

Retirement celebration

The Amerman Elementary PTA is hosting an open house to celebrate the retirement of both Principal Steve Anderson and teacher Jeff Lightfoot 6-8 p.m. June 13 in Amerman's Multipurpose Room. Anderson and Lightfoot have a combined 66 years of service to Northville Public Schools. All Amerman families and friends are welcome to attend.

Senior party walk-through

The public is invited to attend the community walk-through before Northville High School's Senior All Night Party (SANP) 3-5:30 p.m. Sunday, June 2, at the high school. The party will take place at 9 p.m. following the Class of 2013 commencement ceremony Sunday. Different sections of the school will be decorated to meet this year's theme, called Cirque Northville. For example, the main hallway will become the "Midway," offering carnival and circus food favorites and entertainment, including a psychic and tarot card readers. For those senior parents who would like to volunteer, visit www.SignUpGenius.com/go/9040E4FA4A92DA13-senior/5958222. Organizers are still looking for cookie and candy donations, which can be dropped off 1-3 p.m. Saturday, June 1.

A new playground rises Thornton Creek students now have 'great place to play'

By Lonnie Huhman
Staff Writer

The unveiling of the new playground at Thornton Creek Elementary School was a momentous day for all involved. "This is a special day for our school community," Thornton Creek Principal Alison Epler said the day of the ribbon-cutting that took place Thursday morning. The effort to construct the new playground began with the writing of an essay to receive a \$50,000 grant from playground manufacturer Landscape Struc-

tures in its national contest for accessible playgrounds. After much planning, a variety of volunteers — including many parents — showed up Saturday, May 18, to construct all the new elements of the playground. The group that started the project to rebuild the nearly 20-year-old playground included the mothers of some students at the school, who wanted the playground to be a place enjoyed by all of the students at the school, including those with physical disabilities.

Downtown concert series revs up Friday

By Lonnie Huhman
Staff Writer

Another fun-filled season of the Friday Night Concert series begins in downtown Northville tomorrow evening with the traditional opening act, the Northville High School Jazz Band, performing in Town Square. The series is presented by the Northville Downtown Development Authority and Tom Holzer Ford and managed by the Northville Parks and Recreation Department. The concert series is funded entirely through sponsorships. The Concert Series brings the music of some of the finest local musicians to downtown Northville's outdoor stage 7-9 p.m. select Friday nights through Aug. 30. There will be 10 concerts this year. "Since 2007, the Friday Night Summer Concerts have become a popular event for the Town Square area," Northville Parks and Recreation Director Jason Spiller said. "In 2012, it is estimated that attendance at each of the 11 concerts was between 500 and 2,000 people."

The schedule features something for everyone, including jazz, country, Motown, rock and blues. This year's schedule keeps with tradition as the NHS Jazz Band kicks off the series with its performance May 31 and Steve King closes out the season as the final performance Aug. 30. The production team will be JAG Entertainment of Wixom. James Gietzen, president of JAG Entertainment, has prior experience providing production services for the Friday Night Concert Series. He is also a Northville High School graduate. Some of the featured artists for the 2013 season, include five-time Detroit Music Award nominee Gia Warner (July 13) and Nashville recording artist Justine Blazer (July 5). Local favorites, including the Randy Brock Group (July 19) and the Shawn Riley Band (Aug. 9), are also scheduled to perform. Admission for concerts in the series is free. Early arrival is suggested and guests are encouraged to bring their own lawn chairs

Help rescue the Rouge River on Saturday

By Kurt Kuban
Staff Writer

The Rouge River has long been an important resource to the Northville community. From the time of settlement through Henry Ford's Village Industries and the development of area parks, local folks have always been drawn to the Rouge and its tributaries. On Saturday, local residents are

encouraged to pay the river back a bit by volunteering some time for the annual Rouge Rescue event, which takes place all over the Rouge River watershed in Southeast Michigan. There are three sites planned in Northville, including at the historic Mill Race Park, where volunteers are trying to restore the river to what it was back in the late 19th century. The project, which the

Northville Historical Society initiated last year, includes replacing lawn and eroded river banks with no-mow buffer zones containing the same kind of native plants folks around here would have found in the late 1800s. Volunteers have also been installing erosion-controlling logs made of coconut fibers, which help the growth of native plants. According to site coordinator Ed Gabrys of the Historical Soci-

ety, volunteers will continue those efforts from 9 a.m. to noon on Saturday. In April, local Boy Scouts from Troop 755 provided more than one hundred hours of labor to prepare several new sections to be planted during Rouge Rescue. "They really worked hard to get us ready for Rouge Rescue,"

Gabrys said. “On Saturday, we’ll be placing the finishing touches.” Those finishing touches include planting a lot of native plants, doing some weeding and removing unwanted invasive plants. Ultimately, there will be a nature trail that will guide visitors along the river bank and mill channel, with signs that explain the ecology and its importance to the settlement of Northville. In other words, it will fit right in with the theme of the entire Mill Race Village.

“Our whole idea with this is to turn the clock back to the late 19th century. And we’re helping the health of the river at the same time,” Gabrys said.

There are two other Rouge River projects in Northville on Saturday. One is being organized by city resident Callie Milroy and will take place from 9 a.m. to noon on Novi Street (not Novi Road) at Allen Drive. The site is just northwest of 8 Mile and Novi Roads. Park along

Novi Street and walk back to the river just north of 8 Mile. Volunteers will be cleaning up the river at the location.

The other site is at the Northville Township Fire Station, located at 45745 Six Mile Road, where volunteers from 9 a.m. to noon

will be building a rain garden. About 40 volunteers are needed at the site, which is being coordinated by Northville Township.

The whole idea behind the rain garden concept is to capture storm water runoff, which is one of the main pollutants impacting the Rouge River. Rain gardens filter the rain water, rather than have it flushed into storm drains and dumped directly into the river. The rain garden at the fire station will include many native plants, which have root systems that also help filtrate storm water.

Organizers hope it will serve as an example to residents on how simple steps can be taken to improve the water quality of the Rouge River and its tributaries. For more information, contact Tom Casari at tcasari@twp.northville.mi.us.

The three Northville sites are among 32 sites in 19 communities throughout the watershed. The event is coordinated annually by Friends of the Rouge. For more information, visit www.therouge.org.

The 11 mothers on the committee are Aimee Bailey, Michelle Coe, Karen Kazarian, Lori Lene-schmidt, Alissa Lowman, Kathleen Mozak, Claudia Ordonez, Amy Scot-to DiVetta, Amy Vertes, Emily Vitale and Karen Wang.

“We started the project sharing a common goal — that our kids could have a great place to play, learn and share with kids of all abilities,” Ordonez said.

“The sum of all the energy and optimism made everything possible.”

The students went more than a week without a playground and probably got a little anxious to get out there as they watched from the windows as it was constructed.

That changed May 23 and the smiles on their faces spoke a thousand words as to how happy they were to finally play together on the equipment most of them worked to help pay for.

McCotter staffer pleads no contest in petition scandal

By David Veselenak
Staff Writer

One of former U.S. Rep. Thaddeus McCotter's staffers has pleaded no contest in the petition signature scandal involving his office last summer.

Mary Turnbull, a Howell resident and McCotter's former district representative, pleaded no contest today to the charge of conspiracy to commit a legal act in an illegal manner before Oakland County Circuit Judge Leo Bowman in Pontiac.

Turnbull was accused of being one of four staffers on the former Livonia Congressman's campaign involved in illegally copying signatures for petitions to put McCotter on the ballot. After the sig-

Turnbull

natures were found to be invalid, McCotter said he would run as a write-in candidate before dropping out of the race altogether.

Turnbull is scheduled to be sentenced July 9. She faces a maximum of up to five years in prison.

McCotter was replaced by Democrat David Curson of Belleville for about six weeks after the November election in the 11th District before redistricting took place earlier this year. The current representative the 11th District is Milford resident Kerry Bentivolio, who originally filed

to run against McCotter in the GOP primary last summer.

Turnbull's case is the second to be resolved after McCotter resigned last summer. Another former staffer, Livonia resident Lorianne O'Brady, was sentenced to 20 days in jail or 20 days in a work-release program after she pleaded guilty to five counts of falsely signing a nomination petition as a circulator, all misdemeanors.

Two other staffer, Paul Seewald and Don Yowchaung, continue to face charges in the state court system. Both were originally charged with conspiracy to commit a legal act in an illegal manner, but both had those charges dropped by Wayne County Circuit Judge

Margie Braxton. The Michigan attorney general's office is currently appealing the decision to the state Court of Appeals.

McCotter was subpoenaed in the pair's preliminary examination in Livonia's 16th District Court last fall. He was not charged with any crimes involving the falsified signatures.

Both also were charged with several counts of falsely signing a nomination petition as a circulator last fall. Both were sentenced to probation.

Court hearing delayed for suspect in I-96 shootings

The court has adjourned the upcoming pretrial hearing for the alleged Interstate 96 corridor shooter.

Raulie Casteel was expected to appear May 24 in Livingston County Circuit Court, but the court adjourned it until June 7. The reason for the delay was not noted in court records.

Casteel, 43, faces seven counts including terrorism, in Livingston County and 60 counts in Oakland County in connection with 24 shootings, three of which occurred on I-96 in Livingston Coun-

Casteel

ties and the rest along trunk lines and side streets in Oakland, Ingham and Shiawassee counties.

The shootings took place from Oct. 16-18 and Oct. 27. One person was injured.

Police allege Casteel randomly fired a handgun from his vehicle at motorists along the I-96 corridor.

A psychologist with

the state's forensics center found Casteel competent to stand trial, but the defense is seeking an independent evaluation by a private psychiatrist. Casteel's attorney has said the forensic psychological exam revealed that Casteel suffers from delusional disorder.

An evaluation for criminal responsibility remains outstanding.

The Michigan attorney general's office is prosecuting the Livingston County case, while the Oakland County prosecutor's office is handling its own cases.

Wherever our graduates go, their lives will change

By Steve Matthews
Guest Columnist

My father graduated from high school in 1947. A proud graduate of Fairland High School in Fairland, Okla., there were 15 in his graduating class. Fairland, Okla., was, and is, a small farming community in Northeastern Oklahoma. The majority of families have been there for generations. Many started, as did my grandparents, as sharecroppers. These families eventually found a way to purchase small farms and they have remained there to this day. In 1947 graduating from high school was an end, not a beginning nor a stepping stone.

For my father, however, graduating from high school was just a first step. In 1947, in Northeastern Oklahoma, not many high school graduates went to college. In my father's family not many high school graduates went to college. My father, however, was one who did.

And it changed his life.

His college degree changed his experience after high school. Instead of staying in Fairland, he went away to school. First to Iowa, then to Miami just up the road from Fairland, and eventually to Stillwater and Oklahoma State University. It changed where he lived. After college, he moved from Oklahoma to New Mexico to find a job. It changed his opportunities. Instead of working on the farm or for

Super Talk

Steve Matthews

school for over 30 years.

On June 1, I will have the opportunity and honor to be present when over 500 Novi High School seniors become Novi High School graduates. The majority of our graduates will also be on to college this fall. And college will, most likely, change their lives just as it changed my father's life.

Our graduates will be staying close to home and going to faraway places. We have graduates who will be going on to the University of Michigan and Michigan State University. We also have graduates who will be going on to Harvard, Yale, and MIT. Some of our graduates will be going on to Eastern, Western, Central, and Northern Michigan. Other graduates will be going out of state. Some graduates will be going to four year colleges and some will be going to two year colleges.

Wherever our graduates go, their lives will change.

Some of our graduates will get degrees that take them to new places. Some of our graduates will meet people whom they will marry and with whom

Goodrich Tire and Rubber in Miami, Okla., like many of his fellow high school graduates, my father taught

they will raise families. Other graduates will discover a passion that will engage them professionally for a lifetime. Still other graduates will develop skills that will prepare them for a variety of challenges in a variety of jobs in a variety of places throughout their lives.

The common thread in all of their lives will be that they graduated from Novi High School and are products of the Novi Community School District. Our district knows and understands that our responsibility is to prepare people for life beyond high school. Our school district knows that our job is to help those who graduate from high school have the skill, the social grace, and the desire to continue to educate themselves so that they can become productive members of society.

Whether you graduate from a small community like my father or from a larger community like the graduates of Novi High School, the goal is to ensure that every graduate has the skill, knowledge, and desire to continue to move forward with his or her life. I am confident that we have prepared the graduates of Novi High School and they are ready to move forward.

Steve Matthews is the superintendent of the Novi district. He can be reached at smatthews@novi.k12.mi.us; (248) 449-1204; www.twitter.com/docsmatthews; or www.novisuperintendent.blogspot.com.

SCHOOL BRIEFS

Senior party walk-through

The Novi High School Senior All Night Party community walk-through will be at 11:30 a.m. to 1 p.m. Saturday, June 1.

Madeja named NHS principal

Deborah Madeja has been named the new principal at Northville's Amerman Elementary School. Madeja comes to the district from Howell Public Schools, where she served as principal at Challenger Elementary School for the past seven years. Prior to joining Challenger, she spent 18 years as a classroom teacher with Novi Community Schools.

Madeja

According to Northville Public Schools news release, Madeja has outstanding credentials as an educator and is a dedicated school leader who will build on the collaborative school community and positive culture that already exist among the students, teachers, staff and families at Amerman.

Madeja received board approval at Tuesday's board meeting. The administration recommended Madeja after a multi-stage, in-depth process that began with more than 145 applicants and included four phases of interviews, including a full panel interview with representation from Amerman parents, teachers, and elementary and middle school principals.

Madeja has a B.S. in elementary education from Wayne State University and a M.A. in elementary education from Eastern Michigan University, as well as a specialist degree in Educational Leadership-Administrative Certification from Wayne State University. In addition to completing the Galileo Leadership Academy, she is a graduate of the Oakland Schools Intermediate School District Leadership Academy for Aspiring Principals. Madeja also has earned leadership endorsements through the Michigan Leadership Improvement Framework and the Michigan Element-

tary and Middle School Principals Association "Leadership Matters" programs.

Madeja replaces the retiring Stephen Anderson.

FRCS steps up

Students from Shrine Catholic Grade School of Royal Oak took their "victory lap" around the Detroit Zoo as the 2013 winner of Oakland County Executive L. Brooks Patterson's Count Your Steps initiative. They were joined by students from second-place Franklin Road Christian School of Novi and the Detroit Zoo mascots. Third-place Angell Elementary School of Berkley was unable to attend. The top schools were announced today in a special ceremony marking the 10th anniversary Count Your Steps finale celebration.

Shrine Catholic Grade School students walked an average of 164,374 steps per student this year. Franklin Road Christian School students walked an average of 138,707 steps per student for second place. Angell Elementary students walked an average 136,845 per student for third place.

Students, host a blood drive

The American Red Cross is offering two opportunities this summer to help high school seniors and high school sponsored groups earn money by hosting a blood drive. High school seniors will have the money forwarded to their college. (It's a great addition to add to resumes and college transcripts that you are a Red Cross blood drive coordinator, and it's also good for community service hours.) High school-sponsored groups can earn money for their organizations. The amount of money that can be earned depends on how many pints are collected.

This program will help support the expected slump in blood collections during the summer months when the need for blood often goes up.

Interested participants should contact Diane Risko as soon as possible at (313) 549-7052 or Diane.Risko@redcross.org for more information.

My Weight Loss Program Works

The key is to discover why you are struggling with weight. Until you restore proper physiology you will continue to struggle. Are your fat storing/fat burning hormones working correctly? Your Thyroid runs your metabolism, are you hypothyroid or autoimmune thyroid? If so you will never be successful on any program until that is fixed. There is a reason why you lose weight and put it all back. Do you struggle with weight loss no matter what you do? There is a reason and I will show you what it is at my seminar. There are many weight loss programs, 90% of them fail!

If you are overweight you are most likely unhealthy and you may already be dealing with type 2 diabetes, high cholesterol, high blood pressure, hypothyroidism, joint pain, fatigue and more. It's time to take responsibility and take care of yourself, the longer you wait the worse it will get. No magic drugs or potions will do this for you. I can help you, your job is to get to my seminar.

Restore your health with measurable lab tests. This program is natural and safe and it is the right way to do it. When you do it the right way you only have to do it once!

This seminar will fill up very quickly so call today!

All attendees will receive our new Exercise DVD!

Last year we helped so many people lose weight and regain their health. This year we can make it happen for you. Our patients not only lose weight they keep it off. Listen to what some of them have to say.

Patients from Last year:

I lost 40 lbs last year and kept every pound off, I can do things now that would leave me exhausted before.

– Ellen S., Oxford

I've tried every program, I gained weight on weight watchers program, this is the first time in years that I was able to lose weight. We discovered the reason and I feel great.

– Anne Marie B., Waterford

I attended your weight loss seminar and was worried that my fibromyalgia was a problem. I've lost 25 lbs and more importantly my fibromyalgia symptoms are gone. No more pain no more Cymbalta.

– Laura C.

When I started your program I was 300lbs, I had no energy to anything I was constantly tired. I have lost 60 lbs and am now able to take care of my house and family. Thank-you.

– K ayser

I lost a total of 70lbs, my blood sugar improved so much that my doctor took me off my medication.

–Barb M.

I came to you because I felt horrible and could never lose any weight. We discovered that I had an autoimmune thyroid problem. I finally started losing weight and feel the best I've ever felt.

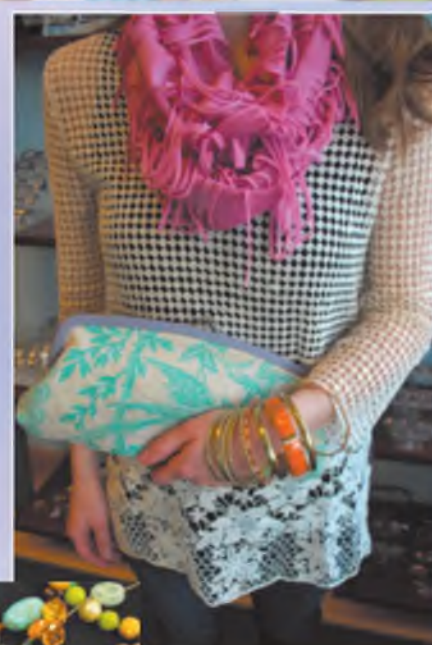

– Jennifer C.

Milford Attorney Jack W. Bolling loves the historic surroundings of his office now located in a renovated 130-year old home at 334 Union St. in downtown Milford.

LAW OFFICE OF JACK W. BOLLING, P.C.
248-684-9742 • www.jackbollinglaw.com

An avid history buff, Milford attorney Jack W. Bolling is passionate about keeping the past alive for future generations.

He is just as interested in preserving your family's legacy by helping you make decisions that will keep your memory alive through your children and grandchildren.

As an estate/legacy planner, Bolling has trademarked his approach to the estate planning process and accompanying legal services as Legacy LifeLines™. This process includes three steps: 1) counseling and plan design; 2) funding of the revocable living trust; and 3) an on-going maintenance plan that is unique to Bolling's practice.

Bolling encourages his clients to think beyond their financial matters and look into their own life's fulfillment by asking themselves questions like: What really matters most to me? What would I really like to accomplish? What legacy

**Specializing in estate planning, elder law, Medicaid,
and will/trust estate settlement.**

NEW! Unmarried and same sex couple estate plans that address issues for committed life alliance partners who have no legal recognition or rights automatically afforded to married couples.

do I really want to leave behind?

These important life questions are all the more reason that Bolling has expanded his practice to include Medicaid planning.

He believes that estate planning and Medicaid planning go hand in hand.

"Through proper planning, it is possible to provide for your long-term care while preserving assets for you and your loved ones," Bolling said. "Why should you give up something that you've worked your whole life for when

your spouse becomes ill?"

Bolling is also an accredited VA attorney and can help people who have either served or whose family member has served in the U.S. military. "There are many veterans' programs available, but you need to know who to ask and what to ask," Bolling said. "I am the person who can help you sort through these issues."

While helping people on a one-to-one basis with their legacy planning, Bolling reaches an even broader

audience as a guest columnist for Gannett Newspapers, including The Milford Times. He is also a guest speaker for many local groups and organizations.

With a deep respect and passion for history, Bolling is pleased that his practice is now housed in a 130-year old Victorian home at 334 Union St. in downtown Milford, which has been renovated to the period of time in which it was built.

Original pine wood planked floors, a cupola, winding staircases, tall ceilings and etched glass front doors are just a few of the features that drew Bolling to this location in November 2008.

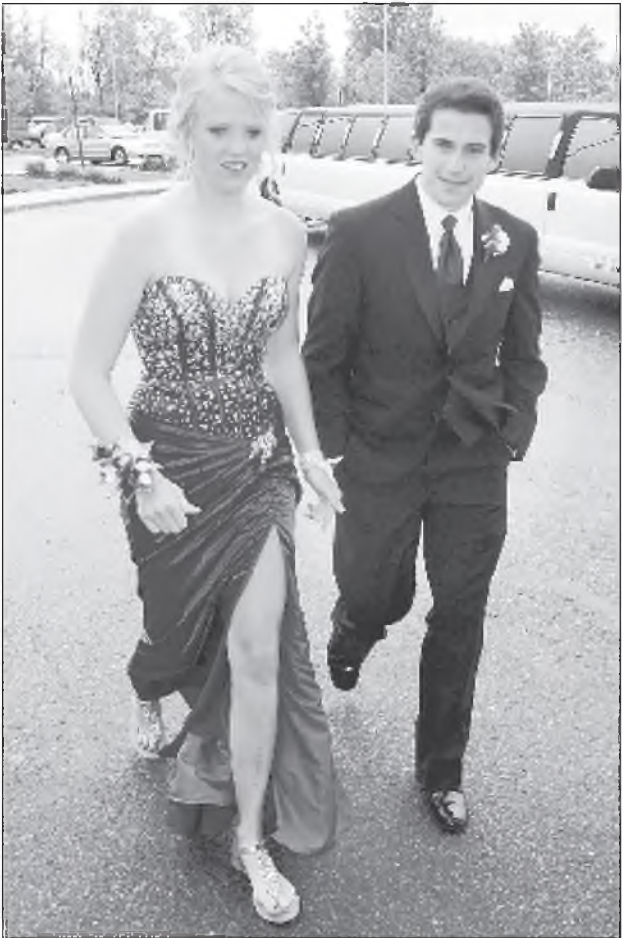

"History comes alive to me while conducting my practice in this historic home," Bolling said. "It gives me a sense of the past and a vision for the future — exactly what I want to bring to my clients."

Seniors shine at final prom

The end is getting near for the Northville High School Class of 2013. With commencements right around the corner, the senior class celebrated a little early at their prom held May 23 at Suburban Collection Showplace in Novi.

Many in the graduating class dressed the part for an elegant event that featured plenty of dancing and music.

Even some rain drops couldn't dampen the spirit, as the seniors celebrated a great year and their final high school prom.

Here are some scenes from the memorable evening.

McKenna Strunk was all smiles at the Northville High School senior prom.

Wax museum

Orchard Hills fourth-grade students made history come to life at their wax museum May 22-23. Students chose a leader from history to research. They worked hard making posters and writing speeches. When the doors to the wax museum opened, students had transformed into characters from history in full costume sharing about their lives. Parents and families enjoyed participating in this interactive learning project.

Parkinson foundation marks 30 years of support, service

Walkathon, 5K set for June 2 at Northville High School

By M.B. Dillon
Correspondent

If you're game Sunday, June 2 for some fitness fun and philanthropy to benefit those fighting Parkinson's disease, consider entering the Michigan Parkinson Foundation Walkathon & 5K Run at Northville High School.

This year's "I Gave My Sole for Parkinson's" event commemorates the foundation's 30th anniversary, and will honor special guests including Westland's Ruth Ann Butler, facilitator of the Livonia/Western Wayne Support Group and one of this year's honorary chairpersons. Proceeds will help fund programs and services for patients and their families.

"Parkinson's disease is a chronic neurological condition affecting more than 30,000 individuals — and growing — in Michigan," said Debby Orloff, chief executive officer of the foundation. "Our focus at the Michigan Parkinson Foundation is to give every person with Parkinson's and related disorders responsive, compassionate quality care and support."

Entry fee is \$25 for 5K runners; \$20 for walkers aged 13 and up, and \$15 for walkers 12 and under. Register on race day

Participants filled the track at Northville High School for last year's Michigan Parkinson Foundation Walkathon and 5K Run. Supporters are urged to return to this year's event on Sunday, June 2.

beginning at 9:30 a.m. at the high school, 45700 Six Mile east of Beck Road. The walk/run kicks off at 11 a.m.

Everyone welcome

Walkers will complete any distance they choose on the track. Runners, after a lap on the track, will do a loop through the neighborhood. Age-group awards will be given, and \$100 prizes will go to the top male and female 5K runners. Strollers, wheelchairs, and dogs are welcome.

In addition to Butler, honorary chairpersons include Larry Bauer and Raymond T. Bauer, M.D., sons of the late Dr. Raymond B. Bauer, founder of the foundation; Livonia Treasurer Dennis Wright; State Rep. Vicki Barnett, D-Farmington Hills; Northville Township Trustee Marvin Gans; and Connie

While Walkers will complete a distance of their choice on the track, runners, after a lap on the track, do a loop through the neighborhood around Northville High School.

Spiteri.

Orloff said Butler is being honored for years of hard work.

"Ruth is a nurse educator, mother of six, grandmother of 12, and great-grandmother of two. She was a care partner for her late husband, who had Parkinson's, for almost 40 years," said Orloff. "Ruth started volunteering at MPF's offices around 1989.

"She's a strong advocate for patients and families. She created a book of writings of children whose parents have Parkinson's. She leads monthly meetings for the Livonia/Western-Wayne Support Group. And she continues to think up new ideas to help people cope with Parkinson's," added Orloff.

Butler said she is humbled, and thankful to all those who help.

"They enable the support groups to assist anyone, anywhere. People diagnosed with Parkinson's can call down to the foundation office, and anyone in this vicinity can call me. People need to talk to somebody who knows something about the disease. Support groups — and I emphasize the word 'support' — offer education, fellowship, doctor referrals, and information. We are not a money-making organization. There is no charge to join our group."

Ridge Valley Community Sewer System Redetermination Resolution

Notice is hereby given that the Township Board of Trustees for the Charter Township of Milford will hold a Public Hearing on Wednesday, June 19, 2013, at 7:30 p.m. to hear any objections to the revised Ridge Valley Community Sewer System special assessment, which has been filed with the Township Clerk for public inspection, as proposed by the Township Supervisor to be Ninety Thousand, Six Hundred Eighty Seven and 46 Dollars (\$90,687.46) per year for the for the remaining term of the original assessment, being two (2) years remaining, and an additional term of ten (10) years. The Township Board has declared that the nature of the improvement is such that a periodic redetermination of cost may be necessary without a change in the special assessment district boundaries, and such redetermination may occur on an annual basis.

Physically challenged persons needing assistance or aid should contact the Township offices at least forty-eight (48) hours prior to said meeting.

Citizens ask Bentivolio to support gun bill

By Laura Colvin
Staff Writer

Some 2,300 citizens from Michigan's 11th Congressional District are hoping Congressman Kerry Bentivolio, R-Milford, gets a message from their signatures.

A small group representing those citizens delivered a petition to Bentivolio's office in Commerce Township Thursday asking him to support a bill requiring extended background checks for gun purchasers.

"We're a nation of violence because we allow it to happen and we have easy access to weapons," said Sandy North, chair for Wayne County's Gun Violence Prevention, who organized the meeting with Bentivolio's staff. "We've got to make some changes while still respecting the Second Amendment. We all believe in that. We all believe in the right to carry guns, but we've got to make some changes."

The bipartisan legislation, HR 1565, echoes the Manchin-Toomey bill, which recently failed to get the required

Sandy North, chair for Wayne County's Gun Violence Prevention (left front), presents 11th District Deputy Director Sarah Ledford with petitions signed by 2,300 of Congressman Kerry Bentivolio's constituents.

60 votes in the Senate. HR1565 would expand background checks for gun purchases to include all commercial firearm sales, including those sold at gun shows and on the internet.

The petition signatures were collected online as part of a nationwide effort by Organizing for Action, a nonprofit social welfare organization and community organizing project. In all, 1.4 million signatures were collected and delivered to Congressmen across the country, North said.

North, along with a handful of Bentivolio's constituents from across the district, presented the petition locally and also had the opportunity to sit and chat with Bentivolio's staff about their concerns.

"We're here not only because of the (recent) mass shootings," said North. "Many people got more involved after Sandy Hook; it ripped our hearts right out. But that's only one kind of gun violence."

Members of the group cited a number of statis-

tics they found: eight children die because of gun violence every day, while one in every two women who die from a gunshot do so at the hands of an intimate partner.

North also told Bentivolio's staff how the U.S. stacks up against international statistics.

Some 30,000 Americans, she said, are killed every year by gun violence, while another 70,000 are shot and injured every year.

"Out of 30,000 who are killed, 10,000 are homicides," she said. "Compare to other countries: 158 (homicides per year) in Germany, 174 in Canada, and 11 in Japan, compared to 10,000 in the U.S."

Although it has often been painted otherwise, North and those who

accompanied her said they did not feel the issue of expanded background checks was a partisan issue.

"When the Second Amendment was drafted there were no parties," said Gary Peltier, a Livonia resident who attended as part of the group. "So when we talk about how we can best integrate the Second Amendment into society, and at the same time control the violence, let's recognize this is not a partisan issue. This is an American issue."

As an educator, Jim Pearson of Highland was concerned about the continued potential threat to schools.

"In my 33 years as a Huron Valley Schools teacher, I vividly remem-

ber two occasions where we had school buses shot at," Pearson said. "No amount of guards you can put on the school can protect a school bus on the road."

Deputy District Director Sarah Ledford accepted the petition on behalf of Bentivolio.

Michigan's 11th Congressional District includes Auburn Hills, Birmingham, Bloomfield Hills, Farmington, Highland, Lake Angelus, Milford, Northville, Novi, South Lyon, Troy, Walled Lake, Commerce, Lyon, Waterford, White Lake, Clawson, Rochester Hills and West Bloomfield in Oakland County. In Wayne County, the district includes Canton, Livonia and Plymouth.

SOCIAL SECURITY

Many people are wrongly rejected when they apply for Social Security Disability benefits. Money was taken out of their paychecks for Social Security taxes to ensure that they would receive disability benefits if they could no longer work full-time. Sadly, the government denies approximately 60% of those who apply for disability benefits.

Attorneys J.B. Bieske and Jennifer Alfonsi have 42 years combined experience representing only Social Security disability clients. And they personally meet with all clients and appear personally at all court hearings. Many large firms assign inexperienced attorneys to your case. And some of these firms are located thousands of miles away and only fly the attorney in the day of the court hearing. Attorneys Bieske and Alfonsi have vast experience before local Michigan judges.

Attorneys Bieske and Alfonsi can often make a winning difference at the application stage. And, if an appeal is necessary they have won several hundred cases before a court date is even set.

Those denied can appeal on their own but statistics for many years reveal that those represented by attorneys win a much higher percentage of appeals. And attorneys who specialize in Social Security Disability cases win a much higher percentage yet.

In addition to practicing only Social Security disability law attorney Bieske has written a book for attorneys about the

subject and has been interviewed on various television programs. Both attorney Bieske and Alfonsi have also been interviewed on radio programs and have given speeches to many groups.

Attorneys Bieske and Alfonsi offer free phone or office consultation. If they represent you, there will be **no fee charged until after the case is won**. The fee is a percentage of retroactive benefits.

Bieske and Alfonsi represent clients from all over the state of Michigan. Their Livonia office is on Six Mile Road just west of I-275. Their Novi office is located on Haggerty Road just north of 12 Mile Road. Call them at 1-800-331-3530 for a free consultation if you have been denied, or if you are thinking of possibly applying for Social Security benefits.

Tech guy test drives Verizon Jetpack

By Jon Gunnells
Guest Columnist

Finally an electronic device that even the most unsophisticated tech user can manage. The Verizon Jetpack may be one of the simplest, yet necessary pieces of equipment I've tested over the years.

I used a Verizon Jetpack extensively during the month of April courtesy of Verizon Wireless and now it is hard computing without it. I'm one of those people who is constantly connected — it is not only my job to be connected, but part of my lifestyle. The Verizon Jetpack makes that lifestyle easier.

The Jetpack was easy to connect to just about any device. I tried it with my laptop, iPhone, Samsung Galaxy tablet and a pair of Android phones, one new and one old. The connection was seamless. When you turn on the device the personal identification code is available so you can get connected quickly. It remembers your devices and can provide mobile Internet service for up to 10 devices at a time.

There are no bells and whistles on the Jetpack and the black and white screen looks like something off of an early 1990s

Tech Savvy

and a power button — that's all you need.

The device is also incredibly convenient as it is about the size of a box of raisins. Its small size makes it ideal for travel — and although it won't work during flights, it is great for layovers and delays.

My favorite part about the Jetpack was that it even paired with my AT&T iPhone. A Verizon Wi-Fi connection with an AT&T phone is probably the most controversial connection since the Montagues and Capulets.

In fact, sometimes I wonder when AT&T will read one of these reviews and wonder why one of their customers is always discussing Verizon. You may be wondering the same thing. Believe it or not, the fine folks in the PR department are long-time Tech Savvy readers and their product demos allow for a nice variety of device reviews. (I hope you find them valuable).

computer. But that's the beauty of it: with a simple touch screen to change settings, and pin numbers

Jetpack costs

When deciding if a Jetpack or mobile hotspot is right for you, first consider how much you would use it. Would the device help you save money by eliminating your traditional home internet set up? (That's a definite option.) Or, could it help you avoid nasty overage charges by helping you connect when you are at work or on the road? Even though a subscription added to a Verizon plan costs \$20 dollars per month, it could still add up to savings for the right person or business.

Consider this: I recently spent a week in Las Vegas at a business conference and in true Las Vegas fashion the internet was an astounding \$19.99 per day. At that rate, I could have paid for a Jetpack Wi-Fi subscription for many months. Combined with the ability to connect up to 10 devices, a Jetpack could be a great way to save money on internet costs for families, small businesses, large businesses, or work conferences.

Area company touts fat-reduction breakthrough

Originally developed by NASA to promote plant growth in outer space, high-powered light-emitting diodes (LEDs) have been proven effective in reducing the size of fat cells in people.

"I'm excited about this use for LEDs," said Dr. Gina Gora, a Farmington Hills physician and an owner of QSC Novi, the company providing fat reduction services at the QuickSlim Lipo center at 44125 W. 12 Mile Road. "People report losing two inches after their first session using our device."

One of the most passionate boosters of the QSC Novi fat reducing machine is William Dabish, founder of Novi-based Powerhouse Gyms. "In 50 years in the fitness industry," he said, "I've never seen technology this effective."

The specialized LEDs used in the QSC Novi device have been shown in clinical studies to pro-

mote lipolysis whereby fat cells release their contents, and the resulting fatty acids and triglycerides are either converted into energy, filtered from the body, or reabsorbed.

"What's exciting about the QSC Novi device," said Tony Zanlungo, a Michigan entrepreneur who discovered the technology, "is that we can now target specific areas of the body for fat reduction." And, unlike liposuction surgery, fat reduction through LED light treatments claims to be safer and more affordable.

Zanlungo, former chief operations officer of

Farmington Hills based American Laser Centers (ALC), has teamed up with Kevin Piecuch, former chief administrative officer of ALC, along with other investors in ALC, to start this new venture.

"Michigan proved a great place to start a national company before," said Piecuch. "We're looking for lightening to strike twice."

American Laser Centers was sold to private equity investors in 2007 for \$300 million. The executives behind QuickSlim Lipo believe their new venture has even great potential. And they're putting their money where their mouths are with a money-back guarantee.

"If you do not lose two inches after a full-body treatment, then we'll give you your money back," says Zanlungo, adding that no other company promoting fat reduction offers this guarantee.

May 30, 9 a.m. to noon

Before you apply for a business loan, we recommend that you first attend a Team SBA Financing Roundtable. This is a free loan orientation conducted by a business banker, a business consultant from the SBAs network of Small Business Development Centers, and an SBA representative. Learn how the lending process works and what is expected of you and you will understand how the SBA can assist with our SBA Guaranteed Loan Program. Fee: This workshop is free, but pre-registration is required.

BUSINESS BRIEFS

Rightpoint opens office in Novi

Chicago-based Rightpoint, a digital agency and technology consulting company, has expanded its Michigan presence, opening a new office in downtown Novi. Rightpoint has experienced significant growth since entering this market in 2011 as part of Microsoft's GEO-CAP partner program, which provides support to Microsoft's most successful partners to expand into underserved markets.

Gaining a strong foothold in the market, Rightpoint's new office represents an expansion both in terms of office space and headcount.

"What started as opportunistic growth from Chicago has quickly grown into a necessity to establish a permanent home in Michigan," said Jesse Murray, managing director of Rightpoint's Michigan office. "With a tangible and growing economic recovery and business activity expanding in Michigan, we knew that this was the right time to plant Rightpoint's feet firmly in this region."

The new location provides the company with the room needed to accommodate its growing staff and expanded offerings.

Oldtimers Luncheon

Genitti's Hole-in-the-Wall, located at 108 E. Main Street in Northville, will host the next Oldtimers Luncheon at 11 a.m., Monday, June 10. Lunch will be served at 11:30 a.m. Cost is \$15 per person. There is no age limit. Call Genitti's for reservations at (248) 349-0522, or mail payment to 108 E. Main, Northville, MI 48167.

BIFANO EYECARE, P.L.L.C.
UV Protection Critical for Eye Health
Summer is on its way, but most Americans don't recognize the importance of ultraviolet (UV) protection for their eyes to prevent damage and visual impairment. In fact, only 47 percent of Americans said UV protection is the most important factor when purchasing sunglasses. Additionally, less than one-third (28 percent) of Americans indicated that wearing sunglasses and sunscreen should always go hand in hand.
"UV radiation cannot be seen or felt, making it especially dangerous as the damage done to the eyes from long-term exposure to UV rays cannot be repaired," said Christopher Bifano, O.D. "Whether it's a cloudy or sunny day, summer or winter, eyes, just like the skin, need to be protected from the sun's UV rays in order to decrease the risk of diseases and disorders."
Ongoing exposure to UV radiation can cause serious harm to the eyes and age them prematurely. Long-term effects include cataracts, cancer, age-related macular degeneration, and damage to the retina. If the eyes are exposed to excessive amounts of UV radiation over a short period of time, a "sunburn" called photokeratitis can occur. This condition may be painful and include symptoms such as red eyes, a foreign body sensation or gritty feeling in the eyes, extreme sensitivity to light and excessive tearing. Photokeratitis is usually temporary and rarely causes permanent damage.
Parents should be particularly avid in protecting children's eyes from UV rays, with children receiving up to three times the annual sun exposure of adults. Children's eyes are especially susceptible to UV-related damage because the crystalline lenses in their eyes are more transparent to UV than adults. Unlike the mature lens of an adult eye, a child's lens filters out less UV rays so more radiation reaches the retina. According to Dr. Bifano, only 17 percent of parents make sure their children are wearing sunglasses when they are wearing sunscreen.
A good rule of thumb is to wear sunglasses or contact lenses that offer appropriate UV protection, apply UV-blocking sunscreen around the eye area and wear a hat to help protect the eyes.
To provide adequate protection for the eyes, the AOA recommends sunglasses and protective contact lenses that:
• Block out 99 to 100 percent of both UV-A and UV-B radiation
• Screen out 75 to 90 percent of visible light
Additionally, sunglasses should be perfectly matched in color and free of distortion and imperfection and have lenses that are gray for proper color recognition.

Most improved

The Rotary Club of Novi at its May 16 meeting recognized the 10 most improved students, awarding each with a check for \$125 and a certificate. The club hosted the students, their parents and educators and officials of the Novi School District in a program that's been going since 2002. The following students were recognized: Thomas Conyers, Ajanne Downer, Kristina Flowers, Derek Janashousky, Caitlyn Keblaitis, Brian Magyar, Christopher Platzke, Sierra Price, Madison Vela and Charles Woods.

Teaming up for fitness

Molly Berry (left) and Hope Grimes complete a fitness run at Moraine Elementary on May 26. The annual outdoor walking and running event is organized by the school's physical education teacher Kurt Bartel and sees the kids zipping through the school's neighborhoods for a mile or two and then returning to the playground for a popside.

Army visit

Village Oaks Elementary student Niko Hertrich gets a hand down from a truck by Capt. Brandon Mace of the U.S. Army during a May 24 visit to the school by the 414th Civil Affairs Div. out of Southfield. Students got to learn a bit about the sacrifice troops make for the country, and why we have Memorial Day, and tour a Humvee and troop transport vehicle.

Test drive a new Chrysler and help Moraine Elementary

Chrysler will hold a Drive for the Kids™ fundraiser to benefit Moraine Elementary School from 5:30-8:30 p.m., Friday, May 31 during Moraine's Family Fun Night in the school parking lot. The school is located at 468111 Eight Mile Road.

Representatives from Dick Scott Chrysler Dodge Jeep Ram will join parents and teachers at the fundraiser, and will be bringing with them new 2013 Chrysler brand Town & Country minivans.

Parents and guests can each earn \$10 from Chrysler to be put toward school enrichment programs. Knowledgeable dealership staff will be on site to help answer questions about the vehicles and facilitate the fundraising test drives.

The Drive for the Kids tour will make its way around the region, and the school with the highest number of test drives will win an additional \$5,000 through the program. In addition, every test drive participant will be entered into a national giveaway for a chance to win \$45,000 towards any eligible Chrysler Group vehicle.

Anyone 18 or over with a valid driver's license can participate in a test drive to earn a donation for the school.

Support Cipriano family by joining the Classic 5K Fun Run and Walk on June 7

By Joanne Maiszewski
Staff Writer

If you missed the opportunity to help the Cipriano family in its continuing recovery, you can jump in this year for the second annual Cipriano Classic 5K Fun Run and Walk on June 7.

“We’ve ordered 2,500 bib numbers (for T-shirts),” said Jenny Birmelin, Cipriano Classic co-chair.

Last year, in the classic’s first year, \$60,000 was raised to help the Farmington Hills family following the murder of Bob Cipriano in April 2012. The brutal attack on the family left mom, Rose, and son, Salvatore, hospitalized and still recovering.

Cipriano’s son, Tucker, and his friend, Mitchell Young, face murder charges in Bob Cipriano’s death. Both face trial beginning Monday, June 10.

“Thank you to last year’s thousands of runners, walkers, and generous sponsors. We were overwhelmed with the community’s response

Approximately 2,000 people participated in the first Cipriano Classic 5K Run-Walk last year.

and genuine kindness, and never imagined that so many would turn out to support our family,” the family said in a statement.

Proceeds from the 5K run and walk benefit the Cipriano Children’s Trust, which supports the continuing medical recovery and the daily living needs of the Cipriano children.

So get out your running or walking shoes and sign up for the event that begins at 6:30 p.m. Friday, June 7, with a welcome announcement and group warm-up and stretching at the Farmington Family YMCA, 28100 Farmington Road.

The race officially begins at 7 p.m. from the YMCA parking lot. Participants can walk or run through the scenic community course.

Registration for the event is \$25-\$35 depending on registration date. Those registered by June 1 are guaranteed a T-shirt.

“Last year, it was all a last-minute plan,” Birmelin said. “One of our thoughts was a maybe a swimathon. But not everyone can swim.”

And that’s how the walk-run fundraiser was born.

Fifth Third Bank Michigan State Fair advance tickets on sale

The Michigan State Fair has found a new home at the Suburban Collection Showplace in Novi, and advance tickets for the Labor Day weekend event are now on sale. Now produced by a private entity, and with Fifth Third Bank as presenting sponsor, the fair continues to honor all of the great traditions and legacy of the treasured state fair, but now with a 21st century twist.

The fair features the famous agriculture, tourism and products of the great state of Michigan in the clean, modern environs of the Suburban Collection Showplace in Novi. The Detroit Shrine Circus, presented by Bright-house Networks, returns for 2013 with the world’s largest circus tent. Fairgoers will also enjoy an expanded Midway of fun rides, presented by Wal-Mart, agricultural and livestock exhibits, live entertainment and all those favorite tasty carnival treats.

The Suburban Collection Showplace is located at 46100 Grand River Avenue between Novi and Beck roads. Continual fair updates will be available all summer at www.michiganstatefairllc.com, Facebook and Twitter.

Tickets in all categories went on sale May 17.

The \$25 Ultimate Wristband -- (Adults, and all children 36 inches tall or above) daily admission offers the full gamut of the fair experience, and includes not only a full day of carnival

rides, the exhibit hall, the agriculture and home arts shows, free entertainment, and a performance of the one and only Detroit Shrine Circus. The at-the-gate price will increase to \$30.

The \$10 – Toddler Wristband* -- for children 35 inches or less admission to the circus, and State of Michigan mandated allowable carnival attractions (Crazy Bus, Merry-Go-Round, and Elephants rides only). Price will remain the same at-the-gate. Some restrictions may apply, please visit the State Fair web site for details, as carnival access is regulated by the State of Michigan, and must obey manufacturers height safety requirements.

Fair Only Pass: No access to the carnival rides or the circus; for livestock, home arts, indoor exhibits, entertainment, and beer garden only.

Advance: \$6 – Adults and children 12 and older; \$5 for children 11 and under

At the Gate: \$8 - Adults and children 12 and older; \$6 for children 11 and under

Children under 35”, and accompanied by a paid adult admission, will be admitted to the Michigan State Fair at no charge, but this admission applies only to the indoor exhibits and livestock. It excludes circus performance and carnival rides.

The new Fifth Third Bank Michigan State Fair website is online and will be updated continually all summer at www.michiganstatefairllc.com.

OUR VIEWS

Warn teenagers about underage drinking

Graduation and open house season is upon us. Novi High School's graduation ceremony is set for 7 p.m. June 1 at Eastern Michigan University with the Senior All Night Party immediately following. And Northville High School's graduation commencement takes place the next day, beginning at 6 p.m. at Compuware Arena, with the Senior All Night Party right after at the high school.

Right now is the perfect opportunity to take time to talk your teens about the dangers of underage drinking.

Kids may hear the message at school, but they need to hear the message at home, too.

Contrary to popular opinion, kids actually do listen to their parents even more so than to their friends. Research shows parental disapproval is the No. 1 reason teens choose not to drink.

Even if they don't do everything as they should, teens want to know their parents love them enough to talk to them about underage drinking.

Don't just have the conversation once. An important topic like this bears repeating. Make sure they understand clearly that you won't tolerate any drinking at all — even if they aren't driving.

According to MADD, underage drinking contributes to the death of approximately 5,000 young people every year. It's not just fatal car crashes. It's also binge drinking, getting into fights, accepting dares and other risky behaviors kids get involved with when their judgment is impaired.

If you host a party for teens, make it clear that alcohol and any other drugs are strictly prohibited.

It is against the law in

FILE PHOTO

Teens need to be reminded of the dangers of drunk driving, especially now that graduation and prom season is upon us. This mock drunken driving accident at Clarenceville High School involved prom students who had been drinking.

Northville or Novi to host a party where underage drinking takes place. In Novi, for example, the crime is punishable by a fine of up to \$500 and/or up to 90 days in the county jail. The definition of "adult" in the city's host ordinance includes anyone age 17 or older so if your teen, in your absence, holds a party with underage drinking, he or she can be arrested. Minors who knowingly attend a party where the illegal consumption of any alcoholic liquor is being allowed can be fined up to \$100, under the city ordinance.

If you host a party in your home, lock your liquor cabinet — and your medicine cabinet to keep prescription medications out of reach.

Chaperone the party, keeping an eye on what kids bring in. Don't

let guests sneak into other rooms of the house like bedrooms or the garage.

Call the parents of any guest who brings alcohol or other drugs to the party, or if he or she appears to be under the influence. Remember that you would want to be called by another parent if it were your child who showed up drunk.

If you serve alcohol at your teen's graduation party, make sure no one under age 21 has access to it. Have a responsible adult serve all alcoholic drinks.

If your child wants to go to a party, call the party hosts in advance to make sure drinking won't be permitted and the party will have adult supervision.

Check in with your child throughout the night and when he or she gets home. If you go out for

the evening, let your teen know where you will be and how you can be reached.

Have a "code" phrase your teen can say to you over the phone or text to you that means he or she wants to be picked up from a party where alcohol and drugs are being used or other risky behaviors are going on. Do not push for an explanation.

Set a good example. If you drink, be responsible and limit the number of alcoholic beverages you consume.

Host alcohol-free events for other adults in your home. Let teens see that people can have fun without drinking.

Do everything you can to prevent an underage drinking tragedy. Graduation and prom season should be a time for happy memories, not sad ones.

Our public education system

This is a watershed moment in Michigan history. Maintaining a strong public education framework is an absolutely critical part of successfully dealing with the issues that we are facing in this state.

We have witnessed the unrestricted opening of charter schools and cyber schools. John Austin, president of the state Board of Education, has called for a significant increase in oversight, accountability and transparency of recently formed cyber and charter schools. There is abundant precedent where the attorney general in the states of Colorado, Pennsylvania and Ohio had to close many schools which were organized on a for-profit basis.

K-12, Inc., a cyber school provider, is now widely advertising in Michigan and there is a lack of legislation to regulate this for-profit industry. Ron Packard, CEO of K-12, Inc., received compensation of more than \$5 million last year.

WHAT DO YOU THINK?

We welcome your Letter to the Editor. Please include your name, address and phone number for verification. Letters should be 400 words or less. We may edit for clarity, space and content. Submit letters via the following formats.

Deadline: Letters must be received by 9 a.m. Monday to be published in the Thursday edition.

Special interest lobbyists have targeted the School Aid Fund, which is a dedicated budget. As a former member of the Appropriations Committee for six years (2000-06), the School Aid Fund was not raided to finance other projects.

The people of Michigan have always supported the fact that public education is the cornerstone and foundation of our democracy. Current legislators have opened the floodgates to

private, for-profit corporations to take over our public system of education.

Recently, on state-wide television, Oakland County Executive L. Brooks Patterson stated that, "Our legislators should play within the 20-yard lines (of a 100-yard football field)." Our local legislators have exhibited voting records which reflect the extreme left and the extreme right.

The spirit of moderation, delicate compromise and consensus-building has been absent in our current state Legislature. This is a disgrace. At some point, surface differences have to be set aside and we have to work together for the common good. The profit motive, in public education, is inherently flawed.

If we are to have a growing, expanding and prosperous economy, then we must invest in public education in order to have well-educated citizens. The underlying concept of a public education system is that we all benefit from an educated citizenry.

GUEST COLUMN

Medicaid expansion is the right thing to do

By David Parr
Guest Column

As a longtime resident of southeast Michigan and small business owner, I strongly believe Medicaid expansion is the right thing to do for Michigan. In my roles as a board chair of St. Mary Mercy Hospital and board member of Saint Joseph Mercy Health System, I know first-hand about patients without insurance. Without insurance, the care a person receives is at best fragmented, and in the worst case, non-existent as an individual goes without necessary care.

David Parr

Citizens who receive the health care they need are healthier, have an improved quality of life, and contribute more to the economy. The expansion of Medicaid will provide health insurance to 450,000 individuals who currently do not have insurance. With insurance coverage, these individuals will receive access to primary care physicians, preventative care, and routine checkups, resulting in improved health status and higher quality of life.

Without Medicaid expansion, Michigan will continue to see high numbers of uninsured people seeking uncompensated care, the cost of which is shifted to businesses (businessmen look at the health insurance bill) as well as to the insured (all of us have seen our deductibles, copays and our share of the health insurance premium rise rapidly). So who is paying

more now? We are all paying for this right now.

Governor Rick Snyder has proposed an innovative way of paying for this expansion. We should be looking at these innovative solutions.

Medicaid expansion is strongly supported by business groups, employers, consumer groups, physicians, hospitals, and health plans because it is a sound fiscal decision that saves money and saves lives.

I encourage you to support Medicaid expansion in Michigan by contacting your state policy maker to let them know you support this policy. Saint Joseph Mercy Health System is a member of Trinity Health.

To learn more, visit Trinity Health's take action page: trinity-health.org/advocacy.

David Parr is a board member with Saint Joseph Mercy Health System.

Auto insurance through AAA. From the peace of mind experts.

For generations, AAA has been providing its customers with peace of mind. But recently, drivers who switched to auto insurance through AAA got something more – savings of up to 35%, with additional discounts available for bundling with home insurance, being a member of AAA, safe driving records, air bags, car alarms and more.

This office is a locally owned and operated business and a proud supporter of our community. Let me show you how you can have real peace of mind with insurance through AAA.

Novi/Northville Relay
Soon, the joint community Novi/Northville Relay for Life will be here. It's a 24-hour walk, run and camp-out all helping to raise awareness and funds in the fight against cancer through the American Cancer Society on June 15-16.
Many people in your community are volunteering right now, and it would be great for you to be a part of this tremendous event.
Right now, the Relay is still in need of teams to sign up and help in the fight. Sign up your team on the community website. Go to <http://www.relayforlife.org/> and search for your community, Novi or Northville. Everyone is invited to this family event.
For more information, please contact Rachel Leas, Relay community representative, at (248) 663-3436 or rachel.leas@cancer.org.

On a beautiful spring day under a blue sky, Jeff Lajza winds up for a disc golf tee-off on May 16 at Northville Township's Cass Benton Recreation Area in Hines Park. Lajza was at the popular course with a couple of buddies from Livonia.

If your Novi or Northville garden has been blessed through your hard work and a touch of fairy dust, would you like to share it with others?
The Gardeners of Northville and Novi (aka the No-No's) are looking for gardens to be submitted for a place in their June 2014 Garden Walk.
If you are interested in submitting your garden for consideration or if you have any questions, please call Audrey Murphy (248) 349-0376.
All gardens will be visited by Audrey and other members of the Garden Walk Committee this June.

Kite festival soars to Lyon in June

It will be a day of free and fun activities for the whole family when kids and kite aficionados of all ages are invited to the Lyon Township Kite Festival on June 1, 10 a.m. to 5 p.m. at James Atchison Memorial Park in New Hudson.
Nationally renowned kite flyers will showcase their top talents at the festival. While admission is free, attendees are asked to bring a non-perishable donation, whether it is a canned good or box of oatmeal. All food donations will be collected for Active Faith, which provides long term and temporary assistance to those who have fallen on difficult times.
The Lyon Township Kite Festival will offer a variety of events in addition to the kite flying. Lyon Township Kite Festival Chairman Jim Chuck said he will be adding live musical entertainment to the festival this year.
"I am pleased to have hired Blaine Fowler's band, BFE — The Blaine Fowler Experience, to perform at 1 p.m. and again at 2 p.m. on June 1." Fowler is part of the "Blaine and Allyson in the Morning" show on 96.3 WDVD in Detroit. Fowler is proud to be a top rated DJ in the morning and by afternoon the lead of a rockin' band. Blaine will also serve as the Lyon Township Kite Marshall for the June 1 event, following a rich history of television on-air talent who were tapped as Kite Marshall the previous two years.
Also new this year is a kid's interactive workshop that will be provided by Lowe's, the home improvement store. Additional activities include a kite drop with prizes, an inflatable water balloon castle called "Water Wars," a petting zoo, new and used classic car display by the Spark Plugs for auto enthusiasts, face painting, cartoon characters, old fashioned jump rope making, GPS treasure hunt, caricature artist, Zumba dance, karate demonstration and more. Special prizes will be awarded to participants throughout the day.
The Kite Festival will again host a Pulled Pork Cook-Off contest sponsored by the South Lyon Area Chamber of Commerce 11 a.m. to 1 p.m. where restaurants are invited to enter their very best recipe and win the coveted title and bragging rights for Best of the Lyon Township Kite Festival 2013.
A panel of area personalities will judge the cook-off in a blind taste test where they will not know the restaurant's name, in addition to attendees who can taste test samples and vote by ballot. Various food vendors will also be selling their delicacies at the festival.
A new attraction to the Lyon Township Kite Fest is the new Home Builders Showcase tent. Area home builders will be on hand to display some of the many new houses being built in the Lyon Township area. After Lyon Township was recently named the fastest growing community in Oakland County, organizers are proud to welcome the home builders to the event.
Kites of all shapes and sizes will fill the air along the bluff-top park between I-96 and Grand River Ave.

Wildcats on a winning streak

Novi girls head into districts on a roll

By Terry Jacoby

The Novi softball team hasn't exactly been running on all cylinders this season but the Wildcats are heading into the playoffs with their foot on the gas.

"We have won our last three games so we are heading into districts on a bit of a roll," said Novi coach Bob Lulek. "The kids do feel better about how we've played lately so we have some optimism heading into districts."

The districts begin at 10 a.m. on Saturday against Harrison at Farmington HS. The winner will play the winner of the Mercy-North Farmington pre-district game.

Last Wednesday, the Wildcats (11-23)

defeated Walled Lake Western 5-4. With two outs in the eighth inning, Kailey Oppat hit a single. The throw to first was wild and the senior took off for second base. The throw to second also was wild and ended up in the outfield. Oppat kept on running all the way home for the winning run.

Mallory Daschke went all eight innings in the circle for Novi to earn the complete-game victory.

Daschke, Sam Troher and Miranda Hanby each had a hit and an RBI. Oppat, Jenna Lowney and Kasey Lowney also had hits in the win.

Last Monday, Novi pounded Wayne Memorial 17-2.

"We took advantage of quite a few walks," Lulek said.

Casey Lawler was solid on the mound and picked up the win for the Wildcats.

Daschke had a double and an RBI, Jenna Lowney had a triple and three RBI and Anna Greulich had a hit and an RBI.

The Wildcats defeated Lincoln Park 12-1 in the Madonna Tournament. It was Novi's only win of the day against some strong competition.

Daschke started on the mound and earned the win.

Daschke, Laura Oakley, Madison Brandenstein and Casey Lawler all had two hits apiece.

The Wildcats lost to Milford 6-2 in the Madonna Tournament. Nicole Ireland had a hit and Oppat had a triple and double in the loss.

Novi also lost to

Mustangs put bad regional memory to rest

Cousino, Rodriguez, Abbott and Robertson set school record

By Sam Eggleston
Correspondent

Two weeks ago, the Northville Mustangs girls track team captured the regional title with several absolutely outstanding performances.

But one event left its competitors flustered at the end result.

It was the final exchange of the baton in the 4-by-100-meter relay and the Northville Mustangs were in a solid second place position. But a botched handoff found the team struggling to complete the exchange and by the time it happened, the girls were outside of the exchange zone and, ultimately, disqualified from the race.

"It was very disappointing," said Northville coach Tim Dalton.

For one senior runner, it left an especially bad taste in her mouth. Vanessa Cousino—who Dalton said brings a true competitor's spirit to the squad—would not make the trek to the state finals because of the disqualification. The other three members of the relay team had qualified in other events. Cousino would only be a spectator if she took the trip to East Kentwood High School.

"That was Vanessa's shot at going to the state meet," said Dalton.

Team of the Year

The Motor City Madness 13U team from 2012 was recently named the USSSA 2012 Michigan Youth Team of the Year for winning the USSSA 13U Fastpitch Softball World Series in Maumee, Ohio. The team received its award at the USSSA's 2013 Banquet in Sterling Heights on March 23. Motor City Madness 98 also had a number of other top USSSA finishes, including the Michigan Pride June tournament (1st place – 14U), Smashing Pumpkins tournament in Ohio (2nd – 14U), USSSA 14U Class A States (2nd), and the Motor City Madness Spring tournament (1st – 14U). The team finished the 2012 season with the third highest USSSA power ranking in the nation for their age division. The Motor City Madness 98 team was only the second team from Michigan to win a USSSA Fastpitch World Series. Seven of the 10 players are again on the team for the current 2013 season, losing only three of players - one moved to California, one switched to a different Madness team, and another went to a different organization. Northville baseball team takes two wins and a loss

By Sam Eggleston
Correspondent

Red Arrows and Vikings proved to be little challenge for the Northville Mustangs as they steamrolled the Lowell and Walled Lake Central baseball teams last week.

Dragons, however, proved to be a bit of a handful.

The Northville Mustangs, coached by John Kostrzewa, finished up their regular season with two wins and a loss as they prepped for the district tournament this coming weekend. The team dominated Lowell, 9-3, and topped Walled Lake Central, 9-2. Against the Lake Orion Dragons, the team couldn't get their offense rolling and took a 6-2 loss.

Against Lowell, the Mustangs scored four runs in the fifth inning as they topped the Red Arrows in non-conference play. Picking up the win was Evan Flohr, who pitched the final 1 1/3 innings in relief and allowed no runs.

The key to the game for the Mustangs was their strong fifth inning, which featured the team loading the basis and crossing the plate on several Lowell mistakes. Northville scored on an error, two walks and a passed ball.

Eric Fox scored two runs and had a RBI in the victory.

Against Walled Lake Central, put

the runs on the board a bit earlier and finished up the game in five innings. Northville scored four runs in the second, one in the third, three in the fourth and one in the fifth to close down the Vikings.

The highlight on the offense was the play of Jack Gessert, who picked up two RBIs in the fourth on his only hit of the day. Of course, that hit left the park.

Picking up the win was Taylor Turner, who went the distance with three strikeouts, two walks and allowed three hits.

In the loss against Lake Orion, the Mustangs fell behind, 4-1, by the end of the third inning and tacked on another score in the fifth. Lake Orion—which earned the Oakland Activities Association Red Division championship this season with a 27-8 record—added two more runs of their own in the fifth to keep a cushion.

Northville had mixed results on offense. The batters picked up seven hits off Josh Bays and walked three times, but also struck out seven times.

Novi suffers rough weekend

By Terry Jacoby
Correspondent

Baseball teams like to head into the district play-offs peaking and playing good, solid baseball. Novi coach Rick Green thought his team was doing exactly that – until the weekend.

“We had a good week and then just didn't play well on Saturday,” said Green. “I was very disappointed with how we played on Saturday, especially considering how we had played during the week. It's not how we wanted to go into districts.”

Districts for the Wildcats begin at noon on Saturday against Farmington Harrison at Farmington High School. Novi will enter district play with a 17-16 overall record.

Novi hosted a three-team tournament on Saturday and the day started with a 9-0 loss to U-D Jesuit.

“We faced a pitcher and catcher who both are heading to Michigan,” Green said. “They were the best battery I've seen all season. They were a

very good team but we didn't come to play.”

U-D led 4-0 in the fifth inning and then broke the game open in a 9-0 win.

Novi struck out 11 times in the game and U-D had a perfect game going until Bryan Klosterman's single in the sixth. Klosterman also had a walk. But that was all the offense the Wildcats could manage in the ballgame.

Mark Czapski started for Novi and took the loss. The junior allowed three earned runs and five hits in four innings with two strikeouts.

Novi lost the second game of the tournament, 13-3 to Marysville.

“We didn't play well at all in this game,” Green said. “We had five or six errors and others where we could have made the play. It was just a disappointing effort.”

Tyler Whitehead pitched well in relief. The junior went 2 1/3 innings and allowed just one hit and no runs.

The week started with a 15-10 win last Monday over Westland John Glenn. The Rockets led 5-0 before the Wildcats tied

the game at 5-5 and then took a 10-5 lead. Glenn came right back to tie the game at 10-10 before Novi put the game away with another five runs.

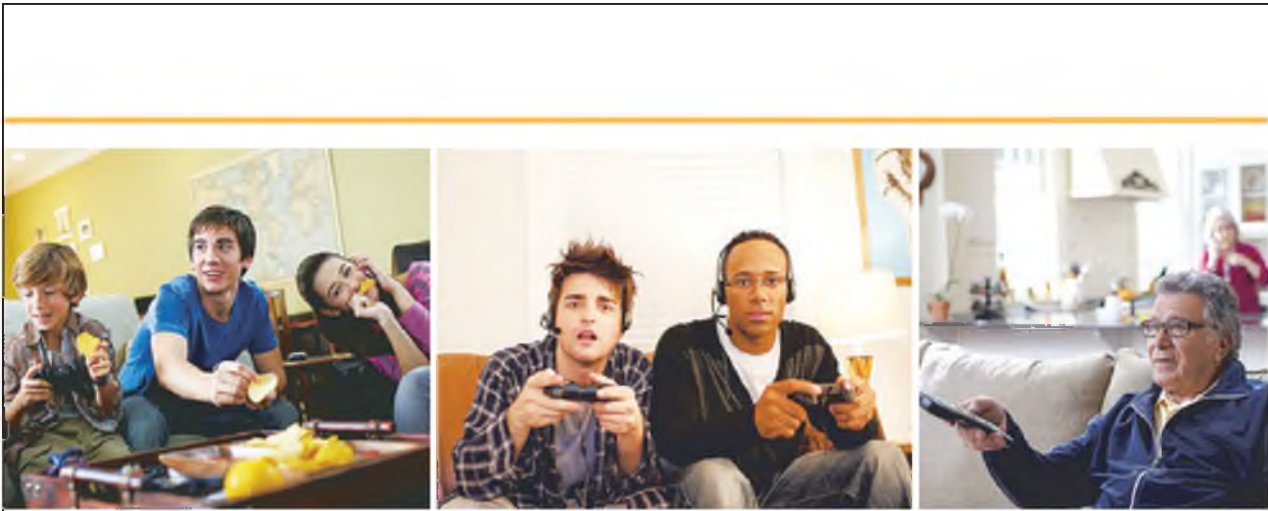

Luke Bageris pitched well in relief to get the win. The senior went 4 1/3 innings without allowing a run and just three hits against a hot-hitting Glenn lineup.

The Wildcats had plenty of offense on the day, led by Ryan Caputo (four hits, three runs scored), Blake Boron (three hits including a triple, two RBI and two runs), Klosterman (three hits including a bases-clearing double in the sixth and three RBI), Keaton Figurski (two hits including a home run and a double, two walks, three RBI and four runs scored), and Grant Wheeler (two hits, three RBI and three steals).

Kyle Matel had two hits and two runs scored and Bageris and Nick Shelar each had hits and scored a run in the win.

Last Wednesday, the Wildcats lost 8-4 to a very good Hartland team. Novi trailed 5-4 late in the game when Hartland broke it open with a three-run HR with two outs. Ryan Davis took the loss.

Matel, Caputo and Figurski all had two hits in the loss. Kosterman had one hit and Blake Warren had two walks.

Northville soccer team ends regular season with win

Squad tops Brighton in one-sided match-up

By Sam Eggleston
Correspondent

The weather didn't want to cooperate last Tuesday when the Northville Mustangs girls' soccer team took to the field in their last regular-season game of 2013.

Thankfully, the weather didn't have to cooperate—just the score. When all was said and done, Northville put on a clinic as they dominated the Brighton Bulldogs, 4-0, in a Kensington Lakes Activities Association crossover game.

Northville took on weather that varied from being sunny, calm and warm to rainy, windy, cool and wet through the span of the contest. Along the way, they added another victory to their season, climbing to a 15-3-2 record while Brighton fell

to 15-3-1.

"This was a great way to end the regular season," said Northville coach Eric Brucker. "We are much more productive on the offensive end when we play with intensity for a full 80 minutes."

It was the second time this year the two teams have squared off on the pitch, with Northville winning the earlier contest as part of the Saginaw Heritage Invitational, 1-0.

The difference this time around was Brighton lost their starting goalie, Kaitlyn Dangelmaier, to an injury following a collision between her and Northville forward Emily Bush. Bush was able to continue in the match but Dangelmaier was helped off the field and would not return.

"This was a very physical

game as you would expect with two talented teams looking for momentum heading into the playoffs," Brucker said of the contest that featured five yellow cards from the officials. "We have a long weekend to take a deep breath before preparing for our district matches."

Without Dangelmaier in net, Brighton's ability to resist Northville's offense was greatly reduced, and the Mustangs struck in the 23rd minute when junior Lauren McBroom played a corner kick deep and right to the feet of freshman Maddy Westenberg, who immediately fired the ball into the net for the 1-0 lead.

That score remained unchanged through the rest of the first half and when the teams came out in the second

they were greeted by darkening skies and heavy rain. The precipitation must have lubricated the offensive machine for the Mustangs, as they scored 13 minutes into the second half when Bush stole the ball from a Brighton defender, dribbled past another and shot the ball straight past the Brighton goalie for the 2-0 advantage.

Seven minutes later, Northville—and Bush—struck again. Junior Ashley Peper sent a line-drive corner kick to the center of the field where it was collected by Westenberg, who played it forward to Bush. The senior forward fired the shot home to put the Mustangs in complete control, 3-0.

In the final minutes of the game, the Northville kickers capped the scoring off a goal from Kyra Dahringer—her first

of the season. Junior midfielder Karen Lovelace played a through-ball to the middle of the Brighton defense and to the feel of Dahringer, who turned and blasted a shot off the keeper before collecting her own rebound and passing it into the net for the goal.

Senior Kiki Hilmer split time with sophomore Emily Maresh in goal for the team's 13th shut-out performance of the season.

So when the Mustangs were deciding who to send to the Kensington Lakes Activities Association championship last Tuesday at South Lyon East High School, Cousino and her teammates made it clear they wanted to run the 4-by-100 relay.

"Vanessa was determined not to end her stellar running career on a botched hand-off," said Dalton.

So the team went into the KLAA meet with two goals: Set the school record and end Cousino's career with a victory.

The team did both. Lauren Rodriguez, Chloe Abbott, Cousino and Morgan Robertson ran to first place in 49.47

seconds, setting the Northville record. The previous mark of 50.10 seconds was set in 1993.

"As a coaching staff, we are very pleased with how those four girls bounced back," said Dalton.

The Mustangs also had a first place finish in the 4-by-800 relay as well as an outstanding performance in the 100 hurdles, where Rodriguez and Robertson took first and second, respectively, with Rodriguez finishing in 15.46 seconds and Robertson in 15.93.

Alexa Abbott also finished seventh in the 100-meter dash while Alison Robinson ran to 12th in the 800. The girls' 4-by-400 team took fourth and the 4-by-200 relay finished sixth.

On the boys' side of the KLAA championships, the 4-by-800 relay team finished second overall.

Northville falls in two softball contests

By Sam Eggleston
Correspondent

The last thing any fan wants to see is their team stumble before making the trek into the playoffs, but those who back the Northville Mustangs softball team should keep in mind they have nothing to fret about despite two losses last week.

The Mustangs, coached by Jim Ritz, took two lumps as they head into the district playoffs, losing to Livonia Franklin, 8-5, and Walled Lake Central, 8-6. But Northville has had their fair share of tough losses this season and has managed to build up momentum despite them throughout 2013.

"We didn't play our best this week," said Ritz. "We have a week to prepare for districts and I fully expect our team to play their best ball of the year."

Northville's game against Livonia Franklin found the teams knotted up, 5-5, into extra innings until the Patriots put up three runs in the ninth to take the lead and the victory.

Franklin did hold onto a lead throughout most of the game, but Northville marched back into the contest with three runs in the fifth inning to even the score. Grace DeRidder, Brianna Nayh and Allie Chapekis all scored to knot the game up with an error and two hits helping their

cause along the way. Northville kept the game at a stalemate for the next three innings, but the Patriots' three runs in the bottom of the ninth proved to be too much for the Mustangs to overcome.

Allison Zwarka had three hits and three RBIs on the day while Chapekis added two hits and two RBIs and crossed home plate twice. Micaela Petrucci also had two hits in the losing effort.

Against Walled Lake Central, the Mustangs did have a chance to go into extra innings despite rallying in the seventh inning as they trailed, 8-3. Northville scored three runs with Nayh, Chapekis and Melissa Swart all scored in the inning to cut the Vikings' advantage to 8-6. Despite two following errors by Walled Lake Central, Northville was unable to score again and took a loss.

Chapekis and Nayh had two hits each with Nayh scoring two runs and Chapekis cranking out two RBIs. Swart, Petrucci, Zwarka and Shannon Rounsifer each had a hit in the loss.

Northville girls lacrosse team bows out of playoffs

By Sam Eggleston
Correspondent

It was a season of exciting highs and troublesome lows for the Northville Mustangs girls lacrosse team and, thankfully, there were more of the former than the latter in 2013. But, as with any sport, there can be only one team that ends its season in each division with a victory, and this year it won't be the Mustangs. The squad bowed out of the MHSAA playoffs with a loss to Ann Arbor Pioneer, a team expected to compete for the state title, 18-3. Pioneer, which is considered one of the best teams in the state, held an 11-1 half-time lead over the Mustangs. Northville didn't quit, however, and added two more goals in the second half while stiffening up on defense to keep Pioneer from doubling up their halftime score. Northville did cause a few problems for the Pioneers in the first half and held

a 1-0 lead for nearly a full 10 minutes as Ann Arbor tried to figure out a way to crack the defensive play of the Mustangs. Opening the scoring for the Mustangs was none other than Erin Vogel, who scored at the 23-minute mark with an assist from Becky Chase to give her team a 1-0 advantage. In the second half, Erica MacDonald ended her senior season with a score, assisted by Vogel, before assisting Vogel on the final score of the season with just about 90 seconds remaining in the game. Kali Maisano played the entirety of the contest in goal, stopping 10 shots from the Pioneers. Leading the team in 2013 was Vogel, who scored 49 goals on the season and had seven assists, while MacDonald tallied 32 goals and had a team-leading 16 assists on the year. Grace Guibord added 26 goals and four assists in 2013. Maisano had 218 saves this season and played every one of the 920 minutes on the year in goal.

Wildcats win Central Division golf title

Novi beats Stevenson to lock up first place for second year in a row

For the second consecutive year, the Novi golf team won the Central Division. The Wildcats locked up first place last Thursday with a victory over Livonia Stevenson.

Novi finished with an 8-2 record while Stevenson and Northville both finished with 7-3 records.

Garret Buckley, Mike Wenzl and Billy Ulle all shot a 41 to lead the Wildcats. Brad Kozinski and Jason Carless each shot a 43.

The Novi golf team played at Salem Hills on Tuesday in the Conference Championship Tournament. Districts begin on Thursday.

Soccer girls shutout WL

Northern

The Novi soccer team defeated Walled Lake Northern 1-0 on Wednesday as the Wildcats prepared for district action.

Novi scored 20 minutes into the first half when Erin Dircks headed in a Taylor Pavlika throw-in.

The Wildcats outshot the Knights 8-2 in the first half.

Just 2 minutes into the second half, the game was stopped because of thunder in the area.

"It was already 8:20 and by MHSAA rules we have to wait for a half hour after thunder to resume play," said Novi coach Brian O'Leary. "The other coach and I agreed to just call the game, but it is official because we played a half."

Aastha Dharia, a freshman goalie called up from JV, made two saves to earn the shutout.

Novi ended the regular season 13-2-2.

Parade of Homes showcases local lifestyle options

Parade of Homes 2013, the 24th annual exhibition of new model homes located across southeastern Michigan, will open on June 1 and run through June 30. Home Builders Association of Southeastern Michigan (HBA) and Bank of America Home Loans sponsor this free public event.

“This is our comeback year,” said Sam Palazzolo of Palazzolo Brothers Construction and president of HBA. “Today’s buyers are in a unique position to take advantage of still low interest rates and the current market as we move into a better economy.”

The Parade of Homes offers potential homebuyers a unique opportunity to visit the area’s finest model and inventory homes, including condominiums and single-family homes, affordable housing and estate-sized homes. Visitors to the homes will have an opportunity to see first-hand the latest trends in energy efficiency and green building, architecture, interior design, amenities and materials. The 43 model, under construction and pre-construction homes and condominiums range in base price from \$159,990 to \$1,600,000.

The homes are built by 21 different builders, all members of HBA. The Parade of Homes includes five attached condominiums, one detached condominium and 37 single-family homes. Four of the homes are pre-construction, so potential homebuyers have the opportunity to work with the builder from the beginning of construction. Another five of the homes are currently under construction. The remainder are built and will be open for visitors beginning June 1.

Architects and industry experts will judge the homes and award blue ribbons in several categories. The judges will make their decisions based on a combination of factors including innovation, aesthetic appeal and value for the price. Judges for this year’s program will be Lonny S. Zimmerman, AIA, NCARB of Siegal/Tuomaala

The Bloomfield model by Pinnacle Homes/Farmington Hills is \$450,000.

The St. James is by Mocerri Companies/Oakland Township, priced at \$1,200,000.

Associates; Benedetto Tiseo, FAIA, NCARB of Tiseo Architects, Inc.; Michael J. Gordon, RA of Moiseev/Gordon Associates and Paul Salloum, Retail Sales Manager, of Bank of America Home Loans.

A free Parade of Homes magazine containing photos, renderings, features, hours and location maps for all homes will be distributed within select home delivery of *The Detroit News* and *Detroit Free Press* on Sunday, June 2, available

at Bank of America locations throughout southeastern Michigan, at select Kroger locations and at all participating model homes beginning June 1. The Parade of Homes website will also be available beginning June 1 at: www.ParadeHBA.com. This is the only Parade of Homes event HBA will sponsor this year.

Headquartered in West Bloomfield, Home Builders Association of Southeastern Michigan and Apartment Asso-

ciation of Michigan are trade associations representing nearly 600 builders, remodelers, multi-family property owners, developers and suppliers to the single family and multi-family residential construction industry. HBA is affiliated with the Home Builders Association of Michigan in Lansing and the National Association of Home Builders in Washington, D.C. Membership nationwide includes more than 150,000 individuals and companies.

Automatic renewal of pact not a plus

By Robert Meisner
Guest Columnist

Q: Our management company wants to enter into a five-year management agreement with our association with a renewal of five years automatic, if not terminated within a certain period. Do you think that is a good idea?

A: No. I think that the management agreement should not

necessarily provide an automatic renewal provision since many associations forget to monitor that provision, and a

five-years contract sounds too long for any property management company. There should always be, however, even in a five-year contract, an escape clause for the association to extricate itself from the agreement with or without cause. Moreover, the association’s attorney should review any management contract before it is signed, and make sure that the attorney reviewing it is not “in bed” with the management company because of financial referrals.

Q: Our property management company in our condominium says that it has a form to use for its contractors that it used in another project, and, that it will save us a lot of money in legal fees. I suspect you don’t agree with that, but what is your opinion?

A: Every contract that an association or other entity enters into should be tailored to that particular project. While there may be similar clauses used in each contract, it is imperative that the contract be explicit to the needs of the parties to that contract. It is a false economy for the association to think that it is saving money by a managing agent arguably practicing law and, at the same time, potentially causing the association to incur liability in a future contract dispute. The association should make sure that it has its attorney review any major contracts that it enters into, perhaps in a dollar amount in excess of \$5,000.00 plus, and, of course, the management contract itself. That clause might best be set forth in the management agreement with the association.
