

### **Skeletons** stolen

It didn't take long for two of the downtown skeletons to be stolen.

Two of the skeletons - a dentist and a patient - were taken from their spot outside of Preservation Dental, the office of Dr. William S. Demray. The skeletons were part of the month-long event called Skeletons are Alive, and had just been placed around downtown on Friday. The skeletons are an annual project put on by the Northville DDA with the help of Begonia Brothers.

The skeleton "patient" disappeared this past Saturday morning and the dentist disappeared early on Monday.

This was the first time we had a skeleton. We are heartbroken," said Denise Jenkins, who works at Preservation Dental

Jenkins said everyone loved the scene with the dentist working on a patient.

Jenkins said everyone is hoping they will be returned and they are even offering a reward. No questions asked.

Demray's office can be reached at 248-348-1313.

## School buses to get security cameras

**By Lonnie Huhman** Staff Writer

As part of another districtwide security upgrade, Northville Public Schools buses are being outfitted with recording systems.

The Northville Public Schools Board of Education has approved a nearly \$175,000 contract with AngelTrax for the purchase and installation of recording systems for the entire fleet.

'We're excited about this," said Mike Zopf, NPS Assistant Superintendent for Finance and Operations.

According to Andrew Piazza, NPS's Director of Technology and Instructional Integration, this new camera system will be able to record video and audio inside of the bus cabin with clear and visible pictures.

There will be four cameras within the cabin area.

There will also be a camera on the outside of the bus near the stop sign extension. The devices will also be GPS tracked, "so we will know where the bus was located while looking at video footage," Piazza said.

Installation of a camera on the outside is important for school officials because it help make sure that passenger cars are obeying the flashing red lights on the buses and if there is an infraction they will be able to identify the car and driver. School officials said they would work with local police as part of this

Some states require these outside cameras, but Michigan isn't one. However, NPS wants to ensure all angles are covered in ensuring safety of its students.

As part of this purchase Dur-

ham Student Services, NPS's transportation contractor, will pay \$57,000 of the total cost of \$174,877. The equipment will belong to NPS

These upgrades will begin in the next two weeks and should be entirely completed by December.

This past summer, NPS also upgraded its security systems at all of its buildings. All of the security upgrades, including the buses, are being paid for by the 2012 Technology Bond.

## Annual Cemetery Walk will stroll through Northville's past

#### **By** Lonnie Huhman Staff Writer

Oakwood Cemetery in Northville has plenty to say about the community's past. So much so it has become the perfect place for the annual historical event called the Northville Cemetery Walk.

The event gives attendees an opportunity to dig deeper into the lives of the inhabitants buried there, folks who impacted the area in a variety of ways. This event has been kept alive by a group of residents dedicated to remembering Northville's past.

"The event will provide a microcosm of the Âmerican experience since its founding in New England," said Dan Puschell, one of the event organizers and a member of the Northville Historical Society. "This walk will explain why Plymouth/Northville was part of the 'Third New England' with its progressive ideas of abolition, prison reform, strong education, temperance and reli-

## North Center Brewing one step closer to opening

#### **By Lonnie Huhman** Staff Writer

The North Center Brewing Co. is one step closer to opening its doors in Northville now that it has the city has approved its application for a micro brewery.

The Northville City Council voted 5-0 to pass a resolution approving owner Kevin De-Grood's application for a micro brewery to be located at 410 N. Center Street. Now the application will go before the Michigan Liquor Control Commission.

"Staff can find no reason to object to the approval of this request subject to final inspections and code compliance," said City of Northville Police Chief Michael Carlson to council in his recommendation of the application.

For DeGrood, this marks a big moment. The decision had been tabled last month due to the fact that a parking agree-

## City makes move to preserve monarch butterflies

Northville removes milkweed from noxious plant list

#### **By Lonnie Huhman** Staff Writer

After reading a newspaper article, it was brought to Northville resident Jerry Mittman's attention the correlation of the decline in the monarch butterfly population and the ban on milkweed. Northville leaders made

a move to try rectify the situation on Monday when they revised their noxious weed ordinance.

By a 5-0 vote the Northville City Council approved the staff recommendation that instead of keeping a list of noxious and poisonous weeds, the city's ordinance should reference the lists used by the State of Michigan, which is updated frequently and does not include such plants as milkweed. "The noxious and

poisonous weeds list in the city's code of ordinances has not been reviewed since 1962," Jim Gallogly, Northville's public works director, told council. "Clearly these weeds were thought to be undesirable at the time they were placed in the ordinance, but as time goes on, new information is learned about the pros and cons of these naturally appearing weeds in Michigan."

Back in August, Mittman went before the Northville City Council and pointed out that the city lists milkweed as a noxious weed, but that it is the habitat and food for the monarch.

He requested that City Council remove milkweed from the noxious weed list in the city's ordinance. At that time Mayor Chris Johnson directed

The City of Northville is taking milkweed off its noxious plant list.

city administration to investigate the city's Weed Ordinance (Article III of Chapter 90) as it relates to milkweed. According to city ordinance, milkweed along with seven other listed plant species are defined as noxious and poisonous

Milkweed

weeds in the city. Gallogly said though in the past milkweed was thought to be undesirable from an agricultural point of view; it is now known that this plant is critical to the health and survival of the monarch butterfly.

'Milkweed is no longer on the state's noxious

weeds list, nor is it on the federal list of noxious weeds," he said. "This is also true about ox-eye daisies, goldenrod, and burdock, all of which are on the city's current list of noxious and poisonous weeds. Only Canada thistles, wild carrots, ragweed, and poison ivy in the city's current list made the state's lists of noxious and poisonous weeds.'

By referencing the state's list, Northville, with its limited resources, will not have to investigate and maintain a current list of noxious and poisonous weeds. It can instead, rely on the State of Michigan to keep its lists current, Gallgoly said of the updated ordinance.

around 60 individuals buried in Oakwood that at one time attended the First Baptist Church. **Current Pastor Jon** Wilkes will play William S. Gregory during the walk. Gregory was the pastor at First Baptist in the mid-1800s and was also speaker of the Michigan House of Representatives. Wilkes said the Cemetery Walk is an important event the

church wants to help preserve. "There's a rich history here in Northville. A lot of individuals buried here in Oakwood had a

big impact on the whole area," Wilkes said. "We think it's important to remember them and this walk is a great way to do that."

Puschell said the Gregory and Noyes families will be a big focus of the event. He said both families have family roots that have been traced back to the 1630-40s in New England.

Pastor Nathan Noves was the first minister of the Baptist Church coming to Michigan in 1833. The Gregorys also came to western Wayne County in the 1830s and have four generations buried in the cemetery.

Another big focus will be on the Civil War, according to Puschell.

"There will be several individuals and families, which the Civil War impacted individually and our community as a whole, that will be presented," he said. "Since I am currently writing a book on the 5th Michigan Cavalry during the Civil War, and Company D of the 5th was organized in Northville, we will provide images and stories on Northville men from Company D and other units that served the Union.'

The walk will also discuss families affected by accidents and plagues that took the lives of so many in the Northville area.

"The walk will have a Revolutionary soldier, several Civil War soldiers, two Baptists ministers, two doctors, members of the Michigan House of Representatives, the President of the Northville Anti-Slavery

Society and a husband and wife who lost three sons due to the Civil War," Puschell said.

#### **Event information**

The funds collected from the walk will benefit the community according to its organizers. Half the funds collected will be donated to the Northville Civic Concern to help disadvantaged families and individuals in the community while the other portion will go towards a fund to erect a State of Michigan Historical sign in front of the First Baptist Church, Puschell said. These signs are now costing up to \$4,000.

The event takes place from 2-7 p.m. on Sunday, Oct. 12. To order the \$10 tickets online go to www.firstbaptistnorth ville.com or in person at the cemetery gate, which is located on Cady Street across from the library and next to the Art House (which will be providing refreshments) between Rogers and Wing streets.

### BREWERY

#### Continued from Page A1

ment with the city, although approved, was not signed at the time of the hearing. Carlson said since that time the signed parking agreement has been received. "We can now start

construction on the inside and move full steam ahead on getting the application reviewed by the state," he said after the city's decision. "We're excited."

In his application it was indicated that a micro brewery means a brewer that produces in total less than 60,000 barrels of beer per year and can sell the beer produced to consumers at the licensed brewery premises for consumption on or off the licensed brewery premises and to retailers.

There will be the manufacturing of beer with a process using water, grains, hops and a variety of flavors. DeGrood said that there will be no hazardous waste and the odor produced by the process will be similar to cooked oatmeal.

The plan of operation indicates that there will be seating for 44 patrons. Carlson said while the business will not have kitchen facilities, it will provide pre-packaged snacks such as pretzels and chips, but also plans

on having menus from local restaurants inviting patrons to order food from elsewhere and consume it in the brewery.

According to the plan, the business will be closed on Monday and Tuesday and open from 5-11 p.m. on Wednesday and Thursday and from 5 p.m. until midnight on Friday. Saturday's hours will be from noon until midnight and Sunday will be from noon until 8 p.m.

It could take up 90 days for the state commission to approve the license, so an opening probably won't come until winter.

#### LOCAL NEWS

## Teachers, staff donate \$10,000 to NEF

The Northville Educational Foundation announced last week that Northville Public Schools teachers and staff donated more than \$10,000 to the Northville Educational Foundation (NEF) during the NEF's 2014 NPS Staff Giving Campaign, which ran from Sept. 9-30.

During that period, 178 staff members either gave a one-time donation or signed up to have a designated amount deducted from each paycheck during the 2014-15 school year.

"As ambassadors for the youth of Northville,' said NEF Executive Director Jennifer Roosenberg, "NPS staff already work hand in hand with the Northville Educational Foundation in raising the bar for excellence in the Northville Public Schools. The fact that so many staff members were willing to go above and beyond to support students in the district is a testimony to the high level of dedication among the staff districtwide.

de." Staff donations will Silver Springs won the award for highest staff participation.

support the Northville **Educational Foundation's** general fund and will help to provide grant funding that directly benefits students in the district. For the 2014-15 school year, NEF has budgeted nearly \$100,000 in funding to NPS for programs such as Innovative Teaching grants, International Baccalaureate, Leader In Me, student financial aid and other programs that enrich Northville curriculum in the areas of academics, arts and athletics

"The Staff Giving Campaign combined with contributions from parents, businesses and community members makes a strong impact on students," Roosenberg said.

As part of the campaign, NEF awarded the NPS school with the highest percentage of staff participation with a \$1,000 prize. Silver Springs Elementary earned the award with more than 70 percent of its staff donating. Silver Springs staff will get to vote on how to spend the money. Some ideas are a mini makeover for the teacher's lounge or a BBQ for the staff.

"There is an amazing culture of philanthropy among Northville Schools staff," Roosenberg said. "NEF truly appreciates all the work they do and their support of NEF and Northville students."

The Northville Educational Foundation is an independent 501(c)3 nonprofit organization whose mission is to attract, manage, and distribute charitable gifts to provide educational opportunities that enhance Northville Public Schools' commitment to educational excellence. More information on the Northville Educational Foundation and how to support its programming can be found at www.North villeEdFoundation.org.

As part of the Campaign, NEF awarded the NPS school with the highest percentage of staff participation with a \$1,000 prize. ### Local team advances to World Robot Olympiad

Three high school students from Canton and Northville have earned the right to represent the United States in the World Robot Olympiad by winning the Open Senior category at the national championships held Sept. 27 at Lawrence Technological University.

Charles Liu (junior, Salem High School) and Christopher Geng and James Xue (juniors, Northville High School) competed as the Robocruisers S team and took first place in this year's Open Senior category competition, which has the theme of "Robots and Space." Student teams design and create robots that can assist humankind in solving tasks in space.

The team from Canton and Northville will represent the U.S. in the Open Senior category of the WRO's international competition to be held Nov. 21-23 in Olympic Village in Sochi, Russia. Nine teams have qualified to represent the U.S.

This is the first time the U.S. is participating in the WRO international competition that was founded in 2004. This year, more than 20,000 competitors from elementary school through college in 50 countries used LEGOS and other kits to build robots that perform multiple tasks.

The Robocruisers S robotic model, "Space Solar Power (SSP) - Saddle the Sun, and Ride into the Future" is a space satellite that would capture energy from the sun's rays and transfer the power down to Earth wirelessly. The educational robotics system was designed to raise awareness of energy and environment urgencies and encourage people to think of possible solutions.

"Through information gathering, hardware building and programming in developing the SSP demo model, our team experienced a valuable problem-solving process by learning how to choose a subject,

LAWRENCE TECHNOLOGICAL UNIVERSITY

World Robot Olympiad national champions in the Open Senior category are Charles Liu of Canton (front, from left) and James Xue and Christopher Geng, both of Northville. With them are Lawrence Technological University professor C.J. Chung, national director of WRO, and Thomas Goulding, chair of LTU's Department of Mathematics and Computer Science.

make and execute a plan through time management and effective team work and present to the judges and the public," said Liu, who has been involved in LTU's Robofest competition for the past five years and is now captain of the Robocruisers S team.

WRO is an event that brings young people from all over the world together," said LTU professor C.J. Chung, founder and director of Robofest at LTU and the WRO national director for the U.S.

"Teams of youngsters get the opportunity to learn more about STEM and develop their creative and problem-solving skills through various robotics challenges."

WRO General Secretary Claus Ditlev Christensen of Denmark attended the national finals held at LTU. "Everyone felt it was very important to have the United States involved and we are very grateful that LTU was able to accomplish so much on short notice," Christensen said.

### SCHOOL BRIEFS

#### Silent auction

The Northville High School DECA chapter will be holding a silent auction at the Northville High School Homecoming Football Game at Tom Holzer Field at 7 p.m.Friday, Oct. 10.

DECA is a competitive business organization that prepares and educates students for careers in marketing, business management, finance, and hospitality and tourism. DECA is also partnered with Muscular Dystrophy Association (MDA).

Many items will be auctioned off, including rounds of golf to various area golf courses, signed Detroit Red Wings' player Ted Lindsay, hockey puck, and signed Penn and Teller memorabilia.

All the funds raised from the silent auction will go towards MDA, as well as providing additional opportunities for our members to compete up to the International level.

Katherine Purcell greets a friend, one of many well-wishers, during a visit to the sidelines during the Oct. 5 Pink-Out game at Tom Holzer Ford Field

You're invited to a Free Dinner

## Exclusively for Neuropathy Pain Sufferers

Preceding your free dinner, Dr. Sol Cogan, DC will be speaking on The Latest FDA Cleared Neuropathy treatment program found to relieve pain where others have failed.

## FREE ADMISSION & FREE MEAL

\* NEW PATIENTS ONLY \*

(Cimerar realities of the Betrone Erons)

You will discover how Dr. Sol Cogan's unique treatment program is designed to decrease pain, improve function and relieve the following symptoms:

- Numbness
- Leg cramping
- Sharp electrical-like pain
- Difficulty sleeping from leg & foot discomfort
- Prickling or tingling of the feet or hands
- Burning pain
- Pain when you walk

"If you suffer from pain due to Peripheral Neuropathy — tingling, numbness, or loss of feeling in your feet — I invite you to call our office and reserve a spot for our FREE dinner seminar to learn more about the latest treatment available. More than 20 million Americans suffer from Peripheral Neuropathy, a condition caused by damage to the nerves. This pain affects everything you do, from work, play, and ultimately your quality of life. I am here to tell you that there is hope. You can reduce or get rid of your pain and get your life back. At our offices, we offer advanced customized treatment programs and our goal is to help you have a better quality of life."

- DR. SOL COGAN, DC

Seminar Dinner will be held at: Antonio's Cucina Italiana 37646 W. 12 Mile Rd. Farmington Hills, MI Wednesday, October 15th, 7:00 PM

## Reservation Required Please RSVP to 248-494-4626

Feel free to bring a guest. Seating is limited to ONLY 40 spots. Adults only.

#### LOCAL NEWS

## Parkview students run to raise funds for learning activities

#### By Lonnie Huhman Staff Writer

This year's Fun Run at Parkview Elementary has the school partnering with local business ONE Training to help bring a new perspective on daily wellness.

The new perspective is a twist on the seven habits of the school's Leader in Me process, which is being implemented. The twist is titled the "7 Habits of Wellness."

"Each classroom will take time over the next few weeks to discuss each of the habits leading up to our school-wide Fun Run on Oct. 1," Parkview Principal Jenifer Michos said at the school's Fun Run kick off assembly.

The Leader in Me model emphasizes skills that parents, teachers and business leaders want and that students need to be successful in an ever changing society: leadership, responsibility, accountability, problem solving, adaptability,

JOHN HEIDER | STAFF PHOTOGRAPHER Parkview Elementary School students do some stretching exercises before taking off on their Oct. 1 Fun Run.

communication, initiative and self-direction, creativity, cross-cultural skills and teamwork. These will be used in a wellness plan developed by the students.

The Fun Run is the main fundraising opportunity for the PTO to collect funds that are used throughout the school year on activities to enhance the learning environment, according to school officials. These include items such as assemblies, field trips, science fair, classroom enrichment, movie night, along with curriculum enhancements and books in the media center.

In the past, the school has raised more than \$13,000 and it's looking to top that this year, Michos said.

At the school-wide assembly, students got a special visit from the Novi High School junior varsity football team and the school's mascot. They also got a start on their conditioning with help from staff from ONE Training.

Parkview Elementary School students run around a track outside the school Oct. 1 during its fall Fun Run event. The afternoon fitness and school unity exercise utilized part of the seven habits the school's learning and was the main fundraiser for the school. Organizers expected to meet or exceed their goal of \$20,000, which will be used to bring educational programs to the school and help buy books for its library, among other things.

The run took place Oct. 1 around the track near the school. Each student was asked to raise \$50 in pledges and donations. To help the cause or for more information, go the school's PTO website http://www.novi.k12.mi. us/pv/pvpto/ or contact the Fun Run team led by Chris Harpenau and Heather Kemmerer at chris.harpenau@gmail.com and/or hkemmerer@aol.com.

### Oakley Park Elementary students play pirate

Oakley Park Elementary's recent Pirate Training Camp was made possible in partnership with the Oakley Park Elementary PTA and the staff of the Walled Lake Outdoor Education Center.

Every child had the opportunity to participate in several educational/enrichment activities including: Recover the Jewels, Treasure Takers, Treasure Map and Walk the Plank. All of these focused on team building, trust and communication skills. The staff from the WLOEC was responsible for adapting some of the team building activities they do both at the WLOEC and for off-site events to what the PTA at Oakley Park Elementary had in mind for their students. "I am so very grateful

Yara Odat (left) helps her partner navigate to find "buried treasure" at Oakley Park Elementary's recent Pirate Training Camp, made possible in partnership with the Oakley Park Elementary PTA and the staff of the Walled Lake Outdoor Education Center.

to the PTA and their partnership as we work together to create experiences for our students that are beneficial academically, socially and emotionally," said Kristin Rendi, Oakley Park Elementary principal.

Student groups were made up of students and staff from different grade levels giving students the opportunity to get to know other members of the school community. This in turn helps strengthen the school culture and creates school community that cares for one another.

The Pirate Training Camp event was a huge success. Students in every grade got to have fun, learn basic team building concepts and also got to know kids across different grade levels. It was a great way to get the 'OPE Ship' floating in the right direction for the rest of the year," said Stuart Riley, Walled Lake Outdoor Education Center director.

## Introducing a new Medicare Advantage plan in your area.

## BCN Advantage<sup>™</sup> ConnectedCare HMO is the complete package for Medicare.

- Monthly premiums starting at \$41
- Zero-dollar deductible for medical care or prescription drugs
- No copays for primary care doctor office visits
- Optional enhanced dental, vision and hearing benefits
- Access to SilverSneakers® Fitness program benefits
- A large, local network with more than 5,000 providers and 20 hospitals\*

For a complete list of participating providers, please visit www.bcbsm.com/bcna

Get the complete package with BCN Advantage<sup>SM</sup> ConnectedCare HMO, call 1-844-298-1092 8 a.m. to 9 p.m., 7 days a week. TTY users, call 711 to enroll today!

### Open Enrollment: Now–December 7 MedicareCompletePackage.com/Care

BCN Advantage<sup>SM</sup> is an HMO plan with a Medicare contract. Enrollment in BCN Advantage depends on contract renewal. The benefit information provided is a brief summary, not a complete description of benefits. For more information, contact the plan. Limitations, copayments and restrictions may apply. Benefits, provider network, premium and/or co-payments/ co-insurance may change on January 1 of each year. You must continue to pay your Medicare Part B premium. SilverSneakers<sup>®</sup> is a registered trademark of Healthways, Inc. Healthways is an independent corporation retained by the Blues to provide services to BCN Advantage members. ## Q&A: Five candidates seeking three seats on Novi school board

There are three open seats on the Novi board of education being sought by five candidates: incumbent Ann Glubzinski; Willy Mena, who was recently appointed by the board to fill a vacant term: and Paul Cook, Chris Harpenau and Robert Peurach. The position on the seven-member board is a six-year term. The following is each of their responses to a guestionnaire from the Novi News as well as a brief personal profile. Due to space limitations. not all of the responses are printed here, but the complete Q&As can be found online at www.novinews.com

#### What would your guiding principles be when making decisions as a member of the Novi Board of Education?

**COOK:** The needs of the students and community come first. Novi Schools are regarded as one of the best around. Our students not only need to be prepared academically, but also socially and emotionally. We need to provide them the skill sets that once they leave our schools they will become the high achievers in society.

**GLUBZINSKI:** My guiding principles would be: I will consistently make decisions which put kids first, are based on fact and are fiscally responsible.

HARPENAU: My guiding principles are rooted in doing what is right while being a good role model. Ensuring that our students continue to get a first rate education while they are maturing as leaders from childhood into adulthood. My professional experience has given me the opportunity to work in small to large groups, from local to global settings always keeping the end goal in mind. When approaching a job or project, I want to know and research the facts before making a decision. We have a growing population in Novi, and as Trustee I would have a unique opportunity to use my business experiences to hear our diverse population's opinions in the arena of policy and decision making, while forecasting the future needs of the district. Leaders know that evervone has a voice and something to offer. It begins at an early age and continues on beyond graduation. Those voices are within the Novi community, the staff and administrators that teach our children. MENA: The Novi Board of Education developed and approved a comprehensive decisionmaking process four years ago. This was done as a result of their commitment to transparency. The board's guiding principle is simple: "In every decision that we make, we will focus on providing the best education possible for the students of our District." I will review all materials provided on specific issues, research all points of view, and make decisions based on what's best for Novi students. PEURACH: I have always believed that a community is only as strong as its public school system. The Novi School Board is entrusted with the responsibility to govern the operation of our school system. It is paramount that the School Board be comprised of members that are willing to effectively carryout this public trust and I will always make those decisions that I feel are in the

best interest of our children.

#### Why, or why isn't, the Novi school district moving in the right direction?

COOK: With Novi's ranked as a top school, some things are being done correctly. Although, the foundation of the system needs to be shored up in K-7 levels. Through Differentiated teaching, and teachers that can make connections with students to spark interest and fuel the desire to learn, the kids that are now disconnecting from learning can be reconnected and feed our great secondary school. A systematic hiring practice has been recently implemented. There are holes in this system that must be plugged. A constant evaluation of the hiring practices is needed to insure that the best of the best are being hired.

**GLUBZINSKI:** I believe the Novi school district is moving in the right direction. A Mission, Vision and Goals were created to clearly identify the District's strategic direction. The Office of Academics has incorporated these elements into a "monument" further amplifying the strategic priorities of the District. It is critical that District stakeholders understand the elements of the "monument" and contribute to the forward progress of the District.

HARPENAU: I believe that the Novi school district is heading in the right direction with its current guiding principles and goals. Those goals include ensuring that students will make a year's growth at a high level, examining areas to enhance student opportunity while practicing high-quality financial standards and lastly improve the overall quality of education and experience for our students and community. Our community is growing which will require adjustments in our buildings. From physically adding onto schools for more classrooms, to a new early childhood center to adding staff members, we need to forecast smartly We want to keep class size acceptable and accurate predictions are needed. This in turn should also offer the opportunity to examine areas for economies of scale for cost savings. **MENA:** While we will continue to find areas for improvement, we are indeed moving in the right direction. We have great kids, great teachers and low class sizes. We've accomplished this with no cuts, while other districts have suffered. Our school district is the crown jewel of the community. We need to meet the goals that we've set, keep our graduation rate high, and continue to meet the needs of our diverse community. **PEURACH:** Although no one can seriously question our School District's commitment to excellence, I do have concerns with respect to how our School Board must act to carry out our mission statement of continued excellence. I believe that there has been a disconnection between the Board, its administrators and teachers that needs to be addressed so that our school system operates effectively and harmoniously for the benefit of

#### **CANDIDATE BIOS**

PAUL D. COOK

Age: 52 How long have you lived in Novi? 20 years Profession: engineer Education: BS in engineering from Lawrence Tech; MS in Management from U of M Dearborn; ME in Engineering from Lawrence Tech. Children: Conrad, 7, and Aidan, 5; both

students at Parkview Elementary Spouse: Jennifer for 21 years

#### ANN GLUBZINSKI Age: 57

How long have you lived in Novi? 32 years Profession: college professor; teach undergraduate business classes at Schoolcraft College

Education: BA in political science and MBA in marketing, both degrees from Michigan State University

Children: A.J., 27, and Amy, 25; both attended Novi schools K-12

Spouse: Bob, married 32 years Experience: I have served two terms on the Novi School Board (elected in 2005) including two years as president and four years as the treasurer. I have Level 1 Certification (completed nine courses) and an Award of Merit for completing 75 CEUs from the Michigan Association of School Boards (MASB). In order to prepare to effectively lead as the President of the Board, I participated in a MASB sponsored Board President's Workshop. I have volunteer and professional experience in the fields of Financial Services, Information Technology and Non-Profit management. Education: BA and MBA from Michigan State University and I am a 2008 Fellow of MSU's Michigan Political Leadership Program (MPLP). MPLP includes over 100 hours of training and incorporates practical politics, public policy analysis and process, personal leadership development and effective governance. This intensive program strengthened my critical thinking,

our students. I am also concerned that the School District's funds have not been allocated in a manner that will provide the most benefit to our children's education.

#### With decreased revenues, how do you see the district balancing the budget as expenses increase?

COOK: Novi works very hard to keep a 10% fund balance and at the same time keeping class sizes down. It time to evaluate programs that are in place for their effectiveness and return. Those programs that are not getting the use or the returns should be eliminated and the costs saved. We also need t benchmark other district to see how they are cost effectively providing a high quality education. GLUBZINSKI: In order to balance the district budget it is appropriate to review our existing expenditures and prioritize those that are the most critical for student achievement. Also, it is necessary to identify other potential sources for revenue and analyze whether to pursue those opportunities. HARPENAU: With any budget, similar to a household, you want to always look for areas of improvement and potential cost savings. And for our Novi school district, we want to do that without sacrificing the quality of education for our students. MENA: While the district is currently out of deficit spending, balancing the budget continues to be a challenge. With that, we need to think "outside the box" and give ourselves additional options the next time we go through budget cuts.One idea would be to explore new and effective instructional delivery systems in conjunction with a teacher attrition policy. Should we ever have to choose this

business analysis, communication, leadership and teamwork skills.

#### **CHRIS HARPENAU**

Age: 44 How long have you lived in Novi? nine years

Profession: blobal market segment manager at Henkel Corporation Education: BS in chemical enginnering from Purdue University; MBA in management from Cleary University Children: Katie, 8, and Helen, 8; both attend Parkview Elementary Spouse: Patti Harpenau, married 17 years

#### WILLY MENA

Age: 50 How long have you lived in Novi? 22 years. Profession: technical account manager for

Oracle Corporation Education: BS in computer science from University of Michigan – Dearborn; MS in administration from Central Michigan University

Children: Elizabeth, 19, Novi HS graduate and sophomore at Western Michigan University; Owen, 17, senior at Novi High School; Julia, 13, seventh-grader at Novi Middle School

Spouse: Marita, married for 20 years

#### ROBERT A. PEURACH

path, a successful imple-

mentation would: provide

concessions

duce the need for severe

**PEURACH:** The Board

spending; minimize

Age: 57 years old How long have you lived in Novi? 20 years Profession: attorney

Education: Graduated from Hastings High School in 1975; graduated from the University of Michigan School of Business Administration in 1979; and graduated from Wayne State University School of Law in 1982

Children: Matthew R. Peurach, 30; and James M. Peurach, 28. Both attended Novi Community Schools. Matt graduated from Novi High School in 2002 and James graduated from Novi High School in 2004. Spouse: Joanne F. Peurach, married for 33 years

> excellence. Unwarranted administrative expenses must be eliminated. It is imperative that the Board allocate sufficient funds to retain, hire, and professionally develop the administrators and teachers that our students deserve.

#### Are there areas this district could consolidate with neighboring districts or privatize to reduce costs?

**COOK:** Cost reduction measures always need to

be looked into. Working with or benchmarking neighboring districts and those districts, companies or organizations that excel in any particular area will insures that Novi is providing the best possible education for the students and customer service for the community. It is the administration's and Board's fiduciary responsibility to keep costs down while maintaining a high quality well-rounded educa-

tion for the students. GLUBZINSKI: The district must continue to evaluate opportunities that can either reduce expenses or provide revenue. However, any opportunities pursued need to be evaluated based on the impact they would have on our students and their academic achievement.

HARPENAU: While I cannot say that I know of specific areas that we could work with other partners, but that should to be part of any evaluation when examining expenses. We should look at others for best practices while not sacrificing the quality of our education standard.

**MENA:** We need to work with city officials and neighboring school districts to eliminate duplicated services and expenses. I am extremely sensitive to the impact this might have on those negatively affected, but we can't continue to deficit spend. Thus, I am open to exploring all options.

**PEURACH:** At this juncture, I do not favor the consolidation of any of our services or the further privatization of any of our employees. I have seen no discernible proof that there are net savings associated with either consolidation or privatization. I am also concerned with the loss of our identity as community school district if we move in this direction.

#### NOTICE TO THE RESIDENTS OF THE CHARTER TOWNSHIP OF NORTHVILLE

**Please take notice** that an amendment and addition to the Code of Ordinances for the Charter Township of Northville was approved by the Board of Trustees at the September 18, 2014 Board of Trustees Regular Meeting, at 7:30 p.m. at Township Hall, 44405 Six Mile Road, Northville, MI 48168.

The amendment is to Part 1 of Chapter  $1-{\rm Administrative}$  Legislation, §1-10. The addition is item C.

\$1-10, C: If any misdemeanor under this Code, or adopted by this Code from state law, the Court may assess any penalty provided by this Code or under adopted state law. In addition to those penalties the Court may sanction the defendant upon a finding of guilt, no contest plea or guilty plea for court costs.

A full description of the amendment and addition to the Code is available during regular business hours of the township, Monday – Friday, 8 a.m. to 4:30 p.m. at the Township Clerk's department.

This ordinance will take immediate effect.

Sue A. Hillebrand, M.M.C. Clerk

## Four candidates vying for school board seats

There are four candidates running for the three open seats on the Northville Public Schools Board of Education.

The candidates are Scott Frush, who is seeking his first term; Roland Hwang, who is seeking his first term; current board Trustee Ann Kalass, who was appointed to the board in January and is seeking her first full four-year term; and current board President James Mazurek, who is running for his second term.

In an effort to let our readers know where the candidates stand on issues impacting the district, we sent questionnaires out to all four candidates. We are running the responses from Frush and Hwang this week. Last week, we ran the responses from Kalass and Mazurek.

– Editor Kurt Kuban

## Hwang: Northville schools need to maintain excellence

#### What can NPS do to attract students when it comes to competing against area charter schools?

Hwang: NPS needs to demonstrate that it provides a comprehensive, well-rounded education for its students. NPS must show that its students outperform educational options by most recognized measurements, including MEAP scores, National Merit, and NWEA tests. Our public education programs offer athletics, music, language, and numerous extracurricular options not available elsewhere including the charter schools. NPS engages students in real life experience through active participation in clubs and sports that strengthen personal skills, team building, character building, and responsibility. Northville Public Schools must show that its students can attain at the level necessary for application to and enrollment at selective colleges and universities.

Do you see any specific challenges facing the district in the next four years? How can they be addressed? **Hwang:** The first

specific challenge is to optimize the quality of education versus the fiscal reality of limited resources

cipline,

coming to the district: Maintaining and exercising fiscal dis-

Hwang

while at the same time applying new technology and innovation to enhance the learning experience. The board and the school administration must remain mindful of enrollment levels, the student to teacher ratio, and class sizes. The district must pay attention to the pupil count class year-by-class year. Yet at the same time, the school district needs to utilize its technology bond funding, and expenditures generally, in ways that are efficient and effective. The District must engage in smart fiscal management to ensure that expenditures enhance the learning and teaching experience.

The next challenge is to provide a better education. We must continue to improve curriculum development through the use of the curriculum

review process that examines the best global practices; the work done in math that led to the adoption of the Singapore system needs to move next to the sciences and the other subjects. Also, we need to broaden the World Languages Program beyond French, Spanish, and German to give our students contact with varied cultures of the global economy.

Third, we need to maintain excellence by attracting and retaining the best teachers, our educational leaders. We need an innovative teaching environment so students can reach their potential for learning and success. By providing the tools needed to ensure each student receives the best opportunity for a successful, productive life through curriculum development, technology to each teacher and class, and the best facilities to enhance learning, then finding and keeping the best teachers to educate our children will follow as a result

How will the Technology Bond updates help improve the learning environment for students?

Hwang: Technology improvements and innovation in the presentation of subject matter go hand in hand. Applying innovations in teaching enhance a student's retention of course material and raise their interest.

#### Why do you want to serve on the board?

Hwang: I have a passion for excellence in education; it is our responsibility to launch our children into their future with the best opportunities and experiences they can have from preschool through 12th grade. Our remarkable school district is essential to maintaining our community as a great place to live in and raise a family. To maintain high quality and achievement requires careful and thoughtful stewardship by the Northville School Board. School board members need to be smart about how we spend our budget by focusing resources to maximize the classroom experience. We live in this community because of the high quality of public education. As a parent of two children who have been in the district since kindergarten, where one is now at NHS and one a NHS graduate, I am committed to the long-term success of the district. My

Residence: Northville Township (26 years) Married: Married to Tina (medical technologist) Children: Aimee, Northville High School; and Kevin, an NHS graduate at University of Michigan-Ann Arbor Occupation: Attorney with the state of Michigan; adjunct

**ROLAND HWANG** 

instructor, University of Michigan-Ann Arbor Education: Juris doctor and master of laws, Wayne State University Law School; MBA, Graduate School of Business,

University of Michigan-Ann Arbor; B.S. in engineering, University of Michigan-Ann Arbor Community involvement: District Curriculum Committee,

parent member; Maple Hill Homeowner Association, secretary, former president; Northville HS PTA, member; Michigan Asian Pacific American Affairs Commission, commissioner; Law Related Education and Public Outreach Committee of the State Bar, member

motivation for running is to make a positive impact towards the school board's mission of "Our Tradition of Excellence and Opening a World of Possibilities" for every child in the district.

#### What talents would you bring to the school board to help its success?

Hwang: As a member of the District Curriculum Committee and as a lawyer, educator, nonprofit board member, and parent of two children who have been in Northville Public Schools since kindergarten, I have experience, and the professional, educational, and volunteer background to serve the

Northville School Board. As a college instructor, I have witnessed how innovation and mixed media enhances teaching and learning. As a commissioner of the State Bar, I oversaw a six million dollar budget exercised fiscal responsibilities which are applicable for being a trustee of the Northville School Board. In all of my endeavors, listening and thoughtful decision-making were prominent. I will bring a unique perspective to the Northville School Board – to make smart fiscal

decisions, improve the core curriculum, and plan for the emerging skill sets needed for the global economy.

## Frush: Financial experience needed on school board

What can NPS do to attract students when it comes to competing against area charter schools?

Frush: According to education experts, parents choose charter schools for a variety of reasons, such as teaching

MEDIA

MEDIA SPONSOR:

methodology and class size, that are either difficult to control or entirely out of the control of public schools at the local level. Other reasons, such as the degree to which parents can get involved and the school tolerance of student behavior, for choosing charter schools are more easily addressed by public schools.

school

Frush

year, will most likely mean less financial support from Lansing. Unfortunately, enrollment is largely outside the control of school district. Nonetheless, high academic achievement can attract new students to the district to help compensate for a drop in enrollment due to lower birth rates for different age groups. (3) 21st-Century curriculum: Not only do our students need and deserve top notch academics, but also do they need and deserve an education that enables them to compete with others globally. As a result, emphasizing STEM (Science, Technology, Engineering, and Mathematics) initiatives — without weakening the teaching of history — is a good start to creating a curriculum for the 21st century.

#### **SCOTT FRUSH**

However, the 800-

pound gorilla in the room has always been academic performance. Parents in underperforming public school districts are naturally more likely to choose charter schools over parents in high performing public school districts.

#### Do you see any specific challenges facing the district in the next four years? How can they be addressed?

Frush: Northville Public Schools has three broad, yet workable, challenges impacting the school district over the next four years, as follows

(1) Resource allocation: It's essential that Northville Public Schools properly allocate resources to those areas that are the most impactful to academic achievement. Our school district is a steward of taxpayers' money and thus needs to be the most effective with allocating resources (i.e. a need to accomplish more with the same). The goal is to operate within our financial means while delivering the most impactful outcome.

(2) Enrollment trends: State funding for school districts is driven by student enrollment. As

• Skin Cancer

Moles

Acne

• Psoriasis

#### How will the Technology Bond updates help improve the learning environment for students?

Frush: Funds from the Technology Bond enhance the learning environment in two ways one directly and one indirectly.

First, of the \$20.5 million Technology Bond investment, \$18.5 million will, by law, be spent on replacing and improving district technology and providing upgrades to facilities — meaning this money is earmarked for

GREAT LAKES DERMATOLOGY

Botox

infrastructure and not administrative or staff salaries. This investment will directly enhance the learning environment without the need to siphon money from the general fund, which instead will stay in the classroom.

Second, the remaining \$2 million is for the exclusive purchase of new buses. As we all know, vehicles degrade over time and new vehicles are needed to replace aged vehicles leaving the fleet or new ones are needed to augment a fleet due to increased ridership. By not tapping into the general fund for the purchase of new buses, the learning environment will benefit indirectly from the Technology Bond.

#### Why do you want to serve on the board?

Frush: I am running to ensure the interests of our students are always put first in every decision made or influenced by our Board of Education. We need leaders and education advocates who will collaborate with all stakeholders for the personal and intellectual achievement of each student, each dav.

With two children at **Ridge Wood Elementary** School, I am very excited by the opportunity to

bring a vested parent's voice to our board. I will contribute a fresh perspective and vote to the board, rooted in prudence, high expectations, accountability, fiscal responsibility, and a drive to advance Northville's "Tradition of Excellence.'

#### What talents would you bring to the school board to help its success?

Frush: In addition to being an education advocate, I'm a certified financial planner professional and a Northville business owner - two essential skillsets for a board member given NPS' \$65,000,000 annual budget.

My independent investment advisory office is located inside my inlaws' Cantoro's Italian Market in Northville Township. As a local business owner, I have a vested interest in and commitment to our community.

With over 20 years of financial experience, I am well-prepared to tackle school finances (budgets, expenditures, bond refunding, reporting, etc.) and make prudent decisions as a result. In other words, I can hit the ground running and be more impactful on the board from day one.

## Northville's Zahra looks to continue on state's top court

By Lonnie Huhman Staff Writer

Michigan Supreme Court Justice Brian Zahra believes his breadth of judicial experience is what makes him the right person for this crucial judicial position, which is up for a vote next month in the general election.

Running for re-election on the Nov. 4 ballot, Zahra, a Northville Township resident, wants the community to know what he will continue to bring if picked by voters statewide.

It starts with how he sees himself as a judge.

"I've always considered myself to be a rule of law judge, meaning my role as a judge is to determine what the law is, not what it should be," Zahra said.

This comes from his belief that, "Our found-

Zahra

ing fathers recognized that this is one of the most important obligations of the judicial branch. The founders sought to avoid judicial legislation, because it generally goes unchecked and removes the people from the democratic process."

Zahra has more than 20 years of judicial experience in what he said has been a career of upholding the rule of law through consistency and with balance since first selected to be part of the Michigan judicial system.

This campaign is a familiar place for him in the last two years. He was appointed Jan. 14, 2011, to the Michigan Supreme Court by Gov. Rick Snyder to fill in for an open spot and he then won election in November 2012 to fill out the remainder of the term, which is up this year.

He's looking to give a long-term commitment (eight-year term) and points to his different endorsements as testament to the support he is getting in this effort. One is from the Michigan Fraternal Order of Police, Police Officers Association of Michigan and from more than 100 county prosecutors and sheriffs. "I am grateful and proud of the endorsements I have received from the law enforcement community," Zahra said. "To receive such overwhelming support from police, sheriffs and prosecutors is a tremendous honor."

He's also been endorsed by the Michigan Chamber of Commerce and a handful of other community organizations.

"We work every day to serve the public and to do so in a fair and consistent basis," said David Hiller, executive director of the Michigan Fraternal Order of Police. "On behalf of the 10,000 active and associate members of the Michigan Fraternal Order of Police, I am pleased to extend our endorsement for Justice Zahra to the Michigan Supreme Court.'

## Experience and knowledge

Zahra, who is married with two children, graduated with honors from the University of Detroit Law School, where he was a member of the Law Review. While in law school, he also served as the articles editor of the State Bar of Michigan's Corporation and Finance Business Law Journal.

His career really started when he served as law clerk to Judge Lawrence P. Zatkoff of the U.S. District Court for the Eastern District of Michigan for two years before joining the law firm of Dickinson, Wright, Moon, Van Dusen and Freeman in 1989.

In 1994, Gov. John Engler appointed him to the Wayne County Circuit Court. He was elected to a six-year term in 1996 and continued to serve on the circuit court until December 1998. From there he received another appointment, this time to the Michigan Court of Appeals, again by Engler.

Zahra went on to be elected to six-year terms in 2000 and 2006. From December 2005 to January 2007, he served as the Court of Appeals chief judge pro tem.

There are five total justice candidates on the ballot and three will earn a seat on the seven-member Supreme Court. Zahra hopes he is one of them and he wants voters to know what he can bring.

To learn more about Zahra, visit http://zahrafor justice.com/about/.

## 'Bath salts' latest synthetic drug on street

#### By Cal Stone Staff Writer

Two students in Westland and four in Canton were hospitalized last month after taking synthetic drugs, but the Novi schools superintendent says it doesn't appear to be an issue in his district at this point.

"I don't really recall since I've been here that we've had any incidents of synthetic drugs," said Dr. Steve Matthews, superintendent of the Novi Community School District.

At Novi High School, three students have been expelled over the last five years for drug use, possession or selling. In addition, Matthews said, two longterm suspensions (anything over 10 days, but less than 180 days) were related to drugs.

"My sense is that those were a combination of both medication or prescription drugs and marijuana," he said,

adding that no incidents have been reported at Novi Middle School.

He said the district is fortunate because it has a very good relationship with the city of Novi and the police department. There is a police liaison officer in the high school every day "and that makes a difference," Matthews said, adding that the district tries to educate students as much as possible through health classes as well.

"The reality is, drugs are unfortunately a part of our society," Matthews said. "We need parents to be cooperative and find solutions so students don't get caught up in that culture and activities that damage them physically and academically. ... Kids are kids and try to experiment some and make poor choices."

Brian Taylor, media and public relations for St. John Providence Health System, said no incidents of synthetic drugs have shown up yet at Providence Park Hospital in Novi.

However, over at the Brighton Center for Recovery, outreach coordinator Scott Masi, a former addict in recovery for the past seven years, says the drug problem is real and it is in this community.

#### Why now?

The main reason for the recent incidents in Westland and Canton have to do with students being back in school, close together with each other and communicating.

ing. "We have seven kids right now dealing with synthetic drug issues, specifically Cloud 9," Masi said.

He says cathinones were synthesized back in 1920 and re-emerged less than 10 years ago. Some of the kids he

WESTLAND POLICE DEPARTMENT Hooka Relax is one of the latest synthetic drugs.

deals with actually produce it.

"They're brilliant," Masi said. "One was a valedictorian just two years ago. The other was in the top 10 percent of his class."

Those "kitchen chemists," as he calls them, are creating the drugs right at home.

"The scary part about this is that any kid with any propensity for chemistry is going to be able to develop it," he said. "And you can go on the Internet and purchase it through the United Kingdom. Just Google 'bath salts for sale.' They call themselves research labs."

A common method of taking the drug is to blotter it on a piece of paper and eat it.

"It's like Russian roulette, because you don't know what the dosage is on that piece of paper," Masi said. "You're never having the same high because of the non-uniformity of the dosage. That's the scary thing."

Unlike treating alcoholism or heroin addiction via detox, synthetic drug problems manifest about eight to nine days later in the form of violent behavior and psychotic episodes, Masi said. Quite a few of those in his recovery center have to be transferred out for more intensive psychiatric care.

"It's scary seeing a kid come in initially – eyes are dilated for days, just like zombies," he said. Getting off the drug, "is like an onion peeling away and takes time."

The Brighton facility, a 12-step abstinencebased hospital, is one of the oldest in the nation. The most successful treatment, Masi said, is educating the patient.

"It's a disease, it's chronic and you'll have it for rest of your life," Masi said. He said it manifests itself in the form of job jeopardy or issues at home.

#### Drug outlets

David Molloy, Novi's chief of police, said the city has not yet experienced anything with Cloud 9 or any of the other recent synthetic drugs, like Hooka Relax, being highlighted in the broadcast media.

"We are not seeing anything thus far in our respective community schools, in our narcotics investigations or during our searches of suspects/vehicles incident to arrest," Molloy said. "While I am not naive (enough) to think it's not here in our community, we simply have not seen this during our investigations thus far."

Two years ago, K2 was the popular synthetic drug and Masi was involved in legislation that made it a Schedule 1 illegal drug. Gas stations were one of the main sources for sales.

Masi was recently in Shelby Township and Westland, asking retailers to take these new bath salt products off their shelves.

"I've seen it firsthand – they're not going to throw it away," he said. "They'll give it to a cousin who owns another business down the road. That's what happens. You telling me these guys aren't drug dealers?"

The packaging of these bath salts is geared toward youth, Masi said, with images of Scooby Doo, a smiley face, cartoon characters, etc. The contents are sold as foot powder, plant food, glass cleaner - "anything they can label as for non-human consumption to get around the FDA and, on top of that, they're tweaking the compound so the new one isn't illegal.'

Masi said a University of Michigan survey, Monitoring the Future, of 45,000 eighth- through 12-graders indicated that usage of synthetic drugs is second only to marijuana.

For parents suspecting their kid may be using, Masi has sound advice: "Address it, don't wait," he said. "You can't wallow in shame or start questioning yourself or wonder how others are going to perceive it."

## Green Oak man admits to indecent exposure

A Green Oak Township man accused of exposing himself in two counties reached a plea deal Wednesday.

Nathanael Michael Armstrong, 30, pleaded guilty as charged

with three Armstrong counts of aggravated indecent exposure for incidents in South Lyon and one count of indecent exposure in Novi. He pleaded guilty to one count of indecent exposure in Livingston County, while a second count was dismissed for incidents in July at the Green Oak Village Place mall.

Armstrong faces sentencing Oct. 29 in Livingston County and Nov. 5 in Oakland County.

Police said in the South Lyon cases, which occurred between April 15 and June 25 in the area of Pontiac Trail and Nine Mile Road, Armstrong stayed inside his vehicle and masturbated within sight of teenagers. In the Novi incident, he exposed himself to a female shopper at Target around 7:30 p.m. July 14.

The incidents in Green Oak Township went unreported to police until Armstrong was publicly identified in the South Lyon incidents.

Surveillance from the Target store showed the man in medical scrubs and a photograph was distributed to local police departments, as well as the media. A South Lyon officer who interviewed Armstrong in connection with the case remembered that Armstrong told him he worked as a traveling nurse.

A BRIGHT HORIZONS MONTESSORI SCHOOL

## **Experience the Difference!**

Brookfield Academy is a private Montessori school with over 50 years of educational excellence. The school is owned and operated by Bright Horizons Family Solutions. The Livonia Campus serves children from age 6 weeks through grade 3 with plans to expand through fifth grade. Brookfield Academy fosters an environment of individualized education, tailored to each child's learning style and capabilities. Students thrive in stimulating, specially prepared environments designed to foster natural curiosity and self-confidence. Under the direction of specially trained Montessori teachers, purposeful learning activities promote the development of social skills, emotional growth, intellectual curiosity, physical coordination, and cognitive preparation.

- Low teacher turnover
- Experienced, certified teachers
- Montessori curriculum that meets demands of modern education
- Beautiful state-of-the-art facility
- Art, Music, Spanish, Computers, Physical Education and after-school enrichment programs

#### Karen Funyak, Principal, invites you to attend two center events to *Experience the Difference!*

FALL OPEN HOUSE Wednesday, October 15, 2014 9:00 a.m. – 3:00 p.m.

- Introduction to Montessori philosophy
- Observations of classrooms
- Review samples of student work

\$250 OFF TUITION

Enroll by November 30, 2014 and receive \$250 off tuition after 30 days enrolled Call the school office and talk to Karen directly if you have any questions about either event or the school. You may also visit www. brookfieldacademy.net to learn more about the school, including parent comments.

VENDOR SALE EVENT Saturday, October 25, 2014 9:00 a.m. – Noon

Calling all shoppers! Take advantage of this great opportunity of one-stop shopping for the holidays, birthdays, weddings and all giftgiving events! Brookfield Academy staff and children invite you to spend a morning with us in our friendly environment and shop at the following vendors: Party Lite, Tupperware, Discovery Toys, Barefoot Books, Matilda Jane, Mary Kay, Stella & Dot and more! Vendors will have cash-and-carry merchandise available and will also take orders to be shipped directly to your home. Shop with friends and neighbors; enter a raffle give-away, and meet the staff of Brookfield Academy.

Find the Medicare plan that's right for you.

## **Can Republicans provide Good Roads?**

Most of the Republicans in the Michigan Legislature have promised a conservative group that they will never vote to raise taxes no matter what their constituents may want.

Roads are mostly financed by a pennies per gallon gas tax. The tax needs to be raised periodically to adjust for inflation. We have not had such an adjustment since the 1990's. The Republicans have controlled the state senate since the last road tax increase. Nothing is done in Lansing without their approval.

Recently in the Detroit Free Press, Republican State Senator Patrick Colbeck offered three ways to fix the roads without raising taxes. He wants to spend road dollars more efficiently than the Snyder administration has done so far. He wants to pursue unnamed revenue sources. And most troubling, he wants to "prioritize existing revenues to go to roads". This means taking revenues from schools, public safety and other state spending and transferring it to pay for roads. His free lunch approach to fixing roads clearly is not free.

When candidates talk about less government, you only need to look at our roads to understand what they mean. The cry for less government followed logically after the Republican Party became the party of never ending tax cuts. Republicans are not asking for government to get out of the business of providing, road, school, public safety or the rest of things it does. They just want to spend less on everything to make room for tax cuts. Spending less in inflation adjusted dollars on roads is just one example.

We like to blame politicians for our poor roads but the real blame is with ourselves. We are the ones who elect candidates who promise never to raise road taxes no matter how bad our roads get.

Patrick O'Neil Democrat for Wayne County Commissioner District 9

### Livonia, Northville and Northville Township

Paid for by the Patrick O'Neil for County Commission Committee 366393 Munger, Livonia, MI 48154

#### Laptop stolen

A Novi man had his laptop and GPS stolen from his Jeep while it was parked at his residence on Albert Street.

The thefts happened overnight on Sept. 8-9. The owner believes the thief gained entry into his vehicle by unzipping the soft top. The laptop was on the floor and the GPS was in the glove box.

There are no suspects or evidence.

#### Bra stolen

A Novi woman told police she believes a bra she had bought at 12 Oaks may have been stolen when she set her bag down at the mall.

She went to police on Sept. 10 and said she bought three bras at Victoria's Secret. From there, she went to Lord and Taylor as well as Macy's. She said she put her bag down at both places.

The missing bra was not discovered missing until she arrived home.

#### Gas station theft

A woman's purse was taken from her car while she was inside the gas station purchasing some items.

The incident happened on Sept. 8 at the Speedway at W. Pontiac Trail and Beck Road, according to Novi Police. Her purse was taken, but just contained a phone charger and bottle of Zertec. It was parked at the pumps.

A suspect was caught on security camera, but the footage was too blurrv for an identification to

#### **POLICE BRIEFS**

#### be made.

#### Northville

#### Smashed mailboxes

At least three homeowners on North Valley Drive reported to Northville Township Police that their mailboxes were damaged sometime during the evening of Sept. 26-27.

A 69-year-old woman reported three mailboxes on a wooden post in front of her home had been knocked over.

A 72-year-old woman on the 46400 block of North Valley said she heard a loud bang around 10 p.m. on Sept. 26. She looked out her window and saw brake lights but didn't get a vehicle description. An officer who came out to her home noted tire tracks across her lawn leading up to the mailbox. A cable box was also knocked over at that residence. While the officer was taking the report, another neighbor walked over to report her mailbox laying on its side.

At this point, police have no suspects and no leads.

#### Sister act

Two sisters – a 54year-old Northville woman and a 51-year-old Canton woman – were nabbed by Kohl's security officers after they attempted to steal some beauty products on Sept. 23.

According to police reports, the two women were shopping around 6:30 p.m. when they concealed a six-pack of Jennifer Lopez earrings and another pair of Jennifer Lopez earrings, as well as a bottle of Beyonce Plus fragrance, in one of their purses and tried to exit the store without paying.

One of the sisters told a Northville Township police officer dispatched to the store that she had placed the items in her sister's purse without telling her. The sister corroborated the story.

However, the Kohl's loss prevention officer told police he watched both women remove the items from their packaging.

The officer arrested both women, who were charged with retail fraud. They were taken back to the police station where they were booked. They both posted \$300 for bond and were given an Oct. 15 date in 35th District Court.

### Destruction of property

A 25-year-old man living on the 18000 block of Stonebrook Drive reported to Northville Township Police that somebody threw a landscaping block through the back window of his vehicle.

An officer was dispatched to the scene. The man told the officer the incident occurred sometime during evening of Sept. 26 or early morning hours of Sept. 27. The officer noted in his report the landscaping block was sitting in the backseat of the car, which was parked in the driveway. The rear window was completely shattered.

There are no suspects at this time.

#### LOCAL NEWS

#### **By Julie Brown** Staff Writer

Dr. James Gordon, M.D., is an infectious disease physician at Huron Valley-Sinai Hospital in Commerce Township. He and fellow physicians and other health care pros are urging people to get their flu shots.

"Absolutely," said Gordon, a graduate of Northwestern University's medical school. "Every year, people die from influenza.<sup>2</sup>

Less than half of those eligible get the shot, Gordon said: "It's been clearly demonstrated it's extremely safe.<sup>2</sup>

Some underestimate the significance of flu, he's found. More than 100 kids died of flu in the U.S. last year and more than 90 percent of them weren't vaccinated.

Dr. Deanna Master has a solo practice in Novi and is a family practice doctor. The Northville Township resident agreed flu shots are key.

"Definitely, definite-ly," she said. "It prevents the acute illness, which is quite severe in some cases." People can be off work or out of school five to seven days and complications like pneumonia and are possible -

HAL GOULD | STAFF PHOTOGRAPHER Dr. Jacqueline Sennott gets her flu shot from Dr. James Gordon at Huron Valley-Sinai Hospital in Commerce Township.

#### even death.

Master noted flu shots come in late September or early October. She's had hers and took her daughter for her shot Sept. 24.

Everyone 6 months and older should get an annual flu vaccine. It takes about two weeks after vaccination for your body to develop full protection against the flu, according to the U.S. Centers for Disease Control and Prevention.

Master, a Wayne State University medical school graduate with Providence Hospital affiliation, noted there's now a high-dose shot for seniors 65 and older. Gordon said that highdose shot, available the

last few years, was shown effective in a New England Journal of Medicine study. "That was very promising data," he said.

There's a nasal spray available for children 2 and older and Master noted it can be used in adults up to 49 who fear shots.

Pregnant women are especially urged to get the vaccine, for themselves and especially for their babies. Health care workers also are urged to get vaccinated.

Gordon said the Detroit Medical Center has mandatory vaccines for staff, with more than 99 percent complying last year. "And that's not uncommon," he said.

"I've seen it in other hospitals as well."

The physicians agree frequent hand washing is also essential. "It's the main thing to do," Master said, along with "kind of avoiding people who are sick."

If you do become ill, don't be a martyr and go to work. "Definitely not. No," she said. "Stay home and recuperate." She recommends Motrin for pain and fluids.

Cost concerns some patients, although lowcost options exist for the vaccine, Master said. There can be slight discomfort at the spot of the shot, "but nothing as severe as the flu. Finally, I think there's some concern, urban legend that flu is caused by the flu shot."

That's untrue and egg-free origin shots are now offered for those with egg allergies, she said.

Master tells her patients to avoid aspirin products for children. citing the Guillain Barre neurological syndrome. She recommends Motrin or Tylenol.

Flu viruses are constantly changing and different flu viruses circulate and cause illness each season. Flu vaccines are made each year to protect against the flu viruses that re-

#### **OAKLAND COUNTY SHOTS**

Oakland County Health Division will offer the flu vaccine that guards against four flu viruses this season. This year's vaccine protects against Type A H1N1 and H3N2 and two Type B strains which are most likely to occur this season.

0 & E Media | Thursday, October 9, 2014 (NNNR) A13

Flu shots cost \$20. The high-dose flu shot recommended for those 65 years and older is \$34 and covered by Medicare. They will be available at Health Division offices in Pontiac and Southfield from noon to 8 p.m. each Monday and 9 a.m. to 5 p.m. Tuesday through Friday. Residents are encouraged to pre-register for their flu shot at www.oakgov.com/health.

The Health Division will also hold community outreach clinics at the following locations:

» Oct. 14, 10 a.m. to 1 p.m., Troy Community Center, 3179 Livernois, Troy

» Oct. 15, 3-7 p.m., Clarkston High School, 6093 Flemings Lake Road, Clarkston

» Oct. 16, 3-7 p.m., Walled Lake Community Ed, 615 N Pontiac Trail, Walled Lake

Online registrants must print out a consent form to bring with them to the clinic where they are pre-enrolled. Payment options include Visa, MasterCard, health insurance, Medicare and/or Medicaid. Credit card fees apply. One may also pay cash at the time of the appointment. Those who are unable to register online may call 248-858-7350 or 248-424-7120.

search indicates will be most common.

In addition to pregnant women and health care workers, others for whom a vaccine is key are:

» People who are at high risk of developing serious complications (like pneumonia) if they get sick with the flu.

» People who have certain medical conditions including asthma, diabetes, and chronic lung disease.

» People younger than 5 years (and especially those younger than 2)

and people 65 years and older.

» People who live with or care for others who are at high risk of developing serious complications.

» Household contacts and caregivers of people with certain medical conditions including asthma, diabetes, and chronic lung disease.

» Household contacts and caregivers of infants younger than 6 months old.

## Lucky Strike partners with Breastcancer.org in October for **Breast Cancer Awareness Month**

All Lucky Strike locations nationwide - including Novi's in the Twelve Mile Crossing at Fountain Walk entertainment complex – will raise awareness and funds through the sales of food and specialty beverage items and a limited-edition charity bracelet throughout October's Breast Cancer Awareness Month.

"Breast cand

so that those who are affected can make the best decisions for their lives

"Lucky Strike is proud to partner with Breastcancer.org to raise funds and awareness for this important initiative and we are happy to be able to show our support for the life-saving work of such a great organization," Foster said.

The Breastcand

Rita Lusen, vice president of corporate partnerships and development at Breastcancer.org. "These contributions help to fund critical programs that reach people affected by breast cancer in a meaningful, necessary and respectful way. We are so thrilled to kick off our new partnership this October."

Guests nationwide can so show their support

the bracelets, will benefit the charity. Additional donations can also be made via Lucky Strike guest receipts.

Novi's Lucky Strike is located in the Twelve Mile Crossing at Fountain Walk entertainment complex.

#### Helping Schoolcraft College Students Succeed

The Schoolcraft College Foundation wishes to extend our appreciation and special thanks to the following restaurants and vendors for their participation and generosity in donating their services and products to the 2013 Culinary Extravaganza. Their support provides essential scholarship and grant assistance to our Culinary Arts program and

unfortunately something that is very widespread and continues to affect so many people and their loved ones," said Steven Foster, founder and CEO of Lucky Strike. On Oct. 1, Lucky Strike launched a fundraising and awareness initiative in partnership with Breastcancer.org, a global nonprofit organization dedicated to providing the most reliable, complete and up-to-date information about breast cancer

Initiative will officially kicked off Wednesday with an event at Lucky Strike Philadelphia benefiting the organization. During the event, guests were able to help get things rolling by showing off their skills on the lanes, with partial proceeds benefiting Breastcancer.org.

"Breastcancer.org is truly grateful for the loyal support we have received over the years from Lucky Strike," said

in a variety of ways, including the purchase of limited-edition charity bracelets available at Lucky Strike and by purchasing the Asian Chicken Salad and Spinach & Artichoke Dip, as well as the Lucky Strike Club and Ribbon-Tini, made with Belvedere vodka, raspberry liquor, pineapple juice, fresh grapefruit and lemon juice . A portion of proceeds from the sale of these items, along with

## OCC nabs culinary awards

An Oakland Community College instructor, two alumni and one student were awarded top honors Sept. 29 at the 39th annual American Culinary Federation Michigan Chefs de Cuisine Association's Chef of the Year Awards Gala at Oakland Hills Country Club.

OCC chef Susan Baier, a food management professional, was voted Michigan Chefs de Cuisine Association's 2014 Educator of the Year. An **OCC Culinary Studies** Institute educator for 30 years, Baier has taught culinary skills, menu development and event and catering management. She also facilitates culinary internships.

Baier has held the position of department chairperson and is the current program coordinator. She was part of the program's curriculum revision, offering new courses and schedules providing greater accesses to working students and professionals wanting to hone their skills in cookery, international cuisine, certification, competition or pastry.

OCC student Rebecca Dubicki was named

FILE PHOTO **Oakland Community College** chef Susan Baier (far right) was voted Michigan Chefs de **Cuisine Association's 2014** Educator of the Year.

OCC's 2014 Outstanding Student Culinarian. Dubicki was a leader and pastry member of the **OCC American Culinary** Federation's Student Culinary team in 2012 and 2013, winning three silver medals in two state competitions and one regional competition in St. Louis.

The following OCC alumni also were honored:

» Andrew Sayes, a certified executive chef and the executive chef of the Townsend Hotel in Birmingham, received the Michigan Chefs de Cuisine Association 2014 Chef of the Year Award.

Executive chef at The Townsend since November 2012, Sayes creates and executes the fine dining menu at the Townsend's award-winning Rugby Grille. He also oversees menus associated with the hotel's other dining operations, including room service, afternoon tea and catering.

» Amy Knoles, pastry chef at the Country Club of Detroit in Grosse Pointe Farms since 2010, received the 2014 Pastry Chef of the Year Award. Prior to the Country Club of Detroit, she was assistant pastry chef at Pine Lake Country Club for two years. After deciding to pursue her love of cuisine, she left her job as a test technician in the automotive industry and earned a certificate in baking and pastry arts from OCC in 2009

As a member of OCC's Ice Carving team, she competed in Zehnder's Snowfest Ice Carving Competition, receiving National Ice Carving Association gold and silver medals.

Knoles and Sayes are now eligible to compete in the American Culinary Federation's Central Regional Competition.

Schoolcraft College students. We invite you to visit them throughout the coming year!

#### **COMMUNITY BRIEFS**

#### NOVI

#### Wixom book sale

The Friends of the Wixom Library are sponsoring a fall used book sale Oct. 15-18 at the library (49015 Pontiac Trail). Times are 5-7:30 p.m. Wednesday, 10 a.m. to 8 p.m. Thursday, 10 a.m. to 5 p.m. Friday and 10 a.m. to 2 p.m. Saturday (fill-a-bag for \$5 day). Thousands of books and multimedia items for all ages, priced between 25 cents and \$1, plus specially priced items.

#### Novi Farmers Market extends season

The Novi Farmers Market has been extended through Oct. 25. The market is open from 9 a.m. to 2 p.m. each Saturday at the Novi Civic Center, 45175 10 Mile.

In addition to Michigan-grown seasonal fruits and vegetables, market patrons will also find specialty foods to inspire their inner foodie, stock their pantries and entertain family and friends.

The Novi Farmers Market is held rain or shine. In the event of inclement weather, the market will relocate into the Novi Civic Center's atrium.

Vendors interested in participating in the market should call 248-347-0400 or email rtwitchell@cityofnovi.org for more information.

#### Boosters craft show Oct. 18

The Novi Athletic Boosters Holiday Kickoff Arts & Craft Show will be held on from 10 a.m. to 4 p.m. Saturday, Oct. 18, at Novi High School, 24062 Taft. This is a juried show offering the finest in handmade arts and crafts

More than 180 crafters are exhibiting a variety of products from sewn items, embroidery, quilting, knitting, paintings, wood crafts, candles, handmade soaps and so much more.

There is ample free parking for exhibitors and attendees. Admission is just \$3 (under 10 free); no strollers please. This is a community event; a visit will help support crafters and Novi's student-athletes. Enjoy concessions and a bake sale staffed by the boosters.

"Novi student-athletes will assist crafters in the set-up and tear down of the event and our athletic programs will be the major benefactor of this highly anticipated show," said Jack Kilger of the Novi Athletic Boosters.

This show has additional support of local business sponsors, including Allegra Printing, Ameriprise Financial, Applebee's, Balfour Varsity Jackets, Biggby Coffee, Busch's Fresh Food Market, Canine College, Dick's Sporting Goods, EEI Mobile Dealer Group, Guido's Premium Pizza, Show Promotions, SVT and Sylvan Learning Center.

Visit www.noviathletic boosters.com for more information.

#### Locals part of spooktacular musical

More than 40 children, ages 5-18, including Northville's Brooks Spencer as Farmer Van Veen, have worked feverishly to present a spooktacular musical to audiences of all ages! Children and families love this whimsical musical version of the Sleepy Hollow classic written by Washington Irving. This version is set to music and was written with a young audience in mind. Book by Vera Morris. Music and lyrics by Bill Francoeur.

" Sleepy Hollow is a spooktacular, must-see for the fall season and Halloween," said director Barbara Bllom of Novi. "The scene is set in a small 1800s farming community called Sleepy Hollow in New England. The audience will tap their toes to such lively tunes as Brom Bones and Katrina, Won't You Let Me Walk You Home. Many interesting characters are introduced including a nervous school master, a lovely maiden,

townspeople, an ardent suitor and, of course, a horse."

This is a Main Stage production at the stateof-the-art and handicapaccessible Village Theater at Cherry Hill for one weekend only, Oct. 16-18. Showtimes are 7 p.m. Thursday; 10 a.m. Friday for school age groups and others; 7 p.m. Friday; and 2 and 7 p.m. Saturday.

Tickets are \$15 each by calling the Village Theater Box Office (734-394-5300 or 734-394-5460); online (www.canton-mi.org/ villagetheater); at The Summit on the Park; and at the door (the box office opens one hour prior to show-time). Group tickets are available for groups of 15 at \$13 each.

Visit www.spotlight onyouthmi.com or e-mail: soy@mi.rr.com for more information.

#### On the Road

Enjoy taking day trips, but not the planning and driving part? Mark your calendars for Tuesday, Oct. 14, and join tour guides and local experts Kathy Crawford and Margi Karp-Opperer for a cultural, historic and entertaining trip to The Player's Club of Detroit (Michigan historic site) and Cliff Bell's (historic supper club).

This cultural and entertaining day will begin at 8:45 a.m. from the Novi Civic Center and continues until approximately 5 p.m. The \$89 trip includes step-on guide touring of unusual spots in Detroit, an exceptional luncheon, concert with musician/songwriter John D. Lamb and deluxe motor coach transportation.

Availability is limited and registration can be done by calling the Novi Library Administration Office at 248-869-7204 (10 a.m. to 5 p.m. Monday through Friday. For more information about the On the Road event, visit www.novilibrary.org or call 248-869-7204.

### Clothing recycling program

For Walled Lake residents, recycling unwant-

### **Food truck rally**

Jim Combs of Rollin' Stone Pizza brings another pie out of his truck's gas-fired oven during an Oct. 1 food truck rally visit in the parking lot of the Art Institute of Michigan's Novi campus.

ed clothing is now as easy as a walk to the curb with the free curbside collection program offered by Simple Recycling.

The program is simple and convenient since pickup occurs on the same day as recycling service, collection bags are provided and replacement bags are left each time full bags are set out for curbside pickup.

While the focus is on recycling clothing, Simple Recycling will also accept shoes, accessories, toys, books and small home goods in working condition such as kitchen ware and tools.

Residents who live in communities not serviced by the Simple Recycling program are encouraged to donate unwanted clothing to their favorite charity or thrift shop. A list of local organizations, including those that offer pickup, is available on the RRRASOC website.

### Tech Talk classes this fall

Tech Talk classes, offered by city of Novi Older Adult Services, are designed just for those 50 and above who want to sharpen technology skills or learn new methods. Each class will cover specific topics relevant to current technology.

The cost for each class is \$15 per resident and \$18 per non-resident. Pre-registration required and available online at cityofnovi.org or inperson at the Older Adult Services Office located inside the Novi Civic Center, 45175 10 Mile Road.

Classes are held 6:15-8:15 p.m. each Wednesday at the Novi Civic Center. Upcoming topics include:

Oct. 15 – Facebook, Twitter and social networking. Oct. 22 – iPhones and iPads. Oct. 29 – All about apps (applications). Nov. 5 – What do I do with this smart phone? Nov. 12 and 19 – iPhones and iPads.

To learn about additional programs designed for those 50 and older, visit www.cityofnovi.org.

#### Wonderful, Wicked, Witches

The Gardeners of Northville and Novi (a.k.a No No's) will host Ed Blondin at 7 p.m. Monday, Oct. 13, at Novi a.m. Oct. 13 in the Cady Inn at Mill Race Village. This is a pine cone and bow workshop. Members will be wiring pine cones and make bows to adorn the group's holiday wreaths for their annual Greens Mart. Guests are always welcome. Call Inge Knoth for more information at 248-348-1835.

#### Blues @ The Elks

Plymouth-Ann Arbor Elks Lodge No. 325 in Plymouth will present Blues @ The Elks the second Tuesday of each month in partnership with the Detroit Blues Society and Jazz @ The Elks the last Tuesday of each month. The Lodge is located at 41700 Ann Arbor Road, in Plymouth Township. The events run 7-10 p.m.

Blues @ The Elks on Oct. 14 will feature Laura Rain and the Caesars. There is a \$5 donation at the door. Jazz @ The Elks is a \$10 donation at the door, which includes hors d'oeuvres. On Oct. 28, Barbara Ware with the Cliff Monear Trio will perform.

For more information call 734-453-1780 or visit www.plymouthelks 1780.com.

#### BREAULT, WILBUR J.

Age 96, passed away September 30, 2014. He was born on February 5, 1918, in Gladwin, son of the late Stanley and Gertrude Breault. Wilbur was a proud combat wounded veteran serving in the Army in WWII, stationed in France. He enjoyed woodworking and became a talented carpenter and builder. Wilbur was a 60+ year member of Berean Baptist Church where he served in many capacities, including Deacon and enjoyed working with the youth group. He was social and likeable and will always be remembered for his dedication to his Church and his family. Wilbur was the proud grandfather of five and the proud great-grandfather of seven. He was his happiest when he was spending time with them. He is survived by his beloved wife, Frieda of 71 years; his loving children: Errol Breault, Steve (Marge) Breault, and Jean Poston; his grandchildren: Kelly, Nick, Melanie, Abe, and Grace great-grandchildren: Connor, Kayden, and his Tanner, Kayden, Jeffrey, Mailey and Brennen, Abe. Wilbur is also survived by his sisters: Donnalee Matthews, Coral Brokoff and Vivian Breault. He was preceded in death by his son-in-law, Col. Dr. John Poston and his siblings: Ethel, William, Alna, George, Nellie, Marion, and Ralph. Visitation was held on October 6. at PHILLIPS FUNERAL HOME, South Lyon. A funeral service was held on October 7, at Berean Baptist Church in Livonia. Wilbur was laid to rest in Oakland Hills Cemetery where military honors were rendered. Online guestbook

WADE, MICHAEL June 16, 1965 - September 27, 2014. www.obriensullivanfunera lhome.com

High School. He is the owner of Hortululus Gardens, a niche company which offers many services including gardens, maintenace, landscape and holiday decor. Blondin's garden history themed, multimedia presentations are as entertaining as they are educational.

Social mixer begins at 6:30 p.m. and presentation will begin at 7. Nonmember fee is \$5. Novi High School is located at 24062 Taft Road. Event will take place in the Student Forum Room 198C. Park in staff parking lot off of Taft Road. (Enter the building via the brown steel doors.) Directional signs will guide to room 198C.

#### NORTHVILLE

### 'Halloween Soup' at the Marquis

The Northville Marquis Theatre will present *Halloween Soup* live on stage during the month of October. The Halloween-themed show is appropriate for children aged 3 and over, and is not scary.

Showtimes are 7 p.m., Friday, Oct. 24; 11 a.m., Saturday, Oct. 25; 2:30 p.m. Saturday, Oct. 11, 18 and 25; and 2:30 p.m. Sunday, Oct. 12, 19 and 26.

Tickets for all performances are \$9 each. Group rates and reserved seating for groups of 20 or more. Birthday parties and Scout Days available.

For more information call the Marquis Theatre at 248-349-8110 or visit www.northvillemarquistheatre.com or facebook.com/MarquisTheatreNorthvilleMi.

#### Northville Garden Club to meet

The Northville Garden Club will meet at 10

### Crafters/vendors wanted

The seventh annual Bizarre Bazaar will take place Saturday, Nov. 8, at the First United Methodist Church of Northville. Organizers are looking for crafters, vendors, and entrepreneurs to participate. This event could allow your business to grow and also help women in third world countries start a business with a microloan from a Village Bank.

For details and to reserve your space, email fumcbazaar@gmail.com or find the event on Facebook.

#### **Emergency food**

The next distribution of emergency food by Plymouth Community United Way is scheduled Thursday, Oct. 16. The Emergency Food Assistance Program provides low-income Plymouth and Northville residents with canned, non-perishable and perishable items.

All recipients must pre-register by calling Plymouth Community United Way at 734-453-6879, ext. 7, or sending email to randi.williams@pcuw.org.

This is a supplemental food program that may be used in addition to other assistance programs. Bridge Card holders automatically qualify, but need to pre-register. **Recipients not currently** on governmental assistance (food stamps, ADC and general) must provide documentation including proof of income and residency before receiving food on distribution days.

Distributions for this United States Department of Agriculture program continue 9:30-11:30 a.m. the third

Thursday of each month at St. Kenneth Catholic Church in Plymouth.

#### Artists, crafters can exhibit at O&E show

The Observer & Eccentric Media is reaching out to artists and crafters in the area. Artisans who don't have time to travel to sell their work - this show is for you.

The O&E will sponsor its first Arts & Crafts Show from 10 a.m. to 5 p.m. Saturday, Oct. 25, at the Quality

Inn & Suites on Plymouth Road in Livonia. Participants can take advantage of a discounted rate - \$90 per

artisan. Participants receive exhibit space and a listing in a digital ad directory published on hometownlife.com, which attracts more than 375,000 visitors monthly.

Refreshments sponsorships are also available, along with others for businesses that include speaking/presentation opportunities.

Those interested in learning more about the show should visit hometownlife.com/artsandcrafts or email cbjordan@ hometownlife.com.

### 'Halloween Soup' cookin' at the Marquis

The Northville Marquis Theatre is presenting "Halloween Soup" live on stage during the month of October. The Halloween-themed show is appropriate for children ages 3 and over and is not scary. ## Ganger Dermatology to open in former GFS locale

BUSINESS

The former Gordon Food Services location on the southeast corner of Wixom Road and Wixom Tech Drive will soon get a facelift as a medical office building with new tenants, the first of which is Ganger Dermatology. This will be a second location for the practice, which is headquartered in Ann Arbor.

"We're excited to be the first tenant," said Dr. Laura Ganger, owner of Ganger Dermatology. "They are renovating the building for us, adding doors and windows and an eight-foot wide extension of the bike path across the entire frontage."

This new practice will occupy approximately 3,500 square feet of the 15,000-square-foot building and will bring 10 new jobs to the community.

Ganger likes that Wixom is central to Milford, South Lyon and Commerce and she likes the growth in the area. "It's a rising tide, a great

community, an up-and-coming central location. I see a bright future here," she said.

According to Debra Barker, city of Wixom's business development liaison, Wixom currently boasts a 7-percent vacancy in industrial and commercial properties, one of the lowest in the area.

Recent new developments include Menards, the national headquarters for General RV and an expansion for J&B Medical coming soon. Also, Hilton recently purchased vacant land next to the new Culver's restaurant.

"Wixom lost a large taxpayer when Ford closed its doors," Barker said. "Even though we planned for the loss, it still hurt. We are pleased to see how much things have turned around here. We welcome Ganger Dermatology and the other

The former Gordon Food Services building is located on the southeast corner of Wixom Road and Wixom Tech Drive.

new developments to Wixom. It's a positive thing for the community."

Ganger said that she noticed the need for dermatology specialists in the Wixom area. Her practice is headquartered in nearby Ann Arbor and her colleague, Dr. Angela Rondina, who will be the primary physician at the Wixom location, is from the area.

"We are very happy to welcome Dr. Rondina into our practice," Ganger said. "She is an outstanding physician who shares the same high standards and practice philosophy. She was the obvious choice for us as we grow our physician base and branch out into the Wixom area."

Ganger Dermatology is now booking appointments for November for general dermatology services in its Wixom office treating all skin conditions such as acne, warts, rashes, eczema, psoriasis and skin cancer. For a full list of services, visit

www.gangerdermatology.com or call 734-344-4567.

"We are a very high-tech office. We're paperless and have the latest in available treatments, but patient experience is of the utmost importance to us," Rondina said. "We look forward to serving Wixom and the surrounding communities."

#### Harman Becker earns MEDC incentive

The Michigan Economic Development Corp. announced Michigan Strategic Fund approval of four business expansions and seven community revitalization projects in southeast and west Michigan that will generate \$97.4 million in private investment and create 568 jobs.

Harman Becker Automotive Systems Inc., a manufacturer of audio and infotainment systems for the consumer, professional and automotive markets, currently operates out of seven facilities in the cities of Novi and Farmington Hills, with no room to expand in its current footprint. The company plans to consolidate six of its operations and build a state-of-the art complex in the city of Novi, investing nearly \$45 million and creating 150 new jobs.

As a result of this growth, the company has been awarded an \$800,000 Michigan Business Development Program performance-based grant. Michigan was chosen over competing sites in Illinois, California and Colorado. Novi plans to support the project in the form of property tax abatement. Individuals interested in career opportunities with Harman should visit jobs.harman.com.

## BUSINESS BRIEFS

Signature Associates represented the landlord, Wixom Land LLC.

#### Lotus Bank helps sponsor scholarships

Novi-based Lotus Bank is helping sponsor the Detroit Sports Broadcasters Association grants and scholarships program. The DSBA announced that it will award nearly \$19,000 to area students, high schools and colleges as part of its 2014 grant fund and scholarship awards program.

"We are proud to be one of the sponsors of this program by the Detroit Sports Broadcasters Association, which has a tradition of supporting young people who are pursuing careers in sports and news broadcasting," said Neal Searle, president and CEO, Lotus Bank.

DSBA grants were to be distributed to students and programs at nine Michigan high schools, from the Detroit area to the Upper Peninsula. Additionally, the asso tion is awarding four scholarships to Specs Howard School of Media Arts students who will be recognized at the DSBA annual Detroit Red Wings luncheon Oct. 7. Funding for the Detroit Sports Broadcasters Association educational program is also made possible through sponsorship from Farm Bureau Insurance, as well as through the DSBA Charity Golf Outing and donations from individual contributors. The DSBA is a registered 501(c)(3)nonprofit organization.

#### Oakland County wins purchasing award

Oakland County's purchasing unit is the best in Michigan, according to the Michigan Public Purchasing Officers Association, which recently presented its Agency of the Year award to the county at the MPPOA's Annual Awards Banquet in Mt. Pleasant.

"This award recognizes an entity for work or innovations in public purchasing, involvement within the community and contributions to MPPOA and to the purchasing profession," the MPPOA said.

Oakland County Executive L. Brooks Patterson congratulated the county's purchasing employees who work under the county's Compliance Office.

"Our purchasing staff is made up of individuals of the highest caliber. This award reflects the excellence they bring to their job every day. They ensure that every dollar the county spends is transparent accountable and conforms to county policy and the law," Patterson said. The Agency of the Year award recognizes some of purchasing's innovations such as cooperative contracts. They provide smaller local governments with access to goods and services at a much lower cost than they might otherwise realize. Cooperative contracts also provide vendors with additional business. Purchasing currently has 35 cooperative contracts available to any government entity in the cloud at G2G Marketplace (www.G2GMarket.com).

### Jobs aplenty as skilled trades open up in Oakland County, region

More than 11,000 jobs in high-demand vocations are expected to open up annually for the next five years in Oakland County and the region.

These jobs – including dozens that pay at least \$50,000 annually are predicted to have long-term growth and require less than a fouryear college degree. These jobs are in manufacturing, health care, information technology, energy and agriculture. They were identified recently by Oakland County Michigan Works! and the Michigan Department of Technology, Management and Budget - Bureau of Labor Market Information and Strategic Initiatives.

"The baby boomers are starting to age out of the workforce," Oakland County Executive L. Brooks Patterson said. "There are plenty of challenging and rewarding careers starting to open up. Our goal is to connect talented Oakland County residents with these jobs."

For job seekers wanting to remain in the area, the list of job openings in the skilled trades helps narrow down career choices to those that offer the best job prospects. These occupations can be explored in more depth using the web portal MITradeSchool.org launched last year by Oakland County's Department of Economic Development & Community Affairs.

Skilled trades are often overlooked when making a career choice, even though there are many opportunities to consider. Most require some level of training beyond a high school diploma, but in some cases the job seeker may get paid or supported in other ways while learning on the job.

Oakland County Michigan Works! can provide help such as determining eligibility for tuition assistance or training funds to learn new skills or upgrade existing skills. More information about Oakland County Michigan Works! is available at www.OaklandCounty MiWorks.com.

#### **OUR VIEW**

## Heise gets nod in House 20th District race

In four years as the 20th District representative in the Michigan House, Kurt Heise has certainly made some votes with which we disagree.

But we believe Heise has also been an effective state legislator and has done enough to earn a third and final term. Heise, a Plymouth Township Republican, faces Plymouth Township Democrat Nate Smith-Tyge in the Nov. 4 general election.

Heise is a comfortable passenger on the Gov. Rick Snyder train, toeing the party line with most of Snyder's wishes. He voted in favor of the tax on senior pensions, is fine with lifting the cap

Heise

behind locked capitol doors two years ago. We disagreed with Heise on all those issues

on charter

ported the

schools

and sup-

push for

work that

happened

right to

But he's also done things to help his constituents, among them:

» Co-sponsored House Bill 5782, which would revise the foundation allowance and per-pupil funding formula and would bring additional state funding to both Plymouth-Canton and Northville schools.

» Sponsored a bill that

WHAT DO YOU

allowed Northville to sell the former Robert Scott Correctional Facility.

» Saying he'd support a review of Proposal A that might allow local districts to become "hold harmless" districts, as many did when Proposal A passed in 1994. Such a move might allow Plymouth-Canton to seek additional millage revenue to help offset funding inequities.

» Sponsored a bill that allows charter townships to enact local ordinances that include criminal penalties of not more than 180 days in jail.

» Established coffee and office hours in the district to set aside time to sit with constituents to talk about issues of concern. While it's true nearly all politicians do this, it does speak to Heise's accessibility.

Heise chairs the criminal justice committee and is a member of the judiciary, election and ethics and transportation committees. He's also co-chair of the Michigan Commission on Human Trafficking and has a bill making the Commission on Human Trafficking permanent, which is expected to be passed soon.

As part of the commission, Ĥeise has helped provide light and action on an issue law enforcement officials have said is a huge problem not only in Michigan, but nationwide.

Heise spent six years heading Wayne County's environmental department and has pushed hard for a regional water authority to provide local municipalities with more control over the Detroit Water and Sewerage Department.

For those who believe Heise may be too conservative for a changing district, Smith-Tyge presents an intriguing alternative. Seeking his first political office, Smith-Tyge is an engaging, articulate candidate who is most passionate about education issues.

Smith-Tyge, whose degree is in education, believes Lansing needs educational professionals to make policy and fund-

ing decisions about the state's education system.

To fix roads, Smith-Tyge would look at things such as a diesel tax, user fees on vehicles such as hybrid cars and a sales tax capture, as long as it doesn't affect the school aid fund. He'd repeal the senior tax and restore tax credits like the earnedincome credit.

But while Smith-Tyge makes a good candidate, we believe his time may come two years from now, when the seat will be open as the then-termlimited Heise will have to be replaced.

For now, we believe Kurt Heise has done enough for voters to return him to Lansing for his third and final term.

#### **Roland is right for** school board

Northville voters will soon be heading to the polls to help decide who our next leaders will be. They will vote to fill several Congressional seats, many statewide offices including governor and attorney general, a couple of county commissioners, Schoolcraft boards, and even our local school board. These are just a few of the positions that Northville voters will grapple with come Nov. 4.

No doubt, this will be an important election for the country and state as a whole. But there couldn't be any more important race for the voters of Northville to decide than that which affects the future of our children, and that race is the Northville School Board trustee.

There are three seats being contested for by four candidates. I don't know about you but as a parent, I would want someone who firmly believes that to best educate our children, we need to give parents teachers, and the residents a voice. One whose children graduated from the Northville schools who understands what it takes for our children to reach their full potential. One who believes that we need to create the appropriate environment for learning and though we must keep our fiscal house in order, we also must foster innovation, and provide the tools needed to ensure that our children receive the best education. That's why I support Roland Hwang for trustee of the Northville School Board. The reality is that Northville Public Schools will be fortunate to have Roland as a trustee of the school board. He has deep roots in the community, having lived in Northville for 26 years. He is a proud father of two Northville Schools graduates, he's an engineer/lawyer, an adjunct instructor, having taught history and law at the University of Michigan, and has served on various boards and in leadership positions. As a school board trustee, Roland will bring a lot of experience, vision, expertise, dedication to board. I know that he wants and expects every child in our school system to have the same support and success that his two children are having in the University. He will focus on pre-

technology, engineering, and math (STEM). He will broaden the World Language Program – beyond the current French, Spanish, and German, and attract and retain the best teachers.

Please vote for Roland Hwang for school board, on Nov. 4, or on your absentee ballot.

#### Sam Ekong Northy

adults reading, senior citizens using computers - to see it being used by our friends and neighbors every single day.

LETTERS

The Northville District Library is a contributing partner that helps make this community a great place to live. This millage renewal represents no tax increase and as a part of being fiscally responsible, the library thoughtfully is asking for the millage renewal this year to avoid having special election costs next year. The renewal will not be levied until the current millage expires in 2015.

We, as residents deserve to have this renewal passed.

Please join me in supporting the millage renewal for the Northville District Library on the Nov. 4 ballot. It is a necessary part of our "village."

**Libby Smith** Northville

#### Library is jewel

The Northville Chamber of Commerce considers the Northville District Library one of the iewels of our community, providing education, inspiration and discovery to citizens of all ages. We support the library in their renewal of the current millage and encourage our Chamber members and

ings" - that includes us, folks I thought this infor-

mation would be very important to add to his resume.

Carolyn Toyer Northville Township

#### Focus on roads

As a tax payer and a retiree, I am thoroughly disgusted with the inability of the state Legislature to come up with a plan to fix the roads. It should have been done last year when it would have been possible to make some progress over the summer. Now we are looking at next spring at the earliest: that is, if the legislature can come to some agreement during the lame duck session. Don't hold your breath.

My wife and I have spent \$1,600 since January on our cars to fix problems created by driving over poor roads. If the legislature had the guts to pass a bill to pay for road construction, possibly a long-term bond for road repair only and to use all the 6 cents sales tax on gasoline for road repairs only, it

**OUR VIEW** 

**Re-elect three** Schoolcraft College incumbents

Three incumbents on Schoolcraft College's Board of Trustees are running as a slate for re-election Nov. 4 and for good reason.

Brian Broderick, Joan Gebhardt and Terry Gilligan are part of a team that works well together and can point to several key accomplishments during the past few years, including the school's new "Schoolcraft to U"

partnership with the University of Toledo and Wayne State University. They want to continue providing educational excellence to those who live inside and outside the Schoolcraft district, which includes the public school districts of Clarenceville, Garden City, Livonia, Northville, Ply-

mouth-Canton and part of Novi. We recommend voters re-elect them for another six years. We see no reason to fix what isn't broken by replacing any of them with one or both of the challengers

The incumbents have diverse backgrounds - Broderick is an attorney who serves as executive director of the Michigan Association of Non-Public Schools, Gebhardt is a retired teacher and principal and Gilligan is a 26-year member of Pipefitters Local 636.

issues or with the administra-

tion's recommendations - Geb-

hardt voted against the recent

Broderick

Gebhardt

#### Library deserves community support

I often reflect on the famous African proverb, "It takes a village" when thinking about the Northville community. While it is used in several different ways, to me it is a perfect description of partners working together not only to "raise a child" but to make something really work. That is why it is one of my first thoughts when considering the upcoming millage renewal for the Northville District Library.

Perhaps it is because I can't walk in the library without thinking of my late father-in-law, Phil Smith. Phil, an avid reader and user of the Northville Library and his very dedicated committee, worked tirelessly two decades ago to get that beautiful building built. In less than two years, those bonds will be paid off and the library structure will be paid for.

Perhaps it is because the Northville District Library became a valuable resource for Northville students and their families when school budgets were facing a huge crisis and library services were cut in the buildings. Perhaps it's because it is a comfort and a privilege to walk in the Northville library and see kids learning,

Grace Perry, Director of Advertising

the community to show their support to the Northville District Library on November 4th. Patricia Mallon Chair, Northville

Chamber of Commerce

#### Peters scores high with Humane Society

As a longtime member of the Humane Society Legislative Fund, I'd like to point out their view of U.S. Rep. Gary Peters. He scored 100 percent on their 2013 Humane Scorecard and took the lead "on measures to aid the humane care of all sentient bewould be a good start.

Additionally, I don't know much about road construction or the quality of concrete we use here in Michigan, but it seems that surrounding states do a much better iob of maintaining their roads. Why is that?

Good roads are essential to creating an environment appealing to new business. Good roads are essential to transporting products across our state. Everyone benefits from good roads, even if they don't drive. We all need to get from one place to another at some point in time.

Waiting until the lame duck session of the state legislature will do nothing to relieve the problem this year. It's too little, too late.

Dan Adam Northville They don't always agree on the

Gilligan

tuition increase and Gilligan ran to get on the board after questioning the board's selection of a contractor.

But together, with the other four members, they have consistently balanced the college's budget while also continually improving the campus and the curriculum. Their accomplishments include opening the Public Safety Training Center and Jeffress Administration Center, among other buildings, achieving unprecedented culinary arts and nursing accreditation and developing a culinary baccalaureate for 2015.

Their most important task to date may lie ahead – finding a replacement for legendary President Conway Jeffress, the 1835 Livonia Hall of Fame inductee whom many expect will retire sometime during the next six years.

For that, the Schoolcraft board needs leaders who know about the college's past and who have a vision for the college's future, as well as an understanding of the characteristics needed in a president to help them get there.

Those leaders are Brian Broderick, Joan Gebhardt and Terry Gilligan.

#### **COMMUNITY VOICE**

### What's your favorite way to spend a crisp, autumn day?

This question was asked in downtown Northville and at the Novi Public Library.

# Rouge River Logjam Classic canoe race seeks paddlers looking for challenge

Some people told me it could never happen, a canoe race on the Rouge River. The idea was too crazy and the odds too long. I had been hearing that ever since I started volunteering

my time to clean up the Rouge more than a dozen years

ago.

People

Kurt Kuban

would say that the river was dead or an open sewer – or lots of other negative things.

Yet, as someone who loves the outdoors, especially canoeing and kayaking, hosting a race was always my goal. I have seen major improvements in the river with each passing year. And every time our group of volunteers - and there is a hardcore group of us pulled a tire or shopping cart from the river or opened another logjam, I would think about that goal. I've always felt a race would be a great way to showcase the Rouge.

The fact is the Rouge has really been making a comeback in recent years. Fish and aquatic insect surveys have shown this. So have water quality tests, which show improved dissolved oxygen levels, as well as much lower bacteria counts, particularly during dry weather. Despite the fact that there are still challenges, especially the impacts of poor storm water management, there is no denying the fact that the river is coming back to life.

I'm happy to report that last year, after years

#### LOGJAM CLASSIC RULES/ REGISTRATION

The race takes place Oct. 11 in Wayne. Registration begins at 9 a.m. at 3600 Commerce Court in Wayne. Here are the rules: » Two contestants for each canoe. They must remain as a team for the duration of the race, in the same canoe as start-

ed with. » Any canoe may be used.

» Competitors must be at least 18 years old. » Contestants must have a U.S. Coast Guardapproved P.F.D. (personal floatation device). » Commonly accepted rules of sportsmanship will prevail. Intentional capsizing or damaging an opponent's canoe will mean disqualification. Preregistration is a must due to limited spots. Contact Kurt Kuban at 734-716-0783.

of effort, we shrugged off the navsavers and held the first-ever Logjam Classic canoe race along a three-mile stretch of the Lower Branch of the Rouge through the city of Wayne. More than a dozen teams participated in the race, including men and women. For me, the highlight of the whole thing was speaking to the competitors after the race. Almost to a person, they told me how surprised they were with the river – and how much fun they had.

We will be hosting the second annual Logjam Classic next Saturday, Oct. 11, along the same stretch of the river. The race will again coincide

Jeff Barch of Livonia and Scott Spielman of Canton near the finish line in last year's Logjam Classic Canoe Race. They finished in third place.

Rouge-A-Palooza organizers Matthew Mulholland (left) and Kurt Kuban present trophies to Michael Parsons and Steve Landfair last year after they won the inaugural Logjam Classic canoe race. The trophies were made from wood taken from an actual logjam on the Rouge River.

with Rouge-A-Palooza, a daylong celebration of the Rouge and the outdoors in general that will take place in Wayne's Goudy Park.

The event will include lots of activities, including a group canoe/kayak trip, canoe and kayak rentals, live music, family activities and lots of educational displays (Michigan DNR/State Parks, Wayne County Parks, Friends of the Rouge, Howell Nature Center – to name just a few).

For me, however, the race is the main highlight of the festival. In a day

A GANNETT COMPANY

and age with extreme competitions like the Tough Mudder being so popular, the Logjam Classic should be appealing to paddlers who are looking for a tough physical challenge. Despite the name, there won't be any impassable obstructions in the river. However, the Lower Rouge offers a fairly technical course. There are logjams to maneuver around (and under, in some cases), riffle areas that must be navigated and lots of bends and turns to the river.

Experienced paddlers will really enjoy the chal-

n l i f e

lenge.

Our rules are pretty basic: There must be two people in a canoe and any canoe can be used. Unlike the famous AuSable Canoe Marathon, the Logjam Classic is more of a sprint. Winning teams should finish in less than an hour. Last year's winners, Michael Parsons and Steve Landfair, came in at 37 minutes. They will be back to defend their title.

Although Michigan Avenue and Ford Motor Co.'s massive Michigan Assembly complex are nearby, competitors in the race will never know it as the river traverses its way through a scenic terrain of large cottonwoods, maples, willows and sycamore trees.

The whole point of the race is to draw more attention to the Lower Rouge and all the efforts that have been made to turn it back into a recreational resource for communities like Wayne, Canton Township, Westland and even Inkster and Dearborn further downstream. In fact, plans are currently under way to have the Lower Rouge designated a national water trail.

The best thing about the Rouge River is the fact it's in our backyard. People who live in the Detroit area usually have to drive an hour or more to paddle a Michigan river. Our goal is to provide that opportunity closer to home.

The winners of the race will earn a cash prize (the amount will depend on the number of participants in the race), as well as trophies cut from a logjam on the Rouge. The rest of the proceeds from the race will go toward making canoeing and kayaking the Rouge a reality.

If you think you have what it takes, preregister by contacting me at 734-716-0783 or kkuban@hometownlife.com. You can show up the day of the race (registration begins at 9 a.m.), but we are only allowing 30 canoes in the race. Cost is \$30 per boat.

Each competitor will get a Rouge-A-Palooza T-shirt. If you don't have a canoe, but would like to compete, you can rent one for \$35 through Heavner's Canoe & Kayak Rentals by contacting Jeff Vallender at 248-798-7434.

If you don't want to compete in the race or participate in the group paddle, but are interested in efforts to clean up the river and the outdoors in general, head over to Rouge-A-Palooza on Oct. 11 as we celebrate our river.

Kurt Kuban is the environmental reporter for the Observer & Eccentric Newspapers, community editor of the Northville Record, and a Rouge River clean-up volunteer. He welcomes your feedback at kkuban@hometownlife.com or 734-716-0783.

## Lawrence Tech students come to rescue the Rouge

The sky was overcast and the air cold, but the smiles on the faces of the volunteers working in and along the Rouge River were warm and bright. The Friends of the Rouge River hosted a river cleanup and special project day Oct. 4 in the city of Northville

along the

Middle Rouge

River. Led

Nancy Darga GUEST COLUMN Nancy Darga Superform Friends of the Rouge, more

than 20 students from Law rence Technological University were in the water removing debris and building a stone wall to deflect the current on a bend in the river that was eroding into a series of residential yards that backed up to the river. The band of hard-working students was joined by nearby residents along the river and Rebecca Steiner, a volunteer from the Michigan Conservation Stewards organization. After watching her stumble in the river and lose her glasses, I asked her if she was glad she came. She smiled and said, "Yes, I hope our efforts will reduce pollution and eliminate litter in our rivers.

Asef Ahmed, a math major student, went into the river with dress shoes on. In asking him if he regretted going into the river with a good pair of

SUBMITTED Lawrence Tech University students build a rock wall in the Rouge River, which will help reduce the erosion on nearby residential properties.

shoes, he remarked that the river gives us so much. It allows us to live and foster our civilizations, he said. Shrugging his shoulders he said, "My shoes will dry. May the river never do so."

Michael Darga, the current president of the Friends of the Rouge and an alumni of LTU, worked in the river alongside the students helping with the wall.

The rock wall the students built in the river along the banks to armor against further erosion is impressive. The pile of debris pulled from the waters and invasive plants removed were just as noticeable.

Around noon, Callie Milroy, a resident whose house butts up to the river cleanup site, along with Angie Scott, cooked hot dogs and served snacks while everyone cleaned up and dried off. When the students gathered around the barbecue, they were asked if they would do this again and they shouted "definitely, it was fun, a morning well-spent."

As the hot dogs were cooking, one of the students, Chad Szymkowicz, pulled his foot from a pair of waders and water poured out. He laughed about the boots not keeping his feet dry. When I found out he was an electrical engineering student, I asked why he came. He smiled and said that he wanted to preserve places for wildlife.

Thanks to all of their efforts a great section of the river was preserved.

Nancy Darga is a resident of the city of Northville and a member of city council.

## \$10 OFF when you buy 1 pair

Before you set foot in a pair of SAS comfort shoes, let our sales representative show you the kind of old-fashioned craftsmanship that goes into our shoes. Then see the complete line of shoes for men and women in sizes narrow-X wide widths.

## Back in business: Novi stuns Lions, 50-33

#### By Brad Emons Staff Writer

After starting out the season 0-3, Novi didn't appear it would be a factor going forward during the 2014 football season.

But records can be deceiving as the Wildcats demonstrated Friday night at home, as they turned the Central Division race upside-down by upsetting first-place South Lyon, 50-33.

It was Novi's third straight victory, thanks mainly in part to the stellar performance turned in by junior running back Emanuel "Action" Jackson, who finished with 410 all-purpose yards and three touchdowns. Novi is now 3-3 overall in the Central and tied at 3-1 with South Lyon and Livonia Stevenson atop the division. The Wildcats can claim a piece of the title with a win Friday at Northville.

"They could have packed it in," Novi coach Jeff Burnside said of the team's slow start. "They've gotten better and better each week. That Stevenson game (31-28 loss) was a turning point for us. They've really kind of come together. Just like any good family, we have our struggles, but we've got each other's back when it comes down to it."

Northville High School graduates meet on opposite sides of the net

#### By Brad Emons Staff Writer

At least for one volleyball match, John and Debra Colasanti had to cast their allegiances aside.

The proud parents donned custom-made T-shirts Saturday as they watched their only two daughters – Lauren, a senior captain for Bentley (Mass.) University, and her younger sister Julia, a freshman defensive specialist for Saint Michael's (Vt.) College – play across the net from one another.

"My parents are really dedicated fans and they were having a hard time figuring out what to do when they came to the game, who they should cheer for and all that stuff and who should wear what shirt," said Julia, a 2014 Northville High grad. "They either cheered for every point or they didn't cheer at all." in four sets against host Saint Michael's, 25-23, 25-23, 20-25, 25-13.

Lauren, a 5-foot-4 libero who graduated from Northville in 2011, finished with a 16 digs, while Julia, a 5-2 defensive specialist, had 15.

"I was really excited for the game, mainly because I'm really proud of Julia to be able to play at a college level," said Lauren, who ranks third all-time at Bentley in career digs with 1,452. "Then our parents came out to the game, so that was really great because we don't get to see them too often. I was just really excited to play her and to be able see her. And we've never played each other before, so that was really unique, too." Being four years apart, Julia was a freshman on the JV squad when Lauren was a senior on the varsity at Northville. Both played during the off-season for the Instant Replay Volleyball Club.

Allegiances were divided Saturday as sisters Lauren (second from left) and Julia (second from right) Colasanti squared off in a college volleyball match witnessed by parents John and Debra.

John and Debra, donning hybrid shirts featuring each school's name and colors, watched as Bentley prevailed

HAL GOULD | STAFF PHOTOGRAPHER Northville's Katie Childers makes an iron approach shot in Monday's KLAA Association tournament at Walnut Creek Country Club.

## No place like home: Novi first in KLAA

#### By Brad Emons Staff Writer

Novi used its home course to its advantage Monday by winning the 23-team KLAA Association girls golf postseason tournament held at Walnut Creek Country Club.

The Wildcats' four-player first-place team total was 333 strokes, while South Lyon, the No. 1-ranked team in Division 2, was runner-up with 337.

Rounding out the top six were defending Division 1 state champion Plymouth (360), Northville (361) Brighton (372) and Livonia Stevenson (373).

South Lyon's Caroline Harding shot a 75 to take individual medalist honors, while Novi's Katelyn Henry and Northville's Katie Childers tied for second, each carding a 78.

South Lyon's Priscilla Harding and Novi's Abigail Livingston shot 80 and 81, to place fourth and fifth, respectively.

Three Novi golfers, Madison Kroetsch, Claire Kalina and Alexa Hatz, tied for eighth with 87 each. May Grandstaff contributed an 89.

Based on a point formula on dual matches and the KLAA Kensington preseason tournament, Novi finished second to South Lyon in both the Central Division and conference.

Meanwhile, Grand Blanc was the KLAA Lakes Conference champion.

But this day, the Wildcats had undisputed bragging rights.

"It was very exciting," Novi

coach Deb Harris said. "Katelyn Henry played awesome with her 78. It was just solid, great example of being a good leader.

<sup>a</sup>The freshman, Abby Livingston, did a great job coming in with an 81. The 87s ... they just hung in there tight. One bad hole, they just knew how to let it go and enjoyed playing golf. They did a fantastic job as a team and worked so hard. And their hard work is really paying off. It was just so exciting to watch."

Other Northville scorers included Jen Kowalczyk, 91; Alyse Clevenger and Madison Berman, 96 each; Allison Zwarka, 101; and Elizabeth McGowan, 102.

#### **GIRLS SWIMMING**

## Northville wins three relays, leaves rival Novi in its wake

JOHN HEIDER | STAFF PHOTOGRAPHER Members of the Northville High girls swim team shout encouragement to their teammates during the Sept. 30 dual meet at Novi.

#### By Brad Emons Staff Writer

Northville didn't make a huge splash in a girls swim dual meet Sept. 30 against KLAA Central Division rival Novi.

But the Mustangs had more than enough to post a 111-75 victory to improve to 4-0 overall and 2-0 in the Central.

"We had a pretty good night," Northville coach Brian McNeff said. "We didn't have too many dropped times, but this team thrives on competition and we knew that we wouldn't have to necessarily swim our best to come away with a win."

The Mustangs boasted a trio of individual double winners, led by Laura Westphal, 200-yard individual medley (2:12.09) and 500 freestyle (5:16.44); Kelsey Macaddino, 50 freestyle (25.48) and 100 butterfly (50.06); and Nicki Pumper, 100 free-style (56.19) and 200 freestyle (2:00.62). The foursome of West-

phal, Macaddino, Darby Mroz and Jennifer Ostrowski also placed first in the 200 medley relay

#### (1:55.80).

The Mustangs added a win in the 200 freestyle relay as Sarah Ptashnik, Chelsea Lepish, Hannah Craig and Elena Pando took first in 1:49.05 to Novi's time of 1:49.34.

Northville's 400 freestyle relay team of Sabrina Lee, Craig, Natalie Filipowicz and Alissa Moore hit the wall first in 3:54.06 to edge the Wildcats' clocking of 3:54.91.

"The girls are also tired, which is a good thing," McNeff said. "They mentioned they were not feeling the greatest in the water, yet their times were just slightly off their best. That shows me that once we start our taper and really get into it, we will go pretty fast."

Novi, in its KLAA Central Division opener, got individual firsts came from Alyssa Stark, 1meter diving (211.85 points); Emily Mayoras, 100 backstroke (1:03.07); and Karen Xu, 100 breaststroke (1:15.08).

Χιι (Νοι

#### **GIRLS SWIMMING**

## Mustangs swimmers place second in county

#### By Brad Emons Staff Writer

Although Northville had to settle for runnerup honors in last weekend's Wayne County Invitational girls swim meet, the Mustangs produced some encouraging results.

Host Grosse Pointe South, taking six of 12 events, captured the team title Saturday in the two-day meet with 502 points, with Northville (340), Livonia Stevenson (307), Salem (296) and Plymouth (137) rounding out the top five in the 17-school field.

"We had a day of mixed results," North-ville coach Brian McNeff said. "There were some great swims and some **ÖK** swims. I told the girls on Friday that they could wear their fast skin suits if they wanted to. Those that did had some great swims."

Northville sophomore Laura Westphal, the defending Division 1 champ, broke the pool record in the 500-yard freestyle in 5:02.93. She also won the 200 individual medley (2:08.71) and was a member of two

first-place relay teams. The foursome of Kelsey Macaddino, Natalie Filipowicz, Gillian Zayan

and Westphal won the 200 freestyle relay (1:41.43), while the Nicki Pumper, Zayan, Macaddino and Westphal teamed for a first in the 400 freestyle relay (3:39.05).

Other top eight finishers for the Mustangs included Zayan, second, 200 freestyle (1:58.96); third, 100 freestyle (54.54); Macaddino, second, 100 butterfly (59.37); Pumper, second, 100 freestyle (54.5); fifth, 100 backstroke (1:00.51); Alissa Moore, 500 freestyle (5:28.15); Darby Mroz, eighth, 200 IM (2:08.71); Julia Scavnicky, eighth, 100 butterfly (1:05.15).

Pumper earned state cuts in the 100 freestyle

Grosse Pointe South won the event in 1:48.08.

"Both the 200 and 400 freestyle relays are faster than we have ever been at this point of the season," McNeff said. "Those that did not wear their suits were just off their times by a little bit, which I expected."

Other individual win-ners for Grosse Pointe South included DeLoof in the 100 freestyle (53.06) and 200 freestyle (1:55.29); Schuetze, 50 freestyle (25.43); Young, 100 backstroke (58.01); and Hughes, 100 breaststroke (1:06.23).

Salem's Liza Zhang broke the Grosse Pointe South-Northville domination with a first in the 100 butterfly (59.15).

"We also had by far the most swimmers at the meet and I was really proud of this," McNeff said. "It shows just how hard these girls work. Whether they are a state qualifier or someone who will barely get into our varsity lineup, these girls work their butts off every day. Two-thirds of our team made individual cuts; not too many teams can say that.'

#### Novi finishes 17th

Farmington Hills Mercy ran away with the Oakland Country championship Sunday at Waterford Mott, scoring a team-high 438, with Lake Orion (244), Birmingham Marian (196), Birmingham Seaholm (177) and Rochester Adams (173) rounding out the top five.

Novi, getting a fifthplace finish in the 50 freestyle by Ava Bianchi (24.82 state cut), took 17th in the team standings with 30 points.

The Wildcats' 400 freestyle relay team of Emily Mayoras, Idalia Moore, Dana Kilponen and Alexandra Cortez improved by three seconds (3:48.26).

The quartet of Mayoras, Karen Xu, Cortez and Mallory Matlock added a 16th in the 200 medley relay (1:59.59). The team of Kilponen, Linda Wei, Xu and Bianchi also took 16th in the 200 freestyle relay (1:45.69).

1.866.385.800 **OPEN SATURDAY SALES 9-3, SERVICE 9-2** MONDAY, THURSDAY 8:30am-9pm; TUESDAY, WEDNESDAY, FRIDAY 8:30am-6pm On the Web: www.switchtolariche.com

Dual meet records: Northville, 4-0 overall, 2-0 KLAA Central Division; Novi, 3-3 overall, 0-1 KLAA Central. and 100 backstroke, while Zayan did in the 100 freestyle.

Northville's 200 medley relay team of Pumper, Jennifer Ostrowski, Filipowicz and Ana Barrott placed third (1:58.65).

The Northville boys cross country captured the Portage Invitational Division 1 title Saturday.

#### **PREP CROSS COUNTRY**

# Northville boys team takes first at Portage Invitational

#### **By Brad Emons** Staff Writer

The Northville boys cross country team turned in its most impressive showing of the season Saturday by winning the Portage Invitational.

The third-ranked Mustangs, scoring 106 points, edged Hilliard (Ohio) Davidson (112) and No. 2-ranked Rockford (117) for the team title

Saline (179) and Pinckney (204) rounded out the top five in the 37-school Division 1 field in a meet that attracted some of the top teams from across the state and Ohio.

It was the first win for the Mustangs at the Portage Invitational and the first for a KLAA Kensington Conference member.

Grand Blanc's Grant Fisher was the top individual finisher in 14 minutes, 42.9 seconds in the 5,000-meter race.

Meanwhile, seniors Jason Ferrante (15:43.9) and Nick Noles (15:55.3) led the Mustangs by placing 11th and 13th, respectively, while junior Conor Naughton (15:55.8) took 14th

"Jason had a great ap-proach today," Northville coach Chris Cronin said. "After the first mile, he settled in with the second group on the course and simply ran hard. His 15:44 is something we've been talking about since last season and he has put in the work to make that a reality. "I felt both Noles and Naughton ran strategically smart races. They maintained contact with one another throughout the race and held

or moved up over the final kilometer. Having three runners in the top 15 set the table for our success today."

Sophomore Ben Cracraft (31st, 16:18.6) and junior Kenny Goolsby (39th, 16:25.7) also earned medals by finishing in the top 50. Seniors Sam Kremke (59th, 16:43.7) and Sean Flanagan (81st, 16:52.5) rounded out the Northville contingent.

'One of our goals today was to tighten up our four and five positions," Cronin said. "Cracraft and Goolsby came up big for us in that respect today. Both of these runners have had tremendous seasons, but today we were reminded that they are just beginning to realize their potential.

"These seniors (Kremke and Flanagan) have really stepped up this season and they make us one of the deepest teams in the state," he added. "As a team, we took advantage of our pack today; 42 seconds separated our first and fifth man and that's what we have to do to achieve success.

The Northville 'B' team, scoring 164 points, placed third Saturday in the Wayne County Invitational at Willow Metropark in New Boston.

Earning all-county (top 35) honors for the Mustangs were Christian Frieburger, 14th (16:58); Jacob Blackmore,

61 points, followed by Saline (149), Rockford (169), Northville (233) and Woodhaven (236) rounding out the top five in the 32-team Division 1 field.

Three Northville runners earned medals (top 50): sophomore Cayla Eckenroth, eighth (18:41.0); junior Emma Herrman, 15th (18:57.4); and junior Hailey Harris, 43rd (19:40.5).

Sophomores Emma Smith (67th, 20:06.6) and Taylor Gattoni (108th, 20:40.9) rounded out the Northville scoring contingent.

The Mustangs' other two finishers were freshman Rachel Zimmer (116th, 20:46.8) and senior Mirai Kobayashi (118th, 20:51.2).

The competition was stiff and the weather was cool with a crisp 20 mph (wind) at race time," Northville coach Nancy Smith said. "They ran competitively, but just was not our day today. This was the first race for Emma Smith in two weeks as she has been sick and had breathing issues. She fought hard the entire race and finished strong. Emma and Cayla continue to be the solid one-two and race hard and strong, while their running partner Lexa Barrott is still out due to injury."

At the Wayne County meet, Katie Chevoor finished 22nd overall with a personal best 20:39 to lead the Northville 'B' team to a sixth-place finish. Anna Buettner was the next in 31st with a career best time of 20:52 to also earn all-county (top 35) honors.

#### **GIRLS GOLF**

## Novi girls rule links against rival Mustangs

Senior day proves to be a success for Wildcats

#### **By Brad Emons** Staff Writer

No titles were on the line only bragging rights - Sept. 30 in a girls golf dual match between host Novi and rival Northville.

Northville's Katie Childers took individual medalist honors with a 40, but Novi celebrated its senior day by coming away with the KLAA Central Division win, 177-195, at Walnut Creek Country Club.

The dual match was a prelude to the KLAA Association and Division 1 regional tournaments.

Childers

"That was a big win for us," said Novi coach Deb Harris, whose team finished 4-1 in the Central. "It puts us tied with them going into the Association tournament for second place. We've had a hard time beating them in dual matches. We've beaten them in tournaments, but just haven't been able to do it, so this was nice to finally beat them in a dual match.<sup>3</sup>

Katelyn Henry paced the Wildcats with a 41, followed by Claire Kalina (43), Maya Grandstaff (45) and Madison Kroetsch (48)

"It was really exciting and glad to finish on a good note,' said Henry, who is a senior along with Kalina and Kroetsch. "I'm going to miss my teammates more than anything. I would not have gotten through the last four vears without them. I'm just going to miss playing high school golf in general. It's been so much fun. I'm going to miss my coaches (Brad) Huss and (Deb) Harris. I'm going to miss it all."

Conditions were less than ideal on Walnut Creek's North Course as temperatures plunged into the low 50s after an overnight rain.

"It was cold, it was hard, not a lot of roll on the ball," Henry said. "I had to club up, there's wind. But we got it done, so it's all good.

Childers, meanwhile, was e only Northville player to break 50 as Alyse Clevenger (51), Madison Berman (52) and Elizabeth McGowan (52) posted the other three Mustangs scores.

"This is my home course," Childers said. "I've played here since I was 7 or 8. I belong to this country club, so I know it backwards and forwards."

Childers, who finished the season undefeated in dual matches, relied on course management to get through the nine holes.

"Just keeping the ball straight and just making sure you get down in two and making the putts," she said. That's the big thing. It was freezing cold, a lot of wind that you really had to watch.

"Driver was good. Ball striking has been the best it's been in a

little while, so that really helped me to keep it straight and down the middle.'

The loss dropped Northville to 3-2 in the Central.

Novi is a very solid team and they have been for the past four or five years,' Northville coach Jeff Balagna said. "Coach Harris does a wonderful job getting her girls prepared and ready to play every time out.

"I knew we were going to have to be nearly perfect to win today and we weren't. I'm so proud of my girls, though. They work so hard and today they just didn't have it. It is golf and golf can be your friend one day and your enemv the next. We just have to get back out there on the practice range and work on things. We have a very big week next week.'

Despite the loss, Balagna was encouraged by Childers' strong showing.

I'm very happy for Katie," he said. "She finished her senior season by being medalist in every match she played in. That is something very special and no one can ever take that from her.'

DUAL MATCH RESULTS NOVI 177, NORTHVILLE 195 Sept. 30 at Walnut Creek C.C. Novi scorers: Katelyn Henry, 41; Claire Kalina, 43; Maya Grandstaff, 45; Madison Kroetsch, 48; Alexa Hatz, 49; Abby Livingston, 50. Northville scorers: Katie Childers, 40 (medalist); Alyse Clevenger, 51; Elizabeth McGowan and Madison Berman, 52 each; Allison Zwarka 53. Dual match records: Novi, 6-1 Kensington Conference; 4-1 KLAA Central; Northville, 5-3 Kensington Conference, 3-2 KLAA Central

32nd (17:15); and Evan Ferrante, 34th (17:16).

Thanks to Cayla Eckenroth's school-record performance, the Northville girls cross country team secured at least a tie for its fifth straight **KLAA** Central

Division crown with a 24-31 win over Salem at Cass Benton Park

Eckenroth

win the title outright with a victory Tuesday against rival Novi in a meet beginning at 4:25 p.m. at Cass Benton.

Eckenroth, a sophomore, covered the 5,000-meter course in 18 minutes, 36 seconds to finish 24 seconds ahead of runner-up Lauren Arquette of Salem, who was timed in 18:59

Eckenroth's time eclipsed Rachel Coleman's Cass Benton school record mark of 18:38.

"It was a battle from the start and at the two-mile mark, we were actually losing,' Northville coach Nancy Smith

said. "The girls stepped up today and left it all on the course.'

Northville's other four scorers included Emma Herrmann, third (19:23); Hailey Harris, fourth (19:37); Rachel Zimmer, seventh (20:26); and Mirai Kobayashi, ninth (20:29)

Herrmann and Harris now rank 10th and 11, respectively, on the Northville record board, while Zimmer and Kobayashi both posted personal bests on the Cass Benton course.

"Rachel and Mirai really won it for us as they moved up after the two-mile (mark) to overcome a Salem pack of runners," Smith said.

#### Lions stop Northville

In a KLAA Central match Sept. 30, host South Lyon (10-10-1, 3-3) rallied for a 25-14, 19-25, 22-25, 27-25, 15-11 victory over Northville (16-9-2, 3-3).

Emily Martin and Makenna Strunk were the Mustangs' top attackers with 17 and 11 kills, respectively. Setters Rachel Holmes and Emily Hogan dished out 28 and 13 assists, respectively.

Bryce Quick had a teamhigh four aces, while Kiera Borthwick added 35 good serve-receive passes. Borthwick also led in digs with 18, while Ally Lang added nine.

'South Lyon came out blazing," Northville coach Amanda Yaklin said. "We took the second and third and didn't close the door in set four. Momentum is so important to put teams away when you are up. It's a difficult lesson to learn in a five-set loss. Congrats to South Lyon for staying aggressive.'

# Halloween

Instead of carving a pumpkin, paint it instead. You can make it look like anything that you want without all of the messy clean-up.

### Share your creation and you could win a \$15 iTunes Gift Card

Send a photo of your painted pumpkin to cbjordan@hometownlife.com or mail it to the address listed at the bottom of the page.

## In the Kitchen with Scoop:

#### Here is a fun easy Halloween treat recipe to share with your friends.

- One package semi-sweet chocolate chip morsels
- 1/2 cup peanut butter
- 6 cups pretzel sticks

Place parchment or waxed paper on a cookie baking sheet. Combine chocolate chips and peanut butter in a large microwave-safe bowl. Melt items in microwave for about 2 minutes. Stir together until smooth while carefully adding pretzel sticks to the mixture.

Once cool enough to handle, place pretzel sticks in clusters on the baking sheet to look like spiders. When finished, place your creation in the freezer for 5 to 10 minutes to harden.

There you have it! A yummy creepy, crawly treat in time for Halloween

Gavin Harris and Katie Larabell contributed a goal and assist each, while Dennis Cleminte and Paul Alex also added goals. Matt Lorey, filling in for starter Daniel

Weaver, earned the shutout in goal for Franklin Road.

### **Spring Arbor signee**

Novi Franklin Road catcher-infielder Kyle Harris recently signed a letter of intent to play baseball at Spring Arbor University, where he'll join his brother Nick, who as a freshman started at shortstop and hit .324 as the Cougars reached the NAIA World Series, going 2-2. Kyle Harris, an all-region pick as a junior, is a three-time team captain, two-time team MVP and four-time all-district and all-MIAC selection. In 77 career games, he has a .462 batting average with 102 hits to go along with 84 RBIs and 83 runs scored. The school record holder for homers (six), Harris plans to major in exercise science and minor in youth ministry.

**BOYS SOCCER** 

## Mustangs clip Novi in soccer rematch, 2-1

### Baldwin notches pair of goals for Northville

#### **By Brad Emons** Staff Writer

It's the time of the boys soccer season for a team to start positioning itself for the postseason.

And with districts looming right around the corner, Northville is finding its groove after scoring a convincing 2-1 **KLAA** Central Division victory Sept. 30 over rival Novi at Meadows Stadium.

The Mustangs, who captured the first meeting Sept. 11 between two teams, 1-0, improved to 8-4-3 overall and 7-2 in the KLAA Central, while cementing second place in the division (behind first-place Livonia Stevenson at 7-1-1).

The Mustangs spotted Novi a 1-0 halftime lead in the rematch after Ryan Kobakof scored a goal for the host Wildcats just 7:48 into the match.

But there was no nic in the Mustangs who carried the play most of the night while outshooting Novi 15-6 (including 7-2 with on shots on goal). Senior forward Dan Baldwin scored both of Northville's goals, with the first coming with 32:10 left in the second half off an assist from Kyle Johnson, followed by the game-winner with 24:43 remaining after a free kick by Alec Morgan. For Baldwin, it was

"To be honest with you, I thought they (Northville) were better both halves. The score can be deceiving. ... I thought they were the better team the whole game." **BRIAN O'LEARY** Novi soccer coach

his team-leading eighth and ninth goals of the season.

"We changed the point of attack on both of them," Northville coach Henry Klimes said of the two scores. "Dan's raw speed and hustle created (the chance) when he turned the corner. Novi thought he would tuck the ball into (Johnny Rodriguez), but (Baldwin) went to the short side. It was a great individual play for sure.

"On the second, I think they were thinking we would just shoot it on. It was a little flick and he got left alone. And it's a big cage when you're left alone.' The most unlucky player on the field was Rodriguez, a junior forward, who rang two shots off the crossbar during the first half and another in the second half.

He was solid tonight, just up and down.

Novi (9-3-3, 5-2-2) tried to push up and create more offense after Baldwin's second goal, but had little success getting shots on the target.

"To be honest with you, I thought they (Northville) were better both halves," Novi coach Brian O'Leary said. "The score can be deceiving. I've won plenty of games where I got outplayed and lost plenty of game where I outplayed them. Soccer is unique in that way. You're always competing against the game. So at halftime, when it was 1-0, I thought they were the better team first half, I really did. And I thought they were the better team the whole game."

A series of breakdowns when Northville was on the attack led to the Wildcats' undoing.

"I think our biggest issue was our organization defensively, it was terrible," O'Leary said. "(Rodriguez) was the best player on the field all night. We talked about him at halftime and he comes out and first shot. That's on my center midfielders not picking him up. We just have to do a better job of organization. Our organization was real

with Tony Asimadu picking up the assist.

"It was real nice execution there," O'Leary said. "On that set piece, everyone did their job. We have a kid that can throw the ball in far, so we threw it in far and we got it to the person we wanted on the throw. He got the flick that he wanted and then we got a couple of runners coming and it went to the second runner who scored. Nice organization."

Novi used two goalkeepers, with junior Sam Sheeran playing the first half, followed by senior Tommy McMaster for the final 40 minutes.

Meanwhile, senior Alec Melucci went all the way in goal for the Mustangs.

"My all-around lacrosse player, who we taught how to play goal-ie, got it done," Klimes said. "One little fumble that we'll have to work on ... but we're playing well, just at the right time.

The two teams are on opposite brackets for the Division 1 district tournament, which starts Monday, Oct. 13, and will be hosted by Novi at Meadows Stadium "We might see them again," Klimes said of the Wildcats. "Novi is a good team. Hopefully I want them to do well and hopefully we'll see them again for the finals."

JOHN HEIDER | STAFF PHOTOGRAPHER

Novi goalkeeper Tommy McMaster goes high into a crowd of players to make the save against Salem.

## Plymouth's Blake scores three to beat Mustangs

Michael Blake's hat trick powered Plymouth to a 3-2 boys soccer victory Monday over host Northville in a crossover match of second-place division finishers in the KLAA's Kensington Conference.

Northville, which slipped to 9-5-3 overall, took a 1-0 halftime lead on Johnny Rodriguez's rebound goal following a shot from Daniel Baldwin

Blake then scored three straight secondhalf goals for the Wildcats (10-2-4) before Northville's Corbin Woellecke scored with 2:30 left on a bouncing ball in the box following a corner kick.

The Mustangs got two corner kicks in the final 34 seconds, but were unable to get the equalizer

NOVI 4, CHURCHILL 1: Ryan Kobakof tallied a goal and two assists Monday as the host Wildcats (11-3-3) turned back Livonia Churchill (8-7-1) in a third-place Kensington Conference crossover match.

A cutting Kobakof one-timed a shot past the Churchill goalkeeper at the 10-minute mark off a nice split pass from Eduardo DeOliveira to make it 1-0 at intermission. Kobakof's corner kick to Nick Harder made it 2-0 nine minutes into the second hal-Amissi Kajinake then made it 3-0 when he

scored off a through ball from Kobakof. Churchill scored at the 62-minute mark to cut the deficit to 3-1, but DeOliveira put the match away with a penalty kick after Tony Asimadu was dragged down in the box

with nine minutes remaining. The Wildcats outshot Churchill, 15-9, including 8-5 on shots on goal. Each team

recorded three corner kicks NOVI 5, SALEM 2: Nick Harder tallied a pair of goals Oct. 2 to propel the host Wildcats (10-3-3, 6-2-2) to a KLAA Central Division victory over the Rocks (4-9-2, 3-5-2) on Senior Night.

Novi jumped out to a 4-0 halftime lead thanks to goals from: Eduardo DeOliveira, fifth minute (on a breakaway from Ryan Kobakof); Amiss Kajinake, eighth minute (rebound off a Kent Maidens shot); Harder, 26th minute (off a Myles Sayles free kick); and Ignacio Brarda, 39:41 (off a Shion Maidens assist). Salem scored midway through the second

half and again with eight minutes to go in the match to pull within two, 4-2, but Harder scored off an Adam Huber cross with only two minutes remaining to seal "The game was actually a lot closer than

the score indicates as both team had about equal possession and equal scoring opportunities, we just did a great job of finishing around the goal tonight, "said Novi coach Brian O'Leary, whose team outshot Salem 13-9, including 11-6 on goal. NORTHVILLE 2, SOUTH LYON 0:

Things went according to plan Senior Night as the host Mustangs (9-4-3, 8-2) clinched second place in the KLAA's Central Division with a victory Oct. 2 over the Lions (4-7-4, 2-7-1).

Northville tallied both of its goals in the first half as Alec Morgan notched what proved to be the game-winner from Daniel . Baldwin.

Jake Reitzloff's goal late in the first half from Nick Toupin gave the Mustangs a two-goal cushion and senior goalkeeper Alec Melucci did the rest, posting his seventh shutout of the year.

#### GOLF

## Novi's Baker teams up for Mid-Am crown

#### **By Gregory Johnson** Correspondent

Casey Baker of Novi joked that he just tries to play well so Greg **Reynolds of Grand** Blanc will be compelled to invite him back to the GAM Senior/Mid-Am Team Championship.

Expect him to get invited back next year.

Reynolds and Baker beat the field by three shots to win a third consecutive Senior/Mid-Am title, which was presented Monday by Optishot at Detroit Golf Club.

They teamed up for a four-ball score of 6under 66 on the North Course in the morning and shot even-par 68 on the South Course in the afternoon foursomes round for a 6-under 134 total.

Jim Lewis of Novi and Bryan Carpenter of Allen Park shot 67 in foursomes and 71 in four-ball for 137 and second place.

Baker said it was great to win for a third "Johnny deserved to at least get one," Klimes said. "It was probably his best game he's played for Northville.

poor." One of the shining moments for Novi was the goal scored by Kobakof, started by a Connor O'Leary throw-in,

bemons@hometownlife.com

play with Reynolds. He said he got to know Reynolds several years ago in competition and knew he was a Flint Golf Club member. Baker's father Basil grew up in Flint, but had never played Flint Golf Club.

consecutive time and

"So Greg made it possible for me to take my dad there," Baker said. "That was great and obviously my dad had talked about Greg because he is one of the best golfers ever from the Flint area. It's great to get to compete with him."

Baker, 37, is a vice president at Carl's Golfland, while Reynolds, 67, is a former U.S. Senior Amateur champion. They trailed by a shot after morning play to Jerry Mamayek of Commerce Township and Leo Daigle of Wixom, who shot 65 and followed it up with a 73 in foursomes to tie for third at 138.

#### PREP FOOTBALL

## Northville trampled by Stevenson's Petrie

#### By Brad Emons Staff Writer

Things went south in a hurry Friday night for Northville's football team.

The Mustangs were unable to overcome a 26-point Livonia Stevenson second-quarter explosion and junior running back Austin Petrie ran for 250 yards and four touchdowns to lead the visiting Spartans to a 46-21 KLAA Central Division victory at Tom Holzer Field.

Stevenson now stands 4-2 overall and 3-1 in the Central (tied with South Lyon and Novi), while Northville falls to 4-2 and 2-2.

"Stevenson took it to us tonight," Northville coach Matt Ladach said. "They beat us in all aspects of the game. Coach (Randy) Micallef and his staff had their players well-prepared and their kids made plays all night long."

After Stevenson opened the

JOHN HEIDER | STAFF PHOTOGRAPHER Northville defensive tackle Matt Komorous (71) tries to make the grab on

Stevenson ball carrier Austin Petrie.

scoring on a 35-yard TD run by Petrie, Northville led 14-6 after one quarter thanks to an Alec Coppock 5-yard TD run followed by quarterback Justin Zimbo's 18-yard scoring run. But it was all Spartans in the second quarter as Petrie scored on TD runs of 48 and 56 yards, while quarterback Chris Tanderys connected with Jack Ferguson on a 15-yard scoring pass. C.J. Weiss also added a 49-yard punt return for a touchdown to put Stevenson ahead 32-14.

After a scoreless third quarter, Northville's Jack Burke jarred the ball loose from Stevenson ball carrier Frank Carlin and the Mustangs' Kevin Bak returned the fumble 40 yards for a TD to make it 32-21 with 11:59 left in the final quarter.

But Stevenson put the game away with 4:27 left on Petrie's 7-yard TD run. Just two seconds later, Hyder Mansour intercepted a Zimbo pass and returned it 25 yards for another Spartans score.

Stevenson had the edge in total offense, 380-370, while Northville won the first-down battle, 19-15.

Tanderys, a sophomore, was 12-of-16 passing for 115 yards, while Weiss, a senior, was his top target with five catches for 56 yards. Zimbo, a junior, rushed for a team-best 161 yards on 14 carries and was 4-of-17 passing for 46 yards. P.J. Schnepp, a senior, added 54 yards rushing on 18 attempts.

Defensively, Jack Ernst was in on 13 tackles, while Lee Moore and Michael Minick added 11 and 10, respectively. Burke had a team-best four solo tackles.

"I have to do a better job in preparing our players," Ladach said. "We've got great kids and they'll do whatever we ask of them. I'm confident that we'll get things right."

The Mustangs return to KLAA Central action at 7 p.m. Friday, Oct. 10, in a homecoming battle with Novi.

"We have a very tough and physical rivalry game next week," Ladach said, "so it will be important for us to get things corrected in a hurry."

## Shamrocks pitch shutout vs. Cubs

#### By Brad Emons Staff Writer

Call it an old-fashioned defensive struggle.

After a scoreless opening half, host Novi Detroit Catholic Central put a pair of touchdowns on the board in the third quarter en route to a 14-0 Catholic League Central Division football triumph over University of Detroit-Jesuit.

The Shamrocks, 3-3 overall and 1-1 in the Central, limited the Cubs to 158 total yards as senior linebacker Jordan Jenkins led the way with 15 tackles, including four assists. Austin Darkangelo added six solo and seven assists, while Philip Schmitz had three solo and five assists.

The Shamrocks broke the deadlock with 5:04 remaining in the third quarter on a Schmitz 4-yard touchdown run. Cole Gingell then added the

#### first of his two extra points. Senior quarterback Jarod Luomala, who came on in the second half for starter Joe Fanning, then hit Blake Livingston on a 7-yard TD pass with 1:43 left in the same quarter.

It was CC's only completion of the night as the Shamrocks rushed for 241 of their 248 total yards, led by Loumala (10 carries, 83 yards) and Victor Dirita (four carries, 66 yards).

Junior Chyle Johnson also added a first-quarter interception for CC, which held the Cubs (2-4, 0-2) to 41 yards passing (5-of-10) and 117 rushing.

CC had the edge in first downs, 13-10, and lost one fumble.

The Shamrocks return to Central Division play at 7 p.m. Saturday, Oct. 11, at Orchard Lake St. Mary's (5-1, 2-1).

bemons@hometownlife.com

Catholic Central's Victor Dirita had a team-best 66 yards rushing in Friday's 14-0 win over U-D Jesuit.

## NOVI

#### Continued from Page B1

Jared Engebretson, Joey Haddad, Andrew Wilchynski and Kimari Carson certainly had Jackson's back as the 6-foot, 163-pound junior rushed for 240 yards on just 21 carries.

"Every game counts as a playoff game, because if we don't win, that means we don't go to the playoffs," said Jackson, who also added a clutch 73-yard kickoff return with 6:27 left in the first half for a TD after the Lions closed the gap to 15-12. "They helped me a lot, the offensive line tonight. Without them, we can't win. I have to thank them a lot."

The Lions, who suffered their first loss in six starts, had no answers for Jackson or the Wildcats' high-tempo offense.

"He's player and we knew that," South Lyon coach Mark Thomas said of Jackson. "He's the real deal; wish he was on our team. They just got momentum and kept him going."

And to make matters worse, South Lyon lost star junior running back-linebacker Trevor Tank to an injury midway through the second quarter.

"It's his ankle," Thomas aid. "I don't know if he's upped its lead to 36-26 on TD runs of 1 and 6 yards by Sabo, while South Lyon countered with a 2-yard TD run from Jameson Donahue.

The Lions' defense stiffened early in the fourth quarter and pulled within three, 36-33. With 9:19 left in the fourth, Skupin, who was 25-of-42 passing for 327 yards, hit Newman on a 8-yard scoring pass. Newman had a team-best six catches for 118 yards.

But Novi responded with a TD on its next two possessions, including a 60-yard TD pass from sophomore quarterback Alec Bageris to David Johnson with 8:28 to go, followed by Jackson's electrifying 41-yard TD burst with only 2:54 to play. They were sandwiched between a 32-yard South Lyon field-goal miss that clanged off the left upright with only 5:29 left.

"He's always run hard," Burnside said of Jackson. "Last year, he had some injuries for the first time in his career and he didn't know how to deal with it. He was only a sophomore and it's hard to deal with that stuff. This year, he put in some work in the off-season, but thing is he's lifting so hard right now. It's impressive. He's just getting after it. The whole team is getting

stronger right now." Novi racked up 476 vards

## Stallions drop two vs. Eagles

The Northville Stallions got caught in a shootout Saturday at Tom Holzer Field and found themselves on the short end of a 49-31 setback to the visiting Livonia Eagles in a Western Lakes Junior Football League varsity game. The Stallions, who slipped to 3-3 overall, got TD runs of 12 and 27 yards from Enzo Rodriguez. Christian Williams' 60-yard TD kickoff return in the second quarter set up his TD pass to Blake Nowicki. Matt Esqueda also scored on a 15-yard TD run with only three seconds left in the game, which was set up by a Rodriguez 50-yard run. (Mi-

chael Williams also hit Nowicki for one-point conversion pass.) Esqueda paced the Stallions'

defense, but it wasn't enough to stop the unbeaten Eagles, who improved to 6-0 overall.

EAGLES (JV) 29, STALLIONS 6: The Eagles (4-2) built a 21-0 lead through three quarters en route to a victory over the Stallions (3-3). Four different Eagles scored TDs: Kevin Marcoux, Griffin Colander, Jager Kwiatkowski and Michael

Chance Reese, Jack Gattoni and Luke Brodde. **STALLIONS (FRESHMAN) 20, EAGLES 12:** Grady Zoroya rushed for 135 yards, including TD runs of 45 and 66 yards, as the Stallions (5-1) salvaged the day by edging the Eagles (4-2). The Stallions led 6-0 after one quarter on Max

The Stallions led 6-U atter one quarter on Max Anderson's 19-yard TD run set up by Evan Deak's 15-yard run. Northville then scored again in the second quarter on Zoroya's TD run, followed by a Luca Prior to

Northville Stallions varsity runner Alec Stathakis (6) breaks free against Livonia.

Nick Helner one-point conversion pass. After the Eagles cut the deficit to 13-12 at halttime, Zoroya added his second TD on a long run followed by Prior's one-point conversion run to seal the victory in the third quarter. Zoroya also came up with a key fourth-quarter interaction as the two teams traded turnovers. Prior

Zoroya also came up with a key fourth-quarter interception as the two teams traded turnovers. Prior also added an interception in the second quarter to thwart an Eagles conversion attempt.

### COLASANTI

#### Continued from Page B1

"Because we've had the same coaches ... we kind of have similar playing styles, but we never actually played against each other, so that was pretty cool," Lauren said.

With the win, Bentley improved to 7-7 overall and 2-2 in the NCAA Division II Northeast 10 Conference, while Saint Michael's slipped to 5-6 and 0-4.

"It was really exciting," Julia said. "I probably consider it one of the most important games in my life, because she has taught me everything I know about volleyball. And she's not only a coach about the sport, but she's done so much as far as helping me and she's my hero. I mean, how many people get to look across the net and see someone who has meant so much? Words can't describe being able to play against someone you look up to so much in your life."

Lauren was an all-region libero as a senior and two-time team captain who graduated magna cum laude from Northville before being recruited to play at Bentley.

"I knew I wanted a good business school, so it's pretty strong academically," said Lauren, a marketing major. "And I love the Boston area, so I was excited to kind of move away from home, make my own track and live in a new region.

"I got really lucky my freshman year. There were nine incoming freshmen, so I've gotten to play almost every single game since my freshman year, so that's been really great. It's tough to balance school and volleyball, but I think it's helped me with some good lifelong skills. It's been a great experience. I get to travel around the east coast, places I would never go otherwise, so it's been really great."

Julia, meanwhile, helped the Mustangs to back-to-back MHSAA Division 1 final four appearances. She was also a team captain and all-region selection as a senior after being voted Newcomer of the Year as a junior.

Her recruiting story was similar to Lauren's.

"I was looking to play volleyball somewhere," said the freshman, who plans to major in environmental studies or biology. "It was a real good fit and probably the most beautiful place I've ever seen. And in the fall it's so pretty with the season's changing colors. I think every day I realize more and more how much of a good fit this school was for me. And another reason I chose St. Mike's is that it was so close to her. Driving, it's about 3½ hours. It's far from home, but it's nice to have someone I know near there.'

After the match, Lauren marveled at the way her younger sister played.

"She played out of her mind," Lauren said. "She played awesome. It was so great to see her so excited. As a freshman, she's the loudest one on the team, she pumps everybody up, she's definitely a contributing member to the team and I think has a really bright future with St. Mike's volleyball, so I was really proud of her."

John and Debra went online to order each school's shirts, then had a tailor sew them together.

"They said they had planning for those T-shirts for weeks," Lauren said. "They were so excited to wear them (laughing). They told Julia and I they were really proud of us. My mom always says, she must have done something right. She's a proud parent. They were really excited about the game. My uncle and aunt also drove, like, 17 hours to come see the game and were really excited about it."

The sisters have a special bond that one volleyball match can't break.

"We're really, really similar," Lauren said. "She kind of followed in my footsteps where I could tell her, give her the tips here and there, so that's why we're really similar people."

And her parents won't throw away those T-shirts just yet. There could be one more rematch, but only if the two teams meet in the Northeast 10 Conference tournament (Nov. 11, 14-15).

But for now, little sister has to defer to big sister.

"Obviously I really wanted to win, but I'm happy one of us won," Julia said. "In the end I wanted to win, but it's her senior year I and really hope for the best for her team." done or not. It kind of took us out of our main thing, but we've got some good players that can step up. But give credit to coach Burnside and their players. They came to play and we kind of maybe didn't come to play."

South Lyon scored on its second possession on a 29yard TD run by Nico Woods with 6:11 left in the first quarter, but the Lions were stopped while trying a fake on the extra-point attempt.

Novi answered with a 15-play, 80-yard drive capped by Matt Sabo's 1yard TD run. The extrapoint snap sailed high, but holder Billy Ulle alertly picked up the loose ball and hit Michael Ninkovich for the two-pointer to put the Wildcats on top, 8-6, with 1:16 left in the first quarter.

Novi scored again with 10:36 left in the second quarter on Sabo's 4-yard TD run that was set up by Jackson's 68-yard burst. Kicker Kent Maidens converted the PAT to make it 15-6.

South Lyon, however, responded with a 10-play, 65-yard TD drive that was helped by a Novi pass interference penalty on fourthand-14.

Senior quarterback Anton Skupin then hit Erich Stephenson on a 19-yard TD pass with 6:38 left in the half, but the PAT was blocked by Novi's Christian Durham, keeping the score at 15-12.

Just nine seconds later, Jackson took the pooch kickoff at his own 27, put on the after-burners and raced 73 yards for a TD to put the Wildcats ahead, 22-12 (following the extra point.)

South Lyon, however, took just five plays to find the end zone as Skupin connected with wide-open Joe Newman for 41 yards and a touchdown with 4:50 to go in the second quarter. The Lions decided to go for two, but Novi's Caleb Wright sacked Skupin to leave it a four-point margin at half, 22-18.

In the third quarter, Novi

total offense as Bageris was an efficient 8-of-12 passing for 176 yards. Sabo, a senior, added 67 yards rushing on 20 carries.

"We just wanted to put stress on the defense," Burnside said. "We wanted them to defend as long as we got the ball. We want you to defend sideline to sideline. That's our M.O. and that's what we wanted to do."

And much of the credit goes to the Wildcats' offensive line.

"They're really starting to jell right now," Burnside said. "We put in a few different things this year and they're really starting to come along. They're a great group of kids, very smart, strong. And they help each other out."

And despite giving up 495 yards total offense, the defense did its part as Tyler Cehelnik led the way with 10 tackles (seven solo), while Ian Patterson added nine (four solo). The Wildcats also had two sacks, five tackles for loss and a late interception by Patrick Wojtylo.

"We just made plays when we had to make plays," Burnside said. "It was one of those nights when at the half you say, 'Yeah, this could be kind of a shootout.' And that's kind of what it was. But the defense came through when it needed to."

Donahue, meanwhile, paced South Lyon's defense with nine tackles (seven solo), while Tim McPhee added eight tackles (seven solo). Woods was the team's leading rusher with 91 yards on nine carries.

But Thomas noticed there was something missing going into the game.

"Probably our enthusiasm," he said. "It didn't seem like we came to play. We played hard, no doubt about it. They looked at (Novi's) record ... and like I said, Novi is a good team. We know that, but you got to come ready to play."

## GMAR president tapped for NAR Leadership Academy

Greater Metropolitan Association of Realtors President Maureen Francis has been accepted into the National Association of Realtors Leadership Academy. The NAR Leadership Academy identifies, inspires and mentors emerging leaders from the local and state level for the National Association of Realtors. NAR selects 16 candidates from across the country each year to participate in this eight-month leadership training. Of the five Realtors that have been accepted into the program from Michigan since its inception, four of them have been from GMAR.

The first session takes place during the NAR Conference & Expo on Nov. 5 of this year. When asked what she plans to gain from this experience, Francis stated, "I hope that it will help me in terms of what I'm able to do not only for GMAR but for Michigan Realtors and to define a role that I'd like to play within the National Association.'

Sessions will consist of

Maureen Francis, GMAR president

networking activities, brainstorming and peering into processes that occur at the national level to give students a better understanding of what's involved and required to be instrumental as NAR leaders. Francis said, "They don't tell us so much about what the homework assignments will be outside of class but I know that in the past people have had to write grants for NAR to get a project that they would spearhead and get funded.

GMAR is very proud of the president's acceptance into this highly acclaimed and competitive program. Francis and the past four members who have had the honor of participating in this program garner GMAR further national recognition and exhibit GMAR's capable membership. Francis stated that "I am very grateful for the opportunities that GMAR has given me, and this is one.'

The Greater Metropolitan Association of Realtors (GMAR) is the premier Association of Realfors in Southeast Michigan, providing services and support to the real estate profession and the communities they serve.

With over 6,000 members, GMAR is the largest local Realtor association in the state. GMAR provides many benefits to its members, such as access to the Realcomp MLS, over 220 quality continuing education and designation courses per year, the largest Realtor-specific store in the area, the ToolShop<sup>TM</sup>, Metropolitan Minute weekly newsletter and Metropolitan REALTOR monthly electronic magazine. GMAR's mission is to be the leading resource for the real estate community in Southeast Michigan.

## Local association of Realtors tapped for Hall of Fame

The Greater Metropolitan Association of Realtors has been inducted to the 2014 Real Estate Buyer's Agent Council's (REBAC) "Hall of Fame" presented by REBAC of the National Association of Realtors.

GMAR was nominated for the 2014 REBAC Hall of Fame by fellow REBAC members and was selected by an independent panel of real estate industry leaders. The local Realtor association has been an outstanding leader in the real estate community and has made a visible difference for buyer's representation needs in the Detroit metropolitan area.

GMAR serves a memberip base of over 6,000, and provides a multifaceted array of assistance and services. GMAR exhibits itself as an outlet of knowledge for Realtors in working with buyers and has shown high principles and furtherance of the principles of good practice among Realtors.

The Real Estate Buyer's Agent Council, REBAC, was founded in 1988 to promote superior buyer representation skills and services. An affiliate of the National Association of Realtors since 1996, **REBAC's membership now** numbers well over 30,000 and is the world's largest organization of real estate professionals concentrating on buyer representation. Members who meet all course and professional experiential requirements are awarded the ABR (Accredited Buyer's Representative) and/or ABRM (Accredited Buyer's Representative Manager) designation(s). Both

"We've been teaching RE-BAC courses for many years, but when the market in our area started to slow down, our association created the MemberMax<sup>™</sup> program that would enable our members to attend our courses and increase their education and professionalism." Member-Max<sup>™</sup> is a type of membership that allows members to pay their GMAR, Michigan Realtors and NAR dues on a monthly basis while affording them two designation courses and a slew of other continuing education courses at no additional cost. Since its 2010 inception, GMAR had just under 3,000 Realtors who completed a REBAC course through MemberMax<sup>TM</sup> GMAR CEO Duane Marsh said, "GMAR agent training focuses on elevated service level and designs offerings that prepare today's real estate professional for the new, emerging buyer client."

## South Beach hotels being upgraded

Q: Can you give me an idea of the scope of new construction in the South **Beach area of Miami Beach as** a result of any potential recovery?

A: Those hotels that have not already been refurbished are in the process of being so in most instances. There are several new condominium projects being developed and,

of course, the neighboring North Beach of Miami Beach is flourishing with new construction and/or refurbishing of hotels and residential structures.

The economy has heated up particularly because of South American money, but it may not have reached the prices which preceded the great recession

Q: I have provided transportation and helped my mother with tasks around the house since she cared for my father. I have convinced my parents to transfer title to their home to prevent seizure by the state health care provider for unpaid medical bills where they live in Maine. I got a Power of Attorney from my father, opened up a bank account and I have transferred some of my Dad's money to a joint account. My mother is now very upset and seeking to

Meisner

sue me for the transfer of the property. I haven't gotten a lawyer yet, what do you think?

A: I think that your lawyer is going to advise you that the transfer of the house and the cash may be in violation of a statute called Improvident Transfer of Title Act. In a similar case out of Maine, the trial court ruled for a mother because the ITTA allows elderly dependent persons to avoid transfers of property as a result of undue influence. It sets up a presumption of undue influence when the transfer occurs in the context of a confidential or fiduciary relationship for less than full consideration unless the elderly person is represented by independent counsel. Being considered elderly is someone over 60 years of age. Get a lawyer to defend you.

Robert M. Meisner is a lawyer and the author of "Condo Living 2: An Authoritative Guide to Buying, Selling and Operating a Condominium." It is available for \$24.95, plus \$5.55 for tax, shipping and handling. "Condo Living 2" is available in both print and e-book editions. The e-book is available for download through iTunes, Amazon.com and barnesandnoble.com. He is also the author of "Condominium Operation: Getting Started & Staying on the Right Track, " second edition. It is available for \$9.95, plus \$2.20 for tax, shipping and handling. ### Car Report

When General

Motors CEO Mary

Barra presented the

company's new long-

term strategic plan to

she talked a lot about

the need for GM to

lead in products and

technology, expand

investors and others at the Milford proving

grounds recently,

## In Detroit and New York,Cadillac Now 🧲 Has A Lot On Its Plate

By Dale Buss

in China, continue growing GM Financial and improve operating efficiencies.

But when it came to GM's brands, it wasn't the mainstream presence of Chevrolet that she focused on, nor the tremendous recent performance and future promise of Buick, nor the profit-making machine that GMC has become with its large SUVs and robust pickup trucks.

It was Cadillac. GM has to figure out how to revitalize its flagship luxury brand, and fast, not just in China but also in the United States, for Barra and her associates to leave the kind of legacy that she had envisioned when she took the company's helm in January and before she was preoccupied for a half a year by the safety-recall fiasco. GM is establishing its flagship

brand as a separate business unit headquartered in New York City to pursue growth opportunities in the luxury market with more focus and clarity, she explained. Cadillac expects to introduce four new vehicles in North America in 2015, including the recently announced CT6. In addition, Cadillac plans to introduce nine new models in the next five years in China, which is expected to become the world's largest luxury car market later this decade.

He already has indicated that Cadillac intends to leave behind the brand's traditional customer

The 2015 Cadillac CTS is the brand's bread-and-butter sedan.

base in favor of affluent consumers by fortifying the brand, keeping pricing firm despite dealer concerns, improving the customer experience in Cadillac dealerships, and launching the CT6. De Nysschen also informed dealers that he would be trying to create a new faux "scarcity" of Cadillacs, similar to what he did with Audi, which would mean an end to the current era of incentivizing in which dealers are having to remove several thousand dollars from the lofty prices of Cadillac mainstays such as the CTS sedan.

Meanwhile, de Nysschen also wants to move Cadillac headquarters to New York as he establishes the brand more autonomously and starts a brand "leadership council" that also includes Chief Marketing Officer Uwe Ellinghaus and others. From Park Avenue to Madison Avenue, the city is home to the largest concentration of high net worth individuals in North America. So why wouldn't an ambitious US premium brand want to be headquartered there?

"There is no city in the world where the inhabitants are more immersed in a premium lifestyle than in New York," de Nysschen said in a GM press release. "Establishing our new global headquarters in Soho places Cadillac at the epicenter of sophisticated living. It allows our team to share exper9iences with premium-brand consumers and develop attitudes in common with our audience.'

And as noted by Michelle Krebs,

GM CEO Mary Barra explains strategic plan that focuses on Cadillac.

does.

senior analyst at AutoTrader. com, "BMW and Mercedes-Benz are headquartered just outside of New York. The city is the center of advertising and media, and it is where deals are made such as cooperative ventures Cadillac is discussing."

Never mind that Detroit may have a better future than only recently imagined or that it's going to take a whole lot of New York sophisticates to help de Nysschen turn around Cadillac. The brand's sales have been sliding this year despite its best-ever lineup of worthy products and a strong overall luxury auto market in the United States. De Nysschen's challenges include perceptions that Cadillac vehicles don't match up to the price tags on competing German models, and an aging design language based on sharply sculpted exteriors.

Neither does Cadillac have an entry in the hottest luxury segment: compact crossover-utility vehicles. But sibling brand Buick

Yet this kind of mold-breaking move is vintage de Nysschen. He put Audi of America on a robust upward arc with a stronger product line, and bold brand-making moves that established more ambitious investments by dealers and attracted US consumers looking for a hipper alternative to BMW and Mercedes-Benz. De Nysschen was trying to bring some of the same mojo to Infiniti as he helmed the brand over the last two years, but was wooed away by GM recruiters.

GM President Dan Ammann said that Cadillac's "mission is to reinstate the brand to a pre-eminent position among global luxury brands, a bold challenge requiring a distinct and focused new organization." Evidently he and GM Barra agreed that this couldn't be accomplished with the Cadillac brain trust based in Detroit. And now they've got more than ever riding on whether de Nysschen can pull it off in New York.

# JOBS

# 7 gigs that make good Second jobs

#### **By Debra Auerbach** CareerBuilder Writer

Perhaps it's to help cover your bills. Or maybe it's to seek fulfillment not experienced at your day job. Whatever the reason, if you are looking to get a second job, you're not alone. According to the Bureau of Labor Statistics, more than 7 million Americans hold more than one job.

Here, experts and job seekers weigh in on what they consider to be the best moonlighting gigs. The suggestions run the gamut from child care to cosmetic procedures, but all provide a means for pulling in some extra income.

#### 1. Second job: bartender

Details: "I am an attorney who moonlights as a bartender," says Brianna Sadler, partner at a law firm in Minnesota. "It's actually a great way to meet future clients without violating the Model Rules of Professional Conduct, as I am able to have a personal relationship with the guests/clients and help fulfill both their need for a drink and possibly legal advice. As I am a plaintiff's attorney, it's also a great way to pay my rent until I have my 'one big case' we all dream about."

Potential pay: Bartenders earn a mean hourly wage of \$10.25, according to the BLS.

#### 2. Second job: freelancer

Details: "I recently started my own consulting business in August, and while I was getting that up and running, I was actively seeking freelance writing work," says Sophia Habl Mitchell, principal at Sophia Mitchell & Associates. "Taking small gigs through freelance sites ... can be a great way to supplement income. The best part is that this work can be done at home, before or after a 'regular job.""

Potential pay: While pay varies based on the type of freelance assignment, Mitchell says she earned \$3,000 in four months by doing a variety of freelance work, including writing for a travel website and ghostwriting blog content.

#### **3.** Second job: cosmetic laser technician

Details: "Cosmetic laser technician is a career some people do part time while holding down another full-time job," says Louis Silberman, president of National Laser Institute. "Cosmetic laser technicians work mostly in med spas and doctors' offices as independent contractors. They perform procedures like laser hair removal and laser skin resurfacing. Some RNs have received their laser certification to increase their earning

potential by performing cosmetic procedures.'

Potential pay: According to the NLI, the most common scenario is a blend of an hourly rate plus commission. The hourly rates usually range from \$15 to \$25, in addition to a commission ranging from 3 to 20 percent. At med spas, technicians typically receive a gratuity.

#### 4. Second job: child-care provider

Details: My husband and I have

Potential pay: Bujkovsky says she makes more than \$2,500 a month through her

#### 5. Second job: Futures trader

Details: A recent survey conducted by TopStepTrader, an international scouting agency that recruits and trains futures traders, found that more than half of the workers surveyed conduct futures trading as a second job. "With the markets open 23-24 hours a day, there is a lot of flexibility and profitability in this career as a second alternative job," says Michael Patak, president and CEO of TopStepTrader.

Potential pay: According to TopStepTrader, part-time traders who trade lightly can earn an estimated \$2,000 a month, while active part-time traders can average up to around \$4,000 a month.

### ganization sales consultant

Potential pay: Earning poten-

Container says their starting consultants make 20 percent on their retail sales, and after they reach \$1,000 worth of product sales, they make 25 percent on their retail sales.

#### 7. Second job: mystery shopper

Details: Bethany Mooradian, author of "The Mystery Shopper Training Program," suggests mystery shopping as a great way to earn extra cash. "To be a successful mystery shopper, a person needs to be reliable [and] honest, have basic Internet skills, decent writing, spelling and observation skills and live in a fairly metropolitan area," Mooradian says.

Potential pay: Mystery shoppers

as a subscriber and we want vou to know it!
