consideration will be given to changes in zoning that makes an area too dense.

O'Brien said the density of an area

should be determined by the existing master plan. "Density should be appropriate to what the need is."

In regard to multiple housing, the new commissioner said she believes the township has seen enough multiples and should concentrate on attracting higher income single family housing.

"I think we probably have done our share of multiples," O'Brien said. "It's not that I don't like multiples, my three married children have all lived in a multiple. But that doesn't mean we have to squeeze them in here."

Preparing for her first meeting Jan. 31, O'Brien said she plans on studying the township master plan and utility master plan, zoning ordinance book and planning commission by-laws.

One-year length of new appointment is a surprise to some

By BRUCE WEINTRAUB

Although they helped her celebrate her appointment to the township planning commission, family and friends of Barbara O'Brien said they were surprised that the appointment is only for one year.

"I admit I was confused by the one-year appointment," said Barbara's friend and school board member Carol Rahimi. "It bothers me because I don't think one year is enough time to get into the issues."

She added most of O'Brien's one-year term will be spent learning the ins and outs of the planning commission.

"With this being my first year on the school board, I'd hate to think that I would have only one year to settle in, gain the necessary knowledge and then be up for reelection," Rahimi said.

"This is just a difficult position for Barbara to be in. I think she needs some buffer time," she said.

Supervisor Georgina Goss said the one-year appoint-

ment is something the township is starting to give initial appointees an opportunity to sit on the commission and see if they like it.

"Three years is a long time and I think it is a good idea to institute one year appointments, to give that person a chance to see if they enjoy the necessary time and commitment," she said.

Goss added that a last-minute change in the board agenda, which altered the planning commission appointment from three years to one year, was just a clerical error.

O'Brien said she is surprised at the length of the appointment, but said she would "like to dwell on the positive."

"My understanding is that it (the appointment) will be continued again as long as my attendance is good," O'Brien said, refusing to divulge the name of the person with whom she has that understanding.

"I guess sometimes there are some problems with peo-

ple's attendance on the commission and they hope the attendance will be good," she said.

She added, however, that she has not been "guaranteed" reappointment. "But that's (the reappointment) been indicated to me."

Other members of the planning commission indicated they felt a one year appointment to the board is a fair amount of time.

Planning Chairman Charles DeLand said one year is enough time for both the appointee and Board of Trustees to evaluate their impact.

DeLand said although the board can vote to remove a commissioner at any time, it is more difficult to replace a commissioner than have a term expire without reappointment.

"I think this may be a less difficult way to make a change," he added.

Goss noted the three criteria under which the board can remove a commissioner include the expiration of a

term; a conflict of interest situation in mid-term; or three meeting absences that are not called in to the secretary.

In almost two years as supervisor, Goss has made about 25 commission appointments. Those to the planning commission include: John Leinonen, Pat Wright, Richard Allen, Charles DeLand, and Larry Sheehan all for three years; Karen Woodside to fill an unexpired term; and Barbara O'Brien for one year.

Appointments to the library board include Janis Stevenson for a four year term.

Zoning board of appeals appointments include: Karen Baja, Donald Samhat, Dan Dicom, and Carol Miller for three years, and Tom Cook and Don Williams for one year.

Zoe Chisnell, Russell Fogg and Frank St. Louis all received two year appointments to the township board of review.

Charter Township of Northville

Ordinance 77-02-89

Amendment To Zoning Ordinance

Woodlands And Tree Protection

An Ordinance to amend certain provisions of Ordinance 77, the Zoning Ordinance, to provide for the protection, preservation, replacement, proper maintenance and use of trees and woodlands in the Charter Township of Northville, and to minimize the disturbance of trees and woodlands and prevent damage from erosion, siltation, and flooding or a loss of wildlife and vegetation and/or the destruction of natural habitat.

The Charter Township of Northville ordains:

Sec. 1 Amendment to Section 11.4 Planned Residential Unit Development

Section 11.4 Planned Residential Unit Development, subsection 7 Submittal Procedures and Conditions, Paragraph c, PRUD Plan, subparagraph (8) is hereby amended to read as follows:

- (8) The approved PRUD plan shall include all of the information required by Section 15.24 of this Ordinance and shall serve as the preliminary plan required by Section 15.24 of this Ordinance.

Sec. 2 Amendment to Section 15.16 Plant Materials

The first paragraph of Section 15.16 Plant Materials is hereby amended to read as follows:

Sec. 15.16 Plant Materials:

Whenever in this ordinance a greenbelt or planting is required, it shall be planted within six (6) months from the date of completion of the building or improvement, and shall thereafter be reasonably maintained with permanent plant materials to provide a screen to abutting properties. Suitable materials shall have characteristics to the plant materials listed with the spacing as required shall be provided. Final Certificate of Occupancy shall be withheld until planting has been installed and approved. A Temporary Certificate of Occupancy shall be issued in the interim. The provisions of subparagraphs 1 through 4 below shall not be applicable to those areas covered by Section 15.34 Subparagraph 3(a) or (b).

The balance of the Section shall remain the same.

Sec. 3 Amendment to Section 15.24 Site Plan Review

Section 15.24 is hereby amended to read as follows:

Sec. 15.24 Site Plan Review (All Districts):

1. A site plan shall be submitted to the Planning Commission for approval of all uses in all zoning districts enumerated in the Zoning Ordinance except those residential plats subject to the Subdivision Control Act and the Township Subdivision Regulations. One-family residences constructed on properly zoned land shall be excluded from site plan review by the Planning Commission.

2. In the process of reviewing the site plan, the Planning Commission shall consider:

- a. Single-family development on the basis of subdivision.
b. The location and design of driveways providing vehicular ingress to and egress from the site, in relation to streets giving access to the site, and in relation to pedestrian traffic.

- c. The traffic circulation features within the site and location of automobile parking areas; and may make such requirements with respect to any matters as will assure:

- (1) Safety and convenience of both vehicular and pedestrian traffic, both within the site and in relation to access streets.
(2) Satisfactory and harmonious relations between the development on the site and the existing and prospective development of contiguous land and adjacent neighborhoods.

- d. The existing trees and woodlands on the site as defined by Section 15.34.

- e. The Planning Commission may further require landscaping, fences and walls in pursuance of these objectives, and same shall be provided and maintained as a condition of the establishment and the continued maintenance of any use to which they are appurtenant.

- f. In approving the site plan, the Planning Commission may recommend marginal access drives. For a narrow frontage, which will require a single outlet, the Planning Commission may recommend that money in escrow be placed with the Township so as to provide for a marginal service drive equal in length to the frontage of the property involved. Occupancy permits shall not be issued until the improvement is physically provided or monies have been deposited with the Township Clerk.

- g. The Planning Commission shall require marginal access drives for all subdivisions having residential lots facing onto major thoroughfares. Where practical, the Planning Commission shall require a rear lot relationship to major thoroughfares.

- h. The Planning Commission, in reviewing all open spaces provided in any PRUD (Planned Residential Unit Development), or in any cluster, residential or in any multiple-family site plan shall require that said open space be so distributed as to area and so conveniently located physically with respect to the overall development that the open space is central to all residents of this development. Where large acreage is placed in open space development, the placing of several such open spaces in the site plan shall be permitted by the Planning Commission after it finds said open space well located to the needs of the residents.

3. Every plan submitted to the Planning Commission shall contain such information as may be required by the Planning Commission may prescribe in its "Rules for Site Plan Submission." No site plan shall be approved until same has been reviewed by the Township Engineer and Planner for compliance with the standards of this Ordinance. Fees for review of site plans shall be established by resolution of the Township Board.

The rules for site plan submission follow:

- a. Statement of Purpose

The requirements set forth herein are designed to provide the sponsors of projects requiring site plans with guides which will expedite the submission and review of plans, and which will generate clear understandings between the Developer, Technical Reviewing Agents, the Planning Commission and Township Building Officials.

- b. Application for Site Plan Review

- (1) Submission of Application - In order to be placed on the agenda and considered, an application for site plan review, with all requisite material, shall be delivered to the office of the Township Planning and Zoning Department not less than nineteen (19) days in advance of the regularly scheduled Planning Commission meeting.

- (2) Content of Application - The application shall state:

- 2.1 The legal description of the land involved, the street address and the tax item number of the same. (If separately described parcels of land owned by more than one party are involved, then all the information required in this and the following subsections shall be separated and supplied as to each individual parcel.)

- 2.2 The purpose of the proposed site development.

- 2.3 The name of the owner(s) of the fee simple legal and equitable title to the land, and current address and telephone number of same, and if an artificial entity, the name, address and telephone number of the natural person who is the legal representative.

- 2.4 The name, address and telephone number of all persons and entities having legal, equitable, lien or security interests in the land described in 2.1 and a brief description of each such interest.

- 2.5 The applicant shall subscribe the application under oath affirming that the information supplied both on the application and on the materials accompanying the application is true to the best of the applicant's information and belief.

- c. Material to Accompany Application

Material required to accompany an application is divided essentially into these categories:

- (1) An Area Map showing the site location relative to the section, major thoroughfares, parks, public lands and nearby roads, property lines and developed areas shall be submitted in fifteen (15) legible copies, one of which shall be clearly reproducible film transparency. The Area Map may be placed on a sheet of the Topographic Map if suitable space is available. Otherwise, it shall be drawn on a separate sheet, either 8-1/2x11 inches or 11x15 inches.

- (2) Plans and data displaying the characteristics of the site and its surroundings (see paragraph d. below).

- (3) Plans and data displaying the proposed developed condition of the site, including topographic

alterations, improvements, facilities and structures. At his option, the applicant may submit the proposed site plan in two stages. A PRELIMINARY SITE PLAN, which may be prepared at minimum expense, presenting the proposed development concept with sufficient information to enable the Planning Commission to determine whether the concept is acceptable or whether modifications will be required. The second stage will then be a FINAL SITE PLAN showing complete detailed information with exact dimensions, which, when approved by the Planning Commission, shall be understood to represent a firm commitment, and from which actual site development shall not deviate excepting upon formal approval by the Planning Commission of a REVISED SITE PLAN. The following outline of requirements assumes that an applicant will exercise his option to receive review of a PRELIMINARY SITE PLAN. If an applicant so elects, he may omit this stage and submit a complete FINAL SITE PLAN with his application (see paragraphs e., f., and g. below).

- d. Information Concerning Existing Condition of Site and Surrounding Area

The following information displaying the characteristics of the site and its surroundings shall be provided:

- (1) Property Survey - There shall be supplied a property survey, presented on a drawing at suitable scale, signed and sealed by a Registered Land Surveyor with notation of the date of survey. The property survey information may be presented on the required topographic survey drawing. If on a separate drawing, the property survey shall be submitted in fifteen (15) legible copies, one of which shall be a clearly reproducible film transparency.

- (2) Topographic Survey - There shall be supplied a topographic map made, signed and sealed by a Registered Land Surveyor or a Civil Engineer licensed to practice in the State of Michigan. Accurate photogrammetric surveys made under the direction of and verified by and with supplemental details and data added by one of the foregoing will be acceptable.

- 2.1 Scale and Sheet Size - The topographic survey shall be presented on a plan or map drawn to a standard engineer's scale not smaller than fifty (50) feet to one (1) inch. Plan sheets shall be not larger than thirty (30) inches by forty-two (42) inches. Additional matching sheets shall be used if the area covered at the scale used exceeds the thirty (30) inch by forty-two (42) inch size.

- 2.2 Datum - All elevations shall be on U.S.C. & G.S. datum.

- 2.3 Information Required - The topographic map shall be drawn to scale throughout and shall show at least the following information:

- (a) The surface configuration and elevation of the land and all abutting streets, highways and alleys.

- (b) All existing structures on the site and on abutting property within such distance beyond the property lines as the topographic map is required to extend as herein provided for various sizes and types of sites. The dimensions, type of construction, and use of each structure shall be noted.

- (c) All water courses including defined intermittent drainage lines shall be located and identified as to character and size.

- (d) All bridges and culverts which provide passage of storm water onto or away from the site, under abutting roads, shall be shown, with details of sections, length and elevation listed.

- (e) All recorded easements across the site shall be shown, as shall all evidences of possible unrecorded easements such as existing roadways, pipe lines, pole lines, etc.

- (f) The details of improvement of abutting streets and highways shall be shown, including width and kind of surface, curbs, shoulders and ditches (all with all dimensions and elevations requisite to provide a clear definition of existing conditions). Trees or planting within street or highway right-of-way shall be shown.

- (g) All existing roadways or driveways entering abutting streets or highways from the site, or from adjoining land within the limits of survey overlaps hereinafter listed, and all streets, roadways or driveways entering the opposite sides of abutting streets or highways within the same limits, shall be delineated on the map.

- (h) The occupation or use of properties on the opposite side of abutting streets or highways, and of all properties abutting the site shall be noted on the map.

- (i) Where abutting highways have been officially designated for eventual widening, the proposed future right-of-way lines shall be shown.

- (j) All existing utilities including storm and sanitary sewers, water mains, gas mains, electric and telephone lines located in streets, alleys or easements abutting the site shall be identified and shown in their true locations and the locations dimensioned in relation to right-of-way or easement lines. All visible utility structures, including manholes, wells, shut-off boxes and catch basins shall be shown in their true locations. Field measured elevations of flow lines of storm and sanitary sewers shall be shown. Known proposed utility lines shall also be shown and identified.

- 2.4 Extent of Topographic Survey and Map and Details of Representations of Land Configuration - The extent and type of topographic survey and map shall be as follows:

- (a) For a site of not more than three (3.0) acres, excluding the existing right-of-way of any undedicated highway and the declared future right-of-way of any existing highway, the survey and map shall extend to a distance of at least fifteen (15) feet beyond the lines between the site and abutting properties and shall cover abutting streets or highways to distances not less than thirty (30) feet beyond the limits of the site. Surface configuration of the surveyed area may be shown by ground elevations taken at uniform intervals not exceeding thirty (30) feet, and noted on the map in small neat figures to the nearest 0.1 foot of elevation, with the decimal point placed at the location of the elevation. If sufficient number of elevations are listed in their full value to preclude misunderstanding of the data, it will be permissible to omit the digit representing hundreds of feet above sea level from a majority of the elevation notations. Optionally, surface configuration may be shown by contours as described below.

- (b) For a site of more than three (3.0) acres and not more than ten (10) acres excluding the existing right-of-way of any undedicated highway and the declared future right-of-way of any existing highway, the survey and the map shall be extended at least forty (40) feet beyond the lines of abutting streets or highways to distances of not less than one hundred (100) feet beyond the limits of the site. Surface configuration of the surveyed area shall be shown by contours which shall be at elevation intervals as follows:

Rate of Slope of Surface	Maximum Contour Interval
Up to 3 feet in 100 feet	1.0 foot
Between 3 feet and 20 feet in 100 feet	2.0 feet
Greater than 20 feet in 100 feet	5.0 feet

Contour elevations shall be identified at sufficiently frequent intervals to make the map readily comprehensible. At each of the listed contour intervals, every fifth contour shall be accented. Elevation in figures shall be noted at highest points within hill top contours, at lowest points

within depression contours and at control points between equal contours denoting "saddle" formation. Within street and highway rights-of-way, contours shall be supplemented by noting in figures the elevation of all controlling points.

- (c) For a site of more than ten (10) acres, the survey and map shall be extended at least one hundred (100) feet beyond the lines of abutting properties and shall cover abutting streets or highways to a distance of not less than two hundred (200) feet. Surface configuration of the surveyed area shall be shown in the same manner as provided in the foregoing Section 2.4(b).

- 2.5 Copies Required - The Topographic Map shall be submitted in fifteen (15) copies, one of which shall be a clearly reproducible film transparency.

- (3) Trees and Woodlands

The following additional information shall be submitted for all projects applicable under Trees and Woodlands Protection, (Section 15.34 of this Ordinance):

- 3.1 For trees and woodlands areas within which no development is proposed, the general locations, based on aerial photography interpretation or sampling methods, of existing trees shall be shown. A summary of the number, size and species of trees, shrubs and groundcover shall be provided.

- 3.2 For woodlands areas within which development is proposed, a tree inventory shall be provided on the topographic map identifying all trees of eight (8) inch d.b.h. or more by size, common and genus name (i.e., Maple/Acer) and condition. A separate key identification shall be provided and all such trees shall be tagged in the field with an identifying number.

- 3.3 Existing general soil conditions within the woodlands areas throughout the parcel based on soil borings or Soil Conservation Service Maps shall be provided.

- 3.4 For all trees eight (8) inches d.b.h. or greater within a woodlands area proposed to remain, and twelve (12) inches d.b.h. trees or greater outside woodlands areas, a topographic elevation at the base of the trunk shall be indicated. A summary by number, species, and size, of trees less than eight (8) inches d.b.h., shrubs and groundcover within a woodlands area and information as to whether they are to remain or be transplanted shall be provided.

- (4) Supplemental Information

- 4.1 Storm Water Inflow - Every point of concentrated storm water inflow onto the site shall be identified on the Topographic Map. For each such point, there shall be provided a statement of the estimated tributary area (in acres or square miles), its estimated runoff characteristics, and a calculation of the maximum rate of inflow (in cubic feet per second) for flood conditions of probable frequencies of ten (10) years and of fifty (50) years. If convenient, this information may be placed on the Topographic Map. Otherwise, it may be reported on 8-1/2x11 inch sheets, and submitted in fifteen (15) copies.

- 4.2 Other Pertinent Information - There may be submitted with the Topographic Map a supplemental statement describing any special or unusual existing conditions, not readily disclosed on the map, which might significantly affect design of the Site Plan or the conclusion of the Planning Commission. Such statement shall be presented on 8-1/2x11 inch sheets, and submitted in fifteen (15) copies.

- 4.3 Title Ownership - A title insurance commitment, certified to a date no earlier than the date of the notarization of the applicant's signature on the application, and showing forth the land described in 3.b.(2)(2.1), the owner(s) of the premises, and all instruments of record affecting said premises including without limitation easements, liens, and encumbrances, and the nature of the same, shall be attached to and accompany the application. In lieu thereof, the applicant may provide the opinion of an attorney certifying the same information as would be contained in the indicated title insurance commitment.

- e. Site Plans - General Requirements

- (1) Responsibility - A site plan may be prepared under the principal direction of a Registered Architect, Registered Civil Engineer, Registered Community Planner, Registered Land Surveyor or Registered Landscape Architect (licensed to practice in the State of Michigan). Information relating to trees and woodlands shall be prepared under the direction of a Registered Forester or degreed Forester. The tree inventory shall be done jointly by a Registered Forester and a Registered Land Surveyor or Registered Civil Engineer. However, the Principal shall in no case expand his contribution to the plan beyond the field of expertise of his profession or field of qualifications explicitly in his license. Plan components not covered by the qualifications of the Principal shall be developed by Registered professionals having the requisite qualifications. The name and address of the Principal primarily responsible for the plan shall appear on the plan, accompanied by his statement that, in his opinion, the site plan complies with all ordinances and regulations of the Township, except where otherwise stated, over his seal and signature. The seals and signatures of other Registered professionals involved in preparation of the site plan shall appear on the plan, each accompanied by a statement of the signer's area of field of responsibility.

- (2) Details

- 2.1 The Site Plan shall be prepared at the same scale and in the same sheet arrangement as the Topographic Map, so as to admit of ready comparison. Required tree or woodlands information shall also be at the same scale.

- 2.2 Each sheet of the Site Plan shall show a north arrow and a notation of the drawing scale. The principal sheet of the plan shall show a graphic scale as well as scale in figures.

- 2.3 The name of the proposed development and the name and address of the proprietor or responsible developer shall appear on each sheet of plan. Each sheet of plan shall bear a drawing number and date of completion.

- 2.4 Any drawing altered after initial submission to the Planning Commission shall bear notations stating the date and nature of each revision.

- 2.5 The survey dimensions of the site shall be shown on the Site Plan.

- 2.6 All abutting highway and street rights-of-way and all existing street improvements which will be undisturbed by the site development shall be reproduced on the Site Plan.

- 2.7 All dividing lines between abutting properties shall be shown to a distance of at least twenty (20) feet from the boundaries of the site and all topographic survey information relative to abutting properties shall be reproduced on the Site Plan for a distance of at least fifteen (15) feet beyond the limits of the site.

- f. Preliminary Site Plan

- (1) Preparation - With the requirements of the preceding paragraph e. satisfied, a Preliminary Site Plan may present the proposed development primarily in the form of a plan drawn to scale, without detailed design calculations or complete dimensions. The drawing shall be geometrically true so that a Final Site Plan with complete calculated dimensions shall not vary significantly from the Preliminary Site Plan.

- (2) Reference to Zoning Ordinance - Reference shall be made to the Northville Township Zoning Ordinance for requirements applicable to the Zoning District in which the site is located and to the type of development proposed by the Site Plan. Requirements include, without being limited to, height and spacing of buildings, yard and setback requirements (all sides), access, obscuring walls or fences, greenbelts, parking provisions, and density limitations for residential developments.

- (3) General Details

- 3.1 Grading
(a) Elevations. The proposed grading of the site shall be indicated by noting the proposed grade elevation or elevations at each structure, at control points of roadways, walkways and parking areas, and at points

Continued on 7

Maybury park lining up for state proposal D funds

Continued from Page 1

The Maybury improvements may not be the only reward Northville reaps from the bond sale, however. Locally, there may be some projects eligible for the funds as well.

"We will be trying to get something from Proposal D," Northville Recreation Director John Anderson said last week. "We haven't submitted a proposal yet." Anderson would not specify what projects in Northville might qualify for the money, but he said some needed improvements would fall under the proposed qualifications. The criteria for allocating the local improvement

money is not yet set. The state Department of Natural Resources has been holding hearings on a proposed set of guidelines. As proposed, the money would go for local projects of renovation, repair, upgrading, or structural improvements of an existing facility at least 20 years old. The improvement would have to be good for an expected 10 years.

The bond money would provide 75 percent funding for local projects. Local communities would have to come up with the rest of the cost on their own.

Anderson said Northville's options to apply for the money will be discussed before the Northville Recreation Commission once the DNR has settled on criteria.

Charter Township of Northville

Continued from 6

near the perimeter of the property. Each proposed elevation shall be noted in figures enclosed in a rectangular box. Elevations may generally be shown to the nearest 0.5 foot, with the understanding that the Final Site Plan may show adjustments of elevations not exceeding 0.5 foot. However, in areas of connections with existing streets and highways, elevations shall be shown to the nearest 0.1 foot with adjustments limited to plus or minus 0.1 foot. The directions of flow of surface water on the finished site shall be clearly indicated by arrows and the points of collection of surface water shall be shown on the plan. If large landscaped open areas are proposed on the plan, their proposed grading may be indicated by contours at elevation intervals of 1.0 foot.

(b) ~~T2221~~ Preliminary grading plan and statement as to grade changes proposed and proposed drainage pattern changes for the lot or parcel and how such changes will affect the trees or woodlands for the entire site shall be provided.

3.2 Drainage

(a) Proposed drainage provisions shall be clearly indicated on the plan. Sites of open drains or conduits need not be detailed on a Preliminary Site Plan. However, the routes of open ditches or swales proposed as collectors and/or channels for drainage shall be shown. Drainage provisions shall include maintaining at least the ten (10) year storm flow of any existing drainage entering the site.

(b) The plan shall show the calculation of total runoff from the site of a storm or flood of probable ten (10) year frequency for the existing condition of the site and for the conditions after full development.

(c) Unless it can be clearly shown that storm water outlets exist or that construction of adequate storm water outlets of increased capacity is assured for a date earlier than completion of the site development, the plan shall include storm water detention provisions of such capacity that the discharge of storm water from the site will be no greater than the current runoff from the site in a storm of ten (10) year probable frequency. The location and approximate extent and volume of detention facilities shall be shown on the plan.

3.3 Protection of Trees and Woodlands

(a) A statement showing how trees designated to remain are to be protected during land clearing, construction and on a permanent basis shall be provided. The statement shall include the proposed location of protective barriers, tree wells, tunnels or retaining walls.

(b) Within the woodlands areas the number of trees to be cut which have a d.b.h. of eight (8) inches or greater shall be identified; plus a plan and cost estimate for their replacement.

(c) In development areas, a proposed method for identifying in the field all trees to be retained shall be provided. Methods could include painting with waterborne paint, flagging, etc., prior to field inspection.

3.4 Water Supply

(a) The source of water supply shall be indicated on the plan.

(b) If multiple occupation of the site is proposed with water connections to separate users, requiring onsite water mains, the proposed points of connections with the public water system and the approximate routes of on-site water mains shall be shown on the plan.

3.5 Waste Water Disposal

(a) If waste water disposal is proposed by means other than discharge to the public sanitary sewer system, the proposed arrangement shall be presented in complete detail, and specific approval of the Health and Pollution Control agencies having jurisdiction shall be presented before review of the Site Plan will proceed.

(b) If multiple occupation of the site is proposed with water connections to separate users, requiring on-site water mains, the proposed points of connections with the public water system and the approximate routes of on-site water mains shall be shown on the plan.

3.6 Roads, Driveways, Sidewalks - Proposed surfaced width of roads, driveways and sidewalks shall be dimensioned.

3.7 Parking areas - Parking areas, where required, shall be drawn to scale on the plan. For each contiguous row of parking spaces, the arrangement of a typical space shall be shown with complete dimensions and the number of spaces provided in each row shall be noted. Driveway or lane widths shall be dimensioned.

3.8 Special Features - Special features such as obscuring walls, fences and greenbelts shall be drawn on the plan, with dimensions noted and the type of proposed construction or planting clearly described.

3.9 Statement of Areas - There shall be shown on each Preliminary Site Plan a statement of land area, in acres, including:

- Total owned area in plan.
- Area in existing and proposed public or dedicated private streets and highways, in each land use type.
- Submerged areas.
- Net area, excluding streets and highways, but including open space, if any, in each land use type.
- Area of designated open space provided in each land use type, with amount of included submerged area, if any.

The balance of Section 15.24 remains as is.

Sec. 4. Amendment to Section 15.32 Non-Commercial Radio and Television Reception Antennas.

Section 15.32 Non-Commercial Radio and Television Reception Antennas is hereby renumbered as Section 15.33.

Sec. 5. Addition of New Section 15.34 Tree and Woodlands Protection.

Ordinance 77, the Zoning Ordinance is hereby amended to add a new Section 15.34 Tree and Woodlands Protection which section shall read as follows:

Sec. 15.34. Tree and Woodlands Protection.

The Charter Township of Northville finds that rapid growth, the spread of development, and increasing demands upon natural resources have had the effect of encroaching upon, despoiling, or eliminating many of the trees and other forms of vegetation and natural resources in the Township. The processes associated

therewith, if preserved and maintained in an undisturbed and natural condition, constitutes important physical, aesthetic, recreational, and economic assets to existing and future residents of the Township, therefore:

1. Statement of Purpose

- To provide for the protection, preservation, replacement, proper maintenance, and use of trees and woodlands located in the Charter Township of Northville and to minimize the disturbance of trees and woodlands and prevent damage from erosion, siltation, and flooding, or a loss of wildlife and vegetation, and/or the destruction of natural habitat. In this regard it is the intent of this section to protect the integrity of woodlands areas as a whole, in recognition that woodlands serve as part of an ecosystem and to place priority on the preservation of woodlands, trees, similar woody vegetation, and related natural resources over development when there are other location alternatives.
- To protect the woodlands (including trees and other forms of vegetation) of the Charter Township of Northville for their economic support of local property values when allowed to remain unharvested and/or unharvested.
- To provide paramount public concern for these natural resources in the interest of health, safety, and general welfare of the residents of the Charter Township of Northville.

2. Definitions

- (D.B.H.) diameter breast height:** The diameter in inches of a tree measured at four and one-half (4-1/2) feet above the existing grade.
- Drip line:** An imaginary vertical line that extends downward from the outermost tips of the tree branches to the ground.
- Groundcover:** Means low-growing shrubs, woody vegetation, wild flowers and other small herbaceous plants within a woodlands area.
- Historic tree:** A historic tree shall mean a tree which has been designated by the Charter Township of Northville Planning Commission to be of notable historic interest to the Charter Township of Northville because of age, type, size or historic association.
- Material:** The term "material" shall include soil, sand, gravel, clay, peat, mud, debris, and refuse, or any other material organic or inorganic.
- Protective barrier:** A physical structure limiting access to a protected area, composed of wood or other suitable materials to insure protection of trees and woodlands.
- Shrub:** A woody plant of one (1) to thirteen (13) feet in height with several erect, spreading or prostrate stems and a general bushy appearance.
- Specimen tree:** A specimen tree shall mean a tree which has been designated as a specimen tree by the Charter Township of Northville Planning Commission because of its high value as a representative tree of a species, due to its size, age, or other prominent characteristic.
- Transplant:** The moving of a tree from one place on a property and the planting of the same tree in another place.
- Tree:** A woody plant with an erect perennial trunk, which at maturity is thirteen (13) feet or more in height, which has a more or less definite crown of foliage.
- Vegetation:** Referring to plant life in general (i.e., shrub and groundcover) and as it pertains as part of a Woodlands as protected herein.

1. **Woodlands Areas:** All areas (including all trees, shrubs and groundcover regardless of size) which are designated in the Woodlands Area Map, including trees that were previously existing for a period of two years prior to a site plan being submitted.

3. Woodlands Applicability

Site Plans shall be reviewed for tree protection when the site contains one or more of the following:

- A woodlands area as depicted on the Woodlands Area Map.
- Officially designated Historic or Specimen Trees.
- Other trees not found on the Woodlands Area Map which are twelve (12) inches in d.b.h. or greater.

4. Woodlands Area Map

a. The Woodlands Area Map is to be used as a guide for determining whether a project is applicable for Tree Protection Review as provided in Section 15.34 subparagraph 3. The Woodlands Area Map also shall include the location of designated historic and specimen trees.

b. Where uncertainty exists with respect to the boundaries of woodlands areas as shown on the Woodlands Area Map, the following shall apply:

- Distances not specifically indicated on the map shall be determined by the scale on the map.
- Where physical or natural features existing on the ground are at variance with those shown on the Woodlands Area Map, or in other circumstances where uncertainty exists, the Planning Commission shall interpret the woodlands boundaries.

c. The Planning Commission shall review and accept any proposed changes to the Woodlands Area Map.

5. Specimen/Historic Trees

A nomination for designation shall be brought up for consideration by the Planning Commission.

a. Any Township resident or property owner may nominate a tree within the Charter Township of Northville for designation as a specimen tree, or historic tree.

b. The Planning Commission may designate a tree as a specimen or a historic tree upon a finding that, one or more of the following unique characteristics:

- The tree is the predominant tree within a distinct scenic or aesthetically valued setting.
- The tree is of unusual age or size for that species in this climatic and geographic location. (Examples include trees listed on the American Association of Social Register of Big Trees or the Michigan Botanical Club as a large trees.)
- The tree has gained prominence due to unusual form or botanical characteristics.
- The tree has some historical significance to the Township.

6. Review Procedures

The Planning Commission shall review all plans in regard to designated trees and woodlands and may impose such conditions on the manner and extent of the proposed activity or use as are necessary to ensure that the activity or use will be conducted in such a manner as will cause the least possible damage, encroachment or interference with natural resources and natural processes within the woodlands areas or to trees.

7. Review Standards

The following standards shall be used to review site plans that contain trees or woodlands (as defined by Section 15.34 subparagraph 2):

- The protection and conservation of irreplaceable natural resources from pollution, impairment or destruction is of paramount concern. The preservation of woodlands, trees, similar woody vegetation and related natural resources, shall have priority over development when there are other on site location alternatives.
- The integrity of woodlands areas shall be maintained irrespective of whether such woodlands cross property lines.
- The woodlands shall be evaluated for the quality of the involved woodlands area, based upon information supplied by the applicant, including consideration of:

- Soil quality as it relates to potential tree disruption.
- Habitat quality.
- Tree species (including diversity of tree species).
- Tree size and density.
- Health and vigor of tree stand.
- Understory species and quality.
- Other factors such as the value of the woodlands area as a scenic asset, windblock, noise buffer, environment asset (i.e., cooling effect, etc.), and the value of specimen or historic trees within the woodlands area.

d. The removal or relocation of trees or shrubs within woodlands areas shall be limited to either instances:

- When necessary for the location of a structure or site improvement and when no feasible and prudent alternative location for the structure or improvements can be had without causing undue hardship.
- The tree is dead, diseased, injured and in danger of falling too close to proposed or existing structures, or interferes with existing utility service, interferes with safe vision clearances, or conflicts with other ordinances or regulations.

e. Where the removal or cutting of any trees eight (8) inches d.b.h. or greater within the woodlands area or greater, is permitted, replacement trees shall be provided.

f. The proposed activity shall include necessary provisions for tree protection.

g. The burden of demonstrating that no feasible and prudent alternative location or improvements without undue hardship shall be upon the applicant.

8. Relocation or Replacement

Trees shall be provided by relocation or replacement whenever:

- Trees of eight (8) inch d.b.h. within the woodlands area or greater are proposed to be removed. The tree relocation or replacement shall be on a one-to-one ratio, provided that all replacement trees are of a two and one-half (2-1/2) inch caliper or greater.
- All purchased replacement trees shall satisfy American Association of Nurseryman standards, such as:
 - Nursery grown.
 - State Department of Agriculture inspected.
 - Tree spade transplanted while in the dormant state, or, if not in the dormant state, having been balled and burlapped with a solid well-laced root ball when in the dormant state.
 - No. 1 grade, with a straight unscarred trunk and a well-developed uniform crown (park grade trees are unacceptable.)
 - Staked, fertilized, watered and mulched in accordance with standard planting practices.
 - Guaranteed for one year, including labor, to remove and dispose of dead materials.
 - Of the same species as the removed tree where available from Michigan nurseries. Where trees of the same species are not available, replacement shall be pursuant to the replacement chart, used as a general guide, on file in the office of the Planning and Zoning Department. Group 1 trees may be replaced by other group 1 trees. Group 2 trees may be replaced by group 1 trees or other group 2 trees. Group 3 trees may be replaced by group 1 or 2 trees or by other group 3 trees. Site factors (i.e., wet site, dry site) must be given consideration in replacement choices.
- Transplanted trees from the woodlands area may be used for replacement trees.

c. The location of replacement trees shall be subject to the approval of the Planning Commission.

d. Where woodland densities permit, tree relocation or replacement shall be within the same woodlands area as the removed plants. Where tree relocation or replacement is not feasible within the woodlands area, the relocation or replacement may be elsewhere on the property where the proposed activity is to be conducted. If that location is not feasible relocation or replacement may be made at another approved location within the Township on public land.

9. Tree Protection During Construction

Before development, land clearing, filling or land alteration commences, the developer shall be required to erect for the protection of remaining plants, barriers as approved by the Township.

a. Such protection shall remain in its approved location until such time as it is authorized to be removed by the Township, or issuance of a Final Certificate of Occupancy. During construction, no attachments or wires shall be attached to any of said trees to be protected. Wood, metal, or other substantial material shall be utilized in the construction of barriers. Barriers will be required for all trees being protected, except in the following cases:

- Street right-of-way and utility easements may be ribboned by placing stakes a maximum of fifty (50) feet apart and tying ribbon, plastic tape, rope, etc., from stake to stake along the outside perimeters of such areas to be cleared.
- Large property areas separate from the construction or land clearing area into which no equipment will venture may also be ribboned off as above.

b. No activity shall be conducted within the drip line of any tree designated to be retained, including but not limited to the placing of any solvents, material, construction machinery, or soil within such drip line.

c. The developer and/or the builder shall erect signs throughout the project that are clearly visible stating words to the effect that all subcontractors, suppliers and tradesmen are to help maintain the trees and will be held responsible for any unauthorized damage to trees and woodlands.

Sec. 6. Repealer.

All ordinances or parts of ordinances in conflict herewith are repealed.

Sec. 7. Severability.

Should any section, subsection, paragraph, sentence, clause or word of this ordinance be held invalid for any reason, such decision shall not effect the validity of the remaining portions of the ordinance.

Sec. 8. Savings.

This amendatory ordinance shall not affect violations of the Zoning Ordinance or any other ordinance existing prior to the effective date of this ordinance and such violation shall be governed and shall continue to be separately punishable to the full extent of the law under the provisions of such ordinance at the time the violation was committed.

Sec. 9. Effective Date.

This ordinance shall become effective upon its publication. This ordinance is declared to be an emergency ordinance. This ordinance was adopted by the Charter Township of Northville Board of Trustees at a regular/special meeting held on the 12th day of January, 1966, and ordered to be given publication in the manner required by law.

The Northville Record

Our Opinions

Phasing students to Moraine is best choice

Turnout was high for the public hearing regarding potential changes at Amerman Elementary School to relieve the current overcrowding. The school board wisely moved the meeting to the high school auditorium so that all interested parties could listen and discuss the proposals.

Any change in Northville schools is bound to elicit strong response. And that's good. The parents and community members care deeply about the school system and when it became evident that Amerman was overcrowded, parents were the first to get involved in calling for relief.

Superintendent George Bell laid out several possibilities for relieving the situation. All involved reopening a closed school, either Moraine or Cooke. All of them offer good points and bad. The decision that will be made will no doubt not be the unanimous choice of parents.

During the hearing one proposal stood out from all the others. Opening Moraine to K-5 grade students west of Taft Road seemed at the outset to make the most sense. Moraine would become a neighborhood school for at least 50 percent of the students currently attending Amerman by bus. The cost of opening Moraine was estimated at approximately \$80,000 versus the approximate cost of \$160,000 to open Cooke school. Finances must be taken into account. The district's budget is about as tight as it can be and figuring out how to finance either of these options will be delicate, making the least expensive option certainly one of the best.

Jeff Lightfoot, a teacher and father of two Amerman students, brought out a good point at the public hearing. If the change to Moraine for

K-5 students is phased, meaning current fifth graders would remain at Amerman while their K-4 counterparts move to Moraine, then the fifth graders would not be forced to switch schools twice in one year. Moving schools is hard on children who have come to know the building and teachers, and there is no sense in making one grade do it twice.

We support the proposal to open Moraine Elementary school to K-5 grade students who reside west of Taft Road. But we agree with the suggestion that the move be phased; beginning with K-4 students, allowing the fifth graders to finish their year out at Amerman and move on to Meads Mill in the regular cycle.

This option will relieve the overcrowded situation. It appears to be the most cost effective. Also, Mary Kay Scullen, Principal at Moraine, has assured parents and the board that the Early Childhood program, currently housed at Moraine, will be able to continue with a portion of it moving to Cooke School.

This option is particularly important as any opening of Cooke School would have meant the immediate removal of the Senior Citizen Drop-in Center — a very vibrant program that deserves the opportunity to phase its own move, if that becomes necessary. Moving a portion of the Early Childhood program to Cooke will also allow these young children a chance to meet and socialize with the seniors, an educational bonus for all.

We do hope the school district will work with the Northville Cooperative Preschool in finding them appropriate space if it becomes necessary for this program to move from Moraine.

Code makes good sense

The city council last week adopted a resolution that, with luck, will never need to be formally used for its own worst case.

The resolution is a formal code of conduct and ethics for people associated with the city in an official capacity — city council members, city employees, and members of the city's many boards and commissions.

Until last Monday, rules of ethics for these folks were not really enumerated. City employees could lose their job for misconduct, but no one was completely sure just what constituted such misconduct.

Now, they know. The new set of standards specifically defines misconduct in terms of conflicts of interest, revealing confidential information and the other issues with which public servants are faced. It also details a procedure to follow when a conflict may be present.

The new policy is a good step. City Manager Steve Walters, the city coun-

cil, and the board and commission members who gave their input all deserve congratulations for their work.

The standards are concise, readable and short enough to be effective. Especially praiseworthy is the fact that they apply to everyone who has an official role in the city, whether appointed, elected or hired.

Having the rules definite and known will help all affected people in their thinking and judgment. And, if ever a charge of misconduct does arise, the judging party will have a firm foundation for any decisions.

It's to the city's credit that this idea arose without any burning conflict-of-interest question spurring it on at the moment. Such issues have caused bad feelings and raised serious questions in nearby communities. Having the standards in place when there is no issue present may very well prevent such issues from developing in the future.

Term needs extension

Barbara O'Brien's career as a planning commissioner opened with a rocky start last Thursday. It began with an agenda change, and ended with a one year appointment instead of the usual three year term.

In what township officials are calling a "new program", the board appointed O'Brien for one year, and in effect, approved the recommendation of Supervisor Georgina Goss.

The initial agenda for Thursday's meeting indicated a three year planning commission appointment, while the revised agenda showed the appointment to be only for one year. Goss said this was due to a clerical error.

In a Tuesday interview, Goss said she recommended the one year term to give appointees an opportunity to sit on

the commission and find out if they enjoy the amount of dedication needed.

A one year appointment is simply too short. For an individual to learn the ins and outs of any commission takes time. Because of the vast amount of technical knowledge needed to be a successful planner, it may take more time to learn this position. With a one year term, after learning the position an appointee will have only a short time to serve before facing reappointment.

The standard three year appointment to township commissions may be too long. If, as O'Brien said the board is concerned about poor attendance by planners, then it may want to shorten the length of all commission appointments. Somewhere between one and three years may be more appropriate.

Affordable Northville

By Bob Needham

Booming residential development is nothing new in Northville and Novi. For the last several years, this area has seen homes springing from the ground right and left. But a pattern seems to be developing in all this construction, and I don't think it's entirely healthy.

Sometimes it seems like each new residential development is more expensive than the one before. One-acre lots become popular, only to be replaced by two-acre lots. Houses get bigger and bigger, condominiums get ritzier and ritzier. Not long ago, this paper ran a story on the possibility of million-dollar homes being built nearby. It looks pretty likely.

Obviously, there are exceptions: the Novi Planning Commission recently approved one area for smaller lots. But this comes in the midst of a major effort to increase lot sizes throughout the whole western half of the city.

Existing housing is getting more expensive, too, and it's happening quickly. Once again this year, plenty of homeowners around the area are probably going to see 20 percent increases in their property assessments. The Headlee amendment supposedly limits the impact of these rises on homeowners, although anyone with an above-average increase will still feel the pinch.

Except at tax bill time, all these situations are generally considered good news, the "best and highest use" of the land. Large lots look nicer than small ones. You know that anyone paying a lot of money for a home is going to keep it up. New building means new tax revenue, which can mean better services or lower tax rates generally. Rising assessments show that people want to live here — want to make a home here — because of schools, shopping, atmosphere or whatever else. We all know why we like it here.

But this coin has a flip side. The more expensive Northville and Novi get, the fewer people are able to live here. The community is getting steadily more wealthy, steadily more exclusive. I haven't tried, but I'm sure the "affordable" housing that does exist in the area is getting harder and harder to find.

This is a shame. To be a real success, I think, a community needs a cross section of housing. Sure, fine, put in your million-dollar homes. But don't forget the other end.

Diversity is a vital part of the foundation of this country, and any community without a good deal of it is really missing out. I'm not sure how you encourage diversity, but I do know that setting a minimum income level for your town is not the way to do it.

Let me say right now that my concern is basically selfish. I like it around here. I currently rent in Plymouth — and enjoy it very much — but someday I'd like to buy a house in this area. And I can't see how I'll ever be able to. (At present, I couldn't afford to buy a packing crate at the South Pole, but that's neither here nor there.)

The obvious questions that arise now are: Should local governments really do anything about this? And can they?

Well, I think they should. And I think they can.

I'm the first person to smile when an expensive development is arranged to save woods or a swamp, and I don't deny big lots look swell. Yes, the free market has spoken, and it has told us Northville can support lots of luxury housing.

But as officials look for areas appropriate to those developments, they ought to also look for areas to serve the rest of the people. The City of Northville is just about done with its residential development, and in fact boasts a fair amount of housing that's as affordable as is realistically possible. But Northville Township and Novi have room to work.

The free market works in conjunction with local regulations. Expensive homes are encouraged with large-lot zoning. I wish a little more thought could be given to encouraging more affordable homes. I'll lay you dollars to doughnuts the free market would support that, too. And the community would be far richer, in the best and highest sense of the word.

Reach for the sky

After the fact

By Phil Jerome

It's not easy being me. Hey, don't get me wrong. I'd rather be me than almost anybody. Except for Wayne Gretzky, of course.

But being me . . . being the managing editor of a hometown community newspaper comes with its disadvantages. Believe it or not, it's not all glamor, folks. Lately it seems like there are hundreds of people who would like nothing better than to see me tarred, feathered and run out of town on a rail. It's an occupational hazard.

At any rate, I exposed myself to a certain element of risk when I showed up at the Novi Civic Center for the second annual Chilly Willy Festival last week. And I got it in spades.

First of all, I was tricked into entering the "Old Man Winter Contest," and the judges made the most of the situation. Reporter Phil Ginotti, a snoopy type, looked over the shoulder of one of the judges and reported that I had received scores of straight-zeroes.

Wow, straight zeroes? I'm afraid to ask what the categories were, but I can only guess. Looks? Personality? Wit? Intelligence? Charm? Straight zeroes, eh? Not even a single point.

Frankly, it didn't bother me too much. If you can't accept the fact that some people think you're a zero, you might as well get out of the business.

But what did bother me was that I didn't even place in the adult section of the Chilly Willy coloring contest. Sure there were other good entries. But only one of them had a beautiful purple Chilly Willy penguin like mine, and the guy who won it — John Duneske, had a drab old black-and-white penguin.

What's worse, I didn't even put my real name on the picture, trying to trick the judges into not voting it down because of the artist. But my ruse failed; my picture didn't even place. Like I said, it's not easy being me sometimes.

Reader Speaks

Assessments should only rise slightly

To the Editor:

Like clockwork again this year, our township assessors are projecting our real estate (home) assessments may increase by 16 percent. As we all know, and as I've complained about in the past, it is almost "automatic" — new year, raise assessments, raise taxes.

However, this year, before they come to us and ask us to take the time, effort, some expense and trouble to each fight our own increases, let's have them prove to us why they should (the assessments) go up at all when at best our property values have just held their own in the last year, with most actually losing value over the previous year. Just ask any

local Realtor or more importantly ask any of your neighbors who are trying to sell or have sold recently.

This is ludicrous to be faced with automatic increases every year. It only tells me that the assessors are not doing their jobs. Why? Because anybody can sit behind a desk, read a few newspapers, government publications or journals and say "let's increase assessments." Reality doesn't support this decision.

At best, three to five percent increase to cover inflation might be justified. And worse, this year, we get both barrels if assessments rise with the approved millage increase for our police department. Will it be used for our police? (I (we) hope so!) Greg Arceri

Editor's Note: Assessment levels are legally bound to be between 49 and 50 percent of the true market value of a piece of property. Sales records are used for assessment measures. The projected increases released last week were from Wayne County, not the township.

PTA thanks

To the Editor:

The Amerman Elementary School PTA would publically like to thank all of the following merchants in Northville and Novi for their generous donations and support for our Pancake Breakfast: Freydl's Dry Cleaning, Preferences, Genittis, Northville

Pharmacy, Pizza Cutter, Towne & Country Cyclery, Anne's Fabrics, Grandma Betty's, Novi Bowl, Juan Carlos, Fashion Cellar, Carolyn Dumphy, Fox Photography, Chilis, Sandie's Hallmark, Book Stall on Main, Domino's Pizza, Great American Pizza, Anne's Crafts, Judy's Country Curtains, Guernsey, Marquis Theater, D & D Bikes, Perrins Sportshop, Orin Jewlers and Crawfords.

It was a huge success and your donations helped immensely. We know why our community is so great; because of people and merchants like you!

This is another in the continuing series of columns written for the Record by Charles Stillec, Northville High School Student Assistance Program Coordinator.

"As the old man walked down the beach at dawn, he noticed a young man ahead of him picking up starfish and flinging them into the sea. Finally catching up with the youth, he asked him why he was doing this. The answer was that the stranded starfish would die if left until the morning sun.

"But the beach goes on for miles and there are millions of starfish," countered the other. "How can your effort make any difference?"

"The young man looked at the starfish in his hand and then threw it to safety in the waves. 'It makes a difference to this one,' he said."

— From West Bloomfield Families In Action Newsletter — by the Minnesota Literacy Council.

We as concerned persons need to believe

that our efforts in the fight against substance abuse can and do make a difference. Please, we need your help in continuing to offer new programs and educational opportunities for our community members. We need you to bring a friend and attend the Northville Action Council meetings, the third Thursday of each month at 7 p.m., Northville City Hall. The next meeting is tonight, Thursday, Jan. 19 at 7 p.m.

In looking at attitudes toward alcohol and drinking patterns and smoking habits, studies show that most adults are a lot like their parents. The amount you drink or smoke is not the only behavior you show your children. They also notice why you drink or smoke, when you drink and whether you drive, boat, swim or perform any other activity that is dangerous when combined with alcohol.

Other studies show that children whose parents smoke are more likely to smoke themselves. Research has not shown drinking in front of your children to be harmful.

But showing children that adults abstain from alcohol is setting a positive example.

But parents who do not drink or smoke sometimes make the mistake of not discussing alcohol or tobacco use with their children. These parents need to realize that they are not the only role models their children have.

For parents or concerned significant others who need support, guidance, a forum to unload, share, feel accepted and even get or give some direction, we highly recommend a program in Northville called the Parent Support Group which meets at 7 p.m. every Tuesday. As parents we need to realize also that there are times when we need to reach out for support and that support is available through the Parent Support Group which meets at Moraine School weekly. For further information call 344-1618.

Remember — it's not what you know that counts, it's what you do with what you know.

Short meetings

By Bruce Weintraub

I'm such a lucky guy.

If there are two things that I dislike most in the world it's writing notes and spending my evenings at long, boring board meetings.

Luckily, being a Northville Township reporter involves neither.

Each week, my colleagues ramble on during our Thursday staff meeting about how late their board and council meetings last. They go on further to tell about the disagreements board members had and what great stories they will make.

Imagine my glee when I get to tell them how amicable the township board acts on every second Thursday of the month. For example, following last Thursday's meeting I realized that on the approximate 25 roll call

and voice votes, the board voted unanimously on each and every one of them.

Furthermore, very little discussion preceded each vote. I didn't have to sharpen my pencil once and only used three sheets of paper. That is not to say important issues weren't put before the board. An emergency passing of the woodlands ordinance, the resignation of the township manager, and the appointment of a new planning commissioner made for a potentially stirring discussion.

However, the always agreeable board roared through its agenda in two hours, in time for me to get home and not miss a minute of "L.A. Law."

After thoroughly reading the front page of the Record, I'm sure many of you are

wondering how I got quotations from trustees Richard Henningsen and Richard Allen. Well, those remarks were furnished through Monday evening phone calls.

To bring this column full circle, I am not trying to indicate that I want board meetings to run into the early morning hours, ala the Novi planning commission.

Yet, for the benefit of a lonely reporter with little else to do in the evening, and residents who are generally concerned with township issues, more comments and input would be helpful.

After all, these board meetings are not only the place to discuss the issues, but the first opportunity board members have to talk about them with each other.

Obituaries

NORMAN L. COON

Mr. Norman L. Coon, 75, of Livonia, died Jan. 7 at Botsford General Hospital.

Mr. Coon was born Nov. 21, 1913 in Redford Township to Russell Wellwood and Minnie Christine (Argleben) Coon.

Mr. Coon is survived by his daughters Barbara Bowles of Ann Arbor and Patricia Lynn Coon of San Diego, son David Lewis Coon of Dearborn; brothers Harold R. Coon of Lathrup Village, Stanley L. Coon of Northville, Raymond Coon of Gaylord and Marilyn Coon of Gaylord, and two grandchildren.

Mr. Coon founded a gas station in 1932. In 1955 he founded a dealership on the same location. He was co-owner of Coon Brothers, Inc. a Jeep-Eagle Dealership in Redford Township. He was a member of Grace Emmanuel Bible Church in Detroit.

Funeral services were held on Jan. 11 at the Harry J. Will Funeral Home in Redford. The Rev. Charles Sexton officiated. Interment was at Grand Lawn Cemetery in Detroit.

JOSEPHINE M. NILL

Mrs. Josephine M. Nill, 97, of Novi, died Jan. 12 at the Whitehall Convalescent Home.

Mrs. Nill was born May 22, 1892 in Vermont to Henry and Mary Bouchard Riley.

She is survived by her son John R. Nill of Sequim, Wash., daughter Norma N. Leach of Novi, sister Beatrice Griffin of Tampa, Fla., four grandchildren, five great grandchildren and three great great grandchildren.

She came to the community in 1981 from Seminole, Fla. She was employed for 20 years as personnel director for the City of Rochester, New York and retired in 1959. She was a member of St. James Catholic Church in Rochester, New York.

A memorial mass was held at St. James Catholic Church, Rochester, New York. Interment was at Riverside Cemetery in the same city. Memorials can be made to the Michigan or American Cancer Foundations or mass offerings would be appreciated.

Local arrangements were made by the Ross B. Northrop & Son Funeral Home.

JOHN E. PARDY

Mr. John E. Pardy of Clearwater, Fla., died Jan. 2 at the age of 85. Mr. Pardy was a former resident of South Lyon and Northville.

Mr. Pardy was born Nov. 3, 1903 in Elmira, Mich., to George and Frances (Exelby) Pardy.

He is survived by his wife Louise Smith Pardy; sons John Eugene Pardy of San Diego and Richard Pardy of Canton, daughters Dolores Bridson of South Lyon and Mary Louise Mabbott of Livonia; 15 grandchildren and seven great grandchildren.

Mr. Pardy was employed by the Ford Motor Company as a supervisor for 42 years and he worked at the Northville plant for many years. He retired in 1963.

Funeral services were held on Jan. 6 at the Christ Catholic Church in Clearwater, Fla. Arrangements were made by the Moss-Feester Funeral Home in Clearwater.

WILLIAM H. RICHARDS

Mr. William H. Richards, 82, of Salem Township died Jan. 15 at St. Joseph Mercy Hospital in Ann Arbor. Mr. Richards was born Feb. 13, 1906

in England to John and Olivia (Dungey) Richards.

He is survived by his wife Rosezetta Richards; daughters Barbara Jean Wolf of Northville and Elizabeth May Richards of Westland; son William Jr. of Canton; sisters Dorothy Richards and Jane Drew both of England; and five grandchildren.

Mr. Richards came to the area 51 years ago. He was retired from the Ford Motor Company Northville plant.

Funeral services were held on Jan. 18 at the Casterline Funeral Home in Northville. Pastor Stephen Sparks of the First Baptist Church of Northville officiated.

The family would appreciate memorials to the Michigan Cancer Foundation.

ROSEMARIE CORAM

Mrs. Rosemarie Coram, 54, of Novi, died Jan. 15.

Mrs. Coram was born March 16, 1934 in Detroit to Dolphis W. and Aurora (Charbonneau) Allard.

She was preceded in death by her husband Charles T. Coram in 1985.

She is survived by her sons Thomas of Northville, John David of Grand Rapids and Raymond James of Plymouth; daughter Annette Marie of Westland; sister Theresa Buttigieg of Detroit; brothers Robert Allard of Wyandotte, Raymond Allard of Dearborn, Jerry Allard of Port Sanilac, and John Allard of Onsted; and three granddaughters.

Mrs. Coram came to the community 19 years ago from Westland. She was a homemaker. She was a member of Our Lady of Victory Church.

The family would appreciate memorials to Personalized Nursing Service, 520 Rock Creek, Ann Arbor, 48104.

Funeral services were held Jan. 17 at Our Lady of Victory Church in Northville. Father Frank Pollie officiated. Interment was at Mt. Hope Memorial Park in Livonia.

Arrangements were made by Casterline Funeral Home in Northville.

JOHN FRANKLIN LEWIS

Mr. John Franklin Lewis, 96, of Salem, died Jan. 12 at his home. Mr. Lewis was born Aug. 20, 1892 in

Salem to John William and Evangeline (Smith) Lewis. He was preceded in death by his wife Anna Robinson Lewis who died in 1946.

Mr. Lewis is survived by his daughter Velma Ward of Detroit and one grandson, Broderick Lewis Ward.

He lived his entire life in the area. He was retired from Northville Ford Sales and Service where he was a master mechanic. He also worked for 10 years in the food service department at Northville Regional Psychiatric Center. He was a member of the Salem Bible Church and was the chaplain for American Legion Post 147 Northville; a member of VFW Post 2502 in South Lyon and of Masonic Lodge of Detroit.

Mr. Lewis was a veteran of World War I, serving at the front in France.

Funeral services were held Jan. 16 at Salem Bible Church. Pastor Banks officiated. Interment was at Thayer Cemetery in Northville Township. The family would appreciate memorials to the John Franklin Lewis Scholarship Fund.

Arrangements were made by the Casterline Funeral Home in Northville.

Woodlands ordinance OK'd

Continued from Page 1

She said under emergency approval the board can deal with the individual who is currently clearing trees. "As of today, if anyone brings in a site plan within two years of cutting trees down, they will be responsible for replacing them."

Under the ordinance developers would be required to provide summaries or inventories of the trees they plan to remove on their site plans. Ordinance provisions also require developers to erect protective barriers for trees and plants on a site.

Planning Consultant Linda Lemke said the ordinance is meant to "provide for the protection, preservation, replacement, proper maintenance and use of trees in the woodlands" located with the township. It also strives to "minimize the disturbance of trees and woodlands and

prevent damage from erosion, siltation, and flooding or a loss of wildlife and vegetation and/or the destruction of natural habitat."

Henry said she felt comfortable with the board approving the ordinance on the first reading "because many of the board members were very familiar with it."

She said board liaison to the planning commission Richard Allen kept everyone well informed on the progress of the ordinance.

"Because this ordinance took a long time to work out, the board had an opportunity to become familiar and comfortable with it," she said.

Henry said she is excited to see the ordinance in place. She said the final woodlands map is completed.

Allen said the woodlands ordinance will "hopefully encourage people to consider trees and not take a bulldozer mentality and level things."

The Good News?

You get a luxurious room,
2 movie tickets and
dinner for 2
for just

\$65.00

The Bad News?

You'll have to choose between
the Lobster and the Prime Rib.

"At first I didn't want to talk about our funerals. But, now I'm glad we did."

We chose ForethoughtSM funeral planning

It's one of those things that's so easy to put off, put out of your mind. And I guess that's what I was doing. But, once he started asking me questions about how I wanted my funeral to be, I realized how important it is for the people we leave behind to know these things. He had no idea that I wanted a simple eulogy, and just that discussion alone started us on all sorts of other topics. I found out he doesn't like organ music. We even had a few laughs.

Forethought is funeral planning... before the need arises

I thought planning our funerals together would be a terribly sad thing. But, actually, it brought us both a great sense of relief. Now we know neither one of us has all those decisions facing us in the future and we won't have to second-guess whether we did the right thing...did what the other one would have wanted. It's all planned and even paid for with the Forethought life insurance policy designed and approved specifically for Forethought funeral planning. And, there's a policy available to anyone up to age 100. There's a real peace of mind that comes with having it taken care of ahead of time with Forethought.

Funeral directors urge pre-funding

By JEFF CLEMENS

The death of a loved one can be one of the most difficult times in a person's life. Not only does that individual have to work through grief, but he or she also must make the necessary funeral arrangements.

A funeral home's purpose is to relieve the burden of these arrangements from the family and help minimize a painful situation as much as possible.

Lynch & Sons Funeral Directors have fulfilled this need and have taken it one step further.

Their funeral homes in Milford, Walled Lake and Clawson introduced the Guardian Plan program two months ago. The program provides for a way for people to pre-fund their funerals, said Tom Lynch, president of Lynch & Sons in Milford.

Until two years ago, most funeral homes in Michigan had problems guaranteeing the price of funerals due to state pre-need laws, he said.

It is illegal for funeral homes to be paid for services not yet performed.

Therefore, while people could pre-

arrange funeral details, any pre-funding had to be treated as an individual account rather than several people pooling into a trust.

The interest on the principal generated in the individual accounts didn't cover inflationary costs and more money had to be paid after the funeral, defeating its purpose, Lynch said.

The pre-need law in 1987 allowed funds to be pooled together in the programs such as the Guardian Plan, a subsidiary of Services Inc., International, a New York-based company.

The plan guarantees that money paid will cover funeral costs no matter how far down the road death may be.

The monies are placed in insurance funds or trust accounts, where interest rates are higher, thereby countering the effects of spiraling funeral costs.

According to Lynch, people can enter a funeral home, discuss with a representative what arrangements they wish, and establish a payment plan that fits their needs.

Continued on 3

Sponsoring the Guardian Plan at Lynch & Sons in Milford are (left to right) Tom Lynch, Brigid Lynch and Ed Lynch

Business Briefs

CORA McLEOD

KAREN MCGREGOR

CORA McLEOD and KAREN MCGREGOR received Associate of the Month awards from the Big Wheel department store in Highland. They work in the hard line and receiving departments, respectively.

R. BRUCE ZALOBKY of Milford, vice president/general manager of Yale Tool & Engraving, Inc. in Plymouth, was named 1988 Business Person of the Year in the industrial/manufacturing category by the Plymouth Community Chamber of Commerce and the Plymouth Observer newspaper.

Zalobsky was presented with a plaque for his achievement at the 35th annual "Community Gathering" dinner at the Mayflower Meeting House in Plymouth. Former baseball great George Kell was the featured speaker.

Zalobsky was recognized for his efforts to help ease the shortage of personnel in the skilled trades. Yale Tool specializes in CAD/CAM milling, die cutting, specialty engraving and steel stamps — exacting and precision work that requires college-level aptitude and length training. He has been involved with the United States Department of Labor Apprenticeship Program, has hired students from both the Farmington and Michigan Technological University Co-Operative Education Programs and has served on the state board for co-operative education.

Zalobsky also is a senior member of the Society of Manufacturing Engineers, a charter member of the Machine Vision Association of SME, a member of the Detroit Stamp Manufacturers Association and an elder in the Presbyterian Church. He has been married 25 years, and has five children and one grandchild.

INTELLIGENT CONTROLS, INC. of Novi has been named to the "Inc. 500," the annual ranking of the 500 fastest growing companies in the United States by Inc. Magazine. The criteria for selection is the growth of sales for the previous four year period.

With a growth of 906 percent from 1983 to 1987, Intelligent Controls ranked 345th out of 500 companies selected. The ranking was published in the December 1988 issue of the magazine.

The company opened its new 36,500 square foot facility in Novi in early 1988. The company employs 60 people, a 25 percent increase over last year.

Intelligent Controls, Inc. provides engineering services and products to the engine industry, including automotive, marine, aviation, commercial, and research and development businesses.

HY-TEST OCCUPATIONAL and safety footwear has been added to the work shoe line at the Sears store in Novi's Twelve Oaks Mall, according to Store Manager Robert Friess.

Customers may shop the selection in the shoe department or at a nearby electronic "Sears Work Shoe Express." The computer kiosk lets the customer see a complete inventory that spans the entire Sears/Hy-Test collection.

Hy-Test footwear is designed for those whose occupation or hobby requires such safety features as steel toes, fiberglass shanks, brass-coated eyes, reinforced construction, and chemical and oil-resistant soles. The line is designed to surpass minimum standards set by the American National Safety Institute.

SALES ASSOCIATES from Century 21 Suburban in Northville and Plymouth (above) enjoyed themselves at the Century of Michigan Christmas breakfast.

More than 1,100 sales associates and brokers from Century 21 offices in Michigan celebrated the holidays by donating 2,000 pounds of canned goods plus toys and \$1,000 in cash to the Salvation Army.

Financial resolutions for the new year

Make the coming months count by resolving to improve your finances. According to the Michigan Association of CPAs, a few wise moves now can help you make 1989 add up to a year of prosperity.

So clear the confetti off your desk top and start organizing your financial life.

PAY OFF YOUR CREDIT CARDS: Once upon a time, consumers had an excuse for running up credit card balances. Double-digit inflation favored the debtor and personal interest was 100 percent tax-deductible.

But times have changed. Inflation has settled down and the personal interest deduction is on its way out. In 1989, you can deduct only 20 percent of the interest charged on your credit cards and personal loans. Next year that figure drops to 10 percent, and by 1991 the deduction will disappear completely.

Your best bet is to pay off as much consumer debt as possible, as soon as possible. For extra incentive, contrast the 13 to 19 percent interest you usually pay on credit cards to the five to six percent your savings account probably earns.

LEARN TO SAVE: If you are like many other Americans, you may have a hard time imagining a world without credit. Without charge cards and personal loans, how could you pay for a new couch, a summer vacation, a new car or even your children's education? The answer is simple — learn to save.

Each pay day, reserve a portion of your salary for savings. If you doubt your own willpower, arrange for your employer to deposit a portion of each paycheck into a savings account

Money Management

automatically. By putting aside just \$50 every two weeks, you can accumulate \$1,300 in one year — not counting interest.

DON'T LET A NEW CAR DRIVE YOU INTO DEBT: Just because you've paid off your old car loan, don't assume that it's time to run out and trade up to a new car this year. Your old car has probably depreciated to the point where it will yield only enough funds to serve as a down payment on a new car. In many cases, you will have to finance the rest of the new car's cost through a personal loan.

Instead of trading in your car right away, consider keeping it a few years more. During that time, deposit the equivalent of your car loan payments into a savings account. In just a few years, you will have accumulated a substantial sum of money to put down on a new car. As a result, your new loan will cost you a lot less in both principal and interest.

BUILD RETIREMENT SAVINGS: Your retirement years may be far off in the future, but when you consider how much money you need to retire with financial security, it can seem right around the corner.

By contributing to a 401(K) or an Individual Retirement Account (IRA) now, you can begin building a nest egg that can last a lifetime. In 1988, you were able to deduct up to \$7,313 in 401(K) contributions and as much as \$2,000 in IRA contributions if you or your spouse did not actively

participate in an employer-sponsored retirement plan.

CHECK YOUR INVESTMENTS: Learning to save is only half the financial battle. Investing your money is the other. Make sure your investments match your personality, means and future plans. If you are a conservative investor who cannot afford to lose a dime, avoid risky ventures and seek out guaranteed returns.

No matter what form of investment you choose, keep up to date on its performance. If you have thousands of dollars tied up in a savings account earning five percent in interest, start investigating other options. As a rule, try to select investments that yield at least several percentage points more than the current rate of inflation.

BUY A HOUSE: Buying a house is one of the best investments you can make this year, especially since 1989 promises to be a buyer's market in many locations.

In addition, home ownership brings a number of valuable tax deductions — including mortgage interest and real estate taxes. Remember, too, you can always borrow against the equity in your home to pay for other major expenses, such as a child's education.

One last point: home ownership can also go a long way in helping you preserve your standard of living after retirement.

If you cannot afford to make a 10 to 20 percent down payment on a new

home this year, consider starting a "house" fund.

UPDATE YOUR WITHHOLDING: Review the number of exemptions you claim on your W-4 form — especially if you have recently purchased a home, married or had a child. You may be able to decrease your withholding and increase the amount of money you have available each month for investing.

For example, if its total earnings \$30,000 increases its total withholding allowances by two, their take-home pay will jump \$90 a month — or \$1,080 a year. But don't increase your withholding allowances carelessly. If you underpay your taxes by more than 10 percent, you may have to pay a penalty.

ORGANIZE YOUR TAX RECORDS: If you sit down with a shoe box of stray papers to do your taxes each April, you can easily overlook deductions to which you are entitled — and pay more than your share of taxes.

The Michigan Association of CPAs suggests that you begin to organize your 1989 tax records immediately. One excellent place to start is by keeping a diary of your tax-deductible expenses.

For example, you should note the date, attendees, purpose and cost of any business meals you take outside the office.

Any time you visit a doctor, jot down how much you paid and how much your insurance company covered. In addition, keep receipts for transportation costs to and from the doctor's office.

Remember, any money you save on your taxes can bring you that much closer to fulfilling your other financial goals.

Funeral directors urge pre-planned funerals

Continued from 1

The policy holder can either pay in monthly installments for a period of two, three or five years, or pay the monies in one lump sum.

"Most people pay it all at one time. It's a type of insurance," he added.

Funeral service costs today average between \$3,000 and \$5,000, Lynch said.

"More and more people today recognize that through funeral planning in advance they can relieve their family of the burden of having to make difficult funeral decisions at a stressful time," he said.

The advantages to the Guardian Plan are numerous. "It allows the person to pre-arrange every aspect of the funeral, from funds for flowers and caskets to transportation of the body back home," Lynch said.

About 36 people have opted for the plan in the first two months Lynch & Sons has offered it.

Hundreds of funeral homes in the United States and Canada have endorsed the Guardian Plan program. The service is transferable to other participating funeral homes, according to Lynch.

Lynch & Sons is the largest family firm in the funeral business in Michigan, with funeral homes at 404

East Liberty Street in Milford, 340 Pontiac Trail in Walled Lake and 1368 North Crooks Road in Clawson.

But the Guardian Plan is not the only way Lynch & Sons is expanding. The business recently constructed a 5,000-square-foot addition to the funeral home (known as Lynch & Sons Directors Richardson-Bird Chapel) in Milford and increased the size of the parking lot.

Plans are also in the making for a funeral home in Hartland, a community which currently has no funeral home.

Lynch and Sons has been in business since the 1930s and prides itself on its relationship with the community.

"We attempt to provide an atmosphere in which feelings can be expressed without embarrassment, not only on an individual basis, but as a community," Lynch said.

People contact the funeral home because of the reputation it has earned through hard work, he added.

"The best advertisement a funeral director can have is the way that they have treated families over the years."

For more information on pre-arranging and pre-funding funerals, interested persons can call 1-800-9-CARING.

MESC rulings no longer effect lawsuits

Employers can rest easy now that unemployment rulings by the Michigan Employment Security Commission (MESC) cannot be used in later wrongful discharge lawsuits.

"The decision means employer losses in the unemployment arena will no longer affect their success rate in later lawsuits," according to Steven J. Fishman, senior principal of The Fishman Group, a law firm

representing management in employment law matters.

The recent Supreme Court decision echoed Fishman's earlier criticism of allowing MESC rulings on unemployment matters to be used in subsequent lawsuits for wrongful discharge.

"The high court ruled that the Michigan Employment Security Act specifically provides for confidentiality in employment determina-

tions," Fishman explained, adding that "employers are the big winners with this decision."

"Employers have generally not approached unemployment claims with the same care given employment litigation," Fishman said, "even though it is common for claimants to retain legal counsel when opposing an employer."

"This, coupled with the fact that

the MESC has never been known as employer-friendly," Fishman said, "has left significant opportunity for employer losses, especially when wrongful discharge litigation is tied to the outcome of MESC decisions."

The Fishman Group specializes in labor law, employment litigation and employee relations matters.

Select planner carefully

In the past two decades, financial planning has evolved into a multi-billion dollar industry with thousands of advisors who plan and manage investors' finances.

To help consumers select a reputable financial planner who meets their needs, the Better Business Bureau/Detroit and Eastern Michigan has released a booklet titled "Tips on Financial Planners."

The booklet is the latest in the BBB's Consumer Information Series which offers helpful tips on more than 80 topics of consumer interest. Copies of the new booklet can be ob-

tained by sending a stamped, self-addressed, business-sized envelope to the BBB at 150 Michigan Avenue, Detroit, MI 48226.

"Consumers should not take the process of looking for a financial planner lightly," said Detroit BBB President Thomas F. Ashcraft.

"The booklet gives advice on what to look for and what to avoid when selecting a financial planner, including a list of questions the consumer should ask."

"It also provides a section on the 'red flags' of fraud and abuse," he said.

WOODS, WATER AND A WONDERFUL LIFESTYLE.

MAPLE PLACE VILLAS

Maple Place Villas-Goldhouse

Once you pass beyond your community gate house, you enter a magic place totally removed from the world outside.

The Kingswood
Rare birds and wildlife are all part of the design that nature has created for you at Maple Place Villas.

Tranquil ponds set in a forest

"Hi Neighbor!"

Tranquil ponds dot the landscape that is dominated by a primeval forest of towering Pine, Maple and Birch. Your detached condominium home, a rambling ranch or a majestic colonial, is set in one of several cul-de-sacs that are sculptured into the natural beauty of the surrounding forest.

HOW TO BECOME ONE OF THE BEAUTIFUL PEOPLE.

These are all beautiful people. Not because they're rich - and not because they're famous. But because they care. They care for their communities and their country. And they work to make it a better place.

It takes a special person to be beautiful - and you can be one of them. Because you can make a difference. All it takes is concern - and a desire to live in a better, cleaner community.

You can make that happen. And we've got a system to help you. Write to **Keep America Beautiful Inc.** Find out what you can do to create a cleaner environment.

Who keeps America beautiful? Beautiful people. Like you.

Please call (313)344-1050 or send resume to: Crown Lift Trucks, 28655 Heslop Dr. Novi MI 48845. Attention: Neal Hittelooper.

On the morning of February 18, 1986, a 40-year old Dearborn man became annoyed at the barking of his sister's 9-year old German Shepherd, Toro. So annoyed, in fact, the man fashioned a spear out of an 8-inch knife taped to a 5-foot length of pipe and stabbed the dog repeatedly until he dropped to the floor. The stabbing was so severe, Toro later had to be destroyed.

But the cruelty didn't end there.

Just 10 months later, the same man approached a 56-year old Dearborn woman outside a local shopping center. Throwing her to the ground, he attempted to gouge her eyes out and choke her. He proceeded to stab a responding Dearborn police officer and had to be shot twice before being apprehended.

Disturbing? Yes.

Coincidental? No.

A recent study by Dr. Alan R. Felthous, M.D. of the University of Texas and Stephen R. Kellert, Ph.D. of Yale University concludes "a pattern of substantial animal abuse may conceivably be associated with a pattern of recurrent violence against people."

Granted, every case of animal abuse doesn't lead to human abuse. But too often, evidence shows that those who commit crimes against another human being have abused an animal in the past.

One such example is a 10-year old Boston youth who took perverse pleasure in trapping puppies and kittens in orange crates and shooting arrows into the box. The young man's name? Albert DeSalvo, later known as "The Boston Strangler."

Unfortunately, such animal abuse is usually unreported or ignored until it escalates.

The problem is that violence inflicted upon an animal, especially at the hands of a child, isn't always considered a problem. It's dismissed as a childish prank or rationalized as an error in judgment.

At the Michigan Humane Society, we do consider it a problem. Because animal abusers all too often grow into human abusers. That's why the MHS, as the only defense against animal abuse, is the first line of defense against human abuse.

That's why we continue to battle for stronger legislation, vigorous prosecution, tougher punishments and mandatory counseling of offenders.

The fact is, normal people don't abuse animals. Such actions are an early sign of deviant behavior. Recognized, it can be corrected. Ignored, it gets worse.

If you want to help prevent animal abuse, support the MHS with a generous contribution. If you're concerned about the increasing violence in our society, support the MHS.

Because if we can allow someone to commit an act of violence against an animal, we shouldn't be surprised when that individual strikes out against another human being.

The hard truth is, left unchecked, the next victim could be your pet, your child or even you.

The problems of animal abuse just get bigger...and bigger...and bigger.

Yes, I want to help prevent animal abuse.
Yes, I'm concerned about violence in our society.

Here is my gift of ☐ \$10 ☐ \$25 ☐ \$50 ☐ \$100 ☐ other _____

Hats off to ETIQUETTE

You've heard it all before . . . Get your elbows off the table! Pick your feet up when you walk! Stand straight and tall! Cover your mouth when coughing, sneezing or yawning!

Simple rules of etiquette. Rules your mother forced you to live by.

And long after you've learned that it's bad manners to prop your elbows on the table, there are other rules of etiquette to master. Here are a few rules that may not be so familiar:

Never drink from a soda pop can unless outdoors where no glass is available; your underwear should never be so outlandish as to trigger uncontrollable laughter in a hospital emergency room; there's no such thing as fashionably late — and don't expect your parents to know exactly what you do for a living. (Those helpful hints came from authors of "Esquire's Etiquette: The Modern Man's Guide to Good Form," and "Business Etiquette Today: A Guide to Corporate Success").

For more points about what's right and what's not so right, read on.

Business

It's a Monday morning at the office. Your manager has just finished boldly grumbling to a handful of employees about his wasted weekend.

A trio of co-workers are engaging in a loud, heated argument over who should enjoy the last swallow of coffee in the office coffeepot. Another co-worker sits down and props his feet on his desk.

This office is not practicing acceptable business behavior. To maintain a professional appearance there are some basic office guidelines to keep in mind.

According to "Business Etiquette Today: A Guide to Corporate Success" by Jacqueline Duncel there is a list of basic office etiquette rules, which includes the following:

Swearing is unacceptable in business. So is crying, shouting or other manifestations of loss of temper. Don't visit and chat when you're not busy. "Standing around the water cooler" can mark you as a lazy employee.

Don't entertain friends in the office. Don't drop into someone else's office unannounced — call first. Don't borrow money, equipment or supplies from the workplace unless absolutely necessary. Don't use nicknames in business.

Keep your personal office life and your business life separate. Keep confidences, both professional and personal.

Also, don't conduct personal hygiene practices in public — don't pick noses, probe ears and teeth with pens and pencils, clip or file nails, scratch scalps, belch or crack your knuckles at the office.

Above all, don't gossip.

Kids

Gone are the days when kids were meant to be seen and not heard.

And if you're a child who wants to keep this new status quo, here are a few words of wisdom that will make your parents beam with pride.

On table manners: Etiquette expert Miss Manners advises children to wait until their mother begins eating; to sit up straight with their elbows off the table; to keep their hands in their laps when not in use and to use forks, knives and napkins as God meant them to be used.

Miss Manners also suggests that children refrain from mentioning their dislikes on the menu, to pretend to listen attentively when others are speaking and to ignore the 'toy potential' of various food items.

And most importantly of all, children should not leave the table without permission.

On allowances: Emily Post, another etiquette guru, writes in her "Blue Book of Social Usage" that from the time a child is old enough to buy a candy bar or ice cream cone for himself, he should be given a small allowance.

Miss Manners agrees with granting children an allowance. However, she states in her "Guide to Rearing Perfect Children" that children shouldn't be paid for completing chores in their own households. "In her mind it is an ugly idea that a child should contribute his part to his own household for wages, while the parents do the greater work for free," the book states.

Dating

There are three inevitables in life — death, taxes and dating.

OK, dating is a heck of a lot more fun than death and taxes. It remains the only method of meeting members of the opposite sex and we all know how fun those meetings can sometimes be.

Using Esquire's "Etiquette: The Modern Man's Guide to Good Form" by Glen Waggoner and Kathleen Moloney as a reference, here are a handful of etiquette suggestions to make dating less stressful.

Basically, a man still does the inviting and pays the bill. These standards are not written in stone and can be modified in some instances. But whoever does the asking reserves the right to choose where to go.

It's no longer considered necessary for a man to pick his date up at her place at the beginning of a date, but he should be prepared to see her safely home afterward.

For first dates, dinner on a weeknight is a good idea. A weekday lunch may be even better, depending on time constraints, convenience and location of the restaurant.

Six things not to talk about on a first date — your old girlfriend, sex, disease, professional wrestling, your work and money. Six things to talk about on a first date — her, your hometown, food, travel, movies and politics.

Men, if you never want to see her again, don't call and don't tell her you will if you don't intend to. If you would like to see her again, give her a ring the next day and tell her so.

For blind dates keep in mind the following — Things to Do and Not to Do — don't double date, don't plan too long an evening, don't choose anything too exotic and be on your best behavior, even if someone has made a Terrible Mistake.

Random Sample

Q: Do you like your hot chocolate with or without marshmallows?

Three said: "Without"
Seven said: "With"

"With - Because it's sweet and gooey . . . and the kids like the melted sugar foam."

"Without - They get in the way . . . you take a big gulp and you get a mouth full of marshmallows."

Random Sample is an unscientific poll of 10 Northville/Novi area residents conducted by the staff of this newspaper.

Rick and Diane Cox give time to Boosters

If your children are in activities, you probably do what Rick and Diane Cox do. You volunteer your support.

The Coxes are doing that, currently by handling publicity in Novi Band Boosters for the Novi High School bands — marching, concert, symphony and jazz.

They have a daughter who plays flute in the symphony band and tuba in the marching band. And they have a son who plays trumpet in both marching and symphony bands.

Since August the Coxes have been sending out weekly press releases to all media — local and regional.

Also they have made and distributed posters around town. Well, they have arranged to have posters made and distributed. They recruit volunteers to do the art work and the printing, and they recruit volunteers to distribute them.

What is there to publicize? The

answer is where and when the bands are performing.

"The symphony and concert bands," Rick said, "perform for the community from November through June." The jazz band is called on at various times, frequently at the opening of stores. And the marching band plays, not only at football games but, Diane said, "It competes in five different places within the state."

And there are other things to publicize, like fund-raisers.

There are two bottle drives a year, Rick said, and in the last one, they processed 40,000 bottles and cans, which A&P paid them for.

The other two fund-raisers, Diane said, were door-to-door sales of merchandise — cheese and sausage for one, and Florida citrus fruit was the other. "The kids take the orders, and the money they make is earmarked for the long trip they take every other year."

Volunteers Rick and Diane Cox

In Our Town

Northville BPW to meet at Genitti's

The Northville Business and Professional Women's Club (BPW) will meet Jan. 23 at Genitti's Restaurant.

Social hour begins at 6 p.m. Dinner will be served at 6:30 p.m. Club members will welcome a guest speaker, Elizabeth Allen, who will discuss "The Importance of Financial Planning for All Women." Allen is a representative of Wordhouse & Associates, a company that provides financial education and planning. Cost of the event is \$9. Reservations can be made by calling Berclay Ruschak at 348-1167 between 10 a.m. and 6 p.m.

Historical Society changes meeting place

Northville Historical Society will gather for its Jan. 19 meeting at the home of Bob and Harriet Welland, 331 N. Ely.

The group meets at 7:30 p.m. Normally the Historical Society meets at Mill Race Village. Please take note of the change.

Northville Newcomers plan DIA tour

February looks like an exciting, activity-filled month for members of the Northville Newcomers.

The club presents two special upcoming events, including a day at the Detroit Institute of Arts and an evening at the Plymouth Cultural Center.

Northville Newcomers host Ladies Day at the Detroit Institute of Arts on Thursday, Feb. 16 from 9:45 a.m. to 2:45 p.m. Cost is \$16 per person and includes a guided tour of "Cleopatra's Egypt" at 11 a.m. and luncheon at 1 p.m.

Chairpersons of the event are Marcia Booth and Susan Namy. Reservations will be taken Jan. 23-25. Attendance at the event is limited to 20. Call Susan Namy at 420-4042 to make a reservation.

Transportation is available to those who need it. Carpools will meet at 9:45 a.m. at the China Fair parking lot, 42313 Seven Mile Rd., in the Northville Plaza Mall.

Detroit Institute of Arts is at 5200 Woodward Ave. in Detroit.

Las Vegas Night hosted for Newcomers

On Saturday, Feb. 18, the Northville Newcomers presents Las Vegas Night at the Plymouth Cultural Center.

The activity runs from 8 p.m. to midnight. Chairpersons of the event are Kathie Nelson, Sue McCoy and committee member Kim Woodruff.

Farmington grads sought

Graduates of North Farmington High School's Class of 1969 will celebrate their 20 year class reunion on June 23 at the Sheraton-Oaks in Novi.

Reunion committee members are

searching for all graduates from this class

For information call 465-2277 or 263-6803 or write Reunion Planners, P O Box 291, Mt. Clemens, 48043.

Cost is \$18 per couple. Call Sue McCoy at 348-8272 to make reservations. She will accept reservations from Jan. 23 to Feb. 3.

Couples planning to attend Las Vegas Night will have the chance to earn "casino cash" by playing black jack, roulette, craps and several other games. Valuable prizes will be auctioned off at the end of the evening to those with winnings.

Participants are asked to bring hors d'oeuvres and lots of lady luck.

Beer, pop and wine will be provided. Plymouth Cultural Center is at 525 Farmer St. in Plymouth.

Local actress

Northville resident Patricia LaFramboise, second from right, appears in the Guild of Dearborn production of the "Odd Couple." The production is a female version of the popular comedy and LaFramboise holds a supporting role as Vera. The play runs Jan. 20-22 and 27-29. Curtain time is 8 p.m. Fridays and Saturdays, 2:30 p.m. Sundays. The Players of Guild is at 21730 Madison, near Outer Drive at Monroe. Tickets are \$6 in advance and \$7 at the door. Call 356-0951 for more information.

Two local couples announce births

William and Kathleen Altork of Northville announce the birth of a son, JORDAN MICHAEL.

Joran's older sister, Lily, arrived from Seoul, Korea, at 3½ months of age in May 1987.

He was born Dec. 26 at Providence Hospital in Southfield, weighing 6 pounds, 9½ ounces and measuring 21¼ inches long.

Baby Jordan joins a sister, Lily Katherine, 2, at home.

His paternal grandmother is Elizabeth Price of Maui, Hawaii. His paternal grandfather is William Altork II of Carlsbad, Calif.

Maternal grandmother is Gloria King of Allen Park. Maternal grandfather is James S. Mush of Singer Island, Fla., and Grosse Ile.

Jeff and Patti Huguely of Northville announce the birth of a daughter, KIMBERLY LYNN.

She was born Dec. 3 at Sinai Hospital in Detroit, weighing 7 pounds. She was 21 inches long.

Kimberly joins a sister, Amy, 6, and a brother, Jeffrey, 3, at home.

Paternal grandparents are Philip and Delores Huguely. Maternal grandparents are Robert and Beverly Musich.

Single Place to conduct Super Bowl celebration

Football fans, take note. Single Place will host a Super Bowl Party this Sunday.

Interested party-goers are asked to meet 30 minutes before game time at Judy Maxwell's house, 41431 Glyme Dr., in Novi to enjoy the big game.

Those attending the party are encouraged to bring their favorite beverage and \$2 for pizza.

For directions and reservations call 348-8585.

In another event hosted by Single Place, the support group welcomes

Mike Henneman of the Detroit Tigers on Sunday, Jan. 29 at 7 p.m.

Everyone interested in meeting Henneman is encouraged to attend this special program. Children are welcome to attend.

Ice cream sundaes will be served following the program. There will be a \$2 donation requested for adults and 50 cents for children.

Childcare will be provided. Single Place meets at First Presbyterian Church in Northville. For more information call 349-0911.

No, he probably isn't. Northville's George Pilon, above, is simply enjoying a game of cards at the Northville Senior Citizen Drop-In Center at Cooke School.

Pta News

Two Northville schools plan upcoming programs

PTA News is published weekly in the Record. This week's news is from Our Lady of Victory and Meads Mill Middle School. Any school interested in publishing its PTA or school news in the Record should contact the newspaper at 349-1700.

OUR LADY OF VICTORY

The month of January has begun with some exciting projects planned by the school. Between Jan. 23 and March 10, the school will participate in the Partners in Excellence Program (PIE). The program is sponsored by World Book Encyclopedias with the purpose of encouraging students to do more "leisure-time reading" along with sharpening reading skills. Students are asked to sign up at least seven sponsors and complete seven books in seven weeks. For every \$2 students raise, World Book will contribute \$1 toward the purchase of a set of encyclopedias. Our goal is a set of encyclopedias for each classroom.

We are very proud of Jamie Planko for her outstanding artistic accomplishments. This year she danced the part of Clara in the Nutcracker Suite produced by the Detroit Sym-

phony Orchestra at Ford Auditorium. Congratulations, Jamie.

Please save those Campbell Soup Labels. We only have a few more weeks to save labels for our school. Please clip, bundle, and send to school.

PTO is busy signing families up for the family portraits and family directories. Feb. 2 is also a PTO sponsored roller skating party. Sounds like fun!

MEADS MILL

Academic competition is featured at Meads Mill this month. Many subject areas are included as teachers spur their students on to excellence!

The first area of competition is a Geography Bee sponsored by the National Geographic Society. All three grade's social studies classes participated during the week of Jan. 9. Classroom winners were brought together Jan. 13, and an overall Meads Mill winner will be announced.

Next on the calendar is the Liv-Oaks spelling competition at Scranton Middle School on Jan. 17. The seventh graders attending are; Melissa Anstein, Richard Bell,

Russell Savageau, Deborah Schultz, Robin von Helens, and Mutsumi Yoshida.

On Jan. 28, 28 seventh and eighth grade band students are scheduled to play in small ensembles at Livonia Franklin High School. Meads is entered in 18 events.

Counselors Sharon Pernia and Dave Adair are in the process of identifying over 100 seventh and eighth graders for the Midwest Talent Search on Jan. 30. These students will take the Scholastic Aptitude Test with high school seniors.

On Jan. 24, Professor Joe Oravec of Wayne State will give a chemistry presentation for the eighth grade. This is a Junior Enrichment Series program.

The February schedule includes the seventh grade Liv-Oaks Science competition on Feb. 7, and eighth grade on Feb. 9. The Michigan Mathematics League contest will be held Feb. 8, for seventh and eighth graders. The top five scorers by grade will represent the school in statewide competition. Sixth grade will compete in March.

School Principal Milt Jacoby, left, joins Madeline Crawford, center, and PTA President Sharon Ferrara, right, at a recent open house honoring Crawford for her 21 years of work in the Northville school system.

School 'mom' Crawford retires after 21 years with schools

By LYRIC MATSON

Madeline Crawford, secretary of Amerman Elementary School retired on December 23 after 21 years with the Northville Public Schools.

In 21 years she has seen, cared, and learned a great deal.

She's leaving now, but not without high accolades from many colleagues who treasured her dedication and compassion.

On December 22, students and staff alike at Amerman declared a "Madeline Crawford Day," which was attended by staff, family and friends in the Amerman Elementary Media Center.

Immediately following the tea, a reception and dinner at Genetti's was enjoyed by Crawford, work associates, her family and many of her longtime friends. She was presented with a plaque from the PTA, staff and co-workers.

Crawford began her career in the public schools on Sept. 9, 1967, in the transportation department. Her first position was as a school bus driver. In June of 1972 she became secretary to Principal William Craft at Amerman Elementary School.

Driving a school bus did not faze Crawford, in fact, she said that she enjoyed it. She began driving because, at that time, she had three children in the Northville schools. She was already driving them back and forth so often she decided she might as well do it for pay.

"I really enjoyed it when I drove... they (the children) knew if I said something, I meant it... but I'd go to bat for every one of them." In response to questions concerning the imagined horrors of having one's back turned to a bus load of school children, Crawford said, "I never had kids that I couldn't control on the bus."

Crawford drove until she took the secretarial position at Amerman, which became a career she said she enjoyed and found to be very rewarding. "There has never been a day that I wished I didn't have to go to work," she said.

She has been secretary to three

principals, a help to many teachers and an influence on hundreds of children. A description of her job for the last 17 years, in her words, would have entailed acting as "mom" to all the kids, answering the phone, performing the duties of school nurse, typing, ordering and distributing supplies, office management, copying for teachers, lunch counts, playing referee, psychologist, and social worker all at the same time.

In the midst of these duties, Crawford made some observations concerning children and their attitudes and lifestyles 20 years ago compared to today.

Born and raised in Northville, and a graduate of Northville High School, Crawford said that children are somewhat less disciplined today than they were 20 years ago, and that they have less respect for authority.

"I don't think there is the respect that there used to be... in my day you never dreamed of being late, and being sent to the principal's office was very significant."

Crawford says that this is not the case today, that discipline is more difficult and that there is much more demand on the time of teachers in areas of classroom management.

Crawford has also found a major increase in the number of children who must take daily, prescribed medication, which is administered by the secretary or the principal. Accompanying this increase are concerns of over-litigation.

"Today, you're wrong if you do; wrong if you don't — parents used to accept that you would make a decision in the child's best interest. Now, and within the last few years, we spend a lot of time calling the parents."

Crawford attributes some of these changes to the extra pressures added to the lifestyles of children in the dawn of day-care living.

"In this day and age you don't realize how much these little kids have on their shoulders... many are in day care before school and they go there right after... they don't really have time to be little kids."

"There are so many kids that come

in just because they want to talk. They just need that reassurance that they're okay."

Crawford says that along with children who are lacking in affection, there are just as many who are pushed into too many activities and are unable to handle their school work. She said many people need to get their priorities in the right perspective.

When asked about highlights from her career, Crawford smiled broadly, saying that every day was new, exciting and special. "You have the involvement with the kids, with the parents; I liked to be there, to be able

to listen."

About leaving she said, "I know that it's the right time. I felt better about having someone come in now, while things are running smoothly. It will be a smoother transition."

Crawford will spend the early days of her retirement reading notes that have been written and delivered to her by Amerman students, and preparing for the arrival of her seventh grandchild. She will also continue the volunteer work she started many years ago, cooking at a Christian camp in Fairview.

There is no doubt that Amerman will miss her.

Northville students graduate from EMU

Eastern Michigan University conferred degrees upon approximately 1,260 students Dec. 18 in winter commencement ceremonies.

Northville students graduating from EMU were: MOHAMMAD FURQAN-ULHAQ, JOSEPH L. HORLING, LAWRENCE P. MARBLE, LAURA A. QUIGLEY, SHARON E. PEARSON, JANICE ROBERTS, KIMBERLY S. STILES, DAVID A. TRENT, and DAVID J. YARMUTH II.

KIP MACK of Northville served as a member of Central Michigan University's Small Business Institute during the fall semester.

Students in the Small Business Institute work together with Mt. Pleasant area clients in the areas of marketing, feasibility, advertising, merchandising, store layout, competitor relations, finance, manufacturing, and customer satisfaction.

Mack is a graduate student studying business administration at CMU. He is the son of Paul and Eileen Mack and is a graduate of Northville High School.

Six hundred and two students received degrees from Oakland University at the conclusion of the fall semester. Northville resident DARREN R. LaLONDE received a bachelor of science degree in marketing from the University.

Sophomore DEBORAH MARSH of Northville is among the Alma College students selected to work with faculty and administrators on Alma's community government committees for the 1988-89 academic year.

Marsh is one of six students on the Communications Committee, which concerns itself with the professional standards, financing, staffing and the responsibility of the broader campus community of the various on-campus communication organs such as student newspaper, yearbook and radio station.

Students apply and are selected for committee service by a Community Government Selection Committee composed of four Alma students. The Student Congress then approves the committee assignments.

Marsh, a 1987 graduate of Northville High School, is the daughter of Aloysius Marsh of Northville and Judy Marsh of Hudson, Fla. She is planning to major in international

business administration and French at Alma College.

SANDRA A. SCHAAT is among the 23 students who have been accepted for membership in Cordial Corps at Western Michigan University. She is a junior majoring in fashion merchandising.

Cordial Corps, established in 1978, is a select group of undergraduate students who serve as volunteer hosts and hostesses at official University functions. They are a public relations arm of the Office of the President.

Three Northville students recently pledged Kappa Delta Sorority at Michigan State University. KATHLEEN ANNE HOLLOWAY, daughter of Mr. and Mrs. Robert Holloway pledged the sorority. She is a sophomore majoring in finance. She is a graduate of Northville High School where she was a pom pom member and also a member of the National Honor Society.

CRIS SCAPPATICCI, daughter of Mr. and Mrs. Silvio Scappaticci also pledged the sorority. She is a freshman majoring in telecommunications. She is a graduate of Mercy High School where she was a pom pom member for four years and a member of the Varsity Club. At MSU Scappaticci is involved in intermural volleyball and co-ed football.

KIMBERLY FLADING, daughter of Roger and Susan Flading pledged Kappa Delta as well. She is a sophomore majoring in telecommunications. She is a graduate of Northville High School where she was on the varsity soccer team and a member of the National Honor Society and the yearbook staff.

At Michigan State, Flading is the treasurer of ASMSU, Michigan State University's government and is involved in intermural tennis. She is also in the ski club.

Alpha Chapter of Kappa Delta at Michigan State University was founded in 1924.

Michigan Technological University awarded more than 430 degrees at fall commencement ceremonies Nov. 19. Three Northville residents received degrees. DOROTHY A. KAWAELDE earned a B.S. in mechanical engineering; JOHN A. KLOKKEGA earned a B.S. in mathematics; and MARK A. LEINONEN earned a B.S. in electrical engineering.

Girl Scout cookies

It's Girl Scout Cookie time.

First sold in 1934 for 23 cents a box, Girl Scout cookies have become a favorite tradition of many people.

When they arrived on the cookie scene more than 50 years ago, only one variety of Girl Scout cookie was available — shortbread cookies baked in the shape of the Girl Scout trefoil.

Six cookie varieties are offered now, including honey glazed Chocolate Chips, chocolate sandwich Echo Echoes, coconut caramel Samoas, chocolate Thin Mints, oatmeal peanut butter sandwich Do-Si-Dos, shortbread Trefoils and peanut butter patty Tagalongs.

Girl Scout officials report that the most popular cookie is the Thin Mint cookie.

The Huron Valley Girl Scouts will sell the cookies in western Wayne, Washtenaw, Livingston and Monroe counties through Jan. 27.

The Girl Scout Cookie sale is the financial backbone for providing

substance abuse awareness programs, outdoor education activities and leadership training events. The programs and services are offered to nearly 12,000 girls in the four-county area. Participation in the sale teaches the scouts about teamwork and gives them hands-on experience with the free enterprise system.

Girl scout cookies can be ordered from any Huron Valley Girl Scout through Jan. 27, with deliveries scheduled Feb. 13-March 5. This year's goal is to sell 950,000 boxes. The price is \$2 per box and each box of cookies sold contributes \$1.31 to girl scouting.

Each cookie is made with 100 percent vegetable shortening and contains no preservatives or artificial colors.

The cookies also will be sold at local Farmer Jack, Great Scott, A&P and Kroger stores Feb. 18-March 5.

For more information call the Huron Valley Girl Scout Council at 483-2370.

MR. & MRS. STEVEN MILLARD

Couple exchange vows

Las Vegas Wedding Gardens in Las Vegas, Nev., provided the setting for the Nov. 12 marriage of Suzette Marie Hetrick to Steven Fred Millard.

The bride is the daughter of Clara Hetrick and the late LeRoy Hetrick of Bay City. The groom is the son of Shirley and Fred Millard of Northville.

James B. Terrell officiated at the double-ring wedding ceremony which took place at 9:30 p.m.

Maid of honor was Ann DeSantos of San Jose, Calif.
Best man was Mark Skidmore of

San Jose, Calif.

A wedding reception followed in the Flamenco Room at the Flamenco Hilton, Las Vegas.

Suzette graduated from Midland High School. She also attended Delta College University Center.

The groom is a 1975 graduate of Northville High School and a 1980 graduate of the University of Michigan, where he earned a degree in mechanical engineering. He is currently employed at B&K Corporation in Saginaw as a project manager.

They reside in Frankenmuth.

CONSTANCE MARY KEATING
DAVID LAURENCE LEANNAIS

Engagement announced

Mrs. Judith Keating of St. Clair Shores and Mr. Patrick J. Keating of Detroit announce the engagement of their daughter, Constance Mary, to David Laurence LeAnnais of Northville, son of Mr. and Mrs. Philip R. LeAnnais of Northville.

A resident of Northville, the bride-elect is a graduate of Grosse Pointe South High School and Grand Valley State University, where she earned a bachelor of science degree in hospitality and tourism management. She belongs to Sigma, Sigma, Sigma sorority and is employed at the Southfield Hilton as an assistant banquet manager.

The prospective groom is a Nor-

thville High School graduate. He also attended Schoolcraft Community College where he earned an associate degree in culinary arts. In addition, he earned a bachelor of science degree in hospitality and tourism management from Grand Valley State University.

He belongs to Pi Kappa Phi fraternity and is employed at the Detroit Athletic Club as an assistant manager.

A May wedding is planned.

Marriage film series conducted at church

St. Paul's Lutheran Church in Northville presents the "Marriage Enrichment Film Series" with Dr. Carl Brecheen and Dr. Paul Faulkner beginning Jan. 26 at 8 p.m. in the school gym.

The series will continue for the next seven Thursdays at 8 p.m. These films are winners of the "Best Film Series Award" given by the Christian Film Distributors Association. Everyone is encouraged to attend.

Brecheen and Faulkner have an optimistic, practical message with scripture as its foundation and Christ at its heart. The eight full-color 45-minute films are rich with insight, specific helps for enriching marriage and plenty of humor. A 15-minute discussion period will follow each film.

Film titles are: "Made For Each Other," "The Trouble With Us Is

Me," "What Husbands Need to Know," "What Wives Need to Know," "How to Kill Communication," "The Communication Lifeline," "Speaking Frankly About Sex," and "Renewing Romance in Marriage."

Brecheen is a marriage counselor who has taught university courses on family relations for over 20 years. Faulkner is a certified marriage and family therapist who supervises counselor training for the American Association of Marriage and Family Therapy.

Leading Christian psychologists and marriage counselors have acclaimed the series as biblically sound, practical and refreshingly humorous.

St. Paul's Lutheran Church is at 201 Elm St. in Northville.

Valentine dance planned

The Valentine Dinner Dance hosted by the Schoolcraft College Foundation will take place at 7 p.m., Saturday, Feb. 11 in the Waterman Campus Center.

A gourmet dinner will be prepared by the College's award-winning Culinary Arts Department. The menu will feature Chicken Diane, a hot vegetable strudel with tomato basil sauce, hearts of palm with bib lettuce, vegetables, soup and a special Valentine dessert. A

cash bar will be available throughout the evening and there will be music and dancing until midnight.

Tickets are \$25 a piece. Profits from this dance will support student scholarships. Donations are tax deductible to the extent of the law. Schoolcraft College is located at 18600 Haggerty Road, between Six and Seven Mile roads, in Livonia. For further information or to purchase tickets, please call 462-4417.

Laserdiscs offer quality sound, picture

By NEIL GEOGHEGAN

Very few consumers know that the predecessor to the compact disc — the laser videodisc — is the ultimate video format.

Laserdiscs have been around since the late 70s, but for several reasons they never garnered as much attention from the public as VHS or Beta video tapes. Ironically, laserdiscs run rings around either in picture, sound reproduction and versatility.

Laserdiscs (also called CDs) are a 12-inch circular disc that look like an overgrown compact disc. A low-power laser scans a rotating disc encoded with images and sound, picks up the reflection, 'reads' them as electromagnetic impulses, and converts them to picture and sound. Compact discs were actually an offshoot of the technology developed for laserdiscs.

The format is very popular in Japan (over 14 million units sold) but is also taking off in the U.S. — finally. "Goldmine Magazine" reports that there are nearly a million laserplayers in America, making it the fastest-growing video medium in the country.

One of the reasons it took over a decade for this system to really catch on is people mistakenly equated videodiscs with the old RCA Selectavision Discs. Three years after the videodisc was introduced, RCA spent millions to promote a competitive system that was made of vinyl, was played by a needle, had poor picture reproduction and mono sound.

"The whole Selectavision system was really a backward step," said Robin Ward, an employee at LaserLand in Novi. "They were made of vinyl and very fragile and the picture quality was no better than VHS. The replacement needle was \$70 and eventually, the whole thing died."

"But because of its high visibility, people made the assumption that all video discs died — and that wasn't true."

Throughout the whole RCA fiasco, Pioneer Electronics kept the laserdisc format alive when almost all other companies were sinking their money and efforts into VHS and Beta video tapes — and that was good news for audiophiles.

The laserdisc system has many advantages. Because there is no physical contact between the playback mechanism and the laserdisc, there is no wear. A laserdisc looks and sounds as good on the 1,000 time you play it as it does the first — which is something a video tape can't claim.

Tim Iverson of LaserLand in Novi's Town Center displays a copy of a 12-inch laser disc.

"It definitely had a big advantage over friction formats," Ward said. "Like a compact disc, it was designed to be the best possible signal source and it cannot become obsolete."

Another perceived drawback with laserdiscs is that unlike video tapes, you can't record onto them — but according to Ward, that is not a very valid complaint.

"That's kind of silly because you can't record onto video tapes you rent or buy either," he said. "According to surveys done by the Electronic Industries Association, only eight percent of all people who own

VCR's tape shows anyway.

"People who buy CDs don't complain that they can't tape onto them."

There are currently over 3,000 different titles (movies, music videos, concerts, documentaries, etc.) available on laserdiscs — everything from classics like "Citizen Kane" to recent releases like "Beetlejuice." Prices are comparable — and in many instances — cheaper than video tapes. New videodiscs range in price from \$19-\$49 with an average of about \$29. LaserLand currently offers about 1,200 rental discs and 1,500 others for sale.

"If you don't count all the 'B Movies' and bargain cheapies out on

video tapes, there's not much difference in the number of titles offered," Ward pointed out. "In addition, the prices of videodiscs are as cheap or cheaper."

Laserplayers are quite expensive, but no more so than a good quality, four-head VCR. The price range is somewhere between \$700-\$1,400, and the units are very versatile — they can play any size videodisc and well as compact discs.

"The Wall Street Journal called the laser videodisc player 'the VCR of the 90s.' and Popular Science did a feature on it called 'The Everything Machine,'" Ward said.

Novi High School performs 'Oklahoma'

Novi High School presents Rodgers and Hammerstein's classical musical "Oklahoma" Jan. 26, 27 and 28 at 8 p.m.

The production involves over 100 students, teachers and parents. Director of the play is Paula Joyner.

Performances will take place in the high school's Fuerst Auditorium.

Tickets are \$5 at the door, \$4 in advance and \$2 for children under 12 and senior citizens. Seating is reserved. Call 344-8300 for more information and to reserve tickets.

STARTING GATE — The Starting Gate Saloon will feature music from the band "Two Plus Two" on weekends throughout the month of January.

The band is scheduled to play Fridays and Saturdays from about 9 p.m. to 1:30 a.m.

The Starting Gate Saloon is located on Center Street between Main and Dunlap streets in downtown Northville.

MR. B's FARM — Music by Al Glasser will be

In Town

presented at Mr. B's Farm on weekends during January.

Glasser will perform on Fridays and Saturdays from about 9 p.m. to 1 a.m.

Mr. B's Farm is on the west side of Novi Road, just north of Ten Mile Road in Novi.

NOVI HILTON — Several musical groups are scheduled to perform in the Whispers Lounge of the Novi Hilton during the month of January.

The band "Chateau" will perform Jan. 16-28 and the musical group "Heartbeat" will perform Jan. 30-Feb. 18.

The Novi Hilton is located on Haggerty Road

near Eight Mile Road in Novi.

CABARET SHOW — The Novi Concert Band, Novi Choralaires, Novi Players and Novi Youth Chorus present a Cabaret evening Feb. 18 at the Novi Civic Center. The show begins at 7:30 p.m.

Doors will be open at 6:30 p.m. Table seating is \$3 for an individual; \$10 family; \$24 reserved table for eight.

Tickets will be available at the Novi Parks and Recreation office or at the door. Pizza, soft drinks and snacks will be available.

MARQUIS THEATER — presents productions of the classic children's story "The Velveteen Rabbit" March 4-22.

For more information call the Marquis box office at 349-8110.

"In Town" lists entertainment events in Novi and Northville. To have an event listed write to "In Town," Northville Record, 104 W. Main, Northville, MI 48167.

Key Largo to sponsor Goombay Festival

Key Largo Restaurant in Walled Lake hosts a Goombay Festival on Sunday, Feb. 5, from 4 to 9 p.m.

Goombay festivals are celebrated each summer in the streets of the Bahamas. Colorful costumes and rhythmic pulsating sounds commonly dominate the festivities.

The Feb. 5 tropical party will benefit Detroit's Children's Center, an agency that provides mental health services to children and their families.

Festival activities will include Bahamian dancers and music by The Tropical Connection Steel-Drum Band. Prizes to be awarded during the event include a Bahamas vacation courtesy of Keytours, a \$500 gift certificate from Sidney Krandler & Sons Jewelers and a pampered night on the town including a limousine ride and dinner at Key Largo Restaurant.

Tickets are \$45 per person or \$90 per couple and may be obtained from the Children's Center. Call 851-5535 for more information.

Guests are encouraged to wear tropical attire to the festival.

ART INSTITUTE — Detroit In-

Nearby

stitute of Arts presents a "Brunch With Bach" musical series, which will run through Feb. 26.

Performing Jan. 22 will be the Essex Wind Quintet; Martin Foster on violin and Eugene Plawulsky on piano will perform Jan. 29; the Feb. 5 performance will feature Jelinek-Gurt Duo and Jerome Jelinek on cello and Joseph Gurt on piano; a special Valentine's performance will be offered by Detroit Symphony Chorale Quartet; the Feb. 19 performance will highlight flute and harp music by the Larson-Alvin duo and the Feb. 26 concert will feature the music of Chopin by Fontaine Laignon on piano.

Performances will be featured Sundays at 10 and 11:30 a.m. Tickets for a full brunch and concert are \$11; tickets for a continental brunch and

concert are \$9.50 and a stairway seat costs \$4.

Call 832-2730 to make reservations.

'BROADWAY BOUND' — Neil Simon's play "Broadway Bound" will be performed at the Michigan Theater on Jan. 22 at 7 p.m.

Set in Brooklyn in the 1940s, "Broadway Bound" chronicles the disintegration of the Jerome family. Tickets for the play are on sale at the Michigan Theater Box Office. To order tickets by phone call 668-8397.

MUSIC HALL CENTER — presents Marvin Hamlisch and The Manhattan Rhythm Kings for a special show on Saturday, Jan. 28 at Music Hall Center.

A champagne afterglow to benefit the Music Hall will follow the Marvin

Hamlisch performance. Hamlisch will be the special guest during the afterglow.

Tickets are priced at \$10-\$35. Tickets can be purchased at the Music Hall box office, all Ticketmaster outlets, Hudson's and AAA. Dinner packages can be arranged at some of Detroit's finest restaurants.

For more information call 963-7680.

MEADOW BROOK THEATER — features a four-week run of Neil Simon's "I Ought To Be In Pictures," beginning Jan. 5.

The play follows the relationship between a writer and his grown daughter who meet after a lapse of many years. The daughter is an aspiring actress who wants to get into the movies through his connections and to get to know the father she never heard from and can't remember.

Tickets can be reserved by calling 377-3300.

Meadow Brook Theater is on the campus of Oakland University near Rochester.

Northville wrestlers thump Patriots 50-16

Grapplers add 3 wins at Novi Round Robin

By NEIL GEOGHEGAN

With a little more intensity and a little less competition, the Northville wrestlers jumped back on the winning track last week, thumping Livonia Franklin 50-16 in WLAA Western Division action on Jan. 12.

"We wrestled well but the competition wasn't that great," Assistant Coach Bob Boshoven said. "We were a little more intense that we were for Brighton (a 31-20 loss a week earlier) but this was an important intra-division meet."

The Mustangs (8-4 overall, 3-1 in the WLAA) grabbed wins in 10 of 13 bouts and topped the 50 point mark for the first time this season. Kevin Khashan pinned Tim Willis in 3:25 at 103, Brandon Mardosian topped Derek Downey 11-4 at 112, Mike Mathes shut out Nick Kostakis 8-0 at 119, Mike Huff dumped Fred Vargas 7-0 at 125, Todd Wolfe pinned Rob Knittle in 1:36 at 130, Andy Frey pinned Ben Leece in 3:09 at 135, Curtis Cureton pinned Paul White in 2:50 at 145, Garnett Potter decisioned Mitch Deal 10-0 at 152, Bob Townsend pinned Mike Shaw in 30 seconds at 160 and Mike Hale pinned Brian Whetstone in 48 seconds at 189.

NOVI ROUND ROBIN TOURNAMENT: This unique six-team, round-robin tournament was held at Novi on Jan. 14, and Northville ended up placing third overall with a 3-2 record on the day.

The format at this event actually amounts to five complete dual meets for each team. Plymouth Salem emerged the winner by going 5-0 on the day.

"We did about as well as I expected," Boshoven said. "We didn't have Andy Frey in the line-up, so we had to patch everything together."

Frey was unable to compete due to a knee injury while John Kochanec

missed most of the competition with the flu.

The Mustangs edged the host Wildcats 32-27 in round one, winning seven bouts and recording three pins. Mardosian (112) pinned Kevin Martzoff in 4:42, Mathes (119) pinned Craig Barker in 5:28, Huff (125) pinned Ty Lum in 1:06, Kochanec (135) nipped Keith Scheffler 9-7, Kevin Delaney (140) and Steve Karevich battled to a 0-0 draw, Cureton (145) beat Chris Lowery 4-0, Potter (152) topped Rich Helfer 9-4 and Mike Hale (189) edged Ed Price 5-3.

Northville clobbered Farmington 42-18 in round two, winning nine of 13 matches. The Mustang winners included Khashan (over Matt Smith, 10-4), Mardosian (pinned Steve Lemieux), Huff (pinned Jason Holiday), Cureton (pinned Chris Kresl), Potter (over Steve Walter, 7-0), Townsend (pinned Peter Fraudiem), Darren Kehoe (over Matt Siskosky, 2-1), Hale (over Steve Horney, 10-4) and Derek Forbing (pinned Jodie Lockman).

The squad's first defeat of the tournament came in round three against traditionally powerful Gibraltar Carlson. The Mustangs managed only five wins and fell 38-30.

"The loss to Carlson was really the only big disappointment," Boshoven said. "Our showing against them wasn't very good and we only lost by eight points."

Mardosian (112) registered a technical fall victory over Dan King, Huff (125) turned back Ron Witek 7-2, Cureton (145) pinned Dave Severin in 1:55, Potter (152) pinned Mike Thomas in 3:27 and Hale won on an injury default. Khashan and Townsend both were involved in draws to provide Northville with 30 points.

The Mustangs rebounded to win nine matches in a 38-22 triumph over fellow WLAA Western Division opponent Walled Lake Western. Khashan

Northville's Garnett Potter (top) has Farmington's Steve Walter face down in prep wrestling action last weekend

(103) pinned Jim Steiner in 2:29, Mardosian (112) pinned Nick Mendoza in 3:20, Mathes (119) pinned Rob Grob in 1:53, Huff (125) decisioned Joe Gallaty 9-6, Cureton (145) topped Marty Bradley 6-2, Potter (152) crushed Todd Hoffmeyer 13-4, Townsend (160) blanked Jim Lee 10-0 and Forbing (Hwt.) pinned Rob West in

1:34. The biggest disappointment was Mike Hale's 7-5 loss to Matt Wilhite at 189 — it was only his second defeat of the season.

Northville then wrapped up the tournament with a 57-16 loss to Salem, winning only three times. On Dec. 13, the same two teams met in a

dual meet and Salem cruised to a 54-18 victory.

"It was almost an exact duplicate of the first time we competed," Boshoven said.

Khashan (103) pinned Dan Bonnett in 1:32, Huff (5:53) pinned Kevin Smith and Hale (189) decisioned

Tony Perkins 13-5, and that was all the Mustang wins.

Six Mustangs had a stellar week of wrestling action as they registered a 30-5-1 combined record. Khashan (4-1-1), Mardosian (5-1), Huff (6-0), Cureton (5-1), Potter (5-1) and Hale (5-1) were all key factors in Northville's four-victory week.

Cagers stifle Franklin; succumb to Canton pressure

By NEIL GEOGHEGAN

The Northville basketballers stifled Livonia Franklin in the first half of a WLAA Western Division clash on Jan. 13 — built a 16-point cushion thanks to an active man-to-man defense — and then held on in the second half for a 50-40 road triumph.

The Mustangs — who had been giving up an average of 32 points per half so far this season — held the Patriots to just 12 points in the first and second quarters. Churchill never recovered from the poor start.

"We went from our normal zone to a man-to-man defense in an attempt to increase our intensity on defense," Northville Coach Omar Harrison said. "We allowed just 12 in the first half and 40 for the game, and that indicates to me that we played well on defense — and we didn't press up court at all."

At the two-minute mark of each quarter, Harrison brought in five new players off the bench in an effort to give his starters a nice rest and to pick up the defensive intensity. The five substitutes were Mike Lang, Joe Kaley, Scott Meredith, Dave McKee and Paul Grant.

"It helped me rest the starters for a while and it gave us a fresh group of guys in there who were ready to get after them on defense," Harrison explained. "Their goal

was to play at full-throttle for two minutes and maintain the lead, and I thought they did real well."

The Mustangs executed Harrison's strategy to perfection and led 12-5 after one quarter and 28-12 at halftime. The Patriots cut into the lead in the second half with a much stingier defense, and pulled to within 10 several times in the fourth quarter, but never got closer than eight.

Franklin blew a chance to make it interesting down the stretch. An unidentified Northville player was whistled for a personal foul — and after arguing with an official — a technical foul. It gave the Patriots a potential seven-point play, but the home team ended up with just one on the exchange.

"We lucked out on that," Harrison said. "We almost made it tough on ourselves."

"I think Franklin picked up their play a notch in the second half and at the same time, we let down a bit after getting the big halftime lead."

Rob Walsh paced the Mustangs with 19 points, but was the only player to score in double-figures. Center Chris House returned to the line-up after missing several games with an ankle injury, and chipped in eight points. Forward Greg Price failed to score but did haul down a

team-high nine rebounds.

"Walsh also had six steals, so he had a nice game," Harrison said. "House started and played pretty well, but he's still not 100 percent yet."

PLYMOUTH CANTON 70, NORTHVILLE 55: The Mustangs fell to the Chiefs in Plymouth on Jan. 10 after blowing an 11-point first half lead. Northville is now 5-4 overall and 2-2 in the WLAA.

"We didn't play very well," Harrison said. "We folded under the pressure of their defense — especially at the end of the first half. We knew they would pressure the ball all over the court but we didn't handle it very well."

After an evenly-played first quarter, the Mustangs went on an offensive tear in a three-minute span and opened an 11-point lead. But several Northville turnovers and three-point baskets by Canton whipped out the advantage. At halftime, the Chiefs led 34-33. Heath Myers and Meredith combined for 12 Northville points in the quarter.

"We had a good offensive span where everything went right for us," Harrison said. "But then, we got careless with the ball and they responded with three, three-pointers. In a flash, we were down by a point."

"Pressure defense is (Canton's) style and we knew

what we had to do to negate it — but we didn't play under control."

The momentum carried Canton to a seven-point lead heading into the fourth and then the Chiefs canned 13-of-19 free throw attempts in the final eight minutes to win going away.

"We started fouling them and try to get back into it, but they were hitting their free throws," Harrison said. "It's very difficult to come back when your opponent keeps converting."

Price paced the Mustang attack with a career-high 12 points, Myers added 11 and Meredith chipped in 10. House didn't play in the game, but Harrison refused to use that as an excuse.

"We didn't have Chris and that hurts us inside, but I'm not going to make any excuses," he said. "You have to play with who you got."

"I thought Greg Price and Scott Meredith did a nice job inside, picking up the slack."

Northville travels to Farmington to take on first-place Harrison tomorrow (Jan. 20).

"I think (Harrison) is a slice above anybody else in our division, so it will be a very tough game to win," Harrison said.

Vikings top Mustang spikers for second time this season

By NEIL GEOGHEGAN

In the span of just four days, the Northville volleyball squad made some measurable improvement — but those strides weren't reflected in the standings.

Back on Jan. 7, Walled Lake Central dumped the Mustangs 15-3, 15-10 in tournament action. But on Jan. 11, the two teams squared off again in a dual meet and things were much, much closer. The Vikings prevailed again — 15-10, 10-15, 15-5 — but needed a 15-0 run in game three, after falling behind 5-0, to nip Northville in three hard-fought games.

"We played better than we did the first time we met them, but we still lost," Mustang Coach Paul Osborn said. "I shuffled the line-up a little bit and maybe that helped, but again, we beat ourselves with mental errors. We should have won the match."

In game one, Northville fell behind 5-1 in the early going but then awoke and eventually tied it at 10-10 after several rotations. But the come-from-behind bid fell short when Central reeled off five points in a row to close it out.

"We had problems with our serve reception and we seemed to sit back and let them bring the ball to us," Osborn recalled. "If we want to win

"We played better than we did the first time we met them, but we still lost ... again, we beat ourselves with mental errors. We should have won the match."

— Paul Osborn
Mustang Volleyball Coach

games, we can't play passive like that. Central made a lot of errors too, and that helped keep us in it until the very end."

The Mustangs rebounded with a strong second game, and the catalyst was a stronger attack spurred on by improvement in the serve reception department. Both teams nicked-and-dimed their way to a 10-10 deadlock, but Northville then turned the tables on the Vikings and scored five unanswered points to knot it at one game apiece.

"We started to take the ball to them more in the second game," Osborn said. "We attacked more, played better defense and — at least temporarily — worked out our serve reception and setting problems. Game two was actually a carbon-copy of game one, except the roles were reversed."

In the third and deciding game, the Mustangs got an early side-out and then cruised to a 5-0 advantage. Walled Lake Central fought back to tie it at the end of the first rotation and then proceeded to score 10 straight points on one service sequence — to win the game, and the match.

"Our serve reception went back down and our hitters seemed to hit a lot of balls into the net," Osborn explained. "I think a lot of that had to do with sets that were too close to the net."

"The mental errors killed us — we did things that we shouldn't have even attempted, like left-handed hits. To be ahead 5-0 in the deciding game and then give up 15 unanswered points is very frustrating."

Northville (3-3 overall, 0-1 in the WLAA) is about to enter a crucial stretch of the season against three Western Lakes Western Division foes — Livonia Churchill, Plymouth Canton and Livonia Franklin.

RECREATION BRIEFS

COACH AWARDED: On Jan. 9, Kathy Sochacki was named the area's 'Outstanding Coach' in association with the Michigan Special Olympics. Sochacki is a special education teacher at Our Lady of Providence in Northville.

This award is sponsored by the Michigan District Civitan organization. Candidates must have at least two years of involvement with Special Olympics and have had a positive impact on the training and competition program in their particular area and the athletes they coach.

Additional information which may be considered would be letters of recommendation, newspaper articles, fund raising activity, chauffeuring, etc.

Sochacki will be recognized at a banquet next month, along with coaches from each of the other 32 areas across the state. One of these individuals will be named Michigan Special Olympics Outstanding Coach of the Year.

OFFICERS ANNOUNCED: The new Northville Recreation Commission officers are: Greg Dawson — Chairperson; Judy Kohl — Vice Chairperson; Bill Braund — Secretary; Joe Gallagher — Treasurer.

The commission will continue to meet at 8 p.m. the second Wednesday of each month. The meetings are held at the Northville City hall in even numbered months and at the Northville Township Hall in odd numbered months.

COACHES NEEDED: An assistant coach or two are needed in the Northville Travel Baseball Program. The Mickey Mantle team in the 15-16 age division is now planning for the 1989 season, according to coach Paul Baetz. Potential assistants should call Baetz at 532-2036.

SKI LESSONS: The Northville Recreation Department is offering group cross country ski lessons on the following days: Jan. 20 (over 14 years of age), Jan. 27 (over 14), Feb. 3 (over 5) and Feb. 10 (over 14).

All of the classes will be held at Maybury State Park. Pre-registration is required. Cost for Northville residents is \$6 — \$11 for non-residents. Equipment rental is available for an additional \$6. Call 349-0203 for more information.

BASEBALL CLINIC: The Madonna College Athletic Club will sponsor the Annual Baseball Clinic on Feb. 4 from 8:30 a.m. to 4 p.m. in the Activities Center.

On hand will be Tiger players Mike Henneman and Pat Sheridan along with former Tigers like Gates Brown and Milt Wilcox. The clinic is for grade school, junior high and high school players and their coaches. The fee is \$10 for students and \$15 for coaches and includes a complimentary lunch.

The college is now accepting mail registrations. Call 255-1100, or 537-1130 for more information.

Swimmers stroke past Churchill 54-26

By NEIL GEOGHEGAN

Several seasons ago, the Northville and Livonia Churchill boys swimming squads battled to rare 66-86 tie. The meet was an accurate representation of a series that's been very competitive the last few years between two evenly-matched programs.

But this season, it appears the Mustangs have taken a large leap ahead of the Chargers. On Jan. 12, host Northville dunked Churchill 54-26, and did so without the services of three key performers who are battling the flu.

"I'm real happy," Mustang Coach Mark Heiden said. "To be honest, I expected (Churchill) to be stronger than they were. We didn't have John Warren, Chris Handyside or Larry

Osiecki and we still won easily. I think it was a combination of them being weaker this season and our guys continuing to swim well."

Northville took an early 24-7 lead by going 1-2 in the first three individual events. In all, the Mustangs managed eight wins in 13 tries.

Super-sophomore Eric Newton paced the locals with victories in the 200-yard freestyle (1:54.56) and the 100 butterfly (58.44). Freshman Bob Holdridge also added a pair of wins in the 50 freestyle (24.64) and the 500 freestyle (5:15.44). The other Northville wins came from Brad Cook in the 200 IM (2:16.02), Rob Devyak in diving (personal best point total of 246.70), the 200 medley relay team of

Andy Wayne, Cook, Matt Hanna and Holdridge (1:49.81) and the 400 freestyle relay team of Newton, Matt Van Horn, Dave Morante and Jason Stringer (3:41.00).

Stringer led the runner-up finishers with two seconds in the 200 freestyle (2:02.26) and the 100 butterfly (1:00.33). The other seconds included Cook in the 100 freestyle (53.43), Wayne in the 50 freestyle (24.78) and the 100 backstroke (1:03.82). Morante in the 200 IM (2:18.66), Van Horn (5:38.84) and Hanna in the 100 breaststroke (1:10.71). The Novi thirds came from Steve Lang in diving (183.90), Angelo Perakis in the 100 freestyle (56.81) and Morante in the 100 backstroke (1:04.84).

The win upped Northville's season

record to 4-0 (2-0 in the WLA), but two of the better teams in the state await — Plymouth Canton and Novi.

"I don't think there is any doubt Canton and Novi will be our two toughest meets of the season," Heiden said. "One of my main concerns is to get everybody healthy — we're not all that deep anyway. The Canton meet (scheduled for Jan. 19) is very important because they are the team to beat in our conference and our division."

"If we're healthy, we can give (Canton) a run for the money. We'd like to think we have a shot at beating them. They are tough but so are we. We've been doing phenomenally well and we haven't been healthy."

Accidental Discovery May End Obesity

Blocks calorie absorption

SWEDEN—Medical researchers at the University of Kuopio, in Finland, have discovered (accidentally) a new weight-loss formula. The new discovery enables an overweight individual to lose pounds and fatty tissue without dieting or exercise.

Scientists made the discovery while searching for a formula to lower cholesterol. In a controlled study of a test group of people, cholesterol levels remained unchanged but the doctors were astounded to find that every patient who used the formula lost weight. The published report of this study stated, "A highly significant decrease in body weight was seen" in patients who received the formula.

The formula was then tested in Sweden at Sahlgren Hospital, University of Göteborg. Again, all patients lost a substantial amount of weight even though they did not change their eating habits. The report detailing this study, published in the British Journal of Nutrition, stated "Body weight was significantly reduced even though the patients were specifically asked not to alter their dietary habits." One patient in this study lost more than 30 pounds.

According to one informed source, the active ingredient comes from a 100% natural botanical source and contains no drugs or stimulants. When taken before mealtime it bonds with the food you eat and "ties up" calories, preventing the absorption.

A substantial portion of the calories ingested therefore pass through the digestive system unabsorbed. The body has to get energy to replace the lost calories, so it starts to burn stored fat. The result is rapid body weight loss. Extensive clinical tests have verified the safety of this formula for long term use.

The formula is marketed in tablet form in the United States under the trade name Cal Ban 3000. A firm located in Tampa, Florida, has exclusive North American distribution rights. A review of the customer files of this company revealed the names of hundreds of people who have lost up to 40 pounds the first week and as much as 20, 40 or 60 or more pounds overall with Cal Ban 3000. This is a golden opportunity for people who are plagued by fat and cellulite that they can't seem to lose by conventional methods.

Cal Ban 3000 is reasonably priced at \$19.95 for a 3 week supply, and \$38.95 for a 6-week supply. Postage and handling is \$3. To assure fastest service, orders are accepted by toll free phone only. VISA, MasterCard, Amex and C.O.D. orders are accepted. C.O.D.s are \$2.20 extra. Orders may be placed by calling Anderson Pharmaceuticals. TOLL FREE 1-800-122-0812. During this special phone order promotion purchasers of a six week supply of Cal Ban 3000 will receive, absolutely free, a beautiful 21" double strand necklace of sparkling Chinese Faux pearls.

Call today to begin the pleasant transformation from fat and flab to the slender firm body you want! If you fail to achieve a major weight loss you may return the empty bottle within 30 days for a 100% refund.

Dieting not recommended for teens

By AMY ROSA

How young is too young to diet? Most health professionals admit there are occasions when overweight teens need to follow a weight-reduction program. However, they also agree that the concept of "dieting" can get out of hand when undertaken by a youngster, particularly a girl who wants to shed pounds for no other reason than to look or remain svelte-like.

Dieting is not only not recommended by most in-the-know, but is seen as down right dangerous in some instances. Tales of anorexia and bulimia are too rampant for anyone to doubt the seriousness of the problem.

Not only does society's — including the media's — image of the slender model-type exacerbate the problem, but peer pressure is a factor too, according to pediatrician, Dr. Henry Marcus.

Marcus deals with the teen and dieting issues from his Livonia practice routinely. He said some teens just look at their classmates and "decide they want to be as skinny as them." Then they end up neglecting their bodies to achieve the unhealthy goal, he added. He discourages that type of "dieting" at all costs.

With children who actually could benefit from losing weight, he said behavior management is the key. "We don't like to refer to it as a diet. It involves a change in their attitude," he said, explaining that nutrition, exercise and counseling are part of the package he offers for teens needing to reduce.

Novi Middle School Home

Economics teacher Nanci Olgren has seen similar situations with her students. "In the past I've had girls come into the foods and nutrition classroom and tell me they couldn't eat the food we were preparing because they were on a diet."

Olgren says she hasn't heard those comments much lately, but admits it is a concern. "I tell my students that now is the time their bodies are developing. Now is the time their bodies are growing, and now is the time their bodies need lots of different kinds of food."

Olgren discounts remarks from "self-proclaimed experts" on nutrition, who say individuals don't need certain food products and that the basic four food groups is passe. "I don't believe that."

Mostly, said Olgren, she has encountered a positive approach to food among her students. For instance, upon preparing food dishes for class, "We very seldom have any food left over," she said.

"I'm talking about preparations such as carrots, broccoli, muffins, granola and fruit salad," Olgren added, dispelling the myth that all teens want to eat is "junk food" or sweets.

She also tells students that a treat now and then is okay, she said, explaining that pizza — a highly popular food with youngsters — isn't a bad food choice. Only when someone eats pizza several times a week does it cause a problem, she explained, because that causes important foods to be left out of their diets.

"When mother talked about three square meals a day, she meant three meals planned from the basic four," she said.

Local health center to hold open house

M-CARE OPEN HOUSE: An open house will be held at the University of Michigan M-Care Health Center in Northville on Jan. 20, 5-7 p.m. The physicians and staff will be available to meet with guests and provide tours of the center. Refreshments will be provided by Edwards Caterer.

The health center is located at 650 Griswold Street.

MedSport is offering a health test at local Kroger stores on Jan. 24-25 and Jan. 30-Feb. 1 from 10 a.m.-7 p.m. The test will include cholesterol and blood pressure testing. Nutritional advice will also be offered.

Cost is \$7. For more information call 763-7400.

BLOOD PRESSURE CLASSES: The Oakland County Health Division will offer a series of six blood pressure control classes to residents of Oakland County. The classes will be held weekly, from 2-4 p.m., at the Oakland County Health Division's south office, 27725 Greenfield Rd., Southfield, on Feb. 22 and March 1, 8, 15, 22, 29. All classes are free but pre-registration is required as class size is limited.

Topics that will be covered during these classes include:

- Defining the disease (an overview of high blood pressure and its control).
- Medications used in treatment.
- Dietary recommendations (meal planning and food choices).
- Living with high blood pressure.
- Cholesterol teaching.

Classes will be taught by Oakland County Health Division public health nurses and nutritionists. Activities and information shared will help class participants better understand high blood pressure and self-care skills. Spouses and/or other family members are encouraged to attend.

For further information or to pre-register, call 424-7042.

EXPECTANT PARENT CLASSES: The Oakland County Health Division will offer a series of six Expectant Parent Classes beginning on Feb. 9, in the Bartlett Friendship Center Room 116, Community Education, 350 School Street, South Lyon.

Fitness Notes

Classes will be held in the evenings from 7-9 p.m. and will be taught by public health nurses. There is no charge for attending the series of classes, but you are asked to pre-register as enrollment is limited.

Topics will include maternal physical changes, good nutrition, growth and development of the fetus and the baby, labor and delivery, infant care and parenting.

The Health Division advises that you enroll as early in your pregnancy as possible.

To register, please call 424-7042.

MADONNA HEALTH SERIES: Madonna College in Livonia will continue its Fireside Chat Series with "The Dangers of Smoking/The Benefits of Quitting."

The chat will include helpful tips on how to quit smoking and will be held on Jan. 24 at 7 p.m. in the Founders' Room at Madonna. It is open to the public and is free.

For more information call 591-5188.

PRE-NATAL/POST-PARTUM FITNESS: Debra Hoppe will lead a pre-natal/post-partum exercise classes Saturday mornings at 10 a.m. at Providence Hospital in Novi.

Classes are on-going and participants can enroll at any time by calling 227-7284. A physician consent form is necessary to participate.

WALKING AT THE MALL: People who enjoy walking are invited to use the climate-controlled corridors at Twelve Oaks Mall. Walkers are welcomed Monday through Saturday at 9 a.m. and Sunday at 11 a.m.

All walkers must register at the Twelve Oaks security office.

The lower-level track is .5 miles, and the upper-level track is .8 miles. A complete trip around the mall is 1-1/3 miles.

CHOLESTEROL SCREENINGS: The staff of the Henry Ford Medical Center in Plymouth is offering \$5 cholesterol screenings from 3-7 p.m. the fourth Wednesday of each month.

Appointments are necessary and can be made by calling 453-5600.

The Plymouth Center, 261 S. Main St., is open from 7 a.m.-9 p.m. Monday through Thursday, 8 a.m.-7 p.m. on Friday; 9 a.m.-1 p.m. and 2-6 p.m. Saturdays and noon-4 p.m. Sundays.

MATERNITY FITNESS: The Motherwell Maternity Fitness Program at the University of Michigan Medical Center offers classes every Monday and Wednesday evenings from 6:30 p.m.-7:30 p.m. at the M-Care Medical Center in Ann Arbor, or on Tuesdays and Thursdays at the Health Center in Northville from 7:30 p.m.-8:30 p.m.

The medically-approved exercise classes, designed specifically for pregnant women, are taught by certified instructors and provide many benefits.

A package of information is available by calling 936-5186.

OVER-50 FITNESS: Twelve Oaks Mall is providing a safe, proven and highly-effective workout for older people and others who are interested in a low impact, aerobic exercise program. The program is offered every Tuesday and Thursday from 9-10 a.m. in the Lord & Taylor Court (lower level).

The "Fitness over 50" program has been designed and field-tested for more than 10 years at the University of Michigan. It provides a non-strenuous but invigorating program that will improve your strength and muscle tone, and increase your energy and endurance.

The event is free and open to the public.

NOVI TRACKERS RUNNING CLUB: Enjoy camaraderie with fellow running enthusiasts of all ages and abilities by joining the Novi Trackers. For more information, contact Lee Karvola at 349-7224 or Kelley Simpson at the Novi Parks and Recreation office, 349-1976.

How can a multiple car family minimize insurance costs?

No problem.

Auto-Owners gives families with two or more cars a reduced insurance rate. That makes their exceptional auto coverage and claims service even more attractive.

So if you're a multiple car family trying to minimize insurance costs—call your "no problem" Auto-Owners agent and find out how this discount can be "no problem" for you.

the Honeywell
Winter Watchman

HONEYWELL WINTER WATCHMAN

... You can provide your neighbor with an easy, convenient way to make absolutely sure your house is warm while you're away. The Winter Watchman eliminates the chore of daily trips into your house. Instead — your neighbor just looks for a light in your window. If something should happen and the indoor temperature falls, the Winter Watchman turns on a lamp to signal your neighbor. Then, corrective action can be taken before freeze-up occurs. As long as your neighbor sees no light your house is warm.

Real happiness is not 'an impossible dream'

By SYLVIA DVORAK, M.S.

"People say they want to be happy, yet real happiness seems like the impossible dream. Everyone reaches for it so desperately, but for many of us, it never seems to come any closer. What are we doing wrong? Is it the times we live in? Do we expect too much? Do we want the wrong things?"

The preceding excerpt from *How to be Your Own Best Friend* (by Newman & Berkowitz, 1971) points out some valid questions. Think about them for a little while, but don't let them get you down. There are many people who are happy with their lives. You have probably met people who radiate a certain energy and you may have wondered what their secret is. Happiness, that is the answer, too many of us have not mastered the art of being truly happy.

Often we pursue "things" which we believe will make us happy. This could be where we get sidetracked.

Once these things are reached or attained, we expect happiness to just happen to us. And maybe, for a short while, it will. But eventually we realize we've been looking for happiness in the wrong place. True happiness is not outside us; it has to come from within.

What is this really saying to you? It means we hold the key to our own happiness, to fulfill our potentials, our dreams. We are responsible for how we live our lives. We control the switch to the choices we make and whether we have a good time. But remember, if you are angry or upset, you have a right to feel this way.

You need to go through certain emotions, both good and bad; yet there is no need for negative thoughts to take over your life. It is easy to get swallowed up in our own sorrow or self-pity, because it's safer not to change your behavior. Security, after all, is comfortable; it makes our world easier to manage. But to be truly happy, we have to take that step forward. Take the challenge of life,

climb that mountain, make that speech. How else will you ever know you can do it? Stop using the words, "I can't."

If you decide to help yourself, you can choose to do those things which make you feel good about yourself. It's time to stop putting yourself down. Be kind to yourself, look at your achievements, find the things you like about yourself, and continually remind yourself of them. Believe in yourself, praise yourself and visualize yourself being truly happy while striving for your goals.

Affirmations are one way to change the negative "tapes" your subconscious plays continually. You know the ones I'm talking about: they tell you how rotten, unworthy, unlovable and stupid you are. Affirmations are always positive and eventually, they all come true. The following are some affirmations you might want to use. Repeat to yourself, ten times daily, "I am healthy, strong, powerful, loving, successful and happy." Or you might

say, "I am a good person." Another is, "I like myself — a lot." Yet another you could say is, "I can fulfill any goal I set for myself."

If you have trouble saying affirmations out loud, start by writing them in a journal. If you tape your affirmations, you can listen to them while driving, exercising, or even falling asleep.

Just think what a different world we would all live in, if we all loved ourselves. As Venice Bloodworth wrote in his book *Key to Yourself* (1972): "True happiness is a state of mind and must come to you through recognition of your own power and the finding of your own place in the world."

The Northville Record is working with medical authorities at the University of Michigan Medical Center (M-Care) in Northville to provide up-to-date information on a variety of health-related topics. The series is coordinated by Peg Campbell of the M-Care staff.
